(7) The department of licensing, upon the receipt of a sworn report or report under a declaration authorized by RCW 9A.72.085 under subsection (6)(c) of this section, shall suspend, revoke, or deny the person's license, permit, or privilege to drive or any nonresident operating privilege, as provided in RCW 46.20.3101, such suspension, revocation, or denial shall be effective on or within sixty days after the notice has been given in the event notice is given by the department following a blood test, or when sustained at a hearing pursuant to subsection (8) of this section, whichever occurs first.

(8) A person receiving notification under subsection (6)(b) of this section may, within ((thirty)) twenty days after the notice has been given, request in writing a formal hearing before the department. The person shall pay a fee of two hundred dollars as part of the request. If the request is mailed, it must be postmarked within ((thirty)) twenty days after receipt of the notification. Upon timely receipt of such a request for a formal hearing, including receipt of the required two hundred dollar fee, the department shall afford the person an opportunity to be heard. The department may, upon receipt of the required fee, order the person to appear at a hearing and waive the required two hundred dollar fee if the person is an indigent as defined in RCW 10.101.010. Except as otherwise provided in this section, the hearing is subject to and shall be scheduled and conducted in accordance with RCW 46.20.329 and 46.20.332. The hearing shall be conducted in the county of the arrest, except that all or part of the hearing may, at the discretion of the department, be conducted by telephone or other electronic means. The hearing shall be held within sixty days following the arrest or following the date notice has been given in the event notice is given by the department following a blood test, unless otherwise agreed to by the department and the person, in which case the action by the department shall be stayed, and any valid temporary license marked under subsection (6)(c) of this section extended. If the person is otherwise eligible for licensing. For the purposes of this section, the scope of the hearing shall cover the issues of whether a law enforcement officer had
reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or any drug or had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration of 0.02 or more if the person was under the age of twenty-one, whether the person was placed under arrest, and (a) whether the person refused to submit to the test or tests upon request of the officer after having been informed that such refusal resulting in the revocation of the person's license, permit, or privilege to drive, or (b) if a test or tests were administered, whether the applicable requirements of this section were satisfied before the administration of the test or tests, whether the person submitted to the test or tests, or whether a test was administered without express consent as permitted under this section, and whether the test or tests indicated that the alcohol concentration of the person's breath or blood was 0.08 or more if the person was age twenty-one or over at the time of the arrest, or 0.02 or more if the person was under the age of twenty-one at the time of the arrest. The sworn report or report under a declaration authorized by RCW 9A.72.085 submitted by a law enforcement officer is prima facie evidence that the person had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or the person had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration of 0.02 or more and was under the age of twenty-one and (1) if a test or tests were administered, whether the person refused to submit to the test or tests in any concentration of alcohol or (2) if a test or tests were administered and the officer after having been informed that such refusal resulted in the revocation of the person's license, permit, or privilege to drive, or (b) if a test or tests were administered, whether the applicable requirements of this section were satisfied before the administration of the test or tests, whether the person submitted to the test or tests, or whether a test was administered without express consent as permitted under this section, and whether the test or tests indicated that the alcohol concentration of the person's breath or blood was 0.08 or more if the person was age twenty-one or over at the time of the arrest, or 0.02 or more if the person was under the age of twenty-one at the time of the arrest. The sworn report or report under a declaration authorized by RCW 9A.72.085 of the law enforcement officer and any other evidence accompanying the report shall be admissible without further evidentiary foundation and the certifications authorized by the criminal rules for courts of limited jurisdiction shall be admissible without further evidentiary foundation. The person may be represented by counsel, may question witnesses, may present evidence, and may testify. The department shall order that the suspension, revocation, or denial either be rescinded or sustained.

(9) If the suspension, revocation, or denial is sustained after such a hearing, the person whose license, privilege, or permit is suspended, revoked, or denied has the right to file a petition in superior court of the county of arrest to review the final order of revocation by the department in the same manner as an appeal from a decision of a court of limited jurisdiction. Notice of appeal must be filed within thirty days after the date the final order is served or the right to appeal is waived. Notwithstanding RCW 46.20.334, RALJ 1.1, or other statutes or rules referencing de novo review, the appeal shall be limited to a review of the record of the administrative hearing. The appellant must pay the costs associated with obtaining the record of the hearing before the hearing officer. The filing of the appeal does not stay the effective date of the suspension, revocation, or denial. A petition filed under this subsection must include the petitioner's grounds for requesting review. Upon granting petition for review, the court may remand the case to the department for further proceedings. The decision of the superior court must be in writing and filed in the clerk's office with the other papers in the case. The court shall state the reasons for the decision. If judicial relief is sought for a stay or other temporary remedy from the department, the court shall not grant such relief unless the court finds that the appellant is likely to prevail in the appeal and that without a stay the appellant will suffer irreparable injury. If the court stays the suspension, revocation, or denial it may impose conditions on such stay.

(10)(a) If a person whose driver's license, permit, or privilege to drive has been or will be suspended, revoked, or denied under subsection (7) of this section, other than as a result of a breath or blood test refusal, and who has not committed an offense for which he or she was granted a deferred prosecution under chapter 10.05 RCW, petitions a court for a deferred prosecution on criminal charges arising out of the arrest for which action has been or will be taken under subsection (7) of this section, or notifies the department of licensing of the intent to seek such a deferred prosecution, then the license suspension or revocation shall be stayed pending entry of the deferred prosecution. The stay shall not be longer than one hundred fifty days after the date charges are filed, or two years after the date of the arrest, whichever time period is shorter. If the court stays the suspension, revocation, or denial, it may impose conditions on such stay. If the person is otherwise eligible for licensing, the department shall issue a temporary license, or extend any valid temporary license marked under subsection (6) of this section, for the period of the stay. If a deferred prosecution treatment plan is not recommended in the report made under RCW 10.05.050, or if treatment is rejected by the court, or if the person declines to accept an offered treatment plan, or if the person violates any condition imposed by the court, then the court shall immediately direct the department to cancel the stay and any temporary marked license or extension of a temporary license issued under this subsection.

(b) A suspension, revocation, or denial imposed under this section, other than as a result of a breath or blood test refusal, shall be stayed if the person is accepted for deferred prosecution as provided in chapter 10.05 RCW for the incident upon which the suspension, revocation, or denial is based. If the deferred prosecution is terminated, the stay shall be lifted and the suspension, revocation, or denial reinstated. If the deferred prosecution is completed, the stay shall be lifted and the suspension, revocation, or denial canceled.

(c) The provisions of (b) of this subsection relating to a stay of a suspension, revocation, or denial and the cancellation of any suspension, revocation, or denial do not apply to the suspension, revocation, denial, or disqualification of a person's commercial driver's license or privilege to operate a commercial motor vehicle.

(11) When it has been finally determined under the procedures of this section that a nonresident's privilege to operate a motor vehicle in this state has been suspended, revoked, or denied, the department shall give information in writing of the action taken to the motor vehicle administrator of the state of the person's residence and of any state in which he or she has a license.

NEW SECTION. Sec. 3. A new section is added to chapter 46.68 RCW to read as follows:

The ignition interlock device revolving account is created in the state treasury. All receipts from the fee assessed under section 9(6) of this act must be deposited into the account. (c) Not extend the period of suspension or revocation if the conviction was under subsection (1)(c) of this section. If the conviction was under subsection (1)(a) or (b) of this section and the court recommends against the extension and the convicted person has obtained a valid driver's license, the period of suspension or revocation shall not be extended.

Sec. 5. RCW 46.20.380 and 2004 c 95 s 6 are each amended to read as follows:

No person may file an application for an occupational ((ii)) driver's license, a temporary restricted driver's license, or an ignition interlock driver's license as provided in RCW 46.20.391 and section 9 of this act unless he or she first pays to the director or other person authorized to accept applications and fees for driver's licenses a fee of one hundred dollars. The applicant shall receive upon payment an official receipt for the payment of such fee. All such fees shall be forwarded to the director who shall transmit such fees to the state treasurer in the same manner as other driver's license fees.

Sec. 6. RCW 46.20.391 and 2004 c 95 s 7 are each amended to read as follows:

(1)((ii)) Any person licensed under this chapter who is convicted of an offense relating to motor vehicles for which suspension or revocation of the driver's license is mandatory, other than vehicular homicide ((ii)), vehicular assault, ((or who has had his or her license suspended or revoked, or denied under RCW 46.20.310)) driving while under the influence of intoxicating liquor or any drug, or being in actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug, may submit to the department an application for a temporary restricted driver's license. The department, upon receipt of the prescribed fee and upon determining that the petitioner is eligible to receive the license, may issue a temporary restricted driver's license and may set definite restrictions as provided in RCW 46.20.394. (No person may petition for, and the department shall not issue, a temporary restricted driver's license that is effective during the first thirty days of any suspension or revocation imposed for a violation of RCW 46.61.502 or 46.61.504 or, for a suspension, revocation, or denial imposed under RCW 46.20.310, any portion of the periods of suspension, revocation, or denial established under (c) of this subsection.

(b) An applicant under this subsection whose driver's license is suspended or revoked for a drug-related offense shall provide proof to the satisfaction of the department that a functioning ignition interlock device has been installed on a vehicle owned or operated by the person.

(i) The department shall require the person to maintain such a device on a vehicle owned or operated by the person and shall restrict the person to operating only vehicles equipped with such a device, for the remainder of the period of suspension, revocation, or denial.

(ii) Subject to any periodic renewal requirements established by the department pursuant to this section and subject to any applicable
compliance requirements under this chapter or other law, a temporary restricted driver's license granted after a suspension or revocation under RCW 46.61.5025 or 46.20.3101 extends through the remaining portion of any concurrent or consecutive suspension or revocation that may be imposed as the result of administrative action and criminal conviction arising out of the same incident.

(iii) The time period during which the person is licensed under this section shall apply on a day-for-day basis toward satisfying the period of time an ignition interlock device restriction is required under RCW 46.20.720 (1) and (2) (a), (b), and (c).

(e) The department shall provide by rule the minimum portions of the periods of suspension, revocation, or denial set forth in RCW 46.20.3101 after which a person may apply for a temporary restricted driver's license under this section. (2)(a) A person licensed under this chapter whose driver's license is suspended administratively due to failure to appear or pay a traffic ticket under RCW 46.20.289; a violation of the financial responsibility laws under chapter 46.29 RCW; or for multiple violations within a specified period of time under RCW 46.20.291, may apply to the department for an occupational driver's license.

(c) An occupational driver's license issued to an applicant described in (a) of this subsection shall be valid for the period of the suspension or revocation.

(3) An applicant for an occupational or temporary restricted driver's license who qualifies under subsection (1) or (2) of this section is eligible to receive such license only if:

(d) Upon receipt of evidence that a holder of an occupational driver's license granted under this subsection is no longer enrolled in an apprenticeship or on-the-job training program, the director shall give written notice by first-class mail to the driver that the occupational driver's license shall be canceled. The effective date of cancellation shall be fifteen days from the date of mailing the notice. If at any time before the cancellation goes into effect the driver submits evidence of continued enrollment in the program, the cancellation shall be stayed. If the cancellation becomes effective, the driver may obtain, at no additional charge, a new occupational driver's license upon submittal of evidence of enrollment in another program that meets the criteria set forth in this subsection; and

(e) The department shall not issue an occupational driver's license under (b)(iv) of this subsection if the applicant is able to receive transit services sufficient to allow for the applicant's participation in the programs referenced under (b)(iv) of this subsection.

(5) The director shall cancel an occupational or temporary restricted driver's license on receipt of notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, or of a separate offense that under chapter 46.20 RCW would warrant suspension or revocation of a regular driver's license. The cancellation is effective as of the date of the conviction, and continues with the same force and effect as any suspension or revocation under this title.

Sec. 7. RCW 46.20.400 and 2004 c 95 s 9 are each amended to read as follows:

NEW SECTION  Sec. 9. A new section is added to chapter 46.20 RCW to read as follows:

(1)(a) Beginning January 1, 2009, any person licensed under this chapter who is convicted of any offense involving the use, consumption, or possession of alcohol while operating a motor vehicle in violation of RCW 46.61.502 or 46.61.504, other than vehicular homicide or vehicular assault, or who has had or will have his or her license suspended, revoked, or denied under RCW 46.20.3101, may submit to the department an application for an ignition interlock driver's license. The department, upon receipt of the prescribed fee and upon determining that the petitioner is eligible to receive the license, may issue an ignition interlock driver's license.

(b) A person may apply for an ignition interlock driver's license anytime, including immediately after receiving the notices under RCW 46.20.308 or after his or her license is suspended, revoked, or denied. (c) An applicant under this subsection shall provide proof to the satisfaction of the department that a functioning ignition interlock device has been installed on all vehicles operated by the person.

(i) The department shall require the person to maintain the device on all vehicles operated by the person and shall restrict the person to operating only vehicles equipped with the device, for the remainder of the period of suspension, revocation, or denial. The installation of an ignition interlock device is not necessary on vehicles owned by a person's employer and driven as a requirement of employment during working hours. The person must provide the department with a declaration pursuant to RCW 9A.72.085 from his
or her employer stating that the person's employment requires the person to operate a vehicle owned by the employer during working hours.

(ii) Subject to any periodic renewal requirements established by the department under this section and subject to any applicable compliance requirements under this chapter or other law, an ignition interlock driver's license granted upon a suspension or revocation under RCW 46.61.5055 or 46.20.3101 extends through the remaining portion of any concurrent or consecutive suspension or revocation that may be imposed as the result of administrative action and criminal conviction arising out of the same incident.

(iii) The time period during which the person is licensed under this section shall apply on a day-for-day basis toward satisfying the period of time the ignition interlock device restriction is required under RCW 46.20.720 and 46.61.5055.

(2) An applicant for an ignition interlock driver's license who qualifies under subsection (1) of this section is eligible to receive a license only if:

(a) Within seven years immediately preceding the date of the offense that gave rise to the present conviction or incident, the applicant has not committed vehicular homicide under RCW 46.61.520 or vehicular assault under RCW 46.61.522; and

(b) The applicant files satisfactory proof of financial responsibility under chapter 46.29 RCW.

(3) Upon receipt of evidence that a holder of an ignition interlock driver's license granted under this subsection no longer has a functioning ignition interlock device installed on all vehicles operated by the driver, the director shall give written notice to the driver by first-class mail to the driver that the ignition interlock driver's license shall be canceled. The effective date of cancellation shall be fifteen days from the date of mailing the notice. If at any time before the cancellation goes into effect the driver submits evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver, the cancellation shall be stayed. If the cancellation becomes effective, the driver may obtain, at no additional charge, a new ignition interlock driver's license upon submission of evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver.

(4) A person aggrieved by the decision of the department on the application for an ignition interlock driver's license may request a hearing as provided by rule of the department.

(5) The director shall cancel an ignition interlock driver's license upon receipt of notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, or of a separate offense that under this chapter would warrant suspension or revocation of a regular driver's license. (6)(a) Unless costs are waived by the ignition interlock company or the person is indigent under RCW 10.101.010, the applicant shall pay the cost of installing, removing, and leasing an ignition interlock device, and applicable licensing, for indigent persons who are required under section 9 of this act and RCW 46.61.5055 to install an ignition interlock device in all vehicles owned or operated by the person. For purposes of this subsection, "indigent" has the same meaning as in RCW 10.101.010, as determined by the department.

(2) A pilot program is created within the ignition interlock device revolving account program for the purpose of monitoring compliance by persons required to use ignition interlock devices and by ignition interlock companies and vendors.

(3) The department, the state patrol, and the Washington traffic safety commission shall coordinate to establish a compliance pilot program that will target at least one county from eastern Washington and one county from western Washington, as determined by the department, state patrol, and Washington traffic safety commission.

(4) At a minimum, the compliance pilot program shall:

(a) Review the number of ignition interlock devices that are required to be installed in the targeted county and the number of ignition interlock devices actually installed;

(b) Work to identify those persons who are not complying with ignition interlock requirements or are repeatedly violating ignition interlock requirements; and

(c) Identify ways to track compliance and reduce noncompliance.

(5) As part of monitoring compliance, the Washington traffic safety commission shall also track recidivism for violations of RCW 46.61.502 and 46.61.504 by persons required to have an ignition interlock driver's license under section 9 of this act.

Sec. 11. RCW 46.63.020 and 2005 c 431 s 1 are each reenacted and amended to read as follows:

"The ignition interlock device revolving account program is created within the department to assist in covering the monetary concerns of sheriffs and police chiefs, ignition interlock companies, and any other organization or entity the department deems appropriate.

(1) The ignition interlock device revolving account program is created within the department to assist in covering the monetary costs of installing, removing, and leasing an ignition interlock device, and applicable licensing, for indigent persons who are required under section 9 of this act and RCW 46.61.5055 to install an ignition interlock device in all vehicles owned or operated by the person. For purposes of this subsection, "indigent" has the same meaning as in RCW 10.101.010, as determined by the department.

(2) A pilot program is created within the ignition interlock device revolving account program for the purpose of monitoring compliance by persons required to use ignition interlock devices and by ignition interlock companies and vendors.

(3) The department, the state patrol, and the Washington traffic safety commission shall coordinate to establish a compliance pilot program that will target at least one county from eastern Washington and one county from western Washington, as determined by the department, state patrol, and Washington traffic safety commission.

(4) At a minimum, the compliance pilot program shall:

(a) Review the number of ignition interlock devices that are required to be installed in the targeted county and the number of ignition interlock devices actually installed;

(b) Work to identify those persons who are not complying with ignition interlock requirements or are repeatedly violating ignition interlock requirements; and

(c) Identify ways to track compliance and reduce noncompliance.

(5) As part of monitoring compliance, the Washington traffic safety commission shall also track recidivism for violations of RCW 46.61.502 and 46.61.504 by persons required to have an ignition interlock driver's license under section 9 of this act."

If a petitioner, who has been accepted for a deferred prosecution, fails or neglects to carry out and fulfill any term or condition of the petitioner's treatment plan or any term or condition imposed in connection with the installation of an interlock or other device under RCW 46.20.720 or section 9 of this act, the facility, center, institution, or agency administering the treatment or the entity administering the use of the device, shall immediately report such breach to the court, the prosecutor, and the petitioner or petitioner's attorney of record together with the recommendation. The court upon receiving such a report shall hold a hearing to determine whether the petitioner should be removed from the deferred prosecution program. At the hearing, evidence shall be taken of the petitioner's alleged failure to comply with the treatment plan or device installation and the petitioner shall have the right to present evidence on his or her own behalf. The court shall either order that the petitioner continue on the treatment plan or be removed from deferred prosecution. If the petitioner's noncompliance is based on a violation of a term or condition imposed in connection with the installation of an ignition interlock device under section 9 of this act, the court shall either order that the petitioner comply with the term or condition or be removed from deferred prosecution. If removed from deferred prosecution, the court shall enter judgment pursuant to RCW 10.05.020 and, if the charge for which the deferred prosecution was granted was a misdemeanor or gross misdemeanor under Title 46 RCW, shall notify the department of licensing of the removal and entry of judgment.

(2) Before entering an order deferring prosecution under this section, the court shall make a specific finding that the petitioner has no prior offenses as defined in RCW 46.61.5055 and has been assessed by a certified chemical dependency counselor and a licensed mental health professional, and found not to need treatment for alcoholism, drug addiction, or mental problems. As a condition of granting a deferral prosecution petition, the court shall order the petitioner to satisfy the conditions in RCW 10.05.140 and shall order the petitioner to apply for an ignition interlock driver's license from the department of licensing and have a functioning ignition interlock device installed on all motor vehicles operated by the person. The required period of use of the ignition interlock device shall be one year. The court may order supervision of the petitioner during the period of deferral pursuant to RCW 10.05.170.

(3) A petitioner seeking a deferral of prosecution under this section shall undergo an assessment by a certified chemical dependency counselor and a licensed mental health professional to determine whether the petitioner is or is not in need of treatment for alcoholism, drug addiction, or mental problems.

"NEW SECTION. Sec. 1. To protect taxpayers, many state programs require the costs of licensing, registration, certification, and related government services to be borne by the profession or industry that uses the services, rather than by the taxpaying public as a whole. State standards that govern the professional duties of these industries are intended to protect the general public by safeguarding health, safety, employees, and consumers. The legislative approval of the fees and fee increases in this act is intended to ensure that the general public is not assessed these costs while also providing adequate funding to statutory programs that safeguard and improve Washington's health, safety, employees, and consumers.

Sec. 2. RCW 39.12.070 and 2006 c 230 s 1 are each amended to read as follows:

DEPARTMENT OF LABOR AND INDUSTRIES--PREVAILING WAGE--CERTIFICATION OF AFFIDAVITS. The department of labor and industries may charge fees to awarding agencies on public works for the approval of statements of intent to pay prevailing wages and the certification of affidavits of wages paid. The department may also charge fees to persons or organizations requesting the arbitration of disputes under RCW 39.12.060. The amount of the fees shall be established by rules adopted by the department under the procedures in the administrative procedure act, chapter 34.05 RCW. The fees shall apply to all approvals, certifications, and arbitration requests made after the effective date of the rules. All fees shall be deposited in the public works administration account. The department may refuse to arbitrate for contractors, subcontractors, persons, or organizations which have not paid the proper fees. The department may, if necessary, request the attorney general to take legal action to collect delinquent fees.

The department shall set the fees permitted by this section at a level that generates revenue that is as near as practicable to the amount of the appropriation to administer this chapter, including, but not limited to, the performance of adequate wage surveys, and to investigate and enforce all alleged violations of this chapter, including, but not limited to, incorrect statements of intent to pay prevailing wage, incorrect certificates of affidavits of wages paid, and wage claims, as provided for in this chapter and chapters 49.48 and 49.52 RCW. However, the fees charged for the approval of statements of intent to pay prevailing wages and the certification of affidavits of wages paid shall be ((no greater than twenty-five)) forty dollars.

NEW SECTION. Sec. 3. Section 2 of this act takes effect July 1, 2008.

Sec. 4. RCW 43.22.434 and 2005 c 274 s 296 are each amended to read as follows:

The department shall adopt rules implementing the auditing procedures. Information obtained from a contractor through an audit authorized by this subsection is confidential and not open to public inspection under chapter 42.56 RCW.

(4)(m) The department shall set a schedule of fees by rule which will cover the costs incurred by the department in the administration of RCW 43.22.335 through 43.22.490, and is hereby authorized to do so pursuant to RCW 43.135.055. amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act.

(4) The department is authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicare expenditures for the aged and disabled population. Under this Washington medicare integration partnership (WMIP), the department may combine and transfer such medicare funds appropriated under sections 204, 206, 208, and 209 of this act as may be necessary to finance a unified health care plan for the WMIP program enrollment. The WMIP pilot projects shall not exceed a daily enrollment of ((12,000)) 6,000 persons nor expand beyond one county during the 2007-2009 biennium. The amount of funding assigned to the pilot projects from each program may not exceed the average per capita cost assumed in this act for individuals covered by that program, actuarially adjusted for the health condition of persons enrolled in the pilot project, times the number of clients enrolled in the pilot project.

In implementing the WMIP pilot projects, the department may: (a) Withhold from calculations of "available resources" as set forth in RCW 71.24.025 a sum equal to the capitated rate for individuals enrolled in the pilots; and (b) employ capitation financing and risk-sharing arrangements in collaboration with health care service contractors licensed by the office of the insurance commissioner and qualified to participate in both the medicare and medicare programs. The department shall conduct an evaluation of the WMIP, measuring changes in participant health outcomes, changes in patterns of service utilization, participant satisfaction, participant access to services, and the state fiscal impact.

(5)(a) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, 2008, unless specifically prohibited by this act, the department may transfer general fund--state appropriations for fiscal year 2008 among programs after approval by the director of financial management. However, the department shall not transfer state moneys that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year 2008 caseload forecasts and utilization assumptions in the medical assistance, long-term care, foster care, adoption support, and child support programs, the department may transfer state moneys that are provided solely for a specified purpose. The department shall not transfer funds, and the director of financial management shall not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

(a) The entire health services account appropriation, $615,000 of the general fund--state appropriation for fiscal year 2008, $892,000 of the general fund--state appropriation for fiscal year 2009, and $2,546,011 of the general fund--federal appropriation are provided solely for health care benefits for agency home care workers who are employed through state contracts for at least twenty hours a week. (b) Individuals receiving family support or high school transition payments as supplemental security income (SSI) state supplemental payments shall not become eligible for medical assistance under RCW 74.09.510 due solely to the receipt of SSI state supplemental payments.

(c) $4,903,000 of the general fund--state appropriation for fiscal year 2008, $9,295,000 of the general fund--state appropriation for fiscal year 2009, and $15,016,000 of the general fund--federal appropriation are provided solely for community residential and support services.
Funding in this subsection shall be prioritized for: (i) residents of residential habilitation centers who are able to be adequately cared for in community settings and who choose to live in those community settings; (ii) clients without residential services who are at immediate risk of institutionalization or in crisis; (iii) children who are at risk of institutionalization or who are aging out of other state services; and (iv) current home and community-based waiver program clients who have been assessed as having an immediate need for increased services. First priority shall be given to children who are at risk of institutionalization. The department shall ensure that the average cost per day for all program services other than start-up costs shall not exceed $300. In order to maximize the number of clients served and ensure the cost-effectiveness of the waiver programs, the department will strive to limit new client placement expenditures to 90 percent of the budgeted daily rate. If this can be accomplished, additional clients may be served with excess funds, provided the total projected carry-forward expenditures do not exceed the amounts estimated. The department shall electronically report to the appropriate committees of the legislature, within 45 days following each fiscal year quarter, the number of persons served with these additional community services, where they were residing, what kinds of services they were receiving prior to placement, and the actual expenditures for all community services to support these clients.

(d) $2,799,000 of the general fund--state appropriation for fiscal year 2008, $5,961,000 of the general fund--state appropriation for fiscal year 2009, and $9,268,000 of the general fund--federal appropriation are provided solely for expanded community services for persons with developmental disabilities who also have community protection issues. Funding in this subsection shall be prioritized for: (i) clients being diverted or discharged from the state psychiatric hospitals; (ii) clients participating in the dangerous mentally ill offender program; (iii) clients participating in the community protection program; and (iv) mental health crisis diversion outplacements. The department shall ensure that the average cost per day for all program services other than start-up costs shall not exceed $349 in fiscal year 2008 and $356 in fiscal year 2009. In order to maximize the number of clients served and ensure the cost-effectiveness of the waiver programs, the department will strive to limit new client placement expenditures to 90 percent of the budgeted daily rate. If this can be accomplished, additional clients may be served with excess funds if the total projected carry-forward expenditures do not exceed the amounts estimated. The department shall implement the four new waiver programs such that decisions about enrollment levels and the amount, duration, and scope of services maintain expenditures within appropriations. The department shall electronically report to the appropriate committees of the legislature, within 45 days following each fiscal year quarter, the number of persons served with these additional community services, where they were residing, what kinds of services they were receiving prior to placement, and the actual expenditures for all community services to support these clients.

Within the amounts appropriated in this section, waiver clients must receive services as authorized by their waiver, such as pathway to employment, while waiting for paid employment to be developed. The department shall work with the counties to establish a consistent policy for minimum direct service hours for clients, minimum hours of support, timeframes for seeking paid employment, and services provided under pathway to employment while paid employment is sought. 1. Based on quarterly expenditure reports and caseload forecasts, if the department estimates that expenditures for the medical assistance program will exceed the appropriations, the department shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

3. Sufficient amounts are appropriated in this section for the department to continue podiatry services for medicaid-eligible adults.
(4) Sufficient amounts are appropriated in this section for the department to provide an adult dental benefit that is at least equivalent to the benefit provided in the 2003-05 biennium.

The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the department's discretion. During either the interim cost settlement or the final cost settlement, the department shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. The department shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income and medically indigent patients and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.

(7) $10,546,000 of the health services account appropriation for fiscal year 2008, $10,546,000 of the health services account--state appropriation for fiscal year 2009, and $19,725,000 of the general fund--federal appropriation are provided solely for grants to nonnursing hospitals. (10) The department is authorized to use funds appropriated in this section to purchase goods and supplies and to use any funds not used for the purchase of goods and supplies to use a full or partial capitation model that includes medical care services care management pilot project for clients receiving general assistance benefits in King and Pierce counties. (b) As used in this subsection, the column headings "BA+(N)" refer to the number of credits earned since receiving the baccalaureate degree.  
(c) For credits earned after the baccalaureate degree but before the masters degree, any credits in excess of forty-five credits may be counted after the masters degree.  
Thus, as used in this subsection, the column headings "MA+(N)" refer to the total of:  
(i) Credits earned since receiving the masters degree; and  
(ii) Any credits in excess of forty-five credits that were earned after the baccalaureate degree but before the masters degree.  
(5) For the purposes of this section:  
(a) "BA" means a baccalaureate degree.  
(b) "MA" means a masters degree.  
(c) "PHD" means a doctorate degree.  
(d) "Years of service" shall be calculated under the same rules adopted by the superintendent of public instruction.  
(e) "Credits" means college quarter hour credits received by any employee.  
(6) No more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in this act, or any replacement schedules and documents, unless:  
(a) The employee has a masters degree; or  
(b) The credits were used in generating state salary allocations before January 1, 1992.  
(7) The certificated instructional staff base salary specified for each district in LEAP Document 2 and the salary schedules in subsection (4)(a) of this section include two learning improvement days.  
A school district is eligible for the learning improvement day funds only if the learning improvement days have been added to the 180- day contract year.  
If fewer days are added, the additional learning improvement allocation shall be adjusted accordingly.  
The additional days shall be limited to specific activities identified in the state required school improvement plan related to improving student learning that are consistent with education reform implementation, and shall not be considered part of basic education.  
The principal in each school shall assure that the days are used to provide the necessary school- wide, all staff professional development that is tied directly to the school improvement plan.  
The school principal and the district superintendent shall maintain documentation as to their approval of these activities.  
The length of a learning improvement day shall not be less than the length of a full day under the base contract.  
The superintendent of public instruction shall ensure that school districts adhere to the intent and purposes of this subsection.  
(8) The salary allocation schedules established in this section are for allocation purposes only except as provided in RCW 28A.400.200(2) and subsection (7) of this section.  
Sec. 504. 2007 c 522 s 504 (uncodified) is amended to read as follows:

General Fund--State Appropriation (FY 2009) .................................................... $161,280,000  
General Fund--Federal Appropriation ......................................................... $390,354,000  
TOTAL APPROPRIATION .......................................................................................... $553,299,000  

The appropriations in this section are subject to the following conditions and limitations:  
(1) ((31,376)) $485,043,000 is provided solely for the following:  
(a) A cost of living adjustment of 7.7 percent effective September 1, 2007, and another ((2.8%)) 3.9 percent effective September 1, 2008, pursuant to Initiative Measure No. 732.

Allocations for these salary increases shall be provided to all 262 districts that are not grandfathered to receive salary allocations above the statewide salary allocation schedule, and to certain grandfathered districts to the extent necessary to ensure that salary allocations for districts that are currently grandfathered do not fall below the statewide salary allocation schedule.  
The additional salary increases will result in a decrease in the number of grandfathered districts from the current thirty-four to twenty-four in the 2007-08 school year and to ((thirteen)) twelve in the 2008-09 school year.  
(c) Additional salary increases to certain districts as necessary to fund the per full-time-equivalent salary allocations for certificated administrative staff as listed for each district in LEAP Document 2, defined in section 503(2)(b) of this act.

Increases for general apportionment (basic education) are based on the salary allocation schedules and methodology in sections 502 and 503 of this act. Increases for special education result from increases in each district's basic education allocation per student. Increases for educational service districts and institutional education programs are determined by the superintendent of public instruction using the methodology for general apportionment salaries and benefits in sections 502 and 503 of this act.

(g) The appropriations in this section provide cost of living and incremental fringe benefit allocations based on formula adjustments as follows:

The appropriations in this section are subject to the following conditions and limitations:

(1) Each general fund fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(2) A maximum of $848,000 of this fiscal year 2008 appropriation and a maximum of ((566,000)) $878,000 of the fiscal year 2009 appropriation may be expended for regional transportation coordinators and related activities. The transportation coordinators shall ensure that data submitted by school districts for state transportation funding shall, to the greatest extent practical, reflect the actual transportation activity of each district.

(3) $5,000 of the fiscal year 2008 appropriation and $5,000 of the fiscal year 2009 appropriation are provided solely for the transportation of students enrolled in "choice" programs. Transportation shall be limited to low-income students who are transferring to "choice" programs solely for educational reasons.

(4) Allocations for transportation of students shall be based on reimbursement rates of $44.84 per weighted mile in the 2007-08 school year and ((14.48)) $45.68 per weighted mile in the 2008-09 school year exclusive of salary and benefit adjustments provided in section 504 of this act. Allocations for transportation of students transported more than one radius mile shall be based on weighted miles as determined by superintendent of public instruction multiplied by the per mile reimbursement rates for the school year pursuant to the formulas adopted by the superintendent of public instruction. Allocations for transportation of students living within one radius mile shall be based on the number of enrolled students in grades kindergarten through fifth grade living within one radius mile of their assigned school multiplied by the per mile reimbursement rate for the school year multiplied by 1.29.

(5) $25,000,000 of the education legacy trust account--state appropriation is provided solely for temporary assistance to school districts for pupil transportation programs. The office of the superintendent of public instruction, in consultation with the joint legislative audit and
review committee, will develop a method of allocating these funds to school districts. The allocation method shall be based primarily on the findings and analysis from the joint legislative and audit review committee's K-12 pupil transportation study completed in December 2006.

(6) The office of the superintendent of public instruction shall provide reimbursement funding to a school district only after the superintendent of public instruction determines that the school bus was purchased from the list established pursuant to RCW 28A.160.195(2) or a comparable competitive bid process based on the lowest price quote based on similar bus categories to those used to establish the list pursuant to RCW 28A.160.195.

(7) The superintendent of public instruction shall base depreciation payments for school district buses on the five-year average of lowest bids in the appropriate category of bus. In the final year on the depreciation schedule, the depreciation payment shall be based on the lowest bid in the appropriate bus category for that school year.

Sec. 506. 2007 c 522 s 507 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SPECIAL EDUCATION PROGRAMS

| General Fund--State Appropriation (FY 2008) | $532,192,000 |
| General Fund--State Appropriation (FY 2009) | $566,174,000 |
| General Fund--Federal Appropriation | $582,053,000 |
| Education Legacy Trust Account--State Appropriation | $435,692,000 |
| TOTAL APPROPRIATION | $5,561,000 |

The appropriations in this section are subject to the following conditions and limitations:

(1) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education excess cost allocation fund in this section.

(2) (a) The superintendent of public instruction shall ensure that:
   (i) Special education students are basic education students first;
   (ii) As a class, special education students are entitled to the full basic education allocation; and
   (iii) Special education students are basic education students for the entire school day.

   (b) The superintendent of public instruction shall adopt the full cost method of excess cost accounting, as designed by the committee, pursuant to section 501(1)(k), chapter 372, Laws of 2006, and ensure that all school districts adopt the method beginning in the 2007-08 school year.

(3) Each fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(4) The superintendent of public instruction shall distribute state funds to school districts based on two categories: (a) The first category includes (i) children birth through age two who are eligible for the optional program for special education eligible developmentally delayed infants and toddlers, and (ii) students eligible for the mandatory special education program and who are age three or four, or five and not yet enrolled in kindergarten; and (b) the second category includes students who are eligible for the mandatory special education program and who are age five and enrolled in kindergarten and students age six through 21.

(5) (a) For the 2007-08 and 2008-09 school years, the superintendent shall make allocations to each district based on the sum of:
   (i) A district's annual average headcount enrollment of students ages birth through four and those five year olds not yet enrolled in kindergarten, as defined in subsection (4) of this section, multiplied by the district's average basic education allocation per full-time equivalent student multiplied by 1.15; and
   (ii) A district's annual average full-time equivalent basic education enrollment multiplied by the funded enrollment percent determined pursuant to subsection (6)(b) of this section, multiplied by the district's average basic education allocation per full-time equivalent student multiplied by 0.9309.

   (b) For purposes of this subsection, "average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 and shall not include enhancements, secondary vocational education, or small schools.

(6) The definitions in this subsection apply throughout this section.

(a) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(b) "Enrollment percent" means the district's resident special education annual average enrollment, excluding the birth through age four enrollment and those five year olds not yet enrolled in kindergarten, as a percent of the district's annual average full-time equivalent basic education enrollment.

