SSB 6384 Prime Sponsor, Senate Committee On Judiciary: Imposing penalties against convicted domestic violence offenders to pay for domestic violence programs. Reported by Committee on Juvenile Justice & Family Law

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION, Sec. 1. The legislature recognizes that domestic violence is a growing and more visible public safety problem in Washington state than ever before, and that domestic violence-related incidents have a significant bearing on overall law enforcement and court caseloads. The legislature further recognizes the growing costs associated with domestic violence prevention and advocacy programs established by local governments and by community-based organizations.

It is the legislature's intent to establish a penalty in law that will hold convicted domestic violence offenders accountable while requiring them to pay penalties to offset the costs of domestic violence advocacy and prevention programs. It is the legislature’s intent that the penalties imposed against convicted domestic violence offenders under section 2 of this act be used for established domestic violence prevention and prosecution programs. It is the legislature’s intent that the revenue from the penalty assessment shall be in addition to existing sources of funding to enhance or help prevent the reduction and elimination of domestic violence prevention and prosecution programs.

NEW SECTION, Sec. 2. A new section is added to chapter 10.99 RCW to read as follows:
(1) All superior courts, and courts organized under Title 3 or 35 RCW, may impose a penalty assessment not to exceed one hundred dollars on any person convicted of a crime involving domestic violence. The assessment shall be in addition to, and shall not supersede, any other penalty, restitution, fines, or costs provided by law.

(2) Revenue from the assessment shall be used solely for the purposes of establishing and funding domestic violence advocacy and domestic violence prevention and prosecution programs in the city or county of the court imposing the assessment. Revenue from the assessment shall not be used for indigent criminal defense. If the city or county does not have domestic violence advocacy or domestic violence prevention and prosecution programs, cities and counties may use the revenue collected from the assessment to contract with recognized community-based domestic violence program providers.

(3) The assessment imposed under this section shall not be subject to any state or local remittance requirements under chapter 3.46, 3.50, 3.62, 7.68, 10.82, or 35.20 RCW.

(4) For the purposes of this section, "convicted" includes a plea of guilty, a finding of guilt regardless of whether the imposition of the sentence is deferred or any part of the penalty is suspended, or the levying of a fine. For the purposes of this section, "domestic violence" has the same meaning as that term is defined under RCW 10.99.020 and includes violations of equivalent local ordinances.

(5) When determining whether to impose a penalty assessment under this section, judges are encouraged to solicit input from the victim or representatives for the victim in assessing the ability of the convicted offender to pay the penalty, including information regarding current financial obligations, family circumstances, and ongoing restitution.

Sec. 3. RCW 3.50.100 and 1995 c 291 s 3 are each amended to read as follows:

(1) Costs in civil and criminal actions may be imposed as provided in district court. All fees, costs, fines, forfeitures and other money imposed by any municipal court for the violation of any municipal or town ordinances shall be collected by the court clerk and, together with any other noninterest revenues received by the clerk, shall be deposited with the city or town treasurer as a part of the general fund of the city or town, or deposited in such other fund of the city or town, or deposited in such other funds as may be designated by the laws of the state of Washington.

(2) Except as provided in section 2 of this act, the city treasurer shall remit monthly thirty-two percent of the noninterest money received under this section, other than for parking infractions, and certain costs to the state treasurer. "Certain costs" as used in this subsection, means those costs awarded to prevailing parties in civil actions under RCW 4.84.010 or 36.18.040, or those costs awarded against convicted defendants in criminal actions under RCW 10.01.160, 10.46.190, or 36.18.040, or other similar statutes if such costs are specifically designated as costs by the court and are awarded for the specific reimbursement of costs incurred by the state, county, city, or town in the prosecution of the case, including the fees of defense counsel. Money remitted under this subsection to the state treasurer shall be deposited as provided in RCW 43.08.250.

(3) The balance of the noninterest money received under this section shall be retained by the city and deposited as provided by law.

(4) Penalties, fines, bail forfeitures, fees, and costs may accrue interest at the rate of twelve percent per annum, upon assignment to a collection agency. Interest may accrue only while the case is in collection status.

(5) Interest retained by the court on penalties, fines, bail forfeitures, fees, and costs shall be split twenty-five percent to the state treasurer for deposit in the public safety and education account as provided in RCW 43.08.250, twenty-five percent to the state treasurer for deposit in the judicial information system account as provided in RCW 2.68.020, twenty-five percent to the city general fund, and twenty-five percent to the city general fund to fund local courts.

RESOLUTION

WHEREAS, 150 years ago Governor Stevens proclaimed January 30, 1854, as the date for election of the first legislative assembly thus electing 9 members to the council and 17 members to the house of representatives; and

WHEREAS, 150 years ago today on February 27, 1854, 9 newly elected members of the council and 17 newly elected members of the house of representatives arrived in Olympia on foot, horseback, by canoe, or small boat to convene the very first legislative assembly on the second floor of the Parker-Coulter Dry Goods Store on Main Street; and

WHEREAS, We honor those pioneers who became landmark figures in the history of their respective communities and provided each with a notion of government based on fairness, the rule of law over the rule of man, and the best ideals of our nation at the time; and

WHEREAS, Many counties, cities, and historical organizations are currently celebrating Washington State’s sesquicentennial;

NOW, THEREFORE, BE IT RESOLVED, That the House of Representatives call on the people of the State of Washington to join us in recognizing and honoring its first lawmakers on this
day, February 27, 2004, the anniversary of the first convening of the Washington State Territorial Legislature.

HOUSE RESOLUTION NO. 4701 was adopted.

SPEAKER'S PRIVILEGE

Mr. Speaker (Representative Lovick presiding): "One hundred and fifty years ago today, the Washington State Territorial Legislature convened for the very first time a few blocks from where we sit today. The first official law passed by the nine members of the "council" and 17 members of the House of Representatives concerned elections -- defining procedures, precinct boundaries, and who could vote. At that time, suffrage was limited to "white male inhabitants over the age of twenty-one years." Very shortly after that, they passed "An Act to Establish a System of Common Schools" making public education available to children aged four through twenty-one. Here we are today, 150 years later, forty nine members of the Senate and ninety-eight members of the House of Representatives, again working to define election procedures and improve public education.

Seems those visionaries identified right away the most enduring issues of our state.
Please join me in honoring our first state lawmakers."

"NEW SECTION. Sec. 1. A new section is added to chapter 4.24 RCW to read as follows:

(1) No action may lie in a court of this state seeking a ruling on the constitutional validity of an initiative to the people, initiative to the legislature, referendum bill, referendum measure, constitutional amendment, city measure, county measure, charter amendment, county initiative, or city initiative before the certification of the election at which the voters enact, reject or approve the measure.

(2) An action will lie in a court of competent jurisdiction seeking review of a proposed measure described in subsection (1) of this section to determine whether a measure is beyond the scope of the initiative or referendum power or otherwise beyond the scope of authority for placing a measure onto the ballot except that no
action under this subsection may be commenced during the election period in order to provide for the orderly conduct of elections. The election period begins at the close of business of the fifth business day after the deadline for the filing of signature petitions and ends when the election results are certified under RCW 29A.60.260. A court may decline to hear such an action before the certification of the election based upon sound prudential concerns. Nothing contained in this subsection diminishes or enlarges the jurisdiction of any court of record having jurisdiction over the language or content contained in the ballot measure.

(3) Nothing in this section limits the jurisdiction of a court to resolve an error in election procedure that could only be corrected before the election. This section does not apply to an appeal of the language or content of a ballot title, summary, or explanatory statement as otherwise provided by law, nor to the procedure to appeal the secretary of state’s decision to reject a petition under RCW 29A.72.180 and 29A.72.190, nor to the appeal process contained in RCW 29A.72.240."

"NEW SECTION.  Sec. 1. The legislature finds that quality assurance efforts will promote compliance with regulations by providers and achieve the goal of providing high quality of care to citizens residing in licensed boarding homes, and may reduce property and liability insurance premium costs for such facilities.

NEW SECTION.  Sec. 2. A new section is added to chapter 18.20 RCW to read as follows:
(1) To ensure the proper delivery of services and the maintenance and improvement in quality of care through self-review, any boarding home licensed under this chapter may maintain a quality assurance committee that, at a minimum, includes:
(a) A licensed registered nurse under chapter 18.79 RCW;
(b) The administrator; and
(c) Three other members from the staff of the boarding home.
(2) When established, the quality assurance committee shall meet at least quarterly to identify issues that may adversely affect quality of care and services to residents and to develop and implement plans of action to correct identified quality concerns or deficiencies in the quality of care provided to residents.
(3) To promote quality of care through self-review without the fear of reprisal, and to enhance the objectivity of the review process, the department shall not require, and the long-term care ombudsman program shall not request, disclosure of any quality assurance committee records or reports, unless the disclosure is related to the committee’s compliance with this section, if:
(a) The records or reports are not maintained pursuant to statutory or regulatory mandate; and
(b) The records or reports are created for and collected and maintained by the committee.

(4) If the boarding home refuses to release records or reports that would otherwise be protected under this section, the department may then request only that information that is necessary to determine whether the boarding home has a quality assurance committee and to determine that it is operating in compliance with this section. However, if the boarding home offers the department documents generated by, or for, the quality assurance committee as evidence of compliance with boarding home requirements, the documents are not protected as quality assurance committee documents when in the possession of the department.

(5) Good faith attempts by the committee to identify and correct quality deficiencies shall not be used as a basis for sanctions.

(6) Any records that are created for and collected and maintained by the quality assurance committee shall not be discoverable or admitted into evidence in a civil action brought against a boarding home.

(7) Notwithstanding any records created for the quality assurance committee, the facility shall fully set forth in the resident's records, available to the resident, the department, and others as permitted by law, the facts concerning any incident of injury or loss to the resident, the steps taken by the facility to address the resident's needs, and the resident outcome.

Sec. 3. RCW 18.20.110 and 2003 c 280 s 1 are each amended to read as follows:

The department shall make or cause to be made, at least every eighteen months with an annual average of fifteen months, an inspection and investigation of all boarding homes. However, the department may delay an inspection to twenty-four months if the boarding home has had three consecutive inspections with no written notice of violations and has received no written notice of violations resulting from complaint investigation during that same time period. The department may at anytime make an unannounced inspection of a licensed home to assure that the licensee is in compliance with this chapter and the rules adopted under this chapter. Every inspection shall focus primarily on actual or potential resident outcomes, and may include an inspection of every part of the premises and an examination of all records (other than financial records), methods of administration, the general and special dietary, and the stores and methods of supply; however, the department shall not have access to financial records or to other records or reports described in section 2 of this act. Financial records of the boarding home may be examined when the department has reasonable cause to believe that a financial obligation related to resident care or services will not be met, such as a complaint that staff wages or utility costs have not been paid, or when necessary for the department to investigate alleged financial exploitation of a resident. Following such an inspection or inspections, written notice of any violation of this law or the rules adopted hereunder shall be given to the applicant or licensee and the department. The department may prescribe by rule that any licensee or applicant desiring to make specified types of alterations or additions to its facilities or to construct new facilities shall, before commencing such alteration, addition, or new construction, submit plans and specifications therefor to the agencies responsible for plan reviews for preliminary inspection and approval or recommendations with respect to compliance with the rules and standards herein authorized.

NEW SECTION. Sec. 4. A new section is added to chapter 18.20 RCW to read as follows:

If during an inspection, reinspection, or complaint investigation by the department, a boarding home corrects a violation or deficiency that the department discovers, the department shall record and consider such violation or deficiency for purposes of the facility's compliance history, however the licensor or complaint investigator shall not include in the facility report the violation or deficiency if the violation or deficiency:

1. Is corrected to the satisfaction of the department prior to the exit conference;
2. Is not recurring; and
3. Did not pose a significant risk of harm or actual harm to a resident.

For the purposes of this section, "recurring" means that the violation or deficiency was found under the same regulation or statute in one of the two most recent preceding inspections, reinspections, or complaint investigations.

NEW SECTION. Sec. 5. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

NEW SECTION. Sec. 2. A new section is added to chapter 18.20 RCW to read as follows:

(1) A boarding home, licensed under this chapter, may provide domiciliary care services, as defined in this chapter, and shall disclose the scope of care and services that it chooses to provide.

(2) The boarding home licensee shall disclose to the residents, the residents' legal representative if any, and if not, the residents' representative if any, and to interested consumers upon request, the scope of care and services offered, using the form developed and provided by the department, in addition to any supplemental information that may be provided by the licensee. The form that the department develops shall be standardized, reasonable in length, and easy to read. The boarding home's disclosure statement shall indicate the scope of domiciliary care assistance provided and shall indicate that it permits the resident or the resident's legal representative to independently arrange for outside services under section 10 of this act.

(c) If the boarding home licensee increases the scope of services that it chooses to provide, the licensee shall promptly provide written notice to the residents, the residents' legal representative if any, and if not, the residents' representative if any, and shall indicate the date on which the increase in the scope of care or services is effective.

Providing care or services to a resident that exceed the care and services disclosed may or may not mean that the provider is capable of or required to provide the same care or services to other residents.

(5) Even though the boarding home licensee may disclose that it can provide certain care or services to resident applicants or to their legal representative if any, and if not, to the resident applicants' representative if any, the licensee may deny admission to a resident applicant when the licensee determines that the needs of the resident applicant cannot be met, as long as the provider operates in compliance with state and federal law, including RCW 70.129.030(3).

(6) The disclosure form is intended to assist consumers in selecting boarding home services and, therefore, shall not be construed as an implied or express contract between the boarding home licensee and the resident.

NEW SECTION. Sec. 3. A new section is added to chapter 18.20 RCW to read as follows:

(1) Boarding homes are not required to provide assistance with one or more activities of daily living.

NEW SECTION. Sec. 4. A new section is added to chapter 18.20 RCW to read as follows:

(1) The boarding home licensee may choose to provide any of the following health support services, however, the facility may or may not need to provide additional health support services to comply with the reasonable accommodation requirements in federal or state law:

(2) If a boarding home licensee permits a resident’s family member to administer medications or treatments or to provide medication or treatment assistance, the licensee shall request that the family member submit to the licensee a written medication or treatment plan. For purposes of this section, "emergency" includes, but is not limited to: Evening, weekend, or Friday afternoon admissions if the resident applicant would otherwise need to remain in an unsafe setting or be without adequate and safe housing.

(3) The boarding home licensee shall complete an initial resident service plan upon move-in to identify the resident’s immediate needs and to provide direction to staff and caregivers relating to the resident’s immediate needs. The initial resident service plan shall include as much information as can be obtained, under subsection (1) of this section.

NEW SECTION. Sec. 8. A new section is added to chapter 18.20 RCW to read as follows:

areas, metropolitan statistical areas, and King county to determine whether the rates of payment within the designated areas are, on average, reasonably related to the identified average costs. The cost data is exempt from disclosure as provided in section 16 of this act. The purpose of this cost-to-rate comparison study is to assess any cost impacts that may be attributed to the implementation of new boarding home rules occurring between September 1, 2004, and June 30, 2005. If the department adopts new boarding home rules after June 30, 2005, the report to the chairs of the senate and house of representatives health care committees will instead be due by December 12, 2006.

Sec. 12. RCW 18.20.160 and 1985 c 297 s 2 are each amended to read as follows:

No person operating a boarding home licensed under this chapter shall admit to or retain in the boarding home any aged person requiring nursing or medical care of a type provided by institutions licensed under chapters 18.51, 70.41 or 71.12 RCW, except when registered nurses are available, and upon a doctor's order that a supervised medication service is needed, it may be provided. Supervised medication services, as defined by the department and consistent with chapters 69.41 and 18.79 RCW, may include an approved program of self-medication or self-directed medication. Such medication service shall be provided only to ((boarders)) residents who otherwise meet all requirements for residency in a boarding home. No boarding home shall admit or retain a person who requires the frequent presence and frequent evaluation of a registered nurse, excluding persons who are receiving hospice care or persons who have a short-term illness that is expected to be resolved within fourteen days.

Sec. 13. RCW 18.20.290 and 2003 c 231 s 11 are each amended to read as follows:

(1) When a boarding home contracts with the department to provide adult residential care services, enhanced adult residential care services, or assisted living services under chapter 74.39A RCW, the boarding home must hold a medicaid eligible resident's room or unit when short-term care is needed in a nursing home or hospital, the resident is likely to return to the boarding home, and payment is made under subsection (2) of this section.

(2) The medicaid resident's bed or unit shall be held for up to twenty days. The per day bed or unit hold compensation amount shall be seventy percent of the daily rate paid for the first seven days the bed or unit is held for the resident who needs short-term nursing home care or hospitalization. The rate for the eighth through the twentieth day a bed is held shall be established in rule, but shall be no lower than ten dollars per day the bed or unit is held.

(3) The boarding home may seek third-party payment to hold a bed or unit for twenty-one days or longer. The third-party payment shall not exceed ((eighty five percent of)) the ((average)) medicaid daily rate paid to the facility for the resident. If third-party payment is not available, the medicaid resident may return to the first available and appropriate bed or unit, if the resident continues to meet the admission criteria under this chapter.

(4) The department shall monitor the use and impact of the policy established under this section and shall report its findings to the appropriate committees of the senate and house of representatives by December 31, 2005.

(5) This section expires June 30, 2006.

(1) To the extent of available funding, the department of social and health services may contract for adult residential care ((and enhanced adult residential care)).

(5) To the extent of available funding, the department may also contract under this section with a tribally licensed boarding home for the provision of services of the same nature as the services provided by adult residential care facilities. The provisions of subsections (2)(a) and (b) and (3)(a) through (d) of this section apply to such a contract.

Sec. 3. RCW 43.160.060 and 2002 c 242 s 4 and 2002 c 239 s 1 are each reenacted and amended to read as follows:

The board is authorized to make direct loans to political subdivisions of the state and to federally recognized Indian tribes for the purposes of assisting the political subdivisions and federally recognized Indian tribes in financing the cost of public facilities, including development of land and improvements for public facilities, project-specific environmental, capital facilities, land use, permitting, feasibility, and marketing studies and plans; project design, site planning, and analysis; project debt and revenue impact analysis; as well as the construction, rehabilitation, alteration, expansion, or improvement of the facilities. A grant may also be authorized for purposes designated in this chapter, but only when, and to the extent that, a loan is not reasonably possible, given the limited resources of the political subdivision or the federally recognized Indian tribe and the finding by the board that financial circumstances require grant assistance to enable the project to move forward. However, at least ten percent of all financial assistance provided by the board in any biennium shall consist of grants to political subdivisions and federally recognized Indian tribes.

Application for funds shall be made in the form and manner as the board may prescribe. In making grants or loans the board shall conform to the following requirements:
(1) The board shall not provide financial assistance:
(a) For a project the primary purpose of which is to facilitate or promote a retail shopping development or expansion.
(b) For any project that evidence exists would result in a development or expansion that would displace existing jobs in any other community in the state.
(c) For the acquisition of real property, including buildings and other fixtures which are a part of real property.
(d) For a project the primary purpose of which is to facilitate or promote gambling.
(2) The board shall only provide financial assistance:
(a) For those projects which would result in specific private developments or expansions (i) in manufacturing, production, food processing, assembly, warehousing, advanced technology, research and development, and industrial distribution; (ii) for processing recyclable materials or for facilities that support
recycling, including processes not currently provided in the state, including but not limited to, de-inking facilities, mixed waste paper, plastics, yard waste, and problem-waste processing; (iii) for manufacturing facilities that rely significantly on recyclable materials, including but not limited to waste tires and mixed waste paper; (iv) which support the relocation of businesses from nondistressed urban areas to rural counties or rural natural resources impact areas; or (v) which substantially support the trading of goods or services outside of the state’s borders.

(b) For projects which it finds will improve the opportunities for the successful maintenance, establishment, or expansion of industrial or commercial plants or will otherwise assist in the creation or retention of long-term economic opportunities.

(c) When the application includes convincing evidence that a specific private development or expansion is ready to occur and will occur only if the public facility improvement is made.

(3) The board shall prioritize each proposed project according to:

(a) The relative benefits provided to the community by the jobs the project would create, not just the total number of jobs it would create after the project is completed and according to the unemployment rate in the area in which the jobs would be located; and

(b) The rate of return of the state’s investment, that includes the expected increase in state and local tax revenues associated with the project.

(4) A responsible official of the political subdivision or the federally recognized Indian tribe shall be present during board deliberations and provide information that the board requests.

Before any financial assistance application is approved, the political subdivision or the federally recognized Indian tribe seeking the assistance must demonstrate to the community economic revitalization board that no other timely source of funding is available to it at costs reasonably similar to financing available from the community economic revitalization board.

Sec. 4. RCW 43.160.200 and 1999 c 164 s 107 are each amended to read as follows:

(2) Applications under this section for assistance from the economic development account are subject to all of the applicable criteria set forth under this chapter, as well as procedures and criteria established by the board, except as otherwise provided.

(3) Eligible applicants under this section are limited to political subdivisions of the state and federally recognized Indian tribes in rural natural resources impact areas and rural counties.

(4) Applicants must demonstrate that their request is part of an economic development plan consistent with applicable state planning requirements. Applicants must demonstrate that tourism projects have been approved by the local government or federally recognized Indian tribe. Industrial projects must be approved by the local government and the associate development organization, or by the federally recognized Indian tribe.

(5) Publicly owned projects may be financed under this section upon proof by the applicant that the public project is a necessary component of, or constitutes in whole, a tourism project.

(6) Applications must demonstrate local match and participation. Such match may include: Land donation, other public or private funds or both, or other means of local commitment to the project.

(7) Board financing for project-specific environmental, capital facilities, land use, permitting, feasibility((f-h)), and marketing studies and plans; project engineering, design, and site planning and analysis; and project debt and revenue impact analysis shall not exceed fifty thousand dollars per study. Board funds for these purposes may be provided as a grant and require a match.

(8) Board financing for tourism projects shall not exceed two hundred fifty thousand dollars. Other public facility construction projects under this section shall not exceed one million dollars. Loans with flexible terms and conditions to meet the needs of the applicants shall be provided. Grants may also be authorized, but only when, and to the extent that, a loan is not reasonably possible, given the limited resources of the political subdivision or the federally recognized Indian tribe.

(9) The board shall develop guidelines for allowable local match and planning and predevelopment activities.

(10) The board may allow de minimis general system improvements to be funded if they are critically linked to the viability of the economic development project assisted under this section.

(11) Applications under this section need not demonstrate evidence that specific private development or expansion is ready to occur or will occur if funds are provided.

(12) The board shall establish guidelines for providing financial assistance under this section to ensure that the requirements of this chapter are complied with. The guidelines shall include:

(a) A process to equitably compare and evaluate applications from competing communities.

(b) Criteria to ensure that approved projects will have a high probability of success and are likely to provide long-term economic benefits to the community. The criteria shall include: (i) A minimum amount of local participation, determined by the board per application, to verify community support for the project; (ii) an
analysis that establishes the project is feasible using standard economic principles; and (iii) an explanation from the applicant regarding how the project is consistent with the communities' economic strategy and goals.

(c) A method of evaluating the impact of the financial assistance on the economy of the community and whether the financial assistance achieved its purpose."

NEW SECTION. Sec. 101. (1) The office of the secretary of state shall create and maintain a statewide voter registration data base. This data base must be a single, uniform, official, centralized, interactive computerized statewide voter registration list defined, maintained, and administered at the state level that contains the name and registration information of every legally registered voter in the state and assigns a unique identifier to each legally registered voter in the state.

(2) The computerized list must serve as the single system for storing and maintaining the official list of registered voters throughout the state.

(3) The computerized list must contain the name and registration information of every legally registered voter in the state.

(4) Under the computerized list, a unique identifier is assigned to each legally registered voter in the state.

(5) The computerized list must be coordinated with other agency data bases within the state, including but not limited to the department of corrections, the department of licensing, and the department of health."
(6) Any election officer in the state, including any local election officer, may obtain immediate electronic access to the information contained in the computerized list.

(7) All voter registration information obtained by any local election officer in the state must be electronically entered into the computerized list on an expedited basis at the time the information is provided to the local officer.

(8) The chief state election officer shall provide support, as may be required, so that local election officers are able to enter information as described in subsection (3) of this section.

(9) The computerized list serves as the official voter registration list for the conduct of all elections.

(10) The secretary of state has data authority on all voter registration data.

(11) The voter registration data base must be designed to accomplish at a minimum, the following:
(a) Comply with the Help America Vote Act of 2002 (P.L. 107-252);
(b) Identify duplicate voter registrations;
(c) Identify suspected duplicate voters;
(d) Screen against the department of corrections data base to aid in the cancellation of voter registration of felons;

(f) Provide for a comparison between the voter registration data base and the department of licensing change of address data base;
(g) Provide online access for county auditors with the goal of real time duplicate checking and update capabilities; and
(h) Provide for the cancellation of voter registration for persons who have moved to other states and surrendered their Washington state drivers' licenses.

Sec. 102. RCW 29A.08.010 and 2003 c 111 s 201 are each amended to read as follows:
As used in this chapter: "Information required for voter registration" means the minimum information provided on a voter registration application that is required by the county auditor in order to place a voter registration applicant on the voter registration rolls. This information includes the applicant's name, complete residence address, date of birth, Washington state driver's license number, Washington state identification card, or the last four digits of the applicant's social security number, a signature attesting to the truth of the information provided on the application, and a check or indication in the box confirming the individual is a United States citizen. If the individual does not have a driver's license or social security number the registrant must be issued a unique voter registration number and placed on the voter registration rolls. All other information supplied is ancillary and not to be used as grounds for not registering an applicant to vote. Modification of the language of the official Washington state voter registration form by the voter will not be accepted and will cause the rejection of the registrant's application.

Sec. 103. RCW 29A.08.020 and 2003 c 111 s 204 are each amended to read as follows:
The definitions set forth in this section apply throughout this chapter, unless the context clearly requires otherwise.

(1) "By mail" means delivery of a completed original voter registration application by mail ((or by personal delivery)) to the office of the secretary of state.

(2) For voter registration applicants, "date of mailing" means the date of the postal cancellation on the voter registration application. This date will also be used as the date of application for the purpose of meeting the registration cutoff deadline. If the postal cancellation date is illegible then the date of receipt by the elections official is considered the date of application. If an application is received by the elections official by the close of business on the fifth day after the cutoff date for voter registration and the postal cancellation date is illegible, the application will be considered to have arrived by the cutoff date for voter registration.

Sec. 104. RCW 29A.08.030 and 2003 c 111 s 203 are each amended to read as follows:
The definitions set forth in this section apply throughout this chapter, unless the context clearly requires otherwise.

(1) "Verification notice" means a notice sent by the county auditor or secretary of state to a voter registration applicant and is used to verify or collect information about the applicant in order to complete the registration.

(2) "Acknowledgement notice" means a notice sent by nonforwardable mail by the county auditor or secretary of state to a registered voter to acknowledge a voter registration transaction, which can include initial registration, transfer, or reactivation of an inactive registration. An acknowledgement notice may be a voter registration card.

(3) "Confirmation notice" means a notice sent to a registered voter by first class forwardable mail at the address indicated on the voter's permanent registration record and to any other address at which the county auditor or secretary of state could reasonably expect mail to be received by the voter in order to confirm the voter's residence address. The confirmation notice must be designed so that the voter may update his or her current residence address.
NEW SECTION. Sec. 105. (1) The county auditor shall be the custodian of the official registration records of the county.

(2) The county auditor shall ensure that mail-in voter registration application forms are readily available to the public at locations to include but not limited to the elections office, and all common schools, fire stations, and public libraries.

Sec. 106. (1) The secretary of state must review the information provided by each voter registration applicant to ensure that either the driver’s license number or the last four digits of the social security number match the information maintained by the Washington department of licensing or the social security administration. If a match cannot be made the secretary of state must correspond with the applicant to resolve the discrepancy.

(2) If the applicant fails to respond to any correspondence required in this section to confirm information provided on a voter registration application, within thirty days the secretary of state shall forward the application to the appropriate county auditor for document storage.

(3) Only after the secretary of state has confirmed that an applicant’s driver’s license number or the last four digits of the applicant’s social security number match existing records with the Washington department of licensing or the social security administration or determined that the applicant does not have either a driver’s license number or social security number may the applicant be placed on the official list of registered voters.

Sec. 107. RCW 29A.08.110 and 2003 c 111 s 206 are each amended to read as follows:

(1) On receipt of an application for voter registration (under this chapter), the county auditor shall review the application to determine whether the information supplied is complete. An application (that) is considered complete only if it contains the applicant’s name, complete valid residence address, date of birth, and signature attesting to the truth of the information provided (on the application is complete) and an indication the license information or social security number has been confirmed by the secretary of state. If it is not complete, the auditor shall promptly mail a verification notice of the deficiency to the applicant. This verification notice shall require the applicant to provide the missing information. If the verification notice is not returned by the applicant or is returned as undeliverable the auditor shall not place the name of the applicant on the county voter list. If the applicant provides the required verified information, the applicant shall be registered to vote as of the date of mailing of the original voter registration application.

(2) In order to prevent duplicate registration records, all complete voter registration applications must be screened against existing voter registration records in the official statewide voter registration list. If a match of an existing record is found in the official list the record must be updated with the new information provided on the application. If the new information indicates that the voter has changed his or her county of residence, the application must be forwarded to the voter’s new county of residence for processing. If the new information indicates that the voter remains in the same county of residence or if the applicant is a new voter the application must be processed by the county of residence.

(3) If the information required in subsection (1) of this section is complete, the applicant is considered to be registered to vote as of the date of mailing. The auditor shall record the appropriate precinct identification, taxing district identification, and date of registration on the voter’s record in the state voter registration list. Within forty-five days after the receipt of an application but no later than seven days before the next primary, special election, or general election, the auditor shall send to the applicant, by first class mail, an acknowledgement notice identifying the registrant’s precinct and containing such other information as may be required by the secretary of state. The postal service shall be instructed not to forward a voter registration card to any other address and to return to the auditor any card which is not deliverable. (If the applicant has indicated that he or she is registered to vote in another county in Washington but has also provided an address within the auditor’s county that is for voter registration purposes, the auditor shall send, on behalf of the registrant, a registration cancellation notice to the auditor of that other county and the auditor receiving the notice shall cancel the registrant’s voter registration in that other county.) If the registrant has indicated on the form that he or she is registered to vote within the county but has provided a new address within the county that is for voter registration purposes, the auditor shall transfer the voter’s registration.

(4) If an acknowledgement notice card is properly mailed as required by this section to the address listed by the voter as being the voter’s mailing address and the notice is subsequently returned to the auditor by the postal service as being undeliverable to the voter at that address, the auditor shall promptly send the voter a confirmation notice. The auditor shall place the voter’s registration on inactive status pending a response from the voter to the confirmation notice.

The office of the secretary of state shall search the statewide voter registration list to find registered voters with the same date of birth and similar names. The secretary of state shall forward this list to each county auditor in the state so that they may properly cancel the previous registration of voters who have subsequently registered in a different county. The county auditor of the county where the previous registration was made shall cancel the registration of the voter if it appears that the signatures in the registration and the signature provided to the new county on the voter’s new registration were made by the same person. If a voter is suspected of voting in two or more counties in an election, the county auditors in each county shall cooperate without delay to determine the voter’s county of residence. The county auditor of the county of residence of the voter suspected of voting in two or more counties shall take action under RCW 29A.84.010 without delay.

Restrictions as to the commercial use of the information on the statewide computer tape or data file of registered voters, and penalties for its misuse, shall be the same as provided in RCW 29A.08.730 and 29A.08.740.

Sec. 135. RCW 29A.08.770 and 2003 c 111 s 252 are each amended to read as follows:

The secretary of state and each county auditor shall maintain for at least two years and shall make available for public inspection and copying all records concerning the implementation of programs and activities conducted for the purpose of insuring the accuracy and currency of official lists of eligible voters. These records must include lists of the names and addresses of all persons to whom notices are sent and information concerning whether or not each person has responded to the notices. These records must contain lists of all persons removed from the list of eligible voters and the reasons why the voters were removed.

NEW SECTION. Sec. 136. Only voters who appear on the official statewide voter registration list are eligible to participate in elections. Each county shall maintain a copy of that county’s portion of the state list. The county must ensure that data used for the production of poll lists and other lists and mailings done in the administration of each election are drawn from the official statewide voter registration list.

NEW SECTION. Sec. 137. Each county shall ensure complete freedom of electronic access and information transfer between the county’s election management and voter registration system and the secretary of state’s official statewide voter registration list.

NEW SECTION. Sec. 138. Any state or local election officer, or a designee, who has access to any county or statewide voter registration data base who knowingly uses or alters information in the data base inconsistent with the performance of his or her duties is guilty of a class C felony, punishable under RCW 9A.20.021.

Sec. 139. RCW 11.88.010 and 1991 c 289 s 1 are each amended to read as follows:

(1) The superior court of each county shall have power to appoint guardians for the persons and/or estates of incapacitated persons, and guardians for the estates of nonresidents of the state who have property in the county needing care and attention.

(a) For purposes of this chapter, a person may be deemed incapacitated as to person when the superior court determines the individual has a significant risk of personal harm based upon a demonstrated inability to adequately provide for nutrition, health, housing, or physical safety.
(b) For purposes of this chapter, a person may be deemed incapacitated as to the person’s estate when the superior court determines the individual is at significant risk of financial harm based upon a demonstrated inability to adequately manage property or financial affairs.

(c) A determination of incapacity is a legal not a medical decision, based upon a demonstration of management insufficiencies over time in the area of person or estate. Age, eccentricity, poverty, or medical diagnosis alone shall not be sufficient to justify a finding of incapacity.

(d) A person may also be determined incapacitated if he or she is under the age of majority as defined in RCW 26.28.010.

(e) For purposes of giving informed consent for health care pursuant to RCW 7.70.050 and 7.70.065, an "incompetent" person is any person who is (i) incompetent by reason of mental illness, developmental disability, senility, habitual drunkenness, excessive use of drugs, or other mental incapacity, of either managing his or her property or caring for himself or herself, or both, or (ii) incapacitated as defined in (a), (b), or (d) of this subsection.

(f) For purposes of the terms "incompetent," "disabled," or "not legally competent," as those terms are used in the Revised Code of Washington to apply to persons incapacitated under this chapter, those terms shall be interpreted to mean “incapacitated” persons for purposes of this chapter.

(2) The superior court for each county shall have power to appoint limited guardians for the persons and estates, or either thereof, of incapacitated persons, who by reason of their incapacity have need for protection and assistance, but who are capable of managing some of their personal and financial affairs. After considering all evidence presented as a result of such investigation, the court shall impose, by order, only such specific limitations and restrictions on an incapacitated person to be placed under a limited guardianship as the court finds necessary for such person’s protection and assistance. A person shall not be presumed to be incapacitated nor shall a person lose any legal rights or suffer any legal disabilities as the result of being placed under a limited guardianship, except as to those rights and disabilities specifically set forth in the court order establishing such a limited guardianship. In addition, the court order shall state the period of time for which it shall be applicable.

(3) Venue for petitions for guardianship or limited guardianship shall lie in the county wherein the alleged incapacitated person is domiciled, or if such person resides in a facility supported in whole or in part by local, state, or federal funding sources, in either the county where the facility is located, the county of domicile prior to residence in the supported facility, or the county where a parent or spouse of the alleged incapacitated person is domiciled.

If the alleged incapacitated person’s residency has changed within one year of the filing of the petition, any interested person may move for a change of venue for any proceedings seeking the appointment of a guardian or a limited guardian under this chapter to the county of the alleged incapacitated person’s last place of residence of one year or more. The motion shall be granted when it appears to the court that such venue would be in the best interests of the alleged incapacitated person and would promote more complete consideration of all relevant matters.

(4) Under RCW 11.94.010, a principal may nominate, by a durable power of attorney, the guardian or limited guardian of his or her estate or person for consideration by the court if guardianship proceedings for the principal’s person or estate are thereafter commenced. The court shall make its appointment in accordance with the principal’s most recent nomination in a durable power of attorney except for good cause or disqualification.

(5) When a court imposes a full guardianship for an incapacitated person, the person shall be considered incompetent for purposes of rationally exercising the right to vote and shall lose the right to vote, unless the court specifically finds that the person is rationally capable of exercising the franchise. Imposition of a limited guardianship for an incapacitated person shall not result in the loss of the right to vote unless the court determines that the person is incompetent for purposes of rationally exercising the franchise. When a court determines that the person is incompetent for the purpose of rationally exercising the right to vote, the court shall notify the appropriate county auditor.

NEW SECTION. Sec. 140. In developing the technical standards of data formats for transferring voter registration data, the secretary shall consult with the information services board. The board shall review and make recommendations regarding proposed technical standards prior to implementation.

PART II
LOCAL GOVERNMENT GRANT PROGRAM

NEW SECTION. Sec. 201. The secretary of state shall establish a competitive local government grant program to solicit and prioritize project proposals from county election offices. Potential projects proposals must be new projects designed to help the county election office comply with the requirements of the Help America Vote Act (P.L. 107-252). Grant funds will not be allocated to fund existing statutory functions of local elections offices, and in order to be eligible for a grant, local election offices must maintain an elections budget at or above the local elections budget by the effective date of this section.
NEW SECTION. Sec. 202. The secretary of state will administer the grant program and disburse funds from the election account established in the state treasury by the legislature in chapter 111, Laws of 2003. Only grant proposals from local government election offices will be reviewed. The secretary of state and any local government grant recipient shall enter into an agreement outlining the terms of the grant and a payment schedule. The payment schedule may allow the secretary of state to make payments directly to vendors contracted by the local government election office from Help America Vote Act (P.L. 107-252) funds. The secretary of state shall adopt any rules necessary to facilitate this section.

NEW SECTION. Sec. 203. (1) The secretary of state shall create an advisory committee and adopt rules governing project eligibility, evaluation, awarding of grants, and other criteria for administering the local government grant program, which may include a preference for grants that include a match of local funds.

(2) The advisory committee shall review grant proposals and establish a prioritized list of projects to be considered for funding by the third Tuesday in May of each year beginning in 2004 and continuing as long as funds in the election account established by chapter 48, Laws of 2003 are available. The grant award may have an effective date other than the date the project is placed on the prioritized list, including money spent previously by the county that would qualify for reimbursement under the Help America Vote Act (P.L. 107-252).

(3) Examples of projects that would be eligible for local government grant funding include, but are not limited to the following:

(a) Replacement or upgrade of voting equipment, including the replacement of punchcard voting systems;

(b) Purchase of additional voting equipment, including the purchase of equipment to meet the disability requirements of the Help America Vote Act (P.L. 107-252);

(c) Purchase of new election management system hardware and software capable of integrating with the statewide voter registration system required by the Help America Vote Act (P.L. 107-252);

(d) Development and production of poll worker recruitment and training materials;

NEW SECTION. Sec. 302. "Disability access voting period" means the period of time starting twenty days before an election until one day before the election.

NEW SECTION. Sec. 303. "In-person disability access voting" means a procedure in which a voter may come in person to a disability access location and cast a ballot during the disability access voting period.

NEW SECTION. Sec. 304. At the discretion of the county auditor, in-person disability access voting may take place during the period starting twenty days before the day of a primary or election and ending the day before the election. The auditor shall maintain a system or systems to prevent multiple voting. The end of the disability access voting period in each county will be determined by the auditor’s need and ability to print and distribute poll books to the polls in order to prevent multiple voting.

NEW SECTION. Sec. 305. The county auditor has sole discretion for determining locations within the county and operating hours for disability access voting locations.

NEW SECTION. Sec. 306. In-person disability access voting must be conducted using disability access voting devices at locations that are acceptable and comply with federal and state access requirements.

NEW SECTION. Sec. 307. No person may interfere with a voter in any way within the disability access voting location. This does not prevent the voter from receiving assistance in preparing his or her ballot as provided in this chapter.

NEW SECTION. Sec. 308. (1) During posted disability access voting hours, no person may, within the voting location, or in any public area within three hundred feet of an entrance to the voting location:
(a) Suggest or persuade or attempt to suggest or persuade a voter to vote for or against a candidate or ballot measure;
(b) Circulate cards or handbills of any kind;
(c) Solicit signatures to any kind of petition; or
(d) Engage in a practice that interferes with the freedom of voters to exercise their franchise or disrupts the administration of the early voting location.

(2) No person may obstruct the doors or entries to a building containing the voting location or prevent free access to and from the voting location. Any sheriff, deputy sheriff, or municipal law enforcement officer shall prevent the obstruction, and may arrest a person creating such an obstruction.

(3) No person may:
(a) Except as provided in RCW 29A.44.050, remove a ballot from the disability access voting location before the closing of the polls; or
(b) Solicit a voter to show his or her ballot.

(4) No person other than a voting election official may receive from a voter a voted ballot or deliver a blank ballot to the voter.

(5) A violation of this section is a gross misdemeanor, punishable to the same extent as a gross misdemeanor that is punishable under RCW 9A.20.021, and the person convicted may be ordered to pay the costs of prosecution.

NEW SECTION. Sec. 309. A disability access voting election officer who does any electioneering during the voting period is guilty of a misdemeanor, and upon conviction must be fined a sum not exceeding one hundred dollars and pay the costs of prosecution.

NEW SECTION. Sec. 310. A voter desiring to vote at a disability access voting site shall give his or her name to the voting election officer who has the precinct list of registered voters. This officer shall announce the name to the election officer who has the copy of the list of voters. If the right of this voter to participate in the primary or election is not challenged, the voter must be issued a ballot or permitted to enter a voting booth and operate a voting device. The number of the ballot or the voter must be recorded by the election officers. If the right of the voter to participate is challenged, RCW 29A.08.810 and 29A.08.820 apply to that voter.

NEW SECTION. Sec. 311. Disability access voting locations must remain open continuously until the time specified in the notice of disability access voting. At the time of closing, the election officers shall announce that the disability access voting location is closed.

NEW SECTION. Sec. 312. If at the time of closing the disability access voting location, there are voters in the location who have not voted, they must be allowed to vote after the location has been closed.

NEW SECTION. Sec. 313. Immediately after the daily close of the disability access voting location and the completion of voting, the election officers shall count the number of votes cast and make a record of any discrepancy between this number and the number of voters who signed the poll book for that day, complete the certifications in the poll book, prepare the ballots for transfer to the counting center if necessary, and seal the voting devices.

NEW SECTION. Sec. 314. (1) At the direction of the county auditor, a team or teams composed of a representative of at least two major political parties shall stop at disability access voting locations and pick up the sealed containers of ballots or electronic ballot media for delivery to the counting center. This process must occur daily at the closing hour for the voting location. Two election officials, representing two major political parties, shall seal the containers furnished by the county auditor and properly identified with his or her address with uniquely prenumbered seals.
(2) At the counting center or the collection stations where the sealed ballot containers are delivered by the designated representatives of the major political parties, the county auditor or a designated representative of the county auditor shall receive the sealed ballot containers, record the time, date, voting location, and seal number of each ballot container.

Sec. 315. RCW 29A.16.010 and 2003 c 111 s 401 are each amended to read as follows:
The intent of this chapter is to require state and local election officials to designate and use polling places and disability access voting locations in all elections and permanent registration locations which are accessible to elderly and disabled persons. County auditors shall:
(1) Make modifications such as installation of temporary ramps or relocation of polling places within buildings, where appropriate;
(2) Designate new, accessible polling places to replace those that are inaccessible; and
(3) Continue to use polling places and voter registration locations which are accessible to elderly and disabled persons.

**Sec. 316.** RCW 29A.16.130 and 2003 c 111 s 409 are each amended to read as follows:
Each state agency and entity of local government shall permit the use of any of its buildings and the most suitable locations therein as polling places or disability access voting locations when required by a county auditor to provide accessible places in each precinct.

**Sec. 317.** RCW 29A.44.030 and 2003 c 111 s 1103 are each amended to read as follows:
Any voter may take into the voting booth or voting device any printed or written material to assist in casting his or her vote. The voter shall not use this material to electioneer and shall remove the material when he or she leaves the polls or the disability access voting location.

**Sec. 318.** RCW 29A.44.040 and 2003 c 111 s 1104 are each amended to read as follows:
No ballots may be used in any polling place or disability access voting location other than those prepared by the county auditor. No voter is entitled to vote more than once at a primary or a general or special election, except that if a voter incorrectly marks a ballot, he or she may return it and be issued a new ballot. The precinct election officers shall void the incorrectly marked ballot and return it to the county auditor.

**Sec. 319.** RCW 29A.44.220 and 2003 c 111 s 1121 are each amended to read as follows:
On signing the precinct list of registered voters or being issued a ballot, the voter shall, without leaving the polling place or disability access location, proceed to one of the voting booths or voting devices to cast his or her vote. When county election procedures so provide, the election officers may tear off and retain the numbered stub from the ballot before delivering the ballot to the voter. If an election officer has not already done so, when the voter has finished, he or she shall either (1) remove the numbered stub from the ballot, place the ballot in the ballot box, and return the number to the {{premise}} election officers, or (2) deliver the entire ballot to the {{premise}} election officers, who shall remove the numbered stub from the ballot and place the ballot in the ballot box. If poll-site ballot counting devices are used, the voter shall put the ballot in the device.

**Sec. 320.** RCW 29A.44.350 and 2003 c 111 s 1133 are each amended to read as follows:
If a poll-site ballot counting device fails to operate at any time during polling hours or disability access voting hours, voting must continue, and the ballots must be deposited for later tabulation in a secure ballot compartment separate from the tabulated ballots.

NEW SECTION. **Sec. 321.** In developing technical standards for voting technology and systems to be accessible for individuals with disabilities, the secretary shall consult with the information services board. The board shall review and make recommendations regarding proposed technical standards prior to implementation.

PART IV
ADMINISTRATIVE COMPLAINT PROCEDURE

PART V
PROVISIONAL BALLOT AFTER THE POLLS CLOSE

NEW SECTION. **Sec. 501.** (1) An individual who votes in an election for federal office as a result of a federal or state court order or any other order extending the time for closing the polls, may vote in that election only by casting a provisional ballot. As to court orders extending the time for closing the polls, this section does not apply to any voters who were present in the polling place at the statutory closing time and as a result are permitted to vote under RCW 29A.44.070. This section does not, by itself, authorize any court to order that any individual be permitted to vote or to extend the time for closing the polls, but this section is intended to comply with 42 U.S.C. Sec. 15482(c) with regard to federal elections.

(2) Any ballot cast under subsection (1) of this section must be separated and held apart from other provisional ballots cast by those not affected by the order.

   (iii) Matching money equal to one-third of the total cost of the project is provided by local entities, including but not limited to a metropolitan planning organization, county, city, port, or private entity in which a county participating in a plan is located. Regional transportation investment district planning committees are advisory entities that are created, convened, and empowered as follows:
(1) A county with a population over one million five hundred thousand persons and any adjoining counties with a population over five hundred thousand persons may create a regional transportation investment district and shall convene a regional transportation investment district planning committee. To proceed with developing a plan, including submission of a plan to county legislative authorities for placement on a ballot, at least two contiguous counties must be included in the plan.
(2) For counties other than those counties specified in subsection (1) of this section, the county legislative authority may create a regional transportation investment district and shall convene a regional transportation investment planning committee. Counties may by resolution of each county’s legislative authority create a district to include more than one county.
(3) The members of the legislative authorities participating in planning under this chapter shall serve as the district planning committee. In addition, for counties planning under subsection (2) of this section, the planning committee must also include mayors or city council members of cities within the district so that the proportional membership on the planning committee in terms of members with weighted votes reflects the relative population of persons living within the respective jurisdictions. Members of the planning committee receive no compensation, but may be reimbursed for travel and incidental expenses as the planning committee deems appropriate.
The secretary of transportation, or the appropriate regional administrator of the department, as named by the secretary, shall serve on the committee as a nonvoting member.
((44)) (4) A regional transportation investment district planning committee may be entitled to state funding, as appropriated by the legislature, for start-up funding to pay for salaries, expenses, overhead, supplies, and similar expenses ordinarily and necessarily incurred in selecting transportation projects and funding for those transportation projects under this chapter. Upon creation of a regional transportation investment district, the district shall within one year reimburse the state for any sums advanced for these start-up costs from the state.
((44)) (5) The planning committee shall conduct its affairs and formulate a regional transportation investment plan as provided under RCW 36.120.040, except that ((4)) planning committees for counties under subsection (1) of this section shall elect an executive board of seven members to discharge the duties of the
planning committee and formulate a regional transportation investment plan, subject to the approval of the full committee.

((44)) (6) At its first meeting, a regional transportation investment district planning committee may elect officers and provide for the adoption of rules and other operating procedures.

((56)) (7) Governance of and decisions by a regional transportation investment district planning committee must be by a sixty-percent weighted majority vote of the total membership.

((24)) (8) The planning committee may dissolve itself at any time by a two-thirds weighted majority vote of the total membership of the planning committee.

Sec. 4. RCW 36.120.040 and 2003 c 194 s 1 are each amended to read as follows:

(1) A regional transportation investment district planning committee shall adopt a regional transportation investment plan providing for the development, construction, and financing of transportation projects. The planning committee may consider the following factors in formulating its plan:

(a) Land use planning criteria;
(b) The input of cities located within a participating county; and
(c) The input of regional transportation planning organizations in which a participating county is located. A regional transportation planning organization in which a participating county is located shall review its adopted regional transportation plan and submit, for the planning committee’s consideration, its list of transportation improvement priorities.

(2) The planning committee may coordinate its activities with the department, which shall provide services, data, and personnel to assist in this planning as desired by the planning committee. In addition, the planning committee may coordinate with affected cities, towns, and other local governments that engage in transportation planning.

(3) The planning committee shall:
(a) Conduct public meetings that are needed to assure active public participation in the development of the plan;
(b) Adopt a plan proposing the:
(i) Creation of a regional transportation investment district; and
(ii) Construction of transportation projects to improve or maintain mobility within each county((— Operations, maintenance, and preservation of facilities or systems may not be part of the plan));
((44)) (d) Recommend sources of revenue authorized by RCW 36.120.050 and a financing plan to fund selected transportation projects. The overall plan of the district must leverage the district’s financial contributions so that the federal, state, local, and other revenue sources continue to fund major congestion relief and ((transportation capacity)) mobility improvement projects in each county and the district. A combination of local, state, and federal revenues may be necessary to pay for transportation projects, and the planning committee shall consider all of these revenue sources in developing a plan.

(4) For counties under RCW 36.120.030(1), the plan must use tax revenues and related debt for projects that generally benefit a participating county in proportion to the general level of tax revenues generated within that participating county. This equity principle applies to all modifications to the plan, appropriation of contingency funds not identified within the project estimate, and future phases of the plan. During implementation of the plan, the board shall retain the flexibility to manage distribution of revenues, debt, and project schedules so that the district may effectively implement the plan. Nothing in this section should be interpreted to prevent the district from pledging district-wide tax revenues for payment of any contract or debt entered into under RCW 36.120.130.

(5) Before adopting the plan, the planning committee, with assistance from the department, shall work with the lead agency to develop accurate cost forecasts for transportation projects. This project costing methodology must be integrated with revenue forecasts in developing the plan and must at a minimum include estimated project costs in constant dollars as well as year of expenditure dollars, the range of project costs reflected by the level of project design, project contingencies, identification of mitigation costs, the range of revenue forecasts, and project and plan cash flow and bond analysis. The plan submitted to the voters must provide cost estimates for each project, including reasonable contingency costs. Plans submitted to the voters must provide that the maximum amount possible of the funds raised will be used to fund projects in the plan, including environmental improvements and mitigation, and that administrative costs be minimized. If actual revenue exceeds actual plan costs, the excess revenues must be used to retire any outstanding debt associated with the plan.

(6) For counties under RCW 36.120.030(1), if a county opts not to adopt the plan or participate in the regional transportation investment district, but two or more contiguous counties do choose to continue to participate, then the planning committee may, within ninety days, redefine the regional transportation investment plan and the ballot measure to be submitted to the people to reflect elimination of the county, and submit the redefined plan to the legislative authorities of the remaining counties for their decision as to whether to continue to adopt the redefined plan and participate. This action must be completed within sixty days after receipt of the redefined plan.
(7) Once adopted, the plan must be forwarded to the participating county legislative authority or authorities to initiate the election process under RCW 36.120.070. The planning committee shall at the same time provide notice to each city and town within the district, the governor, the chairs of the transportation committees of the legislature, the secretary of transportation, and each legislator whose legislative district is partially or wholly within the boundaries of the district.

(8) If the ballot measure is not approved, the planning committee may redefine the selected transportation projects, financing plan, and the ballot measure. The county legislative authority or authorities may approve the new plan and ballot measure, and may then submit the revised proposition to the voters at the next election or a special election. If no ballot measure is approved by the voters by the third vote, the planning committee is dissolved.

Sec. 5. RCW 36.120.050 and 2003 c 350 s 4 are each amended to read as follows:

(1) A regional transportation investment district planning committee may, as part of a regional transportation investment plan, recommend the imposition of some or all of the following revenue sources, which a regional transportation investment district may impose upon approval of the voters as provided in this chapter:

(a) A regional sales and use tax, as specified in RCW 82.14.430, of up to ((0.5)) 0.2 percent of the selling price, in the case of a sales tax, or value of the article used, in the case of a use tax, upon the occurrence of any taxable event in the regional transportation investment district. The proceeds of this tax may be spent only as follows:

(i) 0.1 percent only for high-priority projects;
(ii) 0.1 percent only for public transportation purposes, commute trip reduction programs, or high-priority projects, or a combination thereof;
(b) A local option vehicle license fee, as specified under RCW 82.80.100, of up to one hundred dollars per vehicle registered in the district. As used in this subsection, “vehicle” means motor vehicle as defined in RCW 46.04.320. Certain classes of vehicles, as defined under chapter 46.04 RCW, may be exempted from this fee;
(c) A parking tax under RCW 82.80.030;
(d) A local motor vehicle excise tax under RCW 81.100.060 and chapter 81.104 RCW;
(e) A local option fuel tax under RCW 82.80.120;
(f) A mileage charge under section 16 of this act;
(g) An employer excise tax under RCW 81.100.030; and
((4)) (h) With the approval of the transportation commission, or its successor, vehicle tolls on (new or reconstructed facilities) a local or regional arterial or state or federal highway within the boundaries of the district. The plan must identify the facilities to be tolled and the purpose of the toll. Unless otherwise specified by law or contract, the department shall administer the collection of vehicle tolls on designated facilities, and the state transportation commission, or its successor, shall be the tolling authority.

(2) Taxes, fees, and tolls may not be imposed without an affirmative vote of the majority of the voters within the boundaries of the district voting on a ballot proposition as set forth in RCW 36.120.070. Revenues from these taxes and fees may be used only to implement the plan as set forth in this chapter. A district may contract with the state department of revenue or other appropriate entities for administration and collection of any of the taxes or fees authorized in this section. In authorizing these revenue sources, it is the intent of the legislature to provide a range of options that can be tailored to meet the transportation needs identified by local elected officials, with voter approval. The legislature does not intend that all local option tax sources will be used by a single district, nor that each revenue source will necessarily be imposed to its maximum limit.

(3) Existing statewide motor vehicle fuel and special fuel taxes, at the distribution rates in effect on January 1, 2001, are not intended to be altered by this chapter.

Sec. 6. RCW 36.120.060 and 2002 c 56 s 106 are each amended to read as follows:

(1) The planning committee shall consider the following criteria for selecting transportation projects to improve corridor performance:

(a) Reduced level of congestion and improved safety;
(b) Improved travel time;
(c) Improved air quality;
(d) Increases in daily and peak period person and vehicle trip capacity;
(e) Reductions in person and vehicle delay;
(f) Improved personal mobility;
(g) Improved freight mobility; and
((4)) (h) Cost-effectiveness of the investment.

(2) The planning committee shall develop and weight other criteria as necessary to ensure that high-priority projects are accomplished.

(3) These criteria represent only minimum standards that must be considered in selecting transportation improvement projects. The board shall also consider rules and standards for benchmarks adopted by the transportation commission or its successor.
Sec. 7. RCW 36.120.070 and 2002 c 56 s 107 are each amended to read as follows:

Two or more contiguous county legislative authorities under RCW 36.120.030(1) and a county or county legislative authorities under RCW 36.120.030(2), upon receipt of the regional transportation investment plan under RCW 36.120.040, may ((certify the plan to the ballot, including identification of the tax options)) submit to the voters of the proposed district a single ballot measure that approves formation of the district, approves the regional transportation investment plan, and approves the revenue sources necessary to ((fund)) finance the plan. ((County legislative authorities)) The planning committee may draft ((a ballot title)) the ballot measure on behalf of the county legislative authorities, and the county legislative authorities may give notice as required by law for ballot measures, and perform other duties as required to ((put the plan before)) submit the measure to the voters of the proposed district for their approval or rejection ((as a single ballot measure that both approves formation of the district and approves the plan)). Counties may negotiate interlocal agreements necessary to implement the plan. The electorate will be the voters voting within the boundaries of the participating counties. A simple majority of the total persons voting on the single ballot measure ((to approve the plan, establish the district, and approve the taxes and fees)) is required for approval of the measure.

Sec. 8. RCW 36.120.090 and 2002 c 56 s 109 are each amended to read as follows:

(1) The governing board of a district consists of the members of the legislative authority of each member county, acting ex officio and independently. The secretary of transportation or the appropriate regional administrator of the department, as named by the secretary, shall also serve as a nonvoting member of the board. For districts in counties under RCW 36.120.030(1), the governing board may elect an executive board of seven members to discharge the duties of the governing board subject to the approval of the full governing board.

(2) A sixty-percent majority of the weighted votes of the total board membership is required to submit to the county or counties a modified plan under RCW 36.120.140 or any other proposal to be submitted to the voters. The county or counties may, with majority vote of each county legislative authority, submit a modified plan or proposal to the voters.

Sec. 9. RCW 36.120.140 and 2003 c 194 s 2 are each amended to read as follows:

(1) The board may modify the plan to change transportation projects or revenue sources if:

(a) For districts in counties under RCW 36.120.030(1), two or more participating counties adopt a resolution to modify the plan((i)) and

((ii)) the counties submit to the voters in the district a ballot measure that redefines the scope of the plan, its projects, its schedule, its costs, or the revenue sources;

(b) For districts in counties under RCW 36.120.030(2), the board adopts a resolution to modify the plan and the county or counties submit to the voters in the district a ballot measure that redefines the scope of the plan, its projects, its schedule, its costs, or the revenue sources.

If the voters of either type of district fail to approve the redefined plan, the district shall continue to work on and complete the plan, and the projects in it, that was originally approved by the voters. If the voters approve the redefined plan, the district shall work on and complete the projects under the redefined plan.

(2) The board may modify the plan to change transportation projects within a participating county if:

(a) A majority of the board approves the change;

(b) The modifications are limited to projects within the county;

(c) The county submits to the voters in the county a ballot measure that redefines:

(i) Projects;

(ii) Scopes of projects; or

(iii) Costs; and

(iv) The financial plan for the county;

(d) The proposed modifications maintain the equity of the plan and ((do not)) do not increase the total level of plan expenditure for the county.

If the voters fail to approve the modified plan, the district shall continue to work on and complete the plan, and the projects in it, that was originally approved by the voters. If the voters approve the redefined plan, the district shall work on and complete the projects under the redefined plan.

(3) If a transportation project cost exceeds its original cost by more than twenty percent as identified in the plan:

(a) The board shall, in coordination with the county legislative authorities, submit to the voters in the district or county a ballot measure that redefines the scope of the transportation project, its schedule, or its costs. If the voters fail to approve the redefined transportation project, the district shall terminate work on that transportation project, except that the district may take reasonable steps to use, preserve, or connect any improvement already constructed. The remainder of any funds that would otherwise have been expended on the terminated transportation project must first be used to retire any outstanding debt attributable to the plan and then may be used to implement the remainder of the plan.

(b) Alternatively for districts in counties under RCW 36.120.030(1), upon adoption of a resolution by two or more participating counties:
(i) The counties shall submit to the voters in the district a ballot measure that redefines the scope of the plan, its transportation projects, its schedule, or its costs. If the voters fail to approve the redefined plan, the district shall terminate work on that plan, except that the district may take reasonable steps to use, preserve, or connect any improvement already constructed. The remainder of any funds must be used to retire any outstanding debt attributable to the plan; or
(ii) The counties may elect to have the district continue the transportation project without submitting an additional ballot proposal to the voters.

(4) To assure accountability to the public for the timely construction of the transportation improvement project or projects within cost projections, the district shall issue a report, at least annually, to the public and copies of the report to newspapers of record in the district. In the report, the district shall indicate the status of transportation project costs, transportation project expenditures, revenues, and construction schedules. The report may also include progress towards meeting the performance criteria provided under this chapter.

**Sec. 10.** RCW 36.120.190 and 2002 c 56 s 201 are each amended to read as follows:

For districts in counties under RCW 36.120.030(1), at the option of the planning committee, and with the explicit approval of the regional transit authority, the participating counties may choose to impose any remaining high capacity transportation taxes under chapter 81.104 RCW that have not otherwise been used by a regional transit authority and submit to the voters a common ballot measure that creates the district, approves the regional transportation investment plan, implements the taxes, and implements any remaining high capacity transportation taxes within the boundaries of the regional transportation investment district. Collection and expenditures of any high capacity transportation taxes implemented under this section must be determined by agreement between the participating counties or district and the regional transit authority electing to submit high capacity transportation taxes to the voters under a common ballot measure as provided in this section. If the measure fails, all such unused high capacity transportation taxes revert back to and remain with the regional transit authority. A project constructed with this funding is not considered a "transportation project" under RCW 36.120.020.

**Sec. 11.** RCW 36.120.200 and 2002 c 56 s 401 are each amended to read as follows:

The regional transportation investment district account is created in the custody of the state treasurer. The purpose of this account is to act as an account into which may be deposited state money, if any, that may be used in conjunction with district money to fund transportation projects. Additionally, (the) districts may deposit funds into this account for disbursement, as appropriate, on transportation projects. Nothing in this section requires any state matching money. All money deposited in the regional transportation investment district account will be used for design, right of way acquisition, capital acquisition, and construction, or for the payment of debt service associated with these activities, for regionally funded transportation projects developed under this chapter. Only the district may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW. An appropriation is not required for expenditures from this account.

**NEW SECTION.** **Sec. 12.** A new section is added to chapter 36.120 RCW to read as follows:

Notwithstanding any provision to the contrary in this chapter, a regional transportation investment district may impose vehicle tolls on local and regional arterials with the approval of the transportation commission, or its successor, and upon approval of a majority of the voters voting on a regional transportation investment plan ballot measure within its boundaries as authorized in this chapter. These tolls may be imposed to generate revenue to fund the regional transportation investment plan.

**Sec. 13.** RCW 47.56.076 and 2002 c 56 s 403 are each amended to read as follows:

With the approval of the transportation commission, or its successor, and upon approval of a majority of the voters within its boundaries voting on the ballot proposition, and only for the purposes authorized in RCW 36.120.050(1)((4)) (h), a regional transportation investment district may impose vehicle tolls on a state (routes where improvements financed in whole or in part by a regional transportation investment district add additional lanes to, or reconstruct lanes on, a highway of statewide significance) or federal highway within the boundaries of the district. The department shall administer the collection of vehicle tolls on designated facilities unless otherwise specified in law or by contract, and the state transportation commission, or its successor, shall (be the tolling authority) set and impose the tolls in amounts sufficient to implement the regional transportation investment plan.

**NEW SECTION.** **Sec. 14.** A new section is added to chapter 47.56 RCW to read as follows:

Notwithstanding any provision to the contrary in this chapter, a regional transportation investment district may impose vehicle tolls on either Lake Washington bridge upon approval of a majority of the voters voting on a regional transportation investment plan ballot measure within its boundaries as authorized in chapter 36.120 RCW and RCW 47.56.076.
Sec. 15. RCW 82.14.430 and 2002 c 56 s 405 are each amended to read as follows:

(1) If approved by the majority of the voters within its boundaries voting on the ballot proposition, a regional transportation investment district may impose a sales and use tax of up to \(0.2\) percent of the selling price or value of the article used in the case of a use tax. The tax authorized by this section is in addition to the tax authorized by RCW 82.14.030 and must be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the taxing district. Motor vehicles are exempt from the sales and use tax imposed under this subsection.

(2) If approved by the majority of the voters within its boundaries voting on the ballot proposition, a regional transportation investment district may impose a tax on the use of a motor vehicle within a regional transportation investment district. The tax applies to those persons who reside within the regional transportation investment district. The rate of the tax may not exceed \((0.2)\) percent of the value of the motor vehicle. The tax authorized by this subsection is in addition to the tax authorized under RCW 82.14.030 and must be imposed and collected at the time a taxable event under RCW 82.08.020(1) or 82.12.020 takes place. All revenue received under this subsection must be deposited in the local sales and use tax account and distributed to the regional transportation investment district according to RCW 82.14.050. The following provisions apply to the use tax in this subsection:

(a) Where persons are taxable under chapter 82.08 RCW, the seller shall collect the use tax from the buyer using the collection provisions of RCW 82.08.050.

(b) Where persons are taxable under chapter 82.12 RCW, the use tax must be collected using the provisions of RCW 82.12.045.

(c) "Motor vehicle" has the meaning provided in RCW 46.04.320, but does not include farm tractors or farm vehicles as defined in RCW 46.04.180 and 46.04.181, off-road and nonhighway vehicles as defined in RCW 46.09.020, and snowmobiles as defined in RCW 46.10.010.

(d) "Person" has the meaning given in RCW 82.04.030.

(e) The value of a motor vehicle must be determined under RCW 82.12.010.

(f) Except as specifically stated in this subsection (2), chapters 82.12 and 82.32 RCW apply to the use tax. The use tax is a local tax imposed under the authority of chapter 82.14 RCW, and chapter 82.14 RCW applies fully to the use tax.

NEW SECTION. Sec. 16. A new section is added to chapter 82.80 RCW to read as follows:

(1) The legislative authority of a regional transportation investment district may impose a charge based upon vehicle miles traveled. This charge may be, but is not limited to, a charge upon the vehicle miles traveled within the district by a vehicle, upon vehicle miles traveled within certain corridors in the district, or upon total vehicle miles traveled by a vehicle registered to a person whose legal residence is within the district.

(2) Charges imposed may be collected either periodically in a manner prescribed by the district or annually by the department of licensing upon renewal of the vehicle license. The district may identify categories of miles driven that are subject to or exempt from the charge, including but not limited to, travel outside the district, travel in specified corridors, or exempt or maximum mileage charges.

(3) The mileage charge under this section is subject to the approval of the transportation commission or its statutory successor and of a majority of the voters within the district boundaries voting on formation of the district. The mileage charge must be part of the investment plan of the district.

NEW SECTION. Sec. 17. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

SSB 5139 Prime Sponsor, Senate Committee on Higher Education: Concerning student preparation for college-level work. Reported by Committee on Higher Education

MAJORITY recommendation: Do pass as amended:

Strike everything after the enacting clause and insert the following:
NEW SECTION.  Sec. 1. The legislature finds that little progress has been made in reducing the proportion of recent high school graduates who must enroll in remedial or precollege classes at Washington’s public colleges and universities before they proceed with college-level courses. The legislature also finds that more than seventeen million dollars in state and tuition resources is being spent each year to provide these students with the basic skills in reading, writing, and mathematics they should have gained before graduating from high school. It is the intent of the legislature that state education agencies place a higher priority on their work to address the issue of remediation to make measurable progress by the end of 2004.

NEW SECTION.  Sec. 2. (1) Within current budgets, the higher education coordinating board, the office of the superintendent of public instruction, and the state board for community and technical colleges shall:
(a) Adopt standards and expectations for the knowledge and skills high school graduates need to ensure they are ready for college-level work, which may be based on existing standards developed in Washington, in other states, or by national organizations; and
(b) Develop strategies for implementing and communicating the standards in all Washington high schools.

(2) To accomplish the tasks under this section, the boards and the office shall convene a college preparation work group that includes representatives of two and four-year institutions of higher education and school districts. By January 1, 2005, the work group must submit a progress report to the education and higher education committees of the senate and the house of representatives.

NEW SECTION.  Sec. 3. A new section is added to chapter 28B.10 RCW to read as follows:
Except for the reports required by RCW 28B.10.685, institutions of higher education shall not include in official enrollment reports any student who graduated from a Washington high school within the previous three years and is enrolled in a precollege course as defined by RCW 28B.10.682, nor shall such a student be considered in any enrollment statistics that would affect budgetary determinations. The restriction under this section applies only to the proportion of such a student’s total enrollment that is in precollege courses.

Sec. 4.  RCW 28B.10.685 and 1995 c 310 s 3 are each amended to read as follows:
Beginning in 1997, by September 30th of each year, each state university, regional university, state college, and, for community colleges and technical colleges, the state board for community and technical colleges shall provide a report to the office of the superintendent of public instruction, the state board of education, and the commission on student learning under RCW ((28A.630.885)) 28A.655.060. The report shall contain the following information on students who, within three years of graduating from a Washington high school, enrolled the prior year in a (state-supported) precollege level class at the institution: (1) The number of such students enrolled in a precollege level class in mathematics, reading, grammar, spelling, writing, or English; (2) the types of precollege classes in which each student was enrolled; and (3) the name of the Washington high school from which each student graduated.

For students who enrolled in a precollege class within three years of graduating from a Washington high school, each institution of higher education shall also report to the Washington high school from which the student graduated. The annual report shall include information on the number of students from that high school enrolled in precollege classes, and the types of classes taken by the students.

NEW SECTION.  Sec. 5. A new section is added to chapter 28B.15 RCW to read as follows:
Institutions of higher education shall not provide state-supported tuition waivers to any student who graduated from a Washington high school within the previous three years and is enrolled in a precollege course as defined by RCW 28B.10.682. The restriction under this section applies only to the proportion of such a student's total enrollment that is in precollege courses.

Sec. 6.  RCW 28B.119.010 and 2003 c 233 s 5 are each amended to read as follows:
The higher education coordinating board shall design the Washington promise scholarship program based on the following parameters:
(1) Scholarships shall be awarded to students graduating from public and approved private high schools under chapter 28A.195 RCW, students participating in home-based instruction as provided in chapter 28A.200 RCW, and persons twenty-one years of age or younger receiving a GED certificate, who meet both an academic and a financial eligibility criteria.
(a) Academic eligibility criteria shall be defined as follows:
(i) Beginning with the graduating class of 2002, students graduating from public and approved private high schools under chapter 28A.195 RCW must be in the top fifteen percent of their graduating class, as identified by each respective high school at the completion of the first term of the student’s senior year; or
(ii) Students graduating from public high schools, approved private high schools under chapter 28A.195 RCW, students participating in home-based instruction as provided in chapter 28A.200 RCW, and persons twenty-one years of age or younger receiving a GED certificate, must equal or exceed a cumulative scholastic
(b) To meet the financial eligibility criteria, a student’s family income shall not exceed one hundred thirty-five percent of the state median family income adjusted for family size, as determined by the higher education coordinating board for each graduating class. Students not meeting the eligibility requirements for the first year of scholarship benefits may reapply for the second year of benefits, but must still meet the income standard set by the board for the student’s graduating class.

(2) Promise scholarships are not intended to supplant any grant, scholarship, or tax program related to postsecondary education. If the board finds that promise scholarships supplant or reduce any grant, scholarship, or tax program for categories of students, then the board shall adjust the financial eligibility criteria or the amount of scholarship to the level necessary to avoid supplanting.

(3) Within available funds, each qualifying student shall receive two consecutive annual awards, the value of each not to exceed the full-time annual resident tuition rates charged by Washington’s community colleges. The higher education coordinating board shall award scholarships to as many students as possible from among those qualifying under this section.

(4) By October 15th of each year, the board shall determine the award amount of the scholarships, after taking into consideration the availability of funds.

(5) The scholarships may only be used for undergraduate coursework at accredited institutions of higher education in the state of Washington.

(6) The scholarships may be used for undergraduate coursework at Oregon institutions of higher education that are part of the border county higher education opportunity project in RCW 28B.80.806 when those institutions offer programs not available at accredited institutions of higher education in Washington state.

(7) The scholarships may be used for college-related expenses, including but not limited to, tuition, room and board, books, and materials, except that a recipient who graduated from a Washington high school within the previous three years may not apply the scholarship toward the cost of tuition at a public institution of higher education for enrollment in precollege courses, as defined by RCW 28B.10.682. The restriction under this subsection applies only to the proportion of a recipient’s total enrollment that is in precollege courses.

(8) The scholarships may not be awarded to any student who is pursuing a degree in theology.

(9) The higher education coordinating board may establish satisfactory progress standards for the continued receipt of the promise scholarship.

(10) The higher education coordinating board shall establish the time frame within which the student must use the scholarship.

Authorizing reduction of interest on legal financial obligations. Reported by Committee on Judiciary

MAJORITY recommendation: Do pass as amended:

On page 2, after line 20, insert the following:

"Sec. 2. RCW 9.94A.637 and 2003 c 379 s 19 are each amended to read as follows:

(1)(a) When an offender has completed all requirements of the sentence, including any and all legal financial obligations, and while under the custody and supervision of the department, the secretary or the secretary’s designee shall notify the sentencing court, which shall discharge the offender and provide the offender with a certificate of discharge by issuing the certificate to the offender in person or by mailing the certificate to the offender’s last known address.

(b)(i) When an offender has reached the end of his or her supervision with the department and has completed all the requirements of the sentence except his or her legal financial obligations, the secretary’s designee shall provide the county clerk with a notice that the offender has completed all nonfinancial requirements of the sentence.

(ii) When the department has provided the county clerk with notice that an offender has completed all the requirements of the sentence and the offender subsequently satisfies all legal financial obligations under the
sentence, the county clerk shall notify the sentencing court, including the notice from the department, which shall discharge the offender and provide the offender with a certificate of discharge by issuing the certificate to the offender in person or by mailing the certificate to the offender’s last known address.

(c) When an offender who is subject to requirements of the sentence in addition to the payment of legal financial obligations either is not subject to supervision by the department or does not complete the requirements while under supervision of the department, it is the offender’s responsibility to provide the court with verification of the completion of the sentence conditions other than the payment of legal financial obligations. When the offender satisfies all legal financial obligations under the sentence, the county clerk shall notify the sentencing court that the legal financial obligations have been satisfied. When the court has received both notification from the clerk and adequate verification from the offender that the sentence requirements have been completed, the court shall discharge the offender and provide the offender with a certificate of discharge by issuing the certificate to the offender in person or by mailing the certificate to the offender’s last known address.

(2) The court shall send a copy of every signed certificate of discharge to the auditor for the county in which the court resides and to the department. The department shall create and maintain a database containing the names of all felons who have been issued certificates of discharge, the date of discharge, and the date of conviction and offense.

(3) An offender who is not convicted of a violent offense or a sex offense and is sentenced to a term involving community supervision may be considered for a discharge of sentence by the sentencing court prior to the completion of community supervision, provided that the offender has completed at least one-half of the term of community supervision and has met all other sentence requirements.

(4) Except as provided in subsection (5) of this section, the discharge shall have the effect of restoring all civil rights lost by operation of law upon conviction, and the certificate of discharge shall so state. Nothing in this section prohibits the use of an offender’s prior record for purposes of determining sentences for later offenses as provided in this chapter. Nothing in this section affects or prevents use of the offender’s prior conviction in a later criminal prosecution either as an element of an offense or for impeachment purposes. A certificate of discharge is not based on a finding of rehabilitation.

(5) Unless otherwise ordered by the sentencing court, a certificate of discharge shall not terminate the offender’s obligation to comply with an order issued under chapter 10.99 RCW that excludes or prohibits the offender from having contact with a specified person or coming within a set distance of any specified location that was contained in the judgment and sentence. An offender who violates such an order after a certificate of discharge has been issued shall be subject to prosecution according to the chapter under which the order was originally issued.

(6) Upon release from custody, the offender may apply to the department for counseling and help in adjusting to the community. This voluntary help may be provided for up to one year following the release from custody.

Sec. 3. RCW 9.94A.760 and 2003 c 379 s 14 are each amended to read as follows:

(1) Whenever a person is convicted (of a felony) in superior court, the court may order the payment of a legal financial obligation as part of the sentence. The court must on either the judgment and sentence or on a subsequent order to pay, designate the total amount of a legal financial obligation and segregate this amount among the separate assessments made for restitution, costs, fines, and other assessments required by law. On the same order, the court is also to set a sum that the offender is required to pay on a monthly basis towards satisfying the legal financial obligation. If the court fails to set the offender monthly payment amount, the department shall set the amount if the department has active supervision of the offender, otherwise the county clerk shall set the amount. Upon receipt of an offender’s monthly payment, restitution shall be paid prior to any payments of other monetary obligations. After restitution is satisfied, the county clerk shall distribute the payment proportionally among all other fines, costs, and assessments imposed, unless otherwise ordered by the court.

