Sec. 221. 2008 c 329 s 222 (uncodified) is amended to read as follows:
FOR THE DEPARTMENT OF HEALTH
General Fund--State Appropriation (FY 2008)                         $(81,352,000)
                     General Fund--State Appropriation (FY 2009)         $(80,686,000)
                     General Fund--Federal Appropriation                   $(477,065,000)
The appropriations in this section are subject to the following conditions and limitations:

(1) The department is authorized to raise existing fees charged for its fee-supported programs in excess of the fiscal growth factor pursuant to RCW 43.135.055, if necessary, to meet the actual costs of conducting business and the appropriation levels in this section. Pursuant to RCW 43.135.055 and RCW 43.70.250, the department is further authorized to increase fees in its fee-supported programs as necessary to meet the actual costs of conducting business and the appropriation levels in this section, as specifically authorized in LEAP Document DOH-2008, as developed by the legislative evaluation and accountability program on March 11, 2008.

(2) The department of health shall not initiate any services that will require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal monies not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation that provides appropriation authority, and an equal amount of appropriated state moneys shall lapse. Upon the lapping of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) $877,000 of the health professions account appropriation is provided solely for implementation of Substitute House Bill No. 1099 (dental professions). If the bill is not enacted by June 30, 2007, the amount provided in this subsection shall lapse.

The appropriations in this subsection are subject to the following conditions and limitations:

1. The department shall seek contracts for chemical dependency treatment of offenders in corrections facilities, including corrections centers and community supervision facilities, which have demonstrated effectiveness in treatment of offenders and are able to provide data to show a successful treatment rate.

2. The department shall seek contracts for chemical dependency vendors to provide chemical dependency treatment of offenders in corrections facilities, including corrections centers and community supervision facilities, which have demonstrated effectiveness in treatment of offenders and are able to provide data to show a successful treatment rate.
The appropriations in this subsection are subject to the following conditions and limitations:

(a) The department may expend funds generated by contractual agreements entered into for mitigation of severe overcrowding in local jails. Any funds generated in excess of actual costs shall be deposited in the state general fund. Expenditures shall not exceed revenue generated by such agreements and shall be treated as a recovery of costs.

(b) The department shall provide funding for the pet partnership program at the Washington corrections center for women at a level at least equal to that provided in the 1995-97 biennium.

(c) The department shall accomplish personnel reductions with the least possible impact on correctional custody staff, community custody staff, and correctional industries. For the purposes of this subsection, correctional custody staff means employees responsible for the direct supervision of offenders.

(d) During the 2007-09 biennium, when contracts are established or renewed for offender payphone and other telephone services provided to inmates, the department shall select the contractor or contractors primarily based on the following factors: (i) The lowest rate charged to both the inmate and the person paying for the telephone call; and (ii) the lowest commission rates paid to the department, while providing reasonable compensation to cover the costs of the department to provide the telephone services to inmates and provide sufficient revenues for the activities funded from the institutional welfare betterment account.

(e) The Harborview medical center shall provide inpatient and outpatient hospital services to offenders confined in department of corrections facilities at a rate no greater than the average rate that the department has negotiated with other community hospitals in Washington state.

(f) $358,000 of the Washington auto theft prevention authority account--state appropriation for fiscal year 2008 and $980,000 of the Washington auto theft prevention authority account--state appropriation for fiscal year 2009 are provided solely for the implementation of Engrossed Third Substitute House Bill No. 1001 (auto theft). If the bill is not enacted by June 30, 2007, the amounts provided in this subsection shall lapse.

(g) $22,000 of the general fund--state appropriation for fiscal year 2008 and $22,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for the implementation of Substitute House Bill No. 1097 (vulnerable adults). If the bill is not enacted by June 30, 2007, the amounts provided in this subsection shall lapse.

(h) $22,000 of the general fund--state appropriation for fiscal year 2008 and $22,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for the implementation of Substitute House Bill No. 1319 (correctional agency employee). If the bill is not enacted by June 30, 2007, the amounts provided in this subsection shall lapse.

(i) $87,000 of the general fund--state appropriation for fiscal year 2008 and $87,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for the implementation of House Bill No. 1592 (sentence review board). 11. $6,218,000 of the family leave insurance account--state appropriation is provided solely for implementation of the family leave insurance program.

(a) The amount provided in this subsection assumes that, in developing the information technology systems to support the payment of benefits, the department will incorporate the claim filing and benefit payment efficiencies recommended by the joint legislative task force on family leave insurance in Part III of its final report dated January 23, 2008, including:

(i) Eliminating the option for awarding attorney fees and costs for administrative hearings;

(ii) Authorizing claims for benefits to be filed in the six-week period beginning on the first day of the calendar week in which the individual is on family leave;

(iii) Not requiring claimants to verify the birth of a child or the placement of a child for adoption;

(iv) Including an attestation from the claimant that written notice has been provided to the employer of the intention to take family leave; and

(v) Not deducting and withholding federal income taxes from benefit payments.

(b) In addition, the department shall incorporate the following claim filing and benefit payment efficiencies:

(i) Define “qualifying year” to mean the first four of the last five completed calendar quarters or, if eligibility is not established, the last four completed calendar immediately preceding the first day of the application year;

(ii) Allow individuals to file a claim for benefits in the six-week period beginning on the first day of the calendar year in which the individual is on family leave; and

(iii) After an initial family leave insurance benefit is paid, subsequent payments must be made biweekly, rather than semimonthly, thereafter.

12. $222,000 of the general fund--state appropriation for fiscal year 2009 is provided solely to implement Engrossed Second Substitute House Bill No. 2815 (greenhouse gas emissions). If the bill is not enacted by June 30, 2008, the amounts provided in this subsection shall lapse.

The appropriations in this section are subject to the following conditions and limitations:

1. $170,000 of the oil spill prevention account--state appropriation is provided solely for a contract with the University of Washington's sea grant program to continue an educational program targeted to small spills from commercial fishing vessels, ferries, cruise ships, ports, and marinas.

2. $256,000 of the general fund--state appropriation for fiscal year 2008, $209,000 of the general fund--state appropriation for fiscal year 2009, and $200,000 of the general fund--private local appropriation are provided solely to implement activities associated with a regional haze program. Funds shall be collected and expended in accordance with the terms of the contract entered into with affected businesses and the department of ecology.

3. $2,000,000 of the local toxics control account--state appropriation is provided solely to local governments outside of Puget Sound for municipal storm water programs, including but not limited to, implementation of phase II municipal storm water permits, source control for toxics in association with cleanup of contaminated sediment sites, and source control programs for shellfish protection districts where storm water is a significant contributor.

4. Fees approved by the department of ecology in the 2007-09 biennium are authorized to exceed the fiscal growth factor under RCW 43.135.055. Pursuant to RCW 43.135.055, the department is further authorized to increase the following fees in fiscal year 2009 as necessary to meet the actual costs of conducting business and the appropriation levels in this section: Wastewater discharge permit, not more than 5.57 percent; dam periodic inspection permit, not more than 5.57 percent; dam construction permit, not more than 5.57 percent; and mixed waste management, not more than 14.14 percent.

5. $1,000,000 of the general fund--state appropriation for fiscal year 2008 and $927,000 of the general fund--state appropriation for fiscal year 2009 are provided solely to improve the performance of wetland mitigation. Of this amount, $55,000 of the general fund--state appropriation for fiscal year 2008 and $55,000 of the general fund--state appropriation for fiscal year 2009 are provided solely to support a wetland in Whatcom county. The program will engage local, state, and federal agencies, private investors, property owners, and others in the creation of one or more wetland banks and other measures to protect habitat functions and values while accommodating urban growth in the
region. Priority shall be given to state and local government partnerships for wetland characterization. The department shall issue a report of its findings and recommendations on how wetland mitigation success can be achieved at the offices of financial management and the appropriate policy committees of the legislature.

(5) $260,000 of the state toxics control account--state appropriation is provided solely to support pesticide container recycling activities in Washington.
(6) $250,000 of the general fund--state appropriation for fiscal year 2008 and $250,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for a pilot project to provide grants to two local government jurisdictions located in the Puget Sound area to improve compliance with existing environmental laws. Grant funds shall be used for providing information on existing requirements, providing technical assistance necessary to comply on a voluntary basis, and taking enforcement action.
(7) $1,257,000 of the reclamation account--state appropriation is provided solely to implement Substitute Senate Bill No. 5881 (water power project set-aside account). If the bill is not enacted by June 30, 2007, the amount provided in this section shall lapse.
(8) $694,000 of the underground storage tank account--state appropriation is provided solely to implement Substitute Senate Bill No. 5475 (underground storage tanks). If the bill is not enacted by June 30, 2007, the amount provided in this section shall lapse.
(9) $2,026,000 of the local toxics control account--state appropriation is provided solely for local governments located near hazardous waste cleanup sites, including Duwamish Waterway, Commencement Bay, and Bellingham Bay, to work with small businesses and citizens to safely manage hazardous and solid wastes to prevent the contamination.
(10) $876,000 of the state toxics control account and $876,000 of the local toxics control account are provided solely for public participation grants related to toxic cleanup sites within and around Puget Sound.
(11) $831,000 of the general fund--state appropriation for fiscal year 2008 and $669,000 of the general fund--state appropriation for fiscal year 2009 are provided solely to implement watershed plans. Of this amount, $313,650 of the general fund--state appropriation for fiscal year 2008 and $529,000 of the general fund--state appropriation for fiscal year 2009 are provided solely to support the implementation of the WRIA 1 watershed plan and the Bertrand watershed improvement district plan, including but not limited to implementation of the Nooksack River basin stream gauging program, study of the feasibility of a public utility district pipeline in the Bertrand watershed, study and construction of water storage and augmentation in the Bertrand watershed, and preparation and development of the next subbasin watershed plan agreed to by the Bertrand instream flow policy group.
(12) $75,000 of the general fund--state appropriation for fiscal year 2008 and $75,000 of the general fund--state appropriation for fiscal year 2009 are provided solely to implement Second Substitute House Bill No. 2220 (shellfish). The department shall develop, by rule, guidelines for the appropriate siting and operation of geoduck aquaculture operations to be included in any master program under the shorelines management act. If the bill is not enacted by June 30, 2007, the amounts provided in this subsection shall lapse.
(13) $15,000 of the general fund--state appropriation for fiscal year 2008 and $15,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for convening a stakeholder group to recommend establishing a sustainable statewide regional CBRENE/Hazmat response capability.
(14) $693,000 of the state toxics control account is provided solely for implementation of Senate Bill No. 5421 (environmental covenants). If the bill is not enacted by June 30, 2007, the amount provided in this section shall lapse.
(15) $100,000 of the general fund--state appropriation for fiscal year 2008 and $100,000 of the general fund--state appropriation for fiscal year 2009 are provided solely to implement key recommendations and actions identified in the "Washington's Ocean Action Plan: Enhancing Management of Washington State's Ocean and Outer Coast". The department shall provide a progress report on implementing this plan to the appropriate policy committees of the legislature by December 31, 2008.
(16) $136,000 of the general fund--state appropriation for fiscal year 2008 and $136,000 of the general fund--state appropriation for fiscal year 2009 are provided solely to implement Engrossed Substitute Senate Bill No. 6001 (climate change). The appropriations in this section are subject to the following conditions and limitations:
(1) The department shall use the department of printing for printing needs. Funds provided in this section may not be used to staff or fund a stand-alone printing operation.
(2) $175,000 of the general fund--state appropriation for fiscal year 2008 and $175,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for the implementation of hatchery reform recommendations defined by the hatchery scientific review group.
(3) The department shall support the activities of the aquatic nuisance species coordination committee to foster state, federal, tribal, and private cooperation on aquatic nuisance species issues. The committee shall strive to prevent the introduction of nonnative aquatic species and to minimize the spread of species that are introduced.
(4) The department shall emphasize enforcement of laws related to protection of fish habitat and the illegal harvest of salmon and steelhead. Within the amount provided for the agency, the department shall provide support to the department of health to enforce state shellfish harvest laws.
(5) $400,000 of the general fund--state appropriation for fiscal year 2008 and $400,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for a state match to support the Puget Sound nearshore partnership between the department and the U.S. army corps of engineers.
(6) The department shall assist the office of regulatory assistance in implementing activities consistent with the governor's regulatory improvement program. The department shall support and provide expertise to facilitate, coordinate, and simplify citizen and business interactions so as to improve state regulatory processes involving state, local, and federal stakeholders.
(7) $634,000 of the general fund--state appropriation for fiscal year 2008 is provided solely for operations and fish production costs at department-operated Mitchell act hatchery facilities.
(8) $609,000 of the general fund--state appropriation for fiscal year 2009 is provided solely for the department to implement a pilot project with the Confederated Tribes of the Colville Reservation to develop expanded recreational fishing opportunities on Lake Rufus Woods and its northern shoreline and to conduct joint enforcement of lake fisheries on Lake Rufus Woods and adjoining waters, pursuant to state and tribal intergovernmental agreements developed under the Columbia River water supply program.
   (a) For the purposes of the pilot project:
      (i) A fishing permit issued to a nontribal member by the Colville Tribes shall satisfy the license requirement of RCW 77.32.010 on the waters of Lake Rufus Woods and on the north shore of Lake Rufus Woods;
      (ii) The Colville Tribes have agreed to provide to holders of its nontribal member fishing permits a means to demonstrate that fish in their possession were lawfully taken in Lake Rufus Woods;
      (iii) A Colville tribal member identification card shall satisfy the license requirement of RCW 77.32.010 on all waters of Lake Rufus Woods;
      (iv) The department and the Colville Tribes shall jointly designate fishing areas on the north shore of Lake Rufus Woods for the purposes of enhancing access to the recreational fisheries on the lake; and
      (v) The Colville Tribes have agreed to recognize a fishing license issued under RCW 77.32.470 or RCW 77.32.490 as satisfying the nontribal member fishing permit requirements of Colville tribal law on the reservation portion of the waters of Lake Rufus Woods and at designated fishing areas on the north shore of Lake Rufus Woods;
   (b) The director, in collaboration with the Colville Tribes, shall provide an interim report to the office of financial management and the appropriate committees of the legislature by December 31, 2008. The report shall describe the status of the pilot project, and make recommendations as needed to fully implement the project, pursuant to the state and tribal agreement on Lake Rufus Woods.
(9) $182,000 of the general fund--state appropriation for fiscal year 2008 and $182,000 of the general fund--state appropriation for fiscal year 2009 are provided solely to continue the ballast water management program in Puget Sound and expand the program to include the Columbia river and coastal ports.
(10) $250,000 of the general fund--state appropriation for fiscal year 2008 and $250,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for hatchery facility maintenance improvements.
(11) $440,000 of the general fund--state appropriation for fiscal year 2008 and $409,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for estimates of juvenile abundance of federally listed salmon and steelhead populations. The department shall report to the office of financial management and the appropriate fiscal committees of the legislature with a letter stating the use and measurable results of activities that are supported by these funds.
(12) $125,000 of the general fund--state appropriation for fiscal year 2008 and $125,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for the strategic budget and accountability program.
(13) $113,000 of the general fund--state appropriation for fiscal year 2008 and $113,000 of the general fund--state appropriation for fiscal year 2009 are provided solely to implement Engrossed Substitute Senate Bill No. 5372 (Puget Sound partnership). If the bill is not enacted by June 30, 2007, the amount provided in this subsection shall lapse.
(14) Prior to submitting its 2009-11 biennial operating and capital budget request related to state fish hatcheries to the office of financial management, the department shall contract with the hatchery scientific review group (HSRG) to review this request. This review shall:
   (a) Determine if the proposed requests are consistent with HSRG recommendations; (b) prioritize the components of the requests based on their contributions to protecting wild salmonid stocks and meeting the recommendations of the HSRG; and (c) evaluate whether the proposed requests are being made in the most cost effective manner. The department shall provide a copy of the HSRG review to the office of financial management and the appropriate legislative committees by October 1, 2008.
(15) $43,000 of the general fund--state appropriation for fiscal year 2008 is provided solely for the implementation of Substitute Senate Bill No. 5447 (coastal Dungeness crab). If the bill is not enacted by June 30, 2007, the amount provided in this subsection shall lapse.
(16) $4,000 of the general fund--state appropriation for fiscal year 2008 and $4,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for the implementation of Substitute Senate Bill No. 5463 (forest fire protection). If the bill is not enacted by June 30, 2007, the amounts provided in this subsection shall lapse.

(17) $89,000 of the general fund--state appropriation for fiscal year 2008 and $89,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for the implementation of Substitute Senate Bill No. 6141 (forest health). Reports shall be submitted by June 30, 2009, to the appropriate committees of the legislature on the following topics:

(a) An exploration of the potential markets for renewable energy from biomass from Washington forests, especially from material removed from western Washington forests as part of forest health improvement efforts. This exploration shall assess the feasibility of converting large amounts of underutilized forest biomass into useful products and green energy by providing required analyses needed to efficiently collect and deliver forest biomass to green energy end users. The role of transportation and processing infrastructure in developing markets for such material for both clean energy and value-added products shall be included in the exploration. The college shall coordinate with Washington State University efforts to identify what new biological, chemical, and engineering technologies are emerging for converting forest biomass to clean and efficient energy.

(b) Recommendations for the college's northwest environmental forum for retaining the highest valued working forest lands at risk of conversion to nonforest uses. These recommendations should include an examination of means to enhance biodiversity through strategic retention of certain lands, as well as economic incentives for landowners to retain lands as working forests and provide ecosystem services. The recommendations shall consider the health and value of the forest lands, the rate of loss of working forest lands in the area, the risk to timber processing infrastructure from continued loss of working forest lands, and the multiple benefits derived from retaining working forest lands. The recommendations shall prioritize forest lands in the Cascade foothills, which include the area generally encompassing the nonurbanized lands within the Cascade mountain range and drainages lying between three hundred and three thousand feet above mean sea level, and located within Whatcom, Skagit, Snohomish, King, Pierce, Thurston, and Lewis counties.

(20) $25,000 of the general fund--state appropriation for fiscal year 2008 and $25,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for Chelan county, as the chair of the Stemilt partnership, to perform the following:

(a) Work with private and public land management entities to identify and evaluate land ownership possibilities; and
(b) Allocate up to $1,000 to the department of fish and wildlife to perform technical studies, baseline assessments, environmental review, due diligence, and similar real estate evaluations; and
(c) Implement real estate transactions based on the results of the studies.

(21) $15,000 of the general fund--state appropriation for fiscal year 2008 and $15,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for health benefits to Washington conservation corps employees.

(22) $300,000 of the general fund--state appropriation for fiscal year 2008 and $300,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for staff support for the natural heritage program to integrate, analyze, and provide bird area information, and for state designations and mapping support, among other activities.
(23) $48,000 of the resource management cost account--state appropriation is provided solely to implement Second Substitute House Bill No. 2220 (shellfish). The department shall participate in a shellfish aquaculture regulatory committee, convened by the department of ecology. If the bill is not enacted by June 30, 2007, the amount provided in this subsection shall lapse.

(24) $150,000 of the general fund--private/local appropriation is provided solely for the implementation of Substitute Senate Bill No. 5445 (cost-reimbursement agreements). If the bill is not enacted by June 30, 2007, the amount provided in this subsection shall lapse.

(25) $191,000 of the aquatic lands enhancement account--state appropriation is provided solely for the department to coordinate with the Puget Sound partnership to complete a habitat conservation plan for state-owned aquatic lands and an environmental impact statement by June 2009.

(26) $251,000 of the general fund--state appropriation for fiscal year 2009 is provided solely for implementation of Engrossed Second Substitute House Bill No. 2844 (urban forestry). If the bill is not enacted by June 30, 2008, the amount provided in this subsection shall lapse.

(27) $800,000 of the general fund--state appropriation for fiscal year 2009 is provided solely to complete maps of lower Hood Canal, including subsurface geologic layers, lithology, digital layers, and maps to identify liquefiable sediments for hazard mitigation. The department shall provide a report to the appropriate committees of the legislature on maps that were produced by December 1, 2008.

(28) As part of its 2009-11 biennial budget request, the department shall submit a report detailing the methodology for determining the value of payment in lieu of taxes as provided in RCW 79.70.130. At a minimum, the report will show the number of acres subject to the payment in lieu of taxes, the tax rates assumed by each affected county, and the resulting value of the state general fund obligation.

(29) $200,000 of the general fund--state appropriation for fiscal year 2009 is provided solely to supplement other available funds for an analysis of whether forest practices rules (including rules for harvest on potentially unstable slopes, road construction and maintenance, and post-harvest slash treatment) effectively protect public resources and public safety from landslides, and other storm-related impacts. The analysis is to be accomplished using the forest practices board adaptive management process. The cooperative monitoring, evaluation, and research (CMER) committee of the adaptive management program shall submit a report of its preliminary analysis and conclusions to the appropriate committees of the legislature by December 1, 2008. The forest practices board shall submit a complete report of the CMER study on the effectiveness of current prescriptions and practices by June 30, 2009. This amount is ongoing solely to make improvements to the state’s geological survey.

Forty-nine certificated instructional staff units per thousand full-time equivalent students in grades K-3;

Forty-six certificated instructional staff units per thousand full-time equivalent students in grades 4-12; and

An additional 4.2 certificated instructional staff units for grades K-3 and an additional 7.2 certificated instructional staff units for grade 4. Any funds allocated for the additional certificated units provided in this subsection (iv) shall not be considered as basic education funding.

-Funds provided under this subsection (2)(a)(iv) in excess of the amount required to maintain the statutory minimum ratio established under RCW 28A.150.260(2)(b) shall be allocated only if the district documents an actual ratio in grades K-4 equal to or greater than 53.2 certificated instructional staff per thousand full-time equivalent students. For any school district documenting a lower certificated instructional staff ratio, the allocation shall be based on the district's actual grades K-4 certificated instructional staff ratio achieved in that school year, or the statutory minimum ratio established under RCW 28A.150.260(2)(b), if greater;

-Districts at or above 51.0 certificated instructional staff per one thousand full-time equivalent students in grades K-4 may dedicate up to 1.3 of the 53.2 funding ratio to employ additional classified instructional assistants assigned to basic education classrooms in grades K-4. For purposes of documenting a district's staff ratio under this section, funds used by the district to employ additional classified instructional assistants shall be converted to a certificated staff equivalent and added to the district's actual certificated instructional staff ratio. Additional classified instructional assistants, for the purposes of this subsection, shall be determined using the 1989-90 school year as the base year;

-C) Any district maintaining a ratio in grades K-4 equal to or greater than 53.2 certificated instructional staff per thousand full-time equivalent students may use allocations generated under this subsection (2)(a)(iv) in excess of that required to maintain the minimum ratio established under RCW 28A.150.260(2)(b) to employ additional basic education certificated instructional staff or classified instructional assistants in grades 5-6. Funds allocated under this subsection (2)(a)(iv) shall only be permitted to reduce class size in grades K-6. No more than 1.3 of the certificated instructional funding ratio amount may be expended for provision of classified instructional assistants;

(b) For school districts with a minimum enrollment of 250 full-time equivalent students whose full-time equivalent student enrollment in a given month exceeds the first of the month full-time equivalent enrollment count by 5 percent, an additional state allocation of 110 percent of the share that such increased enrollment would have generated had such additional full-time equivalent students been included in the normal enrollment count for that particular month;

(e)(i) On the basis of full-time equivalent enrollment in:

(A) Vocational education programs approved by the superintendent of public instruction, a maximum of 0.92 certificated instructional staff units and 0.08 certificated administrative staff units for each 19.5 full-time equivalent vocational students; and

(B) Skills center programs meeting the standards for skills center funding established in January 1999 by the superintendent of public instruction with a waiver allowed for skills centers in current operation that are not meeting this standard until the 2008-09 school year, 0.92 certificated instructional staff units and 0.08 certificated administrative staff units for each 16.67 full-time equivalent vocational students;

(ii) Vocational full-time equivalent enrollment shall be reported on the same monthly basis as the enrollment for students eligible for basic support, and payments shall be adjusted for reported vocational enrollments on the same monthly basis as those adjustments for enrollment for students eligible for basic support; and

(iii) Indirect cost charges by a school district to vocational-secondary programs shall not exceed 15 percent of the combined basic education and vocational enhancement allocations of state funds;

(d) For districts enrolling not more than twenty-five average annual full-time equivalent students in grades K-8, and for small school plants within any school district which have been judged to be remote and necessary by the state board of education and enroll not more than twenty-five average annual full-time equivalent students in grades K-8:

(i) For those enrolling no students in grades 7 and 8, 1.76 certificated instructional staff units and 0.24 certificated administrative staff units for enrollment of not more than five students, plus one-twentieth of a certificated instructional staff unit for each additional student enrolled;

(ii) For those enrolling students in grades 7 or 8, 1.68 certificated instructional staff units and 0.32 certificated administrative staff units for enrollment of not more than five students, plus one-tenth of a certificated instructional staff unit for each additional student enrolled;

(iii) Indirect cost charges by a school district to vocational-secondary programs shall not exceed 15 percent of the combined basic education and vocational enhancement allocations of state funds; and

(e) For specified enrollments in districts enrolling more than twenty-five but not more than one hundred average annual full-time equivalent students in grades K-8, and for small school plants within any school district which enroll more than twenty-five average annual full-time equivalent students in grades K-8 and have been judged to be remote and necessary by the state board of education:

(i) For enrollment of up to sixty annual average full-time equivalent students in grades K-6, 2.76 certificated instructional staff units and 0.24 certificated administrative staff units; and

(ii) For enrollment of up to twenty annual average full-time equivalent students in grades K-8, 0.92 certificated instructional staff units and 0.13 certificated administrative staff units;

(iii) For districts having an enrollment of more than fifty annual average full-time equivalent students in grades K-12, an additional one-half of a certificated instructional staff unit for each additional student enrolled;

(iv) For all other small high schools under this subsection, nine certificated instructional staff units and one-half of a certificated administrative staff unit for the first sixty annual average full-time equivalent students, and additional staff units based on a ratio of 0.8732 certificated instructional staff units and 0.1268 certificated administrative staff units per each additional forty-three and one-half average annual full-time equivalent students.

Units calculated under (g)(ii) of this subsection shall be reduced by certificated staff units at the rate of forty-six certificated instructional staff units and four certificated administrative staff units per thousand vocational full-time equivalent students;

(g) For each nonhigh school district having an enrollment of more than seventy annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-8 program or a grades 1-8 program, an additional one-half of a certificated instructional staff unit; and

(i) For each nonhigh school district having an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-6 program or a grades 1-6 program, an additional one-half of a certificated instructional staff unit.

(3) Allocations for classified salaries for the 2007-08 and 2008-09 school years shall be calculated using formula-generated classified staff units determined as follows:

(a) For enrollments generating certificated staff unit allocations under subsection (2)(e) through (i) of this section, one classified staff unit for each 2.94 certificated staff units allocated under such subsections;

(b) For all other enrollment in grades K-12, including vocational full-time equivalent enrollments, one classified staff unit for each 58.75 average annual full-time equivalent students; and
(c) For each nonhigh school district with an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, an additional one-half of a classified staff unit.

(4) Fringe benefit allocations shall be calculated at a rate of 14.11 percent in the 2007-08 school year and 16.75 percent in the 2008-09 school year for certificated salary allocations provided under subsection (2) of this section, and a rate of 17.04 percent in the 2007-08 school year and 18.72 percent in the 2008-09 school year for classified salary allocations provided under subsection (3) of this section.

(5) Insurance benefit allocations shall be calculated at the maintenance rate specified in section 504(2) of this act, based on the number of benefit units determined as follows:
   (a) The number of certificated staff units determined in subsection (2) of this section; and
   (b) The number of classified staff units determined in subsection (3) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full-time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full-time equivalent.

(6)(a) For nonemployee-related costs associated with each certificated staff unit allocated under subsection (2)(a), (b), and (d) through (h) of this section, there shall be provided a maximum of $9,703 per certificated staff unit in the 2007-08 school year and a maximum of $10,178 per certificated staff unit in the 2008-09 school year.
   (b) For nonemployee-related costs associated with each vocational certificated staff unit allocated under subsection (2)(c)(ii)(A) of this section, there shall be provided a maximum of $23,831 per certificated staff unit in the 2007-08 school year and a maximum of $24,999 per certificated staff unit in the 2008-09 school year.
   (c) For nonemployee-related costs associated with each vocational certificated staff unit allocated under subsection (2)(c)(ii)(B) of this section, there shall be provided a maximum of $18,489 per certificated staff unit in the 2007-08 school year and a maximum of $19,395 per certificated staff unit in the 2008-09 school year.

(7) Allocations for substitute costs for classroom teachers shall be distributed at a maintenance rate of $555.20 for the 2007-08 and 2008-09 school years per allocated classroom teachers exclusive of salary increase amounts provided in section 504 of this act. Solely for the purposes of this subsection, allocated classroom teachers shall be equal to the number of certificated instructional staff units allocated under subsection (2) of this section, multiplied by the ratio between the number of actual basic education certificated teachers and the number of actual basic education certificated instructional staff reported statewide for the prior school year.

(8) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district's financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 45.05.531 and local effort assistance pursuant to chapter 28A.500 RCW.

(9) (a) A maximum of $393,000 may be expended for school district emergencies; (b) For summer vocational programs at skills centers, a maximum of $2,385,000 may be expended for the 2008 fiscal year and a maximum of $2,385,000 for the 2009 fiscal year. 20 percent of each fiscal year amount may carry over from one year to the next; (c) A maximum of $393,000 may be expended for school district emergencies; (d) A maximum of $485,000 each fiscal year may be expended for programs providing skills training for secondary students who are enrolled in extended day school-to-work programs, as approved by the superintendent of public instruction. The funds shall be allocated at a rate not to exceed $500 per full-time equivalent student enrolled in those programs; and (e) $9,373,000 of the education legacy trust account appropriation is provided solely for allocations for equipment replacement in vocational programs and skills centers. Each year of the biennium, the funding shall be allocated based on $75 per full-time equivalent vocational student and $125 per full-time equivalent skills center student.

The appropriations in this section are subject to the following conditions and limitations:

1. The educational service districts shall continue to furnish financial services required by the superintendent of public instruction and RCW 28A.310.190 (3) and (4).
For the Superintendent of Public Instruction—Education Reform Programs

Sec. 504. 2008 c 329 s 511 (uncodified) is amended to read as follows:

The appropriations in this section are subject to the following conditions and limitations:

1. $19,716,000 of the general fund—state appropriation for fiscal year 2008, $(521,096,000) $20,948,000 of the general fund—state appropriation for fiscal year 2009, $3,150,000 of the education legacy trust account—state appropriation, and $15,870,000 of the general fund—federal appropriation are provided solely for development and implementation of the Washington assessments of student learning (WASL), including: (i) Development and implementation of retake assessments for high school students who are not successful in one or more content areas of the WASL; and (ii) development and implementation of alternative assessments or appeals procedures to implement the certificate of academic achievement. The superintendent of public instruction shall report quarterly on the progress on development and implementation of alternative assessments or appeals procedures. Within these amounts, the superintendent of public instruction shall contract for the early return of 10th grade student WASL results, on or around June 10th of each year. In addition to the amounts provided for the Washington assessments of student learning in this subsection, $11,372,000 is also included in the appropriations to the office of financial management in this act for an interagency agreement with the office of superintendent of public instruction for the expenditure of those funds based on compliance with certain requirements.

2. $3,249,000 of the general fund—state appropriation for fiscal year 2009 is provided solely for the implementation of Substitute House Bill No. 3166 (design of the state assessment system and the Washington assessment of student learning), including section 3 of the act providing for end-of-course tests in math. If the bill is not enacted by June 30, 2008, the amount provided in this subsection shall lapse.

3. $250,000 of the general fund—state appropriation for fiscal year 2008, $250,000 of the general fund—state appropriation for fiscal year 2009, and $(5,400,000) $1,630,000 of the education legacy trust account—state appropriation is provided solely for the development and implementation of diagnostic assessments, subject to the following terms and conditions:

(a) A maximum of $2,540,000 of the funding provided in this subsection shall support the development and implementation of voluntary classroom-based diagnostic assessments and progress monitoring tools for all subject areas included in the WASL by the office of the superintendent of public instruction; and

(b) $2,360,000 of the funding provided in this subsection is for allocations to school districts to purchase assessment tools which supplement the system of diagnostic tests developed by the office of the superintendent of public instruction as described in (a) of this subsection.

4. $(70,000 of the general fund—state appropriation for fiscal year 2008 and $70,000 of the general fund—state appropriation for fiscal year 2009 are provided solely) Within the amounts appropriated in this section, funding is for (the) second grade assessments.

5. $1,414,000 of the general fund—state appropriation for fiscal year 2008 and $(511,400 of the general fund—state appropriation for fiscal year 2009 are) provided solely for (a) the tenth grade mathematics assessment tool that: (i) Presents the mathematics essential learnings in segments for assessment; (ii) is comparable in content and rigor to the tenth grade mathematics WASL when all segments are considered together; (iii) is reliable and valid; and (iv) can be used to determine a student's academic performance level; (b) tenth grade mathematics knowledge and skill learning modules to teach middle and high school students specific skills that have been identified as areas of difficulty for tenth grade students; and (c) making the modules available on-line.

6. $(522,677,000) $1,966,000 of the general fund—state appropriation for fiscal year 2009 and $(522,677,000) $2,337,000 of the education legacy trust account appropriation are provided solely to develop a system of mathematics and science standards and instructional materials that are internationally competitive and consistent with emerging best practices research. Funding in this subsection shall fund all of the following specific projects:

(a) The office of the superintendent of public instruction shall adopt revised state standards in mathematics as directed by Second Substitute House Bill No. 1906 (improving mathematics and science education). Activities include conducting research at the request of the state board of education, engaging one or more national experts in mathematics selected by the board, and convening education practitioners and community members in an advisory capacity regarding revised standards in mathematics.

(b) The office of the superintendent of public instruction, in consultation with the state board of education, shall research and identify not more than three basic mathematics curricula as well as diagnostic and supplemental instructional materials for elementary, middle, and high school grades that align with the revised mathematics standards.

(c) The office of the superintendent of public instruction shall adopt revised state standards in science as directed by Second Substitute House Bill No. 1906 (improving mathematics and science education). Activities include conducting research at the request of the state board of education, engaging one or more national experts in science selected by the board, and convening education practitioners and community members in an advisory capacity regarding revised standards in science.
The office of the superintendent of public instruction, in consultation with the state board of education, shall research and identify not more than three basic science curricula as well as diagnostic and supplemental instructional materials for elementary, middle, and high school grades that align with the revised science standards.

The office of the superintendent of public instruction shall evaluate science textbooks, instructional materials, and diagnostic tools to determine the extent to which they are aligned with the revised science standards. Once the evaluations have been conducted, results will be shared with science teachers, other educators, and community members.

(1) Funding is provided for the superintendent of public instruction to develop WASL knowledge and skill learning modules to assist students performing at tenth grade level 1 and level 2 in science.

(2) Of the amounts provided in this subsection, $300,000 is provided solely to the state board of education to increase capacity to implement the provisions of Substitute House Bill No. 1906 (improving mathematics and science education) and Engrossed Substitute Senate Bill No. 6023 (regarding alternative assessment).

(3) $8,950,000 of the education legacy trust account appropriation is (provided solely) for allocations to districts for salaries and benefits for the equivalent of two additional professional development days each school year for fourth and fifth grade teachers. The allocations shall be made based on the calculations of certificated instructional staff units for fourth and fifth grade provided in section 502 of this act and on the calculations of compensation provided in sections 503 and 504 of this act. Allocations made pursuant to this subsection are intended to be formula-driven, and the office of the superintendent of public instruction shall provide updated projections of the relevant budget drivers by November 20, 2007, and by November 20, 2008. Districts may use the funding to support additional days for professional development as well as job-embedded forms of professional development, consistent with the following:

(a) For middle school teachers during the 2007-08 school year the additional math professional development funded in this subsection shall focus on development of basic mathematics knowledge and instructional skills and the additional science professional development shall focus on examination of student science assessment data and identification of science knowledge and skill areas in need of additional instructional attention. For middle school teachers during the 2008-09 school year the additional math professional development shall focus on skills related to implementing the new international mathematics standards and the additional science professional development shall focus on skills related to implementing the new international science standards.

