NEW SECTION. Sec. 452. FOR THE DEPARTMENT OF NATURAL RESOURCES
Trust Land Transfer (06-2-012)

The appropriation in this section is subject to the following conditions and limitations:
1. The total appropriation is provided to the department solely to transfer from trust status or enter into thirty-year timber harvest restrictive easements/leases for certain trust lands of state-wide significance deemed appropriate for state park, fish and wildlife habitat, natural area preserve, natural resources conservation area, open space, or recreation purposes.

2. Property transferred under this section shall be appraised and transferred at fair market value. The value of the timber transferred shall be deposited by the department to the common school construction account in the same manner as timber revenues from other common school trust lands. No deduction shall be made for the resource management cost account under RCW 79.64.040. The value of the land transferred shall be deposited in the natural resources real property replacement account. These funds shall be expended by the department for the exclusive purpose of acquiring nonagricultural real property of equal value to be managed as common school trust land.

3. Property subject to easement/lease agreements under this section shall be appraised at fair market value both with and without the imposition of the easement/lease. The entire difference in appraised value shall be deposited by the department to the common school construction fund in the same manner as lease revenues from other common school trust lands. No deduction shall be made for the resource management cost account under RCW 79.64.040.

4. All reasonable costs incurred by the department to implement this section are authorized to be paid out of this appropriation. Authorized costs include the actual cost of appraisals, staff time, environmental reviews, surveys, and other similar costs.

5. Intergrant exchanges between common school and other trust lands of equal value may occur if the exchange is in the interest of each trust, as determined by the board of natural resources.

6. Prior to or concurrent with conveyance of these properties, the department, with full cooperation of the receiving agencies, shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section for a minimum period of thirty years. The department of natural resources, in consultation with the receiving state agencies, shall develop policy to address requests to replace transferred properties subject to the recorded property instrument that are no longer deemed appropriate for the purposes identified in subsection (1) of this section.

7. The department and receiving agencies shall work in good faith to carry out the intent of this section. However, the department or receiving agencies may remove a property from the transfer list based on new, substantive information, if it is determined that transfer of the property is not in the statewide interest of either the common school trust or the receiving agency.

8. Except as provided in subsection (11) of this section, the department shall execute trust land transfers and easements/leases such that, after the deduction of reasonable costs as provided in subsection (4) of this section, eighty percent of the appropriation in this section is deposited in the common school construction fund. To achieve the 80:20 ratio, the department may offset transfers of property with low timber-to-land ratios with easements/leases on other properties.

9. On June 30, 2007, the state treasurer shall transfer all remaining uncommitted funds from this appropriation to the common school construction fund and the appropriation in this section shall be reduced by an equivalent amount.
(10) The appropriation in this section is provided for a list of projects in LEAP capital document No. 2005-11, as developed on April 4, 2005.

Preventive Facility Maintenance and Building System Repairs (06-1-750)

The appropriation in this section is subject to the following conditions and limitations:

1. Pursuant to definitions and provisions in section 925, chapter 26, Laws of 2003 1st sp. sess., the appropriation is provided solely to maintain facilities housing educational and general programs and to maintain its major building systems and campus infrastructure. Building maintenance, mechanical adjustments, repairs, and minor works for the facility or its major building systems and campus infrastructure must extend the remaining useful life of the facility or keep it safe and functioning normally.

2. With this appropriation, the intent is to improve the average condition of state facilities as compared to the baseline conditions documented in report 03-1 of the joint legislative audit and review committee. Preventive facility maintenance project funds shall be allocated at the state board's discretion to achieve the above stated performance goal, with particular attention given to buildings currently rated in superior to adequate condition so as to maximize useful life given both the passage of time and intensity with which the space is used.

3. Section 906 of this act does not apply to this appropriation.

4. There is no intent to reappropriate amounts not expended by June 30, 2007.

PART 6

MISCELLANEOUS AND SUPPLEMENTAL PROVISIONS

MISCELLANEOUS PROVISIONS

NEW SECTION, Sec. 901. The estimated debt service costs impacting future general fund expenditures related solely to new capital appropriations within this act are $19,503,912 during the 2005-2007 fiscal period; $128,151,322 during the 2007-2009 fiscal period; $200,451,220 during the 2009-2011 fiscal period; $207,686,311 during the 2011-2013 fiscal period; and $210,558,739 during the 2013-2015 period.

NEW SECTION, Sec. 902. (1) Allotments for appropriations in this act shall be provided in accordance with the capital project review requirements adopted by the office of financial management. The office of financial management shall notify the house of representatives capital budget committee and the senate ways and means committee of allotment releases based on review by the office of financial management. No expenditure may be incurred or obligation entered into for appropriations in this act until the office of financial management has given final approval to the allotment of the funds to be expended or encumbered. For allotments under this act, the allotment process includes, in addition to the statement of proposed expenditures for the current biennium, a category or categories for any reserve amounts and amounts expected to be expended in future biennia. Projects that will be employing alternative public works construction procedures under chapter 39.10 RCW are subject to the allotment procedures defined in this section and RCW 43.88.110. Contracts shall not be executed that call for expenditures in excess of the approved allotment, and the total amount shown in such contracts for the cost of future work that has not been appropriated shall not exceed the amount identified for such work in the level of funding approved by the office of financial management at the completion of predesign.

(2) The legislature intends that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

NEW SECTION, Sec. 903. To ensure that major construction projects are carried out in accordance with legislative and executive intent, appropriations in this act in excess of $5,000,000 shall not be expended or encumbered until the office of financial management has reviewed and approved the agency's predesign and other documents, and approved an allotment for the project that includes specific authorization to enter into a contract to expend or encumber funds. The predesign document shall include but not be limited to program, site, and cost analysis in accordance with the predesign manual adopted by the office of financial management. To improve monitoring of major construction projects, progress reports shall be submitted by the agency administering the project to the office of financial management and to the fiscal committees of the house of representatives and senate. Reports will be submitted on July 1st and December 31st each year in a format to be developed by the office of financial management.

NEW SECTION, Sec. 904. Appropriations in this act for design and construction of facilities on higher education campuses shall be expended only after funds are allotted to institutions of higher education on the basis of: (1) Comparable unit cost standards, as determined by the office of financial management in consultation with the higher education coordinating board; (2) costs consistent with other higher education teaching facilities in the state; and (3) student full-time equivalent enrollment levels as established by the office of financial management in consultation with the higher education coordinating board.

NEW SECTION, Sec. 905. (1) To ensure that minor works appropriations are carried out in accordance with legislative intent, funds appropriated in this act shall not be allotted until project lists are on file at the office of financial management and the office of financial management has formally approved the lists. Proposed revisions to the lists must be filed with and approved by the office of financial management before funds may be expended on the revisions.
(2)(a) Minor works projects are single line appropriations that include multiple projects valued between $25,000 and $1,000,000 each that are of a similar nature and can generally be completed within two years of the appropriation with the funding provided. Minor works categories include (i) health, safety, and code requirements; (ii) facility preservation; (iii) infrastructure preservation; and (iv) program improvement or expansion. Improvements for accessibility in compliance with the Americans with disabilities act may be included in any of the above minor works categories.

(b) Minor works appropriations shall not be used for, among other things: Studies, except for technical or engineering reviews or designs that lead directly to and support a project on the same minor works list; planning; design outside the scope of work on a minor works list; moveable, temporary, and traditionally funded operating equipment not in compliance with the equipment criteria established by the office of financial management; software not dedicated to control of a specialized system; moving expenses; land or facility acquisition; or to supplement funding for projects with funding shortfalls unless expressly authorized elsewhere in this act. The office of financial management may make an exception to the limitations described in this subsection (2)(b) for exigent circumstances after notifying the legislative fiscal committees and waiting ten days for comments by the legislature regarding the proposed exception.

(3) The office of financial management shall forward copies of these project lists and revised lists to the house of representatives capital budget committee and the senate ways and means committee. No expenditure may be incurred or obligation entered into for minor works appropriations until the office of financial management has approved the allotment of the funds to be expended. The office of financial management shall encourage state agencies to incorporate accessibility planning and improvements into the normal and customary capital program.

(4) It is generally not intended to make future appropriations for capital expenditures or for maintenance and operating expenses for an acquisition project or for a significant expansion project that is initiated through the minor works process and therefore does not receive a policy and fiscal analysis by the legislature. Minor works projects are intended to be one-time expenditures that do not require future state resources to complete.

NEW SECTION. Sec. 906. (1) The governor, through the office of financial management, may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended by the legislature in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes that govern the grants.

(2) For purposes of this section, the governor may find that an amount is in excess of the amount required for the completion of a project only if: (a) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (b) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

(3) For the purposes of this section, the intent is that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

(4) Transfers of funds to an agency's infrastructure savings appropriation are subject to review and approval by the office of financial management. Expenditures from an infrastructure savings appropriation are limited to projects that have a primary purpose to correct infrastructure deficiencies or conditions that: (a) Adversely affect the ability to utilize the infrastructure for its current programmatic use; (b) reduce the life expectancy of the infrastructure; or (c) increase the operating costs of the infrastructure for its current programmatic use. Eligible infrastructure projects may include structures and surface improvements, site amenities, utility systems outside building footprints and natural environmental changes or requirements as part of an environmental regulation, a declaration of emergency for an infrastructure issue in conformance with RCW 43.88.250, or infrastructure planning as part of a facility master plan.

(5) A report of any transfer effected under this section, except emergency projects or any transfer under $250,000, shall be filed with the legislative fiscal committees of the senate and house of representatives by the office of financial management at least thirty days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer.

NEW SECTION. Sec. 907. (1) It is expected that projects be ready to proceed in a timely manner depending on the type or phase of the project or program that is the subject of the appropriation in this act. Except for major projects that customarily may take more than two biennia to complete from predesign to the end of construction, or large infrastructure grant
or loan programs supporting projects that often take more than two biennia to complete, the legislature generally does not intend to reappropriate funds more than once, particularly for smaller grant programs, local/community projects, and minor works.

(2) Agencies shall expedite the expenditure of reappropriations and appropriations in this act in order to: (a) Rehabilitate infrastructure resources; (b) accelerate environmental rehabilitation and restoration projects for the improvement of the state's natural environment; (c) reduce additional costs associated with acquisition and construction inflationary pressures; and (d) provide additional employment opportunities associated with capital expenditures.

(3) To the extent feasible, agencies are directed to accelerate expenditure rates at their current level of permanent employees and shall use contracted design and construction services wherever necessary to meet the goals of this section.

(4) The office of financial management shall report the following to the appropriate fiscal committees of the legislature by January 30, 2007: (a) A listing of reappropriations in the governor's 2007-2009 capital budget recommendation that will be reappropriated more than once and have ten percent or more of the original appropriation unexpended; and (b) an explanation of why the appropriation remains unexpended.

NEW SECTION. Sec. 908. The legislature finds that the state's public four-year institutions and the higher education coordinating board have made substantial progress in developing a process to create a single prioritized list of capital project requests as required under RCW 28B.76.220. The legislature also recognizes that continuing work by the institutions and the board is needed to refine the methodology for determining the ranking of project requests, and that this work will benefit from additional legislative guidance. Therefore, the higher education coordinating board and the public four-year institutions, in developing and submitting the single prioritized project list of capital project requests under RCW 28B.76.220, shall use the following additional guidelines:

(1) Representatives of the board shall participate in the process of scoring projects using the criteria in the board's biennial budget guidelines. Representatives of the board shall also review the preliminary project list to verify the scoring and ranking of projects. As required under RCW 28B.76.210, institutions must submit the preliminary project list to the board by August 1st of each even-numbered year to enable this review. Any disagreements over project scorings or rankings shall be resolved as provided under RCW 28B.76.220(4).

(2) The board's biennial budget guidelines and the prioritization process shall place a greater emphasis on early critical review of project proposals at the pre-design phase, rather than deferring critical review and prioritization to the design or construction phases of a project.

(3) When projects are aggregated into single line-item requests, each project must meet the definition of minor works according to the capital budget instructions issued by the office of financial management. All major projects must be listed and ranked as individual line-item requests.

(4) The scoring and ranking of projects shall not be based on assigning an equal number of overall points to each public four-year institution, but shall reflect an assignment of points to individual projects based on the priorities and criteria in this section and in the board's biennial budget guidelines.

(5) Projects shall not be ranked on the basis of a project funding source.

(6) In consultation with the appropriate fiscal and policy committees of the legislature, the board shall identify statewide priorities for higher education capital investments and incorporate those priorities into its biennial budget guidelines. The statewide priorities shall address the need for higher education capital projects to:

(a) Implement a specific legislatively authorized program or planning priority;
(b) Reduce the backlog of deferred building or system preservation, renewal, or replacement;
(c) Provide additional capacity or adaptation of space for high demand instructional or research programs;
(d) Provide additional instructional program capacity for under-served geographic regions or populations; and
(e) Reflect institutional planning priorities and areas of emphasis.

(7) The board's biennial budget guidelines shall include a quantitative method for scoring projects on the identified priorities. The quantitative method shall include use of the facility condition index developed by the joint legislative audit and review committee for assessing building or system condition, and use of the board's space utilization and allocation standards for assessing the need for additional capacity.

NEW SECTION. Sec. 909. ACQUISITION OF PROPERTIES AND FACILITIES THROUGH FINANCIAL CONTRACTS. NEW SECTION. Sec. 911. FOR THE ARTS COMMISSION--ART WORK ALLOWANCE POOLING. (1) One-half of one percent of moneys appropriated in this act for original construction or any major renovation or remodel work exceeding two hundred thousand dollars by colleges or universities is provided solely for the purposes of RCW 28A.335.210. The Washington state arts commission may combine the proceeds from individual projects in order to fund larger works of art or mobile art displays in consultation with the superintendent of public instruction and representatives of school district boards.

(2) One-half of one percent of moneys appropriated in this act for original construction or any major renovation or remodel work exceeding two hundred thousand dollars by colleges or universities is provided solely for the purposes of RCW 28B.10.027. The Washington state arts commission may combine the proceeds from individual projects in order to fund larger works of art or mobile art displays in consultation with the board of regents or trustees.

NEW SECTION. Sec. 912. The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts. "Prior biennia" typically refers to the immediate prior biennium for reappropriations, but may refer to multiple biennia in the case of specific projects. A "future biennia" amount is an estimate of what may be appropriated for the project or program in the 2007-09 biennium and the following four biennia; an amount of zero does not necessarily constitute legislative intent to not provide funding for the project or program in the future.

NEW SECTION. Sec. 913. "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining on June 30, 2005, from the 2003-2005 biennial appropriations for each project.

NEW SECTION. Sec. 914. To carry out the provisions of this act, the governor may assign responsibility for predesign, design, construction, and other related activities to any appropriate agency.
NEW SECTION. Sec. 915. If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with funds available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the senate ways and means committee and the house of representatives capital budget committee.

NEW SECTION. Sec. 916. (1) Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditures of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

(2) Provision of the full amount of required matching funds is not required to permit the expenditure of capital budget appropriations for phased projects if a proportional amount of the required matching funds is provided for each distinct, identifiable phase of the project.

NEW SECTION. Sec. 917. Any capital improvements or capital projects involving construction or major expansion of a state office facility, including, but not limited to, district headquarters, detachment offices, and off-campus faculty offices, must be reviewed by the department of general administration for possible consolidation, colocation, and compliance with state office standards before allotment of funds. The intent of the requirement imposed by this section is to eliminate duplication and reduce total office space requirements where feasible, while ensuring proper service to the public.

NEW SECTION. Sec. 918. The military department shall file quarterly progress reports in addition to the annual project progress reporting requirement of RCW 43.88.160(3). These reports must contain local, state, and federal funding reconciliation and balance sheets for all appropriated readiness center projects and detail any federal intentions on future readiness centers and other facilities.

NEW SECTION. Sec. 919. NONTAXABLE AND TAXABLE BOND PROCEEDS. Portions of the appropriation authority granted by this act from the state building construction account may be transferred to the state taxable building construction account as deemed necessary by the state finance committee to comply with the federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds. The state treasurer shall submit written notification to the director of financial management if it is determined that a shift of appropriation authority from the state building construction account to the state taxable building construction account is necessary.

NEW SECTION. Sec. 920. The office of financial management, in consultation with the department of general administration, shall identify capital projects that may benefit from an energy analysis to determine whether there are alternate, more economical, and energy efficient means of completing the work. The office of financial management shall hold appropriations in allotment reserve on the following types of capital projects until this analysis can be completed: Heating, ventilation, and air conditioning modifications, chiller plants, steam plants, boilers, chilled water or steam lines, building control systems, lighting improvements, or other major energy using systems that may warrant additional analysis. Agencies receiving appropriations for such projects are encouraged to utilize energy performance contracts or alternative financing for equipment in lieu of state appropriated funds. The office of financial management may transfer funds remaining in allotment reserve to infrastructure savings projects within the agency that has realized savings from energy efficiency alternatives.

Sec. 921. RCW 43.135.045 and 2003 1st sp.s. c 25 s 920 are each amended to read as follows:

(1) The emergency reserve fund is established in the state treasury. During each fiscal year, the state treasurer shall deposit in the emergency reserve fund all general fund--state revenues in excess of the state expenditure limit for that fiscal year. Deposits shall be made at the end of each fiscal quarter based on projections of state revenues and the state expenditure limit. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues and the expenditure limit for fiscal year 2000 and thereafter.

(2) The legislature may appropriate moneys from the emergency reserve fund only with approval of at least two-thirds of the members of each house of the legislature, and then only if the appropriation does not cause total expenditures to exceed the state expenditure limit under this chapter.

(3) The emergency reserve fund balance shall not exceed five percent of annual general fund--state revenues as projected by the official state revenue forecast. Any balance in excess of five percent shall be transferred on a quarterly basis by the state treasurer as follows: Seventy-five percent to the student achievement fund hereby created in the state treasury and
twenty-five percent to the general fund balance. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues for fiscal year 2000 and thereafter. When per-student state funding for the maintenance and operation of K-12 education meets a level of no less than ninety percent of the national average of total funding from all sources per student as determined by the most recent published data from the national center for education statistics of the United States department of education, as calculated by the office of financial management, further deposits to the student achievement fund shall be required only to the extent necessary to maintain the ninety-percent level. Remaining funds are part of the general fund balance and these funds are subject to the expenditure limits of this chapter.

(4) The education construction fund is hereby created in the state treasury.

(a) Funds may be appropriated from the education construction fund exclusively for common school construction or higher education construction. During the fiscal years beginning July 1, 2005, and ending June 30, 2007, funds may also be used for higher education facilities preservation and maintenance.

(b) Funds may be appropriated for any other purpose only if approved by a two-thirds vote of each house of the legislature and if approved by a vote of the people at the next general election. An appropriation approved by the people under this subsection shall result in an adjustment to the state expenditure limit only for the fiscal period for which the appropriation is made and shall not affect any subsequent fiscal period.

(5) Funds from the student achievement fund shall be appropriated to the superintendent of public instruction strictly for distribution to school districts to meet the provisions set out in the student achievement act. Allocations shall be made on an equal per full-time equivalent student basis to each school district.

(6) Earnings of the emergency reserve fund under RCW 43.84.092(4)(a) shall be transferred quarterly to the multimodal transportation account, except for those earnings that are in excess of thirty-five million dollars each fiscal year. Within thirty days following any fiscal year in which earnings transferred to the multimodal transportation account under this subsection did not total thirty-five million dollars, the state treasurer shall transfer from the emergency reserve fund an amount necessary to bring the total deposited in the multimodal transportation account under this subsection to thirty-five million dollars. The revenues to the multimodal transportation account reflected in this subsection provide ongoing support for the transportation programs of the state. However, it is the intent of the legislature that any new long-term financial support that may be subsequently provided for transportation programs will be used to replace and supplant the revenues reflected in this subsection, thereby allowing those revenues to be returned to the purposes to which they were previously dedicated. No transfers from the emergency reserve fund to the multimodal fund shall be made during the 2003-05 fiscal biennium.

Sec. 922. RCW 43.88.032 and 1997 c 96 s 5 are each amended to read as follows:

(1) Normal maintenance costs, except for funds appropriated for facility preservation of state institutions of higher education, shall be programmed in the operating budget rather than in the capital budget.

(2) All debt-financed pass-through money to local governments shall be programmed and separately identified in the budget document.

Sec. 923. RCW 28B.50.360 and 2004 c 277 s 910 are each amended to read as follows:

Within thirty-five days from the date of start of each quarter all collected building fees of each such community and technical college shall be paid into the state treasury, and shall be credited as follows:

(1) On or before June 30th of each year the college board if issuing bonds payable out of building fees shall certify to the state treasurer the amounts required in the ensuing twelve-month period to pay and secure the payment of the principal of and interest on such bonds. The state treasurer shall thereupon deposit the amounts so certified in the community and technical college capital projects account. Such amounts of the funds deposited in the community and technical college capital projects account as are necessary to pay and secure the payment of the principal of and interest on the building bonds issued by the college board as authorized by this chapter shall be exclusively devoted to that purpose. If in any twelve-month period it shall appear that the amount certified by the college board is insufficient to pay and secure the payment of the principal of and interest on the outstanding building bonds, the state treasurer shall notify the college board and such board shall adjust its certificate so that all requirements of moneys to pay and secure the payment of the principal and interest on all such bonds then outstanding shall be fully met at all times.

(2) The community and technical college capital projects account is hereby created in the state treasury. The sums deposited in the capital projects account shall be appropriated and expended exclusively to pay and secure the payment of the principal of and interest on bonds payable out of the building fees and for the construction, reconstruction, erection, equipping, maintenance, demolition and major alteration of buildings and other capital assets owned by the state board for community and technical colleges in the name of the state of Washington, and the acquisition of sites, rights-of-way, easements, improvements or
NEW SECTION. Sec. 924. In accordance with the recommendation of the joint legislative audit and review committee report "Performance Audit of Capital Budget Processes," the office of financial management shall develop a plan, in consultation with legislative fiscal committees, to address weaknesses identified in that report in the oversight of facility projects. The report shall address, but not be limited to:

1. Aligning resources to program workload;
2. Identifying and institutionalizing best practices;
3. Creating easily accessible and reliable information systems; and
4. Improving the review and evaluation of projects at the predesign stage prior to the authorization of design and construction.

The office of financial management shall report on its plan to the governor and the senate committee on ways and means and house of representatives capital budget committee no later than December 1, 2005.

Sec. 925. RCW 43.155.050 and 2001 c 131 s 2 are each amended to read as follows:

The public works assistance account is hereby established in the state treasury. Money may be placed in the public works assistance account from the proceeds of bonds when authorized by the legislature or from any other lawful source. Money in the public works assistance account shall be used to make loans and to give financial guarantees to local governments for public works projects. Moneys in the account may also be appropriated to provide for state match requirements under federal law for projects and activities conducted and financed by the board under the drinking water assistance account. Not more than fifteen percent of the biennial capital budget appropriation to the public works board from this account may be expended or obligated for preconstruction loans, emergency loans, or loans for capital facility planning under this chapter; of this amount, not more than ten percent of the biennial capital budget appropriation may be expended for emergency loans and not more than one percent of the biennial capital budget appropriation may be expended for capital facility planning loans. For the 2005-2007 biennium, moneys in the account may be used for grants for projects identified in section 137 of this act.

NEW SECTION. Sec. 926. If chapter ... (Engrossed Substitute House Bill No. 1903), Laws of 2005 does not become law by June 30, 2005, section 925 of this act is null and void.

NEW SECTION. Sec. 927. To provide additional financial assistance and relief to irrigation districts and farmers during the current drought, loan principal and interest payments due to the department of ecology from previous biennia loans and loans in the 2005-2007 biennium for drought assistance or agricultural water supply projects may be deferred for the 2005-2007 biennium. Deferrals are intended only for loan recipients that involve a significant number of farmers who are temporarily leasing or not using their water rights for the benefit of the drought response. The deferrals shall apply to loans from the state drought preparedness account, the state emergency water projects revolving account, and state and local improvement revolving account (water supply facilities). Such loan repayments will resume consistent with the original loan agreement at the beginning of the 2007-2009 biennium.

NEW SECTION. Sec. 928. (1) The house of representatives capital budget committee, with staff support provided by the office of program research, shall research and develop recommendations and findings comparing the stewardship costs to properly manage public lands compared to private lands and the fiscal impacts on counties of purchasing additional public lands under chapter 79A.15 RCW. The capital budget committee shall work with the interagency committee for outdoor recreation, the department of fish and wildlife, the department of natural resources, and counties to obtain necessary information to complete the report.

(a) The private versus public stewardship comparison component of the report shall include, but not be limited to, weed control, diking and drainage, fencing, signage, and other land management activities.

(b) The county fiscal impact component of the report shall include, but not be limited to, a financial analysis determining the difference by county of assessing property taxes on lands acquired under chapter 79A.15 RCW based on one hundred percent of a property's true and fair value compared to assessing property as open space under chapter 84.34 RCW. The analysis shall also compare the fiscal impacts of using these different property tax rates by county for existing game lands held by the department of fish and wildlife and natural areas managed by the department of natural resources.

(2) The capital budget committee shall prepare the report by December 1, 2005.

(2) Property transferred under this section shall be appraised and transferred at fair market value. The value of the timber transferred shall be deposited by the department to the common school construction account in the same manner as timber revenues from other common school trust lands. No deduction shall be made for the resource management cost account under RCW 79.64.040. The value of the land transferred shall be deposited in the natural resources real property replacement account. These funds shall be expended by the department for the exclusive purpose of acquiring commercial real property of equal value to be managed as common school trust land.

(3) Property subject to easement/lease agreements under this section shall be appraised at fair market value both with and without the imposition of the easement/lease. The entire difference in appraised value shall be deposited by the department to the common school construction fund in the same manner as lease revenues from other common school trust lands. No deduction shall be made for the resource management cost account under RCW 79.64.040.

(6) Prior to or concurrent with conveyance of these properties, the department, with full cooperation of the receiving agencies, shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section for a minimum period of thirty years. The department of natural resources, in consultation with the receiving state agencies, shall develop policy to address requests to replace transferred properties subject to the recorded property instrument that are no longer deemed appropriate for the purposes identified in subsection (1) of this section.

(7) The department and receiving agencies shall work in good faith to carry out the intent of this section. However, the department or receiving agencies may remove a property from the transfer list based on new, substantive information, if it is determined that transfer of the property is not in the statewide interest of either the common school trust or the receiving agency.
(8) Except as provided in subsections (12) and (13) of this section, the department shall execute trust land transfers and easements/leases such that, after the deduction of reasonable costs as provided in subsection (4) of this section, eighty percent of the appropriation in this section is deposited in the common school construction fund. To achieve the 80:20 ratio, the department may offset transfers of property with low timber-to-land ratios with easements/leases on other properties.

(9) On June 30, 2005, the state treasurer shall transfer all remaining uncommitted funds from this appropriation to the common school construction fund, except as provided in subsection (13) of this section, and the appropriation in this section shall be reduced by an equivalent amount.

POINT OF ORDER

Representative Nixon requested a scope and object ruling on the committee amendment to ENGROSSED SUBSTITUTE SENATE BILL NO. 5034.

SPEAKER'S RULING

Mr. Speaker (Representative Lovick presiding): 'ENGROSSED SUBSTITUTE SENATE BILL NO. 5034 is entitled an act relating to 'disclosure of and restrictions on campaign funding'.

The bill as passed by the Senate changes campaign funding laws by:

(1) regulating electioneering communications, including delineating when such communications are subject to campaign contribution limits; and
changing the campaign contribution limits in RCW 42.17.530. The bill also includes a variety of technical amendments relating to standards for false political advertising, report requirements for continuing political committees, and clarification of the offices subject to campaign funding laws. The committee amendment delineates how campaign contribution limits are applied to affiliated entities. Given that the bill has a broad title and includes multiple changes to campaign funding laws, the Speaker finds that the committee amendment is within the scope and object of the bill.

Representative Nixon, your point of order is not well taken.”

Representatives Hunt, Haigh and Williams spoke in favor of adoption of the committee amendment.

Representatives Nixon, Armstrong, Ericksen, Sump and Orcutt spoke against the adoption of the committee amendment.

An electronic roll call vote was demanded and the demand was sustained.

SHIRLEY HANKINS, 8th District

SUBSTITUTE SENATE BILL NO. 6037, By Senate Committee on Government Operations & Elections (originally sponsored by Senators Sheldon and Rockefeller)

Changing provisions relating to limited development of rural areas.

The bill was read the second time.

Representative Simpson moved the adoption of the following amendment (489):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 36.70A.070 and 2004 c 196 s 1 are each amended to read as follows:

The comprehensive plan of a county or city that is required or chooses to plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document and all elements shall be consistent with the future land use map. A comprehensive plan shall be adopted and amended with public participation as provided in RCW 36.70A.140.

Each comprehensive plan shall include a plan, scheme, or design for each of the following:

(1) A land use element designating the proposed general distribution and general location and extent of the uses of land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, general aviation airports, public utilities, public facilities, and other land uses. The land use element shall include population densities, building intensities, and estimates of future population growth. The land use element shall provide for protection of the quality and quantity of ground water used for public water supplies. Where applicable, the land use element shall review drainage, flooding, and storm water run-off in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.

(2) A housing element ensuring the vitality and character of established residential neighborhoods that: (a) Includes an inventory and analysis of existing and projected housing needs that identifies the number of housing units necessary to manage projected growth; (b) includes a statement of goals, policies, objectives, and mandatory provisions for the preservation, improvement, and development of housing, including single-family residences; (c) identifies sufficient land for housing, including, but not limited to, government-assisted housing, housing for low-income families, manufactured housing, multifamily housing, and group homes and foster care facilities; and (d) makes adequate provisions for existing and projected needs of all economic segments of the community.

(3) A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) a requirement to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent. Park and recreation facilities shall be included in the capital facilities plan element."
(4) A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

(5) Rural element. Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The following provisions shall apply to the rural element:

(a) Growth management act goals and local circumstances. Because circumstances vary from county to county, in establishing patterns of rural densities and uses, a county may consider local circumstances, but shall develop a written record explaining how the rural element harmonizes the planning goals in RCW 36.70A.020 and meets the requirements of this chapter.

(b) Rural development. The rural element shall permit rural development, forestry, and agriculture in rural areas. The rural element shall provide for a variety of rural densities, uses, essential public facilities, and rural governmental services needed to serve the permitted densities and uses. To achieve a variety of rural densities and uses, counties may provide for clustering, density transfer, design guidelines, conservation easements, and other innovative techniques that will accommodate appropriate rural densities and uses that are not characterized by urban growth and that are consistent with rural character.

(c) Measures governing rural development. The rural element shall include measures that apply to rural development and protect the rural character of the area, as established by the county, by:

(i) Containing or otherwise controlling rural development;

(ii) Assuring visual compatibility of rural development with the surrounding rural area;

(iii) Reducing the inappropriate conversion of undeveloped land into sprawling, low-density development in the rural area;

(iv) Protecting critical areas, as provided in RCW 36.70A.060, and surface water and ground water resources; and

(v) Protecting against conflicts with the use of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170.

(d) Limited areas of more intensive rural development. Subject to the requirements of this subsection and except as otherwise specifically provided in this subsection (5)(d), the rural element may allow for limited areas of more intensive rural development, including necessary public facilities and public services to serve the limited area as follows:

(i) Rural development consisting of the infill, development, or redevelopment of existing commercial, industrial, residential, or mixed-use areas, whether characterized as shoreline development, villages, hamlets, rural activity centers, or crossroads developments.

(ii) A commercial, industrial, residential, shoreline, or mixed-use area shall be subject to the requirements of (d)(iv) of this subsection, but shall not be subject to the requirements of (c)(ii) and (iii) of this subsection.

(B) Any development or redevelopment other than an industrial area or an industrial use within a mixed-use area or an industrial area under this subsection (5)(d)(i) must be principally designed to serve the existing and projected rural population.

(C) Any development or redevelopment in terms of building size, scale, use, or intensity shall be consistent with the character of the existing areas. Development and redevelopment may include changes in use from vacant land or a previously existing use so long as the new use conforms to the requirements of this subsection (5);

(ii) The intensification of development on lots containing, or new development of, small-scale recreational or tourist uses, including commercial facilities to serve those recreational or tourist uses, that rely on a rural location and setting, but that do not include new residential development. A small-scale recreation or tourist use is not required to be principally designed to serve the existing and projected rural population. Public services and public facilities shall be limited to those necessary to serve the recreation or tourist use and shall be provided in a manner that does not permit low-density sprawl, such as a connection to an existing sewer line where such connection serves only the recreational or tourist use and is not available to adjacent nonrecreational or nontourist use parcels;

(iii) The intensification of development on lots containing isolated nonresidential uses or new development of isolated cottage industries and isolated small-scale businesses that are not principally designed to serve the existing and projected rural population and nonresidential uses, but do provide job opportunities for rural residents. Rural counties may allow the expansion of small-scale businesses as long as those small-scale businesses conform with the rural character of the area as defined by the local government according to RCW 36.70A.030(14). Rural counties may also allow new small-scale businesses to utilize a site previously occupied by an existing business as long as the new small-scale business conforms to the rural character of the area as defined by the local government according to RCW 36.70A.030(14). Public services and public facilities shall be limited to those necessary to serve the isolated nonresidential use and shall be provided in a manner that does not permit low-density sprawl;

(iv) A county shall adopt measures to minimize and contain the existing areas or uses of more intensive rural development, as appropriate, authorized under this subsection. Lands included in such existing areas or uses shall not extend beyond the logical outer boundary of the existing area or use, thereby allowing a new pattern of low-density sprawl. Existing areas are those that are clearly identifiable and contained and where there is a logical boundary delineated predominately by the
built environment, but that may also include undeveloped lands if limited as provided in this subsection. The county shall establish the logical outer boundary of an area of more intensive rural development. In establishing the logical outer boundary the county shall address (A) the need to preserve the character of existing natural neighborhoods and communities, (B) physical boundaries such as bodies of water, streets and highways, and land forms and contours, (C) the prevention of abnormally irregular boundaries, and (D) the ability to provide public facilities and public services in a manner that does not permit low-density sprawl;

(v) For purposes of (d) of this subsection, an existing area or existing use is one that was in existence:

(A) On July 1, 1990, in a county that was initially required to plan under all of the provisions of this chapter;

(B) On the date the county adopted a resolution under RCW 36.70A.040(2), in a county that is planning under all of the provisions of this chapter under RCW 36.70A.040(2); or

(C) On the date the office of financial management certifies the county's population as provided in RCW 36.70A.040(5), in a county that is planning under all of the provisions of this chapter pursuant to RCW 36.70A.040(5).

(e) Exception. This subsection shall not be interpreted to permit in the rural area a major industrial development or a master planned resort unless otherwise specifically permitted under RCW 36.70A.360 and 36.70A.365.

(6) A transportation element that implements, and is consistent with, the land use element.

(a) The transportation element shall include the following subelements:

(i) Land use assumptions used in estimating travel;

(ii) Estimated traffic impacts to state-owned transportation facilities resulting from land use assumptions to assist the department of transportation in monitoring the performance of state facilities, to plan improvements for the facilities, and to assess the impact of land-use decisions on state-owned transportation facilities;

(iii) Facilities and services needs, including:

(A) An inventory of air, water, and ground transportation facilities and services, including transit alignments and general aviation airport facilities, to define existing capital facilities and travel levels as a basis for future planning. This inventory must include state-owned transportation facilities within the city or county's jurisdictional boundaries;

(B) Level of service standards for all locally owned arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;

(C) On the date the office of financial management certifies the county's population as provided in RCW 36.70A.040(5), in a county that is planning under all of the provisions of this chapter pursuant to RCW 36.70A.040(5).

(b) After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a locally owned transportation facility to decline below the standards adopted in the transportation planning process.
element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride sharing programs, demand management, and other transportation systems management strategies. For the purposes of this subsection (6) "concurrent with the development" shall mean that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years.

(c) The transportation element described in this subsection (6), and the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, RCW 35.58.2795 for public transportation systems, and RCW 47.05.030 for the state, must be consistent.

(7) An economic development element establishing local goals, policies, objectives, and provisions for economic growth and vitality and a high quality of life. The element shall include: (a) A summary of the local economy such as population, employment, payroll, sectors, businesses, sales, and other information as appropriate; (b) a summary of the strengths and weaknesses of the local economy defined as the commercial and industrial sectors and supporting factors such as land use, transportation, utilities, education, work force, housing, and natural/cultural resources; and (c) an identification of policies, programs, and projects to foster economic growth and development and to address future needs. A city that has chosen to be a residential community is exempt from the economic development element requirement of this subsection.

(8) A park and recreation element that implements, and is consistent with, the capital facilities plan element as it relates to park and recreation facilities. The element shall include: (a) Estimates of park and recreation demand for at least a ten-year period; (b) an evaluation of facilities and service needs; and (c) an evaluation of intergovernmental coordination opportunities to provide regional approaches for meeting park and recreational demand.

(9) It is the intent that new or amended elements required after January 1, 2002, be adopted concurrent with the scheduled update provided in RCW 36.70A.130. Requirements to incorporate any such new or amended elements shall be null and void until funds sufficient to cover applicable local government costs are appropriated and distributed by the state at least two years before local government must update comprehensive plans as required in RCW 36.70A.130.

NEW SECTION. Sec. 2. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

NEW SECTION. Sec. 3. Section 1 of this act expires August 31, 2005.”

(2) Any criminal history record information which pertains to an incident that occurred within the last twelve months for which a person is currently being processed by the criminal justice system, including the entire period of correctional supervision extending through final discharge from parole, when applicable, may be disseminated without restriction with the exception of a record being disseminated in response to a request for a conviction record under RCW 43.43.832. (1) An agency may be denied a license, or any license issued pursuant to chapter 74.15 RCW and RCW 74.13.031 may be suspended, revoked, modified, or not renewed by the secretary upon proof (a) that the agency has failed or refused to comply
with the provisions of chapter 74.15 RCW and RCW 74.13.031 or the requirements promulgated pursuant to the provisions of chapter 74.15 RCW and RCW 74.13.031; or (b) that the conditions required for the issuance of a license under chapter 74.15 RCW and RCW 74.13.031 have ceased to exist with respect to such licenses. RCW 43.20A.205 governs notice of a license denial, revocation, suspension, or modification and provides the right to an adjudicative proceeding.

(2) In any adjudicative proceeding regarding the denial, modification, suspension, or revocation of a foster family home license, the department's decision shall be upheld if there is reasonable cause to believe that:
   (a) The applicant or licensee lacks the character, suitability, or competence to care for children placed in out-of-home care, however, no unfounded report of child abuse or neglect may be used to deny employment or a license;
   (b) The applicant or licensee has failed or refused to comply with any provision of chapter 74.15 RCW, RCW 74.13.031, or the requirements adopted pursuant to such provisions; or
   (c) The conditions required for issuance of a license under chapter 74.15 RCW and RCW 74.13.031 have ceased to exist with respect to such licenses.

(3) In any adjudicative proceeding regarding the denial, modification, suspension, or revocation of any license under this chapter, other than a foster family home license, the department's decision shall be upheld if it is supported by a preponderance of the evidence.

(4) The department may assess civil monetary penalties upon proof that an agency has failed or refused to comply with the rules adopted under the provisions of this chapter and RCW 74.13.031 or that an agency subject to licensing under this chapter and RCW 74.13.031 is operating without a license except that civil monetary penalties shall not be levied against a licensed foster home. Monetary penalties levied against unlicensed agencies that submit an application for licensure within thirty days of notification and subsequently become licensed will be forgiven. These penalties may be assessed in addition to or in lieu of other disciplinary actions. Civil monetary penalties, if imposed, may be assessed and collected, with interest, for each day an agency is or was out of compliance. Civil monetary penalties shall not exceed seventy-five dollars per violation for a family day-care home and two hundred fifty dollars per violation for group homes, child day-care centers, and child-placing agencies. Each day upon which the same or substantially similar action occurs is a separate violation subject to the assessment of a separate penalty. The department shall provide a notification period before a monetary penalty is effective and may forgive the penalty levied if the agency comes into compliance during this period. The department may suspend, revoke, or not renew a license for failure to pay a civil monetary penalty it has assessed pursuant to this chapter within ten days after such assessment becomes final. Chapter 43.20A RCW governs notice of a civil monetary penalty and provides the right of an adjudicative proceeding. The preponderance of evidence standard shall apply in adjudicative proceedings related to assessment of civil monetary penalties.

(5) (a) In addition to or in lieu of an enforcement action being taken, the department may place a child day-care center or family day-care provider on nonreferral status if the center or provider has failed or refused to comply with this chapter or rules adopted under this chapter or an enforcement action has been taken. The nonreferral status may continue until the department determines that: (i) No enforcement action is appropriate; or (ii) a corrective action plan has been successfully concluded.
   (b) Whenever a child day-care center or family day-care provider is placed on nonreferral status, the department shall provide written notification to the child day-care center or family day-care provider.

(6) The department shall notify appropriate public and private child care resource and referral agencies of the department's decision to: (a) Take an enforcement action against a child day-care center or family day-care provider; or (b) place or remove a child day-care center or family day-care provider on nonreferral status."

Representative Cody moved the adoption of amendment (538):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 10.64 RCW to read as follows:
When a person is convicted of a felony, the court shall require the defendant to sign a statement acknowledging that:
(1) The defendant's right to vote has been lost due to the felony conviction;
(2) If the defendant is registered to vote, the voter registration will be canceled;
(3) The right to vote may be restored by:
   (a) A certificate of discharge issued by the sentencing court, as provided in RCW 9.94A.637;
   (b) A court order issued by the sentencing court restoring the right, as provided in RCW 9.92.066;
   (c) A final order of discharge issued by the indeterminate sentence review board, as provided in RCW 9.96.050; or
   (d) A certificate of restoration issued by the governor, as provided in RCW 9.96.020; and
(4) Voting before the right is restored is a class C felony under RCW 29A.84.660.

Sec. 2. RCW 29A.08.010 and 2004 c 267 s 102 are each amended to read as follows:
As used in this chapter: "Information required for voter registration" means the minimum information provided on a voter registration application that is required by the county auditor in order to place a voter registration applicant on the voter registration rolls. This information includes (the applicant's):
   (1) Name((complete residence));
   (2) Residential address((i));
   (3) Date of birth((i));
   (4) Washington state driver's license number((i)) or Washington state identification card number, or the last four digits of the applicant's Social Security number((i)) if the applicant does not have a Washington state driver’s license or Washington state identification card;
   (5) A signature attesting to the truth of the information provided on the application((i)); and
   (6) A check or indication in the box confirming the individual is a United States citizen.
If the individual does not have a driver's license, state identification card, or Social Security number, the registrant must be issued a unique voter registration number (i ((and))) in order to be placed on the voter registration rolls. All other information supplied is ancillary and not to be used as grounds for not registering an applicant to vote. Modification of the language of the official Washington state voter registration form by the voter will not be accepted and will cause the rejection of the registrant's application.

Sec. 3. RCW 29A.08.030 and 2004 c 267 s 104 are each amended to read as follows:
The definitions set forth in this section apply throughout this chapter, unless the context clearly requires otherwise.

(1) "Verification notice" means a notice sent by the county auditor or secretary of state to a voter registration applicant and is used to verify or collect information about the applicant in order to complete the registration. The verification notice must be designed to include a postage prepaid, preaddressed return form by which the applicant may verify or send information.

(2) "Acknowledgement notice" means a notice sent by nonforwardable mail by the county auditor or secretary of state to a registered voter to acknowledge a voter registration transaction, which can include initial registration, transfer, or reactivation of an inactive registration. An acknowledgement notice may be a voter registration card.

(3) "Confirmation notice" means a notice sent to a registered voter by first class forwardable mail at the address indicated on the voter's permanent registration record and to any other address at which the county auditor or secretary of state could reasonably expect mail to be received by the voter in order to confirm the voter's residence address. The confirmation notice must be designed (so that the voter may update his or her current residence address) to include a postage prepaid, preaddressed return form by which the registrant may verify the address information.

Sec. 4. RCW 29A.08.107 and 2004 c 267 s 106 are each amended to read as follows:

(1) The secretary of state must review the information provided by each voter registration applicant to ensure that ((either)) the provided driver's license number, state identification card number, or ((the)) last four digits of the Social Security number match the information maintained by the Washington department of licensing or the Social Security administration. If a match cannot be made, the secretary of state or county auditor must correspond with the applicant to resolve the discrepancy.

(2) If the applicant fails to respond to any correspondence required in this section to confirm information provided on a voter registration application((s)) within ((thirty)) forty-five days, the applicant will not be registered to vote. The secretary of state shall forward the application to the appropriate county auditor for document storage.

(3) Only after the secretary of state has confirmed that ((an applicant(s))) the provided driver's license number, state identification card number, or ((the)) last four digits of the applicant's Social Security number match existing records with the Washington department of licensing or the Social Security administration, or determined that the applicant does not have ((either)) a driver's license number, state identification card number, or Social Security number may the applicant be placed on the official list of registered voters.

(4) In order to prevent duplicate registration records, all complete voter registration applications must be screened against existing voter registration records in the official statewide voter registration list. If a match of an existing record is found in the official list, the record must be updated with the new information provided on the application. If the new information indicates that the voter has changed his or her county of residence, the application must be forwarded to the voter's new county of residence for processing.

Sec. 5. RCW 29A.08.110 and 2004 c 267 s 107 are each amended to read as follows:

(1) ((On receipt of an application for voter registration, the county auditor shall review the application to determine whether the information supplied is complete.)) An application is considered complete only if it contains the applicant's name, complete valid residence address, date of birth, ((and)) signature attesting to the truth of the information provided, a mark in the check-off box confirming United States citizenship, and an indication ((the license information)) that the provided driver's license number, state identification card number, or Social Security number has been confirmed by the secretary of state. If it is not complete, the auditor shall promptly mail a verification notice of the deficiency to the applicant. This verification notice shall require the applicant to provide the missing information. If the verification notice is not returned by the applicant within forty-five days or is returned as undeliverable ((the auditor shall not place)), the name of the applicant shall not be placed on the ((county voter)) official list of registered voters. If the applicant provides the required verified information, the applicant shall be registered to vote as of the original date of mailing or date of delivery, whichever is applicable ((of the original voter registration application)).

(2) ((In order to prevent duplicate registration records, all complete voter registration applications must be screened against existing voter registration records in the official statewide voter registration list. If a match of an existing record is found in the official list the record must be updated with the new information provided on the application. If the new information indicates that the voter has changed his or her county of residence, the application must be forwarded to the voter's new county of residence for processing. If the new information indicates that the voter remains in the same county of residence or if the applicant is a new voter the application must be processed by the county of residence.))

(2)) If the information required in subsection (1) of this section is complete, the applicant is considered to be registered to vote as of the original date of mailing or date of delivery, whichever is applicable. The auditor shall record the appropriate precinct identification, taxing district identification, and date of registration on the voter's record in the state voter registration list. Within forty-five days after the receipt of an application but no later than seven days before the next primary, special election, or
general election, the auditor shall send to the applicant, by first class mail, an acknowledgement notice identifying the registrant's precinct and containing such other information as may be required by the secretary of state. The postal service shall be instructed not to forward a voter registration card to any other address and to return to the auditor any card which is not deliverable. (If the registrant has indicated on the form that he or she is registered to vote within the county but has provided a new address within the county that is for voter registration purposes, the auditor shall transfer the voter's registration.)

(4)) (3) If an acknowledgement notice card is properly mailed as required by this section to the address listed by the voter as being the voter's mailing address and the notice is subsequently returned to the auditor by the postal service as being undeliverable to the voter at that address, the auditor shall promptly send the voter a confirmation notice. The auditor shall place the voter's registration on inactive status pending a response from the voter to the confirmation notice.

NEW SECTION. Sec. 6. A new section is added to chapter 29A.08 RCW to read as follows:

No person registering to vote, who meets all the qualifications of a registered voter in the state of Washington, shall be disqualified because of a nontraditional address being used as a residence address. Voters using such an address will be registered and assigned to a precinct based on the location provided. Voters without a traditional address will be registered at the county courthouse, city hall, or other public building near the area that the voter considers his or her residence. Registering at a nontraditional address will not disqualify a voter from requesting ongoing absentee voter status if the voter designates a valid mailing address.

For the purposes of this section, "nontraditional address" includes shelters, parks, or other identifiable locations that the voter deems to be his or her residence.

NEW SECTION. Sec. 7. A new section is added to chapter 29A.08 RCW to read as follows:

(1) If a voter who registered by mail indicates on the voter registration form that he or she does not have a Washington state driver’s license, Washington state identification card, or Social Security number, he or she must provide one of the following forms of identification the first time he or she votes after registering:

(a) Valid photo identification;
(b) A valid enrollment card of a federally recognized Indian tribe in Washington state;
(c) A copy of a current utility bill;
(d) A current bank statement;
(e) A copy of a current government check;
(f) A copy of a current paycheck; or
(g) A government document that shows both the name and address of the voter.

(2) If the voter fails to provide one of the above forms of identification prior to or at the time of voting, the ballot must be treated as a provisional ballot regardless of whether the voter is voting at a poll site or by mail. The ballot may only be counted if the voter’s signature on the outside envelope matches the signature in the voter registration records.

(3) The requirements of this section do not apply to an out-of-state, overseas, or service voter who registers to vote by signing the return envelope of the absentee ballot.

Sec. 8. RCW 29A.08.115 and 2004 c 267 s 108 are each amended to read as follows:

A person or organization collecting voter registration application forms must transmit the forms to the secretary of state or a county auditor at least once weekly. The registration date on such forms will be the date they are received by the secretary of state or county auditor.

Sec. 9. RCW 29A.08.145 and 2004 c 267 s 113 are each amended to read as follows:

This section establishes a special procedure which an elector may use to register to vote or transfer a voter registration by changing his or her address during the period beginning after the closing of registration for voting at the polls under RCW 29A.08.140 and ending on the fifteenth day before a primary, special election, or general election. A qualified elector in the state may register to vote or change his or her registration address in person in the office of the county auditor of the county in which the applicant resides, or at a voter registration location specifically designated for this purpose by the county auditor or secretary of state, and apply for an absentee ballot for that primary or election. The auditor or registration assistant shall register that individual in the manner provided in this chapter. The application for an absentee ballot executed by the newly registered or transferred voter for the primary or election that follows the execution of the registration shall be promptly transmitted to the auditor with the completed voter registration form.

Sec. 10. RCW 29A.08.210 and 2003 c 111 s 216 are each amended to read as follows:
An applicant for voter registration shall complete an application providing the following information concerning his or her qualifications as a voter in this state:

1. The address of the last former registration of the applicant as a voter in the state;
2. The applicant's full name;
3. The applicant's date of birth;
4. The address of the applicant's residence for voting purposes;
5. The mailing address of the applicant if that address is not the same as the address in subsection (4) of this section;
6. The sex of the applicant;
7. The applicant's Washington state driver's license number or Washington state identification card number, or the last four digits of the applicant's Social Security number if he or she does not have a Washington state driver’s license or Washington state identification card;
8. A check box for the applicant to indicate that he or she does not have a Washington state driver's license, Washington state identification card, or social security number;
9. A check box allowing the applicant to indicate that he or she is a member of the armed forces, national guard, or reserves, or that he or she is an overseas voter;
10. A check box allowing the applicant to confirm that he or she is at least eighteen years of age;
11. Clear and conspicuous language, designed to draw the applicant's attention, stating that the applicant must be a United States citizen in order to register to vote;
12. A check box and declaration confirming that the applicant is a citizen of the United States;
13. The following warning: "If you knowingly provide false information on this voter registration form or knowingly make a false declaration about your qualifications for voter registration you will have committed a class C felony that is punishable by imprisonment for up to five years, a fine of up to ten thousand dollars, or both.”
14. The oath required by RCW 29A.08.230 and a space for the applicant's signature; and
15. Any other information that the secretary of state determines is necessary to establish the identity of the applicant and prevent duplicate or fraudulent voter registrations.

This information shall be recorded on a single registration form to be prescribed by the secretary of state. If the applicant fails to provide the information required for voter registration, the auditor shall send the applicant a verification notice. If a verification notice is returned as undeliverable or the applicant fails to respond to the notice within forty-five days, the applicant shall not be registered to vote.

NEW SECTION. Sec. 11. A new section is added to chapter 29A.08 RCW to read as follows:

1. When a felony offender has completed all the requirements of his or her sentence, the county clerk shall immediately transmit this information to the secretary of state along with information about the county where the conviction occurred and the county that is the last known residence of the offender. The secretary of state shall maintain such records as part of the elections data base.

2. If the offender has completed all the requirements of all of his or her sentences for all of his or her felony convictions, the secretary of state shall transmit information about the restoration of the former felon's voting rights to the county auditor where the conviction took place and, if different, the county where the felon was last known to reside.

Sec. 12. RCW 29A.08.250 and 2004 c 267 s 117 are each amended to read as follows:

The secretary of state shall furnish registration forms necessary to carry out the registration of voters as provided by this chapter without cost to the respective counties. (All voter registration forms must include clear and conspicuous language, designed to draw an applicant's attention, stating that the applicant must be a United States citizen in order to register to vote. Voter registration application forms must also contain a space for the applicant to provide his or her driver's license number or the last four digits of his or her social security number as well as check boxes intended to allow the voter to indicate age and United States citizenship eligibility under the Help America Vote Act of 2002 (P.L. 107-252).)
(1) The secretary of state shall prescribe the method of voter registration for each designated agency. The agency shall use either the state voter registration by mail form with a separate declination form for the applicant to indicate that he or she declines to register at this time, or the agency may use a separate form approved for use by the secretary of state.

(2) The person providing service at the agency shall offer voter registration services to every client whenever he or she applies for service or assistance and with each renewal, recertification, or change of address. The person providing service shall give the applicant the same level of assistance with the voter registration application as is offered to fill out the agency's forms and documents, including information about age and citizenship requirements for voter registration.

(3) The person providing service at the agency shall determine if the prospective applicant wants to register to vote or transfer his or her voter registration by asking the following question:

"Do you want to register to vote or transfer your voter registration?"

If the applicant chooses to register or transfer a registration, the service agent shall ask the following:

(a) "Are you a United States citizen?"

(b) "Are you or will you be eighteen years of age on or before the next election?"

If the applicant answers in the affirmative to both questions, the agent shall then provide the applicant with a voter registration form and instructions and shall record that the applicant has requested to register to vote or transfer a voter registration. If the applicant answers in the negative to either question, the agent shall not provide the applicant with a voter registration form.

(4) If an agency uses a computerized application process, it may, in consultation with the secretary of state, develop methods to capture simultaneously the information required for voter registration during a person's computerized application process.

((44)) ((5) Each designated agency shall provide for the voter registration application forms to be collected from each agency office at least once each week. The agency shall then forward the application forms to the secretary of state each week. The secretary of state shall forward the forms to the county in which the applicant has registered to vote no later than ten days after the date on which the forms were received by the secretary of state.

Sec. 14. RCW 29A.08.520 and 2004 c 267 s 126 are each amended to read as follows:

(1) Upon receiving official notice of a person's conviction of a felony in either state or federal court, if the convicted person is a registered voter in the county, the county auditor shall cancel the defendant's voter registration. Additionally, the secretary of state in conjunction with the department of corrections, the Washington state patrol, the office of the administrator for the courts, and other appropriate state agencies shall arrange for a periodic quarterly comparison of a list of known felons with the statewide voter registration list. If a person is found on a felon list and the statewide voter registration list, the secretary of state or county auditor shall confirm the match through a date of birth comparison and suspend the voter registration from the official state voter registration list. The canceling authority shall send a notice of the proposed cancellation to the person at his or her last known voter registration address and an explanation of the requirements for restoring the right to vote once all terms of sentencing have been completed. If the person does not respond within thirty days, the registration must be canceled.

(2) The right to vote may be restored by, for each felony conviction, one of the following:

(a) A certificate of discharge issued by the sentencing court, as provided in RCW 9.94A.637;

(b) A court order restoring the right, as provided in RCW 9.92.066;

(c) A final order of discharge issued by the indeterminate sentence review board, as provided in RCW 9.96.050; or

(d) A certificate of restoration issued by the governor, as provided in RCW 9.96.020.

Sec. 15. RCW 29A.08.651 and 2004 c 267 s 101 are each amended to read as follows:

(1) The office of the secretary of state shall create and maintain a statewide voter registration data base. This data base must be a single, uniform, official, centralized, interactive computerized statewide voter registration list defined, maintained, and administered at the state level that contains the name and registration information of every legally registered voter in the state and assigns a unique identifier to each legally registered voter in the state.

(2) The computerized list must serve as the single system for storing and maintaining the official list of registered voters throughout the state.

(3) The computerized list must contain the name and registration information of every legally registered voter in the state.

(4) Under the computerized list, a unique identifier is assigned to each legally registered voter in the state.
(5) The computerized list must be coordinated with other agency data bases within the state, including but not limited to the department of corrections, the department of licensing, the department of health, the Washington state patrol, and the office of the administrator for the courts.

(6) Any election officer in the state, including any local election officer, may obtain immediate electronic access to the information contained in the computerized list.

(7) All voter registration information obtained by any local election officer in the state must be electronically entered into the computerized list on an expedited basis at the time the information is provided to the local officer.

(8) The chief state election officer shall provide support, as may be required, so that local election officers are able to enter information as described in subsection (3) of this section.

(9) The computerized list serves as the official voter registration list for the conduct of all elections.

(10) The secretary of state has data authority on all voter registration data.

(11) The voter registration data base must be designed to accomplish at a minimum, the following:
(a) Comply with the Help America Vote Act of 2002 (P.L. 107-252);
(b) Identify duplicate voter registrations;
(c) Identify suspected duplicate voters;
(d) Screen against the department of corrections, the Washington state patrol, and other appropriate state agency data bases to aid in the cancellation of voter registration of felons;
(e) Provide up-to-date signatures of voters for the purposes of initiative signature checking;
(f) Provide for a comparison between the voter registration data base and the department of licensing change of address data base;
(g) Provide online access for county auditors with the goal of real time duplicate checking and update capabilities; and
(h) Provide for the cancellation of voter registration for persons who have moved to other states and surrendered their Washington state drivers' licenses.

(12) The secretary of state must review and update the records of all registered voters on the computerized list on a quarterly basis to make additions and corrections.

Sec. 16. RCW 29A.08.710 and 2004 c 267 s 133 are each amended to read as follows:

1) The county auditor shall have custody of the original voter registration records for each county. The original voter registration form must be filed without regard to precinct and is considered confidential and unavailable for public inspection and copying. An automated file of all registered voters must be maintained pursuant to RCW 29A.08.125. An auditor may maintain the automated file in lieu of filing or maintaining the original voter registration forms if the automated file includes all of the information from the original voter registration forms including, but not limited to, a retrievable facsimile of each voter's signature.

2) The following information contained in voter registration records or files regarding a voter or a group of voters is available for public inspection and copying, except as provided in RCW 40.24.060: The voter's name, address, political jurisdiction, gender, date of birth, voting record, date of registration, and registration number. ((The address and political jurisdiction of a registered voter are available for public inspection and copying except as provided by chapter 40.24 RCW.)) No other information from voter registration records or files is available for public inspection or copying.

Sec. 17. RCW 29A.08.720 and 2004 c 266 s 9 are each amended to read as follows:

1) In the case of voter registration records received through the department of licensing, the identity of the office at which any particular individual registered to vote is not available for public inspection and shall not be disclosed to the public. In the case of voter registration records received through an agency designated under RCW 29A.08.310, the identity of the agency at which any particular individual registered to vote is not available for public inspection and shall not be disclosed to the public. Any record of a particular individual's choice not to register to vote at an office of the department of licensing or a state agency designated under RCW 29A.08.310 is not available for public inspection and any information regarding such a choice by a particular individual shall not be disclosed to the public.

2) ((All)) Subject to the restrictions of RCW 29A.08.710, poll books, precinct lists, and ((all)) current lists of registered voters, (except original voter registration forms or their images, shall be)) are public records and must be made available for public inspection and copying under such reasonable rules and regulations as the county auditor or secretary of state may prescribe. The county auditor or secretary of state shall promptly furnish current lists (or mailing labels) of registered voters in his or her possession, at actual reproduction cost, to any person requesting such information. The lists (or mailing labels) shall not be used for the purpose of mailing or delivering any advertisement or offer for any property, establishment, organization, product, or service or for the purpose of mailing or delivering any solicitation for money, services, or anything of value. However, the lists
Sec. 18. RCW 29A.08.740 and 2003 c 111 s 249 and 2003 c 53 s 176 are each amended to read as follows:

(1) Any person who uses registered voter data furnished under RCW 29A.08.720 ((or 29A.08.730)) for the purpose of mailing or delivering any advertisement or offer for any property, establishment, organization, product, or service or for the purpose of mailing or delivering any solicitation for money, services, or anything of value is guilty of a class C felony punishable by imprisonment in a state correctional facility for a period of not more than five years or a fine of not more than ten thousand dollars or both such fine and imprisonment, and is liable to each person provided such advertisement or solicitation, without the person's consent, for the nuisance value of such person having to dispose of it, which value is herein established at five dollars for each item mailed or delivered to the person's residence. However, a person who mails or delivers any advertisement, offer, or solicitation for a political purpose is not liable under this section unless the person is liable under subsection (2) of this section. For purposes of this subsection, two or more attached papers or sheets or two or more papers that are enclosed in the same envelope or container or are folded together are one item. Merely having a mailbox or other receptacle for mail on or near the person's residence is not an indication that the person consented to receive the advertisement or solicitation. A class action may be brought to recover damages under this section, and the court may award a reasonable attorney's fee to any party recovering damages under this section.

(2) Each person furnished data under RCW 29A.08.720 ((or 29A.08.730)) shall take reasonable precautions designed to assure that the data is not used for the purpose of mailing or delivering any advertisement or offer for any property, establishment, organization, product, or service or for the purpose of mailing or delivering any solicitation for money, services, or anything of value. However, the data may be used for any political purpose. Where failure to exercise due care in carrying out this responsibility results in the data being used for such purposes, then such person is jointly and severally liable for damages under subsection (1) of this section along with any other person liable under subsection (1) of this section for the misuse of such data.

Sec. 19. RCW 29A.08.775 and 2004 c 267 s 136 are each amended to read as follows:

Only voters who appear on the official statewide voter registration list are eligible to participate in elections. Each county shall maintain a copy of that county's portion of the state list. The county must ensure that data used for the production of poll lists and other lists and mailings done in the administration of each election are drawn from the same as the official statewide voter registration list.

Sec. 20. RCW 29A.40.091 and 2004 c 271 s 135 are each amended to read as follows:

The county auditor shall send each absentee voter a ballot, a security envelope in which to seal the ballot after voting, a larger envelope in which to return the security envelope, and instructions on how to mark the ballot and how to return it to the county auditor. The instructions that accompany an absentee ballot for a partisan primary must include instructions for voting the applicable ballot style, as provided in chapter 29A.36 RCW. The larger return envelope must contain a declaration by the absentee voter reciting his or her qualifications and stating that he or she has not voted in any other jurisdiction at this election, together with a summary of the penalties for any violation of any of the provisions of this chapter. The return envelope must provide a box the voter may check to indicate that he or she is a member of the armed forces or that he or she is an overseas voter. The return envelope must provide space for the voter to indicate the date on which the ballot was voted and for the voter to sign the oath. A summary of the applicable penalty provisions of this chapter must be printed on the return envelope immediately adjacent to the space for the voter's signature. The signature of the voter on the return envelope must affirm and attest to the statements regarding the qualifications of that voter and to the validity of the ballot. For out-of-state voters, overseas voters, and service voters, the signed declaration on the return envelope constitutes the equivalent of a voter registration for the election or primary for which the ballot has been issued. The voter must be instructed to either return the ballot to the county auditor by whom it was issued or attach sufficient first class postage, if applicable, and mail the ballot to the appropriate county auditor no later than the day of the election or primary for which the ballot was issued.

If the county auditor chooses to forward absentee ballots, he or she must include with the ballot a clear explanation of the qualifications necessary to vote in that election and must also advise a voter with questions about his or her eligibility to contact the county auditor. This explanation may be provided on the ballot envelope, on an enclosed insert, or printed directly on the ballot itself. If the information is not included, the envelope must clearly indicate that the ballot is not to be forwarded and that return postage is guaranteed.

Sec. 21. RCW 46.20.155 and 2004 c 249 s 7 are each amended to read as follows:
(1) Before issuing an original license or identicard or renewing a license or identicard under this chapter, the licensing agent shall determine if the applicant wants to register to vote or transfer his or her voter registration by asking the following question:

"Do you want to register to vote or transfer your voter registration?"

If the applicant chooses to register or transfer a registration, the agent shall (state) ask the following:

("I would like to remind you that you must be a United States citizen and at least eighteen years of age in order to vote.")

(1) "Are you a United States citizen?"
(2) "Are you or will you be eighteen years of age on or before the next election?"

If the applicant answers in the affirmative to both questions, the agent shall then provide the applicant with a voter registration form and instructions and shall record that the applicant has requested to register to vote or transfer a voter registration. If the applicant answers in the negative to either question, the agent shall not provide the applicant with a voter registration form.

(2) The department shall establish a procedure that substantially meets the requirements of subsection (1) of this section when permitting an applicant to renew a license or identicard by mail or by electronic commerce.

NEW SECTION. Sec. 22. The following acts or parts of acts are each repealed:

(1) RCW 29A.08.155 (Payment for maintenance of electronic records) and 2004 c 267 s 114 & 2003 c 111 s 215; and
(2) RCW 29A.08.730 (Registration, voting—Furnishing data upon request—Cost—Use restricted) and 2003 c 111 s 248, 1994 c 57 s 6, and 1973 1st ex. s. c 111 s 3.

NEW SECTION. Sec. 23. This act takes effect January 1, 2006."

(1) There shall be in the office of the state treasurer, a fund to be known and designated as the "second injury fund", which shall be used only for the purpose of defraying charges against it as provided in RCW 51.16.120 and 51.32.250((as now or hereafter amended. Said) The fund shall be administered by the director. The state treasurer shall be the custodian of the second injury fund and shall be authorized to disburse moneys from it only upon written order of the director.

(2) Payments to the second injury fund from the accident fund shall be made pursuant to rules ((and regulations promulgated)) adopted by the director.

(3)(a) Assessments for the second injury fund shall be imposed on self-insurers pursuant to rules ((and regulations promulgated by the director to ensure that self-insurers shall pay to such fund)) adopted by the director. Such rules shall provide for at least the following:

(i) Except as provided in (a)(ii) of this subsection, the amount assessed each self-insurer must be in the proportion that the payments made from ((such)) the fund on account of claims made against self-insurers bears to the total sum of payments from ((such)) the fund.

(ii) Except as provided in section 2 of this act, beginning with assessments imposed on or after July 1, 2009, the department shall experience rate the amount assessed each self-insurer as long as the aggregate amount assessed is in the proportion that the payments made from the fund on account of claims made against self-insurers bears to the total sum of payments from the fund. The experience rating factor must provide equal weight to the ratio between expenditures made by the second injury fund for claims of the self-insurer to the total expenditures made by the second injury fund for claims of all self-insurers for the prior three fiscal years and the ratio of workers' compensation claim payments under this title made by the self-insurer to the total worker's compensation claim payments made by all self-insurers under this title for the prior three fiscal years. The weighted average of these two ratios must be divided by the latter ratio to arrive at the experience factor.

(b) For purposes of this subsection, "expenditures made by the second injury fund" mean the costs and charges described under RCW 51.32.250 and 51.16.120 (3) and (4), and the amounts assessed to the second injury fund as described under RCW 51.16.120(1). Under no circumstances does "expenditures made by the second injury fund" include any subsequent payments, assessments, or adjustments for pensions, where the applicable second injury fund entitlement was established outside of the three fiscal years.

NEW SECTION. Sec. 2. (1) If the outcome study conducted by the department of labor and industries under subsection (2)(a)(ii) or (ii) of this section shows a negative impact of fifteen percent or more to workers following claim closure among nonpension self-insured claimants, 2005 c . . . s 1 (section 1 of this act) expires June 30, 2013.

(2) The department shall conduct an outcome study of the experience rating system established in 2005 c . . . s 1 (section 1 of this act). In conducting the study, the department must:

(a) Compare the outcomes for workers of self-insured employers whose industrial insurance claims with temporary total disability benefits for more than thirty days are closed between July 1, 2002, and June 30, 2004, with similar claims of workers of self-insured employers closed between July 1, 2009, and June 30, 2011. For the purposes of subsection (1) of this section, the department must provide two separate comparisons of such workers as follows: (i) The first comparison includes the aggregate preinjury wages for all nonpension injured workers compared with their aggregate wages at claim closure in each of
the two study groups; and (ii) the second comparison includes the proportion of all nonpension injured workers who are found able to work but have not returned to work, as reported by self-insurers in the eligibility assessment reports submitted to the department on the claims in the first study group, compared with the proportion of such workers who are found able to work but have not returned to work, as reported in the eligibility assessment reports submitted on claims in the second study group;

(b) Study whether the workers potentially impacted by the experience rating program have improved return-to-work outcomes, whether the number of impacted workers found to be employable increases, whether there is a change in long-term disability outcomes among the impacted workers, and whether the number of permanent total disability pensions among impacted workers is affected and, if so, the nature of the impact; and

(c) Develop, in consultation with representatives of the impacted workers and the self-insured community, a study methodology that must be provided to the workers' compensation advisory committee for review and comment. The study methodology must include appropriate controls to account for economic fluctuation, wage inflation, and other independent variables.

(3) The department must report to the appropriate committees of the legislature by December 1, 2012, on the results of the study.

Representative Pettigrew moved adoption of amendment (536):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) This chapter applies to all operations that meet the definition of an animal feeding operation.

(2)(a) This chapter creates specific permit requirements consistent with state and federal water quality laws for concentrated animal feeding operations.

(b) All dairies are required to implement nutrient management plans and perform certain reporting.

(c) AFOs that are not CAFOs or dairies are not required to have a plan under this chapter and are only required to obtain a permit if it has been determined by the department that they are discharging to the waters of the state. However, no AFO is allowed to pollute waters of the state, and all AFOs may be inspected by the department under this chapter.

Sec. 2. RCW 90.64.005 and 1998 c 262 s 1 are each amended to read as follows:

The legislature finds that there is a need (to establish a clear and understandable process that provides for the proper and effective management of dairy nutrients that affect the quality of surface or ground waters in the state of Washington. The legislature finds that there is a need for a program that will provide a stable and predictable business climate upon which dairy farms may base future investment decisions.

