(1) If a boarding home voluntarily withdraws from participation in a state Medicaid program for residential care and services under chapter 74.39A, but continues to provide services of the type provided by boarding homes the facility's voluntary withdrawal from participation is not an acceptable basis for the transfer or discharge of residents of the facility (a) who were receiving Medicaid on the day before the effective date of the withdrawal; or (b) who have
been paying the facility privately for at least two years and who become eligible for medicaid within one hundred eighty days of the date of withdrawal.

(2) A boarding home that has withdrawn from the state medicaid program for residential care and services under Chapter 74.39A, must provide the following oral and written notices to prospective residents. The written notice must be prominent and must be written on a page that is separate from the other admission documents. The notice shall provide that:

(a) The facility will not participate in the medicaid program with respect to that resident; and
(b) The facility may transfer or discharge the resident from the facility for nonpayment, even if the resident becomes eligible for medicaid.

(3) Notwithstanding any other provision of this section, the medicaid contract under Chapter 74.39A RCW that exists on the day the facility withdraws from Medicaid participation is deemed to continue in effect as to the persons described in subsection (1) for the purposes of:

(a) Department payments for the residential care and services provided to such persons;
(b) Maintaining compliance with all requirements of the medicaid contract between the department and the facility; and
(c) Ongoing inspection, contracting, and enforcement authority under the medicaid contract, regulations, and law.

(4) Except as provided in subsections (1) of this section, this section shall not apply to a person who begins residence in a facility on or after the effective date of the facility's withdrawal from participation in the medicaid program for residential care and services.

(6) (a) Prior to admission to the facility, a boarding home participating in the state medicaid program for residential care and services under Chapter 74.39A must provide the following oral and written notices to prospective residents. The written notice must be prominent and must be written on a page that is separate from the other admission documents, and must provide that:

(1) In the future, the facility may choose to withdraw from participating in the medicaid program;
(2) If the facility withdraws from the medicaid program, it will continue to provide services to residents (A) who were receiving medicaid on the day before the effective date of the withdrawal; or (B) who have been paying the facility privately for at least two years and who will become eligible for medicaid within one hundred eighty days of the date of withdrawal;
(3) After a facility withdraws from the medicaid program, it may transfer or discharge residents who do not meet the criteria described in this subsection (a) for nonpayment, even if the resident becomes eligible for medicaid.

Sec. 2. RCW 70.129.110 and 1997 c 392 s 205 are each amended to read as follows:

(b) The safety of individuals in the facility is endangered;
(c) The health of individuals in the facility would otherwise be endangered;
(d) The resident has failed to make the required payment for his or her stay; or
(e) The facility ceases to operate.

(2) All long-term care facilities shall fully disclose to potential residents or their legal representative the service capabilities of the facility prior to admission to the facility. If the care needs of the applicant who is medicaid eligible are in excess of the facility's service capabilities, the department shall identify other care settings or residential care options consistent with federal law.

(3) All long-term care facilities shall fully disclose in writing to residents and potential residents or their legal representative the facility policy on accepting medicaid as a payment source. The policy shall clearly and plainly state the circumstances under which the facility will care for persons who are eligible for medicaid upon admission or who may later become eligible for medicaid. Disclosure must be provided prior to admission, and the facility must retain a copy of the disclosure signed by the resident or their legal representative. The facility policy on medicaid as a payment source as of the date of the resident's admission to the facility shall be considered a legally binding contract between the resident and the facility.

amendment (1435):

Strike everything after the enacting clause and insert the
following:

"NEW SECTION. Sec. 1. (1) The legislature finds that the
global energy economy is undergoing significant changes creating
a situation where energy prices are increasingly more expensive and
the sources of energy increasingly less secure. Additionally, the
legislature finds that there is growing concern about the
consequences associated with greenhouse gas emissions from
conventional sources of energy and the need for action to address
threats of climate change. The legislature finds ocean and tidal
resources, as well as other forms of hydrokinetic energy, will play an
important role in providing clean, carbon-free, reliable, and
affordable energy to the citizens of Washington. The legislature
finds that the development of wave and tidal energy technologies in
Washington will create more highly valued green jobs in the state.
(2) It is the intent of the legislature to facilitate the development of
clean, carbon-free, reliable, and affordable power sources for the
energy needs of Washington's growing economy. Also, it is the
intent of the legislature to help catalyze the emergence of a new
water-power industry that is able to export technology and expertise
to the rest of the country and the world. In addition, the legislature
finds that hydrokinetic energy technologies are in their infancy and
care must be taken to properly design and site these facilities in order
to avoid impacts on the marine environment. To achieve these goals,
the legislature intends to establish a public-private organization that
will support a sustainable approach to hydrokinetic energy
development aimed at economic development, environmental protection, and community stability.

(3)(a) It is the intent of the legislature for state agencies to
explore a streamlined approach to environmental permit decision
making for wave and tidal power projects.
(b) To optimize the development and siting process for wave
and tidal power systems and to provide environmental protection, the
legislature finds that state regulatory and natural resource agencies,
public and private sector interests, tribes, local and regional
governments, and applicable federal agencies must work
collaboratively to establish common goals, minimize project siting
delays, develop consistency in the application of environmental
standards, and eliminate duplicative processes through assigned
responsibilities of selected permit drafting and compliance activities
between state agencies.

NEW SECTION. Sec. 2. The definitions in this section apply
throughout this act unless the context clearly requires otherwise.
(1) "Center" means the Washington state center for excellence
in hydrokinetic energy.
(2) "Council" means the energy facility site evaluation council.
(3) "Department" means the department of community, trade,
and economic development.
(4) "Hydrokinetic energy" means hydroelectric generation from
ocean waves, tides, and currents, from free-flowing rivers and
streams, and from water discharges.
(5) "Water discharges" means water discharges from
agricultural, industrial, and commercial operations, wastewater
treatment plants, or residential properties.

NEW SECTION. Sec. 3. The department and the council shall
convene and cochair a work group to develop the Washington state
center for excellence in hydrokinetic energy and to explore
mechanisms to streamline and make more efficient current
permitting processes for wave and tidal power projects.

NEW SECTION. Sec. 4. (1) The work group created under
section 3 of this act consists of, but is not limited to, representatives from:
(a) The department of natural resources;
(b) The department of ecology;
(c) The department of fish and wildlife;
(d) The utilities and transportation commission;
(e) A wave energy company or tidal energy company, or both;
(f) A wave energy industry association or tidal energy industry
association, or both;
(g) Either a state or private university researching wave energy
or a state or private university researching tidal energy, or both;
(h) The Northwest Indian fisheries commission;
(i) An electrical utility;
(j) A local government;
(k) A commercial fishing association;
(l) A conservation group with expertise in energy-related issues;
(m) A conservation group with expertise in marine ecology; and
(n) A marine recreation group.
(2) State agencies under subsection (1) of this section that are
members of the council under RCW 80.50.030 shall provide their
existing designee members to serve on the work group in carrying
out the responsibilities of this act.

NEW SECTION. Sec. 5. (1) In developing the center, the
work group created in section 3 of this act shall ensure that the center
is a public-private entity and that the center supports a sustainable approach to hydrokinetic energy development aimed at economic
development, environmental protection, and community stability.
(2) The work group created in section 3 of this act shall make recommendations to the legislature to include, but not be limited to,
the following:
(a) How the center will conduct and support research and
demonstrations of wave and tidal energy technologies in order to
facilitate the deployment and commercialization of these
technologies in Washington;
(b) How the center will establish and operate wave and tidal
energy test ranges that allow developers to demonstrate their wave
and tidal energy technologies;
(c) How the center will maintain processes to assist developers
in permitting their wave and tidal energy technologies;
(d) How the center will collect, manage, and disseminate data
necessary to assess statewide wave and tidal resources;
(e) How the center will promote Washington as the optimal
location for the development of and deployment of wave and tidal
energy technologies;
(f) What the public-private governance structure of the center
will be, considering the life sciences discovery fund as a model;
(g) How the center will coordinate with other governmental
wave and tidal institutions and initiatives in the Pacific Northwest
economic region;
(h) How the center will be funded through either state, federal,
or private sources of funding, or a combination of these funding
sources;
(i) How the center will assist the state and various other entities
in reducing greenhouse gas emissions;
(j) How the center will assist other forms of hydrokinetic energy
technologies in addition to wave and tidal energy;
(k) How the center will identify and develop protocols to
manage issues involving competing uses of water space; and
(l) What types of review and data are necessary to ensure that
hydrokinetic energy will be designed and sited so as to avoid
negative impacts on marine ecosystems.

NEW SECTION. Sec. 6. The work group created in section 3
of this act shall provide a report to the appropriate committees of the
legislature containing its recommendations under section 5 of this
act, as well as draft legislation implementing its recommendations,
by December 1, 2008.

NEW SECTION. Sec. 7. (1)(a) The work group created in
section 3 of this act shall explore mechanisms to streamline and make more efficient permitting processes for wave and tidal power
projects. The work group may recommend development of a permit process which allows for concurrent public review, consolidated appeals, and other mechanisms which result in permit process efficiency. In making these recommendations, the work group will ensure that there is adequate environmental review of the full range of potential impacts from this technology and that meaningful public involvement opportunities are preserved. The work group shall also identify and make recommendations of any potential barriers to the streamlining process.

(b) The work group shall consider and make recommendations regarding research relating to the marine environment. In making the recommendations, the work group shall consider how future marine research would add value to the existing understanding of the overall marine environment and provide guidance on future research with the goal of eliminating redundant research activities.

2) The work group created in section 3 of this act, in developing recommendations for permit streamlining, shall consider additional issues that may be associated with permitting a wave or tidal energy project, which include, but are not limited to:
   (a) Disturbance or destruction of marine life, including acoustic impacts;
   (b) Toxic releases from leaks or accidental spills of liquids used in those systems with working hydraulic fluids;
   (c) Possible threat to navigation from collisions;
   (d) Interference of mooring and anchorage lines with commercial and sport fishing;
   (e) Tidal power plants that dam estuaries that can impede sea life migration and build up silt behind such facilities, impacting local ecosystems; and
   (f) Potential impacts of tidal power on tides, currents, and flushing.

3) By June 30, 2009, the work group created in section 3 of this act shall develop a work plan that details critical issues that need to be resolved to develop efficient, streamlined permitting processes for wave and tidal power projects. The work group shall provide the work plan to the legislature for review every six months. If the work group determines that additional time is required to develop recommendations for the permitting process for wave power projects, the work group shall report to the legislature on the need for additional time and update the work plan accordingly.

4) By June 30, 2010, the work group created in section 3 of this act shall provide a final report to the legislature on its findings and recommendations.

NEW SECTION. Sec. 8. A new section is added to chapter 82.08 RCW to read as follows:

(1) The tax levied by RCW 82.08.020 does not apply to sales of machinery and equipment used directly in generating tidal or wave energy, or to sales of or charges made for labor and services rendered in respect to installing such machinery and equipment, but only if the purchaser develops with such machinery, equipment, and labor a facility capable of generating at least two hundred kilowatts of electricity and provides the seller with an exemption certificate in a form and manner prescribed by the department. The seller shall retain a copy of the certificate for the seller's files.

(2) For purposes of this section and section 9 of this act:
   (a) "Machinery and equipment" has the same meaning as provided in RCW 82.08.02567.

(3) This section expires June 30, 2018.

NEW SECTION. Sec. 9. A new section is added to chapter 82.12 RCW to read as follows:

(1) The provisions of this chapter do not apply with respect to machinery and equipment used directly in generating at least two hundred kilowatts of electricity using tidal or wave energy as the principal source of power, or to the use of labor and services rendered in respect to installing such machinery and equipment.

(2) The definitions in section 8 of this act apply to this section.

(3) This section expires June 30, 2018.

The Speaker (Representative Moeller presiding) called upon Representative Morris to preside.

SECOND READING

ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 6673, By Senate Committee on Ways & Means (originally sponsored by Senators McAuliffe, Brandland, Hobs, McDermott, Rasmussen, Weinstein, Oemig, Tom, Kauffman, Hargrove, Fairley, Franklin and Shin; by request of Superintendent of Public Instruction)

The bill was read the second time.

There being no objection, the committee amendment by the Committee on Appropriations was not adopted. (For Committee amendment, see Journal, 50th Day, March 3, 2008.)

Representative Sullivan moved the adoption of amendment (1410):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that high school students need to graduate with the skills necessary to be successful in college and work. The state graduation requirements help to ensure that Washington high school graduates have the basic skills to be competitive in a global economy. Under education reform started in 1993, time was to be the variable, obtaining the skills was to be the constant. Therefore, students who need additional time to gain the academic skills needed for college and the workplace should have the opportunities they need to reach high academic achievement, even if that takes more than the standard four years of high school.

Different students face different challenges and barriers to their academic success. Some students struggle to meet the standard on a single portion of the Washington assessment of student learning while excelling in the other subject areas; other students struggle to complete the necessary state or local graduation credits; while still others have their knowledge tested on the assessments and have completed all the credit requirements but are struggling because English is not their first language. The legislature finds that many of these students need additional time and support to achieve academic proficiency and meet all graduation requirements.

Sec. 2. RCW 28A.655.061 and 2007 c 355 s 5 and 2007 c 354 s 2 are each reenacted and amended to read as follows:

(1) The high school assessment system shall include but need not be limited to the Washington assessment of student learning, opportunities for a student to retake the content areas of the assessment in which the student was not successful, and if approved by the legislature pursuant to subsection (10) of this section, one or more objective alternative assessments for a student to demonstrate achievement of state academic standards. The objective alternative assessments for each content area shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning for each content area.

(2) Subject to the conditions in this section, a certificate of academic achievement shall be obtained by most students at about the age of sixteen, and is evidence that the students have successfully met the state standard in the content areas included in the certificate. With the exception of students satisfying the provisions of RCW 28A.155.045 or 28A.655.0611, acquisition of the certificate is required for graduation from a public high school, but is not the only requirement for graduation.

(3) Beginning with the graduating class of 2008, with the exception of students satisfying the provisions of RCW 28A.155.045, a student who meets the state standards on the reading, writing, and mathematics content areas of the high school Washington assessment of student learning shall earn a certificate of academic achievement. If a student does not successfully meet the state standards in one or more content areas required for the certificate of academic achievement, then the student may retake the assessment in the content area up to four times at no cost to the student. If the student successfully meets the state standards on a retake of the assessment then the student shall earn a certificate of academic achievement. Once objective alternative assessments are authorized pursuant to subsection (10) of this section, a student may use the objective alternative assessments to demonstrate that the student successfully meets the state standards for that content area if the student has taken the Washington assessment of student learning at least once. If the student successfully meets the state standards on the objective alternative assessments then the student shall earn a certificate of academic achievement.

(4) Beginning no later than with the graduating class of 2013, a student must meet the state standards in science in addition to the other content areas required under subsection (3) of this section on the Washington assessment of student learning or the objective alternative assessments in order to earn a certificate of academic achievement. The state board of education may adopt a rule that implements the requirements of this subsection (4) beginning with a graduating class before the graduating class of 2013, if the state board of education adopts the rule by September 1st of the freshman school year of the graduating class to which the requirements of this subsection (4) apply. The state's authority under this subsection (4) does not alter the requirement that any change in performance standards for the tenth grade assessment must comply with RCW 28A.305.130.

(5) The state board of education may not require the acquisition of the certificate of academic achievement for students in home-based instruction under chapter 28A.200 RCW, for students enrolled in private schools under chapter 28A.195 RCW, or for students satisfying the provisions of RCW 28A.155.045.

(6) A student may retain and use the highest result from each successfully completed content area of the high school assessment.

(7) School districts must make available to students the following options:

(a) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a public school; or

(b) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a high school completion program at a community or technical college.

The superintendent of public instruction and the state board for community and technical colleges shall jointly identify means by which students in these programs can be assessed.

(8) Students who achieve the standard in a content area of the high school assessment but who wish to improve their results shall pay for retaking the assessment, using a uniform cost determined by the superintendent of public instruction.

(9) Opportunities to retake the assessment at least twice a year shall be available to each school district.

(10)(a) The office of the superintendent of public instruction shall develop options for implementing objective alternative assessments, which may include an appeals process, for students to demonstrate achievement of the state academic standards. The objective alternative assessments shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning and be objective in its determination of student achievement of the state standards. Before any objective alternative assessments in addition to those authorized in RCW 28A.655.065 or (b) of this subsection are used by a student to demonstrate that the student has met the state standards in a content area required to obtain a certificate, the legislature shall formally approve the use of any objective alternative assessments through the omnibus appropriations act or by statute or concurrent resolution.

(b)(i) A student's score on the mathematics, reading or English, or writing portion of the scholastic assessment test (SAT) or the American college test (ACT) may be used as an objective alternative
assessment under this section for demonstrating that a student has met or exceeded the state standards for the certificate of academic achievement. The state board of education shall identify the scores students must achieve on the relevant portion of the SAT or ACT to meet or exceed the state standard in the relevant content area on the Washington assessment of student learning. The state board of education shall identify the first scores by December 1, 2007. After the first scores are established, the state board may increase but not decrease the scores required for students to meet or exceed the state standards.

(ii) Until August 31, 2008, a student's score on the mathematics portion of the preliminary scholastic assessment test (PSAT) may be used as an objective alternative assessment under this section for demonstrating that a student has met or exceeded the state standard for the certificate of academic achievement. The state board of education shall identify the score students must achieve on the mathematics portion of the PSAT to meet or exceed the state standard in that content area on the Washington assessment of student learning.

(iii) A student who scores at least a three on the grading scale of one to five for selected (advanced placement) AP examinations may use the score as an objective alternative assessment under this section for demonstrating that a student has met or exceeded state standards for the certificate of academic achievement. A score of three on the (advanced placement) AP examinations in calculus or statistics may be used as an alternative assessment for the mathematics portion of the Washington assessment of student learning.

(iv) A score of three on the (advanced placement) AP examinations in English language and composition may be used as an alternative assessment for the writing portion of the Washington assessment of student learning. A score of three on the (advanced placement) AP examinations in English literature and composition, macroeconomics, microeconomics, psychology, United States history, world history, United States government and politics, or comparative government and politics may be used as an alternative assessment for the reading portion of the Washington assessment of student learning.

(v) By December 15, 2004, the house of representatives and senate education committees shall obtain information and conclusions from recognized, independent, national assessment experts regarding the validity and reliability of the high school Washington assessment of student learning for making individual student high school graduation determinations.

(vi) To help assure continued progress in academic achievement as a foundation for high school graduation and to assure that students are on track for high school graduation, each school district shall prepare plans for and notify students and their parents or legal guardians as provided in this subsection (12).

(a) Student learning plans are required for eighth through twelfth grade students who were not successful on any or all of the content areas of the Washington assessment for student learning during the previous school year or who may not be on track to graduate due to credit deficiencies or absences. The parent or legal guardian shall be notified about the information in the student learning plan, preferably through a parent conference and at least annually.

(b) To the extent feasible, schools serving English language learner students and their parents shall translate the plan into the primary language of the family. The plan shall include the following information as applicable:

(i) The student's results on the Washington assessment of student learning;

(ii) If the student is in the transitional bilingual program, the score on his or her Washington language proficiency test II;

(iii) Any credit deficiencies;

(iv) The student's attendance rates over the previous two years;

(v) The student's progress toward meeting state and local graduation requirements;

(vi) The courses, competencies, and other steps needed to be taken by the student to meet state academic standards and stay on track for graduation. If applicable, the plan shall also include the high school graduation completion pilot program created under RCW 28A.50.524.

(i) The parent or guardian shall be notified, preferably through a parent conference, of the student's results on the Washington assessment of student learning. Actions the school intends to take to improve the student's skills in an content area in which the student was unsuccessful, strategies to help them improve their student's skills, and the content of the student's plan.

(ii) Progress made on the student plan shall be reported to the student's parents or guardian at least annually and adjustments to the plan made as necessary.

(vii) Remediation strategies and alternative education options available to students, including informing students of the option to continue to receive instructional services after grade twelve or until the age of twenty-one;

(viii) The alternative assessment options available to students under this section and RCW 28A.655.065;

(ix) School district programs, high school courses, and career and technical education options available for students to meet graduation requirements; and

(x) Available programs offered through skill centers or community and technical colleges.

(b) All fifth grade students who were not successful in one or more of the content areas of the fourth grade Washington assessment of student learning shall have a student learning plan.

(i) The parent or guardian of the student shall be notified, preferably through a parent conference, of the student's results on the Washington assessment of student learning, actions the school intends to take to improve the student's skills in any content area in which the student was unsuccessful, and provide strategies to help them improve their student's skills.

(ii) Progress made on the student plan shall be reported to the student's parents or guardian at least annually and adjustments to the plan made as necessary.

NEW SECTION. Sec. 3. A new section is added to chapter 28A.320 RCW to read as follows:

(1) The extended learning opportunities program is created for eligible eleventh and twelfth grade students who are not on track to meet local or state graduation requirements as well as eighth grade students who may not be on track to meet the standard on the Washington assessment of student learning or need additional assistance in order to have the opportunity for a successful entry into high school.

(2) Under the extended learning opportunities program, districts shall make available to students in grade twelve who have failed to meet one or more local or state graduation requirements the option of extending enrollment in the school district in accordance with RCW 28A.255.160. Districts are authorized to use basic education program funding to provide instruction to eligible students under RCW 28A.150.220(3).

(3) Under the extended learning program, instructional services for eligible students can occur during the regular school day, evenings, on weekends, or at a time and location deemed appropriate by the school district, including the educational service district, in order to meet the needs of these students. Instructional services provided under this section do not include services offered at private schools. Instructional services can include, but are not limited to, the following:

(a) Individual or small group instruction;

(b) Instruction in English language arts and/or mathematics that eligible students need to pass all or part of the Washington assessment of student learning;

(c) Attendance in a public high school or public alternative school classes or at a skill center;

(d) Inclusion in remediation programs, including summer school;

(e) Language development instruction for English language learners;

with RCW 28A.415.350. The reading improvement specialist may also provide direct services to eligible students and those students electing to continue a fifth year in a high school program who are still struggling with basic reading skills.

Sec. 4. RCW 28A.165.035 and 2004 c 20 s 4 are each amended to read as follows:

Use of best practices magnifies the opportunities for student success. The following are services and activities that may be supported by the learning assistance program:

(1) Extended learning time opportunities occurring:
   (a) Before or after the regular school day;
   (b) On Saturday; and
   (c) Beyond the regular school year;

(2) Services under section 3 of this act;

(3) Professional development for certified and classified staff that focuses on:
   (a) The needs of a diverse student population;
   (b) Specific literacy and mathematics content and instructional strategies; and
   (c) The use of student work to guide effective instruction;

(4) Consultant teachers to assist in implementing effective instructional practices by teachers serving participating students;

(5) Tutoring support for participating students; and

(6) Outreach activities and support for parents of participating students.

NEW SECTION. Sec. 5. If funding is appropriated for this purpose, the office of the superintendent of public instruction shall explore online curriculum support in languages other than English that are currently available. By December 1, 2008, the office of the superintendent of public instruction shall report to the appropriate committees of the legislature recommendations for other online support in other languages that would most appropriately assist Washington's English language learners. Included in the recommendations shall be the actions that would need to be taken to access the recommended online support and the cost.

NEW SECTION. Sec. 6. A new section is added to chapter 28A.655 RCW to read as follows:

(1) If funding is appropriated for this purpose, school districts shall provide all tenth graders enrolled in the district the option of taking the PSAT at no cost to the student.

(2) The office of the superintendent of public instruction shall enter into an agreement with the firm that administers the PSAT to reimburse the firm for the testing fees of students who take the test.

NEW SECTION. Sec. 7. (1) The legislature intends to build on the lessons learned in the Lorraine Wojahn dyslexia pilot reading program, which the legislature has funded since 2005.

(2) By September 15, 2008, each of the grant recipients shall report to the office of the superintendent of public instruction on the lessons learned in the pilot program regarding effective assessment and intervention programs to help students with dyslexia or characteristics of dyslexia, best practices for professional development, and strategies to build capacity and sustainability among teaching staff.

(3) By December 31, 2008, the office of the superintendent of public instruction shall aggregate the reports from the grant recipients and provide a report and recommendations to the appropriate committees of the legislature. The recommendations shall include how the lessons learned through the pilot program are best shared with school districts and how the best practices can be implemented statewide.

NEW SECTION. Sec. 8. (1) The legislature finds that educators are faced with the complex responsibility of educating an increasing population of English language learners who speak a wide variety of languages and dialects and may come with varying levels of formal schooling, students who come from low-income households, and students who have learning disabilities. These educators struggle to provide meaningful instruction that helps students meet high content standards while overcoming their challenges. The 2007 legislature directed the professional educator standards board to begin the process of adopting new certification requirements and revising the higher education teacher preparation program requirements. Additionally, the office of the superintendent of public instruction was directed to contract with the northwest regional educational laboratory to review and report on the ongoing English as a second language pilot projects and best practices related to helping students who are English language learners. It is therefore the intent of the legislature to build upon the work started in 2007 by requiring that the professional educator standards board consider the findings of the northwest regional educational laboratory and incorporate into its ongoing work a review of how to revise the current certification requirements and teacher preparation programs in order to better serve the needs of English language learners.

(2) The professional educator standards board shall convene a work group to develop recommendations for increasing teacher knowledge, skills, and competencies to address the needs of English language learner students. The work group shall include representatives from the Washington association of colleges for teacher education, school districts with significant populations of English language learner students who speak a single language, school districts with significant populations of English language learner students who speak multiple languages, classroom teachers, English as a second language teachers, bilingual education teachers, principals, the migrant and bilingual education office in the office of the superintendent of public instruction, and the higher education coordinating board. In making its selections, the professional educator standards board must include members from diverse cultural backgrounds and strive to promote geographic balance. The professional educator standards board shall invite participation by the northwest regional educational laboratory. The work group shall identify gaps and weaknesses in the current knowledge and skills standards for teacher preparation and teacher competencies regarding understanding how students acquire language, how to teach academic content in English to non-English speakers, and how to demonstrate cultural competence. The work group shall look to the English as a second language demonstration projects under RCW 28A.630.058 and the accompanying research and evaluation by the northwest regional educational laboratory.

(3) The work group shall submit a report by December 1, 2008, to the governor and the education and higher education committees of the legislature with findings and recommendations to improve the teacher preparation knowledge and skills standards and teacher competencies in the areas identified under subsection (2) of this section. Recommendations shall also include what professional development program components are most effective for existing educators of English language learners.

Sec. 9. RCW 28B.118.010 and 2007 c 405 s 2 are each amended to read as follows:

The higher education coordinating board shall design the Washington college bound scholarship program in accordance with this section.

(1) "Eligible students" are those students who qualify for free or reduced-price lunches. If a student qualifies in the seventh grade, the student remains eligible even if the student does not receive free or reduced-price lunches thereafter.

(2) Eligible students shall be notified of their eligibility for the Washington college bound scholarship program beginning in their seventh grade year. Students shall also be notified of the requirements for award of the scholarship.

(3) To be eligible for a Washington college bound scholarship, a student must sign a pledge during seventh or eighth grade that includes a commitment to graduate from high school with at least a C average and with no felony convictions. Students who were in the eighth grade during the 2007-08 school year may sign the pledge during the 2008-09 school year. The pledge must be witnessed by a parent or guardian and forwarded to the higher education coordinating board by mail or electronically, as indicated on the pledge form.

(4)(a) Scholarships shall be awarded to eligible students graduating from public high schools, approved private high schools
under chapter 28A.195 RCW, or who received home-based instruction under chapter 28A.200 RCW.

(b) To receive the Washington college bound scholarship, a student must graduate at least a "C" average from a public high school or an approved private high school under chapter 28A.195 RCW in Washington or have received home-based instruction under chapter 28A.200 RCW, must have no felony convictions, and must be a resident student as defined in RCW 28B.15.012(2) (a) through (d).

(5) A student's family income will be assessed upon graduation before awarding the scholarship.

(6) If at graduation from high school the student's family income does not exceed sixty-five percent of the state median family income, scholarship award amounts shall be as provided in this section.

(a) For students attending two or four-year institutions of higher education as defined in RCW 28B.10.016, the value of the award shall be (i) the difference between the student's tuition and required fees, less the value of any state-funded grant, scholarship, or waiver assistance the student receives; (ii) plus five hundred dollars for books and materials.

(b) For students attending private four-year institutions of higher education in Washington, the award amount shall be the representative average of awards granted to students in public research universities in Washington.

(c) For students attending private vocational schools in Washington, the award amount shall be the representative average of awards granted to students in public community and technical colleges in Washington.

(7) Recipients may receive no more than four full-time years' worth of scholarship awards.

(8) Institutions of higher education shall award the student all need-based and merit-based financial aid for which the student would otherwise qualify. The Washington college bound scholarship is intended to replace unmet need, loans, and, at the student's option, work-study award before any other grants or scholarships are reduced.

(9) The first scholarships shall be awarded to students graduating in 2012.

(10) The state of Washington retains legal ownership of tuition units awarded as scholarships under this chapter until the tuition units are redeemed. These tuition units shall remain separately held from any tuition units owned under chapter 28B.95 RCW by a Washington college bound scholarship recipient.

(11) The scholarship award must be used within five years of receipt. Any unused scholarship tuition units revert to the Washington college bound scholarship account.

(12) Should the recipient terminate his or her enrollment for any reason during the academic year, the unused portion of the scholarship tuition units shall revert to the Washington college bound scholarship account.

Sec. 10.  RCW 28A.165.055 and 2005 c 489 s 1 are each amended to read as follows:

(1) Each school district with an approved program is eligible for state funds provided for the learning assistance program. The funds shall be appropriated for the learning assistance program in accordance with the biennial appropriations act. The distribution formula is for school district allocation purposes only. The distribution formula shall be based on one or more family income factors measuring economic need.

(2) In addition to the funds allocated to eligible school districts on the basis of family income factors, enhanced funds shall be allocated for school districts where more than twenty percent of students are eligible for and enrolled in the transitional bilingual instruction program under chapter 28A.180 RCW as provided in this subsection. The enhanced funding provided in this subsection shall take effect beginning in the 2008-09 school year.

(a) If, in the prior school year, a district's percent of October headcount student enrollment in grades kindergarten through twelve who are enrolled in the transitional bilingual instruction program, based on an average of the program headcount taken in October and May, exceeds twenty percent, twenty percent shall be subtracted from the district's percent transitional bilingual instruction program enrollment and the resulting percent shall be multiplied by the district's kindergarten through twelve annual average full-time equivalent enrollment for the prior school year.

(b) The number calculated under (a) of this subsection shall be the number of additional funded students for purposes of this subsection, to be multiplied by the per-funded student allocation rates specified in the omnibus appropriations act.

(c) School districts are only eligible for the enhanced funds under this subsection if their percentage of October headcount enrollment in grades kindergarten through twelve eligible for free or reduced price lunch exceeded forty percent in the prior school year.

NEW SECTION. Sec. 11. A new section is added to chapter 28A.310 RCW to read as follows:

Educational service districts shall develop and provide a program of outreach to community-based programs and organizations within the district that are serving non-English speaking segments of the population as well as those programs that target subgroups of students that may be struggling academically, including to the extent possible, African-American, Native American, Asian, Pacific Islander, Hispanic, low income, and special education. Educational service districts shall consult and coordinate with the governor's minority commissions and the governor's office of Indian affairs in order to efficiently conduct this outreach and are encouraged to enter into partnerships with representatives of the local business communities in order to develop a coordinated outreach plan. The purpose of the outreach activities shall be to inform students via the various community-based programs and organizations of the educational opportunities available under chapter . . . . Laws of 2008 (this act) and to engage them in the process as appropriate. Outreach shall at a minimum include information about the availability of dropout and credit retrieval programs, remediation programs, and extended learning opportunities, including fifth year opportunities.

NEW SECTION. Sec. 12. A new section is added to chapter 28A.300 RCW to read as follows:

Subject to funds appropriated for this purpose, the office of the superintendent of public instruction shall allocate grant funds to school districts to provide summer school funding for middle and high schools for all students to explore career opportunities rich in math, science, and technology using career and technical education as the delivery model."

Correct the title.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds and declares the following:
(a) The deployment and adoption of high-speed internet services and information technology has resulted in enhanced economic development and public safety for the state's communities, improved health care and educational opportunities, and a better quality of life for the state's residents;
(b) Continued progress in the deployment and adoption of high-speed internet services and other advanced telecommunications services, both land-based and wireless, is vital to ensuring Washington remains competitive and continues to create business and job growth; and
(c) That the state must encourage and support strategic partnerships of public, private, nonprofit, and community-based sectors in the continued growth and development of high-speed internet services and information technology for state residents and businesses.
(2) Therefore, in order to begin advancing the state towards further growth and development of high-speed internet in the state, it is the legislature's intent to conduct a statewide needs assessment of broadband internet resources through an open dialogue with all interested parties, including providers, unions, businesses, community organizations, local governments, and state agencies. The legislature further resolves to use this needs assessment in guiding future plans on how to ensure that every resident in Washington state may gain access to high-speed internet services.

NEW SECTION. Sec. 2. (1) After the broadband study authorized by the legislature in 2007 has been completed, or by July 15, 2008, the department of information services, in coordination with the department of community, trade, and economic development and the utilities and transportation commission, shall convene a work group to develop a high-speed internet deployment and adoption strategy for the state.
(2) The department of information services shall invite representatives from the following organizations to participate in the work group:
(a) Representatives of public, private, and nonprofit agencies and organizations representing economic development, local community development, local government, community planning, technology planning, education, and health care;
(b) Representatives of telecommunications providers, technology companies, telecommunications unions, public utilities, and relevant private sector entities;
(c) Representatives of community-based organizations; and
(d) Representatives of other relevant entities as the department of information services may deem appropriate.
(3) The department of information services shall, in consultation with the work group, develop a high-speed internet deployment and adoption strategy to accomplish the following objectives:
(a) Create and regularly update a detailed, geographic information system map at the census block level of the high-speed internet services and other relevant telecommunications and information technology services owned or leased by public entities in the state with instructions on how proprietary and competitively sensitive data will be handled, stored, and used. Development of this geographic information system map may include collaboration with students and faculty at community colleges and universities in the state. The statewide inventory must, at a minimum, detail:
(i) The physical location of all high-speed internet infrastructure owned or leased by public entities;
(ii) The amount of excess capacity available; and
(iii) Whether the high-speed internet infrastructure is active or inactive;
(b) Work collaboratively with telecommunications providers and internet service providers to assess, create, and regularly update a geographic information system map at the census block level of the privately owned high-speed internet infrastructure in the state, with instructions on how proprietary and competitively sensitive data will be handled, stored, and used;
(c) Combine the geographic information system map of high-speed internet infrastructure owned by public entities with the geographic information system map of high-speed internet infrastructure owned by private entities to create and regularly update a statewide inventory of all high-speed internet infrastructure in the state;
(d) Use the geographic information system map of all high-speed internet infrastructure in the state, both public and privately owned or leased, to identify and regularly update the geographic gaps in high-speed internet service, including an assessment of the population located in each of the geographic gaps;
(e) Spur the development of high-speed internet resources in the state, which may include, but is not limited to, soliciting funding in the form of grants or donations; establishing technology literacy programs in conjunction with institutions of higher education; establishing low-cost hardware and software purchasing programs; and developing loan programs targeting small businesses or businesses located in underserved areas;
(f) Track statewide residential and business adoption of high-speed internet, computers, and related information technology, including an identification of barriers to adoption;
(g) Build and facilitate local technology planning teams and partnerships with members representing cross-sections of the community, which may include participation from the following organizations: Representatives of business, telecommunications unions, K-12 education, community colleges, local economic development organizations, health care, libraries, universities, community-based organizations, local governments, tourism, parks and recreation, and agriculture;
(h) Use the local technology planning teams and partnerships to:
   (i) Conduct a needs assessment; and
   (ii) Work collaboratively with high-speed internet providers and technology companies across the state to encourage deployment and use, especially in underserved areas, through use of local demand aggregation, mapping analysis, and creation of market intelligence to improve the investment rationale and business case; and
   (iii) Establish low-cost programs to improve computer ownership, technology literacy, and high-speed internet access for disenfranchised or underserved populations across the state.
(4) By September 1, 2008, the department of information services shall provide a status update to the telecommunications committees in the house of representatives and the senate, outlining the progress made to date by the work group and the issues remaining to be considered.
(5) By December 1, 2008, the department of information services shall complete the high-speed internet deployment and adoption strategy and provide a report to the fiscal and telecommunications committees in the house of representatives and the senate, the governor, and the office of financial management. The main objective of the report is to outline, based on the efforts of the work group, what legislation is needed in order to implement the high-speed internet deployment and adoption strategy, including a range of potential funding requests to accompany the legislation. Specifically, the report shall include the following:
   (a) Benchmarks, performance measures, milestones, deliverables, timelines, and such other indicators of performance and progress as are necessary to guide development and implementation of the high-speed internet deployment and adoption strategy, both short term and long term, including an assessment of the amount of funding needed to accomplish a baseline assessment of the high-speed internet infrastructure owned by public and private entities of the state in an eighteen-month period; and
   (b) Ways to structure and appropriately scale and phase development and implementation of the high-speed internet deployment and adoption strategy so as to link to, leverage, and otherwise synchronize with other relevant and related funding, technology, capital initiatives, investments, and opportunities.

NEW SECTION. Sec. 3. A new section is added to chapter 43.105 RCW to read as follows:
(1) The department of information services, the department of community, trade, and economic development, the utilities and transportation commission, or any other governmental agency shall not gather or request any information related to high-speed internet infrastructure or service from providers of telecommunications or high-speed internet services that could be classified as proprietary or competitively sensitive.
(2) Nothing in this section may be construed as limiting the authority of the utilities and transportation commission to gather or request information from providers of telecommunications services pursuant to its authority under Title 80 RCW.
(3) Nothing in this section may be construed as limiting the authority of the department of information services to gather or request information from providers of telecommunications services in order to carry out the business of the department, including acquisitions and procurements, contracting, other solicitations, and any planning or architecture-related activities.

NEW SECTION. Sec. 4. Nothing in this act may be construed as giving the department of information services or any other entity any additional authority, regulatory or otherwise, over providers of telecommunications and information technology.

(1) By January 1, 2009, the department, in consultation with the utilities and transportation commission and other relevant agencies, shall identify and make publicly available a web directory of public facilities that provide community technology programs throughout the state.
(2) For the purposes of this section, "community technology program," also known as a digital inclusion program, means a program engaged in diffusing information and communications technology in local communities, particularly in underserved areas. On page 11, beginning on line 20 of the amendment, after "date" strike all material through "months" on line 21, and insert "(t: preferably before)." If the child has been in out-of-home care for fifteen of the most recent twenty-two months, the court shall require the department to file a petition seeking termination of parental rights in accordance with RCW 13.34.145(3)(b)(vi)."

On page 12, after line 7 of the amendment, insert the following:

"Sec. 4. RCW 13.34.145 and 2007 c 413 s 9 are each amended to read as follows:

(1) The purpose of a permanency planning hearing is to review the permanency plan for the child, inquire into the welfare of the child and progress of the case, and reach decisions regarding the permanent placement of the child.

(a) A permanency planning hearing shall be held in all cases where the child has remained in out-of-home care for at least nine months and an adoption decree, guardianship order, or permanent custody order has not previously been entered. The hearing shall take place no later than twelve months following commencement of the current placement episode.

(b) Whenever a child is removed from the home of a dependency guardian or long-term relative or foster care provider, and the child is not returned to the home of the parent, guardian, or legal custodian but is placed in out-of-home care, a permanency planning hearing shall take place no later than twelve months, as provided in this section, following the date of removal unless, prior to the hearing, the child returns to the home of the dependency guardian or long-term care provider, the child is placed in the home of the parent, guardian, or legal custodian, an adoption decree, guardianship order, or a permanent custody order is entered, or the dependency is dismissed.

(c) Permanency planning goals should be achieved at the earliest possible date, preferably before the child has been in out-of-home care for fifteen months. In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

(2) No later than ten working days prior to the permanency planning hearing the agency having custody of the child shall submit a written permanency plan to the court and shall mail a copy of the plan to all parties and their legal counsel, if any.

(3) At the permanency planning hearing, the court shall conduct the following inquiry:

(a) If a goal of long-term foster or relative care has been achieved prior to the permanency planning hearing, the court shall review the child's status to determine whether the placement and the plan for the child's care remain appropriate.

(b) In cases where the primary permanency planning goal has not been achieved, the court shall inquire regarding the reasons why the primary goal has not been achieved and determine what needs to be done to make it possible to achieve the primary goal. The court shall review the permanency plan prepared by the agency and make explicit findings regarding each of the following:

(i) The continuing necessity for, and the safety and appropriateness of, the placement;

(ii) The extent of compliance with the permanency plan by the agency and any other service providers, the child's parents, the child, and the child's guardian, if any,
(iii) The extent of any efforts to involve appropriate service providers in addition to agency staff in planning to meet the special needs of the child and the child's parents;
(iv) The progress toward eliminating the causes for the child's placement outside of his or her home and toward returning the child safely to his or her home or obtaining a permanent placement for the child;
(v) The date by which it is likely that the child will be returned to his or her home or placed for adoption, with a guardian or in some other alternative permanent placement; and
(vi) If the child has been placed outside of his or her home for fifteen of the most recent twenty-two months, not including any period during which the child was a runaway from the out-of-home placement or the first six months of any period during which the child was returned to his or her home for a trial home visit, the appropriateness of the permanency plan, whether reasonable efforts were made by the agency to achieve the goal of the permanency plan, and the circumstances which prevent the child from any of the following:

(A) Being returned safely to his or her home;
(B) Receiving a petition for the involuntary termination of parental rights filed on behalf of the child;
(C) Being placed for adoption;
(D) Being placed with a guardian;
(E) Being placed in the home of a fit and willing relative of the child; or
(F) Being placed in some other alternative permanent placement, including independent living or long-term foster care.

At this hearing, the court shall order the department to file a petition seeking termination of parental rights if the child has been in out-of-home care for fifteen of the last twenty-two months since the date the dependency petition was filed unless the court makes a good cause exception as to why the filing of a termination of parental rights petition is not appropriate. Any good cause finding shall be reviewed at all subsequent hearings pertaining to the child. For purposes of this section, 'good cause exception' includes but is not limited to the following: The child is being cared for by a relative; the department has not provided to the child's family such services as the court and the department have deemed necessary for the child's safe return home; or the department has documented in the case plan a compelling reason for determining that filing a petition to terminate parental rights would not be in the child's best interests.

(c)(i) If the permanency plan identifies independent living as a goal, the court shall make a finding that the provision of services to assist the child in making a transition from foster care to independent living will allow the child to manage his or her financial, personal, social, educational, and nonfinancial affairs prior to approving independent living as a permanency plan of care.

(ii) The permanency plan shall also specifically identify the services that will be provided to assist the child to make a successful transition from foster care to independent living.

(iii) The department shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW.

(d) If the child has resided in the home of a foster parent or relative for more than six months prior to the permanency planning hearing, the court shall also enter a finding regarding whether the foster parent or relative was informed of the hearing as required in RCW 74.13.280 (amended 12.34.130), 13.34.215(5), and 13.34.096.

(4) In all cases, at the permanency planning hearing, the court shall:
(a)(i) Order the permanency plan prepared by the agency to be implemented; or
(b) Modify the permanency plan, and order implementation of the modified plan; and
(b)(i) Order the child returned home only if the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists; or
(ii) Order the child to remain in out-of-home care for a limited specified time period while efforts are made to implement the permanency plan.

(5) Following the first permanency planning hearing, the court shall hold a further permanency planning hearing in accordance with this section at least once every twelve months until a permanency planning goal is achieved or the dependency is dismissed, whichever occurs first.

(6) Prior to the second permanency planning hearing, the agency that has custody of the child shall consider whether to file a petition for termination of parental rights.

(7) If the court orders the child returned home, casework supervision shall continue for at least six months, at which time a review hearing shall be held pursuant to RCW 13.34.138, and the court shall determine the need for continued intervention.

(8) The juvenile court may hear a petition for permanent legal custody when: (a) The court has ordered implementation of a permanency plan that includes permanent legal custody; and (b) the party pursuing the permanent legal custody is the party identified in the permanency plan as the prospective legal custodian. During the pendency of such proceeding, the court shall conduct review hearings and further permanency planning hearings as provided in this chapter. At the conclusion of the legal guardianship or permanent legal custody proceeding, a juvenile court hearing shall be held for the purpose of determining whether dependency should be dismissed. If a guardianship or permanent custody order has been entered, the dependency shall be dismissed.

(9) Continued juvenile court jurisdiction under this chapter shall not be a barrier to the entry of an order establishing a legal guardianship or permanent legal custody when the requirements of subsection (8) of this section are met.

(10) Nothing in this chapter may be construed to limit the ability of the agency that has custody of the child to file a petition for termination of parental rights or a guardianship petition at any time following the establishment of dependency. Upon the filing of such a petition, a fact-finding hearing shall be scheduled and held in accordance with this chapter unless the agency requests dismissal of the petition prior to the hearing or unless the parties enter an agreed order terminating parental rights, establishing guardianship, or otherwise resolving the matter.

(11) The approval of a permanency plan that does not contemplate return of the child to the parent does not relieve the supervising agency of its obligation to provide reasonable services, under this chapter, intended to effectuate the return of the child to the parent, including but not limited to, visitation rights. The court shall consider the child's relationships with siblings in accordance with RCW 13.34.130.

(12) Nothing in this chapter may be construed to limit the procedural due process rights of any party in a termination or guardianship proceeding filed under this chapter."

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 43.160.010 and 1999 c 164 s 101 and 1999 c 94 s 5 are each reenacted and amended to read as follows:

(1) The legislature finds that it is the public policy of the state of Washington to direct financial resources toward the fostering of economic development through the stimulation of investment and job opportunities and the retention of sustainable existing employment for the general welfare of the inhabitants of the state. Reducing unemployment and reducing the time citizens remain jobless is important for the economic welfare of the state. A valuable means of fostering economic development is the construction of public facilities which contribute to the stability and growth of the state's economic base. (Strengthening the economic base through issuance of industrial development bonds, whether single or umbrella, further serves to reduce unemployment. Consolidating issuance of industrial development bonds when feasible to reduce costs additionally advances the state's purpose to improve economic vitality.) Expenditures made for these purposes as authorized in this chapter are declared to be in the public interest, and constitute a proper use of public funds. A community economic revitalization board is needed which shall aid the development of economic opportunities. The general objectives of the board should include:

(a) Strengthening the economies of areas of the state which have experienced or are expected to experience chronically high unemployment rates or below average growth in their economies;
(b) Encouraging the diversification of the economies of the state and regions within the state in order to provide greater seasonal and cyclical stability of income and employment;
(c) Encouraging wider access to financial resources for both large and small industrial development projects;
(d) Encouraging new economic development or expansions to maximize employment;
(e) Encouraging the retention of viable existing firms and employment; and
(f) Providing incentives for expansion of employment opportunities for groups of state residents that have been less successful relative to other groups in efforts to gain permanent employment.

(2) The legislature also finds that the state's economic development efforts can be enhanced by, in certain instances, providing funds to improve state highways, county roads, or city streets for industries considering locating or expanding in this state.

(((a))) (3) The legislature finds it desirable to provide a process whereby the need for diverse public works improvements necessitated by planned economic development can be addressed in a timely fashion and with coordination among all responsible governmental entities.

(((b))) (4) All transportation improvements on state highways must first be approved by the state transportation commission and the community economic revitalization board in accordance with the procedures established by RCW 43.160.074 and 47.01.200.

(((c))) (5) The legislature finds the state's economic development efforts can be enhanced by, in certain instances, providing funds to assist development of telecommunications infrastructure that supports business development, retention, and expansion in rural areas and rural counties of the state.

(((d))) (6) The legislature finds that sharing economic growth statewide is important to the welfare of the state. (Rural counties and rural natural resource impact areas do not share in the economic vitality of the Puget Sound region.) The ability of these communities to pursue business and job retention, expansion, and development opportunities depends on their capacity to ready necessary economic development project plans, sites, permits, and infrastructure for private investments. Project-specific planning, predevelopment, and infrastructure are critical ingredients for..."

(2) The data may include, but need not be limited to, the following:
   (a) Data on the utilization of physical medicine and rehabilitation services and evaluation and management services associated with payment or billing codes for those services;
   (b) Data related to changes in the distribution or mix of health care providers providing services under physical medicine and rehabilitation payment or billing codes and evaluation and management payment or billing codes;

(4)(a) Data, information, and documents provided by the carrier pursuant to this section are exempt from public inspection and copying under chapter 42.56 RCW to the extent that they contain actuarial formulas, statistics, and assumptions submitted in support of setting rates for the carrier's health plans.

(2) It is the intent of the legislature that state and local actions intended to protect, conserve, and manage marine life and resources be conducted in a coordinated manner, use the best available science,
consider the projected impacts on Puget Sound’s marine areas from climate change, and contribute to the recovery of the Puget Sound’s environmental health by 2020.

(3) It is the purpose of this act to:

(a) Create a strategic network of marine managed areas that contribute to conserving the biological diversity and ecosystem health of Puget Sound and that maximizes the effectiveness of the role of marine managed areas in achieving the recovery of Puget Sound’s health by 2020;

(b) Strengthen the coordination of marine managed areas among multiple state agencies and local governments and align these efforts with the work of the Puget Sound partnership to recover the Puget Sound’s health by 2020;

NEW SECTION. Sec. 5. A new section is added to chapter 90.71 RCW to read as follows:

1. The partnership shall prepare a Puget Sound marine managed areas plan to coordinate and strengthen all of the marine managed areas programs managed by state agencies and local governments.

2. The chair of the council shall designate a work group on marine managed areas to prepare the plan. The work group shall include one or more members of the Puget Sound science panel, one of whom must chair the work group. The work group must include, but not be limited to, state agencies and local governments with regulatory jurisdiction over or that manage marine managed areas including, but not limited to, the department of natural resources, the department of fish and wildlife, the parks and recreation commission, and the department of ecology. The work group shall also include the state biodiversity council, created by executive order 04-02, or the biodiversity council’s successor entity. The chair of the council may also invite representatives from other states and provinces and first nation and tribal governments with interests in marine managed areas in the Pacific Northwest to participate on the work group as observers.

3. The plan must include, but not be limited to:

(a) Guidelines for identifying key species of concern, threats to these species, and threshold levels of protected habitat needed to recover these species and Puget Sound as a whole to health by 2020;

(b) Guidelines for incorporating the best available scientific information when designating and managing marine managed areas;

(c) Guidelines for managing areas on an ecosystem basis and for coordinating multiple programs and areas within the same biogeographical regions to achieve ecosystem-based management;

(d) Benchmarks to measure progress toward the recovery of species and protected habitat;

(e) Recommendations for adequate levels of funding for the designation, long-term management, and monitoring of the marine managed areas in the network;

(f) Strategies to address the projected impacts to marine managed areas from population growth, existing and proposed upland and aquatic lands development, and storm water discharges to Puget Sound;

(g) Strategies to prepare for and manage the impacts of climate change, including impacts due to sea level changes, salinity changes, water temperature, increased acidification, and changes in frequency and intensity of precipitation events affecting storm water discharges to marine waters;

(h) An adaptive management component in which new information on the progress of implementing management goals for the individual marine managed areas and overall goals for all such areas, the contribution these areas are making toward the goals of recovering the health of Puget Sound by 2020, and climate change impacts may be considered and integrated into the designation and management of marine managed areas; and

(i) Methodologies for synthesizing monitoring results with programmatic goals to inform decision making on subsequent designation and marine managed areas strategies and any necessary changes in implementation strategies to increase the effectiveness of
the marine managed areas program in achieving the goal of recovering the Puget Sound's health by 2020.

4. The plan must also include comprehensive objectives for coordinating existing marine managed areas and designating additional areas to achieve a network of marine managed areas contributing to long-term conservation of important biota and marine ecosystems and recovery of Puget Sound by 2020. In developing the objectives the work group shall rely primarily upon existing plans and objectives existing to conservation of marine life in Puget Sound, and the program plans prepared by state agencies and local governments administering marine managed areas programs. The plan must also consider activities and uses within or adjacent to marine managed areas that are allowed under existing leases of state-owned aquatic lands issued under chapter 79.105 RCW.

5. The plan must be completed by July 1, 2010, and submitted to the council for its review and approval. The plan must be incorporated into the Puget Sound action agenda adopted under RCW 90.71.310. The council shall provide for public review and comment on the plan in a manner comparable to the other provisions of the Puget Sound action agenda. The council may, with the assistance of the work group, amend the plan from time to time using public review and comment procedures comparable to those that apply when other elements of the Puget Sound action agenda are revised.

6. The marine managed areas work group established under this section shall coordinate with the marine protected areas work group established in section 2 of this act. The marine managed areas work group is to focus primarily on coastal waters as defined in RCW 43.143.020. The two work groups may share resources and expertise as appropriate.

Sec. 6. RCW 79.105.210 and 2005 c 155 s 143 are each amended to read as follows:

1. The management of state-owned aquatic lands shall preserve and enhance water-dependent uses. Water-dependent uses shall be favored over other uses in state-owned aquatic land planning and in resolving conflicts between competing lease applications. In cases of conflict between water-dependent uses, priority shall be given to uses which enhance renewable resources, water-borne commerce, and the navigational and biological capacity of the waters, and to statewide interests as distinguished from local interests.

2. Nonwater-dependent use of state-owned aquatic lands is a low-priority use providing minimal public benefits and shall not be permitted to expand or be established in new areas except in exceptional circumstances where it is compatible with water-dependent uses occurring in or planned for the area.

3. The department shall consider the natural values of state-owned aquatic lands as wildlife habitat, natural area preserve, representative ecosystem, or spawning area prior to issuing any initial lease or authorizing any change in use. The department may withhold from leasing lands which it finds to have significant natural values, or may provide within any lease for the protection of such values. When withdrawing lands from leasing for the purposes of managing an aquatic reserve, the department shall be guided by the procedures and criteria of section 7 of this act.

4. The power to lease state-owned aquatic lands is vested in the department, and in the commissioner, to make leases upon terms, conditions, and length of time in conformance with the State Constitution and chapters 79.105 through 79.140 RCW.

5. State-owned aquatic lands shall not be leased to persons or organizations which discriminate on the basis of race, color, creed, religion, sex, age, or physical or mental handicap.

NEW SECTION. Sec. 7. A new section is added to chapter 79.105 RCW under a new subchapter heading of "aquatic reserve system" to read as follows:

1. The aquatic reserve system is established. The aquatic reserve system is comprised of those areas of state-owned aquatic lands designated by the department prior to the effective date of this section and any areas added to the system by order of the commissioner thereafter.

2. State-owned aquatic lands that have one or more of the following characteristics may be included by order of the commissioner in the system as an aquatic reserve:

   a. The lands have been identified as having high priority for conservation, natural systems, wildlife, or low-impact public use values;
   b. The lands have flora, fauna, geological, recreational, archaeological, cultural, scenic, or similar features of critical importance and have retained to some degree or reestablished its natural character;
   c. The lands provide significant examples of native ecological communities;
   d. The lands have significant sites or features threatened with conversion to incompatible uses; and
   e. The lands have been identified by the Puget Sound science panel created in RCW 90.71.270 as critical to achieving recovery of Puget Sound by 2020.

3. (a) The commissioner shall adopt procedures for submission of reserve nominations and for public participation in the review of proposed reserves.

   (b) If, consistent with the best available scientific information, a reserve no longer meets the goals and objectives for which it was designated, and adaptive management has not been successful to meet the goals and objectives, the commissioner may by order modify the reserve boundaries or remove the area from reserve status.

   (c) The commissioner shall provide public participation procedures for the proposals.

4. In the designation and management of reserves within Puget Sound, as geographically defined in RCW 90.71.010, the commissioner shall be guided by the marine managed areas plan adopted under section 5 of this act. Within twenty-four months of the adoption of the marine managed areas plan under section 5 of this act, the department shall complete a review of existing management plans and pending reserve nominations for consistency with the guidelines and recommendations in the marine managed areas plan. The commissioner shall accord substantial weight to any recommendations provided by the Puget Sound partnership regarding the designation and management of reserves within Puget Sound.

5. Where the commissioner determines that management of the taking of fish, shellfish, or wildlife within or adjacent to the reserve would enhance the objectives for which the reserve has been created, the commissioner shall request that the fish and wildlife commission act pursuant to section 8 of this act to adopt supporting rules.

6. The aquatic reserve system must be coordinated with other managed areas, federally recognized marine protected areas, and related regulatory programs. The department shall:

   a. Cooperate with other state agencies and local governments to manage state-owned aquatic lands consistently with the management of uses and activities in the same geographic areas by state parks, the department of fish and wildlife, the department of ecology, and other state agencies; and
   b. Provide recommendations to local governments in updating their shoreline master plans and in sponsoring local marine park reserves or voluntary stewardship areas to seek consistent planning and management activities in areas adjacent to designated reserves.

7. (a) State agencies with authority over construction activities or water discharges in state waters or that otherwise implement programs that affect designated aquatic reserves shall give special consideration to increasing protection and reducing and preventing pollution of these areas, consistent with the management objectives of the reserve.

   (b) The department should participate in any public processes regarding water discharge or construction permitting affecting aquatic reserves to aid other agencies in their understanding of the provisions of this subsection.

NEW SECTION. Sec. 8. A new section is added to chapter 77.12 RCW to read as follows:

1. The commission may adopt rules governing the taking of fish, shellfish, or wildlife within or adjacent to an aquatic reserve designated by the department of natural resources under section 7 of this act, or other marine managed areas, as that term is defined in
RCW 90.71.010. The commission shall give consideration within sixty days to any rule changes requested by the commissioner of public lands to support the purposes of an aquatic reserve.

(2) This section is in addition to and does not limit the commission's authority to establish rules governing the taking of fish, shellfish, or wildlife under any other authority.

NEW SECTION. Sec. 9. The Puget Sound partnership shall provide the plan required by section 5 of this act to the appropriate committees of the legislature by December 1, 2010, together with its recommendations for further policy legislation and budget recommendations to enhance Puget Sound marine managed areas programs.

Sec. 10. RCW 90.71.300 and 2007 c 341 s 12 are each amended to read as follows:
(1) The action agenda shall consist of the goals and objectives in this section, implementation strategies to meet measurable outcomes, benchmarks, (emend) identification of responsible entities, and the marine managed areas plan adopted under section 5 of this act. By 2020, the action agenda shall strive to achieve the following goals:
(a) A healthy human population supported by a healthy Puget Sound that is not threatened by changes in the ecosystem;
(b) A quality of human life that is sustained by a functioning Puget Sound ecosystem;
(c) Healthy, self-sustaining populations of native species in Puget Sound, including a robust food web;
(d) A healthy Puget Sound where freshwater, estuary, nearshore, marine, and upland habitats are protected, restored, and sustained;
(e) An ecosystem that is supported by ground water levels as well as river and stream flow levels sufficient to sustain people, fish, and wildlife, and the natural functions of the environment;
(f) Fresh and marine waters and sediments of a sufficient quality so that the waters in the region are safe for drinking, swimming, shellfish harvest and consumption, and other human uses and enjoyment, and are not harmful to the native marine mammals, fish, birds, and shellfish of the region.

(2) The action agenda shall be developed and implemented to achieve the following objectives:
(a) Protect existing habitat and prevent further losses;
(b) Restore habitat functions and values;
(c) Significantly reduce toxics entering Puget Sound fresh and marine waters;
(d) Significantly reduce nutrients and pathogens entering Puget Sound fresh and marine waters;
(e) Improve water quality and habitat by managing storm water runoff;
(f) Provide water for people, fish and wildlife, and the environment;
(g) Protect ecosystem biodiversity and recover imperiled species; and
(h) Build and sustain the capacity for action.

Sec. 11. RCW 36.125.030 and 2007 c 344 s 4 are each amended to read as follows:
(1) The Puget Sound ((section, team, or its successor organization)) partnership shall serve as the regional coordinating entity for marine resources committees created in the southern Puget Sound and the department of fish and wildlife shall serve as the regional coordinating entity for marine resources committees created for the outer coast.

(2) The regional coordinating entity shall serve as a resource to, at a minimum:
(a) Coordinate and pool grant applications and other funding requests for marine resources committees;
(b) Coordinate communications and information among marine resources committees;
(c) Assist marine resources committees to measure themselves against regional performance benchmarks;
(d) Assist marine resources committees with coordinating local projects to complement regional priorities;

Increasing the debt limit of the housing finance commission.

The bill was read the second time.

With the consent of the House, amendment (1526) was withdrawn.

Representative Ormsby moved the adoption of amendment (1533):

On page 1, after line 3, insert the following:

"NEW SECTION. Sec. 1. The legislature finds that nonprofit entities have difficulty accessing and competing for tax exempt multifamily bonds issued by the Washington state housing finance commission. In order to facilitate the use of the bonds by nonprofit entities, which will increase the availability and inventory of low-income housing, the legislature intends to provide more opportunities to increase the financial capacity of nonprofit low-income housing developers that have less ability to access the tax-exempt bond program than for-profit housing developers. The legislature finds that to meet these goals, the bond debt capacity of the Washington state housing finance commission should be increased, contingent upon the prioritization of nonprofit housing developers in accessing the program, broader objectives to promote housing density and long-term affordability, and assistance to
nonprofit low-income housing developers to increase financial capacity, and therefore ability, to access the program.

Renumber the remaining section consecutively, correct any internal references accordingly, and correct the title.

On page 1, at the beginning of line 6, insert "(1)"

On page 1, after line 15, insert the following:
"(2) The debt limit established in subsection (1) of this section is increased to six billion five hundred million dollars only if sections 2 through 6 of this act take effect by June 30, 2008.

Sec. 2. RCW 43.180.050 and 1986 c 264 s 1 are each amended to read as follows:
(1) In addition to other powers and duties prescribed in this chapter, and in furtherance of the purposes of this chapter to provide decent, safe, sanitary, and affordable housing for eligible persons, the commission is empowered to:
(a) Issue bonds in accordance with this chapter;
(b) Invest in, purchase, or make commitments to purchase or take assignments from mortgage lenders of mortgages or mortgage loans;
(c) Make loans to or deposits with mortgage lenders for the purpose of making mortgage loans and
(d) Participate fully in federal and other governmental programs and to take such actions as are necessary and consistent with this chapter to secure to itself and the people of the state the benefits of those programs and to meet their requirements, including such actions as the commission considers appropriate in order to have the interest payments on its bonds and other obligations treated as tax exempt under the code.
(2) The commission shall establish eligibility standards for eligible persons, considering at least the following factors:
(a) Income;
(b) Family size;
(c) Cost, condition and energy efficiency of available residential housing;
(d) Availability of decent, safe, and sanitary housing;
(e) Age or infirmity; and
(f) Applicable federal, state, and local requirements.
The state auditor shall audit the books, records, and affairs of the commission annually to determine, among other things, if the use of bond proceeds complies with the general plan of housing finance objectives including compliance with the objective for the use of financing assistance (for implementation of cost-effective energy efficiency measures in dwellings) to increase the supply of affordable and decent housing throughout the state.

Sec. 3 RCW 43.180.070 and 1999 c 372 s 11 and 1999 c 131 s 1 are each reenacted and amended to read as follows:
The commission shall adopt a general plan of housing finance objectives to be implemented by the commission during the period of the plan. The commission may exercise the powers authorized under this chapter prior to the adoption of the initial plan. In developing the plan, the commission shall consider and set objectives for:
(1) The use of funds for single-family and multifamily housing;
(2) The use of funds to promote increased housing density;
(3) The use of funds to promote the provision of affordable housing for the longest period of time possible;
(4) The use of funds for new construction, rehabilitation, including refinancing of existing debt, and home purchases;
(5) The housing needs of low-income and moderate-income persons and families, and of elderly persons or (mentally or physically handicapped) persons with disabilities or mental illness;
(6) The use of funds in coordination with federal, state, and local housing programs for low-income persons;
(7) The use of funds in urban, rural, suburban, and special areas of the state;
(8) The use of financing assistance to stabilize and upgrade declining urban neighborhoods;
(9) The use of financing assistance for economically depressed areas, areas of minority concentration, reservations, and in mortgage-deficient areas;
(10) The geographical distribution of bond proceeds so that the benefits of the housing programs provided under this chapter will be available to address demand on a fair basis throughout the state;
(11) The use of financing assistance for implementation of cost-effective energy efficiency measures in dwellings.
The plan shall include an estimate of the amount of bonds the commission will issue during the term of the plan and how bond proceeds will be expended.
The plan shall be adopted by resolution of the commission following at least one public hearing thereon, notice of which shall be made by mailing to the clerk of the governing body of each county and by publication in the Washington State Register no more than forty and no less than twenty days prior to the hearing. A draft of the plan shall be made available not less than thirty days prior to any such public hearing. (At least every two years) The commission shall report to the legislature annually regarding implementation of the plan. The commission shall update the plan every two years.
The commission may periodically update the plan.
The commission shall adopt rules designed to result in the use of bond proceeds in a manner consistent with the plan. The commission may periodically update its rules.

This section is designed to deal only with the use of bond proceeds and nothing in this section shall be construed as a limitation on the commission’s authority to issue bonds.

NEW SECTION. Sec. 4 A new section is added to chapter 43.180 RCW to read as follows:
The commission must adopt program guidelines to ensure that qualified applications submitted by nonprofit entities are given priority for the use of tax-exempt bonds issued under this chapter for multifamily affordable housing developments.

NEW SECTION. Sec. 5 A new section is added to chapter 43.185 RCW to read as follows:
The equity program is created in the department to facilitate nonprofit entity use of tax-exempt multifamily bonds issued by the Washington state housing finance commission. The department shall contract with the Washington state housing finance commission to administer the equity program. By December 31, 2008, and annually thereafter, the Washington state housing finance commission must report to the appropriate committees of the legislature, using performance measures, on the activities and accomplishments of the program.

Sec. 6. RCW 84.36.560 and 2007 c 301 s 1 are each amended to read as follows:
(1) The real and personal property owned or used by a nonprofit entity in providing rental housing for very low-income households or used to provide space for the placement of a mobile home for a very low-income household within a mobile home park is exempt from taxation if:
(a) The benefit of the exemption inures to the nonprofit entity;
(b) At least seventy-five percent of the occupied dwelling units in the rental housing or lots in a mobile home park are occupied by a very low-income household;
(c) The rental housing or lots in a mobile home park were insured, financed, or assisted in whole or in part through one or more of the following sources:
(i) A federal or state housing program administered by the department of community, trade, and economic development;
(ii) A federal housing program administered by a city or county government;
(iii) An affordable housing levy authorized under RCW 84.52.105;
(iv) The surcharges authorized by RCW 36.22.178 and 36.22.179 and any of the surcharges authorized in chapter 43.185C RCW.
If less than seventy-five percent of the occupied dwelling units within the rental housing or lots in the mobile home park occupied by very low-income households, the rental housing or mobile home park is eligible for a partial exemption on the real property and a total exemption of the housing's or park's personal property as follows:

(a) A partial exemption shall be allowed for each dwelling unit in the rental housing or for each lot in a mobile home park occupied by a very low-income household.

(b) The amount of exemption shall be calculated by multiplying the assessed value of the property reasonably necessary to provide the rental housing or to operate the mobile home park by a fraction. The numerator of the fraction is the number of dwelling units or lots occupied by very low-income households as of December 31st of the first assessment year in which the rental housing or mobile home park becomes operational or on January 1st of each subsequent assessment year for which the exemption is claimed. The denominator of the fraction is the total number of dwelling units or lots occupied as of December 31st of the first assessment year the rental housing or mobile home park becomes operational and January 1st of each subsequent assessment year for which exemption is claimed.

