ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1688, as amended by the Senate, having received the constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 15, 2005

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1756, with the following amendment:
PART I - CITY FIRE DEPARTMENTS

NEW SECTION.  Sec. 101.  The legislature intends for city fire departments to set standards for addressing the reporting and accountability of substantially career fire departments, and to specify performance measures applicable to response time objectives for certain major services. The legislature acknowledges the efforts of the international city/county management association, the international association of fire chiefs, and the national fire protection association for the organization and deployment of resources for fire departments. The arrival of first responders with automatic external defibrillator capability before the onset of brain death, and the arrival of adequate fire suppression resources before flash-over is a critical event during the mitigation of an emergency, and is in the public's best interest. For these reasons, this chapter contains performance measures, comparable to that research, relating to the organization and deployment of fire suppression operations, emergency medical operations, and special operations by substantially career fire departments. This chapter does not, and is not intended to, in any way modify or limit the authority of cities and towns to set levels of service.

NEW SECTION.  Sec. 102.  The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Advanced life support" means functional provision of advanced airway management, including intubation, advanced cardiac monitoring, manual defibrillation, establishment and maintenance of intravenous access, and drug therapy.

(2) "Aircraft rescue and fire fighting" means the fire fighting actions taken to rescue persons and to control or extinguish fire involving or adjacent to aircraft on the ground.

(3) "Brain death" as defined by the American heart association means the irreversible death of brain cells that begins four to six minutes after cardiac arrest.

(4) "City" means a first class city or a second class city that provides fire protection services in a specified geographic area.

(5) "Fire department" means a city or town fire department responsible for fire fighting actions, emergency medical services, and other special operations in a specified geographic area. The department must be a substantially career fire department, and not a substantially volunteer fire department.

(6) "Fire suppression" means the activities involved in controlling and extinguishing fires.

(7) "First responder" means provision of initial assessment and basic first-aid intervention, including cardiac pulmonary resuscitation and automatic external defibrillator capability.

(8) "Flash-over" as defined by national institute of standards and technology means when all combustibles in a room burst into flame and the fire spreads rapidly.

(9) "Marine rescue and fire fighting" means the fire fighting actions taken to prevent, control, or extinguish fire involved in or adjacent to a marine vessel and the rescue actions for occupants using normal and emergency routes for egress.

(10) "Response time" means the time immediately following the turnout time that begins when units are en route to the emergency incident and ends when units arrive at the scene.

(11) "Special operations" means those emergency incidents to which the fire department responds that require specific and advanced training and specialized tools and equipment.

(12) "Town" means a town that provides fire protection services, which may include fire fighting actions, emergency medical services, and other special operations, in a specified geographic area.

(13) "Turnout time" means the time beginning when units receive notification of the emergency to the beginning point of response time.

NEW SECTION.  Sec. 103.  (1) Every city and town shall maintain a written statement or policy that establishes the following:

(a) The existence of a fire department;

(b) Services that the fire department is required to provide;

(c) The basic organizational structure of the fire department;

(d) The expected number of fire department employees; and

(e) Functions that fire department employees are expected to perform.

(2) Every city and town shall include service delivery objectives in the written statement or policy required under subsection (1) of this section. These objectives shall include specific response time objectives for the following major service components, if appropriate:
(a) Fire suppression;
(b) Emergency medical services;
(c) Special operations;
(d) Aircraft rescue and fire fighting;
(e) Marine rescue and fire fighting; and
(f) Wild land fire fighting.

(3) Every city and town, in order to measure the ability to arrive and begin mitigation operations before the critical events of brain death or flash-over, shall establish time objectives for the following measurements:
   (a) Turnout time;
   (b) Response time for the arrival of the first arriving engine company at a fire suppression incident and response time for the deployment of a full first alarm assignment at a fire suppression incident;
   (c) Response time for the arrival of a unit with first responder or higher level capability at an emergency medical incident; and
   (d) Response time for the arrival of an advanced life support unit at an emergency medical incident, where this service is provided by the fire department.

(4) Every city and town shall also establish a performance objective of not less than ninety percent for the achievement of each response time objective established under subsection (3) of this section.

NEW SECTION. Sec. 104. (1) Every city and town shall evaluate its level of service and deployment delivery and response time objectives on an annual basis. The evaluations shall be based on data relating to level of service, deployment, and the achievement of each response time objective in each geographic area within the jurisdiction of the city or town.

(2) Beginning in 2007, every city and town shall issue an annual written report which shall be based on the annual evaluations required by subsection (1) of this section.

(a) The annual report shall define the geographic areas and circumstances in which the requirements of this standard are not being met.

(b) The annual report shall explain the predictable consequences of any deficiencies and address the steps that are necessary to achieve compliance.

PART II - CODE CITY FIRE DEPARTMENTS

NEW SECTION. Sec. 201. The legislature intends for code cities to set standards for addressing the reporting and accountability of substantially career fire departments, and to specify performance measures applicable to response time objectives for certain major services. The legislature acknowledges the efforts of the international city/county management association, the international association of fire chiefs, and the national fire protection association for the organization and deployment of resources for fire departments. The arrival of first responders with automatic external defibrillator capability before the onset of brain death, and the arrival of adequate fire suppression resources before flash-over is a critical event during the mitigation of an emergency, and is in the public's best interest. MESSAGE FROM THE SENATE

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1799, with the following amendment:

Strike everything after the enacting clause and insert the following:
NEW SECTION. Sec. 1. The legislature finds that law enforcement functions at state parks and lands are insufficient to adequately protect the public and our natural resources. Threats to the safety of the visiting public and public lands are not necessarily confined to the boundaries of state parks and lands. State law does not expressly grant or deny park rangers the authority to engage in law enforcement activities outside of park and land boundaries. Further, the legislature finds that, in many areas of the state, other state or local law enforcement officers are either too far away or understaffed to provide adequate support to on-site law enforcement professionals in emergency situations. The legislature finds that a comprehensive review of the role and responsibilities of law enforcement professionals within and around state parks and lands is necessary to ensure the value of state parks and natural resources is not diminished.

NEW SECTION. Sec. 2. (1) The task force on state public recreational lands and public safety is created. The task force shall be comprised of twelve members appointed as follows:
   (a) Two members of the house of representatives, one from each major caucus, to be appointed by the speaker of the house of representatives;
   (b) Two members of the senate, one from each major caucus, to be appointed by the president of the senate;
   (c) The commissioner of public lands or his or her designee;
   (d) The chair of the Washington state parks and recreation commission or his or her designee;
   (e) The chair of the Washington fish and wildlife commission or his or her designee;
   (f) Five members, to be appointed jointly by the speaker of the house of representatives and the president of the senate, from nominations submitted by the following organizations:
      (i) One representative of the Washington association of sheriffs and police chiefs;
      (ii) One representative of the Washington state council of police and sheriffs;
      (iii) One representative of the Washington association of prosecuting attorneys;
      (iv) One representative park ranger who is an active member of the recognized employee bargaining unit and who is employed by the Washington state parks and recreation commission;
      (v) One recognized employee representative of enforcement officers with the department of natural resources.
   (2) The task force members shall elect a chair and determine its operating procedures. The task force shall be jointly staffed by the office of program research and senate committee services as determined by their respective staff directors.
   (a) Legislative members of the task force shall be reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members, except those representing an employer or organization, are entitled to be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060.
   (b) The compensable travel expenses as provided in (a) of this subsection shall be paid jointly by the senate and the house of representatives.
   (3) This section expires January 1, 2006.

NEW SECTION. Sec. 3. The task force shall conduct a comprehensive review of law enforcement issues in and around state parks and lands, including but not limited to:
   (1) The extent to which illegal activity in and around state parks and lands threatens public safety and natural resources; and
   (2) The ability of the current state and local law enforcement to respond to illegal activity on or near public recreational lands.

NEW SECTION. Sec. 4. By December 15, 2005, the task force shall provide a final report of its recommendations, including any draft legislation to implement the recommendations. The report shall be submitted to the chief clerk of the house of representatives and the secretary of the senate.

On page 1, line 2 of the title, after "commission;" strike the remainder of the title and insert "creating new sections; and providing an expiration date."

and the same is herewith transmitted.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1799, as amended by the Senate, having received the constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 8, 2005

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 1848, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. APPLICABILITY. (1)(a) Sections 2 through 10 of this act apply to any multiunit residential building for which the permit for construction or rehabilitative construction of such building was issued on or after the effective date of this act.

(b) Sections 2 and 10 of this act apply to conversion condominiums as defined in RCW 64.34.020, provided that section 10 of this act shall not apply to a condominium conversion for which a public offering statement had been delivered pursuant to chapter 64.34 RCW prior to the effective date of this act.

(2) Sections 2 and 11 through 18 of this act apply to any action that alleges breach of an implied or express warranty under chapter 64.34 RCW or that seeks relief that could be awarded for such breach, regardless of the legal theory pled, except that sections 11 through 18 of this act shall not apply to:

(a) Actions filed or served prior to the effective date of this act;

(b) Actions for which a notice of claim was served pursuant to chapter 64.50 RCW prior to the effective date of this act;

(c) Actions asserting any claim regarding a building that is not a multiunit residential building;

(d) Actions asserting any claim regarding a multiunit residential building that was permitted on or after the effective date of this act unless the letter required by section 7 of this act has been submitted to the appropriate building department or the requirements of section 10 of this act have been satisfied."
(3) Other than the requirements imposed by sections 2 through 10 of this act, nothing in this chapter amends or modifies the provisions of RCW 64.34.050.

NEW SECTION. Sec. 2. DEFINITIONS. Unless the context clearly requires otherwise, the definitions in RCW 64.34.020 and in this section apply throughout this chapter.

(1) "Attached dwelling unit" means any dwelling unit that is attached to another dwelling unit by a wall, floor, or ceiling that separates heated living spaces. A garage is not a heated living space.

(2) "Building enclosure" means that part of any building, above or below grade, that physically separates the outside or exterior environment from interior environments and which weatherproofs, waterproofs, or otherwise protects the building or its components from water or moisture intrusion. Interior environments consist of both heated and unheated enclosed spaces. The building enclosure includes, but is not limited to, that portion of roofs, walls, balcony support columns, decks, windows, doors, vents, and other penetrations through exterior walls, which waterproof, weatherproof, or otherwise protect the building or its components from water or moisture intrusion.

(3) "Building enclosure design documents" means plans, details, and specifications for the building enclosure that have been stamped by a licensed engineer or architect. The building enclosure design documents shall include details and specifications that are appropriate for the building in the professional judgment of the architect or engineer which prepared the same to waterproof, weatherproof, and otherwise protect the building or its components from water or moisture intrusion, including details of flashing, intersections at roof, eaves or parapets, means of drainage, water-resistive membrane, and details around openings.

(4) "Developer" means:
   (a) With respect to a condominium or a conversion condominium, the declarant; and
   (b) With respect to all other buildings, an individual, group of individuals, partnership, corporation, association, municipal corporation, state agency, or other entity or person that obtains a building permit for the construction or rehabilitative reconstruction of a multiunit residential building. If a permit is obtained by service providers such as architects, contractors, and consultants who obtain permits for others as part of services rendered for a fee, the person for whom the permit is obtained shall be the developer, not the service provider.

(5) "Dwelling unit" has the meaning given to that phrase or similar phrases in the ordinances of the jurisdiction issuing the permit for construction of the building enclosure but if such ordinances do not provide a definition, then "dwelling unit" means a residence containing living, cooking, sleeping, and sanitary facilities.

(6) "Multiunit residential building" means:
   (a) A building containing more than two attached dwelling units, including a building containing nonresidential units if the building also contains more than two attached dwelling units, but excluding the following classes of buildings:
      (i) Hotels and motels;
      (ii) Dormitories;
      (iii) Care facilities;
      (iv) Floating homes;
      (v) A building that contains attached dwelling units that are each located on a single platted lot, except as provided in (b) of this subsection.
   (b) A building in which all of the dwelling units are held under one ownership and is subject to a recorded irrevocable sale prohibition covenant.

   (b) If the developer submits to the appropriate building department when applying for the building permit described in section 3 of this act a statement that the developer elects to treat the improvement for which a permit is sought as a multiunit residential building for all purposes under this chapter, then "multiunit residential building" also means the following buildings for which such election has been made:
      (i) A building containing only two attached dwelling units;
      (ii) A building that does not contain attached dwelling units; and
      (iii) Any building that contains attached dwelling units each of which is located on a single platted lot.

(7) "Party unit owner" means a unit owner who is a named party to an action subject to this chapter and does not include any unit owners whose involvement with the action stems solely from their membership in the association.

(8) "Qualified building inspector" means a person satisfying the requirements of section 5 of this act.

(9) "Rehabilitative construction" means construction work on the building enclosure of a multiunit residential building if the cost of such construction work is more than five percent of the assessed value of the building.

(10) "Sale prohibition covenant" means a recorded covenant that prohibits the sale or other disposition of individual dwelling units as or as part of a condominium for five years or more from the date of first occupancy except as otherwise
provided in section 10 of this act, a certified copy of which the developer shall submit to the appropriate building department; provided such covenant shall not apply to sales or dispositions listed in RCW 64.34.400(2). The covenant must be recorded in the county in which the building is located and must be in substantially the following form:

This covenant has been recorded in the real property records of . . . . . . County, Washington, in satisfaction of the requirements of sections 2 through 10 of this act. The undersigned is the owner of the property described on Exhibit A (the "Property"). Until termination of this covenant, no dwelling unit in or on the Property may be sold as a condominium unit except for sales listed in RCW 64.34.400(2).

This covenant terminates on the earlier of either: (a) Compliance with the requirements of section 10 of this act, as certified by the owner of the Property in a recorded supplement hereto; or (b) the fifth anniversary of the date of first occupancy of a dwelling unit as certified by the Owner in a recorded supplement hereto.

All title insurance companies and persons acquiring an interest in the Property may rely on the foregoing certifications without further inquiry in issuing any policy of title insurance or in acquiring an interest in the Property.

(11) "Stamped" means bearing the stamp and signature of the responsible licensed architect or engineer on the title page, and on every sheet of the documents, drawings, or specifications, including modifications to the documents, drawings, and specifications that become part of change orders or addenda to alter those documents, drawings, or specifications.

NEW SECTION. Sec. 3. DESIGN DOCUMENTS. (1) Any person applying for a building permit for construction of a multiunit residential building or rehabilitative construction shall submit building enclosure design documents to the appropriate building department prior to the start of construction or rehabilitative construction of the building enclosure. If construction work on a building enclosure is not rehabilitative construction because the cost thereof is not more than five percent of the assessed value of the building, then the person applying for a building permit shall submit to the building department a letter so certifying. Any changes to the building enclosure design documents that alter the manner in which the building or its components is waterproofed, weatherproofed, and otherwise protected from water or moisture intrusion shall be stamped by the architect or engineer and shall be provided to the building department and to the person conducting the course of construction inspection in a timely manner to permit such person to inspect for compliance therewith, and may be provided through individual updates, cumulative updates, or as-built updates.

(2) The building department shall not issue a building permit for construction of the building enclosure of a multiunit residential building or for rehabilitative construction unless the building enclosure design documents contain a stamped statement by the person stamping the building enclosure design documents in substantially the following form: "The undersigned has provided building enclosure documents that in my professional judgment are appropriate to satisfy the requirements of sections 1 through 10 of this act."

(3) The building department is not charged with determining whether the building enclosure design documents are adequate or appropriate to satisfy the requirements of sections 1 through 10 of this act. Nothing in sections 1 through 10 of this act requires a building department to review, approve, or disapprove enclosure design documents.

NEW SECTION. Sec. 4. INSPECTIONS. All multiunit residential buildings shall have the building enclosure inspected by a qualified inspector during the course of initial construction and during rehabilitative construction.

NEW SECTION. Sec. 5. INSPECTORS--QUALIFICATIONS--INDEPENDENCE. (1) A qualified building enclosure inspector:

(a) Must be a person with substantial and verifiable training and experience in building enclosure design and construction;

(b) Shall be free from improper interference or influence relating to the inspections; and

(c) May not be an employee, officer, or director of, nor have any pecuniary interest in, the declarant, developer, association, or any party providing services or materials for the project, or any of their respective affiliates, except that the qualified inspector may be the architect or engineer who approved the building enclosure design documents or the architect or engineer of record. The qualified inspector may, but is not required to, assist with the preparation of such design documents.

(2) Nothing in this section alters requirements for licensure of any architect, engineer, or other professional, or alters the jurisdiction, authority, or scope of practice of architects, engineers, other professionals, or general contractors.
NEW SECTION, Sec. 6. SCOPE OF INSPECTION. (1) Any inspection required by this chapter shall include, at a minimum, the following:

(a) Water penetration resistance testing of a representative sample of windows and window installations. Such tests shall be conducted according to industry standards. Where appropriate, tests shall be conducted with an induced air pressure difference across the window and window installation. Additional testing is not required if the same assembly has previously been tested in situ within the previous two years in the project under construction by the builder, by another member of the construction team such as an architect or engineer, or by an independent testing laboratory; and

(b) An independent periodic review of the building enclosure during the course of construction or rehabilitative construction to ascertain whether the multiunit residential building has been constructed, or the rehabilitative construction has been performed, in substantial compliance with the building enclosure design documents.

(2) Subsection (1)(a) of this section shall not apply to rehabilitative construction if the windows and adjacent cladding are not altered in the rehabilitative construction.

(3) "Project" means one or more parcels of land in a single ownership, which are under development pursuant to a single land use approval or building permit, where window installation is performed by the owner with its own forces, or by the same general contractor, or, if the owner is contracting directly with trade contractors, is performed by the same trade contractor.

NEW SECTION, Sec. 7. CERTIFICATION--CERTIFICATE OF OCCUPANCY. Upon completion of an inspection required by this chapter, the qualified inspector shall prepare and submit to the appropriate building department a signed letter certifying that the building enclosure has been inspected during the course of construction or rehabilitative construction and that it has been constructed or reconstructed in substantial compliance with the building enclosure design documents, as updated pursuant to section 3 of this act. The building department shall not issue a final certificate of occupancy or other equivalent final acceptance until the letter required by this section has been submitted. The building department is not charged with and has no responsibility for determining whether the building enclosure inspection is adequate or appropriate to satisfy the requirements of this chapter.

NEW SECTION, Sec. 8. INSPECTOR, ARCHITECT, AND ENGINEER LIABILITY. (1) Nothing in this act is intended to, or does:

(a) Create a private right of action against any inspector, architect, or engineer based upon compliance or noncompliance with its provisions; or

(b) Create any independent basis for liability against an inspector, architect, or engineer.

(2) The qualified inspector, architect, or engineer and the developer that retained the inspector, architect, or engineer may contractually agree to the amount of their liability to the developer.

NEW SECTION, Sec. 9. NO EVIDENTIARY PRESUMPTION--ADMISSIBILITY. A qualified inspector's report or testimony regarding an inspection conducted pursuant to this chapter is not entitled to any evidentiary presumption in any arbitration or court proceeding. Nothing in this chapter restricts the admissibility of such a report or testimony, and questions of the admissibility of such a report or testimony shall be determined under the rules of evidence.

NEW SECTION, Sec. 10. NO SALE OF CONDOMINIUM UNIT ABSENT COMPLIANCE. (1) Except for sales or other dispositions listed in RCW 64.34.400(2), no declarant may convey a condominium unit that may be occupied for residential use in a multiunit residential building without first complying with the requirements of sections 1 through 9 of this act unless the building enclosure of the building in which such unit is included is inspected by a qualified building enclosure inspector, and:

(a) The inspection includes such intrusive or other testing, such as the removal of siding or other building enclosure materials, that the inspector believes, in his or her professional judgment, is necessary to ascertain the manner in which the building enclosure was constructed;

(b) The inspection evaluates, to the extent reasonably ascertainable and in the professional judgment of the inspector, the present condition of the building enclosure including whether such condition has adversely affected or will adversely affect the performance of the building enclosure to waterproof, weatherproof, or otherwise protect the building or its components from water or moisture intrusion. "Adversely affect" has the same meaning as provided in RCW 64.34.445(7);

(c) The inspection report includes recommendations for repairs to the building enclosure that, in the professional judgment of the qualified building inspector, are necessary to: (i) Repair a design or construction defect in the building enclosure that results in the failure of the building enclosure to perform its intended function and allows unintended water penetration not caused by flooding; and (ii) repair damage caused by such a defect that has an adverse effect as provided in RCW 64.34.445(7);
(d) With respect to a building that would be a multiunit residential building but for the recording of a sale prohibition covenant and unless more than five years have elapsed since the date such covenant was recorded, all repairs to the building enclosure recommended pursuant to (c) of this subsection have been made; and

(e) The declarant provides as part of the public offering statement, consistent with RCW 64.34.410 (1)(nn) and (2) and 64.34.415(1)(b), an inspection and repair report signed by the qualified building enclosure inspector that identifies:

(i) The extent of the inspection performed pursuant to this section;
(ii) The information obtained as a result of that inspection; and
(iii) The manner in which any repairs required by this section were performed, the scope of those repairs, and the names of the persons performing those repairs.

(2) Failure to deliver the inspection and repair report in violation of this section constitutes a failure to deliver a public offering statement for purposes of chapter 64.34 RCW.

NEW SECTION. Sec. 11. ARBITRATION--ELECTION--NUMBER OF ARBITRATORS--QUALIFICATIONS--TRIAL DE NOVO. (1) If the declarant, an association, or a party unit owner demands an arbitration by filing such demand with the court not less than thirty and not more than ninety days after filing or service of the complaint, whichever is later, the parties shall participate in a private arbitration hearing. The declarant, the association, and the party unit owner do not have the right to compel arbitration without giving timely notice in compliance with this subsection. Unless otherwise agreed by the parties, the arbitration hearing shall commence no more than fourteen months from the later of the filing or service of the complaint.

(2) Unless otherwise agreed by the parties, claims in aggregate are for less than one million dollars shall be heard by a single arbitrator and all other claims shall be heard by three arbitrators. As used in this chapter, arbitrator also means arbitrators where applicable.

(3) Unless otherwise agreed by the parties, the court shall appoint the arbitrator, who shall be a current or former attorney with experience as an attorney, judge, arbitrator, or mediator in construction defect disputes involving the application of Washington law.

(4) Upon conclusion of the arbitration hearing, the arbitrator shall file the decision and award with the clerk of the superior court, together with proof of service thereof on the parties. Within twenty days after the filing of the decision and award, any aggrieved party may file with the clerk a written notice of appeal and demand for a trial de novo in the superior court on all claims between the appealing party and an adverse party. As used in this section, “adverse party” means the party who either directly asserted or defended claims against the appealing party. The demand shall identify the adverse party or parties and all claims between those parties shall be included in the trial de novo. The right to a trial de novo includes the right to a jury, if demanded. The court shall give priority to the trial date for the trial de novo.

(5) If the judgment for damages, not including awards of fees and costs, in the trial de novo is not more favorable to the appealing party than the damages awarded by the arbitrator, not including awards of fees and costs, the appealing party shall pay the nonappealing adverse party’s costs and fees incurred after the filing of the appeal, including reasonable attorneys’ fees so incurred.

(6) If the judgment for damages, not including awards of fees and costs, in the trial de novo is more favorable to the appealing party than the damages awarded by the arbitrator, not including awards of fees and costs, then the court may award costs and fees, including reasonable attorneys’ fees, incurred after the filing of the request for trial de novo in accordance with applicable law; provided if such a judgment is not more favorable to the appealing party than the most recent offer of judgment, if any, made pursuant to section 17 of this act, the court shall not make an award of fees and costs to the appealing party.

(7) If a party is entitled to an award with respect to the same fees and costs pursuant to this section and section 17 of this act, then the party shall only receive an award of fees and costs as provided in and limited by section 17 of this act. Any award of fees and costs pursuant to subsections (5) or (6) of this section is subject to review in the event of any appeal thereof otherwise permitted by applicable law or court rule.

NEW SECTION. Sec. 12. CASE SCHEDULE PLAN. (1) Not less than sixty days after the later of filing or service of the complaint, the parties shall confer to create a proposed case schedule plan for submission to the court that includes the following deadlines:

(a) Selection of a mediator;
(b) Commencement of the mandatory mediation and submission of mediation materials required by this chapter;
(c) Selection of the arbitrator by the parties, where applicable;
(d) Joinder of additional parties in the action;
(e) Completion of each party’s investigation;
(f) Disclosure of each party’s proposed repair plan;
(g) Disclosure of each party's estimated costs of repair;
(h) Meeting of parties and experts to confer in accordance with section 13 of this act; and
(i) Disclosure of each party's settlement demand or response.

(2) If the parties agree upon a proposed case schedule plan, they shall move the court for the entry of the proposed case schedule plan. If the parties cannot agree, either party may move the court for entry of a case schedule plan that includes the above deadlines.

NEW SECTION. Sec. 13. MANDATORY MEDIATION. (1) The parties to an action subject to this act shall engage in mediation. Unless the parties agree otherwise, the mediation required by this section shall commence within seven months of the later of the filing or service of the complaint. If the parties cannot agree upon a mediator, the court shall appoint a mediator.

(2) Prior to the mediation required by this section, the parties and their experts shall meet and confer in good faith to attempt to resolve or narrow the scope of the disputed issues, including issues related to the parties' repair plans.

(3) Prior to the mandatory mediation, the parties or their attorneys shall file and serve a declaration that:
(a) A decision maker with authority to settle will be available for the duration of the mandatory mediation; and
(b) The decision maker has been provided with and has reviewed the mediation materials provided by the party to which the decision maker is affiliated as well as the materials submitted by the opposing parties.

(4) Completion of the mediation required by this section occurs upon written notice of termination by any party. The provisions of section 17 of this act shall not apply to any later mediation conducted following such notice.

NEW SECTION. Sec. 14. NEUTRAL EXPERT. (1) If, after meeting and conferring as required by section 13(2) of this act, disputed issues remain, a party may file a motion with the court, or arbitrator if an arbitrator has been appointed, requesting the appointment of a neutral expert to address any or all of the disputed issues. Unless otherwise agreed to by the parties or upon a showing of exceptional circumstances, including a material adverse change in a party's litigation risks due to a change in allegations, claims, or defenses by an adverse party following the appointment of the neutral expert, any such motion shall be filed no later than sixty days after the first day of the meeting required by section 13(2) of this act. Upon such a request, the court or arbitrator shall decide whether or not to appoint a neutral expert or experts. A party may only request more than one neutral expert if the particular expertise of the additional neutral expert or experts is necessary to address disputed issues.

(2) The neutral expert shall be a licensed architect or engineer, or any other person, with substantial experience relevant to the issue or issues in dispute. The neutral expert shall not have been employed as an expert by a party to the present action within three years before the commencement of the present action, unless the parties agree otherwise.

(3) All parties shall be given an opportunity to recommend neutral experts to the court or arbitrator and shall have input regarding the appointment of a neutral expert.

(4) Unless the parties agree otherwise on the following matters, the court, or arbitrator if then appointed, shall determine:
(a) Who shall serve as the neutral expert;
(b) Subject to the requirements of this section, the scope of the neutral expert's duties;
(c) The number and timing of inspections of the property;
(d) Coordination of inspection activities with the parties' experts;
(e) The neutral expert's access to the work product of the parties' experts;
(f) The product to be prepared by the neutral expert;
(g) Whether the neutral expert may participate personally in the mediation required by section 13 of this act; and
(h) Other matters relevant to the neutral expert's assignment.

(5) Unless the parties agree otherwise, the neutral expert shall not make findings or render opinions regarding the amount of damages to be awarded, or the cost of repairs, or absent exceptional circumstances any matters that are not in dispute as determined in the meeting described in section 13(2) of this act or otherwise.

(6) A party may, by motion to the court, or to the arbitrator if then appointed, object to the individual appointed to serve as the neutral expert and to determinations regarding the neutral expert's assignment.

(7) The neutral expert shall have no liability to the parties for the performance of his or her duties as the neutral expert.

(8) Except as otherwise agreed by the parties, the parties have a right to review and comment on the neutral expert's report before it is made final.

(9) A neutral expert's report or testimony is not entitled to any evidentiary presumption in any arbitration or court proceeding. Nothing in this act restricts the admissibility of such a report or testimony, provided it is within the scope of the neutral expert's assigned duties, and questions of the admissibility of such a report or testimony shall be determined under the rules of evidence.
The court, or arbitrator if then appointed, shall determine the significance of the neutral expert's report and testimony with respect to parties joined after the neutral expert's appointment and shall determine whether additional neutral experts should be appointed or other measures should be taken to protect such joined parties from undue prejudice.

NEW SECTION. Sec. 15. PAYMENT OF ARBITRATORS, MEDIATORS, AND NEUTRAL EXPERTS. (1) Where the building permit that authorized commencement of construction of a building was issued on or after the effective date of this act:

(a)(i) If the action is referred to arbitration under section 11 of this act, the party who demands arbitration shall advance the fees of any arbitrator and any mediator appointed under section 13 of this act; and

(ii) A party who requests the appointment of a neutral expert pursuant to section 14 of this act shall advance any appointed neutral expert's fees incurred up to the issuance of a final report.

(b) If the action has not been referred to arbitration, the court shall determine liability for the fees of any mediator appointed under section 13 of this act, unless the parties agree otherwise.

(c) Ultimate liability for any fees or costs advanced pursuant to this subsection (1) is subject to the fee- and cost-shifting provisions of section 17 of this act.

(2) Where the building permit that authorized commencement of construction of a building was issued before the effective date of this act:

(a)(i) If the action is referred to arbitration under section 11 of this act, the party who demands arbitration is liable for and shall pay the fees of any appointed arbitrator and any mediator appointed under section 13 of this act; and

(ii) A party who requests the appointment of a neutral expert pursuant to section 14 of this act is liable for and shall pay any appointed neutral expert's fees incurred up to the issuance of a final report.

(b) If the action has not been referred to arbitration, the court shall determine liability for the fees of any mediator appointed under section 13 of this act, unless the parties agree otherwise.

(c) Fees and costs paid under this subsection (2) are not subject to the fee- and cost-shifting provisions of section 17 of this act.

NEW SECTION. Sec. 16. SUBCONTRACTORS. Upon the demand of a party to an arbitration demanded under section 11 of this act, any subcontractor or supplier against whom such party has a legal claim and whose work or performance on the building in question becomes an issue in the arbitration may be joined in and become a party to the arbitration. However, joinder of such parties shall not be allowed if such joinder would require the arbitration hearing date to be continued beyond the date established pursuant to section 11 of this act, unless the existing parties to the arbitration agree otherwise. Nothing in sections 2 through 10 of this act shall be construed to release, modify, or otherwise alleviate the liabilities or responsibilities that any party may have towards any other party, contractor, or subcontractor.

NEW SECTION. Sec. 17. OFFERS OF JUDGMENT--COSTS AND FEES. (1) On or before the sixtieth day following completion of the mediation pursuant to section 13(4) of this act, the declarant, association, or party unit owner may serve on an adverse party an offer to allow judgment to be entered. The offer of judgment shall specify the amount of damages, not including costs or fees, that the declarant, association, or party unit owner is offering to pay or receive. A declarant's offer shall also include its commitment to pay costs and fees that may be awarded as provided in this section. The declarant, association, or party unit owner may make more than one offer of judgment so long as each offer is timely made. Each subsequent offer supersedes and replaces the previous offer. Any offer not accepted within twenty-one days of the service of that offer is deemed rejected and withdrawn and evidence thereof is not admissible and may not be provided to the court or arbitrator except in a proceeding to determine costs and fees or as part of the motion identified in subsection (2) of this section.

(2) A declarant's offer must include a demonstration of ability to pay damages, costs, and fees, including reasonable attorneys' fees, within thirty days of acceptance of the offer of judgment. The demonstration of ability to pay shall include a sworn statement signed by the declarant, the attorney representing the declarant, and, if any insurance proceeds will be used to fund any portion of the offer, an authorized representative of the insurance company. If the association or party unit owner disputes the adequacy of the declarant's demonstration of ability to pay, the association or party unit owner may file a motion with the court requesting a ruling on the adequacy of the declarant's demonstration of ability to pay. Upon filing of such motion, the deadline for a response to the offer shall be tolled from the date the motion is filed until the court has ruled.

(3) An association or party unit owner that accepts the declarant's offer of judgment shall be deemed the prevailing party and, in addition to recovery of the amount of the offer, shall be entitled to a costs and fees award, including reasonable attorneys' fees, in an amount to be determined by the court in accordance with applicable law.
(4) If the amount of the final nonappealable or nonappealed judgment, exclusive of costs or fees, is not more favorable to the offeree than the offer of judgment, then the offeror is deemed the prevailing party for purposes of this section only and is entitled to an award of costs and fees, including reasonable attorneys' fees, incurred after the date the last offer of judgment was rejected and through the date of entry of a final nonappealable or nonappealed judgment, in an amount to be determined by the court in accordance with applicable law. The nonprevailing party shall not be entitled to receive any award of costs and fees.

(5) If the final nonappealable or nonappealed judgment on damages, not including costs or fees, is more favorable to the offeree than the last offer of judgment, then the court shall determine which party is the prevailing party and shall determine the amount of the costs and fees award, including reasonable attorneys' fees, in accordance with applicable law.

(6) Notwithstanding any other provision in this section, with respect to claims brought by an association or unit owner, the liability for declarant's costs and fees, including reasonable attorneys' fees, shall:

(a) With respect to claims brought by an association, not exceed five percent of the assessed value of the condominium as a whole, which is determined by the aggregate tax-assessed value of all units at the time of the award; and

(b) With respect to claims brought by a party unit owner, not exceed five percent of the assessed value of the unit at the time of the award.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 9.94A.660 and 2002 c 290 s 20 and 2002 c 175 s 10 are each reenacted and amended to read as follows:

(1) An offender is eligible for the special drug offender sentencing alternative if:

(a) The offender is convicted of a felony that is not a violent offense or sex offense and the violation does not involve a sentence enhancement under RCW 9.94A.533 (3) or (4);

(b) The offender has no current or prior convictions for a sex offense at any time or violent offense within ten years before conviction of the current offense, in this state, another state, or the United States;

(c) For a violation of the Uniform Controlled Substances Act under chapter 69.50 RCW or a criminal solicitation to commit such a violation under chapter 9A.28 RCW, the offense involved only a small quantity of the particular controlled substance as determined by the judge upon consideration of such factors as the weight, purity, packaging, sale price, and street value of the controlled substance; (and)

(d) The offender has not been found by the United States attorney general to be subject to a deportation detainer or order and does not become subject to a deportation order during the period of the sentence;

(e) The standard sentence range for the current offense is greater than one year; and

(f) The offender has not received a drug offender sentencing alternative more than once in the prior ten years before the current offense.

(2) A motion for a sentence under this section may be made by the court, the offender, or the state. If the standard sentence range is greater than one year and the sentencing court determines that the offender is eligible for this alternative, the court may order an examination of the offender. The examination shall, at a minimum, address the following issues:

(a) Whether the offender suffers from drug addiction;

(b) Whether the addiction is such that there is a probability that criminal behavior will occur in the future;"
(c) Whether effective treatment for the offender's addiction is available from a provider that has been licensed or certified by the division of alcohol and substance abuse of the department of social and health services; and

(d) Whether the offender and the community will benefit from the use of the alternative((the judge may)).

(3) The examination report must contain:

(a) Information on the issues required to be addressed in subsection (2) of this section; and

(b) A proposed treatment plan that must, at a minimum, contain:

The residential chemical dependency treatment-based alternative is only available if the midpoint of the standard range is twenty-four months or less.

(5) The prison-based alternative shall include:

(a) A period of total confinement in a state facility for one-half of the midpoint of the standard sentence range. During incarceration in the state facility, offenders sentenced under this subsection shall undergo a comprehensive substance abuse assessment and receive, within available resources, treatment services appropriate for the offender. (The court shall also impose:

(2)) (b) The remainder of the midpoint of the standard range as a term of community custody which must include appropriate substance abuse treatment in a program that has been approved by the division of alcohol and substance abuse of the department of social and health services. If the department finds that conditions have been willfully violated, the offender may be reclassified to serve the remaining balance of the original sentence. An offender who fails to complete the program or who is administratively terminated from the program shall be reclassified to serve the unexpired term of his or her sentence as ordered by the sentencing court;

((4(i)) (c) Crime-related prohibitions including a condition not to use illegal controlled substances;

((4(e)) (d) A requirement to submit to urinalysis or other testing to monitor that status; and

((4(d)) (e) A term of community custody pursuant to RCW 9.94A.715 to be imposed upon failure to complete or administrative termination from the special drug offender sentencing alternative program.

(6) The residential chemical dependency treatment-based alternative shall include:

(a) A term of community custody equal to one-half of the midpoint of the standard sentence range or two years, whichever is greater, conditioned on the offender entering and remaining in residential chemical dependency treatment certified under chapter 70.96A RCW for a period set by the court between three and six months. If the court imposes a term of community custody, the department shall, within available resources, make chemical dependency assessment and treatment services available to the offender during the term of community custody. The court shall impose, as conditions of community custody, treatment and other conditions as proposed in the plan under subsection (5)(b) of this section. The department may impose conditions and sanctions as authorized in RCW 9.94A.715 (2), (3), (6), and (7), 9.94A.737, and 9.94A.740. The court shall schedule a progress hearing during the period of residential chemical dependency treatment, and schedule a treatment termination hearing for three months before the expiration of the term of community custody;

(b) Before the progress hearing and treatment termination hearing, the treatment provider and the department shall submit written reports to the court and parties regarding the offender's compliance with treatment and monitoring requirements, and recommendations regarding termination from treatment. At the hearing, the court may:

(b) If the offender is brought back to court, the court may modify the terms of the community custody or impose sanctions under (c) of this subsection.

(c) The court may order the offender to serve a term of total confinement within the standard range of the offender's current offense at any time during the period of community custody if the offender violates the conditions of the sentence or if the offender is failing to make satisfactory progress in treatment.

(d) An offender ordered to serve a term of total confinement under (c) of this subsection shall receive credit for any time previously served under this section.

(9) If (the) an offender ((violates any of the sentence conditions in subsection (2) of this section or)) sentenced to the prison-based alternative under subsection (5) of this section is found by the United States attorney general to be subject to a deportation order, a ((violation)) hearing shall be held by the department unless waived by the offender((7)).

(a) If the department finds that conditions have been willfully violated, the offender may be reclassified to serve the remaining balance of the original sentence.

(b) If the department finds that the offender is subject to a valid deportation order, the department may administratively terminate the offender from the program and reclassify the offender to serve the remaining balance of the original sentence.

((8)) The department shall determine the rules for calculating the value of a day fine based on the offender's income and reasonable obligations which the offender has for the support of the offender and any dependents. These rules shall be developed in consultation with the administrator for the courts, the office of financial management, and the commission.

((9)) (10) An offender ((who fails to complete the special drug offender sentencing alternative program or who is administratively terminated from the program shall be reclassified to serve the unexpired term of his or her sentence as ordered by the sentencing court and)) sentenced under this section shall be subject to all rules relating to earned release time with respect to any period served in total confinement. Sanctions may include, but are not limited to, reclassifying the offender to serve the unexpired term of his or her sentence as ordered by the sentencing court. If an offender is reclassified to serve the unexpired term of his or her sentence, the offender shall be subject to all rules relating to earned release time.))

SECOND READING

ENGROSSED SENATE BILL NO. 5094, By Senator Jacobsen

Changing the maximum per parcel rate for conservation district special assessments.

Representative Linville moved the adoption of the following amendment (586):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 89.08.400 and 1992 c 70 s 1 are each amended to read as follows:

(1) Special assessments are authorized to be imposed for conservation districts as provided in this section. Activities and programs to conserve natural resources, including soil and water, are declared to be of special benefit to lands and may be used as the basis upon which special assessments are imposed.

(2) Special assessments to finance the activities of a conservation district may be imposed by the county legislative authority of the county in which the conservation district is located for a period or periods each not to exceed ten years in duration.

The supervisors of a conservation district shall hold a public hearing on a proposed system of assessments prior to the first day of August in the year prior to which it is proposed that the initial special assessments be collected. At that public hearing, the supervisors shall gather information and shall alter the proposed system of assessments when appropriate, including the number of years during which it is proposed that the special assessments be imposed.

On or before the first day of August in that year, the supervisors of a conservation district shall file the proposed system of assessments, indicating the years during which it is proposed that the special assessments shall be imposed, and a proposed budget for the succeeding year with the county legislative authority of the county within which the conservation district is located. The county legislative authority shall hold a public hearing on the proposed system of assessments. After the hearing, the county legislative authority may accept, or modify and accept, the proposed system of assessments, including the number of years during which the special assessments shall be imposed, if it finds that both the public interest will be served by the imposition of the special assessments and that the special assessments to be imposed on any land will not exceed the special
benefit that the land receives or will receive from the activities of the conservation district. The findings of the county legislative authority shall be final and conclusive. Special assessments may be altered during this period on individual parcels in accordance with the system of assessments if land is divided or land uses or other factors change.

Notice of the public hearings held by the supervisors and the county legislative authority shall be posted conspicuously in at least five places throughout the conservation district, and published once a week for two consecutive weeks in a newspaper in general circulation throughout the conservation district, with the date of the last publication at least five days prior to the public hearing.

(3) A system of assessments shall classify lands in the conservation district into suitable classifications according to benefits conferred or to be conferred by the activities of the conservation district, determine an annual per acre rate of assessment for each classification of land, and indicate the total amount of special assessments proposed to be obtained from each classification of lands. Lands deemed not to receive benefit from the activities of the conservation district shall be placed into a separate classification and shall not be subject to the special assessments. An annual assessment rate shall be stated as either uniform annual per acre amount, or an annual flat rate per parcel plus a uniform annual rate per acre amount, for each classification of land. The maximum annual per acre special assessment rate shall not exceed ten cents per acre. The maximum annual per parcel rate shall not exceed five dollars, except that for counties with a population of over five hundred thousand persons, the maximum annual per parcel rate shall not exceed ten dollars.

Public land, including lands owned or held by the state, shall be subject to special assessments to the same extent as privately owned lands. The procedures provided in chapter 79.44 RCW shall be followed if lands owned or held by the state are subject to the special assessments of a conservation district.

Forest lands used solely for the planting, growing, or harvesting of trees may be subject to special assessments if such lands benefit from the activities of the conservation district, but the per acre rate of special assessment on benefited forest lands shall not exceed one-tenth of the weighted average per acre assessment on all other lands within the conservation district that are subject to its special assessments. The calculation of the weighted average per acre special assessment shall be a ratio calculated as follows: (a) The numerator shall be the total amount of money estimated to be derived from the imposition of per acre special assessments on the nonforest lands in the conservation district; and (b) the denominator shall be the total number of nonforest land acres in the conservation district that receive benefit from the activities of the conservation district and which are subject to the special assessments of the conservation district. No more than ten thousand acres of such forest lands that is both owned by the same person or entity and is located in the same conservation district may be subject to the special assessments that are imposed for that conservation district in any year. Per parcel charges shall not be imposed on forest land parcels. However, in lieu of a per parcel charge, a charge of up to three dollars per forest landowner may be imposed on each owner of forest lands whose forest lands are subject to a per acre rate of assessment.

(4) A conservation district shall prepare an assessment roll that implements the system of assessments approved by the county legislative authority. The special assessments from the assessment roll shall be spread by the county assessor as a separate item on the tax rolls and shall be collected and accounted for with property taxes by the county treasurer. The chief administrator or executive officer shall also report any voluntary restriction or termination of the practice of a health care practitioner as defined in subsection (2) of this section while the practitioner is under investigation or the subject of a proceeding by the hospital regarding unprofessional conduct, or in return for the hospital not conducting such an investigation or proceeding or not taking action. The department will forward the report to the appropriate disciplining authority.

It is the intent of the legislature to establish a community mental health program which shall help people experiencing mental illness to retain a respected and productive position in the community. This will be accomplished through programs that focus on resilience and recovery, and practices that are evidence-based, research-based, consensus-based, or, where these do not exist, promising or emerging best practices, which provide for:
The legislature hereby finds and declares that sound fiscal management requires vigilance to ensure that funds appropriated under chapters 71.05 and 71.24 RCW to consolidate administration, reduce administrative layering, and reduce administrative costs.

It is the policy of the state to encourage the provision of a full range of treatment and rehabilitation services in the state for mental disorders including services operated by consumers and advocates. The legislature intends to encourage the development of regional mental health services with adequate local flexibility to assure eligible people in need of care access to the least-restrictive treatment alternative appropriate to their needs, and the availability of treatment components to assure continuity of care. The legislature hereby finds and declares that sound fiscal management requires vigilance to ensure that funds appropriated by the legislature for the provision of needed community mental health programs and services are ultimately expended solely for the purpose for which they were appropriated, and not for any other purpose.

A certified regional support network or licensed service provider which, without good cause, fails to furnish any data, statistics, schedules, or information as requested, or files fraudulent reports thereof, may have its license revoked or suspended.

(8) The secretary may suspend, revoke, limit, or restrict a certification or license, or refuse to grant a certification or license for failure to conform to: (a) The law; (b) applicable rules and regulations; (c) applicable standards; or (d) state minimum standards.

(9) The superior court may restrain any regional support network or service provider from operating without certification or a license or any other violation of this section. The superior court may also review, pursuant to procedures contained in chapter 34.05 RCW, any denial, suspension, limitation, restriction, or revocation of certification or license, and grant other relief required to enforce the provisions of this chapter.

(10) Upon petition by the secretary, and after hearing held upon reasonable notice to the facility, the superior court may issue a warrant to an officer or employee of the secretary authorizing him or her to enter at reasonable times, and examine the records, books, and accounts of any regional support network or service provider refusing to consent to inspection or examination by the authority.

(11) Notwithstanding the existence or pursuit of any other remedy, the secretary may file an action for an injunction or other process against any person or governmental unit to restrain or prevent the establishment, conduct, or operation of a regional support network or service provider without certification or a license under this chapter.

(12) The standards for certification of evaluation and treatment facilities shall include standards relating to maintenance of good physical and mental health and other services to be afforded persons pursuant to this chapter and chapters 71.05 and 71.34 RCW, and shall otherwise assure the effectuation of the purposes of these chapters.

(13)(a) The department, in consultation with affected parties, shall establish a distribution formula that reflects regional needs assessments based on the number of persons who are acutely mentally ill, chronically mentally ill, severely emotionally disturbed children, and seriously disturbed. The formula shall take into consideration the impact on regions of demographic factors which result in concentrations of priority populations as set forth in subsection (5)(b) of this section. These factors shall include the population concentrations resulting from commitments under chapters 71.05 and 71.34 RCW to state psychiatric hospitals, as well as concentration in urban areas, at border crossings at state boundaries, and other significant demographic and workload factors.

(b) The formula shall also include a projection of the funding allocations that will result for each region, which specifies allocations according to priority populations, including the allocation for services to children and other underserved populations.

(c) After July 1, 2003, the department may allocate up to two percent of total funds to be distributed to the regional support networks for incentive payments to reward the achievement of superior outcomes, or significantly improved outcomes, as measured by a statewide performance measurement system consistent with the framework recommended in the joint legislative audit and review committee's performance audit of the mental health system. The department shall annually report to the legislature on its criteria and allocation of the incentives provided under this subsection.

(14) The secretary shall assume all duties assigned to the nonparticipating regional support networks under chapters 71.05, 71.34, and 71.24 RCW. Such responsibilities shall include those which would have been assigned to the nonparticipating counties in regions where there are not participating regional support networks.

The regional support networks, or the secretary's assumption of all responsibilities under chapters 71.05, 71.34, and 71.24 RCW, shall be included in all state and federal plans affecting the state mental health program including at least those required by this chapter, the medicaid program, and P.L. 99-660. Nothing in these plans shall be inconsistent with the intent and requirements of this chapter.

(15) The secretary shall:

(a) Disburse funds for the regional support networks within sixty days of approval of the biennial contract. The department must either approve or reject the biennial contract within sixty days of receipt.

(b) Enter into biennial contracts with regional support networks. The contracts shall be consistent with available resources. No contract shall be approved that does not include progress toward meeting the goals of this chapter by taking responsibility for: (i) Short-term commitments; (ii) residential care; and (iii) emergency response systems.
(c) (Allocate one hundred percent of available resources to the regional support networks in accordance with subsection (13) of this section. Incentive payments authorized under subsection (13) of this section may be allocated separately from other available resources.

(5) Deny funding allocations to regional support networks based solely upon formal findings of noncompliance with the terms of the regional support network's contract with the department. Written notice and at least thirty days for corrective action must precede any such action. In such cases, regional support networks shall have full rights to appeal under chapter 34.05 RCW.

(6) The department, in cooperation with the state congressional delegation, shall actively seek waivers of federal requirements and such modifications of federal regulations as are necessary to allow federal medicaid reimbursement for services provided by free-standing evaluation and treatment facilities certified under chapter 71.05 RCW. Sec. 8. RCW 71.24.045 and 2001 c 323 s 12 are each amended to read as follows:

The (county authority) regional support network shall:

(1) Contract as needed with licensed service providers. The (county authority) regional support network may, in the absence of a licensed service provider entity, become a licensed service provider entity pursuant to minimum standards required for licensing by the department for the purpose of providing services not available from licensed service providers;

(2) Operate as a licensed service provider if it deems that doing so is more efficient and cost effective than contracting for services. When doing so, the (county authority) regional support network shall comply with rules promulgated by the secretary that shall provide measurements to determine when a (county) regional support network provided service is more efficient and cost effective;

(3) Monitor and perform biennial fiscal audits of licensed service providers who have contracted with the (county) regional support network to provide services required by this chapter. The monitoring and audits shall be performed by means of a formal process which insures that the licensed service providers and professionals designated in this subsection meet the terms of their contracts;

(4) Assure that the special needs of minorities, the elderly, disabled, children, and low-income persons are met within the priorities established in this chapter;

(5) Maintain patient tracking information in a central location as required for resource management services and the department's information system;

(6) Use not more than two percent of state-appropriated community mental health funds, which shall not include federal funds, to administer community mental health programs under RCW 71.24.155: PROVIDED, That county authorities serving a county or combination of counties whose population is one hundred twenty-five thousand or more may be entitled to sufficient state-appropriated community mental health funds to employ up to one full-time employee or the equivalent thereof in addition to the two percent limit established in this subsection when such employee is providing staff services to a county mental health advisory board;

(7) Collaborate to ensure that policies do not result in an adverse shift of mentally ill persons into state and local correctional facilities;

(8) Work with the department to expedite the enrollment or re-enrollment of eligible persons leaving state or local correctional facilities and institutions for mental diseases;

(9) If a regional support network is not operated by the county, work closely with the county designated mental health professional or county designated crisis responder to maximize appropriate placement of persons into community services; and

(10) Coordinate services for individuals who have received services through the community mental health system and who become patients at a state mental hospital.

Sec. 9. RCW 71.24.100 and 1982 c 204 s 7 are each amended to read as follows:

A county authority or a group of county authorities may enter into a joint operating agreement to form a regional support network. Any agreement between two or more county authorities for the establishment of a (community mental health program) regional support network shall provide:

(1) That each county shall bear a share of the cost of mental health services; and

(2) That the treasurer of one participating county shall be the custodian of funds made available for the purposes of such mental health services, and that the treasurer may make payments from such funds upon audit by the appropriate auditing officer of the county for which he is treasurer.
Sec. 10. RCW 71.24.240 and 1982 c 204 s 13 are each amended to read as follows:

In order to establish eligibility for funding under this chapter, any (a county or counties) regional support network seeking to obtain federal funds for the support of any aspect of a community mental health program as defined in this chapter shall submit program plans to the secretary for prior review and approval before such plans are submitted to any federal agency.

Sec. 11. RCW 71.24.300 and 2001 c 323 s 17 are each amended to read as follows:

(A county authority or a group of county authorities whose combined population is no less than forty thousand may enter into a joint operating agreement to form a regional support network.) Upon the request of a tribal authority or authorities within a regional support network the joint operating agreement or the county authority shall allow for the inclusion of the tribal authority to be represented as a party to the regional support network. The roles and responsibilities of the county and tribal authorities shall be determined by the terms of that agreement including a determination of membership on the governing board and advisory committees, the number of tribal representatives to be party to the agreement, and the provisions of law and shall assure the provision of culturally competent services to the tribes served. The state mental health authority may not determine the roles and responsibilities of county authorities as to each other under regional support networks by rule, except to assure that all duties required of regional support networks are assigned and that counties and the regional support network do not duplicate functions and that a single authority has final responsibility for all available resources and performance under the regional support network's contract with the secretary. If a regional support network is a private entity, the department shall allow for the inclusion of the tribal authority to be represented as a party to the regional support network. The roles and responsibilities of the private entity and the tribal authorities shall be determined by the department through negotiation with the tribal authority.

1) Regional support networks shall submit an overall six-year operating and capital plan, timeline, and budget and submit progress reports and an updated two-year plan biennially thereafter, to assume within available resources all of the following duties:

(a) Administer and provide for the availability of all resource management services, residential services, and community support services.

(b) Assume the powers and duties of county authorities within its area as described in RCW 71.24.045 (1) through (2).

(c) Administer and provide for the availability of all investigation, transportation, court-related, and other services provided by the state or counties pursuant to chapter 71.05 RCW.

(d) Provide within the boundaries of each regional support network evaluation and treatment services for at least eighty-five percent of persons detained or committed for periods up to seventeen days according to chapter 71.05 RCW. Regional support networks with populations of less than one hundred fifty thousand may contract to purchase evaluation and treatment services from other networks. Insofar as the original intent of serving persons in the community is maintained, the secretary is authorized to approve exceptions on a case-by-case basis to the requirement to provide evaluation and treatment services within the boundaries of each regional support network. Such exceptions are limited to contracts with neighboring or contiguous regions.

(e) Administer a portion of funds appropriated by the legislature to house mentally ill persons in state institutions from counties within the boundaries of any regional support network, with the exception of persons currently confined at, or under the supervision of, a state mental hospital pursuant to chapter 10.77 RCW, and provide for the care of all persons needing evaluation and treatment services for periods up to seventeen days according to chapter 71.05 RCW in appropriate residential services, which may include state institutions. The regional support networks shall reimburse the state for use of state institutions at a rate equal to that assumed by the legislature when appropriating funds for such care at state institutions during the biennium when reimbursement occurs. The secretary shall submit a report to the appropriate committees of the senate and house of representatives on the efforts to implement this section by October 1, 2002. The duty of a state hospital to accept persons for evaluation and treatment under chapter 71.05 RCW is limited by the responsibilities assigned to regional support networks under this section.

(f) Administer and provide for the availability of all other mental health services, which shall include patient counseling, day treatment, consultation, education services, employment services as defined in RCW 71.24.035, and mental health services to children (as provided in this chapter designed to achieve the outcomes specified in section 5 of this act).

(g) Establish standards and procedures for reviewing individual service plans and determining when that person may be discharged from resource management services.

2) Regional support networks shall assume all duties assigned to county authorities by this chapter and chapter 71.05 RCW.

3) A regional support network may request that any state-owned land, building, facility, or other capital asset which was ever purchased, deeded, given, or placed in trust for the care of the mentally ill and which is within the boundaries of a
regional support network be made available to support the operations of the regional support network. State agencies managing such capital assets shall give first priority to requests for their use pursuant to this chapter.

(((4))) (3) Each regional support network shall appoint a mental health advisory board which shall review and provide comments on plans and policies developed under this chapter, provide local oversight regarding the activities of the regional support network, and work with the regional support network to resolve significant concerns regarding service delivery and outcomes. The department shall establish statewide procedures for the operation of regional advisory committees including mechanisms for advisory board feedback to the department regarding regional support network performance. The composition of the board shall be broadly representative of the demographic character of the region and ((the mentally ill persons served therein)) shall include, but not be limited to, representatives of consumers and families, law enforcement, and where the county is not the regional support network, county elected officials. Composition and length of terms of board members may differ between regional support networks but shall be ((determined)) included in each regional support network's contract and approved by the ((regional support network)) secretary.

(((5))) (4) Regional support networks shall assume all duties specified in their plans and joint operating agreements through biennial contractual agreements with the secretary.

(((6))) (5) Regional support networks may receive technical assistance from the housing trust fund and may identify and submit projects for housing and housing support services to the housing trust fund established under chapter 43.185 RCW. Projects identified or submitted under this subsection must be fully integrated with the regional support network six-year operating and capital plan, timeline, and budget required by subsection (1) of this section.

NEW SECTION. Sec. 12. A new section is added to chapter 74.09 RCW to read as follows:

(1) The department shall adopt rules and policies providing that when persons with a mental disorder, who were enrolled in medical assistance immediately prior to confinement, are released from confinement, their medical assistance coverage will be fully reinstated on the day of their release, subject to any expedited review of their continued eligibility for medical assistance coverage that is required under federal or state law.

(2) The department, in collaboration with the Washington association of sheriffs and police chiefs, the department of corrections, and the regional support networks, shall establish procedures for coordination between department field offices, institutions for mental disease, and correctional institutions, as defined in RCW 9.94.049, that result in prompt reinstatement of eligibility and speedy eligibility determinations for persons who are likely to be eligible for medical assistance services upon release from confinement. Procedures developed under this subsection must address:

(a) Mechanisms for receiving medical assistance services applications on behalf of confined persons in anticipation of their release from confinement;

(b) Expeditious review of applications filed by or on behalf of confined persons and, to the extent practicable, completion of the review before the person is released;

(c) Mechanisms for providing medical assistance services identity cards to persons eligible for medical assistance services immediately upon their release from confinement; and

(d) Coordination with the federal social security administration, through interagency agreements or otherwise, to expedite processing of applications for federal supplemental security income or social security disability benefits, including federal acceptance of applications on behalf of confined persons.

(3) Where medical or psychiatric examinations during a person's confinement indicate that the person is disabled, the correctional institution or institution for mental diseases shall provide the department with that information for purposes of making medical assistance eligibility and enrollment determinations prior to the person's release from confinement. The department shall, to the maximum extent permitted by federal law, use the examination in making its determination whether the person is disabled and eligible for medical assistance.

(4) For purposes of this section, "confined" or "confinement" means incarcerated in a correctional institution, as defined in RCW 9.94.049, or admitted to an institute for mental disease, as defined in 42 C.F.R. part 435, Sec. 1009 on the effective date of this section.