The legislature finds that federal regulations require a permit program for dairies with over seven hundred head of mature cows and other specified dairy farms that directly discharge into waters or are otherwise significant contributors of pollution. The legislature finds that significant work has been ongoing over a period of time and that the intent of this chapter is to take the consensus that has been developed and place it into statutory form.

It is also the intent of this chapter to establish an inspection and technical assistance program for dairy farms to address the discharge of pollution to surface and ground waters of the state that will lead to water quality compliance by the industry. A further purpose is to create a balanced program involving technical assistance, regulation, and enforcement with coordination and oversight of the program by a committee composed of industry, agency, and other representatives. Furthermore, it is the objective of this chapter to maintain the administration of the water quality program as it relates to dairy operations at the state level.

It is also the intent of this chapter to recognize the existing working relationships between conservation districts, the conservation commission, and the department of ecology in protecting water quality of the state. A further purpose of this chapter is to provide statutory recognition of the coordination of the functions of conservation districts, the conservation commission, and the department of ecology pertaining to development of dairy waste management plans for the protection of water quality) for an effective livestock nutrient management program for all AFOs that meets federal and state water quality rules. The goals of the program are to provide clear guidance to animal feeding operations about their responsibilities under state and federal water quality laws and to implement the necessary program requirements in a consistent manner that will maintain a healthy and productive livestock industry in Washington state while preventing degradation of water quality. It is the intent of the legislature that the department of agriculture continues the existing program for all licensed dairies, implements the revised program for CAFOs and AFOs, and carries out effective, fair, and equitable enforcement.

(1) The director (of the department of ecology may) shall designate any (dairy animal feeding operation as a concentrated dairy animal feeding operation) AFO as a CAFO upon determining that it is a significant contributor of pollution to the (surface or ground) waters of the state.

(2) The director may designate any AFO as a CAFO upon determining that it is discharging to the waters of the state.

(3) In making (this) a designation, the director shall consider the following factors:

(5) An AFO shall not be designated as a CAFO under this section unless the director has conducted an on-site inspection of the operation and determined that the operation should be regulated under the permit program. In addition, no AFO with numbers of animals below those for a medium CAFO may be designated as a CAFO unless:

(a) Pollutants are discharged into waters of the state through a man-made ditch, flushing system, or other similar man-made device; or

(b) Pollutants are discharged directly into waters of the state which originate outside of the facility and pass over, across, or through the facility or otherwise come into direct contact with the animals confined in the operation.

(5) Any AFO designated as a CAFO shall apply for a permit as described in section 22 of this act.

Sec. 5. RCW 90.64.023 and 1998 c 262 s 5 are each amended to read as follows:

(1) By October 1, 1998, the department shall initiate an inspection program of all dairy farms in the state. The purpose of the inspections is to:

(a) The department has the authority to conduct inspections under this chapter to:

(b) Ensure compliance by AFOs, CAFOs, and dairies with state and federal water quality laws and rules, including those adopted under chapter 90.48 RCW;

(c) Determine whether a permitted CAFO is complying with the terms and conditions of its permit;

(d) Survey for evidence of violations;

(e) Identify corrective actions for actual or imminent discharges that violate or could violate the state’s water quality standards or this chapter;

(f) Monitor the development and implementation of (dairy) livestock nutrient management plans; and

(g) Identify (dairy producers who would benefit from) AFOs, CAFOs, and dairies that are eligible for technical assistance or education programs.
(2) Local conservation district employees may, at their discretion, accompany department inspectors on any scheduled inspection of dairy farms except random, unannounced inspections.

(3) Follow-up inspections shall be conducted by the department to ensure that corrective and other actions as identified in the course of initial inspections are being carried out. The department shall also conduct such additional inspections as are necessary to ensure compliance with state and federal water quality requirements, provided that all licensed dairy farms shall be inspected once within two years of the start of this program. The department, in consultation with the advisory and oversight committee established in section 8 of this act, shall develop performance-based criteria to determine the frequency of inspections.

(1) Dairy farms) The department shall inspect all dairies and permitted CAFOs at least once every two years.

(3) Dairies and permitted CAFOs shall be prioritized for inspection based on ((the development of)) criteria that include, but are not limited to, the following factors:

(a) Existence or implementation of a ((dairy)) livestock nutrient management plan;
(b) Proximity to impaired waters of the state; ((and))
(c) Proximity to all other waters of the state((. The criteria developed to implement this subsection (4) shall be reviewed by the advisory and oversight committee.));
(d) Proximity to shellfish beds;
(e) Permit status;
(f) Compliance history; and
(g) Other relevant factors as may be determined by the department.

(4)(a) All permitted CAFOs must make available during inspection those records required to be kept by the permit.

(b) Dairies not covered by a permit and AFOs shall make available during inspection records including, but not limited to, animal inventories for purposes of determining if the dairy or AFO is subject to regulation as a CAFO, to assess compliance with state and federal water quality laws, and to verify qualification for technical assistance programs, education programs, or any tax exemptions available under state law.

(5) The department may conduct follow-up inspections to ensure that corrective actions identified in the course of an inspection are being carried out. The department may conduct such additional inspections as are necessary to ensure compliance with administrative orders issued by the department and compliance with permit conditions and state and federal water quality laws and rules.

NEW SECTION. Sec. 6. (1) All CAFOs required to apply for a permit and all dairies are required to develop a livestock nutrient management plan. These plans must be approved by the department and certified as fully implemented by the department and the livestock producer. If at any time compliance with a livestock nutrient management plan fails to prevent the discharge of pollutants or if complying with the plan would still pose a significant potential to discharge pollutants to waters of the state, the livestock producer must revise the plan as directed by the department.

(2) Plans must be developed using natural resource conservation service (NRCS) practice standards. Equivalent practices and standards may be used if the department determines they meet or exceed NRCS standards and there is a substantial likelihood that, once implemented, the alternative practices and standards would meet state and federal water quality standards. The department shall establish by rule a technical review process to make determinations on proposed equivalent practices and standards.

(3) Prior to approval and certification, a nutrient management plan must be verified by a conservation district as meeting the NRCS standards except that, at the request of the producer, verification may be by a technical review team convened by the director. The team must include a representative of a conservation district.

NEW SECTION. Sec. 7. The following requirements apply to all CAFOs required to apply for a permit.

(1) All CAFOs required to apply for a permit must meet livestock nutrient management plan deadlines for development and implementation required by this chapter, permit, or rule.

(2) At a minimum, a livestock nutrient management plan for a CAFO required to apply for a permit must include site-appropriate best management practices including those set out in 40 C.F.R. Sec. 412.4 (April 14, 2003), and procedures necessary to implement applicable effluent limitations including those set out in 40 C.F.R. Part 412 (April 14, 2003), and standards. The plan must, to the extent applicable:

(a) Ensure adequate storage of livestock nutrients, including procedures to ensure proper operation and maintenance of the storage facilities;
(b) Ensure proper management of dead animals to ensure that they are not disposed of in a liquid manure, storm water, or process wastewater storage or treatment system that is not specifically designed to treat animal mortalities;
(c) Ensure that clean water is diverted, as appropriate, from the production area;
(d) Prevent direct contact of confined animals with waters of the state;
(e) Ensure that chemicals and other contaminants handled on-site are not disposed of in any livestock nutrients or storm water storage or treatment system unless specifically designed to treat such chemicals and other contaminants;
(f) Identify appropriate site-specific conservation practices to be implemented, including as appropriate buffers or equivalent practices, to control runoff of pollutants to waters of the state;
(g) Identify protocols for appropriate testing of livestock nutrients and soil;
(h) Establish protocols to apply livestock nutrients in accordance with site-specific nutrient management practices that ensure appropriate agricultural utilization of the nutrients in the livestock nutrients; and
(i) Identify specific records that will be maintained to document the implementation and management of the minimum elements described in (a) through (h) of this subsection.

(3) Review and approval of a plan by the department is part of the permit application and issuance process. The department shall determine whether a plan contains the elements identified in subsection (2) of this section, meets the permit requirements, and is adequate to meet applicable state and federal water quality laws, including chapter 90.48 RCW.

(4)(a) An approved plan shall be certified by the department and the livestock producer when the plan is fully implemented and is being used as designed and intended.

(b) A certification form shall be developed by the department and shall provide for a signature by both the director and the livestock producer. The livestock producer must submit to the department a signed certification form.

(c) Upon receipt of the completed certification form, the department shall determine within one hundred twenty days whether the approved plan has been fully implemented. If the department finds the plan is not fully implemented, the department shall deny certification. The department shall notify the livestock producer in writing of the reasons for the denial of certification.

NEW SECTION. Sec. 8. The following requirements apply to all dairies not required to apply for a permit.

(1) A dairy that is not a CAFO required to apply for a permit has six months from the date of obtaining a license under chapter 15.36 RCW to submit its livestock nutrient management plan to the department and eighteen months from the date of plan approval to submit the plan to the department for certification.

(2) The plan for a dairy that is not a CAFO required to apply for a permit shall include the minimum elements as defined by the department by rule.

(3) The department shall review and determine whether a plan contains the minimum elements. The department shall approve or deny approval of the plan no later than ninety days after receiving the plan. If the department denies approval, the department shall notify the livestock producer in writing of the denial and of modifications needed for plan compliance no later than ninety days after receiving the plan. The livestock producer must provide a revised plan that includes the needed modifications within ninety days of the date of the department's notification.

(4)(a) An approved plan shall be certified by the department and the livestock producer when the plan is fully implemented and is being used as designed and intended.

(b) A certification form shall be developed by the department and shall provide for a signature by both the director and the livestock producer. The livestock producer must submit to the department a signed certification form within eighteen months of plan approval.

(c) Upon receipt of the completed certification form, the department shall determine within one hundred twenty days whether the approved plan has been fully implemented. If the department finds the plan is not fully implemented, the department shall deny certification. The department shall notify the livestock producer in writing of the reasons for the denial of certification and set a date by which full implementation must occur.

(5) A dairy that is not a CAFO required to apply for a permit that fails to have an approved or a certified livestock nutrient management plan in place by the timelines specified in this section is in violation of this chapter. Each month beyond these deadlines that the dairy is out of compliance with the requirement for either plan approval or plan certification is considered a separate violation that may subject the dairy to penalties. The penalties are one hundred dollars per month for each violation up to a combined total of one thousand two hundred dollars and then the penalty is two hundred dollars per month for each violation up to a combined maximum of five thousand dollars.

NEW SECTION. Sec. 9. AFOs that are not dairies may voluntarily develop and implement livestock nutrient management plans. If an AFO requests that the department approve and certify the plan, then the plan must meet the minimum elements required in section 8 of this act. Plan approval and certification shall follow the same process as identified in section 8 of this act.
Sec. 10. RCW 90.64.028 and 1998 c 262 s 7 are each amended to read as follows:
(1) ((Conservation district)) (a) Department decisions pertaining to denial of approval or denial of certification of a livestock nutrient management plan for a facility not required to have a permit, including a denial of the use of alternative standards and practices; modification or amendment of a plan; application of any livestock nutrient management practices, standards, methods, and technologies to a particular AFO, CAFO, or dairy; and the failure to adhere to plan review and approval timelines identified in RCW 90.64.026 section 8 of this act are appealable under this chapter. ((Department actions pertaining to water quality violations are appealable under chapter 90.48 RCW.))

In addition, a dairy producer who is constrained from complying with the planning requirements of this chapter because of financial hardship or local permitting delays may request a hearing before the conservation commission and may request an extension of up to one year beyond the approval and certification dates prescribed in this chapter for plan approval and certification.

(2) (a) Within thirty days of receiving ((a local conservation district)) notification regarding any of the decisions identified in (a) of this subsection, ((a dairy)) livestock producer who disagrees with any of these decisions may request an informal hearing before the conservation commission or may appeal ((directly)) to the pollution control hearings board. ((The commission shall issue a written decision no later than thirty days after the informal hearing.))

(3) If the conservation commission reverses the decision of the conservation district, the conservation district may appeal this reversal to the pollution control hearings board according to the procedure in chapter 43.21B RCW within thirty days of receipt of the commission's decision.

(4) (c) When an appeals process is initiated under this section, the length of time extending from the start of the appeals process to its conclusion shall be added onto the timelines provided in this chapter for plan development, approval, and certification (only if an appeal is heard by the pollution control hearings board).

(2) For facilities applying for a permit, department decisions pertaining to those elements of a livestock nutrient management plan that are conditions of a permit are made as part of the permit application and issuance process and are appealable by any person to the pollution control hearings board under RCW 43.21B.110.

Sec. 11. RCW 90.64.030 and 2003 c 325 s 3 are each amended to read as follows:
(1) ((Under the inspection program established in RCW 90.64.023, the department may investigate a dairy farm to determine whether the operation is discharging pollutants or has a record of discharging pollutants into surface or ground waters of the state. Upon concluding an investigation, the department shall make a written report of its findings, including the results of any water quality measurements, photographs, or other pertinent information, and provide a copy of the report to the dairy producer within twenty days of the investigation.))

(2) (a) The department shall investigate a (written) complaint filed with the department within three working days and shall make a written report of its findings including the results of any water quality measurements, photographs, or other pertinent information. Within twenty days of receiving a (written) complaint, a copy of the findings shall be provided to the livestock producer subject to the complaint, and, if requested, to the complainant if the person gave his or her name and address to the department at the time the complaint was filed.

((((2a))) (b) The department may consider past complaints against the same AFO, CAFO, or dairy (farm) from the same person and the results of its previous inspections, and has the discretion to decide whether to conduct an inspection if:

((2a))) (i) The same or a similar complaint or complaints have been filed against the same AFO, CAFO, or dairy (farm) within the immediately preceding six-month period; and

((2b))) (ii) The department made a determination that the activity that was the subject of the prior complaint was not a violation.

((2a))) (c) If the decision of the department is not to conduct an inspection, it shall document the decision and the reasons for the decision within twenty days. The department shall provide the decision to the complainant if the name and address were provided to the department, and to the livestock producer subject to the complaint, and the department shall place the decision in the department's administrative records.

((2b))) (2) The report of findings of any inspection conducted as the result of ((either an oral or a written)) a complaint shall be placed in the department's administrative records. ((Only findings of violations shall be entered into the database identified in RCW 90.64.130.))

(6-A) (3) An AFO, CAFO, or dairy (farm) that is determined to be a significant contributor of pollution based on actual water quality tests, photographs, or other pertinent information, or that violates the terms and conditions of a permit is subject to the provisions of this chapter and to the enforcement provisions of chapters 43.05 and 90.48 RCW, including civil penalties levied under RCW 90.48.144 or this chapter.
If the department determines that an unresolved water quality problem from an AFO, CAFO, or dairy farm requires immediate corrective action, the department shall notify the livestock producer and the district in which the problem is located. When corrective actions are required to address such unresolved water quality problems, the department shall provide copies of all final inspection reports and documentation of all formal regulatory and enforcement actions taken by the department against that particular dairy farm to the livestock producer within twenty days.

For a violation of water quality laws that is a first offense for a dairy producer, the penalty may be waived to allow the producer to come into compliance with water quality laws.

The department shall record all violations and subsequent enforcement actions.

An agricultural storm water discharge into waters of the state by an AFO, CAFO, or dairy shall not be considered a violation of this chapter if the discharge is occurring under section 34 of this act. In addition, a livestock producer shall not be held liable for violations of this chapter due to the discharge of livestock nutrients to waters of the state resulting from spreading these materials on lands other than where the nutrients were generated, when the nutrients are spread by persons other than the livestock producer or the producer's agent.

As provided under RCW 7.48.305, agricultural activities associated with the management of livestock nutrients are presumed to be reasonable and shall not be found to constitute a nuisance unless the activity has a substantial adverse effect on public health and safety.

This section specifically acknowledges that if a holder of a general or individual national pollutant discharge elimination system permit complies with the permit and the livestock nutrient management plan conditions for appropriate land application practices, the permit provides compliance with the federal clean water act and acts as a shield against citizen or agency enforcement for any additions of pollutants to waters of the United States as authorized by the permit.

A dairy producer who fails to have an approved dairy nutrient management plan by July 1, 2002, or a certified dairy nutrient management plan by December 31, 2003, and for which no appeals have been filed with the pollution control hearings board, is in violation of this chapter. Each month beyond these deadlines that a dairy producer is out of compliance with the requirement for either plan approval or plan certification shall be considered separate violations of chapter 90.64 RCW that may be subject to penalties. Such penalties may not exceed one hundred dollars per month for each violation up to a combined total of five thousand dollars. The department has discretion in imposing penalties for failure to meet deadlines for plan approval or plan certification if the failure to comply is due to lack of state funding for implementation of the program. Failure to register as required in RCW 90.64.017 shall subject a dairy producer to a maximum penalty of one hundred dollars. Penalties shall be levied by the department.

Sec. 12. RCW 90.64.040 and 1993 c 221 s 5 are each amended to read as follows:

Enforcement actions and administrative orders issued by the department may be appealed to the pollution control hearings board in accordance with the provisions of chapter 43.21B RCW.

Sec. 13. RCW 90.64.050 and 1998 c 262 s 12 are each amended to read as follows:

The department has the duty to implement and administer a livestock nutrient management program including the duty to:

(a) Enforce this chapter including carrying out inspections and enforcement actions, and assessing penalties;
(b) Identify existing or potential water quality problems resulting from a dairy farm or CAFO through implementation of the inspection program in this chapter;
(c) Receive, process, and verify complaints concerning discharge of pollutants from any dairy farm;
(d) Determine if a dairy related water quality problem requires immediate corrective action under the Washington state water pollution control laws, chapter 90.48 RCW, or the Washington state water quality standards adopted under chapter 90.48 RCW. The department shall maintain the lead enforcement responsibility.
Upon delegation, administer and enforce (national pollutant discharge elimination system) permits for (operators of) concentrated (dairy) animal feeding operations, where required by federal regulations and state laws or upon request of a (dairy) livestock producer;

Participate on the advisory and oversight committee;

Encourage communication and cooperation between local department personnel and the appropriate conservation district personnel;

Require the (use of dairy) development of livestock nutrient management plans as required under this chapter (for entities required to plan under this chapter); and

Provide to the commission and the advisory and oversight committee an annual report of dairy farm inspection and enforcement activities) (f) Approve and certify livestock nutrient management plans that meet the minimum standards developed under this chapter.

The department has the authority to:

(a) Inspect a facility upon the request of the livestock producer;
(b) Provide technical assistance to AFOs, CAFOs, and dairies in gaining compliance with this chapter and in implementing livestock nutrient management plans to protect water quality;
(c) Maintain and manage data necessary to administer the program effectively and to track compliance activity;
(d) Provide communication and outreach to representatives of agricultural and environmental organizations; and
(e) Coordinate with conservation districts or other agencies and organizations that provide education and technical or financial assistance programs for AFOs, CAFOs, and dairies.

Sec. 14. RCW 90.64.110 and 1993 c 221 s 12 are each amended to read as follows:

(1) In addition to the specific grants of rule-making authority in this chapter, the department may adopt rules as necessary to implement this chapter, including rules concerning the administration of permit programs.

(2) The department has the authority to adopt in rule any provisions in the following federal regulations: 40 C.F.R. parts 9, 122, 123, 124, and 412 (April 14, 2003). The department is authorized to adopt rules to accommodate changes to federal regulations that are subsequently adopted by the United States environmental protection agency.

Sec. 15. RCW 90.64.150 and 2003 c 325 s 5 are each amended to read as follows:

(The livestock nutrient management account is created in the custody of the state treasurer.) All receipts from monetary penalties levied pursuant to violations of this chapter must be deposited into the livestock nutrient management grant account hereby created within the agricultural local fund. Expenditures from the account may be used only to provide grants for research or education proposals that assist livestock operations to achieve compliance with state and federal water quality laws. The department shall accept and prioritize research proposals and education proposals. Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

NEW SECTION. Sec. 16. Any residual balance of funds remaining in the livestock nutrient management account on the effective date of this section shall be transferred to the livestock nutrient management grant account within the agricultural local fund.

NEW SECTION. Sec. 17. (1) Permitted CAFOs shall maintain and make available to the department the records and annual reports as described in 40 C.F.R. Sec. 122.42(e) (2), (3), and (4) (April 14, 2003). The department shall develop a standard annual reporting form and a submittal date by rule for the annual report from CAFOs.

(2) Dairies that are not a CAFO required to apply for a permit shall maintain and make available to the department all records required by their livestock nutrient management plans. These dairies must also submit a completed summary report to the department every two years beginning in 2006. The department shall develop and send out a standard reporting form and designate a submittal date by rule for the report. If the producer fails to submit a completed summary report by the submittal date, the department shall levy a penalty of one hundred dollars.

NEW SECTION. Sec. 18. The department may coordinate with Washington State University, the conservation commission, conservation districts, the department of ecology, other federal, state, and local agencies, and private organizations and individuals in implementing an education program for improvement of nutrient management by dairies, AFOs, and CAFOs and to prevent livestock nutrients from degrading the quality of waters of the state. The department may refer livestock
producers to conservation districts, Washington State University, and other entities for educational programs, technical assistance, or financial assistance.

**NEW SECTION. Sec. 19.** (1) Conservation districts may, at the request of a livestock producer, provide technical or financial assistance in developing or revising and implementing the producer's livestock nutrient management plan.

(2) The conservation commission and conservation districts shall, to the extent practical and to the extent that funding allows, provide technical and financial assistance to livestock producers to assist them in complying with this chapter.

**NEW SECTION. Sec. 20.** When the environmental protection agency delegates authority under the federal clean water act to the department and the department of ecology relinquishes its authority under RCW 90.48.260 to administer its national pollutant discharge elimination permit system authority and other duties regarding animal feeding operations and concentrated animal feeding operations, the department is hereby authorized to participate fully in the programs of the federal clean water act as well as to take all action necessary to secure to the state the benefits and to meet the requirements of that act for AFOs and CAFOs. Implementation shall be accomplished so that compliance with AFO and CAFO rules, permits, programs, and directives will achieve compliance with all federal and state water pollution control laws. The powers granted in this section include, among others, and notwithstanding any provisions of chapter 90.48 RCW or otherwise, the following:

(1) Complete authority to establish and administer a livestock nutrient management program, including a pollution discharge elimination permit program which will allow the department to be the sole agency issuing permits required by such national system operating in the state of Washington. Program elements authorized may include, but are not limited to: (a) Issuance of permits; (b) termination and modification of permits for cause; (c) requirements for public notices and opportunities for public hearings; (d) requirements for inspection, monitoring, entry, and reporting; (e) enforcement of the program through penalties, emergency powers, and criminal sanctions; (f) a continuing planning process; and (g) user charges.

(2) The power to establish and administer a state program in a manner which will ensure the procurement of moneys, whether in the form of grants, loans, or otherwise, to assist in the construction, operation, and maintenance of various water pollution control facilities and works.

(3) The power to develop and implement appropriate programs pertaining to continuing planning processes.

**NEW SECTION. Sec. 21.** Until the department receives federal delegation for the NPDES CAFO program, the department of ecology shall remain responsible for NPDES permit administration as described under a memorandum of understanding between the department and the department of ecology. Sections 22 through 26 of this act are not effective until federal delegation occurs.

**NEW SECTION. Sec. 22.** (1) Any person who owns or operates a dairy or CAFO that is required to apply for a permit under RCW 90.64.020 (as recodified by this act) or under the federal CAFO rule shall obtain a permit from the department. Any AFO that is determined by the department to be discharging into the waters of the state is required to obtain a state waste discharge permit from the department.

(2) The permit issued by the department shall meet the requirements of either the NPDES or the state waste discharge permit system, or both.

(3) A livestock operation meeting the definition of large CAFO may seek a determination from the department that the large CAFO has no potential to discharge to the waters of the state. Within sixty days of such a request, the director will make a determination using the process and criteria of 40 C.F.R. Sec. 122.23(f) (April 14, 2003). A livestock operation that receives a determination that it has no potential to discharge is not required to apply for permit coverage. Such a livestock operation is not relieved from liability under this chapter for actual discharges.

**NEW SECTION. Sec. 23.** (1) Applications for permits or modifications of a permit must be made on forms prescribed by the department, which shall be consistent with the federal CAFO permit application form. A copy of the nutrient management plan must be submitted with the application. An application for a permit shall be made:

(a) At least one hundred eighty days prior to commencement of operation of any new source CAFO required to apply for a permit;

(b) At least one hundred eighty days prior to the permit expiration date;

(c) Within ninety days of designation as a newly designated CAFO; or

(d) Within ninety days of the change in circumstance that causes a facility not covered by a permit to become defined as a CAFO required to apply for a permit.
(2) The department shall establish by rule public notice and public hearing requirements pertaining to department decisions on applications and permits in conformance with the requirements of 40 C.F.R. Secs. 124.10, 124.11, and 124.12 (April 14, 2003) and any other applicable federal regulation. At a minimum, the department's rules shall include providing notice of permit application. These rules shall also define the methods of public notice including, but not limited to, electronic means.

(3) When an application has been filed with the department that complies with this chapter and its rules, the department shall determine whether the management of livestock nutrients as proposed will pollute waters of the state in violation of the public policy of the state.

NEW SECTION. Sec. 24. The department shall issue a permit under section 22 of this act unless it finds that the disposal of livestock nutrients as proposed in the application will pollute or present a substantial potential to pollute the waters of the state in violation of state or federal law. The department shall have authority to specify conditions necessary to avoid such pollution in each permit under which livestock nutrients may be disposed of by the permittee. Permits, whether individual or general, shall not be valid for more than five years from the date of issuance.

NEW SECTION. Sec. 25. A permit under section 22 of this act shall be subject to termination upon thirty days' notice in writing if the department finds:
   (1) That it was procured by misrepresentation of any material fact or by lack of full disclosure in the application;
   (2) That there has been a violation of the conditions thereof;
   (3) That a material change in quantity or type of livestock nutrient disposal exists.

NEW SECTION. Sec. 26. In the event that a material change in the condition of the waters occurs, the department may, by appropriate order, modify permit conditions or specify additional conditions in permits previously issued. The department may modify or revoke and reissue permits in accordance with 40 C.F.R. Sec. 122.62 and 63 (April 14, 2003). Reissued permits or permits with major modifications shall be issued in accordance with section 23 of this act and subject to appeal in accordance with RCW 43.21B.110. Modification of the terms and conditions of the nutrient management plan included in a permit constitutes a modification of the permit.

NEW SECTION. Sec. 27. It is unlawful for any person regulated by this chapter to throw, drain, run, or otherwise discharge into any of the waters of this state, or to cause, permit, or suffer to be thrown, run, drained, allowed to seep, or otherwise discharged into such waters any organic or inorganic matter, including livestock nutrients, that shall cause or tend to cause pollution of such waters according to the determination of the department, as provided for in this chapter.

NEW SECTION. Sec. 28. If any discharge to waters of the state occurs, a permitted CAFO shall notify the department as specified in the permit. A dairy or CAFO that is not a permitted CAFO shall notify the department within twenty-four hours and submit a written report within five days describing at a minimum: The discharge, receiving water, cause, dates, estimated quantities, corrective steps taken to repair impacts, and how it will prevent any future discharge.

NEW SECTION. Sec. 29. (1) The director has the authority to enter any AFO, CAFO, or dairy at any reasonable time and inspect property or facilities and records required under this chapter. Upon arrival at an AFO, CAFO, or dairy, the department shall present identification and give verbal notification of the purpose of the inspection, which may include sampling and testing, to the livestock producer or his or her agent.
   (2) If the director is denied access to property, facility, or records, the director may apply to a court of competent jurisdiction for a search warrant authorizing access to property, facilities, or records for purposes of inspections, sampling, or testing as authorized in this chapter. The court may upon the application issue a search warrant for the purposes requested.

NEW SECTION. Sec. 30. The department, with the assistance of the attorney general, is authorized to bring any appropriate action at law or in equity, including action for injunctive relief, in the name of the people of the state of Washington as may be necessary to carry out this chapter.

NEW SECTION. Sec. 31. (1) Whenever, in the opinion of the department, any person violates or creates a substantial potential to violate this chapter, or fails to control the polluting content of waste discharged or to be discharged into any waters of the state, the department shall notify the person of its determination by registered or certified mail. Such determination shall not constitute an order or directive under chapter 43.21B or 34.05 RCW. Within thirty days from the receipt of notice of the determination, the person must file with the department a full report stating what steps have been and are being taken to control
the waste or pollution or to otherwise comply with the determination of the department. The department then shall issue such order or directive as it deems appropriate under the circumstances, and shall notify the person by registered or certified mail.

(2) Whenever the department deems immediate action is necessary to accomplish the purposes of this chapter, it may issue such order or directive, as appropriate under the circumstances, without first issuing a notice or determination pursuant to subsection (1) of this section. An order or directive issued pursuant to this subsection shall be served by registered or certified mail or personally upon any person to whom it is directed.

NEW SECTION. Sec. 32. Any person found guilty of willfully violating this chapter, or any final written orders or directive of the department or a court in pursuance thereof, is guilty of a gross misdemeanor, and upon conviction thereof shall be punished by a fine of up to ten thousand dollars and costs of prosecution, or by imprisonment in the county jail for not more than one year, or by both such fine and imprisonment in the discretion of the court. Each day upon which a willful violation of this chapter occurs may be deemed a separate and additional violation.

NEW SECTION. Sec. 33. (1) Any person who:
   (a)(i) Violates this chapter;
   (ii) Fails to perform any duty imposed by this chapter;
   (iii) Violates an order or other determination of the department or the director made under this chapter;
   (iv) Violates the conditions of a permit issued under this chapter; or
   (v) Otherwise causes a reduction in the quality of the state's waters below the standards set under chapter 90.48 RCW or, if no standards have been set, causes significant degradation of water quality, thereby damaging the state's waters; and
   (b) Causes the death of, or injury to, fish, animals, vegetation, or other resources of the state;
   shall be liable to pay the state and affected counties and cities damages in an amount determined under RCW 90.48.367.

(2) An action is not authorized under this section against any person operating in compliance with the conditions of a permit issued under this chapter.

NEW SECTION. Sec. 34. (1) Except as provided in chapter 43.05 RCW, every person who:
   (a) Violates the terms or conditions of a permit issued under this chapter or chapter 90.48 RCW for an AFO or a CAFO;
   (b) Operates a CAFO without a permit as required by this chapter or chapter 90.48 RCW; or
   (c) Discharges livestock nutrients in violation of this chapter, or rules or orders adopted or issued under this chapter or chapter 90.48 RCW,
   shall incur, in addition to any other penalty as provided by law, a penalty in an amount of up to ten thousand dollars a day for every such violation. Each and every such violation shall be a separate and distinct offense, and in case of a continuing violation, every day's continuance shall be and be deemed to be a separate and distinct violation. Every act of commission or omission which procures, aids, or abets in the violation shall be considered a violation under this section and subject to the penalty provided for in this section. The penalty amount shall be set in consideration of the previous history of the violator and the severity of the violation's impact on public health or the environment in addition to other relevant factors. The department is authorized to set forth the procedures and the criteria for setting the penalty in rule.

(2) A discharge of pollutants into the waters of the state is a violation of this chapter, except those discharges that occur when a livestock producer has a current national pollutant discharge elimination system permit with a wastewater system designed, constructed, operated, and maintained for the current herd size and that contains all process-generated wastewater plus average annual precipitation minus evaporation plus contaminated storm water runoff from a rainfall event as specified for the type of facility in 40 C.F.R. Part 412 (April 14, 2003) and the livestock producer has complied with all permit conditions, including livestock nutrient management plan conditions for appropriate land application practices.

(3) A livestock producer may assert upset as an affirmative defense to allegations of discharge in violation of a permit. "Upset" means an exceptional incident in which there is an unintentional and temporary noncompliance with technology-based permit effluent limitations because of factors beyond the reasonable control of the producer. An upset does not include noncompliance to the extent caused by operational error, improperly designed treatment facilities, inadequate treatment facilities, lack of preventive maintenance, or careless or improper operation. In any enforcement proceeding the permittee seeking to establish the occurrence of an upset has the burden of proof.

NEW SECTION. Sec. 35. (1) Notwithstanding any other provisions of this chapter, whenever it appears to the director that a person regulated by this chapter is causing water quality conditions to exist which require immediate action to
protect the public health or welfare, the director may issue a written temporary order to cease and desist to the person responsible without prior notice or hearing, directing the person to either: (a) Immediately discontinue or modify the discharge into the waters of the state; or (b) appear before the department at the time and place specified in the order to provide the department information pertaining to the violations and conditions alleged in the order. The temporary order to cease and desist is effective upon service on the responsible person and will remain in effect until ten days after the informational meeting. The responsible person shall be given not less than twenty-four hours’ notice of the informational meeting.

(2) Following the informational meeting or if the responsible person fails to attend the informational meeting, if the department determines that water quality conditions exist which require immediate action to protect the public health or welfare, the department may issue a written permanent order to cease and desist requiring the person to immediately discontinue or modify the discharge into waters. The permanent order to cease and desist is effective upon service. If this order is not immediately complied with, the attorney general, upon request of the department, may seek enforcement of the order in the superior court of the county in which the violation took place. Permanent orders to cease and desist issued by the department are appealable under chapter 43.21B RCW.

NEW SECTION. Sec. 36. (1) The department shall establish by rule annual fees for administering permits issued under this chapter. Fees shall be used for costs incurred by the department in processing permit applications and modifications, monitoring and evaluating compliance with permits, conducting inspections, securing laboratory analysis of samples taken during inspections, reviewing plans and documents directly related to operations of permittees, overseeing performance of delegated pretreatment programs, and supporting the overhead expenses that are directly related to these activities.

(2) The initial fee schedule adopted after delegation of national pollutant discharge elimination system permit authority from the environmental protection agency shall be the same as the fee schedule established by the department of ecology except that fees may rise in accordance with the fiscal growth factor as provided in chapter 43.135 RCW. Until the initial fee schedule is adopted, the fees established by the department of ecology shall be in effect.

(3) All fees collected under this section shall be deposited in the livestock nutrient management permit account within the agricultural local fund and used only for purposes of administering permits under this chapter.

NEW SECTION. Sec. 37. (1) Prior to issuing an order related to discharges from agricultural activity on agricultural land, the department shall consider whether an enforcement action would contribute to the conversion of agricultural land to nonagricultural uses. Any enforcement action shall attempt to minimize the possibility of such conversion.

(2) As used in this section:
   (a) "Agricultural activity" means the growing, raising, or production of horticultural or viticultural crops, berries, poultry, livestock, grain, mint, hay, and dairy products.
   (b) "Agricultural land" means at least five acres of land devoted primarily to the commercial production of livestock or agricultural commodities.

NEW SECTION. Sec. 38. (1) The department of ecology shall develop and maintain a standard protocol for water quality monitoring of the waters of the state within the vicinity of dairies and CAFOs. The protocol shall include sampling methods and procedures and identify the water quality constituents to be monitored.

(2) The department of ecology shall submit the initial protocol developed according to this section to the appropriate committees of the legislature by December 1, 2005.

Sec. 39. RCW 43.21B.001 and 2004 c 204 s 1 are each amended to read as follows:

(1) "Business days" means Monday through Friday exclusive of any state or federal holiday.
(2) "Date of receipt" means:
   (a) Five business days after the date of mailing; or

The date of actual receipt, however, may not exceed forty-five days from the date of mailing.
(3) "Department" means the department of ecology, except for references pertaining to chapter 16.-- RCW (created by section 48 of this act), in which case "department" means the department of agriculture.

Within thirty days after the notice is received, the person incurring the penalty may apply in writing, either by certified mail with return receipt requested or by personal service, to the person incurring the penalty from the department, the department of agriculture, or the authority, as appropriate, for the remission or mitigation of the penalty. Upon receipt of the application, the department, the department of agriculture, or authority may remit or mitigate the penalty upon whatever terms the department, the department of agriculture, or the authority in its discretion deems proper. The department, the department of agriculture, or the authority may ascertain the facts regarding all such applications in such reasonable manner and under such rules as it may deem proper and shall remit or mitigate the penalty only upon a demonstration of extraordinary circumstances such as the presence of information or factors not considered in setting the original penalty.

(2) Any penalty imposed under this section may be appealed to the pollution control hearings board in accordance with this chapter if the appeal is filed with the hearings board and served on the department, the department of agriculture, or authority thirty days after the date of receipt by the person penalized of the notice imposing the penalty or thirty days after the date of receipt of the notice of disposition of the application for relief from penalty.

(3) A penalty shall become due and payable on the later of:

(a) Thirty days after receipt of the notice imposing the penalty;
(b) Thirty days after receipt of the notice of disposition on application for relief from penalty, if such an application is made; or

(c) Thirty days after receipt of the notice of decision of the hearings board if the penalty is appealed.

(4) If the amount of any penalty is not paid to the department or the department of agriculture, as appropriate, within thirty days after it becomes due and payable, the attorney general, upon request of the department or the department of agriculture, shall bring an action in the name of the state of Washington in the superior court of Thurston county, or of any county in which the violator does business, to recover the penalty. If the amount of the penalty is not paid to the authority within thirty days after it becomes due and payable, the authority may bring an action to recover the penalty in the superior court of the county of the authority's main office or of any county in which the violator does business. In these actions, the procedures and rules of evidence shall be the same as in an ordinary civil action.

(5) All penalties recovered shall be paid into the state treasury and credited to the general fund except those penalties imposed pursuant to RCW 18.104.155, which shall be credited to the reclamation account as provided in RCW 18.104.155(7), RCW 70.94.431, the disposition of which shall be governed by that provision, RCW 70.105.080, which shall be credited to the hazardous waste control and elimination account, created by RCW 70.105.180, ((and)) RCW 90.56.330, which shall be credited to the coastal protection fund created by RCW 90.48.390 and chapter 16.-- RCW (created by section 48 of this act) which shall be credited to the livestock nutrient management grant account created by RCW 90.64.150 (as recodified by this act).

Except as provided under chapter 70.105D RCW and RCW 90.03.210(2), this is the exclusive means of appeal of such an order.

(2) The department, the department of agriculture, or the authority in its discretion may stay the effectiveness of an order during the pendency of such an appeal.

(3) At any time during the pendency of an appeal of such an order to the board, the appellant may apply pursuant to RCW 43.21B.320 to the hearings board for a stay of the order or for the removal thereof.

The air authorities may bring similar actions to enforce their orders.

(6) An appealable decision or order shall be identified as such and shall contain a conspicuous notice to the recipient that it may be appealed only by filing an appeal with the hearings board and serving it on the department or the department of agriculture within thirty days of the date of receipt.

Sec. 43. RCW 90.64.813 and 2003 c 325 s 2 are each amended to read as follows:

SENATE BILL NO. 5196, By Senators Fairley, Benton, Keiser, Benson, Franklin and Berkey; by request of Insurance Commissioner

Regulating insurable interests and employer-owned life insurance.

The bill was read the second time.

Representative Schual-Berke moved the adoption of the following amendment (555):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that there is a long-standing principle that corporations have an insurable interest in the lives of key personnel. Nationally, some corporations have begun to insure the lives of personnel that have not met the insurable interest standard of Washington. Entry-level workers have been insured by their corporate employer for the benefit of the corporate employer. The legislature intends to clarify this subject and preclude corporations from insuring the lives of employees when the employees are not key personnel and the corporations have no insurable interest in the lives of those employees.

Sec. 2. RCW 48.18.010 and 1947 c 79 s .18.01 are each amended to read as follows:

(The applicable provisions of this chapter shall apply to insurances other than ocean marine and foreign trade insurances. This chapter shall not apply to life or disability insurance policies not issued for delivery in this state nor delivered in this state.) This chapter applies to insurances other than ocean marine and foreign trade insurances.

Sec. 3. RCW 48.18.030 and 1992 c 51 s 1 are each amended to read as follows:

(1) Any individual of competent legal capacity may ((procure or effect an insurance contract upon)) insure his or her own life or body for the benefit of any person. ((But no)) A person ((shall procure or cause to be procured any insurance contract upon)) may not insure the life or body of another individual unless the benefits under ((such)) the contract are payable to the individual insured or ((his)) the individual's personal representative((s)), or to a person having, at the time when ((such)) the contract was made, an insurable interest in the individual insured.

(2) If the beneficiary, assignee or other payee under any contract made in violation of this section receives from the insurer any benefits ((thereunder)) accruing upon the death, ((disability)) disability, or injury of the individual insured, the individual insured or ((his)) the individual's executor or administrator((as the case may be)) may maintain an action to recover ((such)) any benefits from the person ((so)) receiving them.

(3)(a) "Insurable interest" as used in this section and in RCW 48.18.060 includes only the following interests ((as follows)):

((1)(i)) In the case of individuals related closely by blood or by law, a substantial interest engendered by love and affection; and

((1)(ii)) (ii) In the case of other persons, a lawful and substantial economic interest in having the life, health, or bodily safety of the individual insured continue, as distinguished from an interest ((which)) that would arise only by, or would be enhanced in value by, the death, ((disability)) disability, or injury of the individual insured.

((1)(b)) (b) An individual (heretofore or hereafter) who is party to a contract or option for the purchase or sale of an interest in a business partnership or firm, or of shares of stock of a close corporation or of an interest in (such) those shares, has an insurable interest in the life of each individual party to (such) the contract and for the purposes of (such) that contract only, in addition to any insurable interest (which) that may otherwise exist as to the life of such individual.

((1)(c)) (c) A guardian, trustee, or other fiduciary has an insurable interest in the life of any person for whose benefit the fiduciary holds property, and in the life of any other individual in whose life (such) the person has an insurable interest.
Subject to rules adopted under subsection (4) of this section, upon joint application with a nonprofit organization for, or transfer to a nonprofit organization of, an insurance policy on the life of a person naming the organization as owner and beneficiary, a nonprofit organization's interest in the life of a person if:

(i) The nonprofit organization was established exclusively for religious, charitable, scientific, literary, or educational purposes, or to promote amateur athletic competition, to conduct testing for public safety, or to prevent cruelty to children or animals; and

(ii) The nonprofit organization:
   (A) Has existed for a minimum of five years; or
   (B) Has been issued a certificate of exemption to conduct a charitable gift annuity business under RCW 48.38.010, or is authorized to conduct a charitable gift annuity business under RCW 28B.10.485; or
   (C) Has been organized, and at all times has been operated, exclusively for benefit of, to perform the functions of, or to carry out the purposes of one or more nonprofit organizations described in (d)(ii)(A) or (B) of this subsection and is operated, supervised, or controlled by or in connection with one or more of those nonprofit organizations; and

5. Nothing in this section permits the personal representative of the insured's estate to recover the proceeds of a policy on the life of a deceased insured person that was applied for jointly by, or transferred to, an organization covered by subsection (3)(e)(d) of this section, where the organization was named owner and beneficiary of the policy.

This subsection applies to all life insurance policies applied for by, or transferred to, an organization covered by subsection (3)(e)(d) of this section, regardless of the time of application or transfer and regardless of whether the organization would have been covered at the time of application or transfer.

NEW SECTION. Sec. 4. A new section is added to chapter 48.18 RCW to read as follows:

1. "Employer-owned life insurance policy" as used in this section and section 6 of this act means an insurance policy purchased by an employer on the life of an employee, for the benefit of a person other than the employee or the employee's personal representative.

2. An employer-owned life insurance policy may not be made or take effect unless at the time the contract is made the individual insured consents to the contract in writing.

3. An employer may not retaliate in any manner against an employee for providing written notice that he or she does not want to be insured under an employer-owned life insurance policy.

(c) A final order of discharge issued by the indeterminate sentence review board, as provided in RCW 9.96.050; or

Sec. 2. RCW 29A.08.010 and 2004 c 267 s 102 are each amended to read as follows:
As used in this chapter: "Information required for voter registration" means the minimum information provided on a voter registration application that is required by the county auditor in order to place a voter registration applicant on the voter registration rolls. This information includes ((the applicant's));
(1) Name((complete residence));
(2) Residential address(());
(3) Date of birth(());
(4) Washington state driver's license number(()) or Washington state identification card number, or the last four digits of the applicant's Social Security number(()); if the applicant does not have a Washington state driver’s license or Washington state identification card;
(5) A signature attesting to the truth of the information provided on the application(()); and
(6) A check or indication in the box confirming the individual is a United States citizen.
If the individual does not have a driver's license, state identification card, or Social Security number, the registrant must be issued a unique voter registration number ((and)) in order to be placed on the voter registration rolls. All other information supplied is ancillary and not to be used as grounds for not registering an applicant to vote. Modification of the language of the official Washington state voter registration form by the voter will not be accepted and will cause the rejection of the registrant's application.

Sec. 3. RCW 29A.08.030 and 2004 c 267 s 104 are each amended to read as follows:
The definitions set forth in this section apply throughout this chapter, unless the context clearly requires otherwise.
(1) "Verification notice" means a notice sent by the county auditor or secretary of state to a voter registration applicant and is used to verify or collect information about the applicant in order to complete the registration. The verification notice must be designed to include a postage prepaid, preaddressed return form by which the applicant may verify or send information.
(2) "Acknowledgement notice" means a notice sent by nonforwardable mail by the county auditor or secretary of state to a registered voter to acknowledge a voter registration transaction, which can include initial registration, transfer, or reactivation of an inactive registration. An acknowledgement notice may be a voter registration card.
(3) "Confirmation notice" means a notice sent to a registered voter by first class forwardable mail at the address indicated on the voter's permanent registration record and to any other address at which the county auditor or secretary of state could reasonably expect mail to be received by the voter in order to confirm the voter's residence address. The confirmation notice must be designed ((so that the voter may update his or her current residence address)) to include a postage prepaid, preaddressed return form by which the registrant may verify the address information.

Sec. 4. RCW 29A.08.107 and 2004 c 267 s 106 are each amended to read as follows:
(1) The secretary of state must review the information provided by each voter registration applicant to ensure that ((either)) the provided driver's license number, state identification card number, or ((the)) last four digits of the Social Security
number match the information maintained by the Washington department of licensing or the Social Security administration. If a match cannot be made, the secretary of state or county auditor must correspond with the applicant to resolve the discrepancy.

(2) If the applicant fails to respond to any correspondence required in this section to confirm information provided on a voter registration application((1)) within thirty days, the applicant will not be registered to vote. The secretary of state shall forward the application to the appropriate county auditor for document storage.

(3) Only after the secretary of state has confirmed that the provided driver's license number, state identification card number, or Social Security number match existing records with the Washington department of licensing or the Social Security administration, or determined that the applicant does not have a driver's license number, state identification card number, or Social Security number may the applicant be placed on the official list of registered voters.

(4) In order to prevent duplicate registration records, all complete voter registration applications must be screened against existing voter registration records in the official statewide voter registration list. If a match of an existing record is found in the official list, the record must be updated with the new information provided on the application. If the new information indicates that the voter has changed his or her county of residence, the application must be forwarded to the voter's new county of residence for processing.

Sec. 5. RCW 29A.08.110 and 2004 c 267 s 107 are each amended to read as follows:

(1) (On receipt of an application for voter registration, the county auditor shall review the application to determine whether the information supplied is complete.) An application is considered complete only if it contains the applicant's name, complete valid residence address, date of birth, and a signature attesting to the truth of the information provided, a mark in the check-off box confirming United States citizenship, and an indication that the provided driver's license number, state identification card number, or Social Security number has been confirmed by the secretary of state. If it is not complete, the auditor shall promptly mail a verification notice of the deficiency to the applicant. This verification notice shall require the applicant to provide the missing information. If the verification notice is not returned by the applicant within forty-five days or is returned as undeliverable, the name of the applicant shall not be placed on the (county voters) official list of registered voters. If the applicant provides the required verified information, the applicant shall be registered to vote as of the original date of mailing or date of delivery, whichever is applicable.

(2) (In order to prevent duplicate registration records, all complete voter registration applications must be screened against existing voter registration records in the official statewide voter registration list. If a match of an existing record is found in the official list, the record must be updated with the new information provided on the application. If the new information indicates that the voter remains in the same county of residence or if the applicant is a new voter, the application must be processed by the county of residence.

(3)) If the information required in subsection (1) of this section is complete, the applicant is considered to be registered to vote as of the original date of mailing or date of delivery, whichever is applicable. The auditor shall record the appropriate precinct identification, taxing district identification, and date of registration on the voter's record in the state voter registration list. Within forty-five days after the receipt of an application but no later than seven days before the next primary, special election, or general election, the auditor shall send to the applicant, by first class mail, an acknowledgement notice identifying the registrant's precinct and containing such other information as may be required by the secretary of state. The postal service shall be instructed not to forward a voter registration card to any other address and to return to the auditor any card which is not deliverable. (If the registrant has indicated on the form that he or she is registered to vote within the county but has provided a new address within the county that is for voter registration purposes, the auditor shall transfer the voter's registration.

(4)) (2) If an acknowledgement notice card is properly mailed as required by this section to the address listed by the voter as being the voter's mailing address and the notice is subsequently returned to the auditor by the postal service as being undeliverable to the voter at that address, the auditor shall promptly send the voter a confirmation notice. The auditor shall place the voter's registration on inactive status pending a response from the voter to the confirmation notice.

NEW SECTION. Sec. 6. A new section is added to chapter 29A.08 RCW to read as follows:

No person registering to vote, who meets all the qualifications of a registered voter in the state of Washington, shall be disqualified because of a nontraditional address being used as a residence address. Voters using such an address will be registered and assigned to a precinct based on the location provided. Voters without a traditional address will be registered at the county courthouse, city hall, or other public building near the area that the voter considers his or her residence. Registering at a
nontraditional address will not disqualify a voter from requesting ongoing absentee voter status if the voter designates a valid mailing address.

For the purposes of this section, "nontraditional address" includes shelters, parks, or other identifiable locations that the voter deems to be his or her residence.

NEW SECTION. Sec. 7. A new section is added to chapter 29A.08 RCW to read as follows:

(1) If a voter who registered by mail indicates on the voter registration form that he or she does not have a Washington state driver’s license, Washington state identification card, or Social Security number, he or she must provide one of the following forms of identification the first time he or she votes after registering:

(a) Valid photo identification;
(b) A valid enrollment card of a federally recognized Indian tribe in Washington state;
(c) A copy of a current utility bill;
(d) A current bank statement;
(e) A copy of a current government check;
(f) A copy of a current paycheck; or
(g) A government document that shows both the name and address of the voter.

(2) If the voter fails to provide one of the above forms of identification prior to or at the time of voting, the ballot must be treated as a provisional ballot regardless of whether the voter is voting at a poll site or by mail. The ballot may only be counted if the voter’s signature on the outside envelope matches the signature in the voter registration records.

(3) The requirements of this section do not apply to an out-of-state, overseas, or service voter who registers to vote by signing the return envelope of the absentee ballot.

Sec. 8. RCW 29A.08.115 and 2004 c 267 s 108 are each amended to read as follows:

A person or organization collecting voter registration application forms must transmit the forms to the secretary of state or a county auditor at least once weekly. The registration date on such forms will be the date they are received by the secretary of state or county auditor.

Sec. 9. RCW 29A.08.145 and 2004 c 267 s 113 are each amended to read as follows:

This section establishes a special procedure which an elector may use to register to vote or transfer a voter registration by changing his or her address during the period beginning after the closing of registration for voting at the polls under RCW 29A.08.140 and ending on the fifteenth day before a primary, special election, or general election. A qualified elector in the state may register to vote or change his or her registration address in person in the office of the county auditor of the county in which the applicant resides, or at a voter registration location specifically designated for this purpose by the county auditor or secretary of state, and apply for an absentee ballot for that primary or election. The application for an absentee ballot executed by the newly registered or transferred voter for the primary or election that follows the execution of the registration shall be promptly transmitted to the auditor with the completed voter registration form.

Sec. 10. RCW 29A.08.210 and 2003 c 111 s 216 are each amended to read as follows:

An applicant for voter registration shall complete an application providing the following information concerning his or her qualifications as a voter in this state:

(1) The address of the last former registration of the applicant as a voter in the state;
(2) The applicant's full name;
(3) The applicant's date of birth;
(4) The address of the applicant's residence for voting purposes;
(5) The mailing address of the applicant if that address is not the same as the address in subsection (4) of this section;
(6) The sex of the applicant;
(7) The applicant's Washington state driver’s license number or Washington state identification card number, or the last four digits of the applicant's Social Security number if he or she does not have a Washington state driver’s license or Washington state identification card;
(8) A check box for the applicant to indicate that he or she does not have a Washington state driver’s license, Washington state identification card, or social security number;
(9) A check box allowing the applicant to indicate that he or she is a member of the armed forces, national guard, or reserves, or that he or she is an overseas voter;
(10) A check box allowing the applicant to confirm that he or she is at least eighteen years of age;
(11) Clear and conspicuous language, designed to draw the applicant's attention, stating that the applicant must be a United States citizen in order to register to vote;
(12) A check box and declaration confirming that the applicant is a citizen of the United States;
(13) The following warning:
"If you knowingly provide false information on this voter registration form or knowingly make a false declaration about your qualifications for voter registration you will have committed a class C felony that is punishable by imprisonment for up to five years, a fine of up to ten thousand dollars, or both."

((44)) (14) The oath required by RCW 29A.08.230 and a space for the applicant's signature; and
((44)) (15) Any other information that the secretary of state determines is necessary to establish the identity of the applicant and prevent duplicate or fraudulent voter registrations.

This information shall be recorded on a single registration form to be prescribed by the secretary of state.

If the applicant fails to provide the information required for voter registration, the auditor shall send the applicant a verification notice. The ((auditor shall not register the)) applicant may not be registered until the required information is provided. If a verification notice is returned as undeliverable or the applicant fails to respond to the notice within forty-five days, the ((auditor shall not register the)) applicant shall not be registered to vote.

(10) Any other information that the secretary of state determines is necessary to establish the identity of the applicant and prevent duplicate or fraudulent voter registrations.

NEW SECTION. Sec. 11. A new section is added to chapter 29A.08 RCW to read as follows:

(1) When a felony offender has completed all the requirements of his or her sentence, the county clerk shall immediately transmit this information to the county that is the last known residence of the offender. The secretary of state shall maintain such records as part of the elections data base.
(2) If the offender has completed all the requirements of all of his or her sentences for all of his or her felony convictions, the secretary of state shall transmit information about the restoration of the former felon's voting rights to the county auditor where the conviction took place and, if different, the county where the felon was last known to reside.

Sec. 12. RCW 29A.08.250 and 2004 c 267 s 117 are each amended to read as follows:

The secretary of state shall furnish registration forms necessary to carry out the registration of voters as provided by this chapter without cost to the respective counties. ((All voter registration forms must include clear and conspicuous language, designed to draw an applicant's attention, stating that the applicant must be a United States citizen in order to register to vote. Voter registration application forms must also contain a space for the applicant to provide his or her driver's license number or the last four digits of his or her social security number as well as check boxes intended to allow the voter to indicate age and United States citizenship eligibility under the Help America Vote Act of 2002 (P.L. 107-252)).)

Sec. 13. RCW 29A.08.330 and 2003 c 111 s 224 are each amended to read as follows:

(1) The secretary of state shall prescribe the method of voter registration for each designated agency. The agency shall use either the state voter registration by mail form with a separate declination form for the applicant to indicate that he or she declines to register at this time, or the agency may use a separate form approved for use by the secretary of state.
(2) The person providing service at the agency shall offer voter registration services to every client whenever he or she applies for service or assistance and with each renewal, recertification, or change of address. The person providing service shall give the applicant the same level of assistance with the voter registration application as is offered to fill out the agency's forms and documents, including information about age and citizenship requirements for voter registration.
(3) The person providing service at the agency shall determine if the prospective applicant wants to register to vote or transfer his or her voter registration by asking the following question:

"Do you want to register to vote or transfer your voter registration?"
If the applicant chooses to register or transfer a registration, the service agent shall ask the following:
(a) "Are you a United States citizen?"
(b) "Are you or will you be eighteen years of age on or before the next election?"
If the applicant answers in the affirmative to both questions, the agent shall then provide the applicant with a voter registration form and instructions and shall record that the applicant has requested to register to vote or transfer a voter
registration. If the applicant answers in the negative to either question, the agent shall not provide the applicant with a voter registration form.

(4) If an agency uses a computerized application process, it may, in consultation with the secretary of state, develop methods to capture simultaneously the information required for voter registration during a person's computerized application process.

((4))) (5) Each designated agency shall provide for the voter registration application forms to be collected from each agency office at least once each week. The agency shall then forward the application forms to the secretary of state each week. The secretary of state shall forward the forms to the county in which the applicant has registered to vote no later than ten days after the date on which the forms were received by the secretary of state.

Sec. 14. RCW 29A.08.520 and 2004 c 267 s 126 are each amended to read as follows:

(1) Upon receiving official notice of a person's conviction of a felony in either state or federal court, if the convicted person is a registered voter in the county, the county auditor shall cancel the defendant's voter registration. Additionally, the secretary of state in conjunction with the department of corrections, the Washington state patrol, the office of the administrator for the courts, and other appropriate state agencies shall arrange for a quarterly comparison of a list of known felons with the statewide voter registration list. If a person is found on the department of corrections' felon list and the statewide voter registration list, the secretary of state or county auditor shall confirm the match through a date of birth comparison and suspend the voter registration from the official state voter registration list. The canceling authority shall send a notice of the proposed cancellation to the person at his or her last known voter registration address and an explanation of the requirements for restoring the right to vote once all terms of sentencing have been completed. If the person does not respond within thirty days, the registration must be canceled.

(2) The right to vote may be restored by, for each felony conviction, one of the following:
   (a) A certificate of discharge issued by the sentencing court, as provided in RCW 9.94A.637;
   (b) A court order restoring the right, as provided in RCW 9.92.066;
   (c) A final order of discharge issued by the indeterminate sentence review board, as provided in RCW 9.96.050;
   (d) A certificate of restoration issued by the governor, as provided in RCW 9.96.020.

Sec. 15. RCW 29A.08.651 and 2004 c 267 s 101 are each amended to read as follows:

(1) The office of the secretary of state shall create and maintain a statewide voter registration data base. This data base must be a single, uniform, official, centralized, interactive computerized statewide voter registration list defined, maintained, and administered at the state level that contains the name and registration information of every legally registered voter in the state and assigns a unique identifier to each legally registered voter in the state.

(2) The computerized list must serve as the single system for storing and maintaining the official list of registered voters throughout the state.

(3) The computerized list must contain the name and registration information of every legally registered voter in the state.

(4) Under the computerized list, a unique identifier is assigned to each legally registered voter in the state.

(5) The computerized list must be coordinated with other agency data bases within the state, including but not limited to the department of corrections, the department of licensing, the department of health, the Washington state patrol, and the office of the administrator for the courts.

(6) Any election officer in the state, including any local election officer, may obtain immediate electronic access to the information contained in the computerized list.

(7) All voter registration information obtained by any local election officer in the state must be electronically entered into the computerized list on an expedited basis at the time the information is provided to the local officer.

(8) The chief state election officer shall provide support, as may be required, so that local election officers are able to enter information as described in subsection (3) of this section.

(9) The computerized list serves as the official voter registration list for the conduct of all elections.

(10) The secretary of state has data authority on all voter registration data.

(11) The voter registration data base must be designed to accomplish at a minimum, the following:
   (a) Comply with the Help America Vote Act of 2002 (P.L. 107-252);
   (b) Identify duplicate voter registrations;
   (c) Identify suspected duplicate voters;
   (d) Screen against the department of corrections, the Washington state patrol, and other appropriate state agency data bases to aid in the cancellation of voter registration of felons;
(e) Provide up-to-date signatures of voters for the purposes of initiative signature checking;

(f) Provide for a comparison between the voter registration data base and the department of licensing change of address data base;

(g) Provide online access for county auditors with the goal of real time duplicate checking and update capabilities; and

(h) Provide for the cancellation of voter registration for persons who have moved to other states and surrendered their Washington state drivers' licenses.

(12) The secretary of state must review and update the records of all registered voters on the computerized list on a quarterly basis to make additions and corrections.

Sec. 16. RCW 29A.08.710 and 2004 c 267 s 133 are each amended to read as follows:

(1) The county auditor shall have custody of the original voter registration records for each county. The original voter registration form must be filed without regard to precinct and is considered confidential and unavailable for public inspection and copying. An automated file of all registered voters must be maintained pursuant to RCW 29A.08.125. An auditor may maintain the automated file in lieu of filing or maintaining the original voter registration forms if the automated file includes all of the information from the original voter registration forms including, but not limited to, a retrievable facsimile of each voter's signature.

(2) The following information contained in voter registration records or files regarding a voter or a group of voters is available for public inspection and copying, except as provided in RCW 40.24.060: The voter's name, address, political jurisdiction, gender, date of birth, voting record, date of registration, and registration number. (The address and political jurisdiction of a registered voter are available for public inspection and copying except as provided by chapter 40.24 RCW.) No other information from voter registration records or files is available for public inspection or copying.

Sec. 17. RCW 29A.08.720 and 2004 c 266 s 9 are each amended to read as follows:

(1) In the case of voter registration records received through the department of licensing, the identity of the office at which any particular individual registered to vote is not available for public inspection and shall not be disclosed to the public. In the case of voter registration records received through an agency designated under RCW 29A.08.310, the identity of the agency at which any particular individual registered to vote is not available for public inspection and shall not be disclosed to the public. Any record of a particular individual's choice not to register to vote at an office of the department of licensing or a state agency designated under RCW 29A.08.310 is not available for public inspection and any information regarding such a choice by a particular individual shall not be disclosed to the public.

(2) (All) Subject to the restrictions of RCW 29A.08.710, poll books, precinct lists, and (current lists of registered voters, (except original voter registration forms or their images, shall be)) are public records and must be made available for public inspection and copying under such reasonable rules and regulations as the county auditor or secretary of state may prescribe. The county auditor or secretary of state shall promptly furnish current lists (for mailing labels) of registered voters in his or her possession, at actual reproduction cost, to any person requesting such information. The lists (and labels) shall not be used for the purpose of mailing or delivering any advertisement or offer for any property, establishment, organization, product, or service or for the purpose of mailing or delivering any solicitation for money, services, or anything of value. However, the lists (and labels) may be used for any political purpose. The county auditor or secretary of state must provide a copy of RCW 29A.08.740 to the person requesting the material that is released pursuant to this section.

Sec. 18. RCW 29A.08.740 and 2003 c 111 s 249 and 2003 c 53 s 176 are each amended to read as follows:

(1) Any person who uses registered voter data furnished under RCW 29A.08.720 ((or 29A.08.730)) for the purpose of mailing or delivering any advertisement or offer for any property, establishment, organization, product, or service or for the purpose of mailing or delivering any solicitation for money, services, or anything of value is guilty of a class C felony punishable by imprisonment in a state correctional facility for a period of not more than five years or a fine of not more than ten thousand dollars or both such fine and imprisonment, and is liable to each person provided such advertisement or solicitation, without the person's consent, for the nuisance value of such person having to dispose of it, which value is herein established at five dollars for each item mailed or delivered to the person's residence. However, a person who mails or delivers any advertisement, offer, or solicitation for a political purpose is not liable under this section unless the person is liable under subsection (2) of this section. For purposes of this subsection, two or more attached papers or sheets or two or more papers that are enclosed in the same envelope or container or are folded together are one item. Merely having a mailbox or other receptacle for mail on or near the person's residence is not an indication that the person consented to receive the advertisement or solicitation. A class action may be brought to recover damages under this section, and the court may award a reasonable attorney's fee to any party recovering damages under this section.
(2) Each person furnished data under RCW 29A.08.720 (or 29A.08.730) shall take reasonable precautions designed to assure that the data is not used for the purpose of mailing or delivering any advertisement or offer for any property, establishment, organization, product, or service or for the purpose of mailing or delivering any solicitation for money, services, or anything of value. However, the data may be used for any political purpose. Where failure to exercise due care in carrying out this responsibility results in the data being used for such purposes, then such person is jointly and severally liable for damages under subsection (1) of this section along with any other person liable under subsection (1) of this section for the misuse of such data.

Sec. 19. RCW 29A.08.775 and 2004 c 267 s 136 are each amended to read as follows:

Only voters who appear on the official statewide voter registration list are eligible to participate in elections. Each county shall maintain a copy of that county’s portion of the state list. The county must ensure that data used for the production of poll lists and other lists and mailings done in the administration of each election are (drawn from) the same as the official statewide voter registration list.

Sec. 20. RCW 29A.40.091 and 2004 c 271 s 135 are each amended to read as follows:

The county auditor shall send each absentee voter a ballot, a security envelope in which to seal the ballot after voting, a larger envelope in which to return the security envelope, and instructions on how to mark the ballot and how to return it to the county auditor. The instructions that accompany an absentee ballot for a partisan primary must include instructions for voting the applicable ballot style, as provided in chapter 29A.36 RCW. The larger return envelope must contain a declaration by the absentee voter reciting his or her qualifications and stating that he or she has not voted in any other jurisdiction at this election, together with a summary of the penalties for any violation of any of the provisions of this chapter. The return envelope must provide a box the voter may check to indicate that he or she is a member of the armed forces or that he or she is an overseas voter. The return envelope must provide space for the voter to indicate the date on which the ballot was voted and for the voter to sign the oath. A summary of the applicable penalty provisions of this chapter must be printed on the return envelope immediately adjacent to the space for the voter’s signature. The signature of the voter on the return envelope must affirm and attest to the statements regarding the qualifications of that voter and to the validity of the ballot. For out-of-state voters, overseas voters, and service voters, the signed declaration on the return envelope constitutes the equivalent of a voter registration for the election or primary for which the ballot has been issued. The voter must be instructed to either return the ballot to the county auditor by whom it was issued or attach sufficient first class postage, if applicable, and mail the ballot to the appropriate county auditor no later than the day of the election or primary for which the ballot was issued.

If the county auditor chooses to forward absentee ballots, he or she must include with the ballot a clear explanation of the qualifications necessary to vote in that election and must also advise a voter with questions about his or her eligibility to contact the county auditor. This explanation may be provided on the ballot envelope, on an enclosed insert, or printed directly on the ballot itself. If the information is not included, the envelope must clearly indicate that the ballot is not to be forwarded and that return postage is guaranteed.

Sec. 21. RCW 46.20.155 and 2004 c 249 s 7 are each amended to read as follows:

(1) Before issuing an original license or identicard or renewing a license or identicard under this chapter, the licensing agent shall determine if the applicant wants to register to vote or transfer his or her voter registration by asking the following question:

"Do you want to register to vote or transfer your voter registration?"

If the applicant chooses to register or transfer a registration, the agent shall (state) ask the following:

("I would like to remind you that you must be a United States citizen and at least eighteen years of age in order to vote.")

(2) "Are you or will you be eighteen years of age on or before the next election?"

If the applicant answers in the affirmative to both questions, the agent shall then provide the applicant with a voter registration form and instructions and shall record that the applicant has requested to register to vote or transfer a voter registration. If the applicant answers in the negative to either question, the agent shall not provide the applicant with a voter registration form.

(2) The department shall establish a procedure that substantially meets the requirements of subsection (1) of this section when permitting an applicant to renew a license or identicard by mail or by electronic commerce.

NEW SECTION. Sec. 22. The following acts or parts of acts are each repealed:
Representative DeBolt moved the adoption of amendment (528) to amendment (481):

On page 1 of the striking amendment, after line 2, insert the following:

"NEW SECTION. Sec. 2. It is the intent of the legislature to create laws, procedures, and standards ensuring that United States citizens who are properly registered are able to vote in an efficient fashion. It is also the intent of the legislature to create laws, procedures, and standards ensuring that the non-United States citizens and those citizens who are not properly registered shall not be able to vote. It is the view of the legislature that illegal votes dilute the impact of legal votes."

Renumber the sections consecutively and correct any internal references accordingly.

Representatives DeBolt, Ericksen, DeBolt (again), Nixon, Anderson, Sump and Holmquist spoke in favor of the adoption of the amendment.

Representatives Santos and Haigh spoke against the adoption of the amendment.

Excused: Representatives Condotta and Tom - 2.

Representative Hinkle moved the adoption of amendment (508) to amendment (481):

On page 1 of the striking amendment, after line 21, insert the following:

(2) All received absentee return envelopes must be placed in secure locations from the time of delivery to the county auditor until their subsequent opening. After opening the return envelopes, the county canvassing board shall place all of the ballots in secure storage until after 8:00 p.m. of the day of the primary or election. Absentee ballots that are to be tabulated on an electronic vote tallying system may be taken from the inner envelopes and all the normal procedural steps may be performed to prepare these ballots for tabulation.

(3) Before opening a returned absentee ballot, the canvassing board, or its designated representatives, shall examine the postmark, statement, and signature on the return envelope that contains the security envelope and absentee ballot. They shall verify that the voter's signature on the return envelope is the same as the signature of that voter in the registration files of the county. For registered voters casting absentee ballots, the date on the return envelope to which the voter has attested determines the validity, as to the time of voting for that absentee ballot if the postmark is missing or is illegible. For out-of-state voters, overseas voters, and service voters stationed in the United States, the date on the return envelope to which the voter has attested determines the validity as to the time of voting for that absentee ballot. For any absentee ballot, a variation between the signature of the voter on the return envelope and the signature of that voter in the registration files due to the substitution of initials or the use of common nicknames is permitted so long as the surname and handwriting are clearly the same.

NEW SECTION. Sec. 6. A new section is added to chapter 29A.44 RCW to read as follows:

Provisional ballots must be issued, along with a provisional ballot outer envelope and a security envelope, to voters as appropriate under RCW 29A.04.008. The provisional ballot outer envelope must include a place for the voter's name; registered address, both present and former if applicable; date of birth; reason for the provisional ballot; the precinct number and the precinct polling location at which the voter has voted; and a space for the county auditor to list the disposition of the provisional ballot. The provisional ballot outer envelope must also contain a declaration as required for absentee ballot outer envelopes under RCW 29A.40.091; a place for the voter to sign the oath; and a summary of the applicable penalty provisions of this chapter. The voter shall vote the provisional ballot in secrecy and, when done, place the provisional ballot in the security envelope, then place the security envelope into the outer envelope, and return it to the precinct election official. The election official shall ensure that the required information is completed on the outer envelope, have the voter sign it in the appropriate space, and place the envelope in a secure container. The official shall then give the voter written information advising the voter how to ascertain whether the vote was counted and, if applicable, the reason why the vote was not counted.

NEW SECTION. Sec. 7. A new section is added to chapter 29A.44 RCW to read as follows:

Any person desiring to vote at the polls at any primary or election must provide identification to the election officer before signing the poll book. The identification required in this section may be satisfied by providing the following forms of identification as chosen by the voter:

(1) A physical form of identification, which may be:
NEW SECTION. Sec. 8. A new section is added to chapter 29A.60 RCW to read as follows:

(1) If the voter neglects to sign the outside envelope of an absentee or provisional ballot, the auditor shall notify the voter by telephone and advise the voter of the correct procedures for completing the unsigned affidavit. If the auditor is not able to provide the information personally to the voter by telephone, then the voter must be contacted by first class mail and advised of the correct procedures for completing the unsigned affidavit. Leaving a voice mail message for the voter is not to be considered as personally contacting the voter. In order for the ballot to be counted, the voter must either:
   (a) Appear in person and sign the envelope no later than the day before the certification of the primary or election; or
   (b) Sign a copy of the envelope provided by the auditor, and return it to the auditor no later than the day before the certification of the primary or election.