(b) For high school teachers during the 2007-08 school year the additional math professional development funded in this subsection shall focus on skills related to implementing state math learning modules, the segmented math class/assessment program, the collection of evidence alternative assessment, and basic mathematics knowledge and instructional skills, and the additional science professional development shall focus on skills related to examination of student science assessment data and identification of science knowledge and skill areas in need of additional instructional attention. For high school teachers during the 2008-09 school year the additional math professional development shall focus on skills related to implementing the new international mathematics standards and the additional science professional development shall focus on skills related to implementing the new international science standards.

(4) $13,058,000 of the education legacy trust fund appropriation is (provided solely) for allocations to districts for salaries and benefits for the equivalent of three additional professional development days for middle and high school math teachers and the equivalent of three additional professional development days for middle and high school science teachers. The office of the superintendent of public instruction shall develop rules to determine the number of math and science teachers in middle and high schools within each district. Allocations made pursuant to this subsection are intended to be formula-driven, and the office of the superintendent of public instruction shall provide updated projections of the relevant budget drivers by November 20, 2007, and by November 20, 2008. Districts may use the funding to support additional days for professional development as well as job-embedded forms of professional development, consistent with the following:

(a) For middle school teachers during the 2007-08 school year the additional math professional development funded in this subsection shall focus on skills related to implementing the new international mathematics standards and the additional science professional development shall focus on skills related to implementing the new international science standards, promotion of efforts to develop integrated mathematics, science, technology, and engineering programs in schools and districts across the state; and

(b) grants of $2,500 to provide twenty middle and high school teachers each year professional development training for implementing integrated math, science, technology, and engineering program in their schools.

(5) $5,303,000 of the general fund--state appropriation for fiscal year 2008 is provided solely for extended mathematics and science textbooks, instructional materials, and diagnostic tools to assist districts for salaries and benefits, and professional development activities to twenty-five instructional coaches in middle and high school math in the 2007-08 and 2008-09 school years and twenty-five instructional coaches in middle and high school science in the 2008-09 school years; and up to $300,000 may be used by the office of the superintendent of public instruction to administer and coordinate the program. Each instructional coach will receive five days of training at a coaching institute prior to being assigned to serve two schools each. These coaches will attend meetings during the year to further their training and assist with coordinating statewide trainings on math and science.

(6) $1,133,000 of the general fund--state appropriation for fiscal year 2008 and $1,133,000 of the general fund--state appropriation for fiscal year 2009 are provided solely to allow approved middle and junior high school career and technical education programs to receive enhanced vocational funding pursuant to Substitute House Bill No. 1906 (improving mathematics and science education). ((If the bill is not enacted by June 30, 2007, the amounts provided in this subsection shall lapse.)) The office of the superintendent of public instruction shall provide allocations to districts for middle and junior high school students in accordance with the funding formulas provided in section 502 of this act. Although the allocations are formula-driven, the office of the superintendent shall consider the funding provided in this subsection as a fixed amount, and shall adjust funding to stay within the amounts provided in this subsection.

(7) $13,058,000 of the general fund--state appropriation for fiscal year 2008 and $13,058,000 of the general fund--state appropriation for fiscal year 2009 are provided solely) Within the amounts appropriated in this section, funding is for (a) staff at the office of the superintendent of public instruction to coordinate and promote efforts to develop integrated mathematics, science, technology, and engineering programs in schools and districts across the state; and (b) grants of $2,500 to provide twenty middle and high school teachers each year professional development training for implementing integrated math, science, technology, and engineering program in their schools.

(8) $5,203,000 of the general fund--state appropriation for fiscal year 2008 and $5,203,000 of the general fund--state appropriation for fiscal year 2009 are provided solely) Within the amounts appropriated in this section, funding is for in-service training and educational programs conducted by the Pacific science center and for the Washington state leadership assistance for science education reform (LASER) regional partnership coordinated at the Pacific science center.
(14) $51,701,000 of the education legacy trust account--state appropriation is provided solely for grants for voluntary full-day kindergarten at the highest poverty schools, as provided in Engrossed Second Substitute Senate Bill 5841 (enhancing student learning opportunities and achievement). The office of the superintendent of public instruction shall provide allocations to districts for recipient schools in accordance with the funding formulas provided in section 502 of this act. Each kindergarten student who enrolls for the voluntary full-day program in a recipient school shall count as one-half of one full-time equivalent student for the purpose of making allocations under this subsection. Although the allocations are formula-driven, the office of the superintendent shall consider the funding provided in this subsection as a fixed amount, and shall limit the number of recipient schools so as to stay within the amounts appropriated each fiscal year in this subsection. The funding provided in this subsection is estimated to provide full-day kindergarten programs for 10 percent of kindergarten enrollment in the 2007-08 school year and 20 percent of kindergarten enrollment in the 2008-09 school year. Funding priority shall be given to schools with the highest poverty levels, as measured by prior year free and reduced priced lunch eligibility rates in each school. Additionally, as a condition of these funds, school districts must agree to provide the full-day program to the children of parents who request it in each eligible school. For the purposes of calculating a school district levy base, funding provided in this subsection shall be considered a state block grant program under RCW 84.52.0531.

(a) Of the amounts provided in this subsection, a maximum of $272,000 may be used for administrative support of the full-day kindergarten program within the office of the superintendent of public instruction.

(b) Student enrollment pursuant to this program shall not be included in the determination of a school district's overall K-12 FTE for the allocation of student achievement programs and other funding formulas unless specifically stated.

(15) ((565,000 of the general fund--state appropriation for fiscal year 2008 and 565,000 of the general fund--state appropriation for fiscal year 2009 are provided solely)) Within the amounts appropriated in this section, funding is (((550,000 of the general fund--state appropriation for fiscal year 2008 and 550,000 of the general fund--state appropriation for fiscal year 2009 are provided solely))) for support of a full-day kindergarten "lighthouse" resource program at the Bremerton school district, as provided in Engrossed Second Senate Bill No. 5841 (enhancing student learning opportunities and achievement). The purpose of the program is to provide technical assistance to districts in the initial stages of implementing a high quality full-day kindergarten program.

(16) ((534,000 of the education legacy trust account--state appropriation is provided solely)) Within the amounts appropriated in this section, funding is for grants for three demonstration projects for kindergarten through grade three. The purpose of the grants is to implement best practices in developmental learning in kindergarten through third grade pursuant to Engrossed Second Substitute Senate Bill No. 5841 (enhancing student learning opportunities and achievement).

(17) $300,000 of the general fund--state appropriation for fiscal year 2008 and $1,000,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for the development of a leadership academy for school principals and administrators. The superintendent of public instruction shall contract with an independent organization to design, field test, and implement a state-of-the-art education leadership academy that will be accessible throughout the state. Initial development of the content of the academy activities shall be supported by private funds. Semiannually the independent organization shall report on amounts committed by foundations and others to support the development and implementation of this program. Leadership academy partners, with varying roles, shall include the state level organizations for school administrators and principals, the superintendent of public instruction, the professional educator standards board, and others as the independent organization shall identify.

(18) ((566,000 of the general fund--state appropriation for fiscal year 2008 and 565,000 of the general fund--state appropriation for fiscal year 2009 are provided solely)) Within the amounts appropriated in this section, funding is for grants to school districts to implement emerging best practices activities in support of classroom teachers' instruction of students, with a first language other than English, who struggle with acquiring academic English skills, as outlined in Engrossed Second Substitute Senate Bill No. 5841 (enhancing student learning opportunities and achievement). Best practices shall focus on professional development for classroom teachers and support of instruction for English language learners in regular classrooms. School districts qualifying for these grants shall serve a student population that reflects many different first languages. Each of these districts shall be eligible to participate in this program with the purpose of increasing the percentage of students who are proficient in English language Arts and School districts qualifying for these grants shall serve a student population that reflects many different first languages. Each of these districts shall be eligible to participate in this program with the purpose of increasing the percentage of students who are proficient in English language arts.

(19) ((548,000 of the fiscal year 2008 general fund--state appropriation and 548,000 of the fiscal year 2009 general fund--state appropriation are provided solely)) Within the amounts appropriated in this section, funding is for training of paraprofessional classroom assistants and certificated staff who work with classroom assistants as provided in RCW 28A.415.310.

(20) ($2,348,000 of the general fund--state appropriation for fiscal year 2008 and $3,046,000 of the general fund--state appropriation for fiscal year 2009 are provided solely) Within the amounts appropriated in this section, funding is provided for mentor teacher assistance, including activities, under RCW 28A.415.250 and 28A.415.260, and for a mentor academy. Up to $200,000 of the amount in this subsection may be used each fiscal year to operate a mentor academy to help districts provide effective training for peer mentors. Funds for the teacher assistance program shall be allocated to school districts based on the number of first year beginning teachers.

(21) ($705,000 of the general fund--state appropriation for fiscal year 2008 and $705,000 of the general fund--state appropriation for fiscal year 2009 are provided solely) Within the amounts appropriated in this section, funding is for the leadership intern program for superintendents, principals, and program administrators.

(22) $105,765,000 of the general fund--federal appropriation is provided for preparing, training, and recruiting high quality teachers and principals under Title II of the no child left behind act.

(23)(a) $488,000 of the general fund--state appropriation for fiscal year 2008 and $488,000 of the general fund--state appropriation for fiscal year 2009 are provided solely) Within the amounts appropriated in this section, funding is for a principal support program. The office of the superintendent of public instruction may contract with an independent organization to administer the program. The program shall include: (a) Development of an individualized professional growth plan for a new principal or principal candidate; and (b) participation of a mentor principal who works over a period of between one and three years with the new principal or principal candidate to help him or her build the skills identified as critical to the success of the professional growth plan. Within the amounts provided, $25,000 per year shall be used to support additional participation of secondary principals.

(b) $1,046,000 of the general fund--state appropriation for fiscal year 2008 and $1,046,000 of the general fund--state appropriation for fiscal year 2009 are provided solely) (24) Within the amounts appropriated in this section, funding is for the office of the superintendent of public instruction for focused assistance. The office of the superintendent of public instruction shall conduct educational audits of low-performing schools and enter into performance agreements between school districts and the office to implement the recommendations of the audit and the community. Each educational audit shall include recommendations for best practices and ways to address identified needs and shall be presented to the community in a public meeting to seek input on ways to implement the audit and its recommendations.

(c) $1,000,000 of the general fund--state appropriation for fiscal year 2008 and $1,000,000 of the general fund--state appropriation for fiscal year 2009 are provided solely) (25) Within the amounts appropriated in this section, funding is for a high school and school district improvement program modeled after the office of the superintendent of public instruction's existing focused assistance program in subsection
(29) Within the amounts appropriated in this section, funding is for the improvement of reading achievement and implementation of research-based reading models. The superintendent shall evaluate reading curriculum programs and other instructional materials to determine the extent to which they are aligned with state standards. A report of the analyses shall be made available to school districts. The superintendent shall report to districts the assessments that are available to screen and diagnose reading difficulties, and shall provide training on how to implement a reading assessment system. Resources may also be used to disseminate grade level expectations and develop professional development modules and web-based materials.

(30) $30,706,000 of the general fund--federal appropriation is provided for the reading first program under Title I of the no child left behind act.

(31) $500,000 of the general fund--state appropriation for fiscal year 2008 is provided solely for the office of the superintendent of public instruction to award five grants to parent, community, and school district partnership programs that will meet the unique needs of different groups of students in closing the achievement gap. The legislature intends that the pilot programs will help students meet state learning standards, achieve the skills and knowledge necessary for college or the workplace, reduce the achievement gap, prevent dropouts, and improve graduation rates.

(32) The pilot programs shall be designed in such a way as to be supplemental to educational services provided in the district and shall utilize a community partnership based approach to helping students and their parents.

(33) The grant recipients shall work in collaboration with the office of the superintendent of public instruction to develop measurable goals and evaluation methodologies for the pilot programs. $25,000 of this appropriation may be used by the office of the superintendent of public instruction to hold a statewide meeting to disseminate successful strategies developed by the grantees.

(34) The office of the superintendent of public instruction shall issue a report to the legislature in the 2009 session on the progress of each of the pilot programs.

(35) (25)(b) of this section. The state funding for this improvement program will match an equal amount committed by a nonprofit foundation in furtherance of a jointly funded program.
superintendent shall allocate reading corps members to low-performing schools and school districts that are implementing comprehensive, proven, research-based reading programs. Two or more schools may combine their Washington reading corps programs. Grants provided under this section may be used by school districts for expenditures from September 2007 through August 31, 2009.

(35) $3,594,000 of the general fund—state appropriation for fiscal year 2008 and $3,594,000 of the general fund—state appropriation for fiscal year 2009 are provided solely (37) Within the amounts appropriated in this section, funding is for grants to school districts to provide a continuum of care for children and families to help children become ready to learn. Grant proposals from school districts shall contain local plans designed collaboratively with community service providers. If a continuum of care program exists in the area in which the school district is located, the local plan shall provide for coordination with existing programs to the greatest extent possible. Grant funds shall be allocated pursuant to RCW 70.190.040.

(36) $1,559,000 of the general fund—state appropriation for fiscal year 2008 and $1,959,000 of the general fund—state appropriation for fiscal year 2009 are provided solely. (38) Within the amounts appropriated in this section, funding is for improving technology infrastructure, monitoring and reporting on school district technology development, promoting standards for school district technology, promoting statewide coordination and planning for technology development, and providing regional educational technology support centers, including state support activities, under chapter 28A.650 RCW. The superintendent of public instruction shall coordinate a process to facilitate the evaluation and provision of online curriculum courses to school districts which includes the following: Creation of a general listing of the types of available online curriculum courses; a survey conducted by each regional educational technology support center of school districts in its region regarding the types of online curriculum courses desired by school districts; a process to evaluate and recommend to school districts the best online courses in terms of curriculum, student performance, and cost; and assistance to school districts in procuring and providing the courses to students.

(39) $125,000 of the general fund—state appropriation for fiscal year 2008 and $126,000 of the general fund—state appropriation for fiscal year 2009 are provided. (39) Within the amounts appropriated in this section, funding is for the development and posting of web-based instructional tools, assessment data, and other information that assists schools and teachers implementing higher academic standards.

(40) $2,124,000 of the general fund—state appropriation for fiscal year 2008 and $2,533,000 of the general fund—state appropriation for fiscal year 2009 are provided solely. (40) Within the amounts appropriated in this section, funding is for the operation of the center for the improvement of student learning pursuant to RCW 28A.300.130.

(41) $12,400,000 of the education legacy trust account—state appropriation is provided solely. (41) Within the amounts appropriated in this section, funding is for one-time allocations for technology upgrades and improvements. The funding shall be allocated based on $3,000 for each elementary school, $6,000 for each middle or junior high school, and $11,000 for each high school. In cases where a particular school's grade span or configuration does not fall into these categories, the office of superintendent of public instruction will develop an allocation to that school that recognizes the unique characteristics but maintains the proportionate allocation identified in this subsection.

(42) $250,000 of the education legacy trust account—state appropriation is provided solely. (42) Within the amounts appropriated in this section, funding is for costs associated with office of the superintendent of public instruction establishing a statewide director of technology position pursuant to Second Substitute House Bill No. 1906 (improving mathematics and science education). (43) Within the amounts appropriated in this section, funding is for the following bonuses for teachers who hold valid, unexpired certification from the national board for professional teaching standards and who are teaching in a Washington public school, subject to the following conditions and limitations:

(i) For national board certified teachers, a bonus of $5,000 per teacher in fiscal year 2008 and adjusted for inflation in fiscal year 2009. Beginning in the 2007-2008 school year and thereafter, national board certified teachers who become public school principals shall continue to receive this bonus for as long as they are principals and maintain the national board certification;

(ii) During the 2007-2008 school year, for national board certified teachers who teach in schools where at least 70 percent of student headcount enrollment is eligible for the federal free or reduced price lunch program, an additional $5,000 annual bonus to be paid in one lump sum. Beginning in the 2008-2009 school year and thereafter, an additional $5,000 annual bonus shall be paid to national board certified teachers who teach in either: (A) High schools where at least 50 percent of student headcount enrollment is eligible for federal free or reduced price lunch, (B) middle schools where at least 60 percent of student headcount enrollment is eligible for federal free or reduced price lunch, or (C) elementary schools where at least 70 percent of student headcount enrollment is eligible for federal free or reduced price lunch; and

(iii) The superintendent of public instruction shall adopt rules to ensure that national board certified teachers meet the qualifications for bonuses under this section. The state shall not provide more than one bonus to a teacher in a school and year;

(b) Included in the amounts provided in this subsection are amounts for mandatory fringe benefits. Unless Senate Bill No. 6657 (salary bonuses for individuals certified by the national board for professional teaching standards) is enacted by June 30, 2008, the annual bonus shall not be included in the definition of "earmark compensation" under RCW 41.32.010(10).

(c) For purposes of this subsection, "the percent of the student headcount enrollment eligible for the federal free or reduced price lunch program" shall be defined as: (i) For the 2007-08 and the 2008-09 school years, schools in which the prior year percentage of students eligible for the federal free and reduced price lunch program meets the criteria specified in subsection (41)(a)(ii) of this section; and (ii) in the 2008-09 school year, any school that met the criterion in (c)(i) of this subsection in the 2007-2008 school year.

(d) Within the amounts appropriated in this subsection, the office of superintendent of public instruction shall reimburse school districts for mandatory fringe benefits. However, the annual bonus provided in this subsection shall not be included in the calculation of the mandatory fringe benefits for purposes of the state minimum wage law.

(43) Within the amounts appropriated in this section, funding is for the implementation of Second Substitute Senate Bill No. 6377 (career and technical education). (44) Within the amounts appropriated in this section, funding is for the implementation of Second Substitute Senate Bill No. 6483 (local farms-healthy kids and communities). (45) $3,900,000 of the general fund—state appropriation for fiscal year 2009 is provided solely for an allocation of four dollars and nine cents per full-time equivalent student, or as much as the funding in this subsection will allow, to maintain and improve library materials, collections, and services. The funding provided in this subsection shall be used to augment current funding for librarian programs provided through basic education and other existing funding mechanisms. In order to receive allocations under this section, school districts must agree that to the maximum extent possible they will ensure that library programs and services are equitably provided throughout the district.

(46) $600,000 of the general fund—state appropriation for fiscal year 2009 is provided solely. (47) Within the amounts appropriated in this section, funding is for the implementation of Second Substitute Senate Bill No. 6483 (local farms-healthy kids and communities). (48) Within the amounts appropriated in this section, funding is for the implementation of Second Substitute Senate Bill No. 6377 (career and technical education). (49) $3,900,000 of the general fund—state appropriation for fiscal year 2009 is provided solely for an allocation of four dollars and nine cents per full-time equivalent student, or as much as the funding in this subsection will allow, to maintain and improve library materials, collections, and services. The funding provided in this subsection shall be used to augment current funding for librarian programs provided through basic education and other existing funding mechanisms. In order to receive allocations under this section, school districts must agree that to the maximum extent possible they will ensure that library programs and services are equitably provided throughout the district.

The appropriations in this section are subject to the following conditions and limitations:

(1) The general fund--state appropriations in this section are subject to the following conditions and limitations:

(a) The appropriations include such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(b) Funding for school district learning assistance programs shall be allocated at maximum rates of $220.34 per funded student for the 2007-08 school year and $265.08 per funded student for the 2008-09 school year exclusive of salary and benefit adjustments provided under section 504 of this act.

(c) A school district's funded students for the learning assistance program shall be the sum of the following as appropriate:

(i) The district's full-time equivalent enrollment in grades K-12 for the prior school year multiplied by the district's percentage of October headcount enrollment in grades K-12 eligible for free or reduced price lunch in the prior school year; and

(ii) If, in the prior school year, the district's percentage of October headcount enrollment in grades K-12 eligible for free or reduced price lunch exceeded forty percent, subtract forty percent from the district's percentage and multiply the result by the district's K-12 annual average full-time equivalent enrollment for the prior school year.

(d) In addition to amounts allocated in (b) and (c) of this subsection, an additional amount shall be allocated to a school district for each school year in which the district's allocation is less than the amount the district received for the general fund--state learning assistance program allocation in the 2004-05 school year. The amount of the allocation in this section shall be sufficient to maintain the 2004-05 school year allocation.

(e) If Second Substitute Senate Bill No. 6673 (student learning opportunities) is enacted by June 30, 2008, in addition to the amounts allocated in (b), (c), and (d) of this subsection, an additional amount shall be allocated to school districts with high concentrations of poverty and limited English proficient (LEP) learner students beginning in the 2008-2009 school year, subject to the following rules and conditions:

(i) To qualify for additional funding under this subsection, a district's October headcount enrollment in grades kindergarten through grade twelve must have at least twenty percent enrolled in the transitional bilingual instruction program based on an average of the program headcount taken in October and May of the prior school year; and must also have at least forty percent eligible for free or reduced price lunch based on October headcount enrollment in grades kindergarten through twelve in the prior school year.

(ii) Districts meeting the specifications in (e)(i) of this subsection shall receive additional funded students for the learning assistance program at the rates specified in subsection (1)(b) of this section. The number of additional funded student units shall be calculated by subtracting twenty percent from the district's percent transitional bilingual instruction program enrollment as defined in (e)(ii) of this subsection, and the resulting percent shall be multiplied by the district's kindergarten through twelve annual average full-time equivalent enrollment for the prior school year.

(2) The general fund--federal appropriation in this section is provided for Title I Part A allocations of the no child left behind act of 2001.

(3) Small school districts are encouraged to make the most efficient use of the funding provided by using regional educational service district cooperatives to hire staff, provide professional development activities, and implement reading and mathematics programs consistent with research-based guidelines provided by the office of the superintendent of public instruction.

(4) A school district may carry over from one year to the next up to 10 percent of the general fund--state or education legacy trust funds allocated under this program; however, carryover funds shall be expended for the learning assistance program.

(5) School districts are encouraged to coordinate the use of these funds with other federal, state, and local sources to serve students who are below grade level and to make efficient use of resources in meeting the needs of students with the greatest academic deficits.

(6) ($15,065,000 of the general fund--state appropriation for fiscal year 2009 is provided solely) Within the amounts appropriated in this section, funding is for the implementation of Engrossed Second Substitute Senate Bill No. 6673 (student learning opportunities) which establishes the extended learning program to provide additional instructional services for eligible students in grades eight, eleven, and twelve during the regular school day, evenings, on weekends, or at other times in order to meet the needs of these students. This funding is in addition to the estimated $986,000 of associated compensation increases associated with this legislation in section 504 of this act. (If the bill is not enacted by June 30, 2008, the amount provided in this subsection shall lapse.)
**Sec. 506.** 2008 c 329 s 515 (uncodified) is amended to read as follows:

The appropriations in this section are subject to the following conditions and limitations:

1. **(1)** Funding for school district student achievement programs shall be allocated at a maximum rate of $450.00 per FTE student for the 2007-08 school year and $458.10 per FTE student for the 2008-09 school year. For the purposes of this section, FTE student refers to the annual average full-time equivalent enrollment of the school district in grades kindergarten through twelve for the prior school year, as reported to the office of the superintendent of public instruction by August 31st of the previous school year.

2. **(2)** The appropriation is allocated for the following uses as specified in RCW 28A.505.210:
   - (a) To reduce class size by hiring certificated elementary classroom teachers in grades K-4 and paying nonemployee-related costs associated with those new teachers;
   - (b) To make selected reductions in class size in grades 5-12, such as small high school writing classes;
   - (c) To provide extended learning opportunities to improve student academic achievement in grades K-12, including, but not limited to, extended school year, extended school day, before-and-after-school programs, special tutoring programs, weekend school programs, summer school, and all-day kindergarten;
   - (d) To provide additional professional development for educators including additional paid time for curriculum and lesson redesign and alignment, training to ensure that instruction is aligned with state standards and student needs, reimbursement for higher education costs related to enhancing teaching skills and knowledge, and mentoring programs to match teachers with skilled, master teachers. The funding shall not be used for salary increases or additional compensation for existing teaching duties, but may be used for extended year and extended day teaching contracts;
   - (e) To provide early assistance for children who need prekindergarten support in order to be successful in school; or
   - (f) To provide improvements or additions to school building facilities which are directly related to the class size reductions and extended learning opportunities under (a) through (c) of this subsection (2).

3. **(3)** The superintendent of public instruction shall distribute the school year allocation according to the monthly (apportionment) schedule defined in RCW ((28A.510.250)) 28A.505.220.

2. **(2)** For the state universities, the number of full-time equivalent student enrollments enumerated in this section for the Bothell, Tacoma, Tri-Cities, and Vancouver campuses are the minimum levels at which the universities should seek to enroll students for those campuses. At the start of any academic year, the governing board of a state university may transfer full-time equivalent student enrollments among campuses. Intent notice shall be provided to the office of financial management and reassignment of funded enrollment is contingent upon satisfying data needed by the forecast division for tracking and monitoring state-supported college enrollment.

TOTAL APPROPRIATION ........................................... $1,407,570,000
The appropriations in this section are subject to the following conditions and limitations:

(1) $5,040,000 of the education legacy trust account--state appropriation and $10,920,000 of the general fund--state appropriation for fiscal year 2009 are to expand general enrollments by 900 student FTEs in academic year 2008 and by an additional 1,050 student FTEs in academic year 2009.

(2) ($5,720,000) $21,678,000 of the education legacy trust account--state appropriation and ($11,140,000) $19,569,000 of the general fund--state appropriation for fiscal year 2009 are to expand (high-demand) targeted enrollments by (650) 1,175 student FTEs in fiscal year 2008 and by an additional (650) 1,905 student FTEs in fiscal year 2009. The programs expanded shall include, but are not limited to, mathematics (and); health sciences; early childhood education programs with a focus on early math awareness; basic skills education; integrated basic education, skills and language programs (IBEST); apprenticeship training programs; and the existing four applied baccalaureate degree programs authorized in chapter 28B.50 RCW. The state board shall provide data to the office of financial management that is required to track changes in enrollments, graduations, and the employment of college graduates related to state investments in high-demand enrollment programs. Data may be provided through the public centralized higher education enrollment system or through an alternative means agreed to by the institutions and the office of financial management.

(3) ($4,266,000) of the education legacy trust account--state appropriation is to expand early childhood education programs with a focus on early math and science awareness by 100 student FTEs in fiscal year 2008 and by an additional 150 student FTEs in 2009. The board shall provide data to the office of financial management regarding math and science enrollments, graduations, and employment of college graduates related to state investments in math and science programs. Data may be provided through the centralized higher education enrollment system or through an alternative means agreed to by the institutions and the office of financial management.

(4) (i) $28,761,000 of the general fund--state appropriation for fiscal year 2008 and $28,761,000 of the general fund--state appropriation for fiscal year 2009 are provided solely as special funds for training and related support services, including financial aid, as specified in RCW 28C.04.390. Funding is provided to support up to 6,200 full-time equivalent students in each fiscal year.

(ii) $2,625,000 of the education legacy trust account--state appropriation and $7,625,000 of the general fund--state appropriation for fiscal year 2009 are for basic skills education enrollments at community and technical colleges. Budgeted enrollment levels shall increase by 625 student FTEs each year.

(5) (i) $3,750,000 of the general fund--state appropriation for fiscal year 2008 and $7,500,000 of the general fund--state appropriation for fiscal year 2009 are provided solely to increase salaries and related benefits for part-time faculty. It is intended that part-time faculty salaries will increase relative to full-time faculty salaries after all salary increases are collectively bargained.

(ii) $7,350,000 of the education legacy trust account appropriation is to increase enrollment levels in the integrated basic education, skills, and language programs (IBEST) by 250 student FTEs per year. Each student participating on a full-time basis is budgeted and shall be reported as a single FTE for purposes of this expansion.

(6) (i) $375,000 of the general fund--state appropriation for fiscal year 2008 and $375,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for the transitions math project. This phase of work shall include the establishment of a single math placement test to be used at colleges and universities statewide.

(ii) $2,625,000 of the education legacy trust account appropriation is to increase enrollment in apprenticeship training programs by 150 student FTEs in each fiscal year.

(7) (a) The higher education coordinating board, the office of financial management, and the higher education institutions negotiated a set of performance measures and targets in 2006. By July 31, 2007, the state board for community and technical colleges shall report annually to the office of financial management and the appropriate policy and fiscal committees of the legislature on the retention and completion rates of students served through this appropriation. Retention rates shall continue to exceed 65 percent for TRIO students and other low-income and first-generation students served through this appropriation.

(b) The targets previously agreed by the state board and the higher education coordinating board are enumerated as follows:

(i) Increase the percentage and number of academic students who are eligible to transfer to baccalaureate institutions to 18,700;

(ii) Increase the percentage and number of students prepared for work to 23,490; and

(iii) Increase the percentage and number of basic skills students who demonstrate substantive skill gain by 22,850.

The state board for community and technical colleges shall report their progress and ongoing efforts toward meeting the provisions of this section to the higher education coordinating board prior to November 1, 2009.

(8) $452,000 of the general fund--state appropriation for fiscal year 2009 is provided solely for start-up and planning funds for two applied baccalaureate degree programs at community and technical colleges, of which one degree program must be at a technical college. The applied baccalaureate degrees shall be specifically designed for individuals who hold associate of applied science degrees, or equivalent, in order to maximize application of their technical course credits toward the applied baccalaureate degree.

(9) $2,502,000 of the general fund--state appropriation for fiscal year 2008 and $5,024,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for faculty salary increments and associated benefits and may be used in combination with salary and benefit savings from faculty turnover to provide salary increments and associated benefits for faculty who qualify through professional development and training. To the extent general salary increase funding is used to pay faculty increments, the general salary increase shall be reduced by the same amount. The state board shall determine the method of allocating to the community and technical colleges the appropriations granted for academic employee increments, provided that the amount of the appropriation attributable to the proportionate share of the part-time faculty salary base shall only be accessible for part-time faculty.

(10) $50,000 of the general fund--state appropriation for fiscal year 2008 and $50,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for higher education student child care matching grants under chapter 28B.135 RCW.

(11) $2,725,000 of the general fund--state appropriation for fiscal year 2008 and $2,725,000 of the (general fund--state appropriation) administrative contingency account for fiscal year 2009 are provided solely for administration and customized training contracts through the job skills program. The state board shall make an annual report by January 1st of each year to the governor and to appropriate policy and fiscal committees of the legislature regarding implementation of this section, listing the scope of grant awards, the distribution of funds by educational sector and region of the state, and the results of the partnerships supported by these funds.

(12) $504,000 of the general fund--state appropriation for fiscal year 2009 is provided solely for 80 student FTEs in the existing four applied baccalaureate degree programs at community and technical colleges as authorized in chapter 28B.50 RCW.
From within the funds appropriated in this section, community and technical colleges shall increase salaries for employees subject to the provisions of Initiative Measure No. 732 by an average of 3.7 percent effective July 1, 2007, and by an average of 3.9 percent effective July 1, 2008.

From within the funds appropriated in this section, community and technical colleges shall increase salaries for exempt professional staff by an average of 3.2 percent effective September 1, 2007, and by an average of 2.0 percent effective September 1, 2008.

$1,717,000 of the general fund--state appropriation for fiscal year 2009 is provided solely for competitive grants to labor, management, and college partnerships to develop or expand and evaluate innovative training programs for incumbent hospital workers that lead to careers in nursing and other high-demand health care fields. The board shall report to appropriate policy and fiscal committees of the legislature by November 1, 2008, on the initial implementation of the program, including components of the program created, the program sites, and program enrollments including student background and early progress. By November 2009, the board shall provide a follow up report that additionally includes information on student progress and outcomes.

$75,000 of the general fund--state appropriation for fiscal year 2009 is provided solely for the gateway center pilot project at Highline community college for coaching and managing student participants in the pilot program. The coach will be responsible for credentials interpretation, evaluating prior learning experience, ensuring licensure guidance, providing academic advising and translation services for students, and helping establish employer relationships.

$3,000,000 of the general fund--state appropriation for fiscal year 2009 is provided solely for the design, development, training, and related expenses associated with a joint labor-management apprenticeship program established under the auspices of an international union representing aerospace workers, which will include but not be limited to training in composite technology. Of this amount, $2,150,000 may be used for program development, curriculum development and equipment, training, and related expenses; and $850,000 shall be used to support 130 enrollment slots at no more than three community and technical colleges with at least one college being located east of the Cascade mountains, for related supplemental instruction and related expenses. The state board for community and technical colleges shall select the colleges using a joint selection process between the state board and the joint labor-management apprenticeship program.

$1,178,000 of the general fund--state appropriation for fiscal year 2009 is provided solely to Edmonds community college for operating expenses related to leasing the employment resource center.

$50,000 of the general fund--state appropriation for fiscal year 2009 is provided solely for the Renton technical college to implement workplace-based instructional programs that will enable low-wage working immigrants to improve their English language and work-related skills.

$500,000 of the general fund--state appropriation for fiscal year 2009 is provided solely to convert classes taught by faculty employed in part-time positions to classes taught by faculty employed in full-time, tenure-track positions. Particular emphasis shall be placed upon increasing the number of full-time faculty in the departments of mathematics, science, adult basic education, early childhood education, and English. The state board shall determine the distribution of these funds among the colleges in consultation with representatives of faculty unions.

The appropriations in this section include specific funding to implement Substitute Senate Bill No. 5104 (applied baccalaureate degrees).

(23) When implementing reductions in fiscal year 2009, the state board for community and technical colleges shall minimize impacts on academic programs, maximize reductions in administration, and not reduce enrollments below enrollment levels referenced in 2008 c 329 s 604 and section 601 of this act.

Sec. 603. 2008 c 329 s 606 (uncodified) is amended to read as follows:

### FOR THE UNIVERSITY OF WASHINGTON

- **General Fund--State Appropriation (FY 2008)**: $373,726,000
- **General Fund--State Appropriation (FY 2009)**: $358,727,000
- **General Fund--Private/Local Appropriation**: $530,000
- **Education Legacy Trust Account--State Appropriation**: $43,151,000
- **Accident Account--State Appropriation**: $6,513,000
- **Medical Aid Account--State Appropriation**: $6,371,000
- **TOTAL APPROPRIATION**: $788,818,000

The appropriations in this section are subject to the following conditions and limitations:

1. $15,744,000 of the education legacy trust account--state appropriation is to expand general enrollments by 625 student FTEs in fiscal year 2008 and by an additional 625 student FTEs in fiscal year 2009. Of these, 165 FTEs in 2008 and 165 FTEs in 2009 are expected to be graduate student FTEs.

2. $6,975,000 of the education legacy trust account--state appropriation is to expand math and science undergraduate enrollments by 250 student FTEs in each fiscal year. The programs expanded shall include mathematics, engineering, and the physical sciences. The university shall provide data to the office of financial management that is required to track changes in enrollments, graduations, and the employment of college graduates related to state investments in math and science programs. Data may be provided through the public centralized higher education enrollment system or through an alternative means agreed to by the institutions and the office of financial management.

3. $85,000 of the general fund--state appropriation for fiscal year 2008 and $85,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for operating support of the Washington state academy of sciences, authorized by chapter 70.220 RCW.

4. $100,000 of the general fund--state appropriation for fiscal year 2008 and $100,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for operating support of the William D. Ruckelshaus center.
(5) $500,000 of the education legacy trust account--state appropriation is provided solely to expand the number of TRIO eligible students served in the student support services program at the University of Washington by 250 students each year. TRIO students include low-income, first-generation, and college students with disabilities. The student support services program shall report annually to the office of financial management and the appropriate policy and fiscal committees of the legislature on the retention and completion rates of students served through this appropriation. Retention rates shall continue to exceed 85 percent for TRIO students in this program.

(6) $84,000 of the general fund--state appropriation for fiscal year 2008 and $84,000 of the general fund--state appropriation for fiscal year 2009 are provided solely to establish the state climatologist position.