(3) If a currently exempt rental housing unit in a facility with ten units or fewer or mobile home lot in a mobile home park with ten lots or fewer was occupied by a very low-income household at the time the exemption was granted and the income of the household subsequently rises above the very low-income household threshold at or below eighty percent of the median income, the exemption will continue as long as the housing continues to meet the certification requirements of a very low-income housing program listed in subsection (1) of this section. For purposes of this section, median income, as most recently determined by the federal department of housing and urban development for the county in which the rental housing or mobile home park is located, shall be adjusted for family size. However, if a dwelling unit or a lot becomes vacant and is subsequently rerented, the income of the new household must be at or below the very low-income household threshold as of the new rental housing or mobile home park is located to remain exempt from property tax.

(4) If at the time of initial application the property is unoccupied, or subsequent to the initial application the property is unoccupied because of renovations, and the property is not currently being used for the exempt purpose authorized by this section but will be used for the exempt purpose within two assessment years, the property shall be eligible for a property tax exemption for the assessment year in which the claim for exemption is submitted under the following conditions:

(a) A commitment for financing to acquire, construct, renovate, or otherwise convert the property to provide housing for very low-income households has been obtained, in whole or in part, by the nonprofit entity claiming the exemption from one or more of the sources listed in subsection (1)(c) of this section. The residents of a group home shall not be considered to jointly constitute a household, but each resident shall be considered to be a separate household occupying a separate dwelling unit. The individual incomes of the residents shall not be aggregated for purposes of this exemption;

(b) "Mobile home lot" or "mobile home park" means the same as these terms are defined in RCW 59.20.030;

(c) "Occupied dwelling unit" means a living unit that is occupied by an individual or household as of December 31st of the first assessment year the rental housing becomes operational or is occupied by an individual or household on January 1st of each subsequent assessment year in which the claim for exemption is submitted. "NEW SECTION. Sec. 1. (1) The legislature finds that there is a large, unmet need for affordable housing and affordable housing assistance in the state of Washington, causing many low-income individuals and families to be at risk of homelessness. The legislature declares that a decent, appropriate, and affordable home in a healthy, safe environment for every household should be a state goal. Furthermore, this goal includes increasing the percentage of low-income households who are ultimately able to obtain and retain housing without government subsidies or other public support.

(2) The legislature finds that the state should provide financial resources as well as case management to help individuals and families at risk of homelessness obtain and retain housing and work towards a goal of self-sufficiency where possible.

(3) The legislature finds that there are many root causes of the affordable housing shortage and declares that it is critical that such causes be analyzed, effective solutions be developed, implemented, monitored, and evaluated, and that these causal factors be eliminated.

The legislature also finds that there is a taxpayer and societal cost associated with a lack of jobs that pay self-sufficiency standard wages and a shortage of affordable housing, and that the state must identify and quantify that cost.

(4) The legislature finds that the support and commitment of all sectors of the statewide community is critical to accomplishing the state's affordable housing for all goal. The legislature finds that the provision of housing and housing-related services should be administered both at the state level and at the local level. However, the state should play a primary role in: Providing financial resources to achieve the goal at all levels of government; researching, evaluating, benchmarking, and implementing best practices; continually updating and evaluating statewide housing data; developing a state plan that integrates the strategies, goals, objectives, and performance measures of all other state housing plans and programs; coordinating and supporting county government plans and activities; and directing quality management practices by monitoring both state and county government performance towards achieving interim and ultimate goals.

(5) The legislature declares that the systematic and comprehensive performance measurement and evaluation of progress toward interim goals and the immediate state affordable housing goal of a decent, appropriate, and affordable home in a healthy, safe environment for every household in the state by 2020 is a necessary component of the statewide effort to end the affordable housing crisis.

NEW SECTION. Sec. 2. This chapter may be known and cited as the Washington affordable housing for all act.

NEW SECTION. Sec. 3. There is created within the department the state affordable housing for all program. The goal of the program is a decent, appropriate, and affordable home in a healthy, safe environment for every household in the state by 2020. A priority must be placed upon achieving this goal for extremely low-income households as well as all households who are at risk of homelessness. This goal includes: (1) Increasing the percentage of households who access housing that is affordable for their income or wage level without government assistance by increasing the number of previously very low-income households who achieve self-sufficiency and economic independence; (2) providing financial
assistance, either from the state or local resources to individuals and families at risk of homelessness, coupled with supportive services to assist families to ultimately achieve self-sufficiency whenever possible; and (3) implementing strategies to keep the rising price of housing for all economic segments to a rate less than that of the overall growth in wages for each economic segment. The department shall develop and administer the affordable housing for all program. Each county shall participate in the affordable housing for all program except as provided in section 8 of this act; however, in the development and implementation of the program scope and requirements at the county level, the department shall consider: The funding level to counties, number of county staff available to implement the program, and competency of each county to meet the goals of the program; and establish program guidelines, performance measures, and reporting requirements appropriate to the existing capacity of the participating counties.

(1) The department shall, in consultation with the affordable housing advisory board created in Rcw 43.185B.020 (as recodified by this act), prepare and (continue to update annually) annually update a state affordable housing (advisory) for all plan with an ultimate goal of achieving a decent, appropriate, and affordable home in a healthy, safe environment for every household in the state by 2020. The state plan must also incorporate the strategies, objectives, goals, and performance measures of all other housing-related state plans, including the state homelessness housing strategic plan required under Rcw 43.185C.040 and all state housing programs. The state affordable housing for all plan may be combined with the state homelessness housing strategic plan required under Rcw 43.185C.040 or any other existing state housing plan as long as the requirements of all of the plans to be merged are met.

(2) The purpose of the state affordable housing for all plan is to:

(a) Document the need for affordable housing in the state, including the need among households at risk of homelessness, and
the extent to which that need is being met through public and private sector programs((76));

(b) Outline the development of sound strategies and programs to provide affordable housing to all households;

(c) Establish, evaluate, and report upon performance measures, goals, and timelines that are determined by the department for the affordable housing for all program and the state and local affordable housing for all plans, as well as for all federal, state, and local housing programs and plans operated or coordinated by the department, including: (i) Federal block grant programs; (ii) the Washington housing trust fund; and (iii) all local surcharge funds collected with the purpose of addressing homelessness and affordable housing; and

(d) Facilitate state and county government planning to meet the state affordable housing ((needs of the state, and to enable the development of sound strategies and programs for affordable housing)) for all goal.

(1) In the five-year housing advisory plan must include:

(a) An assessment of the state’s housing market trends;

(c) Specific recommendations, policies, or proposals for meeting the affordable housing needs of the state.

((2)) (3) (a) The department, in consultation with the affordable housing advisory board, shall develop recommendations for affordable housing for all program performance measures, short-term and long-term goals, and timelines, as well as information to be collected, analyzed, and reported upon in the state and local affordable housing for all plans. One performance measure must address the program’s effectiveness in achieving the ultimate goal of a decent, appropriate, and affordable home in a healthy, safe environment for every household in the state by 2020. Another specific performance measure must be to ensure that the rate of growth in the overall price of housing for each economic segment is less than that of the overall growth in wages for each economic segment. The department shall submit its recommendations for additional performance measures to the appropriate committees of the legislature by December 31, 2008.

(b) Performance measures and other required plan components must be reviewed annually by the department after soliciting feedback from the affordable housing advisory board, appropriate committees of the legislature, and all county affordable housing for all task forces.

(c) The department may determine a timeline to implement and measure each performance measure for the state and county affordable housing for all programs, except that the state and all counties participating in the affordable housing for all program must implement and respond to all performance measures by January 1, 2011. The department determines that a performance measure is not applicable to a specific county based on parameters and thresholds established by the department.

(4) The ((five-year)) state affordable housing (advisory) for all plan required under ((subsection (f) of)) this section must be submitted to the appropriate committees of the legislature on or before ((February 1, 1995)) January 15, 2010, and subsequent updated plans must be submitted ((every five years)) by January 15th each year thereafter.

((5)) Each February 1st, beginning February 1, 1995, the department shall submit an annual progress report to the legislature, defining the extent to which the state’s affordable housing needs were met during the preceding year and recommendations for meeting those needs.

(5) To guide counties in preparation of county affordable housing for all plans required under section 7 of this act, the department shall issue, by December 31, 2009, guidelines for preparing county plans consistent with this chapter. County plans must include, at a minimum, the same information reporting and analysis on a local level and the same performance measures as the state plan.

(6) Each year, beginning in 2010, the department shall:

(a) Summarize key information from county plans, including a summary of local city and county housing program activities and a summary of legislative recommendations;

(b) Conduct annual performance evaluations of county plans; and

(c) Conduct annual performance evaluations of all counties according to their performance in achieving affordable housing goals stated in their plans.

(7) The department shall include a summary of county affordable housing for all plans and the results of performance evaluations in the state affordable housing for all plan beginning in 2010.

(8) Based on changes to the general population and in the housing market, the department may revise the performance measures and goals of the state affordable housing for all plan and set goals for years following December 31, 2020.

NEW SECTION. Sec. 6. Each county shall convene a county affordable housing task force. The task force must be a committee, made up of volunteers, created to prepare and recommend to the county legislative authority a county affordable housing for all plan and to recommend appropriate expenditures of the affordable housing for all program funds provided for in RCW 36.22.178 (as recodified by this act) and any other sources directed to the county program. The county affordable housing task force must include a representative of the county, a representative from the city with the highest population in the county, a representative from all other cities in the county with a population greater than fifty thousand, a member representing beneficiaries of affordable housing programs, other members as may be required to maintain eligibility for federal funding related to housing programs and services, and a representative from both a private nonprofit organization and a private for-profit organization with experience in very low-income housing. The task force may be the same as the homeless housing task force created in RCW 43.185C.160 or the same as another existing task force or other formal committee that meets the requirements of this section.

NEW SECTION. Sec. 7. (1) Each county shall direct its affordable housing task force to prepare and recommend to its county legislative authority a county affordable housing for all plan for its jurisdictional area. Each county shall adopt a county plan by June 30, 2010, and update the plan annually by June 30th thereafter. All plans must be forwarded to the department by the date of the adoption. County affordable housing for all plans may be combined with the local homeless housing plans required under RCW 36.70A.040, county comprehensive plans required under RCW 36.70A.040, or any other existing plan addressing housing within a county as long as the requirements of all of the plans to be merged are met. For counties required or choosing to plan under RCW 36.70A.040, county affordable housing for all plans must be consistent with the housing elements of comprehensive plans described in RCW 36.70A.070. County plans must also be consistent with any existing local homeless housing plan required in RCW 43.185C.050.

(2) County affordable housing for all plans must be primarily focused on (a) ensuring that every household, including those households at risk of homelessness, in the county jurisdictional area has a decent, appropriate, and affordable home in a healthy, safe environment by 2020 with a priority placed on achieving this goal for low-income households and (b) increasing the percentage of households, who receive assistance from the transitional housing operating and rent program created in section 43 of this act, who ultimately are able to access affordable housing without government assistance. County affordable housing for all plans must include:

(a) At a minimum, the same information, analysis, and performance measures as the state affordable housing for all plan,
including information and performance measurement data, where available, on state supported housing programs and all city and county housing programs, including local housing-related levy initiatives, housing-related tax exemption programs, and federally funded programs operated or coordinated by local governments;

(ii) Information on the uses of the affordable housing for all surcharge as required in RCW 36.22.178(4) (as recodified by this act);

(iii) Information on the activities and accomplishments of the transitional housing operating and rent program, as required in section 43 of this act;

(iv) Timelines for the accomplishment of interim goals and targets, and for the acquisition of projected financing that is appropriate for outlined goals and targets;

(v) An identification of challenges to reaching the affordable housing for all goal;

(vi) A total estimated amount of funds needed to reach the local affordable housing for all goal and an identification of potential funding sources; and

(vii) State legislative recommendations to enable the county to achieve its affordable housing for all goals. Legislative recommendations must be specific and, if necessary, include an estimated amount of funding required and suggestions of an appropriate funding source.

NEW SECTION. Sec. 8. (1) Any county may decline to participate in the affordable housing for all program authorized in this chapter by forwarding to the department a resolution adopted by the county legislative authority stating the intention not to participate. A copy of the resolution must also be transmitted to the county auditor and treasurer. Counties that decline to participate shall not be required to establish an affordable housing task force or to create a county affordable housing for all plan. Counties declining to participate in the affordable housing for all program shall continue to be eligible to receive funding through the transitional housing operating and rent program created in section 43 of this act. Counties declining to participate in the affordable housing for all program shall also continue to collect and utilize the affordable housing for all surcharge for the purposes described in RCW 36.22.178 (as recodified by this act); however, such counties shall not be allocated any additional affordable housing for all program funding that is specifically provided for program planning and administrative purposes. Counties may opt back into the affordable housing for all program authorized by this chapter at a later date through a process and timeline to be determined by the department. If a county declines to participate in the affordable housing for all program authorized in this chapter, a city or formally organized collaborative of cities within that county may forward a resolution to the department stating its intention and willingness to operate an affordable housing for all program within its jurisdictional limits. The department must establish procedures to choose amongst cities or collaboratives of cities in the event that more than one city or collaborative of cities express an interest in participating in the program. Participating cities or collaboratives of cities must fulfill the same requirements as counties participating in the affordable housing for all program.

NEW SECTION. Sec. 9. A county may subcontract with any other county, city, town, housing authority, community action agency, or other nonprofit organization for the execution of programs contributing to the affordable housing for all goal. All subcontracts must be: Consistent with the county affordable housing for all plan adopted by the legislative authority of the county; time limited, and filed with the department, and must have specific performance terms as specified by the county. County governments must strongly encourage each subcontractor under the affordable housing for all program to apply to the Washington state quality award program for an independent assessment of its quality management, accountability, and performance system. This authority to subcontract with other entities does not affect participating counties’ ultimate responsibility for meeting the requirements of the affordable housing for all program.

NEW SECTION. Sec. 10. The department shall contract with two statewide organizations addressing affordable housing issues or homeless issues, or both, to create comprehensive independent statewide affordable housing for all plans consistent with the goals and performance measures of the state and local affordable housing for all plans as described in this chapter. Recipient organizations must present their affordable housing for all plans to the department and the appropriate committees of the legislature within one year following the receipt of contract funds.

Sec. 11. RCW 36.22.178 and 2007 c 427 s 1 are each amended to read as follows:

The surcharge provided for in this section shall be named the affordable housing for all surcharge.

(1) Except as provided in subsection (3) of this section, a surcharge of ten dollars per instrument shall be charged by the county auditor for each document recorded, which will be in addition to any other charge authorized by law. The county may retain up to five percent of these funds collected solely for the collection, administration, and local distribution of these funds. Of the remaining funds, forty percent of the revenue generated through this surcharge will be transmitted monthly to the state treasurer who will deposit the funds into the affordable housing for all account created in RCW 43.185C.190. The department of community, trade, and economic development must use these funds to provide housing and shelter for extremely low-income households, including but not limited to grants for building operation and maintenance costs of housing projects or units within housing projects that are affordable to extremely low-income households with incomes at or below thirty percent of the area median income, and that require a supplement to rent income to cover ongoing operating expenses.

(2) All of the remaining funds generated by this surcharge will be retained by the county and be deposited into a fund that must be used by the county and its cities and towns for eligible housing activities as described in this subsection that serve very low-income households with incomes at or below fifty percent of the area median income. The portion of the surcharge retained by a county shall be allocated to eligible housing activities that serve extremely low and very low-income households in the county and the cities within a county according to an interlocal agreement between the county and the cities within the county consistent with countywide and local housing needs and policies. A priority must be given to eligible housing activities that serve extremely low-income households with incomes at or below thirty percent of the area median income.

(3) Eligible housing activities to be funded by these county funds are limited to:

Sec. 20. RCW 43.185C.005 and 2005 c 484 s 1 are each amended to read as follows:

Despite laudable efforts by all levels of government, private individuals, nonprofit organizations, and charitable foundations to end homelessness, the number of homeless persons and persons at risk of homelessness in Washington is unacceptably high. The state’s homeless population, furthermore, includes a large number of families with children, youth, and employed persons. The legislature finds that the fiscal and societal costs of homelessness are high for both the public and private sectors, and that ending homelessness (sheltered) must be a goal for state and local government.

The legislature finds that there are many causes of homelessness, including a shortage of affordable housing; a shortage of family-wage jobs which undermines housing affordability; a lack of an accessible and affordable health care system available to all who suffer from physical and mental illnesses and chemical and alcohol dependency; domestic violence; (and) a lack of education and job skills necessary to acquire adequate wage jobs in the economy of the twenty-first century; inadequate availability of services for citizens with mental disorders, chemical dependency disorders, or developmental disabilities living in the comunidad and the difficulties faced by formerly institutionalized persons in reintegrating to society and finding stable employment and housing.

The support and commitment of all sectors of the statewide community is critical to the chances of success in ending homelessness in Washington. While the provision of housing and housing-related services to the homeless should be administered at the lowest level to best serve specific community needs, the legislature also recognizes the need for the state to play a primary coordinating, supporting, (and) monitoring, and evaluating role. There must be a clear assignment of responsibilities and a clear statement of achievable and quantifiable goals. Systematic statewide data collection on (homelessness) homeless individuals in Washington must be a critical component of such a program enabling the state to work with local governments not only to count all homeless people in the state, but to record and manage information about homeless persons (and) in order to assist them in finding housing and other supportive services that can help them, when possible, achieve the highest degree of self-sufficiency and economic independence that is appropriate given their specific abilities and situations.

The systematic collection and rigorous evaluation of housing data, a nationwide search for and implementation through adequate resource allocation of best practices, and the systematic measurement of progress toward interim goals and the ultimate goal of ending homelessness are all necessary components of a statewide effort to end homelessness in Washington by (July 1, 2015). December 31, 2018.

(i) The commitment of the local government and any subcontracting local governments, nonprofit organizations, and for-profit entities to employ a diverse workforce and pay wages at or above the self-sufficiency standard;
(j) The commitment of the local government to apply to the Washington state quality award program for an independent assessment of its quality management, accountability, and performance system or apply to the full examination Washington state quality award program;
(k) The extent that a local government's subcontractors commit to apply to the Washington state quality award program for an independent assessment of their quality management, accountability, and performance systems or apply to the full examination Washington state quality award program.

Sec. 26. RCW 43.185C.080 and 2005 c 484 s 12 are each amended to read as follows:

(1) (()) Only a local government is eligible to receive a homeless housing grant from the homeless housing account. Any city may elect responsibility for homeless housing within its borders if it chooses, by forwarding a resolution to the legislative authority of the county stating its intention and its commitment to operate a separate homeless housing program. The city shall then receive a percentage of the surcharge assessed under RCW 36.22.179 equal to the percentage of the city's local portion of the real estate excise tax collected by the county, the participating city may also then apply separately for homeless housing program grants. A city choosing to
operate a separate homeless housing program shall be responsible for coordinating with all of the other agencies and shall adopt a local homeless housing plan meeting the requirements of this chapter for county local plans. However, the city may, by resolution of its legislative authority, accept the county’s homeless housing task force as its own and based on that task force’s recommendations adopt a homeless housing plan specific to the city.

(5) Local governments (applying for homeless housing funds) may subcontract with any other local government, housing authority, community action agency, or other nonprofit organization for the execution of programs contributing to the overall goal of ending homelessness within a defined service area. All subcontracts (shall) must be consistent with the local (homeless housing) ending homelessness plan adopted by the legislative authority of the local government, time limited, and filed with the department, and (shall) must have specific performance terms. Local governments must strongly encourage all subcontracts under the ending homelessness program to apply to the Washington state quality award program for an independent assessment of their quality management, accountability, and performance systems or apply to the full examination Washington state quality award program. While a local government has the authority to subcontract with other entities, the local government continues to maintain the ultimate responsibility for the (homeless housing) ending homelessness program within its jurisdiction.

(6) A county may decline to participate in the program authorized in this chapter by forwarding to the department a resolution adopted by the county legislative body stating its intention not to participate. A copy of the resolution (shall) must also be transmitted to the county auditor and treasurer. If (such a) the resolution is adopted, all of the funds otherwise due to the county under RCW 36.22.179 and 36.22.1791 (as recodified by this act) minus funds due to any city that has chosen to participate through the process established in subsection (3) of this section, must be remitted monthly to the state treasurer for deposit in the (homeless housing) home security fund account, without any reduction by the county for collecting or administering the funds. Upon receipt of the resolution, the department shall promptly begin to identify and contract with one or more entities eligible under this section to create and execute a local (homeless housing) ending homelessness plan for the county meeting the requirements of this chapter. The department shall expend all of the funds received from the county under this subsection to carry out the purposes of this chapter (Laws of 2005) in the county, (provided that) but the department may retain ten percent of these funds to offset the cost of managing the county’s program.

(7) Any city may assert responsibility for homeless housing within its borders, by forwarding a resolution to the legislative authority of the county stating its intention and its commitment to operate a separate ending homelessness program. A city choosing to operate a separate ending homelessness program receives a percentage of the surcharges assessed under RCW 36.22.179 and 36.22.1791 (as recodified by this act) equal to the percentage of the city’s local portion of the real estate excise tax collected by the county. A participating city may also then apply separately for ending homelessness grants. A city choosing to operate a separate ending homelessness program must comply with all of the same requirements as counties and shall adopt a local ending homelessness plan meeting the requirements of this chapter for local ending homelessness plans.

(8) A resolution by the county declining to participate in the program (shall have) no effect on the (ability) authority of any city in the county to assert its right to manage its own program under this chapter, and the county shall monthly transmit to the city the funds due under (this chapter) RCW 36.22.179 and 36.22.1791 (as recodified by this act).

Sec. 27. RCW 43.185C.090 and 2005 c 484 s 13 are each amended to read as follows:

The department shall allocate ending homelessness grant moneys from the (homeless housing) home security fund account to finance in whole or in part programs and projects in approved local (homeless housing) ending homelessness plans (to assist

homeless individuals and families gain access to adequate housing, prevent and reduce homelessness, and address the root causes of homelessness, track and report on homeless related data, and facilitate the movement of homeless or formerly homeless individuals along the housing continuum toward more stable and independent housing) for programs directly related to addressing the root causes of homelessness, preventing homelessness, and collecting data and information on homeless individuals. The department may issue criteria or guidelines to guide local governments in the application process.

Sec. 28. RCW 43.185C.100 and 2005 c 484 s 14 are each amended to read as follows:

The department shall provide technical assistance to any participating local government that requests such assistance. Technical assistance activities may include:

(1) Assisting local governments to identify appropriate parties to participate on local (homeless housing) ending homelessness task forces;

(2) Assisting local governments to identify appropriate service providers with which the local governments may subcontract for service provision and development activities, when necessary;

(3) Assisting local governments to implement or expand homeless census programs to meet (homeless housing) ending homelessness program requirements;

(4) Assisting local governments in the local implementation and updating of the homeless client management information system as required in RCW 43.185C.180;

(5) Assisting local governments to apply to the Washington state quality award program for an independent assessment of their quality management, accountability, and performance systems or apply to the full examination Washington state quality award program;

(6) Assisting local governments to strongly encourage all subcontractors to apply to the Washington state quality award program for an independent assessment of their quality management, accountability, and performance systems or apply to the full examination Washington state quality award program;

(7) Assisting local governments to create quality ending homelessness plans;

(8) Assisting in the identification of "best practices" from other areas;

(9) Assisting in identifying additional funding sources for specific projects; and

(10) Training local government and subcontractor staff, including quality management training.

Sec. 29. RCW 43.185C.130 and 2005 c 484 s 17 are each amended to read as follows:

The department shall ensure that the state’s interest is protected upon the development, use, sale, or change of use of projects constructed, acquired, or financed in whole or in part through the (homeless housing) ending homelessness grant program. These policies may include, but are not limited to: (1) Requiring a share of the appreciation in the project in proportion to the state’s contribution to the project, or (2) requiring a lump sum repayment of the grant upon the sale or change of use of the project.

Membership on the task force may include representatives of the counties, cities, towns, housing authorities, civic and faith organizations, schools, community networks, human services providers, law enforcement personnel, criminal justice personnel, including prosecutors, probation officers, and jail administrators, substance abuse treatment providers, mental health care providers,

In lieu of creating a new task force, a local government may designate an existing governmental or nonprofit body (which) that substantially conforms to this section and (which) includes at least one homeless or formerly homeless individual to serve as its homeless representative. As an alternative to a separate plan, two or more local governments may work in concert to develop and execute a joint (homeless housing) local ending homelessness plan, or to contract with another entity to do so according to the requirements of this chapter. While a local government has the authority to subcontract with other entities, the local government continues to maintain the ultimate responsibility for the (homeless housing) ending homelessness program within its borders.

(A) county may decline to participate in the program authorized in this chapter by forwarding to the department a resolution adopted by the county legislative authority stating the intention not to participate. A copy of the resolution shall also be transmitted to the county auditor and treasurer. If a county declines to participate, the department shall create and execute a local homelessness plan for the county meeting the requirements of this chapter.

(2) In addition to developing a (ten-year homeless housing) local ending homelessness plan, each task force shall establish guidelines consistent with the statewide (homeless housing) ending homelessness strategic plan, as needed, for the following:

(b) Short-term housing needs;
(c) Temporary encampments;
(d) Rental voucher programs;

ENGROSSED SUBSTITUTE SENATE BILL NO. 6573, By Senate Committee on Ways & Means (originally sponsored by Senators Kilmer, Brandland, Kauffman, Delvin, Benton, Roach, McAuliffe and Rasmussen; by request of LEOFF Plan 2 Retirement Board)

With the consent of the House, amendment (1522) was withdrawn.

Representative Ericks moved the adoption of amendment (1519):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that local governments need additional revenues to provide public safety resources in order to protect the citizens of Washington from fire and crime. The legislature finds that the current benefit formula and contributions for the law enforcement officers' and firefighters' plan 2 are inadequate to modify that formula in recognition of the shorter working careers for firefighters and police officers. The legislature recognizes that although some officers and firefighters are able to work comfortably beyond twenty-five years, the combat nature of fire suppression and law enforcement generally require earlier retirement ages. In recognition of the physical demands of the professions and the inherent risks faced by law enforcement officers and firefighters, eligibility for retirement in the law enforcement officers' and firefighters' plan 2 system has been set at age fifty-three. However, the benefit formula is designed for careers of thirty-five to forty years, making retirement at age fifty-three an unrealistic option for many.

Therefore, the legislature declares that it is the purpose of this act to provide local government public safety employers and the law enforcement officers' and firefighters' plan 2 pension plan with additional shared revenues when general state revenues exceed by more than five percent the previous fiscal biennium's revenue.

NEW SECTION. Sec. 2. A new section is added to chapter 41.26 RCW to read as follows:

The local public safety enhancement account is created in the state treasury. Moneys in the account may be spent only after appropriation. All receipts from section 4 of this act must be deposited into the account. Expenditures from the account may be used as follows:

1. Following appropriation, fifty percent of the money in the account shall be transferred to the law enforcement officers' and firefighters' retirement system benefits improvement account established in section 3 of this act.

2. Following appropriation, the balance shall be distributed by the state treasurer to all jurisdictions with law enforcement officers' and firefighters' plan 2 members. Each year, the department of retirement systems will determine each jurisdiction's proportionate share of funds based on the number of plan 2 members each jurisdiction has on June 1st of the prior year divided by the total number of plan 2 members in the system. The department of retirement systems shall provide the distribution allocation to the state treasurer. Distributions by the state treasurer shall be made annually each January 1st with one-half of the appropriation being distributed in the first year of the appropriation and any remainder the following year. If an appropriation is made for a single fiscal year, the entire appropriation shall be distributed the following January 1st. Jurisdictions that contract with other eligible jurisdictions for law enforcement services or fire protection services must agree on the distribution of funds between the contracting parties and must inform the department of retirement systems as to how the distribution is to be made. Distributions will continue to be made under the terms of the agreement until the department of retirement systems is notified by the eligible jurisdiction of any agreement revisions. If there is no agreement within six months of the distribution date, the moneys lapse to the state treasury.

3. The funds in the benefits account shall not be included by the actuary retained by the board in the calculation of the market value of assets of the law enforcement officers' and firefighters' retirement system plan 2 fund. All receipts from section 2(1) of this act must be deposited into the account.

4. The funds in the benefits account shall not be included by the actuary retained by the board in the calculation of the market value of assets of the law enforcement officers' and firefighters' retirement system plan 2 fund until the board directs the actuary retained by the board in writing to do so for purposes of financing benefits enacted by the legislature. The board shall, in consultation with the state investment board and within ninety days of the transfer of funds into the benefits account, provide the actuary retained by the board, in writing, the market value of the amount directed from the benefits account for inclusion in the calculation of the market value of assets of the law enforcement officers' and firefighters' retirement system plan 2 fund. The market value of the amount directed from the benefits account shall be an amount calculated by the state actuary to sufficiently offset the unfunded actuarial accrued liabilities of benefit improvements financed from this account. The market value of the amount directed from the benefits account shall be determined as of the date of the direction from the board to include this amount for purposes of financing benefits enacted by the legislature.

5. The law enforcement officers' and firefighters' plan 2 retirement board shall administer the fund in an actuarially sound manner.

6. The state investment board has the full power to invest, reinvest, manage, contract, sell, or exchange investment money in the benefits account. The state investment board is authorized to adopt investment policies for the money in the benefits account. All investment and operating costs associated with the investment of money within the benefits account shall be paid pursuant to RCW 43.33A.160 and 43.84.160. With the exception of these expenses, the earnings from the investment of the money shall be retained by the benefits account.

7. All investments made by the state investment board shall be made with the exercise of that degree of judgment and care pursuant to RCW 43.33A.140 and the investment policy established by the state investment board.

8. When appropriate for investment purposes, the state investment board may commingle money in the fund with other funds.

9. The authority to establish all policies relating to the benefits account, other than the investment policies set forth in this section,
resides with the law enforcement officers' and firefighters' plan 2 retirement board. Other than investments by and expenses of the state investment board, disbursements from this fund may be made only on the authorization of the law enforcement officers' and firefighters' plan 2 retirement board for purposes of funding the member, employer, and state cost of financing benefits enacted by the legislature.

(8) The state investment board shall routinely consult with and communicate with the law enforcement officers' and firefighters' plan 2 retirement board on the investment policy, earnings of the trust, and related needs of the benefits account.

(9) Funds in the benefits account cannot be used to finance future benefit improvements if the state actuary determines that the actuarial present value of fully projected benefits for current and future members for all benefits being financed from this account exceeds the actuarial present value of the revenue provided under section 4 of this act and the accrued earnings of the benefits account. When making the determination under this subsection, the state actuary shall select assumptions and methods to reduce the risk that the actual revenue received is less than the assumed revenue.

NEW SECTION. Sec. 4. A new section is added to chapter 41.26 RCW to read as follows:

(1) By September 30, 2011, if the prior fiscal biennium's general state revenues exceed the previous fiscal biennium's revenues by more than five percent, subject to appropriation by the legislature, the state treasurer shall transfer five million dollars to the local public safety enhancement account. The board of trustees have the following powers and duties as stated in section 4.

(2) By September 30, 2013, if the prior fiscal biennium's general state revenues exceed the previous fiscal biennium's revenues by more than five percent, subject to appropriation by the legislature, the state treasurer shall transfer ten million dollars to the local public safety enhancement account.

(3) By September 30, 2015, if the prior fiscal biennium's general state revenues exceed the previous fiscal biennium's revenues by more than five percent, subject to appropriation by the legislature, the state treasurer shall transfer twenty million dollars to the local public safety enhancement account.

(4) By September 30, 2017, and by September 30 of each odd-numbered year thereafter, if the prior fiscal biennium's general state revenues exceed the previous fiscal biennium's revenues by more than five percent, subject to appropriation by the legislature, the state treasurer shall transfer the lesser of one-third of the increase, or fifty million dollars, to the local public safety enhancement account.

Sec. 5. RCW 41.26.720 and 2003 c 2 s 5 are each amended to read as follows:

(1) The board of trustees have the following powers and duties and shall:

(a) Adopt actuarial tables, assumptions, and cost methodologies in consultation with an enrolled actuary retained by the board. The state actuary shall provide assistance when the board requests. The actuary retained by the board shall utilize the aggregate actuarial cost method, or other recognized actuarial cost method based on a level percentage of payroll, as that term is employed by the American academy of actuaries. The actuary retained by the board shall adjust the actuarial cost method to recognize the actuarial present value of future revenue that will be included in the calculation of the market value of assets pursuant to section 3(2) of this act, using the methods and assumptions employed by the state actuary in section 3(9) of this act. In determining the reasonableness of actuarial valuations, assumptions, and cost methodologies, the actuary retained by the board shall provide a copy of all such calculations to the state actuary. If the two actuaries concur on the calculations, contributions shall be made as set forth in the report of the board's actuary. If the two actuaries cannot agree, they shall appoint a third, independent, enrolled actuary who shall review the calculations of the actuary retained by the board and the state actuary. Thereafter, contributions shall be based on the methodology most closely following that of the third actuary;

(b) Monitor the design and implementation of increased benefits for members and beneficiaries of the plan, subject to the contribution limitations under RCW 41.26.725. An increased benefit may not be approved by the board until an actuarial cost of the benefit has been determined by the actuary and contribution rates adjusted as may be required to maintain the plan on a sound actuarial basis. Increased benefits as approved by the board shall be presented to the legislature on January 1st of each year. The increased benefits as approved by the board shall become effective within ninety days unless a bill is enacted in the next ensuing session of the legislature, by majority vote of each house of the legislature, repealing the action of the board;

(ii) As an alternative to the procedure in (b)(i) of this subsection, recommend to the legislature changes in the benefits for members and beneficiaries, without regard to the cost limitations in RCW 41.26.725(3). Benefits adopted in this manner shall have the same contractual protections as the minimum benefits in the plan. The recommendations of the board shall be presented to the legislature on January 1st of each year. These measures shall take precedence over all other measures in the legislature, except appropriations bills, and shall be either enacted or rejected without change or amendment by the legislature before the end of such regular session;

(c) Retain professional and technical advisors necessary for the accomplishment of its duties. The cost of these services may be withdrawn from the trust;

(d) Consult with the department for the purpose of improving benefit administration and member services;

(e) Provide an annual report to the governor and the legislature setting forth the actuarial funding status of the plan and making recommendations for improvements in those aspects of retirement administration directed by the legislature or administered by the department;

(f) Establish uniform administrative rules and operating policies in the manner prescribed by law;

(g) Engage administrative staff and acquire office space independent of, or in conjunction with, the department. The department shall provide funding from its budget for these purposes;

(h) ((The board shall publish (Publish) Publish)) Publish on an annual basis a schedule of increased benefits together with a summary of the minimum benefits as established by the legislature which shall constitute the official plan document; and

(i) Be the fiduciary of the plan and discharge the board's duties solely in the interest of the members and beneficiaries of the plan.

(2) Meetings of the board of trustees shall be conducted as follows:

(a) All board meetings are open to the public, preceded by timely public notice;

(b) All actions of the board shall be taken in open public session, except for those matters which may be considered in executive session as provided by law;

(c) The board shall retain minutes of each meeting setting forth the names of those board members present and absent, and their voting record on any voted issue; and

(d) The board may establish, with the assistance of the appropriate office of state government, an internet web site providing for interactive communication with state government, members and beneficiaries of the plan, and the public.

(3) A quorum of the board is six board members. All board actions require six concurring votes.

(4) The decisions of the board shall be made in good faith and are final, binding, and conclusive on all parties. The decisions of the board shall be subject to judicial review as provided by law.

(5) A law enforcement officers' and firefighters' retirement system plan 2 expense fund is established for the purpose of defraying the expenses of the board. The board shall cause an annual budget to be prepared consistent with the requirements of chapter 43.88 RCW and shall draw the funding for the budget from the investment income of the trust. Board members shall be reimbursed for travel and education expenses as provided in RCW 43.03.050 and 43.03.060. The board shall make an annual report to the governor, legislature, and state auditor setting forth a summary of the costs and expenditures of the plan for the preceding year. The board shall also retain the services of an independent, certified public accountant who shall annually audit the expenses of the fund and whose report shall be included in the board's annual report."

(b) Any projects proposed to address a chronic danger identified under (a) of this subsection that satisfies the project description identified in RCW 77.55.181(1)(a)(ii) are not subject to the provisions of the state environmental policy act, chapter 43.21C RCW. However, the project is subject to the review process established in RCW 77.55.181(3) as if it were a fish habitat improvement project.

(13) The department may issue an expedited written permit in those instances where normal permit processing would result in significant hardship for the applicant or unacceptable damage to the environment. NEW SECTION, Sec. 6. The contract required in section 5 of this act must contain the entire agreement of the parties and must include the following:

(2) Cancellation occurs when the distressed homeowner delivers to the distressed home purchaser, by means, a written notice of cancellation to the address specified in the contract.

(3) A notice of cancellation provided by the distressed homeowner is not required to take the particular form as provided with the contract.

(4) Within ten days following the receipt of a notice of cancellation under this section, the distressed home purchaser shall return without condition any original contract and any other documents signed by the distressed homeowner.

NEW SECTION. Sec. 8. (1) The contract required in section 5 of this act must contain, in immediate proximity to the space reserved for the distressed homeowner's signature, the following conspicuous statement in at least fourteen-point boldface type if the contract is printed, or in capital letters if the contract is typed:

The distressed home purchaser shall accurately enter the date and time of day on which the cancellation right ends.

(2) The contract must be accompanied by a completed form in duplicate, captioned "NOTICE OF CANCELLATION" in twelve-point boldface type if the contract is printed, or in capital letters if the contract is typed, followed by a space in which the distressed home purchaser shall enter the date on which the distressed homeowner executes any contract. This form must be attached to the contract, must be easily detachable, and must contain in at least twelve-point type if the contract is printed, or in capital letters if the contract is typed, the following statement written in the same language as used in the contract:

"NOTICE OF CANCELLATION

(Enter date contract signed)

You may cancel this contract for the sale of your house, without any penalty or obligation, at any time before

.(Enter date contract signed)

To cancel this transaction, personally deliver a signed and dated copy of this cancellation notice to

I hereby cancel this transaction.

.(Date)

(Seller's signature)"

(3) The distressed home purchaser shall provide the distressed homeowner with a copy of the contract and the attached notice of cancellation at the time the contract is executed by all parties.

(4) The five-business-day period during which the distressed homeowner may cancel the contract must not begin to run until all parties to the contract have executed the contract and the distressed home purchaser has complied with this section.

NEW SECTION. Sec. 9. (1) Any provision in a contract that attempts or purports to require arbitration of any dispute arising under this chapter is void at the option of the distressed homeowner.

(2) This section applies to any contract entered into on or after the effective date of this act.

NEW SECTION. Sec. 10. A distressed home purchaser shall not:

(1) Enter into, or attempt to enter into, a distressed home conveyance with a distressed homeowner unless the distressed home purchaser verifies and can demonstrate that the distressed homeowner has a reasonable ability to pay for the subsequent conveyance of an interest back to the distressed homeowner. In the case of a lease with an option to purchase, payment ability also includes the reasonable ability to make the lease payments and purchase the property within the term of the option to purchase. An evaluation of a distressed homeowner's reasonable ability to pay includes debt to income ratios, fair market value of the distressed home, and the distressed homeowner's payment and credit history. There is a rebuttable presumption that the distressed home purchaser has not verified a distressed homeowner's reasonable ability to pay if the distressed home purchaser has not obtained documentation of assets, liabilities, and income, other than an undocumented statement, of the distressed homeowner;

(2) Fail to either:

(a) Ensure that title to the distressed home has been reconveyed to the distressed homeowner; or

(b) Make payment to the distressed homeowner so that the distressed homeowner has received consideration in an amount of at least eighty-two percent of the fair market value of the property as
of the date of the eviction or voluntary relinquishment of possession of the distressed home by the distressed homeowner. For the purposes of this subsection (2)(b), the following applies:

(i) There is a rebuttable presumption that an appraisal by a person licensed or certified by an agency of the federal government or this state to appraise real estate constitutes the fair market value of the distressed home;

(ii) "Consideration" means any payment or thing of value provided to the distressed homeowner, including unpaid rent owed by the distressed homeowner before the date of eviction or voluntary relinquishment of the distressed home, reasonable costs paid to independent third parties necessary to complete the distressed home conveyance transaction, the payment of money to satisfy a debt or legal obligation of the distressed homeowner, or the reasonable cost of repairs for damage to the distressed home caused by the distressed homeowner. "Consideration" does not include amounts imputed as a down payment or fee to the distressed home purchaser or a person acting in participation with the distressed home purchaser;

(3) Enter into repurchase or lease terms as part of the distressed home conveyance that are unfair or commercially unreasonable, or engage in any other unfair or deceptive acts or practices;

(4) Represent, directly or indirectly, that (a) the distressed home purchaser is acting as an advisor or consultant, (b) the distressed home purchaser is acting on behalf of or in the interests of the distressed homeowner, or (c) the distressed home purchaser is assisting the distressed homeowner to save the distressed home, buy time, or use other substantially similar language;

(5) Misrepresent the distressed home purchaser's status as to licensure or certification;

(6) Perform any of the following until the time during which the distressed homeowner may cancel the transaction has expired:

(a) Accept from any distressed homeowner an execution of, or induce any distressed homeowner to execute, any instrument of conveyance of any interest in the distressed home;

(b) Record with the county auditor any document, including any instrument of conveyance, signed by the distressed homeowner;

(c) Transfer or encumber or purport to transfer or encumber any interest in the distressed home;

(7) Fail to reconvey title to the distressed home when the terms of the distressed home conveyance contract have been fulfilled;

(8) Enter into a distressed home conveyance where any party to the transaction is represented by a power of attorney;

(9) Fail to extinguish or assume all liens encumbering the distressed home immediately following the conveyance of the distressed home;

(10) Fail to close a distressed home conveyance in person before an independent third party who is authorized to conduct real estate closings within the state.

Sec. 11. RCW 61.34.040 and 1988 c 33 s 3 are each amended to read as follows:

(1) In addition to the criminal penalties provided in RCW 61.34.030, the legislature finds (and declares) that (equity skimming substantially affects) the practices covered by this chapter are matters vitally affecting the public interest (the commission by any person of an act of equity skimming or a pattern of equity skimming is an unfair or deceptive act or practice and unfair method of competition for the purpose of applying chapter 19.86 RCW (as also in RCW 10.390.020)) for the purpose of applying chapter 19.86 RCW. A violation of this chapter is not reasonable in relation to the development and preservation of business and is an unfair method of competition for the purpose of applying chapter 19.86 RCW.

(2) In a private right of action under chapter 19.86 RCW for a violation of this chapter, the court may double or triple the award of damages pursuant to RCW 19.86.090, subject to the statutory limit. If, however, the court determines that the defendant acted in bad faith, the limit for doubling or tripling the award of damages may be increased, but shall not exceed one hundred thousand dollars. Any claim for damages brought under this chapter must be commenced within four years after the date of the alleged violation.

(3) The remedies provided in this chapter are cumulative and do not restrict any remedy that is otherwise available. The provisions of this chapter are not exclusive and are in addition to any other requirements, rights, remedies, and penalties provided by law. An action under this chapter shall not affect the rights in the distressed home held by a distressed home purchaser for value under this chapter or other applicable law.

(1) Upon request by any commissioned law enforcement officer of the state or any of its political subdivisions, every scrap metal business shall furnish a full, true, and correct transcript of the records from the purchase or receipt of private metal property, nonferrous metal property, and commercial metal property involving a specific individual, vehicle, or item of private metal property, nonferrous metal property, or commercial metal property. This information may be transmitted within a specified time of not less than two business days to the applicable law enforcement agency electronically, by facsimile transmission, or by modem or similar device, or by delivery of computer disk subject to the requirements of, and approval by, the chief of police or the county's chief law enforcement officer.

(2) If the scrap metal business has good cause to believe that any private metal property, nonferrous metal property, or commercial metal property in his or her possession has been previously lost or stolen, the scrap metal business shall promptly report that fact to the applicable commissioned law enforcement officer of the state, the chief of police, or the county's chief law enforcement officer, together with the name of the owner, if known, and the date when and the name of the person from whom it was received.

The scrap metal business shall hold the property for a period of time as directed by the applicable law enforcement agency up to a maximum of ten business days.

(2) A commissioned law enforcement officer of the state or any of its political subdivisions shall not place on hold any item of private metal property, nonferrous metal property, or commercial metal property unless that law enforcement agency reasonably suspects that the property is a lost or stolen item. Any hold that is placed on the property must be removed within ten business days after the property on hold is determined not to be stolen or lost and the property must be returned to the owner or released.

Sec. 7. RCW 19.290.070 and 2007 c 377 s 7 are each amended to read as follows:

It is a gross misdemeanor under chapter 9A.20 RCW for:

(1) Any person to deliberately remove, alter, or obliterate any manufacturer's make, model, or serial number, personal
identification number, or identifying marks engraved or etched upon an item of private metal property, nonferrous metal property, or commercial metal property in order to deceive a scrap metal business;

(2) Any scrap metal business to enter into a transaction to purchase or receive any private metal property, nonferrous metal property, or commercial metal property where the manufacturer's make, model, or serial number, personal identification number, or identifying marks engraved or etched upon the property have been deliberately and conspicuously removed, altered, or obliterated;

(3) Any person to knowingly make, cause, or allow to be made any false entry or misstatement of any material matter in any book, record, or writing required to be kept under this chapter;

(4) Any scrap metal business to enter into a transaction to purchase or receive private metal property, nonferrous metal property, or commercial metal property from any person under the age of eighteen years or any person who is discernibly under the influence of intoxicating liquor or drugs;

(5) Any scrap metal business to enter into a transaction to purchase or receive private metal property, nonferrous metal property, or commercial metal property with anyone whom the scrap metal business has been informed by a law enforcement agency to have been convicted of a crime involving drugs, burglary, robbery, theft, or possession of or receiving stolen property, manufacturing, delivering, or possessing with intent to deliver methamphetamine, or possession of ephedrine or any of its salts or isomers or salts of isomers, pseudoephedrine or any of its salts or isomers of salts of isomers, or anhydrous ammonia with intent to manufacture methamphetamine within the past ten years whether the person is acting in his or her own behalf or as the agent of another;

(6) Any person to sign the declaration required under RCW 19.290.020 knowing that the private metal property or nonferrous metal property subject to the transaction is stolen. The signature of a person on the declaration required under RCW 19.290.020 constitutes evidence of intent to defraud a scrap metal business if that person is found to have known that the private metal property or nonferrous metal property subject to the transaction was stolen;

(7) Any scrap metal business to possess private metal property or commercial metal property that was not lawfully purchased or received under the requirements of this chapter;

(8) Any scrap metal business to engage in a series of transactions valued at less than thirty dollars with the same seller for the purposes of avoiding the requirements of RCW 19.290.030(4).

Sec. 8. RCW 19.290.090 and 2007 c 377 s 9 are each amended to read as follows:

The provisions of this chapter do not apply to transactions conducted by the following:

(2) (Vehicle wreckers or hulk haulers licensed under chapter 46.79 or 46.80 RCW);

(3) (44) Persons in the business of operating an automotive repair facility as defined under RCW 46.71.011; and

(44) (3) Persons in the business of buying or selling empty food and beverage containers, including metal food and beverage containers.

Sec. 9. RCW 9.94A.535 and 2007 c 377 s 10 are each amended to read as follows:

The court may impose a sentence outside the standard sentence range for an offense if it finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence. Facts supporting aggravated sentences, other than the fact of a prior conviction, shall be determined pursuant to the provisions of RCW 9.94A.537.

Whenever a sentence outside the standard sentence range is imposed, the court shall set forth the reasons for its decision in written findings of fact and conclusions of law. A sentence outside the standard sentence range shall be a determinate sentence.

If the sentencing court finds that an exceptional sentence outside the standard sentence range should be imposed, the sentence is subject to review only as provided for in RCW 9.94A.585(4).

A departure from the standards in RCW 9.94A.589 (1) and (2) governing whether sentences are to be served consecutively or concurrently is an exceptional sentence subject to the limitations in this section, and may be appealed by the offender or the state as set forth in RCW 9.94A.585 (2) through (6).

(1) Mitigating Circumstances - Court to Consider

The court may impose an exceptional sentence below the standard range if it finds that mitigating circumstances are established by a preponderance of the evidence. The following are illustrative only and are not intended to be exclusive reasons for exceptional sentences.

(a) To a significant degree, the victim was an initiator, willing participant, aggressor, or provoker of the incident.

(b) Before detection, the defendant compensated, or made a good faith effort to compensate, the victim of the criminal conduct for any damage or injury sustained.

(c) The defendant committed the crime due duress, coercion, threat, or compulsion insufficient to constitute a complete defense but which significantly affected his or her conduct.

(d) The defendant, with no apparent predisposition to do so, was induced by others to participate in the crime.

(e) The defendant's capacity to appreciate the wrongfulness of his or her conduct, or to conform his or her conduct to the requirements of the law, was significantly impaired. Voluntary use of drugs or alcohol is excluded.

(f) The offense was principally accomplished by another person and the defendant manifested extreme caution or sincere concern for the safety or well-being of the victim.

(g) The operation of the multiple offense policy of RCW 9.94A.589 results in a presumptive sentence that is clearly excessive in light of the purpose of this chapter, as expressed in RCW 9.94A.010.

(h) The defendant or the defendant's children suffered a continuing pattern of physical or sexual abuse by the victim of the offense and the offense is a response to that abuse.

(2) Aggravating Circumstances - Considered and Imposed by the Court

The trial court may impose an aggravated exceptional sentence without a finding of fact by a jury under the following circumstances:

(a) The defendant and the state both stipulate that justice is best served by the imposition of an exceptional sentence outside the standard range, and the court finds the exceptional sentence to be consistent with and in furtherance of the interests of justice and the purposes of the sentencing reform act.

(b) The defendant's prior or unscored misdemeanor or prior unscored foreign criminal history results in a presumptive sentence that is clearly too lenient in light of the purpose of this chapter, as expressed in RCW 9.94A.010.

(c) The defendant has committed multiple current offenses and the defendant's high offender score results in some of the current offenses going unpunished.

(d) The failure to consider the defendant's prior criminal history which was omitted from the offender score calculation pursuant to RCW 9.94A.525 results in a presumptive sentence that is clearly too lenient.

(3) Aggravating Circumstances - Considered by a Jury - Imposed by the Court

Except for circumstances listed in subsection (2) of this section, the following circumstances are an exclusive list of factors that can support a sentence above the standard range. Such facts should be determined by procedures specified in RCW 9.94A.537.

(a) The defendant's conduct during the commission of the current offense manifested deliberate cruelty to the victim.

(b) The defendant knew or should have known that the victim of the current offense was particularly vulnerable or incapable of resistance.

(c) The current offense was a violent offense, and the defendant knew that the victim of the current offense was pregnant.

(d) The current offense was a major economic offense or series of offenses, so identified by a consideration of any of the following factors:

(i) The current offense involved multiple victims or multiple incidents per victim;
(ii) The current offense involved attempted or actual monetary loss substantially greater than typical for the offense;
(iii) The current offense involved a high degree of sophistication or planning or occurred over a lengthy period of time; or
(iv) The defendant used his or her position of trust, confidence, or fiduciary responsibility to facilitate the commission of the current offense.
(e) The current offense was a major violation of the Uniform Controlled Substances Act, chapter 69.50 RCW (VU CSA), related to trafficking in controlled substances, which was more onerous than the typical offense of its statutory definition: The presence of ANY of the following may identify a current offense as a major VUCSA:
(i) The current offense involved at least three separate transactions in which controlled substances were sold, transferred, or possessed with intent to do so;
(ii) The current offense involved an attempted or actual sale or transfer of controlled substances in quantities substantially larger than for personal use;
(iii) The current offense involved the manufacture of controlled substances for use by other parties;
(iv) The circumstances of the current offense reveal the offender to have occupied a high position in the drug distribution hierarchy;
(v) The current offense involved a high degree of sophistication or planning, occurred over a lengthy period of time, or involved a broad geographic area of disbursement; or
(vi) The offender used his or her position or status to facilitate the commission of the current offense, including positions of trust, confidence or fiduciary responsibility (e.g., pharmacist, physician, or other medical professional).
(f) The current offense included a finding of sexual motivation pursuant to RCW 9.94A.835.
(g) The offense was part of an ongoing pattern of sexual abuse of the same victim under the age of eighteen years manifested by multiple incidents over a prolonged period of time.
(h) The current offense involved domestic violence, as defined in RCW 10.99.020, and one or more of the following was present:
   (i) The offense was part of an ongoing pattern of psychological, physical, or sexual abuse of the victim manifested by multiple incidents over a prolonged period of time;
   (ii) The offense occurred within sight or sound of the victim's or the offender's minor children under the age of eighteen years; or
   (iii) The offender's conduct during the commission of the current offense manifested deliberate cruelty or intimidation of the victim.
(i) The offense resulted in the pregnancy of a child victim of rape.
(j) The defendant knew that the victim of the current offense was a youth who was not residing with a legal custodian and the defendant established or promoted the relationship for the primary purpose of victimization.
(k) The offense was committed with the intent to obstruct or impair human or animal health care or agricultural or forestry research or commercial production.
(l) The current offense is trafficking in the first degree or trafficking in the second degree and any victim was a minor at the time of the offense.
(m) The offense involved a high degree of sophistication or planning.
(n) The defendant used his or her position of trust, confidence, or fiduciary responsibility to facilitate the commission of the current offense.
(o) The defendant committed a current sex offense, has a history of sex offenses, and is not amenable to treatment.
(p) The offense involved an invasion of the victim's privacy.
(q) The defendant demonstrated or displayed an egregious lack of remorse.
(r) The offense involved a destructive and foreseeable impact on persons other than the victim.
(s) The defendant committed the offense to obtain or maintain his or her membership or to advance his or her position in the hierarchy of an organization, association, or identifiable group.
(t) The defendant committed the current offense shortly after being released from incarceration.
(u) The current offense is a burglary and the victim of the burglary was present in the building or residence when the crime was committed.
(v) The offense was committed against a law enforcement officer who was performing his or her official duties at the time of the offense, the offender knew that the victim was a law enforcement officer, and the victim's status as a law enforcement officer is not an element of the offense.
(w) The defendant committed the offense against a victim who was acting as a good Samaritan.
(x) The defendant committed the offense against a public official or officer of the court in retaliation of the public official’s performance of his or her duty to the criminal justice system.
(y) The victim's injuries substantially exceed the level of bodily harm necessary to satisfy the elements of the offense. This aggravator is not an exception to RCW 9.94A.530(2).
(z)(i)(A) The current offense is theft in the first degree, theft in the second degree, possession of stolen property in the first degree, or possession of stolen property in the second degree; (B) the stolen property involved is metal property; and (C) the property damage to the victim caused in the course of the theft of property is more than three times the value of the stolen metal property, or the theft of the metal property creates a public hazard.
(ii) For purposes of this subsection, "metal property" means commercial metal property, private metal property, or nonferrous metal property, as defined in RCW 19.290.010.

SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House refused to concur in the Senate amendment to SUBSTITUTE HOUSE BILL NO. 2858 and asked the Senate to recede therefrom.

MESSAGE FROM THE SENATE

March 4, 2008

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1031 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that Washington state, from its inception, has recognized the importance of maintaining individual privacy. The legislature further finds that protecting the confidentiality and privacy of an individual's personal information, especially when collected from the individual without his or her knowledge or consent, is critical to maintaining the safety and well-being of its citizens. The legislature recognizes that inclusion of identification devices that broadcast data or enable data or information to be collected or scanned either secretly or remotely, or both, may greatly magnify the potential risk to individual privacy, safety, and economic well-being that can occur from unauthorized interception and use of personal information. The legislature further recognizes that these types of technologies, whether offered by the private sector or issued by the government, can be pervasive.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.
(1) "Identification device" means an item that uses radio frequency identification technology or facial recognition technology.
(2) "Person" means a natural person who resides in Washington.
(3) "Personal information" has the same meaning as in RCW 19.255.010."
"Data" means personal information, numerical values associated with a person's facial features, or unique personal identifier numbers stored on an identification device.

Radio frequency identification means a technology that uses radio waves to transmit data remotely to readers.

"Reader" means a scanning device that is capable of using radio waves to communicate with an identification device and read the data transmitted by that identification device.

"Unique personal identifier number" means a randomly assigned string of numbers or symbols that is encoded on the identification device and is intended to identify the identification device.

NEW SECTION. Sec. 3. A person that intentionally scans another person's identification device remotely, without that person's prior knowledge and prior consent, for the purpose of fraud, identity theft, or for any other illegal purpose, shall be guilty of a class C felony.

NEW SECTION. Sec. 4. If any provision of this act is found to be in conflict with federal law or regulations, the conflicting provision of this act is declared to be inoperative solely to the extent of the conflict, and that finding or determination shall not affect the operation of the remainder of this act.

NEW SECTION. Sec. 5. Sections 2 and 3 of this act constitute a new chapter in Title 19 RCW."

On page 1, line 1 of the title, after "devices;" strike the remainder of the title and insert "adding a new chapter to Title 19 RCW; creating new sections; and prescribing penalties."

and the same is herewith transmitted.

MESSAGE FROM THE SENATE

March 5, 2008

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1621 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that:
(a) Manufactured/mobile home communities provide a significant source of homeownership opportunities for Washington residents. However, the increasing closure and conversion of manufactured/mobile home communities to other uses, combined with increasing mobile home lot rents, low vacancy rates in existing manufactured/mobile home communities, and the extremely high cost of moving homes when manufactured/mobile home communities close, increasingly make manufactured/mobile home community living insecure for manufactured/mobile home tenants.
(b) Many tenants who reside in manufactured/mobile home communities are low-income households and senior citizens and are, therefore, those residents most in need of reasonable security in the siting of their manufactured/mobile homes because of the adverse impacts on the health, safety, and welfare of tenants forced to move due to closure, change of use, or discontinuance of manufactured/mobile home communities.
(c) The preservation of manufactured/mobile home communities:
(i) Is a more economical alternative than providing new replacement housing units for tenants who are displaced from closing manufactured/mobile home communities;
(ii) Is a strategy by which all local governments can meet the affordable housing needs of their residents;
(iii) Is a strategy by which local governments planning under RCW 36.70A.040 may meet the housing element of their comprehensive plans as it relates to the provision of housing affordable to all economic sectors; and
(iv) Should be a goal of all housing authorities and local governments.
(d) The loss of manufactured/mobile home communities should not result in a net loss of affordable housing, thus compromising the ability of local governments to meet the affordable housing needs of its residents and the ability of these local governments planning under RCW 36.70A.040 to meet affordable housing goals under chapter 36.70A RCW,
(e) The closure of manufactured/mobile home communities has serious environmental, safety, and financial impacts, including:
(i) Homes that cannot be moved to other locations add to Washington's landfills;
(ii) Homes that are abandoned might attract crime; and
(iii) Vacant homes that will not be reoccupied need to be tested for asbestos and lead, and these toxic materials need to be removed prior to demolition.

(f) The self-governance aspect of tenants owning manufactured/mobile home communities results in a lesser usage of police resources as tenants experience fewer societal conflicts when they own the real estate as well as their homes.

(g) Housing authorities, by their creation and purpose, are the public body corporate and politic of the city or county responsible for addressing the availability of safe and sanitary dwelling accommodations available to persons of low income, senior citizens, and others.

(2) It is the intent of the legislature to encourage and facilitate the preservation of existing manufactured/mobile home communities in the event of voluntary sales of manufactured/mobile home communities and, to the extent necessary and possible, to involve manufactured/mobile home community tenants or an eligible organization representing the interests of tenants, such as a nonprofit organization, housing authority, or local government, in the preservation of manufactured/mobile home communities.

(1) As used in this chapter, the term "sale" shall have its ordinary meaning and shall include any conveyance, grant, assignment, quitclaim, or transfer of the ownership of or title to real property, including standing timber, or any estate or interest therein for a valuable consideration, and any contract for such conveyance, grant, assignment, quitclaim, or transfer, and any lease with an option to purchase real property, including standing timber, or any estate or interest therein or other contract under which possession of the property is given to the purchaser, or any other person at the purchaser's direction, and title to the property is retained by the vendor as security for the payment of the purchase price. The term also includes the grant, assignment, quitclaim, sale, or transfer of improvements constructed upon leased land.

(2) The term "sale" also includes the transfer or acquisition within any twelve-month period of a controlling interest in any entity with an interest in real property located in this state for a valuable consideration. For purposes of this subsection, all acquisitions of persons acting in concert shall be aggregated for purposes of determining whether a transfer or acquisition of a controlling interest has taken place. The department of revenue shall adopt standards by
rule to determine when persons are acting in concert. In adopting a
rule for this purpose, the department shall consider the following:
(a) Persons shall be treated as acting in concert when they have
a relationship with each other such that one person influences or
controls the actions of another through common ownership; and
(b) When persons are not commonly owned or controlled, they
shall be treated as acting in concert only when the unity with which
the purchasers have negotiated and will consummate the transfer of
ownership interests supports a finding that they are acting as a single
entity. If the acquisitions are completely independent, with each
purchaser buying without regard to the identity of the other
purchasers, then the acquisitions shall be considered separate
acquisitions.
(3) The term “sale” shall not include:
(a) A transfer by gift, devise, or inheritance.
(b) A transfer of any leasehold interest other than of the type
mentioned above.
(c) A cancellation or forfeiture of a vendee’s interest in a

mortgage.
(d) The partition of property by tenants in common by
agreement or as the result of a court decree.
(e) The assignment of property or interest in property from one
spouse to the other in accordance with the terms of a decree of
divorce or in fulfillment of a property settlement agreement.
(f) The assignment or other transfer of a vendor’s interest in a
contract for the sale real property, even though accompanied by
a conveyance of the vendor’s interest in the real property involved.
(g) Transfers by appropriation or decree in condemnation
proceedings brought by the United States, the state or any political
subdivision thereof, or a municipal corporation.
(h) A mortgage or other transfer of an interest in real property
merely to secure a debt, or the assignment thereof.

foreclosure proceeding or upon execution of a judgment, or deed in
lieu of foreclosure to satisfy a mortgage or deed of trust.
(j) A conveyance to the federal housing administration or
veterans administration by an authorized mortgagee made pursuant
to a contract of insurance or guaranty with the federal housing

tax was first imposed.
(l) The sale of any grave or lot in an established cemetery.
(m) A sale by the United States, this state or any political
subdivision thereof, or a municipal corporation of this state.
(n) A sale to a regional transit authority or public corporation
under RCW 81.112.320 under a sale/leaseback agreement under
RCW 81.112.300.
(o) A transfer of real property, however effected, if it consists of
a mere change in identity or form of ownership of an entity where
there is no change in the beneficial ownership. These include
transfers to a corporation or partnership which is wholly owned by
the transferor and/or the transferor’s spouse or children: PROVIDED, That if thereafter such transferee corporation or
partnership voluntarily transfers such real property, or such
transferee, spouse, or children voluntarily transfer stock in the
transferee corporation or interest in the transferee partnership
capital, as the case may be, to other than (1) the transferor and/or
the transferor’s spouse or children, (2) a trust having the transferor and/or
the transferor’s spouse or children as the only beneficiaries at the
time of the transfer to the trust, or (3) a corporation or partnership
wholly owned by the original transferor and/or the transferor’s
spouse or children, within three years of the original transfer to
which this exemption applies, and the tax on the subsequent transfer
has not been paid within sixty days of becoming due, excise taxes
shall become due and payable on the original transfer as otherwise
provided by law.
(p)(i) A transfer that for federal income tax purposes does not
involve the recognition of gain or loss for entity formation,
dissolution or reorganization, including but not
limited to nonrecognition of gain or loss because of application of
section 332, 337, 351, 368(a)(1), 721, or 731 of the Internal Revenue
Code of 1986, as amended.
(ii) However, the transfer described in (p)(i) of this subsection
cannot be preceded or followed within a twelve-month period by
another transfer or series of transfers, that, when combined with
the otherwise exempt transfer or transfers described in (p)(i) of this
subsection, results in the transfer of a controlling interest in the entity
for valuable consideration, and in which one or more persons
previously holding a controlling interest in the entity receive cash or
property in exchange for any interest the person or persons acting in
concert hold in the entity. This subsection (3)(p)(ii) does not apply to
that part of the transfer involving property received that is the real
property interest that the person or persons originally contributed
to the entity or when one or more persons who did not contribute real
property or belong to the entity at a time when real property was
purchased receive cash or personal property in exchange for that
person or persons’ interest in the entity. The real estate excise tax
under this subsection (3)(p)(ii) is imposed upon the person or persons
who previously held a controlling interest in the entity.
(q) A qualified sale of a manufactured/mobile home,
community, as defined in RCP 59.20.030, that takes place on or
after the effective date of this act but before December 31, 2018.

domestic violence, sexual assault, and stalking often negatively impact victims' ability to maintain employment.

(3) An employee who is a victim of domestic violence, sexual assault, or stalking, or an employee whose family member is a victim, must often take leave from work due to injuries, court proceedings, or safety concerns requiring legal protection.

(4) Thus, it is in the public interest to provide reasonable leave from employment for employees who are victims of domestic violence, sexual assault, or stalking, or for employees whose family members are victims, to participate in legal proceedings, receive medical treatment, or obtain other necessary services.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Child," "spouse," "parent," "parent-in-law," "grandparent," and "sick leave and other paid time off" have the same meanings as in RCW 49.12.265.

(2) "Dating relationship" has the same meaning as in RCW 26.50.010.

(3) "Department," "director," "employer," and "employee" have the same meanings as in RCW 49.12.005.

(4) "Domestic violence" has the same meaning as in RCW 26.50.010.

(5) "Family member" means any individual whose relationship to the employee can be classified as a child, spouse, parent, parent-in-law, grandparent, or person with whom the employee has a dating relationship.

(6) "Interruption leave" and "reduced leave schedule" have the same meanings as in RCW 49.78.020.

(7) "Sexual assault" has the same meaning as in RCW 70.125.030.

(8) "Stalking" has the same meaning as in RCW 9A.46.110.

NEW SECTION. Sec. 3. An employee may take reasonable leave from work, intermittent leave, or leave on a reduced leave schedule, with or without pay, to:

(1) Seek legal or law enforcement assistance or remedies to ensure the health and safety of the employee or employee's family members including, but not limited to, preparing for, or participating in, any civil or criminal legal proceeding related to or derived from domestic violence, sexual assault, or stalking;

(2) Seek treatment by a health care provider for physical or mental injuries caused by domestic violence, sexual assault, or stalking, or to attend to health care treatment for a victim who is the employee's family member;

(3) Obtain assistance from a family member in obtaining, services from a domestic violence shelter, rape crisis center, or other social services program for relief from domestic violence, sexual assault, or stalking;

(4) Obtain, or assist a family member in obtaining, mental health counseling related to an incident of domestic violence, sexual assault, or stalking, in which the employee or the employee's family member was a victim of domestic violence, sexual assault, or stalking;

(5) Participate in safety planning, temporarily or permanently relocate, or take other actions to increase the safety of the employee or employee's family members from future domestic violence, sexual assault, or stalking.

NEW SECTION. Sec. 4. (1) As a condition of taking leave for any purpose described in section 3 of this act, an employer shall give an employer advance notice of the employee's intention to take leave. The timing of the notice shall be consistent with the employer's stated policy for requesting such leave, if the employer has such a policy. When advance notice cannot be given because of an emergency or unforeseen circumstances due to domestic violence, sexual assault, or stalking, the employer or his or her designee must give notice to the employer no later than the end of the first day that the employee takes such leave.

(2) When an employee requests leave under section 3 of this act the employer may require that the request be supported by verification that:

(a) The employee or employee's family member is a victim of domestic violence, sexual assault, or stalking; and

(b) The leave taken was for one of the purposes described in section 3 of this act.