(2) If the court determines that the offender, at the time of sentencing, has the means to pay for the cost of incarceration, the court may require the offender to pay for the cost of incarceration at a rate of fifty dollars per day of incarceration. Payment of other court-ordered financial obligations, including all legal financial obligations and costs of supervision shall take precedence over the payment of the cost of incarceration ordered by the court. All funds recovered from offenders for the cost of incarceration in the county jail shall be remitted to the county and the costs of incarceration in a prison shall be remitted to the department.

(3) The court may add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction is to be issued immediately. If the court chooses not to order the immediate issuance of a notice of payroll deduction at sentencing, the court shall add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction may be issued or other income-withholding action may be taken, without further notice to the offender if a monthly court-ordered legal financial obligation payment is not paid when due, and an amount equal to or greater than the amount payable for one month is owed.

If a judgment and sentence or subsequent order to pay does not include the statement that a notice of payroll deduction may be issued or other income-withholding action may be taken if a monthly legal financial obligation payment is past due, the department or the county clerk may serve a notice on the offender stating such
requirements and authorizations. Service shall be by personal service or any form of mail requiring a return receipt.

(4) Independent of the department or the county clerk, the party or entity to whom the legal financial obligation is owed shall have the authority to use any other remedies available to the party or entity to collect the legal financial obligation. These remedies include enforcement in the same manner as a judgment in a civil action by the party or entity to whom the legal financial obligation is owed. Restitution collected through civil enforcement must be paid through the registry of the court and must be distributed proportionately according to each victim’s loss when there is more than one victim. The judgment and sentence shall identify the party or entity to whom restitution is owed so that the state, party, or entity may enforce the judgment. If restitution is ordered pursuant to RCW 9.94A.750(6) or 9.94A.753(6) to a victim of rape of a child or a victim’s child born from the rape, the Washington state child support registry shall be identified as the party to whom payments must be made. Restitution obligations arising from the rape of a child in the first, second, or third degree that result in the pregnancy of the victim may be enforced for the time periods provided under RCW 9.94A.750(6) and 9.94A.753(6). All other legal financial obligations for an offense committed prior to July 1, 2000, may be enforced at any time during the ten-year period following the offender’s release from total confinement or within ten years of entry of the judgment and sentence, whichever period ends later. Prior to the expiration of the initial ten-year period, the superior court may extend the criminal judgment an additional ten years for payment of legal financial obligations including crime victims’ assessments. All other legal financial obligations for an offense committed on or after July 1, 2000, may be enforced at any time the offender remains under the court’s jurisdiction. For an offense committed on or after July 1, 2000, the court shall retain jurisdiction over the offender, for purposes of the offender’s compliance with payment of the legal financial obligations, until the obligation is completely satisfied, regardless of the statutory maximum for the crime. The department may only supervise the offender’s compliance with payment of the legal financial obligations during any period in which the department is authorized to supervise the offender in the community under RCW 9.94A.728, 9.94A.501, or in which the offender is confined in a state correctional institution or a correctional facility pursuant to a transfer agreement with the department, and the department shall supervise the offender’s compliance during any such period. The department is not responsible for supervision of the offender during any subsequent period of time the offender remains under the court’s jurisdiction. The county clerk is authorized to collect unpaid legal financial obligations at any time the offender remains under the jurisdiction of the court for purposes of his or her legal financial obligations.

(5) In order to assist the court in setting a monthly sum that the offender must pay during the period of supervision, the offender is required to report to the department for purposes of preparing a recommendation to the court. When reporting, the offender is required, under oath, to respond truthfully and honestly to all questions concerning present, past, and future earning capabilities and the location and nature of all property or financial assets. The offender is further required to bring all documents requested by the department.

(6) After completing the investigation, the department shall make a report to the court on the amount of the monthly payment that the offender should be required to make towards a satisfied legal financial obligation.

(7)(a) During the period of supervision, the department may make a recommendation to the court that the offender’s monthly payment schedule be modified so as to reflect a change in financial circumstances. If the department sets the monthly payment amount, the department may modify the monthly payment amount without the matter being returned to the court. During the period of supervision, the department may require the offender to report to the department for the purposes of reviewing the appropriateness of the collection schedule for the legal financial obligation. During this reporting, the offender is required under oath to respond truthfully and honestly to all questions concerning earning capabilities and the location and nature of all property or financial assets. The offender shall bring all documents requested by the department in order to prepare the collection schedule.

(b) Subsequent to any period of supervision, or if the department is not authorized to supervise the offender in the community, the county clerk may make a recommendation to the court that the offender’s monthly payment schedule be modified so as to reflect a change in financial circumstances. If the county clerk sets the monthly payment amount, or if the department set the monthly payment amount and the department has subsequently turned the collection of the legal financial obligation over to the county clerk, the clerk may modify the monthly payment amount without the matter being returned to the court. During the period of repayment, the county clerk may require the offender to report to the clerk for the purpose of reviewing the appropriateness of the collection schedule for the legal financial obligation. During this reporting, the offender is required under oath to respond truthfully and honestly to all questions concerning earning capabilities and the location and nature of all property or financial assets. The offender shall bring all documents requested by the county clerk in order to prepare the collection schedule.

(8) After the judgment and sentence or payment order is entered, the department is authorized, for any period of supervision, to collect the legal financial obligation from the offender. Subsequent to any period of supervision or, if the department is not authorized to supervise the offender in the community, the county clerk is authorized to collect unpaid legal financial obligations from the offender. Any amount collected by the department shall be remitted daily to the county clerk for the purpose of disbursements. The department and the
county clerks are authorized, but not required, to accept credit cards as payment for a legal financial obligation, and any costs incurred related to accepting credit card payments shall be the responsibility of the offender.

(9) The department or any obligee of the legal financial obligation may seek a mandatory wage assignment for the purposes of obtaining satisfaction for the legal financial obligation pursuant to RCW 9.94A.7701. Any party obtaining a wage assignment shall notify the county clerk. The county clerks shall notify the department, or the administrative office of the courts, whichever is providing the monthly billing for the offender.

(10) The requirement that the offender pay a monthly sum towards a legal financial obligation constitutes a condition or requirement of a sentence and the offender is subject to the penalties for noncompliance as provided in RCW 9.94A.634, 9.94A.737, or 9.94A.740.

(11)(a) Until January 1, 2004, the department shall mail individualized monthly billings to the address known by the department for each offender with an unsatisfied legal financial obligation.

(b) Beginning January 1, 2004, the administrative office of the courts shall mail individualized monthly billings to the address known by the office for each offender with an unsatisfied legal financial obligation.

(c) The billing shall direct payments, other than outstanding cost of supervision assessments under RCW 9.94A.780, parole assessments under RCW 72.04A.120, and cost of probation assessments under RCW 9.95.214, to the county clerk, and cost of supervision, parole, or probation assessments to the department.

(d) The county clerk shall provide the administrative office of the courts with notice of payments by such offenders no less frequently than weekly.

(e) The county clerks, the administrative office of the courts, and the department shall maintain agreements to implement this subsection.

(12) The department shall arrange for the collection of unpaid legal financial obligations during any period of supervision in the community through the county clerk. The department shall either collect unpaid legal financial obligations or arrange for collections through another entity if the clerk does not assume responsibility or is unable to continue to assume responsibility for collection pursuant to subsection (4) of this section. The costs for collection services shall be paid by the offender.

(13) The county clerk may access the records of the employment security department for the purposes of verifying employment or income, seeking any assignment of wages, or performing other duties necessary to the collection of an offender’s legal financial obligations.

(14) Nothing in this chapter makes the department, the state, the counties, or any state or county employees, agents, or other persons acting on their behalf liable under any circumstances for the payment of these legal financial obligations or for the acts of any offender who is no longer, or was not, subject to supervision by the department for a term of community custody, community placement, or community supervision, and who remains under the jurisdiction of the court for payment of legal financial obligations.

Sec. 4. RCW 9.94A.772 and 2003 c 379 s 22 are each amended to read as follows:

Notwithstanding any other provision of state law, monthly payment or starting dates set by the court, the county clerk, or the department before or after October 1, 2003, shall not be construed as a limitation on the due date or amount of legal financial obligations, which may be immediately collected by civil means and shall not be construed as a limitation for purposes of credit reporting. Monthly payments and commencement dates are to be construed to be applicable solely as a limitation upon the deprivation of an offender’s liberty for nonpayment.

Sec. 5. RCW 50.13.020 and 1981 c 35 s 2 are each amended to read as follows:

Any information or records concerning an individual or employing unit obtained by the department of employment security pursuant to the administration of this title or other programs for which the department has responsibility shall be private and confidential, except as otherwise provided in this chapter. This chapter does not create a rule of evidence. Information or records may be released by the department of employment security when the release is:

(1) Required by the federal government in connection with, or as a condition of funding for, a program being administered by the department; or

(2) Requested by a county clerk for the purposes of RCW 9.94A.760.

The provisions of RCW 50.13.060 (1) (a), (b) and (c) will not apply to such release."

SSB 5436 Prime Sponsor, Senate Committee on Education: Regarding foods and beverages sold at public schools. Reported by Committee on Education

MAJORITY recommendation: Do pass as amended:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds:
(a) Childhood obesity has reached epidemic levels in Washington and throughout the nation. Nearly one in five Washington adolescents in grades nine through twelve were recently found to be either overweight or at risk of being overweight;
(b) Overweight and obese children are at higher risk for developing severe long-term health problems, including but not limited to Type 2 diabetes, cardiovascular disease, high blood pressure, and certain cancers;
(c) Overweight youth also are often affected by discrimination, psychological stress, and low self-esteem;
(d) Obesity and subsequent diseases are largely preventable through diet and regular physical activity;
(e) A child who has eaten a well-balanced meal and is healthy is more likely to be prepared to learn in the classroom;
(f) Encouraging adolescents to adopt healthy lifelong eating habits can increase their productivity and reduce their risk of dying prematurely;
(g) Frequent eating of carbohydrate-rich foods or drinking sweet liquids throughout the day increases a child’s risk for dental decay, the most common chronic childhood disease;
(h) Schools are a logical place to address the issue of obesity in children and adolescents; and
(i) Increased emphasis on physical activity at all grade levels is essential to enhancing the well-being of Washington’s youth.

(2) While the United States department of agriculture regulates the nutritional content of meals sold in schools under its school breakfast and lunch program, limited standards are in place to regulate "competitive foods," which may be high in added sugars, sodium, and saturated fat content. However, the United States department of agriculture does call for states and local entities to add restrictions on competitive foods, as necessary.

NEW SECTION. Sec. 2. (1) Consistent with the essential academic learning requirements for health and fitness, including nutrition, the Washington state school directors association, with the assistance of the office
of the superintendent of public instruction, the department of health, and the Washington alliance for health, physical education, recreation and dance, shall convene an advisory committee to develop a model policy regarding access to nutritious foods, opportunities for developmentally appropriate exercise, and accurate information related to these topics. The policy shall address the nutritional content of foods and beverages, including fluoridated bottled water, sold or provided throughout the school day or sold in competition with the federal school breakfast and lunch program and the availability and quality of health, nutrition, and physical education and fitness curriculum. The model policy should include the development of a physical education and fitness curriculum for students. For middle school students, physical education and fitness curriculum means a daily period of physical activity, a minimum of twenty minutes of which is aerobic activity in the student’s target heart rate zone, which includes instruction and practice in basic movement and fine motor skills, progressive physical fitness, athletic conditioning, and nutrition and wellness instruction through age-appropriate activities.

(2) The school directors association shall submit the model policy and recommendations on the related issues, along with a recommendation for local adoption, to the governor and the legislature and shall post the model policy on its web site by January 1, 2005.

(3) Each district's board of directors shall establish its own policy by August 1, 2005.

E2SSB 5533 Prime Sponsor, Senate Committee on Education: Providing increased access to information on disciplinary actions taken against school employees. Reported by Committee on Education

MAJORITY recommendation: Do pass as amended:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that state law requires criminal background checks of applicants for school district employment. However, the legislature finds that, because they generally are limited to criminal conviction histories, results of background checks are more complete when supplemented by an applicant’s history of past sexual misconduct. Therefore, the legislature finds that additional safeguards are necessary in the hiring of school district employees to ensure the safety of Washington's school children. In order to provide the safest educational environment for children, school districts must provide known information regarding employees' sexual misconduct when those employees attempt to transfer to different school districts.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.400 RCW to read as follows:

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Applicant" means an applicant for employment in a certificated or classified position who is currently or was previously employed by a school district.

(b) "Employer" means a school district employer.

(2) Before hiring an applicant, a school district shall request the applicant to sign a statement:

(a) Authorizing the applicant's current and past employers to disclose to the hiring school district sexual misconduct, if any, by the applicant and making available to the hiring school district copies of all documents in the previous employer’s personnel, investigative, or other files relating to sexual misconduct by the applicant; and

(b) Releasing the applicant's current and past employers, and employees acting on behalf of that employer, from any liability for providing information described in (a) of this subsection, as provided in subsection (4) of this section.

(3) Before hiring an applicant, a school district shall request in writing, electronic or otherwise, the applicant’s current and past employers to provide the information described in subsection (2)(a) of this section, if any. The request shall include a copy of the statement signed by the applicant under subsection (2) of this section.

(4) Not later than twenty business days after receiving a request under subsection (3) of this section, a school district shall provide the information requested and make available to the requesting school district copies of all documents in the applicant’s personnel record relating to the sexual misconduct. The school district, or an
employee acting on behalf of the school district, who in good faith discloses information under this section is immune from civil liability for the disclosure.

(5) A hiring district shall request from the office of the superintendent of public instruction verification of certification status, including information relating to sexual misconduct as established by the provisions of subsection (11) of this section, if any, for applicants for certificated employment.

(6) A school district shall not hire an applicant who does not sign the statement described in subsection (2) of this section.

(7) School districts may employ applicants on a conditional basis pending the district’s review of information obtained under this section.

(8) Information received under this section shall be used by a school district only for the purpose of evaluating an applicant’s qualifications for employment in the position for which he or she has applied. Except as otherwise provided by law, a board member or employee of a school district shall not disclose the information to any person, other than the applicant, who is not directly involved in the process of evaluating the applicant’s qualifications for employment. A person who violates this subsection is guilty of a misdemeanor.

(9) Beginning September 1, 2004, the board or an official of a school district shall not enter into a collective bargaining agreement, individual employment contract, resignation agreement, severance agreement, or any other contract or agreement that has the effect of suppressing information about verbal or physical abuse or sexual misconduct by a present or former employee or of expunging information about that abuse or sexual misconduct from any documents in the previous employer’s personnel, investigative, or other files relating to verbal or physical abuse or sexual misconduct by the applicant. Any provision of a contract or agreement that is contrary to this subsection is void and unenforceable, and may not be withheld from disclosure by the entry of any administrative or court order. This subsection does not restrict the expungement from a personnel file of information about alleged verbal or physical abuse or sexual misconduct that has not been substantiated.

(10) This section does not prevent a school district from requesting or requiring an applicant to provide information other than that described in this section.

(11) By September 1, 2004, the state board of education has the authority to and shall adopt rules defining "verbal abuse," "physical abuse," and "sexual misconduct" as used in this section for application to all classified and certificated employees. The definitions of verbal and physical abuse and sexual misconduct adopted by the state board of education must include the requirement that the school district has made a determination that there is sufficient information to conclude that the abuse or misconduct occurred and that the abuse or misconduct resulted in the employee’s leaving his or her position at the school district.

(12) Except as limited by chapter 49.12 RCW, at the conclusion of a school district’s investigation, a school employee has the right to review his or her entire personnel file, investigative file, or other file maintained by the school district relating to sexual misconduct as addressed in this section and to attach rebuttals to any documents as the employee deems necessary. Rebuttal documents shall be disclosed in the same manner as the documents to which they are attached. The provisions of this subsection do not supercede the protections provided individuals under the state whistleblower laws in chapter 42.41 RCW.

NEW SECTION. Sec. 3. A new section is added to chapter 28A.320 RCW to read as follows:

School districts must, at the first opportunity but in all cases within forty-eight hours of receiving a report alleging sexual misconduct by a school employee, notify the parents of a student alleged to be the victim, target, or recipient of the misconduct. School districts shall provide parents with information regarding their rights under the Washington public disclosure act, chapter 42.17 RCW, to request the public records regarding school employee discipline. This information shall be provided to all parents on an annual basis.

NEW SECTION. Sec. 4. A new section is added to chapter 28A.410 RCW to read as follows:

For the purposes of reporting disciplinary actions taken against certificated staff to other states via a national data base used by the superintendent of public instruction, the following actions shall be reported: Suspension, surrender, revocation, denial, stayed suspension, reinstatement, and any written reprimand related to abuse and sexual misconduct. These actions will only be reported to the extent that they are accepted by the national clearinghouse, but if there are categories not included, the office of the superintendent of public instruction shall seek modification to the national clearinghouse format.

"NEW SECTION. Sec. 1. A new section is added to chapter 64.34 RCW to read as follows:
(1) The legislature finds, declares, and determines that:
(a) Washington's cities and counties under the growth management act are required to encourage urban
growth in urban growth areas at densities that accommodate twenty-year growth projections;
(b) One of the growth management act's planning goals is to encourage the availability of affordable
housing for all residents of the state and promote a variety of housing types;
(c) Quality condominium construction needs to be encouraged to achieve growth management act
mandated urban densities and ensure that residents of the state, particularly in urban growth areas, have a broad
range of ownership choices.
(2) It is the intent of the legislature that this act implement changes in the condominium act that
encourage insurance carriers to provide liability insurance for condominium builders by: Providing for
arbitration of disputes; ensuring that material facts and claims are presented as fully as possible in arbitration
proceedings; confining judicial review of arbitration decisions to the arbitration record, except in very limited
circumstances; requiring mandatory arbitration of disputes involving construction defects; and eliminating
litigation over minor or insignificant problems, while continuing to protect consumers' legitimate claims
regarding condominium construction.
(3) It is the further intent of the legislature that these changes in the condominium act ensure that a broad
range of affordable homeownership opportunities continue to be available to the residents of the state and also
assist cities' and counties' efforts to achieve the density mandates of the growth management act.

Sec. 2. RCW 64.34.100 and 1989 c 43 s 1-113 are each amended to read as follows:
(1) The remedies provided by this chapter shall be liberally administered to the end that the aggrieved
party is put in as good a position as if the other party had fully performed. However, consequential, special, or
punitive damages may not be awarded except as specifically provided in this chapter or by other rule of law.
(2) Any right or obligation declared by this chapter is enforceable by arbitration or judicial proceeding.

Arbitration may be provided for in the declaration or by agreement of the parties. However, claims under RCW
64.34.443, 64.34.445, or 64.34.450 shall be subject to mandatory arbitration as set forth in this section. In any
arbitration of claims under RCW 64.34.443, 64.34.445, or 64.34.450, the arbitrator may award reasonable
attorneys' fees to the substantially prevailing party as set forth in this section.
(3) Mandatory arbitration for claims under RCW 64.34.443, 64.34.445, or 64.34.450 shall comply with
the following minimum standards:
(a) All disputes shall be heard by one qualified arbitrator, unless the parties agree that three arbitrators
shall be used. When three arbitrators are used, one shall be appointed by each of the disputing parties and the
first two arbitrators shall appoint the third, who will chair the panel. If, within thirty days, the parties fail to
agree on an arbitrator or the required number of arbitrators fail to be appointed, then an arbitrator shall be
appointed by the presiding judge of the superior court of the county in which the condominium is located under
RCW 7.04.050;
(b) An arbitrator must be a lawyer, retired judge, or have experience with construction and engineering
standards and practices, written construction warranties, or construction dispute resolution and a person shall not
serve as an arbitrator in any arbitration in which that person has any financial or personal interest;
(c) The arbitration hearing must be conducted in a manner that permits full, fair, and expeditious
presentation of the case by both parties. The arbitrator shall be bound by the law of Washington state. Parties
may be, but are not required to be, represented by attorneys. The arbitrator may permit discovery to ensure a
fair hearing but may limit the scope or manner of discovery for good cause to avoid excessive delay and costs to
the parties. Unless the parties agree otherwise or the arbitrator grants an extension for good cause, the arbitration
hearing shall be completed within six months of the service of the list of defects in accordance with RCW
64.50.030;
(d) Except as otherwise set forth in this section, arbitration shall be conducted under chapter 7.04 RCW,
unless the parties elect to use the condominium or construction dispute resolution rules of the American
arbitration association, which are permitted to the extent not inconsistent with this section. The expenses of
witnesses including expert witnesses shall be paid by the party producing the witnesses. Each party shall pay its
own reasonable attorneys' fees unless the parties agree otherwise or unless the arbitrator awards reasonable
attorneys' fees or any part thereof to any specified party or parties. All other expenses of arbitration shall be

condominium construction. Reported by Committee on Judiciary
borne equally by the parties, unless they agree otherwise or unless the arbitrator awards such expenses or any part thereof to any specified party or parties; and

(e) Filing of a demand for arbitration commences an arbitration for purposes of RCW 64.34.452.

(4) Within twenty days after the arbitration decision and award is served on the parties, any aggrieved party may file with the clerk of the superior court in which the condominium is located a written notice of appeal and request for a trial in the superior court. Such a trial shall thereupon be held and shall include a right to a jury, if demanded. Such a trial shall be commenced on an expedited schedule within ninety days of the filing of the notice of appeal.

(a) Judicial review of an arbitration decision and award shall be confined to the record created by the arbitrator, except that, upon order of the court, the record may be supplemented by additional evidence or claim only if the additional evidence or claim relates to:

(i) Claims for disqualification of an arbitrator, when such claims were unknown to the appealing party at the time of arbitration;

(ii) Claims regarding matters that were improperly excluded from the arbitration record after being offered by the appealing party;

(iii) Claims regarding matters that were outside the jurisdiction of the arbitrator; or

(iv) Material facts regarding claims that have been arbitrated and that: (A) Were unknown at the time of the arbitration hearing by the party proposing their introduction where such a lack of knowledge was not the result of the party’s prior refusal or failure to exercise reasonable diligence in the investigation of its claims or defenses; and (B) could not have been reasonably discovered at the time of arbitration where the failure to discover was not intentional or due to inexcusable neglect.

(b) Except when the court has authorized the record to be supplemented under this subsection (4), the parties may not conduct pretrial discovery. When pretrial discovery is permitted, the court shall, in its order regarding supplementing the record, establish the scope, timing, and extent of permissible discovery and shall require the moving party to disclose before trial the specific additional evidence they intend to offer.

(c) Offers of compromise and the assessment of costs and reasonable attorneys’ fees shall be governed by RCW 7.06.050 and 7.06.060.

(d) The arbitration decision shall be in writing and must set forth findings of fact and conclusions of law that support the decision.

(e) Unless the parties agree otherwise, a complete verbatim record of the arbitration hearing shall be maintained that includes all exhibits offered by the parties. Video recording of the arbitration hearing is permissible only with the consent of the parties.

(f) Within forty-five days after entry of an order to submit the record, or within such other time as the court allows or as the parties agree, the arbitrator shall submit to the court a certified copy of the record for judicial review of the decision, except that the petitioner shall prepare at the petitioner’s expense and submit the verbatim hearing record required under (e) of this subsection. If the parties agree, or upon order of the court, the record shall be shortened or summarized to avoid reproduction and transcription of portions of the record that are duplicative or not relevant to the issues to be reviewed by the court. The petitioner shall pay the arbitrator the cost of preparing the record before the arbitrator submits the record to the court. Failure by the petitioner to timely pay the arbitrator relieves the arbitrator of responsibility to submit the record and is grounds for dismissal of the petition. If the relief sought by the petitioner is granted in whole or in part, the court shall equitably assess the costs of preparing the record among the parties. In assessing costs, the court shall take into account the extent to which each party prevailed and the reasonableness of the parties’ conduct in agreeing or not agreeing to shorten or summarize the record under this subsection (4)(f).

(g) Unless the parties agree otherwise, an appeal of an arbitrator’s decision is an appeal of the full and complete decision.

**Sec. 6.** RCW 64.34.445 and 1992 c 220 s 26 are each amended to read as follows:

1. A declarant and any dealer warrants that a unit will be in at least as good condition at the earlier of the time of the conveyance or delivery of possession as it was at the time of contracting, reasonable wear and tear and damage by casualty or condemnation excepted.
2. (a) A declarant and any dealer impliedly warrants that a unit and the common elements in the condominium are suitable for the ordinary uses of real estate of its type and that any improvements made or contracted for by such declarant or dealer will be:

   2. Constructed in accordance with sound engineering and construction standards;
   3. Constructed in a workmanlike manner; and
   4. Constructed in compliance with all laws then applicable to such improvements.
3. The implied warranty is applicable only if a failure under (a) of this subsection either does or will, or both: (i) Have a material adverse effect on the structural integrity of a unit or common element; (ii) result in a unit or common element being unsafe in any material respect when used for its intended purposes; (iii) substantially impair the sale of the unit if the defect were known; or (iv) materially impair the use of the unit or common element for its intended purpose.
4. Warranties imposed by this section may be replaced, excluded, or modified as specified in RCW 64.34.450.
5. For purposes of this section, improvements made or contracted for by an affiliate of a declarant, as defined in RCW 64.34.020, are made or contracted for by the declarant.
6. Any conveyance of a unit transfers to the purchaser all of the declarant's implied warranties of quality, including as they may be replaced, excluded, or modified by an express written warranty as specified in RCW 64.34.450.

**Sec. 7.** RCW 64.34.450 and 1989 c 43 s 4-113 are each amended to read as follows:

1. ((Except as limited by subsection (2) of this section)) For units intended for nonresidential use, implied warranties of quality:
   (a) May be excluded or modified by written agreement of the parties; and
   (b) Are excluded by written expression of disclaimer, such as "as is," "with all faults," or other language which in common understanding calls the buyer's attention to the exclusion of warranties.
2. (With respect to a purchaser of a unit that may be occupied)) For units intended for residential use, no ((general)) disclaimer of implied warranties of quality is effective, ((but a)) except that:
   (a) A declarant ((and any)) or dealer may disclaim liability in an instrument signed by the purchaser for a specified defect or specified failure to comply with applicable law, if the specific defect or failure is known to exist at the time of disclosure and is disclosed in the public offering statement as required by RCW 64.34.410, or in another instrument signed by the buyer, and the disclaimer entered into and became a part of the basis of the bargain; and/or
   (b) A declarant or dealer may replace or modify the implied warranties of quality provided under RCW 64.34.445 with an express written warranty of quality only if each of the following conditions are met:
      (i) The express written warranty does not reduce protections provided to the purchaser by the implied warranty set forth in RCW 64.34.445;
      (ii) The disclosure required by RCW 64.34.410(1)(z) is contained in a public offering statement as provided by RCW 64.34.410(3) and such disclosure is set forth in twelve-point bold face type in the declaration or amendment thereto;
      (iii) The express written warranty is set forth in full in the declaration, an amendment to the declaration, or another recorded document; and
      (iv) The unit purchaser who initially acquires the unit from the declarant expressly acknowledges in a recorded written conveyance or another recorded written instrument that the implied warranties of quality have been replaced or modified by the express written warranty.

**Sec. 8.** RCW 64.34.452 and 2002 c 323 s 11 are each amended to read as follows:

1. A judicial proceeding or arbitration for breach of any obligations arising under RCW 64.34.443 ((and)), 64.34.445, and 64.34.450 must be commenced within four years after the cause of action accrues:
   PROVIDED. That the period for commencing an action for a breach accruing pursuant to subsection (2)(b) of this section shall not expire prior to one year after termination of the period of declarant control, if any, under RCW 64.34.308(4). Such periods may not be reduced by either oral or written agreement, or through the use of
contractual claims or notice procedures that require the filing or service of any claim or notice prior to the expiration of the period specified in this section.

(2) Subject to subsection (3) of this section, a cause of action or breach of warranty of quality, regardless of the purchaser’s lack of knowledge of the breach, accrues:

(a) As to a unit, the date the purchaser to whom the warranty is first made enters into possession if a possessory interest was conveyed or the date of acceptance of the instrument of conveyance if a nonpossessory interest was conveyed; and

(b) As to each common element, at the latest of (i) the date the first unit in the condominium was conveyed to a bona fide purchaser, (ii) the date the common element was completed, or (iii) the date the common element was added to the condominium.

(3) If a warranty of quality explicitly extends to future performance or duration of any improvement or component of the condominium, the cause of action accrues at the time the breach is discovered or at the end of the period for which the warranty explicitly extends, whichever is earlier.

(4) If a written notice of claim is served under RCW 64.50.020 within the time prescribed for the filing of an action under this chapter, the statutes of limitation in this chapter and any applicable statutes of repose for construction-related claims are tolled until sixty days after the period of time during which the filing of an action is barred under RCW 64.50.020.

NEW SECTION. Sec. 12. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

SSB 5733  Prime Sponsor, Senate Committee on Health & Long-Term Care: Improving fairness and
protection in boarding homes and adult family homes. Reported by Committee on
Health Care

MAJORITY recommendation:  Do pass as amended:

Strike everything after the enacting clause and insert the following:

"Sec. 1.  RCW 18.20.050 and 2003 c 231 s 4 are each amended to read as follows:
Upon receipt of an application for license, if the applicant and the boarding home facilities meet the
requirements established under this chapter, the department shall issue a license. If there is a failure to comply
with the provisions of this chapter or the standards and rules adopted pursuant thereto, the department may in its
discretion issue to an applicant for a license, or for the renewal of a license, a provisional license which will
permit the operation of the boarding home for a period to be determined by the department, but not to exceed
twelve months, which provisional license shall not be subject to renewal. The department may also place
conditions on the license under RCW 18.20.190. At the time of the application for or renewal of a license or
provisional license the licensee shall pay a license fee as established by the department under RCW 43.20B.110.
All licenses issued under the provisions of this chapter shall expire on a date to be set by the department, but no
license issued pursuant to this chapter shall exceed twelve months in duration. However, when the annual license
renewal date of a previously licensed boarding home is set by the department on a date less than twelve months
prior to the expiration date of a license in effect at the time of reissuance, the license fee shall be prorated on a
monthly basis and a credit be allowed at the first renewal of a license for any period of one month or more
covered by the previous license. All applications for renewal of a license shall be made not later than thirty days
prior to the date of expiration of the license. Each license shall be issued only for the premises and persons
named in the application, and no license shall be transferable or assignable. Licenses shall be posted in a
conspicuous place on the licensed premises.

A licensee who receives notification of the department’s initiation of a denial, suspension, nonrenewal,
or revocation of a boarding home license may, in lieu of appealing the department’s action, surrender or
relinquish the license. The department shall not issue a new license to or contract with the licensee, for the
purposes of providing care to vulnerable adults or children, for a period of twenty years following the
surrendering or relinquishment of the former license. The licensing record shall indicate that the licensee
relinquished or surrendered the license, without admitting the violations, after receiving notice of the
department’s initiation of a denial, suspension, nonrenewal, or revocation of a license.

The department may at anytime make an unannounced inspection of a licensed home to
ensure that the safety of residents is not compromised by a change in licensee, the new licensee is responsible for correction
of all violations that may exist at the time of the new license, including compliance with any plan of correction in
effect immediately prior to the change in licensee. If any person affiliated with the new licensee was affiliated
with a prior licensee at the same boarding home, then the prior licensee’s compliance and enforcement record
becomes part of the new licensee’s record at the boarding home. A person is considered affiliated with a licensee
if the person is an applicant for the boarding home license, or is listed on the license application as a partner,
officer, director, managerial employee, or majority owner of the applying entity.

Sec. 2.  RCW 18.20.110 and 2003 c 280 s 1 are each amended to read as follows:
The department shall make or cause to be made, at least every eighteen months with an annual average
of fifteen months, an inspection and investigation of all boarding homes. However, the department may delay an
inspection to twenty-four months if the boarding home has had three consecutive inspections with no written
notice of violations and has received no written notice of violations resulting from complaint investigation during
that same time period. The department may at anytime make an unannounced inspection of a licensed home to
assure that the licensee is in compliance with this chapter and the rules adopted under this chapter. Every inspection shall focus primarily on actual or potential resident outcomes, and may include an inspection of every part of the premises and an examination of all records (other than financial records, which may be examined when the department has reasonable cause to believe financial obligations related to resident care or services will not be met, or to investigate an allegation of financial exploitation of a resident), methods of administration, the general and special dietary, and the stores and methods of supply. Following such an inspection or inspections, written notice of any violation of this law or the rules adopted hereunder shall be given to the applicant or licensee and the department. The department may prescribe by rule that any licensee or applicant desiring to make specified types of alterations or additions to its facilities or to construct new facilities shall, before commencing such alteration, addition, or new construction, submit plans and specifications (therefore) to the agencies responsible for plan reviews for preliminary inspection and approval or recommendations with respect to compliance with the rules and standards herein authorized.

**Sec. 3.** RCW 70.128.060 and 2001 c 193 s 9 are each amended to read as follows:

(1) An application for license shall be made to the department upon forms provided by it and shall contain such information as the department reasonably requires.

(2) Subject to the provisions of this section, the department shall issue a license to an adult family home if the department finds that the applicant and the home are in compliance with this chapter and the rules adopted under this chapter, unless (a) the applicant or a person affiliated with the applicant has prior violations of this chapter relating to the adult family home subject to the application or any other adult family home, or of any other law regulating residential care facilities within the past five years that resulted in revocation, suspension, or nonrenewal of a license or contract with the department; or (b) the applicant or a person affiliated with the applicant has a history of significant noncompliance with federal, state, or local laws, rules, or regulations relating to the provision of care or services to vulnerable adults or to children. A person is considered affiliated with an applicant if the person is listed on the license application as a partner, officer, director, resident manager, or majority owner of the applying entity.

(3) The license fee shall be submitted with the application.

(4) The department shall serve upon the applicant a copy of the decision granting or denying an application for a license. An applicant shall have the right to contest denial of his or her application for a license as provided in chapter 34.05 RCW by requesting a hearing in writing within twenty-eight days after receipt of the notice of denial.

(5) The department shall not issue a license to a provider if the department finds that the provider or any partner, officer, director, managerial employee, or majority owner (of five percent or more) if the provider has a history of significant noncompliance with federal or state regulations, rules, or laws in providing care or services to vulnerable adults or to children.

(6) The department shall license an adult family home for the maximum level of care that the adult family home may provide. The department shall define, in rule, license levels based upon the education, training, and caregiving experience of the licensed provider or staff.

(7) The department shall establish, by rule, standards used to license nonresident providers and multiple facility operators.

(8) The department shall establish, by rule, for multiple facility operators educational standards substantially equivalent to recognized national certification standards for residential care administrators.

(9) The license fee shall be set at fifty dollars per year for each home. A fifty dollar processing fee shall also be charged each home when the home is initially licensed.

(10) A provider who receives notification of the department’s initiation of a denial, suspension, nonrenewal, or revocation of an adult family home license may, in lieu of appealing the department’s action, surrender or relinquish the license. The department shall not issue a new license to or contract with the provider, for the purposes of providing care to vulnerable adults or children, for a period of twenty years following the surrendering or relinquishment of the former license. The licensing record shall indicate that the provider relinquished or surrendered the license, without admitting the violations, after receiving notice of the department’s initiation of a denial, suspension, nonrenewal, or revocation of a license.

(11) The department shall establish, by rule, the circumstances requiring a change in the licensed provider, which include, but are not limited to, a change in ownership or control of the adult family home or provider, a change in the provider’s form of legal organization, such as from sole proprietorship to partnership or corporation, and a dissolution or merger of the licensed entity with another legal organization. The new provider is subject to the provisions of this chapter, the rules adopted under this chapter, and other applicable law. In order to ensure that the safety of residents is not compromised by a change in provider, the new provider is responsible for correction of all violations that may exist at the time of the new license, including compliance with any plan of correction in effect immediately prior to the change in provider. If any person affiliated with the new provider was affiliated with a prior provider at the same adult family home, then the prior provider’s compliance and enforcement record becomes part of the new provider’s record at the adult family home.

**Sec. 4.** RCW 18.20.120 and 2000 c 47 s 5 are each amended to read as follows:
All information received by the department through filed reports, inspections, or as otherwise authorized under this chapter ((shall not be disclosed publicly in any manner as to identify individuals or boarding homes, except at the specific request of a member of the public and disclosure is)), or used by the department in connection with this chapter, is subject to public records disclosure consistent with RCW 42.17.260(1).

Sec. 5. RCW 18.20.125 and 2003 c 231 s 5 are each amended to read as follows:

(1) Inspections must be outcome based and responsive to resident complaints and based on a clear set of health, quality of care, and safety standards that are easily understandable and have been made available to facilities, residents, and other interested parties. This includes that when conducting licensing inspections, the department shall interview an appropriate percentage of residents, family members, and advocates in addition to interviewing appropriate staff. At the conclusion of the on-site license inspection, the department shall conduct an exit meeting at the facility to explain the department’s preliminary findings and to provide the facility and the resident council, or other representatives of the residents, the opportunity to provide clarifying information.

(2) Prompt and specific enforcement remedies shall also be implemented without delay, consistent with RCW 18.20.190, for facilities found to have delivered care or failed to deliver care resulting in problems that are serious, recurring, or uncorrected, or that create a hazard that is causing or likely to cause death or serious harm to one or more residents. These enforcement remedies may also include, when appropriate, reasonable conditions on a license. In the selection of remedies, the safety, health, and well-being of residents shall be of paramount importance.

(3) To the extent funding is available, the licensee, administrator, and their staff should be screened through background checks in a uniform and timely manner to ensure that they do not have a criminal history that would disqualify them from working with vulnerable adults. Employees may be provisionally hired pending the results of the background check if they have been given three positive references.

(4) No licensee, administrator, or staff, or prospective licensee, administrator, or staff, with a stipulated finding of fact, conclusion of law, and agreed order, or finding of fact, conclusion of law, or final order issued by a disciplining authority, a court of law, or entered into the state registry finding him or her guilty of abuse, neglect, exploitation, or abandonment of a minor or a vulnerable adult as defined in chapter 74.34 RCW shall be employed in the care of and have unsupervised access to vulnerable adults.

Sec. 6. RCW 18.20.195 and 2001 c 193 s 7 are each amended to read as follows:

(1) The licensee or its designee has the right to an informal dispute resolution process to dispute any violation found or enforcement remedy imposed by the department during a licensing inspection or complaint investigation. The purpose of the informal dispute resolution process is to provide an opportunity for an exchange of information that may lead to the modification, deletion, or removal of a violation, or parts of a violation, or enforcement remedy imposed by the department. If the dispute concerns a complaint investigation, the complainant shall be given the opportunity to provide the department with clarifying information before the department reaches a decision. If the dispute concerns a licensing inspection, the resident council or other representatives of the residents shall be given the opportunity to provide the department with clarifying information before the department reaches a decision.

(2) The informal dispute resolution process provided by the department shall include, but is not necessarily limited to, an opportunity for review by a department employee who did not participate in, or oversee, the determination of the violation or enforcement remedy under dispute. The department shall develop, or further develop, an informal dispute resolution process consistent with this section.

(3) A request for an informal dispute resolution shall be made to the department within ten working days from the receipt of a written finding of a violation or enforcement remedy. The request shall identify the violation or violations and enforcement remedy or remedies being disputed. The department shall convene a meeting, when possible, within ten working days of receipt of the request for informal dispute resolution, unless by mutual agreement a later date is agreed upon.

(4) If the department determines that a violation or enforcement remedy should not be cited or imposed, the department shall delete the violation or immediately rescind or modify the enforcement remedy. If the department determines that a violation should have been cited or an enforcement remedy imposed, the department shall add the citation and enforcement remedy. Upon request, the department shall issue a clean copy of the revised report, statement of deficiencies, or notice of enforcement action.

(5) The request for informal dispute resolution does not delay the effective date of any enforcement remedy imposed by the department, except that civil monetary fines are not payable until the exhaustion of any formal hearing and appeal rights provided under this chapter. The licensee shall submit to the department, within the time period prescribed by the department, a plan of correction to address any undisputed violations, and including any violations that still remain following the informal dispute resolution.

Sec. 7. RCW 74.39A.050 and 2000 c 121 s 10 are each amended to read as follows:

The department’s system of quality improvement for long-term care services shall use the following principles, consistent with applicable federal laws and regulations:
(1) The system shall be client-centered and promote privacy, independence, dignity, choice, and a home or home-like environment for consumers consistent with chapter 392, Laws of 1997.

(2) The goal of the system is continuous quality improvement with the focus on consumer satisfaction and outcomes for consumers. This includes that when conducting licensing or contract inspections, the department shall interview an appropriate percentage of residents, family members, resident case managers, and advocates in addition to interviewing providers and staff. At the conclusion of the on-site license or contract inspection, the department shall conduct an exit conference at the facility to explain the department’s preliminary findings and to provide the facility and residents or their representatives the opportunity to provide clarifying information.

(3) Providers should be supported in their efforts to improve quality and address identified problems initially through training, consultation, technical assistance, and case management.

(4) The emphasis should be on problem prevention both in monitoring and in screening potential providers of service.

(5) Monitoring should be outcome based and responsive to consumer complaints and based on a clear set of health, quality of care, and safety standards that are easily understandable and have been made available to providers, residents, and other interested parties.

(6) Prompt and specific enforcement remedies shall also be implemented without delay, pursuant to RCW 74.39A.080, RCW 70.128.160, chapter 18.51 RCW, or chapter 74.42 RCW, for providers found to have delivered care or failed to deliver care resulting in problems that are serious, recurring, or uncorrected, or that create a hazard that is causing or likely to cause death or serious harm to one or more residents. These enforcement remedies may also include, when appropriate, reasonable conditions on a contract or license. In the selection of remedies, the safety, health, and well-being of residents shall be of paramount importance.

(7) To the extent funding is available, all long-term care staff directly responsible for the care, supervision, or treatment of vulnerable persons should be screened through background checks in a uniform and timely manner to ensure that they do not have a criminal history that would disqualify them from working with vulnerable persons. Whenever a state conviction record check is required by state law, persons may be employed or engaged as volunteers or independent contractors on a conditional basis according to law and rules adopted by the department.

(8) No provider or staff, or prospective provider or staff, with a stipulated finding of fact, conclusion of law, an agreed order, or finding of fact, conclusion of law, or final order issued by a disciplining authority, a court of law, or entered into a state registry finding him or her guilty of abuse, neglect, exploitation, or abandonment of a minor or a vulnerable adult as defined in chapter 74.34 RCW shall be employed in the care of and have unsupervised access to vulnerable adults.

(9) The department shall establish, by rule, a state registry which contains identifying information about personal care aides identified under this chapter who have substantiated findings of abuse, neglect, financial exploitation, or abandonment of a vulnerable adult as defined in RCW 74.34.020. The rule must include disclosure, disposition of findings, notification, findings of fact, appeal rights, and fair hearing requirements. The department shall disclose, upon request, substantiated findings of abuse, neglect, financial exploitation, or abandonment to any person so requesting this information.

(10) The department shall by rule develop training requirements for individual providers and home care agency providers. Effective March 1, 2002, individual providers and home care agency providers must satisfactorily complete department-approved orientation, basic training, and continuing education within the time period specified by the department in rule. The department shall adopt rules by March 1, 2002, for the implementation of this section based on the recommendations of the community long-term care training and education steering committee established in RCW 74.39A.190. The department shall deny payment to an individual provider or a home care provider who does not complete the training requirements within the time limit specified by the department by rule.

(11) In an effort to improve access to training and education and reduce costs, especially for rural communities, the coordinated system of long-term care training and education must include the use of innovative types of learning strategies such as internet resources, videotapes, and distance learning using satellite technology coordinated through community colleges or other entities, as defined by the department.

(12) The department shall create an approval system by March 1, 2002, for those seeking to conduct department-approved training. In the rule-making process, the department shall adopt rules based on the recommendations of the community long-term care training and education steering committee established in RCW 74.39A.190.

(13) The department shall establish, by rule, training, background checks, and other quality assurance requirements for personal aides who provide in-home services funded by medicaid personal care as described in RCW 74.09.520, community options program entry system waiver services as described in RCW 74.39A.030, or chore services as described in RCW 74.39A.110 that are equivalent to requirements for individual providers.

(14) Under existing funds the department shall establish internally a quality improvement standards committee to monitor the development of standards and to suggest modifications.

(15) Within existing funds, the department shall design, develop, and implement a long-term care training program that is flexible, relevant, and qualifies towards the requirements for a nursing assistant
certificate as established under chapter 18.88A RCW. This subsection does not require completion of the nursing assistant certificate training program by providers or their staff. The long-term care teaching curriculum must consist of a fundamental module, or modules, and a range of other available relevant training modules that provide the caregiver with appropriate options that assist in meeting the resident’s care needs. Some of the training modules may include, but are not limited to, specific training on the special care needs of persons with developmental disabilities, dementia, mental illness, and the care needs of the elderly. No less than one training module must be dedicated to workplace violence prevention. The nursing care quality assurance commission shall work together with the department to develop the curriculum modules. The nursing care quality assurance commission shall direct the nursing assistant training programs to accept some or all of the skills and competencies from the curriculum modules towards meeting the requirements for a nursing assistant certificate as defined in chapter 18.88A RCW. A process may be developed to test persons completing modules from a caregiver’s class to verify that they have the transferable skills and competencies for entry into a nursing assistant training program. The department may review whether facilities can develop their own related long-term care training programs. The department may develop a review process for determining what previous experience and training may be used to waive some or all of the mandatory training. The department of social and health services and the nursing care quality assurance commission shall work together to develop an implementation plan by December 12, 1998.”

SB 5869 Prime Sponsor, Senator T. Sheldon: Authorizing nonprofit corporations to participate in self-insurance risk pools. Reported by Committee on Financial Institutions & Insurance

MAJORITY recommendation: Do pass as amended:

Strike everything after the enacting clause and insert the following:

“NEW SECTION. Sec. 1. The legislature finds that recent increases in property and liability insurance premiums experienced by some nonprofit organizations have the potential to negatively impact the ability of these organizations to continue to offer the level of service they provide in our communities. The legislature finds that nonprofit organizations are distinct from private for-profit businesses. By their very nature, nonprofit organizations are formed for purposes other than generating a profit, and are restricted from distributing any part of the organization’s income to its directors or officers. Because of these characteristics, nonprofit organizations provide a unique public good to the residents in our state.

The legislature finds that in order to sustain the financial viability of nonprofit organizations, they should be provided with alternative options for insuring against risks. The legislature further finds that local government entities and nonprofit organizations share the common goal of providing services beneficial to the public interest. The legislature finds that allowing nonprofit organizations and local government entities to pool risk in self-insurance risk pools may be of mutual benefit for both types of entities. Therefore, it is the intent of the legislature to allow nonprofit organizations to form or participate in self-insurance risk pools with other nonprofit organizations or with local government entities where authority for such risk pooling arrangements does not currently exist in state or federal law.
Sec. 2. RCW 48.62.021 and 2002 c 332 s 24 are each amended to read as follows:
Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.
(1) "Local government entity" or "entity" means every unit of local government, both general purpose and special purpose, and includes, but is not limited to, counties, cities, towns, port districts, public utility districts, water-sewer districts, school districts, fire protection districts, irrigation districts, metropolitan municipal corporations, conservation districts, and other political subdivisions, governmental subdivisions, municipal corporations, and quasi-municipal corporations.
(2) "Risk assumption" means a decision to absorb the entity’s financial exposure to a risk of loss without the creation of a formal program of advance funding of anticipated losses.
(3) "Self-insurance" means a formal program of advance funding and management of entity financial exposure to a risk of loss that is not transferred through the purchase of an insurance policy or contract.
(4) "Health and welfare benefits" means a plan or program established by a local government entity or entities for the purpose of providing its employees and their dependents, and in the case of school districts, its district employees, students, directors, or any of their dependents, with health care, accident, disability, death, and salary protection benefits.
(5) "Property and liability risks" includes the risk of property damage or loss sustained by a local government entity and the risk of claims arising from the tortious or negligent conduct or any error or omission of the local government entity, its officers, employees, agents, or volunteers as a result of which a claim may be made against the local government entity.
(6) "State risk manager" means the risk manager of the risk management division within the office of financial management.
(7) "Nonprofit corporation" or "corporation" has the same meaning as defined in RCW 24.03.005(3).

NEW SECTION. Sec. 3. A new section is added to chapter 48.62 RCW to read as follows:
(1) A nonprofit corporation may form or join a self-insurance risk pool with one or more nonprofit corporations or with a local government entity or entities for property and liability risks.
(2) A nonprofit corporation that participates in or forms a self-insurance risk pool with one or more nonprofit corporations or with a local government entity or entities, as provided in subsection (1) of this section, is subject to the same rules and regulations that apply to a local government entity or entities under this chapter.
(3) This section does not apply to a nonprofit corporation that:
(a) Individually self-insures for property and liability risks;

"NEW SECTION. Sec. 1. The legislature recognizes that southwest Washington continues to be the fastest-growing region in the state and is successfully attracting a wide array of corporations and businesses vital to the future expansion of the economy of the region and the entire state. The legislature also recognizes that southwest Washington is the largest urban area in the state without access to an in-state, public four-year institution of higher education. However, the legislature finds that other areas of the state could also potentially benefit educationally and economically from expanded baccalaureate and graduate education opportunities. With increased demand and limited resources to provide such expansion, the legislature finds it necessary to examine thoroughly and objectively the prospect of creating additional educational opportunities not only in southwest Washington but also in other underserved areas of the state.

NEW SECTION. Sec. 2. (1) The Washington state institute for public policy shall develop evaluation criteria and identify data necessary to study the feasibility of creating additional public baccalaureate and graduate education opportunities in underserved areas of the state. The criteria must be rigorous, objective, and applicable to various regions of the state. The study methodology must include consultation with community leaders. The criteria must include but not be limited to the following:
(a) A detailed regional analysis of student demand and supply of degree programs from existing higher education institutions;
(b) Population and demographic projections for a region;
(c) Potential regional economic development, including types of businesses and employers and their educational and work force training needs;
(d) Evaluation of alternative models of providing baccalaureate and professional graduate education in a region, including expanding existing partnerships between community and technical colleges and four-year institutions;
(e) Examination of the possible role and mission of new or modified higher education institutions in a region, including the possibility of an innovative combination of instruction and research suitable for meeting a region's needs for access as well as support the expansion of a region's economic viability;
(f) Analysis of short and long-term operating and capital costs; and
(g) A balance between local or regional interests and statewide needs.
(2) Once the evaluation criteria, data, and methodology have been developed, the institute shall conduct the first feasibility study in southwest Washington.
(3) The institute shall submit its findings from the first feasibility study to the higher education and fiscal committees of the senate and house of representatives by December 15, 2004.

(a) Appropriate quality assurance and quality control procedures were followed and documented in collecting and analyzing water quality samples;
(b) The samples or measurements are representative of water quality conditions at the time the data was collected;
(c) The data consists of an adequate number of samples based on the objectives of the sampling, the nature of the water in question, and the parameters being analyzed; and
(d) Sampling and laboratory analysis conform to methods and protocols generally acceptable in the scientific community as appropriate for use in assessing the condition of the water.
(2) Data interpretation, statistical, and modeling methods shall be those methods generally acceptable in the scientific community as appropriate for use in assessing the condition of the water.
(3) The department shall develop policy:
(a) Explaining how it uses scientific research and literature for developing and reviewing any water quality standard or technical model used to establish a total maximum daily load for any water of the state;
(b) Describing the specific criteria that determine data credibility; and
(c) Defining the appropriate training and experience in order to collect credible data.

"NEW SECTION. Sec. 1. (1) The legislature finds that Washington faces serious forest health problems where forests are overcrowded or trees are infested with or susceptible to insects, diseases, wind, ice storms, and fire. The causes and contributions to these susceptible conditions include fire suppression, past timber harvesting and silvicultural practices, and the amplified risks that occur when the urban interface penetrates forest land.

(2) The legislature further finds that forest health problems may exist on forest land regardless of ownership, and the state should explore all possible avenues for working in collaboration with the federal government to address common health deficiencies.

(3) The legislature further finds that healthy forests benefit not only the economic interests that rely on forest products but also provide environmental benefits, such as improved water quality and habitat for fish and wildlife.

NEW SECTION. Sec. 2. A new section is added to chapter 76.06 RCW to read as follows:
(1) The commissioner of public lands is designated as the state of Washington’s lead for all forest health issues.

(2) The commissioner of public lands shall strive to promote communications between the state and the federal government regarding forest land management decisions that potentially affect the health of forests in Washington and will allow the state to have an influence on the management of federally owned land in Washington. Such government-to-government cooperation is vital if the condition of the state’s public and private forest lands are to be protected. These activities may include, when deemed by the commissioner to be in the best interest of the state:
(a) Representing the state’s interest before all appropriate local, state, and federal agencies;
(b) Assuming the lead state role for developing formal comments on federal forest management plans that may have an impact on the health of forests in Washington; and
(c) Pursuing in an expedited manner any available and appropriate cooperative agreements, including cooperating agency status designation, with the United States forest service and the United States bureau of land management that allow for meaningful participation in any federal land management plans that could affect the department’s strategic plan for healthy forests and effective fire prevention and suppression, including the pursuit of any options available for giving effect to the cooperative philosophy contained within the national environmental policy act of 1969 (42 U.S.C. Sec. 4331).

(3) The commissioner of public lands shall report to the chairs of the appropriate standing committees of the legislature every year on progress under this section, including the identification, if deemed appropriate by the commissioner, of any needed statutory changes, policy issues, or funding needs.

NEW SECTION. Sec. 3. The commissioner of public lands shall develop a statewide plan for increasing forest resistance and resilience to forest insects, disease, wind, and fire in Washington by December 30, 2004. In developing the statewide plan, the commissioner shall work with and consult the work group created in section 4 of this act.

NEW SECTION. Sec. 4. (1) A work group is created to study opportunities to improve the forest health issues enumerated in section 1 of this act that are facing forest land in Washington and to help the commissioner of public lands develop a strategic plan under section 3 of this act. The work group may, if deemed necessary, identify and focus on regions of the state where forest health issues enumerated in section 1 of this act are the most critical.

(2)(a) The work group is comprised of individuals selected on the basis of their knowledge of forests, forest ecology, or forest health issues and, if determined by the commissioner of public lands to be necessary, should represent a mix of individuals with knowledge regarding specific regions of the state. Members of the work group shall be appointed by the commissioner of public lands, unless otherwise specified, and shall include:
(i) The commissioner of public lands or the commissioner’s designee, who shall serve as chair;
(ii) A representative of a statewide industrial timber landowner’s group;
(iii) A landowner representative from the small forest landowner advisory committee established in RCW 76.13.110;
(iv) A representative of a college within a state university that specializes in forestry or natural resources science;
(v) A representative of an environmental organization;
(vi) A representative of a county that has within its borders state-owned forest lands that are known to suffer from the forest health deficiencies enumerated in section 1 of this act;
(vii) A representative of the Washington state department of fish and wildlife;
(viii) A forest hydrologist, an entomologist, and a fire ecologist, if available;
(ix) A representative of the governor appointed by the governor; and
(x) A representative of a professional forestry organization.

(b) In addition to the membership of the work group outlined in this section, the commissioner of public lands shall also invite the full and equal participation of:
(i) A representative of a tribal government located in a region of the state where the forest health issues enumerated in section 1 of this act are present; and
(ii) A representative of both the United States forest service and the United States fish and wildlife service stationed to work primarily in Washington.

(3) The work group shall:
(a) Determine whether the goals and requirements of chapter 76.06 RCW are being met with regard to the identification, designation, and reduction of significant forest insect and disease threats to public and private forest resources, and whether the provisions of chapter 76.06 RCW are the most effective and appropriate way to address forest health issues;
(b) Study what incentives could be used to assist landowners with the costs of creating and maintaining forest health;
(c) Identify opportunities and barriers for improved prevention of losses of public and private resources to forest insects, diseases, wind, and fire;
(d) Assist the commissioner in developing a strategic plan under section 3 of this act for increasing forest resistance and resilience to forest insects, disease, wind, and fire in Washington;
(e) Develop funding alternatives for consideration by the legislature;
(f) Explore possible opportunities for the state to enter into cooperative agreements with the federal government, or other avenues for the state to provide input on the management of federally owned land in Washington;
(g) Develop recommendations for the proper treatment of infested and fire and wind damaged forests on public and private lands within the context of working with interdisciplinary teams under the forest practices act to ensure that forest health is achieved with the protection of fish, wildlife, and other public resources;
(h) Analyze the state noxious weed control statutes and procedures (chapter 17.10 RCW) and the extreme hazard regulations adopted under the forest protection laws, to determine if the policies and procedures of these laws are applicable, or could serve as a model to support improved forest health; and
(i) Recommend whether the work group should be extended beyond the time that the required report has been submitted.

(4) The work group shall submit to the department of natural resources and the appropriate standing committees of the legislature, no later than December 30, 2004, its findings and recommendations for legislation that is necessary to implement the findings.

(5) The department of natural resources shall provide technical and staff support from existing staff for the work group created by this section.

(6) This section expires June 30, 2005.

NEW SECTION. Sec. 5. A new section is added to chapter 79.15 RCW to read as follows:
(1) The legislature intends to ensure, to the extent feasible given all applicable trust responsibilities, that trust beneficiaries receive long-term income from timber lands through improved forest conditions and by reducing the threat of forest fire to state trust forest lands.
(2) In order to implement the intent of subsection (1) of this section, the department may initiate contract harvesting timber sales, or other silvicultural treatments when appropriate, in specific areas of state trust forest land where the department has identified forest health deficiencies caused by disease or pests. All harvesting or silvicultural treatments applied under this section must be tailored to improve the health of the specific stand, must be consistent with any applicable state forest plans and other management agreements, and must comply with all applicable state and federal laws and regulations regarding the harvest of timber by the department of natural resources.
(3) In utilizing contract harvesting to address forest health issues as outlined in this section, the department shall give priority to silvicultural treatments that assist the department in meeting targets included in any management or landscape plans that exist for individual state forests.

Sec. 6. RCW 79.15.510 and 2003 c 313 s 3 are each amended to read as follows:
(1) The department may establish a contract harvesting program (by) for directly contracting for the removal of timber and other valuable materials from state lands and for conducting silvicultural treatments consistent with section 5 of this act.
(2) The contract requirements must be compatible with the office of financial management’s guide to public service contracts.

(3) The department may not use contract harvesting for more than ten percent of the total annual volume of timber offered for sale. However, volume removed primarily to address an identified forest health issue under section 5 of this act may not be included in calculating the ten percent annual limit of contract harvesting sales.

**Sec. 7.** RCW 79.15.520 and 2003 c 313 s 4 are each amended to read as follows:

(1) The contract harvesting revolving account is created in the custody of the state treasurer. All receipts from the gross proceeds of the sale of logs from a contract harvesting sale must be deposited into the account. Expenditures from the account may be used only for the payment of harvesting costs incurred on contract harvesting sales and for payment of costs incurred from silvicultural treatments necessary to improve forest health conducted under section 5 of this act. Only the commissioner or the commissioner’s designee may authorize expenditures from the account. The board of natural resources has oversight of the account, and the commissioner must periodically report to the board of natural resources as to the status of the account, its disbursement, and receipts. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(2) When the logs from a contract harvesting sale are sold, the gross proceeds must be deposited into the contract harvesting revolving account. Moneys equal to the harvesting costs must be retained in the account and be deducted from the gross proceeds to determine the net proceeds. The net proceeds from the sale of the logs must be distributed in accordance with RCW ((43.85.130) 43.30.325(1)(b). The final receipt of gross proceeds on a contract harvesting sale must be retained in the contract harvesting revolving account until all required costs for that sale have been paid. The contract harvesting revolving account is an interest-bearing account and the interest must be credited to the account. The account balance may not exceed one million dollars at the end of each fiscal year. Moneys in excess of one million dollars must be disbursed according to RCW ((76.12.050, 76.12.120)) 79.22.040, 79.22.050, and 79.64.040. If the department permanently discontinues the use of contract harvesting sales, any sums remaining in the contract harvesting revolving account must be returned to the resource management cost account and the forest development account in proportion to each account’s contribution to the initial balance of the contract harvesting revolving account.

**Sec. 8.** RCW 79.15.500 and 2003 c 313 s 2 are each amended to read as follows:

The definitions in this section apply throughout (this chapter) RCW 79.15.500 through 79.15.530 and section 5 of this act unless the context clearly requires otherwise.

(1) "Commissioner" means the commissioner of public lands.

(2) "Contract harvesting" means a timber operation occurring on state forest lands, in which the department contracts with a firm or individual to perform all the necessary harvesting work to process trees into logs sorted by department specifications. The department then sells the individual log sorts.

(3) "Department" means the department of natural resources.

(4) "Harvesting costs" are those expenses related to the production of log sorts from a stand of timber. These expenses typically involve road building, labor for felling, bucking, and yarding, as well as the transporting of sorted logs to the forest product purchasers.

(5) "Net proceeds" means gross proceeds from a contract harvesting sale less harvesting costs.

(6) "Silvicultural treatment" means any vegetative or other treatment applied to a managed forest to improve the conditions of the stand, and may include harvesting, thinning, prescribed burning, and pruning.

**Sec. 9.** 2003 c 313 s 13 (uncodified) is amended to read as follows:

By December 31, 2006, the department of natural resources must provide a report to the appropriate committees of the legislature (concerning) that provides:

(1) An accounting of the costs and effectiveness of the contract harvesting program; and

(2) A summary of sales carried out under the contract harvesting program primarily for silvicultural treatments that are permitted under section 5 of this act. (The report must be submitted by December 31, 2006.)

**NEW SECTION.** Sec. 10. Sections 5 through 8 of this act are intended to provide interim tools to the department of natural resources to address forest health issues on state land prior to the completion of the assignment given to the work group in section 4 of this act. As such, sections 5 through 8 of this act expire December 31, 2007.

**NEW SECTION.** Sec. 11. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

(b) Outdoor burning shall not be allowed in any urban growth area as defined by RCW 36.70A.030, or any city of the state having a population greater than ten thousand people if such cities are threatened to exceed state or federal air quality standards, and alternative disposal practices consistent with good solid waste management are reasonably available or practices eliminating production of organic refuse are reasonably available. In no event shall such burning be allowed after December 31, 2000, except that within the urban growth areas for cities having a population of less than five thousand people, that are neither within nor contiguous with any nonattainment or maintenance area designated under the federal clean air act, in no event shall such burning be allowed after December 31, 2006.

(ii) Outdoor burning of cultivated orchard trees, whether or not agricultural crops will be replanted on the land, shall be allowed as an ongoing agricultural activity under this section if a local horticultural pest and disease board formed under chapter 15.09 RCW, an extension office agent with Washington State University that has horticultural experience, or an entomologist employed by the department of agriculture, has determined in writing that burning is an appropriate method to prevent or control the spread of horticultural pests or diseases.

(2) "Outdoor burning" means the combustion of material of any type in an open fire or in an outdoor container without providing for the control of combustion or the control of emissions from the combustion.

(3) This section shall not apply to silvicultural burning used to improve or maintain fire dependent ecosystems for rare plants or animals within state, federal, and private natural area preserves, natural resource conservation areas, parks, and other wildlife areas."

SSB 6171 Prime Sponsor, Senate Committee on Education: Regarding misconduct investigations conducted by the superintendent of public instruction. Reported by Committee on Education

MAJORITY recommendation: Do pass as amended:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 28A.410.095 and 1992 c 159 s 5 are each amended to read as follows:

(1) The superintendent of public instruction may initiate and conduct investigations as may be reasonably necessary to establish the existence of any alleged violations of or noncompliance with this chapter or any rules adopted under it. For the purpose of any investigation or proceeding under this chapter, the superintendent or any officer designated by the superintendent may administer oaths and affirmations, subpoena witnesses and compel their attendance, take evidence, and require the production of any books, papers, correspondence, memoranda, agreements, or other documents or records that the superintendent deems relevant and material to the inquiry.

(2) Investigations conducted by the superintendent of public instruction concerning alleged sexual misconduct towards a child shall be completed within one year of the initiation of the investigation or within thirty days of the completion of all proceedings, including court proceedings, resulting from an investigation conducted by law enforcement or child protective services if there is such an investigation. The superintendent of public instruction may take, for reasonable cause, additional time for completion of the investigation after informing the victim, the individual being investigated, and the school district that employs the individual being investigated of the reasons additional time is needed and the amount of additional time needed. Written notification must be provided to each of the parties who must be informed. The sole remedy for a failure to complete an investigation of sexual misconduct within the time allowed by this subsection is a civil penalty of fifty dollars per day for each day beyond the allowed time.

(3) If any person fails to obey a subpoena or obeys a subpoena but refuses to give evidence, any court of competent jurisdiction, upon application by the superintendent, may issue to that person an order requiring him or her to appear before the court and to show cause why he or she should not be compelled to obey the subpoena, and give evidence material to the matter under investigation. The failure to obey an order of the court may be punishable as contempt.

(4) Once an investigation has been initiated by the superintendent of public instruction, the investigation shall be completed regardless of whether the individual being investigated has resigned his or her position or allowed his or her teaching certificate to lapse. The superintendent shall make a written finding regarding each investigation indicating the actions taken, including a statement of the reasons why a complaint was dismissed or did not warrant further investigation or action by the superintendent, and shall provide such notice to each person
who filed the complaint. Written findings under this section are subject to public disclosure under chapter 42.17 RCW.

5. An investigation into sexual or physical abuse of a student by a school employee shall only be initiated by the superintendent of public instruction after the superintendent of public instruction verifies that the incident has been reported to the proper law enforcement agency or the department of social and health services as required under RCW 26.44.030.

Sec. 2. RCW 28A.410.090 and 1996 c 126 s 2 are each amended to read as follows:

1. Any certificate or permit authorized under the provisions of this chapter, chapter 28A.405 RCW, or rules promulgated thereunder may be revoked or suspended by the authority authorized to grant the same based upon a criminal records report authorized by law, or upon the complaint of any school district superintendent, educational service district superintendent, or private school administrator for immorality, violation of written contract, unprofessional conduct, intemperance, or crime against the law of the state.

If the superintendent of public instruction has reasonable cause to believe that an alleged violation of this chapter or rules adopted under it has occurred based on a written complaint filed by a parent or another person, but no complaint has been (filed pursuant to this chapter) forwarded to the superintendent by a school district superintendent, educational service district superintendent, or private school administrator, and that a school district superintendent, educational service district superintendent, or private school administrator has sufficient notice of the alleged violation and opportunity to file a complaint, the superintendent of public instruction may cause an investigation to be made of the alleged violation, together with such other matters that may be disclosed in the course of the investigation related to certificated personnel.

2. A parent or another person may file a written complaint with the superintendent of public instruction alleging that a certificated school employee has committed a violation of this chapter or rules adopted under it if:

a. The parent or other person has already filed a written complaint with the educational service district superintendent concerning that employee;

b. The educational service district superintendent has not caused an investigation and has not forwarded the complaint to the superintendent of public instruction for investigation; and

c. The written complaint states the grounds and factual basis upon which the parent or other person believes an investigation should be conducted.

3. Any such certificate or permit authorized under this chapter or chapter 28A.405 RCW shall be revoked by the authority authorized to grant the certificate upon a guilty plea or the conviction of any felony crime involving the physical neglect of a child under chapter 9A.42 RCW, the physical injury or death of a child under chapter 9A.32 or 9A.36 RCW (excepting motor vehicle violations under chapter 46.61 RCW), sexual exploitation of a child under chapter 9.68A RCW, sexual offenses under chapter 9A.44 RCW where a minor is the victim, promoting prostitution of a minor under chapter 9A.88 RCW, the sale or purchase of a minor child under RCW 9A.64.030, or violation of similar laws of another jurisdiction. The person whose certificate is in question shall be given an opportunity to be heard. Mandatory permanent revocation upon a guilty plea or the conviction of felony crimes specified under this subsection shall apply to such convictions or guilty pleas which occur after July 23, 1989. Revocation of any certificate or permit authorized under this chapter or chapter 28A.405 RCW for a guilty plea or criminal conviction occurring prior to July 23, 1989, shall be subject to the provisions of subsection (1) of this section.

"NEW SECTION. Sec. 1. PURPOSE. The purpose of this act is to create more comprehensive, streamlined, and cost-effective procedures applicable to proceedings in which property of a person is administered by the courts of this state for the benefit of creditors and other persons having an interest therein.

NEW SECTION. Sec. 2. A new section is added to chapter 7.60 RCW to read as follows:

DEFINITIONS. The definitions in this section apply throughout this chapter unless the context requires otherwise.

1) "Court" means the superior court of this state in which the receivership is pending.
2) "Entity" means a person other than a natural person.
3) "Estate" means the entirety of the property with respect to which a receiver’s appointment applies, but does not include trust fund taxes or property of an individual person exempt from execution under the laws of this state. Estate property includes any nonexempt interest in property that is partially exempt, including fee title to property subject to a homestead exemption under chapter 6.13 RCW.
4) "Executory contract" means a contract where the obligation of both the person over whose property the receiver is appointed and the other party to the contract are so far unperformed that the failure of either party to the contract to complete performance would constitute a material breach of the contract, thereby excusing the other party’s performance of the contract.
5) "Insolvent" or "insolvency" means a financial condition of a person such that the sum of the person’s debts and other obligations is greater than all of that person’s property, at a fair valuation, exclusive of (a) property transferred, concealed, or removed with intent to hinder, delay, or defraud any creditors of the person, and (b) any property exempt from execution under any statutes of this state.
6) "Lien" means a charge against or interest in property to secure payment of a debt or the performance of an obligation.
7) "Notice and a hearing" or any similar phrase means notice and opportunity for a hearing.
8) "Person" means an individual, corporation, limited liability company, general partnership, limited partnership, limited liability partnership, association, governmental entity, or other entity, of any kind or nature.
9) "Property" includes all right, title, and interests, both legal and equitable, and including any community property interest, in or with respect to any property of a person with respect to which a receiver is appointed, regardless of the manner by which the property has been or is acquired. "Property" includes any proceeds, products, offspring, rents, or profits of or from property in the estate. "Property" does not include any power that a person may exercise solely for the benefit of another person or trust fund taxes.
10) "Receiver" means a person appointed by the court as the court’s agent, and subject to the court’s direction, to take possession of, manage, or dispose of property of a person.
11) "Receivership" means the case in which the receiver is appointed. "General receivership" means a receivership in which a general receiver is appointed. "Custodial receivership" means a receivership in which a custodial receiver is appointed.
12) "Security interest" means a lien created by an agreement.
13) "State agent" and "state agency" means any office, department, division, bureau, board, commission, or other agency of the state of Washington or of any subdivision thereof, or any individual acting in an official capacity on behalf of any state agent or state agency.
14) "Utility" means a person providing any service regulated by the utilities and transportation commission.

NEW SECTION. Sec. 3. A new section is added to chapter 7.60 RCW to read as follows:

TYPES OF RECEIVERS. A receiver must be either a general receiver or a custodial receiver. A receiver must be a general receiver if the receiver is appointed to take possession and control of all or substantially all of a person’s property with authority to liquidate that property and, in the case of a business over which the receiver is appointed, wind up affairs. A receiver must be a custodial receiver if the receiver is
appointed to take charge of limited or specific property of a person or is not given authority to liquidate property. The court shall specify in the order appointing a receiver whether the receiver is appointed as a general receiver or as a custodial receiver. When the sole basis for the appointment is the pendency of an action to foreclose upon a lien against real property, or the giving of a notice of a trustee’s sale under RCW 61.24.040 or a notice of forfeiture under RCW 61.30.040, the court shall appoint the receiver as a custodial receiver. The court by order may convert either a general receivership or a custodial receivership into the other.

NEW SECTION. Sec. 4. A new section is added to chapter 7.60 RCW to read as follows:

**APPOINTMENT OF RECEIVER.** (1) A receiver may be appointed by the superior court of this state in the following instances, but except in any case in which a receiver’s appointment is expressly required by statute, or any case in which a receiver’s appointment is sought by a state agent whose authority to seek the appointment of a receiver is expressly conferred by statute, or any case in which a receiver’s appointment with respect to real property is sought under (b)(ii) of this subsection, a receiver shall be appointed only if the court additionally determines that the appointment of a receiver is reasonably necessary and that other available remedies either are not available or are inadequate:

(a) On application of any party, when the party is determined to have a probable right to or interest in property that is a subject of the action and in the possession of an adverse party, or when the property or its revenue-producing potential is in danger of being lost or materially injured or impaired. A receiver may be appointed under this subsection (1)(a) whether or not the application for appointment of a receiver is combined with, or is ancillary to, an action seeking a money judgment or other relief;

(ii) The appointment of a receiver with respect to the real or personal property that is the subject of the action, the notice of trustee’s sale or notice of forfeiture is provided for by agreement or is reasonably necessary to effectuate or enforce an assignment of rents or other revenues from the property;

(f) If and to the extent that property is subject to execution to satisfy a judgment, to preserve the property during the pendency of an appeal, or when an execution has been returned unsatisfied, or when an order requiring a judgment debtor to appear for proceedings supplemental to judgment has been issued and the judgment debtor fails to submit to examination as ordered;

(g) Upon an attachment of real or personal property when the property attached is of a perishable nature or is otherwise in danger of waste, impairment, or destruction, or where the abandoned property’s owner has absconded with, secreted, or abandoned the property, and it is necessary to collect, conserve, manage, control, or protect it, or to dispose of it promptly, or when the court determines that the nature of the property or the exigency of the case otherwise provides cause for the appointment of a receiver;

(h) In an action by a transferor of real or personal property to avoid or rescind the transfer on the basis of fraud, or in an action to subject property or a fund to the payment of a debt;

(i) In an action against any person who is not an individual if the object of the action is the dissolution of that person, or if that person has been dissolved, or if that person is insolvent or is not generally paying the person’s debts as those debts become due unless they are the subject of bona fide dispute, or if that person is in imminent danger of insolvency;

(j) In accordance with RCW 7.08.030 (4) and (6), in cases in which a general assignment for the benefit of creditors has been made;

(gg) Upon application of the attorney general under RCW 64.36.220(3), in aid of any writ or order restraining or enjoining violations of chapter 64.36 RCW applicable to timeshares;
(hh) Under RCW 70.95A.050(3), in aid of the enforcement of payment or performance of municipal bonds issued with respect to facilities used to abate, control, or prevent pollution;
(ii) Upon the application of the director of social and health services under RCW 74.42.580, in cases involving nursing homes;
(jj) Upon the application of the utilities and transportation commission under RCW 80.28.040, with respect to a water company that has failed to comply with an order of such commission within the time deadline specified therein;
(kk) Under RCW 87.56.065, in connection with the dissolution of an irrigation district;
(ll) Upon application of the attorney general or the department of licensing, in any proceeding that either of them are authorized by statute to bring to enforce Title 18 or 19 RCW; the securities act of Washington, chapter 21.20 RCW; the Washington commodities act, chapter 21.30 RCW; the land development act, chapter 58.19 RCW; or under chapter 64.36 RCW relating to the regulation of timeshares;
(mm) Upon application of the director of financial institutions in any proceeding that the director of financial institutions is authorized to bring to enforce chapters 31.35, 31.40, and 31.45 RCW; or
(nn) In such other cases as may be provided for by law, or when, in the discretion of the court, it may be necessary to secure ample justice to the parties.
(2) The superior courts of this state shall appoint as receiver of property located in this state a person who has been appointed by a federal or state court located elsewhere as receiver with respect to the property specifically or with respect to the owner’s property generally, upon the application of the person or of any party to that foreign proceeding, and following the appointment shall give effect to orders, judgments, and decrees of
the foreign court affecting the property in this state held by the receiver, unless the court determines that to do so would be manifestly unjust or inequitable. The venue of such a proceeding may be any county in which the person resides or maintains any office, or any county in which any property over which the receiver is to be appointed is located at the time the proceeding is commenced.

(3) At least seven days' notice of any application for the appointment of a receiver shall be given to the owner of property to be subject thereto and to all other parties in interest as the court may require. If any execution by a judgment creditor under Title 6 RCW or any application by a judgment creditor for the appointment of a receiver, with respect to property over which the receiver’s appointment is sought, is pending in any other action at the time the application is made, then notice of the application for the receiver’s appointment also shall be given to the judgment creditor in the other action. The court may shorten or expand the period for notice of an application for the appointment of a receiver upon good cause shown.