(7) $25,000 of the general fund--state appropriation for fiscal year 2008 and $125,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for the William D. Ruckelshaus center to identify and carry out, or otherwise appropriately support, a process to identify issues that have led to conflict around land use requirements and property rights, and explore practical and effective ways to resolve or reduce that conflict. A report with conclusions and recommendations shall be submitted to the governor and the chairs of the appropriate committees of the legislature by October 31, 2007. Work will continue after the submission of the initial report, to include continuing research and the development of financial and policy options and a progress report on fact finding efforts and stakeholder positions due December 1, 2008.

(8) $3,830,000 of the education legacy trust account--state appropriation is provided solely to expand health sciences capacity at the University of Washington. Consistent with the medical and dental school extension program appropriations at Washington State University and Eastern Washington University, funding is provided to expand classes at the University of Washington. Medical and dental students shall take the first year of courses for this program at the Riverpoint campus in Spokane and the second year of courses at the University of Washington in Seattle.

(9) The higher education coordinating board, the office of financial management, and the higher education institutions negotiated a set of performance measures, checkpoints, and targets in 2006. By July 31, 2007, the university and the board shall review and revise these targets based on per-student funding in the 2007-09 appropriations act. In addition, the board shall compile comparable data from peer institutions in the eight global challenge states identified in the Washington Learns study. The checkpoints previously agreed by the board and the University of Washington are enumerated as follows:

(a) Increase the combined number of baccalaureate degrees conferred per year at all campuses to 8,850;

(b) Increase the combined number of high-demand baccalaureate degrees conferred at all campuses per year to 1,380;

(c) Increase the combined number of advanced degrees conferred per year at all campuses to 3,610;

(d) Improve the six-year graduation rate for baccalaureate students to 74.7 percent;

(e) Improve the three-year graduation rate for students who transfer with an associates degree to 76.0 percent;

(f) Improve the freshman retention rate to 93.0 percent;

(g) Improve time to degree for baccalaureate students to 92 percent at the Seattle campus and 92.5 percent at the Bothell and Tacoma campuses, measured by the percent of admitted students who graduate within 125 percent of the credits required for a degree; and

(h) The institution shall provide a report on Pell grant recipients' performance within each of the measures included in this subsection.

The University of Washington shall report its progress and ongoing efforts toward meeting the provisions of this section to the higher education coordinating board prior to November 1, 2009.

(10) $750,000 of the education legacy trust account appropriation is provided solely to increase participation in international learning opportunities, particularly for students with lower incomes who would otherwise not have the chance to study, work, or volunteer outside the United States.

(11) $75,000 of the general fund--state appropriation for fiscal year 2008 and $75,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for forestry research by the Olympic natural resources center.

(12) $25,000 of the general fund--state appropriation for fiscal year 2008 and $25,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for coastal marine research by the Olympic natural resources center.

(13) $95,000 of the general fund--state appropriation for fiscal year 2008 and $30,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for increased education, training, and support services for the families of children with autism, and for the production and distribution of digital video discs in both English and Spanish about strategies for working with people with autism.

(14) $2,900,000 of the general fund--state appropriation for fiscal year 2008 and $3,400,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for operating support for the department of global health.

(15) In an effort to introduce students to and inform students of post-secondary opportunities in Washington state, by October 1st of each year, the university shall report to the higher education coordinating board on progress towards developing and implementing outreach programs designed to increase awareness of higher education to K-12 populations.

(16) $150,000 of the general fund--state appropriation for fiscal year 2008 is provided solely for the rural technology initiative (initiative) at the University of Washington and the transportation research group (group) at the Washington State University to conduct an economic analysis of the costs to safely provide log hauling services. The initiative will be the lead investigator and administer the project. Neither the University of Washington nor the Washington State University may make a deduction for administrative costs. The project shall rely upon the Washington state patrol for determination of basic safe characteristics, consistent with applicable state and federal law. The analysis shall include:

(a) An estimate of log haulers' cost to operate and maintain a basic and safe log truck without operator including:

(i) Variable costs such as fuel, etc;

(ii) Quasi-variable costs such as:

(A) Tires, brakes, wrappers, and other safety related equipment;

(B) Vehicle insurance, taxes, fees, etc;

(C) Maintenance costs such as oil, lubrication, and minor repairs; and

(D) Depreciation and replacement costs;

(b) The source of these cost estimates where possible should be independent vendors of equipment and services or already existing studies;

(c) A calculation of costs for safe operation expressed as per mile, hour or load volume including consideration for regional differences as well as off-road vs. on-road;

(d) An evaluation of comparable trucking services; and

In conducting the analysis, the initiative shall consult with the northwest log truckers cooperative, the Washington trucking association, the Washington contract loggers association, the Washington farm forestry association, and the Washington forest protection association. By June 30, 2008, the initiative shall provide a report of its findings to the legislature and governor and distribute the findings to interested industry groups.
(17) $500,000 of the general fund--state appropriation for fiscal year 2008 and $500,000 of the general fund--state appropriation for fiscal year 2009 are provided solely to the Burke museum to support science and social science educational programs including public outreach programs, new educational programs and resources, web-based interactive learning experiences, teacher training, and traveling educational opportunities.

(18) $150,000 of the general fund--state appropriation for fiscal year 2008 and $300,000 of the general fund--state appropriation for fiscal year 2009 are provided solely to the institute for learning and brain sciences.

(19) $30,000 of the general fund--state appropriation for fiscal year 2008 and $30,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for the University of Washington to gather data and conduct research associated with preparing the basin-wide assessment and to solicit nominations for review and submittal to the Washington academy of sciences for the creation of the Puget Sound science panel pursuant to Engrossed Second Substitute Senate Bill No. 5372 (Puget Sound partnership).

(20) (a) $500,000 of the general fund--state appropriation for fiscal year 2008 is provided solely for the University of Washington school of law loan repayment assistance program endowment fund. The University of Washington shall conduct fund-raising activities to increase private sector support of the endowment program and $250,000 of the appropriation in this subsection is contingent on a private sector match. Funds in the law school repayment assistance program endowment fund shall be used to provide graduates who pursue careers in public interest legal positions with payment assistance toward their student loan debt.

(b) The University of Washington law school shall report to the legislature by December 1, 2010, information about the loan repayment assistance program. The report shall contain at least the following information:

(i) A financial summary of the endowment program;

(ii) The number of individuals receiving assistance from the program and information related to the positions in which these individuals are working;

(iii) Any available information regarding the effect of the loan repayment assistance program on student recruitment and enrollment; and

(iv) Other information the school of law deems relevant to the evaluation of the program.

(21) $54,000 of the general fund--state appropriation for fiscal year 2008 and $54,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for the University of Washington geriatric education center to develop a voluntary adult family home certification program. In addition to the minimum qualifications required under RCW 70.128.120, individuals participating in the voluntary adult home certification program shall complete fifty-two hours of training as established by the University of Washington geriatric education center. Individuals completing the requirements of RCW 70.128.120 and the voluntary adult family home certification program shall be issued a certified adult family home license by the department of social and health services. The department of social and health services shall adopt rules implementing the provisions of this subsection.

(22) $22,000 of the general fund--state appropriation for fiscal year 2008 and $97,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for the William D. Ruckelshaus center for implementation of e-Science in the Pacific Northwest.

Sec. 604. 2008 c 329 s 607 (uncodified) is amended to read as follows:

FOR WASHINGTON STATE UNIVERSITY

General Fund--State Appropriation (FY 2008)                        $232,201,000
General Fund--State Appropriation (FY 2009)                        $223,819,000
Education Legacy Trust Account--State Appropriation                $33,884,000
Pension Funding Stabilization Account Appropriation                $2,450,000
TOTAL APPROPRIATION                                               $492,354,000

The appropriations in this section are subject to the following conditions and limitations:

1. $5,315,000 of the education legacy trust account--state appropriation is to expand general enrollments by 290 student FTEs in fiscal year 2008 and by an additional 300 student FTEs in fiscal year 2009.

2. $3,525,000 of the education legacy trust account--state appropriation is to expand math and science enrollments by 65 student FTEs in fiscal year 2008, and by an additional 90 FTE students in fiscal year 2009, of which 15 FTEs in each fiscal year are expected to be graduate enrollments. The programs shall include mathematics, engineering, and the physical sciences. Fifty student FTEs in each year will be shifted from general enrollments to high-demand, high-cost fields, and thus do not affect the enrollment levels listed in section 602 of this act. The university shall provide data to the office of financial management regarding math and science enrollments, graduations, and the employment of college graduates related to state investments in math and science programs. Data may be provided through the public centralized higher education enrollment system or through an alternative means agreed to by the institutions and the office of financial management.

3. $2,356,000 of the education legacy trust account appropriation is to expand bachelors-level, masters-level, and PhD enrollment at the Tri-Cities and Spokane campuses by 45 FTE students in fiscal year 2008, and by an additional 40 FTEs in fiscal year 2009.

4. $2,000,000 of the general fund--state appropriation for fiscal year 2008 and $2,000,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for research and commercialization in bio-products and bio-fuels. Of this amount, $2,000,000 shall be
targeted at the development of new crops to be used in the bio-products facility at WSU-Tri-Cities. The remainder shall be used for research into new bio-products created from agricultural waste to be conducted in the Tri-Cities in a joint program between Washington State University and Pacific Northwest national laboratories.

(5) $500,000 of the education legacy trust account--state appropriation is provided solely to expand the number of TRIO eligible students served in the student support services program at Washington State University by 250 students each year. TRIO students include low-income, first-generation, and college students with disabilities. The student support services program shall report annually to the office of financial management and the appropriate policy and fiscal committees of the legislature on the retention and completion rates of students served through this appropriation. Retention rates shall continue to exceed 85 percent for TRIO students in this program.

(6) $1,500,000 of the general fund--state appropriation for fiscal year 2008 and $1,500,000 of the general fund--state appropriation for fiscal year 2009 are provided solely to promote the development of the Spokane-based applied sciences laboratory into a strong, self-sustaining research organization. The state funds shall be used to recruit and retain at least three senior research scientists; to employ business development and administrative personnel; and to establish and equip facilities for computational modeling and for materials and optical characterization.

(7) $85,000 of the general fund--state appropriation for fiscal year 2008 and $85,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for operating support of the Washington state academy of sciences, under chapter 70.220 RCW.

(8) $100,000 of the general fund--state appropriation for fiscal year 2008 and $100,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for operating support of the William D. Ruckelshaus center.

(9) $25,000 of the general fund--state appropriation for fiscal year 2008 and $175,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for the William D. Ruckelshaus center to identify and carry out, or otherwise appropriately support, a process to identify issues that have led to conflict around land use requirements and property rights, and explore practical and effective ways to resolve or reduce that conflict. A report with conclusions and recommendations shall be submitted to the governor and the chairs of the appropriate committees of the legislature by October 31, 2007. Work will continue after the submission of the initial report, to include continuing research and the development of financial and policy options and a progress report on fact finding efforts and stakeholder positions due December 1, 2008.

(10) $6,360,000 of the education legacy trust account--state appropriation is provided solely to expand health sciences offerings in Spokane. The university shall enroll 20 student FTEs in fiscal year 2009 in a University of Washington medical school extension program at the Riverpoint campus of WSU in Spokane. Students shall take the first year of courses for this program at the Riverpoint campus in Spokane, and shall do their clinical rotations and other upper level training in the inland northwest.

(11) $1,000,000 of the general fund--state appropriation for fiscal year 2008 and $1,000,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for start-up and ongoing operation of the Vancouver campus-based electrical engineering program.

(12) The higher education coordinating board, the office of financial management, and the higher education institutions negotiated a set of performance measures, checkpoints, and targets in 2006. By July 31, 2007, the university and the board shall review and revise these targets based on per-student funding in the 2007-09 appropriations act. In addition, the board shall compile comparable data from peer institutions in the eight global challenge states identified in the Washington Learns study.

The checkpoints previously agreed by the board and the Washington State University are enumerated as follows:

(a) Increase the combined number of baccalaureate degrees conferred per year at all campuses to 4,170;
(b) Increase the combined number of high-demand baccalaureate degrees conferred at all campuses per year to 630;
(c) Increase the combined number of advanced degrees conferred per year at all campuses to 1,090;
(d) Improve the six-year graduation rate for baccalaureate students to 63.2 percent;
(e) Improve the three-year graduation rate for students who transfer with an associates degree to 65.4 percent;
(f) Improve the freshman retention rate to 84.8 percent;
(g) Improve time to degree for baccalaureate students to 92 percent, measured by the percent of admitted students who graduate within 125 percent of the credits required for a degree; and
(h) The institution shall provide a report on Pell grant recipients' performance within each of the measures included in this section.

The Washington State University shall report its progress and ongoing efforts toward meeting the provisions of this section to the higher education coordinating board prior to November 1, 2009.

(13) In an effort to introduce students to and inform students of post-secondary opportunities in Washington state, by October 1st of each year the university shall report to the higher education coordinating board progress towards developing and implementing outreach programs designed to increase awareness of higher education to K-12 populations.

(14) $3,000,000 of the general fund--state appropriation for fiscal year 2008 and $3,000,000 of the general fund--state appropriation for fiscal year 2009 are provided solely to support the unified agriculture initiative at Washington State University. Funds are provided for competitive agriculture grant funds, of which $400,000 is provided for biological intensive and organic agriculture grants; for operating and program support for the university's research and extension centers, of which $735,000 is for maintenance and operations support for the Mount Vernon research facility; and for positions to fill research gaps in the development of value-added agricultural products and economically and environmentally sustainable food production.

(15) $75,000 of the general fund--state appropriation for fiscal year 2008 and $75,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for support of basic operations and research at the university's grizzly bear study center.

(16) $75,000 of the general fund--state appropriation for fiscal year 2008 and $75,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for the energy development center to establish certification standards and to process applications for renewable energy cost recovery incentives, as provided in chapters 300 and 301, Laws of 2005.

(17) $30,000 of the general fund--state appropriation for fiscal year 2008 and $30,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for Washington State University to gather data and conduct research associated with preparing the basin-wide assessment and to solicit nominations for review and submittal to the Washington academy of sciences for the creation of the Puget Sound science panel pursuant to Engrossed Second Substitute Senate Bill No. 5372 (Puget Sound partnership).

(18) $10,000 of the general fund--state appropriation for fiscal year 2008 and $40,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for the William D. Ruckelshaus center for implementation of section 5 of Engrossed Second Substitute House Bill No. 3123 (nurse staffing). If section 5 of the bill is not enacted by June 30, 2008, the amount provided in this subsection shall lapse.

(19) $160,000 of the general fund--state appropriation for fiscal year 2009 is provided solely for administrative resources and personnel necessary for the implementation of Substitute House Bill No. 2963 (WSU collective bargaining). If the bill is not enacted by June 30, 2008, the amount provided in this subsection shall lapse.

(20) $200,000 of the general fund--state appropriation for fiscal year 2009 is provided solely to implement a teacher preparation program at Washington State University-Vancouver that will prepare currently-licensed teachers to more effectively educate K-12 students
who are deaf or hearing-impaired. The program will use a variety of distance learning instructional methods and delivery formats in order to reach teachers throughout the state.

(21) $500,000 of the general fund--state appropriation for fiscal year 2009 is provided solely for implementation of section 6 of Senate Bill No. 6438 (high speed internet deployment). If section 6 of Senate Bill No. 6438 is not enacted by June 30, 2008, the amount provided in this subsection shall lapse.

(22) The appropriations in this section include specific funding to implement Senate Bill No. 6187 (food animal veterinarians).

(23) When implementing reductions in fiscal year 2009, Washington State University shall minimize impacts on academic programs, maximize reductions in administration, and not reduce enrollments below enrollment levels referenced in 2008 c 329 s 604 and section 601 of this act.

Sec. 605. 2008 c 329 s 608 (uncodified) is amended to read as follows:

The appropriations in this section are subject to the following conditions and limitations:

1. $562,000 of the education legacy trust account--state appropriation is to expand upper division math and science enrollments by 22 student FTEs in fiscal year 2008 and by an additional 28 student FTEs in fiscal year 2009.

2. $260,000 of the education legacy trust account--state appropriation for fiscal year 2009 is for 20 student FTE graduate enrollments in the masters in education program.

3. $500,000 of the education legacy trust account--state appropriation is provided solely to expand the number of TRIO eligible students served in the student support services program at The Evergreen State College by 250 students each year. TRIO students include low-income, first-generation, and college students with disabilities. The student support services program shall report annually to the office of financial management and the appropriate policy and fiscal committees of the legislature on the retention and completion rates of students served through this appropriation. Retention rates shall continue to exceed 85 percent for students served in this program, with a goal of reaching a retention rate in excess of 85 percent.

4. $614,000 of the education legacy trust account appropriation is provided solely to increase the number and value of tuition waivers awarded to state-supported students.

5. The higher education coordinating board, the office of financial management, and the higher education institutions negotiated a set of performance measures, checkpoints, and targets in 2006. By July 31, 2007, the college and the board shall review and revise these targets based on per-student funding in the 2007-09 appropriations act. In addition, the board shall compile comparable data from peer institutions in the eight global challenge states identified in the Washington Learns study.
The checkpoints previously agreed by the board and The Evergreen State College are enumerated as follows:
(a) Increase the number of baccalaureate degrees conferred per year to 1182;
(b) Increase the number of advanced degrees conferred per year at all campuses to 92;
(c) Improve the six-year graduation rate for baccalaureate students to 57.0 percent;
(d) Improve the three-year graduation rate for students who transfer with an associate degree to 72.8 percent;
(e) Improve time to degree for baccalaureate students to 97.0 percent, measured by the percent of admitted students who graduate within 125 percent of the credits required for a degree; and
(g) The institution shall provide a report on Pell grant recipients' performance within each of the measures included in this section.

The Evergreen State College shall report its progress and ongoing efforts toward meeting the provisions of this section to the higher education coordinating board prior to November 1, 2009.

In an effort to introduce students to and inform students of post-secondary opportunities in Washington state, by October 1st of each year the university shall report to the higher education coordinating board progress towards developing and implementing outreach programs designed to increase awareness of higher education to K-12 populations.

The State of Washington

FOR WESTERN WASHINGTON UNIVERSITY

401

THIRTY EIGHTH DAY, FEBRUARY 18, 2009

Sec. 608. 2008 c 329 s 611 (unmodified) is amended to read as follows:

FOR WESTERN WASHINGTON UNIVERSITY

15

Washington state institute for public policy to study the status of adult literacy education in Washington. The study shall include an analysis of literacy rates by language, age, sex, occupation, and income. The study shall be completed by December 31, 2009.

Second Substitute Senate Bill No. 6732

$75,000 of the general fund--state appropriation for fiscal year 2009 is provided solely to implement the evaluation required by Senate Bill No. 6665 (crisis response programs). If the bill is not enacted by June 30, 2009, the amount provided in this subsection shall lapse.

$435,000 of the general fund--state appropriation for fiscal year 2008 is provided solely for the Washington state institute for public policy (WSIPP) to assist the joint task force on basic education finance created pursuant to Engrossed Second Substitute Senate Bill No. 5627 (requiring a review and development of basic education funding). The institute shall assist the joint task force in a review of the definition of basic education and the development of options for a new funding structure for K-12 public schools. The task force on basic education as created in chapter 399, Laws of 2007 shall consider the ruling of the King County Superior Court in the matter of Federal Way School District v. The State of Washington in developing recommendations for a new basic education school finance formula. The recommendations should include proposals that directly address the issue of equity in salary allocations in the new school finance formula.

$180,000 of the general fund--state appropriation for fiscal year 2008 and $180,000 of the general fund--state appropriation for fiscal year 2009 is provided solely for the Washington state institute for public policy to study the program effectiveness and cost-benefit of state-funded programs that meet the criteria of evidence-based programs and practices, and emerging best practice/promising practice, as defined in RCW 71.24.025 (12) and (13) for adult for...
The appropriations in this section are subject to the following conditions and limitations:

(1) $281,000 of the education legacy trust account--state appropriation is to expand math and science enrollments by 8 student FTEs in fiscal year 2008 and by an additional 8 student FTEs in fiscal year 2009. Programs expanded include cell and molecular biology. The university shall provide data to the office of financial management regarding math and science enrollments, graduations, and the employment of college graduates related to state investments in math and science enrollment programs. Data may be provided through the public centralized higher education enrollment system or through an alternative means agreed to by the institutions and the office of financial management.

(2) $4,013,000 of the education legacy trust account--state appropriation is to expand general enrollments by 235 student FTEs in fiscal year 2008 and by an additional 130 student FTEs in fiscal year 2009. Of these, 24 FTEs in each fiscal year are expected to be graduate student FTEs.

(3) $920,000 of the education legacy trust account--state appropriation is to expand high demand enrollments by 50 FTE students in fiscal year 2008 and by an additional 15 FTE students in fiscal year 2009. Programs expanded include early childhood education and teaching English as a second language. The university shall provide data to the office of financial management regarding high-demand enrollments, graduations, and employment of college graduates related to state investments in high demand enrollment programs. Data may be provided through the centralized higher education enrollment system or through an alternative means agreed to by the institutions and the office of financial management.

(4) $500,000 of the education legacy trust account--state appropriation is provided solely to expand the number of low-income and first-generation students served in the student outreach services program at Western Washington University by 500 students over the biennium. The student outreach services program shall report annually to the office of financial management and the appropriate policy and fiscal committees of the legislature on the retention and completion rates of students served through this appropriation. Retention rates shall continue to exceed 80 percent for students served in this program, with a goal of reaching a retention rate in excess of 85 percent.

(5) The higher education coordinating board, the office of financial management, and the higher education institutions negotiated a set of performance measures, checkpoints, and targets in 2006. By July 31, 2007, the university and the board shall review and revise these targets based on per-student funding in the 2007-09 appropriations act. In addition, the board shall compile comparable data from peer institutions in the eight global challenge states identified in the Washington Learns study.

The checkpoints previously agreed by the board and the Western Washington University are enumerated as follows:

(a) Increase the number of baccalaureate degrees conferred per year to 2,968;
(b) Increase the number of high-demand baccalaureate degrees conferred per year to 371;
(c) Increase the number of advanced degrees conferred per year at all campuses to 375;
(d) Improve the six-year graduation rate for baccalaureate students to 62.8 percent;
(e) Improve the three-year graduation rate for students who transfer with an associates degree to 61.4 percent;
(f) Improve the freshman retention rate to 85.0 percent;
(g) Improve time to degree for baccalaureate students to 95.6 percent, measured by the percent of admitted students who graduate within 125 percent of the credits required for a degree; and
(h) The institution shall provide a report on Pell grant recipients' performance within each of the measures included in this section.

Western Washington University shall report its progress and ongoing efforts toward meeting the provisions of this section to the higher education coordinating board prior to November 1, 2009.

(6) In an effort to introduce students to and inform students of post-secondary opportunities in Washington state, the university shall report progress towards developing and implementing outreach programs designed to increase awareness of higher education to K-12 populations to the higher education coordinating board by October 1st of each year.

(7) $1,169,000 of the education legacy trust account appropriation is for the advanced materials science and engineering program. The program shall develop the advanced materials science and engineering center for research, teaching, and development for which will offer a minor degree in materials science and engineering beginning in the fall 2009.

(8) $444,000 of the general fund--state appropriation for fiscal year 2008 and $611,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for development of the biomedical research activities in neuroscience (BRAIN) program. The program shall link biology and chemistry curriculum to prepare students for biomedical research positions in academia and industry.

(9) When implementing reductions in fiscal year 2009, Western Washington University shall minimize impacts on academic programs, maximize reductions in administration, and not reduce enrollments below enrollment levels referenced in 2008 c 329 s 604 and section 601 of this act.

Sec. 609. 2008 c 329 s 612 (uncodified) is amended to read as follows:

The appropriations in this section are subject to the following conditions and limitations:

(1) $87,000 of the general fund--state appropriation for fiscal year 2008 and $169,000 of the general fund--state appropriation for fiscal year 2009 are provided solely to maintain and update a scholarship clearinghouse that lists every public and private scholarship available to Washington students. The higher education coordinating board shall develop a web-based interface for students and families as well as a common application for these scholarships.

(2) $339,000 of the general fund--state appropriation for fiscal year 2008 and $330,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for implementation of Second Substitute Senate Bill No. 5098 (the college bound scholarship). If the bill is not enacted by June 30, 2007, the amounts provided in this subsection shall lapse.
(3) $200,000 of the general fund--state appropriation for fiscal year 2008 and $150,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for implementation of Engrossed Substitute House Bill No. 1131 (the passport to college promise). If the bill is not enacted by June 30, 2007, the amounts provided in this subsection shall lapse.

(4) $152,000 of the general fund--state appropriation for fiscal year 2008 and $191,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for administration of conditional scholarships.

(5) Except for moneys provided in this section for specific purposes, and to the extent that the executive director finds that the agency will not require the full amount appropriated for a fiscal year in this section, the unexpended appropriation shall be transferred to the state education trust account established under RCW 28B.92.140 for purposes of fulfilling unfunded scholarship commitments that the board made under its federal GEAR UP Grant 1.

(6) $200,000 of the general fund--state appropriation is provided solely to implement a capital facility and technology capacity study which will compare the 10-year enrollment projections with the capital facility requirements and technology application and hardware capacity needed to deliver higher education programs for the period 2009-2019. The higher education coordinating board shall:

(a) Develop the study in collaboration with the state board for community and technical colleges, four-year universities, and the Washington independent colleges;

(b) Determine the 10-year capital facilities and technology application and hardware investment needed by location to deliver higher education programs to additional student FTE;

(c) Estimate operational and capital costs of the additional capacity; and

(d) Report findings to the legislature on October 1, 2008.

(7) $85,000 of the general fund--state appropriation for fiscal year 2008 and $127,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for the board to prepare a program and operating plan for a higher education center in the Kitsap county area. The plan shall be developed in consultation with an advisory committee of civic, business, and educational leaders from Clallam, Jefferson, Kitsap, and Mason counties. It shall include a projection of lower and upper division and graduate enrollment trends in the study area; a review of assessments of employer needs; an inventory of existing and needed post-secondary programs; recommended strategies for promoting active program participation in and extensive program offerings at the center by public and private baccalaureate institutions; and an estimate of operating and capital costs for the creation and operation of the center. The board shall submit its findings and recommendations to the governor and legislature by December 1, 2008.

(8) $60,000 of the general fund--state appropriation for fiscal year 2009 is provided solely for implementation of Engrossed House Bill No. 2641 (education performance agreements). If the bill is not enacted by June 30, 2008, the amount provided in this subsection shall lapse.

The higher education coordinating board, the department of licensing, and the department of health shall jointly review and report to appropriate policy committees of the legislature by December 1, 2008, on barriers and opportunities for increasing the extent to which veterans separating from duty are able to apply skills sets and education required while in service to certification, licensure, and degree requirements.

The higher education coordinating board shall then present the single preferred site recommendation to the appropriate legislative fiscal and policy committees by December 1, 2008.

The appropriations in this section are subject to the following conditions and limitations:

1. $154,760,000 of the general fund--state appropriation for fiscal year 2008, $178,707,000 of the general fund--state appropriation for fiscal year 2009, $49,902,000 of the education legacy trust account appropriation for fiscal year 2008, $40,050,000 of the education legacy trust account appropriation for fiscal year 2009, and $2,886,000 of the general fund--federal appropriation are provided solely for student financial aid payments under the state need grant; the state work study program including a four percent administrative allowance; the Washington scholars program; and the Washington award for vocational excellence. All four programs shall increase grant awards sufficiently to offset the full cost of the resident undergraduate tuition increases authorized under this act.

2. Within the funds appropriated in this section, eligibility for the state need grant shall be expanded to include students with family incomes at or below 70 percent of the state median family income, adjusted for family size. Awards for students with incomes between 66 percent and 70 percent of the state median shall be 50 percent of the award amount granted to those with incomes below 51 percent of the median.

3. To the extent that the executive director determines that the agency will not award the full amount appropriated in subsection (1) of this section for a fiscal year, unexpended funds shall be transferred to the state education trust account established under RCW 28B.92.140 for purposes first of fulfilling the unfunded scholarship commitments that the board made under its federal GEAR UP Grant 1.

4. $7,400,000 of the education legacy trust account appropriation is provided solely for investment to fulfill the scholarship commitments that the state incurs in accordance with Second Substitute Senate Bill No. 5098 (the college bound scholarship). If the bill is not enacted by June 30, 2007, the amount provided in this subsection shall lapse.

5. $2,500,000 of the education legacy trust account--state appropriation is provided solely to expand the gaining early awareness and readiness for undergraduate programs project to at least 25 additional school districts.

6. $1,000,000 of the education legacy trust account--state appropriation is provided solely to encourage more students to teach secondary mathematics and science. $500,000 of this amount is provided to increase the future teacher scholarship and conditional loan program by at least 35 students per year. $500,000 of this amount is provided to support state work study positions for students to intern in secondary math and science classrooms.
The appropriations in this section are subject to the following conditions and limitations:

1. $340,000 of the general fund--state appropriation for fiscal year 2008 and $340,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for the board to:
   
   (a) Allocate grants on a competitive basis to establish and support industry skill panels. Grant recipients shall provide an employer match of at least twenty-five percent, and identify work force strategies to benefit employers and workers across the industry; and
   
   (b) Establish industry skill panel standards that identify the expectations for industry skill panel products and services.

2. $53,000 of the general fund--state appropriation for fiscal year 2008 and $53,000 of the general fund--state appropriation for fiscal year 2009 are provided solely to improve the oversight of private vocational and career schools.

3. The appropriations in this section include specific funding to implement Substitute Senate Bill No. 5254 (industry skills panels) and Substitute Senate Bill No. 6261 (adult youth).

4. The appropriations in this section include sufficient funds to implement section 2 of Engrossed Substitute Senate Bill No. 6295 (workplace e-learning).

The appropriations in this section are subject to the following conditions and limitations:

1. $47,919,000 of the general fund--state appropriation for fiscal year 2008 and $56,437,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for early childhood education and assistance program services.

   (a) Of these amounts, $10,284,000 is a portion of the biennial amount of state matching dollars required to receive federal child care and development fund grant dollars.
(b) Within the amounts provided in this subsection (1), the department shall increase the number of children receiving early childhood education and assistance program services by 2,250 slots.

(c) Within the amounts provided in this subsection (1), the department shall increase the minimum provider per slot payment to $6,500 in fiscal year 2008. Any provider receiving slot payments higher than $6,500 shall receive a 2.0 percent vendor rate increase in fiscal year 2009.

(2) $775,000 of the general fund–state appropriation for fiscal year 2008 and $(54,225,000) $1,825,000 of the general fund–state appropriation for fiscal year 2009 are provided solely to: (a) Develop a quality rating and improvement system; and (b) pilot the quality rating and improvement system in multiple locations. Four of the pilot sites are to be located within the following counties: Spokane, Kitsap, King, and Yakima. The department shall analyze and evaluate the pilot sites and report initial findings to the legislature by December 1, 2008. Prior to statewide implementation of the quality rating and improvement system, the department of early learning shall present the system to the legislature and the legislature shall formally approve the implementation of the system through the omnibus appropriations act or by statute or concurrent resolution.

(3) $850,000 of the general fund–state appropriation for fiscal year 2008 and $850,000 of the general fund–state appropriation for fiscal year 2009 are provided solely for the department to contract for child care referral services.

(4) $1,200,000 of the general fund–state appropriation for fiscal year 2008 and $800,000 of the general fund–state appropriation for fiscal year 2009 are provided solely to develop and provide culturally relevant supports for parents, family, and other caregivers. This includes funding for the department to conduct a random sample survey of parents to determine the types of early learning services and materials parents are interested in receiving from the state. The department shall report the findings to the appropriate policy and fiscal committees of the legislature by October 1, 2008.

(5) $250,000 of the general fund–state appropriation for fiscal year 2008 and $250,000 of the general fund–state appropriation for fiscal year 2009 are provided solely for a child care consultation pilot program linking child care providers with evidence-based and best practice resources regarding caring for infants and young children who present behavior concerns.

(6) $500,000 of the general fund–state appropriation for fiscal year 2008 and $500,000 of the general fund–state appropriation for fiscal year 2009 are provided solely to expand the child care career and wage ladder program created by chapter 507, Laws of 2005.

(7) $172,000 of the general fund–state appropriation for fiscal year 2008 is provided solely for the department to purchase licensing capability from the department of social and health services through the statewide automated child welfare information system.

(8) $1,100,000 of the general fund–state appropriation for fiscal year 2008 and $1,100,000 of the general fund–state appropriation for fiscal year 2009 are provided solely for a childcare grant program for public community colleges and public universities. A community college or university that employs collectively bargained staff to operate childcare programs may apply for up to $25,000 per year from the department per each type of the following programs: Head Start, childcare, early childhood assistance and education. The funding shall only be provided for salaries for collectively bargained employees.

(9) Beginning October 1, 2007, the department shall be the lead agency for and recipient of the federal child care and development fund grant. Amounts within this grant shall be used to fund child care licensing, quality initiatives, agency administration, and other costs associated with child care subsidies. The department shall transfer a portion of this grant to the department of social and health services to partially fund the child care subsidies paid by the department of social and health services on behalf of the department of early learning.

(10) For development of an early learning information system, the department shall submit to the education and fiscal committees of the legislature a completed feasibility study and a proposal approved by the department of information systems and the information services board. The department shall ensure that any proposal for the early learning information system includes the cost for modifying the system as a result of licensing rule changes and implementation of the quality rating and improvement system.

(11) $(520,000 of the general fund–state appropriation for fiscal year 2009 is provided solely for implementation of Second Substitute House Bill No. 3168 (Washington head start program). If the bill is not enacted by June 30, 2006, the amount provided in this subsection shall lapse.

(12) The department, in conjunction with the early learning advisory council, shall report by June 30, 2009, to the governor and the appropriate committees of the legislature regarding the following:

(a) Administration of the state training and registry system, including annual expenditures, participants, and average hours of training provided per participant; and

(b) An evaluation of the child care resource and referral network in providing information to parents and training and technical assistance to child care providers.

(13) $150,000 of the general fund–state appropriation for fiscal year 2009 is provided solely for the department of early learning to work with the office of the superintendent of public instruction, and collaborate with five Washington, to study and make recommendations regarding the implementation of a statewide kindergarten entry assessment. The department and the office of the superintendent of public instruction shall jointly submit a report with recommendations for implementing the kindergarten entry assessment to the governor and the appropriate committees of the legislature by December 15, 2008. In the study and development of the recommendations, the department shall:

(a) Consult with early learning experts, including research and educator associations, early learning and kindergarten teachers, and Washington Indian tribes;

(b) Identify a preferred kindergarten entry assessment based on research and examples of other assessments, and which is sensitive to cultural and socioeconomic differences influencing the development of young children;

(c) Recommend a plan for the use of the assessment in a pilot phase and a voluntary use phase, and recommend a time certain when school districts must offer the assessment;

(d) Recommend how to report the results of the assessment to parents, the office of the superintendent of public instruction, and the department of early learning in a common format, and for a methodology for conducting the assessments;

(e) Analyze how the assessment could be used to improve instruction for individual students entering kindergarten and identify whether and how the assessment results could be used to improve the early learning and K-12 systems, including the transition between the systems;

(f) Identify the costs of the assessment, including the time required to administer the assessment; and

(g) Recommend how to ensure that the assessment shall not be used to screen or otherwise preclude children from entering kindergarten if they are otherwise eligible.

(14) $(120,000 of the general fund–state appropriation for fiscal year 2009 is provided solely for encouraging private match investment for innovative, existing local early learning coalitions to achieve one or more of the following:

PART IX
MISCELLANEOUS

Sec. 901. RCW 28A.505.220 and 2008 c 170 s 401 are each amended to read as follows:

(1) Total distributions from the student achievement fund to each school district shall be based upon the average number of full-time equivalent students in the school district during the previous school year as reported to the office of the superintendent of public instruction by August 31st of the previous school year. The superintendent of public instruction shall ensure that moneys generated by skill center students are returned to skill centers.