(2)(a) If the handwriting of the signature on an absentee or provisional ballot envelope is not the same as the handwriting of the signature on the registration file, the auditor shall notify the voter by telephone and advise the voter of the correct procedures for updating his or her signature on the voter registration file. If the auditor is not able to provide the information personally to the voter by telephone, then the voter must be contacted by first class mail and advised of the correct procedures for completing the unsigned affidavit. Leaving a voice mail message for the voter is not to be considered as personally contacting the voter. In order for the ballot to be counted, the voter must either:
   (i) Appear in person and sign a new registration form no later than the day before the certification of the primary or election; or
   (ii) Sign a copy of the affidavit provided by the auditor and return it to the auditor no later than the day before the certification of the primary or election. If the signature on the copy of the affidavit does not match the signature on the registration file, the voter must appear in person and sign a new registration form no later than the day before the certification of the primary or election in order for the ballot to be counted.

   (b) If the signature on an absentee or provisional ballot envelope is not the same as the signature on the registration file because the name is different, the ballot may be counted as long as the handwriting is clearly the same. The auditor shall send the voter a change-of-name form under RCW 29A.08.440 and direct the voter to complete the form.

   (c) If the signature on an absentee or provisional ballot envelope is not the same as the signature on the registration file because the voter used initials or a common nickname, the ballot may be counted as long as the surname and handwriting are clearly the same.

   (3) A voter may not cure a missing or mismatched signature for purposes of counting the ballot in a recount.

   (4) A record must be kept of all ballots with missing and mismatched signatures. The record must contain the date on which the voter was contacted or the notice was mailed, as well as the date on which the voter signed the envelope, a copy of the envelope, a new registration form, or a change-of-name form. That record is a public record under chapter 42.17 RCW and may be disclosed to interested parties on written request.

NEW SECTION. Sec. 9. A new section is added to chapter 29A.60 RCW to read as follows:

Before certification of the primary or election, the county auditor must examine and investigate all received provisional ballots to determine whether the ballot can be counted. The auditor shall provide the disposition of the provisional ballot and, if the ballot was not counted, the reason why it was not counted, on a free access system such as a toll-free telephone number, web site, mail, or other means. The auditor must notify the voter in accordance with section 7 of this act when the envelope is unsigned or when the signatures do not match.

NEW SECTION. Sec. 10. A new section is added to chapter 29A.60 RCW to read as follows:

(1) The county auditor shall prepare, make publicly available at the auditor's office or on the auditor's web site, and submit at the time of certification an election reconciliation report that discloses the following information:

(a) The number of registered voters;
(b) The number of ballots counted;
(c) The number of provisional ballots issued;
(d) The number of provisional ballots counted:
(e) The number of provisional ballots rejected;
(f) The number of absentee ballots issued;
(g) The number of absentee ballots counted;
(h) The number of absentee ballots rejected;
(i) The number of federal write-in ballots counted;
(j) The number of out-of-state, overseas, and service ballots issued;
(k) The number of out-of-state, overseas, and service ballots counted; and
(l) The number of out-of-state, overseas, and service ballots rejected.
(2) The county auditor shall prepare and make publicly available at the auditor's office or on the auditor's web site within thirty days of certification a final election reconciliation report that discloses the following information:
   (a) The number of registered voters;
   (b) The total number of voters credited with voting;
   (c) The number of poll voters credited with voting;
   (d) The number of provisional voters credited with voting;
   (e) The number of absent voter ballots credited with voting;
   (f) The number of federal write-in voters credited with voting;
   (g) The number of out-of-state, overseas, and service voters credited with voting;
   (h) The total number of voters credited with voting even though their ballots were postmarked after election day and were not counted; and
      (i) Any other information the auditor deems necessary to reconcile the number of ballots counted with the number of voters credited with voting.
   (3) The county auditor may also prepare such reports for jurisdictions located, in whole or in part, in the county.

Sec. 11. RCW 29A.60.021 and 2004 c 271 s 147 are each amended to read as follows:
(1) For any office at any election or primary, any voter may write in on the ballot the name of any person for an office who has filed as a write-in candidate for the office in the manner provided by RCW 29A.24.311 and such vote shall be counted the same as if the name had been printed on the ballot and marked by the voter. (For a partisan primary in a jurisdiction using the physically separate ballot format, a voter may write in on a party ballot only the names of write-in candidates who affiliate with that major political party.) No write-in vote made for any person who has not filed a declaration of candidacy pursuant to RCW 29A.24.311 is valid if that person filed for the same office, either as a regular candidate or a write-in candidate, at the preceding primary. Any abbreviation used to designate office((s)) or position((, or political party shall)) will be accepted if the canvassing board can determine, to ((i)) its satisfaction, the voter's intent.
   (2) The number of write-in votes cast for each office must be recorded and reported with the canvass for the election.
   (3) A write-in vote for an individual candidate for an office whose name appears on the ballot for that same office is a valid vote for that candidate as long as the candidate's name is clearly discernible, even if other requirements of RCW 29A.24.311 are not satisfied and even if the voter also marked a vote for that candidate such as to register an over vote. These votes need not be tabulated unless: (a) The difference between the number of votes cast for the candidate apparently qualified to appear on the general election ballot or elected and the candidate receiving the next highest number of votes is less than the sum of the total number of write-in votes cast for the office plus the over votes and under votes recorded by the vote tabulating system; or (b) a manual recount is conducted for that office.
   (4) Write-in votes cast for an individual candidate for an office whose name does not appear on the ballot need not be tallied ((ii)) unless the total number of write-in votes cast for that individual candidate must be tallied whenever the county auditor is notified by either the office of the secretary of state or another auditor in a multicounty jurisdiction that it appears that the write-in votes could alter the outcome of the primary or election).
   (5) In the case of write-in votes for a statewide office((s)) or any office whose jurisdiction((, that)) encompasses more than one county, (if the total number of write-in votes and under votes recorded by the vote tabulating system for an office within a county is greater than the number of votes cast for a candidate apparently nominated or elected in a primary or election, the auditor shall tally all write-in votes for individual candidates for that office and notify the office of the secretary of state and
The auditor of the other counties within the jurisdiction, that the write-in votes for individual candidates should be tallied) write-
in votes for an individual candidate must be tallied when the county auditor is notified by either the secretary of state or another
county auditor in the multicounty jurisdiction that it appears that the write-in votes must be tabulated under the terms of this
section. In all other cases, the county auditor determines when write-in votes must be tabulated. Any abstract of votes must be
modified to reflect the tabulation and certified by the canvassing board. Tabulation of write-in votes may be performed
simultaneously with a recount.

Sec. 12. RCW 29A.60.050 and 2003 c 111 s 1505 are each amended to read as follows:
Whenever the precinct election officers or the counting center personnel have a question about the validity of a ballot
or the votes for an office or issue that they are unable to resolve, they shall prepare and sign a concise record of the facts in
question or dispute. These ballots shall be delivered to the canvassing board for processing. A ballot is not considered rejected
until the canvassing board has rejected the ballot individually, or the ballot was included in a batch or on a report of ballots that
was rejected in its entirety by the canvassing board. All ballots shall be preserved in the same manner as valid ballots for that
primary or election.

Sec. 13. RCW 29A.60.070 and 2003 c 111 s 1507 are each amended to read as follows:
The county auditor shall produce cumulative and precinct returns for each primary and election and deliver them to the
canvassing board for verification and certification. The precinct and cumulative returns of any primary or election are public
records under chapter 42.17 RCW.
Cumulative returns for state offices, judicial offices, the United States senate, and congress must be electronically
transmitted to the secretary of state immediately.

Sec. 14. RCW 29A.60.160 and 2003 c 111 s 1516 are each amended to read as follows:
Except Sundays and legal holidays, the county auditor, as delegated by the county canvassing board, shall process absentee ballots and canvass
the votes cast at that primary or election on a daily basis in counties with a population of seventy-five thousand or more, or at
least every third day for counties with a population of less than seventy-five thousand, if the county auditor is in possession of
more than twenty-five ballots that have yet to be canvassed. The county auditor, as delegated by the county canvassing board,
may use his or her discretion in determining when to process the remaining absentee ballots and canvass the votes during the
final four days before the certification of election results in order to protect the secrecy of any ballot. In counties where this
process has not been delegated to the county auditor, the county auditor shall convene the county canvassing board to process
absentee ballots and canvass the votes cast at the primary or election as set forth in this section.
Each absentee ballot previously not canvassed that was received by the county auditor two days or more before
processing absentee ballots and canvassing the votes as delegated by or processed by the county canvassing board, that either was
received by the county auditor before the closing of the polls on the day of the primary or election for which it was issued, or that
bears a postmark on or before the primary or election for which it was issued, must be processed at that time. The tabulation of
votes that results from that day's canvass must be made available to the general public immediately upon completion of the
canvass.

Sec. 15. RCW 29A.60.190 and 2004 c 266 s 18 are each amended to read as follows:
Ten days after a primary or special election and twenty-one days after a general election, the county canvassing board shall complete the canvass and certify the
results. Each absentee ballot that was returned before the closing of the polls on the date of the primary or election for which it
was issued, and each absentee ballot with a postmark on or before the date of the primary or election for which it was issued and
received on or before the date on which the primary or election is certified, must be included in the canvass report.

At the request of a caucus of the state legislature, the county auditor shall transmit copies of all unofficial returns of
state and legislative primaries or elections prepared by or for the county canvassing board to either the secretary of the senate or
the chief clerk of the house of representatives.

Sec. 16. RCW 29A.60.210 and 2003 c 111 s 1521 are each amended to read as follows:
Whenever the canvassing board finds during the initial counting process, or during any subsequent recount thereof, that
there is an apparent discrepancy or an inconsistency in the returns of a primary or election, or that election staff has made an error
regarding the treatment or disposition of a ballot, the board may canvass the ballots or voting devices in any precincts of the
county. The canvassing board shall conduct any necessary recanvass activity on or before the last day to certify or recertify the
results of the primary, election, or subsequent recount and correct any error and document the correction of any error that it finds.

Sec. 17. RCW 29A.60.250 and 2003 c 111 s 1525 are each amended to read as follows:

As soon as the returns have been received from all the counties of the state, but not later than the thirtieth day after the election, the secretary of state shall (make a) canvass ((of such the returns as are not required to be canvassed by the legislature and make out a statement thereof, file it in his or her office, and transmit a certified copy to the governor)) and certify the returns of the general election as to candidates for state offices, the United States senate, congress, and all other candidates whose districts extend beyond the limits of a single county. The secretary of state shall transmit a copy of the certification to the governor, president of the senate, and speaker of the house of representatives.

Sec. 18. RCW 29A.64.021 and 2004 c 271 s 178 are each amended to read as follows:

(1) If the official canvass of all of the returns for any office at any primary or election reveals that the difference in the number of votes cast for a candidate apparently nominated or elected to any office and the number of votes cast for the closest apparently defeated opponent is less than two thousand votes and also less than one-half of one percent of the total number of votes cast for both candidates, the county canvassing board shall conduct a recount of all votes cast on that position.

(a) Whenever such a difference occurs in the number of votes cast for candidates for a position the declaration of candidacy for which was filed with the secretary of state, the secretary of state shall, within three business days of the day that the returns of the primary or election are first certified by the canvassing boards of those counties, direct those boards to recount all votes cast on the position.

(b)(i) For statewide elections, if the difference in the number of votes cast for the apparent winner and the closest apparently defeated opponent is less than one hundred fifty thousand votes and also less than one-fourth of one percent of the total number of votes cast for both candidates, the votes shall be recounted manually or as provided in subsection (3) of this section.

(ii) For elections not included in (b)(i) of this subsection, if the difference in the number of votes cast for the apparent winner and the closest apparently defeated opponent is less than one hundred fifty votes and also less than one-fourth of one percent of the total number of votes cast for both candidates, the votes shall be recounted manually or as provided in subsection (3) of this section.

(2) A mandatory recount shall be conducted in the manner provided by RCW 29A.64.030, 29A.64.041, and 29A.64.061. No cost of a mandatory recount may be charged to any candidate.

(3) The apparent winner and closest apparently defeated opponent for an office for which a manual recount is required under subsection (1)(b) of this section may select an alternative method of conducting the recount. To select such an alternative, the two candidates shall agree to the alternative in a signed, written statement filed with the election official for the office. The recount shall be conducted using the alternative method if: It is suited to the balloting system that was used for casting the votes for the office; it involves the use of a vote tallying system that is approved for use in this state by the secretary of state; and the vote tallying system is readily available in each county required to conduct the recount. If more than one balloting system was used in casting votes for the office, an alternative to a manual recount may be selected for each system.

Sec. 19. RCW 29A.64.030 and 2003 c 111 s 1603 are each amended to read as follows:

An application for a recount shall state the office for which a recount is requested and whether the request is for all or only a portion of the votes cast in that jurisdiction of that office. The person filing an application for a manual recount shall, at the same time, deposit with the county canvassing board or secretary of state, in cash or by certified check, a sum equal to twenty-five cents for each ballot cast in the jurisdiction or portion of the jurisdiction for which the recount is requested as security for the payment of any costs of conducting the recount. If the application is for a machine recount, the deposit must be equal to ten cents for each ballot. These charges shall be determined by the county canvassing board or boards under RCW (29A.64.080) 29A.64.081.

The county canvassing board shall determine ((a)) the date, time, and ((a)) place or places at which the recount will be conducted. ((This time shall be less than three business days after the day upon which: The application was filed with the board; the request for a recount or directive ordering a recount was received by the board from the secretary of state; or the returns are certified which indicate that a recount is required under RCW 29A.64.029 for an issue or office voted upon only within the county.)) Not less than two days before the date of the recount, the county auditor shall mail a notice of the time and place of the recount to the applicant or affected parties and, if the recount involves an office, to any person for whom votes were cast for that office. The county auditor shall also notify the affected parties by telephone, fax, e-mail, or other electronic means at the time of mailing. At least three attempts must be made over a two-day period to notify the affected parties or until the affected
parties have received the notification. Each attempt to notify affected parties must request a return response indicating that the notice has been received. Each person entitled to receive notice of the recount may attend, witness the recount, and be accompanied by counsel.

Proceedings of the canvassing board are public under chapter 42.30 RCW. Subject to reasonable and equitable guidelines adopted by the canvassing board, all interested persons may attend and witness a recount.

Sec. 20. RCW 29A.64.061 and 2004 c 271 s 180 are each amended to read as follows:
Upon completion of the canvass of a recount, the canvassing board shall prepare and certify an amended abstract showing the votes cast in each precinct for which the recount was conducted. Copies of the amended abstracts must be transmitted to the same officers who received the abstract on which the recount was based.
If the nomination, election, or issue for which the recount was conducted was submitted only to the voters of a county, the canvassing board shall file the amended abstract with the original results of that election or primary.
If the nomination, election, or issue for which a recount was conducted was submitted to the voters of more than one county, the secretary of state shall canvass the amended abstracts and shall file an amended abstract with the original results of that election. The secretary of state may require that the amended abstracts be certified by each canvassing board on a uniform date. An amended abstract certified under this section supersedes any prior abstract of the results for the same offices or issues at the same primary or election.

Sec. 21. RCW 29A.68.011 and 2004 c 271 s 182 are each amended to read as follows:
Any justice of the supreme court, judge of the court of appeals, or judge of the superior court in the proper county shall, by order, require any person charged with error, wrongful act, or neglect to forthwith correct the error, desist from the wrongful act, or perform the duty and to do as the court orders or to show cause forthwith why the error should not be corrected, the wrongful act desisted from, or the duty or order not performed, whenever it is made to appear to such justice or judge by affidavit of an elector that:
(1) An error or omission has occurred or is about to occur in the printing of the name of any candidate on official ballots; or
(2) An error other than as provided in subsections (1) and (3) of this section has been committed or is about to be committed in printing the ballots; or
(3) The name of any person has been or is about to be wrongfully placed upon the ballots; or
(4) A wrongful act other than as provided for in subsections (1) and (3) of this section has been performed or is about to be performed by any election officer; or
(5) Any neglect of duty on the part of an election officer other than as provided for in subsections (1) and (3) of this section has occurred or is about to occur; or
(6) An error or omission has occurred or is about to occur in the issuance of a certificate of election.
An affidavit of an elector under subsections (1) and (3) (above) of this section when relating to a primary election must be filed with the appropriate court no later than the second Friday following the closing of the filing period for nominations for such office and shall be heard and finally disposed of by the court not later than five days after the filing thereof. An affidavit of an elector under subsections (1) and (3) of this section when relating to a general election must be filed with the appropriate court no later than three days following the official certification of the primary election returns and shall be heard and finally disposed of by the court not later than five days after the filing thereof. An affidavit of an elector under subsection (6) of this section shall be filed with the appropriate court no later than ten days following the official certification of the amended abstract as provided in RCW 29A.64.061.

NEW SECTION. Sec. 22. A new section is added to chapter 29A.84 RCW to read as follows:
A person who knowingly destroys, alters, defaces, conceals, or discards a completed voter registration form or signed absentee or provisional ballot signature affidavit is guilty of a gross misdemeanor. This section does not apply to (1) the voter who completed the voter registration form, or (2) a county auditor or registration assistant who acts as authorized by voter registration law.

Sec. 23. RCW 29A.84.650 and 2003 c 111 s 2131 are each amended to read as follows:
(1) Any person who intentionally votes or attempts to vote in this state more than once at any (primary or general or special) election, or who intentionally votes or attempts to vote in both this state and another state at any election, is guilty of a gross misdemeanor, punishable to the same extent as a gross misdemeanor that is punishable under RCW 9A.20.021.
(2) Any person who recklessly or negligently violates this section commits a class 1 civil infraction as provided in RCW 7.80.120.

A signature match by itself is insufficient for proof of identification and the ballot will not be counted unless a birth date or date of voter registration match is also made.

(2) If the voter neglects to include his or her birth date or date of voter registration, the auditor shall notify the voter by telephone and advise the voter of the correct procedures for providing the necessary information. If the auditor is not able to provide the information personally to the voter by telephone, then the voter must be contacted by first class mail and advised of the correct procedures for providing the missing information. Leaving a voice mail message for the voter is not to be considered as personally contacting the voter. In order for the ballot to be counted, the voter must either:

(a) Appear in person and complete the missing information on the envelope no later than the day before the certification of the primary or election; or
(b) Return a copy of the envelope provided by the auditor, and return it with a birth date or voter registration date included to the auditor no later than the day before the certification of the primary or election.

(3) If the voter neglects to sign the outside envelope of an absentee or provisional ballot, the auditor shall notify the voter by telephone and advise the voter of the correct procedures for completing the unsigned affidavit. If the auditor is not able to provide the information personally to the voter by telephone, then the voter must be contacted by first class mail and advised of the correct procedures for completing the unsigned affidavit. Leaving a voice mail message for the voter is not to be considered as personally contacting the voter. In order for the ballot to be counted, the voter must either:

(a) Appear in person and sign the envelope no later than the day before the certification of the primary or election; or
(b) Sign a copy of the envelope provided by the auditor, and return it to the auditor no later than the day before the certification of the primary or election.

(4) (a) If the handwriting of the signature on an absentee or provisional ballot envelope is not the same as the handwriting of the signature on the registration file, the auditor shall notify the voter by telephone and advise the voter of the correct procedures for updating his or her signature on the voter registration file. If the auditor is not able to provide the information personally to the voter by telephone, then the voter must be contacted by first class mail and advised of the correct procedures for completing the unsigned affidavit. Leaving a voice mail message for the voter is not to be considered as personally contacting the voter. In order for the ballot to be counted, the voter must either:

(i) Appear in person and sign a new registration form no later than the day before the certification of the primary or election; or
(ii) Sign a copy of the affidavit provided by the auditor and return it to the auditor no later than the day before the certification of the primary or election. If the signature on the copy of the affidavit does not match the signature on file, the ballot will not be counted.
(b) If the signature on an absentee or provisional ballot envelope is not the same as the signature on the registration file because the name is different, the ballot may be counted as long as the handwriting is clearly the same. The auditor shall send the voter a change-of-name form under RCW 29A.08.440 and direct the voter to complete the form.

(c) If the signature on an absentee or provisional ballot envelope is not the same as the signature on the registration file because the voter used initials or a common nickname, the ballot may be counted as long as the surname and handwriting are clearly the same.

(5) A voter may not cure a missing or mismatched signature for purposes of counting the ballot in a recount.

(6) A record must be kept of the date on which the voter was contacted or the notice was mailed, as well as the date on which the voter signed the envelope or a copy of the envelope, or completed the missing birth date or registration date. That record is a public record under chapter 42.17 RCW and may be disclosed to interested parties on written request.”

RESOLUTION

HOUSE RESOLUTION NO. 2005-4654, By Representatives Dunn, Ahern and McCune

WHEREAS, Mother Joseph of the Sacred Heart was born as Esther Pariseau on April 16, 1823, in St. Elzear, Canada, and entered the newly formed Sisters of Providence in Montreal at twenty years of age; and
WHEREAS, Her father made a prophetic remark upon her entry: "I bring to you my daughter, Esther, who wishes to dedicate herself to the religious life. She can read, write, figure accurately, sew, cook, and spin and do all manner of housework. She can do carpentry, handling a hammer and a saw as well as her father. She can also plan for others, and she succeeds in anything she undertakes. I assure you, Madam, she will make a good superior some day"; and

WHEREAS, The Sisters of Providence responded to the pleas for help that were coming from the new frontier settlements in the western United States, and Mother Joseph was chosen to lead the group of five sisters to the Washington Territory in 1856; and

WHEREAS, By February 1857, the young Sisters inherited their first convent, an old fur storage building abandoned by the Hudson Bay Company and later used as a barn, and Mother Joseph designed a chapel, built the altar herself, and fashioned a tabernacle out of an old candle box; and

WHEREAS, From this home base the Sisters began visiting the sick, soon opened the first permanent hospital in the territory, which is still operating today as Southwest Washington Medical Center, and also cared for Indian children displaced by the Yakima Indian wars; and

WHEREAS, By spring of the first year, preparations had been completed for a school; the first student, a three-year-old orphan, arrived early, and soon a tiny baby boy was also placed at the doorstep; and

WHEREAS, In 1859, Mother Joseph incorporated the Sisters' charitable works and became the President of the Sisters of Charity of the House of Providence in the Territory of Washington, one of Washington's first corporations; and

WHEREAS, From the 1850s to the 1890s, Mother Joseph established no less than eleven hospitals, seven academies, five Indian schools, and two orphanages throughout an area that today encompasses Northern Oregon, Idaho, Montana, British Columbia, and Washington, including hospitals that continue in operation in Vancouver, Walla Walla, Seattle, Spokane, Olympia, Port Townsend, Yakima, and Colfax; and

WHEREAS, Some of her most demanding work was raising funds to complete her buildings, and she found the people of Vancouver generally had modest incomes or were poor and began "begging tours" to the mining camps of Idaho, the Blue Mountains of Eastern Washington, Montana, and Western Canada; and

WHEREAS, From 1856 to 1873, while she worked on other facilities, Mother Joseph planned and built her home for the Sisters' various medical, spiritual, and educational ministries in Vancouver, Washington, the House of Providence, later called Providence Academy, which was three stories high, was considered to be the biggest brick building in the Washington Territory, and today has been declared an historic monument in the "National Register of Historic Places"; and

WHEREAS, After her death from a brain tumor in January 1902, her close friend, Mother Mary Antoinette, honored Mother Joseph in a letter to the community, "She had the characteristics of a genius: incessant works, immense sacrifices, great undertakings; and she never counted the cost to self. She exercised an extraordinary influence on the Church in the West"; and

WHEREAS, In 1953, Mother Joseph was recognized as one of the first architects in the Pacific Northwest, and because she was among the first to appreciate the use of Douglas Fir for both carving and building, she was recognized as the "first white artisan to work with wood in the Pacific Northwest," by the West Coast Lumberman's Association; and

WHEREAS, In 1980, Mother Joseph was honored as one of Washington State's two representatives in National Statuary Hall, Washington, D.C.; and

WHEREAS, A replica of that statue resides in the east wing of the entrance foyer of the Legislative Building in Olympia;

NOW, THEREFORE, BE IT RESOLVED, That the House of Representatives recognize and honor Mother Joseph on the occasion of the 182nd year of her birth.

Strike everything after the enacting clause and insert the following:

“NEW SECTION. Sec. 1. This chapter may be known and cited as the tax refund anticipation loan act.”
NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Borrower" means a taxpayer who receives the proceeds of a refund anticipation loan.

(2) "Department" means the department of financial institutions.

(3) "Director" means the director of the department of financial institutions.

(4) "Facilitator" means a person who receives or accepts for delivery an application for a refund anticipation loan, delivers a check in payment of refund anticipation loan proceeds, or in any other manner acts to allow the making of a refund anticipation loan. "Facilitator" does not include a bank, thrift, savings association, industrial bank, or credit union, operating under the laws of the United States or this state, an affiliate that is a servicer for such an entity, or any person who acts solely as an intermediary and does not deal with a taxpayer in the making of the refund anticipation loan.

(5) "Lender" means a person who extends credit to a borrower in the form of a refund anticipation loan.

(6) "Person" means an individual, a firm, a partnership, an association, a corporation, or other entity.

(7) "Refund anticipation loan" means a loan borrowed by a taxpayer from a lender based on the taxpayer's anticipated federal income tax refund.

(8) "Refund anticipation loan fee" means the charges, fees, or other consideration imposed by the lender for a refund anticipation loan. This term does not include any charge, fee, or other consideration usually imposed by the facilitator in the ordinary course of business for nonloan services, such as fees for tax return preparation and fees for electronic filing of tax returns.

(9) "Refund anticipation loan fee schedule" means a listing or table of refund anticipation loan fees charged by the facilitator or the lender for three or more representative refund anticipation loan amounts. The schedule shall list separately each fee or charge imposed, as well as a total of all fees imposed, related to the making of refund anticipation loans. The schedule shall also include, for each representative loan amount, the estimated annual percentage rate calculated under the guidelines established by the federal truth in lending act, 15 U.S.C. Sec. 1601 et seq.

(10) "Taxpayer" means an individual who files a federal income tax return.

NEW SECTION. Sec. 3. (1) No person may individually, or in conjunction or cooperation with another person act as a facilitator unless that person is:

(a) A tax preparer or works for a person that engages in the business of tax preparation;

(b) Accepted by the internal revenue service as an authorized IRS e-file provider; and

(c) Registered with the department as a facilitator. The director may prescribe the registration form.

(2) A person is registered as a facilitator by providing the department, on or before December 31st of each year with:

(a) A list of authorized IRS e-file providers in the state of Washington for the current tax filing year; and

(b) A thirty-five dollar processing fee for each authorized e-file provider on the list.

(3) After the December 31st deadline, a facilitator may amend the registration required in subsection (2) of this section to reflect additions or deletions of office locations or e-file providers authorized by the internal revenue service.

(4) The department shall make available to the public a list of all facilitators registered under this section.

(5) This section does not apply to a person doing business as a bank, thrift, savings association, industrial bank, or credit union, operating under the laws of the United States or this state, an affiliate that is a servicer for such an entity, or any person who acts solely as an intermediary and does not deal with a taxpayer in the making of the refund anticipation loan.

(6) This chapter shall preempt and be exclusive of all local acts, statutes, ordinances, and regulations relating to refund anticipation loans. This subsection shall be given retroactive and prospective effect.

NEW SECTION. Sec. 4. (1) For all refund anticipation loans, a facilitator must provide clear disclosure to the borrower prior to the borrower's completion of the application. The disclosure must contain the following:

(a) The refund anticipation loan fee schedule; and

(b) A written statement, in a minimum of ten-point type, containing the following elements:

(i) That a refund anticipation loan is a loan, and is not the borrower's actual income tax refund;

(ii) That the taxpayer can file an income tax return electronically without applying for a refund anticipation loan;

(iii) The average times according to the internal revenue service within which a taxpayer who does not obtain a refund anticipation loan can expect to receive a refund if the taxpayer's return is (A) filed electronically and the refund is directly deposited to the taxpayer's bank account or mailed to the taxpayer, and (B) mailed to the internal revenue service and the refund is directly deposited to the taxpayer's bank account or mailed to the taxpayer;
That the internal revenue service does not guarantee that it will pay the full amount of the anticipated refund and it does not guarantee a specific date that a refund will be deposited into a taxpayer's financial institution account or mailed to a taxpayer;

That the borrower is responsible for repayment of the loan and related fees in the event that the tax refund is not paid or paid in full;

The estimated time within which the loan proceeds will be paid to the borrower if the loan is approved;

The fee that will be charged, if any, if the borrower's loan is not approved; and

The borrower's right to rescind the refund anticipation loan transaction as provided in section 5 of this act.

(2) The following additional information must be provided to the borrower of a refund anticipation loan before consummation of the loan transaction:

(a) The estimated total fees for obtaining the refund anticipation loan; and

(b) The estimated annual percentage rate for the borrower's refund anticipation loan, using the guidelines established under the federal truth in lending act (15 U.S.C. Sec. 1601 et seq.).

NEW SECTION. Sec. 5. A borrower may rescind a loan, on or before the close of business on the next day of business, by either returning the original check issued for the loan or providing the amount of the loan in cash to the lender or the facilitator. The facilitator may not charge the borrower a fee for rescinding the loan or a refund anticipation loan fee if the loan is rescinded but may charge the borrower the administrative cost of establishing a bank account to electronically receive the refund.

NEW SECTION. Sec. 6. It is unlawful for a facilitator of a refund anticipation loan to engage in any of the following activities:

(1) Misrepresent a material factor or condition of a refund anticipation loan;

(2) Fail to process the application for a refund anticipation loan promptly after the consumer applies for the loan;

(3) Engage in any dishonest, fraudulent, unfair, unconscionable, or unethical practice or conduct in connection with a refund anticipation loan;

(4) Arrange for a creditor to take a security interest in any property of the consumer other than the proceeds of the consumer's tax refund and the account into which that tax refund is deposited to secure payment of the loan; and

(5) Offer a refund anticipation loan that, including any refund anticipation loan fee or any other fee related to the loan or tax preparation, exceeds the amount of the anticipated tax refund.

NEW SECTION. Sec. 7. Any person who knowingly and willfully violates this chapter is guilty of a misdemeanor and shall be fined up to five hundred dollars for each offense.

NEW SECTION. Sec. 8. The legislature finds that the practices covered by this chapter are matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. A violation of this chapter is not reasonable in relation to the development and preservation of business and is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW.

By October 15th of each even-numbered year, the state board of education and the professional educator standards board shall submit a joint report to the legislative education committees, the governor, and the superintendent of public instruction. The report shall address the progress the boards have made and the obstacles they have encountered, individually and collectively, in the work of achieving the goals in RCW 28A.150.210.

The purpose of the state board of education is to adopt statewide policies that promote achievement of the goals of RCW 28A.150.210; implement a standards-based accountability system; and provide leadership in the creation of an education system that respects the diverse cultures, abilities, and learning styles of all students. In addition to any other powers and duties as provided by law, the state board of education shall:

1. Until January 1, 2006, approve or disapprove the program of courses leading to teacher, school administrator, and school specialized personnel certification offered by all institutions of higher education within the state which may be accredited and whose graduates may become entitled to receive such certification.

2. Until January 1, 2006, conduct every five years a review of the program approval standards, including the minimum standards for teachers, administrators, and educational staff associates, to reflect research findings and assure continued improvement of preparation programs for teachers, administrators, and educational staff associates.

3. Until January 1, 2006, investigate the character of the work required to be performed as a condition of entrance to and graduation from any institution of higher education in this state relative to such certification as provided for in subsection (1) of this section, and prepare a list of accredited institutions of higher education of this and other states whose graduates may be awarded such certificates.

4. Until January 1, 2006:
   a. Adopt rules to allow a teacher certification candidate to fulfill, in part, teacher preparation program requirements through work experience as a classified teacher's aide in a public school or private school meeting the requirements of RCW 28A.195.010. The rules shall include, but are not limited to, limitations based upon the recency of the teacher preparation candidate's teacher aide work experience, and limitations based on the amount of work experience that may apply toward teacher preparation program requirements under this chapter((a)); and
   b. Require that at the time of the individual's enrollment in a teacher preparation program, the supervising teacher and the building principal shall jointly provide to the teacher preparation program of the higher education institution at which the teacher candidate is enrolled, a written assessment of the performance of the teacher candidate. The assessment shall contain such information as determined by the state board of education and shall include: Evidence that at least fifty percent of the candidate's work as a classified teacher's aide was involved in instructional activities with children under the supervision of a certificated teacher and that the candidate worked a minimum of six hundred thirty hours for one school year; the type of work performed by the candidate; and a recommendation of whether the candidate's work experience as a classified teacher's aide should be substituted for teacher preparation program requirements. In compliance with such rules as may be established by the state board of education under this section, the teacher preparation programs of the higher education institution where the candidate is enrolled shall make the final determination as to what teacher preparation program requirements may be fulfilled by teacher aide work experience.

5. Until January 1, 2006, supervise the issuance of such certificates as provided for in subsection (1) of this section and specify the types and kinds of certificates necessary for the several departments of the common schools by rule or regulation in accordance with RCW 28A.410.010.

6. Hold regularly scheduled meetings at such time and place within the state as the board shall determine and may hold such special meetings as may be deemed necessary for the transaction of public business.

7. Form committees as necessary to effectively and efficiently conduct the work of the board.

8. Seek advice from the public and interested parties regarding the work of the board.

9. For purposes of statewide accountability, the board shall:
   a. Adopt and revise performance improvement goals in reading, writing, science, and mathematics, by subject and grade level, once assessments in these subjects are required statewide; academic and technical skills, as appropriate, in secondary career and technical education programs; and student attendance, as the board deems appropriate to improve student learning. The goals shall be consistent with student privacy protection provisions of RCW 28A.655.090(7) and shall not conflict with requirements contained in Title I of the federal elementary and secondary education act of 1965, or the requirements of the Carl D. Perkins vocational education act of 1998, each as amended. The goals may be established for all students, economically disadvantaged students, limited English proficient students, students with disabilities, and students from disproportionately academically underachieving racial and ethnic backgrounds. The board may establish school and school district goals addressing high school graduation rates and dropout reduction goals for students in grades seven through twelve. The board shall adopt the goals by rule. However, before each goal is implemented, the board shall present the goal to the education committees of the
house of representatives and the senate for the committees' review and comment in a time frame that will permit the legislature to take statutory action on the goal if such action is deemed warranted by the legislature;

(b) Identify the scores students must achieve in order to meet the standard on the Washington assessment of student learning and, for high school students, to obtain a certificate of academic achievement. The board shall also determine student scores that identify levels of student performance below and beyond the standard. The board shall consider the incorporation of the standard error of measurement into the decision regarding the award of the certificates. The board shall set such performance standards and levels in consultation with the superintendent of public instruction and after consideration of any recommendations that may be developed by any advisory committees that may be established for this purpose. The initial performance standards and any changes recommended by the board in the performance standards for the tenth grade assessment shall be presented to the education committees of the house of representatives and the senate by November 30th of the school year in which the changes will take place to permit the legislature to take statutory action before the changes are implemented if such action is deemed warranted by the legislature. The legislature shall be advised of the initial performance standards and any changes made to the elementary level performance standards and the middle school level performance standards;

(c) Adopt objective, systematic criteria to identify successful schools and school districts and recommend to the superintendent of public instruction schools and districts to be recognized for two types of accomplishments, student achievement and improvements in student achievement. Recognition for improvements in student achievement shall include consideration of one or more of the following accomplishments:

(i) An increase in the percent of students meeting standards. The level of achievement required for recognition may be based on the achievement goals established by the legislature and by the board under (a) of this subsection;
(ii) Positive progress on an improvement index that measures improvement in all levels of the assessment; and
(iii) Improvements despite challenges such as high levels of mobility, poverty, English as a second language learners, and large numbers of students in special populations as measured by either the percent of students meeting the standard, or the improvement index. When determining the baseline year or years for recognizing individual schools, the board may use the assessment results from the initial years the assessments were administered, if doing so with individual schools would be appropriate;

(d) Adopt objective, systematic criteria to identify schools and school districts in need of assistance and those in which significant numbers of students persistently fail to meet state standards. In its deliberations, the board shall consider the use of all statewide mandated criterion-referenced and norm-referenced standardized tests;

(e) Identify schools and school districts in which state intervention measures will be needed and a range of appropriate intervention strategies after the legislature has authorized a set of intervention strategies. After the legislature has authorized a set of intervention strategies, at the request of the board, the superintendent shall intervene in the school or school district and take corrective actions. This chapter does not provide additional authority for the board or the superintendent of public instruction to intervene in a school or school district;

(f) Identify performance incentive systems that have improved or have the potential to improve student achievement;

(g) Annually review the assessment reporting system to ensure fairness, accuracy, timeliness, and equity of opportunity, especially with regard to schools with special circumstances and unique populations of students, and a recommendation to the superintendent of public instruction of any improvements needed to the system;

(h) Include in the biennial report required under section 103 of this act, information on the progress that has been made in achieving goals adopted by the board.

(10) Accredit, subject to such accreditation standards and procedures as may be established by the state board of education, all schools that apply for accreditation, and approve, subject to the provisions of RCW 28A.195.010, private schools carrying out a program for any or all of the grades kindergarten through twelve: PROVIDED, That no private school may be approved that operates a kindergarten program only: PROVIDED FURTHER, That no public or private schools shall be placed upon the list of accredited schools so long as secret societies are knowingly allowed to exist among its students by school officials: PROVIDED FURTHER, That the state board may elect to require all or certain classifications of the public schools to conduct and participate in such preaccreditation examination and evaluation processes as may now or hereafter be established by the board.

(11) Make rules and regulations governing the establishment in any existing nonhigh school district of any secondary program or any new grades in grades nine through twelve. Before any such program or any new grades are established the district must obtain prior approval of the state board.

(12) Prepare such outline of study for the common schools as the board shall deem necessary, and in conformance with legislative requirements, and prescribe such rules for the general government of the common schools, as shall seek to secure regularity of attendance, prevent truancy, secure efficiency, and promote the true interest of the common schools.
Continuously reevaluate courses and other requirements and adopt and enforce regulations within the common schools so as to meet the educational needs of students.

Evaluate course of study requirements and articulate with the institutions of higher education, work force representatives, and early learning policymakers and providers to coordinate and unify the work of the public school system.

Promulgate information and rules dealing with the prevention of child abuse for purposes of curriculum use in the common schools.

Hire an executive director and an administrative assistant to reside in the office of the superintendent of public instruction for administrative purposes. Any other personnel of the board shall be appointed as provided by RCW 28A.300.020. The executive director, administrative assistant, and all but one of the other personnel of the board are exempt from civil service, together with other staff as now or hereafter designated as exempt in accordance with chapter 41.06 RCW.

Adopt a seal that shall be kept in the office of the superintendent of public instruction.

School districts shall have the authority to decide the best use of student achievement funds to assist students in meeting and exceeding the new, higher academic standards in each district consistent with the provisions of chapter 3, Laws of 2001.

Student achievement funds shall be allocated for the following uses:

(a) To reduce class size by hiring certificated elementary classroom teachers in grades K-4 and paying nonemployee-related costs associated with those new teachers;

(b) To make selected reductions in class size in grades 5-12, such as small high school writing classes;

(c) To provide extended learning opportunities to improve student academic achievement in grades K-12, including, but not limited to, extended school year, extended school day, before-and-after-school programs, special tutoring programs, weekend school programs, summer school, and all-day kindergarten;

(d) To provide additional professional development for educators, including additional paid time for curriculum and lesson redesign and alignment, training to ensure that instruction is aligned with state standards and student needs, reimbursement for higher education costs related to enhancing teaching skills and knowledge, and mentoring programs to match teachers with skilled, master teachers. The funding shall not be used for salary increases or additional compensation for existing teaching duties, but may be used for extended year and extended day teaching contracts;

(e) To provide early assistance for children who need prekindergarten support in order to be successful in school;

(f) To provide improvements or additions to school building facilities which are directly related to the class size reductions and extended learning opportunities under (a) through (c) of this subsection.

Annually on or before May 1st, the school district board of directors shall meet at the time and place designated for the purpose of a public hearing on the proposed use of these funds to improve student achievement for the coming year. Any person may appear or by written submission have the opportunity to comment on the proposed plan for the use of these funds. No later than August 31st, as a part of the process under RCW 28A.505.060, each school district shall adopt a plan for the use of these funds for the upcoming school year. Annually, each school district shall provide to the citizens of their district a public accounting of the funds made available to the district during the previous school year under chapter 3, Laws of 2001, how the funds were used, and the progress the district has made in increasing student achievement, as measured by required state assessments and other assessments deemed appropriate by the district. Copies of this report shall be provided to the superintendent of public instruction and to the academic achievement and accountability commission.

The superintendent of public instruction shall develop essential academic learning requirements that identify the knowledge and skills all public school students need to know and be able to do based on the student learning goals in RCW 28A.150.210, develop student assessments, and implement the accountability recommendations and requests regarding assistance, rewards, and recognition of the state board of education.

The superintendent of public instruction shall:

(b) Review and prioritize the essential academic learning requirements and identify, with clear and concise descriptions, the grade level content expectations to be assessed on the Washington assessment of student learning and used for state or federal accountability purposes. The review, prioritization, and identification shall result in more focus and targeting...
with an emphasis on depth over breadth in the number of grade level content expectations assessed at each grade level. Grade level content expectations shall be articulated over the grades as a sequence of expectations and performances that are logical, build with increasing depth after foundational knowledge and skills are acquired, and reflect, where appropriate, the sequential nature of the discipline. The office of the superintendent of public instruction, within seven working days, shall post on its website any grade level content expectations provided to an assessment vendor for use in constructing the Washington assessment of student learning.

(3) In consultation with the ((academic achievement and accountability commission)) state board of education, the superintendent of public instruction shall maintain and continue to develop and revise a statewide academic assessment system in the content areas of reading, writing, mathematics, and science for use in the elementary, middle, and high school years designed to determine if each student has mastered the essential academic learning requirements identified in subsection (1) of this section. School districts shall administer the assessments under guidelines adopted by the superintendent of public instruction. The academic assessment system shall include a variety of assessment methods, including criterion-referenced and performance-based measures.

(4) If the superintendent proposes any modification to the essential academic learning requirements or the statewide assessments, then the superintendent shall, upon request, provide opportunities for the education committees of the house of representatives and the senate to review the assessments and proposed modifications to the essential academic learning requirements before the modifications are adopted.

(5) (a) The assessment system shall be designed so that the results under the assessment system are used by educators as tools to evaluate instructional practices, and to initiate appropriate educational support for students who have not mastered the essential academic learning requirements at the appropriate periods in the student's educational development.

(b) Assessments measuring the essential academic learning requirements in the content area of science shall be available for mandatory use in middle schools and high schools by the 2003-04 school year and for mandatory use in elementary schools by the 2004-05 school year unless the legislature takes action to delay or prevent implementation of the assessment.

(6) By September 2007, the results for reading and mathematics shall be reported in a format that will allow parents and teachers to determine the academic gain a student has acquired in those content areas from one school year to the next.

(7) To assist parents and teachers in their efforts to provide educational support to individual students, the superintendent of public instruction shall provide as much individual student performance information as possible within the constraints of the assessment system's item bank. The superintendent shall also provide to school districts:

(a) Information on classroom-based and other assessments that may provide additional achievement information for individual students; and

(b) A collection of diagnostic tools that educators may use to evaluate the academic status of individual students. The tools shall be designed to be inexpensive, easily administered, and quickly and easily scored, with results provided in a format that may be easily shared with parents and students.

(8) To the maximum extent possible, the superintendent shall integrate knowledge and skill areas in development of the assessments.

(9) Assessments for goals three and four of RCW 28A.150.210 shall be integrated in the essential academic learning requirements and assessments for goals one and two.

(10) The superintendent shall develop assessments that are directly related to the essential academic learning requirements, and are not biased toward persons with different learning styles, racial or ethnic backgrounds, or on the basis of gender.

(11) The superintendent shall consider methods to address the unique needs of special education students when developing the assessments under this section.

(12) The superintendent shall consider methods to address the unique needs of highly capable students when developing the assessments under this section.

(13) The superintendent shall post on the superintendent's website lists of resources and model assessments in social studies, the arts, and health and fitness.

No teacher, principal, supervisor, superintendent, or other certificated employee, holding a position as such with a school district, hereinafter referred to as "employee", shall be employed except by written order of a majority of the directors of the district at a regular or special meeting thereof, nor unless he or she is the holder of an effective teacher's certificate or other certificate required by law or the (Washington professional educator standards board) for the position for which the employee is employed.

The board shall make with each employee employed by it a written contract, which shall be in conformity with the laws of this state, and except as otherwise provided by law, limited to a term of not more than one year. Every such contract shall be made in duplicate, one copy to be retained by the school district superintendent or secretary and one copy to be delivered to the employee. No contract shall be offered by any board for the employment of any employee who has previously signed an employment contract for that same term in another school district of the state of Washington unless such employee shall have
been released from his or her obligations under such previous contract by the board of directors of the school district to which he or she was obligated. Any contract signed in violation of this provision shall be void.

In the event it is determined that there is probable cause or causes that the employment contract of an employee should not be renewed by the district for the next ensuing term such employee shall be notified in writing on or before May 15th preceding the commencement of such term of that determination, or if the omnibus appropriations act has not passed the legislature by May 15th, then notification shall be no later than June 1st, which notification shall specify the cause or causes for nonrenewal of contract. Such determination of probable cause for certificated employees, other than the superintendent, shall be made by the superintendent. Such notice shall be served upon the employee personally, or by certified or registered mail, or by leaving a copy of the notice at the house of his or her usual abode with some person of suitable age and discretion then resident therein. Every such employee so notified, at his or her request made in writing and filed with the president, chair or secretary of the board of directors of the district within ten days after receiving such notice, shall be granted opportunity for hearing pursuant to RCW 28A.405.310 to determine whether there is sufficient cause or causes for nonrenewal of contract: PROVIDED, That any employee receiving notice of nonrenewal of contract due to an enrollment decline or loss of revenue may, in his or her request for a hearing, stipulate that initiation of the arrangements for a hearing officer as provided for by RCW 28A.405.310(4) shall occur within ten days following July 15 rather than the day that the employee submits the request for a hearing. If any such notification or opportunity for hearing is not timely given, the employee entitled thereto shall be conclusively presumed to have been reemployed by the district for the next ensuing term upon contractual terms identical with those which would have prevailed if his or her employment had actually been renewed by the board of directors for such ensuing term.

This section shall not be applicable to “provisional employees” as so designated in RCW 28A.405.220; transfer to a subordinate certificated position as that procedure is set forth in RCW 28A.405.230 shall not be construed as a nonrenewal of contract for the purposes of this section.

The University of Washington, Washington State University, Central Washington University, Eastern Washington University, Western Washington University, and The Evergreen State College are each authorized to train teachers and other personnel for whom teaching certificates or special credentials prescribed by the state board of education standards board are required, for any grade, level, department, or position of the public schools of the state.

(1) The purpose of this chapter is to establish guidelines for the regulation of the real estate profession and other business professions which may seek legislation to substantially increase their scope of practice or the level of regulation of the profession, and for the regulation of business professions not licensed or regulated on July 26, 1987: PROVIDED, That the provisions of this chapter are not intended and shall not be construed to: (a) Apply to any regulatory entity created prior to July 26, 1987, except as provided in this chapter; (b) affect the powers and responsibilities of the superintendent of public instruction or the Washington professional educator standards board under RCW 28A.410.210 and 28A.410.10; (c) apply to or interfere in any way with the practice of religion or to any kind of treatment by prayer; (d) apply to any remedial or technical amendments to any statutes which licensed or regulated activity before July 26, 1987; and (e) apply to proposals relating solely to continuing education. The legislature believes that all individuals should be permitted to enter into a business profession unless there is an overwhelming need for the state to protect the interests of the public by restricting entry into the profession. Where such a need is identified, the regulation adopted by the state should be set at the least restrictive level consistent with the public interest to be protected.

(2) It is the intent of this chapter that no regulation shall be imposed upon any business profession except for the exclusive purpose of protecting the public interest. All bills introduced in the legislature to regulate a business profession for the first time should be reviewed according to the following criteria. A business profession should be regulated by the state only when:

(a) Unregulated practice can clearly harm or endanger the health, safety, or welfare of the public, and the potential for the harm is easily recognizable and not remote or dependent upon tenuous argument;

(b) The public needs and can reasonably be expected to benefit from an assurance of initial and continuing professional ability; and

(c) The public cannot be effectively protected by other means in a more cost-beneficial manner.

(3) After evaluating the criteria in subsection (2) of this section and considering governmental and societal costs and benefits, if the legislature finds that it is necessary to regulate a business profession not previously regulated by law, the least restrictive alternative method of regulation should be implemented, consistent with the public interest and this section:

(a) Where existing common law and statutory civil actions and criminal prohibitions are not sufficient to eradicate existing harm, the regulation should provide for stricter civil actions and criminal prosecutions;
(b) Where a service is being performed for individuals involving a hazard to the public health, safety, or welfare, the regulation should impose inspection requirements and enable an appropriate state agency to enforce violations by injunctive relief in court, including, but not limited to, regulation of the business activity providing the service rather than the employees of the business;

(c) Where the threat to the public health, safety, or economic well-being is relatively small as a result of the operation of the business profession, the regulation should implement a system of registration;

(d) Where the consumer may have a substantial basis for relying on the services of a practitioner, the regulation should implement a system of certification; or

(e) Where apparent that adequate regulation cannot be achieved by means other than licensing, the regulation should implement a system of licensing.

(1) The purpose of this chapter is to establish guidelines for the regulation of health professions not licensed or regulated prior to July 24, 1983, and those licensed or regulated health professions which seek to substantially increase their scope of practice: PROVIDED, That the provisions of this chapter are not intended and shall not be construed to: (a) Apply to any regulatory entity created prior to July 24, 1983, except as provided in this chapter; (b) affect the powers and responsibilities of the superintendent of public instruction or ((state board of education)) Washington professional educator standards board under RCW (28A.305.130) 28A.410.210 and 28A.410.010; (c) apply to or interfere in any way with the practice of religion or to any kind of treatment by prayer; and (d) apply to any remedial or technical amendments to any statutes which licensed or regulated activity before July 24, 1983. The legislature believes that all individuals should be permitted to enter into a health profession unless there is an overwhelming need for the state to protect the interests of the public by restricting entry into the profession. Where such a need is identified, the regulation adopted by the state should be set at the least restrictive level consistent with the public interest to be protected.

(2) It is the intent of this chapter that no regulation shall, after July 24, 1983, be imposed upon any health profession except for the exclusive purpose of protecting the public interest. All bills introduced in the legislature to regulate a health profession for the first time should be reviewed according to the following criteria. A health profession should be regulated by the state only when:

(a) Unregulated practice can clearly harm or endanger the health, safety, or welfare of the public, and the potential for the harm is easily recognizable and not remote or dependent upon tenuous argument;

(b) The public needs and can reasonably be expected to benefit from an assurance of initial and continuing professional ability; and

(c) The public cannot be effectively protected by other means in a more cost-beneficial manner.

(3) After evaluating the criteria in subsection (2) of this section and considering governmental and societal costs and benefits, if the legislature finds that it is necessary to regulate a health profession not previously regulated by law, the least restrictive alternative method of regulation should be implemented, consistent with the public interest and this section:

(a) Where existing common law and statutory civil actions and criminal prohibitions are not sufficient to eradicate existing harm, the regulation should provide for stricter civil actions and criminal prosecutions;

(b) Where a service is being performed for individuals involving a hazard to the public health, safety, or welfare, the regulation should impose inspection requirements and enable an appropriate state agency to enforce violations by injunctive relief in court, including, but not limited to, regulation of the business activity providing the service rather than the employees of the business;

(c) Where the threat to the public health, safety, or economic well-being is relatively small as a result of the operation of the health profession, the regulation should implement a system of registration;

(d) Where the consumer may have a substantial basis for relying on the services of a practitioner, the regulation should implement a system of certification; or

(e) Where apparent that adequate regulation cannot be achieved by means other than licensing, the regulation should implement a system of licensing.

Teachers of visually impaired students shall be qualified according to rules adopted by the ((state board of education)) professional educator standards board.

"Sec. 1. RCW 43.135.025 and 2000 2nd sp.s. c 2 s 1 are each amended to read as follows:

(1) The state shall not expend from the general fund during any fiscal year state moneys in excess of the state expenditure limit established under this chapter.

(2) Except pursuant to a declaration of emergency under RCW 43.135.035 or pursuant to an appropriation under RCW 43.135.045(4)(b), the state treasurer shall not issue or redeem any check, warrant, or voucher that will result in a state general
fund expenditure for any fiscal year in excess of the state expenditure limit established under this chapter. A violation of this subsection constitutes a violation of RCW 43.88.290 and shall subject the state treasurer to the penalties provided in RCW 43.88.300.

(3) The state expenditure limit for any fiscal year shall be the previous fiscal year’s state expenditure limit increased by a percentage rate that equals the fiscal growth factor.

(4) For purposes of computing the state expenditure limit for the fiscal year beginning July 1, (1995) 2005, the phrase "the previous fiscal year’s state expenditure limit" means the total state expenditures from the state general fund ((not including federal funds)) for the fiscal year beginning July 1, (1989) 2004, plus the fiscal growth factor. This calculation is then computed for the state expenditure limit for fiscal years 1992, 1993, 1994, and 1995, and as required under RCW 43.135.035(4).

(5) A state expenditure limit committee is established for the purpose of determining and adjusting the state expenditure limit as provided in this chapter. The six members of the state expenditure limit committee are the director of financial management, the attorney general or the attorney general’s designee, and the chairs and ranking minority members of the senate committee on ways and means and the house of representatives committee on appropriations. All actions of the state expenditure limit committee taken pursuant to this chapter require an affirmative vote of at least [(three)] four members.

(6) Each November, the state expenditure limit committee shall adjust the expenditure limit for the preceding fiscal year based on actual expenditures and known changes in the fiscal growth factor and then project an expenditure limit for the next two fiscal years. If, by November 30th, the state expenditure limit committee has not adopted the expenditure limit adjustment and projected expenditure limit as provided in subsection (5) of this section, the attorney general or his or her designee shall adjust or project the expenditure limit, as necessary.

(7) "Fiscal growth factor" means the average of the sum of inflation and population change for each of the [(three)] three fiscal years prior to the year for which the state expenditure limit is being adopted.

(8) "Inflation" means the percentage change in the implicit price deflator for the United States for each fiscal year as published by the federal bureau of labor statistics.

(9) "Population change" means the percentage change in state population for each fiscal year as reported by the office of financial management.

Sec. 2. RCW 43.135.035 and 2001 c 3 s 8 and 2000 2nd sp.s. c 2 s 2 are each reenacted and amended to read as follows:

(1) After July 1, 1995, any action or combination of actions by the legislature that raises state revenue or requires revenue-neutral tax shifts may be taken only if approved by a two-thirds vote of each house, and then only if state expenditures in any fiscal year, including the new revenue, will not exceed the state expenditure limits established under this chapter.

(2)(a) If the legislative action under subsection (1) of this section will result in expenditures in excess of the state expenditure limit, then the action of the legislature shall not take effect until approved by a vote of the people at a November general election. The (office of financial management) state expenditure limit committee shall adjust the state expenditure limit by the amount of additional revenue approved by the voters under this section. This adjustment shall not exceed the amount of revenue generated by the legislative action during the first full fiscal year in which it is in effect. The state expenditure limit shall be adjusted downward upon expiration or repeal of the legislative action.

(b) The ballot title for any vote of the people required under this section shall be substantially as follows:

"Shall taxes be imposed on . . . . . in order to allow a spending increase above last year’s authorized spending adjusted for inflation and population increases?"

(3)(a) The state expenditure limit may be exceeded upon declaration of an emergency for a period not to exceed twenty-four months by a law approved by a two-thirds vote of each house of the legislature and signed by the governor. The law shall set forth the nature of the emergency, which is limited to natural disasters that require immediate government action to alleviate human suffering and provide humanitarian assistance. The state expenditure limit may be exceeded for no more than twenty-four months following the declaration of the emergency and only for the purposes contained in the emergency declaration.

(b) Additional taxes required for an emergency under this section may be imposed only until thirty days following the next general election, unless an extension is approved at that general election. The additional taxes shall expire upon expiration of the declaration of emergency. The legislature shall not impose additional taxes for emergency purposes under this subsection unless funds in the education construction fund have been exhausted.
(c) The state or any political subdivision of the state shall not impose any tax on intangible property listed in RCW 84.36.070 as that statute exists on January 1, 1993.

(4) If the cost of any state program or function is shifted from the state general fund ((on or after January 1, 1993,)) to another source of funding, or if moneys are transferred from the state general fund to another fund or account, the state expenditure limit committee, acting pursuant to RCW 43.135.025(5), shall lower the state expenditure limit to reflect the shift. For the purposes of this section, a transfer of money from the state general fund to another fund or account includes any state legislative action taken after July 1, 2000, that has the effect of reducing revenues from a particular source, where such revenues would otherwise be deposited into the state general fund, while increasing the revenues from that particular source to another state or local government account. For purposes of this section, a shift of program costs means the shift of any portion of the program cost, including the shift of any expenditure growth in the program. This subsection does not apply to the dedication or use of lottery revenues under RCW 67.70.240(3) or property taxes under RCW 84.52.068, in support of education or education expenditures.

(5) If the cost of any state program or function is shifted to the state general fund on or after January 1, 2000, from another source of funding, ((or if moneys are transferred to the state general fund from another fund or account,)) the state expenditure limit committee, acting pursuant to RCW 43.135.025(5), shall increase the state expenditure limit to reflect the shift. However, the limit may be increased for such a program cost shift only if:

(a) The legislature requires the deposit in the general fund of an ongoing revenue source that would otherwise be deposited in the fund or account that previously supported the program, in an amount equal to the cost of the program shifted; and

(b) The redirection of the ongoing revenue source takes effect on the same date that the cost of the program is shifted.

Sec. 3. RCW 43.135.045 and 2003 1st sp.s. c 26 s 919 and 2003 1st sp.s. c 25 s 920 are each reenacted and amended to read as follows:

(1) The emergency reserve fund is established in the state treasury. During each fiscal year, the state treasurer shall deposit in the emergency reserve fund all general fund--state revenues in excess of the state expenditure limit for that fiscal year. Deposits shall be made at the end of each fiscal quarter based on projections of state revenues and the state expenditure limit. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues and the expenditure limit for fiscal year 2000 and thereafter.

(2) The legislature may appropriate moneys from the emergency reserve fund only with approval of at least two-thirds of the members of each house of the legislature, and then only if the appropriation does not cause total expenditures to exceed the state expenditure limit under this chapter.

(3) The emergency reserve fund balance shall not exceed five percent of annual general fund--state revenues as projected by the official state revenue forecast. Any balance in excess of five percent shall be transferred on a quarterly basis by the state treasurer as follows: Seventy-five percent to the student achievement fund hereby created in the state treasury and twenty-five percent to the general fund balance. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues for fiscal year 2000 and thereafter. When per-student state funding for the maintenance and operation of K-12 education meets a level of no less than ninety percent of the national average of total funding from all sources per student as determined by the most recent published data from the national center for education statistics of the United States department of education, as calculated by the office of financial management, further deposits to the student achievement fund shall be required only to the extent necessary to maintain the ninety-percent level. Remaining funds are part of the general fund balance and these funds are subject to the expenditure limits of this chapter.

(4) The education construction fund is hereby created in the state treasury.

(a) Funds may be appropriated from the education construction fund exclusively for common school construction or higher education construction. During the fiscal years beginning July 1, 2003, and ending June 30, 2005, funds may also be used for higher education facilities preservation and maintenance.

(b) Funds may be appropriated for any other purpose only if approved by a two-thirds vote of each house of the legislature and if approved by a vote of the people at the next general election. An appropriation approved by the people under this subsection shall result in an adjustment to the state expenditure limit only for the fiscal period for which the appropriation is made and shall not affect any subsequent fiscal period.

(5) Funds from the student achievement fund shall be appropriated to the superintendent of public instruction strictly for distribution to school districts to meet the provisions set out in the student achievement act. Allocations shall be made on an equal per full-time equivalent student basis to each school district.

(6) Earnings of the emergency reserve fund under RCW 43.84.092(4)(a) shall be transferred quarterly to the multimodal transportation account, except for those earnings that are in excess of thirty-five million dollars each fiscal year.
Within thirty days following any fiscal year in which earnings transferred to the multimodal transportation account under this subsection did not total thirty-five million dollars, the state treasurer shall transfer from the emergency reserve fund an amount necessary to bring the total deposited in the multimodal transportation account under this subsection to thirty-five million dollars. The revenues to the multimodal transportation account reflected in this subsection provide ongoing support for the transportation programs of the state. However, it is the intent of the legislature that any new long-term financial support that may be subsequently provided for transportation programs will be used to replace and supplant the revenues reflected in this subsection, thereby allowing those revenues to be returned to the purposes to which they were previously dedicated. No transfers from the emergency reserve fund to the multimodal fund shall be made during the 2003-05 fiscal biennium.\)}

STATEMENT FOR THE JOURNAL

I intended to vote YEA on amendment (475) to SUBSTITUTE SENATE HOUSE BILL NO. 6078.
Representative McIntire moved the adoption of amendment (462) to the committee amendment:

On page 1 of the amendment, after line 2, strike the remainder of the amendment and insert:

"NEW SECTION. Sec. 1. The legislature finds that the citizens of the state benefit from a state expenditure limit that ensures that the state budget operates with stability and predictability, while encouraging the establishment of budget priorities and a periodic review of state programs and the delivery of state services. A state expenditure limit can prevent budgeting crises that can occur because of increased spending levels during periods of revenue surplus followed by drastic reductions in state services in lean years. The citizens of the state are best served by an expenditure limit that keeps pace with the growth in the state's economy yet ensures budget discipline and taxpayer protection. For these reasons, the legislature finds that modifications to the state expenditure limit, after ten years of experience following the initial implementation of Initiative Measure No. 601, will recognize the economic productivity of the state's economy and better balance the needs of the citizens for essential government services with the obligation of the legislature for strict spending accountability and protection of its taxpayers.

Sec. 2. RCW 43.135.035 and 2001 c 3 s 8 and 2000 2nd sp.s c 2 s 2 are each reenacted and amended to read as follows:

(1) After July 1, 1995, any action or combination of actions by the legislature that raises state revenue or requires revenue-neutral tax shifts may be taken only if approved by a two-thirds vote of each house, and then only if state expenditures in any fiscal year, including the new revenue, will not exceed the state expenditure limits established under this chapter. However, for legislation enacted between the effective date of this 2005 act and June 30, 2007, any action or combination of actions by the legislature that raises state revenue or requires revenue-neutral tax shifts may be taken with the approval of a majority of members elected to each house, so long as state expenditures in any fiscal year, including the new revenue, will not exceed the state expenditure limits established under this chapter.

(2)(a) If the legislative action under subsection (1) of this section will result in expenditures in excess of the state expenditure limit, then the action of the legislature shall not take effect until approved by a vote of the people at a November general election. The (office of financial management) state expenditure limit committee shall adjust the state expenditure limit by the amount of additional revenue approved by the voters under this section. This adjustment shall not exceed the amount of revenue generated by the legislative action during the first full fiscal year in which it is in effect. The state expenditure limit shall be adjusted downward upon expiration or repeal of the legislative action.

(b) The ballot title for any vote of the people required under this section shall be substantially as follows:

"Shall taxes be imposed on . . . . . . in order to allow a spending increase above last year's authorized spending adjusted for inflation and population increases?"

(3)(a) The state expenditure limit may be exceeded upon declaration of an emergency for a period not to exceed twenty-four months by a law approved by a two-thirds vote of each house of the legislature and signed by the governor. The law shall set forth the nature of the emergency, which is limited to natural disasters that require immediate government action to alleviate human suffering and provide humanitarian assistance. The state expenditure limit may be exceeded for no more than twenty-four months following the declaration of the emergency and only for the purposes contained in the emergency declaration.

(b) Additional taxes required for an emergency under this section may be imposed only until thirty days following the next general election, unless an extension is approved at that general election. The additional taxes shall expire upon expiration of the declaration of emergency. The legislature shall not impose additional taxes for emergency purposes under this subsection unless funds in the education construction fund have been exhausted.

(c) The state or any political subdivision of the state shall not impose any tax on intangible property listed in RCW 84.36.070 as that statute exists on January 1, 1993.

(4) If the cost of any state program or function is shifted from the state general fund on or after January 1, 1993, to another source of funding, or if moneys are transferred from the state general fund to another fund or account, the state expenditure limit committee, acting pursuant to RCW 43.135.025(5), shall lower the state expenditure limit to reflect the shift. For the purposes of this section, a transfer of money from the state general fund to another fund or account includes any state legislative action taken (after July 1, 2000) that has the effect of reducing revenues from a particular source, where such revenues would otherwise be deposited into the state general fund, while increasing the revenues from that particular source to
another state or local government account. This subsection does not apply to the dedication or use of lottery revenues under RCW 67.70.240(3) or property taxes under RCW 84.52.068, in support of education or education expenditures.

(5) If the cost of any state program or function is shifted to the state general fund on or after January 1, 2000, from another source of funding, or if moneys are transferred to the state general fund from another fund or account, the state expenditure limit committee, acting pursuant to RCW 43.135.025(5), shall increase the state expenditure limit to reflect the shift.

Sec. 3. RCW 43.135.010 and 1994 c 2 s 1 are each amended to read as follows:
The people of the state of Washington hereby find and declare:
(1) The continuing increases in our state tax burden and the corresponding growth of state government is contrary to the interest of the people of the state of Washington.
(2) It is necessary to limit the rate of growth of state government while assuring adequate funding of essential services, including basic education as defined by the legislature.
(3) The current budgetary system in the state of Washington lacks stability. The system encourages crisis budgeting and results in cutbacks during lean years and overspending during surplus years.
(4) It is therefore the intent of this chapter to:
(a) Establish a limit on state expenditures that will assure that the growth rate of state expenditures does not exceed the growth rate (of inflation and population change) in Washington personal income; 
(b) Assure that local governments are provided funds adequate to render those services deemed essential by their citizens;
(c) Assure that the state does not impose responsibility on local governments for new programs or increased levels of service under existing programs unless the costs thereof are paid by the state;
(d) Provide for adjustment of the limit when costs of a program are transferred between the state and another political entity;
(e) Establish a procedure for exceeding this limit in emergency situations;
(f) Provide for voter approval of tax increases; and
(g) Avoid overfunding and underfunding state programs by providing stability, consistency, and long-range planning.

Sec. 4. RCW 43.135.025 and 2000 2nd sp.s. c 2 s 1 are each amended to read as follows:
(1) The state shall not expend from the general fund and related funds during any fiscal year state moneys in excess of the state expenditure limit established under this chapter.
(2) Except pursuant to a declaration of emergency under RCW 43.135.035 or pursuant to an appropriation under RCW 43.135.045(4)(b), the state treasurer shall not issue or redeem any check, warrant, or voucher that will result in a state general fund or related fund expenditure for any fiscal year in excess of the state expenditure limit established under this chapter. A violation of this subsection constitutes a violation of RCW 43.88.290 and shall subject the state treasurer to the penalties provided in RCW 43.88.300.
(3) The state expenditure limit for any fiscal year shall be the previous fiscal year's state expenditure limit increased by a percentage rate that equals the fiscal growth factor.
(4) For purposes of computing the state expenditure limit for the fiscal year beginning July 1, (1995) 2007, the phrase "the previous fiscal year's state expenditure limit" means the total state expenditures from the state general fund and related funds, not including federal funds, for the fiscal year beginning July 1, (1995) 2006, plus the fiscal growth factor. (This calculation is then computed for the state expenditure limit for fiscal years 1992, 1993, 1994, and 1995, and as required under RCW 43.135.025(4)).
(5) A state expenditure limit committee is established for the purpose of determining and adjusting the state expenditure limit as provided in this chapter. The members of the state expenditure limit committee are the director of financial management, the attorney general or the attorney general's designee, and the chairs and ranking minority members of the senate committee on ways and means and the house of representatives committee on appropriations. All actions of the state expenditure limit committee taken pursuant to this chapter require an affirmative vote of at least (three) four members.
(6) Each November, the state expenditure limit committee shall adjust the expenditure limit for the preceding fiscal year based on actual expenditures and known changes in the fiscal growth factor and then project an expenditure limit for the next two fiscal years. If, by November 30th, the state expenditure limit committee has not adopted the expenditure limit adjustment and projected expenditure limit as provided in subsection (5) of this section, the attorney general or his or her designee shall adjust or project the expenditure limit, as necessary.
(7) "Fiscal growth factor" means (the average of the sum of inflation and population change for each of the prior three fiscal years) the average growth in state personal income for the prior ten fiscal years.
Sec. 5. RCW 43.135.035 and 2005 c...s 2 (section 2 of this act) are each amended to read as follows:

(1) After July 1, 1995, any action or combination of actions by the legislature that raises state revenue or requires revenue-neutral tax shifts may be taken only if approved by a two-thirds vote of each house, and then only if state expenditures in any fiscal year, including the new revenue, will not exceed the state expenditure limits established under this chapter. (However, for legislation enacted between the effective date of this 2005 act and June 30, 2007, any action or combination of actions by the legislature that raises state revenue or requires revenue neutral tax shifts may be taken with the approval of a majority of members elected to each house, so long as state expenditures in any fiscal year, including the new revenue, will not exceed the state expenditure limits established under this chapter.))

(2)(a) If the legislative action under subsection (1) of this section will result in expenditures in excess of the state expenditure limit, then the action of the legislature shall not take effect until approved by a vote of the people at a November general election. The state expenditure limit committee shall adjust the state expenditure limit by the amount of additional revenue approved by the voters under this section. This adjustment shall not exceed the amount of revenue generated by the legislative action during the first full fiscal year in which it is in effect. The state expenditure limit shall be adjusted downward upon expiration or repeal of the legislative action.

(b) The ballot title for any vote of the people required under this section shall be substantially as follows:

"Shall taxes be imposed on ......... in order to allow a spending increase above last year's authorized spending adjusted for ((inflation and population increase)) personal income growth?"