(5) For purposes of this section, "likely to be eligible" means that a person:

(a) Was enrolled in medicaid or supplemental security income or general assistance immediately before he or she was confined and his or her enrollment was terminated during his or her confinement; or

(b) Was enrolled in medicaid or supplemental security income or general assistance at any time during the five years before his or her confinement, and medical or psychiatric examinations during the person's confinement indicate that the person continues to be disabled and the disability is likely to last at least twelve months following release.
(6) The economic services administration shall adopt standardized statewide screening and application practices and forms designed to facilitate the application of a confined person who is likely to be eligible for medicaid.

NEW SECTION. Sec. 13. A new section is added to chapter 71.24 RCW to read as follows:
The secretary shall require the regional support networks to develop interlocal agreements pursuant to section 12 of this act. To this end, the regional support networks shall accept referrals for enrollment on behalf of a confined person, prior to the person’s release.

NEW SECTION. Sec. 14. (1) A joint legislative and executive task force on mental health services delivery and financing is created. The joint task force shall consist of eight members, as follows: The secretary of the department of social and health services or his or her designee; the president of the Washington state association of counties or his or her designee; a representative from the governor’s office; two members of the senate appointed by the president of the senate, one of whom shall be a member of the majority caucus and one of whom shall be a member of the minority caucus; two members of the house of representatives appointed by the speaker of the house of representatives, one of whom shall be a member of the majority caucus and one of whom shall be a member of the minority caucus; and the chair of the joint legislative audit and review committee or his or her designee. MESSAGE FROM THE SENATE
Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1418, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 48.43 RCW to read as follows:

(1) Except in the case of fraud, or as provided in subsection (2) and (3) of this section, a carrier may not: (a) request a refund from a health care provider of a payment previously made to satisfy a claim unless it does so in writing to the provider within twenty-four months after the date that the payment was made; or (b) request that a contested refund be paid any sooner than six months after receipt of the request. Any such request must specify why the carrier believes the provider owes the refund. If a provider fails to contest the request in writing to the carrier within thirty days of its receipt, the request is deemed accepted and the refund must be paid.

(2) A carrier may not, if doing so for reasons related to coordination of benefits with another carrier or entity responsible for payment of a claim: (a) request a refund from a health care provider of a payment previously made to satisfy a claim unless it does so in writing to the provider within thirty months after the date that the payment was made; or (b) request that a contested refund be paid any sooner than six months after receipt of the request. Any such request must specify why the carrier believes the provider owes the refund, and include the name and mailing address of the entity that has primary responsibility for payment of the claim. If a provider fails to contest the request in writing to the carrier within thirty days of its receipt, the request is deemed accepted and the refund must be paid.

(3) A carrier may at any time request a refund from a health care provider of a payment previously made to satisfy a claim if: (a) a third party, including a government entity, is found responsible for satisfaction of the claim as a consequence of liability imposed by law, such as tort liability; and (b) the carrier is unable to recover directly from the third party because the third party has either already paid or will pay the provider for the health services covered by the claim.

(4) If a contract between a carrier and a health care provider conflicts with this section, this section shall prevail. However, nothing in this section prohibits a health care provider from choosing at any time to refund to a carrier any payment previously made to satisfy a claim.

(5) For purposes of this section, "refund" means the return, either directly or through an offset to a future claim, of some or all of a payment already received by a health care provider.

(6) This section neither permits nor precludes a carrier from recovering from a subscriber, enrollee, or beneficiary any amounts paid to a health care provider for benefits to which the subscriber, enrollee, or beneficiary was not entitled under the terms and conditions of the health plan, insurance policy, or other benefit agreement.

(7) This section does not apply to claims for health care services provided through dental-only health carriers, health care services provided under Title XVIII (medicare) of the social security act, or medicare supplemental plans regulated under chapter 48.66 RCW.

NEW SECTION. Sec. 2. A new section is added to chapter 48.43 RCW to read as follows:

(1) Except in the case of fraud, or as provided in subsection (2) of this section, a health care provider may not: (a) request additional payment from a carrier to satisfy a claim unless he or she does so in writing to the carrier within twenty-four months after the date that the claim was denied or payment intended to satisfy the claim was made; or (b) request that the additional payment be made any sooner than six months after receipt of the request. Any such request must specify why the provider believes the carrier owes the additional payment.

(2) A health care provider may not, if doing so for reasons related to coordination of benefits with another carrier or entity responsible for payment of a claim: (a) request additional payment from a carrier to satisfy a claim unless he or she does so in writing to the carrier within thirty months after the date that the claim was denied or payment intended to satisfy the claim was made; or (b) request that the additional payment be made any sooner than six months after receipt of the request. Any such request must specify why the provider believes the carrier owes the additional payment, and include the name and mailing address of any entity that has disclaimed responsibility for payment of the claim.

(3) If a contract between a carrier and a health care provider conflicts with this section, this section shall prevail. However, nothing in this section prohibits a carrier from choosing at any time to make additional payments to a provider to satisfy a claim.
(4) This section does not apply to claims for health care services provided through dental-only health carriers, health care services provided under Title XVIII (medicare) of the social security act, or medicare supplemental plans regulated under chapter 48.66 RCW.

NEW SECTION. Sec. 3. This act applies to contracts issued or renewed on or after January 1, 2006."

On page 1, line 2 of the title, after "practices;" strike the remainder of the title and insert "adding new sections to chapter 48.43 RCW; and providing an effective date."

and the same is herewith transmitted.

(a) Impose the standard range; or
(b) Suspend the standard range disposition on condition that the offender complies with the terms of this mental health disposition alternative.
(2) The court may impose this disposition alternative when the court finds the following:

(b) An appropriate treatment option is available in the local community;

(c) The plan for the offender identifies and addresses requirements for successful participation and completion of the treatment intervention program including: Incentives and graduated sanctions designed specifically for amenable youth, including the use of detention, detoxification, and in-patient or outpatient substance abuse treatment and psychiatric hospitalization, and structured community support consisting of mental health providers, probation, educational and vocational advocates, child welfare services, and family and community support. (6) Upon receipt of the assessments, evaluations, and reports the court shall consider whether the offender and the community will benefit from use of the mental health disposition alternative. The court shall consider the victim's opinion whether the offender should receive the option.

(7) If the court determines that the mental health disposition alternative is appropriate, the court shall impose a standard range disposition ((of not more than 65 weeks)), suspend execution of the disposition, and place the offender on community supervision up to one year and impose one or more other local sanctions. MESSAGE FROM THE SENATE

April 7, 2005

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2163, with the
following amendment:
NEW SECTION. Sec. 1. Despite laudable efforts by all levels of government, private individuals, nonprofit organizations, and charitable foundations to end homelessness, the number of homeless persons in Washington is unacceptably high. The state's homeless population, furthermore, includes a large number of families with children, youth, and employed persons. The legislature finds that the fiscal and societal costs of homelessness are high for both the public and private sectors, and that ending homelessness should be a goal for state and local government.

The legislature finds that there are many causes of homelessness, including a shortage of affordable housing; a shortage of family-wage jobs which undermines housing affordability; a lack of an accessible and affordable health care system available to all who suffer from physical and mental illnesses and chemical and alcohol dependency; domestic violence; and a lack of education and job skills necessary to acquire adequate wage jobs in the economy of the twenty-first century.

The support and commitment of all sectors of the statewide community is critical to the chances of success in ending homelessness in Washington. While the provision of housing and housing-related services to the homeless should be administered at the local level to best address specific community needs, the legislature also recognizes the need for the state to play a primary coordinating, supporting, and monitoring role. There must be a clear assignment of responsibilities and a clear statement of achievable and quantifiable goals. Systematic statewide data collection on homelessness in Washington must be a critical component of such a program enabling the state to work with local governments to count homeless persons and assist them in finding housing.

The systematic collection and rigorous evaluation of homeless data, a search for and implementation through adequate resource allocation of best practices, and the systematic measurement of progress toward interim goals and the ultimate goal of ending homelessness are all necessary components of a statewide effort to end homelessness in Washington by July 1, 2015.

The interagency council on homelessness shall be responsible to further the goals of the state ten-year homeless housing strategic plan to end homelessness through the following actions:

(1) Aligning housing and supporting services policies and resources among state agencies;

(2) Identifying and eliminating policies and actions which contribute to homelessness or interfere with its reduction; and

(3) Adopting or recommending new policies to improve practices and align resources, including those policies requested by the affordable housing advisory board or through state and local homeless housing plans.

NEW SECTION. Sec. 5. There is created within the department the homeless housing program to develop and coordinate a statewide strategic plan aimed at housing homeless persons. The program shall be developed and administered by the department with advice and input from the affordable housing advisory board established in RCW 43.185B.020.

NEW SECTION. Sec. 6. The department shall annually conduct a Washington homeless census or count consistent with the requirements of RCW 43.63A.655. The census shall make every effort to count all homeless individuals living outdoors, in shelters, and in transitional housing, coordinated, when reasonably feasible, with already existing homeless census projects including those funded in part by the United States department of housing and urban development under the McKinney-Vento homeless assistance program. The department shall determine, in consultation with local governments, the data to be collected.

All personal information collected in the census is confidential, and the department and each local government shall take all necessary steps to protect the identity and confidentiality of each person counted.

The department and each local government are prohibited from disclosing any personally identifying information about any homeless individual when there is reason to believe or evidence indicating that the homeless individual is an adult or minor victim of domestic violence, dating violence, sexual assault, or stalking or is the parent or guardian of a child victim of domestic violence, dating violence, sexual assault, or stalking; or revealing other confidential information regarding HIV/AIDS status, as found in RCW 70.24.105. The department and each local government shall not ask any homeless housing provider to disclose personally identifying information about any homeless individuals when the providers implementing those programs have reason to believe or evidence indicating that those clients are adult or minor victims of domestic violence, dating violence, sexual assault, or stalking or are the parents or guardians of child victims of domestic violence, dating violence, sexual assault, or stalking. Summary data for the provider's facility or program may be substituted.

The Washington homeless census shall be conducted annually on a schedule created by the department. The department shall make summary data by county available to the public each year. This data, and its analysis, shall be included in the department's annual updated homeless housing program strategic plan.

Based on the annual census and provider information from the local government plans, the department shall, by the end of year four, implement an online information and referral system to enable local governments and providers to identify available
housing for a homeless person. The department shall work with local governments and their providers to develop a capacity for continuous case management to assist homeless persons.

By the end of year four, the department shall implement an organizational quality management system.

NEW SECTION. Sec. 7. (1) Six months after the first Washington homeless census, the department shall, in consultation with the interagency council on homelessness and the affordable housing advisory board, prepare and publish a ten-year homeless housing strategic plan which shall outline statewide goals and performance measures and shall be coordinated with the plan for homeless families with children required under RCW 43.63A.650. To guide local governments in preparation of their first local homeless housing plans due December 31, 2005, the department shall issue by October 15, 2005, temporary guidelines consistent with this chapter and including the best available data on each community's homeless population. Local governments' ten-year homeless housing plans shall not be substantially inconsistent with the goals and program recommendations of the temporary guidelines and, when amended after 2005, the state strategic plan.

(2) Program outcomes and performance measures and goals shall be created by the department and reflected in the department's homeless housing strategic plan as well as interim goals against which state and local governments' performance may be measured, including:
   (a) By the end of year one, completion of the first census as described in section 6 of this act;
   (b) By the end of each subsequent year, goals common to all local programs which are measurable and the achievement of which would move that community toward housing its homeless population; and
   (c) By July 1, 2015, reduction of the homeless population statewide and in each county by fifty percent.

(3) The department shall develop a consistent statewide data gathering instrument to monitor the performance of cities and counties receiving grants in order to determine compliance with the terms and conditions set forth in the grant application or required by the department.

The department shall, in consultation with the interagency council on homelessness and the affordable housing advisory board, report annually to the governor and the appropriate committees of the legislature an assessment of the state's performance in furthering the goals of the state ten-year homeless housing strategic plan and the performance of each participating local government in creating and executing a local homeless housing plan which meets the requirements of this chapter. The annual report may include performance measures such as:
   (a) The reduction in the number of homeless individuals and families from the initial count of homeless persons;
   (b) The number of new units available and affordable for homeless families by housing type;
   (c) The number of homeless individuals identified who are not offered suitable housing within thirty days of their request or identification as homeless;
   (d) The number of households at risk of losing housing who maintain it due to a preventive intervention;

   (i) The quality and safety of housing provided; and
   (j) The effectiveness of outreach to homeless persons, and their satisfaction with the program.

(4) Based on the performance of local homeless housing programs in meeting their interim goals, on general population changes and on changes in the homeless population recorded in the annual census, the department may revise the performance measures and goals of the state homeless housing strategic plan, set goals for years following the initial ten-year period, and recommend changes in local governments' plans.

NEW SECTION. Sec. 8. (1) Each local homeless housing task force shall prepare and recommend to its local government legislative authority a ten-year homeless housing plan for its jurisdictional area which shall be not inconsistent with the department's statewide temporary guidelines, for the December 31, 2005, plan, and thereafter the department's ten-year homeless housing strategic plan and which shall be aimed at eliminating homelessness, with a minimum goal of reducing homelessness by fifty percent by July 1, 2015. The local government may amend the proposed local plan and shall adopt a plan by December 31, 2005. Performance in meeting the goals of this local plan shall be assessed annually in terms of the performance measures published by the department. Local plans may include specific local performance measures adopted by the local government legislative authority, and may include recommendations for any state legislation needed to meet the state or local plan goals.

(2) Eligible activities under the local plans include:
(a) Rental and furnishing of dwelling units for the use of homeless persons;
(b) Costs of developing affordable housing for homeless persons, and services for formerly homeless individuals and families residing in transitional housing or permanent housing and still at risk of homelessness;
(c) Operating subsidies for transitional housing or permanent housing serving formerly homeless families or individuals;

(i) Other activities to reduce and prevent homelessness as identified for funding in the local plan.

NEW SECTION. Sec. 9. A new section is added to chapter 36.22 RCW to read as follows:
(1) In addition to the surcharge authorized in RCW 36.22.178, and except as provided in subsection (2) of this section, an additional surcharge of ten dollars shall be charged by the county auditor for each document recorded, which will be in addition to any other charge allowed by law. The funds collected pursuant to this section are to be distributed and used as follows:
(a) The auditor shall retain two percent for collection of the fee, and of the remainder shall remit sixty percent to the county to be deposited into a fund that must be used by the county and its cities and towns to accomplish the purposes of this act, six percent of which may be used by the county for administrative costs related to its homeless housing plan, and the remainder for programs which directly accomplish the goals of the county's homeless housing plan, except that for each city in the county which elects as authorized in section 12 of this act to operate its own homeless housing program, a percentage of the surcharge assessed under this section equal to the percentage of the city's local portion of the real estate excise tax collected by the county shall be transmitted at least quarterly to the city treasurer, without any deduction for county administrative costs, for use by the city for program costs which directly contribute to the goals of the city's homeless housing plan; of the funds received by the city, it may use six percent for administrative costs for its homeless housing program.
(b) The auditor shall remit the remaining funds to the state treasurer for deposit in the homeless housing account. The department may use twelve and one-half percent of this amount for administration of the program established in section 5 of this act, including the costs of creating the statewide homeless housing strategic plan, measuring performance, providing technical assistance to local governments, and managing the homeless housing grant program. The remaining eighty-seven and one-half percent is to be distributed by the department to local governments through the homeless housing grant program.
(2) The surcharge imposed in this section does not apply to assignments or substitutions of previously recorded deeds of trust.

NEW SECTION. Sec. 10. The homeless housing account is created in the custody of the state treasurer. The state's portion of the surcharge established in section 9 of this act must be deposited in the account. Expenditures from the account may be used only for the homeless housing program as described in this chapter. Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

NEW SECTION. Sec. 11. (1) During each calendar year in which moneys from the homeless housing account are available for use by the department for the homeless housing grant program, the department shall announce to all Washington counties, participating cities, and through major media throughout the state, a grant application period of at least ninety days' duration. This announcement will be made as often as the director deems appropriate for proper utilization of resources. The department shall then promptly grant as many applications as will utilize available funds, less appropriate administrative costs of the department as described in section 9 of this act.
(2) The department will develop, with advice and input from the affordable housing advisory board established in RCW 43.185B.020, criteria to evaluate grant applications.
(3) The department may approve applications only if they are consistent with the local and state homeless housing program strategic plans. The department may give preference to applications based on some or all of the following criteria:
The total homeless population in the applicant local government service area, as reported by the most recent annual Washington homeless census;

(b) Current local expenditures to provide housing for the homeless and to address the underlying causes of homelessness as described in section 1 of this act;

(c) Local government and private contributions pledged to the program in the form of matching funds, property, infrastructure improvements, and other contributions; and the degree of leveraging of other funds from local government or private sources for the program for which funds are being requested, to include recipient contributions to total project costs, including allied contributions from other sources such as professional, craft and trade services, and lender interest rate subsidies;

(d) Construction projects or rehabilitation that will serve homeless individuals or families for a period of at least twenty-five years;

(e) Projects which demonstrate serving homeless populations with the greatest needs, including projects that serve special needs populations;

(f) The degree to which the applicant project represents a collaboration between local governments, nonprofit community-based organizations, local and state agencies, and the private sector, especially through its integration with the coordinated and comprehensive plan for homeless families with children required under RCW 43.63A.650;

(g) The cooperation of the local government in the annual Washington homeless census project;

(h) The commitment of the local government and any subcontracting local governments, nonprofit organizations, and for-profit entities to employ a diverse work force;

(i) The extent, if any, that the local homeless population is disproportionate to the revenues collected under this chapter, RCW 36.22.178, and section 9 of this act; and

(j) Other elements shown by the applicant to be directly related to the goal and the department's state strategic plan.

NEW SECTION. Sec. 12. (1) Only a local government is eligible to receive a homeless housing grant from the homeless housing account. Any city may assert responsibility for homeless housing within its borders if it so chooses, by forwarding a resolution to the legislative authority of the county stating its intention and its commitment to operate a separate homeless housing program. The city shall then receive a percentage of the surcharge assessed under section 9 of this act equal to the percentage of the city's local portion of the real estate excise tax collected by the county. A participating city may also then apply separately for homeless housing program grants. A city choosing to operate a separate homeless housing program shall be responsible for complying with all of the same requirements as counties and shall adopt a local homeless housing plan meeting the requirements of this chapter for county local plans. However, the city may by resolution of its legislative authority accept the county's homeless housing task force as its own and based on that task force's recommendations adopt a homeless housing plan specific to the city.

(2) Local governments applying for homeless housing funds may subcontract with any other local government, housing authority, community action agency or other nonprofit organization for the execution of programs contributing to the overall goal of ending homelessness within a defined service area. All subcontracts shall be consistent with the local homeless housing plan adopted by the legislative authority of the local government, time limited, and filed with the department and shall have specific performance terms. While a local government has the authority to subcontract with other entities, the local government continues to maintain the ultimate responsibility for the homeless housing program within its borders.

(3) A county may decline to participate in the program authorized in this chapter by forwarding to the department a resolution adopted by the county legislative authority stating the intention not to participate. A copy of the resolution shall also be transmitted to the county auditor and treasurer. If such a resolution is adopted, all of the funds otherwise due to the county under section 10 of this act shall be remitted monthly to the state treasurer for deposit in the homeless housing account, without any reduction by the county for collecting or administering the funds. Upon receipt of the resolution, the department shall promptly begin to identify and contract with one or more entities eligible under this section to create and execute a local homeless housing plan for the county meeting the requirements of this chapter. The department shall expend all of the funds received from the county under this subsection to carry out the purposes of this act in the county, provided that the department may retain six percent of these funds to offset the cost of managing the county's program.

(4) A resolution by the county declining to participate in the program shall have no effect on the ability of each city in the county to assert its right to manage its own program under this chapter, and the county shall monthly transmit to the city the funds due under this chapter.

NEW SECTION. Sec. 13. The department shall allocate grant moneys from the homeless housing account to finance in whole or in part programs and projects in approved local homeless housing plans to assist homeless individuals and families gain access to adequate housing, prevent at-risk individuals from becoming homeless, address the root causes of homelessness,
track and report on homeless-related data, and facilitate the movement of homeless or formerly homeless individuals along the housing continuum toward more stable and independent housing. The department may issue criteria or guidelines to guide local governments in the application process.

NEW SECTION. Sec. 14. The department shall provide technical assistance to any participating local government that requests such assistance. Technical assistance activities may include:

1. Assisting local governments to identify appropriate parties to participate on local homeless housing task forces;
2. Assisting local governments to identify appropriate service providers with which the local governments may subcontract for service provision and development activities, when necessary;
3. Assisting local governments to implement or expand homeless census programs to meet homeless housing program requirements;
4. Assisting in the identification of “best practices” from other areas;
5. Assisting in identifying additional funding sources for specific projects; and
6. Training local government and subcontractor staff.

NEW SECTION. Sec. 15. The department shall establish a uniform process for participating local governments to report progress toward reducing homelessness and meeting locally established goals.

NEW SECTION. Sec. 16. The department may adopt such rules as may be necessary to effect the purposes of this chapter.

NEW SECTION. Sec. 17. The department shall ensure that the state’s interest is protected upon the development, use, sale, or change of use of projects constructed, acquired, or financed in whole or in part through the homeless housing grant program. These policies may include, but are not limited to: (1) Requiring a share of the appreciation in the project in proportion to the state’s contribution to the project, or (2) requiring a lump sum repayment of the grant upon the sale or change of use of the project.

Sec. 18. RCW 36.22.178 and 2002 c 294 s 2 are each amended to read as follows:

1. Except as provided in subsection (2) of this section, a surcharge of ten dollars per instrument shall be charged by the county auditor for each document recorded, which will be in addition to any other charge authorized by law. The county may retain up to five percent of these funds collected solely for the collection, administration, and local distribution of these funds. Of the remaining funds, forty percent of the revenue generated through this surcharge will be transmitted monthly to the state treasurer who will deposit the funds into the Washington housing trust account. The office of community development of the department of community, trade, and economic development will develop guidelines for the use of these funds to support building operation and maintenance costs of housing projects or units within housing projects that are affordable to extremely low-income persons with incomes at or below thirty percent of the area median income, and that require a supplement to rent income to cover ongoing operating expenses. (Sixty percent of the revenue) All of the remaining funds generated by this surcharge will be retained by the county and be deposited into a fund that must be used by the county and its cities and towns for housing projects or units within housing projects that are affordable to very low-income persons with incomes at or below fifty percent of the area median income. The portion of the surcharge retained by a county shall be allocated to very low-income housing projects or units within such housing projects in the county and the cities within a county according to an interlocal agreement between the county and the cities within the county, consistent with countywide and local housing needs and policies. The funds generated with this surcharge shall not be used for construction of new housing if at any time the vacancy rate for available low-income housing within the county rises above ten percent. The vacancy rate for each county shall be developed using the state low-income vacancy rate standard developed under subsection (3) of this section. (Permissible) Uses of these local funds are limited to:

(a) Acquisition, construction, or rehabilitation of housing projects or units within housing projects that are affordable to very low-income persons with incomes at or below fifty percent of the area median income;
(b) Supporting building operation and maintenance costs of housing projects or units within housing projects eligible to receive housing trust funds, that are affordable to very low-income persons with incomes at or below fifty percent of the area median income, and that require a supplement to rent income to cover ongoing operating expenses;
(c) Rental assistance vouchers for housing projects or units within housing projects that are affordable to very low-income persons with incomes at or below fifty percent of the area median income, to be administered by a local public housing
authority or other local organization that has an existing rental assistance voucher program, consistent with the United States department of housing and urban development's section 8 rental assistance voucher program standards; and
(d) Operating costs for emergency shelters and licensed overnight youth shelters.
(2) The surcharge imposed in this section does not apply to assignments or substitutions of previously recorded deeds of trust.
(3) The real estate research center at Washington State University shall develop a vacancy rate standard for low-income housing in the state as described in RCW 18.85.540(1)(i).

Sec. 22. RCW 43.185B.005 and 1993 c 478 s 1 are each amended to read as follows:
(1) The legislature finds that:
(a) Housing is of vital statewide importance to the health, safety, and welfare of the residents of the state;
(b) Reducing homelessness and moving individuals and families toward stable, affordable housing is of vital statewide importance;
(c) Safe, affordable housing is an essential factor in stabilizing communities;
Residents must have a choice of housing opportunities within the community where they choose to live;

Housing markets are linked to a healthy economy and can contribute to the state's economy;

Land supply is a major contributor to the cost of housing;

Housing must be an integral component of any comprehensive community and economic development strategy;

State and local government must continue working cooperatively toward the enhancement of increased housing units by reviewing, updating, and removing conflicting regulatory language;

State and local government should work together in developing creative ways to reduce the shortage of housing;

The lack of a coordinated state housing policy inhibits the effective delivery of housing for some of the state's most vulnerable citizens and those with limited incomes; and

It is in the public interest to adopt a statement of housing policy objectives.

The legislature declares that the purposes of the Washington housing policy act are to:

- Provide policy direction to the public and private sectors in their attempt to meet the shelter needs of Washington residents;
- Reevaluate housing and housing-related programs and policies in order to ensure proper coordination of those programs and policies to meet the housing needs of Washington residents;
- Improve the delivery of state services and assistance to very low-income and low-income households and special needs populations;

2. Identify and reduce the causal factors preventing the state from reaching its goal;
3. Assist very low-income and special needs households who cannot obtain affordable, safe, and adequate housing in the private market;
4. Encourage and maintain home ownership opportunities;
5. Reduce life-cycle housing costs while preserving public health and safety;
6. Preserve the supply of existing affordable housing;
7. Provide housing for special needs populations;

Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state.

This act takes effect August 1, 2005.

MESSAGE FROM THE SENATE

April 13, 2005

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1635, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that ambulance and emergency medical services are essential services and the availability of these services is vital to preserving and promoting the health, safety, and welfare of people in local communities throughout the state. All persons, businesses, and industries benefit from the availability of ambulance and emergency medical services, and survival rates can be increased when these services are available, adequately funded, and appropriately regulated. It is the legislature's intent to explicitly recognize local jurisdictions' ability and authority to collect utility service charges to fund ambulance and emergency medical service systems that are based, at least in some part, upon a charge for the availability of these services.

Sec. 2. RCW 35.21.766 and 2004 c 129 s 34 are each amended to read as follows:

(1) Whenever a regional fire protection service authority ((or the legislative authority of any city or town)) determines that the fire protection jurisdictions that are members of the authority ((or the city or town or a substantial portion of the city or town in)) are not adequately served by existing private ambulance service, the governing board of the authority may by resolution((, or the legislative authority of the city or town may by appropriate legislation,)) provide for the establishment of a system of ambulance service to be operated by the authority as a public utility ((of the city or town, or)) operated by contract after a call for bids.

(2) The legislative authority of any city or town may establish an ambulance service to be operated as a public utility. However, the legislative authority of the city or town shall not provide for the establishment of an ambulance service utility that would compete with any existing private ambulance service, unless the legislative authority of the city or town determines that the city or town, or a substantial portion of the city or town, is not adequately served by an existing private ambulance service. In determining the adequacy of existing ambulance service, the legislative authority of the city or town shall determine if the service is meeting relevant performance standards. Before making any adequacy determination, performance standards shall be established by the city or town through adoption of a resolution or ordinance by its legislative body, which shall first hold one or more public hearings on the subject of proposed performance standards, or any amendment thereto, after giving at least fourteen days' notice of the time and place by publication in a newspaper of general circulation in the city and individual written notice to
any private ambulance company registered with the jurisdiction as operating an ambulance service in the city or town, and to the
department of health. Performance standards adopted by any city or town shall be no less stringent than existing standards
adopted by the department of health or any other agency with applicable jurisdiction, and may include, but not be limited to,
standards regarding response times, equipment, personnel, training, communication, dispatch, reporting, and other relevant
requirements and expectations.

(3) The city or town legislative authority is authorized to set and collect rates and charges in an amount sufficient to
regulate, operate, and maintain an ambulance utility. Prior to setting such rates and charges, the legislative authority must
determine, through a cost-of-service study, the total cost necessary to regulate, operate, and maintain the ambulance utility.
Total costs shall not include capital cost for the construction, major renovation, or major repair of the physical plant. For
purposes of establishing and setting rates and charges under this section, costs shall be reduced by any revenues collected and
described in subsection (5)(a) through (c) of this section. Once the legislative authority determines the total costs, the legislative
authority shall then identify that portion of the total costs that are attributable to the availability of the ambulance service and that
portion of the total costs that are attributable to the demand placed on the ambulance utility.

(a) Availability costs are those costs attributable to the basic infrastructure needed to respond to a single call for service
within the utility's response criteria. Availability costs may include costs for dispatch, labor, training of personnel, equipment,
patient care supplies, and maintenance of equipment.

(b) Demand costs are those costs that are attributable to the burden placed on the ambulance service by individual calls
for ambulance service. Demand costs shall include costs related to frequency of calls, distances from hospitals, and other factors
identified in the cost-of-service study conducted to assess burdens imposed on the ambulance utility.

(c) Beginning on the effective date of this act, the rate attributable to costs for availability described under (a) of this
subsection shall be uniformly applied across user classifications within the utility.

(d) Beginning on the effective date of this act, the rate attributable to costs for demand, described under (b) of this
subsection, shall be established and billed to each utility user classification based on each user classification's burden on the
ambulance utility.

(e) The fee charged by the utility shall reflect a combination of the availability cost and the demand cost.

(4)(a) Except as provided in (b) of this subsection, the combined rates charged shall reflect an exemption for persons
who are medicaid eligible and who reside in a nursing facility, boarding home, adult family home, or receive in home services.
The combined rates charged may reflect an exemption or reduction for designated classes consistent with Article VIII, section 7
of the state Constitution. The amounts of exemption or reduction shall be a general expense of the utility, and designated as an
availability cost, to be spread uniformly across the utility user classifications.

(b) For cities with a population less than 2,500 that established an ambulance utility before May 6, 2004, the combined
rates charged may reflect an exemption or reduction for persons who are medicaid eligible, and for designated classes consistent
with Article VIII, section 7 of the state Constitution.

(5) In each city or town operating an ambulance utility pursuant to this section:

(a) The legislative authority must continue to allocate at least fifty percent of the total amount of general fund revenues
expended, as of May 6, 2004, toward the total costs necessary to regulate, operate, and maintain the ambulance utility.

However, cities or towns that operated an ambulance service as a public utility as of May 6, 2004, and commingled
general fund dollars and ambulance service utility dollars, may reasonably estimate that portion of general fund dollars that were,
as of that date, applied toward the operation of the ambulance service utility, and at least fifty percent of such estimated amount
must then continue to be applied toward the total cost necessary to regulate, operate, and maintain the ambulance utility.

(b) The legislative authority must allocate available emergency medical service levy funds, in an amount proportionate
to the percentage of the ambulance services costs to the total combined operating costs for emergency medical services and
ambulance services, towards the total costs necessary to regulate, operate, and maintain the ambulance utility.

(c) The legislative authority must allocate all revenues received through direct billing to the individual user of the
ambulance service to the demand-related costs under subsection (3)(b) of this section.

(d) The total revenue generated by the rates and charges shall not exceed the total costs necessary to regulate, operate,
and maintain an ambulance utility.

(e) Revenues generated by the rates and charges must be deposited in a separate fund or funds and be used only for the
purpose of paying for the cost of regulating, maintaining, and operating the ambulance utility.

(6) Ambulance service rates charged pursuant to this section do not constitute taxes or charges under RCW 82.02.050
through 82.02.090, or RCW 35.21.768, or charges otherwise prohibited by law.

NEW SECTION. Sec. 3. The joint legislative audit and review committee shall study and review ambulance utilities
established and operated by cities under this act. The committee shall examine, but not be limited to, the following factors: the
number and operational status of utilities established under this act; whether the utility rate structures and user classifications used by cities were established in accordance with generally accepted utility rate-making practices; and rates charged by the utility to the user classifications. The committee shall provide a final report on this review by December, 2007.

On page 1, at the beginning of line 2 of the title, strike the remainder of the title and insert “amending RCW 35.21.766; and creating new sections.”

and the same is herewith transmitted.

Thomas Hoemann, Secretary

There being no objection, the House refused to concur in the Senate amendment to ENGROSSED SUBSTITUTE HOUSE BILL NO. 1635 and asked the Senate to recede therefrom.

MESSAGE FROM THE SENATE

April 11, 2005

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1903, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature has and continues to recognize the vital importance of economic development to the health and prosperity of Washington state as indicated in RCW 43.160.010, 43.155.070(4)(g), 43.163.005, and 43.168.010. The legislature finds that current economic development programs and funding, which are primarily low-interest loan programs, can be enhanced by creating a loan and grant program to assist political subdivisions with public infrastructure projects that directly stimulate community and economic development by supporting the creation of new jobs or the retention of existing jobs.

NEW SECTION. Sec. 2. A new section is added to chapter 43.160 RCW to read as follows:

(1) The job development fund program is created to provide loans and grants to political subdivisions of the state for public infrastructure projects that will stimulate job creation or assist in job retention. Grants may be awarded only when, and to the extent that, a loan is not reasonably possible, given the limited resources of the political subdivision and the board has made a finding that financial circumstances require grant assistance to enable the project to move forward. The program is to be administered by the board. The board shall establish a competitive process to request and prioritize proposals and make loan and grant awards.

(2) For the purposes of this act:
(a) "Public infrastructure projects" has the same meaning as "public facilities" as defined in RCW 43.160.020(11); and
(b) "Political subdivision" means a county, city, port district, or other special purpose district, excluding a school district.

(3) The board shall conduct a statewide request for project applications from political subdivisions. The board shall apply the following criteria for evaluation and ranking of applications:
(a) The relative benefits provided to the community by the jobs the project would create, including, but not limited to: (i) The total number of jobs; (ii) the total number of full-time, family wage jobs; (iii) the unemployment rate in the area; and (iv) the increase in employment in comparison to total community population;
(b) The present level of economic activity in the community and the existing local financial capacity to increase economic activity in the community;
(c) The rate of return of the state's investment, that includes the expected increase in state and local tax revenues associated with the project;
(d) The lack of another timely source of funding available to finance the project which would likely prevent the proposed community or economic development, absent the financing available under this act;
(e) The ability of the project to improve the viability of existing business entities in the project area;
(f) Whether or not the project is a partnership of multiple jurisdictions;
(g) Demonstration that the requested assistance will directly stimulate community and economic development by facilitating the creation of new jobs or the retention of existing jobs; and
(h) The availability of existing assets that applicants may apply to projects.

(4) Job development fund program loans and grants may only be awarded to those applicants that have entered into or expect to enter into a contract with a private developer relating to private investment that will result in the creation or retention of jobs upon completion of the project. Job development fund program loans and grants shall not be provided for any project where:
   (a) The funds will not be used within the jurisdiction or jurisdictions of the applicants; or
   (b) Evidence exists that the project would result in a development or expansion that would displace existing jobs in any other community in the state.

(5) The board shall, with the joint legislative audit and review committee, develop performance criteria for each loan and grant and evaluation criteria to be used to evaluate both how well successful applicants met the community and economic development objectives stated in their applications, and how well the job development fund program performed in creating and retaining jobs.

NEW SECTION. Sec. 3. A new section is added to chapter 43.160 RCW to read as follows:
The maximum loan or grant from the job development fund for any one project is ten million dollars. Grant and loan assistance from the job development fund may not exceed thirty-three percent of the total cost of the project. The nonstate portion of the total project cost may include cash, the value of real property when acquired solely for the purpose of the project, and in-kind contributions.

Sec. 4. RCW 43.155.050 and 2001 c 131 s 2 are each amended to read as follows:
(1) The public works assistance account is hereby established in the state treasury. Money may be placed in the public works assistance account from the proceeds of bonds when authorized by the legislature or from any other lawful source. Money in the public works assistance account shall be used to make loans and to give financial guarantees to local governments for public works projects. Moneys in the account may also be appropriated to provide for state match requirements under federal law for projects and activities conducted and financed by the board under the drinking water assistance account. Not more than fifteen percent of the biennial capital budget appropriation to the public works assistance account to this account may be expended or obligated for preconstruction loans, emergency loans, or loans for capital facility planning under this chapter; of this amount, not more than ten percent of the biennial capital budget appropriation may be expended for emergency loans and not more than one percent of the biennial capital budget appropriation may be expended for capital facility planning loans.

(2) The job development fund is hereby established in the state treasury. Money from the public works assistance account may be placed in the job development fund only after appropriation. Money in the job development fund may be used solely for job development fund program grants or loans and administrative expenses related to the administration of the job development fund program created in section 2 of this act. Moneys in the job development fund may be spent only after appropriation. The board shall prepare a list of proposed projects that totals fifty million dollars as part of the department's 2007-09 biennial budget request.

NEW SECTION. Sec. 5. (1) The joint legislative audit and review committee shall conduct an inventory of all state public infrastructure programs and funds. The inventory shall identify: The public infrastructure state programs and funds and the purposes each serve; how the program or fund is implemented; the types of public infrastructure projects supported by the program or fund; the dollar amount of the projects funded by each program or fund; the balance of a fund, if applicable; and the geographic distribution of projects supported by a program or fund. Where applicable, the inventory shall identify overlaps or gaps in types of public infrastructure projects supported through state programs or funds. Where appropriate, the inventory shall evaluate the return on investment for economic development infrastructure programs. The inventory shall be delivered to the appropriate committees of the legislature by December 1, 2005.

(2) By September 1, 2010, the joint legislative audit and review committee shall submit a report on the outcomes of the job development fund program to the appropriate committees of the legislature. The report shall apply the performance and evaluation criteria developed by the community economic revitalization board and the committee shall include a project by project review detailing how the funds were used and whether the performance measures were met. The report shall also include impacts to the availability of low-interest and interest-free loans to local governments under RCW 43.155.055, 43.155.060, 43.155.065, and 43.155.068, resulting from appropriations to the job development fund. Information in the report shall include, but not be limited to:
   (a) The total funds appropriated from the public works assistance account to the job development account;
(b) The ratio of loan requests submitted to the public works board as compared to actual money available for loans in the public works assistance account since the effective date of this act;
(c) The total amount that would have been available for loans from the public works assistance account had this act not taken effect;
(d) Identification of specific loan requests that would have qualified for funding under chapter 43.155 RCW had money been available in the public works assistance account;
(e) Assessment of increased costs for otherwise qualifying projects where local governments were compelled to seek alternate funding sources.

NEW SECTION. Sec. 6. This act expires June 30, 2011.

NEW SECTION. Sec. 7. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

On page 1, line 1 of the title, after "fund;" strike the remainder of the title and insert "amending RCW 43.155.050; adding new sections to chapter 43.160 RCW; creating new sections; and providing an expiration date."

There being no objection, the House refused to concur in the Senate amendment to ENGROSSED SUBSTITUTE HOUSE BILL NO. 1903 and asked the Senate for a conference thereon.

MESSAGE FROM THE SENATE

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2266, with the following amendment:
strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. Restricting access to certain precursor drugs used to manufacture methamphetamine to ensure that they are only sold at retail to individuals who will use them for legitimate purposes upon production of proper identification is an essential step to controlling the manufacture of methamphetamine.

NEW SECTION. Sec. 2. A new section is added to chapter 69.43 RCW to read as follows:
(1) Any product containing ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers as its only active ingredient, sold at retail shall be sold only by a pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, or an employee thereof, or a practitioner as defined in RCW 18.64.011. A pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, or an employee thereof, or a practitioner as defined in RCW 18.64.011 may only sell products containing ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers as its only active ingredient to customers that are at least eighteen years old, upon presentation of photographic identification that shows the date of birth of the person. The products must be kept in a location that is not accessible by customers without the assistance of an employee of the merchant.
(2) A person buying or receiving a product at retail containing ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers as its only active ingredient, from a pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, or an employee thereof, or a practitioner as defined in RCW 18.64.011, must be at least eighteen years old and must first produce photographic identification of the person that shows the date of birth of the person.

NEW SECTION. Sec. 3. A new section is added to chapter 69.43 RCW to read as follows:
(1)(a) The Washington association of sheriffs and police chiefs or the Washington state patrol may petition the state board of pharmacy to establish restrictions for one or more products containing any amount of ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, in combination with another active ingredient. The petition shall establish that:
(i) Ephedrine, pseudoephedrine, or phenylpropanolamine can be effectively extracted from the product and converted into methamphetamine or another controlled dangerous substance; and

(ii) Law enforcement, the Washington state patrol, or the department of ecology are finding substantial evidence that the product is being used for the illegal manufacture of methamphetamine or another controlled dangerous substance.

(b) The state board of pharmacy shall adopt rules when a petition establishes that restricting the sale of the product at retail is warranted based upon the effectiveness and extent of use of the product for the illegal manufacture of methamphetamine or other controlled dangerous substances and the extent of the burden of any restrictions upon consumers. The state board of pharmacy may adopt such restrictions as are warranted to prevent access to the product for use for the illegal manufacture of methamphetamine or another controlled dangerous substance, including the presentation of photographic identification and accessibility requirements. The state board of pharmacy may adopt emergency rules to restrict the sale of a product when the petition establishes that the immediate restriction of the product is necessary in order to protect public health and safety.

(c) A manufacturer of a drug product may apply for removal of the product from this section if the product is determined by the state board of pharmacy to have been formulated in such a way as to effectively prevent the conversion of the active ingredient into methamphetamine. The burden of proof for exemption is upon the person requesting the exemption. The petition shall provide the state board of pharmacy with evidence that the product has been formulated in such a way to serve as an effective general deterrent to the conversion of pseudoephedrine into methamphetamine. The evidence must include the furnishing of a valid scientific study, conducted by an independent, professional laboratory and evincing professional quality chemical analysis. Factors to be considered in whether a product should be excluded from this section include but are not limited to:

(i) Ease with which the product can be converted to methamphetamine;

(ii) Ease with which pseudoephedrine is extracted from the substance and whether it forms an emulsion, salt, or other form;

(iii) Whether the product contains a "molecular lock" that renders it incapable of being converted into methamphetamine;

(iv) Presence of other ingredients that render the product less likely to be used in the manufacture of methamphetamine; and

(v) Any pertinent data that can be used to determine the risk of the substance being used in the illegal manufacture of methamphetamine or any other controlled substance.

(2) Nothing in this section applies:

(a) To the sale of a product that may only be sold upon the presentation of a prescription; or

(b) When the details of the transaction are recorded in a pharmacy profile individually identified with the recipient and maintained by a licensed pharmacy or registered shopkeeper or itinerant vendor.

(3)(a) No pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, or a practitioner as defined in RCW 18.64.011, may retaliate against any employee that has made a good faith attempt to comply with any requirement that the state board of pharmacy may impose under subsection (1) of this section.

(b) No pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, or a practitioner as defined in RCW 18.64.011, is subject to prosecution under subsection (4) of this section if they made a good faith attempt to comply with any requirement that the state board of pharmacy may impose under subsection (1) of this section.

(4) A violation of this section is a gross misdemeanor.

NEW SECTION. Sec. 4. (1) The state board of pharmacy shall convene a work group to study the need for requiring and maintaining logs of transactions involving ephedrine, pseudoephedrine, or phenylpropanolamine.

(2) The study shall include:

(a) Whether a log is an effective law enforcement tool;

(b) What information is needed to make logs useful as a deterrent to criminal activity;

(c) The most effective method of obtaining, recording, and storing log information in the least intrusive manner available;

(d) How long the information recorded in the logs should be maintained; and

(e) How logs can be most effectively transmitted to law enforcement and the state board of pharmacy.

(3) The work group shall consist of:

(a) One representative from law enforcement appointed by the Washington association of sheriffs and police chiefs;

(b) One representative appointed by the Washington association of prosecuting attorneys;

(c) One representative appointed by the office of the attorney general;
(d) One representative appointed by the state board of pharmacy; and
(e) Two representatives from the retail industry.
(4) The state board of pharmacy shall report to the legislature no later than November 30, 2005, regarding the findings of the work group along with any recommendations or proposed legislation."

(3) The board shall elect a chair. The legislative auditor, the state auditor, and the director of the office of financial management may not serve as chair.
(4) Appointees shall be individuals who have a basic understanding of state government operations with knowledge and expertise in performance management, quality management, strategic planning, performance assessments, or closely related fields.
(5) Members selected under subsection (2)(d) and (e) of this section shall serve for terms of four years, with the terms expiring on June 30th on the fourth year of the term. However, in the case of the initial members, two members shall serve four-year terms, two members shall serve three-year terms, and one member shall serve a two-year term, with each of the terms expiring on June 30th of the applicable year. Appointees may be reappointed to serve more than one term.
(6) The office of the state auditor shall provide clerical, technical, and management personnel to the board to serve as the board's staff.
(7) The board shall meet at least once a quarter and may hold additional meetings at the call of the chair or by a majority vote of the members of the board.
(8) The members of the board shall be compensated in accordance with RCW 43.03.220 and reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060.

NEW SECTION. Sec. 4. A new section is added to chapter 43.09 RCW to read as follows:
The board shall establish an assessment and performance grading program. The program shall consist of conducting performance assessments and grading state agency performance. Assessments shall be implemented on a phased-in schedule. Initial areas to be assessed shall include quality management, productivity and fiscal efficiency, program effectiveness, contract management and oversight, internal audit, internal and external customer satisfaction, statutory and regulatory compliance, and technology systems and on-line services. As part of this program, the board shall:
(1) Consult with and seek input from elected officials, state employees including front-line employees, and professionals with a background in performance management for establishing the grading standards. In developing the criteria, the board shall consider already developed best practices and audit criteria used by government or nongovernment organizations. Before the assessment, the agencies shall be given the criteria for the assessment and the standards for grading;
(2) Contract or partner with those public or private entities that have expertise in developing public sector reviews applying fact-based objective criteria and/or technical expertise in individual assessment areas to perform the assessments and grading of all state agencies. The board may contract or partner with more than one entity for different assessment areas; and

(3) Submit the results of the assessment and grading program to the governor, the office of financial management, appropriate legislative committees, and the public by December 15th of each year. The results of the assessments and performance grading shall be posted on the internet.

NEW SECTION. Sec. 5. A new section is added to chapter 43.09 RCW to read as follows:

(1) The board and the state auditor shall collaborate with the joint legislative audit and review committee regarding performance audits of state government.

(a) The board shall establish criteria for performance audits consistent with the criteria and standards followed by the joint legislative audit and review committee. This criteria shall include, at a minimum, the auditing standards of the United States government accountability office, as well as legislative mandates and performance objectives established by state agencies and the legislature. Mandates include, but are not limited to, agency strategies, timelines, program objectives, and mission and goals as required in RCW 43.88.090.

(b) Using the criteria developed in (a) of this subsection, the state auditor shall contract for a statewide performance review to be completed as expeditiously as possible as a preliminary to a draft work plan for conducting performance audits. The board and the state auditor shall develop a schedule and common methodology for conducting these reviews. The purpose of these performance reviews is to identify those agencies, programs, functions, or activities most likely to benefit from performance audits and to identify likely areas warranting early review, taking into account prior performance audits, if any, and prior fiscal audits.

(c) The board and the state auditor shall develop the draft work plan for performance audits based on input from citizens, state employees, including front-line employees, state managers, chairs and ranking members of appropriate legislative committees, the joint legislative audit and review committee, public officials, and others. The draft work plan may include a list of agencies, programs, or systems to be audited on a timeline decided by the board and the state auditor based on a number of factors including risk, importance, and citizen concerns. When putting together the draft work plan, there should be consideration of all audits and reports already required. On average, audits shall be designed to be completed as expeditiously as possible.

(d) Before adopting the final work plan, the board shall consult with the legislative auditor and other appropriate oversight and audit entities to coordinate work plans and avoid duplication of effort in their planned performance audits of state government agencies. The board shall defer to the joint legislative audit and review committee work plan if a similar audit is included on both work plans for auditing.

(e) The state auditor shall contract out for performance audits. In conducting the audits, agency front-line employees and internal auditors should be involved.

(f) All audits must include consideration of reports prepared by other government oversight entities.

(g) The audits may include:

(i) Identification of programs and services that can be eliminated, reduced, consolidated, or enhanced;

(ii) Identification of funding sources to the state agency, to programs, and to services that can be eliminated, reduced, consolidated, or enhanced;

(iii) Analysis of gaps and overlaps in programs and services and recommendations for improving, dropping, blending, or separating functions to correct gaps or overlaps;

(iv) Analysis and recommendations for pooling information technology systems used within the state agency, and evaluation of information processing and telecommunications policy, organization, and management;

(v) Analysis of the roles and functions of the state agency, its programs, and its services and their compliance with statutory authority and recommendations for eliminating or changing those roles and functions and ensuring compliance with statutory authority;

(vi) Recommendations for eliminating or changing statutes, rules, and policy directives as may be necessary to ensure that the agency carry out reasonably and properly those functions vested in the agency by statute;

(vii) Verification of the reliability and validity of agency performance data, self-assessments, and performance measurement systems as required under RCW 43.88.090;

(viii) Identification of potential cost savings in the state agency, its programs, and its services;

(ix) Identification and recognition of best practices;

(x) Evaluation of planning, budgeting, and program evaluation policies and practices;

(xi) Evaluation of personnel systems operation and management;
(xii) Evaluation of state purchasing operations and management policies and practices; and
(xiii) Evaluation of organizational structure and staffing levels, particularly in terms of the ratio of managers and supervisors to nonmanagement personnel.

(h) The state auditor must solicit comments on preliminary performance audit reports from the audited state agency, the office of the governor, the office of financial management, the board, the chairs and ranking members of appropriate legislative committees, and the joint legislative audit and review committee for comment. Comments must be received within thirty days after receipt of the preliminary performance audit report unless a different time period is approved by the state auditor. All comments shall be incorporated into the final performance audit report. The final performance audit report shall include the objectives, scope, and methodology; the audit results, including findings and recommendations; conclusions; and identification of best practices.

(i) The board and the state auditor shall jointly release final performance audit reports to the governor, the citizens of Washington, the joint legislative audit and review committee, and the appropriate standing legislative committees. Final performance audit reports shall be posted on the internet.

(j) For institutions of higher education, performance audits shall not duplicate, and where applicable, shall make maximum use of existing audit records, accreditation reviews, and performance measures required by the office of financial management, the higher education coordinating board, and nationally or regionally recognized accreditation organizations including accreditation of hospitals licensed under chapter 70.41 RCW and ambulatory care facilities.

(2) The citizen board created under RCW 44.75.030 shall be responsible for performance audits for transportation related agencies as defined under RCW 44.75.020.

NEW SECTION. Sec. 6. A new section is added to chapter 43.09 RCW to read as follows:

If the legislative authority of a local jurisdiction requests a performance audit of programs under its jurisdiction, the state auditor has the discretion to conduct such a review under separate contract and funded by local funds.

NEW SECTION. Sec. 7. A new section is added to chapter 43.88 RCW to read as follows:

In addition to the authority given the state auditor in RCW 43.88.160(6), the state auditor is authorized to contract for and oversee performance audits pursuant to section 5 of this act.

NEW SECTION. Sec. 8. A new section is added to chapter 43.09 RCW to read as follows:

By June 30, 2007, and each four years thereafter, the joint legislative audit and review committee shall contract with a private entity for a performance audit of the performance audit program established in section 5 of this act and the board's responsibilities under the performance audit program.

NEW SECTION. Sec. 9. A new section is added to chapter 43.09 RCW to read as follows:

The audited agency is responsible for follow-up and corrective action on all performance audit findings and recommendations. The audited agency's plan for addressing each audit finding and recommendation shall be included in the final audit report. The plan shall provide the name of the contact person responsible for each action, the action planned, and the anticipated completion date. If the audited agency does not agree with the audit findings and recommendations or believes action is not required, then the action plan shall include an explanation and specific reasons.

For agencies under the authority of the governor, the governor may require periodic progress reports from the audited agency until all resolution has occurred.

For agencies under the authority of an elected official other than the governor, the appropriate elected official may require periodic reports of the action taken by the audited agency until all resolution has occurred.

The board may request status reports on specific audits or findings.

NEW SECTION. Sec. 10. A new section is added to chapter 2.56 RCW to read as follows:

The office of the administrator for the courts is encouraged to conduct performance audits of courts under the authority of the supreme court, in conformity with criteria and methods developed by the board for judicial administration that have been approved by the supreme court. In developing criteria and methods for conducting performance audits, the board for judicial administration is encouraged to consider quality improvement programs, audits, and scoring. The judicial branch is encouraged to submit the results of these efforts to the chief justice of the supreme court or his or her designee, and with any other applicable boards or committees established under the authority of the supreme court to oversee government accountability.

NEW SECTION. Sec. 11. A new section is added to chapter 43.09 RCW to read as follows:
Each biennium the legislature shall appropriate such sums as may be necessary, not to exceed an amount equal to two one-hundredths of one percent of the total general fund state appropriation in that biennium's omnibus operating appropriations act for purposes of the performance review, performance audits, and activities of the board authorized by this chapter.

The board and the state auditor shall submit recommended budgets for their responsibilities under sections 2 through 6, 8, and 9 of this act to the auditor, who shall then prepare a consolidated budget request, in the form of request legislation, to assist in determining the funding under subsection (1) of this section.”

MESSAGE FROM THE SENATE

April 15, 2005

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 2212, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 28A.415 RCW to read as follows:
(1) All credits earned in furtherance of degrees earned by certificated staff, that are used to increase earnings on the salary schedule consistent with RCW 28A.415.023, must be obtained from an educational institution accredited by an accrediting association recognized by rule of the state board of education.

(2) The office of the superintendent of public instruction shall verify for school districts the accreditation status of educational institutions granting degrees that are used by certificated staff to increase earnings on the salary schedule consistent with RCW 28A.415.023.

(3) The office of the superintendent of public instruction shall provide school districts with training and additional resources to ensure they can verify that degrees earned by certificated staff, that are used to increase earnings on the salary schedule consistent with RCW 28A.415.023, are obtained from an educational institution accredited by an accrediting association recognized by rule of the state board of education.

(4)(a) No school district may submit degree information before there has been verification of accreditation under subsection (3) of this section.

(b) Certificated staff who submit degrees received from an unaccredited educational institution for the purposes of receiving a salary increase shall be fined three hundred dollars. The fine shall be paid to the office of the superintendent of public instruction and used for costs of administering this section.

(c) In addition to the fine in (b) of this subsection, certificated staff who receive salary increases based upon degrees earned from educational institutions that have been verified to be unaccredited must reimburse the district for any compensation received based on these degrees.

Sec. 2. RCW 28A.410.090 and 2004 c 134 s 2 are each amended to read as follows:

(1) Any certificate or permit authorized under the provisions of this chapter, chapter 28A.405 RCW, or rules promulgated thereunder may be revoked or suspended by the authority authorized to grant the same based upon a criminal records report authorized by law, or upon the complaint of any school district superintendent, educational service district superintendent, or private school administrator for immorality, violation of written contract, unprofessional conduct, intemperance, or crime against the law of the state.

If the superintendent of public instruction has reasonable cause to believe that an alleged violation of this chapter or rules adopted under it has occurred based on a written complaint alleging physical abuse or sexual misconduct by a certificated school employee filed by a parent or another person, but no complaint has been forwarded to the superintendent by a school district superintendent, educational service district superintendent, or private school administrator, and that a school district superintendent, educational service district superintendent, or private school administrator has sufficient notice of the alleged violation and opportunity to file a complaint, the superintendent of public instruction may cause an investigation to be made of the alleged violation, together with such other matters that may be disclosed in the course of the investigation related to certificated personnel.

(2) A parent or another person may file a written complaint with the superintendent of public instruction alleging physical abuse or sexual misconduct by a certificated school employee if:

(a) The parent or other person has already filed a written complaint with the educational service district superintendent concerning that employee;

(b) The educational service district superintendent has not caused an investigation of the allegations and has not forwarded the complaint to the superintendent of public instruction for investigation; and

(c) The written complaint states the grounds and factual basis upon which the parent or other person believes an investigation should be conducted.

(3) Any such certificate or permit authorized under this chapter or chapter 28A.405 RCW shall be revoked by the authority authorized to grant the certificate upon a guilty plea or the conviction of any felony crime involving the physical neglect of a child under chapter 9A.42 RCW, the physical injury or death of a child under chapter 9A.32 or 9A.36 RCW (excepting motor vehicle violations under chapter 46.61 RCW), sexual exploitation of a child under chapter 9.68A RCW, sexual offenses under chapter 9A.44 RCW where a minor is the victim, promoting prostitution of a minor under chapter 9A.88 RCW, the sale or purchase of a minor child under RCW 9A.64.030, or violation of similar laws of another jurisdiction. Mandatory permanent revocation upon a guilty plea or the conviction of felony crimes specified under this subsection shall apply to such convictions or guilty pleas which occur after July 23, 1989. Revocation of any certificate or permit authorized under this chapter or chapter 28A.405 RCW for a guilty plea or criminal conviction occurring prior to July 23, 1989, shall be subject to the provisions of subsection (1) of this section.

(4) Any such certificate or permit authorized under this chapter or chapter 28A.405 RCW shall be suspended or revoked, according to the provisions of this subsection, by the authority authorized to grant the certificate upon a finding that an employee has engaged in an unauthorized use of school equipment to intentionally access material depicting sexually explicit
conduct or has intentionally possessed on school grounds any material depicting sexually explicit conduct; except for material used in conjunction with established curriculum. A first time violation of this subsection shall result in either suspension or revocation of the employee's certificate or permit as determined by the office of the superintendent of public instruction. A second violation shall result in a mandatory revocation of the certificate or permit.

(b) In all cases under this subsection (4), the person whose certificate is in question shall be given an opportunity to be heard and has the right to appeal as established in RCW 28A.410.100. Certificates or permits shall be suspended or revoked under this subsection only if findings are made on or after the effective date of this section. Modifying water right fees.

The bill was read the second time.

SUBSTITUTE HOUSE BILL NO. 2309 was read the second time.

With the consent of the House, amendment (423) was withdrawn.

Representative Linville moved the adoption of amendment (578):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the fees associated with various actions of the department of ecology relating to the processing and administration of water rights are outdated and are insufficient even to recover the cost of handling the funds submitted. The legislature also finds that water right processing fees are currently collected at three different stages of the water rights process and that reducing the number of instances of fee collection to two stages of the process would increase efficiency and reduce administrative costs. The legislature further finds that several current statutory fees are archaic or are otherwise covered by other general statutes, including the state's public disclosure laws. The legislature therefore intends to update and modernize the fee schedule associated with water right-related actions of the department of ecology.