Each district's general fund--state funded special education enrollment shall be the lesser of the district's actual enrollment percent or 12.7 percent.

(7) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be calculated in accordance with subsection (6)(b) of this section, and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(8) To the extent necessary, (($532,192,000)) $53,926,000 of the general fund--state appropriation and $29,574,000 of the general fund--federal appropriation are provided for safety net awards for districts with demonstrated needs for special education funding beyond the amounts provided in subsection (5) of this section. If the federal safety net awards based on the federal eligibility threshold exceed the (appropriated) federal appropriation in this subsection (8) in any fiscal year, the superintendent shall expend all available federal discretionary funds necessary to meet this need. Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

   (a) The committee shall consider unmet needs for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas. In the determination of need, the committee shall also consider additional
available revenues from federal sources. Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(b) The committee shall then consider the extraordinary high cost needs of one or more individual special education students. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(c) Using criteria developed by the committee, the committee shall then consider extraordinary costs associated with communities that draw a larger number of families with children in need of special education services.

(d) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(e) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(f) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent in accordance with chapter 318, Laws of 1999.

9 The superintendent of public instruction may adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. Prior to revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature.

10 The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) One staff from the office of superintendent of public instruction;

(b) Staff of the office of the state auditor who shall be nonvoting members of the committee; and

(c) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

11 The office of the superintendent of public instruction shall review and streamline the application process to access safety net funds, provide technical assistance to school districts, and annually survey school districts regarding improvement to the process.

12 A maximum of $678,000 may be expended from the general fund--state appropriations to fund 5.43 full-time equivalent teachers and 2.1 full-time equivalent aides at children's orthopedic hospital and medical center. This amount is in lieu of money provided through the home and hospital allocation and the special education program.

13 A maximum of $1,000,000 of the general fund--federal appropriation is provided for projects to provide special education services to appropriate job and independent living skills, including work experience where possible, to facilitate their successful transition out of the public school system. The funds provided by this subsection shall be from federal discretionary grants.

14 $50,000 of the general fund--state appropriation for fiscal year 2008, $50,000 of the general fund--state appropriation for fiscal 2009, and $100,000 of the general fund--federal appropriation shall be expended to support a special education ombudsman program within the office of superintendent of public instruction. The purpose of the program is to provide support to parents, guardians, educators, and students with disabilities. The program will provide information to help families and educators understand state laws, rules, and regulations, and access training and support, technical information services, and mediation services. The ombudsman program will provide data, information, and appropriate recommendations to the office of superintendent of public instruction, school districts, educational service districts, state need projects, and the parent and teacher information center. Within the appropriations in this section there is sufficient funding provided to also provide at least a half-time support staff position for the special education ombudsman program.

15 The superintendent shall maintain the percentage of federal flow-through to school districts at 85 percent. In addition to other purposes, school districts may use increased federal funds for high-cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.

16 A maximum of $1,200,000 of the general fund--federal appropriation may be expended by the superintendent for projects related to use of inclusion strategies by school districts for provision of special education services.

17 The superintendent, consistent with the new federal IDEA reauthorization, shall continue to educate school districts on how to implement a birth-to-three program and review the cost effectiveness and learning benefits of early intervention.

18 A school district may carry over from one year to the next year up to 10 percent of the general fund--state funds allocated under this program; however, carryover funds shall be expended in the special education program.

19 $262,000 of the general fund--state appropriation for fiscal year 2008 and $251,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for two additional full-time equivalent staff to support the work of the safety net committee and to provide training and support to districts applying for safety net awards.

Sec. 601. 2007 c 522 s 601 (uncodified) is amended to read as follows:

The appropriations in sections 603 through 609 of this act are subject to the following conditions and limitations:

(1) "Institutions" means the institutions of higher education receiving appropriations under sections 603 through 609 of this act.

(2)(a) The salary increases provided or referenced in this subsection and described in section 603 and part IX of this act shall be the only allowable salary increases provided at institutions of higher education, excluding increases associated with normally occurring promotions and increases related to faculty and professional staff retention, and excluding increases associated with employees under the jurisdiction of chapter 41.56 RCW.

Any additional salary increase granted under the authority of this subsection (2)(c) shall not be included in an institution's salary base for future state funding. It is the intent of the legislature that general fund--state support for an institution shall not increase during the current or any future biennium as a result of any salary increases authorized under this subsection (2)(c).

(d) The legislature, the office of financial management, and other state agencies need consistent and accurate personnel data from institutions of higher education for policy planning purposes. Institutions of higher education shall report personnel data to the department of personnel for use by the reporting institutions, including provisions for common job classifications and common definitions of full-time equivalent staff.

Annual contract amounts, number of contract months, and funding sources shall be consistently reported for employees under contract.

(e) By January 1, 2008, the office of financial management shall work with the institutions of higher education, and with staff from the legislative fiscal committees and the legislative evaluation and accountability program, to identify ways in which the office's "compensation impact model" should be revised or replaced to make the system less costly for institutions to maintain, and more transparent, informative, and useful to the legislature and institutions, while providing information needed to accurately and efficiently negotiate and budget employee compensation changes.

(3) The technical colleges may increase tuition and fees in excess of the fiscal growth factor to conform with the percentage increase in community college operating fees.

The state board for community and technical colleges may implement an increase no greater than an average of two percent over tuition and fees charged to ((full time)) resident students for the 2007-08 academic year. The board may increase tuition and fees differentially according to quarterly credit hour load, provided the overall increase in average tuition revenue per resident student does not exceed 2.0 percent.

(7) In addition to waivers granted under the authority of RCW 28B.15.910, the governing boards and the state board may waive all or a portion of operating fees for any student. State general fund appropriations shall not be provided to replace tuition and fee revenue foregone as a result of waivers granted under this subsection.

(x) A public participation program, including regional citizen advisory committees;

(xii) Development and demonstration of alternative management technologies designed to carry out the hazardous waste management priorities of RCW 70.105.150.

The following moneys shall be deposited into the local toxics control account: Those revenues which are raised by the tax imposed under RCW 82.21.030 and which are attributable to that portion of the rate equal to thirty-seven-one-hundredths of one percent.

(a) Moneys deposited in the local toxics control account shall be used by the department for grants or loans to local governments for the following purposes in descending order of priority: (i) Remedial actions; (ii) hazardous waste plans and programs under chapter 70.105 RCW; (iii) solid waste plans and programs under chapters 70.95, 70.95C, 70.95I, and 70.105 RCW; (iv) funds for a program to assist in the assessment and cleanup of sites of methamphetamine production, but not to be used for the initial containment of such sites, consistent with the responsibilities and intent of RCW 69.50.511; and (v) cleanup and disposal of hazardous substances from abandoned or derelict vessels that pose a threat to human health or the environment. For purposes of this subsection (3)(a)(v), "abandoned or derelict vessels" means vessels that have little or no value and either have no identified owner or have an identified owner lacking financial resources to clean up and dispose of the vessel. Funds for plans and programs shall be allocated consistent with the priorities and matching requirements established in chapters 70.105, 70.95C, 70.95I, and 70.95 RCW.

(b) Funds may also be appropriated to the department of health to implement programs to reduce testing requirements under the federal safe drinking water act for public water systems. The department of health shall reimburse the account from fees assessed under RCW 70.119A.115 by June 30, 1995.

(c) To expedite cleansups throughout the state, the department shall partner with local communities and liable parties for cleanups. The department is authorized to use the following additional strategies in order to ensure a healthful environment for future generations:
(i) The director may alter grant-matching requirements to create incentives for local governments to expedite cleanups when one of the following conditions exists:

(A) Funding would prevent or mitigate unfair economic hardship imposed by the clean-up liability;

(B) Funding would create new substantial economic development, public recreational, or habitat restoration opportunities that would not otherwise occur; or

(C) Funding would create an opportunity for acquisition and redevelopment of vacant, orphaned, or abandoned property under RCW 70.105D.040(5) that would not otherwise occur;

(ii) The use of outside contracts to conduct necessary studies;

(iii) The purchase of remedial action cost-cap insurance, when necessary to expedite multi-party clean-up efforts.

However, during the 1999-2001 fiscal biennium, funding may not be granted to entities engaged in lobbying activities, and applicants may not be awarded grants if their cumulative grant awards under this section exceed two hundred thousand dollars. No grant may exceed sixty thousand dollars. Grants may be renewed annually. Moneys appropriated for public participation from either account which are not expended at the close of any biennium shall revert to the state toxics control account.

(6) No moneys deposited into either the state or local toxics control account may be used for solid waste incinerator feasibility studies, construction, maintenance, or operation.

(7) The department shall adopt rules for grant or loan issuance and performance.

NEW SECTION. Sec. 1017. A new section is added to 2007 c 520 (uncodified) to read as follows:

FOR THE OFFICE OF FINANCIAL MANAGEMENT
Infrastructure Investment System (08-2-859)

The appropriation in this section is subject to the following conditions and limitations: The legislature intends to begin a process of reevaluating the policy goals and priorities for the allocation of the infrastructure assistance program funds through the use of information that is available and reviewed each biennium by the infrastructure programs.
(1) The appropriation in this section is provided solely for the office of financial management, in cooperation with the department of community, trade, and economic development, the department of ecology, the department of health, the transportation improvement board, and the office of the state treasurer to develop an implementation plan. The implementation plan will also be developed in consultation with
existing and potential state infrastructure program grant and loan recipients, other stakeholders, and the legislature. The implementation plan will identify options for the organization and coordination of appropriate state infrastructure assistance programs into an improved infrastructure investment system. The implementation plan must identify opportunities for the improved infrastructure investment system to achieve the following:

(a) Ease of access to program information and applications;
(b) Access to technical assistance;
(c) Coordination of program investment to ensure that all budget and tax support from all state sources is disclosed and considered as a total package of assistance;
(d) The promotion of strategic investments of state resources that are aligned with state policy goals, which includes laws, administrative rules, and program policies;
(e) The reduction of the cost of private market borrowing for jurisdictions with higher costs;
(f) The identification of additional revenue for local infrastructure; and
(g) Effective and efficient program administration.

(2) The development of an implementation plan must build upon prior studies and inventories of infrastructure programs and a further analysis of the major local infrastructure assistance programs. The implementation plan must be based on analysis, including the following:

(a) Identification of the benefits from grants and interest rate subsidies to rate payers and local tax payers;
(b) A comparison of state policy goals, which are primary considerations in determining project funding decisions, with the actual funding decisions, the criteria used to rank proposals, and the performance measures used to monitor the success of the programs;
(c) The compilation of the total amount of assistance received by jurisdictions over the past five biennia; and
(d) A comparison of the terms of a sample of low-interest loans provided to public infrastructure projects with the terms of private market borrowing that the jurisdictions would have been able to obtain. The sample of loans must include different types and sizes of projects and jurisdictions.

(3) The legislature also intends to use information from the multiple infrastructure assistance programs to provide direction for future funding priorities. The legislature will base those priorities on information from infrastructure assistance programs, including the programs' recommendations for the following:

(a) Needed investment for the different types of infrastructure projects over the next six years;
(b) Funding allocation of the projected existing state infrastructure assistance resources to those types of projects;
(c) Reallocation of existing state resources for infrastructure projects; and
(d) New and existing local and state revenue sources to address unfunded local infrastructure needs. In estimating the needed investment for different types of infrastructure projects, infrastructure assistance programs may include in their recommendations new types of projects that are not authorized in statute.

(4) The implementation plan and analysis must be completed by December 1, 2008.

The appropriation in this section is subject to the following conditions and limitations:

1. It is the intent of the legislature that the four-year institutions and the community and technical colleges work as cooperative partners to ensure the successful and efficient operation of the state's system of higher education. In furtherance of the state's responsibility for the expansion of baccalaureate and graduate educational programs in the central Puget Sound area, the University of Washington shall govern and operate an additional branch campus to be located in the Snohomish/Island/Skagit county area. Top priorities for the campus include expansion of upper division capacity for transfer students and graduate students in high demand programs, with a particular focus on science, technology, and engineering. The campus may offer lower division courses linked to specific majors in fields not addressed at local community colleges.

The campus may also directly admit freshmen and sophomores gradually and deliberately in accordance with a campus plan to be submitted to the higher education coordinating board. All student admissions will be carried out in accordance with coadmissions and proportionality agreements emphasizing access for transfer students codeveloped by the University of Washington and the state board for community and technical colleges.
(2) The office of financial management and the University of Washington are directed to assess options and make recommendations on the siting of the branch campus in the Snohomish/Island/Skagit county region and shall develop operational and management plans needed to establish the institution. The plans shall include but not be limited to a master business plan for design and implementation, and programs to be offered to address demographic pressures and workforce needs. Planning and analysis shall be done in coordination with the local community and existing higher education institutions. (3) Five years from the time the first class of students enters the new institution, the higher education coordinating board will work with the new institution and a local advisory board to: (a) Review the extent to which the new institution is meeting the baccalaureate degree needs of the citizens and businesses of the region and state; (b) assess any additional steps needed to accomplish the goals set forth in subsection (1) of this section, and; (c) assess the relationship between the new institution and other higher education institutions in the region and the state.

(4) The state board for community and technical colleges and the University of Washington shall plan for transition of appropriate programs from the university center to upper division programs at the branch campus.

(5) The office of financial management and the University of Washington shall report to the governor and the appropriate committees of the senate and house of representatives by November 15, 2007, on campus siting recommendations and a preliminary design and implementation plan. The final design and implementation plan shall be delivered to the governor and the appropriate committees of the senate and house of representatives by June 1, 2008.

### NEW SECTION. Sec. 3011. A new section is added to 2007 c 520 (uncodified) to read as follows:

**FOR THE DEPARTMENT OF ECOLOGY**

Flood Protection Study (08-2-855)

The appropriation in this section is subject to the following conditions and limitations:

The legislature finds that levees across the state provide protection to hundreds of communities from flooding. Many of these levee systems are old, built with substandard materials, and were not designed to provide the level of protection that the communities behind them need. Recent decertification of levees in King and Pierce counties by the United States army corps of engineers indicates a growing problem with levee maintenance. As more levees are decertified, land behind those levees is considered to be located in the regulated floodplain. Because of this, many homeowners and businesses must obtain flood insurance, and new construction projects must meet strict new building codes.

Therefore, the appropriation in this section is provided solely for the department to conduct a study to determine the number of decertified levees in the state and to identify strategies for recertifying the levees so that they provide optimum protection for the communities protected by the levees. The department must prioritize areas to include in the study based on population and the economic impact of potential flood damage.

The study shall include the following components:

1. A working group of levee managers to advise and inform the study;
2. A technical review of the structural integrity of levee systems;
3. An inventory, map, and rate the effectiveness of existing levee systems; and
4. The development of strategies and actions needed to improve the existing levee system and to ensure certification by the United States army corps of engineers for one-hundred year flood protection.

The study must be completed and a report provided to the appropriate legislative committees by July 1, 2009.

Conversion Land Acquisition (08-1-950)

The appropriations in this section are subject to the following conditions and limitations: The appropriations are provided solely for acquisition of working forest lands at risk of conversion to nonforest uses. The legislature finds that the chronic loss of working forest lands threatens the long-term prospects of the timber products industry, which in turn threatens the long-term economic return for the beneficiaries of state trust lands. Acquisition of these conversion lands is intended to help stabilize the primary source of revenue to trust land beneficiaries. The department shall submit a report to the appropriate committees of the legislature by October 1, 2008, indicating the lands purchased under this section, showing the locations, acres, purchase price, and within that purchase price, the value of the property attributed to the future value of timber harvests given an expected rate of return for timber lands, and the value of the property attributed to future development of the property. It is the intention of the legislature to lease or otherwise acquire the development rights of these conversion lands and retain them as long-term working forest lands under the sustainable harvest plan. Working forest lands acquired under this section shall be managed at a level equal to or greater than seventy-five percent of the expected harvest under the sustainable harvest plan. The appropriation provided in this section shall lapse unless chapter 504, Laws of 2007, or similar provisions contained in other legislation, is enacted prior to June 30, 2007. No amounts appropriated in this section shall be expended on the central cascade land exchange unless one of the two following conditions are met: (1) The four Stemilt parcels in T21R20E are excluded from the exchange; or (2) the four Stemilt parcels in T21R20E are included in the exchange and the department and Chelan county, as chair of the Stemilt partnership, agree on a plan for eventual ownership, disposition, and management of the four Stemilt parcels. The department shall manage cash balances in the natural resources real property replacement account such that cash balances are sufficient for the treasurer transfers required in section 6030 of this act. The department may also transfer funds from the land bank subaccount of the resource management cost account to the natural resources real property replacement account to ensure sufficient cash balances.

PART 6
MISCELLANEOUS AND SUPPLEMENTAL PROVISIONS

Sec. 6001. 2007 c 520 s 6013 (uncodified) is amended to read as follows:
ACQUISITION OF PROPERTIES AND FACILITIES THROUGH FINANCIAL CONTRACTS. The following agencies may enter into financial contracts, paid from any funds of an agency, appropriated or nonappropriated, for the purposes indicated and in not more than the
principal amounts indicated, plus financing expenses and required reserves pursuant to chapter 39.94 RCW. When securing properties under this section, the state shall use the most economical financial contract option available, including long-term leases, lease-purchase agreements, lease-development with option to purchase agreements or financial contracts using certificates of participation. The purchase price shall not exceed fair market value. A purchase agreement with the owner of the unit on the effective date of this section shall include the following requirements: (a) Upon completion of the purchase of the property, the seller shall retain $5,750,000 of the sale proceeds in a restricted investment account, reserving such funds for capital costs associated with development of its principal heritage center to be located within the city of Seattle. Principal and accrued earnings in such an account shall be available for expenditure by the seller when the seller or the city of Seattle has executed a construction contract for either a new facility or improvements to an existing structure to serve as the principal heritage center to be operated by the seller within the city; and (b) in the event that the conditions of (a) of this subsection are not met by June 30, 2017, the entire amount in the restricted account shall be transferred to the state general fund and shall represent a recovery of the state's contribution towards the development of the museum. The office buildings shall be constructed and financed so that agencies occupy costs per gross square foot or per employee will not exceed 110 percent of comparable private market rental rates per gross square foot or per employee. The comparable general office space rate shall be calculated based on recent Thurston county leases of new space of at least 100,000 rentable square feet adjusted for known escalations clauses, expected inflation, and differences in the level of service provided by the comparable leases as determined by the department in consultation with the department of general administration. In addition to the department of information services, state agency tenants shall include the consolidation of state patrol offices and general office facilities for small agencies and offices. The department of information services shall design and operate the general office facilities for small agencies and offices as a demonstration of the efficiencies gained from the integration of office space and telecommunications and computer technology. The demonstration project shall provide office space, furniture, telecommunications, and computer technology as a single package. The facility shall be designed so that small agencies and offices can move in at time of the facility without the typical moving expenses that result from individual agency ownership of furniture and technology. The facility for small agencies and offices shall also provide for staffing and space efficiencies resulting from central reception, support services, and spaces. The office of financial management shall certify to the state treasurer: (a) The project description and dollar amount; and (b) that all requirements of this subsection (8) have been met. Should the department of information services choose to use a financing contract that does not provide for the issuance of certificates of participation, the financing contract shall be subject to approval by the state finance committee as required by RCW 39.94.010. In approving a financing contract not providing for the use of certificates of participation, the state finance committee should be reasonably certain that the contract is excluded from the computation of indebtedness, particularly that the contract is not backed by the full faith and credit of the state and the legislature is expressly not obligated to appropriate funds to make payments. For purposes of this section, “financing contract” includes but is not limited to a certificate of participation and tax exempt financing similar to that authorized in RCW 47.79.140.

(Substitute Senate Bill No. 5882, providing funding for the heritage building project), Laws of 2007 is enacted by June 30, 2007.

Moneys in the job development fund may be spent only after appropriation. The board shall prepare a prioritized list of proposed projects of up to fifty million dollars as part of the department's 2007-09 biennial budget request. The board may provide an additional alternate job development fund project list up to ten million dollars. The legislature may remove projects from the list recommended by the board. The legislature may not change the prioritization of projects recommended for funding by the board, but may add projects from the alternate list in order of priority, as long as the total funding does not exceed fifty million dollars.

Sec. 6003. RCW 79.64.020 and 2004 c 199 s 226 are each amended to read as follows:

A resource management cost account in the state treasury is created to be used solely for the purpose of defraying the costs and expenses necessarily incurred by the department in managing and administering state lands and aquatic lands and the making and administering of leases, sales, contracts, licenses, permits, easements, and rights-of-way as authorized under the provisions of this title. Appropriations from the resource management cost account to the department shall be expended for no other purposes. Funds in the resource management cost account may be appropriated or transferred by the legislature for the benefit of all the trusts from which the funds were derived. The evaluation shall include a review of the methods used to prepare estimates at agencies with large capital programs, a review of the process used by the office of financial management to approve estimates included in the governor's proposed capital budget, and an analysis of the accuracy of project cost estimates compared to actual project costs over time for a subset of projects. The evaluation will also recommend other areas of capital project risk for assessment in future evaluations. SENATE AMENDMENT TO HOUSE BILL

Representative Blake moved that the House concur in the Senate amendment to SUBSTITUTE HOUSE BILL NO. 2788 and advance the bill as amended by the Senate to final passage.

POINT OF ORDER

Representative Simpson requested a scope and object ruling on the Senate amendment to Substitute House Bill No. 2788.

SPEAKER’S RULING

Mr. Speaker (Representative Morris presiding): "Substitute House Bill No. 2788 is titled an act relating to "organization of definitions in Title 77 RCW." The title is narrow, as is the purpose of the bill. As stated in the intent section, the purpose of the bill is to relocate, without making substantive changes, the location of terms found throughout Title 77 RCW into one central section, and to alphabetize that section when feasible. The bill as passed the House was limited to relocation and alphabetization of terms, and did not contain any change to substantive law.

Section 3 of the Senate amendment amends RCW 77.04.060 to require that the chair of the Fish and Wildlife Commission must be a member confirmed by the Senate. This is a change to substantive law governing the commission, and is clearly beyond the scope and object of the House bill. Representative Simpson, your point of order is well taken."

SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House refused to concur in the Senate Amendment to SUBSTITUTE HOUSE BILL NO. 2788 and asked the Senate to recede therefrom.

MESSAGE FROM THE SENATE

March 6, 2008

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2844 with the following amendment:

"NEW SECTION. Sec. 1. (1)(a) The legislature finds that pollution from storm water runoff is a leading source of pollution in Puget Sound and in important water bodies in eastern Washington such as the Columbia river. The decisions and actions of those living
in adjacent communities impact the health of these water bodies. The loss of native and non-native, nonnaturalized trees in urban areas throughout the region has contributed significantly to storm water and flooding problems in the region.

(b) The legislature further finds that the preservation and enhancement of city trees and urban and community forests are one of the most cost-effective ways to protect and improve water quality, air quality, human well-being, and our quality of life.

(c) The legislature further finds that appropriate selection, siting, and installation of trees can reduce heating and cooling energy costs and related greenhouse gas emissions. Retaining natural soils and vegetation, managing urban trees, planting additional trees, and restoring the functionality of forests on public lands can reduce the amount of pollutants in our communities, reduce utility infrastructure damage, reduce requirements for storm water retention and treatment facilities, and reduce flooding caused by major storm events that can cost the state economy millions of dollars a day. Reforesting urban stream channels can reduce or eliminate regulatory requirements such as total maximum daily load requirements.

(d) The legislature further finds that there are innovative urban forest management programs and partnerships led by many cities across the state. However, there is no statewide inventory or assessment of our community and urban forests. Few cities have clear goals and standards for their urban forests. About twelve percent of Washington's cities have urban forest management plans and less than half of Washington's communities have tree ordinances. Many communities report the need for better enforcement.

(2) It is the intent of the legislature to:
(a) Recognize and support city, town, and county efforts to conserve, protect, improve, and expand Washington's urban forest in order to reduce storm water pollution in Puget Sound, flooding, energy consumption and greenhouse gas emissions, air pollution, and storm impacts to utility infrastructure.
(b) Assist cities, towns, and counties by developing a statewide community and urban forest inventory, assessment, model plans, and model ordinances, and by providing technical assistance, incentives, and resources to help cities, towns, and counties become evergreen communities by utilizing these tools, maintenance programs, new partnerships, and community involvement.
(c) Develop the statewide community and urban forest inventory in a way that is compatible with emerging reporting protocols and that could facilitate future access to carbon markets for cities.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Community and urban forest assessment" means an analysis of the community and urban forest inventory to: Establish the scope and scale of forest-related benefits and services; determine the economic valuation of such benefits, highlight trends, and issues of concern; identify high priority areas to be addressed; outline strategies for addressing the critical issues and urban landscapes; and identify opportunities for retaining trees, expanding forest canopy, and planting additional trees to sustain Washington's urban and community forests.

(2) "Community and urban forest inventory" means a management tool designed to gauge the condition, management status, health, and diversity of a community and urban forest. An inventory may evaluate individual trees or groups of trees or canopy cover within community and urban forests, and will be periodically updated by the department of natural resources.

(3) "Department" means the department of community, trade, and economic development.

(4) "Evergreen community ordinances" means ordinances adopted by the legislative body of a city, town, or county that relate to urban forests and are consistent with this chapter.

(5) "Evergreen community" means a city, town, or county designated as such under section 7 of this act.

(6) "Management plan" means an evergreen community urban forest management plan developed pursuant to this chapter.

(7) "Public facilities" has the same meaning as defined in RCW 36.70A.030.

(8) "Public forest" means urban forests owned by the state, city, town, county, or other public entity within or adjacent to the urban growth areas.

(9) "Reforestation" means establishing and maintaining trees and urban forest canopy in plantable spaces such as street rights-of-way, transportation corridors, interchanges and highways, riparian areas, unstable slopes, shorelines, public lands, and property of willing private landowners.

(10) "Tree canopy" means the layer of leaves, branches, and stems of trees that cover the ground when viewed from above and that can be measured as a percentage of a land area shaded by trees.

(11) "Urban forest" has the same definition as provided for the term "community and urban forest" in RCW 76.15.010.

Sec. 35. RCW 80.28.010 and 1995 c 399 s 211 are each amended to read as follows:

(1) All charges made, demanded or received by any gas company, electrical company or water company for gas, electricity or water, or for any service rendered or to be rendered in connection therewith, shall be just, fair, reasonable and sufficient. Reasonable charges necessary to cover the cost of administering the collection of voluntary donations for the purposes of supporting the development and implementation of evergreen community management plans and ordinances under RCW 80.28.300 shall be deemed as prudent and necessary for the operation of a utility.

(2) Every gas company, electrical company and water company shall furnish and supply such service, instrumentalities and facilities as shall be safe, adequate and efficient, and in all respects just and reasonable.

(3) All rules and regulations issued by any gas company, electrical company or water company, affecting or pertaining to the sale or distribution of its product, shall be just and reasonable.

(4) Utility service for residential space heating shall not be terminated between November 15 through March 15 if the customer:

(a) Notifies the utility of the inability to pay the bill, including a security deposit. This notice should be provided within five business days of receiving a payment overdue notice unless there are extenuating circumstances. If the customer fails to notify the utility within five business days and service is terminated, the customer can, by paying the arrearage charges, if any, and fulfilling the requirements of this section, receive the protections of this chapter.

(b) Provides self-certification of household income for the prior twelve months to a grantee of the department of community, trade, and economic development which administers federally funded energy assistance programs. The grantee shall determine that the household income does not exceed the maximum allowed for eligibility under the state's plan for low-income energy assistance under 42 U.S.C. 8624 and shall provide a dollar figure that is seven percent of household income. The grantee may verify information provided in the self-certification;

(c) Has applied for home heating assistance from applicable government and private sector organizations and certifies that any assistance received will be applied to the current bill and future utility bills;

(d) Has applied for low-income weatherization assistance to the utility or other appropriate agency if such assistance is available for the dwelling;

(e) Agrees to a payment plan and agrees to maintain the payment plan. The plan will be designed both to pay the past due bill by the following October 15 and to pay for continued utility service. If the past due bill is not paid by the following October 15, the customer shall not be eligible for protections under this chapter until the past due bill is paid. The plan shall not require monthly payments in excess of seven percent of the customer's monthly income plus one-twelfth of any arrearage accrued from the date application is made and thereafter during November 15 through March 15. A customer may agree to pay a higher percentage during this period, but shall not be in default unless payment during this period is less than seven percent of monthly income plus one-twelfth of any arrearage accrued from the date application is made and thereafter. If assistance payments are received by the customer subsequent to implementation of the plan, the customer shall contact the utility to reformulate the plan; and

(f) Agrees to pay the moneys owed even if he or she moves.

(5) The utility shall:

(a) Include in any notice that an account is delinquent and that service may be subject to termination, a description of the customer's duties in this section;

(b) Assist the customer in fulfilling the requirements under this section;

(c) Be authorized to transfer an account to a new residence when a customer who has established a plan under this section moves from one residence to another within the same utility service area;

(d) Be permitted to disconnect service if the customer fails to honor the payment program. Utilities may continue to disconnect service for those practices authorized by law other than for nonpayment as provided for in this subsection. Customers who qualify for payment plans under this section who default on their payment plans and are disconnected can be reconnected and maintain the protections afforded under this chapter by paying reconnection charges, if any, and by paying all amounts that would have been due and owing under the terms of the applicable payment plan, absent default, on the date on which service is reconnected; and

(e) Advise the customer in writing at the time it disconnects service that it will restore service if the customer contacts the utility and fulfills the other requirements of this section.

(6) A payment plan implemented under this section is consistent with RCW 80.28.080.

(7) Every gas company and electrical company shall offer residential customers the option of a budget billing or equal payment plan. The budget billing or equal payment plan shall be offered low-income customers eligible under the state's plan for low-income energy assistance prepared in accordance with 42 U.S.C. 8624(c)(1) without limiting availability to certain months of the year, without regard to the length of time the customer has occupied the premises, and without regard to whether the customer is the tenant or owner of the premises occupied.

(8) Every gas company, electrical company and water company shall construct and maintain such facilities in connection with the manufacture and distribution of its product as will be efficient and safe to its employees and the public.

(9) An agreement between the customer and the utility, whether oral or written, shall not waive the protections afforded under this chapter.

(10) In establishing rates or charges for water service, water companies as defined in RCW 80.04.010 may consider the achievement of water conservation goals and the discouragement of wasteful water use practices.

NEW SECTION. Sec. 36. Sections 1, 2, 6, 7, 9 through 14, 16 through 18, and 24 of this act constitute a new chapter in Title 35 RCW.

NEW SECTION. Sec. 37. This act may be known and cited as the evergreen communities act.

HOUSE AMENDMENT TO SENATE BILL

There being no objection, the House refused to recede from its amendment to ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 6438, the rules were suspended and the bill was returned to second reading for purpose of amendment.
There being no objection, the House reverted to the sixth order of business.

SECOND READING

ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 6438, By Senate Committee on Ways & Means 
(originally sponsored by Senators Kohl-Welles, Rockefeller, Oemig, Honeyford, Murray, Delvin and Pridemore)

Creating a statewide high-speed internet deployment and adoption initiative. (REVISED FOR ENGROSSED: Coordinating the development of a statewide high-speed internet deployment and adoption initiative.)

There being no objection, the House reconsidered the vote by which amendment (1468) was adopted.

Representative McCoy moved the adoption of amendment (1544) to amendment (1468):

Beginning on page 1, line 3 of the amendment, strike everything through "other authority," on page 6 and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds and declares the following:

(a) The deployment and adoption of high-speed internet services and information technology has resulted in enhanced economic development and public safety for the state's communities, improved health care and educational opportunities, and a better quality of life for the state's residents;

(b) Continued progress in the deployment and adoption of high-speed internet services and other advanced telecommunications services, both land-based and wireless, is vital to ensuring Washington remains competitive and continues to create business and job growth;

(c) That the state must encourage and support strategic partnerships of public, private, nonprofit, and community-based sectors in the continued growth and development of high-speed internet services and information technology for state residents and businesses.

(2) Therefore, in order to begin advancing the state towards further growth and development of high-speed internet in the state, and to ensure a better quality of life for all state residents, it is the legislature's intent to conduct a statewide needs assessment of broadband internet resources through an open dialogue with all interested parties, including providers, unions, businesses, community organizations, local governments, and state agencies. The legislature intends to use this needs assessment in guiding future plans on how to ensure that every resident in Washington state may gain access to high-speed internet services and, as part of this effort, to address digital literacy and technology training needs of low-income and technology underserved residents of the state through state support of community technology programs.

NEW SECTION. Sec. 2. (1) After the broadband study authorized by the legislature in 2007 has been completed, or by July 15, 2008, the department of information services, in coordination with the department of community, trade, and economic development and the utilities and transportation commission, shall convene a work group to develop a high-speed internet deployment and adoption strategy for the state.

(2) The department of information services shall invite representatives from the following organizations to participate in the work group:

(a) Representatives of public, private, and nonprofit agencies and organizations representing economic development, local community development, local government, community planning, technology planning, education, and health care;

(b) Representatives of telecommunications providers, technology companies, telecommunications unions, public utilities, and relevant private sector entities;

(c) Representatives of community-based organizations; and

(d) Representatives of other relevant entities as the department of information services may deem appropriate.

(3) The department of information services shall, in consultation with the work group, develop a high-speed internet deployment and adoption strategy to accomplish the following objectives:

(a) Create and regularly update a detailed, geographic information system map at the census block level of the high-speed internet services and other relevant telecommunications and information technology services owned or leased by public entities in the state with instructions on how proprietary and competitively sensitive data will be handled, stored, and used. Development of this geographic information system map may include collaboration with students and faculty at community colleges and universities in the state. The statewide inventory must, at a minimum, detail:

(i) The physical location of all high-speed internet infrastructure owned or leased by public entities;

(ii) The amount of excess capacity available; and

(iii) Whether the high-speed internet infrastructure is active or inactive;

(b) Work collaboratively with telecommunications providers and internet service providers to assess, create, and regularly update a geographic information system map at the census block level of the privately owned high-speed internet infrastructure in the state, with instructions on how proprietary and competitively sensitive data will be handled, stored, and used;

(c) Combine the geographic information system map of high-speed internet infrastructure owned by public entities with the geographic information system map of high-speed internet infrastructure owned by private entities to create and regularly update a statewide inventory of all high-speed internet infrastructure in the state;

(d) Use the geographic information system map of all high-speed internet infrastructure in the state, both public and privately owned or leased, to identify and regularly update the geographic gaps in high-speed internet service, including an assessment of the population located in each of the geographic gaps;

(e) Spur the development of high-speed internet resources in the state, which may include, but is not limited to, soliciting funding in the form of grants or donations; establishing technology literacy programs in conjunction with institutions of higher education; establishing low-cost hardware and software purchasing programs; and developing loan programs targeting small businesses or businesses located in underserved areas;

(f) Track statewide residential and business adoption of high-speed internet, computers, and related information technology, including an identification of barriers to adoption;

(g) Build and facilitate local technology planning teams and partnerships with members representing cross-sections of the community, which may include participation from the following organizations: Representatives of business, telecommunications unions, K-12 education, community colleges, local economic development organizations, health care, libraries, universities, community-based organizations, local governments, tourism, parks and recreation, and agriculture;

(h) Use the local technology planning teams and partnerships to:

(i) Conduct a needs assessment; and

(ii) Work collaboratively with high-speed internet providers and technology companies across the state to encourage deployment and use, especially in underserved areas, through use of local demand aggregation, mapping analysis, and creation of market intelligence to improve the investment rationale and business case; and

(i) Work with Washington State University extension pursuant to section 6 of this act to establish low-cost programs to improve computer ownership, technology literacy, and high-speed internet access for disenfranchised or underserved populations across the state.

(4) By September 1, 2008, the department of information services shall provide a status update to the telecommunications companies in the house of representatives and the senate, outlining the progress made to date by the work group and the issues remaining to be considered.

JOURNA L OF THE HOUSE
(5) By December 1, 2008, the department of information services shall complete the high-speed internet deployment and adoption strategy and provide a report to the fiscal and telecommunications committees in the house of representatives and the senate, the governor, and the office of financial management.

The main objective of the report is to outline, based on the efforts of the work group, what legislation is needed in order to implement the high-speed internet deployment and adoption strategy, including a range of potential funding requests to accompany the legislation.