(4) The order appointing a receiver in all cases shall reasonably describe the property over which the receiver is to take charge, by category, individual items, or both if the receiver is to take charge of less than all of the owner’s property. If the order appointing a receiver does not expressly limit the receiver’s authority to designated property or categories of property of the owner, the receiver is a general receiver with the authority to take charge over all of the owner’s property, wherever located.

(5) The court may condition the appointment of a receiver upon the giving of security by the person seeking the receiver’s appointment, in such amount as the court may specify, for the payment of costs and damages incurred or suffered by any person should it later be determined that the appointment of the receiver was wrongfully obtained.

NEW SECTION. Sec. 5. A new section is added to chapter 7.60 RCW to read as follows:

ELIGIBILITY TO SERVE AS RECEIVER. Except as provided in this chapter or otherwise by statute, any person, whether or not a resident of this state, may serve as a receiver, with the exception that a person may not be appointed as a receiver, and shall be replaced as receiver if already appointed, if it should appear to the court that the person:

(1) Has been convicted of a felony or other crime involving moral turpitude or is controlled by a person who has been convicted of a felony or other crime involving moral turpitude;
(2) Is a party to the action, or is a parent, grandparent, child, grandchild, sibling, partner, director, officer, agent, attorney, employee, secured or unsecured creditor or lienor of, or holder of any equity interest in, or controls or is controlled by, the person whose property is to be held by the receiver, or who is the agent or attorney of any disqualified person;
(3) Has an interest materially adverse to the interest of persons to be affected by the receivership generally; or
(4) Is the sheriff of any county.

NEW SECTION. Sec. 6. A new section is added to chapter 7.60 RCW to read as follows:

RECEIVER’S BOND. Except as otherwise provided for by statute or court rule, before entering upon duties of receiver, a receiver shall execute a bond with one or more sureties approved by the court, in the amount the court specifies, conditioned that the receiver will faithfully discharge the duties of receiver in accordance with orders of the court and state law. Unless otherwise ordered by the court, the receiver’s bond runs in favor of all persons having an interest in the receivership proceeding or property held by the receiver and in favor of state agencies. The receiver’s bond must provide substantially as follows:

[Case Caption]

RECEIVER’S BOND

TO WHOM IT MAY CONCERN:

KNOW ALL BY THESE PRESENTS, that . . . . . . . , as Principal, and . . . . . . . , as Surety, are held and firmly bound in the amount of . . . . . . . Dollars ($ . . . . . . ) for the faithful performance by Principal of the Principal’s duties as receiver with respect to property of . . . . . . . in accordance with order(s) of such court previously or hereafter entered in the above-captioned proceeding and state law. If the Principal faithfully discharges the duties of receiver in accordance with such orders, this obligation shall be void, but otherwise it will remain in full force and effect.

Dated this . . . day of . . . . . . . . . . .

[Signature of Receiver]
The court, in lieu of a bond, may approve the posting of alternative security, such as a letter of credit or a deposit of funds with the clerk of the court, to be held by the clerk to secure the receiver’s faithful performance of the receiver’s duties in accordance with orders of the court and state law until the court authorizes the release or return of the deposited sums. No part of the property over which the receiver is appointed may be used in making the deposit; however, any interest that may accrue on a deposit ordered by the court shall be remitted to the receiver upon the receiver’s discharge. A claim against the bond shall be made within one year from the date the receiver is discharged. Claims by state agencies against the bond shall have priority.

NEW SECTION. Sec. 7. A new section is added to chapter 7.60 RCW to read as follows:

POWERS OF THE COURT. Except as otherwise provided for by this chapter, the court in all cases has exclusive authority over the receiver, and the exclusive possession and right of control with respect to all real property and all tangible and intangible personal property with respect to which the receiver is appointed, wherever located, and the exclusive jurisdiction to determine all controversies relating to the collection, preservation, application, and distribution of all the property, and all claims against the receiver arising out of the exercise of the receiver’s powers or the performance of the receiver’s duties. However, the court does not have exclusive jurisdiction over actions in which a state agency is a party and in which a statute expressly vests jurisdiction or venue elsewhere.

NEW SECTION. Sec. 8. A new section is added to chapter 7.60 RCW to read as follows:

POWERS AND DUTIES OF RECEIVER GENERALLY. (1) A receiver has the following powers and authority in addition to those specifically conferred by this chapter or otherwise by statute, court rule, or court order:

(a) The power to incur or pay expenses incidental to the receiver’s preservation and use of the property with respect to which the appointment applies, and otherwise in the performance of the receiver’s duties, including the power to pay obligations incurred prior to the receiver’s appointment if and to the extent that payment is determined by the receiver to be prudent in order to preserve the value of property in the receiver’s possession and the funds used for this purpose are not subject to any lien or right of setoff in favor of a creditor who has not consented to the payment and whose interest is not otherwise adequately protected;

(b) If the appointment applies to all or substantially all of the property of an operating business or any revenue-producing property of any person, to do all things which the owner of the business or property might do in the ordinary course of the operation of the business as a going concern or use of the property including, but not limited to, the purchase and sale of goods or services in the ordinary course of such business, and the incurring and payment of expenses of the business or property in the ordinary course;

(c) The power to assert any rights, claims, or choses in action of the person over whose property the receiver is appointed relating thereto, if and to the extent that the claims are themselves property within the scope of the appointment or relate to any property, to maintain in the receiver’s name or in the name of such a person any action to enforce any right, claim, or chose in action, and to intervene in actions in which the person over whose property the receiver is appointed is a party for the purpose of exercising the powers under this subsection (1)(c);

(d) The power to intervene in any action in which a claim is asserted against the person over whose property the receiver is appointed relating thereto, for the purpose of prosecuting or defending the claim and requesting the transfer of venue of the action to the court. However, the court shall not transfer actions in which both a state agency is a party and as to which a statute expressly vests jurisdiction or venue elsewhere. This power is exercisable with court approval in the case of a liquidating receiver, and with or without court approval in the case of a general receiver;

(e) The power to assert rights, claims, or choses in action of the receiver arising out of transactions in which the receiver is a participant;

(f) The power to pursue in the name of the receiver any claim under chapter 19.40 RCW assertable by any creditor of the person over whose property the receiver is appointed, if pursuit of the claim is determined by the receiver to be appropriate;

(g) The power to seek and obtain advice or instruction from the court with respect to any course of action with respect to which the receiver is uncertain in the exercise of the receiver’s powers or the discharge of the receiver’s duties;

(h) The power to obtain appraisals with respect to property in the hands of the receiver;

(i) The power by subpoena to compel any person to submit to an examination under oath, in the manner of a deposition in a civil case, with respect to estate property or any other matter that may affect the administration of the receivership; and

(j) Other powers as may be conferred upon the receiver by the court or otherwise by statute or rule.

(2) A receiver has the following duties in addition to those specifically conferred by this chapter or otherwise by statute or court rule:
(a) The duty to notify all federal and state taxing and applicable regulatory agencies of the receiver's appointment in accordance with any applicable laws imposing this duty, including but not limited to 26 U.S.C. Sec. 6036 and RCW 51.14.073, 51.16.160, and 82.32.240, or any successor statutes;

(b) The duty to comply with state law;

(c) If the receiver is appointed with respect to any real property, the duty to file with the auditor of the county in which the real property is located, or the registrar of lands in accordance with RCW 65.12.600 in the case of registered lands, a certified copy of the order of appointment, together with a legal description of the real property if one is not included in that order; and

(d) Other duties as the receiver may be directed to perform by the court or as may be provided for by statute or rule.

(3) The various powers and duties of a receiver provided for by this chapter may be expanded, modified, or limited by order of the court for good cause shown.

NEW SECTION. Sec. 9. A new section is added to chapter 7.60 RCW to read as follows:

TURNOVER OF PROPERTY. Upon demand by a receiver appointed under this chapter, any person shall turn over any property over which the receiver has been appointed that is within the possession or control of that person unless otherwise ordered by the court for good cause shown. A receiver by motion may seek to compel turnover of estate property unless there exists a bona fide dispute with respect to the existence or nature of the receiver's interest in the property, in which case turnover shall be sought by means of an action under section 18 of this act. In the absence of a bona fide dispute with respect to the receiver's right to possession of estate property, the failure to relinquish possession and control to the receiver shall be punishable as a contempt of the court.

NEW SECTION. Sec. 10. A new section is added to chapter 7.60 RCW to read as follows:

DUTIES OF PERSON OVER WHOM THE RECEIVER IS APPOINTED. The person over whose property the receiver is appointed shall:

(1) Assist and cooperate fully with the receiver in the administration of the estate and the discharge of the receiver's duties, and comply with all orders of the court;

(2) Supply to the receiver information necessary to enable the receiver to complete any schedules that the receiver may be required to file under section 11 of this act, and otherwise assist the receiver in the completion of the schedules;

(3) Upon the receiver's appointment, deliver into the receiver's possession all of the property of the estate in the person's possession, custody, or control, including, but not limited to, all accounts, books, papers, records, and other documents; and

(4) Following the receiver's appointment, submit to examination by the receiver, or by any other person upon order of the court, under oath, concerning the acts, conduct, property, liabilities, and financial condition of that person or any matter relating to the receiver's administration of the estate.

When the person over whose property the receiver is appointed is an entity, each of the officers, directors, managers, members, partners, or other individuals exercising or having the power to exercise control over the affairs of the entity are subject to the requirements of this section.

NEW SECTION. Sec. 11. A new section is added to chapter 7.60 RCW to read as follows:

SCHEDULES OF PROPERTY AND LIABILITIES--INVENTORY OF PROPERTY--APPRAISALS. (1) In the event of a general assignment of property for the benefit of creditors under chapter 7.08 RCW, the assignment shall have annexed as schedule a true list of all of the person's known creditors, their mailing addresses, the amount and nature of their claims, and whether their claims are disputed; and as schedule B a true list of all property of the estate, including the estimated liquidation value and location of the property and, if real property, a legal description thereof, as of the date of the assignment.

(2) In all other cases, within twenty days after the date of appointment of a general receiver, the receiver shall file as schedule A a true list of all of the known creditors and applicable regulatory and taxing agencies of the person over whose assets the receiver is appointed, their mailing addresses, the amount and nature of their claims, and whether their claims are disputed; and as schedule B a true list of all property of the estate identifiable by the receiver, including the estimated liquidation value and location of the property and, if real property, a legal description thereof, as of the date of appointment of the receiver.

(3) The schedules must be in substantially the following forms:

NEW SECTION. Sec. 12. A new section is added to chapter 7.60 RCW to read as follows:

RECEIVER’S REPORTS. A general receiver shall file with the court a monthly report of the receiver’s operations and financial affairs unless otherwise ordered by the court. Except as otherwise ordered by the court, each report of a general receiver shall be due by the last day of the subsequent month and shall include the following:

(1) A balance sheet;
(2) A statement of income and expenses;
(3) A statement of cash receipts and disbursements;
(4) A statement of accrued accounts receivable of the receiver. The statement shall disclose amounts considered to be uncollectable;
(5) A statement of accounts payable of the receiver, including professional fees. The statement shall list the name of each creditor and the amounts owing and remaining unpaid over thirty days; and
(6) A tax disclosure statement, which shall list postfiling taxes due or tax deposits required, the name of the taxing agency, the amount due, the date due, and an explanation for any failure to make payments or deposits. A custodial receiver shall file with the court all such reports the court may require.

NEW SECTION. Sec. 13. A new section is added to chapter 7.60 RCW to read as follows:

AUTOMATIC STAY OF CERTAIN PROCEEDINGS. (1) Except as otherwise ordered by the court, the entry of an order appointing a general receiver or a custodial receiver with respect to all of a person’s property shall operate as a stay, applicable to all persons, of:

(a) The commencement or continuation, including the issuance or employment of process, of a judicial, administrative, or other action or proceeding against the person over whose property the receiver is appointed that was or could have been commenced before the entry of the order of appointment, or to recover a claim against the person that arose before the entry of the order of appointment;
(b) The enforcement, against the person over whose property the receiver is appointed or any estate property, of a judgment obtained before the order of appointment;
(c) Any act to obtain possession of estate property from the receiver, or to interfere with, or exercise control over, estate property;
(d) Any act to create, perfect, or enforce any lien or claim against estate property except by exercise of a right of setoff, to the extent that the lien secures a claim against the person that arose before the entry of the order of appointment; or

(e) Any act to collect, assess, or recover a claim against the person that arose before the entry of the order of appointment.

(2) The stay shall automatically expire as to the acts specified in subsection (1)(a), (b), and (e) of this section sixty days after the entry of the order of appointment unless before the expiration of the sixty-day period the receiver, for good cause shown, obtains an order of the court extending the stay, after notice and a hearing. A person whose action or proceeding is stayed by motion to the court may seek relief from the stay for good cause shown. Any judgment obtained against the person over whose property the receiver is appointed or estate property following the entry of the order of appointment is not a lien against estate property unless the receivership is terminated prior to a conveyance of the property against which the judgment would otherwise constitute a lien.

(3) The entry of an order appointing a receiver does not operate as a stay of:

(a) The commencement or continuation of a criminal proceeding against the person over whose property the receiver is appointed;

(b) The commencement or continuation of an action or proceeding to establish paternity, or to establish or modify an order for alimony, maintenance, or support, or to collect alimony, maintenance, or support under any order of a court;

(c) Any act to perfect, or to maintain or continue the perfection of, an interest in estate property if the interest perfected would be effective against a creditor of the person over whose property the receiver is appointed holding at the time of the entry of the order of appointment either a perfected nonpurchase money security interest under chapter 62A.9A RCW against the property involved, or a lien by attachment, levy, or the like, whether or not such a creditor exists. If perfection of an interest would require seizure of the property involved or the commencement of an action, the perfection shall instead be accomplished by filing, and by serving upon the receiver, or receiver’s counsel, if any, notice of the interest within the time fixed by law for seizure or commencement;

(d) The commencement or continuation of an action or proceeding by a governmental unit to enforce its police or regulatory power;

(e) The enforcement of a judgment, other than a money judgment, obtained in an action or proceeding by a governmental unit to enforce its police or regulatory power, or with respect to any liceunise of the person over whose property the receiver is appointed;

(f) The exercise of a right of setoff, including but not limited to (i) any right of a commodity broker, forward contract merchant, stockbroker, financial institution, or securities clearing agency to set off a claim for a margin payment or settlement payment arising out of a commodity contract, forward contract, or securities contract against cash, securities, or other property held or due from the commodity broker, forward contract merchant, stockbroker, financial institution, or securities clearing agency to margin, guarantee, secure, or settle the commodity contract, forward contract, or securities contract, and (ii) any right of a swap participant to set off a claim for a payment due to the swap participant under or in connection with a swap agreement against any payment due from the swap participant under or in connection with the swap agreement or against cash, securities, or other property of the debtor held by or due from the swap participant to guarantee, secure, or settle the swap agreement; or

(g) The establishment by a governmental unit of any tax liability and any appeal thereof.

NEW SECTION. Sec. 14. A new section is added to chapter 7.60 RCW to read as follows:

UTILITY SERVICE. A utility providing service to estate property may not alter, refuse, or discontinue service to the property without first giving the receiver fifteen days’ notice of any default or intention to alter, refuse, or discontinue service to estate property. This section does not prohibit the court, upon motion by the receiver, to prohibit the alteration or cessation of utility service if the receiver can furnish adequate assurance of payment, in the form of deposit or other security, for service to be provided after entry of the order appointing the receiver.

NEW SECTION. Sec. 15. A new section is added to chapter 7.60 RCW to read as follows:

EXECUTORY CONTRACTS AND UNEXPIRED LEASES. (1) A general receiver may assume or reject any executory contract or unexpired lease of the person over whose property the receiver is appointed upon order of the court following notice to the other party to the contract or lease upon notice and a hearing. The court may condition assumption or rejection of any executory contract or unexpired lease on the terms and conditions the court believes are just and proper under the particular circumstances of the case. A general receiver’s performance of an executory contract or unexpired lease prior to the court’s authorization of its assumption or rejection shall not constitute an assumption of the contract or lease, or an agreement by the receiver to assume it, nor otherwise preclude the receiver thereafter from seeking the court’s authority to reject it.

(2) Any obligation or liability incurred by a general receiver on account of the receiver’s assumption of an executory contract or unexpired lease shall be treated as an expense of the receivership. A general receiver’s
rejection of an executory contract or unexpired lease shall be treated as a breach of the contract or lease occurring immediately prior to the receiver’s appointment; and the receiver’s right to possess or use property pursuant to any executory contract or lease shall terminate upon rejection of the contract or lease. The other party to an executory contract or unexpired lease that is rejected by a general receiver may take such steps as may be necessary under applicable law to terminate or cancel the contract or lease. The claim of a party to an executory contract or unexpired lease resulting from a general receiver’s rejection of it shall be served upon the receiver in the manner provided for by section 23 of this act within thirty days following the rejection.

(3) A general receiver’s power under this section to assume an executory contract or unexpired lease shall not be affected by any provision in the contract or lease that would effect or permit a forfeiture, modification, or termination of it on account of either the receiver’s appointment, the financial condition of the person over whose property the receiver is appointed, or an assignment for the benefit of creditors by that person.

(4) A general receiver may not assume an executory contract or unexpired lease of the person over whose property the receiver is appointed without the consent of the other party to the contract or lease if:
(a) Applicable law would excuse a party, other than the person over whose property the receiver is appointed, from accepting performance from or rendering performance to anyone other than the person even in the absence of any provisions in the contract or lease expressly restricting or prohibiting an assignment of the person’s rights or the performance of the person’s duties;
(b) The contract or lease is a contract to make a loan or extend credit or financial accommodations to or for the benefit of the person over whose property the receiver is appointed, or to issue a security of the person; or
(c) The executory contract or lease expires by its own terms, or under applicable law prior to the receiver’s assumption thereof.

(5) A receiver may not assign an executory contract or unexpired lease without assuming it, absent the consent of the other parties to the contract or lease.

(6) If the receiver rejects an executory contract or unexpired lease for:
(a) The sale of real property under which the person over whose property the receiver is appointed is the seller and the purchaser is in possession of the real property,
(b) The sale of a real property timeshare interest under which the person over whose property the receiver is appointed is the seller;
(c) The license of intellectual property rights under which the person over whose property the receiver is appointed is the licensor; or
(d) The lease of real property in which the person over whose property the receiver is appointed is the lessor;

then the purchaser, licensee, or lessee may treat the rejection as a termination of the contract, license agreement, or lease, or alternatively, the purchaser, licensee, or lessee may remain in possession in which case the purchaser, licensee, or lessee shall continue to perform all obligations arising thereunder as and when they may fall due, but may offset against any payments any damages occurring on account of the rejection after it occurs. The purchaser of real property in such a case is entitled to receive from the receiver any deed or any other instrument of conveyance which the person over whose property the receiver is appointed is obligated to deliver under the executory contract when the purchaser becomes entitled to receive it, and the deed or instrument has the same force and effect as if given by the person. A purchaser, licensee, or lessee who elects to remain in possession under the terms of this subsection has no rights against the receiver on account of any damages arising from the receiver’s rejection except as expressly provided for by this subsection. A purchaser of real property who elects to treat rejection of an executory contract as a termination has a lien against the interest in that real property of the person over whose property the receiver is appointed for the recovery of any portion of the purchase price that the purchaser has paid.

(7) Any contract with the state shall be deemed rejected if not assumed within sixty days of appointment of a general receiver unless the receiver and state agency agree to its assumption.

(8) Nothing in this chapter affects the enforceability of antiassignment prohibitions provided under contract or applicable law.

NEW SECTION.  Sec. 16. A new section is added to chapter 7.60 RCW to read as follows:

RECEIVERSHIP FINANCING.  (1) If a receiver is authorized to operate the business of a person or manage a person’s property, the receiver may obtain unsecured credit and incur unsecured debt in the ordinary course of business allowable under section 25(1)(a) of this act as an administrative expense of the receiver without order of the court.

(2) The court, after notice and a hearing, may authorize a receiver to obtain credit or incur indebtedness other than in the ordinary course of business. The court may allow the receiver to mortgage, pledge, hypothecate, or otherwise encumber estate property as security for repayment of any indebtedness that the receiver may incur.

NEW SECTION.  Sec. 17. A new section is added to chapter 7.60 RCW to read as follows:

ABANDONMENT OF PROPERTY. The receiver, or any party in interest, upon order of the court following notice and a hearing, and upon the conditions or terms the court considers just and proper, may
abandon any estate property that is burdensome to the receiver or is of inconsequential value or benefit. However, a receiver may not abandon property that is a hazard or potential hazard to the public in contravention of a state statute or rule that is reasonably designed to protect the public health or safety from identified hazards, including but not limited to chapters 70.105 and 70.105D RCW. Property that is abandoned no longer constitutes estate property.

NEW SECTION. Sec. 18. A new section is added to chapter 7.60 RCW to read as follows:

**ACTIONS BY AND AGAINST THE RECEIVER OR AFFECTING PROPERTY HELD BY RECEIVER.** (1) The receiver has the right to sue and be sued in the receiver's capacity as such, without leave of court, in all cases necessary or proper for the conduct of the receivership. However, action seeking to dispossess the receiver of any estate property or otherwise to interfere with the receiver's management or control of any estate property may not be maintained or continued unless permitted by order of the court obtained upon notice and a hearing.

(2) Litigation by or against a receiver is adjunct to the receivership case. The clerk of the court shall assign a cause number that reflects the relationship of any litigation to the receivership case. All pleadings in adjunct litigation shall include the cause number of the receivership case as well as the adjunct litigation number assigned by the clerk of the court. All adjunct litigation shall be referred to the judge, if any, assigned to the receivership case.

(3) The receiver may be joined or substituted as a party in any suit or proceeding that was pending at the time of the receiver's appointment and in which the person over whose property the receiver is appointed is a party, upon application by the receiver to the court or agency before which the action is pending.

(4) Venue for adjunct litigation by or against the receiver shall lie in the court in which the receivership is pending, if the courts of this state have jurisdiction over the cause. Actions in other courts in this state shall be transferred to the court upon the receiver's filing of a motion for change of venue, provided that the receiver files the motion within thirty days following service of original process upon the receiver. However, actions in other courts or forums in which a state agency is a party shall not be transferred on request of the receiver absent consent of the affected state agency or grounds provided under other applicable law.

(5) Action by or against a receiver does not abate by reason of death or resignation of the receiver, but continues against the successor receiver or against the entity in receivership, if a successor receiver is not appointed.

(6) Whenever the assets of any domestic or foreign corporation, that has been doing business in this state, has been placed in the hands of any general receiver and the receiver is in possession of its assets, service of all process upon the corporation may be made upon the receiver.

(7) A judgment against a general receiver is not a lien on the property or funds of the receivership, nor shall any execution issue thereon, but upon entry of the judgment in the court in which a general receivership is pending, or upon filing in a general receivership of a certified copy of the judgment from another jurisdiction, the judgment shall be treated as an allowed claim in the receivership. A judgment against a custodial receiver shall be treated and has the same effect as a judgment against the person over whose property the receiver is appointed, except that the judgment is not enforceable against estate property unless otherwise ordered by the court upon notice and a hearing.

NEW SECTION. Sec. 19. A new section is added to chapter 7.60 RCW to read as follows:

**PERSONAL LIABILITY OF RECEIVER.** (1)(a) The receiver is personally liable to the person over whose property the receiver is appointed or its record or beneficial owners, or to the estate, for loss or diminution in value of or damage to estate property, only if (i) the loss or damage is caused by a failure on the part of the receiver to comply with an order of the court, or (ii) the loss or damage is caused by an act or omission for which members of a board of directors of a business corporation organized and existing under the laws of this state who vote to approve the act or omission are liable to the corporation in cases in which the liability of directors is limited to the maximum extent permitted by RCW 23B.08.320.

(1) All claims, whether contingent, liquidated, unliquidated, or disputed, other than claims of creditors with security interests in or other liens against property of the estate, arising prior to the receiver’s appointment, must be served in accordance with this chapter, and any claim not so filed is barred from participating in any distribution to creditors in any general receivership.

(2) Claims must be served by delivering the claim to the general receiver within thirty days from the date notice is given by mail under this section, unless the court reduces or extends the period for cause shown, except that a claim arising from the rejection of an executory contract or an unexpired lease of the person over whose property the receiver is appointed may be filed within thirty days after the rejection. Claims need not be filed. Claims must be served by state agencies on the general receiver within one hundred eighty days from the date notice is given by mail under this section.

(3) Claims must be in written form entitled "Proof of Claim," setting forth the name and address of the creditor and the nature and amount of the claim, and executed by the creditor or the creditor’s authorized agent. When a claim, or an interest in estate property of securing the claim, is based on a writing, the original or a copy of the writing must be included as a part of the proof of claim, together with evidence of perfection of any security interest or other lien asserted by the claimant.

NEW SECTION. Sec. 24. A new section is added to chapter 7.60 RCW to read as follows:

OBJECTION TO AND ALLOWANCE OF CLAIMS. (1) At any time prior to the entry of an order approving the general receiver’s final report, the general receiver or any party in interest may file with the court an objection to a claim, which objection must be in writing and must set forth the grounds for the objection. A copy of the objection, together with notice of hearing, must be mailed to the creditor at least thirty days prior to the hearing. Claims properly served upon the general receiver and not disallowed by the court are entitled to share in distributions from the estate in accordance with the priorities provided for by this chapter or otherwise by law.

(2) Upon the request of a creditor, the general receiver, or any party in interest objecting to the creditor’s claim, or upon order of the court, an objection is subject to mediation prior to adjudication of the objection, under the rules or orders adopted or issued with respect to mediations. (b) Any right to payment arising from a right to an equitable remedy for breach of performance.

Claims subject to this subsection shall be allowed in the estimated amount thereof.

NEW SECTION. Sec. 25. A new section is added to chapter 7.60 RCW to read as follows:

PRIORITIES. (1) Allowed claims in a general receivership shall receive distribution under this chapter in the order of priority under (a) through (h) of this subsection and, with the exception of (a) and (c) of this subsection, on a pro rata basis.

(a) Creditors with liens on property of the estate, which liens are duly perfected under applicable law, shall receive the proceeds from the disposition of their collateral. However, the receiver may recover from property securing an allowed secured claim the reasonable, necessary expenses of preserving, protecting, or disposing of the property to the extent of any benefit to the creditors. If and to the extent that the proceeds are less than the amount of a creditor’s allowed claim or a creditor’s lien is avoided on any basis, the creditor is an unsecured claim under (h) of this subsection. Secured claims shall be paid from the proceeds in accordance with their respective priorities under otherwise applicable law.
(b) Actual, necessary costs and expenses incurred during the administration of the estate, other than those expenses allowable under (a) of this subsection, including allowed fees and reimbursement of reasonable charges and expenses of the receiver and professional persons employed by the receiver under section 20 of this act. Notwithstanding (a) of this subsection, expenses incurred during the administration of the estate have priority over the secured claim of any creditor obtaining or consenting to the appointment of the receiver.

(c) Creditors with liens on property of the estate, which liens have not been duly perfected under applicable law, shall receive the proceeds from the disposition of their collateral if and to the extent that unsecured claims are made subject to those liens under applicable law.

(d) Claims for wages, salaries, or commissions, including vacation, severance, and sick leave pay, or contributions to an employee benefit plan, earned by the claimant within ninety days of the date of appointment of the receiver or the cessation of the estate’s business, whichever occurs first, but only to the extent of two thousand dollars.

(e) Allowed unsecured claims, to the extent of nine hundred dollars for each individual, arising from the deposit with the person over whose property the receiver is appointed before the date of appointment of the receiver of money in connection with the purchase, lease, or rental of property or the purchase of services for personal, family, or household use by individuals that were not delivered or provided.

(f) Claims for a support debt as defined in RCW 74.20A.020(10), but not to the extent that the debt (i) is assigned to another entity, voluntarily, by operation of law, or otherwise; or (ii) includes a liability designated as a support obligation unless that liability is actually in the nature of a support obligation.

(g) Unsecured claims of governmental units for taxes which accrued prior to the date of appointment of the receiver.

(h) Other unsecured claims.

(2) If all of the classes under subsection (1) of this section have been paid in full, any residue shall be paid to the person over whose property the receiver is appointed.

NEW SECTION. Sec. 26. A new section is added to chapter 7.60 RCW to read as follows:

SECURED CLAIMS AGAINST AFTER-ACQUIRED PROPERTY. Except as otherwise provided for by statute, property acquired by the estate or by the person over whose property the receiver is appointed after the date of appointment of the receiver is subject to an allowed secured claim to the same extent as would be the case in the absence of a receivership.

NEW SECTION. Sec. 27. A new section is added to chapter 7.60 RCW to read as follows:

INTEREST ON CLAIMS. To the extent that funds are available in the estate for distribution to creditors in a general receivership, the holder of an allowed noncontingent, liquidated claim is entitled to receive interest at the legal rate or other applicable rate from the date of appointment of the receiver or the date on which the claim became a noncontingent, liquidated claim. If there are sufficient funds in the estate to fully pay all interest owing to all members of the class, then interest shall be paid proportionately to each member of the class.

NEW SECTION. Sec. 28. A new section is added to chapter 7.60 RCW to read as follows:

RECEIVER’S DISPOSITION OF PROPERTY—SALES FREE AND CLEAR. (1) The receiver, with the court’s approval after notice and a hearing, may use, sell, or lease estate property other than in the ordinary course of business. Except in the case of a leasehold estate with a remaining term of less than two years or a vendor’s interest in a real estate contract, estate property consisting of real property may not be sold by a custodial receiver other than in the ordinary course of business.

(2) The court may order that a general receiver’s sale of estate property under subsection (1) of this section be effected free and clear of liens and of all rights of redemption, whether or not the sale will generate proceeds sufficient to fully satisfy all claims secured by the property, unless either:

(a) The property is real property used principally in the production of crops, livestock, or aquaculture, or the property is a homestead under RCW 6.13.010(1), and the owner of the property has not consented to the sale following the appointment of the receiver; or

(b) The owner of the property or a creditor with an interest in the property serves and files a timely opposition to the receiver’s sale, and the court determines that the amount likely to be realized by the objecting person from the receiver’s sale is less than the person would realize within a reasonable time in the absence of the receiver’s sale.

Upon any sale free and clear of liens authorized by this section, all security interests and other liens encumbering the property conveyed transfer and attach to the proceeds of the sale, net of reasonable expenses incurred in the disposition of the property, in the same order, priority, and validity as the liens had with respect to the property immediately before the conveyance. The court may authorize the receiver at the time of sale to satisfy, in whole or in part, any allowed claim secured by the property out of the proceeds of its sale if the interest of any other creditor having a lien against the proceeds of the sale would not thereby be impaired.

(3) At a public sale of property under subsection (1) of this section, a creditor with an allowed claim secured by a lien against the property to be sold may bid at the sale of the property. A secured creditor who purchases the property from a receiver may offset against the purchase price its allowed secured claim against the
property, provided that the secured creditor tenders cash sufficient to satisfy in full all secured claims payable out of the proceeds of sale having priority over the secured creditor’s secured claim. If the lien or the claim it secures is the subject of a bona fide dispute, the court may order the holder of the claim to provide the receiver with adequate security to assure full payment of the purchase price in the event the lien, the claim, or any part thereof is determined to be invalid or unenforceable.

(4) If estate property includes an interest as a coowner of property, the receiver shall have the rights and powers of a coowner afforded by applicable state or federal law, including but not limited to any rights of partition.

(5) The reversal or modification on appeal of an authorization to sell or lease estate property under this section does not affect the validity of a sale or lease under that authorization to an entity that purchased or leased the property in good faith, whether or not the entity knew of the pendency of the appeal, unless the authorization and sale or lease were stayed pending the appeal.

NEW SECTION. Sec. 29. A new section is added to chapter 7.60 RCW to read as follows:
ANCILLARY RECEIVERSHIPS. (1) A receiver appointed in any action pending in the courts of this state, without first seeking approval of the court, may apply to any court outside of this state for appointment as receiver with respect to any property or business of the person over whose property the receiver is appointed constituting estate property which is located in another jurisdiction, if the appointment is necessary to the receiver’s possession, control, management, or disposition of property in accordance with orders of the court.
(2) A receiver appointed by a court of another state, or by a federal court in any district outside of this state, or any other person having an interest in that proceeding, may obtain appointment by a superior court of this state of that same receiver with respect to any property or business of the person over whose property the receiver is appointed constituting property of the foreign receivership that is located in this jurisdiction, if the person is eligible under section 5 of this act to serve as receiver, and if the appointment is necessary to the receiver’s possession, control, or disposition of the property in accordance with orders of the court in the foreign proceeding. The superior court upon the receiver’s request shall enter the orders, not offensive to the laws and public policy of this state, necessary to effectuate orders entered by the court in the foreign receivership proceeding. A receiver appointed in an ancillary receivership in this state is required to comply with this chapter requiring notice to creditors or other parties in interest only as may be required by the superior court in the ancillary receivership.

NEW SECTION. Sec. 30. A new section is added to chapter 7.60 RCW to read as follows:
RESIGNATION OR REMOVAL OF RECEIVER. (1) The court shall remove or replace the receiver on application of the person over whose property the receiver is appointed, the receiver, or any creditor, or on the court’s own motion, if the receiver fails to execute and file the bond required by section 6 of this act, or if the receiver resigns or refuses or fails to serve for any reason, or for other good cause.
(2) Upon removal, resignation, or death of the receiver, the court shall appoint a successor receiver if the court determines that further administration of the estate is required. Upon executing and filing a bond under section 6 of this act, the successor receiver shall immediately take possession of the estate and assume the duties of receiver.
(3) Whenever the court is satisfied that the receiver so removed or replaced has fully accounted for and turned over to the successor receiver appointed by the court all of the property of the estate and has filed a report of all receipts and disbursements during the person’s tenure as receiver, the court shall enter an order discharging that person from all further duties and responsibilities as receiver after notice and a hearing.

NEW SECTION. Sec. 31. A new section is added to chapter 7.60 RCW to read as follows:
TERMINATION OF RECEIVERSHIP. (1) Upon distribution or disposition of all property of the estate, or the completion of the receiver’s duties with respect to estate property, the receiver shall move the court to be discharged upon notice and a hearing.
(2) The receiver’s final report and accounting setting forth all receipts and disbursements of the estate shall be annexed to the petition for discharge and filed with the court.
(3) Upon approval of the final report, the court shall discharge the receiver.
(4) The receiver’s discharge releases the receiver from any further duties and responsibilities as receiver under this chapter.
(5) Upon motion of any party in interest, or upon the court’s own motion, the court has the power to discharge the receiver and terminate the court’s administration of the property over which the receiver was appointed. If the court determines that the appointment of the receiver was wrongfully procured or procured in bad faith, the court may assess against the person who procured the receiver’s appointment (a) all of the receiver’s fees and other costs of the receivership and (b) any other sanctions the court determines to be appropriate.

NEW SECTION. Sec. 32. A new section is added to chapter 7.60 RCW to read as follows:
APPLICABILITY. This chapter applies to receivers and receiverships otherwise provided for by the laws of this state except as otherwise expressly provided for by statute or as necessary to give effect to the laws of this state. This chapter does not apply to any proceeding authorized by or commenced under Title 48 RCW.

Sec. 33. RCW 4.28.320 and 1999 c 233 s 1 are each amended to read as follows:

(1) In an action affecting the title to real property the plaintiff, at the time of filing the complaint, or at any time thereafter, or whenever a writ of attachment of property shall be issued, or at any time afterwards, the plaintiff or a defendant shall, when he sets up an affirmative cause of action in his answer, and demands substantive relief at the time of filing his answer, or at any time afterwards, if the same be intended to affect real property, (a) notify in writing the sheriff of the county in which the property is situated of the action against the debtor, or of a judgment creditor who has instituted either of the special proceedings authorized by this chapter.

Sec. 34. RCW 6.32.100 and 1893 c 133 s 10 are each amended to read as follows:

(1) The debtor shall annex to such assignment an inventory, under oath, of all his estate, real and personal, to all persons interested in the receivership as far as they can conveniently be ascertained.

Sec. 35. RCW 6.32.150 and 1893 c 133 s 15 are each amended to read as follows:

A special proceeding instituted in this chapter may be discontinued at any time upon such terms as justice requires, by an order of the judge made upon the application of the judgment creditor. Where the judgment creditor unreasonably delays or neglects to proceed, or where it appears that the judgment has been satisfied, (2) the special proceedings may be dismissed upon like terms by a like order made upon the application of the judgment debtor, or of plaintiff in a judgment creditor’s action against the debtor, or of a judgment creditor who has instituted either of the special proceedings authorized by this chapter. (Where an order appointing a receiver or extending a receivership has been made in the course of the special proceeding, notice of the application for an order specified in this section must be given in such manner as the court may direct.)

Sec. 36. RCW 7.08.010 and 1893 c 100 s 1 are each amended to read as follows:

No general assignment of property by an insolvent, or in contemplation of insolvency, for the benefit of creditors, shall be valid unless it be made for the benefit of all creditors in proportion to the amount of their respective claims( and after the payment of the costs and disbursements thereof, including the attorney fees allowed by law in case of judgment, out of the estate of the insolvent, such claim or claims shall be deemed a subsequent conveyance. Where the business in respect to which the same is made has been carried on.)

Sec. 37. RCW 7.08.030 and 1890 p 83 s 3 are each amended to read as follows:

(The debtor shall annex to such assignment an inventory, under oath, of all his estate, real and personal, according to the best of his knowledge, and also a list of his creditors, with their post office address, and a list of the amount of their respective demands, but such inventory shall not be conclusive as to the amount of the debtor’s estate. Every assignment shall be in writing, duly acknowledged in the same manner as conveyances of real estate, and recorded in the record of deeds of the county where the person making the same resides, or where the business in respect to which the same is made has been carried on.)
(1) An assignment under this chapter must be in substantially the following form:

The assignee shall take possession and administer the estate, and shall liquidate the estate with reasonable dispatch and convert the estate into money, collect all claims and demands hereby assigned as and to the extent they may be collectible, and pay and discharge all reasonable expenses, costs, and disbursements in connection with the execution and administration of this assignment from the proceeds of such liquidations and collections.

(5) Upon the application of two or more creditors of the assignor, the court shall direct the clerk of the superior court of the county in which the assignment is or should be recorded, to file the same and to give notice to all known creditors under section 22 of this act. The assignee and the creditors attending the meeting, or represented at the meeting, shall, in the opinion of the court, determine whether a person other than the assignee named (by the assignor or his creditors) in the assignment should be appointed as general receiver with respect to the property of the assignor; and thereupon the clerk of the court shall select one or more assignees, and in the event that no one shall receive a majority vote of said creditors who represent at least one-half in amount of all claims represented at such meeting, then and in that event, said clerk shall certify that fact to the judge of the superior court aforesaid, and thereupon said superior judge shall select and appoint an assignee.

When such assignee shall have been selected by such creditors, or appointed by the superior judge as herein provided, then the assignee named in the debtor’s assignment shall forthwith make to the assignee elected by the creditors or appointed by the superior judge, an assignment and conveyance of all the estate, real and personal, that has been assigned or conveyed to him by said debtor; and such assignee so elected by the creditors or appointed by the superior judge, upon giving the bond required of an assignee by RCW 7.08.010 through 7.08.170, shall possess all the powers, and be subject to all the duties imposed by RCW 7.08.010 through 7.08.170, as fully to all intents and purposes as though named in the debtor’s assignment.) a person other than the assignee named in the assignment to serve as general receiver with respect to the assignor’s property, whereupon the court shall appoint the selected person as receiver under subsection (4) of this section if a receiver has not already been appointed, and shall appoint the person to replace the original assignee as receiver if the appointment already has been made, unless the court determines upon good cause shown that the appointment as receiver of the person selected by the creditors would not be in the best interests of creditors in general, in which event the court shall appoint or substitute as the receiver a person selected by the court other than the original assignee. If at least one-third of the number or amount of claims represented in person or by proxy at the meeting of creditors vote for the appointment as receiver of a person or persons other than the assignee named in
the assignment, then the court upon motion of any creditor served and filed within ten days following the meeting shall appoint as receiver a person selected by the court other than the original assignee, discharging the original assignee if the person previously was appointed as receiver. A creditor may not vote at any meeting of creditors called for the purpose of determining whether a person other than the assignee named in the assignment should be appointed as receiver, until the creditor has presented to the clerk, who presides at the meeting, a proof of claim in accordance with section 23 of this act.

(6) From the time ((of the pending of an application to elect an assignee by the creditors, and until the time shall be terminated by an election or appointment as herein provided)) a motion is made to elect a new assignee in accordance with subsection (5) of this section, and until either the meeting of creditors occurs without a selection of a new assignee, or until the court enters an order appointing as receiver a person other than the original assignee if the creditors vote to select a new assignee at that meeting, no property of the ((debtor)) assignor, except perishable property, ((shall)) may be sold or disposed of by ((any)) the assignee, whether or not the assignee has been appointed as receiver; but the same shall be safely and securely kept until ((the election or appointment of an assignee as herein provided. No creditor shall be entitled to vote at any such meeting called for the purpose of electing an assignee, until he shall have presented to the clerk of the superior court, who shall preside at such meeting, a verified statement of his claim against the debtor)) then.

The citation shall be served not less than ten days before the return day designated therein, or such shorter period as the court upon a showing of good cause deems appropriate. If the surviving partner or partners neglect or refuse to file an inventory or list of liabilities, or to permit an appraisal, or fail to account to the court or to file a bond, after they have been directed to do so, they may be punished for a contempt of court as provided in chapter 7.21 RCW. Where the surviving partner or partners fail to file a bond after being ordered to do so by the court, the court may also appoint a receiver of the partnership estate ((with like powers and duties of receivers in equity)) under chapter 7.60 RCW, and may order the costs and expenses of the proceedings to be paid out of the partnership estate or out of the estate of the decedent, or by the surviving partner or partners personally, or partly by each of the parties.

MAJORITY recommendation: Do pass as amended:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 57.08.005 and 2003 c 394 s 5 are each amended to read as follows:

A district shall have the following powers:

(1) To acquire by purchase or condemnation, or both, all lands, property and property rights, and all water and water rights, both within and without the district, necessary for its purposes. The right of eminent domain shall be exercised in the same manner and by the same procedure as provided for cities and towns, insofar as consistent with this title, except that all assessment or reassessment rolls to be prepared and filed by eminent domain commissioners or commissioners appointed by the court shall be prepared and filed by the district, and the duties devolving upon the city treasurer are imposed upon the county treasurer;

(2) To lease real or personal property necessary for its purposes for a term of years for which that leased property may reasonably be needed;

(3) To construct, condemn and purchase, add to, maintain, and supply waterworks to furnish the district and inhabitants thereof and any other persons, both within and without the district, with an ample supply of water for all uses and purposes public and private with full authority to regulate and control the use, content, distribution, and price thereof in such a manner as is not in conflict with general law and may construct, acquire, or own buildings and other necessary district facilities. Where a customer connected to the district's system uses the water on an intermittent or transient basis, a district may charge for providing water service to such a customer, regardless of the amount of water, if any, used by the customer. District waterworks may include facilities which result in combined water supply and electric generation, if the electricity generated thereby is a byproduct of the water supply system. That electricity may be used by the district or sold to any entity authorized by law to use or distribute electricity. Electricity is deemed a byproduct when the electrical generation is subordinate to the primary purpose of water supply. For such purposes, a district may take, condemn and purchase, acquire, and retain water from any public or navigable lake, river or watercourse, or any underflowing water, and by means of aqueducts or pipeline conduct the same throughout the district and any city or town therein and carry it along and upon public highways, roads, and streets, within and without such district. For the purpose of constructing or laying aqueducts or pipelines, dams, or waterworks or other necessary structures in storing and retaining water or for any other lawful purpose such district may occupy the beds and shores up to the high water mark of any such lake, river, or other watercourse, and may acquire by purchase or condemnation such property or property rights or privileges as may be necessary to protect its water supply from pollution. For the purposes of waterworks which include facilities for the generation of electricity as a byproduct, nothing in this section may be construed to authorize a district to condemn electric generating, transmission, or distribution facilities.

(4) To acquire, construct, condemn, and purchase all lands, property and property rights, and all water and water rights, both within and without the district, necessary for its purposes. The right of eminent domain shall be exercised in the same manner and by the same procedure as provided for cities and towns, insofar as consistent with this title, except that all assessment or reassessment rolls to be prepared and filed by eminent domain commissioners or commissioners appointed by the court shall be prepared and filed by the district, and the duties devolving upon the city treasurer are imposed upon the county treasurer. (4) To purchase and take water from any municipal corporation, private person, or entity. A district contiguous to Canada may contract with a Canadian corporation for the purchase of water and for the construction, purchase, maintenance, and supply of waterworks to furnish the district and inhabitants thereof and residents of Canada with an ample supply of water under the terms approved by the board of commissioners;

(5) To construct, condemn and purchase, add to, maintain, and operate systems of sewers for the purpose of furnishing the district, the inhabitants thereof, and persons outside the district with an adequate system of sewers for all uses and purposes, public and private, including but not limited to on-site sewage disposal facilities, approved septic tanks or approved septic tank systems, on-site sanitary sewerage systems, inspection services and maintenance services for private and public on-site systems, point and nonpoint water pollution monitoring programs that are directly related to the sewerage facilities and programs operated by a district, other facilities, programs, and systems for the collection, interception, treatment, and disposal of wastewater, and for the control of pollution from wastewater with full authority to regulate the use and operation thereof and the service rates to be charged. Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner’ s agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer. Sewage facilities may include facilities which result in combined sewage disposal or treatment and electric generation, except that the electricity generated thereby is a byproduct of the system of sewers. Such electricity may be used by the district or sold to any entity authorized by law to distribute electricity. Electricity is deemed a byproduct when the electrical generation is subordinate to the primary purpose of sewage disposal or treatment. For such purposes a district may conduct sewage throughout the district and throughout other political subdivisions within the district, and construct and lay sewer pipe along and upon public highways, roads, and streets, within and without the district, and condemn and purchase or acquire land and rights of way necessary for such sewer pipe. A district may erect sewage treatment plants within or without the district, and may acquire, by purchase or condemnation, properties or privileges necessary to be had to protect any lakes, rivers, or watercourses and also other areas of land from pollution from its sewers or its sewage treatment plant. For the purposes of sewage facilities which include facilities that result in combined sewage disposal or treatment and electric generation, nothing in this section may be construed to authorize a district to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owners;

(6)(a) To construct, condemn and purchase, add to, maintain, and operate systems of drainage for the benefit and use of the district, the inhabitants thereof, and persons outside the district with an adequate system of drainage, including but not limited to facilities and systems for the collection, interception, treatment, and disposal of storm or surface waters, and for the protection, preservation, and rehabilitation of surface and underground waters, and drainage facilities for public highways, streets, and roads, with full authority to regulate the use and operation thereof and, except as provided in (b) of this subsection, the service rates to be charged.

(b) The rate a district may charge under this section for storm or surface water sewer systems or the portion of the rate allocable to the storm or surface water sewer system of combined sanitary sewage and storm or surface water sewer systems shall be reduced by a minimum of ten percent for any new or remodeled commercial building that utilizes a permissive rainwater harvesting system. Rainwater harvesting systems shall be properly sized to utilize the available roof surface of the building. The jurisdiction shall consider rate reductions in excess of ten percent dependent upon the amount of rainwater harvested.

(c) Drainage facilities may include natural systems. Drainage facilities may include facilities which result in combined drainage facilities and electric generation, except that the electricity generated thereby is a byproduct of the drainage system. Such electricity may be used by the district or sold to any entity authorized by law to distribute electricity. Electricity is deemed a byproduct when the electrical generation is subordinate to the primary purpose of drainage collection, disposal, and treatment. For such purposes, a district may conduct storm or surface water throughout the district and throughout other political subdivisions within the district, construct and lay drainage pipe and culverts along and upon public highways, roads, and streets, within and without the district, and condemn and purchase or acquire land and rights of way necessary for such drainage systems. A district may provide or erect facilities and improvements for the treatment and disposal of storm or surface water within or without the district, and may acquire, by purchase or condemnation, properties or privileges necessary to be had to protect any lakes, rivers, or watercourses and also other areas of land from pollution from storm or surface waters. For the purposes of drainage facilities which include facilities that also generate electricity as a byproduct, nothing in this section may be construed to authorize a district to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owners;

(7) To construct, condemn, acquire, and own buildings and other necessary district facilities;

(8) To compel all property owners within the district located within an area served by the district’s system of sewers to connect their private drain and sewer systems with the district’s system under such penalty as the commissioners shall prescribe by resolution. The district may for such purpose enter upon private property
and connect the private drains or sewers with the district system and the cost thereof shall be charged against the property owner and shall be a lien upon property served;

(9) Where a district contains within its borders, abuts, or is located adjacent to any lake, stream, ground water as defined by RCW 90.44.035, or other waterway within the state of Washington, to provide for the reduction, minimization, or elimination of pollutants from those waters in accordance with the district’s comprehensive plan, and to issue general obligation bonds, revenue bonds, local improvement district bonds, or utility local improvement bonds for the purpose of paying all or any part of the cost of reducing, minimizing, or eliminating the pollutants from these waters;

(10) Subject to subsection (6) of this section, to fix rates and charges for water, sewer, and drain service supplied and to charge property owners seeking to connect to the district’s systems, as a condition to granting the right to so connect, in addition to the cost of the connection, such reasonable connection charge as the board of commissioners shall determine to be proper in order that those property owners shall bear their equitable share of the cost of the system. For the purposes of calculating a connection charge, the board of commissioners shall determine the pro rata share of the cost of existing facilities and facilities planned for construction within the next ten years and contained in an adopted comprehensive plan and other costs borne by the district which are directly attributable to the improvements required by property owners seeking to connect to the system. The cost of existing facilities shall not include those portions of the system which have been donated or which have been paid for by grants. The connection charge may include interest charges applied from the date of construction of the system until the connection, or for a period not to exceed ten years, whichever is shorter, at a rate commensurate with the rate of interest applicable to the district at the time of construction or major rehabilitation of the system, or at the time of installation of the lines to which the property owner is seeking to connect. In lieu of requiring the installation of permanent local facilities not planned for construction by the district, a district may permit connection to the water and/or sewer systems through temporary facilities installed at the property owner’s expense, provided the property owner pays a connection charge consistent with the provisions of this chapter and agrees, in the future, to connect to permanent facilities when they are installed; or a district may permit connection to the water and/or sewer systems through temporary facilities and collect from property owners so connecting a proportionate share of the estimated cost of future local facilities needed to serve the property, as determined by the district. The amount collected, including interest at a rate commensurate with the rate of interest applicable to the district at the time of construction of the temporary facilities, shall be held for contribution to the construction of the permanent local facilities by other developers or the district. The amount collected shall be deemed full satisfaction of the proportionate share of the actual cost of construction of the permanent local facilities. If the permanent local facilities are not constructed within fifteen years of the date of payment, the amount collected, including any accrued interest, shall be returned to the property owner, according to the records of the county auditor on the date of return. If the amount collected is returned to the property owner, and permanent local facilities capable of serving the property are constructed thereafter, the property owner at the time of construction of such permanent local facilities shall pay a proportionate share of the cost of such permanent local facilities, in addition to reasonable connection charges and other charges authorized by this section. A district may permit payment of the cost of connection and the reasonable connection charge to be paid with interest in installments over a period not exceeding fifteen years. The county treasurer may charge and collect a fee of three dollars for each year for the treasurer’s services. Those fees shall be a charge to be included as part of each annual installment, and shall be credited to the county current expense fund by the county treasurer. Revenues from connection charges excluding permit fees are to be considered payments in aid of construction as defined by department of revenue rule. Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property. Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

A water-sewer district shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using water-sewer district employees unless the on-site system is connected by a publicly owned collection system to the water-sewer district’s sewerage system, and the on-site system represents the first step in the sewage disposal process.

Except as otherwise provided in RCW 90.03.525, any public entity and public property, including the state of Washington and state property, shall be subject to rates and charges for sewer, water, storm water control, drainage, and street lighting facilities to the same extent private persons and private property are subject to those rates and charges that are imposed by districts. In setting those rates and charges, consideration may be made of in-kind services, such as stream improvements or donation of property;

(11) To contract with individuals, associations and corporations, the state of Washington, and the United States;

(12) To employ such persons as are needed to carry out the district’s purposes and fix salaries and any bond requirements for those employees;
(13) To contract for the provision of engineering, legal, and other professional services as in the board
of commissioner’s discretion is necessary in carrying out their duties;
(14) To sue and be sued;
(15) To loan and borrow funds and to issue bonds and instruments evidencing indebtedness under chapter
57.20 RCW and other applicable laws;
(16) To transfer funds, real or personal property, property interests, or services subject to RCW
57.08.015;
(17) To levy taxes in accordance with this chapter and chapters 57.04 and 57.20 RCW;
(18) To provide for making local improvements and to levy and collect special assessments on property
benefited thereby, and for paying for the same or any portion thereof in accordance with chapter 57.16 RCW;
(19) To establish street lighting systems under RCW 57.08.060;
(20) To exercise such other powers as are granted to water-sewer districts by this title or other applicable
laws; and
(21) To exercise any of the powers granted to cities and counties with respect to the acquisition,
construction, maintenance, operation of, and fixing rates and charges for waterworks and systems of sewerage
and drainage."

NEW SECTION. 
Sec. 2. A new section is added to chapter 35.13A RCW to read as follows:

(1) A city having a population of less than five thousand residents may not assume, under this chapter,
the jurisdiction of all or part of a water-sewer district serving a population greater than one thousand residents
and containing, within its boundaries, the territory of two or more cities, or one city and unincorporated territory,
unless voters of the entire water-sewer district approve a ballot proposition authorizing the assumption under
general election law. The cost of the election shall be borne by the city seeking approval to assume jurisdiction
of a water-sewer district.

(2) A city or town may assume jurisdiction over a water-sewer district located within its boundaries
without seeking approval of the voters, as required under subsection (1) of this section, if the board of
commissioners of the water-sewer district consent to the assumption of jurisdiction by the city or town. The
feasibility study required under subsection (3) of this section is not required if the board of commissioners of the
water-sewer district consents to the assumption of jurisdiction by the city or town.

(3) Following the passage of a resolution by a city or town to assume all or part of a special purpose
water-sewer district under this chapter, a feasibility study of such assumption shall be conducted, unless the board
of commissioners of the water-sewer district consent to the assumption of jurisdiction by the city or town as
provided under subsection (2) of this section. The study will be jointly and equally funded by the city and the
district through a mutually agreed contract with a qualified independent consultant with professional expertise
involving public water and sewer systems. The study shall address the impact of the proposed assumption on
both the city and district. Issues to be considered shall be mutually agreed to by the city and the district and shall
include, but not be limited to, engineering and operational impacts, costs of the assumption to the city and the
district including potential impacts on future water-sewer rates, bond ratings and future borrowing costs, status
of existing water rights, and other issues jointly agreed to. The findings of the joint study shall be presented as a
public record that is available to the registered voters of the district, both within and without the boundary of the
city conducting the assumption, prior to a vote on the proposed assumption by all the voters in the district. The
study shall be completed within six months of the passage of the resolution to assume the district. No vote shall
take place until such study has been completed and the results have been made available to the registered voters of
the district.

(4) This section is applicable to assumptions of jurisdiction of water-sewer districts by cities or towns
that have been initiated prior to the effective date of this act and which are pending as of that date, as well as
those assumptions of jurisdiction that are initiated on or after the effective date of this act.

(5) Once the voters in a water-sewer district have made the decision to approve or disapprove an
assumption through the ballot proposition process required under subsection (1) of this section, a boundary
review board does not have jurisdiction, under chapter 36.93 RCW, to conduct a review of such assumption
where the attempted or completed assumption involves not more than one city.

NEW SECTION. Sec. 3. This act is necessary for the immediate preservation of the public peace,
health, or safety, or support of the state government and its existing public institutions, and takes effect

SSB 6211 Prime Sponsor, Senate Committee on Education: Changing the school district levy base calculation. Reported by Committee on Education

MAJORITY recommendation: Do pass as amended:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 28A.500.020 and 1999 c 317 s 2 are each amended to read as follows:
(1) Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.
(a) "Prior tax collection year" means the year immediately preceding the year in which the local effort assistance shall be allocated.
(b) "Statewide average twelve percent levy rate" means twelve percent of the total levy bases as defined in RCW 84.52.0531(3) and (4) summed for all school districts, and divided by the total assessed valuation for excess levy purposes in the prior tax collection year for all districts as adjusted to one hundred percent by the county indicated ratio established in RCW 84.48.075.
(c) The "district's twelve percent levy amount" means the school district's maximum levy authority after transfers determined under RCW 84.52.0531(2) (a) through (c) divided by the district's maximum levy percentage determined under RCW 84.52.0531((4)) (5) multiplied by twelve percent.
(d) The "district's twelve percent levy rate" means the district's twelve percent levy amount divided by the district's assessed valuation for excess levy purposes for the prior tax collection year as adjusted to one hundred percent by the county indicated ratio.
(e) "Districts eligible for local effort assistance" means those districts with a twelve percent levy rate that exceeds the statewide average twelve percent levy rate.
(2) Unless otherwise stated all rates, percents, and amounts are for the calendar year for which local effort assistance is being calculated under this chapter.

Sec. 2. RCW 84.52.0531 and 1997 c 259 s 2 are each amended to read as follows:
The maximum dollar amount which may be levied by or for any school district for maintenance and operation support under the provisions of RCW 84.52.053 shall be determined as follows:
(1) For excess levies for collection in calendar year 1997, the maximum dollar amount shall be calculated pursuant to the laws and rules in effect in November 1996.
(2) For excess levies for collection in calendar year 1998 and thereafter, the maximum dollar amount shall be the sum of (a) plus or minus (b) and (c) of this subsection minus (d) of this subsection:
(a) The district's levy base as defined in subsections (3) and (4) of this section multiplied by the district's maximum levy percentage as defined in subsection (((4))) (5) of this section;
(b) For districts in a high/nonhigh relationship, the high school district’s maximum levy amount shall be reduced and the nonhigh school district’s maximum levy amount shall be increased by an amount equal to the estimated amount of the nonhigh payment due to the high school district under RCW 28A.545.030(3) and 28A.545.050 for the school year commencing the year of the levy;

c) For districts in an interdistrict cooperative agreement, the nonresident school district’s maximum levy amount shall be reduced and the resident school district’s maximum levy amount shall be increased by an amount equal to the per pupil basic education allocation included in the nonresident district’s levy base under subsection (3) of this section multiplied by:

(i) The number of full-time equivalent students served from the resident district in the prior school year; multiplied by:

(ii) The serving district’s maximum levy percentage determined under subsection ((4)) (5) of this section; increased by:

(iii) The percent increase per full-time equivalent student as stated in the state basic education appropriation section of the biennial budget between the prior school year and the current school year divided by fifty-five percent;

d) The district’s maximum levy amount shall be reduced by the maximum amount of state matching funds for which the district is eligible under RCW 28A.500.010.

(3) For excess levies for collection in calendar year 1998 and thereafter, a district’s levy base shall be the sum of allocations in (a) through (c) of this subsection received by the district for the prior school year, including allocations for compensation increases, plus the sum of such allocations multiplied by the percent increase per full time equivalent student as stated in the state basic education appropriation section of the biennial budget between the prior school year and the current school year and divided by fifty-five percent. A district’s levy base shall not include local school district property tax levies or other local revenues, or state and federal allocations not identified in (a) through (c) of this subsection.

(a) The district’s basic education allocation as determined pursuant to RCW 28A.150.250, 28A.150.260, and 28A.150.350;

(b) State and federal categorical allocations for the following programs:

(i) Pupil transportation;

(ii) Special education;

(iii) Education of highly capable students;

(iv) Compensatory education, including but not limited to learning assistance, migrant education, Indian education, refugee programs, and bilingual education;

(v) Food services; and

(vi) Statewide block grant programs; and

(c) Any other federal allocations for elementary and secondary school programs, including direct grants, other than federal impact aid funds and allocations in lieu of taxes.

(4) For excess levies for collection in calendar years 2005 through 2008, in addition to the allocations included under subsection (3)(a) through (c) of this section, a district’s levy base shall also include the difference between the state allocations under subsection (3)(a) and (b) of this section and the allocations the district would have received if: (a) The district’s base salary for certificated instructional staff for purposes of determining state basic education allocations had been the same as the highest base salary for that school year on the supporting LEAP salary document referenced in the omnibus appropriations act; and (b) the district’s salaries for certificated administrators and classified staff for purposes of determining state basic education allocations had been the same as the highest certificated administrator and classified staff salaries for that school year on the supporting LEAP salary document referenced in the omnibus appropriations act. For calendar year 2005, the additional amounts provided under this subsection shall not be used in the calculation of levy base for the purpose of determining local effort assistance allocations under chapter 28A.500 RCW.

(5) A district’s maximum levy percentage shall be twenty-two percent in 1998 and twenty-four percent in 1999 and every year thereafter; plus, for qualifying districts, the grandfathered percentage determined as follows:

(a) For 1997, the difference between the district’s 1993 maximum levy percentage and twenty percent; and

(b) For 1998 and thereafter, the percentage calculated as follows:

(i) Multiply the grandfathered percentage for the prior year times the district’s levy base determined under subsection (3) of this section;

(ii) Reduce the result of (b)(i) of this subsection by any levy reduction funds as defined in subsection (((5))) (6) of this section that are allocated to the district for the current school year;

(iii) Divide the result of (b)(ii) of this subsection by the district’s levy base; and

(iv) Take the greater of zero or the percentage calculated in (b)(iii) of this subsection.

(((5))) (6) “Levy reduction funds” shall mean increases in state funds from the prior school year for programs included under subsections (3) and 4 of this section: (A) That are not attributable to enrollment changes, compensation increases, or inflationary adjustments; and (B) that are or were specifically identified as levy reduction funds in the appropriations act. If levy reduction funds are dependent on formula factors which would not be finalized until after the start of the current school year, the superintendent of public instruction shall
estimate the total amount of levy reduction funds by using prior school year data in place of current school year data. Levy reduction funds shall not include moneys received by school districts from cities or counties.

For the purposes of this section, “prior school year” means the most recent school year completed prior to the year in which the levies are to be collected.

For the purposes of this section, “current school year” means the year immediately following the prior school year.

Funds collected from transportation vehicle fund tax levies shall not be subject to the levy limitations in this section.

The superintendent of public instruction shall develop rules and regulations and inform school districts of the pertinent data necessary to carry out the provisions of this section.

(3) In order to receive conditional scholarship awards, recipients shall be accepted and maintain enrollment in alternative certification routes through the partnership grant program, as provided in RCW 28A.660.040. Recipients must continue to make satisfactory progress towards completion of the alternative route certification program and receipt of a residency teaching certificate.

(4) For the purpose of this chapter, a conditional scholarship is a loan that is forgiven in whole or in part in exchange for service as a certificated teacher employed in a Washington state K-12 public school. The state shall forgive one year of loan obligation for every two years a recipient teaches in a public school. Recipients that fail to continue a course of study leading to residency teacher certification or cease to teach in a public school in the state of Washington in their endorsement area are required to repay the remaining loan principal with interest.

(5) Recipients who fail to fulfill the required teaching obligation are required to repay the remaining loan principal with interest and any other applicable fees. The higher education coordinating board shall adopt rules to define the terms for repayment, including applicable interest rates, fees, and deferments.

(6) To the extent funds are appropriated for this specific purpose, the annual amount of the scholarship is the annual cost of tuition; fees; and educational expenses, including books, supplies, and transportation for the alternative route certification program in which the recipient is enrolled, not to exceed eight thousand dollars. The board may adjust the annual award by the average rate of resident undergraduate tuition and fee increases at the state universities as defined in RCW 28B.10.016.

(7) The higher education coordinating board may deposit all appropriations, collections, and any other funds received for the program in this chapter in "the student loan account authorized in RCW 28B.102.060."

MAJORITY recommendation: Do pass as amended:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that criminal history record information background checks for employment purposes are rapidly increasing in Washington state. While the demand for criminal history record information background checks is growing, the existing criminal history record information background check data transmission infrastructure and processes are not adequate to keep pace with the growing demand. Furthermore, employers are concerned with the current system's ability to quickly secure results. Without adequate data transmission infrastructure and processes to encourage efficient criminal history record information background checks and to receive results quickly, a public safety risk is created. This is especially true when new or prospective employees will be working with children.

The legislature has learned that some states have recently developed comprehensive criminal history record information background check programs. These programs focus on making criminal history record information background checks easily accessible to employers and prospective employees and have eliminated long response times.

NEW SECTION. Sec. 2. (1) A joint task force on criminal background check processes is established. The joint task force shall consist of the following members:
(a) Two members from each of the two largest caucuses of the senate, appointed by the president of the senate; at least one member from each caucus shall be a member of the senate children and family services and corrections committee;
(b) Two members from each of the two largest caucuses of the house of representatives, appointed by the speaker of the house of representatives; at least one member from each caucus shall be a member of the house criminal justice and corrections committee;
(c) The chief of the Washington state patrol, or the chief's designee;
(d) The secretary of the department of social and health services, or the secretary's designee;
(e) The state superintendent of public instruction, or the superintendent's designee;
(f) An elected sheriff or police chief, selected by the Washington association of sheriffs and police chiefs; and
(g) The following seven members, jointly appointed by the speaker of the house of representatives and the president of the senate:
(i) A representative from a nonprofit service organization that serves primarily children under sixteen years of age;
(ii) A health care provider as defined in RCW 7.70.020;
(iii) A representative from a business or organization that serves primarily developmentally disabled persons or vulnerable adults;
(iv) A representative from a local youth athletic association;
(v) A representative from the insurance industry; and
(vi) Two representatives from a local parks and recreation program; one member shall be selected by the association of Washington cities and one member shall be selected by the Washington association of counties.
(2) The task force shall choose two cochairs from among its membership.
(3) The task force shall review and make recommendations to the legislature and the governor regarding criminal background check policy in Washington state. In preparing the recommendations, the committee shall, at a minimum, review the following issues:
(a) What state and federal statutes require regarding criminal background checks, and determine whether any changes should be made;
(b) What criminal offenses are currently reportable through the criminal background check program, and determine whether any changes should be made;
(c) What information is available through the Washington state patrol and the federal bureau of investigation criminal background check systems, and determine whether any changes should be made;
(d) What are the best practices among organizations for obtaining criminal background checks on their employees and volunteers;
(e) What is the feasibility and costs for businesses and organizations to do periodic background checks;
(f) What is the feasibility of requiring all businesses and organizations, including nonprofit entities, to conduct criminal background checks for all employees, contractors, agents, and volunteers who have regularly scheduled supervised or unsupervised access to children, developmentally disabled persons, or vulnerable adults; and
(g) A review of the benefits and obstacles of implementing a criminal history record information background check program created by the national child protection act of 1993. The national child protection act of 1993 increases the availability of criminal history record information background checks for employers who have employees or volunteers who work with children, elderly persons, or persons with disabilities.

(4) The task force, where feasible, may consult with individuals from the public and private sector.

(5) The task force shall use legislative facilities and staff from senate committee services and the house office of program research.

(6) The task force shall report its findings and recommendations to the legislature by December 31, 2004.

NEW SECTION. Sec. 3. (1) In consultation with the Washington state patrol, the Washington association of sheriffs and police chiefs shall conduct a study on criminal history record information background check technology and systems. The study shall focus on how, through the use of modern technology, Washington state can reduce delays in the criminal history record information background check processing time and how Washington state can make criminal history record information background checks more accessible and efficient.

(2) The study shall include, but is not limited to:

(a) A review and analysis of the criminal history record information background check technology systems in states that have recently implemented or are soon to implement comprehensive criminal history record information background check programs;

(b) Recommendations on how a comprehensive criminal history record information background check program should be designed in Washington state, and how much a comprehensive program would cost to implement in Washington state;

(c) A review of how a comprehensive criminal history record information background check program could be paid for in Washington state, which includes a determination on whether the program could be funded solely by user fees.

(3) The findings and recommendations from the Washington association of sheriffs and police chiefs shall be presented to the joint task force on criminal background check processes no later than November 30, 2004.

(4) The requirement to perform the study under this section and to make findings and recommendations is subject to availability of funds appropriated for this specific purpose.

NEW SECTION. Sec. 4. The sum of forty-five thousand dollars, or as much thereof as may be necessary, is appropriated for the fiscal year ending June 30, 2004, from the public safety and education account to the Washington association of sheriffs and police chiefs for the purposes of section 3 of this act.

MAJORITY recommendation: Do pass as amended:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 28B.10 RCW to read as follows:
(1) A member of the Washington national guard or any other military reserve component who is a student at an institution of higher education and who is ordered for a period exceeding thirty days to either active state service, as defined in RCW 38.04.010, or to federal active military service has the following rights:
(a) With regard to courses in which the person is enrolled, the person may:
(i) Withdraw from one or more courses for which tuition and fees have been paid that are attributable to the courses. The tuition and fees must be credited to the person's account at the institution. Any refunds are subject to the requirements of the state or federal financial aid programs of origination. In such a case, the student shall not receive credit for the courses and shall not receive a failing grade, an incomplete, or other negative annotation on the student's record, and the student's grade point average shall not be altered or affected in any manner because of action under this item;
(ii) Be given a grade of incomplete and be allowed to complete the course upon release from active duty under the institution's standard practice for completion of incompletes; or
(iii) Continue and complete the course for full credit. Class sessions the student misses due to performance of state or federal active military service must be counted as excused absences and must not be used in any way to adversely impact the student's grade or standing in the class. Any student who selects this option is not, however, automatically excused from completing assignments due during the period the student is performing state or federal active military service. A letter grade or a grade of pass must only be awarded if, in the opinion of the faculty member teaching the course, the student has completed sufficient work and has demonstrated sufficient progress toward meeting course requirements to justify the grade;
(b) To receive a refund of amounts paid for room, board, and fees attributable to the time period during which the student was serving in state or federal active military service and did not use the facilities or services
for which the amounts were paid. Any refund of room, board, and fees is subject to the requirements of the state or federal financial aid programs of origin; and

(c) If the student chooses to withdraw, the student has the right to be readmitted and enrolled as a student at the institution, without penalty or redetermination of admission eligibility, within one year following release from the state or federal active military service.

(2) The protections in this section may be invoked as follows:
   (a) The person, or an appropriate officer from the military organization in which the person will be serving, must give written notice that the person is being, or has been, ordered to qualifying service; and
   (b) Upon written request from the institution, the person shall provide written verification of service.

(3) This section provides minimum protections for students. Nothing in this section prevents institutions of higher education from providing additional options or protections to students who are ordered to state or federal active military service.

Sec. 2. RCW 28B.15.600 and 2003 c 319 s 1 are each amended to read as follows:
(1) The governing boards of the state universities, the regional universities, and The Evergreen State College may refund or cancel in full the tuition and services and activities fees if the student withdraws from a university or college course or program prior to the sixth day of instruction of the quarter or semester for which the fees have been paid or are due. If the student withdraws on or after the sixth day of instruction, the governing boards may refund or cancel up to one-half of the fees, provided such withdrawal occurs within the first thirty calendar days following the beginning of instruction. However, if a different policy is required by federal law in order for the institution of higher education to maintain eligibility for federal funding of programs, the governing board may adopt a refund policy that meets the minimum requirements of the federal law, and the policy may treat all students attending the institution in the same manner. Additionally, if federal law provides that students who receive federal financial aid must return a larger amount to the federal government than that refunded by the institution, the governing board may adopt a refund policy that uses the formula used to calculate the amount returned to the federal government, and the policy may treat all students attending the institution in the same manner.

(2) The governing boards of the respective universities and college may adopt rules for the refund of tuition and fees for courses or programs that begin after the start of the regular quarter or semester.

(3) The governing boards may extend the refund or cancellation period for students who withdraw for medical reasons (as designated by the president of the United States through executive order, or in another location in support of the Persian Gulf combat zone, with the choice of tuition refunds or one free term, as provided under RCW 28B.10.017 and 28B.15.623) who are members of the Washington national guard or any other military reserve component and who are ordered for a period exceeding thirty days into active state service or federal active military service the same rights and opportunities provided under section 1 of this act by public higher education institutions.

SSB 6329 Prime Sponsor, Senate Committee on Parks, Fish & Wildlife: Extending the date for implementation of ballast water discharge requirements. Reported by Committee on Fisheries, Ecology & Parks

MAJORITY recommendation: Do pass as amended:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 77.120.005 and 2000 c 108 s 1 are each amended to read as follows:

The legislature finds that some nonindigenous species have the potential to cause economic and environmental damage to the state and that current efforts to stop the introduction of nonindigenous species from shipping vessels do not adequately reduce the risk of new introductions into Washington waters. The legislature recognizes the international ramifications and the rapidly changing dimensions of this issue, the lack of currently available treatment technologies, and the difficulty that any one state has in either legally or practically managing this issue. Recognizing the possible limits of state jurisdiction over international issues, the state declares its support for the international maritime organization and United States coast guard efforts, and the state intends to complement, to the extent its powers allow it, the United States coast guard’s ballast water management program.

Sec. 2. 2002 c 282 s 1 (uncodified) is amended to read as follows:

(1) The director of the department of fish and wildlife must establish the ballast water work group.
(2) The ballast water work group consists of the following individuals:
(a) One staff person from the governor’s executive policy office. This person must act as chair of the ballast water work group;
(b) Two representatives from the Puget Sound steamship operators;
(c) Two representatives from the Columbia river steamship operators;
(d) Three representatives from the Washington public ports, one of whom must be a marine engineer;
(e) Two representatives from the petroleum transportation industry;
(f) One representative from the Puget Sound water quality action team; (and)
(g) Two representatives from the environmental community;
(h) One representative of the shellfish industry;
(i) One representative of the tribes;
(j) One representative of maritime labor; and
(k) One representative from the department of fish and wildlife.
(3) The ballast water work group must study, and provide a report to the legislature by December 15, 2006, the following issues:
(a) All issues relating to ballast water technology, including exchange and treatment methods, the associated costs, and the availability of feasible and proven ballast water treatment technologies that could be cost-effectively installed on vessels that typically call on Washington ports;
(b) The services needed by the industry and the state to protect the marine environment, including penalties and enforcement; (and)
(c) The costs associated with, and possible funding methods for, implementing the ballast water program;
(d) Consistency with federal and international standards, and identification of gaps between those standards, and the need for additional measures, if any, to meet the goals of this chapter;
(e) Describe how the costs of treatment required as of July 1, 2007, will be substantially equivalent among ports where treatment is required;
(f) Describe how the states of Washington and Oregon are coordinating their efforts for ballast water management in the Columbia river system; and
(g) Describe how the states of Washington, Oregon, and California and the province of British Columbia are coordinating their efforts for ballast water management on the west coast.
(4) The ballast water work group must begin operation immediately upon the effective date of this section. The (department of fish and wildlife) Puget Sound water quality action team must provide staff for the
ballast water work group. The staff must come from existing personnel within the ((department of fish and wildlife)) team.

(5) The director must also monitor the activities of the task force created by the state of Oregon in 2001 Or. Laws 722, concerning ballast water management. The director shall provide the ballast water work group with periodic updates of the Oregon task force’s efforts at developing a ballast water management system.

(b) This section expires June 30, ((2004)) 2007.

Sec. 3. RCW 77.120.030 and 2002 c 282 s 2 are each amended to read as follows:

The owner or operator in charge of any vessel covered by this chapter is required to ensure that the vessel under their ownership or control does not discharge ballast water into the waters of the state except as authorized by this section.

(1) Discharge into waters of the state is authorized if the vessel has conducted an open sea exchange of ballast water. A vessel is exempt from this requirement if the vessel’s master reasonably determines that such a ballast water exchange operation will threaten the safety of the vessel or the vessel’s crew, or is not feasible due to vessel design limitations or equipment failure. If a vessel relies on this exemption, then it may discharge ballast water into waters of the state, subject to any requirements of treatment under subsection (2) of this section and subject to RCW 77.120.040.

(2) After July 1, ((2004)) 2007, discharge of ballast water into waters of the state is authorized only if there has been an open sea exchange or if the vessel has treated its ballast water to meet standards set by the department consistent with applicable state and federal laws. When weather or extraordinary circumstances make access to treatment unsafe to the vessel or crew, the master of a vessel may delay compliance with any treatment required under this subsection until it is safe to complete the treatment.