(3)(a) The state expenditure limit may be exceeded upon declaration of an emergency for a period not to exceed twenty-four months by a law approved by a two-thirds vote of each house of the legislature and signed by the governor. The law shall set forth the nature of the emergency, which is limited to natural disasters that require immediate government action to alleviate human suffering and provide humanitarian assistance. The state expenditure limit may be exceeded for no more than twenty-four months following the declaration of the emergency and only for the purposes contained in the emergency declaration.

(b) Additional taxes required for an emergency under this section may be imposed only until thirty days following the next general election, unless an extension is approved at that general election. The additional taxes shall expire upon expiration of the declaration of emergency. The legislature shall not impose additional taxes for emergency purposes under this subsection unless funds in the education construction fund have been exhausted.

(c) The state or any political subdivision of the state shall not impose any tax on intangible property listed in RCW 84.36.070 as that statute exists on January 1, 1993.

(4) If the cost of any state program or function is shifted from the state general fund ((on or after January 1, 1993,)) or a related fund to another source of funding, or if moneys are transferred from the state general fund or a related fund to another fund or account, the state expenditure limit committee, acting pursuant to RCW 43.135.025(5), shall lower the state expenditure limit to reflect the shift. For the purposes of this section, a transfer of money from the state general fund or a related fund to another fund or account includes any state legislative action taken that has the effect of reducing revenues from a particular source, where such revenues would otherwise be deposited into the state general fund or a related fund, while increasing the revenues from that particular source to another state or local government account. This subsection does not apply to the dedication or use of lottery revenues under RCW 67.70.240(3) or property taxes under RCW 84.52.068, in support of education or education expenditures.

(5) If the cost of any state program or function ((is)) and the ongoing revenue necessary to fund the program or function are shifted to the state general fund or a related fund on or after January 1, ((2000, from another source of funding, or if moneys are transferred to the state general fund from another fund or account)) 2007, the state expenditure limit committee, acting pursuant to RCW 43.135.025(5), shall increase the state expenditure limit to reflect the shift.

Sec. 6. RCW 43.135.045 and 2003 1st sp.s c 25 s 920 are each amended to read as follows:
(1) The emergency reserve fund is established in the state treasury. During each fiscal year, the state treasurer shall (deposit in the emergency reserve fund all general fund--state revenues in excess of the state expenditure limit for that fiscal year. Deposits) transfer an amount from the state general fund to the emergency reserve fund. The amount transferred shall equal the amount by which total state revenue for the general fund and related funds exceeds the state expenditure limit, multiplied by the percentage that general fund expenditures are of total expenditures from the general fund and related funds. Transfers shall be made at the end of each fiscal quarter based on projections of state revenues, expenditures, and the state expenditure limit. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues and the expenditure limit for fiscal year 2000 and thereafter.

(2) The legislature may appropriate moneys from the emergency reserve fund only with approval of at least two-thirds of the members of each house of the legislature, and then only if the appropriation does not cause total expenditures to exceed the state expenditure limit under this chapter.

(3) The emergency reserve fund balance shall not exceed five percent of annual general fund--state revenues as projected by the official state revenue forecast. Any balance in excess of five percent shall be transferred on a quarterly basis by the state treasurer as follows: Seventy-five percent to the student achievement fund hereby created in the state treasury and twenty-five percent to the general fund balance. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues for fiscal year 2000 and thereafter. When per-student state funding for the maintenance and operation of K-12 education meets a level of no less than ninety percent of the national average of total funding from all sources per student as determined by the most recent published data from the national center for education statistics of the United States department of education, as calculated by the office of financial management, further deposits to the student achievement fund shall be required only to the extent necessary to maintain the ninety-percent level. Remaining funds are part of the general fund balance and these funds are subject to the expenditure limits of this chapter.

(4) The education construction fund is hereby created in the state treasury.

(a) Funds may be appropriated from the education construction fund exclusively for common school construction or higher education construction.

(b) Funds may be appropriated for any other purpose only if approved by a two-thirds vote of each house of the legislature and if approved by a vote of the people at the next general election. An appropriation approved by the people under this subsection shall result in an adjustment to the state expenditure limit only for the fiscal period for which the appropriation is made and shall not affect any subsequent fiscal period.

(5) Funds from the student achievement fund shall be appropriated to the superintendent of public instruction strictly for distribution to school districts to meet the provisions set out in the student achievement act. Allocations shall be made on an equal per full-time equivalent student basis to each school district.

(6) Earnings of the emergency reserve fund under RCW 43.84.092(4)(a) shall be transferred quarterly to the multimodal transportation account, except for those earnings that are in excess of thirty five million dollars each fiscal year. Within thirty days following any fiscal year in which earnings transferred to the multimodal transportation account under this subsection did not total thirty five million dollars, the state treasurer shall transfer from the emergency reserve fund an amount necessary to bring the total deposited in the multimodal transportation account under this subsection to thirty-five million dollars. The revenues to the multimodal transportation account reflected in this subsection provide ongoing support for the transportation programs of the state. However, it is the intent of the legislature that any new long-term financial support that may be subsequently provided for transportation programs will be used to replace and supplant the revenues reflected in this subsection, thereby allowing those revenues to be returned to the purposes to which they were previously dedicated. No transfers from the emergency reserve fund to the multimodal fund shall be made during the 2003-05 fiscal biennium.)

NEW SECTION. Sec. 7. (1) Sections 1 and 2 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect immediately.

MESSAGE FROM THE SENATE

April 5, 2005

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1008, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 43.19.565 and 1998 c 111 s 3 are each amended to read as follows:

The department of general administration shall establish a motor vehicle transportation service which is hereby empowered to:

(1) Provide suitable motor vehicle transportation services to any state agency on either a temporary or permanent basis upon requisition from a state agency and upon such demonstration of need as the department may require;

(2) Provide motor pools for the use of state agencies located in the Olympia ((and Seattle)) area(s) and such additional motor pools at other locations in the state as may be necessary to provide economic, efficient, and effective motor vehicle transportation services to state agencies. Such additional motor pools may be under either the direct control of the department or under the supervision of another state agency by agreement with the department;

(3) Establish an equitable schedule of rental and mileage charges to agencies for motor vehicle transportation services furnished which shall be designed to provide funds to cover replacement of vehicles after one hundred twenty thousand miles of use, working capital reserves, and to recover the actual total costs of motor pool operations including but not limited to vehicle operation expense, depreciation expense, interest and other financing expenses, overhead, and nonrecoverable collision or other damage to vehicles (—Additions to capital such as the purchase of additional vehicles shall be budgeted and purchased from funds appropriated for such purposes under such procedures as may be provided by law; and));

(4) Adopt a vehicle retention policy that retains vehicles until at least one hundred twenty thousand miles of use. The vehicle retention policy shall specify the extent of damage to a vehicle that would require disposal prior to one hundred twenty thousand miles of use. Disposal of vehicles without significant damage prior to one hundred twenty thousand miles of use shall occur only after the department can demonstrate in a report to the appropriate committees of the legislature that earlier disposal of
vehicles will reduce routine maintenance and repair costs and/or increase resale price sufficient to reduce the rates charged to state agencies. The reduced rates cited in this report shall be used in subsequent budget requests for the department; and

(5) Establish guidelines, procedures, and standards for fleet operations that other state agencies and institutions of higher education may adopt. The guidelines, procedures, and standards shall be consistent with and carry out the objectives of any general policies adopted by the office of financial management under RCW 43.41.130.

Sec. 2. RCW 43.19.615 and 1998 c 105 s 13 are each amended to read as follows:
The director of general administration shall deposit in the general administration services account all receipts, including the initial transfer of automobile pool capital from the highway equipment fund and any other funds transferred, rentals or other fees and charges for transportation services furnished, proceeds from the sale of surplus or replaced property under the control of the supervisor of motor transport and other income, and from which shall be paid operating costs, including salaries and wages, administrative expense, overhead, the cost of replacement vehicles, additional passenger vehicles (authorized pursuant to RCW 43.19.565), and any other expenses. ((If it is necessary at any time for the department to request any appropriation from the general fund or various dedicated, revolving, or trust funds to purchase additional vehicles, any appropriation therefor may provide that such advance shall be repaid together with reasonable interest from surpluses of the general administration services account.))

NEW SECTION. Sec. 3. RCW 43.19.605 (Motor vehicle transportation service--Reimbursement for property transferred--Credits--Accounting--Disputes) and 1998 c 105 s 11, 1989 c 57 s 6, & 1975 1st ex.s. c 167 s 11 are each repealed.

On page 1, line 2 of the title, after "administration;" strike the remainder of the title and insert "amending RCW 43.19.565 and 43.19.615; and repealing RCW 43.19.605."

and the same is herewith transmitted.

Thomas Hoemann, Secretary

MESSAGE FROM THE SENATE

April 6, 2005

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1062, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:

(1) According to estimates of the department of community, trade, and economic development, the efficiency standards set forth in this act will save nine hundred thousand megawatt-hours of electricity, thirteen million therms of natural gas, and one billion seven hundred million gallons of water in the year 2020, fourteen years after the standards have become effective, with a total net present value to buyers of four hundred ninety million dollars in 2020.

(2) Efficiency standards for certain products sold or installed in the state assure consumers and businesses that such products meet minimum efficiency performance levels thus saving money on utility bills.

(3) Efficiency standards save energy and reduce pollution and other environmental impacts associated with the production, distribution, and use of electricity and natural gas.

(4) Efficiency standards contribute to the economy of Washington by helping to better balance energy supply and demand, thus reducing pressure for higher natural gas and electricity prices. By saving consumers and businesses money on energy bills, efficiency standards help the state and local economy, since energy bill savings can be spent on local goods and services.
(5) Efficiency standards can make electricity systems more reliable by reducing the strain on the electricity grid during peak demand periods. Furthermore, improved energy efficiency can reduce or delay the need for new power plants, power transmission lines, and power distribution system upgrades.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Automatic commercial ice cube machine" means a factory-made assembly, not necessarily shipped in one package, consisting of a condensing unit and ice-making section operating as an integrated unit with means for making and harvesting ice cubes. (b) "Commercial refrigerators and freezers" does not include: (i) Products with 85 cubic feet or more of internal volume; (ii) walk-in refrigerators or freezers; (iii) consumer products that are federally regulated pursuant to 42 U.S.C. Sec. 6291 et seq.; (iv) products without doors; or (v) freezers specifically designed for ice cream.

(9) "Illuminated exit sign" means an internally illuminated sign that is designed to be permanently fixed in place to identify a building exit and consists of an electrically powered integral light source that illuminates the legend "EXIT" and any directional indicators and provides contrast between the legend, any directional indicators, and the background.

(10)(a) "Low-voltage dry-type distribution transformer" means a distribution transformer that: (i) Has an input voltage of 600 volts or less; (ii) is air cooled; (iii) does not use oil as a coolant; and (iv) is rated for operation at a frequency of 60 hertz.

(b) "Low-voltage dry-type transformer" does not include: (i) Transformers with multiple voltage taps, with the highest voltage tap equaling at least twenty percent more than the lowest voltage tap; or (ii) transformers, such as those commonly known as drive transformers, rectifier transformers, auto transformers, uninterruptible power system transformers, impedance transformers, regulating transformers, sealed and nonventilating transformers, machine tool transformers, welding transformers, grounding transformers, or testing transformers, that are designed to be used in a special purpose application and are unlikely to be used in general purpose applications.

(11) "Metal halide lamp" means a high-intensity discharge lamp in which the major portion of the light is produced by radiation of metal halides and their products of dissociation, possibly in combination with metallic vapors.

(12) "Metal halide lamp fixture" means a light fixture designed to be operated with a metal halide lamp and a ballast for a metal halide lamp.

(13) "Pass-through cabinet" means a commercial refrigerator or freezer with hinged or sliding doors on both the front and rear of the unit.

There being no objection, the House refused to concur in the Senate amendment to ENGROSSED SUBSTITUTE HOUSE BILL NO. 1062 and asked the Senate to recede therefrom.

MESSAGE FROM THE SENATE

April 7, 2005

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 1187, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that emerging research on brain development indicates that adolescent brains, and thus adolescent intellectual and emotional capabilities, differ significantly from those of mature adults. It is appropriate to take these differences into consideration when sentencing juveniles tried as adults. The legislature further finds that applying mandatory minimum sentences for juveniles tried as adults prevents trial court judges from taking these differences into consideration in appropriate circumstances.

(2) The legislature intends to eliminate the application of mandatory minimum sentences under RCW 9.94A.540 to juveniles tried as adults, and to continue to apply all other adult sentencing provisions to juveniles tried as adults.

Sec. 2. RCW 9.94A.540 and 2001 2nd sp.s. c 12 s 315 are each amended to read as follows:

(1) Except to the extent provided in subsection (3) of this section, the following minimum terms of total confinement are mandatory and shall not be varied or modified under RCW 9.94A.535:

(a) An offender convicted of the crime of murder in the first degree shall be sentenced to a term of total confinement not less than twenty years.

(b) An offender convicted of the crime of assault in the first degree or assault of a child in the first degree where the offender used force or means likely to result in death or intended to kill the victim shall be sentenced to a term of total confinement not less than five years.

(c) An offender convicted of the crime of rape in the first degree shall be sentenced to a term of total confinement not less than five years.

(d) An offender convicted of the crime of sexually violent predator escape shall be sentenced to a minimum term of total confinement not less than sixty months.

(2) During such minimum terms of total confinement, no offender subject to the provisions of this section is eligible for community custody, earned release time, furlough, home detention, partial confinement, work crew, work release, or any other form of early release authorized under RCW 9.94A.728, or any other form of authorized leave of absence from the correctional facility while not in the direct custody of a corrections officer. The provisions of this subsection shall not apply: (a) In the case of an offender in need of emergency medical treatment; (b) for the purpose of commitment to an inpatient treatment facility in the case of an offender convicted of the crime of rape in the first degree; or (c) for an extraordinary medical placement when authorized under RCW 9.94A.728(4).

(3)(a) Subsection (1) of this section shall not be applied in sentencing of juveniles tried as adults pursuant to RCW 13.04.030(1)(e)(i).

(b) This section applies only to crimes committed on or after the effective date of this act."

On page 1, line 2 of the title, after "adults;" strike the remainder of the title and insert "amending RCW 9.94A.540; and creating a new section."

and the same is herewith transmitted.

(6) "Excavator" means any person who engages directly in excavation.

(7) "Gas" means natural gas, flammable gas, or toxic or corrosive gas.

(8) "Hazardous liquid" means:

(a) Petroleum, petroleum products, or anhydrous ammonia as those terms are defined in 49 C.F.R. Part 195 as in effect on March 1, 1998; and (b) carbon dioxide. The utilities and transportation commission may by rule incorporate by reference other substances designated as hazardous by the secretary of transportation.

(9) "Identified facility" means any underground facility which is indicated in the project plans as being located within the area of proposed excavation.

(10) "Identified but unlocatable underground facility" means an underground facility which has been identified but cannot be located with reasonable accuracy.

(11) "Locatable underground facility" means an underground facility which can be field-marked with reasonable accuracy.

(12) "Marking" means the use of stakes, paint, or other clearly identifiable materials to show the field location of underground facilities, in accordance with the current color code standard of the American public works association. Markings shall include identification letters indicating the specific type of the underground facility.

(13) "Notice" means contact in person or by telephone or other electronic methods that results in the receipt of a valid excavation confirmation code.

(14) "One-number locator service" means a service through which a person can notify utilities and request field-marking of underground facilities.

(15) "Person" means an individual, partnership, franchise holder, association, corporation, a state, a city, a county, or any subdivision or instrumentality of a state, and its employees, agents, or legal representatives.

(16) "Pipeline" or "pipeline system" means all or parts of a pipeline facility through which hazardous liquid or gas moves in transportation, including, but not limited to, line pipe, valves, and other appurtenances connected to line pipe, pumping units, fabricated assemblies associated with pumping units, metering and delivery stations and fabricated assemblies therein, and breakout tanks. "Pipeline" or "pipeline system" does not include process or transfer pipelines as defined in RCW 81.88.010.

(17) "Pipeline company" means a person or entity constructing, owning, or operating a pipeline for transporting hazardous liquid or gas. A pipeline company does not include: (a) Distribution systems owned and operated under franchise for the sale, delivery, or distribution of natural gas at retail; or (b) excavation contractors or other contractors that contract with a pipeline company.
Excavators shall have the right to receive compensation from the owner of the underground facility for costs incurred if the owner of the underground facility does not locate its facilities in accordance with this section.

Sec. 3. RCW 19.122.030 and 2000 c 191 s 17 are each amended to read as follows:

(1) Before commencing any excavation, excluding agriculture tilling less than twelve inches in depth, (the excavator shall provide) notice shall be provided of the scheduled commencement of excavation to all owners of underground facilities through a one-number locator service.

(2) All owners of underground facilities within a one-number locator service area shall subscribe to the service. One-number locator service rates for cable television companies will be based on the amount of their underground facilities. If no one-number locator service is available, notice shall be provided individually to those owners of underground facilities known to or suspected of having underground facilities within the area of proposed excavation. The notice shall be communicated to the owners of underground facilities not less than two business days or more than ten business days before the scheduled date for commencement of excavation, unless otherwise agreed by the parties.

(3) Upon receipt of the notice provided for in this section, the owner of the underground facility shall provide the excavator with reasonably accurate information as to its locatable underground facilities by surface-marking the location of the facilities. If there are identified but unlocatable underground facilities, the owner of such facilities shall provide the excavator with the best available information as to their locations. The owner of the underground facility providing the information shall respond no later than two business days after the receipt of the notice or before the excavation time, at the option of the owner, unless otherwise agreed by the parties.

(4) Excavators shall not excavate until notice has been provided under subsection (1) of this section and all known facilities have been marked. Once marked by the owner of the underground facility, the excavator is responsible for maintaining the markings. Excavators shall have the right to receive compensation from the owner of the underground facility for costs incurred if the owner of the underground facility does not locate its facilities in accordance with this section.

(5) The owner of the underground facility shall have the right to receive compensation for costs incurred in responding to excavation notices given less than two business days prior to the excavation from the excavator.

(6) An owner of underground facilities is not required to indicate the presence of existing service laterals or appurtenances if the presence of existing service laterals or appurtenances on the site of the construction project can be determined from the presence of other visible facilities, such as buildings, manholes, or meter and junction boxes on or adjacent to the construction site.

(7) Emergency excavations are exempt from the time requirements for notification provided in this section.

(8) If the excavator, while performing the contract, discovers underground facilities which are not identified, the excavator shall cease excavating in the vicinity of the facility and immediately notify the owner or operator of such facilities, or the one-number locator service.
Sec. 4. RCW 19.122.033 and 2000 c 191 s 18 are each amended to read as follows:
(1) Before commencing any excavation, excluding agricultural tilling less than twelve inches in depth, notice shall be provided to pipeline companies of the scheduled commencement of excavation through a one-number locator service in the same manner as is required for notifying owners of underground facilities of excavation work under RCW 19.122.030. Pipeline companies shall have the same rights and responsibilities as owners of underground facilities under RCW 19.122.030 regarding excavation work. Excavators have the same rights and responsibilities under this section as they have under RCW 19.122.030.
(2) Project owners, excavators, and pipeline companies have the same rights and responsibilities relating to excavation near pipelines that they have for excavation near underground facilities as provided in RCW 19.122.040.

(1) Any person who violates any provision of this chapter shall not amounting to a violation of RCW 19.122.033 that excavation work will uncover any portion of the pipeline, the pipeline company shall ensure that the pipeline section in the vicinity of the excavation is examined for damage prior to being reburied.
(2) Immediately upon receiving information of third-party damage to a hazardous liquid pipeline, the company that operates the pipeline shall terminate the flow of hazardous liquid in that pipeline until it has visually inspected the pipeline. After visual inspection, the operator of the hazardous liquid pipeline shall determine whether the damaged pipeline section should be replaced or repaired, or whether it is safe to resume pipeline operation. Immediately upon receiving information of third-party damage to a gas pipeline, the company that operates the pipeline shall conduct a visual inspection of the pipeline to determine whether the flow of gas through that pipeline should be terminated, and whether the damaged pipeline should be replaced or repaired. A record of the pipeline company’s inspection report and test results shall be provided to the utilities and transportation commission consistent with reporting requirements under 49 C.F.R. 195 Subpart B.

MESSAGE FROM THE SENATE

April 11, 2005

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1758, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION, Sec. 1. It is and has been the intent of the legislature that information regarding sex offenders be shared between state agencies and with local law enforcement, and that public disclosure of sex offender information that is accurate, relevant, and necessary to protect the public be managed by and controlled through the community notification statute, RCW 4.24.550. The legislature finds that law enforcement has been, and continues to be, the most reliable means of ensuring that the information released protects the public, protects the confidentiality of victims, protects ongoing criminal investigations, and complies with the confidentiality provisions of other federal and state laws. The legislature further finds that the criminal records privacy act and other statutes reference RCW 4.24.550 as the disclosure provision for sex offender information.

The legislature finds that to accomplish its penological duties, the department of corrections must receive and use protected information to appropriately confine, supervise, treat, and assess the risk of offenders. To further this intent, the legislature has authorized the end of sentence review committee to access and consider information that otherwise may be confidential for the specific reason of determining if the offender should be referred for civil commitment as a sexually violent predator under chapter 71.09 RCW. The legislature further finds that it is appropriate for the department to share information, beyond what is publicly disclosable, with law enforcement agencies for the appropriate supervision of offenders in the community or for the investigation of criminal acts. The legislature does not intend that law enforcement bulletins or notes, comments, and assessments of the end of sentence review committee to assess the risk, or plan the transition of sex offenders to the community, be available for public inspection through public disclosure due to the risk that providing the information in such a manner would pose to the state's community notification program and the risk that the information would unnecessarily traumatize the victims of the offenders' previous offenses.

Sec. 2. RCW 42.17.270 and 1987 c 403 s 4 are each amended to read as follows:

Public records shall be available for inspection and copying, and agencies shall, upon request for identifiable public records, make them promptly available to any person including, if applicable, on a partial or installment basis as records that are part of a larger set of requested records are assembled or made ready for inspection or disclosure. Agencies shall not deny a request for identifiable public records solely on the basis that the request is overbroad. Agencies shall not distinguish among persons requesting records, and such persons shall not be required to provide information as to the purpose for the request except to establish whether inspection and copying would violate RCW 42.17.260((§3)) (2), or other statute which exempts or prohibits disclosure of specific information or records to certain persons. Agency facilities shall be made available to any person for the copying of public records except when and to the extent that this would unreasonably disrupt the operations of the agency. Agencies shall honor requests received by mail for identifiable public records unless exempted by provisions of this chapter.

Sec. 3. RCW 42.17.300 and 1995 c 397 s 14 and 1995 c 341 s 2 are each reenacted and amended to read as follows:

No fee shall be charged for the inspection of public records. No fee shall be charged for locating public documents and making them available for copying. A reasonable charge may be imposed for providing copies of public records and for the use by any person of agency equipment or equipment of the office of the secretary of the senate or the office of the chief clerk of the house of representatives to copy public records, which charges shall not exceed the amount necessary to reimburse the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives for its actual costs directly incident to such copying. Agency charges for photocopies shall be imposed in accordance with the actual per page cost or other costs established and published by the agency. In no event may an agency charge a per page cost greater than the actual per page cost as established and published by the agency. To the extent the agency has not determined the actual per page cost for photocopies of public records, the agency may not charge in excess of fifteen cents per page. An agency may require a deposit in
an amount not to exceed ten percent of the estimated cost of providing copies for a request. If an agency makes a request available on a partial or installment basis, the agency may charge for each part of the request as it is provided. If an installment of a records request is not claimed or reviewed, the agency is not obligated to fulfill the balance of the request.

Sec. 4. RCW 42.17.310 and 2003 1st sp.s. c 26 s 926, 2003 c 277 s 3, and 2003 c 124 s 1 are each reenacted and amended to read as follows:

(h) Valuable formulae, designs, drawings, computer source code or object code, and research data obtained by any agency within five years of the request for disclosure when disclosure would produce private gain and public loss.
(i) Preliminary drafts, notes, recommendations, and intra-agency memorandums in which opinions are expressed or policies formulated or recommended except that a specific record shall not be exempt when publicly cited by an agency in connection with any agency action.
(j) Records which are relevant to a controversy to which an agency is a party but which records would not be available to another party under the rules of pretrial discovery for causes pending in the superior courts.

MESSAGE FROM THE SENATE
Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2171, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes the importance of appropriate and meaningful land use measures and that such measures are critical to preserving and fostering the quality of life enjoyed by Washingtonians. The legislature recognizes also that the growth management act requires counties and cities to review and, if needed, revise their comprehensive plans and development regulations on a cyclical basis. These requirements, which often require significant compliance efforts by local governments are, in part, an acknowledgment of the continual changes that occur within the state, and the need to ensure that land use measures reflect the collective wishes of its citizenry.

The legislature acknowledges that only those jurisdictions in compliance with the review and revision schedules of the growth management act are eligible to receive funds from the public works assistance and water quality accounts in the state treasury. The legislature further recognizes that some jurisdictions that are not yet in compliance with these review and revision schedules have demonstrated substantial progress towards compliance.

The legislature, therefore, intends to grant jurisdictions that are not in compliance with requirements for development regulations that protect critical areas, but are demonstrating substantial progress towards compliance with these requirements, twelve months of additional eligibility to receive grants, loans, pledges, or financial guarantees from the public works assistance and water quality accounts in the state treasury. The legislature intends to specify, however, that only counties and cities in compliance with the review and revision schedules of the growth management act may receive preference for financial assistance from these accounts.

Sec. 2. RCW 36.70A.130 and 2002 c 320 s 1 are each amended to read as follows:

(1)(a) Each comprehensive land use plan and development regulations shall be subject to continuing review and evaluation by the county or city that adopted them. Except as otherwise provided, a county or city shall take legislative action to review and, if needed, revise its comprehensive land use plan and development regulations to ensure the plan and regulations comply with the requirements of this chapter according to the time periods specified in subsection (4) of this section.

(b) Except as otherwise provided, a county or city not planning under RCW 36.70A.040 shall take action to review and, if needed, revise its policies and development regulations regarding critical areas and natural resource lands adopted according to this chapter to ensure these policies and regulations comply with the requirements of this chapter according to the time periods specified in subsection (4) of this section. Legislative action means the adoption of a resolution or ordinance following notice and a public hearing indicating at a minimum, a finding that a review and evaluation has occurred and identifying the revisions made, or that a revision was not needed and the reasons (therefore).

(c) The review and evaluation required by this subsection may be combined with the review required by subsection (3) of this section. The review and evaluation required by this subsection shall include, but is not limited to, consideration of critical area ordinances and, if planning under RCW 36.70A.040, an analysis of the population allocated to a city or county from the most recent ten-year population forecast by the office of financial management.

(d) Any amendment of or revision to a comprehensive land use plan shall conform to this chapter. Any amendment of or revision to development regulations shall be consistent with and implement the comprehensive plan.

(2)(a) Each county and city shall establish and broadly disseminate to the public a public participation program consistent with RCW 36.70A.035 and 36.70A.140 that identifies procedures and schedules whereby updates, proposed amendments, or revisions of the comprehensive plan are considered by the governing body of the county or city no more frequently than once every year. "Updates" means to review and revise, if needed, according to subsection (1) of this section, and the time periods specified in subsection (4) of this section or in accordance with the provisions of subsection (8) of this section. Amendments may be considered more frequently than once per year under the following circumstances:

(i) The initial adoption of a subarea plan that does not modify the comprehensive plan policies and designations applicable to the subarea;

(ii) The adoption or amendment of a shoreline master program under the procedures set forth in chapter 90.58 RCW; and

(iii) The amendment of the capital facilities element of a comprehensive plan that occurs concurrently with the adoption or amendment of a county or city budget.
(b) Except as otherwise provided in (a) of this subsection, all proposals shall be considered by the governing body concurrently so the cumulative effect of the various proposals can be ascertained. However, after appropriate public participation a county or city may adopt amendments or revisions to its comprehensive plan that conform with this chapter whenever an emergency exists or to resolve an appeal of a comprehensive plan filed with a growth management hearings board or with the court.

(3)(a) Each county that designates urban growth areas under RCW 36.70A.110 shall review, at least every ten years, its designated urban growth area or areas, and the densities permitted within both the incorporated and unincorporated portions of each urban growth area. In conjunction with this review by the county, each city located within an urban growth area shall review the densities permitted within its boundaries, and the extent to which the urban growth occurring within the county has located within each city and the unincorporated portions of the urban growth areas.

(b) The county comprehensive plan designating urban growth areas, and the densities permitted in the urban growth areas by the comprehensive plans of the county and each city located within the urban growth areas, shall be revised to accommodate the urban growth projected to occur in the county for the succeeding twenty-year period. The review required by this subsection may be combined with the review and evaluation required by RCW 36.70A.215.

(4) The department shall establish a schedule for counties and cities to take action to review and, if needed, revise their comprehensive plans and development regulations to ensure the plan and regulations comply with the requirements of this chapter. Except as provided in subsection (8) of this section, the schedule established by the department shall provide for the reviews and evaluations to be completed as follows:

(a) On or before December 1, 2004, and every seven years thereafter, for Clallam, Clark, Jefferson, King, Kitsap, Pierce, Snohomish, Thurston, and Whatcom counties and the cities within those counties;

(b) On or before December 1, 2005, and every seven years thereafter, for Cowlitz, Island, Lewis, Mason, San Juan, Skagit, and Skamania counties and the cities within those counties;

(c) On or before December 1, 2004, and every seven years thereafter, for Benton, Chelan, Douglas, Grant, Kittitas, Spokane, and Yakima counties and the cities within those counties; and

(d) On or before December 1, 2007, and every seven years thereafter, for Adams, Asotin, Columbia, Ferry, Franklin, Garfield, Grays Harbor, Klickitat, Lincoln, Okanogan, Pacific, Pend Oreille, Stevens, Wahkiakum, Walla Walla, and Whitman counties and the cities within those counties.

(5)(a) Nothing in this section precludes a county or city from conducting the review and evaluation required by this section before the time limits established in subsection (4) of this section. Counties and cities may begin this process early and may be eligible for grants from the department, subject to available funding, if they elect to do so.

(b) State agencies are encouraged to provide technical assistance to the counties and cities in the review of critical area ordinances, comprehensive plans, and development regulations.

(6) A county or city subject to the time periods in subsection (4)(a) of this section that, pursuant to an ordinance adopted by the county or city establishing a schedule for periodic review of its comprehensive plan and development regulations, has conducted a review and evaluation of its comprehensive plan and development regulations and, on or after January 1, 2001, has taken action in response to that review and evaluation shall be deemed to have conducted the first review required by subsection (4)(a) of this section. Subsequent review and evaluation by the county or city of its comprehensive plan and development regulations shall be conducted in accordance with the time periods established under subsection (4)(a) of this section.

(7) The requirements imposed on counties and cities under this section shall be considered "requirements of this chapter" under the terms of RCW 36.70A.040(1). Only those counties and cities in compliance with the schedules in this section and those counties and cities demonstrating substantial progress towards compliance with the schedules in this section for comprehensive land use plans and for development regulations that protect critical areas may receive grants, loans, pledges, or financial guarantees from those accounts established in RCW 43.155.050 and 70.146.030. A county or city that is fewer than twelve months out of compliance with the schedules in this section for comprehensive land use plans and for development regulations that protect critical areas is deemed to be making substantial progress towards compliance. Only those counties and cities in compliance with the schedules in this section may receive preference for grants or loans subject to the provisions of RCW 43.17.250.

Only investment income from the principal of the proceeds deposited into the trust account may be spent from the account. (d) A 1999 study found that five percent of adult Washington residents and eight percent of adolescents could be classified as problem gamblers during their lifetimes, and that more than one percent of adults have been afflicted with pathological gambling.

(2) The legislature intends to provide long-term, dedicated funding for public awareness and education regarding problem and pathological gambling, training in its identification and treatment, and treatment services for problem and pathological gamblers and, as clinically appropriate, members of their families.

Sec. 2. RCW 43.20A.890 and 2002 c 349 s 4 are each amended to read as follows:
(1) A program for (a) the prevention and treatment of ((pathological)) problem and pathological gambling; and (b) the training of professionals in the identification and treatment of problem and pathological gambling is established within the department of social and health services, to be administered by a qualified person who has training and experience in ((handling pathological)) problem gambling ((problems)) or the organization and administration of treatment services for persons suffering from ((pathological)) problem gambling ((problems)). The department may contract for any services provided under the program. The department shall track program participation and client outcomes.
(2) To receive treatment under subsection (1) of this section, a person must:
(a) Need treatment for (pathological) problem or pathological gambling, or because of the problem or pathological gambling of a family member, but be unable to afford treatment; and
(b) Be targeted by the department of social and health services as (to be) being most amenable to treatment.

(3) Treatment under this section is (limited to) available only to the extent of the funds appropriated or otherwise made available to the department of social and health services for this purpose. (4) The department of social and health services shall (report to the legislature by September 1, 2002, with a plan for implementing this section) establish an advisory committee to assist it in designing, managing, and evaluating the effectiveness of the program established in this section. The advisory committee shall give due consideration in the design and management of the program that persons who hold licenses or contracts issued by the gambling commission, horse racing commission, and lottery commission are not excluded from, or discouraged from, applying to participate in the program. The committee shall include, at a minimum, persons knowledgeable in the field of problem and pathological gambling and persons representing tribal gambling, privately owned nontribal gambling, and the state lottery.

(5) (The department of social and health services shall report to the legislature by November 1, 2003, on program participation and client outcomes.) For purposes of this section, "pathological gambling" is a mental disorder characterized by loss of control over gambling, progression in preoccupation with gambling and in obtaining money to gamble, and continuation of gambling despite adverse consequences. "Problem gambling" is an earlier stage of pathological gambling which compromises, disrupts, or damages family or personal relationships or vocational pursuits.

NEW SECTION. Sec. 3. A new section is added to chapter 43.20A RCW to read as follows:

The problem gambling account is created in the state treasury. Money in the account may be spent only after appropriation. Expenditures from the account may be used only for the purposes of the program established under RCW 43.20A.890.

Sec. 4. RCW 67.70.340 and 2002 c 349 s 3 are each amended to read as follows:

(1) The legislature recognizes that creating a shared game lottery could result in less revenue being raised by the existing state lottery ticket sales. The legislature further recognizes that the two funds most impacted by this potential event are the student achievement fund and the education construction account. Therefore, it is the intent of the legislature to use some of the proceeds from the shared game lottery to make up the difference that the potential state lottery revenue loss would have on the student achievement fund and the education construction account. The legislature further intends to use some of the proceeds from the shared game lottery to fund programs and services related to problem and pathological gambling.

(2) The student achievement fund and the education construction account are expected to collectively receive one hundred two million dollars annually from state lottery games other than the shared game lottery. For fiscal year 2003 and thereafter, if the amount of lottery revenues earmarked for the student achievement fund and the education construction account ((are)) is less than one hundred two million dollars, the commission, after making the transfer required under subsection (3) of this section, must transfer sufficient moneys from revenues derived from the shared game lottery into the student achievement fund and the education construction account to bring the total revenue up to one hundred two million dollars. The funds transferred from the shared game lottery account under this subsection must be divided between the student achievement fund and the education construction account in a manner consistent with RCW 67.70.240(3).

(3) ((For fiscal year 2003, the commission shall transfer from revenues derived from the shared game lottery to the violence reduction and drug enforcement account under RCW 69.50.520 five hundred thousand dollars exclusively for the treatment of pathological gambling as prescribed by RCW 67.70.350.)) (a) The commission shall transfer, from revenue derived from the shared game lottery, to the problem gambling account created in section 3 of this act, an amount equal to the percentage specified in (b) of this subsection of net receipts. For purposes of this subsection, "net receipts" means the difference between (i) revenue received from the sale of lottery tickets or shares and revenue received from the sale of shared game lottery tickets or shares; and (ii) the sum of payments made to winners.

(b) In fiscal year 2006, the percentage to be transferred to the problem gambling account is one-tenth of one percent. In fiscal year 2007 and subsequent fiscal years, the percentage to be transferred to the problem gambling account is thirteen one-hundredths of one percent.

(4) The remaining net revenues, if any, in the shared game lottery account after the transfers pursuant to this section shall be deposited into the general fund.
NEW SECTION. Sec. 5. A new section is added to chapter 82.04 RCW, to be codified between RCW 82.04.220 and 82.04.310, to read as follows:

(1) Upon every person engaging within this state in the business of operating contests of chance; as to such persons, the amount of tax with respect to the business of operating contests of chance is equal to the gross income of the business derived from contests of chance multiplied by the rate of 1.5 percent.

(2) An additional tax is imposed on those persons subject to tax in subsection (1) of this section. The amount of the additional tax with respect to the business of operating contests of chance is equal to the gross income of the business derived from contests of chance multiplied by the rate of 0.1 percent through June 30, 2006, and 0.13 percent thereafter. The money collected under this subsection (2) shall be deposited in the problem gambling account created in section 3 of this act. This subsection does not apply to businesses operating contests of chance when the gross income from the operation of contests of chance is less than fifty thousand dollars per year.

(3) For the purpose of this section, "contests of chance" means any contests, games, gaming schemes, or gaming devices, other than the state lottery as defined in RCW 67.70.010, in which the outcome depends in a material degree upon an element of chance, notwithstanding that skill of the contestants may also be a factor in the outcome. The term includes social card games, bingo, raffle, and punchboard games, and pull-tabs as defined in chapter 9.46 RCW. The term does not include race meets for the conduct of which a license must be secured from the Washington horse racing commission, or "amusement game" as defined in RCW 9.46.0201.

(4) "Gross income of the business" does not include the monetary value or actual cost of any prizes that are awarded, amounts paid to players for winning wagers, accrual of prizes for progressive jackpot contests, or repayment of amounts used to seed guaranteed progressive jackpot prizes.

NEW SECTION. Sec. 6. A new section is added to chapter 82.04 RCW to read as follows:

(1) Upon every person engaging within this state in the business of conducting race meets for the conduct of which a license must be secured from the Washington horse racing commission; as to such persons, the amount of tax with respect to the business of pari-mutuel wagering is equal to the gross income of the business derived from pari-mutuel wagering multiplied by the rate of 0.1 percent through June 30, 2006, and 0.13 percent thereafter. The money collected under this section shall be deposited in the problem gambling account created in section 3 of this act.

(2) For purposes of this section, "gross income of the business" does not include amounts paid to players for winning wagers, or taxes imposed or other distributions required under chapter 67.16 RCW.

(3) The tax imposed under this section is in addition to any tax imposed under chapter 67.16 RCW.

Sec. 7. RCW 82.04.350 and 1961 c 15 s 82.04.350 are each amended to read as follows:

Except as provided in section 6(1) of this act, this chapter shall not apply to any person in respect to the business of conducting race meets for the conduct of which a license must be secured from the horse racing commission.

Sec. 8. RCW 82.04.290 and 2004 c 174 s 2 are each amended to read as follows:

(1) Upon every person engaging within this state in the business of providing international investment management services, as to such persons, the amount of tax with respect to such business shall be equal to the gross income or gross proceeds of sales of the business multiplied by a rate of 0.275 percent.

(2) Upon every person engaging within this state in any business activity other than or in addition to (those enumerated in RCW 82.04.230, 82.04.240, 82.04.250, 82.04.255, 82.04.260, 82.04.270, 82.04.290, 82.04.2905, 82.04.280, 82.04.2007, 82.04.272, 82.04.2006, and 82.04.2008, and)) an activity taxed explicitly under another section in this chapter or subsection (1) of this section; as to such persons the amount of tax on account of such activities shall be equal to the gross income of the business multiplied by the rate of 1.5 percent.

(3) Subsection (2) of this section includes, among others, and without limiting the scope hereof (whether or not title to materials used in the performance of such business passes to another by accession, confusion or other than by outright sale), persons engaged in the business of rendering any type of service which does not constitute a “sale at retail” or a “sale at wholesale.” The value of advertising, demonstration, and promotional supplies and materials furnished to an agent by his principal or supplier to be used for informational, educational and promotional purposes shall not be considered a part of the agent’s remuneration or commission and shall not be subject to taxation under this section.

Sec. 9. RCW 9.46.071 and 2003 c 75 s 1 are each amended to read as follows:

(1) The legislature recognizes that some individuals in this state are problem or ((compulsive)) pathological gamblers. Because the state promotes and regulates gambling through the activities of the state lottery commission, the Washington horse
racing commission, and the Washington state gambling commission, the state has the responsibility to continue to provide resources for the support of services for problem and pathological gamblers. Therefore, the Washington state gambling commission, the Washington horse racing commission, and the state lottery commission shall jointly develop informational signs concerning problem and pathological gambling which include a toll-free hot line number for problem and pathological gamblers. The signs shall be placed in the establishments of gambling licensees, horse racing licensees, and lottery retailers. In addition, the Washington state gambling commission, the Washington horse racing commission, and the state lottery commission may also contract with other qualified entities to provide public awareness, training, and other services to ensure the intent of this section is fulfilled.

(2)(a) During any period in which section 5(2) of this act is in effect, the commission may not increase fees payable by licensees under its jurisdiction for the purpose of funding services for problem and pathological gambling. Any fee imposed or increased by the commission, for the purpose of funding these services, before the effective date of this section shall have no force and effect after the effective date of this section.

(b) During any period in which section 5(2) of this act is not in effect:

(i) The commission, the Washington state horse racing commission, and the state lottery commission may contract for services, in addition to those authorized in subsection (1) of this section, to assist in providing for treatment of problem and pathological gambling; and

(ii) The commission may increase fees payable by licensees under its jurisdiction for the purpose of funding the services authorized in this section for problem and pathological gamblers.

NEW SECTION. Sec. 10. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 11. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2005.”

On page 1, line 1 of the title, after "gambling;" strike the remainder of the title and insert "amending RCW 43.20A.890, 67.70.340, 82.04.350, 82.04.290, and 9.46.071; adding a new section to chapter 43.20A RCW; adding new sections to chapter 82.04 RCW; creating a new section; providing an effective date; and declaring an emergency."

and the same is herewith transmitted.

MESSAGE FROM THE SENATE

April 11, 2005

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1034, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 48.31.020 and 1998 c 284 s 8 are each amended to read as follows:

(1) For the purposes of this chapter, other than as to RCW 48.31.010, and in addition to persons included under RCW 48.99.010, the term "insurer" shall be deemed to include an insurer authorized under chapter 48.05 RCW, an insurer or institution holding a certificate of exemption under RCW 48.38.010, a health care service contractor registered under chapter 48.44 RCW, and a health maintenance organization registered under chapter 48.46 RCW, as well as all persons engaged as, or purporting to be engaged as insurers, institutions issuing charitable gift annuities, health care service contractors, or health maintenance organizations in this state, and to persons in process of organization to become insurers, institutions issuing charitable gift annuities, health care service contractors, or health maintenance organizations.

(2) The definitions in this subsection apply throughout this chapter unless the context clearly requires otherwise.

(a) "Exceeded its powers" means the following conditions:

(i) The insurer has refused to permit examination of its books, papers, accounts, records, or affairs by the commissioner, his or her deputies, employees, or duly commissioned examiners as required by this title or any rules adopted by the commissioner;"
(ii) A domestic insurer has unlawfully removed from this state books, papers, accounts, or records necessary for an examination of the insurer;

(iii) The insurer has failed to promptly comply with the filing of any applicable financial reports as required by this title or any rules adopted by the commissioner;

(iv) The insurer has neglected or refused to observe a lawful order of the commissioner to comply, within the time prescribed by law, with any prohibited deficiency in its applicable capital, capital stock, or surplus;

(v) The insurer is continuing to transact insurance or write business after its license has been revoked or suspended by the commissioner;

(vi) The insurer, by contract or otherwise, has unlawfully or has in violation of an order of the commissioner or with respect to a transaction to which the insurer has without first having obtained written approval of the commissioner if approval is required by law:

(A) Totally reinsured its entire outstanding business; or

(B) Merged or consolidated substantially its entire property or business with another insurer; or

(vii) The insurer engaged in any transaction in which it is not authorized to engage under this title or any rules adopted by the commissioner;

(b) "Consent" means agreement to administrative supervision by the insurer.

Sec. 2. RCW 48.31.115 and 1993 c 462 s 60 are each amended to read as follows:

(1) The persons entitled to protection under this section are:

(a) The commissioner and any other receiver or administrative supervisor responsible for conducting a delinquency proceeding under this chapter, including present and former commissioners, administrative supervisors, and receivers; and

(b) The commissioner's employees, meaning all present and former special deputies and assistant special deputies and special receivers and special administrative supervisors appointed by the commissioner and all persons whom the commissioner, special deputies, or assistant special deputies have employed to assist in a delinquency proceeding under this chapter. Attorneys, accountants, auditors, and other professional persons or firms who are retained as independent contractors, and their employees, are not considered employees of the commissioner for purposes of this section.

(2) The commissioner and the commissioner's employees are immune from suit and liability, both personally and in their official capacities, for a claim for damage to or loss of property or personal injury or other civil liability caused by or resulting from an alleged act or omission of the commissioner or an employee arising out of or by reason of his or her duties or employment. However, nothing in this subsection may be construed to hold the commissioner or an employee immune from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of the commissioner or an employee.

(3) If a legal action is commenced against the commissioner or an employee, whether against him or her personally or in his or her official capacity, alleging property damage, property loss, personal injury, or other civil liability caused by or resulting from an alleged act or omission of the commissioner or an employee arising out of or by reason of his or her duties or employment, the commissioner and any employee shall be indemnified from the assets of the insurer for all expenses, attorneys' fees, judgments, settlements, decrees, or amounts due and owing or paid in satisfaction of or incurred in the defense of the legal action unless it is determined upon a final adjudication on the merits that the alleged act or omission of the commissioner or employee giving rise to the claim did not arise out of or by reason of his or her duties or employment, or was caused by intentional or willful and wanton misconduct.

(a) Attorneys' fees and related expenses incurred in defending a legal action for which immunity or indemnity is available under this section shall be paid from the assets of the insurer, as they are incurred, in advance of the final disposition of such action upon receipt of an undertaking by or on behalf of the commissioner or employee to repay the attorneys' fees and expenses if it is ultimately determined upon a final adjudication on the merits that the commissioner or employee is not entitled to immunity or indemnity under this section.

(b) Any indemnification under this section is an administrative expense of the insurer.

(c) In the event of an actual or threatened litigation against the commissioner or an employee for which immunity or indemnity may be available under this section, a reasonable amount of funds that in the judgment of the commissioner may be needed to provide immunity or indemnity shall be segregated and reserved from the assets of the insurer as security for the payment of indemnity until all applicable statutes of limitation have run or all actual or threatened actions against the commissioner or an employee have been completely and finally resolved, and all obligations of the insurer and the commissioner under this section have been satisfied.

(d) In lieu of segregation and reserving of funds, the commissioner may obtain a surety bond or make other arrangements that will enable the commissioner to secure fully the payment of all obligations under this section.
(4) If a legal action against an employee for which indemnity may be available under this section is settled before final adjudication on the merits, the insurer shall pay the settlement amount on behalf of the employee, or indemnify the employee for the settlement amount, unless the commissioner determines:

(a) That the claim did not arise out of or by reason of the employee's duties or employment; or
(b) That the claim was caused by the intentional or willful and wanton misconduct of the employee.

(5) In a legal action in which the commissioner is a defendant, that portion of a settlement relating to the alleged act or omission of the commissioner is subject to the approval of the court before which the delinquency proceeding is pending. The court may not approve that portion of the settlement if it determines:

(a) That the claim did not arise out of or by reason of the commissioner's duties or employment; or
(b) That the claim was caused by the intentional or willful and wanton misconduct of the commissioner.

(6) Nothing in this section removes or limits an immunity, indemnity, benefit of law, right, or defense otherwise available to the commissioner, an employee, or any other person, not an employee under subsection (1)(b) of this section, who is employed by or in the office of the commissioner or otherwise employed by the state.

(7)(a) Subsection (2) of this section applies to any suit based in whole or in part on an alleged act or omission that takes place on or after July 25, 1993.

(b) No legal action lies against the commissioner or an employee based in whole or in part on an alleged act or omission that took place before July 25, 1993, unless suit is filed and valid service of process is obtained within twelve months after July 25, 1993.

(c) Subsections (3), (4), and (5) of this section apply to a suit that is pending on or filed after July 25, 1993, without regard to when the alleged act or omission took place.

NEW SECTION. Sec. 3. (1) An insurer may be subject to administrative supervision by the commissioner if upon examination or at any other time the commissioner makes a finding that:

(a) The insurer's condition renders the continuance of its business financially hazardous to the public or to its insureds consistent with this title or any rules adopted by the commissioner;
(b) The insurer has or appears to have exceeded its powers granted under its certificate of authority and this title or any rules adopted by the commissioner;
(c) The insurer has failed to comply with the applicable provisions of Title 48 RCW or rules adopted by the commissioner such that its condition has or will render the continuance of its business financially hazardous to the public or to its insureds;
(d) The business of the insurer is being conducted fraudulently; or
(e) The insurer gives its consent.

(2) If the commissioner determines that the conditions set forth in subsection (1) of this section exist, the commissioner shall:

(a) Notify the insurer of his or her determination;
(b) Furnish to the insurer a written list of the requirements to abate this determination; and
(c) Notify the insurer that it is under the supervision of the commissioner and that the commissioner is applying and effectuating the provisions of this chapter. Action by the commissioner shall be subject to review pursuant to chapters 48.04 and 34.05 RCW.

(3) If placed under administrative supervision, the insurer has sixty days, or another period of time as designated by the commissioner, to comply with the requirements of the commissioner subject to the provisions of this chapter.

(4) If it is determined after notice and hearing that the conditions giving rise to the administrative supervision still exist at the end of the supervision period under subsection (3) of this section, the commissioner may extend the period.

(5) If it is determined that none of the conditions giving rise to the administrative supervision exist, or that the insurer has remedied the conditions that gave rise to the supervision, the commissioner shall release the insurer from supervision.

NEW SECTION. Sec. 4. (1) Except as set forth in this section, proceedings, hearings, notices, correspondence, reports, records, and other information in the possession of the commissioner relating to the supervision of any insurer under this chapter are confidential and are not subject to chapter 42.17 RCW, are not subject to subpoena, and are not subject to discovery or admissible in evidence in any private civil action, except as provided by this section. However, the commissioner is authorized to use the documents, materials, or other information in the furtherance of any regulatory or legal action brought as part of the commissioner's official duties.

(2) The employees of the commissioner have access to these proceedings, hearings, notices, correspondence, reports, records, or information as permitted by the commissioner. Neither the commissioner nor any person who received documents,
materials, or other information while acting under the authority of the commissioner is permitted or required to testify in any private civil action concerning any confidential documents, materials, or information subject to subsection (1) of this section.

(3) The commissioner may share the notices, correspondence, reports, records, or information with other state, federal, and international regulatory agencies, with the national association of insurance commissioners and its affiliates and subsidiaries, and with state, federal, and international law enforcement authorities, if the commissioner determines that the disclosure is necessary or proper for the enforcement of the laws of this or another state of the United States, and provided that the recipient agrees to maintain the confidentiality of the documents, material, or other information. No waiver of any applicable privilege or claim of confidentiality may occur as a result of the sharing of documents, materials, or other information under this subsection.

(4) The commissioner may open the proceedings or hearings or make public the notices, correspondence, reports, records, or other information if the commissioner deems that it is in the best interest of the public or in the best interest of the insurer or its insureds, creditors, or the general public. However, the determination of whether to disclose any confidential information at the public proceedings or hearings is subject to applicable law.

(5) This section does not apply to hearings, notices, correspondence, reports, records, or other information obtained upon the appointment of a receiver for the insurer by a court of competent jurisdiction.

NEW SECTION. Sec. 5. During the period of administrative supervision, the commissioner or the commissioner’s designated appointee shall serve as the administrative supervisor. The commissioner shall establish standards and procedures that maintain reasonable and customary claims practices and otherwise provide for the orderly continuation of the insurer's operations and business. Considering these standards and procedures, the commissioner may provide that the insurer may not do any of the following things during the period of supervision, without the prior approval of the commissioner or the appointed administrative supervisor:

(1) Dispose of, convey, or encumber any of its assets or its business in force;
(2) Withdraw any of its bank accounts;
(3) Lend any of its funds;
(4) Invest any of its funds;
(5) Transfer any of its property;
(6) Incur any debt, obligation, or liability;
(7) Merge or consolidate with another company;
(8) Approve new premiums or renew any policies;
(9) Enter into any new reinsurance contract or treaty;
(10) Terminate, surrender, forfeit, convert, or lapse any insurance policy, certificate, or contract, except for nonpayment of premiums due;
(11) Release, pay, or refund premium deposits; accrued cash or loan values; unearned premiums; or other reserves on any insurance policy, certificate, or contract;
(12) Make any material change in management; or
(13) Increase salaries and benefits of officers or directors or the preferential payment of bonuses, dividends, or other payments deemed preferential.

NEW SECTION. Sec. 6. During the period of administrative supervision the insurer may contest an action taken, proposed to be taken, or failed to be taken by the administrative supervisor specifying the manner wherein the action being complained of would not result in improving the condition of the insurer. Denial of the insurer's request upon reconsideration entitles the insurer to request a proceeding under chapters 48.04 and 34.05 RCW.

NEW SECTION. Sec. 7. RCW 48.31.020, 48.31.115, and sections 3 through 6, 8, and 10 of this act do not preclude the commissioner from initiating judicial proceedings to place an insurer in rehabilitation or liquidation proceedings or other delinquency proceedings, however designated under the laws of this state, regardless of whether the commissioner has previously initiated administrative supervision proceedings under this chapter against the insurer.

NEW SECTION. Sec. 8. The commissioner may meet with the administrative supervisor appointed under this chapter and with the attorney or other representative of the administrative supervisor, without the presence of any other person, at the time of any proceeding or during the pendency of any proceeding held under authority of this chapter to carry out the commissioner's duties under this chapter or for the supervisor to carry out his or her duties under this chapter.
NEW SECTION. Sec. 9. An action or the failure to act by the commissioner is subject to chapters 48.04 and 34.05 RCW.

NEW SECTION. Sec. 10. The commissioner may adopt rules to implement and administer RCW 48.31.020, 48.31.115, and sections 3 through 8 of this act.

NEW SECTION. Sec. 11. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 12. Sections 3 through 10 of this act are each added to chapter 48.31 RCW."

On page 1, line 2 of the title, after "insurers;" strike the remainder of the title and insert "amending RCW 48.31.020 and 48.31.115; and adding new sections to chapter 48.31 RCW."

and the same is herewith transmitted.

NEW SECTION. Sec. 5. APPLICATION TO COURT. (1) Except as otherwise provided in section 28 of this act, an application for judicial relief under this chapter must be made by motion to the court and heard in the manner and upon the notice provided by law or rule of court for making and hearing motions.
(2) Notice of an initial motion to the court under this chapter must be served in the manner provided by law for the service of a summons in a civil action unless a civil action is already pending involving the agreement to arbitrate.
NEW SECTION. Sec. 6. VALIDITY OF AGREEMENT TO ARBITRATE. (1) An agreement contained in a record to submit to arbitration any existing or subsequent controversy arising between the parties to the agreement is valid, enforceable, and irrevocable except upon a ground that exists at law or in equity for the revocation of contract.

(2) The court shall decide whether an agreement to arbitrate exists or a controversy is subject to an agreement to arbitrate.

(3) An arbitrator shall decide whether a condition precedent to arbitrability has been fulfilled and whether a contract containing a valid agreement to arbitrate is enforceable.

(4) If a party to a judicial proceeding challenges the existence of, or claims that a controversy is not subject to, an agreement to arbitrate, the arbitration proceeding may continue pending final resolution of the issue by the court, unless the court otherwise orders.

NEW SECTION. Sec. 7. MOTION TO COMPEL OR STAY ARBITRATION. (1) On motion of a person showing an agreement to arbitrate and alleging another person's refusal to arbitrate pursuant to the agreement, the court shall order the parties to arbitrate if the refusing party does not appear or does not oppose the motion. If the refusing party opposes the motion, the court shall proceed summarily to decide the issue. Unless the court finds that there is no enforceable agreement to arbitrate, it shall order the parties to arbitrate. If the court finds that there is no enforceable agreement, it may not order the parties to arbitrate.

(2) On motion of a person alleging that an arbitration proceeding has been initiated or threatened but that there is no agreement to arbitrate, the court shall proceed summarily to decide the issue. If the court finds that there is an enforceable agreement to arbitrate, it shall order the parties to arbitrate. If the court finds that there is no enforceable agreement, it may not order the parties to arbitrate.

(3) The court may not refuse to order arbitration because the claim subject to arbitration lacks merit or grounds for the claim have not been established.

(4) If a proceeding involving a claim referable to arbitration under an alleged agreement to arbitrate is pending in court, a motion under this section must be filed in that court. Otherwise a motion under this section may be filed in any court as required by section 27 of this act.

(5) If a party files a motion with the court to order arbitration under this section, the court shall on just terms stay any judicial proceeding that involves a claim alleged to be subject to the arbitration until the court renders a final decision under this section.

(6) If the court orders arbitration, the court shall on just terms stay any judicial proceeding that involves a claim subject to the arbitration. If a claim subject to the arbitration is severable, the court may sever it and limit the stay to that claim.

NEW SECTION. Sec. 8. PROVISIONAL REMEDIES. (1) Before an arbitrator is appointed and is authorized and able to act, the court, upon motion of a party to an arbitration proceeding and for good cause shown, may enter an order for provisional remedies to protect the effectiveness of the arbitration proceeding to the same extent and under the same conditions as if the controversy were the subject of a civil action.

(2) After an arbitrator is appointed and is authorized and able to act, the arbitrator may issue such orders for provisional remedies, including interim awards, as the arbitrator finds necessary to protect the effectiveness of the arbitration proceeding and to promote the fair and expeditious resolution of the controversy, to the same extent and under the same conditions as if the controversy were the subject of a civil action. After an arbitrator is appointed and is authorized and able to act, a party to an arbitration proceeding may move the court for a provisional remedy only if the matter is urgent and the arbitrator is not able to act timely or if the arbitrator cannot provide an adequate remedy.

(3) A motion to a court for a provisional remedy under subsection (1) or (2) of this section does not waive any right of arbitration.

NEW SECTION. Sec. 9. INITIATION OF ARBITRATION. (1) A person initiates an arbitration proceeding by giving notice in a record to the other parties to the agreement to arbitrate in the agreed manner between the parties or, in the absence of agreement, by mail certified or registered, return receipt requested and obtained, or by service as authorized for the initiation of a civil action. The notice must describe the nature of the controversy and the remedy sought.

(2) Unless a person interposes an objection as to lack or insufficiency of notice under section 15(3) of this act not later than the commencement of the arbitration hearing, the person's appearance at the hearing waives any objection to lack of or insufficiency of notice.
NEW SECTION. Sec. 10. CONSOLIDATION OF SEPARATE ARBITRATION PROCEEDINGS. (1) Except as otherwise provided in subsection (3) of this section, upon motion of a party to an agreement to arbitrate or to an arbitration proceeding, the court may order consolidation of separate arbitration proceedings as to all or some of the claims if:

(a) There are separate agreements to arbitrate or separate arbitration proceedings between the same persons or one of them is a party to a separate agreement to arbitrate or a separate arbitration proceeding with a third person;
(b) The claims subject to the agreements to arbitrate arise in substantial part from the same transaction or series of related transactions;
(c) The existence of a common issue of law or fact creates the possibility of conflicting decisions in the separate arbitration proceedings; and
(d) Prejudice resulting from a failure to consolidate is not outweighed by the risk of undue delay or prejudice to the rights of or hardship to parties opposing consolidation.

(2) The court may order consolidation of separate arbitration proceedings as to certain claims and allow other claims to be resolved in separate arbitration proceedings.

(3) The court may not order consolidation of the claims of a party to an agreement to arbitrate that prohibits consolidation.

NEW SECTION. Sec. 11. APPOINTMENT OF ARBITRATOR--SERVICE AS A NEUTRAL ARBITRATOR. (1) If the parties to an agreement to arbitrate agree on a method for appointing an arbitrator, that method must be followed, unless the method fails. If the parties have not agreed on a method, the agreed method fails, or an arbitrator appointed fails or is unable to act and a successor has not been appointed, the court, on motion of a party to the arbitration proceeding, shall appoint the arbitrator. The arbitrator so appointed has all the powers of an arbitrator designated in the agreement to arbitrate or appointed under the agreed method.

(2) An arbitrator who has a known, direct, and material interest in the outcome of the arbitration proceeding or a known, existing, and substantial relationship with a party may not serve as a neutral arbitrator.

NEW SECTION. Sec. 12. DISCLOSURE BY ARBITRATOR. (1) Before accepting appointment, an individual who is requested to serve as an arbitrator, after making a reasonable inquiry, shall disclose to all parties to the agreement to arbitrate and arbitration proceeding and to any other arbitrators any known facts that a reasonable person would consider likely to affect the impartiality of the arbitrator in the arbitration proceeding, including:

(a) A financial or personal interest in the outcome of the arbitration proceeding; and
(b) An existing or past relationship with any of the parties to the agreement to arbitrate or the arbitration proceeding, their counsel or representatives, witnesses, or the other arbitrators.

(2) An arbitrator has a continuing obligation to disclose to all parties to the agreement to arbitrate and arbitration proceedings and to any other arbitrators any facts that the arbitrator learns after accepting appointment that a reasonable person would consider likely to affect the impartiality of the arbitrator.

(3) If an arbitrator discloses a fact required by subsection (1) or (2) of this section to be disclosed and a party timely objects to the appointment or continued service of the arbitrator based upon the disclosure, the objection may be a ground to vacate the award under section 23(1)(b) of this act.

(4) If the arbitrator did not disclose a fact as required by subsection (1) or (2) of this section, upon timely objection of a party, an award may be vacated under section 23(1)(b) of this act.

(5) An arbitrator appointed as a neutral who does not disclose a known, direct, and material interest in the outcome of the arbitration proceeding or a known, existing, and substantial relationship with a party is presumed to act with evident partiality under section 23(1)(b) of this act.

(6) If the parties to an arbitration proceeding agree to the procedures of an arbitration organization or any other procedures for challenges to arbitrators before an award is made, substantial compliance with those procedures is a condition precedent to a motion to vacate an award on that ground under section 23(1)(b) of this act.

NEW SECTION. Sec. 13. ACTION BY MAJORITY. If there is more than one arbitrator, the powers of the arbitrators must be exercised by a majority of them.

NEW SECTION. Sec. 14. IMMUNITY OF ARBITRATOR--COMPETENCY TO TESTIFY--ATTORNEYS’ FEES AND COSTS. (1) An arbitrator or an arbitration organization acting in that capacity is immune from civil liability to the same extent as a judge of a court of this state acting in a judicial capacity.

(2) The immunity afforded by this section supplements any other immunity.
(3) If an arbitrator does not make a disclosure required by section 12 of this act, the nondisclosure does not cause a loss of immunity under this section.

(4) In any judicial, administrative, or similar proceeding, an arbitrator or representative of an arbitration organization is not competent to testify or required to produce records as to any statement, conduct, decision, or ruling occurring during the arbitration proceeding to the same extent as a judge of a court of this state acting in a judicial capacity. This subsection does not apply:

(a) To the extent necessary to determine the claim of an arbitrator or an arbitration organization or a representative of the arbitration organization against a party to the arbitration proceeding; or

(b) If a party to the arbitration proceeding files a motion to vacate an award under section 23(1) (a) or (b) of this act and establishes prima facie that a ground for vacating the award exists.

(5) If a person commences a civil action against an arbitrator, an arbitration organization, or a representative of an arbitration organization arising from the services of the arbitrator, organization, or representative or if a person seeks to compel an arbitrator or a representative of an arbitration organization to testify in violation of subsection (4) of this section, and the court decides that the arbitrator, arbitration organization, or representative of an arbitration organization is immune from civil liability or that the arbitrator or representative of the organization is incompetent to testify, the court shall award to the arbitrator, organization, or representative reasonable attorneys' fees and other reasonable expenses of litigation.

NEW SECTION, Sec. 15. ARBITRATION PROCESS. (1) The arbitrator may conduct the arbitration in such manner as the arbitrator considers appropriate so as to aid in the fair and expeditious disposition of the proceeding. The authority conferred upon the arbitrator includes the power to hold conferences with the parties to the arbitration proceeding before the hearing and to determine the admissibility, relevance, materiality, and weight of any evidence.

(2) The arbitrator may decide a request for summary disposition of a claim or particular issue by agreement of all interested parties or upon request of one party to the arbitration proceeding if that party gives notice to all other parties to the arbitration proceeding and the other parties have a reasonable opportunity to respond.

(3) The arbitrator shall set a time and place for a hearing and give notice of the hearing not less than five days before the hearing. Unless a party to the arbitration proceeding interposes an objection to lack of or insufficiency of notice not later than the commencement of the hearing, the party's appearance at the hearing waives the objection. Upon request of a party to the arbitration proceeding and for good cause shown, or upon the arbitrator's own initiative, the arbitrator may adjourn the hearing from time to time as necessary but may not postpone the hearing to a time later than that fixed by the agreement to arbitrate for making the award unless the parties to the arbitration proceeding consent to a later date. The arbitrator may hear and decide the controversy upon the evidence produced although a party who was duly notified of the arbitration proceeding did not appear. The court, on request, may direct the arbitrator to promptly conduct the hearing and render a timely decision.

(4) If an arbitrator orders a hearing under subsection (3) of this section, the parties to the arbitration proceeding are entitled to be heard, to present evidence material to the controversy, and to cross-examine witnesses appearing at the hearing.

(5) If there is more than one arbitrator, all of them shall conduct the hearing under subsection (3) of this section; however, a majority shall decide any issue and make a final award.

(6) If an arbitrator ceases, or is unable, to act during the arbitration proceeding, a replacement arbitrator must be appointed in accordance with section 11 of this act to continue the hearing and to decide the controversy.

NEW SECTION, Sec. 16. REPRESENTATION BY LAWYER. A party to an arbitration proceeding may be represented by a lawyer.

NEW SECTION, Sec. 17. WITNESSES--SUBPOENAS--DEPOSITIONS--DISCOVERY. (1) An arbitrator may issue a subpoena for the attendance of a witness and for the production of records and other evidence at any hearing and may administer oaths. A subpoena must be served in the manner for service of subpoenas in a civil action and, upon motion to the court by a party to the arbitration proceeding or the arbitrator, enforced in the manner for enforcement of subpoenas in a civil action.

(2) On request of a party to or a witness in an arbitration proceeding, an arbitrator may permit a deposition of any witness, including a witness who cannot be subpoenaed for or is unable to attend a hearing, to be taken under conditions determined by the arbitrator for use as evidence in order to make the proceeding fair, expeditious, and cost-effective.

(3) An arbitrator may permit such discovery as the arbitrator decides is appropriate in the circumstances, taking into account the needs of the parties to the arbitration proceeding and other affected persons and the desirability of making the proceeding fair, expeditious, and cost-effective.
(4) If an arbitrator permits discovery under subsection (3) of this section, the arbitrator may order a party to the arbitration proceeding to comply with the arbitrator's discovery-related orders, including the issuance of a subpoena for the attendance of a witness and for the production of records and other evidence at a discovery proceeding, and may take action against a party to the arbitration proceeding who does not comply to the extent permitted by law as if the controversy were the subject of a civil action in this state.

(5) An arbitrator may issue a protective order to prevent the disclosure of privileged information, confidential information, trade secrets, and other information protected from disclosure as if the controversy were the subject of a civil action in this state.

(6) All laws compelling a person under subpoena to testify and all fees for attending a judicial proceeding, a deposition, or a discovery proceeding as a witness apply to an arbitration proceeding as if the controversy were the subject of a civil action in this state.

(7) The court may enforce a subpoena or discovery-related order for the attendance of a witness within this state and for the production of records and other evidence issued by an arbitrator in connection with an arbitration proceeding in another state upon conditions determined by the court in order to make the arbitration proceeding fair, expeditious, and cost-effective. A subpoena or discovery-related order issued by an arbitrator must be served in the manner provided by law for service of subpoenas in a civil action in this state and, upon motion to the court by a party to the arbitration proceeding or the arbitrator, enforced in the manner provided by law for enforcement of subpoenas in a civil action in this state.

NEW SECTION. Sec. 18. COURT ENFORCEMENT OF PREAWARD RULING BY ARBITRATOR. If an arbitrator makes a preaward ruling in favor of a party to the arbitration proceeding, the party may request the arbitrator to incorporate the ruling into an award under section 19 of this act. The successful party may file a motion to the court for an expedited order to confirm the award under section 22 of this act, in which case the court shall proceed summarily to decide the motion. The court shall issue an order to confirm the award unless the court vacates, modifies, or corrects the award of the arbitrator under sections 23 and 24 of this act.

NEW SECTION. Sec. 19. AWARD. (1) An arbitrator shall make a record of an award. The record must be authenticated by any arbitrator who concurs with the award. The arbitrator or the arbitration organization shall give notice of the award, including a copy of the award, to each party to the arbitration proceeding.

(2) An award must be made within the time specified by the agreement to arbitrate or, if not specified therein, within the time ordered by the court. The court may extend or the parties to the arbitration proceeding may agree in a record to extend the time. The court or the parties may do so within or after the time specified or ordered. A party waives any objection that an award was not timely made unless the party gives notice of the objection to the arbitrator before receiving notice of the award.

NEW SECTION. Sec. 20. CHANGE OF AWARD BY ARBITRATOR. (1) On motion to an arbitrator by a party to the arbitration proceeding, the arbitrator may modify or correct an award:

(a) Upon the grounds stated in section 24(1) (a) or (c) of this act;

(b) Because the arbitrator has not made a final and definite award upon a claim submitted by the parties to the arbitration proceeding; or

(c) To clarify the award.

(2) A motion under subsection (1) of this section must be made and served on all parties within twenty days after the movant receives notice of the award.

(3) A party to the arbitration proceeding must serve any objections to the motion within ten days after receipt of the notice.

(4) If a motion to the court is pending under section 22, 23, or 24 of this act, the court may submit the claim to the arbitrator to consider whether to modify or correct the award:

(a) Upon the grounds stated in section 24(1) (a) or (c) of this act;

(b) Because the arbitrator has not made a final and definite award upon a claim submitted by the parties to the arbitration proceeding; or

(c) To clarify the award.

(5) An award modified or corrected under this section is subject to sections 22, 23, and 24 of this act.