Specifically, the report shall include the following:

(a) Benchmarks, performance measures, milestones, deliverables, timelines, and such other indicators of performance and progress as are necessary to guide development and implementation of the high-speed internet deployment and adoption strategy, both short term and long term, including an assessment of the amount of funding needed to accomplish a baseline assessment of the high-speed internet infrastructure owned by public and private entities of the state in an eighteen-month period; and

(b) Ways to structure and appropriately scale and phase development and implementation of the high-speed internet deployment and adoption strategy so as to link to, leverage, and otherwise synchronize with other relevant and related funding, technology, capital initiatives, investments, and opportunities.

NEW SECTION. Sec. 3. A new section is added to chapter 43.105 RCW to read as follows:

(1) For purposes of compliance with section 2 of this act or any subsequent high-speed internet deployment and adoption initiative, the department of information services, the department of community, trade, and economic development, the utilities and transportation commission, and any other government agent or agency shall not gather or request any information related to high-speed internet infrastructure or service from providers of telecommunications or high-speed internet services that is classified by the provider as proprietary or competitively sensitive.

(2) Nothing in this section may be construed as limiting the authority of a state agency or local government to gather or request information from providers of telecommunications or high-speed internet services for other purposes pursuant to its statutory authority.

NEW SECTION. Sec. 4. Nothing in this act may be construed as giving the department of information services or any other entities any additional authority, regulatory or otherwise, over providers of telecommunications and information technology.

NEW SECTION. Sec. 5. A new section is added to chapter 43.105 RCW to read as follows:

(1) By January 1, 2009, the department, in consultation with Washington State University, shall identify and make publicly available a web directory of public facilities that provide community technology programs throughout the state.

(2) For the purposes of this section, "community technology program" has the same meaning as in section 7 of this act.

NEW SECTION. Sec. 6. The community technology opportunity program is created to support the efforts of community technology programs throughout the state. The community technology opportunity program must be administered by the Washington State University extension, in consultation with the department of information services. The Washington State University extension may contract for services in order to carry out the extension's obligations under this section.

(1) In implementing the community technology opportunity program the administrator must, to the extent funds are appropriated for this purpose:

(a) Provide organizational and capacity building support to community technology programs throughout the state, and identify and facilitate the availability of other public and private sources of funds to enhance the purposes of the program and the work of community technology programs. No more than fifteen percent of funds received by the administrator for the program may be expended on these functions;

(b) Establish a competitive grant program and provide grants to community technology programs to provide training and skill-building opportunities; access to hardware and software; internet connectivity; assistance in the adoption of information and communication technologies in low-income and underserved areas of the state; and development of locally relevant content and delivery of vital services through technology.

(2) Grant applicants must:

(a) Provide evidence that the applicant is a nonprofit entity or a public entity that is working in partnership with a nonprofit entity;

(b) Define the geographic area or population to be served;

(c) Include in the application the results of a needs assessment addressing, in the geographic area or among the population to be served: The impact of inadequacies in technology access or knowledge; barriers faced, and services needed;

(d) Explain in detail the strategy for addressing the needs identified and an implementation plan including objectives, tasks, and benchmarks for the applicant and the role that other organizations will play in assisting the applicant's efforts;

(e) Provide evidence of matching funds and resources, which are equivalent to at least one-quarter of the grant amount committed to the applicant's strategy;

(f) Provide evidence that funds applied for, if received, will be used to provide effective delivery of community technology services in alignment with the goals of this program and to increase the applicant's level of effort beyond the current level; and

(g) Comply with such other requirements as the administrator establishes.

(3) The administrator may use no more than ten percent of funds received for the community technology opportunity program to cover administrative expenses.

(4) The administrator must establish expected program outcomes for each grant recipient and must require grant recipients to provide an annual accounting of program outcomes.

NEW SECTION. Sec. 7. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Administrator" means the community technology opportunity program administrator designated by the Washington State University extension.

(2) "Community technology program" means a program, including a digital inclusion program, engaged in diffusing information and communications technology in local communities, particularly in underserved areas. These programs may include, but are not limited to, programs that provide education and skill-building opportunities, hardware and software, internet connectivity, and development of locally relevant content and delivery of vital services through technology.

NEW SECTION. Sec. 8. The Washington community technology opportunity account is established in the state treasury. Donated funds from private and public sources may be deposited into the account. Expenditures from the account may be used only for the operation of the community technology opportunity program as provided in section 6 of this act. Only the administrator or the administrator's designee may authorize expenditures from the account.

NEW SECTION. Sec. 9. Sections 6 through 8 of this act constitute a new chapter in Title 28B RCW.

NEW SECTION. Sec. 10. If sections 1 through 5 of this act become null and void, the department of information services shall include high-speed internet adoption and deployment in its 2009-2011 strategic plan.

SECOND READING

SUBSTITUTE SENATE BILL NO. 6231, By Senate Committee on Ways & Means (originally sponsored by Senators Jacobsen and Shin)

Improving the coordination of marine protected areas.

Representative Upthegrove moved the adoption of amendment (1543):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that Washington contains an array of marine protected areas managed by state, federal, tribal, and local governments in both coastal areas and in the Puget Sound. The many entities managing marine protected areas have developed distinct goals for protected areas, criteria for protected area establishment, management practices, terminology, and monitoring practices for these areas. The legislature supports all efforts to protect, conserve, and sustainably manage marine life and resources. However, the legislature finds that additional coordination between marine protected areas managers will improve the collective resource protection capacity of marine protected areas in Washington. The legislature further finds that additional coordination between state agencies and local governments and citizens will increase local involvement in, and the success of, marine protected areas.

(2) The legislature further finds that many state agencies and local governments, in addition to marine protected areas, also administer aquatic preserves, conservation areas, and other similar..."
geographically based area conservation designations that are a valuable means to protect and enhance Puget Sound’s marine resources. Climate change impacts and increased population and development in the Puget Sound basin will place further stresses upon sustaining the biological diversity and ecosystem health of Puget Sound, underscoring the importance of conservation efforts.

(3) It is the intent of the legislature that state and local actions intended to protect, conserve, and manage marine life and resources be conducted in a coordinated manner, use the best available science, consider the projected impacts on Puget Sound’s marine areas from climate change, and contribute to the recovery of the Puget Sound’s environmental health by 2020.

(4) It is the purpose of this act to:
(a) Create a strategic network of marine managed areas that contribute to conserving the biological diversity and ecosystem health of coastal areas and the Puget Sound and that contribute to the recovery of Puget Sound’s health by 2020;
(b) Strengthen the coordination of marine managed areas among multiple state agencies and local governments and align these efforts with the work of the Puget Sound partnership to recover the Puget Sound’s health by 2020;
(c) Provide for management and designation of marine managed areas programs on an ecosystem basis and incorporate the best available scientific information into these programs;
(d) Adopt a plan that builds a comprehensive system of marine managed areas in Washington’s waters, adopts goals and benchmarks for maintaining the diversity of marine life and resources in Washington’s waters, and is based upon anticipated threats and stressors such as climate change impacts and population growth;
(e) Recognize the interrelationship of the marine ecosystem throughout the Pacific Northwest, and the multiple entities, including local, state, provincial, and federal governments, as well as tribal governments and first nations, that are involved in managing marine managed areas; and
(f) Adopt codified criteria and procedures applicable to the aquatic reserve program on state-owned aquatic lands.

NEW SECTION. Sec. 2. (1) The coastal marine protected areas work group is established. The work group shall:
(a) Examine the current inventory and management of Washington’s coastal marine protected areas;
(b) Develop recommendations to improve coordination and consistency among coastal marine protected areas and marine protected areas managers regarding goals for protected areas, criteria for protected area establishment, management practices, terminology, and monitoring practices;
(c) Develop recommendations to improve the integration of science into the establishment and management of coastal marine protected areas;
(d) Develop recommendations to further integrate local governments and nongovernmental organizations into the establishment and management of coastal marine protected areas; and
(e) Provide any other recommendations to improve the effectiveness of coastal marine protected areas in Washington.
(2) (a) The director of the department of fish and wildlife, or the director’s designee, shall chair the work group created in this section. The chair is responsible for convening the work group and for directing the process of the work group.
(b) The chair of the work group shall invite a balanced composition of representatives from state agencies and local governments with jurisdiction over, or that manage, coastal marine protected areas in Washington to participate in the work group. These entities must include, but are not limited to:
(i) The department of fish and wildlife;
(ii) The department of natural resources;
(iii) The state parks and recreation commission;
(iv) Any appropriate marine resources committees; and
(v) Appropriate federal agencies and tribal governments.
(c) State agencies invited to participate in the work group must participate and work cooperatively with the department of fish and wildlife to carry out the requirements and purposes of this act.

(3) For the purposes of this section, "marine protected area" means a geographic marine or estuarine area located in coastal waters, as that term is defined in RCW 43.143.020, designated by a state, federal, tribal, or local government in order to provide long-term protection for part or all of the resources within that area.
(4) By December 1, 2009, the work group must provide the appropriate committees of the legislature with:
(a) An inventory of coastal marine protected areas in Washington; and
(b) A summary of the issues and recommendations identified under subsection (1)(b) through (e) of this section.
(5) The coastal marine protected areas work group established under this section shall coordinate with the marine managed areas work group established in section 6 of this act. The two work groups may share resources and expertise when appropriate.

Sec. 3. RCW 90.71.010 and 2007 c 341 s 2 are each amended to read as follows:

Water-dependent uses shall be favored over other uses in state-owned aquatic land planning and in resolving conflicts between competing lease applications. In cases of conflict between water-dependent uses, priority shall be given to uses that enhance recreation, tourism, and commercial activities, and the navigational and biological capacity of the waters, and to state interests as distinguished from local interests.

(2) Nonwater-dependent use of state-owned aquatic lands is a low-priority use providing minimal public benefits and shall not be permitted to expand or be established in new areas except in exceptional circumstances where it is compatible with water-dependent uses occurring in or planned for the area.

(3)(a) The department shall consider the natural values of state-owned aquatic lands as wildlife habitat, natural area preserve, representative ecosystem, or spawning area prior to issuing any lease or lease amendments which may diminish the use for the protection of such values. When withdrawing lands from leasing for the purposes of managing an aquatic reserve, the department shall be guided by the procedures and criteria of sections 8 through 14 of this act.

(b) The department may withhold from leasing lands which it finds to have significant natural values, or may provide within any lease for the protection of such values. When withdrawing lands from leasing for the purposes of managing an aquatic reserve, the department shall be guided by the procedures and criteria of sections 8 through 14 of this act.

(4) The power to lease state-owned aquatic lands is vested in the department, which has the authority to make leases upon terms, conditions, and length of time in conformance with the state Constitution and chapters 79.105 through 79.140 RCW.

(5) State-owned aquatic lands shall not be leased to persons or organizations which discriminate on the basis of race, color, creed, religion, sex, age, or physical or mental handicap.
NEW SECTION. Sec. 8. A new section is added to chapter 79.105 RCW under a new subchapter heading of "aquatic reserve system" to read as follows:

The aquatic reserve system is established for the purpose of aiding Washington with its goals of supporting and coordinating marine protected areas. The aquatic reserve system is comprised of those areas of state-owned aquatic lands designated by the department prior to the effective date of this section and any areas added to the system under this chapter by order of the commissioner after the effective date of this section.

NEW SECTION. Sec. 9. A new section is added to chapter 79.105 RCW under a new subchapter heading of "aquatic reserve system" to read as follows:

State-owned aquatic lands that have one or more of the following characteristics may be included by order of the commissioner as an aquatic reserve:

(1) The lands have been identified as having high priority for conservation, natural systems, wildlife, or low-impact public use values;

(2) The lands have flora, fauna, geological, recreational, archaeological, cultural, scenic, or similar features of critical importance and have retained to some degree or reestablished its natural character;

(3) The lands provide significant examples of native ecological communities;

(4) The lands have significant sites or features threatened with conversion to incompatible uses; and

(5) The lands have been identified by the Puget Sound science panel created in RCW 90.71.270 as critical to achieving recovery of Puget Sound by 2020.

NEW SECTION. Sec. 10. A new section is added to chapter 79.105 RCW under a new subchapter heading of "aquatic reserve system" to read as follows:

(1) The commissioner shall adopt procedures for submission of aquatic reserve nominations and for public participation in the review of proposed aquatic reserves.

(2) If, consistent with the best available scientific information, an aquatic reserve no longer meets the goals and objectives for which it was designated, and adaptive management has not been successful to meet the goals and objectives, the commissioner may by order modify the aquatic reserve boundaries or remove the area from aquatic reserve status.

(3) The commissioner shall provide public participation procedures for proposals relating to the nomination, designation, and removal of aquatic reserve status.

NEW SECTION. Sec. 11. A new section is added to chapter 79.105 RCW under a new subchapter heading of "aquatic reserve system" to read as follows:

In the designation and management of aquatic reserves within Puget Sound, as geographically defined in RCW 90.71.010, the commissioner shall be guided by the marine managed areas plan adopted under section 4 of this act. The commissioner shall accord substantial weight to any recommendations provided by the Puget Sound partnership regarding the designation and management of aquatic reserves within Puget Sound.

NEW SECTION. Sec. 12. A new section is added to chapter 79.105 RCW under a new subchapter heading of "aquatic reserve system" to read as follows:

Where the commissioner determines that management of the taking of fish, shellfish, or wildlife within or adjacent to an aquatic reserve would enhance the objectives for which the aquatic reserve has been created, the commissioner shall request that the fish and wildlife commission act pursuant to section 16 of this act to adopt supporting rules.

NEW SECTION. Sec. 13. A new section is added to chapter 79.105 RCW under a new subchapter heading of "aquatic reserve system" to read as follows:

The aquatic reserve system must be coordinated with other managed areas, federally recognized marine protected areas, and related regulatory programs. To further this goal, the department shall:

(1) Cooperate with other state agencies and local governments to manage state-owned aquatic lands consistently with the management of uses and activities in the same geographic areas by the state parks and recreation commission, the department of fish and wildlife, the department of ecology, and other appropriate state agencies; and

(2) Provide recommendations to local governments in updating their shoreline master programs under chapter 90.58 RCW and in sponsoring local marine park reserves or voluntary stewardship areas to seek consistent planning and management activities in areas adjacent to designated reserves.

NEW SECTION. Sec. 14. A new section is added to chapter 79.105 RCW under a new subchapter heading of "aquatic reserve system" to read as follows:

(1) State agencies with authority over construction activities or water discharges in state waters or that otherwise implement programs that affect a designated aquatic reserve shall give special consideration to increasing protection and reducing and preventing pollution of these areas, consistent with the management objectives of the aquatic reserve.

(2) The department should participate in any public processes regarding water discharge or construction permitting affecting aquatic reserves to aid other agencies in their understanding of the provisions of this subsection.

NEW SECTION. Sec. 15. Within twenty-four months of the adoption of the marine managed areas plan under section 4 of this act, the department of natural resources shall complete a review of existing management plans and pending aquatic reserve nominations for consistency with the guidelines and recommendations in the marine managed areas plan.

NEW SECTION. Sec. 16. A new section is added to chapter 77.12 RCW to read as follows:

(1) The action agenda shall consist of the goals and objectives in this section, implementation strategies to meet measurable outcomes, benchmarks, (and) identification of responsible entities, and the marine managed areas plan adopted under section 4 of this act. By 2020, the action agenda shall strive to achieve the following goals:

(a) A healthy human population supported by a healthy Puget Sound that is not threatened by changes in the ecosystem;

(b) A quality of human life that is sustained by a functioning Puget Sound ecosystem;

(c) Healthy and sustaining populations of native species in Puget Sound, including a robust food web;

(d) A healthy Puget Sound where freshwater, estuary, nearshore, marine, and upland habitats are protected, restored, and sustained;

(e) An ecosystem that is supported by ground water levels as well as river and stream flow levels sufficient to sustain people, fish, and wildlife, and the natural functions of the environment;

(f) Fresh and marine waters and sediments of a sufficient quality so that the waters in the region are safe for drinking, swimming, shellfish harvest and consumption, and other human uses
and enjoyment, and are not harmful to the native marine mammals, fish, birds, and shellfish of the region.

2. The action agenda shall be developed and implemented to achieve the following objectives:
(a) Protect existing habitat and prevent further losses;
(b) Restore habitat functions and values;
(c) Significantly reduce toxics entering Puget Sound fresh and marine waters;

(a) Address all geographic areas of Puget Sound including upland areas and tributary rivers and streams that affect Puget Sound.
(b) Describe the problems affecting Puget Sound’s health using supporting scientific data, and provide a summary of the historical environmental health conditions of Puget Sound so as to determine past levels of pollution and restorative actions that have established the current health conditions of Puget Sound;
(c) Meet the goals and objectives described in RCW 90.71.300, including measurable outcomes for each goal and objective specifically describing what will be achieved, how it will be quantified, and how progress towards outcomes will be measured. (e) Until the action agenda is adopted, the existing Puget Sound management plan and the 2007-09 Puget Sound biennial plan shall remain in effect. The existing Puget Sound management plan shall also continue to serve as the comprehensive conservation and management plan for the purposes of the national estuarine program described in section 320 of the federal clean water act, until replaced by the action agenda and approved by the United States environmental protection agency as the new comprehensive conservation and management plan.

4. The council shall adopt the action agenda by ((September)) December 1, 2008. The council shall review the action agenda as needed, and revise the implementation strategies every two years using an adaptive management process informed by tracking actions and monitoring results in Puget Sound. There being no objection, the House insisted on its position regarding the House amendment to ENGROSSED SUBSTITUTE SENATE BILL NO. 6760 and again asked the Senate to concur therein.

MESSAGE FROM THE SENATE
March 7, 2008

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 3168 with the following amendment:

"NEW SECTION. Sec. 1. The legislature finds that:
(1) It is in the best interest of the state to provide early learning services to economically disadvantaged families;
(2) Research has demonstrated that comprehensive services, including family support services designed to meet the early education needs of low-income and at-risk children, are successful in improving school readiness, reducing the risk of juvenile delinquency and incarceration, and reducing reliance on public assistance among these children later in life;
(3) The state's early childhood education and assistance program was originally established to serve as the state counterpart to the federal head start program. When it was created, it aligned with the federal program in both standards and funding levels;
(4) The state early childhood education and assistance program has served an important role in providing comprehensive services to low-income children. However, since it was first created, per-child funding levels for the state program have not kept pace with funding levels for the federal program. This has resulted in fewer service hours for children and less intensive services for families;
(5) Aligning performance standards and funding levels for the state early childhood education and assistance program with federal head start will improve the quality of state-supported early learning programs. Additionally, it will improve school readiness through measures, such as a forty percent increase in class time, and it will achieve administrative efficiencies and make state-supported services more easily recognizable and accessible to parents and families eligible for these programs; and
(6) Providing quality early learning services for children from birth to age three is the most cost-effective investment society can make. Additionally, the state can use the demonstrated results from the federal early head start program as an example to expand its reach of services already provided to three and four-year old children to children in the critical birth to three years age category.

NEW SECTION. Sec. 2. (1) Within existing funds, the department shall develop a proposal for implementing a statewide Washington head start program. To the extent possible while maintaining quality standards, the proposal should align the state
early childhood education and assistance program with federal head start programs, eligibility criteria, guidelines, performance standards, and methods/processes for ensuring continuous improvement in program quality. In this proposal, the department shall make recommendations that:

(a) Identify federal head start program guidelines, performance measures and standards, or other requirements for which state flexibility would be recommended. This shall include an analysis of how state flexibility may impact outcomes for children and how that flexibility might deviate from outcomes associated with the federal standards. Areas to be examined must include, but are not limited to, transportation requirements, service hour configurations, delivery methods, and impact on rural programs;

(b) Provide comparative data regarding child performance, readiness, and educational outcomes for Washington's existing head start and early childhood education and assistance programs;

(c) Determine the alignment between head start standards and the recommendations of Washington learns;

(d) Identify any change in the state early childhood education and assistance program laws that would be required to implement the Washington head start proposal;

(e) Identify additional resources needed to meet federal guidelines and standards. Areas to be examined must include, but are not limited to: Per-child funding levels, professional development and training needs, facilities needs, and technical assistance;

(f) Identify state early childhood education and assistance programs that do and do not offer full-day, full-year services to children, and what transition steps would be needed for these programs to operate in the same manner as federal head start programs;

(g) Provide steps for phasing-in the Washington head start proposal;

(h) Include a timeline, strategy, and funding needs to implement a statewide, state-supported early head start program as a component of the Washington head start proposal; and

(i) Detail the process the department would take with the regional office of federal head start in identifying any exceptions or waivers needed to provide flexibility and maintain high quality standards.

(2) In developing its recommendations for this proposal, the department shall seek, where appropriate and available, training or technical assistance from the appropriate regional office of federal head start in order to maximize nonstate resources that might be available for the consultative work and research involved with developing the proposal. The department also shall consult with and solicit input from:

(a) State early childhood education and assistance program providers on Indian reservations and across the state, including providers who operate solely state-supported programs;

(b) Tribal governments operating head start programs and early head start programs in the state to ensure that the needs of Indian and Alaskan native children and their families are incorporated into the recommendations of the proposal, especially as they pertain to standards or guidelines around language acquisition, school readiness, availability and need for services among Indian and Alaskan native children and their families, and curriculum development; and

(c) Providers operating migrant and seasonal head start programs in the state in order to address the needs of the children of migrant and seasonal farmworker families.

(3) The department shall make recommendations on how it would periodically review the standards and guidelines within the Washington head start program, including incorporation of the latest research and information on early childhood development as well as any new innovations that may further improve outcomes for low-income children and their families.

(4) The department’s recommendations on a Washington head start proposal shall include how the proposal aligns with the department’s current statutory duties. The recommendations shall also include any other options that may improve the quality of state-supported early learning programs.

(5) The department shall deliver its report to the governor and legislature by December 1, 2009.

NEW SECTION. Sec. 3. Sections 1 and 2 of this act are each added to chapter 43.215 RCW.

On page 1, line 2 of the title, after "program;" insert "and adding new sections to chapter 43.215 RCW."

The accommodation must be in the form of an agreement between the applicable local transit agency and private transit provider regulated under chapter 81.68 or 81.66 RCW. The transit agency may require that the agreement include provisions to recover costs and fair market value for the use of the lot and its related facilities and to provide adequate insurance and indemnification of the transit agency, and other reasonable provisions to ensure that the private transit provider's use does not unduly burden the transit agency. No accommodation is required, and any agreement may be terminated, if the park and ride lot is at or exceeds ninety percent capacity.

(2) A local transit agency described under subsection (1) of this section may enter into a cooperative agreement with a taxicab company regulated under chapter 81.72 RCW in order to accommodate the taxicab company at the agency's park and ride lot, provided the taxicab company must agree to provide service with reasonable availability, subject to schedule coordination provisions as agreed to by the parties."

Creating learning opportunities.

Representative Sullivan moved the adoption of amendment (1559):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that high school students need to graduate with the skills necessary to be successful in college and work. The state graduation requirements help to ensure that Washington high school graduates have the basic skills to be competitive in a global economy. Under education reform started in 1993, time was to be the variable, obtaining the skills was to be the constant. Therefore, students who need additional time to gain the academic skills needed for college and the workplace should have the opportunities they need to reach high academic achievement, even if that takes more than the standard four years of high school.

Different students face different challenges and barriers to their academic success. Some students struggle to meet the standard on a single portion of the Washington assessment of student learning while excelling in the other subject areas; other students struggle to complete the necessary state or local graduation credits; while still others have their knowledge tested on the assessments and have completed all the credit requirements but are struggling because English is not their first language. The legislature finds that many of these students need additional time and support to achieve academic proficiency and meet all graduation requirements.

Sec. 2. RCW 28A.655.061 and 2007 c 355 s 5 and 2007 c 354 s 2 are each reenacted and amended to read as follows:

(1) The high school assessment system shall include but need not be limited to the Washington assessment of student learning, opportunities for a student to retake the content areas of the assessment in which the student was not successful, and if approved by the legislature pursuant to subsection (10) of this section, one or more objective alternative assessments for a student to demonstrate achievement of state academic standards. The objective alternative assessments for each content area shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning for each content area.

(2) Subject to the conditions in this section, a certificate of academic achievement shall be obtained by most students at about the age of sixteen, and is evidence that the students have successfully met the state standard in the content areas included in the certificate.

With the exception of students satisfying the provisions of RCW 28A.155.045 or 28A.655.0611, acquisition of the certificate is required for graduation from a public high school but is not the only requirement for graduation.

(3) Beginning with the graduating class of 2008, with the exception of students satisfying the provisions of RCW 28A.155.045, a student who meets the state standards on the reading, writing, and mathematics content areas of the high school Washington assessment of student learning shall earn a certificate of academic achievement. If a student does not successfully meet the state standards in one or more content areas required for the certificate of academic achievement, then the student may retake the assessment in the content area up to four times at no cost to the student. If the student successfully meets the state standards on a retake of the assessment then the student shall earn a certificate of academic achievement. Once objective alternative assessments are authorized pursuant to subsection (10) of this section, a student may...
use the objective alternative assessments to demonstrate that the student successfully meets the state standards for that content area if the student has taken the Washington assessment of student learning at least once. If the student successfully meets the state standards on the objective alternative assessments then the student shall earn a certificate of academic achievement.

(4) Beginning no later than with the graduating class of 2013, a student must meet the state standards in science in addition to the other content areas required under subsection (3) of this section on the Washington assessment of student learning or the objective alternative assessments in order to earn a certificate of academic achievement. The state board of education may adopt a rule that implements the requirements of this subsection (4) beginning with a graduating class before the graduating class of 2013, if the state board of education adopts the rule by September 1st of the freshman school year of the graduating class to which the requirements of this subsection (4) apply. The state board of education’s authority under this subsection (4) does not alter the requirement that any change in performance standards for the tenth grade assessment must comply with RCW 28A.305.130.

(5) The state board of education may not require the acquisition of the certificate of academic achievement for students in home-based instruction under chapter 28A.200 RCW, for students enrolled in private schools under chapter 28A.195 RCW, or for students satisfying the provisions of RCW 28A.155.045.

(6) A student may retain and use the highest result from each successfully completed content area of the high school assessment.

(7) School districts must make available to students the following options:

(a) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a public school;

(b) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a high school completion program at a community or technical college. The superintendent of public instruction and the state board for community and technical colleges shall jointly identify means by which students in these programs can be assessed.

(8) Students who achieve the standard in a content area of the high school assessment but who wish to improve their results shall pay for retaking the assessment, using a uniform cost determined by the superintendent of public instruction.

(9) Opportunities to retake the assessment at least twice a year shall be available to each school district.

(a) The superintendent of the school district shall develop options for implementing objective alternative assessments, which may include an appeals process for students’ scores, for students to demonstrate achievement of the state academic standards. The objective alternative assessments shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning and be objective in its determination of student achievement of the state standards. Before any objective alternative assessments in addition to those authorized in RCW 28A.655.065 or (b) of this subsection are used by a student to demonstrate that the student has met the state standards in a content area required to obtain a certificate, the legislature shall formally approve the use of any objective alternative assessments through the omnibus appropriations act or by statute or concurrent resolution.

(b)(i) A student's score on the mathematics, reading or English, or writing portion of the scholastic assessment test (SAT) or the American college test (ACT) may be used as an objective alternative assessment under this section for demonstrating that a student has met or exceeded the state standards for the certificate of academic achievement. The state board of education shall identify the scores students must achieve on the relevant portion of the SAT or ACT to meet or exceed the state standard in the relevant content area on the Washington assessment of student learning. The state board of education shall identify the first scores by December 1, 2007. After the first scores are established, the state board may increase but not decrease the scores required for students to meet or exceed the state standards.

(ii) Until August 31, 2008, a student's score on the mathematics portion of the preliminary scholastic assessment test (PSAT) may be used as an objective alternative assessment under this section for demonstrating that a student has met or exceeded the state standard for the certificate of academic achievement. The state board of education shall identify the score students must achieve on the mathematics portion of the PSAT to meet or exceed the state standard in that content area on the Washington assessment of student learning.

(iii) A student who scores at least a three on the grading scale of one to five for selected (advance placement) AP examinations may use the score as an objective alternative assessment under this section for demonstrating that a student has met or exceeded state standards for the certificate of academic achievement. A score of three on the (advance placement) AP examinations in calculus or statistics may be used as an alternative assessment for the mathematics portion of the Washington assessment of student learning. A score of three on the (advance placement) AP examinations in English literature and composition, macroeconomics, microeconomics, psychology, United States history, world history, United States government and politics, or comparative government and politics may be used as an alternative assessment for the reading portion of the Washington assessment of student learning.

(11) By December 15, 2004, the house of representatives and senate education committees shall obtain information and conclusions from recognized, independent, national assessment experts regarding the validity and reliability of the high school Washington assessment of student learning for making individual student high school graduation determinations.

(12) To help assure continued progress in academic achievement as a foundation for high school graduation and to assure that students are on track for high school graduation, each school district shall prepare plans for and notify students and their parents or legal guardians as provided in this subsection (12).

(a) Student learning plans are required for eighth through twelfth grade students who were not successful on any or all of the content areas of the Washington assessment for student learning during the previous school year or who may not be on track to graduate due to credit deficiencies or absences. The parent or legal guardian shall be notified about the information in the student learning plan, preferably through a parent conference and at least annually.

To the extent feasible, schools serving English language learner students and their parents shall translate the plan into the primary language of the family. The plan shall include the following information as applicable:

(i) The student's results on the Washington assessment of student learning;

(ii) If the student is in the transitional bilingual program, the score on his or her Washington language proficiency test;

(iii) Any credit deficiencies;

(iv) The student's attendance rates over the previous two years;

(v) The student's progress toward meeting state and local graduation requirements;

(vi) The courses, competencies, and other steps needed to be taken by the student to meet state academic standards and stay on track for graduation; (i) If applicable, the plan shall also include the high school completion pilot program created under RCW 28A.50.524.

(ii) The parent or guardian shall be notified, preferably through a parent conference, of the student's results on the Washington assessment of student learning and options the school intends to take to improve the student's skills in any content area in which the student was unsuccessful, strategies to help them improve their student's skills, and the content of the student's plan;

(ii) Progress made on the student plan shall be reported to the student's parents or guardian at least annually and adjustments to the plan made as necessary; and

(vii) Remediation strategies and alternative education options available to students, including informing students of the option to
continue to receive instructional services after grade twelve or until the age of twenty-one.

(viii) The alternative assessment options available to students under this section and RCW 28A.655.065:

(ix) School district programs, high school courses, and career and technical education options available for students to meet graduation requirements; and

(x) Available programs offered through skill centers or community and technical colleges.

(b) All fifth grade students who were not successful in one or more of the content areas of the fourth grade Washington assessment of student learning shall have a student learning plan.

(i) The parent or guardian of the student shall be notified, preferably through a parent conference, of the student's results on the Washington assessment of student learning, actions the school intends to take to improve the student's skills in any content area in which the student was unsuccessful, and provide strategies to help them improve their student's skills.

(ii) Progress made on the student plan shall be reported to the student's parents or guardian at least annually and adjustments to the plan made as necessary.

NEW SECTION. Sec. 3. A new section is added to chapter 28A.320 RCW to read as follows:

(1) The extended learning opportunities program is created for eligible eleventh and twelfth grade students who are not on track to meet local or state graduation requirements as well as eighth grade students who may not be on track to meet the standard on the Washington assessment of student learning or need additional assistance in order to have the opportunity for a successful entry into high school. The program shall provide early notification of graduation status and information on education opportunities including preapprenticeship programs that are available.

(2) Under the extended learning opportunities program, districts shall make available to students in grade twelve who have failed to meet one or more local or state graduation requirements the option of continuing enrollment in the school district in accordance with RCW 28A.225.160. Districts are authorized to use basic education program funding to provide instruction to eligible students under RCW 28A.150.220(3).

(3) Under the extended learning program, instructional services for eligible students can occur during the regular school day, evenings, on weekends, or at a time and location deemed appropriate by the school district, including the educational service district, in order to meet the needs of these students. Instructional services provided under this section do not include services offered at private schools. Instructional services can include, but are not limited to, the following:

(a) Individual or small group instruction;

(b) Instruction in English language arts and/or mathematics that eligible students need to pass all or part of the Washington assessment of student learning;

(c) Attendance in a public high school or public alternative school classes or at a skill center;

(d) Inclusion in remediation programs, including summer school;

(e) Language development instruction for English language learners;

(f) Online curriculum and instructional support, including programs for credit retrieval and Washington assessment of student learning preparatory classes; and

(g) Reading improvement specialists available at the educational service districts to serve eighth, eleventh, and twelfth grade educators through professional development in accordance with RCW 28A.415.350. The reading improvement specialist may also provide direct services to eligible students and those students electing to continue a fifth year in a high school program who are still struggling with basic reading skills.

Sec. 4. RCW 28A.165.035 and 2004 c 20 s 4 are each amended to read as follows:

Use of best practices magnifies the opportunities for student success. The following are services and activities that may be supported by the learning assistance program:

(1) Extended learning time opportunities occurring:

(a) Before or after the regular school day;

(b) On Saturday; and

(c) Beyond the regular school year;

(2) Services under section 3 of this act;

(3) Professional development for certificated and classified staff that focuses on:

(a) The needs of a diverse student population;

(b) Specific literacy and mathematics content and instructional strategies; and

(c) The use of student work to guide effective instruction;

(4) Consultant teachers to assist in implementing effective instructional practices by teachers serving participating students;

(5) Tutoring support for participating students; and

(6) Outreach activities and support for parents of participating students.

NEW SECTION. Sec. 5. If funding is appropriated for this purpose, the office of the superintendent of public instruction shall explore online curriculum support in languages other than English that are currently available. By December 1, 2008, the office of the superintendent of public instruction shall report to the appropriate committees of the legislature recommendations for other online support in other languages that would most appropriately assist Washington's English language learners. Included in the recommendations shall be the actions that would need to be taken to access the recommended online support and the cost.

NEW SECTION. Sec. 6. A new section is added to chapter 28A.655 RCW to read as follows:

(1) If funding is appropriated for this purpose, school districts shall provide all tenth graders enrolled in the district the option of taking the PSAT at no cost to the student.

(2) The office of the superintendent of public instruction shall enter into an agreement with the firm that administers the PSAT to reimburse the firm for the testing fees of students who take the test.

NEW SECTION. Sec. 7. (1) The legislature intends to build on the lessons learned in the Lorraine Wojahn dyslexia pilot reading program, which the legislature has funded since 2005.

(2) By September 15, 2008, each of the grant recipients shall report to the office of the superintendent of public instruction on the lessons learned in the pilot program regarding effective assessment and intervention programs to help students with dyslexia or characteristics of dyslexia, best practices for professional development, and strategies to build capacity and sustainability among teaching staff.

(3) By December 31, 2008, the office of the superintendent of public instruction shall aggregate the reports from the grant recipients and provide a report and recommendations to the appropriate committees of the legislature. The recommendations shall include how the lessons learned through the pilot program are best shared with school districts and how the best practices can be implemented statewide.

NEW SECTION. Sec. 8. (1) The legislature finds that educators are faced with the complex responsibility of educating an increasing population of English language learners who speak a wide variety of languages and dialects and may come with varying levels of formal schooling, students who come from low-income households, and students who have learning disabilities. These educators struggle to provide meaningful instruction that helps students meet high content standards while overcoming their challenges. The 2007 legislature directed the professional educator standards board to begin the process of adopting new certification requirements and revising the higher education teacher preparation program requirements. Additionally, the office of the superintendent of public instruction was directed to contract with the northwest regional educational laboratory to review and report on the ongoing
English as a second language pilot projects and best practices related to helping students who are English language learners. It is therefore the intent of the legislature to build upon the work started in 2007 by requiring that the professional educator standards board consider the findings of the northwest regional educational laboratory and incorporate it into its ongoing work a review of how to revise the current certification requirements and teacher preparation programs in order to better serve the needs of English language learners.

The professional educator standards board shall convene a work group to develop recommendations for increasing teacher knowledge, skills, and competencies to address the needs of English language learner students. The work group shall include representatives from the Washington association of colleges for teacher education, school districts with significant populations of English language learner students who speak multiple languages, classroom teachers, English as a second language teachers, bilingual education teachers, principals, the migrant and bilingual education office in the office of the superintendent of public instruction, and the higher education coordinating board. In making its selections, the professional educator standards board must include members from diverse cultural backgrounds and strive to promote geographic balance. The professional educator standards board shall invite participation by the northwest regional educational laboratory.