(3) Masters, owners, operators, or persons-in-charge shall submit to the department an interim ballast water management report by July 1, 2006, in the form and manner prescribed by the department. The report shall describe actions needed to implement the ballast water requirements in subsection (2) of this section, including treatment methods applicable to the class of the vessel. Reports may include a statement that there are no treatment methods applicable to the vessel for which the report is being submitted.

(4) The ballast water work group created in section 1, chapter 282, Laws of 2002 shall develop recommendations for the interim ballast water management report. The recommendations must include, but are not limited to:

(a) Actions that the vessel owner or operator will take to implement the ballast water requirements in subsection (2) of this section, including treatment methods applicable to the class of the vessel;

(b) Necessary plan elements when there are not treatment methods applicable to the vessel for which the report is being submitted, or which would meet the requirements of this chapter; and

(c) The method, form, and content of reporting to be used for such reports.

(5) For treatment technologies requiring shipyard modification that cannot reasonably be performed prior to July 1, 2007, the department shall provide the vessel owner or operator with an extension to the first scheduled drydock or shipyard period following July 1, 2007.

(6) The department shall make every effort to align ballast water standards with adopted international and federal standards while ensuring that the goals of this chapter are met.

(7) The requirements of this section do not apply to a vessel discharging ballast water or sediments that originated solely within the waters of Washington state, the Columbia river system, or the internal waters of British Columbia south of latitude fifty degrees north, including the waters of the Straits of Georgia and Juan de Fuca.

((44))) (8) Open sea exchange is an exchange that occurs fifty or more nautical miles offshore. If the United States coast guard requires a vessel to conduct an exchange further offshore, then that distance is the required distance for purposes of compliance with this chapter.”

(1) If the holder of an individual license in good standing submits a written and notarized request that the licensee's cosmetology, barber, manicurist, esthetician, or instructor license be placed on inactive status, together with a fee equivalent to that established by rule for a duplicate license, the department shall place the license on inactive status until the expiration date of the license. If the date of the request is no more than six months before the expiration date of the license, a request for a two-year extension of the inactive status, as provided under subsection (2) of this section, may be submitted at the same time as the request under this subsection.

(1) The director shall issue the appropriate license to any applicant who meets the requirements as outlined in this chapter.

(2) Except as provided in RCW 18.16.260:

(b) A person whose license has not been renewed within one year after its expiration date shall have the license canceled and shall be required to submit an application, pay the license fee, meet current licensing requirements, and pass any applicable examination or examinations, in addition to the other requirements of this chapter, before the license may be reinstated.

(3) In lieu of the requirements of subsection (2)(a) of this section, a license placed on inactive status under section 2 of this act may be reinstated to good standing upon receipt by the department of: (a) Payment of a renewal fee, without penalty, for a two-year license commencing on the date the license is reinstated; and (b) if the license was on inactive status during any time that the board finds that a health or other requirement applicable to the license has changed, evidence showing that the holder of the license has successfully completed, from a school licensed under RCW 18.16.140, at least the number of curriculum clock hours of instruction that the board deems necessary for a licensee to be brought current with respect to such changes, but in no case may the number of hours required under this subsection exceed four hours per year that the license was on inactive status.

E2SSB 6358 Prime Sponsor, Senate Committee on Ways & Means: Improving collaboration regarding offenders with treatment orders. Reported by Committee on Criminal Justice & Corrections

MAJORITY recommendation: Do pass as amended:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature makes the following findings:
(1) In some cases, there is confusion over whether the cause of a person's mental disorder can make that person ineligible for involuntary treatment;
(2) Some offenders under supervision in the community are concurrently subject to court-ordered mental health or chemical dependency treatment;
(3) Some offenders under supervision in the community are subject to department of corrections-ordered mental health or substance abuse treatment;
(4) The department of corrections frequently does not know that an offender is subject to court-ordered treatment;
(5) Treatment providers frequently do not know that a client is subject to department of corrections supervision;
(6) There is confusion about the extent to which information about an offender subject to both treatment orders and supervision by the department of corrections may be shared;
(7) When information is not shared, the lack of information creates gaps in enforcement both of the court order and the offender’s conditions of supervision; and
(8) When there are gaps in enforcement, there is an increased risk to public safety.
Consequently, the legislature intends to clarify the standards for commitment and improve the coordination between the department of corrections and mental health and chemical dependency treatment providers to enhance public safety by improving compliance with treatment and supervision orders and by providing both treatment providers and the department of corrections with more current, complete information about the offender’s status.

Sec. 2. RCW 71.05.040 and 1997 c 112 s 4 are each amended to read as follows:
Persons who are developmentally disabled, impaired by chronic alcoholism or drug abuse, or suffering from dementia shall not be detained for evaluation and treatment or judicially committed solely by reason of that condition unless such condition causes a person to be gravely disabled or as a result of a mental disorder such condition exists that constitutes a likelihood of serious harm: Provided however, That persons who are developmentally disabled, impaired by chronic alcoholism or drug abuse, or suffering from dementia and who otherwise meet the criteria for detention or judicial commitment are not ineligible for detention or commitment based on this condition alone."
NEW SECTION. Sec. 3. A new section is added to chapter 10.77 RCW to read as follows:

When a county designated mental health professional or a professional person has determined that a person has a mental disorder, and is otherwise commitable, the cause of the person's mental disorder shall not make the person ineligible for commitment under chapter 71.05 RCW.

Sec. 4. RCW 71.05.445 and 2002 c 39 s 2 are each amended to read as follows:

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Information related to mental health services" means all information and records compiled, obtained, or maintained in the course of providing services to either voluntary or involuntary recipients of services by a mental health service provider. This may include documents of legal proceedings under this chapter or chapter 71.34 or 10.77 RCW, or somatic health care information.

(b) "Mental health service provider" means a public or private agency that provides services to persons with mental disorders as defined under RCW 71.05.020 and receives funding from public sources. This includes evaluation and treatment facilities as defined in RCW 71.05.020, community mental health service delivery systems, or community mental health programs as defined in RCW 71.24.025, and facilities conducting competency evaluations and restoration under chapter 10.77 RCW.

(2)(a) Information related to mental health services delivered to a person subject to chapter 9.94A or 9.95 RCW shall be released, upon request, by a mental health service provider to department of corrections personnel for whom the information is necessary to carry out the responsibilities of their office. The information must be provided only for the purpose of completing presentence investigations or risk assessment reports, supervision of an incarcerated ((person)) offender or offender under supervision in the community, planning for and provision of supervision of ((a person)) an offender, or assessment of ((a person's)) an offender's risk to the community. The request shall be in writing and shall not require the consent of the subject of the records.

(b) If an offender subject to chapter 9.94A or 9.95 RCW has failed to report for department of corrections supervision or in the event of an emergent situation that poses a significant risk to the public or the offender, information related to mental health services delivered to the offender and, if known, information regarding where the offender is likely to be found shall be released by the mental health services provider to the department and the department of corrections, in consultation with regional support networks, or community mental health programs as defined in RCW 71.24.025, and facilities conducting competency evaluations and restoration under chapter 10.77 RCW.

(3)(a) When a mental health service provider conducts its initial assessment for a person receiving court-ordered treatment, the service provider shall inquire and shall be told by the offender whether he or she is subject to supervision by the department of corrections.

(b) When a person receiving court-ordered treatment or treatment ordered by the department of corrections discloses to his or her mental health service provider that he or she is subject to supervision by the department of corrections, the mental health services provider shall notify the department of corrections that he or she is treating the offender and shall notify the offender that his or her community corrections officer will be notified of the treatment, provided that if the offender has received relief from disclosure pursuant to section 11, 12, or 13 of this act and the offender has provided the mental health services provider with a copy of the order granting relief from disclosure pursuant to section 11, 12, or 13 of this act, the mental health services provider is not required to notify the department of corrections that the mental health services provider is treating the offender. The notification may be written or oral and shall not require the consent of the offender. If an oral notification is made, it must be confirmed by a written notification. For purposes of this section, a written notification includes notification by e-mail or facsimile, so long as the notifying mental health service provider is clearly identified.

(4) The information to be released to the department of corrections shall include all relevant records and reports, as defined by rule, necessary for the department of corrections to carry out its duties, including those records and reports identified in subsection (2) of this section.

(5) The department and the department of corrections, in consultation with regional support networks, mental health service providers as defined in subsection (1) of this section, mental health consumers, and advocates for persons with mental illness, shall adopt rules to implement the provisions of this section related to the type and scope of information to be released. These rules shall:

(a) Enhance and facilitate the ability of the department of corrections to carry out its responsibility of planning and ensuring community protection with respect to persons subject to sentencing under chapter 9.94A or 9.95 RCW, including accessing and releasing or disclosing information of persons who received mental health services as a minor; and
(b) Establish requirements for the notification of persons under the supervision of the department of corrections regarding the provisions of this section.

((44)) (6) The information received by the department of corrections under this section shall remain confidential and subject to the limitations on disclosure outlined in chapter 71.05 RCW, except as provided in RCW 72.09.585.

((44)) (2) No mental health service provider or individual employed by a mental health service provider shall be held responsible for information released to or used by the department of corrections under the provisions of this section or rules adopted under this section except under RCW 71.05.670 and 71.05.440.

((44)) (8) Whenever federal law or federal regulations restrict the release of information contained in the treatment records of any patient who receives treatment for alcoholism or drug dependency, the release of the information may be restricted as necessary to comply with federal law and regulations.

((44)) (9) This section does not modify the terms and conditions of disclosure of information related to sexually transmitted diseases under chapter 70.24 RCW.

(10) The department shall, subject to available resources, electronically, or by the most cost-effective means available, provide the department of corrections with the names, last dates of services, and addresses of specific regional support networks and mental health service providers that delivered mental health services to a person subject to chapter 9.94A or 9.95 RCW pursuant to an agreement between the departments.

Sec. 5. RCW 72.09.585 and 2000 c 75 s 4 are each amended to read as follows:

(1) When the department is determining an offender’s risk management level, the department shall inquire of the offender and shall be told whether the offender is subject to court-ordered treatment for mental health services or chemical dependency services. The department shall request and the offender shall provide an authorization to release information form that meets applicable state and federal requirements and shall provide the offender with written notice that the department will request the offender’s mental health and substance abuse treatment information. An offender’s failure to inform the department of court-ordered treatment is a violation of the conditions of supervision if the offender is in the community and an infraction if the offender is in confinement, and the violation or infraction is subject to sanctions.

(2) When an offender discloses that he or she is subject to court-ordered mental health services or chemical dependency treatment, the department shall provide the mental health services provider or chemical dependency treatment provider with a written request for information and any necessary authorization to release information forms. The written request shall comply with rules adopted by the department of social and health services or protocols developed jointly by the department and the department of social and health services. A single request shall be valid for the duration of the offender’s supervision in the community. Disclosures of information related to mental health services made pursuant to a department request shall not require consent of the offender.

(3) The information received by the department under RCW 71.05.445 or 71.34.225 may be released to the indeterminate sentence review board as relevant to carry out its responsibility of planning and ensuring community protection with respect to persons under its jurisdiction. Further disclosure by the indeterminate sentence review board is subject to the limitations set forth in subsections ((4)) (5) and ((4)) (6) of this section and must be consistent with the written policy of the indeterminate sentence review board. The decision to disclose or not shall not result in civil liability for the indeterminate sentence review board or its employees provided that the decision was reached in good faith and without gross negligence.

((4)) (4) The information received by the department under RCW 71.05.445 or 71.34.225 may be used to meet the statutory duties of the department to provide evidence or report to the court. Disclosure to the public of information provided to the court by the department related to mental health services shall be limited in accordance with RCW 9.94A.500 or this section.

((4)) (5) The information received by the department under RCW 71.05.445 or 71.34.225 may be disclosed by the department to other state and local agencies as relevant to plan for and provide offenders transition, treatment, and supervision services, or as relevant and necessary to protect the public and counteract the danger created by a particular offender, and in a manner consistent with the written policy established by the secretary. The decision to disclose or not shall not result in civil liability for the department or its employees so long as the decision was reached in good faith and without gross negligence. The information received by a state or local agency from the department shall remain confidential and subject to the limitations on disclosure set forth in chapters 70.02, 71.05, and 71.34 RCW and, subject to these limitations, may be released only as relevant and necessary to counteract the danger created by a particular offender.

((4)) (6) The information received by the department under RCW 71.05.445 or 71.34.225 may be disclosed by the department to individuals only with respect to offenders who have been determined by the department to have a high risk of reoffending by a risk assessment, as defined in RCW 9.94A.030, only as relevant and necessary for those individuals to take reasonable steps for the purpose of self-protection, or as provided in RCW 72.09.370(2). The information may not be disclosed for the purpose of engaging the public in a system of supervision, monitoring, and reporting offender behavior to the department. The department must limit the disclosure of information related to mental health services to the public to descriptions of an offender’s behavior, risk he or she may present to the community, and need for mental health treatment, including
medications, and shall not disclose or release to the public copies of treatment documents or records, except as otherwise provided by law. All disclosure of information to the public must be done in a manner consistent with the written policy established by the secretary. The decision to disclose or not shall not result in civil liability for the department or its employees so long as the decision was reached in good faith and without gross negligence. Nothing in this subsection prevents any person from reporting to law enforcement or the department behavior that he or she believes creates a public safety risk.

Sec. 6. RCW 71.05.390 and 2000 c 94 s 9, 2000 c 75 s 6, and 2000 c 74 s 7 are each reenacted and amended to read as follows:

The request shall be in writing and shall not require the consent of the subject of the records.

(3) The information to be released to the department of corrections shall include all relevant records and reports, as defined by rule, necessary for the department of corrections to carry out its duties, including those records and reports identified in subsection (2) of this section.

(5) The department and the department of corrections, in consultation with regional support networks, mental health service providers as defined in subsection (1) of this section, mental health consumers, and advocates for persons with mental illness, shall adopt rules to implement the provisions of this section related to the type and scope of information to be released. These rules shall:

(a) Enhance and facilitate the ability of the department of corrections to carry out its responsibility of planning and ensuring community protection with respect to persons subject to sentencing under chapter 9.94A or 9.95 RCW, including accessing and releasing or disclosing information of persons who received mental health services as a minor; and

(b) Establish requirements for the notification of persons under the supervision of the department of corrections regarding the provisions of this section.

(6) The information received by the department of corrections under this section shall remain confidential and subject to the limitations on disclosure outlined in RCW 71.34.200, except as provided in RCW 72.09.585.

(8) Whenever federal law or federal regulations restrict the release of information contained in the treatment records of any patient who receives treatment for alcoholism or drug dependency, the release of the information may be restricted as necessary to comply with federal law and regulations.

(9) This section does not modify the terms and conditions of disclosure of information related to sexually transmitted diseases under chapter 70.24 RCW.

NEW SECTION. Sec. 9. A new section is added to chapter 9.94A RCW to read as follows:
When an offender receiving court-ordered mental health or chemical dependency treatment or treatment ordered by the department of corrections presents for treatment from a mental health or chemical dependency treatment provider, the offender must disclose to the mental health or chemical dependency treatment provider whether he or she is subject to supervision by the department of corrections. NEW SECTION. Sec. 13. A new section is added to chapter 70.96A RCW to read as follows:

When any court orders a person to receive treatment under this chapter, the order shall include a statement that if the person is, or becomes, subject to supervision by the department of corrections, the person must notify the treatment provider and the person’s chemical dependency treatment information must be shared with the department of corrections for the duration of the offender’s incarceration and supervision. Upon a petition by a person who does not have a history of one or more violent acts, as defined in RCW 71.05.020, the court may, for good cause, find that public safety would not be enhanced by the sharing of this person’s information.

NEW SECTION. Sec. 14. A new section is added to chapter 70.48 RCW to read as follows:

A new section is added to chapter 70.48 RCW to read as follows:

(1) A person having charge of a jail, or that person’s designee, shall notify the county designated mental health professional or the designated chemical dependency specialist seventy-two hours prior to the release to the community of an offender or defendant who was subject to a discharge review under section 18 of this act. If the person having charge of the jail does not receive seventy-two hours notice of the release, the notification to the county designated mental health professional or the designated chemical dependency specialist shall be made as soon as reasonably possible, but not later than the actual release to the community of the defendant or offender.

(2) When a person having charge of a jail, or that person’s designee, releases an offender or defendant who was the subject of a discharge review under section 18 of this act, the person having charge of a jail, or that person’s designee, shall notify the state hospital from which the offender or defendant was released.

NEW SECTION. Sec. 15. A new section is added to chapter 70.96A RCW to read as follows:

When any court orders a person to receive treatment under this chapter, the order shall include a statement that if the person is, or becomes, subject to supervision by the department of corrections, the person must notify the treatment provider and the person’s mental health treatment information must be shared with the department of corrections for the duration of the offender’s incarceration and supervision. Upon a petition by a person who does not have a history of one or more violent acts, the court may, for good cause, find that public safety would not be enhanced by the sharing of this person’s information.

NEW SECTION. Sec. 16. A new section is added to chapter 71.05 RCW to read as follows:

When any court orders a person to receive treatment under this chapter, the order shall include a statement that if the person is, or becomes, subject to supervision by the department of corrections, the person must notify the treatment provider and the person’s chemical dependency treatment information must be shared with the department of corrections for the duration of the offender’s incarceration and supervision. Upon a petition by a person who does not have a history of one or more violent acts, the court may, for good cause, find that public safety would not be enhanced by the sharing of this person’s information.
When an offender who is confined in a state correctional facility or is under supervision of the department of corrections in the community is subject to a petition for involuntary treatment under this chapter, the petitioner shall notify the department of corrections and the department of corrections shall provide documentation of its risk assessment or other concerns to the petitioner and the court if the department of corrections classified the offender as a high risk or high needs offender.

Nothing in this section creates a duty on any treatment provider or county designated mental health professional to provide offender supervision.

NEW SECTION. Sec. 17. A new section is added to chapter 72.09 RCW to read as follows:
(1) When an offender is under court-ordered mental health or chemical dependency treatment in the community and the supervision of the department of corrections, and the community corrections officer becomes aware that the person is in violation of the terms of the court’s treatment order, the community corrections officer shall notify the county designated mental health professional or the designated chemical dependency specialist, as appropriate, of the violation and request an evaluation for purposes of revocation of the less restrictive alternative or conditional release.
(2) When a county designated mental health professional or the designated chemical dependency specialist notifies the department that an offender in a state correctional facility is the subject of a petition for involuntary treatment under chapter 71.05 or 70.96A RCW, the department shall provide documentation of its risk assessment or other concerns to the petitioner and the court if the department classified the offender as a high risk or high needs offender.

NEW SECTION. Sec. 18. A new section is added to chapter 71.05 RCW to read as follows:
(1) When a state hospital admits a person for evaluation or treatment under this chapter who has a history of one or more violent acts and:
(a) Has been transferred from a correctional facility; or
(b) Is or has been under the authority of the department of corrections or the indeterminate sentence review board,
the state hospital shall consult with the appropriate corrections and chemical dependency personnel and the appropriate forensic staff at the state hospital to conduct a discharge review to determine whether the person presents a likelihood of serious harm and whether the person is appropriate for release to a less restrictive alternative.
(2) When a state hospital returns a person who was reviewed under subsection (1) of this section to a correctional facility, the hospital shall notify the correctional facility that the person was subject to a discharge review pursuant to this section.

Sec. 19. RCW 70.02.030 and 1994 sp.s. c 9 s 741 are each amended to read as follows:
(1) A patient may authorize a health care provider to disclose the patient’s health care information. A health care provider shall honor an authorization and, if requested, provide a copy of the recorded health care information unless the health care provider denies the patient access to health care information under RCW 70.02.090.
(2) A health care provider may charge a reasonable fee for providing the health care information and is not required to honor an authorization until the fee is paid.
(3) To be valid, a disclosure authorization to a health care provider shall:
(a) Be in writing, dated, and signed by the patient;
(b) Identify the nature of the information to be disclosed;
(c) Identify the name, address, and institutional affiliation of the person to whom the information is to be disclosed;
(d) Except for third-party payors, identify the provider who is to make the disclosure; and
(e) Identify the patient.
(4) Except as provided by this chapter, the signing of an authorization by a patient is not a waiver of any rights a patient has under other statutes, the rules of evidence, or common law.
(5) A health care provider shall retain each authorization or revocation in conjunction with any health care information from which disclosures are made. This requirement shall not apply to disclosures to third-party payors.
(6) Except for authorizations given pursuant to an agreement with a treatment or monitoring program or disciplinary authority under chapter 18.71 or 18.130 RCW, when the patient is under the supervision of the department of corrections, or to provide information to third-party payors, an authorization may not permit the release of health care information relating to future health care that the patient receives more than ninety days after the authorization was signed. Patients shall be advised of the period of validity of their authorization on the disclosure authorization form. If the authorization does not contain an expiration date and the patient is not under the supervision of the department of corrections, it expires ninety days after it is signed.
(7) Where the patient is under the supervision of the department of corrections, an authorization signed pursuant to this section for health care information related to mental health or drug or alcohol treatment expires at the end of the term of supervision.

NEW SECTION. Sec. 20. (1) The department of social and health services and the department of corrections shall develop a training plan for department employees, contractors, and necessary mental health service providers and chemical dependency treatment providers covering the information sharing processes for offenders with treatment orders and terms of supervision in the community.

(2) The department of corrections and the department of social and health services, in consultation with prosecuting attorneys, the Washington association of sheriffs and police chiefs, regional support networks, county designated chemical dependency specialists, and other experts that the departments deem appropriate, shall develop a model for multidisciplinary case management and release planning of offenders classified as having high resource needs in multiple service areas.

NEW SECTION. Sec. 21. A new section is added to chapter 4.24 RCW to read as follows:

Information shared and actions taken without gross negligence and in good faith compliance with RCW 71.05.445, 72.09.585, or sections 15 through 17 of this act are not a basis for any private civil cause of action.

NEW SECTION. Sec. 22. The department of social and health services, in consultation with the appropriate committees of the legislature, shall assess the current and needed residential capacity for crisis response and ongoing treatment services for persons in need of treatment for mental disorders and chemical dependency. In addition to considering the demand for persons with either a mental disorder or chemical dependency, the assessment shall consider the demand for services for mentally ill offenders, and persons with co-occurring disorders, mental disorders caused by traumatic brain injury or dementia, and drug induced psychosis. An initial report assessing the types, number, and location of needed mental health crisis response and emergency treatment beds, both in community hospital-based and in other settings, shall be submitted to appropriate committees of the legislature by November 1, 2004. A final report assessing the types, number, and location of beds needed for mental health and chemical dependency emergency, transitional, and ongoing treatment shall be submitted to appropriate committees of the legislature by December 1, 2005. Both reports shall set forth the projected costs and benefits of alternative strategies and timelines for addressing identified needs.

Legislative staff shall review and analyze the use of mental health resources in other state programs for providing community based and hospital based care for persons with mental illness, including information available through the council of state governments and the national conference of state legislatures.

NEW SECTION. Sec. 23. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

(1) It is unlawful for any person to enter the following places when he or she knowingly possesses or knowingly has under his or her control a weapon:
(a) The restricted access areas of a jail, or of a law enforcement facility, or any place used for the confinement of a person (i) arrested for, charged with, or convicted of an offense, (ii) held for extradition or as a material witness, or (iii) otherwise confined pursuant to an order of a court, except an order under chapter 13.32A or 13.34 RCW. Restricted access areas do not include common areas of egress or ingress open to the general public;
(b) Those areas in any building which are used in connection with court proceedings, including courtrooms, jury rooms, judge’s chambers, offices and areas used to conduct court business, waiting areas, and corridors adjacent to areas used in connection with court proceedings. The restricted areas do not include common areas of ingress and egress to the building that is used in connection with court proceedings, when it is
possible to protect court areas without restricting ingress and egress to the building. The restricted areas shall be the minimum necessary to fulfill the objective of this subsection (1)(b).

In addition, the local legislative authority shall provide either a stationary locked box sufficient in size for pistols and key to a weapon owner for weapon storage, or shall designate an official to receive weapons for safekeeping, during the owner’s visit to restricted areas of the building. The locked box or designated official shall be located within the same building used in connection with court proceedings. The local legislative authority shall be liable for any negligence causing damage to or loss of a weapon either placed in a locked box or left with an official during the owner’s visit to restricted areas of the building.

The local judicial authority shall designate and clearly mark those areas where weapons are prohibited, and shall post notices at each entrance to the building of the prohibition against weapons in the restricted areas;

(c) The restricted access areas of a public mental health facility certified by the department of social and health services for inpatient hospital care and state institutions for the care of the mentally ill, excluding those facilities solely for evaluation and treatment. Restricted access areas do not include common areas of egress and ingress open to the general public; (Ω)

(d) That portion of an establishment classified by the state liquor control board as off-limits to persons under twenty-one years of age; or

(e) The restricted access areas of a commercial service airport designated in the airport security plan approved by the federal transportation security administration, including passenger screening checkpoints at or beyond the point at which a passenger initiates the screening process. These areas do not include airport drives, general parking areas and walkways, and shops and areas of the terminal that are outside the screening checkpoints and that are normally open to unscreened passengers or visitors to the airport. Any restricted access area shall be clearly indicated by prominent signs indicating that firearms and other weapons are prohibited in the area.

(2) Cities, towns, counties, and other municipalities may enact laws and ordinances:

(a) Restricting the discharge of firearms in any portion of their respective jurisdictions where there is a reasonable likelihood that humans, domestic animals, or property will be jeopardized. Such laws and ordinances shall not abridge the right of the individual guaranteed by Article I, section 24 of the state Constitution to bear arms in defense of self or others; and

(b) Restricting the possession of firearms in any stadium or convention center, operated by a city, town, county, or other municipality, except that such restrictions shall not apply to:

(ii) Any showing, demonstration, or lecture involving the exhibition of firearms.

(3)(a) Cities, towns, and counties may enact ordinances restricting the areas in their respective jurisdictions in which firearms may be sold, but, except as provided in (b) of this subsection, a business selling firearms may not be treated more restrictively than other businesses located within the same zone. An ordinance requiring the cessation of business within a zone shall not have a shorter grandfather period for businesses selling firearms than for any other businesses within the zone.

(b) Cities, towns, and counties may restrict the location of a business selling firearms to not less than five hundred feet from primary or secondary school grounds, if the business has a storefront, has hours during which it is open for business, and posts advertisements or signs observable to passersby that firearms are available for sale. A business selling firearms that exists as of the date a restriction is enacted under this subsection (3)(b) shall be grandfathered according to existing law.

(4) Violations of local ordinances adopted under subsection (2) of this section must have the same penalty as provided for by state law.

(5) The perimeter of the premises of any specific location covered by subsection (1) of this section shall be posted at reasonable intervals to alert the public as to the existence of any law restricting the possession of firearms on the premises.

(b) Law enforcement personnel; or

(c) Security personnel while engaged in official duties.

(7) Subsection (1)(a) of this section does not apply to a person licensed pursuant to RCW 9.41.070 who, upon entering the place or facility, directly and promptly proceeds to the administrator of the facility or the administrator’s designee and obtains written permission to possess the firearm while on the premises or checks his or her firearm. Before withdrawing a certification the secretary of state shall conduct a public hearing intended to document and allow input from affected system users and vendors before rendering a decision. The secretary of state shall post the report of withdrawal of certification to a publicly available electronic medium and transmit notice of withdrawal of certification under this section to each county auditor within five days after completing the examination.

Sec. 14. RCW 29A.44.320 and 2003 c 111 s 1130 are each amended to read as follows:

Whenever poll-site ballot counting devices or poll-site based electronic voting devices are used, the devices may either be included with the supplies required in RCW 29A.44.110 or they may be delivered to the polling place separately. ((All)) Each poll-site ballot counting device((a)) and poll-site based electronic voting device must be physically sealed with a unique numbered seal at the time of final preparation and logic and accuracy testing. The seal must secure against unauthorized access. A log must be made of all seal numbers and device numbers used.

NEW SECTION. Sec. 15. A new section is added to chapter 29A.44 RCW to read as follows:

Before each state primary or general election logic and accuracy testing of poll-site based systems or electronic voting devices must be performed by the county under the observation of the office of the secretary of state during the process of final preparation before system distribution to each poll site. For all other elections the logic and accuracy test must be performed by the county auditor before system distribution. As each ballot counter or electronic voting system is programmed and set up for distribution a logic and accuracy test must be performed. These tests must establish that each system is functioning within system standards. All ballot styles programmed for each machine must be processed by each machine in order to ensure that the machine is correctly counting and accumulating votes for every office. After all tests are performed and the machine is ready for distribution, the machine must be sealed and the seal number recorded. The procedure described in this section will serve as the official logic and accuracy test of these devices.

NEW SECTION. Sec. 16. A new section is added to chapter 29A.44 RCW to read as follows:

A log must be created during the testing of poll-site based ballot counters and electronic voting devices. The log must record the time and place of each test, the precinct number, seal number, and machine number of each ballot counter or voting device, and the initials of each person testing and observing the test for each machine. This log must be included in the official logic and accuracy test materials. The processes described in section 15 of this act must be open to observation and subject to all notices and observers under rules adopted by the secretary of state.

NEW SECTION. Sec. 17. A new section is added to chapter 29A.44 RCW to read as follows:

(1) The secretary of state shall empanel a task force of elections and computer security experts to be known as the “Washington Voting Systems Board” to study and determine the potential for election fraud as follows:

(a) At least five county auditors, or their designees, with five years or more of elections experience chosen by the Washington Association of County Auditors;

(b) At least two information technology professionals with five years or more experience in enterprise class computing systems chosen from a list provided by the director of the state department of information services;

(c) The director of the state department of information services or a designee;

(d) A representative of the Washington disability access group;

(e) The state director of elections or a designee;

(f) The secretary of state, or a designee, who shall chair the task force;

(g) A member of each of the four caucuses of the state legislature;

(h) A statistician provided by one of the four-year universities in the state of Washington; and
A cryptographer chosen from a list provided by the director of the department of information services.

The Washington voting systems board may consult with other experts as necessary, such as forensic accounting specialists, computer forensic experts, and law enforcement agencies.

The secretary of state shall provide reports to the legislature before the beginning of the 2005 and 2006 legislative sessions detailing:

(a) The progress of the federal election assistance commission in developing standards for the testing, certification, decertification, and recertification of voting system hardware and software, including electronic voting systems;

(b) The progress of the federal election assistance commission in conducting a thorough study of the issues and challenges, specifically to the potential for election fraud;

(c) The findings of the secretary of state and the Washington voting systems board on the comparative security of various voting systems technologies, including alternate but secure and accurate methods for a voter using a poll-site based electronic voting device to verify his or her vote in a technology distinct from the poll-site based electronic voting device;

(d) The findings of the secretary of state as to any potential or known risks of voting fraud, or actual instance of voting fraud during the previous year;

(e) A list of the voting system technologies certified for use in this state.

Subsection (2) of this section expires July 1, 2006.

NEW SECTION. Sec. 18. A new section is added to chapter 29A.44 RCW to read as follows:

(1) If a poll-site based electronic voting device produces an individual paper record at the time of voting, the device must allow the paper record to be reviewed by the voter before finalizing his or her vote. The paper record must be machine readable for purposes of counting the votes cast using a technology distinct from the poll-site based electronic voting device. If the device is programmed to display the ballot in multiple languages, the paper record produced must be printed in the language used by each voter. The device must allow the voter the option of spoiling the paper record and repeating the voting process if, after examining the paper record but before finalizing and casting his or her vote, the voter determines that the record does not reflect his or her vote. The spoiled record must either be destroyed or marked in order to clearly identify the record as spoiled. Paper records may not be removed from the polling place.

(2)(a) If a poll-site based electronic voting device provides an alternative method for the voter to verify his or her vote, the alternative method must maintain privacy in the act of voting while allowing a voter to verify that his or her votes were cast and recorded as intended, in a technology separate and distinct from the poll-site based electronic voting device. The alternative method must allow the voter an opportunity to repeat the voting process if the voter determines that the verification process does not reflect his or her vote.

(b) An alternative method for voters to verify votes cast on a poll-site based electronic voting device must be approved by the Washington voting systems board before it may be certified for use in Washington by the secretary of state. If the Washington voting systems board approves an alternative method, the board must report its findings and approval to the appropriate standing committees of the legislature by December 1st the same year. At least one regular legislative session must pass between the date that the alternative method is approved by the Washington voting systems board and the date that the alternative method is certified for use by the secretary of state.

NEW SECTION. Sec. 19. A new section is added to chapter 29A.44 RCW to read as follows:

Any paper records produced by poll-site based electronic voting devices are subject to all of the requirements of this chapter and chapter 29A.60 RCW for ballot handling, preservation, reconciliation, transit to the counting center, and storage. The paper records must be preserved in the same manner and for the same period of time as ballots.

NEW SECTION. Sec. 20. A new section is added to chapter 29A.44 RCW to read as follows:

The electronic record produced and counted by poll-site electronic voting devices is the official record of each vote for election purposes. However, any paper records produced under section 18 of this act must be stored and used as the official record of each vote for election purposes in the following specified circumstances only:

(1) In the event of a mandatory manual recount of votes under RCW 29A.64.020;

(2) In the event of a requested recount under RCW 29A.64.010;

(3) By order of the county canvassing board;

(4) By order of the superior court of a county; or

(5) For use in the eight percent random audit of results required by section 25 of this act.

NEW SECTION. Sec. 21. A new section is added to chapter 29A.44 RCW to read as follows:
A voter voting on a poll-site based electronic voting system may not leave the device during the voting process except to verify his or her ballot, or to request assistance from the precinct election officers, until the voting process is completed.

NEW SECTION. Sec. 22. A new section is added to chapter 29A.60 RCW to read as follows:

Ballot counting systems must be secured physically and electronically against unauthorized access. Ballot counting systems must not be connected to, or operated on, any electronic network including internal office networks, the Internet, or the World Wide Web. No wireless communications or unauthorized devices or software may be used in any way in a voting system. A network may be used as an internal, integral part of the ballot counting system, but that network must not be connected to any other network, the Internet, or the World Wide Web. All elements of the ballot counting system must be observable and secured. Transfer of information from the ballot counting system to another system for network connection or broadcast must be made via disk, tape, or other physical means of communication other than direct electronic connection.

NEW SECTION. Sec. 23. A new section is added to chapter 29A.60 RCW to read as follows:

Before the first ballot counting session in each election, a report must be produced demonstrating that the system contains no vote data before commencement of counting ballots. At the completion of each ballot counting session, the ballot counting system must produce a report of the results compiled that includes date and time information. Before commencing any additional ballot counting session, a report of the results contained in the system must be produced that includes date and time information. This report must be compared with the report produced at the end of the previous ballot counting session to ensure that no changes have been made to the vote data in the interim period. This comparison must be performed in the presence of political party observers if representatives have been appointed by their respective political parties and are present at the time of comparison. This procedure must be employed for subsequent counting sessions. Nothing in this section precludes the county auditor from zeroing individual devices in subsequent counting sessions if a report is created after each session and before the next, with the results being merged into the total.

Sec. 24. RCW 29A.60.060 and 2003 c 111 s 1506 are each amended to read as follows:

After the close of the polls, counties employing poll-site ballot counting devices or a remote counting location may telephonically or electronically transmit the accumulated tally for each device to a central reporting location. Before making a telephonic or electronic transmission the precinct election officer must create a printed record of the results of the election for that poll site. During the canvassing period the results transmitted telephonically or electronically must be considered unofficial until a complete reconciliation of the results has been performed. This reconciliation may be accomplished by a direct loading of the results from the memory pack into the central accumulator, or a comparison of the report produced at the poll site on election night with the results received by the central accumulating device. The device or devices used to receive the transmission may not be directly connected to the voting system. Transfer of the information received must be made via disk, tape, or other physical means of communication other than direct electronic connection.

NEW SECTION. Sec. 25. A new section is added to chapter 29A.60 RCW to read as follows:

Before the close of business on the day after election day, the county auditor shall conduct an audit of results of votes cast on the poll-site based electronic voting devices used in the county. This audit must be conducted by randomly selecting eight percent of the poll-site based electronic voting devices and comparing the results recorded by each device with those recorded on either the paper records or alternative voter-verified technology for six randomly selected races or issues on each device. This audit procedure must be subject to observation by political party representatives if representatives have been appointed and are present at the time of the audit.

NEW SECTION. Sec. 26. A new section is added to chapter 29A.84 RCW to read as follows:

Anyone who removes a paper record or alternative voter-verified technology produced by a poll-site based electronic voting device from a polling place without authorization is guilty of a class C felony punishable under RCW 9A.20.021.

Sec. 27. RCW 29A.04.610 and 2003 c 111 s 161 are each amended to read as follows:

To the extent possible, the court officer shall advise the victims ((who have contacted the diversion unit)) of the juvenile offender of the diversion process, offer victim impact letter forms and restitution claim forms, and(( to the extent possible,)) involve members of the community. Such members of the community shall meet with the juvenile and advise the court officer as to the terms of the diversion agreement and shall supervise the juvenile in carrying out its terms.
(5)(a) A diversion agreement may not exceed a period of six months and may include a period extending beyond the eighteenth birthday of the divertee.
   (b) If additional time is necessary for the juvenile to complete restitution to a victim, the time period limitations of this subsection may be extended by an additional six months.
(c) If the juvenile has not paid the full amount of restitution by the end of the additional six-month period, then the juvenile shall be referred to the juvenile court for entry of an order establishing the amount of restitution still owed to the victim. In this order, the court shall also determine the terms and conditions of the restitution, including a payment plan extending up to ten years if the court determines that the juvenile does not have the means to make full restitution over a shorter period. For the purposes of this subsection (5)(c), the juvenile shall remain under the court’s jurisdiction for a maximum term of ten years after the juvenile’s eighteenth birthday. Prior to the expiration of the initial ten-year period, the juvenile court may extend the judgment for restitution an additional ten years. The court may (not require the juvenile) relieve the juvenile of the requirement to pay full or partial restitution if the juvenile reasonably satisfies the court that he or she does not have the means to make full or partial restitution and could not reasonably acquire the means to pay the restitution over a ten-year period. If the court relieves the juvenile of the requirement to pay full or partial restitution, the court may order an amount of community restitution that the court deems appropriate. The county clerk shall make disbursements to victims named in the order. The restitution to victims named in the order shall be paid prior to any payment for other penalties or monetary assessments. A juvenile under obligation to pay restitution may petition the court for modification of the restitution order.

(6) The juvenile shall retain the right to be referred to the court at any time prior to the signing of the diversion agreement.

(7) Divertees and potential divertees shall be afforded due process in all contacts with a diversion unit regardless of whether the juveniles are accepted for diversion or whether the diversion program is successfully completed. Such due process shall include, but not be limited to, the following:

(a) A written diversion agreement shall be executed stating all conditions in clearly understandable language;

(b) Violation of the terms of the agreement shall be the only grounds for termination;

(c) No divertee may be terminated from a diversion program without being given a court hearing, which hearing shall be preceded by:

(i) Written notice of alleged violations of the conditions of the diversion program; and

(ii) Disclosure of all evidence to be offered against the divertee;

(d) The hearing shall be conducted by the juvenile court and shall include:

(i) Opportunity to be heard in person and to present evidence;

(ii) The right to confront and cross-examine all adverse witnesses;

(iii) A written statement by the court as to the evidence relied on and the reasons for termination, should that be the decision; and

(iv) Demonstration by evidence that the divertee has substantially violated the terms of his or her diversion agreement.

(e) The prosecutor may file an information on the offense for which the divertee was diverted:

(i) In juvenile court if the divertee is under eighteen years of age; or

(ii) In superior court or the appropriate court of limited jurisdiction if the divertee is eighteen years of age or older.

(8) The diversion unit shall, subject to available funds, be responsible for providing interpreters when juveniles need interpreters to effectively communicate during diversion unit hearings or negotiations.

(9) The diversion unit shall be responsible for advising a divertee of his or her rights as provided in this chapter.

(10) The diversion unit may refer a juvenile to community-based counseling or treatment programs.

(11) The right to counsel shall inure prior to the initial interview for purposes of advising the juvenile as to whether he or she desires to participate in the diversion process or to appear in the juvenile court. The juvenile may be represented by counsel at any critical stage of the diversion process, including intake interviews and termination hearings. The juvenile shall be fully advised at the intake of his or her right to an attorney and of the relevant services an attorney can provide. For the purpose of this section, intake interviews mean all interviews regarding the diversion agreement process.

The juvenile shall be advised that a diversion agreement shall constitute a part of the juvenile’s criminal history as defined by RCW 13.40.020(7). A signed acknowledgment of such advisement shall be obtained from the juvenile, and the document shall be maintained by the diversion unit together with the diversion agreement, and a copy of both documents shall be delivered to the prosecutor if requested by the prosecutor. The supreme court shall promulgate rules setting forth the content of such advisement in simple language.

(12) When a juvenile enters into a diversion agreement, the juvenile court may receive only the following information for dispositional purposes:

(a) The fact that a charge or charges were made;

(b) The fact that a diversion agreement was entered into;

(c) The juvenile’s obligations under such agreement;

(d) Whether the alleged offender performed his or her obligations under such agreement; and

(e) The facts of the alleged offense.

(13) A diversion unit may refuse to enter into a diversion agreement with a juvenile. When a diversion unit refuses to enter a diversion agreement with a juvenile, it shall immediately refer such juvenile to the court for
action and shall forward to the court the criminal complaint and a detailed statement of its reasons for refusing to enter into a diversion agreement. The diversion unit shall also immediately refer the case to the prosecuting attorney for action if such juvenile violates the terms of the diversion agreement.

(14) A diversion unit may, in instances where it determines that the act or omission of an act for which a juvenile has been referred to it involved no victim, or where it determines that the juvenile referred to it has no prior criminal history and is alleged to have committed an illegal act involving no threat of or instance of actual physical harm and involving not more than fifty dollars in property loss or damage and that there is no loss outstanding to the person or firm suffering such damage or loss, counsel and release or release such a juvenile without entering into a diversion agreement. A diversion unit’s authority to counsel and release a juvenile under this subsection includes the authority to refer the juvenile to community-based counseling or treatment programs. Any juvenile released under this subsection shall be advised that the act or omission of any act for which he or she had been released shall constitute a part of the juvenile’s criminal history as defined by RCW 13.40.020(7). A signed acknowledgment of such advisement shall be obtained from the juvenile, and the document shall be maintained by the unit, and a copy of the document shall be delivered to the prosecutor if requested by the prosecutor. The supreme court shall promulgate rules setting forth the content of such advisement in simple language. A juvenile determined to be eligible by a diversion unit for release as provided in this subsection shall retain the same right to counsel and right to have his or her case referred to the court for formal action as any other juvenile referred to the unit.

(15) A diversion unit may supervise the fulfillment of a diversion agreement entered into before the juvenile’s eighteenth birthday and which includes a period extending beyond the divertee’s eighteenth birthday.

(16) If a fine required by a diversion agreement cannot reasonably be paid due to a change of circumstance, the diversion agreement may be modified at the request of the divertee and with the concurrence of the diversion unit to convert an unpaid fine into community restitution. The modification of the diversion agreement shall be in writing and signed by the divertee and the diversion unit. The number of hours of community restitution in lieu of a monetary penalty shall be converted at the rate of the prevailing state minimum wage per hour.

(17) Fines imposed under this section shall be collected and paid into the county general fund in accordance with procedures established by the juvenile court administrator under RCW 13.04.040 and may be used only for juvenile services. In the expenditure of funds for juvenile services, there shall be a maintenance of effort whereby counties exhaust existing resources before using amounts collected under this section.

Sec. 4. RCW 13.40.160 and 2003 c 378 s 3 and 2003 c 53 s 99 are each reenacted and amended to read as follows:

(1) The standard range disposition for a juvenile adjudicated of an offense is determined according to RCW 13.40.0357.

(a) When the court sentences an offender to a local sanction as provided in RCW 13.40.0357 option A, the court shall impose a determinate disposition within the standard ranges, except as provided in subsection (2), (3), (4), (5), or (6) of this section. The disposition may be comprised of one or more local sanctions.

(b) When the court sentences an offender to a standard range as provided in RCW 13.40.0357 option A that includes a term of confinement exceeding thirty days, commitment shall be to the department for the standard range of confinement, except as provided in subsection (2), (3), (4), (5), or (6) of this section.

(2) If the court concludes, and enters reasons for its conclusion, that disposition within the standard range would effectuate a manifest injustice the court shall impose a disposition outside the standard range, as indicated in option D of RCW 13.40.0357. The court’s finding of manifest injustice shall be supported by clear and convincing evidence.

A disposition outside the standard range shall be determinate and shall be comprised of confinement or community supervision, or a combination thereof. When a judge finds a manifest injustice and imposes a sentence of confinement exceeding thirty days, the court shall sentence the juvenile to a maximum term, and the provisions of RCW 13.40.030(2) shall be used to determine the range. A disposition outside the standard range is appealable under RCW 13.40.230 by the state or the respondent. A disposition within the standard range is not appealable under RCW 13.40.230.

(3) When a juvenile offender is found to have committed a sex offense, other than a sex offense that is also a serious violent offense as defined by RCW 9.94A.030, and has no history of a prior sex offense, the court, on its own motion or the motion of the state or the respondent, may order an examination to determine whether the respondent is amenable to treatment.

The report of the examination shall include at a minimum the following: The respondent’s version of the facts and the official version of the facts, the respondent’s offense history, an assessment of problems in addition to alleged deviant behaviors, the respondent’s social, educational, and employment situation, and other evaluation measures used. The report shall set forth the sources of the evaluator’s information.

The examiner shall assess and report regarding the respondent’s amenability to treatment and relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

(a)(i) Frequency and type of contact between the offender and therapist;

(ii) Specific issues to be addressed in the treatment and description of planned treatment modalities;
(iii) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members, legal guardians, or others;

(iv) Anticipated length of treatment; and

(v) Recommended crime-related prohibitions.

The court on its own motion may order, or on a motion by the state shall order, a second examination regarding the offender’s amenability to treatment. The evaluator shall be selected by the party making the motion. The defendant shall pay the cost of any second examination ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost.

After receipt of reports of the examination, the court shall then consider whether the offender and the community will benefit from use of this special sex offender disposition alternative and consider the victim’s opinion whether the offender should receive a treatment disposition under this section. If the court determines that this special sex offender disposition alternative is appropriate, then the court shall impose a determinate disposition within the standard range for the offense, or if the court concludes, and enters reasons for its conclusions, that such disposition would cause a manifest injustice, the court shall impose a disposition under option D, and the court may suspend the execution of the disposition and place the offender on community supervision for at least two years. As a condition of the suspended disposition, the court may impose the conditions of community supervision and other conditions, including up to thirty days of confinement and requirements that the offender do any one or more of the following:

(b)(i) Devote time to a specific education, employment, or occupation;

(ii) Undergo available outpatient sex offender treatment for up to two years, or inpatient sex offender treatment not to exceed the standard range of confinement for that offense. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment. The respondent shall not change sex offender treatment providers or treatment conditions without first notifying the prosecutor, the probation counselor, and the court, and shall not change providers without court approval after a hearing if the prosecutor or probation counselor object to the change;

(iii) Remain within prescribed geographical boundaries and notify the court or the probation counselor prior to any change in the offender’s address, educational program, or employment;

(iv) Report to the prosecutor and the probation counselor prior to any change in a sex offender treatment provider. This change shall have prior approval by the court;

(v) Report as directed to the court and a probation counselor;

(vi) Pay all court-ordered legal financial obligations, perform community restitution, or any combination thereof;

(vii) Make restitution to the victim for the cost of any counseling reasonably related to the offense;

(viii) Comply with the conditions of any court-ordered probation bond; or

(ix) The court shall order that the offender ((may)) shall not attend the public or approved private elementary, middle, or high school attended by the victim or the victim’s siblings. The parents or legal guardians of the offender are responsible for transportation or other costs associated with the offender’s change of school that would otherwise be paid by the school district. The court shall send notice of the disposition and restriction on attending the same school as the victim or victim’s siblings to the public or approved private school the juvenile will attend, if known, or if unknown, to the approved private schools and the public school district board of directors of the district in which the juvenile resides or intends to reside. This notice must be sent at the earliest possible date but not later than ten calendar days after entry of the disposition.

The sex offender treatment provider shall submit quarterly reports on the respondent’s progress in treatment to the court and the parties. The reports shall reference the treatment plan and include at a minimum the following: Dates of attendance, respondent’s compliance with requirements, treatment activities, the respondent’s relative progress in treatment, and any other material specified by the court at the time of the disposition.

At the time of the disposition, the court may set treatment review hearings as the court considers appropriate.

Except as provided in this subsection (3), after July 1, 1991, examinations and treatment ordered pursuant to this subsection shall only be conducted by sex offender treatment providers certified by the department of health pursuant to chapter 18.155 RCW. A sex offender therapist who examines or treats a juvenile sex offender pursuant to this subsection does not have to be certified by the department of health pursuant to chapter 18.155 RCW if the court finds that: (A) The offender has already moved to another state or plans to move to another state for reasons other than circumventing the certification requirements; (B) no certified providers are available for treatment within a reasonable geographical distance of the offender’s home; and (C) the evaluation and treatment plan comply with this subsection (3) and the rules adopted by the department of health.

If the offender violates any condition of the disposition or the court finds that the respondent is failing to make satisfactory progress in treatment, the court may revoke the suspension and order execution of the disposition or the court may impose a penalty of up to thirty days’ confinement for violating conditions of the disposition. The court may order both execution of the disposition and up to thirty days’ confinement for the
violation of the conditions of the disposition. The court shall give credit for any confinement time previously served if that confinement was for the offense for which the suspension is being revoked.

For purposes of this section, “victim” means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a direct result of the crime charged. “Victim” may also include a known parent or guardian of a victim who is a minor child unless the parent or guardian is the perpetrator of the offense.

A disposition entered under this subsection (3) is not appealable under RCW 13.40.230.
(4) If the juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B+ offense, the court may impose the disposition alternative under RCW 13.40.165.
(5) If a juvenile is subject to a commitment of 15 to 65 weeks of confinement, the court may impose the disposition alternative under RCW 13.40.--- (section 4, chapter 378, Laws of 2003).
(6) When the offender is subject to a standard range commitment of 15 to 36 weeks and is ineligible for a suspended disposition alternative, a manifest injustice disposition below the standard range, special sex offender disposition alternative, chemical dependency disposition alternative, or mental health disposition alternative, the court in a county with a pilot program under RCW 13.40.--- (section 5, chapter 378, Laws of 2003) may impose the disposition alternative under RCW 13.40.--- (section 5, chapter 378, Laws of 2003).
(7) RCW 13.40.193 shall govern the disposition of any juvenile adjudicated of possessing a firearm in violation of RCW 9.41.040(2)(a)(iii) or any crime in which a special finding is entered that the juvenile was armed with a firearm.
(8) Whenever a juvenile offender is entitled to credit for time spent in detention prior to a dispositional order, the dispositional order shall specifically state the number of days of credit for time served.
(9) Except as provided under subsection (3), (4), (5), or (6) of this section, or option B of RCW 13.40.0357, or RCW 13.40.127, the court shall not suspend or defer the imposition or the execution of the disposition.
(10) In no case shall the term of confinement imposed by the court at disposition exceed that to which an adult could be subjected for the same offense.

Sec. 5. RCW 13.40.165 and 2003 c 378 s 6 are each amended to read as follows:
(1) The purpose of this disposition alternative is to ensure that successful treatment options to reduce recidivism are available to eligible youth, pursuant to RCW 70.96A.520. The court must consider eligibility for the chemical dependency disposition alternative when a juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B+ offense, other than a first time B+ offense under chapter 69.50 RCW. The court, on its own motion or the motion of the state or the respondent if the evidence shows that the offender may be chemically dependent or substance abusing, may order an examination by a chemical dependency counselor from a chemical dependency treatment facility approved under chapter 70.96A RCW to determine if the youth is chemically dependent or substance abusing. The offender shall pay the cost of any examination ordered under this subsection unless the court finds that the offender is indigent and no third party insurance coverage is available, in which case the state shall pay the cost.
(2) The report of the examination shall include at a minimum the following: The respondent’s version of the facts and the official version of the facts, the respondent’s offense history, an assessment of drug-alcohol problems and previous treatment attempts, the respondent’s social, educational, and employment situation, and other evaluation measures used. The report shall set forth the sources of the examiner’s information.
(3) The examiner shall assess and report regarding the respondent’s relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:
(a) Whether inpatient and/or outpatient treatment is recommended;
(b) Availability of appropriate treatment;
(c) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members, legal guardians, or others;
(d) Anticipated length of treatment; and
(e) Recommended crime-related prohibitions.
(4) The court on its own motion may order, or on a motion by the state or the respondent shall order, a second examination. The evaluator shall be selected by the party making the motion. The requesting party shall pay the cost of any examination ordered under this subsection unless the requesting party is the offender and the court finds that the offender is indigent and no third party insurance coverage is available, in which case the state shall pay the cost.
(5)(a) After receipt of reports of the examination, the court shall then consider whether the offender and the community will benefit from use of this chemical dependency disposition alternative and consider the victim’s opinion whether the offender should receive a treatment disposition under this section.
(b) If the court determines that this chemical dependency disposition alternative is appropriate, the court shall impose the standard range for the offense, or if the court concludes, and enters reasons for its conclusion, that such disposition would effectuate a manifest injustice, the court shall impose a disposition above the standard range as indicated in option D of RCW 13.40.0357 if the disposition is an increase from the standard
range and the confinement of the offender does not exceed a maximum of fifty-two weeks, suspend execution of
the disposition, and place the offender on community supervision for up to one year. As a condition of the
suspended disposition, the court shall require the offender to undergo available outpatient drug/alcohol treatment
and/or inpatient drug/alcohol treatment. For purposes of this section, inpatient treatment may not exceed ninety
days. As a condition of the suspended disposition, the court may impose conditions of community supervision
and other sanctions, including up to thirty days of confinement, one hundred fifty hours of community restitution,
and payment of legal financial obligations and restitution.

(6) The drug/alcohol treatment provider shall submit monthly reports on the respondent's progress in
treatment to the court and the parties. The reports shall reference the treatment plan and include at a minimum
the following: Dates of attendance, respondent's compliance with requirements, treatment activities, the
respondent's relative progress in treatment, and any other material specified by the court at the time of the
disposition.

At the time of the disposition, the court may set treatment review hearings as the court considers
appropriate.

If the offender violates any condition of the disposition or the court finds that the respondent is failing to
make satisfactory progress in treatment, the court may impose sanctions pursuant to RCW 13.40.200 or revoke
the suspension and order execution of the disposition. The court shall give credit for any confinement time
previously served if that confinement was for the offense for which the suspension is being revoked.

(7) For purposes of this section, "victim" means any person who has sustained emotional, psychological,
physical, or financial injury to person or property as a direct result of the offense charged. "Victim" may also
include a known parent or guardian of a victim who is a minor child or is not a minor child but is incapacitated,
incompetent, disabled, or deceased.

(8) Whenever a juvenile offender is entitled to credit for time spent in detention prior to a dispositional
order, the dispositional order shall specifically state the number of days of credit for time served.

(9) In no case shall the term of confinement imposed by the court at disposition exceed that to which an
adult could be subjected for the same offense.

(10) A disposition under this section is not appealable under RCW 13.40.230.

Sec. 6. RCW 13.40.190 and 1997 c 338 s 29 and 1997 c 121 s 9 are each reenacted and amended to
read as follows:

(1) In its dispositional order, the court shall require the respondent to make restitution to any persons
who have suffered loss or damage as a result of the offense committed by the respondent. In addition, restitution
may be ordered for loss or damage if the offender pleads guilty to a lesser offense or fewer offenses and agrees
with the prosecutor’s recommendation that the offender be required to pay restitution to a victim of an offense or
offenses which, pursuant to a plea agreement, are not prosecuted. The payment of restitution shall be in addition
to any punishment which is imposed pursuant to the other provisions of this chapter. The court may determine
the amount, terms, and conditions of the restitution including a payment plan extending up to ten years if the
court determines that the respondent does not have the means to make full restitution over a shorter period.
Restitution may include the costs of counseling reasonably related to the offense. If the respondent participated in
the crime with another person or other persons, all such participants shall be jointly and severally responsible for
the payment of restitution. For the purposes of this section, the respondent shall remain under the court’s
jurisdiction for a maximum term of ten years after the respondent’s eighteenth birthday. Prior to the expiration
of the ten-year period, the juvenile court may extend the judgment for the payment of restitution for an additional
ten years. At any time, the court may determine that the respondent is not required to pay, or may relieve the
respondent of the requirement to pay, full or partial restitution to any insurance provider authorized under Title
48 RCW if the respondent reasonably satisfies the court that he or she does not have the means to make full or
partial restitution to the insurance provider and could not reasonably acquire the means to pay the insurance
provider the restitution over a ten-year period.

(2) Regardless of the provisions of subsection (1) of this section, the court shall order restitution in all
cases where the victim is entitled to benefits under the crime victims' compensation act, chapter 7.68 RCW. If
the court does not order restitution and the victim of the crime has been determined to be entitled to benefits
under the crime victims’ compensation act, the department of labor and industries, as administrator of the crime
victims’ compensation program, may petition the court within one year of entry of the disposition order for entry
of a restitution order. Upon receipt of a petition from the department of labor and industries, the court shall hold
a restitution hearing and shall enter a restitution order.

(3) If an order includes restitution as one of the monetary assessments, the county clerk shall make
disbursements to victims named in the order. The restitution to victims named in the order shall be paid prior to
any payment for other penalties or monetary assessments.

(4) For purposes of this section, "victim" means any person who has sustained emotional, psychological,
physical, or financial injury to person or property as a direct result of the offense charged. "Victim" may also
include a known parent or guardian of a victim who is a minor child or is not a minor child but is incapacitated,
incompetent, disabled, or deceased.
A respondent under obligation to pay restitution may petition the court for modification of the restitution order.

Sec. 7. RCW 13.40.200 and 2002 c 175 s 25 are each amended to read as follows:

(1) When a respondent fails to comply with an order of restitution, community supervision, penalty assessments, or confinement of less than thirty days, the court upon motion of the prosecutor or its own motion, may modify the order after a hearing on the violation.

(2) The hearing shall afford the respondent the same due process of law as would be afforded an adult probationer. The court may issue a summons or a warrant to compel the respondent’s appearance. The state shall have the burden of proving by a preponderance of the evidence the fact of the violation. The respondent shall have the burden of showing that the violation was not a willful refusal to comply with the terms of the order. If a respondent has failed to pay a fine, penalty assessments, or restitution or to perform community restitution hours, as required by the court, it shall be the respondent’s burden to show that he or she did not have the means and could not reasonably have acquired the means to pay the fine, penalty assessments, or restitution or perform community restitution.

(3) If the court finds that a respondent has willfully violated the terms of an order pursuant to subsections (1) and (2) of this section, it may impose a penalty of up to thirty days’ confinement. Penalties for multiple violations occurring prior to the hearing shall not be aggregated to exceed thirty days’ confinement. Regardless of the number of times a respondent is brought to court for violations of the terms of a single disposition order, the combined total number of days spent by the respondent in detention shall never exceed the maximum term to which an adult could be sentenced for the underlying offense.

(4) If a respondent has been ordered to pay a fine or monetary penalty and due to a change of circumstance cannot reasonably comply with the order, the court, upon motion of the respondent, may order that the unpaid fine or monetary penalty be converted to community restitution unless the monetary penalty is the crime victim penalty assessment, which cannot be converted, waived, or otherwise modified, except for schedule of payment. The number of hours of community restitution in lieu of a monetary penalty or fine shall be converted at the rate of the prevailing state minimum wage per hour. The monetary penalties or fines collected shall be deposited in the county general fund. A failure to comply with an order under this subsection shall be deemed a failure to comply with an order of community supervision and may be proceeded against as provided in this section.

(5) When a respondent has willfully violated the terms of a probation bond, the court may modify, revoke, or retain the probation bond as provided in RCW 13.40.054.

Sec. 8. RCW 7.69.030 and 1999 c 323 s 2 are each amended to read as follows:

There shall be a reasonable effort made to ensure that victims, survivors of victims, and witnesses of crimes have the following rights, which apply to any criminal court and/or juvenile court proceeding:

(1) With respect to victims of violent or sex crimes, to receive, at the time of reporting the crime to law enforcement officials, a written statement of the rights of crime victims as provided in this chapter. The written statement shall include the name, address, and telephone number of a county or local crime victim/witness program, if such a crime victim/witness program exists in the county;

(2) To be informed by local law enforcement agencies or the prosecuting attorney of the final disposition of the case in which the victim, survivor, or witness is involved;

(3) To be notified by the party who issued the subpoena that a court proceeding to which they have been subpoenaed will not occur as scheduled, in order to save the person an unnecessary trip to court;

(4) To receive protection from harm and threats of harm arising out of cooperation with law enforcement and prosecution efforts, and to be provided with information as to the level of protection available;

(5) To be informed of the procedure to be followed to apply for and receive any witness fees to which they are entitled;

(6) To be provided, whenever practical, a secure waiting area during court proceedings that does not require them to be in close proximity to defendants and families or friends of defendants;

(7) To have any stolen or other personal property expeditiously returned by law enforcement agencies or the superior court when no longer needed as evidence. When feasible, all such property, except weapons, currency, contraband, property subject to evidentiary analysis, and property of which ownership is disputed, shall be photographed and returned to the owner within ten days of being taken;

(8) To be provided with appropriate employer intercession services to ensure that employers of victims, survivors of victims, and witnesses of crime will cooperate with the criminal justice process in order to minimize an employee’s loss of pay and other benefits resulting from court appearance;

(9) To access to immediate medical assistance and not to be detained for an unreasonable length of time by a law enforcement agency before having such assistance administered. However, an employee of the law enforcement agency may, if necessary, accompany the person to a medical facility to question the person about the criminal incident if the questioning does not hinder the administration of medical assistance;

(10) With respect to victims of violent and sex crimes, to have a crime victim advocate from a crime victim/witness program, or any other support person of the victim’s choosing, present at any prosecutorial or
defense interviews with the victim, and at any judicial proceedings related to criminal acts committed against the victim. This subsection applies if practical and if the presence of the crime victim advocate or support person does not cause any unnecessary delay in the investigation or prosecution of the case. The role of the crime victim advocate is to provide emotional support to the crime victim;

(1) With respect to victims and survivors of victims, to be physically present in court during trial, or if subpoenaed to testify, to be scheduled as early as practical in the proceedings in order to be physically present during trial after testifying and not to be excluded solely because they have testified;

(2) With respect to victims and survivors of victims, to be informed by the prosecuting attorney of the date, time, and place of the trial and of the sentencing hearing for felony convictions upon request by a victim or survivor;

(3) To submit a victim impact statement or report to the court, with the assistance of the prosecuting attorney if requested, which shall be included in all presentence reports and permanently included in the files and records accompanying the offender committed to the custody of a state agency or institution;

(4) To not have the names, addresses, nor photographs of the living child victim or witness disclosed by any law enforcement agency, prosecutor’s office, or state agency without the permission of the child victim, child witness, parents, or legal guardians to anyone except another law enforcement agency, prosecutor, or judge. Child victims and witnesses have the following rights, which apply to any criminal court and/or juvenile court proceeding;

(5) To allow an advocate to provide information to the court concerning the child’s ability to understand the proceeding of an enumerated right in an individual case is subject to the discretion of the law enforcement agency, prosecutor, or judge. Child victims and witnesses have the following rights, which apply to any criminal court and/or juvenile court proceeding;

(6) To allow an advocate to provide information to the court concerning the child’s ability to understand the proceeding of an enumerated right in an individual case is subject to the discretion of the law enforcement agency, prosecutor, or judge. Child victims and witnesses have the following rights, which apply to any criminal court and/or juvenile court proceeding;

(7) To be provided information or appropriate referrals to social service agencies to assist the child and/or the child’s family with the emotional impact of the crime, the subsequent investigation, and judicial proceedings in which the child is involved.

(8) To allow an advocate to be present in court while the child testifies in order to provide emotional support to the child.

(9) To provide information to the court as to the need for the presence of other supportive persons at the court proceedings while the child testifies in order to promote the child’s feelings of security and safety.

(10) To allow law enforcement agencies the opportunity to enlist the assistance of other professional personnel such as child protection services, victim advocates or prosecutorial staff trained in the interviewing of the child victim.

(11) With respect to child victims of violent or sexual crimes or child abuse, to receive either directly or through the child’s parent or guardian if appropriate, at the time of reporting the crime to law enforcement officials, a written statement of the rights of child victims as provided in this chapter. The written statement shall include the name, address, and telephone number of a county or local crime victim/witness program, if such a crime victim/witness program exists in the county.

Sec. 9. RCW 7.69A.030 and 1997 c 283 s 2 are each amended to read as follows:

In addition to the rights of victims and witnesses provided for in RCW 7.69.030, there shall be every reasonable effort made by law enforcement agencies, prosecutors, and judges to assure that child victims and witnesses are afforded the rights enumerated in this section. Except as provided in RCW 7.69A.050 regarding child victims or child witnesses of violent crimes, sex crimes, or child abuse, the enumeration of rights shall not be construed to create substantive rights and duties, and the application of an enumerated right in an individual case is subject to the discretion of the law enforcement agency, prosecutor, or judge. Child victims and witnesses have the following rights, which apply to any criminal court and/or juvenile court proceeding;

The role of the crime victim advocate is to provide emotional support to the child victim and to promote the child’s feelings of security and safety.

(3) To be provided, whenever possible, a secure waiting area during court proceedings and to have an advocate or support person remain with the child prior to and during any court proceedings.

(4) To not have the names, addresses, nor photographs of the living child victim or witness disclosed by any law enforcement agency, prosecutor’s office, or state agency without the permission of the child victim, child witness, parents, or legal guardians to anyone except another law enforcement agency, prosecutor, defense counsel, or private or governmental agency that provides services to the child victim or witness.

(5) To allow an advocate to make recommendations to the prosecuting attorney about the ability of the child to cooperate with prosecution and the potential effect of the proceedings on the child.

(6) To allow an advocate to provide information to the court concerning the child’s ability to understand the nature of the proceedings.

(7) To be provided information or appropriate referrals to social service agencies to assist the child and/or the child’s family with the emotional impact of the crime, the subsequent investigation, and judicial proceedings in which the child is involved.

(8) To allow an advocate to be present in court while the child testifies in order to provide emotional support to the child.

(9) To provide information to the court as to the need for the presence of other supportive persons at the court proceedings while the child testifies in order to promote the child’s feelings of security and safety.

(10) To allow law enforcement agencies the opportunity to enlist the assistance of other professional personnel such as child protection services, victim advocates or prosecutorial staff trained in the interviewing of the child victim.

(11) With respect to child victims of violent or sex crimes or child abuse, to receive either directly or through the child’s parent or guardian if appropriate, at the time of reporting the crime to law enforcement officials, a written statement of the rights of child victims as provided in this chapter. The written statement shall include the name, address, and telephone number of a county or local crime victim/witness program, if such a crime victim/witness program exists in the county.

associations’ authority to participate in parimutuel wagering. Reported by Committee
on Commerce & Labor

MAJORITY recommendation: Do pass as amended:
Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 67.16 RCW to read as follows:
(1) The horse racing commission may authorize advance deposit wagering to be conducted by:
a) A licensed class 1 racing association operating a live horse racing facility; or
(b) The operator of an advance deposit wagering system accepting wagers pursuant to an agreement with a licensed class 1 racing association. The agreement between the operator and the class 1 racing association must be approved by the commission.

(2) No system of advance deposit wagering located outside of or within the state of Washington may accept wagers from residents or other persons located within this state, nor shall residents or other persons located within this state place wagers through advance deposit wagering systems, except with a licensed class 1 racing association authorized to conduct advance deposit wagering, or an operator of an advance deposit wagering system under an agreement approved by the commission with a licensed class 1 racing association. Advance deposit wagering may be accepted for races conducted in the state of Washington under a class 1 license or races not conducted within the state of Washington on a schedule approved by the class 1 licensee.

(3) As used in this section, "advance deposit wagering" means a form of parimutuel wagering in which an individual deposits money in an account with an entity authorized by the commission to conduct advance deposit wagering and then the account funds are used to pay for parimutuel wagers made in person, by telephone, or through communication by other electronic means.

(4) In order to participate in advance deposit wagering, the holder of a class 1 racing association license must have conducted at least one full live racing season. All class 1 racing associations must complete a live race meet within each succeeding twelve-month period to maintain eligibility to continue participating in advance deposit wagering.

(5) When more than one class 1 racing association is participating in advance deposit wagering the moneys paid to the racing associations shall be allocated proportionate to the gross amount of all sources of parimutuel wagering during each twelve-month period derived from the associations’ live race meets. This percentage must be calculated annually. Revenue derived from advance deposit wagers placed on races conducted by the class 1 racing association shall all be allocated to that association.

(6) The commission shall adopt rules regulating advance deposit wagering.

(7) This section expires October 1, 2007.

Sec. 2. RCW 67.16.200 and 2001 1st sp.s. c 10 s 2 are each amended to read as follows:

(1) A class 1 racing association licensed by the commission to conduct a race meet may seek approval from the commission to conduct parimutuel wagering (on its program) at a satellite location or locations within the state of Washington. In order to participate in parimutuel wagering at a satellite location or locations within the state of Washington, the holder of a class 1 racing association license must have conducted at least one full live racing season. All class 1 racing associations must hold a live race meet within each succeeding twelve-month period to maintain eligibility to continue participating in parimutuel wagering at a satellite location or locations. The sale of parimutuel pools at satellite locations shall be conducted (only during the licensee’s race meet and)) simultaneous to all parimutuel wagering activity conducted at the licensee’s live racing facility in the state of Washington. The commission’s authority to approve satellite wagering at a particular location is subject to the following limitations:

(a) The commission may approve only one satellite location in each county in the state; however, the commission may grant approval for more than one licensee to conduct wagering at each satellite location. A satellite location shall not be operated within twenty driving miles of any class 1 racing facility. For the purposes of this section, "driving miles" means miles measured by the most direct route as determined by the commission; and

(b) A licensee shall not conduct satellite wagering at any satellite location within sixty driving miles of any other racing facility conducting a live race meet.

(2) Subject to local zoning and other land use ordinances, the commission shall be the sole judge of whether approval to conduct wagering at a satellite location shall be granted.

(3) The licensee shall combine the parimutuel pools of the satellite location with those of the racing facility for the purpose of determining odds and computing payoffs. The amount wagered at the satellite location shall be combined with the amount wagered at the racing facility for the application of take out formulas and distribution as provided in RCW 67.16.102, 67.16.105, 67.16.170, and 67.16.175. A satellite extension of the licensee’s racing facility shall be subject to the same application of the rules of racing as the licensee’s racing facility.

(4) Upon written application to the commission, a class 1 racing association may be authorized to transmit simulcasts of live horse races conducted at its racetrack to locations outside of the state of Washington approved by the commission and in accordance with the interstate horse racing act of 1978 (15 U.S.C. Sec. 3001 to 3007) or any other applicable laws. The commission may permit parimutuel pools on the simulcast races to be combined in a common pool. A racing association that transmits simulcasts of its races to locations outside this state shall pay at least fifty percent of the fee that it receives for sale of the simulcast signal to the horsemen’s purse account for its live races after first deducting the actual cost of sending the signal out of state.

(5) Upon written application to the commission, a class 1 racing association may be authorized to transmit simulcasts of live horse races conducted at its racetrack to licensed racing associations located within the state of Washington and approved by the commission for the receipt of the simulcasts. The commission shall permit parimutuel pools on the simulcast races to be combined in a common pool. The fee for in-state, track-to-
track simulcasts shall be five and one-half percent of the gross parimutuel receipts generated at the receiving location and payable to the sending racing association. A racing association that transmits simulcasts of its races to other licensed racing associations shall pay at least fifty percent of the fee that it receives for the simulcast signal to the horserace’s purse account for its live race meet after first deducting the actual cost of sending the simulcast signal. A racing association that receives races simulcast from class 1 racing associations within the state shall pay at least fifty percent of its share of the parimutuel receipts to the horserace’s purse account for its live race meet after first deducting the purchase price and the actual direct costs of importing the race.

(6) A class 1 racing association may be allowed to import simulcasts of horse races from out-of-state racing facilities. With the prior approval of the commission, the class 1 racing association may participate in (an Interstate) a multijurisdictional common pool and may change its commission and breakage rates to achieve a common rate with other participants in the common pool.

(a) The class 1 racing association shall make written application with the commission for permission to import simulcast horse races for the purpose of parimutuel wagering. Subject to the terms of this section, the commission is the sole authority in determining whether to grant approval for an imported simulcast race.

(b) A licensed racing association may also be approved to import one simulcast race of regional or national interest on each live race day.

(c) The commission may allow simulcast races of regional or national interest to be sent to satellite locations. The simulcasts shall be limited to one per day except for Breeder’s Cup special events day.

(d) When open for parimutuel wagering, a class 1 racing association which imports simulcast races shall also conduct simulcast parimutuel wagering within its licensed racing enclosure on all races simulcast from other class 1 racing associations within the state of Washington.

(6a) The conduct of parimutuel wagering on imported simulcast races shall be for not more than fourteen hours during any twenty-four hour period, for not more than five days per week and only at the live racing facility of a class 1 racing association.

(6b) (c) On any imported simulcast race, the class 1 racing association shall pay fifty percent of its share of the parimutuel receipts to the horsemen’s purse account for its live race meet after first deducting the purchase price of the imported race and the actual costs of importing and offering the race.

(7) For purposes of this section, a class 1 racing association is defined as a licensee approved by the commission to conduct during each twelve-month period at least forty days of live racing. If a live race day is canceled due to reasons directly attributable to acts of God, labor disruptions affecting live race days but not directly involving the licensee or its employees, or other circumstances that the commission decides are beyond the control of the class 1 racing association, then the canceled day counts toward the forty-day requirement. The commission may by rule increase the number of live racing days required to maintain class 1 racing association status or make other rules necessary to implement this section.

(8) This section does not establish a new form of gaming in Washington or allow expanded gaming within the state beyond what has been previously authorized. Simulcast wagering has been allowed in Washington before April 19, 1997. Therefore, this section does not allow gaming of any nature or scope that was prohibited before April 19, 1997. This section is necessary to protect the Washington equine breeding and racing industries, and in particular those sectors of these industries that are dependent upon live horse racing. The purpose of this section is to protect these industries from adverse economic impacts and to promote fan attendance at class 1 racing facilities. Therefore, imported simulcast race card programs shall not be disseminated to any location outside the live racing facility of the class 1 racing association and a class 1 racing association facilities are strictly prohibited from simulcasting imported race card programs to any location outside its live racing facility. Therefore, a licensed class 1 racing association may be approved to disseminate imported simulcast race card programs to satellite locations approved under this section, provided that the class 1 racing association has conducted at least forty live racing days with an average on-track handle on the live racing product of a minimum of one hundred fifty thousand dollars per day during the twelve months immediately preceding the application date. However, to promote the development of a new class 1 racing association facility and to meet the best interests of the Washington equine breeding and racing industries, the commission may by rule reduce the required minimum average on-track handle on the live racing product from one hundred fifty thousand dollars per day to thirty thousand dollars per day.

(9) A licensee conducting simulcasting under this section shall place signs in the licensee’s gambling establishment under RCW 9.46.071. The informational signs concerning problem and compulsive gambling must include a toll-free telephone number for problem and compulsive gamblers and be developed under RCW 9.46.071.

(10) Chapter 10, Laws of 2001 1st sp. sess. does not establish a new form of gaming in Washington or allow expanded gaming within the state beyond what has been previously authorized. Simulcast wagering has been allowed in Washington before August 23, 2001. Therefore, this section does not allow gaming of any nature or scope that was prohibited before August 23, 2001. Chapter 10, Laws of 2001 1st sp. sess. is necessary to protect the Washington equine breeding and racing industries, and in particular those sectors of these industries that are dependent upon live horse racing. The purpose of chapter 10, Laws of 2001 1st sp. sess., is to protect these industries from adverse economic impacts and to promote fan attendance at class 1 racing facilities. Therefore, imported simulcast race card programs shall not be disseminated to any location outside the live racing facilities.
racing facility of the class 1 racing association and a class 1 racing association is strictly prohibited from simulcasting imported race card programs to any location outside its live racing facility.