NEW SECTION. Sec. 21. REMEDIES--FEES AND EXPENSES OF ARBITRATION PROCEEDING. (1) An arbitrator may award punitive damages or other exemplary relief if such an award is authorized under the applicable law in a civil
action involving the same claim and the evidence produced at the hearing justifies the award under the legal standards otherwise applicable to the claim.

(2) An arbitrator may award attorneys' fees and other reasonable expenses of arbitration if such an award is authorized by law in a civil action involving the same claim or by the agreement of the parties to the arbitration proceeding.

(3) As to all remedies other than those authorized by subsections (1) and (2) of this section, an arbitrator may order such remedies as the arbitrator considers just and appropriate under the circumstances of the arbitration proceeding. The fact that such a remedy could not or would not be granted by the court is not a ground for refusing to confirm an award under section 22 of this act or for vacating an award under section 23 of this act.

(4) An arbitrator's expenses and fees, together with other expenses, must be paid as provided in the award.

(5) If an arbitrator awards punitive damages or other exemplary relief under subsection (1) of this section, the arbitrator shall specify in the award the basis in fact justifying and the basis in law authorizing the award and state separately the amount of the punitive damages or other exemplary relief.

NEW SECTION. Sec. 22. CONFIRMATION OF AWARD. After a party to the arbitration proceeding receives notice of an award, the party may file a motion with the court for an order confirming the award, at which time the court shall issue such an order unless the award is modified or corrected under section 20 or 24 of this act or is vacated under section 23 of this act.

NEW SECTION. Sec. 23. VACATING AWARD. (1) Upon motion of a party to the arbitration proceeding, the court shall vacate an award if:

(a) The award was procured by corruption, fraud, or other undue means;
(b) There was:
   (i) Evident partiality by an arbitrator appointed as a neutral;
   (ii) Corruption by an arbitrator;
   (iii) Misconduct by an arbitrator prejudicing the rights of a party to the arbitration proceeding;
   (c) An arbitrator refused to postpone the hearing upon showing of sufficient cause for postponement, refused to consider evidence material to the controversy, or otherwise conducted the hearing contrary to section 15 of this act, so as to prejudice substantially the rights of a party to the arbitration proceeding;
   (d) An arbitrator exceeded the arbitrator's powers;
   (e) There was no agreement to arbitrate, unless the person participated in the arbitration proceeding without raising the objection under section 15(3) of this act not later than the commencement of the arbitration hearing; or
   (f) The arbitration was conducted without proper notice of the initiation of an arbitration as required in section 9 of this act so as to prejudice substantially the rights of a party to the arbitration proceeding.
(2) A motion under this section must be filed within ninety days after the movant receives notice of the award in a record under section 19 of this act or within ninety days after the movant receives notice of an arbitrator's award in a record on a motion to modify or correct an award under section 20 of this act, unless the motion is predicated upon the ground that the award was procured by corruption, fraud, or other undue means, in which case it must be filed within ninety days after such a ground is known or by the exercise of reasonable care should have been known by the movant.
(3) In vacating an award on a ground other than that set forth in subsection (1)(e) of this section, the court may order a rehearing before a new arbitrator. If the award is vacated on a ground stated in subsection (1)(c), (d), or (f) of this section, the court may order a rehearing before the arbitrator who made the award or the arbitrator's successor. The arbitrator must render the decision in the rehearing within the same time as that provided in section 19(2) of this act for an award.
(4) If a motion to vacate an award is denied and a motion to modify or correct the award is not pending, the court shall confirm the award.

NEW SECTION. Sec. 24. MODIFICATION OR CORRECTION OF AWARD. (1) Upon motion filed within ninety days after the movant receives notice of the award in a record under section 19 of this act or within ninety days after the movant receives notice of an arbitrator's award in a record on a motion to modify or correct an award under section 20 of this act, the court shall modify or correct the award if:

(a) There was an evident mathematical miscalculation or an evident mistake in the description of a person, thing, or property referred to in the award;
(b) The arbitrator has made an award on a claim not submitted to the arbitrator and the award may be corrected without affecting the merits of the decision upon the claims submitted; or
(c) The award is imperfect in a matter of form not affecting the merits of the decision on the claims submitted.
(2) If a motion filed under subsection (1) of this section is granted, the court shall modify or correct and confirm the award as modified or corrected. Otherwise, the court shall confirm the award.

(3) A motion to modify or correct an award under this section may be joined with a motion to vacate the award.

NEW SECTION. Sec. 25. JUDGMENT ON AWARD--ATTORNEYS' FEES AND LITIGATION EXPENSES. (1) Upon granting an order confirming, vacating without directing a rehearing, modifying, or correcting an award, the court shall enter a judgment in conformity with the order. The judgment may be recorded, docketed, and enforced as any other judgment in a civil action.

(2) A court may allow reasonable costs of the motion and subsequent judicial proceedings.

(3) On application of a prevailing party to a contested judicial proceeding under section 22, 23, or 24 of this act, the court may add to a judgment confirming, vacating without directing a rehearing, modifying, or correcting an award, attorneys' fees and other reasonable expenses of litigation incurred in a judicial proceeding after the award is made.

NEW SECTION. Sec. 26. JURISDICTION. (1) A court of this state having jurisdiction over the dispute and the parties may enforce an agreement to arbitrate.

(2) An agreement to arbitrate providing for arbitration in this state confers exclusive jurisdiction on the court to enter judgment on an award under this chapter.

NEW SECTION. Sec. 27. VENUE. A motion under section 5 of this act must be filed in the court of the county in which the agreement to arbitrate specifies the arbitration hearing is to be held or, if the hearing has been held, in the court of the county in which it was held. Otherwise, the motion must be filed in any county in which an adverse party resides or has a place of business or, if no adverse party has a residence or place of business in this state, in the court of any county in this state. All subsequent motions must be filed in the court hearing the initial motion unless the court otherwise directs.

NEW SECTION. Sec. 28. APPEALS. (1) An appeal may be taken from:
   (a) An order denying a motion to compel arbitration;
   (b) An order granting a motion to stay arbitration;
   (c) An order confirming or denying confirmation of an award;
   (d) An order modifying or correcting an award;
   (e) An order vacating an award without directing a rehearing; or
   (f) A final judgment entered under this chapter.

(2) An appeal under this section must be taken as from an order or a judgment in a civil action.

NEW SECTION. Sec. 29. UNIFORMITY OF APPLICATION AND CONSTRUCTION. In applying and construing this uniform act, consideration must be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it.

NEW SECTION. Sec. 30. CAPTIONS. Captions used in this act are not part of the law.

NEW SECTION. Sec. 31. SAVINGS CLAUSE. This act does not affect an action or proceeding commenced or right accrued before the effective date of this act.

NEW SECTION. Sec. 32. RELATIONSHIP TO ELECTRONIC SIGNATURES IN GLOBAL AND NATIONAL COMMERCE ACT. The provisions of this chapter governing the legal effect, validity, and enforceability of electronic records or electronic signatures, and of contracts performed with the use of such records or signatures conform to the requirements of section 102 of the electronic signatures in global and national commerce act.

Sec. 33. RCW 3.46.150 and 2001 c 68 s 2 are each amended to read as follows:
(1) Any city, having established a municipal department as provided in this chapter may, by written notice to the county legislative authority not less than one year prior to February 1st of the year in which all district court judges are subject to election, require the termination of the municipal department created pursuant to this chapter. A city may terminate a municipal department only at the end of a four-year judicial term. However, the city may not give the written notice required by this section unless the city has reached an agreement with the county under chapter 39.34 RCW under which the county is to be paid a reasonable amount for costs associated with prosecution, adjudication, and sentencing in criminal cases filed in district court as a
result of the termination. The agreement shall provide for periodic review and renewal of the terms of the agreement. If the municipality and the county are unable to agree on the terms for renewal of the agreement, they shall be deemed to have entered into an agreement to submit the issue to arbitration under chapter (7.04) 7.-- RCW (sections 1 through 32 of this act). Pending conclusion of the arbitration proceeding, the terms of the agreement shall remain in effect. The municipality and the county have the same rights and are subject to the same duties as other parties who have agreed to submit to arbitration under chapter (7.04) 7.-- RCW (sections 1 through 32 of this act).

(2) A county that wishes to terminate a municipal department of the district court must provide written notice to the city legislative authority at least one year prior to the date of the intended termination.

**Sec. 34.** RCW 3.50.800 and 1984 c 258 s 202 are each amended to read as follows:

(1) If a municipality has, prior to July 1, 1984, repealed in its entirety that portion of its municipal code defining crimes but continues to hear and determine traffic infraction cases under chapter 46.63 RCW in a municipal court, the municipality and the appropriate county shall, prior to January 1, 1985, enter into an agreement under chapter 39.34 RCW under which the county is to be paid a reasonable amount for costs incurred after January 1, 1985, associated with prosecution, adjudication, and sentencing in criminal cases filed in district court as a result of the repeal. If the municipality and the county cannot come to an agreement within the time prescribed by this section, they shall be deemed to have entered into an agreement to submit the issue to arbitration pursuant to chapter (7.04) 7.-- RCW (sections 1 through 32 of this act). The municipality and the county have the same rights and are subject to the same duties as other parties who have agreed to submit to arbitration under chapter (7.04) 7.-- RCW (sections 1 through 32 of this act).

(2) The agreement between the municipality and the county shall include provisions for periodic review and renewal of the terms of the agreement. If the municipality and the county are unable to agree on the terms for renewal of the agreement, they shall be deemed to have entered into an agreement to submit the issue to arbitration under chapter (7.04) 7.-- RCW (sections 1 through 32 of this act). Pending conclusion of the arbitration proceeding, the terms of the agreement shall remain in effect. The municipality and the county have the same rights as other parties who have agreed to submit to arbitration under chapter (7.04) 7.-- RCW (sections 1 through 32 of this act).

**Sec. 35.** RCW 3.50.805 and 1984 c 258 s 203 are each amended to read as follows:

(1) A municipality operating a municipal court under this chapter shall not terminate that court unless the municipality has reached an agreement with the appropriate county or another municipality under chapter 39.34 RCW under which the county or municipality is to be paid a reasonable amount for costs associated with prosecution, adjudication, and sentencing in criminal cases filed in district or municipal court as a result of the termination. The agreement shall provide for periodic review and renewal of the terms of the agreement. If the municipality and the county or municipality are unable to agree on the terms for renewal of the agreement, they shall be deemed to have entered into an agreement to submit the issue to arbitration under chapter (7.04) 7.-- RCW (sections 1 through 32 of this act). Pending conclusion of the arbitration proceeding, the terms of the agreement shall remain in effect. The municipality and the county or municipality have the same rights and are subject to the same duties as other parties who have agreed to submit to arbitration under chapter (7.04) 7.-- RCW (sections 1 through 32 of this act). A municipality that has entered into agreements with other municipalities that have terminated their municipal courts may not thereafter terminate its court unless each municipality has reached an agreement with the appropriate county in accordance with this section.

(2) A municipality operating a municipal court under this chapter may not repeal in its entirety that portion of its municipal code defining crimes while retaining the court's authority to hear and determine traffic infractions under chapter 46.63 RCW unless the municipality has reached an agreement with the county under chapter 39.34 RCW under which the county is to be paid a reasonable amount for costs associated with prosecution, adjudication, and sentencing in criminal cases filed in district court as a result of the repeal. The agreement shall provide for periodic review and renewal of the terms of the agreement. If the municipality and the county are unable to agree on the terms for renewal of the agreement, they shall be deemed to have entered into an agreement to submit the issue to arbitration under chapter (7.04) 7.-- RCW (sections 1 through 32 of this act). Pending conclusion of the arbitration proceeding, the terms of the agreement shall remain in effect. The municipality and the county have the same rights and are subject to the same duties as other parties who have agreed to submit to arbitration under chapter (7.04) 7.-- RCW (sections 1 through 32 of this act).

(3) A municipality operating a municipal court under this chapter may not repeal a provision of its municipal code which defines a crime equivalent to an offense listed in RCW 46.63.020 unless the municipality has reached an agreement with the county under chapter 39.34 RCW under which the county is to be paid a reasonable amount for costs associated with prosecution, adjudication, and sentencing in criminal cases filed in district court as a result of the repeal. The agreement shall provide for periodic review and renewal of the terms of the agreement. If the municipality and the county are unable to agree on
the terms for renewal of the agreement, they shall be deemed to have entered into an agreement to submit the issue to arbitration under chapter ((7.04)) 7.-- RCW (sections 1 through 32 of this act). Pending conclusion of the arbitration proceeding, the terms of the agreement shall remain in effect. The municipality and the county have the same rights and are subject to the same duties as other parties who have agreed to submit to arbitration under chapter ((7.04)) 7.-- RCW (sections 1 through 32 of this act).

Sec. 36. RCW 15.49.071 and 1989 c 354 s 77 are each amended to read as follows:

(1) When a buyer is damaged by the failure of any seed covered by this chapter to produce or perform as represented by the required label, by warranty, or as a result of negligence, the buyer, as a prerequisite to maintaining a legal action against the dealer of such seed, shall have first provided for the arbitration of the claim. Any statutory period of limitations with respect to such claim shall be tolled from the date arbitration proceedings are instituted until ten days after the date on which the arbitration award becomes final.

(2) Similarly, no such claim may be asserted as a counterclaim or defense in any action brought by a dealer against a buyer until the buyer has first provided for arbitration of the claim. Upon the buyer's filing of a written notice of intention to assert such a claim as a counterclaim or defense in the action accompanied by a copy of the buyer's complaint in arbitration filed as provided in this chapter, the action shall be stayed, and any applicable statute of limitations shall be tolled with respect to such claim from the date arbitration proceedings are instituted until ten days after the date on which the arbitration award becomes final.

(3) Conspicuous language calling attention to the requirement for arbitration under this section shall be referenced or included on the analysis label required under RCW 15.49.011 through 15.49.101.

(4) If the parties agree to submit the claim to arbitration and to be bound by the arbitration award, then the arbitration shall be subject to chapter ((7.04)) 7.-- RCW (sections 1 through 32 of this act), and RCW 15.49.081 through 15.49.111 will not apply to the arbitration. If the parties do not so agree, then the buyer may provide for mandatory arbitration by the arbitration committee under RCW 15.49.081 through 15.49.111. An award rendered in such mandatory arbitration shall not be binding upon the parties and any trial on any claim so arbitrated shall be de novo.

(5) This section applies only to claims, or counterclaims, where the relief sought is, or includes, a monetary amount in excess of two thousand dollars. All claims for two thousand dollars or less shall be commenced in either district court or small claims court.

Sec. 37. RCW 35.20.010 and 2001 c 68 s 3 are each amended to read as follows:

(1) There is hereby created and established in each incorporated city of this state having a population of more than four hundred thousand inhabitants, as shown by the federal or state census, whichever is the later, a municipal court, which shall be styled "The Municipal Court of . . . . . (name of city)," hereinafter designated and referred to as the municipal court, which court shall have jurisdiction and shall exercise all the powers by this chapter declared to be vested in such municipal court, together with such powers and jurisdiction as is generally conferred in this state either by common law or statute.

(2) A municipality operating a municipal court under this section may terminate that court if the municipality has reached an agreement with the county under chapter 39.34 RCW under which the county is to be paid a reasonable amount for costs associated with prosecution, adjudication, and sentencing in criminal cases filed in district court as a result of the termination. The agreement shall provide for periodic review and renewal of the terms of the agreement. If the municipality and the county are unable to agree on the terms for renewal of the agreement, they shall be deemed to have entered into an agreement to submit the issue to arbitration under chapter ((7.04)) 7.-- RCW (sections 1 through 32 of this act). Pending conclusion of the arbitration proceeding, the terms of the agreement shall remain in effect. The municipality and the county have the same rights and are subject to the same duties as other parties who have agreed to submit to arbitration under chapter ((7.04)) 7.-- RCW (sections 1 through 32 of this act).

(3) A city that has entered into an agreement for court services with the county must provide written notice of the intent to terminate the agreement to the county legislative authority not less than one year prior to February 1st of the year in which all district court judges are subject to election. A city that terminates an agreement for court services to be provided by a district court may terminate the agreement only at the end of a four-year district court judicial term.

(4) A county that wishes to terminate an agreement with a city for the provision of court services must provide written notice of the intent to terminate the agreement to the city legislative authority not less than one year prior to the expiration of the agreement.

Sec. 38. RCW 35.22.425 and 1984 c 258 s 204 are each amended to read as follows:

A city of the first class operating a municipal court may not repeal in its entirety that portion of its municipal code defining crimes or repeal a provision of its municipal code which defines a crime equivalent to an offense listed in RCW 46.63.020 unless the municipality has reached an agreement with the appropriate county under chapter 39.34 RCW under which
the county is to be paid a reasonable amount for costs associated with prosecution, adjudication, and sentencing in criminal cases filed in district court as a result of the repeal. The agreement shall include provisions for periodic review and renewal of the terms of the agreement. If the municipality and the county are unable to agree on the terms for renewal of the agreement, they shall be deemed to have entered into an agreement to submit the issue to arbitration under chapter (7.04) 7.-- RCW (sections 1 through 32 of this act). Pending conclusion of the arbitration proceeding, the terms of the agreement shall remain in effect. The municipality and the county have the same rights and are subject to the same duties as other parties who have agreed to submit to arbitration under chapter (7.04) 7.-- RCW (sections 1 through 32 of this act).

Sec. 39. RCW 35.23.555 and 1994 c 81 s 52 are each amended to read as follows:
A city of the second class operating a municipal court may not repeal in its entirety that portion of its municipal code defining crimes or repeal a provision of its municipal code which defines a crime equivalent to an offense listed in RCW 46.63.020 unless the municipality has reached an agreement with the appropriate county under chapter 39.34 RCW under which the county is to be paid a reasonable amount for costs associated with prosecution, adjudication, and sentencing in criminal cases filed in district court as a result of the repeal. The agreement shall include provisions for periodic review and renewal of the terms of the agreement. If the municipality and the county are unable to agree on the terms for renewal of the agreement, they shall be deemed to have entered into an agreement to submit the issue to arbitration under chapter (7.04) 7.-- RCW (sections 1 through 32 of this act). Pending conclusion of the arbitration proceeding, the terms of the agreement shall remain in effect. The municipality and the county have the same rights and are subject to the same duties as other parties who have agreed to submit to arbitration under chapter (7.04) 7.-- RCW (sections 1 through 32 of this act).

Sec. 40. RCW 35.27.515 and 1984 c 258 s 207 are each amended to read as follows:
A town operating a municipal court may not repeal in its entirety that portion of its municipal code defining crimes or repeal a provision of its municipal code which defines a crime equivalent to an offense listed in RCW 46.63.020 unless the municipality has reached an agreement with the appropriate county under chapter 39.34 RCW under which the county is to be paid a reasonable amount for costs associated with prosecution, adjudication, and sentencing in criminal cases filed in district court as a result of the repeal. The agreement shall include provisions for periodic review and renewal of the terms of the agreement. If the municipality and the county are unable to agree on the terms for renewal of the agreement, they shall be deemed to have entered into an agreement to submit the issue to arbitration under chapter (7.04) 7.-- RCW (sections 1 through 32 of this act). Pending conclusion of the arbitration proceeding, the terms of the agreement shall remain in effect. The municipality and the county have the same rights and are subject to the same duties as other parties who have agreed to submit to arbitration under chapter (7.04) 7.-- RCW (sections 1 through 32 of this act).

Sec. 41. RCW 35.30.100 and 1984 c 258 s 208 are each amended to read as follows:
A city operating a municipal court may not repeal in its entirety that portion of its municipal code defining crimes unless the municipality has reached an agreement with the appropriate county under chapter 39.34 RCW under which the county is to be paid a reasonable amount for costs associated with prosecution, adjudication, and sentencing in criminal cases filed in district court as a result of the repeal. The agreement shall include provisions for periodic review and renewal of the terms of the agreement. If the municipality and the county are unable to agree on the terms for renewal of the agreement, they shall be deemed to have entered into an agreement to submit the issue to arbitration under chapter (7.04) 7.-- RCW (sections 1 through 32 of this act). Pending conclusion of the arbitration proceeding, the terms of the agreement shall remain in effect. The municipality and the county have the same rights and are subject to the same duties as other parties who have agreed to submit to arbitration under chapter (7.04) 7.-- RCW (sections 1 through 32 of this act).

Sec. 42. RCW 35A.11.200 and 1984 c 258 s 209 are each amended to read as follows:
A code city operating a municipal court may not repeal in its entirety that portion of its municipal code defining crimes unless the municipality has reached an agreement with the appropriate county under chapter 39.34 RCW under which the county is to be paid a reasonable amount for costs associated with prosecution, adjudication, and sentencing in criminal cases filed in district court as a result of the repeal. The agreement shall include provisions for periodic review and renewal of the terms of the agreement. If the municipality and the county are unable to agree on the terms for renewal of the agreement, they shall be deemed to have entered into an agreement to submit the issue to arbitration under chapter (7.04) 7.-- RCW (sections 1 through 32 of this act). Pending conclusion of the arbitration proceeding, the terms of the agreement shall remain in effect. The municipality and the county have the same rights and are subject to the same duties as other parties who have agreed to submit to arbitration under chapter (7.04) 7.-- RCW (sections 1 through 32 of this act).
Sec. 43. RCW 46.96.150 and 1994 c 274 s 2 are each amended to read as follows:

(1) Within thirty days after receipt of the notice under RCW 46.96.140, or within thirty days after the end of an appeal procedure provided by the manufacturer, whichever is greater, a new motor vehicle dealer so notified or entitled to notice may file a petition with the department protesting the proposed establishment or relocation. The petition shall contain a short statement setting forth the reasons for the dealer's objection to the proposed establishment or relocation. Upon the filing of a protest and the receipt of the filing fee, the department shall promptly notify the manufacturer that a timely protest has been filed and shall request the appointment of an administrative law judge under chapter 34.12 RCW to conduct a hearing. The manufacturer shall not establish or relocate the new motor vehicle dealer until the administrative law judge has held a hearing and has determined that there is good cause for permitting the proposed establishment or relocation. When more than one protest is filed against the establishment or relocation of the same dealer, the administrative law judge shall consolidate the hearings to expedite disposition of the matter.

(2) If a manufacturer provides in the franchise agreement or by written statement distributed and provided to its dealers for arbitration under the Uniform Arbitration Act, chapter (7.04) 7.-- RCW (sections 1 through 32 of this act), as a mechanism for resolving disputes relating to the establishment of an additional new motor vehicle dealer or the relocation of a new motor vehicle dealer, then the provisions of this section and RCW 46.96.170 relating to hearings by an administrative law judge do not apply, and a dispute regarding the establishment of an additional new motor vehicle dealer or the relocation of an existing new motor vehicle dealer shall be determined in an arbitration proceeding conducted in accordance with the Uniform Arbitration Act, chapter (7.04) 7.-- RCW (sections 1 through 32 of this act). The thirty-day period for filing a protest under this section still applies except that the protesting dealer shall file his protest with the manufacturer within thirty days after receipt of the notice under RCW 46.96.140.

(3) The dispute shall be referred for arbitration to such arbitrator as may be agreed upon by the parties to the dispute. If the parties cannot agree upon a single arbitrator within thirty days from the date the protest is filed, the protesting dealer will select an arbitrator, the manufacturer will select an arbitrator, and the two arbitrators will then select a third. If a third arbitrator is not agreed upon within thirty days, any party may apply to the superior court, and the judge of the superior court having jurisdiction will appoint the third arbitrator. The protesting dealer will pay the arbitrator selected by him, and the manufacturer will pay the arbitrator it selected. The expense of the third arbitrator and all other expenses of arbitration will be shared equally by the parties. Attorneys' fees and fees paid to expert witnesses are not expenses of arbitration and will be paid by the person incurring them.

(4) Notwithstanding the terms of a franchise or written statement of the manufacturer and notwithstanding the terms of a waiver, the arbitration will take place in the state of Washington in the county where the protesting dealer has his principal place of business. RCW 46.96.160 applies to a determination made by the arbitrator or arbitrators in determining whether good cause exists for permitting the proposed establishment or relocation of a new motor vehicle dealer, and the manufacturer has the burden of proof to establish that good cause exists for permitting the proposed establishment or relocation. After a hearing has been held, the arbitrator or arbitrators shall render a decision as expeditiously as possible, but in any event not later than one hundred twenty days from the date the arbitrator or arbitrators are selected or appointed. The manufacturer shall not establish or relocate the new motor vehicle dealer until the arbitration hearing has been held and the arbitrator or arbitrators have determined that there is good cause for permitting the proposed establishment or relocation. The written decision of the arbitrator is binding upon the parties unless modified, corrected, or vacated under the Washington Arbitration Act. Any party may appeal the decision of the arbitrator under the Uniform Arbitration Act, chapter (7.04) 7.-- RCW (sections 1 through 32 of this act).

(5) If the franchise agreement or the manufacturer's written statement distributed and provided to its dealers does not provide for arbitration under the Uniform Arbitration Act as a mechanism for resolving disputes relating to the establishment of an additional new motor vehicle dealer or the relocation of a new motor vehicle dealer, then the hearing provisions of this section and RCW 46.96.170 apply. Nothing in this section is intended to preclude a new motor vehicle dealer from electing to use any other dispute resolution mechanism offered by a manufacturer.

Sec. 44. RCW 49.66.090 and 1973 2nd ex.s. c 3 s 7 are each amended to read as follows:

In the event that a health care activity and an employees' bargaining unit shall reach an impasse, the matters in dispute shall be submitted to a board of arbitration composed of three arbitrators for final and binding resolution. The board shall be selected in the following manner: Within ten days, the employer shall appoint one arbitrator and the employees shall appoint one arbitrator. The two arbitrators so selected and named shall within ten days agree upon and select the name of a third arbitrator who shall act as chairman. If, upon the expiration of the period allowed therefor the arbitrators are unable to agree on the selection of a third arbitrator, such arbitrator shall be appointed at the request of either party in accordance with the provisions of RCW 7.04.050) section 11 of this act, and (the) that person shall act as (chairman) chair of the arbitration board.
Sec. 45. RCW 59.18.320 and 1973 1st ex.s. c 207 s 32 are each amended to read as follows:

(ii) Any unlawful detainer action filed by the landlord pursuant to chapter 59.12 RCW.
(2) The party initiating arbitration under subsection (1) of this section shall give reasonable notice to the other party or parties.
(3) Except as otherwise provided in this section, the arbitration process shall be administered by any arbitrator agreed upon by the parties at the time the dispute arises: PROVIDED, That the procedures shall comply with the requirements of chapter ( RCW 7.04) 7.-- RCW (sections 1 through 32 of this act) (relating to arbitration) and of this chapter.

Sec. 46. RCW 59.18.330 and 1973 1st ex.s. c 207 s 33 are each amended to read as follows:

(2) The arbitrator so designated shall schedule a hearing to be held no later than ten days following receipt of notice of the controversy, except as provided in RCW 59.18.350.
(3) The arbitrator shall conduct public or private hearings. Reasonable notice of such hearings shall be given to the parties, who shall appear and be heard either in person or by counsel or other representative. Hearings shall be informal and the rules of evidence prevailing in judicial proceedings shall not be binding. A recording of the proceedings may be taken. Any oral or documentary evidence and other data deemed relevant by the arbitrator may be received in evidence. The arbitrator shall have the power to administer oaths, to issue subpoenas, to require the attendance of witnesses and the production of such books, papers, contracts, agreements, and documents as may be deemed by the arbitrator material to a just determination of the issues in dispute. If any person refuses to obey such subpoena or refuses to be sworn to testify, or any witness, party, or attorney is guilty of any contempt while in attendance at any hearing held hereunder, the arbitrator may invoke the jurisdiction of any superior court, and such court shall have jurisdiction to issue an appropriate order. A failure to obey such order may be punished by the court as a contempt thereof.
(4) Within five days after conclusion of the hearing, the arbitrator shall make a written decision upon the issues presented, a copy of which shall be mailed by certified mail or otherwise delivered to the parties or their designated representatives. The determination of the dispute made by the arbitrator shall be final and binding upon both parties.
(5) If a defective condition exists which affects more than one dwelling unit in a similar manner, the arbitrator may consolidate the issues of fact common to those dwelling units in a single proceeding.
(6) Decisions of the arbitrator shall be enforced or appealed according to the provisions of chapter ( RCW 7.04) 7.-- RCW (sections 1 through 32 of this act).

Sec. 47. RCW 59.20.260 and 1984 c 58 s 13 are each amended to read as follows:
(1) The landlord and tenant may agree in writing to submit a controversy arising under this chapter to arbitration. The agreement shall contain the name of the arbitrator agreed upon by the parties or the process for selecting the arbitrator.
(2) The arbitration shall be administered under this chapter and chapter ( RCW 7.04) 7.-- RCW (sections 1 through 32 of this act).

(1) If the landlord and tenant agree to submit the matter to arbitration, the parties shall complete an application for arbitration and deliver it to the selected arbitrator.
(2) The arbitrator shall schedule a hearing to be held no later than ten days following receipt of the application.
(3) Reasonable notice of the hearings shall be given to the parties, who shall appear and be heard either in person, by counsel, or by other representative. Hearings shall be informal and the rules of evidence prevailing in judicial proceedings shall not be binding. Hearings may be public or private. The proceedings may be recorded. Any oral or documentary evidence and other data deemed relevant by the arbitrator may be received in evidence. The arbitrator may administer oaths, issue subpoenas,
and require the attendance of witnesses and the production of books, papers, contracts, agreements, and documents deemed by
the arbitrator to be material to a just determination of the issues in dispute. If a person refuses to obey a subpoena or refuses to
be sworn to testify, or any witness, party, or attorney is guilty of any contempt while in attendance at any hearing held under
this section, the arbitrator may invoke the jurisdiction of any district or superior court, and the court shall have jurisdiction to issue an
appropriate order. Failure to obey the order may be punished by the court as contempt.

(4) Within five days after the hearing, the arbitrator shall make a written decision upon the issues presented. A copy of
the decision shall be mailed by certified mail or otherwise delivered to the parties or their designated representatives. The
decision of the arbitrator shall be final and binding upon all parties.

(5) If a dispute exists affecting more than one tenant in a similar manner, the arbitrator may with the consent of the
parties consolidate the cases into a single proceeding.

(6) Decisions of the arbitrator shall be enforced or appealed under chapter (((2.04)) 7.-- RCW (sections 1 through 32 of

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1065, with the following amendment:

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** A new section is added to chapter 46.16 RCW to read as follows:

(1) The legislature recognizes that the armed forces license plate collection has been reviewed and approved by the special license plate review board.

(2) The department shall issue a special license plate collection, approved by the special license plate review board and the legislature, recognizing the contribution of veterans, active duty military personnel, reservists, and members of the
Washington national guard. The collection includes six separate designs, each containing a symbol representing a different branch of the armed forces to include army, navy, air force, marine corps, coast guard, and Washington national guard.

(3) Armed forces special license plates may be used in lieu of regular or personalized license plates for vehicles required to display one and two vehicle license plates, excluding vehicles registered under chapter 46.87 RCW, upon terms and conditions established by the department.

(4) Upon request, the department must make available to the purchaser, at no additional cost, a decal indicating the purchaser's military status. The department must work with the department of veterans affairs to establish a list of the decals to be made available. The list of available decals must include, but is not limited to, "veteran," "disabled veteran," "reservist," "retiree," or "active duty." The department may specify where the decal may be placed on the license plate. Decals are required to be made available only for standard six-inch by twelve-inch license plates.

(5) Armed forces license plates and decals are available only to veterans as defined in RCW 41.04.007, active duty military personnel, reservists, members of the Washington national guard, and the spouses of deceased veterans. Upon initial application, any purchaser requesting an armed forces license plate and decal will be required to show proof of eligibility by providing: A DD-214 or discharge papers if a veteran; a military identification or retired military identification card; or a declaration of fact attesting to the purchaser's eligibility as required under this section.

(6) The department of veterans affairs must enter into an agreement with the department to reimburse the department for the costs associated with providing military status decals described in subsection (4) of this section.

(7) Armed forces license plates are not available free of charge to disabled veterans, former prisoners of war, or spouses of deceased former prisoners of war under the privileges defined in RCW 73.04.110 and 73.04.115.

NEW SECTION Sec. 2. A new section is added to chapter 46.16 RCW to read as follows:

MESSAGE FROM THE SENATE

April 11, 2005

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1136, with the following amendment:

Strike everything after the enacting clause and insert the following:
NEW SECTION. Sec. 1. The legislature believes that electronic monitoring, as an alternative to incarceration, is a proper and cost-effective method of punishment and supervision for many criminal offenders. The legislature further finds that advancements in electronic monitoring technology have made the technology more common and acceptable to criminal justice system personnel, policymakers, and the general public.

In an effort to reduce prison and jail populations, many states are increasing their utilization of electronic monitoring. However, Washington state’s use of electronic monitoring has been relatively stagnant.

The intent of this act is to determine what electronic monitoring policies and programs have been implemented in the other forty-nine states, in order that Washington state can learn from the other states’ experiences.

NEW SECTION. Sec. 2. (1) The Washington association of sheriffs and police chiefs shall conduct a comprehensive study on electronic monitoring in every state. The study shall review and analyze each state’s activity regarding electronic monitoring. Specifically, the study shall include:

(a) How often electronic monitoring is used;
(b) A description of laws and circumstances of when an offender is placed on electronic monitoring;
(c) The discovery and analysis of specific programs used to promote electronic monitoring and how they are operated;
(d) The type of electronic monitoring technology used;
(e) Evaluation of offender pay programs and the amount of money recovered from these programs;
(f) Overall perceptions of electronic monitoring from the criminal justice community, and any real or perceived problems or concerns with electronic monitoring;
(g) Estimates on savings realized by utilizing electronic monitoring.

(2) The findings and any recommendations from the study shall be placed into a final report and presented to the legislature no later than December 31, 2005.

Sec. 3. RCW 9.94A.737 and 2002 c 175 s 15 are each amended to read as follows:

(1) If an offender violates any condition or requirement of community custody, the department may transfer the offender to a more restrictive confinement status to serve up to the remaining portion of the sentence, less credit for any period actually spent in community custody or in detention awaiting disposition of an alleged violation and subject to the limitations of subsection (2) of this section.

(2)(a) For a sex offender sentenced to a term of community custody under RCW 9.94A.670 who violates any condition of community custody, the department may impose a sanction of up to sixty days’ confinement in a local correctional facility for each violation. If the department imposes a sanction, the department shall submit within seventy-two hours a report to the court and the prosecuting attorney outlining the violation or violations and the sanctions imposed.

(b) For a sex offender sentenced to a term of community custody under RCW 9.94A.710 who violates any condition of community custody after having completed his or her maximum term of total confinement, including time served on community custody in lieu of earned release, the department may impose a sanction of up to sixty days in a local correctional facility for each violation.

(c) For an offender sentenced to a term of community custody under RCW 9.94A.505(2)(b), 9.94A.650, or 9.94A.715, or under RCW 9.94A.545, for a crime committed on or after July 1, 2000, who violates any condition of community custody after having completed his or her maximum term of total confinement, including time served on community custody in lieu of earned release, the department may impose a sanction of up to sixty days in total confinement for each violation. The department may impose sanctions such as work release, home detention with electronic monitoring, work crew, community restitution, inpatient treatment, daily reporting, curfew, educational or counseling sessions, supervision enhanced through electronic monitoring, or any other sanctions available in the community.

(d) For an offender sentenced to a term of community placement under RCW 9.94A.705 who violates any condition of community placement after having completed his or her maximum term of total confinement, including time served on community custody in lieu of earned release, the department may impose a sanction of up to sixty days in total confinement for each violation. The department may impose sanctions such as work release, home detention with electronic monitoring, work crew, community restitution, inpatient treatment, daily reporting, curfew, educational or counseling sessions, supervision enhanced through electronic monitoring, or any other sanctions available in the community.

(3) If an offender is accused of violating any condition or requirement of community custody, he or she is entitled to a hearing before the department prior to the imposition of sanctions. The hearing shall be considered as offender disciplinary proceedings and shall not be subject to chapter 34.05 RCW. The department shall develop hearing procedures and a structure of graduated sanctions.
(4) The hearing procedures required under subsection (3) of this section shall be developed by rule and include the following:
   (a) Hearing officers shall report through a chain of command separate from that of community corrections officers;
   (b) The department shall provide the offender with written notice of the violation, the evidence relied upon, and the reasons the particular sanction was imposed. The notice shall include a statement of the rights specified in this subsection, and the offender's right to file a personal restraint petition under court rules after the final decision of the department;
   (c) The hearing shall be held unless waived by the offender, and shall be electronically recorded. For offenders not in total confinement, the hearing shall be held within fifteen working days, but not less than twenty-four hours, after notice of the violation. For offenders in total confinement, the hearing shall be held within five working days, but not less than twenty-four hours, after notice of the violation;
   (d) The offender shall have the right to: (i) Be present at the hearing; (ii) have the assistance of a person qualified to assist the offender in the hearing, appointed by the hearing officer if the offender has a language or communications barrier; (iii) testify or remain silent; (iv) call witnesses and present documentary evidence; and (v) question witnesses who appear and testify; and
   (e) The sanction shall take effect if affirmed by the hearing officer. Within seven days after the hearing officer's decision, the offender may appeal the decision to a panel of three reviewing officers designated by the secretary or by the secretary's designee.

(5) For purposes of this section, no finding of a violation of conditions may be based on unconfirmed or unconfirmable allegations.

(6) The department shall work with the Washington association of sheriffs and police chiefs to establish and operate an electronic monitoring program for low-risk offenders who violate the terms of their community custody. Between January 1, 2006, and December 31, 2006, the department shall endeavor to place at least one hundred low-risk community custody violators on the electronic monitoring program per day if there are at least that many low-risk offenders who qualify for the electronic monitoring program.

(7) Local governments, their subdivisions and employees, the department and its employees, and the Washington association of sheriffs and police chiefs and its employees shall be immune from civil liability for damages arising from incidents involving low-risk offenders who are placed on electronic monitoring unless it is shown that an employee acted with gross negligence or bad faith.

NEW SECTION. Sec. 4. This act expires December 31, 2005.

NEW SECTION. Sec. 5. If specific funding for the purposes of section 2 of this act, referencing this act and section 2 of this act by bill or chapter number and section number, is not provided by June 30, 2005, in the omnibus appropriations act, section 2 of this act is null and void."

On page 1, line 2 of the title, after "incarceration;" strike the remainder of the title and insert "amending RCW 9.94A.737; creating new sections; and providing an expiration date."

and the same is herewith transmitted.

(3) "Commission" means the sentencing guidelines commission.

(4) "Community corrections officer" means an employee of the department who is responsible for carrying out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.

9.94A.545, served in the community subject to controls placed on the offender's movement and activities by the department. For offenders placed on community custody for crimes committed on or after July 1, 2000, the department shall assess the offender's risk of reoffense and may establish and modify conditions of community custody, in addition to those imposed by the court, based upon the risk to community safety.

(6) "Community custody range" means the minimum and maximum period of community custody included as part of a sentence under RCW 9.94A.715, as established by the commission or the legislature under RCW 9.94A.850, for crimes committed on or after July 1, 2000.

(7) "Community placement" means that period during which the offender is subject to the conditions of community custody and/or postrelease supervision, which begins either upon completion of the term of confinement (postrelease supervision) or at such time as the offender is transferred to community custody in lieu of earned release. Where the court finds that any offender has a chemical dependency that has contributed to his or her offense, the conditions of supervision may, subject to available resources, include treatment. For purposes of the interstate compact for out-of-state supervision of parolees and probationers, RCW 9.95.270, community supervision is the functional equivalent of probation and should be considered the same as probation by other states.

((11)) (11) "Confinement" means total or partial confinement.

((12)) (12) "Conviction" means an adjudication of guilt pursuant to Titles 10 or 13 RCW and includes a verdict of guilty, a finding of guilty, and acceptance of a plea of guilty.

((13)) (13) "Crime-related prohibition" means an order of a court prohibiting conduct that directly relates to the circumstances of the crime for which the offender has been convicted, and shall not be construed to mean orders directing an offender affirmatively to perform affirmative conduct. However, affirmative acts necessary to monitor compliance with the order of a court may be required by the department.

((14)) (14) "Criminal history" means the list of a defendant's prior convictions and juvenile adjudications, whether in this state, in federal court, or elsewhere.

(a) The history shall include, where known, for each conviction (i) whether the defendant has been placed on probation and the length and terms thereof; and (ii) whether the defendant has been incarcerated and the length of incarceration.

(b) A conviction may be removed from a defendant's criminal history only if it is vacated pursuant to RCW 9.96.060, 9.94A.640, 9.95.240, or a similar out-of-state statute, or if the conviction has been vacated pursuant to a governor's pardon.

(c) The determination of a defendant's criminal history is distinct from the determination of an offender score. A prior conviction that was not included in an offender score calculated pursuant to a former version of the sentencing reform act remains part of the defendant's criminal history.

((16)) (16) "Day reporting" means a program of enhanced supervision designed to monitor the offender's daily activities and compliance with sentence conditions, and in which the offender is required to report daily to a specific location designated by the department or the sentencing court.

The fact that an offender through earned release can reduce the actual period of confinement shall not affect the classification of the sentence as a determinate sentence.

((19)) (19) "Disposable earnings" means part of the earnings of an offender remaining after the deduction from those earnings of any amount required by law to be withheld. For the purposes of this definition, "earnings" means compensation paid or payable for personal services, whether denominated as wages, salary, commission, bonuses, or otherwise, and, notwithstanding any other provision of law making the payments exempt from garnishment, attachment, or other process to satisfy a court-ordered legal financial obligation, specifically includes periodic payments pursuant to pension or retirement programs, or insurance policies of any type, but does not include payments made under Title 50 RCW, except as provided in RCW 50.40.020 and 50.40.050, or Title 74 RCW.

(1) Except as otherwise provided by this chapter, all intangible property, including any income or increment derived therefrom, less any lawful charges, that is held, issued, or owing in the ordinary course of the holder's business and has remained unclaimed by the owner for more than three years after it became payable or distributable is presumed abandoned.
(2) Property, with the exception of unredeemed Washington state lottery tickets and unpresented winning parimutuel tickets, is payable and distributable for the purpose of this chapter notwithstanding the owner's failure to make demand or to present any instrument or document required to receive payment.
(3) This chapter does not apply to claims drafts issued by insurance companies representing offers to settle claims unliquidated in amount or settled by subsequent drafts or other means.
(4) This chapter does not apply to property covered by chapter 63.26 RCW.
(5) This chapter does not apply to used clothing, umbrellas, bags, luggage, or other used personal effects if such property is disposed of by the holder as follows:
(a) In the case of personal effects of negligible value, the property is destroyed; or
(b) The property is donated to a bona fide charity.
(6) This chapter does not apply to a gift certificate subject to the prohibition against expiration dates under RCW 19.240.020 or to a gift certificate subject to RCW 19.240.030 through 19.240.060. However, this chapter applies to gift certificates presumed abandoned under RCW 63.29.110.
(7) This chapter does not apply to excess proceeds held by counties, cities, towns, and other municipal or quasi-municipal corporations from foreclosures for delinquent property taxes, assessments, or other liens.

Sec. 4. RCW 63.29.190 and 1993 c 498 s 8 are each amended to read as follows:

(2) Counties, cities, towns, and other municipal and quasi-municipal corporations that hold funds representing warrants canceled pursuant to RCW 36.22.100 and 39.56.040, uncashed checks, ((excess proceeds from property tax and irrigation district foreclosures)) and property tax overpayments or refunds may retain the funds until the owner notifies them and establishes ownership as provided in RCW 63.29.135. Counties, cities, towns, or other municipal or quasi-municipal corporations shall provide to the department a report of property it is holding pursuant to this section. The report shall identify the property and owner in the manner provided in RCW 63.29.170 and the department shall publish the information as provided in RCW 63.29.180.
(3) The contents of a safe deposit box or other safekeeping repository presumed abandoned under RCW 63.29.160 and reported under RCW 63.29.170 shall be paid or delivered to the department within six months after the final date for filing the report required by RCW 63.29.170.
If the owner establishes the right to receive the abandoned property to the satisfaction of the holder before the property has been delivered or it appears that for some other reason the presumption of abandonment is erroneous, the holder need not pay or deliver the property to the department, and the property will no longer be presumed abandoned. In that case, the holder shall file with the department a verified written explanation of the proof of claim or of the error in the presumption of abandonment.

RCW 67.16.060, conveyances, and cigarettes, and no county, town, or other municipal subdivision shall have the right to impose taxes of that nature. Except as provided in RCW 82.02.050 through 82.02.090, no county, city, town, or other municipal corporation shall impose any tax, fee, or charge, either direct or indirect, on the construction or reconstruction of residential buildings, commercial buildings, industrial buildings, or on any other building or building space or appurtenance thereto, or on the development, subdivision, classification, or reclassification of land. However, this section does not preclude dedications of land or easements within the proposed development or plat which the county, city, town, or other municipal corporation can demonstrate are reasonably necessary as a direct result of the proposed development or plat to which the dedication of land or easement is to apply.

This section does not prohibit voluntary agreements with counties, cities, towns, or other municipal corporations that allow a payment in lieu of a dedication of land or to mitigate a direct impact that has been identified as a consequence of a proposed development, subdivision, or plat. A local government shall not use such voluntary agreements for local off-site transportation improvements within the geographic boundaries of the area or areas covered by an adopted transportation program authorized by chapter 39.92 RCW. Any such voluntary agreement is subject to the following provisions:

1. The payment shall be held in a reserve account and may only be expended to fund a capital improvement agreed upon by the parties to mitigate the identified, direct impact;
2. The payment shall be expended in all cases within five years of collection; and
3. Any payment not so expended shall be refunded with interest calculated from the original date the deposit was received by the county and at the same rate applied to (judgments to the property owners of record at the time of the refund)) tax refunds pursuant to RCW 48.65.100; however, if the payment is not expended within five years due to delay attributable to the developer, the payment shall be refunded without interest.

No county, city, town, or other municipal corporation shall require any payment as part of such a voluntary agreement which the county, city, town, or other municipal corporation cannot establish is reasonably necessary as a direct result of the proposed development or plat.

Nothing in this section prohibits cities, towns, counties, or other municipal corporations from collecting reasonable fees from an applicant for a permit or other governmental approval to cover the cost to the city, town, county, or other municipal corporation of processing applications, inspecting and reviewing plans, or preparing detailed statements required by chapter 43.21C RCW.

This section does not limit the existing authority of any county, city, town, or other municipal corporation to impose special assessments on property specifically benefitted thereby in the manner prescribed by law.

Nothing in this section prohibits counties, cities, or towns from imposing or permits counties, cities, or towns to impose water, sewer, natural gas, drainage utility, and drainage system charges: PROVIDED, That no such charge shall exceed the proportionate share of such utility or system's capital costs which the county, city, or town can demonstrate are attributable to the property being charged: PROVIDED FURTHER, That these provisions shall not be interpreted to expand or contract any existing authority of counties, cities, or towns to impose such charges.

Nothing in this section prohibits a transportation benefit district from imposing fees or charges authorized in RCW 36.73.120 nor prohibits the legislative authority of a county, city, or town from approving the imposition of such fees within a transportation benefit district.

Nothing in this section prohibits counties, cities, or towns from imposing transportation impact fees authorized pursuant to chapter 39.92 RCW.

Nothing in this section prohibits counties, cities, or towns from requiring property owners to provide relocation assistance to tenants under RCW 59.18.440 and 59.18.450.

This section does not apply to special purpose districts formed and acting pursuant to Titles 54, 57, or 87 RCW, nor is the authority conferred by these titles affected.

NEW SECTION. Sec. 6. A new section is added to chapter 84.56 RCW to read as follows:

Every person who offers a document to the auditor of the proper county for recording that results in any division, alteration, or adjustment of real property boundary lines, except as provided for in RCW 58.04.007(1) and 84.40.042(1)(c), shall present a certificate of payment from the proper officer who is in charge of the collection of taxes and assessments for the affected property or properties. All taxes and assessments, both current and delinquent must be paid. For purposes of this act, liability shall begin on January 1st. Taxes not yet levied and certified shall be collected as an advance tax under RCW 58.08.040.

Sec. 7. RCW 84.56.020 and 2004 c 161 s 6 are each amended to read as follows:

1. The county treasurer shall be the receiver and collector of all taxes extended upon the tax rolls of the county, whether levied for state, county, school, bridge, road, municipal or other purposes, and also of all fines, forfeitures or penalties
received by any person or officer for the use of his or her county. All taxes upon real and personal property made payable by the provisions of this title shall be due and payable to the treasurer on or before the thirtieth day of April and, except as provided in this section, shall be delinquent after that date.

(2) Each tax statement shall include a notice that checks for payment of taxes may be made payable to “Treasurer of . . . . . . County” or other appropriate office, but tax statements shall not include any suggestion that checks may be made payable to the name of the individual holding the office of treasurer nor any other individual.

(3) When the total amount of tax or special assessments on personal property or on any lot, block or tract of real property payable by one person is fifty dollars or more, and if one-half of such tax be paid on or before the thirtieth day of April, the remainder of such tax shall be due and payable on or before the thirty-first day of October following and shall be delinquent after that date.

(4) When the total amount of tax or special assessments on any lot, block or tract of real property or on any mobile home payable by one person is fifty dollars or more, and if one-half of such tax be paid after the thirtieth day of April but before the thirty-first day of October, together with the applicable interest and penalty on the full amount of tax payable for that year, the remainder of such tax shall be due and payable on or before the thirty-first day of October following and shall be delinquent after that date.

(5) Delinquent taxes under this section are subject to interest at the rate of twelve percent per annum computed on a monthly basis on the full year amount of tax unpaid from the date of delinquency until paid. Interest shall be calculated at the rate in effect at the time of payment of the tax, regardless of when the taxes were first delinquent. In addition, delinquent taxes under this section are subject to penalties as follows:
(a) A penalty of three percent of the full year amount of tax unpaid shall be assessed on the tax delinquent on June 1st of the year in which the tax is due.
(b) An additional penalty of eight percent shall be assessed on the amount of tax delinquent on December 1st of the year in which the tax is due.
(6) Subsection (5) of this section notwithstanding, no interest or penalties may be assessed ((for the period April 30, 2003, through April 30, 2005)) during any period of armed conflict on delinquent taxes imposed ((for collection in 2003 or 2004 which are imposed)) on the personal residences owned by active duty military personnel who ((participated in the situation known as “Operation Enduring Freedom.”)) are participating as part of one of the branches of the military involved in the conflict and assigned to a duty station outside the territorial boundaries of the United States.
(7) For purposes of this chapter, “interest” means both interest and penalties.
(8) All collections of interest on delinquent taxes shall be credited to the county current expense fund; but the cost of foreclosure and sale of real property, and the fees and costs of distraint and sale of personal property, for delinquent taxes, shall, when collected, be credited to the operation and maintenance fund of the county treasurer prosecuting the foreclosure or distraint or sale; and shall be used by the county treasurer as a revolving fund to defray the cost of further foreclosure, distraint and sale for delinquent taxes without regard to budget limitations.

Sec. 8. RCW 84.56.310 and 1961 c 15 s 84.56.310 are each amended to read as follows:
Any person being the owner or having an interest in an estate or claim to real property against which taxes ((shall have been unpaid)) have not been paid may pay the same and satisfy the lien at any time before ((execution of a deed to said)) the filing of a certificate of delinquency against the real property. The person or authority who shall collect or receive the same shall give a certificate that such taxes have been so paid to the person or persons entitled to demand such certificate. After the filing of a certificate of delinquency, the redemption rights shall be controlled by RCW 84.64.060.

Sec. 9. RCW 84.69.020 and 2002 c 168 s 11 are each amended to read as follows:
On the order of the county treasurer, ad valorem taxes paid before or after delinquency shall be refunded if they were:
(1) Paid more than once;
(2) Paid as a result of manifest error in description;
(3) Paid as a result of a clerical error in extending the tax rolls;
(4) Paid as a result of other clerical errors in listing property;
(5) Paid with respect to improvements which did not exist on assessment date;
(6) Paid under levies or statutes adjudicated to be illegal or unconstitutional;
(7) Paid as a result of mistake, inadvertence, or lack of knowledge by any person exempted from paying real property taxes or a portion thereof pursuant to RCW 84.36.381 through 84.36.389, as now or hereafter amended;
(8) Paid as a result of mistake, inadvertence, or lack of knowledge by either a public official or employee or by any person with respect to real property in which the person paying the same has no legal interest;
(9) Paid on the basis of an assessed valuation which was appealed to the county board of equalization and ordered reduced by the board;

(10) Paid on the basis of an assessed valuation which was appealed to the state board of tax appeals and ordered reduced by the board: PROVIDED, That the amount refunded under subsections (9) and (10) of this section shall only be for the difference between the tax paid on the basis of the appealed valuation and the tax payable on the valuation adjusted in accordance with the board's order;

(11) Paid as a state property tax levied upon property, the assessed value of which has been established by the state board of tax appeals for the year of such levy: PROVIDED, HOWEVER, That the amount refunded shall only be for the difference between the state property tax paid and the amount of state property tax which would, when added to all other property taxes within the one percent limitation of Article VII, section 2 of the state Constitution equal one percent of the assessed value established by the board;

(12) Paid on the basis of an assessed valuation which was adjudicated to be unlawful or excessive: PROVIDED, That the amount refunded shall be for the difference between the amount of tax which was paid on the basis of the valuation adjudged unlawful or excessive and the amount of tax payable on the basis of the assessed valuation determined as a result of the proceeding;

(13) Paid on property acquired under RCW 84.60.050, and canceled under RCW 84.60.050(2);
(14) Paid on the basis of an assessed valuation that was reduced under RCW 84.48.065;
(15) Paid on the basis of an assessed valuation that was reduced under RCW 84.40.039; or
(16) Abated under RCW 84.70.010.

No refunds under the provisions of this section shall be made because of any error in determining the valuation of property, except as authorized in subsections (9), (10), (11), and (12) of this section nor may any refunds be made if a bona fide purchaser has acquired rights that would preclude the assessment and collection of the refunded tax from the property that should properly have been charged with the tax. Any refunds made on delinquent taxes shall include the proportionate amount of interest and penalties paid. However, no refunds as a result of an incorrect payment authorized under subsection (8) of this section made by a third party payee shall ((not include refund interest)) be granted. The county treasurer may deduct from moneys collected for the benefit of the state's levy, refunds of the state levy including interest on the levy as provided by this section and chapter 84.68 RCW.

The county treasurer of each county shall make all refunds determined to be authorized by this section, and by the first Monday in February of each year, report to the county legislative authority a list of all refunds made under this section during the previous year. The list is to include the name of the person receiving the refund, the amount of the refund, and the reason for the refund.

NEW SECTION. Sec. 10. Section 7 of this act applies to all taxes levied for collection in 2005 and thereafter.

NEW SECTION. Sec. 11. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

(1) The legislature finds that active military and naval veterans, reserve military and naval veterans, and national guard members called to active duty have served their country and have risked their lives to defend the lives of all Americans and the freedoms that define and distinguish our nation. The legislature intends to honor active military and naval veterans, reserve military and naval veterans, and national guard members who have served on active military or naval duty for the public service they have provided to this country.

(2) Subject to the limitations in RCW 28B.15.910, the governing boards of the state universities, the regional universities, The Evergreen State College, and the community colleges, may waive all or a portion of tuition and fees for the following persons:

(a) An eligible veteran or national guard member;

(b) A child and the spouse of an eligible veteran or national guard member who became totally disabled as defined in RCW 28B.15.385 while engaged in active federal military or naval service, or who is determined by the federal government to be a prisoner of war or missing in action;

However, there shall be no state general fund support for waivers granted under this subsection.
(4) Private vocational schools and private higher education institutions are encouraged to provide waivers consistent with the terms in subsections (2) and (3) of this section.

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1179, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. LEGISLATIVE INTENT. The legislature recognizes that the Puget Sound region is faced with growing traffic congestion and has limited ability to expand freeway capacity due to financial, environmental, and physical constraints. Freeway high-occupancy vehicle lanes have been an effective means of providing transit, vanpools, and carpools with a fast trip on congested freeway corridors, but in many cases, these lanes are themselves getting crowded during the peak commute times, while some are being underused at off-peak times.

It is the intent of the legislature to maximize the effectiveness and efficiency of the freeway system. To evaluate methods to accomplish this, it is beneficial to evaluate alternative approaches to managing the use of freeway high-occupancy vehicle lanes, including pilot projects to determine and demonstrate the effectiveness and benefits of implementing high-occupancy toll lanes. The legislature acknowledges that state route 167 provides an ideal test of the high-occupancy toll lane concept because it is a congested corridor, it has underused capacity in the high-occupancy vehicle lane, and it has adequate right of way for improvements needed to test the concept. Therefore, it is the intent of this act to direct that the department of transportation, as a pilot project, develop and operate a high-occupancy toll lane on state route 167 in King county and to conduct an evaluation of that project to determine impacts on freeway efficiency, effectiveness for transit, feasibility of financing improvements through tolls, and the impacts on freeway users.

NEW SECTION. Sec. 2. A new section is added to chapter 47.56 RCW to read as follows:
DEFINITION OF HIGH-OCCUPANCY TOLL LANES. For the purposes of RCW 46.61.165 and sections 3 and 4 of this act, "high-occupancy toll lanes" means one or more lanes of a highway that charges tolls as a means of regulating access to or the use of the facility, to maintain travel speed and reliability. Supporting facilities include, but are not limited to, approaches, enforcement areas, improvements, buildings, and equipment.

NEW SECTION. Sec. 3. A new section is added to chapter 47.56 RCW to read as follows:
AUTHORITY TO DESIGNATE STATE ROUTE 167 HIGH-OCCUPANCY TOLL LANE PILOT PROJECT. (1) The department may provide for the establishment, construction, and operation of a pilot project of high-occupancy toll lanes on state route 167 high-occupancy vehicle lanes within King county. The department may issue, buy, and redeem bonds, and deposit and expend them; secure and remit financial and other assistance in the construction of high-occupancy toll lanes, carry insurance, and handle any other matters pertaining to the high-occupancy toll lane pilot project.

(2) Tolls for high-occupancy toll lanes will be established as follows:
(a) The schedule of toll charges for high-occupancy toll lanes must be established by the transportation commission and collected in a manner determined by the commission.
(b) Toll charges shall not be assessed on transit buses and vanpool vehicles owned or operated by any public agency.
(c) The department shall establish performance standards for the state route 167 high-occupancy toll lane pilot project. The department must automatically adjust the toll charge, using dynamic tolling, to ensure that toll-paying single-occupant vehicle users are only permitted to enter the lane to the extent that average vehicle speeds in the lane remain above forty-five miles per hour at least ninety percent of the time during peak hours. The toll charge may vary in amount by time of day, level of traffic congestion within the highway facility, vehicle occupancy, or other criteria, as the commission may deem appropriate. The commission may also vary toll charges for single-occupant inherently low-emission vehicles such as those powered by electric batteries, natural gas, propane, or other clean burning fuels.
(d) The commission shall periodically review the toll charges to determine if the toll charges are effectively maintaining travel time, speed, and reliability on the highway facilities.

(3) The department shall monitor the state route 167 high-occupancy toll lane pilot project and shall annually report to the transportation commission and the legislature on operations and findings. At a minimum, the department shall provide facility use data and review the impacts on:
(a) Freeway efficiency and safety;
(b) Effectiveness for transit;
(c) Person and vehicle movements by mode;
(d) Ability to finance improvements and transportation services through tolls; and
(e) The impacts on all highway users. The department shall analyze aggregate use data and conduct, as needed, separate surveys to assess usage of the facility in relation to geographic, socioeconomic, and demographic information within the corridor in order to ascertain actual and perceived questions of equitable use of the facility.

(4) The department shall modify the pilot project to address identified safety issues and mitigate negative impacts to high-occupancy vehicle lane users.

(5) Authorization to impose high-occupancy vehicle tolls for the state route 167 high-occupancy toll pilot project expires if either of the following two conditions apply:
   (a) If no contracts have been let by the department to begin construction of the toll facilities associated with this pilot project within four years of the effective date of this section; or
   (b) Four years after toll collection begins under this section.

(6) The department of transportation shall adopt rules that allow automatic vehicle identification transponders used for electronic toll collection to be compatible with other electronic payment devices or transponders from the Washington state ferry system, other public transportation systems, or other toll collection systems to the extent that technology permits.

(7) The conversion of a single existing high-occupancy vehicle lane to a high-occupancy toll lane as proposed for SR-167 must be taken as the exception for this pilot project.

(8) A violation of the lane restrictions applicable to the high-occupancy toll lanes established under this section is a traffic infraction.

(9) Procurement activity associated with this pilot project shall be open and competitive in accordance with chapter 39.29 RCW.

NEW SECTION. Sec. 4. A new section is added to chapter 47.66 RCW to read as follows:

The high-occupancy toll lanes operations account is created in the state treasury. The department shall deposit all revenues received by the department as toll charges collected from high-occupancy toll lane users. Moneys in this account may be spent only if appropriated by the legislature. Moneys in this account may be used for, but be not limited to, debt service, planning, administration, construction, maintenance, operation, repair, rebuilding, enforcement, and expansion of high-occupancy toll lanes and to increase transit, vanpool and carpool, and trip reduction services in the corridor. A reasonable proportion of the moneys in this account must be dedicated to increase transit, vanpool, carpool, and trip reduction services in the corridor.

MESSAGE FROM THE SENATE

April 7, 2005

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1189, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) It is the intent of the legislature that each county establish a veterans' assistance program to benefit indigent veterans and their families. These programs must be funded, at least in part, by veterans' assistance funds. The legislature intends also for each county to establish a veterans' advisory board responsible for advising the county legislative authority on needed and appropriate assistance programs for local indigent veterans and their families. Recognizing the valuable insight and perspectives that veterans offer, it is the intent of the legislature that each board be comprised entirely of veterans.

(2) The legislature recognizes that ongoing veterans' relief or assistance programs in some areas of the state have provided meaningful assistance to indigent veterans and family members. The legislature further recognizes that veterans' service organizations have traditionally been the initial point of contact for indigent veterans and family members seeking assistance. In recognition of these factors, the legislature intends to authorize, upon the satisfaction of certain administrative requirements, existing veterans' relief or assistance programs to continue providing needed and effective assistance to indigent veterans and their families.

(3) The legislature recognizes that counties respond to the needs of indigent veterans and family members in the manner most appropriate to the needs and resources of the county. The legislature intends for the provisions of this act to facilitate the effective use of assistance funds through efficient model programs that benefit veterans and family members experiencing financial hardships.

(4) It is the policy of the state of Washington that bias shall not play a role in the distribution of the veterans' assistance fund.

NEW SECTION. Sec. 2. A new section is added to chapter 73.08 RCW to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Direct costs" includes those allowable costs that can be readily assigned to the statutory objectives of this chapter, consistent with the cost principles promulgated by the federal office of management and budget in circular No. A-87, dated May 10, 2004.

(2) "Family" means the spouse, widow, widower, and dependent children of a living or deceased veteran.

(3) "Indigent" means a person who is defined as such by the county legislative authority using one or more of the following definitions:

(a) Receiving one of the following types of public assistance: Temporary assistance for needy families, general assistance, poverty-related veterans' benefits, food stamps or food stamp benefits transferred electronically, refugee resettlement benefits, medicaid, or supplemental security income;

(b) Receiving an annual income, after taxes, of up to one hundred fifty percent or less of the current federally established poverty level, or receiving an annual income not exceeding a higher qualifying income established by the county legislative authority; or
(c) Unable to pay reasonable costs for shelter, food, utilities, and transportation because his or her available funds are insufficient.

(4) "Indirect costs" includes those allowable costs that are generally associated with carrying out the statutory objectives of this chapter, but the identification and tracking of those costs cannot be readily assigned to a specific statutory objective without an accounting effort that is disproportionate to the benefit received. A county legislative authority may allocate allowable indirect costs to its veterans' assistance fund if it is accomplished in a manner consistent with the cost principles promulgated by the federal office of management and budget in circular No. A-87, dated May 10, 2004.

(5) "Veteran" has the same meaning as defined in RCW 41.04.005 and 41.04.007.

(6) "Veterans' advisory board" means a board established by a county legislative authority under the authority of section 4 of this act.

(7) "Veterans' assistance fund" means an account in the custody of the county auditor, or the chief financial officer in a county operating under a charter, that is funded by taxes levied under the authority of RCW 73.08.080.

(8) "Veterans' assistance program" means a program approved by the county legislative authority under the authority of RCW 73.08.010 that is fully or partially funded by the veterans' assistance fund authorized by RCW 73.08.080.

**Sec. 3.** RCW 73.08.010 and 2002 c 292 s 7 are each amended to read as follows:

(1) For the relief of indigent (and suffering) veterans (as defined in RCW 41.04.007 and), their families (or), and the families of (those) deceased indigent veterans, (who need assistance in any city, town or precinct in this state,) the legislative authority of (the) each county (in which the city, town or precinct is situated shall provide such sum or sums of money as may be necessary, to be drawn upon by the commander and quartermaster, or commander and adjutant or commander and service officer of any post, camp or chapter of any national organization of veterans now, or which may hereafter be chartered by an act of congress in the city or town upon recommendation of the relief committee of said post, camp or chapter. PROVIDED, Said veteran or the families of those deceased are and have been residents of the state for at least twelve months, and the orders of said commander and quartermaster, or commander and adjutant or commander and service officer shall be the proper voucher for the expenditure of said sum or sums of money) shall establish a veterans' assistance program to address the needs of local indigent veterans and their families. The county legislative authority shall consult with and solicit recommendations from the veterans' advisory board established under section 4 of this act to determine the appropriate services needed for local indigent veterans. Veterans' assistance programs shall be funded, at least in part, by the veterans' assistance fund created under the authority of RCW 73.08.080.

(2) The county legislative authority may authorize other entities to administer a veterans' assistance program or programs through grants, contracts, or interlocal agreements. If the county legislative authority authorizes another entity to administer a veterans' assistance program or programs, the terms of the grant, contract, or interlocal agreement must, for each program, specify:

(a) The details of the program;

(b) The responsibilities of all parties;

(c) The duration of the program;

(d) The costs and sources of funding;

(e) Any insurance or bond requirements;

(f) The format and frequency of progress and final reports; and

(g) Any other information deemed necessary or appropriate by either party.

(3) If the county legislative authority authorizes another entity to administer a veterans' assistance program or programs, the authorized entity should, to the extent feasible and consistent with this chapter, ensure that a local branch of a nationally recognized veterans' service organization is the initial point of contact for a veteran or family member seeking assistance.

(4) Nothing in this section shall prohibit or be construed as prohibiting a county from authorizing the continued operation of a veterans' relief or assistance program or programs existing on January 1, 2005, if the authorizing legislative authority:

(a) Solicits advice from the veterans' advisory board established in section 4 of this act; and

(b) Satisfies the grant, contractual, or interlocal agreement requirements of subsection (2) of this section.

**NEW SECTION.** Sec. 4. A new section is added to chapter 73.08 RCW to read as follows:

(1) The legislative authority for each county must establish a veterans' advisory board. Upon its establishment, the board shall advise the county legislative authority on the needs of local indigent veterans, the resources available to local indigent veterans, and programs that could benefit the needs of local indigent veterans and their families.
(2) The county legislative authority must solicit representatives from either local branches of nationally recognized veterans' service organizations or the veterans' community at large, or both, to serve on the board. No fewer than a majority of the board members shall be members from nationally recognized veterans' service organizations and only veterans are eligible to serve as board members.

(3) Service on the board is voluntary. The county legislative authority may provide for reimbursement to board members for expenses incurred.

Sec. 5. RCW 73.08.070 and 2002 c 292 s 9 are each amended to read as follows:

(1) The legislative authority (for each county) shall designate a proper authority (other than the one designated by law for the care of paupers and the custody of criminals who shall cause to be interred) to be responsible, at the expense of the county (the body of any honorably discharged veterans as defined in RCW 41.04.007 and the wives, husbands, minor children, widows or widowers of such veterans, who shall hereafter die), for the burial or cremation of any deceased indigent veteran or deceased family member of an indigent veteran who died without leaving means sufficient to defray funeral expenses (and when requested so to do by the commanding officer of any post, camp or chapter of any national organization of veterans now, or which may hereafter be, chartered by an act of congress or the relief committee of any such posts, camps or chapters: PROVIDED, HOWEVER, That such interment shall not cost more than $125). The costs of such a burial or cremation may not exceed the limit established by the county legislative authority nor be less than three hundred dollars.

(2) If the deceased has relatives or friends who desire to conduct the burial or cremation of such deceased person, then (upon request of said commander or relief committee) a sum not to exceed the limit established by the county legislative authority nor less than three hundred dollars shall be paid to the relatives or friends by the county auditor, or by the chief financial officer in a county operating under a charter. Payment shall be made to the relatives or friends upon presenting to the auditor or chief financial officer due proof of the death (and burial ((of any person provided for by this section and proof of expenses incurred))) or cremation, and expenses incurred.

(3) Expenses incurred for the burial or cremation of a deceased indigent veteran or the deceased family member of an indigent veteran as provided by this section shall be paid from the veterans' assistance fund authorized by RCW 73.08.080.

Sec. 6. RCW 73.08.080 and 1985 c 181 s 2 are each amended to read as follows:

(1) The legislative (for the several counties in this state) authority in each county shall levy, in addition to the taxes now levied by law, a tax in a sum equal to the amount which would be raised by not less than one and one-eighth cents per thousand dollars of assessed value, and not greater than twenty-seven cents per thousand dollars of assessed value against the taxable property of their respective counties, to be levied and collected as now prescribed by law for the assessment and collection of taxes, for the purpose of creating a veterans' assistance fund ((for the relief of honorably discharged veterans defined in RCW 41.04.005 and the indigent wives, husbands, widows, widowers and minor children of such indigent deceased veterans, to be disbursed for such relief by such county legislative authority: PROVIDED, That if)). The direct and indirect costs incurred in the administration of the veterans' assistance fund shall be computed by the county auditor, or the chief financial officer in a county operating under a charter, not less than annually (and such amount). MESSAGE FROM THE SENATE

April 14, 2005

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1281, with the following amendment:
Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) It is the intent of the legislature to assist children in the care of kin to access appropriate medical services. Children being raised by kin have faced barriers to medical care because their kinship caregivers have not been able to verify that they are the identified primary caregivers of these children. Such barriers pose an especially significant challenge to kinship caregivers in dealing with health professionals when children are left in their care.

(2) It is the intent of the legislature to assist kinship caregivers in accessing appropriate medical care to meet the needs of a child in their care by permitting such responsible adults who are providing care to a child to give informed consent to medical care.