The work group shall identify gaps and weaknesses in the current knowledge and skills standards for teacher preparation and teacher competencies regarding understanding how students acquire language, how to teach academic content in English to non-English speakers, and how to demonstrate cultural competence. The work group shall look to the English as a second language demonstration projects under RCW 28A.630.058 and the accompanying research and evaluation by the northwest regional educational laboratory. The work group shall submit a report by December 1, 2008, to the governor and the education and higher education committees of the legislature with findings and recommendations to improve the teacher preparation knowledge and skills standards and teacher competencies in the areas identified under subsection (2) of this section. Recommendations shall also include what professional development program components are most effective for existing educators of English language learners.

Sec. 9. RCW 28B.118.010 and 2007 c 405 s 2 are each amended to read as follows:

The higher education coordinating board shall design the Washington college bound scholarship program in accordance with this section.

(1) "Eligible students" are those students who qualify for free or reduced-price lunches. If a student qualifies in the seventh grade, the student remains eligible even if the student does not receive free or reduced-price lunches thereafter.

(2) Eligible students shall be notified of their eligibility for the Washington college bound scholarship program beginning in their seventh grade year. Students shall also be notified of the requirements for award of the scholarship.

(3) To be eligible for a Washington college bound scholarship, a student must sign a pledge during seventh or eighth grade that includes a commitment to graduate from high school with at least a C average and to enroll in college. Students must sign the pledge in the eighth grade during the 2007-08 school year. The pledge must be witnessed by a parent or guardian and forwarded to the higher education coordinating board by mail or electronically, as indicated on the pledge form.

(4)(a) Scholarships shall be awarded to eligible students graduating from public high schools, approved private high schools under chapter 28A.195 RCW, or who received home-based instruction under chapter 28A.200 RCW.

(b) To receive the Washington college bound scholarship, a student must graduate with at least a "C" average from a public high school or an approved private high school under chapter 28A.195 RCW in Washington or have received home-based instruction under chapter 28A.200 RCW, must have no felony convictions, and must be a resident student as defined in RCW 28B.15.012(2) (d).

(5) A student's family income will be assessed upon graduation before awarding the scholarship.

(6) If at graduation from high school the student's family income does not exceed sixty-five percent of the state median family income, scholarship award amounts shall be as provided in this section.

(a) For students attending two or four-year institutions of higher education as defined in RCW 28B.10.016, the value of the award shall be (i) the difference between the student's tuition and required fees, less the value of any state-funded grant, scholarship, or waiver assistance the student receives; (ii) plus five hundred dollars for books and materials.

(b) For students attending private four-year institutions of higher education in Washington, the award amount shall be the representative average of awards granted to students in public research universities in Washington.

(c) For students attending private vocational schools in Washington, the award amount shall be the representative average of awards granted to students in public community and technical colleges in Washington.

(7) Recipients may receive no more than four full-time years' worth of scholarship awards.

(8) Institutions of higher education shall award the student all need-based and merit-based financial aid for which the student would otherwise qualify. The Washington college bound scholarship is intended to replace unmet need, loans, and, at the student's option, work-study award before any other grants or scholarships are reduced.

(9) The first scholarships shall be awarded to students graduating in 2012.

(a) The state of Washington retains legal ownership of tuition units awarded as scholarships under this chapter until the tuition units are redeemed. These tuition units shall remain separately held from any tuition units owned under chapter 28B.95 RCW by a Washington college bound scholarship recipient.

(b) The scholarship award must be used within five years of receipt. Any unused scholarship tuition units shall revert to the Washington college bound scholarship account.

(12) Should the recipient terminate his or her enrollment for any reason during the academic year, the unused portion of the scholarship tuition units shall revert to the Washington college bound scholarship account.

Sec. 10. RCW 28A.165.055 and 2005 c 489 s 1 are each amended to read as follows:

(1) Each school district with an approved program is eligible for state funds provided for the learning assistance program. The funds shall be appropriated for the learning assistance program in accordance with the biennial appropriations act. The distribution formula is for school district allocation purposes only. The distribution formula shall be based on one or more family income factors measuring economic need.

(2) In addition to the funds allocated to eligible school districts on the basis of family income factors, enhanced funds shall be allocated for school districts where more than twenty percent of students are eligible for and enrolled in the transitional bilingual instruction program under chapter 28A.180 RCW as provided in this subsection. The enhanced funding provided in this subsection shall take effect beginning in the 2008-09 school year.

(a) If, in the prior school year, a district's percent of October headcount student enrollment in grades kindergarten through twelve who are enrolled in the transitional bilingual instruction program, based on an average of the program headcount taken in October and May, exceeds twenty percent, twenty percent shall be subtracted from the district's percent transitional bilingual instruction program enrollment and the resulting percent shall be multiplied by the district's kindergarten through twelve annual average full-time equivalent enrollment for the prior school year.

(b) The number calculated under (a) of this subsection shall be the number of additional funded students for purposes of this
subsection, to be multiplied by the per-funded student allocation rates specified in the omnibus appropriations act.

(c) School districts are only eligible for the enhanced funds under this subsection if their percentage of October headcount enrollment in grades kindergarten through twelve eligible for free or reduced price lunch exceeded forty percent in the prior school year.

NEW SECTION. Sec. 11. A new section is added to chapter 28A.310 RCW to read as follows:

Educational service districts shall develop and provide a program of outreach to community-based programs and organizations within the district that are serving non-English speaking segments of the population as well as those programs that target subgroups of students that may be struggling academically, including to the extent possible, African-American, Native American, Asian, Pacific Islander, Hispanic, low income, and special education. Educational service districts shall consult and coordinate with the governor's minority commissions and the governor's office of Indian affairs in order to efficiently conduct this outreach and are encouraged to enter into partnerships with representatives of the local business communities in order to develop a coordinated outreach plan. The purpose of the outreach activities shall be to inform students via the various community-based programs and organizations of the educational opportunities available under chapter …, Laws of 2008 (this act) and to engage them in the process as appropriate. Outreach shall at a minimum include information about the availability of dropout and credit retrieval programs, remediation programs, and extended learning opportunities, including fifth year opportunities.

NEW SECTION. Sec. 12. A new section is added to chapter 28A.300 RCW to read as follows:

Subject to funds appropriated for this purpose, the office of the superintendent of public instruction shall allocate grant funds to school districts to provide summer school funding for middle and high schools for all students to explore career opportunities rich in math, science, and technology using career and technical education as the delivery model.

NEW SECTION. Sec. 13. A new section is added to chapter 28A.300 RCW to read as follows:

Subject to funds appropriated for this purpose, the office of the superintendent of public instruction shall contract with a national organization to establish, maintain, and operate an endowment for the promotion of geography education in Washington state. The national organization must have experience operating geography education endowments in other states and must provide equal nonstate matching funds to the state funds provided in the contract. All funds in and any interest earned on the endowment shall be used exclusively for geography education programs including, but not limited to, curriculum materials, resource collections, and professional development institutes for teachers and administrators. The national organization must have an established affiliated advisory committee in the state to recommend local projects to be funded by the endowment. The contract shall require that the organization report annually to the superintendent on the recipients of endowment funds and the amounts and purposes of expenditures from the fund.

NEW SECTION. Sec. 14. Of the amounts appropriated in the omnibus appropriations act of 2008 for implementation of chapter … (Second Substitute Senate Bill No. 6377), Laws of 2008, referencing that act by bill or chapter number, the superintendent of public instruction shall allocate funds as follows, unless otherwise specified in the omnibus appropriations act of 2008:

Under the pilot program, inter-island passengers should be able to reserve a car, pay their normal automobile ferry fare, walk on the ferry, and use the shared car upon arrival. The Washington state ferries shall report to the transportation committees of the legislature by November 15, 2008, regarding the feasibility of the pilot program, including whether the difference between the passenger ferry fare and the automobile ferry fare would cover the subsidy costs needed to implement the pilot program.

(2) The department shall not commence construction on any part of the state route number 520 bridge replacement and HOV project until a record of decision has been reached providing reasonable assurance that project impacts will be avoided, minimized, or mitigated as much as practicable to protect against further adverse impacts on neighborhood environmental quality as a result of repairs and improvements made to the state route number 520 bridge and its connecting roadways, and that any such impacts will be addressed through engineering design choices, mitigation measures, or a combination of both. The requirements of this section shall not apply to off-site pontoon construction supporting the state route number 520 bridge replacement and HOV project.

(3) Within the amounts provided in this section, ($1,091,000) $1,895,000 of the transportation partnership account--state appropriation, ($6,656,000) $2,147,000 of the motor vehicle account--federal appropriation, and ($8,343,000) $10,331,000 of the transportation 2003 account (nickel account)--state appropriation are for project 109040T as identified in the LEAP transportation document referenced in subsection (1) of this section: I-90 Two Way Transit-Transit and HOV Improvements - Stage 1. Sound transit may only have access to the center lanes when alternative RRA is complete.

(4) The Tacoma Narrows toll bridge account--state appropriation includes up to ($131,016,000) $18,000,000 in proceeds from the sale of bonds authorized by RCW 47.10.843.

(5) The funding described in this section includes ($6,095,541) $36,693,000 of the transportation 2003 account (nickel account)--state appropriation and ($2,227,241 of the motor vehicle account--private/local) $208,000 of the freight mobility multimodal account--state appropriation, which are for the SR 519 project identified as project number 51902A in the LEAP Transportation Document referenced in subsection (1) of this section. However, limited transfers of specific line-item project appropriations may occur between projects for those amounts listed subject to the conditions and limitations in section 603 of this act.

(b) Within the amounts provided in this section, ($2,500,000) $1,713,000 of the transportation infrastructure account--state appropriation and ($1,297,000) of the transportation infrastructure account--federal appropriation are for low-interest loans for rail capital projects through the freight rail investment bank program. The department shall issue a call for projects upon the legislative priorities specified in subsection (7)(a) of this section. Application must be received by the department by (November 1, 2007) October 1, 2008. By (December 4, 2008) November 1, 2008, the department shall submit a prioritized list of recommended projects to the office of financial management and the transportation committees of the legislature. The department shall award low-interest loans to the port of Moses Lake in the amount of $213,000, and based upon the prioritized list of rail capital projects most recently submitted to the legislature pursuant to this subsection, as follows: Port of Benton County ($250,000); Port of Everett ($250,000); Central Terminals, LLC ($250,000); Tacoma Rail--Maintenance Facility ($250,000); NW Container Service ($250,000); Port of Chehalis ($250,000); Ballard Terminal Railroad ($250,000); Eastern Washington Gateway Railroad ($36,875); Spokane County ($250,000); Tacoma Rail--Locomotive Idling ($250,000).

However, the department shall perform a cost/benefit analysis of the projects according to the legislative priorities specified in subsection (7)(a) of this section, and shall give priority to the following projects: Rail--Tacoma rail yard switching upgrades ($500,000); Rail - Port of Ephrata spur rehabilitation ($127,000); Rail - Lewis and Clark rail improvements ($1,100,000); Rail - Port of Grays Harbor rail access improvements ($543,000); and Rail - Port of Longview rail loop construction ($291,000). If the relative cost of any of the six projects identified in subsection (1)(c) is not substantially less than the public benefits to be derived from the project, then the department shall not assign the funds to the project, and instead shall use those funds toward those projects identified by the department in the attachments to the "Washington State Department of Transportation FREIGHT RAIL ASSISTANCE FUNDING PROGRAM: 2007-2009 Prioritized Project List and Program Update" dated December 2006 for which the benefit of public benefits to be gained compared to the cost of the project is greatest.

(4) If new federal funding for freight or passenger rail is received, the department shall consult with the transportation committees of the legislature and the office of financial management prior to spending the funds on existing or additional projects.
The department shall sell any ancillary property, acquired when the state purchased the right-of-ways to the PCC rail line system, to a lessee of the ancillary property who is willing to pay fair market value for the property. The department shall deposit the proceeds from the sale of ancillary property into the transportation infrastructure account.

(ii) Self-sustaining economic development that creates family-wage jobs;
(iii) Preservation of transportation corridors that would otherwise be lost;
(iv) Increased access to efficient and cost-effective transport to market for Washington's agricultural and industrial products;
(v) Better integration and cooperation within the regional, national, and international systems of freight distribution; and

The work group must include, at a minimum, the freight mobility strategic investment board, the department of agriculture, and representatives from the various users and modes of the state's rail system.

(c) The department shall use the benefit/impact analysis and priorities in (a) of this subsection when submitting requests for state funding for rail projects. The department shall develop a standardized format for submitting requests for state funding for rail projects that includes an explanation of the analysis undertaken, and the conclusions derived from the analysis.

(d) The department and the freight mobility strategic investment board shall collaborate to submit a report to the office of financial management and the transportation committees of the legislature by September 1, 2008, listing proposed freight highway and rail projects. A large portion of the state's highway system was developed prior to June 30, 1980, so it is important that the inventory and valuation include all of the state's highway system including the parts of the system constructed prior to June 30, 1980, that is not required by governmental accounting standards board’s statement number 34. Consequently, the department of transportation, in conjunction with the office of financial management, must implement the governmental accounting standards board’s statement number 34, including a complete inventory and valuation of the state’s highway system’s cost basis and replacement cost. During 2008, the cochairs of the joint transportation committee shall select legislators to work with the office of financial management and the department of transportation. The purpose of the effort is to enhance decision making that will result in strategic long-term investment decisions in transportation capital project management and appropriate levels of asset maintenance and preservation. The office of financial management will coordinate and manage the complete inventory and valuation of the total state’s highway system. The office of financial management must submit a final report to the legislative transportation committees on or before December 1, 2009.

MESSAGE FROM THE SENATE

March 11, 2008

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 2507 with the following amendment:

"NEW SECTION. Sec. 1. The legislature finds that coordinated planning ensures preparation for all future crises. While it is impossible to eliminate the threats posed to our higher education campuses by crime or disaster, natural or person-caused, it is necessary to mitigate impact through effective all hazard emergency preparedness. The legislature also finds that notifying college and university campus communities of an impending, ongoing, or diffused emergency situation is one of the most critical capabilities that a college or university must have. But how a higher education institution achieves the ability to alert students, faculty, and staff quickly, accurately, and dependably in an emergency situation is not one size fits all solution. While colleges and universities should maintain their autonomy in choosing how to address safety and security risks, certain consistent protocols are essential for making campuses safer. The legislature further finds that higher education institutions need to ensure that campus law enforcement or security communications equipment, as well as communication systems used by colleges and universities during an emergency, meet technical standards and are compatible with other responding agencies' communication systems. Therefore, it is the intent of the legislature to carefully examine best safety practices at the state's institutions of higher education, examine the use of technology to improve emergency communications, and consider the financial implications of safety and security enhancement plans, as well as the funding sources to support them, in order to maximize limited resources and public benefit.

NEW SECTION. Sec. 2. The Washington state patrol and the Washington association of sheriffs and police chiefs, in consultation with the state board for community and technical colleges, the

Sex offenders who are convicted of a sex offense on or after July 28, 1991, for a sex offense that was committed on or after January 1, 1990, and kidnapping offenders who are convicted of a kidnapping offense on or after July 27, 1997, for a kidnapping offense that was committed on or after July 27, 1997, but who are not sentenced to serve a term of confinement immediately upon sentencing, shall report to the county sheriff to register immediately upon completion of being sentenced.

(v) OFFENDERS WHO ARE NEW RESIDENTS OR RETURNING WASHINGTON RESIDENTS. Sex offenders and kidnapping offenders who move to Washington state from another state or a foreign country that are not under the jurisdiction of the state department of corrections, the indeterminate sentence review board, or the state department of social and health services at the time of moving to Washington, must register within three business days of the time of moving to Washington, as a result of being a registered sex or kidnapping offender. Any person charged with the crime of failure to register under this subsection who asserts as a defense the lack of notice of the duty to register shall register immediately following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (4)(c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(vi) OFFENDERS FOUND NOT GUILTY BY REASON OF INSANITY. Any adult or juvenile who has been found not guilty by reason of insanity under chapter 10.77 RCW of (A) committing a sex offense on, before, or after February 28, 1990, and who, on or after July 23, 1995, is in custody, as a result of that finding, of the state department of social and health services, or (B) committing a kidnapping offense on, before, or after July 27, 1997, and who on or after July 27, 1997, is in custody, as a result of that finding, of the state department of social and health services, must register within twenty-four hours from the time of release with the county sheriff for the county of the person’s residence. The state department of social and health services shall provide notice to the adult or juvenile in its custody of the duty to register. Any adult or juvenile who has been found not guilty by reason of insanity of committing a sex offense on, before, or after February 28, 1990, but who was released before July 23, 1995, or any adult or juvenile who has been found not guilty by reason of insanity of committing a kidnapping offense but who was released before July 27, 1997, shall be required to register within twenty-four hours of receiving notice of this registration requirement. The state department of social and health services shall make reasonable attempts within available resources to notify sex offenders who were released before July 23, 1995, and kidnapping offenders who were released before July 27, 1997. Failure to register within twenty-four hours of release, or of receiving notice, constitutes a violation of this section and is punishable as provided in subsection (11) of this section. The county sheriff shall promptly forward this information to the Washington state patrol.

(b) Failure to register within the time required under this section constitutes a per se violation of this section and is punishable as provided in subsection (11) of this section. The county sheriff shall not be required to determine whether the person is living within the county.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of this section, or arraignment on charges for a violation of this section, constitutes actual notice of the duty of the registered sex or kidnapping offender. Any person charged with the crime of failure to register under this section who asserts as a defense the lack of notice of the duty to register shall register immediately following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (4)(c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(d) The deadlines for the duty to register under this section do not relieve any sex offender of the duty to register under this section as it existed prior to July 28, 1991.

(v) OFFENDERS WHO LACK A FIXED RESIDENCE. Any person who lacks a fixed residence and leaves the county in which he or she is registered and enters and remains within a new county for twenty-four hours is required to register with the county sheriff for the county of the person’s residence, or if the person is not a resident of Washington, the county of the person’s school, or place of employment or vocation. The person must register in the county of the person’s residence. The county sheriff shall provide notice to the new county and provide the information required in subsection (3)(b) of this section.

(vi) OFFENDERS WHO LACK A FIXED RESIDENCE AND WHO ARE UNDER SUPERVISION. Offenders who lack a fixed residence and who are under the supervision of the state department of social and health services shall register in the county of their supervision.

(vii) OFFENDERS WHO MOVE TO WORK, CARRY ON A VOCATION, OR ATTEND SCHOOL IN ANOTHER STATE. Offenders required to register in Washington who move to another state, or who work, carry on a vocation, or attend school in another state shall register a new address, fingerprints, and photograph with the new state within ten days after establishing residence, or after beginning to work, carry on a vocation, or attend school in the new state, or the person must notify the department of social and health services within twenty-four hours of moving to the new state or to a foreign country to the county sheriff with whom the person last registered in Washington state. The county sheriff shall promptly forward this information to the Washington state patrol.

(viii) OFFENDERS WHO ARE SUPERVISED IN A FOREIGN COUNTRY OR AT SCHOOL IN ANOTHER STATE. Offenders who are supervised, or who are in a foreign country or attending school in another state shall register a new address, fingerprints, and photograph with the new state within ten days after establishing residence, or after beginning to work, carry on a vocation, or attend school in the new state, or the person must notify the department of social and health services within twenty-four hours of moving to the new state or to a foreign country to the county sheriff with whom the person last registered in Washington state. The county sheriff shall promptly forward this information to the Washington state patrol.
person required to register pursuant to this section moves to a new county, the person must send signed written notice of the change of address at least fourteen days before moving to the county sheriff in the new county of residence and must register with that county sheriff within twenty-four hours of moving. The person must also send signed written notice within ten days of the change of address in the new county to the county sheriff with whom the person last registered. The county sheriff with whom the person last registered shall promptly forward the information concerning the change of address to the county sheriff for the county of the person's new residence. Upon receipt of notice of change of address to a new state, the county sheriff shall promptly forward the information regarding the change of address to the agency designated by the new state as the state's offender registration agency.

(b) It is an affirmative defense to a charge that the person failed to send a notice at least fourteen days in advance of moving as required under (a) of this subsection that the person did not know the location of his or her new residence at least fourteen days before moving. The defendant must establish the defense by a preponderance of the evidence and, to prevail on the defense, must also prove by a preponderance that the defendant sent the required notice within twenty-four hours of determining the new address.

(6)(a) Any person required to register under this section who lacks a fixed residence shall provide signed written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence. The notice shall include the information required by subsection (3)(d) of this section, except the photograph and fingerprints. The county sheriff may, for reasonable cause, require the offender to provide a photograph and fingerprints. The sheriff shall forward this information to the sheriff of the county in which the person intends to reside, if the person intends to reside in another county.

(b) A person who lacks a fixed residence must report weekly, in person, to the sheriff of the county where he or she is registered. The weekly report shall be on a day specified by the county sheriff's office, and shall occur during normal business hours. The county sheriff's office may require the person to list the locations where the person has stayed during the last seven days. The lack of a fixed residence is a factor that may be considered in determining an offender's risk level and shall make the offender subject to disclosure of information to the public at large pursuant to RCW 4.24.550.

(c) If any person required to register pursuant to this section does not have a fixed residence, it is an affirmative defense to the charge of failure to register, that he or she provided written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence and has subsequently complied with the requirements of subsections (4)(a)(vii) or (viii) and (6) of this section. To prevail, the person must prove the defense by a preponderance of the evidence.

(7) All offenders who are required to register pursuant to this section who have a fixed residence and who are designated as a risk level II or III must report, in person, every ninety days to the sheriff of the county where he or she is registered. Reporting shall be on a day specified by the county sheriff's office, and shall occur during normal business hours. An offender who complies with the ninety-day reporting requirement with no violations for a period of at least five years in this state is relieved of the duty to report every ninety days. The petition shall be made to the superior court in the county where the offender resides or reports under this section. The prosecuting attorney of the county shall be named and served as respondent in any such petition.

The court shall relieve the petitioner of the duty to report if the petitioner shows, by a preponderance of the evidence, that the petitioner has complied with the reporting requirement for a period of at least five years and that the offender has not been convicted of a criminal violation of this section for a period of at least five years, and the court determines that the reporting no longer serves a public safety purpose. Failure to report, as specified, constitutes a violation of this section and is punishable as provided in subsection (11) of this section.

(8) A sex offender subject to registration requirements under this section who applies to change his or her name under RCW 4.24.130 or any other law shall submit a copy of the application to the county sheriff of the county of the person's residence and to the state patrol not fewer than five days before the entry of an order granting the name change. No sex offender under the requirement to register under this section at the time of application shall be granted an order changing his or her name if the court finds that doing so will interfere with legitimate law enforcement interests, except that no order shall be denied when the name change is requested for religious or legitimate cultural reasons or in recognition of marriage or dissolution of marriage. A sex offender under the requirement to register under this section who receives an order changing his or her name shall submit a copy of the order to the county sheriff of the county of the person's residence and to the state patrol within five days of the entry of the order.

(9) The county sheriff shall obtain a photograph of the individual and shall obtain a copy of the individual's fingerprints. A photograph may be taken at any time to update an individual's file.

Sec. 2. RCW 9.94A.030 and 2006 c 139 s 5, 2006 c 124 s 1, 2006 c 122 s 7, 2006 c 73 s 5, and 2005 c 436 s 1 are each reenacted and amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Board" means the indeterminate sentence review board created under chapter 9.95 RCW.

(2) "Collect," or any derivative thereof, "collect and remit," or "collect and deliver," when used with reference to the department, means that the department, either directly or through a collection agreement authorized by RCW 9.94A.760, is responsible for monitoring and enforcing the offender's sentence with regard to the legal financial obligation, receiving payment therefrom of the offender, and, consistent with current law, delivering daily the entire payment to the superior court clerk without depositing it in a departmental account.

(3) "Commission" means the sentencing guidelines commission.

(4) "Community corrections officer" means an employee of the department who is responsible for carrying out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.

(5) "Community custody" means that portion of an offender's sentence of confinement in lieu of earned release time or imposed pursuant to RCW 9.94A.505(2)(b), 9.94A.650 through 9.94A.670, 9.94A.690, 9.94A.700 through 9.94A.715, or 9.94A.545, served in the community subject to controls placed on the offender's movement and activities by the department. For offenders placed on community custody for crimes committed on or after July 1, 2000, the department shall assess the offender's risk of reoffense and may establish and modify conditions of community custody, in addition to those imposed by the court, based upon the risk to community safety.

(6) "Community custody range" means the minimum and maximum period of community custody included as part of a sentence under RCW 9.94A.715, as established by the commission or the legislature under RCW 9.94A.850, for crimes committed on or after July 1, 2000.

(7) "Community placement" means that period during which the offender is subject to the conditions of community custody and/or postrelease supervision, which begins either upon completion of the term of community custody or postrelease supervision, or at such time as the offender is transferred to community custody in lieu of earned release. Community placement may consist of entirely community custody, entirely postrelease supervision, or a combination of the two.

(8) "Community protection zone" means the area within eight hundred eighty feet of the facilities and grounds of a public or private school.

(9) "Community restitution" means compulsory service, without compensation, performed for the benefit of the community by the offender.

(10) "Community supervision" means a period of time during which a convicted offender is subject to crime-related prohibitions and other sentence conditions imposed by a court pursuant to this chapter or RCW 16.52.200(6) or 46.61.524. Where the court finds that any offender has a chemical dependency that has contributed to his or her offense, the conditions of supervision may, subject to available resources, include treatment. For purposes of the interstate compact for out-of-state supervision of parolees and probationers, RCW 9.95.270, community supervision is the functional equivalent of probation and should be considered the same as probation by other states.

(11) "Confinement" means total or partial confinement.

(12) "Conviction" means an adjudication of guilt pursuant to Titles 10 or 13 RCW and includes a verdict of guilty, a finding of guilty, and acceptance of a plea of guilty.

(13) "Crime-related prohibition" means an order of a court prohibiting conduct that directly relates to the circumstances of the crime for which the offender has been convicted, and shall not be construed to mean orders directing an offender affirmatively to participate in rehabilitative programs or to otherwise perform affirmative conduct. However, affirmative acts necessary to monitor compliance with the order of a court may be required by the department.

(14) "Criminal history" means the list of a defendant's prior convictions and juvenile adjudications, whether in this state, in federal court, or elsewhere.

(a) The history shall include, where known, for each conviction whether the defendant has been placed on probation and the length and terms thereof; and whether the defendant has been incarcerated and the length of incarceration.

(b) A conviction may be removed from a defendant's criminal history only if it is vacated pursuant to RCW 9.96.060, 9.94A.640, 9.95.240, or a similar out-of-state statute, or if the conviction has been vacated pursuant to a governor's pardon.

(c) The determination of a defendant's criminal history is distinct from the determination of an offender score. A prior conviction that was not included in an offender score calculated pursuant to a former version of the sentencing reform act remains part of the defendant's criminal history.

(15) "Day fine" means a fine imposed by the sentencing court that equals the difference between the offender's net daily income and the reasonable obligations that the offender has for the support of the offender and any dependents.

(18) "Determinate sentence" means a sentence that states with exactitude the number of actual years, months, or days of total confinement, of partial confinement, of community supervision, the number of actual hours or days of community restitution work, or dollars or terms of a legal financial obligation. The fact that an offender through earned release can reduce the actual period of confinement shall not affect the classification of the sentence as a determinate sentence.

(19) "Disposables" means that part of the earnings of an offender remaining after the deduction from those earnings of any amount required by law to be withheld. For the purposes of this definition, "earnings" means compensation paid or payable for personal services, whether denominated as wages, salary, commission, bonuses, or otherwise, and, notwithstanding any other provision of law making the payments exempt from garnishment, attachment, or other process to satisfy a court-ordered legal financial obligation, specifically includes periodic payments pursuant to pension or retirement programs, or insurance policies of any type, but does not include payments made under Title 50 RCW, except as provided in RCW 50.40.020 and 50.40.050, or Title 74 RCW.

The contract required by this section survives delivery of any instrument of conveyance of the distressed home and has no effect on persons other than the parties to the contract.

NEW SECTION. Sec. 7. (1) In addition to any other right of rescission, a distressed homeowner has the right to cancel any contract with a distressed home purchaser until midnight of the fifth business day following the day on which the distressed homeowner signs a contract that complies with this chapter or until 8:00 a.m. on the last day of the period during which the distressed homeowner has a right of redemption, whichever occurs first.

(2) Cancellation occurs when the distressed homeowner delivers to the distressed home purchaser, by any means, a written notice of cancellation to the address specified in the contract.

(3) A notice of cancellation provided by the distressed homeowner is not required to take the particular form as provided with the contract.

(4) Within ten days following the receipt of a notice of cancellation under this section, the distressed home purchaser shall return without condition any original contract and any other documents signed by the distressed homeowner.

NEW SECTION. Sec. 9. (1) Any provision in a contract that attempts or purports to require arbitration of any dispute arising under this chapter is void at the option of the distressed homeowner.

(2) This section applies to any contract entered into on or after the effective date of this act.

NEW SECTION. Sec. 10. A distressed home purchaser shall not:

(1) Enter into, or attempt to enter into, a distressed home conveyance with a distressed homeowner unless the distressed home purchaser verifies and can demonstrate that the distressed homeowner has a reasonable ability to pay for the subsequent conveyance of an interest back to the distressed homeowner. In the case of a lease with an option to purchase, payment ability also includes the reasonable ability to make the lease payments and purchase the property within the term of the option to purchase. An evaluation of a distressed homeowner's reasonable ability to pay includes debt to income ratios, fair market value of the distressed home, and the distressed homeowner's payment and credit history.

There is a rebuttable presumption that the distressed home purchaser has not verified a distressed homeowner's reasonable ability to pay if the distressed home purchaser has not obtained documentation of assets, liabilities, and income, other than an undocumented statement, of the distressed homeowner;

(2) Fail to either:

(a) Ensure that title to the distressed home has been reconveyed to the distressed homeowner; or

(b) Make payment to the distressed homeowner so that the distressed homeowner has received consideration in an amount of at least eighty-two percent of the fair market value of the property as of the date of the eviction or voluntary relinquishment of possession of the distressed home by the distressed homeowner. For the purposes of this subsection (2)(b), the following applies:

(i) There is a rebuttable presumption that an appraisal by a person licensed or certified by an agency of the federal government or this state to appraise real estate constitutes the fair market value of the distressed home;

(ii) "Consideration" means any payment or thing of value provided to the distressed homeowner, including unpaid rent owed
by the distressed homeowner before the date of eviction or voluntary relinquishment of the distressed home, reasonable costs paid to independent third parties necessary to complete the distressed home conveyance transaction, the payment of money to satisfy a debt or legal obligation of the distressed homeowner, or the reasonable cost of repairs for damage to the distressed home caused by the distressed homeowner. "Consideration" does not include amounts imputed as a down payment or fee to the distressed home purchaser or a person acting in participation with the distressed home purchaser;

(3) Enter into repurchase or lease terms as part of the distressed home conveyance that are unfair or commercially unreasonable, or engage in any other unfair or deceptive acts or practices;

(4) Represent, directly or indirectly, that (a) the distressed home purchaser is acting as an advisor or consultant, (b) the distressed home purchaser is acting on behalf of or in the interests of the distressed homeowner, or (c) the distressed home purchaser is assisting the distressed homeowner to save the distressed home, buy time, or use other substantially similar language;

(5) Misrepresent the distressed home purchaser's status as to licensure or certification;

(6) Perform any of the following until after the time during which the distressed homeowner may cancel the transaction has expired:

(a) Accept from any distressed homeowner an execution of, or induce any distressed homeowner to execute, any instrument of conveyance of any interest in the distressed home;

(b) Record with the county auditor any document, including any instrument of conveyance, signed by the distressed homeowner; or

(c) Transfer or encumber or purport to transfer or encumber any interest in the distressed home;

(7) Fail to convey title to the distressed home when the terms of the distressed home conveyance contract have been fulfilled;

(8) Enter into a distressed home conveyance where any party to the transaction is represented by a power of attorney;

(9) Fail to extinguish or assume all liens encumbering the distressed home immediately following the conveyance of the distressed home;

(10) Fail to close a distressed home conveyance in person before an independent third party who is authorized to conduct real estate closings within the state.

Sec. 11. RCW 61.34.040 and 1988 c 33 s 3 are each amended to read as follows:

(1) In addition to the criminal penalties provided in RCW 61.34.030, the legislature finds (and declares) that (equity skimming and related practices) the practices in paragraphs (a) through (vii) are matters vitally affecting the public interest: (the commission by any person of an act of equity skimming or a pattern of equity skimming is an unfair or deceptive act or practice and unfair method of competition in the conduct of trade or commerce in violation of RCW 19.86.0290) for the purpose of applying chapter 19.86 RCW. A violation of this chapter is not reasonable in relation to the development and preservation of business and is an unfair method of competition for the purpose of applying chapter 19.86 RCW.

(2) In a private right of action under chapter 19.86 RCW for a violation of this chapter, the court may double or triple the award of damages pursuant to RCW 19.86.090, subject to the statutory limit. If, however, the court determines that the defendant acted in bad faith, the limit for doubling or tripling the award of damages may be increased, but shall not exceed one hundred thousand dollars. Any claim for damages brought under this chapter must be commenced within four years after the date of the alleged violation.

(3) The remedies provided in this chapter are cumulative and do not restrict any remedy that is otherwise available. The provisions of this chapter are not exclusive and are in addition to any other requirements, rights, remedies, and penalties provided by law. An action under this chapter shall not affect the rights in the distressed home held by a distressed home purchaser for value under this chapter or other applicable law.

BILL NO. 2822 with the following amendment:

"NEW SECTION, Sec. 1. A new section is added to chapter
2.56 RCW to read as follows:
Subject to the availability of funds appropriated therefor,
the family and juvenile court improvement grant program is created.
(1) The purpose of the program is to assist superior courts in
improving their family and juvenile court systems, especially in
dependency cases with the goals of:
(a) Assuring a stable and well-trained judiciary in family and
juvenile law providing consistency of judicial officers hearing all of
the proceedings in a case involving one family, especially in
dependency cases; and
(b) Ensuring judicial accountability in implementing specific
principles and practices for family and juvenile court.
(2) The administrator for the courts shall develop and
administer the program subject to requirements in section 2 of this
act. As part of administering the program, the administrator for the
courts shall define appropriate outcome measures, collect data, and
gather information from courts receiving grants.

NEW SECTION, Sec. 2. A new section is added to chapter
2.56 RCW to read as follows:
(1) A superior court may apply for grants from the family and
juvenile court improvement grant program by submitting a local
improvement plan with the administrator for the courts. To be
eligible for grant funds, a superior court's local improvement plan
must meet the criteria developed by the administrator for the courts
and approved by the board for judicial administration. The criteria
must be consistent with the principles adopted for unified family
courts. At a minimum, the criteria must require that the court's local
improvement plan meet the following requirements:
(a) Commit to a chief judge assignment to the family and
juvenile court for a minimum of two years;
(b) Implementation of the principle of one judicial team hearing
all of the proceedings in a case involving one family, especially in
dependency cases;
(c) Require court commissioners and judges assigned to family
and juvenile court to receive a minimum of thirty hours specialized
training in topics related to family and juvenile matters within six
months of assuming duties in family and juvenile court. Where
possible, courts should utilize local, statewide, and national training
forums. A judicial officer's recorded educational history may be
applied toward the thirty-hour requirement. The topics for training
must include:
(i) Parentage;
(ii) Adoption;
(iii) Domestic relations;
(iv) Dependency and termination of parental rights;
(v) Child development;
(vi) The impact of child abuse and neglect;
(vii) Domestic violence;
(viii) Substance abuse;
(ix) Mental health;
(x) Juvenile status offenses;
(xi) Juvenile offenders;
(xii) Self-representation issues;
(xiii) Cultural competency;
(xiv) Roles of family and juvenile court judges and commissioners; and

(d) As part of the application for grant funds, submit a spending proposal detailing how the superior court would use the grant funds.