(3) If an employer requires verification, verification must be provided in a timely manner. In the event that advance notice of the leave cannot be given because of an emergency or unforeseen circumstances due to domestic violence, sexual assault, or stalking, and the employer requires verification, verification must be provided to the employer within a reasonable time period during or after the leave.

(4) An employee may satisfy the verification requirement of this section by providing the employer with one or more of the following:

(d) An employee's written statement that the employee or the employee's family member is a victim of domestic violence, sexual assault, or stalking and that the leave taken was for one of the purposes described in section 3 of this act.

(5) If the victim of domestic violence, sexual assault, or stalking is the employee's family member, verification of the familial relationship between the employee and the victim may include, but is not limited to, a statement from the employee, a birth certificate, a court document, or other similar documentation.

(6) An employee who is absent from work pursuant to section 3 of this act may elect to use the employee's sick leave and other paid time off, compensatory time, or unpaid leave time.

(7) An employee is required to provide only the information enumerated in subsection (2) of this section to establish that the employee's leave is protected under this chapter. An employee is not required to produce or discuss any information with the employer that is beyond the scope of subsection (2) of this section, or that would compromise the employee's safety or the safety of the employee's family member in any way, and an employer is prohibited from requiring any such disclosure.

(8)(a) Except as provided in (b) of this subsection, an employer shall maintain the confidentiality of all information provided by the employee under this section, including the fact that the employee or employee's family member is a victim of domestic violence, sexual assault, or stalking, that the employee has requested or obtained leave under this chapter, and any written or oral statement, documentation, record, or corroborating evidence provided by the employee.

employee that accrued before the date on which the leave commenced.
(2) Upon an employee's return, an employer shall either:
(a) Restore the employee to the position of employment held by the employee when the leave commenced; or
(b) Restore the employee to an equivalent position with equivalent employment benefits, pay, and other terms and conditions of employment.
(3)(a) This section does not apply if the employment from which the individual takes leave is with a staffing company and the individual is assigned on a temporary basis to perform work at or services for another organization to support or supplement the other organization's workforces, or to provide assistance in special work situations such as, but not limited to, employee absences, skill shortages, seasonal workloads, or to perform special assignments or projects, all under the direction and supervision of the organization to which the individual is assigned.
(b) This section does not apply if an employee was hired for a specific term or only to perform work on a discrete project, the employment term or project is over, and the employer would not otherwise have continued to employ the employee.
(4) To the extent allowed by law, an employer shall maintain coverage under any health insurance plan for an employee who takes leave under section 3 of this act. The coverage must be maintained for the duration of the leave at the level and under the conditions coverage would have been provided if the employee had not taken the leave.

NEW SECTION. Sec. 6. (1) The rights provided in this act are in addition to any other rights provided by state and federal law.
(2) Nothing in this chapter shall be construed to discourage employers from adopting policies that provide greater leave rights to employees who are victims of domestic violence, sexual assault, or stalking than those required by this act.
(3) Nothing in this act shall be construed to diminish an employer's obligation to comply with any collective bargaining agreement, or any employment benefit program or plan, that provides greater leave rights to employees than the rights provided by this act.

NEW SECTION. Sec. 7. Upon complaint by an employee, the director shall investigate to determine if there has been compliance with this chapter and the rules adopted under this chapter. NEW SECTION. Sec. 9. (1) If an employer is found to have committed an infraction under section 7 of this act, the director may impose upon the employer a fine of up to five hundred dollars for the first infraction and a fine of up to one thousand dollars for each subsequent infraction committed within three years of a previous infraction.

NEW SECTION. Sec. 10. (1) Except as provided in subsection (2) of this section, information contained in the department's complaint files and records of employees under this chapter is confidential and shall not be open to public inspection.
(2) Except as limited by state or federal statute or regulations:
(a) The information in subsection (1) of this section may be provided to public employees in the performance of their official duties; and
(b) A complainant or a representative of a complainant, be it an individual or an organization, may review a complaint file or receive specific information therefrom upon the presentation of the signed authorization of the complainant.

NEW SECTION. Sec. 11. No employer may discharge, threaten to discharge, demote, deny a promotion to, sanction, discipline, retaliate against, harass, or otherwise discriminate against an employee with respect to compensation, terms, conditions, or privileges of employment because the employee:
(1) Exercised rights under section 3 of this act;
(2) Filed or communicated to the employer an intent to file a complaint under section 7 or 12 of this act; or
(3) Participated or assisted, as a witness or otherwise, in another employee's attempt to exercise rights under section 3, 7, or 12 of this act.

NEW SECTION. Sec. 12. (1) Any employee deeming herself or himself injured by any act in violation of this chapter shall have a civil action in a court of competent jurisdiction to enjoin further violations, or to recover the actual damages sustained by the person, or both, together with the cost of suit including reasonable attorneys' fees.
(2) The remedy provided by this section is in addition to any common law remedy or other remedy that may be available to an employee.
(3) An employee is not required to exhaust administrative remedies before filing a civil action to enforce this chapter.

NEW SECTION. Sec. 13. The department shall include notice of the provisions of this chapter in the next reprinting of employment posters printed under RCW 49.78.340. Employers shall post this notice as required in RCW 49.78.340.

MESSAGE FROM THE SENATE

March 5, 2008
Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2779 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION, Sec. 1. A new section is added to chapter 76.48 RCW to read as follows:
(1) Except as otherwise provided in this section, no person may sell, or attempt to sell, any amount of raw or unprocessed huckleberries without first obtaining a specialized forest products permit as provided in RCW 76.48.060, regardless if the huckleberries were harvested with the consent of the landowner.
(2) If the possessor of the huckleberries being offered for sale is able to show that the huckleberries originated on land owned by the United States forest service, then the requirements of this section may be satisfied with the display of a valid permit from the United States forest service that lawfully entitles the possessor to harvest the huckleberries in question."
(3) Nothing in this section creates a requirement that a specialized forest products permit is required for an individual to harvest, possess, or transport huckleberries.

(4) Compliance with this section allows an individual to sell, or offer for sale, raw or unprocessed huckleberries. Possession of a specialized forest products permit does not create a right or privilege to harvest huckleberries. Huckleberries may be harvested only with the permission of the landowner and under the terms and conditions established between the landowner and the harvester.

Sec. 2. RCW 76.48.050 and 2005 c 401 s 2 are each amended to read as follows:

(1) Except as otherwise provided in subsection (3) of this section, specialized forest products permits shall consist of properly completed permit forms validated by the sheriff of the county in which the specialized forest products are to be harvested. Each permit shall be separately numbered and the issuance of the permits shall be by consecutive numbers. All specialized forest products permits shall expire at the end of the calendar year in which issued, or sooner, at the discretion of the ((permittor [permitter])) permittee.

(2) A properly completed specialized forest products permit form shall include:

((+++)) (a) The date of its execution and expiration;

((++) (b) The name, address, telephone number, if any, and signature of the ((permittor [permitter])) permittee;

((++) (c) The name, address, telephone number, if any, and signature of the permittor;

((++) (d) The type of specialized forest products to be harvested or transported;

((++) (e) The approximate amount or volume of specialized forest products to be harvested or transported;

((++) (f) The legal description of the property from which the specialized forest products are to be harvested or transported, including the name of the county, or the state or province if outside the state of Washington;

((++) (g) A description by local landmarks of where the harvesting is to occur, or from where the specialized forest products are to be transported;

((++) (h) For cedar products, cedar salvage, and specialty wood, a copy of a map or aerial photograph, with defined permitted boundaries, included as an attachment to the permit;

((++) (i) A copy of a valid picture identification; and

((++) (j) Any other condition or limitation which the ((permittor [permitter])) permittee may specify.

(3) For permits intended to satisfy the requirements of section 1 of this act relating to the sale of huckleberries, the specialized forest products permit:

(a) May be obtained from the department of natural resources or the sheriff of any county in the state;

(b) Must, in addition to the requirements of subsection (2) of this section, also contain information relating to where the huckleberries were, or plan to be, harvested, and the approximate amount of huckleberries that are going to be offered for sale; and

(c) Must include a statement designed to inform the possessor that permission from the landowner is still required prior to the harvesting of huckleberries.

(d) Except for the harvesting of Christmas trees, the permit or true copy thereof must be carried by the permittee and the permittee's agents and be available for inspection at all times. For the harvesting of Christmas trees only a single permit or true copy thereof is necessary to be available at the harvest site.

Sec. 3. RCW 76.48.060 and 2005 c 401 s 3 are each amended to read as follows:

(1) A specialized forest products permit validated by the county sheriff shall be obtained by a person prior to:

(a) Harvesting from any lands, including his or her own, more than five Christmas trees, more than five native ornamental trees or shrubs, more than five pounds of cut or picked evergreen foliage, any cedar products, cedar salvage, processed cedar products, or more than five pounds of Cascara bark, or more than five United States gallons of a single species of wild edible mushroom; or

(b) Selling, or offering for sale, any amount of raw or unprocessed huckleberries.

(2) Specialized forest products permit forms shall be provided by the department of natural resources, and shall be made available through the office of the county sheriff to permittees or ((permittors [permittees])) permittees in reasonable quantities. A permit form shall be completed in triplicate for each ((permittor [permitter])) permittee's property on which a permittee harvests specialized forest products. A properly completed permit form shall be mailed or presented for validation to the sheriff of the county in which the specialized forest products are to be harvested.

(3) Before a permit form is validated by the sheriff, sufficient personal identification may be required to reasonably identify the person mailing or presenting the permit form and the sheriff may conduct other investigations as deemed necessary to determine the validity of the information alleged on the form. When the sheriff is reasonably satisfied as to the truth of the information, the form shall be validated with the sheriff's validation stamp.

(4) Upon validation, the form shall become the specialized forest products permit authorizing the harvesting, possession, or transportation of specialized forest products and the sale of huckleberries, subject to any other conditions or limitations which the ((permittor [permitter])) permittee may specify. Two copies of the permit shall be given or mailed to the ((permittor [permitter])) permittee, or one copy shall be given or mailed to the ((permittor [permitter])) permittee and the other copy given or mailed to the permittee. The original permit shall be retained in the office of the county sheriff validating the permit.

(5) In the event a single land ownership is situated in two or more counties, a specialized forest product permit shall be completed as to the land situated in each county.

(6) While engaged in harvesting of specialized forest products, permittees, or their agents or employees, must have readily available at each harvest site a valid permit or true copy of the permit.

Sec. 4. RCW 76.48.085 and 2005 c 401 s 6 are each amended to read as follows:

(1) Buyers who purchase specialized forest products or huckleberries are required to record:

((++)) (a) The permit number;

((++) (b) The type of forest product purchased, and whether huckleberries were purchased;

((++) (c) The permit holder's name; and

((++) (d) The amount of forest product or huckleberries purchased.

(2) The buyer or processor shall keep a record of this information for a period of one year from the date of purchase and must make the records available for inspection upon demand by authorized enforcement officials.

(3) The buyer of specialized forest products must record the license plate number of the vehicle transporting the forest products or huckleberries on the bill of sale, as well as the seller's permit number on the bill of sale. This section shall not apply to transactions involving Christmas trees.

(4) This section shall not apply to buyers of specialized forest products at the retail sales level.

Sec. 5. RCW 76.48.086 and 1995 c 366 s 16 are each amended to read as follows:

Records of buyers of specialized forest products and huckleberries collected under the requirements of RCW 76.48.085 may be made available to colleges and universities for the purpose of research.

Sec. 6. RCW 76.48.110 and 2005 c 401 s 11 are each amended to read as follows:

(1) Whenever any law enforcement officer has probable cause to believe that a person is harvesting or is in possession of or transporting specialized forest products, or selling or attempting to sell huckleberries, in violation of the provisions of this chapter, he or she may, at the time of making an arrest, seize and take possession of any specialized forest products or huckleberries found. If the specialized forest product is a cedar product, cedar salvage, or...
specialty wood, at the time of making an arrest the law enforcement officer may seize and take possession of any equipment, vehicles, tools, or paperwork. The law enforcement officer shall provide reasonable protection for the equipment, vehicles, tools, paperwork, or specialized forest products involved during the period of litigation or he or she shall dispose of the equipment, vehicles, tools, paperwork, or specialized forest products at the discretion or order of the court before which the arrested person is ordered to appear.

(2) Upon any disposition of the case by the court, the court shall make a reasonable effort to return the equipment, vehicles, tools, paperwork, huckleberries, or specialized forest products to its rightful owner or pay the proceeds of any sale of specialized forest products or huckleberries less any reasonable expenses of the sale to the rightful owner. If for any reason, the proceeds of the sale cannot be disposed of to the rightful owner, the proceeds, less the reasonable expenses of the sale, shall be paid to the treasurer of the county in which the violation occurred. The county treasurer shall deposit the same in the county general fund. The return of the equipment, vehicles, tools, paperwork, or specialized forest products or the payment of the proceeds of any sale of products seized to the owner shall not preclude the court from imposing any fine or penalty upon the violator for the violation of the provisions of this chapter.

Sec. 7. RCW 76.48.120 and 2003 c 53 s 373 are each amended to read as follows:

(1) It is unlawful for any person, upon official inquiry, investigation, or other authorized proceedings, to offer as genuine any paper, document, or other instrument in writing pertaining to, or the sale of, a specialized forest products permit, true copy thereof, authorization, sales invoice, or bill of lading, or to make any representation of authority to possess or conduct harvesting or transporting of specialized forest products, or the sale of huckleberries, knowing the same to be in any manner false, fraudulent, forged, or stolen.

(2) Any person who knowingly or intentionally violates this section is guilty of a class C felony punishable by imprisonment in a state correctional institution for a maximum term fixed by the court of not more than five years or by a fine of not more than five thousand dollars, or by both imprisonment and fine.

(3) Whenever any law enforcement officer reasonably suspects that a specialized forest products permit or true copy thereof, authorization, sales invoice, or bill of lading is forged, fraudulent, or stolen, it may be retained by the officer until its authenticity can be verified.

Sec. 8. RCW 76.48.200 and 1995 c 366 s 17 are each amended to read as follows:

Minority groups have long been participants in the specialized forest products and huckleberry harvesting industry. The legislature encourages agencies serving minority communities, community-based organizations, refugee centers, social service agencies, agencies and organizations with expertise in the specialized forest products and huckleberry harvesting industry, and other interested groups to work cooperatively to accomplish the following purposes:

(1) To provide assistance and make referrals on translation services and to assist in translating educational materials, laws, and rules regarding specialized forest products and huckleberries;

March 4, 2008

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 2781 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The study of the state's history and government is vital to providing a well-rounded education to students. It is important for students to have a firm understanding of where we have come from as a state and the institutions that guide and serve citizens of the state. It is equally important to provide students with context for the information that enables them to apply it to the present and future, with an understanding of Washington's place in our country and the broader global community.

The legislature finds that the current high school graduation requirements for coursework in Washington state history and government should be enhanced to ensure students understand the complex issues of today's world and Washington's place in the global community. It is therefore the intent of the legislature to modernize high school graduation requirements for coursework in Washington state history and government.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.230 RCW to read as follows: Beginning with the 2009-10 school year, school districts shall ensure that any course in Washington state history and government offered to fulfill high school requirements includes, but is not limited to, the following content:

(1) Commerce in Washington state and Washington's place in a global economy;
(2) The Constitution of the state of Washington and Washington state politics. Educators are encouraged to incorporate instruction on the meaning and history of the pledge of allegiance into existing coursework on state politics. The superintendent of public instruction shall adopt rules to provide guidance for complying with this subsection;
(3) Washington state geography; and

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 2887 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 41.40.124 and 2007 c 123 s 1 are each amended to read as follows:

(1) Between January 1, 2007, and December 31, 2007, a member of plan 1 or plan 2 employed as a supreme court justice, court of appeals judge, or superior court judge may make a one-time irrevocable election, filed in writing with the member's employer, the department, and the administrative office of the courts, to accrue an additional benefit equal to one and one-half percent of average final compensation for each year of future service credit from the date of the election in lieu of future employee and employer contributions to the judicial retirement account plan under chapter 2.14 RCW.

(2)(a) A member who (chooses to make) made the election under subsection (1) of this section may apply, at the time of filing a written application for retirement with the department, to the department to increase the member's benefit multiplier by an additional one and one-half percent per year of service for the period in which the member served as a justice or judge prior to the election. The member may purchase, beginning with the most recent judicial service, the higher benefit multiplier for ((up to seventy percent of)) that portion of the member's prior judicial service for which the higher benefit multiplier was not previously purchased, and that would ensure that the member has no more than a seventy-five percent of average final compensation benefit ((secured by age sixty-four for members of plan 1, and age sixty-six for members of plan 2)). The member shall pay five percent of the salary earned for each month of service for which the higher benefit multiplier is being purchased, plus ((interest as determined by the director)) five and one-half percent interest applied from the dates that the service was earned. The purchase price shall not exceed the actuarially equivalent value of the increase in the member's benefit resulting from the increase in the benefit multiplier. This payment must be made prior to retirement (and prior to December 31, 2007). After December 31, 2007, a member may purchase the higher benefit multiplier for any of the member's prior judicial service at the actuarially equivalent value of the increase in the member's benefit resulting from the increase in the benefit multiplier, as determined by the director. The member shall pay, for the applicable period of service, the actuarially equivalent value of the increase in the member's benefit resulting from the increase in the benefit multiplier as determined by the director.

(b) From January 1, 2009, through June 30, 2009, the following members may apply to the department to increase their benefit multiplier by an additional one and one-half percent per year of service for the period in which they served as a justice or judge:

The member shall pay, for the applicable period of service, the actuarially equivalent value of the increase in the member's benefit resulting from the increase in the benefit multiplier as determined by the director.

(c) Subject to rules adopted by the department, a member applying to increase the member's benefit multiplier under this section may pay all or part of the cost with a lump sum payment, eligible rollover, direct rollover, or trustee-to-trustee transfer from an eligible retirement plan. The department shall adopt rules to ensure that all lump sum payments, rollovers, and transfers comply with the requirements of the internal revenue code and regulations adopted by the internal revenue service. The rules adopted by the department may condition the acceptance of a rollover or transfer from another plan on the receipt of information necessary to enable the department to determine the eligibility of any transferred funds for tax-free rollover treatment or other treatment under federal income tax law.

MESSAGE FROM THE SENATE

March 4, 2008

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2963 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature acknowledges the ability of student employees who provide instructional, research, and related academic services at the University of Washington to collectively bargain and recognizes that student employees performing equivalent services at Washington State University do not enjoy collective bargaining rights. The legislature further recognizes that while the titles of the student employees may differ between the two institutions, student employees at Washington State University should enjoy the same collective bargaining rights as their counterparts at the University of Washington. The legislature therefore intends to grant bargaining rights to student employees at Washington State University to the same extent such rights are granted to student employees at the University of Washington.

(2) This act is intended to promote cooperative labor relations between Washington State University and the employees who provide instructional, research, and related academic services, and who are enrolled as students at the university by extending collective bargaining rights under chapter 41.56 RCW and using the orderly procedures administered by the public employment relations commission. To achieve this end, the legislature intends that under chapter 41.56 RCW the university will exclusively bargain in good faith over all matters within the scope of bargaining under section 2 of this act.

(3) The legislature recognizes the importance of the shared governance practices developed at Washington State University. The legislature does not intend to restrict, limit, or prohibit the exercise of the functions of the faculty in any shared governance
mechanisms or practices, including the faculty senate, faculty councils, and faculty codes of Washington State University, nor does the legislature intend to restrict, limit, or prohibit the exercise of the functions of the graduate and professional student association, the associated students of Washington State University, or any other student organization in matters outside the scope of bargaining covered by chapter 41.56 RCW.

(4) The legislature intends that nothing in this act will restrict, limit, or prohibit Washington State University from consideration of the merits, necessity, or organization of any program, activity, or service established by Washington State University, including, but not limited to, any decision to establish, modify, or discontinue any such program, activity, or service. The legislature further intends that nothing in this act will restrict, limit, or prohibit Washington State University from having sole discretion over admission requirements for students, criterion for the award of certificates and degrees to students, academic selection for employees covered by this act, initial appointment of students, and the content, conduct, and supervision of courses, curricula, grading requirements, and research programs.

(5) The legislature does not intend to limit the matters excluded from collective bargaining to those items specified in section 2 of this act.

NEW SECTION. Sec. 2. A new section is added to chapter 41.56 RCW to read as follows:

(1) In addition to the entities listed in RCW 41.56.020, this chapter applies to Washington State University with respect to employees who are enrolled in an academic program and are in a classification in (a) through (g) of this subsection on any Washington State University campus. The employees in (a) through (g) of this subsection constitute an appropriate bargaining unit:

(a) Graduate teaching assistant;
(b) Graduate staff assistant;
(c) Graduate project assistant;
(d) Graduate veterinary assistant;
(e) Tutor, reader, and graders in all academic units and tutoring centers;

(f) Except as provided in this subsection (1)(f), graduate research assistant. The employees that constitute an appropriate bargaining unit under this subsection (1) do not include graduate research assistants who are performing research primarily related to their dissertation and who have incidental or no service expectations placed upon them by the university; and

(g) All employees enrolled in an academic program whose duties and responsibilities are substantially equivalent to those employees in (a) through (f) of this subsection.

(2)(a) The scope of bargaining for employees at Washington State University under this section excludes:

(i) The ability to terminate the employment of any individual if the individual is not meeting academic requirements as determined by Washington State University;

(ii) The amount of tuition or fees at Washington State University. However, tuition and fee remission and waiver is within the scope of bargaining;

(iii) The academic calendar of Washington State University; and

(iv) The number of students to be admitted to a particular class or class section at Washington State University.

(b)(i) Except as provided in (b)(ii) of this subsection, provisions of collective bargaining agreements relating to compensation must not exceed the amount or percentage established by the legislature in the appropriations act. If any compensation provision is affected by subsequent modification of the appropriations act by the legislature, both parties must immediately enter into collective bargaining for the sole purpose of arriving at a mutually agreed upon replacement for the affected provision.

(ii) Washington State University may provide additional compensation to student employees covered by this section that exceeds that provided by the legislature.

NEW SECTION. Sec. 3. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2008, in the omnibus appropriations act, this act is null and void.

On page 1, line 2 of the title, after "programs;" strike the remainder of the title and insert "adding a new section to chapter 41.56 RCW; and creating new sections." and the same is herewith transmitted.

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 3166 with the following amendment:

Strike everything after the enacting clause and insert the following:
"NEW SECTION. See 1. The legislature finds that, according to a recent report from a consultant retained by the state board of education, end-of-course assessments have certain advantages over comprehensive assessments such as the current form of the Washington assessment of student learning, and in most other areas end-of-course assessments are comparable to comprehensive assessments in meeting public policy objectives for a statewide assessment system. The legislature further finds that because the state’s assessment contract will be renegotiated before the end of 2008, the 2008 legislature has an opportunity to provide policy direction in the design of the state assessment system and the design of the Washington assessment of student learning.

Sec. 2. RCW 28A.655.070 and 2007 c 354 s 5 are each amended to read as follows:

(1) The superintendent of public instruction shall develop essential academic learning requirements that identify the knowledge and skills all public school students need to know and be able to do based on the student learning goals in RCW 28A.150.210, develop student assessments, and implement the accountability recommendations and requests regarding assistance, rewards, and recognition of the state board of education.

(2) The superintendent of public instruction shall:

(a) Periodically revise the essential academic learning requirements, as needed, based on the student learning goals in RCW 28A.150.210. Goals one and two shall be considered primary. To the maximum extent possible, the superintendent shall integrate goal four and the knowledge and skill areas in the other goals in the essential academic learning requirements; and

(b) Review and prioritize the essential academic learning requirements and identify, with clear and concise descriptions, the grade level content expectations to be assessed on the Washington assessment of student learning and used for state or federal accountability purposes. The review, prioritization, and identification shall result in more focus and targeting with an emphasis on depth over breadth in the number of grade level content expectations assessed at each grade level. Grade level content expectations shall be articulated over the grades as a sequence of expectations and performances that are logical, build with increasing depth after foundational knowledge and skills are acquired, and reflect, where appropriate, the sequential nature of the discipline.

The office of the superintendent of public instruction, within seven working days, shall post on its web site any grade level content expectations provided to an assessment vendor for use in constructing the Washington assessment of student learning.

(3) (a) In consultation with the state board of education, the superintendent of public instruction shall maintain and continue to develop and revise a statewide academic assessment system in the content areas of reading, writing, mathematics, and science for use in the elementary, middle, and high school years designed to determine if each student has mastered the essential academic learning requirements identified in subsection (1) of this section. School districts shall administer the assessments under guidelines adopted by the superintendent of public instruction. The academic assessment system may include a variety of assessment methods, including criterion-referenced and performance-based measures.

(b) Effective with the 2009 administration of the Washington assessment of student learning, the superintendent shall redesign the assessments in the content areas of reading, mathematics, and science in all grades except high school by shortening test administration and reducing the number of short answer and extended response questions.

(4) If the superintendent proposes any modification to the essential academic learning requirements or the statewide assessments, then the superintendent shall, upon request, provide opportunities for the education committees of the house of representatives and the senate to review the assessments and proposed modifications to the essential academic learning requirements before the modifications are adopted.

(5) The assessment system shall be designed so that the results under the assessment system are used by educators as tools to evaluate instructional practices, and to indicate appropriate educational support for students who have not mastered the essential academic learning requirements at the appropriate periods in the student’s educational development.

(6) By September 2007, the results for reading and mathematics shall be reported in a format that will allow parents and teachers to determine the academic gain a student has acquired in those content areas from one school year to the next.

(7) To assist parents and teachers in their efforts to provide educational support to individual students, the superintendent of public instruction shall provide as much individual student performance information as possible within the constraints of the assessment system's item bank. The superintendent shall also provide to school districts:

(a) Information on classroom-based and other assessments that may provide additional achievement information for individual students; and

(b) A collection of diagnostic tools that educators may use to evaluate the academic status of individual students. The tools shall be designed to be inexpensive, easily administered, and quickly and easily scored, with results provided in a format that may be easily shared with parents and students.

(8) To the maximum extent possible, the superintendent shall integrate knowledge and skill areas in development of the assessments.

(9) Assessments for goals three and four of RCW 28A.150.210 shall be integrated in the essential academic learning requirements and assessments for goals one and two.

(10) The superintendent shall develop assessments that are directly related to the essential academic learning requirements, and are not biased toward persons with different learning styles, racial or ethnic backgrounds, or on the basis of gender.

(11) The superintendent shall consider methods to address the unique needs of special education students when developing the assessments under this section.

(12) The superintendent shall consider methods to address the unique needs of highly capable students when developing the assessments under this section.

(13) The superintendent shall post on the superintendent's web site lists of resources and model assessments in social studies, the arts, and health and fitness.

NEW SECTION. See 3. A new section is added to chapter 28A.655 RCW to read as follows:

(1) In consultation with the state board of education, the superintendent of public instruction shall develop statewide end-of-course assessments for high school mathematics that measure student achievement in the essential academic standards. The superintendent shall take steps to ensure that the language of the assessments is responsive to a diverse student population. The superintendent shall develop end-of-course assessments in algebra I, geometry, integrated mathematics I, and integrated mathematics II. The superintendent shall make the algebra I and integrated mathematics I end-of-course assessments available to school districts on an optional basis in the 2009-10 school year. The end-of-course assessments in algebra I, geometry, integrated mathematics I, and integrated mathematics II shall be implemented statewide in the 2010-11 school year.

(2) For the graduating class of 2013 and for purposes of the certificate of academic achievement under RCW 28A.655.061, results from the algebra I end-of-course assessment plus the integrated mathematics I end-of-course assessment or results from the integrated mathematics I end-of-course assessment plus the integrated mathematics II end-of-course assessment may be used to demonstrate that a student meets the state standard on the mathematics content area of the high school Washington assessment of student learning.

(3) Beginning with the graduating class of 2014 and for purposes of the certificate of academic achievement under RCW 28A.655.061, the mathematics content area of the Washington assessment of student learning shall be assessed using either the algebra I end-of-course assessment plus the geometry end-of-course assessment or the integrated mathematics I end-of-course assessment plus the integrated mathematics II end-of-course assessment. All of the objective alternative assessments available to students under RCW 28A.655.061 and 28A.655.065 shall be available to any

(a) Beaches or near shore areas located within at least one mile of a ferry terminal that are in a county with a population of one million or more residents; and
(b) Beaches or near shore areas in a city that meets the following:
(i) Is adjacent to Puget Sound;
(ii) Has at least eighty-five thousand residents;
(iii) Shares a common boundary with a neighboring county; and
(iv) Is in a county with a population of one million or more residents.

Sec. 3. RCW 36.61.020 and 2000 c 184 s 5 are each amended to read as follows:
Any county may create lake or beach management districts to finance the improvement and maintenance of lakes or beaches located within or partially within the boundaries of the county. All or a portion of a lake or beach and the adjacent land areas may be included within one or more lake or beach management districts. More than one lake or beach, or portions of lakes or beaches, and the adjacent land areas may be included in a single lake or beach management district.

Special assessments or rates and charges may be imposed on the property included within a lake or beach management district to finance lake or beach improvement and maintenance activities, including: (1) Controlling or removing aquatic plants and vegetation; (2) improving water quality; (3) Controlling water levels; (4) treating and diverting storm water; (5) controlling agricultural practices; (6) studying lake or marine water quality problems and solutions; (7) cleaning and maintaining ditches and streams entering the lake or marine waters or leaving the lake; (8) monitoring air quality; and (9) the related administrative, engineering, legal, and operational costs, including the costs of creating the lake or beach management district.

Special assessments or rates and charges may be imposed annually on all the land in a lake or beach management district for the duration of the lake or beach management district without a related issuance of lake or beach management district bonds or revenue bonds. Special assessments also may be imposed in the manner of special assessments in a local improvement district with each landowner being given the choice of paying the entire special assessment in one payment, or to paying installments, with lake or beach management district bonds being issued to obtain moneys not derived by the initial full payment of the special assessments, and the installments covering all of the costs related to issuing, selling, and redeeming the lake or beach management district bonds.

Sec. 4. RCW 36.61.025 and 2000 c 184 s 4 are each amended to read as follows:
To improve the ability of counties to finance long-term lake or beach management objectives, lake or beach management districts may be created for any needed period of time.

Sec. 5. RCW 36.61.030 and 1987 c 432 s 3 are each amended to read as follows:
A lake or beach management district may be initiated upon either the adoption of a resolution of intention by a county legislative authority or the filing of a petition signed by ten landowners or the owners, or their duly authorized agents, of at least twenty percent of the acreage contained within the proposed lake or beach management district, whichever is greater. A petition or resolution of intention shall set forth: (1) The nature of the lake or beach improvement or maintenance activities proposed to be financed; (2) the amount of money proposed to be raised by special assessments or rates and charges; (3) if special assessments are to be imposed, whether the special assessments will be imposed annually for the duration of the lake or beach management district, or the full special assessments will be imposed at one time, with the possibility of installments being made to finance the issuance of lake or beach management district bonds, or both methods; (4) if rates and charges are to be imposed, the annual amount of revenue proposed to be collected and whether revenue bonds payable from the rates and charges are proposed to be issued; (5) the number of years proposed for the duration of the lake or beach management district; and (6) the proposed boundaries of the lake or beach management district.

The county legislative authority may require the posting of a bond of up to five thousand dollars before the county considers the proposed creation of a lake or beach management district initiated by petition. The bond may only be used by the county to finance its costs in studying, holding hearings, preparing notices, preparing special assessment rolls or rolls showing the rates and charges on each parcel, and conducting elections related to the lake or beach management district if the proposed lake or beach management district is not created.

A resolution of intention shall also designate the number of the proposed lake or beach management district, and fix a date, time, and place for a public hearing on the formation of the proposed lake or beach management district. The date for the public hearing shall be at least thirty days and no more than ninety days after the adoption of the resolution of intention unless an emergency exists.

Petitions shall be filed with the county legislative authority. The county legislative authority shall determine the sufficiency of the signatures, which shall be conclusive upon all persons. No person may withdraw his or her name from a petition after it is filed. If the county legislative authority determines a petition to be sufficient and the proposed lake or beach management district appears to be in the public interest and the financing of the lake or beach improvement or maintenance activities is feasible, it shall adopt a resolution of intention, setting forth all of the details required to be included when a resolution of intention is initiated by the county legislative authority.

Sec. 6. RCW 36.61.040 and 1994 c 264 s 9 are each amended to read as follows:
Notice of the public hearing shall be published in at least two consecutive issues of a newspaper of general circulation in the proposed lake or beach management district, the date of the first publication to be at least fifteen days prior to the date fixed for the public hearing by the resolution of intention. Notice of the public hearing shall also be given to the owner or reputed owner of any lot, tract, parcel of land, or other property within the proposed lake or beach management district by mailing the notice at least fifteen days before the date fixed for the public hearing to the owner or reputed owner of the property as shown on the tax rolls of the county assessor at the address shown thereon. Notice of the public hearing shall also be mailed to the departments of fish and wildlife, natural resources, and ecology at least fifteen days before the date fixed for the public hearing.

Notices of the public hearing shall: (1) Refer to the resolution of intention; (2) designate the proposed lake or beach management district by number; (3) set forth a proposed plan describing: (a) The nature of the proposed lake or beach improvement or maintenance activities; (b) the amount of special assessments or rates and charges proposed to be raised by the lake or beach management district; (c) if special assessments are proposed to be imposed, whether the special assessments will be imposed annually for the duration of the lake or beach management district, or the full special assessments will be payable at one time, with the possibility of periodic installments being paid and lake or beach management bonds being issued, or both; (d) if rates and charges are proposed to be imposed, the annual amount of revenue proposed to be collected and whether revenue bonds payable from the rates and charges are proposed to be issued; and (e) the proposed duration of the lake or beach management district; and (4) indicate the date, time, and place of the public hearing designated in the resolution of intention.

In the case of the notice sent to each owner or reputed owner by mail, the notice shall set forth the estimated amount of the cost of the lake or beach improvement or maintenance activities to be borne by special assessment, or annual special assessments, or rates and charges on the lot, tract, parcel of land, or other property owned by the owner or reputed owner.

If the county legislative authority has designated a committee of itself or an officer to hear complaints and make recommendations to the full county legislative authority, as provided in RCW 36.61.060, the notice shall also describe this additional step before
the full county legislative authority may adopt a resolution creating the lake or beach management district.

Sec. 7. RCW 36.61.050 and 1994 c 264 § 10 are each amended to read as follows:

The county legislative authority shall hold a public hearing on the proposed lake or beach management district at the date, time, and place designated in the resolution of intention.

At this hearing the county legislative authority shall hear objections from any person affected by the formation of the lake or beach management district. Representatives of the departments of fish and wildlife, natural resources, and ecology shall be afforded opportunities to make presentations on and comment on the proposal. Members of the public shall be afforded an opportunity to comment on the proposal. The county legislative authority must consider recommendations provided to it by the departments of fish and wildlife, natural resources, and ecology. The public hearing may be extended to other times and dates declared at the public hearing.

The county legislative authority may make such changes in the boundaries of the lake or beach management district or such modifications in plans for the proposed lake or beach improvement or maintenance activities as it deems necessary. The county legislative authority may not change boundaries of the lake or beach management district to include property that was not included previously without first passing an amended resolution of intention and giving new notice to the owners or reputed owners of property newly included in the proposed lake or beach management district in the manner and form and within the time provided for the original notice. The county legislative authority shall not alter the plans for the proposed lake or beach improvement or maintenance activities to result in an increase in the amount of money proposed to be raised, and shall not increase the amount of money proposed to be raised, without first passing an amended resolution of intention and giving new notice to property owners in the manner and form and within the time provided for the original notice.

Sec. 8. RCW 36.61.060 and 1985 c 398 § 10 are each amended to read as follows:

A county legislative authority may adopt an ordinance providing for a committee of itself, or an officer, to hold public hearings on the proposed formation of a lake or beach management district and hear objections to the proposed formation as provided in RCW 36.61.050. The committee or officer shall make a recommendation to the full legislative authority, which need not hold a public hearing on the proposed creation of the lake or beach management district. The full county legislative authority by resolution may approve or disapprove the recommendation and submit the question of creating the lake or beach management district to the property owners as provided in RCW 36.61.060 through 36.61.100.

Sec. 9. RCW 36.61.070 and 1987 c 432 § 5 are each amended to read as follows:

After the public hearing, the county legislative authority may adopt a resolution submitting the question of creating the lake or beach management district to the owners of land within the proposed lake or beach management district, including publicly owned land, if the county legislative authority finds that it is in the public interest to create the lake or beach management district and the financing of the lake or beach improvement and maintenance activities is feasible. The resolution shall also include: (1) A plan describing the proposed lake or beach improvement and maintenance activities which avoid adverse impacts on fish and wildlife and provide for appropriate measures to protect and enhance fish and wildlife; (2) the number of years the lake or beach management district will exist; (3) the amount to be raised by special assessments or rates and charges; (4) if special assessments are to be imposed, whether the special assessments shall be imposed annually for the duration of the lake or beach management district or only once with the possibility of installments being imposed and lake or beach management bonds being issued, or both, and, if both types of special assessments are proposed to be imposed, the lake or beach improvement or maintenance activities proposed to be financed by each type of special assessment; (5) if rates and charges are to be imposed, a description of the rates and charges and the possibility of revenue bonds being issued that are payable from the rates and charges; and (6) the estimated special assessment or rate and charge proposed to be imposed on each parcel included in the proposed lake or beach management district.

No lake or beach management district may be created by a county that includes territory located in another county without the approval of the legislative authority of the other county.

Sec. 10. RCW 36.61.080 and 1987 c 432 § 6 are each amended to read as follows:

(1) A ballot shall be mailed to each owner or reputed owner of any lot, tract, parcel of land, or other property within the proposed lake management district, including publicly owned land, which ballot shall contain the following proposition:

"Shall lake management district No. . . . be formed?

Yes . . . . . . .

No . . . . . . ."

(2) A ballot shall be mailed to each owner or reputed owner of any lot, tract, parcel of land, or other property within the proposed beach management district, including publicly owned land, which ballot shall contain the following proposition:

"Shall beach management district No. . . . be formed?

Yes . . . . . . .

No . . . . . . ."

(3) In addition, the ballot shall contain appropriate spaces for the signatures of the landowner or landowners, or officer authorized to cast such a ballot. Each ballot shall include a description of the property owner’s property and the estimated special assessment, or rate and charge, proposed to be imposed upon the property. A copy of the instructions and the resolution submitting the question to the landowners shall also be included.

Sec. 11. RCW 36.61.090 and 1987 c 432 § 7 are each amended to read as follows:

The balloting shall be subject to the following conditions, which shall be included in the instructions mailed with each ballot, as provided in RCW 36.61.080: (1) All ballots must be signed by the owner or reputed owner of property according to the assessor’s tax rolls; (2) each ballot must be returned to the county legislative authority not later than ((5:00 p.m. of a specified day, which shall be at least twenty but not more than thirty days after the ballots are mailed; (3) each property owner shall mark his or her ballot for or against the creation of the proposed lake or beach management district, with the ballot weighted so that the property owner has one vote for each dollar of estimated special assessment or rate and charge proposed to be imposed on his or her property; and (4) the valid ballots shall be tabulated and a simple majority of the votes cast shall determine whether the proposed lake or beach management district shall be approved or rejected.

Sec. 12. RCW 36.61.100 and 1987 c 432 § 8 are each amended to read as follows:

If the proposal receives a simple majority vote in favor of creating the lake or beach management district, the county legislative authority shall adopt an ordinance creating the lake or beach management district and may proceed with establishing the special assessments or rates and charges, collecting the special assessments or rates and charges, and performing the lake or beach improvement or maintenance activities. If a proposed lake management district includes more than one lake and its adjacent areas, the lake management district may only be established if the proposal receives a simple majority vote in favor of creating it by the voters on each lake and its adjacent areas. The county legislative authority shall publish a notice in a newspaper of general circulation in a lake or beach management district indicating that such an ordinance has been adopted within ten days of the adoption of the ordinance.
The ballots shall be available for public inspection after they are counted.

**Sec. 13.** RCW 36.61.110 and 1985 c 398 s 11 are each amended to read as follows:

No lawsuit may be maintained challenging the jurisdiction or authority of the county legislative authority to proceed with the lake or beach improvement and maintenance activities and creating the lake or beach management district or in any way challenging the validity of the actions or decisions or any proceedings relating to the actions or decisions unless the lawsuit is served and filed no later than forty days after publication of a notice that the ordinance has been adopted ordering the lake or beach improvement and maintenance activities and creating the lake or beach management district. Written notice of the appeal shall be filed with the county legislative authority and clerk of the superior court in the county in which the property is situated.

**Sec. 14.** RCW 36.61.115 and 1987 c 432 s 9 are each amended to read as follows:

A special assessment, or rate and charge, on any lot, tract, parcel of land, or other property shall not be increased beyond one hundred percent of the estimated special assessment, or rate and charge, proposed to be imposed as provided in the resolution adopted in RCW 36.61.070, unless the creation of a lake or beach management district is approved under another mailed ballot election that reflects the weighted voting arising from such increases.

**Sec. 15.** RCW 36.61.120 and 1985 c 398 s 12 are each amended to read as follows:

After a lake or beach management district is created, the county shall prepare a proposed special assessment roll. A separate special assessment roll shall be prepared for annual special assessments if both annual special assessments and special assessments paid at one time are imposed. The proposed special assessment roll shall list: (1) Each separate lot, tract, parcel of land, or other property in the lake or beach management district; (2) the acreage of such property, and the number of feet of lake or beach frontage, if any; (3) the name and address of the owner or reputed owner of each lot, tract, parcel of land, or other property as shown on the tax rolls of the county assessor; and (4) the special assessment proposed to be imposed on each lot, tract, parcel of land, or other property, or the annual special assessments proposed to be imposed on each lot, tract, parcel of land, or other property.

At the time, date, and place fixed for a public hearing, the county legislative authority shall act as a board of equal and a court of appeal in hearing objections to the special assessment roll, and at the times to which the public hearing may be adjourned, the county legislative authority may correct, revise, raise, lower, change, or modify the special assessment roll or any part thereof, or set the proposed special assessment roll aside and order a new proposed special assessment roll to be prepared. The county legislative authority shall confirm and approve a special assessment roll by adoption of a resolution.

If a proposed special assessment roll is amended to raise any special assessment appearing thereon or to include omitted property, a new public hearing shall be held. The new public hearing shall be limited to considering the increased special assessments or omitted property. Notices shall be sent to the owners or reputed owners of the affected property in the same manner and form and within the time provided for the original notice.

Objections to a proposed special assessment roll must be made in writing, shall clearly state the grounds for objections, and shall be filed with the governing body prior to the public hearing. Objections to a special assessment or annual special assessments that are not made as provided in this section shall be deemed waived and shall not be considered by the governing body or a court on appeal.

**Sec. 16.** RCW 36.61.140 and 1985 c 398 s 14 are each amended to read as follows:

Notice of the original public hearing on the proposed special assessment roll, and any public hearing held as a result of raising special assessments or including omitted property, shall be published and mailed to the owner or reputed owner of the property as provided in RCW 36.61.040 for the public hearing on the formation of the lake or beach management district. However, the notice need only provide the total amount to be collected by the special assessment roll and shall state that: (1) A public hearing on the proposed special assessment roll will be held, giving the time, date, and place of the public hearing; (2) the proposed special assessment roll is available for public perusal, giving the times and location where the proposed special assessment roll is available for public perusal; (3) objections to the proposed special assessment must be in writing, include clear grounds for objections, and must be filed prior to the public hearing; and (4) failure to so object shall be deemed to waive an objection.

Notices mailed to the owners or reputed owners shall additionally indicate the amount of special assessment ascribed to the particular lot, tract, parcel of land, or other property owned by the person so notified.

**Sec. 17.** RCW 36.61.160 and 1987 c 432 s 10 are each amended to read as follows:

Whenever special assessments are imposed, all property included within a lake or beach management district shall be considered to be the property specially benefited by the lake or beach improvement or maintenance activities and shall be the property upon which special assessments are imposed to pay the costs and expenses of the lake or beach improvement or maintenance activities, or such part of the costs and expenses as may be chargeable against the property specially benefited. The special assessments shall be imposed on property in accordance with the special benefits conferred on the property up to but not in excess of the total costs and expenses of the lake or beach improvement or maintenance activities as provided in the special assessment roll.

Special assessments may be measured by front footage, acreage, the extent of improvements on the property, or any other factors that are deemed to fairly reflect special benefits, including those authorized under RCW 35.51.030. Special assessments may be calculated by using more than one factor. Zones around the public improvement may be used that reflect different levels of benefit in each zone that are measured by a front footage, acreage, the extent of improvements, or other factors.

Public property, including property owned by the state of Washington, shall be subject to special assessments to the same extent that private property is subject to the special assessments, except no lien shall extend to public property.

**Sec. 18.** RCW 36.61.170 and 1985 c 398 s 17 are each amended to read as follows:

The total annual special assessments may not exceed the estimated cost of the lake or beach improvement or maintenance activities proposed to be financed by such special assessments, as specified in the resolution of intention. The total of special assessments imposed in a lake or beach management district that are of the nature of special assessments imposed in a local improvement district shall not exceed one hundred fifty percent of the estimated total cost of the lake or beach improvement or maintenance activities that are proposed to be financed by the lake or beach management district as specified in the resolution of intention. After a lake or beach management district has been created, the resolution of intention may be amended to increase the amount to be financed by the lake or beach management district by using the same procedure in which a lake or beach management district is created.

**Sec. 19.** RCW 36.61.190 and 1985 c 398 s 19 are each amended to read as follows:

Special assessments and installments on any special assessment shall be collected by the county treasurer.

The county treasurer shall publish a notice indicating that the special assessment roll has been confirmed and that the special assessments are to be collected. The notice shall indicate the duration of the lake or beach management district and shall describe whether the special assessments will be paid in annual payments for the duration of the lake or beach management district, or whether the full special assessments will be payable at one time, with the
possibility of periodic installments being paid and lake or beach management bonds being issued, or both.

If the special assessments are to be payable at one time, the notice additionally shall indicate that all or any portion of the special assessments may be paid within thirty days from the date of publication of the first notice without penalty or interest. This notice shall be published in a newspaper of general circulation in the lake or beach management district.

Within ten days of the first newspaper publication, the county treasurer shall notify each owner or reputed owner of property whose name appears on the special assessment roll, at the address shown on the special assessment roll, for each item of property described on the list: (1) Whether one special assessment payable at one time or special assessments payable annually have been imposed; (2) the amount of the property subject to the special assessment or annual special assessments; and (3) the total amount of the special assessment due at one time, or annual amount of special assessments due. If the special assessment is due at one time, the notice shall also describe the thirty-day period during which the special assessment may be paid without penalty, interest, or cost.

Sec. 20. RCW 36.61.200 and 1985 c 398 s 20 are each amended to read as follows:

If the special assessments are to be payable at one time, all or any portion of any special assessment may be paid without interest, penalty, or costs during this thirty-day period and placed into a special fund to defray the costs of the lake or beach improvement or maintenance activities. The remainder shall be paid in installments as provided in a resolution adopted by the county legislative authority, but the last installment shall be due at least two years before the maximum term of the bonds issued to pay for the improvements or maintenance. The installments shall include amounts sufficient to redeem the bonds issued to pay for the lake or beach improvement and maintenance activities. A twenty-day period shall be allowed after the due date of any installment within which interest, penalty, or costs on the installment may be imposed.

The county shall establish by ordinance an amount of interest that will be imposed on late special assessments imposed annually or at once, and on installments of a special assessment. The ordinance shall also specify the penalty, in addition to the interest, that will be imposed on a late annual special assessment, special assessment, or installment which shall not be less than five percent of the delinquent special assessment or installment.

The owner of any lot, tract, parcel of land, or other property charged with a special assessment shall be liable for the unpaid amount of the installment by payment, to the county treasurer, the remaining portion of the installments that is attributable to principal on the lake or beach management district bonds.

Sec. 21. RCW 36.61.220 and 1985 c 398 s 22 are each amended to read as follows:

Within fifteen days after a county creates a lake or beach management district, the county shall cause to be filed with the county treasurer, a description of the lake or beach improvement and maintenance activities proposed that the lake or beach management district finances, the lake or beach management district number, and a copy of the diagram or print showing the boundaries of the lake or beach management district and preliminary special assessment roll or abstract of same showing thereon the lots, tracts, parcels of land, and other property that will be specially benefited thereby and the estimated cost and expense of such lake or beach improvement and maintenance activities to be borne by each lot, tract, parcel of land, or other property. The treasurer shall immediately post the proposed special assessment roll upon his or her index of special assessments against the properties affected by the lake or beach improvement or maintenance activities.

Sec. 22. RCW 36.61.230 and 1985 c 398 s 23 are each amended to read as follows:

The special assessment or annual special assessments imposed upon the respective lots, tracts, parcels of land, and other property in the special assessment roll or annual special assessment roll confirmed by resolution of the county legislative authority for the purpose of paying the cost and expense in whole or in part of any lake or beach improvement or maintenance activities shall be a lien upon the property assessed from the time the special assessment roll is placed in the hands of the county treasurer for collection, but as between the grantor and grantee, or vendor and vendee of any real property, when there is no express agreement as to payment of the special assessments against the real property, the lien of such special assessments shall attach thirty days after the filing of the diagram or print and the estimated cost and expense of such lake or beach improvement or maintenance activities to be borne by each lot, tract, parcel of land, or other property, as provided in RCW 36.61.220. Interest and penalty shall be included in and shall be a part of the special assessment lien. No lien shall extend to public property subject to special assessments.

The special assessment lien shall be paramount and superior to any other lien or encumbrance therefor or thereafter created except a lien for general taxes.

Sec. 23. RCW 36.61.260 and 2000 c 184 s 6 are each amended to read as follows:

(1) Counties may issue lake or beach management district bonds in accordance with this section. Lake or beach management district bonds may be issued to obtain money sufficient to cover that portion of the special assessments that are not paid within the thirty-day period provided in RCW 36.61.190.

Whenever lake or beach management district bonds are proposed to be issued, the county legislative authority shall create a special fund or funds for the lake or beach management district from which all or a portion of the costs of the lake or beach improvement and maintenance activities shall be paid. Lake or beach management district bonds shall not be issued in excess of the costs and expenses of the lake or beach improvement and maintenance activities and shall not be issued prior to twenty days after the thirty days allowed for the payment of special assessments without interest or penalties.

Lake or beach management district bonds shall be exclusively payable from the special fund or funds and from a guaranty fund that the county may have created out of a portion of proceeds from the sale of the lake or beach management district bonds.

(2) Lake or beach management district bonds shall not constitute a general indebtedness of the county issuing the bond nor an obligation, general or special, of the state. The owner of any lake or beach management district bond shall not have any claim for the payment thereof against the county that issues the bonds except for payment from the special assessments made for the lake or beach improvement and maintenance activities for which the lake or beach management district bond was issued and from a lake or beach management district guaranty fund that may have been created. The county shall not be liable to the owner of any lake or beach management district bond for any loss to the lake or beach management district guaranty fund occurring in the lawful operation of the fund. The owner of a lake or beach management district bond shall not have any claim against the state arising from the lake or beach management district bond, special assessments, or guaranty fund. Tax revenues shall not be used to secure or guarantee the payment of the principal of or interest on lake or beach management district bonds.

The substance of the limitations included in this subsection shall be plainly printed, written, engraved, or reproduced on: (a) Each lake or beach management district bond that is a physical instrument; (b) the official notice of sale; and (c) each official statement associated with the lake or beach management district bonds.

(3) If the county fails to make any principal or interest payments on any lake or beach management district bond or to promptly collect any special assessment securing the bonds when due, the owner of the lake or beach management district bond may obtain a writ of mandamus from any court of competent jurisdiction requiring the county to collect the special assessments, foreclose on the related lien, and make payments out of the special fund or guaranty fund if one exists. Any number of owners of lake or beach management district bonds may join as plaintiffs.

(4) A county may create a lake or beach management district bond guaranty fund for each issue of lake or beach management district bonds.
district bonds. The guaranty fund shall only exist for the life of the lake or beach management district bonds with which it is associated. A portion of the bond proceeds may be placed into a guaranty fund. Unused moneys remaining in the guaranty fund during the last two years of the installments shall be used to proportionately reduce the required level of installments and shall be transferred into the special fund into which installment payments are placed.

(5) Lake or beach management district bonds shall be issued and sold in accordance with chapter 39.46 RCW. The authority to create a special fund or funds shall include the authority to create accounts within a fund.

Sec. 24. RCW 36.61.270 and 1987 c 432 s 11 are each amended to read as follows:

Whenever rates and charges are to be imposed in a lake or beach management district, the county legislative authority shall prepare a roll of rates and charges that includes those matters required to be included in a special assessment roll and shall hold a public hearing on the proposed roll of rates and charges as provided under RCW 36.61.120 through 36.61.150 for a special assessment roll. The county legislative authority shall have all jurisdiction and authority to fix, alter, regulate, and control the rates and charges imposed by a lake or beach management district and may classify the rates or charges by any reasonable factor or factors, including benefit, use, front footage, acreage, the extent of improvements on the property, the type of improvements on the property, uses to which the property is put, service to be provided, and any other reasonable factors. The flexibility to establish rates and charges includes the authority to reduce rates and charges on property owned by low-income persons.

Except as provided in this section, the collection of rates and charges, lien status of unpaid rates and charges, and method of foreclosing on such liens shall be subject to the provisions of chapter 36.94 RCW. Public property, including state property, shall be subject to the rates and charges to the same extent that private property is subject to them, except that liens may not be foreclosed on the public property, and the procedures for imposing such rates and charges on state property shall conform with the procedure provided for in chapter 79.44 RCW concerning the imposition of special assessments upon state property. The total amount of rates and charges cannot exceed the cost of lake or beach improvement or maintenance activities proposed to be financed by such rates and charges, as specified in the resolution of intention. Revenue bonds exclusively payable from the rates and charges may be issued by the county under chapter 39.46 RCW.

Sec. 25. RCW 36.94.020 and 1997 c 447 s 11 are each amended to read as follows:

The construction, operation, and maintenance of a system of sewerage and/or water is a county purpose. Subject to the provisions of this chapter, every county has the power, individually or in conjunction with another county or counties to adopt, provide for, accept, establish, condemn, purchase, construct, add to, operate, and maintain a system or systems of sanitary and storm sewers, including outfalls, interceptors, plans, and facilities and services necessary for sewerage treatment and disposal, and/or system or systems of water supply within all or a portion of the county. However, counties shall not have power to condemn sewerage and/or water systems of any municipality, city, or district.

Such county or counties shall have the authority to control, regulate, operate, and manage such system or systems and to provide funds therefor by general obligation bonds, revenue bonds, local improvement district bonds, utility local improvement district or local improvement district assessments, and in any other lawful fiscal manner. Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner's agent, or trained employee. Testing must occur in a program approved by the state board of health or by a local health officer.

Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

A county shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using county employees unless the on-site system is connected by a publicly owned collection system to the county’s sewerage system, and the on-site system represents the first step in the sewage disposal process. Nothing in this section shall affect the authority of a state or local health officer to carry out their responsibilities under any other applicable law.

A county may, as part of a system of sewerage established under this chapter, provide for, finance, and operate any of the facilities and services and may exercise the powers expressly authorized for county storm water, flood control, pollution prevention, and drainage services and activities under chapters 36.89, 86.12, 86.13, and 86.15 RCW. A county also may provide for, finance, and operate the facilities and services and may exercise any of the powers authorized for aquifer protection areas under chapter 36.36 RCW; for lake or beach management districts under chapter 36.61 RCW; for diking districts, and diking, drainage, and sewer improvement districts under chapters 85.05, 85, 85.15, 85.18, and 79.44 RCW; and for shellfish protection districts under chapter 90.72 RCW. However, if a county by reference to any of those statutes assumes as part of its system of sewerage any powers granted to such areas or districts and not otherwise available to a county under this chapter, then (1) the procedures and restrictions applicable to those areas or districts apply to the county's exercise of those powers, and (2) the county may not simultaneously impose rates and charges under this chapter and under the statutes authorizing such areas or districts for substantially the same facilities and services, but must instead impose uniform rates and charges consistent with RCW 36.94.140. By agreement with such an area or district that is not part of a county's system of sewerage, a county may operate that area's or district's services or facilities, but a county may not dissolve any existing area or district except in accordance with any applicable provisions of the statute under which that area or district was created.

Sec. 26. RCW 39.34.190 and 2003 c 327 s 2 are each amended to read as follows:

(1) The legislative authority of a city or county and the governing body of any special purpose district enumerated in subsection (2) of this section may authorize up to ten percent of its water-related revenues to be expended in the implementation of watershed management plan projects or activities that are in addition to the county’s, city’s, or district’s existing water-related services or activities. Such limitation on expenditures shall not apply ((+ additional revenues for watershed plan implementation that are authorized by voter approval under section 5 of this act)) to water-related revenues of a public utility district organized according to Title 54 RCW. Water-related revenues include rates, charges, and fees for the provision of services relating to water supply, treatment, distribution, and management services privately or those general revenues of the local government that are expended for water management purposes. A local government may not expend for this purpose any revenues that were authorized by voter approval for other specified purposes or that are specifically dedicated to the repayment of municipal bonds or other debt instruments.

The following special purpose districts may exercise the authority provided by this section:

(a) Water districts, sewer districts, and water-sewer districts organized under Title 57 RCW;
(b) Public utility districts organized under Title 54 RCW;
(c) Irrigation, reclamation, conservation, and similar districts organized under Titles 87 and 89 RCW;

(g) Lake or beach management districts organized under chapter 36.61 RCW;
(h) Aquifer protection areas organized under chapter 36.36 RCW; and
(i) Shellfish protection districts organized under chapter 90.72 RCW.

(3) The authority for expenditure of local government revenues provided by this section shall be applicable broadly to the implementation of watershed management plans addressing water supply, water transmission, water quality treatment or protection, or any other water-related purposes. Such plans include but are not limited to plans developed under the following authorities:
(a) Watershed plans developed under chapter 90.82 RCW;
(b) Salmon recovery plans developed under chapter 77.85 RCW;
(c) Watershed management elements of comprehensive land use plans developed under the growth management act, chapter 36.70A RCW;
(d) Watershed management elements of shoreline master programs developed under the shoreline management act, chapter 90.58 RCW;
(e) Nonpoint pollution action plans developed under the Puget Sound water quality management planning authorities of chapter 90.71 RCW and chapter 400-12 WAC;
(f) Other comprehensive management plans addressing watershed health at a WRIA level or sub-WRIA basin drainage level;
(g) Coordinated water system plans under chapter 70.116 RCW and similar regional plans for water supply; and
(h) Any combination of the foregoing plans in an integrated watershed management plan.

(4) The authority provided by this section to expend revenues for watershed management plan implementation shall be construed broadly to include, but not be limited to:
(a) The coordination and oversight of plan implementation, including funding a watershed management partnership for this purpose;
(b) Technical support, monitoring, and data collection and analysis;
(c) The design, development, construction, and operation of projects included in the plan; and
(d) Conducting activities and programs included as elements in the plan.

Sec. 27. RCW 86.09.151 and 1986 c 278 s 52 are each amended to read as follows:
(1) Said flood control districts shall have full authority to carry out the objects of their creation and to that end are authorized to acquire, purchase, hold, lease, manage, improve, repair, occupy, and sell real and personal property or any interest therein, either inside or outside the boundaries of the district, to enter into and perform any and all necessary contracts, to appoint and employ the necessary officers, agents and employees, to sue and be sued, to exercise the right of eminent domain, to levy and enforce the collection of special assessments and in the manner herein provided against the lands within the district, for district revenues, and to do any and all lawful acts required and expedient to carry out the purpose of this chapter.
(2) In addition to the powers conferred in this chapter and those in chapter 85.38 RCW, flood control districts may engage in activities authorized under RCW 36.61.020 for lake or beach management districts using procedures granted in this chapter and in chapter 85.38 RCW.

Sec. 28. RCW 35.21.403 and 1985 c 398 s 27 are each amended to read as follows:
Any city or town may establish lake and beach management districts within its boundaries as provided in chapter 36.61 RCW. When a city or town establishes a lake or beach management district pursuant to chapter 36.61 RCW, the term "county legislative authority" shall be deemed to mean the city or town governing body, the term "county" shall be deemed to mean the city or town, and the term "county treasurer" shall be deemed to mean the city or town treasurer or other fiscal officer.

NEW SECTION. Sec. 29. A new section is added to chapter 43.21A RCW to read as follows:
(1) The department shall, within available funds, provide technical assistance to community groups and county and city legislative authorities requesting assistance with the development of beach management programs. The department shall work with the departments of fish and wildlife, natural resources, and the Puget Sound partnership in coordinating agency assistance to community groups and county and city legislative authorities.
(2) The department shall coordinate with relevant state agencies and marine resources committees established in the area of beach management districts to provide technical assistance to beach management districts.
(3) The department shall, within available funds, coordinate with relevant state agencies to provide technical assistance to beach management districts so that beach management districts are able to ensure that proposed beach improvement and maintenance plans and activities of these districts are consistent with applicable federal, state, and local laws, and federal, state, and local resource management plans including, but not limited to:
(a) Shoreline master programs;
(b) Development regulations adopted to protect critical areas;

NEW SECTION. Sec. 30. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2008, in the omnibus appropriations act, this act is null and void.

SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House refused to concur in the Senate amendments to SECOND SUBSTITUTE HOUSE BILL NO. 2598 and asked the Senate to recede therefrom.

MESSAGE FROM THE SENATE

March 6, 2008

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 2719 with the following amendments:

On page 8, line 33, after "community" strike "placement" and insert "((placement)) custody".

On page 8, line 33, after "point," insert "For purposes of this subsection, community custody includes community placement or postrelease supervision, as defined in chapter 9. — RCW (the new chapter created in section 57 of this act)."

On page 10, line 14, after "of" strike "this section" and insert "sections 1 through 5 of this act"

On page 10, after line 14, insert the following:

"NEW SECTION. Sec. 7. The existing sentencing reform act contains numerous provisions for supervision of different types of offenders. This duplication has caused great confusion for judges, lawyers, offenders, and the department of corrections, and often results in inaccurate sentences. The clarifications in this act are intended to support continued discussions by the sentencing guidelines commission with the courts and the criminal justice community to identify and propose policy changes that will further simplify and improve the sentencing reform act relating to the supervision of offenders. The sentencing guidelines commission shall submit policy change proposals to the legislature on or before December 1, 2008.

Sections 8 through 59 of this act are intended to simplify the supervision provisions of the sentencing reform act and increase the uniformity of its application. These sections are not intended to either increase or decrease the authority of sentencing courts or the department relating to supervision, except for those provisions instructing the court to apply the provisions of the current community custody law to offenders sentenced after July 1, 2009, but who committed their crime prior to the effective date of this section to the extent that such application is constitutionally permissible."
This will effect a change for offenders who committed their crimes prior to the offender accountability act, chapter 196, Laws of 1999. These offenders will be ordered to a term of community custody rather than community placement or community supervision. To the extent constitutionally permissible, the terms of the offender's supervision will be as provided in current law. With the exception of this change, the legislature does not intend to make, and no provision of sections 8 through 59 of this act may be construed as making a substantive change to the supervision provisions of the sentencing reform act.

It is the intent of the legislature to reaffirm that section 3, chapter 379, Laws of 2003, expires July 1, 2010.

NEW SECTION. Sec. 8. A new section is added to chapter 9.94A RCW to read as follows:

(a) Require the offender to inform the department of court-ordered treatment upon request by the department;
(b) Require the offender to comply with any conditions imposed by the department under section 11 of this act;

In sentencing an offender convicted of a crime of domestic violence as defined in RCW 10.99.020, if the offender has a minor child, or if the victim of the offense for which the offender was convicted has a minor child, the court may order the offender to participate in a domestic violence perpetrator program approved under RCW 26.50.150.
(c) If an offender is sentenced to the custody of the department, subject to RCW 9.94A.501.

NEW SECTION. Sec. 11. A new section is added to chapter 9.94A RCW to read as follows:
(1) Every person who is sentenced to a period of community custody shall report to and be placed under the supervision of the department, subject to RCW 9.94A.501.
(2) (a) The department shall assess the offender's risk of reoffense and may establish and modify additional conditions of community custody based upon the risk to community safety.

Within the resources made available by the department for this purpose, the department shall carry out any electronic monitoring using the most appropriate technology given the individual circumstances of the offender. As used in this section, “electronic monitoring” means the monitoring of an offender using an electronic off-site tracking system including, but not limited to, a system using radio frequency or active or passive global positioning system technology.

(6) The department may not impose conditions that are contrary to those ordered by the court and may not contravene or decrease court imposed conditions.

(7)(a) The department shall notify the offender in writing of any additional conditions or modifications.
   (b) By the close of the next business day after receiving notice of a condition imposed or modified by the department, an offender may request an administrative review under rules adopted by the department. The condition shall remain in effect unless the reviewing officer finds that it is not reasonably related to the crime of conviction, the offender’s risk of reoffending, or the safety of the community.

(8) The department may require offenders to pay for special services rendered including electronic monitoring, day reporting, and telephone reporting, dependent on the offender’s ability to pay. The department may pay for these services for offenders who are not able to pay.

If the offender's failure to receive care essential for health and safety presents a risk of serious physical harm or probable harmful consequences, the civil detention and commitment procedures of chapter 71.05 RCW shall be considered in preference to incarceration in a local or state correctional facility.
   (f) Any time served in confinement awaiting a hearing on noncompliance shall be credited against any confinement ordered by the court.

(3)(a) For a sex offender sentenced to a term of community custody under RCW 9.94A.669 who violates any condition of community custody, the department may impose a sanction of up to sixty days' confinement in a local correctional facility for each violation. If the department imposes a sanction, the department shall submit within seventy-two hours a report to the court and the prosecuting attorney outlining the violation or violations and the sanction imposed.

Nothing in this subsection shall be construed to permit the department to hold an offender past his or her maximum term of total confinement if the offender has not completed the maximum term of total confinement or to permit the department to hold an offender past the offender's term of community supervision, community custody, or community placement: 
(6)(a) If an offender is accused of violating any condition or requirement of community custody, he or she is entitled to a hearing before the department prior to the imposition of sanctions. (e) The sanction shall take effect if affirmed by the hearing officer. Within seven days after the hearing officer's decision, the offender may appeal the decision to a panel of three reviewing officers designated by the secretary or by the secretary's designee. The sanction shall be reversed or modified if a majority of the panel finds that the sanction was not reasonably related to any of the following: (i) The crime of conviction; (ii) the violation committed; (iii) the offender's risk of reoffending; or (iv) the safety of the community. 
(8) For purposes of this section, no finding of a violation of conditions may be based on unconfirmed or unconfirmed allegations. 
(9) The department shall hold a hearing before the Washington association of sheriffs and police chiefs to establish and operate an electronic monitoring program for low-risk offenders who violate the terms of their community custody. NEW SECTION. Sec. 22. (1) The secretary may issue warrants for the arrest of any offender who violates a condition of community custody. The arrest warrants shall authorize any law enforcement or peace officer or community corrections officer of this state or any other state where such offender may be located, to arrest the offender and place him or her in total confinement pending disposition of the alleged violation. 
(2) A community corrections officer, if he or she has reasonable cause to believe an offender has violated a condition of community custody, may suspend the person's community custody status and arrest or cause the arrest and detention in total confinement of the offender, pending the determination of the secretary as to whether the violation has occurred. The community corrections officer shall report to the secretary all facts and circumstances and the reasons for the action of suspending community custody status. 
(3) If an offender has been arrested for a new felony offense while under community custody the department shall hold the offender in total confinement until a hearing before the department as provided in this section or until the offender has been formally charged for the new felony offense, whichever is earlier. Nothing in this subsection shall be construed to permit the department to hold an offender past his or her maximum term of total confinement if the

(A community corrections officer, if he or she has reasonable cause to believe an offender in community placement or community custody has violated a condition of community placement or community custody, may suspend the person's community placement or community custody status and arrest or cause the arrest and detention in total confinement of the offender, pending the determination of the secretary as to whether the violation has occurred. The secretary's determination as to whether the violation has occurred shall be based on the facts and circumstances and the reasons for the action of suspending community placement or community custody status. A violation of a condition of community placement or community custody shall be deemed a violation of the sentence for purposes of RCW 9.94A.631. The authority granted to community corrections officers under this section shall be in addition to that set forth in RCW 9.94A.631.)