Sec. 2. RCW 7.70.065 and 2003 c 283 s 29 are each amended to read as follows:

(1) Informed consent for health care for a patient who is not competent, as defined in RCW 11.88.010(1)(e), to consent may be obtained from a person authorized to consent on behalf of such patient.

(a) Persons authorized to provide informed consent to health care on behalf of a patient who is not competent to consent, based upon a reason other than incapacity as defined in RCW 11.88.010(1)(d), shall be a member of one of the following classes of persons in the following order of priority:

(i) The appointed guardian of the patient, if any;
(ii) The individual, if any, to whom the patient has given a durable power of attorney that encompasses the authority to make health care decisions;
(iii) The patient's spouse;
(iv) Children of the patient who are at least eighteen years of age;
(v) Parents of the patient; and
(vi) Adult brothers and sisters of the patient.

(b) If the health care provider seeking informed consent for proposed health care of the patient who is not competent to consent under RCW 11.88.010(1)(e), other than a person determined to be incapacitated because he or she is under the age of majority and who is not otherwise authorized to provide informed consent, makes reasonable efforts to locate and secure authorization from a competent person in the first or succeeding class and finds no such person available, authorization may be given by any person in the next class in the order of descending priority. However, no person under this section may provide informed consent to health care:

(i) If a person of higher priority under this section has refused to give such authorization; or
(ii) If there are two or more individuals in the same class and the decision is not unanimous among all available members of that class.

(c) Before any person authorized to provide informed consent on behalf of a patient not competent to consent under RCW 11.88.010(1)(e), other than a person determined to be incapacitated because he or she is under the age of majority and who is not otherwise authorized to provide informed consent, exercises that authority, the person must first determine in good faith that that patient, if competent, would consent to the proposed health care. If such a determination cannot be made, the decision to consent to the proposed health care may be made only after determining that the proposed health care is in the patient's best interests.

(2) Informed consent for health care for a patient who is not competent, as defined in RCW 11.88.010(1)(e), because he or she is under the age of majority and who is not otherwise authorized to provide informed consent, may be obtained from a person authorized to consent on behalf of such a patient.

(a) Persons authorized to provide informed consent to health care on behalf of a patient who is incapacitated, as defined in RCW 11.88.010(1)(e), because he or she is under the age of majority and who is not otherwise authorized to provide informed consent, shall be a member of one of the following classes of persons in the following order of priority:

(i) The appointed guardian, or legal custodian authorized pursuant to Title 26 RCW, of the minor patient, if any;
(ii) A person authorized by the court to consent to medical care for a child in out-of-home placement pursuant to chapter 13.32A or 13.34 RCW, if any;
(iii) Parents of the minor patient;
(iv) The individual, if any, to whom the minor's parent has given a signed authorization to make health care decisions for the minor patient; and
(v) A competent adult representing himself or herself to be a relative responsible for the health care of such minor patient or a competent adult who has signed and dated a declaration under penalty of perjury pursuant to RCW 9A.72.085 stating that the adult person is a relative responsible for the health care of the minor patient. Such declaration shall be effective for up to six months from the date of the declaration.
(b) A health care provider may, but is not required to, rely on the representations or declaration of a person claiming to be a relative responsible for the care of the minor patient, under (a)(v) of this subsection, if the health care provider does not have actual notice of the falsity of any of the statements made by the person claiming to be a relative responsible for the health care of the minor patient.

(c) A health care facility or a health care provider may, in its discretion, require documentation of a person's claimed status as being a relative responsible for the health care of the minor patient. However, there is no obligation to require such documentation.

(d) The health care provider or health care facility where services are rendered shall be immune from suit in any action, civil or criminal, or from professional or other disciplinary action when such reliance is based on a declaration signed under penalty of perjury pursuant to RCW 9A.72.085 stating that the adult person is a relative responsible for the health care of the minor patient under (a)(v) of this subsection.

(3) For the purposes of this section, "health care provider" and "health care facility" shall be defined as established in RCW 70.02.010.

In addition, the destroyed mobile home must be removed from the assessment rolls of the county and any outstanding taxes on the destroyed mobile home must be removed by the county treasurer.

(2) A special permit issued as provided in subsection (1) of this section for the movement of any mobile home or a park model trailer that is assessed for purposes of property taxes shall not be valid until the county treasurer of the county in which the mobile home or park model trailer is located shall endorse or attach his or her certificate that all property taxes which are a lien or which are delinquent, or both, upon the mobile home or park model trailer being moved have been satisfied. Further, any mobile home or park model trailer required to have a special movement permit under this section shall display an easily recognizable decal. However, endorsement or certification by the county treasurer and the display of the decal is not required:

The rules shall be reasonably consistent with recognized and accepted principles of safety for body and frame design and plumbing, heating, and electrical installations, in order to protect the health and safety of the people of this state from dangers inherent in the use of substandard and unsafe body and frame design, construction, plumbing, heating, electrical, and other equipment and shall correlate with and, so far as practicable, conform to the then current standards and specifications of the American National Standards Institute standards A119.1 for mobile homes and commercial coaches, A119.2 for recreational vehicles, and A119.5 for park trailers.

In case of objection, the department shall proceed under the rule making procedure of chapter 34.05 RCW.

(2) The department shall adopt rules with respect to manufactured homes that require the prior written approval of the department before changes or alterations may be made to a manufactured home that differ from the construction standards provided for in this section.

(3) For purposes of implementing this section, by January 1, 2006, the department shall adopt requirements for manufactured homes built before June 15, 1976.

(4) Except as provided in RCW 43.22.436, it is unlawful for any person to lease, sell, or offer for sale, within this state, a manufactured home unless the home meets the requirements of the rules provided for in this section.

Sec. 5. RCW 59.21.021 and 2002 c 257 s 2 are each amended to read as follows:

The department shall give priority for distribution of relocation assistance to tenants residing in parks that are closed as a result of park-owner fraud or as a result of health and safety concerns as determined by the local board of health. Payments shall be made upon the department's verification of eligibility, subject to the availability of remaining funds. Eligibility for relocation assistance funds is limited to low-income households. As used in this section, "low-income household" means a single person, family, or unrelated persons living together whose adjusted income is less than eighty percent of the median family income, adjusted for household size, for the county where the mobile or manufactured home is located.

(2) Assistance for closures occurring after December 31, 1995, is limited to persons who maintain ownership of and relocate their mobile home or who dispose of a home not relocatable to a new site.

(3) Persons who removed and disposed of their mobile home or maintained ownership of and relocated their mobile homes are entitled to reimbursement of actual relocation expenses up to (seven) twelve thousand dollars for a double-wide home and up to (three) seven thousand five hundred dollars for a single-wide home.

(4) Any individual or organization may apply to receive funds from the mobile home park relocation fund, for use in combination with funds from public or private sources, toward relocation of tenants eligible under this section. Funds received from the mobile home park relocation fund shall only be used for relocation assistance expenses or other mobile/manufactured home ownership expenses, that include down payment assistance, if the owners are not planning to relocate their mobile home as long as their original home is removed from the park."

**MESSAGE FROM THE SENATE**

April 12, 2005

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1402, with the following amendment:

Strike everything after the enacting clause and insert the following:

*NEW SECTION. Sec. 1. A new section is added to chapter 9.94A RCW to read as follows:*

(1) The department may supervise nonfelony offenders transferred to Washington pursuant to RCW 9.94A.745, the interstate compact for adult offender supervision, and shall supervise these offenders according to the provisions of this chapter.

(2) The department shall process applications for interstate transfer of felony and nonfelony offenders pursuant to RCW 9.94A.745, the interstate compact for adult offender supervision, and may charge offenders a reasonable fee for processing the application.

Sec. 2. RCW 9.95.204 and 1996 c 298 s 1 are each amended to read as follows:

(1) When a superior court places a defendant convicted of a misdemeanor or gross misdemeanor on probation and orders supervision under RCW 9.92.060 or 9.95.210, the department of corrections has initial responsibility for supervision of that defendant.

(2) A county legislative authority may assume responsibility for the supervision of all defendants within its jurisdiction who have been convicted of a misdemeanor or gross misdemeanor and sentenced to probation by a superior court. The assumption of responsibility shall be made by contract with the department of corrections on a biennial basis.
(3) If a county assumes supervision responsibility, the county shall supervise all superior court misdemeanor probationers within that county for the duration of the biennium, as set forth in the contract with the department of corrections.

(4) A contract between a county legislative authority and the department of corrections for the transfer of supervision responsibility must include, at a minimum, the following provisions:
   (a) The county's agreement to supervise all misdemeanor probationers who are sentenced by a superior court within that county and who reside within that county;
   (b) A reciprocal agreement regarding the supervision of superior court misdemeanor probationers sentenced in one county but who reside in another county;
   (c) The county's agreement to comply with the minimum standards for classification and supervision of offenders as required under RCW 9.95.206;
   (d) The amount of funds available from the department of corrections to the county for supervision of superior court misdemeanor probationers, calculated according to a formula established by the department of corrections;
   (e) A method for the payment of funds by the department of corrections to the county;
   (f) The county's agreement that any funds received by the county under the contract will be expended only to cover costs of supervision of superior court misdemeanor probationers;
   (g) The county's agreement to account to the department of corrections for the expenditure of all funds received under the contract and to submit to audits for compliance with the supervision standards and financial requirements of this section;
   (h) Provisions regarding rights and remedies in the event of a possible breach of contract or default by either party; and
   (i) Provisions allowing for voluntary termination of the contract by either party, with good cause, after sixty days' written notice.

(5) If the contract between the county and the department of corrections is terminated for any reason, the department of corrections shall reassume responsibility for supervision of superior court misdemeanor probationers within that county. In such an event, the department of corrections retains any and all rights and remedies available by law and under the contract.

(6) The state of Washington, the department of corrections and its employees, community corrections officers, and volunteers who assist community corrections officers are not liable for any harm caused by the actions of a superior court misdemeanor probationer who is under the supervision of a county. A county, its probation department and employees, probation officers, and volunteers who assist probation officers are not liable for any harm caused by the actions of a superior court misdemeanor probationer who is under the supervision of the department of corrections. This subsection applies regardless of whether the supervising entity is in compliance with the standards of supervision at the time of the misdemeanor probationer's actions.

(7) The state of Washington, the department of corrections and its employees, community corrections officers, any county under contract with the department of corrections pursuant to this section and its employees, probation officers, and volunteers who assist community corrections officers and probation officers in the superior court misdemeanor probation program are not liable for civil damages resulting from any act or omission in the rendering of superior court misdemeanor probation activities unless the act or omission constitutes gross negligence. For purposes of this section, "volunteers" is defined according to RCW 51.12.035.

(8)(a) If a misdemeanor probationer requests permission to travel or transfer to another state, the assigned probation officer employed or contracted for by the county shall determine whether such request is subject to RCW 9.94A.745, the interstate compact for adult offender supervision. If such request is subject to the compact, the probation officer shall:
   (i) Notify the department of corrections of the probationer's request;
   (ii) Provide the department of corrections with the supporting documentation it requests for processing an application for transfer;
   (iii) Notify the probationer of the fee due to the department of corrections for processing an application under the compact;
   (iv) Cease supervision of the probationer while another state supervises the probationer pursuant to the compact;
   (v) Resume supervision if the probationer returns to this state before the term of probation expires.
   (b) The probationer shall receive credit for time served while being supervised by another state.

Sec. 3. RCW 9.95.214 and 1996 c 298 s 4 are each amended to read as follows:

Whenever a defendant convicted of a misdemeanor or gross misdemeanor is placed on probation under RCW 9.92.060 or 9.95.210, and the defendant is supervised by the department of corrections or a county probation department, the department or county probation department may assess and collect from the defendant for the duration of the term of supervision a monthly assessment not to exceed one hundred dollars per month. This assessment shall be paid to the agency supervising the defendant and shall be applied, along with funds appropriated by the legislature, toward the payment or part payment of the cost of
supervising the defendant. The department or county probation department shall suspend such assessment while the defendant is being supervised by another state pursuant to RCW 9.94A.745, the interstate compact for adult offender supervision.

**NEW SECTION.** Sec. 4. A new section is added to chapter 3.66 RCW to read as follows:

(1) If a person placed on probation for one year or more for a misdemeanor or gross misdemeanor by a district court requests permission to travel or transfer to another state, the assigned probation officer shall determine whether such request is subject to RCW 9.94A.745, the interstate compact for adult offender supervision. If such request is subject to the compact, the probation officer shall:

(a) Notify the department of corrections of the probationer's request;
(b) Provide the department of corrections with the supporting documentation it requests for processing an application for transfer;
(c) Notify the probationer of the fee due to the department of corrections for processing an application under the compact;
(d) Cease supervision of the probationer while another state supervises the probationer pursuant to the compact;
(e) Resume supervision if the probationer returns to this state before the term of probation expires.

(2) The probationer shall receive credit for time served while being supervised by another state.

(3) If the probationer is returned to the state at the request of the receiving state under rules of the interstate compact for adult offender supervision, the department of corrections is responsible for the cost of returning the probationer.

(4) The state of Washington, the department of corrections and its employees, and any county and its employees are not liable for civil damages resulting from any act or omission authorized or required under this section unless the act or omission constitutes gross negligence.

**Sec. 5.** RCW 35.20.255 and 2001 c 94 s 3 are each amended to read as follows:

(1) Judges of the municipal court, in their discretion, shall have the power in all criminal proceedings within their jurisdiction including violations of city ordinances, to defer imposition of any sentence, suspend all or part of any sentence including installment payment of fines, fix the terms of any such deferral or suspension, and provide for such probation as in their opinion is reasonable and necessary under the circumstances of the case, but in no case shall it extend for more than five years from the date of conviction for a defendant to be sentenced under RCW 46.61.5055 and two years from the date of conviction for all other offenses. A defendant who has been sentenced, or whose sentence has been deferred, and who then fails to appear for any hearing to address the defendant's compliance with the terms of probation when ordered to do so by the court, shall have the term of probation tolled until such time as the defendant makes his or her presence known to the court on the record. However, the jurisdiction period in this section does not apply to the enforcement of orders issued under RCW 46.20.720. Any time before entering an order terminating probation, the court may modify or revoke its order suspending or deferring the imposition or execution of the sentence.

(2)(a) If a defendant whose sentence has been deferred requests permission to travel or transfer to another state, the director of probation services or a designee thereof shall determine whether such request is subject to RCW 9.94A.745, the interstate compact for adult offender supervision. If such request is subject to the compact, the director or designee shall:

(i) Notify the department of corrections of the defendant's request;
(ii) Provide the department of corrections with the supporting documentation it requests for processing an application for transfer;
(iii) Notify the defendant of the fee due to the department of corrections for processing an application under the compact;
(iv) Cease supervision of the defendant while another state supervises the defendant pursuant to the compact;
(v) Resume supervision if the defendant returns to this state before the period of deferral expires.
(b) The defendant shall receive credit for time served while being supervised by another state.
(c) If the probationer is returned to the state at the request of the receiving state under rules of the interstate compact for adult offender supervision, the department of corrections is responsible for the cost of returning the probationer.
(d) The state of Washington, the department of corrections and its employees, and any city and its employees are not liable for civil damages resulting from any act or omission authorized or required under this section unless the act or omission constitutes gross negligence.

**NEW SECTION.** Sec. 6. A new section is added to chapter 3.50 RCW to read as follows:

(1) If a person placed on probation for one year or more for a misdemeanor or gross misdemeanor by a municipal court requests permission to travel or transfer to another state, the assigned probation officer shall determine whether such request is
subject to RCW 9.94A.745, the interstate compact for adult offender supervision. If such request is subject to the compact, the
probation officer shall:
   (a) Notify the department of corrections of the probationer's request;
   (b) Provide the department of corrections with the supporting documentation it requests for processing an application
for transfer;
   (c) Notify the probationer of the fee due to the department of corrections for processing an application under the
compact;
   (d) Cease supervision of the probationer while another state supervises the probationer pursuant to the compact;
   (e) Resume supervision if the probationer returns to this state before the term of probation expires.
(2) The probationer shall receive credit for time served while being supervised by another state.
(3) If the probationer is returned to the state at the request of the receiving state under rules of the interstate compact for
adult offender supervision, the department of corrections is responsible for the cost of returning the probationer.
(4) The state of Washington, the department of corrections and its employees, and any city and its employees are not
liable for civil damages resulting from any act or omission authorized or required under this section unless the act or omission
constitutes gross negligence.

Sec. 7.  RCW 10.64.120 and 1996 c 298 s 6 are each amended to read as follows:
(1) Every judge of a court of limited jurisdiction shall have the authority to levy upon a person a monthly assessment
not to exceed one hundred dollars for services provided whenever the person is referred by the court to the misdemeanant
probation department for evaluation or supervision services. The assessment may also be made by a judge in superior court when
such misdemeanor or gross misdemeanor cases are heard in the superior court.
(2) For the purposes of this section the office of the administrator for the courts shall define a probation department and
adopt rules for the qualifications of probation officers based on occupational and educational requirements developed by an
oversight committee. This oversight committee shall include a representative from the district and municipal court judges
association, the misdemeanant corrections association, the office of the administrator for the courts, and associations of cities and
counties. The oversight committee shall consider qualifications that provide the training and education necessary to (a) conduct
presentencing and postsentencing background investigations, including sentencing recommendations to the court regarding jail
terms, alternatives to incarceration, and conditions of release; and (b) provide ongoing supervision and assessment of offenders' needs and the risk they pose to the community.
(3) It shall be the responsibility of the probation services office to implement local procedures approved by the court of
limited jurisdiction to ensure collection and payment of such fees into the general fund of the city or county treasury.
(4) Revenues raised under this section shall be used to fund programs for probation services and shall be in addition to
those funds provided in RCW 3.62.050.
(5) Assessments and fees levied upon a probationer under this section must be suspended while the probationer is being
supervised by another state under RCW 9.94A.745, the interstate compact for adult offender supervision.

NEW SECTION.  Sec. 8.  This act applies to offenders sentenced before, on, or after the effective date of this act.

NEW SECTION.  Sec. 9.  This act is necessary for the immediate preservation of the public peace, health, or safety, or

In many cases, these children have witnessed the arrest of a parent, face unstable living arrangements and multiple school placements, live under financial hardship, and experience the social stigma associated with their parents' incarceration. As a result of these factors, children of incarcerated parents are at risk for poor academic achievement, substance abuse, and delinquency and criminal activity that can lead to their own incarceration.

The legislature intends to support children in the state whose parents are incarcerated by encouraging the state agencies involved with families of individuals who are incarcerated to coordinate and expand existing services for these families in order to improve the well-being of children of incarcerated parents both over the short term and the long term.

NEW SECTION. Sec. 2. (d) Identification of evidence-based practices and areas for further research to support the long-term provision of services and programs for children whose parents are incarcerated, including the following:

(i) Identification and ongoing collection of data relating to incarcerated individuals in the state who have children under eighteen years of age; and

(ii) Identification and sharing of information relating to children of incarcerated parents who are involved in the juvenile justice or child welfare systems, to the extent permissible under state and federal law."

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1605, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that state and local agencies are currently implementing actions to reduce children's exposure to soils that contain hazardous substances. The legislature further finds that it is in the public interest to enhance those efforts in western Washington in areas located within the central Puget Sound smelter plume.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Area-wide soil contamination" means low to moderate arsenic and lead soil contamination dispersed over a large geographic area.
(2) "Child care facility" means a child day-care center or a family day-care provider as those terms are defined under RCW 74.15.020.
(3) "Department" means the department of ecology.
(4) "Director" means the director of the department of ecology.
(5) "Low to moderate soil contamination" means low level arsenic or lead concentrations where a child's exposure to soil contamination at a school or a child care facility may be reduced through best management practices.
(6) "School" means a public or private kindergarten, elementary, or secondary school.

NEW SECTION. Sec. 3. (1) The department, in cooperation with the department of social and health services, the department of health, the office of the superintendent of public instruction, and local health districts, shall assist schools and child care facilities west of the crest of the Cascade mountains to reduce the potential for children's exposure to area-wide soil contamination.

(2) The department shall:
(a) Identify schools and child care facilities that are located within the central Puget Sound smelter plume based on available information;
(b) Conduct qualitative evaluations to determine the potential for children's exposure to area-wide soil contamination;
(c) If the qualitative evaluation determines that children may be routinely exposed to area-wide soil contamination at a property, conduct soil samples at that property by December 31, 2009; and
(d) If soil sample results confirm the presence of area-wide soil contamination, notify schools and child care facilities regarding the test results and the steps necessary for implementing best management practices.
(3) If a school or a child care facility with area-wide soil contamination does not implement best management practices within six months of receiving written notification from the department, the superintendent or board of directors of a school or the owner or operator of a child care facility must notify parents and guardians in writing of the results of soil tests. The written notice shall be prepared by the department.

(4) The department shall recognize schools and child care facilities that successfully implement best management practices with a voluntary certification letter confirming that the facility has successfully implemented best management practices.

(5) Schools and child care facilities must work with the department to provide the department with site access for soil sampling at times that are the most convenient for all parties.

NEW SECTION. Sec. 4. (1) The department shall assist schools and owners and operators of child care facilities located within the central Puget Sound smelter plume. Such assistance may include the following:
(a) Technical assistance in conducting qualitative evaluations to determine where area-wide soil contamination exposures could occur;

(c) Technical and financial assistance to implement best management practices.

(2) The department shall develop best management practice guidelines for schools and day care facilities with area-wide soil contamination. The guidelines shall recommend a range of methods for reducing exposure to contaminated soil, considering the concentration, extent, and location of contamination and the nature and frequency of child use of the area.

(3) The department shall develop a grant program to assist schools and child care facilities with implementing best management practices.
(4) The department, within available funds, may provide grants to schools and child care facilities for the purpose of implementing best management practices.

(5) The department, within available funds, may provide financial assistance to the department of health and the department of social and health services to implement this chapter.

(6) The department may, through an interagency agreement, authorize a local health jurisdiction to administer any activity in this chapter that is otherwise not assigned to a local health jurisdiction by this chapter.

(7) The department shall evaluate actions to reduce child exposure to contaminated soils and submit progress reports to the governor and to the appropriate committees of the legislature by December 31, 2006, and December 31, 2008.

NEW SECTION. Sec. 5. The department of health shall assist the department in implementing this chapter, including but not limited to developing best management practices and guidelines.

NEW SECTION. Sec. 6. The department of social and health services shall assist the department by providing information on the location of child care facilities and contacts for these facilities.

NEW SECTION. Sec. 7. This chapter does not apply to land devoted primarily to the commercial production of livestock or agricultural commodities.

NEW SECTION. Sec. 9. Sections 1 through 8 of this act constitute a new chapter in Title 70 RCW.

NEW SECTION. Sec. 10. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2005, in the omnibus appropriations act, this act is null and void."

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1631, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1.  RCW 84.34.230 and 1995 c 318 s 8 are each amended to read as follows:
Conservation futures are a useful tool for counties to preserve lands of public interest for future generations. Counties are encouraged to use some conservation futures as one tool for salmon preservation purposes.

For the purpose of acquiring conservation futures (as well as) and other rights and interests in real property pursuant to RCW 84.34.210 and 84.34.220, and for maintaining and operating any property acquired with these funds, a county may levy an amount not to exceed six and one-quarter cents per thousand dollars of assessed valuation against the assessed valuation of all taxable property within the county. The limitations in RCW 84.52.043 shall not apply to the tax levy authorized in this section. Any rights or interests in real property acquired under this section after the effective date of this section must be located within the assessing county. Further, the county must determine if the rights or interests in real property acquired with these funds would reduce the capacity of land suitable for development necessary to accommodate the allocated housing and employment growth, as adopted in the countywide planning policies. When actions are taken that reduce capacity to accommodate planned growth, the jurisdiction shall adopt reasonable measures to increase the capacity lost by such actions.

Sec. 2.  RCW 84.34.240 and 1971 ex.s. c 243 s 5 are each amended to read as follows:
Conservation futures are a useful tool for counties to preserve lands of public interest for future generations. Counties are encouraged to use some conservation futures as one tool for salmon preservation purposes.

(1) Any board of county commissioners may establish by resolution a special fund which may be termed a conservation futures fund to which it may credit all taxes levied pursuant to RCW 84.34.230. Amounts placed in this fund may be used (solely) for the purpose of acquiring rights and interests in real property pursuant to the terms of RCW 84.34.210 and 84.34.220, and for the maintenance and operation of any property acquired with these funds. The amount of revenue used for maintenance and operations of parks and recreational land may not exceed fifteen percent of the total amount collected from the tax levied under RCW 84.34.230 in the preceding calendar year. Revenues from this tax may not be used to supplant existing maintenance and operation funding. Any rights or interests in real property acquired under this section must be located within the assessing county. Further, the county must determine if the rights or interests in real property acquired with these funds would reduce the capacity of land suitable for development necessary to accommodate the allocated housing and employment growth, as adopted in the countywide planning policies. When actions are taken that reduce capacity to accommodate planned growth, the jurisdiction shall adopt reasonable measures to increase the capacity lost by such actions.

(2) In counties greater than one hundred thousand in population, the board of county commissioners or county legislative authority shall develop a process to help ensure distribution of the tax levied under RCW 84.34.230, over time, throughout the county.

(3)(a) Between the effective date of this section and July 1, 2008, the county legislative authority of a county with a population density of fewer than four persons per square mile may enact an ordinance offering a ballot proposal to the people of the county to determine whether or not the county legislative authority may make a one-time emergency reallocation of unspent conservation futures funds to pay for other county government purposes, where such conservation futures funds were originally levied under RCW 84.34.230 but never spent to acquire rights and interests in real property.
(b) Upon adoption by the county legislative authority of a ballot proposal ordinance under (a) of this subsection the county auditor shall: (i) confer with the county legislative authority and review any proposal to the people as to form and style; (ii) give the ballot proposal a number, which thereafter shall be the identifying number for the proposal; (iii) transmit a copy of the proposal to the prosecuting attorney; and (iv) submit the proposal to the people at the next general or special election that is not less than ninety days after the adoption of the ordinance by the county legislative authority.

(c) The county prosecuting attorney shall within fifteen working days of receipt of the proposal compose a concise statement, posed as a positive question, not to exceed twenty-five words, which shall express and give a true and impartial statement of the proposal. Such concise statement shall be the ballot title.

(d) If the measure is affirmed by a majority voting on the issue it shall become effective ten days after the results of the election are certified.

(4) Nothing in this section shall be construed as limiting in any manner methods and funds otherwise available to a county for financing the acquisition of such rights and interests in real property.”

On page 1, line 2 of the title, after “levy;” strike the remainder of the title and insert "and amending RCW 84.34.230 and 84.34.240.”

MESSAGE FROM THE SENATE

April 8, 2005

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1689, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 18.32.195 and 1994 sp.s. c 9 s 218 are each amended to read as follows:

The commission may, without examination, issue a license to persons who possess the qualifications set forth in this section.

(1) The commission may, upon written request of the dean of the school of dentistry of the University of Washington, issue a license to practice dentistry in this state to persons who have been licensed or otherwise authorized to practice dentistry in another state or country and who have been accepted for employment by the school of dentistry as full-time faculty members."
For purposes of this subsection, this means teaching members of the faculty of the school of dentistry of the University of Washington who are so employed on a one hundred percent of work time basis. Such license shall permit the holder thereof to practice dentistry within the confines of the university facilities for a period of one year while he or she is so employed as a full-time faculty member by the school of dentistry of the University of Washington. It shall terminate whenever the holder ceases to be such a full-time faculty member. Such license shall permit the holder thereof to practice dentistry only in connection with his or her duties in employment with the school of dentistry of the University of Washington. This limitation shall be stated on the license.

(2) The commission may, upon written request of the dean of the school of dentistry of the University of Washington or the director of a dental residency program under RCW 18.32.040, issue a limited license to practice dentistry in this state to university residents in postgraduate dental education or postdoctorate residents in a dental residency program under RCW 18.32.040. The license shall permit the resident dentist to provide dental care only in connection with his or her duties as a university resident or a postdoctorate resident in a program under RCW 18.32.040.

(3) The commission may condition the granting of a license under this section with terms the commission deems appropriate. All persons licensed under this section shall be subject to the jurisdiction of the commission to the same extent as other members of the dental profession, in accordance with this chapter, and in addition the licensee may be disciplined by the commission after a hearing has been held in accordance with the provisions set forth in this chapter, and determination by the commission that such licensee has violated any of the restrictions set forth in this section.

(4) Persons applying for licensure pursuant to this section shall pay the application fee determined by the secretary and, in the event the license applied for is issued, a license fee at the rate provided for licenses generally. After review by the commission, licenses issued under this section may be renewed annually if the licensee continues to be employed as a full-time faculty member of the school of dentistry of the University of Washington, or a university resident in postgraduate dental education, or a postdoctorate resident in a dental residency program under RCW 18.32.040, and otherwise meets the requirements of the provisions and conditions deemed appropriate by the commission. Any person who obtains a license pursuant to this section may, without an additional application fee, apply for licensure under this chapter, in which case the applicant shall be subject to examination and the other requirements of this chapter.

Sec. 2. RCW 18.32.040 and 1994 sp.s c 9 s 211 are each amended to read as follows:

The commission shall require that every applicant for a license to practice dentistry shall:

(1) Present satisfactory evidence of graduation from a dental college, school, or dental department of an institution approved by the commission;

(2) Submit, for the files of the commission, a recent picture duly identified and attested; and

(3)(a) Pass an examination prepared or approved by and administered under the direction of the commission. The dentistry licensing examination shall consist of practical and written tests upon such subjects and of such scope as the commission determines. ((The commission may accept, in lieu of all or part of a written examination, a certificate granted by a national or regional testing organization approved by the commission.) The commission shall set the standards for passing the examination. The secretary shall keep on file the examination papers and records of examination for at least one year. This file shall be open for inspection by the applicant or the applicant's agent unless the disclosure will compromise the examination process as determined by the commission or is exempted from disclosure under RCW 42.17.250 through 42.17.340.

(b) The commission may accept, in lieu of all or part of the written examination required in (a) of this subsection, a certificate granted by a national or regional testing organization approved by the commission.

(c) The commission shall accept, in lieu of the practical examination required in (a) of this subsection, proof that an applicant has satisfactorily completed a postdoctoral dental residency program accredited by the commission on dental accreditation of the American dental association and approved by the commission, of one to three year's duration, in a community health clinic that serves predominantly low-income patients or is located in a dental care health professional shortage area in this state, and that includes an outcome assessment evaluation, other than the western regional examining board's clinical examination, assessing the resident's competence to practice dentistry. The commission shall develop criteria, consistent with the standards of the commission on dental accreditation of the American dental association, for community clinics to use when sponsoring students in a residency program under this subsection, including guidelines for the proper supervision of the resident and measuring the resident's competence to practice dentistry.

NEW SECTION. Sec. 3. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2005, in the omnibus appropriations act, this act is null and void.

(b) On or before September 15, twenty-five percent;
(c) On or before December 15, twenty-five percent.

(4) For good cause demonstrated in writing, the commissioner may approve an amount smaller than the preceding calendar year's tax obligation as recomputed for calculating the health maintenance organization's, health care service contractor's, self-funded multiple employer welfare arrangement's, or certified health plan's prepayment obligations for the current tax year.

(5) Moneys collected under this section shall be deposited in the general fund through March 31, 1996, and in the health services account under RCW 43.72.900 after March 31, 1996.

(6) The taxes imposed in this section do not apply to:
(a) Amounts received by any taxpayer from the United States or any instrumentality thereof as prepayments for health care services provided under Title XVIII (medicare) of the federal social security act.
(b) Amounts received by any taxpayer from the state of Washington as prepayments for health care services provided under:
   (i) The medical care services program as provided in RCW 74.09.035;
   (ii) The Washington basic health plan on behalf of subsidized enrollees as provided in chapter 70.47 RCW; or
   (iii) The medicaid program on behalf of elderly or disabled clients as provided in chapter 74.09 RCW when these prepayments are received prior to July 1, 2009, and are associated with a managed care contract program that has been implemented on a voluntary demonstration or pilot project basis.
(c) Amounts received by any health care service contractor, as defined in RCW 48.44.010, as prepayments for health care services included within the definition of practice of dentistry under RCW 18.32.020.

(7) Beginning January 1, 2000, the state does hereby preempt the field of imposing excise or privilege taxes upon taxpayers and no county, city, town, or other municipal subdivision shall have the right to impose any such taxes upon such taxpayers. This subsection shall be limited to premiums and payments for health benefit plans offered by health care service contractors under chapter 48.44 RCW, health maintenance organizations under chapter 48.46 RCW, and self-funded multiple employer welfare arrangements as defined in RCW 48.125.010. The preemption authorized by this subsection shall not impair the ability of a county, city, town, or other municipal subdivision to impose excise or privilege taxes upon the health care services directly delivered by the employees of a health maintenance organization under chapter 48.46 RCW.

(8) The taxes imposed by this section apply to a self-funded multiple employer welfare arrangement only in the event that they are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq. The arrangements and the commissioner shall initially request an advisory opinion from the United States department of labor or obtain a declaratory ruling from a federal court on the legality of imposing state premium taxes on these arrangements. If there has not been a final determination by the United States department of labor or a federal court that the taxes are not preempted by federal law, the taxes provided for in this section become effective on March 1, 2005, or thirty days following the issuance of a certificate of authority, whichever is later. During the time period between March 1, 2005, or thirty days following the issuance of a certificate of authority, whichever is later, and the final determination by the United States department of labor or a federal court, any taxes shall be deposited in an interest bearing escrow account maintained by the ([self-funded]) self-funded multiple employer welfare arrangement. Upon a final determination that the taxes are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq., all funds in the interest bearing escrow account shall be transferred to the state treasurer.

Sec. 2. RCW 48.41.090 and 2000 c 79 s 11 are each amended to read as follows:
(1) Following the close of each accounting year, the pool administrator shall determine the net premium (premiums less administrative expense allowances), the pool expenses of administration, and incurred losses for the year, taking into account investment income and other appropriate gains and losses.
(2)(a) Each member's proportion of participation in the pool shall be determined annually by the board based on annual statements and other reports deemed necessary by the board and filed by the member with the commissioner; and shall be determined by multiplying the total cost of pool operation by a fraction. The numerator of the fraction equals that member's total
number of resident insured persons, including spouse and dependents, covered under all health plans in the state by that member during the preceding calendar year. The denominator of the fraction equals the total number of resident insured persons, including spouses and dependents, covered under all health plans in the state by all pool members during the preceding calendar year.

(b) For purposes of calculating the numerator and the denominator under (a) of this subsection:

(i) All health plans in the state by the state health care authority include only the uniform medical plan; (and)

(ii) Each ten resident insured persons, including spouse and dependents, under a stop loss plan or the uniform medical plan shall count as one resident insured person;

(iii) Health plans serving medical care services program clients under RCW 74.09.035 are exempted from the calculation; and

(iv) Health plans established to serve elderly or disabled medicaid clients under chapter 74.09 RCW when the plan has been implemented on a demonstration or pilot project basis are exempted from the calculation until July 1, 2009.

(c) Except as provided in RCW 48.41.037, any deficit incurred by the pool shall be recouped by assessments among members apportioned under this subsection pursuant to the formula set forth by the board among members.

(3) The board may abate or defer, in whole or in part, the assessment of a member if, in the opinion of the board, payment of the assessment would endanger the ability of the member to fulfill its contractual obligations. If an assessment against a member is abated or deferred in whole or in part, the amount by which such assessment is abated or deferred may be assessed against the other members in a manner consistent with the basis for assessments set forth in subsection (2) of this section. The member receiving such abatement or deferment shall remain liable to the pool for the deficiency.

(4) If assessments exceed actual losses and administrative expenses of the pool, the excess shall be held at interest and used by the board to offset future losses or to reduce pool premiums. As used in this subsection, "future losses" includes reserves for incurred but not reported claims."

On page 1, line 2 of the title, after "services;" strike the remainder of the title and insert "and amending RCW 48.14.0201 and 48.41.090."

and the same is herewith transmitted.

MESSAGE FROM THE SENATE

April 11, 2005

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1696, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 77.15 RCW to read as follows:

The fish and wildlife enforcement reward account is created in the custody of the state treasurer. All receipts from criminal wildlife penalty assessments under RCW 77.15.420 must be deposited into the account. The department may accept money or personal property from persons under conditions requiring the property or money to be used consistent with the intent of expenditures from the fish and wildlife enforcement reward account. Expenditures from the account may be used only for investigation and prosecution of fish and wildlife offenses, to provide rewards to persons informing the department about violations of this title and rules adopted under this title, and for other valid enforcement uses as determined by the commission. Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

Sec. 2. RCW 77.15.070 and 2000 c 107 s 231 are each amended to read as follows:

(1) Fish and wildlife officers and ex officio fish and wildlife officers may seize without warrant boats, airplanes, vehicles, motorized implements, conveyances, gear, appliances, or other articles they have probable cause to believe have been held with intent to violate or used in violation of this title or rule of the commission or director. However, fish and wildlife officers or ex officio fish and wildlife officers may not seize any item or article, other than for evidence, if under the circumstances, it is reasonable to conclude that the violation was inadvertent. The property seized is subject to forfeiture to the state under this section regardless of ownership. Property seized may be recovered by its owner by depositing with the department or into court a cash bond or equivalent security equal to the value of the seized property but not more than ((twenty-five)) one hundred thousand dollars. Such cash bond or security is subject to forfeiture in lieu of the property. Forfeiture of property seized under this section is a civil forfeiture against property and is intended to be a remedial civil sanction.

(2) In the event of a seizure of property under this section, jurisdiction to begin the forfeiture proceedings shall commence upon seizure. Within fifteen days following the seizure, the seizing authority shall serve a written notice of intent to forfeit property on the owner of the property seized and on any person having any known right or interest in the property seized. Notice may be served by any method authorized by law or court rule, including service by certified mail with return receipt requested. Service by mail is deemed complete upon mailing within the fifteen-day period following the seizure.

(3) Persons claiming a right of ownership or right to possession of property are entitled to a hearing to contest forfeiture. Such a claim shall specify the claim of ownership or possession and shall be made in writing and served on the director within forty-five days of the seizure. If the seizing authority has complied with notice requirements and there is no claim made within forty-five days, then the property shall be forfeited to the state.

(4) If any person timely serves the director with a claim to property, the person shall be afforded an opportunity to be heard as to the person's claim or right. The hearing shall be before the director or director's designee, or before an administrative law judge appointed under chapter 34.12 RCW, except that a person asserting a claim or right may remove the matter to a court of competent jurisdiction if the aggregate value of the property seized is more than five thousand dollars. The department may settle a person's claim of ownership prior to the administrative hearing.

(5) The hearing to contest forfeiture and any subsequent appeal shall be as provided for in chapter 34.05 RCW, the administrative procedure act. The seizing authority has the burden to demonstrate that it had reason to believe the property was held with intent to violate or was used in violation of this title or rule of the commission or director. The person contesting forfeiture has the burden of production and proof by a preponderance of evidence that the person owns or has a right to possess the property and:
(a) That the property was not held with intent to violate or used in violation of this title; or
(b) If the property is a boat, airplane, or vehicle, that the illegal use or planned illegal use of the boat, airplane, or vehicle occurred without the owner's knowledge or consent, and that the owner acted reasonably to prevent illegal uses of such boat, airplane, or vehicle.

(6) A forfeiture of a conveyance encumbered by a perfected security interest is subject to the interest of the secured party if the secured party neither had knowledge of nor consented to the act or omission. No security interest in seized property may be perfected after seizure.

(7) If seized property is forfeited under this section the department may retain it for official use unless the property is required to be destroyed, or upon application by any law enforcement agency of the state, release such property to the agency for the use of enforcing this title, or sell such property, and deposit the proceeds to the (wildlife fund, as provided for in RCW 77.12.120) fish and wildlife enforcement reward account created in section 1 of this act.

Sec. 3. RCW 77.15.370 and 2001 c 253 s 38 are each amended to read as follows:
(1) A person is guilty of unlawful recreational fishing in the first degree if:
(a) The person takes, possesses, or retains two times or more than the bag limit or possession limit of fish or shellfish allowed by any rule of the director or commission setting the amount of food fish, game fish, or shellfish that can be taken, possessed, or retained for noncommercial use;
(b) The person fishes in a fishway; (\(\text{or}\))
(c) The person shoots, gaffs, snags, snares, spears, dipnets, or stones fish or shellfish in state waters, or possesses fish or shellfish taken by such means, unless such means are authorized by express rule of the commission or director; or
(d) The person fishes for or possesses a fish listed as threatened or endangered in 50 C.F.R. Sec. 17.11 (2002), unless fishing for or possession of such fish is specifically allowed under federal or state law.

(2) Unlawful recreational fishing in the first degree is a gross misdemeanor.

Sec. 4. RCW 77.15.410 and 1999 c 258 s 3 are each amended to read as follows:

(a) Hunts for, takes, or possesses big game and the person does not have and possess all licenses, tags, or permits required under this title;
(b) Violates any rule of the commission or director regarding seasons, bag or possession limits, closed areas including game reserves, closed times, or any other rule governing the hunting, taking, or possession of big game; or
(c) Possesses big game taken during a closed season for that big game or taken from a closed area for that big game.

(2) A person is guilty of unlawful hunting of big game in the first degree if the person was previously convicted of any crime under this title involving unlawful hunting, killing, possessing, or taking big game, and within five years of the date that the prior conviction was entered the person:
(a) Hunts for big game and does not have and possess all licenses, tags, or permits required under this title;
(b) Acts in violation of any rule of the commission or director regarding seasons, bag or possession limits, closed areas including game reserves, or closed times; or
(c) Possesses big game taken during a closed season for that big game or taken from a closed area for that big game.

(3) Unlawful hunting of big game in the second degree is a gross misdemeanor. Upon conviction of an offense involving killing or possession of big game taken during a period of time when hunting for the particular species is not permitted, or in excess of the bag or possession limit, the department shall revoke all hunting licenses and tags and order a suspension of hunting privileges for two years.
(b) Unlawful hunting of big game in the first degree is a class C felony. Upon conviction, the department shall revoke all hunting licenses or tags (\(\text{involved in the crime}\)) and the department shall order the person's hunting privileges suspended for (two) ten years.

Sec. 5. RCW 77.15.420 and 1998 c 190 s 62 are each amended to read as follows:
(1) If a person is convicted of violating RCW 77.15.410 and that violation results in the death of wildlife listed in this section, the court shall require payment of the following amounts for each animal killed or possessed. This shall be a criminal wildlife penalty assessment that shall be paid to the clerk of the court and distributed each month to the state treasurer for deposit in the (public safety and education) fish and wildlife enforcement reward account created in section 1 of this act.
Moose, mountain sheep, mountain goat, and all wildlife species classified as endangered by rule of the commission, except for mountain caribou and grizzly bear as listed under (d) of this subsection $4,000

Elk, deer, black bear, and cougar $2,000

Trophy animal elk and deer $6,000

Mountain caribou, grizzly bear, and trophy animal mountain sheep $12,000

(2) No forfeiture of bail may be less than the amount of the bail established for hunting during closed season plus the amount of the criminal wildlife penalty assessment in subsection (1) of this section.

(3) For the purpose of this section a "trophy animal" is:

(a) A buck deer with four or more antler points on both sides, not including eyeguards;
(b) A bull elk with five or more antler points on both sides, not including eyeguards; or
(c) A mountain sheep with a horn curl of three-quarter curl or greater.

For purposes of this subsection, "eyeguard" means an antler protrusion on the main beam of the antler closest to the eye of the animal.

(4) If two or more persons are convicted of illegally possessing wildlife in subsection (1) of this section, the criminal wildlife penalty assessment shall be imposed on them jointly and separately.

(5) The criminal wildlife penalty assessment shall be imposed regardless of and in addition to any sentence, fines, or costs otherwise provided for violating any provision of this title. The criminal wildlife penalty assessment shall be included by the court in any pronouncement of sentence and may not be suspended, waived, modified, or deferred in any respect. This section may not be construed to abridge or alter alternative rights of action or remedies in equity or under common law or statutory law, criminal or civil.

(6) A defaulted criminal wildlife penalty assessment may be collected by any means authorized by law for the enforcement of orders of the court or collection of a fine or costs, including but not limited to vacation of a deferral of sentencing or vacation of a suspension of sentence.

(7) A person assessed a criminal wildlife penalty assessment under this section shall have his or her hunting license revoked and all hunting privileges suspended until the penalty assessment is paid through the registry of the court in which the penalty assessment was assessed.

(8) The criminal wildlife penalty assessments provided in subsection (1) of this section shall be doubled in the following instances:

(a) When a person is convicted of spotlighting big game under RCW 77.15.450;
(b) When a person commits a violation that requires payment of a wildlife penalty assessment within five years of a prior gross misdemeanor or felony conviction under this title;
(c) When the person killed the animal in question with the intent of bartering, selling, or otherwise deriving economic profit from the animal or the animal's parts; or
(d) When a person kills the animal under the supervision of a licensed guide.

Sec. 6. RCW 77.15.450 and 1998 c 190 s 27 are each amended to read as follows:

For purposes of this section, "night vision equipment" includes electronic light amplification devices, thermal imaging devices, and other comparable equipment used to enhance night vision.

(2) A person is guilty of spotlighting big game in the first degree if:

SUBSTITUTE HOUSE BILL NO. 1699, as amended by the Senate, having received the constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 11, 2005

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1711, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 46.61.581 and 1998 c 294 s 2 are each amended to read as follows:
A parking space or stall for a ((disabled)) person with a disability shall be indicated by a vertical sign((between thirty-six and eighty-four inches off the ground,)) with the international symbol of access, whose colors are white on a blue background, described under RCW 70.92.120 ((and the notice "State disabled parking permit required.").) The sign may include additional language such as, but not limited to, an indication of the amount of the monetary penalty defined in RCW 46.16.381 for parking in the space without a valid permit.

Failure of the person owning or controlling the property where required parking spaces are located to erect and maintain the sign is a class 2 civil infraction under chapter 7.80 RCW for each parking space that should be so designated. The person owning or controlling the property where the required parking spaces are located shall ensure that the parking spaces are not blocked or made inaccessible, and failure to do so is a class 2 civil infraction.

Sec. 2. RCW 46.16.381 and 2004 c 222 s 2 are each amended to read as follows:
(1) The director shall grant special parking privileges to any person who has a disability that limits or impairs the ability to walk and meets one of the following criteria, as determined by a licensed physician or an advanced registered nurse practitioner licensed under chapter 18.79 RCW:
(a) Cannot walk two hundred feet without stopping to rest;
(b) Is severely limited in ability to walk due to arthritic, neurological, or orthopedic condition;
(c) Is so severely disabled, that the person cannot walk without the use of or assistance from a brace, cane, another person, prosthetic device, wheelchair, or other assistive device;
(d) Uses portable oxygen;
(e) Is restricted by lung disease to such an extent that forced expiratory respiratory volume, when measured by spirometry is less than one liter per second or the arterial oxygen tension is less than sixty mm/hg on room air at rest;
(f) Impairment by cardiovascular disease or cardiac condition to the extent that the person's functional limitations are classified as class III or IV under standards accepted by the American Heart Association; or
(g) Has a disability resulting from an acute sensitivity to automobile emissions which limits or impairs the ability to walk. The personal physician or advanced registered nurse practitioner of the applicant shall document that the disability is comparable in severity to the others in this subsection.

(2) The applications for ((disabled)) parking permits for persons with disabilities and ((temporary disabled)) parking permits for persons with temporary disabilities are official state documents. Knowingly providing false information in conjunction with the application is a gross misdemeanor punishable under chapter 9A.20 RCW. The following statement must appear on each application form immediately below the physician's or advanced registered nurse practitioner's signature and immediately below the applicant's signature: "A ((disabled)) parking permit for a person with disabilities may be issued only for a medical necessity that severely affects mobility (RCW 46.16.381). Knowingly providing false information on this application is a gross misdemeanor. The penalty is up to one year in jail and a fine of up to $5,000 or both."

(3) Persons who qualify for special parking privileges are entitled to receive from the department of licensing a removable windshield placard bearing the international symbol of access and an individual serial number, along with a special identification card bearing the name and date of birth of the person to whom the placard is issued, and the placard's serial number. The special identification card shall be issued no later than January 1, 2000, to all persons who are issued parking placards, including those issued for temporary disabilities, and special ((disabled)) parking license plates for persons with disabilities. The department shall design the placard to be displayed when the vehicle is parked by suspending it from the rearview mirror, or in the absence of a rearview mirror the card may be displayed on the dashboard of any vehicle used to transport the ((disabled)) person with disabilities. Instead of regular motor vehicle license plates, ((disabled)) persons with disabilities are entitled to receive special license plates under this section or RCW 46.16.385 bearing the international symbol of access for one vehicle registered in the ((disabled persons)) name of the person with disabilities. ((Disabled)) Persons with disabilities who are not issued the special license plates are entitled to receive a second special placard upon submitting a written request to the department. Persons who have been issued the parking privileges and who are using a vehicle or are riding in a vehicle displaying the placard or special license plates issued under this section or RCW 46.16.385 may park in places reserved for ((mobility disabled)) persons with physical disabilities. The director shall adopt rules providing for the issuance of special placards and license plates to public transportation authorities, nursing homes licensed under chapter 18.51 RCW, boarding homes licensed under chapter 18.20 RCW, senior citizen centers, private nonprofit agencies as defined in chapter 24.03 RCW, and vehicles registered with the department as cabalances that regularly transport ((disabled)) persons with disabilities who have been determined eligible for special parking privileges provided under this section. The director may issue special license plates for a vehicle registered in the name of the public transportation authority, nursing home, boarding home((s)), senior citizen center, private nonprofit agency, or cabulance service if the vehicle is primarily used to transport persons with disabilities described in this section. Public transportation authorities, nursing homes, boarding homes, senior citizen centers, private nonprofit agencies, and cabulance services are responsible for insuring that the special placards and license plates are not used improperly and are responsible for all fines and penalties for improper use.

(4) Whenever the ((disabled)) person with disabilities transfers or assigns his or her interest in the vehicle, the special license plates shall be removed from the motor vehicle. If another vehicle is acquired by the ((disabled)) person with disabilities and the vehicle owner qualifies for a special plate, the plate shall be attached to the vehicle, and the director shall be immediately notified of the transfer of the plate. If another vehicle is not acquired by the ((disabled)) person with disabilities, the removed plate shall be immediately surrendered to the director.

(5) The special license plate shall be renewed in the same manner and at the time required for the renewal of regular motor vehicle license plates under this chapter. No special license plate may be issued to a person who is temporarily disabled. A person who has a condition expected to improve within six months may be issued a temporary placard for a period not to exceed six months. If the condition exists after six months a new temporary placard shall be issued upon receipt of a new certification from the ((disabled)) person's physician. The permanent parking placard and identification card of a ((disabled)) person with disabilities shall be renewed at least every five years, as required by the director, by satisfactory proof of the right to continued use of the privileges. In the event of the permit holder's death, the parking placard and identification card must be immediately surrendered to the department. The department shall match and purge its ((disabled permit)) data base of parking permits issued to persons with disabilities with available death record information at least every twelve months.

(6) Each person with disabilities who has been issued a permanent ((disabled)) parking permit on or before July 1, 1998, must renew the permit no later than July 1, 2003, subject to a schedule to be set by the department, or the permit will expire.

(7) Additional fees shall not be charged for the issuance of the special placards or the identification cards. No additional fee may be charged for the issuance of the special license plates except the regular motor vehicle registration fee and any other fees and taxes required to be paid upon registration of a motor vehicle.

The clerk of the court shall report all violations related to this subsection to the department.

(10) It is a parking infraction, with a monetary penalty of two hundred fifty dollars for any person to park a vehicle in a parking place provided on private property without charge or on public property reserved for ((physically disabled)) persons with physical disabilities without a placard or special license plate issued under this section or RCW 46.16.385. If a person is charged with a violation, the person shall not be determined to have committed an infraction if the person produces in court or before the court appearance the placard or special license plate issued under this section or RCW 46.16.385 required under this section. A local jurisdiction providing nonmetered, on-street parking places reserved for ((physically disabled)) persons with physical disabilities may impose by ordinance time restrictions of no less than four hours on the use of these parking places. A local jurisdiction may impose by ordinance time restrictions of no less than four hours on the use of nonreserved, on-street parking spaces by vehicles displaying the special parking placards or special license plates issued under this section or RCW 46.16.385. All time restrictions must be clearly posted.

(11) The penalties imposed under subsections (9) and (10) of this section shall be used by that local jurisdiction exclusively for law enforcement. The court may also impose an additional penalty sufficient to reimburse the local jurisdiction for any costs it may have incurred in removal and storage of the improperly parked vehicle.

MESSAGE FROM THE SENATE

April 7, 2005

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1794, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) Since their creation in 1989, the research university branch campuses have significantly expanded access to baccalaureate and graduate education for placebound students in Washington's urban and metropolitan cities. Furthermore, the campuses have contributed to community revitalization and economic development in their regions. The campuses have met their overall mission through the development of new degree programs and through collaboration with community and technical colleges. These findings were confirmed by a comprehensive review of the campuses by the Washington state institute for public policy in 2002 and 2003, and reaffirmed through legislation enacted in 2004 that directed four of the campuses to make recommendations for their future evolution.

(2) The self-studies conducted by the University of Washington Bothell, University of Washington Tacoma, Washington State University Tri-Cities, and Washington State University Vancouver reflect thoughtful and strategic planning and involved the input of numerous students, faculty, community and business leaders, community colleges, advisory committees, and board members. The higher education coordinating board's careful review provides a statewide context for the legislature to implement the next stage of the campuses.

(3) Concurrently, the higher education coordinating board has developed a strategic master plan for higher education that sets a goal of increasing the number of students who earn college degrees at all levels: Associate, baccalaureate, and graduate. The strategic master plan also sets a goal to increase the higher education system's responsiveness to the state's economic needs.

(4) The legislature finds that to meet both of the master plan's goals and to provide adequate educational opportunities for Washington's citizens, additional access is needed to baccalaureate degree programs. Expansion of the four campuses is one strategy for achieving the desired outcomes of the master plan. Other strategies must also be implemented through service delivery models that reflect both regional demands and statewide priorities.

(5) Therefore, the legislature intends to increase baccalaureate access and encourage economic development through overall expansion of upper division capacity, continued development of two plus two programs in some areas of the state, authorization of four-year university programs in other areas of the state, and creation of new types of baccalaureate programs on a pilot basis. These steps will make significant progress toward achieving the master plan goals, but the legislature will also continue to monitor the development of the higher education system and evaluate what additional changes or expansion may be necessary.

Sec. 2. RCW 28B.45.014 and 2004 c 57 s 2 are each amended to read as follows:

(1) The primary mission of the higher education branch campuses created under this chapter remains to expand access to baccalaureate and master's level graduate education in underserved urban areas of the state in collaboration with community and technical colleges. The top priority for each of the campuses is to expand courses and degree programs for transfer and graduate students. New degree programs should be driven by the educational needs and demands of students and the community, as well as the economic development needs of local businesses and employers.

(2) Branch campuses shall collaborate with the community and technical colleges in their region to develop articulation agreements, dual admissions policies, and other partnerships to ensure that branch campuses serve as innovative models of a two plus two educational system. Other possibilities for collaboration include but are not limited to joint development of curricula and degree programs, colocation of instruction, and arrangements to share faculty.

(3) In communities where a private postsecondary institution is located, representatives of the private institution may be invited to participate in the conversation about meeting the baccalaureate and master's level graduate needs in underserved urban areas of the state.
(4) However, the legislature recognizes there are alternative models for achieving this primary mission. Some campuses may have additional missions in response to regional needs and demands. At selected branch campuses, an innovative combination of instruction and research targeted to support regional economic development may be appropriate to meet the region's needs for both access and economic viability. Other campuses should focus on becoming models of a two plus two educational system through continuous improvement of partnerships and agreements with community and technical colleges. Still other campuses may be best suited to transition to a four-year (comprehensive) university or be removed from designation as a branch campus entirely.

(5) It is the legislature's intent that each branch campus be funded commensurate with its unique mission, the degree programs offered, and the institutional combination of instruction and research, but at a level less than a research university. The legislature recognizes that size, mix of degree programs, and proportion of lower versus upper-division and graduate enrollments are factors that affect costs at branch campuses. However over time, the legislature intends that branch campuses be funded more similarly to regional universities.

(6) In consultation with the higher education coordinating board, a branch campus may propose legislation to authorize practice-oriented or professional doctoral programs if: (a) Unique research facilities and equipment are located near the campus; or (b) the campus can clearly demonstrate student and employer demand in the region that is linked to regional economic development.

(7) It is not the legislature's intent to have each campus chart its own future path without legislative guidance. Instead, the legislature intends to consider carefully the mission and model of education that best suits each campus and best meets the needs of students, the community, and the region. The higher education coordinating board shall monitor and evaluate the addition of lower division students to the branch campuses and periodically report and make recommendations to the higher education committees of the legislature to ensure the campuses continue to follow the priorities established under this chapter.

Sec. 3. RCW 28B.45.020 and 1994 1st ex.s. c 217 s 3 are each amended to read as follows:
(1) The University of Washington is responsible for ensuring the expansion of (upper-division) baccalaureate and graduate educational programs in the central Puget Sound area under rules or guidelines adopted by the higher education coordinating board and in accordance with proportionality agreements emphasizing access for transfer students developed with the state board for community and technical colleges. The University of Washington shall meet that responsibility through the operation of at least two branch campuses. One branch campus shall be located in the Tacoma area. Another branch campus shall be collocated with Cascadia Community College in the Bothell-Woodinville area.

(2) At the University of Washington Tacoma, a top priority is expansion of upper division capacity for transfer students and graduate capacity and programs. Beginning in the fall of 2006, the campus may offer lower division courses linked to specific majors in fields not addressed at local community colleges. The campus shall admit lower division students through co-admission or co-enrollment agreements with a community college or through direct transfer for students who have accumulated approximately one year of transferable college credits. In addition to offering lower division courses linked to specific majors as addressed above, the campus may also directly admit freshmen and sophomores gradually and deliberately in accordance with the campus plan submitted to the higher education coordinating board in 2004.

(3) At the University of Washington Bothell, a top priority is expansion of upper division capacity for transfer students and graduate capacity and programs. The campus shall also seek additional opportunities to collaborate with and maximize its collocation with Cascadia Community College. Beginning in the fall of 2006, the campus may offer lower division courses linked to specific majors in fields not addressed at local community colleges. The campus may admit lower division students through co-admission or co-enrollment agreements with a community college, or through direct transfer for students who have accumulated approximately one year of transferable college credits. In addition to offering lower division courses linked to specific majors as addressed above, the campus may also directly admit freshmen and sophomores gradually and deliberately in accordance with the campus plan submitted to the higher education coordinating board in 2004.

Sec. 4. RCW 28B.45.030 and 1989 1st ex.s. c 7 s 4 are each amended to read as follows:
(1) Washington State University is responsible for providing (upper-division) baccalaureate and graduate level higher education programs to the citizens of the Tri-Cities area, under rules or guidelines adopted by the higher education coordinating board and in accordance with proportionality agreements emphasizing access for transfer students developed with the state board for community and technical colleges. Washington State University shall meet that responsibility through the operation of a branch campus in the Tri-Cities area. The branch campus shall replace and supersede the Tri-Cities university center. All land, facilities, equipment, and personnel of the Tri-Cities university center shall be transferred from the University of Washington to Washington State University.
(2) Washington State University Tri-Cities shall continue providing innovative coadmission and coenrollment options with Columbia Basin College, and expand its upper division capacity for transfer students and graduate capacity and programs. The campus shall also seek additional opportunities to collaborate with the Pacific Northwest national laboratory. Beginning in the fall of 2006, the campus may offer lower division courses linked to specific majors in fields not addressed at local community colleges. The campus may also seek additional opportunities to collaborate with the Pacific Northwest national laboratory. Beginning in the fall of 2006, the campus may offer lower division courses linked to specific majors in fields not addressed at local community colleges. The campus may also seek additional opportunities to collaborate with the Pacific Northwest national laboratory. Beginning in the fall of 2006, the campus may offer lower division courses linked to specific majors in fields not addressed at local community colleges.

Sec. 5. RCW 28B.45.040 and 1989 1st ex.s. c 7 s 5 are each amended to read as follows:

(1) Washington State University is responsible for providing (upper-division) baccalaureate and graduate level higher education programs to the citizens of the southwest Washington area, under rules or guidelines adopted by the higher education coordinating board and in accordance with proportionality agreements emphasizing access for transfer students developed with the state board for community and technical colleges. Washington State University shall meet that responsibility through the operation of a branch campus in the southwest Washington area.

(2) Washington State University Vancouver shall expand upper division capacity for transfer students and graduate capacity and programs and continue to collaborate with local community colleges on coadmission and coenrollment programs. In addition, beginning in the fall of 2006, the campus may admit lower division students directly. By simultaneously admitting freshmen and sophomores, increasing transfer enrollment, coadmitting transfer students, and expanding graduate and professional programs, the campus shall develop into a four-year institution serving the southwest Washington region.

NEW SECTION. Sec. 6. A new section is added to chapter 28B.50 RCW to read as follows:

(1) The college board shall select four community or technical colleges to develop and offer programs of study leading to an applied baccalaureate degree. At least one of the four pilot programs chosen must lead to a baccalaureate of applied science degree which builds on an associate of applied science degree. The college board shall convene a task force that includes representatives of both the community and technical colleges to develop objective selection criteria.

(2) Colleges may submit an application to become a pilot college under this section. The college board shall review the applications and select the pilot colleges using objective criteria, including:

(a) The college demonstrates the capacity to make a long-term commitment of resources to build and sustain a high quality program;

(b) The college has or can readily engage faculty appropriately qualified to develop and deliver a high quality curriculum at the baccalaureate level;

(c) The college can demonstrate demand for the proposed program from a sufficient number of students within its service area to make the program cost-effective and feasible to operate;

(d) The college can demonstrate that employers demand the level of technical training proposed within the program, making it cost-effective for students to seek the degree; and

(e) The proposed program fills a gap in options available for students because it is not offered by a public four-year institution of higher education in the college's geographic area.

(3) A college selected as a pilot college under this section may develop the curriculum for and design and deliver courses leading to an applied baccalaureate degree. However, degree programs developed under this section are subject to approval by the college board under RCW 28B.50.090 and by the higher education coordinating board under RCW 28B.76.230 before a pilot college may enroll students in upper-division courses. A pilot college may not enroll students in upper division courses before the fall academic quarter of 2006.

Sec. 7. RCW 28B.50.020 and 1991 c 238 s 21 are each amended to read as follows:

The purpose of this chapter is to provide for the dramatically increasing number of students requiring high standards of education either as a part of the continuing higher education program or for occupational education and training, or for adult basic skills and literacy education, by creating a new, independent system of community and technical colleges which will:

(1) Offer an open door to every citizen, regardless of his or her academic background or experience, at a cost normally within his or her economic means;
(2) Ensure that each college district shall offer thoroughly comprehensive educational, training and service programs to meet the needs of both the communities and students served by combining high standards of excellence in academic transfer courses; realistic and practical courses in occupational education, both graded and ungraded; community services of an educational, cultural, and recreational nature; and adult education, including basic skills and general, family, and work force literacy programs and services. However, college districts containing only technical colleges shall maintain programs solely for occupational education, basic skills, and literacy purposes, and, for as long as a need exists, may continue those programs, activities, and services offered by the technical colleges during the twelve-month period preceding September 1, 1991;

(3) Provide for basic skills and literacy education, and occupational education and technical training at technical colleges in order to prepare students for careers in a competitive work force;

(4) Provide or coordinate related and supplemental instruction for apprentices at community and technical colleges;

(5) Provide administration by state and local boards which will avoid unnecessary duplication of facilities or programs; and which will encourage efficiency in operation and creativity and imagination in education, training and service to meet the needs of the community and students;

(6) Allow for the growth, improvement, flexibility and modification of the community colleges and their education, training and service programs as future needs occur; and

(7) Establish firmly that, except on a pilot basis as provided under section 6 of this act, community colleges are, for purposes of academic training, two institutions, and are an independent, unique, and vital section of our state's higher education system, separate from both the common school system and other institutions of higher learning, and never to be considered for conversion into four-year liberal arts colleges.

Sec. 8. RCW 28B.50.030 and 2003 2nd sp.s. c 4 s 33 are each amended to read as follows:

(19) "Applied baccalaureate degree" means a baccalaureate degree awarded by a college under section 6 of this act for successful completion of a program of study that is:

However, technical colleges, and college districts containing only technical colleges, shall maintain programs solely for occupational education, basic skills, and literacy purposes. For as long as a need exists, technical colleges may continue those programs, activities, and services they offered during the twelve-month period preceding September 1, 1991;
(3) Shall employ for a period to be fixed by the board a college president for each community and technical college and, may appoint a president for the district, and fix their duties and compensation, which may include elements other than
salary. Compensation under this subsection shall not affect but may supplement retirement, health care, and other benefits that are otherwise applicable to the presidents as state employees. The board shall also employ for a period to be fixed by the board members of the faculty and such other administrative officers and other employees as may be necessary or appropriate and fix their salaries and duties. Compensation and salary increases under this subsection shall not exceed the amount or percentage established for those purposes in the state appropriations act by the legislature as allocated to the board of trustees by the state board for community and technical colleges. The state board for community and technical colleges shall adopt rules defining the permissible elements of compensation under this subsection;

(4) May establish, under the approval and direction of the college board, new facilities as community needs and interests demand. However, the authority of boards of trustees to purchase or lease major off-campus facilities shall be subject to the approval of the higher education coordinating board pursuant to RCW 28B.76.230;

(5) May establish or lease, operate, equip and maintain dormitories, food service facilities, bookstores and other self-supporting facilities connected with the operation of the community and technical college;

(6) May, with the approval of the college board, borrow money and issue and sell revenue bonds or other evidences of indebtedness for the construction, reconstruction, erection, equipping with permanent fixtures, demolition and major alteration of buildings or other capital assets, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances, for dormitories, food service facilities, and other self-supporting facilities connected with the operation of the community and technical college in accordance with the provisions of RCW 28B.10.300 through 28B.10.330 where applicable;

(b) Employ necessary employees to govern, manage and operate the same;

(8) May receive such gifts, grants, conveyances, devises and bequests of real or personal property from private sources, as may be made from time to time, in trust or otherwise, whenever the terms and conditions thereof will aid in carrying out the community and technical college programs as specified by law and the ((regulations)) rules of the state college board; sell, lease or exchange, invest or expend the same or the proceeds, rents, profits and income thereof according to the terms and conditions thereof; and adopt ((regulations)) rules to govern the receipt and expenditure of the proceeds, rents, profits and income thereof;

(12) May grant to every student, upon graduation or completion of a course of study, a suitable diploma, ((nonbaccalaureate)) degree, or certificate. Technical colleges shall offer only ((nonbaccalaureate)) technical degrees under the rules of the state board for community and technical colleges that are appropriate to their work force education and training mission. The primary purpose of ((this)) these degrees is to lead the individual directly to employment in a specific occupation. Technical colleges may not offer transfer degrees. Only pilot colleges under section 6 of this act may award baccalaureate degrees. The board, upon recommendation of the faculty, may also confer honorary associate of arts degrees upon persons other than graduates of the community college, in recognition of their learning or devotion to education, literature, art, or science. No degree may be conferred in consideration of the payment of money or the donation of any kind of property;

(13) Shall enforce the rules ((and regulations)) prescribed by the state board for community and technical colleges for the government of community and technical colleges, students and teachers, and ((promulgated)) adopt such rules ((and regulations)) and perform all other acts not inconsistent with law or rules ((and regulations)) of the state board for community and technical colleges as the board of trustees may in its discretion deem necessary or appropriate to the administration of college districts: PROVIDED, That such rules ((and regulations)) shall include, but not be limited to, rules ((and regulations)) relating to housing, scholarships, conduct at the various community and technical college facilities, and discipline: PROVIDED, FURTHER, That the board of trustees may suspend or expel from community and technical colleges students who refuse to obey any of the duly ((promulgated)) adopted rules ((and regulations)):
(14) May, by written order filed in its office, delegate to the president or district president any of the powers and duties vested in or imposed upon it by this chapter. Such delegated powers and duties may be exercised in the name of the district board;

(15) May perform such other activities consistent with this chapter and not in conflict with the directives of the college board;

(16) Notwithstanding any other provision of law, may offer educational services on a contractual basis other than the tuition and fee basis set forth in chapter 28B.15 RCW for a special fee to private or governmental entities, consistent with rules ((and regulations)) adopted by the state board for community and technical colleges: PROVIDED, That the whole of such special fee shall go to the college district and be not less than the full instructional costs of such services including any salary increases authorized by the legislature for community and technical college employees during the term of the agreement: PROVIDED FURTHER, That enrollments generated hereunder shall not be counted toward the official enrollment level of the college district for state funding purposes;

(17) Notwithstanding any other provision of law, may offer educational services on a contractual basis, charging tuition and fees as set forth in chapter 28B.15 RCW, counting such enrollments for state funding purposes, and may additionally charge a special supplemental fee when necessary to cover the full instructional costs of such services: PROVIDED, That such contracts shall be subject to review by the state board for community and technical colleges and to such rules as the state board may adopt for that purpose in order to assure that the sum of the supplemental fee and the normal state funding shall not exceed the projected total cost of offering the educational service: PROVIDED FURTHER, That enrollments generated by courses offered on the basis of contracts requiring payment of a share of the normal costs of the course will be discounted to the percentage provided by the college;

(18) Shall be authorized to pay dues to any association of trustees that may be formed by the various boards of trustees; such association may expend any or all of such funds to submit biennially, or more often if necessary, to the governor and to the legislature, the recommendations of the association regarding changes which would affect the efficiency of such association;

(20) Shall perform any other duties and responsibilities imposed by law or rule ((and regulation)) of the state board.

Sec. 10. RCW 28B.15.069 and 2003 c 232 s 5 are each amended to read as follows:

(1) The building fee for each academic year shall be a percentage of total tuition fees. This percentage shall be calculated by the higher education coordinating board and be based on the actual percentage the building fee is of total tuition for each tuition category in the 1994-95 academic year, rounded up to the nearest half percent.

(2) The governing boards of each institution of higher education, except for the technical colleges, shall charge to and collect from each student a services and activities fee. A governing board may increase the existing fee annually, consistent with budgeting procedures set forth in RCW 28B.15.045, by a percentage not to exceed the annual percentage increase in student tuition fees for resident undergraduate students: PROVIDED, That such percentage increase shall not apply to that portion of the services and activities fee previously committed to the repayment of bonded debt. These rate adjustments may exceed the fiscal growth factor. For the 2003-04 academic year, the services and activities fee shall be based upon the resident undergraduate services and activities fee in 2002-03. The services and activities fee committee provided for in RCW 28B.15.045 may initiate a request to the governing board for a fee increase.