(2) Courts receiving grant money must use the funds to improve and support family and juvenile court operations based on standards developed by the administrator for the courts and approved by the board for judicial administration. The standards may allow courts to use the funds to:
(a) Pay for family and juvenile court training of commissioners and judges or pay for pro tem commissioners and judges to assist the court while the commissioners and judges receive training;
(b) Increase judicial and nonjudicial staff, including administrative staff to improve case coordination and referrals in family and juvenile cases, guardian ad litem volunteers or court-appointed special advocates, security, and other staff;
(c) Improve the court facility to better meet the needs of children and families;
(d) Improve referral and treatment options for court participants, including enhancing court facilitator programs and family treatment court and increasing the availability of alternative dispute resolution;
(e) Enhance existing family and children support services funded by the courts and expand access to social service programs for families and children ordered by the court; and
(f) Improve or support family and juvenile court operations in any other way deemed appropriate by the administrator for the courts.

(3) The administrator for the courts shall allocate available grant moneys based upon the needs of the court as expressed in their local improvement plan.

(4) Money received by the superior court under this program must be used to supplement, not supplant, any other local, state, and federal funds for the court.

(5) Upon receipt of grant funds, the superior court shall submit to the administrator for the courts a spending plan detailing the use of funds. At the end of the fiscal year, the superior court shall submit to the administrator for the courts a financial report comparing the spending plan to actual expenditures. The administrator for the courts shall compile the financial reports and submit them to the appropriate committees of the legislature.

NEW SECTION. Sec. 3. A new section is added to chapter 2.56 RCW to read as follows:

After July 1, 2009, grant money received by a court under section 1 of this act shall be deemed to be state funding for the purpose of RCW 26.12.260 thereby obligating the court to operate a program to provide services to all parties involved in dissolution proceedings as required in RCW 26.12.260.

This obligation remains in effect only for the duration of the grant authorized by section 1 of this act.

Sec. 4. RCW 2.56.030 and 2007 c 496 s 302 are each amended to read as follows:

The administrator for the courts shall, under the supervision and direction of the chief justice:

(1) Examine the administrative methods and systems employed in the offices of the judges, clerks, stenographers, and employees of the courts and make recommendations, through the chief justice, for the improvement of the same;

(2) Examine the state of the dockets of the courts and determine the need for assistance by any court;

(3) Make recommendations to the chief justice relating to the assignment of judges where courts are in need of assistance and carry out the direction of the chief justice as to the assignments of judges to counties and districts where the courts are in need of assistance;

(4) Collect and compile statistical and other data and make reports of the business transacted by the courts and transmit the same to the chief justice to the end that proper action may be taken in respect thereto;

SUBSTITUTE HOUSE BILL NO. 2585, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 11, 2008

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 3329 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the state's public four-year institutions and the higher education coordinating board have made progress in developing a process to create a single prioritized list of capital project requests as required under RCW 28B.76.220. The legislature also finds that this process requires further refinement to achieve the state's policy objectives as outlined in the higher education coordinating board's strategic master plan for higher education in Washington. The legislature further finds the goal of creating additional, innovative facilities and programs that meet the learning needs of students throughout the state in a timely and cost-effective fashion requires a new approach to facility prioritization that emphasizes strategic planning. The legislature therefore intends to establish a new process for prioritizing capital project requests by the four-year institutions that utilizes the expertise and government-wide perspective of the office of financial management, and that is based upon the model that has been used successfully by the community and technical college system. The new process must emphasize objective analysis, a statewide perspective, and a strategic balance among facility preservation, new construction, and innovative delivery mechanisms. The legislature further recognizes that institutions of higher education are likely to require substantial new capital investments in order to continue to provide a wide range of high quality programs to students and the community, and that the state's ability to provide such resources is constrained by increasing capital expenditure needs within the K-12, public safety, social services, and community economic development arenas. The legislature therefore intends to identify and assess potential alternative means for increasing the capacity of public higher education institutions to meet the demands of the twenty-first century.

NEW SECTION. Sec. 2. (1) By October 15th of each even-numbered year, the office of financial management shall complete an objective analysis and scoring of all capital budget project proposals proposed by the public four-year institutions of higher education and submit the results of the scoring process to the legislative fiscal committees, the higher education coordinating board, and the four-year institutions, except that, for 2008, the office of financial management shall complete the objective analysis and scoring by November 1st. Each project must be reviewed and scored within one of the following categories, according to the project's principal purpose. Each project may be scored in only one category. The categories are:

(a) Access-related projects to accommodate enrollment growth at main and branch campuses, at existing or new university centers, or through distance learning. Growth projects should provide significant additional student capacity. Proposed projects must demonstrate that they are based on solid enrollment demand projections, more cost-effectively provide enrollment access than alternatives such as university centers and distance learning, and make cost-effective use of existing and proposed new space;

(b) Projects that replace failing permanent buildings or renovate facilities to restore building life and upgrade space to meet current program requirements. Facilities that cannot be economically renovated are considered replacement projects. Renovation projects should represent a complete renovation of a total facility or an isolated wing of a facility. A reasonable renovation project should cost between sixty to eighty percent of current replacement value and require a renovated area to at least twenty-five years of useful life. New space may be programmed for the same or a different use than the space being replaced or renovated and may include additions to improve access and enhance the relationship of program or support space;

(c) Major stand-alone campus infrastructure projects;

(d) Projects that promote economic growth and innovation through expanded research activity. The acquisition and installation of specialized equipment is authorized under this category; and

(e) Other project categories as determined by the office of financial management in consultation with the legislative fiscal committees.

(2) The office of financial management, in consultation with the legislative fiscal committees and the joint legislative audit and review committee, shall establish a scoring system and process for each four-year project category that is based on the framework used in the community and technical college system of prioritization. Staff from the state board for community and technical colleges, the higher education coordinating board, and the four-year institutions shall provide technical assistance on the development of a scoring system and process.

(3) The office of financial management shall consult with the legislative fiscal committees in the scoring of four-year institution project proposals, and may also solicit participation by the joint legislative audit and review committee and independent experts.

(a) For each four-year project category, the scoring system must, at a minimum, include an evaluation of enrollment trends, reasonableness of cost, the ability of the project to enhance specific
strategic master plan goals, age and condition of the facility if applicable, and impact on space utilization.

(b) Each four-year project category may include projects at the predesign, design, or construction funding phase.

(c) To the extent possible, the objective analysis and scoring system of all capital budget projects shall occur within the context of any and all performance agreements between the office of financial management and the governing board of a public, four-year institution of higher education that aligns goals, priorities, desired outcomes, flexibility, institutional mission, accountability, and levels of resources.

In evaluating and scoring four-year institution projects, the office of financial management shall take into consideration project schedules that result in realistic, balanced, and predictable expenditure patterns over the ensuing three biennia.

The office of financial management shall distribute common definitions, the scoring system, and other information required for the project proposal and scoring process as part of its biennial budget instructions, except that, for the 2009-2011 budget development cycle, this information must be distributed by July 1, 2008. The office of financial management, in consultation with the legislative fiscal committees and the joint legislative audit and review committee, shall develop common definitions that four-year institutions must use in developing their project proposals and lists under this section.

In developing any scoring system for capital projects proposed by the four-year institutions, the office of financial management:

(a) Shall be provided with all required information by the four-year institutions as deemed necessary by the office of financial management;

(b) May utilize independent services to verify, sample, or evaluate information provided to the office of financial management by the four-year institutions; and

(c) Shall have full access to all data maintained by the higher education coordinating board and the joint legislative audit and review committee concerning the condition of higher education facilities.

By August 15th of each even-numbered year, beginning in 2008, each public four-year higher education institution shall prepare and submit prioritized lists of the individual projects proposed by the institution for the ensuing six-year period in each category. On a pilot basis, the office of financial management shall require one research university to prepare two separate prioritized lists for each category, one for the main campus, and one covering all of the institute's branch campuses. The office of financial management shall report to the legislative fiscal committees by December 1, 2009, on the effect of this pilot project on capital project financing for all branch campuses. The lists must be submitted to the office of financial management and the legislative fiscal committees. The four-year institutions may aggregate minor works project proposals by primary purpose for ranking purposes. Proposed minor works projects must be prioritized within the aggregated proposal, and supporting documentation, including project descriptions and cost estimates, must be provided to the office of financial management and the legislative fiscal committees.

NEW SECTION. Sec. 3. The office of financial management shall submit a higher education capital facility financing study to the governor and the appropriate legislative fiscal committees by December 1, 2008. In designing and conducting the study, the office of financial management shall consult with legislative and fiscal committee leadership, the department of revenue, the state investment board, the higher education coordinating board, the state board for community and technical colleges, and the public four-year institutions of higher education. The study must include:

(1) A review of the methods that are used to fund higher education facility expansion and improvements in other states, with particular emphasis on Washington's global challenge states, and the relative portions of such expenditures that are borne by students, state taxpayers, federal grants, and private contributions;

(2) An examination of alternatives for reducing facility construction and maintenance expenditures per student through strategies such as expansion of distance learning opportunities, increased scheduling of classes during evenings and weekends, the establishment of expected cost benchmarks by facility type, and other means; and

(3) An assessment of the strengths and weaknesses of potential new revenue sources that might be applied to the funding of higher education facilities. These alternative sources must include, but not be limited to, adjusting student fees to support a larger share of the cost of such facilities, bonding against student fee revenues, utilizing local tax revenues to support local higher education capital needs, promoting business participation in the financing of programs strongly linked to area economic development, and other means.

Sec. 4. RCW 28B.76.210 and 2007 c 458 s 202 are each amended to read as follows:

(1) The board shall collaborate with the four-year institutions including the council of presidents, the community and technical college system, and when appropriate the workforce training and education coordinating board, the superintendent of public instruction, and the independent higher educational institutions to identify budget priorities and levels of funding for higher education, including the two and four-year institutions of higher education and state financial aid programs. It is the intent of the legislature that recommendations from the board reflect not merely the sum of budget requests from multiple institutions, but prioritized funding needs for the overall system of higher education.

(2) By December of each odd-numbered year, the board shall distribute guidelines which outline the board's fiscal priorities to the institutions and the board for community and technical colleges.

(a) The institutions and the state board for community and technical colleges shall submit an outline of their proposed operating budgets to the board no later than July 1st of each even-numbered year. Pursuant to guidelines developed by the board, operating budget outlines submitted by the institutions and the state board for community and technical colleges after January 1, 2007, shall include all policy changes and enhancements that will be requested by the institutions and the state board for community and technical colleges in their respective biennial budget requests. Operating budget outlines shall include a description of each policy enhancement, the dollar amount requested, and the fund source being requested.

(b) Capital budget outlines for the two-year institutions shall be submitted by August 15th of each even-numbered year, and shall include the prioritized ranking of the capital projects being requested (by two-year and four-year institutions, respectively). A description of each capital project, and the amount and fund source being requested (shall be included for each capital project appearing in the prioritized rankings).

(c) Capital budget outlines for the four-year institutions must be submitted by August 15th of each even-numbered year, and must include: The institutions' priority ranking of the project; the capital budget category within which the project will be submitted to the office of financial management in accordance with section 2 of this act; a description of each capital project; and the amount and fund source being requested.

(d) The office of financial management shall reference these reporting requirements in its budget instructions.

(3) The board shall review and evaluate the operating and capital budget requests from the four-year institutions and the community and technical college system based on how the requests align with the board's budget priorities, the missions of the institutions, and the statewide strategic master plan for higher education under RCW 28B.76.200.

(4) The board shall submit recommendations on the proposed (budgets) operating budget and (on the board's budget) priorities to the office of financial management (before) by October 1st of each even-numbered year, and to the legislature by January 1st of each odd-numbered year. The board's capital budget recommendations for the community and technical college system and the four-year institutions must be submitted to the office of financial management by November 15th of each even-numbered year and to the legislature by January 1st of each odd-numbered year. The board's recommendations for the four-year institutions
must include the relative share of the higher education capital budget that the board recommends be assigned to each project category, as defined in section 2 of this act, and to minor works program and preservation.  

(5) Institutions and the state board for community and technical colleges shall submit any supplemental budget requests and revisions to the board at the same time they are submitted to the office of financial management. The board shall submit recommendations on the proposed supplemental budget requests to the office of financial management by November 1st and to the legislature by January 1st.

**NEW SECTION. Sec. 5.** RCW 28B.76.220 (Prioritized capital project lists for higher education institutions) and 2004 c 275 s 8 & 2003 1st sps. c 8 s 2 are each repealed.

**NEW SECTION. Sec. 6.** Section 2 of this act constitutes a new chapter in Title 43 RCW.

MESSAGE FROM THE SENATE

March 11, 2008

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 3362 with the following amendment:

Strike everything after the enacting clause and insert the following:

SEC. 1. ENGY. The legislature finds and declares that...
"NEW SECTION. Sec. 1. The legislature finds that improving energy efficiency is key to achieving the state's goals to reduce greenhouse gas emissions to 1990 levels by 2020. The legislature further finds that increased energy efficiency saves Washington businesses money, which in turn helps the state and local economies, as energy bill savings can be spent on local goods and services. Washington state and federal appliance standards passed since 2005 will produce about eighty thousand metric tons of greenhouse gas emissions savings toward Washington's 2020 target. However, there are a large number of commercial devices on the market that are not subject to those standards. In addition, there are many new products on the market that are much more energy efficient than required by such standards, but because they may be more expensive than standard models, they represent only a small percentage of sales. Most commercial equipment, once purchased, will be in use for ten to fifteen years; therefore, the more energy efficient they are, the greater the energy and cost savings and reductions in climate pollution.

Thus, the legislature intends to enact tax incentives as a means to encourage Washington businesses to purchase certain high efficiency appliances and equipment and to maximize the energy savings opportunity available through increased and sustained market share of those appliances and equipment.

NEW SECTION. Sec. 2. A new section is added to chapter 82.04 RCW to read as follows:

(1) In computing the tax imposed under this chapter, a credit is allowed in an amount equal to eight and eight-tenths percent multiplied by the purchase price, as defined in RCW 82.12.010, of the following items:

(a) Commercial freezers and refrigerators meeting consortium for energy efficiency tier 2 specifications dated January 1, 2006;

(b) High efficiency commercial clothes washers meeting consortium for energy efficiency specifications dated November 14, 2007;

(c) Commercial ice makers meeting consortium for energy efficiency specifications dated January 1, 2006;

(d) Commercial full-sized gas convection ovens with interior measurements of six cubic feet or larger;

(e) Commercial deep fat fryers which are rated energy star as of August 2003;

(f) Commercial hot food holding cabinets which are rated energy star as of August 2003; and

(g) Commercial electric and gas steam cookers, also known as compartment cookers, which are rated energy star as of August 2003.

(2) A person may not take the credit under this section if the person's gross income of the business in the prior calendar year exceeded seven hundred fifty thousand dollars.

(3) A credit earned during one calendar year may be carried over to be credited against taxes incurred in the subsequent calendar year. Credit may not be claimed against taxes due for any tax reporting period ending before the credit was earned. No refunds shall be granted for credits under this section.

(4) Credits are available on a first-in-time basis. The department shall disallow any credits, or portion thereof, that would cause the total amount of credits claimed statewide under this section in any year to exceed seven hundred fifty thousand dollars. If the seven hundred fifty thousand dollar limitation is reached, the department shall provide written notice to any person that has claimed tax credits after the seven hundred fifty thousand dollar limitation in this subsection has been met. The notice shall indicate the amount of tax due and shall provide that the tax be paid within thirty days from the date of such notice. The department may not assess penalties and interest as provided in chapter 82.32 RCW on the amount due in the initial notice if the amount due is paid by the due date specified in the notice, or any extension thereof.

(5) The department of community, trade, and economic development must prepare and deliver a report to the legislature no later than December 30, 2010, assessing the overall energy and cost saving impacts of this section.

(6) Credit may not be claimed under this section for the purchase of an item, listed in subsection (1) of this section, before the effective date of this section.

(7) Credit may not be claimed under this section for the purchase of an item, listed in subsection (1) of this section, after June 30, 2010.

(8) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a)(i) "Commercial refrigerators and freezers" means refrigerators, freezers, or refrigerator-freezers designed for use by commercial or institutional facilities for the purpose of storing or merchandising food products, beverages, or ice at specified temperatures that: (A) Incorporate most components involved in the vapor-compression cycle and the refrigerated compartment in a single cabinet; and (B) may be configured with either solid or transparent doors as a reach-in cabinet, pass-through cabinet, roll-in cabinet, or roll-through cabinet.

(ii) "Commercial refrigerators and freezers" does not include:

(A) Products with eighty-five cubic feet or more of internal volume;

(B) walk-in refrigerators or freezers;

(C) consumer products that are federally regulated pursuant to Title 42 U.S.C. Sec. 6291 et seq.;

(D) products without doors; or

(E) freezers specifically designed for ice cream.

(b) "Commercial clothes washer" means a soft mount horizontal or vertical-axis clothes washer that: (i) Has a clothes container compartment no greater than three and one-half cubic feet in the case of a horizontal-axis product or no greater than four cubic feet in the case of a vertical-axis product; and (ii) is designed for use by more than one household, such as in multifamily housing, apartments, or coin laundries.

(c) "Commercial hot food holding cabinet" means an appliance that is designed to hold hot food at a specified temperature, which has been cooked using a separate appliance.

(d) "Commercial ice maker" means a factory-made assembly, not necessarily shipped in one package, consisting of a condensing unit and ice-making section operating as an integrated unit with means for making and harvesting ice. It may also include integrated components for storing or dispensing ice, or both.

(e) "Commercial open, deep-fat fryer" means an appliance, including a cooking vessel, in which oil is placed to such a depth that the cooking food is essentially supported by displacement of the cooking fluid rather than by the bottom of the vessel. Heat is delivered to the cooking fluid by means of an immersed electric element or band-wrapped vessel (electric fryers), or by heat transfer from gas burners through either the walls of the fryer or through tubes passing through the cooking fluid (gas fryers).

(f) "Consortium" means the consortium for energy efficiency, a United States nonprofit public benefit corporation that promotes the manufacture and purchase of energy efficient products and services. The consortium's members include utilities, statewide and regional market transformation administrators, environmental groups, research organizations, and state energy offices in the United States and Canada.

(g) "Energy star" is an energy efficient product that meets the federal environmental protection agency's and federal department of energy's criteria for use of the energy star trademark label, or is in the upper twenty-five percent of efficiency for all similar products as designated by the federal energy management program. Energy star is a voluntary labeling program designed to identify and promote energy efficient products to reduce greenhouse gas emissions.

(h) "Steam cooker" means a device with one or more food steaming compartments, in which the energy in the steam is transferred to the food by direct contact. Models may include countertop models, wall-mounted models, and floor models mounted on a stand, pedestal, or cabinet-style base.

NEW SECTION. Sec. 3. This act takes effect July 1, 2008.

NEW SECTION. Sec. 4. This act expires July 1, 2010."

HOUSE BILL NO. 3362, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 11, 2008

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 3374 with the following amendment:

Strike everything after the enacting clause and insert the following:

"PART 1

NEW SECTION. Sec. 101. For the purpose of providing state funds for federally matched flood hazard mitigation and other projects throughout the Chehalis river basin, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of fifty million dollars, or as much thereof as may be required, to finance the projects and all costs incidental thereto. Bonds authorized in this section may be sold at such price as the state finance committee shall determine. No bonds authorized in this section may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

NEW SECTION. Sec. 102. The proceeds from the sale of the bonds authorized in section 101 of this act shall be deposited in the state building construction account created by RCW 43.83.020. If the state finance committee deems it necessary to issue taxable bonds in order to comply with federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds, the proceeds of such taxable bonds shall be transferred to the state taxable building construction account in lieu of any deposits otherwise provided by this section. The state treasurer shall submit written notice to the director of financial management if it is determined that any such transfer to the state taxable building construction account is necessary. Moneys in the account may be spent only after appropriation. These proceeds shall be used exclusively for the purposes specified in section 101 of this act and for the payment of expenses incurred in the issuance and sale of the bonds. These proceeds shall be administered by the office of financial management subject to legislative appropriation.

NEW SECTION. Sec. 103. (1) The debt-limit general fund bond retirement account shall be used for the payment of the principal of and interest on the bonds authorized in section 101 of this act.

(2) The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount needed in the ensuing twelve months to meet the bond retirement and interest requirements. On each date on which any interest or principal and interest payment is due the state treasurer shall withdraw from any general state revenues received in the state treasury and any deposits in the debt-limit general fund bond retirement account an amount equal to the amount certified by the state finance committee to be due on the payment date.

NEW SECTION. Sec. 104. (1) Bonds issued under section 101 of this act shall state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay the principal and interest as the same shall become due.

(2) The owner and holder of each of the bonds or the trustee for the owner and holder of any of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of funds as directed in this section.

NEW SECTION. Sec. 105. The legislature may provide additional means for raising moneys for the payment of the principal of and interest on the bonds authorized in section 101 of this act, and section 103 of this act shall not be deemed to provide an exclusive method for the payment.

NEW SECTION. Sec. 106. The bonds authorized in section 101 of this act shall be a legal investment for all state funds or funds under state control and for all funds of any other public body.

PART 2

NEW SECTION. Sec. 201. The legislature finds that the state's public schools and skill centers are a vital component of the future economic prosperity of our state and provide students with access to high-quality academic and technical skills instruction. Skill centers challenge, motivate, and provide opportunities for students to achieve in basic skills, critical thinking, leadership, and work skills through hands-on education, applied academics, and technology training using a cost-effective delivery model. The legislature further finds that barriers to access exist for students in rural and high-density areas, but the development of satellite and branch campus programs will provide the needed access. The legislature further finds that existing and proposed new skill centers will require facilities and equipment that simulate business and industry. Therefore, it is the intent of the legislature to provide a new source of funding for the critical capital needs of the state's skill centers to enhance access to career and technical education opportunities and to improve the condition of existing facilities. Enhanced capital funding will provide skill centers the ability to fulfill their critical
role in maintaining and stimulating the state's economy and expanding quality academic and career and technical education opportunities to more students, especially students who lack access to these programs to date.

In the interest of funding equity and ensuring a commitment to the new development, major renovation, or expansion of skill centers, all school district partners must contribute to the acquisition or major capital costs of skill center projects supported by this act to the greatest extent feasible.

NEW SECTION, Sec. 202. For the purpose of providing school construction assistance grants and needed capital improvements consisting of the predesign, design, acquisition, construction, modification, renovation, expansion, equipping, and other improvements of skill centers facilities, including capital improvements to support satellite or branch campus programs for underserved rural areas or high-density areas, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of one hundred million dollars, or as much thereof as may be required, to finance all or a part of these projects and all costs incidental thereto. Bonds authorized in this section may be sold at such price as the state finance committee shall determine. No bonds authorized in this section may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds. If the state finance committee deems it necessary to issue taxable bonds in order to comply with federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds, the proceeds of such taxable bonds shall be transferred to the state taxable building construction account in lieu of any deposits otherwise provided by this section. The state treasurer shall submit written notice to the director of financial management if it is determined that any such transfer to the state taxable building construction account is necessary.

NEW SECTION, Sec. 203. This chapter is not intended to limit the legislature's ability to appropriate bond proceeds if the full amount authorized in this chapter has not been appropriated after one biennia, and the authorization to issue bonds contained in this chapter does not expire until the full authorization has been appropriated and issued.

NEW SECTION, Sec. 204. (1) The proceeds from the sale of the bonds authorized in section 202 of this act shall be deposited in the school construction and skill centers building account created in section 210 of this act.

(2) The proceeds shall be used exclusively for the purposes stated in section 202 of this act and for the payment of the expenses incurred in connection with the sale and issuance of the bonds.

NEW SECTION, Sec. 205. (1) The nondenbt-limit reimbursable bond retirement account must be used for the payment of the principal and interest on the bonds authorized in section 202 of this act.

(2)(a) The state finance committee must, on or before June 30th of each year, certify to the state treasurer the amount needed in the ensuing twelve months to meet the bond retirement and interest requirements on the bonds authorized in section 202 of this act.

(b) On or before the date on which any interest or principal and interest due, the state treasurer shall transfer from that portion of the common school construction fund derived from the interest on the permanent common school fund into the nondenbt-limit reimbursable bond retirement account the amount computed in (a) of this subsection for bonds issued for the purposes of section 202 of this act. Any deficiency in such transfer shall be made up as soon as moneys are available for transfer and shall constitute a continuing obligation of that portion of the common school construction fund derived from the interest on the permanent common school fund until all deficiencies are fully paid.

NEW SECTION, Sec. 206. (1) Bonds issued under section 202 of this act shall state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay the principal and interest as the same shall become due.

(2) The owner and holder of each of the bonds or the trustee for the owner and holder of any of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of funds as directed in this section.

NEW SECTION, Sec. 207. The bonds authorized in section 202 of this act shall be a legal investment for all state funds or funds under state control and for all funds of any other public body.

NEW SECTION, Sec. 208. The legislature may provide additional means for raising money for the payment of the principal of and interest on the bonds authorized in section 202 of this act, and section 202 of this act shall not be deemed to provide an exclusive method for the payment.

NEW SECTION, Sec. 209. This chapter provides a complete, additional, and alternative method for accomplishing the purposes of this chapter and is supplemental and additional to powers conferred by other laws. The issuance of bonds under this chapter shall not be deemed to be the only method to fund projects under this chapter.

NEW SECTION, Sec. 210. The school construction and skill centers building account is created in the state treasury. Proceeds from the bonds issued under section 202 of this act shall be deposited in the account. The account shall be used for purposes stated in section 202 of this act. Moneys in the account may be spent only after appropriation.

No bonds, notes, or other evidences of indebtedness for borrowed money shall be issued by the state which will cause the aggregate debt contracted by the state to exceed that amount for which payments of principal and interest in any fiscal year would require the state to expend more than seven percent of the arithmetic mean of its general state revenues, as defined in RCW 39.42.070, for the three immediately preceding fiscal years as certified by the treasurer in accordance with RCW 39.42.070. (1) The office of the superintendent of public instruction shall review and revise the guidelines for skill centers to encourage skill center programs. The superintendent, in cooperation with the workforce training and education coordinating board, skill center directors, and the Washington association for career and technical education, shall review and revise the existing skill centers’ policy guidelines and create and adopt rules governing skill centers as follows:
(a) The threshold enrollment at a skill center shall be revised so that a skill center program need not have a minimum of seventy percent of its students enrolled on the skill center core campus in order to facilitate serving rural students through expansion of skill center programs by means of satellite programs or branch campuses;
(b) The developmental planning for branch campuses shall be encouraged. Underserved rural areas or high-density areas may partner with an existing skill center to create satellite programs or a branch campus. Once a branch campus reaches sufficient enrollment to become self-sustaining, it may become a separate skill center or remain an extension of the founding skill center; and
(c) Satellite and branch campus programs shall be encouraged to address high-demand fields.
(2) Rules adopted under this section shall allow for innovative models of satellite and branch campus programs, and such programs shall not be limited to those housed in physical buildings.
(3) The superintendent of public instruction shall develop and deliver a ten-year capital plan for legislative review before implementation. The superintendent of public instruction shall adopt rules that set a goal a ten percent minimum local project contribution threshold for major skill center projects, unless there is a compelling rationale not to do so, including but not limited to local economic conditions, as determined by the superintendent of public instruction. This applies to the acquisition or major capital costs of skill center projects as outlined in the ten-year capital plan.
(4) Subject to available funding, the superintendent shall:
(a) Conduct approved feasibility studies for serving noncooperative rural and high-density area students in their geographic areas; and
(b) Develop a statewide master plan that identifies standards and resources needed to create a technology infrastructure for connecting all skill centers to the K-20 network.

NEW SECTION. Sec. 304. Sections 201 through 210 of this act constitute a new chapter in Title 28A RCW.

NEW SECTION. Sec. 307. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

On page 1, line 1 of the title, after "Relating to" strike the remainder of the title and insert "state general obligation bonds for flood hazard mitigation projects and school facilities; amending RCW 39.42.060 and 28A.245.030; adding a new chapter to Title 43 RCW; adding a new chapter to Title 28A RCW; creating a new section; and declaring an emergency."

MESSAGE FROM THE SENATE
March 11, 2008

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE CONCURRENT RESOLUTION NO. 4408 with the following amendment:

Strike everything beginning with line 1 and insert the following:

WHEREAS, Washington State is an economic leader in a globally competitive environment where human capital is becoming the prime currency; and

WHEREAS, The legislature wishes to craft a vision for our education system that truly nurtures and develops each person to realize their limitless potential; and

WHEREAS, Postsecondary education is the crowning jewel in our state's human capital development plan and it is the legislature's intent to focus on the long-term goal of providing the necessary levels of education to our residents required to catapult Washington into global educational leadership; and

WHEREAS, This goal of providing the necessary levels of education will necessitate development of creative and visionary approaches to educational reform that include financing and revenue reform and implementation strategies to overcome the challenges in simultaneously funding all of the state's legitimate needs; and

WHEREAS, The higher education coordinating board is charged under RCW 28B.76.200 with developing a statewide strategic master plan for higher education, encompassing all sectors including the two-year system, workforce training, the four-year institutions of higher education, and financial aid; and

WHEREAS, The legislature enacted chapter 458, Laws of 2007, requiring the strategic master plan to present a vision, measurable goals, and priorities spanning a ten-year period of time, with strategies for expanding access, affordability, quality, efficiency, and accountability; and

WHEREAS, The legislature supports taking the steps needed to implement this vision of global educational leadership and supports the incremental steps proposed in the strategic master plan to improve our higher education system so as not to fall behind the rest of the world as other countries rush to confront the same challenges; and

WHEREAS, The legislature supports the short-term goals and policies embedded in the master plan that would create a higher education system grounded in equality, access, affordability, and accountability as well as promote economic growth and innovation; and

WHEREAS, The legislature will continue to look at ways to improve Washington's system of higher education; and

WHEREAS, The law provides that the legislature shall by concurrent resolution approve or recommend changes to the plan, following public hearings, after which the board shall incorporate legislative changes and adopt a final plan by June of the year in which the legislature passes the concurrent resolution; and

WHEREAS, The higher education coordinating board, from February through November 2007, conducted regular public meetings of the board and the board's advisory council and in fall 2007 organized public forums and focus group meetings around the state bringing educational, business, and community leaders together to engage stakeholders and the public in developing ideas for the strategic master plan; and

WHEREAS, The higher education coordinating board received input for the plan from a wide range of perspectives through presentations provided by leaders from the legislature, business, public and independent baccalaureate institutions of higher education, community and technical colleges, workforce training agencies, the common school system, and representatives of the governor, students, faculty, and communities of color, economists, and other experts; and

WHEREAS, The final report issued by Washington Learns called for a world-class, learner-focused seamless educational system from preschool through higher education and articulated a vision for the improvement of educational attainment at all levels of educational system in the state of Washington, a vision that lies at the heart of the proposed 2008 update of the master plan submitted by the higher education coordinating board; and

WHEREAS, The higher education coordinating board finds that while many of the world's developed nations have made huge gains in the educational attainment levels of their populations, the United States has not and Washingtonians aged twenty-five to thirty-four actually are less well-educated than Washingtonians aged forty-five to fifty-four; and

WHEREAS, Demographic projections indicate the population of Washington will grow thirty-seven percent by the year 2030 while the state's population simultaneously becomes much more diverse; and

WHEREAS, Over seventy percent of the workforce of the year 2030 is currently employed, and many will be required to upgrade their skills to keep up with technological and other workplace changes; and

WHEREAS, One out of four people aged eighteen to twenty-four does not have a high school diploma and Washington's undereducated working population is equal in size to its next ten high school graduating classes; and

WHEREAS, Global competition, process automation, the increased pace of technological change, and the progressively shortened life span of many products has and will continue to result in worker layoffs, and laid-off workers will need to retool their skills in order to be reemployed; and

WHEREAS, Our growing economy also depends on a skilled workforce including workers who have completed certificates, associate degrees, and apprenticeship programs; and

WHEREAS, Washington must attract annually to the state over thirty-six thousand people who hold at least a bachelor's degree in order to fill the jobs being created by the state's economy, a net immigration of highly educated workers second among Washington's Global Challenge State peers, behind only California, which attracts about thirty-nine thousand similarly educated people annually; and

WHEREAS, Depending on other states and nations to provide educational attainment levels necessary to fill the best jobs being created in Washington may not be a sustainable economic strategy and misses the opportunity to prepare Washington residents for some of the best jobs being created by Washington's economy; and

WHEREAS, The higher education coordinating board recommends creating opportunities for Washington residents and fueling the growth of Washington's economy by increasing annual production of certificates and two-year degrees to an annual total of thirty-six thousand two hundred by 2018; and

WHEREAS, The proposed master plan update recommends raising educational attainment by addressing diversity, raising expectations in the common school system, promoting lifelong learning and improving affordable access, and recommends a series of strategies for promoting economic growth, innovation, and funding for accountability and results;

NOW, THEREFORE, BE IT RESOLVED, By the House of Representatives of the state of Washington, the Senate concurring, that the statewide strategic master plan update submitted by the higher education coordinating board on December 15, 2007, be approved, provided that, during the development of the final plan, the higher education coordinating board should consider:

(1) Refining and prioritizing the proposed bachelor's degree and graduate degree production targets to base them more specifically upon the evolving needs of Washington's economy, rather than upon external benchmarks;

(2) Providing programs, degrees, and certificates that use industry best practices and an outcome-based approach for each academic subject offered including remedial and adult basic education;

(3) Maximizing the use of full-time faculty employment without hampering the institutions' ability to maintain an adequate level of flexibility and cost-effectiveness;
ANDERSON spoke in favor of the adoption of the concurrent resolution.

(2) The commissioner shall require carriers to provide to the contractor such data as the contractor determines is necessary to complete the evaluation under subsection (1) of this section. Data may include, but need not be limited to, the following:

(a) Data on the utilization of physical medicine and rehabilitation services and evaluation and management services associated with payment or billing codes for those services;

In selecting the two regional support networks or counties, the secretary shall endeavor to site one in an urban and one in a rural regional support network or county; and to site them in counties other than those selected pursuant to RCW 70.96A.800, to the extent necessary to facilitate evaluation of pilot project results. (2) The regional support networks or counties shall implement the pilot programs by providing integrated crisis response and involuntary treatment to persons with a chemical dependency, a mental disorder, or both, consistent with this chapter. The pilot programs shall:

(a) Combine the crisis responder functions of a designated mental health professional under chapter 71.05 RCW and a designated chemical dependency specialist under chapter 70.96A RCW by establishing a new designated crisis responder who is authorized to conduct investigations and detain persons up to seventy-two hours to the proper facility;

Sec. 5. RCW 70.96B.050 and 2007 c 120 s 1 are each amended to read as follows:

(1) When a designated crisis responder receives information alleging that a person, as a result of a mental disorder, chemical dependency disorder, or both, presents a likelihood of serious harm or is gravely disabled, the designated crisis responder may, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of any person providing information to initiate detention, if satisfied that the allegations are true and that the person will not voluntarily seek appropriate treatment, file a petition for initial detention. Before filing the petition, the designated crisis responder must personally interview the person, unless the person refuses an interview, and determine whether the person will voluntarily receive appropriate evaluation and treatment at either an evaluation and treatment facility, a detoxification facility, or other certified chemical dependency provider.

2(a) An order to detain an evaluation and treatment facility, a detoxification facility, or other certified chemical dependency provider for not more than a seventy-two-hour evaluation and treatment period may be issued by a judge upon request of a designated crisis responder: (i) Whenever it appears to the satisfaction of a judge of the superior court, district court, or other court permitted by court rule, that there is probable cause to support the petition, and (ii) that the person has refused or failed to accept appropriate evaluation and treatment voluntarily.

(b) The petition for initial detention, signed under penalty of perjury or sworn telephonic testimony, may be considered by the court in determining whether there are sufficient grounds for issuing the order.

(c) The order shall designate retained counsel or, if counsel is appointed from a list provided by the court, the name, business address, and telephone number of the attorney appointed to represent the person.

3 The designated crisis responder shall then serve or cause to be served on such person, his or her guardian, and conservator, if any, a copy of the order to appear, together with a notice of rights and a petition for initial detention. After service on the person, the designated crisis responder shall file the return of service in court and provide copies of all papers in the court file to the evaluation and treatment facility or secure detoxification facility and the designated attorney. The designated crisis responder shall notify the court and the prosecuting attorney that a probable cause hearing will be held within seventy-two hours of the date and time of outpatient evaluation or admission to the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider. If requested by the detained person or his or her attorney, the hearing may be postponed for a period not to exceed forty-eight hours. The hearing may be continued subject to the petitioner's showing of good cause for a period not to exceed twenty-four hours. The hearing may be accompanied by one or more of his or her relatives, friends, an attorney, a personal physician, or other professional or religious advisor to the place of evaluation. An attorney accompanying the person to the place of evaluation shall be permitted to be present during the admission evaluation. Any other person accompanying the person may be present during the admission evaluation. The facility may exclude the person if his or her presence would present a safety risk, delay the proceedings, or otherwise interfere with the evaluation.