(2) The allocation rate per full-time equivalent student shall be three hundred dollars in the 2005-06 school year, three hundred seventy-five dollars in the 2006-07 school year, and four hundred fifty dollars in the 2007-08 school year. For each subsequent school year, the amount allocated per full-time equivalent student shall be adjusted for inflation as defined in RCW 43.135.025(8). These allocations per full-time equivalent student from the student achievement fund shall be supported from the following sources:

(a) Distributions from state property tax proceeds deposited into the student achievement fund under RCW 84.52.068; and
(b) Distributions from the education legacy trust account created in RCW 83.100.230.

(3) Any funds deposited in the student achievement fund under RCW 43.135.045 shall be allocated to school districts on a one-time basis using a rate per full-time equivalent student. These funds are provided in addition to any amounts allocated in subsection (2) of this section.

(4) The school district annual amounts as defined in subsection (2) of this section shall be distributed on the monthly apportionment schedule as defined in RCW 28A.510.250.

(5) However, during the 2008-09 school year, the school district annual amounts as defined in this section shall be distributed as follows:

Sec. 902. RCW 43.79.460 and 1998 c 302 s 1 s are each amended to read as follows:

(1) The savings incentive account is created in the custody of the state treasurer. The account shall consist of all moneys appropriated to the account by the legislature. The account is subject to the allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures from the account.

(2) Within the savings incentive account, the state treasurer may create subaccounts to be credited with incentive savings attributable to individual state agencies, as determined by the office of financial management in consultation with the legislative fiscal committees. Moneys deposited in the subaccounts may be expended only on the authorization of the agency's executive head or designee and only for the purpose of one-time expenditures to improve the quality, efficiency, and effectiveness of services to customers of the state, such as one-time expenditures for employee training, employee incentives, technology improvements, new work processes, or performance measurement. Funds may not be expended from the account to establish new programs or services, expand existing programs or services, or incur ongoing costs that would require future expenditures.

(3) For purposes of this section, "incentive savings" means state general fund appropriations that are unspent as of June 30th of a fiscal year, excluding any amounts included in across-the-board reductions under RCW 43.88.110 and excluding unspent appropriations for:

(a) Caseload and enrollment in entitlement programs, except to the extent that an agency has clearly demonstrated that efficiencies have been achieved in the administration of the entitlement program. "Entitlement program," as used in this section, includes programs for which specific sums of money are appropriated for pass-through to third parties or other entities;

(b) Enrollments in state institutions of higher education;

(c) A specific amount contained in a condition or limitation to an appropriation in the biennial appropriations act, if the agency did not achieve the specific purpose or objective of the condition or limitation;

(d) Debt service on state obligations; and

(e) State retirement system obligations.

(4) The office of financial management, after consulting with the legislative fiscal committees, shall report to the treasurer the amount of savings incentives achieved. By December 1, 1998, and each December 1st thereafter, the office of financial management shall submit a report to the fiscal committees of the legislature on the implementation of this section. The report shall include:

(a) The impact of this section on agency reversions and end-of-biennium expenditure patterns, and (b) itemize agency expenditures from the savings recovery account. The office of financial management is relieved from having to submit a report by December 1, 2008.

(5) For fiscal year 2009, the legislature may transfer from the savings incentive account to the state general fund such amounts as reflect the fund balance of the account attributable to unspent state general fund appropriations for fiscal year 2008.

Sec. 903. RCW 43.79.465 and 2004 c 275 s 64 are each amended to read as follows:

The education savings account is created in the state treasury. The account shall consist of all moneys appropriated to the account by the legislature.

(1) Ten percent of legislative appropriations to the education savings account shall be distributed as follows: (a) Fifty percent to the distinguished professorship trust fund under RCW 28B.76.565; (b) seventeen percent to the graduate fellowship trust fund under RCW 28B.76.610; and (c) thirty-three percent to the college faculty awards trust fund under RCW 28B.50.837.

(2) The remaining moneys in the education savings account may be appropriated solely for (a) common school construction projects that are eligible for funding from the common school construction account, (b) technology improvements in the common schools, (c) during the 2001-03 fiscal biennium, technology improvements in public higher education institutions, and (d) during the 2007-2009 fiscal biennium, the legislature may transfer from the education savings account to the state general fund such amounts as reflect the excess fund balance of the account attributable to unspent state general fund appropriations for fiscal year 2008.
Sec. 904. RCW 43.79.485 and 2006 c 120 s 1 are each amended to read as follows:

(1) The reading achievement account is created in the custody of the state treasurer. The purposes of the account are to establish a depository for state and other funds made available for reading achievement, and to ensure that unspent amounts appropriated for reading achievement continue to be available for that purpose in future biennia. Moneys deposited in the account do not lapse at the close of the fiscal period for which they were appropriated. Both during and after the fiscal period in which moneys were deposited in the account, the director may expend moneys in the account only for the purposes for which they were appropriated, and the expenditures are subject to any other conditions or limitations placed on the appropriations.

(2) The director of early learning shall deposit in the account all appropriations to the department and nonstate moneys received by the department for reading achievement, including reading foundations and implementation of research-based reading models.

(3) Expenditures from the account may be used only for reading achievement, including reading foundations, implementation of research-based reading models, and grants to school districts. During the 2007-2009 fiscal biennium, the legislature may transfer from the reading achievement account to the state general fund such amounts as reflect the excess fund balance of the account.

(4) Only the director of early learning or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

Sec. 905. RCW 49.86.170 and 2007 c 357 s 19 are each amended to read as follows:

The family leave insurance account is created in the custody of the state treasurer. Expenditures from the account may be used only for the purposes of the family leave insurance program. Only the director of the department of labor and industries or the director's designee may authorize expenditures from the account. The account is subject to the allotment procedures under chapter 43.88 RCW. An appropriation is required for administrative expenses, but not for benefit payments. During the 2007-2009 fiscal biennium, the legislature may transfer from the family leave insurance account to the state general fund such amounts as reflect the excess fund balance of the account.

Sec. 906. RCW 50.16.010 and 2008 c 329 s 915 are each amended to read as follows:

(1) There shall be maintained as special funds, separate and apart from all public moneys or funds of this state an unemployment compensation fund, an administrative contingency fund, and a federal interest payment fund, which shall be administered by the commissioner exclusively for the purposes of this title, and to which RCW 43.01.050 shall not be applicable.

(2)(a) The unemployment compensation fund shall consist of:

(i) All contributions collected under RCW 50.24.014(1)(a) may only be expended, provided, the moneys are not lapse at the close of the fiscal period for which they were appropriated. Both during and after the fiscal period in which moneys were deposited in the account, the director may expend moneys in the account only for the purposes for which they were appropriated, and the expenditures are subject to any other conditions or limitations placed on the appropriations.

(2)(b) The director of early learning shall deposit in the account all appropriations to the department and nonstate moneys received by the department for reading achievement, including reading foundations and implementation of research-based reading models.

(3) Expenditures from the account may be used only for reading achievement, including reading foundations, implementation of research-based reading models, and grants to school districts. During the 2007-2009 fiscal biennium, the legislature may transfer from the reading achievement account to the state general fund such amounts as reflect the excess fund balance of the account.

(4) Only the director of early learning or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.
THIRTY EIGHTH DAY, FEBRUARY 18, 2009

(3) The definitions in this subsection apply throughout this section and RCW 82.14.390 and 82.14.500.

(a) "Agreement" means the same as in RCW 82.32.020.

(b) "Local taxing jurisdiction" means counties, cities, transportation authorities under RCW 82.14.045, public facilities districts under chapters 36.100 and 35.57 RCW, public transportation benefit areas under RCW 82.14.440, and regional transit authorities under chapter 61.112 RCW, that impose a sales and use tax.

(c) "Loss" or "losses" means the local sales and use tax revenue reduction to a local taxing jurisdiction resulting from the sourcing provisions in RCW (82.14.0290) 82.14.490 and the chapter 6, Laws of 2007 amendments to RCW 82.14.020.

(d) "Net loss" or "net losses" means a loss offset by any voluntary compliance revenue.

(e) "Voluntary compliance revenue" means the local sales tax revenue gain to each local taxing jurisdiction reported to the department from persons registering through the central registration system authorized under the agreement.

(f) "Working day" has the same meaning as in RCW 82.45.180.

Sec. 908. RCW 84.52.0531 and 2006 c 119 s 2 are each amended to read as follows:

The maximum dollar amount which may be levied by or for any school district for maintenance and operation support under the provisions of RCW 84.52.053 shall be determined as follows:

(1) For excess levies for collection in calendar year 1997, the maximum dollar amount shall be calculated pursuant to the laws and rules in effect in November 1996.

(2) For excess levies for collection in calendar year 1998 and thereafter, the maximum dollar amount shall be the sum of (a) plus or minus (b) and (c) of this subsection minus (d) of this subsection:

(a) The district's levy base as defined in subsections (3) and (4) of this section multiplied by the district's maximum levy percentage as defined in subsection (5) of this section;

(b) For districts in a high/nonhigh relationship, the high school district's maximum levy amount shall be reduced and the nonhigh school district's maximum levy amount shall be increased by an amount equal to the nonhigh school district's levy amount multiplied by the nonhigh school district's maximum levy percentage:

(c) For districts in an interdistrict cooperative agreement, the nonresident school district's maximum levy amount shall be reduced and the resident school district's maximum levy amount shall be increased by an amount equal to the per pupil basic education allocation included in the nonresident school district's levy base under subsection (3) of this section multiplied by:

(i) The number of full-time equivalent students served from the resident district in the prior school year; multiplied by:

(ii) The serving district's maximum levy percentage determined under subsection (5) of this section; increased by:

(iii) The percent increase per full-time equivalent student as stated in the state basic education appropriation section of the biennial budget between the prior school year and the current school year divided by fifty-five percent;

(d) The district's maximum levy amount shall be reduced by the maximum amount of state matching funds for which the district is eligible under RCW 28A.500.010.

(3) For excess levies for collection in calendar year 2005 and thereafter, a district's levy base shall be the sum of allocations in (a) through (e) of this subsection received by the district for the prior school year and the amounts determined under subsection (4) of this section, including allocations for compensation increases, plus the sum of such allocations multiplied by the percent increase per full time equivalent student as stated in the state basic education appropriation section of the biennial budget between the prior school year and the current school year and divided by fifty-five percent. A district's levy base shall not include local school district property tax levies or other local revenues, or state and federal allocations not identified in (a) through (c) of this subsection.

(a) The district's basic education allocation as determined pursuant to RCW 28A.150.250, 28A.150.260, and 28A.150.350;

(b) State and federal categorical allocations for the following programs:

(i) Pupil transportation;

(ii) Special education;

(iii) Education of highly capable students;

(iv) Compensatory education, including but not limited to learning assistance, migrant education, Indian education, refugee programs, and bilingual education;

(v) Food services; and

(vi) Statewide block grant programs; and

(c) Any other federal allocations for elementary and secondary school programs, including direct grants, other than federal impact aid funds and allocations in lieu of taxes.

(4) For levy collections in calendar years 2005 through 2011, in addition to the allocations included under subsection (3)(a) through (c) of this section, a district's levy base shall also include the following:

(a) The difference between the allocation the district would have received in the current school year had RCW 84.52.068 not been amended by chapter 19, Laws of 2003 1st sp. sess. and the allocation the district received in the current school year pursuant to RCW 84.52.068. The office of the superintendent of public instruction shall offset the amount added to a district's levy base pursuant to this subsection (4)(a) by any additional per student allocations included in a district's levy base pursuant to the enactment of an initiative to the people subsequent to June 10, 2004; and

(b) The difference between the allocations the district would have received the prior school year had RCW 28A.400.205 not been amended by chapter 20, Laws of 2003 1st sp. sess. and the allocations the district actually received the prior school year pursuant to RCW 28A.400.205. The office of the superintendent of public instruction shall offset the amount added to a district's levy base pursuant to this subsection (4)(b) by any additional salary increase allocations included in a district's levy base pursuant to the enactment of an initiative to the people subsequent to June 10, 2004.

(5) A district's maximum levy percentage shall be twenty-two percent in 1998 and twenty-four percent in 1999 and every year thereafter; plus, for qualifying districts, the grandfathered percentage determined as follows:

(a) For 1997, the difference between the district's 1993 maximum levy percentage and twenty percent; and

(b) For 1998 and thereafter, the percentage calculated as follows:

(i) The grandfathered percentage for the prior year times the district's levy base determined under subsection (3) of this section;

(ii) Reduce the result of (b)(i) of this subsection by any levy reduction funds as defined in subsection (6) of this section that are to be allocated to the district for the current school year;

(iii) Divide the result of (b)(ii) of this subsection by the district's levy base; and

(iv) Take the greater of zero or the percentage calculated in (b)(iii) of this subsection.

(6) "Levy reduction funds" shall mean increases in state funds from the prior school year for programs included under subsections (3) and (4) of this section: (a) That are not attributable to enrollment changes, compensation increases, or inflationary adjustments; and (b) that are
or were specifically identified as levy reduction funds in the appropriations act. If levy reduction funds are dependent on formula factors which would not be finalized until after the start of the current school year, the superintendent of public instruction shall estimate the total amount of levy reduction funds by using prior school year data in place of current school year data. Levy reduction funds shall not include moneys received by school districts from cities or counties.

(7) For the purposes of this section, "prior school year" means the most recent school year completed prior to the year in which the levies are to be collected.

(8) For the purposes of this section, "current school year" means the year immediately following the prior school year.

(9) Funds collected from transportation vehicle fund tax levies shall not be subject to the levy limitations in this section.

(10) The superintendent of public instruction shall develop rules and regulations and inform school districts of the pertinent data necessary to carry out the provisions of this section.

(11) For calendar year 2009, the office of the superintendent of public instruction shall recalculate school district levy authority to reflect levy rates certified by school districts for calendar year 2009.

NEW SECTION, Sec. 909. Section 908 of this act expires January 1, 2012.

NEW SECTION, Sec. 910. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION, Sec. 911. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.
and the same is herewith transmitted.

**RESOLUTION**

**HOUSE RESOLUTION NO. 2009-4618**, by Representatives Bailey, Dickerson, Herrera, Kessler, and Rolfes

WHEREAS, In 1910, Washington became the fifth state to enact a state constitutional amendment granting the right to vote to women, and the first state to do so in the 20th century; and

WHEREAS, Washington's enactment revitalized the national women's suffrage movement, culminating in approval of the nineteenth amendment to the United States Constitution in 1920 to grant this right to women nationwide; and

WHEREAS, To commemorate the centennial of the 1909 legislature adopting a proposed constitutional amendment, chapter 18 (House Bill 59), Laws of 1909, to grant the right to vote to Washington women in all elections, which was placed on the 1910 general election ballot and approved in November of 1910, reprinted below are key provisions from that measure:

AN ACT to amend article six (VI) of the Constitution of the State of Washington relating to the qualification of voters within the state.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

SECTION 1. That at the general election to be held in this state on the Tuesday next succeeding the first Monday in November, 1910, there shall be submitted to the qualified electors of this state for their adoption and approval an amendment to article six (VI) of the Constitution of the State of Washington, and it is hereby proposed that said article six (VI) be amended, by striking from said article six (VI) all of sections one (1) and (2) and inserting in lieu thereof the following, to be known as section one (1): Section 1. All persons of the age of twenty-one years or over . . . shall be entitled to vote at all elections . . . . There shall be no denial of the elective franchise at any election on account of sex . . . .

SECTION 3. There shall be printed on all ballots provided for the said election the words: "For the proposed amendment of article six (VI) of the Constitution relating to the qualifications of voters within this state"; "Against the proposed amendment to article six (VI) of the Constitution, relating to the qualifications of voters within this state." . . .

NOW, THEREFORE, BE IT RESOLVED, That the House of Representatives of the state of Washington express its appreciation to the male members of the 1909 Legislature, the male voters of 1910, and the thousands of advocates, both women and men, for this major advance in expanding the implementation of the great principles of democracy; and

House Chamber, Olympia, Friday, February 20, 2009

BE IT FURTHER RESOLVED, That the House of Representatives express its appreciation to the Washington Women's History Consortium and the Washington State Historical Society for its leadership in commemorating this historic advancement, including preparation of traveling displays and encouraging local commemorative activities throughout the state; and

BE IT FURTHER RESOLVED, That the House of Representatives further encourage citizens to organize and participate in educational and celebratory activities throughout the state during 2009 and 2010 to commemorate this historic advancement, thereby encouraging voter registration and involvement in democratic processes.

Representative Bailey moved adoption of House Resolution No. 4618.

Representatives Bailey and Dickerson spoke in favor of adoption of the resolution.

HOUSE BILL NO. 1311, by Representatives Kirby, Bailey, Morrell, Sullivan, Kenney, Simpson and Nelson

Regulating reverse mortgage lending practices.

The bill was read the second time.

Representative Kirby moved the adoption of amendment (046):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise:

1) "FHA-approved reverse mortgage" means a "home equity conversion mortgage" or other reverse mortgage product guaranteed or insured by the federal department of housing and urban development.

2) "Owner-occupied residence" is the borrower's residence and includes a life estate property the legal title for which is held in the name of the borrower in a reverse mortgage transaction or in the name of a trust, provided the occupant of the property is the beneficiary of that trust.

3) "Proprietary reverse mortgage loan" is any reverse mortgage loan product that is not a home equity conversion mortgage loan or other federally guaranteed or insured loan."
(4) "Reverse mortgage broker or lender" means a licensee under the Washington state consumer loan act, chapter 31.04 RCW, or a person exempt from licensing pursuant to federal law.

(5) "Reverse mortgage loan" means a nonrecourse consumer credit obligation in which:
(a) A mortgage, deed of trust, or equivalent consensual security interest securing one or more advances is created in the borrower's dwelling;
(b) Any principal, interest, or shared appreciation or equity is due and payable, other than in the case of default, only after:
(i) The consumer dies;
(ii) The dwelling is transferred; or
(iii) The consumer ceases to occupy the dwelling as a dwelling; and
(c) The broker or lender is licensed under Washington state law or exempt from licensing under federal law.

NEW SECTION. Sec. 2. (1) For purposes of sections 1 through 9 of this act, in addition to any other requirements, licensees must comply with the following requirements before offering proprietary reverse mortgage loans:
(a) Maintain an irrevocable standby letter of credit approved by the director from a financial institution approved by the director in favor of the licensee in an amount necessary to fund all reverse mortgage loan requirements anticipated over the next twelve months for loans then on the licensee's books and those expected to be made over the next twelve months or three million dollars, whichever is greater. The initial term of the letter of credit must be at least two years.
(b) The financial institution that provides the letter of credit as required in (a) of this subsection may not be affiliated with the licensee.
(c) A licensee with a rating of either 4A1 or 5A1 from Dun & Bradstreet credit services for three consecutive years is exempt from the requirements set forth in (a) of this subsection.
(2) The licensee shall maintain a minimum capital of ten million dollars.
(3) A licensee may rely on the capital of its parent to satisfy the requirement of subsection (2) of this section. However, for any year in which a licensee seeks to so rely, it shall provide to the director a certified financial statement of the parent showing a net worth of at least one hundred million dollars as of the close of its most recent fiscal year and a binding written commitment from the parent to the licensee to make a minimum of ten million dollars available to the licensee as a capital contribution in connection with its reverse mortgage lending program.
(4) Subsections (2) and (3) of this section do not apply to a licensee that:
(a) Only originates proprietary reverse mortgage loans the proceeds of which are fully disbursed at the loan closing; or
(b) Only originates proprietary reverse mortgage loans that are sold into the secondary market to an investor with either a 4A1 or 5A1 rating from Dun & Bradstreet credit services. A licensee that makes such a sale shall obtain a written commitment to purchase the loans from the investor prior to closing and shall arrange for the delivery of the loans to the investor within ten days of the loan closing.

NEW SECTION. Sec. 3. The department of financial institutions has specific authority to develop rules regarding the interpretation and implementation of this section. A proprietary reverse mortgage loan must comply with all of the following requirements:
(1) For the purposes of this section prepayment, in whole or in part, or the refinancing of a reverse mortgage loan, is permitted without penalty at any time during the term of the reverse mortgage loan. For the purposes of this section, penalty does not include any fees, payments, or other charges, not including interest, that would have otherwise been due upon the reverse mortgage being due and payable. However, when a reverse mortgage lender has paid or waived all of the usual fees or costs associated with a reverse mortgage loan, a prepayment penalty may be imposed, provided the penalty does not exceed the total amount of the usual fees or costs that were initially absorbed or waived by the reverse mortgage lender. A mortgagor may not impose a prepayment penalty under this subsection if the prepayment is caused by the occurrence of the death of the borrowers. A borrower must be provided prior written notice of any permissible prepayment penalty under this section;
(2) A reverse mortgage loan may provide for a fixed or adjustable interest rate or combination thereof, including compound interest, and may also provide for interest that is contingent on the value of the property upon execution of the loan or at maturity, or on changes in value between closing and maturity;
(3) The lender shall pay a late charge to the borrower for any late advance. If the lender does not mail or electronically transfer a scheduled monthly advance to the borrower on the first business day of the month, or within five business days of the date the lender receives the request, or such other regularly scheduled contractual date, the late charge is ten percent of the entire amount that should have been paid to the borrower for that month or as a result of that request. For each additional day that the lender fails to make the advance, the lender shall pay interest on the late advance at the interest rate stated in the loan documents. If the loan documents provide for an adjustable interest rate, the rate in effect when the late charge first accrues is used. Any late charge is paid from the lender's funds and may not be added to the unpaid principal balance. Additionally, the lender forfeits the right to interest and a monthly servicing fee for any months in which the advance has not been timely made. This section does not affect the department of financial institution's ability to impose other sanctions to protect consumers of reverse mortgage loans;
(4) The reverse mortgage loan may become due and payable upon the occurrence of any one of the following events:
(a) The home securing the loan is sold or title to the home is otherwise transferred;
(b) All borrowers cease occupying the home as a principal residence, except as provided in subsection (5) of this section; or
(c) A defaulting event occurs which is specified in the loan documents;
(5) Repayment of the reverse mortgage loan is subject to the following additional conditions:
(a) Temporary absences from the home not exceeding one hundred eighty consecutive days do not cause the mortgage to become due and payable;
(b) Extended absences from the home exceeding one hundred eighty consecutive days, but less than one year, do not cause the mortgage to become due and payable;
(c) The lender or any other party that participates in the origination of a reverse mortgage loan must offer an annuity to the borrower pr
(d) Using conspicuous, bold sixteen-point or larger type, the lender shall disclose in the loan agreement any interest rate or other fees to be charged during the period that commences on the date that the reverse mortgage loan becomes due and payable as provided in the loan agreement; and
(6) The first page of any deed of trust securing a reverse mortgage loan must contain the following statement in sixteen-point boldface type: "This deed of trust secures a reverse mortgage loan;"
(7) A lender or any other party that participates in the origination of a reverse mortgage loan shall not require an applicant for a reverse mortgage to purchase an annuity, insurance, or another product as a condition of obtaining a reverse mortgage loan. A reverse mortgage lender or a broker arranging a reverse mortgage loan shall not:
(a) Offer an annuity to the borrower prior to the closing of the reverse mortgage or before the expiration of the right of the borrower to rescind the reverse mortgage agreement; or
(b) Refer the borrower to anyone for the purchase of an annuity prior to the closing of the reverse mortgage or before the expiration of the right of the borrower to rescind the reverse mortgage agreement; or
(c) Provide marketing information or annuity sales leads to anyone regarding the prospective borrower or borrower, or receive any compensation for such an annuity sale or referral;

(6)(a) A housing counseling agency or any other party that participates in the origination of a reverse mortgage loan shall maintain safeguards, acceptable to the department of financial institutions, to ensure that individuals offering reverse mortgage loans do not provide reverse mortgage borrowers with any other financial or insurance products and that individuals participating in the origination of a reverse mortgage loan do not offer an ability or incentive to provide the borrower with any other financial or insurance product;

(b) The borrower shall not be required, directly or indirectly, as a condition of obtaining a reverse mortgage under this section, to purchase any other financial or insurance products;

(9) Prior to accepting a final and complete application for a reverse mortgage loan or assessing any fees, a lender shall refer the prospective borrower to an independent housing counseling agency approved by the federal department of housing and urban development for counseling. The counseling must meet the standards and requirements established by the federal department of housing and urban development for reverse mortgage counseling. The lender shall provide the borrower with a list of at least five independent housing counseling agencies approved by the federal department of housing and urban development, including at least two agencies that can provide counseling by telephone. Telephone counseling is only available at the borrower's request;

(10) A lender shall not accept a final and complete application for a reverse mortgage loan from a prospective applicant without first receiving a certification from the applicant or the applicant's authorized representative that the applicant has received counseling from an agency as described in subsection (9) of this section. The certification must be signed by the borrower and the agency counselor, and must include the date of the counseling and the names, addresses, and telephone numbers of both the counselor and the borrower. Electronic facsimile copy of the housing counseling certification satisfies the requirements of this subsection. The lender shall maintain the certification in an accurate, reproducible, and accessible format for the term of the reverse mortgage;

(11) A reverse mortgage loan may not be made for a Washington state resident unless that resident is a minimum of sixty years of age as of the date of execution of the loan; and

(12) Except for the initial disbursement of moneys to the closing agent, advances by the lender to the borrower must be issued directly to the borrower, or his or her legal representative, and not to an intermediary or third party.

NEW SECTION. Sec. 4. The borrower in a proprietary reverse mortgage transaction has the same right to rescind the transaction as provided in the truth in lending act, Regulation Z, 12 C.F.R. Sec. 226.

NEW SECTION. Sec. 5. (1) This section does not apply to a home equity conversion mortgage or other federally administered reverse mortgage product. A proprietary reverse mortgage loan product may not be offered without preapproval by the department of financial institutions.

(2) The director may make rules regarding the preapproval process, and may require any documentation, information, standards, or data deemed necessary by the director. The director may disapprove any proprietary reverse mortgage loan products that contain or incorporate by reference, reference, incorporation, ambiguous, or misleading provisions or terms, or exceptions and conditions which unreasonably or deceptively affect the reverse mortgage contract. Additional grounds for disapproval may include, without limitation, the existence in the proprietary product of any benefits provided to the borrower that are contrary to public policy.

NEW SECTION. Sec. 6. (1) A proprietary reverse mortgage loan application may not be taken unless the loan applicant has received from the lender the following plain language statement in conspicuous bold sixteen-point type or larger, advising the prospective borrower about counseling prior to obtaining the reverse mortgage loan within three business days of receipt of the completed loan application:

"Important notice to reverse mortgage loan applicant. A reverse mortgage is a complex financial transaction that provides a means of using the equity you have built up in your home, or the value of your home, as a way to access home equity. If you decide to obtain a reverse mortgage loan, you will sign binding legal documents that will have important legal, tax, and financial implications for you and your estate.

It is very important for you to understand the terms of the reverse mortgage and its effect. Before entering into this transaction, you are required by law to consult with an independent loan counselor. A list of approved counselors will be provided to you by the lender or broker. You may also want to discuss your decision with family members or others on whom you rely for financial advice."

(2) As part of the disclosure required under this section, the lender or servicer shall provide an annual, or more frequent, disclosure statement to the borrower, providing details of the loan advances, balance, other terms, and the name and telephone number of the lender's employee or agent who has been specifically designated to respond to inquiries concerning reverse mortgage loans.

(3) In addition to any other loan documentation or disclosure, prior to execution of the loan and at the end of the loan term, the lender may either obtain an independent appraisal of the property value or use the current year's tax assessment valuation of the property. Copies of these appraisals must be timely provided to the borrower within five days of the borrower's written request, provided the borrower has paid for the appraisal.

(2) An arrangement, transfer, or lien subject to this chapter is not invalidated solely because of the failure of a lender to comply with any provision of this chapter. However, this section does not preclude the application of any other existing civil remedies provided by law.

(3) A violation of federal legal requirements for an FHA-approved reverse mortgage as defined in section 1(1) of this act constitutes a violation of this chapter.

NEW SECTION. Sec. 8. (1) To the extent that implementation of this section does not conflict with federal law resulting in the loss of federal funding, proprietary reverse mortgage loan advances made to a borrower must be treated as proceeds from a loan and not as income for the purpose of determining eligibility and benefits under means-tested programs of aid to individuals.

(2) Undisbursed reverse mortgage funds are not treated as equity in the borrower's home and not as proceeds from a loan, resources, or assets for the purpose of determining eligibility and benefits under means-tested programs of aid to individuals.

(3) This section applies to any law or program relating to payments, allowances, benefits, or services provided on a means-tested basis by this state including, but not limited to, optional state supplements to the federal supplemental security income program, low-income energy assistance, property tax relief, general assistance, and medical assistance only to the extent this section does not conflict with Title 19 of the federal social security act.

NEW SECTION. Sec. 9. The director of the department of financial institutions may take the necessary steps to ensure that this act is implemented on its effective date.

NEW SECTION. Sec. 10. Sections 1 through 9 of this act may be known and cited as the Washington state reverse mortgage act.

NEW SECTION. Sec. 11. Sections 1 through 10 of this act are each added to chapter 31.04 RCW and codified with the subsections in the chapter as follows:

Sec. 12. RCW 31.04.015 and 2001 c 81 s 1 are each amended to read as follows:

The definitions set forth in this section apply throughout this chapter unless the context clearly requires a different meaning.
By converting the annual rate to a daily rate, and applying the percentage rate or its periodic equivalent to the unpaid balances of the principal of the loan outstanding for the time outstanding with each payment applied first to any unpaid penalties, fees, or charges, then to accumulated interest, and the remainder of the payment applied to the unpaid balance of the principal until paid in full. In using such method, interest shall not be payable in advance nor compounded, except that on a loan secured by real estate, a licensee may calculate at the time of the loan closing up to but not exceeding forty-five days of prepaid interest. The prohibition on compounding interest does not apply to reverse mortgage loans made in accordance with the Washington state reverse mortgage act. The director may adopt by rule a more detailed explanation of the meaning and use of this method.

"Simple interest method" means the method of computing interest payable on a loan by applying the annual percentage interest rate or its periodic equivalent to the unpaid balances of the principal of the loan outstanding for the time outstanding with each payment applied first to any unpaid penalties, fees, or charges, then to accumulated interest, and the remainder of the payment applied to the unpaid balance of the principal until paid in full. In using such method, interest shall not be payable in advance nor compounded, except that on a loan secured by real estate, a licensee may calculate at the time of the loan closing up to but not exceeding forty-five days of prepaid interest. The prohibition on compounding interest does not apply to reverse mortgage loans made in accordance with the Washington state reverse mortgage act. The director may adopt by rule a more detailed explanation of the meaning and use of this method.

"Applicant" means a person applying for a license under this chapter.

"Borrower" means any person who consults with or retains a licensee or person subject to this chapter in an effort to obtain or seek information about obtaining a loan, regardless of whether that person actually obtains such a loan.

"Loan" means a sum of money lent at interest or for a fee or other charge and includes both open-end and closed-end loan transactions.

"Loan originator" means a person employed, either directly or indirectly, or retained as an independent contractor by a licensee, to make or assist a person in applying to obtain a loan.

"Making a loan" means closing a loan in a person’s name, or advancing, offering to advance, or making a commitment to advance, real estate, personal property, or other credits made or received that day.

"Mortgage broker" means the same as defined in RCW 19.146.010, except that for purposes of this chapter, a licensee or person subject to this chapter cannot receive compensation as both a consumer loan licensee making the loan and a mortgage broker in the same loan transaction.

"Officer" means an official appointed by the company for the purpose of making business decisions or corporate decisions.

"Principal" means any person who controls, directly or indirectly through one or more intermediaries, alone or in concert with others, a ten percent or greater interest in a partnership; company; association or corporation; or a limited liability company, and the owner of a sole proprietorship.

"Senior officer" means an officer of a licensee at the vice president level or above.

"Third party service provider" means any person other than the licensee or a mortgage broker who provides goods or services to the licensee or borrower in connection with the preparation of the borrower's loan and includes, but is not limited to, credit reporting agencies, mortgage brokers or salespersons, title insurance companies and agents, appraisers, structural and pest inspectors, or escrow companies.

Sec. 13. RCW 31.04.115 and 1994 c 92 s 168 are each amended to read as follows:

(1) As used in this section, "open-end loan" means an agreement between a licensee and a borrower that expressly states that the loan is made in accordance with this chapter and that provides that:

(a) A licensee may permit the borrower to obtain advances of money from the licensee from time to time, or the licensee may advance money on behalf of the borrower from time to time as directed by the borrower;

(b) The amount of each advance and permitted charges and costs are debited to the borrower's account, and payments and other credits are credited to the same account in accordance with the provisions of this section.

(c) The charges are computed on the unpaid principal balance, or balances, of the account from time to time; and

(d) The borrower has the privilege of paying the account in full at any time without prepayment penalty or, if the account is not in default, in monthly installments of fixed or determinable amounts as provided in the agreement.

(2)(a) Interest charges on an open-end loan shall not exceed twenty-five percent per annum computed in each billing cycle by any of the following methods:

1. By converting the annual rate to a daily rate, and multiplying the daily rate by the daily unpaid principal balance of the account, in which case each daily rate is determined by dividing the annual rate by three hundred sixty-five:

2. By multiplying a monthly rate by the average daily unpaid principal balance of the account in the billing cycle, in which case the monthly rate is one-twelfth of the annual rate, and the average daily unpaid principal balance is the sum of the amount unpaid each day during the cycle divided by the number of days in the cycle:

3. By converting the annual rate to a daily rate, and multiplying the daily rate by the average daily unpaid principal balance of the account in the billing cycle, in which case the daily rate is determined by dividing the annual rate by three hundred sixty-five, and the average daily unpaid principal balance is the sum of the amount unpaid each day during the cycle divided by the number of days in the cycle.

For all of the methods of computation specified in this subsection (2)(a), the billing cycle shall be monthly, and the unpaid principal balance on any day shall be determined by adding to the balance unpaid, as of the beginning of that day, all advances and other permissible amounts charged to the borrower, and deducting all payments and other credits made or received that day. A billing cycle is considered monthly if the closing date of the cycle is on the same date each month, or does not vary by more than four days from that date.

(b) Reverse mortgage loans made in accordance with the Washington state reverse mortgage act are not subject to the interest charge computation restrictions or billing cycle requirements in this section.

(3) In addition to the charges permitted under subsection (2) of this section, the licensee may contract for and receive an annual fee, payable each year in advance, for the privilege of opening and maintaining an open-end loan account. Except as prohibited or limited by this section, the licensee may also contract for and receive on an open-end loan any additional charge permitted by this chapter on other loans, subject to the conditions and restrictions otherwise pertaining to those charges.

(4)(a) If credit life or credit disability insurance is provided, the additional charge for credit life insurance or credit disability insurance shall be calculated in each billing cycle by applying the current monthly premium rate for the insurance, at the rate approved by the insurance commissioner to the entire outstanding balances in the borrower's open-end loan account, or so much thereof as the insurance covers using any of the methods specified in subsection (2)(a) of this section for the calculation of interest charges; and

(b) The licensee shall not cancel credit life or disability insurance written in connection with an open-end loan because of delinquency of the borrower in the making of the required minimum payments on the loan, unless one or more of the payments is past due for a period of ninety days or more; and the licensee shall advance to the insurer the amounts required to keep the insurance in force during that period, which amounts may be debited to the borrower's account.

(5) A security interest in real or personal property may be taken to secure an open-end loan. Any such security interest may be
The existing open-end loan account is referred to as the roll on the final passage of Engrossed House Bill No. 1504 but in order to draft the amendment I need to find out if a bill such as House Bill No. 1504 which removes a tax exemption will be considered to have raised taxes as that term is defined in Initiative Measure 960. I would point specifically, Mr. Speaker, to how the term "raises taxes" is defined in RCW 43.135.035 Section 6 as meaning "any action or combination of actions by the Legislature that increases State tax revenue deposited in fund, budget or account regardless of whether revenues are deposited in the General Fund."