(3) Tuition and services and activities fees consistent with subsection (2) of this section shall be set by the state board for community and technical colleges for community college summer school students unless the community college charges fees in accordance with RCW 28B.15.515.

(4) Subject to the limitations of RCW 28B.15.910, each governing board of a community college may charge such fees for ungraded courses, noncredit courses, community services courses, and self-supporting courses as it, in its discretion, may determine, consistent with the rules of the state board for community and technical colleges.

(5) The governing board of a college offering an applied baccalaureate degree program under section 6 of this act may charge tuition fees for those courses above the associate degree level at rates consistent with rules adopted by the state board for community and technical colleges, not to exceed tuition fee rates at the regional universities.

Sec. 11. RCW 28B.76.230 and 2004 c 275 s 9 are each amended to read as follows:
(1) The board shall develop a comprehensive and ongoing assessment process to analyze the need for additional degrees and programs, additional off-campus centers and locations for degree programs, and consolidation or elimination of programs by the four-year institutions.

(2) As part of the needs assessment process, the board shall examine:
   (a) Projections of student, employer, and community demand for education and degrees, including liberal arts degrees, on a regional and statewide basis;
   (b) Current and projected degree programs and enrollment at public and private institutions of higher education, by location and mode of service delivery; and
   (c) Data from the work force training and education coordinating board and the state board for community and technical colleges on the supply and demand for work force education and certificates and associate degrees.

(3) Every two years the board shall produce, jointly with the state board for community and technical colleges and the work force training and education coordinating board, an assessment of the number and type of higher education and training credentials required to match employer demand for a skilled and educated work force. The assessment shall include the number of forecasted net job openings at each level of higher education and training and the number of credentials needed to match the forecast of net job openings.

(4) The board shall determine whether certain major lines of study or types of degrees, including applied degrees or research-oriented degrees, shall be assigned uniquely to some institutions or institutional sectors in order to create centers of excellence that focus resources and expertise.

(5) The following activities are subject to approval by the board:
   (a) New degree programs by a four-year institution;
   (b) Creation of any off-campus program by a four-year institution;
   (c) Purchase or lease of major off-campus facilities by a four-year institution or a community or technical college;
   (d) Creation of higher education centers and consortia; and
   (e) New degree programs and creation of off-campus programs by an independent college or university in collaboration with a community or technical college; and
   (f) Applied baccalaureate degree programs developed by colleges under section 6 of this act.

(6) Institutions seeking board approval under this section must demonstrate that the proposal is justified by the needs assessment developed under this section. Institutions must also demonstrate how the proposals align with or implement the statewide strategic master plan for higher education under RCW 28B.76.200.

(7) The board shall develop clear guidelines and objective decision-making criteria regarding approval of proposals under this section, which must include review and consultation with the institution and other interested agencies and individuals.

(8) The board shall periodically recommend consolidation or elimination of programs at the four-year institutions, based on the needs assessment analysis.

**NEW SECTION. Sec. 12.** A new section is added to chapter 28B.50 RCW to read as follows:
(1) One strategy to accomplish expansion of baccalaureate capacity in underserved regions of the state is to allocate state funds for student enrollment to a community and technical college and authorize the college to enter into agreements with a regional university or state college as defined in RCW 28B.10.016 or a branch campus under chapter 28B.45 RCW, to offer baccalaureate degree programs.

(2) Subject to legislative appropriation for the purpose described in this section, the college board shall select and allocate funds to three community or technical colleges for the purpose of entering into an agreement with one or more regional universities, branch campuses, or the state college to offer baccalaureate degree programs on the college campus.

(3) The college board shall select the community or technical college based on analysis of gaps in service delivery, capacity, and student and employer demand for programs. Before taking effect, the agreement under this section must be approved by the higher education coordinating board.

(4) Students enrolled in programs under this section are considered students of the regional university, branch campus, or state college for all purposes including tuition and reporting of state-funded enrollments.

**NEW SECTION. Sec. 13.** (1) The legislature finds that access to baccalaureate and graduate degree programs continues to be limited for residents of North Snohomish, Island, and Skagit counties. Studies conducted by the state board for community and technical colleges, the higher education coordinating board, and the council of presidents confirm that enrollment in higher education in this geographic region lags enrollment in other parts of the state, particularly for upper division courses leading to advanced degrees. The higher education consortium created to serve the region has not been able to successfully
address the region's access needs. The university center model of service delivery, centered on a community college campus with a single point of accountability, has proven more effective in developing degree programs and attracting students.

(2) Therefore the legislature intends to refocus the consortium by assigning management and leadership responsibility for consortium operations to Everett Community College. Everett Community College shall collaborate with community and business leaders, other local community colleges, the public four-year institutions of higher education, and the higher education coordinating board to develop an educational plan for the North Snohomish, Island, and Skagit county region based on the university center model. The plan should provide for projections of student enrollment demand, coordinated delivery of lower and upper division courses, expanded availability of baccalaureate degree programs and high demand degree and certificate programs in the region, and a timeline and cost estimates for moving the physical location of the consortium to the college campus. The college shall submit preliminary recommendations to the higher education and fiscal committees of the legislature by December 1, 2005.

NEW SECTION. Sec. 14. (1) The higher education coordinating board shall define potential outcomes resulting from this act and develop performance measures for those outcomes, including but not limited to increased numbers of baccalaureate degrees awarded; expansion of upper division and graduate capacity at the University of Washington Bothell and Tacoma and Washington State University Tri-Cities and Vancouver; enhanced regional access to baccalaureate programs; and creation and award of applied baccalaureate degrees. The board shall provide a progress report on the outcomes to the higher education committees of the senate and the house of representatives by December 1, 2008.

(2) This section expires July 1, 2009."
Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1798, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 47.36.310 and 1999 c 201 s 3 are each amended to read as follows:

The department is authorized to erect and maintain motorist information sign panels within the right of way of the interstate highway system to give the traveling public specific information as to gas, food, lodging, camping, or tourist-oriented business available on a crossroad at or near an interchange. Motorist information sign panels shall include the words "GAS," "FOOD," "LODGING," "CAMPING," or "TOURIST ACTIVITIES" and the letters "RV" next to a gas, food, lodging, camping, or tourist activity sign if the business or destination accommodates recreational vehicles, and directional information (\(\text{directional information}\)). Directional information may contain one or more individual business signs maintained on the panel. The "RV" logo for businesses or destinations that accommodate recreational vehicles shall be placed in the lower right corner of the gas, food, lodging, camping, or tourist activity sign and shall be in the form of a small yellow circle with the letters "RV" in black. In managing the number of individual business signs to be displayed, the department must ensure the use of available space on a panel is maximized. Motorist information sign panels are authorized within the corporate limits of cities and towns and areas zoned for commercial or industrial uses at locations where there is adequate distance between interchanges to ensure compliance with the Manual on Uniform Traffic Control Devices. The erection and maintenance of motorist information sign panels shall also conform to the Manual on Uniform Traffic Control Devices and rules adopted by the state department of transportation. A motorist service or tourist-oriented business located within one mile of an interstate highway shall not be permitted to display its name, brand, or trademark on a motorist information sign panel unless its owner has first entered into an agreement with the department limiting the height of its on-premise signs at the site of its service installation to not more than fifteen feet higher than the roof of its main building measured to the bottom of the on-premise sign. The restriction for on-premise signs does not apply if the sign is not visible from the highway. The department may, on a case-by-case basis, waive the height restriction when an on-premise sign is visible from the rural interstate system. The department shall charge (\(\text{reasonable}\)) sufficient fees for the display of individual business signs to recover the costs of their installation and maintenance, and (\(\text{reasonable}\)) shall charge (\(\text{reasonable}\)) sufficient fees to recover costs for the erection and maintenance of the motorist information sign panels.

Sec. 2. RCW 47.36.320 and 1999 c 213 s 1 and 1999 c 201 s 4 are each reenacted and amended to read as follows:

The department is authorized to erect and maintain motorist information sign panels within the right of way of noninterstate highways to give the traveling public specific information as to gas, food, lodging, recreation, or tourist-oriented businesses accessible by way of highways intersecting the noninterstate highway. The motorist information sign panels are permitted only at locations within the corporate limits of cities and towns and areas zoned for commercial or industrial uses where there is adequate distance between interchanges to ensure compliance with the Manual on Uniform Traffic Control Devices. Motorist information sign panels shall include the words "GAS," "FOOD," "LODGING," "RECREATION," or "TOURIST ACTIVITIES" and the letters "RV" next to a gas, food, lodging, camping, or tourist activity sign if the business or destination accommodates recreational vehicles, and directional information (\(\text{directional information}\)). Directional information may contain one or more individual business signs maintained on the panel. The "RV" logo for businesses or destinations that accommodate recreational vehicles shall be placed in the lower right corner of the gas, food, lodging, camping, or tourist activity sign and shall be in the form of a small yellow circle with the letters "RV" in black. In managing the number of individual business signs to be displayed, the department must ensure the use of available space on a panel is maximized. The erection and maintenance of motorist information sign panels along noninterstate highways shall also conform to the Manual on Uniform Traffic Control Devices and rules adopted by the state department of transportation. A motorist service or tourist-oriented business located within one mile of a noninterstate highway shall not be permitted to display its name, brand, or trademark on a motorist information sign panel unless its owner has first entered into an agreement with the department limiting the height of its on-
premise signs at the site of its service installation to not more than fifteen feet higher than the roof of its main building measured to the bottom of the on-premise sign.

The department shall adopt rules for the erection and maintenance of tourist-oriented directional signs with the following restrictions:

1. Where installed, they shall be placed in advance of the "GAS," "FOOD," "LODGING," "RECREATION," or "RV" motorist information sign panels previously described in this section;
2. Signs shall not be placed to direct a motorist to an activity visible from the main traveled roadway;
3. Premises on which the qualified tourist-oriented business is located must be within fifteen miles of the state highway except as provided in RCW 47.36.330(3) (b) and (c), and necessary supplemental signing on local roads must be provided before the installation of the signs on the state highway.

The department shall charge sufficient fees for the display of individual business signs to defray the costs of their installation and maintenance, and may charge sufficient fees to recover the costs for the erection and maintenance of the motorist information sign panels.

NEW SECTION. Sec. 3. A new section is added to chapter 47.36 RCW to read as follows:

1. The department of transportation shall not include the logo "RV" under RCW 47.36.310 and 47.36.320 unless a business or destination requests an "RV" logo and the department determines that the gas, food, or lodging business or the camping or tourist activity destination provides parking spaces, overhang clearances, and entrances and exits designed to accommodate recreational or other large vehicles.
2. The department may charge a reasonable fee in accordance with RCW 47.36.310 or 47.36.320 to defray the costs associated with the installation and maintenance of signs with "RV" logos.
3. The department may adopt rules necessary to administer this section.

NEW SECTION. Sec. 4. The department of transportation shall submit an electronic report by December 15, 2005, to the house of representatives and senate transportation committees detailing revenues and expenditures of the motorist information sign program. The report shall also include a detailed explanation of the methodology and calculation of costs charged to businesses using the program.

NEW SECTION. Sec. 5. RCW 47.36.325 (Motorist information signs--Private contractors) and 2002 c 321 s 1 are each repealed.

MESSAGE FROM THE SENATE

April 7, 2005
The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1888, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 19.190.010 and 2003 c 137 s 2 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

1) "Assist the transmission" means actions taken by a person to provide substantial assistance or support which enables any person to formulate, compose, send, originate, initiate, or transmit a commercial electronic mail message or a commercial electronic text message when the person providing the assistance knows or consciously avoids knowing that the initiator of the commercial electronic mail message or the commercial electronic text message is engaged, or intends to engage, in any practice that violates the consumer protection act. "Assist the transmission" does not include any of the following: (a) Activities of an electronic mail service provider or other entity who provides intermediary transmission service in sending or receiving electronic mail, or provides to users of electronic mail services the ability to send, receive, or compose electronic mail; or (b) activities of any entity related to the design, manufacture, or distribution of any technology, product, or component that has a commercially significant use other than to violate or circumvent this section.

2) "Commercial electronic mail message" means an electronic mail message sent for the purpose of promoting real property, goods, or services for sale or lease. It does not mean an electronic mail message to which an interactive computer service provider has attached an advertisement in exchange for free use of an electronic mail account, when the sender has agreed to such an arrangement.

3) "Commercial electronic text message" means an electronic text message sent to promote real property, goods, or services for sale or lease.

4) "Electronic mail address" means a destination, commonly expressed as a string of characters, to which electronic mail may be sent or delivered.

5) "Electronic mail message" means an electronic message sent to an electronic mail address and a reference to an internet domain, whether or not displayed, to which an electronic mail message can be sent or delivered.

6) "Electronic text message" means a text message sent to a cellular telephone or pager equipped with short message service or any similar capability, whether the message is initiated as a short message service message or as an electronic mail message.

7) "Initiate the transmission" refers to the action by the original sender of an electronic mail message or an electronic text message, not to the action by any intervening interactive computer service or wireless network that may handle or retransmit the message, unless such intervening interactive computer service assists in the transmission of an electronic mail message when it knows, or consciously avoids knowing, that the person initiating the transmission is engaged, or intends to engage, in any act or practice that violates the consumer protection act.

8) "Interactive computer service" means any information service, system, or access software provider that provides or enables computer access by multiple users to a computer server, including specifically a service or system that provides access to the internet and such systems operated or services offered by libraries or educational institutions.

9) "Internet" means collectively the myriad of computer and telecommunications facilities, including equipment and operating software, that comprise the interconnected world wide network of networks that employ the transmission control protocol/internet protocol, or any predecessor or successor protocols to such protocol, to communicate information of all kinds by wire or radio.

10) "Internet domain name" refers to a globally unique, hierarchical reference to an internet host or service, assigned through centralized internet naming authorities, comprising a series of character strings separated by periods, with the right-most string specifying the top of the hierarchy.

11) "Person" means an individual, corporation, business trust, estate, trust, partnership, limited liability company, association, joint venture, government, governmental subdivision, agency or instrumentality, public corporation, or any other legal or commercial entity.

12) "Personally identifying information" means an individual's: (a) Social security number; (b) driver's license number; (c) bank account number; (d) credit or debit card number; (e) personal identification number; (f) automated or electronic signature; (g) unique biometric data; (h) account passwords; or (i) any other piece of information that can be used to access an individual's financial accounts or to obtain goods or services.

13) "Web page" means a location, with respect to the world wide web, that has a single uniform resource locator or other single location with respect to the internet.
NEW SECTION. Sec. 2. A new section is added to chapter 19.190 RCW to read as follows:

It is a violation of this chapter to solicit, request, or take any action to induce a person to provide personally identifying information by means of a web page, electronic mail message, or otherwise using the internet by representing oneself, either directly or by implication, to be another person, without the authority or approval of such other person.

NEW SECTION. Sec. 3. A new section is added to chapter 19.190 RCW to read as follows:

(1) A person who is injured under this chapter may bring a civil action in the superior court to enjoin further violations, and to seek up to five hundred dollars per violation, or actual damages, whichever is greater. A person who seeks damages under this subsection may only bring an action against a person or entity that directly violates section 2 of this act.

(2) A person engaged in the business of providing internet access service to the public, an owner of a web page, or trademark owner who is adversely affected by reason of a violation of section 2 of this act, may bring an action against a person who violates section 2 of this act to:

(a) Enjoin further violations of section 2 of this act; and
(b) Recover the greater of actual damages or five thousand dollars per violation of section 2 of this act.

(3) In an action under subsection (2) of this section, a court may increase the damages up to three times the damages allowed by subsection (2) of this section if the defendant has engaged in a pattern and practice of violating this section. The court may award costs and reasonable attorneys' fees to a prevailing party.

NEW SECTION. Sec. 4. A new section is added to chapter 19.190 RCW to read as follows:

The legislature finds that the practices covered by this chapter are matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. A violation of this chapter is not reasonable in relation to the development and preservation of business, and is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW.

NEW SECTION. Sec. 5. A new section is added to chapter 19.190 RCW to read as follows:

It is the intent of the legislature that this chapter is a matter of statewide concern. This chapter supersedes and preempts all rules, regulations, codes, ordinances, and other laws adopted by a city, county, city and county, municipality, or local agency regarding the practices covered by this chapter and notices to consumers from computer software providers regarding information collection.

NEW SECTION. Sec. 6. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.”

On page 1, line 1 of the title, after “fraud;” strike the remainder of the title and insert "amending RCW 19.190.010; adding new sections to chapter 19.190 RCW; and prescribing penalties."

and the same is herewith transmitted.

(B) For a county with an unincorporated population of more than fifteen thousand and less than twenty-two thousand, and with respect to distributions made under this section in calendar years 2006 and 2007 only, an amount equal to the amount provided to the county for fiscal year 2005 by section 716, chapter 276, Laws of 2004.

(b) If funds in the city-county assistance account for allocation to the counties are inadequate to make the distributions in (a) of this subsection, then the distributions shall be reduced ratably among the qualifying counties.

(c) If funds in the city-county assistance account for allocation to the counties exceed the amount necessary to make the distributions in (a) of this subsection, the excess funds shall be apportioned ratably among those counties receiving funds under this section and imposing the tax under RCW 82.14.030(1) at the maximum rate.

(ii) An amount equal to the amount provided to the city for fiscal year 2005 by section 721, chapter 25, Laws of 2003 1st sp. sess.

(iii) For a city with a per capita assessed value of taxable property in the measurement year less than fifty percent of the statewide average per capita assessed value of taxable property for all cities in the measurement year as determined by the department, an amount determined by subtracting the city's per capita assessed value of taxable property in the measurement year from fifty percent of the statewide average per capita assessed value of taxable property for all cities in the measurement year, dividing that amount by one thousand, and multiplying the result by the city's population.

(b) Except as provided in (c), (d), and (e) of this subsection, the amount distributed to a city under this section shall be an amount equal to twenty-five percent of the greater of the amounts described under (b)(i) through (iii) of this subsection. This subsection (4)(b) applies only to cities with a population of more than five thousand and with a per capita assessed value of taxable property in the measurement year less than the statewide average per capita assessed value of taxable property for all cities for the measurement year.

(iii) For a city with a per capita assessed value of taxable property in the measurement year less than fifty percent of the statewide average per capita assessed value of taxable property for all cities in the measurement year as determined by the department, an amount determined by subtracting the city's per capita assessed value of taxable property in the measurement year from fifty percent of the statewide average per capita assessed value of taxable property for all cities in the measurement year, dividing that amount by one thousand, and multiplying the result by the city's population.
(c) A city may not receive an amount in any distribution year that would cause cumulative distributions to the city under this section for the year to exceed one hundred thousand dollars, increased after the first distribution year by the rate of inflation as provided under subsection (5) of this section.

(d) If funds in the city-county assistance account for allocation to the cities are inadequate to make the distributions in (a) and (b) of this subsection, then the distributions shall be reduced ratably among the qualifying cities.

(e) If funds in the city-county assistance account for allocation to the cities exceed the amount necessary to make the distributions in (a) and (b) of this subsection, the excess funds shall be apportioned ratably among those cities receiving funds under this section and imposing the tax under RCW 82.14.030(1) at the maximum rate.

There being no objection, the Rules Committee was relieved of the following bills which were placed on the Second Reading calendar:

HOUSE BILL NO. 1241,
HOUSE BILL NO. 1441,
HOUSE BILL NO. 1485,
The Senate has passed ENGROSSED HOUSE BILL NO. 2255, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the unemployment insurance system was created to set aside unemployment reserves to be used for the benefit of persons who are unemployed through no fault of their own and to maintain purchasing power and limit the social consequences of unemployment. The legislature further finds that the system is falling short of these goals by failing to recognize the importance of applying liberal construction for the purpose of reducing involuntary unemployment, and the suffering caused by it, to the minimum, and by failing to provide equitable benefits to unemployed workers. The legislature also recognizes the desirability of managing the system to take into account the goal of reducing costs to foster a competitive business climate. The legislature intends to adjust the balance between these goals by reinstating the requirement for liberal construction and making other adjustments in the system that will allow reasonable improvements in benefit equity, including reinstating a weekly benefit calculation based on the wages in the two quarters of the claimant's base year in which wages were the highest. The legislature finds that these adjustments are critical to the health and welfare of unemployed workers, and to the purchasing power essential to the economic health and welfare of communities and the state, and should be implemented as soon as feasible.

Sec. 2. RCW 50.01.010 and 2003 2nd sp.s. c 4 s 1 are each amended to read as follows:

Whereas, economic insecurity due to unemployment is a serious menace to the health, morals and welfare of the people of this state; involuntary unemployment is, therefore, a subject of general interest and concern which requires appropriate action by the legislature to prevent its spread and to lighten its burden which now so often falls with crushing force upon the unemployed worker and his family. Social security requires protection against this greatest hazard of our economic life. This can be provided only by application of the insurance principle of sharing the risks, and by the systematic accumulation of funds during periods of employment to provide benefits for periods of unemployment, thus maintaining purchasing powers and limiting the serious social consequences of relief assistance. The state of Washington, therefore, exercising herein its police and sovereign power endeavors by this title to remedy any widespread unemployment situation which may occur and to set up safeguards to prevent its recurrence in the years to come. The legislature, therefore, declares that in its considered judgment the public good, and the general welfare of the citizens of this state require the enactment of this measure, under the police powers of the state, for the compulsory setting aside of unemployment reserves to be used for the benefit of persons unemployed through no fault of their own, and that this title shall be liberally construed for the purpose of reducing involuntary unemployment and the suffering caused thereby to the minimum.

Sec. 3. RCW 50.20.120 and 2003 2nd sp.s. c 4 s 11 are each amended to read as follows:
(1) Subject to the other provisions of this title, benefits shall be payable to any eligible individual during the individual's benefit year in a maximum amount equal to the lesser of thirty times the weekly benefit amount, as determined in subsection (2) of this section, or one-third of the individual's base year wages under this title: PROVIDED, That as to any week which falls in an extended benefit period as defined in RCW 50.22.010(1), an individual's eligibility for maximum benefits in excess of twenty-six times his or her weekly benefit amount will be subject to the terms and conditions set forth in RCW 50.22.020.

(b) The minimum amount payable weekly shall be fifteen percent of the "average weekly wage" for the calendar year preceding such June 30th.

(4) If any weekly benefit, maximum benefit, or minimum benefit amount computed herein is not a multiple of one dollar, it shall be reduced to the next lower multiple of one dollar.

Sec. 4. RCW 50.29.021 and 2003 2nd sp.s. c 4 s 21 are each amended to read as follows:

(1) This section applies to benefits charged to the experience rating accounts of employers for claims that have an effective date on or after January 4, 2004.

(2)(a) An experience rating account shall be established and maintained for each employer, except employers as described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers as described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, based on existing records of the employment security department.

(b) Benefits paid to an eligible individual shall be charged to the experience rating accounts of each of such individual's employers during the individual's base year in the same ratio that the wages paid by each employer to the individual during the base year bear to the wages paid by all employers to that individual during that base year, except as otherwise provided in this section.

(c) When the eligible individual's separating employer is a covered contribution paying base year employer, benefits paid to the eligible individual shall be charged to the experience rating account of only the individual's separating employer if the individual qualifies for benefits under:

(i) RCW 50.20.050(2)(b)(i), as applicable, and became unemployed after having worked and earned wages in the bona fide work; or

(ii) RCW 50.20.050(2)(b)(v) through (x).
The legislature finds that certain benefit payments, in whole or in part, should not be charged to the experience rating accounts of employers except those employers described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, as follows:

(ii) The individual files under RCW 50.06.020(2).

(c) Benefits paid which represent the state's share of benefits payable as extended benefits defined under RCW 50.22.010(6) shall not be charged to the experience rating account of any contribution paying employer.

(d) In the case of individuals who requalify for benefits under RCW 50.20.050 or 50.20.060, benefits based on wage credits earned prior to the disqualifying separation shall not be charged to the experience rating account of the contribution paying employer from whom that separation took place.

(e) Individuals who qualify for benefits under RCW 50.20.050(2)(b)(iv), as applicable, shall not have their benefits charged to the experience rating account of any contribution paying employer.

(f) With respect to claims with an effective date on or after the first Sunday following the day on which the governor signs this act, and before July 1, 2007, benefits paid that exceed the benefits that would have been paid if the weekly benefit amount for the claim had been determined as one percent of the total wages paid in the individual's base year shall not be charged to the experience rating account of any contribution paying employer.

A contribution paying base year employer, not otherwise eligible for relief of charges for benefits under this section, may receive such relief if the benefit charges result from payment to an individual who:

(i) Last left the employ of such employer voluntarily for reasons not attributable to the employer;

(ii) Was discharged for misconduct or gross misconduct connected with his or her work not a result of inability to meet the minimum job requirements;

(iii) Is unemployed as a result of closure or severe curtailment of operation at the employer's plant, building, worksite, or other facility. This closure must be for reasons directly attributable to a catastrophic occurrence such as fire, flood, or other natural disaster; or

Benefit charge relief ceases when the employment relationship between the employer requesting relief and the claimant is terminated. This subsection does not apply to shared work employers under chapter 50.60 RCW.

The employer requesting relief of charges under this subsection must request relief in writing within thirty days following mailing to the last known address of the notification of the valid initial determination of such claim, stating the date and reason for the separation or the circumstances of continued employment. The commissioner, upon investigation of the request, shall determine whether relief should be granted.

(a) A fund balance ratio shall be determined by dividing the balance in the unemployment compensation fund as of the September 30th immediately preceding the rate year by the total remuneration paid by all employers subject to contributions during the second calendar year preceding the rate year and reported to the department by the following March 31st. The division shall be carried to the fourth decimal place with the remaining fraction, if any, disregarded. The fund balance ratio shall be expressed as a percentage.

(b) The interval of the fund balance ratio, expressed as a percentage, shall determine which tax schedule in (e) of this subsection shall be in effect for assigning tax rates for the rate year. The intervals for determining the effective tax schedule shall be:

(f) The contribution rate for each employer not qualified to be in the array shall be as follows:

(i) Employers who do not meet the definition of "qualified employer" by reason of failure to pay contributions when due shall be assigned a contribution rate two-tenths higher than that in rate class 20 for the applicable rate year, except employers who have an approved agency-deferred payment contract by September 30 of the previous rate year. If any employer with an approved agency-deferred payment contract fails to make any one of the succeeding deferred payments or fails to submit any succeeding tax report and payment in a timely manner, the employer's tax rate shall immediately revert to a contribution rate two-tenths higher than that in rate class 20 for the applicable rate year; and

(ii) For all other employers not qualified to be in the array, the contribution rate shall be a rate equal to the average industry rate as determined by the commissioner; however, the rate may not be less than one percent.

(2) Beginning with contributions assessed for rate year 2005, the contribution rate for each employer subject to contributions under RCW 50.24.010 shall be the sum of the array calculation factor rate and the graduated social cost factor rate determined under this subsection, and the solvency surcharge determined under RCW 50.29.041, if any.

(a) The array calculation factor rate shall be determined as follows:

(i) An array shall be prepared, listing all qualified employers in ascending order of their benefit ratios. The array shall show for each qualified employer: (A) identification number; (B) benefit ratio; and (C) taxable payrolls for the four consecutive calendar quarters immediately preceding the computation date and reported to the employment security department by the cut-off date.

(ii) Each employer in the array shall be assigned to one of forty rate classes according to his or her benefit ratio as follows, and, except as provided in RCW 50.29.026, the array calculation factor rate for each employer in the array shall be the rate specified in the rate class to which the employer has been assigned:

(b) The graduated social cost factor rate shall be determined as follows:

(i)(A) Except as provided in (b)(i)(B) (and (C), and (D) of this subsection, the commissioner shall calculate the flat social cost factor for a rate year by dividing the total social cost by the total taxable payroll. The division shall be carried to the second decimal place with the remaining fraction disregarded unless it amounts to five hundredths or more, in which case the second decimal place shall be rounded to the next higher digit. The flat social cost factor shall be expressed as a percentage.

(B) If, on the cut-off date, the balance in the unemployment compensation fund is determined by the commissioner to be an amount that will provide more than ten months of unemployment benefits, the commissioner shall calculate the flat social cost factor for the rate year immediately following the cut-off date by reducing the total social cost by the dollar amount that represents the number of months for which the balance in the unemployment compensation fund on the cut-off date will provide benefits above ten months and dividing the result by the total taxable payroll. However, the calculation under this subsection (2)(b)(i)(B) for a rate year may not result in a flat social cost factor that is more than two-tenths lower than the calculation under (b)(i)(A) of this subsection for that rate year. For the purposes of this subsection, the commissioner shall determine the number of months of unemployment benefits in the unemployment compensation fund using the benefit cost rate for the average of the three highest calendar benefit cost rates in the twenty consecutive completed calendar years immediately preceding the cut-off date or a period of consecutive calendar years immediately preceding the cut-off date that includes three recessions, if longer.

(C) The minimum flat social cost factor calculated under this subsection (2)(b) shall be six-tenths of one percent.

(D) With respect to rate year 2007, the flat social cost factor shall be the lesser of:

(I) The flat social cost factor determined under (b)(ii)(A) through (C) of this subsection; or

(II) The flat social cost factor that would be determined under (b)(i)(A) through (C) of this subsection if RCW 50.20.120(2)(c)(i) had been in effect during the immediately preceding rate year.

(ii)(A) Except as provided in (b)(ii)(B) of this subsection, the graduated social cost factor rate for each employer in the array is the flat social cost factor multiplied by the percentage specified as follows for the rate class to which the employer has been assigned in (a)(ii) of this subsection, except that the sum of an employer's array calculation factor rate and the graduated social cost factor rate may not exceed six and five-tenths percent or, for employers whose (standard industrial classification) North American industry classification system code is within (major group "01," "02," "07," "091," "203," "209," or "5148," or the equivalent code in the North American industry classification system code) "111," "112," "1141," "115," "3114," "3117," or "42448," may not exceed six percent:

((I)) (1) Rate class 1 - 78 percent;
((II)) (2) Rate class 2 - 82 percent;
((11)) (III) Rate class 3 - 86 percent;
((11)) (IV) Rate class 4 - 90 percent;
((11)) (V) Rate class 5 - 94 percent;
((11)) (VI) Rate class 6 - 98 percent;
((11)) (VII) Rate class 7 - 102 percent;
((11)) (VIII) Rate class 8 - 106 percent;
((11)) (IX) Rate class 9 - 110 percent;
((11)) (X) Rate class 10 - 114 percent;
((11)) (XI) Rate class 11 - 118 percent; and
((11)) (XII) Rate classes 12 through 40 - 120 percent.

(B) For contributions assessed beginning July 1, 2005, through June 30, 2007, for employers whose North American industry classification system code is "111," "112," "1141," "115," "3114," "3117," "42448," or "49312," the graduated social cost factor rate is zero.

(iii) For the purposes of this section:
(A) "Total social cost" means;
(I) Except as provided in (b)(iii)(A)(II) of this subsection, the amount calculated by subtracting the array calculation factor contributions paid by all employers with respect to the four consecutive calendar quarters immediately preceding the computation date and paid to the employment security department by the cut-off date from the total unemployment benefits paid to claimants in the same four consecutive calendar quarters. To calculate the flat social cost factor for rate year 2005, the commissioner shall calculate the total social cost using the array calculation factor contributions that would have been required to be paid by all employers in the calculation period if (a) of this subsection had been in effect for the relevant period.

(II) For rate year 2007, the amount calculated under (b)(iii)(A)(I) of this subsection reduced by the amount of benefits charged that exceed the contributions paid in the four consecutive calendar quarters immediately preceding the applicable computation date because, as applicable, specified employers are subject to the social cost contributions under (b)(ii)(B) of this subsection, and/or because the social cost factor contributions are paid under (b)(ii)(D)(II) of this subsection.

(B) "Total taxable payroll" means the total amount of wages subject to tax, as determined under RCW 50.24.010, for all employers in the four consecutive calendar quarters immediately preceding the computation date and reported to the employment security department by the cut-off date.

(c) The array calculation factor rate for each employer not qualified to be in the array shall be as follows:
(i) Employers who do not meet the definition of "qualified employer" by reason of failure to pay contributions when due shall be assigned an array calculation factor rate two-tenths higher than that in rate class 40, except employers who have an approved agency-deferred payment contract by September 30th of the previous rate year. If any employer with an approved agency-deferred payment contract fails to make any one of the succeeding deferred payments or fails to submit any succeeding tax report and payment in a timely manner, the employer's tax rate shall immediately revert to an array calculation factor rate two-tenths higher than that in rate class 40; and
(ii) For all other employers not qualified to be in the array, the array calculation factor rate shall be a rate equal to the average industry array calculation factor rate as determined by the commissioner, plus fifteen percent of that amount; however, the rate may not be less than one percent or more than the array calculation factor rate in rate class 40.

(d) The graduated social cost factor rate for each employer not qualified to be in the array shall be as follows:
(i) For employers whose array calculation factor rate is determined under (c)(i) of this subsection, the social cost factor rate shall be the social cost factor rate assigned to rate class 40 under (b)(ii) of this subsection.
(ii) For employers whose array calculation factor rate is determined under (c)(ii) of this subsection, the social cost factor rate shall be a rate equal to the average industry social cost factor rate as determined by the commissioner, plus fifteen percent of that amount, but not more than the social cost factor rate assigned to rate class 40 under (b)(ii) of this subsection.

(3) Assignment of employers by the commissioner to industrial classification, for purposes of this section, shall be in accordance with established classification practices found in the "Standard Industrial Classification Manual" issued by the federal office of management and budget to the third digit provided in the standard industrial classification code, or in the North American industry classification system code.

Sec. 6. RCW 50.16.030 and 1999 c 36 s 1 are each amended to read as follows:

(1)(a) Except as provided in (b) and (c) of this subsection, moneys shall be requisitioned from this state's account in the unemployment trust fund solely for the payment of benefits and repayment of loans from the federal government to guarantee solvency of the unemployment compensation fund in accordance with regulations prescribed by the commissioner, except that money credited to this state's account pursuant to section 903 of the social security act, as amended, shall be used exclusively as
provided in RCW 50.16.030(5). The commissioner shall from time to time requisition from the unemployment trust fund such amounts, not exceeding the amounts standing to its account therein, as he or she deems necessary for the payment of benefits for a reasonable future period. Upon receipt thereof the treasurer shall deposit such moneys in the benefit account and shall issue his or her warrants for the payment of benefits solely from such benefits account.

(b) Moneys for the payment of regular benefits as defined in RCW 50.22.010 shall be requisitioned during fiscal years 2006 and 2007 in the following order:

(i) First, from the moneys credited to this state's account in the unemployment trust fund pursuant to section 903 of the social security act, as amended in section 209 of the temporary extended unemployment compensation act of 2002 (42 U.S.C. Sec. 1103(d)), the amount equal to the amount of benefits charged that exceed the contributions paid in the four consecutive calendar quarters ending on June 30, 2006, for the fiscal year 2006 calculation, and ending on June 30, 2007, for the fiscal year 2007 calculation, because the social cost factor contributions that employers are subject to under RCW 50.29.025(2)(b)(ii)(B) are less than the social cost factor contributions that these employers would have been subject to if RCW 50.29.025(2)(b)(ii)(A) had applied to these employers; and

(ii) Second, after the requisitioning required under (b)(i) of this subsection in the respective fiscal year, from all other moneys credited to this state's account in the unemployment trust fund.

(c) After the requisitioning required under (b), if applicable, moneys for the payment of regular benefits as defined in RCW 50.22.010 shall be requisitioned during calendar year 2007 in the following order:

(i) First, from the moneys credited to this state's account in the unemployment trust fund pursuant to section 903 of the social security act, as amended in section 209 of the temporary extended unemployment compensation act of 2002 (42 U.S.C. Sec. 1103(d)), the amount equal to the amount of benefits paid under RCW 50.20.120(2)(c)(ii) beginning on the first Sunday following the day on which the governor signs this act and ending on June 30, 2007, that exceed the amount of benefits that would have been paid if the weekly benefit amount had been determined as one percent of the total wages paid in the individual's base year; and

(ii) Second, after the requisitioning required under (c)(i) of this subsection in the respective fiscal year, from all other moneys credited to this state's account in the unemployment trust fund.

(2) Expenditures of such moneys in the benefit account and refunds from the clearing account shall not be subject to any provisions of law requiring specific appropriations or other formal release by state officers of money in their custody, and RCW 43.01.050, as amended, shall not apply. All warrants issued by the treasurer for the payment of benefits and refunds shall bear the signature of the treasurer and the countersignature of the commissioner, or his or her duly authorized agent for that purpose.

(3) Any balance of moneys requisitioned from the unemployment trust fund which remains unclaimed or unpaid in the benefit account after the expiration of the period for which sums were requisitioned shall either be deducted from estimates for, and may be utilized for the payment of, benefits during succeeding periods, or in the discretion of the commissioner, shall be redeposited with the secretary of the treasury of the United States of America to the credit of this state's account in the unemployment trust fund.

(4) Money credited to the account of this state in the unemployment trust fund by the secretary of the treasury of the United States of America pursuant to section 903 of the social security act, as amended, may be requisitioned and used for the payment of expenses incurred for the administration of this title pursuant to a specific appropriation by the legislature, provided that the expenses are incurred and the money is requisitioned after the enactment of an appropriation law which:

(a) Specifies the purposes for which such money is appropriated and the amounts appropriated therefor;

(b) Limits the period within which such money may be obligated to a period ending not more than two years after the date of the enactment of the appropriation law; and

(c) Limits the amount which may be obligated during a twelve-month period beginning on July 1st and ending on the next June 30th to an amount which does not exceed the amount by which (i) the aggregate of the amounts credited to the account of this state pursuant to section 903 of the social security act, as amended, during the same twelve-month period and the thirty-four preceding twelve-month periods, exceeds (ii) the aggregate of the amounts obligated pursuant to RCW 50.16.030 (4), (5) and (6) and charged against the amounts credited to the account of this state during any of such thirty-five twelve-month periods. For the purposes of RCW 50.16.030 (4), (5) and (6), amounts obligated during any such twelve-month period shall be charged against equivalent amounts which were first credited and which are not already so charged; except that no amount obligated for administration during any such twelve-month period may be charged against any amount credited during such a twelve-month period earlier than the thirty-fourth twelve-month period preceding such period: PROVIDED, That any amount credited to this state's account under section 903 of the social security act, as amended, which has been appropriated for expenses of administration, whether or not withdrawn from the trust fund shall be excluded from the unemployment compensation fund balance for the purpose of experience rating credit determination.
(5) Money credited to the account of this state pursuant to section 903 of the social security act, as amended, may not be withdrawn or used except for the payment of benefits and for the payment of expenses of administration and of public employment offices pursuant to RCW 50.16.030 (4), (5) and (6). However, moneys credited because of excess amounts in federal accounts in federal fiscal years 1999, 2000, and 2001 shall be used solely for the administration of the unemployment compensation program and are not subject to appropriation by the legislature for any other purpose.

(6) Money requisitioned as provided in RCW 50.16.030 (4), (5) and (6) for the payment of expenses of administration shall be deposited in the unemployment compensation fund, but until expended, shall remain a part of the unemployment compensation fund. The commissioner shall maintain a separate record of the deposit, obligation, expenditure and return of funds so deposited. Any money so deposited which either will not be obligated within the period specified by the appropriation law or remains unobligated at the end of the period, and any money which has been obligated within the period but will not be expended, shall be returned promptly to the account of this state in the unemployment trust fund.

NEW SECTION. Sec. 7. A new section is added to chapter 50.29 RCW to read as follows:

(1) By October 1, 2006, and October 1, 2007, the employment security department must report to the appropriate committees of the legislature on the impact, or projected impact, of sections 2 and 3, chapter ..., Laws of 2005 (sections 2 and 3 of this act) on the unemployment trust fund in the three consecutive fiscal years beginning with the year before the report date.

(2) This section expires January 1, 2008.

NEW SECTION. Sec. 8. To establish additional capacity within the employment security department, the department is authorized to add two full-time equivalent employees to develop economic models for estimating the impacts of policy changes on the unemployment insurance system and the unemployment trust fund.

NEW SECTION. Sec. 9. (1)(a) The joint legislative task force on unemployment insurance benefit equity is established. The joint legislative task force shall consist of the following members:

(iv) Four members representing labor, selected from nominations submitted by statewide labor organizations representing a cross-section of industries and appointed jointly by the president of the senate and the speaker of the house of representatives.

(b) In addition, the employment security department shall cooperate with the task force and maintain a liaison representative, who shall be a nonvoting member. The department shall cooperate with the task force and provide information as the task force may reasonably request.

(2) The task force shall review the unemployment insurance system, including, but not limited to, whether the benefit structure provides for equitable benefits, whether the structure fairly accounts for changes in the work force and industry work patterns, including seasonality, and for claimants' annual work patterns, whether the tax structure provides for an equitable distribution of taxes, and whether the trust fund is adequate in the long term.

(3)(a) The task force shall use legislative facilities, and staff support shall be provided by senate committee services and the house of representatives office of program research. The task force may hire additional staff with specific technical expertise if such expertise is necessary to carry out the mandates of this study.

(b) Legislative members of the task force shall be reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members, except those representing an employer or organization, are entitled to be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060.

(c) The expenses of the task force shall be paid jointly by the senate and the house of representatives.

(5) The task force shall report its findings and recommendations to the legislature by January 1, 2006.

(6) This section expires July 1, 2006.

NEW SECTION. Sec. 10. (1) Section 2 of this act expires June 30, 2007.

(2) It is the intent of the legislature that the expiration of sections or subsections of this act results in those sections of law being returned to the law in effect immediately before the effective date of this act.
NEW SECTION. Sec. 11. If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state or the eligibility of employers in this state for federal unemployment tax credits, the conflicting part of this act is inoperative solely to the extent of the conflict, and the finding or determination does not affect the operation of the remainder of this act. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state or the granting of federal unemployment tax credits to employers in this state.

NEW SECTION. Sec. 12. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

MESSAGE FROM THE SENATE

April 13, 2005

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1999, with the following amendment:

On page 2, after line 19, insert the following:

"NEW SECTION. Sec. 2. A new section is added to chapter 46.63 RCW to read as follows:

(1) In the event a traffic infraction is based on a vehicle's identification, and the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction may be issued, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within thirty days of receiving the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred.

Timely mailing of this statement to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction. In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty.

(2) For the purpose of this section, a "traffic infraction based on a vehicle's identification" includes, but is not limited to, parking infractions, high-occupancy toll lane violations, and violations recorded by automated traffic safety cameras."

and the same is herewith transmitted.

MESSAGE FROM THE SENATE

April 13, 2005

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2085, with the following amendment:

Strike everything after the enacting clause and insert the following:

“NEW SECTION. Sec. 1. The legislature finds that discarded tires in unauthorized dump sites pose a health and safety risk to the public. Many of these tire piles have been in existence for a significant amount of time and are a continuing challenge to state and local officials responsible for cleaning up unauthorized dump sites and preventing further accumulation of waste tires. Therefore it is the intent of the legislature to document the extent of the problem, create and fund an effective program to eliminate unauthorized tire piles, and minimize potential future problems and costs.

Sec. 2. RCW 70.95.510 and 1989 c 431 s 92 are each amended to read as follows:

(1) There is levied a one dollar per tire fee on the retail sale of new replacement vehicle tires for a period of five years, beginning (October 1, 1989) July 1, 2005. The fee imposed in this section shall be paid by the buyer to the seller, and each seller shall collect from the buyer the full amount of the fee. The fee collected from the buyer by the seller less the ten percent amount retained by the seller as provided in RCW 70.95.535(1) shall be paid to the department of revenue in accordance with RCW 82.32.045.

(2) The department of revenue shall incorporate into the agency's regular audit cycle a reconciliation of the number of tires sold and the amount of revenue collected by the businesses selling new replacement vehicle tires at retail. The department of revenue shall collect on the business excise tax return from the businesses selling new replacement vehicle tires at retail:

(a) The number of tires sold; and
(b) The fee levied in this section.

(3) All other applicable provisions of chapter 82.32 RCW have full force and application with respect to the fee imposed under this section. The department of revenue shall administer this section.

(4) For the purposes of this section, "new replacement vehicle tires" means tires that are newly manufactured for vehicle purposes and does not include retreaded vehicle tires.

NEW SECTION. Sec. 3. A new section is added to chapter 70.95 RCW to read as follows:

The waste tire removal account is created in the state treasury. All receipts from tire fees imposed under RCW 70.95.510 must be deposited in the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used for the cleanup of unauthorized waste tire piles and measures that prevent future accumulation of unauthorized waste tire piles.

NEW SECTION. Sec. 4. A new section is added to chapter 70.95 RCW to read as follows:

(1) The fee required by this chapter, to be collected by the seller, shall be deemed to be held in trust by the seller until paid to the department of revenue, and any seller who appropriates or converts the fee collected to his or her own use or to any use other than the payment of the fee to the extent that the money required to be collected is not available for payment on the due date as prescribed in this chapter is guilty of a gross misdemeanor.

(2) In case any seller fails to collect the fee imposed in this chapter or, having collected the fee, fails to pay it to the department of revenue in the manner prescribed by this chapter, whether such failure is the result of his or her own acts or the
result of acts or conditions beyond his or her control, he or she shall, nevertheless, be personally liable to the state for the amount of the fee.

(3) The amount of the fee, until paid by the buyer to the seller or to the department of revenue, shall constitute a debt from the buyer to the seller and any seller who fails or refuses to collect the fee as required with intent to violate the provisions of this chapter or to gain some advantage or benefit, either direct or indirect, and any buyer who refuses to pay any fee due under this chapter is guilty of a misdemeanor.

Sec. 5. RCW 70.95.530 and 1988 c 250 s 1 are each amended to read as follows:

(1) Moneys in the waste tire removal account may be appropriated to the department of ecology:

((4)) (a) To provide for funding to state and local governments for the removal of discarded vehicle tires from unauthorized tire dump sites;

((2)) (b) To accomplish the other purposes of RCW 70.95.020((5)) as they relate to waste tire cleanup under this chapter; and

((2) To fund the study authorized in section 2, chapter 250, Laws of 1988) (c) To conduct a study of existing tire cleanup sites. The office of financial management shall oversee the study process and approve the completed study. The completed study shall be delivered to the house of representatives and senate transportation committees by November 15, 2005. In conducting the study, the department shall consult on a regular basis with interested parties. The following identified elements at a minimum shall be included in the completed study:

(i) Identification of existing tire cleanup sites in the state of Washington;

(ii) The estimated number of tires in each tire cleanup site;

(iii) A map identifying the location of each one of the tire cleanup sites;

(iv) A photograph of each one of the tire cleanup sites;

(v) The estimated cost for cleanup of each tire site by cost component;

(vi) The estimated reimbursement of costs to be recovered from persons or entities that created or have responsibility for the tire cleanup site;

(vii) Identification of the type of reimbursements for recovery by each of the tire cleanup sites;

(viii) The estimated time frame to begin the cleanup project and the estimated completion date for each tire cleanup site;

(ix) An assessment of local government functions relating to unauthorized tire piles, including cleanup, enforcement, and public health;

(x) Identification of needs in the areas in (c)(ix) of this subsection for each one of the counties; and

(xi) A statewide cleanup plan based on multiple funding options between twenty cents and sixty cents for each new tire sold at retail in the state starting on July 1, 2005. The plan shall include the estimated time frame to begin each of the tire cleanup sites and the estimated completion date for each one of the sites. In addition, the plan must include a process to be followed in selecting entities to perform the tire site cleanups. The 2006 legislature shall determine the final distribution of the tire cleanup fee and the appropriations for this statewide tire cleanup plan.

(2) In spending funds in the account under this section, the department of ecology shall identify communities with the most severe problems with waste tires and provide funds first to those communities to remove accumulations of waste tires.

(3) Immediately after the effective date of this section, the department of ecology shall initiate a pilot project in a city with a population between three and four thousand within a county with a population less than twenty thousand to contract to clean up a formerly licensed tire pile in existence for ten or more years. To begin the project, the department shall seek to use financial assurance funds set aside for clean up of the tire pile. For purposes of this subsection, population figures are the official 2004 population as estimated by the office of financial management for purposes of state revenue allocation.

Sec. 6. RCW 70.95.555 and 1988 c 250 s 4 are each amended to read as follows:

Any person engaged in the business of transporting or storing waste tires shall be licensed by the department. To obtain a license, each applicant must:

(1) Provide assurances that the applicant is in compliance with this chapter and the rules regarding waste tire storage and transportation;

(2) Accept liability for and authorize the department to recover any costs incurred in any cleanup of waste tires transported or newly stored by the applicant in violation of this section, or RCW 70.95.560 or section 4 or 8 of this act, or rules adopted thereunder, after the effective date of this section;
Until January 1, 2006, post a bond in the sum of ten thousand dollars in favor of the state of Washington for waste tires transported or stored before the effective date of this section. In lieu of the bond, the applicant may submit financial assurances acceptable to the department;

After January 1, 2006, for waste tires transported or stored before the effective date of this section, or for waste tires transported or stored after the effective date of this section, post a bond in an amount to be determined by the department sufficient to cover the liability for the cost of cleanup of the transported or stored waste tires, in favor of the state of Washington. In lieu of the bond, the applicant may submit financial assurances acceptable to the department;

Be registered in the state of Washington as a business and be in compliance with all state laws, rules, and local ordinances;

Have a federal tax identification number and be in compliance with all applicable federal codes and regulations; and

Report annually to the department the amount of tires transported and their disposition. Failure to report shall result in revocation of the license.

Sec. 7. RCW 70.95.560 and 1989 c 431 s 95 are each amended to read as follows:

(1) Any person who transports or stores waste tires without a license in violation of RCW 70.95.555 shall be guilty of a gross misdemeanor and upon conviction shall be punished under RCW 9A.20.021(2).

(2) Any person who transports or stores waste tires without a license in violation of RCW 70.95.555 is liable for the costs of cleanup of any and all waste tires transported or stored. This subsection does not apply to the storage of waste tires when the storage of the tires occurred before the effective date of this section and the storage was licensed in accordance with RCW 70.95.555 at the time the tires were stored.

NEW SECTION. Sec. 8. A new section is added to chapter 70.95 RCW to read as follows:

No person or business, having documented proof that it legally transferred possession of waste tires to a validly licensed transporter or storer of waste tires or to a validly permitted recycler, has any further liability related to the waste tires legally transferred.

NEW SECTION. Sec. 9. The sum of one hundred fifty thousand dollars, or as much thereof as may be necessary, is appropriated for the fiscal year ending June 30, 2006, from the waste tire removal account to the office of financial management to reimburse the department of ecology to complete the study in section 5 of this act.

NEW SECTION. Sec. 10. The sum of forty thousand dollars, or as much thereof as may be necessary, is appropriated for the biennium ending June 30, 2007, from the waste tire removal account to the department of revenue for administration of the fee established in section 2 of this act.

NEW SECTION. Sec. 11. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 12. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2005."

On page 1, line 1 of the title, after "tires;" strike the remainder of the title and insert "amending RCW 70.95.510, 70.95.530, 70.95.555, and 70.95.560; adding new sections to chapter 70.95 RCW; creating a new section; prescribing penalties; making appropriations; providing an effective date; and declaring an emergency."

Notice shall occur not more than thirty days before the offender is to be released. The agency and the division shall assist the offender in meeting the initial registration requirement under this section. Failure to provide such assistance shall not constitute a defense for any violation of this section.

(ii) OFFENDERS NOT IN CUSTODY BUT UNDER STATE OR LOCAL JURISDICTION. Sex offenders who, on July 28, 1991, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of corrections' active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 28, 1991. kidnapping offenses committed before, on, or after July 27, 1997, must register within ten days of July 27, 1997. A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(ii) as of July 28, 1991, or a kidnapping offender required to register as of July 27, 1997, shall not relieve the offender of the duty to register or to reregister following a change in residence. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iii) OFFENDERS UNDER FEDERAL JURISDICTION. Sex offenders who, on or after July 23, 1995, and kidnapping offenders who, on or after July 27, 1997, as a result of that offense are in the custody of the United States bureau of prisons or other federal or military correctional agency for sex offenses committed before, on, or after February 28, 1990, or kidnapping offenses committed on, before, or after July 27, 1997, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. Sex offenders who, on July 23, 1995, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 23, 1995. Kidnapping offenders who, on July 27, 1997, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for kidnapping offenses committed before, on, or after July 27, 1997, must register within ten days of July 27, 1997. A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(iii) as of July 23, 1995, or a kidnapping offender required to register as of July 27, 1997 shall not relieve the offender of the duty to register or to reregister following a change in residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iv) OFFENDERS WHO ARE CONVICTED BUT NOT CONFINED. Sex offenders who are convicted of a sex offense on or after July 28, 1991, for a sex offense that was committed on or after February 28, 1990, and kidnapping offenders who are convicted on or after July 27, 1997, for a kidnapping offense that was committed on or after July 27, 1997, but who are not sentenced to serve a term of confinement immediately upon sentencing, shall report to the county sheriff to register immediately upon completion of being sentenced.

(v) OFFENDERS WHO ARE NEW RESIDENTS OR RETURNING WASHINGTON RESIDENTS. Sex offenders and kidnapping offenders who move to Washington state from another state or a foreign country that are not under the jurisdiction of the state department of corrections, the indeterminate sentence review board, or the state department of social and health services at the time of moving to Washington, must register within thirty days of establishing residence or reestablishing residence if the person is a former Washington resident. The duty to register under this subsection applies to sex offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed on or after February 28, 1990, and to kidnapping offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed on or after July 27, 1997. Sex offenders and kidnapping offenders from other states or a foreign country who, when they move to Washington, are under the jurisdiction of the department of corrections, the indeterminate sentence review board, or the department of social and health services must register within twenty-four hours of moving to Washington. The agency that has jurisdiction over the offender shall notify the offender of the registration requirements before the offender moves to Washington.

(vi) OFFENDERS FOUND NOT GUILTY BY REASON OF INSANITY. Any adult or juvenile who has been found not guilty by reason of insanity under chapter 10.77 RCW of (A) committing a sex offense on, before, or after February 28, 1990, and who, on or after July 23, 1995, is in custody, as a result of that finding, of the state department of social and health services, or (B) committing a kidnapping offense on, before, or after July 27, 1997, and who on or after July 27, 1997, is in custody, as a result of that finding, of the state department of social and health services, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence. The state department of social and health services shall provide notice to the adult or juvenile in its custody of the duty to register. Any adult or juvenile who has been found not guilty by reason of insanity of committing a sex offense on, before, or after February 28, 1990, but who was released before July 23, 1995, or any adult or juvenile who has been found not guilty by reason of insanity of committing a kidnapping offense but who was released before July 27, 1997, shall be required to register within twenty-four hours of receiving notice of this registration requirement. The state department of social and health services shall make reasonable attempts within available resources to notify sex offenders who were released before July 23, 1995, and kidnapping offenders who were released before July 27, 1997. Failure to register within twenty-four hours of release, or of receiving notice, constitutes a violation of this section and is punishable as provided in subsection (10) of this section.

(vii) OFFENDERS WHO LACK A FIXED RESIDENCE. Any person who lacks a fixed residence and leaves the county in which he or she is registered and enters and remains within a new county for twenty-four hours is required to register with the county sheriff not more than twenty-four hours after entering the county and provide the information required in subsection (3)(b) of this section.
(viii) OFFENDERS WHO LACK A FIXED RESIDENCE AND WHO ARE UNDER SUPERVISION. Offenders who lack a fixed residence and who are under the supervision of the department shall register in the county of their supervision.

(ix) OFFENDERS WHO MOVE TO, WORK, CARRY ON A VOCATION, OR ATTEND SCHOOL IN ANOTHER STATE. Offenders required to register in Washington, who move to another state, or who work, carry on a vocation, or attend school in another state shall register a new address, fingerprints, and photograph with the new state within ten days after establishing residence, or after beginning to work, carry on a vocation, or attend school in the new state. The person must also send written notice within ten days of moving to the new state or to a foreign country to the county sheriff with whom the person last registered in Washington state. The county sheriff shall promptly forward this information to the Washington state patrol.

(b) Failure to register within the time required under this section constitutes a per se violation of this section and is punishable as provided in subsection (10) of this section. The county sheriff shall not be required to determine whether the person is living within the county.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of this section, or arraignment on charges for a violation of this section, constitutes actual notice of the duty to register. Any person charged with the crime of failure to register under this section who asserts as a defense the lack of notice of the duty to register shall register immediately following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (4)(c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(d) The deadlines for the duty to register under this section do not relieve any sex offender of the duty to register under this section as it existed prior to July 28, 1991.

(5)(a) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must send written notice of the change of address to the county sheriff within seventy-two hours of moving. If any person required to register pursuant to this section moves to a new county, the person must send written notice of the change of address at least fourteen days before moving to the county sheriff in the new county of residence and must register with that county sheriff within twenty-four hours of moving. The person must also send written notice within ten days of the change of address in the new county to the county sheriff with whom the person last registered. The county sheriff with whom the person last registered shall promptly forward the information concerning the change of address to the county sheriff for the county of the person's new residence. Upon receipt of notice of change of address to a new state, the county sheriff shall promptly forward the information regarding the change of address to the agency designated by the new state as the state's offender registration agency.

(b) It is an affirmative defense to a charge that the person failed to send a notice at least fourteen days in advance of moving as required under (a) of this subsection that the person did not know the location of his or her new residence at least fourteen days before moving. The defendant must establish the defense by a preponderance of the evidence and, to prevail on the defense, must also prove by a preponderance that the defendant sent the required notice within twenty-four hours of determining the new address.

(6)(a) Any person required to register under this section who lacks a fixed residence shall provide written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence. The notice shall include the information required by subsection (3)(b) of this section, except the photograph and fingerprints. The county sheriff may, for reasonable cause, require the offender to provide a photograph and fingerprints. The sheriff shall forward this information to the sheriff of the county in which the person intends to reside, if the person intends to reside in another county.

(b) A person who lacks a fixed residence must report weekly, in person, to the sheriff of the county where he or she is registered. The weekly report shall be on a day specified by the county sheriff's office, and shall occur during normal business hours. The county sheriff's office may require the person to list the locations where the person has stayed during the last seven days. The lack of a fixed residence is a factor that may be considered in determining an offender's risk level and shall make the offender subject to disclosure of information to the public at large pursuant to RCW 4.24.550.

(c) If any person required to register pursuant to this section does not have a fixed residence, it is an affirmative defense to the charge of failure to register, that he or she provided written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence and has subsequently complied with the requirements of subsections (4)(a)(vii) or (viii) and (6) of this section. To prevail, the person must prove the defense by a preponderance of the evidence.

(7) A sex offender subject to registration requirements under this section who applies to change his or her name under RCW 4.24.130 or any other law shall submit a copy of the application to the county sheriff of the county of the person's residence and to the state patrol not fewer than five days before the entry of an order granting the name change. No sex offender under the requirement to register under this section at the time of application shall be granted an order changing his or her name if the court
finds that doing so will interfere with legitimate law enforcement interests, except that no order shall be denied when the name change is requested for religious or legitimate cultural reasons or in recognition of marriage or dissolution of marriage. A sex offender under the requirement to register under this section who receives an order changing his or her name shall submit a copy of the order to the county sheriffs of the county or the person's residence and to the state patrol within five days of the entry of the order.

(8) The county sheriff shall obtain a photograph of the individual and shall obtain a copy of the individual's fingerprints.

(9) For the purpose of RCW 9A.44.130, 10.01.200, 43.43.540, 70.48.470, and 72.09.330:

(a) "Sex offense" means:

(i) Any offense defined as a sex offense by RCW 9.94A.030;

(ii) Any violation under RCW 9A.44.096 (sexual misconduct with a minor in the second degree);

(iii) Any violation under RCW 9.68A.090 (communication with a minor for immoral purposes);

(iv) Any federal or out-of-state conviction for an offense that under the laws of this state would be classified as a sex offense under this subsection; and

(v) Any gross misdemeanor that is, under chapter 9A.28 RCW, a criminal attempt, criminal solicitation, or criminal conspiracy to commit an offense that is classified as a sex offense under RCW 9.94A.030 or this subsection.

(b) "Kidnapping offense" means: (i) The crimes of kidnapping in the first degree, kidnapping in the second degree, and unlawful imprisonment, as defined in chapter 9A.40 RCW, where the victim is a minor and the offender is not the minor's parent; (ii) any offense that is, under chapter 9A.28 RCW, a criminal attempt, criminal solicitation, or criminal conspiracy to commit an offense that is classified as a kidnapping offense under this subsection (9)(b); and (iii) any federal or out-of-state conviction for an offense that under the laws of this state would be classified as a kidnapping offense under this subsection (9)(b).

(c) "Employed" or "carries on a vocation" means employment that is full-time or part-time for a period of time exceeding fourteen days, or for an aggregate period of time exceeding thirty days during any calendar year. A person is employed or carries on a vocation whether the person's employment is financially compensated, volunteered, or for the purpose of government or educational benefit.

(d) "Student" means a person who is enrolled, on a full-time or part-time basis, in any public or private educational institution. An educational institution includes any secondary school, trade or professional institution, or institution of higher education.

(10)(a) A person who knowingly fails to register with the county sheriff or notify the county sheriff, or who changes his or her name without notifying the county sheriff and the state patrol, as required by this section is guilty of a class C felony if the crime for which the individual was convicted was a felony sex offense as defined in subsection (9)(a) of this section or a federal or out-of-state conviction for an offense that under the laws of this state would be a felony sex offense as defined in subsection (9)(a) of this section.

(b) If the crime for which the individual was convicted was other than a felony or a federal or out-of-state conviction for an offense that under the laws of this state would be other than a felony, violation of this section is a gross misdemeanor.

(11)(a) A person who knowingly fails to register or who moves within the state without notifying the county sheriff as required by this section is guilty of a class C felony if the crime for which the individual was convicted was a felony kidnapping offense as defined in subsection (9)(b) of this section or a federal or out-of-state conviction for an offense that under the laws of this state would be a felony kidnapping offense as defined in subsection (9)(b) of this section.

(b) If the crime for which the individual was convicted was other than a felony or a federal or out-of-state conviction for an offense that under the laws of this state would be other than a felony, violation of this section is a gross misdemeanor.

(12) Except as may otherwise be provided by law, nothing in this section shall impose any liability upon a peace officer, including a county sheriff, or law enforcement agency, for failing to release information authorized under this section.

**Sec. 2.** RCW 4.24.550 and 2003 c 217 s 1 are each amended to read as follows:

(1) In addition to the disclosure under subsection (5) of this section, public agencies are authorized to release information to the public regarding sex offenders and kidnapping offenders when the agency determines that disclosure of the information is relevant and necessary to protect the public and counteract the danger created by the particular offender. This authorization applies to information regarding: (a) Any person adjudicated or convicted of a sex offense as defined in RCW 9A.44.130 or a kidnapping offense as defined by RCW 9A.44.130; (b) any person under the jurisdiction of the indeterminate sentence review board as the result of a sex offense or kidnapping offense; (c) any person committed as a sexually violent predator under chapter 71.09 RCW or as a sexual psychopath under chapter 71.06 RCW; (d) any person found not guilty of a sex offense or kidnapping offense by reason of insanity under chapter 10.77 RCW; and (e) any person found incompetent to stand trial for a sex offense or kidnapping offense and subsequently committed under chapter 71.05 or 71.34 RCW.
(2) Except for the information specifically required under subsection (5) of this section, the extent of the public disclosure of relevant and necessary information shall be rationally related to: (a) The level of risk posed by the offender to the community; (b) the locations where the offender resides, expects to reside, or is regularly found; and (c) the needs of the affected community members for information to enhance their individual and collective safety.

(3) Except for the information specifically required under subsection (5) of this section, local law enforcement agencies shall consider the following guidelines in determining the extent of a public disclosure made under this section: (a) For offenders classified as risk level I, the agency shall share information with other appropriate law enforcement agencies and, if the offender is a student, the public or private school regulated under Title 28A RCW or chapter 72.40 RCW which the offender is attending, or planning to attend. The agency may disclose, upon request, relevant, necessary, and accurate information to any victim or witness to the offense and to any individual community member who lives near the residence where the offender resides, expects to reside, or is regularly found; (b) for offenders classified as risk level II, the agency may also disclose relevant, necessary, and accurate information to public and private schools, child day care centers, family day care providers, businesses and organizations that serve primarily children, women, or vulnerable adults, and neighbors and community groups near the residence where the offender resides, expects to reside, or is regularly found; (c) for offenders classified as risk level III, the agency may also disclose relevant, necessary, and accurate information to the public at large; and (d) because more localized notification is not feasible and homeless and transient offenders may present unique risks to the community, the agency may also disclose relevant, necessary, and accurate information to the public at large for offenders registered as homeless or transient.

(4) The county sheriff with whom an offender classified as risk level III is registered shall cause to be published by legal notice, advertising, or news release a sex offender community notification that conforms to the guidelines established under RCW 4.24.5501 in at least one legal newspaper with general circulation in the area of the sex offender's registered address or location. The county sheriff shall also cause to be published consistent with this subsection a current list of level III registered sex offenders, twice yearly. Unless the information is posted on the website described in subsection (5) of this section, this list shall be maintained by the county sheriff on a publicly accessible website and shall be updated at least once per month.

(5)(a) When funded by federal grants or other sources, the Washington association of sheriffs and police chiefs shall create and maintain a statewide registered sex offender website, which shall be available to the public. The website shall post all level III and level II registered sex offenders in the state of Washington.

(i) For level III offenders, the website shall contain, but is not limited to, the registered sex offender's name, relevant criminal convictions, address by hundred block, physical description, and photograph. The website shall provide mapping capabilities that display the sex offender's address by hundred block on a map. The website shall allow citizens to search for registered sex offenders within the state of Washington by county, city, zip code, last name, type of conviction, and address by hundred block.

(ii) For level II offenders, the website shall contain, but is not limited to, the same information and functionality as described in (a)(i) of this subsection, provided that it is permissible under state and federal law. If it is not permissible, the website shall be limited to the information and functionality that is permissible under state and federal law.

(b) Until the implementation of (a) of this subsection, the Washington association of sheriffs and police chiefs shall create a website available to the public that provides electronic links to county-operated websites that offer sex offender registration information.

(6) Local law enforcement agencies that disseminate information pursuant to this section shall: (a) Review available risk level classifications made by the department of corrections, the department of social and health services, and the indeterminate sentence review board; (b) assign risk level classifications to all offenders about whom information will be disseminated; and (c) make a good faith effort to notify the public and residents at least fourteen days before the offender is released from confinement or, where an offender moves from another jurisdiction, as soon as possible after the agency learns of the offender's move, except that in no case may this notification provision be construed to require an extension of an offender's release date. The juvenile court shall provide local law enforcement officials with all relevant information on offenders allowed to remain in the community in a timely manner.

(7) An appointed or elected public official, public employee, or public agency as defined in RCW 4.24.470, or units of local government and its employees, as provided in RCW 36.28A.010, are immune from civil liability for damages for any discretionary risk level classification decisions or release of relevant and necessary information, unless it is shown that the official, employee, or agency acted with gross negligence or in bad faith. The immunity in this section applies to risk level classification decisions and the release of relevant and necessary information regarding any individual for whom disclosure is authorized. The decision of a local law enforcement agency or official to classify an offender to a risk level other than the one assigned by the department of corrections, the department of social and health services, or the indeterminate sentence review board, or the release of any relevant and necessary information based on that different classification shall not, by itself, be
considered gross negligence or bad faith. The immunity provided under this section applies to the release of relevant and necessary information to other public officials, public employees, or public agencies, and to the general public.

(8) Except as may otherwise be provided by law, nothing in this section shall impose any liability upon a public official, public employee, or public agency for failing to release information authorized under this section.

(9) Nothing in this section implies that information regarding persons designated in subsection (1) of this section is confidential except as may otherwise be provided by law.

(10) When a local law enforcement agency or official classifies an offender differently than the offender is classified by the end of sentence review committee or the department of social and health services at the time of the offender's release from confinement, the law enforcement agency or official shall notify the end of sentence review committee or the department of social and health services and submit its reasons supporting the change in classification. Upon implementation of subsection (5)(a) of this section, notification of the change shall also be sent to the Washington association of sheriffs and police chiefs.

NEW SECTION. Sec. 3. The safety center of the office of the superintendent of public instruction shall review the types and amounts of training that will be necessary for principals, teachers, supervisors, and school staff to implement this act and shall report to the appropriate committees of the legislature with recommendations for training requirements not later than January 1, 2006.

NEW SECTION. Sec. 4. This act takes effect September 1, 2006."

Representatives Pearson and Dickerson spoke in favor the passage of the bill.

The Speaker (Representative Lovick presiding) stated the question before the House to be final passage of House Bill No. 2101 as amended by the Senate.

ROLL CALL

The Clerk called the roll on the final passage of House Bill No. 2101, as amended by the Senate, and the bill passed the House by the following vote: Yeas - 96, Nays - 0, Absent - 0, Excused - 2.

HOUSE BILL NO. 2101, as amended by the Senate, having received the constitutional majority, was declared passed.
Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2126, with the following amendment:

Strike everything after the enacting clause and insert the following:

“NEW SECTION. Sec. 1. The legislature recognizes that it is important that dependent persons who are witnesses and victims of crime cooperate with law enforcement and prosecutorial agencies and that their assistance contributes to state and local enforcement efforts and the general effectiveness of the criminal justice system. The legislature finds that the state has an interest in making it possible for courts to adequately and fairly conduct cases involving dependent persons who are victims of crimes. Therefore, it is the intent of the legislature, by means of this chapter, to insure that all dependent persons who are victims and witnesses of crime are treated with sensitivity, courtesy, and special care and that their rights be protected by law enforcement agencies, prosecutors, and judges in a manner no less vigorous than the protection afforded to other victims, witnesses, and criminal defendants.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Crime" means an act punishable as a felony, gross misdemeanor, or misdemeanor under the laws of this state or equivalent federal or local law.

(2) "Dependent person" has the same meaning as that term is defined in RCW 9A.42.010.

(3) "Victim" means a living person against whom a crime has been committed.

(4) "Witness" means a person who has been or is expected to be summoned to testify for the prosecution or defense in a criminal action, or who by reason of having relevant information is subject to call or likely to be called as a witness, whether or not an action or proceeding has been commenced.

(5) "Family member" means a person who is not accused of a crime and who is an adult child, adult sibling, spouse, parent, or legal guardian of the dependent person.

(6) "Advocate" means any person not accused of a crime, including a family member, approved by the witness or victim, in consultation with his or her guardian if applicable, who provides support to a dependent person during any legal proceeding.