4 The designated crisis responder may notify a peace officer to take the person or cause the person to be taken into custody and placed in an evaluation and treatment facility, a secure detoxification facility, or other certified chemical dependency provider. At the time the person is taken into custody there shall commence to be served on the person, his or her guardian, and conservator, if any, a copy of the original order together with a notice of detention, a notice of rights, and a petition for initial detention.

Sec. 6. RCW 70.96B.100 and 2005 c 504 s 211 are each amended to read as follows:

(1) A person detained for additional treatment under RCW 70.96B.090, the professional staff of the agency or facility may petition for additional treatment under RCW 70.96A.140.) (1) A person detained for fourteen days of involuntary chemical dependency treatment under RCW 70.96B.090 or subsection (6) of this section shall be released from involuntary treatment at the expiration of the period of commitment unless the professional staff of the agency or facility files a petition for an additional period of involuntary treatment under RCW 70.96A.140, or files a petition for sixty days less restrictive treatment under this section naming the detained person as a respondent. Costs associated with the obtaining or revocation of an order for less restrictive treatment and subsequent involuntary commitment shall be provided for within current funding.

2 A petition for less restrictive treatment must be filed at least three days before expiration of the fourteen-day period of intensive treatment, and comport with the rules contained in RCW 70.96B.090(2). The petition shall state facts that support the finding that the respondent, as a result of a chemical dependency, presents a likelihood of serious harm or is gravely disabled, and that continued treatment pursuant to a less restrictive order is in the best interest of the respondent or others. At the time of filing such a petition, the clerk shall set a time for the respondent to come before the court on the next judicial day after the day of filing unless such appearance is waived by the respondent's attorney.

3 At the time set for appearance the respondent must be brought before the court, unless such appearance has been waived and the court shall advise the respondent of his or her right to be represented by an attorney. If the respondent is not represented by an attorney, or is indigent or is unwilling to retain an attorney, the court shall immediately appoint an attorney to represent the respondent. The court shall, if requested, appoint a reasonably available licensed physician, psychologist, or psychiatrist, designated by the respondent to examine and testify on behalf of the respondent.

4 The court shall conduct a hearing on the petition for sixty days less restrictive treatment on or before the last day of the confinement period. The burden of proof shall be by clear, cogent, and convincing evidence and shall be upon the petitioner. The respondent shall be present at such proceeding. The rules of evidence shall apply, and the respondent shall have the right to confront and cross-examine witnesses who testify against him or her, to remain silent, and to view and copy all petitions and reports in the court file. The physician-patient privilege or the psychologist-client privilege shall be deemed waived in accordance with the provisions under RCW 71.05.360(9). Involuntary treatment shall continue while a petition for less restrictive treatment is pending under this section.

5 The court may impose a sixty-day less restrictive order if the evidence shows that the respondent, as a result of a chemical dependency, presents a likelihood of serious harm or is gravely disabled, and that continued treatment pursuant to a less restrictive order is in the best interest of the respondent or others. The less restrictive order may impose treatment conditions and other conditions which are in the best interest of the respondent and others. A copy of the less restrictive order shall be given to the respondent, the designated crisis responder, and any program designated to provide less restrictive treatment. A program designated to provide less restrictive treatment and willing to supervise the conditions of the less restrictive order may modify the conditions for continued release when the modification is in the best interests of the respondent, but must notify the designated crisis responder and the court of such modification.

6 If a program approved by the court and willing to supervise the conditions of the less restrictive order or the designated crisis responder determines that the respondent is failing to adhere to the terms of the less restrictive order or that substantial deterioration in the respondent's functioning has occurred, then the designated crisis responder shall notify the court of original commitment and request a hearing to be held no less than two and no more than seven days
after the date of the request to determine whether or not the respondent should be returned to more restrictive care. The designated crisis responder may cause the respondent to be immediately taken into custody of the secure detoxification facility pending the hearing if the alleged noncompliance causes the respondent to present a likelihood of serious harm. The designated crisis responder shall file a petition with the court stating the facts substantiating the need for the hearing along with the treatment recommendations. The respondent shall have the same rights with respect to notice, hearing, and counsel as for the original involuntary treatment proceedings. The issues to be determined at the hearing are whether the conditionally released respondent did or did not adhere to the terms and conditions of his or her release to less restrictive care or that substantial deterioration of the respondent's functioning has occurred and whether the conditions of release should be modified or the respondent should be returned to a more restrictive setting. The hearing may be waived by the respondent and his or her counsel and his or her guardian or conservator, if any, but may not be waived unless all such persons agree to the waiver. If the court finds in favor of the petitioner, or the respondent waives a hearing, the court may order the respondent to be committed to a secure detoxification facility for fourteen days of involuntary chemical dependency treatment, or may order the respondent to be returned to less restrictive treatment on the same or modified conditions.

NEW SECTION. Sec. 7. RCW 70.96B.900 (Expiration date--2005 c 504 ? 202-216) and 2005 c 504 s 219 are each repealed.

Representative Ormsby moved the adoption of amendment (1566):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 43.160.010 and 1999 c 164 s 101 and 1999 c 94 s 5 are each reenacted and amended to read as follows:

(1) The legislature finds that it is the public policy of the state of Washington to direct financial resources toward the fostering of economic development through the stimulation of investment and job opportunities and the retention of sustainable existing employment for the general welfare of the inhabitants of the state. Reducing unemployment and reducing the time citizens remain jobless is important for the economic welfare of the state. A valuable means of fostering economic development is the construction of public facilities which contribute to the stability and
growth of the state's economic base. (Strengthening the economic base through issuance of industrial development bonds, whether single or umbrella, further serves to reduce unemployment. Consolidating issues of industrial development bonds when feasible to reduce costs additionally advances the state's purpose to improve economic vitality.) Expenditures made for these purposes as authorized in this chapter are declared to be in the public interest, and constitute a proper use of public funds. A community economic revitalization board is needed which shall aid the development of economic opportunities. The general objectives of the board should include:

(a) Strengthening the economies of areas of the state which have experienced or are expected to experience chronically high unemployment rates or below average growth in their economies;
(b) Encouraging the diversification of the economies of the state and regions within the state in order to provide greater seasonal and cyclical stability of income and employment;
(c) Encouraging wider access to financial resources for both large and small industrial development projects;
(d) Encouraging new economic development or expansions to maximize employment; and
(e) Providing incentives for expansion of employment opportunities for groups of state residents that have been less successful relative to other groups in efforts to gain permanent employment.

2. The legislature also finds that the state's economic development efforts can be enhanced by, in certain instances, providing funds to improve state highways, county roads, or city streets for industries considering locating or expanding in this state.

(a) The legislature finds it desirable to provide a process whereby the need for diverse public works improvements necessitated by planned economic development can be addressed in a timely fashion and with coordination among all responsible governmental entities.

(b) All transportation improvements on state highways must first be approved by the state transportation commission and the community economic revitalization board in accordance with the procedures established by RCW 43.160.074 and 47.01.280.

3. The legislature also finds that the state's economic development efforts can be enhanced by, in certain instances, providing funds to assist development of telecommunications infrastructure that supports business development, retention, and expansion in ((rural natural resources impact areas and rural counties of)) the state.

((a)) (4) The legislature also finds that the state's economic development efforts can be enhanced by, in certain instances, providing funds to improve markets for those recyclable materials representing a large fraction of the waste stream. The legislature finds that public facilities which result in private construction of processing or remanufacturing facilities for recyclable materials are eligible for consideration from the board.

((b)) (6) The legislature finds that sharing economic growth statewide is important to the welfare of the state. (Rural counties and rural natural resources impact areas do not share in the economic vitality of the Puget Sound region.) The ability of ((these)) communities to pursue business and job retention, expansion, and development opportunities depends on their capacity to ready necessary economic development project plans, sites, permits, and infrastructure for private investments. Project-specific planning, predetermination, and infrastructure are critical ingredients for economic development. (Rural counties and rural natural resources impact areas generally lack these necessary tools and resources to diversify and revitalize their economies.) It is, therefore, the intent of the legislature to increase the amount of funding available through the community economic revitalization board ((for rural counties and rural natural resources impact areas,)) and to authorize flexibility for available resources in these areas to help fund planning, predetermination, and construction costs of infrastructure and facilities and sites that foster economic vitality and diversification.

NEW SECTION. Sec. 12. (1) The legislature recognizes that although many regions of the state are thriving, there are still distressed communities throughout rural and urban Washington where capital investments in community services initiatives could create vibrant local business districts and prosperous neighborhoods.

(2) The legislature also recognizes that nonprofit organizations provide a variety of community services that serve the needs of the citizens of Washington, including many services implemented under contract with state agencies. The legislature also finds that the efficiency and quality of these services may be enhanced by the provision of safe, reliable, and sound facilities, and that, in certain cases, it may be appropriate for the state to assist in the development of these facilities.

(3) The legislature finds that providing these capital investments is critical for the economic health of local distressed communities, helps build strong relationships with the state, and expands life opportunities for underserved, low-income populations.

NEW SECTION. Sec. 13. A new section is added to chapter 43.63A RCW to read as follows:

The definitions in this section apply throughout RCW 43.63A.125, this section, and sections 14 and 16 of this act unless the context clearly requires otherwise.

(2) "Distressed community" means: (a) A county that has an unemployment rate that is twenty percent above the state average for the immediately previous three years; (b) an area within a county that the department determines to be a low-income community, using as guidance the low-income community designations under the community development financial institutions fund's new markets tax credit program of the United States department of the treasury; or (c) a school district in which at least fifty percent of local elementary students receive free and reduced-price meals.

(3) "Nonprofit organization" means an organization that is tax exempt, or not required to apply for an exemption, under section 501(c)(3) of the federal internal revenue code of 1986, as amended.

(4) "Technical assistance" means professional services provided under contract to nonprofit organizations for feasibility studies, planning, and project management related to acquiring, constructing, or rehabilitating nonresidential community services facilities.

NEW SECTION. Sec. 14. A new section is added to chapter 43.63A RCW to read as follows:
The building communities fund account is created in the state treasury. The account shall consist of legislative appropriations and gifts, grants, or endowments from other sources as permitted by law. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for capital and technical assistance grants as provided in RCW 43.63A.125.

Sec. 15. RCW 43.63A.125 and 2006 c 371 s 233 are each amended to read as follows:

(1) The department shall establish ((a competitive process to solicit proposals for and prioritize projects that assist nonprofit organizations in)) the building communities fund program. Under the program, capital and technical assistance grants may be made to nonprofit organizations for acquiring, constructing, or rehabilitating facilities used for the delivery of nonresidential ((social)) community services, including social service centers and multipurpose community centers, including those serving a distinct or ethnic population. Such facilities must be located in a distressed community or serve a substantial number of low-income or disadvantaged persons.

(2) The department shall establish a competitive process to ((prioritize)) solicit and evaluate applications for the ((assistance)) building communities fund program as follows:

(a) The department shall conduct a statewide solicitation of project applications from ((local governments,)) nonprofit organizations((, and other entities, as determined by the department)).

(b) The department shall evaluate ((and rank)) applications in consultation with a citizen advisory committee using objective criteria. ((At a minimum)) To be considered qualified, applicants must demonstrate that the ((requested assistance)) proposed project:

(i) Will increase the range, efficiency, or quality of the ((social)) services ((it provides)) provided to citizens;

(ii) Will be located in a distressed community or will serve a substantial number of low-income or disadvantaged persons;

(iii) Will offer a diverse set of activities that meet multiple community service objectives, including but not limited to: Providing social services; expanding employment opportunities for or increasing the employability of community residents; or offering educational or recreational opportunities separate from the public school system or private schools, as long as recreation is not the sole purpose of the facility;

(iv) Reflects a long-term vision for the development of the community, shared by residents, businesses, leaders, and partners;

(v) Requires state funding to accomplish a discrete, usable phase of the project;

(vi) Is ready to proceed and will make timely use of the funds;

(vii) Is sponsored by one or more entities that have the organizational and financial capacity to fulfill the terms of the grant agreement and to maintain the project into the future;

(viii) Fills an unmet need for community services;

(ix) Will achieve its stated objectives; and

(x) Is a community priority as shown through tangible commitments of existing or future assets made to the project by community residents, leaders, businesses, and government partners.

(c) The evaluation ((and ranking)) process shall also include an examination of existing assets that applicants may apply to projects. Grant assistance under this section shall not exceed twenty-five percent of the total cost of the project, except, under exceptional circumstances, the department may reduce the amount of nonstate match required. The nonstate portion of the total project cost may include cash, the value of real property when acquired solely for the purpose of the project, and in-kind contributions.

((b) The department shall submit a prioritized list of recommended projects to the governor and the legislature in the department's biennial capital budget request beginning with the 2001-2003 biennium and thereafter. For the 1999-2001 biennium, the department shall conduct a solicitation and ranking process, as described in (a) of this subsection, for projects to be funded by appropriations provided for this program in the 1999-2001 capital budget. The list shall include a description of each project, the amount of recommended state funding, and documentation of nonstate funds to be used for the project.

The total amount of recommended state funding for projects on a biennial project list shall not exceed ten million dollars. Except for the 1999-2001 biennium, the department shall not sign contracts or otherwise financially obligate funds under this section until the legislature has approved a specific list of projects.

(c)) (d) The department may not set a monetary limit to funding requests.

(3) The department shall submit annually to the governor and the legislature in the department's capital budget request an unranked list of the qualified eligible projects for which applications were received. The list must include a description of each project, its total cost, and the amount of state funding requested. The appropriate fiscal committees of the legislature shall use this list to determine building communities fund projects that may receive funding in the capital budget. The total amount of state capital funding available for all projects on the annual list shall be determined by the capital budget beginning with the 2009-2011 biennium and thereafter. In addition, if cash funds have been appropriated, up to three million dollars may be used for technical assistance grants. The department shall not sign contracts or otherwise financially obligate funds under this section until the legislature has approved a specific list of projects.

(4) In addition to the list of qualified eligible projects, the department shall submit to the appropriate fiscal committees of the legislature a summary report that describes the solicitation and evaluation processes, including but not limited to the number of applications received, the total amount of funding requested, issues encountered, if any, and any recommendations for process improvements.

(5) After the legislature has approved a specific list of projects in law, the department shall develop and manage appropriate contracts with the selected applicants; monitor project expenditures and grantees; and manage and exercise due diligence and other contract management responsibilities as required.

(6) In contracts for grants authorized under this section the department shall include provisions which require that capital improvements shall be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities shall be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

NEW SECTION. Sec. 16. A new section is added to chapter 43.63A RCW to read as follows:

(a) A list of projects currently under contract with the department under the building communities fund program; a description of each project, its total cost, the amount of state funding awarded and expended to date, the project status, the number of low-income people served, and the extent to which the project has met the criteria in RCW 43.63A.125(2)(b); and

(b) Recommendations, if any, for policy and programmatic changes to the building communities fund program to better achieve program objectives.

POINT OF ORDER

Representative Springer requested a scope and object ruling on amendment (1562) to Senate Bill No. 6638.

SPEAKER'S RULING

The Speaker (Representative Morris presiding): "The title of Senate Bill No. 6638 is an act relating to reallocation of existing lodging taxes for support of heritage and arts programs in a county with a population of one million or more. Amendment (1562) requires the county subject to the legislation to deposit funds into a stadium and exhibition center account. These funds may or may not be derived from lodging taxes and are not related to the support of heritage and arts programs. The Speaker therefore finds the amendment is not within the scope of the bill's title.

Representative Springer, your point of order is well taken."

Representative Orcutt moved the adoption of amendment (1564):

On page 6, line 6, after "subsection" insert "and art programs in the public schools of the county. The funds in the account shall be distributed equally between the allowable purposes.

The county treasurer shall distribute funds for arts programs in the public schools based on the number of full-time equivalent students and current resources being utilized for these programs. Beginning December 1, 2009, and each year thereafter, the office of the superintendent of public instruction shall provide a report to the fiscal committees of the legislature summarizing the amounts received by each public school district in the county from the distributions in this section and specific arts program activities funded from these distributions."

(2) (a) The department shall establish two regional financial fraud and identity theft crime task forces that include a central Puget Sound task force that includes King and Pierce counties, and a Spokane county task force. Each task force must be comprised of local law enforcement, county prosecutors, representatives of the office of the attorney general, financial institutions, and other state and local law enforcement.

(b) The department shall appoint: (i) Representatives of local law enforcement from a list provided by the Washington association of sheriffs and police chiefs; (ii) representatives of county prosecutors from a list provided by the Washington association of prosecuting attorneys; and (iii) representatives of financial institutions.

(c) Each task force shall:

(i) Hold regular meetings to discuss emerging trends and threats of local financial fraud and identity theft crimes;
(ii) Set priorities for the activities for the task force;
(iii) Apply to the department for funding to (A) hire prosecutors and law enforcement personnel dedicated to investigating and prosecuting financial fraud and identity theft crimes; and (B) acquire other needed resources to conduct the work of the task force;
(iv) Establish outcome-based performance measures; and
(v) Twice annually report to the department regarding the activities and performance of the task force.

(3) The financial fraud and identity theft crimes investigation and prosecution account is created in the state treasury. Moneys in the account may be spent only after appropriation. Revenue to the account may include appropriations, revenues generated by the surcharge imposed in section 2 of this act, federal funds, and any other gifts or grants. Expenditures from the account may be used only to support the activities of the financial fraud and identity theft crime investigation and prosecution task forces and the program administrative expenses of the department, which may not exceed ten percent of the amount appropriated.

(4) For purposes of this section, "financial fraud and identity theft crimes" includes those that involve: Check fraud, chronic unlawful issuance of bank checks, embezzlement, credit/debit card fraud, identity theft, forgery, counterfeit instruments such as checks or documents, organized counterfeit check rings, and organized identification theft rings.

Sec. 2. RCW 62A.9A-525 and 2000 c 250 s 9A-525 are each amended to read as follows:

(a) Filing with department of licensing. Except as otherwise provided in subsection (b) or (e) of this section, the fee for filing and indexing a record under this part is the fee set by department of licensing rule pursuant to subsection (f) of this section. Without limitation, different fees may be charged for:

(1) A record that is communicated in writing and consists of one or two pages;
(2) A record that is communicated in writing and consists of more than two pages, which fee may be a multiple of the fee described in (1) of this subsection; and
(3) A record that is communicated by another medium authorized by department of licensing rule, which fee may be a fraction of the fee described in (1) of this subsection.

(b) Filing with other filing offices. Except as otherwise provided in subsection (e) of this section, the fee for filing and indexing a record under this part that is filed in a filing office described in RCW 62A.9A-501(a)(1) is the fee that would otherwise be applicable to the recording of a mortgage in that filing office, as set forth in RCW 36.18.010.
(c) Number of names. The number of names required to be indexed does not affect the amount of the fee in subsections (a) and (b) of this section.
(d) Response to information request. The fee for responding to a request for information from a filing office, including for issuing a certificate showing, or otherwise communicating, whether there is on file any financing statement naming a particular debtor, is the fee set by department of licensing rule pursuant to subsection (f) of this section; provided however, if the request is to a filing office described in RCW 62A.9A-501(a)(1) and that office charges a
different fee, then that different fee shall apply instead. Without limitation, different fees may be charged:

(1) If the request is communicated in writing;
(2) If the request is communicated by another medium authorized by filing-office rule; and
(3) If the request is for expedited service.

This section does not require a fee with respect to a record of a mortgage which is effective as a financing statement filed as a fixture filing or as a financing statement covering as-extracted collateral or timber to be cut under RCW 62A.9A-502(c). However, the recording and satisfaction fees that otherwise would be applicable to the record of the mortgage apply.

(f) Filing office rules. (1) The department of licensing shall by rule set the fees called for in this section for filing with, and obtaining information from, the department of licensing. The director shall set fees at a sufficient level to defray the costs of administering the program. All receipts from fees collected under this title, except fees for services covered under RCW 62A.9A-301(a)(1), shall be deposited to the uniform commercial code fund in the state treasury. Moneys in the fund may be spent only after appropriation and may be used only to administer the uniform commercial code program.

(2) In addition to fees on filings authorized under this section, the department of licensing shall impose a surcharge of eight dollars per filing for paper filings and a surcharge of three dollars per filing for electronic filings. The department shall deposit the proceeds from these surcharges in the financial fraud and identity theft crimes investigation and prosecution account created in section 1 of this act.

(g) Transition. This section continues the fee-setting authority conferred on the department of licensing by former RCW 62A.9-409 and nothing herein shall invalidate fees set by the department of licensing under the authority of former RCW 62A.9-409.

NEW SECTION. Sec. 3. MESSAGE FROM THE SENATE

March 12, 2008

Mr. Speaker:

The Senate receded from its amendment to ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2624. Under suspension of the rules, the bill was returned to second reading for purpose of amendment. The Senate adopted the following amendment and passed the bill as amended by the Senate:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 68.50 RCW to read as follows:

(1) It is the duty of every person who knows of the existence and location of skeletal human remains to notify the coroner and local law enforcement in the most expeditious manner possible, unless such person has good reason to believe that such notice has already been given. Any person knowing of the existence of skeletal human remains and not having good reason to believe that the coroner and local law enforcement has notice thereof and who fails to give notice to the coroner and local law enforcement, is guilty of a misdemeanor.

(2) Any person engaged in ground disturbing activity and who encounters or discovers skeletal human remains in or on the ground shall:

(a) Immediately cease any activity which may cause further disturbance;

(b) Make a reasonable effort to protect the area from further disturbance;

(c) Report the presence and location of the remains to the coroner and local law enforcement in the most expeditious manner possible; and

(d) Be held harmless from criminal and civil liability arising under the provisions of this section provided the following criteria are met:

(i) The finding of the remains was based on inadvertent discovery;

(ii) The requirements of the subsection are otherwise met; and

(iii) The person is otherwise in compliance with applicable law.

(3) The coroner must make a determination of whether the skeletal human remains are forensic or nonforensic within five business days of receiving notification of a finding of such human remains provided that there is sufficient evidence to make such a determination within that time period. The coroner will retain jurisdiction over forensic remains.

(a) Upon determination that the remains are nonforensic, the coroner must notify the department of archaeology and historic preservation within two business days of determining that the remains are nonforensic and that the remains are nonIndian. The department will have jurisdiction over such remains until provenance of the remains is established. A determination that remains are nonforensic does not create a presumption of removal or nonremoval.

(b) Upon receiving notice from a coroner of a finding of nonforensic skeletal human remains, the department must notify the appropriate local cemeteries, and all affected Indian tribes via certified mail to the head of the appropriate tribal government, and contact the appropriate tribal cultural resources staff within two business days of the finding. The determination of what cemeteries are to be notified is at the discretion of the department. A notification to tribes of a finding of such nonforensic skeletal human remains does not create a presumption that the remains are Indian.

(c) The state physical anthropologist must make an initial determination of whether nonforensic skeletal human remains are Indian or non-Indian to the extent possible based on the remains within two business days of notification of a finding of nonforensic remains. The remains determined to be Indian, the department must notify all affected Indian tribes via certified mail to the head of the appropriate tribal government within two business days and contact the appropriate tribal cultural resources staff.

(d) The affected tribes have five business days to respond via telephone or writing to the department as to their interest in the remains.

(4) For the purposes of this section:

(a) "Affected tribes" are:

(i) Those federally recognized tribes with usual and accustomed areas in the jurisdiction where the remains were found;

(ii) Those federally recognized tribes that submit to the department maps that reflect the tribe's geographical area of cultural affiliation; and

(iii) Other tribes with historical and cultural affiliation in the jurisdiction where the remains were found.
NEW SECTION. Sec. 2. A new section is added to chapter 27.44 RCW to read as follows:

1) Any person who discovers skeletal human remains must notify the coroner and local law enforcement in the most expeditious manner possible. Any person knowing of the existence of human remains and not having good reason to believe that the coroner and local law enforcement has notice thereof and who fails to give notice thereof is guilty of a misdemeanor.

2) Any person engaged in ground disturbing activity and who encounters or discovers skeletal human remains in or on the ground shall:
   (a) Immediately cease any activity which may cause further disturbance;
   (b) Make a reasonable effort to protect the area from further disturbance;
   (c) Report the presence and location of the remains to the coroner and local law enforcement in the most expeditious manner possible; and
   (d) Be held harmless from criminal and civil liability arising under the provisions of this section provided the following criteria are met:
      (i) The finding of the remains was based on inadvertent discovery;
      (ii) The requirements of the subsection are otherwise met; and
      (iii) The person is otherwise in compliance with applicable law.

3) The coroner must make a determination whether the skeletal human remains are forensic or non forensic within five business days of receiving notification of a finding of such remains provided that there is sufficient evidence to make such a determination within that time period. The coroner will retain jurisdiction over forensic remains.
   (a) Upon determination that the remains are non forensic, the coroner must notify the department of archaeology and historic preservation within two business days. The department will have jurisdiction over such remains until provenance of the remains is established. A determination that remains are non forensic does not create a presumption of removal or non removal.
   (b) Upon receiving notice from a coroner of a finding of non forensic skeletal remains, the department must notify the appropriate local cemeteries, and all affected Indian tribes via certified mail to the head of the appropriate tribal government, and contact the appropriate tribal cultural resources staff within two business days of the finding. The determination of what are appropriate local cemeteries to be notified is at the discretion of the department. A notification to tribes of a finding of non forensic skeletal human remains does not create a presumption that the remains are Indian.
   (c) The state physical anthropologist must make an initial determination of whether non forensic skeletal human remains are Indian or non Indian to the extent possible based on the remains within two business days of notification of a finding of such non forensic remains. If the remains are determined to be Indian, the department must notify all affected Indian tribes via certified mail to the head of the appropriate tribal government within two business days and contact the appropriate tribal cultural resources staff.
   (d) The affected tribes have five business days to respond via telephone or writing to the department as to their interest in the remains.

4) For the purposes of this section:
   (a) "Affected tribes" are:
      (i) Those federally recognized tribes with usual and accustomed areas in the jurisdiction where the remains were found;
      (ii) Those federally recognized tribes that submit to the department maps that reflect the tribe's geographical area of cultural affiliation; and
      (iii) Other tribes with historical and cultural affiliation in the jurisdiction where the remains were found.
   (b) "Forensic remains" are those that come under the jurisdiction of the coroner pursuant to RCW 68.50.010.
   (c) "Inadvertent discovery" has the same meaning as used in RCW 27.44.040.

5) Nothing in this section constitutes, advocates, or otherwise grants, confers, or implies federal or state recognition of those tribes that are not federally recognized pursuant to 25 C.F.R. part 83, procedures for establishing that an American Indian group exists as an Indian tribe.

NEW SECTION. Sec. 3. A new section is added to chapter 68.60 RCW to read as follows:

1) Any person who discovers skeletal human remains shall notify the coroner and local law enforcement in the most expeditious manner possible. Any person knowing of the existence of skeletal human remains and not having good reason to believe that the coroner and local law enforcement has notice thereof and who fails to give notice thereof is guilty of a misdemeanor.

2) Any person engaged in ground disturbing activity and who encounters or discovers skeletal human remains in or on the ground shall:
   (a) Immediately cease any activity which may cause further disturbance;
   (b) Make a reasonable effort to protect the area from further disturbance;
   (c) Report the presence and location of the remains to the coroner and local law enforcement in the most expeditious manner possible; and

      (i) The finding of the remains was based on inadvertent discovery;
      (ii) The requirements of the subsection are otherwise met; and
      (iii) The person is otherwise in compliance with applicable law.

3) The coroner must make a determination whether the skeletal human remains are forensic or non forensic within five business days of receiving notification of a finding of such remains provided that there is sufficient evidence to make such a determination within that time period.    (a) Upon determination that the remains are non forensic, the coroner must notify the department of archaeology and historic preservation within two business days. The determination of what are appropriate local cemeteries to be notified is at the discretion of the department. A notification to tribes of a finding of such non forensic skeletal human remains does not create a presumption that the remains are Indian.
   (c) The state physical anthropologist must make an initial determination of whether non forensic skeletal human remains are Indian or non Indian to the extent possible based on the remains within two business days of notification of a finding of such non forensic remains.    (d) The affected tribes have five business days to respond via telephone or writing to the department as to their interest in the remains.

4) For the purposes of this section:

   (i) Those federally recognized tribes with usual and accustomed areas in the jurisdiction where the remains were found;

5 Nothing in this section constitutes, advocates, or otherwise grants, confers, or implies federal or state recognition of those tribes that are not federally recognized pursuant to 25 C.F.R. part 83, procedures for establishing that an American Indian group exists as an Indian tribe.

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2624, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

STATEMENT FOR THE JOURNAL

I intended to vote YEA on Engrossed Second Substitute House Bill No. 2624. SHIRLEY HANKINS, 8th District

MESSAGE FROM THE SENATE

March 12, 2008

Mr. Speaker:

The Senate receded from its amendment to HOUSE BILL NO. 2719. Under suspension of the rules, the bill was returned to second reading for purpose of amendment. The Senate adopted the following amendment and passed the bill as amended by the Senate:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. It is the legislature's intent to ensure that offenders receive accurate sentences that are based on their actual, complete criminal history. Accurate sentences further the sentencing reform act's goals of:

(1) Ensuring that the punishment for a criminal offense is proportionate to the seriousness of the offense and the offender's criminal history;

(2) Ensuring punishment that is just; and

(3) Ensuring that sentences are commensurate with the punishment imposed on others for committing similar offenses.

Given the decisions in In re Cadwallader, 155 Wn.2d 867 (2005); State v. Lopez, 147 Wn.2d 515 (2002); State v. Ford, 137 Wn.2d 472 (1999); and State v. McGorkle, 137 Wn.2d 490 (1999), the legislature finds it is necessary to amend the provisions in RCW 9.94A.500, 9.94A.525, and 9.94A.530 in order to ensure that sentences imposed accurately reflect the offender's actual, complete criminal history, whether imposed at sentencing or upon resentencing. These amendments are consistent with the United States supreme court holding in Monge v. California, 524 U.S. 721 (1998), that double jeopardy is not implicated at resentencing following an appeal or collateral attack.

Sec. 2. RCW 9.94A.500 and 2006 c 339 s 303 are each amended to read as follows:

(1) Before imposing a sentence upon a defendant, the court shall conduct a sentencing hearing. The sentencing hearing shall be held within forty court days following conviction. Upon the motion of either party for good cause shown, or on its own motion, the court may extend the time period for conducting the sentencing hearing. Except in cases where the defendant shall be sentenced to a term of total confinement for life without the possibility of release or, when authorized by RCW 10.95.030 for the crime of aggravated murder in the first degree, sentenced to death, the court may order the department to complete a risk assessment report. If available before sentencing, the report shall be provided to the court. Unless specifically waived by the court, the court shall order the department to complete a chemical dependency screening report before imposing a sentence upon a defendant who has been convicted of a violation of the uniform controlled substances act under chapter 69.50 RCW, a criminal solicitation to commit such a violation under chapter 9A.28 RCW, or any felony where the court finds that the offender has a chemical dependency that has contributed to his or her offense. In addition, the court shall, at the time of plea or conviction, order the department to complete a presentence report before imposing a sentence upon a defendant who has been convicted of a felony sexual offense. The department of corrections shall give priority to presentence investigations for sexual offenders. If the court determines that the defendant may be a mentally ill person as defined in RCW 71.24.025, although the defendant has not established that at the time of the crime he or she lacked the capacity to commit the crime, was incompetent to commit the crime, or was insane at the time of the crime, the court shall order the department to complete a presentence report before imposing a sentence.

The court shall consider the risk assessment report and presentence reports, if any, including any victim impact statement and criminal history, and allow arguments from the prosecutor, the defense counsel, the offender, the victim, the survivor of the victim, or a representative of the victim or survivor, and an investigative law enforcement officer as to the sentence to be imposed. A criminal history summary relating to the defendant from the prosecuting authority or from a state, federal, or foreign governmental agency shall be prima facie evidence of the existence and validity of the convictions listed therein. If the court is satisfied by a preponderance of the evidence that the defendant has a criminal history, the court shall specify the convictions it has found to exist. All of this information shall be part of the record. Copies of all risk assessment reports and presentence reports presented to the sentencing court and all written findings of facts and conclusions of law as to sentencing entered by the court shall be sent to the department by the clerk of the court at the conclusion of the
sentencing and shall accompany the offender if the offender is committed to the custody of the department. Court clerks shall provide, without charge, certified copies of documents relating to criminal convictions requested by prosecuting attorneys.

(2) To prevent wrongful disclosure of information related to mental health services, as defined in RCW 71.05.445 and 71.34.345, a court may take only those steps necessary during a sentencing hearing or any hearing in which the department presents information related to mental health services to the court. The steps may be taken on motion of the defendant, the prosecuting attorney, or on the court's own motion. The court may seal the portion of the record relating to information related to mental health services, exclude the public from the hearing during presentation or discussion of information relating to mental health services, or grant other relief to achieve the result intended by this subsection, but nothing in this subsection shall be construed to prevent the subsequent release of information related to mental health services as authorized by RCW 71.05.445, 71.34.345, or 72.09.585. Any person who otherwise is permitted to attend any hearing pursuant to chapter 7.69 or 7.69A RCW shall not be excluded from the hearing solely because the department intends to disclose or discloses information related to mental health services.

Sec. 3. RCW 9.94A.525 and 2007 c 199 s 8 and 2007 c 116 s 1 are each reenacted and amended to read as follows:

The offender score is measured on the horizontal axis of the sentencing grid. The offender score rules are as follows:

(a) Prior conviction is a conviction which exists before the date of sentencing for the offense for which the offender score is being computed. Convictions entered or sentenced on the same date as the conviction for which the offender score is being computed shall be deemed "other current offenses" within the meaning of RCW 9.94A.589.

(b) Class A and sex prior felony convictions shall always be included in the offender score.

(c) Class B prior felony convictions other than sex offenses shall not be included in the offender score, if since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent ten consecutive years in the community without committing any crime that subsequently results in a conviction.

(d) Except as provided in (e) of this subsection, class C prior felony convictions other than sex offenses shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent five consecutive years in the community without committing any crime that subsequently results in a conviction.

(e) Except as provided in (e) of this subsection, serious traffic convictions shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender spent five years in the community without committing any crime that subsequently results in a conviction.

(f) The present conviction is a conviction for an offense under RCW 46.61.5055.

(g) This subsection applies to both adult and juvenile prior convictions.

(3) Out-of-state convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. Federal convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. If there is no clearly comparable offense under Washington law or the offense is one that is usually considered subject to exclusive federal jurisdiction, the offense shall be scored as a class C felony equivalent if it was a felony under the relevant federal statute.

(4) Score prior convictions for felony anticipatory offenses (attempts, criminal solicitations, and criminal conspiracies) the same as if they were convictions for completed offenses.

5(a) In the case of multiple prior convictions, for the purpose of computing the offender score, count all convictions separately, except:

(i) Prior offenses which were found, under RCW 9.94A.589(1)(a), to encompass the same criminal conduct, shall be counted as one offense, the offense that yields the highest offender score. The current sentencing court shall determine with respect to other prior adult offenses for which sentences were served concurrently or prior juvenile offenses for which sentences were served consecutively, whether those offenses shall be counted as one offense or as separate offenses using the "same criminal conduct" analysis found in RCW 9.94A.589(1)(a), and if the court finds that they shall be counted as one offense, then the offense that yields the highest offender score shall be used. The current sentencing court may presume that such other prior offenses were not the same criminal conduct from sentences imposed on separate dates, or in separate counties or jurisdictions, or in separate convictions, indictments, or informations;

(3) In the case of multiple prior convictions for offenses committed before July 1, 1986, for the purpose of computing the offender score, count all adult convictions served concurrently as one offense, and count all juvenile convictions entered on the same date as one offense. Use the conviction for the offense that yields the highest offender score.

(b) As used in this subsection (5), "served concurrently" means that:

(i) The latter sentence was imposed with specific reference to the former;

(ii) The concurrent relationship of the sentences was judicially imposed; and

(iii) The concurrent timing of the sentences was not the result of a probation or parole revocation on the former offense.