2. Inmates, as defined in RCW 72.09.015, who have been transferred to community custody and who are detained in a local correctional facility are the financial responsibility of the department of corrections, except as provided in subsection (3) of this section. (The community custody inmate shall be removed from the local correctional facility, except as provided in subsection (3) of this section, not later than eight days excluding weekends and holidays, following admittance to the local correctional facility and notification that the inmate is available for movement to a state correctional institution.)

3. (The department may negotiate with local correctional authorities for the transfer of inmates just prior to their parole or release from a period of confinement. However, sex offenders sanctioned for community custody violations under RCW 9.94A.727(2) to a term of confinement shall remain in the local correctional facility for the complete term of the sanction.) For confinement sanctions imposed under RCW 9.94A.737(2)(c) or (d))

5. Except as provided in subsections (1) and (2) of this section, the local correctional facility shall continue to be financially responsible to the extent of the calendar year 1998 bed utilization rate for confinement sanctions imposed by the department pursuant to RCW 9.94A.737. If the department's use of bed space in local correctional facilities of any county for such confinement sanctions (imposed on offenders sentenced to a term of community custody under RCW 9.94A.337(2) (c) or (d)) exceeds the 1998 bed utilization rate for the county, the department shall compensate the county for the excess use at the per diem rate equal to the lowest rate charged by the county under its contract with a municipal government during the year in which the use occurs.

(c) The offender has no current or prior convictions for a sex offense at any time or violent offense within ten years before conviction of the current offense, in this state, another state, or the United States;

(d) For a violation of the Uniform Controlled Substances Act under chapter 69.50 RCW or a criminal solicitation to commit such a violation under chapter 9A.28 RCW, the offense involved only a small quantity of the particular controlled substance as determined by the judge upon consideration of such factors as the weight, purity, packaging, sale price, and street value of the controlled substance;

(e) The offender has not been found by the United States attorney general to be subject to a deportation detainer or order and does not become subject to a deportation order during the period of the sentence;

(f) The standard sentence range for the current offense is greater than one year; and

(g) The offender has not received a drug offender sentencing alternative more than once in the prior ten years before the current offense.

(2) A motion for a sentence under this section may be made by the court, the offender, or the state. If the sentencing court determines that the offender is eligible for this alternative, the court may order an examination of the offender. The examination shall, at a minimum, address the following issues:

(a) Whether the offender suffers from drug addiction;

(b) Whether the addiction is such that there is a probability that criminal behavior will occur in the future;

(c) Whether effective treatment for the offender's addiction is available from a provider that has been licensed or certified by the division of alcohol and substance abuse of the department of social and health services; and

(d) Whether the offender and the community will benefit from the use of the alternative.

(3) The examination report must contain:

(a) Information on the issues required to be addressed in subsection (2) of this section; and

(b) A proposed treatment plan that must, at a minimum, contain:

(i) A proposed treatment provider that has been licensed or certified by the division of alcohol and substance abuse of the department of social and health services;

(ii) The recommended frequency and length of treatment, including both residential chemical dependency treatment and treatment in the community;

(iii) A proposed monitoring plan, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members and others; and

(4) After receipt of the examination report, if the court determines that a sentence under this section is appropriate, the court shall waive imposition of a sentence within the standard sentence range and impose a sentence consisting of either a prison-based alternative under subsection (5) of this section or a residential chemical dependency treatment-based alternative under subsection (6) of this section. The residential chemical dependency treatment-based alternative is only available if the midpoint of the standard range is twenty-four months or less.

(5) The prison-based alternative shall include:

(a) A period of total confinement in a state facility for one-half of the midpoint of the standard sentence range or twelve months, whichever is greater. During incarceration in the state facility, offenders sentenced under this subsection shall undergo a comprehensive substance abuse assessment and receive, within available resources, treatment services appropriate for the offender. (b) The remainder of the midpoint of the standard range as a term of community custody which must include appropriate substance abuse treatment in a program that has been approved by the division of alcohol and substance abuse of the department of social and health services. If the department finds that conditions of community custody have been willfully violated, the offender may be reclassified to serve the remaining balance of the original sentence. An offender who fails to complete the program or who is administratively terminated from the program shall be reclassified to serve the unexpired term of his or her sentence as ordered by the sentencing court;

(c) Crime-related prohibitions including a condition not to use illegal controlled substances;

(d) A requirement to submit to urinalysis or other testing to monitor that status; and

(e) A term of community custody pursuant to ((RCW 9.94.A.715)) section 8 of this act to be imposed upon failure to complete or administrative termination from the special drug offender sentencing alternative program.

(6) The residential chemical dependency treatment-based alternative shall include:

(a) A term of community custody equal to one-half of the midpoint of the standard sentence range or two years, whichever is greater, conditioned on the offender entering and remaining in residential chemical dependency treatment certified under chapter 70.96A RCW for a period set by the court between three and six months. If the court imposes a term of community custody, the department shall, within available resources, make chemical dependency assessment and treatment services available to the offender during the term of community custody. The court shall impose, as conditions of community custody, treatment and other conditions as proposed in the plan under subsection (3)(b) of this section.

(b) Before the progress hearing and treatment termination hearing, the provider and the department shall submit written reports to the court and parties regarding the offender's compliance with treatment and monitoring requirements, and recommendations regarding treatment from the court.

(i) Authorize the department to terminate the offender's community custody status on the expiration date determined under (a) of this subsection; or

(ii) Continue the hearing to a date before the expiration date of community custody, with or without modifying the conditions of community custody; or

(iii) Impose a term of total confinement equal to one-half the midpoint of the standard sentence range, followed by a term of community custody under ((RCW 9.94.A.715)) section 8 of this act.

(7) If the court imposes a sentence under this section, the court may prohibit the offender from using alcohol or controlled substances and may require that the monitoring for controlled substances be conducted by the department or by a treatment agency (or a comparable court agency-referred program). The offender may be required to pay thirty
dollars per month while on community custody to offset the cost of monitoring for alcohol or controlled substances. (treatment))

(b) The court may impose any of the following conditions:

(2) The court may bring any offender sentenced under this subsection back into court at any time on its own initiative to evaluate the offender's progress in treatment or to determine if any violations of the conditions of the sentence have occurred.

(b) If the offender is brought back to court, the court may modify the conditions of the community custody or impose sanctions under (c) of this subsection.

(c) The court may order the offender to serve a term of total confinement within the standard range of the offender's current offense at any time during the period of community custody if the offender violates the conditions or requirements of the sentence or if the offender is failing to make satisfactory progress in treatment.

(d) An offender ordered to serve a term of total confinement under (c) of this subsection shall receive credit for any time properly served under this section.

(3) An offender sentenced to the prison-based alternative under subsection (5) of this section is found by the United States attorney general to be subject to a deportation order, a hearing shall be held by the department unless waived by the offender, and, if the department finds that the offender is subject to a valid deportation order, the department may administratively terminate the offender from the program and reclassify the offender to serve the remaining balance of the original sentence.

(4) An offender sentenced under this section shall be subject to all rules relating to earned release time with respect to any period served in total confinement.

(5) Costs of examinations and preparing treatment plans for other offenders under subsection (2) and (3) of this section must be paid, at the discretion of the county, from funds provided to the county from the criminal justice treatment account under RCW 70.96A.350.

**** Sec. 32. RCW 9.94A.670 and 2006 c 133 s 1 are each amended to read as follows:

(1) Unless the context clearly requires otherwise, the definitions in this subsection apply to this section only.

(a) "Sex offender treatment provider" or "treatment provider" means a certified sex offender treatment provider or a certified affiliate sex offender treatment provider as defined in RCW 18.155.020.

(b) "Substantial bodily harm" means bodily injury that involves a temporary but substantial disfigurement, or that causes a temporary but substantial loss or impairment of the function of any body part or organ, or that causes a fracture of any body part or organ.

(c) "Victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a result of the crime charged. "Victim" also means a parent or guardian of a victim who is a minor child unless the parent or guardian is the perpetrator of the offense.

(2) An offender is eligible for the special sex offender sentencing alternative if:

(a) The offender has been convicted of a sex offense other than a violation of RCW 9A.44.050 or a sex offense that is also a serious violent offense. If the conviction results from a guilty plea, the offender must, as part of his or her plea of guilty, voluntarily and affirmatively admit he or she committed all of the elements of the crime to which the offender is pleading guilty. This alternative is not available to offenders who plead guilty to the offense charged under North Carolina v. Alford, 400 U.S. 25, 91 S.Ct. 160, 27 L.Ed.2d 162 (1970) and State v. Newton, 87 Wash.2d 363, 552 P.2d 682 (1976);

(b) The offender has no prior convictions for a sex offense as defined in RCW 9.94A.030 or any other felony sex offenses in this or any other state;

(c) The offender has no prior adult convictions for a violent offense that was committed within five years of the date the current offense was committed;

(d) The offense did not result in substantial bodily harm to the victim;

(e) The offender had an established relationship with, or connection to, the victim such that the sole connection with the victim was not the commission of the crime; and

(f) The offender's standard sentence range for the offense includes the possibility of confinement for less than ten years.

(3) If the court finds the offender is eligible for this alternative, the court, on its own motion or the motion of the state or the offender, may order an examination to determine whether the offender is amenable to treatment.

(a) The report of the examination shall include at a minimum the following:

(i) The offender's version of the facts and the official version of the facts;

(ii) The offender's offense history;

(iii) An assessment of problems in addition to alleged deviant behaviors;

(iv) The offender's social and employment situation; and

(v) Other evaluation measures used.

The report shall set forth the sources of the examiner's information.

(b) The examiner shall assess and report regarding the offender's amenability to treatment and relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

(i) Frequency and type of contact between offender and therapist;

(ii) Specific issues to be addressed in the treatment and description of planned treatment modalities;

(iii) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members and others;

(iv) Anticipated length of treatment; and

(v) Recommended crime-related prohibitions and affirmative conditions, which must include the extent, known or anticipated, of specific activities or behaviors that are precursors to the offender's offense cycle, including, but not limited to, activities or behaviors such as viewing or listening to pornography or use of alcohol or controlled substances.

(c) The court on its own motion may order, or on a motion by the state shall order, a second examination regarding the offender's amenability to treatment. The examiner shall be selected by the party making the motion. The offender shall pay the cost of any second examination ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost.

(4) After receipt of the reports, the court shall consider whether the offender and the community will benefit from use of this alternative, consider whether the alternative is too lenient in light of the extent and circumstances of the offense, consider whether the offender has victims in addition to the victim of the offense, consider whether the offender is amenable to treatment, consider the risk the offender would present to the community, to the victim, or to persons of similar age and circumstances as the victim, and consider the victim's opinion whether the offender should receive a treatment disposition under this section. The court shall give great weight to the victim's opinion whether the offender should receive a treatment disposition under this section. If the sentence imposed is contrary to the victim's opinion, the court shall enter written findings stating its reasons for imposing the treatment disposition. The fact that the offender admits to his or her offense does not, by itself, constitute amenability to treatment. If the court determines that this alternative is appropriate, the court shall then impose a sentence or, pursuant to RCW 9.94A.712, a minimum term of sentence, within the standard.
sentence range. If the sentence imposed is less than eleven years of confinement, the court may suspend the execution of the sentence ((and impose the following conditions of suspension)) as provided in this section.

(5) As conditions of the suspended sentence, the court must impose the following:

(a) ((The court shall order the offender to serve)) A term of confinement of up to twelve months or the maximum term within the standard range, whichever is less. The court may order the offender to serve a term of confinement greater than twelve months or the maximum term within the standard range based on the presence of an aggravating circumstance listed in RCW 9.94A.535(5). In no case shall the term of confinement exceed the statutory maximum sentence for the offense. The court may order the offender to serve all or part of his or her term of confinement in partial confinement. An offender sentenced to a term of confinement under this subsection is not eligible for earned release under RCW 9.92.151 or 9.94A.728.

(b) ((The court shall place the offender on)) A term of community custody ((equal to)) equal to the length of the suspended sentence, the length of the maximum term imposed pursuant to RCW 9.94A.712, or three years, whichever is greater, and require the offender to comply with any conditions imposed by the department under ((RCW 9.94A.720)) section 10 of this act.

(c) ((The court shall order)) Treatment for any period up to five years in duration. The court, in its discretion, shall order outpatient sex offender treatment or inpatient sex offender treatment, if available. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment. The offender shall not change sex offender treatment providers or treatment conditions without first notifying the prosecutor, the community corrections officer, and the court. If any party or the court objects to a proposed change, the offender shall not change providers or conditions without court approval after a hearing.

(d) ((As conditions of the suspended sentence, the court shall impose)) Specific prohibitions and affirmative conditions relating to the known precursor activities or behaviors identified in the proposed treatment plan under subsection (3)(b)(v) of this section or identified in an annual review under subsection ((7)(a)(b) of this section. ((9))) (6) As conditions of the suspended sentence, the court may impose one or more of the following:

(a) Crime-related prohibitions;
(b) Require the offender to devote time to a specific employment or occupation;
(c) Require the offender to remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender's address or employment;
(d) Require the offender to report as directed to the court and a community corrections officer;
(e) Require the offender to pay all court-ordered legal financial obligations as provided in RCW 9.94A.030;
(f) Require the offender to perform community restitution work; or
(g) Require the offender to reimburse the victim for the cost of any counseling required as a result of the offender's crime.

(7) At the time of sentencing, the court shall set a term of confinement for the hearing or examination of the offender's supervisory condition. The hearing or examination must be completed within one hundred eighty days of the date of sentence. The party requesting the supervisory condition shall submit evidence of the condition to the court at sentencing.

(b) The court shall conduct a hearing on the offender's progress in treatment at least once a year. At least fourteen days prior to the hearing, notice of the hearing shall be given to the victim. The victim shall be given the opportunity to make statements to the court regarding the offender's supervision and treatment. At the hearing, the court may modify conditions of community custody including, but not limited to, crime-related prohibitions and affirmative conditions relating to activities and behaviors identified as part of, or relating to precursor activities and behaviors identified in, the offender's offense cycle or revoke the suspended sentence.

(8) At least fourteen days prior to the date of termination of community custody, the court shall submit to the department of social and human services and the victim a report on the offender's progress in treatment and a recommendation regarding termination from treatment, including proposed community custody conditions. The court may order an evaluation regarding the advisability of termination from treatment by a sex offender treatment provider who may not be the same person who treated the offender under subsection (((7))) (5) of this section or any person who employs, is employed by, or shares profits with the person who treated the offender under subsection (((7))) (5) of this section unless the court has entered written findings that such evaluation is in the best interest of the victim and that a successful evaluation of the offender would otherwise be impractical. The offender shall pay the cost of the evaluation. At the treatment termination hearing the court may: (a) Modify conditions of community custody, and either (b) terminate treatment, or (c) extend treatment in two-year increments for up to the remaining period of community custody.

(9) If a violation of conditions other than a second violation of the prohibitions or affirmative conditions relating to precursor behaviors or activities imposed under subsection (((7))) (5) or (((7))) (8) of this section occurs during community custody, the department shall either impose sanctions as provided for in ((RCW 9.94A.727(2)(a)) section 16(1) of this act) or refer the violation to the court and recommend revocation of the suspended sentence as provided for in subsections (((6))) (7) and (((6))) (9) of this section.

(b) If a second violation of the prohibitions or affirmative conditions relating to precursor behaviors or activities imposed under subsection (((7))) (5) or (((7))) (8) of this section occurs during community custody, the department shall refer the violation to the court and recommend revocation of the suspended sentence as provided for in subsection (((7))) (11) of this section.

(10) If the offender violates a requirement of the sentence that is not a condition of the suspended sentence pursuant to subsection (5) or (6) of this section, the department may impose sanctions pursuant to section 16(1) of this act.

(11) The offender's sex offender treatment provider may not be the same person who examined the offender under subsection (3) of this section or any person who employs, is employed by, or shares profits with the person who examined the offender under subsection (3) of this section, unless the court has entered written findings that such treatment is in the best interests of the victim and that successful treatment of the offender would otherwise be impractical. Examinations and treatments imposed under this subsection shall only be conducted by certified sex offender treatment providers or certified affiliate sex offender treatment providers under chapter 18.155 RCW unless the court finds that:

(a) The offender has already moved to another state or plans to move to another state for reasons other than circumventing the certification requirements; or

(b) No certified sex offender treatment providers or certified affiliate sex offender treatment providers are available for treatment within a reasonable geographical distance of the offender's home; and

(ii) The evaluation and treatment plan comply with this section and the rules adopted by the department of health.
Sec. 33, RCW 9.94A.690 and 2006 c 73 s 11 are each amended to read as follows:

(1)(a) An offender is eligible to be sentenced to a work ethic camp if the offender:
(i) Is sentenced to a term of total confinement of not less than twelve months and one day or more than thirty-six months;
(ii) Has no current or prior convictions for any sex offenses or for violent offenses; and
(iii) Is not currently subject to a sentence for, or being prosecuted for, a violation of felony driving while under the influence of intoxicating liquor or any drug (RCW 46.61.502(6)), a violation of physical control of a vehicle while under the influence of intoxicating liquor or any drug (RCW 46.61.504(6)), a violation of the uniform controlled substances act, or a criminal solicitation to commit such a violation under chapter 9A.28 or 69.50 RCW.
(b) The length of the work ethic camp shall be at least one hundred twenty days and not more than one hundred eighty days.

(2) If the sentencing court determines that the offender is eligible for the work ethic camp and is likely to qualify under subsection (3) of this section, the judge shall impose a sentence within the standard sentence range and may recommend that the offender serve the sentence at a work ethic camp. In sentencing an offender to the work ethic camp, the court shall specify:
(a) That upon completion of the work ethic camp the offender shall be released on community custody for any remaining time of total confinement; (b) the applicable conditions of (supervision on) community custody (required by RCW 9.94A.500(4) and (5)) authorized by (RCW 9.94A.704(10)) or section 10 of this act; and (c) that violation of the conditions may result in a return to total confinement for the balance of the offender's remaining time of confinement.

(3) The department shall place the offender in the work ethic camp program, subject to capacity, unless:
(a) The department determines that the offender has physical or mental impairments that would prevent participation and completion of the program;
(b) the department determines that the offender's custody level prevents placement in the program; or
(c) the offender refuses to agree to the terms and conditions of the program; or
(d) the offender has been found by the United States attorney general to be subject to a deportation detainer or order; or
(e) the offender has participated in the work ethic camp program in the past.

(4) An offender who fails to complete the work ethic camp program, who is administratively terminated from the program, or who otherwise violates any conditions of supervision, as defined by the department, shall be reclassified to serve the unexpired term of his or her sentence as ordered by the sentencing court and shall be subject to all rules relating to earned release time.

(5) During the last two weeks prior to release from the work ethic camp program the department shall provide the offender with comprehensive transition training.

(3)(a) Upon a finding that the offender is subject to sentencing under this section, the court shall impose a sentence to a maximum term and a minimum term.
(b) The maximum term shall consist of the statutory maximum sentence for the offense.
(c)(i) Except as provided in (c)(ii) of this subsection, the minimum term shall be either within the standard sentence range for the offense, or outside the standard sentence range pursuant to RCW 9.94A.535, if the offender is otherwise eligible for such a sentence.

(te)) (c) The department may deny transfer to community custody ((status)) in lieu of earned release time pursuant to subsection (1) of this section if the department determines an offender's release plan, including proposed residence location and living arrangements, may violate the conditions of the sentence or conditions of supervision, place the offender at risk to violate the conditions of the sentence, place the offender at risk to reoffend, or present a risk to victim safety or community safety. The department's authority under this section is independent of any court-ordered condition of sentence or statutory provision regarding conditions for community custody ((status));

(te)) (d) If the department denies transfer to community custody ((status)) in lieu of earned early release pursuant to (te)) (c) of this subsection, the department may transfer an offender to partial confinement in lieu of earned early release up to three months. The three months in partial confinement is in addition to
that portion of the offender's term of confinement that may be served in partial confinement as provided in this section; 

((4)(e)) (e) An offender serving a term of confinement imposed under RCW 9.94A.670((4)(e))((5)(a)) is not eligible for earned release credits under this section;

(b) An offender sentenced to death or to life imprisonment without the possibility of release or parole is not eligible for an extraordinary medical placement. 

(c) The secretary shall require electronic monitoring for all offenders in extraordinary medical placements unless the electronic monitoring equipment interferes with the function of the offender's medical equipment or results in the loss of funding for the offender's medical care. Sec. 36. RCW 9.94A.760 and 2005 c 263 s 1 are each amended to read as follows:

(1)(a) Whenever a person is convicted in superior court, the court may order the payment of a legal financial obligation as part of the sentence. The court must on either the judgment and sentence or on a subsequent order to pay, designate the total amount of a legal financial obligation and segregate this amount among the separate assessments imposed for restitution, costs, fines, and other assessments required by law. On the same order, the court is also to set a sum that the offender is required to pay on a monthly basis towards satisfying the legal financial obligation. If the court fails to set the offender monthly payment amount, the department shall set the amount if the department has active supervision of the offender, otherwise the county clerk shall set the amount. Upon receipt of an offender's monthly payment, restitution shall be paid prior to any payments of other monetary obligations. After restitution is satisfied, the county clerk shall distribute the payment proportionally among all other fines, costs and assessments imposed, unless otherwise ordered by the court.

(2) If the court determines that the offender, at the time of sentencing, has the means to pay for the cost of incarceration, the court may require the offender to pay for the cost of incarceration at a rate of fifty dollars per day of incarceration, if incarcerated in a prison, or the court may require the offender to pay the actual cost of incarceration per day of incarceration, if incarcerated in an account jail. In no case may the court require the offender to pay more than one hundred dollars per day for the cost of incarceration. Payment of other court-ordered financial obligations, including all legal financial obligations and costs of supervision shall take precedence over the payment of the cost of incarceration ordered by the court. All funds recovered from offenders for the cost of incarceration in the county jail shall be remitted to the county and the costs of incarceration in a prison shall be remitted to the department.

(3) The court may add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction is to be issued immediately. If the court chooses not to order the immediate issuance of a notice of payroll deduction at sentencing, the court shall add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction may be issued or other income-withholding action may be taken, without further notice to the offender if a monthly court-ordered legal financial obligation payment is not paid due, and an amount equal to or greater than the amount payable for one month is owed.

If a judgment and sentence or subsequent order to pay does not include the statement that a notice of payroll deduction may be issued or other income-withholding action may be taken if a monthly legal financial obligation payment is past due, the department or the county clerk may serve a notice on the offender stating such requirements and authorizations. Service shall be by personal service or any form of mail requiring a return receipt.

(4) Independent of the department or the county clerk, the party or entity to whom the legal financial obligation is owed shall have the authority to use any other remedies available to the party or entity to collect the legal financial obligation. These remedies include enforcement in the same manner as a judgment in a civil action by the party or entity to whom the legal financial obligation is owed. Restitution collected through civil enforcement must be paid through the registry of the court and must be distributed proportionately according to each victim's loss when there is more than one victim. The judgment and sentence shall identify the party or entity to whom restitution is owed so that the state, party, or entity to whom the judgment and sentence is owed is shown on the county's records of supervision shall take precedence over the payment of legal financial obligations, including crime victims' assessments. All other legal financial obligations for an offense committed prior to July 1, 2000, may be enforced at any time during the ten-year period following the offender's release from total confinement or within ten years of entry of the judgment and sentence, whichever period ends later. Prior to the expiration of the initial ten-year period, the superior court may extend the criminal judgment an additional ten years for payment of legal financial obligations including crime victims' assessments. All other legal financial obligations for an offense committed on or after July 1, 2000, may be enforced at any time the offender remains under the court's jurisdiction. For an offense committed on or after July 1, 2000, the court shall retain jurisdiction over the offender, for purposes of the offender's compliance with payment of the legal financial obligations, until the obligation is completely satisfied, regardless of the statutory maximum for the crime. The department may only supervise the offender's compliance with payment of the legal financial obligations during any period in which the department is authorized to supervise the offender in the community under RCW 9.94A.728, 9.94A.501, or in which the offender is confined in a state correctional institution. Payment to a timely agreement with the department, and the department shall supervise the offender's compliance during any such period. The department
is not responsible for supervision of the offender during any subsequent period of time the offender remains under the court's jurisdiction. The county clerk is authorized to collect unpaid legal financial obligations at any time the offender remains under the jurisdiction of the court for purposes of his or her legal financial obligations.

(5) In order to assist the court in setting a monthly sum that the offender must pay during the period of supervision, the offender is required to report to the department for purposes of preparing a recommendation to the court. When reporting, the offender is required, under oath, to respond truthfully and honestly to all questions concerning present, past, and future earning capabilities and the location and nature of all property or financial assets. The offender is further required to bring all documents requested by the department.

(6) After completing the investigation, the department shall make a report to the court on the amount of the monthly payment that the offender should be required to make towards a satisfied legal financial obligation.

(7)(a) During the period of supervision, the department may make a recommendation to the court that the offender's monthly payment schedule be modified so as to reflect a change in financial circumstances. If the department sets the monthly payment amount, the department may modify the monthly payment amount without the matter being returned to the court. During the period of supervision, the department may require the offender to report to the department for the purposes of reviewing the appropriateness of the collection schedule for the legal financial obligation. During this reporting, the offender is required under oath to respond truthfully and honestly to all questions concerning earning capabilities and the location and nature of all property or financial assets. The offender shall bring all documents requested by the department in order to prepare the collection schedule.

(b) Subsequent to any period of supervision, or if the department is not authorized to supervise the offender in the community, the county clerk may make a recommendation to the court that the offender's monthly payment schedule be modified so as to reflect a change in financial circumstances. If the county clerk sets the monthly payment amount, or if the department set the monthly payment amount and the department has subsequently turned the collection of the legal financial obligation over to the county clerk, the clerk may modify the monthly payment amount without the matter being returned to the court. During the period of repayment, the county clerk may require the offender to report to the clerk for the purpose of reviewing the appropriateness of the collection schedule for the legal financial obligation. During this reporting, the offender is required under oath to respond truthfully and honestly to all questions concerning earning capabilities and the location and nature of all property or financial assets. The offender shall bring all documents requested by the county clerk in order to prepare the collection schedule.

(8) After the judgment and sentence or payment order is entered, the department is authorized, for any period of supervision, to collect the legal financial obligation from the offender. Subsequent to any period of supervision or, if the department is not authorized to supervise the offender in the community, the county clerk is authorized to collect unpaid legal financial obligations from the offender. Any amount collected by the department shall be remitted monthly to the county clerk for the purpose of disbursements. The department and the county clerks are authorized, but not required, to accept credit cards as payment for a legal financial obligation, and any costs incurred related to accepting credit card payments shall be the responsibility of the offender.

(9) The department or any obligee of the legal financial obligation may seek a mandatory wage assignment for the purposes of obtaining satisfaction for the legal financial obligation pursuant to RCW 9.94A.7701. Any party obtaining a wage assignment shall notify the county clerk. The county clerks shall notify the department, or the administrative office of the courts, whichever is providing the monthly billing for the offender.

(10) The requirement that the offender pay a monthly sum toward a legal financial obligation constitutes a condition or requirement of a sentence and the offender is subject to the penalties for noncompliance as provided in RCW 9.94A.634 (as recodified by this act), 9.94A.737, or 9.94A.740.

(11)(a) Until January 1, 2004, the department shall mail individualized monthly billings to the address known by the department for each offender with an unsatisfied legal financial obligation.

(b) Beginning January 1, 2004, the administrative office of the courts shall mail individualized monthly billings to the address known by the office for each offender with an unsatisfied legal financial obligation.

(c) The billing shall direct payments, other than outstanding cost of supervision assessments under RCW 9.94A.780, parole assessments under RCW 72.04A.120, and cost of probation assessments under RCW 9.95.214, to the county clerk, and cost of supervision, parole, or probation assessments to the department.

(d) The county clerk shall provide the administrative office of the courts with notice of payments by such offenders no less frequently than weekly.

(e) The county clerks, the administrative office of the courts, and the department shall maintain agreements to implement this subsection.

(12) The department shall arrange for the collection of unpaid legal financial obligations during any period of supervision in the community through the county clerk. The department shall either collect unpaid legal financial obligations or arrange for collections through another entity if the clerk does not assume responsibility or is unable to continue to assume responsibility for collection pursuant to subsection (4) of this section. The costs for collection services shall be paid by the offender.

(13) The county clerk may access the records of the employment security department for the purposes of verifying employment or income, seeking any assignment of wages, or performing other duties necessary to the collection of an offender's legal financial obligations.

(14) Nothing in this chapter makes the department, the state, the counties, or any state or county employees, agents, or other persons acting on their behalf liable under any circumstances for the payment of these legal financial obligations or for the acts of any offender who is no longer, or was not, subject to supervision by the department for a term of community custody, ((community placement; or community supervision)) and who remains under the jurisdiction of the court for payment of legal financial obligations.

Sec. 37. RCW 9.94A.775 and 2003 c 379 s 17 are each amended to read as follows:

Sec. 37. RCW 9.94A.775 and 2003 c 379 s 17 are each amended to read as follows:

(1) Whenever a punishment imposed under this chapter requires supervision services to be provided, the offender shall pay to the department of corrections the monthly assessment, prescribed under subsection (2) of this section, which shall be for the duration of the terms of supervision and which shall be considered as payment or part payment of the cost of providing supervision to the offender. The department may exempt or defer a person from the payment of all or part of the assessment based upon any of the following factors:
Sec. 40. RCW 4.24.556 and 2004 c 38 s 1 are each amended to read as follows:

(1) A certified sex offender treatment provider, or a certified affiliate sex offender treatment provider who has completed at least fifty percent of the required hours under the supervision of a certified sex offender treatment provider, acting in the course of his or her duties, providing treatment to a person who has been released to a less restrictive alternative under chapter 71.09 RCW or to a level III sex offender on community custody as a court ((or)), department, or board ordered condition of sentence is not negligent because he or she treats a high risk offender; sex offenders are known to have a risk of reoffense. The treatment provider is not liable for civil damages resulting from the reoffense of a client unless the treatment provider's acts or omissions constituted gross negligence or willful or wanton misconduct. This limited liability provision does not eliminate the treatment provider's duty to warn of and protect from a client's threatened violent behavior if the client communicates a serious threat of physical violence against a reasonably ascertainable victim or victims. In addition to any other requirements to report violations, the sex offender treatment provider is obligated to report an offender's expressions of intent to harm or other propensity for behavior, whether or not there is an ascertainable victim, in progress reports and other established processes that enable courts and supervising entities to assess and address the progress and appropriateness of treatment. This limited liability provision applies only to the conduct of certified sex offender treatment providers, and certified affiliate sex offender treatment providers who have completed at least fifty percent of the required hours under the supervision of a certified sex offender treatment provider, and not the conduct of the state.

(2) Sex offender treatment providers who provide services to the department of corrections by identifying risk factors and notifying the department of risks for the subset of high risk offenders who are not amenable to treatment and who are under court order for treatment or supervision are practicing within the scope of their profession.

(2) Persons committed to the department of corrections and who are under the authority of the board for crimes committed on or after September 1, 2001, are subject to the provisions for duration of confinement, release to community custody, and length of community custody established in RCW 9.94A.712, (9.94A.713) section 11 of this act, 72.09.335, and 9.95.420 through 9.95.440.

Sec. 42. RCW 9.95.064 and 2001 2nd sp.s.c. 12 s 326 are each amended to read as follows:

(2) Offenders released under RCW 9.95.420 are subject to crime-related prohibitions and affirmative conditions established by the court, the department of corrections, or the board pursuant to RCW (9.94A.715 and)) 9.94A.712, (9.94A.713) section 11 of this act, 72.09.335, and 9.95.420 through 9.95.440.

(2) The board may permit an offender convicted of a crime committed on or after September 1, 2001, and sentenced under RCW 9.94A.712, to leave a state correctional institution on community custody according to the provisions of RCW 9.94A.712, (9.94A.713)(1) of this act, 72.09.335, and 9.95.420 through 9.95.440. The petition shall be accompanied by a copy of the subpoena and proof of service, and shall set forth in what specific manner the subpoena has not been complied with, and shall ask an order of the court to compel the witness to appear and testify before the board. The court, upon such petition, shall enter an order directing the witness to appear before the court at a time and place to be fixed in such order and then and there to show cause why he or she has not responded to the subpoena or has refused to testify. A copy of the order shall be served upon the witness. If it appears to the court that the subpoena was properly issued and that the particular questions which the witness refuses to answer are reasonably relevant, the court shall enter an order directing the witness to appear at the time and place fixed in the order and testify or produce the required papers, and on failing to obey the order, the witness shall be dealt with as for contempt of court.

Sec. 45. RCW 9.95.420 and 2007 c 363 s 2 are each amended to read as follows:

The board shall consider the department's recommendations and may impose conditions in addition to those recommended by the department. The board may impose or modify conditions of community custody following notice to the offender.

(3)(a) Except as provided in (b) of this subsection, no later than ninety days before expiration of the minimum term, but after the board receives the results from the end of sentence review process and the recommendations for additional or modified conditions of community custody from the department, the board shall conduct a hearing to determine whether it is more likely than not that the offender will engage in sex offenses if released on conditions to be set by the board. The board may consider an offender's failure to participate in an evaluation under subsection (1) of this section in determining whether to release the offender. The board shall order the offender released, under such affirmative and other conditions as the board determines appropriate, unless the board determines by a preponderance of the evidence that, despite such conditions, it is more likely than not that the offender will commit sex offenses if released on conditions to be set by the board. The board may consider an offender's failure to participate in an evaluation under subsection (1) of this section in determining whether to release the offender. Before the board may nullify a suspension order and reinstate release, it shall determine that the best interests of society and the offender shall be served by such reinstatement rather than return to confinement.

If the person is found to have an alcohol or drug problem...
that requires treatment, the person shall complete treatment in a program approved by the department of social and health services under chapter 70.66A RCW. If the person is found not to have an alcohol or drug problem that requires treatment, he or she shall complete a course in an information program approved by the department of social and health services under chapter 70.66A RCW. The convicted person shall pay all costs for any evaluation, education, or treatment required by this section, unless the person is eligible for an existing program offered or approved by the department of social and health services. 25. "Work programs" means all classes of correctional industries jobs authorized under RCW 72.09.100.

**Sec. 49.** RCW 72.09.270 and 2007 c 483 s 203 are each amended to read as follows:

1. The department of corrections shall develop an individual reentry plan as defined in RCW 72.09.015 for every offender who is committed to the jurisdiction of the department except:

a. Offenders who are sentenced to life without the possibility of release or sentenced to death under chapter 10.95 RCW; and

b. Offenders who are subject to the provisions of 8 U.S.C. Sec. 1227.

2. The individual reentry plan may be one document, or may be a series of individual plans that combine to meet the requirements of this section.

3. In developing individual reentry plans, the department shall assess all offenders using standardized and comprehensive tools to identify the criminogenic risks, programmatic needs, and educational and vocational skill levels for each offender. The assessment tool
should take into account demographic biases, such as culture, age, and gender, as well as the needs of the offender, including any learning disabilities, substance abuse or mental health issues, and social or behavior deficits.

4.(a) The initial assessment shall be conducted as early as sentencing, but, whenever possible, no later than forty-five days of being sentenced to the jurisdiction of the department of corrections.

(b) The offender’s individual reentry plan shall be developed as soon as possible after the initial assessment is conducted, but, whenever possible, no later than sixty days after completion of the assessment, and shall be periodically reviewed and updated as appropriate.

5. The individual reentry plan shall, at a minimum, include:

(a) A plan to maintain contact with the inmate's children and family, if appropriate. The plan should determine whether parenting classes, or other services, are appropriate to facilitate successful reunification with the offender's children and family;

(b) An individualized portfolio for each offender that includes the offender's education achievements, certifications, employment, work experience, skills, and any training received prior to and during incarceration; and

(c) A plan for the offender during the period of incarceration through reentry into the community that addresses the needs of the offender including education, employment, substance abuse treatment, mental health treatment, family reunification, and other areas which are needed to facilitate a successful reintegration into the community.

6.(a) Prior to discharge of any offender, the department shall:

(i) Evaluate the offender’s needs and, to the extent possible, connect the offender with existing services and resources that meet those needs; and

(ii) Connect the offender with a community justice center and/or community transition coordination network in the area in which the offender will be residing once released from the correctional system if one exists.

(b) If the department recommends partial confinement in an offender's individual reentry plan, the department shall maximize the period of partial confinement for the offender as allowed pursuant to RCW 9.94A.728 to facilitate the offender's transition to the community.

7. The department shall establish mechanisms for sharing information from individual reentry plans to those persons involved with the offender's treatment, programming, and reentry, when deemed appropriate. When feasible, this information shall be shared electronically.

8. In determining the county of discharge for an offender released to community custody ((community placement)), the department may not approve a residence location that is not in the offender's county of origin unless it is determined by the department that the offender's return to his or her county of origin would be inappropriate considering any court-ordered condition of the offender's sentence, victim safety concerns, negative influences on the offender in the community, or the location of family or other sponsoring persons or organizations that will support the offender.

9. If the offender is not returned to his or her county of origin, the department shall provide the law and justice council of the county in which the offender is placed with a written explanation.

Records and information obtained under this subsection shall not be disclosed outside the committee unless otherwise authorized by law.

4. The committee shall review each sex offender under its authority before the offender's release from confinement or start of the offender's term of (community placement) or community custody in order to: (a) Classify the offender into a risk level for the purposes of public notification under RCW 4.24.550; (b) where available, review the offender's proposed release plan in accordance with the requirements of RCW 72.09.340; and (c) make appropriate referrals.

5. The committee shall classify as risk level I those sex offenders whose risk assessments indicate a low risk of reoffense within the community at large. The committee shall classify as risk level II those offenders whose risk assessments indicate a moderate risk of reoffense within the community at large.

6. The committee shall issue to appropriate law enforcement agencies, for their use in making public notifications under RCW 4.24.550, narrative notices regarding the pending release of sex offenders from the department's facilities. The narrative notices shall, at a minimum, describe the identity and criminal history behavior of the offender and shall include the department's risk level classification for the offender. For sex offenders classified as either risk level II or III, the narrative notices shall also include the reasons underlying the classification.

Sec. 50. RCW 72.09.345 and 1997 c 364 s 4 are each amended to read as follows:

Section 51. RCW 72.09.580 and 1999 c 196 s 12 are each amended to read as follows:

1. Except as specifically prohibited by other law, and for purposes of determining, modifying, or monitoring compliance with conditions of community custody (community placement, or community supervision as authorized under RCW 9.94A.505 and 9.94A.545), the department:

1.1 Shall have access to all relevant records and information in the possession of public agencies relating to offenders, including police reports, prosecutors' statements of probable cause, complete criminal history information, psychological evaluations and psychiatric hospital reports, sex offender treatment program reports, and juvenile records; and

2. May require periodic reports from providers of treatment or other services required by the court or the department, including progress reports, evaluations and assessments, and reports of violations of conditions imposed by the court or the department.

NEW SECTION. Sec. 52. (1) This chapter codifies sentencing provisions that may be applicable to sentences for crimes committed prior to July 1, 2000.

(2) This chapter supplements chapter 9.94A RCW and should be read in conjunction with that chapter.

NEW SECTION. Sec. 53. In addition to the definitions set out in RCW 9.94A.030, the following definitions apply for purposes of this chapter:

"Community placement" means that period during which the offender is subject to the conditions of community custody and/or postrelease supervision, which begins either upon completion of the
term of confinement (postrelease supervision) or at such time as the offender is transferred to community custody in lieu of earned release. Community placement may consist of entirely community custody, entirely postrelease supervision, or a combination of the two.

(2) "Community supervision" means a period of time during which a convicted offender is subject to crime-related prohibitions and other sentence conditions imposed by a court pursuant to this chapter or RCW 16.52.006(6) or 46.61.524. Where the court finds that any offender has a chemical dependency that has contributed to his or her offense, the conditions of supervision may, subject to available resources, include treatment. For purposes of the interstate compact for out-of-state supervision of parolees and probationers, RCW 9.95.270, community supervision is the functional equivalent of probation and should be considered the same as probation by other states.

(3) "Postrelease supervision" is that portion of an offender's community placement that is not community custody.

NEW SECTION. Sec. 54. The court may order an offender whose sentence includes community placement or community supervision to undergo a mental status evaluation and to participate in available outpatient mental health treatment, if the court finds that reasonable grounds exist to believe that the offender is a mentally ill person as defined in RCW 71.24.025, and that this condition is likely to have influenced the offense. An order requiring mental status evaluation or treatment must be based on a presentence report and, if applicable, mental status evaluations that have been filed with the court to determine the offender's competency or eligibility for a defense of insanity. The court may order additional evaluations at a later date if deemed appropriate.

NEW SECTION. Sec. 55. A person convicted of a sex offense or an offense categorized as a serious violent offense, assault in the second degree, vehicular homicide, vehicular assault, assault of a child in the second degree, any crime against persons where it is determined in accordance with RCW 9.94A.602 that the offender or an accomplice was armed with a deadly weapon at the time of commission, or any felony offense under chapter 69.50 or 69.52 RCW, committed before July 1, 2000, may become eligible, in accordance with a program developed by the department, for transfer to community custody status in lieu of earned release time pursuant to RCW 9.94A.728(1).

NEW SECTION. Sec. 56. (1) Sections 7 through 59 of this act apply to all sentences imposed or reimposed on or after August 1, 2009, for any crime committed on or after the effective date of this section.

(2) Sections 7 through 59 of this act also apply to all sentences imposed or reimposed on or after August 1, 2009, for crimes committed prior to the effective date of this section, to the extent that such application is constitutionally permissible.

(3) To the extent that application of sections 7 through 59 of this act is not constitutionally permissible with respect to any offender, the sentence for such offender shall be governed by the law as it existed before the effective date of this section, or on such prior date as may be constitutionally required, notwithstanding any amendment or repeal of provisions of such law.

(4) If application of sections 7 through 59 of this act is not constitutionally permissible with respect to any offender, the judgment and sentence shall specify the particular sentencing provisions that will not apply to such offender. Whenever practical, the judgment and sentence shall use the terminology set out in this act.

(5) The sentencing guidelines commission shall prepare a summary of the circumstances under which application of sections 7 through 59 of this act is not constitutionally permissible. The summary should include recommendations of conditions that could be included in judgments and sentences in order to prevent unconstitutional application of the act. This summary shall be incorporated into the Adult Sentencing Guidelines Manual.

(6) Sections 7 through 59 of this act shall not affect the enforcement of any sentence that was imposed prior to August 1, 2009, unless the offender is resentenced after that date.

NEW SECTION. Sec. 57. (1) The following sections are recodified as part of a new chapter in Title 9 RCW: RCW 9.94A.628, 9.94A.634, 9.94A.700, 9.94A.705, and 9.94A.710.

(3) Sections 52 through 55 of this act are added to the new chapter created in subsection (1) of this section.

(4) The code reviser is authorized to improve the organization of chapter 9.94A RCW by renumbering existing sections and adding subchapter headings.

(5) The code reviser shall correct any cross-references to sections affected by this section in other sections of the code.

NEW SECTION. Sec. 58. The following acts or parts of acts are each repealed:

MESSAGE FROM THE SENATE

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1030 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. This act may be known and cited as the Guillermo "Bobby" Aguilar and Edgar F. Trevino-Mendoza public safety act of 2008.

NEW SECTION. Sec. 2. A new section is added to chapter 9.94A RCW to read as follows:

(1) The prosecuting attorney may file a special allegation of endangerment by eluding in every criminal case involving a charge of attempting to elude a police vehicle under RCW 46.61.024, when sufficient admissible evidence exists, to show that one or more persons other than the defendant or the pursuing law enforcement officer were threatened with physical injury or harm by the actions of the person committing the crime of attempting to elude a police vehicle.

(2) In a criminal case in which there has been a special allegation, the state shall prove beyond a reasonable doubt that the accused committed the crime while endangering one or more persons other than the defendant or the pursuing law enforcement officer. The court shall make a finding of fact of whether or not one or more persons other than the defendant or the pursuing law enforcement officer were endangered at the time of the commission of the crime, or if a jury trial is had, the jury shall, if it finds the defendant guilty, also find a special verdict as to whether or not one or more persons other than the defendant or the pursuing law enforcement officer were endangered during the commission of the crime.

Sec. 3. RCW 9.94A.533 and 2007 c 368 s 9 are each amended to read as follows:

(1) The provisions of this section apply to the standard sentence ranges determined by RCW 9.94A.510 or 9.94A.517.

(2) For persons convicted of the anticipatory offenses of criminal attempt, solicitation, or conspiracy under chapter 9A.28 RCW, the standard sentence range is determined by locating the sentencing grid sentence range defined by the appropriate offender score and the seriousness level of the completed crime, and multiplying the range by seventy-five percent.

(3) The following additional times shall be added to the standard sentence range for felony crimes committed after July 23, 1995, if the offender or an accomplice was armed with a firearm as defined in RCW 9.41.010 and the offender is being sentenced for one of the crimes listed in this subsection as eligible for any firearm enhancements based on the classification of the completed felony crime. If the offender is being sentenced for more than one offense, the firearm enhancement or enhancements must be added to the total period of confinement for all offenses, regardless of which underlying offense is subject to a firearm enhancement. If the offender or an accomplice was armed with a firearm as defined in RCW 9.41.010 and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW to commit one of the crimes listed in this subsection as eligible for any firearm enhancements, the following additional times shall be added to the standard sentence range determined under subsection (2) of this section based on the felony crime of conviction as classified under RCW 9A.28.020:

(a) Five years for any felony defined under any law as a class A felony or with a statutory maximum sentence of at least twenty years, or both, and not covered under (f) of this subsection;

(b) Three years for any felony defined under any law as a class B felony or with a statutory maximum sentence of ten years, or both, and not covered under (f) of this subsection;

(c) Eighteen months for any felony defined under any law as a class C felony or with a statutory maximum sentence of five years, or both, and not covered under (f) of this subsection;

(d) If the offender is being sentenced for any firearm enhancements under (a), (b), and/or (c) of this subsection and the offender has previously been sentenced for any deadly weapon enhancements after July 23, 1995, under (a), (b), and/or (c) of this subsection or subsection (4)(a), (b), and/or (c) of this section, or both, all firearm enhancements under this subsection shall be twice the amount of the enhancement listed;

(e) Notwithstanding any other provision of law, all firearm enhancements under this section are mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions, including other firearm or deadly weapon enhancements, for all offenses sentenced under this chapter. However, whether or not a mandatory minimum term has expired, an offender serving a sentence under this subsection may be granted an extraordinary medical placement when authorized under RCW 9.94A.728(4);

(f) The firearm enhancements in this section shall apply to all felonies except the following: Possession of a machine gun, possessing a stolen firearm, drive-by shooting, theft of a firearm, unlawful possession of a firearm in the first and second degree, and use of a machine gun in a felony;

(g) If the standard sentence range under this section exceeds the statutory maximum sentence for the offense, the statutory maximum sentence shall be the presumptive sentence unless the offender is a persistent offender. If the addition of a firearm enhancement increases the sentence so that it would exceed the statutory maximum for the offense, the portion of the sentence representing the enhancement may not be reduced.

(4) The following additional times shall be added to the standard sentence range for felony crimes committed after July 23, 1995, if the offender or an accomplice was armed with a deadly weapon other than a firearm as defined in RCW 9.41.010 and the offender is being sentenced for one of the crimes listed in this subsection as eligible for any deadly weapon enhancements based on the classification of the completed felony crime. If the offender is being sentenced for more than one offense, the deadly weapon enhancement or enhancements must be added to the total period of confinement for all offenses, regardless of which underlying offense is subject to a deadly weapon enhancement. If the offender or an accomplice was armed with a deadly weapon other than a firearm as defined in RCW 9.41.010 and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW to commit one of the crimes listed in this subsection as eligible for any deadly weapon enhancements, the following additional times shall be added to the standard sentence range determined under subsection (2) of this
section based on the felony crime of conviction as classified under RCW 9A.28.020:

(a) Two years for any felony defined under any law as a class A felony or with a statutory maximum sentence of at least twenty years, or both, and not covered under (f) of this subsection;

(b) One year for any felony defined under any law as a class B felony or with a statutory maximum sentence of ten years, or both, and not covered under (f) of this subsection;

(c) Six months for any felony defined under any law as a class C felony or with a statutory maximum sentence of five years, or both, and not covered under (f) of this subsection;

(b) Notwithstanding any other provision of law, all sexual motivation enhancements under this subsection are mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions, including other sexual motivation enhancements, for all offenses sentenced under this chapter. However, whether or not a mandatory minimum term has expired, an offender serving a sentence under this subsection may be granted an extraordinary medical placement when authorized under RCW 9.94A.728(4);

(c) The sexual motivation enhancements in this subsection apply to all felony crimes;

(d) If the standard sentence range under this subsection exceeds the statutory maximum sentence for the offense, the statutory maximum sentence shall be the presumptive sentence unless the offender is a persistent offender. If the addition of a sexual motivation enhancement increases the sentence so that it would exceed the statutory maximum for the offense, the portion of the sentence representing the enhancement may not be reduced;

(e) The portion of the total confinement sentence which the offender must serve under this subsection shall be calculated before any earned early release time is credited to the offender;

MESSAGE FROM THE SENATE

March 6, 2008

Mr. Speaker:

The Senate has passed FOURTH SUBSTITUTE HOUSE BILL NO. 1103 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. From statehood, Washington has constitutionally provided for the regulation of the practice of medicine and the sale of drugs and medicines. This constitutional recognition of the importance of regulating health care practitioners derives not from providers' financial interest in their license, but from the greater need to protect the public health and safety by ensuring that the health care providers and medicines that society relies upon meet certain standards of quality.

The legislature finds that the issuance of a license to practice as a health care provider should be a means to promote quality and not be a means to provide financial benefit for providers. Statutory and administrative requirements provide sufficient due process protections to prevent the unwarranted revocation of a health care provider's license. While those due process protections must be maintained, there is an urgent need to return to the original constitutional mandate that patients be ensured quality from their health care providers. The legislature has recognized and medical malpractice reforms have recognized the importance of quality and patient safety through such measures as a new adverse events reporting system. Reforms to the health care provider licensing system is another step toward improving quality in health care. Therefore, the legislature intends to increase the authority of those engaged in the regulation of health care providers to swiftly identify and remove health care providers who pose a risk to the public.

Sec. 2. RCW 18.130.020 and 1995 c 336 s 1 are each amended to read as follows:

(2)(a) The secretary shall establish requirements for each applicant for an initial license to obtain a state background check through the state patrol prior to the issuance of any license. The background check may be fingerprint-based at the discretion of the department.

(b) The secretary shall specify those situations where a background check under (a) of this subsection is inadequate and an applicant for an initial license must obtain an electronic fingerprint-based national background check through the state patrol and federal bureau of investigation. Situations where a background check is inadequate may include instances where an applicant has recently lived out of state or where the applicant has a criminal record in Washington. The secretary shall issue a temporary practice permit to an applicant who must have a national background check conduct if the background check conducted under (a) of this subsection does not reveal a criminal record in Washington, and if the applicant meets the provisions of RCW 18.130.075.

(3) In addition to the background check required in subsection (2) of this section, an investigation may include an examination of state and national criminal identification data. The disciplining authority shall use the information for determining eligibility for licensure or renewal. The disciplining authority may also use the information when determining whether to proceed with an investigation of a report under RCW 18.130.080. For a national criminal history records check, the department shall require fingerprints be submitted to and searched through the Washington state patrol identification and criminal history section. The Washington state patrol shall forward the fingerprints to the federal bureau of investigation.

(4) The secretary shall adopt rules to require license holders to report to the disciplining authority any arrests, convictions, or other determinations or findings by a law enforcement agency occurring after the effective date of this section for a criminal offense. The report must be made within fourteen days of the conviction.

(5) The secretary shall conduct an annual review of a representative sample of all license holders who have previously obtained a background check through the department. The selection of the license holders to be reviewed must be representative of all categories of license holders and geographic locations.

(6)(a) When deciding whether or not to issue an initial license, the disciplining authority shall consider the results of any background check conducted under subsection (2) of this section that reveals a conviction for any criminal offense that constitutes unprofessional conduct under this chapter or the chapters specified in RCW 18.130.040 or a series of arrests that when considered together demonstrate a pattern of behavior that, without investigation, may pose a risk to the safety of the license holder's patients.

(b) If the background check conducted under subsection (2) of this section reveals any information related to unprofessional conduct that has not been previously disclosed to the disciplining authority, the disciplining authority shall take appropriate disciplinary action against the license holder.

(7) The department shall:

(a) Require the applicant or license holder to submit full sets of fingerprints if necessary to complete the background check;

(b) Require the applicant to submit any information required by the state patrol; and

(c) Notify the applicant if their background check reveals a criminal record. Only when the background check reveals a criminal record will an applicant receive a notice. Upon receiving such a notice, the applicant may request and the department shall provide a copy of the record to the extent permitted under RCW 10.97.050, including making accessible to the applicant for their personal use and information any records of arrest, charges, or allegations of criminal conduct or other nonconviction data pursuant to RCW 10.97.050(4).

(8) Criminal justice agencies shall provide the secretary with both conviction and nonconviction information that the secretary requests for investigations under this chapter.

(9) There is established a unit within the department for the purpose of detection, investigation, and prosecution of any act prohibited or declared unlawful under this chapter. The secretary will employ supervisory, legal, and investigative personnel for the unit who must be qualified by training and experience.

(b)(i) Every license holder, corporation, organization, health care facility, and state and local governmental agency that employs a license holder shall report to the disciplining authority when the employed license holder's services have been terminated or restricted based upon a final determination that the license holder has either committed an act or acts that may constitute unprofessional conduct or that the license holder may not be able to practice his or her profession with reasonable skill and safety to consumers as a result of a mental or physical condition.

(b)(ii) All reports required by (b)(i) of this subsection must be submitted to the disciplining authority as soon as possible, but no later than twenty days after a determination has been made. A report should contain the following information, if known:

2. If the disciplining authority determines that (the) a complaint submitted under subsection (1) of this section merits investigation, or if the disciplining authority has reason to believe, without a formal complaint, that a license holder or applicant may have engaged in unprofessional conduct, the disciplining authority shall investigate to determine whether there has been unprofessional conduct. In determining whether or not to investigate, the disciplining authority shall consider any prior complaints received by the disciplining authority, any prior findings of fact under RCW 18.130.110, any stipulations to informal disposition under RCW 18.130.172, and any comparable action taken by other state disciplining authorities.

((22)) (3) Notwithstanding subsection ((2)) (2) of this section, the disciplining authority shall initiate an investigation in every instance where:

(a) The secretary is authorized to receive criminal history record information that includes nonconviction data for any purpose associated with the investigation or licensing of persons under this chapter.

(b) Dissemination or use of nonconviction data for purposes other than that authorized in this section is prohibited.

Sec. 9. RCW 18.130.095 and 2005 c 274 s 231 are each amended to read as follows:

((1)(a) The secretary, in consultation with the disciplining authorities, shall develop uniform procedural rules to respond to public inquiries concerning complaints and their disposition, active investigations, statement of charges, findings of fact, and final orders involving a (licensee) license holder, applicant, or unlicensed person.

(b) The uniform procedural rules adopted under this subsection apply to all adjudicative proceedings conducted under this chapter and shall include provisions for establishing time periods for initial assessment, investigation, charging, discovery, settlement, and adjudication of complaints, and shall include enforcement provisions for violations of the specific time periods by the department, the disciplining authority, and the respondent. A (licensee) license holder must be notified upon receipt of a complaint, except when the notification would impede an effective investigation. At the earliest point of time the (licensee) license holder must be allowed to submit a written statement about that complaint, which statement must be included in the file. Complaints filed after July 27, 1997, are exempt from public disclosure under chapter 42.56 RCW until the complaint has been initially assessed and determined to warrant an investigation by the disciplining authority. The cost of the examinations ordered by the disciplining authority shall be paid out of the health professions account. In addition to any examinations ordered by the disciplining authority, the (biennium) license holder may submit physical or mental examination reports from licensed or certified health professionals of the license holder's choosing and expense.

For the purpose of subsection (2) of this section, (as applicant) a license holder governed by this chapter, by making application, practicing, or filing a license renewal, is deemed to have given consent to submit to a mental, physical, or psychological examination when directed in writing by the disciplining authority and to cooperate with whatever objective information is obtained from the examining health professional's testimony or examination reports by the disciplining authority on the ground that the testimony or reports constitute privileged communications.

1(a) A licensee must produce documents, records, or other items that are within his or her possession or control within twenty-one calendar days of service of a request by a disciplining authority. If the twenty-one calendar day limit results in a hardship upon the licensee, he or she may request, for good cause, an extension not to exceed thirty additional calendar days.

(b) In the event the licensee fails to produce the documents, records, or other items as requested by the disciplining authority or fails to obtain an extension of the time for response, the disciplining authority may issue a written citation and assess a fine of up to one hundred dollars per day for each day after the issuance of the citation until the documents, records, or other items are produced.

(c) In no event may the administrative fine assessed by the disciplining authority exceed five thousand dollars for each investigation made with respect to the violation.

(2) Citations issued under this section must include the following:

(a) A statement that the citation represents a determination that the person named has failed to produce documents, records, or other items as required by this section and that the determination is final unless contested as provided in this section;

(b) A statement of the specific circumstances;

(c) A statement of the monetary fine, which is up to one hundred dollars per day for each day after the issuance of the citation;

(d) A statement informing the licensee that if the licensee desires a hearing to contest the finding of a violation, the hearing must be requested by written notice to the disciplining authority within twenty days of the date of issuance of the citation. The hearing is limited to the issue of whether the licensee timely produced the requested documents, records, or other items or had good cause for failure to do so; and

(e) A statement that in the event a licensee fails to pay a fine within thirty days of the date of assessment, the full amount of the assessed fine must be added to the fee for renewal of the license unless the citation is being appealed.

(3) RCW 18.130.165 governs proof and enforcement of the fine.

(4) Administrative fines collected under this section must be deposited in the health professions account created in RCW 43.70.320.

(5) Issuance of a citation under this section does not preclude the disciplining authority from pursuing other action under this chapter.

(6) The disciplining authority shall establish and make available to licensees the maximum daily monetary fine that may be issued under subsection (2)(c) of this section. The disciplining authority shall review the maximum fine on a regular basis, but at a minimum, each biennium.

Sec. 21. RCW 18.130.140 and 1984 c 279 s 14 are each amended to read as follows:

A person whose license has been disciplined ((or revoked)) under this chapter may petition the disciplining authority for reinstatement after an interval as determined by the disciplining authority in the order unless the disciplining authority has found, pursuant to RCW 18.130.160, that the licensee can never be rehabilitated or can never regain the ability to practice with reasonable skill and safety. The disciplining authority shall hold hearings on the petition and may deny the petition or may order reinstatement and impose terms and conditions as provided in RCW 18.130.160 and issue an order of reinstatement. The disciplining authority may require successful completion of an examination as a condition of reinstatement.

A person whose license has been suspended for noncompliance with a support order or ((or residential)) visitation order under RCW 74.20A.320 may petition for reinstatement at any time by providing the secretary a release issued by the department of social and health services stating that the person is in compliance with the order. If the person has continued to meet all other requirements for reinstatement during the suspension, the secretary shall automatically reinstate the person’s license upon receipt of the release, and payment of a reinstatement fee, if any.

Sec. 23. RCW 18.130.165 and 1993 c 367 s 20 are each amended to read as follows:

Where an order for payment of a fine is made as a result of a citation under section 20 of this act or a hearing under RCW 18.130.100 or 18.130.190 and timely payment is not made as directed in the final order, the disciplining authority may enforce the order for payment in the superior court in the county in which the hearing was held. This right of enforcement shall be in addition to any other rights the disciplining authority may have as to any license ordered to pay a fine but shall not be construed to limit a licensee’s ability to seek judicial review under RCW 18.130.140.

In any action for enforcement of an order of payment of a fine, the disciplining authority’s order is conclusive proof of the validity of the order of payment of a fine and the terms of payment.

Sec. 24. RCW 18.130.172 and 2000 c 171 s 29 are each amended to read as follows:

(1) Prior to serving a statement of charges under RCW 18.130.090 or 18.130.170, the disciplining authority may furnish a statement of allegations to the licensee ((or applicant)) along with a detailed summary of the evidence relied upon to establish the allegations and a proposed stipulation for informal resolution of the allegations. These documents shall be exempt from public
(2) The disciplinary authority and the [(applicant or)] licensee may stipulate that the allegations may be disposed of informally in accordance with this subsection. The stipulation shall contain a statement of the facts leading to the filing of the complaint; the act or acts of unprofessional conduct alleged to have been committed or the alleged basis for determining that the [(applicant or)] licensee is unable to practice with reasonable skill and safety; a statement that the stipulation is not to be construed as a finding of either unprofessional conduct or inability to practice; an acknowledgment that a finding of unprofessional conduct or inability to practice, if proven, constitutes grounds for discipline under this chapter; and an agreement on the part of the licensee [(applicant or)] that the sanctions set forth in RCW 18.130.160, except RCW 18.130.160 (1), (2), (6), and (8), may be imposed as part of the stipulation, except that no fine may be imposed but the licensee [(applicant or)] may agree to reimburse the disciplinary authority the costs of investigation and processing the complaint up to an amount not exceeding one thousand dollars per allegation; and an agreement on the part of the disciplinary authority to forego further disciplinary proceedings concerning the allegations. A stipulation entered into pursuant to this subsection shall not be considered formal disciplinary action.

(3) If the licensee [(applicant or)] declines to agree to disposition of the charges by means of a stipulation pursuant to subsection (2) of this section, the disciplinary authority may proceed to formal disciplinary action pursuant to RCW 18.130.090 or 18.130.170.

(4) Upon execution of a stipulation under subsection (2) of this section by both the licensee [(applicant or)] and the disciplinary authority, the complaint is deemed disposed of and shall become subject to public disclosure on the same basis and to the same extent as other records of the disciplinary authority. Should the licensee [(applicant or)] fail to pay any agreed reimbursement within thirty days of the date specified in the stipulation for payment, the disciplinary authority may seek collection of the amount agreed to be paid in the same manner as enforcement of a fine under RCW 18.130.165.

Sec. 25. RCW 18.130.180 and 1995 c 336 s 9 are each amended to read as follows:

(1) The commission of any act involving moral turpitude, dishonesty, or corruption relating to the practice of the person's profession, whether the act constitutes a crime or not. If the act constitutes a crime, conviction in a criminal proceeding is not a condition precedent to disciplinary action. Upon such a conviction, however, the judgment and sentence is conclusive evidence at the ensuing disciplinary hearing of the guilt of the license holder [(applicant or)] of the crime described in the indictment or information, and of the person's violation of the statute on which it is based. For the purposes of this section, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for conviction and all proceedings in which the sentence has been deferred or suspended. Nothing in this section abrogates rights guaranteed under chapter 9.96A RCW.

(2) Misrepresentation or concealment of a material fact in obtaining a license or in reinstatement thereof;

(3) All advertising which is false, fraudulent, or misleading;

(4) Incompetence, negligence, or malpractice which results in injury to a patient or which creates an unreasonable risk that a patient may be harmed. The use of a nontraditional treatment by itself shall not constitute unprofessional conduct, provided that it does not result in injury to a patient or create an unreasonable risk that a patient may be harmed;

(5) Suspension, revocation, or restriction of the individual's license to practice any health care profession by competent authority in any state, federal, or foreign jurisdiction, a certified copy of the order, stipulation, or agreement being conclusive evidence of the revocation, suspension, or restriction;

(6) The possession, sale, prescription for use, or distribution of controlled substances or legend drugs in any way other than for legitimate or therapeutic purposes, diversion of controlled substances or legend drugs, the violation of any drug law, or prescribing controlled substances for oneself;

(7) Violation of any state or federal statute or administrative rule regulating the profession in question, including any statute or rule defining or establishing standards of patient care or professional conduct or practice;

(8) Failure to cooperate with the disciplining authority by:

(a) Not furnishing any papers [(ee)], documents, records, or other items;

(b) Not furnishing in writing a full and complete explanation covering the matter contained in the complaint filed with the disciplining authority;

(c) Not responding to subpoenas issued by the disciplining authority, whether or not the recipient of the subpoena is the accused in the proceeding; or

(d) Not providing reasonable and timely access for authorized representatives of the disciplining authority seeking to perform practice reviews at facilities utilized by the licensee holder;

(9) Failure to comply with an order issued by the disciplining authority or a stipulation for informal disposition entered into with the disciplining authority;

(10) Aiding or abetting an unlicensed person to practice when a license is required;

(11) Violations of rules established by any health agency;

(12) Practice beyond the scope of practice as defined by law or rule;

(13) Misrepresentation or fraud in any aspect of the conduct of the business or profession;

(14) Failure to adequately supervise auxiliary staff to the extent that the consumer's health or safety is at risk;

(15) Engaging in a profession involving contact with the public while suffering from a contagious or infectious disease involving serious risk to public health;

(16) Promotion for personal gain of any unnecessary or inefficacious drug, device, treatment, procedure, or service;

(17) Conviction of any gross misdemeanor or felony relating to the practice of the person's profession. For the purposes of this subsection, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for conviction and all proceedings in which the sentence has been deferred or suspended. Nothing in this section abrogates rights guaranteed under chapter 9.96A RCW.

(18) The procuring, or aiding or abetting in procuring, a criminal abortion;

(19) The offering, undertaking, or agreeing to cure or treat disease by a secret method, procedure, treatment, or medicine, or the treating, operating, or prescribing for any health condition by a method, means, or procedure which the licensee refuses to divulge upon demand of the disciplining authority;

(20) The willful betrayal of a practitioner-patient privilege as recognized by law;

(21) Violation of chapter 19.68 RCW;

(22) Interference with an investigation or disciplinary proceeding by willful misrepresentation of facts before the disciplining authority or its authorized representative, or by the use of threats or harassment against any patient or witness to prevent them from providing evidence in a disciplinary proceeding or any other legal action, or by the use of financial inducements to any patient or witness to prevent or attempt to prevent him or her from providing evidence in a disciplinary proceeding;

(23) Current misuse of:

(a) Alcohol;

(b) Controlled substances; or

(c) Legend drugs;

(24) Abuse of a client or patient or sexual contact with a client or patient;

(25) Acceptance of more than a nominal gratuity, hospitality, or subsidy offered by a representative or vendor of medical or health-related products or services intended for patients, in contemplation of a sale or for use in research publishable in professional journals, where a conflict of interest is presented, as defined by rules of the
disciplining authority, in consultation with the department, based on recognized professional ethical standards.

**Sec. 26.** RCW 9.96A.020 and 1999 c 16 s 1 are each amended to read as follows:

(1) Subject to the exceptions in subsections (3) ((and (4))) through (5) of this section, and unless there is another provision of law to the contrary, a person is not disqualified from employment by the state of Washington or any of its counties, cities, towns, municipal corporations, or quasi-municipal corporations, nor is a person disqualified to practice, pursue or engage in any occupation, trade, vocation, or business for which a license, permit, certificate or registration is required to be issued by the state of Washington or any of its counties, cities, towns, municipal corporations, or quasi-municipal corporations solely because of a prior conviction of a felony. However, this section does not preclude the fact of any prior conviction of a crime from being considered.