(11) If a state or federal court makes a finding that the increase in the number of imported simulcast races that may be authorized under chapter 10, Laws of 2001 1st sp. sess. is an expansion of gaming beyond that which is now allowed, chapter 10, Laws of 2001 1st sp. sess. is null and void.

(12) If any provision of chapter 10, Laws of 2001 1st sp. sess. or its application to any person or circumstance is held invalid, the remainder of chapter 10, Laws of 2001 1st sp. sess. or the application of the provision to other persons or circumstances is also invalid.

Sec. 3. RCW 67.16.160 and 1994 c 154 s 314 are each amended to read as follows:

No later than ninety days after July 16, 1973, the horse racing commission shall (promulgate) adopt, pursuant to chapter 34.05 RCW, reasonable rules implementing to the extent applicable to the circumstances of the horse racing commission the conflict of interest laws of the state of Washington as set forth in chapters 42.21 and 42.52 RCW. In no case may a commissioner make any wager on the outcome of a horse race at a race meet conducted under the authority of the commission.

MAJORITY recommendation: Do pass as amended:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 72.09.070 and 1994 sp.s. c 7 s 535 are each amended to read as follows:

(1) There is created a correctional industries board of directors which shall have the composition provided in RCW 72.09.080.
(2) Consistent with general department of corrections policies and procedures pertaining to the general administration of correctional facilities, the board shall establish and implement policy for correctional industries programs designed to:
   (a) Offer inmates meaningful employment, work experience, and training in vocations that are specifically designed to reduce recidivism and thereby enhance public safety by providing opportunities for legitimate means of livelihood upon their release from custody;
   (b) Provide industries which will reduce the tax burden of corrections and save taxpayers money through production of goods and services for sale and use;
   (c) Operate correctional work programs in an effective and efficient manner which are as similar as possible to those provided by the private sector;
   (d) Encourage the development of and provide for selection of, contracting for, and supervision of work programs with participating private enterprise firms;
   (e) Develop and ((design)) select correctional industries work programs that do not unfairly compete with Washington businesses;
   (f) Invest available funds in correctional industries enterprises and meaningful work programs that minimize the impact on in-state jobs and businesses.
(3) The board of directors shall at least annually review the work performance of the director of correctional industries division with the secretary.
(4) The director of correctional industries division shall review and evaluate the productivity, funding, and appropriateness of all correctional work programs and report on their effectiveness to the board and to the secretary.
(5) The board of directors shall have the authority to identify and establish trade advisory or apprenticeship committees to advise them on correctional industries work programs. The secretary shall appoint the members of the committees.

Where a labor management trade advisory and apprenticeship committee has already been established by the department pursuant to RCW 72.62.050 the existing committee shall also advise the board of directors.
(6) The board shall develop a strategic yearly marketing plan that shall be consistent with and work towards achieving the goals established in the six-year phased expansion of class I and class II correctional industries established in RCW 72.09.111. This marketing plan shall be presented to the appropriate committees of the legislature by January 17 of each calendar year until the goals set forth in RCW 72.09.111 are achieved.

Sec. 2. RCW 72.09.100 and 2002 c 175 s 49 are each amended to read as follows:

It is the intent of the legislature to vest in the department the power to provide for a comprehensive inmate work program and to remove statutory and other restrictions which have limited work programs in the past. It is also the intent of the legislature to ensure that the correctional industries board of directors, in developing and selecting correctional industries work programs, does not encourage the development of, or provide for selection of or contracting for, or the significant expansion of, any new or existing class I correctional industries work programs that unfairly compete with Washington businesses. The legislature intends that the requirements relating to fair competition in the correctional industries work programs be liberally construed by the correctional industries board of directors to protect Washington businesses from unfair competition.

For purposes of establishing such a comprehensive program, the legislature recommends that the department consider adopting any or all, or any variation of, the following classes of work programs:

(1) CLASS I: FREE VENTURE INDUSTRIES.
   (a) The employer model industries in this class shall be operated and managed in total or in part by any profit or nonprofit organization pursuant to an agreement between the organization and the department. The organization shall produce goods or services for sale to both the public and private sector.
   (b) The customer model industries in this class shall be operated and managed by the department to provide Washington state manufacturers or businesses with products or services currently produced or provided by out-of-state or foreign suppliers.
   (c) The correctional industries board of directors shall review these proposed industries, including any potential new class I industries work program or the significant expansion of an existing class I industries work
program, before the department contracts to provide such products or services. The review shall include ((an analysis of the potential impact of the proposed products and services on the Washington state business community and labor market)) required under section 4 of this act to determine if the proposed correctional industries work program will compete with any Washington business. An agreement for a new class I correctional industries work program, or an agreement for a significant expansion of an existing class I correctional industries work program, that unfairly competes with any Washington business is prohibited.

(d) The department of corrections shall supply appropriate security and custody services without charge to the participating firms.

(e) Inmates who work in free venture industries shall do so at their own choice. They shall be paid a wage comparable to the wage paid for work of a similar nature in the locality in which the industry is located, as determined by the director of correctional industries. If the director cannot reasonably determine the comparable wage, then the pay shall not be less than the federal minimum wage.

(f) An inmate who is employed in the class I program of correctional industries shall not be eligible for unemployment compensation benefits pursuant to any of the provisions of Title 50 RCW until released on parole or discharged.

(2) CLASS II: TAX REDUCTION INDUSTRIES.

(a) Industries in this class shall be state-owned and operated enterprises designed to reduce the costs for goods and services for tax-supported agencies and for nonprofit organizations.

(b) The industries selected for development within this class shall, as much as possible, match the available pool of inmate work skills and aptitudes with the work opportunities in the free community. The industries shall be closely patterned after private sector industries but with the objective of reducing public support costs rather than making a profit. The products and services of this industry, including purchased products and services necessary for a complete product line, may be sold to public agencies, to nonprofit organizations, and to private contractors when the goods purchased will be ultimately used by a public agency or a nonprofit organization. Clothing manufactured by an industry in this class may be donated to nonprofit organizations that provide clothing free of charge to low-income persons.

(c)(i) Class II correctional industries products and services shall be reviewed by the correctional industries board of directors before offering such products and services for sale to private contractors.

(ii) The board of directors shall conduct a yearly marketing review of the products and services offered under this subsection. Such review shall include an analysis of the potential impact of the proposed products and services on the Washington state business community. To avoid waste or spoilage and consequent loss to the state((c)) when there is no public sector market for such goods, byproducts and surpluses of timber, agricultural, and animal husbandry enterprises may be sold to private persons, at private sale. Surplus byproducts and surpluses of timber, agricultural and animal husbandry enterprises that cannot be sold to public agencies or to private persons may be donated to nonprofit organizations. All sales of surplus products shall be carried out in accordance with rules prescribed by the secretary.

(d) Security and custody services shall be provided without charge by the department of corrections.

(e) Inmates working in this class of industries shall do so at their own choice and shall be paid for their work on a gratuity scale which shall not exceed the wage paid for work of a similar nature in the locality in which the industry is located and which is approved by the director of correctional industries.

(f) Subject to approval of the correctional industries board, provisions of RCW 41.06.380 prohibiting contracting out work performed by classified employees shall not apply to contracts with Washington state businesses entered into by the department of corrections through class II industries.

(3) CLASS III: INSTITUTIONAL SUPPORT INDUSTRIES.

(a) Industries in this class shall be operated by the department of corrections. They shall be designed and managed to accomplish the following objectives:

((a)) (i) Whenever possible, to provide basic work training and experience so that the inmate will be able to qualify for better work both within correctional industries and the free community. It is not intended that an inmate’s work within this class of industries should be his or her final and total work experience as an inmate. ((a))) (ii) Whenever possible, to provide forty hours of work or work training per week.

((a))) (iii) Whenever possible, to offset tax and other public support costs.

(b) Class III correctional industries shall be reviewed by the correctional industries board of directors to set policy for work crews. The department shall present to the board of directors quarterly detail statements showing where work crews worked, what correctional industry class, and the hours worked. The board of directors may review any class III program at its discretion.

(c) Supervising, management, and custody staff shall be employees of the department.

(d) All able and eligible inmates who are assigned work and who are not working in other classes of industries shall work in this class.

(e) Except for inmates who work in work training programs, inmates in this class shall be paid for their work in accordance with an inmate gratuity scale. The scale shall be adopted by the secretary of corrections.

(4) CLASS IV: COMMUNITY WORK INDUSTRIES.
(a) Industries in this class shall be operated by the department of corrections. They shall be designed and managed to provide services in the inmate’s resident community at a reduced cost. The services shall be provided to public agencies, to persons who are poor or infirm, or to nonprofit organizations.

(b) Class IV correctional industries shall be reviewed by the correctional industries board of directors to set policy for work crews. The department shall present to the board of directors quarterly detail statements showing where work crews worked, what correctional industry class, and the hours worked. The board of directors may review any class IV program at its discretion. Class IV correctional industries operated in work camps established pursuant to RCW 72.64.050 are exempt from the requirements of this subsection (4)(b).

(c) Inmates in this program shall reside in facilities owned by, contracted for, or licensed by the department of corrections. A unit of local government shall provide work supervision services without charge to the state and shall pay the inmate’s wage.

(d) The department of corrections shall reimburse participating units of local government for liability and workers compensation insurance costs.

(e) Inmates who work in this class of industries shall do so at their own choice and shall receive a gratuity which shall not exceed the wage paid for work of a similar nature in the locality in which the industry is located.

(5) CLASS V: COMMUNITY RESTITUTION PROGRAMS.

(a) Programs in this class shall be subject to supervision by the department of corrections. The purpose of this class of industries is to enable an inmate, placed on community supervision, to work off all or part of a community restitution order as ordered by the sentencing court.

(b) Employment shall be in a community restitution program operated by the state, local units of government, or a nonprofit agency.

(c) To the extent that funds are specifically made available for such purposes, the department of corrections shall reimburse nonprofit agencies for workers compensation insurance costs.

Sec. 3. RCW 72.09.100 and 2002 c 354 s 238 and 2002 c 175 s 49 are each reenacted and amended to read as follows:

It is the intent of the legislature to vest in the department the power to provide for a comprehensive inmate work program and to remove statutory and other restrictions which have limited work programs in the past. It is also the intent of the legislature to ensure that the correctional industries board of directors, in developing and selecting correctional industries work programs, does not encourage the development of, or provide for selection of or contracting for, or the significant expansion of, any new or existing class I correctional industries work programs that unfairly compete with Washington businesses. The legislature intends that the requirements relating to fair competition in the correctional industries work programs be liberally construed by the correctional industries board of directors to protect Washington businesses from unfair competition. For purposes of establishing such a comprehensive program, the legislature recommends that the department consider adopting any or all, or any variation of, the following classes of work programs:

(1) CLASS I: FREE VENTURE INDUSTRIES.

(a) The employer model industries in this class shall be operated and managed in total or in part by any profit or nonprofit organization pursuant to an agreement between the organization and the department. The organization shall produce goods or services for sale to both the public and private sector.

(b) The customer model industries in this class shall be operated and managed by the department to provide Washington state manufacturers or businesses with products or services currently produced or provided by out-of-state or foreign suppliers.

(c) The correctional industries board of directors shall review these proposed industries, including any potential new class I industries work program or the significant expansion of an existing class I industries work program, before the department contracts to provide such products or services. The review shall include (i) the analysis (of the potential impact of the proposed products and services on the Washington state business community and labor market) required under section 4 of this act to determine if the proposed correctional industries work program will compete with any Washington business. An agreement for a new class I correctional industries work program, or an agreement for a significant expansion of an existing class I correctional industries work program, that unfairly competes with any Washington business is prohibited.

(d) The department of corrections shall supply appropriate security and custody services without charge to the participating firms.

(e) Inmates who work in free venture industries shall do so at their own choice. They shall be paid a wage comparable to the wage paid for work of a similar nature in the locality in which the industry is located, as determined by the director of correctional industries. If the director cannot reasonably determine the comparable wage, then the pay shall not be less than the federal minimum wage.

(f) An inmate who is employed in the class I program of correctional industries shall not be eligible for unemployment compensation benefits pursuant to any of the provisions of Title 50 RCW until released on parole or discharged.

(2) CLASS II: TAX REDUCTION INDUSTRIES.
(a) Industries in this class shall be state-owned and operated enterprises designed to reduce the costs for goods and services for tax-supported agencies and for nonprofit organizations.

(b) The industries selected for development within this class shall, as much as possible, match the available pool of inmate work skills and aptitudes with the work opportunities in the free community. The industries shall be closely patterned after private sector industries but with the objective of reducing public support costs rather than making a profit. The products and services of this industry, including purchased products and services necessary for a complete product line, may be sold to public agencies, to nonprofit organizations, and to private contractors when the goods purchased will be ultimately used by a public agency or a nonprofit organization. Clothing manufactured by an industry in this class may be donated to nonprofit organizations that provide clothing free of charge to low-income persons.

(c)(i) Class II correctional industries products and services shall be reviewed by the correctional industries board of directors before offering such products and services for sale to private contractors.

(ii) The board of directors shall conduct a yearly marketing review of the products and services offered under this subsection. Such review shall include an analysis of the potential impact of the proposed products and services on the Washington state business community. To avoid waste or spoilage and consequent loss to the state, where there is no public sector market for such goods, byproducts and surpluses of timber, agricultural, and animal husbandry enterprises may be sold to private persons, at private sale. Surplus byproducts and surpluses of timber, agricultural and animal husbandry enterprises that cannot be sold to public agencies or to private persons may be donated to nonprofit organizations. All sales of surplus products shall be carried out in accordance with rules prescribed by the secretary.

(d) Security and custody services shall be provided without charge by the department of corrections.

(e) Inmates working in this class of industries shall do so at their own choice and shall be paid for their work on a gratuity scale which shall not exceed the wage paid for work of a similar nature in the locality in which the industry is located and which is approved by the director of correctional industries.

(f) Subject to approval of the correctional industries board, provisions of RCW 41.06.142 shall not apply to contracts with Washington state businesses entered into by the department of corrections through class II industries.

(3) CLASS III: INSTITUTIONAL SUPPORT INDUSTRIES.

(a) Industries in this class shall be operated by the department of corrections. They shall be designed and managed to accomplish the following objectives:

(((a)(i))) (i) Whenever possible, to provide basic work training and experience so that the inmate will be able to qualify for better work both within correctional industries and the free community. It is not intended that an inmate’s work within this class of industries should be his or her final and total work experience as an inmate.

(((a)(ii))) (ii) Whenever possible, to provide forty hours of work or work training per week.

(((a)(iii))) (iii) Whenever possible, to offset tax and other public support costs.

(b) Class III correctional industries shall be reviewed by the correctional industries board of directors to set policy for work crews. The department shall present to the board of directors quarterly detail statements showing where work crews worked, what correctional industry class, and the hours worked. The board of directors may review any class III program at its discretion.

(c) Supervising, management, and custody staff shall be employees of the department.

(d) All able and eligible inmates who are assigned work and who are not working in other classes of industries shall work in this class.

(e) Except for inmates who work in work training programs, inmates in this class shall be paid for their work in accordance with an inmate gratuity scale. The scale shall be adopted by the secretary of corrections.

(4) CLASS IV: COMMUNITY WORK INDUSTRIES.

(a) Industries in this class shall be operated by the department of corrections. They shall be designed and managed to provide services in the inmate’s resident community at a reduced cost. The services shall be provided to public agencies, to persons who are poor or infirm, or to nonprofit organizations.

(b) Class IV correctional industries shall be reviewed by the correctional industries board of directors to set policy for work crews. The department shall present to the board of directors quarterly detail statements showing where work crews worked, what correctional industry class, and the hours worked. The board of directors may review any class IV program at its discretion. Class IV correctional industries operated in work camps established pursuant to RCW 72.64.050 are exempt from the requirements of this subsection (4)(b).

(c) Inmates in this program shall reside in facilities owned by, contracted for, or licensed by the department of corrections. A unit of local government shall provide work supervision services without charge to the state and shall pay the inmate’s wage.

(d) The department of corrections shall reimburse participating units of local government for liability and workers compensation insurance costs.

(e) Inmates who work in this class of industries shall do so at their own choice and shall receive a gratuity which shall not exceed the wage paid for work of a similar nature in the locality in which the industry is located.

(5) CLASS V: COMMUNITY RESTITUTION PROGRAMS.
(a) Programs in this class shall be subject to supervision by the department of corrections. The purpose of this class of industries is to enable an inmate, placed on community supervision, to work off all or part of a community restitution order as ordered by the sentencing court.

(b) Employment shall be in a community restitution program operated by the state, local units of government, or a nonprofit agency.

(c) To the extent that funds are specifically made available for such purposes, the department of corrections shall reimburse nonprofit agencies for workers compensation insurance costs.

NEW SECTION. Sec. 4. A new section is added to chapter 72.09 RCW to read as follows:

(1) The department must prepare a threshold analysis for any proposed new class I correctional industries work program or the significant expansion of an existing class I correctional industries work program before the department enters into an agreement to provide such products or services. The analysis must state whether the proposed new or expanded program will impact any Washington business and must be based on information sufficient to evaluate the impact on Washington business.

(2) If the threshold analysis determines that a proposed new or expanded class I correctional industries work program will impact a Washington business, the department must complete a business impact analysis before the department enters into an agreement to provide such products or services. The business impact analysis must include:

(a) A detailed statement identifying the scope and types of impacts caused by the proposed new or expanded correctional industries work program on Washington businesses; and

(b) A detailed statement of the business costs of the proposed correctional industries work program compared to the business costs of the Washington businesses that may be impacted by the proposed class I correctional industries work program. Business costs of the proposed correctional industries work program include rent, water, sewer, electricity, disposal, labor costs, and any other quantifiable expense unique to operating in a prison. Business costs of the impacted Washington business include rent, water, sewer, electricity, disposal, property taxes, and labor costs including employee taxes, unemployment insurance, and workers' compensation.

(3) The completed threshold analysis and any completed business impact analysis with all supporting documents must be shared in a meaningful and timely manner with local chambers of commerce, trade or business associations, local and state labor union organizations, and government entities before a finding required under subsection (4) of this section is made on the proposed new or expanded class I correctional industries work program.

(4) If a business impact analysis is completed, the department must conduct a public hearing to take public testimony on the business impact analysis. The department must, at a minimum, establish a publicly accessible web site containing information reasonably calculated to provide notice to each Washington business assigned the same three-digit standard industrial classification code, or the corresponding North American industry classification system code, as the organization seeking the class I correctional industries work program agreement of the date, time, and place of the hearing. Notice of the hearing shall be posted at least thirty days prior to the hearing.

(5) Following the public hearing, the department shall adopt a finding that the proposed new or expanded class I correctional industries work program: (a) Will not compete with any Washington business; (b) will not compete unfairly with any Washington business; or (c) will compete unfairly with any Washington business and is therefore prohibited under this act.

Sec. 5. RCW 72.09.460 and 1998 c 244 s 10 are each amended to read as follows:

(1) The legislature intends that all inmates be required to participate in department-approved education programs, work programs, or both, unless exempted under subsection (4) of this section. Eligible inmates who refuse to participate in available education or work programs available at no charge to the inmates shall lose privileges according to the system established under RCW 72.09.130. Eligible inmates who are required to contribute financially to an education or work program and refuse to contribute shall be placed in another work program. Refusal to contribute shall not result in a loss of privileges. The legislature recognizes more inmates may agree to participate in education and work programs than are available. The department must make every effort to achieve maximum public benefit by placing inmates in available and appropriate education and work programs.

(2) The department shall provide access to a program of education to all offenders who are under the age of eighteen and who have not met high school graduation or general equivalency diploma requirements in accordance with chapter 28A.193 RCW. The program of education established by the department and education provider under RCW 28A.193.020 for offenders under the age of eighteen must provide each offender a choice of curriculum that will assist the inmate in achieving a high school diploma or general equivalency diploma. The program of education may include but not be limited to basic education, prevocational training, work ethic skills, conflict resolution counseling, substance abuse intervention, and anger management counseling. The curriculum may balance these and other rehabilitation, work, and training components.
(3) The department shall, to the extent possible and considering all available funds, prioritize its resources to meet the following goals for inmates in the order listed:

(a) Achievement of basic academic skills through obtaining a high school diploma or its equivalent and achievement of vocational skills necessary for purposes of work programs and for an inmate to qualify for work upon release;

(b) Additional work and education programs based on assessments and placements under subsection (5) of this section; and

(c) Other work and education programs as appropriate.

(4) The department shall establish, by rule, objective medical standards to determine when an inmate is physically or mentally unable to participate in available education or work programs. When the department determines an inmate is permanently unable to participate in any available education or work program due to a medical condition, the inmate is exempt from the requirement under subsection (1) of this section. When the department determines an inmate is temporarily unable to participate in an education or work program due to a medical condition, the inmate is exempt from the requirement of subsection (1) of this section for the period of time he or she is temporarily disabled. The department shall periodically review the medical condition of all temporarily disabled inmates to ensure the earliest possible entry or reentry by inmates into available programming.

(5) The department shall establish, by rule, standards for participation in department-approved education and work programs. The standards shall address the following areas:

(a) Assessment. The department shall assess all inmates for their basic academic skill levels using a professionally accepted method of scoring reading, math, and language skills as grade level equivalents. The department shall determine an inmate's education history, work history, and vocational or work skills. The initial assessment shall be conducted, whenever possible, within the first thirty days of an inmate's entry into the correctional system, except that initial assessments are not required for inmates who are sentenced to life without the possibility of release, assigned to an intensive management unit within the first thirty days after entry into the correctional system, are returning to the correctional system within one year of a prior release, or whose physical or mental condition renders them unable to complete the assessment process. The department shall track and record changes in the basic academic skill levels of all inmates reflected in any testing or assessment performed as part of their education programming;

(b) Placement. The department shall follow the policies set forth in subsection (1) of this section in establishing criteria for placing inmates in education and work programs. The department shall, to the extent possible, place all inmates whose composite grade level score for basic academic skills is below the eighth grade level in a combined education and work program. The placement criteria shall include at least the following factors:

(i) An inmate's release date and custody level. An inmate shall not be precluded from participating in an education or work program solely on the basis of his or her release date,

(ii) An inmate's education history and basic academic skills;

(iii) An inmate's work history and vocational or work skills;

(iv) An inmate's economic circumstances, including but not limited to an inmate's family support obligations; and

(v) Where applicable, an inmate's prior performance in department-approved education or work programs;

(c) Performance and goals. The department shall establish, and periodically review, inmate behavior standards and program goals for all education and work programs. Inmates shall be notified of applicable behavior standards and program goals prior to placement in an education or work program and shall be removed from the education or work program if they consistently fail to meet the standards or goals;

(d) Financial responsibility. (i) The department shall establish a formula by which inmates, based on their ability to pay, shall pay all or a portion of the costs or tuition of certain programs. Inmates shall, based on the formula, pay a portion of the costs or tuition of participation in:

(A) Second and subsequent vocational programs associated with an inmate's work programs; and

(B) An associate of arts or baccalaureate degree program when placement in a degree program is the result of a placement made under this subsection;

(ii) Inmates shall pay all costs and tuition for participation in:

(A) Any postsecondary academic degree program which is entered independently of a placement decision made under this subsection; and

(B) Second and subsequent vocational programs not associated with an inmate's work program.

Enrollment in any program specified in (d)(ii) of this subsection shall only be allowed by correspondence or if there is an opening in an education or work program at the institution where an inmate is incarcerated and no other inmate who is placed in a program under this subsection will be displaced; and
(e) Notwithstanding any other provision in this section, an inmate sentenced to life without the possibility of release:

(i) Shall not be required to participate in education programming; and

(ii) May receive not more than one postsecondary academic degree in a program offered by the department or its contracted providers.

If an inmate sentenced to life without the possibility of release requires prevocational or vocational training for a work program, he or she may participate in the training subject to this section.

(6) The department shall coordinate education and work programs among its institutions, to the greatest extent possible, to facilitate continuity of programming among inmates transferred between institutions. Before transferring an inmate enrolled in a program, the department shall consider the effect the transfer will have on the inmate’s ability to continue or complete a program. This subsection shall not be used to delay or prohibit a transfer necessary for legitimate safety or security concerns.

(7) Before construction of a new correctional institution or expansion of an existing correctional institution, the department shall adopt a plan demonstrating how cable, closed-circuit, and satellite television will be used for education and training purposes in the institution. The plan shall specify how the use of television in the education and training programs will improve inmates' preparedness for available work programs and job opportunities for which inmates may qualify upon release.

(8) The department shall adopt a plan to reduce the per-pupil cost of instruction by, among other methods, increasing the use of volunteer instructors and implementing technological efficiencies. The plan shall be adopted by December 1996 and shall be transmitted to the legislature upon adoption. The department shall, in adoption of the plan, consider distance learning, satellite instruction, video tape usage, computer-aided instruction, and flexible scheduling of offender instruction.

(9) Following completion of the review required by section 27(3), chapter 19, Laws of 1995 1st sp. sess., the department shall take all necessary steps to assure the vocation and education programs are relevant to work programs and skills necessary to enhance the employability of inmates upon release.

(1) The secretary shall deduct taxes and legal financial obligations from the gross wages, gratuities, or workers' compensation benefits payable directly to the inmate under chapter 51.32 RCW, of each inmate working in correctional industries work programs, or otherwise receiving such wages, gratuities, or benefits. To obtain that review, you must, within ten days after the entry of the decision of the court commissioner, file with the court a motion for revision of the decision, as provided in RCW 2.24.050.

You should be present at any shelter care hearing. If you do not come, the judge will not hear what you have to say.

You may request that a multidisciplinary team, family group conference, or prognostic staffing((case conference)) be convened for your child’s case. You may participate in these processes with your counsel present."

Upon receipt of the written notice, the parent, guardian, or legal custodian shall acknowledge such notice by signing a receipt prepared by child protective services. If the parent, guardian, or legal custodian does not sign the receipt, the reason for lack of a signature shall be written on the receipt. The receipt shall be made a part of the court’s file in the dependency action.

If after making reasonable efforts to provide notification, child protective services is unable to determine the whereabouts of the parents, guardian, or legal custodian, the notice shall be delivered or sent to the last known address of the parent, guardian, or legal custodian.

(b) Whether actual advice of rights was made, to whom it was made, and how it was made, including the substance of any oral communication or copies of written materials used.
(4) The court shall hear evidence regarding notice given to, and efforts to notify, the parent, guardian, or legal custodian and shall examine the need for shelter care. The court shall hear evidence regarding the efforts made to place the child with a relative. The court shall make an express finding as to whether the notice required under RCW 13.34.060(2) and subsections (1) and (2) of this section was given to the parent, guardian, or legal custodian. All parties have the right to present testimony to the court regarding the need or lack of need for shelter care. Hearsay evidence before the court regarding the need or lack of need for shelter care must be supported by sworn testimony, affidavit, or declaration of the person offering such evidence.

(5) A shelter care order issued pursuant to RCW 13.34.065 shall include the requirement for a case conference as provided in RCW 13.34.067. The order shall include notice to all parties and establish the date, time, and location of the case conference which shall be no later than 30 days prior to the fact-finding hearing.

SB 6643 Prime Sponsor, Senator Stevens: Providing guidelines for family visitation for dependent children. Reported by Committee on Children & Family Services

MAJORITY recommendation: Do pass as amended:

"Sec. 1. RCW 13.34.136 and 2003 c 227 s 4 are each amended to read as follows:

(a) A permanency plan of care that shall identify one of the following outcomes as a primary goal and may identify additional outcomes as alternative goals: Return of the child to the home of the child’s parent, guardian, or legal custodian; adoption; guardianship; permanent legal custody; long-term relative or foster care, until the child is age eighteen, with a written agreement between the parties and the care provider; successful completion of a responsible living skills program; or independent living, if appropriate and if the child is age sixteen or older. The department shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW;

(b) Unless the court has ordered, pursuant to RCW 13.34.130(4), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to return the child home, what steps the agency will take to promote existing appropriate sibling relationships and/or facilitate placement together or contact in accordance with the best interests of each child, and what actions the agency will take to maintain parent-child ties. All aspects of the plan shall include the goal of achieving permanence for the child.

(i) The agency plan shall specify what services the parents will be offered to enable them to resume custody, what requirements the parents must meet to resume custody, and a time limit for each service plan and parental requirement.

(ii) Visitation is the right of the family, including the child and the parent, in cases in which visitation is in the best interest of the child. Early, consistent, and frequent visitation is crucial for maintaining parent-child relationships and making it possible for parents and children to safely reunify. The agency shall encourage the maximum parent and child and sibling contact possible, when it is in the best interest of the child, including regular visitation and participation by the parents in the care of the child while the child is in placement.
Visitation shall not be limited as a sanction for a parent’s failure to comply with court orders or services where the health, safety, or welfare of the child is not at risk as a result of the visitation. Visitation may be limited or denied only if the court determines that such limitation or denial is necessary to protect the child’s health, safety, or welfare. The court and the agency should rely upon community resources, relatives, foster parents, and other appropriate persons to provide transportation and supervision for visitation to the extent that such resources are available, and appropriate, and the child’s safety would not be compromised.

(iii) A child shall be placed as close to the child’s home as possible, preferably in the child’s own neighborhood, unless the court finds that placement at a greater distance is necessary to promote the child’s or parents’ well-being.

(iv) The agency charged with supervising a child in placement shall provide all reasonable services that are available within the agency, or within the community, or those services which the department has existing contracts to purchase. It shall report to the court if it is unable to provide such services; and

(c) If the court has ordered, pursuant to RCW 13.34.130(4), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to achieve permanency for the child, services to be offered or provided to the child, and, if visitation would be in the best interests of the child, a recommendation to the court regarding visitation between parent and child pending a fact-finding hearing on the termination petition. The agency shall not be required to develop a plan of services for the parents or provide services to the parents if the court orders a termination petition be filed. However, reasonable efforts to ensure visitation and contact between siblings shall be made unless there is reasonable cause to believe the best interests of the child or siblings would be jeopardized.

(2) If the court determines that the continuation of reasonable efforts to prevent or eliminate the need to remove the child from his or her home or to safely return the child home should not be part of the permanency plan of care for the child, reasonable efforts shall be made to place the child in a timely manner and to complete whatever steps are necessary to finalize the permanent placement of the child.

(3) The court shall consider the child’s relationships with the child’s siblings in accordance with RCW 13.34.130(3).

NEW SECTION. Sec. 2. A new section is added to chapter 13.34 RCW to read as follows:

The court may order expert evaluations of parties to obtain information regarding visitation issues or other issues in a case. These evaluations shall be performed by appointed evaluators who are mutually agreed upon by the court, the state, and the parents’ counsel, and, if the child is to be evaluated, by the representative for the child. SB 5034 Prime Sponsor, Senator Zarelli: Providing property tax relief for senior citizens and persons retired because of physical disability. Reported by Committee on Finance

MAJORITY recommendation: Do pass as amended:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 84.36.381 and 1998 c 333 s 1 are each amended to read as follows:
A person shall be exempt from any legal obligation to pay all or a portion of the amount of excess and regular real property taxes due and payable in the year following the year in which a claim is filed, and thereafter, in accordance with the following:
(1) The property taxes must have been imposed upon a residence which was occupied by the person claiming the exemption as a principal place of residence as of the time of filing: PROVIDED, That any person who sells, transfers, or is displaced from his or her residence may transfer his or her exemption status to a replacement residence, but no claimant shall receive an exemption on more than one residence in any year: PROVIDED FURTHER, That confinement of the person to a hospital ((or) a nursing home, boarding home, or adult family home) shall not disqualify the claim of exemption if:
(a) The residence is temporarily unoccupied;
(b) The residence is occupied by a spouse and/or a person financially dependent on the claimant for support; or
(c) The residence is rented for the purpose of paying nursing home ((or)), hospital, boarding home, or adult family home costs;
(2) The person claiming the exemption must have owned, at the time of filing, in fee, as a life estate, or by contract purchase, the residence on which the property taxes have been imposed or if the person claiming the exemption lives in a cooperative housing association, corporation, or partnership, such person must own a share therein representing the unit or portion of the structure in which he or she resides. For purposes of this subsection, a residence owned by a marital community or owned by cotenants shall be deemed to be owned by each spouse or cotenant, and any lease for life shall be deemed a life estate;
(3) The person claiming the exemption must be sixty-one years of age or older on December 31st of the year in which the exemption claim is filed, or must have been, at the time of filing, retired from regular gainful employment by reason of (physical) disability: PROVIDED, That any surviving spouse of a person who was receiving an exemption at the time of the person’s death shall qualify if the surviving spouse is fifty-seven years of age or older and otherwise meets the requirements of this section;
(4) The amount that the person shall be exempt from an obligation to pay shall be calculated on the basis of combined disposable income, as defined in RCW 84.36.383. If the person claiming the exemption was retired for two months or more of the assessment year, the combined disposable income of such person shall be calculated by multiplying the average monthly combined disposable income of such person during the months such person was retired by twelve. If the income of the person claiming exemption is reduced for two or more
months of the assessment year by reason of the death of the person's spouse, or when other substantial changes occur in disposable income that are likely to continue for an indefinite period of time, the combined disposable income of such person shall be calculated by multiplying the average monthly combined disposable income of such person after such occurrences by twelve. If it is necessary to estimate income to comply with this subsection, the assessor may require confirming documentation of such income prior to May 31 of the year following application;

(5)(a) A person who otherwise qualifies under this section and has a combined disposable income of thirty-five thousand dollars or less shall be exempt from all excess property taxes; and

(b)(i) A person who otherwise qualifies under this section and has a combined disposable income of ((twenty-four)) thirty thousand dollars or less but greater than ((eighteen)) twenty-five thousand dollars shall be exempt from all regular property taxes on the greater of ((forty-five)) fifty thousand dollars or thirty-five percent of the valuation of his or her residence, but not to exceed ((seventy)) seventy thousand dollars of the valuation of his or her residence; or

(ii) A person who otherwise qualifies under this section and has a combined disposable income of ((eighteen)) twenty-five thousand dollars or less shall be exempt from all regular property taxes on the greater of ((fifty)) sixty thousand dollars or sixty percent of the valuation of his or her residence; ((and))

(6) For a person who otherwise qualifies under this section and has a combined disposable income of thirty-five thousand dollars or less, the valuation of the residence shall be the assessed value of the residence on the later of January 1, 1995, or January 1st of the assessment year the person first qualifies under this section. If the person subsequently fails to qualify under this section only for one year because of high income, this same valuation shall be used upon requalification. If the person fails to qualify for more than one year in succession because of high income or fails to qualify for any other reason, the valuation upon requalification shall be the assessed value on January 1st of the assessment year in which the person requalifies. If the person transfers the exemption under this section to a different residence, the valuation of the different residence shall be the assessed value of the different residence on January 1st of the assessment year in which the person transfers the exemption.

In no event may the valuation under this subsection be greater than the true and fair value of the residence on January 1st of the assessment year.

This subsection does not apply to subsequent improvements to the property in the year in which the improvements are made. Subsequent improvements to the property shall be added to the value otherwise determined under this subsection at their true and fair value in the year in which they are made.

Sec. 2. RCW 84.36.383 and 1999 c 358 s 18 are each amended to read as follows:

As used in RCW 84.36.381 through 84.36.389, except where the context clearly indicates a different meaning:

(1) The term "residence" means a single family dwelling unit whether such unit be separate or part of a multiunit dwelling, including the land on which such dwelling stands not to exceed one acre. The term shall also include a share ownership in a cooperative housing association, corporation, or partnership if the person claiming exemption can establish that his or her share represents the specific unit or portion of such structure in which he or she resides. The term shall also include a single family dwelling situated upon lands the fee of which is vested in the United States or any instrumentality thereof including an Indian tribe or in the state of Washington, and notwithstanding the provisions of RCW 84.04.080 and 84.04.090, such a residence shall be deemed real property.

(2) The term "real property" shall also include a mobile home which has substantially lost its identity as a mobile unit by virtue of its being fixed in location upon land owned or leased by the owner of the mobile home and placed on a foundation (posts or blocks) with fixed pipe, connections with sewer, water, or other utilities. A mobile home located on land leased by the owner of the mobile home is subject, for tax billing, payment, and collection purposes, only to the personal property provisions of chapter 84.56 RCW and RCW 84.60.040.

(3) "Department" means the state department of revenue.

(4) "Combined disposable income" means the disposable income of the person claiming the exemption, plus the disposable income of his or her spouse, and the disposable income of each cotenant occupying the residence for the assessment year, less amounts paid by the person claiming the exemption or his or her spouse during the assessment year for:

(a) Drugs supplied by prescription of a medical practitioner authorized by the laws of this state or another jurisdiction to issue prescriptions; ((and))

(b) The treatment or care of either person received in the home or in a nursing home, boarding home, or adult family home; and

(c) Health care insurance premiums for medicare under Title XVIII of the social security act.

(5) "Disposable income" means adjusted gross income as defined in the federal internal revenue code, as amended prior to January 1, 1989, or such subsequent date as the director may provide by rule consistent with the purpose of this section, plus all of the following items to the extent they are not included in or have been deducted from adjusted gross income:
(a) Capital gains, other than gain excluded from income under section 121 of the federal internal revenue code to the extent it is reinvested in a new principal residence;
(b) Amounts deducted for loss;
(c) Amounts deducted for depreciation;
(d) Pension and annuity receipts;
(e) Military pay and benefits other than attendant-care and medical-aid payments;
(f) Veterans benefits other than attendant-care and medical-aid payments;
(g) Federal social security act and railroad retirement benefits;
(h) Dividend receipts; and
(i) Interest received on state and municipal bonds.
(6) "Cotenant" means a person who resides with the person claiming the exemption and who has an ownership interest in the residence.
(7) "Disability" has the same meaning as provided in 42 U.S.C. Sec. 423(d)(1)(A) as amended prior to January 1, 2004, or such subsequent date as the director may provide by rule consistent with the purpose of this section.

Sec. 3. RCW 84.38.030 and 1995 c 329 s 2 are each amended to read as follows:
A claimant may defer payment of special assessments and/or real property taxes on up to eighty percent of the amount of the claimant’s equity value in the claimant’s residence if the following conditions are met:
(1) The claimant must meet all requirements for an exemption for the residence under RCW 84.36.381, other than the age and income limits under RCW 84.36.381 and the parcel size limit under RCW 84.36.383.
(2) The claimant must be sixty years of age or older on December 31st of the year in which the deferral claim is filed, or must have been, at the time of filing, retired from regular gainful employment by reason of physical disability: PROVIDED, That any surviving spouse of a person who was receiving a deferral at the time of the person’s death shall qualify if the surviving spouse is fifty-seven years of age or older and otherwise meets the requirements of this section.
(3) The claimant must have a combined disposable income, as defined in RCW 84.36.383, of ((thirty-four)) forty thousand dollars or less.
(4) The claimant must have owned, at the time of filing, the residence on which the special assessment and/or real property taxes have been imposed. For purposes of this subsection, a residence owned by a marital community or owned by cotenants shall be deemed to be owned by each spouse or cotenant. A claimant who has only a share ownership in cooperative housing, a life estate, a lease for life, or a revocable trust does not satisfy the ownership requirement.
(5) The claimant must have and keep in force fire and casualty insurance in sufficient amount to protect the interest of the state in the claimant’s equity value: PROVIDED, That if the claimant fails to keep fire and casualty insurance in force to the extent of the state’s interest in the claimant’s equity value, the amount deferred shall not exceed one hundred percent of the claimant’s equity value in the land or lot only.
(6) In the case of special assessment deferral, the claimant must have opted for payment of such special assessments on the installment method if such method was available."

SSB 5326 Prime Sponsor, Senate Committee on Government Operations & Elections: Creating regional fire protection service authorities. Reported by Committee on Finance

MAJORITY recommendation: Do pass as amended:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. FINDINGS. The legislature finds that:
(1) The ability to respond to emergency situations by many of Washington state’s fire protection jurisdictions has not kept up with the state’s needs, particularly in urban regions;
(2) Providing a fire protection service system requires a shared partnership and responsibility among the federal, state, local, and regional governments and the private sector;
(3) There are efficiencies to be gained by regional fire protection service delivery while retaining local control; and
(4) Timely development of significant projects can best be achieved through enhanced funding options for regional fire protection service agencies, using already existing taxing authority to address fire protection emergency service needs and new authority to address critical fire protection projects and emergency services.

NEW SECTION. Sec. 2. DEFINITIONS. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.
(1) "Board" means the governing body of a regional fire protection service authority.
(2) "Regional fire protection service authority" or "authority" means a municipal corporation, an independent taxing authority within the meaning of Article VII, section 1 of the state Constitution, and a taxing district within the meaning of Article VII, section 2 of the state Constitution, whose boundaries are coextensive with two or more adjacent fire protection jurisdictions and that has been created by a vote of the people under this chapter to implement a regional fire protection service authority plan.
(3) "Regional fire protection service authority planning committee" or "planning committee" means the advisory committee created under section 3 of this act to create and propose to fire protection jurisdictions a regional fire protection service authority plan to design, finance, and develop fire protection service projects.
(4) "Regional fire protection service authority plan" or "plan" means a plan to develop and finance a fire protection service authority project or projects, including, but not limited to, specific capital projects, fire operations and emergency service operations pursuant to section 4(3)(b) of this act, and preservation and maintenance of existing or future facilities.
(5) "Fire protection jurisdiction" means a fire district, city, town, port district, or Indian tribe.
(6) "Regular property taxes" has the same meaning as in RCW 84.04.140.

NEW SECTION. Sec. 3. PLANNING COMMITTEE FORMATION. Regional fire protection service authority planning committees are advisory entities that are created, convened, and empowered as follows:
(1) Any two or more adjacent fire protection jurisdictions may create a regional fire protection service authority and convene a regional fire protection service authority planning committee. No fire protection jurisdiction may participate in more than one authority.
(2) Each governing body of the fire protection jurisdictions participating in planning under this chapter shall appoint three elected officials to the authority planning committee. Members of the planning committee may receive compensation of seventy dollars per day, or portion thereof, not to exceed seven hundred dollars per year, for attendance at planning committee meetings and for performance of other services in behalf of the authority, and may be reimbursed for travel and incidental expenses at the discretion of their respective governing body.
(3) A regional fire protection service authority planning committee may receive state funding, as appropriated by the legislature, or county funding provided by the affected counties for start-up funding to pay for salaries, expenses, overhead, supplies, and similar expenses ordinarily and necessarily incurred. Upon creation of a regional fire protection service authority, the authority shall within one year reimburse the state or county for any sums advanced for these start-up costs from the state or county.
(4) The planning committee shall conduct its affairs and formulate a regional fire protection service authority plan as provided under section 4 of this act.
(5) At its first meeting, a regional fire protection service authority planning committee may elect officers and provide for the adoption of rules and other operating procedures.
(6) The planning committee may dissolve itself at any time by a majority vote of the total membership of the planning committee. Any participating fire protection jurisdiction may withdraw upon thirty calendar days’ written notice to the other jurisdictions.
NEW SECTION. Sec. 4. PLANNING COMMITTEE DUTIES. (1) A regional fire protection service authority planning committee shall adopt a regional fire protection service authority plan providing for the design, financing, and development of fire protection services. The planning committee may consider the following factors in formulating its plan:

(a) Land use planning criteria; and
(b) The input of cities and counties located within, or partially within, a participating fire protection jurisdiction.

(2) The planning committee may coordinate its activities with neighboring cities, towns, and other local governments that engage in fire protection planning.

(3) The planning committee shall:

(a) Create opportunities for public input in the development of the plan;
(b) Adopt a plan proposing the creation of a regional fire protection service authority and recommending design, financing, and development of fire protection and emergency service facilities and operations, including maintenance and preservation of facilities or systems, except that no ambulance service may be recommended unless the regional fire protection service authority determines that the fire protection jurisdictions that are members of the authority are not adequately served by existing private ambulance service in which case the authority may provide for the establishment of a system of ambulance service to be operated by the authority or operated by contract after a call for bids; and
(c) Recommend sources of revenue authorized by section 5 of this act and a financing plan to fund selected fire protection service projects.

(4) Once adopted, the plan must be forwarded to the participating fire protection jurisdictions’ governing bodies to initiate the election process under section 6 of this act.

(5) If the ballot measure is not approved, the planning committee may redefine the selected regional fire protection service authority projects, financing plan, and the ballot measure. The fire protection jurisdictions’ governing bodies may approve the new plan and ballot measure, and may then submit the revised proposition to the voters at a subsequent election or a special election. If a ballot measure is not approved by the voters by the third vote, the planning committee is dissolved.

NEW SECTION. Sec. 5. TAXES AND FEES. (1) A regional fire protection service authority planning committee may, as part of a regional fire protection service authority plan, recommend the imposition of some or all of the following revenue sources, which a regional fire protection service authority may impose upon approval of the voters as provided in this chapter:

(a) Benefit charges under sections 24 through 33 of this act;
(b) Property taxes under sections 15 through 18 and 20 of this act and RCW 84.09.030, 84.52.010, 84.52.052, and 84.52.069; or
(c) Both (a) and (b) of this subsection.

(2) Taxes and benefit charges may not be imposed unless they are identified in the regional fire protection service authority plan and the plan is approved by an affirmative vote of the majority of the voters within the boundaries of the authority voting on a ballot proposition as set forth in section 6 of this act. The voter approval requirement provided in this section is in addition to any other voter approval requirement under law for the levying of property taxes or the imposition of benefit charges. Revenues from these taxes and benefit charges may be used only to implement the plan as set forth in this chapter.

NEW SECTION. Sec. 6. SUBMISSION OF PLAN TO THE VOTERS. The governing bodies of two or more adjacent fire protection jurisdictions, upon receipt of the regional fire protection service authority plan under section 4 of this act, may certify the plan to the ballot, including identification of the tax options necessary to fund the plan. The governing bodies of the fire protection jurisdictions may draft a ballot title, give notice as required by law for ballot measures, and perform other duties as required to put the plan before the voters of the proposed authority for their approval or rejection as a single ballot measure that both approves formation of the authority and approves the plan. Authorities may negotiate interlocal agreements necessary to implement the plan. The electorate is the voters voting within the boundaries of the proposed regional fire protection service authority. A simple majority of the total persons voting on the single ballot measure to approve the plan, establish the authority, and approve the taxes is required for approval. The authority must act in accordance with the general election laws of the state. The authority is liable for its proportionate share of the costs when the elections are held under RCW 29A.04.320 and 29A.04.330.

NEW SECTION. Sec. 7. CERTIFICATION OF FORMATION. If the voters approve the plan, including creation of a regional fire protection service authority and imposition of taxes, if any, the authority is formed. The appropriate county election officials shall, within fifteen days of the final certification of the election results, publish a notice in a newspaper or newspapers of general circulation in the authority declaring the authority formed. A party challenging the procedure or the formation of a voter-approved authority must file the challenge in writing by serving the prosecuting attorney of each county within, or partially within, the regional fire protection service authority and the attorney general within thirty days after the final certification.
of the election. Failure to challenge within that time forever bars further challenge of the authority’s valid formation.

**NEW SECTION. Sec. 8. BOARD ORGANIZATION AND COMPOSITION.** (1) The board shall adopt rules for the conduct of business. The board shall adopt bylaws to govern authority affairs, which may include:

(a) The time and place of regular meetings;  
(b) Rules for calling special meetings;  
(c) The method of keeping records of proceedings and official acts;  
(d) Procedures for the safekeeping and disbursement of funds; and  
(e) Any other provisions the board finds necessary to include.

(2) The governing board shall be determined by the plan and consist solely of elected officials.

**NEW SECTION. Sec. 9. BOARD’S POWERS AND DUTIES.** (1) The governing board of the authority is responsible for the execution of the voter-approved plan. Participating jurisdictions shall review the plan every ten years. The board shall:

(a) Levy and impose taxes as authorized in the plan and approved by authority voters;  
(b) Enter into agreements with federal, state, local, and regional entities and departments as necessary to accomplish authority purposes and protect the authority’s investments;  
(c) Accept gifts, grants, or other contributions of funds that will support the purposes and programs of the authority;  
(d) Monitor and audit the progress and execution of fire protection service projects to protect the investment of the public and annually make public its findings;  
(e) Pay for services and enter into leases and contracts, including professional service contracts;  
(f) Hire, manage, and terminate employees; and  
(g) Exercise other powers and duties as may be reasonable to carry out the purposes of the authority.

(2) An authority may acquire, hold, or dispose of real property.

(3) An authority may exercise the powers of eminent domain.

(4) An authority may enforce fire codes as provided under chapter 19.27 RCW.

**NEW SECTION. Sec. 10. TRANSFER OF RESPONSIBILITIES.** (1) All powers, duties, and functions of a participating fire protection jurisdiction pertaining to providing fire protection services may be transferred, by resolution, to the regional fire protection service authority.

(2)(a) All reports, documents, surveys, books, records, files, papers, or written material in the possession of the participating fire protection jurisdiction pertaining to the powers, functions, and duties transferred shall be delivered to the custody of the regional fire protection service authority. All real property and personal property including cabinets, furniture, office equipment, motor vehicles, and other tangible property employed by the participating fire protection jurisdiction in carrying out the powers, functions, and duties transferred shall be made available to the regional fire protection service authority. All funds, credits, or other assets held in connection with the powers, functions, and duties transferred shall be assigned to the regional fire protection service authority.

(b) Any appropriations made to the participating fire protection jurisdiction for carrying out the powers, functions, and duties transferred shall, on the effective date of the resolution, be transferred and credited to the regional fire protection service authority.

(c) Whenever any question arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the governing body of the participating fire protection jurisdiction shall make a determination as to the proper allocation.

(3) All rules and all pending business before the participating fire protection jurisdiction pertaining to the powers, functions, and duties transferred shall be continued and acted upon by the regional fire protection service authority. All existing contracts and obligations shall remain in full force and shall be performed by the regional fire protection service authority.

(4) The transfer of the powers, duties, functions, and personnel of the participating fire protection jurisdiction shall not affect the validity of any act performed before the effective date of the resolution.

(5) If apportionments of budgeted funds are required because of the transfers directed by the resolution, the treasurer under section 18 of this act shall certify the apportionments.

(6) Nothing contained in this section may be construed to alter any existing collective bargaining unit or the provisions of any existing collective bargaining agreement until the agreement has expired or until the bargaining unit has been modified as provided by law. RCW 35.13.215 through 35.13.235 apply to the transfer of employees under this section.
NEW SECTION. Sec. 11. WITHDRAWAL OR REANNEXATION OF AREAS. (1) As provided in this section, a regional fire protection service authority may withdraw areas from its boundaries or reannex into the authority areas that previously had been withdrawn from the authority under this section.

(2)(a) The withdrawal of an area is authorized upon: (i) Adoption of a resolution by the board approving the withdrawal and finding that, in the opinion of the board, inclusion of this area within the regional fire protection service authority will result in a reduction of the authority’s tax levy rate under the provisions of RCW 84.52.010; or (ii) adoption of a resolution by the city or town council approving the withdrawal, if the area is located within the city or town, or adoption of a resolution by the governing body of the fire protection district within which the area is located approving the withdrawal, if the area is located outside of a city or town, but within a fire protection district.

(b) A withdrawal under this section is effective at the end of the day on the thirty-first day of December in the year in which the resolution under (a)(i) or (ii) of this subsection is adopted, but for purposes of establishing boundaries for property tax purposes, the boundaries shall be established immediately upon the adoption of the resolution.

(c) The withdrawal of an area from the boundaries of an authority does not exempt any property therein from taxation for the purpose of paying the costs of redeeming any indebtedness of the authority existing at the time of withdrawal.

(3)(a) An area that has been withdrawn from the boundaries of a regional fire protection service authority under this section may be reannexed into the authority upon: (i) Adoption of a resolution by the board proposing the reannexation; and (ii) adoption of a resolution by the city or town council approving the reannexation, if the area is located within the city or town, or adoption of a resolution by the governing body of the fire protection district within which the area is located approving the reannexation, if the area is located outside of a city or town but within a fire protection district.

(b) A reannexation under this section shall be effective at the end of the day on the thirty-first day of December in the year in which the adoption of the resolution under (a)(ii) of this subsection occurs, but for purposes of establishing boundaries for property tax purposes, the boundaries shall be established immediately upon the adoption of the resolution.

(c)(i) Referendum action on the proposed reannexation under this section may be taken by the voters of the area proposed to be reannexed if a petition calling for a referendum is filed with the city or town council, or governing body of the fire protection district, within a thirty-day period after the adoption of the resolution under (a)(ii) of this subsection, which petition has been signed by registered voters of the area proposed to be reannexed equal in number to ten percent of the total number of the registered voters residing in that area.

(ii) If a valid petition signed by the requisite number of registered voters has been so filed, the effect of the resolutions shall be held in abeyance and a ballot proposition to authorize the reannexation shall be submitted to the voters of the area at the next special election date specified in RCW 29A.04.330 that occurs forty-five or more days after the petitions have been validated. Approval of the ballot proposition authorizing the reannexation by a simple majority vote shall authorize the reannexation.

NEW SECTION. Sec. 12. DISSOLUTION–ELECTION. Any fire protection district within the authority may be dissolved by a majority vote of the registered electors of the district at an election conducted by the election officials of the county or counties in which the district is located in accordance with the general election laws of the state. The proceedings for dissolution may be initiated by the adoption of a resolution by the board. The dissolution of the district shall not cancel outstanding obligations of the district or of a local improvement district within the district, and the county legislative authority or authorities of the county or counties in which the district was located may make annual levies against the lands within the district until the obligations of the districts are paid. All powers, duties, and functions of a dissolved fire protection jurisdiction within the authority boundaries, pertaining to providing fire protection services may be transferred, by resolution, to the regional fire protection service authority.

Sec. 13. RCW 57.90.010 and 1999 c 153 s 24 are each amended to read as follows:

Water-sewer, park and recreation, metropolitan park, county rural library, cemetery, flood control, mosquito control, diking and drainage, irrigation or reclamation, weed, health, or fire protection districts, and any air pollution control authority or regional fire protection service authority, hereinafter referred to as "special districts," which are located wholly or in part within a county with a population of two hundred ten thousand or more may be disincorporated when the district has not actively carried out any of the special purposes or functions for which it was formed within the preceding consecutive five-year period.

NEW SECTION. Sec. 14. DEBT AND BONDING. Unless contrary to this section, chapter 39.42 RCW applies to debt and bonding under this section. The authority may borrow money, but may not issue any debt of its own for more than ten years’ duration. An authority may issue notes or other evidences of indebtedness with a maturity of not more than twenty years. An authority may, when authorized by the plan, enter into agreements with the state to pledge taxes or other revenues of the authority for the purpose of paying
in part or whole principal and interest on bonds issued by the authority. The contracts pledging revenues and taxes are binding for the term of the agreement, but not to exceed twenty-five years, and no tax pledged by an agreement may be eliminated or modified if it would impair the pledge of the agreement.

**NEW SECTION. Sec. 15.** (1) To carry out the purposes for which a regional fire protection service authority is created, as authorized in the plan and approved by the voters, the governing board of an authority may annually levy the following taxes:

(a) An ad valorem tax on all taxable property located within the authority not to exceed fifty cents per thousand dollars of assessed value;

(b) An ad valorem tax on all property located within the authority not to exceed fifty cents per thousand dollars of assessed value and which will not cause the combined levies to exceed the constitutional or statutory limitations. This levy, or any portion of this levy, may also be made when dollar rates of other taxing units are released by agreement with the other taxing units from their authorized levies; and

(c) An ad valorem tax on all taxable property located within the authority not to exceed fifty cents per thousand dollars of assessed value if the authority has at least one full-time, paid employee, or contracts with another municipal corporation for the services of at least one full-time, paid employee. This levy may be made only if it will not affect dollar rates which other taxing districts may lawfully claim nor cause the combined levies to exceed the constitutional or statutory limitations or both.

(2) Levies in excess of the amounts provided in subsection (1) of this section or in excess of the aggregate dollar rate limitations or both may be made for any authority purpose when so authorized at a special election under RCW 84.52.052. Any such tax when levied must be certified to the proper county officials for the collection of the tax as for other general taxes. The taxes when collected shall be placed in the appropriate authority fund or funds as provided by law, and must be paid out on warrants of the auditor of the county in which all, or the largest portion of, the authority is located, upon authorization of the governing board of the authority.

(3) Authorities are additionally authorized to incur general indebtedness and to issue general obligation bonds for capital purposes as provided in section 14 of this act. Authorities may provide for the retirement of general indebtedness by excess property tax levies, when the voters of the authority have approved a proposition authorizing such indebtedness and levies by an affirmative vote of three-fifths of those voting on the proposition at such an election, at which election the total number of persons voting shall constitute not less than forty percent of the voters in the authority who voted at the last preceding state general election. Elections must be held as provided in RCW 39.36.050. The maximum term of any bonds issued under the authority of this section may not exceed ten years and must be issued and sold in accordance with chapter 39.46 RCW.

(4) For purposes of this section, the term "value of the taxable property" has the same meaning as in RCW 39.36.015.

**NEW SECTION. Sec. 16.** At the time of making general tax levies in each year, the county legislative authority or authorities of the county or counties in which a regional fire protection service authority is located shall make the required levies for authority purposes against the real and personal property in the authority in accordance with the equalized valuations of the property for general tax purposes and as a part of the general taxes. The tax levies are part of the general tax roll and must be collected as a part of the general taxes against the property in the authority.

**NEW SECTION. Sec. 17.** In the event that lands lie within both a regional fire protection service authority and a forest protection assessment area they shall be taxed and assessed as follows:

(1) If the lands are wholly unimproved, they are subject to forest protection assessments but not to authority levies;

(2) If the lands are wholly improved, they are subject to authority levies but not to forest protection assessments; and

(3) If the lands are partly improved and partly unimproved, they are subject both to authority levies and to forest protection assessments. However, upon request, accompanied by appropriate legal descriptions, the county assessor shall segregate any unimproved portions which each consist of twenty or more acres, and thereafter the unimproved portion or portions are subject only to forest protection assessments.

**NEW SECTION. Sec. 18.** It is the duty of the county treasurer of the county in which the regional fire protection service authority created under this chapter is located to collect taxes authorized and levied under this chapter. However, when a regional fire protection service authority is located in more than one county, the county treasurer of each county in which the authority is located shall collect the regional fire protection service authority's taxes that are imposed on property located within the county and transfer these funds to the treasurer of the county in which the majority of the authority lies.

**Sec. 19.** RCW 84.09.030 and 1996 c 230 s 1613 are each amended to read as follows:
Except as follows, the boundaries of counties, cities and all other taxing districts, for purposes of property taxation and the levy of property taxes, shall be the established official boundaries of such districts existing on the first day of March of the year in which the property tax levy is made.

The official boundaries of a newly incorporated taxing district shall be established at a different date in the year in which the incorporation occurred as follows:
(1) Boundaries for a newly incorporated city shall be established on the last day of March of the year in which the initial property tax levy is made, and the boundaries of a road district, library district, or fire protection district or districts, that include any portion of the area that was incorporated within its boundaries shall be altered as of this date to exclude this area, if the budget for the newly incorporated city is filed pursuant to RCW 84.52.020 and the levy request of the newly incorporated city is made pursuant to RCW 84.52.070. Whenever a proposed city incorporation is on the March special election ballot, the county auditor shall submit the legal description of the proposed city to the department of revenue on or before the first day of March;
(2) Boundaries for a newly incorporated port district or regional fire protection service authority shall be established on the first day of October if the boundaries of the newly incorporated port district or regional fire protection service authority are coterminous with the boundaries of another taxing district or districts, as they existed on the first day of March of that year;
(3) Boundaries of any other newly incorporated taxing district shall be established on the first day of June of the year in which the property tax levy is made if the taxing district has boundaries coterminous with the boundaries of another taxing district, as they existed on the first day of March of that year;
(4) Boundaries for a newly incorporated water-sewer district shall be established on the fifteenth of June of the year in which the proposition under RCW 57.04.050 authorizing a water district excess levy is approved.

The boundaries of a taxing district shall be established on the first day of June if territory has been added to, or removed from, the taxing district after the first day of March of that year, with boundaries coterminous with the boundaries of another taxing district as they existed on the first day of March of that year. However, the boundaries of a road district, library district, or fire protection district or districts, that include any portion of the area that was annexed to a city or town within its boundaries shall be altered as of this date to exclude this area. In any case where any instrument setting forth the official boundaries of any newly established taxing district, or setting forth any change in such boundaries, is required by law to be filed in the office of the county auditor or other county official, said instrument shall be filed in triplicate. The officer with whom such instrument is filed shall transmit two copies to the county assessor.

No property tax levy shall be made for any taxing district whose boundaries are not established as of the dates provided in this section.

**NEW SECTION. Sec. 20.** A new section is added to chapter 84.52 RCW to read as follows:
(1) If a fire protection district is a participating fire protection jurisdiction in a regional fire protection service authority, the regular property tax levies of the fire protection district are limited as follows:
(a) The regular levy of the district under RCW 52.16.130 shall not exceed fifty cents per thousand dollars of assessed value of taxable property in the district less the amount of any levy imposed by the authority under section 15(1)(a) of this act;
(b) The levy of the district under RCW 52.16.140 shall not exceed fifty cents per thousand dollars of assessed value of taxable property in the district less the amount of any levy imposed by the authority under section 15(1)(b) of this act; and
(c) The levy of the district under RCW 52.16.160 shall not exceed fifty cents per thousand dollars of assessed value of taxable property in the district less the amount of any levy imposed by the authority under section 15(1)(c) of this act.
(2) If a city or town is a participating fire protection jurisdiction in a regional fire protection service authority, the regular levies of the city or town shall not exceed the applicable rates provided in RCW 27.12.390, 52.04.081, and 84.52.045(1) less the aggregate rates of any regular levies made by the authority under section 15(1) of this act.
(3) If a port district is a participating fire protection jurisdiction in a regional fire protection service authority, the regular levy of the port district under RCW 53.36.020 shall not exceed forty-five cents per thousand dollars of assessed value of taxable property in the district less the aggregate rates of any regular levies imposed by the authority under section 15(1) of this act.
(4) For purposes of this section, the following definitions apply:
(a) "Fire protection jurisdiction" means a fire protection district, city, town, Indian tribe, or port district; and
(b) "Participating fire protection jurisdiction" means a fire protection district, city, town, Indian tribe, or port district that is represented on the governing board of a regional fire protection service authority.

**Sec. 21.** RCW 84.52.010 and 2003 c 83 s 310 are each amended to read as follows:
Except as is permitted under RCW 84.55.050, all taxes shall be levied or voted in specific amounts.
The rate percent of all taxes for state and county purposes, and purposes of taxing districts coextensive with the county, shall be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the county, as shown by the completed tax rolls of the county, and the rate percent of all taxes levied for purposes of taxing districts within any county shall be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the taxing districts respectively.

When a county assessor finds that the aggregate rate of tax levy on any property, that is subject to the limitations set forth in RCW 84.52.043 or 84.52.050, exceeds the limitations provided in either of these sections, the assessor shall recompute and establish a consolidated levy in the following manner:

(1) The full certified rates of tax levy for state, county, county road district, and city or town purposes shall be extended on the tax rolls in amounts not exceeding the limitations established by law; however any state levy shall take precedence over all other levies and shall not be reduced for any purpose other than that required by RCW 84.55.010. If, as a result of the levies imposed under RCW 36.54.130, 84.52.069, 84.34.230, the portion of the levy by a metropolitan park district that was protected under RCW 84.52.120, and 84.52.105, the combined rate of regular property tax levies that are subject to the one percent limitation exceeds one percent of the true and fair value of any property, then these levies shall be reduced as follows:

(a) The levy imposed by a ferry district under RCW 36.54.130 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated; (b) if the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property or shall be eliminated; (c) if the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the levies imposed under RCW 84.34.230, 84.52.105, and any portion of the levy imposed under RCW 84.52.069 that is in excess of thirty cents per thousand dollars of assessed value, shall be reduced on a pro rata basis until the combined rate no longer exceeds one percent of the true and fair value of any property or shall be eliminated; and (d) if the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the thirty cents per thousand dollars of assessed value of tax levy imposed under RCW 84.52.069 shall be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or eliminated.

(2) The certified rates of tax levy subject to these limitations by all junior taxing districts imposing taxes on such property shall be reduced or eliminated as follows to bring the consolidated levy of taxes on such property within the provisions of these limitations:

(a) First, the certified property tax levy rates of those junior taxing districts authorized under RCW 36.68.525, 36.69.145, 35.95A.100, and 67.38.130 shall be reduced on a pro rata basis or eliminated;

(b) Second, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of flood control zone districts shall be reduced on a pro rata basis or eliminated;

(c) Third, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of all other junior taxing districts, other than fire protection districts, regional fire protection service authorities, library districts, the first fifty cent per thousand dollars of assessed valuation levies for metropolitan park districts, and the first fifty cent per thousand dollars of assessed valuation levies for public hospital districts, shall be reduced on a pro rata basis or eliminated;

(d) Fourth, if the consolidated tax levy rate still exceeds these limitations, the first fifty cent per thousand dollars of assessed valuation levies for metropolitan park districts created on or after January 1, 2002, shall be reduced on a pro rata basis or eliminated;

(e) Fifth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized to regional fire protection service authorities under section 15(1) (b) and (c) of this act and fire protection districts under RCW 52.16.140 and 52.16.160 shall be reduced on a pro rata basis or eliminated; and

(f) Sixth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized for regional fire protection service authorities under section 15(1)(a) of this act, fire protection districts under RCW 52.16.130, library districts, metropolitan park districts created before January 1, 2002, under their first fifty cent per thousand dollars of assessed valuation levy, and public hospital districts under their first fifty cent per thousand dollars of assessed valuation levy, shall be reduced on a pro rata basis or eliminated.

In determining whether the aggregate rate of tax levy on any property, that is subject to the limitations set forth in RCW 84.52.050, exceeds the limitations provided in that section, the assessor shall use the hypothetical state levy, as apportioned to the county under RCW 84.48.080, that was computed under RCW 84.48.080 without regard to the reduction under RCW 84.55.012.

Sec. 22. RCW 84.52.052 and 2003 c 83 s 312 are each amended to read as follows:
The limitations imposed by RCW 84.52.050 through 84.52.056, and RCW 84.52.043 shall not prevent the levy of additional taxes by any taxing district, except school districts and fire protection districts, in which a larger levy is necessary in order to prevent the impairment of the obligation of contracts. As used in this section, the term "taxing district" means any county, metropolitan park district, park and recreation service area, park and recreation district, water-sewer district, solid waste disposal district, public facilities district, flood control zone district, county rail district, service district, public hospital district, road district, rural county library district, island library district, rural partial-county library district, intercounty rural library district, cemetery district, city, town, transportation benefit district, emergency medical service district with a population density of less than one thousand per square mile, cultural arts, stadium, and convention district, ferry district, ((se)) city transportation authority, or regional fire protection service authority.

Any such taxing district may levy taxes at a rate in excess of the rate specified in RCW 84.52.050 through 84.52.056 and 84.52.043, or 84.55.010 through 84.55.050, when authorized so to do by the voters of such taxing district in the manner set forth in Article VII, section 2(a) of the Constitution of this state at a special or general election to be held in the year in which the levy is made.

A special election may be called and the time therefor fixed by the county legislative authority, or council, board of commissioners, or other governing body of any such taxing district, by giving notice thereof by publication in the manner provided by law for giving notices of general elections, at which special election the proposition authorizing such excess levy shall be submitted in such form as to enable the voters favoring the proposition to vote "yes" and those opposed thereto to vote "no."

Sec. 23. RCW 84.52.069 and 1999 c 224 s 1 are each amended to read as follows:

(1) As used in this section, "taxing district" means a county, emergency medical service district, city or town, public hospital district, urban emergency medical service district, regional fire protection service authority, or fire protection district.

(2) A taxing district may impose additional regular property tax levies in an amount equal to fifty cents or less per thousand dollars of the assessed value of property in the taxing district. The tax shall be imposed (a) each year for six consecutive years, (b) each year for ten consecutive years, or (c) permanently. A tax levy under this section must be specifically authorized by a majority of at least three-fifths of the registered voters thereof approving a proposition authorizing the levies submitted at a general or special election, at which election the number of persons voting "yes" on the proposition shall constitute three-fifths of a number equal to forty percent of the total number of voters voting in such taxing district in the last preceding general election when the number of registered voters voting on the proposition does not exceed forty percent of the total number of voters voting in such taxing district in the last preceding general election; or by a majority of at least three-fifths of the registered voters thereof voting on the proposition when the number of registered voters voting on the proposition exceeds forty percent of the total number of voters voting in such taxing district in the last preceding general election. Ballot propositions shall conform with RCW ((29.30.114)) 29A.36.210. A taxing district shall not submit to the voters at the same election multiple propositions to impose a levy under this section.

(3) A taxing district imposing a permanent levy under this section shall provide for separate accounting of expenditures of the revenues generated by the levy. The taxing district shall maintain a statement of the accounting which shall be updated at least every two years and shall be available to the public upon request at no charge.

(4) A taxing district imposing a permanent levy under this section shall provide for a referendum procedure to apply to the ordinance or resolution imposing the tax. This referendum procedure shall specify that a referendum petition may be filed at any time with a filing officer, as identified in the ordinance or resolution. Within ten days, the filing officer shall confer with the petitioners concerning form and style of the petition, issue the petition an identification number, and secure an accurate, concise, and positive ballot title from the designated local official. The petitioners shall have thirty days in which to secure the signatures of not less than fifteen percent of the registered voters of the taxing district, as of the last general election, upon petition forms which contain the ballot title and the full text of the measure to be referred. The filing officer shall verify the sufficiency of the signatures on the petition and, if sufficient valid signatures are properly submitted, shall certify the referendum measure to the next election within the taxing district if one is to be held within one hundred eighty days from the date of filing of the referendum petition, or at a special election to be called for that purpose in accordance with RCW ((29.13.020)) 29A.04.330. The referendum procedure provided in this subsection shall be exclusive in all instances for any taxing district imposing the tax under this section and shall supersede the procedures provided under all other statutory or charter provisions for initiative or referendum which might otherwise apply.

(5) Any tax imposed under this section shall be used only for the provision of emergency medical care or emergency medical services, including related personnel costs, training for such personnel, and related equipment, supplies, vehicles and structures needed for the provision of emergency medical care or emergency medical services.

(6) If a county levies a tax under this section, no taxing district within the county may levy a tax under this section. If a regional fire protection service authority imposes a tax under this section, no other taxing
The governing board of a regional fire protection service authority may by resolution, as authorized in the plan and approved by the voters, for authority purposes authorized by law, fix and impose a benefit charge on personal property and improvements to real property which are located within the authority on the date specified and which have received or will receive the benefits provided by the authority, to be paid by the owners of the properties. A benefit charge does not apply to personal property and improvements to real property owned or used by any recognized religious denomination or religious organization as, or including, a sanctuary or for purposes related to the bona fide religious ministries of the denomination or religious organization, including schools and educational facilities used for kindergarten, primary, or secondary educational purposes or for institutions of higher education and all grounds and buildings related thereto. However, a benefit charge does apply to personal property and improvements to real property owned or used by any recognized religious denomination or religious organization for business operations, profit-making enterprises, or activities not including use of a sanctuary or related to kindergarten, primary, or secondary educational purposes or for institutions of higher education. The aggregate amount of these benefit charges in any one year may not exceed an amount equal to sixty percent of the operating budget for the year in which the benefit charge is to be collected. It is the duty of the county legislative authority or authorities of the county or counties in which the regional fire protection service authority is located to make any necessary adjustments to assure compliance with this limitation and to immediately notify the governing board of an authority of any changes thereof.

A benefit charge imposed must be reasonably proportioned to the measurable benefits to property resulting from the services afforded by the authority. It is acceptable to apportion the benefit charge to the values of the properties as found by the county assessor or assessors modified generally in the proportion that fire insurance rates are reduced or entitled to be reduced as the result of providing the services. Any other method that reasonably apportions the benefit charges to the actual benefits resulting from the degree of protection, which may include but is not limited to the distance from regularly maintained fire protection equipment, the level of fire prevention services provided to the properties, or the need of the properties for specialized services, may be specified in the resolution and is subject to contest on the grounds of unreasonable or capricious action or action in excess of the measurable benefits to the property resulting from services afforded by the authority. The governing board of an authority may determine that certain properties or types or classes of properties are not receiving measurable benefits based on criteria they establish by resolution. A benefit charge authorized by this chapter is not applicable to the personal property or improvements to real property of any individual, corporation, partnership, firm, organization, or association maintaining a fire department and whose fire protection and training system has been accepted by a fire insurance underwriter.
maintaining a fire protection engineering and inspection service authorized by the state insurance commissioner to do business in this state, but the property may be protected by the authority under a contractual agreement.

(3) For administrative purposes, the benefit charge imposed on any individual property may be compiled into a single charge, provided that the authority, upon request of the property owner, provide an itemized list of charges for each measurable benefit included in the charge.

(4) For the purposes of this section and sections 25 through 33 of this act, the following definitions apply:

(a) (i) "Personal property" includes every form of tangible personal property including, but not limited to, all goods, chattels, stock in trade, estates, or crops.
    (ii) "Personal property" does not include any personal property used for farming, field crops, farm equipment, or livestock.

(b) "Improvements to real property” does not include permanent growing crops, field improvements installed for the purpose of aiding the growth of permanent crops, or other field improvements normally not subject to damage by fire.

NEW SECTION. Sec. 25. All personal property not assessed and subjected to ad valorem taxation under Title 84 RCW, all property under contract or for which the regional fire protection service authority is receiving payment for as authorized by law, all property subject to chapter 54.28 RCW, and all property that is subject to a contract for services with an authority, is exempt from the benefit charge imposed under this chapter.

NEW SECTION. Sec. 26. (1) The resolution establishing benefit charges as specified in section 24 of this act must specify, by legal geographical areas or other specific designations, the charge to apply to each property by location, type, or other designation, or other information that is necessary to the proper computation of the benefit charge to be charged to each property owner subject to the resolution.

(2) The county assessor of each county in which the regional fire protection service authority is located shall determine and identify the personal properties and improvements to real property that are subject to a benefit charge in each authority and shall furnish and deliver to the county treasurer of that county a listing of the properties with information describing the location, legal description, and address of the person to whom the statement of benefit charges is to be mailed, the name of the owner, and the value of the property and improvements, together with the benefit charge to apply to each. These benefit charges must be certified to the county treasurer for collection in the same manner that is used for the collection of fire protection charges for forest lands protected by the department of natural resources under RCW 76.04.610 and the same penalties and provisions for collection apply.

NEW SECTION. Sec. 27. Each regional fire protection service authority shall contract, prior to the imposition of a benefit charge, for the administration and collection of the benefit charge by each county treasurer, who shall deduct a percentage, as provided by contract to reimburse the county for expenses incurred by the county assessor and county treasurer in the administration of the resolution and this chapter. The county treasurer shall make distributions each year, as the charges are collected, in the amount of the benefit charges imposed on behalf of each authority, less the deduction provided for in the contract.

NEW SECTION. Sec. 28. (1) Notwithstanding any other provision in this chapter to the contrary, any benefit charge authorized by this chapter is not effective unless a proposition to impose the benefit charge is approved by a sixty percent majority of the voters of the regional fire protection service authority voting at a general election or at a special election called by the authority for that purpose, held within the authority. An election held under this section must be held not more than twelve months prior to the date on which the first charge is to be assessed. A benefit charge approved at an election expires in six years or fewer as authorized by the voters, unless subsequently reapproved by the voters.

(2) The ballot must be submitted so as to enable the voters favoring the authorization of a regional fire protection service authority benefit charge to vote "Yes" and those opposed to vote "No." The ballot question is as follows:

"Shall . . . . . . the regional fire protection service authority composed of (insert the participating fire protection jurisdictions) . . . . be authorized to impose benefit charges each year for . . . . (insert number of years not to exceed six) years, not to exceed an amount equal to sixty percent of its operating budget, and be prohibited from imposing an additional property tax under RCW . . . (section 15(1)(c) of this act)?

YES  NO
☐ ☐"
(3) Authorities renewing the benefit charge may elect to use the following alternative ballot:

"Shall . . . . . the regional fire protection service authority composed of (insert the participating fire protection jurisdictions) . . . . . be authorized to continue voter-authorized benefit charges each year for . . . . (insert number of years not to exceed six) years, not to exceed an amount equal to sixty percent of its operating budget, and be prohibited from imposing an additional property tax under RCW . . . (section 15(1)(c) of this act)?