(6) If the present conviction is one of the anticipatory offenses of criminal attempt, solicitation, or conspiracy, count each prior conviction as if the present conviction were for a completed offense. When these convictions are used as criminal history, score them the same as a completed crime.

(7) If the present conviction is for a nonviolent offense and not covered by subsection (11), (12), or (13) of this section, count one point for each adult prior felony conviction and one point for each juvenile prior violent felony conviction and 1/2 point for each juvenile prior nonviolent felony conviction.

(3) If the present conviction is for a violent offense and not covered in subsection (9), (10), (11), (12), or (13) of this section, count two points for each prior adult and juvenile violent felony conviction, one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(9) If the present conviction is for a serious violent offense, count three points for each prior adult and juvenile convictions for crimes in this category, two points for each prior adult and juvenile violent conviction (not already counted), one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(10) If the present conviction is for Burglary 1, count prior convictions as in subsection (8) of this section; however count two points for each prior adult Burglary 2 or residential burglary conviction, and one point for each prior juvenile Burglary 2 or residential burglary conviction.

(11) If the present conviction is for a felony traffic offense count two points for each adult or juvenile prior conviction for Vehicular Homicide or Vehicular Assault; for each felony offense count one point for each adult and 1/2 point for each juvenile prior conviction; for each serious traffic offense, other than those used for
an enhancement pursuant to RCW 46.61.520(2), count one point for each adult 1/2 point and each juvenile prior conviction; count one point for each adult and 1/2 point for each juvenile prior conviction for operation of a vessel while under the influence of intoxicating liquor or any drug. 

(12) If the present conviction is for homicide by watercraft or assault by watercraft count two points for each adult or juvenile prior conviction for homicide by watercraft or assault by watercraft; for each felony offense count one point for each adult and 1/2 point for each juvenile prior conviction; count one point for each adult and 1/2 point for each juvenile prior conviction for driving under the influence of intoxicating liquor or any drug, actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug, or operation of a vessel while under the influence of intoxicating liquor or any drug.

(13) If the present conviction is for manufacture of methamphetamine count three points for each adult prior manufacture of methamphetamine conviction and two points for each juvenile manufacture of methamphetamine offense. If the present conviction is for a drug offense and the offender has a criminal history that includes a sex offense or serious violent offense, count three points for each adult prior felony drug offense conviction and two points for each juvenile drug offense. All other adult and juvenile felonies are scored as in subsection (8) of this section if the current drug offense is violent, or as in subsection (7) of this section if the current drug offense is nonviolent.

(14) If the present conviction is for Escape from Community Custody, RCW 72.09.310, count only prior escape convictions in the offender score. Count adult prior escape convictions as one point and juvenile prior escape convictions as 1/2 point.

(15) If the present conviction is for Escape 1, RCW 9A.76.110, or Escape 2, RCW 9A.76.120, count adult prior convictions as one point and juvenile prior convictions as 1/2 point.

(16) If the present conviction is for Burglary 2 or residential burglary, count priors as in subsection (7) of this section; however, count two points for each adult and juvenile prior Burglary 1 conviction, two points for each adult prior Burglary 2 or residential burglary conviction, and one point for each juvenile prior Burglary 2 or residential burglary conviction.

(17) If the present conviction is for a sex offense, count priors as in subsections (7) through (11) and (13) through (16) of this section; however count three points for each adult and juvenile prior sex offense conviction.

(18) If the present conviction is for failure to register as a sex offender under RCW 9A.44.130(((10))) (11), count priors as in subsection (7) through (11) and (13) through (16) of this section; however count three points for each adult and juvenile prior sex offense conviction, excluding prior convictions for failure to register as a sex offender under RCW 9A.44.130(((10))) (11), which shall count as one point.

(19) If the present conviction is for an offense committed while the offender was under community (placement) custody, add one point. For purposes of this subsection, community custody includes community placement or postrelease supervision, as defined in chapter 9. -- RCW (the new chapter created in section 56 of this act).

(20) If the present conviction is for Theft of a Motor Vehicle, Possession of a Stolen Vehicle, Taking a Motor Vehicle Without Permission 1, or Taking a Motor Vehicle Without Permission 2, count one point for each prior conviction for theft of a motor vehicle, theft 2 (of a motor vehicle), Possession of Stolen Property 1 (of a motor vehicle), Possession of Stolen Property 2 (of a motor vehicle), Theft of a Motor Vehicle, Possession of a Stolen Vehicle, Taking a Motor Vehicle Without Permission 1, or Taking a Motor Vehicle Without Permission 2 conviction.

(21) The fact that a prior conviction was not included in an offender's offender score or criminal history at a previous sentencing shall have no bearing on whether it is included in the criminal history or offender score for the current offense. (Accordingly,) Prior convictions that were not counted in the offender score or included in the criminal history under repealed or previous versions of the sentencing reform act shall be included in criminal history and shall count in the offender score if the current version of the sentencing reform act requires including or counting those convictions. Prior convictions that were not included in criminal history or in the offender score shall be included upon any resentencing to ensure imposition of an accurate sentence.

Sec. 4. RCW 9.94A.530 and 2005 c 68 s 2 are each amended to read as follows:

(1) The intersection of the column defined by the offender score and the row defined by the offense seriousness score determines the standard sentence range (see RCW 9.94A.510, (Table 1) and RCW 9.94A.517, (Table 3)). The additional time for deadly weapon findings or for other adjustments as specified in RCW 9.94A.533 shall be added to the entire standard sentence range. The court may impose any sentence within the range that it deems appropriate. All standard sentence ranges are expressed in terms of total confinement.

(2) In determining any sentence other than a sentence above the standard range, the trial court may rely on no more information than is admitted by the plea agreement, or admitted, acknowledged, or proved in a trial or at the time of sentencing, or proven pursuant to RCW 9.94A.537. Acknowledgment includes not objecting to information stated in the presentence reports and not objecting to criminal history presented at the time of sentencing. Where the defendant disputes material facts, the court must either not consider the fact or grant an evidentiary hearing on the point. The facts shall be deemed proved at the hearing by a preponderance of the evidence, except as otherwise specified in RCW 9.94A.537. On remand for resentencing following appeal or collateral attack, the parties shall have the opportunity to present and the court to consider all relevant evidence regarding criminal history, including criminal history not previously presented.

(3) In determining any sentence above the standard sentence range, the court shall follow the procedures set forth in RCW 9.94A.537. Facts that establish the elements of a more serious crime or additional crimes may not be used to go outside the standard sentence range except upon stipulation or when specifically provided for in RCW 9.94A.535((2)) (3) (d), (e), (g), and (h).

NEW SECTION. Sec. 5. Sections 2 and 3 of this act apply to all sentencings and resentencings commenced before, on, or after the effective date of sections 1 through 4 of this act.

NEW SECTION. Sec. 6. The existing sentencing reform act contains numerous provisions for supervision of different types of offenders. This duplication has caused great confusion for judges, lawyers, offenders, and the department of corrections, and often results in inaccurate sentences. The clarifications in this act are intended to support continued discussions by the sentencing guidelines commission with the courts and the criminal justice community to identify and propose policy changes that will further simplify and improve the sentencing reform act relating to the supervision of offenders. The sentencing guidelines commission shall submit policy change proposals to the legislature on or before December 1, 2008.

Sections 7 through 58 of this act are intended to simplify the supervision provisions of the sentencing reform act and increase the uniformity of its application. These sections are not intended to either increase or decrease the authority of sentencing courts or the department relating to supervision, except for those provisions instructing the court to apply the provisions of the current community custody law to offenders sentenced after July 1, 2009, but who committed their crime prior to the effective date of this section to the extent that such application is constitutionally permissible. This will effect a change for offenders who committed their crimes prior to the offender accountability act, chapter 196, Laws of 1999. These offenders will be ordered to a term of community custody rather than community placement or community supervision. To the extent constitutionally permissible, the terms of the offender's supervision will be as provided in current law. With the exception of this change, the legislature does not intend to make, and no provision of sections 7 through 58 of this act may be construed as making, a substantive change to the supervision provisions of the sentencing reform act.
NEW SECTION. Sec. 7. A new section is added to chapter 9.94A RCW to read as follows:

(1) If an offender is sentenced to the custody of the department for one of the following crimes, the court shall impose a term of community custody for the community custody range established under RCW 9.94A.850 or up to the period of earned release awarded pursuant to RCW 9.94A.728 (1) and (2), whichever is longer:
   (a) A sex offense not sentenced under RCW 9.94A.712;
   (b) A violent offense;
   (c) A crime against persons under RCW 9.94A.411(2);
   (d) A felony offense under chapter 69.50 or 69.52 RCW.

(2) If an offender is sentenced to a term of confinement of one year or less for a violation of RCW 9A.44.130(11)(a), the court shall impose a term of community custody for the community custody range established under RCW 9.94A.850 or up to the period of earned release awarded pursuant to RCW 9.94A.728 (1) and (2), whichever is longer.

NEW SECTION. Sec. 8. A new section is added to chapter 9.94A RCW to read as follows:

(1) If an offender is sentenced to the custody of the department, the court may impose community custody as provided in RCW 9.94A.660.

(2) If an offender is sentenced under the special sexual offender sentencing alternative, the court shall impose community custody as provided in RCW 9.94A.670.

(3) If an offender is sentenced to a work ethic camp, the court shall impose community custody as provided in RCW 9.94A.690.

(4) If a sex offender is sentenced as a nonpersistent offender pursuant to RCW 9.94A.712, the court shall impose community custody as provided in that section.

NEW SECTION. Sec. 9. A new section is added to chapter 9.94A RCW to read as follows:

When a court sentences a person to a term of community custody, the court shall impose conditions of community custody as provided in this section.

(1) Mandatory conditions. As part of any term of community custody, the court shall:
   (a) Require the offender to inform the department of court-ordered treatment upon request by the department;
   (b) Require the offender to comply with any conditions imposed by the department under section 10 of this act;
   (c) If the offender was sentenced under RCW 9.94A.712 for an offense listed in RCW 9.94A.712(1)(a), and the victim of the offense was under eighteen years of age at the time of the offense, prohibit the offender from residing in a community protection zone.

(2) Waivable conditions. Unless waived by the court, as part of any term of community custody, the court shall order an offender to:
   (a) Report to and be available for contact with the assigned community corrections officer as directed;
   (b) Work at department-approved education, employment, or community restitution, or any combination thereof;
   (c) Refrain from possessing or consuming controlled substances except pursuant to lawfully issued prescriptions;
   (d) Pay supervision fees as determined by the department; and
   (e) Obtain prior approval of the department for the offender's residence location and living arrangements.

(3) Discretionary conditions. As part of any term of community custody, the court may order an offender to:
   (a) Remain within, or outside of, a specified geographical boundary;
   (b) Refrain from direct or indirect contact with the victim of the crime or a specified class of individuals;
   (c) Participate in crime-related treatment or counseling services;
   (d) Participate in rehabilitative programs or otherwise perform affirmative conduct reasonably related to the circumstances of the offense, the offender's risk of reoffending, or the safety of the community;
   (e) Refrain from consuming alcohol; or
   (f) Comply with any crime-related prohibitions.

(4) Special conditions.
   (a) In sentencing an offender convicted of a crime of domestic violence, as defined in RCW 10.99.020, if the offender has a minor child, or if the victim of the offense for which the offender was convicted has a minor child, the court may order the offender to participate in a domestic violence perpetrator program approved under RCW 26.50.150.

(5) In sentencing an offender convicted of an alcohol or drug related traffic offense, the court shall require the offender to complete a diagnostic evaluation by an alcohol or drug dependency agency approved by the department of social and health services or a qualified probation department, defined under RCW 46.61.516, that has been approved by the department of social and health services.

(ii) For purposes of this section, "alcohol or drug related traffic offense" means the following: Driving while under the influence as defined by RCW 46.61.502, actual physical control while under the influence as defined by RCW 46.61.504, vehicular homicide as defined by RCW 46.61.520(1)(a), vehicular assault as defined by RCW 46.61.522(1)(b), homicide by watercraft as defined by RCW 79A.08.050, or assault by watercraft as defined by RCW 79A.60.060.

(iii) This subsection (4)(b) does not require the department of social and health services to add new treatment or assessment facilities or affect its use of existing programs and facilities authorized by law.

NEW SECTION. Sec. 10. A new section is added to chapter 9.94A RCW to read as follows:

(1) Every person who is sentenced to a period of community custody shall report to and be placed under the supervision of the department, subject to RCW 9.94A.501.

(2)(a) The department shall assess the offender's risk of reoffense and may establish and modify additional conditions of community custody based upon the risk to community safety.

(b) Within the funds available for community custody, the department shall determine conditions and duration of community custody on the basis of risk to community safety, and shall supervise offenders during community custody on the basis of risk to community safety and conditions imposed by the court. The secretary shall adopt rules to implement the provisions of this subsection (2)(b).

(3) If the offender is supervised by the department, the department shall at a minimum instruct the offender to:
   (a) Report as directed to a community corrections officer;
   (b) Remain within prescribed geographical boundaries;
   (c) Notify the community corrections officer of any change in the offender's address or employment;
   (d) Pay the supervision fee assessment; and
   (e) Report to and be available for contact with the assigned community corrections officer as directed.

Obtain prior approval of the department for the offender's residence location and living arrangements.
(e) Disclose the fact of supervision to any mental health or chemical dependency treatment provider, as required by RCW 9.94A.722.

(4) The department may require the offender to participate in rehabilitative programs, or otherwise perform affirmative conduct, and to obey all laws.

(5) If the offender was sentenced pursuant to a conviction for a sex offense, the department may impose electronic monitoring. Within the resources made available by the department for this purpose, the department shall carry out any electronic monitoring using the most appropriate technology given the individual circumstances of the offender. As used in this section, "electronic monitoring" means the monitoring of an offender using an electronic offender tracking system including, but not limited to, a system using radio frequency or active or passive global positioning system technology.

(6) The department may not impose conditions that are contrary to those ordered by the court and may not contravene or decrease court imposed conditions.

(7)(a) The department shall notify the offender in writing of any additional conditions or modifications.

(b) By the close of the next business day after receiving notice of a condition imposed or modified by the department, an offender may request an administrative review under rules adopted by the department. The condition shall remain in effect unless the reviewing officer finds that it is not reasonably related to the crime of conviction, the offender's risk of reoffending, or the safety of the community.

(8) The department may require offenders to pay for special services rendered including electronic monitoring, day reporting, and telephone reporting, dependent on the offender's ability to pay. The department may pay for these services for offenders who are not able to pay.

(9)(a) When a sex offender has been sentenced pursuant to RCW 9.94A.712, the board shall exercise the authority prescribed in RCW 9.95.420 through 9.95.435.

(b) The department shall assess the offender's risk of recidivism and shall recommend to the board any additional or modified conditions based upon the risk to community safety. The board must consider and may impose department-recommended conditions.

(c) If the department finds that an emergency exists requiring the immediate imposition of additional conditions in order to prevent the offender from committing a crime, the department may impose such conditions. The department may not impose conditions that are contrary to those set by the board or court and may not condition, or decrease court-imposed or board-imposed conditions. Conditions imposed under this subsection shall take effect immediately after notice to the offender by personal service, but shall not remain in effect longer than seven working days unless approved by the board.

(10) In setting, modifying, and enforcing conditions of community custody, the department shall be deemed to be performing a quasi-judicial function.

NEW SECTION. Sec. 11. A new section is added to chapter 9.94A RCW to read as follows:

No offender sentenced to a term of community custody under the supervision of the department may own, use, or possess firearms or ammunition. Offenders who own, use, or are found to be in actual or constructive possession of firearms or ammunition shall be subject to the violation process and sanctions under sections 15 and 21 of this act and RCW 9.94A.737.

"Constructive possession" as used in this section means the power and intent to control the firearm or ammunition. "Firearm" as used in this section has the same definition as in RCW 9.41.010.

NEW SECTION. Sec. 12. A new section is added to chapter 9.94A RCW to read as follows:

(1) Community custody shall begin: (a) Upon completion of the term of confinement; (b) at such time as the offender is transferred to community custody in lieu of earned release in accordance with RCW 9.94A.728 (1) or (2), or (c) at the time of sentencing if no term of confinement is ordered.

(2) When an offender is sentenced to community custody, the offender is subject to the conditions of community custody as of the date of sentencing, unless otherwise ordered by the court.

(3) When an offender is sentenced to a community custody range pursuant to section 7 (1) or (2) of this act, the department shall discharge the offender from community custody on a date determined by the department, which the department may modify, based on risk and performance of the offender, within the range or at the end of the period of earned release, whichever is later.

NEW SECTION. Sec. 13. A new section is added to chapter 9.94A RCW to read as follows:

(1) When an offender is under community custody, the community corrections officer may obtain information from the offender's mental health treatment provider on the offender's status with respect to evaluation, application for services, registration for services, and compliance with the supervision plan, without the offender's consent, as described under RCW 71.05.630.

(2) An offender under community custody who is civilly detained under chapter 71.05 RCW, and subsequently discharged or conditionally released to the community, shall be under the supervision of the department for the duration of his or her period of community custody. During any period of inpatient mental health treatment that falls within the period of community custody, the inpatient treatment provider and the supervising community corrections officer shall notify each other about the offender's discharge, release, and legal status, and shall share other relevant information.

NEW SECTION. Sec. 14. A new section is added to chapter 9.94A RCW to read as follows:

(1) At any time prior to the completion or termination of a sex offender's term of community custody, if the court finds that public safety would be enhanced, the court may impose and enforce an order extending any or all of the conditions of community custody for a period up to the maximum allowable sentence for the crime as it is classified in chapter 9A.20 RCW, regardless of the expiration of the offender's term of community custody.

(2) If a violation of a condition extended under this section occurs after the expiration of the offender's term of community custody, it shall be deemed a violation of the sentence for the purposes of RCW 9.94A.631 and may be punishable as contempt of court as provided for in RCW 7.21.040.

(3) If the court extends a condition beyond the expiration of the term of community custody, the department is not responsible for supervision of the offender's compliance with the condition.

NEW SECTION. Sec. 15. A new section is added to chapter 9.94A RCW to read as follows:

(1)(a) An offender who violates any condition or requirement of a sentence may be sanctioned with up to sixty days' confinement for each violation.

(b) In lieu of confinement, an offender may be sanctioned with work release, home detention with electronic monitoring, work crew, community restitution, inpatient treatment, daily reporting, curfew, educational or counseling sessions, supervision enhanced through electronic monitoring, or any other sanctions available in the community.

(2) If an offender was under community custody pursuant to one of the following statutes, the offender may be sanctioned as follows:

(a) If the offender was transferred to community custody in lieu of earned early release in accordance with RCW 9.94A.728(2), the offender may be transferred to a more restrictive confinement status to serve up to the remaining portion of the sentence, less credit for any period actually spent in community custody or in detention awaiting disposition of an alleged violation.

(b) If the offender was sentenced under the drug offender sentencing alternative set out in RCW 9.94A.660, the offender may be sanctioned in accordance with that section.

(c) If the offender was sentenced under the special sexual offender sentencing alternative set out in RCW 9.94A.670, the suspended sentence may be revoked and the offender committed to serve the original sentence of confinement.
(d) If the offender was sentenced to a work ethic camp pursuant to RCW 9.94A.690, the offender may be reclassified to serve the unexpired term of his or her sentence in total confinement.

(e) If a sex offender was sentenced pursuant to RCW 9.94A.712, the offender may be transferred to a more restrictive confinement status to serve up to the remaining portion of the sentence, less credit for any period actually spent in community custody or in detention awaiting disposition of an alleged violation.

NEW SECTION. Sec. 16. A new section is added to chapter 9.94A RCW to read as follows:

(1) If an offender has not completed his or her maximum term of total confinement and is subject to a third violation hearing pursuant to RCW 9.94A.737 for any violation of community custody and is found to have committed the violation, the department shall return the offender to total confinement in a state correctional facility to serve up to the remaining portion of his or her sentence, unless it is determined that returning the offender to a state correctional facility would substantially interfere with the offender's ability to maintain necessary community supports or to participate in necessary treatment or programming and would substantially increase the offender's likelihood of reoffending.

(2) The department may work with the Washington association of sheriffs and police chiefs to establish and operate an electronic monitoring program for low-risk offenders who violate the terms of their community custody.

(3) Local governments, their subdivisions and employees, the department and its employees, and the Washington association of sheriffs and police chiefs and its employees are immune from civil liability for damages arising from incidents involving low-risk offenders who are placed on electronic monitoring unless it is shown that an employee acted with gross negligence or bad faith.

NEW SECTION. Sec. 17. A new section is added to chapter 9.94A RCW to read as follows:

(1) If a sanction of confinement is imposed by the court, the following applies:

(a) If the sanction was imposed pursuant to section 15(1) of this act, the sanction shall be served in a county facility.

(b) If the sanction was imposed pursuant to section 15(2) of this act, the sanction shall be served in a state facility.

(2) If a sanction of confinement is imposed by the department, and if the offender is an inmate as defined by RCW 72.09.015, no more than eight days of the sanction, including any credit for time served, may be served in a county facility. The balance of the sanction shall be served in a state facility. In computing the eight-day period, weekends and holidays shall be excluded. The department may negotiate with local correctional authorities for an additional period of detention.

(3) If a sanction of confinement is imposed by the board, it shall be served in a state facility.

(4) Sanctions imposed pursuant to RCW 9.94A.670(3) shall be served in a county facility.

NEW SECTION. Sec. 18. A new section is added to chapter 9.94A RCW to read as follows:

The procedure for imposing sanctions for violations of sentence conditions or requirements is as follows:

(1) If the offender was sentenced under the drug offender sentencing alternative, any sanctions shall be imposed by the department or the court pursuant to RCW 9.94A.660.

(2) If the offender was sentenced under the special sexual offender sentencing alternative, any sanctions shall be imposed by the department or the court pursuant to RCW 9.94A.670.

(3) If a sex offender was sentenced pursuant to RCW 9.94A.712, any sanctions shall be imposed by the board pursuant to RCW 9.95.435.

(4) In any other case, if the offender is being supervised by the department, any sanctions shall be imposed by the department pursuant to RCW 9.94A.737.

(5) If the offender is not being supervised by the department, any sanctions shall be imposed by the court pursuant to section 19 of this act.

NEW SECTION. Sec. 19. A new section is added to chapter 9.94A RCW to read as follows:

(1) If an offender violates any condition or requirement of a sentence, and the offender is not being supervised by the department, the court may modify its order of judgment and sentence and impose further punishment in accordance with this section.

(2) If an offender fails to comply with any of the conditions or requirements of a sentence the following provisions apply:

(a) The court, upon the motion of the state, or upon its own motion, shall require the offender to show cause why the offender should not be punished for the noncompliance. The court may issue a summons or a warrant of arrest for the offender's appearance;

(b) The state has the burden of showing noncompliance by a preponderance of the evidence;

(c) If the court finds that a violation has been proved, it may impose the sanctions specified in section 15(1) of this act.

Alternatively, the court may:

(i) Convert a term of partial confinement to total confinement;

(ii) Convert community restitution obligation to total or partial confinement; or

(iii) Convert monetary obligations, except restitution and the crime victim penalty assessment, to community restitution hours at the rate of one hour for each hour of community restitution;

(e) If the violation involves a failure to undergo or comply with a mental health status evaluation and/or outpatient mental health treatment, the court shall seek a recommendation from the treatment provider or proposed treatment provider. Enforcement of orders concerning outpatient mental health treatment must reflect the availability of treatment and must pursue the least restrictive means of promoting participation in treatment. If the offender's failure to receive care essential for health and safety presents a risk of serious physical harm or probable harmful consequences, the civil detention and commitment procedures of chapter 71.05 RCW shall be considered in preference to incarceration in a local or state correctional facility.

(3) Any time served in confinement awaiting a hearing on noncompliance shall be credited against any confinement ordered by the court.

(4) Nothing in this section prohibits the filing of escape charges if appropriate.

Sec. 20. RCW 9.94A.737 and 2007 c 483 s 305 are each amended to read as follows:

(1) (If an offender violates any condition or requirement of community custody, the department may transfer the offender to a more restrictive confinement status to serve up to the remaining portion of the sentence, less credit for any period actually spent in community custody or in detention awaiting disposition of an alleged violation and subject to the limitations of subsection (3) of this section.

(2) If an offender has not completed his or her maximum term of total confinement and is subject to a third violation hearing for any violation of community custody and is found to have committed the violation, the department shall return the offender to total confinement in a state correctional facility to serve up to the remaining portion of his or her sentence, unless it is determined that returning the offender to a state correctional facility would substantially interfere with the offender's ability to maintain necessary community supports or to participate in necessary treatment or programming and would substantially increase the offender's likelihood of reoffending.

(3)(a) For a sex offender sentenced to a term of community custody under RCW 9.94A.670 who violates any condition of community custody, the department may impose a sanction of up to sixty days' confinement in a local correctional facility for each violation. The department may impose sanctions such as work release, home detention with electronic monitoring, work crew, community restitution, inpatient treatment, daily reporting, curfew, educational or counseling sessions, supervision enhanced through electronic monitoring, or any other sanctions available in the community.

(4) If an offender has been arrested for a new felony offense while under community supervision, community custody, or community placement, the department shall hold the offender in total confinement until a hearing before the department as provided in this section or until the offender has been formally charged for the new felony offense, whichever is earlier. (5) The department shall be financially responsible for any portion of the sanctions authorized by this section that are served in a local correctional facility as the result of action by the department.

(6)) If an offender is accused of violating any condition or requirement of community custody, he or she is entitled to a hearing before the department prior to the imposition of sanctions. The hearing shall be considered as offender disciplinary proceedings and shall not be subject to chapter 34.05 RCW. (7)) (2) The hearing procedures required under subsection (((6))) (1) of this section shall be developed by rule and include the following:

(a) Hearing officers shall report through a chain of command separate from that of community corrections officers;

(b) The department shall provide the offender with written notice of the violation, the evidence relied upon, and the reasons the particular sanction was imposed. The notice shall include a statement of the rights specified in this subsection, and the offender's right to file a personal restraint petition under court rules after the final decision of the department;

(c) The hearing shall be held unless waived by the offender, and shall be electronically recorded. For offenders not in total confinement, the hearing shall be held within fifteen working days, but not less than twenty-four hours, after notice of the violation. For offenders in total confinement, the hearing shall be held within five working days, but not less than twenty-four hours, after notice of the violation;

(d) The offender shall have the right to: (i) Be present at the hearing; (ii) have the assistance of a person qualified to assist the offender in the hearing, appointed by the hearing officer if the offender has a language or communications barrier; (iii) testify or remain silent; (iv) call witnesses and present documentary evidence; and (v) question witnesses who appear and testify; and

(e) The sanction shall take effect if affirmed by the hearing officer. Within seven days after the hearing officer's decision, the offender may appeal the decision to a panel of three reviewing officers designated by the secretary or by the secretary's designee. The sanction shall be reviewed or modified if a majority of the panel finds that the sanction was not reasonably related to any of the following: (i) The crime of conviction; (ii) the violation committed; (iii) the offender's risk of reoffending; or (iv) the safety of the community.

(((8))) (3) For purposes of this section, no finding of a violation of conditions may be based on unconfirmed or unconfirmable allegations.

(9) The department shall work with the Washington association of sheriffs and police chiefs to establish and operate an electronic monitoring program for low-risk offenders who violate the terms of their community custody. Between January 1, 2006, and December 31, 2006, the department shall endeavor to place at least one hundred low-risk community custody violators on the electronic monitoring program per day if there are at least that many low-risk offenders who qualify for the electronic monitoring program.

(10) Local governments, their subdivisions and employees, the department and its employees, and the Washington association of sheriffs and police chiefs and its employees shall be immune from civil liability for damages arising from incidents involving low-risk offenders who are placed on electronic monitoring unless it is shown that an employee acted with gross negligence or bad faith.)

The arrest warrants shall authorize any law enforcement or peace officer or community corrections officer of this state or any other state where such offender may be located, to arrest the offender and place him or her in total confinement pending disposition of the alleged violation.

(2) A community corrections officer, if he or she has reasonable cause to believe an offender has violated a condition of community custody, may suspend the person's community custody status and arrest or cause the arrest and detention in total confinement of the offender, pending the determination of the secretary as to whether the violation has occurred. The community corrections officer shall report to the secretary all facts and circumstances and the reasons for the suspension of community custody.

(3) If an offender has been arrested for a new felony offense while under community custody the department shall hold the offender in total confinement until a hearing before the department as provided in this section or until the offender has been formally charged for the new felony offense, whichever is earlier. When an offender is arrested pursuant to section 21 of this act, the department shall compensate the local jurisdiction at the office of financial management's adjudicated rate, in accordance with RCW 70.48.440. (A community corrections officer, if he or she has reasonable cause to
believe an offender in community placement or community custody has violated a condition of community placement or community custody, may suspend the person's community placement or community custody status and arrest or cause the arrest and detention in total confinement of the offender, pending the determination of the secretary as to whether the violation has occurred. The community corrections officer shall report to the secretary all facts and circumstances and the reasons for the action of suspending community placement or community custody status. A violation of a condition of community placement or community custody shall be deemed a violation of the sentence for purposes of RCW 9.94A.631. The authority granted to community corrections officers under this section shall be in addition to that set forth in RCW 9.94A.631."

(2) Inmates, as defined in RCW 72.09.015, who have been transferred to community custody and who are detained in a local correctional facility are the financial responsibility of the department of corrections, except as provided in subsection (3) of this section.

If confinement sanctions imposed by the department under RCW 9.94A.737(2)(a)) 9.94A.670, the local correctional facility shall be financially responsible. (4) The department, in consultation with the Washington association of sheriffs and police chiefs and those counties in which the sheriff does not operate a correctional facility, shall establish a methodology for determining the department's local correctional facilities bed utilization rate, for each county in calendar year 1998, for offenders being held for violations of conditions of community custody,( community placement, or community supervision). ((For confinement sanctions imposed under RCW 9.94A.737(2) the department shall be responsible for the completion of the time in which the sex offender is on community custody in lieu of earned release, and the local correctional facility shall be financially responsible for that portion of the sanction served by the sex offender after the time in which the sex offender is on community custody in lieu of earned release.))

(5) Except as provided in subsections (1) and (2) of this section, the local correctional facility shall continue to be financially responsible to the extent of the calendar year 1998 bed utilization rate for confinement sanctions imposed by the department pursuant to RCW 9.94A.737. If the department's use of bed space in local correctional facilities of any county for such confinement sanctions (imposed on offenders sentenced to a term of community custody under RCW 9.94A.737(2) (c) or (d)) exceeds the 1998 bed utilization rate for the county, the department shall compensate the county for the excess use at the per diem rate equal to the lowest rate charged by the county under its contract with a municipal government during the year in which the use occurs.

Sec. 23. RCW 9.94A.030 and 2006 c 139 s 5, 2006 c 124 s 1, 2006 c 122 s 7, 2006 c 73 s 5, and 2005 c 436 s 1 are each reenacted and amended to read as follows:

(3) "Commission" means the sentencing guidelines commission.

(4) "Community corrections officer" means an employee of the department who is responsible for carrying out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.

(b) The offender has no prior convictions for a sex offense as defined in RCW 9.94A.030 or any other felony sex offenses in this or any other state;

(c) The offender has no prior adult convictions for a violent offense that was committed within five years of the date the current offense was committed;

(d) The offense did not result in substantial bodily harm to the victim;

(e) The offender had an established relationship with, or connection to, the victim such that the sole connection with the victim was not the commission of the crime; and

(f) The offender's standard sentence range for the offense includes the possibility of confinement for less than eleven years.

(3) If the court finds the offender is eligible for this alternative, the court, on its own motion or the motion of the state or the offender, may order an examination to determine whether the offender is amenable to treatment.

(a) The report of the examination shall include at a minimum the following:

(i) The offender's version of the facts and the official version of the facts;

(ii) The offender's offense history;

(iii) An assessment of problems in addition to alleged deviant behaviors;

(iv) The offender's social and employment situation; and

(v) Other evaluation measures used.

The report shall set forth the sources of the examiner's information.

(b) The examiner shall assess and report regarding the offender's amenability to treatment and relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

(i) Frequency and type of contact between offender and therapist;

(ii) Specific issues to be addressed in the treatment and description of planned treatment modalities;

(iii) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members and others;

(iv) Anticipated length of treatment; and

(v) Recommended crime-related prohibitions and affirmative conditions, which must include, to the extent known, an indication of specific activities or behaviors that are precursors to the offender's offense cycle, including, but not limited to, activities or behaviors such as viewing or listening to pornography or use of alcohol or controlled substances.

(c) The court on its own motion may order, or on a motion by the state shall order, a second examination regarding the offender's amenability to treatment. The examiner shall be selected by the party making the motion. The offender shall pay the cost of any second examination ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost.

(4) After receipt of the reports, the court shall consider whether the offender and the community will benefit from use of this alternative, consider whether the alternative is too lenient in light of the extent and circumstances of the offense, consider whether the offender has victims in addition to the victim of the offense, consider whether the offender is amenable to treatment, consider the risk the offender would present to the community, to the victim, or to persons of similar age and circumstances as the victim, and consider the victim's opinion whether the offender should receive a treatment disposition under this section. The court shall give great weight to the victim's opinion whether the offender should receive a treatment disposition under this section. If the sentence imposed is contrary to the victim's opinion, the court shall enter written findings stating its reasons for imposing the treatment disposition. The fact that the offender admits to his or her offense does not, by itself, constitute amenability to treatment. If the court determines that this alternative is appropriate, the court shall then impose a sentence pursuant to RCW 9.94A.712, a minimum term of sentence, within the standard sentence range. If the sentence imposed is less than eleven years of confinement, the court may suspend the execution of the sentence (and impose the following conditions of suspension:) as provided in this section.

(5) As conditions of the suspended sentence, the court must impose the following:

(a) ((The court shall order the offender to serve) A term of confinement of up to twelve months or the maximum term within the standard range, whichever is less. The court may order the offender to serve a term of confinement greater than twelve months or the maximum term within the standard range based on the presence of an aggravating circumstance listed in RCW 9.94A.535(3). In no case shall the term of confinement exceed the statutory maximum sentence for the offense. The court may order the offender to serve all or part of his or her term of confinement in partial confinement. An offender sentenced to a term of confinement under this subsection is not eligible for earned release under RCW 9.92.151 or 9.94A.728.))

(b) ((The court shall place the offender on) A term of community custody ((for)) equal to the length of the suspended sentence, the length of the maximum term imposed pursuant to RCW 9.94A.712, or three years, whichever is greater, and require the offender to comply with any conditions imposed by the department under (RCW 9.94A.720) section 9 of this act.

(c) (The court shall order) Treatment for any period up to five years in duration. The court, in its discretion, shall order outpatient
sex offender treatment or inpatient sex offender treatment, if available. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment. The offender shall not change sex offender treatment providers or treatment conditions without first notifying the prosecutor, the community corrections officer, and the court. If any party or the court objects to a proposed change, the offender shall not change providers or conditions without court approval after a hearing.

(d) (As conditions of the suspended sentence, the court shall impose) Specific prohibitions and affirmative conditions relating to the known precursor activities or behaviors identified in the proposed treatment plan under subsection (3)(b)(v) of this section or identified in an annual review under subsection (((7))) (8)(b) of this section.

(((9))) (10)(a) If a violation of conditions other than a second violation of the prohibitions or affirmative conditions relating to precursor behaviors or activities imposed under subsection (((4))) (5)(d) or (((7))) (8)(b) of this section occurs during community custody, the department shall either impose sanctions as provided for in (RCW 9.94A.737(2)(a)) section 15(1) of this act or refer the violation to the court and recommend revocation of the suspended sentence as provided for in subsections (((4))) (7) and (((9))) (9) of this section.

(b) If a second violation of the prohibitions or affirmative conditions relating to precursor behaviors or activities imposed under subsection (((4))) (5)(d) or (((7))) (8)(b) of this section occurs during community custody, the department shall refer the violation to the court and recommend revocation of the suspended sentence as provided in subsection (((10))) (11) of this section.

(((10))) (11) The court may revoke the suspended sentence at any time during the period of community custody and order execution of the sentence if: (a) The offender violates the conditions of the suspended sentence, or (b) the court finds that the offender is failing to make satisfactory progress in treatment. All confinement time served during the period of community custody shall be credited to the offender if the suspended sentence is revoked.