(7) "Court proceedings" means any court proceeding conducted during the course of the prosecution of a crime committed against a dependent person, including pretrial hearings, trial, sentencing, or appellate proceedings.

(8) "Identifying information" means the dependent person's name, address, location, and photograph, and in cases in which the dependent person is a relative of the alleged perpetrator, identification of the relationship between the dependent person and the alleged perpetrator.

(9) "Crime victim/witness program" means any crime victim and witness program of a county or local law enforcement agency or prosecutor's office, any rape crisis center's sexual assault victim advocacy program as provided in chapter 70.125 RCW, any domestic violence program's legal and community advocate program for domestic violence victims as provided in chapter 70.123 RCW, or any other crime victim advocacy program which provides trained advocates to assist crime victims during the investigation and prosecution of the crime.

NEW SECTION. Sec. 3. (1) In addition to the rights of victims and witnesses provided for in RCW 7.69.030, there shall be every reasonable effort made by law enforcement agencies, prosecutors, and judges to assure that dependent persons who are victims or witnesses are afforded the rights enumerated in this section. The enumeration of rights under this chapter shall not be construed to create substantive rights and duties, and the application of an enumerated right in an individual case is subject to the discretion of the law enforcement agency, prosecutor, or judge. Dependent persons who are victims or witnesses in the criminal justice system have the following rights, which apply to any criminal court or juvenile court proceeding:

(a) To have explained in language easily understood by the dependent person, all legal proceedings and police investigations in which the dependent person may be involved.

(b) With respect to a dependent person who is a victim of a sex or violent crime, to have a crime victim advocate from a crime victim/witness program, or any other advocate of the victim's choosing, present at any prosecutorial or defense interviews...
with the dependent person. This subsection applies unless it creates undue hardship and if the presence of the crime victim advocate or other advocate does not cause any unnecessary delay in the investigation or prosecution of the case. The role of the crime victim advocate or other advocate is to provide emotional support to the dependent person and to promote the dependent person's feelings of security and safety.

(c) To be provided, whenever possible, a secure waiting area during court proceedings and to have an advocate or support person remain with the dependent person prior to and during any court proceedings.

(d) To allow an advocate to make recommendations to the prosecuting attorney about the ability of the dependent person to cooperate with prosecution and the potential effect of the proceedings on the dependent person.

(e) To allow an advocate to provide information to the court concerning the dependent person's ability to understand the nature of the proceedings.

(f) To be provided information or appropriate referrals to social service agencies to assist the dependent person with the emotional impact of the crime, the subsequent investigation, and judicial proceedings in which the dependent person is involved.

(g) To allow an advocate to be present in court while the dependent person testifies in order to provide emotional support to the dependent person.

(h) To provide information to the court as to the need for the presence of other supportive persons at the court proceedings while the dependent person testifies in order to promote the dependent person's feelings of security and safety.

(i) To allow law enforcement agencies the opportunity to enlist the assistance of other professional personnel such as victim advocates or prosecutorial staff trained in the interviewing of the dependent person.

(j) With respect to a dependent person who is a victim of a violent or sex crime, to receive either directly or through the dependent person's legal guardian, if applicable, at the time of reporting the crime to law enforcement officials, a written statement of the rights of dependent persons as provided in this chapter. The statement may be paraphrased to make it more easily understood. The written statement shall include the name, address, and telephone number of a county or local crime victim/witness program, if such a crime victim/witness program exists in the county.

(2) Any party may request a preliminary hearing for the purpose of establishing accommodations for the dependent person consistent with, but not limited to, the rights enumerated in this section.

NEW SECTION. Sec. 4. (1) The prosecutor or defense may file a motion with the court at any time prior to commencement of the trial for an order authorizing the taking of a video tape deposition for the purpose of preserving the direct testimony of the moving party's witness if that witness is a dependent person.

(2) The court may grant the motion if the moving party shows that it is likely that the dependent person will be unavailable to testify at a subsequent trial. The court's finding shall be based upon, at a minimum, recommendations from the dependent person's physician or any other person having direct contact with the dependent person and whose recommendations are based on specific behavioral indicators exhibited by the dependent person.

(3) The moving party shall provide reasonable written notice to the other party of the motion and order, if granted, pursuant to superior court criminal rules for depositions.

(4) Both parties shall have an opportunity to be present at the deposition and the nonmoving party shall have the opportunity to cross-examine the dependent person.

(5) Under circumstances permitted by the rules of evidence, the deposition may be introduced as evidence in a subsequent proceeding if the dependent person is unavailable at trial and both the prosecutor and the defendant had notice of and an opportunity to participate in the taking of the deposition.

NEW SECTION. Sec. 5. (1) The failure to provide notice to a dependent person of the rights enumerated in this chapter or the failure to provide the rights enumerated shall not result in civil liability so long as the failure was in good faith.

(2) Nothing in this chapter shall be construed to limit a party's ability to bring an action, including an action for damages, based on rights conferred by other state or federal law.

NEW SECTION. Sec. 6. Sections 1 through 5 of this act constitute a new chapter in Title 7 RCW.

NEW SECTION. Sec. 7. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

On page 1, line 2 of the title, after "witnesses;" strike the remainder of the title and insert "and adding a new chapter to Title 7 RCW."
and the same is herewith transmitted.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2126, as amended by the Senate, having received the constitutional majority, was declared passed.

**MESSAGE FROM THE SENATE**

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2173, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. DEFINITIONS. The definitions in this section apply throughout this chapter.

1) "Dependent" means:
   (a) The service member's spouse;
   (b) The service member's minor child; or
   (c) An individual for whom the service member provided more than one-half of the individual's support for one hundred eighty days immediately preceding an application for relief under this chapter.

2) "Judgment" does not include temporary orders as issued by a judicial court or administrative tribunal in domestic relations cases under Title 26 RCW, including but not limited to establishment of a temporary child support obligation, creation of a temporary parenting plan, or entry of a temporary protective or restraining order.

3) "Military service" means a service member under a call to active service authorized by the president of the United States or the secretary of defense for a period of more than thirty consecutive days.

4) "National guard" has the meaning in RCW 38.04.010."
"Service member" means any resident of Washington state that is a member of the national guard or member of a military reserve component.

NEW SECTION. Sec. 2. APPLICABILITY OF CHAPTER. (1) Any service member who is ordered to report for military service and his or her dependents are entitled to the rights and protections of this chapter during the period beginning on the date on which the service member receives the order and ending one hundred eighty days after termination of or release from military service.

(2) This chapter applies to any judicial or administrative proceeding commenced in any court or agency in Washington state in which a service member or his or her dependent is a defendant. This chapter does not apply to criminal proceedings.

(3) This chapter shall be construed liberally so as to provide fairness and do substantial justice to service members and their dependents.

NEW SECTION. Sec. 3. PROTECTION OF PERSONS SECONDARILY LIABLE. (1) Whenever pursuant to this chapter a court stays, postpones, or suspends (a) the enforcement of an obligation or liability, (b) the prosecution of a suit or proceeding, (c) the entry or enforcement of an order, writ, judgment, or decree, or (d) the performance of any other act, the court may likewise grant such a stay, postponement, or suspension to a surety, guarantor, endorser, accommodation maker, comaker, or other person who is or may be primarily or secondarily subject to the obligation or liability the performance or enforcement of which is stayed, postponed, or suspended.

(2) When a judgment or decree is vacated or set aside, in whole or in part, pursuant to this chapter, the court may also set aside or vacate, as the case may be, the judgment or decree as to a surety, guarantor, endorser, accommodation maker, comaker, or other person who is or may be primarily or secondarily liable on the contract or liability for the enforcement of the judgment decree.

NEW SECTION. Sec. 4. WAIVER OF RIGHTS PURSUANT TO WRITTEN AGREEMENT. (1) A service member may waive any of the rights and protections provided by this chapter. In the case of a waiver that permits an action described in subsection (2) of this section, the waiver is effective only if made pursuant to a written agreement of the parties that is executed during or after the service member's period of military service. The written agreement shall specify the legal instrument to which the waiver applies and, if the service member is not party to that instrument, the service member concerned.

(2) The requirement in subsection (1) of this section for a written waiver applies to the following: (a) The modification, termination, or cancellation of a contract, lease, or bailment; or an obligation secured by a mortgage, trust, deed, lien, or other security in the nature of a mortgage; and (b) the repossession, retention, foreclosure, sale, forfeiture, or taking possession of property that is security for any obligation or was purchased or received under a contract, lease, or bailment.

NEW SECTION. Sec. 5. PROTECTION OF SERVICE MEMBERS AGAINST DEFAULT JUDGMENTS. (1) This section applies to any civil action or proceeding in which a service member or his or her dependent is a defendant and does not make an appearance under applicable court rules or by law.

(2) In any action or proceeding covered by this section, the court, before entering judgment for the plaintiff, shall require the plaintiff to file with the court an affidavit:

(a) Stating whether the defendant is in military service, or is a dependent of a service member in military service, and showing necessary facts to support the affidavit; or

(b) If the plaintiff is unable to determine whether the defendant is in military service or is a dependent of a service member in military service, stating that the plaintiff is unable to determine whether the defendant is in military service or is a dependent of a service member in military service.

(3) If in an action covered by this section it appears that the defendant is in military service or is a dependent of a service member in military service, the court may not enter a judgment until after the court appoints an attorney to represent the defendant. If an attorney appointed under this section to represent a service member or his or her dependent cannot locate the service member or dependent, actions by the attorney in the case do not waive any defense of the service member or dependent or otherwise bind the service member or dependent.

(4) In an action covered by this section in which the defendant is in military service or is a dependent of a service member in military service, the court shall grant a stay of proceedings until one hundred eighty days after termination of or release from military service, upon application of defense counsel, or on the court's own motion, if the court determines that:

(a) There may be a defense to the action and a defense cannot be presented without presence of the defendant; or

(b) After due diligence, counsel has been unable to contact the defendant or otherwise determine if a meritorious defense exists.
(5) No bar to entry of judgment under subsection (3) of this section or requirement for grant of stay under subsection (4) of this section precludes the entry of temporary orders in domestic relations cases. If a court or administrative tribunal enters a temporary order as allowed under this subsection, it shall include a finding that failure to act, despite the absence of the service member, would result in manifest injustice to the other interested parties. Temporary orders issued without the service member's participation shall not set any precedent for the final disposition of the matters addressed therein.

(6) If a service member or dependent who is a defendant in an action covered by this section receives actual notice of the action, the service member or dependent may request a stay of proceedings pursuant to section 6 of this act.

(7) A person who makes or uses an affidavit permitted under this section knowing it to be false, is guilty of a class C felony.

(8) If a default judgment is entered in an action covered by this section against a service member or his or her dependent during the service member's period of military service or within one hundred eighty days after termination of or release from military service, the court entering the judgment shall, upon application by or on behalf of the service member or his or her dependent, reopen the judgment for the purpose of allowing the service member or his or her dependent to defend the action if it appears that:
   (a) The service member or dependent was materially affected by reason of that military service in making a defense to the action; and
   (b) The service member or dependent has a meritorious or legal defense to the action or some part of it.

(9) If a court vacates, sets aside, or reverses a default judgment against a service member or his or her dependent and the vacating, setting aside, or reversing is because of a provision of this chapter, that action does not impair a right or title acquired by a bona fide purchaser for value.

NEW SECTION. Sec. 6. STAY OF PROCEEDINGS WHEN SERVICE MEMBER HAS NOTICE. (1) This section applies to any civil action or proceeding in which a defendant at the time of filing an application under this section:
   (a)(i) Is in military service, or it is within one hundred eighty days after termination of or release from military service; or
   (ii) Is a dependent of a service member in military service; and
   (b) Has received actual notice of the action or proceeding.

(2) At any stage before final judgment in a civil action or proceeding in which a service member or his or her dependent described in subsection (1) of this section is a party, the court may on its own motion and shall, upon application by the service member or his or her dependent, stay the action until one hundred eighty days after termination of or release from military service, if the conditions in subsection (3) of this section are met.

(3) An application for a stay under subsection (2) of this section shall include the following:
   (a) A letter or other communication setting forth facts stating the manner in which current military duty requirements materially affect the service member's or dependent's ability to appear and stating a date when the service member or dependent will be available to appear; and
   (b) A letter or other communication from the service member's commanding officer stating that the service member's current military duty prevents either the service member's or dependent's appearance and that military leave is not authorized for the service member at the time of the letter.

(4) An application for a stay under this section does not constitute an appearance for jurisdictional purposes and does not constitute a waiver of any substantive or procedural defense, including a defense relating to lack of personal jurisdiction.

(5) A service member or dependent who is granted a stay of a civil action or proceeding under subsection (2) of this section may apply for an additional stay based on the continuing material affect of military duty on the service member's or dependent's ability to appear. Such application may be made by the service member or his or her dependent at the time of the initial application under subsection (2) of this section or when it appears that the service member or his or her dependent is unable to prosecute or defend the action. The same information required under subsection (3) of this subsection shall be included in an application under this subsection.

(6) If the court refuses to grant an additional stay of proceedings under subsection (2) of this section, the court shall appoint counsel to represent the service member or his or her dependent in the action or proceeding.

(7) A service member or dependent who applies for a stay under this section and is unsuccessful may not seek the protections afforded by section 5 of this act.

NEW SECTION. Sec. 7. FINES AND PENALTIES UNDER CONTRACTS. (1) If an action for compliance with the terms of a contract is stayed pursuant to this chapter, a penalty shall not accrue for failure to comply with the terms of the contract during the period of the stay.
(2) If a service member or his or her dependent fails to perform an obligation arising under a contract and a penalty is incurred arising from that nonperformance, a court may reduce or waive the fine or penalty if:
   (a)(i) The service member was in military service at the time the fine or penalty was incurred; or

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that efforts to protect children from abuse and neglect and support families are dependent upon the efforts of staff in the field who work directly with the children and families of this state. Child protective services staff investigate reports of suspected child abuse and neglect and, when necessary, intervene by providing services designed to increase children's safety and protect them from further harm. Child welfare services staff provide longer-term services to families, including intensive treatment services to children and families who may need help with chronic or serious problems that interfere with their ability to protect or parent children. The legislature determines that in order to perform their work, the safety of child protective services and child welfare services staff must be addressed.

The department of social and health services shall establish a work group to develop policies and protocols to address the safety of child protective services and child welfare services staff. The department of social and health services shall make recommendations regarding training to address recognition of highly volatile, hostile, and/or threatening situations and de-escalation and preventive safety measures.

**MESSAGE FROM THE SENATE**

April 12, 2005

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1987, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 28A.655 RCW to read as follows:

By January 15, 2006, the office of the superintendent of public instruction, as part of any feasibility study of options for the alternative assessments under RCW 28A.655.061(11), shall review the course requirements and assessments in one or more representative career and technical programs that lead to industry certification to determine the alignment of the courses and assessments with the essential academic learning requirements measured in the high school Washington assessment of student learning. The purpose of the review is to determine if the certifications can be used as evidence that a student has met the standards measured by the Washington assessment of student learning. The review also shall evaluate the statewide availability and use of the certifications. As part of the review, the superintendent shall make a determination of the extent to which the certifications are equivalent in rigor to the reading, writing, mathematics, or science Washington assessments of student learning, and whether they should be used as alternative assessments. The superintendent also shall develop a process for reviewing additional industry certification programs after the initial review.

Sec. 2. RCW 28A.655.061 and 2004 c 19 s 101 are each amended to read as follows:

(1) The high school assessment system shall include but need not be limited to the Washington assessment of student learning, opportunities for a student to retake the content areas of the assessment in which the student was not successful, (and if approved by the legislature pursuant to subsection (11) of this section,) one or more objective alternative assessments for a student to demonstrate achievement of state academic standards, and any appeals process. The objective alternative assessments
for each content area shall be ((comparable)) equivalent in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning for each content area.

(2) Subject to the conditions in this section, a certificate of academic achievement shall be obtained by most students at about the age of sixteen, and is evidence that the students have successfully met the state standard in the content areas included in the certificate. With the exception of students satisfying the provisions of RCW 28A.155.045, acquisition of the certificate is required for graduation from a public high school but is not the only requirement for graduation.

(3) Beginning with the graduating class of 2008, with the exception of students satisfying the provisions of RCW 28A.155.045, a student who meets the state standards on the reading, writing, and mathematics content areas of the high school Washington assessment of student learning shall earn a certificate of academic achievement. If a student does not successfully meet the state standards in one or more content areas required for the certificate of academic achievement, the student may retake the assessment in the content area up to four times at no cost to the student. If the student successfully meets the state standards on a retake of the assessment then the student shall earn a certificate of academic achievement. Once objective alternative assessments are ((authorized)) implemented pursuant to subsection (11) of this section, a student may use the objective alternative assessments to demonstrate that the student successfully meets the state standards for that content area if the student has retaken the Washington assessment of student learning at least once. If the student successfully meets the state standards on the objective alternative assessments then the student shall earn a certificate of academic achievement. The student's transcript shall note whether the certificate of academic achievement was acquired by means of the Washington assessment of student learning or by an alternative assessment.

(4) Beginning with the graduating class of 2010, a student must meet the state standards in science in addition to the other content areas required under subsection (3) of this section on the Washington assessment of student learning or the objective alternative assessments in order to earn a certificate of academic achievement.

(5) The state board of education may not require the acquisition of the certificate of academic achievement for students in home-based instruction under chapter 28A.200 RCW, for students enrolled in private schools under chapter 28A.195 RCW, or for students satisfying the provisions of RCW 28A.155.045.

(6) A student may retain and use the highest result from each successfully completed content area of the high school assessment. A student may combine content area results from the Washington assessment of student learning and any subsequent retakes of the assessment and results from any alternative assessments to demonstrate achievement of state academic standards.

(7) Beginning with the graduating class of 2006, the highest scale score and level achieved in each content area on the high school Washington assessment of student learning shall be displayed on a student's transcript. In addition, beginning with the graduating class of 2008, each student shall receive a scholar's designation on his or her transcript for each content area in which the student achieves level four the first time the student takes that content area assessment.

(8) Beginning in 2006, school districts must make available to students the following options:

(a) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a public school; or

(b) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a high school completion program at a community or technical college. The superintendent of public instruction and the state board for community and technical colleges shall jointly identify means by which students in these programs can be assessed.

(9) Students who achieve the standard in a content area of the high school assessment but who wish to improve their results shall pay for retaking the assessment, using a uniform cost determined by the superintendent of public instruction.

(10) Subject to available funding, the superintendent shall pilot opportunities for retaking the high school assessment beginning in the 2004-05 school year. Beginning no later than September 2006, opportunities to retake the assessment at least twice a year shall be available to each school district.

(11)(a) The office of the superintendent of public instruction shall develop options for implementing objective alternative assessments(( which may include an appeals process)), for students to demonstrate achievement of the state academic standards. The objective alternative assessments shall be ((comparable)) equivalent in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning and be objective in its determination of student achievement of the state standards. Before any objective alternative assessments are used by a student to demonstrate that the student has met the state standards in a content area required to obtain a certificate, the ((legislature shall formally approve the use of any objective alternative assessments through the omnibus appropriations act or by statute or concurrent resolution)) superintendent of public instruction shall provide to the education committees of the legislature an opportunity to review any and all options developed and planned for implementation by January 15th of the school year before the school year planned for implementation.
(b) The office of the superintendent of public instruction shall pilot two or more alternative assessments in the 2005-06 school year, with the goal of implementing at least one alternative assessment in the 2006-07 school year. The superintendent of public instruction shall direct school districts to make available for student use any alternative assessments reviewed by the education committees of the legislature and deemed adequate by the superintendent of public instruction for implementation. The implementation shall begin with options that are complete and, to the extent funds are appropriated, the office of the superintendent of public instruction shall continue to develop, pilot, and implement additional alternative assessments. In its development and implementation of alternative assessments, the office of the superintendent of public instruction shall consult with parents, administrators, practicing classroom teachers including teachers in career and technical education, practicing principals, employers, tribal representatives from federally recognized tribes of Washington state and tribes that have signed the Washington state centennial accord, appropriate agencies, professional organizations, assessment experts, and other interested parties.

(12) (By December 15, 2004, the house of representatives and senate education committees shall obtain information and conclusions from recognized, independent, national assessment experts regarding the validity and reliability of the high school Washington assessment of student learning for making individual student high school graduation determinations)) The office of the superintendent of public instruction shall develop appeals processes for use by students no later than the 2007-08 school year. The appeals processes shall be developed with criteria that can be consistently applied throughout the state.

(13) To help assure continued progress in academic achievement as a foundation for high school graduation and to assure that students are on track for high school graduation, each school district shall prepare plans for students as provided in this subsection (13).

(a) Student learning plans are required for eighth through twelfth grade students who ((were not successful)) did not score the level of proficient or above on any or all of the content areas of the Washington assessment for student learning during the previous school year. The plan shall include the courses, competencies, and other steps needed to be taken by the student to meet state academic standards and stay on track for graduation. This requirement shall be phased in as follows:

(i) Beginning no later than the 2004-05 school year ninth grade students as described in this subsection (13)(a) shall have a plan.

(ii) Beginning no later than the 2005-06 school year and every year thereafter eighth grade students as described in this subsection (13)(a) shall have a plan.

(iii) The parent or guardian shall be notified, preferably through a parent conference, of the student's results on the Washington assessment of student learning, actions the school intends to take to improve the student's skills in any content area in which the student was ((unsuccessful)) not proficient, strategies to help them improve their student's skills, and the content of the student's plan.

(iv) Progress made on the student plan shall be reported to the student's parents or guardian at least annually and adjustments to the plan made as necessary.

(b) Beginning with the 2006-07 school year and every year thereafter, all fifth grade students who ((were not successful)) did not score the level of proficient or above in one or more of the content areas of the fourth grade Washington assessment of student learning shall have a student learning plan.

(i) The parent or guardian of a student described in this subsection (13)(b) shall be notified, preferably through a parent conference, of the student's results on the Washington assessment of student learning, actions the school intends to take to improve the student's skills in any content area in which the student was ((unsuccessful)) not proficient, and provide strategies to help them improve their student's skills.

(ii) Progress made on the student plan shall be reported to the student's parents or guardian at least annually and adjustments to the plan made as necessary.

(14) Beginning in the 2005-06 school year and every year thereafter, each public high school shall notify students and parents, in the primary language of parents to the extent practicable, of the options under the high school assessment system and any appeals processes for students to demonstrate achievement of the state academic standards.

(15) Beginning in the 2005-06 school year and every year thereafter, each public high school shall notify students and parents, in the primary language of parents to the extent practicable, of the different courses and programs in career and technical education and those offered through area skill centers that provide students the skills and knowledge in those content areas assessed by the high school assessment system and included in the certificate of academic achievement.

On page 1, line 1 of the title, after "assessments;" strike the remainder of the title and insert "and adding a new section to chapter 28A.655 RCW." and the same is herewith transmitted.
The Speaker (Representative Lovick presiding): A scope and object ruling has been requested. Substitute House Bill No. 1987 is entitled an act relating to "alternative assessments". The bill as passed by the House directs the Superintendent of Public Instruction to examine a career and technical alternative to the high school Washington Assessment of Student Learning.

The Senate amendment includes the feasibility study found in the House bill, but also directs the establishment of pilot projects and an appeal process, removes the requirement for legislative approval of alternative assessments and an appeal process, and establishes standards for notifying parents of student options under the assessment system and of different courses and programs available.

While both the House and Senate versions of the bill relate to a career and technical alternative to the WASL, the House bill was narrowly drawn to encompass only a feasibility study. The Senate amendments make programmatic changes beyond the requirement for this study.

The Speaker therefore finds that the Senate amendment is beyond the scope and object of the bill as passed by the House.

The point of order is well taken.

There being no objection, the House refused to concur in the Senate amendments to SUBSTITUTE HOUSE BILL NO. 1987, and asked the Senate to recede therefrom.

The Speaker assumed the chair.

MESSAGE FROM THE SENATE

April 15, 2005

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1893, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the quality of education for children who are deaf or hard of hearing and the expectations for those children's achievement should be equivalent to those for children throughout the state. The legislature also finds that deaf and hard of hearing children can benefit greatly if they are taught by an educator who is trained to understand the learning and communication issues the children face. Educators who received teacher training in a program for the deaf and hard of hearing are sensitive to the needs of deaf and hard of hearing students and are able to provide appropriate strategies to assist students in reacting to and interacting with their environment. The legislature intends to assist school districts in their efforts to attract teachers who are especially trained to work with deaf and hard of hearing students by directing the state board of education to establish a certification endorsement for teachers of the deaf and hard of hearing.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.410 RCW to read as follows:

The state board of education, with advice from the professional educator standards board, shall develop certification endorsement requirements for teachers of deaf and hard of hearing students. The endorsement shall be focused on the specific skills and knowledge necessary to serve the education and communication needs of deaf and hard of hearing students. In establishing rules for the endorsement of teachers who will be working almost exclusively with students who are deaf or hard of hearing, the state board of education shall consider applicants to have met state endorsement requirements if they possess a baccalaureate or master's degree in deaf education from a teacher training program approved by the council on education of the deaf.

NEW SECTION. Sec. 3. A new section is added to chapter 28A.410 RCW to read as follows:

The definitions in this section apply throughout sections 4 and 5 of this act unless the context clearly requires otherwise.

(1) "Educational interpreters" means school district employees providing sign language translation and further explanation of concepts introduced by the teacher for students who are deaf, deaf-blind, or hard of hearing.

(2) "Educational interpreter written and performance assessment" means a national performance assessment offered by a national organization of professional sign language interpreters and transliterators, that is designed to evaluate more than one sign system or language.

NEW SECTION. Sec. 4. A new section is added to chapter 28A.410 RCW to read as follows:

(1) By 2009, educational interpreters must have completed the educational interpreter written and performance assessments, and must achieve the standard on both, established by the office of the superintendent of public instruction. For those interpreters not achieving the established standard, the interpreter must continue training until he or she is able to pass the assessments.

(2) By 2012, all educational interpreters must pass the written assessment, meet the standard on the educational interpreter performance assessment, and become nationally certified by the national association of the deaf registry of interpreters for the deaf.

NEW SECTION. Sec. 5. A new section is added to chapter 28A.410 RCW to read as follows:

(1) The state board of education, with advice from the professional educator standards board, shall develop educational staff associate certification requirements for educational interpreters of deaf and hard of hearing students. The certification shall focus on the specific skills and knowledge necessary to serve the educational and communication needs of deaf and hard of hearing students.
(2) In establishing rules of the educational staff associate certification for educational interpreters who will be working almost exclusively with students who are deaf or hard of hearing, the state board of education shall consider applicants to have met state endorsement requirements if they:

(a) Hold national certification and pass the educational interpreter performance assessment and written test at the standard established by the office of superintendent of public instruction; and

(b) Hold a bachelor's degree in education or educational interpreting from a regionally accredited institution of higher education; or a bachelor's degree in another field of study unrelated to education, from a regionally accredited institution of higher education and thirty hours of course work in education.

(3) The state board of education may adopt rules to implement this section.

On page 1, line 2 of the title, after "hearing;" strike the remainder of the title and insert "adding new sections to chapter 28A.410 RCW; and creating a new section."

and the same is herewith transmitted.

Thomas Hoemann, Secretary

There being no objection, the House refused to concur in the Senate amendment to SUBSTITUTE HOUSE BILL NO. 1893 and asked the Senate to recede therefrom.

MESSAGE FROM THE SENATE

April 15, 2005

Mr. Speaker:

(6) In reporting on the causes or reasons, or both, attributed to students for having dropped out of school, school building officials shall, to the extent reasonably practical, obtain such information directly from students. In lieu of obtaining such information directly from students, building principals and counselors shall identify the causes or reasons, or both, based on their professional judgment.
(7) The superintendent of public instruction shall report annually to the legislature the information collected under subsections (1) through (4) of this section."

MESSAGE FROM THE SENATE

April 14, 2005

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 1003, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that off-road recreational vehicles (ORVs) provide opportunities for a wide variety of outdoor recreation activities. The legislature further finds that the limited amount of ORV recreation areas presents a challenge for ORV recreational users, natural resource land managers, and private landowners. The legislature further finds that many nonhighway roads provide opportunities for ORV use and that these opportunities may reduce conflicts between users and facilitate responsible ORV recreation. However, restrictions intended for motor vehicles may prevent ORV use on certain roads, including forest service roads. Therefore, the legislature finds that local, state, and federal jurisdictions should be given the flexibility to allow ORV use on nonhighway roads they own and manage or for which they are authorized to allow public ORV use under an easement granted by the owner. Nothing in this act authorizes trespass on private property.

Sec. 2. RCW 46.09.010 and 1972 ex.s. c 153 s 2 are each amended to read as follows:
The provisions of this chapter shall apply to all lands in this state. Nothing in this chapter (43.09 RCW), RCW (67.32.050, 67.32.080, 67.32.100, 67.32.130 or 67.32.140) 79A.35.040, 79A.35.070, 79A.35.090, 79A.35.110, and 79A.35.120 shall be deemed to grant to any person the right or authority to enter upon private property without permission of the property owner.

Sec. 3. RCW 46.09.120 and 2003 c 377 s 1 are each amended to read as follows:
(1) It is a traffic infraction for any person to operate any nonhighway vehicle:
(a) In such a manner as to endanger the property of another;
(b) On lands not owned by the operator or owner of the nonhighway vehicle without a lighted headlight and taillight between the hours of dusk and dawn, or when otherwise required for the safety of others regardless of ownership;
(c) On lands not owned by the operator or owner of the nonhighway vehicle without an adequate braking device or when otherwise required for the safety of others regardless of ownership;
(d) Without a spark arrester approved by the department of natural resources;

HOUSE BILL NO. 1128, as amended by the Senate, having received the constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 14, 2005

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1152, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that parents are their children's first and most important teachers, caregivers, and decision makers. The legislature also recognizes that many parents are employed or in school and must seek services in their communities to assist with the care and support of their children. Welfare reform requires parents with low incomes to enter the work force while their children are young, increasing parents' need for the support of such resources. In seeking out resources in their communities to provide care and support for their children, parents throughout the state need and deserve to have the best possible information to help inform their choices about the care and education of their children.

The legislature also finds that research on brain development in young children establishes that early experiences are important to children's emotional, social, physical, and cognitive development. Research also shows a clear and compelling
connection between the quality of children's early childhood care and education experiences and later success in school and in life.

The legislature intends to build on the efforts of communities across the state to improve the quality of early learning environments available to children and their families, as well as the information available to families relating to those early learning environments. The legislature recognizes that efforts to improve early learning must build upon existing partnerships between the public and private sectors. The experiences and resources of both public and private entities are essential to making meaningful and lasting improvements in the quality of early learning environments across the state. Statewide leadership is needed to guide and support the efforts of the private and public sectors working together to make systemwide improvements in the quality, affordability, and accessibility of early learning opportunities.

The legislature intends to establish an effective oversight body, composed of representation from the public and private sectors, to provide leadership and vision to strengthen the quality of early learning services and programs for all children and families in the state and to ensure that children enter school ready to succeed.

**NEW SECTION. Sec. 2.** The definitions in this section apply throughout sections 1 through 6 of this act unless the context clearly requires otherwise.

(1) "Early learning programs and services" include the following: Child care; state, private, and nonprofit preschool programs; child care subsidy programs; and training and professional development programs for early learning professionals.

(2) "Council" means the Washington early learning council.

**NEW SECTION. Sec. 3.** (1) The Washington early learning council is established in the governor's office. The purpose of the council is to provide vision, leadership, and direction to the improvement, realignment, and expansion of early learning programs and services for children birth to five years of age in order to better meet the early learning needs of children and their families. The goal of the council is to build upon existing efforts and recommend new initiatives, as necessary, to create an adequately financed, high-quality, accessible, and comprehensive early learning system that benefits all young children whose parents choose it.

(2) The council shall develop an early learning plan to improve the organization of early learning programs and services at the state level, and to improve the accessibility and quality of early learning programs and services throughout the state.

(a) By November 15, 2005, the council shall make recommendations to the governor and the appropriate committees of the legislature concerning statewide organization of early learning.

(b) The council shall also make recommendations to the governor and the appropriate committees of the legislature concerning the following:

(i) Identification of current populations being served and potential populations to be served by early learning programs and services;

(ii) The state's role in supporting quality early learning programs and services;

(iii) Appropriate levels and sources of stable and sustainable funding to meet statewide and local need for early learning programs and services, including public-private partnerships;

(iv) Changes in existing early learning programs and services, including the administration of those programs and services, to improve their efficiency, effectiveness, and quality;

(v) Changes in existing early learning programs and services to ensure that the content is aligned with what children need to know and be able to do upon entering school;

(vi) How to maximize available early learning resources to ensure children are receiving continuity of care; and

(vii) Providing for smooth transitions from early learning programs and services to K-12 programs.

(c) As provided in sections 5 and 6 of this act, the council shall focus on quality improvements to licensed child care through the following mechanisms:

(i) A voluntary, quality-based, graduated rating system to provide information to parents on the quality of child care programs and to provide resources and incentives for quality improvements; and

(ii) A tiered-reimbursement system for state-subsidized child care to improve the quality of care for children participating in state-funded care.

(d) The council shall make recommendations to the governor and the appropriate committees of the legislature concerning the regulation of child care, including child care that is exempt from regulation and unlicensed child care that is subject to regulation, in order to ensure the safety, health, quality, and accessibility of child care services throughout the state.

(3) The council shall serve as the advisory committee on early learning to the comprehensive education study steering committee, created in Engrossed Second Substitute Senate Bill No. 5441. The nongovernmental cochair of the council shall
serve as the chair of the advisory committee on early learning. The council shall have input on the recommendations developed by the comprehensive education study steering committee.

(4) The council shall make use of existing reports, research, planning efforts, and programs, including, but not limited to, the following: The federal early head start program, the federal head start program, the state early childhood education and assistance program, the state’s essential academic learning requirements and K-3 grade level expectations, the Washington state early learning and development benchmarks, existing tiered-reimbursement initiatives, the state’s early childhood comprehensive systems plan, and the work of the child care coordinating committee established pursuant to RCW 74.13.090.

NEW SECTION. Sec. 4. (1) The council shall include representation from public, nonprofit, and for-profit entities, and its membership shall reflect regional, racial, and cultural diversity to ensure representation of the needs of all children and families in the state.

(2) The council shall consist of seventeen members, as follows:
   (a) One representative each of the governor’s office, the department of social and health services, the department of health, and the state board for community and technical colleges, appointed by the governor;
   (b) One representative of the office of superintendent of public instruction, appointed by the superintendent of public instruction;
   (c) Two representatives of private business and two representatives of philanthropy, appointed by the governor;
   (d) Four individuals who have demonstrated leadership and engagement in the field of early learning, appointed by the governor; and
   (e) Two members of the house of representatives appointed by the speaker of the house of representatives, one of whom shall be a member of the majority caucus and one of whom shall be a member of the minority caucus, and two members of the senate appointed by the president of the senate, one of whom shall be a member of the majority caucus and one of whom shall be a member of the minority caucus.

(3) The council shall be cochaired by the representative of the governor’s office and a nongovernmental member designated by the governor.

(4) Members of the council shall be compensated in accordance with RCW 43.03.240 and shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060.

(5) The governor may employ an executive director, who is exempt from the provisions of chapter 41.06 RCW, and such other staff as is necessary to carry out the purposes of sections 1 through 6 of this act. The governor pursuant to RCW 43.03.040 shall fix the salary of the executive director.

(6) The council shall monitor and measure its progress and regularly report, as appropriate, to the governor and the appropriate committees of the legislature on the progress, findings, and recommendations of the council.

(7) The council shall establish one or more technical advisory committees, as needed. Membership of such advisory committees may include the following: Representatives of any state agency the council deems appropriate, including the higher education coordinating board and the state board for community and technical colleges; family home child care providers, child care center providers, and college or university child care providers; parents; early childhood development experts; representatives of school districts and teachers involved in the provision of child care and preschool programs; representatives of resource and referral programs; parent education specialists; pediatric or other health professionals; representatives of citizen groups concerned with child care and early learning; representatives of labor organizations; representatives of private business; and representatives of head start and early childhood education assistance program agencies.

NEW SECTION. Sec. 5. (1) The council shall develop a voluntary, quality-based, graduated rating system consisting of levels of quality to be achieved by licensed child care providers serving children and families in the state. The purpose of the rating system is to provide families with vital information about the quality of early learning programs available to them and to increase the quality of early learning programs operating throughout the state. The legislature finds that (1) demographic, economic, and social trends underlie a critical and increasing demand for child care in the state of Washington; (2) working parents and their children benefit when the employees’ child care needs have been resolved; (3) the state of Washington should serve as a model employer by creating a supportive atmosphere, to the extent feasible, in which its employees may meet their child care needs; and (4) the state of Washington should encourage the development of partnerships between state agencies, state employees, state employee labor organizations, and private employers to expand the availability of affordable quality child care. The legislature finds further that resolving employee child care concerns not only benefits the employees and their children, but may benefit the employer by reducing absenteeism, increasing employee productivity, improving morale, and enhancing the employer’s position in recruiting and retaining employees. Therefore, the legislature declares that it is the policy of the state of Washington to assist state employees by creating a supportive atmosphere in which they may meet their child care needs. The secretary shall have the power and it shall be the secretary's duty:

1. In consultation with the children's services advisory committee, and with the advice and assistance of persons representative of the various type agencies to be licensed, to designate categories of facilities for which separate or different requirements shall be developed as may be appropriate whether because of variations in the ages, sex and other characteristics of persons served, variations in the purposes and services offered or size or structure of the agencies to be licensed hereunder, or because of any other factor relevant thereto;

2. In consultation with the children's services advisory committee, and with the advice and assistance of persons representative of the various type agencies to be licensed, to adopt and publish minimum requirements for licensing applicable to each of the various categories of agencies to be licensed.

The minimum requirements shall be limited to:

a. The size and suitability of a facility and the plan of operation for carrying out the purpose for which an applicant seeks a license;

b. The character, suitability and competence of an agency and other persons associated with an agency directly responsible for the care and treatment of children, expectant mothers or developmentally disabled persons. In consultation with law enforcement personnel, the secretary shall investigate the conviction record or pending charges and dependency record information under chapter 43.43 RCW of each agency and its staff seeking licensure or relicensure. No unfounded allegation of child abuse or neglect as defined in RCW 26.44.020 may be disclosed to a child-placing agency, private adoption agency, or any other provider licensed under this chapter.

In order to determine the suitability of applicants for an agency license, licensees, their employees, and other persons who have unsupervised access to children in care, and who have not resided in the state of Washington during the three-year period before being authorized to care for children shall be fingerprinted. The fingerprints shall be forwarded to the Washington state patrol and federal bureau of investigation for a criminal history records check. The fingerprint criminal history records checks will be at the expense of the licensee except that in the case of a foster family home, if this expense would work a hardship on the licensee, the department shall pay the expense. The licensee may not pass this cost on to the employee or prospective employee, unless the employee is determined to be unsuitable due to his or her criminal history record.

The secretary shall use the information solely for the purpose of determining eligibility for a license and for determining the character, suitability, and competence of those persons or agencies, excluding parents, not required to be licensed who are authorized to care for children, expectant mothers, and developmentally disabled persons. Criminal justice agencies shall provide the secretary such information as they may have and that the secretary may require for such purpose;

c. The number of qualified persons required to render the type of care and treatment for which an agency seeks a license;

d. The safety, cleanliness, and general adequacy of the premises to provide for the comfort, care and well-being of children, expectant mothers or developmentally disabled persons;

e. The provision of necessary care, including food, clothing, supervision and discipline; physical, mental and social well-being; and educational, recreational and spiritual opportunities for those served;

f. The financial ability of an agency to comply with minimum requirements established pursuant to chapter 74.15 RCW and RCW 74.13.031; and

g. The maintenance of records pertaining to the admission, progress, health and discharge of persons served;

3. To investigate any person, including relatives by blood or marriage except for parents, for character, suitability, and competence in the care and treatment of children, expectant mothers, and developmentally disabled persons prior to authorizing that person to care for children, expectant mothers, and developmentally disabled persons. However, if a child is placed with a relative under RCW 13.34.065 or 13.34.130, and if such relative appears otherwise suitable and competent to provide care and treatment the criminal history background check required by this section need not be completed before placement, but shall be completed as soon as possible after placement;

4. On reports of alleged child abuse and neglect, to investigate agencies in accordance with chapter 26.44 RCW, including child day-care centers and family day-care homes, to determine whether the alleged abuse or neglect has occurred, and whether child protective services or referral to a law enforcement agency is appropriate;

5. To issue, revoke, or deny licenses to agencies pursuant to chapter 74.15 RCW and RCW 74.13.031. Licenses shall specify the category of care which an agency is authorized to render and the ages, sex and number of persons to be served;

6. To prescribe the procedures and the form and contents of reports necessary for the administration of chapter 74.15 RCW and RCW 74.13.031 and to require regular reports from each licensee;
(7) To inspect agencies periodically to determine whether or not there is compliance with chapter 74.15 RCW and
RCW 74.13.031 and the requirements adopted hereunder;
(8) To review requirements adopted hereunder at least every two years and to adopt appropriate changes after
consultation with (the child care coordinating committee and other) affected groups for child day-care requirements and with
the children's services advisory committee for requirements for other agencies; and
(9) To consult with public and private agencies in order to help them improve their methods and facilities for the care
of children, expectant mothers and developmentally disabled persons.

SUBSTITUTE HOUSE BILL NO. 1478, as amended by the Senate, having received the constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 6, 2005

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1640, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that there are factors unique to the relationship between a manufactured/mobile homeowner and a manufactured/mobile home park owner. Once occupancy has commenced, the difficulty and expense in moving and relocating a manufactured/mobile home can affect the operation of market forces, and lead to an inequality of the bargaining position of the parties. Once occupancy has commenced, a homeowner may be subject to violations of the manufactured/mobile home landlord-tenant act or unfair practices without a timely and cost-effective conflict resolution
Although a homeowner, landlord, or park owner may take legal action as prescribed in the manufactured/mobile home landlord-tenant act, the judicial process is often time and cost prohibitive. This act is created for the purpose of protecting the public, fostering fair and honest competition, and regulating the factors unique to the relationship between the manufactured/mobile homeowner and park owner.

(2) The legislature finds that taking legal action against a park owner for violations of the manufactured/mobile home landlord-tenant act can be a costly and lengthy process, and that many people cannot afford to pursue a court process to vindicate statutory rights. Park owners similarly are impacted by legal fees and lengthy proceedings resulting from pursuing a remedy through the legal system and would also, therefore, benefit from having access to an appropriate, effective process that resolves disputes quickly and efficiently.

(3) Therefore, it is the intent of the legislature to provide a less costly and more efficient way for manufactured/mobile homeowners and park owners to resolve disputes, and to provide a mechanism for state authorities to quickly locate owners of manufactured housing communities. The legislature further intends to authorize the department of community, trade, and economic development to:

(a) Register mobile home parks or manufactured housing communities and report upon data to the appropriate committees of the legislature by December 31, 2005;
(b) Expand its current ombudsman program by hiring or contracting with additional persons to conduct a greater number of investigations of alleged violations of the manufactured/mobile home landlord-tenant act; and
(c) Collect and report upon data related to conflicts and violations to the appropriate committees of the legislature by December 31, 2005.

(4) If after receiving the reports under subsection (3) of this section, the legislature finds that the provisions of this act authorizing the department to register mobile/manufactured home communities, investigate complaints, clarify existing law, and work to resolve disputes in good faith voluntarily prove insufficient to adequately protect the rights and responsibilities of mobile home park tenants and owners, it is the intent of the legislature to find other methods for resolution in the future.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this act unless the context requires otherwise.

(1) "Department" means the department of community, trade, and economic development.
(2) "Director" means the director of the department of community, trade, and economic development.
(3) "Mobile home park" or "manufactured housing community" means any real property that is rented or held out for rent to others for the placement of two or more mobile homes, manufactured homes, or park models for the primary purpose of production of income, except when the real property is rented or held out for rent for seasonal recreational purposes only and is not intended for year-round occupancy.
(4) "Landlord" or "park owner" means the owner of a mobile home park or a manufactured housing community and includes the agents of the landlord.
(5) "Tenant" or "homeowner" means any person, except a transient, who rents or occupies a mobile home lot.
(6) "Owner" means one or more persons, jointly or severally, in whom is vested:
(a) All or part of the legal title to the real property; or
(b) All or part of the beneficial ownership, and a right to present use and enjoyment of the real property.
(7) "Unfair practice" means any act that would constitute an unfair or deceptive act or practice under chapter 19.86 RCW.
(8) "Complainant" means a landlord, park owner, tenant, or homeowner, who has a complaint alleging an unfair practice or violation of chapter 59.20 RCW.
(9) "Respondent" means a landlord, park owner, tenant, or homeowner, alleged to have committed an unfair practice or violation of chapter 59.20 RCW.

NEW SECTION. Sec. 3. (1) A complainant shall have the right to file a complaint with the department alleging an unfair practice or a violation of chapter 59.20 RCW.
(2) The complainant must provide written notice to the respondent prior to notifying the department of an alleged violation of chapter 59.20 RCW or unfair practice. If the complaint is not remedied within the time frame provided by RCW 59.20.080 for tenant violations or 59.20.200 for landlord violations, the complainant may then file a complaint with the department.
(3) The department may:
(a) Investigate the alleged violations at its discretion upon receipt of a complaint alleging unfair practices or violations of chapter 59.20 RCW;
(b) Utilize investigative ombudsman staff or contractors to investigate and evaluate complaints alleging unfair practices or violations of chapter 59.20 RCW;
(c) Discuss the issues surrounding or relating to the complaint with the complainant, respondent, or any witnesses, either individually or jointly;
(d) Explain options available to the complainant or respondent, including the involvement of other agencies; and
(e) Negotiate an agreement that is agreed upon by both the complainant and the respondent.
(4) The department may require or permit any person to file a complaint or statement in writing or otherwise as the department determines, as to the facts and circumstances concerning a matter to be investigated.
(5) The department has the power to employ investigative, administrative, and clerical staff as necessary for administration of this act.
(6) (a) Complainants and respondents shall cooperate with the department in the course of an investigation by:
   (i) Furnishing any papers or documents requested;
   (ii) Furnishing in writing an explanation covering the matter contained in a complaint when requested by the department; and
   (iii) Allowing authorized access to department representatives for inspection of mobile home parks/manufactured housing community facilities relevant to the alleged violation being investigated.
(b) Failure to cooperate with the department in the course of an investigation is a violation of this act.
(7) After the department has completed its investigation and other duties, the department shall compile a written report documenting the process and resolution of the complaint investigation. Under no circumstances shall the department make or issue any finding, conclusion, decision, or ruling on whether there was a violation of chapter 59.20 or 19.86 RCW.
(8) By December 31, 2005, the department shall submit a summary report of its activities under this act during the period after the effective date of this act, through December 31, 2005, to the house of representatives housing committee and the senate committee on financial institutions, housing and consumer protection, including:
   (a) The number of complaints received;
   (b) The nature and extent of the complaints received;
   (c) The actions taken on each complaint by the department;
   (d) Recommendations on what further changes in law are necessary to resolve disputes;
   (e) Recommendations on changes to the department's ombudsman and investigative programs;
   (f) Recommendations on resources necessary to retain or improve the program; and
   (g) Recommendations on whether a formal mobile/manufactured home landlord-tenant act enforcement and administrative hearing process should be adopted and how such a process should be structured.
(9) The department shall ensure that notice of the ombudsman complaint resolution program is given to each mobile/manufactured home landlord or park owner and each mobile home unit owner or tenant. The landlord shall post an easily visible notice in all common areas of mobile/manufactured home communities, including in each clubhouse, summarizing mobile home park tenant rights and responsibilities, in a style and format to be determined by the department, and including a toll-free telephone number that mobile home park owners and tenants can use to seek additional information and communicate complaints.
(10) This section is not exclusive and does not limit the right of landlords or tenants to take legal action against another party as provided in chapter 59.20 RCW or otherwise. Exhaustion of this ombudsman remedy process is not required before bringing legal action. This act is not subject to chapter 34.05 RCW. This section does not apply to unlawful detainer actions initiated under chapters 59.20, 59.12, and 59.18 RCW; however, a tenant is not precluded from seeking relief under this act if the complaint claims the notice of termination violates RCW 59.20.080. Filing a complaint with the department is not a defense nor shall it in any way delay or otherwise affect an unlawful detainer action. Department-written reports documenting the process and resolution of the complaint investigation, any written explanation covering the matter requested by the department, any other documents or papers requested or produced by the department, or any other record of the complaint may be admissible only for purposes of impeachment in any unlawful detainer or other administrative or legal action in regard to chapter 59.20 RCW.

**NEW SECTION.** Sec. 4. The director or individuals acting on the director's behalf are immune from suit in any action, civil or criminal, based upon any disciplinary actions or other official acts performed in the course of their duties under this act, except their intentional or willful misconduct.

**NEW SECTION.** Sec. 5. (1) All mobile home parks and manufactured housing communities must be registered with the department.
To apply for registration, the owner of a mobile home park or manufactured housing community must file with the department an application for registration on a form prescribed by the department. The application must include, but is not limited to:

(a) The name and address of the owner of the mobile home park or manufactured housing community;

(b) The name and address of the mobile home park or manufactured housing community;

(c) The name and address of the manager of the mobile home park or manufactured housing community; and

(d) The number of lots within the mobile home park or manufactured housing community that are subject to chapter 59.20 RCW.

Certificates of registration are effective on the date issued by the department.

NEW SECTION. Sec. 6. The department must:

1. Compile the most accurate list possible of all the mobile home parks or manufactured housing communities in the state, the number of lots subject to chapter 59.20 RCW located in each mobile home park or manufactured housing community, and the names and addresses of the owners of these parks. The department shall present this list to the house of representatives housing committee and the senate committee on financial institutions, housing and consumer protection by December 31, 2005. The department is encouraged to work with groups including, but not limited to: The office of community development, mobile homeowners' associations, tenant advocacy groups, park owners' associations, and county assessors to generate the list;

2. Send out notifications to all known mobile home park owners or manufactured housing community owners regarding the due date of the assessment pursuant to section 7 of this act. These notifications must include information about late fees and passing costs on to tenants; and

3. Collect the registration assessment due from all mobile home park owners or manufactured housing community owners, and allow ninety days to pass before sending notices of late fees to noncomplying owners as provided in this act.

NEW SECTION. Sec. 7. (1) The owner of each mobile home park or manufactured housing community shall pay to the department a registration assessment of five dollars for each mobile home or manufactured home that is subject to chapter 59.20 RCW within a park or community to fund the costs associated with administering this act. Manufactured housing community owners or mobile home park owners may pass on no more than two dollars and fifty cents of this assessment to tenants.

2. If an owner fails to pay the assessment before the registration expiration date, a late fee shall be assessed at the prevailing interest rate for superior court civil judgments for each mobile home or manufactured home that is subject to chapter 59.20 RCW. The owner is not entitled to any reimbursement of this fee from the tenants.

NEW SECTION. Sec. 8. The manufactured/mobile home investigations account is created in the custody of the state treasurer. All receipts from assessments and fees collected under section 7 of this act must be deposited into the account. Expenditures from the account may be used only for the costs associated with administering this act. Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

Sec. 9. RCW 59.22.050 and 1991 c 327 s 3 are each amended to read as follows:

1. In order to provide general assistance to mobile home resident organizations, park owners, and landlords and tenants, the department shall establish an office of mobile home affairs which will serve as the coordinating office within state government for matters relating to mobile homes or manufactured housing.

This office will provide an ombudsman service to mobile home park owners and mobile home tenants with respect to problems and disputes between park owners and park residents and to provide technical assistance to resident organizations or persons in the process of forming a resident organization pursuant to chapter 59.22 RCW. The office will keep records of its activities in this area.

2. The office shall perform all the consumer complaint and related functions of the state administrative agency that are required for purposes of complying with this chapter and the regulations established by the federal department of housing and urban development for manufactured housing, including the preparation and submission of the state administrative plan.

3. The office shall administer the mobile/manufactured home community registration program including the collection of assessments, associated late fees, and the compilation of data related to the number of communities and number of lots within the community that are subject to chapter 59.20 RCW.

4. The office shall administer the mobile home relocation assistance program established in chapter 59.21 RCW, including verifying the eligibility of tenants for relocation assistance.
NEW SECTION. Sec. 10. Any amount assessed under section 7(2) of this act that remains uncollected on December 31, 2005, shall be collected under the terms of section 7 of this act as it existed before December 31, 2005.

NEW SECTION. Sec. 11. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

NEW SECTION. Sec. 12. Except for sections 10 and 13 of this act, this act expires December 31, 2005.

NEW SECTION. Sec. 13. Beginning in January 2006, the state treasurer shall transfer any funds remaining in the manufactured/mobile home investigations account under section 8 of this act to the mobile home affairs account under RCW 59.22.070 for the purposes under RCW 59.22.050. All funds collected by the department under section 10 of this act shall be transferred to the state treasurer for deposit into the mobile home affairs account."

MESSAGE FROM THE SENATE

April 15, 2005

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1687, with the following amendment:
Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 9.41.040 and 2003 c 53 s 26 are each amended to read as follows:

(1)(a) A person, whether an adult or juvenile, is guilty of the crime of unlawful possession of a firearm in the first degree, if the person owns, has in his or her possession, or has in his or her control any firearm after having previously been convicted or found not guilty by reason of insanity in this state or elsewhere of any serious offense as defined in this chapter.

(b) Unlawful possession of a firearm in the first degree is a class B felony punishable according to chapter 9A.20 RCW.

(2)(a) A person, whether an adult or juvenile, is guilty of the crime of unlawful possession of a firearm in the second degree, if the person does not qualify under subsection (1) of this section for the crime of unlawful possession of a firearm in the first degree and the person owns, has in his or her possession, or has in his or her control any firearm:

(i) After having previously been convicted or found not guilty by reason of insanity in this state or elsewhere of any felony not specifically listed as prohibiting firearm possession under subsection (1) of this section, or any of the following crimes committed by one family or household member against another, committed on or after July 1, 1993: Assault in the fourth degree, coercion, stalking, reckless endangerment, criminal trespass in the first degree, or violation of the provisions of a protection order or no-contact order restraining the person or excluding the person from a residence (RCW 26.50.060, 26.50.070, 26.50.130, or 10.99.040);

(ii) After having previously been involuntarily committed for mental health treatment under RCW 71.05.320, 71.34.090, chapter 10.77 RCW, or equivalent statutes of another jurisdiction, unless his or her right to possess a firearm has been restored as provided in RCW 9.41.047;

(iii) If the person is under eighteen years of age, except as provided in RCW 9.41.042; and/or

(iv) If the person is free on bond or personal recognizance pending trial, appeal, or sentencing for a serious offense as defined in RCW 9.41.010.

(b) Unlawful possession of a firearm in the second degree is a class C felony punishable according to chapter 9A.20 RCW.

(3) Notwithstanding RCW 9.41.047 or any other provisions of law, as used in this chapter, a person has been "convicted", whether in an adult court or adjudicated in a juvenile court, at such time as a plea of guilty has been accepted, or a verdict of guilty has been filed, notwithstanding the pendency of any future proceedings including but not limited to sentencing or disposition, post-trial or post-factfinding motions, and appeals. Conviction includes a dismissal entered after a period of probation, suspension or deferral of sentence, and also includes equivalent dispositions by courts in jurisdictions other than Washington state. A person shall not be precluded from possession of a firearm if the conviction has been the subject of a pardon, annulment, certificate of rehabilitation, or other equivalent procedure based on a finding of the rehabilitation of the person convicted or the conviction or disposition has been the subject of a pardon, annulment, or other equivalent procedure based on a finding of innocence. Where no record of the court's disposition of the charges can be found, there shall be a rebuttable presumption that the person was not convicted of the charge.

(4) Notwithstanding subsection (1) or (2) of this section, a person convicted or found not guilty by reason of insanity of an offense prohibiting the possession of a firearm under this section other than murder, manslaughter, robbery, rape, indecent liberties, arson, assault, kidnapping, extortion, burglary, or violations with respect to controlled substances under RCW 69.50.401 and 69.50.410, who received a probationary sentence under RCW 9.95.200, and who received a dismissal of the charge under RCW 9.95.240, shall not be precluded from possession of a firearm as a result of the conviction or finding of not guilty by reason of insanity. Notwithstanding any other provisions of this section, if a person is prohibited from possession of a firearm under subsection (1) or (2) of this section and has not previously been convicted or found not guilty by reason of insanity of a sex offense prohibiting firearm ownership under subsection (1) or (2) of this section and/or any felony defined under any law as a class A felony or with a maximum sentence of at least twenty years, or both, the individual may petition a court of record to have his or her right to possess a firearm restored:

(a) Under RCW 9.41.047; and/or

(b)(i) If the conviction or finding of not guilty by reason of insanity was for a felony offense, after five or more consecutive years in the community without being convicted or found not guilty by reason of insanity or currently charged with any felony, gross misdemeanor, or misdemeanor crimes, if the individual has no prior felony convictions that prohibit the possession of a firearm counted as part of the offender score under RCW 9.94A.525; or

(ii) If the conviction or finding of not guilty by reason of insanity was for a nonfelony offense, after three or more consecutive years in the community without being convicted or found not guilty by reason of insanity or currently charged with any felony, gross misdemeanor, or misdemeanor crimes, if the individual has no prior felony convictions that prohibit the possession of a firearm counted as part of the offender score under RCW 9.94A.525 and the individual has completed all conditions of the sentence.
(5) In addition to any other penalty provided for by law, if a person under the age of eighteen years is found by a court to have possessed a firearm in a vehicle in violation of subsection (1) or (2) of this section or to have committed an offense while armed with a firearm during which offense a motor vehicle served an integral function, the court shall notify the department of licensing within twenty-four hours and the person's privilege to drive shall be revoked under RCW 46.20.265.

(6) Nothing in chapter 129, Laws of 1995 shall ever be construed or interpreted as preventing an offender from being charged and subsequently convicted for the separate felony crimes of theft of a firearm or possession of a stolen firearm, or both, in addition to being charged and subsequently convicted under this section for unlawful possession of a firearm in the first or second degree. Notwithstanding any other law, if the offender is convicted under this section for unlawful possession of a firearm in the first or second degree and for the felony crimes of theft of a firearm or possession of a stolen firearm, or both, then the offender shall serve consecutive sentences for each of the felony crimes of conviction listed in this subsection.

(7) Each firearm unlawfully possessed under this section shall be a separate offense.

Sec. 2. RCW 9.41.047 and 1996 c 295 s 3 are each amended to read as follows:

(1) At the time a person is convicted or found not guilty by reason of insanity of an offense making the person ineligible to possess a firearm, or at the time a person is committed by court order under RCW 71.05.320, 71.34.090, or chapter 10.77 RCW for mental health treatment, the convicting or committing court shall notify the person, orally and in writing, that the person must immediately surrender any concealed pistol license and that the person may not possess a firearm unless his or her right to do so is restored by a court of record. For purposes of this section a convicting court includes a court in which a person has been found not guilty by reason of insanity.

The convicting or committing court also shall forward a copy of the person's driver's license or identicard, or comparable information, to the department of licensing, along with the date of conviction or commitment.

(2) Upon receipt of the information provided for by subsection (1) of this section, the department of licensing shall determine if the convicted or committed person has a concealed pistol license. If the person does have a concealed pistol license, the department of licensing shall immediately notify the license-issuing authority which, upon receipt of such notification, shall immediately revoke the license.

(3)(a) A person who is prohibited from possessing a firearm, by reason of having been involuntarily committed for mental health treatment under RCW 71.05.320, 71.34.090, chapter 10.77 RCW, or equivalent statutes of another jurisdiction, may, upon discharge, petition a court of record to have his or her right to possess a firearm restored. At the time of commitment, the court shall specifically state to the person that he or she is barred from possession of firearms.

(b) The secretary of social and health services shall develop appropriate rules to create an approval process under this subsection. The rules must provide for the restoration of the right to possess a firearm upon a showing in a court of competent jurisdiction that the person is no longer required to participate in an inpatient or outpatient treatment program, is no longer required to take medication to treat any condition related to the commitment, and does not present a substantial danger to himself or herself, others, or the public. Unlawful possession of a firearm under this subsection shall be punished as a class C felony under chapter 9A.20 RCW.

(c) A person petitioning the court under this subsection (3) shall bear the burden of proving by a preponderance of the evidence that the circumstances resulting in the commitment no longer exist and are not reasonably likely to recur. If a preponderance of the evidence in the record supports a finding that the person petitioning the court has engaged in violence and that it is more likely than not that the person will engage in violence after his or her right to possess a firearm is restored, the person shall bear the burden of proving by clear, cogent, and convincing evidence that he or she does not present a substantial danger to the safety of others.

(4) No person who has been found not guilty by reason of insanity may petition a court for restoration of the right to possess a firearm unless the person meets the requirements for the restoration of the right to possess a firearm under RCW 9.41.040(4).

Sec. 3. RCW 9.41.060 and 1998 c 253 s 2 are each amended to read as follows:

(8) Any person engaging in a lawful outdoor recreational activity such as hunting, fishing, camping, hiking, or horseback riding, only if, considering all of the attendant circumstances, including but not limited to whether the person has a valid hunting or fishing license, it is reasonable to conclude that the person is participating in lawful outdoor activities or is traveling to or from a legitimate outdoor recreation area;
(9) Any person while carrying a pistol unloaded and in a closed opaque case or secure wrapper; or
(10) Law enforcement officers retired for service or physical disabilities, except for those law enforcement officers retired because of mental or stress-related disabilities. This subsection applies only to a retired officer who has: (a) Obtained documentation from a law enforcement agency within Washington state from which he or she retired that is signed by the agency's chief law enforcement officer and that states that the retired officer was retired for service or physical disability; and (b) not been convicted or found not guilty by reason of insanity of a crime making him or her ineligible for a concealed pistol license.

(c) Conviction of the licensee for a third violation of this chapter within five calendar years; or
(d) An order that the licensee forfeit a firearm under RCW 9.41.098(1)(d).

(b) Upon discovering a person issued a concealed pistol license was ineligible for the license, the issuing authority shall contact the department of licensing to determine whether the person purchased a pistol while in possession of the license. If the person did purchase a pistol while in possession of the concealed pistol license, if the person may not lawfully possess a pistol without a concealed pistol license, the issuing authority shall require the person to present satisfactory evidence of having lawfully transferred ownership of the pistol. The issuing authority shall require the person to produce the evidence within fifteen days of the revocation of the license.
(3) When a licensee is ordered to forfeit a firearm under RCW 9.41.098(1)(d), the issuing authority shall:
(a) On the first forfeiture, revoke the license for one year;
(b) On the second forfeiture, revoke the license for two years; or
(c) On the third or subsequent forfeiture, revoke the license for five years.
Any person whose license is revoked as a result of a forfeiture of a firearm under RCW 9.41.098(1)(d) may not reapply for a new license until the end of the revocation period.
(4) The issuing authority shall notify, in writing, the department of licensing of the revocation of a license. The department of licensing shall record the revocation.

SUBSTITUTE HOUSE BILL NO. 1687, as amended by the Senate, having received the constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 7, 2005

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1688, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:
Since the enactment of health planning and development legislation in 1979, the widespread adoption of new health care technologies has resulted in significant advancements in the diagnosis and treatment of disease, and has enabled substantial expansion of sites where complex care and surgery can be performed;

New and existing technologies, supply sensitive health services, and demographics have a substantial effect on health care expenditures. Yet, evidence related to their effectiveness is not routinely or systematically considered in decision making regarding widespread adoption of these technologies and services. The principles of evidence-based medicine call for comprehensive review of data and studies related to a particular health care service or device, with emphasis given to high quality, objective studies. Findings regarding the effectiveness of these health services or devices should then be applied to increase the likelihood that they will be used appropriately;

The standards governing whether a certificate of need should be granted in RCW 70.38.115 focus largely on broad concepts of access to and availability of health services, with only limited consideration of cost-effectiveness. Moreover, the standards do not provide explicit guidance for decision making or evaluating competing certificate of need applications; and

The certificate of need statute plays a vital role and should be reexamined and strengthened to reflect changes in health care delivery and financing since its enactment.

NEW SECTION. Sec. 2. (1) A task force is created to study and prepare recommendations to the governor and the legislature related to improving and updating the certificate of need program in chapter 70.38 RCW. The report must be submitted to the governor and appropriate committees of the legislature by November 1, 2006.

(2) Members of the task force must be appointed by the governor. The task force members shall elect a member of the task force to serve as chair. Members of the task force include:

(a) Four representatives of the legislature, including one member appointed by each caucus of the house of representatives and the senate;

(b) Two representatives of private employer-sponsored health benefits purchasers;

(c) One representative of labor organizations that purchase health benefits through Taft-Hartley plans;

(d) One representative of health carriers;

(e) Two representatives of health care consumers;

(f) One health care economist;

(g) The secretary of the department of social and health services, or his or her designee;

(h) The administrator of the health care authority, or his or her designee;

(i) The secretary of the department of health; and

(j) Two health care provider representatives, chosen by the members of the technical advisory committee established in subsection (3) of this section, from among the members of that committee.

(3) The task force shall establish one or more technical advisory committees composed of affected health care providers and other individuals or entities who can serve as a source of technical expertise. The task force shall actively consult with, and solicit recommendations from, the technical advisory committee or committees regarding issues under consideration by the task force.

(4) Subject to the availability of amounts appropriated for this specific purpose, staff support for the task force shall be provided by the health care authority. The health care authority shall contract for technical expertise necessary to complete the responsibilities of the task force. Legislative members of the task force shall be reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members, except those representing an employer or organization, are entitled to be reimbursed for travel expenses in accordance with RCW 43.03.050.

NEW SECTION. Sec. 3. (1) In conducting the certificate of need study and preparing recommendations, the task force shall be guided by the following principles:

(a) The supply of a health service can have a substantial impact on utilization of the service, independent of the effectiveness, medical necessity, or appropriateness of the particular health service for a particular individual;

(b) Given that health care resources are not unlimited, the impact of any new health service or facility on overall health expenditures in the state must be considered;

(c) Given our increasing ability to undertake technology assessment and measure the quality and outcomes of health services, the likelihood that a requested new health facility, service, or equipment will improve health care quality and outcomes must be considered; and

(d) It is generally presumed that the services and facilities currently subject to certificate of need should remain subject to those requirements.

(2) The task force shall, at a minimum, examine and develop recommendations related to the following issues:
(a) The need for a new and regularly updated set of service and facility specific policies that guide certificate of need decisions;
(b) A review of the purpose and goals of the current certificate of need program, including the relationship between the supply of health services and health care outcomes and expenditures in Washington state;
(c) The scope of facilities, services, and capital expenditures that should be subject to certificate of need review, including consideration of the following:
   (i) Acquisitions of major medical equipment, meaning a single unit of medical equipment or a single system of components with related functions used to provide medical and other health services;
   (ii) Major capital expenditures. Capital expenditures for information technology needed to support electronic health records should be encouraged;
   (iii) The offering or development of any new health services, as defined in RCW 70.38.025, that meets any of the following:
      (A) The obligation of substantial capital expenditures by or on behalf of a health care facility that is associated with the addition of a health service that was not offered on a regular basis by or on behalf of the health care facility within the twelve-month period prior to the time the services would be offered;
      (B) The addition of equipment or services, by transfer of ownership, acquisition by lease, donation, transfer, or acquisition of control, through management agreement or otherwise, that was not offered on a regular basis by or on behalf of the health care facility or the private office of a licensed health care provider regulated under Title 18 RCW or chapter 70.127 RCW within the twelve-month period prior to the time the services would be offered and that for the third fiscal year of operation, including a partial first year following acquisition of that equipment or service, is projected to entail substantial incremental operating costs or annual gross revenue directly attributable to that health service;
      (iv) The scope of health care facilities subject to certificate of need requirements, to include consideration of hospitals, including specialty hospitals, psychiatric hospitals, nursing facilities, kidney disease treatment centers including freestanding hemodialysis facilities, rehabilitation facilities, ambulatory surgical facilities, freestanding emergency rooms or urgent care facilities, home health agencies, hospice agencies and hospice care centers, freestanding radiological service centers, freestanding cardiac catheterization centers, or cancer treatment centers. "Health care facility" includes the office of a private health care practitioner in which surgical procedures are performed;
(d) The criteria for review of certificate of need applications, as currently defined in RCW 70.38.115, with the goal of having criteria that are consistent, clear, technically sound, and reflect state law, including consideration of:
   (i) Public need for the proposed services as demonstrated by certain factors, including, but not limited to:
      (A) Whether, and the extent to which, the project will substantially address specific health problems as measured by health needs in the area to be served by the project;
      (B) Whether the project will have a positive impact on the health status indicators of the population to be served;
      (C) Whether there is a substantial risk that the project would result in inappropriate increases in service utilization or the cost of health services;
      (D) Whether the services affected by the project will be accessible to all residents of the area proposed to be served; and
      (E) Whether the project will provide demonstrable improvements in quality and outcome measures applicable to the services proposed in the project, including whether there is data to indicate that the proposed health services would constitute innovations in high quality health care delivery;
   (ii) Impact of the proposed services on the orderly and economic development of health facilities and health resources for the state as demonstrated by:
      (A) The impact of the project on total health care expenditures after taking into account, to the extent practical, both the costs and benefits of the project and the competing demands in the local service area and statewide for available resources for health care;
      (B) The impact of the project on the ability of existing affected providers and facilities to continue to serve uninsured or underinsured residents of the community and meet demands for emergency care;
      (C) The availability of state funds to cover any increase in state costs associated with utilization of the project's services; and
      (D) The likelihood that more effective, more accessible, or less costly alternative technologies or methods of service delivery may become available;
(e) The timeliness and consistency of certificate of need reviews and decisions, the sufficiency and use of resources available to the department of health to conduct timely reviews, the means by which the department of health projects future need
for services, the ability to reflect differences among communities and approaches to providing services, and clarification on the use of the concurrent review process; and

(f) Mechanisms to monitor ongoing compliance with the assumptions made by facilities that have received either a certificate of need or an exemption to a certificate of need, including those related to volume, the provision of charity care, and access to health services to medicaid and medicare beneficiaries as well as underinsured and uninsured members of the community.

(3) In developing its recommendations, the task force shall consider the results of a performance audit of the department of health regarding its administration and implementation of the certificate of need program. The audit shall be conducted by the joint legislative audit and review committee, and be completed by July 1, 2006.

NEW SECTION. Sec. 4. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2005, in the omnibus appropriations act, this act is null and void."

On page 1, line 2 of the title, after "issues;" strike the remainder of the title and insert "and creating new sections."

and the same is herewith transmitted.