As currently drafted, Mr. Speaker, does House Bill No. 1504 require a two-third vote of the full House to pass? Thank you for any guidance you can offer."

Mr. Speaker (Representative Morris presiding): "Thank you, Representative Erickson for your point of parliamentary inquiry. The Speaker would rule that because we do not have a final question before the body, which would be on third reading and final passage, the ruling would have to be speculative in nature. The Speaker does not issue advisory opinions or speculative options on bills before they have reached a final question before the body. Because your motion is not one that is timely with the final consideration of the bill, it is out of order. Your point is not well taken."

The bill was read the second time. There being no objection, Substitute House Bill No. 1564 was substituted for House Bill No. 1564 and the substitute bill was placed on the second reading calendar.

There being no objection, Substitute House Bill No. 1956 was substituted for House Bill No. 1956 and the substitute bill was placed on the second reading calendar.

SUBSTITUTE HOUSE BILL NO. 1956 was read the second time.

Representative Williams moved the adoption of amendment (041):

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that there are many homeless persons in our state that are in need of shelter and other services that are not being provided by the state and local governments. The legislature also finds that in many communities churches play an important role in providing needed services to the homeless, including the provision of shelter upon church property. By providing such shelter, the religious institutions in our communities perform a valuable public service that, for many, offers a temporary, stop-gap solution to the larger social problem of increasing numbers of homeless persons.

NEW SECTION. Sec. 2. A new section is added to chapter 36.01 RCW to read as follows:

1. A church may host temporary encampments for the homeless on property owned or controlled by the church whether within buildings located on the property or elsewhere on the property outside of buildings.

2. A county may not enact an ordinance or regulation or take any other action that:
   a) Unreasonably interferes with the decisions or actions of a church regarding the location of housing or shelter for homeless persons on property the church owns or controls;
   b) Unreasonably prohibits or attempts to regulate the housing of homeless persons on church property based upon the property's proximity to a school or day care center; or
   c) Requires a church to obtain insurance pertaining to the liability of a municipality with respect to homeless persons housed on church property or otherwise requires the church to indemnify the municipality against such liability.

3. For the purposes of this section, "church" means a building or buildings and adjacent real property that is used as a place of worship by a religious denomination and that is owned or controlled by the denomination.

NEW SECTION. Sec. 3. A new section is added to chapter 35A.21 RCW to read as follows:

1. A church may host temporary encampments for the homeless on property owned or controlled by the church whether within buildings located on the property or elsewhere on the property outside of buildings.

2. A city or town may not enact an ordinance or regulation or take any other action that:
   a) Unreasonably interferes with the decisions or actions of a church regarding the location of housing or shelter for homeless persons on property the church owns or controls;
   b) Unreasonably prohibits or attempts to regulate the housing of homeless persons on church property based upon the property's proximity to a school or day care center; or
   c) Requires a church to obtain insurance pertaining to the liability of a municipality with respect to homeless persons housed on church property or otherwise requires the church to indemnify the municipality against such liability.

3. For the purposes of this section, "church" means a building or buildings and adjacent real property that is used as a place of worship by a religious denomination and that is owned or controlled by the denomination.

NEW SECTION. Sec. 4. A new section is added to chapter 35A.21 RCW to read as follows:

1. A church may host temporary encampments for the homeless on property owned or controlled by the church whether within buildings located on the property or elsewhere on the property outside of buildings.

2. A code city may not enact an ordinance or regulation or take any other action that:
   a) Unreasonably interferes with the decisions or actions of a church regarding the location of housing or shelter for homeless persons on property the church owns or controls;
(b) Unreasonably prohibits or attempts to regulate the housing of homeless persons on church property based upon the property’s proximity to a school or day care center; or
(d) Requires a church to obtain insurance pertaining to the liability of a municipality with respect to homeless persons housed on church property or otherwise requires the church to indemnify the municipality against such liability.

(3) For the purposes of this section, "church" means a building or buildings and adjacent real property that is used as a place of worship by a religious denomination and that is owned or controlled by the denomination.

NEW SECTION. Sec. 5. Nothing in this act is intended to change applicable law or be interpreted to prohibit a county, city, town, or code city from applying zoning and land use regulations allowable under established law to real property owned by a church, regardless of whether the property owned by the church is used to provide shelter or housing to homeless persons.

Representative Williams moved the adoption of amendment (071) to amendment (041):

POINT OF ORDER

Representative Hudgins requested a scope and object ruling on amendment (051) to Substitute House Bill No. 1225.

SPEAKER'S RULING

Mr. Speaker (Representative Morris presiding): "Substitute House Bill 1225 is titled an act relating to "the effect of special fuel taxes on publicly owned or operated urban passenger transportation systems". The object of the bill is narrow – to provide transit agencies with an exemption from the diesel tax.

The amendment, extending the exemption to school buses, goes beyond this narrow objective and is therefore beyond the scope and object of the bill.

Representative Hudgins, your point of order is well taken."

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 43.52.375 and 1982 1st ex.s. c 43 s 7 are each amended to read as follows:

(1) The board of each joint operating agency shall by resolution appoint a treasurer. The treasurer shall be the chief financial officer of the operating agency, who shall report at least annually to the board a detailed statement of the financial condition of the operating agency and of its financial operations for the preceding fiscal year. The treasurer shall advise the board on all matters affecting the financial condition of the operating agency. Before entering upon his or her duties the treasurer shall give bond to the operating agency, with a surety company authorized to write such bonds in this state as surety, in an amount which the board finds by resolution will protect the operating agency against loss, conditioned that all funds which he or she receives as such treasurer will be faithfully kept and accounted for and for the faithful discharge of his or her duties. The amount of such bond may be decreased or increased from time to time as the board may by resolution direct.

(2) The board shall also appoint an auditor and may require him or her to give a bond with a surety company authorized to do business in the state of Washington in such amount as it shall by resolution prescribe, conditioned for the faithful discharge of his or her duties. The auditor shall report directly to the board and be responsible to it for discharging his or her duties.

(3) The premiums on the bonds of the auditor and the treasurer shall be paid by the operating agency. The board may provide for coverage of said officers and other persons on the same bond.

(4) All funds of the joint operating agency shall be paid to the treasurer and shall be disbursed by (him) the treasurer only on checks or warrants issued by the auditor upon orders or vouchers approved by the board: PROVIDED, That the board by resolution may authorize the managing director or any other bonded officer or employee as legally permissible to approve or disapprove vouchers presented to defray salaries of employees and other expenses of the operating agency arising in the usual and ordinary course of its business, including expenses incurred by the board of directors, its executive committee, or the executive board in the performance of their duties. All moneys of the operating agency shall be deposited forthwith by the treasurer in such depositories, and with such securities as are designated by rules of the board. The treasurer shall establish a general fund and such special funds as shall be created by the board, into which he or she shall place all money of the joint operating agency as the board by resolution or motion may direct.

(5) The board may adopt a policy for the payment of claims or other obligations of the operating agency, which are payable out of solvent funds, and may elect to pay such obligations by check or warrant. However, if the applicable fund is not solvent at the time payment is ordered, then no check may be issued and payment shall be by warrant. When checks are to be used, the board shall designate the qualified public depository upon which the checks are to be drawn as
well as the officers required or authorized to sign the checks. For the purposes of this chapter, "warrant" includes checks where authorized by this subsection.

(2) RCW 54.24.010 and 1999 c 8 s 6 are each amended to read as follows:

(1) The treasurer of the county in which a utility district is located shall be ex officio treasurer of the district: PROVIDED, That the commission by resolution may designate some other person having experience in financial or fiscal matters as treasurer of the utility district. The commission may require a bond, with a surety company authorized to do business in the state of Washington, in an amount and under the terms and conditions which the commission by resolution from time to time will protect the district against loss. The premium on any such bond shall be paid by the district.

(2) All district funds shall be paid to the treasurer and shall be disbursed by him or her only on warrants issued by an auditor appointed by the commission, upon orders or vouchers approved by it. The treasurer shall establish a public utility district fund, into which shall be paid all district funds, and he or she shall maintain such special funds as may be created by the commission, into which he or she shall place all money as the commission may, by resolution, direct.

(3) If the treasurer of the district is the treasurer of the county all district funds shall be deposited with the county depositories under the same restrictions, contracts, and security as provided for county depositories; if the treasurer of the district is some other person, all funds shall be deposited in such bank or banks authorized to do business in this state as the commission by resolution shall designate, and with surety bond to the district or securities in lieu thereof of the kind, no less in amount, as provided in RCW 36.48.020 for deposit of county funds.

(4) Such surety bond or securities in lieu thereof shall be filed or deposited with the treasurer of the district, and approved by resolution of the commission.

(5) All interest collected on district funds shall belong to the district and be deposited to its credit in the proper district funds.

(6) A district may provide and require a reasonable bond of any other person handling moneys or securities of the district: PROVIDED, That the district pays the premium thereon.

(7) If the treasurer of the district is some other person than the treasurer of the county, the commission may adopt a policy for the payment of claims or other obligations of the utility district, which are payable out of solvent funds, and may elect to pay such obligations by check or warrant. However, if the applicable fund is not solvent at the time payment is ordered, then no check may be issued and payment shall be by warrant. When checks are to be used, the commission shall designate the qualified public depository upon which the checks are to be drawn as well as the officers required or authorized to sign the checks. For the purposes of this chapter, "warrant" includes checks where authorized by this subsection.

**Concerning economic stimulus transportation funding and appropriations.**

The bill was read the second time.

There being no objection, Substitute House Bill No. 1978 was substituted for House Bill No. 1978 and the substitute bill was placed on the second reading calendar.

SUBSTITUTE HOUSE BILL NO. 1978 was read the second time.

Representative Clibborn moved the adoption of amendment (049):

_Format change to accommodate text._
NEW SECTION. Sec. 1. (1) The legislature finds that President Barack Obama and the 111th Congress have enacted the American Recovery and Reinvestment Act of 2009 in an effort to stimulate the American economy, create and save jobs, and speed recovery from one of the deepest economic recessions in recent history. The investment of federal funds will help alleviate some of the economic burdens the states face, and create jobs for the unemployed. The act includes $492 million in federal transportation funding for Washington state and local highway projects and $179 million for local transit agency improvement projects. In addition, the act includes over $11 billion in new funding for transportation projects and $341,400,000 in the Transportation Partnership Account (TPA) funding provided by the act that may provide funding for transportation-related activities.

(2) Therefore, it is the intent of the legislature to revitalize Washington's economy and reduce the state's unemployment rate by quickly putting people to work around the state on projects that promote safety, relieve traffic congestion, and preserve long-term investments that will provide benefits into the future. Such projects will be constructed quickly and will generate a significant number of jobs, thereby strengthening Washington's economy and its families seeking work.

NEW SECTION. Sec. 2. FOR THE DEPARTMENT OF TRANSPORTATION-- AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009.

Motor Vehicle Account--Federal Appropriation .......................................................... $341,400,000

The appropriation in this section is subject to the following conditions and limitations:

(1) The entire appropriation in this section is provided solely for the projects and amounts listed in ARRA Washington State Project LEAP document 2009, as developed on February 24, 2009. Funds under this section may be reallocated among projects shown in the document to the extent that the department finds it necessary for the purposes of facilitating completion of the projects with the highest priority or to maintain maximum federal funds eligibility.

(2) To achieve the legislative objectives provided in section 1(2) of this act with respect to highway projects, it is the intent of the legislature that the appropriation in this section be used for: Transportation 2003 account (nickel account) projects and transportation partnership account (TPA) projects that would have otherwise been delayed due to decreased revenues, so as to advance project completion dates similar to those envisioned in the enacted 2008 legislative list of projects; projects that preserve or rehabilitate Washington state highways and roads; and projects that modify roadway alignments and conditions to create safer roads for the traveling public.

(3)(a) The department of transportation shall obligate at least fifty percent of the funds no later than one hundred twenty days after surface transportation program funds under the American Recovery and Reinvestment Act of 2009 have been apportioned to the states;

(b) The department shall obligate all funds no later than one year after surface transportation program funds under the American Recovery and Reinvestment Act of 2009 have been apportioned to the states;

(c) The department shall place the first priority for allocating funds on those projects listed as "First Tier" projects on ARRA Washington State Project LEAP document 2009, as developed on February 24, 2009. The department shall place the second priority on projects listed as "Second Tier" projects on the document; and

(d) Within each tier of projects on ARRA Washington State Project LEAP document 2009, as developed on February 24, 2009, the department shall place the highest priority for allocating funds on the transportation 2003 account (nickel account) projects and transportation partnership account (TPA) projects listed to advance their completion. The department shall prioritize funding for other projects within the tier according to how soon the contract for the project could be awarded.

(4) By June 30, 2009, the department of transportation shall report to the legislative standing committees on transportation and the office of financial management on the status of federal stimulus funds including, but not limited to, identifying the projects shown in ARRA Washington State Project LEAP document 2009, as developed on February 24, 2009, for which federal stimulus funding has already been obligated, the amount of federal recovery funds estimated to be obligated to the projects, and the completion status of each project. Subsequent status reports are due to the legislative standing committees on transportation and the office of financial management on August 31, 2009, and October 1, 2009.

NEW SECTION. Sec. 3. If the department of transportation receives additional funding pursuant to the American Recovery and Reinvestment Act of 2009, including funding redistributed from other states, the department shall allocate such funds to projects on the enacted 2009-11 omnibus transportation appropriations act. However, the department may not use for any of the purposes enumerated in this section, the department may program the funds for other transportation-related activities. The department shall notify the legislative standing committees on transportation and the office of financial management of the amount of funds received and the projects receiving funding through this process.

NEW SECTION. Sec. 4. To the extent practicable, the department of transportation shall apply to the competitive grant programs created by the American Recovery and Reinvestment Act of 2009 for all transportation modes including, but not limited to, rail, projects of regional significance, and ferries, as well as other grant programs created by the act that may provide funding for transportation-related activities. Concurrent with the submission of these applications, the department of transportation shall report on these applications to the legislative standing committees on transportation and the office of financial management.

NEW SECTION. Sec. 5. For the distribution of funds that are suballocated within the state pursuant to the American Recovery and Reinvestment Act of 2009 to areas of the state outside of the transportation management areas, the department of transportation shall convene a local oversight and accountability panel, which shall include representation from, at a minimum, the associations of Washington cities and counties, the Washington public ports association, and the transportation improvement board. The panel, chaired by the executive director of the transportation improvement board, shall ensure rapid project delivery and accountability for funds. The panel shall proceed with an expedited statewide process utilizing the metropolitan planning organization and county lead agency prioritized listing of local projects. The department shall monitor the projects selected to receive stimulus funding to ensure that Washington state is successful in obligating all of its funding.

NEW SECTION. Sec. 6. Sections 1 through 5 of this act are for the period ending June 30, 2011.

GENERAL GOVERNMENT AGENCIES--OPERATING
The appropriation in this section is subject to the following conditions and limitations: A maximum of $22,000 may be expended to pay the department of personnel for conducting the 2007 salary survey.

TRANSPORTATION AGENCIES--OPERATING

Sec. 201. 2008 c 121 s 201 (uncodified) is amended to read as follows:

FOR THE WASHINGTON TRAFFIC SAFETY COMMISSION

Highway Safety Account--State Appropriation ........................................ $2,605,000
Highway Safety Account--Federal Appropriation ....................................... ($15,345,000)

School Zone Safety Account--State Appropriation ................................... $1,388,000

TOTAL APPROPRIATION ............................................................................ $21,825,000

The appropriations in this section are subject to the following conditions and limitations: $76,000 of the school zone safety account--state appropriation is provided solely for contracting with the office of the superintendent of public instruction (OSPI) to conduct pilot programs in three school districts for road safety education and training for children, in order to teach children safe walking, bicycling, and transit use behavior. The pilot projects shall be conducted during the 2008-09 academic year, and shall be modeled after a program and curriculum successfully implemented in the Spokane school district. Funds are provided for curriculum resources, bicycle purchases, teacher training, other essential services and equipment, and OSPI administrative expenses which may include contracting out pilot program administration. The participating school districts shall be located as follows: One in Grant county, one in Island county, and one in Kitsap county. The OSPI shall evaluate the pilot programs, and report to the transportation committees of the legislature no later than December 1, 2009, on the outcomes of the pilot programs. The report shall include a survey identifying barriers to, interest in, and the likelihood of students traveling by biking, walking, or transit both prior to and following completion of the pilot program.

Sec. 202. 2008 c 121 s 202 (uncodified) is amended to read as follows:

FOR THE COUNTY ROAD ADMINISTRATION BOARD

Rural Arterial Trust Account--State Appropriation ..................................... $900,000
Motor Vehicle Account--State Appropriation ........................................... ($2,058,000)

County Arterial Preservation Account--State Appropriation ....................... $1,388,000

TOTAL APPROPRIATION ............................................................................ $4,345,000

The appropriations in this section are subject to the following conditions and limitations: $481,000 of the county arterial preservation account--state appropriation is provided solely for continued development and implementation of a maintenance management system to manage county transportation assets.

Sec. 203. 2008 c 121 s 203 (uncodified) is amended to read as follows:

FOR THE TRANSPORTATION IMPROVEMENT BOARD

Urban Arterial Trust Account--State Appropriation .................................... $1,778,000
Transportation Improvement Account--State Appropriation ....................... ($1,779,000)

TOTAL APPROPRIATION ............................................................................ $3,557,000

Sec. 204. 2008 c 121 s 205 (uncodified) is amended to read as follows:

FOR THE JOINT TRANSPORTATION COMMITTEE

Motor Vehicle Account--State Appropriation ........................................... ($2,513,000)
Multimodal Transportation Account--State Appropriation ......................... $550,000

TOTAL APPROPRIATION ............................................................................ $3,062,000

The appropriations in this section are subject to the following conditions and limitations:

1) $950,000 of the motor vehicle account--state appropriation is for establishing a work group to implement Engrossed Substitute House Bill No. 2358 (regarding state ferries) and review other matters relating to Washington state ferries. The cochairs of the committee shall establish the work group comprising committee members or their designees, an appointee by the governor, and other stakeholders as appointed by the cochairs, to assist in the committee's work. The work group shall report on its tasks to the transportation committees of the legislature by December 2008. The work group is tasked with the following: (a) Implementing the recommendations of Engrossed Substitute House Bill No. 2358 (regarding state ferries). As directed by Engrossed Substitute House Bill No. 2358, the committee work group shall participate in and provide a review of the following: (i) The Washington transportation commission's development and interpretation of a survey of ferry customers; (ii) The department of transportation's analysis and reestablishment of vehicle level of service standards. In reestablishing the standards, consideration must be given to whether boat wait is the appropriate measure; (iii) The department's development of pricing policy proposals. In developing these policies, the policy, in effect on some routes, of collecting fares in only one direction must be evaluated to determine whether one-way fare pricing best serves the ferry system; (iv) The department's development of operational strategies; (v) The department's development of terminal design standards; and (vi) The department's development of a long-range capital plan;
(b) Reviewing the following Washington state ferry programs:
   (i) Ridership demand forecast;
   (ii) Updated life cycle cost model, as directed by Engrossed Substitute House Bill No. 2358;
   (iii) Administrative operating costs, nonlabor and nonfuel operating costs, Eagle Harbor maintenance facility program and maintenance costs, administrative and systemwide capital costs, and vessel preservation costs; and
   (iv) The Washington state ferries’ proposed capital cost allocation plan methodology, as described in Engrossed Substitute House Bill No. 2358;

   (c) Making recommendations regarding:
   (i) The most efficient timing and sizing of future vessel acquisitions beyond those currently authorized by the legislature. Vessel acquisition recommendations must be based on the ridership projections, level of service standards, and operational and pricing strategies reviewed by the committee and must include the impact of those recommendations on the timing and size of terminal capital investments and the state ferries’ long range operating and capital finance plans; and
   (ii) Capital financing strategies for consideration in the 2009 legislative session. This work must include confirming the department’s estimate of future capital requirements based on a long range capital plan and must include the department’s development of a plan for codevelopment and public private partnership opportunities at public ferry terminals; and

   (d) Evaluate the capital cost allocation plan methodology developed by the department to implement Engrossed Substitute House Bill No. 2358.

   (2) $250,000 of the motor vehicle account--state appropriation and $250,000 of the multimodal transportation account--state appropriation are for the continuing implementation of chapter 514, Laws of 2007.

   (3) $300,000 of the multimodal transportation account--state appropriation is for implementing Substitute House Bill No. 1694 (coordinated transportation). If Substitute House Bill No. 1694 is not enacted by June 30, 2007, the amount provided in this subsection shall lapse.

   (4) $150,000 of the motor vehicle account--state appropriation is for the Puget Sound regional council to conduct a pilot program for multimodal concurrency analysis. This pilot program will analyze total trip needs for a regional growth center based on adopted land use plans, identify the number of trips which can be accommodated by planned roadway, transit service, and nonmotorized investments, and identify gaps for trips that cannot be served and strategies to fill those gaps. The purpose of this pilot is to demonstrate how this type of multimodal concurrency analysis can be used to broaden and strengthen local concurrency programs.

   (5) $236,000 of the motor vehicle account--state appropriation is for a comprehensive analysis, as stated in Senate Bill No. 5689, of mid-term and long-term transportation funding mechanisms and methods. Elements of the study will include existing data and trends, policy objectives, performance and evaluation criteria, incremental transition strategies, and possibly, scaled testing. Baseline data and methods assessment must be concluded by December 31, 2009. Performance criteria must be developed by June 30, 2010, and recommended planning level alternative funding strategies must be completed by December 31, 2010.

Sec. 205. 2008 c 121 s 206 (uncodified) is amended to read as follows:

FOR THE TRANSPORTATION COMMISSION

Motor Vehicle Account--State Appropriation .................................................. $(2,322,000)
Multimodal Transportation Account--State Appropriation .................. $112,000
TOTAL APPROPRIATION .................................................................. $(2,434,000)

The appropriations in this section are subject to the following conditions and limitations:

(1) $350,000 of the motor vehicle account--state appropriation is provided solely for the commission to conduct a survey of ferry customers as described in Engrossed Substitute House Bill No. 2358. Development and interpretation of the survey must be conducted with participation of the joint transportation committee work group established in section 205(1) of this act.

(2) The commission shall conduct a planning grade tolling study that is based on the recommended policies in the commission’s comprehensive tolling study submitted September 20, 2006.

(3) Pursuant to RCW 43.135.055, during the 2007-09 fiscal biennium, the transportation commission shall establish, periodically review, and, if necessary, modify a schedule of toll charges applicable to the state route 167 high-occupancy toll lane pilot project, as required by RCW 47.56.403.

(4) Pursuant to RCW 43.135.055, during the 2007-09 fiscal biennium, the transportation commission shall periodically review, and, if necessary, modify the schedule of toll charges applicable to the Tacoma Narrows bridge, taking into consideration the recommendations of the citizen advisory committee created by RCW 47.46.091.

(5) $205,000 of the motor vehicle account--state appropriation is provided solely for a study of potential revenue sources for the Washington state ferry system. The study must model and assess the revenue generating potentials of feasible alternative funding sources. The revenue forecasting models must be dynamic and ownership of these models must be retained by the commission. The commission shall develop revenue source recommendations that will generate revenue equal to or greater than the funding level identified by the ferries finance study of the joint transportation committee referenced in section 205 of this act, and shall report its recommendations to the transportation committees of the legislature by November 15, 2008.

Sec. 206. 2008 c 121 s 208 (uncodified) is amended to read as follows:

FOR THE WASHINGTON STATE PATROL--FIELD OPERATIONS BUREAU

State Patrol Highway Account--Appropriation ................................................. $(226,924,000)
State Patrol Highway Account--Federal Appropriation ................................ $22,920,000
State Patrol Highway Account--Private/Local Appropriation ......................... $410,000
TOTAL APPROPRIATION .................................................................. $(237,334,000)

The appropriations in this section are subject to the following conditions and limitations:

(1) Washington state patrol officers engaged in off-duty uniformed employment providing traffic control services to the department of transportation or other state agencies may use state patrol vehicles for the purpose of that employment, subject to guidelines adopted by the chief of the Washington state patrol. The Washington state patrol shall be reimbursed for the use of the vehicle at the prevailing state employee rate for mileage and hours of usage, subject to guidelines developed by the chief of the Washington state patrol.
(2) In addition to the user fees, the patrol shall transfer into the state patrol nonappropriated airplane revolving account under RCW 43.79.470 no more than the amount of appropriated state patrol highway account and general fund funding necessary to cover the costs for the patrol's use of the aircraft. The state patrol highway account and general fund--state funds shall be transferred proportionately in accordance with a formula that differentiates between highway traffic enforcement services and general policing purposes.

(3) The patrol shall not account for or record locally provided DUI cost reimbursement payments as expenditure credits to the state patrol highway account. The patrol shall report the amount of expected locally provided DUI cost reimbursements to the governor and transportation committees of the senate and house of representatives by September 30th of each year.

(4) ($4,662,000) of the state patrol highway account--state appropriation is provided solely for the implementation of Substitute House Bill No. 1304 (commercial vehicle enforcement). If Substitute House Bill No. 1304 is not enacted by June 30, 2007, the amount provided in this subsection shall lapse.

(5)(a) During the 2007-2009 biennium, the Washington state patrol shall continue to perform traffic accident investigations on Thurston, Mason, and Lewis county roads when requested to do so by the respective county; however, the counties shall conduct traffic accident investigations on county roads beginning July 1, 2009.

(b) ($100,000) of the state patrol highway account--state appropriation is provided solely for the implementation of Substitute House Bill No. 1417 (health benefits for surviving dependents). If Substitute House Bill No. 1417 is not enacted by June 30, 2007, the amount provided in this subsection shall lapse.

(c) $2,500,000 (5) $1,832,767 of the state patrol highway account--state appropriation is provided solely for the salaries and benefits associated with accreditation in the number of troopers employed above 1,158 authorized commissioned troopers, or solely for training new cadets; however, the amount provided in this subsection is contingent on the Washington state patrol submitting a 2009-11 budget request that fully funds field force operations without reliance on a projected vacancy rate. The Washington state patrol shall perform a study with a final report due to the legislative transportation committees by December 1, 2008, on the advantages and disadvantages of staffing the commercial vehicle enforcement section with commissioned officers instead of commercial vehicle enforcement officers.

(6) By July 1, 2008, the Washington state patrol shall assign six additional troopers to the Monroe detachment from among troopers requesting transfer to Monroe or graduating cadet classes.

Sec. 207. 2008 c 121 s 209 (uncodified) is amended to read as follows:

**FOR THE WASHINGTON STATE PATROL--INVESTIGATIVE SERVICES BUREAU**

State Patrol Highway Account--State Appropriation .................................................. ($1,552,000) $1,535,000

**Sec. 208. 2008 c 121 s 210 (uncodified) is amended to read as follows:**

**FOR THE WASHINGTON STATE PATROL--TECHNICAL SERVICES BUREAU**

State Patrol Highway Account--State Appropriation ................................................. ($102,726,000) $98,873,000

State Patrol Highway Account--Private/Local Appropriation .......................................................... $2,008,000

TOTAL APPROPRIATION .................................................................................................................. ($104,734,000) $100,881,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The Washington state patrol shall work with the risk management division in the office of financial management in compiling the Washington state patrol's data for establishing the agency's risk management insurance premiums to the tort claims account. The office of financial management and the Washington state patrol shall submit a report to the legislative transportation committees by December 31st of each year on the number of claims, estimated claims to be paid, method of calculation, and the adjustment in the premium.

(2) ($4,561,000) of the total appropriation is provided solely for the purchase of pursuit vehicles.

(3) $7,461,000 of the total appropriation is provided solely for the purchase of pursuit vehicles.

(4) $32,000 of the total appropriation is provided solely for the purchase of commercial fuel in the 2007-2009 biennium.

(5) $384,000 of the total appropriation is provided solely for vehicle repair and maintenance costs of vehicles used for highway purposes.

(6) $308,000 of the total appropriation is provided solely for the purchase of mission vehicles used for nonhighway purposes in the commercial vehicle and traffic investigation sections of the Washington state patrol.

(7) The Washington state patrol may submit information technology related requests for funding only if the patrol has coordinated with the department of information services as required by section 602 of this act.

NEW SECTION. Sec. 209. A new section is added to 2007 c 518 (uncodified) to read as follows:

**FOR THE WASHINGTON STATE PATROL.** The appropriations to the Washington state patrol in chapter 121, Laws of 2008 and this act must be expended for the programs and in the amounts specified in this act. However, after May 1, 2009, unless specifically prohibited, the state patrol may transfer state patrol highway account--state appropriations for the 2007-2009 fiscal biennium between operating programs after approval by the director of financial management. However, the state patrol shall not transfer state moneys that are provided solely for a specified purpose. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing prior to approving any allotment modifications or transfers under this section.

Sec. 210. 2008 c 121 s 211 (uncodified) is amended to read as follows:

**FOR THE DEPARTMENT OF LICENSING**

Marine Fuel Tax Refund Account--State Appropriation .................................................. $32,000

Motorcycle Safety Education Account--State Appropriation ............................................... ($2,388,000) $3,865,000

Wildlife Account--State Appropriation .................................................. ($2,388,000) $819,000

Highway Safety Account--State Appropriation .......................................................... ($144,444,000) $144,531,000

Highway Safety Account--Federal Appropriation .......................................................... $233,000

Motor Vehicle Account--State Appropriation .......................................................... ($78,235,000) $77,030,000

Motor Vehicle Account--Private/Local Appropriation ................................................ $1,372,000

Motor Vehicle Account--Federal Appropriation .......................................................... $1,354,000

Department of Licensing Services Account--Appropriation ........................................ ($4,059,000)
The appropriations in this section are subject to the following conditions and limitations:

(1) ($2,933,000) $2,933,000 of the highway safety account--state appropriation is provided solely for the implementation of Substitute House Bill No. 1267 (modifying commercial driver's license requirements). If Substitute House Bill No. 1267 is not enacted by June 30, 2007, the amount provided in this subsection shall lapse. The department shall informally report to the legislature by December 1, 2008, with measurable data indicating the department's progress in meeting its goal of improving public safety by improving the quality of the commercial driver's license testing process.

(2) ($563,000) $663,000 of the motorcycle safety education account--state appropriation is provided solely for the implementation of Senate Bill No. 5273 (modifying motorcycle driver's license endorsement and education provisions). If Senate Bill No. 5273 is not enacted by June 30, 2007, the amount provided in this subsection shall lapse.

(3)(a) ($413,000) $10,685,000 of the highway safety account-- state appropriation is provided solely for costs associated with the processing costs of issuing enhanced drivers' licenses and identicards.

    (b) Of the amount provided in (a) of this subsection, up to $1,000,000 is for a statewide educational campaign, which must include coordination with existing public and private entities, to inform the Washington public of the benefits of the new enhanced drivers' licenses and identicards. Funds may be spent on educational campaigns only after the caseload for enhanced drivers' licenses and identicards falls below levels that can be reasonably processed by the department within the appropriation provided by this subsection. $300,000 of the $1,000,000 is for the department to partner with cross-border tourism businesses to create an educational campaign.

    (c) Of the amount provided in (a) of this subsection, ($813,000) $8,985,000 is provided solely for costs associated with providing enhanced driver's license processing at 14 licensing services offices.

    (d) Of the amount provided in (a) of this subsection, $700,000 is provided solely for costs associated with extending hours beyond current regular business hours at the 14 licensing services offices that provide enhanced driver's license processing services.

(4) ($91,000) $6,000 of the motor vehicle account--state appropriation and ((412,000)) $10,685,000 of the highway safety account-- state appropriation are provided solely for contracting with the office of the attorney general to investigate criminal activity uncovered in the course of the agency's licensing and regulatory activities. Funding is provided for the 2008 fiscal year. The department may request funding for the 2009 fiscal year if the request is submitted with measurable data indicating the department's progress in meeting its goal of increased prosecution of illegal activity.

(5) $350,000 of the highway safety account--state appropriation is provided solely for the costs associated with the systems development of the interface that will allow insurance carriers and their agents real time, online access to drivers' records. If Substitute Senate Bill No. 5937 is not enacted by June 30, 2007, the amount provided in this subsection shall lapse.

(6) ((325,000)) $225,000 of the state patrol highway account--state appropriation is provided solely for the implementation of Substitute House Bill No. 1304 (modifying commercial motor vehicle carrier provisions). If Substitute House Bill No. 1304 is not enacted by June 30, 2007, the amount provided in this subsection shall lapse.

(7) The department may submit information technology related requests for funding only if the department has coordinated with the department of information services as required by section 602 of this act.

(8) ($416,000) $81,000 of the motor vehicle account--state appropriation is provided solely for the department to prepare draft legislation that streamlines title and registration statutes to specifically address apparent conflicts, fee distribution, and other relevant issues that are revenue neutral and which do not change legislative policy. The department shall submit the draft legislation to the transportation committees of the legislature by the end of the biennium.

(9) $246,000 of the department of licensing services account--state appropriation is provided solely for the implementation of Substitute House Bill No. 3029 (secure vehicle licensing system). If Substitute House Bill No. 3029 is not enacted by June 30, 2008, the amount provided in this subsection shall lapse.

(10) $200,000 of the highway safety account--state appropriation is provided solely for the implementation of Senate Bill No. 6885 (driving record abstracts). If Senate Bill No. 6885 is not enacted by June 30, 2008, the amount provided in this subsection shall lapse.

(11) ((417,000)) $413,000 of the highway safety account--state appropriation is provided solely for the implementation of Engrossed Second Substitute House Bill No. 3254 (ignition interlock drivers' license). If Engrossed Second Substitute House Bill No. 3254 is not enacted by June 30, 2008, the amount provided in this subsection shall lapse.

(12) $100,000 of the department of licensing services account--state appropriation is provided solely for the implementation of Engrossed Second Substitute House Bill No. 2817 (contaminated vehicles). If Engrossed Second Substitute House Bill No. 2817 is not enacted by June 30, 2008, the amount provided in this subsection shall lapse.

(13) The department shall investigate instituting a program whereby individual registered vehicle owners may have license plates tested for reflectivity to determine whether the department's requirement that the license plates be replaced after seven years can be waived for that particular set of license plates.

(14)(a) By November 1, 2009, the department of licensing, in consultation with the department of revenue, must analyze and plan for the transfer, by July 1, 2010, of the administration of fuel taxes imposed under chapters 82.36, 82.38, 82.41, and 82.42 RCW and other provisions of law from the department of licensing to the department of revenue. By November 1, 2009, the departments must report findings and recommendations to the governor and the transportation and fiscal committees of the legislature.

    (b) The analysis and planning directed under this subsection must include, but is not limited to, the following:

        (i) Outreach to and solicitation of comment from parties affected by the fuel taxes, including taxpayers, industry associations, state and federal agencies, and Indian tribes, and from the transportation and fiscal committees of the legislature;

        (ii) Identification and analysis of relevant factors including, but not limited to:

            (A) Taxpayer reporting and payment processes;

            (B) The international fuel tax agreement and the international registration program;

            (C) Computer systems;

            (D) Best management practices and efficiencies;

            (E) Costs; and

            (F) Personnel matters;

        (iii) Development of recommended actions to accomplish the transfer; and

        (iv) An implementation plan and schedule.
(c) The report must include draft legislation that transfers administration to the department of revenue on July 1, 2010, and amends existing law as needed.

NEW SECTION. Sec. 211. A new section is added to 2007 c 518 (uncodified) to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION. (1) The appropriations to the department of transportation in chapter 121, Laws of 2008 and this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, 2009, unless specifically prohibited, the department may transfer state appropriations for the 2007-2009 fiscal biennium among operating programs after approval by the director of financial management. However, the department shall not transfer state moneys that are provided solely for a specified purpose.

(2) The department shall not transfer funds, and the director of financial management shall not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds and not federal funds. The director of financial management shall notify the appropriate transportation committees of the legislature prior to approving any allotment modifications or transfers under this section. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by program and appropriation, both before and after any allotment modifications or transfers.