(((11))) (12) If the offender violates a requirement of the sentence that is not a condition of the suspended sentence pursuant to subsection (5) or (6) of this section, the department may impose sanctions pursuant to section 15(1) of this act.

(13) The offender's sex offender treatment provider may not be the person who examined the offender under subsection (3) of this section or any person who employs, is employed by, or shares profits with the person who examined the offender under subsection (3) of this section, unless the court has entered written findings that such treatment is in the best interests of the victim and that successful treatment of the offender would otherwise be impractical. Examinations and treatment ordered pursuant to this subsection shall only be conducted by certified sex offender treatment providers or certified affiliate sex offender treatment providers under chapter 18.155 RCW unless the court finds that:

(a) The offender has already moved to another state or plans to move to another state for reasons other than circumventing the certification requirements; or

(b)(i) No certified sex offender treatment providers or certified affiliate sex offender treatment providers are available for treatment within a reasonable geographical distance of the offender's home; and

(ii) The evaluation and treatment plan comply with this section and the rules adopted by the department of health.

(((12))) (14) If the offender is less than eighteen years of age when the charge is filed, the state shall pay for the cost of initial evaluation and treatment.

In sentencing an offender to the work ethic camp, the court shall specify: (a) That upon completion of the work ethic camp the offender shall be
referred to as community custody for any remaining time of total confinement; (b) the applicable conditions of ((supervision on)) community custody (status) as ((required by RCW 9.94A.700(4) and)) authorized by ((RCW 9.94A.700(5))) section 9 of this act; and (c) that violation of the conditions may result in a return to total confinement for the balance of the offender's remaining time of confinement.

(3) The department shall place the offender in the work ethic camp program, subject to capacity, unless: (a) The department determines that the offender has physical or mental impairments that would prevent participation and completion of the program; (b) the department determines that the offender's custody level prevents placement in the program; (c) the offender refuses to agree to the terms and conditions of the program; (d) the offender has been found by the United States attorney general to be subject to a deportation detainer or order; or (e) the offender has participated in the work ethic camp program in the past.

(5) During the last two weeks prior to release from the work ethic camp program the department shall provide the offender with comprehensive transition training.

The conditions may also include those provided for in RCW 9.94A.700(5). The court may also order the offender to participate in rehabilitative programs or otherwise perform affirmative conduct reasonably related to the circumstances of the offense, the offender's risk of recidivism, or the safety of the community, and the department and the board shall enforce such conditions pursuant to RCW 9.94A.713, 9.95.425, and 9.95.430.

Sec. 35. RCW 9.94A.760 and 2005 c 263 s 1 are each amended to read as follows:

(1) Whenever a person is convicted in superior court, the court

may order the payment of a legal financial obligation as part of the sentence. The court must on either the judgment and sentence or on a subsequent order to pay, designate the total amount of a legal financial obligation and segregate this amount among the separate assessments made for restitution, costs, fines, and other assessments required by law. On the same order, the court is also to set a sum that the offender is required to pay on a monthly basis towards satisfying the legal financial obligation. If the court fails to set the offender monthly payment amount, the department shall set the amount if the department has active supervision of the offender, otherwise the county clerk shall set the amount. Upon receipt of an offender's monthly payment, restitution shall be paid prior to any payments of other monetary obligations. After restitution is satisfied, the county clerk shall distribute the payment proportionally among all other fines, costs, and assessments imposed, unless otherwise ordered by the court.

(2) If the court determines that the offender, at the time of sentencing, has the means to pay for the cost of incarceration, the court may require the offender to pay for the cost of incarceration at a rate of fifty dollars per day of incarceration, if incarcerated in a county jail. In no case may the court require the offender to pay more than one hundred dollars per day for the cost of incarceration. Payment of other court-ordered financial obligations, including all legal financial obligations and costs of supervision shall take precedence over the payment of the cost of incarceration ordered by the court. All funds received from offenders for the cost of incarceration in the county jail shall be remitted to the county and the costs of incarceration in a prison shall be remitted to the department.

(3) The court may add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction is to be issued immediately. If the court chooses not to order the immediate issuance of a notice of payroll deduction at sentencing, the court shall add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction may be issued or other income-withholding action may be taken, without further notice to the offender if a monthly court-ordered legal financial obligation payment is not paid when due, and an amount equal to or greater than the amount payable for one month is owed.

If a judgment and sentence or subsequent order to pay does not include the statement that a notice of payroll deduction may be issued or other income-withholding action may be taken if a monthly legal financial obligation payment is past due, the department or the county clerk may serve a notice on the offender stating such requirements and authorizations. Service shall be by personal service or any form of mail requiring a return receipt.

(4) Independent of the department or the county clerk, the party or entity to whom the legal financial obligation is owed shall have the authority to use any other remedies available to the party or entity to collect the legal financial obligation. These remedies include enforcement in the same manner as a judgment in a civil action by the party or entity to whom the legal financial obligation is owed. Restitution collected through civil enforcement must be paid through the registry of the court and must be distributed proportionately according to each victim's loss when there is more than one victim. The judgment and sentence shall identify the party or entity to whom restitution is owed so that the state, party, or entity may enforce the judgment. If restitution is ordered pursuant to RCW 9.94A.750(6) or 9.94A.753(6) to a victim of rape of a child or a victim's child born from the rape, the Washington state child support registry shall be identified as the party to whom payments must be made. Restitution obligations arising from the rape of a child in the first, second, or third degree that result in the pregnancy of the victim may be enforced for the time periods provided under RCW 9.94A.750(6) and 9.94A.753(6). All other legal financial obligations for an offense committed prior to July 1, 2000, may be enforced at any time during the ten-year period following the offender's release from total confinement or within ten years of entry of the judgment and sentence, whichever period ends later. Prior to the expiration of the initial ten-year period, the superior court may extend the criminal judgment an additional ten years for payment of legal financial obligations including crime victims' assessments. All other legal financial obligations for an offense committed on or after July 1, 2000, may be enforced at any time the offender remains under the court's jurisdiction. For an offense committed on or after July 1, 2000, the court shall retain jurisdiction over the offender, for purposes of the offender's compliance with payment of the legal financial obligations, until the obligation is completely satisfied, regardless of the statutory maximum for the crime. The department may only supervise the offender's compliance with payment of the legal financial obligations during any period in which the department is authorized to supervise the offender in the community under RCW 9.94A.728, 9.94A.501, or in which the offender is confined in a state correctional institution or a correctional facility pursuant to a transfer agreement with the department, and the department shall supervise the offender's compliance during any such period. The department is not responsible for collecting restitution from the offender in any subsequent period of time the offender remains under the court's jurisdiction. The county clerk is authorized to collect unpaid legal financial obligations at any time the offender remains under the jurisdiction of the court for purposes of his or her legal financial obligations.

(5) In order to assist the court in setting a monthly sum that the offender must pay during the period of supervision, the offender is required to report to the department for purposes of preparing a recommendation to the court. When reporting, the offender is required, under oath, to respond truthfully and honestly to all questions concerning present, past, and future earning capabilities and the location and nature of all property or financial assets. The offender is further required to bring all documents requested by the department.

(6) After completing the investigation, the department shall make a report to the court on the amount of the monthly payment that the offender should be required to make towards a satisfied legal financial obligation.

(7)(a) During the period of supervision, the department may make a recommendation to the court that the offender's monthly payment schedule be modified so as to reflect a change in financial circumstances. If the department sets the monthly payment amount, the department may modify the monthly payment amount without the matter being returned to the court. During the period of supervision, the department may require the offender to report to the department for purposes of reviewing the appropriateness of the collection schedule for the legal financial obligation. During this reporting, the offender is required under oath to respond truthfully
and honestly to all questions concerning earning capabilities and the location and nature of all property or financial assets. The offender shall bring all documents requested by the county clerk in order to prepare the collection schedule.

(b) Subsequent to any period of supervision, or if the department is not authorized to supervise the offender in the community, the county clerk may make a recommendation to the court that the offender's monthly payment schedule be modified so as to reflect a change in financial circumstances. If the county clerk sets the monthly payment amount, or if the department sets the monthly payment amount and the department has subsequently turned the collection of the legal financial obligation over to the county clerk, the clerk may modify the monthly payment amount without the matter being returned to the court. During the period of repayment, the county clerk may require the offender to report to the clerk for the purpose of reviewing the appropriateness of the collection schedule for the legal financial obligation. During this reporting, the offender is required under oath to respond truthfully and honestly to all questions concerning earning capabilities and the location and nature of all property or financial assets. The offender shall bring all documents requested by the county clerk in order to prepare the collection schedule.

(8) After the judgment and sentence or payment order is entered, the department is authorized, for any period of supervision, to collect the legal financial obligation from the offender. Subsequent to any period of supervision or, if the department is not authorized to supervise the offender in the community, the county clerk shall notify the offender in writing to collect unpaid legal financial obligations from the offender. Any amount collected by the department shall be remitted daily to the county clerk for the purpose of disbursements. The department and the county clerks are authorized, but not required, to accept credit cards as payment for a legal financial obligation, and any costs incurred related to accepting credit card payments shall be the responsibility of the offender.

(9) The department or any obligee of the legal financial obligation may seek a mandatory wage assignment for the purposes of obtaining satisfaction for the legal financial obligation pursuant to RCW 9.94A.7701. Any party obtaining a wage assignment shall notify the county clerk. The county clerks shall notify the department, or the administrative office of the courts, whichever is providing the monthly billing for the offender.

(10) The requirement that the offender pay a monthly sum towards a legal financial obligation constitutes a condition or requirement of a sentence and the offender is subject to the penalties for noncompliance as provided in RCW 9.94A.634 (as recodified by this chapter) or 9.94A.740.

(11) (a) Until January 1, 2004, the department shall mail individualized monthly billings to the address known by the department for each offender with an unsatisfied legal financial obligation.

(b) Beginning January 1, 2004, the administrative office of the courts shall mail individualized monthly billings to the address known by the office for each offender with an unsatisfied legal financial obligation.

(c) The billing shall direct payments, other than outstanding cost of supervision assessments under RCW 9.94A.780, parole assessments under RCW 72.04A.120, and cost of probation assessments under RCW 9.95.214, to the county clerk, and cost of supervision, parole or probation assessments to the department.

(d) The county clerk shall provide the administrative office of the courts with notice of payments by such offenders no less frequently than weekly.

(e) The county clerks, the administrative office of the courts, and the department shall maintain agreements to implement this subsection.

(12) The department shall arrange for the collection of unpaid legal financial obligations during any period of supervision in the community through the county clerk. The department shall either collect unpaid legal financial obligations or arrange for collections through another entity if the clerk does not assume responsibility or is unable to continue to assume responsibility for collection pursuant to subsection (4) of this section. The costs for collection services shall be paid by the offender.

(13) The county clerk may access the records of the employment security department for the purposes of verifying employment or income, seeking any assignment of wages, or performing other duties necessary to the collection of an offender's legal financial obligations.

(14) Nothing in this chapter makes the department, the state, the counties, or any state or county employees, agents, or other persons acting on their behalf liable under any circumstances for the payment of the legal financial obligations or for the acts of any offender who is no longer, or was not, subject to supervision by the department for a term of community custody, ((community placement, or community supervision,)) and who remains under the jurisdiction of the court for payment of legal financial obligations.

Sec. 36. RCW 9.94A.775 and 2003 c 379 s 17 are each amended to read as follows:

If an offender with an unsatisfied legal financial obligation is not subject to supervision by the department for a term of ((community placement,)) community custody, ((or community supervision,)) or has not completed payment of all legal financial obligations included in the sentence at the expiration of his or her term of ((community placement,)) community custody, ((or community supervision,)) the department shall notify the administrative office of the courts of the termination of the offender's supervision and provide information to the administrative office of the courts to enable the county clerk to monitor payment of the remaining obligations. The county clerk is authorized to monitor payment after such notification. The secretary of corrections and the administrator for the courts shall enter into an interagency agreement to facilitate the electronic transfer of information about offenders, unpaid obligations, and payees to carry out the purposes of this section.

Sec. 37. RCW 9.94A.780 and 2003 c 379 s 18 are each amended to read as follows:

(1) Whenever a punishment imposed under this chapter requires supervision services to be provided, the offender shall pay to the department of corrections the monthly assessment, prescribed under subsection (2) of this section, which shall be for the duration of the terms of supervision and which shall be considered as payment or part payment of the cost of providing supervision to the offender. The department may exempt or defer a person from the payment of all or any part of the assessment based upon any of the following factors:

(a) The offender has diligently attempted but has been unable to obtain employment that provides the offender sufficient income to make such payments.

(b) The offender is a student in a school, college, university, or a course of vocational or technical training designed to fit the student for gainful employment.

(c) The offender has an employment handicap, as determined by an examination acceptable to or ordered by the department.

(d) The offender’s age prevents him or her from obtaining employment.

(e) The offender is responsible for the support of dependents and the payment of the assessment constitutes an undue hardship on the offender.

(f) Other extenuating circumstances as determined by the department.

(2) The department of corrections shall adopt a rule prescribing the amount of the assessment. The department may, if it finds it appropriate, prescribe a schedule of assessments that shall vary in accordance with the intensity or cost of the supervision. The department may not prescribe any assessment that is less than ten dollars nor more than fifty dollars.

(3) All amounts required to be paid under this section shall be collected by the department of corrections and deposited by the department in the dedicated fund established pursuant to RCW 72.11.040.

(4) This section shall not apply to probation services provided under an interstate compact pursuant to chapter 9.95 RCW or to probation services provided for persons placed on probation prior to June 10, 1982.
(5) If a county clerk assumes responsibility for collection of unpaid legal financial obligations under RCW 9.94A.760, or under any agreement with the department under that section, whether before or after the completion of any period of ((community placement,)) community custody, ((or community supervision,)) the clerk may impose a monthly or annual assessment for the cost of collections. The amount of the assessment shall not exceed the actual cost of collections. The county clerk may exempt or defer payment of all or part of the assessment based upon any of the factors listed in subsection (1) of this section. The offender shall pay the assessment under this subsection to the county clerk who shall apply it to the cost of collecting legal financial obligations under RCW 9.94A.760.

Sec. 38. RCW 9.94A.920 and 2004 c 38 s 10 are each amended to read as follows:

(1) Sex offender examinations and treatment ordered as a special condition of ((community placement or)) community custody under this chapter shall be conducted only by certified sex offender treatment providers or certified affiliate sex offender treatment providers under chapter 18.155 RCW unless the department finds that: (a) The offender has already moved to another state or plans to move to another state for reasons other than circumventing the certification requirements; (b) the treatment provider is employed by the department; or (c)(i) no certified sex offender treatment providers or certified affiliate sex offender treatment providers are available to provide treatment within a reasonable geographic distance of the offender’s home as determined in rules adopted by the secretary; and (ii) the evaluation and treatment plan comply with the rules adopted by the department of health. A treatment provider selected by an offender under (c) of this subsection, who is not certified by the department of health shall consult with a certified sex offender treatment provider during the offender’s period of treatment to ensure compliance with the rules adopted by the department of health. The frequency and content of the consultation shall be based on the recommendation of the certified sex offender treatment provider.

(2) A sex offender's failure to participate in treatment required as a condition of ((community placement or)) community custody is a violation that will not be excused on the basis that no treatment provider was located within a reasonable geographic distance of the offender's home.

Sec. 39. RCW 4.24.556 and 2004 c 38 s 1 are each amended to read as follows:

(a) A certified sex offender treatment provider, or a certified affiliate sex offender treatment provider who has completed at least fifty percent of the required hours under the supervision of a certified sex offender treatment provider, acting in the course of his or her duties, providing treatment to a person who has been released to a less restrictive alternative under chapter 71.09 RCW or to a level III sex offender on community custody as a court (or), department, or board ordered condition of sentence is not negligent because he or she treats a high risk offender; sex offenders are known to have a risk of reoffense. The treatment provider is not liable for civil damages resulting from the reoffense of a client unless the treatment provider's acts or omissions constituted gross negligence or willful or wanton misconduct. This limited liability provision does not eliminate the duty of due care and diligence of a sex offender provider to warn of and protect from a client's threatened violent behavior if the client communicates a serious threat of physical violence against a reasonably ascertainable victim or victims. In addition to any other requirements to report violations, the sex offender treatment provider is obligated to report an offender’s expressions of intent to harm or other predatory behavior, whether or not there is an ascertainable victim, in progress reports and other established processes that enable courts and supervising entities to assess and address the progress and appropriateness of treatment. This limited liability provision applies only to the conduct of certified sex offender treatment providers, and certified affiliate sex offender treatment providers who have completed at least fifty percent of the required hours under the supervision of a certified sex offender treatment provider, and not the conduct of the state.

(2) Sex offender treatment providers who provide services to the department of corrections by identifying risk factors and notifying the department of risks for the subset of high risk offenders who are not amenable to treatment and who are under court order for treatment or supervision are practicing within the scope of their profession.

(2) Offenders released under RCW 9.95.420 are subject to crime-related prohibitions and affirmative conditions established by the court, the department of corrections, or the board pursuant to RCW (9.94A.715 and) 9.94A.712, (9.94A.713)section 10 of this act, 72.09.335, and 9.95.420 through 9.95.440.

The petition shall be accompanied by a copy of the subpoena and proof of service, and shall set forth in what specific manner the subpoena has not been complied with, and shall ask an order of the court to compel the witness to appear and testify before the board. The court, upon such petition, shall enter an order directing the witness to appear before the court at a time and place to be fixed in such order and then and there to show cause why he or she has not responded to the subpoena or has refused to testify. A copy of the order shall be served upon the witness. If it appears to the court that the subpoena was properly issued and that the particular questions which the witness refuses to answer are reasonable and relevant, the court shall enter an order that the witness appear at the time and place fixed in the order and testify or produce the required papers, and on failing to obey the order, the witness shall be dealt with as for contempt of court.

Sec. 44. RCW 9.95.420 and 2007 c 363 s 2 are each amended to read as follows:

The board may consider an offender's failure to participate in an evaluation under subsection (1) of this section in determining whether to release the offender. The board shall order the offender released, under such affirmative and other conditions as the board determines appropriate, unless the board determines by a preponderance of the evidence that, despite such conditions, it is more likely than not that the offender will commit sex offenses if released. If the board does not order the offender released, the board shall establish a new minimum term as provided in RCW 9.95.011.

4 In a hearing conducted under subsection (3) of this section, the board shall provide opportunities for the victims of any crimes for which the offender has been convicted to present oral, video, written, or in-person testimony to the board. In the event the board suspends the release status of an offender released under RCW 9.95.420 by reason of an alleged violation of a condition of release, or pending disposition of a new criminal charge, the board may nullify the suspension order and reinstate release under previous conditions or any new conditions the board determines advisable under ((RCW 9.94A.713(5))) section 10 of this act. Before the board may nullify a suspension order and reinstate release, it shall determine that the best interests of society and the offender shall be served by such reinstatement rather than return to confinement.

(2) In order for public agencies to have the information necessary to notify the public as authorized in RCW 4.24.550, the secretary shall establish and administer an end-of-sentence review committee for the purposes of assigning risk levels, reviewing available release plans, and making appropriate referrals for sex offenders. The committee shall assess, on a case-by-case basis, the public risk posed by sex offenders who are: (a) Preparing for their release from confinement for sex offenses committed on or after July 1, 1984; and (b) accepted from another state under a reciprocal agreement under the interstate compact authorized in chapter 72.74 RCW.

(3) Notwithstanding any other provision of law, the committee shall have access to all relevant records and information in the possession of public agencies relating to the offenders under review, including police reports; prosecutors' statements of probable cause; presentence investigations and reports; complete judgments and sentences; current classification referrals; criminal history summaries; violation and disciplinary reports; all psychological evaluations and psychiatric hospital reports; sex offender treatment program reports; and juvenile records. Records and information obtained under this subsection shall not be disclosed outside the committee unless otherwise authorized by law.

(4) The committee shall review each sex offender under its authority before the offender's release from confinement or start of the offender's term of ((community placement or)) community custody in order to: (a) Classify the offender into a risk level for the purposes of public notification under RCW 4.24.550; (b) where available, review the offender's proposed release plan in accordance with the requirements of RCW 72.09.340; and (c) make appropriate referrals.

(5) The committee shall classify as risk level I those sex offenders whose risk assessments indicate a low risk of recurrence within the community at large. The committee shall classify as risk level II those offenders whose risk assessments indicate a moderate risk of recurrence within the community at large. The committee shall classify as risk level III those offenders whose risk assessments indicate a high risk of recurrence within the community at large.

(6) The committee shall issue to appropriate law enforcement agencies, for their use in making public notifications under RCW 4.24.550, narrative notices regarding the pending release of sex offenders from the department's facilities. The narrative notices shall, at a minimum, describe the identity and criminal history behavior of the offender and shall include the department's risk level classification for the offender. For sex offenders classified as either risk level II or III, the narrative notices shall also include the reasons underlying the classification.

Sec. 50. RCW 72.09.580 and 1999 c 196 s 12 are each amended to read as follows:

Except as specifically prohibited by other law, and for purposes of determining, modifying, or monitoring compliance with conditions of community custody ((, community placement, or community supervision as authorized under RCW 9.94A.505 and 9.94A.545)), the department:

(1) Shall have access to all relevant records and information in the possession of public agencies relating to offenders, including police reports, prosecutors' statements of probable cause, complete criminal history information, psychological evaluations and psychiatric hospital reports, sex offender treatment program reports, and juvenile records; and

(2) May require periodic reports from providers of treatment or other services required by the court or the department, including progress reports, evaluations and assessments, and reports of violations of conditions imposed by the court or the department.

NEW SECTION. Sec. 51. (1) This chapter codifies sentencing provisions that may be applicable to sentences for crimes committed prior to July 1, 2000.

(2) This chapter supersedes chapter 9.94A RCW and should be read in conjunction with that chapter.

NEW SECTION. Sec. 52. In addition to the definitions set out in RCW 9.94A.030, the following definitions apply for purposes of this chapter:

(1) "Community placement" means that period during which the offender is subject to the conditions of community custody and/or postrelease supervision, which begins either upon completion of the term of confinement (postrelease supervision) or at such time as the offender is transferred to community custody in lieu of earned release. Community placement may consist of entirely community custody, entirely postrelease supervision, or a combination of the two.

(2) "Community supervision" means a period of time during which a convicted offender is subject to crime-related prohibitions and other sentence conditions imposed by a court pursuant to this chapter or RCW 16.52.200(6) or 46.61.524. Where the court finds that any offender has a chemical dependency that has contributed to his or her offense, the conditions of supervision may, subject to available resources, include treatment. For purposes of the interstate compact for out-of-state supervision of parolees and probationers, RCW 9.95.270, community supervision is the functional equivalent of probation and should be considered the same as probation by other states.

(3) "Postrelease supervision" is that portion of an offender's community placement that is not community custody.

NEW SECTION. Sec. 53. The court may order an offender whose sentence includes community placement or community supervision to undergo a mental status evaluation and to participate in available outpatient mental health treatment, if the court finds that reasonable grounds exist to believe that the offender is a mentally ill person as defined in RCW 71.24.025, and that this condition is likely to have influenced the offense. An order requiring mental status evaluation or treatment must be based on a presentence report and, if applicable, mental status evaluations that have been filed with the court to determine the offender's competency or eligibility for a defense of insanity. The court may order additional evaluations at a later date if deemed appropriate.

NEW SECTION. Sec. 54. A person convicted of a sex offense or an offense categorized as a serious violent offense, assault in the second degree, vehicular homicide, vehicular assault, assault of a child in the second degree, or any crime against persons where it is determined in accordance with RCW 9.94A.602 that the offender or
an accomplice was armed with a deadly weapon at the time of commission, or any felony offense under chapter 69.50 or 69.52 RCW, committed before July 1, 2000, may become eligible, in accordance with a program developed by the department, for transfer to community custody status in lieu of earned release time pursuant to RCW 9.94A.728(1).

NEW SECTION. Sec. 55. (1) Sections 6 through 58 of this act apply to all sentences imposed or reimposed on or after August 1, 2009, for any crime committed on or after the effective date of this section.

(2) Sections 6 through 58 of this act also apply to all sentences imposed or reimposed on or after August 1, 2009, for crimes committed prior to the effective date of this section, to the extent that such application is constitutionally permissible.

(3) To the extent that application of sections 6 through 58 of this act is not constitutionally permissible with respect to any offender, the sentence for such offender shall be governed by the law as it existed before the effective date of this section, or on such prior date as may be constitutionally required, notwithstanding any amendment or repeal of provisions of such law.

(4) If application of sections 6 through 58 of this act is not constitutionally permissible with respect to any offender, the judgment and sentence shall specify the particular sentencing provisions that will not apply to such offender. Whenever practical, the judgment and sentence shall use the terminology set out in this act.

(5) The sentencing guidelines commission shall prepare a summary of the circumstances under which application of sections 6 through 58 of this act is not constitutionally permissible. The summary should include recommendations of conditions that could be included in judgments and sentences in order to prevent unconstitutional application of the act. This summary shall be incorporated into the Adult Sentencing Guidelines Manual.

(6) Sections 6 through 58 of this act shall not affect the enforcement of any sentence that was imposed prior to August 1, 2009, unless the offender is resentedenced after that date.

NEW SECTION. Sec. 56. (1) The following sections are recodified as part of a new chapter in Title 9 RCW: RCW 9.94A.628, 9.94A.634, 9.94A.700, 9.94A.705, and 9.94A.710.

(2) RCW 9.94A.610 (as amended by this act), 9.94A.612 (as amended by this act), 9.94A.614, 9.94A.616, 9.94A.618, and 9.94A.620 are each recodified as sections in chapter 72.09 RCW.

(3) Sections 51 through 54 of this act are added to the new chapter created in subsection (1) of this section.

(4) The code reviser is authorized to improve the organization of chapter 9.94A RCW by renumbering existing sections and adding subchapter headings.

(5) The code reviser shall correct any cross-references to sections affected by this section in other sections of the code.

NEW SECTION. Sec. 57. The following acts or parts of acts are each repealed:

- RCW 9.94A.545 (Community custody) and 2006 c 128 s 4, 2003 c 379 s 8, 2000 c 28 s 13, 1999 c 196 s 10, 1988 c 143 s 23, & 1984 c 209 s 22;

NEW SECTION. Sec. 58. The repealers in section 57 of this act shall not affect the validity of any sentence that was imposed prior to the effective date of this section or the authority of the department of corrections to supervise any offender pursuant to such sentence.

NEW SECTION. Sec. 59. The code reviser shall report to the 2009 legislature on any amendments necessary to accomplish the purposes of this act.

NEW SECTION. Sec. 60. Section 24 of this act expires July 1, 2010.

ENGROSSED SUBSTITUTE SENATE BILL NO. 6792 by Senate Human Services & Corrections (originally sponsored by Senators Hargrove and Stevens)

Concerning dependency matters.

Representative Kagi moved the adoption of amendment (1572):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 13.34.215 and 2007 c 413 s 1 are each amended to read as follows:

(1) A child may petition the juvenile court to reinstate the previously terminated parental rights of his or her parent under the following circumstances:
   (a) The child was previously found to be a dependent child under this chapter;
   (b) The child's parent's rights were terminated in a proceeding under this chapter;
   (c) The child has not achieved his or her permanency plan within three years of a final order of termination, or if the final order was appealed, within three years of exhaustion of any right to appeal the order terminating parental rights; and
   (d) ((Absent good cause,)) The child must be at least twelve years old at the time the petition is filed. Upon the child's motion for good cause shown, or on its own motion, the court may hear a petition filed by a child younger than twelve years old.

(2) A child seeking to petition under this section shall be provided counsel at no cost to the child.

(3) The petition must be signed by the child in the absence of a showing of good cause as to why the child could not do so.

(4) If, after a threshold hearing to consider the parent's apparent fitness and interest in reinstatement of parental rights, (it appears) the court finds by a preponderance of evidence that the best interests of the child may be served by reinstatement of parental rights, the juvenile court shall order that a hearing on the merits of the petition be held.

(5) The court shall give prior notice for any proceeding under this section, or cause prior notice to be given, to the department, the child's attorney, and the child. The court shall also order the department to give prior notice of any hearing to the child's former parent whose parental rights are the subject of the petition, any parent whose rights have not been terminated, the child's current foster parent, relative caregiver, guardian or custodian, and the child's tribe, if applicable.

(6) The juvenile court shall conditionally grant the petition if it finds by clear and convincing evidence that the child has not achieved his or her permanency plan and is not likely to imminently achieve his or her permanency plan and that reinstatement of parental rights is in the child's best interest. In determining whether reinstatement is in the child's best interest the court shall consider, but is not limited to, the following:
   (a) Whether the parent whose rights are to be reinstated is a fit parent and has remedied his or her deficits as provided in the record of the prior termination proceedings and prior termination order;
   (b) The age and maturity of the child, and the ability of the child to express his or her preference;
   (c) Whether the reinstatement of parental rights will present a risk to the child's health, welfare, or safety; and
   (d) Other material changes in circumstances, if any, that may have occurred which warrant the granting of the petition.

(7) In determining whether the child has or has not achieved his or her permanency plan or whether the child is likely to achieve his or her permanency plan, the department shall provide the court, and the court shall review, information related to any efforts to achieve the permanency plan including efforts to achieve adoption or a permanent guardianship.

(8)(a) If the court conditionally grants the petition under subsection (6) of this section, the case will be continued for six months and a temporary order of reinstatement entered. During this period, the child shall be placed in the custody of the parent. The department shall develop a permanency plan for the child reflecting the plan to be reunification and shall provide transition services to the family as appropriate.
   (b) If the child must be removed from the parent due to abuse or neglect allegations prior to the expiration of the conditional six-month period, the court shall dismiss the petition for reinstatement of parental rights if the court finds the allegations have been proven by a preponderance of the evidence.
   (c) If the child has been successfully placed with the parent for six months, the court order reinstating parental rights remains in effect and the court shall dismiss the dependency.

(9) After the child has been placed with the parent for six months, the court shall hold a hearing. If the placement with the parent has been successful, the court shall enter a final order of reinstatement of parental rights, which shall restore all rights, powers, privileges, immunities, duties, and obligations of the parent as to the child, including those relating to custody, control, and support of the child. The court shall dismiss the dependency and direct the clerk's office to provide a certified copy of the final order of reinstatement of parental rights to the parent at no cost.

(10) The granting of the petition under this section does not vacate or otherwise affect the validity of the original termination order.

(((10))) (11) Any parent whose rights are reinstated under this section shall not be liable for any child support owed to the department pursuant to RCW 13.34.160 or Title 26 RCW or costs of other services provided to a child for the time period from the date of termination of parental rights to the date parental rights are reinstated.

(((11))) (12) A proceeding to reinstate parental rights is a separate action from the termination of parental rights proceeding and does not vacate the original termination of parental rights. An order granted under this section reinstates the parental rights to the child. This reinstatement is a recognition that the situation of the parent and child have changed since the time of the termination of parental rights and reunification is now appropriate.

(((12))) (13) This section is retroactive and applies to any child who is under the jurisdiction of the juvenile court at the time of the hearing regardless of the date parental rights were terminated.

(14) The state, the department, and its employees are not liable for civil damages resulting from any act or omission in the provision of services under this section, unless the act or omission constitutes gross negligence. This section does not create any duty and shall not be construed to create a duty where none exists. This section does not create a cause of action against the state, the department, or its employees concerning the original termination.

Sec. 2. RCW 13.34.065 and 2007 c 413 s 5 are each amended to read as follows:
(1)(a) When a child is taken into custody, the court shall hold a shelter care hearing within seventy-two hours, excluding Saturdays, Sundays, and holidays. The primary purpose of the shelter care hearing is to determine whether the child can be immediately and safely returned home while the adjudication of the dependency is pending.

(b) Any parent, guardian, or legal custodian who for good cause is unable to attend the shelter care hearing may request that a subsequent shelter care hearing be scheduled. The request shall be made to the clerk of the court where the petition is filed prior to the initial shelter care hearing. Upon the request of the parent, the court shall schedule the hearing within seventy-two hours of the request, excluding Saturdays, Sundays, and holidays. The clerk shall notify all other parties of the hearing by any reasonable means.

(2)(a) The department of social and health services shall submit a recommendation to the court as to the further need for shelter care in all cases in which it is the petitioner. In all other cases, the recommendation shall be submitted by the juvenile court probation counselor.

(b) All parties have the right to present testimony to the court regarding the need or lack of need for shelter care.

(c) Hearsay evidence before the court regarding the need or lack of need for shelter care must be supported by sworn testimony, affidavit, or declaration of the person offering such evidence.

(3)(a) At the commencement of the hearing, the court shall notify the parent, guardian, or custodian of the following:

(i) The parent, guardian, or custodian has the right to a shelter care hearing.

(ii) The nature of the shelter care hearing, the rights of the parents, and the proceedings that will follow; and

(iii) If the parent, guardian, or custodian is not represented by counsel, the right to be represented. If the parent, guardian, or custodian is indigent, the court shall appoint counsel as provided in RCW 13.34.090; and

(b) If a parent, guardian, or legal custodian desires to waive the shelter care hearing, the court shall determine, on the record and with the parties present, whether such waiver is knowing and voluntary. A parent may not waive his or her right to the shelter care hearing unless he or she appears in court and the court determines that the waiver is knowing and voluntary. Regardless of whether the court accepts the parental waiver of the shelter care hearing, the court must provide notice to the parents of their rights required under (a) of this subsection and make the finding required under subsection (4) of this section.

(4) At the shelter care hearing the court shall examine the need for shelter care and inquire into the status of the case. The paramount consideration for the court shall be the health, welfare, and safety of the child. At a minimum, the court shall inquire into the following:

(a) Whether the notice required under RCW 13.34.062 was given to all known parents, guardians, or legal custodians of the child. The court shall make an express finding as to whether the notice required under RCW 13.34.062 was given to the parent, guardian, or legal custodian. If actual notice was not given to the parent, guardian, or legal custodian and the whereabouts of such person is known or can be ascertained, the court shall order the supervising agency or the department of social and health services to make reasonable efforts to advise the parent, guardian, or legal custodian of the status of the case, including the date and time of any subsequent hearings, and their rights under RCW 13.34.090;

(b) Whether the child can be safely returned home while the adjudication of the dependency is pending;

(c) What efforts have been made to place the child with a relative;

(d) What services were provided to the family to prevent or eliminate the need for removal of the child from the child's home;

(e) Is the placement proposed by the agency the least disruptive and most family-like setting that meets the needs of the child;

(f) Whether it is in the best interest of the child to remain enrolled in the school, developmental program, or child care the child was in prior to placement and what efforts have been made to maintain the child in the school, program, or child care if it would be in the best interest of the child to remain in the same school, program, or child care;

(g) Appointment of a guardian ad litem or attorney;

(h) Whether the child is or may be an Indian child as defined in 25 U.S.C. Sec. 1903, whether the provisions of the Indian child welfare act apply, and whether there is compliance with the Indian child welfare act, including notice to the child's tribe;

(i) Whether, as provided in RCW 26.44.063, restraining orders, or orders expelling an allegedly abusive (parent) household member from the home of a nonabusive parent, guardian, or legal custodian, will allow the child to safely remain in the home;

(j) Whether any orders for examinations, evaluations, or immediate services are needed. ((However,) The court may not order a parent to undergo examinations, evaluation, or services at the shelter care hearing unless the parent agrees to the examination, evaluation, or service);

(k) The terms and conditions for parental, sibling, and family visitation.

(5)(a) The court shall release a child alleged to be dependent to the care, custody, and control of the child's parent, guardian, or legal custodian unless the court finds there is reasonable cause to believe that:

(i) After consideration of the specific services that have been provided, reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home; and

(ii)(A) The child has no parent, guardian, or legal custodian to provide supervision and care for such child; or

(B) The release of such child would present a serious threat of substantial harm to such child, notwithstanding an order entered pursuant to RCW 26.44.063; or

(C) The parent, guardian, or custodian to whom the child could be released has been charged with violating RCW 9A.40.060 or 9A.40.070.

(b) If the court does not release the child to his or her parent, guardian, or legal custodian, (and the child was initially placed with a relative pursuant to RCW 13.34.060(1),) the court shall order (continued) placement with a relative, unless there is reasonable cause to believe the health, safety, or welfare of the child would be jeopardized or that the efforts to reunite the parent and child will be hindered. The relative must be willing and available to:

(i) Care for the child and be able to meet any special needs of the child;