YES □ NO □

NEW SECTION. Sec. 29. (1) Not fewer than ten days nor more than six months before the election at which the proposition to impose the benefit charge is submitted as provided in this chapter, the governing board of the regional fire protection service authority shall hold a public hearing specifically setting forth its proposal to impose benefit charges for the support of its legally authorized activities that will maintain or improve the services afforded in the authority. A report of the public hearing shall be filed with the county treasurer of each county in which the property is located and be available for public inspection.

(2) Prior to November 15th of each year the governing board of the authority shall hold a public hearing to review and establish the regional fire protection service authority benefit charges for the subsequent year.

(3) All resolutions imposing or changing the benefit charges must be filed with the county treasurer or treasurers of each county in which the property is located, together with the record of each public hearing, before November 30th immediately preceding the year in which the benefit charges are to be collected on behalf of the authority.

(4) After the benefit charges have been established, the owners of the property subject to the charge must be notified of the amount of the charge.

NEW SECTION. Sec. 30. A regional fire protection service authority that imposes a benefit charge under this chapter shall not impose all or part of the property tax authorized under section 15(1)(c) of this act.

NEW SECTION. Sec. 31. After notice has been given to the property owners of the amount of the charge, the governing board of a regional fire protection service authority imposing a benefit charge under this chapter shall form a review board for at least a two-week period and shall, upon complaint in writing of an aggrieved party owning property in the authority, reduce the charge of a person who, in their opinion, has been charged too large a sum, to a sum or amount as they believe to be the true, fair, and just amount.

NEW SECTION. Sec. 32. The Washington fire commissioners association, as soon as practicable, shall draft a model resolution to impose the regional fire protection service authority benefit charge authorized by this chapter and may provide assistance to authorities in the establishment of a program to develop benefit charges.

NEW SECTION. Sec. 33. A person who is receiving the exemption contained in RCW 84.36.381 through 84.36.389 is exempt from any legal obligation to pay a portion of the benefit charge imposed under this chapter as follows:

(1) A person who meets the income limitation contained in RCW 84.36.381(5)(a) and does not meet the income limitation contained in RCW 84.36.381(5)(b) (i) or (ii) is exempt from twenty-five percent of the charge;

(2) A person who meets the income limitation contained in RCW 84.36.381(5)(b)(i) is exempt from fifty percent of the charge; and

(3) A person who meets the income limitation contained in RCW 84.36.381(5)(b)(ii) shall be exempt from seventy-five percent of the charge.

Sec. 34. RCW 35.21.766 and 1975 1st ex.s. c 24 s 1 are each amended to read as follows:

Whenever a regional fire protection service authority or the legislative authority of any city or town determines that the fire protection jurisdictions that are members of the authority or the city or town or a substantial portion of the city or town is not adequately served by existing private ambulance service, the governing board of the authority may by resolution, or the legislative authority of the city or town may by appropriate legislation, provide for the establishment of a system of ambulance service to be operated by the authority as a public utility of the city or town, or operated by contract after a call for bids.

NEW SECTION. Sec. 35. CAPTIONS. Captions used in this act are not any part of the law.
NEW SECTION. Sec. 36. CODIFICATION. Sections 1 through 12, 14 through 18, and 24 through 33 of this act constitute a new chapter in Title 52 RCW.

NEW SECTION. Sec. 37. SEVERABILITY. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

"NEW SECTION. Sec. 1. The legislature recognizes that over the next decade, large numbers of Washington students will graduate from high school and seek access to higher education. Washington’s new knowledge-based economy demands ever-increasing levels of education and training from our work force. The legislature also recognizes that there is insufficient access in some urban areas of the state with greatest population density. These areas could benefit educationally and economically from expanded baccalaureate and graduate education opportunities. With increased demand and limited resources to provide such expansion, the legislature finds it necessary to examine thoroughly and objectively the prospect of creating additional educational opportunities in underserved areas such as southwest Washington and the central Puget Sound region.

NEW SECTION. Sec. 2. (1) The Washington state institute for public policy shall develop evaluation criteria and identify data necessary to study the feasibility of creating additional public baccalaureate and graduate education opportunities in underserved areas of the state. The criteria must be rigorous, objective, and applicable to various regions of the state. The study methodology must include consultation with community leaders. The criteria must include but not be limited to the following:
(a) A detailed regional analysis of student demand and supply of degree programs from existing higher education institutions;
(b) Population and demographic projections for a region;
(c) Potential regional economic development, including types of businesses and employers and their educational and work force training needs;
(d) Evaluation of alternative models of providing baccalaureate and professional graduate education in a region, including expanding existing partnerships between community and technical colleges and four-year institutions;
(e) Examination of the possible role and mission of new or modified higher education institutions in a region, including the possibility of an innovative combination of instruction and research suitable for meeting a region's needs for access as well as support the expansion of a region's economic viability;
(f) Analysis of short and long-term operating and capital costs; and
(g) A balance between local or regional interests and statewide needs.
(2) Once the evaluation criteria, data, and methodology have been developed, the institute shall conduct the first feasibility study in southwest Washington.
(3) The institute shall submit its findings from the first feasibility study to the higher education and fiscal committees of the senate and house of representatives by December 15, 2004.

E2SSB 5957 Prime Sponsor, Senate Committee on Ways & Means: Establishing a system of standards and procedures concerning water quality data. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Appropriations and without amendment by Committee on Higher Education.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that:
(a) The proper collection and review of credible water quality data is necessary to ensure compliance with the requirements of the federal clean water act (33 U.S.C. Sec. 1251 et seq.);
(b) The state needs to assemble and evaluate all existing and readily available water quality-related data and information from sources other than the state water quality agency, such as federal agencies, tribes, universities, and volunteer monitoring groups, if the data meets the state's requirements for data quality; and
(c) Developing and implementing water quality protection measures based on credible water quality data ensures that the financial resources of state and local governments and regulated entities are prioritized to address our state's most important water quality issues.
(2) The legislature intends to ensure that credible water quality data is used as the basis for the assessment of the status of a water body relative to the surface water quality standards.
(3) It is the intent of the legislature that a water body in which pollutant loadings from naturally occurring conditions are the sole cause of a violation of applicable surface water quality standards not be listed as impaired.

NEW SECTION. Sec. 2. The definitions in this section apply to sections 3 and 4 of this act unless the context clearly requires otherwise.
(1) "Credible data" means data meeting the requirements of section 4 of this act.
(2) "Department" means the Washington state department of ecology.
(3) "Impaired water" means a water body or segment for which credible data exists that: (a) Satisfies the requirements of sections 3 and 4 of this act; and (b) demonstrates the water body should be identified pursuant to 33 U.S.C. Sec. 1313(d)."
"Naturally occurring condition" means any condition affecting water quality that is not caused by human influence.

"Section 303(d)" has the same meaning as in the federal clean water act (33 U.S.C. Sec. 1313(d)).

"Total maximum daily load" has the same meaning as in the federal clean water act (33 U.S.C. Sec. 1313(d)).

NEW SECTION. Sec. 3. (1) The department shall use credible information and literature for developing and reviewing a surface water quality standard or technical model used to establish a total maximum daily load for any surface water of the state.

(2) The department shall use credible data for the following actions after the effective date of this section:
   (a) Determining whether any water of the state is to be placed on or removed from any section 303(d) list;
   (b) Establishing a total maximum daily load for any surface water of the state; or
   (c) Determining whether any surface water of the state is supporting its designated use or other classification.

(3) The department shall respond to questions regarding the data, literature, and other information it uses under this section. The department shall reply to requests within five business days acknowledging that the department has received the request and provide a reasonable estimate of the time the department will require to respond to the request.

NEW SECTION. Sec. 4. (1) In collecting and analyzing water quality data for any purpose identified in section 3(2) of this act, data is considered credible data if:
   (a) Appropriate quality assurance and quality control procedures were followed and documented in collecting and analyzing water quality samples;
   (b) The samples or measurements are representative of water quality conditions at the time the data was collected;
   (c) The data consists of an adequate number of samples based on the objectives of the sampling, the nature of the water in question, and the parameters being analyzed; and
   (d) Sampling and laboratory analysis conform to methods and protocols generally acceptable in the scientific community as appropriate for use in assessing the condition of the water.

(2) Data interpretation, statistical, and modeling methods shall be those methods generally acceptable in the scientific community as appropriate for use in assessing the condition of the water.

(3) The department shall develop policy:
   (a) Explaining how it uses scientific research and literature for developing and reviewing any water quality standard or technical model used to establish a total maximum daily load for any water of the state;
   (b) Describing the specific criteria that determine data credibility; and
   (c) Defining the appropriate training and experience in order to collect credible data.

NEW SECTION. Sec. 5. Any person who knowingly falsifies data is guilty of a gross misdemeanor.

NEW SECTION. Sec. 6. Sections 1 through 5 of this act are each added to chapter 90.48 RCW.

NEW SECTION. Sec. 7. By December 31, 2005, the department of ecology shall report to the appropriate committees of the senate and the house of representatives concerning the status of activities undertaken to comply with the provisions of this act, and shall report by December 31, 2006 any rule-making or policy development required to implement this act, including changes in listings resulting from the use of credible data."

All enhancement or restoration projects, except those qualifying under subsection (9)(a) of this section, must include the acquisition of a real property interest in order to be eligible. At least fifty percent of riparian protection account funds must be used for the acquisition of real property interests.

(3) State and local agencies and lead entities under chapter 77.85 RCW may apply for acquisition and enhancement or restoration funds for riparian habitat projects under subsection (1) of this section. (8) State agencies receiving grants for acquisition of land under this section must pay an amount in lieu of real property taxes equal to the amount of tax that would be due if the land were taxable as open space land under chapter 84.34 RCW, plus an additional amount for control of noxious weeds equal to that which would be paid if such lands were privately owned. The county assessor and county legislative authority shall assist in determining the appropriate calculation of the amount of tax that would be due under chapter 84.34 RCW.

(9) In determining acquisition priorities with respect to the riparian protection account, the committee must consider, at a minimum, the following criteria:

(a) Whether the project continues the conservation reserve enhancement program. Applications that extend the duration of leases of riparian areas that are currently enrolled in the conservation reserve enhancement program shall be highly considered in the process. Such applications are also eligible for an additional conservation lease of at least twenty-five years of duration;
(b) Whether the projects are identified or recommended in a watershed planning process under chapter 247, Laws of 1998, salmon recovery planning under chapter 77.85 RCW, or other local plans, such as habitat conservation plans, and these must be highly considered in the process;
(c) Whether there is community support for the project;
(d) Whether there is an immediate threat to the site;

NEW SECTION. Sec. 9. A new section is added to chapter 79.70 RCW to read as follows:

The state treasurer, on behalf of the department, must distribute to counties for all lands acquired for the purposes of this chapter an amount in lieu of real property taxes equal to the amount of tax that would be due if the land were taxable as open space land under chapter 84.34 RCW, plus an additional amount equal to the amount of weed control assessment that would be due if such lands were privately owned. The county assessor and county legislative authority shall assist in determining the appropriate calculation of the amount of tax that would be due under chapter 84.34 RCW. The county shall distribute the amount received under this section in lieu of real property taxes to all property taxing districts except the state in appropriate tax code areas the same way it would distribute local property taxes from private property. The county shall distribute the amount received under this section for weed control to the appropriate weed district.

NEW SECTION. Sec. 10. A new section is added to chapter 79.71 RCW to read as follows:

The state treasurer, on behalf of the department, must distribute to counties for all lands acquired for the purposes of this chapter an amount in lieu of real property taxes equal to the amount of tax that would be due if the land were taxable as open space land under chapter 84.34 RCW, plus an additional amount equal to the amount of weed control assessment that would be due if such lands were privately owned. The county assessor and county legislative authority shall assist in determining the appropriate calculation of the amount of tax that would be due under chapter 84.34 RCW. The county shall distribute the amount received under this section in lieu of real property taxes to all property taxing districts except the state in appropriate tax code areas the same way it would distribute local property taxes from private property. The county shall distribute the amount received under this section for weed control to the appropriate weed district.
Sec. 11. RCW 84.33.140 and 2003 c 170 s 5 are each amended to read as follows:

(1) When land has been designated as forest land under RCW 84.33.130, a notation of the designation shall be made each year upon the assessment and tax rolls. A copy of the notice of approval together with the legal description or assessor’s parcel numbers for the land shall, at the expense of the applicant, be filed by the assessor in the same manner as deeds are recorded.

(2) In preparing the assessment roll as of January 1, 2002, for taxes payable in 2003 and each January 1st thereafter, the assessor shall list each parcel of designated forest land at a value with respect to the grade and class provided in this subsection and adjusted as provided in subsection (3) of this section. The assessor shall compute the assessed value of the land using the same assessment ratio applied generally in computing the assessed value of other property in the county. Values for the several grades of bare forest land shall be as follows:

(3) On or before December 31, 2001, the department shall adjust by rule under chapter 34.05 RCW, the forest land values contained in subsection (2) of this section in accordance with this subsection, and shall certify the adjusted values to the assessor who will use these values in preparing the assessment roll as of January 1, 2002. For the adjustment to be made on or before December 31, 2001, for use in the 2002 assessment year, the department shall:

(a) Divide the aggregate value of all timber harvested within the state between July 1, 1996, and June 30, 2001, by the aggregate harvest volume for the same period, as determined from the harvester excise tax returns filed with the department under RCW 84.33.074; and

(b) Divide the aggregate value of all timber harvested within the state between July 1, 1995, and June 30, 2000, by the aggregate harvest volume for the same period, as determined from the harvester excise tax returns filed with the department under RCW 84.33.074; and
(c) Adjust the forest land values contained in subsection (2) of this section by a percentage equal to one-half of the percentage change in the average values of harvested timber reflected by comparing the resultant values calculated under (a) and (b) of this subsection.

(4) For the adjustments to be made on or before December 31, 2002, and each succeeding year thereafter, the same procedure described in subsection (3) of this section shall be followed using harvester excise tax returns filed under RCW 84.33.074. However, this adjustment shall be made to the prior year’s adjusted value, and the five-year periods for calculating average harvested timber values shall be successively one year more recent.

(5) Land graded, assessed, and valued as forest land shall continue to be so graded, assessed, and valued until removal of designation by the assessor upon the occurrence of any of the following:
   (a) Receipt of notice from the owner to remove the designation;
   (b) Sale or transfer to an ownership making the land exempt from ad valorem taxation;
   (c) Sale or transfer of all or a portion of the land to a new owner, unless the new owner has signed a notice of forest land designation continuance, except transfer to an owner who is an heir or devisee of a deceased owner, shall not, by itself, result in removal of designation. The signed notice of continuance shall be attached to the real estate excise tax affidavit provided for in RCW 82.45.150. The notice of continuance shall be on a form prepared by the department. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all compensating taxes calculated under subsection (11) of this section shall become due and payable by the seller or transferor at time of sale. The auditor shall not accept an instrument of conveyance regarding designated forest land for filing or recording unless the new owner has signed the notice of continuance or the compensating tax has been paid, as evidenced by the real estate excise tax stamp affixed thereto by the treasurer. The seller, transferor, or new owner may appeal the new assessed valuation calculated under subsection (11) of this section to the county board of equalization in accordance with the provisions of RCW 84.40.038. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals;
   (d) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that:
      (i) The land is no longer primarily devoted to and used for growing and harvesting timber. However, land shall not be removed from designation if a governmental agency, organization, or other recipient identified in subsection (13) or (14) of this section as exempt from the payment of compensating tax has manifested its intent in writing or by other official action to acquire a property interest in the designated forest land by means of a transaction that qualifies for an exemption under subsection (13) or (14) of this section. The governmental agency, organization, or recipient shall annually provide the assessor of the county in which the land is located reasonable evidence in writing of the intent to acquire the designated land as long as the intent continues or within sixty days of a request by the assessor. The assessor may not request this evidence more than once in a calendar year;
      (ii) The owner has failed to comply with a final administrative or judicial order with respect to a violation of the restocking, forest management, fire protection, insect and disease control, and forest debris provisions of Title 76 RCW or any applicable rules under Title 76 RCW; or
      (iii) Restocking has not occurred to the extent or within the time specified in the application for designation of such land.
   (6) Land shall not be removed from designation if there is a governmental restriction that prohibits, in whole or in part, the owner from harvesting timber from the owner’s designated forest land. If only a portion of the parcel is impacted by governmental restrictions of this nature, the restrictions cannot be used as a basis to remove the remainder of the forest land from designation under this chapter. For the purposes of this section, "governmental restrictions" includes: (a) Any law, regulation, rule, ordinance, program, or other action adopted or taken by a federal, state, county, city, or other governmental entity; or (b) the land’s zoning or its presence within an urban growth area designated under RCW 36.70A.110.
   (7) The assessor shall have the option of requiring an owner of forest land to file a timber management plan with the assessor upon the occurrence of one of the following:
      (a) An application for designation as forest land is submitted; or
      (b) Designated forest land is sold or transferred and a notice of continuance, described in subsection (5)(c) of this section, is signed.
   (8) If land is removed from designation because of any of the circumstances listed in subsection (5)(a) through (c) of this section, the removal shall apply only to the land affected. If land is removed from designation because of subsection (5)(d) of this section, the removal shall apply only to the actual area of land that is no longer primarily devoted to the growing and harvesting of timber, without regard to any other land that may have been included in the application and approved for designation, as long as the remaining designated forest land meets the definition of forest land contained in RCW 84.33.035.
   (9) Within thirty days after the removal of designation as forest land, the assessor shall notify the owner in writing, setting forth the reasons for the removal. The seller, transferor, or owner may appeal the removal to the county board of equalization in accordance with the provisions of RCW 84.40.038.
(10) Unless the removal is reversed on appeal a copy of the notice of removal with a notation of the action, if any, upon appeal, together with the legal description or assessor’s parcel numbers for the land removed from designation shall, at the expense of the applicant, be filed by the assessor in the same manner as deeds are recorded and a notation of removal from designation shall immediately be made upon the assessment and tax rolls. The assessor shall revalue the land to be removed with reference to its true and fair value as of January 1st of the year of removal from designation. Both the assessed value before and after the removal of designation shall be listed. Taxes based on the value of the land as forest land shall be assessed and payable up until the date of removal and taxes based on the true and fair value of the land shall be assessed and payable from the date of removal from designation.

(11) Except as provided in subsection (5)(c), (13), or (14) of this section, a compensating tax shall be imposed on land removed from designation as forest land. The compensating tax shall be due and payable to the treasurer thirty days after the owner is notified of the amount of this tax. As soon as possible after the land is removed from designation, the assessor shall compute the amount of compensating tax and mail a notice to the owner of the amount of compensating tax owed and the date on which payment of this tax is due. The amount of compensating tax shall be equal to the difference between the amount of tax last levied on the land as designated forest land and an amount equal to the new assessed value of the land multiplied by the dollar rate of the last levy extended against the land, multiplied by a number, in no event greater than nine, equal to the number of years for which the land was designated as forest land, plus compensating taxes on the land at forest land values up until the date of removal and the prorated taxes on the land at true and fair value from the date of removal to the end of the current tax year.

(12) Compensating tax, together with applicable interest thereon, shall become a lien on the land which shall attach at the time the land is removed from designation as forest land and shall have priority to and shall be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation, or responsibility to or with which the land may become charged or liable. The lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050. Any compensating tax unpaid on its due date shall thereupon become delinquent. From the date of delinquency until paid, interest shall be charged at the same rate applied by law to delinquent ad valorem property taxes.

(13) The compensating tax specified in subsection (11) of this section shall not be imposed if the removal of designation under subsection (5) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other forest land located within the state of Washington;
(b) A taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power;
(c) A donation of fee title, development rights, or the right to harvest timber, to a government agency or organization qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections, or the sale or transfer of fee title to a governmental entity or a nonprofit nature conservancy corporation, as defined in RCW 64.04.130, exclusively for the protection and conservation of lands recommended for state natural area preserve purposes by the natural heritage council and natural heritage plan as defined in chapter 79.70 RCW or approved for state natural resources conservation area purposes as defined in chapter 79.71 RCW. At such time as the land is not used for the purposes enumerated, the compensating tax specified in subsection (11) of this section shall be imposed upon the current owner;
(d) The sale or transfer of fee title to the parks and recreation commission for park and recreation purposes;
(e) Official action by an agency of the state of Washington or by the county or city within which the land is located that disallows the present use of the land;
(f) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120;
(g) The creation, sale, or transfer of a fee interest or a conservation easement for the riparian open space program under RCW 76.09.040;
(h) The sale or transfer of land within two years after the death of the owner of at least a fifty percent interest in the land if the land has been assessed and valued as classified forest land, designated as forest land under this chapter, or classified under chapter 84.34 RCW continuously since 1993. The date of death shown on a death certificate is the date used for the purposes of this subsection (13)(h); or
(i) The sale or transfer of land after the death of the owner of at least a fifty percent interest in the land if the land has been assessed and valued as classified forest land, designated as forest land under this chapter, or classified under chapter 84.34 RCW continuously since 1993 and the sale or transfer takes place after July 22, 2001, and on or before July 22, 2003, and the death of the owner occurred after January 1, 1991. The date of death shown on a death certificate is the date used for the purposes of this subsection (13)(i).

(14) In a county with a population of more than one million inhabitants, the compensating tax specified in subsection (11) of this section shall not be imposed if the removal of designation as forest land under subsection (5) of this section resulted solely from:

(a) An action described in subsection (13) of this section; or
(b) A transfer of a property interest to a government entity, or to a nonprofit historic preservation corporation or nonprofit nature conservancy corporation, as defined in RCW 64.04.130, to protect or enhance public resources, or to preserve, maintain, improve, restore, limit the future use of, or otherwise to conserve for public use or enjoyment, the property interest being transferred. At such time as the property interest is not used for the purposes enumerated, the compensating tax shall be imposed upon the current owner.

Sec. 12. RCW 77.12.203 and 1990 1st ex.s. c 15 s 11 are each amended to read as follows:

(1) Notwithstanding RCW 84.36.010 or other statutes to the contrary, the director shall pay by April 30th of each year on game lands in each county, if requested by an election under RCW 77.12.201, an amount in lieu of real property taxes equal to that amount paid on similar parcels of open space land taxable under chapter 84.34 RCW or the greater of seventy cents per acre per year or the amount paid in 1984 plus an additional amount for control of noxious weeds equal to that which would be paid if such lands were privately owned. This amount shall not be assessed or paid on department buildings, structures, facilities, game farms, fish hatcheries, tidelands, or public fishing areas of less than one hundred acres.

(2) "Game lands," as used in this section and RCW 77.12.201, means those tracts one hundred acres or larger owned in fee by the department and used for wildlife habitat and public recreational purposes. All lands purchased for wildlife habitat, public access or recreation purposes with federal funds in the Snake River drainage basin shall be considered game lands regardless of acreage.

(3) This section shall not apply to lands transferred after April 23, 1990, to the department from other state agencies.

(4) The county shall distribute the amount received under this section in lieu of real property taxes to all property taxing districts except the state in appropriate tax code areas the same way it would distribute local property taxes from private property. The county shall distribute the amount received under this section for weed control to the appropriate weed district.

MAJORITY recommendation: Do pass as amended:

Strike everything after the enacting clause and insert the following:

"NEW SECTION.  Sec. 1.  A new section is added to chapter 46.16 RCW to read as follows:
(1) The legislature recognizes that the law enforcement memorial license plate has been reviewed by the special license plate review board as specified in chapter 196, Laws of 2003, and was found to fully comply with all provisions of chapter 196, Laws of 2003.
(2) The department shall issue a special license plate displaying a symbol, approved by the special license plate review board, honoring law enforcement officers in Washington killed in the line of duty. The special license plate may be used in lieu of regular or personalized license plates for vehicles required to display one or two vehicle license plates, excluding vehicles registered under chapter 46.87 RCW, upon the terms and conditions established by the department.

NEW SECTION.  Sec. 2.  A new section is added to chapter 46.16 RCW to read as follows:
"Law enforcement memorial license plates" means license plates issued under section 1 of this act that display a symbol honoring law enforcement officers in Washington killed in the line of duty.

Sec. 3.  RCW 46.16.313 and 1997 c 291 s 8 are each amended to read as follows:
(1) The department may establish a fee for each type of special license plates issued under RCW 46.16.301(1) (a), (b), or (c), as existing before amendment by section 5, chapter 291, Laws of 1997, in an amount calculated to offset the cost of production of the special license plates and the administration of this program. Until December 31, 1997, the fee shall not exceed thirty-five dollars, but effective with vehicle registrations due or to become due on January 1, 1998, the department may adjust the fee to no more than forty dollars. This fee is in addition to all other fees required to register and license the vehicle for which the plates have been requested. All such additional special license plate fees collected by the department shall be deposited in the state treasury and credited to the motor vehicle fund.
(2) Until December 31, 1997, in addition to all fees and taxes required to be paid upon application, registration, and renewal registration of a motor vehicle, the holder of a collegiate license plate shall pay a fee of thirty dollars. The department shall deduct an amount not to exceed two dollars of each fee collected under this subsection for administration and collection expenses incurred by it. The remaining proceeds, minus the cost of plate production, shall be remitted to the custody of the state treasurer with a proper identifying detailed report. The state treasurer shall credit the funds to the appropriate collegiate license plate fund as provided in RCW 28B.10.890.
(3) Effective with vehicle registrations due or to become due on January 1, 1998, in addition to all fees and taxes required to be paid upon application and registration of a motor vehicle, the holder of a collegiate license plate shall pay an initial fee of forty dollars. NEW SECTION. Sec. 3. This act expires January 1, 2008."
MAJORITY recommendation: Do pass as amended:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 82.04 RCW to read as follows:

(1) Subject to the limits and provisions of this section, a credit is authorized against the tax otherwise due under this chapter for persons engaged in a rural county in the business of manufacturing computer software or programming, as those terms are defined in this section.

(2) A person who partially or totally relocates a business from one rural county to another rural county is eligible for any new qualifying employment positions created as a result of the relocation but is not eligible to receive credit for the jobs moved from one county to the other.

(3)(a) To qualify for the credit, the qualifying activity of the person must be conducted in a rural county and the new qualified employment position must be located in the rural county.

(b) If an activity is conducted both from a rural county and outside of a rural county, the credit is available if at least ninety percent of the qualifying activity is conducted within a rural county. If the qualifying activity is a service taxable activity, the place where the work is performed is the place at which the activity is conducted.

(4)(a) The credit under this section shall equal one thousand dollars for each new qualified employment position created after January 1, 2004, in an eligible area. A credit is earned for the calendar year the person is hired to fill the position. Additionally a credit is earned for each year the position is maintained over the subsequent consecutive years, up to four years. The county must meet the definition of a rural county at the time the position is filled. If the county does not have a rural county status the following year or years, the position is still eligible for the remaining years if all other conditions are met.

(b) Participants who claimed credit under RCW 82.04.4456 for qualified employment positions created before December 31, 2003, are eligible to earn credit for each year the position is maintained over the subsequent consecutive years, for up to four years, which four years include any years claimed under RCW 82.04.4456 Those persons who did not receive a credit under RCW 82.04.4456 before December 31, 2003, are not eligible to earn credit for qualified employment positions created before December 31, 2003.

(c) Credit is authorized for new employees hired for new qualified employment positions created on or after January 1, 2004. New qualified employment positions filled by existing employees are eligible for the credit under this section only if the position vacated by the existing employee is filled by a new hire. A business that is a sole proprietorship without any employees is equivalent to one employee position and this type of business is eligible to receive credit for one position.

(d) If a position is filled before July 1st, the position is eligible for the full yearly credit for that calendar year. If it is filled after June 30th, the position is eligible for half of the credit for that calendar year.

(5) No application is necessary for the tax credit. The person must keep records necessary for the department to verify eligibility under this section. This information includes information relating to description of qualifying activity conducted in the rural county and outside the rural county by the person as well as detailed records on positions and employees.

(6) If at any time the department finds that a person is not eligible for tax credit under this section, the amount of taxes for which a credit has been claimed shall be immediately due. The department shall assess interest, but not penalties, on the taxes for which the person is not eligible. The interest shall be assessed at the rate provided for delinquent excise taxes under chapter 82.32 RCW, shall be assessed retroactively to the date the tax credit was taken, and shall accrue until the taxes for which a credit has been used are repaid.

(7) The credit under this section may be used against any tax due under this chapter, but in no case may a credit earned during one calendar year be carried over to be credited against taxes incurred in a subsequent calendar year. A person is not eligible to receive a credit under this section if the person is receiving credit for the same position under chapter 82.62 RCW or RCW 82.04.44525 or is taking a credit under this chapter for information technology help desk services conducted from a rural county. No refunds may be granted for credits under this section.

(8) Transfer of ownership does not affect credit eligibility. However, the successive credits are available to the successor for remaining periods in the five years only if the eligibility conditions of this section are met.

(9) A person taking tax credits under this section shall make an annual report to the department. The report shall be in a letter form and shall include the following information: Number of positions for which credit is being claimed, type of position for which credit is being claimed, type of activity in which the person is engaged in the county, how long the person has been located in the county, and taxpayer name and registration number. The report must be filed by January 30th of each year for which credit was claimed during the previous year. Failure to file a report will not result in the loss of eligibility under this section. However, the department, through its research division, shall contact taxpayers who have not filed the report and obtain the data from the taxpayer or assist the taxpayer in the filing of the report, so that the data and information necessary to measure the program’s effectiveness is maintained.

"Eligible investment project" also means an investment project in an eligible area as defined in this section.

(ce) "Qualified employment position" means a permanent full-time employee employed in the eligible investment project during the entire year.

(2) In addition to the provisions of RCW 82.60.040, the department shall issue a sales and use tax deferral certificate for state and local sales and use taxes due under chapters 82.08, 82.12, and 82.14 RCW, on each eligible investment project that is located in an eligible area, if the applicant establishes that at the time the project is operationally complete:

(a) The applicant will hire at least one qualified employment position for each seven hundred fifty thousand dollars of investment (ce) for which a deferral is requested; and

(b) The positions will be filled by persons who at the time of hire are residents of the community empowerment zone. As used in this subsection, "resident" means the person makes his or her home in the community empowerment zone. A mailing address alone is insufficient to establish that a person is a resident for the purposes of this section. The persons must be hired after the date the application is filed with the department.

(3) All other provisions and eligibility requirements of this chapter apply to applicants eligible under this section.

(4) The qualified employment position must be filled by the end of the calendar year following the year in which the project is certified as operationally complete. If a person does not meet the requirements for qualified employment positions by the end of the second calendar year following the year in which the project is certified as operationally complete, all deferred taxes are immediately due.

Sec. 6. RCW 82.60.050 and 1994 sp.s c 1 s 7 are each amended to read as follows:
RCW 82.60.030 and 82.60.040 shall expire July 1, (2004) 2010.

Sec. 7. RCW 82.60.070 and 1999 c 164 s 303 are each amended to read as follows:
(1)(a) The legislature finds that accountability and effectiveness are important aspects of setting tax policy. In order to make policy choices regarding the best use of limited state resources the legislature needs information on how a tax incentive is used;

(b) Each recipient of a deferral granted under this chapter after June 30, 1994, shall (submit a report to the department on December 31st of the year in which the investment project is certified by the department as having been operationally completed, and on December 31st of each of the seven succeeding calendar years. The report shall contain information, as required by the department, from which the department may determine whether the recipient is meeting the requirements of this chapter. If the recipient fails to submit a report or submits an inadequate report, the department may declare the amount of deferred taxes outstanding to be immediately assessed and payable)) complete an annual survey. If the economic benefits of the deferral are passed to a lessee as provided in RCW 82.60.020(4), the lessee shall agree to complete the annual survey and the applicant is not required to complete the annual survey. The survey is due by March 31st of the year following the calendar year in which the investment project is certified by the department as having been operationally complete and the seven succeeding calendar years. The survey shall include the amount of tax deferred, the number of new products or research projects by general classification, and the number of trademarks, patents, and copyrights associated with activities at the investment project. The survey shall also include the following information for employment positions in Washington:

(i) The number of total employment positions;

(ii) Full-time, part-time, and temporary employment positions as a percent of total employment;

(iii) The number of employment positions according to the following wage bands: Less than thirty thousand dollars; thirty thousand dollars or greater, but less than sixty thousand dollars; and sixty thousand dollars or greater. A wage band containing fewer than three individuals may be combined with another wage band;

(iv) The number of employment positions that have employer-provided medical, dental, and retirement benefits, by each of the wage bands;

(c) The department may request additional information necessary to measure the results of the deferral program, to be submitted at the same time as the survey;

(d) All information collected under this subsection, except the amount of the tax deferral taken, is deemed taxpayer information under RCW 82.32.330 and is not disclosable. Information on the amount of tax deferral taken is not subject to the confidentiality provisions of RCW 82.32.330 and may be disclosed to the public upon request.

(e) The department shall use the information from this section to prepare summary descriptive statistics by category. No fewer than three taxpayers shall be included in any category. The department shall report these statistics to the legislature each year by September 1st.

(f) The department shall also use the information to study the tax deferral program authorized under this chapter. The department shall report to the legislature by December 1, 2009. The report shall measure the effect of the program on job creation, the number of jobs created for residents of eligible areas, company
growth, the introduction of new products, the diversification of the state's economy, growth in research and development investment, the movement of firms or the consolidation of firms' operations into the state, and such other factors as the department selects.

(2) (a) If, on the basis of a (report) survey under this section or other information, the department finds that an investment project is not eligible for tax deferral under this chapter, the amount of deferred taxes outstanding for the project shall be immediately due.

(b) If a recipient of the deferral fails to complete the annual survey required under subsection (1) of this section by the date due, twelve and one-half percent of the deferred tax shall be immediately due. If the economic benefits of the deferral are passed to a lessee as provided in RCW 82.60.020(4), the lessee shall be responsible for payment to the extent the lessee has received the economic benefit.

(3) Notwithstanding any other subsection of this section, deferred taxes need not be repaid on machinery and equipment for lumber and wood products industries, and sales of or charges made for labor and services, of the type which qualifies for exemption under RCW 82.08.02565 or 82.12.02565 to the extent the taxes have not been repaid before July 1, 1995.

(4) Notwithstanding any other subsection of this section, deferred taxes on the following need not be repaid:

(a) Machinery and equipment, and sales of or charges made for labor and services, which at the time of purchase would have qualified for exemption under RCW 82.08.02565; and

(b) Machinery and equipment which at the time of first use would have qualified for exemption under RCW 82.12.02565.

SSB 6242 Prime Sponsor, Senate Committee on Natural Resources, Energy & Water: Establishing a statewide strategy for land acquisitions and disposal. Reported by Committee on Capital Budget

MAJORITY recommendation: Do pass as amended:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1)(a) The legislature finds that the 1999 public and tribal lands inventory provides a base of information to begin the development of a statewide coordinated strategy for acquisition of lands for recreation and habitat preservation and enhancement. However, updated information is needed on the amount of recent acquisitions, how they were funded, how those acquisitions could be compatible with a coordinated strategy, and how they pursue the goals of single agencies.

(b) The legislature further finds that land acquisition decisions have long-term implications, often in perpetuity, and that some acquisitions occur outside the oversight of the legislature.

(c) The legislature intends to establish a statewide strategy for coordination of acquisition, exchange or disposal of state agency lands for recreation and habitat preservation and enhancement, and to clarify authority for an interagency planning and coordination of that strategy.

(2) The interagency committee for outdoor recreation shall submit a report to the appropriate policy and fiscal committees of the legislature and to the governor by June 30, 2005. The report shall include an inventory of recent habitat and recreational land acquisitions and a recommended statewide strategy for coordination of future acquisitions.

(a) The inventory shall include habitat and recreational land acquisitions and disposals since 1980 by state agencies. For the purpose of this inventory, "land acquisition" means fee simple acquisition or less than a fee simple interest if that interest is for more than fifty years. Land acquisitions by state agencies include those funded by state agencies but owned by local governments. The inventory shall:

(i) Include information about land acquisitions and disposals that involved land trading or swapping between public and private entities, and land acquisitions that were gifts;
(ii) Specify principal use of the acquired parcels and other data compatible with the 1999 inventory;
(iii) Specify the agency or local government acquiring or disposing of the property, the costs of the
land acquisition or receipts from the disposal, the funding sources, and whether the land acquisition was funded
under a legislative appropriation, an unanticipated receipt, and/or exchange of land parcels; and
(iv) Include any additional information local governments may provide to the inventory about habitat
and recreational land acquisitions by land trusts, conservancies, port districts, public utility districts, and other
parties that result in the property’s change to a tax exempt status.

(b) The recommended statewide strategy for coordination of habitat and recreation acquisitions by
state agencies, regardless of fund source, should be consistent with the priorities, policies and criteria of
chapter 79A.15 RCW and, if not, identify what priorities, policies and goals should apply. The recommended
statewide coordinated strategy should:
(i) Ensure that land acquisition and disposal decisions are based on a determination of need for recreational
and habitat lands compared to existing public lands serving those purposes in various areas of the state;
(ii) Specify how to provide a central, interagency point of coordination to ensure that land acquisitions
by state agencies, including land acquisitions funded through unanticipated receipts, are consistent with
statewide priorities, policies and goals;
(iii) Examine alternative ways to compensate local governments by spreading statewide the impact of
lost tax revenues from acquisitions of property for habitat and recreation;
(iv) Consider options for a no net gain policy in counties with large portions of existing public habitat
and recreational land; and
(v) Consider what policies, priorities, and goals may apply to the statewide coordinated strategy. The
report may consider population based goals for recreation needs, changes in use of public lands, provisions for
scenic areas and green ways, wildlife corridors, forest buffers, designated critical areas, local, state and federal
wildlife protection plans, and multi-use functions of existing publicly owned lands.

SSB 6255 Prime Sponsor, Senate Committee on Children & Family Services & Corrections:  
Studying criminal background check processes. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Appropriations and without amendment by Committee on Criminal Justice & Corrections.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that criminal history record information background checks for employment purposes are rapidly increasing in Washington state. While the demand for criminal history record information background checks is growing, the existing criminal history record information background check data transmission infrastructure and processes are not adequate to keep pace with the growing demand. Furthermore, employers are concerned with the current system’s ability to quickly secure results. Without adequate data transmission infrastructure and processes to encourage efficient criminal history record information background checks and to receive results quickly, a public safety risk is created. This is especially true when new or prospective employees will be working with children.

The legislature has learned that some states have recently developed comprehensive criminal history record information background check programs. These programs focus on making criminal history record information background checks easily accessible to employers and prospective employees and have eliminated long response times.

NEW SECTION. Sec. 2. (1) A joint task force on criminal background check processes is established. The joint task force shall consist of the following members:
(a) Two members from each of the two largest caucuses of the senate, appointed by the president of the senate; at least one member from each caucus shall be a member of the senate children and family services and corrections committee;
(b) Two members from each of the two largest caucuses of the house of representatives, appointed by the speaker of the house of representatives; at least one member from each caucus shall be a member of the house criminal justice and corrections committee;
(c) The chief of the Washington state patrol, or the chief’s designee;
(d) The secretary of the department of social and health services, or the secretary’s designee;
(e) The state superintendent of public instruction, or the superintendent’s designee;
(f) An elected sheriff or police chief, selected by the Washington association of sheriffs and police chiefs; and
(g) The following seven members, jointly appointed by the speaker of the house of representatives and the president of the senate:
(i) A representative from a nonprofit service organization that serves primarily children under sixteen years of age;
(ii) A health care provider as defined in RCW 7.70.020;
(iii) A representative from a business or organization that serves primarily developmentally disabled persons or vulnerable adults;
(iv) A representative from a local youth athletic association;
(v) A representative from the insurance industry; and
(vi) Two representatives from a local parks and recreation program; one member shall be selected by the association of Washington cities and one member shall be selected by the Washington association of counties.

(2) The task force shall choose two cochairs from among its membership.
(3) The task force shall review and make recommendations to the legislature and the governor regarding criminal background check policy in Washington state. In preparing the recommendations, the committee shall, at a minimum, review the following issues:
(a) What state and federal statutes require regarding criminal background checks, and determine whether any changes should be made;
(b) What criminal offenses are currently reportable through the criminal background check program, and determine whether any changes should be made;
(c) What information is available through the Washington state patrol and the federal bureau of investigation criminal background check systems, and determine whether any changes should be made;
(d) What are the best practices among organizations for obtaining criminal background checks on their employees and volunteers;
(e) What is the feasibility and costs for businesses and organizations to do periodic background checks;
(f) What is the feasibility of requiring all businesses and organizations, including nonprofit entities, to conduct criminal background checks for all employees, contractors, agents, and volunteers who have regularly scheduled supervised or unsupervised access to children, developmentally disabled persons, or vulnerable adults; and

(g) A review of the benefits and obstacles of implementing a criminal history record information background check program created by the national child protection act of 1993. The national child protection act of 1993 increases the availability of criminal history record information background checks for employers who have employees or volunteers who work with children, elderly persons, or persons with disabilities.

(4) The task force, where feasible, may consult with individuals from the public and private sector.

(5) The task force shall use legislative facilities and staff from senate committee services and the house office of program research.

(6) The task force shall report its findings and recommendations to the legislature by December 31, 2004.

NEW SECTION. Sec. 3. (1) In consultation with the Washington state patrol, the Washington association of sheriffs and police chiefs shall conduct a study on criminal history record information background check technology and systems. The study shall focus on how, through the use of modern technology, Washington state can reduce delays in the criminal history record information background check processing time and how Washington state can make criminal history record information background checks more accessible and efficient.

(2) The study shall include, but is not limited to:

(a) A review and analysis of the criminal history record information background check technology systems in states that have recently implemented or are soon to implement comprehensive criminal history record information background check programs;

(b) Recommendations on how a comprehensive criminal history record information background check program should be designed in Washington state, and how much a comprehensive program would cost to implement in Washington state;

(c) A review of how a comprehensive criminal history record information background check program could be paid for in Washington state, which includes a determination on whether the program could be funded solely by user fees.

(3) The findings and recommendations from the Washington association of sheriffs and police chiefs shall be presented to the joint task force on criminal background check processes no later than November 30, 2004.

(4) The requirement to perform the study under this section and to make findings and recommendations is subject to availability of funds appropriated for this specific purpose.

(1) It is unlawful for any person to engage in a practice listed in subsection (2) of this section unless the person has a license in good standing as required by this chapter. A license issued under this chapter shall be considered to be "in good standing" except when: (a) The license has expired or has been canceled and has not been renewed in accordance with RCW 18.16.110; (b) the license has been denied, revoked, or suspended under RCW 18.16.210, 18.16.230, or 18.16.240, and has not been reinstated; (c) the license is held by a person who has not fully complied with an order of the director issued under RCW 18.16.210 requiring the licensee to pay restitution or a fine, or to acquire additional training; or (d) the license has been placed on inactive status at the request of the licensee, and has not been reinstated in accordance with RCW 18.16.110(3).

(2) The director may take action under RCW 18.235.150 and 18.235.160 against any person who does any of the following without first obtaining, and maintaining in good standing, the license required by this chapter:

(b) Instructs in a school;

(c) Operates a school; or

(d) Operates a salon/shop, personal services, or mobile unit.

(2) A person who receives a license as an instructor may engage in the commercial practice for which he or she held a license when applying for the instructor license without also renewing the previously held license. However, a person licensed as an instructor whose license to engage in a commercial practice is not or at any time was not renewed ((cannot)) may not engage in the commercial practice previously permitted under that license unless that person renews the previously held license.

NEW SECTION. Sec. 2. A new section is added to chapter 18.16 RCW to read as follows:

(1) If the holder of an individual license in good standing submits a written and notarized request that the licensee’s cosmetology, barber, manicurist, esthetician, or instructor license be placed on inactive status, together with a fee equivalent to that established by rule for a duplicate license, the department shall place the license on inactive status until the expiration date of the license. If the date of the request is no more than six months before the expiration date of the license, a request for a two-year extension of the inactive status, as provided under subsection (2) of this section, may be submitted at the same time as the request under this subsection.

(2) If the holder of a license placed on inactive status under this section submits, by the expiration date of the license, a written and notarized request to extend that status for an additional two years, the department shall, without additional fee, extend the expiration date of: (a) The licensee’s individual license; and (b) the inactive status for two years from the expiration date of the license.

(3) A license placed on inactive status under this section may not be extended more frequently than once in any twenty-four month period or for more than six consecutive years.

(4) If, by the expiration date of a license placed on inactive status under this section, a licensee is unable, or fails, to request that the status be extended and the license is not renewed, the license shall be canceled.

Sec. 3. RCW 18.16.110 and 2002 c 111 s 8 are each amended to read as follows:

(1) The director shall issue the appropriate license to any applicant who meets the requirements as outlined in this chapter.

(2) Except as provided in RCW 18.16.260:

(a) Failure to renew a license ((before)) by its expiration date subjects the holder to a penalty fee and payment of each year’s renewal fee, at the current rate((s)); and

(b) A person whose license has not been renewed within one year after its expiration date shall have the license canceled and shall be required to submit an application, pay the license fee, meet current licensing requirements, and pass any applicable examination or examinations, in addition to the other requirements of this chapter, before the license may be reinstated."
(3) In lieu of the requirements of subsection (2)(a) of this section, a license placed on inactive status under section 2 of this act may be reinstated to good standing upon receipt by the department of: (a) Payment of a renewal fee, without penalty, for a two-year license commencing on the date the license is reinstated; and (b) if the license was on inactive status during any time that the board finds that a health or other requirement applicable to the license was unmet: evidence showing that the holder of the license has successfully completed, from a school licensed under RCW 18.16.140, at least the number of curriculum clock hours of instruction that the board deems necessary for a licensee to be brought current with respect to such changes, but in no case may the number of hours required under this subsection exceed four hours per year that the license was on inactive status.

(4) Nothing in this section authorizes a person whose license has expired or is on inactive status to engage in a practice prohibited under RCW 18.16.060 until the license is renewed or reinstated.

"NEW SECTION. Sec. 1. The legislature makes the following findings:

(1) In some cases, there is confusion over whether the cause of a person's mental disorder can make that person ineligible for involuntary treatment;
(2) Some offenders under supervision in the community are concurrently subject to court-ordered mental health or chemical dependency treatment;
(3) Some offenders under supervision in the community are subject to department of corrections-ordered mental health or substance abuse treatment;
(4) The department of corrections frequently does not know that an offender is subject to court-ordered treatment;
(5) Treatment providers frequently do not know that a client is subject to department of corrections supervision;
(6) There is confusion about the extent to which information about an offender subject to both treatment orders and supervision by the department of corrections may be shared;
(7) When information is not shared, the lack of information creates gaps in enforcement both of the court order and the offender's conditions of supervision; and
(8) When there are gaps in enforcement, there is an increased risk to public safety.

Consequently, the legislature intends to clarify the standards for commitment and improve the coordination between the department of corrections and mental health and chemical dependency treatment providers to enhance public safety by improving compliance with treatment and supervision orders and by providing both treatment providers and the department of corrections with more current, complete information about the offender's status.

Sec. 2. RCW 71.05.040 and 1997 c 112 s 4 are each amended to read as follows:

Persons who are developmentally disabled, impaired by chronic alcoholism or drug abuse, or suffering from dementia shall not be detained for evaluation and treatment or judicially committed solely by reason of that condition unless such condition causes a person to be gravely disabled or as a result of a mental disorder such condition exists that constitutes a likelihood of serious harm: Provided however, That persons who are developmentally disabled, impaired by chronic alcoholism or drug abuse, or suffering from dementia and who otherwise meet the criteria for detention or judicial commitment are not ineligible for detention or commitment based on this condition alone.

NEW SECTION. Sec. 3. A new section is added to chapter 10.77 RCW to read as follows:

When a county designated mental health professional or a professional person has determined that a person has a mental disorder, and is otherwise committable, the cause of the person's mental disorder shall not make the person ineligible for commitment under chapter 71.05 RCW.

Sec. 4. RCW 71.05.445 and 2002 c 39 s 2 are each amended to read as follows:

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Information related to mental health services" means all information and records compiled, obtained, or maintained in the course of providing services to either voluntary or involuntary recipients of services by a mental health service provider. This may include documents of legal proceedings under this chapter or chapter 71.34 or 10.77 RCW, or somatic health care information.

(b) "Mental health service provider" means a public or private agency that provides services to persons with mental disorders as defined under RCW 71.05.020 and receives funding from public sources. This includes evaluation and treatment facilities as defined in RCW 71.05.020, community mental health service delivery systems, or community mental health programs as defined in RCW 71.24.025, and facilities conducting competency evaluations and restoration under chapter 10.77 RCW.

(2)(a) Information related to mental health services delivered to a person subject to chapter 9.94A or 9.95 RCW shall be released, upon request, by a mental health service provider to department of corrections personnel for whom the information is necessary to carry out the responsibilities of their office. The information must be provided only for the purposes of completing presentence investigations or risk assessment reports, supervision of an incarcerated ((person)) offender or offender under supervision in the community.
planning for and provision of supervision of (a person) an offender, or assessment of (a person’s) an offender’s risk to the community. The request shall be in writing and shall not require the consent of the subject of the records.

(b) If an offender subject to chapter 9.94A or 9.95 RCW has failed to report for department of corrections supervision or in the event of an emergent situation that poses a significant risk to the public or the offender, information related to mental health services delivered to the offender and, if known, information regarding where the offender is likely to be found shall be released by the mental health services provider to the department of corrections upon request. The initial request may be written or oral. All oral requests must be subsequently confirmed in writing. Information released in response to an oral request is limited to a statement as to whether the offender is or is not being treated by the mental health services provider and the address or information about the location or whereabouts of the offender. Information released in response to a written request may include information identified by rule as provided in subsections (4) and (5) of this section. For purposes of this subsection a written request includes requests made by e-mail or facsimile so long as the requesting person at the department of corrections is clearly identified. The request must specify the information being requested. Disclosure of the information requested does not require the consent of the subject of the records unless the offender has received relief from disclosure under section 11, 12, or 13 of this act.

(3)(a) When a mental health service provider conducts its initial assessment for a person receiving court-ordered treatment, the service provider shall inquire and shall be told by the offender whether or she is subject to supervision by the department of corrections.

(b) When a person receiving court-ordered treatment or treatment ordered by the department of corrections discloses to his or her mental health service provider that he or she is subject to supervision by the department of corrections, the mental health services provider shall notify the department of corrections that he or she is treating the offender and shall notify the offender that his or her community corrections officer will be notified of the treatment, provided that if the offender has received relief from disclosure pursuant to section 11, 12, or 13 of this act and the offender has provided the mental health services provider with a copy of the order granting relief from disclosure pursuant to section 11, 12, or 13 of this act, the mental health services provider is not required to notify the department of corrections that the mental health services provider is treating the offender. The notification may be written or oral and shall not require the consent of the offender. If an oral notification is made, it must be confirmed by a written notification. For purposes of this section, a written notification includes notification by e-mail or facsimile, so long as the notifying mental health service provider is clearly identified.

(4) The information to be released to the department of corrections shall include all relevant records and reports, as defined by rule, necessary for the department of corrections to carry out its duties, including those records and reports identified in subsection (2) of this section.

(5) The department and the department of corrections, in consultation with regional support networks, mental health service providers as defined in subsection (1) of this section, mental health consumers, and advocates for persons with mental illness, shall adopt rules to implement the provisions of this section related to the type and scope of information to be released. These rules shall:

(a) Enhance and facilitate the ability of the department of corrections to carry out its responsibility of planning and ensuring community protection with respect to persons subject to sentencing under chapter 9.94A or 9.95 RCW, including accessing and releasing or disclosing information of persons who received mental health services as a minor; and

(b) Establish requirements for the notification of persons under the supervision of the department of corrections regarding the provisions of this section.

(6) The information received by the department of corrections under this section shall remain confidential and subject to the limitations on disclosure outlined in chapter 71.05 RCW, except as provided in RCW 72.09.585.

(7) No mental health service provider or individual employed by a mental health service provider shall be held responsible for information released to or used by the department of corrections under the provisions of this section or rules adopted under this section except under RCW 71.05.670 and 71.05.440.

(8) Whenever federal law or federal regulations restrict the release of information contained in the treatment records of any patient who receives treatment for alcoholism or drug dependency, the release of the information may be restricted as necessary to comply with federal law and regulations.

(9) This section does not modify the terms and conditions of disclosure of information related to sexually transmitted diseases under chapter 70.24 RCW.

(10) The department shall, subject to available resources, electronically, or by the most cost-effective means available, provide the department of corrections with the names, last dates of services, and addresses of specific regional support networks and mental health service providers that delivered mental health services to a person subject to chapter 9.94A or 9.95 RCW pursuant to an agreement between the departments.

Sec. 5. RCW 72.09.585 and 2000 c 75 s 4 are each amended to read as follows:
(1) When the department is determining an offender’s risk management level, the department shall inquire of the offender and shall be told whether the offender is subject to court-ordered treatment for mental health services or chemical dependency services. The department shall request and the offender shall provide an authorization to release information form that meets applicable state and federal requirements and shall provide the offender with written notice that the department will request the offender’s mental health and substance abuse treatment information. An offender’s failure to inform the department of court-ordered treatment is a violation of the conditions of supervision if the offender is in the community and an infraction if the offender is in confinement, and the violation or infraction is subject to sanctions.

(2) When an offender discloses that he or she is subject to court-ordered mental health services or chemical dependency treatment, the department shall provide the mental health services provider or chemical dependency treatment provider with a written request for information and any necessary authorization to release information forms. The written request shall comply with rules adopted by the department of social and health services or protocols developed jointly by the department and the department of social and health services. A single request shall be valid for the duration of the offender’s supervision in the community. Disclosures of information related to mental health services made pursuant to a department request shall not require consent of the offender.

(3) The information received by the department under RCW 71.05.445 or 71.34.225 may be released to the indeterminate sentence review board as relevant to carry out its responsibility of planning and ensuring community protection with respect to persons under its jurisdiction. Further disclosure by the indeterminate sentence review board is subject to the limitations set forth in subsection (((4))) (5) and (((4))) (6) of this section and must be consistent with the written policy of the indeterminate sentence review board. The decision to disclose or not shall not result in civil liability for the indeterminate sentence review board or its employees provided that the decision was reached in good faith and without gross negligence.

(((4))) (4) The information received by the department under RCW 71.05.445 or 71.34.225 may be used to meet the statutory duties of the department to provide evidence or report to the court. Disclosure to the public of information provided to the court by the department related to mental health services shall be limited in accordance with RCW 9.94A.500 or this section.

(((4))) (5) The information received by the department under RCW 71.05.445 or 71.34.225 may be disclosed by the department to other state and local agencies as relevant to plan for and provide offenders transition, treatment, and supervision services, or as relevant and necessary to protect the public and counteract the danger created by a particular offender, and in a manner consistent with the written policy established by the secretary. The decision to disclose or not shall not result in civil liability for the department or its employees so long as the decision was reached in good faith and without gross negligence. The information received by a state or local agency from the department shall remain confidential and subject to the limitations on disclosure set forth in chapters 70.02, 71.05, and 71.34 RCW and, subject to these limitations, may be released only as relevant and necessary to counteract the danger created by a particular offender.

(((4))) (6) The information received by the department under RCW 71.05.445 or 71.34.225 may be disclosed by the department to individuals only with respect to offenders who have been determined by the department to have a high risk of reoffending by a risk assessment, as defined in RCW 9.94A.030, only as relevant and necessary for those individuals to take reasonable steps for the purpose of self-protection, or as provided in RCW 72.09.370(2). The information may not be disclosed for the purpose of engaging the public in a system of supervision, monitoring, and reporting offender behavior to the department. The department must limit the disclosure of information related to mental health services to the public to descriptions of an offender’s behavior, risk he or she may present to the community, and need for mental health treatment, including medications, and shall not disclose or release to the public copies of treatment documents or records, except as otherwise provided by law. All disclosure of information to the public must be done in a manner consistent with the written policy established by the secretary. The decision to disclose or not shall not result in civil liability for the department or its employees so long as the decision was reached in good faith and without gross negligence. Nothing in this subsection prevents any person from reporting to law enforcement or the department behavior that he or she believes creates a public safety risk.

Sec. 6. RCW 71.05.390 and 2000 c 94 s 9, 2000 c 75 s 6, and 2000 c 74 s 7 are each reenacted and amended to read as follows:

This may include documents of legal proceedings under this chapter or chapter 71.05 or 10.77 RCW, or somatic health care information.

(b) "Mental health service provider" means a public or private agency that provides services to persons with mental disorders as defined under RCW 71.34.020 and receives funding from public sources. This includes evaluation and treatment facilities as defined in RCW 71.34.020, community mental health service delivery systems, or community mental health programs, as defined in RCW 71.24.025, and facilities conducting competency evaluations and restoration under chapter 10.77 RCW.

The information must be provided only for the purpose of completing presentence investigations, supervision of an incarcerated person, planning for and provision of supervision of a person, or assessment of a person’s risk to the community. The request shall be in writing and shall not require the consent of the subject of the records.

(3) The information to be released to the department of corrections shall include all relevant records and reports, as defined by rule, necessary for the department of corrections to carry out its duties, including those records and reports identified in subsection (2) of this section.

(5) The department and the department of corrections, in consultation with regional support networks, mental health service providers as defined in subsection (1) of this section, mental health consumers, and advocates for persons with mental illness, shall adopt rules to implement the provisions of this section related to the type and scope of information to be released. These rules shall:

(a) Enhance and facilitate the ability of the department of corrections to carry out its responsibility of planning and ensuring community protection with respect to persons subject to sentencing under chapter 9.94A or 9.95 RCW, including accessing and releasing or disclosing information of persons who received mental health services as a minor; and

(b) Establish requirements for the notification of persons under the supervision of the department of corrections regarding the provisions of this section.

NEW SECTION. Sec. 9. A new section is added to chapter 9.94A RCW to read as follows:
When an offender receiving court-ordered mental health or chemical dependency treatment or treatment ordered by the department of corrections presents for treatment from a mental health or chemical dependency treatment provider, the offender must disclose to the mental health or chemical dependency treatment provider whether he or she is subject to supervision by the department of corrections. (5) Nothing in this section creates a duty on any treatment provider or county designated mental health professional to provide offender supervision.

NEW SECTION. Sec. 17. A new section is added to chapter 72.09 RCW to read as follows:
(1) When an offender is under court-ordered mental health or chemical dependency treatment in the community and the supervision of the department of corrections, and the community corrections officer becomes aware that the person is in violation of the terms of the court’s treatment order, the community corrections officer shall notify the county designated mental health professional or the designated chemical dependency specialist, as appropriate, of the violation and request an evaluation for purposes of revocation of the less restrictive alternative or conditional release.

(2) When a state hospital returns a person who was reviewed under subsection (1) of this section to a correctional facility, the hospital shall notify the correctional facility that the person was subject to a discharge review pursuant to this section.

NEW SECTION. Sec. 19. RCW 70.02.030 and 1994 sp.s. c 9 s 741 are each amended to read as follows: (1) A patient may authorize a health care provider to disclose the patient's health care information. A health care provider shall honor an authorization and, if requested, provide a copy of the recorded health care information unless the health care provider denies the patient access to health care information under RCW 70.02.090. (5) A health care provider shall retain each authorization or revocation in conjunction with any health care information from which disclosures are made. This requirement shall not apply to disclosures to third-party payors. Patients shall be advised of the period of validity of their authorization on the disclosure authorization form. If the authorization does not contain an expiration date and the patient is not under the supervision of the department of corrections, it expires ninety days after it is signed. (7) Where the patient is under the supervision of the department of corrections, an authorization signed pursuant to this section for health care information related to mental health or drug or alcohol treatment expires at the end of the term of supervision, unless the patient is part of a treatment program that requires the continued exchange of information until the end of the period of treatment.

NEW SECTION. Sec. 22. The department of social and health services, in consultation with the appropriate committees of the legislature, shall assess the current and needed residential capacity for crisis response and ongoing treatment services for persons in need of treatment for mental disorders and chemical dependency. In addition to considering the demand for persons with either a mental disorder or chemical dependency, the assessment shall consider the demand for services for mentally ill offenders, and persons with co-occurring disorders, mental disorders caused by traumatic brain injury or dementia, and drug induced psychosis. An initial report assessing the types, number, and location of needed mental health crisis response and emergency treatment beds, both in community hospital-based and in other settings, shall be submitted to appropriate committees of the legislature by November 1, 2004. "PART I
STATEWIDE VOTER REGISTRATION DATA BASE

NEW SECTION. Sec. 101. (1) The office of the secretary of state shall create and maintain a statewide voter registration data base. This data base must be a single, uniform, official, centralized, interactive computerized statewide voter registration list defined, maintained, and administered at the state level that contains the name and registration information of every legally registered voter in the state and assigns a unique identifier to each legally registered voter in the state. (2) The computerized list must serve as the single system for storing and maintaining the official list of registered voters throughout the state. (3) The computerized list must contain the name and registration information of every legally registered voter in the state. (4) Under the computerized list, a unique identifier is assigned to each legally registered voter in the state. (5) The computerized list must be coordinated with other agency data bases within the state, including but not limited to the department of corrections, the department of licensing, and the department of health. (6) Any election officer in the state, including any local election officer, may obtain immediate electronic access to the information contained in the computerized list. (7) All voter registration information obtained by any local election officer in the state must be electronically entered into the computerized list on an expedited basis at the time the information is provided to the local officer. (8) The chief state election officer shall provide support, as may be required, so that local election officers are able to enter information as described in subsection (3) of this section. (9) The computerized list serves as the official voter registration list for the conduct of all elections. (10) The secretary of state has data authority on all voter registration data. (11) The voter registration data base must be designed to accomplish at a minimum, the following: (a) Comply with the Help America Vote Act of 2002 (P.L. 107-252); (b) Identify duplicate voter registrations; (c) Identify suspected duplicate voters; (d) Screen against the department of corrections data base to aid in the cancellation of voter registration of felons; (e) Provide up-to-date signatures of voters for the purposes of initiative signature checking; (f) Provide for a comparison between the voter registration data base and the department of licensing change of address data base; (g) Provide online access for county auditors with the goal of real time duplicate checking and update capabilities; and (h) Provide for the cancellation of voter registration for persons who have moved to other states and surrendered their Washington state drivers' licenses.

Sec. 102. RCW 29A.08.010 and 2003 c 111 s 201 are each amended to read as follows:
As used in this chapter: "Information required for voter registration" means the minimum information provided on a voter registration application that is required by the county auditor in order to place a voter registration applicant on the voter registration rolls. This information includes the applicant's name, complete residence address, date of birth, ((and)) Washington state driver's license number, Washington state identification card, or the last four digits of the applicant's social security number, a signature attesting to the truth of the information provided on the application, and a check or indication in the box confirming the individual is a United States citizen. If the individual does not have a driver's license or social security number the registrant must be issued a unique voter registration number and placed on the voter registration rolls. All other information supplied is ancillary and not to be used as grounds for not registering an applicant to vote. Modification of the language of the official Washington state voter registration form by the voter will not be accepted and will cause the rejection of the registrant's application.

Sec. 103. RCW 29A.08.020 and 2003 c 111 s 204 are each amended to read as follows:
The definitions set forth in this section apply throughout this chapter, unless the context clearly requires otherwise.
(1) "By mail" means delivery of a completed original voter registration application by mail ((or by personal delivery)) to the office of the secretary of state.
(2) For voter registration applicants, "date of mailing" means the date of the postal cancellation on the voter registration application. This date will also be used as the date of application for the purpose of meeting the registration cutoff deadline. If the postal cancellation date is illegible then the date of receipt by the elections official is considered the date of application. If an application is received by the elections official by the close of business on the fifth day after the cutoff date for voter registration and the postal cancellation date is illegible, the application will be considered to have arrived by the cutoff date for voter registration.

Sec. 104. RCW 29A.08.030 and 2003 c 111 s 203 are each amended to read as follows:
The definitions set forth in this section apply throughout this chapter, unless the context clearly requires otherwise.
1. "Verification notice" means a notice sent by the county auditor or secretary of state to a voter registration applicant and is used to verify or collect information about the applicant in order to complete the registration.
2. "Acknowledgement notice" means a notice sent by nonforwardable mail by the county auditor or secretary of state to a registered voter to acknowledge a voter registration transaction, which can include initial registration, transfer, or reactivation of an inactive registration. An acknowledgement notice may be a voter registration card.
3. "Confirmation notice" means a notice sent to a registered voter by first class forwardable mail at the address indicated on the voter’s permanent registration record and to any other address at which the county auditor or secretary of state could reasonably expect mail to be received by the voter in order to confirm the voter’s residence address. The confirmation notice must be designed so that the voter may update his or her current residence address.

Sec. 105. RCW 29A.08.105 and 2003 c 111 s 205 are each amended to read as follows:
1. In compliance with the Help America Vote Act (P.L. 107-252), the centralized statewide voter registration list maintained by the secretary of state is the official list of eligible voters for all elections.
2. In all counties, the county auditor shall be the chief registrar of voters for every precinct within the county. The auditor may appoint registration assistants to assist in registering persons residing in the county. Each registration assistant holds office at the pleasure of the county auditor and must be a registered voter.
3. The county auditor shall ensure that mail-in voter registration application forms are readily available to the public at locations to include but not limited to the elections office, and all common schools, fire stations, and public libraries.

NEW SECTION. Sec. 106. (1) The secretary of state must review the information provided by each voter registration applicant to ensure that either the driver’s license number or the last four digits of the social security number match the information maintained by the Washington department of licensing or the social security administration. If a match cannot be made the secretary of state must correspond with the applicant to resolve the discrepancy.
(2) If the applicant fails to respond to any correspondence required in this section to confirm information provided on a voter registration application, within thirty days the secretary of state shall forward the application to the appropriate county auditor for document storage.
(3) Only after the secretary of state has confirmed that an applicant’s driver’s license number or the last four digits of the applicant’s social security number match existing records with the Washington department of licensing or the social security administration or determined that the applicant does not have either a driver’s license number or social security number may the applicant be placed on the official list of registered voters.

Sec. 107. RCW 29A.08.110 and 2003 c 111 s 206 are each amended to read as follows:
1. On receipt of an application for voter registration ((under this chapter)), the county auditor shall review the application to determine whether the information supplied is complete. An application (((that))) is considered complete only if it contains the applicant’s name, complete valid residence address, date of birth, and signature attesting to the truth of the information provided (((on the application is complete))) and an indication the license information or social security number has been confirmed by the secretary of state. If it is not complete, the auditor shall promptly mail a verification notice of the deficiency to the applicant. This verification notice shall require the applicant to provide the missing information. If the verification notice is not returned by the applicant or is returned as undeliverable the auditor shall not place the name of the applicant on the county voter list. If the applicant provides the required verified information, the auditor shall be registered to vote as of the date of mailing of the original voter registration application.
2. In order to prevent duplicate registration records, all complete voter registration applications must be screened against existing voter registration records in the official statewide voter registration list. If a match of an existing record is found in the official list the record must be updated with the new information provided on the application. If the new information indicates that the voter has changed his or her county of residence, the application must be forwarded to the voter’s new county of residence for processing. If the new
information indicates that the voter remains in the same county of residence or if the applicant is a new voter the application must be processed by the county of residence.

(3) If the information required in subsection (1) of this section is complete, the applicant is considered to be registered to vote as of the date of mailing. The auditor shall record the appropriate precinct identification, taxing district identification, and date of registration on the voter’s record in the state voter registration list. Within forty-five days after the receipt of an application but no later than seven days before the next primary, special election, or general election, the auditor shall send to the applicant, by first class mail, an acknowledgement notice identifying the registrant’s precinct and containing such other information as may be required by the secretary of state. The postal service shall be instructed not to forward a voter registration card to any other address and to return to the auditor any card which is not deliverable. ((If the applicant has indicated that he or she is registered to vote in another county in Washington but has also provided an address within the auditor's county that is for voter registration purposes, the auditor shall send, on behalf of the registrant, a registration cancellation notice to the auditor of that other county and the auditor receiving the notice shall cancel the registrant’s voter registration in that other county.)) If the registrant has indicated on the form that he or she is registered to vote within the county but has provided a new address within the county that is for voter registration purposes, the auditor shall transfer the voter’s registration.

((4)) (4) If an acknowledgement notice card is properly mailed as required by this section to the address listed by the voter as being the voter’s mailing address and the notice is subsequently returned to the auditor by the postal service as being undeliverable to the voter at that address, the auditor shall promptly send the voter a confirmation notice. The auditor shall place the voter’s registration on inactive status pending a response from the voter to the confirmation notice.

**Sec. 108.** RCW 29A.08.115 and 2003 c 111 s 207 are each amended to read as follows:

((Every registration assistant shall keep registration supplies at his or her usual place of residence or usual place of business.)) A person or organization collecting voter registration application forms must transmit the forms to the secretary of state or a designee at least once weekly.

**Sec. 109.** RCW 29A.08.120 and 2003 c 111 s 208 are each amended to read as follows:

Any elector of this state may register to vote by mail under this ((chapter)) title.

**Sec. 110.** RCW 29A.08.125 and 2003 c 111 s 209 are each amended to read as follows:

Each county auditor shall maintain a computer file containing ((the records)) a copy of each record of all registered voters within the county contained on the official statewide voter registration list for that county. ((The auditor may provide for the establishment and maintenance of such files by private contract or through interlocal agreement as provided by chapter 39.34 RCW.)) The computer file must include, but not be limited to, each voter’s last name, first name, middle initial, date of birth, residence address, gender, date of registration, applicable taxing district and precinct codes, and the last date on which the individual voted. The county auditor shall subsequently record each consecutive date upon which the individual has voted and retain ((at least the last five)) all such consecutive dates. ((If the voter has not voted at least five times since establishing his or her current registration record, only the available dates will be included.))

**Sec. 111.** RCW 29A.08.135 and 2003 c 111 s 211 are each amended to read as follows:

The county auditor shall acknowledge each new voter registration or transfer by providing or sending the voter a card identifying his or her current precinct and containing such other information as may be prescribed by the secretary of state. When a person who has previously registered to vote in ((a jurisdiction)) another state applies for voter registration ((in a new jurisdiction)), the person shall provide on the registration form, all information needed to cancel any previous registration. ((The county auditor shall forward any information pertaining to the voter’s prior voter registration to the county where the voter was previously registered, so that registration may be canceled. If the prior voter registration is in another state, the auditor shall immediately cancel that voter’s registration.)) Notification must be made to the state elections office of ((that)) the applicant’s previous state of registration. A county auditor receiving official information that a voter has registered to vote in another ((jurisdiction)) state shall immediately cancel that voter’s registration on the official state voter registration list.

**Sec. 112.** RCW 29A.08.140 and 2003 c 111 s 212 are each amended to read as follows:

The registration files of all precincts shall be closed against original registration or transfers for thirty days immediately preceding every primary, special election, and general election to be held in such precincts.

The county auditor shall give notice of the closing of the precinct files for original registration and transfer and notice of the special registration and voting procedure provided by RCW 29A.08.145 by one publication in a newspaper of general circulation in the county at least five days before the closing of the precinct files.

No person may vote at any primary, special election, or general election in a precinct polling place unless he or she has registered to vote at least thirty days before that primary or election and appears on the
official statewide voter registration list. If a person, otherwise qualified to vote in the state, county, and
precinct in which he or she applies for registration, does not register at least thirty days before any primary,
special election, or general election, he or she may register and vote by absentee ballot for that primary or
election under RCW 29A.08.145.

Sec. 113. RCW 29A.08.145 and 2003 c 111 s 213 are each amended to read as follows:
This section establishes a special procedure which an elector may use to register to vote or transfer a
voter registration by changing his or her address during the period beginning after the closing of registration
for voting at the polls under RCW 29A.08.140 and ending on the fifteenth day before a primary, special
election, or general election. A qualified elector in the county of the applicant's residence may register to vote or change his or
her registration address in person in the office of the county auditor or at a voter registration location
specifically designated for this purpose by the county auditor of the county in which the applicant resides, and
apply for an absentee ballot for that primary or election. The auditor or registration assistant shall register that
individual in the manner provided in this chapter. The application for an absentee ballot executed by the newly
registered or transferred voter for the primary or election that follows the execution of the registration shall be
promptly transmitted to the auditor with the completed voter registration form.

Sec. 114. RCW 29A.08.155 and 2003 c 111 s 215 are each amended to read as follows:
To compensate counties with fewer than ten thousand registered voters at the time of the most recent
state general election for unrecoverable costs incident to the maintenance of voter registration records on
electronic data processing systems, the secretary of state shall, in June of each year, pay such counties an
amount equal to (thirty cents) one dollar for each registered voter in the county at the time of the most recent
state general election, as long as funds provided for elections by the Help America Vote Act of 2002 (P.L.
107-252) are available.

Sec. 115. RCW 29A.08.220 and 2003 c 111 s 217 are each amended to read as follows:
(1) The secretary of state shall specify by rule the format of all voter registration applications. These
applications shall be compatible with existing voter registration records. An applicant for voter registration
shall be required to complete only one application and to provide the required information other than his or her
signature no more than one time. These applications shall also contain information for the voter to transfer his or her registration.

Any application format specified by the secretary for use in registering to vote in state and local elections shall satisfy the requirements of the National Voter Registration Act of 1993 (P.L. 103-31) and the
Help America Vote Act of 2002 (P.L. 107-252) for registering to vote in federal elections.

needed to implement RCW 29A.08.340 and 46.20.155.

(5) Any notice or statement that must be provided under the National Voter Registration Act of 1993
(P.L. 103-31) to prospective registrants concerning registering to vote in federal elections shall also be
provided to prospective registrants concerning registering to vote under this title in state and local elections as
well as federal elections.)

followed by the last name or names and the name of the county in which he or she is registered. Once each
week the county auditor shall transmit all such cards to the secretary of state. The secretary of state may
exempt a county auditor who is providing electronic voter registration and electronic voter signature
information to the secretary of state from the requirements of this section.

(2) This section expires January 1, 2006.

Sec. 117. RCW 29A.08.250 and 2003 c 111 s 220 are each amended to read as follows:
The secretary of state shall furnish registration forms necessary to carry out the registration of voters
as provided by this chapter without cost to the respective counties. All voter registration forms must include
clear and conspicuous language, designed to draw an applicant’s attention, stating that the applicant must be a
United States citizen in order to register to vote. Voter registration application forms must also contain a space
for the applicant to provide his or her driver’s license number or the last four digits of his or her social security
number as well as check boxes intended to allow the voter to indicate age and United States citizenship
eligibility under the Help America Vote Act of 2002 (P.L. 107-252).
Sec. 118. RCW 29A.08.260 and 2003 c 111 s 221 are each amended to read as follows:

The county auditor shall distribute forms by which a person may register to vote by mail and (cancel) transfer any previous registration in this state. The county auditor shall keep a supply of voter registration forms in his or her office at all times for political parties and others interested in assisting in voter registration, and shall make every effort to make these forms generally available to the public. The county auditor shall provide voter registration forms to city and town clerks, state offices, schools, fire stations, and any other locations considered appropriate by the auditor or secretary of state for extending registration opportunities to all areas of the county. After the initial distribution of voter registration forms to a given location, a representative designated by the official in charge of that location shall notify the county auditor of the need for additional voter registration supplies.

Sec. 119. RCW 29A.08.320 and 2003 c 111 s 223 are each amended to read as follows:

(1) A person may register to vote or transfer a voter registration when he or she applies for service or assistance and with each renewal, recertification, or change of address at agencies designated under RCW 29A.08.310.

(2) A prospective applicant shall initially be offered a form (adopted) approved by the secretary of state (that is) designed to determine whether the person wishes to register to vote. The form must comply with all applicable state and federal statutes regarding content.

The form shall also contain a box that may be checked by the applicant to indicate that he or she declines to register.

If the person indicates an interest in registering or has made no indication as to a desire to register or not register to vote, the person shall be given a mail-in voter registration application or a prescribed agency application as provided by RCW 29A.08.330.

Sec. 120. RCW 29A.08.350 and 2003 c 111 s 226 are each amended to read as follows:

(2) The department of licensing shall produce and transmit to the secretary of state a machine-readable file containing the following information from the records of each individual who requested a voter registration or transfer at a driver’s license facility during each period for which forms are transmitted under subsection (1) of this section: The name, address, date of birth, gender of the applicant, the driver’s license number, the date on which the application for voter registration or transfer was submitted, and the location of the office at which the application was submitted.

(3) The voter registration forms from the driver’s licensing facilities must be forwarded to the county in which the applicant has registered to vote no later than ten days after the date on which the forms were to be collected.

(4) For a voter registration application where the address for voting purposes is different from the address in the machine-readable file received from the department of licensing, the secretary of state shall amend the record of that application in the machine-readable file to reflect the county in which the applicant has registered to vote.