Sec. 212. 2008 c 121 s 212 (uncodified) is amended to read as follows:

Multimodal Transportation Account-- Appropriation ................................. $250,000
Transportation 2003 Account (Nickel Account)-- Appropriation ................. $2,422,000
TOTAL APPROPRIATION .................................................................................. $56,019,000

The appropriations in this section are subject to the following conditions and limitations: $2,422,000 of the transportation partnership account appropriation and $2,422,000 of the transportation 2003 account (nickel account)--state appropriation are provided solely for consultant contracts, as provided for in RCW 47.68.410.

The department shall provide a comprehensive listing of maintenance activities delivered in the "F" level of service at the region level; and

The department shall coordinate its work with other budget and performance efforts, including Roadmap, the findings of the critical applications modernization and integration strategies study, including proposed next steps, and the priorities of government process.

The department shall report to the transportation committees of the house of representatives and senate, and the office of financial management, by December 31, 2007, on the implementation status of recommended capital budgeting and reporting options. Options must include: Reporting against legislatively-established project identification numbers and may include recommendations for reporting against other appropriate project groupings, measures for reporting progress, timeliness, and cost which create an incentive for the department to manage effectively and report its progress in a transparent manner, and criteria and process for transfers of funds among projects.

Sec. 217. 2008 c 121 s 218 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION--HIGHWAY MAINTENANCE--PROGRAM M
Motor Vehicle Account--State Appropriation ........................................... ($231,342,000)
Motor Vehicle Account--Federal Appropriation ......................................... $350,320,000
Motor Vehicle Account--Private/Local Appropriation ................................. $7,797,000
TOTAL APPROPRIATION .................................................................................. $381,117,000

The appropriations in this section are subject to the following conditions and limitations:

1) If portions of the appropriations in this section are required to fund maintenance work resulting from federal emergency funds such as fire, flooding, and major slides, supplemental appropriations must be requested to restore state funding for ongoing maintenance activities.

2) The department shall request an unanticipated receipt for any federal moneys received for emergency snow and ice removal and shall place an equal amount of the motor vehicle account--state into unallotted status. This exchange shall not affect the amount of funding available for snow and ice removal.

3) The department shall request an unanticipated receipt for any private or local funds received for reimbursements of third party damages that are in excess of the motor vehicle account--state appropriation.

4) $5,000,000 of the motor vehicle account--federal appropriation is provided for unanticipated federal funds that may be received during the 2007-09 biennium. Upon receipt of the funds, the department shall provide a report on the use of the funds to the transportation committees of the legislature and the office of financial management.

5) Funding is provided for maintenance on the state system to deliver service level targets as listed in LEAP Transportation Document 2007-08, as developed April 20, 2007. In delivering the program and aiming for these targets, the department should concentrate on the following areas:

   (a) Eliminating the number of activities delivered in the "F" level of service at the region level; and
   (b) Evaluating, analyzing, and potentially redistributing resources within and among regions to provide greater consistency in delivering the program statewide and in achieving overall level of service targets.

6) The department may work with the department of corrections to utilize correctional crews for the purposes of litter pickup on state highways.

7) $650,000 of the motor vehicle account--state appropriation is provided solely for increased asphalt costs.

8) The department shall prepare a comprehensive listing of maintenance backlogs and related costs and report to the office of financial management and the transportation committees of the legislature by December 31, 2008.

9) ($276,026,000) $92,526,000 of the motor vehicle account--state appropriation is for snow and ice related expenses, within which (9) are one-time increases of ($2,250,000) $17,250,000 provided solely for extraordinary snow and ice removal expenses and $2,500,000 provided solely for winter storm damage repair costs incurred during the winters of 2007-08 and 2008-09.
Sec. 218.  2008 c 121 s 219 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION--TRAFFIC OPERATIONS--PROGRAM Q-- OPERATING

Motor Vehicle Account--State Appropriation ......................................  ($53,240,000)  $51,354,000
Motor Vehicle Account--Federal Appropriation ..................................... $2,050,000
Motor Vehicle Account--Private/Local Appropriation .............................  $127,000
TOTAL APPROPRIATION ........................................................................ ($53,417,000)  $53,531,000

The appropriations in this section are subject to the following conditions and limitations:

1) $654,000 of the motor vehicle account--state appropriation is provided solely for the department to time state-owned and operated traffic signals. This funding may also be used to program incident, emergency, or special event signal timing plans.

2) $346,000 of the motor vehicle account--state appropriation is provided solely for the department to implement a pilot tow truck incentive program. The department may provide incentive payments to towing companies that meet clearance goals on accidents that involve heavy trucks.

3) $6,800,000 of the motor vehicle account--state appropriation is provided solely for low-cost enhancements. The department shall give priority to low-cost enhancement projects that improve safety or provide congestion relief. The department shall prioritize low-cost enhancement projects on a statewide rather than regional basis. By January 1, 2008, and January 1, 2009, the department shall provide a report to the legislature listing all low-cost enhancement projects prioritized on a statewide rather than regional basis completed in the prior year.

4) The department, in consultation with the Washington state patrol, may conduct a pilot program for the patrol to issue infractions based on information from automated traffic safety cameras in roadway construction zones on state highways when workers are present.

5) The appropriations in this section are subject to the following conditions and limitations:

(a) In order to ensure adequate time in the 2007-09 biennium to evaluate the effectiveness of the pilot program, any projects authorized by the department must be authorized by December 31, 2007.

(b) The department shall use the following guidelines to administer the program:

(i) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle;

(ii) The department shall plainly mark the locations where the automated traffic safety cameras are used by placing signs on locations that clearly indicate to a driver that he or she is entering a construction zone where traffic laws are enforced by an automated traffic safety camera;

(iii) Notices of infractions must be mailed to the registered owner of a vehicle within fourteen days of the infraction occurring;

(iv) The owner of the vehicle is not responsible for the violation if the owner of the vehicle, within fourteen days of receiving notification of the violation, mails to the patrol, a declaration under penalty of perjury, stating that the vehicle involved was, at the time, stolen or in the care, custody, or control of some person other than the registered owner, or any other extenuating circumstances;

(v) For purposes of the 2007-09 biennium pilot project, infractions detected through the use of automated traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras must be processed in the same manner as parking infractions for the purposes of RCW 3.46.120, 3.50.100, 35.20.220, 46.16.216, and 46.20.270(3). However, the amount of the fine issued for an infraction generated through the use of an automated traffic safety camera is one hundred thirty-seven dollars. The court shall remit thirty-two dollars of the fine to the state treasurer for deposit into the state patrol highway account;

(vi) If a notice of infraction is sent to the registered owner and the registered owner is a rental car business, the infraction will be dismissed against the business if it mails to the patrol, within fourteen days of receiving the notice, a declaration under penalty of perjury of the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred. If the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred, the business must sign a declaration under penalty of perjury to this effect. The declaration must be mailed to the patrol within fourteen days of receiving the notice of traffic infraction. Timely mailing of this declaration to the issuing agency relieves a rental car business of any liability under this section for the notice of infraction. A declaration form suitable for this purpose must be included with each automated traffic infraction notice issued, along with instructions for its completion and use;

(vii) By June 30, 2009, the department shall provide a report to the legislature regarding the use, public acceptance, outcomes, and other relevant issues regarding the pilot project.

5) The traffic signal operations along 164th Street SE at the intersections of Mill Creek Boulevard and SR 527 should be optimized to minimize vehicle delay on both corridors based on traffic volumes and not only on functional classification or designation.

Sec. 219.  2008 c 121 s 221 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION--TRANSPORTATION PLANNING, DATA, AND RESEARCH--PROGRAM T

Motor Vehicle Account--State Appropriation ......................................  ($27,252,000)  $27,264,000
Motor Vehicle Account--Federal Appropriation .....................................  ($10,162,000)  $18,932,000
Multimodal Transportation Account-- Appropriation .............................. $1,760,000
Multimodal Transportation Account--Federal Appropriation .................... $2,809,000
Multimodal Transportation Account--Private/Local Appropriation ..........  $100,000
TOTAL APPROPRIATION .................................................................... ($51,589,000)  $50,865,000

The appropriations in this section are subject to the following conditions and limitations:

1) $1,559,000 of the motor vehicle account--state appropriation is provided solely for costs incurred for the 2007 regional transportation investment district election.

2) $800,000 of the multimodal transportation account--state appropriation is provided solely for a transportation demand management program, developed by the Whatcom council of governments, to further reduce drive-alone trips and maximize the use of sustainable transportation choices. The community-based program must focus on all trips, not only commute trips, by providing education, assistance, and incentives to four target audiences: (a) Large work sites; (b) employees of businesses in downtown areas; (c) school children; and (d) residents of Bellingham.
is an alternative route for I-90. Congestion, safety issues, and flooding
 contribute an additional $192,000 in federal funds which are not appropriated in the transportation budget. The department shall work with the freight mobility strategic investment board to implement this project.

(4) By December 1, 2008, the department shall require confirmation from jurisdictions that plan under the growth management act, chapter 36.70A RCW, and that receive state transportation funding under this act, that the jurisdictions have adopted standards for access permitting on state highways that meet or exceed department standards in accordance with RCW 47.50.030. The objective of this subsection is to encourage local governments, through the receipt of state transportation funding, to adhere to best practices in access control applicable to development activity significantly impacting state transportation facilities. By January 1, 2009, the department shall submit a report to the appropriate committees of the legislature detailing the progress of the local jurisdictions in adopting the highway access permitting standards.

(5) ($150,000 of the motor vehicle account--federal appropriation is provided solely for the costs to develop an electronic map-based computer application that will enable law enforcement officers and others to more easily locate collisions and other incidents in the field.

The department shall add a position within the freight systems division to provide expertise regarding the trucking aspects of the state's freight system.

(6) The department shall evaluate the feasibility of developing a freight corridor bypass from Everett to Gold Bar on US 2, including a connection to SR 522. US 2 is an important freight corridor, and is an alternative route for I-90. Congestion, safety issues, and flooding concerns have all contributed to the need for major improvements to the corridor. The evaluation shall consider the use of toll lanes for the project. The department must report to the transportation committees of the legislature by December 1, 2007, on its analysis and recommendations regarding the benefit of a freight corridor and the potential use of freight toll lanes to improve safety and congestion in the corridor.

(7) The department shall work with the department of ecology, the county road administration board, and the transportation improvement board to develop model procedures and municipal and state rules in regard to maximizing the use of recycled asphalt on road construction and preservation projects. The department shall report to the joint transportation committee by December 1, 2008, with recommendations on increasing the use of recycled asphalt at the state and local level.

The appropriations in this section are subject to the following conditions and limitations:

(1) ($29,958,000) of the motor vehicle fund--state appropriation is provided solely for the liabilities attributable to the department of transportation. The office of financial management must provide a detailed accounting of the revenues and expenditures of the self-insurance fund to the transportation committee of the legislature on December 31st and June 30th of each year.

(a) FOR PAYMENT OF OFFICE OF FINANCIAL MANAGEMENT DIVISION OF RISK MANAGEMENT FEES ... $1,520,000
(b) FOR PAYMENT OF COSTS OF THE OFFICE OF THE STATE AUDITOR ... $1,153,000
(c) FOR PAYMENT OF COSTS OF DEPARTMENT OF GENERAL ADMINISTRATION FACILITIES AND SERVICES AND CONSOLIDATED MAIL SERVICES ... $4,859,000
(d) FOR PAYMENT OF COSTS OF THE DEPARTMENT OF PERSONNEL ... $7,593,000
(e) FOR PAYMENT OF SELF-INSURANCE LIABILITY PREMIUMS AND ADMINISTRATION ... $29,958,000

(i) FOR PAYMENT OF THE DEPARTMENT OF GENERAL ADMINISTRATION CAPITAL PROJECTS SURCHARGE $1,838,000

(g) FOR ARCHIVES AND RECORDS MANAGEMENT $677,000
(h) FOR OFFICE OF MINORITIES AND WOMEN BUSINESS ENTERPRISES $1,042,000
(i) FOR USE OF FINANCIAL SYSTEMS PROVIDED BY THE OFFICE OF FINANCIAL MANAGEMENT $1,266,000
(j) FOR POLICY ASSISTANCE FROM THE DEPARTMENT OF INFORMATION SERVICES ($944,000)

(3) $1,000,000 of the motor vehicle account--state appropriation is provided solely for the purposes of settling all claims that were found against the state in the verdict and judgment issued in the case of Marable v. Nitchman (WSF), United States District Court, Western District of Washington, Cause No. 05-01270MJP.

Sec. 221. 2008 c 121 s 223 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION--PUBLIC TRANSPORTATION--PROGRAM V

Regional Mobility Grant Program Account-- Appropriation $12,732,000
The appropriations in this section are subject to the following conditions and limitations:

(1) $25,000,000 of the multimodal transportation account--state appropriation is provided solely for a grant program for special needs transportation provided by transit agencies and nonprofit providers of transportation.

(a) $5,500,000 of the amount provided in this subsection is provided solely for grants to nonprofit providers of special needs transportation. Grants for nonprofit providers shall be based on need, including the availability of other providers of service in the area, efforts to coordinate trips among providers and riders, and the cost effectiveness of trips provided.

(b) $19,500,000 of the amount provided in this subsection is provided solely for grants to transit agencies to transport persons with special transportation needs. To receive a grant, the transit agency must have a maintenance of effort for special needs transportation that is no less than the previous year’s maintenance of effort for special needs transportation. Grants for transit agencies shall be prorated based on the amount expended for demand response service and route deviated service in calendar year 2005 as reported in the “Summary of Public Transportation - 2005” published by the department of transportation. No transit agency may receive more than thirty percent of these distributions.

(2) Funds are provided for the rural mobility grant program as follows:

(a) $8,500,000 of the multimodal transportation account--state appropriation is provided solely for grants to transit agencies serving small cities and rural areas as identified in the Summary of Public Transportation - 2005 published by the department of transportation. Noncompetitive grants must be distributed to the transit systems serving small cities and rural areas in a manner similar to past disparity equalization programs.

(b) $8,500,000 of the multimodal transportation account--state appropriation is provided solely to providers of rural mobility service in areas not served or underserved by transit agencies through a competitive grant process.

(3) $8,600,000 of the multimodal transportation account--state appropriation is provided solely for a vanpool grant program for:

(a) Public transit agencies to add vanpools; and
(b) Incentives for employers to increase employee vanpool use. The grant program for public transit agencies will cover capital costs only; no operating costs for public transit agencies are eligible for funding under this grant program. No additional employees may be hired from the funds provided in this section for the vanpool grant program, and supplanting of transit funds currently funding vanpools is not allowed. Additional criteria for selecting grants must include leveraging funds other than state funds.

(4) ($40,000,000) $12,732,000 of the regional mobility grant program account--state appropriation is provided solely for the regional mobility grant projects identified on the LEAP Transportation Document 2007-B as developed April 20, 2007. The department shall review all projects receiving grant awards under this program at least semiannually to determine whether the projects are making satisfactory progress. Any project that has been awarded funds, but does not report activity on the project within one year of the grant award, shall be reviewed by the department to determine whether the grant should be terminated. The department shall promptly close out grants when projects have been completed, and any remaining funds available to the office of transit mobility shall be used only to fund projects on the LEAP Transportation Document 2007-B as developed April 20, 2007. The department shall provide annual status reports on December 15, 2007, and December 15, 2008, to the office of financial management and the transportation committees of the legislature regarding the projects receiving the grants.

(5) ($17,150,087) $12,150,087 of the multimodal transportation account--state appropriation is reappropriated and provided solely for the regional mobility grant projects identified on the LEAP Transportation Document 2006-D, regional mobility grant program projects as developed March 8, 2006. The department shall continue to review all projects receiving grant awards under this program at least semiannually to determine whether the projects are making satisfactory progress. The department shall promptly close out grants when projects have been completed, and any remaining funds available to the office of transit mobility shall be used only to fund projects on the LEAP Transportation Document 2007-B as developed April 20, 2007, or the LEAP Transportation Document 2006-D as developed March 8, 2006.

(6) $200,000 of the multimodal transportation account--state appropriation is provided solely for the department to study and then develop pilot programs aimed at addressing commute trip reduction strategies for K-12 students and for college and university students. The department shall submit to the legislature by January 1, 2009, a summary of the program results and recommendations for future student commute trip reductions. The pilot programs are described as follows:

(a) The department shall consider approaches, including mobility education, to reducing and removing traffic congestion in front of schools by changing travel behavior for elementary, middle, and high school students and their parents; and

(b) The department shall design a program that includes student employment options as part of the pilot program applicable to college and university students.

(7) $2,400,000 of the multimodal account--state appropriation is provided solely for establishing growth and transportation efficiency centers (GTEC). Funds are appropriated for one time only. The department shall provide in its annual report to the legislature an evaluation of the GTEC concept and recommendations on future funding levels.

(8) $381,000 of the multimodal transportation account--state appropriation is provided solely for the implementation of Substitute House Bill No. 1694 (reauthorizing the agency council on coordinated transportation). If Substitute House Bill No. 1694 is not enacted by June 30, 2007, the amount provided in this subsection shall lapse.

(9) $504,000 of the multimodal transportation account--state appropriation is provided solely for the implementation of Senate Bill No. 5084 (updating rail transit safety plans). If Senate Bill No. 5084 is not enacted by June 30, 2007, the amount provided in this subsection shall lapse.

(10) $60,000 of the multimodal transportation account--state appropriation is provided solely for low-income car ownership programs. The department shall collaborate with interested regional transportation planning organizations and metropolitan planning organizations to determine the effectiveness of the programs at providing transportation solutions for low-income persons who depend upon cars to travel to their places of employment.

(11) $1,000,000 of the multimodal transportation account--state appropriation is provided solely for additional funding for the tri-county connection service for Island, Skagit, and Whatcom transit agencies.

(12) $2,309,000 of the multimodal transportation account--state appropriation is provided solely for the tri-county connection service for Island, Skagit, and Whatcom transit agencies.

(13) $150,000 of the multimodal transportation account--state appropriation is provided solely as a grant for a telework pilot project to be developed, administered, and monitored by the Kitsap regional coordinating council. Funds are appropriated for one time only. The primary purposes of the pilot project are to educate employers about telecommuting, develop telework policies and resources for employers, and reduce traffic congestion by encouraging teleworking in the workplace. As part of the pilot project, the council shall recruit public and private sector
employer participants throughout the county, identify telework sites, develop an employer's toolkit consisting of teleworking resources, and create a telecommuting template that may be applied in other communities. The council shall submit to the legislature by July 1, 2009, a summary of the program results and any recommendations for future telework strategies.

Sec. 222. 2008 c 121 s 224 (unclassified) is amended to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION–MARINE–PROGRAM X
Puget Sound Ferry Operations Account-- Appropriation  .................................................. $426,761,000
Multimodal Transportation Account--State Appropriation  .............................................. $441,485,000
TOTAL APPROPRIATION  .................................................. $868,246,000

The appropriations in this section are subject to the following conditions and limitations:
(1) $96,443,000 of the Puget Sound ferry operations--state appropriation is provided solely for auto ferry vessel operating fuel in the 2007-2009 biennium.
(2) The Washington state ferries must work with the department's information technology division to implement an electronic fare system, including the integration of the regional fare coordination system (smart card). Each December and June, semiannual updates must be provided to the transportation committees of the legislature concerning the status of implementing and completing this project, with updates concluding the first December after full project implementation.
(3) The Washington state ferries shall continue to provide service to Sidney, British Columbia.
(4) $1,914,000 of the multimodal transportation account--state appropriation is provided solely to provide passenger-only ferry service. The ferry system shall continue passenger-only ferry service from Vashon Island to Seattle through June 30, 2008. Ferry system management shall continue to implement its agreement with the inlandboaters' union of the Pacific and the International organization of Masters, mates and pilots providing for part-time passenger-only work schedules.
(5) $674,000 of the Puget Sound ferries operations account--state appropriation is provided solely for compliance with department of ecology rules regarding the transfer of oil on or near state waters. Funding for compliance with on-board fueling rules is provided for the 2008 fiscal year. The department may request funding for the 2009 fiscal year if the request is submitted with an alternative compliance plan filed with the department of ecology, as allowed by rule.
(6) $1,006,000 of the Puget Sound ferry operations account--state appropriation is provided solely for ferry security operations necessary to comply with the ferry security plan submitted by the Washington state ferry system to the United States coast guard. The department shall track security costs and expenditures. Ferry security operations costs shall not be included as part of the operational costs that are used to calculate farebox recovery.
(7) $378,000 of the Puget Sound ferry operations account--state appropriation is provided solely to meet the United States coast guard requirements for appropriate rest hours between shifts for vessel crews on the Bainbridge to Seattle and Edmonds to Kingston ferry routes.
(8) $694,000 of the Puget Sound ferries operating account--state appropriation is provided solely for implementing Engrossed Substitute House Bill No. 2358 as follows:
(a) The department shall allow the joint transportation committee work group established in section 205(1) of this act to participate in the following elements as they are described in Engrossed Substitute House Bill No. 2358:
(i) Development and implementation of a survey of ferry customers;
(ii) Analysis and reestablishment of vehicle level of service standards. In reestablishing the standards, consideration shall be given to whether boat wait is the appropriate measure. The level of service standard shall be reestablished in conjunction with or after the survey has been implemented;
(iii) Development of pricing policy proposals. In developing these policies, the policies, in effect on some routes, of collecting fares in only one direction shall be evaluated to determine whether one-way fare pricing best serves the ferry system. The pricing policy proposals must be developed in conjunction with or after the survey has been implemented;
(iv) Development of operational strategies. The operational strategies shall be reestablished in conjunction with the survey or after the survey has been implemented;
(v) Development of terminal design standards. The terminal design standards shall be finalized after the provisions of subsections (a)(i) through (iv) and subsection (b) of this section have been developed and reviewed by the joint transportation committee; and
(vi) Development of a capital plan. The capital plan shall be finalized after terminal design standards have been developed by the department and reviewed by the joint transportation committee.
(b) The department shall develop a ridership demand forecast that shall be used in the development of a long-range capital plan. If more than one forecast is developed they must be reconciled.
(c) The department shall update the life cycle cost model to meet the requirements of Engrossed Substitute House Bill No. 2358 no later than August 1, 2007.
(d) The department shall develop a cost allocation methodology proposal to meet the requirements described in Engrossed Substitute House Bill No. 2358. The proposal shall be completed and presented to the joint transportation committee no later than August 1, 2007.
(9) $200,000 of the Puget Sound ferry operations account--state appropriation is provided solely for the initial acquisition of transportation worker identification credentials required by the United States department of homeland security for unescorted access to secure areas of ferries and terminals.
(10) The legislature finds that a rigorous incident investigation process is an essential component of marine safety. The department is directed to review its accident and incident investigation procedures and report the results of its review with any proposals for changes to the legislature by November 1, 2008.
(11) The department shall allow the use, by two separate drivers, of fare media allowing for multiple discounted vehicle trips aboard Washington state ferries vessels. (12) While developing fare and pricing policy proposals, the department may consider the desirability of reasonable fares for persons using the ferry system to commute daily to work and other frequent users who live in ferry-dependent communities.

Sec. 223. 2008 c 121 s 225 (unclassified) is amended to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION–RAIL–PROGRAM Y–OPERATING
Multimodal Transportation Account-- Appropriation  .................................................. $35,096,000
The appropriation in this section is subject to the following conditions and limitations:

(1) The department shall publish a final long-range plan for Amtrak Cascades by September 30, 2007. By December 31, 2008, the department shall submit to the office of financial management and the transportation committees of the legislature a midrange plan for Amtrak Cascades that identifies specific steps the department would propose to achieve additional service beyond current levels.

(2)(a) $28,577,000 of the multimodal transportation account--state appropriation is provided solely for the Amtrak service contract and Talgo maintenance contract associated with providing and maintaining the state-supported passenger rail service. Upon completion of the rail platform project in the city of Stanwood, the department shall provide daily Amtrak Cascades service to the city.

(b) The department shall negotiate with Amtrak and Burlington Northern Santa Fe to adjust the Amtrak Cascades schedule to leave Bellingham at a significantly earlier hour.

(c) When Amtrak Cascades expands the second roundtrip between Vancouver, B.C. and Seattle, the department shall negotiate for the second roundtrip to leave Bellingham southbound no later than 8:30 a.m.

(3) No Amtrak Cascade runs may be eliminated.

(4) $40,000 of the multimodal transportation account--state appropriation is provided solely for the produce railcar program. The department is encouraged to implement the produce railcar program by maximizing private investment.

(5) The department shall begin planning for a third roundtrip Cascades train between Seattle and Vancouver, B.C. by 2010.

TRANSPORTATION AGENCIES--CAPITAL
Sec. 301. 2008 c 121 s 302 (uncodified) is amended to read as follows:

FOR THE COUNTY ROAD ADMINISTRATION BOARD
Rural Arterial Trust Account--State Appropriation .................................................. $64,000,000
Motor Vehicle Account--State Appropriation ................................................................. ($2,570,000)
County Arterial Preservation Account-- Appropriation ................................................. $31,541,000
TOTAL APPROPRIATION .................................................................................. $97,096,000

The appropriations in this section are subject to the following conditions and limitations:

(1) $1,555,000 of the motor vehicle account--state appropriation may be used for county ferry projects as set forth in RCW 47.56.725(4).

(2) The appropriations contained in this section include funding to counties to assist them in efforts to recover from ((winter storm and flood damage)) federally declared emergencies, by providing capitalization advances and local match for federal emergency funding as determined by the county road administration board. The county road administration board shall specifically identify any such selected projects and shall include information concerning them in its next annual report to the legislature.

FOR THE TRANSPORTATION IMPROVEMENT BOARD
Small City Pavement and Sidewalk Account-- Appropriation ........................................ $5,900,000
Urban Arterial Trust Account--State Appropriation ...................................................... ($126,600,000)
Transportation Improvement Account-- Appropriation ................................................... ($257,453,000)
TOTAL APPROPRIATION ................................................................................ $189,995,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The transportation improvement account--state appropriation includes up to $7,142,000 in proceeds from the sale of bonds authorized in RCW 47.56.470.

(2) The urban arterial trust account--state appropriation includes up to $15,000,000 in proceeds from the sale of bonds authorized in Substitute House Bill No. 2394. If Substitute House Bill No. 2394 is not enacted by June 30, 2007, the amount provided in this subsection shall lapse.)

FOR THE DEPARTMENT OF TRANSPORTATION--PROGRAM D (DEPARTMENT OF TRANSPORTATION-ONLY PROJECTS)--CAPITAL
Motor Vehicle Account--State Appropriation ................................................................. ($6,255,000)

The appropriation in this section is subject to the following conditions and limitations:

(1) $584,000 of the motor vehicle account--state appropriation is for statewide administration.

(2) $803,000 of the motor vehicle account--state appropriation is for regional minor projects.

(3) $568,000 of the motor vehicle account--state appropriation is for the Olympic region headquarters property payments.

(4) By September 1, 2007, the department shall submit to the transportation committees of the legislature predesign plans, developed using the office of financial management's predesign process, for all facility replacement projects to be proposed in the facilities 2008 budget proposal.

(5) $1,600,000 of the motor vehicle account--state appropriation is for site acquisition for the Tri-cities area maintenance facility.

(6) $2,700,000 of the motor vehicle account--state appropriation is for site acquisition for the Vancouver light industrial facility.

(7) The department shall work with the office of financial management and staff of the transportation committees of the legislature to develop a statewide inventory of all department-owned surplus property that is suitable for development for department facilities or that should be sold. By December 1, 2008, the department shall report to the joint transportation committee on the findings of this study.

(8) $10,000 of the motor vehicle account--state appropriation is provided solely for reconstruction of the Wandermere facility that was destroyed in the 2008-09 winter storms.

FOR THE DEPARTMENT OF TRANSPORTATION--IMPROVEMENTS--PROGRAM I
Transportation Partnership Account--State Appropriation ............................................. ($4,109,593,000)
The appropriations in this section are subject to the following conditions and limitations:

1. Except as provided otherwise in this section, the entire transportation 2003 account (nickel account) appropriation and the entire transportation partnership account appropriation are provided solely for the projects and activities as listed by (funnel) project and amount in LEAP Transportation Document Increment 2008-1, Highway Improvement Program (1) as developed March 10, 2008. (However, limited transfers of specific line item project appropriations may occur between projects for those amounts listed subject to the conditions and limitations in subsection 602 of this act. Federal funds may be transferred between programs I and P.)

2. The department shall not commence construction on any part of the state route number 520 bridge replacement and HOV project until a record of decision has been reached providing reasonable assurance that project impacts will be avoided, minimized, or mitigated as much as practicable to protect against further adverse impacts on neighborhood environmental quality as a result of repairs and improvements made to the state route 520 bridge and its connecting roadways, and that any such impacts will be addressed through engineering design choices, mitigation measures, or a combination of both. The requirements of this section shall not apply to off-site pontoon construction supporting the state route number 520 bridge replacement and HOV project.

3. Within the amounts provided in this section, (section 505,000 (1)) $11,363 of the transportation partnership account--state appropriation, (section 147,000 (2)) $505,099 of the motor vehicle account--federal appropriation, and (section 131,000 (3)) $11,031,179 of the transportation 2003 account (nickel account)--state appropriation are for project 109040T as identified in the LEAP transportation document referenced in subsection (1) of this section: I-90/Two Way Transit-Transit and HOV Improvements - Stage 1. Expenditure of the funds on construction is contingent upon revising the access plan for Mercer Island traffic such that Mercer Island traffic will have access to the outer roadway high occupancy vehicle (HOV) lanes during the period of operation of such lanes following the removal of Mercer Island traffic from the center roadway and prior to conversion of the outer roadway HOV lanes to high occupancy toll (HOT) lanes. Sound transit may only have access to the center lanes when alternative RAA is complete.

4. The Tacoma Narrows toll bridge account--state appropriation includes up to (section 10,000,000 (4)) $26,045,000 in proceeds from the sale of bonds authorized by RCW 47.10.43.

5. The funding described in this section includes (section 693,000 (5)) $46,693,000 of the transportation 2003 account (nickel account)--state appropriation, $188,357 of the freight mobility multimodal account--state appropriation, and $20,000 of the motor vehicle account--private/local appropriation, which are for the SR 519 project identified as project number 851902A in the LEAP Transportation Document referenced in subsection (1) of this section. The total project is expected to cost no more than (section 4,000,000) $84,467,000 including (section 693,000) $10,792,000 in contributions from project partners, including Burlington Northern Santa Fe railroad.

6. To promote and support community-specific noise reduction solutions, the department shall:

(a) Prepare a draft directive that establishes how each community's priorities and concerns may be identified and addressed in order to allow consideration of a community's preferred methods of advanced visual shielding and aesthetic screening, for the purpose of improving the noise environment of major state roadway projects in locations that do not meet the criteria for standard noise barriers. The intent is for these provisions to be supportable by existing project budgets.

The directive shall also include direction on the coordination and selection of visual and aesthetic options with local communities. The draft directive shall be provided to the standing transportation committees of the legislature by January 2008; and

(b) Pilot the draft directive established in (a) of this subsection in two locations along major state roadways. If practicable, the department should begin work on the pilot projects while the directive is being developed. One pilot project shall be located in Clark county on a significant capacity improvement project. The second pilot project shall be located in urban King county, which shall be on a corridor highway project through mixed land use areas that is nearing or under construction. The department shall provide a written report to the standing transportation committees of the legislature on the findings of the Clark county pilot project by January 2009, and the King county pilot project by January 2010. Based on results of the pilot projects, the department shall update its design manual, environmental procedures, or other appropriate documentation to incorporate the directive.

7. If the "Green Highway" provisions of Engrossed Second Substitute House Bill No. 1303 (cleaner energy) are enacted, the department shall erect signs on the interstate highways included in those provisions noting that these interstates have been designated "Washington Green Highways.

8. If on the I-405/I-90 to SE 8th Street Widening project the department finds that there is an alternative investment to preserve reliable rail accessibility to major manufacturing sites within the I-405 corridor that are less expensive than replacing the Wilburton Tunnel, the department may enter into the necessary agreements to implement that alternative provided that costs remain within the approved project budget.

9. The department shall apply for surface transportation program (STP) enhancement funds to be expended in lieu of or in addition to state funds for eligible costs of projects in Programs I and P, including, but not limited to, the SR 518, SR 519, SR 520, and Alaskan Way Viaduct projects.

10. $250,000 of the motor vehicle account--state appropriation and $226,000 of the motor vehicle account--federal appropriation are provided solely for an inland pacific hub study to develop an inland corridor for the movement of freight and goods to and through eastern Washington; and $500,000 of the motor vehicle account--state appropriation is provided solely for the SR3/SR16 corridor study to plan and
prioritize state and local improvements needed over the next 10-20 years to support safety, capacity development, and economic development within the corridor.

(11) The department shall, on a quarterly basis beginning July 1, 2007, provide to the office of financial management and the legislature reports providing the status on each active project funded in part or whole by the transportation 2003 account (nickel account) or the transportation partnership account. Funding provided at a programmatic level for transportation partnership account and transportation 2003 account (nickel account) projects relating to bridge rail, guard rail, fish passage barrier removal, and roadside safety projects should be reported on a programmatic basis. Projects within this programmatic level funding should be completed on a priority basis and scoped to be completed within the current programmatic budget. Other projects may be reported on a programmatic basis. The department shall work with the office of financial management and the transportation committees of the legislature to agree on report formatting and elements. Elements shall include, but not be limited to, project scope, schedule, and costs. The department shall also provide the information required under this subsection on a quarterly basis via the transportation executive information systems (TEIS).

(12) The department shall apply for the competitive portion of federal transit administration funds for eligible transit-related costs of the SR 520 bridge replacement and HOV project. The federal funds described in this subsection shall not include those federal transit administration funds distributed by formula.

(13) Funding provided by this act for the Alaskan Way Viaduct project shall not be spent for preliminary engineering, design, right-of-way acquisition, or construction on the project if completion of the project would more likely than not reduce the capacity of the facility. Capacity shall be measured by including the consideration of the efficient movement of people and goods on the facility.

(14) The governor shall convene a collaborative process involving key leaders to determine the final project design for the Alaskan Way Viaduct.

(a) The process shall be guided by the following common principles: Public safety must be maintained; the final project shall meet both capacity and mobility needs; and taxpayer dollars must be spent responsibly.

(b) The state's project expenditures shall not exceed $2,800,000,000.

(c) A final design decision shall be made by December 31, 2008.

(d) During the 2007-09 biennium, the department shall proceed with a series of projects on the Alaskan Way Viaduct that are common to any design alternative. Those projects include relocation of two electrical transmission lines, Battery Street tunnel upgrades, seismic upgrades from Lenora to the Battery Street tunnel, viaduct removal from Holgate to King Street, and development of transit enhancements and other improvements to mitigate congestion during construction.

(e) The transportation 2003 account (nickel account)--state appropriation includes up to (($874,610,000)) $740,839,000 in proceeds from the sale of bonds authorized by RCW 47.10.861.

(f) The transportation partnership account--state appropriation includes ((($900,000,000))) $642,100,000 in proceeds from the sale of bonds authorized in RCW 47.10.873.

(g) The special category C account--state appropriation includes up to $21,497,000 in proceeds from the sale of bonds authorized in Substitute House Bill No. 2394. If Substitute House Bill No. 2394 is not enacted by June 30, 2007, the amount provided in this subsection shall lapse.

(h) $4,500,000 of the motor vehicle account--federal appropriation is provided solely for cost increases on the SR 304/Bremerton tunnel project.

(i) $2,071,000 of the motor vehicle account--federal appropriation is provided solely for initial design and right of way work on a new southbound SR 509 to eastbound SR 518 freeway-to-freeway elevated ramp.

(j) $500,000 of the motor vehicle account--federal appropriation to the SR 543/I-5 to Canadian border project is provided solely for retaining wall facia improvements.

(k) (($234,000)) $346,700 of the motor vehicle account--federal appropriation and ((($24,000))) $17,280 of the motor vehicle account--state appropriation are provided solely for the Westview school noise wall.