(2) A person may be denied employment by the state of Washington or any of its counties, cities, towns, municipal corporations, or quasi-municipal corporations, or a person may be denied a license, permit, certificate or registration to practice, pursue or engage in an occupation, trade, vocation, or business by reason of the prior conviction of a felony if the felony for which he or she was convicted directly relates to the position of employment sought or to the specific occupation, trade, vocation, or business for which the license, permit, certificate or registration is sought, and the time elapsed since the conviction is less than ten years. However, for purposes of this section, a person is disqualified from employment because of a prior guilty plea or conviction of a felony involving embezzlement or theft, even if the time elapsed since the guilty plea or conviction is ten years or more.

(3) A person is disqualified for any certificate required or authorized under chapters 28A.405 or 28A.410 RCW, because of a prior guilty plea or conviction of a felony involving sexual exploitation of a child under chapter 9.68A RCW, sexual offenses under chapter 9A.44 RCW where a minor is the victim, promoting prostitution of a minor under chapter 9A.88 RCW, or a violation of similar laws of another jurisdiction, even if the time elapsed since the guilty plea or conviction is ten years or more.

(4) A person is disqualified from employment by school districts, educational service districts, and their contractors hiring employees who will have regularly scheduled unsupervised access to children, because of a prior guilty plea or conviction of a felony involving sexual exploitation of a child under chapter 9.68A RCW, sexual offenses under chapter 9A.44 RCW where a minor is the victim, promoting prostitution of a minor under chapter 9A.88 RCW, or a violation of similar laws of another jurisdiction, even if the time elapsed since the guilty plea or conviction is ten years or more.

(5) The provisions of this chapter do not apply to issuance of licenses or credentials for professions regulated under chapter 18.130 RCW.

(6) Subsections (3) and (4) of this section only apply to a person applying for a certificate or for employment on or after July 25, 1993. Subsection (5) of this section only applies to a person applying for a license or credential on or after the effective date of this section.

**Sec. 27.** RCW 9.95.240 and 2003 c 66 s 1 are each amended to read as follows:

(1) Every defendant who has fulfilled the conditions of his or her probation for the entire period thereof, or who shall have been discharged from probation prior to the termination of the period thereof, may at any time prior to the expiration of the maximum period of punishment for the offense for which he or she has been convicted be permitted in the discretion of the court to withdraw his or her plea of guilty and enter a plea of not guilty, or if he or she has been convicted after a plea of not guilty, the court may in its discretion set aside the verdict of guilty; and in either case, the court may thereupon discharge the information or indictment against such defendant, who shall thereafter be released from all penalties and disabilities resulting from the offense or crime of which he or she has been convicted. The probationer shall be informed of this right in his or her probation papers: PROVIDED, That in any subsequent prosecution, for any other offense, such prior conviction may be pleaded and proved, and shall have the same effect as if probation had not been granted, or the information or indictment dismissed.

(2)(a) After the period of probation has expired, the defendant may apply to the sentencing court for a vacation of the defendant's record of conviction under RCW 9.94A.640. The court may, in its discretion, clear the record of conviction if it finds the defendant has met the equivalent of the tests in RCW 9.94A.640(2) as those tests would be applied to a person convicted of a crime committed before July 1, 1984.

(b) The clerk of the court in which the vacation order is entered shall immediately transmit the order vacating the conviction to the Washington state patrol identification section and to the local police agency, if any, which holds criminal history information for the person who is the subject of the conviction. The Washington state patrol and any such local police agency shall immediately update their records to reflect the vacation of the conviction, and shall transmit the order vacating the conviction to the federal bureau of investigation. A conviction that has been vacated under this section may not be disseminated or disclosed by the state patrol or local law enforcement agency to any person, except other criminal justice enforcement agencies.

(3) This section does not apply to chapter 18.130 RCW.

**Sec. 28.** RCW 43.43.825 and 2006 c 99 s 8 are each amended to read as follows:

(2) When the state patrol receives information that a person has pled guilty to or been convicted of one of the felony crimes under subsection (1) of this section, the state patrol shall transmit that information to the department of health. It is the duty of the department of health to identify whether the person holds a credential issued by a disciplining authority listed under RCW 18.130.040, and provide this information to the disciplining authority that issued the credential to the person who pled guilty or was convicted of a crime listed in subsection (1) of this section.

THIRD SUBSTITUTE HOUSE BILL NO. 1741, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 5, 2008

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1773 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds and declares that it is the policy of the state of Washington to use tolling to provide a source of transportation funding and to encourage effective use of the transportation system.

The legislature intends that the policy framework created by this act will guide subsequent legislation and decisions regarding the tolling of specific facilities and corridors. For each state-owned facility or corridor, the legislature intends that it will authorize the budget and finance plan. Specific issues that may be addressed in the finance plan and budget authorization legislation include the amount of financing required for a facility or corridor, the budget for any construction and operations financed by tolling, whether and how variable pricing will be applied, and the timing of tolling.

The legislature also intends that while the transportation commission, as the toll-setting authority, may set toll rates for facilities, corridors, or systems thereof, the legislature reserves the authority to impose tolls on any state transportation route or facility. Similarly, local or quasi-local entities that retain the power to impose tolls may do so as long as the effect of those tolls on the state highway system is consistent with the policy guidelines detailed in this act. If the imposition of tolls could have an impact on state facilities, the state tolling authority must review and approve such tolls.

NEW SECTION. Sec. 2. This subchapter applies only to all state toll bridges and other toll facilities, excluding the Washington state ferries, first authorized within this state after July 1, 2008.

NEW SECTION. Sec. 3. The definitions in this section apply throughout this subchapter unless the context clearly requires otherwise.

(1) "Tolling authority" means the governing body that is legally empowered to review and adjust toll rates. Unless otherwise delegated, the transportation commission is the tolling authority for all state highways.

(2) "Eligible toll facility" or "eligible toll facilities" means portions of the state highway system specifically identified by the legislature including, but not limited to, transportation corridors, bridges, crossings, interchanges, on-ramps, off-ramps, approaches, bistate facilities, and interconnections between highways.

(3) "Toll revenue" or "revenue from an eligible toll facility" means toll receipts, all interest income derived from the investment of toll receipts, and any gifts, grants, or other funds received for the benefit of the eligible toll facility.

NEW SECTION. Sec. 4. (1) Unless otherwise delegated, only the legislature may authorize the imposition of tolls on eligible toll facilities.

(2) All revenue from an eligible toll facility must be used only to construct, improve, maintain, manage, or operate the eligible toll facility on or in which the revenue is collected. Expenditures of toll revenues are subject to appropriation and must be made only:

(a) To cover the operating costs of the eligible toll facility, including necessary maintenance, preservation, administration, and toll enforcement by public law enforcement within the boundaries of the facility;

(b) To meet obligations for the repayment of debt and interest on the eligible toll facilities, and any other associated financing costs including, but not limited to, required reserves and insurance;

(c) To meet any other obligations to provide funding contributions for any projects or operations on the eligible toll facilities;

(d) To provide for the operations of conveyances of people or goods;

(e) For any other improvements to the eligible toll facilities.

NEW SECTION. Sec. 5. Any proposal for the establishment of eligible toll facilities shall consider the following policy guidelines:

(1) Overall direction. Washington should use tolling to encourage effective use of the transportation system and provide a source of transportation funding.

(2) When to use tolling. Tolling should be used when it can be demonstrated to contribute a significant portion of the cost of a project that cannot be funded solely with existing sources or optimize the performance of the transportation system. Such tolling should, in all cases, be fairly and equitably applied in the context of the statewide transportation system and not have significant adverse impacts through the diversion of traffic to other routes that cannot otherwise be reasonably mitigated. Such tolling should also consider relevant social equity, environmental, and economic issues, and should be directed at making progress toward the state's greenhouse gas reduction goals.

(3) Use of toll revenue. All revenue from an eligible toll facility must be used only to improve, preserve, manage, or operate the eligible toll facility on or in which the revenue is collected. Additionally, toll revenue should provide for and encourage the inclusion of recycled and reclaimed construction materials."
(4) Setting toll rates. Toll rates, which may include variable pricing, must be set to meet anticipated funding obligations. To the extent possible, the toll rates should be set to optimize system performance, recognizing necessary trade-offs to generate revenue.

(5) Duration of toll collection. Because transportation infrastructure projects have costs and benefits that extend well beyond those paid for by initial construction funding, tolls on future toll facilities may remain in place to fund additional capacity, capital rehabilitation, maintenance, management, and operations, and to optimize performance of the system.

NEW SECTION. Sec. 6. (1) A tolling advisory committee may be created at the direction of the tolling authority for any eligible toll facilities. The tolling authority shall appoint nine members to the committee, all of whom must be permanent residents of the affected project area as defined for each project. Members of the committee shall serve without receiving compensation.

(2) The tolling advisory committee shall serve in an advisory capacity to the tolling authority on all matters related to the imposition of tolls including, but not limited to: (a) The feasibility of providing discounts; (b) the trade-off of lower tolls versus the early retirement of debt; and (c) consideration of variable or time of day pricing.

(3) In setting toll rates, the tolling authority shall consider recommendations of the tolling advisory committee.

NEW SECTION. Sec. 7. (1) Unless these powers are otherwise delegated by the legislature, the transportation commission is the tolling authority for the state. The tolling authority shall:

(a) Set toll rates, establish appropriate exemptions, if any, and make adjustments as conditions warrant on eligible toll facilities; (b) Review toll collection policies, toll operations policies, and toll revenue expenditures on the eligible toll facilities and report annually on this review to the legislature.

(2) The tolling authority, in determining toll rates, shall consider the policy guidelines established in section 5 of this act.

(3) Unless otherwise directed by the legislature, in setting and periodically adjusting toll rates, the tolling authority must ensure that toll rates will generate revenue sufficient to:

(a) Meet the operating costs of the eligible toll facilities, including necessary maintenance, preservation, administration, and toll enforcement by public law enforcement; (b) Meet obligations for the repayment of debt and interest on the eligible toll facilities, and any other associated financing costs including, but not limited to, required reserves, minimum debt coverage or other appropriate contingency funding, and insurance; and (c) Meet any other obligations of the tolling authority to provide its proportionate share of funding contributions for any projects or operations of the eligible toll facilities.

(4) The established toll rates may include variable pricing, and should be set to optimize system performance, recognizing necessary trade-offs to generate revenue for the purposes specified in subsection (3) of this section. Tolls may vary for type of vehicle, time of day, traffic conditions, or other factors designed to improve performance of the system.

Sec. 8. RCW 47.56.030 and 2002 c 114 s 19 are each amended to read as follows:

(1) Except as permitted under chapter 47.29 or 47.46 RCW:

(a) Unless otherwise delegated, and subject to section 4 of this act, the department of transportation shall have full charge of the planning, analysis, and construction of all toll bridges and other toll facilities including the Washington state ferries, and the operation and maintenance thereof; (b) The transportation commission shall determine and establish the tolls and charges thereon; and shall perform all duties and exercise all powers relating to the financing, refinancing, and fiscal management of all toll bridges and other toll facilities including the Washington state ferries, and bonded indebtedness in the manner provided by law.

(c) Unless otherwise delegated, and subject to section 4 of this act, the department shall have full charge of planning, analysis, and design of all toll facilities. The department may conduct the planning, analysis, and design of toll facilities as necessary to support the legislature's consideration of toll authorization.

(d) The department shall utilize and administer toll collection systems that are simple, unified, and interoperable. To the extent practicable, the department shall avoid the use of toll booths. The department shall set the statewide standards and protocols for all toll facilities within the state, including those authorized by local authorities.

(e) Except as provided in this section, the department shall proceed with the construction of such toll bridges and other facilities and the approaches thereto by contract in the manner of state highway construction immediately upon there being made available funds for such work and shall prosecute such work to completion as rapidly as practicable. The department is authorized to negotiate contracts for any amount without bid under ((((iii))) (e)(i) and (ii) of this subsection:

(i) Emergency contracts, in order to make repairs to ferries or ferry terminal facilities or removal of such facilities whenever continued use of ferries or ferry terminal facilities constitutes a real or immediate danger to the traveling public or precludes prudent use of such ferries or facilities; and

(ii) Single source contracts for vessel dry dockings, when there is clearly and legitimately only one available bidder to conduct dry dock-related work for a specific class or classes of vessels. The contracts may be entered into for a single vessel dry docking or for multiple vessel dry dockings for a period not to exceed two years.

(2) The department shall proceed with the procurement of materials, supplies, services, and equipment needed for the support, maintenance, and use of a ferry, ferry terminal, or other facility operated by Washington state ferries, in accordance with chapter 43.19 RCW except as follows:

(a) ((Except as provided in (c) of this subsection)) When the secretary of the department of transportation determines in writing that the use of invitation for bid is either not practicable or not advantageous to the state and it may be necessary to make competitive evaluations, including technical or performance evaluations among acceptable proposals to complete the contract award, a contract may be entered into by use of a competitive sealed proposals method, and a formal request for proposals solicitation. Such formal request for proposals solicitation shall include a functional description of the needs and requirements of the state and the significant factors.

(b) When purchases are made through a formal request for proposals solicitation the contract shall be awarded to the responsible proposal whose competitive sealed proposal is determined to be the most advantageous to the state taking into consideration price and other evaluation factors set forth in the request for proposals. No significant factors may be used in evaluating a proposal that are not specified in the request for proposals. Factors that may be considered in evaluating proposals include but are not limited to: Price; maintainability; reliability; commonality; performance levels; life cycle cost if applicable under this section; cost of transportation or delivery; delivery schedule offered; installation cost; cost of spare parts; availability of parts and service offered; and the following:

(i) The ability, capacity, and skill of the proposer to perform the contract or provide the service required;

(ii) The character, integrity, reputation, judgment, experience, and efficiency of the proposer;

(iii) Whether the proposer can perform the contract within the time specified;

(iv) The quality of performance of previous contracts or services;

(v) The previous and existing compliance by the proposer with laws relating to the contract or services;

(vi) Objective, measurable criteria defined in the request for proposal. These criteria may include but are not limited to items such as discounts, delivery costs, maintenance services costs, installation costs, and transportation costs; and

(vii) Such other information as may be secured having a bearing on the decision to award the contract.

(c) When purchases are made through a request for proposal process, proposals received shall be evaluated based on the
evaluation factors set forth in the request for proposal. When issuing a request for proposal for the procurement of propulsion equipment or systems that include an engine, the request for proposal must specify the use of a life cycle cost analysis that includes an evaluation of fuel efficiency. When a life cycle cost analysis is used, the life cycle cost of a proposal shall be given at least the same relative importance as the initial price element specified in the request of proposal documents. The department may reject any and all proposals received. If the proposals are not rejected, the award shall be made to the proposer whose proposal is most advantageous to the department, considering price and the other evaluation factors set forth in the request for proposal.

Sec. 9. RCW 47.56.040 and 1984 c 7 s 248 are each amended to read as follows:

The department is empowered, in accordance with the provisions of this chapter, to provide for the establishment and construction of toll bridges upon any public highways of this state together with approaches thereto wherever it is considered necessary or advantageous and practicable for crossing any stream, body of water, gulch, navigable water, swamp, or other topographical formations whatever that formation is within this state or constitutes a boundary between this state and an adjoining state or country. (The necessity or advantage and practicability of any such toll bridge shall be determined by the department, and the feasibility of financing any toll bridge in the manner provided by this chapter shall be a primary consideration and determined according to the best judgment of the department.) For the purpose of obtaining information for the consideration of the department upon the construction of any toll bridge or any other matters pertaining thereto, any cognizant officer or employee of the state shall, upon the request of the department, make reasonable examination, investigation, survey, or reconnaissance for the determination of material facts pertaining thereto and report this to the department. The cost of any such examination, investigation, survey, or reconnaissance shall be borne by the department or office conducting these activities from the funds provided for that department or office for its usual functions.

Sec. 10. RCW 47.56.070 and 1977 ex.s. c 151 s 67 are each amended to read as follows:

The department of transportation may, (with the approval of the transportation commission) in accordance with this chapter, provide for the establishment and construction of toll tunnels, toll roads, and other facilities necessary for their construction and connection with public highways of the state. It may cause surveys to be made to determine the propriety of their establishment and operation, and may acquire rights-of-way and other facilities necessary to carry out the provisions hereof; and may issue, sell, and redeem bonds, and deposit and expend them; secure and remit financial and other assistance in the construction thereof; carry insurance thereon; and handle any other matters pertaining thereto, all of which shall be conducted in the same manner and under the same procedure provided for the establishment and construction thereof, insofar as reasonably consistent and applicable. (No toll facility, toll bridge, toll road, or toll tunnel, shall be combined with any other toll facility for the purpose of financing unless such facilities form a continuous project to the end that each such facility or project be self-liquidating and self-sustaining.)

Sec. 11. RCW 47.56.076 and 2006 c 311 s 19 are each amended to read as follows:

(1) Upon approval of a majority of the voters within its boundaries voting on the ballot proposition, (with the approval of the transportation commission, and the tolling authority) a regional transportation investment district may authorize vehicle tolls on a local or regional arterial or a state or federal highway within the boundaries of the district. The department shall administer the collection of vehicle tolls authorized on designated facilities unless otherwise specified in law or by contract, and the commission or its successor statewide tolling authority shall set and impose the tolls in amounts sufficient to implement the regional transportation investment plan under RCW 36.120.020.

(2) Consistent with section 4 of this act, vehicle tolls must first be authorized by the legislature if the tolls are imposed on a state route.

(3) Consistent with section 7 of this act, vehicle tolls, including any change in an existing toll rate, must first be reviewed and approved by the tolling authority designated in section 7 of this act if the tolls, or change in toll rate, would have a significant impact, as determined by the tolling authority, on the operation of any state facility.

Sec. 12. RCW 47.56.078 and 2005 c 336 s 25 are each amended to read as follows:

(1) Subject to the provisions under chapter 36.73 RCW, a transportation benefit district may authorize vehicle tolls on state routes or federal highways, city streets, or county roads, within the boundaries of the district, unless otherwise prohibited by law. The department of transportation shall administer the collection of vehicle tolls authorized on state routes or federal highways, unless otherwise specified in law or by contract, and the state transportation commission, or its successor, may approve, set, impose, and collect tolls in amounts sufficient to implement the district's transportation improvement finance plan. The district shall administer the collection of vehicle tolls authorized on city streets or county roads, and shall set and impose the tolls, only with approval of the transportation commission, in amounts sufficient to implement the district's transportation improvement plan. Tolls may vary for type of vehicle, for time of day, for traffic conditions, and/or other factors designed to improve performance of the facility or the transportation network.

(2) Consistent with section 4 of this act, vehicle tolls must first be authorized by the legislature if the tolls are imposed on a state route.

(3) Consistent with section 7 of this act, vehicle tolls, including any change in an existing toll rate, must first be reviewed and approved by the tolling authority designated in section 7 of this act if the tolls, or change in toll rate, would have a significant impact, as determined by the tolling authority, on the operation of any state facility.

Sec. 13. RCW 47.56.120 and 1977 ex.s. c 151 s 70 are each amended to read as follows:

In the event that (the transportation commission should determine that) any toll bridge should be constructed, all costs thereof including right-of-way, survey, and engineering shall be paid out of any funds available for payment of the cost of such toll bridge under this chapter.

Sec. 14. RCW 47.56.240 and 1984 c 7 s 265 are each amended to read as follows:

Except as otherwise provided in section 7 of this act, the commission is hereby empowered to fix the rates of toll and other charges for all toll bridges built under the terms of this chapter. Toll charges so fixed may be changed from time to time as conditions warrant. The commission, in establishing toll charges, shall give due consideration to the cost of operating and maintaining such toll bridge or toll bridges including the cost of insurance, and to the amount required annually to meet the redemption of bonds and interest payments on them. The tolls and charges shall be at all times fixed at rates to yield annual revenue equal to annual operating and maintenance expenses including insurance costs and all redemption payments and interest charges of the bonds issued for any particular toll bridge or toll bridges as the bonds become due. The bond redemption and interest payments constitute a first direct ((and)) charge and lien on all such tolls paid and received and interest thereon. Sinking funds created therefrom received from the
Sec. 15. RCW 35.74.050 and 1965 c 7 s 35.74.050 are each amended to read as follows:

A city or town may build and maintain toll bridges and charge and collect tolls thereon, and to that end may provide a system and elect or appoint persons to operate the same, or the said bridges may be made free, as it may elect.

Consistent with section 7 of this act, any toll proposed under this section, including any change in an existing toll rate, must first be reviewed and approved by the tolling authority designated in section 7 of this act if the toll, or change in toll rate, would have a significant impact, as determined by the tolling authority, on the operation of any state facility.

Sec. 16. RCW 36.120.050 and 2006 c 311 s 13 are each amended to read as follows:

(1) A regional transportation investment district planning committee may, as part of a regional transportation investment plan, recommend the imposition or authorization of some or all of the following revenue sources, which a regional transportation investment district may impose or authorize upon approval of the voters as provided in this chapter:

(a) A regional sales and use tax, as specified in RCW 82.14.430, of up to 0.1 percent of the selling price, in the case of a sales tax, or value of the article used, in the case of a use tax, upon the occurrence of any taxable event in the regional transportation investment district;

(b) A local option vehicle license fee, as specified under RCW 82.80.100, of up to one hundred dollars per vehicle registered in the district. As used in this subsection, "vehicle" means motor vehicle as defined in RCW 46.04.320. Certain classes of vehicles, as defined under chapter 46.04 RCW, may be exempted from this fee;

(c) A parking tax under RCW 82.80.030;

(d) A local motor vehicle excise tax under RCW 81.100.060;

(e) A local option fuel tax under RCW 82.80.120;

(f) An employer excise tax under RCW 81.100.030; and

(g) Vehicle tolls on new or reconstructed local or regional arterials or state (or federal highways) routes within the boundaries of the district, if the following conditions are met:

(i) Any such toll must be approved by the state transportation commission or its successor, statewide tolling authority, as appropriate. The tolling authority designated in section 7 of this act if the toll, or change in toll rate, would have a significant impact, as determined by the tolling authority, on the operation of any state facility;

(ii) Consistent with section 4 of this act, the vehicle toll must first be authorized by the legislature if the toll is imposed on a state route;

(iii) The regional transportation investment plan must identify the facilities that may be tolled; and

(iv) Unless otherwise specified by law, the department shall administer the collection of vehicle tolls on designated facilities, and the state transportation commission, or its successor, shall be the tolling authority, and shall act in accordance with section 7 of this act.

(2) Taxes, fees, and tolls may not be imposed or authorized without an affirmative vote of the majority of the voters within the boundaries of the district voting on a ballot proposition as set forth in RCW 36.120.070. Revenues from these taxes and fees may be used only to implement the plan as set forth in this chapter. A district may contract with the state department of revenue or other appropriate entities for administration and collection of any of the taxes or fees authorized in this section.

(3) Existing statewide motor vehicle fuel and special fuel taxes, at the distribution rates in effect on January 1, 2001, are not intended to be altered by this chapter.

Sec. 17. RCW 36.73.040 and 2005 c 336 s 4 are each amended to read as follows:

(1) A transportation benefit district is a quasi-municipal corporation, an independent taxing "authority" within the meaning of Article VII, section 1 of the state Constitution, and a "taxing district" within the meaning of Article VII, section 2 of the state Constitution.

(2) A transportation benefit district constitutes a body corporate and possesses all the usual powers of a corporation for public purposes as well as all other powers that may now or hereafter be specifically conferred by statute, including, but not limited to, the authority to hire employees, staff, and services, to enter into contracts, to acquire, hold, and dispose of real and personal property, and to sue and be sued. Public works contract limits applicable to the jurisdiction that established the district apply to the district.

(3) To carry out the purposes of this chapter, and subject to the provisions of RCW 36.73.065, a district is authorized to impose the following taxes, fees, charges, and tolls:

(a) A sales and use tax in accordance with RCW 82.14.0455;

(b) A vehicle fee in accordance with RCW 82.80.140;

(c) A fee or charge in accordance with RCW 36.73.120. However, if a county or city within the district area is levying a fee or charge for a transportation improvement, the fee or charge shall be credited against the amount of the fee or charge imposed by the district. Developments consisting of less than twenty residences are exempt from the fee or charge under RCW 36.73.120; and

(d) Vehicle tolls on state routes (or federal highways), city streets, or county roads, which district authorities may, as required by the legislature if the toll, or change in toll rate, would have a significant impact, as determined by the tolling authority, on the operation of any state facility.

Sec. 18. RCW 47.29.060 and 2005 c 317 s 6 are each amended to read as follows:

(1) Subject to the limitations in this section, the department may, in connection with the evaluation of eligible projects, consider any financing mechanisms identified under subsections (3) through (5) of this section or any other lawful source, either integrated as part of a project proposal or as a separate, stand-alone proposal to finance a project. Financing may be considered for all or part of a proposed project. A project may be financed in whole or in part with:

(a) The proceeds of grant anticipation revenue bonds authorized by 23 U.S.C. Sec. 122 and applicable state law. Legislative authorization and appropriation is required in order to use this source of financing;

(b) Grants, loans, loan guarantees, lines of credit, revolving lines of credit, or other financing arrangements available under the Transportation Infrastructure Finance and Innovation Act under 23 U.S.C. Sec. 181 et seq., or any other applicable federal law;

(c) Infrastructure loans or assistance from the state infrastructure bank established by RCW 82.44.195;

(d) Federal, state, or local revenues, subject to appropriation by the applicable legislative authority;

(e) User fees, tolls, fares, lease proceeds, rents, gross or net receipts from sales, proceeds from the sale of development rights, franchise fees, or any other lawful form of consideration. However, projects financed by tolls or other sources of funding shall first be authorized by the legislature under section 4 of this act.
(2) As security for the payment of financing described in this section, the revenues from the project are hereby pledged, but no such pledge of revenues constitutes in any manner or to any extent a general obligation of the state. Any financing described in this section may be structured on a senior, parity, or subordinate basis to any other financing.

(3) For any transportation project developed under this chapter that is owned, leased, used, or operated by the state, as a public facility, if indebtedness is issued, it must be issued by the state treasurer for the transportation project.

(4) For other public projects defined in RCW 47.29.050(2) that are developed in conjunction with a transportation project, financing necessary to develop, construct, or operate the public project must be approved by the state finance committee or by the governing board of a public benefit corporation as provided in the federal Internal Revenue Code section 63-20.

(5) For projects that are developed in conjunction with a transportation project but are not themselves a public facility or public project, any lawful means of financing may be used.

Sec. 19. RCW 47.58.030 and 1984 c 7 s 290 are each amended to read as follows:

Except as otherwise provided in section 7 of this act, the secretary shall have full charge of the construction of all such improvements and reconstruction work and the construction of any additional bridge, including approaches and connecting highways, that may be authorized under this chapter and the operation of such bridges, as well as the collection of tolls and other charges for services and facilities thereby afforded. The schedule of charges for the services and facilities shall be fixed and revised from time to time by the commission so that the tolls and revenues collected will yield annual revenue and income sufficient, after payment or allowance for all operating, maintenance, and repair expenses, to pay the interest on all revenue bonds outstanding under the provisions of this chapter for account of the project and to create a sinking fund for the retirement of the revenue bonds at or prior to maturity. The charges shall be continued until all such bonds and interest thereon and unpaid advancements, if any, have been paid.

Sec. 20. RCW 47.60.010 and 1984 c 18 s 1 are each amended to read as follows:

The department is authorized to acquire by lease, charter, contract, purchase, condemnation, or construction, and partly by any or all of such means, and to thereof operate, improve, and extend, a system of ferries on and crossing Puget Sound and any of its tributaries, water-borne connections thereof, and connecting with the public streets and highways in the state. The system of ferries shall include such boats, vessels, wharves, docks, approaches, landings, franchises, licenses, and appurtenances as shall be determined by the department to be necessary or desirable for efficient operation of the ferry system and best serve the public. Subject to section 4 of this act, the department may in like manner acquire by purchase, condemnation, or construction and include in the ferry system such toll bridges, approaches, and connecting roadways as may be deemed by the department to be advantageous in channeling traffic to points served by the ferry system. In addition to the powers of acquisition granted by this section, the department is empowered to enter into any contracts, agreements, or leases with any person, firm, or corporation and to thereby provide, on such terms and conditions as it shall determine, for the operation of any ferry or ferries or system thereof, whether acquired by the department or not.

The authority of the department to sell and lease back any state ferry, for federal tax purposes only, as authorized by 26 U.S.C., Sec. 168(f)(8) is confirmed. Legal title and all incidents of legal title to any ferry sold and leased back (except for the federal tax benefits attributable to the ownership thereof) shall remain in the state of Washington.

Sec. 21. RCW 53.34.010 and 1984 c 7 s 365 are each amended to read as follows:

In addition to all other powers granted to port districts, any such district may with the consent of the department of transportation, acquire by condemnation, purchase, lease, or gift, and may construct, reconstruct, maintain, operate, furnish, equip, improve, better, add to, extend, and lease to others in whole or in part and sell in whole or in part any one or more of the following port projects, within or without or partially within and partially without the corporate limits of the district whenever the commission of the district determines that any one or more of such projects are necessary for or convenient to the movement of commercial freight and passenger traffic a part of which traffic moves to, from, or through the territory of the district:

(1) Toll bridges;

(2) Tunnels under or upon the beds of any river, stream, or other body of water, or through mountain ranges.

In connection with the acquisition or construction of any one or more of such projects the port districts may with the consent of the state department of transportation, further acquire or construct, maintain, operate, or improve limited or unlimited access highway approaches of such length as the commission of such district deems advisable to provide means of interconnection of the facilities with public highways and of ingress and egress to any such project, including plazas and toll booths, and to construct and maintain under, along, over, or across any such project telephone, telegraph, or electric transmission wires and cables, fuel lines, gas transmission lines or mains, water transmission lines or mains, and other mechanical equipment not inconsistent with the appropriate use of the project, all for the purpose of obtaining revenues for the payment of the cost of the project.

Consistent with section 7 of this act, any toll, including any change in an existing toll rate, proposed under this section must first be reviewed and approved by the tolling authority designated in section 7 of this act if the toll, or change in toll rate, would have a significant impact, as determined by the tolling authority, on the operation of any state facility.

NEW SECTION. Sec. 22. The following acts or parts of acts are each repealed:

- RCW 47.56.0761 (Regional transportation investment district--Tolls on Lake Washington bridges) and 2006 c 311 s 20; and
- RCW 47.56.080 (Construction of toll bridges and issuance of bonds authorized) and 1977 ex.s. c 151 s 68 & 1961 c 13 s 47.56.080.

NEW SECTION. Sec. 23. A new section is added to chapter 47.56 RCW to read as follows:

The toll collection account is created in the custody of the state treasurer. All receipts from prepaid customer tolls must be deposited into the account. Distributions from the account may be used only to refund customers' prepaid tolls or for distributions into the appropriate toll facility account. Distributions into the appropriate toll facility account shall be based on charges incurred at each toll facility and shall include a proportionate share of interest earned from amounts deposited into the account. For purposes of accounting, distributions from the account constitute earned toll revenues in the receiving toll facility account at the time of distribution. Only the secretary of transportation or the secretary's designee may authorize distributions from the account. Distributions of revenue and refunds from this account are not subject to the allotment procedures under chapter 43.88 RCW and an appropriation is not required.

Sec. 24. RCW 43.79A.040 and 2007 c 523 s 5, 2007 c 357 s 21, and 2007 c 214 s 14 are each reenacted and amended to read as follows:

(1) Money in the treasurer's trust fund may be deposited, invested, and reinvested by the state treasurer in accordance with RCW 43.84.080 in the same manner and to the same extent as if the money were in the state treasury.

(2) All income received from investment of the treasurer's trust fund shall be set aside in an account in the treasury trust fund to be known as the investment income account.

(3) The investment income account may be utilized for the payment of purchased banking services on behalf of treasurer's trust funds including, but not limited to, depository, safekeeping, and
disbursement functions for the state treasurer or affected state agency. The investment income account is subject in all respects to chapter 43.88 RCW, but no appropriation is required for payments to financial institutions. Payments shall occur prior to distribution of earnings set forth in subsection (4) of this section.

(4)(a) Monthly, the state treasurer shall distribute the earnings credited to the investment income account to the state general fund except under (b) and (c) of this subsection.

(b) The following accounts and funds shall receive their proportionate share of earnings based upon each account’s or fund’s average daily balance for the period: The Washington Promise scholarship account, the college savings program account, the Washington advanced college tuition payment program account, the agricultural local fund, the American Indian scholarship endowment fund, the foster care scholarship endowment fund, the foster care endowed scholarship trust fund, the students with dependents grant account, the basic health plan self-insurance reserve account, the contract harvesting revolving account, the Washington state combined fund drive account, the commemorative works account, the Washington international exchange scholarship endowment fund, the toll collection account, the developmental disabilities endowment trust fund, the energy account, the fair fund, the family leave insurance account, the fruit and vegetable inspection account, the future teachers conditional scholarship account, the game farm alternative account, the GET ready for math and science scholarship account, the grain inspection revolving fund, the juvenile accountability incentive account, the law enforcement officers’ and firefighters’ plan 2 expense fund, the local tourism promotion account, the produce railcar pool account, the regional transportation investment district account, the rural rehabilitation account, the stadium and exhibition center account, the youth athletic facility account, the self-insurance revolving fund, the sulfur dioxide abatement account, the children’s trust fund, the Washington horse racing commission Washington bred owners’ bonus fund account, the Washington horse racing commission class C purse fund account, the individual development account program account, the Washington horse racing commission operating account (earnings from the Washington horse racing commission operating account must be credited to the Washington horse racing commission class C purse fund account), the life sciences discovery fund, the Washington state heritage center account, and the reading achievement account. However, the earnings to be distributed shall first be reduced by the allocation to the state treasurer’s service fund pursuant to RCW 43.08.190.

MESSAGE FROM THE SENATE
March 6, 2008

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2014 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 64.34.440 and 1992 c 220 s 25 are each amended to read as follows:

..."
(1)(a) A declarant of a conversion condominium, and any dealer who intends to offer units in such a condominium, shall furnish to the residential tenants and any residential subtenant in possession of a portion of a conversion condominium notice of the conversion and provide those persons with the public offering statement no later than ((within)) one hundred twenty days before the tenants and any subtenant in possession are required to vacate. The notice must:

(i) Set forth generally the rights of tenants and subtenants under this section; (item-subsection)

(ii) Be delivered pursuant to notice requirements set forth in RCW 59.12.040; and

(iii) Expressly state whether there is a county or city relocation assistance program for tenants or subtenants of conversion condominiums in the jurisdiction in which the property is located. If the county or city does have a relocation assistance program, the following must also be included in the notice:

(A) A summary of the terms and conditions under which relocation assistance is paid; and

(B) Contact information for the city or county relocation assistance program, which must include, at a minimum, a telephone number of the city or county department that administers the relocation assistance program for conversion condominiums.

(b) No tenant or subtenant may be required to vacate upon less than ((within)) one hundred twenty days' notice, except by reason of nonpayment of rent, waste, conduct that disturbs other tenants' peaceful enjoyment of the premises, or act of unlawful detainer as defined in RCW 59.12.030, and the terms of the tenancy may not be altered or terminated at a time except as provided in (c) of this subsection.

(c) At the declarant's option, the declarant may provide all tenants in a single building with an option to terminate their lease or rental agreements without cause or consequence after providing the declarant with thirty days' notice. In such case, tenants continue to have access to relocation assistance under subsection (6)(e) of this section.

(d) Nothing in this subsection shall be deemed to waive or repeal RCW 59.18.200(2). Failure to give notice as required by this section is a defense to an action for possession.

(e) The city or county in which the property is located may require the declarant to forward a copy of the conversion notice required in (a) of this subsection to the appropriately designated department or agency in the city or county for the purpose of maintaining a list of conversion condominium projects proposed in the jurisdiction.

(2) For sixty days after delivery or mailing of the notice described in subsection (1) of this section, the person required to give the notice may not offer to convey each unit or portion of a unit occupied for residential use to the tenant who leases that unit. If a tenant fails to purchase the unit during that sixty-day period, the offeror may offer to dispose of an interest in that unit during the following one hundred eighty days at a price or on terms more favorable to the offeree than the price or terms offered to the tenant only if: (a) Such offeror, by written notice mailed to the tenant's last known address, offers to sell an interest in that unit at the more favorable price and terms, and (b) such tenant fails to accept such offer in writing within ten days following the mailing of the offer to the tenant. This subsection does not apply to any unit in a conversion condominium if that unit will be restricted exclusively to nonresidential use or the boundaries of the converted unit do not substantially conform to the dimensions of the residential unit before conversion.

(3) If a seller, in violation of subsection (2) of this section, conveys a unit to a purchaser for value who has no knowledge of the violation, recording of the deed conveying the unit extinguishes any right a tenant may have to purchase that unit but does not affect the right of a tenant to recover damages from the seller for a violation of subsection (2) of this section.

(4) If a notice of conversion specifies a date by which a unit or proposed unit must be vacated and otherwise complies with the provisions of this chapter and chapter 59.18 RCW, the notice also constitutes a notice to vacate specified by that statute.

(5) Nothing in this section permits termination of a lease by a declarant in violation of its terms.

(6) Notwithstanding RCW 64.34.050(1), a city or county may by appropriate ordinance require with respect to any conversion condominium within the jurisdiction of such city or county that:

(a) In addition to the statement required by RCW 64.34.415(1)(a), the public offering statement shall contain a copy of the written inspection report prepared by the appropriate department of such city or county, which report shall list any violations of the housing code or other governmental regulations, which code or regulation is applicable regardless of whether the real property is owned as a condominium or in some other form of ownership; said inspection shall be made within forty-five days of the declarant's written request therefor and said report shall be issued within fourteen days of said inspection being made. Such inspection may not be required with respect to any building for which a final certificate of occupancy has been issued by the city or county within the preceding twenty-four months; and any fee imposed for the making of such inspection may not exceed the fee that would be imposed for the making of such an inspection for a purpose other than complying with this subsection (5)(a);

(b) Prior to the conveyance of any residential unit within a conversion condominium, other than a conveyance to a declarant or affiliate of a declarant: (i) All violations disclosed in the inspection report provided for in (a) of this subsection, and not otherwise waived by such city or county, shall be repaired, and (ii) a certification shall be obtained from such city or county that such repairs have been made, which certification shall be based on a reinspection to be made within seven days of the declarant's written request therefor and which reinspection shall be issued within seven days of said reinspection being made;

(c) The repairs required to be made under (b) of this subsection shall be warranted by the declarant against defects due to workmanship or materials for a period of one year following the completion of such repairs; and

(d) Prior to the conveyance of any residential unit within a conversion condominium, other than a conveyance to a declarant or affiliate of a declarant: (i) The declarant shall establish and maintain, during the one-year warranty period provided under (c) of this subsection, an account containing a sum equal to ten percent of the actual cost of making the repairs required under (b) of this subsection; (ii) during the one-year warranty period, the funds in such account shall be used exclusively for paying the actual cost of making repairs required, or for otherwise satisfying claims made, under such warranty; (iii) following the expiration of the one-year warranty period, any funds remaining in such account shall be immediately disbursed to the declarant; and (iv) the declarant shall provide to the city or county, upon request, a list of the location and account and any disbursements therefrom; ((and))

(e) A declarant shall pay relocation assistance ((not to exceed five hundred dollars per unit shall be paid)), in an amount to be determined by the city or county, which may not exceed a sum equal to three months of the tenant's or subtenant's rent at the time the conversion notice required under subsection (1) of this section is received, to tenants and subtenants:

(A) Who do not elect (not to) purchase a unit ((and));

(B) Who are in lawful occupancy for residential purposes of a unit; and

(C) Whose ((monthly)) annual household income from all sources, on the date of the notice described in subsection (1) of this section, was less than an amount equal to one-tenth of the median income for comparably sized households in the standard metropolitan statistical area, as defined and established by the United States department of housing and urban development, in which the condominium is located ((and));

(I) The ((monthly)) annual median income for comparably sized households in the standard metropolitan statistical area, the ((monthly)) annual median income for comparably sized households in the state of Washington, as defined and determined by said department.

(7) Violations of any city or county ordinance adopted as authorized by subsection (6) of this section shall give rise to such remedies, penalties, and causes of action which may be lawfully imposed by such city or county. Sec. 2. RCW 82.02.020 and 2006 c 149 s 3 are each amended to read as follows:

Except only as expressly provided in chapters 67.28 and 82.14 RCW, the state preempts the field of imposing taxes upon retail sales of tangible personal property, the use of tangible personal property, pari-mutuel wagering authorized pursuant to RCW 67.16.060, conveyances, and cigarettes, and no county, town, or other municipal subdivision shall have the right to impose taxes of that nature. Except as provided in RCW 64.34.440 and 82.02.050 through 82.02.090, no county, city, town, or other municipal corporation shall impose any tax, fee, or charge, either direct or indirect, on the construction or reconstruction of residential buildings, commercial buildings, industrial buildings, or on any other building or building space or appurtenance thereto, or on the development, subdivision, classification, or reclassification of land. However, this section does not preclude dedications of land or easements within the proposed development or plat which the county, city, town, or other municipal corporation can demonstrate are reasonably necessary as a direct result of the proposed development or plat to which the dedication of land or easement is to apply.

This section does not prohibit voluntary agreements with counties, cities, towns, or other municipal corporations that allow a payment in lieu of a dedication of land or to mitigate a direct impact that has been identified as a consequence of a proposed development, subdivision, or plat. A local government shall not use such voluntary agreements for local off-site transportation improvements within the geographic boundaries of the area or areas covered by an adopted transportation program authorized by chapter 39.92 RCW. Any such voluntary agreement is subject to the following provisions:

(1) The payment shall be held in a reserve account and may only be expended to fund a capital improvement agreed upon by the parties to mitigate the identified, direct impact;

(2) The payment shall be expended in all cases within five years of collection; and

(3) Any payment not so expended shall be refunded with interest to be calculated from the original date the deposit was received by the county and at the same rate applied to tax refunds pursuant to RCW 84.69.100; however, if the payment is not expended within five years due to delay attributable to the developer, the payment shall be refunded without interest.

No county, city, town, or other municipal corporation shall require any payment as part of such a voluntary agreement which the county, city, town, or other municipal corporation cannot establish is reasonably necessary as a direct result of the proposed development or plat.

Nothing in this section prohibits cities, towns, counties, or other municipal corporations from collecting reasonable fees from an applicant for a permit or other governmental approval to cover the cost to the city, town, county, or other municipal corporation of processing applications, inspecting and reviewing plans, or preparing detailed statements required by chapter 43.21C RCW.

This section does not limit the existing authority of any county, city, town, or other municipal corporation to impose special assessments on property specifically benefitted thereby in the manner prescribed by law.

Nothing in this section prohibits counties, cities, or towns from imposing or permits counties, cities, or towns to impose water, sewer, and stormwater utility, or drainage system charges. PROVIDED, That no such charge shall exceed the proportionate share of such utility or system's capital costs which the county, city, or town can demonstrate are attributable to the property being charged: PROVIDED FURTHER, That these provisions shall not be interpreted to expand or contract any existing authority of counties, cities, or towns to impose such charges.

Nothing in this section prohibits a transportation benefit district from imposing fees or charges authorized in RCW 36.73.120 or prohibits the legislative authority of a county, city, or town from approving the imposition of such fees within a transportation benefit district.

Nothing in this section prohibits counties, cities, or towns from imposing transportation impact fees authorized pursuant to chapter 39.92 RCW.

Nothing in this section prohibits counties, cities, or towns from requiring property owners to provide relocation assistance to tenants under RCW 59.18.440 and 59.18.450.

Nothing in this section limits the authority of counties, cities, or towns to implement programs consistent with RCW 36.70A.540, nor to enforce agreements made pursuant to such programs.

This section does not apply to special purpose districts formed and acting pursuant to Titles 54, 57, or 87 RCW, nor is the authority conferred by these titles affected.

SECOND ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2176, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE
March 6, 2008

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2472 with the following amendment:

"NEW SECTION, Sec. 1. (1) The legislature finds that recreational opportunities are instrumental in promoting human health and well-being and are part of the heritage of Washington state. State trust lands, aquatic lands, and other state-owned lands managed by the department of natural resources provide significant recreational opportunities, along with other social, economic, and environmental benefits. Lands managed by the department of natural resources provide, among other values:

(a) Sustainable energy resources;
(b) Recreation for school construction, local governments, and other state institutions;
(c) Recreational and educational opportunities;
(d) Habitat for fish and wildlife;
(e) Clean air and water; and
(f) Funding for restoration and public access to state-owned aquatic lands.

(2) The legislature further finds that the state's population has nearly doubled from three million four hundred thousand to six million five hundred thousand since the multiple use concept was adopted under chapter 79.10 RCW, and is projected to increase by another two million two hundred thousand by 2030. Population growth has increased demand for recreational access and presents current and future challenges that must be addressed, such as: Increasing potential for conflict with adjacent and nearby land uses, including residential land uses; new forms of trail-based recreation that compete with traditional uses; the rapid increase of motorized and mechanized recreation; changes in ownership patterns of large land holdings across the state; the incompatibility of certain human activities with environmental protections for endangered species, clean water, clean air, climate impacting emissions, and habitat; and increased competition for funding.

(3) The legislature further finds that efforts by the department of natural resources to consolidate state trust lands will provide more opportunities for citizens to access larger blocks of state-owned lands. Therefore, it is prudent to reexamine the policies for recreational access on state-owned lands and establish a vision for the future with recommended policy improvements that are:

(a) Environmentally responsible;
(b) Sustainably funded; and
(c) Compatible with trust land and state land management obligations.

NEW SECTION, Sec. 2. (1) A work group is established to make recommendations to improve recreation on state trust lands, aquatic lands, and other state-owned lands managed by the department of natural resources.

(2) The work group's recommendations to improve recreation on state-owned lands must be compatible with adjacent and nearby land uses, including residential land uses. The work group shall examine relevant existing laws and rules and recommend policy changes and funding alternatives for consideration by the legislature to ensure safe, sustainable, and enjoyable recreational access. In conducting this work, the work group must consider: The legal obligations for trusts, aquatic lands, and natural areas; consistency with environmental standards needed to protect lands and natural systems; and related work group recommendations such as the Puget Sound Recovery agenda defined in chapter 90.71 RCW, the Washington biodiversity strategy created in executive order 04-02, and the invasive species council recommendations defined in chapter 79A.25 RCW. The work group must provide recommendations on ways to coordinate trail maintenance work with volunteer organizations on state-owned lands.

(3) The work group is comprised of a balanced representation of individuals with recreational interests and knowledge regarding specific regions of the state. The work group must consist of no more than twenty-eight members appointed by the commissioner of public lands in consultation with the following entities:

(a) Recreational associations and organizations;
(b) Environmental protection associations and organizations;
(c) Corporate and community leaders;
(d) Major landowners;
(e) Local governments;
(f) Tribal governments;
(g) The United States forest service;
(h) The parks and recreation commission;
(i) The recreation and conservation office;
(j) The department of fish and wildlife;
(k) State trust land beneficiaries;
(l) State land leaseholders and contractors;
(m) A representative of the governor, appointed by the governor; and
(n) Members of the senate appointed by the president of the senate and members of the house of representatives appointed by the speaker of the house of representatives.

(4) The commissioner of public lands, or the commissioner's designee, shall serve as chair, and the department of natural resources shall provide technical and staff support for the work group created by this section.

(5) Work group members that are not employees of state or federal agencies shall be compensated as provided in RCW 43.03.250 and shall receive reimbursement for travel expenses as provided by RCW 43.03.050 and 43.03.060. Costs associated with the work group must be paid by the department of natural resources from the appropriation made available to the department of natural resources for the purpose of this study.

(6) The work group shall conduct a minimum of two open public workshops to solicit input from key stakeholders, citizens, and local jurisdictions, at least one of which must be conducted in a location east of the crest of the Cascade mountain range.

(7) The work group shall hold meetings, at diverse locations throughout the state, to gather input from key stakeholders, citizens, and local jurisdictions regarding the group's proposed recommendations.

(8) The work group shall coordinate with the stakeholder recreational advisory committees appointed or established by the commissioner of public lands.

(9) The commissioner of public lands shall submit to the appropriate standing committees of the legislature, no later than December 1, 2008, a progress report with preliminary findings and recommendations. The commissioner of public lands must submit a final report by December 1, 2009, with findings and recommendations for legislation that is necessary to implement the work group's findings.

(a) The reports must include an assessment of how various kinds of recreation affect the costs and risks to:

(i) The interests of beneficiaries of state lands;
(ii) Private landowners, federal landowners, and state government due to increased wildfire risks;
(iii) Local and state government due to personal injury and property damage;
(iv) Natural habitat, water quality, and air quality; and
(v) The land uses and management plans of adjacent landowners.
(b) The reports must include recommendations for appropriate fund sources to mitigate these identified risks."

On page 1, line 4 of the title, after "resources," strike the remainder of the title and insert "and creating new sections."

and the same is herewith transmitted.

(d) All services which constitute employment as defined in RCW 41.48.020 and are performed in the employ of the state by employees of the state, shall be covered by the agreement;
(e) All services which ((i) constitutes employment as defined in RCW 41.48.020. (ii) are performed in the employ of a political subdivision of the state, and (iii) are covered by a plan which is in conformity with the terms of the agreement and has been approved by the governor under RCW 41.48.050, shall be covered by the agreement; (i))

As modified, the agreement shall include all services described in either ((paragraph)) or ((paragraph)) or (paragraph) (e) of this subsection and performed by individuals to whom section 218(c)(3)(C) of the social security act is applicable, and shall provide that the service of any such individual shall continue to be covered by the agreement in case he or she thereafter becomes eligible to be a member of a retirement system; (i))

As modified, the agreement shall include all services described in either ((paragraph)) or ((paragraph)) or (paragraph) (e) of this subsection and performed by individuals in positions covered by a retirement system with respect to which the governor has issued a certificate to the secretary of health((human services)) and human services pursuant to subsection (5) of this section; and
(f) Law enforcement officers and firefighters with respect to each political subdivision of this state who are covered by the Washington law enforcement officers' and firefighters' retirement system act ((chapter 209, Laws of 1969 ex. sess.) as now in existence or hereafter amended), chapter 41.26 RCW, shall constitute a separate "coverage group" for purposes of the agreement entered into under this section and for purposes of section 218 of the social security act. ((To the extent that the agreement between this state and the federal secretary of health, education, and welfare in existence on the date of the adoption of this subsection is inconsistent with this subsection, the governor shall seek to modify the inconsistency.))

(2) Any instrumentality jointly created by this state and any other state or states is hereby authorized, upon the granting of like authority by such other state or states, (a) to enter into an agreement with the secretary of health((human services)) and human services whereby the benefits of the federal old-age and survivors
insurance system shall be extended to employees of such instrumentality, (b) to require its employees to pay (and for that purpose to deduct from their wages) contributions equal to the amounts which they would be required to pay under RCW 41.48.040(1) if they were covered by an agreement made pursuant to subsection (1) of this section, and (c) to make payments to the secretary of the treasury in accordance with such agreement, including payments from its own funds, and otherwise to comply with such agreements. Such agreement shall, to the extent practicable, be consistent with the terms and provisions of subsection (1) of this section and other provisions of this chapter.

(3) The governor is empowered to authorize a referendum, and to designate an agency or individual to supervise its conduct, in accordance with the requirements of section 218(d)(3) of the social security act, and subsection (4) of this section on the question of whether service in all positions covered by a retirement system established by the state or by a political subdivision thereof should be excluded from or included under an agreement under this chapter. If a retirement system covers positions of employees of the state of Washington, of the institutions of higher learning, and positions of employees of one or more of the political subdivisions of the state, then for the purpose of the referendum as provided (hereinafter) in this section, there may be deemed to be a separate retirement system with respect to employees of the state, or any one or more of the political subdivisions, or institutions of higher learning and the governor shall authorize a referendum upon request of the subdivisions’ or institution’s higher learning governing body: PROVIDED HOWEVER, That if a referendum generally fails to produce a favorable majority vote then the governor may authorize a referendum covering positions of employees in any state department who are compensated in whole or in part from grants made to this state under Title III of the federal social security act: PROVIDED, That any city or town affiliated with the statewide city employees retirement system organized under chapter 41.44 RCW may at its option agree to a plan submitted by the board of trustees of (said) that statewide city employees retirement system for inclusion under an agreement under this chapter if the referendum to be held as provided (hereinafter) in this section indicates a favorable result: PROVIDED FURTHER, That the teachers’ retirement system be considered one system for the purpose of the referendum except as applied to the several colleges of education. The notice of referendum required by section 218(d)(3)(C) of the social security act to be given to employees shall contain or shall be accompanied by a statement, in such form and such detail as the agency or individual designated to supervise the referendum shall deem necessary and sufficient, to inform the employees of the rights which will accrue to them and their dependents and survivors, and the liabilities to which they will be subject, if their services are included under an agreement under this chapter.

(4) The governor, before authorizing a referendum, shall require the following conditions to be met:

(a) The referendum shall be by secret written ballot on the question of whether service in positions covered by such retirement system shall be excluded from or included under the agreement between the governor and the secretary of health:((education and welfare)) and human services provided for in (RCW 41.48.030(1))) subsection (1) of this section;

(b) An opportunity to vote in such referendum shall be given and shall be limited to eligible employees;

(c) Not less than ninety days’ notice of such referendum shall be given to all such employees;

(d) Such referendum shall be conducted under the supervision ((of the governor or)) of an agency or individual designated by the governor.

(5) The proposal for coverage shall be approved only if a majority of the eligible employees vote in favor of including services in such positions under the agreement;

(ii) Coverage obtained through a divided referendum process shall extend coverage to law enforcement officers, firefighters, and employees of political subdivisions of this state, who have membership in a qualified retirement system, allowing them to obtain medicare coverage only (HI-only). In such a divided referendum process, those members voting in favor of medicare coverage constitute a separate coverage group;

(6) The state legislature, in the case of a referendum affecting the rights and liabilities of state employees covered under the state employees’ retirement system and employees under the teachers’ retirement system, and in all other cases the local legislative authority or governing body, shall have specifically approved the proposed plan and approved any necessary structural adjustment to the existing system to conform with the proposed plan;

(a) In the case of a referendum authorized under section 218(d)(6) of the social security act and (c)(i) of this subsection, the retirement system will be divided into two parts or divisions. Each part or division of the retirement system shall be composed of positions of those members who do not desire coverage under the agreement as permitted by this section. The remaining part or division of the retirement system shall be composed of positions of those members who do not desire coverage under such an agreement. Each part or division is a separate retirement system for the purposes of section 218(d) of the social security act. The positions of individuals who become members of the system after the coverage is extended shall be included in the part or division of the system composed of members desiring the coverage with the exception of positions that are excluded in the agreement.

(5) Upon receiving satisfactory evidence that with respect to any such referendum the conditions specified in subsection (4) of this section and section 218(d)(3) of the social security act have been met, the governor shall certify to the secretary of health((education and welfare)) and human services.

(6) If the legislative body of any political subdivision of this state certifies to the governor that a referendum has been held under the terms of RCW 41.48.050(1)(i) and gives notice to the governor of termination of social security for any coverage group of the political subdivision, the governor shall give two years advance notice in writing to the federal department of health((education and welfare)) and human services of (said)) the termination of the agreement entered into under this section with respect to (said) that coverage group.”

MESSAGE FROM THE SENATE
March 6, 2008

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 2514 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the resident population of orca whales in Washington waters (Orcinus orca), commonly referred to as the southern residents, are enormously significant to the state. These highly social, intelligent, and playful marine mammals, which the legislature designated as the official marine mammal of the state of Washington, serve as a symbol of the Pacific Northwest and illustrate the biological diversity and rich natural heritage that all Washington citizens and its visitors enjoy.

However, the legislature also finds that the southern resident orcas are in a serious decline. Southern residents experienced an almost twenty percent decline between 1996 and 2001. The federal government listed this orca population as depleted in 2003, and as an endangered species in 2005. The federal government has identified impacts from vessels as a significant threat to these marine mammals.

In 2006, after listing the southern resident orcas as endangered, the federal government designated critical orca habitat and released a proposed recovery plan for the southern resident orcas. The federal government has initiated the process to adopt orca conservation rules, but this process may be lengthy. Additionally, although existing whale and wildlife viewing guidelines are an excellent educational resource, these guidelines are voluntary measures that cannot be enforced.

Therefore, the legislature intends to protect southern resident orca whales from impacts from vessels, and to educate the public on how to reduce the risk of disturbing these important marine mammals.

NEW SECTION. Sec. 2. A new section is added to chapter 77.15 RCW to read as follows:

(1) Except as provided in subsection (2) of this section, it is unlawful to:
   (a) Approach, by any means, within three hundred feet of a southern resident orca whale (Orcinus orca);
   (b) Cause a vessel or other object to approach within three hundred feet of a southern resident orca whale;
   (c) Intercept a southern resident orca whale. A person intercepts a southern resident orca whale when that person places a vessel or allows a vessel to remain in the path of a whale and the whale approaches within three hundred feet of that vessel;
   (d) Fail to disengage the transmission of a vessel that is within three hundred feet of a southern resident orca whale, for which the vessel operator is strictly liable; or
   (e) Feed a southern resident orca whale, for which any person feeding a southern resident orca whale is strictly liable.

(2) A person is exempt from subsection (1) of this section where:
   (a) A reasonably prudent person in that person's position would determine that compliance with the requirements of subsection (1) of this section will threaten the safety of the vessel, the vessel's crew or passengers, or is not feasible due to vessel design limitations, or because the vessel is restricted in its ability to maneuver due to wind, current, tide, or weather;
   (b) That person is lawfully participating in a commercial fishery and is engaged in actively setting, retrieving, or closely tending commercial fishing gear;
   (c) That person is acting in the course of official duty for a state, federal, tribal, or local government agency; or
   (d) That person is acting pursuant to and consistent with authorization from a state or federal government agency.

(3) Nothing in this section is intended to conflict with existing rules regarding safe operation of a vessel or vessel navigation rules.

(4) For the purpose of this section, "vessel" includes aircraft, canoes, fishing vessels, kayaks, personal watercraft, rafts, recreational vessels, tour boats, whale watching boats, vessels engaged in whale watching activities, or other small craft including power boats and sailboats.

(5) A violation of this section is a natural resource infraction punishable under chapter 7.84 RCW.

NEW SECTION. Sec. 3. The legislature encourages the state's law enforcement agencies to utilize existing statutes and regulations to protect southern resident orca whales from impacts from vessels, including the vessel operation and enforcement standards contained in chapter 79A.60 RCW.

NEW SECTION. Sec. 4. A new section is added to chapter 77.12 RCW to read as follows:

The department and the state parks and recreation commission shall disseminate information about section 2 of this act, whale and wildlife viewing guidelines, and other responsible wildlife viewing messages to educate Washington's citizens on how to reduce the risk of disturbing southern resident orca whales. The department and the state parks and recreation commission must, at minimum, disseminate this information on their internet sites and through appropriate agency publications, brochures, and other information sources. The department and the state parks and recreation commission shall also attempt to reach the state's boating community by coordinating with appropriate state and nongovernmental entities to provide this information at marinas, boat shows, boat dealers, during boating safety training courses, and in conjunction with vessel registration or licensing.

NEW SECTION. Sec. 5. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2008, in the omnibus appropriations act, this act is null and void."

On page 1, line 2 of the title, after "vessels;" strike the remainder of the title and insert "adding a new section to chapter 77.15 RCW; adding a new section to chapter 77.12 RCW; creating new sections; and prescribing penalties."

and the same is herewith transmitted.

SECOND SUBSTITUTE HOUSE BILL NO. 2514, as amended by the Senate, having received the necessary constitutional majority, was declared passed. 

MESSAGE FROM THE SENATE 

March 6, 2008 

Mr. Speaker: 

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2533 with the following amendment: 

Strike everything after the enacting clause and insert the following: 

"NEW SECTION. Sec. 1. It is the policy of the state to encourage the joint use of utility poles, to promote competition for the provision of telecommunications and information services, and to recognize the value of the infrastructure of locally regulated utilities. To achieve these objectives, the legislature intends to establish a consistent cost-based formula for calculating pole attachment rates, which will ensure greater predictability and consistency in pole attachment rates statewide, as well as ensure that locally regulated utility customers do not subsidize licensees. The legislature further intends to continue working through issues related to pole attachments with interested parties in an open and collaborative process in order to minimize the potential for disputes going forward. 

Sec. 2. RCW 54.04.045 and 1996 c 32 s 5 are each amended to read as follows: 

(1) As used in this section: 

(a) "Attachment" means the affixation or installation of any wire, cable, or other physical material capable of carrying electronic impulses or light waves for the carrying of intelligence for telecommunications or television, including, but not limited to cable, and any related device, apparatus, or auxiliary equipment upon any pole owned or controlled in whole or in part by one or more locally regulated utilities where the installation has been made with the necessary consent.

(b) "Licensee" means any person, firm, corporation, partnership, company, association, joint stock association, or cooperatively organized association, which is authorized to construct attachments upon, along, under, or across public ways.

(c) "Locally regulated utility" means a public utility district not subject to rate or service regulation by the utilities and transportation commission.

((ee)) (d) "Nondiscriminatory" means that pole owners may not arbitrarily differentiate among or between similar classes of ((persons)) licensees approved for attachments.

(2) All rates, terms, and conditions made, demanded and agreed upon shall be subject to rate making by the commission by rule or resolution, as it deems necessary to interpret and enforce this section, and subject to the policy of the state to provide a rate structure for telecommunications services to be consistent with the purposes of this section.

(3) A just and reasonable rate shall be calculated as follows:

(a) One component of the rate shall consist of the additional costs of procuring and maintaining pole attachments, but may not exceed the actual capital and operating expenses of the locally regulated utility attributable to that portion of the pole, duct, or conduit used for the pole attachment, including a share of the required support and clearance space, in proportion to the space used for the pole attachment, as compared to all other uses made of the subject facilities and uses that remain available to the owner or owners of the subject facilities.

(b) The other component of the rate shall consist of the additional costs of procuring and maintaining pole attachments, but may not exceed the actual capital and operating expenses of the locally regulated utility attributable to the share, expressed in feet, of the required support and clearance space, divided equally among the locally regulated utility and all attaching licensees, in addition to the space used for the pole attachment, which sum is divided by the height of the pole; and

(c) The just and reasonable rate shall be computed by adding one-half of the rate component resulting from (a) of this subsection to one-half of the rate component resulting from (b) of this subsection.

(4) For the purpose of establishing a rate under subsection (3)(a) of this section, the locally regulated utility may establish a rate according to the calculation set forth in subsection (3)(a) of this section or it may establish a rate according to the cable formula set forth by the federal communications commission by rule as it existed on the effective date of this section, or such subsequent date as may be provided by the federal communications commission by rule consistent with the purposes of this section.

(5) Except in extraordinary circumstances, a locally regulated utility must respond to a licensee's application to enter into a new pole attachment contract or renew an existing pole attachment contract within forty-five days of receipt, stating either:

(a) The application is complete; or

(b) The application is incomplete, including a statement of what information is needed to make the application complete.

(6) Within sixty days of an application being deemed complete, the locally regulated utility shall notify the applicant as to whether the application has been accepted for licensing or rejected. In extraordinary circumstances, and with the approval of the applicant, the locally regulated utility may extend the sixty-day timeline under this subsection. If the application is rejected, the locally regulated utility must provide reasons for the rejection. A request to attach may only be denied on a nondiscriminatory basis (a) where there is insufficient capacity; or (b) for reasons of safety, reliability, or the inability to meet generally applicable engineering standards and practices.
(7) Nothing in this section shall be construed or is intended to confer upon the utilities and transportation commission any authority to exercise jurisdiction over locally regulated utilities.

On page 1, line 2 of the title, after "utilities," strike the remainder of the title and insert "amending RCW 54.04.045; and creating a new section."

and the same is herewith transmitted.

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2533, as amended by the Senate, having received the necessary constitutional majoriy, was declared passed.

MESSAGE FROM THE SENATE

March 5, 2008

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2549 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that our primary care system is severely faltering and the number of people choosing primary care as a profession is decreasing dramatically. Primary care providers include family medicine and general internal medicine physicians, pediatricians, naturopathic physicians, advanced registered nurse practitioners, and physician assistants. A strong primary care system has been shown to improve health outcomes and quality and to reduce overall health system costs. To improve the health and well-being of the people in the state of Washington; enhance the recruitment, retention, performance, and satisfaction of primary providers; and control costs, our statewide system of primary care providers needs to be rapidly expanded, improved, and supported, in line with current research and professional innovations.

The legislature further finds that a medical home can best deliver the patient-centered approach that can manage chronic diseases, address acute illnesses, and provide effective prevention. A medical home is a place where health care is accessible and compassionate. It is built on evidence-based strategies with a team approach. Each patient receives medically necessary acute, chronic, prevention, and wellness services, as well as other medically appropriate dental and behavioral services, and community support services, all of which are tailored to the individual needs of the patient. Development and maintenance of medical homes require changes in the reimbursement of primary care providers in medical home practices. There is a critical need to identify reimbursement strategies to appropriately finance this model of delivering medical care.

NEW SECTION. Sec. 2. (1) Within funds appropriated for this purpose, and with the goal of catalyzing and providing financial incentives for the rapid expansion of primary care practices that use the medical home model, the department of health shall offer primary care practices an opportunity to participate in a medical home collaborative program, as authorized under RCW 43.70.533. Qualifying primary care practices must be willing and able to adopt and maintain medical home models, as defined by the department of social and health services in its November 2007 report to the legislature concerning implementation of chapter 5, Laws of 2007.

(2) The collaborative program shall be structured to promote adoption of medical homes in a variety of primary care practice settings throughout the state and consider different populations, geographic locations, including at least one location that would agree to operate extended hours, which could include nights or weekends, and other factors to allow a broad application of medical home adoption, including rural communities and areas that are medically underserved. The collaborative program shall assist primary care practices to implement the medical home requirements and provide the full complement of primary care services as established by the medical home definition in this section. Key goals of the collaborative program are to:

(a) Develop common and minimal core components to promote a reasonable level of consistency among medical homes in the state;

(b) Allow for standard measurement of outcomes; and

(c) Promote adoption, and use of the latest techniques in effective and cost-efficient patient-centered integrated health care.

Medical home collaborative participants must agree to provide data on patients' experience with the program and health outcome measures. The department of health shall consult with the Puget Sound health alliance and other interested organizations when selecting specific measures to be used by primary care providers participating in the medical home collaborative.

(3) The medical home collaborative shall be coordinated with the Washington health information collaborative, the health information infrastructure advisory board, and other efforts directed by RCW 41.05.035. If the health care authority makes grants to primary care practices for implementation of health information technology during state fiscal year 2009, it shall make an effort to make these grants to primary care providers participating in the medical home collaborative.
NEW SECTION.  Sec. 3. (1) As part of the five-year plan to change reimbursement required under section 1, chapter 259, Laws of 2007, the health care authority and department of social and health services must expand their assessment on changing reimbursement for primary care to support adoption of medical homes to include Medicare, other federal and state payors, and third-party payors, including health carriers under Title 48 RCW and other self-funded payors.

(2) The health care authority shall also collaborate with the Puget Sound health alliance, if that organization pursues a project on medical home reimbursement. The goal of the collaboration is to identify appropriate medical home reimbursement strategies and provider performance measurements for all payors, such as providing greater reimbursement rates for primary care physicians, and to garner support among payors and providers to adopt payment strategies that support medical home adoption and use.