(5) The secretary of state shall sort the records in the machine-readable file according to the county in which the applicant registered to vote and produce a file of voter registration transactions for each county. The records of each county may be transmitted on or through whatever medium the county auditor determines will best facilitate the incorporation of these records into the existing voter registration files of that county.

(6) The secretary of state shall produce a list of voter registration transactions for each county and transmit a copy of this list to that county with each file of voter registration transactions no later than ten days after the date on which that information was to be transmitted under subsection (1) of this section.

(7) If a registrant has indicated on the voter registration application form that he or she is registered to vote in another county in Washington but has also provided an address within the auditor’s county that is for voter registration purposes, the auditor shall send, on behalf of the registrant, a registration cancellation notice to the auditor of that other county. The auditor receiving the notice shall cancel the registrant’s voter registration in that other county. If the registrant has indicated on the form that he or she is registered to vote within the county but has provided a new address within the county that is for voter registration purposes, the auditor shall transfer the voter’s registration.

This information will be transmitted to the secretary of state each week in a machine-readable file containing the following information on persons changing their address: The name, address, date of birth, gender of the applicant, the applicant’s driver’s license number, the applicant’s former address, the county code for the applicant’s former address, and the date that the request for address change was received.
(2) The secretary of state shall forward this information to the appropriate county each week. When the information indicates that the voter has moved (within the county), the county auditor shall use the change of address information to transfer the voter's registration and send the voter an acknowledgement notice of the transfer. (If the information indicates that the new address is outside the voter's original county, the county auditor shall send the voter a registration by mail form at the voter's new address and advise the voter of the need to re-register in the new county. The auditor shall then place the voter on inactive status.)

Sec. 122. RCW 29A.08.420 and 2003 c 111 s 229 are each amended to read as follows:

Sec. 139. RCW 11.88.010 and 1991 c 289 s 1 are each amended to read as follows:

(1) The superior court of each county shall have power to appoint guardians for the persons and/or estates of incapacitated persons, and guardians for the estates of nonresidents of the state who have property in the county needing care and attention. (a) For purposes of this chapter, a person may be deemed incapacitated as to person when the superior court determines the individual has a significant risk of personal harm based upon a demonstrated inability to adequately provide for nutrition, health, housing, or physical safety. (b) For purposes of this chapter, a person may be deemed incapacitated as to the person’s estate when the superior court determines the individual is at significant risk of financial harm based upon a demonstrated inability to adequately manage property or financial affairs. (c) A determination of incapacity is a legal not a medical decision, based upon a demonstration of management insufficiencies over time in the area of person or estate. Age, eccentricity, poverty, or medical diagnosis alone shall not be sufficient to justify a finding of incapacity. (d) A person may also be determined incapacitated if he or she is under the age of majority as defined in RCW 26.28.010. (e) For purposes of giving informed consent for health care pursuant to RCW 7.70.050 and 7.70.065, an "incompetent" person is any person who is (i) incompetent by reason of mental illness, developmental disability, senility, habitual drunkenness, excessive use of drugs, or other mental incapacity, of either managing his or her property or caring for himself or herself, or both, or (ii) incapacitated as defined in (a), (b), or (d) of this subsection. (f) For purposes of the terms "incompetent," "disabled," or "not legally competent," as those terms are used in the Revised Code of Washington to apply to persons incapacitated under this chapter, those terms shall be interpreted to mean "incapacitated" persons for purposes of this chapter. (2) The superior court for each county shall have power to appoint limited guardians for the persons and estates, or either thereof, of incapacitated persons, who by reason of their incapacity have need for protection and assistance, but who are capable of managing some of their personal and financial affairs. After considering all evidence presented as a result of such investigation, the court shall impose, by order, only such specific limitations and restrictions on an incapacitated person to be placed under a limited guardianship as the court finds necessary for such person’s protection and assistance. A person shall not be presumed to be incapacitated nor shall a person lose any legal rights or suffer any legal disabilities as the result of being placed under a limited guardianship, except as to those rights and disabilities specifically set forth in the court order establishing such a limited guardianship. In addition, the court order shall state the period of time for which it shall be applicable. (3) Venue for petitions for guardianship or limited guardianship shall lie in the county wherein the alleged incapacitated person is domiciled, or if such person resides in a facility supported in whole or in part by local, state, or federal funding sources, in either the county where the facility is located, the county of domicile prior to residence in the supported facility, or the county where a parent or spouse of the alleged incapacitated person is domiciled. If the alleged incapacitated person’s residency has changed within one year of the filing of the petition, any interested person may move for a change of venue for any proceedings seeking the appointment of a guardian or a limited guardian under this chapter to the county of the alleged incapacitated person’s last place of residence of one year or more. The motion shall be granted when it appears to the court that such venue would be in the best interests of the alleged incapacitated person and would promote more complete consideration of all relevant matters.

(4) Under RCW 11.94.010, a principal may nominate, by a durable power of attorney, the guardian or limited guardian of his or her estate or person for consideration by the court if guardianship proceedings for the
principal’s person or estate are thereafter commenced. The court shall make its appointment in accordance with the principal’s most recent nomination in a durable power of attorney except for good cause or disqualification.

(5) When a court imposes a full guardianship for an incapacitated person, the person shall be considered incompetent for purposes of rationally exercising the right to vote and shall lose the right to vote, unless the court specifically finds that the person is rationally capable of exercising the franchise. Imposition of a limited guardianship for an incapacitated person shall not result in the loss of the right to vote unless the court determines that the person is incompetent for purposes of rationally exercising the franchise. When a court determines that the person is incompetent for the purpose of rationally exercising the right to vote, the court shall notify the appropriate county auditor.

NEW SECTION. Sec. 140. In developing the technical standards of data formats for transferring voter registration data, the secretary shall consult with the information services board. The board shall review and make recommendations regarding proposed technical standards prior to implementation.

PART II

NEW SECTION. Sec. 201. The secretary of state shall establish a competitive local government grant program to solicit and prioritize project proposals from county election offices. Potential projects proposals must be new projects designed to help the county election office comply with the requirements of the Help America Vote Act (P.L. 107-252). Grant funds will not be allocated to fund existing statutory functions of local elections offices, and in order to be eligible for a grant, local election offices must maintain an elections budget at or above the local elections budget by the effective date of this section.

NEW SECTION. Sec. 202. The secretary of state shall adopt any rules necessary to facilitate this section.

NEW SECTION. Sec. 203. (1) The secretary of state shall create an advisory committee and adopt rules governing project eligibility, evaluation, awarding of grants, and other criteria for administering the local government grant program, which may include a preference for grants that include a match of local funds.

(2) The advisory committee shall review grant proposals and establish a prioritized list of projects to be considered for funding by the third Tuesday in May of each year beginning in 2004 and continuing as long as funds in the election account established by chapter 48, Laws of 2003 are available. The grant award may have an effective date other than the date the project is placed on the prioritized list, including money spent previously by the county that would qualify for reimbursement under the Help America Vote Act (P.L. 107-252).

(3) Examples of projects that would be eligible for local government grant funding include, but are not limited to the following:

(a) Replacement or upgrade of voting equipment, including the replacement of punchcard voting systems;
(b) Purchase of additional voting equipment, including the purchase of equipment to meet the disability requirements of the Help America Vote Act (P.L. 107-252);

NEW SECTION. Sec. 305. The county auditor has sole discretion for determining locations within the county and operating hours for disability access voting locations.

NEW SECTION. Sec. 306. In-person disability access voting must be conducted using disability access voting devices at locations that are acceptable and comply with federal and state access requirements.

NEW SECTION. Sec. 307. No person may interfere with a voter in any way within the disability access voting location. This does not prevent the voter from receiving assistance in preparing his or her ballot as provided in this chapter.

NEW SECTION. Sec. 308. (1) During posted disability access voting hours, no person may, within the voting location, or in any public area within three hundred feet of an entrance to the voting location:

NEW SECTION. Sec. 309. A disability access voting election officer who does any electioneering during the voting period is guilty of a misdemeanor, and upon conviction must be fined a sum not exceeding one hundred dollars and pay the costs of prosecution.

NEW SECTION. Sec. 310. A voter desiring to vote at a disability access voting site shall give his or her name to the voting election officer who has the precinct list of registered voters. This officer shall announce the name to the election officer who has the copy of the list of voters. If the right of this voter to participate in the primary or election is not challenged, the voter must be issued a ballot or permitted to enter a voting booth and operate a voting device. The number of the ballot or the voter must be recorded by the election officers. If the right of the voter to participate is challenged, RCW 29A.08.810 and 29A.08.820 apply to that voter.

NEW SECTION. Sec. 311. Disability access voting locations must remain open continuously until the time specified in the notice of disability access voting. At the time of closing, the election officers shall announce that the disability access voting location is closed.

NEW SECTION. Sec. 312. If at the time of closing the disability access voting location, there are voters in the location who have not voted, they must be allowed to vote after the location has been closed.
NEW SECTION. Sec. 313. Immediately after the daily close of the disability access voting location and the completion of voting, the election officers shall count the number of votes cast and make a record of any discrepancy between this number and the number of voters who signed the poll book for that day, complete the certifications in the poll book, prepare the ballots for transfer to the counting center if necessary, and seal the voting devices.

NEW SECTION. Sec. 314. (1) At the direction of the county auditor, a team or teams composed of a representative of at least two major political parties shall stop at disability access voting locations and pick up the sealed containers of ballots or electronic ballot media for delivery to the counting center. This process must occur daily at the closing hour for the voting location. Two election officials, representing two major political parties, shall seal the containers furnished by the county auditor and properly identified with his or her address with uniquely prenumbered seals.

(2) At the counting center or the collection stations where the sealed ballot containers are delivered by the designated representatives of the major political parties, the county auditor or a designated representative of the county auditor shall receive the sealed ballot containers, record the time, date, voting location, and seal number of each ballot container.

Sec. 315. RCW 29A.16.010 and 2003 c 111 s 401 are each amended to read as follows:

Each state agency and entity of local government shall permit the use of any of its buildings and the most suitable locations therein as polling places or disability access voting locations when required by a county auditor to provide accessible places in each precinct.

Sec. 317. RCW 29A.44.030 and 2003 c 111 s 1103 are each amended to read as follows:

No voter is entitled to vote more than once at a primary or a general or special election, except that if a voter incorrectly marks a ballot, he or she may return it and be issued a new ballot. The precinct election officers shall void the incorrectly marked ballot and return it to the county auditor.

Sec. 319. RCW 29A.44.220 and 2003 c 111 s 1121 are each amended to read as follows:

If an election officer has not already done so, when the voter has finished, he or she shall either (1) remove the numbered stub from the ballot, place the ballot in the ballot box, and return the number to the precinct election officers, or (2) deliver the entire ballot to the precinct election officers, who shall remove the numbered stub from the ballot and place the ballot in the ballot box. The board shall review and make recommendations regarding proposed technical standards prior to implementation.

As to court orders extending the time for closing the polls, this section does not apply to any voters who were present in the polling place at the statutory closing time and as a result are permitted to vote under RCW 29A.44.070. This section does not, by itself, authorize any court to order that any individual be permitted to vote or to extend the time for closing the polls, but this section is intended to comply with 42 U.S.C. Sec. 15482(c) with regard to federal elections.

(2) Any ballot cast under subsection (1) of this section must be separated and held apart from other provisional ballots cast by those not affected by the order.

SSB 6442 Prime Sponsor, Senate Committee on Ways & Means: Creating the developmental disabilities community trust account. Reported by Committee on Capital Budget

MAJORITY recommendation: Do pass as amended:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that: There are unmet needs for community-based services for persons with developmental disabilities and excess resources at residential habilitation centers unrelated to current residential habilitation center operations; funding shortfalls in the 2003-2005 biennium and beyond may adversely impact the ability of the state to fund programs for growing numbers of unserved persons with developmental disabilities who need community-based services; and statistics generated by the department of social and health services' division of developmental disabilities demonstrate a growing caseload with insufficient funding and planning to address this growth.

The December 4, 2002, capital study of the division of developmental disabilities residential habilitation centers by the joint legislative audit and review committee identifies options to dispose of excess property at Lakeland Village, Rainier School, and Yakima Valley School that would not impact current residential habilitation center operations.

It is the intent of the legislature to allow use of these excess capital properties at residential habilitation centers for persons with developmental disabilities and to place the proceeds from their use into a perpetual trust account for unserved persons with developmental disabilities waiting for community-based developmental disability services.

NEW SECTION. Sec. 2. A new section is added to chapter 71A.20 RCW to read as follows:

(1) Excess property identified in the 2002 joint legislative audit and review committee capital study of the division of developmental disabilities residential habilitation centers must be managed to provide as much income as feasible and this income deposited into the developmental disabilities community trust account created in section 3 of this act. Income may come from lease of the land, conservation easements, sale of timber, or other activities short of sale of the property.

(2) The department shall report on its efforts and strategies to provide income to the developmental disabilities community trust account from the excess property identified in subsection (1) of this section from the lease of the property, sale of timber, or other activity short of sale of the property. The department shall report by June 30, 2005.
This section and section 3 of this act shall not apply to the portion of excess property at Rainier school under the cognizance and control of Washington State University used for extension services and not a dairy.

NEW SECTION. Sec. 3. A new section is added to chapter 71A.20 RCW to read as follows:

The developmental disabilities community trust account is created in the state treasury. All income from the use of excess property identified in the 2002 joint legislative audit and review committee capital study of the division of developmental disabilities residential habilitation centers, any building, facility, or tract of land not held in trust at any of the residential habilitation centers identified in this chapter, or sale of timber on these excess lands, must be deposited into this account. "Excess property" does not include property that would impact current residential habilitation operations or is necessary to support the mission of the residential habilitation center. Only investment income from the principal of the proceeds deposited into the trust account may be spent from the account. Investment income from the account may be spent only after appropriation and must be used solely for community developmental disability services for persons with developmental disabilities who are unserved. Moneys in the account may not be used to supplant ongoing expenditures for community services to persons with developmental disabilities.

(1) There is created a correctional industries board of directors which shall have the composition provided in RCW 72.09.080.

(2) Consistent with general department of corrections policies and procedures pertaining to the general administration of correctional facilities, the board shall establish and implement policy for correctional industries programs designed to:

It is the intent of the legislature to vest in the department the power to provide for a comprehensive inmate work program and to remove statutory and other restrictions which have limited work programs in the past. (c) To the extent that funds are specifically made available for such purposes, the department of corrections shall reimburse nonprofit agencies for workers compensation insurance costs.

Sec. 3. RCW 72.09.100 and 2002 c 354 s 238 and 2002 c 175 s 49 are each reenacted and amended to read as follows:

It is the intent of the legislature to vest in the department the power to provide for a comprehensive inmate work program and to remove statutory and other restrictions which have limited work programs in the past. It is also the intent of the legislature to ensure that the correctional industries board of directors, in developing and selecting correctional industries work programs, does not encourage the development of, or provide for selection of or contracting for, or the significant expansion of, any new or existing class I correctional industries work programs that unfairly compete with Washington businesses. The legislature intends that the requirements relating to fair competition in the correctional industries work programs be liberally construed by the correctional industries board of directors to protect Washington businesses from unfair competition. For purposes of establishing such a comprehensive program, the legislature recommends that the department consider adopting any or all, or any variation of, the following classes of work programs:

(1) CLASS I: FREE VENTURE INDUSTRIES.

(a) The employer model industries in this class shall be operated and managed in total or in part by any profit or nonprofit organization pursuant to an agreement between the organization and the department. The organization shall produce goods or services for sale to both the public and private sector.

(b) The customer model industries in this class shall be operated and managed by the department to provide Washington state manufacturers or businesses with products or services currently produced or provided by out-of-state or foreign suppliers.

(c) The correctional industries board of directors shall review these proposed industries, including any potential new class I industries work program or the significant expansion of an existing class I industries work program, before the department contracts to provide such products or services. The review shall include the analysis of the potential impact of the proposed products and services on the Washington state business community and labor market required under section 4 of this act to determine if the proposed correctional industries work program will compete with any Washington business. An agreement for a new class I correctional industries work program, or an agreement for a significant expansion of an existing class I correctional industries work program, that unfairly competes with any Washington business is prohibited.

(d) The department of corrections shall supply appropriate security and custody services without charge to the participating firms.

(e) Inmates who work in free venture industries shall do so at their own choice. They shall be paid a wage comparable to the wage paid for work of a similar nature in the locality in which the industry is located, as determined by the director of correctional industries. If the director cannot reasonably determine the comparable wage, then the pay shall not be less than the federal minimum wage.

(f) An inmate who is employed in the class I program of correctional industries shall not be eligible for unemployment compensation benefits pursuant to any of the provisions of Title 50 RCW until released on parole or discharged.

(b) The industries selected for development within this class shall, as much as possible, match the available pool of inmate work skills and aptitudes with the work opportunities in the free community. The
industries shall be closely patterned after private sector industries but with the objective of reducing public support costs rather than making a profit. (c)(i) Class II correctional industries products and services shall be reviewed by the correctional industries board of directors before offering such products and services for sale to private contractors.

(ii) The board of directors shall conduct a yearly marketing review of the products and services offered under this subsection. Such review shall include an analysis of the potential impact of the proposed products and services on the Washington state business community. To avoid waste or spoilage and consequent loss to the state, when there is no public sector market for such goods, byproducts and surpluses of timber, agricultural, and animal husbandry enterprises may be sold to private persons, at private sale. Surplus byproducts and surpluses of timber, agricultural and animal husbandry enterprises that cannot be sold to public agencies or to private persons may be donated to nonprofit organizations. All sales of surplus products shall be carried out in accordance with rules prescribed by the secretary.

(d) Security and custody services shall be provided without charge by the department of corrections.

(e) Inmates working in this class of industries shall do so at their own choice and shall be paid for their work on a gratuity scale which shall not exceed the wage paid for work of a similar nature in the locality in which the industry is located and which is approved by the director of correctional industries.

(i) Whenever possible, to provide basic work training and experience so that the inmate will be able to qualify for better work both within correctional industries and the free community. (iii) Whenever possible, to offset tax and other public support costs.

(b) Class III correctional industries shall be reviewed by the correctional industries board of directors to set policy for work crews. The board of directors may review any class III program at its discretion.

(c) Supervising, management, and custody staff shall be employees of the department.

(d) All able and eligible inmates who are assigned work and who are not working in other classes of industries shall work in this class.

(e) Except for inmates who work in work training programs, inmates in this class shall be paid for their work in accordance with an inmate gratuity scale. The scale shall be adopted by the secretary of corrections.

4) CLASS IV: COMMUNITY WORK INDUSTRIES.

(a) Industries in this class shall be operated by the department of corrections. They shall be designed and managed to provide services in the inmate’s resident community at a reduced cost. The services shall be provided to public agencies, to persons who are poor or infirm, or to nonprofit organizations.

(b) Class IV correctional industries shall be reviewed by the correctional industries board of directors to set policy for work crews. The department shall present to the board of directors quarterly detail statements showing where work crews worked, what correctional industry class, and the hours worked. The board of directors may review any class IV program at its discretion. Class IV correctional industries operated in work camps established pursuant to RCW 72.64.050 are exempt from the requirements of this subsection (4)(b).

(c) Inmates in this program shall reside in facilities owned by, contracted for, or licensed by the department of corrections. A unit of local government shall provide work supervision services without charge to the state and shall pay the inmate’s wage.

(e) Inmates who work in this class of industries shall do so at their own choice and shall receive a gratuity which shall not exceed the wage paid for work of a similar nature in the locality in which the industry is located.

5) CLASS V: COMMUNITY RESTITUTION PROGRAMS.

(a) Programs in this class shall be subject to supervision by the department of corrections. The purpose of this class of industries is to enable an inmate, placed on community supervision, to work off all or part of a community restitution order as ordered by the sentencing court.
(b) Employment shall be in a community restitution program operated by the state, local units of government, or a nonprofit agency.

(c) To the extent that funds are specifically made available for such purposes, the department of corrections shall reimburse nonprofit agencies for workers compensation insurance costs.

NEW SECTION. Sec. 4. A new section is added to chapter 72.09 RCW to read as follows:

(1) The department must prepare a threshold analysis for any proposed new class I correctional industries work program or the significant expansion of an existing class I correctional industries work program before the department enters into an agreement to provide such products or services. The analysis must state whether the proposed new or expanded program will impact any Washington business and must be based on information sufficient to evaluate the impact on Washington business.

(2) If the threshold analysis determines that a proposed new or expanded class I correctional industries work program will impact a Washington business, the department must complete a business impact analysis before the department enters into an agreement to provide such products or services. The business impact analysis must include:

(a) A detailed statement identifying the scope and types of impacts caused by the proposed new or expanded correctional industries work program on Washington businesses; and

(b) A detailed statement of the business costs of the proposed correctional industries work program compared to the business costs of the Washington businesses that may be impacted by the proposed class I correctional industries work program. Business costs of the proposed correctional industries work program include rent, water, sewer, electricity, disposal, labor costs, and any other quantifiable expense unique to operating in a prison. Business costs of the impacted Washington business include rent, water, sewer, electricity, disposal, property taxes, and labor costs including employee taxes, unemployment insurance, and workers’ compensation.

(3) The completed threshold analysis and any completed business impact analysis with all supporting documents must be shared in a meaningful and timely manner with local chambers of commerce, trade or business associations, local and state labor union organizations, and government entities before a finding required under subsection (4) of this section is made on the proposed new or expanded class I correctional industries work program.

(4) If a business impact analysis is completed, the department must conduct a public hearing to take public testimony on the business impact analysis. The department must, at a minimum, establish a publicly accessible web site containing information reasonably calculated to provide notice to each Washington business assigned the same three-digit standard industrial classification code, or the corresponding North American industry classification system code, as the organization seeking the class I correctional industries work program agreement of the date, time, and place of the hearing. Notice of the hearing shall be posted at least thirty days prior to the hearing.

(5) Following the public hearing, the department shall adopt a finding that the proposed new or expanded class I correctional industries work program: (a) Will not compete with any Washington business; (b) will not compete unfairly with any Washington business; or (c) will compete unfairly with any Washington business and is therefore prohibited under this act.

Sec. 5. RCW 72.09.460 and 1998 c 244 s 10 are each amended to read as follows:

(1) The legislature intends that all inmates be required to participate in department-approved education programs, work programs, or both, unless exempted under subsection (4) of this section. Eligible inmates who refuse to participate in available education or work programs available at no charge to the inmates shall lose privileges according to the system established under RCW 72.09.130. Eligible inmates who are required to contribute financially to an education or work program and refuse to contribute shall be placed in another work program. Refusal to contribute shall not result in a loss of privileges. The legislature recognizes more inmates may agree to participate in education and work programs than are available. The department must make every effort to achieve maximum public benefit by placing inmates in available and appropriate education and work programs.

(2) The department shall provide access to a program of education to all offenders who are under the age of eighteen and who have not met high school graduation or general equivalency diploma requirements in accordance with chapter 28A.193 RCW. The program of education established by the department and education provider under RCW 28A.193.020 for offenders under the age of eighteen must provide each offender a choice of curriculum that will assist the inmate in achieving a high school diploma or general equivalency diploma. The program of education may include but not be limited to basic education, prevocational training, work ethic skills, conflict resolution counseling, substance abuse intervention, and anger management counseling. The curriculum may balance these and other rehabilitation, work, and training components.

(3) The department shall, to the extent possible and considering all available funds, prioritize its resources to meet the following goals for inmates in the order listed:
(a) Achievement of basic academic skills through obtaining a high school diploma or its equivalent and achievement of vocational skills necessary for purposes of work programs and for an inmate to qualify for work upon release;

(b) Additional work and education programs based on assessments and placements under subsection (5) of this section; and

(c) Other work and education programs as appropriate.

(4) The department shall establish, by rule, objective medical standards to determine when an inmate is physically or mentally unable to participate in available education or work programs. When the department determines an inmate is permanently unable to participate in any available education or work program due to a medical condition, the inmate is exempt from the requirement under subsection (1) of this section. When the department determines an inmate is temporarily unable to participate in an education or work program due to a medical condition, the inmate is exempt from the requirement of subsection (1) of this section for the period of time he or she is temporarily disabled. The department shall periodically review the medical condition of all temporarily disabled inmates to ensure the earliest possible entry or reentry by inmates into available programming.

(5) The department shall establish, by rule, standards for participation in department-approved education and work programs. The standards shall address the following areas:

(a) Assessment. The department shall assess all inmates for their basic academic skill levels using a professionally accepted method of scoring reading, math, and language skills as grade level equivalents. The department shall determine an inmate’s education history, work history, and vocational or work skills. The initial assessment shall be conducted, whenever possible, within the first thirty days of an inmate’s entry into the correctional system, except that initial assessments are not required for inmates who are sentenced to life without the possibility of release, assigned to an intensive management unit within the first thirty days after entry into the correctional system, are returning to the correctional system within one year of a prior release, or whose physical or mental condition renders them unable to complete the assessment process. The department shall track and record changes in the basic academic skill levels of all inmates reflected in any testing or assessment performed as part of their education programming;

(b) Placement. The department shall follow the policies set forth in subsection (1) of this section in establishing criteria for placing inmates in education and work programs. The department shall, to the extent possible, place all inmates whose composite grade level score for basic academic skills is below the eighth grade level in a combined education and work program. The placement criteria shall include at least the following factors:

(i) An inmate’s release date and custody level; An inmate shall not be precluded from participating in an education or work program solely on the basis of his or her release date, except that inmates with a release date of more than one hundred twenty months in the future shall not comprise more than ten percent of inmates participating in a new class I correctional industry not in existence on the effective date of this section;

(ii) An inmate’s education history and basic academic skills;

(iii) An inmate’s work history and vocational or work skills;

(iv) An inmate’s economic circumstances, including but not limited to an inmate’s family support obligations; and

(v) Where applicable, an inmate’s prior performance in department-approved education or work programs;

(c) Performance and goals. The department shall establish, and periodically review, inmate behavior standards and program goals for all education and work programs. Inmates shall be notified of applicable behavior standards and program goals prior to placement in an education or work program and shall be removed from the education or work program if they consistently fail to meet the standards or goals;

(d) Financial responsibility. (i) The department shall establish a formula by which inmates, based on their ability to pay, shall pay all or a portion of the costs or tuition of certain programs. Inmates shall, based on the formula, pay a portion of the costs or tuition of participation in:

(A) Second and subsequent vocational programs associated with an inmate’s work programs; and

(B) An associate of arts or baccalaureate degree program when placement in a degree program is the result of a placement made under this subsection;

(ii) Inmates shall pay all costs and tuition for participation in:

(A) Any postsecondary academic degree program which is entered independently of a placement decision made under this subsection; and

(B) Second and subsequent vocational programs not associated with an inmate’s work program. Enrollment in any program specified in (d)(ii) of this subsection shall only be allowed by correspondence or if there is an opening in an education or work program at the institution where an inmate is incarcerated and no other inmate who is placed in a program under this subsection will be displaced; and

(e) Notwithstanding any other provision in this section, an inmate sentenced to life without the possibility of release:

(i) Shall not be required to participate in education programming; and
(ii) May receive not more than one postsecondary academic degree in a program offered by the department or its contracted providers.

If an inmate sentenced to life without the possibility of release requires prevocational or vocational training for a work program, he or she may participate in the training subject to this section.

(3) The department shall coordinate education and work programs among its institutions, to the greatest extent possible, to facilitate continuity of programming among inmates transferred between institutions. Before transferring an inmate enrolled in a program, the department shall consider the effect the transfer will have on the inmate’s ability to continue or complete a program. This subsection shall not be used to delay or prohibit a transfer necessary for legitimate safety or security concerns.

(4) Before construction of a new correctional institution or expansion of an existing correctional institution, the department shall adopt a plan demonstrating how cable, closed-circuit, and satellite television will be used for education and training purposes in the institution. The plan shall specify how the use of television in the education and training programs will improve inmates’ preparedness for available work programs and job opportunities for which inmates may qualify upon release.

(5) The department shall adopt a plan to reduce the per-pupil cost of instruction, by, among other methods, increasing the use of volunteer instructors and implementing technological efficiencies. The plan shall be adopted by December 1996 and shall be transmitted to the legislature upon adoption. The department shall, in adoption of the plan, consider distance learning, satellite instruction, video tape usage, computer-aided instruction, and flexible scheduling of offender instruction.

(6) Following completion of the review required by section 27(3), chapter 19, Laws of 1995 1st sp. sess., the department shall take all necessary steps to assure the vocation and education programs are relevant to work programs and skills necessary to enhance the employability of inmates upon release.

All parties have the right to present testimony to the court regarding the need or lack of need for shelter care. (1) If an owner transfers his or her interest in a vehicle, other than by the creation, deletion, or change of a security interest, the owner shall, at the time of the delivery of the vehicle, execute an assignment to the transferee and provide an odometer disclosure statement under RCW 46.12.124 on the certificate of ownership or as the department otherwise prescribes, and cause the certificate and assignment to be transmitted to the transferee. The owner shall notify the department or its agents or subagents, in writing, on the appropriate form, of the date of the sale or transfer, the name and address of the owner and of the transferee, the transferee’s driver’s license number if available, and such description of the vehicle, including the vehicle identification number, (the license plate number, or both,) as may be required in the appropriate form provided or approved for that purpose by the department. The report of sale will be deemed properly filed if all information required in this section is provided on the form and includes a department-authorized notation that the document was received by the department, its agents, or subagents on or before the fifth day after the sale of the vehicle, excluding Saturdays, Sundays, and state and federal holidays. Agents and subagents shall immediately electronically transmit the seller’s report of sale to the department. By January 1, 2003, the department shall create a system enabling the seller of a vehicle to transmit the report of sale electronically. The system created by the department must immediately indicate on the department’s vehicle record that a seller’s report of sale has been filed.

(2) The requirements of subsection (1) of this section to provide an odometer disclosure statement apply to the transfer of vehicles held for lease when transferred to a lessee and then to the lessor at the end of the leasehold and to vehicles held in a fleet when transferred to a purchaser.

(3) Except as provided in RCW 46.70.122 the transferee shall within fifteen days after delivery to the transferee of the vehicle, execute the application for a new certificate of ownership in the same space provided therefor on the certificate or as the department prescribes, and cause the certificates and application to be transmitted to the department.

(4) Upon request of the owner or transferee, a secured party in possession of the certificate of ownership shall, unless the transfer was a breach of its security agreement, either deliver the certificate to the transferee for transmission to the department or, when the secured party receives the owner’s assignment from the transferee, it shall transmit the transferee’s application for a new certificate, the existing certificate, and the required fee to the department. Compliance with this section does not affect the rights of the secured party.

(5) If a security interest is reserved or created at the time of the transfer, the certificate of ownership shall be retained by or delivered to the person who becomes the secured party, and the parties shall comply with the provisions of RCW 46.12.170.

(6) If the purchaser or transferee fails or neglects to make application to transfer the certificate of ownership and license registration within fifteen days after the date of delivery of the vehicle, he or she shall on making application for transfer be assessed a twenty-five dollar penalty on the sixteenth day and two dollars
additional for each day thereafter, but not to exceed one hundred dollars. The director may by rule establish conditions under which the penalty will not be assessed when an application for transfer is delayed for reasons beyond the control of the purchaser. Conditions for not assessing the penalty may be established for but not limited to delays caused by:
   (a) The department requesting additional supporting documents;
   (b) Extended hospitalization or illness of the purchaser;
   (c) Failure of a legal owner to release his or her interest;
   (d) Failure, negligence, or nonperformance of the department, auditor, or subagent.

(1) A county may not enact any statute or ordinance that has the effect, directly or indirectly, of discriminating against consumers' choices in the placement or use of a home in such a manner that is not equally applicable to all homes. Homes built to 42 U.S.C. Sec. 5401-5403 standards (as amended in 2000) must be regulated for the purposes of siting in the same manner as site built homes, factory built homes, or homes built to any other state construction or local design standard. However, any county may require that (a) a manufactured home be a new manufactured home; (b) the manufactured home be set upon a permanent foundation, as specified by the manufacturer, and that the space from the bottom of the home to the ground be enclosed by concrete or an approved concrete product which can be either load bearing or decorative; (c) the manufactured home comply with all local design standards applicable to all other homes within the neighborhood in which the manufactured home is to be located; (d) the home is thermally equivalent to the state energy code; and (e) the manufactured home otherwise meets all other requirements for a designated manufactured home as defined in RCW 35.63.160.
(2) This section does not override any legally recorded covenants or deed restrictions of record.
(3) This section does not affect the authority granted under chapter 43.22 RCW.

Sec. 5. RCW 35.63.160 and 1988 c 239 s 1 are each amended to read as follows:
(1) Each comprehensive plan which does not allow for the siting of manufactured homes on individual lots shall be subject to a review by the city of the need and demand for such homes. The review shall be completed by December 31, 1990.

(2) For the purpose of providing an optional reference for cities which choose to allow manufactured homes on individual lots, a "designated manufactured home" is a manufactured home constructed after June 15, 1976, in accordance with state and federal requirements for manufactured homes, which:
   (a) Is comprised of at least two fully enclosed parallel sections each of not less than twelve feet wide by thirty-six feet long;
   (b) Was originally constructed with and now has a composition or wood shake or shingle, coated metal, or similar roof of (not less than) nominal 3:12 pitch; and
   (c) Has exterior siding similar in appearance to siding materials commonly used on conventional site-built uniform building code single-family residences.

(2) "New manufactured home" means any manufactured home required to be titled under Title 46 RCW, which has not been previously titled to a retail purchaser, and is not a "used mobile home" as defined in RCW 82.45.032(2).

(3) Nothing in this section precludes cities from allowing any manufactured home from being sited on individual lots through local standards which differ from the designated manufactured home or new manufactured home as described in this section, except that the term "designated manufactured home" and "new manufactured home" shall not be used except as defined in subsections (1) and (2) of this section.

Representative Cooper moved the adoption of amendment (1107):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature recognizes the importance of prevention in obtaining the goal of zero oil spills to waters of the state. The legislature also recognizes that the regulation of oil and fuel transfers on or near waters of the state vary depending on many factors including the type of facility or equipment that is used, the type of products being transferred, where the transfer takes place, and the type of vessels involved in the transfer. The legislature therefore finds that the department of ecology shall initiate a review of the current statewide marine fueling practices for covered vessels and ships as those terms are defined in RCW 88.46.010.

(2) The department of ecology shall work with stakeholders to develop a report describing:
(a) The types of fueling practices being employed by covered vessels and ships;
(b) The current spill prevention planning requirements that are applicable under state and federal law for covered vessels and ships; and
(c) The current spill response requirements under state and federal law for covered vessels and ships.
(3) The department of ecology shall report recommendations for regulatory improvements for covered vessel and ship fueling. These recommendations must include any new authorities that the department of ecology believes are necessary to establish a protective regulatory system for the fueling of covered vessels and ships. The department of ecology shall consider any applicable federal requirements and the state’s desire to not duplicate federal vessel fueling laws. The department of ecology shall also provide recommendations for funding to implement recommendations.
(4) The department of ecology shall deliver the report with its recommendations and findings to the appropriate committees of the legislature by December 15, 2004.

Sec. 2. RCW 90.56.005 and 1991 c 200 s 101 are each amended to read as follows:
(1) The legislature declares that the increasing reliance on water borne transportation as a source of supply for oil and hazardous substances poses special concern for the state of Washington. Each year billions of
gallons of crude oil and refined petroleum products are transported by vessel on the navigable waters of the state. These shipments are expected to increase in the coming years. Vessels transporting oil into Washington travel on some of the most unique and special marine environments in the United States. These marine environments are a source of natural beauty, recreation, and economic livelihood for many residents of this state. As a result, the state has an obligation to ((ensure)) ensure the citizens of the state that the waters of the state will be protected from oil spills.

(2) The legislature finds that prevention is the best method to protect the unique and special marine environments in this state. The technology for containing and cleaning up a spill of oil or hazardous substances is in the early stages of development. Preventing spills is more protective of the environment and more cost-effective when all the costs associated with responding to a spill are considered. Therefore, the legislature finds that the primary objective of the state is to adopt a zero spills strategy to prevent any oil or hazardous substances from entering waters of the state.

(3) The legislature also finds that:
(a) Recent accidents in Washington, Alaska, southern California, Texas, and other parts of the nation have shown that the transportation, transfer, and storage of oil have caused significant damage to the marine environment;
(b) Even with the best efforts, it is nearly impossible to remove all oil that is spilled into the water;
(c) Washington’s navigable waters are treasured environmental and economic resources that the state cannot afford to place at undue risk from an oil spill; and
(d) The state has a fundamental responsibility, as the trustee of the state’s natural resources and the protector of public health and the environment to prevent the spill of oil.

(4) In order to establish a comprehensive prevention and response program to protect Washington’s waters and natural resources from spills of oil, it is the purpose of this chapter:
(a) To establish state agency expertise in marine safety and to centralize state activities in spill prevention and response activities;
(b) To prevent spills of oil and to promote programs that reduce the risk of both catastrophic and small chronic spills;
(c) To ensure that responsible parties are liable, and have the resources and ability, to respond to spills and provide compensation for all costs and damages;
(d) To provide for state spill response and wildlife rescue planning and implementation;
(e) To support and complement the federal oil pollution act of 1990 and other federal law, especially those provisions relating to the national contingency plan for cleanup of oil spills and discharges, including provisions relating to the responsibilities of state agencies designated as natural resource trustees. The legislature intends this chapter to be interpreted and implemented in a manner consistent with federal law;
(f) To provide broad powers of regulation to the department of ecology relating to spill prevention and response;
(g) To provide for an independent oversight board to review the adequacy of spill prevention and response activities in this state; and
(h) To provide an adequate funding source for state response and prevention programs.

Sec. 3. RCW 88.46.160 and 2000 c 69 s 12 are each amended to read as follows:
Any person or facility conducting ship refueling and bunkering operations, or the lightering of petroleum products, and any person or facility transferring oil between an onshore or offshore facility and a tank vessel shall have containment and recovery equipment readily available for deployment in the event of the discharge of oil into the waters of the state and shall deploy the containment and recovery equipment in accordance with standards adopted by the department. All persons conducting refueling, bunkering, or lightering operations, or oil transfer operations shall be trained in the use and deployment of oil spill containment and recovery equipment. The department shall adopt rules as necessary to carry out the provisions of this section by June 30, 2006. The rules shall include standards for the circumstances under which containment equipment should be deployed including standards requiring deployment of containment equipment prior to the transfer of oil when determined to be safe and effective by the department. The department may require a person or facility to employ alternative measures including but not limited to automatic shutoff devices and alarms, extra personnel to monitor the transfer, or containment equipment that is deployed quickly and effectively. The standards adopted by rule must be suitable to the specific environmental and operational conditions and characteristics of the facilities that are subject to the standards, and the department must consult with the United States coast guard with the objective of developing state standards that are compatible with federal requirements applicable to the activities covered by this section. An onshore or offshore facility shall include the procedures used to contain and recover discharges in the facility’s contingency plan. It is the responsibility of the person providing bunkering, refueling, or lightering services to provide any containment or recovery equipment required under this section. This section does not apply to a person operating a ship for personal pleasure or for recreational purposes.

Sec. 4. RCW 90.56.060 and 2000 c 69 s 16 are each amended to read as follows:

   (b) State the respective responsibilities as established by relevant statutes and rules of each of the following in the prevention of and the assessment, containment, and cleanup of a worst case spill of oil or hazardous substances into the environment of the state: (i) State agencies; (ii) local governments; (iii) appropriate federal agencies; (iv) facility operators; (v) property owners whose land or other property may be affected by the oil or hazardous substance spill; and (vi) other parties identified by the department as having an interest in or the resources to assist in the containment and cleanup of an oil or hazardous substance spill;
   (c) State the respective responsibilities of the parties identified in (b) of this subsection in an emergency response;
   (d) Identify actions necessary to reduce the likelihood of spills of oil and hazardous substances;
   (e) Identify and obtain mapping of environmentally sensitive areas at particular risk to oil and hazardous substance spills; ((and))
     (f) Establish an incident command system for responding to oil and hazardous substances spills; and
     (g) Establish a process for immediately notifying affected tribes of any oil spill.

(3) In preparing and updating the state master plan, the department shall:
   (a) Consult with federal, provincial, municipal, and community officials, other state agencies, the state of Oregon, and with representatives of affected regional organizations;
   (b) Submit the draft plan to the public for review and comment;
   (c) Submit to the appropriate standing committees of the legislature for review, not later than November 1st of each year, the plan and any annual revision of the plan; and
   (d) Require or schedule unannounced oil spill drills as required by RCW 90.56.260 to test the sufficiency of oil spill contingency plans approved under RCW 90.56.210.

Sec. 5. RCW 90.56.200 and 2000 c 69 s 19 are each amended to read as follows:

The plans shall be submitted to the department in the time and manner directed by the department. The spill prevention plan may be consolidated with a spill contingency plan submitted pursuant to RCW 90.56.210. The department may accept plans prepared to comply with other state or federal law as spill prevention plans to the extent those plans comply with the requirements of this chapter. The department, by rule, shall establish standards for spill prevention plans.
(2) The spill prevention plan for an onshore or offshore facility and state agencies identified under subsection (1) of this section shall:

   (i) Describe the procedures followed by the facility to contain and recover any oil that spills during the transfer of oil to or from the facility;
   (j) Provide for the incorporation into the facility during the period covered by the plan of those measures that will provide the best achievable protection for the public health and the environment; and
(k) Include any other information reasonably necessary to carry out the purposes of this chapter required by rules adopted by the department.

(3) The department shall only approve a prevention plan if it provides the best achievable protection from damages caused by the discharge of oil into the waters of the state and if it determines that the plan meets the requirements of this section and rules adopted by the department.

(4) Upon approval of a prevention plan, the department shall provide to the person submitting the plan a statement indicating that the plan has been approved, the facilities covered by the plan, and other information the department determines should be included.

(5) The approval of a prevention plan shall be valid for five years. An owner or operator of a facility shall notify the department in writing immediately of any significant change of which it is aware affecting its prevention plan, including changes in any factor set forth in this section or in rules adopted by the department. The department may require the owner or operator to update a prevention plan as a result of these changes.

(6) The department by rule shall require prevention plans to be reviewed, updated, if necessary, and resubmitted to the department at least once every five years.

**POINT OF PARLIAMENTARY INQUIRY**

Representative Bush: “Thank you, Mr. Speaker. As I look at this bill, Mr. Speaker, I am wondering if the Speaker sees this proposal as an expansion of gambling requiring a sixty-percent vote?”

**SPEAKER'S RULING**

Mr. Speaker: "Both Article I, Section 24 of the Washington State Constitution and House precedent require that a sixty-percent majority vote is necessary to expand incidences of gambling permitted by Washington law. Section 2 of the bill removes two significant restrictions on wagering on imported simulcast racing. First, the measure removes the restriction limiting such wagering to only fourteen hours per day; and second, the measure removes the limitation restricting such simulcasts to essentially one per day. Effectively, this expands the incidences of such wagering allowed and therefore constitutes an expansion of gambling requiring a sixty percent vote of this body on final passage in order to be enacted. In so ruling, the Speaker does not reach the question whether other portions of the measure do or do not constitute an expansion of gambling requiring a sixty-percent vote for passage”

There being no objection, the rules were suspended, the second reading considered the third and the bill, as amended by the House, was placed on final passage.

WHEREAS, Chief Leschi was a prominent Nisqually Indian leader who made a profound impression upon our early history as a Territory; and

WHEREAS, Chief Leschi was a benevolent man of great intelligence and character, who acted humanely during times of both war and peace; and

WHEREAS, Chief Leschi led the Nisqually Indians at the time the Treaty of Medicine Creek was signed in December 1854; and

WHEREAS, By the terms of the Treaty, the Nisqually Indians were assigned to a reservation on lands far removed from the Nisqually River and its fisheries which had sustained them for centuries; and

WHEREAS, Chief Leschi met with territorial leaders seeking a reservation with a sufficient land base for the Nisqually people, but was refused; and

WHEREAS, War broke out between Indians and territorial forces, and in the course of war, A. Benton Moses, a soldier in the Washington Territorial Militia, was killed during the Battle of Connell Prairie; and

MESSAGE FROM THE SENATE

March 4, 2004

Mr. Speaker:

The President has signed:

HOUSE BILL NO. 2418,
SECOND READING

SUBSTITUTE SENATE BILL NO. 5139, By Senate Committee on Higher Education
(originally sponsored by Senator Carlson)

Concerning student preparation for college-level work.

The bill was read the second time.

There being no objection, the committee amendments by the Committee on Higher Education and the Committee on Appropriations were not adopted. (For committee amendment, see Journal, 47th Day, February 27, 2004 and 50th Day, March 1, 2004.)

Representative Fromhold moved the adoption of amendment (1103):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that state education and higher education agencies are working on initiatives to communicate with parents and students about how high school graduates should gain and maintain the reading, writing, and mathematics skills they need to start immediately in college-level work. However, the legislature finds that insufficient progress has been made in reducing the proportion of recent high school graduates who must enroll in remedial or precollege classes at Washington's public colleges and universities. More than seventeen million dollars in state and tuition resources is being spent each year to provide these students with skills they should have gained before graduating from high school. It is the intent of the legislature that state education and higher education agencies place a higher priority on their work to address the issue of remediation and take concrete steps to make measurable improvements.

NEW SECTION. Sec. 2. (1) Within current budgets, the higher education coordinating board, the office of the superintendent of public instruction, and the state board for community and technical colleges shall convene a work group that includes representatives of the two and four-year institutions of higher education and school districts to address remediation issues. The work group shall:
   (a) Discuss standards and expectations for the knowledge and skills high school graduates need for college-level work and strategies for communicating those standards to all Washington high schools;
   (b) Identify the causes of current gaps in knowledge and skills of recent high school graduates;
   (c) Identify innovative strategies currently used by school districts and other initiatives or programs designed to provide graduates with the knowledge and skills for college-level work; and
   (d) Develop and initiate actions to address the gaps in knowledge and skills so that the need for remediation of recent high school graduates in public higher education institutions is significantly reduced.

(2) The state education and higher education agencies shall jointly submit a report to the education and higher education committees of the legislature by December 15, 2004. The report shall summarize the findings of the work group and describe actions taken by the agencies, higher education institutions, and school districts to enhance the knowledge and skills of high school graduates. The report shall also recommend additional strategies, timelines, and measurable benchmarks for reducing remediation of recent high school graduates over the next three years."

COLLOQUIY

Representative Jarrett: "Concerns have been raised by interested and affected parties about a recent Growth Management Hearing Board decision that affects agricultural land designation. Is it your belief that the passage of SSB 6488 - the agricultural study bill - yesterday by the House will provide an opportunity for those parties to discuss the concerns about the case?"

Representative Romero: "Yes. The bill asks CTED to study the designation process in four counties – Lewis County being one of those counties – provides the opportunity. It is also my hope that the Growth Management Work group will be a venue to work out an agreed to solution and a recommendation to bring back to the Legislature. I have been impressed with the progress of the work group and I also understand they were not able to reach an agreement on some issues. I hope they will continue to work on those issues also."

Representative Jarrett: "My last question is about agency rules or procedural criteria affecting the GMA. Do you think the cities and counties might benefit from the development and adoption of formal rules guiding their GMA actions instead of procedural criteria while they are defending their decisions before Growth Boards?"
Representative Romero: "I think it is an issue that should be further explored. It has been brought to my attention by several public and private land use planners and attorneys that the lack of formal rules might be a problem for cities and counties in defending their decisions. I would also hope the work group makes another attempt at trying to reach an agreement on this issue."

2SSB 6304 Prime Sponsor, Senate Committee on Ways & Means: Providing tax relief for aluminum smelters. Reported by Committee on Finance

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that the loss of domestic manufacturing jobs has become a national concern. Washington state has lost one out of every six manufacturing jobs since July 2000. The aluminum industry has long been an important component of Washington state's manufacturing base, providing family-wage jobs often in rural communities where unemployment rates are very high. The aluminum industry is electricity intensive and was greatly affected by the dramatic increase in electricity prices which began in 2000 and which continues to affect the Washington economy. Before the energy crisis, aluminum smelters provided about 5,000 direct jobs. Today they provide fewer than 1,000 direct jobs. For every job lost in that industry, almost three additional jobs are estimated to be lost elsewhere in the state's economy. It is the legislature's intent to preserve and restore family wage jobs by providing tax relief to the state's aluminum industry.

The electric loads of aluminum smelters provide a unique benefit to the infrastructure of the electric power system. Under the transmission tariff of the Bonneville Power Administration, aluminum smelter loads, whether served with federal or nonfederal power, are subject to short-term interruptions that allow a higher import capability on the transmission interconnection between the northwest and California. These stability reserves allow more power to be imported in winter months, reducing the need for additional generation in the northwest, and would be used to prevent a widespread transmission collapse and blackout if there were a failure in the transmission interconnection between California and the northwest. It is the legislature's intent to retain these benefits for the people of the state.

NEW SECTION. Sec. 2. A new section is added to chapter 82.04 RCW, to be codified between RCW 82.04.020 and 82.04.220, to read as follows:

(1) "Direct service industrial customer" means the same as in RCW 82.16.0495.
(2) "Aluminum smelter" means the manufacturing facility of any direct service industrial customer that processes alumina into aluminum.

NEW SECTION. Sec. 3. A new section is added to chapter 82.04 RCW to read as follows:

(1) Upon every person who is an aluminum smelter engaging within this state in the business of manufacturing aluminum; as to such persons the amount of tax with respect to such business shall, in the case of
manufacturers, be equal to the value of the product manufactured, or in the case of processors for hire, be equal to the gross income of the business, multiplied by the rate of .2904 percent.

(2) Upon every person who is an aluminum smelter engaging within this state in the business of making sales at wholesale of aluminum manufactured by that person, as to such persons the amount of tax with respect to such business shall be equal to the gross proceeds of sales of the aluminum multiplied by the rate of .2904 percent.

(3) This section expires January 1, 2007.

Sec. 4. RCW 82.04.240 and 1998 c 312 s 3 are each amended to read as follows:

The measure of the tax is the value of the products, including byproducts, so manufactured regardless of the place of sale or the fact that deliveries may be made to points outside the state.

Sec. 5. RCW 82.04.270 and 2003 2nd sp.s. c 1 s 5 are each amended to read as follows:
Upon every person (except persons taxable under RCW 82.04.260 (5) or (13), 82.04.298, or 82.04.272) engaging within this state in the business of making sales at wholesale, except persons taxable as wholesalers under other provisions of this chapter; as to such persons the amount of tax with respect to such business shall be equal to the gross proceeds of sales of such business multiplied by the rate of 0.484 percent.

Sec. 6. RCW 82.04.280 and 1998 c 343 s 3 are each amended to read as follows:
Upon every person engaging within this state in the business of: (1) Printing, and of publishing newspapers, periodicals, or magazines; (2) building, repairing or improving any street, place, road, highway, easement, right of way, mass public transportation terminal or parking facility, bridge, tunnel, or trestle which is owned by a municipal corporation or political subdivision of the state or by the United States and which is used or to be used, primarily for foot or vehicular traffic including mass transportation vehicles of any kind and including any readjustment, reconstruction or relocation of the facilities of any public, private or cooperatively owned utility or railroad in the course of such building, repairing or improving, the cost of which readjustment, reconstruction, or relocation, is the responsibility of the public authority whose street, place, road, highway, easement, right of way, mass public transportation terminal or parking facility, bridge, tunnel, or trestle is being built, repaired or improved; (3) extracting for hire or processing for hire, except persons taxable as processors for hire under another section of this chapter; (4) operating a cold storage warehouse or storage warehouse, but not including the rental of cold storage lockers; (5) representing and performing services for fire or casualty insurance companies as an independent resident managing general agent licensed under the provisions of RCW 48.05.310; (6) radio and television broadcasting, excluding network, national and regional advertising computed as a standard deduction based on the national average thereof as annually reported by the Federal Communications Commission, or in lieu thereof by itemization by the individual broadcasting station, and excluding that portion of revenue represented by the out-the-station audience as measured by the 100 micro-volt signal strength and delivery by wire, if any; (7) engaging in activities which bring a person within the definition of consumer contained in RCW 82.04.190(6); as to such persons, the amount of tax on such business shall be equal to the gross income of the business multiplied by the rate of 0.484 percent.

As used in this section, "cold storage warehouse" means a storage warehouse used to store fresh and/or frozen perishable fruits or vegetables, meat, seafood, dairy products, or fowl, or any combination thereof, at a desired temperature to maintain the quality of the product for orderly marketing.

As used in this section, "storage warehouse" means a building or structure, or any part thereof, in which goods, wares, or merchandise are received for storage for compensation, except field warehouses, fruit warehouses, fruit packing plants, warehouses licensed under chapter 22.09 RCW, public garages storing automobiles, railroad freight sheds, docks and wharves, and "self-storage" or "mini storage" facilities whereby customers have direct access to individual storage areas by separate entrance. "Storage warehouse" does not include a building or structure, or that part of such building or structure, in which an activity taxable under RCW 82.04.272 is conducted.

As used in this section, "periodical or magazine" means a printed publication, other than a newspaper, issued regularly at stated intervals at least once every three months, including any supplement or special edition of the publication.

Sec. 7. RCW 82.04.440 and 2003 2nd sp.s. c 1 s 6 are each amended to read as follows:

Extracting taxes taken as credit under subsection (3) of this section may also be taken under this subsection, if otherwise allowable under this subsection. The amount of the credit shall not exceed the tax liability arising under this chapter with respect to the sale of those products.

(3) Persons taxable under RCW 82.04.240 or 82.04.260(1)(b) shall be allowed a credit against those taxes for any extracting taxes paid with respect to extracting the ingredients of the products so manufactured in this state. The amount of the credit shall not exceed the tax liability arising under this chapter with respect to the manufacturing of those products.

(4) Persons taxable under RCW 82.04.230, 82.04.240, section 3(1) of this act, or 82.04.260 (1), (2), (4), (6), or (13) with respect to extracting or manufacturing products in this state shall be allowed a credit against those taxes for any (i) gross receipts taxes paid to another state with respect to the sales of the products so extracted or manufactured in this state, (ii) manufacturing taxes paid with respect to the manufacturing of products using ingredients so extracted in this state, or (iii) manufacturing taxes paid with respect to manufacturing activities completed in another state for products so manufactured in this state. The amount of the credit shall not exceed the tax liability arising under this chapter with respect to the extraction or manufacturing of those products.

(5) For the purpose of this section:
(a) "Gross receipts tax" means a tax:
(i) Which is imposed on or measured by the gross volume of business, in terms of gross receipts or in other terms, and in the determination of which the deductions allowed would not constitute the tax an income tax or value added tax; and
(ii) Which is also not, pursuant to law or custom, separately stated from the sales price.
(b) "State" means (i) the state of Washington, (ii) a state of the United States other than Washington, or any political subdivision of such other state, (iii) the District of Columbia, and (iv) any foreign country or political subdivision thereof.
(c) "Manufacturing tax" means a gross receipts tax imposed on the act or privilege of engaging in business as a manufacturer, and includes (i) the taxes imposed in RCW 82.04.240, section 3(1) of this act, and 82.04.260 (1), (2), (4), and (13), and (ii) similar gross receipts taxes paid to other states.
(d) "Extracting tax" means a gross receipts tax imposed on the act or privilege of engaging in business as an extractor, and includes the tax imposed in RCW 82.04.230 and similar gross receipts taxes paid to other states.
(e) "Business", "manufacturer", "extractor", and other terms used in this section have the meanings given in RCW 82.04.020 through 82.04.212, notwithstanding the use of those terms in the context of describing taxes imposed by other states.

NEW SECTION. Sec. 8. A new section is added to chapter 82.04 RCW to read as follows:
(1) In computing the tax imposed under this chapter, a credit is allowed for all property taxes paid during the calendar year on property owned by a direct service industrial customer and reasonably necessary for the purposes of an aluminum smelter.
(2) A person taking the credit under this section is subject to all the requirements of chapter 82.32 RCW. A credit earned during one calendar year may be carried over to be credited against taxes incurred in the subsequent calendar year, but may not be carried over a second year. Credits carried over must be applied to tax liability before new credits. No refunds may be granted for credits under this section.
(3) Credits may not be claimed under this section for property taxes levied for collection in 2007 and thereafter.

NEW SECTION. Sec. 9. A new section is added to chapter 82.04 RCW to read as follows:
(1) A person who is subject to tax under this chapter on gross income from sales of electricity, natural gas, or manufactured gas made to an aluminum smelter is eligible for an exemption from the tax in the form of a credit, if the contract for sale of electricity or gas to the aluminum smelter specifies that the price charged for the electricity or gas will be reduced by an amount equal to the credit.
(2) The credit is equal to the gross income from the sale of the electricity or gas to an aluminum smelter multiplied by the corresponding rate in effect at the time of the sale under this chapter.
(3) The exemption provided for in this section does not apply to amounts received from the remarketing or resale of electricity originally obtained by contract for the smelting process.
(4) Credits may not be claimed under this section for taxable activity occurring on or after July 1, 2011.

NEW SECTION. Sec. 10. A new section is added to chapter 82.08 RCW to read as follows:
(1) A person who has paid tax under RCW 82.08.020 for tangible personal property used at an aluminum smelter, tangible personal property that will be incorporated as an ingredient or component of buildings
or other structures at an aluminum smelter, or for labor and services rendered with respect to such buildings, structures, or tangible personal property, is eligible for an exemption from the state share of the tax in the form of a credit, as provided in this section. A person claiming an exemption must pay the tax and may then take a credit equal to the state share of retail sales tax paid under RCW 82.08.020. The person shall submit information, in a form and manner prescribed by the department, specifying the amount of qualifying purchases or acquisitions for which the exemption is claimed and the amount of exempted tax.

(2) For the purposes of this section, "aluminum smelter" has the same meaning as provided in section 2 of this act.

(3) Credits may not be claimed under this section for taxable events occurring on or after January 1, 2007.

NEW SECTION. Sec. 11. A new section is added to chapter 82.12 RCW to read as follows:

(1) A person who is subject to tax under RCW 82.12.020 for tangible personal property used at an aluminum smelter, or for tangible personal property that will be incorporated as an ingredient or component of buildings or other structures at an aluminum smelter, or for labor and services rendered with respect to such buildings, structures, or tangible personal property, is eligible for an exemption from the state share of the tax in the form of a credit, as provided in this section. The amount of the credit shall be equal to the state share of use tax computed to be due under RCW 82.12.020. The person shall submit information, in a form and manner prescribed by the department, specifying the amount of qualifying purchases or acquisitions for which the exemption is claimed and the amount of exempted tax.

(2) For the purposes of this section, "aluminum smelter" has the same meaning as provided in section 2 of this act.

(3) Credits may not be claimed under this section for taxable events occurring on or after January 1, 2007.

Sec. 12. RCW 82.12.022 and 1994 c 124 s 9 are each amended to read as follows:

(1) There is hereby levied and there shall be collected from every person in this state a use tax for the privilege of using natural gas or manufactured gas within this state as a consumer.

(2) The tax shall be levied and collected in an amount equal to the value of the article used by the taxpayer multiplied by the rate in effect for the public utility tax on gas distribution businesses under RCW 82.16.020. The "value of the article used" does not include any amounts that are paid for the hire or use of a gas distribution business as defined in RCW 82.16.010(7) in transporting the gas subject to tax under this subsection if those amounts are subject to tax under that chapter.

(3) The tax levied in this section shall not apply to the use of natural or manufactured gas delivered to the consumer by other means than through a pipeline.

(4) The tax levied in this section shall not apply to the use of natural or manufactured gas if the person who sold the gas to the consumer has paid a tax under RCW 82.16.020 with respect to the gas for which exemption is sought under this subsection.

(5) The tax levied in this section shall not apply to the use of natural or manufactured gas by an aluminum smelter as that term is defined in section 2 of this act before January 1, 2007.

(6) There shall be a credit against the tax levied under this section in an amount equal to any tax paid by:

(a) The person who sold the gas to the consumer when that tax is a gross receipts tax similar to that imposed pursuant to RCW 82.16.020 by another state with respect to the gas for which a credit is sought under this subsection; or

(b) The person consuming the gas upon which a use tax similar to the tax imposed by this section was paid to another state with respect to the gas for which a credit is sought under this subsection.

The use tax hereby imposed shall be paid by the consumer to the department.

There is imposed a reporting requirement on the person who delivered the gas to the consumer to make a quarterly report to the department. Such report shall contain the volume of gas delivered, name of the consumer to whom delivered, and such other information as the department shall require by rule.

The department may adopt rules under chapter 34.05 RCW for the administration and enforcement of sections 1 through 6, chapter 384, Laws of 1989.

NEW SECTION. Sec. 13. A new section is added to chapter 82.16 RCW to read as follows:

(1) A person who is subject to tax under this chapter on gross income from sales of electricity, natural gas, or manufactured gas made to an aluminum smelter is eligible for an exemption from the tax in the form of a credit, if the contract for sale of electricity or gas to the aluminum smelter specifies that the price charged for the electricity or gas will be reduced by an amount equal to the credit.

(2) The credit is equal to the gross income from the sale of the electricity or gas to an aluminum smelter multiplied by the corresponding rate in effect at the time of the sale for the public utility tax under RCW 82.16.020.

(3) The exemption provided for in this section does not apply to amounts received from the remarketing or resale of electricity originally obtained by contract for the smelting process.
For the purposes of this section, "aluminum smelter" has the same meaning as provided in section 2 of this act.

Credits may not be claimed under this section for taxable activity occurring on or after July 1, 2011.

NEW SECTION. Sec. 14. A new section is added to chapter 82.32 RCW to read as follows:

(1) For the purposes of this section, "smelter tax incentive" means the preferential tax rate under section 3 of this act, or an exemption or credit under section 8, 10, or 11 of this act or RCW 82.12.022(5).

(2) The legislature finds that accountability and effectiveness are important aspects of setting tax policy. In order to make policy choices regarding the best use of limited state resources the legislature needs information to evaluate whether the stated goals of legislation were achieved.

(3) The goals of the smelter tax incentives are to retain family wage jobs in rural areas by:

(a) Enabling the aluminum industry to maintain production of aluminum at a level that will preserve at least 75 percent of the jobs that were on the payroll effective January 1, 2004, as adjusted for employment reductions publicly announced before November 30, 2003; and

(b) Allowing the aluminum industry to continue producing aluminum in this state through 2006 so that the industry will be positioned to preserve and create new jobs when the anticipated reduction of energy costs occurs.

(4)(a) An aluminum smelter receiving the benefit of a smelter tax incentive shall make an annual report to the department detailing employment, wages, and employer-provided health and retirement benefits per job at the manufacturing site. The report is due by March 31st following any year in which a tax incentive is claimed or used. The report shall not include names of employees. The report shall detail employment by the total number of full-time, part-time, and temporary positions. The report shall indicate the quantity of aluminum smelted at the plant during the time period covered by the report. The first report filed under this subsection shall include employment, wage, and benefit information for the twelve-month period immediately before first use of a tax incentive. Employment reports shall include data for actual levels of employment and identification of the number of jobs affected by any employment reductions that have been publicly announced at the time of the report. Information in a report under this section is not subject to the confidentiality provisions of RCW 82.32.330 and may be disclosed to the public upon request.

(b) If a person fails to submit an annual report under (a) of this subsection by the due date of the report, the department shall declare the amount of taxes exempted or credited, or reduced in the case of the preferential business and occupation tax rate, for that year to be immediately due and payable. Excise taxes payable under this subsection are subject to interest but not penalties, as provided under this chapter. This information is not subject to the confidentiality provisions of RCW 82.32.330 and may be disclosed to the public upon request.

(5) By December 1, 2005, and by December 1, 2006, the fiscal committees of the house of representatives and the senate, in consultation with the department, shall report to the legislature on the effectiveness of the smelter tax incentives and, by December 1, 2010, on the effectiveness of the incentives under sections 9 and 13 of this act. The reports shall measure the effect of the tax incentives on job retention for Washington residents and any other factors the committees may select.

For the purposes of this section, the department may not cut off any prescription medications, oxygen supplies, respiratory services, or other life-sustaining medical services or supplies.

"Medical assistance," notwithstanding any other provision of law, shall not include routine foot care, or dental services delivered by any health care provider, that are not mandated by Title XIX of the social security act unless there is a specific appropriation for these services.

(2) The department shall amend the state plan for medical assistance under Title XIX of the federal social security act to include personal care services, as defined in 42 C.F.R. 440.170(f), in the categorically needy program.

(3) The department shall adopt, amend, or rescind such administrative rules as are necessary to ensure that Title XIX personal care services are provided to eligible persons in conformance with federal regulations.

(a) These administrative rules shall include financial eligibility indexed according to the requirements of the social security act providing for medicaid eligibility.

(b) The rules shall require clients be assessed as having a medical condition requiring assistance with personal care tasks. Plans of care for clients requiring health-related consultation for assessment and service planning may be reviewed by a nurse.

(c) The department shall determine by rule which clients have a health-related assessment or service planning need requiring registered nurse consultation or review. This definition may include clients that meet indicators or protocols for review, consultation, or visit.

(4) The department shall design and implement a means to assess the level of functional disability of persons eligible for personal care services under this section. The personal care services benefit shall be provided to the extent funding is available according to the assessed level of functional disability. Any reductions in services made necessary for funding reasons should be accomplished in a manner that assures that priority for maintaining services is given to persons with the greatest need as determined by the assessment of functional disability.

(5) Effective July 1, 1989, the department shall offer hospice services in accordance with available funds.

(6) For Title XIX personal care services administered by aging and (adult) disability services administration of the department, the department shall contract with area agencies on aging:

(ii) Who, at the time of reassessment and reauthorization, are receiving such services in their own home.

(7) In the event that an area agency on aging is unwilling to enter into or satisfactorily fulfill a contract ((to provide these services)) or an individual consumer’s need for case management services will be met through an alternative delivery system, the department is authorized to:

(a) Obtain the services through competitive bid; and

(b) Provide the services directly until a qualified contractor can be found.

Sec. 3. RCW 74.39A.090 and 1999 c 175 s 2 are each amended to read as follows:
(1) The legislature intends that any staff reassigned by the department as a result of shifting of the reauthorization responsibilities by contract outlined in this section shall be dedicated for discharge planning and assisting with discharge planning and information on existing discharge planning cases. Discharge planning, as directed in this section, is intended for residents and patients identified for discharge to long-term care pursuant to RCW 70.41.320, 74.39A.040, and 74.42.058. The purpose of discharge planning is to protect residents and patients from the financial incentives inherent in keeping residents or patients in a more expensive higher level of care and shall focus on care options that are in the best interest of the patient or resident.

(2) The department shall contract with area agencies on aging:
(a) To provide case management services to consumers receiving home and community services in their own home; and
(b) To reassess and reauthorize home and community services in home or in other settings for consumers consistent with the intent of this section:

(a) Obtain the services through competitive bid; and
(b) Provide the services directly until a qualified contractor can be found.

(4) The department shall include, in its oversight and monitoring of area agency on aging performance, assessment of case management roles undertaken by area agencies on aging in this section. The scope of oversight and monitoring includes, but is not limited to, assessing the degree and quality of the case management performed by area agency on aging staff for elderly and disabled persons in the community.

(5) Area agencies on aging shall assess the quality of the in-home care services provided to consumers who are receiving services under the medicaid personal care, community options programs entry system or chore services program through an individual provider or home care agency. Quality indicators may include, but are not limited to, home care consumers satisfaction surveys, how quickly home care consumers are linked with home care workers, and whether the plan of care under RCW 74.39A.095 has been honored by the agency or the individual provider.

(6) The department shall develop model language for the plan of care established in RCW 74.39A.095. The plan of care shall be in clear language, and written at a reading level that will ensure the ability of consumers to understand the rights and responsibilities expressed in the plan of care.”

SENATE BILL NO. 6614, as amended by the House, having received the necessary constitutional majority, was declared passed.

SENATE AMENDMENTS TO HOUSE BILL
Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2933, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 74.39A.270 and 2002 c 3 s 6 are each amended to read as follows:

(1) Solely for the purposes of collective bargaining and as expressly limited under subsections (2) and (3) of this section, the governor is the public employer, as defined in chapter 41.56 RCW, of individual providers, who, solely for the purposes of collective bargaining, are public employees as defined in chapter 41.56 RCW. To accommodate the role of the state as payor for the community-based services provided under this chapter and to ensure coordination with state employee collective bargaining under chapter 41.80 RCW and the coordination necessary to implement RCW 74.39A.300, the public employer shall be represented for bargaining purposes by the governor or the governor's designee appointed under chapter 41.80 RCW. The governor or governor's designee shall periodically consult with the authority during the collective bargaining process to allow the authority to communicate issues relating to the long-term in-home care services received by consumers.

(2) Chapter 41.56 RCW governs the collective bargaining relationship between the governor and individual providers, except as otherwise expressly provided in this chapter, as follows:

(a) The only unit appropriate for the purpose of collective bargaining under RCW 41.56.060 is a statewide unit of all individual providers;
(b) The showing of interest required to request an election under RCW 41.56.060 is ten percent of the unit, and any intervenor seeking to appear on the ballot must make the same showing of interest;
(c) The mediation and interest arbitration provisions of RCW 41.56.430 through 41.56.470 and 41.56.480 apply, except that:

(i) With respect to commencement of negotiations between the governor and the bargaining representative of individual providers, negotiations shall be commenced by May 1st of any year prior to the year in which an existing collective bargaining agreement expires;
(ii) With respect to factors to be taken into consideration by an interest arbitration panel, the panel shall consider the financial ability of the state to pay for the compensation and fringe benefit provisions of a collective bargaining agreement; and
(iii) The decision of the arbitration panel is not binding on the legislature and, if the legislature does not approve the request for funds necessary to implement the compensation and fringe benefit provisions of the arbitrated collective bargaining agreement, is not binding on the authority or the state:

(d) Individual providers do not have the right to strike; and
(e) Individual providers who are related to, or family members of, consumers or prospective consumers are not, for that reason, exempt from this chapter or chapter 41.56 RCW.

(3) Individual providers who are public employees solely for the purposes of collective bargaining under subsection (1) of this section are not, for that reason, employees of the state, its political subdivisions, or an area agency on aging for any purpose. Chapter 41.56 RCW applies only to the governance of the collective bargaining relationship between the employer and individual providers as provided in subsections (1) and (2) of this section.

(4) Consumers and prospective consumers retain the right to select, hire, supervise the work of, and terminate any individual provider providing services to them. Consumers may elect to receive long-term in-home care services from individual providers who are not referred to them by the authority.

(5) In implementing and administering this chapter, neither the authority nor any of its contractors may reduce or increase the hours of service for any consumer below or above the amount determined to be necessary under any assessment prepared by the department or an area agency on aging.

(6) Except as expressly limited in this section and RCW 74.39A.300, the wages, hours, and working conditions of individual providers are determined solely through collective bargaining as provided in this chapter. No agency or department of the state, other than the authority, may establish policies or rules governing the wages or hours of individual providers. However, this subsection does not modify:

(a) The department’s authority to establish a plan of care for each consumer and to determine the hours of care that each consumer is eligible to receive;
(b) The department’s authority to terminate its contracts with individual providers who are not adequately meeting the needs of a particular consumer, or to deny a contract under RCW 74.39A.095(8);
(c) The consumer’s right to assign hours to one or more individual providers selected by the consumer within the maximum hours determined by his or her plan of care;
(d) The consumer’s right to select, hire, terminate, supervise the work of, and determine the conditions of employment for each individual provider providing services to the consumer under this chapter;

(e) The department’s obligation to comply with the federal medicaid statute and regulations and the terms of any community-based waiver granted by the federal department of health and human services and to ensure federal financial participation in the provision of the services; and

(f) The legislature’s right to make programmatic modifications to the delivery of state services under this title, including standards of eligibility of consumers and individual providers participating in the programs under this title, and the nature of services provided. The governor shall not enter into, extend, or renew any agreement under this chapter that does not expressly reserve the legislative rights described in this subsection (6)(f).

(7) (a) The state, the department, the authority, the area agencies on aging, or their contractors under this chapter (41.04Laws of 2002) may not be held vicariously or jointly liable for the action or inaction of any individual provider or prospective individual provider, whether or not that individual provider or prospective individual provider was included on the authority’s referral registry or referred to a consumer or prospective consumer.

The existence of a collective bargaining agreement, the placement of an individual provider on the referral registry, or the development or approval of a plan of care for a consumer who chooses to use the services of an individual provider and the provision of case management services to that consumer, by the department or an area agency on aging, does not constitute a special relationship with the consumer.

(b) The members of the board are immune from any liability resulting from implementation of this chapter (41.04Laws of 2002).

((42)) (8) Nothing in this section affects the state’s responsibility with respect to ((the state payroll system or)) unemployment insurance for individual providers. However, individual providers are not to be considered, as a result of the state assuming this responsibility, employees of the state.

Sec. 2. RCW 74.39A.300 and 2002 c 3 s 9 are each amended to read as follows:

(1) Upon meeting the requirements of subsection (2) of this section, the governor must submit, as a part of the proposed biennial or supplemental operating budget submitted to the legislature under RCW 43.88.030, a request for funds necessary to administer chapter 3, Laws of 2002 and to implement (((any))) the compensation and fringe benefits provisions of a collective bargaining agreement entered into under RCW 74.39A.270 or for legislation necessary to implement (((any))) such agreement (((within ten days of the date on which the agreement is ratified or, if the legislature is not in session, within ten days after the next legislative session convenes))).

(2) A request for funds necessary to implement the compensation and fringe benefits provisions of a collective bargaining agreement entered into under RCW 74.39A.270 shall not be submitted by the governor to the legislature unless such request:

(a) Has been submitted to the director of financial management by October 1st prior to the legislative session at which the request is to be considered; and

(b) Has been certified by the director of financial management as being feasible financially for the state or reflects the binding decision of an arbitration panel reached under RCW 74.39A.270(2)(c).

(3) The legislature must approve or reject the submission of the request for funds as a whole. If the legislature rejects or fails to act on the submission, any such agreement will be reopened solely for the purpose of renegotiating the funds necessary to implement the agreement.

((42)) (4) When any increase in individual provider wages or benefits is negotiated or agreed to (((by the authority))), no increase in wages or benefits negotiated or agreed to under this chapter (((3, Laws of 2002))) will take effect unless and until, before its implementation, the department has determined that the increase is consistent with federal law and federal financial participation in the provision of services under Title XIX of the federal social security act.

((42)) (5) The governor shall periodically consult with the joint committee on employment relations established by RCW 41.80.010 regarding appropriations necessary to implement the compensation and fringe benefits provisions of any collective bargaining agreement and, upon completion of negotiations, advise the committee on the elements of the agreement and on any legislation necessary to implement such agreement.

(6) After the expiration date of any collective bargaining agreement entered into under RCW 74.39A.270, all of the terms and conditions specified in any such agreement remain in effect until the effective date of a subsequent agreement, not to exceed one year from the expiration date stated in the agreement, except as provided in RCW 74.39A.270(6)(f).

(7) If, after the compensation and benefit provisions of an agreement are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

NEW SECTION. Sec. 3. A new section is added to chapter 41.04 RCW to read as follows:

Individual providers, as defined in RCW 74.39A.240, are not employees of the state or any of its political subdivisions and are specifically and entirely excluded from all provisions of this title, except as provided in RCW 74.39A.270.
NEW SECTION. Sec. 4. A new section is added to chapter 43.01 RCW to read as follows:
RCW 43.01.040 through 43.01.044 do not apply to individual providers under RCW 74.39A.220 through 74.39A.300.

Sec. 5. RCW 74.39A.901 and 1993 c 508 s 11 are each amended to read as follows:

COLLOQUY

Representative Benson: "In section 1, subsection (7)(a) of ESHB 2933, the words vicariously or jointly liable describe an exception from liability for the respective entities listed in this subsection. The words "or jointly" are added to existing law, and the language states that certain activities do not
create a special relationship with the person being provided with care. Does this mean, in terms of judging the responsibilities of these respective entities, that they are responsible for their own duties?"

Representative Cody: "Yes. The language does mean that each entity is responsible for their own duties, under statute or law, and clarifies that no new liability based on employment relationships is created. This section also states that no special relationship is created solely by the state or the listed agencies fulfilling their requirements enumerated in this chapter."