(l) ((($1,600,000))) $1,567,600 of the motor vehicle account--state appropriation is provided solely for two noise walls on SR 161 in King county.

(m) ((($20,000))) $10,640 of the motor vehicle account--state appropriation and ((($250,000))) $252,300 of the motor vehicle account--federal appropriation are provided solely for interchange design and planning work on US 12 at a street and tank farm road.

(n) The funding described in this section includes ((($19,928,000))) $19,928,000 of the transportation partnership account--state appropriation, ((($26,000,000))) $26,000 of the motor vehicle account--state appropriation, ((($252,300))) $252,300 of the motor vehicle account--private/local appropriation, and ((($17,821,000))) $17,821,000 of the motor vehicle account--federal appropriation for the I-5/Columbia river crossing/Vancouver project. The funding described in this subsection includes up to $15,000,000 awarded to Washington and Oregon jointly through the U.S. department of transportation corridors of the future program in the 2007 federal highway authority discretionary fund allocations.

(o) The department shall study any outstanding issues, including financial issues that may apply to the I-5/Columbia river crossing/Vancouver project. The department's efforts must include an analysis of current bi-state efforts in planning, coordination, and funding for the project; opportunities for the joining of state and local government agencies and the private sector in a strong partnership that contributes to the completion of the project; and opportunities to work with the congressional delegations of Oregon and Washington to provide federal funding and other assistance that will advance this project of national and regional significance.

(p) ((($1,500,000))) $1,928,232 of the motor vehicle account--federal appropriation and ((($4,908,000))) $2,611,000 of the transportation partnership account--state appropriation and $14,682,000 of the transportation 2003 account (nickel account)--state appropriation are provided solely for project 109040Q as identified in the LEAP transportation document in subsection (1) of this section: I-90 Two-Way Transit-Transit and HOV Improvements, Stages 2 and 3. Of these amounts, up to $550,000 of the transportation partnership account--state appropriation is to provide funding for an independent technical review, overseen by the joint transportation committee, of light rail impacts on the Interstate 90 - Homer Hadley Floating Bridge. The technical review shall complement sound transit's current and planned engineering design work to expand light rail in the central Puget Sound region. The department shall coordinate its work with sound transit and seek contributions from sound transit for the review.

(q) ((($1,600,000))) $800,000 of the motor vehicle account--state appropriation is provided solely for safety improvements on US Highway 2 between Monroe and Gold Bar. Additional project funding of ((($4,000,000))) $9,200,000 is assumed in the 2009-2011 biennium, bringing the total project funding to $10,000,000. This high priority safety project will provide safety enhancements on US Highway 2 between Gold Bar and Monroe, such as a passing lane or interchange/turning lane improvements. The department shall seek input from the US Highway 2 safety coalition to select projects that will help reduce fatalities on this corridor.

(r) ((($2,267,000))) $1,663,700 of the motor vehicle account--federal appropriation, ((($24,000))) $234,000 of the motor vehicle account--state appropriation, and $1,500,000 of the motor vehicle account--private/local appropriation are provided solely for installing centerline rumble strips and related improvements on US Highway 2 between Monroe and Sultan. The section of US Highway 2 from Monroe to Deception...
Creek has a high frequency of centerline crossover collisions. By installing centerline rumble strips, the project will reduce the risk of crossover collisions. This project will also place shoulder rumble strips between Monroe and Sultan.

(30) ($773,318,000) $688,000 of the motor vehicle account--state appropriation is provided solely for the SR 28/E End of the George Sellar bridge (202807V) for the purpose of funding a pedestrian tunnel connection. This funding is provided in anticipation of a federal grant specific to this project, which, if received, must be used to reimburse the state funding provided in this subsection.

(31) For the period of preconstruction tolling on the state route 520 bridge, the department shall develop improvements of traffic flow from the eastern Lake Washington shoreline to 108th avenue northeast in Bellevue including:

(a) Near-term, low-cost enhancements which relocate the high-occupancy vehicle lanes to the inside of the alignment; and

(b) A plan for an accelerated improvement project for the construction of median flyer stops, reconfiguration of interchanges, addition of direct access ramps, community enhancement lids, and pedestrian/bike path connections.

The department shall report to the joint transportation committee by September 1, 2008, on the short-term low-cost improvement plans and include in their budget submittal to the office of financial management a proposal for the accelerated improvement project.

**Sec. 305.** 2008 c 121 s 307 (uncodified) is amended to read as follows:

**FOR THE DEPARTMENT OF TRANSPORTATION--PRESERVATION--PROGRAM P**

Transportation Partnership Account-- Appropriation ........................................ ($181,666,000) $181,316,000

Motor Vehicle Account--State Appropriation ........................................ ($56,340,000) $59,784,000

Motor Vehicle Account--Federal Appropriation ........................................ ($463,238,000) $462,427,000

Motor Vehicle Account--Private/Local Appropriation ................................ ($13,258,000) $19,049,000

Transportation 2003 Account (Nickel Account)-- Appropriation ........................ ($11,156,000) $15,399,000

Puymallup Tribal Settlement Account-- Appropriation .............................. ($12,500,000) $6,000,000

TOTAL APPROPRIATION .......................................................... ($773,318,000) $778,975,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire transportation 2003 account (nickel account) appropriation and the entire transportation partnership account appropriation are provided solely for the projects and activities as listed by ((fund)) project((and amount)) in LEAP Transportation Document 2008-1, Highway Preservation Program (P) as developed March 10, 2008. (However, limited transfers of specific line-item project appropriations may occur between projects for those amounts listed subject to the conditions and limitations in section 602 of this act.) Federal funds may be transferred between programs I and P.

(2) $287,000 of the motor vehicle account--federal appropriation and $11,000 of the motor vehicle account--state appropriation are provided solely for the department to determine the most cost efficient way to replace the current Keller ferry. Options reviewed shall not include an expansion of the current capacity of the Keller ferry.

(3) $5,308,000 of the transportation partnership account--state appropriation is provided solely for the purposes of settling all identified and potential claims from the Lower Elwha Klallam Tribe related to the construction of a graveling dock facility on the graveling dock property. In the matter of Lower Elwha Klallam Tribe et al v. State et al, Thurston county superior court, cause no. 05-2-01595-8, the Lower Elwha Klallam Tribe and the state of Washington entered into a settlement agreement that settles all claims related to graveling dock property and associated construction and releases the state from all claims related to the construction of the graveling dock facilities. The expenditure of this appropriation is contingent on the conditions and limitations set forth in subsection (a) and (b) of this subsection.

(a) $2,000,000 of the transportation partnership account--state appropriation is provided solely for the benefit of the Lower Elwha Klallam Tribe to be disbursed by the department in accordance with terms and conditions of the settlement agreement.

(b) $3,308,000 of the transportation partnership account--state appropriation is provided solely for the department's remediation work on the graveling dock property in accordance with the terms and conditions of the settlement agreement.

(4) The department shall apply for surface transportation program (STP) enhancement funds to be expended in lieu of or in addition to state funds for eligible costs of projects in Programs I and P, including, but not limited to, the SR 518, SR 519, SR 520, and Alaskan Way Viaduct projects.

(5) The department shall, on a quarterly basis beginning July 1, 2007, provide to the office of financial management and the legislature reports providing the status on each active project funded in part or whole by the transportation 2003 account (nickel account) or the transportation partnership account. Funding provided at a programmatic level for transportation partnership account projects relating to seismic funds should be reported on a programmatic basis. Projects within this programmatic level funding should be completed on a priority basis and scoped to be completed within the current programmatic budget. Other projects may be reported on a programmatic basis. The department shall report to the office of financial management and the transportation committees of the legislature to agree on report formatting and elements. Elements shall include, but not be limited to, project scope, schedule, and costs. The department shall also provide the information required under this subsection on a quarterly basis via the transportation executive information systems (TEIS).

(6) The department of transportation shall continue to implement the lowest life cycle cost planning approach to pavement management throughout the state to encourage the most effective and efficient use of pavement preservation funds. Emphasis should be placed on increasing the number of roads addressed on time and reducing the number of roads past due.

(7) $13,257,000 of the motor vehicle account--federal appropriation and $5,000,000 of the motor vehicle account--state appropriation are for expenditures on damaged state roads due to flooding, mudslides, rock fall, or other unforeseen events.

(8) ($121,313,000) $211,300 of the motor vehicle account--state appropriation, ($52,930,000) $52,930,000 of the motor vehicle account--federal appropriation, and ($493,633,000) $117,544,000 of the transportation partnership account--state appropriation are provided solely for the Hood Canal bridge project.

(9) $6,000,000 of the Puyallup tribal settlement account--state appropriation is provided solely for mitigation costs associated with the Murray Morgan/11th Street Bridge demolition. The department may negotiate with the city of Tacoma for the purpose of transferring ownership of the Murray Morgan/11th Street Bridge to the city. If the city agrees to accept ownership of the bridge, the department may use the Puyallup tribal settlement account appropriation and other appropriated funds for bridge rehabilitation, bridge replacement, bridge demolition, and related mitigation. If no event shall the department's participation exceed $39,953,000. No funds may be expended unless
the city of Tacoma agrees to take ownership of the bridge in its entirety and provides that the payment of these funds extinguishes any real or implied agreements regarding future bridge expenditures.

(10) Within the amounts provided in this section, $190,000 of the motor vehicle account--state appropriation is provided solely for rehabilitation of the SR 532/84th Ave NW bridge deck. It is the intent of the legislature that an additional $1,510,000 will be provided in the 2009-11 omnibus transportation appropriations act to complete this project.

TOTAL APPROPRIATION

The appropriations in this section are subject to the following conditions and limitations:

(1) ($2,500,000) $27,380,000 of the Puget Sound capital construction account--state appropriation is provided solely for project 944470A as identified in the LEAP Transportation Document 2008-1, Ferries Construction Program (W) as developed March 10, 2008, for the construction of (three) one marine vessel(s) to replace the steel electric auto ferry vessels. The document includes a total of ($96,680,000) $76,930,000 for (three) this replacement vessel(s).

(2) ($21,460,823) $17,812,000 of the Puget Sound capital construction account--state appropriation, $4,100,000 of the multimodal transportation account--state appropriation, $5,410,000 of the transportation 2003 account (nickel account)--state appropriation, and $2,089,000 of the Puget Sound capital construction account--federal appropriation, and $2,089,000 of the Puget Sound capital construction account--private/local appropriation are provided solely for the terminal projects listed:

(a) Anacortes ferry terminal - utilities work; (right-of-way purchase for a holding area during construction); and completion of design and permitting on the terminal building, pick-up and drop-off sites, and pedestrian and bicycle facilities;
(b) Bainbridge Island ferry terminal - environmental planning and a traffic signalization project in the vicinity of SR 305 Harborview drive;
(c) Bremerton ferry terminal - overhead loading control system and moving the terminal agent's office;
(d) Clinton ferry terminal - septic system replacement;
(e) Edmonds ferry terminal - right-of-way acquisition costs, federal match requirements, and removal of Unocal Pier;
(f) Friday Harbor ferry terminal - parking resurfacing;
(g) Port Townsend ferry terminals - route environmental planning;
(h) Kingston ferry terminal - transfer span retrofit and overhead vehicle holding control system modifications;
(i) Mukilteo ferry terminal - right-of-way acquisition, archaeological studies, environmental planning, and additional vehicle holding;
(j) Orcas ferry terminal - dolphin replacement;
(k) Port Townsend ferry terminal - wingwall replacement (interim holding, tie-up slip) and initial reservation system;
(l) Seattle ferry terminal - environmental planning, coordination with local jurisdictions, coordination with highway projects, and contractor payment for automated re-entry gates;

(m) Southworth ferry terminal - (federal grant to) conduct preliminary studies and planning for (second) second operating slip; and
(n) Vashon Island and Seattle ferry terminals - modify the passenger-only facilities.

(3) ($4,490,000) $76,930,000 of the transportation 2003 account (nickel account)--state appropriation and $3,750,000 of the Puget Sound capital construction account--federal appropriation are provided solely for the procurement of up to three 144-vehicle auto-passenger ferry vessels.

(4) ($11,716,000) $5,867,000 of the Puget Sound capital construction account--state appropriation is provided solely for the Eagle Harbor maintenance facility preservation project. These funds may not be used for relocating any warehouses not currently on the Eagle Harbor site.

(5) The department shall research an asset management system to improve Washington state ferries' management of capital assets and the department's ability to estimate future preservation needs. The department shall report its findings regarding a new asset management system to the governor and the transportation committees of the legislature no later than January 15, 2008.

(6) The department shall sell the M.V. Chinook and M.V. Snohomish passenger-only fast ferries as soon as practicable and deposit the proceeds of the sales into the passenger ferry account created in RCW 47.60.645. Once the department ceases to provide passenger-only ferry service, the department shall sell the M.V. Kalama and M.V. Skagit passenger-only ferries and deposit the proceeds of the sales into the passenger ferry account created in RCW 47.60.645.

(7) The department shall, on a quarterly basis beginning July 1, 2007, provide to the office of financial management and the legislature reports providing the status on each project listed in this section and in the project lists submitted pursuant to this act and on any additional projects for which the department has expended funds during the 2007-09 fiscal biennium. Elements shall include, but not be limited to, project scope, schedule, and costs. The department shall also provide the information required under this subsection via the transportation executive information systems (TEIS).
(8) $1,105,000 of the Puget Sound capital construction account--state appropriation and ((($8,450,000)) $1,956,000 of the transportation 2003 account (nickel account)--state appropriation are provided solely for a dolphin replacement project at the Vashon Island ferry terminal. The department shall submit a predesign study to the joint transportation committee before beginning design or construction of this project.

(9) The department of transportation is authorized to sell up to ($543,000) $150,000 in bonds authorized by RCW 47.10.843 for vessel and terminal acquisition, major and minor improvements, and long lead-time materials acquisition for the Washington state ferries.

(10) The department shall review the costs and benefits of continued use of the primavera scheduling system in the Washington state ferries marine division and include that review with its 2009-11 budget submittal.

(11) The department shall review staffing in its capital engineering divisions to ensure core competency in, and a focus on, terminal and vessel preservation, with staffing sufficient to implement the preservation program in the capital plan. Until the completion of the capital plan, the department shall maintain capital staffing levels at or below the level of staffing on January 1, 2008.

(12) The department shall sell, in the process of selling, or otherwise dispose of the four steel electric auto-ferry vessels in the most cost effective way practicable no later than June 1, 2008.

Sec. 308. 2008 c 121 s 310 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION--RAIL--PROGRAM Y--CAPITAL

(1) (a) Except as provided otherwise in this section, the entire appropriations in this section are provided solely for the projects and activities as listed by (project) and (amount) in LEAP Transportation Document 2008-1, Rail Capital Program (Y) as developed March 10, 2008. ((However, limited transfers of specific line item project appropriations may occur between projects for those amounts listed subject to the conditions and limitations in section 603 of this act.))

(b) Within the amounts provided in this section, ($1,713,000) $1,580,000 of the transportation infrastructure account--state appropriation (and $307,000 of the transportation infrastructure account--federal appropriation are) is for low-interest loans for rail capital projects through the freight rail investment bank program. The department shall issue a call for projects based upon the legislative priorities specified in subsection (7) of this section. Application must be received by the department by October 1, 2008. By November 1, 2008, the department shall submit a prioritized list of recommended projects to the office of financial management and the transportation committees of the legislature. The department shall award low-interest loans to the project in the amount of ($1,100,000) $150,000, and upon the prioritized list of rail capital projects most recently submitted to the legislature pursuant to this subsection, as follows: Port of Benton County ($250,000); Port of Everett ($250,000); (Central Terminals, LLC) ($250,000); Tacoma Rail--Maintenance Facility ($250,000); (Central Container Service ($250,000); Port of Chehalis ($250,000); Ballard Terminal Railroad ($250,000); Eastern Washington Gateway Railroad ($250,000); Spokane County ($250,000); Port of Grays Harbor ($250,000). (c) Within the amounts provided in this section, $2,561,000 of the multimodal transportation account--state appropriation is for statewide-emergent freight rail assistance projects as listed in LEAP Transportation Document 2008-1, Rail Capital Program (Y) as developed March 10, 2008. ((However, the department shall perform a cost-benefit analysis of the projects according to the legislative priorities specified in subsection (7) of this section, and shall give priority to the following projects: Rail--Tacoma rail yard switching upgrades ($300,000); Rail--Port of Ephrata spur rehabilitation ($27,000); Rail--Lewis and Clark rail improvements ($1,100,000); Rail--Port of Grays Harbor rail access improvement ($543,000); and Rail--Port of Longview rail loop construction ($291,000).) The relative cost of any of the six projects identified in this subsection (1)(c) is not substantially less than the public benefits to be derived from the project, then the department shall not assign the funds to the project, and instead shall use those funds toward those projects identified by the department in the attachments to the "Washington State Department of Transportation FREIGHT RAIL ASSISTANCE FUNDING PROGRAM: 2007-2009 Prioritized Project List and Program Update" dated December 2006 for which the proportion of public benefits to be gained compared to the cost of the project is greater.)

(d) Within the amounts provided in this section, $339,000 of the multimodal transportation account--state appropriation is for rescoping and completion of required environmental documents for the Kelso to Martin's Bluff - 3rd Mainline and Storage Trains project. The rescoped project may include funds that are committed to the project by local or private funding partners. However, the rescoped project must be capable of being completed with not more than $49,470,000 in future state funding, inclusive of inflation costs. Subject to this funding constraint, the rescoped project must maximize capacity improvements along the rail mainline.

(e) Within the amounts provided in this section, $3,600,000 of the multimodal transportation account--state appropriation is for work items on the Palouse River and Coulee City railroad lines.

(2) The multimodal transportation account--state appropriation includes up to ($144,500,000) $91,000,000 in proceeds from the sale of bonds authorized by RCW 47.10.867.

(3) The department is directed to seek the use of unprogrammed federal rail crossing funds to be expended in lieu of or in addition to state funds for eligible costs of projects in Program Y, including, but not limited to the "Tacoma -- bypass of Pt. Defiance" project.

(4) If new federal funding for freight or passenger rail is received, the department shall consult with the transportation committees of the legislature and the office of financial management prior to spending the funds on existing or additional projects.

(5) The department shall sell any ancillary property, acquired when the state purchased the right-of-ways to the PCC rail line system, to a lessee of the ancillary property who is willing to pay fair market value for the property. The department shall deposit the proceeds from the sale of ancillary property into the transportation infrastructure account.

(6)(a) The department shall develop and implement the benefit/impact evaluation methodology recommended in the statewide rail capacity and needs study finalized in December 2006. The benefit/impact evaluation methodology shall be developed using the following priorities, in order of relative importance:

(1) Economic, safety, or environmental advantages of freight movement by rail compared to alternative modes;
(ii) Self-sustaining economic development that creates family-wage jobs;
(iii) Preservation of transportation corridors that would otherwise be lost;
(iv) Increased access to efficient and cost-effective transport to market for Washington's agricultural and industrial products;
(v) Better integration and cooperation within the regional, national, and international systems of freight distribution; and
(vi) Mitigation of impacts of increased rail traffic on communities.

(b) The department shall convene a work group to collaborate on the development of the benefit/impact analysis method to be used in the evaluation. The work group must include, at a minimum, the freight mobility strategic investment board, the department of agriculture, and representatives from the various users and modes of the state's rail systems.

(c) The department shall use the benefit/impact analysis and priorities in (a) of this subsection when submitting requests for state funding for rail projects. The department shall develop a standardized format for submitting requests for state funding for rail projects that includes an explanation of the analysis undertaken, and the conclusions derived from the analysis.

(d) The department and the freight mobility strategic investment board shall collaborate to submit a report to the office of financial management and the transportation committees of the legislature by September 1, 2008, listing proposed freight highway and rail projects. The report must describe the analysis used for selecting such projects, as required by this act for the department and as required by chapter 47.06A RCW for the board. When developing its list of proposed freight highway and rail projects, the freight mobility strategic investment board shall use the priorities identified in (a) of this subsection to the greatest extent possible.

(7) The department shall apply at the earliest possible date for grants, pursuant to the new competitive intercity rail grant program announced by the federal railroad administration on February 19, 2008, for any projects that may qualify for such federal grants and are currently identified on the project list referenced in subsection (1)(a) of this section.

(8) Up to $8,500,000 of any underexpenditures of state funding designated on the project list referenced in subsection (1)(a) of this section for the "Vancouver-Rail Bypass and W 39th Street Bridge" project may be used to upgrade, to class 2 condition, track owned by Clark county between Vancouver and Battle Ground.

(9) Up to $400,000 of the multimodal transportation account--state appropriation is contingent upon the port of Chehalis submitting a full copy of the FEMA application packet to the department in order to assist the department in verifying the scope of the repairs and the rail transportation value of the project identified on the project list referenced in subsection (1)(a) of this section as "Port of Chehalis-Track Rehabilitation" (F01002A).

(10) $500,000 of the transportation infrastructure account--state appropriation is provided solely for grants to any intergovernmental entity or local rail district to which the department of transportation assigns the management and oversight responsibility for the business and economic development elements of existing operating leases on the Palouse River and Coulee City (PCC) rail lines. The PCC rail line system is made up of the CW, P&L, and PV Hooper rail lines. Business and economic development elements include such items as service growth and business operating plans, but shall not include the state's oversight of railroad regulatory compliance, rail infrastructure condition, or real property management issues. The PCC rail system must be managed in a self-sustaining manner and best efforts shall be used to ensure that it does not require state capital or operating subsidy beyond the level of state funding expended on it to date. The assignment of the stated responsibilities to an intergovernmental entity or rail district shall be on such terms and conditions as the department of transportation and the intergovernmental entity or rail district mutually agree. The grant funds may be used only to refurbish the rail lines. It is the intent of the legislature to make the funds appropriated in this section available as grants to an intergovernmental entity or local rail district for the purposes stated in this section at least until June 30, 2012, and to reappropriate as necessary any portion of the appropriation in this section that is not used by June 30, 2009.

The appropriations in this section are subject to the following conditions and limitations:

(1) The department shall, on a quarterly basis, provide status reports to the legislature on the delivery of projects as outlined in the project lists incorporated in this section. For projects funded by new revenue in the 2003 and 2005 transportation packages, reporting elements shall include, but not be limited to, project scope, schedule, and costs. Other projects may be reported on a programmatic basis. The department shall also provide the information required under this subsection on a quarterly basis via the transportation executive information system (TEIS).

(2)) $8,799,000 of the passenger ferry account--state appropriation is provided solely for near and long-term costs of capital improvements in a business plan approved by the governor for passenger ferry service.
(3) The department shall seek the use of unprogrammed federal rail crossing funds to be expended in lieu of or in addition to state funds for eligible costs of projects in local programs, program Z capital.
(4) The department shall apply for surface transportation program (STP) enhancement funds to be expended in lieu of or in addition to state funds for eligible costs of projects in local programs, program Z capital.
(5) Federal funds may be transferred from program Z to programs I and P and state funds shall be transferred from programs I and P to program Z to replace those federal funds in a dollar-for-dollar match. Fund transfers authorized under this subsection shall not affect project prioritization status. Appropriations shall initially be allotted as appropriated in this act. The department may not transfer funds as authorized under this subsection without approval of the office of financial management. The department shall submit a report on those projects receiving fund transfers to the office of financial management and the transportation committees of the legislature by December 1, 2007, and December 1, 2008.
(6) The city of Winthrop may utilize a design-build process for the Winthrop bike path project. Of the amount appropriated in this section for this project, $500,000 of the multimodal transportation account--state appropriation is contingent upon the state receiving from the city of Winthrop $500,000 in federal funds awarded to the city of Winthrop by its local planning organization.

(7) $37,380,000 of the multimodal transportation account--state appropriation is provided solely for the Museum of Flight pedestrian bridge safety project.

Correct the title.
Representative Roach moved the adoption of amendment (061) to amendment (049):

On page 9, beginning on line 3 of the amendment, strike all of subsection (5)

Representatives Roach and Priest spoke in favor of the adoption of the amendment to amendment (049).

Representative Clibborn spoke against the adoption of the amendment to amendment (049).

An electronic roll call was requested.

The Speaker (Representative Moeller presiding) stated the question before the House to be the adoption of amendment (061) to amendment (049) to Substitute House Bill No. 1978.

ROLL CALL

The Clerk called the roll on the adoption of amendment (061) to amendment (049) to Substitute House Bill No. 1978, and the amendment was not adopted by the following vote: Yeas: 36; Nays: 59; Absent: 0; Excused: 2.

Excused: Representatives Driscoll and Flannigan.

Amendment (061) to amendment (049) was not adopted.

STATEMENT FOR THE JOURNAL

I intended to vote YEA on amendment (061) to amendment (049) to SUBSTITUTE HOUSE BILL NO. 1978.

KEVIN PARKER, 6th District

Amendment (049) was adopted. The bill was ordered engrossed.

There being no objection, the rules were suspended, the second reading considered the third and the bill was placed on final passage.

Representatives Clibborn, Campbell, Dickerson, Lias and Liias (again) and Eddy spoke in favor of the passage of the bill.

Representatives Erickson, Simpson, Armstrong and Anderson spoke against the passage of the bill.

POINT OF ORDER

Representative Hudgins: "I rise to ask your opinion on whether the debate about Federal bailouts is pertinent to our stimulus transportation supplemental budget bill in front us. It seems to me that they are not attached."

SPEAKER'S RULING

Mr. Speaker (Representative Moeller presiding): "Representative Anderson, the title of the bill is concerning economic stimulus transportation funding and appropriations. Representative Hudgins, your point is well taken."

Representative Anderson (again) spoke against the passage of the bill.

POINT OF ORDER

Representative Hudgins: "I rise for the same point of order. The bill before us I believe before us is 340 million dollars for transportation projects in Washington State, not trillions of dollars at the Federal level."

SPEAKER'S RULING

Mr. Speaker (Representative Moeller presiding): "The Speaker would like to remind the good gentleman to keep his remarks to the bill before us. Your point is well taken."

Representative Liias spoke in favor of the passage of the bill.

POINT OF ORDER

Representative Anderson: "Mr. Speaker, we have already determined by a previous ruling from the rostrum, that talking about the Federal government is out of line in the debate."

SPEAKER'S RULING

Mr. Speaker (Representative Moeller presiding): "Representative Anderson, on further reflection from the rostrum, I would rule that there is a connection between the congressional action and the policy being debated here today. And I apologize for ruling you out of order previously. You may speak again if you so choose."

Representatives Liias (again) and Eddy spoke in favor of the passage of the bill.

Representatives Hinkle, Shea and Roach spoke against the passage of the bill.

The Speaker (Representative Moeller presiding) stated the question before the House to be the final passage of Engrossed Substitute House Bill No. 1978.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Substitute House Bill No. 1978 and the bill passed the House by the following vote: Yeas, 67; Nays, 28; Absent, 0; Excused, 2.

Excused: Representatives Driscoll and Flannigan.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1978, having received the necessary constitutional majority, was declared passed.

HOUSE BILL NO. 1166, by Representatives Hasegawa, Kenney, Simpson, Chase, Ormsby and Santos
Allowing loans to community development financial institutions under the linked deposit program.

The bill was read the second time.

There being no objection, the rules were suspended, the second reading considered the third and the bill was placed on final passage.

Representative Hasegawa spoke in favor of the passage of the bill.

Representatives Bailey and Roach spoke against the passage of the bill.

The Speaker (Representative Moeller presiding) stated the question before the House to be the final passage of House Bill No. 1166.

ROLL CALL

The Clerk called the roll on the final passage of House Bill No. 1166 and the bill passed the House by the following vote: Yeas, 62; Nays, 33; Absent, 0; Excused, 2.

Excused: Representatives Driscoll and Flanagan.

HOUSE BILL NO. 1166, having received the necessary constitutional majority, was declared passed.

The Speaker (Representative Moeller presiding) called upon Representative Morris to preside.

MESSAGE FROM THE SENATE

Requiring Washington state ferries to create a comprehensive incident and accident investigation policy.

The bill was read the second time

With the consent of the House, amendment (048) was withdrawn.

Representative Seaquist moved the adoption of amendment (098):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) Recognizing the paramount importance of sustaining the highest levels of ferry system safety, the legislature finds that a rigorous, open incident and accident investigation policy is essential to the safe and reliable operation of the Washington state ferry system. Drawing on information provided in response to previous legislative direction, and noting recent accident/incident history, the legislature finds an urgent need to upgrade Washington state ferries' accident/incident investigation policies and procedures.

(2) After fully considering proposed upgraded accident/incident investigation policies and procedures, it is the intent of the legislature to enact the policies into law and to publish that law and procedures as a manual for Washington state ferries' accident/incident investigations. Until that time, the Washington state ferry system is enjoined to exercise particular diligence to assure that any incident or accident investigations are conducted within the spirit of the guidelines of this act.

NEW SECTION. Sec. 2. A new section is added to chapter 47.60 RCW to read as follows:

As a priority task, the Washington state ferries is directed to propose a comprehensive incident and accident investigation policy and appropriate procedures, and to provide the proposal to the legislature by November 1, 2009, using existing resources and staff expertise. In addition to consulting with ferry system unions and the United States coast guard, the Washington state ferries is encouraged to solicit independent outside expertise on incident and accident investigation best practices as they may be found in other organizations with a similar concern for marine safety. The policy must contain, at a minimum:

(1) The definition of an incident and an accident and the type of investigation that is required by both types of events;

(2) The process for appointing an investigating officer or officers and a description of the authorities and responsibilities of the investigating officer or officers. The investigating officer or officers must:

(a) Have the appropriate training and experience as determined by the policy;

(b) Not have been involved in the incident or accident so as to avoid any conflict of interest;

(c) Have full access to all persons, records, and relevant organizations that may have information about or may have contributed to, directly or indirectly, the incident or accident under investigation, in compliance with any affected employee's or employees' respective collective bargaining agreement and state laws and rules regarding public disclosure under chapter 42.56 RCW;

(d) Be provided with, if requested by the investigating officer or officers, appropriate outside technical expertise; and

(e) Be provided with staff and legal support by the Washington state ferries as may be appropriate to the type of investigation;

(3) The process of working with the affected employee or employees in accordance with the employee's or employees' respective collective bargaining agreement and the appropriate union officials, within protocols afforded to all public employees;

(4) The process by which the United States coast guard is kept informed of, interacts with, and reviews the investigation;

(5) The process for review, approval, and implementation of any adopted recommendations within the department; and

(6) The process for keeping the public informed of the investigation and its outcomes, in compliance with any affected employee's or employees' respective collective bargaining agreement and state laws and rules regarding public disclosure under chapter 42.56 RCW."

On page 14, after line 35, insert the following:

"Sec. 6. RCW 48.43.041 and 2000 c 79 s 26 are each amended to read as follows:

(1) All individual health benefit plans, other than catastrophic health plans, ((offered or renewed on or after October 1, 2000)) and plans for young adults described in subsection (3) of this section, shall include benefits described in this section. Nothing in this section shall be construed to require a carrier to offer an individual health benefit plan.

(a) Maternity services that include, with no enrollee cost-sharing requirements beyond those generally applicable cost-sharing requirements: Diagnosis of pregnancy; prenatal care; delivery; care for complications of pregnancy; physician services; hospital services; operating or other special procedure rooms; radiology and laboratory services; appropriate medications; anesthesia; and services required under RCW 48.43.115; and

(b) Prescription drug benefits with at least a two thousand dollar benefit payable by the carrier annually.

(2) If a carrier offers a health benefit plan that is not a catastrophic health plan to groups, and it chooses to offer a health benefit plan to individuals, it must offer at least one health benefit plan to individuals that is not a catastrophic health plan.

(3) Carriers may design and offer a separate health plan targeted at young adults between nineteen and thirty-four years old. The plan may include the benefits required under subsections (1) and (2) of this section. The health plan designed for young adults is exempt from the requirements of RCW 48.43.045(1), 48.43.315(5), 48.44.327, 48.30.392, 48.46.277, 48.43.043, 48.20.580, 48.21.241, 48.44.341, and 48.46.291. Carriers that choose to exclude maternity services from a young adult plan offered under this section must allow enrollees who become pregnant to transfer to another health benefit plan with similar cost-sharing provisions that provides coverage for maternity services, once pregnancy is confirmed by a licensed provider. Carriers shall allow the transfer to occur without applying a preexisting condition waiting period or other limitation or penalty including, but not limited to, satisfying a new deductible or stop-loss requirement.

Sec. 7. RCW 48.44.022 and 2006 c 100 s 3 are each amended to read as follows:

(1) Except for health benefit plans covered under RCW 48.44.021, premium rates for health benefit plans for individuals shall be subject to the following provisions:

(a) The health care service contractor shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

(i) Geographic area;

(ii) Family size;

(iii) Age;

(iv) Tenure discounts; and

(v) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments which shall begin with age twenty and end with age sixty-five. Individuals under the age of twenty shall be treated as those age twenty.
(c) The health care service contractor shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which Medicare is the primary payer and coverage for which Medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection.

(d) Except as provided in subsection (2) of this section, the permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

(i) Changes to the family composition;

(ii) Changes to the health benefit plan requested by the individual; or

(iii) Changes in government requirements affecting the health benefit plan.

(g) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(h) A tenured discount for continuous enrollment in the health plan of two years or more may be offered, not to exceed ten percent.

(2) Adjusted community rates established under this section shall pool the medical experience of all individuals purchasing coverage, except individuals purchasing coverage under RCW 48.46.063, and shall not be required to be pooled with the medical experience of health benefit plans offered to small employers under RCW 48.44.023. Carriers may treat young adults and products developed specifically for them consistent with RCW 48.43.041(3) as a single-banded experience pool for purposes of establishing rates. The rates established for this age group are not subject to subsection (1)(d) of this section.

(i) As used in this section and RCW 48.44.023 "health benefit plan," "small employer," "adjusted community rates," and "wellness activities" mean the same as defined in RCW 48.43.005.

Sec. 9. RCW 48.20.029 and 2006 c 100 s 2 are each amended to read as follows:

(1) Premiums for health benefit plans for individuals who purchase the plan as a member of a purchasing pool:

(a) Consisting of five hundred or more individuals affiliated with a particular industry;

(b) To whom care management services are provided as a benefit of pool membership; and

(c) Which allows contributions from more than one employer to be used towards the purchase of an individual’s health benefit plan; shall be calculated using the adjusted community rating method that spreads financial risk across the entire purchasing pool of which the individual is a member. All such rates shall conform to the following:

(i) The insurer shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

(A) Geographic area;

(B) Family size;

(C) Age;

(D) Tenure discounts; and

(E) Wellness activities.

(ii) The adjustment for age in (c)(i)(C) of this subsection may not use age brackets smaller than five-year increments which shall begin with age twenty and end with age sixty-five. Individuals under the age of twenty shall be treated as those age twenty.

(iii) The insurer shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which Medicare is the primary payer, and coverage for which Medicare is not the primary payer. Both rates are subject to the requirements of this subsection.

(iv) Except as provided in subsection (2) of this section, the permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(v) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs not to exceed twenty percent.

(vi) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

(A) Changes to the family composition;
(B) Changes to the health benefit plan requested by the individual; or
(C) Changes in government requirements affecting the health benefit plan.
(vii) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.
(viii) A tenure discount for continuous enrollment in the health plan of two years or more may be offered, not to exceed ten percent.
(2) Adjusted community rates established under this section shall not be required to be pooled with the medical experience of health benefit plans offered to small employers under RCW 48.21.045. Carriers may treat young adults and products developed specifically for them consistent with RCW 48.43.041(3) as a single-banded experience pool for purposes of establishing rates. The rates established for this age group are not subject to subsection (1)(c)(iv) of this section.
(3) As used in this section, "health benefit plan," "adjusted community rates," and "wellness activities" mean the same as defined in RCW 48.43.005.