(3) The health care authority will work with providers to develop reimbursement mechanisms that would reward primary care providers participating in the medical home collaborative program that demonstrate improved patient outcomes and provide activities including, but not limited to, the following:
   (a) Ensuring that all patients have access to and know how to use a nurse consultant;
   (b) Encouraging female patients to have a mammogram on the evidence-based recommended schedule;
   (c) Effectively implementing strategies designed to reduce patients' use of emergency room care in cases that are not emergencies;
   (d) Communicating with patients through electronic means; and
   (e) Effectively managing blood sugar levels of patients with diabetes.

(4) The health care authority and the department of social and health services shall report their findings to the health care committees of the legislature by January 1, 2009, with a recommended timeline for adoption of payment and provider performance strategies and recommended legislative changes should legislative action be necessary.

NEW SECTION.  Sec. 4. This act expires December 31, 2011.

NEW SECTION.  Sec. 5. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2008, in the omnibus appropriations act, this act is null and void.

On page 1, line 2 of the title, after "projects;" strike the remainder of the title and insert "creating new sections;" and providing an expiration date.

and the same is herewith transmitted.

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2582 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION.  Sec. 1. It is the intent of the legislature to improve access to higher education for all residents and ensure that students have the necessary resources and support services to attain their educational goals while keeping families strong. For many students, the lack of affordable, accessible, quality child care on or in close proximity to colleges and universities is a barrier to completion of their higher education goals. 3. To adopt each biennium specific guidelines for submitting grant proposals consistent with the overall goals of the program.

4. To establish guidelines for an allocation system based on factors that include but are not limited to: The amount of money available in the fund and the financial support for child care received by the student government associations or their equivalents.

5. To solicit grant proposals and provide information to the institutions of higher education about the program;

6. To establish reporting, evaluation, accountability, monitoring, and dissemination requirements for the recipients of the grants; and

The report shall include but not be limited to summary information on the institutions receiving child care grants, the amount contributed by each college administration and student government association for the purposes of child care, including expenditures and reports for the previous biennium, services provided by each institutional child care center, the number of students using such services, and identifiable unmet need.

"NEW SECTION. Sec. 1. The legislature finds that it is in the public interest for public utility districts to develop renewable energy projects to meet requirements enacted by the people in Initiative Measure No. 937 and goals of diversifying energy resource portfolios. By developing more efficient and cost-effective renewable energy projects, public utility districts will keep power costs as low as possible for their customers. Consolidating and clarifying statutory provisions governing various aspects of public utility district renewable energy project development will reduce planning time and expense to meet these objectives.

(1) Any power or powers, privileges or authority exercised or capable of exercise by a public agency of this state may be exercised and performed jointly with any other public agency of this state having the power or powers, privilege or authority, and jointly with any public agency of any other state or of the United States to the extent that laws of such other state or of the United States permit such joint exercise or enjoyment. Any agency of the state government when acting jointly with any public agency may exercise and enjoy all of the powers, privileges and authority conferred by this chapter upon a public agency.

(2) Any two or more public agencies may enter into agreements with one another for joint or cooperative action pursuant to the provisions of this chapter, except that any such joint or cooperative action by public agencies which are educational service districts and/or school districts shall comply with the provisions of RCW 28A.320.080. (4) In the event that the agreement does not establish a separate legal entity to conduct the joint or cooperative undertaking, the agreement shall contain, in addition to (i) provisions specified in subsection (2)(a), (c), (d), (e), and (f) (herein) the following:

(a) Provision for an administrator or a joint board responsible for administering the joint or cooperative undertaking. In the case of a joint board, public agencies that are party to the agreement shall be represented; and

Any joint board is authorized to establish a special fund with a state, county, city, or district treasurer servicing an involved public agency designated "Operating fund of . . . . . . joint board".

(a) To the extent of actual and timely performance thereof by a joint board or other legal or administrative entity created by an agreement made (hereunder) pursuant to this chapter, the performance may be offered in satisfaction of the obligation or responsibility; and

(b) With respect to one or more public agencies purchasing or otherwise contracting through a bid, proposal, or contract awarded by another public agency or by a group of public agencies, any statutory obligation to provide notice for bids or proposals that applies to the public agencies involved is satisfied if the public agency or group of public agencies that awarded the bid, proposal, or contract complied with its own statutory requirements and either (i) posted the bid or solicitation notice on a web site established and maintained by a public agency, purchasing cooperative, or similar service provider, for purposes of posting public notice of bid or proposal solicitations, or (ii) provided an access link on the state's web portal to the notice.

(6) Financing of joint projects by agreement shall be as provided by law.

MESSAGE FROM THE SENATE

March 6, 2008

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 2641 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that in the last ten years, significant progress has been made to identify and monitor accountability and performance measures in higher education, both internally in institutions and externally in the legislative and state policymaking environment.

(2) However, the legislature further finds that opportunities exist to promote greater visibility of performance measures among policymakers and among the public consumers of higher education. Policy decisions, including decisions about resource allocation, should be made with greater knowledge and a shared understanding about the tradeoffs between resources, flexibility, and desired outcomes. A forum should be created to allow discussion among policymakers and institution leaders about setting outcome-oriented priorities, targeting of investments, linking operating and capital planning, and creating a longer-term view than the biennial budget cycle typically permits.

(3) Therefore, the legislature intends to implement a process for such discussions, agreements, and planning to occur. The process of crafting higher education performance agreements will be pilot-tested over a six-year period with the public four-year institutions of higher education beginning in 2008.

NEW SECTION. Sec. 2. A new section is added to chapter 28B.10 RCW to read as follows:

1. As used in this section and sections 3 and 4 of this act, a performance agreement is an agreement reached between the state and the governing board of an institution of higher education and approved by the legislature using the process provided in section 4 of this act.

2. The purpose of a performance agreement is to develop and communicate a six-year plan developed jointly by state policymakers and an institution of higher education that aligns goals, priorities, desired outcomes, flexibility, institutional mission, accountability, and levels of resources.

3. Beginning in 2008, performance agreements shall be pilot-tested with the public four-year institutions of higher education.

NEW SECTION. Sec. 3. A new section is added to chapter 28B.10 RCW to read as follows:

1. Performance agreements shall address but not be limited to the following issues:

(a) Indicators that measure outcomes concerning cost, quality, timeliness of student progress toward degrees and certifications, and articulation between and within the K-12 and higher education systems.

(b) Benchmarks and goals for long-term degree production, including discrete benchmarks and goals in particular fields of study.

(c) The level of resources necessary to meet the performance outcomes, benchmarks, and goals, subject to legislative appropriation.

(d) The prioritization of four-year institution capital budget projects by the office of financial management; and

(e) Indicators that measure outcomes concerning recruitment, retention, and success of students, faculty, and staff from diverse, underrepresented communities.

2. The goals and outcomes identified in a performance agreement shall be linked to the role, mission, and strategic plan of the institution of higher education and aligned with the statewide strategic master plan for higher education.

3. Performance agreements may also include grants to an institution, under the terms of the agreement, of flexibility or waivers from state controls or rules. The agreement may identify areas where statutory change is necessary to grant an institution flexibility or waivers of state agency rules.

4. The following areas may not be included in a performance agreement:

(a) Flexibility or waivers of requirements in a collective bargaining agreement negotiated under chapter 28B.52, 41.56, 41.59, 41.76, or 41.80 RCW.

(b) Flexibility or waivers of administrative rules or processes governed by chapter 28B.52, 41.56, 41.59, 41.76, or 41.80 RCW.

(c) Rules, processes, duties, rights, and responsibilities of the academic faculty as contained in the faculty codes of the four-year institution.

(d) Flexibility or waivers of requirements under chapter 39.12 RCW.

(e) Flexibility or waivers of administrative rules or other regulations that address health and safety, civil rights, and nondiscrimination laws that apply to institutions of higher education; and

(f) State laws covering terms and conditions of employment, including but not limited to salaries, job security, and health, retirement, unemployment, or any other employment benefits.

NEW SECTION. Sec. 4. A new section is added to chapter 28B.10 RCW to read as follows:

1. A state performance agreement committee is created to represent the state in developing performance agreements under this section and sections 2 and 3 of this act. The committee is composed of representatives from the governor's office, the office of financial management, the higher education coordinating board, the office of the superintendent of public instruction, two members of the senate appointed by the secretary of the senate, and two members of the house of representatives appointed by the speaker of the house of representatives. The state performance agreement committee shall be staffed by personnel from the higher education coordinating board.
There being no objection, the House concurred in the Senate amendment to ENGROSSED HOUSE BILL NO. 2641 and advanced the bill as amended by the Senate to final passage.

**FINAL PASSAGE OF HOUSE BILL AS SENATE AMENDED**

Representatives Jarrett and Anderson spoke in favor of passage of the bill.

The Speaker (Representative Morris presiding) stated the question before the House to be the final passage of Engrossed House Bill No. 2641, as amended by the Senate.

If a policyholder or certificate holder declines the nonforfeiture benefit, the issuer must provide a contingent benefit upon lapse that is available for a specified period of time following a substantial increase in premium rates.

(2) If a group long-term care insurance policy is issued, the offer required in subsection (1) of this section must be made to the group policyholder. **SENATE AMENDMENT TO HOUSE BILL**

There being no objection, the House concurred in the Senate amendment to HOUSE BILL NO. 3088 and advanced the bill as amended by the Senate to final passage.

**FINAL PASSAGE OF HOUSE BILL AS SENATE AMENDED**

Representative Green spoke in favor of passage of the bill.

The Speaker (Representative Morris presiding) stated the question before the House to be the final passage of House Bill No. 3088, as amended by the Senate.

**ROLL CALL**

The Clerk called the roll on the final passage of House Bill No. 3088, as amended by the Senate, and the bill passed the House by the following vote: Yeas - 93, Nays - 0, Absent - 0, Excused - 5.

The legislature finds that the replacement of the vulnerable state route number 520 bridge is a matter of urgency for the safety of Washington's traveling public and the needs of the transportation system in central Puget Sound. The state route number 520 bridge is forty-four years old and has a useful remaining life of between thirteen and eighteen years. While one hundred fifteen thousand vehicles travel on the bridge each day, there is an ever present likelihood that wind or an earthquake could suddenly destroy the bridge or render it unusable. Therefore, the state must develop a comprehensive approach to fund a state route number 520 bridge replacement to be constructed by 2018.

While one hundred fifteen thousand vehicles travel on the bridge each day, there is an ever present likelihood that wind or an earthquake could suddenly destroy the bridge or render it unusable. NEW SECTION. Sec. 4. A new section is added to chapter 47.56 RCW to read as follows:

NEW SECTION. Sec. 5. A new section is added to chapter 47.56 RCW to read as follows:

(2) The committee must:
   - (a) Evaluate the potential diversion of traffic from state route number 520 to other parts of the transportation system, including state route number 522 and local roadways, when tolls are implemented on state route number 520 or other corridors, and recommend mitigation measures to address the diversion;
   - (b) Evaluate the most advanced tolling technology to ensure an efficient and timely trip for users of the state route number 520 bridge;

(3) The department of transportation shall provide staff support to the committee.

NEW SECTION. Sec. 7. A new section is added to chapter 47.01 RCW to read as follows:

(1)(a) Any person involved in the construction of the state route number 520 bridge replacement and HOV project may apply for deferral of state and local sales and use taxes on the site preparation for, the construction of, the acquisition of any related machinery and equipment that will become a part of, and the rental of equipment for use in, the project.

(b) Application shall be made to the department of revenue in a form and manner prescribed by the department of revenue. Each payment shall equal ten percent of the deferred tax.

(4) The department of revenue may authorize an accelerated repayment schedule upon request of a person granted a deferral under this section.

(5) Interest shall not be charged on any taxes deferred under this section for the period of deferral, although all other penalties and interest applicable to delinquent excise taxes may be assessed and imposed for delinquent payments under this section. The debt for deferred taxes is not extinguished by insolvency or other failure of any private entity granted a deferral under this section.

(6) Applications and any other information received by the department of revenue under this section are not confidential and are subject to disclosure. Chapter 82.32 RCW applies to the administration of this section.

(7) For purposes of this section, "person" has the same meaning as in RCW 82.04.030 and also includes the department of transportation.

MESSAGE FROM THE SENATE
March 6, 2008

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 3129 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that student interest and participation in online learning continues to grow. At the same time, the legislature, business community, and public are encouraging additional programs for high school students to earn college credits. Fortunately for students attending schools in rural areas, the two trends can be combined to provide learning opportunities that are both rigorous and accessible, and in some cases available free to the student. In 2006-07, more than four thousand five hundred students were able to take an online college course through the running start program, which the community and technical college system makes accessible statewide through its WashingtonOnline consortium. A more concerted effort is needed to make schools and students aware of these opportunities.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.300 RCW to read as follows:

(1) The office of the superintendent of public instruction shall compile information about online learning programs for high school students to earn college credit and place the information on its website. Examples of information to be compiled and placed on the website include links to purveyors of online learning programs, comparisons among various types of programs regarding costs or awarding of credit, advantages and disadvantages of online learning programs, and other general assistance and guidance for students, teachers, and counselors in selecting and considering online learning programs. The office shall use the expertise of the digital learning commons and WashingtonOnline to provide assistance and suggest resources.

(2) High schools shall ensure that teachers and counselors have information about online learning programs for high school students to earn college credit and are able to assist parents and students in accessing the information. High schools shall ensure that parents and students have opportunities to learn about online learning programs under this section.

(3) For the purposes of this section, online learning programs for high school students to earn college credit include such programs as the running start program under RCW 28A.600.300 through 28A.600.400, advanced placement courses authorized by the college board, the digital learning commons, University of Washington extension, WashingtonOnline, and other programs and providers that meet qualifications under current laws and rules to offer courses that high schools may accept for credit toward graduation requirements or that offer courses generally accepted for credit by public institutions of higher education in Washington.

Sec. 3. RCW 28A.600.320 and 1994 c 205 s 3 are each amended to read as follows:

A school district shall provide general information about the program to all pupils in grades ten, eleven, and twelve and the parents and guardians of those pupils, including information about the opportunity to enroll in the program through online courses available at community and technical colleges and other state institutions of higher education. To assist the district in planning, a pupil shall inform the district of the pupil's intent to enroll in courses at an institution of higher education for credit. Students are responsible for applying for admission to the institution of higher education.

NEW SECTION. Sec. 4. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2008, in the omnibus appropriations act, this act is null and void.

On page 1, line 2 of the title, after "credit," strike the remainder of the title and insert "amending RCW 28A.600.320; adding a new section to chapter 28A.300 RCW; and creating new sections." and the same is herewith transmitted.

MESSAGE FROM THE SENATE
March 6, 2008

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 3142 with the following amendment:

Strike everything after the enacting clause and insert the following:
The affordable housing land acquisition revolving loan fund program is created in the department to assist eligible organizations, described under RCW 43.185A.040, to purchase land for affordable housing development. The department shall contract with the Washington state housing finance commission to administer the affordable housing land acquisition revolving loan fund program. Within this program, the Washington state housing finance commission shall establish and administer the Washington state housing finance commission land acquisition revolving loan fund.

As used in this chapter, "market rate" means the current average market interest rate that is determined at the time any individual loan is closed upon using a widely recognized current market interest rate measurement to be selected for use by the Washington state housing finance commission with the department's approval. This interest rate must be noted in an attachment to the closing documents for each loan.

Under the affordable housing land acquisition revolving loan fund program:

(a) Loans may be made to purchase land on which to develop affordable housing. In addition to affordable housing, facilities intended to provide supportive services to affordable housing residents and low-income households in the nearby community may be developed on the land.

(b) Eligible organizations applying for a loan must include in the loan application a proposed affordable housing development plan indicating the number of affordable housing units planned, a description of any other facilities being considered for the property, and an estimated timeline for completion of the development. The Washington state housing finance commission may require additional information from loan applicants and may consider the efficient use of land, project readiness, organizational capacity, and other factors as criteria in awarding loans.

(c) Forty percent of the loans shall go to eligible applicants operating homeownership programs for low-income households in which the households participate in the construction of their homes. Sixty percent of loans shall go to other eligible organizations. If the entire forty percent for applicants operating self-help homeownership programs cannot be lent to these types of applicants, the remainder shall be lent to other eligible organizations.

(d) Within five years of receiving a loan, a loan recipient must present the Washington state housing finance commission with an updated development plan, including a proposed development design, committed and anticipated financial resources to be committed to the development, and an estimated loan repayment schedule, which indicates completion of the development within eight years of loan receipt. This updated development plan must be substantially consistent with the development plan submitted as part of the original loan application as required in (b) of this subsection.

(e) Within eight years of receiving a loan, a loan recipient must develop affordable housing on the property for which the loan was made and place the affordable housing into service.

(f) A loan recipient must preserve the affordable rental housing developed on the property acquired under this section as affordable housing for a minimum of thirty years.

If a loan recipient does not place affordable housing into service on a property for which a loan has been received under this section within the eight-year period specified in subsection (3)(e) of this section, or if a loan recipient fails to use the property for the intended affordable housing purpose consistent with the loan recipient's original affordable housing development plan, then the loan recipient must pay to the Washington state housing finance commission an amount consisting of the principal of the original loan plus compounded interest calculated at the current market rate. The Washington state housing finance commission shall develop guidelines for the time period in which this repayment must take place, which must be noted in the original loan agreement. The Washington state housing finance commission may grant a partial or total exemption from this repayment requirement if it determines that a development is substantially complete or that the property has been substantially used in keeping with the original affordable housing purpose of the loan. Any repayment funds received as a result of noncompliance with loan requirements shall be deposited into the Washington state housing finance commission land acquisition revolving loan fund for the purposes of the affordable housing land acquisition revolving loan fund program.

The Washington state housing finance commission, with approval from the department, may adopt guidelines and requirements that are necessary to administer the affordable housing land acquisition revolving loan fund program.

The Washington state housing finance commission must develop performance measures for the program, which must be approved by the department, including, at a minimum, measures related to:

(a) The ability of eligible organizations to access land for affordable housing development;

(b) The total number of dwelling units by housing type and the total number of ((unspecified)) low-income households and persons served; and

(c) The financial efficiency of the program as demonstrated by factors, including the cost per unit developed for affordable housing units in different areas of the state and a measure of the effective use of funds to produce the greatest number of units for low-income households.

By December 1st of each year, beginning in 2007, the Washington state housing finance commission shall report to the department and the appropriate committees of the legislature using, at a minimum, the performance measures developed under subsection (7) of this section.

NEW SECTION. Sec. 2. A new section is added to chapter 43.185A RCW to read as follows:

(a) Loans or grants made through the affordable housing and community facilities rapid response loan program to purchase land or real property for the preservation or development of affordable housing or community facilities, including reasonable costs and fees.

(c) The Washington state housing finance commission, with approval from the department, may adopt guidelines and requirements that are necessary to administer the affordable housing and community facilities rapid response loan program.

(d) A loan or grant recipient must preserve affordable rental housing acquired or developed under this section as affordable housing for a minimum of thirty years.

(e) Interest rates on loans made under this section may be as low as zero percent but may not exceed three percent. All loan repayment moneys received must be deposited into a program account established by the Washington state housing finance commission for the purpose of making new loans and grants under this section.

(f) By December 1st of each year, beginning in 2008, the Washington state housing finance commission shall report to the department and the appropriate committees of the legislature: The number of loans and grants that were made in the program; for what purposes the loans and grants were made; to whom the loans and grants were made; and when the loans are expected to be paid back.”
and the same is herewith transmitted.

ENGROSSED HOUSE BILL NO. 3142, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 6, 2008

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 3274 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 53.08.120 and 2000 c 138 s 210 are each amended to read as follows:

(1) All material and work required by a port district not meeting the definition of public work in RCW 39.04.010(4) may be procured in the open market or by contract and all work ordered may be done by contract or day labor.

(2)(a) All such contracts for work meeting the definition of "public work" in RCW 39.04.010(4), the estimated cost of which exceeds two hundred thousand dollars, shall be awarded using a competitive bid process. The contract must be (bids) awarded at public bidding upon notice published in a newspaper of general circulation in the district at least thirteen days before the last date upon which bids will be received, calling for (submitted) bids upon the work, plans and specifications for which shall then be on file in the office of the commission for public inspection. The same notice may call for bids on such work or material based upon plans and specifications submitted by the bidder. The competitive bidding requirements for purchases or public works may be waived pursuant to RCW 39.04.280 if an exemption contained within that section applies to the purchase or public work.

(However) (b) For all contracts related to work meeting the definition of "public work" in RCW 39.04.010(4) that are estimated at two hundred thousand dollars or less, a port district may let contracts using the small works roster process under RCW 39.04.155 in lieu of (enticing) advertising for (sealed) bids. Whenever possible, the managing official shall invite at least one proposal from a minority contractor who shall otherwise qualify under this section.

When awarding such a contract for work, when utilizing proposals from the small works roster, the managing official shall give weight to the contractor submitting the lowest and best proposal, and whenever it would not violate the public interest, such contracts shall be distributed equally among contractors, including minority contractors, on the small works roster.

Sec. 2. RCW 39.30.020 and 1974 ex.s. c 74 s 1 are each amended to read as follows:

In addition to any other remedies or penalties contained in any law, municipal charter, ordinance, resolution or other enactment, any municipal officer by or through whom or under whose supervision, in whole or in part, any contract is made in (willful) willful and intentional violation of any law, municipal charter, ordinance, resolution or other enactment requiring competitive bidding or procurement procedures for consulting, architectural, engineering, or other services, upon such contract shall be held liable to a civil penalty of not less than three hundred dollars and may be held liable, jointly and severally with any other such municipal officer, for all consequential damages to the municipal corporation. If, as a result of a criminal action, the violation is found to have been intentional, the municipal officer shall immediately forfeit his or her office. For purposes of this section, "municipal officer" (office) means an officer or "municipal officer" as those terms are defined in RCW 42.23.020(2).

NEW SECTION. Sec. 3. A new section is added to chapter 53.08 RCW to read as follows:

By January 1, 2010, each port with more than ten million dollars in annual gross revenues, excluding grant and loan funds, shall maintain a database on a public web site of all contracts, including public works and personal services. At a minimum, the database shall identify the contractor, the purpose of the contract, effective dates and periods of performance, the cost of the contract and funding source, any modifications to the contract, and whether the contract was competitively procured or awarded on a sole source basis.

NEW SECTION. Sec. 4. A new section is added to chapter 53.08 RCW to read as follows:

(1) If a port district purchases property for a facility outside the port's jurisdiction, the port district or districts with responsibility for the future property development and use must prepare and implement a communication plan within sixty days after contracting with a site planning consultant. The communication plan must be reasonably calculated to provide property owners and other affected and interested individuals information for review and comment. The plan shall be made available through the planning and predesign phase. The communication plan shall include information about:

(a) The type and scale of proposed uses on the site;
(b) The type and scale of business and industrial activities that the development is likely to later attract to the site and to the nearby area;
(c) The general character and scope of potential impacts on air and water quality, noise, and local and state transportation
NEW SECTION. Sec. 5. The legislature hereby establishes a policy of open competition for all personal service contracts entered into by port districts unless specifically exempted under this chapter. It is further the intent to provide differentiation between the competitive procurement procedures for personal and professional services contracts.

NEW SECTION. Sec. 6. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Commission" means the elected oversight body of an individual port.

(2) "Competitive solicitation" means a documented formal process providing an equal and open opportunity to qualified parties and culminating in a selection based on criteria, in which criteria other than price may be the primary basis for consideration. The criteria may include such factors as the consultant's fees or costs, ability, capacity, experience, reputation, responsiveness to time limitations, responsiveness to solicitation requirements, quality of previous performance, and compliance with statutes and rules relating to contracts or services.

(3) "Consultant" means an independent individual or firm contracting with a port to perform a service or render an opinion or recommendation according to the consultant's methods and without being subject to the control of the port except as to the result of the work. The port monitors progress under the contract and authorizes payment.

(4) "Emergency" means a set of unforeseen circumstances beyond the control of the port that either:

(a) Present a real, immediate threat to the proper performance of essential functions; or

(b) May result in material loss or damage to property, bodily injury, or loss of life if immediate action is not taken.

(5) "Evidence of competition" means documentation demonstrating that the port has solicited responses from multiple firms in selecting a consultant.

(6) "Personal service" means professional or technical expertise provided by a consultant to accomplish a specific study, project, task, or other work statement which may not reasonably be required in connection with a public works project meeting the definition in RCW 39.04.010(4). "Personal service" does not include purchased services as defined under subsection (8) of this section or professional services procured using the competitive selection requirements in chapter 39.80 RCW.

(7) "Personal service contract" means an agreement, or any amendment thereto, with a consultant for the rendering of personal services to the port.

(8) "Purchased services" means services provided by a vendor to accomplish routine, continuing, and necessary functions. "Purchased services" includes, but is not limited to, services for equipment maintenance and repair; operation of a physical plant; security; computer hardware and software maintenance; data entry; key punch services; and computer time-sharing, contract programming, and analysis.

(9) "Sole source" means a consultant providing professional or technical expertise of such a unique nature that the consultant is clearly and justifiably the only practicable source to provide the service. The justification shall be based on the uniqueness of the service, sole availability at the location required, or warranty or defect correction service obligations of the consultant.

NEW SECTION. Sec. 7. All personal service contracts shall be entered into pursuant to competitive solicitation, except for:

(1) Emergency contracts;

(2) Sole source contracts;

(3) Contract amendments;

(4) Contracts between a consultant and a port of less than fifty thousand dollars. However, contracts of fifty thousand dollars or greater but less than two hundred thousand dollars shall have documented evidence of competition. Ports shall not structure contracts to evade these requirements; and

(5) Other specific contracts or classes of contracts exempted from the competitive solicitation process by the commission when it has been determined that a competitive solicitation process is not appropriate or cost-effective.

NEW SECTION. Sec. 8. Emergency contracts shall be filed with the commission and made available for public inspection within seven working days following the commencement of work or execution of the contract, whichever occurs first. Documented justification for emergency contracts shall be provided to the commission when the contract is filed.

NEW SECTION. Sec. 9. (1) Sole source contracts shall be filed with the commission and made available for public inspection prior to the proposed starting date of the contract. Documented justification for sole source contracts shall be provided to the commission when the contract is filed. For sole source contracts of fifty thousand dollars or more, documented justification shall include evidence that the port attempted to identify potential consultants.

(2) The commission shall ensure that the costs, fees, or rates negotiated in filed sole source contracts of fifty thousand dollars or more are reasonable.

NEW SECTION. Sec. 10. A port commissioner or employee shall not expend any funds for personal service contracts subject to this chapter unless the port has complied with the competitive procurement and other requirements of this chapter. The port commissioner or employee executing the personal service contracts is responsible for compliance with the requirements of this chapter. Willful and intentional failure to comply with the requirements of this chapter subjects the port commissioner or employee to a civil penalty in the amount of three hundred dollars. A consultant who knowingly violates this chapter in seeking or performing work under a personal services contract is subject to a civil penalty of three hundred dollars or twenty-five percent of the amount of the contract, whichever is greater. The state auditor is responsible for auditing violation of this chapter through its regular financial and accountability audits. (1) "Award" means the formal decision by the state or municipality notifying a responsible bidder with the lowest responsive bid of the (state's) state's or municipality's acceptance of the bid and intent to enter into a contract with the bidder. 
(2) "Contract" means a contract in writing for the execution of public work for a fixed or determinable amount duly awarded after advertisement and competitive bid, or a contract awarded under the small works roster process in RCW 39.04.155. 
(3) "Municipality" means every city, county, town, port district, district, or other public agency authorized by law to require the execution of public work, except drainage districts, diking districts, diking and drainage improvement districts, drainage improvement districts, diking improvement districts, consolidated diking and drainage improvement districts, consolidated drainage improvement districts, consolidated diking improvement districts, irrigation districts, or other districts authorized by law for the reclamation or development of waste or undeveloped lands.

All public works, including maintenance when performed by contract shall comply with chapter 39.12 RCW. "Public work" does not include work, construction, alteration, repair, or improvement performed under contracts entered into under RCW 36.102.060(4) or under development agreements entered into under RCW 36.102.060(7) or leases entered into under RCW 36.102.060(8). 
(5) "Responsible bidder" means a contractor who meets the criteria in RCW 39.04.350. 
(6) "State" means the state of Washington and all departments, supervisors, commissioners, and agencies of the state.

Sec. 17. RCW 39.04.155 and 2007 c 218 s 87, 2007 c 210 s 1, and 2007 c 133 s 4 are each reenacted and amended to read as follows: 
(1) This section provides uniform small works roster provisions to award contracts for construction, building, renovation, remodeling, alteration, repair, or improvement of real property that may be used by state agencies and by any local government that is expressly authorized to use these provisions. These provisions may be used in lieu of other procedures to award contracts for such work with an estimated cost of two hundred thousand dollars or less. The small works roster process includes the limited public works process authorized under subsection (3) of this section and any local government authorized to award contracts using the small works roster process under this section may award contracts using the limited public works process under subsection (3) of this section. 
(2)(a) A state agency or authorized local government may create a single general small works roster, or may create a small works roster for different specialties or categories of anticipated work. Where applicable, small works rosters may make distinctions between contractors based upon different geographic areas served by the contractor. The small works roster or rosters shall consist of all responsible contractors who have requested to be on the list, and where required by law are properly licensed or registered to perform such work in this state. A state agency or local government establishing a small works roster or rosters may require eligible contractors desiring to be placed on a roster or rosters to keep current records of any applicable licenses, certifications, registrations, bonding, insurance, or other appropriate matters on file with the state agency or local governmental authority under a condition of being placed on a roster or rosters. At least once a year, the state agency or local government shall publish in a newspaper of general circulation within the jurisdiction a notice of the existence of the roster or rosters and solicit the names of contractors for such roster or rosters. In addition, responsible contractors shall be added to an appropriate roster or rosters at any time they submit a written request and necessary records. Master contracts may be required to be signed that become effective when a specific award is made using a small works roster. 
(b) A state agency establishing a small works roster or rosters shall adopt rules implementing this subsection. A local government establishing a small works roster or rosters shall adopt an ordinance declaring the purpose of implementing this subsection. Procedures included in rules adopted by the department of general administration in
implementing this subsection must be included in any rules providing for a small works roster or rosters that is adopted by another state agency, if the authority for that state agency to engage in these activities has been delegated to it by the department of general administration under chapter 43.19 RCW. An interlocal contract or agreement between two or more state agencies or local governments establishing a small works roster or rosters to be used by the parties to the agreement or contract must clearly identify the lead entity that is responsible for implementing the provisions of this subsection.

(c) Procedures shall be established for securing telephone, written, or electronic quotations from contractors on the appropriate small works roster to assure that a competitive price is established and to award contracts to the lowest responsible bidder, as defined in RCW 39.04.010. Invitations for quotations shall include an estimate of the scope and nature of the work to be performed as well as materials and equipment to be furnished. However, detailed plans and specifications need not be included in the invitation. This subsection does not eliminate other requirements for architectural or engineering approvals as to quality and compliance with building codes. Quotations may be invited from all appropriate contractors on the appropriate small works roster. As an alternative, quotations may be invited from at least five contractors on the appropriate small works roster who have indicated the capability of performing the kind of work being contracted, in a manner that will equitably distribute the opportunity among the contractors on the appropriate roster. However, if the estimated cost of the work is from one hundred thousand dollars to two hundred thousand dollars, a state agency or local government shall have the right of recovery against the contractor for any payments made on the contractor's behalf.

(4) The breaking of any project into units or accomplishing any projects by phases is prohibited if it is done for the purpose of avoiding the maximum dollar amount of a contract that may be let using the small works roster process or limited public works process.

(5)(a) A state agency or authorized local government may use the limited public works process of subsection (3) of this section to solicit and award small works roster contracts to small businesses that are registered contractors with gross revenues under one million dollars annually as reported on their federal tax returns.

(b) A state agency or authorized local government may adopt additional procedures to encourage small businesses that are registered contractors with gross revenues under two hundred fifty thousand dollars annually as reported on their federal tax returns to submit quotations or bids on small works roster contracts.

(6) As used in this section, "state agency" means the department of general administration, the state parks and recreation commission, the department of natural resources, the department of fish and wildlife, the department of transportation, any institution of higher education as defined under RCW 28B.10.016, and any other state agency delegated authority by the department of general administration to engage in construction, building, renovation, remodeling, alteration, improvement, or repair activities.

Sec. 18. RCW 53.12.270 and 1975 1st ex.s.s. c 12 s 1 are each amended to read as follows:

(1) The commission may delegate to the managing official of a port district such administrative powers and duties of the commission as it may deem proper for the efficient and proper management of port district operations. Any such delegation shall be authorized by appropriate resolution of the commission, which resolution must also establish guidelines and procedures for the managing official to follow.

(2) The commission shall establish, by resolution, policies to comply with RCW 39.04.280 that set forth the conditions by which competitive bidding requirements for public works contracts may be waived.

NEW SECTION. Sec. 19. Sections 5 through 15 of this act constitute a new chapter in Title 53 RCW.

NEW SECTION. Sec. 20. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2008, in the omnibus appropriations act, this act is null and void."

On page 1, line 2 of the title, after "districts;" strike the remainder of the title and insert "amending RCW 53.08.120, 39.30.020, 39.04.010, and 53.12.270; reenacting and amending RCW 39.04.155; adding new sections to chapter 53.08 RCW; adding a new chapter to Title 53 RCW; creating a new section; prescribing penalties; and providing an expiration date;"

3. If a person other than the donor makes an unrevoked anatomical gift of the donor's body or part under section 5 of this act or an amendment to an anatomical gift of the donor's body or part under section 6 of this act, another person may not make, amend, or revoke the gift of the donor's body or part under section 10 of this act.

4. A revocation of an anatomical gift of a donor's body or part under section 6 of this act by a person other than the donor does not bar another person from making an anatomical gift of the body or part under section 5 or 10 of this act.

5. In the absence of an express, contrary indication by the donor or other person authorized to make an anatomical gift under section 4 of this act, an anatomical gift of a part is neither a refusal to give another part nor a limitation on the making of an anatomical gift of another part at a later time by the donor or another person.

6. In the absence of an express, contrary indication by the donor or other person authorized to make an anatomical gift under section 4 of this act, an anatomical gift of a part for one or more of the permitted purposes is not a limitation on the making of an anatomical gift of the part for any of the other purposes by the donor or any other person under section 5 or 10 of this act.

7. If a donor who is an unemancipated minor dies, a parent of the donor who is reasonably available may revoke or amend an anatomical gift of the donor's body or part.

8. If an unemancipated minor who signed a refusal dies, a parent of the minor who is reasonably available may revoke the minor's refusal.

NEW SECTION. Sec. 9. (1) Subject to subsections (2) and (3) of this section and unless barred by section 7 or 8 of this act, an anatomical gift of a decedent's body or part may be made by any member of the following classes of persons who is reasonably available in the order of priority listed:

(a) An agent of the decedent at the time of death who could have made an anatomical gift under section 4(2) of this act immediately before the decedent's death;

(b) The spouse, or domestic partner registered as required by state law, of the decedent;

(c) Adult children of the decedent;

(d) Parents of the decedent;

(e) Adult siblings of the decedent;

(f) Adult grandchildren of the decedent;

(g) Grandparents of the decedent;

(h) The persons who were acting as the guardians of the person of the decedent at the time of death; and

(i) Any other person having the authority under applicable law to dispose of the decedent's body.

2. If there is more than one member of a class listed in subsection (1), (a), (c), (d), (e), (f), (g), or (h) of this section entitled to make an anatomical gift, an anatomical gift may be made by a member of the class unless that member or a person to which the gift may pass under section 11 of this act knows of an objection by another member of the class. If an objection is known, the gift may be made only by a majority of the members of the class who are reasonably available.

3. A person may not make an anatomical gift if, at the time of the decedent's death, a person in a prior class under subsection (1) of this section is reasonably available to make or to object to the making of an anatomical gift.

NEW SECTION. Sec. 10. (1) A person authorized to make an anatomical gift under section 9 of this act may make an anatomical gift by a document of gift signed by the person making the gift or by that person's oral communication that is electronically recorded or is contemporaneously reduced to a record and signed by the individual receiving the oral communication.

2. Subject to subsection (3) of this section, an anatomical gift by a person authorized under section 9 of this act may be amended or revoked orally or in a record by any member of a prior class who is reasonably available. If more than one member of the prior class is reasonably available, the gift made by a person authorized under section 9 of this act may be:

(a) Amended only if a majority of the reasonably available members agree to the amending of the gift; or

(b) Revoked only if a majority of the reasonably available members agree to the revoking of the gift or if they are equally divided as to whether to revoke the gift.

3. A revocation under subsection (2) of this section is effective only if, before an incision has been made to remove a part from the donor's body or before transplant procedures have begun on the
NEW SECTION. Sec. 11. (1) An anatomical gift may be made to the following persons named in the document of gift:
(a) For research or education: A hospital; an accredited medical school, dental school, college, or university; or an organ procurement organization;
(b) Subject to subsection (2) of this section, an individual designated by the person making the anatomical gift if the individual is the recipient of the part;
(c) An eye bank or tissue bank.
(2) If an anatomical gift to an individual under subsection (1)(b) of this section cannot be transplanted into the individual, the part passes in accordance with subsection (7) of this section in the absence of an express, contrary indication by the person making the anatomical gift.
(3) If an anatomical gift of one or more specific parts or of all parts is made in a document of gift that does not name a person described in subsection (1) of this section but identifies the purpose for which an anatomical gift may be used, the following rules apply:
(a) If the part is an eye and the gift is for the purpose of transplantation or therapy, the gift passes to the appropriate eye bank.
(b) If the part is tissue and the gift is for the purpose of transplantation or therapy, the gift passes to the appropriate tissue bank.
(c) If the part is an organ and the gift is for the purpose of transplantation or therapy, the gift passes to the appropriate organ procurement organization as custodian of the organ.
(d) If the part is an organ, an eye, or tissue and the gift is for the purpose of research or education, the gift passes to the appropriate procurement organization.
(4) For the purpose of subsection (3) of this section, if there is more than one purpose of an anatomical gift set forth in the document of gift but the purposes are not set forth in any priority, the gift must be used for transplantation or therapy, if suitable. If the gift cannot be used for transplantation or therapy, the gift may be used for research or education.
(5) If an anatomical gift of one or more specific parts is made in a document of gift that does not name a person described in subsection (1) of this section and does not identify the purpose of the gift, the gift may be used only for transplantation or therapy, and the gift passes in accordance with subsection (7) of this section.
(6) If a document of gift specifies only a general intent to make an anatomical gift by words such as "donor," "organ donor," or "body donor," or by a symbol or statement of similar import, the gift may be used only for transplantation or therapy, and the gift passes in accordance with subsection (7) of this section.
(7) For purposes of subsections (2), (5), and (6) of this section the following rules apply:
(a) If the part is an eye, the gift passes to the appropriate eye bank.
(b) If the part is tissue, the gift passes to the appropriate tissue bank.
(c) If the part is an organ, the gift passes to the appropriate organ procurement organization as custodian of the organ.
(8) An anatomical gift of an organ for transplantation or therapy, other than an anatomical gift under subsection (1)(b) of this section, passes to the organ procurement organization as custodian of the organ.
(9) If an anatomical gift does not pass pursuant to subsections (1) through (8) of this section or the decedent's body or part is not used for transplantation, therapy, research, or education, custody of the body or part passes to the person under obligation to dispose of the body or part.
(10) A person may not accept an anatomical gift if the person knows that the gift was not effectively made under section 5 or 10 of this act or if the person knows that the decedent made a refusal under section 7 of this act that was not revoked. For purposes of this subsection (10), if a person knows that an anatomical gift was made on a document of gift, the person is deemed to know of any amendment or revocation of the gift or any refusal to make an anatomical gift on the same document of gift.
(11) Except as otherwise provided in subsection (1)(b) of this section, nothing in this chapter affects the allocation of organs for transplantation or therapy.

NEW SECTION. Sec. 12. (1) A document of gift need not be delivered during the donor's lifetime to be effective.
(2) Upon or after an individual's death, a person in possession of a document of gift or a refusal to make an anatomical gift with respect to the individual shall allow examination and copying of the document of gift or refusal by a person authorized to make or object to the making of an anatomical gift with respect to the individual or by a person to which the gift could pass under section 11 of this act.

NEW SECTION. Sec. 13. (1) When a hospital refers an individual at or near death to a procurement organization, the organization shall make a reasonable search of the records of the department of licensing and any donor registry that it knows exists for the geographical area in which the individual resides to ascertain whether the individual has made an anatomical gift.
(2) A procurement organization must be allowed reasonable access to information in the records of the department of licensing to ascertain whether an individual at or near death is a donor.
(3) When a hospital refers an individual at or near death to a procurement organization, the organization may conduct any reasonable examination necessary to ensure the medical suitability of a part that is or could be the subject of an anatomical gift for transplantation, therapy, research, or education from a donor or a prospective donor. During the examination period, measures necessary to ensure the medical suitability of the part may not be withdrawn unless the hospital or procurement organization knows that the individual expressed a contrary intent.
(4) Unless prohibited by law other than this chapter, at any time after a donor's death, the person to which a part passes under section 11 of this act may conduct any reasonable examination necessary to ensure the medical suitability of the body or part for its intended purpose.
(5) Unless prohibited by law other than this chapter, an examination under subsection (3) or (4) of this section may include an examination of all medical records of the donor or prospective donor.
(6) Upon the death of a minor who was a donor or had signed a refusal, unless a procurement organization knows the minor is emancipated, the procurement organization shall conduct a reasonable search for the parents of the minor and provide the parents with an opportunity to revoke or amend the anatomical gift or revoke the refusal.
(7) Upon referral by a hospital under subsection (1) of this section, a procurement organization shall make a reasonable search for any person listed in section 9 of this act having priority to make an anatomical gift on behalf of a prospective donor. If a procurement organization receives information that an anatomical gift to any other person was made, amended, or revoked, it shall promptly advise the other person of all relevant information.
(8) Subject to sections 11(9), 21, and 22 of this act, the rights of the person to which a part passes under section 11 of this act are superior to the rights of all others with respect to the part. The person may accept or reject an anatomical gift in whole or in part. Subject to the terms of the document of gift and this chapter, a person that accepts an anatomical gift of an entire body may allow embalming, burial, or cremation, and use of remains in a funeral service. If the gift is of a part, the person to which the part passes under section 11 of this act, upon the death of the donor and before embalming, burial, or cremation, shall cause the part to be removed without unnecessary mutilation.
(9) Neither the physician who attends the decedent at death nor the physician who determines the time of the decedent's death may participate in the procedures for removing or transplanting a part from the decedent.
(10) A physician or technician may remove a donated part from the body of a donor that the physician or technician is qualified to remove.
NEW SECTION. Sec. 14. When English is not the first language of the person or persons making, amending, revoking, or refusing anatomical gifts as defined in this act, organ procurement organizations are responsible for providing, at no cost, appropriate interpreter services or translations to such persons for the purpose of making such decisions.

NEW SECTION. Sec. 15. Each hospital in this state shall enter into agreements or affiliations with procurement organizations for coordination of procurement and use of anatomical gifts.

NEW SECTION. Sec. 16. (1) Except as otherwise provided in subsection (2) of this section, a person who, for valuable consideration, knowingly purchases or sells a part for transplantation or therapy if removal of a part from an individual is intended to occur after the individual's death is guilty of a class C felony under RCW 9A.20.010.

(2) A person may charge a reasonable amount for the removal, processing, preservation, quality control, storage, transportation, implantation, or disposal of a part.

NEW SECTION. Sec. 17. A person who, in order to obtain financial gain, intentionally falsifies, forges, conceals, defaces, or obliterates a document of gift, an amendment or revocation of a document of gift, or a refusal is guilty of a class C felony under RCW 9A.20.010.

NEW SECTION. Sec. 18. (1) A person who acts in accordance with this chapter or with the applicable anatomical gift law of another state, or attempts in good faith to do so, is not liable for the act in a civil action, criminal prosecution, or administrative proceeding.

(2) Neither the person making an anatomical gift nor the donor's estate is liable for any injury or damage that results from the making or use of the gift.

(3) In determining whether an anatomical gift has been made, amended, or revoked under this chapter, a person may rely upon representations of an individual listed in section 9(1)(b) through (g) of this act relating to the individual's relationship to the donor or prospective donor unless the person knows that the representation is untrue.

NEW SECTION. Sec. 19. (1) A document of gift is valid if executed in accordance with:

(a) This chapter;
(b) The laws of the state or country where it was executed; or
(c) The laws of the state or country where the person making the anatomical gift was domiciled, has a place of residence, or was a national at the time the document of gift was executed.

(2) If a document of gift is valid under this section, the law of this state governs the interpretation of the document of gift.

(3) A person may presume that a document of gift or amendment of an anatomical gift is valid unless that person knows that it was not validly executed or was revoked.

NEW SECTION. Sec. 20. (1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Advance health care directive" means a power of attorney for health care or a "directive" as defined in RCW 70.122.020.

(b) "Declaration" means a record signed by a prospective donor specifying the circumstances under which a life support system may be withheld or withdrawn from the prospective donor.

(c) "Health care decision" means any decision made regarding the health care of the prospective donor.

(2) If a prospective donor has a declaration or advance health care directive, and the terms of the declaration or directive and the express or implied terms of a potential anatomical gift are in conflict with regard to the administration of measures necessary to ensure the medical suitability of a part for transplantation or therapy, the prospective donor's attending physician and the prospective donor shall confer to resolve the conflict. If the prospective donor is incapacitated of resolving the conflict, an agent acting under the prospective donor's declaration or directive, or, if none or the agent is not reasonably available, another person authorized by law other than this chapter to make health care decisions on behalf of the prospective donor, shall act for the donor to resolve the conflict. The conflict must be resolved as expeditiously as possible. Information relevant to the resolution of the conflict may be obtained from the appropriate procurement organization and any other person authorized to make an anatomical gift for the prospective donor under this section 9 of this act. Before resolution of the conflict, measures necessary to ensure the medical suitability of the part may not be withheld or withdrawn from the prospective donor if withholding or withdrawing the measures is not contraindicated by appropriate end-of-life care.

NEW SECTION. Sec. 21. (1)(a) A coroner or medical examiner shall cooperate with procurement organizations, to the extent that such cooperation does not prevent, hinder, or impede the timely investigation of death, to facilitate the opportunity to recover anatomical gifts for the purpose of transplantation or therapy. However, a coroner or medical examiner may limit the number of procurement organizations with which he or she cooperates.

(b) The coroner or medical examiner may release the initial investigatory information to the tissue or organ procurement organization for the purpose of determining the suitability of the potential donor by those organizations. The information released for this purpose shall remain confidential. The coroner or medical examiner is not liable for any release of confidential information by the procurement organization.

(2)(a) Procurement organizations shall cooperate with the coroner or medical examiner to ensure the preservation of and timely transfer to the coroner or medical examiner any physical or biological evidence from a prospective donor that the procurement organization may have contact with or access to that is required by the coroner or medical examiner for the investigation of death.

(b) If the coroner or medical examiner or a designee releases a part for donation under subsection (4) of this section, the procurement organization, upon request, shall cause the physician or technician who removes the part to provide the coroner or medical examiner with a record describing the condition of the part, biopsies, residual tissue, photographs, and any other information and observations requested by the coroner or medical examiner that would assist in the investigation of death.

(3) A part may not be removed from the body of a decedent under the jurisdiction of a coroner or medical examiner for transplantation, therapy, research, or education unless the part is removed for an anatomical gift and has been authorized by the coroner or medical examiner. The body of a decedent under the jurisdiction of the coroner or medical examiner may not be delivered to a person for research or education unless the body is the subject of an anatomical gift. This subsection does not preclude a coroner or medical examiner from performing the medicolegal investigation upon the body or relevant parts of a decedent under the jurisdiction of the coroner or medical examiner.

(4) If an anatomical gift of a part from the decedent under the jurisdiction of the coroner or medical examiner has been or might be made, but the coroner or medical examiner initially believes that the recovery of the part could interfere with the postmortem investigation into the decedent's cause or manner of death, the collection of evidence, or the description, documentation, or interpretation of injuries on the body, the coroner or medical examiner may consult with the procurement organization or physician or technician designated by the procurement organization about the proposed recovery. After consultation, the coroner or medical examiner may release the part for recovery.

NEW SECTION. Sec. 22. This chapter is subject to the laws of this state governing the jurisdiction of the coroner or medical examiner.

NEW SECTION. Sec. 23. In applying and construing this uniform act, consideration must be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it.
NEW SECTION. Sec. 24. This chapter modifies, limits, and supersedes the federal electronic signatures in global and national commerce act (15 U.S.C. Sec. 7001 et seq.) with respect to electronic signatures and anatomical gifts, but does not modify, limit, or supersede section 101(a) of that act (15 U.S.C. Sec. 7001), or authorize electronic delivery of any of the notices described in section 103(b) of that act (15 U.S.C. Sec. 7003(b)).

Sec. 25. RCW 150.010 and 1998 c 59 s 2 are each amended to read as follows:

The department shall inquire of each applicant at the time the completed application is presented whether the applicant is interested in making a donation of one dollar or more and shall also specifically inform the applicant of the option for organ and tissue donations as required by RCW 46.20.113.  

The department shall also provide written information to each applicant volunteering to become an organ and tissue donor.  

The written information shall disclose that the applicant's name shall be transmitted to the organ and tissue donor registry created in RCW 68.50.635 (as recodified by this act), and that the applicant shall notify a Washington state organ procurement organization of any changes to the applicant's donor status.  

All reasonable costs associated with the creation of the donation program created under this section must be paid proportionally or by other agreement by a Washington state organ procurement organization.

NEW SECTION. Sec. 29. Sections 1 through 24 of this act constitute a new chapter in Title 68 RCW.

NEW SECTION. Sec. 30. RCW 68.50.635 and 68.50.640 are each recodified as sections in the new chapter created in section 29 of this act.

Sec. 2. RCW 70.47A.030 and 2007 c 259 s 58 are each amended to read as follows:

(1) To the extent funding is appropriated in the operating budget for this purpose, the health insurance partnership is established. The administrator shall be responsible for the implementation and operation of the health insurance partnership, directly or by contract.

The administrator shall offer premium subsidies to eligible partnership participants under RCW 70.47A.040. The partnership shall begin to offer coverage no later than March 1, 2009.

(2) Consistent with policies adopted by the board under RCW 70.47A.110, the administrator shall, directly or by contract:

(a) Establish and administer procedures for enrolling small employers in the partnership, including publicizing the existence of the partnership and disseminating information on enrollment, and establishing rules related to minimum participation of employees in small groups purchasing health insurance through the partnership.

(b) Establish and administer procedures for health benefit plan enrollment by employees of small employers during open enrollment periods and outside of open enrollment periods upon the occurrence of any qualifying event specified in the federal health insurance portability and accountability act of 1996 or applicable state law.

(c) Except to the extent authorized in RCW 70.47A.110(1), neither the employer nor the partnership shall limit an employee's choice of coverage from among the health benefit plans offered through the partnership.

(d) Establish and manage a system for determining eligibility for and making premium subsidy payments under chapter 259, Laws of 2007.

(e) Establish a mechanism to apply a surcharge to each health benefit plan purchased through the partnership which shall be used only to pay for administrative and operational expenses of the partnership. The surcharge must be applied uniformly to all health benefit plans purchased through the partnership and must be included in the premium for each health benefit plan. Any surcharge amount may be added to the premium, but shall not be considered part of the small group community rate, and shall be applied only to the coverage purchased through the partnership. Surcharges may not be used to pay any premium assistance payments under this chapter. The surcharge shall reflect administrative and operational expenses remaining after any appropriation provided by the legislature to support administrative or operational expenses of the partnership during the year the surcharge is assessed.

Sec. 3. RCW 70.47A.040 and 2007 c 256 s 6 are each amended to read as follows:

The administrator shall accept applications from eligible partnership participants, on behalf of themselves, their spouses, and their dependent children, to receive premium subsidies through the health insurance partnership. Every effort shall be made to coordinate premium subsidies for dependent children with federal funding available under Title XIX and Title XXI of the federal social security act, consistent with the requirements established in RCW 74.09.470(4) for the employer-sponsored insurance program at the department of social and health services.

Sec. 4. RCW 70.47A.070 and 2006 c 255 s 7 are each amended to read as follows:

The administrator shall report biennially, beginning November 1, 2010, to the relevant policy and fiscal committees of the legislature on the effectiveness and efficiency of the (g7) health insurance partnership program, including enrollment trends, the services and benefits covered under the purchased health benefit plans, consumer satisfaction, and other program operational issues.

Sec. 5. RCW 70.47A.110 and 2007 c 260 s 5 are each amended to read as follows:

The health insurance partnership board shall:

(a) Develop policies for enrollment of small employers in the partnership, including minimum participation rules for small employer groups. The small employer shall determine the criteria for eligibility and enrollment in his or her plan and the terms and amount of the employee’s contribution to the plan. The employer may offer any minimum employer premium contribution level established by the board under (d) of this subsection;

(b) Designate health benefit plans that are currently offered in the small group market that will be offered to participating small employers through the health insurance partnership and those plans that will qualify for premium subsidy payments. Up to five health benefit plans shall be chosen, with multiple deductible and point-of-service cost-sharing options. The health benefit plans shall range from catastrophic to comprehensive coverage, and one health benefit plan shall be a high deductible health plan accompanied by a health savings account. Every effort shall be made to include health benefit plans that include components to maximize the quality of care provided and result in improved health outcomes, such as preventive care, wellness incentives, chronic care management services, and provider network development and payment policies related to quality of care;

(c) Approve a mid-range benefit plan from those selected to be used as a benchmark plan for calculating premium subsidies;

(d) Determine whether there should be a minimum employer premium contribution on behalf of employees, and if so, how much;

(e) Develop policies related to partnership participant enrollment in health benefit plans. The board may focus its initial efforts on access to coverage and affordability of coverage for participating small employers and their employees. To the extent necessary for successful implementation of the partnership, during a start-up phase of partnership operation, the board may:

((c)(d) Design a schedule of premium subsidies that is based upon gross family income, giving appropriate consideration to family size and the ages of all family members based on a benchmark health benefit plan designated by the board. The amount of an eligible partnership participant's premium subsidy shall be determined by applying a sliding scale subsidy schedule with the percentage of premium similar to that developed for subsidized basic health plan enrollees under RCW 70.47.060. The subsidy shall be applied to the employee’s premium obligation for his or her health benefit plan, so that employees benefit financially from any employer contribution to the cost of their coverage through the partnership.

(3) The administrator may enter into interdepartmental agreements with the office of the insurance commissioner, the department of social and health services, and any other state agencies necessary to implement this chapter.
The extent to which a former employee is eligible for continuation coverage under 29 U.S.C., Sec. 1161 et seq. may not exceed two years from the date the partnership begins to offer coverage:

(i) Determine appropriate health benefit plan rating methodologies. The methodologies shall be based on the small group adjusted community rate as defined in Title 48 RCW. The board shall evaluate the impact of applying the small group adjusted community rating methodology to health benefit plans purchased through the partnership on the principles of allowing each participant to choose his or her health benefit plan, and may implement one or more risk adjustment or reinsurance mechanisms to reduce uncertainty for carriers and provide for efficient risk management of high-cost enrollees (through risk adjustment, reinsurance, or other mechanisms);

(ii) Determine whether the partnership should be designated as the administrator of a participating small employer health benefit plan and undertake the obligations required of a plan administrator under federal law in order to minimize administrative burdens on participating small employers;

(iii) Conduct analyses and provide recommendations as requested by the legislature and the governor, with the assistance of staff from the health care authority and the office of the insurance commissioner.

(2) The board may authorize one or more limited health care service plans for dental care services to be offered by limited health care service contractors under RCW 48.44.035. However, such plan shall not qualify for subsidy payments.

(3) In fulfilling the requirements of this section, the board shall consult with small employers, the office of the insurance commissioner, members in good standing of the American academy of actuaries, health carriers, agents and brokers, and employees of small business.

Sec. 6. RCW 48.21.045 and 2007 c 260 s 7 are each amended to read as follows:

(1)(a) An insurer offering any health benefit plan to a small employer, either directly or through an association or member-governed group formed specifically for the purpose of purchasing health care, may offer and actively market to the small employer a health benefit plan featuring a limited schedule of covered health care services. Nothing in this subsection shall preclude an insurer from offering, or a small employer from purchasing, other health benefit plans that may have more comprehensive benefits than those included in the product offered under this subsection. An insurer offering a health benefit plan under this subsection shall clearly disclose all covered benefits to the small employer in a brochure filed with the commissioner.

(2) Nothing in this section shall prohibit an insurer from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(a) The insurer shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

(1) Geographic area;

(ii) Family size;

(iv) Age; and

(b) Wellness activities.

(c) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

(i) Changes to the enrollment of the small employer;

(ii) Changes to the family composition of the employee;

(iii) Changes to the health benefit plan requested by the small employer, or

(iv) Changes in government requirements affecting the health benefit plan.

(g) Rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. A carrier may develop its rates based on claims costs due to network provider reimbursement schedules or type of network. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all small groups purchasing coverage, including the small group participants in the health insurance partnership established in RCW 70.47A.030. However, annual rate adjustments for each small group health benefit plan may vary up to plus or minus four percentage points from the overall adjustment of a carrier's entire small group pool, such overall adjustment to be approved by the commissioner, upon a showing by the carrier, certified by a member of the American academy of actuaries that:

(i) The variation is a result of deductible leverage, benefit design, or provider network characteristics; and

(ii) For a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier's small group pool.

Varying rates of more than four percentage points are subject to review by the commissioner, and must be approved or denied within sixty days of submittal. A variation that is not denied within sixty days shall be deemed approved. The commissioner must provide the carrier a detailed actuarial justification for any denial within thirty days of the denial.

(j) For health benefit plans purchased through the health insurance partnership established in chapter 70.47A RCW:

(i) Any surcharge established pursuant to RCW 70.47A.030(2)(c) shall be applied only to health benefit plans purchased through the health insurance partnership; and

(ii) Risk adjustment or reinsurance mechanisms may be used by the health insurance partnership program to redistribute funds to carriers participating in the health insurance partnership based on differences in risk attributable to individual choice of health plans or other factors unique to health insurance partnership participation. Use of such mechanisms shall be limited to the partnership program and will not affect small group health plans offered outside the partnership.
(4) Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

(5)(a) Except as provided in this subsection, requirements used by an insurer in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

(b) An insurer shall not require a minimum participation level greater than:

(i) One hundred percent of eligible employees working for groups with three or less employees; and

(ii) Seventy-five percent of eligible employees working for groups with more than three employees.

(c) In applying minimum participation requirements with respect to a small employer, a small employer shall not consider employees or dependents who have similar existing coverage in determining whether the applicable percentage of participation is met.

(d) An insurer may not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(e) Minimum participation requirements and employer premium contribution requirements adopted by the health insurance partnership board under RCW 48.47A.110 shall apply only to the employers and employees who purchase health benefit plans through the health insurance partnership.

(f) An insurer must offer coverage to all eligible employees of a small employer and their dependents. An insurer may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. An insurer may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan.

(7) As used in this section, "health benefit plan," "small employer," "adjusted community rate," and "wellness activities" mean the same as defined in RCW 48.43.005.

Sec. 7. RCW 48.44.023 and 2007 c 260 s 8 are each amended to read as follows:

(1)(a) A health care services contractor offering any health benefit plan to a small employer, either directly or through an association or member-governed group formed specifically for the purpose of purchasing health care, may offer and actively market to the small employer a health benefit plan featuring a limited schedule of covered health care services. Nothing in this subsection shall preclude a contractor from offering, or a small employer from purchasing, other health benefit plans that may have more comprehensive benefits than those included in the product offered under this subsection. A contractor offering a health benefit plan under this subsection shall clearly disclose all covered benefits to the small employer in a brochure filed with the commissioner.

(b) A health benefit plan offered under this subsection shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.44.225, 48.44.240, 48.44.245, 48.44.249, 48.44.300, 48.44.310, 48.44.320, 48.44.325, 48.44.330, 48.44.335, (48.44.335i), 48.44.344, 48.44.360, 48.44.400, 48.44.440, 48.44.450, and 48.44.460.

(2) Nothing in this section shall prohibit a health care service contractor from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(a) The contractor shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

(i) Geographic area;

(ii) Family size;

(iii) Age; and

(iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(c) The contractor shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (3).

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

(i) Changes to the enrollment of the small employer;

(ii) Changes to the family composition of the employee;

(iii) Changes to the health benefit plan requested by the small employer; or

(iv) Changes in government requirements affecting the health benefit plan.

(g) Rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. A carrier may develop its rates based on claims costs due to network provider reimbursement schedules or type of network. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all groups purchasing coverage, including the small group participants in the health insurance partnership established in RCW 70.47A.030. However, annual rate adjustments for each small group health benefit plan may vary by up to plus or minus four percentage points from the overall adjustment of a carrier's entire small group pool, such overall adjustment to be approved by the commissioner, upon a showing by the carrier, certified by a member of the American academy of actuaries that: (i) The variation is a result of deductible leverage, benefit design, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier's small group pool. Variations of greater than four percentage points are subject to review by the commissioner, and must be approved or denied within sixty days of submittal. A variation that is not denied within sixty days shall be deemed approved. The commissioner must provide to the carrier a detailed actuarial justification for any denial within thirty days of the denial.

(j) For health benefit plans purchased through the health insurance partnership established in chapter 70.47A RCW:

(i) Any surcharge established pursuant to RCW 70.47A.030(2)(c) shall be applied only to health benefit plans purchased through the health insurance partnership; and

(ii) Risk adjustment or reinsurance mechanisms may be used by the health insurance partnership program to redistribute funds to carriers participating in the health insurance partnership based on differences in risk attributable to individual choice of health plans or other factors unique to health insurance partnership participation. Use of such mechanisms shall be limited to the partnership program and will not affect small group health plans offered outside the partnership.
(4) Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

(b) A contractor shall not require a minimum participation level greater than:

(i) One hundred percent of eligible employees working for groups with three or less employees; and

MESSAGE FROM THE SENATE

March 7, 2008

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 2713 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 43.43.753 and 2002 c 289 s 1 are each amended to read as follows:

The legislature finds that recent developments in molecular biology and genetics have important applications for forensic science. It has been scientifically established that there is a unique pattern to the chemical structure of the deoxyribonucleic acid (DNA) contained in each cell of the human body. The process for identifying this pattern is called "DNA identification."

The legislature further finds that DNA databases are important tools in criminal investigations, in the exclusion of individuals who are the subject of investigations or prosecutions, and in detecting recidivist acts. It is the policy of this state to assist federal, state, and local criminal justice and law enforcement agencies in both the identification and detection of individuals in criminal investigations and the identification and location of missing and unidentified persons. Therefore, it is in the best interest of the state to establish a DNA database and DNA data bank containing DNA samples submitted by persons convicted of felony offenses and other crimes as specified in RCW 43.43.754. DNA samples necessary for the identification of missing persons and unidentified human remains shall also be included in the DNA database.

The legislature further finds that the DNA identification system used by the federal bureau of investigation and the Washington state patrol has no ability to predict genetic disease or predisposal to illness. Nonetheless, the legislature intends that biological samples
collected under RCW 43.43.754, and DNA identification data obtained from the samples, be used only for purposes related to criminal investigation, identification of human remains or missing persons, or improving the operation of the system authorized under RCW 43.43.752 through 43.43.758.

Sec. 2. RCW 43.43.754 and 2002 c 289 s 2 are each amended to read as follows: (1) A biological sample must be collected for purposes of DNA identification analysis from: (a) Every adult or juvenile individual convicted of a felony; (f) stalking under RCW 9A.46.110, harassment under RCW 9A.46.020, communicating with a minor for immoral purposes under RCW 9.68A.090, or adjudicated guilty of an equivalent juvenile offense must have a biological sample collected for purposes of DNA identification analysis in the following manner), or any of the following crimes (or equivalent juvenile offenses): Assault in the fourth degree with sexual motivation (RCW 9A.36.041, 9.94A.835) Communication with a minor for immoral purposes (RCW 9.68A.090) Custodial sexual misconduct in the second degree (RCW 9A.44.170) Failure to register (RCW 9A.44.130) Harassment (RCW 9A.46.020) Patronizing a prostitute (RCW 9A.88.110) Sexual misconduct with a minor in the second degree (RCW 9A.44.096) Stalking (RCW 9A.46.110) Violation of a sexual assault protection order granted under chapter 7.90 RCW; and (b) Every adult or juvenile individual who is required to register under RCW 9A.44.130 if the Washington state patrol crime laboratory already has a DNA sample from an individual for a qualifying offense, a subsequent submission is not required to be submitted. (3) Biological samples shall be collected in the following manner: (a) For persons convicted of (such offenses) any offense listed in subsection (1)(a) of this section or adjudicated guilty of an equivalent juvenile offense who do not serve a term of confinement in a department of corrections facility, and do serve a term of confinement in a city or county jail facility, the city or county shall be responsible for obtaining the biological samples ((either as part of the intake process into the city or county jail or detention facility for those persons convicted on or after July 1, 2002, or within a reasonable time after July 1, 2002, for those persons incarcerated before July 1, 2002, who have not yet had a biological sample collected, beginning with those persons who will be released the soonest)). (b) The local police department or sheriff’s office shall be responsible for obtaining the biological samples for: (1) Persons convicted of ((such offenses)) any offense listed in subsection (1)(a) of this section or adjudicated guilty of an equivalent juvenile offense who do not serve a term of confinement in a department of corrections facility, and do not serve a term of confinement in a city or county jail facility ((the local police department or sheriff’s office is responsible for obtaining the biological samples after sentencing on or after July 1, 2002, and within a reasonable time after July 1, 2002, for those persons incarcerated before July 1, 2002, who have not yet had a biological sample collected, beginning with those persons who will be released the soonest)). (c) For persons who are required to register under RCW 9A.44.030 (2) Persons convicted of ((such offenses)) any offense listed in subsection (1)(a) of this section or adjudicated guilty of an equivalent juvenile offense, who are serving or who are to serve a term of confinement in a department of social and health services facility, the facility holding the person shall be responsible for obtaining the biological samples ((either as part of the intake process into such facility for those persons convicted on or after July 1, 2002, or within a reasonable time after July 1, 2002)). For those persons incarcerated before (July 1, 2002)) the effective date of this section, who have not yet had a biological sample collected, (beginning with) priority shall be given to those persons who will be released the soonest. ((4) Any biological sample taken pursuant to RCW 43.43.752 through 43.43.758 may be retained by the forensic laboratory services bureau, and shall be used solely for the purpose of providing DNA or other tests for identification analysis and prosecution of a criminal offense or for the identification of human remains or missing persons. Nothing in this section prohibits the submission of results derived from the biological samples to the federal bureau of investigation combined DNA index system. (5) The ((director of the)) forensic laboratory services bureau of the Washington state patrol (shall perform) is responsible for testing performed on all biological samples that are collected under subsection (1) of this section, to the extent allowed by funding available for this purpose. The director shall give priority to testing on samples collected from those adults or juveniles convicted of a felony or adjudicated guilty of an equivalent juvenile offense that is defined as a sex offense or a violent offense in RCW 9.94A.030. Known duplicate samples may be excluded from testing unless testing is deemed necessary or advisable by the director. (6) This section applies to all adults who are convicted of a sex or violent offense after July 1, 1990, and to all adults who were convicted of a sex or violent offense on or prior to July 1, 1990, and who are still incarcerated on or after July 25, 1999. This section applies to all juveniles who are adjudicated guilty of a sex or violent offense after July 1, 1994, and to all juveniles who were adjudicated guilty of a sex or violent offense on or prior to July 1, 1994, and who are still incarcerated on or after July 25, 1999. This section applies to all adults and juveniles who are convicted of a sex or violent offense after July 1, 1990, or adjudicated guilty of an equivalent juvenile offense, on or after July 1, 1994, and who are still incarcerated on or after July 25, 1999, and to all adults and juveniles who were convicted or adjudicated guilty of such an offense before July 1, 2002, and are still incarcerated on or after July 25, 2002. This section applies to: (a) All adults and juveniles to whom this section applied prior to the effective date of this section; (b) All adults and juveniles to whom this section did not apply prior to the effective date of this section who: (i) Are convicted on or after the effective date of this section of an offense listed in subsection (1)(a) of this section; or (ii) Were convicted prior to the effective date of this section of an offense listed in subsection (1)(a) of this section and are still incarcerated on or after the effective date of this section; and (c) All adults and juveniles who are required to register under RCW 9A.44.130 on or after the effective date of this section, whether convicted before, on, or after the effective date of this section. (7) This section creates no rights in a third person. No cause of action may be brought based upon the noncollection or nonanalysis or the delayed collection or analysis of a biological sample authorized to be taken under RCW 43.43.752 through 43.43.758. (8) The detention, arrest, or conviction of a person based upon a database match or database information is not invalidated if it is determined that the sample was obtained or placed in the database by mistake, or if the conviction or juvenile adjudication that resulted in the collection of the biological sample was subsequently vacated or otherwise altered in any future proceeding including but not limited to posttrial or postfact-finding motions, appeals, or collateral attacks.