Sec. 2. RCW 90.03.470 and 1993 c 495 s 2 are each amended to read as follows:

(Except as otherwise provided in subsection (15) of this section) The fees specified in this section shall be collected by the department in advance of the requested action.

(1) For the examination of an application for a permit to appropriate water (or on application to change point of diversion, withdrawal, purpose or place of use), a minimum fee of (ten) fifty dollars (to be paid) must be remitted with the application. For (each second foot between one and five hundred second feet, two dollars per second foot; for each second foot between five hundred and two thousand second feet, fifty cents per second foot; and for each second foot in excess thereof, twenty cents per second foot) an amount of water exceeding one-half cubic foot per second, the examination fee shall be assessed at the rate of one dollar per one hundredth cubic foot per second. In no case will the examination fee be less than fifty
dollars or more than twenty-five thousand dollars. No fee is required under this subsection (1) for an application filed by a party to a cost reimbursement agreement made under RCW 90.03.265.

(2) For the examination of an application to store water, a fee of two dollars for each acre foot of storage (up to and including one hundred thousand acre feet, one cent per acre foot, and for each acre foot in excess thereof, one fifth cent per acre foot) proposed shall be charged, but a minimum fee of fifty dollars must be remitted with the application. In no case will the examination fee for a storage project be less than fifty dollars or more than twenty-five thousand dollars. No fee is required under this subsection (2) for an application filed by a party to a cost reimbursement agreement made under RCW 90.03.265.

(3)(a) For the examination of an application to transfer, change, or amend a water right certificate, permit, or claim as authorized by RCW 90.44.100, 90.44.105, or 90.03.380, a minimum fee of fifty dollars must be remitted with the application. For an application for change involving an amount of water exceeding one cubic foot per second, the total examination fee shall be assessed at the rate of fifty cents per one hundredth cubic foot per second. For an application for change of a storage water right, the total examination fee shall be assessed at the rate of one dollar for each acre foot of water involved in the change. The fee shall be based on the amount of water subject to change as proposed in the application, not on the total amount of water reflected in the water right certificate, permit, or claim. In no case will the examination fee charged for a change application be less than fifty dollars or more than twelve thousand five hundred dollars.

(b) The examination fee for a temporary or seasonal change under RCW 90.03.390 is fifty dollars and must be remitted with the application.

(c) No fee is required under this subsection (3) for:
   (i) An application to process a change relating to donation of a trust water right to the state;
   (ii) An application to process a change when the department otherwise acquires a trust water right for purposes of improving instream flows or for other public purposes;
   (iii) An application filed with a water conservancy board according to chapter 90.80 RCW or for the review of a water conservancy board’s record of decision submitted to the department according to chapter 90.80 RCW;
   (iv) An application filed by a party to a cost reimbursement agreement made under RCW 90.03.265.

(d) For a change, transfer, or amendment involving a single project operating under more than one water right, including related secondary diversion rights, or involving the consolidation of multiple water rights, only one examination fee and one certificate fee are required to be paid.

(4) The fifty-dollar minimum fee payable with the application shall be a credit to (that) the total amount whenever the examination fee (for direct diversion or storage) totals more than (ten dollars) fifty dollars under the (above schedule) schedule specified in subsections (1) through (3) of this section and in such case the further fee due shall be the total computed amount, less (ten dollars) the amount previously paid. Within five working days from receipt of an application, the department shall notify the applicant by registered mail of any additional fees due under (the above schedule and any additional fees shall be paid to and received by the department within thirty days from the date of filing the application, or the application shall be rejected) subsections (1) through (3) of this section.

(5) For filing and recording a permit to appropriate water for irrigation purposes, forty cents per acre for each acre to be irrigated up to and including one hundred acres, and twenty cents per acre for each acre in excess of one hundred acres up to and including one thousand acres, and ten cents for each acre in excess of one thousand acres; and also twenty cents for each theoretical horsepower up to and including one thousand horsepower, and four cents for each theoretical horsepower in excess of one thousand horsepower, but in no instance shall the minimum fee for filing and recording a permit to appropriate water be less than five dollars. For all other beneficial purposes the fee shall be twice the amount of the examination fee except that for individual household and domestic use, which may include water for irrigation of a family garden, the fee shall be five dollars.

(6) For filing and recording any other water right instrument, four dollars for the first hundred words and forty cents for each additional hundred words or fraction thereof.

(4) For making a copy of any document recorded or filed in his office, forty cents for each hundred words or fraction thereof, but when the amount exceeds twenty dollars, only the actual cost in excess of that amount shall be charged.

(5) For certifying to copies, documents, records, or maps, two dollars for each certification.

(6) For blueprint copies of a map or drawing, or, for such other work of a similar nature as may be required of the department, at actual cost of the work.

(7) The fees specified in subsections (1) through (3) of this section do not apply to any filings for emergency withdrawal authorizations or temporary drought-related water right changes authorized under RCW 43.83B.410 that are received by the department while a drought condition order issued under RCW 43.83B.405 is in effect.

(8) For (granting) applying for each extension of time for beginning construction work under a permit to appropriate water, (an amount equal to one-half of the filing and recording fee, except that the minimum fee shall be not less than five dollars for each year that an extension is granted, and for granting an extension of time) for completion of construction work, or
for completing application of water to a beneficial use, (five dollars for each year that an extension is granted) a fee of fifty dollars is required. These fees also apply to similar extensions of time requested under a change or transfer authorization.

(7) For the inspection of any hydraulic works to insure safety to life and property, a fee based on the actual cost of the inspection, including the expense incident thereto, is required.

(8) For the examination of plans and specifications as to safety of controlling works for storage of ten acre feet or more of water, a minimum fee of ten dollars, or a fee equal to the actual cost, is required.

(9) For recording an assignment either of a permit to appropriate water or of an application for such a permit, a fee of (five) fifty dollars is required.

(10) For preparing and issuing all water right certificates, (five) a fee of fifty dollars is required.

(11) For filing and recording a formal protest against granting any application, (two) a fee of fifty dollars is required. No fee is required to submit a comment, by mail or otherwise, regarding an application.

(12) For filing an application to amend a water right claim filed under chapter 90.14 RCW, a fee of fifty dollars is required.

(13) An application or request for an action as provided for under this section is incomplete unless accompanied by the fee or the minimum fee. If no fee or an amount less than the minimum fee accompanies an application or other request for an action as provided under this section, the department shall return the application or request to the applicant with advice as to the fee that must be remitted with the application or request for it to be accepted for processing. If additional fees are due, the department shall provide timely notification by certified mail with return receipt requested to (applicants that fees are due) the applicant. No action may be taken by the department until the fee is paid in full. Failure to remit fees within sixty days of the department's notification (shall be) grounds for rejecting the application or request or canceling the permit. Cash shall not be accepted. Fees must be paid by check or money order and are nonrefundable.

(14) For purposes of calculating fees for ground water filings, one cubic foot per second shall be regarded as equivalent to four hundred fifty gallons per minute.

(15) For the period beginning July 1, 1993, and ending June 30, 1994, there is imposed and the department shall collect a one hundred dollar surcharge on all water rights applications or changes filed under this section, and upon all water rights applications or changes pending as of July 1, 1993. This charge shall be in addition to any other fees imposed under this section. Fees collected by the department under this section shall be deposited to the state general fund.

(16) Except for the fees relating to the inspection of hydraulic works and the examination of plans and specifications of controlling works provided for in subsections (7) and (8) of this section, nothing in this section is intended to grant authority to the department to amend the fees in this section by adoption of rules or otherwise.”

MESSAGE FROM THE SENATE
Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1058, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that, despite explicit statements in statute that the consent of a minor child is not required for a parent-initiated admission to inpatient or outpatient mental health treatment, treatment providers consistently refuse to accept a minor aged thirteen or over if the minor does not also consent to treatment. The legislature intends that the parent-initiated treatment provisions, with their accompanying due process provisions for the minor, be made fully available to parents.

NEW SECTION. Sec. 2. A new section is added to chapter 71.34 RCW to read as follows:

A minor child shall have no cause of action against an evaluation and treatment facility, inpatient facility, or provider of outpatient mental health treatment for admitting or accepting the minor in good faith for evaluation or treatment under RCW 71.34.052 or 71.34.054 based solely upon the minor's lack of consent if the minor's parent has consented to the evaluation or treatment.

Sec. 3. RCW 71.34.052 and 1998 c 296 s 17 are each amended to read as follows:

(1) A parent may bring, or authorize the bringing of, his or her minor child to an evaluation and treatment facility or an inpatient facility and request that the professional person examine the minor to determine whether the minor has a mental disorder and is in need of inpatient treatment.

(2) The consent of the minor is not required for admission, evaluation, and treatment if the parent brings the minor to the facility.

(3) An appropriately trained professional person may evaluate whether the minor has a mental disorder. The evaluation shall be completed within twenty-four hours of the time the minor was brought to the facility, unless the professional person determines that the condition of the minor necessitates additional time for evaluation. In no event shall a minor be held longer than seventy-two hours for evaluation. If, in the judgment of the professional person, it is determined it is a medical necessity for the minor to receive inpatient treatment, the minor may be held for treatment. The facility shall limit treatment to that which the professional person determines is medically necessary to stabilize the minor's condition until the evaluation has been completed. Within twenty-four hours of completion of the evaluation, the professional person shall notify the department if the child is held for treatment and of the date of admission.

(4) No provider is obligated to provide treatment to a minor under the provisions of this section except that no provider may refuse to treat a minor under the provisions of this section solely on the basis that the minor has not consented to the treatment. No provider may admit a minor to treatment under this section unless it is medically necessary.

(5) No minor receiving inpatient treatment under this section may be discharged from the facility based solely on his or her request.

(6) Prior to the review conducted under RCW 71.34.025, the professional person shall notify the minor of his or her right to petition superior court for release from the facility.

(7) For the purposes of this section "professional person" does not include a social worker, unless the social worker is certified under RCW 18.19.110 and appropriately trained and qualified by education and experience, as defined by the department in psychiatric social work.

NEW SECTION. Sec. 4. (1) The code reviser shall recodify, as necessary, the following sections of chapter 71.34 RCW in the following order, using the indicated subchapter headings:

All amounts so received by the municipality shall be paid out by it under the terms of such contract within sixty days after the receipt thereof. Whenever any tap or connection is made into any such contracted water or sewer facilities without such payment having first been made, the governing body of the municipality may remove, or cause to be removed, such unauthorized tap or connection and all connecting tile, or pipe located in the facility right of way and dispose of unauthorized material so removed without any liability whatsoever.

(1) Every county, in the operation of a system of sewerage and/or water, shall have full jurisdiction and authority to manage, regulate, and control it. (b) The difference in cost of maintenance, operation, repair and replacement of the various parts of the systems;
(c) The different character of the service and facilities furnished various customers;

(382 or as part of a preemployment drug test) 40, the department shall disqualify the driver from driving a commercial motor vehicle under RCW 46.25.090(7) subject to a hearing as provided in this section. (3) The hearing must be conducted in the county of the person's residence, except that the department may conduct all or part of the hearing by telephone or other electronic means.

Evidence may be presented to demonstrate that the test results are a false positive. For the purpose of a hearing under this section, a copy of ((the)) a positive test result with a declaration by the tester or medical review officer or breath alcohol technician stating the accuracy of the laboratory protocols followed to arrive at the test result is prima facie evidence;

(6) A decision by the department disqualifying a person from driving a commercial motor vehicle is stayed and does not take effect while a formal hearing is pending under this section or during the pendency of a subsequent appeal to superior court so long as there is no conviction for a moving violation or no finding that the person has committed a traffic infraction that is a moving violation and the department receives no further report of a ((confirmed)) verified positive drug test or positive alcohol confirmation test during the pendency of the hearing and appeal. If the disqualification is sustained after the hearing, the person who is disqualified may file a petition in the superior court of the county of his or her residence to review the final order of disqualification by the department in the manner provided in RCW 46.20.334.

(7) The department of licensing may adopt rules specifying further requirements for requesting and conducting a hearing under this section.

MESSAGE FROM THE SENATE

April 15, 2005

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1347, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION, Sec. 1. The legislature has directed the financial literacy public-private partnership to complete certain tasks to support efforts to increase the level of financial literacy in the common schools. In order to promote a greater understanding by students of the consequences of a dishonored check, the legislature intends to extend by one year the date by which the financial literacy public-private partnership must identify strategies to increase the financial literacy of public school students in Washington.

Sec. 2. RCW 28A.300.455 and 2004 c 247 s 3 are each amended to read as follows:

(1) By September 30, 2004, the financial literacy public-private partnership shall adopt a definition of financial literacy to be used in educational efforts.

(2) By June 30, ((2005)) 2006, the financial literacy public-private partnership shall identify strategies to increase the financial literacy of public school students in our state. To the extent funds are available, strategies to be considered by the partnership shall include, but not be limited to:

(a) Identifying and making available to school districts:

(i) Important financial literacy skills and knowledge;

(ii) Ways in which teachers at different grade levels may integrate financial literacy in mathematics, social studies, and other course content areas;

(iii) Instructional materials and programs, including schoolwide programs, that include the important financial literacy skills and knowledge;

(iv) Assessments and other outcome measures that schools and communities may use to determine whether students are financially literate; and

(v) Other strategies for expanding and increasing the quality of financial literacy instruction in public schools, including professional development for teachers;

(b) Developing a structure and set of operating principles for the financial literacy public-private partnership to assist interested school districts in improving the financial literacy of their students by providing such things as financial literacy instructional materials and professional development; and

(c) Providing a report to the governor, the house and senate financial institutions and education committees of the legislature, the superintendent of public instruction, the state board of education, and education stakeholder groups, on the results of work of the financial literacy public-private partnership. A final report shall be submitted to the same parties by June 30, 2007."
NEW SECTION, Sec. 3. (1) If a check as defined in RCW 62A.3-104 is dishonored by nonacceptance or nonpayment and the check is assigned or written to a collection agency as defined in RCW 19.16.100, the collection agency may collect a reasonable handling fee for each instrument. If the collection agency or its agent provides a notice of dishonor in the form provided in section 4 of this act to the drawer and the check amount plus the reasonable handling fee are not paid within thirty-three days after providing the notice of dishonor, then, unless the instrument otherwise provides, the drawer of the instrument is liable for payment of interest at the rate of twelve percent per annum from the date of dishonor, and a cost of collection of forty dollars or the face amount of the check, whichever is less, payable to the collection agency. In addition, in the event of court action on the check and after notice and the expiration of the thirty-three days, the court shall award reasonable attorneys' fees, and three times the face amount of the check or three hundred dollars, whichever is less, as part of the damages payable to the collection agency. This section does not apply to an instrument that is dishonored by reason of a justifiable stop payment order.

(3) Nothing in this section precludes the right to commence action in a court under chapter 12.40 RCW for small claims.

NEW SECTION, Sec. 4. (1) If a check is assigned or written to a collection agency as defined in RCW 19.16.100 and the collection agency or its agent provides a notice of dishonor, the notice of dishonor may be sent by mail to the drawer at the drawer's last known address. The collection agency may, as an alternative to providing a notice in the form described in RCW 62A.3-520, provide a notice in substantially the following form:

MESSAGE FROM THE SENATE

April 8, 2005

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1495, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. It is the intent of the legislature to promote the full success of the centennial accord, which was signed by state and tribal government leaders in 1989. As those leaders declared in the subsequent millennium accord in 1999, this will require "educating the citizens of our state, particularly the youth who are our future leaders, about tribal history, culture, treaty rights, contemporary tribal and state government institutions and relations and the contribution of Indian nations to the state of Washington." The legislature recognizes that this goal has yet to be achieved in most of our state's schools and districts. As a result, Indian students may not find the school curriculum, especially Washington state history curriculum, relevant to their lives or experiences. In addition, many students may remain uninformed about the experiences, contributions, and perspectives of their tribal neighbors, fellow citizens, and classmates. The legislature further finds that the lack of accurate and complete curricula may contribute to the persistent achievement gap between Indian and other students. The legislature finds there is a need to establish collaborative government-to-government relationships between elected school boards and tribal councils to create local and/or regional curricula about tribal history and culture, and to promote dialogue and cultural exchanges that can help tribal leaders and school leaders implement strategies to close the achievement gap.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.345 RCW to read as follows:

(1) Beginning in 2006, and at least once annually through 2010, the Washington state school directors' association is encouraged to convene regional meetings and invite the tribal councils from the region for the purpose of establishing government-to-government relationships and dialogue between tribal councils and school district boards of directors. Participants in these meetings should discuss issues of mutual concern, and should work to:

(a) Identify the extent and nature of the achievement gap and strategies necessary to close it;

(b) Increase mutual awareness and understanding of the importance of accurate, high-quality curriculum materials about the history, culture, and government of local tribes; and

(c) Encourage school boards to identify and adopt curriculum that includes tribal experiences and perspectives, so that Indian students are more engaged and learn more successfully, and so that all students learn about the history, culture, government, and experiences of their Indian peers and neighbors.

(2) By December 1, 2008, and every two years thereafter through 2012, the school directors' association shall report to the education committees of the legislature regarding the progress made in the development of effective government-to-government relations, the narrowing of the achievement gap, and the identification and adoption of curriculum regarding tribal history, culture, and government. The report shall include information about any obstacles encountered, and any strategies under development to overcome them.

Sec. 3. RCW 28A.230.090 and 2004 c 19 s 103 are each amended to read as follows:
(1) The state board of education shall establish high school graduation requirements or equivalencies for students.
   (a) Any course in Washington state history and government used to fulfill high school graduation requirements ((is encouraged to include)) shall consider including information on the culture, history, and government of the American Indian peoples who were the first inhabitants of the state.
   (b) The certificate of academic achievement requirements under RCW 28A.655.061 or the certificate of individual achievement requirements under RCW 28A.155.045 are required for graduation from a public high school but are not the only requirements for graduation.
   (c) Any decision on whether a student has met the state board's high school graduation requirements for a high school and beyond plan shall remain at the local level.

(2) In recognition of the statutory authority of the state board of education to establish and enforce minimum high school graduation requirements, the state board shall periodically reevaluate the graduation requirements and shall report such findings to the legislature in a timely manner as determined by the state board.

(3) Pursuant to any requirement for instruction in languages other than English established by the state board of education or a local school district, or both, for purposes of high school graduation, students who receive instruction in American sign language or one or more American Indian languages shall be considered to have satisfied the state or local school district graduation requirement for instruction in one or more languages other than English.

(4) If requested by the student and his or her family, a student who has completed high school courses before attending high school shall be given high school credit which shall be applied to fulfilling high school graduation requirements if:
   (a) The course was taken with high school students, if the academic level of the course exceeds the requirements for seventh and eighth grade classes, and the student has successfully passed by completing the same course requirements and examinations as the high school students enrolled in the class; or
   (b) The academic level of the course exceeds the requirements for seventh and eighth grade classes and the course would qualify for high school credit, because the course is similar or equivalent to a course offered at a high school in the district as determined by the school district board of directors.

(5) Students who have taken and successfully completed high school courses under the circumstances in subsection (4) of this section shall not be required to take an additional competency examination or perform any other additional assignment to receive credit.

(6) At the college or university level, five quarter or three semester hours equals one high school credit.

NEW SECTION. Sec. 4. A new section is added to chapter 28A.320 RCW to read as follows:
(1) Each school district board of directors is encouraged to incorporate curricula about the history, culture, and government of the nearest federally recognized Indian tribe or tribes, so that students learn about the unique heritage and experience of their closest neighbors. School districts near Washington's borders are encouraged to include federally recognized Indian tribes whose traditional lands and territories included parts of Washington, but who now reside in Oregon, Idaho, and British Columbia. School districts and tribes are encouraged to work together to develop such curricula.

(2) As they conduct regularly scheduled reviews and revisions of their social studies and history curricula, school districts are encouraged to collaborate with any federally recognized Indian tribe within their district, and with neighboring Indian tribes, to incorporate expanded and improved curricular materials about Indian tribes, and to create programs of classroom and community cultural exchanges.

(3) School districts are encouraged to collaborate with the office of the superintendent of public instruction on curricular areas regarding tribal government and history that are statewide in nature, such as the concept of tribal sovereignty and the history of federal policy towards federally recognized Indian tribes. The program of Indian education within the office of the superintendent of public instruction is encouraged to help local school districts identify federally recognized Indian tribes whose reservations are in whole or in part within the boundaries of the district and/or those that are nearest to the school district."

On page 1, line 2 of the title, after "schools;" strike the remainder of the title and insert "amending RCW 28A.230.090; adding a new section to chapter 28A.345 RCW; adding a new section to chapter 28A.320 RCW; and creating a new section."

and the same is herewith transmitted.

Thomas Hoemann, Secretary

There being no objection, the House concurred in the Senate amendment to SUBSTITUTE HOUSE BILL NO. 1495 and advanced the bill as amended by the Senate to final passage.
Representatives Quall and Talcott spoke in favor the passage of the bill.

COLLOQUY

Representative Talcott: "Before European settlers came to Washington State, there were many more tribes than the 29 currently recognized by the Federal government. Is it the prime sponsor's intent that the enactment of this bill will prevent the inclusion of school curriculum about the history and culture of non-federally recognized tribes?"

Representative McCoy: "No, it is not our intent to exclude the treaty tribes. As you correctly point out, there were hundreds of tribes before white settlers came here. Every significant river and body of water shared its name with the tribe that lived on it. The 1855 treaties joined many tribes on a single reservation. For instance my tribe, the Tulalip, is composed of three primary and eight lesser tribes. The Colville reservation includes 14 tribes. Each reservation or federally recognized tribe includes the descendants of many tribes.

At the same time, there were also Indian people who, at the time the treaties were signed, chose not to move to a reservation. For instance, some Duwamish people chose to stay in the Seattle area; some chose to come live on the Tulalip reservation; and others chose to live on the Suquamish reservation.

So it is virtually impossible to teach about the history and culture of federally recognized tribes without teaching about all Indians, including the treaty tribes. And it would be totally disrespectful of Chief Seattle not to include the Duwamish people in what we teach to the children of this state."

The Speaker (Representative Lovick presiding) stated the question before the House to be final passage of Substitute House Bill No. 1495, as amended by the Senate.

ROLL CALL

The Clerk called the roll on the final passage of Substitute House Bill No. 1495, as amended by the Senate, and the bill passed the House by the following vote: Yeas - 79, Nays - 17, Absent - 0, Excused - 2.

Voting nay: Representatives Ahern, Buck, Buri, Crouse, Curtis, Dunn, Hinkle, Holmquist, Kretz, Kristiansen,McCune, McDonald, Orcutt, Pearson, Schindler, Sump and Tom - 17.

Excused: Representatives Chandler and Condotta - 2.

SUBSTITUTE HOUSE BILL NO. 1495, as amended by the Senate, having received the constitutional majority, was declared passed.

NEW SECTION. Sec. 6. ELIGIBLE TYPES OF FINANCING. (1) Subject to the limitations in this section, the department may, in connection with the evaluation of eligible projects, consider any financing mechanisms identified under subsections (3) through (5) of this section or any other lawful source, either integrated as part of a project proposal or as a

(2) As security for the payment of financing described in this section, the revenues from the project may be pledged, but no such pledge of revenues constitutes in any manner or to any extent a general obligation of the state. Any financing described in this section may be structured on a senior, parity, or subordinate basis to any other financing.

(3) For any transportation project developed under this chapter that is owned, leased, used, or operated by the state, as a public facility, if indebtedness is issued, it must be issued by the state treasurer for the transportation project.

(4) For other public projects defined in section 5(2) of this act that are developed in conjunction with a transportation project, financing necessary to develop, construct, or operate the public project must be approved by the state finance committee or by the governing board of a public benefit corporation as provided in the federal Internal Revenue Code section 63-20;

(5) For projects that are developed in conjunction with a transportation project but are not themselves a public facility or public project, any lawful means of financing may be used.

NEW SECTION. Sec. 7. USE OF FEDERAL FUNDS AND SIMILAR SOURCES OF REVENUE. The department may accept from the United States or any of its agencies such funds as are available to this state or to any other unit of government for carrying out the purposes of this chapter, whether the funds are made available by grant, loan, or other financing arrangement. The department may enter into such agreements and other arrangements with the United States or any of its agencies as may be necessary, proper, and convenient for carrying out the purposes of this chapter, subject to section 8 of this act.

NEW SECTION. Sec. 8. OTHER SOURCES OF VALUABLE CONSIDERATION AUTHORIZED. The department may accept from any source any grant, donation, gift, or other form of conveyance of land, money, other real or personal property, or other valuable thing made to the state of Washington, the department, or a local government for carrying out the purposes of this chapter.

Any eligible project may be financed in whole or in part by contribution of any funds or property made by any private entity or public sector partner that is a party to any agreement entered into under this chapter.

NEW SECTION. Sec. 9. REVIEW, EVALUATION, AND SELECTION OF POTENTIAL PROJECTS. (1) Subject to subsection (2) of this section, the commission may:

(c) Direct the department to evaluate projects for inclusion in the transportation innovative partnerships program that are already programmed or identified for traditional development by the state;

(d) Direct the department to evaluate the concepts or proposals received under this section; and

(e) Select potential projects based on the concepts or proposals. The evaluation under this subsection must include consultation with any appropriate unit of government.

(2) Before undertaking any of the activities contained in subsection (1) of this section, the commission must have:

(a) Completed the tolling feasibility study; and

(b) Adopted rules specifying procedures for the proper solicitation, acceptance, review, and evaluation of projects, which procedures must include:

(i) A comparison with the department's internal ability to complete the project that documents the advantages of completing the project as a partnership versus solely as a public venture; and

(ii) Factors such as priority, cost, risk sharing, scheduling, and management conditions.
NEW SECTION. Sec. 10. ADMINISTRATIVE FEE AUTHORIZED. The department may charge a reasonable administrative fee for the evaluation of an unsolicited project proposal. The amount of the fee will be established in rules of the commission.

NEW SECTION. Sec. 11. AUTHORIZATION TO SPEND FUNDS FOR EVALUATION AND NEGOTIATION OF PROPOSALS. The department may spend, out of any funds identified for the purpose, such moneys as may be necessary for the evaluation of concepts or proposals for eligible projects and for negotiating agreements for eligible projects authorized by this chapter. The department may employ engineers, consultants, or other experts the department determines are needed for the purposes of doing the evaluation and negotiation. Expenses incurred by the department under this section before the issuance of transportation project bonds or other financing must be paid by the department and charged to the appropriate project. The department shall keep records and accounts showing each amount so charged.

Unless otherwise provided in the omnibus transportation budget the funds spent by the department under this section in connection with the project must be repaid from the proceeds of the bonds or other financing upon the sale of transportation project bonds or upon obtaining other financing for an eligible project, as allowed by law or contract.

NEW SECTION. Sec. 12. CONSULTATION WITH EXPERTS AUTHORIZED. The commission and department may consult with legal, financial, and other experts inside and outside the public sector in the evaluation, negotiation, and development of projects under this chapter, consistent with RCW 43.10.040 where applicable.

NEW SECTION. Sec. 13. ENVIRONMENTAL, ENGINEERING, AND TECHNICAL STUDIES CONTRACTED. Notwithstanding any other provision of law, and in the absence of any direct federal funding or direction, the department may contract with a private developer of a selected project proposal to conduct environmental impact studies and engineering and technical studies.

NEW SECTION. Sec. 14. TERMS OF PARTNERSHIP AGREEMENTS. (1) The following provisions must be included in any agreement to which the state is a party:
   (a) For any project that proposes terms for stand-alone maintenance or asset management services for a public facility, those services must be provided in a manner consistent with any collective bargaining agreements, the personnel system reform act (chapter 41.80 RCW), and civil service laws that are in effect for the public facility;
   (b) Transportation projects that are selected for development under this chapter must be identified in the Washington transportation plan or be identified by the authority as being a priority need for the state;
   (c) If there is a tolling component to the project, then it must be specified that tolling technology used in the project must be consistent with tolling technology standards adopted by the department for transportation-related projects;
   (d) Provisions for bonding, financial guarantees, deposits, or the posting of other security to secure the payment of laborers, subcontractors, and suppliers who perform work or provide materials as part of the project;
   (e) All projects must be financed in a manner consistent with section 6 of this act.

(2) Agreements between the state and private sector partners entered into under this section must specifically include the following contractual elements:
   (a) The point in the project at which public and private sector partners will enter the project and which partners will assume responsibility for specific project elements;
   (b) How the partners will share management of the risks of the project;
   (c) How the partners will share the costs of development of the project;
   (d) How the partners will allocate financial responsibility for cost overruns;
   (e) The penalties for nonperformance;
   (f) The incentives for performance;
   (g) The accounting and auditing standards to be used to evaluate work on the project;
   (h) For any project that reverts to public ownership, the responsibility for reconstruction or renovations that are required in order for a facility to meet all applicable government standards upon reversion of the facility to the state; and
   (i) Provisions for patrolling and law enforcement on transportation projects that are public facilities.

NEW SECTION. Sec. 15. PUBLIC INVOLVEMENT AND PARTICIPATION PLAN. (1) Before final approval, agreements entered into under this chapter must include a process that provides for public involvement and participation with
respect to the development of the projects. This plan must be submitted along with the proposed agreement, and both must be approved under section 16 of this act before the state may enter a binding agreement.

(2) All workshops, forums, open houses, meetings, public hearings, or similar public gatherings must be administered and attended by representatives of the state and any other public entities that are party to an agreement authorized by this chapter.

NEW SECTION. Sec. 16. PROCESS FOR FINAL APPROVAL AND EXECUTION OF CONTRACTS. (1) Before approving an agreement under subsection (2) of this section, the commission, with the technical assistance of the department, must:

(a) Prepare a financial analysis that fully discloses all project costs, direct and indirect, including costs of any financing;
(b) Publish notice and make available the contents of the agreement, with the exception of patent information, at least twenty days before the public hearing required in (c) of this subsection; and
(c) Hold a public hearing on the proposed agreement, with proper notice provided at least twenty days before the hearing. The public hearing must be held within the boundaries of the county seat of the county containing the project.

(2) The commission must allow at least twenty days from the public hearing on the proposed agreement required under subsection (1)(c) of this section before approving and executing any agreements authorized under this chapter.

NEW SECTION. Sec. 17. UNSOLICITED PROJECT PROPOSALS. Before accepting any unsolicited project proposals, the commission must adopt rules to facilitate the acceptance, review, evaluation, and selection of unsolicited project proposals. These rules must include the following:

(1) Provisions that specify unsolicited proposals must meet predetermined criteria;
(2) Provisions governing procedures for the cessation of negotiations and consideration;
(3) Provisions outlining that unsolicited proposals are subject to a two-step process that begins with concept proposals and would only advance to the second step, which are fully detailed proposals, if the commission so directed;
(4) Provisions that require concept proposals to include at least the following information: Proposers' qualifications and experience; description of the proposed project and impact; proposed project financing; and known public benefits and opposition; and
(5) Provisions that specify the process to be followed if the commission is interested in the concept proposal, which must include provisions:
   (a) Requiring that information regarding the potential project would be published for a period of not less than thirty days, during which time entities could express interest in submitting a proposal;
   (b) Specifying that if letters of interest were received during the thirty days, then an additional sixty days for submission of the fully detailed proposal would be allowed; and
   (c) Procedures for what will happen if there are insufficient proposals submitted or if there are no letters of interest submitted in the appropriate time frame.

The commission may adopt other rules as necessary to avoid conflicts with existing laws, statutes, or contractual obligations of the state.

The commission may not accept or consider any unsolicited proposals before January 1, 2007.

NEW SECTION. Sec. 18. ADVISORY COMMITTEES REQUIRED FOR LARGE PROJECTS. For projects with costs, including financing costs, of three hundred million dollars or greater, advisory committees are required.

(1) The commission must establish an advisory committee to advise with respect to eligible projects. An advisory committee must consist of not fewer than five and not more than nine members, as determined by the public partners. Members must be appointed by the commission, or for projects with joint public sector participation, in a manner agreed to by the commission and any participating unit of government. In making appointments to the committee, the commission shall consider persons or organizations offering a diversity of viewpoints on the project.

(2) An advisory committee shall review concepts or proposals for eligible projects and submit comments to the public sector partners.

(3) An advisory committee shall meet as necessary at times and places fixed by the department, but not less than twice per year. The state shall provide personnel services to assist the advisory committee within the limits of available funds. An advisory committee may adopt rules to govern its proceedings and may select officers.

(4) An advisory committee must be dissolved once the project has been fully constructed and debt issued to pay for the project has been fully retired.
NEW SECTION. Sec. 19. CONFIDENTIAL INFORMATION. A proposer shall identify those portions of a proposal that the proposer considers to be confidential, proprietary information, or trade secrets and provide any justification as to why these materials, upon request, should not be disclosed by the authority. Patent information will be covered until the patent expires. Other information such as originality of design or records of negotiation may only be protected under this section until an agreement is reached. Disclosure must occur before final agreement and execution of the contract. Projects under federal jurisdiction or using federal funds must conform to federal regulations under the Freedom of Information Act.

NEW SECTION. Sec. 20. APPLICATION OF PREVAILING WAGE LAW. If public funds are used to pay any costs of construction of a public facility that is part of an eligible project, chapter 39.12 RCW applies to the entire eligible public works project.

NEW SECTION. Sec. 21. JOINT AGREEMENTS WITH OTHER GOVERNMENTAL ENTITIES. The state may, either separately or in combination with any other public sector partner, enter into working agreements, coordination agreements, or similar implementation agreements, including the formation of bistate transportation organizations, to carry out the joint implementation of a transportation project selected under this chapter. The state may enter into agreements with other units of government or Canadian provinces for transborder transportation projects.

NEW SECTION. Sec. 22. EMINENT DOMAIN. The state may exercise the power of eminent domain to acquire property, rights of way, or other rights in property for projects that are necessary to implement an eligible project developed under this chapter, regardless of whether the property will be owned in fee simple by the state.

PART III
GENERAL PROVISIONS

NEW SECTION. Sec. 23. CREATION OF TRANSPORTATION INNOVATIVE PARTNERSHIP ACCOUNT. (1) The transportation innovative partnership account is established in the custody of the state treasurer separate and distinct from the state general fund. Interest earned by the transportation innovative partnership account must be credited to the account. The account is subject to allotment procedures under chapter 43.88 RCW.

(2) The following moneys must be deposited into the transportation innovative partnership account:
(a) Proceeds from bonds or other financing instruments issued under section 25 of this act;
(b) Revenues received from any transportation project developed under this chapter or developed under the general powers granted to the department; and
(c) Any other moneys that are by donation, grant, contract, law, or other means transferred, allocated, or appropriated to the account.

(3) Moneys in the transportation innovative partnership account may only be expended upon evidence of approval by the Washington state legislature, either upon appropriation of supporting state funds or by other statutory direction.

(4) The state treasurer shall serve as a fiduciary for the purpose of carrying out this chapter and implementing all or portions of any transportation project financed under this chapter.

(5) Moneys in the transportation innovative partnership account that were derived from revenue subject to Article II, section 40 (Amendment 18) of the Washington state Constitution, may be used only for purposes authorized by that provision of the state Constitution.

(6) The state treasurer shall establish separate subaccounts within the transportation innovative partnership account for each transportation project that is initiated under this chapter or under the general powers granted to the department. Except as provided in subsection (5) of this section, the state may pledge moneys in the transportation innovative partnership account to secure revenue bonds or any other debt obligations relating to the project for which the account is established.

NEW SECTION. Sec. 24. USE OF TRANSPORTATION INNOVATIVE PARTNERSHIP ACCOUNT. (1) The state may use moneys in the transportation innovative partnership subaccount to ensure the repayment of loan guarantees or extensions of credit made to or on behalf of private entities engaged in the planning, acquisition, financing, development, design, construction, reconstruction, replacement, improvement, maintenance, preservation, management, repair, or operation of any eligible project that is related to a subaccount established under this chapter.

(2) The lien of a pledge made under this section is subordinate to the lien of a pledge securing bonds payable from moneys in the motor vehicle fund established in RCW 46.68.070, or the transportation innovative partnership account established in section 23 of this act.
NEW SECTION. Sec. 25. AUTHORITY TO ISSUE REVENUE BONDS AND OTHER OBLIGATIONS. (1) In addition to any authority the commission or department has to issue and sell bonds and other similar obligations, this section establishes continuing authority for the issuance and sale of bonds and other similar obligations in a manner consistent with this section. To finance a project in whole or in part, the commission may request that the state treasurer issue revenue bonds on behalf of the public sector partner. The bonds must be secured by a pledge of, and a lien on, and be payable only from moneys in the transportation innovative partnership account established in section 23 of this act, and any other revenues specifically pledged to repayment of the bonds. Such a pledge by the public partner creates a lien that is valid and binding from the time the pledge is made. Revenue bonds issued under this section are not general obligations of the state or local government and are not secured by or payable from any funds or assets of the state other than the moneys and revenues specifically pledged to the repayment of such revenue bonds.

(2) Moneys received from the issuance of revenue bonds or other debt obligations, including any investment earnings thereon, may be spent:
   (a) For the purpose of financing the costs of the project for which the bonds are issued;
   (b) To pay the costs and other administrative expenses of the bonds;
   (c) To pay the costs of credit enhancement or to fund any reserves determined to be necessary or advantageous in connection with the revenue bonds; and
   (d) To reimburse the public sector partners for any costs related to carrying out the projects authorized under this chapter.

PART IV
ALTERNATIVE CONTRACTING AND INNOVATIVE PROJECT MANAGEMENT

NEW SECTION. Sec. 26. STUDY OF ALTERNATIVE CONTRACTING AND PROJECT MANAGEMENT AUTHORITIES. The department shall conduct a study of:
   (1) The contracting powers and project management authorities it currently possesses; those same powers and authorities authorized under this chapter; and those powers and authorities employed by other states or the private sector;
   (2) Methods of encouraging competition for the development of transportation projects; and
   (3) Any additional procedures that may be necessary or desirable for negotiating contracts in situations of a single qualified bidder, in either solicited or unsolicited proposals.

The department must submit its report, along with any recommended legislative changes, to the commission by November 1, 2005, and to the governor and the legislature for consideration in the 2006 legislative session.

PART V
CONSTRUCTION

NEW SECTION. Sec. 27. CONFORMITY WITH FEDERAL LAWS. Notwithstanding any provision of this chapter, applicable federal laws, rules, and regulations govern in any situation that involves federal funds if the federal laws, rules, or regulations:
   (1) Conflict with any provision of this chapter;
   (2) Require procedures that are additional to or different from those provided in this chapter; or
   (3) Require contract provisions not authorized in this chapter. If no federal funds are provided, state laws, rates, and rules will govern.

NEW SECTION. Sec. 28. Captions used in this chapter are not part of the law.

NEW SECTION. Sec. 29. Sections 1 through 28 of this act constitute a new chapter in Title 47 RCW.

NEW SECTION. Sec. 30. A new section is added to chapter 47.04 RCW to read as follows:
The department of transportation may impose and collect latecomer fees on behalf of another entity for infrastructure improvement projects initially funded partially or entirely by private sources. However, there must be an agreement in place between the department of transportation and the entity, before the imposition and collection of any such fees, that specifies (1) the collection process, (2) the maximum amount that may be collected, and (3) the period of time during which the collection may occur."
In line 1 of the title, after "partnerships;" strike the remainder of the title and insert "adding a new section to chapter 47.04 RCW; and adding a new chapter to Title 47 RCW."

MESSAGE FROM THE SENATE

April 15, 2005

Mr. Speaker:
The Senate has passed HOUSE BILL NO. 1771, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 28A.235.160 and 2004 c 54 s 2 are each amended to read as follows:

(1) For the purposes of this section:
(a) "Free or reduced-price lunch" means a lunch served by a school district participating in the national school lunch program to a student qualifying for national school lunch program benefits based on family size-income criteria.
(b) "School lunch program" means a meal program meeting the requirements defined by the superintendent of public instruction under subsection (((4))) (2)(b) of this section.
(c) "School breakfast program" means a program meeting federal requirements defined in 42 U.S.C. Sec. 1773.
(d) "Severe-need school" means a school that qualifies for a severe-need school reimbursement rate from federal funds for school breakfasts served to children from low-income families.
(e) "Summer food service program" means a meal or snack program meeting the requirements defined by the superintendent of public instruction under subsection (((4))) (4) of this section.

(2) School districts shall implement a school lunch program in each public school in the district in which educational services are provided to children in any of the grades kindergarten through four and in which twenty-five percent or more of the enrolled students qualify for a free or reduced-price lunch. In developing and implementing its school lunch program, each school district may consult with an advisory committee including school staff, community members, and others appointed by the board of directors of the district.

(((4))) (a) Applications to determine free or reduced-price lunch eligibility shall be distributed and collected for all households of children in schools containing any of the grades kindergarten through four and in which there are no United States department of agriculture child nutrition programs. The applications that are collected must be reviewed to determine eligibility for free or reduced-price lunches. Nothing in this section shall be construed to require completion or submission of the application by a parent or guardian.

(((4))) (b) Using the most current available school data on free and reduced-price lunch eligibility, the superintendent of public instruction shall adopt a schedule for implementation of school lunch programs at each school required to offer such a program under subsection (2) of this section as follows:

(((4))) (i) Schools not offering a school lunch program and in which twenty-five percent or more of the enrolled students are eligible for free or reduced-price lunch shall implement a school lunch program not later than the second day of school in the 2005-06 school year and in each school year thereafter.

(((4))) (ii) The superintendent shall establish minimum standards defining the lunch meals to be served, and such standards must be sufficient to qualify the meals for any available federal reimbursement.

(((4))) (iii) Nothing in this section shall be interpreted to prevent a school from implementing a school lunch program earlier than the school is required to do so.

(((4))) (3) To extent funds are appropriated for this purpose, each school district shall implement a school breakfast program in each school where more than forty percent of students eligible to participate in the school lunch program qualify for free or reduced-price meal reimbursement by the school year 2005-06. For the second year before the implementation of the district’s school breakfast program, and for each subsequent school year, each school district shall submit data enabling the superintendent of public instruction to determine which schools within the district will qualify for this requirement. Schools where lunch programs start after the 2003-04 school year, where forty percent of students qualify for free or reduced-price meals, must begin school breakfast programs the second year following the start of a lunch program.

(4) Each school district shall implement a summer food service program in each public school in the district in which a summer program of academic, enrichment, or remedial services is provided and in which fifty percent or more of the children enrolled in the school qualify for free or reduced-price lunch. However, the superintendent of public instruction shall develop rules establishing criteria to permit an exemption for a school that can demonstrate availability of an adequate alternative summer feeding program. Sites providing meals should be open to all children in the area, unless a compelling case can be made to limit access to the program. The superintendent of public instruction shall adopt a definition of compelling case and a schedule for implementation as follows:

(a) Beginning the summer of 2005 if the school currently offers a school breakfast or lunch program; or
(b) Beginning the summer following the school year during which a school implements a school lunch program under subsection (((4))) (2)(b) of this section.

(((4))) (5) Schools not offering a breakfast or lunch program may meet the meal service requirements of subsections (2)(b) and (4) (((and (5)))) of this section through any of the following:

(5)
(a) Preparing the meals on-site;
(b) Receiving the meals from another school that participates in a United States department of agriculture child nutrition program; or
(c) Contracting with a nonschool entity that is a licensed food service establishment under RCW 69.07.010.

((§ 6)) (6) Requirements that school districts have a school lunch, breakfast, or summer nutrition program under this section shall not create or imply any state funding obligation for these costs. The legislature does not intend to include these programs within the state's obligation for basic education funding under Article IX of the state Constitution.

((§ 7)) (7) The requirements in this section shall lapse if the federal reimbursement for any school breakfasts, lunches, or summer food service programs is eliminated.

((§ 8)) (8) School districts may be exempted from the requirements of this section by showing good cause why they cannot comply with the office of the superintendent of public instruction to the extent that such exemption is not in conflict with federal or state law. The process and criteria by which school districts are exempted shall be developed by the office of the superintendent of public instruction in consultation with representatives of school directors, school food service, community-based organizations, and the Washington state PTA.

Sec. 2. 2004 c 54 s 1 (uncodified) is amended to read as follows:

The legislature recognizes that hunger and food insecurity are serious problems in the state. Since the United States department of agriculture began to collect data on hunger and food insecurity in 1995, Washington has been ranked each year within the top (five) ten states with the highest levels of hunger. A significant number of these households classified as hungry are families with children.

The legislature recognizes the correlation between adequate nutrition and a child's development and school performance. This problem can be greatly diminished through improved access to federal nutrition programs.

The legislature also recognizes that improved access to federal nutrition and assistance programs, such as the federal food stamp program and child nutrition programs, can be a critical factor in enabling recipients to gain the ability to support themselves and their families. This is an important step towards self-sufficiency and decreased long-term reliance on governmental assistance and will serve to strengthen families in this state."

On page 1, line 1 of the title, after "programs;" strike the remainder of the title and insert "amending RCW 28A.235.160; and amending 2004 c 54 s 1 (uncodified)."

and the same is herewith transmitted.

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2081, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that Hood Canal is a precious aquatic resource of our state. The legislature finds that Hood Canal is a rich source of recreation, fishing, aquaculture, and aesthetic enjoyment for the citizens of this state. The legislature also finds that Hood Canal has great cultural significance for the tribes in the Hood Canal area. The legislature therefore recognizes Hood Canal's substantial environmental, cultural, economic, recreational, and aesthetic importance in this state.

(2) The legislature finds that Hood Canal is a marine water of the state at significant risk. The legislature finds that Hood Canal has a "dead zone" related to low-dissolved oxygen concentrations, a condition that has recurred for many years. The legislature also finds that this problem and various contributors to the problem were documented in the May 2004 Preliminary Assessment and Corrective Action Plan published by the state Puget Sound action team and the Hood Canal coordinating council.

(3) The legislature further finds that significant research, monitoring, and study efforts are currently occurring regarding Hood Canal's low-dissolved oxygen concentrations. The legislature also finds numerous public, private, and community organizations are working to provide public education and identify potential solutions. The legislature recognizes that, while some information and research is now available and some potential solutions have been identified, more research and analysis is needed to fully develop a program to address Hood Canal's low-dissolved oxygen concentrations.

(4) The legislature finds a need exists for the state to take action to address Hood Canal's low-dissolved oxygen concentrations. The legislature also finds establishing an aquatic rehabilitation zone for Hood Canal will serve as a statutory framework for future regulations and programs directed at recovery of this important aquatic resource.

(5) The legislature therefore intends to establish an aquatic rehabilitation zone for Hood Canal as the framework to address Hood Canal's low-dissolved oxygen concentrations. The legislature also intends to incorporate provisions in the new statutory chapter creating the designation as solutions are identified regarding this problem.

NEW SECTION. Sec. 2. (1) Aquatic rehabilitation zones may be designated by the legislature for areas whose surrounding marine water bodies pose serious environmental or public health concerns.

(2) Aquatic rehabilitation zone one is established. Aquatic rehabilitation zone one includes all watersheds that drain to Hood Canal south of a line projected from Tala Point in Jefferson county to Foulweather Bluff in Kitsap county.

NEW SECTION. Sec. 3. This chapter does not apply to forest practices regulated under chapter 76.09 RCW.
NEW SECTION. Sec. 4. This chapter does not alter, diminish, or expand the jurisdictional authorities in other statutes or affect the application of other statutory requirements or programs that do not specifically refer to aquatic rehabilitation zones.

NEW SECTION. Sec. 5. Sections 1 through 4 of this act constitute a new chapter in Title 90 RCW.

NEW SECTION. Sec. 6. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

On page 1, line 2 of the title, after "programs;" strike the remainder of the title and insert "adding a new chapter to Title 90 RCW; and declaring an emergency."

and the same is herewith transmitted.

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2097, with the following amendment:
Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that Hood Canal is a precious aquatic resource of our state. The legislature finds that Hood Canal is a rich source of recreation, fishing, aquaculture, and aesthetic enjoyment for the citizens of this state. The legislature also finds that Hood Canal has great cultural significance for the tribes in the Hood Canal area. The legislature therefore recognizes Hood Canal's substantial environmental, cultural, economic, recreational, and aesthetic importance to Washington.

(2) The legislature finds that Hood Canal is a marine water of the state at significant risk. The legislature finds that Hood Canal has a "dead zone" related to low-dissolved oxygen concentrations, a condition that has recurred for many years. The legislature also finds this problem and various contributors to the problem were documented in the May 2004 Preliminary Assessment and Corrective Action Plan published by the state Puget Sound action team and the Hood Canal coordinating council.

(3) The legislature further finds that significant research, monitoring, and study efforts are currently occurring regarding Hood Canal's low-dissolved oxygen concentrations. The legislature recognizes that federal, state, tribal, and local governments and other organizations and entities are coordinating research, monitoring, and modeling efforts through the Hood Canal low-dissolved oxygen program. The legislature also recognizes that these entities and others are continuing individual efforts to study and identify potential solutions for Hood Canal's low-dissolved oxygen concentrations. The legislature also recognizes numerous public, private, and community organizations are working to provide public education regarding Hood Canal's low-dissolved oxygen concentrations. The legislature recognizes and encourages the continuation of these efforts.

(4) The legislature finds a need exists for the state to provide additional resources to address Hood Canal's low-dissolved oxygen concentrations. The legislature also finds a need exists to designate the state and local entities to develop, coordinate, and administer a Hood Canal rehabilitation program and funding.

NEW SECTION. Sec. 2. (1) The development of a program for rehabilitation of Hood Canal is authorized in Jefferson, Kitsap, and Mason counties within the aquatic rehabilitation zone one.

(2) The Puget Sound action team is designated as the state lead agency for the rehabilitation program authorized in this section.

(3) The Hood Canal coordinating council is designated as the local management board for the rehabilitation program authorized in this section.

(4) The Puget Sound action team and the Hood Canal coordinating council must each approve and must comanage projects under the rehabilitation program authorized in this section.

NEW SECTION. Sec. 3. (1) The Hood Canal coordinating council shall serve as the local management board for aquatic rehabilitation zone one. (a) Serve as the lead entity and the regional recovery organization for the purposes of chapter 77.85 RCW for Hood Canal summer chum; and

(b) Assist in coordinating activities under chapter 90.82 RCW.

(2) When developing and implementing the program authorized in section 2 of this act and when establishing funding criteria according to subsection (7) of this section, the Puget Sound action team and the local management board shall solicit participation by federal, tribal, state, and local agencies and universities and nonprofit organizations with expertise in areas related to program activities. The local management board may include state and federal agency representatives, or additional persons, as nonvoting management board members or may receive technical assistance and advice from them in other venues. The local management board also may appoint technical advisory committees as needed.

(4) The local management board and its participating local and tribal governments shall assess concepts for a regional governance structure and shall submit a report regarding the findings and recommendations to the appropriate committees of the legislature by December 1, 2007.

(5) Any of the local management board's participating counties and tribes, any federal, tribal, state, or local agencies, or any universities or nonprofit organizations may continue individual efforts and activities for rehabilitation of Hood Canal. Nothing in this section limits the authority of units of local government to enter into interlocal agreements under chapter 39.34 RCW or any other provision of law.

(6) The local management board may not exercise authority over land or water within the individual counties or otherwise preempt the authority of any units of local government.
(7) The local management board and the Puget Sound action team each may receive and disburse funding for projects, studies, and activities related to Hood Canal's low-dissolved oxygen concentrations. The Puget Sound action team and the local management board shall jointly coordinate a process to prioritize projects, studies, and activities for which the Puget Sound action team receives state funding specifically allocated for Hood Canal corrective actions to implement this section. The local management board and the Puget Sound action team shall establish criteria for funding these projects, studies, and activities based upon their likely value in addressing and resolving Hood Canal's low-dissolved oxygen concentrations. Final approval for projects under this section requires the consent of both the Puget Sound action team and the local management board. Projects under this section must be comanaged by the Puget Sound action team and the local management board. Nothing in this section prohibits any federal, tribal, state, or local agencies, universities, or nonprofit organizations from receiving funding for specific projects that may assist in the rehabilitation of Hood Canal.

(8) The local management board may hire and fire staff, including an executive director, enter into contracts, accept grants and other moneys, disburse funds, make recommendations to local governments about potential regulations and the development of programs and incentives upon request, pay all necessary expenses, and choose a fiduciary agent.

(9) The local management board shall report its progress on a quarterly basis to the legislative bodies of the participating counties and tribes and the participating state agencies. The local management board also shall submit an annual report describing its efforts and successes in implementing the program established according to section 2 of this act to the appropriate committees of the legislature.

(8) Seek advice from the public and interested parties regarding the work of the board.

(9) For purposes of statewide accountability, the board shall:

(a) Adopt and revise performance improvement goals in reading, writing, science, and mathematics, by subject and grade level, once assessments in these subjects are required statewide; academic and technical skills, as appropriate, in secondary career and technical education programs; and student attendance, as the board deems appropriate to improve student learning. The goals shall be consistent with student privacy protection provisions of RCW 28A.655.090(7) and shall not conflict with requirements contained in Title I of the federal elementary and secondary education act of 1965, or the requirements of the Carl D. Perkins vocational education act of 1998, each as amended. The goals may be established for all students, economically disadvantaged students, limited English proficient students, students with disabilities, and students from disproportionately academically underachieving racial and ethnic backgrounds. The board may establish school and school district goals addressing high school graduation rates and dropout reduction goals for students in grades seven through twelve. The board shall adopt the goals by rule. However, before each goal is implemented, the board shall present the goal to the education committees of the house of representatives and the senate for the committees' review and comment in a time frame that will permit the legislature to take statutory action on the goal if such action is deemed warranted by the legislature;

(b) Identify the scores students must achieve in order to meet the standard on the Washington assessment of student learning and, for high school students, to obtain a certificate of academic achievement. The board shall also determine student scores that identify levels of student performance below and beyond the standard. The board shall consider the incorporation of the standard error of measurement into the decision regarding the award of the certificates. The board shall set such performance standards and levels in consultation with the superintendent of public instruction and after consideration of any recommendations that may be developed by any advisory committees that may be established for this purpose. The initial performance standards and any changes recommended by the board in the performance standards for the tenth grade assessment shall be presented to the education committees of the house of representatives and the senate by November 30th of the school year in which the changes will take place to permit the legislature to take statutory action before the changes are implemented if such action is deemed

(c) Adopt objective, systematic criteria to identify successful schools and school districts and recommend to the superintendent of public instruction schools and districts to be recognized for two types of accomplishments, student achievement and improvements in student achievement. Recognition for improvements in student achievement shall include consideration of one or more of the following accomplishments:

(1) An increase in the percent of students meeting standards. The level of achievement required for recognition may be based on the achievement goals established by the legislature and by the board under (a) of this subsection;

(2) Positive progress on an improvement index that measures improvement in all levels of the assessment; and

(3) Improvements despite challenges such as high levels of mobility, poverty, English as a second language learners, and large numbers of students in special populations as measured by either the percent of students meeting the standard, or the improvement index. When determining the baseline year or years for recognizing individual schools, the board may use the assessment results from the initial years the assessments were administered, if doing so with individual schools would be appropriate;

(d) Adopt objective, systematic criteria to identify schools and school districts in need of assistance and those in which significant numbers of students persistently fail to meet state standards. In its deliberations, the board shall consider the use of all statewide mandated criterion-referenced and norm-referenced standardized tests;

(e) Identify schools and school districts in which state intervention measures will be needed and a range of appropriate intervention strategies after the legislature has authorized a set of intervention strategies. After the legislature has authorized a set of intervention strategies, at the request of the board, the superintendent shall intervene in the school or school district and take corrective actions. This chapter does not provide additional authority for the board or the superintendent of public instruction to intervene in a school or school district;

(f) Identify performance incentive systems that have improved or have the potential to improve student achievement;

(g) Annually review the assessment reporting system to ensure fairness, accuracy, timeliness, and equity of opportunity, especially with regard to schools with special circumstances and unique populations of students, and a recommendation to the superintendent of public instruction of any improvements needed to the system;

(h) Include in the biennial report required under section 103 of this act, information on the progress that has been made in achieving goals adopted by the board.

((11)) (11) Make rules and regulations governing the establishment in any existing nonhigh school district of any secondary program or any new grades in grades nine through twelve. Before any such program or any new grades are established the district must obtain prior approval of the state board.

((12)) (12) Prepare such outline of study for the common schools as the board shall deem necessary, and in conformance with legislative requirements, and prescribe such rules for the general government of the common schools, as shall seek to secure regularity of attendance, prevent truancy, secure efficiency, and promote the true interest of the common schools.

Copies of this report shall be provided to the superintendent of public instruction (and to the academic achievement and accountability commission).

Grade level content expectations shall be articulated over the grades as a sequence of expectations and performances that are logical, build with increasing depth after foundational knowledge and skills are acquired, and reflect, where appropriate, the sequential nature of the discipline. The office of the superintendent of public instruction, within seven working days, shall post on its website any grade level content expectations provided to an assessment vendor for use in constructing the Washington assessment of student learning.

(3) In consultation with the (academic achievement and accountability commission) state board of education, the superintendent of public instruction shall maintain and continue to develop and revise a statewide academic assessment system in the content areas of reading, writing, mathematics, and science for use in the elementary, middle, and high school years designed

School districts shall administer the assessments under guidelines adopted by the superintendent of public instruction. The academic assessment system shall include a variety of assessment methods, including criterion-referenced and performance-based measures.

(4) If the superintendent proposes any modification to the essential academic learning requirements or the statewide assessments, then the superintendent shall, upon request, provide opportunities for the education committees of the house of representatives and the senate to review the assessments and proposed modifications to the essential academic learning requirements before the modifications are adopted.

(5)(a) The assessment system shall be designed so that the results under the assessment system are used by educators as tools to evaluate instructional practices, and to initiate appropriate educational support for students who have not mastered the essential academic learning requirements at the appropriate periods in the student's educational development.

(b) Assessments measuring the essential academic learning requirements in the content area of science shall be available for mandatory use in middle schools and high schools by the 2003-04 school year and for mandatory use in elementary schools by the 2004-05 school year unless the legislature takes action to delay or prevent implementation of the assessment.