Strike everything after the enacting clause and insert the following:
"NEW SECTION. Sec. 1. (1) The department of fish and wildlife, in cooperation and collaboration with the county legislative authorities of Ferry, Stevens, Pend Oreille, Chelan, and Okanogan counties, shall recommend rules to establish a three-year pilot program within select game management units of these counties, to pursue or kill cougars with the aid of dogs. A pursuit season and a kill season with the aid of dogs must be established through the fish and wildlife commission’s rule-making process, utilizing local dangerous wildlife task teams comprised of the two collaborating authorities. The two collaborating authorities shall also develop a more effective and accurate dangerous wildlife reporting system to ensure a timely response. The pilot program’s primary goals are to provide for public safety, to protect property, and to assess cougar populations.

(2) Any rules adopted by the fish and wildlife commission to establish a pilot project allowing for the pursuit or hunting of cougars with the aid of dogs under this section only must ensure that all pursuits or hunts are:

1. Designed to protect public safety or property;
2. Reflective of the most current cougar population data;
3. Designed to generate data that is necessary for the department to satisfy the reporting requirements of section 3 of this act; and
4. Consistent with any applicable recommendations emerging from research on cougar population dynamics in a multi-prey environment conducted by Washington State University’s department of natural resource sciences that was funded in whole or in part by the department of fish and wildlife.

NEW SECTION. Sec. 2. A county legislative authority may request inclusion in the pilot project authorized by this act after taking the following actions:

1. Adopting a resolution that requests inclusion in the pilot project;
2. Documenting the need to participate in the pilot program by identifying the number of cougar/human encounters and livestock and pet depredations; and
3. Demonstrating that existing cougar depredation permits, public safety cougar hunts, or other existing wildlife management tools have not been sufficient to deal with cougar incidents in the county.

NEW SECTION. Sec. 3. After the culmination of the pilot project authorized by this section, the department of fish and wildlife must report to the fish and wildlife commission and the appropriate committees of the legislature:

1. Recommendations for the development of a more effective and accurate dangerous wildlife reporting system, a summary of how the pilot project aided the collection of data useful in making future wildlife management decisions, and a recommendation as to whether the pilot project would serve as a model for effective cougar management into the future. The report required by this subsection must be completed in collaboration with the counties choosing to participate in the pilot program.
2. Recommendations for a new and modern cougar management system that focuses on altering the behavior of wild cougars, and not solely on controlling cougar population levels. These recommendations must include at a minimum suggestions for wildlife management techniques aimed at modifying cougar behavior, the identification of non-lethal ways to minimize interactions between cougars and humans, and an analysis of opportunities for minimizing interactions between cougars and humans by controlling the abundance and location of cougar prey species."

On page 21, line 14, after "2004." insert the following:

"Sec. 5. RCW 9A.44.150 and 1990 c 150 s 2 are each amended to read as follows:

(1) On motion of the prosecuting attorney in a criminal proceeding, the court may order that a child under the age of ten may testify in a room outside the presence of the defendant and the jury while one-way closed-circuit television equipment simultaneously projects the child’s testimony into another room so the defendant and the jury can watch and hear the child testify if:

(a) The testimony will:
   (i) Describe an act or attempted act of sexual contact performed with or on a child witness by another person or with or on a child other than the child witness by another person;
   (ii) Describe an act or attempted act of physical abuse against the child witness by another person or against a child other than the child witness by another person; or
   (iii) Describe a violent offense as defined by RCW 9.94A.030 committed against a person known by or familiar to the child witness or by a person known by or familiar to the child witness;

(b) The testimony is taken during the criminal proceeding;

(c) The court finds by substantial evidence, in a hearing conducted outside the presence of the jury, that requiring the child witness to testify in the presence of the defendant will cause the child to suffer serious emotional or mental distress that will prevent the child from reasonably communicating at the trial. If the defendant is excluded from the presence of the child, the jury must also be excluded;

(d) As provided in subsection (1)(a) and (b) of this section, the court may allow a child witness to testify in the presence of the defendant but outside the presence of the jury, via closed-circuit television, if the court finds, upon motion and hearing outside the presence of the jury, that the child will suffer serious emotional or mental distress that will prevent the child from reasonably communicating at the trial in front of the jury. If the child is able to communicate in front of the defendant but not the jury the defendant will remain in the room with the child while the jury is excluded from the room;

(e) The court finds that the prosecutor has made all reasonable efforts to prepare the child witness for testifying, including informing the child or the child’s parent or guardian about community counseling services, giving court tours, and explaining the trial process. If the prosecutor fails to demonstrate that preparations were implemented or the prosecutor in good faith attempted to implement them, the court shall deny the motion;

(f) The court balances the strength of the state’s case without the testimony of the child witness against the defendant’s constitutional rights and the degree of infringement of the closed-circuit television procedure on those rights;

(g) The court finds that the child witness’s experience and familiarity with school court and other procedures will prevent the child from being adequately prepared for the trial;

(h) The court allows the child witness to testify outside the presence of the defendant, the defendant can communicate constantly with the defense attorney by electronic transmission and be granted reasonable court recesses during the child’s testimony for person-to-person consultation with the defense attorney;

(i) The court can communicate with the attorneys by an audio system so that the court can rule on objections and otherwise control the proceedings;

(j) All parties in the room with the child witness are on camera and can be viewed by all other parties. If viewing all participants is not possible, the court shall describe for the viewers the location of the prosecutor, defense attorney, and other participants in relation to the child;

(k) The court finds that the television equipment is capable of making an accurate reproduction and the operator of the equipment is competent to operate the equipment; and

(l) The court imposes reasonable guidelines upon the parties for conducting the filming to avoid trauma to the child witness or abuse of the procedure for tactical advantage.

The prosecutor, defense attorney, and a neutral and trained victim’s advocate, if any, shall always be in the room where the child witness is testifying. The court in the court's discretion depending on the circumstances and whether the jury or defendant or both are excluded from the room where the child is testifying, may remain or may not remain in the room with the child.

(2) During the hearing conducted under subsection (1) of this section to determine whether the child witness may testify outside the presence of the defendant and/or the jury, the court may conduct the observation and examination of the child outside the presence of the defendant if:
(a) The prosecutor alleges and the court concurs that the child witness will be unable to testify in front of the defendant or will suffer severe emotional or mental distress if forced to testify in front of the defendant;

(b) The defendant can observe and hear the child witness by closed-circuit television;

(c) The defendant can communicate constantly with the defense attorney during the examination of the child witness by electronic transmission and be granted reasonable court recesses during the child’s examination for person-to-person consultation with the defense attorney; and

(d) The court finds the closed-circuit television is capable of making an accurate reproduction and the operator of the equipment is competent to operate the equipment. Whenever possible, all the parties in the room with the child witness shall be on camera so that the viewers can see all the parties. If viewing all participants is not possible, then the court shall describe for the viewers the location of the prosecutor, defense attorney, and other participants in relation to the child.

(3) The court shall make particularized findings on the record articulating the factors upon which the court based its decision to allow the child witness to testify via closed-circuit television pursuant to this section. The factors the court may consider include, but are not limited to, a consideration of the child’s age, physical health, emotional stability, expressions by the child of fear of testifying in open court or in front of the defendant, the relationship of the defendant to the child, and the court’s observations of the child’s inability to reasonably communicate in front of the defendant or in open court. The court’s findings shall identify the impact the factors have upon the child’s ability to testify in front of the jury or the defendant or both and the specific nature of the emotional or mental trauma the child would suffer. The court shall determine whether the source of the trauma is the presence of the defendant, the jury, or both, and shall limit the use of the closed-circuit television accordingly.

(4) This section does not apply if the defendant is an attorney pro se unless the defendant has a court-appointed attorney assisting the defendant in the defense.

(5) This section may not preclude the presence of both the ((victim)) child witness and the defendant in the courtroom together for purposes of establishing or challenging the identification of the defendant when identification is a legitimate issue in the proceeding.

(7) All recorded tapes of testimony produced by closed-circuit television equipment shall be subject to any protective order of the court for the purpose of protecting the privacy of the child witness.

(8) Nothing in this section creates a right of the child witness to a closed-circuit television procedure in lieu of testifying in open court.

(9) The state shall bear the costs of the closed-circuit television procedure.

(10) A child witness may or may not be a victim in the proceeding."

Renumber the remaining sections consecutively, correct internal references accordingly, and correct the title.

POINT OF ORDER

Representative Hatfield requested a scope and object ruling of amendment 1080 to Substitute House Bill No. 2400.

SPEAKER'S RULING

Mr. Speaker: "Substitute House Bill No. 2400 is entitled an act relating to 'sentence enhancement of sex crimes against minors.' The substitute bill increases the sentencing range for certain sex crimes against minors, increases the presumptive time of confinement for persons sentenced for sex crimes against minors under the special sex offender sentencing alternative, makes several other changes to the special sex offender sentencing alternative, and directs a study of sex offender sentencing policies.

Amendment 1080 allows children to testify by closed-circuit television in cases involving sexual and violent offenses. The amendment is not related to sentencing for sex crimes against minors and is therefore beyond the scope and object of the bill.

Representative Hatfield, your point of order is well taken."

Representative Lovick moved the adoption of amendment (1078):

Strike everything after the enacting clause and insert the following:
"NEW SECTION. Sec. 1. A new section is added to chapter 9.94A RCW to read as follows:

(1) Unless the context clearly requires otherwise, the definitions in this subsection apply to this section only.

(c) "First-time offender" means an offender: (i) With no prior convictions for a sex offense as defined in RCW 9.94A.030 or any other felony sex offenses in this or any other state; and (ii) who has not victimized any person other than the person who was victimized by the current offense, regardless of whether the offender was subject to criminal charges for such victimization.
(d) "Sex offender treatment provider" or "treatment provider" means a certified sex offender treatment provider as defined in RCW 18.155.020.
(e) "Substantial bodily harm" means bodily injury that involves a temporary but substantial disfigurement, or that causes a temporary but substantial loss or impairment of the function of any body part or organ, or that causes a fracture of any body part or organ.
(f) "Victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a result of the crime charged. "Victim" also means a parent or guardian of a victim who is a minor child unless the parent or guardian is the perpetrator of the offense.

(2) An offender is eligible for the special sex offender sentencing alternative for sex offenses against children if:

(a) The offender has been convicted of any of the following offenses:
   (i) Rape of a child in the third degree (RCW 9A.44.079);
   (ii) Child molestation in the second degree (RCW 9A.44.086);
   (iii) Child molestation in the third degree (RCW 9A.44.089); or
   (iv) Sexual misconduct with a minor in the first degree (RCW 9A.44.093);
(b) The offender is the immediate victim’s family member;
(c) The offender is a first-time offender;
(d) The offender has no prior convictions for a violent offense that was committed within five years of the current offense;
(e) The victim of the offense has not suffered substantial bodily harm; and
(f) The offender’s standard sentence range for the offense includes the possibility of confinement for less than eleven years.

(3) If the court finds the offender is eligible for this alternative, the court, on its own motion or the motion of the state or the offender, may order an examination to determine whether the offender is amenable to treatment.

(a) The report of the examination shall include at a minimum the following:
   (i) The offender’s version of the facts and the official version of the facts;
   (ii) The offender’s offense history;
   (iii) An assessment of problems in addition to alleged deviant behaviors;
   (iv) The offender’s social and employment situation; and
   (v) Other evaluation measures used.

(b) The examiner shall assess and report regarding the offender’s amenability to treatment and relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:
   (i) Frequency and type of contact between offender and therapist;
   (ii) Specific issues to be addressed in the treatment and description of planned treatment modalities;
   (iii) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members and others;
   (iv) Anticipated length of treatment; and
   (v) Recommended crime-related prohibitions.
(c) The court on its own motion may order, or on a motion by the state or a victim shall order, a second examination regarding the offender’s amenability to treatment. The examiner shall be selected by the party making the motion. The offender shall pay the cost of any second examination ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost.
(d) After receipt of the reports, the court shall consider whether the offender and the community will benefit from use of this alternative, consider whether the alternative is too lenient in light of the extent and circumstances of the offense, consider whether the offender is amenable to treatment, consider the risk the offender would present to the community, to the victim, or to persons of similar age and circumstances as the victim, and consider the victim’s opinion whether the offender should receive a treatment disposition under this section. When considering the victim’s opinion, the court shall provide any victim the opportunity to provide testimony to the court. If the court imposes a sentence that is contrary to any victim’s opinion, it shall enter written findings stating its reason for imposing such a sentence. The fact that the offender admits to his or her offense does not, by itself, constitute amenability to treatment. If the court determines that this alternative is appropriate, the court shall then impose a sentence or, pursuant to RCW 9.94A.712, a minimum term of
sentence, within the standard sentence range. If the sentence imposed is less than eleven years of confinement, the court may suspend the execution of the sentence and impose the following conditions of suspension:

(a) The court shall order the offender to serve a term of total confinement of twelve months and one day in an institution operated by, or utilized under contract with, the department. An offender serving a term of confinement under this subsection is not eligible for earned release credits under RCW 9.94A.728.

(b) The court shall place the offender on community custody for the length of the suspended sentence, the length of the maximum term imposed pursuant to RCW 9.94A.712, or three years, whichever is greater, and require the offender to comply with the following conditions:

(i) Crime-related prohibitions;
(ii) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender’s address or employment;
(iii) Pay all court-ordered legal financial obligations as provided in RCW 9.94A.030;
(iv) Reimburse the victim for the cost of any counseling required as a result of the offender’s crime;
(v) Refrain from possessing or consuming alcohol or controlled substances except pursuant to lawfully issued prescriptions;
(vi) Refrain from possessing, viewing, or listening to pornography;
(vii) Refrain from having direct or indirect contact with children and refrain from being in a location where groups of children normally congregate; and
(viii)Any other conditions imposed by the department under RCW 9.94A.720.

(c) The court shall order treatment for any period up to seven years in duration. The court, in its discretion, shall order outpatient sex offender treatment or inpatient sex offender treatment, if available. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment. The offender shall not change sex offender treatment providers or treatment conditions without first notifying the prosecutor, the community corrections officer, and the court. If any party or the court objects to a proposed change, the offender shall not change providers or conditions without court approval after a hearing.

(5) As conditions of the suspended sentence, the court may impose one or more of the following:

(a) Require the offender to devote time to a specific employment or occupation;
(b) Report as directed to the court and a community corrections officer; or
(c) Perform community restitution work.

(6) At the time of sentencing, the court shall set a treatment termination hearing for three months prior to the anticipated date for completion of treatment.

(7) (a) The sex offender treatment provider shall submit quarterly reports on the offender’s progress in treatment to the court and the parties. The report shall reference the treatment plan and include at a minimum the following: Dates of attendance, offender’s compliance with requirements, treatment activities, the offender’s relative progress in treatment, and any other material specified by the court at sentencing.

(b) The court shall conduct a hearing on the offender’s progress in treatment at least once a year. At least fourteen days prior to the hearing, notice of the hearing shall be given to the victim. The victim shall be given the opportunity to make statements to the court regarding the offender’s supervision and treatment.

(8) At least fourteen days prior to the treatment termination hearing, notice of the hearing shall be given to the victim. The victim shall be given the opportunity to make statements to the court regarding the offender’s supervision and treatment. Prior to the treatment termination hearing, the treatment provider and community corrections officer shall submit written reports to the court and parties regarding the offender’s compliance with treatment and monitoring requirements, and recommendations regarding termination from treatment, including proposed community custody conditions. The court shall order an evaluation regarding the advisability of termination from treatment by a sex offender treatment provider who may not be the same person who treated the offender under subsection (4) of this section or any person who employs, is employed by, or shares profits with the person who treated the offender under subsection (4) of this section. The offender shall pay the cost of the evaluation. At the treatment termination hearing the court may: (a) Modify conditions of community custody, and either (b) terminate treatment, or (c) extend treatment in three-year increments for up to the remaining period of community custody.

(9) (a) If a violation of the mandatory conditions imposed under subsection (4)(b) of this section occurs during community custody, the department shall refer the violation to the court and recommend revocation of the suspended sentence as provided in subsections (6) and (8) of this section.

(b) If a violation of the conditions imposed under subsection (5) of this section occurs during community custody, the department shall either impose sanctions as provided for in RCW 9.94A.737(2)(a) or refer the violation to the court and recommend revocation of the suspended sentence as provided for in subsections (6) and (8) of this section.

(10) (a) The court shall revoke the suspended sentence during the period of community custody and order execution of the sentence if: (i) The offender violates any of the mandatory conditions of the suspended sentence imposed under subsection (4)(b)(v) or (vi) of this section; or (ii) the offender violates any of the mandatory conditions imposed under subsection (4)(b)(i) through (iv), (vii), or (viii) of this section, and the offender has a
previous violation of any of the mandatory conditions of the suspended sentence imposed under subsection (4)(b)(i) through (iv), (vii), or (viii) of this section.

(b) The court may revoke the suspended sentence at any time during the period of community custody and order execution of the sentence if: (i) The offender violates the conditions of the suspended sentence imposed under subsection (5) of this section; (ii) the offender violates the mandatory conditions of the suspended sentence imposed under subsection (4)(b)(i) through (iv), (vii), or (viii) of this section and the offender has no previous violation of any of the mandatory conditions of the suspended sentence imposed under subsection (4)(b)(i) through (iv), (vii), or (viii) of this section; or (iii) the court finds that the offender is failing to make satisfactory progress in treatment.

(c) All confinement time served during the period of community custody shall be credited to the offender if the suspended sentence is revoked.

(11) The offender’s sex offender treatment provider may not be the same person who examined the offender under subsection (3) of this section or any person who employs, is employed by, or shares profits with the person who examined the offender under subsection (3) of this section. Examinations and treatment ordered pursuant to this subsection shall only be conducted by sex offender treatment providers certified by the department of health pursuant to chapter 18.155 RCW unless the court finds that:

(a) The offender has already moved to another state or plans to move to another state for reasons other than circumventing the certification requirements; or

(b)(i) No certified providers are available for treatment within a reasonable geographical distance of the offender’s home; and

(ii) The evaluation and treatment plan comply with this section and the rules adopted by the department of health.

(12) If the offender is less than eighteen years of age when the charge is filed, the state shall pay for the cost of initial evaluation and treatment.

Sec. 2. RCW 9.94A.670 and 2002 c 175 s 11 are each amended to read as follows:

(1) Unless the context clearly requires otherwise, the definitions in this subsection apply to this section only.

(a) "Sex offender treatment provider" or "treatment provider" means a certified sex offender treatment provider as defined in RCW 18.155.020.

(b) "Victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a result of the crime charged. "Victim" also means a parent or guardian of a victim who is a minor child unless the parent or guardian is the perpetrator of the offense.

(2) An offender is eligible for the special sex offender sentencing alternative if:

(a) The offender has been convicted of a sex offense other than a violation of RCW 9A.44.050, 9A.44.073, 9A.44.076, 9A.44.079, 9A.44.083, 9A.44.086, 9A.44.089, or 9A.44.093 or a sex offense that is also a serious violent offense;

(b) The offender has no prior convictions for a sex offense as defined in RCW 9.94A.030 or any other felony sex offenses in this or any other state; and

(c) The offender’s standard sentence range for the offense includes the possibility of confinement for less than eleven years.

(3) If the court finds the offender is eligible for this alternative, the court, on its own motion or the motion of the state or the offender, may order an examination to determine whether the offender is amenable to treatment.

(a) The report of the examination shall include at a minimum the following:

(i) The offender’s version of the facts and the official version of the facts;

(ii) The offender’s offense history;

(iii) An assessment of problems in addition to alleged deviant behaviors;

(iv) The offender’s social and employment situation; and

(v) Other evaluation measures used.

The report shall set forth the sources of the examiner’s information.

(b) The examiner shall assess and report regarding the offender’s amenability to treatment and relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

(i) Frequency and type of contact between offender and therapist;

(ii) Specific issues to be addressed in the treatment and description of planned treatment modalities;

(iii) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members and others;

(iv) Anticipated length of treatment; and

(v) Recommended crime-related prohibitions.

(c) The court on its own motion may order, or on a motion by the state shall order, a second examination regarding the offender’s amenability to treatment. The examiner shall be selected by the party making the motion. The offender shall pay the cost of any second examination ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost.
(4) After receipt of the reports, the court shall consider whether the offender and the community will benefit from use of this alternative and consider the victim’s opinion whether the offender should receive a treatment disposition under this section. If the court determines that this alternative is appropriate, the court shall then impose a sentence or, pursuant to RCW 9.94A.712, a minimum term of sentence, within the standard sentence range. If the sentence imposed is less than eleven years of confinement, the court may suspend the execution of the sentence and impose the following conditions of suspension:

(a) The court shall place the offender on community custody for the length of the suspended sentence, the length of the maximum term imposed pursuant to RCW 9.94A.712, or three years, whichever is greater, and require the offender to comply with any conditions imposed by the department under RCW 9.94A.720.

(b) The court shall order treatment for any period up to three years in duration. The court, in its discretion, shall order outpatient sex offender treatment or inpatient sex offender treatment, if available. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment. The offender shall not change sex offender treatment providers or treatment conditions without first notifying the prosecutor, the community corrections officer, and the court. If any party or the court objects to a proposed change, the offender shall not change providers or conditions without court approval after a hearing.

(5) As conditions of the suspended sentence, the court may impose one or more of the following:

(a) Up to six months of confinement, not to exceed the sentence range of confinement for that offense;

(b) Crime-related prohibitions;

(c) Require the offender to devote time to a specific employment or occupation;

(d) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender’s address or employment;

(e) Report as directed to the court and a community corrections officer;

(f) Pay all court-ordered legal financial obligations as provided in RCW 9.94A.030;

(g) Perform community restitution work;

(h) Reimburse the victim for the cost of any counseling required as a result of the offender’s crime.

(6) At the time of sentencing, the court shall set a treatment termination hearing for three months prior to the anticipated date for completion of treatment.

(7) The sex offender treatment provider shall submit quarterly reports on the offender’s progress in treatment to the court and the parties. The report shall reference the treatment plan and include at a minimum the following: Dates of attendance, offender’s compliance with requirements, treatment activities, the offender’s relative progress in treatment, and any other material specified by the court at sentencing.

(8) Prior to the treatment termination hearing, the treatment provider and community corrections officer shall submit written reports to the court and parties regarding the offender’s compliance with treatment and monitoring requirements, and recommendations regarding termination from treatment, including proposed community custody conditions. Either party may request, and the court may order, another evaluation regarding the advisability of termination from treatment. The offender shall pay the cost of any additional evaluation ordered unless the court finds the offender to be indigent in which case the state shall pay the cost. At the treatment termination hearing the court may: (a) Modify conditions of community custody, and either (b) terminate treatment, or (c) extend treatment for up to the remaining period of community custody.

(9) If a violation of conditions occurs during community custody, the department shall either impose sanctions as provided for in RCW 9.94A.737(2)(a) or refer the violation to the court and recommend revocation of the suspended sentence as provided for in subsections (6) and (8) of this section.

(10) The court may revoke the suspended sentence at any time during the period of community custody and order execution of the sentence if: (a) The offender violates the conditions of the suspended sentence, or (b) the court finds that the offender is failing to make satisfactory progress in treatment. All confinement time served during the period of community custody shall be credited to the offender if the suspended sentence is revoked.

(11) Examinations and treatment ordered pursuant to this subsection shall only be conducted by sex offender treatment providers certified by the department of health pursuant to chapter 18.155 RCW unless the court finds that:

(a) The offender has already moved to another state or plans to move to another state for reasons other than circumventing the certification requirements; or

(b)(i) No certified providers are available for treatment within a reasonable geographical distance of the offender’s home; and

(ii) The evaluation and treatment plan comply with this section and the rules adopted by the department of health.

(12) If the offender is less than eighteen years of age when the charge is filed, the state shall pay for the cost of initial evaluation and treatment.

Representative O’Brien moved the adoption of amendment (1140) to amendment (1078):

On page 1, beginning on line 3 of the amendment, strike all material through "2004." on page 13, line 33, and insert the following:

(1) The legislature finds that sex offenses against children are among the most heinous of crimes and that the legislature has a paramount duty to protect children from victimization by sex offenders. Sentencing policy in Washington state should ensure that punishment of sex offenders is pursued to the extent that such punishment does not jeopardize the safety of children or hinder the successful prosecution of sex offenses against children. The special sex offender sentencing alternative was enacted in 1984 to protect victims of sexual assault. A 1991 evaluation of the effectiveness of the sentencing alternative concluded that it accurately selected sex offenders who, with supervision and treatment, reoffend at lower rates and that the use of the sentencing alternative does not increase risk to the community. Today, strong support for the special sex offender sentencing alternative continues among advocates for children who are victims of sexual assault and prosecutors who prosecute sex offenses against children.

(2) The legislature further finds that several weaknesses in the structure and administration of the special sex offender sentencing alternative have been identified and should be addressed. In addition, a comprehensive analysis and evaluation of the special sex offender sentencing alternative is needed to ensure that efforts to reform the sentencing alternative do not result in jeopardizing the safety of children or hindering the successful prosecution of sex offenses against children.

(3) The legislature intends to protect children from victimization by sex offenders by taking immediate action to increase punishment for the most serious sex offenses against children, making immediate changes in the special sex offender sentencing alternative to address known weaknesses in the program, and thoroughly evaluating the effectiveness of the special sex offender sentencing alternative to determine whether additional changes are needed to further increase the protection of children from victimization by sex offenders.

(1) This section applies exclusively to:
(a) Offenders who are at least eighteen years old when they are charged with crimes committed prior to the effective date of this act; and
(b) Offenders who are less than eighteen years old when they are charged, but are subject to adult felony prosecution because the juvenile court lacks jurisdiction under RCW 13.04.030, or has declined jurisdiction under RCW 13.40.110, prior to, on, or after the effective date of this act.
(2) Unless the context clearly requires otherwise, the definitions in this subsection apply to this section only.
(a) "Sex offender treatment provider" or "treatment provider" means a certified sex offender treatment provider as defined in RCW 18.155.020.
(b) "Victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a result of the crime charged. "Victim" also means a parent or guardian of a victim who is a minor child unless the parent or guardian is the perpetrator of the offense.
(((2))) (2) An eligible is for the specific sex offender treatment sentencing alternative if:
(a) The offender has been convicted of a sex offense other than a violation of RCW 9A.44.050 or a sex offense that is also a serious violent offense;
(b) The offender has no prior convictions for a sex offense as defined in RCW 9.94A.030 or any other felony sex offenses in this or any other state; and
(c) The offender’s standard sentence range for the offense includes the possibility of confinement for less than eleven years.
(((4))) (4) If the court finds the offender is eligible for this alternative, the court, on its own motion or the motion of the state or the offender, may order an examination to determine whether the offender is amenable to treatment:
(a) The report of the examination shall include at a minimum the following:
(i) The offender's version of the facts and the official version of the facts;
(ii) The offender’s offense history;
(iii) An assessment of problems in addition to alleged deviant behaviors;
(iv) The offender's social and employment situation; and
(v) Other evaluation measures used.
The report shall set forth the sources of the examiner’s information.
(b) The examiner shall assess and report regarding the offender’s amenability treatment and relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:
(i) Frequency and type of contact between offender and therapist;
(ii) Specific issues to be addressed in the treatment and description of planned treatment modalities;
(iii) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members and others;
(iv) Anticipated length of treatment; and
(v) Recommended crime-related prohibitions.
(c) The court on its own motion may order, or on a motion by the state shall order, a second examination regarding the offender’s amenability to treatment. The examiner shall be selected by the party making the motion. The offender shall pay the cost of any second examination ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost.
(((4))) (5) After receipt of the reports, the court shall consider whether the offender and the community will benefit from use of this alternative and consider the victim's opinion whether the offender should receive a treatment disposition under this section. If the court determines that this alternative is appropriate, the court shall then impose a sentence or, pursuant to RCW 9.94A.712, a minimum term of sentence, within the standard sentence range. If the sentence imposed is less than eleven years of confinement, the court may suspend the execution of the sentence and impose the following conditions of suspension:
(a) The court shall place the offender on community custody for the length of the suspended sentence, the length of the maximum term imposed pursuant to RCW 9.94A.712, or three years, whichever is greater, and require the offender to comply with any conditions imposed by the department under RCW 9.94A.720.
(b) The court shall order treatment for any period up to three years in duration. The court, in its discretion, shall order outpatient sex offender treatment or inpatient sex offender treatment, if available. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment. The offender shall not change sex offender treatment providers or treatment conditions without first notifying the prosecutor, the community corrections officer, and the court. If any party or the court objects to a proposed change, the offender shall not change providers or conditions without court approval after a hearing.
(((5))) (6) As conditions of the suspended sentence, the court may impose one or more of the following:
(a) Up to six months of confinement, not to exceed the sentence range of confinement for that offense;
(b) Crime-related prohibitions;
(c) Require the offender to devote time to a specific employment or occupation;
(d) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender’s address or employment;

(e) Report as directed to the court and a community corrections officer;

(f) Pay all court-ordered legal financial obligations as provided in RCW 9.94A.030;

(g) Perform community restitution work; or

(h) Reimburse the victim for the cost of any counseling required as a result of the offender’s crime.

At the time of sentencing, the court shall set a treatment termination hearing for three months prior to the anticipated date for completion of treatment.

The sex offender treatment provider shall submit quarterly reports on the offender’s progress in treatment to the court and the parties. The report shall reference the treatment plan and include at a minimum:

- Dates of attendance, offender’s compliance with requirements, treatment activities, the offender’s relative progress in treatment, and any other material specified by the court at sentencing.

Prior to the treatment termination hearing, the treatment provider and community corrections officer shall submit written reports to the court and parties regarding the offender’s compliance with treatment and monitoring requirements, and recommendations regarding termination from treatment, including proposed community custody conditions. Either party may request, and the court may order, another evaluation regarding the advisability of termination from treatment. The offender shall pay the cost of any additional evaluation ordered unless the court finds the offender to be indigent in which case the state shall pay the cost. At the treatment termination hearing the court may:

- (a) Modify conditions of community custody, and either (b) terminate treatment, or (c) extend treatment for up to the remaining period of community custody.

If a violation of conditions occurs during community custody, the department shall either impose sanctions as provided for in RCW 9.94A.737(2)(a) or refer the violation to the court and recommend revocation of the suspended sentence as provided for in subsections ((6)) (7) and ((8)) (9) of this section.

The court may revoke the suspended sentence at any time during the period of community custody and order execution of the sentence if:

- (a) The offender violates the conditions of the suspended sentence, or
- (b) the court finds that the offender is failing to make satisfactory progress in treatment. All confinement time served during the period of community custody shall be credited to the offender if the suspended sentence is revoked.

The offender’s sex offender treatment provider may not be the same person who examined the offender under subsection (4) of this section or any person who employs, is employed by, or shares profits with the person who examined the offender under subsection (4) of this section, unless the court has entered written findings that such treatment is in the best interests of the victim and that successful treatment of the offender would otherwise be impractical. Examinations and treatment ordered pursuant to this subsection shall only be conducted by sex offender treatment providers certified by the department of health pursuant to chapter 18.155 RCW unless the court finds that:

- (a) The offender has already moved to another state or plans to move to another state for reasons other than circumventing the certification requirements; or
- (b)(i) No certified providers are available for treatment within a reasonable geographical distance of the offender’s home; and
- (ii) The evaluation and treatment plan comply with this section and the rules adopted by the department of health.

If the offender is less than eighteen years of age when the charge is filed, the state shall pay for the cost of initial evaluation and treatment.

(1) This section applies exclusively to offenders who are at least eighteen years old when they are charged with crimes committed on or after the effective date of this act.

(2) Unless the context clearly requires otherwise, the definitions in this subsection apply to this section only.

(a) "Sex offender treatment provider" or "treatment provider" means a certified sex offender treatment provider as defined in RCW 18.155.020.

(b) "Substantial bodily harm" means bodily injury that involves a temporary but substantial disfigurement, or that causes a temporary but substantial loss or impairment of the function of any body part or organ, or that causes a fracture of any body part or organ.

(c) "Victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a result of the crime charged. "Victim" also means a parent or guardian of a victim who is a minor child unless the parent or guardian is the perpetrator of the offense.

(3) An offender is eligible for the special sex offender sentencing alternative if:

- (a) The offender has been convicted of a sex offense other than a violation of RCW 9A.44.050 or a sex offense that is also a serious violent offense;
- (b) The offender has no prior convictions for a sex offense as defined in RCW 9.94A.030 or any other felony sex offenses in this or any other state;
- (c) The offender has no prior adult convictions for a violent offense that was committed within five years of the date the current offense was committed;
(d) The offense did not result in substantial bodily harm to the victim;
(e) The offender had an established relationship with, or connection to, the victim such that the sole connection with the victim was not the commission of the crime; and
(f) The offender's standard sentence range for the offense includes the possibility of confinement for less than eleven years.

(4) If the court finds the offender is eligible for this alternative, the court, on its own motion or the motion of the state or the offender, may order an examination to determine whether the offender is amenable to treatment.
   (a) The report of the examination shall include at a minimum the following:
      (i) The offender's version of the facts and the official version of the facts;
      (ii) The offender's offense history;
      (iii) An assessment of problems in addition to alleged deviant behaviors;
      (iv) The offender's social and employment situation; and
      (v) Other evaluation measures used.
   The report shall set forth the sources of the examiner's information.
   (b) The examiner shall assess and report regarding the offender's amenability to treatment and relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:
      (i) Frequency and type of contact between offender and therapist;
      (ii) Specific issues to be addressed in the treatment and description of planned treatment modalities;
      (iii) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members and others;
      (iv) Anticipated length of treatment; and
      (v) Recommended crime-related prohibitions, which must include an identification of specific activities or behaviors that are precursors to the offender's offense cycle, including, but not limited to, activities or behaviors such as viewing or listening to pornography or use of alcohol or controlled substances.
   (c) The court on its own motion may order, or on a motion by the state shall order, a second examination regarding the offender's amenability to treatment. The examiner shall be selected by the party making the motion. The offender shall pay the cost of any second examination ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost.

(5) After receipt of the reports, if the offender's conviction is for a violation of RCW 9A.44.073, 9A.44.076, or 9A.44.083, the prosecutor shall recommend to the court whether the offender should or should not receive a sentencing alternative under this section. When making his or her recommendation, the prosecutor shall consider whether the victim's testimony is essential for successful prosecution, whether the victim is willing to provide credible testimony at trial and sentencing, and whether there are additional chargeable cases against the offender based upon the existence of multiple victims. The court may not impose a sentencing alternative under this section if the prosecutor has recommended that the offender should not receive such a sentencing alternative.

(6) After receipt of the reports, unless the imposition of a sentencing alternative under this section is prohibited under subsection (5) of this section, the court shall consider whether the offender and the community will benefit from use of this alternative, consider whether the alternative is too lenient in light of the extent and circumstances of the offense, consider whether the offender has victims in addition to the victim of the offense, consider whether the offender is amenable to treatment, consider the risk the offender would present to the community, to the victim, or to persons of similar age and circumstances as the victim, and consider the victim's opinion whether the offender should receive a treatment disposition under this section. The court shall give great weight to the victim's opinion whether the offender should receive a treatment disposition under this section. If the sentence imposed is contrary to the victim's opinion, the court shall enter written findings stating its reasons for imposing the treatment disposition. The fact that the offender admits to his or her offense does not, by itself, constitute amenability to treatment. If the court determines that this alternative is appropriate, the court shall then impose a sentence or, pursuant to RCW 9.94A.712, a minimum term of sentence, within the standard sentence range. If the sentence imposed is less than eleven years of confinement, the court may suspend the execution of the sentence and impose the following conditions of suspension:
   (a) The court shall order the offender to serve a term of confinement of twelve months or the maximum term within the standard range, whichever is less. The court may order the offender to serve a term of confinement greater than twelve months or the maximum term within the standard range based on the presence of an aggravating circumstance listed in RCW 9.94A.535(2). In no case shall the term of confinement exceed the statutory maximum sentence for the offense. The court may order the offender to serve all or part of his or her term of confinement in partial confinement. An offender sentenced to a term of confinement under this subsection is not eligible for earned release under RCW 9.92.151 or 9.94A.728.
   (b) The court shall place the offender on community custody for the length of the suspended sentence, the length of the maximum term imposed pursuant to RCW 9.94A.712, or three years, whichever is greater, and require the offender to comply with any conditions imposed by the department under RCW 9.94A.720.
   (c) The court shall order treatment for any period up to five years in duration. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment. The offender shall not change sex offender treatment providers or treatment conditions without first
notifying the prosecutor, the community corrections officer, and the court. If any party or the court objects to a proposed change, the offender shall not change providers or conditions without court approval after a hearing.

(d) As conditions of the suspended sentence, the court shall impose specific prohibitions relating to the precursor activities or behaviors identified in the proposed treatment plan under subsection (4)(b)(v) of this section.

(7) As conditions of the suspended sentence, the court may impose one or more of the following:

(a) Crime-related prohibitions;
(b) Require the offender to devote time to a specific employment or occupation;
(c) Require the offender to remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender’s address or employment;
(d) Require the offender to report as directed to the court and a community corrections officer;
(e) Require the offender to pay all court-ordered legal financial obligations as provided in RCW 9.94A.030;
(f) Require the offender to perform community restitution work; or
(g) Require the offender to reimburse the victim for the cost of any counseling required as a result of the offender’s crime.

(8) At the time of sentencing, the court shall set a treatment termination hearing for three months prior to the anticipated date for completion of treatment.

(9)(a) The sex offender treatment provider shall submit quarterly reports on the offender's progress in treatment to the court and the parties. The report shall reference the treatment plan and include at a minimum the following: Dates of attendance, offender’s compliance with requirements, treatment activities, the offender’s relative progress in treatment, and any other material specified by the court at sentencing.

(b) The court shall conduct a hearing on the offender’s progress in treatment at least once a year. At least fourteen days prior to the hearing, notice of the hearing shall be given to the victim. The victim shall be given the opportunity to make statements to the court regarding the offender’s supervision and treatment. At the hearing, the court may modify conditions of community custody or revoke the suspended sentence.

(10) At least fourteen days prior to the treatment termination hearing, notice of the hearing shall be given to the victim. The victim shall be given the opportunity to make statements to the court regarding the offender’s supervision and treatment. Prior to the treatment termination hearing, the treatment provider and community corrections officer shall submit written reports to the court and parties regarding the offender’s compliance with treatment and monitoring requirements, and recommendations regarding termination from treatment, including proposed community custody conditions. The court shall order an evaluation regarding the advisability of termination from treatment by a sex offender treatment provider who may not be the same person who treated the offender under subsection (6) of this section or any person who employs, is employed by, or shares profits with the person who treated the offender under subsection (6) of this section. The offender shall pay the cost of the evaluation. At the treatment termination hearing the court may: (a) Modify conditions of community custody, and either (b) terminate treatment, or (c) extend treatment in two-year increments for up to the remaining period of community custody.

(11)(a) If a violation of conditions other than a second violation of the prohibitions relating to precursor behaviors or activities imposed under subsection (6)(d) of this section occurs during community custody, the department shall either impose sanctions as provided for in RCW 9.94A.737(2)(a) or refer the violation to the court and recommend revocation of the suspended sentence as provided for in subsections (8) and (10) of this section.

(b) If a second violation of the prohibitions relating to precursor behaviors or activities imposed under subsection (6)(d) of this section occurs during community custody, the department shall refer the violation to the court and recommend revocation of the suspended sentence as provided in subsection (12) of this section.

(12) The court may revoke the suspended sentence at any time during the period of community custody and order execution of the sentence if: (a) The offender violates the conditions of the suspended sentence, or (b) the court finds that the offender is failing to make satisfactory progress in treatment. All confinement time served during the period of community custody shall be credited to the offender if the suspended sentence is revoked.

(13) The offender’s sex offender treatment provider may not be the same person who examined the offender under subsection (4) of this section or any person who employs, is employed by, or shares profits with the person who examined the offender under subsection (4) of this section, unless the court has entered written findings that such treatment is in the best interests of the victim and that successful treatment of the offender would otherwise be impractical. Examinations and treatment ordered pursuant to this subsection shall only be conducted by sex offender treatment providers certified by the department of health pursuant to chapter 18.155 RCW unless the court finds that:

(a) The offender has already moved to another state or plans to move to another state for reasons other than circumventing the certification requirements; or
(b)(i) No certified providers are available for treatment within a reasonable geographical distance of the offender’s home; and
(ii) The evaluation and treatment plan comply with this section and the rules adopted by the department of health.
(1) Except as provided in subsection (2) of this section, the sentence of a prisoner confined in a county jail facility for a felony, gross misdemeanor, or misdemeanor conviction may be reduced by earned release credits in accordance with procedures that shall be developed and promulgated by the correctional agency having jurisdiction. The earned early release time shall be for good behavior and good performance as determined by the correctional agency having jurisdiction. Any program established pursuant to this section shall allow an offender to earn early release credits for presentence incarceration. The correctional agency shall not credit the offender with earned early release credits in advance of the offender actually earning the credits. In the case of an offender convicted of a serious violent offense or a sex offense that is a class A felony committed on or after July 1, 1990, the aggregate earned early release time may not exceed fifteen percent of the sentence. In no other case may the aggregate earned early release time exceed one-third of the total sentence.

(2) An offender serving a term of confinement imposed under section 4(6)(a) of this act is not eligible for earned release credits under this section.

No person serving a sentence imposed pursuant to this chapter and committed to the custody of the department shall leave the confines of the correctional facility or be released prior to the expiration of the sentence except as follows:

(1) Except as otherwise provided for in subsection (2) of this section, the term of the sentence of an offender committed to a correctional facility operated by the department may be reduced by earned release time in accordance with procedures that shall be developed and promulgated by the correctional agency having jurisdiction in which the offender is confined. The earned release time shall be for good behavior and good performance, as determined by the correctional agency having jurisdiction. The correctional agency shall not credit the offender with earned release credits in advance of the offender actually earning the credits. Any program established pursuant to this section shall allow an offender to earn early release credits for presentence incarceration. If an offender is transferred from a county jail to the department, the administrator of a county jail facility shall certify to the department the amount of time spent in custody at the facility and the amount of earned release time. An offender who has been convicted of a felony committed after July 23, 1995, that involves any applicable deadly weapon enhancements under RCW 9.94A.533 (3) or (4), or both, shall not receive any good time credits or earned release time for that portion of his or her sentence that results from any deadly weapon enhancements.

(a) In the case of an offender convicted of a serious violent offense, or a sex offense that is a class A felony, committed on or after July 1, 1990, and before July 1, 2003, the aggregate earned early release time may not exceed fifteen percent of the sentence. In the case of an offender convicted of a serious violent offense, or a sex offense that is a class A felony, committed on or after July 1, 2003, the aggregate earned release time may not exceed ten percent of the sentence.

(b)(i) In the case of an offender who qualifies under (b)(ii) of this subsection, the aggregate earned release time may not exceed fifty percent of the sentence.

(ii) An offender is qualified to earn up to fifty percent of aggregate earned release time under this subsection (1)(b) if he or she:

(A) Is classified in one of the two lowest risk categories under (b)(iii) of this subsection;

(B) Is not confined pursuant to a sentence for:

(I) A sex offense;

(II) A violent offense;

(III) A crime against persons as defined in RCW 9.94A.411;

(IV) A felony that is domestic violence as defined in RCW 10.99.020;

(V) A violation of RCW 9A.52.025 (residential burglary);

(VI) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.401 by manufacture or delivery or possession with intent to deliver methamphetamine; or

(VII) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.406 (delivery of a controlled substance to a minor); and

(C) Has no prior conviction for:

(I) A sex offense;

(II) A violent offense;

(III) A crime against persons as defined in RCW 9.94A.411;

(IV) A felony that is domestic violence as defined in RCW 10.99.020;

(V) A violation of RCW 9A.52.025 (residential burglary);

(VI) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.401 by manufacture or delivery or possession with intent to deliver methamphetamine; or

(VII) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.406 (delivery of a controlled substance to a minor).

(iii) For purposes of determining an offender’s eligibility under this subsection (1)(b), the department shall perform a risk assessment of every offender committed to a correctional facility operated by the department who has no current or prior conviction for a sex offense, a violent offense, a crime against persons as defined in RCW 9.94A.411, a felony that is domestic violence as defined in RCW 10.99.020, a violation of RCW
9A.52.025 (residential burglary), a violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.401 by manufacture or delivery or possession with intent to deliver methamphetamine, or a violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.406 (delivery of a controlled substance to a minor). The department must classify each assessed offender in one of four risk categories between highest and lowest risk.

(iv) The department shall recalculate the earned release time and reschedule the expected release dates for each qualified offender under this subsection (1)(b).

(v) This subsection (1)(b) applies retroactively to eligible offenders serving terms of total confinement in a state correctional facility as of July 1, 2003.

(vi) This subsection (1)(b) does not apply to offenders convicted after July 1, 2010.

(c) In no other case shall the aggregate earned release time exceed one-third of the total sentence;

(2)(a) A person convicted of a sex offense or an offense categorized as a serious violent offense, assault in the second degree, vehicular homicide, vehicular assault, assault of a child in the second degree, any crime against persons where it is determined in accordance with RCW 9.94A.602 that the offender or an accomplice was armed with a deadly weapon at the time of commission, or any felony offense under chapter 69.50 or 69.52 RCW, committed before July 1, 2000, may become eligible, in accordance with a program developed by the department, for transfer to community custody status in lieu of earned release time pursuant to subsection (1) of this section;

(b) A person convicted of a sex offense, a violent offense, any crime against persons under RCW 9.94A.411(2), or a felony offense under chapter 69.50 or 69.52 RCW, committed on or after July 1, 2000, may become eligible, in accordance with a program developed by the department, for transfer to community custody status in lieu of earned release time pursuant to subsection (1) of this section;

(c) The department shall, as a part of its program for release to the community in lieu of earned release, require the offender to propose a release plan that includes an approved residence and living arrangement. All offenders with community placement or community custody terms eligible for release to community custody status in lieu of earned release shall provide an approved residence and living arrangement prior to release to the community;

(d) The department may deny transfer to community custody status in lieu of earned release time pursuant to subsection (1) of this section if the department determines an offender’s release plan, including proposed residence location and living arrangements, may violate the conditions of the sentence or conditions of supervision, place the offender at risk to violate the conditions of the sentence, place the offender at risk to reoffend, or present a risk to victim safety or community safety. The department’s authority under this section is independent of any court-ordered condition of sentence or statutory provision regarding conditions for community custody or community placement;

(e) An offender serving a term of confinement imposed under section 4(6)(a) of this act is not eligible for earned release credits under this section;

(3) An offender may leave a correctional facility pursuant to an authorized furlough or leave of absence. In addition, offenders may leave a correctional facility when in the custody of a corrections officer or officers;

(4)(a) The secretary may authorize an extraordinary medical placement for an offender when all of the following conditions exist:

(i) The offender has a medical condition that is serious enough to require costly care or treatment;

(ii) The offender poses a low risk to the community because he or she is physically incapacitated due to age or the medical condition; and

(iii) Granting the extraordinary medical placement will result in a cost savings to the state.

(b) An offender sentenced to death or to life imprisonment without the possibility of release or parole is not eligible for an extraordinary medical placement.

(c) The secretary shall require electronic monitoring for all offenders in extraordinary medical placement unless the electronic monitoring equipment interferes with the function of the offender’s medical equipment or results in the loss of funding for the offender’s medical care. The secretary shall specify who shall provide the monitoring services and the terms under which the monitoring shall be performed.

(d) The secretary may revoke an extraordinary medical placement under this subsection at any time;

(5) The governor, upon recommendation from the clemency and pardons board, may grant an extraordinary release for reasons of serious health problems, senility, advanced age, extraordinary meritorious acts, or other extraordinary circumstances;

(6) No more than the final six months of the sentence may be served in partial confinement designed to aid the offender in finding work and reestablishing himself or herself in the community;

(7) The governor may pardon any offender;

(8) The department may release an offender from confinement any time within ten days before a release date calculated under this section; and

(9) An offender may leave a correctional facility prior to completion of his or her sentence if the sentence has been reduced as provided in RCW 9.94A.870.

Notwithstanding any other provisions of this section, an offender sentenced for a felony crime listed in RCW 9.94A.540 as subject to a mandatory minimum sentence of total confinement shall not be released from
total confinement before the completion of the listed mandatory minimum sentence for that felony crime of conviction unless allowed under RCW 9.94A.540, however persistent offenders are not eligible for extraordinary medical placement.

(1) The Washington state institute for public policy shall conduct a comprehensive analysis and evaluation of the impact and effectiveness of current sex offender sentencing policies. The institute shall analyze and evaluate the effectiveness of sex offender policies and programs, including the special sex offender sentencing alternative, the department of corrections’ treatment program for offenders in prison, and the validity of the risk assessment conducted by the end of sentence review committee prior to release from prison. Using detailed information from offender files and court records, and research conducted in Washington state and other states and nations, the analysis shall examine whether changes to sentencing policies and sex offender programming can increase public safety.

(2) The analysis of the special sex offender sentencing alternative shall specifically evaluate the impact of the sentencing alternative on protection of children from sexual victimization, reporting of sex offenses against children, prosecution of sex offenses against children, appropriate punishment of perpetrators of sex offenses against children, and child sex offense recidivism rates. At a minimum, the institute shall review the following issues to determine whether modifications in the sentencing alternative will increase its effectiveness with respect to protecting children from sexual victimization, successfully prosecuting sex offenses against children, and appropriately punishing perpetrators of sex offenses against children:

(a) Eligibility for the sentencing alternative, including whether the commission of certain types of offenses should render an offender ineligible, whether the disclosure of multiple victims in the course of evaluating an offender should render an offender ineligible, and whether the sentencing alternative should be limited to offenses within families;
(b) Minimum terms of incarceration, including imprisonment at a state facility;
(c) Appropriate conditions or restrictions that should be placed on offenders who receive a sentence alternative; and
(d) Standards for revocation of a sentencing alternative suspended sentence.

(3) The institute shall report its results and recommendations to the appropriate standing committees of the legislature no later than December 31, 2004.

"NEW SECTION.  Sec. 1. A new section is added to chapter 64.34 RCW to read as follows:

(1) The legislature finds, declares, and determines that:
   (a) Washington’s cities and counties under the growth management act are required to encourage urban growth in urban growth areas at densities that accommodate twenty-year growth projections;
   (b) The growth management act’s planning goals include encouraging the availability of affordable housing for all residents of the state and promoting a variety of housing types;
   (c) Quality condominium construction needs to be encouraged to achieve growth management act mandated urban densities and to ensure that residents of the state, particularly in urban growth areas, have a broad range of ownership choices.
   (2) It is the intent of the legislature that limited changes be made to the condominium act to ensure that a broad range of affordable homeownership opportunities continue to be available to the residents of the state, and to assist cities’ and counties’ efforts to achieve the density mandates of the growth management act.

Sec. 2.  RCW 64.34.100 and 1989 c 43 s 1-113 are each amended to read as follows:

(1) The remedies provided by this chapter shall be liberally administered to the end that the aggrieved party is put in as good a position as if the other party had fully performed. However, consequential, special, or punitive damages may not be awarded except as specifically provided in this chapter or by other rule of law.

(2) Except as otherwise provided in chapter 64.34 RCW (sections 101 through 2002 of this act) or in this subsection, any right or obligation declared by this chapter is enforceable by judicial proceeding or, if provided for in the declaration or by other agreement between the parties, by arbitration.

(3) If arbitration is provided for in the declaration with respect to claims arising under RCW 64.34.443, 64.34.445, or 64.34.450, such provision shall be binding on the association and all unit owners and may not be amended without the consent of the declarant. In any arbitration of claims arising under RCW 64.34.443, 64.34.445, or 64.34.450, the arbitrator may award reasonable attorneys’ fees and costs, and arbitration fees and costs of arbitration, to the substantially prevailing party. Arbitration for claims arising under RCW 64.34.443, 64.34.445, or 64.34.450 shall be in accordance with chapter 7.06 RCW, and the mandatory arbitration rules adopted by the supreme court, to the extent consistent with this section, and except as follows:

(a) Chapter 7.06 RCW shall apply regardless of whether a county has authorized mandatory arbitration under RCW 7.06.010. No suit need be commenced in order to commence the arbitration.

(b) The monetary limitations and limitations on type of relief in RCW 7.06.020 shall not apply.

(c) Notwithstanding RCW 7.06.040, the compensation of the arbitrator shall be at the normal rate for such arbitrator in similar matters.

(d) All filings under RCW 7.06.050 shall be on the parties, not with the clerk of the court.

(e) Unless otherwise agreed by the parties, the arbitration hearing shall be conducted in the county in which the condominium is located.

(f) For purposes of RCW 64.34.452, the commencement of an arbitration proceeding under this section shall be deemed to be the equivalent of the commencement of a judicial proceeding.

Sec. 3.  RCW 64.34.324 and 1992 c 220 s 16 are each amended to read as follows:

(1) Unless provided for in the declaration, the bylaws of the association shall provide for:

RCW 64.34.308(1).

(2) Subject to the provisions of the declaration, the bylaws may provide for any other matters the association deems necessary and appropriate.

(3) In determining the qualifications of any officer or director of the association, notwithstanding the provision of RCW 64.34.020(32) the term "unit owner" in such context shall, unless the declaration or bylaws otherwise provide, be deemed to include any director, officer, partner in, or trustee of any person, who is, either alone or in conjunction with another person or persons, a unit owner. Any officer or director of the association who would not be eligible to serve as such if he or she were not a director, officer, partner in, or trustee of such a person shall be disqualified from continuing in office if he or she ceases to have any such affiliation with that person, or if that person would have been disqualified from continuing in such office as a natural person.

Sec. 4. RCW 64.34.425 and 1992 c 220 s 23 are each amended to read as follows:

(1) Except in the case of a sale where delivery of a public offering statement is required, or unless exempt under RCW 64.34.400(2), a unit owner shall furnish to a purchaser before execution of any contract for sale of a unit, or otherwise before conveyance, a resale certificate, signed by an officer or authorized agent of the association and based on the books and records of the association and the actual knowledge of the person signing the certificate, containing:
(a) A statement disclosing any right of first refusal or other restraint on the free alienability of the unit contained in the declaration;
(b) A statement setting forth the amount of the monthly common expense assessment and any unpaid common expense or special assessment currently due and payable from the selling unit owner and a statement of any special assessments that have been levied against the unit which have not been paid even though not yet due;
(c) A statement, which shall be current to within forty-five days, of any common expenses or special assessments against any unit in the condominium that are past due over thirty days;
(d) A statement, which shall be current to within forty-five days, of any obligation of the association which is past due over thirty days;

(f) A statement of any anticipated repair or replacement cost in excess of five percent of the annual budget of the association that has been approved by the board of directors;
(g) A statement of the amount of any reserves for repair or replacement and of any portions of those reserves currently designated by the association for any specified projects;
(h) The annual financial statement of the association, including the audit report if it has been prepared, for the year immediately preceding the current year.
(i) A balance sheet and a revenue and expense statement of the association prepared on an accrual basis, which shall be current to within one hundred twenty days;
(j) The current operating budget of the association;
(k) A statement of any unsatisfied judgments against the association and the status of any pending suits or legal proceedings in which the association is a plaintiff or defendant;
(l) A statement describing any insurance coverage provided for the benefit of unit owners;
(m) A statement as to whether there are any alterations or improvements to the unit or to the limited common elements assigned thereto that violate any provision of the declaration;
(n) A statement of the number of units, if any, still owned by the declarant, whether the declarant has transferred control of the association to the unit owners, and the date of such transfer;
(o) A statement as to whether there are any violations of the health or building codes with respect to the unit, the limited common elements assigned thereto, or any other portion of the condominium;
(p) A statement of the remaining term of any leasehold estate affecting the condominium and the provisions governing any extension or renewal thereof; (and)
(q) A copy of the declaration, the bylaws, the rules or regulations of the association, and any other information reasonably requested by mortgagees of prospective purchasers of units. Information requested generally by the federal national mortgage association, the federal home loan bank board, the government national mortgage association, the veterans administration and the department of housing and urban development shall be deemed reasonable, provided such information is reasonably available to the association; and
(r) A statement, as required by section 301 of this act, as to whether the units or common elements of the condominium are covered by a qualified warranty, and a history of claims under any such warranty.
(2) The association, within ten days after a request by a unit owner, and subject to payment of any fee imposed pursuant to RCW 64.34.304(1)(i), shall furnish a resale certificate signed by an officer or authorized agent of the association and containing the information necessary to enable the unit owner to comply with this section. For the purposes of this chapter, a reasonable charge for the preparation of a resale certificate may not exceed one hundred fifty dollars. The association may charge a unit owner a nominal fee for updating a resale certificate within six months of the unit owner’s request. The unit owner shall also sign the certificate but the unit owner is not liable to the purchaser for any erroneous information provided by the association and included in the certificate unless and to the extent the unit owner had actual knowledge thereof.

(3) A purchaser is not liable for any unpaid assessment or fee against the unit as of the date of the certificate greater than the amount set forth in the certificate prepared by the association unless and to the extent such purchaser had actual knowledge thereof. A unit owner is not liable to a purchaser for the failure or delay of the association to provide the certificate in a timely manner, but the purchaser’s contract is voidable by the purchaser until the certificate has been provided and for five days thereafter or until conveyance, whichever occurs first.

Sec. 5. RCW 64.34.445 and 1992 c 220 s 26 are each amended to read as follows:

(1) A declarant and any dealer warrants that a unit will be in at least as good condition at the earlier of the time of the conveyance or delivery of possession as it was at the time of contracting, reasonable wear and tear and damage by casualty or condemnation excepted.

(2) A declarant and any dealer impliedly warrants that a unit and the common elements in the condominium are suitable for the ordinary uses of real estate of its type and that any improvements made or contracted for by such declarant or dealer will be:
  (a) Free from defective materials; ((and))
  (b) Constructed in accordance with sound engineering and construction standards((and));
  (c) Constructed in a workmanlike manner; and
  (d) Constructed in compliance with all laws then applicable to such improvements.

(3) A declarant and any dealer warrants to a purchaser of a unit that may be used for residential use that an existing use, continuation of which is contemplated by the parties, does not violate applicable law at the earlier of the time of conveyance or delivery of possession.

(4) Warranties imposed by this section may be excluded or modified as specified in RCW 64.34.450.

(5) For purposes of this section, improvements made or contracted for by an affiliate of a declarant, as defined in RCW 64.34.020(1), are made or contracted for by the declarant.

(6) Any conveyance of a unit transfers to the purchaser all of the declarant’s implied warranties of quality.

(7) In a judicial proceeding or arbitration for breach of any of the obligations arising under this section, the plaintiff must show that the alleged breach has adversely affected or will adversely affect the performance of that portion of the unit or common elements alleged to be in breach. As used in this subsection, an “adverse effect” must be more than technical and must be significant to a reasonable person. To establish an adverse effect, the person alleging the breach is not required to prove that the breach renders the unit or common element uninhabitable or unfit for its intended purpose.

(8) Proof of breach of any obligation arising under this section is not proof of damages. Damages awarded for a breach of an obligation arising under this section are the cost of repairs. However, if it is established that the cost of such repairs is clearly disproportionate to the loss in market value caused by the breach, then damages shall be limited to the loss in market value.

Sec. 6. RCW 64.34.450 and 1989 c 43 s 4-113 are each amended to read as follows:

(1) ((Except as limited by subsection (2) of this section)) For units intended for nonresidential use, implied warranties of quality:
  (a) May be excluded or modified by written agreement of the parties; and
  (b) Are excluded by written expression of disclaimer, such as "as is," "with all faults," or other language which in common understanding calls the buyer’s attention to the exclusion of warranties.

(2) ((With respect to a purchaser of a unit that may be occupied)) For units intended for residential use, no ((general)) disclaimer of implied warranties of quality is effective, ((but)) except that a declarant ((and any)) or dealer may disclaim liability in ((an instrument)) writing, in type that is bold faced, capitalized, underlined, or otherwise set out from surrounding material so as to be conspicuous, and separately signed by the purchaser, for a specified defect or specified failure to comply with applicable law, if: (a) The declarant or dealer knows or has reason to know that the specific defect or failure (entered into and became a part of the basis of the bargain) exists at the time of disclosure; (b) the disclaimer specifically describes the defect or failure; and (c) the disclaimer includes a statement as to the effect of the defect or failure.

(3) A declarant or dealer may offer an express written warranty of quality only if the express written warranty does not reduce protections provided to the purchaser by the implied warranty set forth in RCW 64.34.445.
Sec. 7. RCW 64.34.452 and 2002 c 323 s 11 are each amended to read as follows:  

(1) A judicial proceeding or arbitration for breach of any obligations arising under RCW 64.34.443 and 64.34.445, and 64.34.450 must be commenced within four years after the cause of action accrues: PROVIDED, That the period for commencing a judicial proceeding or arbitration for a breach accruing pursuant to subsection (2)(b) of this section shall not expire prior to one year after termination of the period of declarant control, if any, under RCW 64.34.308(4). Such periods may not be reduced by either oral or written agreement, or through the use of contractual claims or notice procedures that require the filing or service of any claim or notice prior to the expiration of the period specified in this section. An arbitration is deemed commenced on delivery of a demand for arbitration. Any demand for arbitration shall be delivered by certified mail, return receipt requested, and by ordinary first class mail, or, in the case of persons not resident in the United States of America, by such other comparable form of mailed notice as is reasonably available. The party initiating the arbitration shall address such a notice to the address last known to the initiating party in the exercise of reasonable diligence, and also, in the case of any entity that is required to have a registered agent in the state of Washington, to the address of such a registered agent. Demand for arbitration shall be deemed delivered three days after the postmark date. “Judicial proceeding” as used in this section does not refer to a trial de novo appeal of an arbitration decision and award.  

(2) Subject to subsection (3) of this section, a cause of action or breach of warranty of quality, regardless of the purchaser’s lack of knowledge of the breach, accrues:  

(a) As to a unit, the date the purchaser to whom the warranty is first made enters into possession if a possessory interest was conveyed or the date of acceptance of the instrument of conveyance if a nonpossessory interest was conveyed; and  

(b) As to each common element, at the latest of (i) the date the first unit in the condominium was conveyed to a bona fide purchaser, (ii) the date the common element was completed, or (iii) the date the common element was added to the condominium.  

(3) If a warranty of quality explicitly extends to future performance or duration of any improvement or component of the condominium, the cause of action accrues at the time the breach is discovered or at the end of the period for which the warranty explicitly extends, whichever is earlier.  

(4) If a written notice of claim is served under RCW 64.50.020 within the time prescribed for the filing of an action under this chapter, the statutes of limitation in this chapter and any applicable statutes of repose for construction-related claims are tolled until sixty days after the period of time during which the filing of an action is barred under RCW 64.50.020.  

(5) Nothing in this section affects the time for filing a claim under chapter 64.-- RCW (sections 101 through 2002 of this act).  

NEW SECTION. Sec. 8. (1) A committee is established to study the required use of independent third-party inspections of residential condominiums as a way to reduce the problem of water penetration in residential condominiums.

(a) A member, who shall be the chair of the committee, to be appointed by the governor;  

(b) Two members to be appointed by the majority leader of the senate; and

(6) "Residence" means a single-family house, duplex, triplex, quadruplex, or a unit in a multiunit residential structure in which title to each individual unit is transferred to the owner under a condominium or cooperative system, and shall include common elements as defined in RCW 64.34.020(6) and common areas as defined in RCW 64.38.010(4).

Sec. 13. RCW 64.50.020 and 2002 c 323 s 3 are each amended to read as follows:

(1) In every construction defect action brought against a construction professional, the claimant shall, no later than forty-five days before ([filling]) commencing an action, serve written notice of claim on the construction professional. The notice of claim shall state that the claimant asserts a construction defect claim against the construction professional and shall describe the claim in reasonable detail sufficient to determine the general nature of the defect.

(2) Within twenty-one days after service of the notice of claim, the construction professional shall serve a written response on the claimant by registered mail or personal service. The written response shall:

(a) Propose to inspect the residence that is the subject of the claim and to complete the inspection within a specified time frame. The proposal shall include the statement that the construction professional shall, based on the inspection, offer to remedy the defect, compromise by payment, or dispute the claim;

(b) Offer to compromise and settle the claim by monetary payment without inspection. A construction professional’s offer under this subsection (2)(b) to compromise and settle a homeowner’s claim may include, but is not limited to, an express offer to purchase the claimant’s residence that is the subject of the claim, and to pay the claimant’s reasonable relocation costs; or

(c) State that the construction professional disputes the claim and will neither remedy the construction defect nor compromise and settle the claim.

(3)(a) If the construction professional disputes the claim or does not respond to the claimant’s notice of claim within the time stated in subsection (2) of this section, the claimant may bring an action against the construction professional for the claim described in the notice of claim without further notice.

(b) If the claimant rejects the inspection proposal or the settlement offer made by the construction professional pursuant to subsection (2) of this section, the claimant shall serve written notice of the claimant’s rejection on the construction professional. After service of the rejection, the claimant may bring an action against
the construction professional for the construction defect claim described in the notice of claim. If the construction professional has not received from the claimant, within thirty days after the claimant’s receipt of the construction professional’s response, either an acceptance or rejection of the inspection proposal or settlement offer, then at any time thereafter the construction professional may terminate the proposal or offer by serving written notice to the claimant, and the claimant may thereafter bring an action against the construction professional for the construction defect claim described in the notice of claim.

(4)(a) If the claimant elects to allow the construction professional to inspect in accordance with the construction professional’s proposal pursuant to subsection (2)(a) of this section, the claimant shall provide the construction professional and its contractors or other agents reasonable access to the claimant’s residence during normal working hours to inspect the premises and the claimed defect.

(b) Within fourteen days following completion of the inspection, the construction professional shall serve on the claimant:
   (i) A written offer to remedy the construction defect at no cost to the claimant, including a report of the scope of the inspection, the findings and results of the inspection, a description of the additional construction necessary to remedy the defect described in the claim, and a timetable for the completion of such construction;
   (ii) A written offer to compromise and settle the claim by monetary payment pursuant to subsection (2)(b) of this section; or
   (iii) A written statement that the construction professional will not proceed further to remedy the defect.

(c) If the construction professional does not proceed further to remedy the construction defect within the agreed timetable, or if the construction professional fails to comply with the provisions of (b) of this subsection, the claimant may bring an action against the construction professional for the claim described in the notice of claim without further notice.

(d) If the claimant rejects the offer made by the construction professional pursuant to (b)(i) or (ii) of this subsection to either remedy the construction defect or to compromise and settle the claim by monetary payment, the claimant shall serve written notice of the claimant’s rejection on the construction professional. After service of the rejection notice, the claimant may bring an action against the construction professional for the construction defect claim described in the notice of claim. If the construction professional has not received from the claimant, within thirty days after the claimant’s receipt of the construction professional’s response, either an acceptance or rejection of the offer made pursuant to (b)(i) or (ii) of this subsection, then at anytime thereafter the construction professional may terminate the offer by serving written notice to the claimant.

(5)(a) Any claimant accepting the offer of a construction professional to remedy the construction defect pursuant to subsection (4)(b)(i) of this section shall do so by serving the construction professional with a written notice of acceptance within a reasonable time period after receipt of the offer, and no later than thirty days after receipt of the offer. The claimant shall provide the construction professional and its contractors or other agents reasonable access to the claimant’s residence during normal working hours to perform and complete the construction by the timetable stated in the offer.

(b) The claimant and construction professional may, by written mutual agreement, alter the extent of construction or the timetable for completion of construction stated in the offer, including, but not limited to, repair of additional defects.

(6) Any action commenced by a claimant prior to compliance with the requirements of this section shall be subject to dismissal without prejudice, and may not be recommenced until the claimant has complied with the requirements of this section.

(7) Nothing in this section may be construed to prevent a claimant from commencing an action on the construction defect claim described in the notice of claim if the construction professional fails to perform the construction agreed upon, fails to remedy the defect, or fails to perform by the timetable agreed upon pursuant to subsection (4)(b)(i) of this section.

(8) Prior to commencing any action alleging a construction defect, or after the dismissal of any action without prejudice pursuant to subsection (6) of this section, the claimant may amend the notice of claim to include construction defects discovered after the service of the original notice of claim, and must otherwise comply with the requirements of this section for the additional claims. The service of an amended notice of claim shall relate back to the original notice of claim for purposes of tolling statutes of limitations and repose. Claims for defects discovered after the commencement or recommencement of an action may be added to such action only after providing notice to the construction professional of the defect and allowing for response under subsection (2) of this section.

NEW SECTION.  Sec. 402. FIVE-YEAR BUILDING ENVELOPE WARRANTY. The minimum coverage for the building envelope warranty is five years for defects in the building envelope of a condominium, including a defect which permits unintended water penetration so that it causes, or is likely to cause, material damage to the unit or common elements.

NEW SECTION.  Sec. 403. TEN-YEAR STRUCTURAL DEFECTS WARRANTY. The minimum coverage for the structural defects warranty is ten years for:

(3) If the declarant retains any declarant control over the association on the date that is fourteen full calendar months following the month in which the beginning date for common element warranty coverage commences, the declarant shall within thirty days thereafter cause an election to be held in which the declarant may not vote, for the purpose of electing one or more board members who are empowered to make warranty
claims. If at such time, one or more independent board members hold office, no additional election need be held, and such independent board members are empowered to make warranty claims. ARBITRATION

NEW SECTION. Sec. 1601. A qualified warranty may include mandatory binding arbitration of all disputes arising out of or in connection with a qualified warranty. The provision may provide that all claims for a single condominium be heard by the same arbitrator, but shall not permit the joinder or consolidation of any other person or entity. The arbitration shall comply with the following minimum procedural standards:
(1) Any demand for arbitration shall be delivered by certified mail return receipt requested, and by ordinary first class mail. The party initiating the arbitration shall address the notice to the address last known to the initiating party in the exercise of reasonable diligence, and also, for any entity which is required to have a registered agent in the state of Washington, to the address of the registered agent. Demand for arbitration is deemed effective three days after the date deposited in the mail;
(2) All disputes shall be heard by one qualified arbitrator, unless the parties agree to use three arbitrators. If three arbitrators are used, one shall be appointed by each of the disputing parties and the first two arbitrators shall appoint the third, who will chair the panel. The parties shall select the identity and number of the arbitrator or arbitrators after the demand for arbitration is made. If, within thirty days after the effective date of the demand for arbitration, the parties fail to agree on an arbitrator or the agreed number of arbitrators fail to be appointed, then an arbitrator or arbitrators shall be appointed under RCW 7.04.050 by the presiding judge of the superior court of the county in which the condominium is located:

(3) In any arbitration, at least one arbitrator must be a lawyer or retired judge. Any additional arbitrator must be either a lawyer or retired judge or a person who has experience with construction and engineering standards and practices, written construction warranties, or construction dispute resolution. No person may serve as an arbitrator in any arbitration in which that person has any past or present financial or personal interest;

(4) The arbitration hearing must be conducted in a manner that permits full, fair, and expeditious presentation of the case by both parties. The arbitrator is bound by the law of Washington state. Parties may be, but are not required to be, represented by attorneys. The arbitrator may permit discovery to ensure a fair hearing, but may limit the scope or manner of discovery for good cause to avoid excessive delay and costs to the parties. The parties and the arbitrator shall use all reasonable efforts to complete the arbitration within six months of the effective date of the demand for arbitration or, when applicable, the service of the list of defects in accordance with RCW 64.50.030;

(5) Except as otherwise set forth in this section, arbitration shall be conducted under chapter 7.04 RCW, unless the parties elect to use the construction industry arbitration rules of the American arbitration association, which are permitted to the extent not inconsistent with this section. The expenses of witnesses including expert witnesses shall be paid by the party producing the witnesses. All other expenses of arbitration shall be borne equally by the parties, unless all parties agree otherwise or unless the arbitrator awards expenses or any part thereof to any specified party or parties. The parties shall pay the fees of the arbitrator as and when specified by the arbitrator;

(6) Demand for arbitration given pursuant to subsection (1) of this section commences an arbitration for purposes of RCW 64.34.452;

(7) The arbitration decision shall be in writing and must set forth findings of fact and conclusions of law that support the decision.

“NEW SECTION. Sec. 1. The legislature finds that identity theft and the other types of fraud is a significant problem in the state of Washington, costing our citizens and businesses millions each year. The most common method of accomplishing identity theft and other fraudulent activity is by securing a fraudulently issued driver’s license. It is the purpose of this act to significantly reduce identity theft and other fraud by preventing the fraudulent issuance of driver’s licenses and identicards.

Sec. 2. RCW 9.35.020 and 2003 c 53 s 22 are each amended to read as follows:

(1) No person may knowingly obtain, possess, use, or transfer a means of identification or financial information of another person, living or dead, with the intent to commit, or to aid or abet, any crime.

(2) Violation of this section when the accused or an accomplice uses the victim’s means of identification or financial information and obtains an aggregate total of credit, money, goods, services, or anything else of value in excess of one thousand five hundred dollars in value shall constitute identity theft in the first degree. (4) A person who violates this section is liable for civil damages of ((five hundred)) one thousand dollars or actual damages, whichever is greater, including costs to repair the victim’s credit record, and reasonable attorneys’ fees as determined by the court.

(5) In a proceeding under this section, the crime will be considered to have been committed in any locality where the person whose means of identification or financial information was appropriated resides, or in which any part of the offense took place, regardless of whether the defendant was ever actually in that locality.

(6) The provisions of this section do not apply to any person who obtains another person’s driver’s license or other form of identification for the sole purpose of misrepresenting his or her age.

(7) In a proceeding under this section in which a person’s means of identification or financial information was used without that person’s authorization, and when there has been a conviction, the sentencing court may issue such orders as are necessary to correct a public record that contains false information resulting from a violation of this section.

(1) No later than January 1, 2006, the department shall implement a voluntary biometric matching system for driver’s licenses and identicards. The biometric matching system shall be used only to verify the identity of an applicant for a renewal or duplicate driver’s license or identicard by matching a biometric identifier submitted by the applicant against the biometric identifier submitted when the license was last issued. This project requires a full review by the information services board using the criteria for projects of the highest visibility and risk.
(2) The biometric matching system selected by the department shall be capable of highly accurate matching, and shall be compliant with biometric standards established by the American association of motor vehicle administrators.

(3) The biometric matching system selected by the department must incorporate a process that allows the owner of a driver's license or identification card to present a personal identification number or other code along with the driver's license or identification card before the information may be verified by a third party.

(4) Upon the establishment of a biometric driver's license and identification card system as described in this section, the department shall allow every person applying for an original, renewal, or duplicate driver's license or identification card to voluntarily submit a biometric identifier. Each applicant shall be informed of all ways in which the biometric identifier may be used, all parties to whom the identifier may be disclosed and the conditions of disclosure, the expected error rates for the biometric matching system which shall be regularly updated as the technology changes or empirical data is collected, and the potential consequences of those errors. The department shall adopt rules to allow applicants to verify the accuracy of the system at the time that biometric information is submitted, including the use of at least two separate devices.

(5) The department may not disclose biometric information to the public or any governmental entity except when authorized by court order.

(6) All biometric information shall be stored with appropriate safeguards, including but not limited to encryption.

(7) The department shall develop procedures to handle instances in which the biometric matching system fails to verify the identity of an applicant for a renewal or duplicate driver's license or identification card. These procedures shall allow an applicant to prove identity without using a biometric identifier.

(8) Any person who has voluntarily submitted a biometric identifier may choose to discontinue participation in the biometric matching program at any time, provided that the department utilizes a secure procedure to prevent fraudulent requests for a renewal or duplicate driver's license or identification card. When the person discontinues participation, any previously collected biometric information shall be destroyed.

(9) If Engrossed Substitute Senate Bill No. 5428 or House Bill No. 1681 is enacted into law, this section does not apply when an applicant renews his or her driver's license or identification card by mail or electronic commerce.

NEW SECTION. Sec. 4. A new section is added to chapter 46.20 RCW to read as follows:

(1) The department is authorized to charge persons opting to submit a biometric identifier under section 3 of this act an additional fee of no more than two dollars at the time of application for an original, renewal, or duplicate driver's license or identification card issued by the department. This fee shall be used exclusively to defray the cost of implementation and ongoing operation of a biometric security system.

(2) The biometric security account is created in the state treasury. All receipts from subsection (1) of this section shall be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account must be used only for the purpose of defraying the cost of implementation and ongoing operation of a biometric security system.

NEW SECTION. Sec. 5. This act takes effect July 1, 2004.

NEW SECTION. Sec. 6. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2004, in the omnibus transportation appropriations act, sections 1, 3, 4, and 5 of this act are null and void.