Sec. 3. RCW 43.43.7541 and 2002 c 289 s 4 are each amended to read as follows: Every sentence imposed under chapter 9.94A RCW (for a ((felony)) crime specified in RCW 43.43.754 (that is committed on or after July 1, 2002)) must include a fee of one hundred dollars (for collection of a biological sample as required under RCW 43.43.754, unless the court finds that imposing the fee would result in undue hardship on the offender)). The fee is a court-ordered legal financial obligation as defined in RCW 9.94A.030, payable by the offender after payment of all other legal financial obligations included in the sentence has been completed. The clerk of the court shall transmit eighty percent of the fee(s) collected to the state
tender for deposit in the state DNA database account created under RCW 43.43.753, and shall transmit twenty percent of the fee collected to the agency responsible for collection of a biological sample from the offender as required under RCW 43.43.754.

MESSAGE FROM THE SENATE
March 7, 2008

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 2786 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 4.24.550 and 2005 c 380 s 2, 2005 c 228 s 1, and 2005 c 99 s 1 are each reenacted and amended to read as follows:

(1) In addition to the disclosure under subsection (5) of this section, public agencies that are authorized to release information to the public regarding sex offenders and kidnapping offenders when the agency determines that disclosure of the information is relevant and necessary to protect the public and counteract the danger created by the particular offender. This authorization applies to information regarding: (a) Any person adjudicated or convicted of a sex offense as defined in RCW 9A.44.130 or a kidnapping offense as defined by RCW 9A.44.130; (b) any person under the jurisdiction of the indeterminate sentence review board as the result of a sex offense or kidnapping offense; (c) any person committed as a sexually violent predator under chapter 71.09 RCW or as a sexual psychopath under chapter 71.06 RCW; (d) any person found not guilty of a sex offense or kidnapping offense by reason of insanity under chapter 10.77 RCW; and (e) any person found incompetent to stand trial for a sex offense or kidnapping offense and subsequently committed under chapter 71.05 or 71.34 RCW.

(2) Except for the information specifically required under subsection (5) of this section, the extent of the public disclosure of relevant and necessary information shall be rationally related to: (a) The level of risk posed by the offender to the community; (b) the locations where the offender resides, expects to reside, or is regularly found; and (c) the needs of the affected community members for information to enhance their individual and collective safety.

(3) Except for the information specifically required under subsection (5) of this section, local law enforcement agencies shall consider the following guidelines in determining the extent of a public disclosure made under this section: (a) For offenders classified as risk level I, the agency shall share information with other appropriate law enforcement agencies and, if the offender is a student, the public or private school regulated under Title 28A RCW or chapter 72.40 RCW which the offender is attending, or planning to attend. The agency may disclose, upon request, relevant, necessary, and accurate information to any victim or witness to the offense and to any individual community member who lives near the residence where the offender resides, expects to reside, or is regularly found; (b) for offenders classified as risk level II, the agency may also disclose relevant, necessary, and accurate information to public and private schools, child day care centers, family day care providers, public libraries, businesses and organizations that serve primarily children, women, or vulnerable adults, and neighbors and community groups near the residence where the offender resides, expects to reside, or is regularly found; (c) for offenders classified as risk level III, the agency may also disclose relevant, necessary, and accurate information to the public at large; and (d) because more localized notification is not feasible and homeless and transient offenders may present unique risks to the community, the agency may also disclose relevant, necessary, and accurate information to the public at large for offenders registered as homeless or transient.

(4) The county sheriff with whom an offender classified as risk level III is registered shall cause to be published by legal notice, advertising, or news release a sex offender community notification that conforms to the guidelines established under RCW 4.24.5501 in at least one legal newspaper with general circulation in the area of the sex offender's registered address or location. The county sheriff shall send notice to be published consistent with this subsection a current list of level III registered sex offenders, twice yearly. Unless the information is posted on the web site described in subsection (5) of this section, this list shall be maintained by the county sheriff on a publicly accessible web site and shall be updated at least once per month.

(5)(a) When funded by federal grants or other sources, the Washington association of sheriffs and police chiefs shall create and maintain a statewide registered kidnapping and sex offender web site, which shall be available to the public. The web site shall post all level III and level II registered sex offenders, level I registered sex offenders during the time they are out of compliance with registration requirements under RCW 9A.44.130, and all registered kidnapping offenders in the state of Washington.

(i) For level III offenders, the web site shall contain, but is not limited to, the registered sex offender's name, relevant criminal convictions, address by hundred block, physical description, and photograph. The web site shall provide mapping capabilities that display the sex offender's address by hundred block on a map. The web site shall allow citizens to search for registered sex offenders within the state of Washington by county, city, zip code, last name, type of conviction, and address by hundred block.

(ii) For level II offenders, and level I sex offenders during the time they are out of compliance with registration requirements under RCW 9A.44.130, the web site shall contain, but is not limited to, the same information and functionality as described in (a)(i) of this subsection, provided that it is permissible under state and federal law. If it is not permissible, the web site shall be limited to the information and functionality that is permissible under state and federal law.

(iii) For kidnapping offenders, the web site shall contain, but is not limited to, the same information and functionality as described in (a)(i) of this subsection, provided that it is permissible under state and federal law. If it is not permissible, the web site shall be limited to the information and functionality that is permissible under state and federal law.

(b) Until the implementation of (a) of this subsection, the Washington association of sheriffs and police chiefs shall create a web site available to the public that provides electronic links to county-operated web sites that offer sex offender registration information.

(6) Local law enforcement agencies that disseminate information pursuant to this section shall: (a) Review available risk level classifications made by the department of corrections, the department of social and health services, and the indeterminate sentence review board; (b) assign risk level classifications to all offenders about whom information will be disseminated; and (c) make a good faith effort to notify the public and residents at least fourteen days before the offender is released from confinement or, where an offender moves from another jurisdiction, as soon as possible after the agency learns of the offender's move, except that in no case may this notification provision be construed to require an extension of an offender's release date. The juvenile court shall provide local law enforcement officials with all relevant information on offenders allowed to remain in the community in a timely manner.

(7) An appointed or elected public official, public employee, or public agency as defined in RCW 4.24.470, or units of local government and its employees, as provided in RCW 36.28A.010, are immune from civil liability for damages for any discretionary risk level classification decisions or release of relevant and necessary information, unless it is shown that the official, employee, or agency acted with gross negligence or in bad faith. The immunity in this section applies to risk level classification decisions and the release of relevant and necessary information regarding any individual for whom disclosure is authorized. The decision of a local law
enforcement agency or official to classify an offender to a risk level other than the one assigned by the department of corrections, the department of social and health services, or the indeterminate sentence review board, or the release of any relevant and necessary information based on that different classification shall not, by itself, be considered gross negligence or bad faith. The immunity provided under this section applies to the release of relevant and necessary information to other public officials, public employees, or public agencies, and to the general public.

(8) Except as may otherwise be provided by law, nothing in this section shall impose any liability upon a public official, public employee, or public agency for failing to release information authorized under this section.

(9) Nothing in this section implies that information regarding persons designated in subsection (1) of this section is confidential except as may otherwise be provided by law.

(10) When a local law enforcement agency or official classifies an offender differently than the offender is classified by the end of sentence review committee or the department of social and health services at the time of the offender's release from confinement, the law enforcement agency or official shall notify the end of sentence review committee or the department of social and health services and submit its reasons supporting the change in classification. Upon implementation of subsection (5)(a) of this section, notification of the change shall also be sent to the Washington association of sheriffs and police chiefs."

On page 1, line 3 of the title, after "site;" strike the remainder of the title and insert "and reenacting and amending RCW 4.24.550."

and the same is herewith transmitted.

MESSAGE FROM THE SENATE

March 7, 2008

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 2835 with the following amendment:

"NEW SECTION. Sec. 1. The legislature finds that the safety of children in foster care depends upon receipt of comprehensive, accurate, and timely information about the background of prospective foster parents. It is vital to ensure that all relevant information about prospective foster parents is received and carefully reviewed. The legislature believes that some foster parents may have previously resided in other countries and that it is important to determine whether those countries have background information on the prospective foster parents that might impact the safety of children in their care.

NEW SECTION. Sec. 2. A new section is added to chapter 26.44 RCW to read as follows:

(1) During an emergency situation when a child must be placed in out-of-home care due to the absence of appropriate parents or custodians, the department shall request a federal name-based criminal history record check of each adult residing in the home of the potential placement resource. Upon receipt of the results of the name-based check, the department shall provide a complete set of each adult resident's fingerprints to the Washington state patrol for submission to the federal bureau of investigation within fourteen calendar days from the date the name search was conducted. The child shall be removed from the home immediately if any adult resident fails to provide fingerprints and written permission allowing the department to perform a federal criminal history record check when requested.

(2) When placement of a child in a home is denied as a result of a name-based criminal history record check of a resident, and the resident contests that denial, the resident shall, within fifteen calendar days, submit to the department a complete set of the resident's fingerprints with written permission allowing the department to forward the fingerprints to the Washington state patrol for submission to the federal bureau of investigation.

(3) The Washington state patrol and the federal bureau of investigation may each charge a reasonable fee for processing a fingerprint-based criminal history record check.

(4) As used in this section, "emergency placement" refers to those limited instances when the department is placing a child in the home of private individuals, including neighbors, friends, or relatives, as a result of a sudden unavailability of the child's primary caretaker.

Sec. 3. RCW 74.15.040 and 1982 c 118 s 7 are each amended to read as follows:

An agency seeking to accept and serve children, developmentally disabled persons, or expectant mothers as a foster-family home shall make application for license in such form and substance as required by the department. The department shall maintain a list of applicants through which placement may be undertaken. However, agencies and the department shall not place a child, developmentally disabled person, or expectant mother in a home until the home is licensed. The department shall inquire whether an applicant has previously resided in any other state or foreign country and shall check databases available to it through the
Washington state patrol and federal bureau of investigation to ascertain whether the applicant has ever been the subject of a conviction or civil finding outside of the state of Washington that bears upon the fitness of the applicant to serve as a foster-family home. Foster-family homes shall be inspected prior to licensure, except that inspection by the department is not required if the foster-family home is under the supervision of a licensed agency upon certification to the department by the licensed agency that such homes meet the requirements for foster homes as adopted pursuant to chapter 74.15 RCW and RCW 74.13.031.

NEW SECTION. Sec. 4. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

On page 1, line 3 of the title, after "situation;" strike the remainder of the title and insert "amending RCW 74.15.040; adding a new section to chapter 26.44 RCW; creating a new section; and declaring an emergency."

and the same is herewith transmitted.

(4) The department, in consultation with the Washington state patrol, may conduct a pilot program for the patrol to issue infractions based on information from automated traffic safety cameras in roadway construction zones on state highways when workers are present.

(a) In order to ensure adequate time in the 2007-09 biennium to evaluate the effectiveness of the pilot program, any projects authorized by the department must be authorized by December 31, 2007.

(b) The department shall use the following guidelines to administer the program:

(i) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle;

(ii) The department shall plainly mark the locations where the automated traffic safety cameras are used by placing signs on locations that clearly indicate to a driver that he or she is entering a roadway construction zone where traffic laws are enforced by an automated traffic safety camera;

(iii) Notices of infractions must be mailed to the registered owner of a vehicle within fourteen days of the infraction occurring;

(iv) The owner of the vehicle is not responsible for the violation if the owner of the vehicle, within fourteen days of receiving notification of the violation, mails to the patrol, a declaration under penalty of perjury, stating that the vehicle involved was, at the time, stolen or in the care, custody, or control of some person other than the registered owner, or any other extenuating circumstances;

(v) For purposes of the 2007-09 biennium pilot project, infractions detected through the use of automated traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras must be processed in the same manner as parking infractions for the purposes of RCW 3.46.120, 3.50.100, 35.20.220, 46.16.216, and 46.20.270(3). However, the amount of the fine issued for an infraction generated through the use of an automated traffic safety camera is one hundred thirty-seven dollars. The court shall remit thirty-two dollars of the fine to the state treasurer for deposit into the state patrol highway account;

(vi) If a notice of infraction is sent to the registered owner and the registered owner is a rental car business, the infraction will be dismissed against the business if it mails to the patrol, within fourteen days of receiving the notice, a declaration under penalty of perjury of the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred. If the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred, the business must sign a declaration under penalty of perjury to this effect. The declaration must be mailed to the patrol within fourteen days of receiving the notice of traffic infraction. Timely mailing of this declaration to the issuing agency relieves a rental car business of any liability under this section for the notice of infraction. A declaration form suitable for this purpose must be included with each automated traffic infraction notice issued, along with instructions for its completion and use; and

(vii) By June 30, 2009, the department shall provide a report to the legislature regarding the use, public acceptance, outcomes, and other relevant issues regarding the pilot project.

(5) The traffic signal operations along 164th Street SE at the intersections of Mill Creek Boulevard and SR 527 should be optimized to minimize vehicle delay on both corridors based on traffic volumes and not only on functional classification or designation.

NEW SECTION. Sec. 304. A new section is added to 2007 c 518 (uncodified) to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION. The nickel and transportation partnership revenue packages were created in 2003 and 2005 to finance transportation construction over a sixteen year period. Since the adoption of the 2003 and 2005 transportation project lists, significant cost increases have resulted from extraordinary inflation. 2. The department shall not commence construction on any part of the state route number 520 bridge replacement and HOV project until a record has been reached providing reasonable assurance that project impacts will be avoided, minimized, or mitigated as much as practicable to protect against further adverse impacts on neighborhood environmental quality as a result of repairs and improvements made to the state route 520 bridge and its connecting roadways, and that any such impacts will be addressed through engineering design choices, mitigation measures, or a combination of both. The requirements of this section shall not apply to off-site pontoon construction supporting the state route number 520 bridge replacement and HOV project.

3. Within the amounts provided in this section, ($1,656,000) $1,895,000 of the transportation partnership account--state appropriation, ($1,656,000) $2,147,000 of the motor vehicle account--federal appropriation, and ($2,147,000) $10,331,000 of the transportation 2003 account (nicket account)--state appropriation are for project 1090407 as identified in the LEAP transportation document referenced in subsection (1) of this section: I-90/Two Way Transit-Transit and HOV Improvements - Stage 1. Expenditure of the funds on construction is contingent upon revising the access plan for Mercer Island traffic such that Mercer Island traffic will have access to the outer roadway high occupancy vehicle (HOV) lanes during the period of operation for such lanes following the removal of Mercer Island traffic from the center roadway and prior to conversion of the outer roadway HOV lanes to high occupancy toll (HOT) lanes. Sound transit may only have access to the center lanes when alternative RRA is complete.

The total project is expected to cost no more than $74,400,000 including ($11,940,000) $10,402,000 in contributions from project partners.

6. To promote and support community-specific noise reduction solutions, the department shall:

(a) Prepare a draft directive that establishes how each community's priorities and concerns may be identified and addressed in order to allow consideration of a community's preferred methods of advanced visual shielding and aesthetic screening, for the purpose of improving the noise environment of major state roadway projects in locations that do not meet the criteria for standard noise barriers. The intent is for these provisions to be supportable by existing project budgets. The directive shall also include direction on the coordination and selection of visual and aesthetic options with local communities. The draft directive shall be provided to the standing transportation committees of the legislature by January 2008; and

(b) Pilot the draft directive established in (a) of this subsection in two locations along major state roadways. If practicable, the department shall begin work on the pilot projects while the directive is being developed. One pilot project shall be located in Clark county on a significant capacity improvement project. The second pilot project shall be located in urban King county, which shall be on a corridor highway project through mixed land use areas that is nearing or under construction. The department shall provide a written report to the standing transportation committees of the legislature on the findings of the Clark county pilot project by January 2009, and the King county pilot project by January 2010. Those projects include relocation of two electrical transmission lines, Battery Street tunnel upgrades, seismic upgrades from Lenora to the Battery Street tunnel, viaduct removal from Holgate to King Street, and development of transit enhancements and other improvements to mitigate congestion during construction. However, the department shall not be responsible for funding any cost increases on any early action projects for which it is not the lead agency, and funds shall not be expended by the department on the early action project six - transit enhancements and other capital improvements until the following conditions have been met:

(a) The process shall be guided by the following common principles: Public safety must be maintained; the final project shall meet both capacity and mobility needs; and taxpayer dollars must be spent responsibly.

The appropriations in this section are subject to the following conditions and limitations:

(a) Except as provided otherwise in ((subsection (8)) and this section, the entire appropriations in this section are provided solely for the projects and activities as listed by fund, project, and amount in LEAP Transportation Document ((2007-1)) 2008-1, Rail Capital Program (Y) as developed (April 20, 2007) February 25, 2008. However, limited transfers of specific line-item project appropriations may occur between projects for those amounts listed subject to the conditions and limitations in section 603 of this act.

(b) Within the amounts provided in this section, ($250,000) $1,500,000 of the transportation infrastructure account--state appropriation ((2007-7)) and $787,000 of the transportation infrastructure account--federal appropriation are for low-interest loans for rail capital projects through the federal rail investment bank program. The department shall issue a call for projects based upon the legislative priorities specified in subsection (7)(a) of this section. Application must be received by the department by (November 1, 2007) October 1, 2008. By (December 1, 2007) November 1, 2008, the department shall submit a prioritized list of recommended projects to the office of financial management and the transportation committees of the legislature. The department shall award low-interest loans to the port of Moses Lake in the amount of $213,000, and based on the prioritized list of rail capital projects most recently submitted to the legislature pursuant to this subsection, as follows: Port of Benton County ($250,000); Port of Everett ($250,000); Central Terminals, LLC ($250,000); Tacoma Rail--Maintenance Facility ($250,000); NW Container Service ($250,000); Port of Chehalis ($250,000); Ballard Terminal Railroad ($250,000); Eastern Washington Gateway Railroad ($36,875); Spokane County ($250,000); Tacoma Rail--Locomotive Idling ($250,000).

(c) Within the amounts provided in this section, ($23,325,000) $2,561,000 of the multimodal transportation account--state appropriation is for statewide emergent freight rail assistance projects. However, the department shall perform a cost/benefit analysis of the projects according to the legislative priorities specified in subsection (7)(a) of this section, and shall give priority to the following projects: Rail - Tacoma rail yard switching upgrades ($500,000); Rail - Port of Ephrata spur rehabilitation ($127,000); Rail - Lewis and Clark rail improvements ($1,100,000); Rail - Port of Grays Harbor rail access improvements ($543,000); and Rail - Port of Longview rail loop construction ($291,000) (and Rail - Port of Chehalis ($274,000)). If the relative cost of any of the six projects identified in this subsection (1)(c) is not substantially less than the public benefits to be derived from the project, then the department shall not assign the funds to the project, and instead shall use those funds toward those projects identified by the department in the attachments to the "Washington State Department of Transportation FREIGHT RAIL ASSISTANCE FUNDING PROGRAM: 2007-2009 Prioritized Project List and Program Update" dated December 2006 for which the proportion of public benefits to be gained compared to the cost of the project is greatest.

(d) Within the amounts provided in this section, $2,550,000 of the freight congestion relief account--state appropriation is for modifications to the Stampede Pass rail tunnel to facilitate the movement of double stacked rail cars. The department shall quantify and report to the legislature by December 1, 2007, the volume of freight traffic that would likely be shipped by rail rather than trucks if the Stampede Pass rail tunnel were modified to accommodate double stacked rail cars.

(6) Within the amounts provided in this section, ($23,325,000) $339,000 of the multimodal transportation account--state appropriation is for rescoping and completion of a programmatic EIS for the Kelso to Martin's Bluff - 3rd Mainline and Storage Tracks project. The rescoped project may include funds that are committed to the project by local or private funding partners. However, the rescoped project must be capable of being completed with not more than $49,470,000 in future state funding, inclusive of inflation costs. Subject to this funding constraint, the rescoped project must maximize capacity improvements along the rail mainline.
Within the amounts provided in this section, $3,600,000 of the multimodal transportation account--state appropriation is for work items on the Palouse River and Coulee City Railroad line.

The multimodal transportation account--state appropriation includes up to $144,500,000 in proceeds from the sale of bonds authorized by RCW 47.10.867.

The department is directed to seek the use of unprogrammed federal rail crossing funds to be expended in lieu of or in addition to state funds for eligible costs of projects in Program Y, including, but not limited to the "Tacoma -- bypass of Pt. Defiance" project.

If new federal funding for freight or passenger rail is received, the department shall consult with the transportation committees of the legislature and the office of financial management prior to spending the funds on existing or additional projects.

The department shall sell any ancillary property, acquired when the state purchased the right-of-ways to the PCC rail line system, to a lessee of the ancillary property who is willing to pay fair market value for the property. The department shall deposit the proceeds from the sale of ancillary property into the transportation infrastructure account.

The entire freight congestion relief account--state appropriation is contingent upon the enactment during the 2007-2009 fiscal biennium of a bill, resulting from the study established in Substitute Senate Bill No. 5207, that makes available funding to support project expenditures funded from the freight congestion relief account created in Substitute Senate Bill No. 5207. If such a funding bill is not enacted by June 30, 2009, the entire freight congestion relief account--state appropriation shall lapse.

The department shall develop and implement the benefit/impact evaluation methodology recommended in the statewide rail capacity and needs study finalized in December 2006. The benefit/impact evaluation methodology shall be developed using the following priorities, in order of relative importance:

- Economic, safety, or environmental advantages of freight movement by rail compared to alternative modes;
- Self-sustaining economic development that creates family-wage jobs;
- Preservation of transportation corridors that would otherwise be lost;
- Increased access to efficient and cost-effective transport to market for Washington's agricultural and industrial products;
- Better integration and cooperation within the regional, national, and international systems of freight distribution; and
- Mitigation of impacts of increased rail traffic on communities.

The department shall convene a work group to collaborate on the development of the benefit/impact analysis method to be used in the evaluation. MESSAGE FROM THE SENATE

March 7, 2008
Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2624 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 68.50 RCW to read as follows:

(1) It is the duty of every person who knows of the existence and location of skeletal human remains to notify the coroner and local law enforcement in the most expeditious manner possible, unless such person has good reason to believe that such notice has already been given. Any person knowing of the existence of skeletal human remains and not having good reason to believe that the coroner and local law enforcement has notice thereof and who fails to give notice to the coroner and local law enforcement, is guilty of a misdemeanor.

(2) Any person engaged in ground disturbing activity and who encounters or discovers skeletal human remains in or on the ground shall:

(a) Immediately cease any activity which may cause further disturbance;

(b) Make a reasonable effort to protect the area from further disturbance;

(c) Report the presence and location of the remains to the coroner and local law enforcement in the most expeditious manner possible; and

(d) Be held harmless from criminal and civil liability arising under the provisions of this section provided the following criteria are met:

(i) The finding of the remains was based on inadvertent discovery;

(ii) The requirements of the subsection are otherwise met; and

(iii) The person is otherwise in compliance with applicable law.

(3) The coroner must make a determination of whether the skeletal human remains are forensic or nonforensic within five business days of receiving notification of a finding of such human remains provided that there is sufficient evidence to make such a determination within that time period. The coroner will retain jurisdiction over forensic remains.

(a) Upon determination that the remains are nonforensic, the coroner must notify the department of archaeology and historic preservation within two business days. The department will have jurisdiction over such remains until provenance of the remains is established. A determination that remains are nonforensic does not create a presumption of removal or nonremoval.

(b) Upon receiving notice from a coroner of a finding of nonforensic skeletal human remains, the department must notify the appropriate local cemeteries, and all affected tribes via certified mail to the head of the appropriate tribal government, and contact the appropriate tribal cultural resources staff within two business days of the finding. The determination of what are appropriate local cemeteries to be notified is at the discretion of the department. If the remains are determined to be Indian, the department must notify all affected tribes via certified mail to the head of the appropriate tribal government within two business days and contact the appropriate tribal cultural resources staff.

(d) The affected tribes have five business days to respond via telephone or writing to the department as to their interest in the remains.

(a) "Affected tribes" are those tribes with usual and accustomed areas in the jurisdiction where the remains were found, or those tribes that submit to the department maps that reflect the tribe's geographical area of cultural affiliation."
NEW SECTION. Sec. 2. A new section is added to chapter 27.44 RCW to read as follows:

(1) Any person who discovers nonforensic skeletal human remains shall notify the coroner and local law enforcement in the most expeditious manner possible. A department that remains are nonforensic does not create a presumption of removal or nonremoval.

(b) Upon receiving notice from a coroner of a finding of nonforensic skeletal human remains, the department must notify the appropriate local cemeteries, and all affected tribes via certified mail to the head of the appropriate tribal government, and contact the appropriate tribal cultural resources staff within two business days of the finding. MESSAGE FROM THE SENATE

March 6, 2008

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 3145 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that the work done by the work group convened under chapter 413, Laws of 2007 was an initial step in developing a specialized foster home program. The legislature finds that the department should build upon this initial work and continue to work with stakeholders to put together specific recommendations on the qualifications and training specialized foster parents will need, the criteria by which eligible high/special needs foster children will be selected and the cost of implementing this program statewide. The legislature also finds that the department should consider whether it is more appropriate that this specialized group of providers be designated as something other than foster parents. The legislature intends that the department, in developing this plan, consider that the specialized foster home program is a potential collective bargaining unit.

NEW SECTION. Sec. 2. (1) The department shall develop a specific plan to create a specialized foster home program.

(2) In developing this plan, the department shall use the information gathered by the work group convened under chapter 413, Laws of 2007, and shall actively:

(a) Seek recommendations from foster parents and other out-of-home service providers across the state regarding the qualifications and requirements of specialized foster home providers, the needs of the children to be served, and the desired outcomes to be measured or monitored; and

(b) Consult with experts in child welfare, children's mental health, and children's health care to identify the evidence-based or promising practice models to be employed in the program and the appropriate supports to ensure program fidelity, including, but not limited to, the necessary training and clinical consultation and oversight to be provided to specialized foster homes.

(3) The plan developed by the department under this section shall include:

(a) The criteria by which specialized foster home providers shall be chosen. The criteria shall include at a minimum that the foster parent be licensed by the department as a foster parent, and shall meet additional requirements relating to relevant experience, education, training, and professional expertise necessary to meet the high/special needs of children identified as eligible for this program;

(b) The criteria by which children with high/special needs are deemed eligible for placement with a specialized foster home provider. Such criteria shall be based on the best interests of the child and shall include an assessment of the child's past and current level of functioning, including exposure to parental substance abuse, as well as a determination that the child's treatment plan and developmental needs are consistent with the placement plan;

(c) A policy for the placement of children with high/special needs in specialized foster homes, including a process for matching the child's needs with the foster parent's skills and expertise;

(d) A limit on the number and ages of children with high/special needs that may be placed in each specialized foster home;

(e) The identification of one or more approved models of skill building for use by specialized foster home providers;

(f) The specific training and consultation requirements that support the models of skill building;

(g) The development of a system of supports, including clinical consultation and oversight for specialized foster homes;

(h) The development of a level of stipend payments to specialized foster home providers that is not tied to deficits in the child's level of functioning;

(i) The development of clearly defined responsibilities of specialized foster home providers to include responsibilities to promote permanence and connections with birth parents; and

(j) The development of a process for annual performance reviews of specialized foster home providers.

(4) In creating the plan required under subsection (2) of this section, the department shall give consideration to the fact that this group of providers may create a potential future collective bargaining unit, if authorized in the future.

(5) The department shall include in the plan cost estimates for implementation of the specialized foster home program on a statewide basis.

(6) In developing the plan, the department is directed to consider and discuss with stakeholders whether the providers identified in the plan as meeting the requirements for dealing with high/special needs foster children should be referred to or classified as other than foster parents.

NEW SECTION. Sec. 3. The department shall submit its plan to the appropriate legislative committees no later than November 15, 2008. Until such time as the legislature approves a specialized foster home program, the department shall not take steps to implement such a program."

On page 1, line 2 of the title, after "licensing:" strike the remainder of the title and insert "and creating new sections." and the same is herewith transmitted.

(4) Except as otherwise provided in this section and RCW 13.50.010, records retained or produced by any juvenile justice or care agency may be released to other participants in the juvenile justice or care system only when an investigation or case involving the juvenile in question is being pursued by the other participant or when that other participant is assigned the responsibility for supervising the juvenile.

(7) Upon the decision to arrest or the arrest, law enforcement and prosecuting attorneys may cooperate with schools in releasing information to a school pertaining to the investigation, diversion, and prosecution of a juvenile attending the school. Upon the decision to arrest or the arrest, incident reports may be released unless releasing the records would jeopardize the investigation or prosecution or endanger witnesses. If release of incident reports would jeopardize the investigation or prosecution or endanger witnesses, law enforcement and prosecuting attorneys may release information to the maximum extent possible to assist schools in protecting other students, staff, and school property.
(8) The juvenile court and the prosecutor may set up and maintain a central record-keeping system which may receive information on all alleged juvenile offenders against whom a complaint has been filed pursuant to RCW 13.40.070 whether or not their cases are currently pending before the court. The juvenile offense records of any adult convicted of a crime and placed under the supervision of the adult corrections system shall be released upon request to the adult corrections system.
(11) In any case in which an information has been filed pursuant to RCW 13.40.100 or a complaint has been filed with the prosecutor and referred for diversion pursuant to RCW 13.40.070, the person the subject of the information or complaint may file a motion with

(12) The court shall not grant any motion to seal records made pursuant to subsection (11) of this section that is filed on or after July 1, 1997, unless it finds that:

(14) If the court grants the motion to seal made pursuant to subsection (11) of this section, it shall, subject to subsection (23) of this section, order sealed the official juvenile court file, the social file, and other records relating to the case as are named in the order. Thereafter, the proceedings in the case shall be treated as if they never occurred, and the subject of the records may reply accordingly to any inquiry about the events, records of which are sealed. Any agency shall reply to any inquiry concerning confidential or sealed records that records are confidential, and no information can be given about the existence or nonexistence of records concerning an individual.
(15) Inspection of the files and records included in the order to seal may thereafter be permitted only by order of the court upon motion made by the person who is the subject of the information or complaint, except as otherwise provided in RCW 13.50.010(8) and subsection (23) of this section.
(16) Any adjudication of a juvenile offense or a crime subsequent to sealing has the effect of nullifying the sealing order. Any charging of an adult felony subsequent to the sealing has the effect of nullifying the sealing order for the purposes of chapter 9.94A RCW. The administrative officer of the courts shall ensure that the superior court judicial information system provides prosecutors access to information in sealed records from a case destroyed.

**MESSAGE FROM THE SENATE**

March 7, 2008

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 2476 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "General authority Washington peace officer" means an officer authorized to enforce the criminal and traffic laws of the state of Washington generally.

(2) "Tribal police officer" means any person in the employ of one of the federally recognized sovereign tribal governments, whose traditional lands and territories lie within the borders of the state of Washington, to enforce the criminal laws of that government.

NEW SECTION. Sec. 2. (1) Tribal police officers under subsection (2) of this section shall be recognized and authorized to act as general authority Washington peace officers. A tribal police officer recognized and authorized to act as a general authority Washington peace officer under this section has the same powers as any other general authority Washington peace officer to enforce state laws in Washington, including the power to make arrests for violations of state laws.

(2) A tribal police officer may exercise the powers of law enforcement of a general authority Washington peace officer under this section, subject to the following:

(a) The appropriate sovereign tribal nation shall submit to the office of financial management proof of public liability and property damage insurance for vehicles operated by the peace officers and police professional liability insurance from a company licensed to sell insurance in the state. For purposes of determining adequacy of insurance liability, the sovereign tribal government must submit with the proof of liability insurance a copy of the interlocal agreement between the sovereign tribal government and the local governments that have shared jurisdiction under this chapter where such an agreement has been reached pursuant to subsection (10) of this section.

(i) Within the thirty days of receipt of the information from the sovereign tribal nation, the office of financial management shall either approve or reject the adequacy of insurance, giving consideration to the scope of the interlocal agreement. The adequacy of insurance under this chapter shall be subject to annual review by the office of financial management.

(ii) Each policy of insurance issued under this chapter must include a provision that the insurance shall be available to satisfy settlements or judgments arising from the tortious conduct of tribal police officers when acting in the capacity of a general authority Washington peace officer, and that to the extent of policy coverage neither the sovereign tribal nation nor the insurance carrier will raise a defense of sovereign immunity to preclude an action for damages under state or federal law, the determination of fault in a civil action, or the payment of a settlement or judgment arising from the tortious conduct.

(b) The appropriate sovereign tribal nation shall submit to the office of financial management proof of training requirements for each tribal police officer. To be authorized as a general authority Washington peace officer, a tribal police officer must successfully complete the requirements set forth under RCW 43.101.157. Any applicant not meeting the requirements for certification as a tribal police officer may not act as a general authority Washington peace officer under this chapter. The criminal justice training commission shall notify the office of financial management if:

(i) A tribal police officer authorized under this chapter as a general authority Washington state peace officer has been decertified pursuant to RCW 43.101.157; or

(ii) An appropriate sovereign tribal government is otherwise in noncompliance with RCW 43.101.157.

(3) A copy of any citation or notice of infraction issued, or any incident report taken, by a tribal police officer acting in the capacity of a general authority Washington peace officer as authorized by this chapter must be submitted within three days to the police chief or sheriff within whose jurisdiction the action was taken. Any citation issued under this chapter shall be to a Washington court, except that any citation issued to Indians within the exterior boundaries of an Indian reservation may be cited to a tribal court. Any arrest made or citation issued not in compliance with this chapter is not enforceable.

(4) Any authorization granted under this chapter shall not in any way expand the jurisdiction of any tribal court or other tribal authority.

(5) The authority granted under this chapter shall be coextensive with the exterior boundaries of the reservation, except that an officer commissioned under this section may act as authorized under RCW 10.93.070 beyond the exterior boundaries of the reservation.

(6) For purposes of civil liability under this chapter, a tribal police officer shall not be considered an employee of the state of Washington or any local government except where a state or local government has deputized a tribal police officer as a specially commissioned officer. Neither the state of Washington and its..."
individual employees nor any local government and its individual employees shall be liable for the authorization of tribal police officers under this chapter, nor for the negligence or other misconduct of tribal officers. The authorization of tribal police officers under this chapter shall not be deemed to have been a nondelegateable duty of the state of Washington or any local government.

(7) Nothing in this chapter impairs or affects the existing status and sovereignty of those sovereign tribal governments whose traditional lands and territories lie within the borders of the state of Washington as established under the laws of the United States.

(8) Nothing in this chapter limits, impairs, or nullifies the authority of a county sheriff to appoint duly commissioned state or federally certified tribal police officers as deputy sheriffs authorized to enforce the criminal and traffic laws of the state of Washington.

(9) Nothing in this act limits, impairs, or otherwise affects the existing authority under state or federal law of state or local law enforcement officers to enforce state law within the exterior boundaries of an Indian reservation or to enter Indian country in fresh pursuit, as defined in RCW 10.93.120, of a person suspected of violating state law, where the officer would otherwise not have jurisdiction.

(10) An interlocal agreement pursuant to chapter 39.34 RCW is required between the sovereign tribal government and all local government law enforcement agencies that will have shared jurisdiction under this chapter prior to authorization taking effect under this chapter. Nothing in this act shall limit, impair, or otherwise affect the implementation of an interlocal agreement completed pursuant to chapter 39.34 RCW by the effective date of this act, between a sovereign tribal government and a local government law enforcement agency for cooperative law enforcement.

(a) Sovereign tribal governments that meet all of the requirements of subsection (2) of this section, but do not have an interlocal agreement pursuant to chapter 39.34 RCW and seek authorization under this chapter, may submit proof of liability insurance and training certification to the office of financial management. Upon confirmation of receipt of the information from the office of financial management, the sovereign tribal government and the local government law enforcement agencies that will have shared jurisdiction under this chapter have one year to enter into an interlocal agreement pursuant to chapter 39.34 RCW. If the sovereign tribal government and the local government law enforcement agencies that will have shared jurisdiction under this chapter are not able to reach agreement after one year, the sovereign tribal governments and the local government law enforcement agencies shall submit to binding arbitration pursuant to chapter 7.04A RCW with the American arbitration association or successor agency for purposes of completing an agreement prior to authorization going into effect.

(b) For the purposes of (a) of this subsection, those sovereign tribal government and local government law enforcement agencies that must enter into binding arbitration shall submit to last best offer arbitration. For purposes of accepting a last best offer, the arbitrator must consider other interlocal agreements between sovereign tribal governments and local law enforcement agencies in Washington state, any model policy developed by the Washington association of sheriffs and police chiefs or successor agency, and national best practices.

NEW SECTION. Sec. 3. Sections 1 and 2 of this act constitute a new chapter in Title 10 RCW.

NEW SECTION. Sec. 4. This act takes effect July 1, 2008.

On page 1, line 2 of the title, after "officers;" strike the remainder of the title and insert "adding a new chapter to Title 10 RCW; and providing an effective date;"

and the same is herewith transmitted.

Nothing in this act shall limit, impair, or otherwise affect the implementation of an interlocal agreement completed pursuant to chapter 39.34 RCW by the effective date of this act, between a sovereign tribal government and a local government law enforcement agency for cooperative law enforcement.

(a) Sovereign tribal governments that meet all of the requirements of subsection (2) of this section, but do not have an interlocal agreement pursuant to chapter 39.34 RCW and seek authorization under this chapter, may submit proof of liability insurance and training certification to the office of financial management. Upon confirmation of receipt of the information from the office of financial management, the sovereign tribal government and the local government law enforcement agencies that will have shared jurisdiction under this chapter have one year to enter into an interlocal agreement pursuant to chapter 39.34 RCW. If the sovereign tribal government and the local government law enforcement agencies that will have shared jurisdiction under this chapter are not able to reach agreement after one year, the sovereign tribal governments and the local government law enforcement agencies shall submit to binding arbitration pursuant to chapter 7.04A RCW with the American arbitration association or successor agency for purposes of completing an agreement prior to authorization going into effect.

(b) For the purposes of (a) of this subsection, those sovereign tribal government and local government law enforcement agencies that must enter into binding arbitration shall submit to last best offer arbitration. MESSAGE FROM THE SENATE

March 7, 2008

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2480 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 35.21.005 and 2003 c 331 s 8 are each amended to read as follows:
Wherever in this title petitions are required to be signed and filed, the following rules shall govern the sufficiency thereof:
(1) A petition may include any page or group of pages containing an identical text or prayer intended by the circulators, signers or sponsors to be presented and considered as one petition and containing the following essential elements when applicable, except that the elements referred to in (d) and (e) of this subsection are essential for petitions referring or initiating legislative matters to the voters, but are directory as to other petitions:
(a) The text or prayer of the petition which shall be a concise statement of the action or relief sought by petitioners and shall include a reference to the applicable state statute or city ordinance, if any;
(b) If the petition initiates or refers an ordinance, a true copy thereof;
(c) If the petition seeks the annexation, incorporation, withdrawal, or reduction of an area for any purpose, an accurate legal description of the area proposed for such action and if practical, a map of the area;
(d) Numbered lines for signatures with space provided beside each signature for the name and address of the signer and the date of signing;
(e) The warning statement prescribed in subsection (2) of this section.
(2) Petitions shall be printed or typed on single sheets of white paper of good quality and each sheet of petition paper having a space thereon for signatures shall contain the text or prayer of the petition and the following warning:

WARNING
Every person who signs this petition with any other than his or her true name, or who knowingly signs more than one of these petitions, or signs a petition seeking an election when he or she is not a legal voter, or signs a petition when he or she is otherwise not qualified to sign, or who makes herein any false statement, shall be guilty of a misdemeanor.

Each signature shall be executed in ink or indelible pencil and shall be followed by the name and address of the signer and the date of signing.
(3) The term "signer" means any person who signs his or her own name to the petition.
(4) To be sufficient a petition must contain valid signatures of qualified registered voters or property owners, as the case may be, in
the number required by the applicable statute or ordinance. Within three working days after the filing of a petition, the officer with whom the petition is filed shall transmit the petition to the county auditor for petitions signed by registered voters, or to the county assessor for petitions signed by property owners for determination of sufficiency. The officer or officers whose duty it is to determine the sufficiency of the petition shall proceed to make such a determination with reasonable promptness and shall file with the officer receiving the petition for filing a certificate stating the date upon which such determination was begun, which date shall be referred to as the terminal date. Additional pages of one or more signatures may be added to the petition by filing the same with the appropriate filing officer prior to such terminal date. Any signer of a filed petition may withdraw his or her signature by a written request for withdrawal filed with the receiving officer prior to such terminal date. Such written request shall so sufficiently describe the petition as to make identification of the person and the petition certain. The name of any person seeking to withdraw shall be signed exactly the same as contained on the petition and, after the filing of such request for withdrawal, prior to the terminal date, the signature of any person seeking such withdrawal shall be deemed withdrawn.

(5) Petitions containing the required number of signatures shall be accepted as prima facie valid until their invalidity has been proved.

(6) A variation on petitions between the signatures on the petition and that on the voter's permanent registration caused by the substitution of initials instead of the first or middle names, or both, shall not invalidate the signature on the petition if the surname and handwriting are the same.

(7) Signatures, including the original, of any person who has signed a petition two or more times shall be stricken.

(8) Signatures followed by a date of signing which is more than six months prior to the date of filing of the petition shall be stricken.

(9) When petitions are required to be signed by the owners of property, the determination shall be made by the county assessor. Where validation of signatures to the petition is required, the following shall apply:

(a) The signature of a record owner, as determined by the records of the county auditor, shall be sufficient without the signature of his or her spouse;

(b) In the case of mortgaged property, the signature of the mortgagor shall be sufficient, without the signature of his or her spouse;

(c) In the case of property purchased on contract, the signature of the contract purchaser, as shown by the records of the county auditor, shall be deemed sufficient, without the signature of his or her spouse;

(d) Any officer of a corporation owning land within the area involved who is duly authorized to execute deeds or encumbrances on behalf of the corporation, may sign on behalf of such corporation, and shall attach to the petition a certified excerpt from the bylaws of such corporation showing such authority;

(c) When the petition seeks annexation, any officer of a corporation owning land within the area involved, who is duly authorized to execute deeds or encumbrances on behalf of the corporation, may sign under oath on behalf of such corporation. If an officer signs the petition, he or she must attach an affidavit stating that he or she is duly authorized to sign the petition on behalf of such corporation;

(10) When property stands in the name of a deceased person or any person for whom a guardian has been appointed, the signature of the executor, administrator, or guardian, as the case may be, shall be equivalent to the signature of the owner of the property; and

((H)) (g) When a parcel of property is owned by multiple owners, the signature of an owner designated by the multiple owners is sufficient.

Sec. 2. RCW 35A.01.040 and 2003 c 331 s 9 are each amended to read as follows:

Wherever in this title petitions are required to be signed and filed, the following rules shall govern the sufficiency thereof:

**NOTE:**
- References in the grid to days or weeks mean periods of confinement.
- The vertical axis of the grid is the current offense category. The current offense category is determined by the offense of adjudication.
- The horizontal axis of the grid is the number of prior adjudications included in the juvenile's criminal history. Each prior felony adjudication shall count as one point. Each prior violation, misdemeanor, and gross misdemeanor adjudication shall count as 1/4 point. Fractional points shall be rounded down.
- The standard range disposition for each offense is determined by the intersection of the column defined by the prior adjudications and the row defined by the current offense category.
- RCW 13.40.180 applies if the offender is being sentenced for more than one offense.
- A current offense that is a violation is equivalent to an offense category of E. However, a disposition for a violation shall not include confinement.
The offender is subject to a standard range disposition involving confinement by the department, the court may impose the standard range and suspend the disposition on condition that the offender comply with one or more local sanctions and any educational or treatment requirement. The treatment programs provided to the offender must be either research-based best practice programs as identified by the Washington state institute for public policy or the joint legislative audit and review committee or for chemical dependency treatment programs or services, they must be evidence-based or research-based best practice programs. For the purposes of this subsection:

(a) "Evidence-based" means a program or practice that has had multiple site random controlled trials across heterogeneous populations demonstrating that the program or practice is effective for the population; and

(b) "Research-based" means a program or practice that has some research demonstrating effectiveness, but that does not yet meet the standard of evidence-based practices.

(2) If the offender fails to comply with the suspended disposition, the court may impose sanctions pursuant to RCW 13.40.200 or may revoke the suspended disposition and order the disposition's execution.

(3) An offender is ineligible for the suspended disposition option under this section if the offender is:

(a) Adjudicated of an A + offense;
(b) Fourteen years of age or older and is adjudicated of one or more of the following offenses:
(i) A class A offense, or an attempt, conspiracy, or solicitation to commit a class A offense;

MESSAGE FROM THE SENATE

March 7, 2008

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 2635 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 28A.315.195 and 2006 c 263 s 502 are each amended to read as follows:

(1) A proposed change in school district organization by transfer of territory from one school district to another may be initiated by a petition in writing presented to the educational service district superintendent;

(a) Signed by at least fifty percent plus one of the active registered voters residing in the territory proposed to be transferred; or
(b) Signed by a majority of the members of the board of directors of one of the districts affected by a proposed transfer of territory and providing documentation that, before signing the petition, the board of directors took the following actions:

(1) Communicated the proposed transfer to the board of directors of the affected district or districts and provided an opportunity for the board of the affected district or districts to respond; and

(2) Communicated the proposed transfer to the registered voters residing in the territory proposed to be transferred, provided notice of a public hearing regarding the proposal, and provided the voters an opportunity to comment on the proposal at the public hearing.

(2) The petition shall state the name and number of each district affected, describe the boundaries of the territory proposed to be transferred, and state the reasons for desiring the change and the number of children of school age, if any, residing in the territory.

(3) The educational service district superintendent shall not complete any transfer of territory under this section that involves ten percent or more of the common school student population of the entire district from which the transfer is proposed, unless the educational service district superintendent has first called and held a special election of the voters of the entire school district from which the transfer of territory is proposed. The purpose of the election is to afford those voters an opportunity to approve or reject the proposed transfer. A simple majority shall determine approval or rejection.

(4) The superintendent of public instruction may establish rules limiting the frequency of petitions that may be filed pertaining to territory included in whole or in part in a previous petition.

(5) Upon receipt of the petition, the educational service district superintendent shall notify in writing the affected districts that:

(a) Each school district board of directors, whether or not initiating a proposed transfer of territory, is required to enter into negotiations with the affected district or districts;

(b) In the case of a citizen-initiated petition, the affected districts must negotiate on the entire proposed transfer of territory;

(c) The districts have ninety calendar days in which to agree to the proposed transfer of territory;

(d) The districts may request and shall be granted by the educational service district superintendent one thirty-day extension to try to reach agreement; and

(e) Any district involved in the negotiations may at any time during the ninety-day period notify the educational service district superintendent in writing that agreement will not be possible.

(6) If the negotiating school boards cannot come to agreement about the proposed transfer of territory, the educational service district superintendent, if requested by the affected districts, shall appoint a mediator. The mediator has thirty days to work with the affected school districts to see if an agreement can be reached on the proposed transfer of territory.

(7) If the affected school districts cannot come to agreement about the proposed transfer of territory, and the districts do not request the services of a mediator or the mediator was unable to bring the districts to agreement, either district may file with the educational service district superintendent a written request for a hearing by the regional committee.

(8) If the affected school districts cannot come to agreement about the proposed transfer of territory initiated by citizen petition, and the district does not request the services of a mediator or the mediator was unable to bring the districts to agreement, the district in which the citizens who filed the petition reside shall file with the educational service district superintendent a written request for a hearing by the regional committee, unless a majority of the citizen petitioners request otherwise.

(9) Upon receipt of a notice under subsection (7) or (8) of this section, the educational service district superintendent shall notify the chair of the regional committee in writing within ten days.

(10) Costs incurred by school districts under this section shall be reimbursed by the state from such funds as are appropriated for this purpose.

Sec. 2. RCW 28A.315.205 and 2006 c 263 s 503 are each amended to read as follows:

(1) The chair of the regional committee shall schedule a hearing on the proposed transfer of territory at a location in the educational service district within sixty calendar days of being notified under RCW 28A.315.195(7) or (8).

(2) Within thirty calendar days of the hearing under subsection (1) of this section, or final hearing if more than one is held by the committee, the committee shall issue its written findings and decision to approve or disapprove the proposed transfer of territory.

The educational service district superintendent shall transmit a copy of the committee's decision to the superintendent of the affected school districts within ten calendar days.

(3) In carrying out the purposes of RCW 28A.315.015 and in making decisions as authorized under RCW 28A.315.095(1), the regional committee shall base its judgment upon whether and to the extent the proposed change in school district organization complies with RCW 28A.315.015(2) and rules adopted by the superintendent of public instruction under chapter 34.05 RCW.

(4) The rules under subsection (3) of this section shall provide for giving consideration to all of the following:

(a) Student educational opportunities as measured by the percentage of students performing at each level of the statewide mandated assessments and data regarding student attendance, graduation, and dropout rates;

(b) The safety and welfare of pupils. For the purposes of this subsection, “safety” means freedom from danger, injury, or damage and “welfare” means a positive condition or influence regarding health, character, and well-being;

(c) The history and relationship of the property affected to the students and communities affected, including, for example, (1) inclusion within a single school district, for school attendance and corresponding tax support purposes, of entire master planned communities that were or are to be developed pursuant to an integrated commercial and residential development plan with over one thousand dwelling units, (2) the impact of the growth management act and current or proposed urban growth areas, city boundaries, and master planned communities;

(d) Whether or not geographic accessibility warrants a favorable consideration of a recommended change in school district organization, including remoteness or isolation of places of residence and time required to travel to and from school; and

(e) All funding sources of the affected districts, equalization among school districts of the tax burden for general fund and capital purposes through a reduction in disparities in per pupil valuation when all funding sources are considered, improvement in the economies in the administration and operation of schools, and the extent to which the proposed change would potentially reduce or increase the individual and aggregate transportation costs of the affected school districts.

(5) (a) (i) A petitioner or school district may appeal a decision by the regional committee to the superintendent of public instruction based on the claim that the regional committee failed to follow the applicable statutory and regulatory procedures or acted in an arbitrary and capricious manner. Any such appeal shall be based on the record and the appeal must be filed within thirty days of the final decision of the regional committee. The appeal shall be heard and determined by an administrative law judge in the office of administrative hearings, based on the standards in (a)(ii) of this subsection.

(ii) If the administrative law judge finds that all applicable procedures were not followed or that the regional committee acted in an arbitrary and capricious manner, the administrative law judge shall refer the matter back to the regional committee with an explanation of his or her findings. The regional committee shall rehear the proposal.

(iii) If the administrative law judge finds that all applicable procedures were followed or that the regional committee did not act in an arbitrary and capricious manner, depending on the appeal, the educational service district shall be notified and directed to implement the changes.

(b) Any school district or citizen petitioner affected by a final decision of the regional committee may seek judicial review of the committee's decision in accordance with RCW 34.05.570.
Sec. 3. RCW 28A.315.085 and 2006 c 263 s 507 are each amended to read as follows:
(1) The superintendent of public instruction shall furnish to regional committees the services of employed personnel and the materials and supplies necessary to enable them to perform the duties imposed upon them by this chapter. (Members shall be reimbursed for expenses necessarily incurred by them in the performance of their duties in accordance with RCW 28A.315.155.)

MESSAGE FROM THE SENATE

March 7, 2008

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2647 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. Research shows that many toys and other children's products contain toxic chemicals, such as lead, cadmium, and phthalates that have been shown to cause harm to children's health and the environment. These chemicals have been linked to long-term health impacts, such as birth defects, reproductive harm, impaired learning, liver toxicity, and cancer. Because children's bodies are growing and developing, they are especially vulnerable to the effects of toxic chemicals. Regulation of toxic chemicals in children's toys and other products is woefully inadequate. To protect children's health, it is important to phase out the use of lead, cadmium, and phthalates in children's toys and other products and to begin collecting information on other chemicals that are present in toys and other products to determine whether further action is required.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

MESSAGE FROM THE SENATE

March 7, 2008

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2668 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that Washingtonians sixty-five years of age and older will nearly double in the next twenty years, from eleven percent of our population today to almost twenty percent of our population in 2025. Younger people with disabilities will also require supportive long-term care services. Nationally, young people with a disability account for thirty seven percent of the total number of people who need long-term care.

The legislature further finds that to address this increasing need, the long-term care system should support autonomy and self-determination, and support the role of informal caregivers and families. It should promote personal planning and savings combined with public support, when needed. It should also include culturally appropriate, high quality information, services, and supports delivered in a cost-effective and efficient manner.

The legislature further finds that more than fifteen percent of adults over age sixty-five in Washington state have diabetes. Current nurse delegation statutes limit the ability of elderly and disabled persons with diabetes to remain in their own homes or in other home-like long-term care settings. It is the intent of the legislature to modify nurse delegation statutes to enable elderly persons and persons with disabilities who have diabetes to continue to reside in their own home or other home-like settings.

The legislature further finds that the long-term care system should utilize evidence-based practices for the prevention and management of chronic disease to improve the general health of Washingtonians over their lifetime and reduce health care and long-term care costs related to ineffective chronic care management.

Sec. 2. RCW 74.41.040 and 1987 c 409 s 3 are each amended to read as follows:

"
The department shall administer this chapter and shall establish such rules and standards as the department deems necessary in carrying out this chapter. The department shall not require the development of plans of care or discharge plans by nursing homes or adult family homes providing respite care service under this chapter. Boarding homes providing respite care services shall comply with the assessment and plan of care provisions of RCW 18.20.350.

The department shall develop standards for the respite program in conjunction with the selected area agencies on aging. The program standards shall serve as the basis for soliciting bids, entering into subcontracts, and developing sliding fee scales to be used in determining the ability of eligible participants to participate in paying for respite care.

Sec. 3. RCW 18.20.350 and 2004 c 142 s 7 are each amended to read as follows:

1. The boarding home licensee shall conduct a preadmission assessment for each resident applicant. The preadmission assessment shall include the following information, unless unavailable despite the best efforts of the licensee:
   (a) Medical history;
   (b) Necessary and contraindicated medications;
   (c) A licensed medical or health professional’s diagnosis, unless the individual objects for religious reasons;
   (d) Significant known behaviors or symptoms that may cause concern or require special care;

If there is an emergency admission, the preadmission assessment shall be completed within five days of the date of admission. For purposes of this section, “emergency” includes, but is not limited to: Evening, weekend, or Friday afternoon admissions if the resident applicant would otherwise need to remain in an unsafe setting or be without adequate and safe housing.

3. The boarding home licensee shall complete an initial resident service plan upon move-in to identify the resident’s immediate needs and to provide direction to staff and caregivers relating to the resident’s immediate needs. The initial resident service plan shall include as much information as can be obtained, unless otherwise provided for under subsection (1) of this section.

4. When a facility provides respite care, before or at the time of admission, the facility must obtain sufficient information to meet the individual’s anticipated needs. At a minimum, such information must include:
   (a) The name, address, and telephone number of the individual’s attending physician, and alternate physician if any;
   (b) Medical and social history, which may be obtained from a respite care assessment and service plan performed by a case manager designated by an area agency on aging under contract with the department, and mental and physical assessment data;
   (c) Physician’s orders for diet, medication, and routine care consistent with the individual’s status on admission;
   (d) Ensured that individuals have assessments performed, where needed, and where the assessment of the individual reveals symptoms of tuberculosis, follow required tuberculosis testing requirements; and
   (e) With the participation of the individual and, where appropriate, their representative, develop a plan of care to maintain or improve their health and functional status during their stay in the facility.

Sec. 4. RCW 74.41.050 and 2000 c 207 s 4 are each amended to read as follows:

The department shall contract with area agencies on aging or other appropriate agencies to conduct family caregiver long-term care information and support services to the extent of available funding. The responsibilities of the agencies shall include but not be limited to: (1) Administering a program of family caregiver long-term care information and support services; (2) negotiating rates of payment, administering sliding-fee scales to enable eligible participants to participate in paying for respite care, and arranging for respite care information, training, and other support services; and (3) developing an evidence-based tailored caregiver assessment and referral tool. In evaluating the need for respite services, consideration shall be given to the physical and mental ability of the caregiver to perform necessary caregiver functions.

Sec. 5. RCW 74.38.030 and 1975-’76 2nd ex.s. c 131 s 3 are each amended to read as follows:

1. The program of community based services authorized under this chapter shall be administered by the department. Such services may be provided by the department or through purchase of service contracts, vendor payments or direct client grants.

The department shall, under stipend or grant programs provided under RCW 74.38.060, utilize, to the maximum staffing level possible, eligible persons in its administration, supervision, and operation.

2. The department shall be responsible for planning, coordination, monitoring and evaluation of services provided under this chapter but shall avoid duplication of services.

3. The department may designate area agencies in cities of not less than twenty thousand population or in regional areas within the state. These agencies shall submit area plans, as required by the department. For area plans prepared for submission in 2009, and thereafter, the area agencies may include the findings and recommendations of area-wide planning initiatives that they may undertake with appropriate local and regional partners regarding the changing age demographics of their area and the implications of this demographic change for public policies and programs.

They shall also submit, in the manner prescribed by the department, such evidence-based tailored caregiver assessment and recommendations of area-wide planning initiatives that they may undertake with appropriate local and regional partners regarding the changing age demographics of their area and the implications of this demographic change for public policies and programs. They shall also submit, in the manner prescribed by the department, such program or fiscal data as may be required.

4. The department shall develop an annual state plan pursuant to the Older Americans Act of 1965, as now or hereafter amended. This plan shall include, but not be limited to:

Such determination shall be related to need based on the initial resources and subsequent income of the person entering into a program or service. This determination shall not prevent the eligible person from utilizing a program or service provided by the department or area agency. However, if the determination is that such eligible person is nonlow income, the provision of RCW 74.38.050 shall be applied as of the date of such determination.

Sec. 6. RCW 74.38.040 and 1983 c 290 s 14 are each amended to read as follows:

(1) A registered nurse under his or her license may perform for compensation nursing care, as that term is usually understood, to individuals with illnesses, injuries, or disabilities.
(2) A registered nurse may, at or under the general direction of a licensed physician and surgeon, dentist, osteopathic physician and surgeon, naturopathic physician, podiatric physician and surgeon, physician assistant, osteopathic physician assistant, or advanced registered nurse practitioner acting within the scope of his or her license, administer medications, treatments, tests, and inclusions, whether or not the severing or penetrating of tissues is involved and whether or not a degree of independent judgment and skill is required. Such direction must be for acts which are within the scope of registered nursing practice.
(3) A registered nurse may delegate tasks of nursing care to other individuals where the registered nurse determines that it is in the best interest of the patient.
(a) The delegating nurse shall:
(i) Determine the competency of the individual to perform the tasks;
(ii) Evaluate the appropriateness of the delegation;
(iii) Supervise the actions of the person performing the delegated task; and
(iv) Delegate only those tasks that are within the registered nurse's scope of practice.
(b) A registered nurse, working for a home health or hospice agency regulated under chapter 70.127 RCW, may delegate the application, instillation, or insertion of medications to a registered or certified nursing assistant under a plan of care.
(c) Except as authorized in (b) or (e) of this subsection, a registered nurse may not delegate acts requiring substantial skill, and may not delegate piercing or severing of tissues. Acts that require nursing judgment shall not be delegated.
(d) No person may coerce a nurse into compromising patient safety by requiring the nurse to delegate if the nurse determines that it is inappropriate to do so. Nurses shall not be subject to any employer reprisal or disciplinary action by the nursing care quality assurance commission for refusing to delegate tasks or refusing to provide the required training for delegation if the nurse determines delegation may compromise patient safety.
(e) For delegation in community-based care settings or in-home care settings, a registered nurse may delegate nursing care tasks only to registered or certified nursing assistants. Simple care tasks such as blood pressure monitoring, personal care service, diabetic insulin device set up, verbal verification of insulin dosage for sight-impaired individuals, or other tasks as defined by the nursing care quality assurance commission are exempted from this requirement.
(i) "Community-based care settings" includes: Community residential programs for (disabled) people with developmental disabilities, certified by the department of social security.
and health services under chapter 71A.12 RCW; adult family homes licensed under chapter 70.125 RCW; and boarding homes licensed under chapter 18.20 RCW. Community-based care settings do not include acute care or skilled nursing facilities.

(3) Delegation of nursing care tasks in community-based care settings and in-home care settings is only allowed for individuals who have a stable and predictable condition. "Stable and predictable condition" means a situation in which the individual’s clinical and behavioral status is known and does not require the frequent presence and evaluation of a registered nurse.

(1) The determination of the appropriateness of delegation of a nursing task is at the discretion of the registered nurse. (However) Other than delegation of the administration of insulin by injection for the purpose of caring for individuals with diabetes, the administration of medications by injection, sterile procedures, and central line maintenance may never be delegated.

(2) When delegating insulin injections under this section, the registered nurse delegate must instruct the individual regarding proper injection procedures and the use of insulin, demonstrate proper injection procedures, and must supervise and evaluate the individual performing the delegated task weekly during the first four weeks of delegation of insulin injections. If the registered nurse delegate determines that the individual is competent to perform the injection properly and safely, supervision and evaluation shall occur at least every ninety days thereafter.

(vi) The registered nurse shall verify that the nursing assistant has completed the required core nurse delegation training required in chapter 18.88A RCW prior to authorizing delegation.

(((iv)) (vii) The nurse is accountable for his or her own individual actions in the delegation process. Nurses acting within the protocols of their delegation authority are immune from liability for any action performed in the course of their delegation duties.

(viii) Nursing task delegation protocols are not intended to regulate the settings in which delegation may occur, but are intended to ensure that nursing care services have a consistent standard of practice upon which the public and the profession may rely, and to safeguard the authority of the nurse to make independent professional decisions regarding the delegation of a task.

(f) The nursing care quality assurance commission may adopt rules to implement this section.

(4) Only a person licensed as a registered nurse may instruct nursing technical subjects pertaining to nursing.

(5) Only a person licensed as a registered nurse may hold herself or himself out to the public or designate herself or himself as a registered nurse.

(2) For the purposes of this section, "nursing assistant" means a nursing assistant-registered or a nursing assistant-certified. Nothing in this section may be construed to affect the authority of nurses to delegate nursing tasks to other persons, including licensed practical nurses, as authorized by law.

(3)(a) Before commencing any specific nursing care tasks authorized under this chapter, the nursing assistant must ((++) (i) provide to the delegating nurse a certificate of completion issued by the department of social and health services indicating the completion of basic core nurse delegation training, (++) (ii) be regulated by the department of health pursuant to this chapter, subject to the uniform disciplinary act under chapter 18.130 RCW, and (((vii)) (iii) meet any additional training requirements identified by the nursing care quality assurance commission. Exceptions to these training requirements must adhere to RCW 18.79.260(3)(e)((vii)) (vi).

The Washington association of sheriffs and police chiefs shall work with the Washington state patrol to coordinate, designate, and recommend the use of a statewide database accessible by law enforcement agencies that utilizes existing resources, networks, or structures for assessing and addressing the problems associated with criminal street gangs.

(1) The gang database shall comply with federal regulations for state law enforcement databases shared with other law enforcement agencies, including auditing and access to data.

(2) The Washington state patrol, in consultation with the Washington state association of sheriffs and police chiefs, shall adopt uniform state criteria for entering gangs, gang members, and gang associates into the database. Data on individuals may be entered only based on reasonable suspicion of criminal activity or actual criminal activity and must be supported by documentation, where documentation is available.

The mere existence of information relating to an individual within the database does not by itself justify a stop or arrest.

(6) Access to the database shall be determined by the chief executive officer of each participating agency. Information about specific individuals in the database shall be automatically expunged if: (a) No new or updated information has been entered into the database within the previous five years; (b) there are no pending criminal charges against such person in any court in this state or another state or in any federal court; (c) the person has not been convicted of a new crime in this state, another state, or federal court within the last five years; and (d) it has been five years since the person completed his or her term of total confinement.

(b) Ensure that all users of the database receive training on the use of the database before granting the users access to the database;
(c) Ensure that any information entered into the database relates to a criminal street gang associate or gang member who is twelve years old or older;
(d) Annually produce a gang threat assessment report including available data sources such as uniform crime reports, record management systems, and entries into the statewide gang database. Local public schools shall also be encouraged to provide data to the local gang threat assessment report.

(8) The database and all contents in the database are confidential and exempt from public disclosure under chapter 42.56 RCW.

(9) Any public employee or public agency as defined in RCW 42.47.07, or units of local government and its employees, as provided in RCW 36.28A.010, and the Washington association of sheriffs and police chiefs and its employees are immune from civil liability for damages arising from incidents involving a person who has been included in the database, unless it is shown that an employee acted with gross negligence or bad faith.

The following investigative, law enforcement, and crime victim information are exempt from public inspection and copying under this chapter:

(2) Information revealing the identity of persons who are witnesses to or victims of crime or who file complaints with investigative, law enforcement, and penology agencies, other than the commission, if disclosure would endanger any person’s life, physical safety, or property; and if at the time a complaint is filed the complainant, victim, or witness indicates a desire for disclosure or nondisclosure, such desire shall govern. However, all complaints filed with the commission about any elected official or candidate for public office must be made in writing and signed by the complainant under oath;

(3) Any records of investigations prepared by any state, county, municipal, or other law enforcement agency pertaining to sex offenses contained in chapter 9A.44 RCW or sexually violent offenses as defined in RCW 71.09.020, which have been transferred to the Washington association of sheriffs and police chiefs for permanent electronic retention and retrieval pursuant to RCW 40.14.070(2)(b);

ADDITIONAL MEASURES TO COMBAT GANG-RELATED CRIME
Increase In Sentences For Adults Who Recruit Juveniles

Sec. 301. RCW 9.94A.533 and 2007 c 368 s 9 are each amended to read as follows:

(1) The provisions of this section apply to the standard sentence ranges determined by RCW 9.94A.510 or 9.94A.517.

(2) For persons convicted of the anticipatory offenses of criminal attempt, solicitation, or conspiracies under chapter 9A.28 RCW, the standard sentence range is determined by locating the sentencing grid sentence range defined by the appropriate offender score and the seriousness level of the completed crime, and multiplying the range by seventy-five percent.