(6) By September 2007, the results for reading and mathematics shall be reported in a format that will allow parents and teachers to determine the academic gain a student has acquired in those content areas from one school year to the next.

(7) To assist parents and teachers in their efforts to provide educational support to individual students, the superintendent of public instruction shall provide as much individual student performance information as possible within the constraints of the assessment system's item bank. The superintendent shall also provide to school districts:

(a) Information on classroom-based and other assessments that may provide additional achievement information for individual students; and

(b) A collection of diagnostic tools that educators may use to evaluate the academic status of individual students. The tools shall be designed to be inexpensive, easily administered, and quickly and easily scored, with results provided in a format that may be easily shared with parents and students.

Sec. 216. RCW 28A.405.210 and 1996 c 201 s 1 are each amended to read as follows:

No teacher, principal, supervisor, superintendent, or other certificated employee, holding a position as such with a school district, hereinafter referred to as "employee", shall be employed except by written order of a majority of the directors of the district at a regular or special meeting thereof, nor unless he or she is the holder of an effective teacher's certificate or other certificate required by law or the (((state board of education)) Washington professional educator standards board for the position for which the employee is employed.

The board shall make with each employee employed by it a written contract, which shall be in conformity with the laws of this state, and except as otherwise provided by law, limited to a term of not more than one year. Every such contract shall be
made in duplicate, one copy to be retained by the school district superintendent or secretary and one copy to be delivered to the employee. No contract shall be offered by any board for the employment of any employee who has previously signed an employment contract for that same term in another school district of the state of Washington unless such employee shall have been released from his or her obligations under such previous contract by the board of directors of the school district to which he or she was obligated. Any contract signed in violation of this provision shall be void.

In the event it is determined that there is probable cause or causes that the employment contract of an employee should not be renewed by the district for the next ensuing term such employee shall be notified in writing on or before May 15th preceding the commencement of such term of that determination, or if the omnibus appropriations act has not passed the legislature by May 15th, then notification shall be no later than June 1st, which notification shall specify the cause or causes for nonrenewal of contract. Such determination of probable cause for certificated employees, other than the superintendent, shall be made by the superintendent. Every such employee so notified, at his or her request made in writing and filed with the president, chair or secretary of the board of directors of the district within ten days after receiving such notice, shall be granted opportunity for hearing pursuant to RCW 28A.405.310 to determine whether there is sufficient cause or causes for nonrenewal of contract: PROVIDED, That any employee receiving notice of nonrenewal of contract due to an enrollment decline or loss of revenue may, in his or her request for a hearing, stipulate that initiation of the arrangements for a hearing officer as provided for by RCW 28A.405.310(4) shall occur within ten days following July 15 rather than the day that the employee submits the request for a hearing. If any such notification or opportunity for hearing is not timely given, the employee entitled thereto shall be conclusively presumed to have been reemployed by the district for the next ensuing term upon contractual terms identical with those which would have prevailed if his or her employment had actually been renewed by the board of directors for such ensuing term.

This section shall not be applicable to "provisional employees" as so designated in RCW 28A.405.220; transfer to a subordinate certificated position as that procedure is set forth in RCW 28A.405.230 shall not be construed as a nonrenewal of contract for the purposes of this section.

Sec. 217. RCW 28B.10.140 and 2004 c 60 s 1 are each amended to read as follows:

The University of Washington, Washington State University, Central Washington University, Eastern Washington University, Western Washington University, and The Evergreen State College are each authorized to train teachers and other personnel for whom teaching certificates or special credentials prescribed by the ((state board of education)) Washington professional educator standards board are required, for any grade, level, department, or position of the public schools of the state.

Sec. 218. RCW 18.118.010 and 1990 c 33 s 553 are each amended to read as follows:

(1) The purpose of this chapter is to establish guidelines for the regulation of the real estate profession and other business professions which may seek legislation to substantially increase their scope of practice or the level of regulation of the profession, and for the regulation of business professions not licensed or regulated on July 26, 1987: PROVIDED, That the provisions of this chapter are not intended and shall not be construed to: (a) Apply to any regulatory entity created prior to July 26, 1987, except as provided in this chapter; (b) affect the powers and responsibilities of the superintendent of public instruction or ((state board of education)) Washington professional educator standards board under RCW ((28A.305.130)) 28A.410.210 and 28A.410.010; (c) apply to or interfere in any way with the practice of religion or to any kind of treatment by prayer; (d) apply to any remedial or technical amendments to any statutes which licensed or regulated activity before July 26, 1987; and (e) apply to proposals relating solely to continuing education. The legislature believes that all individuals should be permitted to enter into a business profession unless there is an overwhelming need for the state to protect the interests of the public by restricting entry into the profession. Where such a need is identified, the regulation adopted by the state should be set at the least restrictive level consistent with the public interest to be protected.

(2) It is the intent of this chapter that no regulation shall be imposed upon any business profession except for the exclusive purpose of protecting the public interest. All bills introduced in the legislature to regulate a business profession for the first time should be reviewed according to the following criteria. A business profession should be regulated by the state only when:

(a) Unregulated practice can clearly harm or endanger the health, safety, or welfare of the public, and the potential for the harm is easily recognizable and not remote or dependent upon tenuous argument;

(b) The public needs and can reasonably be expected to benefit from an assurance of initial and continuing professional ability; and

(c) The public cannot be effectively protected by other means in a more cost-beneficial manner.
(3) After evaluating the criteria in subsection (2) of this section and considering governmental and societal costs and benefits, if the legislature finds that it is necessary to regulate a business profession not previously regulated by law, the least restrictive alternative method of regulation should be implemented, consistent with the public interest and this section:

(a) Where existing common law and statutory civil actions and criminal prohibitions are not sufficient to eradicate existing harm, the regulation should provide for stricter civil actions and criminal prosecutions;

(b) Where a service is being performed for individuals involving a hazard to the public health, safety, or welfare, the regulation should impose inspection requirements and enable an appropriate state agency to enforce violations by injunctive relief in court, including, but not limited to, regulation of the business activity providing the service rather than the employees of the business;

(c) Where the threat to the public health, safety, or economic well-being is relatively small as a result of the operation of the business profession, the regulation should implement a system of registration;

(d) Where the consumer may have a substantial basis for relying on the services of a practitioner, the regulation should implement a system of certification; or

(e) Where apparent that adequate regulation cannot be achieved by means other than licensing, the regulation should implement a system of licensing.

Sec. 219. RCW 18.120.010 and 1990 c 33 s 554 are each amended to read as follows:

(1) The purpose of this chapter is to establish guidelines for the regulation of health professions not licensed or regulated prior to July 24, 1983, and those licensed or regulated health professions which seek to substantially increase their scope of practice: PROVIDED, That the provisions of this chapter are not intended and shall not be construed to: (a) Apply to any regulatory entity created prior to July 24, 1983, except as provided in this chapter; (b) affect the powers and responsibilities of the superintendent of public instruction or ((state board of education)) Washington professional educator standards board under RCW ((28A.305.130)) 28A.410.210 and 28A.410.010; (c) apply to or interfere in any way with the practice of religion or to any kind of treatment by prayer; and (d) apply to any remedial or technical amendments to any statutes which licensed or regulated activity before July 24, 1983. The legislature believes that all individuals should be permitted to enter into a health profession unless there is an overwhelming need for the state to protect the interests of the public by restricting entry into the profession. Where such a need is identified, the regulation adopted by the state should be set at the least restrictive level consistent with the public interest to be protected.

(2) It is the intent of this chapter that no regulation shall, after July 24, 1983, be imposed upon any health profession except for the exclusive purpose of protecting the public interest. All bills introduced in the legislature to regulate a health profession for the first time should be reviewed according to the following criteria. A health profession should be regulated by the state only when:

(a) Unregulated practice can clearly harm or endanger the health, safety, or welfare of the public, and the potential for the harm is easily recognizable and not remote or dependent upon tenuous argument;

(b) The public needs and can reasonably be expected to benefit from an assurance of initial and continuing professional ability; and

(c) The public cannot be effectively protected by other means in a more cost-beneficial manner.

(3) After evaluating the criteria in subsection (2) of this section and considering governmental and societal costs and benefits, if the legislature finds that it is necessary to regulate a health profession not previously regulated by law, the least restrictive alternative method of regulation should be implemented, consistent with the public interest and this section:

(a) Where existing common law and statutory civil actions and criminal prohibitions are not sufficient to eradicate existing harm, the regulation should provide for stricter civil actions and criminal prosecutions;

(b) Where a service is being performed for individuals involving a hazard to the public health, safety, or welfare, the regulation should impose inspection requirements and enable an appropriate state agency to enforce violations by injunctive relief in court, including, but not limited to, regulation of the business activity providing the service rather than the employees of the business;

(c) Where the threat to the public health, safety, or economic well-being is relatively small as a result of the operation of the health profession, the regulation should implement a system of registration;

(d) Where the consumer may have a substantial basis for relying on the services of a practitioner, the regulation should implement a system of certification; or

(e) Where apparent that adequate regulation cannot be achieved by means other than licensing, the regulation should implement a system of licensing.

Sec. 220. RCW 28A.410.032 and 1996 c 135 s 4 are each amended to read as follows:
Teachers of visually impaired students shall be qualified according to rules adopted by the professional educator standards board.

Representative Green

Strike everything after the enacting clause and insert the following:

PART I
GENERAL PROVISIONS

NEW SECTION. Sec. 101. The legislature finds that persons with mental disorders, chemical dependency disorders, or co-occurring mental and substance abuse disorders are disproportionately more likely to be confined in a correctional institution, become homeless, become involved with child protective services or involved in a dependency proceeding, or lose those state and federal benefits to which they may be entitled as a result of their disorders. The legislature finds that prior state policy of addressing mental health and chemical dependency in isolation from each other has not been cost-effective and has often resulted in longer-term, more costly treatment that may be less effective over time. The legislature finds that a substantial number of persons have co-occurring mental and substance abuse disorders and that identification and integrated treatment of co-occurring disorders is critical to successful outcomes and recovery. Consequently, the legislature intends, to the extent of available funding, to:

(1) Establish a process for determining which persons with mental disorders and substance abuse disorders have co-occurring disorders;
(2) Reduce the gap between available chemical dependency treatment and the documented need for treatment;
(3) Improve treatment outcomes by shifting treatment, where possible, to evidence-based, research-based, and consensus-based treatment practices and by removing barriers to the use of those practices;
(4) Expand the authority for and use of therapeutic courts including drug courts, mental health courts, and therapeutic courts for dependency proceedings;
(5) Improve access to treatment for persons who are not enrolled in medicaid by improving and creating consistency in the application processes, and by minimizing the numbers of eligible confined persons who leave confinement without medical assistance;
(6) Improve access to inpatient treatment by creating expanded services facilities for persons needing intensive treatment in a secure setting who do not need inpatient care, but are unable to access treatment under current licensing restrictions in other settings;
(7) Establish secure detoxification centers for persons involuntarily detained as gravely disabled or presenting a likelihood of serious harm due to chemical dependency and authorize combined crisis responders for both mental disorders and chemical dependency disorders on a pilot basis and study the outcomes;
(8) Slow or stop the loss of inpatient and intensive residential beds and children's long-term inpatient placements and refine the balance of state hospital and community inpatient and residential beds;

(9) Improve cross-system collaboration including collaboration with first responders and hospital emergency rooms, schools, primary care, developmental disabilities, law enforcement and corrections, and federally funded and licensed programs;

(10) Following the receipt of outcomes from the pilot programs in Part II of this act, if directed by future legislative enactment, implement a single, comprehensive, involuntary treatment act with a unified set of standards, rights, obligations, and procedures for adults and children with mental disorders, chemical dependency disorders, and co-occurring disorders; and

(11) Amend existing state law to address organizational and structural barriers to effective use of state funds for treating persons with mental and substance abuse disorders, minimize internal inconsistencies, clarify policy and requirements, and maximize the opportunity for effective and cost-effective outcomes.

NEW SECTION. Sec. 102. (1) The department of social and health services shall explore and report to the appropriate committees of the legislature by December 1, 2005, on the feasibility, costs, benefits, and time frame to access federal medicaid funds for mental health and substance abuse treatment under the following provisions:

(a) The optional clinic provisions;

(b) Children's mental health treatment or co-occurring disorders treatment under the early periodic screening, diagnosis, and treatment provisions.

(2) The department shall provide the appropriate committees of the legislature with a clear and concise explanation of the reasons for reducing state hospital capacity and the differences in costs and benefits of treatment in state and community hospital treatment.

(3) The department may not reduce the capacity of either state hospital until at least an equal number of skilled nursing, residential, expanded services facility, or supported housing placements are available in the community to the persons displaced by the capacity reduction.

NEW SECTION. Sec. 203. (1) The secretary, after consulting with the Washington state association of counties, shall select and contract with regional support networks or counties to provide two integrated crisis response and involuntary treatment pilot programs for adults and shall allocate resources for both integrated services and secure detoxification services in the pilot areas. In selecting the two regional support networks or counties, the secretary shall endeavor to site one in an urban and one in a rural regional support network or county; and to site them in counties other than those selected pursuant to section 220 of this act, to the extent necessary to facilitate evaluation of pilot project results.

(2) The regional support networks or counties shall implement the pilot programs by providing integrated crisis response and involuntary treatment to persons with a chemical dependency, a mental disorder, or both, consistent with this chapter. The pilot programs shall:

(a) Combine the crisis responder functions of a designated mental health professional under chapter 71.05 RCW and a designated chemical dependency specialist under chapter 70.96A RCW by establishing a new designated crisis responder who is authorized to conduct investigations and detain persons up to seventy-two hours to the proper facility;

(b) Provide training to the crisis responders as required by the department;

(c) Provide sufficient staff and resources to ensure availability of an adequate number of crisis responders twenty-four hours a day, seven days a week;
(d) Provide the administrative and court-related staff, resources, and processes necessary to facilitate the legal requirements of the initial detention and the commitment hearings for persons with a chemical dependency;
(e) Participate in the evaluation and report to assess the outcomes of the pilot programs including providing data and information as requested;
(f) Provide the other services necessary to the implementation of the pilot programs, consistent with this chapter as determined by the secretary in contract; and
(g) Collaborate with the department of corrections where persons detained or committed are also subject to supervision by the department of corrections.

(3) The pilot programs established by this section shall begin providing services by March 1, 2006.

NEW SECTION. Sec. 204. To qualify as a designated crisis responder, a person must have received chemical dependency training as determined by the department and be a:
(1) Psychiatrist, psychologist, psychiatric nurse, or social worker;
(2) Person with a master's degree or further advanced degree in counseling or one of the social sciences from an accredited college or university and who have, in addition, at least two years of experience in direct treatment of persons with mental illness or emotional disturbance, such experience gained under the direction of a mental health professional;
(3) Person who meets the waiver criteria of RCW 71.24.260, which waiver was granted before 1986;
(4) Person who had an approved waiver to perform the duties of a mental health professional that was requested by the regional support network and granted by the department before July 1, 2001; or
(5) Person who has been granted a time-limited exception of the minimum requirements of a mental health professional by the department consistent with rules adopted by the secretary.

NEW SECTION. Sec. 205. In addition to the provisions of this chapter, a designated crisis responder has all the powers and duties of a designated mental health professional as well as the powers and duties of a designated chemical dependency specialist under RCW 70.96A.120.

NEW SECTION. Sec. 206. (1)(a) When a designated crisis responder receives information alleging that a person, as a result of a mental disorder, chemical dependency disorder, or both, presents a likelihood of serious harm or is gravely disabled, the designated crisis responder may, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of any person providing information to initiate detention, if satisfied that the allegations are true and that the person will not voluntarily seek appropriate treatment, file a petition for initial detention. Before filing the petition, the designated crisis responder must personally interview the person, unless the person refuses an interview, and determine whether the person will voluntarily receive appropriate evaluation and treatment at either an evaluation and treatment facility, a detoxification facility, or other certified chemical dependency provider.

(b)(i)(A) Whenever it appears, by petition for initial detention, to the satisfaction of a judge of the superior court that a person presents as a result of a mental disorder, a likelihood of serious harm, or is gravely disabled, and that the person has refused or failed to accept appropriate evaluation and treatment voluntarily, the judge may issue an order requiring the person to appear within twenty-four hours after service of the order at a designated evaluation and treatment facility for not more than a seventy-two hour evaluation and treatment period; or

(B) Whenever it appears, by petition for initial detention, to the satisfaction of a judge of the superior court, district court, or other court permitted by court rule, that a person presents as a result of a chemical dependency, a likelihood of serious harm, or is gravely disabled, and that the person has refused or failed to accept appropriate evaluation and treatment voluntarily, the judge may issue an order requiring the person to appear within twenty-four hours after service of the order at a secure detoxification facility or other certified chemical dependency provider for not more than a seventy-two hour evaluation and treatment period.

(ii) The order issued under this subsection (1)(b) shall state the address of the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider to which the person is to report; whether the required seventy-two hour evaluation and treatment services may be delivered on an outpatient or inpatient basis; and that if the person named in the order fails to appear at the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider at or before the date and time stated in the order, the person may be involuntarily taken into custody for evaluation and treatment. The order shall also designate retained counsel or, if counsel is appointed from a list provided by the court, the name, business address, and telephone number of the attorney appointed to represent the person.

(c) The designated crisis responder shall then serve or cause to be served on such person, his or her guardian, and conservator, if any, a copy of the order to appear, together with a notice of rights and a petition for initial detention. After service
on the person, the designated crisis responder shall file the return of service in court and provide copies of all papers in the court file to the evaluation and treatment facility or secure detoxification facility and the designated attorney. The designated crisis responder shall notify the court and the prosecuting attorney that a probable cause hearing will be held within seventy-two hours of the date and time of outpatient evaluation or admission to the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider. The person shall be permitted to remain in his or her home or other place of his or her choosing before the time of evaluation and shall be permitted to be accompanied by one or more of his or her relatives, friends, an attorney, a personal physician, or other professional or religious advisor to the place of evaluation. An attorney accompanying the person to the place of evaluation shall be permitted to be present during the admission evaluation. Any other person accompanying the person may be present during the admission evaluation. The facility may exclude the person if his or her presence would present a safety risk, delay the proceedings, or otherwise interfere with the evaluation.

(d) If the person ordered to appear does appear on or before the date and time specified, the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider may admit the person as required by subsection (3) of this section or may provide treatment on an outpatient basis. If the person ordered to appear fails to appear on or before the date and time specified, the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider shall immediately notify the designated crisis responder who may notify a peace officer to take the person or cause the person to be taken into custody and placed in an evaluation and treatment facility, a secure detoxification facility, or other certified chemical dependency provider. Should the designated crisis responder notify a peace officer authorizing the officer to take a person into custody under this subsection, the designated crisis responder shall file with the court a copy of the authorization and a notice of detention. At the time the person is taken into custody there shall commence to be served on the person, his or her guardian, and conservator, if any, a copy of the original order together with a notice of detention, a notice of rights, and a petition for initial detention.

(2) If a designated crisis responder receives information alleging that a person, as the result of:

(a) A mental disorder, presents an imminent likelihood of serious harm, or is in imminent danger because of being gravely disabled, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the person or persons providing the information if any, the designated crisis responder may take the person, or cause by oral or written order the person to be taken into emergency custody in an evaluation and treatment facility for not more than seventy-two hours as described in this chapter; or

(b) Chemical dependency, presents an imminent likelihood of serious harm, or is in imminent danger because of being gravely disabled, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the person or persons providing the information if any, the designated crisis responder may take the person, or cause by oral or written order the person to be taken into emergency custody in a secure detoxification facility for not more than seventy-two hours as described in this chapter.

(3) If the designated crisis responder petitions for detention of a person whose actions constitute a likelihood of serious harm, or who is gravely disabled, the evaluation and treatment facility, the secure detoxification facility, or other certified chemical dependency provider providing seventy-two hour evaluation and treatment must immediately accept on a provisional basis the petition and the person. The evaluation and treatment facility, the secure detoxification facility, or other certified chemical dependency provider shall then evaluate the person's condition and admit, detain, transfer, or discharge such person in accordance with this chapter. The facility shall notify in writing the court and the designated crisis responder of the date and time of the initial detention of each person involuntarily detained so that a probable cause hearing will be held no later than seventy-two hours after detention.

(4) A peace officer may, without prior notice of the proceedings provided for in subsection (1) of this section, take or cause the person to be taken into custody and immediately delivered to an evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency treatment provider only pursuant to subsections (1)(d) and (2) of this section.

(5) Nothing in this chapter limits the power of a peace officer to take a person into custody and immediately deliver the person to the emergency department of a local hospital or to a detoxification facility.

NEW SECTION. Sec. 207. (1) A person or public or private entity employing a person is not civilly or criminally liable for performing duties under this chapter if the duties were performed in good faith and without gross negligence.

(2) This section does not relieve a person from giving the required notices under RCW 71.05.330(2) or 71.05.340(1)(b), or the duty to warn or to take reasonable precautions to provide protection from violent behavior where the patient has communicated an actual threat of physical violence against a reasonably identifiable victim or victims. The duty to warn or to take reasonable precautions to provide protection from violent behavior is discharged if reasonable efforts are made to communicate the threat to the victim or victims and to law enforcement personnel.
NEW SECTION. Sec. 208. If the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider admits the person, it may detain the person for evaluation and treatment for a period not to exceed seventy-two hours from the time of acceptance. The computation of the seventy-two hour period excludes Saturdays, Sundays, and holidays.

NEW SECTION. Sec. 209. Whenever any person is detained for evaluation and treatment for a mental disorder under section 206 of this act, chapter 71.05 RCW applies.

NEW SECTION. Sec. 210. (1) A person detained for seventy-two hour evaluation and treatment under section 206 of this act or RCW 70.96A.120 may be detained for not more than fourteen additional days of involuntary chemical dependency treatment if there are beds available at the secure detoxification facility and the following conditions are met:

(a) The professional person in charge of the agency or facility or the person's designee providing evaluation and treatment services in a secure detoxification facility has assessed the person's condition and finds that the condition is caused by chemical dependency and either results in a likelihood of serious harm or in the detained person being gravely disabled, and the professional person or his or her designee is prepared to testify those conditions are met;

(b) The person has been advised of the need for voluntary treatment and the professional person in charge of the agency or facility or his or her designee has evidence that he or she has not in good faith volunteered for treatment; and

(c) The professional person in charge of the agency or facility or the person's designee has filed a petition for fourteen-day involuntary detention with the superior court, district court, or other court permitted by court rule. The petition must be signed by the chemical dependency professional who has examined the person.

(2) The petition under subsection (1)(c) of this section shall be accompanied by a certificate of a licensed physician who has examined the person, unless the person whose commitment is sought has refused to submit to a medical examination, in which case the fact of refusal shall be alleged in the petition. The certificate shall set forth the licensed physician's findings in support of the allegations of the petition. A physician employed by the petitioning program or the department is eligible to be the certifying physician.

(3) The petition shall state facts that support the finding that the person, as a result of chemical dependency, presents a likelihood of serious harm or is gravely disabled, and that there are no less restrictive alternatives to detention in the best interest of the person or others. The petition shall state specifically that less restrictive alternative treatment was considered and specify why treatment less restrictive than detention is not appropriate.

(4) A copy of the petition shall be served on the detained person, his or her attorney, and his or her guardian or conservator, if any, before the probable cause hearing.

(5)(a) The court shall inform the person whose commitment is sought of his or her right to contest the petition, be represented by counsel at every stage of any proceedings relating to his or her commitment, and have counsel appointed by the court or provided by the court, if he or she wants the assistance of counsel and is unable to obtain counsel. If the court believes that the person needs the assistance of counsel, the court shall require, by appointment if necessary, counsel for him or her regardless of his or her wishes. The person shall, if he or she is financially able, bear the costs of such legal service; otherwise such legal service shall be at public expense. The person whose commitment is sought shall be informed of his or her right to be examined by a licensed physician of his or her choice. If the person is unable to obtain a licensed physician and requests examination by a physician, the court shall appoint a reasonably available licensed physician designated by the person.

(b) At the conclusion of the probable cause hearing, if the court finds by a preponderance of the evidence that the person, as a result of chemical dependency, presents a likelihood of serious harm or is gravely disabled and, after considering less restrictive alternatives to involuntary detention and treatment, finds that no such alternatives are in the best interest of such person or others, the court shall order that the person be detained for involuntary chemical dependency treatment not to exceed fourteen days in a secure detoxification facility.

NEW SECTION. Sec. 211. If a person is detained for additional treatment beyond fourteen days under section 210 of this act, the professional staff of the agency or facility may petition for additional treatment under RCW 70.96A.140.

NEW SECTION. Sec. 212. The prosecuting attorney of the county in which an action under this chapter is taken must represent the petitioner in judicial proceedings under this chapter for the involuntary chemical dependency treatment of a person, including any judicial proceeding where the person sought to be treated for chemical dependency challenges the action.
NEW SECTION. Sec. 213. (1) Every person involuntarily detained or committed under this chapter as a result of a mental disorder is entitled to all the rights set forth in this chapter and in chapter 71.05 RCW, and retains all rights not denied him or her under this chapter or chapter 71.05 RCW.

(2) Every person involuntarily detained or committed under this chapter as a result of a chemical dependency is entitled to all the rights set forth in this chapter and chapter 70.96A RCW, and retains all rights not denied him or her under this chapter or chapter 70.96A RCW.

NEW SECTION. Sec. 214. (1) When a designated crisis responder is notified by a jail that a defendant or offender who was subject to a discharge review under RCW 71.05.232 is to be released to the community, the designated crisis responder shall evaluate the person within seventy-two hours of release.

(2) When an offender is under court-ordered treatment in the community and the supervision of the department of corrections, and the treatment provider becomes aware that the person is in violation of the terms of the court order, the treatment provider shall notify the designated crisis responder of the violation and request an evaluation for purposes of revocation of the less restrictive alternative.

(3) When a designated crisis responder becomes aware that an offender who is under court-ordered treatment in the community and the supervision of the department of corrections is in violation of a treatment order or a condition of supervision that relates to public safety, or the designated crisis responder detains a person under this chapter, the designated crisis responder shall notify the person's treatment provider and the department of corrections.

(4) When an offender who is confined in a state correctional facility or is under supervision of the department of corrections in the community is subject to a petition for involuntary treatment under this chapter, the petitioner shall notify the department of corrections and the department of corrections shall provide documentation of its risk assessment or other concerns to the petitioner and the court if the department of corrections classified the offender as a high risk or high needs offender.

(5) Nothing in this section creates a duty on any treatment provider or designated crisis responder to provide offender supervision.

NEW SECTION. Sec. 215. The secretary may adopt rules to implement this chapter.

NEW SECTION. Sec. 216. The provisions of RCW 71.05.550 apply to this chapter.

(2) The evaluation of the pilot programs shall include:
(a) Whether the designated crisis responder pilot program:
(i) Has increased efficiency of evaluation and treatment of persons involuntarily detained for seventy-two hours;
(ii) Is cost-effective;
(iii) Results in better outcomes for persons involuntarily detained;
(iv) Increased the effectiveness of the crisis response system in the pilot catchment areas;
(b) The effectiveness of providing a single chapter in the Revised Code of Washington to address initial detention of persons with mental disorders or chemical dependency, in crisis response situations and the likelihood of effectiveness of providing a single, comprehensive involuntary treatment act.

(3) The reports shall consider the impact of the pilot programs on the existing mental health system and on the persons served by the system.

Sec. 218. RCW 71.05.550 and 1973 1st ex.s. c 142 s 60 are each amended to read as follows:

The department of social and health services, in planning and providing funding to counties pursuant to chapter 71.24 RCW, shall recognize the financial necessities imposed upon counties by implementation of this chapter and chapter 70.-- RCW (sections 202 through 216 of this act), and shall consider needs, if any, for additional community mental health services and facilities and reduction in commitments to state hospitals for the mentally ill accomplished by individual counties, in planning and providing such funding. The state shall provide financial assistance to the counties to enable the counties to meet all increased costs, if any, to the counties resulting from their administration of the provisions of chapter 142, Laws of 1973 1st ex. sess.

PART IV
RESOURCES

NEW SECTION. Sec. 401. Sections 402 through 425 of this act constitute a new chapter in Title 70 RCW.

NEW SECTION. Sec. 402. The legislature finds that there are persons with mental disorders, including organic or traumatic brain disorders, and combinations of mental disorders with other medical conditions or behavior histories that result in behavioral and security issues that make these persons ineligible for, or unsuccessful in, existing types of licensed facilities, including adult residential rehabilitation centers, boarding homes, adult family homes, group homes, and skilled nursing facilities. The legislature also finds that many of these persons have been treated on repeated occasions in inappropriate acute care facilities and released without an appropriate placement or have been treated or detained for extended periods in inappropriate settings including state hospitals and correctional facilities. The legislature further finds that some of these persons present complex safety and treatment issues that require security measures that cannot be instituted under most facility licenses or supported housing programs. These include the ability to detain persons under involuntary treatment orders or administer court ordered medications.
Consequently, the legislature intends, to the extent of available funds, to establish a new type of facility licensed by the department of social and health services as an enhanced services facility with standards that will provide a safe, secure treatment environment for a limited population of persons who are not appropriately served in other facilities or programs. The legislature also finds that enhanced services facilities may need to specialize in order to effectively care for a particular segment of the identified population.
An enhanced services facility may only serve individuals that meet the criteria specified in section 405 of this act.

NEW SECTION. Sec. 403. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

   (a) The enhanced services facility is in a location that is totally separate and discrete from the other licensed facility; and
   (b) The two facilities maintain separate staffing, unless an exception to this is permitted by the department in rule.

(4) Nursing homes under chapter 18.51 RCW, boarding homes under chapter 18.20 RCW, or adult family homes under chapter 70.128 RCW, that become licensed as facilities under this chapter shall be deemed to meet the applicable state and local rules, regulations, permits, and code requirements. All other facilities are required to meet all applicable state and local rules, regulations, permits, and code requirements.

NEW SECTION. Sec. 409. (1) The enhanced services facility shall complete a comprehensive assessment for each resident within fourteen days of admission, and the assessments shall be repeated upon a significant change in the resident's condition or, at a minimum, every one hundred eighty days if there is no significant change in condition.

(2) The enhanced services facility shall develop an individualized treatment plan for each resident based on the comprehensive assessment and any other information in the person's record. The plan shall be updated as necessary, and shall include a plan for appropriate transfer or discharge and reintegration into the community. Where the person is under the supervision of the department of corrections, the facility shall collaborate with the department of corrections to maximize treatment outcomes and reduce the likelihood of reoffense.

(3) The plan shall maximize the opportunities for independence, recovery, employment, the resident's participation in treatment decisions, and collaboration with peer-supported services, and provide for care and treatment in the least restrictive manner appropriate to the individual resident, and, where relevant, to any court orders with which the resident must comply.

NEW SECTION. Sec. 410. (1) An enhanced services facility must have sufficient numbers of staff with the appropriate credentials and training to provide residents with the appropriate care and treatment:

   (d) Medical or habilitative treatment;
   (e) Dietary services;
   (f) Security; and
   (g) Chemical dependency treatment.

(2) Where an enhanced services facility specializes in medically fragile persons with mental disorders, the on-site staff must include at least one licensed nurse twenty-four hours per day. The nurse must be a registered nurse for at least sixteen hours per day. If the nurse is not a registered nurse, a registered nurse or a doctor must be on-call during the remaining eight hours.

(3) Any employee or other individual who will have unsupervised access to vulnerable adults must successfully pass a background inquiry check.

(c) The department's toll-free complaint number, which shall also be posted in a clearly visible place and manner.

(4) Enhanced services facilities shall maintain a grievance procedure that meets the requirements of rules established by the department.

(5) No facility shall discriminate or retaliate in any manner against a resident or employee because the resident, employee, or any other person made a complaint or provided information to the department, the long-term care ombudsman, Washington protection and advocacy system, or a mental health ombudsperson.

(6) Each enhanced services facility will post in a prominent place in a common area a notice by the Washington protection and advocacy system providing contact information.

NEW SECTION. Sec. 413. (1) In any case in which the department finds that a licensee of a facility, or any partner, officer, director, owner of five percent or more of the assets of the facility, or managing employee failed or refused to comply with the requirements of this chapter or the rules established under them, the department may take any or all of the following actions:
(a) Suspend, revoke, or refuse to issue or renew a license;
(b) Order stop placement; or
(c) Assess civil monetary penalties.

(2) The department may suspend, revoke, or refuse to renew a license, assess civil monetary penalties, or both, in any case in which it finds that the licensee of a facility, or any partner, officer, director, owner of five percent or more of the assets of the facility, or managing employee:
(a) Operated a facility without a license or under a revoked or suspended license;
(b) Knowingly or with reason to know made a false statement of a material fact in the license application or any data attached thereto, or in any matter under investigation by the department;
(c) Refused to allow representatives or agents of the department to inspect all books, records, and files required to be maintained or any portion of the premises of the facility;
(d) Willfully prevented, interfered with, or attempted to impede in any way the work of any duly authorized representative of the department and the lawful enforcement of any provision of this chapter;
(e) Willfully prevented or interfered with any representative of the department in the preservation of evidence of any violation of any of the provisions of this chapter or of the rules adopted under it; or
(f) Failed to pay any civil monetary penalty assessed by the department under this chapter within ten days after the assessment becomes final.

(3)(a) Civil penalties collected under this chapter shall be deposited into a special fund administered by the department.
(b) Civil monetary penalties, if imposed, may be assessed and collected, with interest, for each day the facility is or was out of compliance. Civil monetary penalties shall not exceed three thousand dollars per day. Each day upon which the same or a substantially similar action occurs is a separate violation subject to the assessment of a separate penalty.

(4) The department may use the civil penalty monetary fund for the protection of the health or property of residents of facilities found to be deficient including:
(a) Payment for the cost of relocation of residents to other facilities;
(b) Payment to maintain operation of a facility pending correction of deficiencies or closure; and
(c) Reimbursement of a resident for personal funds or property loss.

(5)(a) The department may issue a stop placement order on a facility, effective upon oral or written notice, when the department determines:
(i) The facility no longer substantially meets the requirements of this chapter; and
(ii) The deficiency or deficiencies in the facility:
(A) Jeopardizes the health and safety of the residents; or
(B) Seriously limits the facility's capacity to provide adequate care.
(b) When the department has ordered a stop placement, the department may approve a readmission to the facility from a hospital, residential treatment facility, or crisis intervention facility when the department determines the readmission would be in the best interest of the individual seeking readmission.
(6) If the department determines that an emergency exists and resident health and safety is immediately jeopardized as a result of a facility's failure or refusal to comply with this chapter, the department may summarily suspend the facility's license and order the immediate closure of the facility, or the immediate transfer of residents, or both.

(7) If the department determines that the health or safety of the residents is immediately jeopardized as a result of a facility's failure or refusal to comply with requirements of this chapter, the department may appoint temporary management to:
   a. Oversee the operation of the facility; and
   b. Ensure the health and safety of the facility's residents while:
      i. Orderly closure of the facility occurs; or
      ii. The deficiencies necessitating temporary management are corrected.

NEW SECTION. Sec. 414. (1) All orders of the department denying, suspending, or revoking the license or assessing a monetary penalty shall become final twenty days after the same has been served upon the applicant or licensee unless a hearing is requested.

(2) All orders of the department imposing stop placement, temporary management, emergency closure, emergency transfer, or summary license suspension shall be effective immediately upon notice, pending any hearing.

(3) Subject to the requirements of subsection (2) of this section, all hearings under this chapter and judicial review of such determinations shall be in accordance with the administrative procedure act, chapter 34.05 RCW.

NEW SECTION. Sec. 415. Operation of a facility without a license in violation of this chapter and discrimination against medicaid recipients is a matter vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. Operation of an enhanced services facility without a license in violation of this chapter is not reasonable in relation to the development and preservation of business. Such a violation is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW.

NEW SECTION. Sec. 416. A person operating or maintaining a facility without a license under this chapter is guilty of a misdemeanor and each day of a continuing violation after conviction shall be considered a separate offense.

NEW SECTION. Sec. 417. Notwithstanding the existence or use of any other remedy, the department may, in the manner provided by law, maintain an action in the name of the state for an injunction, civil penalty, or other process against a person to restrain or prevent the operation or maintenance of a facility without a license issued under this chapter.

NEW SECTION. Sec. 418. (1) The department shall make or cause to be made at least one inspection of each facility prior to licensure and an unannounced full inspection of facilities at least once every eighteen months. The statewide average interval between full facility inspections must be fifteen months.

(2) Any duly authorized officer, employee, or agent of the department may enter and inspect any facility at any time to determine that the facility is in compliance with this chapter and applicable rules, and to enforce any provision of this chapter. Complaint inspections shall be unannounced and conducted in such a manner as to ensure maximum effectiveness. No advance notice shall be given of any inspection unless authorized or required by federal law.

(3) During inspections, the facility must give the department access to areas, materials, and equipment used to provide care or support to residents, including resident and staff records, accounts, and the physical premises, including the buildings, grounds, and equipment. The department has the authority to privately interview the provider, staff, residents, and other individuals familiar with resident care and treatment.

(4) Any public employee giving advance notice of an inspection in violation of this section shall be suspended from all duties without pay for a period of not less than five nor more than fifteen days.

(5) The department shall prepare a written report describing the violations found during an inspection, and shall provide a copy of the inspection report to the facility.

(6) The facility shall develop a written plan of correction for any violations identified by the department and provide a plan of correction to the department within ten working days from the receipt of the inspection report.

NEW SECTION. Sec. 419. The facility shall only admit individuals:
   (1) Who are over the age of eighteen;
   (2) Who meet the resident eligibility requirements described in section 405 of this act; and
   (3) Whose needs the facility can safely and appropriately meet through qualified and trained staff, services, equipment, security, and building design.
NEW SECTION. Sec. 420. If the facility does not employ a qualified professional able to furnish needed services, the facility must have a written contract with a qualified professional or agency outside the facility to furnish the needed services.

NEW SECTION. Sec. 421. At least sixty days before the effective date of any change of ownership, or change of management of a facility, the current operating entity must provide written notification about the proposed change separately and in writing, to the department, each resident of the facility, or the resident's guardian or representative.

NEW SECTION. Sec. 422. The facility shall:
(1) Maintain adequate resident records to enable the provision of necessary treatment, care, and services and to respond appropriately in emergency situations;
(2) Comply with all state and federal requirements related to documentation, confidentiality, and information sharing, including chapters 10.77, 70.02, 70.24, 70.96A, and 71.05 RCW; and
(3) Where possible, obtain signed releases of information designating the department, the facility, and the department of corrections where the person is under its supervision, as recipients of health care information.

NEW SECTION. Sec. 423. (1) Standards for fire protection and the enforcement thereof, with respect to all facilities licensed under this chapter, are the responsibility of the chief of the Washington state patrol, through the director of fire protection, who must adopt recognized standards as applicable to facilities for the protection of life against the cause and spread of fire and fire hazards. If the facility to be licensed meets with the approval of the chief of the Washington state patrol, through the director of fire protection, the director of fire protection must submit to the department a written report approving the facility with respect to fire protection before a full license can be issued. The chief of the Washington state patrol, through the director of fire protection, shall conduct an unannounced full inspection of facilities at least once every eighteen months. The statewide average interval between full facility inspections must be fifteen months.

NEW SECTION. Sec. 424. No facility providing care and treatment for individuals placed in a facility, or agency licensing or placing residents in a facility, acting in the course of its duties, shall be civilly or criminally liable for performing its duties under this chapter, provided that such duties were performed in good faith and without gross negligence.

NEW SECTION. Sec. 425. (1) The secretary shall adopt rules to implement this chapter.
(2) Such rules shall at the minimum:
(a) Promote safe treatment and necessary care of individuals residing in the facility and provide for safe and clean conditions;
(b) Establish licensee qualifications, licensing and enforcement, and license fees sufficient to cover the cost of licensing and enforcement.

(3)(a) Any jurisdiction that seeks a state appropriation to fund a mental health court program must first:

(2) For the purposes of this section, "therapeutic court" means a court that has special calendars or dockets designed for the intense judicial supervision, coordination, and oversight of treatment provided to parents and families who have substance abuse or mental health problems and who are involved in the dependency and is designed to achieve a reduction in:

(a) Child abuse and neglect;
(b) Out-of-home placement of children;

(3) (a) Any jurisdiction that seeks a state appropriation to fund a drug court program must first:

(i) Exhaust all federal funding ((received from the office of national drug control policy)) that is available to support the operations of its drug court and associated services; and
(ii) Match, on a dollar-for-dollar basis, state moneys allocated for drug court programs with local cash or in-kind resources. Moneys allocated by the state must be used to supplement, not supplant, other federal, state, and local funds for drug court operations and associated services.

(b) Any county that establishes a drug court pursuant to this section shall establish minimum requirements for the participation of offenders in the program. The drug court may adopt local requirements that are more stringent than the minimum. The minimum requirements are:

(2) The joint legislative audit and review committee shall consider the feasibility of using at least the following facilities or types of facilities:
   (a) State-owned or operated facilities; and
   (b) Closed or abandoned nursing homes.

(3) The analysis shall include an assessment of when such facilities could be available for use as a regional jail and the potential costs, costs avoided, and benefits of at least the following considerations:
   (a) Any impact on existing offenders or residents;
   (b) The conversion of the facilities;
   (c) Infrastructure tied to the facilities;
   (d) Whether the facility is, or can be, sized proportionately to the available pool of offenders;

(2) When an offender is under court-ordered treatment in the community and the supervision of the department of corrections, and the treatment provider becomes aware that the person is in violation of the terms of the court order, the treatment provider shall notify the ((county)) designated mental health professional and the department of corrections of the violation and request an evaluation for purposes of revocation of the less restrictive alternative.

(3) When a ((county)) designated mental health professional becomes aware that an offender who is under court-ordered treatment in the community and the supervision of the department of corrections is in violation of a treatment order or a condition of supervision that relates to public safety, or the ((county)) designated mental health professional detains a person under this chapter, the ((county)) designated mental health professional shall notify the person's treatment provider and the department of corrections.

(4) When an offender who is confined in a state correctional facility or is under supervision of the department of corrections in the community is subject to a petition for involuntary treatment under this chapter, the petitioner shall notify the department of corrections and the department of corrections shall provide documentation of its risk assessment or other concerns to the petitioner and the court if the department of corrections classified the offender as a high risk or high needs offender.

Sec. 708. RCW 71.05.235 and 2000 c 74 s 6 are each amended to read as follows:

(1) If an individual is referred to a (RCW 10.77.090(1)(d)(iii)(A), the (RCW 71.05.230) designated mental health professional shall examine the individual within forty-eight hours. If the (RCW 71.05.360) designated mental health professional determines it is not appropriate to detain the individual or petition for a ninety-day less restrictive alternative under RCW 71.05.230(4), that decision shall be immediately presented to the superior court for hearing. The court shall hold a hearing to consider the decision of the (RCW 71.05.360) designated mental health professional not later than the next judicial day. At the hearing the superior court shall review the determination of the (RCW 71.05.360) designated mental health professional and determine whether an order should be entered requiring the person to be evaluated at an evaluation and treatment facility. No person referred to an evaluation and treatment facility may be held at the facility longer than seventy-two hours.

(2) If an individual is placed in an evaluation and treatment facility under RCW 10.77.090(1)(d)(iii)(B), a professional person shall evaluate the individual for purposes of determining whether to file a ninety-day inpatient or outpatient petition under chapter 71.05 RCW. Before expiration of the seventy-two hour evaluation period authorized under RCW 10.77.090(1)(d)(iii)(B), the professional person shall file a petition or, if the recommendation of the professional person is to release the individual, present his or her recommendation to the superior court of the county in which the criminal charge was dismissed. The superior court shall review the recommendation not later than forty-eight hours, excluding Saturdays, Sundays, and holidays, after the
recommendation is presented. If the court rejects the recommendation to unconditionally release the individual, the court may order the individual detained at a designated evaluation and treatment facility for not more than a seventy-two hour evaluation and treatment period and direct the individual to appear at a surety hearing before that court within seventy-two hours, or the court may release the individual but direct the individual to appear at a surety hearing set before that court within eleven days, at which time the prosecutor may file a petition under this chapter for ninety-day inpatient or outpatient treatment. If a petition is filed by the prosecutor, the court may order that the person named in the petition be detained at the evaluation and treatment facility that performed the evaluation under this subsection or order the respondent to be in outpatient treatment. If a petition is filed but the individual fails to appear in court for the surety hearing, the court shall order that a mental health professional or peace officer shall take such person or cause such person to be taken into custody and placed in an evaluation and treatment facility to be brought before the court the next judicial day after detention. Upon the individual's first appearance in court after a petition has been filed, proceedings under RCW 71.05.310 and 71.05.320 shall commence. For an individual subject to this subsection, the prosecutor or professional person may directly file a petition for ninety-day inpatient or outpatient treatment and no petition for initial detention or fourteen-day detention is required before such a petition may be filed.

The court shall conduct the hearing on the petition filed under this subsection within five judicial days of the date the petition is filed. The court may continue the hearing upon the written request of the person named in the petition or the person's attorney, for good cause shown, which continuance shall not exceed five additional judicial days. If the person named in the petition requests a jury trial, the trial shall commence within ten judicial days of the date of the filing of the petition. The burden of proof shall be by clear, cogent, and convincing evidence and shall be upon the petitioner. The person shall be present at such proceeding, which shall in all respects accord with the constitutional guarantees of due process of law and the rules of evidence pursuant to RCW ((71.05.250)) 71.05.360 (8) and (9).

During the proceeding the person named in the petition shall continue to be detained and treated until released by order of the court. If no order has been made within thirty days after the filing of the petition, not including any extensions of time requested by the detained person or his or her attorney, the detained person shall be released.

(3) If a designated mental health professional or the professional person and prosecuting attorney for the county in which the criminal charge was dismissed or attorney general, as appropriate, stipulate that the individual does not present a likelihood of serious harm or is not gravely disabled, the hearing under this section is not required and the individual, if in custody, shall be released.

(4) The individual shall have the rights specified in RCW ((71.05.250)) 71.05.360 (8) and (9).

Sec. 709. RCW 71.05.310 and 1987 c 439 s 9 are each amended to read as follows:

The court shall conduct a hearing on the petition for ninety day treatment within five judicial days of the first court appearance after the probable cause hearing. The court may continue the hearing upon the written request of the person named in the petition or the person's attorney, for good cause shown, which continuance shall not exceed five additional judicial days. If the person named in the petition requests a jury trial, the trial shall commence within ten judicial days of the first court appearance after the probable cause hearing. The burden of proof shall be by clear, cogent, and convincing evidence and shall be upon the petitioner. The person shall be present at such proceeding, which shall in all respects accord with the constitutional guarantees of due process of law and the rules of evidence pursuant to RCW ((71.05.250)) 71.05.360 (8) and (9).

During the proceeding, the person named in the petition shall continue to be treated until released by order of the superior court. If no order has been made within thirty days after the filing of the petition, not including extensions of time requested by the detained person or his or her attorney, the detained person shall be released.

Sec. 710. RCW 71.05.425 and 2000 c 94 s 10 are each amended to read as follows:

Section 711. RCW 71.05.445 and 2004 c 166 s 4 are each amended to read as follows:

(a) "Information related to mental health services" means all information and records compiled, obtained, or maintained in the course of providing services to either voluntary or involuntary recipients of services by a mental health service provider. This may include documents of legal proceedings under this chapter or chapter 71.34 or 10.77 RCW, or somatic health care information.

(b) "Mental health service provider" means a public or private agency that provides services to persons with mental disorders as defined under RCW 71.05.020 and receives funding from public sources. This includes evaluation and treatment facilities as defined in RCW 71.05.020, community mental health service delivery systems, or community mental health programs as defined in RCW 71.24.025, and facilities conducting competency evaluations and restoration under chapter 10.77 RCW.

(2)(a) Information related to mental health services delivered to a person subject to chapter 9.94A or 9.95 RCW shall be released, upon request, by a mental health service provider to department of corrections personnel for whom the information is necessary to carry out the responsibilities of their office. The information must be provided only for the purposes of completing presentence investigations or risk assessment reports, supervision of an incarcerated offender or offender under supervision in the community, planning for and provision of supervision of an offender, or assessment of an offender's risk to the community. The request shall be in writing and shall not require the consent of the subject of the records.

(b) If an offender subject to chapter 9.94A or 9.95 RCW has failed to report for department of corrections supervision or in the event of an emergent situation that poses a significant risk to the public or the offender, information related to mental health services delivered to the offender and, if known, information regarding where the offender is likely to be found shall be released by the mental health services provider to the department of corrections upon request. The initial request may be written or oral. All oral requests must be subsequently confirmed in writing. Information released in response to an oral request is limited to a statement as to whether the offender is or is not being treated by the mental health services provider and the address or information about the location or whereabouts of the offender. Information released in response to a written request may include information identified by rule as provided in subsections (4) and (5) of this section. For purposes of this subsection a written request includes requests made by e-mail or facsimile so long as the requesting person at the department of corrections is clearly identified. The request must specify the information being requested. Disclosure of the information requested does not

Confidentiality of client information and records shall be maintained as provided in this chapter and in RCW 71.05.390, (71.05.400, 71.05.410), 71.05.420, (71.05.430) and 71.05.440. These factors shall include the population concentrations resulting from commitments under chapters 71.05 and 71.34 RCW to state psychiatric hospitals, as well as concentration in urban areas, at border crossings at state boundaries, and other significant demographic and workload factors.

(b) The formula shall also include a projection of the funding allocations that will result for each county, which specifies allocations according to priority populations, including the allocation for services to children and other underserved populations.

(c) After July 1, 2003, the department may allocate up to two percent of total funds to be distributed to the regional support networks for incentive payments to reward the achievement of superior outcomes, or significantly improved outcomes, as measured by a statewide performance measurement system consistent with the framework recommended in the joint legislative

No contract shall be approved that does not include progress toward meeting the goals of this chapter by taking responsibility for: (i) Short-term commitments; (ii) residential care; and (iii) emergency response systems.
(c) Allocate one hundred percent of available resources to the regional support networks in accordance with subsection (13) of this section. Incentive payments authorized under subsection (13) of this section may be allocated separately from other available resources.
(d) Notify regional support networks of their allocation of available resources at least sixty days prior to the start of a new biennial contract period.
(e) Deny funding allocations to regional support networks based solely upon formal findings of noncompliance with the terms of the regional support network's contract with the department. Written notice and at least thirty days for corrective action must precede any such action. In such cases, regional support networks shall have full rights to appeal under chapter 34.05 RCW.

(16) The department, in cooperation with the state congressional delegation, shall actively seek waivers of federal requirements and such modifications of federal regulations as are necessary to allow federal medicaid reimbursement for services provided by free-standing evaluation and treatment facilities certified under chapter 71.05 RCW. The department shall periodically report its efforts to the appropriate committees of the senate and the house of representatives.

Representative Williams moved the adoption of amendment (546):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 90.56.005 and 2004 c 226 s 2 are each amended to read as follows:

(1) The legislature declares that the increasing reliance on water borne transportation as a source of supply for oil and hazardous substances poses special concern for the state of Washington. Each year billions of gallons of crude oil and refined petroleum products are transported as cargo and fuel by vessels on the navigable waters of the state. These shipments are expected to increase in the coming years. Vessels transporting oil into Washington travel on some of the most unique and special marine environments in the United States. These marine environments are a source of natural beauty, recreation, and economic livelihood for many residents of this state. As a result, the state has an obligation to ensure the citizens of the state that the waters of the state will be protected from oil spills.

(2) The legislature finds that prevention is the best method to protect the unique and special marine environments in this state. The technology for containing and cleaning up a spill of oil or hazardous substances is at best only partially effective. Preventing spills is more protective of the environment and more cost-effective when all the response and damage costs associated with responding to a spill are considered. Therefore, the legislature finds that the primary objective of the state is to achieve a zero spills strategy to prevent any oil or hazardous substances from entering waters of the state.

(3) The legislature also finds that:

(a) Recent accidents in Washington, Alaska, southern California, Texas, Pennsylvania, and other parts of the nation have shown that the transportation, transfer, and storage of oil have caused significant damage to the marine environment;

(b) Even with the best efforts, it is nearly impossible to remove all oil that is spilled into the water, and average removal rates are only fourteen percent;

(c) Washington's navigable waters are treasured environmental and economic resources that the state cannot afford to place at undue risk from an oil spill; and

(d) The state has a fundamental responsibility, as the trustee of the state's natural resources and the protector of public health and the environment to prevent the spill of oil; and

(e) In section 5002 of the federal oil pollution act of 1990, the United States congress found that many people believed that complacency on the part of industry and government was one of the contributing factors to the Exxon Valdez spill and, further, that one method to combat this complacency is to involve local citizens in the monitoring and oversight of oil spill plans. Congress also found that a mechanism should be established that fosters the long-term partnership of industry, government, and local communities in overseeing compliance with environmental concerns in the operation of crude oil terminals. Moreover, congress concluded that, in addition to Alaska, a program of citizen monitoring and oversight should be established in other major crude oil terminals in the United States because recent oil spills indicate that the safe transportation of oil is a national problem.
In order to establish a comprehensive prevention and response program to protect Washington's waters and natural resources from spills of oil, it is the purpose of this chapter:

(a) To establish state agency expertise in marine safety and to centralize state activities in spill prevention and response activities;
(b) To prevent spills of oil and to promote programs that reduce the risk of both catastrophic and small chronic spills;
(c) To ensure that responsible parties are liable, and have the resources and ability, to respond to spills and provide compensation for all costs and damages;
(d) To provide for state spill response and wildlife rescue planning and implementation;
(e) To support and complement the federal oil pollution act of 1990 and other federal law, especially those provisions relating to the national contingency plan for cleanup of oil spills and discharges, including provisions relating to the responsibilities of state agencies designated as natural resource trustees. The legislature intends this chapter to be interpreted and implemented in a manner consistent with federal law;
(f) To provide broad powers of regulation to the department of ecology relating to spill prevention and response;
(g) To provide for an independent oil spill advisory council to review on an ongoing basis the adequacy of oil spill prevention, preparedness, and response activities in this state; and
(h) To provide an adequate funding source for state response and prevention programs.

NEW SECTION. Sec. 2. A new section is added to chapter 90.56 RCW to read as follows:

(1)(a) There is established in the office of the governor the oil spill advisory council.

(7) The first meeting of the council shall be convened by the governor or the governor’s designee. Other meetings may be convened by a vote of at least a majority of the voting members of the council, or by call of the chair. All meetings are subject to the open public meetings act. The council shall maintain minutes of all meetings.

(8) To the extent possible, all decisions of the council shall be by the consensus of the members. If consensus is not possible, nine voting members of the council may call for a vote on a matter. When a vote is called, all decisions shall be determined by a majority vote of the voting members present. Two-thirds of the voting members are required to be present for a quorum for all votes. The subject matter of all votes and the vote tallies shall be recorded in the minutes of the council.

(9) The council may form subcommittees and technical advisory committees.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 19.122.020 and 2000 c 191 s 15 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter:

1) "Business day" means any day other than Saturday, Sunday, or a legal local, state, or federal holiday.

2) "Damage" includes the substantial weakening of structural or lateral support of an underground facility, penetration, impairment, or destruction of any underground protective coating, housing, or other protective device, or the severance, partial or complete, of any underground facility to the extent that repairs are required.

3) "Emergency" means any condition constituting a clear and present danger to life or property, or a customer service outage.

4) "Excavation" means any operation in which earth, rock, or other material on or below the ground is moved or otherwise displaced by any means, except the tilling of soil less than twelve inches in depth for agricultural purposes, or road and ditch maintenance that does not change the original road grade or ditch flowline.

5) "Excavation confirmation code" means a code or ticket issued by the one-number locator service for the site where an excavation is planned. The code must be accompanied by the date and time it was issued.

6) "Excavator" means any person who engages directly in excavation.

7) "Gas" means natural gas, flammable gas, or toxic or corrosive gas.

Markings shall include identification letters indicating the specific type of the underground facility.

"Pipeline" or "pipeline system" means all or parts of a pipeline facility through which hazardous liquid or gas moves in transportation, including, but not limited to, line pipe, valves, and other appurtenances connected to line pipe, pumping units, fabricated assemblies associated with pumping units, metering and delivery stations and fabricated assemblies therein, and breakout tanks. (2) All civil penalties recovered under this section shall be deposited into the pipeline safety account created in RCW 81.88.050.

(1) Any person who violates any provision of this chapter not amounting to a violation of RCW 19.122.055, and which violation results in damage to underground facilities, is subject to a civil penalty of not more than one thousand dollars for each violation. All penalties recovered in such actions shall be deposited in the general fund.
Any excavator who willfully or maliciously damages a field-marked underground facility shall be liable for treble the costs incurred in repairing or relocating the facility. In those cases in which an excavator fails to notify known underground facility owners or the one-number locator service, any damage to the underground facility shall be deemed willful and malicious and shall be subject to treble damages for costs incurred in repairing or relocating the facility.

(3) This chapter does not affect any civil remedies for personal injury or for property damage, including that to underground facilities, nor does this chapter create any new civil remedies for such damage.

NEW SECTION. Sec. 5. A new section is added to chapter 19.122 RCW to read as follows:

MESSAGE FROM THE SENATE

April 21, 2005

Mr. Speaker:

The Senate receded from its amendment to SUBSTITUTE HOUSE BILL NO. 1058. Under suspension of the rules the bill was returned to second reading for purpose of amendment. The Senate adopted the following amendment and passed the bill as amended by the Senate:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that, despite explicit statements in statute that the consent of a minor child is not required for a parent-initiated admission to inpatient or outpatient mental health treatment, treatment providers consistently refuse to accept a minor aged thirteen or over if the minor does not also consent to treatment. The legislature intends
that the parent-initiated treatment provisions, with their accompanying due process provisions for the minor, be made fully available to parents.

**Sec. 2.** RCW 71.34.042 and 1998 c 296 s 14 are each amended to read as follows:

(1) A minor thirteen years or older may admit himself or herself to an evaluation and treatment facility for inpatient mental treatment, without parental consent. The admission shall occur only if the professional person in charge of the facility concurs with the need for inpatient treatment. Parental authorization is required for inpatient treatment of a minor under the age of thirteen.

(2) When, in the judgment of the professional person in charge of an evaluation and treatment facility, there is reason to believe that a minor is in need of inpatient treatment because of a mental disorder, and the facility provides the type of evaluation and treatment needed by the minor, and it is not feasible to treat the minor in any less restrictive setting or the minor's home, the minor may be admitted to an evaluation and treatment facility.

(3) Written renewal of voluntary consent must be obtained from the applicant no less than once every twelve months. The minor's need for continued inpatient treatments shall be reviewed and documented no less than every one hundred eighty days.

**NEW SECTION.** **Sec. 3.** A new section is added to chapter 71.34 RCW to read as follows:

A minor child shall have no cause of action against an evaluation and treatment facility, inpatient facility, or provider of outpatient mental health treatment for admitting or accepting the minor in good faith for evaluation or treatment under RCW 71.34.052 or 71.34.054 based solely upon the fact that the minor did not consent to evaluation or treatment if the minor's parent has consented to the evaluation or treatment.

**Sec. 4.** RCW 71.34.052 and 1998 c 296 s 17 are each amended to read as follows:

(1) A parent may bring, or authorize the bringing of, his or her minor child to an evaluation and treatment facility or an inpatient facility licensed under chapter 70.41, 71.12, or 72.23 RCW and request that the professional person as defined in RCW 71.05.020(24) examine the minor to determine whether the minor has a mental disorder and is in need of inpatient treatment.

(2) The consent of the minor is not required for admission, evaluation, and treatment if the parent brings the minor to the facility.

(3) An appropriately trained professional person may evaluate whether the minor has a mental disorder. The evaluation shall be completed within twenty-four hours of the time the minor was brought to the facility, unless the professional person determines that the condition of the minor necessitates additional time for evaluation. In no event shall a minor be held longer than seventy-two hours for evaluation. If, in the judgment of the professional person, it is determined it is a medical necessity for the minor to receive inpatient treatment, the minor may be held for treatment. The facility shall limit treatment to that which the professional person determines is medically necessary to stabilize the minor's condition until the evaluation has been completed. Within twenty-four hours of completion of the evaluation, the professional person shall notify the department if the child is held for treatment and of the date of admission.

(4) No provider is obligated to provide treatment to a minor under the provisions of this section except that no provider may refuse to treat a minor under the provisions of this section solely on the basis that the minor has not consented to the treatment. No provider may admit a minor to treatment under this section unless it is medically necessary.

(5) No minor receiving inpatient treatment under this section may be discharged from the facility based solely on his or her request.

(6) Prior to the review conducted under RCW 71.34.025, the professional person shall notify the minor of his or her right to petition superior court for release from the facility.

(7) For the purposes of this section "professional person" (does not include a social worker, unless the social worker is certified under RCW 18.19.110 and appropriately trained and qualified by education and experience, as defined by the department, in psychiatric social work) means "professional person" as defined in RCW 71.05.020.

**Sec. 5.** RCW 71.34.270 and 1985 c 354 s 27 are each amended to read as follows:

No public or private agency or governmental entity, nor officer of a public or private agency, nor the superintendent, or professional person in charge, his or her professional designee or attending staff of any such agency, nor any public official performing functions necessary to the administration of this chapter, nor peace officer responsible for detaining a person under this chapter, nor any county designated mental health professional, nor professional person, nor evaluation and treatment facility, shall be civilly or criminally liable for performing ((his or her duties under)) actions authorized in this chapter with regard to the
decision of whether to admit, release, or detain a person for evaluation and treatment: PROVIDED, That such duties were performed in good faith and without gross negligence.

(1) The legislature finds that emerging research on brain development indicates that adolescent brains, and thus adolescent intellectual and emotional capabilities, differ significantly from those of mature adults. The legislature further finds that applying mandatory minimum sentences for juveniles tried as adults prevents trial court judges from taking these differences into consideration in appropriate circumstances.

(2) The legislature intends to eliminate the application of mandatory minimum sentences under RCW 9.94A.540 to juveniles tried as adults, and to continue to apply all other adult sentencing provisions to juveniles tried as adults.

Sec. 2. RCW 9.94A.540 and 2001 2nd sp.s. c 12 s 315 are each amended to read as follows:

MESSAGE FROM THE SENATE

April 21, 2005

Mr. Speaker:

The Senate receded from its amendment to ENGROSSED SUBSTITUTE HOUSE BILL NO. 1635. Under suspension of the rules the bill was returned to second reading for purpose of amendment. The Senate adopted the following amendment and passed the bill as amended by the Senate:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that ambulance and emergency medical services are essential services and the availability of these services is vital to preserving and promoting the health, safety, and welfare of people in local communities throughout the state. All persons, businesses, and industries benefit from the availability of ambulance and emergency medical services, and survival rates can be increased when these services are available, adequately funded, and appropriately regulated. It is the legislature's intent to explicitly recognize local jurisdictions' ability and authority to collect utility service charges to fund ambulance and emergency medical service systems that are based, at least in some part, upon a charge for the availability of these services.

Sec. 2. RCW 35.21.766 and 2004 c 129 s 34 are each amended to read as follows:

(1) Whenever a regional fire protection service authority ((or the legislative authority of any city or town)) determines that the fire protection jurisdictions that are members of the authority ((or the city or town or a substantial portion of the city or town is)) are not adequately served by existing private ambulance service, the governing board of the authority may by resolution ((or the legislative authority of the city or town may by appropriate legislation,)) provide for the establishment of a system of ambulance service to be operated by the authority as a public utility ((of the city or town, or)) operated by contract after a call for bids.

(2) The legislative authority of any city or town may establish an ambulance service to be operated as a public utility. However, the legislative authority of the city or town shall not provide for the establishment of an ambulance service utility that would compete with any existing private ambulance service, unless the legislative authority of the city or town determines that the city or town, or a substantial portion of the city or town, is not adequately served by an existing private ambulance service. In determining the adequacy of an existing private ambulance service, the legislative authority of the city or town shall take into
consideration objective generally accepted medical standards and reasonable levels of service which shall be published by the city or town legislative authority. The decision of the city council or legislative body shall be a discretionary, legislative act. When it is preliminarily concluded that the private ambulance service is inadequate, before issuing a call for bids or before the city or town establishes an ambulance service utility, the legislative authority of the city or town shall allow a minimum of sixty days for the private ambulance service to meet the generally accepted medical standards and reasonable levels of service. In the event of a second preliminary conclusion of inadequacy within a twenty-four month period, the legislative authority of the city or town may immediately issue a call for bids or establish an ambulance service utility and is not required to afford the private ambulance service another sixty-day period to meet the generally accepted medical standards and reasonable levels of service. Nothing in this act is intended to supersede requirements and standards adopted by the department of health. A private ambulance service which is not licensed by the department of health or whose license is denied, suspended, or revoked shall not be entitled to a sixty-day period within which to demonstrate adequacy and the legislative authority may immediately issue a call for bids or establish an ambulance service utility.

(3) The city or town legislative authority is authorized to set and collect rates and charges in an amount sufficient to regulate, operate, and maintain an ambulance utility. Prior to setting such rates and charges, the legislative authority must determine, through a cost-of-service study, the total cost necessary to regulate, operate, and maintain the ambulance utility. Total costs shall not include capital cost for the construction, major renovation, or major repair of the physical plant. Once the legislative authority determines the total costs, the legislative authority shall then identify that portion of the total costs that are attributable to the availability of the ambulance service and that portion of the total costs that are attributable to the demand placed on the ambulance utility.

(a) Availability costs are those costs attributable to the basic infrastructure needed to respond to a single call for service within the utility's response criteria. Availability costs may include costs for dispatch, labor, training of personnel, equipment, patient care supplies, and maintenance of equipment.

(b) Demand costs are those costs that are attributable to the burden placed on the ambulance service by individual calls for ambulance service. Demand costs shall include costs related to frequency of calls, distances from hospitals, and other factors identified in the cost-of-service study conducted to assess burdens imposed on the ambulance utility.

(4) A city or town legislative authority is authorized to set and collect rates and charges as follows:

(a) The rate attributable to costs for availability described under subsection (3)(a) of this section shall be uniformly applied across user classifications within the utility;

(b) The rate attributable to costs for demand described under subsection (3)(b) of this section shall be established and billed to each utility user classification based on each user classification's burden on the utility;

(c) The fee charged by the utility shall reflect a combination of the availability cost and the demand cost;

(d)(i) Except as provided in (d)(ii) of this subsection, the combined rates charged shall reflect an exemption for persons who are medicaid eligible and who reside in a nursing facility, boarding home, adult family home, or receive in-home services. The combined rates charged may reflect an exemption or reduction for designated classes consistent with Article VIII, section 7 of the state Constitution. The amounts of exemption or reduction shall be a general expense of the utility, and designated as an availability cost, to be spread uniformly across the utility user classifications.

(ii) For cities with a population less than two thousand five hundred that established an ambulance utility before May 6, 2004, the combined rates charged may reflect an exemption or reduction for persons who are medicaid eligible, and for designated classes consistent with Article VIII, section 7 of the state Constitution:

(e) The legislative authority must continue to allocate at least seventy percent of the total amount of general fund revenues expended, as of May 5, 2004, toward the total costs necessary to regulate, operate, and maintain the ambulance service utility. However, cities or towns that operated an ambulance service before May 6, 2004, and commingled general fund dollars and ambulance service dollars, may reasonably estimate that portion of general fund dollars that were, as of May 5, 2004, applied toward the operation of the ambulance service, and at least seventy percent of such estimated amount must then continue to be applied toward the total cost necessary to regulate, operate, and maintain the ambulance utility. Cities and towns which first established an ambulance service utility after May 6, 2004, must allocate, from the general fund or emergency medical service levy funds, or a combination of both, at least an amount equal to seventy percent of the total costs necessary to regulate, operate, and maintain the ambulance service utility as of May 5, 2004, or the date that the utility is established.

(f) The legislative authority must allocate available emergency medical service levy funds, in an amount proportionate to the percentage of the ambulance service costs to the total combined operating costs for emergency medical services and ambulance services, towards the total costs necessary to regulate, operate, and maintain the ambulance utility;

(g) The legislative authority must allocate all revenues received through direct billing to the individual user of the ambulance service to the demand-related costs under subsection (3)(b) of this section;
(h) The total revenue generated by the rates and charges shall not exceed the total costs necessary to regulate, operate, and maintain an ambulance utility; and

(i) Revenues generated by the rates and charges must be deposited in a separate fund or funds and be used only for the purpose of paying for the cost of regulating, maintaining, and operating the ambulance utility.

(5) Ambulance service rates charged pursuant to this section do not constitute taxes or charges under RCW 82.02.050 through 82.02.090, or RCW 35.21.768, or charges otherwise prohibited by law.

NEW SECTION. Sec. 3. The joint legislative audit and review committee shall study and review ambulance utilities established and operated by cities under this act. The committee shall examine, but not be limited to, the following factors: The number and operational status of utilities established under this act; whether the utility rate structures and user classifications used by cities were established in accordance with generally accepted utility rate-making practices; and rates charged by the utility to the user classifications. The committee shall provide a final report on this review by December 2007."

On page 1, line 1 of the title, after "funding;" strike the remainder of the title and insert "amending RCW 35.21.766; and creating new sections."

and the same is herewith transmitted.

Thomas Hoemann, Secretary

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1635, as amended by the Senate having received the constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 21, 2005

Mr. Speaker:
The Senate receded from its amendment to SECOND SUBSTITUTE HOUSE BILL NO. 1758. Under suspension of the rules the bill was returned to second reading for purpose of amendment. The Senate adopted the following amendment and passed the bill as amended by the Senate:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 42.17.270 and 1987 c 403 s 4 are each amended to read as follows:
Public records shall be available for inspection and copying, and agencies shall, upon request for identifiable public records, make them promptly available to any person including, if applicable, on a partial or installment basis as records that are part of a larger set of requested records are assembled or made ready for inspection or disclosure. Agencies shall not deny a request for identifiable public records solely on the basis that the request is overbroad. Agencies shall not distinguish among persons requesting records, and such persons shall not be required to provide information as to the purpose for the request except to establish whether inspection and copying would violate RCW 42.17.260((4)) (9) or other statute which exempts or prohibits disclosure of specific information or records to certain persons. Agency facilities shall be made available to any person for the copying of public records except when and to the extent that this would unreasonably disrupt the operations of the agency. Agencies shall honor requests received by mail for identifiable public records unless exempted by provisions of this chapter.

Sec. 2. RCW 42.17.300 and 1995 c 397 s 14 and 1995 c 341 s 2 are each reenacted and amended to read as follows:
No fee shall be charged for the inspection of public records. No fee shall be charged for locating public documents and making them available for copying. A reasonable charge may be imposed for providing copies of public records and for the use by any person of agency equipment or equipment of the office of the secretary of the senate or the office of the chief clerk of the house of representatives to copy public records, which charges shall not exceed the amount necessary to reimburse the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives for its actual costs directly incident to such copying. Agency charges for photocopies shall be imposed in accordance with the actual per page cost or other costs established and published by the agency. In no event may an agency charge a per page cost greater than the actual per page cost as established and published by the agency. To the extent the agency has not determined the actual per page cost for photocopies of public records, the agency may not charge in excess of fifteen cents per page. An agency may require a deposit in an amount not to exceed ten percent of the estimated cost of providing copies for a request. If an agency makes a request available on a partial or installment basis, the agency may charge for each part of the request as it is provided. If an installment of a records request is not claimed or reviewed, the agency is not obligated to fulfill the balance of the request.

NEW SECTION. Sec. 3. A new section is added to chapter 42.17 RCW to read as follows:
(1) Each state and local agency shall appoint and publicly identify a public records officer whose responsibility is to serve as a point of contact for members of the public in requesting disclosure of public records and to oversee the agency's compliance with the public records disclosure requirements of this chapter. A state or local agency's public records officer may appoint an employee or official of another agency as its public records officer.

(2) For state agencies, the name and contact information of the agency's public records officer to whom members of the public may direct requests for disclosure of public records and who will oversee the agency's compliance with the public records disclosure requirements of this chapter shall be published in the state register at the time of designation and annually every year thereafter.

(3) For local agencies, the name and contact information of the agency's public records officer to whom members of the public may direct requests for disclosure of public records and who will oversee the agency's compliance with the public records disclosure requirements of this chapter shall be published in the state register at the time of designation and annually every year thereafter.

Sec. 4. RCW 42.17.348 and 1992 c 139 s 9 are each amended to read as follows:
(1) The attorney general's office shall publish, and update when appropriate, a pamphlet, written in plain language, explaining the provisions of the public records subdivision of this chapter.

(2) The attorney general, by February 1, 2006, shall adopt by rule an advisory model rule for state and local agencies, as defined in RCW 42.17.020, addressing the following subjects:
(a) Providing fullest assistance to requestors;
(b) Fulfilling large requests in the most efficient manner;
(c) Fulfilling requests for electronic records; and

Sec. 5. RCW 42.17.340 and 1992 c 139 s 8 are each amended to read as follows:

1. Upon the motion of any person having been denied an opportunity to inspect or copy a public record by an agency, the superior court in the county in which a record is maintained may require the responsible agency to show cause why it has refused to allow inspection or copying of a specific public record or class of records. The burden of proof shall be on the agency to establish that refusal to permit public inspection and copying is in accordance with a statute that exempts or prohibits disclosure in whole or in part of specific information or records.

2. Upon the motion of any person who believes that an agency has not made a reasonable estimate of the time that the agency requires to respond to a public record request, the superior court in the county in which a record is maintained may require the responsible agency to show that the estimate it provided is reasonable. The burden of proof shall be on the agency to show that the estimate it provided is reasonable.

3. Judicial review of all agency actions taken or challenged under RCW 42.17.250 through 42.17.320 shall be de novo. Courts shall take into account the policy of this chapter that free and open examination of public records is in the public interest, even though such examination may cause inconvenience or embarrassment to public officials or others. Courts may examine any record in camera in any proceeding brought under this section. The court may conduct a hearing based solely on affidavits.

4. Any person who prevails against an agency in any action in the courts seeking the right to inspect or copy any public record or the right to receive a response to a public record request within a reasonable amount of time shall be awarded all costs, including reasonable attorney fees, incurred in connection with such legal action. In addition, it shall be within the discretion of the court to award such person an amount not less than five dollars and not to exceed one hundred dollars for each day that he or she was denied the right to inspect or copy said public record.

5. For actions under this section against counties, the venue provisions of RCW 36.01.050 apply.

6. Actions under this section must be filed within one year of the agency's claim of exemption or the last production of a record on a partial or installment basis.

On page 1, line 1 of the title, after "disclosure;" strike the remainder of the title and insert "amending RCW 42.17.270, 42.17.348, and 42.17.340; reenacting and amending RCW 42.17.300; and adding a new section to chapter 42.17 RCW."

Mr. Speaker:

SECOND READING

ENGROSSED SUBSTITUTE SENATE BILL NO. 5922, By Senate Committee on Human Services & Corrections (originally sponsored by Senators Stevens, Hargrove, Roach, Schmidt, Zarelli, Carrell and Finkbeiner)

Changing procedures for investigations of child abuse or neglect.

Representative Dickerson moved the adoption of amendment (591):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 26.44.100 and 1998 c 314 s 8 are each amended to read as follows:

(1) The legislature finds parents and children often are not aware of their due process rights when agencies are investigating allegations of child abuse and neglect. The legislature reaffirms that all citizens, including parents, shall be afforded due process, that protection of children remains the priority of the legislature, and that this protection includes protecting the family unit from unnecessary disruption. To facilitate this goal, the legislature wishes to ensure that parents and children be advised in writing and orally, if feasible, of their basic rights and other specific information as set forth in this chapter, provided that nothing contained in this chapter shall cause any delay in protective custody action.

(2) The department shall notify the (alleged perpetrator of the) parent, guardian, or legal custodian of a child of any allegations of child abuse (and) or neglect (at the earliest possible point in the investigation that will not jeopardize the safety and protection of the child or the investigation process) made against such person at the initial point of contact with such person, in a manner consistent with the laws maintaining the confidentiality of the persons making the complaints or allegations. Investigations of child abuse and neglect should be conducted in a manner that will not jeopardize the safety or protection of the child or the integrity of the investigation process.

Whenever the department completes an investigation of a child abuse or neglect report under chapter 26.44 RCW, the department shall notify the (alleged perpetrator) subject of the report (and) of the department's investigative findings. The notice shall also advise the (alleged perpetrator) subject of the report that:

(a) A written response to the report may be provided to the department and that such response will be filed in the record following receipt by the department;

(b) Information in the department's record may be considered in subsequent investigations or proceedings related to child protection or child custody;"
(c) Founded reports of child abuse and neglect may be considered in determining whether the person is disqualified from being licensed to provide child care, employed by a licensed child care agency, or authorized by the department to care for children; and

(d) ((An alleged perpetrator)) A subject named in a founded report of child abuse or neglect has the right to seek review of the finding as provided in this chapter.

(3) The notification required by this section shall be made by certified mail, return receipt requested, to the person's last known address.

(4) The duty of notification created by this section is subject to the ability of the department to ascertain the location of the person to be notified. The department shall exercise reasonable, good-faith efforts to ascertain the location of persons entitled to notification under this section.

(5) The department shall provide training to all department personnel who conduct investigations under this section that shall include, but is not limited to, training regarding the legal duties of the department from the initial time of contact during investigation through treatment in order to protect children and families.

NEW SECTION. Sec. 2. The legislature finds that whenever possible, children should remain in the home of their parents. It is only when the safety of the child is in jeopardy that the child should be removed from the home.

It is the intent of the legislature that the department of social and health services be permitted to intervene in cases of chronic neglect where the health, welfare, or safety of the child is at risk. One incident of neglect may not rise to the level requiring state intervention; however, a pattern of neglect has been shown to cause damage to the health and well-being of the child subject to the neglect.

It is the intent of the legislature that, when chronic neglect has been found to exist in a family, the legal system reinforce the need for the parent's early engagement in services that will decrease the likelihood of future neglect. However, if the parents fail to comply with the offered necessary and available services, the state has the authority to intervene to protect the children who are at risk. If a parent fails to engage in available substance abuse or mental health services necessary to maintain the safety of a child or a parent fails to correct substance abuse deficiencies that jeopardize the safety of a child, the state has the authority to intervene to protect a child.

Sec. 3. RCW 13.34.138 and 2003 c 227 s 5 are each amended to read as follows:

(1) Except for children whose cases are reviewed by a citizen review board under chapter 13.70 RCW, the status of all children found to be dependent shall be reviewed by the court at least every six months from the beginning date of the placement episode or the date dependency is established, whichever is first, at a hearing in which it shall be determined whether court supervision should continue. The initial review hearing shall be an in-court review and shall be set six months from the beginning date of the placement episode or no more than ninety days from the entry of the disposition order, whichever comes first. The initial review hearing may be a permanency planning hearing when necessary to meet the time frames set forth in RCW 13.34.145(3) or 13.34.134. The review shall include findings regarding the agency and parental completion of disposition plan requirements, and if necessary, revised permanency time limits. This review shall consider both the agency's and parent's efforts that demonstrate consistent measurable progress over time in meeting the disposition plan requirements. The requirements for the initial review hearing, including the in-court requirement, shall be accomplished within existing resources. The supervising agency shall provide a foster parent, preadoptive parent, or relative with notice of, an opportunity to be heard, in a review hearing pertaining to the child, but only if that person is currently providing care to that child at the time of the hearing. This section shall not be construed to grant party status to any person who has been provided an opportunity to be heard.

(a) A child shall not be returned home at the review hearing unless the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists. The parents, guardian, or legal custodian shall report to the court the efforts they have made to correct the conditions which led to removal. If a child is returned, casework supervision shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.

(b) If the child is not returned home, the court shall establish in writing:

(i) Whether reasonable services have been provided to or offered to the parties to facilitate reunion, specifying the services provided or offered;

(ii) Whether the child has been placed in the least-restrictive setting appropriate to the child's needs, including whether consideration and preference has been given to placement with the child's relatives;

(iii) Whether there is a continuing need for placement and whether the placement is appropriate;

(iv) Whether there has been compliance with the case plan by the child, the child's parents, and the agency supervising the placement;
Sec. 4. RCW 26.44.015 and 1999 c 176 s 28 are each amended to read as follows:

(1) This chapter shall not be construed to authorize interference with child-raising practices, including reasonable parental discipline, which are not injurious to the child's health, welfare, 

(2) Nothing in this chapter may be used to prohibit the reasonable use of corporal punishment as a means of discipline.

(3) No parent or guardian may be deemed abusive or neglectful solely by reason of the parent's or child's blindness, deafness, developmental disability, or other handicap.

Sec. 5. RCW 26.44.020 and 2000 c 162 s 19 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Court" means the superior court of the state of Washington, juvenile department.

(2) "Law enforcement agency" means the police department, the prosecuting attorney, the state patrol, the director of public safety, or the office of the sheriff.

(3) "Practitioner of the healing arts" or "practitioner" means a person licensed by this state to practice podiatric medicine and surgery, optometry, chiropractic, nursing, dentistry, osteopathic medicine and surgery, or medicine and surgery or to provide other health services. The term "practitioner" includes a duly accredited Christian Science practitioner: PROVIDED, HOWEVER, That a person who is being furnished Christian Science treatment by a duly accredited Christian Science practitioner will not be considered, for that reason alone, a neglected person for the purposes of this chapter.

(4) "Institution" means a private or public hospital or any other facility providing medical diagnosis, treatment or care.

(5) "Department" means the state department of social and health services.

(6) "Child" or "children" means any person under the age of eighteen years of age.

(7) "Professional school personnel" include, but are not limited to, teachers, counselors, administrators, child care facility personnel, and school nurses.

(8) "Social service counselor" means anyone engaged in a professional capacity during the regular course of employment in encouraging or promoting the health, welfare, support or education of children, or providing social services to adults or families, including mental health, drug and alcohol treatment, and domestic violence programs, whether in an individual capacity, or as an employee or agent of any public or private organization or institution.

(9) "Psychologist" means any person licensed to practice psychology under chapter 18.83 RCW, whether acting in an individual capacity or as an employee or agent of any public or private organization or institution.
(10) "Pharmacist" means any registered pharmacist under chapter 18.64 RCW, whether acting in an individual capacity or as an employee or agent of any public or private organization or institution.

(11) "Clergy" means any regularly licensed or ordained minister, priest, or rabbi of any church or religious denomination, whether acting in an individual capacity or as an employee or agent of any public or private organization or institution.

(12) "Abuse or neglect" means ((the injury)) sexual abuse, sexual exploitation, ((negligent treatment, or maltreatment)) or injury of a child by any person under circumstances which ((indicate that)) cause harm to the child's health, welfare, ((and)) or safety ((is harmed)), excluding conduct permitted under RCW 9A.16.100; or the negligent treatment or maltreatment of a child by a person responsible for or providing care to the child. An abused child is a child who has been subjected to child abuse or neglect as defined in this section.

(13) "Child protective services section" means the child protective services section of the department.

(15) "Negligent treatment or maltreatment" means an act or ((omission)) a failure to act, or the cumulative effects of a pattern of conduct, behavior, or inaction, that evidences a serious disregard of consequences of such magnitude as to constitute a clear and present danger to ((the)) a child's health, welfare, ((and)) or safety. When considering whether a clear and present danger exists, evidence of a parent's substance abuse as a contributing factor to negligent treatment or maltreatment shall be given great weight. The fact that siblings share a bedroom is not, in and of itself, negligent treatment or maltreatment. Poverty, homelessness, or exposure to domestic violence as defined in RCW 26.50.010 that is perpetrated against someone other than the child do not constitute negligent treatment or maltreatment in and of themselves.

(16) "Child protective services" means those services provided by the department designed to protect children from child abuse and neglect and safeguard such children from future abuse and neglect, and conduct investigations of child abuse and neglect reports. Investigations may be conducted regardless of the location of the alleged abuse or neglect. Child protective services includes referral to services to ameliorate conditions that endanger the welfare of children, the coordination of necessary programs and services relevant to the prevention, intervention, and treatment of child abuse and neglect, and services to children to ensure that each child has a permanent home. In determining whether protective services should be provided, the department shall not decline to provide such services solely because of the child's unwillingness or developmental inability to describe the nature and severity of the abuse or neglect.

(17) "Malice" or "maliciously" means an evil intent, wish, or design to vex, annoy, or injure another person. Such malice may be inferred from an act done in willful disregard of the rights of another, or an act wrongfully done without just cause or excuse, or an act or omission of duty betraying a willful disregard of social duty.

(18) "Sexually aggressive youth" means a child who is defined in RCW 74.13.075(1)(b) as being a sexually aggressive youth.

(19) "Unfounded" means available information indicates that, more likely than not, child abuse or neglect did not occur. No unfounded allegation of child abuse or neglect may be disclosed to a child-placing agency, private adoption agency, or any other provider licensed under chapter 74.15 RCW.

NEW SECTION  Sec. 6. A new section is added to chapter 26.44 RCW to read as follows:

(1) If the department, upon investigation of a report that a child has been abused or neglected as defined in this chapter, determines that the child has been subject to negligent treatment or maltreatment, the department may offer services to the child's parents, guardians, or legal custodians to: (a) Ameliorate the conditions that endangered the welfare of the child; or (b) address or treat the effects of mistreatment or neglect upon the child.

(2) When evaluating whether the child has been subject to negligent treatment or maltreatment, evidence of a parent's substance abuse as a contributing factor to a parent's failure to provide for a child's basic health, welfare, or safety shall be given great weight.

(3) If the child's parents, guardians, or legal custodians are available and willing to participate on a voluntary basis in in-home services, and the department determines that in-home services on a voluntary basis are appropriate for the family, the department may offer such services.

(4) In cases where the department has offered appropriate and reasonable services under subsection (1) of this section, and the parents, guardians, or legal custodians refuse to accept or fail to obtain available and appropriate treatment or services, or are unable or unwilling to participate in or successfully and substantially complete the treatment or services identified by the department, the department may initiate a dependency proceeding under chapter 13.34 RCW on the basis that the negligent treatment or maltreatment by the parent, guardian, or legal custodian constitutes neglect. When evaluating whether to initiate a
dependency proceeding on this basis, the evidence of a parent's substance abuse as a contributing factor to the negligent treatment or maltreatment shall be given great weight.

(5) Nothing in this section precludes the department from filing a dependency petition as provided in chapter 13.34 RCW if it determines that such action is necessary to protect the child from abuse or neglect.

(6) Nothing in this section shall be construed to create in any person an entitlement to services or financial assistance in paying for services or to create judicial authority to order the provision of services to any person or family if the services are unavailable or unsuitable or if the child or family is not eligible for such services.

Sec. 7. RCW 74.13.031 and 2004 c 183 s 3 are each amended to read as follows:
The department shall have the duty to provide child welfare services and shall:

(1) Develop, administer, supervise, and monitor a coordinated and comprehensive plan that establishes, aids, and strengthens services for the protection and care of runaway, dependent, or neglected children.

(2) Within available resources, recruit an adequate number of prospective adoptive and foster homes, both regular and specialized, i.e. homes for children of ethnic minority, including Indian homes for Indian children, sibling groups, handicapped and emotionally disturbed, teens, pregnant and parenting teens, and annually report to the governor and the legislature concerning the department's success in: (a) Meeting the need for adoptive and foster home placements; (b) reducing the foster parent turnover rate; (c) completing home studies for legally free children; and (d) implementing and operating the passport program required by RCW 74.13.285. The report shall include a section entitled "Foster Home Turn-Over, Causes and Recommendations."

(3)(a) Investigate (complaints of any recent act or failure to act) any reports of child abuse or neglect, as defined in chapter 26.44 RCW, on the part of a parent, guardian, or legal custodian of the child, member of the household of such persons, an agency providing care to the child as defined in chapter 74.15 RCW, or other caretaker (that) of the child who is serving in place of the parent if the child abuse or neglect results in death, serious physical or emotional harm, or sexual abuse or exploitation, or that presents an imminent risk of serious harm (and on the basis of the findings of such investigation, order).

Evidence of a parent's substance abuse as a contributing factor to the alleged abuse or neglect shall be considered to present an imminent risk of serious harm to the child.

(b) Offer child welfare services (in relation to the problem to such), where warranted, to parents, legal custodians, or persons serving (loco parentis) the place of the parent, (and/or) bring the situation to the attention of an appropriate court, or another community agency (provided, that), including the appropriate law enforcement agency if the investigation reveals that a crime against a child may have been committed. However, an investigation is not required of nonaccidental injuries which are clearly not the result of a lack of care or supervision by the child's parents, legal custodians, or persons serving (loco parentis) the place of the parent. (If the investigation reveals that a crime against a child may have been committed, the department shall notify the appropriate law enforcement agency.)

(4) Offer, on a voluntary basis, family reconciliation services to families who are in conflict.

(5) Monitor out-of-home placements, on a timely and routine basis, to assure the safety, well-being, and quality of care being provided is within the scope of the intent of the legislature as defined in RCW 74.13.010 and 74.15.010, and annually submit a report measuring the extent to which the department achieved the specified goals to the governor and the legislature.

(6) Have authority to accept custody of children from parents and to accept custody of children from juvenile courts, where authorized to do so under law, to provide child welfare services including placement for adoption, and to provide for the physical care of such children and make payment of maintenance costs if needed. Except where required by Public Law 95-608 (25 U.S.C. Sec. 1915), no private adoption agency which receives children for adoption from the department shall discriminate on the basis of race, creed, or color when considering applications in their placement for adoption.

(7) Have authority to provide temporary shelter to children who have run away from home and who are admitted to crisis residential centers.

(8) Have authority to purchase care for children; and shall follow in general the policy of using properly approved private agency services for the actual care and supervision of such children insofar as they are available, paying for care of such children as are accepted by the department as eligible for support at reasonable rates established by the department.

(9) Establish a children's services advisory committee which shall assist the secretary in the development of a partnership plan for utilizing resources of the public and private sectors, and advise on all matters pertaining to child welfare, licensing of child care agencies, adoption, and services related thereto. At least one member shall represent the adoption community.

(10) Have authority to provide continued foster care or group care for individuals from eighteen through twenty years of age to enable them to complete their high school or vocational school program.
(11) Refer cases to the division of child support whenever state or federal funds are expended for the care and maintenance of a child, including a child with a developmental disability who is placed as a result of an action under chapter 13.34 RCW, unless the department finds that there is good cause not to pursue collection of child support against the parent or parents of the child.

(12) Have authority within funds appropriated for foster care services to purchase care for Indian children who are in the custody of a federally recognized Indian tribe or tribally licensed child-placing agency pursuant to parental consent, tribal court order, or state juvenile court order; and the purchase of such care shall be subject to the same eligibility standards and rates of support applicable to other children for whom the department purchases care.

Notwithstanding any other provision of RCW 13.32A.170 through 13.32A.200 and 74.13.032 through 74.13.036, or of this section all services to be provided by the department of social and health services under subsections (4), (6), and (7) of this section, subject to the limitations of these subsections, may be provided by any program offering such services funded pursuant to Titles II and III of the federal juvenile justice and delinquency prevention act of 1974.

(13) Within amounts appropriated for this specific purpose, provide preventive services to families with children that prevent or shorten the duration of an out-of-home placement.

(14) Have authority to provide independent living services to youths, including individuals eighteen through twenty years of age, who are or have been in foster care.

NEW SECTION. Sec. 8. The legislature recognizes that the fiscal and workload impact of this act may not be fully determined until after it is implemented and that such impact may further be affected by the funding or availability of community-based prevention and remedial services. For that reason, the department of social and health services shall report on the implementation of this act to the appropriate legislative committees and the governor by December 1, 2006. The report shall include information regarding any change over previous years in the number and type of child abuse and neglect referrals received and investigations conducted, any change in in-home and out-of-home dependency placements and/or filings, any increased service costs, barriers to implementation, and an assessment of the fiscal and workload impact on the department. Such information shall be reviewed by the legislature for possible amendment of this act or additional allocation of resources to the department for implementation purposes.

Sec. 9. RCW 13.34.050 and 2000 c 122 s 3 are each amended to read as follows:

(1) The court may enter an order directing a law enforcement officer, probation counselor, or child protective services official to take a child into custody if: (a) A petition is filed with the juvenile court alleging that the child is dependent and that the child's health, safety, and welfare will be seriously endangered if not taken into custody; (b) an affidavit or declaration is filed by the department in support of the petition setting forth specific factual information evidencing reasonable grounds that the child's health, safety, and welfare will be seriously endangered if not taken into custody and at least one of the grounds set forth demonstrates a risk of imminent harm to the child. "Imminent harm" for purposes of this section shall include, but not be limited to, circumstances of sexual abuse, sexual exploitation as defined in RCW 26.44.020, and a parent's failure to perform basic parental functions, obligations, and duties as the result of substance abuse; and (c) the court finds reasonable grounds to believe the child is dependent and that the child's health, safety, and welfare will be seriously endangered if not taken into custody.

(2) Any petition that does not have the necessary affidavit or declaration demonstrating a risk of imminent harm requires that the parents are provided notice and an opportunity to be heard before the order may be entered.

(3) The petition and supporting documentation must be served on the parent, and if the child is in custody at the time the child is removed, on the entity with custody other than the parent. Failure to effect service does not invalidate the petition if service was attempted and the parent could not be found.

NEW SECTION. Sec. 10. This act takes effect July 1, 2006.

NEW SECTION. Sec. 11. This act may be known and cited as the Justice and Raiden Act.”

SECOND READING

ENGROSSED SENATE BILL NO. 5513, By Senators Haugen, Shin, Kohl-Welles, Rasmussen, Fairley and Prentice

Restructuring certain transportation agencies.

Representative Murray moved the adoption of amendment (588):
 Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that it is in the interest of the state to restructure the roles and responsibilities of the state's transportation agencies in order to improve efficiency and accountability. The legislature also finds that continued citizen oversight of the state's transportation system remains an important priority. To achieve these purposes, the legislature intends to provide direct accountability of the department of transportation to the governor, in his or her role as chief executive officer of state government, by making the secretary of transportation a cabinet-level official. Additionally, it is essential to clearly delineate between the separate and distinct roles and responsibilities of the executive and legislative branches of government. The role of executive is to oversee the implementation of transportation programs, while the legislature reserves to itself the role of policymaking. Finally, consolidating public outreach and auditing of the state's transportation agencies under a single citizen-governed entity, the transportation commission, will provide the public with information about the performance of the transportation system and an avenue for direct participation in its oversight.

Departmental Governance

The director of fish and wildlife shall be appointed by the fish and wildlife commission as prescribed by RCW 77.04.055.

(3) Each member of the commission shall be compensated in accordance with RCW 43.03.250 and shall be reimbursed for actual necessary traveling and other expenses in going to, attending, and returning from meetings of the commission, and actual and necessary traveling and other expenses incurred in the discharge of such duties as may be requested by a majority vote of the commission or by the secretary of transportation, but in no event shall a commissioner be compensated in any year for more than one hundred twenty days, except the chairman of the commission who may be paid compensation for not more than one hundred fifty days. Service on the commission shall not be considered as service credit for the purposes of any retirement system.
(4) Each member of the commission shall disclose any actual or potential conflict of interest, if applicable under the circumstance, regarding any commission business.

Sec. 5. RCW 47.01.071 and 1981 c 59 s 2 are each amended to read as follows:

The transportation commission shall have the following functions, powers, and duties:

To exercise such other specific powers and duties as may be vested in the transportation commission by this or any other provision of law.

NEW SECTION. Sec. 6. A new section is added to chapter 47.01 RCW to read as follows:

(1) The transportation commission shall provide a forum for the development of transportation policy in Washington state. It may recommend to the secretary of transportation, the governor, and the legislature means for obtaining appropriate citizen and professional involvement in all transportation policy formulation and other matters related to the powers and duties of the department. It may further hold hearings and explore ways to improve the mobility of the citizenry. At least every five years, the commission shall convene regional forums to gather citizen input on transportation issues.

(2) Every two years, in coordination with the development of the state biennial budget, the commission shall prepare the statewide multimodal transportation progress report that outlines the transportation priorities of the ensuing biennium. The report must:

(a) Consider the citizen input gathered at the forums;
(b) Be developed with the assistance of state transportation-related agencies and organizations;
(c) Be developed with the input from state, local, and regional jurisdictions, transportation service providers, and key transportation stakeholders;
(d) Be considered by the secretary of transportation and other state transportation-related agencies in preparing proposed agency budgets and executive request legislation;

(c) Transportation infrastructure needs;
(d) Promoting best practices for adoption and use by transportation-related agencies and programs;
(e) Transportation efficiencies that will improve service delivery and/or coordination;
(f) Improved planning and coordination among transportation agencies and providers; and
(g) Use of intelligent transportation systems and other technology-based solutions.

Sec. 7. RCW 47.01.101 and 1987 c 505 s 48 and 1987 c 179 s 1 are each reenacted and amended to read as follows:

The secretary shall have the authority and it shall be his or her duty((subject to policy guidance from the commission)):

(9) To advise the governor and the legislature with respect to matters under the jurisdiction of the department; and

(10) To exercise all other powers and perform all other duties as are now or hereafter provided by law.

Sec. 8. RCW 47.05.021 and 2002 c 56 s 301 are each amended to read as follows:

(1) The (transportation commission is hereby directed to) department shall conduct periodic analyses of the entire state highway system, report (thereon) to the commission and the chairs of the transportation committees of the senate and house of representatives, (including one copy to the staff of each of the committees, biennially and based thereon) any subsequent recommendations to subdivide, classify, and subclassify (according to their function and importance) all designated state highways (and those added from time to time and periodically review and revise the classifications) into the following three functional classes:

(a) The "principal arterial system" shall consist of a connected network of rural arterial routes with appropriate extensions into and through urban areas, including all routes designated as part of the interstate system, which serve corridor movements having travel characteristics indicative of substantial statewide and interstate travel;

(b) The "minor arterial system" shall, in conjunction with the principal arterial system, form a rural network of arterial routes linking cities and other activity centers which generate long distance travel, and, with appropriate extensions into and through urban areas, form an integrated network providing interstate and interregional service; and

(c) The "collector system" shall consist of routes which primarily serve the more important intercounty, intracounty, and intraurban travel corridors, collect traffic from the system of local access roads and convey it to the arterial system, and on which, regardless of traffic volume, the predominant travel distances are shorter than on arterial routes.

(2) (In making the functional classification) The transportation commission shall adopt (and) a functional classification of highways. The commission shall consider the recommendations of the department and testimony from the public and local municipalities. The commission shall give consideration to criteria consistent with this section and federal regulations relating to the functional classification of highways, including but not limited to the following:

(a) Urban population centers within and without the state stratified and ranked according to size;

(b) Important traffic generating economic activities, including but not limited to recreation, agriculture, government, business, and industry;

(c) Feasibility of the route, including availability of alternate routes within and without the state;

(d) Directness of travel and distance between points of economic importance;

(e) Length of trips;

(f) Character and volume of traffic;

(g) Preferential consideration for multiple service which shall include public transportation;

(h) Reasonable spacing depending upon population density; and

(i) System continuity.

(3) The transportation commission or the legislature shall designate state highways of statewide significance under RCW 47.06.140. If the commission designates a state highway of statewide significance, it shall submit a list of such facilities for adoption by the legislature. This statewide system shall include at a minimum interstate highways and other statewide principal arterials that are needed to connect major communities across the state and support the state's economy.

(4) The transportation commission shall designate a freight and goods transportation system. This statewide system shall include state highways, county roads, and city streets. The commission, in cooperation with cities and counties, shall review and make recommendations to the legislature regarding policies governing weight restrictions and road closures which affect the transportation of freight and goods.

Sec. 9. RCW 47.05.030 and 2002 c 5 s 402 are each amended to read as follows:

The transportation commission shall adopt a comprehensive (six-year) ten-year investment program specifying program objectives and performance measures for the preservation and improvement programs defined in this section. The adopted ten-year investment program must be forwarded as a recommendation to the governor and the legislature. In the specification of investment program objectives and performance measures, the transportation commission, in consultation with
the Washington state department of transportation, shall define and adopt standards for effective programming and prioritization practices including a needs analysis process. The analysis process must ensure the identification of problems and deficiencies, the evaluation of alternative solutions and trade-offs, and estimations of the costs and benefits of prospective projects. The investment program must be revised (biennially, effective on July 1st of odd numbered years) based on directions by the office of financial management. The investment program must be based upon the needs identified in the state-owned highway component of the statewide transportation plan as defined in RCW 47.01.071(3).

1. The preservation program consists of those investments necessary to preserve the existing state highway system and to restore existing safety features, giving consideration to lowest life cycle costing. The preservation program must require use of the most cost-effective pavement surfaces, considering:
   (a) Life-cycle cost analysis;
   (b) Traffic volume;
   (c) Subgrade soil conditions;
   (d) Environmental and weather conditions;
   (e) Materials available; and
   (f) Construction factors.

The comprehensive ((six-year)) ten-year investment program for preservation must identify projects for two years and an investment plan for the remaining ((four)) eight years.

2. The improvement program consists of investments needed to address identified deficiencies on the state highway system to increase mobility, address congestion, and improve safety, support for the economy, and protection of the environment. The ((six-year)) ten-year investment program for improvements must identify projects for two years and major deficiencies proposed to be addressed in the ((six-year)) ten-year period giving consideration to relative benefits and life cycle costing. The transportation commission shall give higher priority for correcting identified deficiencies on those facilities classified as facilities of statewide significance as defined in RCW 47.06.140. Project prioritization must be based primarily upon cost-benefit analysis, where appropriate.

The transportation commission shall approve and present the comprehensive ((six-year)) ten-year investment program to the governor and the legislature ((in support of the biennial budget request under RCW 44.40.070 and 44.40.080)) as directed by the office of financial management.

Sec. 10. RCW 47.05.035 and 2002 c 5 s 403 are each amended to read as follows:

1. The department ((and the commission)) shall use the transportation demand modeling tools developed under subsection (2) of this section to evaluate investments based on the best mode or improvement, or mix of modes and improvements, to meet current and future long-term demand within a corridor or system for the lowest cost. The end result of these demand modeling tools is to provide a cost-benefit analysis by which the department ((and the commission)) can determine the relative mobility improvement and congestion relief each mode or improvement under consideration will provide and the relative investment each mode or improvement under consideration will need to achieve that relief.

2. The department will participate in the refinement, enhancement, and application of existing transportation demand modeling tools to be used to evaluate investments. This participation and use of transportation demand modeling tools will be phased in.

3. In developing program objectives and performance measures, the ((transportation commission)) department shall evaluate investment trade-offs between the preservation and improvement programs. In making these investment trade-offs, the ((commission)) department shall evaluate, using cost-benefit techniques, roadway and bridge maintenance activities as compared to roadway and bridge preservation program activities and adjust those programs accordingly.

4. The ((commission)) department shall allocate the estimated revenue between preservation and improvement programs giving primary consideration to the following factors:
   (a) The relative needs in each of the programs and the system performance levels that can be achieved by meeting these needs;
   (b) The need to provide adequate funding for preservation to protect the state's investment in its existing highway system;
   (c) The continuity of future transportation development with those improvements previously programmed; and
   (d) The availability of dedicated funds for a specific type of work.

5. The commission shall review the results of the department's findings and shall consider those findings in the development of the ten-year program.

Sec. 11. RCW 47.05.051 and 2002 c 189 s 3 are each amended to read as follows:
(1) The comprehensive ((six-year)) ten-year investment program shall be based upon the needs identified in the state-owned highway component of the statewide multimodal transportation plan as defined in RCW 47.01.071((3)) (4) and priority selection systems that incorporate the following criteria:

(a) Priority programming for the preservation program shall take into account the following, not necessarily in order of importance:

(i) Extending the service life of the existing highway system, including using the most cost-effective pavement surfaces, considering:
   (A) Life-cycle cost analysis;
   (B) Traffic volume;
   (C) Subgrade soil conditions;
   (D) Environmental and weather conditions;
   (E) Materials available; and
   (F) Construction factors;

(ii) Ensuring the structural ability to carry loads imposed upon highways and bridges; and

(iii) Minimizing life cycle costs. The transportation commission in carrying out the provisions of this section may delegate to the department of transportation the authority to select preservation projects to be included in the ((six-year)) ten-year program.

(b) Priority programming for the improvement program must be based primarily upon the following, not necessarily in order of importance:

(i) Traffic congestion, delay, and accidents;

(ii) Location within a heavily traveled transportation corridor;

(iii) Except for projects in cities having a population of less than five thousand persons, synchronization with other potential transportation projects, including transit and multimodal projects, within the heavily traveled corridor; and

(iv) Use of benefit/cost analysis wherever feasible to determine the value of the proposed project.

(c) Priority programming for the improvement program may also take into account:

(i) Support for the state's economy, including job creation and job preservation;

(ii) The cost-effective movement of people and goods;

(iii) Accident and accident risk reduction;

(iv) Protection of the state's natural environment;

(v) Continuity and systematic development of the highway transportation network;

(vi) Consistency with local comprehensive plans developed under chapter 36.70A RCW including the following if they have been included in the comprehensive plan:
   (A) Support for development in and revitalization of existing downtowns;
   (B) Extent that development implements local comprehensive plans for rural and urban residential and nonresidential densities;
   (C) Extent of compact, transit-oriented development for rural and urban residential and nonresidential densities;
   (D) Opportunities for multimodal transportation; and
   (E) Extent to which the project accommodates planned growth and economic development;
   (vii) Consistency with regional transportation plans developed under chapter 47.80 RCW;
   (viii) Public views concerning proposed improvements;
   (ix) The conservation of energy resources;
   (x) Feasibility of financing the full proposed improvement;
   (xi) Commitments established in previous legislative sessions;
   (xii) Relative costs and benefits of candidate programs.

(d) Major projects addressing capacity deficiencies which prioritize allowing for preliminary engineering shall be reprioritized during the succeeding biennium, based upon updated project data. Reprioritized projects may be delayed or canceled by the transportation commission if higher priority projects are awaiting funding.

(e) Major project approvals which significantly increase a project's scope or cost from original prioritization estimates shall include a review of the project's estimated revised priority rank and the level of funding provided. Projects may be delayed or canceled by the transportation commission if higher priority projects are awaiting funding.

(2) The commission may depart from the priority programming established under subsection (1) of this section: (a) To the extent that otherwise funds cannot be utilized feasibly within the program; (b) as may be required by a court judgment, legally binding agreement, or state and federal laws and regulations; (c) as may be required to coordinate with federal, local, or other state agency construction projects; (d) to take advantage of some substantial financial benefit that may be available; (e) for
continuity of route development; or (f) because of changed financial or physical conditions of an unforeseen or emergent nature. The commission or secretary of transportation shall maintain in its files information sufficient to show the extent to which the commission has departed from the established priority.

(3) The commission shall identify those projects that yield freight mobility benefits or that alleviate the impacts of freight mobility upon affected communities.

**Joint Transportation Committee**

**NEW SECTION.** Sec. 12. The joint transportation committee is created. The executive committee of the joint committee consists of the chairs and ranking members of the house and senate transportation committees. The chairs of the house and senate transportation committees shall serve as cochairs of the joint committee. All members of the house and senate standing committees on transportation are eligible for membership of the joint committee and shall serve when appointed by the executive committee.

The joint transportation committee shall review and research transportation programs and issues in order to educate and promote the dissemination of transportation research to state and local government policymakers, including legislators and associated staff. All four members of the executive committee shall approve the annual work plan. Membership of the committee may vary depending on the subject matter of oversight and research projects. The committee may also make recommendations for functional or performance audits to the transportation performance audit board.

The executive committee shall adopt rules and procedures for its operations.

**NEW SECTION.** Sec. 13. The members of the joint transportation committee will receive allowances while attending meetings of the committee or subcommittees and while engaged in other authorized business of the committees as provided in RCW 44.04.120. Subject to RCW 44.04.260, all expenses incurred by the committee must be paid upon voucher forms as provided by the office of financial management and signed by the cochairs of the joint committee, or their authorized designees, and the authority of the chair or vice chair to sign vouchers continues until their successors are selected. Vouchers may be drawn upon funds appropriated for the expenses of the committee.

**NEW SECTION.** Sec. 14. The joint transportation committee shall conduct a review of state level governance of transportation, with a focus on the appropriate roles of the separate branches of government. The committee shall review the statutory duties, roles, and functions of the transportation commission and the department. In that review the committee shall determine which responsibilities may be transferred to the executive and which may be transferred to the legislature. By December 15, 2005, the joint transportation committee shall make its recommendations to the house and senate transportation committees. The joint transportation committee shall consult with affected agencies and other stakeholders in conducting its analysis. The committee may consult with and retain private professional and technical experts as necessary to ensure an independent review and analysis.

**Transfers**

**NEW SECTION.** Sec. 15. (1)(a) All reports, documents, surveys, books, records, files, papers, or written material relating to the conduct of performance reviews and audits in the possession of the legislative transportation committee must be delivered to the custody of the transportation commission. Any remaining documents, books, records, files, papers, and written materials must be delivered to the custody of the joint transportation committee. All funds, credits, or other assets held by the legislative transportation committee for the purposes of staffing the transportation performance audit board are assigned to the transportation commission. Any remaining funds, credits, or other assets held by the legislative transportation committee are assigned to the joint transportation committee.

(b) If any question arises as to the transfer of any funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

(2) All employees of the legislative transportation committee are transferred to the jurisdiction of the transportation commission for the support of the transportation performance audit board. However, the commission may, if staffing needs warrant, assign the employees to other commission functions.

Sec. 17. RCW 44.75.030 and 2003 c 362 s 3 are each amended to read as follows:

(1) The transportation performance audit board is created.

(2) The board will consist of four legislative members, three citizen members with transportation-related expertise, two citizen members with performance measurement expertise, one member of the transportation commission, one ex officio nonvoting member, and one at large member. The legislative auditor is the ex officio nonvoting member. The majority and minority leaders of the house and senate transportation committees, or their designees, are the legislative members. The governor shall appoint the at large member to serve for a term of four years. The citizen members must be nominated by professional associations chosen by the board's legislative members and) appointed by the governor for terms of four years, except that at least half the initial appointments will be for terms of two years. The citizen members may not be currently, or within one year, employed by the Washington state department of transportation. The governor, when appointing the citizen members with transportation-related expertise, may consult with appropriate professional associations and shall consider the following transportation-related experiences:

(a) Construction project planning, including permitting and assuring regulatory compliance;

(b) Construction means and methods and construction management, drafting and implementing environmental mitigation plans, and administration;

(c) Construction engineering services, including construction management, materials testing, materials documentation, contractor payments, inspection, surveying, and project oversight;

(d) Project management, including design estimating, contract packaging, and procurement; and

(e) Transportation planning and congestion management.

(3) The governor may not remove members from the board before the expiration of their terms unless for cause based upon a determination of incapacity, incompetence, neglect of duty, of malfeasance in office by the Thurston county superior court, upon petition and show cause proceedings brought for that purpose in that court and directed to the board member in question.

(4) No member may be appointed for more than three consecutive terms.

Sec. 18. RCW 44.75.040 and 2003 c 362 s 4 are each amended to read as follows:

(2) Each member of the transportation performance audit board will be compensated from the general appropriation for the transportation (committee) commission in accordance with RCW 43.03.250 and reimbursed for actual necessary traveling and other expenses in going to, attending, and returning from meetings of the board or that are incurred in the discharge of duties requested by the chair. However, in no event may a board member be compensated in any year for more than one hundred twenty days, except the chair may be compensated for not more than one hundred fifty days. Service on the board does not qualify as a service credit for the purposes of a public retirement system.
Sec. 19. RCW 44.75.050 and 2003 c 362 s 5 are each amended to read as follows:

(1) The transportation performance audit board may review the performance and outcome measures of transportation-related agencies. The purpose of these reviews is to ensure that the legislature has the means to adequately and accurately assess the performance and outcomes of those agencies and departments. Where two or more agencies have shared responsibility for functions or priorities of government, these reviews can also determine whether effective interagency cooperation and collaboration occurs in areas such as program coordination, administrative structures, information systems, and administration of grants and loans.

(2) The board shall, as soon as practicable, conduct a review of the comprehensive ten-year investment program process, including the required criteria, under RCW 47.05.030 and 47.05.051.

(3) In conducting these reviews, the transportation performance audit board may work in consultation with the joint legislative audit and review committee, the office of financial management, and other state agencies.

Sec. 20. RCW 44.75.080 and 2003 c 362 s 8 are each amended to read as follows:

After reviewing the performance or outcome measures and benchmarks of an agency or department, or at any time it so determines, the transportation performance audit board shall recommend to the executive committee of the legislative transportation committee whether direct a full performance or functional audit of the agency or department, or a specific program within the agency or department, is appropriate. Upon the request of the legislative transportation committee or its executive committee, the joint legislative audit and review committee shall add the full performance or functional audit to its biennial performance audit work plan. If the request duplicates or overlaps audits already in the work plan, or was performed under the previous biennial work plan, the executive committee of the legislative transportation committee and the joint legislative audit and review committee shall meet to discuss and resolve the duplication or overlap.

Sec. 21. RCW 44.75.090 and 2003 c 362 s 9 are each amended to read as follows:

(1) To the greatest extent possible, and to the extent funds are appropriated, the board administrator shall, subject to board approval, contract with and consult with private independent professional and technical experts to optimize the independence of the reviews and performance audits. In determining the need to contract with private experts, the board administrator shall consider the degree of difficulty of the review or audit, the relative cost of contracting for expertise, and the need to maintain auditor independence from the subject agency or program. The board administrator may, subject to board approval, contract with the legislative auditor or state auditor to serve as the contract manager of the reviews and performance audits.

(2) After consultation with the executive committee of the legislative transportation committee on the appropriateness of costs, the board administrator shall reimburse the joint legislative audit and review committee or the legislative auditor for the costs of carrying out any requested performance audits, including the cost of contracts and consultant services.

(3) The executive committee of the legislative transportation committee must review and approve the methodology for performance audits recommended by the transportation performance audit board.

Sec. 22. RCW 44.75.100 and 2003 c 362 s 10 are each amended to read as follows:

(1) When the board has completed a performance audit, the board shall transmit the preliminary performance audit report to the affected state agency or local government and the office of financial management for comment. The agency or local
government and the office of financial management shall provide any response to the board within thirty days after receipt of the preliminary report unless a different time period is approved by the board. The board shall incorporate the response of the agency or local government and the office of financial management into the final performance audit report. The board may also include an addendum with board comments on the management of the audit.

(2) Before releasing the results of a performance audit originally requested by the joint transportation committee to the legislature or the public, the board administrator shall submit the preliminary performance audit report to the joint committee for review and comments solely on the management of the audit. Any comments by the joint committee must be included as a separate addendum to the final performance audit report.

(3) Completed performance audits must be presented to the transportation performance audit board ((and the legislative transportation committee)). Published performance audits must be made available to the public through the ((legislative transportation committee and the joint legislative audit and review committee's)) board's web site and through customary public communications. (b) Establish a model process and procedures which agencies shall follow in developing and implementing projects within their information technology portfolios. Agencies may propose, for approval by the department, a process and procedures unique to the agency. The director may terminate a major project if the director determines that the project is not meeting or is not expected to meet anticipated performance standards.

(a) Funding of a project under terms and conditions mutually agreed to by the director, the director of financial management, and the head of the agency proposing the project. However, the office of financial management may require incremental funding of a project on a phase-by-phase basis whereby funds for a given phase of a project may be released only when the office of financial management determines, with the advice of the department, that the previous phase is satisfactorily completed;

(b) Acceptance testing of products to assure that products perform satisfactorily before they are accepted and final payment is made; and

(c) Other elements deemed necessary by the office of financial management.

(3) The department shall evaluate projects based on the demonstrated business needs and benefits; cost; technology scope and feasibility; impact on the agency's information technology portfolio and on the statewide infrastructure; and final project implementation plan based upon available funding.

Copies of project evaluations conducted under this subsection shall be submitted to the office of financial management and the chairs, ranking minority members, and staff coordinators of the appropriations committees of the senate and house of representatives.

If there are projects that receive funding from a transportation fund or account, copies of those projects' evaluations conducted under this subsection must be submitted during the legislative session to the chairs and ranking minority members of the transportation committees of the senate and the house of representatives. (During the legislative interim, the project evaluations must be submitted to the legislative transportation committee.)