(3) The following additional times shall be added to the standard sentence range for felony crimes committed after July 23, 1995, if the offender or an accomplice was armed with a firearm as defined in RCW 9.41.010 and the offender is being sentenced for one of the crimes listed in this subsection as eligible for any firearm enhancements, the following additional times shall be added to the standard sentence range determined under subsection (2) of this section based on the felony crime of conviction as classified under RCW 9A.28.020:

(a) Two years for any felony defined under any law as a class A felony or with a statutory maximum sentence of at least twenty years, or both, and not covered under (f) of this subsection;

(b) One year for any felony defined under any law as a class B felony or with a statutory maximum sentence of ten years, or both, and not covered under (f) of this subsection;

(c) Six months for any felony defined under any law as a class C felony or with a statutory maximum sentence of five years, or both, and not covered under (f) of this subsection;

(d) If the offender is being sentenced for any firearm enhancements under (a), (b), and/or (c) of this subsection and the offender has previously been sentenced for any deadly weapon enhancements after July 23, 1995, under (a), (b), and/or (c) of this subsection or subsection (4)(a), (b), and/or (c) of this section, or both, all firearm enhancements under this subsection shall be twice the amount of the enhancement listed;

(e) Notwithstanding any other provision of law, all firearm enhancements under this section are mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions, including other firearm or deadly weapon enhancements, for all offenses sentenced under this chapter. However, whether or not a mandatory minimum term has expired, an offender serving a sentence under this subsection may be granted an extraordinary medical placement when authorized under RCW 9.94A.728(4);

(f) The firearm enhancements in this section shall apply to all felony crimes except the following: Possession of a machine gun, possessing a stolen firearm, drive-by shooting, theft of a firearm, unlawful possession of a firearm in the first and second degree, and use of a machine gun in a felony;

(g) If the standard sentence range under this section exceeds the statutory maximum sentence for the offense, the statutory maximum sentence shall be the presumptive sentence unless the offender is a persistent offender. If the addition of a firearm enhancement increases the sentence so that it would exceed the statutory maximum for the offense, the portion of the sentence representing the enhancement may not be reduced.

(4) The following additional times shall be added to the standard sentence range for felony crimes committed after July 23, 1995, if the offender or an accomplice was armed with a deadly weapon other than a firearm as defined in RCW 9.41.010 and the offender is being sentenced for one of the crimes listed in this subsection as eligible for any deadly weapon enhancements based on the classification of the completed felony crime. If the offender is being sentenced for more than one offense, the deadly weapon enhancement or enhancements must be added to the total period of confinement for all offenses, regardless of which underlying offense is subject to a deadly weapon enhancement. If the offender or an accomplice was armed with a deadly weapon other than a firearm as defined in RCW 9.41.010 and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW to commit one of the crimes listed in this subsection as eligible for any deadly weapon enhancements, the following additional times shall be added to the standard sentence range determined under subsection (2) of this section based on the felony crime of conviction as classified under RCW 9A.28.020:

(a) Eighteen months for offenses committed under RCW 69.50.401(2) (a) or (b) or 69.50.410;

(b) Fifteen months for offenses committed under RCW 69.50.401(2) (c), (d), or (e);

(c) Twelve months for offenses committed under RCW 69.50.413.

For the purposes of this subsection, all of the real property of a state correctional facility or county jail shall be deemed to be part of that facility or county jail.

shall run consecutively to all other sentencing provisions, for all offenses sentenced under this chapter.

(7) An additional two years shall be added to the standard sentence range for vehicular homicide committed while under the influence of intoxicating liquor or any drug as defined by RCW 46.61.502 for each prior offense as defined in RCW 46.61.5055.

(8)(a) The following additional times shall be added to the standard sentence range for felony crimes committed on or after July 1, 2006, if the offense was committed with sexual motivation, as that term is defined in RCW 9.94A.030. If the offender is being sentenced for more than one offense, the sexual motivation enhancement must be added to the total period of total confinement for all offenses, regardless of which underlying offense is subject to a sexual motivation enhancement. If the offender committed the offense with sexual motivation and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW, the following additional times shall be added to the standard sentence range determined under subsection (2) of this section based on the felony crime of conviction as classified under RCW 9A.28.020:

(i) Two years for any felony defined under the law as a class A felony or with a statutory maximum sentence of at least twenty years, or both;

(ii) Eighteen months for any felony defined under any law as a class B felony or with a statutory maximum sentence of ten years, or both;

(iii) One year for any felony defined under any law as a class C felony or with a statutory maximum sentence of five years, or both;

(iv) If the offender is being sentenced for sexual motivation enhancements under (i), (ii), and/or (iii) of this subsection and the offender has previously been sentenced for any sexual motivation enhancements on or after July 1, 2006, under (i), (ii), and/or (iii) of this subsection, all sexual motivation enhancements under this subsection shall be twice the amount of the enhancement listed;

(b) Notwithstanding any other provision of law, all sexual motivation enhancements under this subsection are mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions, including other sexual motivation enhancements, for all offenses sentenced under this chapter. However, whether or not a mandatory minimum term has expired, an offender serving a sentence under this subsection may be granted an extraordinary medical placement when authorized under RCW 9.94A.728(4);

(c) The sexual motivation enhancements in this subsection apply to all felony crimes;

(d) If the standard sentence range under this subsection exceeds the statutory maximum sentence, the offense, the statutory maximum sentence shall be the presumptive sentence unless the offender is a persistent offender. If the addition of a sexual motivation enhancement increases the sentence so that it would exceed the statutory maximum for the offense, the portion of the sentence representing the enhancement may not be reduced;

(e) The portion of the total confinement sentence which the offender must serve under this subsection shall be calculated before any earned early release time is credited to the offender;

(f) Nothing in this subsection prevents a sentencing court from imposing a sentence outside the standard sentence range pursuant to RCW 9.94A.535.

(9) An additional one-year enhancement shall be added to the standard sentence range for the felony crimes of RCW 9A.44.073, 9A.44.076, 9A.44.079, 9A.44.083, 9A.44.086, or 9A.44.089 committed on or after July 22, 2007, if the offender engaged, agreed, or offered to engage the victim in the sexual conduct in return for a fee. If the offender is being sentenced for more than one offense, the one-year enhancement must be added to the total period of total confinement for all offenses, regardless of which underlying offense is subject to the enhancement. If the offender is being sentenced for an anticipatory offense for the felony crimes of RCW 9A.44.073, 9A.44.076, 9A.44.079, 9A.44.083, 9A.44.086, or 9A.44.089, and the offender attempted, solicited another, or conspired to engage, agree, or offer to engage the victim in (the©) the sexual conduct in return for a fee, an additional one-year enhancement shall be added to the standard sentence range determined under subsection (2) of this section. For purposes of this subsection, "sexual conduct" means sexual intercourse or sexual contact, both as defined in chapter 9A.44 RCW.

(10)(a) For a person age eighteen or older convicted of any criminal street gang-related felony offense for which the person compensated, threatened, or solicited a minor in order to involve the minor in the commission of the felony offense, the standard sentence range is determined by locating the sentencing grid sentence range defined by the appropriate offender score and the seriousness level of the completed crime, and multiplying the range by one hundred twenty-five percent. If the standard sentence range under this subsection exceeds the statutory maximum sentence for the offense, the statutory maximum sentence is the presumptive sentence unless the offender is a persistent offender.

(b) This subsection does not apply to any criminal street gang-related felony offense for which involving a minor in the commission of the felony offense is an element of the offense.

(c) The increased penalty specified in (a) of this subsection is unavailable in the event that the prosecution gives notice that it will seek an exceptional sentence based on an aggravating factor under RCW 9.94A.535.

NEW SECTION. Sec. 302. A new section is added to chapter 9.94A RCW to read as follows:

(1) In a prosecution of a criminal street gang-related felony offense, the prosecution may file a special allegation that the felony offense involved the compensation, threatening, or solicitation of a minor in order to involve that minor in the commission of the felony offense, as described under RCW 9.94A.533(10)(a).

(2) The state has the burden of proving a special allegation made under this section beyond a reasonable doubt. If a jury is had, the jury shall, if it finds the defendant guilty, also find a special verdict as to whether the criminal street gang-related felony offense involved the compensation, threatening, or solicitation of a minor in order to involve that minor in the commission of the felony offense. If no jury is had, the court shall make a finding of fact as to whether the criminal street gang-related felony offense involved the compensation, threatening, or solicitation of a minor in order to involve that minor in the commission of the felony offense.

Expansion Of The List Of Aggravating Factors

Sec. 303. RCW 9.94A.535 and 2007 c 377 S 10 are each amended to read as follows:

The court may impose a sentence outside the standard sentence range for an offense if it finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence. Facts supporting aggravated sentences, other than the fact of a prior conviction, shall be determined pursuant to the provisions of RCW 9.94A.537.

Whenever a sentence outside the standard sentence range is imposed, the court shall set forth the reasons for its decision in written findings of fact and conclusions of law. A sentence outside the standard sentence range shall be a determinate sentence.

If the sentencing court finds that an exceptional sentence outside the standard sentence range should be imposed, the sentence is subject to review only as provided for in RCW 9.94A.585(6).

A departure from the standards in RCW 9.94A.589 (1) and (2) governing whether sentences are to be served consecutively or concurrently is an exceptional sentence subject to the limitations in this section, and may be appealed by the offender or the state as set forth in RCW 9.94A.585 (2) through (6).

(1) Mitigating Circumstances - Court to Consider

The court may impose an exceptional sentence below the standard range if it finds that mitigating circumstances are established by a preponderance of the evidence. The following are illustrative only and are not intended to be exclusive reasons for exceptional sentences.

(a) To a significant degree, the victim was an initiator, willing participant, aggressor, or provoker of the incident.

(b) Before detection, the defendant compensated, or made a good faith effort to compensate, the victim of the criminal conduct for any damage or injury sustained.
(c) The defendant committed the crime under duress, coercion, threat, or compulsion insufficient to constitute a complete defense but which significantly affected his or her conduct.

(d) The defendant, with no apparent predisposition to do so, was induced by others to participate in the crime.

(e) The defendant's capacity to appreciate the wrongfulness of his or her conduct, or to conform his or her conduct to the requirements of the law, was significantly impaired. Voluntary use of drugs or alcohol is excluded.

(f) The offense was principally accomplished by another person and the defendant manifested extreme caution or sincere concern for the safety or well-being of the victim.

(g) The operation of the multiple offense policy of RCW 9.94A.589 results in a presumptive sentence that is clearly excessive in light of the purpose of this chapter, as expressed in RCW 9.94A.010.

(h) The defendant or the defendant's children suffered a continuing pattern of physical or sexual abuse by the victim of the offense and the offense is a response to that abuse.

(2) Aggravating Circumstances - Considered and Imposed by the Court.

The trial court may impose an aggravating exceptional sentence without a finding of fact by a jury under the following circumstances:

(a) The defendant and the state both stipulate that justice is best served by the imposition of an exceptional sentence outside the standard range, and the court finds the exceptional sentence to be consistent with and in furtherance of the interests of justice and the purposes of the sentencing reform act.

(b) The defendant's prior unscored misdemeanor or prior unscored foreign criminal history results in a presumptive sentence that is clearly too lenient in light of the purpose of this chapter, as expressed in RCW 9.94A.010.

(c) The defendant has committed multiple current offenses and the defendant's high offender score results in some of the current offenses going unpunished.

(d) The failure to consider the defendant's prior criminal history which was omitted from the offender score calculation pursuant to RCW 9.94A.525 results in a presumptive sentence that is clearly too lenient.

(3) Aggravating Circumstances - Considered by a Jury - Imposed by the Court.

Except for circumstances listed in subsection (2) of this section, the following circumstances are an exclusive list of factors that can support a sentence above the standard range. Such facts should be determined by procedures specified in RCW 9.94A.537.

(a) The defendant's conduct during the commission of the current offense manifested deliberate cruelty to the victim.

(b) The defendant knew or should have known that the victim of the current offense was particularly vulnerable or incapable of resistance.

(c) The current offense was a violent offense, and the defendant knew that the victim of the current offense was pregnant.

(d) The current offense was a major economic offense or series of offenses, so identified by a consideration of any of the following factors:

(i) The current offense involved multiple victims or multiple incidents per victim;

(ii) The current offense involved attempted or actual monetary loss substantially greater than typical for the offense;

(iii) The current offense involved a high degree of sophistication or planning or occurred over a lengthy period of time;

or

(iv) The defendant used his or her position of trust, confidence, or fiduciary responsibility to facilitate the commission of the current offense.

(e) The current offense was a major violation of the Uniform Controlled Substances Act, chapter 69.50 RCW (VUCSA), related to trafficking in controlled substances, which was more onerous than the typical offense of its statutory definition: The presence of ANY of the following may identify a current offense as a major VUCSA:

(i) The current offense involved at least three separate transactions in which controlled substances were sold, transferred, or possessed with intent to do so;

(ii) The current offense involved an attempted or actual sale or transfer of controlled substances in quantities substantially larger than for personal use;

(iii) The current offense involved the manufacture of controlled substances for use by other parties;

(iv) The circumstances of the current offense reveal the offender to have occupied a high position in the drug distribution hierarchy;

(v) The current offense involved a high degree of sophistication or planning, occurred over a lengthy period of time, or involved a broad geographic area of disbursement; or

(vi) The offender used his or her position or status to facilitate the commission of the current offense, including positions of trust, confidence or fiduciary responsibility (e.g., pharmacist, physician, or other medical professional).

(f) The current offense included a finding of sexual motivation pursuant to RCW 9.94A.835.

(g) The offense was part of an ongoing pattern of sexual abuse of the same victim under the age of eighteen years manifested by multiple incidents over a prolonged period of time.

(h) The current offense involved domestic violence, as defined in RCW 10.99.020, and one or more of the following was present:

(i) The offense was part of an ongoing pattern of psychological, physical, or sexual abuse of the victim manifested by multiple incidents over a prolonged period of time;

(ii) The offense occurred within sight or sound of the victim's or the offender's minor children under the age of eighteen years;

(iii) The offender's conduct during the commission of the current offense manifested deliberate cruelty or intimidation of the victim.

(i) The offense resulted in the pregnancy of a child victim of rape.

(j) The defendant knew that the victim of the current offense was a youth who was not residing with a legal custodian and the defendant established or promoted the relationship for the primary purpose of victimization.

(k) The offense was committed with the intent to obstruct or impair human or animal health care or agricultural or forestry research or commercial production.

(l) The current offense is trafficking in the first degree or trafficking in the second degree and any victim was a minor at the time of the offense.

(m) The offense involved a high degree of sophistication or planning.

(n) The defendant used his or her position of trust, confidence, or fiduciary responsibility to facilitate the commission of the current offense.

(o) The defendant committed a current sex offense, has a history of sex offenses, and is not amenable to treatment.

(p) The offense involved an invasion of the victim's privacy.

(q) The defendant demonstrated or displayed an egregious lack of remorse.

(r) The offense involved a destructive and foreseeable impact on persons other than the victim.

(s) The defendant committed the offense to obtain or maintain his or her membership or to advance his or her position in the hierarchy of an organization, association, or identifiable group.

(t) The defendant committed the current offense shortly after being released from incarceration.

(u) The current offense is a burglary and the victim of the burglary was present in the building or residence when the crime was committed.

(v) The offense was committed against a law enforcement officer who was performing his or her official duties at the time of the offense, the offender knew that the victim was a law enforcement officer, and the victim's status as a law enforcement officer is not an element of the offense.

(w) The defendant committed the offense against a victim who was acting as a good samaritan.

(x) The defendant committed the offense against a public official or officer of the court in retaliation of the public official's performance of his or her duty to the criminal justice system.

(y) The victim's injuries substantially exceed the level of bodily harm necessary to satisfy the elements of the offense. This aggravator is not an exception to RCW 9.94A.530(2).
(2)(a) The current offense is theft in the first degree, theft in the second degree, possession of stolen property in the first degree, or possession of stolen property in the second degree; (B) the stolen property involved is metal property; and (C) the property damage to the victim caused in the course of the theft of metal property is more than three times the value of the stolen metal property, or the theft of the metal property creates a public hazard.

(ii) For purposes of this subsection, "metal property" means commercial metal property or nonferrous metal property, as defined in RCW 19.290.010.

(aa) The defendant committed the offense with the intent to directly or indirectly cause any benefit, aggravation, gain, profit, or other advantage to or for a criminal street gang as defined in RCW 939.40.030, its reputation, influence, or membership.

Requiring Community Custody For Unlawful Possession Of A Firearm

Sec. 304. RCW 9.94A.545 and 2006 c 128 s 4 are each amended to read as follows:

(1) Except as provided in RCW 9.94A.650 and in subsection (2) of this section, on all sentences of confinement for one year or less, in which the offender is convicted of a sex offense, a violent offense, a crime against a person under RCW 9.94A.411, or felony violation of chapter 69.50 or 69.52 RCW or an attempt, conspiracy, or solicitation to commit such a crime, the court may impose up to one year of community custody, subject to conditions and sanctions as authorized in RCW 9.94A.715 and 9.94A.720. An offender shall be on community custody as of the date of sentencing. However, during the time for which the offender is in total or partial confinement pursuant to the sentence or a violation of the sentence, the period of community custody shall toll.

(2)(a) If the offender is guilty of failure to register under RCW 9A.44.130(4)(a)(11)(a), the court shall impose a term of community custody under RCW 9.94A.715.

(b) If the offender is a criminal street gang associate or member and is found guilty of unlawful possession of a firearm under RCW 9.41.040, the court shall impose a term of community custody under RCW 9.94A.715.

(c) In a sexual case in which there has been a special allegation, the state shall prove by a preponderance of the evidence that the accused is a criminal street gang member or associate as defined in RCW 9.94A.030 and has committed the crime of unlawful possession of a firearm. The court shall make a finding of fact as to whether or not the accused was a criminal street gang member or associate at the time of the commission of the crime, or if a jury trial has had, the jury shall, if it finds the defendant guilty, also find a special verdict as to whether or not the accused was a criminal street gang member or associate during the commission of the crime.

Sec. 305. RCW 9.94A.715 and 2006 c 130 s 2 and 2006 c 128 s 5 are each reenacted and amended to read as follows:

(1) When a court sentences a person to the custody of the department for a sex offense not sentenced under RCW 9.94A.712, a violent offense, any crime against persons under RCW 9.94A.411(2), an offense involving the unlawful possession of a firearm under RCW 9.41.040, where the offender is a criminal street gang member or associate, or a felony offense under chapter 69.50 or 69.52 RCW, committed on or after July 1, 2000, or when a court sentences a person to a term of confinement of one year or less for a violation of RCW 9A.44.130(4)(a)(11)(a) committed on or after June 7, 2006, the court shall in addition to the other terms of the sentence, sentence the offender to community custody for the community custody range established under RCW 9.94A.850 or up to the period of earned release awarded pursuant to RCW 9.94A.725 (1) and (2), whichever is longer. The community custody shall begin:

(a) Upon completion of the term of confinement; (b) at such time as the offender is transferred to community custody in lieu of earned release in accordance with RCW 9.94A.728 (1) and (2); or (c) with regard to offenders sentenced under RCW 9.94A.660, upon failure to complete or administrative termination from the special drug offender sentencing alternative program. Except as provided in RCW 9.94A.501, the department shall supervise any sentence of community custody imposed under this section.

(2)(a) Unless a condition is waived by the court, the conditions of community custody shall include those provided for in RCW 9.94A.700(4). The conditions may also include those provided for in RCW 9.94A.700(5). The court may also order the offender to participate in rehabilitative programs or otherwise perform affirmative conduct reasonably related to the circumstances of the offense, the offender's risk of reoffending, or the safety of the community, and the department shall enforce such conditions pursuant to subsection (6) of this section.

(b) As part of any sentence that includes a term of community custody imposed under this subsection, the court shall also require the offender to comply with any conditions imposed by the department under RCW 9.94A.720. The department shall assess the offender's risk of reoffending and may establish and modify additional conditions of the offender's community custody based upon the risk to community safety. In addition, the department may require the offender to participate in rehabilitative programs, or otherwise perform affirmative conduct, and to obey all laws. The department may impose electronic monitoring as a condition of community custody for an offender sentenced to a term of community custody under this section pursuant to a conviction for a sex offense. Within the resources made available by the department for this purpose, the department shall carry out any electronic monitoring imposed under this section using the most appropriate technology given the individual circumstances of the offender. As used in this section, "electronic monitoring" means monitoring of an offender using an electronic offender tracking system including, but not limited to, a system using radio frequency or active or passive global positioning system technology.

(c) The department may not impose conditions that are contrary to those ordered by the court and may not contravene or decrease court-imposed conditions. The department shall notify the offender in writing of any such conditions or modifications. In setting, modifying, and enforcing conditions of community custody, the department shall be deemed to be performing a quasi-judicial function.

(3) If an offender violates conditions imposed by the court or the department pursuant to this section during community custody, the department may transfer the offender to a more restrictive confinement status and impose other available sanctions as provided in RCW 9.94A.737 and 9.94A.740.

(4) Except for terms of community custody under RCW 9.94A.670, the department shall discharge the offender from community custody when the offender is determined by a Department of Corrections parole board or a quasi-judicial employee that the offender is no longer a risk to the safety of the community or that the offender is no longer a risk to the safety of the community.

(5) At any time prior to the completion or termination of a sex offender's term of community custody, if the court finds that public safety would be enhanced, the court may impose and enforce an order extending any or all of the conditions imposed pursuant to this section for a period up to the maximum allowable sentence for the crime as it is classified in chapter 9A.20 RCW, regardless of the expiration of the offender's term of community custody. If a violation of a condition extended under this subsection occurs after the expiration of the offender's term of community custody, it shall be treated as a violation of the condition for the purposes of RCW 9.94A.631 and may be punishable as contempt of court as provided for in RCW 7.21.040. If the court extends a condition beyond the expiration of the term of community custody, the department is not responsible for supervision of the offender's compliance with the condition.

(6) Within the funds available for community custody, the department shall determine conditions and duration of community custody on the basis of risk to community safety, and shall supervise offenders during community custody on the basis of risk to community safety and conditions imposed by the court. The secretary shall adopt rules to implement the provisions of this subsection.

(7) By the close of the next business day after receiving notice of a condition imposed or modified by the department, an offender may request an administrative review under rules adopted by the
Making Subsequent Convictions Of Malicious Mischief 3 A Gross Misdemeanor Offense

NEW SECTION. Sec. 306. A new section is added to chapter 9A.48 RCW to read as follows:

(1) A person is guilty of criminal street gang tagging and graffiti if he or she commits malicious mischief in the third degree under RCW 9A.48.090(1)(b) and lie or she:
(a) Has multiple current convictions for malicious mischief in the third degree offenses under RCW 9A.48.090(1)(b); or
(b) Has previously been convicted for a malicious mischief in the third degree offense under RCW 9A.48.090(1)(b) or a comparable offense under a municipal code provision of any city or town; and
(c) The current offense or one of the current offenses is a "criminal street gang-related offense" as defined in RCW 9.94A.030.

(2) Criminal street gang tagging and graffiti is a gross misdemeanor offense.

Civil Cause Of Action For Graffiti And Tagging

NEW SECTION. Sec. 307. A new section is added to chapter 4.24 RCW to read as follows:

(1) An adult or emancipated minor who commits criminal street gang tagging and graffiti under section 306 of this act by causing physical damage to the property of another is liable, in addition to actual damages, for a penalty to the owner in the amount of the value of the damaged property not to exceed one thousand dollars, plus an additional penalty of not less than one hundred dollars nor more than two hundred dollars, plus all reasonable attorneys' fees and court costs expended by the owner.

(2) A conviction for violation of section 306 of this act is not a condition precedent to maintenance of a civil action authorized by this section.

(3) Any owner demanding payment of a penalty under subsection (1) of this section shall give written notice to the person or persons from whom the penalty is sought.

Sec. 308. RCW 10.22.010 and 1999 c 143 s 45 are each amended to read as follows:

When a defendant is prosecuted in a criminal action for a misdemeanor, other than a violation of section 306 of this act, for which the person injured by the act constituting the offense has a remedy by a civil action, the offense may be compromised as provided in RCW 10.22.020, except when it was committed:

(1) By or upon an officer while in the execution of the duties of his office(s); 
(2) Riotously;
(3) With an intent to commit a felony; or
(4) By one family or household member against another as defined in RCW 10.99.020 and was a crime of domestic violence as defined in RCW 10.99.020.

Criminal Street Gang Definition

Sec. 309. RCW 9.94A.030 and 2006 c 139 s 5, 2006 c 124 s 1, 2006 c 122 s 7, 2006 c 73 s 5, and 2005 c 436 s 1 are each reenacted and amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Board" means the indeterminate sentence review board created under chapter 9.95 RCW.
(2) "Collect," or any derivative thereof, "collect and remit," or "collect and deliver," when used with reference to the department, means that the department, either directly or through a collection agreement authorized by RCW 9.94A.760, is responsible for monitoring and enforcing the offender's sentence with regard to the legal financial obligation, receiving payment thereof from the offender, and, consistent with current law, delivering daily the entirety of said payment to the superior court clerk without depositing it in a departmental account.

(3) "Commission" means the sentencing guidelines commission.
(4) "Community corrections officer" means an employee of the department who is responsible for carrying out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.
(5) "Community custody" means that portion of an offender's sentence of confinement in lieu of earned release time or imposed pursuant to RCW 9.94A.505(2)(b), 9.94A.650 through 9.94A.670, 9.94A.690, 9.94A.700 through 9.94A.715, or 9.94A.545, served in the community subject to controls placed on the offender's movement and activities by the department. For offenders placed on community custody for crimes committed on or after July 1, 2000, the department shall assess the offender's risk of reoffending and may establish and modify conditions of community custody, in addition to those imposed by the court, based upon the risk to community safety.

(6) "Community custody range" means the minimum and maximum period of community custody included as part of a sentence under RCW 9.94A.715, as established by the commission or the legislature under RCW 9.94A.850, for crimes committed on or after July 1, 2000.

(7) "Community placement" means that period during which the offender is subject to the conditions of community custody and/or postrelease supervision, which begins either upon completion of the term of confinement (postrelease supervision) or at such time as the offender is transferred to community custody in lieu of earned release. Community placement may consist of entirely community custody, entirely postrelease supervision, or a combination of the two.

(8) "Community protection zone" means the area within eight hundred eighty feet of the facilities and grounds of a public or private school.

(9) "Community restitution" means compulsory service, without compensation, performed for the benefit of the community by the offender.

(10) "Community supervision" means a period of time during which a convicted offender is subject to crime-related prohibitions and other sentence conditions imposed by a court pursuant to this chapter or RCW 16.52.200(6) or 46.61.524. Where the court finds that any offender has a chemical dependency that has contributed to his or her offense, the conditions of supervision may, subject to available resources, include treatment. For purposes of the interstate compact for out-of-state supervision of parolees and probationers, RCW 9.95.270, community supervision is the functional equivalent of probation and should be considered the same as probation by other states.

(11) "Confinement" means total or partial confinement.
(12) "Conviction" means an adjudication of guilt pursuant to Titles 10 or 13 RCW and includes a verdict of guilty, a finding of guilty, and acceptance of a plea of guilty.

(13) "Crime-related prohibition" means an order of a court prohibiting conduct that directly relates to the circumstances of the crime for which the offender has been convicted, and shall not be construed to mean orders directing an offender affirmatively to participate in rehabilitative programs or to otherwise perform affirmative conduct. However, affirmative acts necessary to monitor compliance with the order of a court may be required by the department.

(14) "Criminal history" means the list of a defendant's prior convictions and juvenile adjudications, whether in this state, in federal court, or elsewhere.
(a) The history shall include, where known, for each conviction (i) whether the defendant has been placed on probation and the length and terms thereof; and (ii) whether the defendant has been incarcerated and the length of incarceration.
(b) A conviction may be removed from a defendant's criminal history only if it is vacated pursuant to RCW 9.96.060, 9.94A.640, 9.95.240, or a similar out-of-state statute, or if the conviction has been vacated pursuant to a governor's pardon.
(c) The determination of a defendant's criminal history is distinct from the determination of an offender score. A prior conviction that was not included in an offender score calculated pursuant to a former version of the sentencing reform act remains part of the defendant's criminal history.

(15) "Criminal street gang" means any ongoing organization, association, or group of three or more persons, whether formal or informal, having a common name or common identifying sign or symbol, having as one of its primary activities the commission of criminal acts, and whose members or associates individually or collectively engage in or have engaged in a pattern of criminal street gang activity. This definition does not apply to employees engaged in concerted activities for their mutual aid and protection, or to the activities of labor and bona fide nonprofit organizations or their members or agents.

(16) "Criminal street gang associate or member" means any person who actively participates in any criminal street gang and who intentionally promotes, further, or assists in any criminal act by the criminal street gang.

(17) "Criminal street gang-related offense" means any felony or misdemeanor offense, whether in this state or elsewhere, that is committed for the benefit of, at the direction of, or in association with any criminal street gang, or is committed with the intent to promote, further, or assist in any criminal conduct by the gang, or is committed for one or more of the following reasons:

(a) To gain admission, prestige, or promotion within the gang;
(b) To increase or maintain the gang's size, membership, prestige, dominance, or control in any geographical area;
(c) To exact revenge or retribution for the gang or any member of the gang;
(d) To obstruct justice, or intimidate or eliminate any witness against the gang or any member of the gang;
(e) To directly or indirectly cause any benefit, aggrandizement, gain, profit, or other advantage for the gang, its reputation, influence, or membership; or
(f) To provide the gang with any advantage in, or any control or dominance over any criminal market sector, including, but not limited to, manufacturing, delivering, or selling any controlled substance (chapter 69.50 RCW), arson (chapter 9A.48 RCW); trafficking in stolen property (chapter 9A.82 RCW); promoting prostitution (chapter 9A.88 RCW); human trafficking (RCW 9A.40.100); or promoting pornography (chapter 9.68 RCW).

(18) "Day fine" means a fine imposed by the sentencing court that equals the difference between the offender's net daily income and the reasonable obligations that the offender has for the support of the offender and any dependents.

Local laws and ordinances that are inconsistent with the definitions shall not be enacted and are preempted and repealed, regardless of the nature of the code, charter, or home rule status of such city, town, county, or municipality.

(2) As part of the temporary witness assistance grant program, the department of community, trade, and economic development shall work in collaboration with each local prosecuting attorney to determine how and how much grant funding shall be distributed in order to reimburse county prosecutors in assisting witnesses of felony gang-related offenses with temporary assistance, relocation, and shelter.

(3) Each temporary witness assistance grant awarded shall be limited to a maximum of five thousand dollars per witness of a felony criminal street gang-related offense or for a period of no more than three months.

(4) Based upon the prior approval of the department of community, trade, and economic development, approved county prosecutor costs incurred for providing temporary witness assistance shall be reimbursed to the respective county prosecutor's office on a quarterly basis.

NEW SECTION. Sec. 503. If specific funding for purposes of section 502 of this act, referencing section 502 of this act by bill or chapter number, is not provided by June 30, 2008, in the omnibus appropriations act, this act is null and void.

(3) Easy access to the information found on enhanced drivers' licenses and enhanced identicards could facilitate the commission of other unwanted offenses, such as identity theft.

(e) "Reader" means a scanning device that is capable of using radio waves to communicate with an identification document and read the data transmitted by the identification document.

(f) "Remotely" means that no physical contact between the identification document and a reader is necessary in order to transmit data using radio waves.

(g) "Unique personal identifier number" means a randomly assigned string of numbers or symbols issued by the department of licensing that is encoded on an identification document and is intended to be read remotely by a reader to identify the identification document that has been issued to a particular individual.

NEW SECTION. Sec. 3. (1) Except as provided in subsection (2) of this section, a person is guilty of a class C felony if the person intentionally possesses, or reads or captures remotely using radio waves, information contained on another person's identification document, including the unique personal identifier number encoded on the identification document, without that person's express knowledge or consent.

(2) This section does not apply to:

(a) A person or entity that reads an identification document to facilitate border crossing;

A violation of this chapter is not reasonable in relation to the development and preservation of business and is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying chapter 19.86 RCW.

Sec. 5. RCW 42.56.230 and 2005 c 274 s 403 are each amended to read as follows:

The following personal information is exempt from public inspection and copying under this chapter:

(4) Credit card numbers, debit card numbers, electronic check numbers, card expiration dates, or bank or other financial account numbers, except when disclosure is expressly required by or governed by other law; and
(5) Documents and related materials and scanned images of documents and related materials used to prove identity, age, residential address, social security number, or other personal information required to apply for a driver's license or identical card.

(3) The names, residential addresses, residential telephone numbers, and other individually identifiable records held by an agency in relation to a vanpool, carpool, or other ride-sharing program or service; however, these records may be disclosed to other persons who apply for ride-matching services and who need that information in order to identify potential riders or drivers with whom to share rides;
(4) The personally identifying information of current or former participants or applicants in a paratransit or other transit service operated for the benefit of persons with disabilities or elderly persons;

SUBSTITUTE HOUSE BILL NO. 2729, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 7, 2008

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2783 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION, Sec. 1. The legislature finds that students are accessing higher education differently than they have in previous years. Rather than attending a single institution and attaining their degree, many students now attend multiple institutions, sometimes simultaneously.

The legislature also finds that learning occurs throughout a person's lifetime. Whether citizens need different training to change careers or need further education for career advancement, people exit and reenter institutions of higher education multiple times and for various reasons.

The legislature also finds that current policies and practices do not provide clear, consistent, easily accessible information to ease transition in and among the state's colleges and universities. Often, courses taken at some career and technical schools as well as private for-profit institutions are not accepted in transfer because these schools are not accredited by a regional accrediting body. Students often do not understand that these courses are not transferrable. Students must retake courses once they have transferred into a regionally accredited institution, costing the student additional time and money.

Therefore, it is the legislature's intent to improve statewide communication and coordination of transfer and articulation policies and practices. Students should be provided clear, consistent information regarding the courses required for their degrees and how those courses will be treated when a student moves between colleges and universities. This information should be communicated to students and their families in one easily accessible place in a format that is common among all colleges and universities in the state.

NEW SECTION, Sec. 2. A new section is added to chapter 28B.76 RCW to read as follows:

(1) The higher education coordinating board must convene a work group including representatives from the state board for community and technical colleges, the workforce training and education coordinating board, the council of presidents, two-year institutions of higher education, and four-year institutions of higher education to develop a plan to monitor the progress and success of transfer students. The workgroup may be an existing work group that addresses policy issues related to transitions across institutions of higher education.

(2) The plan shall contain data that measures student progress through the higher education system that can be monitored over time. This information shall include, but not be limited to:

(a) The number of students who indicate their intent to transfer at the time of enrollment and the percentage of those students who actually transfer or earn an associate degree within three years;

(b) Educational outcomes for students who declare their intent to transfer, earn at least fifteen academic credits, and transfer within three years;

(c) The percentage of students who earn their four-year degree within three years of earning their associate degree;

(d) The average time and credits to completion of an academic transfer degree including the direct transfer agreement, the associate of science-transfer, and all major related programs; and

(e) The average grade point average for students who attain their transfer associate degrees."
(3) The plan shall also include analysis regarding the barriers that transfer students face in pursuit of their four-year degree and recommendations to address those barriers.

(4) The higher education coordinating board, in collaboration with the work group and the state board for community and technical colleges, shall report to the appropriate committees of the legislature by January 2009, and thereafter on a time schedule consistent with reporting related to monitoring progress toward the higher education coordinating board master plan goals.

NEW SECTION. Sec. 4. A new section is added to chapter 28B.10 RCW to read as follows:

(1) Consistent with the statewide strategic master plan for higher education, the higher education coordinating board shall convene a work group identified in section 2(1) of this act that shall recommend the best means to identify, at the time of registration, the transferability and applicability of community and technical college courses to students' baccalaureate degree goals.

(2) Whether and to what extent each course published in an institutional catalog is transferrable must be identified in a manner mutually agreed upon by the two-year institutions of higher education and four-year institutions of higher education.

(3) Institutions of higher education must publish this information either on the internet, in physical course catalogs, or by another means identified by the work group that addresses the needs of students without access to the internet.

(4) The system of identification in this section shall be implemented by September 2009.

NEW SECTION. Sec. 5. (1) Consistent with the schedule and work plans for implementation of the strategic master plan for higher education, the higher education coordinating board shall convene a work group or assign an existing work group that includes broad representation from the workforce training and education coordinating board, the state board for community and technical colleges, institutions of higher education, the independent colleges of Washington, the career and tribal colleges, the center for information services, student representatives from two-year and four-year institutions of higher education, and the office of the superintendent of public instruction to create a detailed plan for developing and implementing a statewide web-based academic planning tool. The web-based academic planning tool would be used by current, prospective, and returning students to plan their path from high school through the attainment of their higher education goals.

(2) The plan shall contain information including, but not limited to:

(a) Functions that will be included in the web site;

(b) Options for development including, but not limited to: Purchasing the entire system from a vendor; purchasing parts of the system from a private vendor; building parts of the system with Washington informational technology resources; and building the entire system with Washington information technology resources; and

(c) Costs associated with each of the options in this subsection.

(3) The higher education coordinating board shall report to the appropriate committees of the legislature by December 15, 2008. The report shall include recommendations on the most robust yet cost-effective options for the web-based academic planning tool.

NEW SECTION. Sec. 6. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2008, in the omnibus appropriations act, this act is null and void.

On page 1, line 2 of the title, after "education;" strike the remainder of the title and insert "adding new sections to chapter 28B.10 RCW; adding a new section to chapter 28B.76 RCW; and creating new sections."

and the same is herewith transmitted.

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2783, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 7, 2008

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2817 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 64.44.050 and 2006 c 339 s 205 are each amended to read as follows:

(1) An owner of contaminated property who desires to have the property decontaminated, demolished, or disposed of shall use the services of an authorized contractor unless otherwise authorized by the local health officer. The contractor and property owner shall prepare and submit a written work plan for decontamination, demolition, or disposal to the local health officer. The local health officer may charge a reasonable fee for review of the work plan. If the work plan is approved and the decontamination, demolition, or disposal is completed and the property is retested according to the
plan and properly documented, then the health officer shall allow reuse of the property. A release for reuse document shall be recorded in the real property records indicating the property has been decontaminated, demolished, or disposed of in accordance with rules of the state department of health. The property owner is responsible for: (a) The costs of any property testing which may be required to demonstrate the presence or absence of hazardous chemicals; and (b) the costs of the property's decontamination, demolition, and disposal expenses, as well as costs incurred by the local health officer resulting from the enforcement of this chapter.

(2)(a) In a case where the contaminated property is a motor vehicle as defined in RCW 46.04.320, a vehicle as defined in RCW 46.04.670, or a vessel as defined in RCW 88.02.010, and the local health officer has issued an order declaring the property unfit and prohibiting its use, the city or county in which the property is located shall take action to prohibit use, occupancy, or removal, and shall require demolition, disposal, or decontamination of the property. The city, county, or local law enforcement agency may impound the vehicle or vessel to enforce this chapter.

(b) The property owner shall have the property demolished, disposed of, or decontaminated by an authorized contractor, or under a written work plan approved by the local health officer, within thirty days of receiving the order declaring the property unfit and prohibited from use. After all procedures granting the right of notice and the opportunity to appeal in RCW 64.44.030 have been exhausted, if the property owner has not demolished, disposed of, or decontaminated the property using an authorized contractor or a written work plan approved by the local health officer within thirty days, then the local health officer or the local law enforcement agency may demolish, dispose of, or decontaminate the property.

The property owner is responsible for the costs of the property's demolition, disposal, or decontamination, as well as all costs incurred by the local health officer or the local law enforcement agency resulting from the enforcement of this chapter, except as otherwise provided under this subsection.

(c) The legal owner of a motor vehicle as defined in RCW 46.04.320, a vehicle as defined in RCW 46.04.670, or a vessel as defined in RCW 88.02.010 whose sole basis of ownership is a bona fide security interest is responsible for costs under this subsection if the legal owner had knowledge of or consented to any act or omission that caused contamination of the vehicle or vessel.

(d) If the vehicle or vessel has been stolen and the property owner neither had knowledge of nor consented to any act or omission that contributed to the theft and subsequent contamination of the vehicle or vessel, the owner is not responsible for costs under this subsection. However, if the registered owner is insured, the registered owner shall, within fifteen calendar days of receiving an order declaring the property unfit and prohibiting its use, submit a claim to his or her insurer for reimbursement of costs of the property's demolition, disposal, or decontamination, as well as all costs incurred by the local health officer or the local law enforcement agency resulting from the enforcement of this chapter, and shall provide proof of claim to the local health officer or the local law enforcement agency.

(e) If the property owner has not acted to demolish, dispose of, or decontaminate as set forth in this subsection regardless of responsibility for costs, and the local health officer or local law enforcement agency has the responsibility for demolition, disposal, or decontamination, including all associated costs, then all rights, title, and interest in the property shall be deemed forfeited to the local health jurisdiction or the local law enforcement agency.

(f) This subsection may not be construed to limit the authority of a city, county, local law enforcement agency, or local health officer to take action under this chapter to require the owner of the real property upon which the contaminated vehicle or vessel is located to comply with the requirements of this chapter, including provisions for the right of notice and opportunity to appeal as provided in RCW 64.44.030.

(3) Except as provided in subsection (2) of this section, the local health officer has thirty days from the issuance of an order declaring a property unfit and prohibiting its use to establish a reasonable time frame for decontamination. The department of health shall establish the factors to be considered by the local health officer in establishing the appropriate amount of time.

The local health officer shall notify the property owner of the proposed time frame by United States mail to the last known address. Notice shall be postmarked no later than the thirtieth day from the issuance of the order. The property owner may request a modification of the time frame by submitting a letter identifying the circumstances which justify such an extension to the local health officer within thirty-five days of the date of the postmark on the notification regardless of when received.

NEW SECTION, Sec. 2. A new section is added to chapter 64.44 RCW to read as follows:

(1) The Washington state department of licensing shall take action to place notification on the title of any motor vehicle as defined in RCW 46.04.320, a vehicle as defined in RCW 46.04.670, or a vessel as defined in RCW 88.02.010, that has been declared unfit and prohibited from use by order of the local health officer under this chapter. When satisfactory decontamination has been completed and the contaminated property has been retested according to the written work plan approved by the local health officer, a release for reuse document shall be issued by the local health officer, and the department of licensing shall place notification on the title of that vehicle or vessel as having been decontaminated and released for reuse.

(2)(a) A person is guilty of a gross misdemeanor if he or she advertises for sale or sells a motor vehicle as defined in RCW 46.04.320, a vehicle as defined in RCW 46.04.670, or a vessel as defined in RCW 88.02.010, that has been declared unfit and prohibited from use by the local health officer under this chapter when:

(i) The person has knowledge that the local health officer has issued an order declaring the vehicle or vessel unfit and prohibiting its use; or

(ii) A notification has been placed on the title under subsection (1) of this section that the vehicle or vessel has been declared unfit and prohibited from use.

(b) A person may advertise or sell a vehicle or vessel when a release for reuse document has been issued by the local health officer under this chapter or a notification has been placed on the title under subsection (1) of this section that the vehicle or vessel has been decontaminated and released for reuse.

NEW SECTION, Sec. 3. A new section is added to chapter 46.55 RCW to read as follows:

An impound under RCW 64.44.050 shall not be considered an impound under this chapter. A tow operator who contracts with a law enforcement agency for transporting a vehicle impounded under RCW 64.44.050 shall only remove the vehicle to a secure public facility, and is not required to store or dispose of the vehicle. The vehicle shall remain in the care, custody, and control of the law enforcement agency to be demolished, disposed of, or decontaminated as provided under RCW 64.44.050. The law enforcement agency shall pay for all costs incurred as a result of the towing if the vehicle owner does not pay within thirty days. The law enforcement agency may seek reimbursement from the owner.

NEW SECTION, Sec. 4. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2008, in the omnibus transportation appropriations act, this act is null and void.

On page one, line 1 of the title, after "Relating to" strike the remainder of the title and insert "contaminated motor vehicles, vehicles, and vessels; amending RCW 64.44.050; adding a new section to chapter 64.44 RCW; adding a new section to chapter 46.55 RCW; and creating a new section.

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2817, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE
March 7, 2008

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 3120 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1)(a) The legislature finds that green building, also called "sustainable" or "high-performance" building, has significant environmental benefits. Buildings consume thirty-six percent of the energy used in the United States, more than factories and automobiles, and they generate thirty percent of the nation's greenhouse gas emissions. The construction of commercial, residential, public, or institutional buildings using energy-efficient techniques and environmentally sustainable products also connects to the state's climate change goals.

(b) The legislature further finds that standards for green building provide an effective framework for green building practices. Some techniques have been shown to reduce building energy costs by twenty to fifty percent and water usage by at least fifty percent outdoors and thirty percent indoors. It is in the interest of the state to encourage the best green building practices through targeted incentives and policies.

(e) The legislature intends to establish a connection between green construction and the need for local governments to adopt "green" land use provisions, permitting standards, and building codes that allow green building, in order to achieve the most effective climate change policies.

(2) The department of community, trade, and economic development shall conduct a study to determine the potential feasibility and effectiveness of providing tax incentives to encourage green building in commercial, residential, and public buildings. The department of revenue shall provide any tax-related data necessary for the department of community, trade, and economic development to perform the study.

(3) In conducting the study, the department of community, trade, and economic development shall:

(a) Identify existing tax incentives with the primary purpose of encouraging green building;

(b) Propose tax incentives that would encourage green building, with special emphasis on sales and use tax exemptions on green building construction activities and business and occupation tax incentives for contractors or architects that build or design green buildings;

(c) Provide an estimate on the fiscal cost for each tax incentive identified under (b) of this subsection;

(d) Provide an estimate of cost savings and emission reductions for the estimated number of buildings that would qualify for a tax incentive identified under (b) of this subsection;

(e) Recommend other tax and programmatic policy changes that would encourage green building;

(f) Evaluate whether tax incentives should target communities that encourage green building; and

(g) Evaluate current trends in green building and whether tax incentives would support these trends.

(4) The department of community, trade, and economic development may include any other information in the study that it deems necessary for the legislative evaluation of potential tax incentives to encourage green building.

(5) By December 1, 2008, the department of community, trade, and economic development shall report its findings and recommendations to the appropriate committees of the legislature.

On page 1, line 2 of the title, after "construction;" strike the remainder of the title and insert "and creating a new section."

and the same is herewith transmitted.

MESSAGE FROM THE SENATE
March 7, 2008

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 3144 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that in an era of consumer product recalls, increasing state emphasis on quality ratings and accountability, and decreasing resources at the federal level for consumer protection, there may be a gap in outreach to consumers in the state. The legislature further finds that many state agencies provide helpful information to consumers, but consumers may not always know where to look to find such information. To remedy this potential information gap, the legislature declares that a "one-stop" consumer protection web site should be created so that consumers in Washington state have access to clear and appropriate information regarding consumer services that are available to them across state government.

NEW SECTION. Sec. 2. A new section is added to chapter 43.105 RCW to read as follows:

(1) The department shall coordinate among state agencies to develop a consumer protection web site. The web site shall serve as a one-stop web site for consumer information. At a minimum, the web site must provide links to information on:

(a) Insurance information provided by the office of the insurance commissioner, including information on how to file consumer complaints against insurance companies, how to look up authorized insurers, and how to learn more about health insurance benefits;
(b) Child care information provided by the department of early learning, including how to select a child care provider, how child care providers are rated, and information about product recalls;
(c) Financial information provided by the department of financial institutions, including consumer information on financial fraud, investing, credit, and enforcement actions;
(d) Health care information provided by the department of health, including health care provider listings and quality assurance information;
(e) Home care information provided by the home care quality authority, including information to assist consumers in finding an in-home provider;
(f) Licensing information provided by the department of licensing, including information regarding business, vehicle, and professional licensing; and
(g) Other information available on existing state agency web sites that could be a helpful resource for consumers.

(2) By July 1, 2008, state agencies shall report to the department on whether they maintain resources for consumers that could be made available through the consumer protection web site.

(3) By September 1, 2008, the department shall make the consumer protection web site available to the public.

(4) After September 1, 2008, the department, in coordination with other state agencies, shall develop a plan on how to build upon the consumer protection web site to create a consumer protection portal. The plan must also include an examination of the feasibility of developing a toll-free information line to support the consumer protection portal. The plan must be submitted to the governor and the appropriate committees of the legislature by December 1, 2008.

NEW SECTION. Sec. 3. (1) Within existing funds, the attorney general shall conduct a study to:

(a) Determine the percentage of consumer complaints of possible consumer protection act violations received by its consumer resource centers that are resolved to the consumer's satisfaction; and
(b) Develop possible sanctions that the attorney general may use if it determines that a consumer's complaint is legitimate and the business fails to provide the consumer with an adequate remedy or response.

(2) The attorney general shall report its findings to the legislature by December 1, 2008.

NEW SECTION. Sec. 4. Section 3 of this act expires December 31, 2008."

On page 1, line 2 of the title, after "line;" strike the remainder of the title and insert "adding a new section to chapter 43.105 RCW; creating new sections; and providing an expiration date."

The Speaker (Representative Morris presiding) stated the question before the House to be the final passage of Substitute House Bill No. 3144, as amended by the Senate.

ROLL CALL

The Clerk called the roll on the final passage of Substitute House Bill No. 3144, as amended by the Senate, and the bill passed the House by the following vote: Yeas - 94, Nays - 0, Absent - 0, Excused - 4.

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 3205 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that meeting the needs of vulnerable children who enter the child welfare system includes protecting the child's right to a safe, stable, and permanent home where the child receives basic nurturing. The legislature also finds that according to measures of timely dependency case processing, many children's cases are not meeting the federal and state standards intended to promote child-centered decision making in dependency cases. The legislature intends to encourage a greater focus on children's developmental needs and to promote closer adherence to timeliness standards in the resolution of dependency cases.

Sec. 2. RCW 13.34.136 and 2007 c 413 s 7 are each amended to read as follows:

(1) A permanency plan shall be developed no later than sixty days from the time the supervising agency assumes responsibility for providing services, including placing the child, or at the time of a hearing under RCW 13.34.130, whichever occurs first. The permanency planning process continues until a permanency planning goal is achieved or dependency is dismissed. The planning process shall include reasonable efforts to return the child to the parent's home.

(2) The agency supervising the dependency shall submit a written permanency plan to all parties and the court not less than fourteen days prior to the scheduled hearing. Responsive reports of parties not in agreement with the supervising agency's proposed permanency plan must be provided to the supervising agency, all other parties, and the court at least seven days prior to the hearing.

The permanency plan shall include:

(a) A permanency plan of care that shall identify one of the following outcomes as a primary goal and may identify additional outcomes as alternative goals: Return of the child to the home of the child's parent, guardian, or legal custodian; adoption; guardianship; permanent legal custody; long-term relative or foster care, until the child is age eighteen, with a written agreement between the parties and the care provider; successful completion of a responsible living skills program; or independent living, if appropriate and if the child is age sixteen or older. The department shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW.

(b) Unless the court has ordered, pursuant to RCW 13.34.130((13.64 RCW; (5)), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to return the child home, what steps the agency will take to promote existing appropriate sibling relationships and or facilitate placement together or contact in accordance with the best interests of each child, and what actions the agency will take to maintain parent-child ties. All aspects of the plan shall include the goal of achieving permanence for the child.

(i) The agency plan shall specify what services the parents will be offered to enable them to resume custody, what requirements the parents must meet to resume custody, and a time limit for each service plan and parental requirement.

(ii) Visitation is the right of the family, including the child and the parent, in cases in which visitation is in the best interest of the child. Early, consistent, and frequent visitation is crucial for maintaining parent-child relationships and making it possible for parents and children to safely reunify. The agency shall encourage the maximum parent and child and sibling contact possible, when it is in the best interest of the child, including regular visitation and participation by the parents in the care of the child while the child is in place. Visitation shall not be limited as a sanction for a parent's failure to comply with court orders or services where the health, safety, or welfare of the child is not at risk as a result of the visitation.

(iii) Visitation may be limited or denied only if the court determines that such limitation or denial is necessary to protect the child's health, safety, or welfare. The court and the agency should rely upon community resources, relatives, foster parents, and other appropriate persons to provide transportation and supervision for visitation to the extent that such resources are available, and appropriate, and the child's safety would not be compromised.

(iv) A child shall be placed as close to the child's home as possible, preferably in the child's own neighborhood, unless the court finds that placement at a greater distance is necessary to promote the child's or parent's well-being.

(v) The plan shall state whether both in-state and, where appropriate, out-of-state placement options have been considered by the department.

(vi) Unless it is not in the best interests of the child, whenever practical, the plan should ensure the child remains enrolled in the school the child was attending at the time the child entered foster care.

(vi) The agency charged with supervising a child in placement shall provide all reasonable services that are available within the agency, or within the community, or those services which the department has existing contracts to purchase. It shall report to the court if it is unable to provide such services; and

(c) If the court has ordered, pursuant to RCW 13.34.130(4)(c), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to achieve permanency for the child, services to be offered or provided to the child, and, if visitation would be in the best interests of the child, a recommendation to the court regarding visitation between parent and child pending a fact-finding hearing on the termination petition. The agency shall not be required to develop a plan of services for the parents or provide services to the parents if the court orders a termination petition be filed. However, reasonable efforts to ensure visitation and contact between siblings shall be made unless there is reasonable cause to believe the best interests of the child or siblings would be jeopardized.

(3) Permanency planning goals should be achieved at the earliest possible date, (previously before). If the child has been in out-of-home care for fifteen of the most recent twenty-two months, the court shall require the department to file a petition seeking termination of parental rights in accordance with RCW 13.34.145(3)(b)(vi). In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

(4) If the court determines that the continuation of reasonable efforts to prevent or eliminate the need to remove the child from his or her home or to safely return the child home should not be part of the permanency plan of care for the child, reasonable efforts shall be made to place the child in a timely manner and to complete whatever steps are necessary to finalize the permanent placement of the child.
(5) The identified outcomes and goals of the permanency plan may change over time based upon the circumstances of the particular case.

(6) The court shall consider the child's relationships with the child's siblings in accordance with RCW 13.34.130(3).

(7) For purposes related to permanency planning:
   (a) "Guardianship" means a dependency guardianship or a legal guardianship pursuant to chapter 11.88 RCW or equivalent laws of another state or a federally recognized Indian tribe.
   (b) "Permanent custody order" means a custody order entered pursuant to chapter 26.10 RCW.
   (c) "Permanent legal custody" means legal custody pursuant to chapter 26.10 RCW or equivalent laws of another state or a federally recognized Indian tribe.

Sec. 3. RCW 13.34.145 and 2007 c 413 s 9 are each amended to read as follows:

1. The purpose of a permanency planning hearing is to review the permanency plan for the child, inquire into the welfare of the child and progress of the case, and reach decisions regarding the permanent placement of the child.
   (a) A permanency planning hearing shall be held in all cases where the child has remained in out-of-home care for at least nine months and an adoption decree, guardianship order, or permanent custody order has not previously been entered. The hearing shall take place no later than twelve months following commencement of the current placement episode.
   (b) Whenever a child is removed from the home of a dependency guardian or long-term relative or foster care provider, and the child is not returned to the home of the parent, guardian, or legal custodian but is placed in out-of-home care, a permanency planning hearing shall take place no later than twelve months, as provided in this section, following the date of removal unless, prior to the hearing, the child returns to the home of the dependency guardian or long-term care provider, the child is placed in the home of the parent, guardian, or legal custodian, an adoption decree, guardianship order, or a permanent custody order is entered, or the dependency is dismissed.
   (c) Permanency planning goals should be achieved at the earliest possible date, preferably before the child has been in out-of-home care for fifteen months. In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.
   (d) No later than ten working days prior to the permanency planning hearing, the agency having custody of the child shall submit a written permanency plan to the court and shall mail a copy of the plan to all parties and their legal counsel, if any.

(3) At the permanency planning hearing, the court shall conduct the following inquiry:
   (a) If a goal of long-term foster or relative care has been achieved prior to the permanency planning hearing, the court shall review the child's status to determine whether the placement and the plan for the child's care remain appropriate.
   (b) In cases where the primary permanency planning goal has not been achieved, the court shall inquire regarding the reasons why the primary goal has not been achieved and determine what needs to be done to make it possible to achieve the primary goal. The court shall review the permanency plan prepared by the agency and make explicit findings regarding each of the following:
      (i) The continuing necessity for, and the safety and appropriateness of, the placement;
      (ii) The extent of compliance with the permanency plan by the agency and any other service providers, the child's parents, the child, and the child's guardian, if any;
      (iii) The extent of any efforts to involve appropriate service providers in addition to agency staff in planning to meet the special needs of the child and the child's parents;
      (iv) The progress toward eliminating the causes for the child's placement outside of his or her home and toward returning the child safely to his or her home or obtaining a permanent placement for the child;
   (c) If a goal of permanency within the same home has been achieved, the court shall determine whether the permanency is appropriate and whether the child is safe in that home.
   (d) If a goal of adoption has been achieved, the court shall determine whether adoption within six months is feasible.
   (e) If a goal of long-term foster care has been achieved, the court shall determine whether the child can transition to independent living within six months, as provided in this section, following the date of removal unless, prior to the hearing, the child returns to the home of the dependency guardian or long-term care provider, the child is placed in the home of the parent, guardian, or legal custodian, an adoption decree, guardianship order, or a permanent custody order is entered, or the dependency is dismissed.
   (f) Permanency planning goals should be achieved at the earliest possible date, preferably before the child has been in out-of-home care for fifteen months. In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.
   (g) If the permanency plan identifies independent living as a goal, the court shall make a finding that the provision of services to assist the child in making a transition from foster care to independent living will allow the child to manage his or her financial, personal, social, educational, and nonfinancial affairs prior to approving independent living as a permanency plan of care.
   (h) The permanency plan shall also specifically identify the services that will be provided to assist the child to make a successful transition from foster care to independent living.
   (i) The court shall consider the child's status to determine whether the child is ready to live independently.

4. In all cases, at the permanency planning hearing, the court shall:
   (a) Order the permanency plan prepared by the agency to be implemented; or
   (b) Order the child returned home only if the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists; or
   (c) Order the child to remain in out-of-home care for a limited specified time period while efforts are made to implement the permanency plan.

5. Following the first permanency planning hearing, the court shall hold a further permanency planning hearing in accordance with this section at least once every twelve months until a permanency planning goal is achieved or the dependency is dismissed, whichever occurs first.

6. Prior to the second permanency planning hearing, the agency that has custody of the child shall consider whether to file a petition for termination of parental rights.
(7) If the court orders the child returned home, casework supervision shall continue for at least six months, at which time a review hearing shall be held pursuant to RCW 13.34.138, and the court shall determine the need for continued intervention.

(8) The juvenile court may hear a petition for permanent legal custody when: (a) The court has ordered implementation of a permanency plan that includes permanent legal custody; and (b) the party pursuing the permanent legal custody is the party identified in the permanency plan as the prospective legal custodian. During the pendency of such proceeding, the court shall conduct review hearings and further permanency planning hearings as provided in this chapter. At the conclusion of the legal guardianship or permanent legal custody proceeding, a juvenile court hearing shall be held for the purpose of determining whether dependency should be dismissed. If a guardianship or permanent custody order has been entered, the dependency shall be dismissed.

(9) Continued juvenile court jurisdiction under this chapter shall not be a barrier to the entry of an order establishing a legal guardianship or permanent legal custody when the requirements of subsection (8) of this section are met.

(10) Nothing in this chapter may be construed to limit the ability of the agency that has custody of the child to file a petition for termination of parental rights or a guardianship petition at any time following the establishment of dependency. Upon the filing of such a petition, a fact-finding hearing shall be scheduled and held in accordance with this chapter unless the agency requests dismissal of the petition prior to the hearing or unless the parties enter an agreed order terminating parental rights, establishing guardianship, or otherwise resolving the matter.

(11) The approval of a permanency plan that does not contemplate return of the child to the parent does not relieve the supervising agency of its obligation to provide reasonable services, under this chapter, intended to effectuate the return of the child to the parent, including but not limited to, visitation rights. The court shall consider the child's relationships with siblings in accordance with RCW 13.34.130.

(12) Nothing in this chapter may be construed to limit the procedural due process rights of any party in a termination or guardianship proceeding filed under this chapter.

NEW SECTION. Sec. 4. If specific funding for the purposes of sections 2 and 3 of this act, referencing sections 2 and 3 of this act by bill or chapter number and section number, is not provided by June 30, 2008, in the omnibus appropriations act, sections 2 and 3 of this act are null and void.

Sec. 5. RCW 43.121.185 and 2007 c 466 s 4 are each amended to read as follows:

((All references to the Washington council for the prevention of child abuse and neglect in the Revised Code of Washington shall be construed to mean the children's trust of Washington.))

Sec. 6. RCW 43.121.180 and 2007 c 466 s 3 are each amended to read as follows:

(1) Within available funds, the (children's trust of Washington) council for children and families shall fund evidence-based and research-based home visitation programs for improving parenting skills and outcomes for children. Home visitation programs must be voluntary and must address the needs of families to alleviate the effect on child development of factors such as poverty, single parenthood, parental unemployment or underemployment, parental disability, or parental lack of high school diploma, which research shows are risk factors for child abuse and neglect and poor educational outcomes.

(2) The (children's trust of Washington) council for children and families shall develop a plan with the department of social and health services, the department of health, the department of early learning, and the family policy council to coordinate or consolidate home visitation services for children and families and report to the appropriate committees of the legislature by December 1, 2007, with their recommendations for implementation of the plan.

Sec. 7. RCW 43.121.020 and 2007 c 144 s 1 are each amended to read as follows:

(1) There is established in the executive office of the governor a ((Washington council for the prevention of child abuse and neglect)) council for children and families subject to the jurisdiction of the governor.

(2) The council shall be composed of the chairperson and fourteen other members as follows:

(a) The chairperson and six other members shall be appointed by the governor and shall be selected for their interest and expertise in the prevention of child abuse. A minimum of four designees by the governor shall not be affiliated with governmental agencies. The appointments shall be made on a geographic basis to assure statewide representation. Members appointed by the governor shall serve for three-year terms. Vacancies shall be filled for any unexpired term by appointment in the same manner as the original appointments were made.

(b) The secretary of social and health services or the secretary's designee, the superintendent of public instruction or the superintendent's designee, the director of the department of early learning or the director's designee, and the secretary of the department of health or the secretary's designee shall serve as voting members of the council.

(c) In addition to the members of the council, four members of the legislature shall serve as nonvoting, ex officio members of the council, one from each political caucus of the house of representatives to be appointed by the speaker of the house of representatives and one from each political caucus of the senate to be appointed by the president of the senate.

Sec. 8. RCW 43.121.015 and 1988 c 278 s 4 are each amended to read as follows:

"Council" means the ((Washington council for the prevention of child abuse and neglect)) council for children and families.

Thomas Hoemann, Secretary
46.61.506, to a test or tests of his or her breath or blood for the purpose of determining the alcohol concentration or presence of any drug in his or her breath or blood if arrested for any offense where, at the time of the arrest, the arresting officer has reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug or was in violation of RCW 46.61.503. Neither consent nor this section precludes a police officer from obtaining a search warrant for a person's breath or blood.

(2) The test or tests of breath shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been driving or in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or any drug or the person to have been driving or in actual physical control of a motor vehicle while having alcohol in a concentration in violation of RCW 46.61.503 in his or her system and being under the age of twenty-one. However, in those instances where the person is incapable due to physical injury, physical incapacity, or other physical limitation, of providing a breath sample or where the person is being treated in a hospital, clinic, doctor's office, emergency medical vehicle, ambulance, or other similar facility or where the officer has reasonable grounds to believe that the person is under the influence of a drug, a blood test shall be administered by a qualified person as provided in RCW 46.61.506(5). The officer shall inform the person of his or her right to refuse the breath or blood test, and of his or her right to have additional tests administered by a qualified person of his or her choice as provided in RCW 46.61.506. The officer shall warn the driver, in substantially the following language, that:

(a) If the driver refuses to take the test, the driver's license, permit, or privilege to drive will be revoked or denied for at least one year; and

(b) If the driver refuses to take the test, the driver's refusal to take the test may be used in a criminal trial; and

(c) If the driver submits to the test and the test is administered, the driver's license, permit, or privilege to drive will be suspended, revoked, or denied for at least ninety days if the driver is age twenty-one or over and the test indicates the alcohol concentration of the driver's breath or blood is 0.08 or more, or if the driver is under age twenty-one and the test indicates the alcohol concentration of the driver's breath or blood is 0.02 or more, or if the driver is under age twenty-one and the driver is in violation of RCW 46.61.502 or 46.61.504; and

(d) If the driver's license, permit, or privilege to drive is suspended, revoked, or denied, the driver may be eligible to immediately request an ignition interlock driver's license.

(3) Except as provided in this section, the test administered shall be of the breath only. If an individual is unconscious or is under arrest for the crime of vehicular homicide as provided in RCW 46.61.520 or vehicular assault as provided in RCW 46.61.522, or if an individual is under arrest for the crime of driving while under the influence of intoxicating liquor or drugs as provided in RCW 46.61.502, which arrest results from an accident in which there has been serious bodily injury to another person, a breath or blood test may be administered without the consent of the individual so arrested.

(4) Any person who is dead, unconscious, or who is otherwise in a condition rendering him or her incapable of refusal, shall be deemed to have consented to the administration of a test or tests of the person's breath or blood. If the person has been convalescing under a declaration authorized by RCW 9A.72.085 and his or her arrest results from a test administered under the provisions of this section and the test or tests may be administered, subject to the provisions of RCW 46.61.506, and the person shall be deemed to have received the warnings required under subsection (2) of this section.

(5) If, following his or her arrest and receipt of warnings under subsection (2) of this section, the person arrested refuses upon the request of a law enforcement officer to submit to a test or tests of his or her breath or blood, no test shall be given except as authorized under subsection (3) or (4) of this section.

(6) If, after arrest and after the other applicable conditions and requirements of this section have been satisfied, a test or tests of the person's blood or breath is administered and the test results indicate that the alcohol concentration of the person's breath or blood is 0.08 or more if the person is age twenty-one or over, or 0.02 or more if the person is under the age of twenty-one, or the person refuses to submit to a test, the arresting officer or other law enforcement officer at whose direction any test has been given, or the department, where applicable, if the arrest results in a test of the person's blood, shall:

(a) Serve notice in writing on the person on behalf of the department of its intention to suspend, revoke, or deny the person's license, permit, or privilege to drive as required by subsection (7) of this section;

(b) Serve notice in writing on the person on behalf of the department of his or her right to a hearing, specifying the steps he or she must take to obtain a hearing as provided by subsection (8) of this section and that the person waives the right to a hearing if he or she receives an ignition interlock driver's license;

(c) Mark the person's Washington state driver's license or permit to drive, if any, in a manner authorized by the department;

(d) Serve notice in writing that the marked license or permit, if any, is a temporary license that is valid for sixty days from the date of arrest or from the date notice has been given in the event notice is given by the department following a blood test, or until the suspension, revocation, or denial of the person's license, permit, or privilege to drive is sustained at a hearing pursuant to subsection (8) of this section, whichever occurs first. No temporary license is valid to any greater degree than the license or permit that it replaces; and

(e) Immediately notify the department of the arrest and transmit to the department within seventy-two hours, except as delayed as the result of a blood test, a sworn report or report under a declaration authorized by RCW 9A.72.085 that states:

(i) That the officer had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or was under the age of twenty-one years and had been driving or was in actual physical control of a motor vehicle while having an alcohol concentration in violation of RCW 46.61.503;

(ii) That after receipt of the warnings required by subsection (2) of this section the person refused to submit to a test of his or her blood or breath, or a test was administered and the results indicated that the alcohol concentration of the person's breath or blood was 0.08 or more if the person is age twenty-one or over, or was 0.02 or more if the person is under the age of twenty-one; and

(iii) Any other information that the director may require by rule.