The legislative auditor shall incorporate the response of the agency or local government and the office of financial management into the final performance audit report.

(2) Except as provided in subsection (3) of this section, before releasing the results of a performance audit to the legislature or the public, the legislative auditor shall submit the preliminary performance audit report to the joint committee for its review, comments, and final recommendations. Any comments by the joint committee must be included as a separate addendum to the final performance audit report. Upon consideration and incorporation of the review, comments, and recommendations of the joint committee, the legislative auditor shall transmit the final performance audit report to the affected agency or local government, the director of financial management, the leadership of the senate and the house of representatives, and the appropriate standing committees of the house of representatives and the senate and shall publish the results and make the report available to the public. Federal funds that are administered by the department of transportation and are passed through to municipal corporations or political subdivisions of the state and moneys that are received as total reimbursement for goods, services, or projects constructed by the department of transportation are removed from the transportation budget. To process and account for these expenditures a new treasury trust account is created to be used for all department of transportation one hundred percent federal and local reimbursable transportation expenditures. This new account is nonbudgeted and nonappropriated. At the same time, federal and private local appropriations and full-time equivalents in subprograms R2, R3, T6, Y6, and Z2 processed through this new account are removed from the department of transportation’s 1997-99 budget.

The department of transportation may make expenditures from the account before receiving federal and local reimbursements. However, at the end of each biennium, the account must maintain a zero or positive cash balance. In the twenty-fourth month of each biennium the department of transportation shall calculate and transfer sufficient cash from either the motor vehicle fund or the multimodal transportation account to cover any negative cash balances. The amount transferred is calculated based on expenditures from each fund. In addition, any interest charges accruing to the new account must be distributed to the motor vehicle fund and the multimodal transportation account.

The department of transportation shall provide an annual report to the legislative senate and house transportation committees and the office of financial management on expenditures and full-time equivalents processed through the new account. The report must also include recommendations for process changes, if needed.

(b) Local transportation projects for which the department is a conduit for federal reimbursement to a municipal corporation or political subdivision; or
(c) Other reimbursable activities as recommended by the legislative senate and house transportation committees and approved by the office of financial management.

(3) Moneys received as reimbursement for expenditures under subsection (2) of this section must be deposited into the account.

(4) No appropriation is required for expenditures from this account. This fund is not subject to allotment procedures provided under chapter 43.88 RCW.

(5) Only the secretary of transportation or the secretary's designee may authorize expenditures from the account.

(6) It is the intent of the legislature that this account maintain a zero or positive cash balance at the end of each biennium. Toward this purpose the department may make expenditures from the account before receiving reimbursements under subsection (2) of this section. Before the end of the biennium, the department shall transfer sufficient cash to cover any negative cash balances from the motor vehicle fund and the multimodal transportation account to the miscellaneous transportation programs account for unrecovered reimbursements. The department shall calculate the distribution of this transfer based on expenditures. In the ensuing biennium the department shall transfer the reimbursements received in the miscellaneous transportation programs account back to the motor vehicle fund and the multimodal transportation account to the extent of the cash transferred at biennium end. The department shall also distribute any interest charges accruing to the miscellaneous transportation programs account to the motor vehicle fund and the multimodal transportation account. Adjustments for any indirect cost recoveries may also be made at this time.

(7) The department shall provide an annual report to the legislative senate and house transportation committees and the office of financial management on the expenditures and full-time equivalents processed through the miscellaneous transportation programs account. The report must also include recommendations for changes to the process, if needed.

(2) Identifies the goals for public transit and the roles of federal, state, regional, and local entities in achieving those goals;
(3) Recommends mechanisms for coordinating state, regional, and local planning for public transportation;
(4) Recommends mechanisms for coordinating public transportation with other transportation services and modes;
(5) Recommends criteria, consistent with the goals identified in subsection (2) of this section and with RCW 82.44.180 (2) and (3), for existing federal authorizations administered by the department to transit agencies; and
(6) Recommends a statewide public transportation facilities and equipment management system as required by federal law.

In developing the state public transportation plan, the department shall involve local jurisdictions, public and private providers of transportation services, nonmotorized interests, and state agencies with an interest in public transportation, including but not limited to the departments of community, trade, and economic development, social and health services, and ecology, the office of the superintendent of public instruction, the office of the governor, and the office of financial management.

The department shall submit (an initial report) to the legislative senate and house transportation committees by December 1, 1992, and shall provide annual reports summarizing the plan's progress (each year thereafter).

(c) Review and evaluate project applications based on criteria established under this section, and prioritize and select projects comprising a portfolio to be funded in part with grants from state funds appropriated for the freight mobility strategic investment program. In determining the appropriate level of state funding for a project, the board shall ensure that state funds are allocated to leverage the greatest amount of partnership funding possible. After selecting projects comprising the portfolio, the
board shall submit them as part of its budget request to the office of financial management and the legislature. The board shall ensure that projects submitted as part of the portfolio are not more appropriately funded with other federal, state, or local government funding mechanisms or programs. The board shall reject those projects that appear to improve overall general mobility with limited enhancement for freight mobility.

The board shall provide periodic progress reports on its activities to the office of financial management and the legislative senate and house transportation committees.

(2) The board may:
(a) Accept from any state or federal agency, loans or grants for the financing of any transportation project and enter into agreements with any such agency concerning the loans or grants;
(b) Provide technical assistance to project applicants;
(c) Accept any gifts, grants, or loans of funds, property, or financial, or other aid in any form from any other source on any terms and conditions which are not in conflict with this chapter;
(d) Adopt rules under chapter 34.05 RCW as necessary to carry out the purposes of this chapter; and
(e) Do all things necessary or convenient to carry out the powers expressly granted or implied under this chapter.

(3) The board shall designate strategic freight corridors within the state. The board shall update the list of designated strategic corridors not less than every two years, and shall establish a method of collecting and verifying data, including information on city and county-owned roadways.

(4) ((From June 11, 1998, through the biennium ending June 30, 2001.)) The board shall utilize threshold project eligibility criteria that, at a minimum, includes the following:

(b) The project must meet one of the following conditions:
   (i) It is primarily aimed at reducing identified barriers to freight movement with only incidental benefits to general or personal mobility; or
   (ii) It is primarily aimed at increasing capacity for the movement of freight with only incidental benefits to general or personal mobility; or
   (iii) It is primarily aimed at mitigating the impact on communities of increasing freight movement, including roadway/railway conflicts; and
(c) The project must have a total public benefit/total public cost ratio of equal to or greater than one.

(5) From June 11, 1998, through the biennium ending June 30, 2001, the board shall use the multicriteria analysis and scoring framework for evaluating and ranking eligible freight mobility and freight mitigation projects developed by the freight mobility project prioritization committee and contained in the January 16, 1998, report entitled “Project Eligibility, Priority and Selection Process for a Strategic Freight Investment Program.” The prioritization process shall measure the degree to which projects address important program objectives and shall generate a project score that reflects a project’s priority compared to other projects. The board shall assign scoring points to each criterion that indicate the relative importance of the criterion in the overall determination of project priority. After June 30, 2001, the board may supplement and refine the initial project priority criteria and scoring framework developed by the freight mobility project prioritization committee as expertise and experience is gained in administering the freight mobility program.

(6) It is the intent of the legislature that each freight mobility project contained in the project portfolio submitted by the board utilize the greatest amount of nonstate funding possible. The board shall adopt rules that give preference to projects that contain the greatest levels of financial participation from nonprogram fund sources. The board shall consider twenty percent as the minimum partnership contribution, but shall also ensure that there are provisions allowing exceptions for projects that are located in areas where minimal local funding capacity exists or where the magnitude of the project makes the adopted partnership contribution financially unfeasible.

(7) The board shall develop and recommend policies that address operational improvements that primarily benefit and enhance freight movement, including, but not limited to, policies that reduce congestion in truck lanes at border crossings and weigh stations and provide for access to ports during nonpeak hours.

Sec. 126. RCW 47.10.790 and 1985 c 406 s 1 are each amended to read as follows:

Sec. 129. RCW 47.17.850 and 1984 c 7 s 139 are each amended to read as follows:
A state highway to be known as state route number 906 is established as follows:
Beginning at a junction with state route number 90 at the West Summit interchange of Snoqualmie Pass, thence along the alignment of the state route number 90 as it existed on May 11, 1967, in a southeasterly direction to a junction with state route number 90 at the Hyak interchange.
((The legislative transportation committee, the house and senate transportation committees, and the department shall undertake appropriate studies to evaluate state route number 906 to determine whether or not it should permanently remain on the state system.))

Sec. 130. RCW 47.26.167 and 1991 c 342 s 62 are each amended to read as follows:
The legislature recognizes the need for a multijurisdictional body to review future requests for jurisdictional transfers. The board is hereby directed, beginning September 1, 1991, to receive petitions from cities, counties, or the state requesting any addition or deletion from the state highway system. The board is required to utilize the criteria established in RCW 47.17.001 in evaluating petitions and to adopt rules for implementation of this process. The board shall forward to the senate and house transportation committees by November 15 each year any recommended jurisdictional transfers.

Sec. 131. RCW 47.26.170 and 1994 c 179 s 16 are each amended to read as follows:
Each county having within its boundaries an urban area and cities and towns shall prepare and submit to the transportation improvement board arterial inventory data required to determine the long-range arterial construction needs. The counties, cities, and towns shall revise the arterial inventory data every four years to show the current arterial construction needs through the advanced planning period, and as revised shall submit them to the transportation improvement board during the first week of January every four years beginning in 1996. The inventory data shall be prepared pursuant to guidelines established by the transportation improvement board. As information is updated, it shall be made available to the commission ((and the legislative transportation committee)).

Sec. 132. RCW 47.46.030 and 2002 c 114 s 3 are each amended to read as follows:
(1) The secretary or a designee shall solicit proposals from, and negotiate and enter into agreements with, private entities to undertake as appropriate, together with the department and other public entities, all or a portion of the study, planning, design, construction, operation, and maintenance of transportation systems and facilities, using in whole or in part public or private sources of financing.

The public-private initiatives program may develop up to six demonstration projects. Each proposal shall be weighed on its own merits, and each of the six agreements shall be negotiated individually, and as a stand-alone project.

(2) If project proposals selected prior to September 1, 1994, are terminated by the public or private sectors, the department shall not select any new projects, including project proposals submitted to the department prior to September 1, 1994, and designated by the transportation commission as placeholder projects, after June 16, 1995, until June 30, 1997.

The department, in consultation with the legislative transportation committee, shall conduct a program and fiscal audit of the public-private initiatives program for the biennium ending June 30, 1997. The department shall submit a progress report to the legislative transportation committee on the program and fiscal audit by June 30, 1996, with preliminary and final audit reports due December 1, 1996, and June 30, 1997, respectively.
The department shall develop and submit a proposed public involvement plan to the 1997 legislature to identify the process for selecting new potential projects and the associated costs of implementing the plan. The legislature must adopt the public involvement plan before the department may proceed with any activity related to project identification and selection. Following legislative adoption of the public involvement plan, the department is authorized to implement the plan and to identify potential new projects.

The public involvement plan for projects selected after June 30, 1997, shall, at a minimum, identify projects that: (a) Have the potential of achieving overall public support among users of the projects, residents of communities in the vicinity of the projects, and residents of communities impacted by the projects; (b) meet a state transportation need; (c) provide a significant state benefit; and (d) provide competition among proposers and maximum cost benefits to users. Prospective projects may include projects identified by the department or submitted by the private sector.

Projects that meet the minimum criteria established under this section and the requirements of the public involvement plan developed by the department and approved by the legislature shall be submitted to the Washington state transportation commission for its review. (The commission in turn, shall submit a list of eligible projects to the legislative transportation committee for its consideration.) Forty-five days after the submission to the ((legislative transportation committee)) commission of the list of eligible projects, the secretary is authorized to solicit proposals for the eligible project.

(3) Prior to entering into agreements with private entities under the requirements of RCW 47.46.040 for any project proposal selected before September 1, 1994, or after June 30, 1997, except as provided for in subsections (((11))) (12) and (((12))) (12) of this section, the department shall require an advisory vote as provided under subsections (5) through (((12))) (9) of this section.

(4) The advisory vote shall apply to project proposals selected prior to September 1, 1994, or after June 30, 1997, that receive public opposition as demonstrated by the submission to the department of original petitions bearing at least five thousand signatures of individuals opposing the project collected and submitted in accordance with the dates established in subsections (((11))) (11) and (((12))) (12) of this section. The advisory vote shall be on the preferred alternative identified under the requirements of chapter 43.21C RCW and, if applicable, the national environmental policy act, 42 U.S.C. 4321 et seq. The execution by the department of the advisory vote process established in this section is subject to the prior appropriation of funds by the legislature for the purpose of conducting environmental impact studies, a public involvement program, local involvement committee activities, traffic and economic impact analyses, engineering and technical studies, and the advisory vote.

(5) In preparing for the advisory vote, the department shall conduct a comprehensive analysis of traffic patterns and economic impact to define the geographical boundary of the project area that is affected by the imposition of tolls or user fees authorized under this chapter. The area so defined is referred to in this section as the affected project area. In defining the affected project area, the department shall, at a minimum, undertake: (a) A comparison of the estimated percentage of residents of communities in the vicinity of the project and in other communities impacted by the project who could be subject to tolls or user fees and the estimated percentage of other users and transient traffic that could be subject to tolls or user fees; (b) an analysis of the anticipated traffic diversion patterns; (c) an analysis of the potential economic impact resulting from proposed toll rates or user fee rates imposed on residents, commercial traffic, and commercial entities in communities in the vicinity of and impacted by the project; (d) an analysis of the economic impact of tolls or user fees on the price of goods and services generally; and (e) an analysis of the relationship of the project to state transportation needs and benefits.

(6)(a) After determining the definition of the affected project area, the department shall establish a committee comprised of individuals who represent cities and counties in the affected project area; organizations formed to support or oppose the project; and users of the project. The committee shall be named the public-private local involvement committee, and be known as the local involvement committee.

(b) The members of the local involvement committee shall be: (i) An elected official from each city within the affected project area; (ii) an elected official from each county within the affected project area; (iii) two persons from each county within the affected project area who represent an organization formed in support of the project, if the organization exists; (iv) two persons from each county within the affected project area who represent an organization formed to oppose the project, if the organization exists; and (v) four public members active in a statewide transportation organization. If the committee makeup results in an even number of committee members, there shall be an additional appointment of an elected official from the county in which all, or the greatest portion of the project is located.

(c) City and county elected officials shall be appointed by a majority of the members of the city or county legislative authorities of each city or county within the affected project area, respectively. The county legislative authority of each county within the affected project area shall identify and validate organizations officially formed in support of or in opposition to the project and shall make the appointments required under this section from a list submitted by the chair of the organizations. Public members shall be appointed by the governor. All appointments to the local involvement committee shall be made and submitted to the department of transportation no later than January 1, 1996, for projects selected prior to September 1, 1994, and
no later than thirty days after the affected project area is defined for projects selected after June 30, 1997. Vacancies in the membership of the local involvement committee shall be filled by the appointing authority under (b)(i) through (v) of this subsection for each position on the committee.

(d) The local involvement committee shall serve in an advisory capacity to the department on all matters related to the execution of the advisory vote.

(e) Members of the local involvement committee serve without compensation and may not receive subsistence, lodging expenses, or travel expenses.

(7) The department shall conduct a minimum thirty-day public comment period on the definition of the geographical boundary of the project area. The department, in consultation with the local involvement committee, shall make adjustments, if required, to the definition of the geographical boundary of the affected project area, based on comments received from the public. Within fourteen calendar days after the public comment period, the department shall set the boundaries of the affected project area in units no smaller than a precinct as defined in RCW (((29.01.120) (29A.04.121).

(8) The department, in consultation with the local involvement committee, shall develop a description for selected project proposals. After developing the description of the project proposal, the department shall publish the project proposal description in newspapers of general circulation for seven calendar days in the affected project area. Within fourteen calendar days after the last day of the publication of the project proposal description, the department shall transmit a copy of the map depicting the affected project area and the description of the project proposal to the county auditor of the county in which any portion of the affected project area is located.

(9) (c) The department shall provide the legislative transportation committee with progress reports on the status of the definition of the affected project area and the description of the project proposal.

(10) Upon receipt of the map and the description of the project proposal, the county auditor shall, within thirty days, verify the precincts that are located within the affected project area. The county auditor shall prepare the text identifying and describing the affected project area and the project proposal using the definition of the geographical boundary of the affected project area and the project description submitted by the department and shall set an election date for the submission of a ballot proposition authorizing the imposition of tolls or user fees to implement the proposed project within the affected project area, which date may be the next succeeding general election to be held in the state, or at a special election, if requested by the department. The text of the project proposal must appear in a voter's pamphlet for the affected project area. The department shall pay the costs of publication and distribution. The special election date must be the next date for a special election provided under RCW (((29.13.020) (29A.04.330) that is at least sixty days but, if authorized under RCW (((29.13.020) (29A.04.330), no more than ninety days after the receipt of the final map and project description by the auditor. The department shall pay the cost of an election held under this section.

(11) Notwithstanding any other provision of law, the department may contract with a private developer of a selected project proposal to conduct environmental impact studies, a public involvement program, and engineering and technical studies funded by the legislature. For projects subject to this subsection, the department shall not enter into an agreement under RCW 47.46.040 prior to the advisory vote on the preferred alternative.

(12) Subsections (5) through (10) of this section shall not apply to project proposals selected prior to September 1, 1994, that have no organized public opposition as demonstrated by the submission to the department of original petitions bearing at least five thousand signatures of individuals opposing the project, collected and submitted after September 1, 1994, and by thirty calendar days after June 16, 1995.

(13) Subsections (5) through (10) of this section shall not apply to project proposals selected after June 30, 1997, that have no organized public opposition as demonstrated by the submission to the department of original petitions bearing at least five thousand signatures of individuals opposing the project, collected and submitted by ninety calendar days after project selection.

Sec. 133. RCW 47.46.040 and 2002 c 114 s 16 are each amended to read as follows:

(1) The secretary or a designee shall consult with legal, financial, and other experts within and outside state government in the negotiation and development of the agreements.

(2) Agreements may provide for private ownership of the projects during the construction period. After completion and final acceptance of each project or discrete segment thereof, the agreement may provide for state ownership of the transportation systems and facilities and lease to the private entity unless the state elects to provide for ownership of the facility by the private entity during the term of the agreement.

The state may lease each of the demonstration projects, or applicable project segments, to the private entities for operating purposes for up to fifty years.
(3) The department may exercise any power possessed by it to facilitate the development, construction, financing operation, and maintenance of transportation projects under this section. Agreements for maintenance services entered into under this section shall provide for full reimbursement for services rendered by the department or other state agencies. Agreements for police services for projects, involving state highway routes, developed under agreements shall be entered into with the Washington state patrol. The agreement for police services shall provide that the state patrol will be reimbursed for costs on a comparable basis with the costs incurred for comparable service on other state highway routes. The department may provide services for which it is reimbursed, including but not limited to preliminary planning, environmental certification, and preliminary design of the demonstration projects.

(4) The plans and specifications for each project constructed under this section shall comply with the department's standards for state projects. A facility constructed by and leased to a private entity is deemed to be a part of the state highway system for purposes of identification, maintenance, and enforcement of traffic laws and for the purposes of applicable sections of this title. Upon reversion of the facility to the state, the project must meet all applicable state standards. Agreements shall address responsibility for reconstruction or renovations that are required in order for a facility to meet all applicable state standards upon reversion of the facility to the state.

(5) For the purpose of facilitating these projects and to assist the private entity in the financing, development, construction, and operation of the transportation systems and facilities, the agreements may include provisions for the department to exercise its authority, including the lease of facilities, rights of way, and airspace, exercise of the power of eminent domain, granting of development rights and opportunities, granting of necessary easements and rights of access, issuance of permits and other authorizations, protection from competition, remedies in the event of default of either of the parties, granting of contractual and real property rights, liability during construction and the term of the lease, authority to negotiate acquisition of rights of way in excess of appraised value, and any other provision deemed necessary by the secretary.

(6) The agreements entered into under this section may include provisions authorizing the state to grant necessary easements and lease to a private entity existing rights of way or rights of way subsequently acquired with public or private financing. The agreements may also include provisions to lease to the entity airspace above or below the right of way associated or to be associated with the private entity's transportation facility. In consideration for the reversion rights in these privately constructed facilities, the department may negotiate a charge for the lease of airspace rights during the term of the agreement for a period not to exceed fifty years. If, after the expiration of this period, the department continues to lease these airspace rights to the private entity, it shall do so only at fair market value. The agreement may also provide the private entity the right of first refusal to undertake projects utilizing airspace owned by the state in the vicinity of the public-private project.

(7) Agreements under this section may include any contractual provision that is necessary to protect the project revenues required to repay the costs incurred to study, plan, design, finance, acquire, build, install, operate, enforce laws, and maintain toll highways, bridges, and tunnels and which will not unreasonably inhibit or prohibit the development of additional public transportation systems and facilities. Agreements under this section must secure and maintain liability insurance coverage in amounts appropriate to protect the project's viability and may address state indemnification of the private entity for design and construction liability where the state has approved relevant design and construction plans.

(8) Agreements entered into under this section shall include a process that provides for public involvement in decision making with respect to the development of the projects.

(9)(a) In carrying out the public involvement process required in subsection (8) of this section, the private entity shall proactively seek public participation through a process appropriate to the characteristics of the project that assesses and demonstrates public support among: Users of the project, residents of communities in the vicinity of the project, and residents of communities impacted by the project.

(b) The private entity shall conduct a comprehensive public involvement process that provides, periodically throughout the development and implementation of the project, users and residents of communities in the affected project area an opportunity to comment upon key issues regarding the project including, but not limited to: (i) Alternative sizes and scopes; (ii) design; (iii) environmental assessment; (iv) right of way and access plans; (v) traffic impacts; (vi) tolling or user fee strategies and tolling or user fee ranges; (vii) project cost; (viii) construction impacts; (ix) facility operation; and (x) any other salient characteristics.

(c) If the affected project area has not been defined, the private entity shall define the affected project area by conducting, at a minimum: (i) A comparison of the estimated percentage of residents of communities in the vicinity of the project and in other communities impacted by the project who could be subject to tolls or user fees and the estimated percentage of other users and transient traffic that could be subject to tolls or user fees; (ii) an analysis of the anticipated traffic diversion patterns; (iii) an analysis of the potential economic impact resulting from proposed toll rates or user fee rates imposed on residents, commercial traffic, and commercial entities in communities in the vicinity of and impacted by the project; (iv) an
analysis of the economic impact of tolls or user fees on the price of goods and services generally; and (v) an analysis of the relationship of the project to state transportation needs and benefits.

The agreement may require an advisory vote by users of and residents in the affected project area.

(d) In seeking public participation, the private entity shall establish a local involvement committee or committees comprised of residents of the affected project area, individuals who represent cities and counties in the affected project area, organizations formed to support or oppose the project, if such organizations exist, and users of the project. The private entity shall, at a minimum, establish a committee as required under the specifications of RCW 47.46.030(6)(b) (ii) and (iii) and appointments to such committee shall be made no later than thirty days after the project area is defined.

(e) Local involvement committees shall act in an advisory capacity to the department and the private entity on all issues related to the development and implementation of the public involvement process established under this section.

(f) The department and the private entity shall provide the (legislative transportation committee and) local involvement committees with progress reports on the status of the public involvement process including the results of an advisory vote, if any occurs.

(10) Nothing in this chapter limits the right of the secretary and his or her agents to render such advice and to make such recommendations as they deem to be in the best interests of the state and the public.

Sec. 134. RCW 79A.05.125 and 1999 c 301 s 3 are each amended to read as follows:

(1) The department of transportation shall negotiate a franchise with a rail carrier to establish and maintain a rail line over portions of the Milwaukee Road corridor owned by the state between Ellensburg and Lind. The department of transportation may negotiate such a franchise with any qualified rail carrier. Criteria for negotiating the franchise and establishing the right of way include:

(a) Assurances that resources from the franchise will be sufficient to compensate the state for use of the property, including completion of a cross-state trail between Easton and the Idaho border;

(b) Types of payment for use of the franchise, including payment for the use of federally granted trust lands in the transportation corridor;

(c) Standards for maintenance of the line;

(d) Provisions ensuring that both the conventional and intermodal rail service needs of local shippers are met. Such accommodations may comprise agreements with the franchisee to offer or maintain adequate service or to provide service by other carriers at commercially reasonable rates;

(e) Provisions requiring the franchisee, upon reasonable request of any other rail operator, to provide rail service and interchange freight over what is commonly known as the Stampede Pass rail line from Cle Elum to Auburn at commercially reasonable rates;

(f) If any part of the franchise agreement is invalidated by actions or rulings of the federal surface transportation board or a court of competent jurisdiction, the remaining portions of the franchise agreement are not affected;

(g) Compliance with environmental standards; and

(h) Provisions for insurance and the coverage of liability.

(2) The franchise may provide for periodic review of financial arrangements under the franchise.

(3) The department of transportation, in consultation with the parks and recreation commission and the (legislative) senate and house transportation committees, shall negotiate the terms of the franchise, and shall present the agreement to the parks and recreation commission for approval of as to terms and provisions affecting the cross-state trail or affecting the commission.

(4) This section expires July 1, 2006, if the department of transportation does not enter into a franchise agreement for a rail line over portions of the Milwaukee Road corridor by July 1, 2006.

Sec. 135. RCW 81.80.395 and 1988 c 138 s 1 are each amended to read as follows:

The Washington utilities and transportation commission may enter into an agreement or arrangement with a duly authorized representative of the state of Idaho, for the purpose of granting to operators of commercial vehicles that are properly registered in the state of Idaho, the privilege of operating their vehicles in this state within a designated area near the border of their state without the need for registration as required by chapter 81.80 RCW if the state of Idaho grants a similar privilege to operators of commercial vehicles from this state. The initial designated area shall be limited to state route 195 from the Idaho border to Lewiston, and SR 12 from Lewiston to Clarkston. (The utilities and transportation commission shall submit other proposed reciprocal agreements in designated border areas to the legislative transportation committee for approval.)

Sec. 136. RCW 81.104.110 and 1998 c 245 s 165 are each amended to read as follows:
The legislature recognizes that the planning processes described in RCW 81.104.100 provide a recognized framework for guiding high capacity transportation studies. However, the process cannot guarantee appropriate decisions unless key study assumptions are reasonable.

To assure appropriate system plan assumptions and to provide for review of system plan results, an expert review panel shall be appointed to provide independent technical review for development of any system plan which is to be funded in whole or in part by the imposition of any voter-approved local option funding sources enumerated in RCW 81.104.140.

1. The expert review panel shall consist of five to ten members who are recognized experts in relevant fields, such as transit operations, planning, emerging transportation technologies, engineering, finance, law, the environment, geography, economics, and political science.

2. The expert review panel shall be selected cooperatively by the chair(s) of the ((legislative)) senate and house transportation committees, the secretary of the department of transportation, and the governor to assure a balance of disciplines. In the case of counties adjoining another state or Canadian province the expert review panel membership shall be selected cooperatively with representatives of the adjoining state or Canadian province.

3. The chair of the expert review panel shall be designated by the appointing authorities.

4. The expert review panel shall serve without compensation but shall be reimbursed for expenses according to (chapter 43.03) RCW 43.03.050 and 43.03.060. Reimbursement shall be paid from within the existing resources of the local authority planning under this chapter.

5. The panel shall carry out the duties set forth in subsections (6) and (7) of this section until the date on which an election is held to consider the high capacity transportation system and financing plans. ((Funds appropriated for expenses of the expert panel shall be administered by the department of transportation.))

6. The expert panel shall review all reports required in RCW 81.104.100(2) and shall concentrate on service modes and concepts, costs, patronage and financing evaluations.

7. The expert panel shall provide timely reviews and comments on individual reports and study conclusions to the department of transportation, the regional transportation planning organization, the joint regional policy committee, and the submitting lead transit agency. In the case of counties adjoining another state or Canadian province, the expert review panel shall provide its reviews, comments, and conclusions to the representatives of the adjoining state or Canadian province.

8. The ((legislative transportation committee)) local authority planning under this chapter shall contract for consulting services for expert review panels. The amount of consultant support shall be negotiated with each expert review panel by the ((legislative transportation committee)) local authority and shall be paid from ((appropriations for that purpose from the high capacity transportation account)) within the local authority's existing resources.

Sec. 137. RCW 82.33.020 and 1992 c 231 s 34 are each amended to read as follows:

1. Four times each year the supervisor shall prepare, subject to the approval of the economic and revenue forecast council under RCW 82.33.010:
   a. An official state economic and revenue forecast;
   b. An unofficial state economic and revenue forecast based on optimistic economic and revenue projections; and
   c. An unofficial state economic and revenue forecast based on pessimistic economic and revenue projections.

2. The supervisor shall submit forecasts prepared under this section, along with any unofficial forecasts provided under RCW 82.33.010, to the governor and the members of the committees on ways and means and the chairs of the committees on transportation of the senate and house of representatives ((and the chair of the legislative transportation committee)), including one copy to each of the committees, on or before November 20th, February 20th in the even-numbered years, March 20th in the odd-numbered years, June 20th, and September 20th. All forecasts shall include both estimated receipts and estimated revenues in conformance with generally accepted accounting principles as provided by RCW 43.88.037.

3. All agencies of state government shall provide to the supervisor immediate access to all information relating to economic and revenue forecasts. Revenue collection information shall be available to the supervisor the first business day following the conclusion of each collection period.

4. The economic and revenue forecast supervisor and staff shall co-locate and share information, data, and files with the tax research section of the department of revenue but shall not duplicate the duties and functions of one another.

5. As part of its forecasts under subsection (1) of this section, the supervisor shall provide estimated revenue from tuition fees as defined in RCW 28B.15.020.

Sec. 138. RCW 82.70.060 and 2003 c 364 s 6 are each amended to read as follows:

The commute trip reduction task force shall determine the effectiveness of the tax credit under RCW 82.70.020, the grant program in RCW 70.94.996, and the relative effectiveness of the tax credit and the grant program as part of its ongoing
evaluation of the commute trip reduction law and report to the (legislative) senate and house transportation committees and to the fiscal committees of the house of representatives and the senate. The report must include information on the amount of tax credits claimed to date and recommendations on future funding between the tax credit program and the grant program. The report must be incorporated into the recommendations required in RCW 70.94.537(5).

Sec. 139. RCW 82.80.070 and 2002 c 56 s 413 are each amended to read as follows:

(1) The proceeds collected pursuant to the exercise of the local option authority of RCW 82.80.010, (82.80.020,) 82.80.030, and 82.80.050 (hereafter called “local option transportation revenues”) shall be used for transportation purposes only, including but not limited to the following: The operation and preservation of roads, streets, and other transportation improvements; new construction, reconstruction, and expansion of city streets, county roads, and state highways and other transportation improvements; development and implementation of public transportation and high-capacity transit improvements and programs; and planning, design, and acquisition of right of way and sites for such transportation purposes. The proceeds collected from excise taxes on the sale, distribution, or use of motor vehicle fuel and special fuel under RCW 82.80.010 shall be used exclusively for “highway purposes” as that term is construed in Article II, section 40 of the state Constitution.

(2) The local option transportation revenues shall be expended for transportation uses consistent with the adopted transportation and land use plans of the jurisdiction expending the funds and consistent with any applicable and adopted regional transportation plan for metropolitan planning areas.

(3) Each local government with a population greater than eight thousand that levies or expends local option transportation funds, is also required to develop and adopt a specific transportation program that contains the following elements:

(a) The program shall identify the geographic boundaries of the entire area or areas within which local option transportation revenues will be levied and expended.

(b) The program shall be based on an adopted transportation plan for the geographic areas covered and shall identify the proposed operation and construction of transportation improvements and services in the designated plan area intended to be funded in whole or in part by local option transportation revenues and shall identify the annual costs applicable to the program.

(c) The program shall indicate how the local transportation plan is coordinated with applicable transportation plans for the region and for adjacent jurisdictions.

(d) The program shall include at least a six-year funding plan, updated annually, identifying the specific public and private sources and amounts of revenue necessary to fund the program. The program shall include a proposed schedule for construction of projects and expenditure of revenues. The funding plan shall consider the additional local tax revenue estimated to be generated by new development within the plan area if all or a portion of the additional revenue is proposed to be earmarked as future appropriations for transportation improvements in the program.

(4) Local governments with a population greater than eight thousand exercising the authority for local option transportation funds shall periodically review and update their transportation program to ensure that it is consistent with applicable local and regional transportation and land use plans and within the means of estimated public and private revenue available.

(5) In the case of expenditure for new or expanded transportation facilities, improvements, and services, priorities in the use of local option transportation revenues shall be identified in the transportation program and expenditures shall be made based upon the following criteria, which are stated in descending order of weight to be attributed:

(a) First, the project serves a multijurisdictional function;

(b) Second, it is necessitated by existing or reasonably foreseeable congestion;

(c) Third, it has the greatest person-carrying capacity;

(d) Fourth, it is partially funded by other government funds, such as from the state transportation improvement board, or by private sector contributions, such as those from the local transportation act, chapter 39.92 RCW; and

(e) Fifth, it meets such other criteria as the local government determines is appropriate.

(6) It is the intent of the legislature that as a condition of levying, receiving, and expending local option transportation revenues, no local government agency use the revenues to replace, divert, or loan any revenues currently being used for transportation purposes to nontransportation purposes. (The association of Washington cities and the Washington state association of counties, in consultation with the legislative transportation committee, shall study the issue of nondiversion and make recommendations to the legislative transportation committee for language implementing the intent of this section by December 1, 1990.)

(7) Local governments are encouraged to enter into interlocal agreements to jointly develop and adopt with other local governments the transportation programs required by this section for the purpose of accomplishing regional transportation planning and development.
(8) Local governments may use all or a part of the local option transportation revenues for the amortization of local government general obligation and revenue bonds issued for transportation purposes consistent with the requirements of this section.

(9) Subsections (1) through (8) of this section do not apply to a regional transportation investment district imposing a tax or fee under the local option authority of this chapter. Proceeds collected under the exercise of local option authority under this chapter by a district must be used in accordance with chapter 36.120 RCW.

Sec. 140. RCW 90.03.525 and 1996 c 285 s 1 and 1996 c 230 s 1617 are each reenacted and amended to read as follows:

(1) The rate charged by a local government utility to the department of transportation with respect to state highway right of way or any section of state highway right of way for the construction, operation, and maintenance of storm water control facilities under chapters 35.67, 35.92, 36.89, 36.94, 57.08, and 86.15 RCW, shall be thirty percent of the rate for comparable real property, except as otherwise provided in this section. The rate charged to the department with respect to state highway right of way or any section of state highway right of way within a local government utility's jurisdiction shall not, however, exceed the rate charged for comparable city street or county road right of way within the same jurisdiction. The legislature finds that the aforesaid rates are presumptively fair and equitable because of the traditional and continuing expenditures of the department of transportation for the construction, operation, and maintenance of storm water control facilities designed to control surface water or storm water runoff from state highway rights of way.

(2) Charges paid under subsection (1) of this section by the department of transportation must be used solely for storm water control facilities that directly reduce state highway runoff impacts or implementation of best management practices that will reduce the need for such facilities. By January 1st of each year, beginning with calendar year 1997, the local government utility, in coordination with the department, shall develop a plan for the expenditure of the charges for that calendar year. The plan must be consistent with the objectives identified in RCW 90.78.010. In addition, beginning with the submittal for 1998, the utility shall provide a progress report on the use of charges assessed for the prior year. No charges may be paid until the plan and report have been submitted to the department.

(3) The utility imposing the charge and the department of transportation may, however, agree to either higher or lower rates with respect to the construction, operation, or maintenance of any specific storm water control facilities based upon the annual plan prescribed in subsection (2) of this section. (If a different rate is agreed to, a report so stating shall be submitted to the legislative transportation committee.) If, after mediation, the local government utility and the department of transportation cannot agree upon the proper rate, (and after a report has been submitted to the legislative transportation committee and after ninety days from submission of such report,) either may commence an action in the superior court for the county in which the state highway right of way is located to establish the proper rate. The court in establishing the proper rate shall take into account the extent and adequacy of storm water control facilities constructed by the department and the actual benefits to the sections of state highway rights of way from storm water control facilities constructed, operated, and maintained by the local government utility. Control of surface water runoff and storm water runoff from state highway rights of way shall be deemed an actual benefit to the state highway rights of way. The rate for sections of state highway right of way as determined by the court shall be set forth in terms of the percentage of the rate for comparable real property, but shall in no event exceed the rate charged for comparable city street or county road right of way within the same jurisdiction.

(4) The legislature finds that the federal clean water act (national ((pollution [pollutant])) pollutant discharge elimination system, 40 C.F.R. parts 122-124), the state water pollution control act, chapter 90.48 RCW, and the highway runoff program under chapter (90.70) 90.71 RCW, mandate the treatment and control of storm water runoff from state highway rights of way owned by the department of transportation. Appropriations made by the legislature to the department of transportation for the construction, operation, and maintenance of storm water control facilities are intended to address applicable federal and state mandates related to storm water control and treatment. This section is not intended to limit opportunities for sharing the costs of storm water improvements between cities, counties, and the state.

Representative Clibborn moved the adoption of amendment (595):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 74.09 RCW to read as follows:

(1) The legislature finds that:
(a) The health of the children of Washington state is critical to their success in school and throughout their lives. Children with health insurance coverage have better health outcomes than those who lack coverage. Children without health insurance coverage are more likely to be in poor health and more likely to delay receiving, or go without, needed health care services;
(b) Access to preventive and well-child health services for children is a cost-effective investment of both public and private dollars that improves the health of children and of our communities at large; and
(c) Health care coverage for children in Washington state is the product of critical efforts in both the private and public sectors to help children succeed. Private health insurance coverage is complemented by public programs that meet needs of low-income children whose parents are not offered health insurance coverage through their employer or who cannot otherwise afford the costs of coverage. In 2004, thirty-five percent of children in Washington state had some form of public health coverage. Yet, even with the efforts of both the private and public sectors, too many children in Washington state lack health insurance coverage. In 2004, almost one hundred thousand children were uninsured. Two-thirds of these children are low income.
(2) It is therefore the intent of the legislature that all children in the state of Washington have health care coverage by 2010. This should be accomplished by building upon and strengthening the successes of private health insurance coverage and publicly supported children's health insurance programs in Washington state. Access to coverage should be streamlined and efficient, with reductions in unnecessary administrative costs and mechanisms to expeditiously link children with a medical home.

Sec. 2. RCW 74.09.415 and 2002 c 366 s 2 are each amended to read as follows:

(1) There is hereby established a program to be known as the children's health program. The legislature finds that the children's health program is a more appropriate mechanism for providing health services to poor children who are not otherwise eligible for medical assistance than grants to community clinics to offset uncompensated care or coverage through the Washington basic health plan.
To the extent of available funds:
(a) Health care services may be provided to persons who are under eighteen years of age with household incomes at or below the federal poverty level and not otherwise eligible for medical assistance or the limited casualty program for the medically needy.
(b) The determination of eligibility of recipients for health care services shall be the responsibility of the department.
The department shall make eligibility determinations within the time frames for establishing eligibility for children on medical assistance, as defined by RCW 74.09.510.

(c) The amount, scope, and duration of health care services provided to eligible children under the children's health program shall be the same as that provided to children under medical assistance, as defined in RCW 74.09.520.

(2) The legislature is interested in assessing the effectiveness of the prenatal care program. However, the legislature recognizes the cost and complexity associated with such assessment.

The legislature accepts the effectiveness of prenatal and maternity care at improving birth outcomes when these services are received by eligible persons. Therefore, the legislature intends to focus scarce assessment resources to determine the extent to which support services such as child care, psychosocial and nutritional assessment and counseling, case management, transportation, and other support services authorized by chapter 296, Laws of 1990, result in receipt of prenatal and maternity care by eligible persons.

The University of Washington shall conduct a study, based on a statistically significant statewide sampling of data, to evaluate the effectiveness of the maternity care access program set forth in RCW 74.09.760 through 74.09.820 based on the principles set forth in RCW 74.09.750.

The University of Washington shall develop a plan and budget for the study in consultation with the joint legislative audit and review committee. The joint legislative audit and review committee shall also monitor the progress of the study.

The department of social and health services shall make data and other information available as needed to the University of Washington as required to conduct this study.

The study shall determine:

(a) The characteristics of women receiving services, including health risk factors;
(b) The extent to which access to maternity care and support services have improved in this state as a result of this program;
(c) The utilization of services and birth outcomes for women and infants served by this program by type of practitioner;
(d) The extent to which birth outcomes for women receiving services under this program have improved in comparison to birth outcomes of nonmedicaid mothers;
(e) The impact of increased medicaid reimbursement to physicians on provider participation;
(f) The difference between costs for services provided under this program and medicaid reimbursement for the services;
(g) The gaps in services, if any, that may still exist for women and their infants as defined by RCW 74.09.790 (1) and (4) served by this program, excluding pregnant substance abusers, and women covered by private health insurance; and
(h) The number and mix of services provided to eligible women as defined by subsection (2)(g) of this section and the effect on birth outcomes as compared to nonmedicaid birth outcomes.

Enrollment in the children's health program shall not result in expenditures that exceed the amount that has been appropriated for the program in the operating budget. If it appears that continued enrollment will result in expenditures exceeding the appropriated level for a particular fiscal year, the department may freeze new enrollment in the program for that year.

POINT OF ORDER

Representative Hunt requested a scope and object ruling on amendment (603) to Substitute House Bill No. 2314.

SPEAKER'S RULING

The Speaker: "The Speaker finds that this is an act "relating to taxation and revenue." The purpose of the bill is to raise funds necessary for the operation of state government while providing tax relief for certain groups of taxpayers. The object of the act is to directly modify provisions relating to the tax statutes. The amendment (603) would prohibit the sale of cigarettes and tobacco products. It does not amend any tax or revenue statutes. It amends criminal codes by creating the crime of selling cigarettes and tobacco products. The Speaker therefore finds amendment (603) outside the scope and object of the bill, and therefore out of order.

Representative Hunt, your point of order is well taken."

Representative McIntire moved the adoption of amendment (606):

On page 67, line 2, after "116," insert "401 through 403,"

On page 67, after line 10, insert:

(7) The total amount of the credit claimed in any calendar year by a person may not exceed the lesser amount of the approved credit, or seventy-five percent of the amount of the contribution that is made by the person to a program and fifty percent of the amount of the contribution that is made by the person to the main street trust fund, in the prior calendar year.

NEW SECTION. Sec. 805. To claim a credit under this chapter, a person must electronically file with the department all returns, forms, and other information the department requires in an electronic format as provided or approved by the department. Any return, form, or information required to be filed in an electronic format under this section is not filed until received by the department in an electronic format. As used in this subsection, "returns" has the same meaning as "return" in RCW 82.32.050.

NEW SECTION. Sec. 806. The department of community, trade, and economic development shall provide information to the department to administer this chapter, including a list of designated programs that shall be updated as necessary.

NEW SECTION. Sec. 807. Chapter 82.32 RCW applies to the administration of this chapter.

(3) Develop objective criteria for selecting recipients of assistance under subsections (1) and (2) of this section, which shall include priority for downtown or neighborhood commercial district revitalization programs located in a rural county as defined in RCW 43.160.020(12), and provide for designation of local programs under section 810 of this act;

(4) Operate the Washington main street program in accordance with the plan developed by the department, in consultation with the Washington main street advisory committee created under section 811 of this act; and

(3) Section 802 of this act does not apply to any local downtown or neighborhood commercial district revitalization program unless the boundaries of the program have been identified and approved by the department. The boundaries of a local downtown or neighborhood commercial district revitalization program are typically defined using the pedestrian core of a traditional commercial district.

(4) The department may not designate a local downtown or neighborhood commercial district revitalization program or official local main street program if the program is undertaken by a local government with a population of one hundred ninety thousand persons or more.

NEW SECTION. Sec. 811. (1) The Washington main street advisory committee is created within the department. The members of the advisory committee are appointed by the director and consist of:

NEW SECTION. Sec. 901. A new section is added to chapter 82.32 RCW to read as follows:
(1) If the department finds that the failure of a taxpayer to file an annual survey under RCW 82.04.4452 by the due date was the result of circumstances beyond the control of the taxpayer, the department shall extend the time for filing the survey. Such extension shall be for a period of thirty days from the date the department issues its written notification to the taxpayer that it qualifies for an extension under this section. The department may grant additional extensions as it deems proper.
(2) In making a determination whether the failure of a taxpayer to file an annual survey by the due date was the result of circumstances beyond the control of the taxpayer, the department shall be guided by rules adopted by the department for the waiver or cancellation of penalties when the underpayment or untimely payment of any tax was due to circumstances beyond the control of the taxpayer.

NEW SECTION. Sec. 902. A new section is added to chapter 82.32 RCW to read as follows:
(1) Persons required to file surveys under RCW 82.04.4452 must electronically file with the department all surveys, returns, and any other forms or information the department requires in an electronic format as provided or approved by the department, unless the department grants relief under subsection (2) of this section. As used in this section, "returns" has the same meaning as "return" in RCW 82.32.050.
(2) Upon request, the department may relieve a person of the obligations in subsection (1) of this section if the person's taxes have been reduced a cumulative total of less than one thousand dollars from all of the credits, exemptions, or preferential business and occupation tax rates, for which a person is required to file an annual survey under RCW 82.04.4452, 82.32.535, 82.32.545, 82.32.570, 82.32.560, 82.60.070, or 82.63.020.
(3) Persons who no longer qualify for relief under subsection (2) of this section will be notified in writing by the department and must comply with subsection (1) of this section by the date provided in the notice.
(4) Any survey, return, or any other form or information required to be filed in an electronic format under subsection (1) of this section is not filed until received by the department in an electronic format.

Sec. 903. RCW 82.04.4452 and 2004 c 2 s 2 are each amended to read as follows:
(1) In computing the tax imposed under this chapter, a credit is allowed for each person whose research and development spending during the year in which the credit is claimed exceeds 0.92 percent of the person's taxable amount during the same calendar year.
(2) The credit shall be calculated as follows:
   (a) Determine the greater of the amount of qualified research and development expenditures of a person or eighty percent of amounts received by a person other than a public educational or research institution in compensation for the conduct of qualified research and development;
   (b) Subtract 0.92 percent of the person's taxable amount from the amount determined under (a) of this subsection;
   (c) Multiply the amount determined under (b) of this subsection by ((the rate provided in RCW 82.04.260(3) in the case of a nonprofit corporation or nonprofit association engaging within this state in research and development, and the person's average tax rate for every other person)) the following:
      (i) For the period June 10, 2004, through December 31, 2006, the person's average tax rate for the calendar year for which the credit is claimed;
      (ii) For the calendar year ending December 31, 2007, the greater of the person's average tax rate for that calendar year or 0.75 percent;
      (iii) For the calendar year ending December 31, 2008, the greater of the person's average tax rate for that calendar year or 1.0 percent;
      (iv) For the calendar year ending December 31, 2009, the greater of the person's average tax rate for that calendar year or 1.25 percent;
      (v) For the calendar year ending December 31, 2010, and thereafter, 1.50 percent.
   For purposes of calculating the credit, if a person's reporting period is less than annual, the person may use an estimated average tax rate for the calendar year for which the credit is claimed by using the person's average tax rate for each reporting period. A person who uses an estimated average tax rate must make an adjustment to the total credit claimed for the calendar year using the person's actual average tax rate for the calendar year when the person files its last return for the calendar year for which the credit is claimed.
(3) Any person entitled to the credit provided in subsection (2) of this section as a result of qualified research and development conducted under contract may assign all or any portion of the credit to the person contracting for the performance of the qualified research and development.

(4) The credit, including any credit assigned to a person under subsection (3) of this section, shall be ((taken)) claimed against taxes due for the same calendar year in which the qualified research and development expenditures are incurred. The credit, including any credit assigned to a person under subsection (3) of this section, for each calendar year shall not exceed the lesser of two million dollars or the amount of tax otherwise due under this chapter for the calendar year.

(5) For any person ((taking)) claiming the credit, including any credit assigned to a person under subsection (3) of this section, whose research and development spending during the calendar year in which the credit is claimed fails to exceed 0.92 percent of the person's taxable amount during the same calendar year ((shall be liable for payment of the additional)) or who is otherwise ineligible, the department shall declare the taxes ((represented by the amount of)) against which the credit ((taken together with)) was claimed to be immediately due and payable. The department shall assess interest, but not penalties, on the taxes against which the credit was claimed. Interest shall be ((due)) assessed at the rate provided for delinquent excise taxes under chapter 82.32 RCW, retroactively to the date the credit was ((taken until the taxes are paid)) claimed, and shall accrue until the taxes against which the credit was claimed are repaid. Any credit assigned to a person under subsection (3) of this section that is disallowed as a result of this section may be ((taken)) claimed by the person who performed the qualified research and development subject to the limitations set forth in subsection (4) of this section.

(6) ((Any person claiming the credit, and any person assigning a credit as provided in subsection (3) of this section, shall file an annual report in a form prescribed by the department which shall include the amount of the credit claimed, the qualified research and development expenditures during the calendar year for which the credit is claimed, and the taxable amount during the calendar year for which the credit is claimed, and each additional information as the department may prescribe. The report is due by March 31st following any year a credit is taken.))

(7)(a) The legislature finds that accountability and effectiveness are important aspects of setting tax policy. In order to make policy choices regarding the best use of limited state resources the legislature needs information on how a tax incentive is used.

(b) A person claiming the credit shall ((agree to)) file a complete ((an)) annual survey with the department. ((The annual survey is in addition to the annual report due under subsection (6) of this section.)) The survey is due by March 31st following any year in which a credit is ((taken under this subsection)) claimed. The department may extend the due date for timely filing of annual surveys under this section as provided in section 901 of this act. The survey shall include the amount of the tax credit ((taken)) claimed, the qualified research and development expenditures during the calendar year for which the credit is claimed, the taxable amount during the calendar year for which the credit is claimed, and each additional information as the department may prescribe. The survey shall also include the following information for employment positions in Washington:

(i) The number of total employment positions;
(ii) Full-time, part-time, and temporary employment positions as a percent of total employment;
(iii) The number of employment positions according to the following wage bands: Less than thirty thousand dollars; thirty thousand dollars or greater, but less than sixty thousand dollars; and sixty thousand dollars or greater. A wage band containing fewer than three individuals may be combined with another wage band; and
(iv) The number of employment positions that have employer-provided medical, dental, and retirement benefits, by each of the wage bands.

(c) The department may request additional information necessary to measure the results of the tax credit program, to be submitted at the same time as the survey.

(d)(i) All information collected under this subsection, except the amount of the tax credit ((taken)) claimed, is deemed taxpayer information under RCW 82.32.330 ((and is not disclosable)). Information on the amount of tax credit ((taken)) claimed is not subject to the confidentiality provisions of RCW 82.32.330 and may be disclosed to the public upon request, except (((that))) as provided in this subsection (6)(d). If the amount of the tax credit as reported on the survey is different than the amount actually claimed on the taxpayer's tax returns or otherwise allowed by the department, the amount actually claimed or allowed may be disclosed.

(ii) Persons ((taking)) for whom the actual amount of the tax credit claimed on the taxpayer's returns or otherwise allowed by the department is less than ten thousand dollars ((of credit)) during the period covered by the survey may request the department to treat the tax credit amount as confidential under RCW 82.32.330.

(e) If a person fails to file a complete ((the)) annual survey required under this subsection with the department by the due date or any extension under section 901 of this act, the person entitled to the credit provided in subsection (2) of this section...
is not eligible to claim or assign the credit provided in subsection (2) of this section in the year the person failed to timely file a complete survey.

(5) The department shall use the information from subsection (6) of this section to prepare summary descriptive statistics by category. No fewer than three taxpayers shall be included in any category. The department shall report these statistics to the legislature each year by September 1st.

(6) The department shall use the information from subsection (6) of this section to study the tax credit program authorized under this section. The department shall report to the legislature by December 1, 2009, and December 1, 2013. The reports shall measure the effect of the program on job creation, the number of jobs created for Washington residents, company growth, the introduction of new products, the diversification of the state's economy, growth in research and development investment, the movement of firms or the consolidation of firms' operations into the state, and such other factors as the department selects.

(7) For the purpose of this section:

(a) "Average tax rate" means a person's total tax liability under this chapter for the calendar year for which the credit is claimed divided by the taxpayer's total taxable income under this chapter for the calendar year for which the credit is claimed.

(1) A person who owes additional tax as a result of section 903(9)(a), chapter 82.32, Laws of 2005 (section 903(9)(a) of this act) is liable for interest, but not penalties as provided in RCW 82.32.090 (1) and (2), if the entire additional tax liability is paid in full to the department of revenue before January 1, 2006. Interest shall be assessed at the rate provided for delinquent excise taxes under chapter 82.32 RCW, retroactively to the date the credit was claimed, and shall accrue until the additional tax is repaid.

(2) Persons who fail to repay the full amount of additional tax owed as a result of section 903(9)(a), chapter 82.32, Laws of 2005 (section 903(9)(a) of this act) before January 1, 2006, are subject to all applicable penalties and interest as provided in chapter 82.32 RCW on the additional tax owing after December 31, 2005.

PART X
ESTATES

Sec. 1001. RCW 83.100--- and 2005 c ... (ESB 6096) s 4 are each amended to read as follows:

(1) For the purposes of determining the Washington taxable estate, a deduction is allowed from the federal taxable estate for the value of qualified real property and the value of any tangible personal property used primarily for farming purposes conducted on the qualified real property, reduced by any amounts allowable as a deduction in respect of the qualified real property and tangible personal property under section 2053(a)(4) of the Internal Revenue Code, if the decedent was at the time of his or her death a citizen or resident of the United States. For the purposes of determining the deduction amount, the value of property is its value as used to determine the value of the gross estate:

(a) The value of qualified real property reduced by any amounts allowable as a deduction in respect of the qualified real property and tangible personal property under section 2053(a)(4) of the internal revenue code, if the decedent was at the time of his or her death a citizen or resident of the United States.

(b) The value of any tangible personal property used by the decedent or a member of the decedent's family for a qualified use on the date of the decedent's death, reduced by any amounts allowable as a deduction in respect of the tangible

...
personal property under section 2053(a)(4) of the internal revenue code, if all of the requirements of subsection (10)(f)(i)(A) of this section are met and the decedent was at the time of his or her death a citizen or resident of the United States.

(c) The value of real property that is not deductible under (a) of this subsection solely by reason of subsection (10)(f)(i)(B) of this section, reduced by any amounts allowable as a deduction in respect of the qualified real property and tangible personal property under section 2053(a)(4) of the internal revenue code, if the requirements of subsection (10)(f)(i)(C) of this section are met with respect to the property and the decedent was at the time of his or her death a citizen or resident of the United States.

(2) Property shall be considered to have been acquired from or to have passed from the decedent if:

(a) The property is so considered under section 1014(b) of the Internal Revenue Code;

(b) The property is acquired by any person from the estate; or

(c) The property is acquired by any person from a trust, to the extent the property is includible in the gross estate of the decedent.

(3) If the decedent and the decedent's surviving spouse at any time held qualified real property as community property, the interest of the surviving spouse in the property shall be taken into account under this section to the extent necessary to provide a result under this section with respect to the property which is consistent with the result which would have obtained under this section if the property had not been community property.

(4) In the case of any qualified woodland, the value of trees growing on the woodland may be deducted if otherwise qualified under this subsection.

(5) If property is qualified real property with respect to a decedent, hereinafter in this subsection referred to as the "first decedent," and the property was acquired from or passed from the first decedent to the surviving spouse of the first decedent, active management of the farm by the surviving spouse shall be treated as material participation by the surviving spouse in the operation of the farm.

(6) Property owned indirectly by the decedent may qualify for a deduction under this section if owned through an interest in a corporation, partnership, or trust as the terms corporation, partnership, or trust are used in section 2032A(g) of the Internal Revenue Code. In order to qualify for a deduction under this subsection, the interest, in addition to meeting the other tests for qualification under this section, must qualify under section 6166(b)(1) of the Internal Revenue Code as an interest in a closely held business on the date of the decedent's death and for sufficient other time, combined with periods of direct ownership, to equal at least five years of the eight-year period preceding the death.

(7)(a) If, on the date of the decedent's death, the requirements of subsection (10)(f)(i)(C)(II) of this section with respect to the decedent for any property are not met, and the decedent (i) was receiving old age benefits under Title II of the social security act for a continuous period ending on such date, or (ii) was disabled for a continuous period ending on this date, then subsection (10)(f)(i)(C)(II) of this section shall be applied with respect to the property by substituting "the date on which the longer of such continuous periods began" for "the date of the decedent's death" in subsection (10)(f)(i)(C) of this section.

(b) For the purposes of (a) of this subsection, an individual shall be disabled if the individual has a mental or physical impairment which renders that individual unable to materially participate in the operation of the farm.

(8) Property may be deducted under this section whether or not special valuation is elected under section 2032A of the Internal Revenue Code on the federal return. For the purposes of determining the deduction under this section, the value of property is its value as used to determine the value of the gross estate.

(9)(a) In the case of any qualified replacement property, any period during which there was ownership, qualified use, or material participation with respect to the replaced property by the decedent or any member of the decedent's family shall be treated as a period during which there was ownership, use, or material participation, as the case may be, with respect to the qualified replacement property.

(b) Subsection (9)(a) of this section shall not apply to the extent that the fair market value of the qualified replacement property, as of the date of its acquisition, exceeds the fair market value of the replaced property, as of the date of its disposition.

(c) For the purposes of this subsection (9), the following definitions apply:

(i) "Qualified replacement property" means any real property:

(A) Which is acquired in an exchange which qualifies under section 1031 of the Internal Revenue Code; or

(f)(i) "Qualified real property" means real property which was acquired from or passed from the decedent to a qualified heir of the decedent and which, on the date of the decedent's death, was being used for a qualified use by the decedent or a member of the decedent's family, but only if:

(II) There was material participation by the decedent or a member of the decedent's family in the operation of the farm.

For the purposes of this subsection (f)(i)(C)(II), material participation shall be determined in a manner similar to the manner used for purposes of section 1402(a)(1) of the Internal Revenue Code.

(ii) For the purposes of this subsection, the term "adjusted value" means:
(A) In the case of the gross estate, the value of the gross estate, determined without regard to any special valuation under section 2032A of the Internal Revenue Code, reduced by any amounts allowable as a deduction under section 2053(a)(4) of the Internal Revenue Code; or

(g) "Qualified use" means the property is used as a farm for farming purposes. In the case of real property which meets the requirements of (f)(i)(C) of this subsection, residential buildings and related improvements on the real property occupied on a regular basis by the owner or lessee of the real property or by persons employed by the owner or lessee for the purpose of operating or maintaining the real property, and roads, buildings, and other structures and improvements functionally related to the qualified use shall be treated as real property devoted to the qualified use. (h) "Qualified woodland" means any real property which:

NEW SECTION. Sec. 708. FOR THE EVERGREEN STATE COLLEGE Prevention and Intervention Study to Stabilize Inmate Population (06-2-952)

The appropriation in this section is subject to the following conditions and limitations: The appropriation is provided solely for the Washington state institute for public policy to study options to stabilize future prison population. The legislature intends to examine options that could stabilize the adult inmate population growth at the projected 2007 level in order to avoid construction of major prison facilities after construction of the Coyote Ridge correctional center. To do this, the legislature finds that sentencing options need to be examined in conjunction with prevention and intervention programs. The legislature finds that existing and current research underway by the Washington state institute for public policy can be synthesized to develop these options, in conjunction with sentencing options that will be developed by the sentencing guidelines commission. The Washington state institute for public policy shall build on the study required by chapter . . . (Engrossed Substitute Senate Bill No. 5763 (mental disorders treatment)), Laws of 2005, and study the net short-run and long-run fiscal savings to state and local governments of implementing evidence-based treatment human service and corrections programs and policies, including prevention and intervention programs, sentencing alternatives, and the use of risk factors in sentencing. The institute shall use the results from its 2004 report on cost-beneficial prevention and early intervention programs and its work on effective adult
corrections programs to project total fiscal impacts under alternative implementation scenarios. The institute shall provide an interim report to the appropriate committees of the legislature by January 1, 2006, and a final report by October 1, 2006.

The appropriation in this section is subject to the following conditions and limitations: $50,000 is provided solely for the Washington state institute for public policy to conduct a study of governance, financing, and service delivery at the state school for the deaf and the state school for the blind. The study shall compare the costs, operations, and educational approach of the two schools, including differences in the cultural and educational needs of the populations served; the extent of collaboration with public schools; and alignment between current and future service delivery, current capital facilities, and the schools' ten-year capital plans. The study shall also include a comparison to services provided in public schools; recommend how the schools could configure service delivery to complement and support school district programs; and examine which state agency should have responsibility for governance and oversight of the schools. To reduce duplication, the institute may update studies of the state school for the deaf conducted in 2002. The institute shall submit the comparative study to the appropriate policy and fiscal committees of the legislature by December 1, 2005.

The appropriation in this section is subject to the following conditions and limitations:
(1) Pursuant to definitions and provisions in section 925, chapter 26, Laws of 2003 1st sp. sess., the appropriation is provided solely to maintain facilities housing educational and general programs and to maintain its major building systems and campus infrastructure. PART 6
MISCELLANEOUS AND SUPPLEMENTAL PROVISIONS

MISCELLANEOUS PROVISIONS

NEW SECTION. Sec. 901. The estimated debt service costs impacting future general fund expenditures related solely to new capital appropriations within this act are $19,503,912 during the 2005-2007 fiscal period; $128,151,322 during the 2007-2009 fiscal period; $200,451,220 during the 2009-2011 fiscal period; $207,686,311 during the 2011-2013 fiscal period; and $210,558,739 during the 2013-2015 period.

NEW SECTION. Sec. 902. (1) Allotments for appropriations in this act shall be provided in accordance with the capital project review requirements adopted by the office of financial management. The office of financial management shall notify the house of representatives capital budget committee and the senate ways and means committee of allotment releases based on review by the office of financial management. No expenditure may be incurred or obligation entered into for appropriations in this act until the office of financial management has given final approval to the allotment of the funds to be expended or encumbered. For allotments under this act, the allotment process includes, in addition to the statement of proposed expenditures for the current biennium, a category or categories for any reserve amounts and amounts expected to be expended in
future biennia. Projects that will be employing alternative public works construction procedures under chapter 39.10 RCW are subject to the allotment procedures defined in this section and RCW 43.88.110. Contracts shall not be executed that call for expenditures in excess of the approved allotment, and the total amount shown in such contracts for the cost of future work that has not been appropriated shall not exceed the amount identified for such work in the level of funding approved by the office of financial management at the completion of predesign.

(2) The legislature intends that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

NEW SECTION. Sec. 903. To ensure that major construction projects are carried out in accordance with legislative and executive intent, appropriations in this act in excess of $5,000,000 shall not be expended or encumbered until the office of financial management has reviewed and approved the agency's predesign and other documents, and approved an allotment for the project that includes specific authorization to enter into a contract to expend or encumber funds. The predesign document shall include but not be limited to program, site, and cost analysis in accordance with the predesign manual adopted by the office of financial management. To improve monitoring of major construction projects, progress reports shall be submitted by the agency administering the project to the office of financial management and to the fiscal committees of the house of representatives and senate. Reports will be submitted on July 1st and December 31st each year in a format to be developed by the office of financial management.

NEW SECTION. Sec. 904. Appropriations in this act for design and construction of facilities on higher education campuses shall be expended only after funds are allotted to institutions of higher education on the basis of: (1) Comparable unit cost standards, as determined by the office of financial management in consultation with the higher education coordinating board; (2) costs consistent with other higher education teaching facilities in the state; and (3) student full-time equivalent enrollment levels as established by the office of financial management in consultation with the higher education coordinating board.

NEW SECTION. Sec. 905. (1) To ensure that minor works appropriations are carried out in accordance with legislative intent, funds appropriated in this act shall not be allotted until project lists are on file at the office of financial management and the office of financial management has formally approved the lists. Proposed revisions to the lists must be filed with and approved by the office of financial management before funds may be expended on the revisions.

(2)(a) Minor works projects are single line appropriations that include multiple projects valued between $25,000 and $1,000,000 each that are of a similar nature and can generally be completed within two years of the appropriation with the funding provided. Minor works categories include (i) health, safety, and code requirements; (ii) facility preservation; (iii) infrastructure preservation; and (iv) program improvement or expansion. Improvements for accessibility in compliance with the Americans with disabilities act may be included in any of the above minor works categories.

(b) Minor works appropriations shall not be used for, among other things: Studies, except for technical or engineering reviews or designs that lead directly to and support a project on the same minor works list; planning; design outside the scope of work on a minor works list; moveable, temporary, and traditionally funded operating equipment not in compliance with the equipment criteria established by the office of financial management; software not dedicated to control of a specialized system; moving expenses; land or facility acquisition; or to supplement funding for projects with funding shortfalls unless expressly authorized elsewhere in this act. The office of financial management may make an exception to the limitations described in this subsection (2)(b) for exigent circumstances after notifying the legislative fiscal committees and waiting ten days for comments by the legislature regarding the proposed exception.

(3) The office of financial management shall forward copies of these project lists and revised lists to the house of representatives capital budget committee and the senate ways and means committee. No expenditure may be incurred or obligation entered into for minor works appropriations until the office of financial management has approved the allotment of the funds to be expended. The office of financial management shall encourage state agencies to incorporate accessibility planning and improvements into the normal and customary capital program.

(4) It is generally not intended to make future appropriations for capital expenditures or for maintenance and operating expenses for an acquisition project or a significant expansion project that is initiated through the minor works process and therefore does not receive a policy and fiscal analysis by the legislature. Minor works projects are intended to be one-time expenditures that do not require future state resources to complete.

NEW SECTION. Sec. 906. (1) The governor, through the office of financial management, may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to
another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended by the legislature in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes that govern the grants.

(2) For purposes of this section, the governor may find that an amount is in excess of the amount required for the completion of a project only if: (a) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (b) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

(3) For the purposes of this section, the intent is that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

(4) Transfers of funds to an agency's infrastructure savings appropriation are subject to review and approval by the office of financial management. Expenditures from an infrastructure savings appropriation are limited to projects that have a primary purpose to correct infrastructure deficiencies or conditions that: (a) Adversely affect the ability to utilize the infrastructure for its current programmatic use; (b) reduce the life expectancy of the infrastructure; or (c) increase the operating costs of the infrastructure for its current programmatic use. Eligible infrastructure projects may include structures and surface improvements, site amenities, utility systems outside building footprints and natural environmental changes or requirements as part of an environmental regulation, a declaration of emergency for an infrastructure issue in conformance with RCW 43.88.250, or infrastructure planning as part of a facility master plan.

(5) A report of any transfer effected under this section, except emergency projects or any transfer under $250,000, shall be filed with the legislative fiscal committees of the senate and house of representatives by the office of financial management at least thirty days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer.

NEW SECTION, Sec. 907. (1) It is expected that projects be ready to proceed in a timely manner depending on the type or phase of the project or program that is the subject of the appropriation in this act. Except for major projects that customarily may take more than two biennia to complete from predesign to the end of construction, or large infrastructure grant or loan programs supporting projects that often take more than two biennia to complete, the legislature generally does not intend to reappropriate funds more than once, particularly for smaller grant programs, local/community projects, and minor works.

(2) Agencies shall expedite the expenditure of reappropriations and appropriations in this act in order to: (a) Rehabilitate infrastructure resources; (b) accelerate environmental rehabilitation and restoration projects for the improvement of the state's natural environment; (c) reduce additional costs associated with acquisition and construction inflationary pressures; and (d) provide additional employment opportunities associated with capital expenditures.

(3) To the extent feasible, agencies are directed to accelerate expenditure rates at their current level of permanent employees and shall use contracted design and construction services wherever necessary to meet the goals of this section.

(4) The office of financial management shall report the following to the appropriate fiscal committees of the legislature by January 30, 2007: (a) A listing of reappropriations in the governor's 2007-2009 capital budget recommendation that will be reappropriated more than once and have ten percent or more of the original appropriation unexpended; and (b) an explanation of why the appropriation remains unexpended.

NEW SECTION, Sec. 908. The legislature finds that the state's public four-year institutions and the higher education coordinating board have made substantial progress in developing a process to create a single prioritized list of capital project requests as required under RCW 28B.76.220. The legislature also recognizes that continuing work by the institutions and the board is needed to refine the methodology for determining the ranking of project requests, and that this work will benefit from additional legislative guidance. Therefore, the higher education coordinating board and the public four-year institutions, in developing and submitting the single prioritized project list of capital project requests under RCW 28B.76.220, shall use the following additional guidelines:

(1) Representatives of the board shall participate in the process of scoring projects using the criteria in the board's biennial budget guidelines. Representatives of the board shall also review the preliminary project list to verify the scoring and ranking of projects. As required under RCW 28B.76.210, institutions must submit the preliminary project list to the board by August 1st of each even-numbered year to enable this review. Any disagreements over project scorings or rankings shall be resolved as provided under RCW 28B.76.220(4).
(2) The board's biennial budget guidelines and the prioritization process shall place a greater emphasis on early critical review of project proposals at the pre-design phase, rather than deferring critical review and prioritization to the design or construction phases of a project.

(3) When projects are aggregated into single line-item requests, each project must meet the definition of minor works according to the capital budget instructions issued by the office of financial management. All major projects must be listed and ranked as individual line-item requests.

(4) The scoring and ranking of projects shall not be based on assigning an equal number of overall points to each public four-year institution, but shall reflect an assignment of points to individual projects based on the priorities and criteria in this section and in the board's biennial budget guidelines.

(5) Projects shall not be ranked on the basis of a project funding source.

(6) In consultation with the appropriate fiscal and policy committees of the legislature, the board shall identify statewide priorities for higher education capital investments and incorporate those priorities into its biennial budget guidelines. The statewide priorities shall address the need for higher education capital projects to:
   (a) Implement a specific legislatively authorized program or planning priority;
   (b) Reduce the backlog of deferred building or system preservation, renewal, or replacement;
   (c) Provide additional capacity or adaptation of space for high demand instructional or research programs;
   (d) Provide additional instructional program capacity for under-served geographic regions or populations; and
   (e) Reflect institutional planning priorities and areas of emphasis.

(7) The board's biennial budget guidelines shall include a quantitative method for scoring projects on the identified priorities. The quantitative method shall include use of the facility condition index developed by the joint legislative audit and review committee for assessing building or system condition, and use of the board's space utilization and allocation standards for assessing the need for additional capacity.

NEW SECTION. Sec. 909. ACQUISITION OF PROPERTIES AND FACILITIES THROUGH FINANCIAL CONTRACTS. The following agencies may enter into financial contracts, paid from any funds of an agency, appropriated or nonappropriated, for the purposes indicated and in not more than the principal amounts indicated, plus financing expenses and required reserves pursuant to chapter 39.94 RCW. **NEW SECTION.** Sec. 910. FOR THE ARTS COMMISSION--ART WORK ALLOWANCE POOLING. (1) One-half of one percent of moneys appropriated in this act for original construction of school plant facilities is provided solely for the purposes of RCW 28A.335.210. The Washington state arts commission may combine the proceeds from individual projects in
order to fund larger works of art or mobile art displays in consultation with the superintendent of public instruction and representatives of school district boards.

(2) One-half of one percent of moneys appropriated in this act for original construction or any major renovation or remodel work exceeding two hundred thousand dollars by colleges or universities is provided solely for the purposes of RCW 28B.10.027. The Washington state arts commission may combine the proceeds from individual projects in order to fund larger works of art or mobile art displays in consultation with the board of regents or trustees.

(3) One-half of one percent of moneys appropriated in this act for original construction of any public building by a state agency as defined in RCW 43.17.020 is provided solely for the purposes of RCW 43.17.200. The Washington state arts commission may combine the proceeds from individual projects in order to fund larger works of art or mobile art displays in consultation with the state agency.

(4) At least eighty-five percent of the moneys spent by the Washington state arts commission during the 2005-2007 biennium for the purposes of RCW 28A.335.210, 28B.10.027, and 43.17.200 must be expended solely for direct acquisition of works of art. The commission may use up to $100,000 of this amount to contract for service to conserve or maintain existing pieces in the state art collection pursuant to chapter . . . (House Bill No. 2188 (funding the conservation of the state art collection)), Laws of 2005.

NEW SECTION. Sec. 911. The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts. "Prior biennia" typically refers to the immediate prior biennium for reappropriations, but may refer to multiple biennia in the case of specific projects. A "future biennia" amount is an estimate of what may be appropriated for the project or program in the 2007-09 biennium and the following four biennia; an amount of zero does not necessarily constitute legislative intent to not provide funding for the project or program in the future.

NEW SECTION. Sec. 912. "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining on June 30, 2005, from the 2003-2005 biennial appropriations for each project.

NEW SECTION. Sec. 913. To carry out the provisions of this act, the governor may assign responsibility for predesign, design, construction, and other related activities to any appropriate agency.

NEW SECTION. Sec. 914. If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with funds available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the senate ways and means committee and the house of representatives capital budget committee.

NEW SECTION. Sec. 915. (1) Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditures of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

(2) Provision of the full amount of required matching funds is not required to permit the expenditure of capital budget appropriations for phased projects if a proportional amount of the required matching funds is provided for each distinct, identifiable phase of the project.

NEW SECTION. Sec. 916. Any capital improvements or capital projects involving construction or major expansion of a state office facility, including, but not limited to, district headquarters, detachment offices, and off-campus faculty offices, must be reviewed by the department of general administration for possible consolidation, colocation, and compliance with state office standards before allotment of funds. The intent of the requirement imposed by this section is to eliminate duplication and reduce total office space requirements where feasible, while ensuring proper service to the public.

NEW SECTION. Sec. 917. The military department shall file quarterly progress reports in addition to the annual project progress reporting requirement of RCW 43.88.160(3). These reports must contain local, state, and federal funding reconciliation and balance sheets for all appropriated readiness center projects and detail any federal intentions on future readiness centers and other facilities.
NEW SECTION, Sec. 918. NONTAXABLE AND TAXABLE BOND PROCEEDS. Portions of the appropriation authority granted by this act from the state building construction account, or any other account receiving bond proceeds, may be transferred to the state taxable building construction account as deemed necessary by the state finance committee to comply with the federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds. The state treasurer shall submit written notification to the director of financial management if it is determined that a shift of appropriation authority from the state building construction account, or any other account receiving bond proceeds, to the state taxable building construction account is necessary.

NEW SECTION, Sec. 919. The office of financial management, in consultation with the department of general administration, shall identify capital projects that may benefit from an energy analysis to determine whether there are alternate, more economical, and energy efficient means of completing the work. The office of financial management shall hold appropriations in allotment reserve on the following types of capital projects until this analysis can be completed: Heating, ventilation, and air conditioning modifications, chiller plants, steam plants, boilers, chilled water or steam lines, building control systems, lighting improvements, or other major energy using systems that may warrant additional analysis. Agencies receiving appropriations for such projects are encouraged to utilize energy performance contracts or alternative financing for equipment in lieu of state appropriated funds. The office of financial management may transfer funds remaining in allotment reserve to infrastructure savings projects within the agency that has realized savings from energy efficiency alternatives.

Sec. 920. RCW 43.135.045 and 2003 1st sp.s. c 25 s 920 are each amended to read as follows:

(1) The emergency reserve fund is established in the state treasury. During each fiscal year, the state treasurer shall deposit in the emergency reserve fund all general fund--state revenues in excess of the state expenditure limit for that fiscal year. Deposits shall be made at the end of each fiscal quarter based on projections of state revenues and the state expenditure limit. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues and the expenditure limit for fiscal year 2000 and thereafter.

(2) The legislature may appropriate moneys from the emergency reserve fund only with approval of at least two-thirds of the members of each house of the legislature, and then only if the appropriation does not cause total expenditures to exceed the state expenditure limit under this chapter.

(3) The emergency reserve fund balance shall not exceed five percent of annual general fund--state revenues as projected by the official state revenue forecast. Any balance in excess of five percent shall be transferred on a quarterly basis by the state treasurer as follows: Seventy-five percent to the student achievement fund hereby created in the state treasury and twenty-five percent to the general fund balance. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues for fiscal year 2000 and thereafter. When per-student state funding for the maintenance and operation of K-12 education meets a level of no less than ninety percent of the national average of total funding from all sources per student as determined by the most recent published data from the national center for education statistics of the United States department of education, as calculated by the office of financial management, further deposits to the student achievement fund shall be required only to the extent necessary to maintain the ninety-percent level. Remaining funds are part of the general fund balance and these funds are subject to the expenditure limits of this chapter.

(4) The education construction fund is hereby created in the state treasury.

(a) Funds may be appropriated from the education construction fund exclusively for common school construction or higher education construction. During the fiscal years beginning July 1, 2005, and ending June 30, 2007, funds may also be used for higher education facilities preservation and maintenance.

(b) Funds may be appropriated for any other purpose only if approved by a two-thirds vote of each house of the legislature and if approved by a vote of the people at the next general election. An appropriation approved by the people under this subsection shall result in an adjustment to the state expenditure limit only for the fiscal period for which the appropriation is made and shall not affect any subsequent fiscal period.

(5) Funds from the student achievement fund shall be appropriated to the superintendent of public instruction strictly for distribution to school districts to meet the provisions set out in the student achievement act. Allocations shall be made on an equal per full-time equivalent student basis to each school district.

(6) Earnings of the emergency reserve fund under RCW 43.84.092(4)(a) shall be transferred quarterly to the multimodal transportation account, except for those earnings that are in excess of thirty-five million dollars each fiscal year. Within thirty days following any fiscal year in which earnings transferred to the multimodal transportation account under this subsection did not total thirty-five million dollars, the state treasurer shall transfer from the emergency reserve fund an amount necessary to bring the total deposited in the multimodal transportation account under this subsection to thirty-five million dollars. The revenues to the multimodal transportation account reflected in this subsection provide ongoing support for the
transportation programs of the state. However, it is the intent of the legislature that any new long-term financial support that may be subsequently provided for transportation programs will be used to replace and supplant the revenues reflected in this subsection, thereby allowing those revenues to be returned to the purposes to which they were previously dedicated. No transfers from the emergency reserve fund to the multimodal fund shall be made during the 2003-05 fiscal biennium.

Sec. 921. RCW 43.88.032 and 1997 c 96 s 5 are each amended to read as follows:

(1) Normal maintenance costs, except for funds appropriated for facility preservation of state institutions of higher education, shall be programmed in the operating budget rather than in the capital budget.

(2) All debt-financed pass-through money to local governments shall be programmed and separately identified in the budget document.

Sec. 922. RCW 28B.50.360 and 2004 c 277 s 910 are each amended to read as follows:

Within thirty-five days from the date of start of each quarter all collected building fees of each such community and technical college shall be paid into the state treasury, and shall be credited as follows:

(1) On or before June 30th of each year the college board if issuing bonds payable out of building fees shall certify to the state treasurer the amounts required in the ensuing twelve-month period to pay and secure the payment of the principal of and interest on such bonds. The state treasurer shall thereupon deposit the amounts so certified in the community and technical college capital projects account. Such amounts of the funds deposited in the community and technical college capital projects account as are necessary to pay and secure the payment of the principal of and interest on the building bonds issued by the college board as authorized by this chapter shall be exclusively devoted to that purpose. If in any twelve-month period it shall appear that the amount certified by the college board is insufficient to pay and secure the payment of the principal of and interest on the outstanding building bonds, the state treasurer shall notify the college board and such board shall adjust its certificate so that all requirements of moneys to pay and secure the payment of the principal and interest on all such bonds then outstanding shall be fully met at all times.

(2) The community and technical college capital projects account is hereby created in the state treasury. The sums deposited in the capital projects account shall be appropriated and expended exclusively to pay and secure the payment of the principal of and interest on bonds payable out of the building fees and for the construction, reconstruction, erection, equipping, maintenance, demolition and major alteration of buildings and other capital assets owned by the state board for community and technical colleges in the name of the state of Washington, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances in relation thereto, (and, during the 2003-05 biennium,) engineering and architectural services provided by the department of general administration, and for the payment of principal of and interest on any bonds issued for such purposes.

NEW SECTION. Sec. 923. The department of general administration shall not sell or otherwise dispose of the Tacoma Rhodes building without legislative approval. The department shall submit a business plan for the building, to include an assessment of whether this building is surplus to the state's needs and whether other state agency tenants might be housed in the building, by December 1, 2005, to the appropriate committees of the legislature.

NEW SECTION. Sec. 924. In accordance with the recommendation of the joint legislative audit and review committee report "Performance Audit of Capital Budget Processes," the office of financial management shall develop a plan, in consultation with legislative fiscal committees, to address weaknesses identified in that report in the oversight of facility projects. The report shall address, but not be limited to:

(1) Aligning resources to program workload;
(2) Identifying and institutionalizing best practices;
(3) Creating easily accessible and reliable information systems; and
(4) Improving the review and evaluation of projects at the predesign stage prior to the authorization of design and construction.

The office of financial management shall report on its plan to the governor and the senate committee on ways and means and house of representatives capital budget committee no later than December 1, 2005.

Sec. 925. RCW 43.155.050 and 2001 c 131 s 2 are each amended to read as follows:

The public works assistance account is hereby established in the state treasury. Money may be placed in the public works assistance account from the proceeds of bonds when authorized by the legislature or from any other lawful source. Money in the public works assistance account shall be used to make loans and to give financial guarantees to local governments for public works projects. Moneys in the account may also be appropriated to provide for state match requirements under federal
law for projects and activities conducted and financed by the board under the drinking water assistance account. Not more than fifteen percent of the biennial capital budget appropriation to the public works board from this account may be expended or obligated for preconstruction loans, emergency loans, or loans for capital facility planning under this chapter; of this amount, not more than ten percent of the biennial capital budget appropriation may be expended for emergency loans and not more than one percent of the biennial capital budget appropriation may be expended for capital facility planning loans. For the 2005-2007 biennium, moneys in the account may be used for grants for projects identified in section 138 of this act.

Sec. 926. RCW 70.105D.070 and 2003 1st sp.s. c 25 s 933 are each amended to read as follows:

(1) The state toxics control account and the local toxics control account are hereby created in the state treasury.

(2) The following moneys shall be deposited into the state toxics control account: (a) Those revenues which are raised by the tax imposed under RCW 82.21.030 and which are attributable to that portion of the rate equal to thirty-three one-hundredths of one percent; (b) the costs of remedial actions recovered under this chapter or chapter 70.105A RCW; (c) penalties collected or recovered under this chapter; and (d) any other money appropriated or transferred to the account by the legislature. (xii) Development and demonstration of alternative management technologies designed to carry out the top two hazardous waste management priorities of RCW 70.105.150.

(3) The following moneys shall be deposited into the local toxics control account: Those revenues which are raised by the tax imposed under RCW 82.21.030 and which are attributable to that portion of the rate equal to thirty-seven one-hundredths of one percent.

During the 2005-2007 fiscal biennium, moneys in the account may also be used for grants to local governments to retrofit public sector diesel equipment and for storm water planning and implementation activities.
(b) Funds may also be appropriated to the department of health to implement programs to reduce testing requirements under the federal safe drinking water act for public water systems. The department of health shall reimburse the account from fees assessed under RCW 70.119A.115 by June 30, 1995.

FOR THE DEPARTMENT OF NATURAL RESOURCES Trust Land Transfer Program (04-2-010)

The state building construction account appropriation in this section is subject to the following conditions and limitations:

(1) The total appropriation is provided to the department solely to transfer from trust status or enter into thirty-year timber harvest restrictive easements/leases for certain trust lands of state-wide significance deemed appropriate for state park, fish and wildlife habitat, natural area preserve, natural resources conservation area, open space, or recreation purposes.

(2) Property transferred under this section shall be appraised and transferred at fair market value. The value of the timber transferred shall be deposited by the department to the common school construction account in the same manner as timber
revenues from other common school trust lands. No deduction shall be made for the resource management cost account under RCW 79.64.040. The value of the land transferred shall be deposited in the natural resources real property replacement account. These funds shall be expended by the department for the exclusive purpose of acquiring commercial real property of equal value to be managed as common school trust land.

(3) Property subject to easement/lease agreements under this section shall be appraised at fair market value both with and without the imposition of the easement/lease. The entire difference in appraised value shall be deposited by the department to the common school construction fund in the same manner as lease revenues from other common school trust lands. No deduction shall be made for the resource management cost account under RCW 79.64.040.

(4) All reasonable costs incurred by the department to implement this section are authorized to be paid out of this appropriation. Authorized costs include the actual cost of appraisals, staff time, environmental reviews, surveys, and other similar costs.

(5) Intergrant exchanges between common school and other trust lands of equal value may occur if the exchange is in the interest of each trust, as determined by the board of natural resources.

(6) Prior to or concurrent with conveyance of these properties, the department, with full cooperation of the receiving agencies, shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section for a minimum period of thirty years. The department of natural resources, in consultation with the receiving state agencies, shall develop policy to address requests to replace transferred properties subject to the recorded property instrument that are no longer deemed appropriate for the purposes identified in subsection (1) of this section.

(7) The department and receiving agencies shall work in good faith to carry out the intent of this section. However, the department or receiving agencies may remove a property from the transfer list based on new, substantive information, if it is determined that transfer of the property is not in the statewide interest of either the common school trust or the receiving agency.

(8) Except as provided in subsections (12) and (13) of this section, the department shall execute trust land transfers and easements/leases such that, after the deduction of reasonable costs as provided in subsection (4) of this section, eighty percent of the appropriation in this section is deposited in the common school construction fund. To achieve the 80:20 ratio, the department may offset transfers of property with low timber-to-land ratios with easements/leases on other properties.

(9) On June 30, 2005, the state treasurer shall transfer all remaining uncommitted funds from this appropriation to the common school construction fund, except as provided in subsection (13) of this section, and the appropriation in this section shall be reduced by an equivalent amount.

Leases executed under this subsection may be renewed for an additional thirty-year period, under terms and conditions established by the department, including revaluation. Trust land transfer leases under this subsection shall not be subject to the 80:20 ratio of timber value to land value required in subsection (8) of this section. Revenues derived from leases under this subsection shall be deposited in the appropriate account as provided by law.

(3) "Ballot card" means any type of card or piece of paper of any size on which a voter may record his or her choices for any candidate and for or against any measure and that is to be tabulated on a vote tallying system;
(4) "Sample ballot" means a printed facsimile of all the issues and offices on the ballot in a jurisdiction and is intended to give voters notice of the issues, offices, and candidates that are to be voted on at a particular primary, general election, or special election;
(5) "Provisional ballot" means a ballot issued (to a voter) at the polling place on election day by the precinct election board((, for one of the following reasons)) to a voter who would otherwise be denied an opportunity to vote a regular ballot, for any reason authorized by the help America vote act, including but not limited to the following:
(a) The voter's name does not appear in the poll book;
(b) There is an indication in the poll book that the voter has requested an absentee ballot, but the voter wishes to vote at the polling place;
(c) There is a question on the part of the voter concerning the issues or candidates on which the voter is qualified to vote;
(d) Any other reason allowed by law;

Sec. 2. RCW 29A.04.530 and 2003 c 111 s 151 are each amended to read as follows:
The secretary of state shall:
(1) Establish and operate, or provide by contract, training and certification programs for state and county elections administration officials and personnel, including training on the various types of election law violations and discrimination, and training programs for political party observers which conform to the rules for such programs established under RCW 29A.04.630;

((4(4))) (4) Maintain a record of those individuals who have received such training and certificates; and
((4(4))) (5) Provide the staffing and support services required by the board created under RCW 29A.04.510.

NEW SECTION. Sec. 3. A new section is added to chapter 29A.36 RCW to read as follows:
All provisional and absentee ballots must be visually distinguishable from each other and must be either:
(1) Printed on colored paper; or
(2) Imprinted with a bar code for the purpose of identifying the ballot as a provisional or absentee ballot. The bar code must not identify the voter.
Provisional and absentee ballots must be incapable of being tabulated by poll-site counting devices.

Sec. 4. RCW 29A.40.091 and 2004 c 271 s 135 are each amended to read as follows:
The county auditor shall send each absentee voter a ballot, a security envelope in which to seal the ballot after voting, a larger envelope in which to return the security envelope, and instructions on how to mark the ballot and how to return it to the county auditor. The instructions that accompany an absentee ballot for a partisan primary must include instructions for voting the applicable ballot style, as provided in chapter 29A.36 RCW. The absentee voter's name and address must be printed on the larger return envelope, which must also contain a declaration by the absentee voter reciting his or her qualifications and stating that he or she has not voted in any other jurisdiction at this election, together with a summary of the penalties for any violation of any of the provisions of this chapter. The declaration must clearly inform the voter that it is illegal to vote if he or she is not a United States citizen; it is illegal to vote if he or she has been convicted of a felony and has not had his or her voting rights restored; and, except as otherwise provided by law, it is illegal to cast a ballot or sign an absentee envelope on behalf of another voter. The return envelope must provide space for the voter to indicate the date on which the ballot was voted and for the voter to sign the oath. It must also contain a space that the voter may include a telephone number. A summary of the applicable penalty provisions of this chapter must be printed on the return envelope immediately adjacent to the space for the voter's signature. The signature of the voter on the return envelope must affirm and attest to the statements regarding the qualifications of that voter and to the validity of the ballot. The return envelope must also have a secrecy flap that the voter may seal that will cover the voter's signature and optional telephone number. For out-of-state voters, overseas voters, and service voters, the signed declaration on the return envelope constitutes the equivalent of a voter registration for the election or primary for which the ballot has been issued. The voter must be instructed to either return the ballot to the county auditor by whom it was issued or attach sufficient first class postage, if applicable, and mail the ballot to the appropriate county auditor no later than the day of the election or primary for which the ballot was issued.
If the county auditor chooses to forward absentee ballots, he or she must include with the ballot a clear explanation of the qualifications necessary to vote in that election and must also advise a voter with questions about his or her eligibility to contact the county auditor. This explanation may be provided on the ballot envelope, on an enclosed insert, or printed directly on the ballot itself. If the information is not included, the envelope must clearly indicate that the ballot is not to be forwarded and that return postage is guaranteed.

Sec. 5. RCW 29A.40.110 and 2003 c 111 s 1011 are each amended to read as follows:
(1) The opening and subsequent processing of return envelopes for any primary or election may begin ((on or after the tenth day before the primary or election)) upon receipt. The tabulation of absentee ballots must not commence until after 8:00 p.m. on the day of the primary or election.
(2) All received absentee return envelopes must be placed in secure locations from the time of delivery to the county auditor until their subsequent opening. After opening the return envelopes, the county canvassing board shall place all of the ballots in secure storage until after 8:00 p.m. of the day of the primary or election. Absentee ballots that are to be tabulated on an electronic vote tallying system may be taken from the inner envelopes and all the normal procedural steps may be performed to prepare these ballots for tabulation.
(3) Before opening a returned absentee ballot, the canvassing board, or its designated representatives, shall examine the postmark, statement, and signature on the return envelope that contains the security envelope and absentee ballot. They shall verify that the voter's signature on the return envelope is the same as the signature of that voter in the registration files of the county. For registered voters casting absentee ballots, the date on the return envelope to which the voter has attested determines the validity, as to the time of voting for that absentee ballot if the postmark is missing or is illegible. For out-of-state voters,
overseas voters, and service voters stationed in the United States, the date on the return envelope to which the voter has attested determines the validity as to the time of voting for that absentee ballot. For any absentee ballot, a variation between the signature of the voter on the return envelope and the signature of that voter in the registration files due to the substitution of initials or the use of common nicknames is permitted so long as the surname and handwriting are clearly the same.

NEW SECTION. Sec. 6. A new section is added to chapter 29A.44 RCW to read as follows:

Provisional ballots must be issued, along with a provisional ballot outer envelope and a security envelope, to voters as appropriate under RCW 29A.04.008. The provisional ballot outer envelope must include a place for the voter's name; registered address, both present and former if applicable; date of birth; reason for the provisional ballot; the precinct number and the precinct polling location at which the voter has voted; and a space for the county auditor to list the disposition of the provisional ballot. The provisional ballot outer envelope must also contain a declaration as required for absentee ballot outer envelopes under RCW 29A.40.091; a place for the voter to sign the oath; and a summary of the applicable penalty provisions of this chapter. The voter shall vote the provisional ballot in secrecy and, when done, place the provisional ballot in the security envelope, then place the security envelope into the outer envelope, and return it to the precinct election official. The election official shall ensure that the required information is completed on the outer envelope, have the voter sign it in the appropriate space, and place the envelope in a secure container. The official shall then give the voter written information advising the voter how to ascertain whether the vote was counted and, if applicable, the reason why the vote was not counted.

NEW SECTION. Sec. 7. A new section is added to chapter 29A.44 RCW to read as follows:

Any person desiring to vote at any primary or election is required to provide identification to the election officer before signing the poll book. The identification required in this section can be satisfied by providing a valid photo identification, such as a driver's license or state identification card, student identification card, or tribal identification card, a voter's voter identification issued by a county elections officer, or a copy of a current utility bill, bank statement, paycheck, or government check or other government document. Any individual who desires to vote in person but cannot provide identification as required by this section shall be issued a provisional ballot.

The secretary of state may adopt rules to carry out this section.

NEW SECTION. Sec. 8. A new section is added to chapter 29A.60 RCW to read as follows:

(1) If the voter neglects to sign the outside envelope of an absentee or provisional ballot, the auditor shall notify the voter by telephone and advise the voter of the correct procedures for completing the unsigned affidavit. If the auditor is not able to provide the information personally to the voter by telephone, then the voter must be contacted by first class mail and advised of the correct procedures for completing the unsigned affidavit. Leaving a voice mail message for the voter is not to be considered as personally contacting the voter. In order for the ballot to be counted, the voter must either:

(a) Appear in person and sign the envelope no later than the day before the certification of the primary or election; or

(b) Sign a copy of the envelope provided by the auditor, and return it to the auditor no later than the day before the certification of the primary or election.

(2)(a) If the handwriting of the signature on an absentee or provisional ballot envelope is not the same as the handwriting of the signature on the registration file, the auditor shall notify the voter by telephone and advise the voter of the correct procedures for updating his or her signature on the voter registration file. If the auditor is not able to provide the information personally to the voter by telephone, then the voter must be contacted by first class mail and advised of the correct procedures for completing the unsigned affidavit. Leaving a voice mail message for the voter is not to be considered as personally contacting the voter. In order for the ballot to be counted, the voter must either:

(i) Appear in person and sign a new registration form no later than the day before the certification of the primary or election; or

(ii) Sign a copy of the affidavit provided by the auditor and return it to the auditor no later than the day before the certification of the primary or election. If the signature on the copy of the affidavit does not match the signature on file, the voter must appear in person and sign a new registration form no later than the day before the certification of the primary or election in order for the ballot to be counted.

(b) If the signature on an absentee or provisional ballot envelope is not the same as the signature on the registration file because the name is different, the ballot may be counted as long as the handwriting is clearly the same. The auditor shall send the voter a change-of-name form under RCW 29A.08.440 and direct the voter to complete the form.

(c) If the signature on an absentee or provisional ballot envelope is not the same as the signature on the registration file because the voter used initials or a common nickname, the ballot may be counted as long as the surname and handwriting are clearly the same.
(3) A voter may not cure a missing or mismatched signature for purposes of counting the ballot in a recount.

(4) A record must be kept of all ballots with missing and mismatched signatures. The record must contain the date on which the voter was contacted or the notice was mailed, as well as the date on which the voter signed the envelope, a copy of the envelope, a new registration form, or a change-of-name form. That record is a public record under chapter 42.17 RCW and may be disclosed to interested parties on written request.

NEW SECTION. Sec. 9. A new section is added to chapter 29A.60 RCW to read as follows:

Before certification of the primary or election, the county auditor must examine and investigate all received provisional ballots to determine whether the ballot can be counted. The auditor shall provide the disposition of the provisional ballot and, if the ballot was not counted, the reason why it was not counted, on a free access system such as a toll-free telephone number, web site, mail, or other means. The auditor must notify the voter in accordance with section 8 of this act when the envelope is unsigned or when the signatures do not match.

NEW SECTION. Sec. 10. A new section is added to chapter 29A.60 RCW to read as follows:

If inspection of the ballot reveals a physically damaged ballot or ballot that may be otherwise unreadable or uncountable by the tabulating system, the county auditor may refer the ballot to the county canvassing board or duplicate the ballot if so authorized by the county canvassing board. The voter's original ballot may not be altered. A ballot may be duplicated only if the intent of the voter's marks on the ballot is clear and the electronic voting equipment might not otherwise properly tally the ballot to reflect the intent of the voter. Ballots must be duplicated by teams of two or more people working together. When duplicating ballots, the county auditor shall take the following steps to create and maintain an audit trail of the action taken:

(1) Each original ballot and duplicate ballot must be assigned the same unique control number, with the number being marked upon the face of each ballot, to ensure that each duplicate ballot may be tied back to the original ballot;

(2) A log must be kept of the ballots duplicated, which must at least include:
   (a) The control number of each original ballot and the corresponding duplicate ballot;
   (b) The initials of at least two people who participated in the duplication of each ballot; and
   (c) The total number of ballots duplicated.

Original and duplicate ballots must be sealed in secure storage at all times, except during duplication, inspection by the canvassing board, or tabulation.

NEW SECTION. Sec. 11. A new section is added to chapter 29A.60 RCW to read as follows:

(1) The county auditor shall prepare, make publicly available at the auditor's office or on the auditor's web site, and submit at the time of certification an election reconciliation report that discloses the following information:
   (a) The number of registered voters;
   (b) The number of ballots counted;
   (c) The number of provisional ballots issued;
   (d) The number of provisional ballots counted;
   (e) The number of provisional ballots rejected;
   (f) The number of absentee ballots issued;
   (g) The number of absentee ballots counted;
   (h) The number of absentee ballots rejected;
   (i) The number of federal write-in ballots counted;
   (j) The number of out-of-state, overseas, and service ballots issued;
   (k) The number of out-of-state, overseas, and service ballots counted; and
   (l) The number of out-of-state, overseas, and service ballots rejected.

(2) The county auditor shall prepare and make publicly available at the auditor's office or on the auditor's web site within thirty days of certification a final election reconciliation report that discloses the following information:
   (a) The number of registered voters;
   (b) The total number of voters credited with voting;
   (c) The number of poll voters credited with voting;
   (d) The number of provisional voters credited with voting;
   (e) The number of absentee voters credited with voting;
   (f) The number of federal write-in voters credited with voting;
   (g) The number of out-of-state, overseas, and service voters credited with voting;
(h) The total number of voters credited with voting even though their ballots were postmarked after election day and were not counted; and
(i) Any other information the auditor deems necessary to reconcile the number of ballots counted with the number of voters credited with voting.

(3) The county auditor may also prepare such reports for jurisdictions located, in whole or in part, in the county.

Sec. 12. RCW 29A.60.021 and 2004 c 271 s 147 are each amended to read as follows:

(1) For any office at any election or primary, any voter may write in on the ballot the name of any person for an office who has filed as a write-in candidate for the office in the manner provided by RCW 29A.24.311 and such vote shall be counted the same as if the name had been printed on the ballot and marked by the voter. (For a partisan primary in a jurisdiction using the physically separate ballot format, a voter may write in on a party ballot only the names of write-in candidates who affiliate with that major political party.) No write-in vote made for any person who has not filed a declaration of candidacy pursuant to RCW 29A.24.311 is valid if that person filed for the same office, either as a regular candidate or a write-in candidate, at the preceding primary. Any abbreviation used to designate office((i)) or position((or political party shall)) will be accepted if the canvassing board can determine, to ((the)) its satisfaction, the voter’s intent.

(2) The number of write-in votes cast for each office must be recorded and reported with the canvass for the election.

(3) A write-in vote for an individual candidate for an office whose name appears on the ballot for that same office is a valid vote for that candidate as long as the candidate’s name is clearly discernible, even if other requirements of RCW 29A.24.311 are not satisfied and even if the voter also marked a vote for that candidate such as to register an overvote. These votes need not be tabulated unless: (a) The difference between the number of votes cast for the candidate apparently qualified to appear on the general election ballot or elected and the candidate receiving the next highest number of votes is less than the sum of the total number of write-in votes cast for the office plus the overvotes and undervotes recorded by the vote tabulating system; or (b) a manual recount is conducted for that office.

(4) Write-in votes cast for an individual candidate for an office whose name does not appear on the ballot need not be tallied (((if))) unless the total number of write-in votes and undervotes recorded by the vote tabulating system for the office is (((not))) greater than the number of votes cast for the candidate apparently nominated (((nominated))) to appear on the general election ballot or elected(((and the write-in votes could not have altered the outcome of the primary or election. In the case of write-in votes for statewide office or for any office whose jurisdiction encompasses more than one county, write-in votes for an individual candidate must be tallied whenever the county auditor is notified by either the office of the secretary of state or another auditor in a multicounty jurisdiction that it appears that the write-in votes could alter the outcome of the primary or election))).

(5) In the case of write-in votes for a statewide office(s) or any office whose jurisdiction((that)) encompasses more than one county, (((if the total number of write-in votes and undervotes recorded by the vote tabulation system for an office within a county is greater than the number of votes cast for a candidate apparently nominated or elected in a primary or election, the auditor shall tally all write-in votes for individual candidates for that office and notify the office of the secretary of state and the auditors of the other counties within the jurisdiction that the write-in votes for individual candidates should be tallied))) write-in votes for an individual candidate must be tallied when the county auditor is notified by either the secretary of state or another county auditor in the multicounty jurisdiction that it appears that the write-in votes must be tabulated under the terms of this section. In all other cases, the county auditor determines when write-in votes must be tabulated. Any abstract of votes must be modified to reflect the tabulation and certified by the canvassing board. Tabulation of write-in votes may be performed simultaneously with a recount.

Sec. 13. RCW 29A.60.050 and 2003 c 111 s 1505 are each amended to read as follows:

Whenever the precinct election officers or the counting center personnel have a question about the validity of a ballot or the votes for an office or issue that they are unable to resolve, they shall prepare and sign a concise record of the facts in question or dispute. These ballots shall be delivered to the canvassing board for processing. A ballot is not considered rejected until the canvassing board has rejected the ballot individually or the ballot was included in a batch or on a report of ballots that was rejected in its entirety by the canvassing board. All ballots shall be preserved in the same manner as valid ballots for that primary or election.

Sec. 14. RCW 29A.60.070 and 2003 c 111 s 1507 are each amended to read as follows:

The county auditor shall produce cumulative and precinct returns for each primary and election and deliver them to the canvassing board for verification and certification. The precinct and cumulative returns of any primary or election are public records under chapter 42.17 RCW.
Cumulative returns for state offices, judicial offices, the United States senate, and congress must be electronically transmitted to the secretary of state immediately.

Sec. 15. RCW 29A.60.160 and 2003 c 111 s 1516 are each amended to read as follows:

(At least every third day after a primary or election and before certification of the election results.) Except Sundays and legal holidays, the county auditor, as delegated by the county canvassing board, shall process absentee ballots and canvass the votes cast at that primary or election on a daily basis in counties with a population of seventy-five thousand or more, or at least every third day for counties with a population of less than seventy-five thousand, if the county auditor is in possession of more than twenty-five ballots that have yet to be canvassed. The county auditor, as delegated by the county canvassing board, may use his or her discretion in determining when to process the remaining absentee ballots and canvass the votes during the final four days before the certification of election results in order to protect the secrecy of any ballot. In counties where this process has not been delegated to the county auditor, the county auditor shall convene the county canvassing board to process absentee ballots and canvass the votes cast at the primary or election as set forth in this section.

Each absentee ballot previously not canvassed that was received by the county auditor two days or more before processing absentee ballots and canvassing the votes as delegated by or processed by the county canvassing board, that either was received by the county auditor before the closing of the polls on the day of the primary or election for which it was issued, or that bears a postmark on or before the primary or election for which it was issued, must be processed at that time. The tabulation of votes that results from that day's canvass must be made available to the general public immediately upon completion of the canvass.

Sec. 16. RCW 29A.60.190 and 2004 c 266 s 18 are each amended to read as follows:

(1) (On the tenth day after a special election or primary and on the fifteenth day) Ten days after a primary or special election and twenty-one days after a general election, the county canvassing board shall complete the canvass and certify the results. Each absentee ballot that was returned before the closing of the polls on the date of the primary or election for which it was issued, and each absentee ballot with a postmark on or before the date of the primary or election for which it was issued and received on or before the date on which the primary or election is certified, must be included in the canvass report.

(2) At the request of a caucus of the state legislature, the county auditor shall transmit copies of all unofficial returns of state and legislative primaries or elections prepared by or for the county canvassing board to either the secretary of the senate or the chief clerk of the house of representatives.

Sec. 17. RCW 29A.60.210 and 2003 c 111 s 1521 are each amended to read as follows:

Whenever the canvassing board finds during the initial counting process, or during any subsequent recount thereof, that there is an apparent discrepancy or an inconsistency in the returns of a primary or election, or that election staff has made an error regarding the treatment or disposition of a ballot, the board may recanvass the ballots or voting devices in any precincts of the county. The canvassing board shall conduct any necessary recanvass activity on or before the last day to certify or recertify the results of the primary (oræ) election, or subsequent recount and correct any error and document the correction of any error that it finds.

Sec. 18. RCW 29A.60.250 and 2003 c 111 s 1525 are each amended to read as follows:

As soon as the returns have been received from all the counties of the state, but not later than the thirtieth day after the election, the secretary of state shall ((make a)) canvass ((of such of the returns as are not required to be canvassed by the legislature and make out a statement thereof, file it in his or her office, and transmit a certified copy to the governor)) and certify the returns of the general election as to candidates for state offices, the United States senate, congress, and all other candidates whose districts extend beyond the limits of a single county. The secretary of state shall transmit a copy of the certification to the governor, president of the senate, and speaker of the house of representatives.

Sec. 19. RCW 29A.64.021 and 2004 c 271 s 178 are each amended to read as follows:

(1) If the official canvass of all of the returns for any office at any primary or election reveals that the difference in the number of votes cast for a candidate apparently nominated or elected to any office and the number of votes cast for the closest apparently defeated opponent is less than two thousand votes and also less than one-half of one percent of the total number of votes cast for both candidates, the county canvassing board shall conduct a recount of all votes cast on that position.

(a) Whenever such a difference occurs in the number of votes cast for candidates for a position the declaration of candidacy for which was filed with the secretary of state, the secretary of state shall, within three business days of the day that the
returns of the primary or election are first certified by the canvassing boards of those counties, direct those boards to recount all votes cast on the position.

(b)(i) For statewide elections, if the difference in the number of votes cast for the apparent winner and the closest apparently defeated opponent is less than one hundred fifty thousand votes and also less than one-fourth of one percent of the total number of votes cast for both candidates, the votes shall be recounted manually or as provided in subsection (3) of this section.

(ii) For elections not included in (b)(i) of this subsection, if the difference in the number of votes cast for the apparent winner and the closest apparently defeated opponent is less than one hundred fifty votes and also less than one-fourth of one percent of the total number of votes cast for both candidates, the votes shall be recounted manually or as provided in subsection (3) of this section.

(2) A mandatory recount shall be conducted in the manner provided by RCW 29A.64.030, 29A.64.041, and 29A.64.061. No cost of a mandatory recount may be charged to any candidate.

(3) The apparent winner and closest apparently defeated opponent for an office for which a manual recount is required under subsection (1)(b) of this section may select an alternative method of conducting the recount. To select such an alternative, the two candidates shall agree to the alternative in a signed, written statement filed with the election official for the office. The recount shall be conducted using the alternative method if: It is suited to the balloting system that was used for casting the votes for the office; it involves the use of a vote tallying system that is approved for use in this state by the secretary of state; and the vote tallying system is readily available in each county required to conduct the recount. If more than one balloting system was used in casting votes for the office, an alternative to a manual recount may be selected for each system.

Sec. 20. RCW 29A.64.030 and 2003 c 111 s 1603 are each amended to read as follows:

An application for a recount shall state the office for which a recount is requested and whether the request is for all or only a portion of the votes cast in that jurisdiction of that office. The person filing an application for a manual recount shall, at the same time, deposit with the county canvassing board or secretary of state, in cash or by certified check, a sum equal to twenty-five cents for each ballot cast in the jurisdiction or portion of the jurisdiction for which the recount is requested as security for the payment of any costs of conducting the recount. If the application is for a machine recount, the deposit must be equal to fifteen cents for each ballot. These charges shall be determined by the county canvassing board or boards under RCW (29A.64.080) 29A.64.081.

The county canvassing board shall determine (a) the date, time, and (a) place or places at which the recount will be conducted. (This time shall be less than three business days after the day upon which: The application was filed with the board; the request for a recount or directive ordering a recount was received by the board from the secretary of state; or the returns are certified which indicate that a recount is required under RCW 29A.64.020 for an issue or office voted upon only within the county.) Not less than two days before the date of the recount, the county auditor shall mail a notice of the time and place of the recount to the applicant or affected parties and, if the recount involves an office, to any person for whom votes were cast for that office. The county auditor shall also notify the affected parties by either telephone, fax, e-mail, or other electronic means at the time of mailing. At least three attempts must be made over a two-day period to notify the affected parties or until the affected parties have received the notification. Each attempt to notify affected parties must request a return response indicating that the notice has been received. Each person entitled to receive notice of the recount may attend, witness the recount, and be accompanied by counsel.

Proceedings of the canvassing board are public under chapter 42.30 RCW. Subject to reasonable and equitable guidelines adopted by the canvassing board, all interested persons may attend and witness a recount.

Sec. 21. RCW 29A.64.061 and 2004 c 271 s 180 are each amended to read as follows:

Upon completion of the canvass of a recount, the canvassing board shall prepare and certify an amended abstract showing the votes cast in each precinct for which the recount was conducted. Copies of the amended abstracts must be transmitted to the same officers who received the abstract on which the recount was based.

If the nomination, election, or issue for which the recount was conducted was submitted only to the voters of a county, the canvassing board shall file the amended abstract with the original results of that election or primary.

If the nomination, election, or issue for which a recount was conducted was submitted to the voters of more than one county, the secretary of state shall canvass the amended abstracts and shall file an amended abstract with the original results of that election. The secretary of state may require that the amended abstracts be certified by each canvassing board on a uniform date. An amended abstract certified under this section supersedes any prior abstract of the results for the same offices or issues at the same primary or election.
Sec. 22. RCW 29A.68.011 and 2004 c 271 s 182 are each amended to read as follows:

Any justice of the supreme court, judge of the court of appeals, or judge of the superior court in the proper county shall, by order, require any person charged with error, wrongful act, or neglect to forthwith correct the error, desist from the wrongful act, or perform the duty and to do as the court orders or to show cause forthwith why the error should not be corrected, the wrongful act desisted from, or the duty or order not performed, whenever it is made to appear to such justice or judge by affidavit of an elector that:

(1) An error or omission has occurred or is about to occur in printing the name of any candidate on official ballots; or

(6) An error or omission has occurred or is about to occur in the issuance of a certificate of election.

An affidavit of an elector under subsections (1) and (3) of this section when relating to a primary election must be filed with the appropriate court no later than the second Friday following the closing of the filing period for nominations for such office and shall be heard and finally disposed of by the court not later than five days after the filing thereof. An affidavit of an elector under subsections (1) and (3) of this section when relating to a general election must be filed with the appropriate court no later than three days following the official certification of the primary election returns and shall be heard and finally disposed of by the court not later than five days after the filing thereof. An affidavit of an elector under subsection (6) of this section shall be filed with the appropriate court no later than ten days following the issuance of a certificate of election as provided in RCW 29A.60.190, 29A.60.240, or 29A.60.250 or, in the case of a recount, ten days after the official certification of the amended abstract as provided in RCW 29A.64.061.

NEW SECTION. Sec. 23. A new section is added to chapter 29A.84 RCW to read as follows:

A person who knowingly destroys, alters, defaces, conceals, or discards a completed voter registration form or signed absentee or provisional ballot signature affidavit is guilty of a gross misdemeanor. This section does not apply to (1) the voter who completed the voter registration form, or (2) a county auditor or registration assistant who acts as authorized by voter registration law.

NEW SECTION. Sec. 25. The secretary of state shall study the feasibility of requiring that the names of the top two vote-getters in primary elections of justices of the state supreme court, judges of the courts of appeals, superior courts, and district courts, and the superintendent of public instruction shall appear on the general election ballot. The study shall include a survey of how many times a judicial candidate and a candidate for superintendent of public instruction have appeared without opposition on the general election ballot from 1985 to present; the number of voters voting for these races in the primary election as opposed to voting for the same races in the general election; if the differences in the numbers of voters voting at the primary and voting at the general election may have resulted in a different election result. The study shall also include a financial analysis of the proposed changes. The secretary of state shall report the results of the study to the appropriate committees of the legislature no later than January 31, 2006.

When a person is convicted of a felony, the court shall require the defendant to sign a statement acknowledging that:

(1) The defendant's right to vote has been lost due to the felony conviction;

Sec. 2. RCW 29A.08.010 and 2004 c 267 s 102 are each amended to read as follows:
As used in this chapter: "Information required for voter registration" means the minimum information provided on a voter registration application that is required by the county auditor in order to place a voter registration applicant on the voter registration rolls. This information includes ((the applicant's)):
   (1) Name((of complete residence));
   (2) Residential address((s));
   (3) Date of birth((s));
   (4) Washington state driver's license number(((s))) or Washington state identification card number, or the last four digits of the applicant's Social Security number((s)) if the applicant does not have a Washington state driver's license or Washington state identification card;
   (5) A signature attesting to the truth of the information provided on the application((s)); and
   (6) A check or indication in the box confirming the individual is a United States citizen.
If the individual does not have a driver's license, state identification card, or Social Security number, the registrant must be issued a unique voter registration number (((and))) in order to be placed on the voter registration rolls. All other information supplied is ancillary and not to be used as grounds for not registering an applicant to vote. Modification of the language of the official Washington state voter registration form by the voter will not be accepted and will cause the rejection of the registrant's application.

Sec. 3. RCW 29A.08.030 and 2004 c 267 s 104 are each amended to read as follows:
The definitions set forth in this section apply throughout this chapter, unless the context clearly requires otherwise.
(1) "Verification notice" means a notice sent by the county auditor or secretary of state to a voter registration applicant and is used to verify or collect information about the applicant in order to complete the registration. The verification notice must be designed to include a postage prepaid, preaddressed return form by which the applicant may verify or send information.
(2) "Acknowledgement notice" means a notice sent by nonforwardable mail by the county auditor or secretary of state to a registered voter to acknowledge a voter registration transaction, which can include initial registration, transfer, or reactivation of an inactive registration. An acknowledgement notice may be a voter registration card.
(3) "Confirmation notice" means a notice sent to a registered voter by first class forwardable mail at the address indicated on the voter's permanent registration record and to any other address at which the county auditor or secretary of state could reasonably expect mail to be received by the voter in order to confirm the voter's residence address. The confirmation notice must be designed ((so that the voter may update his or her current residence address)) to include a postage prepaid, preaddressed return form by which the registrant may verify the address information.

Sec. 4. RCW 29A.08.107 and 2004 c 267 s 106 are each amended to read as follows:
(1) The secretary of state must review the information provided by each voter registration applicant to ensure that ((either)) the provided driver's license number, state identification card number, or ((the)) last four digits of the Social Security number match the information maintained by the Washington department of licensing or the Social Security administration. If a match cannot be made, the secretary of state or county auditor must correspond with the applicant to resolve the discrepancy.
(2) If the applicant fails to respond to any correspondence required in this section to confirm information provided on a voter registration application((s)) within ((thirty)) forty-five days, the applicant will not be registered to vote. The secretary of state shall forward the application to the appropriate county auditor for document storage.
(3) Only after the secretary of state has confirmed that ((the applicant's)) the provided driver's license number, state identification card number, or ((the)) last four digits of the applicant's Social Security number match existing records with the Washington department of licensing or the Social Security administration, or determined that the applicant does not have ((either)) a driver's license number, state identification card number, or Social Security number may the applicant be placed on the official list of registered voters.
(4) In order to prevent duplicate registration records, all complete voter registration applications must be screened against existing voter registration records in the official statewide voter registration list. If a match of an existing record is found in the official list, the record must be updated with the new information provided on the application. If the new information indicates that the voter has changed his or her county of residence, the application must be forwarded to the voter's new county of residence for processing.

Sec. 5. RCW 29A.08.110 and 2004 c 267 s 107 are each amended to read as follows:

(1) ((On receipt of an application for voter registration, the county auditor shall review the application to determine whether the information supplied is complete.)) An application is considered complete only if it contains the applicant's name, complete valid residence address, date of birth, ((and)) signature attesting to the truth of the information provided, a mark in the check-off box confirming United States citizenship, and an indication ([the license information]) that the provided driver's license number, state identification card number, or Social Security number has been confirmed by the secretary of state. If it is not complete, the auditor shall promptly mail a verification notice of the deficiency to the applicant. This verification notice shall require the applicant to provide the missing information. If the verification notice is not returned by the applicant within forty-five days or is returned as undeliverable ((the auditor shall not place)), the name of the applicant shall not be placed on the ([county voter]) official list of registered voters. If the applicant provides the required verified information, the applicant shall be registered to vote as of the original date of mailing ([of the original voter registration application]) or date of delivery, whichever is applicable.

(2) ((In order to prevent duplicate registration records, all complete voter registration applications must be screened against existing voter registration records in the official statewide voter registration list. If a match of an existing record is found in the official list the record must be updated with the new information provided on the application. If the new information indicates that the voter has changed his or her county of residence, the application must be forwarded to the voter's new county of residence for processing. If the new information indicates that the voter remains in the same county of residence or if the applicant is a new voter the application must be processed by the county of residence.

(3) If the information required in subsection (1) of this section is complete, the applicant is considered to be registered to vote as of the original date of mailing or date of delivery, whichever is applicable. The auditor shall record the appropriate precinct identification, taxing district identification, and date of registration on the voter's record in the state voter registration list. Within forty-five days after the receipt of an application but no later than seven days before the next primary, special election, or general election, the auditor shall send to the applicant, by first class mail, an acknowledgement notice identifying the registrant's precinct and containing such other information as may be required by the secretary of state. The postal service shall be instructed not to forward a voter registration card to any other address and to return to the auditor any card which is not deliverable. ([If the registrant has indicated on the form that he or she is registered to vote within the county but has provided a nontraditional address within the county that is for voter registration purposes, the auditor shall transfer the voter's registration.]

(4) If an acknowledgement notice card is properly mailed as required by this section to the address listed by the voter as being the voter's mailing address and the notice is subsequently returned to the auditor by the postal service as being undeliverable to the voter at that address, the auditor shall promptly send the voter a confirmation notice. The auditor shall place the voter's registration on inactive status pending a response from the voter to the confirmation notice.

NEW SECTION. Sec. 6. A new section is added to chapter 29A.08 RCW to read as follows:

No person registering to vote, who meets all the qualifications of a registered voter in the state of Washington, shall be disqualified because of a nontraditional address being used as a residence address. Voters using such an address will be registered and assigned to a precinct based on the location provided. Voters without a traditional address will be registered at the county courthouse, city hall, or other public building near the area that the voter considers his or her residence. Registering at a nontraditional address will not disqualify a voter from requesting ongoing absentee voter status if the voter designates a valid mailing address.

For the purposes of this section, "nontraditional address" includes shelters, parks, or other identifiable locations that the voter deems to be his or her residence.

NEW SECTION. Sec. 7. A new section is added to chapter 29A.08 RCW to read as follows:

(1) If a voter who registered by mail indicates on the voter registration form that he or she does not have a Washington state driver's license, Washington state identification card, or Social Security number, he or she must provide one of the following forms of identification the first time he or she votes after registering:

(a) Valid photo identification;
(b) A valid enrollment card of a federally recognized Indian tribe in Washington state;
(c) A copy of a current utility bill;
(d) A current bank statement;
(e) A copy of a current government check;
(f) A copy of a current paycheck; or
(g) A government document that shows both the name and address of the voter.

(2) If the voter fails to provide one of the above forms of identification prior to or at the time of voting, the ballot must be treated as a provisional ballot regardless of whether the voter is voting at a poll site or by mail. The ballot may only be counted if the voter's signature on the outside envelope matches the signature in the voter registration records.

(3) The requirements of this section do not apply to an out-of-state, overseas, or service voter who registers to vote by signing the return envelope of the absentee ballot.

Sec. 8. RCW 29A.08.115 and 2004 c 267 s 108 are each amended to read as follows:

A person or organization collecting voter registration application forms must transmit the forms to the secretary of state or a ((designee)) county auditor at least once weekly. The registration date on such forms will be the date they are received by the secretary of state or county auditor.

If a verification notice is returned as undeliverable or the applicant fails to respond to the notice within forty-five days, the (auditor shall not register the) applicant shall not be registered to vote.

The following warning shall appear in a conspicuous place on the voter registration form:

"If you knowingly provide false information on this voter registration form or knowingly make a false declaration about your qualifications for voter registration you will have committed a class C felony that is punishable by imprisonment for up to five years, or by a fine of up to ten thousand dollars, or both."

NEW SECTION. Sec. 12. A new section is added to chapter 29A.08 RCW to read as follows:

(1) When a felony offender has completed all the requirements of his or her sentence, the county clerk shall immediately transmit this information to the secretary of state along with information about the county where the conviction occurred and the county that is the last known residence of the offender. The secretary of state shall maintain such records as part of the elections data base.

(2) If the offender has completed all the requirements of all of his or her sentences for all of his or her felony convictions, the secretary of state shall transmit information about the restoration of the former felon's voting rights to the county auditor where the conviction took place and, if different, the county where the felon was last known to reside.

Sec. 13. RCW 29A.08.250 and 2004 c 267 s 117 are each amended to read as follows:

The secretary of state shall furnish registration forms necessary to carry out the registration of voters as provided by this chapter without cost to the respective counties. All voter registration forms must include clear and conspicuous language, designed to draw an applicant's attention, stating that the applicant must be a United States citizen in order to register to vote. Voter registration application forms must also contain a space for the applicant to provide his or her driver's license number or the last four digits of his or her social security number as well as check boxes intended to allow the voter to indicate age and United States citizenship eligibility under the Help America Vote Act of 2002 (P.L. 107-252).

Sec. 14. RCW 29A.08.330 and 2003 c 111 s 224 are each amended to read as follows:

(1) The secretary of state shall prescribe the method of voter registration for each designated agency. The agency shall use either the state voter registration by mail form with a separate declination form for the applicant to indicate that he or she declines to register at this time, or the agency may use a separate form approved for use by the secretary of state.

(2) The person providing service at the agency shall offer voter registration services to every client whenever he or she applies for service or assistance and with each renewal, recertification, or change of address. The person providing service shall give the applicant the same level of assistance with the voter registration application as is offered to fill out the agency's forms and documents, including information about age and citizenship requirements for voter registration.

(3) The person providing service at the agency shall determine if the prospective applicant wants to register to vote or transfer his or her voter registration by asking the following question:
"Do you want to register to vote or transfer your voter registration?"

If the applicant chooses to register or transfer a registration, the service agent shall ask the following:

(a) "Are you a United States citizen?"
(b) "Are you or will you be eighteen years of age on or before the next election?"

If the applicant answers in the affirmative to both questions, the agent shall then provide the applicant with a voter registration form and instructions and shall record that the applicant has requested to register to vote or transfer a voter registration. If the applicant answers in the negative to either question, the agent shall not provide the applicant with a voter registration form.

If an agency uses a computerized application process, it may, in consultation with the secretary of state, develop methods to capture simultaneously the information required for voter registration during a person's computerized application process.

Each designated agency shall provide for the voter registration application forms to be collected from each agency office at least once each week. The agency shall then forward the application forms to the secretary of state each week. The secretary of state shall forward the forms to the county in which the applicant has registered to vote no later than ten days after the date on which the forms were received by the secretary of state.

Sec. 15. RCW 29A.08.520 and 2004 c 267 s 126 are each amended to read as follows:

(1) Upon receiving official notice of a person's conviction of a felony in either state or federal court, if the convicted person is a registered voter in the county, the county auditor shall cancel the defendant's voter registration. Additionally, the secretary of state in conjunction with the department of corrections, the Washington state patrol, the office of the administrator for the courts, and other appropriate state agencies shall arrange for a quarterly comparison of a list of known felons with the statewide voter registration list. If a person is found on a felon list and the statewide voter registration list, the secretary of state or county auditor shall confirm the match through a date of birth comparison and suspend the voter registration from the official state voter registration list. The canceling authority shall send a notice of the proposed cancellation and an explanation of the requirements for restoring the right to vote once all terms of sentencing have been completed. If the person does not respond within thirty days, the registration must be canceled.

(2) The right to vote may be restored by, for each felony conviction, one of the following:
(a) A certificate of discharge issued by the sentencing court, as provided in RCW 9.94A.637;
(b) A court order restoring the right, as provided in RCW 9.92.066;
(c) A final order of discharge issued by the indeterminate sentence review board, as provided in RCW 9.96.050; or
(d) A certificate of restoration issued by the governor, as provided in RCW 9.96.020.

Sec. 16. RCW 29A.08.651 and 2004 c 267 s 101 are each amended to read as follows:

(1) The office of the secretary of state shall create and maintain a statewide voter registration data base. This data base must be a single, uniform, official, centralized, interactive computerized statewide voter registration list defined, maintained, and administered at the state level that contains the name and registration information of every legally registered voter in the state and assigns a unique identifier to each legally registered voter in the state.

(2) The computerized list must serve as the single system for storing and maintaining the official list of registered voters throughout the state.

(3) The computerized list must contain the name and registration information of every legally registered voter in the state.

(4) Under the computerized list, a unique identifier is assigned to each legally registered voter in the state.

(5) The computerized list must be coordinated with other agency data bases within the state, including but not limited to the department of corrections, the department of licensing, (and) the department of health, the Washington state patrol, and the office of the administrator for the courts. The computerized list may also be coordinated with the data bases of election officials in other states.

(6) Any election officer in the state, including any local election officer, may obtain immediate electronic access to the information contained in the computerized list.

(7) All voter registration information obtained by any local election officer in the state must be electronically entered into the computerized list on an expedited basis at the time the information is provided to the local officer.
(8) The chief state election officer shall provide support, as may be required, so that local election officers are able to enter information as described in subsection (3) of this section.

(9) The computerized list serves as the official voter registration list for the conduct of all elections.

(10) The secretary of state has data authority on all voter registration data.

(11) The voter registration data base must be designed to accomplish at a minimum, the following:

(a) Comply with the Help America Vote Act of 2002 (P.L. 107-252);

(b) Identify duplicate voter registrations;

(c) Identify suspected duplicate voters;

(d) Screen against the department of corrections, the Washington state patrol, and other appropriate state agency data bases to aid in the cancellation of voter registration of felons, of persons who have declined to serve on juries by virtue of not being citizens of the United States, and of persons determined to be legally incompetent to vote;

(e) Provide up-to-date signatures of voters for the purposes of initiative signature checking;

(f) Provide for a comparison between the voter registration data base and the department of licensing change of address data base;

(g) Provide online access for county auditors with the goal of real time duplicate checking and update capabilities; and

(h) Provide for the cancellation of voter registration for persons who have moved to other states and surrendered their Washington state drivers' licenses.

(12) In order to maintain the statewide voter registration data base, the secretary of state may, upon agreement with other appropriate jurisdictions, screen against data bases maintained by election officials in other states and data bases maintained by federal agencies including, but not limited to, the federal bureau of investigation, the federal court system, the federal bureau of prisons, and the bureau of citizenship and immigration services.

(13) The secretary of state shall retain information regarding previous successful appeals of proposed cancellations of registrations in order to avoid repeated cancellations for the same reason.

(14) The secretary of state must review and update the records of all registered voters on the computerized list on a quarterly basis to make additions and corrections.

Sec. 17. RCW 29A.08.710 and 2004 c 267 s 133 are each amended to read as follows:

(1) The county auditor shall have custody of the original voter registration records for each county. The original voter registration form must be filed without regard to precinct and is considered confidential and unavailable for public inspection and copying. An automated file of all registered voters must be maintained pursuant to RCW 29A.08.125. An auditor may maintain the automated file in lieu of filing or maintaining the original voter registration forms if the automated file includes all of the information from the original voter registration forms including, but not limited to, a retrievable facsimile of each voter's signature.

(2) The following information contained in voter registration records or files regarding a voter or a group of voters is available for public inspection and copying, except as provided in RCW 40.24.060: The voter's name, address, political jurisdiction, gender, date of birth, voting record, date of registration, and registration number. (The address and political jurisdiction of a registered voter are available for public inspection and copying except as provided by chapter 40.24 RCW.) No other information from voter registration records or files is available for public inspection or copying.

Sec. 18. RCW 29A.08.720 and 2004 c 266 s 9 are each amended to read as follows:

(1) In the case of voter registration records received through the department of licensing, the identity of the office at which any particular individual registered to vote is not available for public inspection and shall not be disclosed to the public. In the case of voter registration records received through an agency designated under RCW 29A.08.310, the identity of the agency at which any particular individual registered to vote is not available for public inspection and shall not be disclosed to the public. Any record of a particular individual's choice not to register to vote at an office of the department of licensing or a state agency designated under RCW 29A.08.310 is not available for public inspection and any information regarding such a choice by a particular individual shall not be disclosed to the public.

(2) (All) Subject to the restrictions of RCW 29A.08.710, poll books (or), precinct lists, and current lists of registered voters((except original voter registration forms or their images, shall be)) are public records and must be made available for public inspection and copying under such reasonable rules and regulations as the county auditor or secretary of state may prescribe. The county auditor or secretary of state shall promptly furnish current lists ((or mailing labels)) of registered voters in his or her possession, at actual reproduction cost, to any person requesting such information. The lists ((and labels)) shall not be used for the purpose of mailing or delivering any advertisement or offer for any property, establishment, organization, product, or service or for the purpose of mailing or delivering any solicitation for money, services, or anything of value. However, the lists
and labels may be used for any political purpose. The county auditor or secretary of state must provide a copy of RCW 29A.08.740 to the person requesting the material that is released under this section.

Sec. 19. RCW 29A.08.740 and 2003 c 111 s 249 and 2003 c 53 s 176 are each reenacted and amended to read as follows:

(1) Any person who uses registered voter data furnished under RCW 29A.08.720 ((or 29A.08.730)) for the purpose of mailing or delivering any advertisement or offer for any property, establishment, organization, product, or service or for the purpose of mailing or delivering any solicitation for money, services, or anything of value is guilty of a class C felony punishable by imprisonment in a state correctional facility for a period of not more than five years or a fine of not more than ten thousand dollars or both such fine and imprisonment, and is liable to each person provided such advertisement or solicitation, without the person's consent, for the nuisance value of such person having to dispose of it, which value is herein established at five dollars for each item mailed or delivered to the person's residence. However, a person who mails or delivers any advertisement, offer, or solicitation for a political purpose is not liable under this section unless the person is liable under subsection (2) of this section. For purposes of this subsection, two or more attached papers or sheets or two or more papers that are enclosed in the same envelope or container or are folded together are one item. Merely having a mailbox or other receptacle for mail on or near the person's residence is not an indication that the person consented to receive the advertisement or solicitation. A class action may be brought to recover damages under this section, and the court may award a reasonable attorney's fee to any party recovering damages under this section.

(2) Each person furnished data under RCW 29A.08.720 ((or 29A.08.730)) shall take reasonable precautions designed to assure that the data is not used for the purpose of mailing or delivering any advertisement or offer for any property, establishment, organization, product, or service or for the purpose of mailing or delivering any solicitation for money, services, or anything of value. However, the data may be used for any political purpose. Where failure to exercise due care in carrying out this responsibility results in the data being used for such purposes, then such person is jointly and severally liable for damages under subsection (1) of this section along with any other person liable under subsection (1) of this section for the misuse of such data.

Sec. 20. RCW 29A.08.775 and 2004 c 267 s 136 are each amended to read as follows:

Only voters who appear on the official statewide voter registration list are eligible to participate in elections. Each county shall maintain a copy of that county's portion of the state list. The county must ensure that data used for the production of poll lists and other lists and mailings done in the administration of each election are (drawn from) the same as the official statewide voter registration list.

Sec. 21. RCW 29A.40.091 and 2004 c 271 s 135 are each amended to read as follows:

The county auditor shall send each absentee voter a ballot, a security envelope in which to seal the ballot after voting, a larger envelope in which to return the security envelope, and instructions on how to mark the ballot and how to return it to the county auditor. The instructions that accompany an absentee ballot for a partisan primary must include instructions for voting the applicable ballot style, as provided in chapter 29A.36 RCW. The absentee voter's name and address must be printed on the larger return envelope, which must also contain a declaration by the absentee voter reciting his or her qualifications and stating that he or she has not voted in any other jurisdiction at this election, together with a summary of the penalties for any violation of any of the provisions of this chapter. The declaration must clearly inform the voter that it is illegal to vote if he or she has been convicted of a felony and has not had his or her voting rights restored; and, except as otherwise provided by law, it is illegal to cast a ballot or sign an absentee envelope on behalf of another voter. The return envelope must provide space for the voter to indicate the date on which the ballot was voted and for the voter to sign the oath. It must also contain a space so that the voter may include a telephone number. A summary of the applicable penalty provisions of this chapter must be printed on the return envelope immediately adjacent to the space for the voter's signature. The signature of the voter on the return envelope must affirm and attest to the statements regarding the qualifications of that voter and to the validity of the ballot. The return envelope must also have a secrecy flap that the voter may seal that will cover the voter's signature and optional telephone number. For out-of-state voters, overseas voters, and service voters, the signed declaration on the return envelope constitutes the equivalent of a voter registration for the election or primary for which the ballot has been issued. The voter must be instructed to either return the ballot to the county auditor by whom it was issued or attach sufficient first class postage, if applicable, and mail the ballot to the appropriate county auditor no later than the day of the election or primary for which the ballot was issued.

If the county auditor chooses to forward absentee ballots, he or she must include with the ballot a clear explanation of the qualifications necessary to vote in that election and must also advise a voter with questions about his or her eligibility to
contact the county auditor. This explanation may be provided on the ballot envelope, on an enclosed insert, or printed directly on the ballot itself. If the information is not included, the envelope must clearly indicate that the ballot is not to be forwarded and that return postage is guaranteed.

Sec. 22. RCW 29A.84.140 and 2003 c 111 s 2108 are each amended to read as follows:
A person who knows that he or she does not possess the legal qualifications of a voter and who registers to vote is guilty of a ((misdemeanor punishable under RCW 9A.20.021)) class C felony.

Sec. 23. RCW 46.20.118 and 1990 c 250 s 37 are each amended to read as follows:
The department shall maintain a negative file. It shall contain negatives of all pictures taken by the department of licensing as authorized by RCW 46.20.070 through 46.20.119. Negatives in the file shall not be available for public inspection and copying under chapter 42.17 RCW. The department may make the file available to official governmental enforcement agencies to assist in the investigation by the agencies of suspected criminal activity. The department shall make the file available to the office of the secretary of state, at the expense of the secretary of state, to assist in maintenance of the statewide voter registration data base. The department may also provide a print to the driver's next of kin in the event the driver is deceased.

Sec. 24. RCW 46.20.155 and 2004 c 249 s 7 are each amended to read as follows:
(1) Before issuing an original license or identicard or renewing a license or identicard under this chapter, the licensing agent shall determine if the applicant wants to register to vote or transfer his or her voter registration by asking the following question:

"Do you want to register to vote or transfer your voter registration?"

If the applicant chooses to register or transfer a registration, the agent shall ask the following:

("I would like to remind you that you must be a United States citizen and at least eighteen years of age in order to vote.

(1) "Are you a United States citizen?"
(2) "Are you or will you be eighteen years of age on or before the next election?"

If the applicant answers in the affirmative to both questions, the agent shall then provide the applicant with a voter registration form and instructions and shall record that the applicant has requested to register to vote or transfer a voter registration. If the applicant answers in the negative to either question, the agent shall not provide the applicant with a voter registration form.

(2) The department shall establish a procedure that substantially meets the requirements of subsection (1) of this section when permitting an applicant to renew a license or identicard by mail or by electronic commerce.

NEW SECTION. Sec. 25. The following acts or parts of acts are each repealed:
(1) RCW 29A.08.155 (Payment for maintenance of electronic records) and 2004 c 267 s 114 & 2003 c 111 s 215; and
(2) RCW 29A.08.730 (Registration, voting--Furnishing data upon request--Cost--Use restricted) and 2003 c 111 s 248, 1994 c 57 s 6, & 1973 1st ex.s. c 111 s 3.

"NEW SECTION. Sec. 3. A new section is added to chapter 82.32 to read as follows:
The legislature finds that accountability and effectiveness are important aspects of setting tax policy. In order to make policy choices regarding the best use of limited state resources the legislature needs information on how a tax incentive is used.

Each person claiming a tax exemption under section one of this act shall report information to the department by filing a complete annual survey. The survey is due by March 31st of the year following any calendar year in which a tax exemption under section one of this act is taken. The survey shall include the amount of tax exemption taken. The survey shall also include the following information for employment positions in Washington:

(a) The number of total employment positions;

All information collected under this subsection, except the amount of the tax exemption taken, is deemed taxpayer information under RCW 82.32.330. Information on the amount of tax exemption taken is not subject to the confidentiality provisions of RCW 82.32.330.

If a person fails to submit an annual survey under subsection (2) of this section by the due date of the report, the department shall declare the amount of taxes exempted for the previous calendar year to be immediately due and payable. The department shall assess interest, but not penalties, on the amounts due under this section. The amount due shall be calculated using a rate of 0.138 percent. The interest shall be assessed at the rate provided for delinquent taxes under this chapter, retroactively to the date the exemption was claimed, and shall accrue until the taxes for which the exemption was claimed are repaid. This information is not subject to the confidentiality provision of RCW 82.32.330.

The department shall use the information from this section to prepare summary descriptive statistics by category. No fewer than three taxpayers shall be included in any category. The department shall report these statistics to the legislature each year by September 1st.

The department shall study the tax exemption authorized in section one of this act. The department shall submit a report to the finance committee of the house of representatives and the ways and means committee of the senate by December 1, 2011. The report shall measure the effect of the exemption on job creation, job retention, company growth, the movement of firms or the consolidation of firms' operations into the state, and such other factors as the department selects.”

SPEAKER'S PRIVILEGE

The Speaker introduced former Governor Gary Locke who addressed the body.

Former Governor Locke: "Thank you, Mr. Speaker. It is really great to be back here in Olympia. We were here today for the planting of a tree in honor of Madeline. This is actually Earth Day and we normally plant a tree on Arbor Day but this fit into our schedule. When Emily was born, in 1997, Briggs Nursery donated a tree in honor of her which was planted on Arbor Day. When Dylan was born in 1999, again Briggs Nursery donated a tree planted in his honor on Arbor Day. So today we planted a tree at 10:30 today outside the Governor's Mansion which was donated by Briggs Nursery in honor of Madeline. So we were here for that and right now the kids are seeing their good friends over at Centennial Elementary School. They miss their friends, they miss the familiarity of Olympia very much.

Good to see all of you and it's good to know that you are going to adjourn forthwith on Sine Die."

I spent all of my adult life in law enforcement including 12 years as a police chief. I can tell you that for the most part the type of service delivery we do in law enforcement and security work depends entirely upon the quality of the people that we employ. I am proud to say that the people that I've observed over the past several months on behalf of our security efforts and particularly our Sergeant at Arms, Ron Finley and his staff, some of the young men and women that we've come to know but I would offer, Mr. Speaker, that they do fine work and I would implore us to recognize them appropriately for their efforts."

**POINT OF PERSONAL PRIVILEGE**

Representative Hunt: "Thank you, Mr. Speaker. We have a group in the wings that I would like to have you invite to join us on the floor. I want you to look at the finest legislative staff in the United States of America. This nonpartisan staff works hours and hours, days and nights, they are here before we get to work in the morning. They are here to clean up literally our legislative mess every night after we go home. We were are tucking into bed, they are still sitting at their computers working on those amendments, working on those bill reports, drafting all that stuff, be it an election bill, a lottery bill, an education bill, a budget bill and they all know their stuff. It is amazing that whenever we want information, they know where to find it. I can't say enough about the wonderful job that each
and everyone of you do. We know that we could not function as the House of Representatives without the excellent work that you do, often times behind the scenes. We thought for once that we ought to let you be out here on the Floor with us to see what a wonderful chamber this is as well. It is a beautiful place and we're glad to be back in it.

Thank you each and every one of you for the many things you do to help this Legislature succeed.”

POINT OF PERSONAL PRIVILEGE

Representative Santos: "Thank you, Mr. Speaker. The good gentleman from the 22nd District acknowledged the great support that we receive from our OPR staff. There is another group of individuals without whom we would not be able to work in this fine establishment and pump out all of the thoughtful legislation that we deliberate on – that would be the staff of the House Workroom. I'd like to introduce each of them by name and allow you to acknowledge them.

Mr. Speaker, this fine staff is supervised by the meticulous and marvelous Mary Mackey who runs a tight ship but I know is always a happy ship because whenever you walk back there they are full of smiles and hugs and just incredible help. We are also very blessed to have the sonorous and snazzy Sean Kochaniewicz who every morning begins our legislative sessions by repeating all of the names the members of this chamber even though we are not here. And the fine crew standing by the Speaker include the delightful and diligent Darrell Hopson, hard working and happy Heather Evans and genial and gracious Genevieve Panush. On behalf of the body of the Legislature, I hope Mr. Speaker that we will rise and give them our most deep felt gratitude for making us look good every day of the Legislative session."

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature has and continues to recognize the vital importance of economic development to the health and prosperity of Washington state as indicated in RCW 43.160.010, 43.155.070(4)(g), 43.163.005, and 43.168.010. The legislature finds that current economic development programs and funding, which are primarily low-interest loan programs, can be enhanced by creating a grant program to assist with public infrastructure projects that directly stimulate community and economic development by supporting the creation of new jobs or the retention of existing jobs.

NEW SECTION. Sec. 2. A new section is added to chapter 43.160 RCW to read as follows:

(1) The job development fund program is created to provide grants for public infrastructure projects that will stimulate job creation or assist in job retention. The program is to be administered by the board. The board shall establish a competitive process to request and prioritize proposals and make grant awards.

(2) For the purposes of this act, "public infrastructure projects" has the same meaning as "public facilities" as defined in RCW 43.160.020(11).

(3) The board shall conduct a statewide request for project applications. The board shall apply the following criteria for evaluation and ranking of applications:
(a) The relative benefits provided to the community by the jobs the project would create, including, but not limited to:
(i) The total number of jobs; (ii) the total number of full-time, family wage jobs; (iii) the unemployment rate in the area; and (iv) the increase in employment in comparison to total community population;
(b) The present level of economic activity in the community and the existing local financial capacity to increase economic activity in the community;
(c) The rate of return of the state's investment, that includes the expected increase in state and local tax revenues associated with the project;
(d) The lack of another timely source of funding available to finance the project which would likely prevent the proposed community or economic development, absent the financing available under this act;
(e) The ability of the project to improve the viability of existing business entities in the project area;
(f) Whether or not the project is a partnership of multiple jurisdictions;
(g) Demonstration that the requested assistance will directly stimulate community and economic development by facilitating the creation of new jobs or the retention of existing jobs; and
(h) The availability of existing assets that applicants may apply to projects.

(4) Job development fund program grants may only be awarded to those applicants that have entered into or expect to enter into a contract with a private developer relating to private investment that will result in the creation or retention of jobs upon completion of the project. Job development fund program grants shall not be provided for any project where:
(a) The funds will not be used within the jurisdiction or jurisdictions of the applicants; or
(b) Evidence exists that the project would result in a development or expansion that would displace existing jobs in any other community in the state.

(5) The board shall, with the joint legislative audit and review committee, develop performance criteria for each grant and evaluation criteria to be used to evaluate both how well successful applicants met the community and economic development objectives stated in their applications, and how well the job development fund program performed in creating and retaining jobs.

NEW SECTION. Sec. 3. A new section is added to chapter 43.160 RCW to read as follows:
The maximum grant from the job development fund for any one project is ten million dollars. Grant assistance from the job development fund may not exceed thirty-three percent of the total cost of the project. The nonstate portion of the total project cost may include cash, the value of real property when acquired solely for the purpose of the project, and in-kind contributions.

Sec. 4. RCW 43.155.050 and 2001 c 131 s 2 are each amended to read as follows:
(1) The public works assistance account is hereby established in the state treasury. Money may be placed in the public works assistance account from the proceeds of bonds when authorized by the legislature or from any other lawful source. Money in the public works assistance account shall be used to make loans and to give financial guarantees to local governments for public works projects. Moneys in the account may also be appropriated to provide for state match requirements under federal law for projects and activities conducted and financed by the board under the drinking water assistance account. Not more than fifteen percent of the biennial capital budget appropriation to the public works board from this account may be expended or obligated for preconstruction loans, emergency loans, or loans for capital facility planning under this chapter; of this amount, not more than ten percent of the biennial capital budget appropriation may be expended for emergency loans and not more than one percent of the biennial capital budget appropriation may be expended for capital facility planning loans.

(2) The job development fund is hereby established in the state treasury. Up to fifty million dollars each biennium from the public works assistance account may be transferred into the job development fund. Money in the job development fund may be used solely for job development fund program grants, administrative expenses related to the administration of the job development fund program created in section 2 of this act, and for the report prepared by the joint legislative audit and review committee pursuant to section 5(2) of this act. Moneys in the job development fund may be spent only after appropriation. The board shall prepare a prioritized list of proposed projects of up to fifty million dollars as part of the department's 2007-09 biennial budget request. The board may provide an additional alternate job development fund project list of up to ten million dollars. The legislature may remove projects from the list recommended by the board. The legislature may not change the prioritization of projects recommended for funding by the board, but may add projects from the alternate list in order of priority, as long as the total funding does not exceed fifty million dollars.

NEW SECTION. Sec. 5. (1) The joint legislative audit and review committee shall conduct an inventory of all state public infrastructure programs and funds. The inventory shall identify: The public infrastructure state programs and funds and the purposes each serve; how the program or fund is implemented; the types of public infrastructure projects supported by the
program or fund; the dollar amount of the projects funded by each program or fund; the balance of a fund, if applicable; and the geographic distribution of projects supported by a program or fund. Where applicable, the inventory shall identify overlaps or gaps in types of public infrastructure projects supported through state programs or funds. Where appropriate, the inventory shall evaluate the return on investment for economic development infrastructure programs. The inventory shall be delivered to the appropriate committees of the legislature by December 1, 2006.

(2) By September 1, 2010, the joint legislative audit and review committee shall submit a report on the outcomes of the job development fund program to the appropriate committees of the legislature. The report shall apply the performance and evaluation criteria developed by the community economic revitalization board and the committee and shall include a project by project review detailing how the funds were used and whether the performance measures were met. The report shall also include impacts to the availability of low-interest and interest-free loans to local governments under RCW 43.155.055, 43.155.060, 43.155.065, and 43.155.068, resulting from appropriations to the job development fund. Information in the report shall include, but not be limited to:

(a) The total funds appropriated from the public works assistance account to the job development account;
(b) The ratio of loan requests submitted to the public works board as compared to actual money available for loans in the public works assistance account since the effective date of this act;
(c) The total amount that would have been available for loans from the public works assistance account had this act not taken effect;
(d) Identification of specific loan requests that would have qualified for funding under chapter 43.155 RCW had money been available in the public works assistance account;
(e) Assessment of increased costs for otherwise qualifying projects where local governments were compelled to seek alternate funding sources.

NEW SECTION. Sec. 6. This act expires June 30, 2011.

NEW SECTION. Sec. 7. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 28A.175 RCW to read as follows:

The superintendent of public instruction shall review and evaluate promising programs and practices for dropout prevention. The superintendent may consult with education administrators and providers, parents, students, and researchers as appropriate, and shall include in the review dropout prevention programs using nonpunitive approaches to school discipline. The superintendent shall report to the legislature by December 1, 2005, and recommend:

(1) The most promising comprehensive dropout prevention programs and practices that encompass school-wide or district-wide restructuring of the delivery of educational services;

(2) The most promising targeted dropout prevention programs and practices designed to provide social and other services in coordination with educational services to students who are at risk of dropping out due to the presence of family, personal, economic, or cultural circumstances; and

(3) Policy and other changes to enhance the ability of career and technical education and skills center programs to further contribute to dropout prevention efforts.

NEW SECTION. Sec. 2. (1) To the extent funds are appropriated, the office of the superintendent of public instruction in conjunction with the administrative office of the courts, shall convene a work group to evaluate the following:

(a) Review the implementation of the Becca bill and other school attendance measures to determine their consistent application across the state and their conformance with state law;

(b) The definition of excused and unexcused absences;

(c) Creating incentives for school districts to improve student attendance; and

(d) Related data collection requirements on graduation, dropouts, student transfer, and other issues related to student attendance.

(2) The work group shall include representatives of the following groups, agencies, and organizations:

(a) The office of the superintendent of public instruction;

(m) Other interested education organizations and personnel.

(3) The office of the superintendent of public instruction shall report the findings of the work group under this section to the governor, the state board of education, and the legislature no later than January 10, 2006.

Sec. 3. RCW 28A.175.010 and 1991 c 235 s 4 are each amended to read as follows:

Each school district shall account for the educational progress of each of its students. To achieve this, school districts shall be required to report annually to the superintendent of public instruction:

(1) For students enrolled in each of a school district's high school programs:

(a) The number of students ((eligible for graduation)) who graduate in fewer than four years;

(b) The number of students who graduate in four years;
(c) The number of students who remain in school for more than four years but who eventually graduate and the number of students who remain in school for more than four years but do not graduate;

(d) The number of students who transfer to other schools;

(e) The number of students who enter from other schools;

(4) The number of students in the ninth through twelfth grade who drop out of school over a four-year period; and

In developing rules, the superintendent of public instruction shall consult with school districts, including administrative and counseling personnel, with regard to the methods through which information is to be collected and reported.

(6) In reporting on the causes or reasons, or both, attributed to students for having dropped out of school, school building officials shall, to the extent reasonably practical, obtain such information directly from students. In lieu of obtaining such information directly from students, building principals and counselors shall identify the causes or reasons, or both, based on their professional judgment.

(7) The superintendent of public instruction shall report annually to the legislature the information collected under subsections (1) through (4) of this section.

NEW SECTION. Sec. 4. The legislature finds that the dropout rate of the state's Native American students is the highest in the state. Approximately one-half of all Native American high school students drop out before graduating with a diploma. The legislature also finds that culturally relevant educational opportunities are important contributors to other efforts to increase the rates of high school graduation for Native American students. The legislature further finds that the higher education participation rate for Native American students is the lowest in the state, and that more can be done to encourage Native American students to pursue higher educational opportunities. The legislature intends to authorize accredited public tribal colleges to participate in the running start program for the purposes of reducing the dropout rate of Native American students and encouraging greater participation rates in higher education.

Sec. 5. RCW 28A.600.300 and 2002 c 80 s 1 are each amended to read as follows:

For the purposes of RCW 28A.600.310 through 28A.600.400, "participating institution of higher education" or "institution of higher education" means:

MESSAGE FROM THE SENATE

April 22, 2005

Mr. Speaker:

The Senate receded from its amendment to SUBSTITUTE HOUSE BILL NO. 1893. Under suspension of the rules the bill was returned to second reading for purpose of amendment. The Senate adopted the following amendment and passed the bill as amended by the Senate:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the quality of education for children who are deaf or hard of hearing and the expectations for those children's achievement should be equivalent to those for children throughout the state. The legislature also finds that deaf and hard of hearing children can benefit greatly if they are taught by an educator who is trained to understand the learning and communication issues the children face. Educators who received teacher training in a program for the deaf and hard of hearing are sensitive to the needs of deaf and hard of hearing students and are able to provide appropriate strategies to assist students in reacting to and interacting with their environment. The legislature intends to assist school districts in their efforts to attract teachers who are especially trained to work with deaf and hard of hearing students by directing the state board of education to establish a certification endorsement for teachers of the deaf and hard of hearing.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.410 RCW to read as follows:

The agency responsible for teacher certification shall develop certification endorsement requirements for teachers of deaf and hard of hearing students. The endorsement shall be focused on the specific skills and knowledge necessary to serve the education and communication needs of deaf and hard of hearing students. In establishing rules for the endorsement of teachers
who will be working almost exclusively with students who are deaf or hard of hearing, the agency shall consider applicants to have met state endorsement requirements if they possess a baccalaureate or master's degree in deaf education from a teacher training program approved by the council on education of the deaf."

On page 1, line 2 of the title, after "hearing;" strike the remainder of the title and insert "adding a new section to chapter 28A.410 RCW; and creating a new section."

and the same is herewith transmitted.

These people have literally only been home in the last forty eight hours to shower and turn around and come back. They have not slept. If we do good work in Transportation, regardless of our disagreements as a body, we do good work because of these individuals. They are the brightest, most dedicated, most patient – they have to work with me afterall – group of individuals I have ever had the pleasure to work with and I cannot thank them enough for their good work and I am sure that the ranking member on Transportation would like to add a few words."

POINT OF PERSONAL PRIVILEGE

You know, when the good representative from the 43rd and I would meet and talk about the Transportation Budget and make just this little change or that little change and just give it to staff. Then we would leave at 10 or 11 o'clock at night and you guys were always there making those changes. Especially this last week when we have made so many changes to these budgets. You were always there, you were always smiling, you were always saying
"yes, we can do that' or 'no, Representative, you can't do that' but you were smiling when you said it. I have worked with most of you for six years now and you are just a fabulous staff. We are so grateful for your service. Thank you."

April 23, 2005

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1019, with the following amendment:

On page 1, beginning on line 15, strike all of Section 2 and insert the following:

"Sec. 2. RCW 84.36.381 and 2004 c 270 s 1 are each amended to read as follows: A person shall be exempt from any legal obligation to pay all or a portion of the amount of excess and regular real property taxes due and payable in the year following the year in which a claim is filed, and thereafter, in accordance with the following:

(1) The property taxes must have been imposed upon a residence which was occupied by the person claiming the exemption as a principal place of residence as of the time of filing: PROVIDED, That any person who sells, transfers, or is displaced from his or her residence may transfer his or her exemption status to a replacement residence, but no claimant shall receive an exemption on more than one residence in any year: PROVIDED FURTHER, That confinement of the person to a hospital, nursing home, boarding home, or adult family home shall not disqualify the claim of exemption if:

(a) The residence is temporarily unoccupied;"
(b) The residence is occupied by a spouse and/or a person financially dependent on the claimant for support; or
(c) The residence is rented for the purpose of paying nursing home, hospital, boarding home, or adult family home costs;

(2) The person claiming the exemption must have owned, at the time of filing, in fee, as a life estate, or by contract purchase, the residence on which the property taxes have been imposed or if the person claiming the exemption lives in a cooperative housing association, corporation, or partnership, such person must own a share therein representing the unit or portion of the structure in which he or she resides. For purposes of this subsection, a residence owned by a marital community or owned by cotenants shall be deemed to be owned by each spouse or cotenant, and any lease for life shall be deemed a life estate;

(3) The person claiming the exemption must be (a) sixty-one years of age or older on December 31st of the year in which the exemption claim is filed, or must have, at the time of filing, retired from regular gainful employment by reason of disability, or (b) a veteran of the armed forces of the United States with one hundred percent service connected disability as provided in 42 U.S.C. Sec. 423 (d)(1)(A) as amended prior to January 1, 2005. (c) PROVIDED That any surviving spouse of a person who was receiving an exemption at the time of the person's death shall qualify if the surviving spouse is fifty-seven years of age or older and otherwise meets the requirements of this section;

(4) The amount that the person shall be exempt from an obligation to pay shall be calculated on the basis of combined disposable income, as defined in RCW 84.36.383. If the person claiming the exemption was retired for two months or more of the assessment year, the combined disposable income of such person shall be calculated by multiplying the average monthly combined disposable income of such person during the months such person was retired by twelve. If the income of the person claiming exemption is reduced for two or more months of the assessment year by reason of the death of the person's spouse, or when other substantial changes occur in disposable income that are likely to continue for an indefinite period of time, the combined disposable income of such person shall be calculated by multiplying the average monthly combined disposable income of such person after such occurrences by twelve. If it is necessary to estimate income to comply with this subsection, the assessor may require confirming documentation of such income prior to May 31 of the year following application;

(5)(a) A person who otherwise qualifies under this section and has a combined disposable income of thirty-five thousand dollars or less shall be exempt from all excess property taxes; and
(b)(i) A person who otherwise qualifies under this section and has a combined disposable income of thirty thousand dollars or less but greater than twenty-five thousand dollars shall be exempt from all regular property taxes on the greater of fifty thousand dollars or thirty-five percent of the valuation of his or her residence; or
(ii) A person who otherwise qualifies under this section and has a combined disposable income of twenty-five thousand dollars or less shall be exempt from all regular property taxes on the greater of sixty thousand dollars or sixty percent of the valuation of his or her residence;

(6) For a person who otherwise qualifies under this section and has a combined disposable income of thirty-five thousand dollars or less, the valuation of the residence shall be the assessed value of the residence on the later of January 1, 1995, or January 1st of the assessment year the person first qualifies under this section. If the person subsequently fails to qualify under this section only for one year because of high income, this same valuation shall be used upon requalification. If the person fails to qualify for more than one year in succession because of high income or fails to qualify for any other reason, the valuation upon requalification shall be the assessed value on January 1st of the assessment year in which the person requalifies. If the person transfers the exemption under this section to a different residence, the valuation of the different residence shall be the assessed value of the different residence on January 1st of the assessment year in which the person transfers the exemption.

In no event may the valuation under this subsection be greater than the true and fair value of the residence on January 1st of the assessment year.

This subsection does not apply to subsequent improvements to the property in the year in which the improvements are made. Subsequent improvements to the property shall be added to the value otherwise determined under this subsection at their true and fair value in the year in which they are made."

Strike all of section 3.

Renumber the sections consecutively and correct any internal references accordingly.

On page 1, on line 3 of the title, after "84.36.379" strike "84.36.381, and 84.36.383", insert "and 84.36.381"

encumbrance of the real property. The department shall adopt a rule providing prior notice and hearing rights to the record title holder or purchaser under a land sale contract.

(2) The department shall present to the county auditor for recording a termination of request for notice of transfer or encumbrance when, in the judgment of the department, it is no longer necessary or appropriate for the department to monitor transfers or encumbrances related to the real property.

(3) The department shall adopt by rule a form for the request for notice of transfer or encumbrance and the termination of request for notice of transfer or encumbrance that, at a minimum:

(a) Contains the name of the public assistance recipient and a departmental case identifier or other appropriate information that links the individual who is the holder of record title to real property or the purchaser under a land sale contract to the individual’s public assistance records;
(b) Contains the legal description of the real property;
(c) Contains a mailing address for the department to receive the notice of transfer or encumbrance; and
(d) Complies with the requirements for recording in RCW 36.18.010 for those forms intended to be recorded.

(4) The department shall pay the recording fee required by the county clerk under RCW 36.18.010.

(5) The request for notice of transfer or encumbrance described in this section does not affect title to real property and is not a lien on, encumbrance of, or other interest in the real property.

NEW SECTION. Sec. 2. A new section is added to chapter 64.04 RCW to read as follows:

(1) If the department of social and health services has filed a request for notice of transfer or encumbrance under section 1 of this act:

(a) A title insurance company or agent that discovers the presence of a request for notice of transfer or encumbrance when performing a title search on real property shall disclose the presence of the request for notice of transfer or encumbrance in any report preliminary to, or any commitment to offer, a certificate of title insurance for the real property; and

The department of social and health services shall adopt by rule a model form for notice of transfer or encumbrance to be used by a purchaser or lender when notifying the department.

(2) If the department of social and health services has caused to be recorded a termination of request for notice of transfer or encumbrance in the deed and mortgage records under section 1 of this act, an individual transferring or encumbering the real property is not required to provide the notice of transfer or encumbrance required by subsection (1)(b) of this section.

Sec. 3. RCW 65.04.050 and 1996 c 143 s 4 are each amended to read as follows:

Every auditor or recording officer must keep a general index, direct and inverted. The index may be either printed on paper or produced on microfilm or microfiche, or it can be created from a computerized data base and displayed on a video display terminal. Any reference to a prior record location number may be entered in the remarks column. Any property legal description contained in the instrument must be entered in the description of property column of the general index. The direct index shall be divided into eight columns, and with heads to the respective columns, as follows: Date of reception, grantor, grantee, nature of instrument, volume and page where recorded and/or the auditor’s file number, remarks, description of property, assessor’s property tax parcel or account number. The auditor or recording officer shall correctly enter in such index every instrument concerning or affecting real estate which by law is required to be recorded, the names of grantors being in alphabetical order. The inverted index shall also be divided into eight columns, precisely similar, except that “grantee” shall occupy the second column and “grantor” the third, the names of grantees being in alphabetical order. The auditor or recording officer may combine the direct and indirect indexes into a single index if it contains all the information required to be contained in the separate direct and indirect indexes and the names of all grantors and grantees can be found by a person searching the combined index. For the purposes of this chapter, the term “grantor” means any person conveying or encumbering the title to any property, or any person against whom any lis pendens, judgment, notice of lien, order of sale, execution, writ of attachment, ((44)) claims of separate or community property, or notice for request of transfer or encumbrance under section 1 of this act shall be placed on record. The auditor or recording officer shall also enter in the general index, the name of the party or parties plating a town, village, or addition in the column prescribed for “grantors,” describing the grantee in such case as “the public.” However, the auditor or recording officer shall not receive or record any such plat or map until it has been approved by the mayor and common council of the municipality in which the property so platted is situated, or if the property be not situated within any municipal corporation, then the plat must be first approved by the county legislative authority. The auditor or recording officer shall not receive for record any plat, map, or subdivision of land bearing a name the same or similar to the name of any map or plat already on record in the office. The auditor or recording officer may establish a name reservation system to preclude the possibility of duplication of names.
Sec. 4. RCW 6.13.080 and 1993 c 200 s 4 are each amended to read as follows:

1. On debts secured by mechanic's, laborer's, construction, maritime, automobile repair, materialmen's or vendor's liens arising out of and against the particular property claimed as a homestead;

2. On debts secured (a) by security agreements describing as collateral the property that is claimed as a homestead or (b) by mortgages or deeds of trust on the premises that have been executed and acknowledged by the husband and wife or by any unmarried claimant;

3. On one spouse's or the community's debts existing at the time of that spouse's bankruptcy filing where (a) bankruptcy is filed by both spouses within a six-month period, other than in a joint case or a case in which their assets are jointly administered, and (b) the other spouse exempts property from property of the estate under the bankruptcy exemption provisions of 11 U.S.C. Sec. 522(d);

4. On debts arising from a lawful court order or decree or administrative order establishing a child support obligation or obligation to pay spousal maintenance; ((#))

5. On debts owing to the state of Washington for recovery of medical assistance correctly paid on behalf of an individual consistent with 42 U.S.C. Sec. 1396p; or

6. On debts secured by a condominium's or homeowner association's lien. In order for an association to be exempt under this provision, the association must have provided a homeowner with notice that nonpayment of the association's assessment may result in foreclosure of the association lien and that the homestead protection under this chapter shall not apply. An association has complied with this notice requirement by mailing the notice, by first class mail, to the address of the owner's lot or unit. The notice required in this subsection shall be given within thirty days from the date the association learns of a new owner, but in all cases the notice must be given prior to the initiation of a foreclosure. The phrase "learns of a new owner" in this subsection means actual knowledge of the identity of a homeowner acquiring title after June 9, 1988, and does not require that an association affirmatively ascertain the identity of a homeowner. Failure to give the notice specified in this subsection affects an association's lien only for debts accrued up to the time an association complies with the notice provisions under this subsection.

Sec. 5. RCW 43.20B.030 and 2003 c 207 s 1 are each amended to read as follows:

1. Except as otherwise provided by law, including subsection (2) of this section, there will be no collection of overpayments and other debts due the department after the expiration of six years from the date of notice of such overpayment or other debt unless the department has commenced recovery action in a court of law or unless an administrative remedy authorized by statute is in place. However, any amount due in a case thus extended shall cease to be a debt due the department at the expiration of ten years from the date of the notice of the overpayment or other debt unless a court-ordered remedy would be in effect for a longer period.

2. There will be no collection of debts due the department after the expiration of twenty years from the date a lien is recorded pursuant to RCW 43.20B.080.

3. The department, at any time, may accept offers of compromise of disputed claims or may grant partial or total write-off of any debt due the department if it is no longer cost-effective to pursue. The department shall adopt rules establishing the considerations to be made in the granting or denial of a partial or total write-off of debts.

Sec. 6. RCW 43.20B.080 and 1999 c 354 s 2 are each amended to read as follows:

1. The department shall file liens, seek adjustment, or otherwise effect recovery for medical assistance correctly paid on behalf of an individual consistent with 42 U.S.C. Sec. 1396p. The department shall adopt a rule providing for prior notice and hearing rights to the record title holder or purchaser under a land sale contract.

2. Liens may be adjusted by foreclosure in accordance with chapter 61.12 RCW.

3. In the case of an individual who was fifty-five years of age or older when the individual received medical assistance, the department shall seek adjustment or recovery from the individual's estate, and from nonprobate assets of the individual as defined by RCW 11.02.005, but only for medical assistance consisting of nursing facility services, home and community-based services, other services that the department determines to be appropriate, and related hospital and prescription drug services. Recovery from the individual's estate, including foreclosure of liens imposed under this section, shall be undertaken as soon as practicable, consistent with 42 U.S.C. Sec. 1396p.

4. The department shall apply the medical assistance estate recovery law as it existed on the date that benefits were received when calculating an estate's liability to reimburse the department for those benefits.

5(a) The department shall establish procedures consistent with standards established by the federal department of health and human services and pursuant to 42 U.S.C. Sec. 1396p to waive recovery when such recovery would work an undue hardship.
(b) Recovery of medical assistance from a recipient's estate shall not include property made exempt from claims by federal law or treaty, including exemption for tribal artifacts that may be held by individual Native Americans.

(6) A lien authorized under (subsections (1) through (5) of) this section relates back to attach to any real property that the decedent had an ownership interest in immediately before death and is effective as of that date or date of recording, whichever is earlier.

(7) The department may enforce a lien authorized under this section against a decedent's life estate or joint tenancy interest in real property held by the decedent immediately prior to his or her death. Such a lien enforced under this subsection shall not end and shall continue as provided in this subsection until the department's lien has been satisfied.

(a) The value of the life estate subject to the lien shall be the value of the decedent's interest in the property subject to the life estate immediately prior to the decedent's death.

(b) The value of the joint tenancy interest subject to the lien shall be the value of the decedent's fractional interest the recipient would have owned in the jointly held interest in the property had the recipient and the surviving joint tenants held title to the property as tenants in common on the date of the recipient's death.

(c) The department may not enforce the lien provided by this subsection against a bona fide purchaser or encumbrancer that obtains an interest in the property after the death of the recipient and before the department records either its lien or the request for notice of transfer or encumbrance as provided by section 1 of this act.

(d) The department may not enforce a lien provided by this subsection against any property right that vested prior to July 1, 2005.

(8)(a) Subject to the requirements of 42 U.S.C. Sec. 1396p(a) and the conditions of this subsection (8), the department is authorized to file a lien against the property of an individual prior to his or her death, and to seek adjustment and recovery from the individual's estate or sale of the property subject to the lien, if:

(i) The individual is an inpatient in a nursing facility, intermediate care facility for individuals with mental retardation, or other medical institution; and

(ii) The department has determined after notice and opportunity for a hearing that the individual cannot reasonably be expected to be discharged from the medical institution and to return home.

(b) If the individual is discharged from the medical facility and returns home, the department shall dissolve the lien.

(9) The department is authorized to adopt rules to effect recovery under this section. The department may adopt by rule later enactments of the federal laws referenced in this section.

(10) It is the responsibility of the department to fully disclose in advance verbally and in writing, in easy to understand language, the terms and conditions of estate recovery to all persons offered long-term care services subject to recovery of payments.

(11) In disclosing estate recovery costs to potential clients, and to family members at the consent of the client, the department shall provide a written description of the community service options.

(12) The department of social and health services shall develop an implementation plan for notifying the client or his or her legal representative at least quarterly of the types of services used and the cost of those services (debt) that will be charged against the estate. The estate planning implementation plan shall be submitted by December 12, 1999, to the appropriate standing committees of the house of representatives and the senate, and to the joint legislative and executive task force on long-term care.

On page 1, line 2 of the title, after "debts;" strike the remainder of the title and insert "amending RCW 65.04.050, 6.13.080, 43.20B.030, and 43.20B.080; adding a new section to chapter 43.20B RCW; and adding a new section to chapter 64.04 RCW."

and the same is herewith transmitted.

Strike everything after the enacting clause and insert the following:

“NEW SECTION. Sec. 1. Restricting access to certain precursor drugs used to manufacture methamphetamine to ensure that they are only sold at retail to individuals who will use them for legitimate purposes upon production of proper identification is an essential step to controlling the manufacture of methamphetamine.”
NEW SECTION. Sec. 2. A new section is added to chapter 69.43 RCW to read as follows:

(1) For purposes of this section, “traditional Chinese herbal practitioner” means a person who is certified as a diplomate in Chinese herbology from the national certification commission for acupuncture and oriental medicine or who has received a certificate in Chinese herbology from a school accredited by the accreditation council on acupuncture and oriental medicine.

(2) A pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, or an employee thereof, a practitioner as defined in RCW 18.64.011, or a traditional Chinese herbal practitioner may not knowingly sell, transfer, or otherwise furnish to any person a product at retail that he or she knows to contain any detectable quantity of ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, without first obtaining photo identification of the person that shows the date of birth of the person.

(3) A person buying or receiving a product at retail containing any detectable quantity of ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, from a pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, an employee thereof, a practitioner as defined in RCW 18.64.011, or a traditional Chinese herbal practitioner must first produce photo identification of the person that shows the date of birth of the person.

(4) Any product containing any detectable quantity of ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, shall be kept in a central location that is not accessible by customers without assistance of an employee of the merchant.

(5) No pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, an employee thereof, a practitioner as defined in RCW 18.64.011, or a traditional Chinese herbal practitioner may sell any product containing any detectable quantity of ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, to a person that is not at least eighteen years old.

(6) The board of pharmacy, by rule, may exempt products containing ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, in combination with another active ingredient from the requirements of this section if they are found not to be used in the illegal manufacture of methamphetamine or other controlled dangerous substances. A manufacturer of a drug product may apply for removal of the product from the requirements of this section if the product is determined by the board to have been formulated in such a way as to effectively prevent the conversion of the active ingredient into methamphetamine. The evidence must include the furnishing of a valid scientific study, conducted by an independent, professional laboratory and evincing professional quality chemical analysis. Factors to be considered in whether a product should be excluded from this section include but are not limited to:

(a) Ease with which the product can be converted to methamphetamine;
(b) Ease with which ephedrine, pseudoephedrine, or phenylpropanolamine is extracted from the substance and whether it forms an emulsion, salt, or other form;
(c) Whether the product contains a “molecular lock” that renders it incapable of being converted into methamphetamine;
(d) Presence of other ingredients that render the product less likely to be used in the manufacture of methamphetamine; and
(e) Any pertinent data that can be used to determine the risk of the substance being used in the illegal manufacture of methamphetamine or any other controlled substance.

(7) Nothing in this section applies:
(a) To any product containing ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers that is not the only active ingredient and that is in liquid, liquid capsule, or gel capsule form;
(b) To the sale of a product that may only be sold upon the presentation of a prescription;
(c) To the sale of a product by a traditional Chinese herbal practitioner to a patient; or
(d) When the details of the transaction are recorded in a pharmacy profile individually identified with the recipient and maintained by a licensed pharmacy.

(8) (a) No pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, a practitioner as defined in RCW 18.64.011, or a traditional Chinese herbal practitioner may retaliate against any employee that has made a good faith attempt to comply with the requirements of this section by requesting that a customer present photo identification, making a reasonable effort to determine the customer's age.

(b) No pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, a practitioner as defined in RCW 18.64.011, or a traditional Chinese herbal practitioner is subject to prosecution...
under subsection (9) of this section if they made a good faith attempt to comply with the requirements of this section by requesting that a customer present photo identification, making a reasonable effort to determine the customer’s age.

(9) A violation of this section is a gross misdemeanor.

NEW SECTION. Sec. 3. A new section is added to chapter 69.43 RCW to read as follows:

(1) The Washington association of sheriffs and police chiefs or the Washington state patrol may petition the state board of pharmacy to apply the log requirements in section 8 of this act to one or more products that contain ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, that is not the only active ingredient and that is in liquid, liquid capsule, or gel capsule form. The petition shall establish that:

(a) Ephedrine, pseudoephedrine, or phenylpropanolamine can be effectively extracted from the product and converted into methamphetamine or another controlled dangerous substance; and

(b) Law enforcement, the Washington state patrol, or the department of ecology are finding substantial evidence that the product is being used for the illegal manufacture of methamphetamine or another controlled dangerous substance.

(2) The board of pharmacy shall adopt rules when a petition establishes that requiring the application of the log requirements in section 8 of this act to the sale of the product at retail is warranted based upon the effectiveness and extent of use of the product for the illegal manufacture of methamphetamine or other controlled dangerous substances and the extent of the burden of any restrictions upon consumers. The board of pharmacy may adopt emergency rules to apply the log requirements to the sale of a product when the petition establishes that the immediate restriction of the product is necessary in order to protect public health and safety.

Sec. 4. RCW 69.43.110 and 2004 c 52 s 5 are each amended to read as follows:

(1) It is unlawful for a pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, or an employee thereof, or a practitioner as defined in RCW 18.64.011, knowingly to sell, transfer, or to otherwise furnish, in a single transaction:

(a) More than ((three)) two packages of one or more products that he or she knows to contain ephedrine, pseudoephedrine, or phenylpropanolamine, their salts, isomers, or salts of isomers; or

(b) A single package of any product that he or she knows to contain more than three grams of ephedrine, pseudoephedrine, or phenylpropanolamine, their salts, isomers, or salts of isomers, or a combination of any of these substances.