NEW SECTION. Sec. 10. A new section is added to chapter 48.43 RCW to read as follows:
The office of the insurance commissioner shall make available educational and outreach materials targeted to young adults age nineteen to thirty-four years old, as funding becomes available. Education and outreach efforts shall focus on educating young consumers on the importance and value of health insurance, including educational materials, public service messages, and other outreach activities. The commissioner is authorized to fund these activities with grants, donations, in-kind contributions, or other funding that may be available."
Correct the title.

POINT OF ORDER
Representative Hudgins requested a scope and object ruling on amendment (110) to House Bill No. 2117.

SPEAKER'S RULING
Mr. Speaker (Representative Morris presiding): "House Bill No. 2117 is titled "an act relating to the basic health plan." The bill amends several sections of RCW 70.47. The bill would create a new category of nonsubsidized Basic Health Plan enrollee, an economic recovery enrollee. To qualify, the enrollee must be recently involuntarily unemployed, or be receiving unemployment compensation benefits. Economic recovery enrollees would receive their coverage through managed health care systems contracting with the Basic Health Plan.
Amendment (110) would exclude persons between the ages of nineteen and thirty-four who qualify for coverage under newly authorized health plans for young adults in the private health insurance market from coverage as a subsidized Basic Health Plan enrollee. It amends the statutes governing the individual market under Title 48 RCW.
The amendment would exceed the scope and title of House Bill No. 2117 by authorizing a new individual health plan option that will be offered in the private health insurance market under Title 48 RCW. The new health plan option would not be offered through, or limited to, Basic Health Plan enrollees.
The good gentleman's point of order is well taken."

Representative Ericksen moved the adoption of amendment (103):

On page 8, after line 7, insert the following:
"(h) To provide subsidized and economic recovery enrollees a stipend sufficient to provide the same level of subsidy as would otherwise have been available through the basic health plan for subsidized and economic recovery enrollees who wish to purchase coverage through an employer's plan, or the individual health insurance market, including a high deductible health plan in conjunction with a health savings account."

Representative Ericksen spoke in favor of the adoption of the amendment.

Representative Cody spoke against the adoption of the amendment.

The Speaker (Representative Morris presiding) divided the House. The result was 35 – YEAS; 62 – NAYS.
The amendment was not adopted.

There being no objection, the rules were suspended, the second reading considered the third and the bill was placed on final passage.
Representatives Cody and Ericksen spoke in favor of the passage of the bill.

The Speaker (Representative Morris presiding) stated the question before the House to be the final passage of House Bill No. 2117.

ROLL CALL
The Clerk called the roll on the final passage of House Bill No. 2117 and the bill passed the House by the following vote: Yeas, 93; Nays, 4; Absent, 0; Excused, 0.
Voting nay: Representatives Condotta, Crouse, Klippert and Shea.

HOUSE BILL NO. 2117, having received the necessary constitutional majority, was declared passed.

HOUSE BILL NO. 1792, by Representatives Dickerson, O'Brien, Hurst, Morrell, Orwell, Green, Dammeier, Klippert, Walsh, Kelley and Ormsby

Establishing search and arrest authority provisions of offenders by department of corrections personnel.

The bill was read the second time.
There being no objection, Substitute House Bill No. 1792 was substituted for House Bill No. 1792 and the substitute bill was placed on the second reading calendar.

SUBSTITUTE HOUSE BILL NO. 1792 was read the second time.
With the consent of the House, amendments (094) and (095) were withdrawn.

Representative Pearson moved the adoption of amendment (096):
Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 9.94A.631 and 1984 c 209 s 11 are each amended to read as follows:
(1) If an offender violates any condition or requirement of a sentence, a community corrections officer may arrest or cause the arrest of the offender without a warrant, pending a determination by the court or a department of corrections hearing officer. If there is reasonable cause to believe that an offender has violated a condition or requirement of the sentence, a community corrections officer may require an offender (may be required) to submit to a search and seizure of the offender's person, residence, automobile, or other personal property.

(2) For the safety and security of department staff, an offender may be required to submit to pat searches, or other limited security searches, by community corrections officers, correctional officers, and other agency approved staff, without reasonable cause, when in or on department premises, grounds, facilities, or vehicles, or while preparing to enter department premises, grounds, facilities, or vehicles. Pat searches of offenders shall be conducted only by staff who are the same gender as the offender, except in emergency situations.

(3) A community corrections officer may also arrest an offender for any crime committed in his or her presence. The facts and circumstances of the conduct of the offender shall be reported by the community corrections officer, with recommendations, to the court or department of corrections hearing officer.

If a community corrections officer arrests or causes the arrest of an offender under this section, the offender shall be confined and detained in the county jail of the county in which the offender was taken into custody, and the sheriff of that county shall receive and keep in the county jail, where room is available, all prisoners delivered to the jail by the community corrections officer, and such offenders shall not be released from custody on bail or personal recognizance, except upon approval of the court or authorized department staff, pursuant to a written order."

Representatives Pearson and Dickerson spoke in favor of the adoption of the amendment.

Amendment (096) was adopted. The bill was ordered engrossed.

There being no objection, the rules were suspended, the second reading considered the third and the bill was placed on final passage.

Representatives Dickerson, Dammeier and Pearson spoke in favor of the passage of the bill.

The Speaker (Representative Morris presiding) stated the question before the House to be the final passage of Engrossed Substitute House Bill No. 1792.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Substitute House Bill No. 1792 and the bill passed the House by the following vote: Yeas, 97; Nays, 0; Absent, 0; Excused, 0.

HOUSE BILL NO. 1025, by Representatives Armstrong, Upthegrove and Wallace

Requiring disclosure of certain information relating to higher education course materials.

The bill was read the second time.

There being no objection, Second Substitute House Bill No. 1025 was substituted for House Bill No. 1025 and the second substitute bill was placed on the second reading calendar.

SECOND SUBSTITUTE HOUSE BILL NO. 1025 was read the second time.

There being no objection, the rules were suspended, the second reading considered the third and the bill was placed on final passage.

Representative Armstrong spoke in favor of the passage of the bill.

The Speaker (Representative Morris presiding) stated the question before the House to be the final passage of Second Substitute House Bill No. 1025.

ROLL CALL

The Clerk called the roll on the final passage of Second Substitute House Bill No. 1025 and the bill passed the House by the following vote: Yeas, 97; Nays, 0; Absent, 0; Excused, 0.

SECOND SUBSTITUTE HOUSE BILL NO. 1025, having received the necessary constitutional majority, was declared passed.

HOUSE BILL NO. 1059, by Representatives Goodman, Kelley and Rodne

Making technical corrections to various statutes at the request of the statute law committee.

The bill was read the second time.

Representative Goodman moved the adoption of amendment (128):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 13.40.210 and 2007 c 203 s 1 and 2007 c 199 s 13 are each reenacted and amended to read as follows:
(1) The secretary of the department shall set a release date for each juvenile committed to its custody. The release date shall be within the prescribed range to which a juvenile has been committed under RCW 13.40.0357 or 13.40.030 except as provided in RCW 13.40.320 concerning offenders the department determines are eligible for the juvenile offender basic training camp program. Such dates shall be determined prior to the expiration of sixty percent of a juvenile's
minimum term of confinement included within the prescribed range to which the juvenile has been committed. The secretary shall release any juvenile committed to the custody of the department within four calendar days prior to the juvenile's release date or on the release date set under this chapter. Days spent in the custody of the department shall be tolled by any period of time during which a juvenile has absented himself or herself from the department's supervision without the prior approval of the secretary or the secretary's designee.

(3) The secretary shall monitor the average daily population of the state's juvenile residential facilities. When the secretary concludes that in-residence population of residential facilities exceeds one hundred five percent of the rated bed capacity specified in statute, or in absence of such specification, as specified by the department in rule, the secretary may recommend reductions to the governor. On certification by the governor that the recommended reductions are necessary, the secretary has authority to administratively release a sufficient number of offenders to reduce in-residence population to one hundred percent of rated bed capacity. The secretary shall release those offenders who have served the greatest proportion of their sentence. However, the secretary may deny release in a particular case at the request of an offender, or if the secretary finds that there is no responsible custodian, as determined by the department, to whom the offender would pose a clear danger to society. The department shall notify the committing court of the release at the time of release if any such early releases have occurred as a result of excessive in-residence population. In no event shall an offender adjudicated of a violent offense be granted release under the provisions of this subsection.

(3)(a) Following the release of any juvenile under subsection (1) of this section, the secretary may require the juvenile to comply with a program of parole to be administered by the department in his or her community which shall last no longer than eighteen months, except that in the case of a juvenile sentenced for rape in the first or second degree, rape of a child in the first or second degree, child molestation in the first degree, or indecent liberties with forcible compulsion, the period of parole shall be twenty-four months and, in the discretion of the secretary, may be up to thirty-six months when the secretary finds that an additional period of parole is necessary and appropriate in the interests of public safety or to meet the ongoing needs of the juvenile. A parole program is mandatory for offenders released under subsection (2) of this section and for offenders who receive a juvenile residential commitment sentence of theft of a motor vehicle (4), possession of a stolen motor vehicle, or taking a motor vehicle without permission 1. The decision to place an offender on parole shall be based on an assessment by the department of the offender's reintegration needs and the risk to the community. If, after concluding that in-residence population is excessive, the department shall prioritize available parole resources to provide supervision and services to offenders at moderate to high risk for reoffending.

(b) The secretary shall, for the period of parole, facilitate the juvenile's reintegration into his or her community and to further this goal shall require the juvenile to refrain from possessing a firearm or using a deadly weapon and refrain from committing new offenses and may require the juvenile to: (i) Undergo available medical, psychiatric, drug and alcohol, sex offender, mental health, and other offense-related treatment services; (ii) report as directed to a parole officer and/or designee; (iii) pursue a course of study, vocational training, or employment; (iv) notify the parole officer of the current address where he or she resides; (v) be present at a particular address during specified hours; (vi) remain within prescribed geographical boundaries; (vii) submit to electronic monitoring; (viii) refrain from using illegal drugs and alcohol, and submit to random urinalysis when requested by the assigned parole officer; (ix) refrain from contact with specific individuals or a specified class of individuals; (x) meet other conditions determined by the parole officer to further enhance the offender's reintegration into the community; (xi) make court-ordered fines or restitution; and (xii) perform community restitution. Community restitution for the purpose of this section means compulsory service, without compensation, performed for the benefit of the community by the offender. Community restitution may be performed through public or private organizations or through work crews.

(e) The secretary may further require up to twenty-five percent of the highest risk juvenile offenders who are placed on parole to participate in an intensive supervision program. Offenders participating in an intensive supervision program shall be required to comply with all terms and conditions listed in (b) of this subsection and shall also be required to comply with the following additional terms and conditions: (i) Obey all laws and refrain from any conduct that threatens public safety; (ii) report at least once a week to an assigned community case manager; (iii) meet all other requirements imposed by the community case manager related to participating in the intensive supervision program. As a part of the intensive supervision program, the secretary may require day reporting.

(d) After termination of the parole period, the juvenile shall be discharged from the department's supervision.

(4)(a) The department may also modify parole for violation thereof. If, after affording a juvenile all of the due process rights to which he or she would be entitled if the juvenile were an adult, the secretary finds that a juvenile has violated a condition of his or her parole, the secretary shall order one of the following which is reasonably likely to effectuate the purpose of the parole and to protect the public: (i) Continued supervision under the same conditions; (ii) intensified supervision with increased reporting requirements; (iii) additional conditions of supervision authorized by this chapter; (iv) except as provided in (a)(v) and (vi) of this subsection, imposition of a period of confinement not to exceed thirty days in a facility operated by or pursuant to a contract with the state of Washington or any city or county for a period of each day or for a certain number of days each week with the balance of the days or weeks spent under supervision; (v) the secretary may order any of the conditions or may return the offender to confinement for the remainder of the sentence range if the offense for which the offender was sentenced was rape in the first or second degree, rape of a child in the first or second degree, child molestation in the first degree, indecent liberties with forcible compulsion, or a sex offense that is also a serious violent offense as defined by RCW 9.94A.030; and (vi) the secretary may order any of the conditions or may return the offender to confinement for the remainder of the sentence range if the youth has completed the basic training camp program as described in RCW 13.40.320.

(b) The secretary may modify parole and order any of the conditions or may return the offender to confinement for up to twenty-four weeks if the offender was sentenced for a sex offense as defined under RCW 9A.44.130 and is known to have violated the terms of parole. Confinement beyond thirty days is intended to only be used for a small and limited number of sex offenders. It shall only be used when other graduated sanctions or interventions have not been effective or the behavior at the higher level of supervision is consistent with the higher level intervention and the violation: (i) Is a known pattern of behavior consistent with a previous sex offense that puts the youth at high risk for reoffending sexually; (ii) consists of sexual behavior that is determined to be predatory as defined in RCW 71.09.020; or (iii) requires a review under chapter 71.09 RCW, due to a recent overt act. The total number of days of confinement for violations of parole conditions during the parole period shall not exceed the number of days provided by the maximum sentence imposed by the disposition for the underlying offense pursuant to RCW 13.40.0357. The department shall not aggregate multiple parole violations that occur prior to the parole revocation hearing and impose consecutive twenty-four week periods of confinement for each parole violation. The department is authorized to engage in rule making pursuant to chapter 34.05 RCW, to implement this subsection, including narrowly defining the behaviors that could lead to this higher level intervention.

(c) If the department finds that any juvenile in a program of parole has possessed a firearm or used a deadly weapon during the program of parole, the department shall order one of the (a) of this subsection and confine the juvenile for at least thirty days. Confinement shall be in a facility operated by or pursuant to a contract with the state or any county.

(5) A parole officer of the department of social and health services shall have the power to arrest a juvenile under his or her...
supervision on the same grounds as a law enforcement officer would be authorized to arrest the person.

(6) If so requested and approved under chapter 13.06 RCW, the secretary shall permit a county or group of counties to perform functions under subsections (3) through (5) of this section.

Sec. 2. RCW 46.09.170 and 2007 c 522 s 953 and 2007 c 241 s 16 are each reenacted to read as follows:

(1) From time to time, but at least once each year, the state treasurer shall refund from the motor vehicle fund one percent of the motor vehicle fuel tax revenues collected under chapter 82.36 RCW, based on a tax rate of: (a) Nineteen cents per gallon of motor vehicle fuel from July 1, 2003, through June 30, 2005; (b) twenty cents per gallon of motor vehicle fuel from July 1, 2005, through June 30, 2007; (c) twenty-one cents per gallon of motor vehicle fuel from July 1, 2007, through June 30, 2009; (d) twenty-two cents per gallon of motor vehicle fuel from July 1, 2009, through June 30, 2011; and (e) twenty-three cents per gallon of motor vehicle fuel beginning July 1, 2011, and thereafter, less proper deductions for refunds and costs of collection as provided in RCW 46.68.090.

(2) The treasurer shall place these funds in the general fund as follows:

Thirty-six percent shall be credited to the ORV and nonhighway vehicle account and administered by the department of natural resources solely for acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities, and information programs and maintenance of nonhighway roads;

(b) Three and one-half percent shall be credited to the ORV and nonhighway vehicle account and administered by the department of fish and wildlife solely for the acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities and the maintenance of nonhighway roads;

(c) Two percent shall be credited to the ORV and nonhighway vehicle account and administered by the park and recreation commission solely for the acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities; and

(d) Fifty-eight and one-half percent shall be credited to the nonhighway and off-road vehicle activities program account to be administered by the board for planning, acquisition, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities and for education, information, and law enforcement programs. The funds under this subsection shall be expended in accordance with the following limitations:

(i) Not more than thirty percent may be expended for education, information, and law enforcement programs under this chapter;

(ii) Not more than seventy percent may be expended for ORV, nonmotorized, and nonhighway road recreation facilities. Except as provided in (d)(ii) of this subsection, of this amount:

(A) Not less than thirty percent, together with the funds the board receives under RCW 46.09.110, may be expended for ORV recreation facilities;

(B) Not less than thirty percent may be expended for nonmotorized recreation facilities. Funds expended under this subsection (2)(d)(ii)(B) shall be known as Ira Spring outdoor recreation facilities funds; and

(C) Not less than thirty percent may be expended for nonhighway road recreation facilities;

(iii) The board may waive the minimum percentage cited in (d)(ii) of this subsection due to insufficient requests for funds or projects that score low in the board's project evaluation. Funds remaining after such a waiver must be allocated in accordance with board policy.

(3) On a yearly basis an agency may not, except as provided in RCW 46.09.110, expend more than ten percent of the funds it receives under this chapter for general administrative expenses incurred in carrying out this chapter.

(4) During the 2007-09 fiscal biennium, the legislature may appropriate such amounts as reflect the excess fund balance in the NOVA account to the department of natural resources for planning and designing consistent off-road vehicle signage at department-managed recreation sites, and for planning recreation opportunities on department-managed lands in the Reiter block and Ahtanum state forest. This appropriation is not required to follow the specific distribution specified in subsection (2) of this section.

Sec. 3. RCW 49.60.040 and 2007 c 317 s 2 and 2007 c 187 s 4 are each reenacted to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Person" includes one or more individuals, partnerships, associations, organizations, corporations, cooperatives, legal representatives, trustees and receivers, or any group of persons; it includes any owner, lessee, proprietor, manager, agent, or employee, whether one or more natural persons; and further includes any political or civil subdivisions of the state and any agency or instrumentality of the state or of any political or civil subdivision thereof.

(2) "Commission" means the Washington state human rights commission.

(3) "Employer" includes any person acting in the interest of an employer, directly or indirectly, who employs eight or more persons, and does not include any religious or sectarian organization not organized for private profit.

(4) "Employee" does not include any individual employed by his or her parents, spouse, or child, or in the domestic service of any person.

(5) "Labor organization" includes any organization which exists for the purpose, in whole or in part, of dealing with employers concerning grievances or terms or conditions of employment, or for other mutual aid or protection in connection with employment.

(6) "Employment agency" includes any person undertaking with or without compensation to recruit, procure, refer, or place employees for an employer.

(7) "Marital status" means the legal status of being married, single, separated, divorced, or widowed.

(8) "National origin" includes "ancestry".

(9) "Full enjoyment of" includes the right to purchase any service, commodity, or article of personal property offered or sold on, or by, any establishment to the public, and the admission of any person to accommodations, advantages, facilities, or privileges of any place of public resort, accommodation, assemblage, or amusement, without acts directly or indirectly causing persons of any particular race, creed, color, sex, sexual orientation, national origin, or with any sensory, mental, or physical disability, or the use of a trained dog, guide or service animal by a person with a disability, to be treated as not welcome, accepted, desired, or solicited.

(10) "Any place of public resort, accommodation, assemblage, or amusement" includes, but is not limited to, any place, licensed or unlicensed, kept for gain, hire, or reward, or where charges are made for admission, service, occupation, or use of property or facilities, whether conducted for the entertainment, housing, or lodging of transient guests, or for the benefit, use, or accommodation of those seeking health, recreation, or rest, or for the burial or other disposal of human remains, or for the sale of goods, merchandise, services, or personal property, or for the rendering of personal services, or for public conveyance or transportation on land, water, or in the air, including the stations and terminals thereof and the garaging of vehicles, or where food or beverages of any kind are sold for consumption on the premises, or where public amusement, entertainment, sports, or recreation of any kind is offered with or without charge, or where medical service or care is made available, or where the public gathers, congregates, or assembles for amusement, recreation, or public purposes, or public halls, public elevators, and public washrooms of buildings and structures occupied by two or more tenants, or by the owner and one or more tenants, or any public library or educational institution, or schools of special instruction, or nursery schools, or day care centers or children's camps: PROVIDED, That nothing contained in this definition shall be construed to include or apply to any institute, bona fide club, or place of accommodation, which is by its nature distinctly private, including fraternal organizations, though where public use is permitted that use shall be covered by this chapter; nor shall anything contained in this definition apply to any educational facility, columbarium, crematory, mausoleum, or cemetery operated or maintained by a bona fide religious or sectarian institution.
(11) "Real property" includes buildings, structures, dwellings, real estate, lands, tenements, leaseholds, interests in real estate cooperatives, condominiums, and hereditaments, corporeal and incorporeal interests therein.

(12) "Real estate transaction" includes the sale, appraisal, brokering, exchange, purchase, rental, or lease of real property, transacting or applying for a real estate loan, or the provision of brokerage services.

(13) "Dwelling" means any building, structure, or portion thereof that is occupied as, or designed or intended for occupancy as, a residence by one or more families, and any vacant land that is offered for sale or lease for the construction or location thereon of any such building, structure, or portion thereof.

(14) "Sex" means gender.

(15) "Sexual orientation" means heterosexuality, homosexuality, bisexuality, and gender expression or identity. As used in this definition, "gender expression or identity" means having or being perceived as having a gender identity, self-image, appearance, behavior, or expression, whether or not that gender identity, self-image, appearance, behavior, or expression is different from that traditionally associated with the sex assigned to that person at birth.

(16) "Aggrieved person" means any person who: (a) Claims to have been injured by an unfair practice in a real estate transaction; or (b) believes that he or she will be injured by an unfair practice in a real estate transaction that is about to occur.

(17) "Complainant" means the person who files a complaint in a real estate transaction.

(18) "Respondent" means any person accused in a complaint or amended complaint of an unfair practice in a real estate transaction.

(19) "Credit transaction" includes any open or closed end credit transaction, whether in the nature of a loan, retail installment transaction, credit card issue or charge, or otherwise, and whether for personal or for business purposes, in which a service, finance, or interest charge is imposed, or which provides for repayment in scheduled payments, when such credit is extended in the regular course of any trade or commerce, including but not limited to transactions by banks, savings and loan associations or other financial lending institutions of whatever nature, stock brokers, or by a merchant or mercantile establishment which as part of its ordinary business permits or provides that payment for purchases of property or service therefrom may be deferred.

(20) "Families with children status" means one or more individuals who have not attained the age of eighteen years being domiciled with a parent or another person having legal custody of such individual or individuals, or with the designee of such parent or other person having such legal custody, with the written permission of such parent or other person. Families with children status also apply to a person who is pregnant or is in the process of securing legal custody of any individual who has not attained the age of eighteen years.

(21) "Covered multifamily dwelling" means: (a) Buildings consisting of four or more dwelling units if such buildings have one or more elevators; and (b) ground floor dwelling units in other buildings consisting of four or more dwelling units.

(22) "Premises" means the interior or exterior spaces, parts, components, or elements of a building, including individual dwelling units and the public and common use areas of a building.

(23) "Dog guide" means a dog that is trained for the purpose of guiding blind persons or a dog that is trained for the purpose of assisting hearing impaired persons.

(24) "Service animal" means an animal that is trained for the purpose of assisting or accommodating a sensory, mental, or physical disability of a person with a disability.

(25)(a) "Disability" means the presence of a sensory, mental, or physical impairment that:

(i) Is medically cognizable or diagnosable; or

(ii) Exists as a record or history; or

(iii) Is perceived to exist whether or not it exists in fact.

(b) A disability exists whether it is temporary or permanent, common or uncommon, mitigated or unmitigated, or whether or not it limits the ability to work generally or work at a particular job or whether or not it limits any other activity within the scope of this chapter.

(c) For purposes of this definition, "impairment" includes, but is not limited to:

(i) Any physiological disorder, or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: Neurological, musculoskeletal, special sense organs, respiratory, including speech organs, cardiovascular, reproductive, digestive, genitor-urinary, hemic and lymphatic, skin, and endocrine; or

(ii) Any mental, developmental, traumatic, or psychological disorder, including but not limited to cognitive limitation, organic brain syndrome, emotional or mental illness, and specific learning disabilities.

(d) Only for the purposes of qualifying for reasonable accommodation in employment, an impairment must be known or shown through an interactive process to exist in fact and:

(i) The impairment must have a substantially limiting effect upon the individual's ability to perform his or her job, the individual's ability to apply or be considered for a job, or the individual's access to equal benefits, privileges, or terms or conditions of employment; or

(ii) The employee must have put the employer on notice of the existence of an impairment, and medical documentation must establish a reasonable likelihood that engaging in job functions without an accommodation would aggravate the impairment to the extent that it would create a substantially limiting effect.

(e) For purposes of (d) of this subsection, a limitation is not substantial if it has only a trivial effect.

(26) "Honorably discharged veteran or military status" means a person who is:

(a) A veteran, as defined in RCW 41.04.007; or

(b) An active or reserve member in any branch of the armed forces of the United States, including the national guard, coast guard, and armed forces reserves.

Sec. 4. RCW 66.20.310 and 2008 c 94 s 11 and 2008 c 41 s 3 are each reenacted to read as follows:

(1)(a) There shall be an alcohol server permit, known as a class 12 permit, for a manager or bartender selling or mixing alcohol, spirits, wines, or beer for consumption at an on-premises licensed facility.

(b) There shall be an alcohol server permit, known as a class 13 permit, for a person who only serves alcohol, spirits, wines, or beer for consumption at an on-premises licensed facility.

(c) As provided by rule by the board, a class 13 permit holder may be allowed to act as a bartender without holding a class 12 permit.

(2)(a) Effective January 1, 1997, except as provided in (d) of this subsection, every alcohol server employed, under contract or otherwise, at a retail licensed premise shall have issued to them a class 12 or class 13 permit.

(b) Every class 12 and class 13 permit issued shall be issued in the name of the applicant and no other person may use the permit of another permit holder. The holder shall present the permit upon request to inspection by a representative of the board or a peace officer. The class 12 or class 13 permit shall be valid for employment at any retail licensed premises described in (a) of this subsection.

(c) Except as provided in (d) of this subsection, no licensee holding a license as authorized by RCW 66.24.320, 66.24.330, 66.24.350, 66.24.400, 66.24.425, 66.24.450, and 66.24.570 may employ or accept the services of any person without the person first having a valid class 12 or class 13 permit.

(d) Within sixty days of initial employment, every person whose duties include the compounding, sale, service, or handling of liquor shall have a class 12 or class 13 permit.

(e) No person may perform duties that include the sale or service of alcoholic beverages on a retail licensed premises without possessing a valid alcohol server permit.

(3) A permit issued by a training entity under this section is valid for employment at any retail licensed premises described in subsection (2)(a) of this section for a period of five years unless suspended by the board.

(4) The board may suspend or revoke an existing permit if any of the following occur:
(a) The applicant or permittee has been convicted of violating any of the state or local intoxicating liquor laws of this state or has been convicted at any time of a felony; or

(b) The employee has performed or permitted any act that constitutes a violation of this title or of any rule of the board.

(5) The suspension or revocation of a permit under this section does not relieve a licensee from responsibility for any act of the employee or agent while employed upon the retail licensed premises. The board may, as appropriate, revoke or suspend either the permit of the employee who committed the violation or the license of the licensee upon whose premises the violation occurred, or both the permit and the license.

(6)(a) After January 1, 1997, it is a violation of this title for any retail licensee or agent of a retail licensee as described in subsection (2)(a) of this section to employ in the sale or service of alcoholic beverages, any person who does not have a valid alcohol server permit or whose permit has been revoked, suspended, or denied.

(b) It is a violation of this title for a person whose alcohol server permit has been denied, suspended, or revoked to accept employment in the sale or service of alcoholic beverages.

(7) Grocery stores licensed under RCW 66.24.360, the primary commercial activity of which is the sale of grocery products and for which the sale and service of beer and wine for on-premises consumption with food is incidental to the primary business, and employees of such establishments, are exempt from RCW 66.20.300 through 66.20.350.

Sec. 5. RCW 70.105D.070 and 2008 c 329 s 921, 2008 e 329 s 920, 2008 c 329 s 919, and 2008 c 328 s 6009 are each reenacted and amended to read as follows:

(1) The state toxics control account and the local toxics control account are hereby created in the state treasury.

(2) The following moneys shall be deposited into the state toxics control account: (a) Those revenues which are raised by the tax imposed under RCW 82.21.030 and which are attributable to that portion of the rate equal to thirty-seven one-hundredths of one percent; (b) the costs of remedial actions recovered under this chapter or chapter 70.105A RCW; (c) penalties collected or recovered under this chapter; and (d) any other money appropriated or transferred to the account by the legislature. Moneys in the account may be used only to carry out the purposes of this chapter, including but not limited to the following activities:

   (i) The state's responsibility for hazardous waste planning, management, regulation, enforcement, technical assistance, and public education required under chapter 70.105 RCW;

   (ii) The state's responsibility for solid waste planning, management, regulation, enforcement, technical assistance, and public education required under chapter 70.95 RCW;

   (iii) The hazardous waste cleanup program required under this chapter;

   (iv) State matching funds required under the federal cleanup law;

   (v) Financial assistance for local programs in accordance with chapters 70.95, 70.95C, 70.95I, and 70.105 RCW;

   (vi) State government programs for the safe reduction, recycling, or disposal of hazardous wastes from households, small businesses, and agriculture;

   (vii) Hazardous materials emergency response training;

   (viii) Water and environmental health protection and monitoring programs;

   (ix) Programs authorized under chapter 70.146 RCW;

   (x) A public participation program, including regional citizen advisory committees;

   (xi) Public funding to assist potentially liable persons to pay for the costs of remedial action in compliance with cleanup standards under RCW 70.105D.030(2)(c) but only when the amount and terms of such funding are established under a settlement agreement under RCW 70.105D.040(4) and when the director has found that the funding will achieve both (A) a substantially more expeditious or enhanced cleanup than would otherwise occur, and (B) the prevention or mitigation of unfair economic hardship; and

   (xii) Development and demonstration of alternative management technologies designed to carry out the hazardous waste management priorities of RCW 70.105.150.

(3) The following moneys shall be deposited into the local toxics control account: Those revenues which are raised by the tax imposed under RCW 82.21.030 and which are attributable to that portion of the rate equal to thirty-seven one-hundredths of one percent.

   (a) Moneys deposited in the local toxics control account shall be used by the department for grants or loans to local governments for the following purposes in descending order of priority:

      (i) Remedial actions;

      (ii) Grant programs for the implementation of cleanup plans that would not otherwise occur; and

      (iii) Grant programs for the implementation of cleanup plans that would be implemented at no cost to the state.

   (b) Funds for plans and programs shall be allocated consistent with the priorities and matching requirements established in chapters 70.105, 70.95C, 70.95I, and 70.95 RCW, except that any applicant that is a Puget Sound partner, as defined in RCW 90.71.030, may be used for grants to local governments to retrofit public sector diesel equipment and for storm water planning and implementation activities.

   (c)(i) Funds may be appropriated to the department of health to implement programs to reduce testing requirements under the federal safe drinking water act for public water systems. The department of health shall reimburse the account for fees assessed under RCW 70.110A.115 by June 30, 1995.

       (ii) To expedite cleanups throughout the state, the department shall partner with local communities and liable parties for cleanups. The department is authorized to use the following additional strategies in order to ensure a healthful environment for future generations:

          (A) Funding would prevent or mitigate unfair economic hardship imposed by the clean-up liability;

          (B) Funding would create new substantial economic development, public recreational, or habitat restoration opportunities that would not otherwise occur; or

          (C) Funding would create an opportunity for acquisition and redevelopment of vacant, orphaned, or abandoned property under RCW 70.105D.040(5) that would not otherwise occur;

       (ii) The use of outside contracts to conduct necessary studies;

         (iii) The purchase of remedial action cost-cap insurance, when necessary to expedite multiparty clean-up efforts.

   (4) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in the state and local toxics control accounts may be spent only after appropriation by statute.

(5) One percent of the moneys deposited into the state and local toxics control accounts shall be allocated only for public participation grants to persons who may be adversely affected by a release or threatened release of a hazardous substance and to not-for-profit public interest organizations. The primary purpose of these grants is to facilitate the participation by persons and organizations in the investigation and remedying of releases or threatened releases of hazardous substances and to implement the state's solid and hazardous waste management priorities. (However, during the 1999-2001 fiscal biennium, funding may be granted to entities engaged in lobbying activities, and applicants may not be awarded...

The Speaker (Representative Morris presiding) stated the question before the House to be the final passage of House Bill No. 1818.

ROLL CALL

The Clerk called the roll on the final passage of House Bill No. 1818 and the bill passed the House by the following vote: Yeas, 97; Nays, 0; Absent, 0; Excused, 0.

HOUSE BILL NO. 1818, having received the necessary constitutional majority, was declared passed.

HOUSE BILL NO. 1409, by Representatives Van De Wege, Kessler, Upthegrove, Rolfs, Blake, Dunshee, Campbell, Jacks, Orwell, Seaquist, Appleton, Nelson, Roberts, Morris, Takko, Cody, Carlyle, McCoy, Goodman, Quall, Sullivan, Litas, Chase, Pedersen, Williams, Kagi, Kenney, Simpson, Conway and Moeller

Providing an emergency response system for the Strait of Juan de Fuca.

The bill was read the second time.

There being no objection, Substitute House Bill No. 1409 was substituted for House Bill No. 1409 and the substitute bill was placed on the second reading calendar.

SUBSTITUTE HOUSE BILL NO. 1409 was read the second time.

Representative Short moved the adoption of amendment (093):

On page 3, after line 19, insert the following:

(5) If the cumulative annual contract amount for all covered vessels required to satisfy the emergency response system requirements of this section is greater than the annual amount paid by the state as part of its 2007-2009 biennium contract with the Neah Bay emergency response vessel, then the additional funding above the 2007-2009 contract rate must be provided by the state of Washington.

Representatives Short, Chandler and Orcutt spoke in favor of the amendment.

Representative Short moved the adoption of amendment (119):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that the Olympic Peninsula is bounded on the west and north by uniquely rich and highly vulnerable biological, cultural, and marine resources supporting some of the nation’s most valuable commercial, tribal, recreational, and sport fisheries. The area also sustains endangered species and numerous species of valuable marine mammals. The area’s national significance is recognized by special federal designations including a national park, a national marine sanctuary, a maritime area to be avoided, national wildlife refuges, a world heritage site, as well as tribal lands and usual and accreted fishing areas of federally recognized Indian tribes. This remote area periodically experiences severe coastal storms, dangerous seas, strong coastal currents, and frequent fog placing economically valuable maritime commerce and ship crews at risk.

(2) The legislature further finds that these peculiarities of the local waters require special protection from the serious threat posed by maritime casualties. The area’s natural, cultural, and economic resources must be provided with the best achievable protection from damages caused by the discharge of oil into coastal waters.

(3) The legislature further finds that the state of Washington has maintained an emergency response tug at Neah Bay since 1999 to protect its waters from maritime casualties and resultant oil spills. During that time it has demonstrated its capability by responding to forty-one ships in need of assistance in the area from Port Angeles to the Columbia river. State funding is scheduled to end June 30, 2009. The legislature intends for the maritime industry to provide and fully fund a year-round emergency response tug at Neah Bay, including the logistical and operational management support system. This emergency response towing vessel and its operations should meet or exceed the state’s fiscal year 2009 technical contract specifications of the contracted Neah Bay emergency response towing vessel.

Sec. 2. RCW 88.46.130 and 1991 c 200 s 426 are each amended to read as follows:

(1) An emergency response system for vessels operating in the entry of the Strait of Juan de Fuca shall be established and operated consistent with this section by July 1, 2010. In establishing the emergency response system, the administrator shall consider the recommendations of the regional maritime safety committees. The administrator shall also consult with the province of British Columbia regarding its participation in the emergency response system.

(2)(a) Except as otherwise provided in this section, and in addition to the contingency plan requirements adopted by the department under RCW 88.46.060, contingency plans for all covered vessels while operating in all waters of the entry to the Strait of Juan de Fuca north of the Clallam county shoreline and east of Duncan rock must provide for the emergency response system described in this section, including the management and operation of an emergency response towing vessel that satisfies the planning standards in section 3 of this act.

(b) Owners and operators of covered vessels that operate in the portion of the entry to the Strait of Juan de Fuca identified in this subsection shall submit an addendum to their oil spill contingency plan demonstrating compliance with this section by January 1, 2010. A vessel submitting an initial contingency plan on or before January 1, 2010 must provide documentation of its compliance with this section concurrent with the submittal of its contingency plan.

(c) The department shall review all submittals demonstrating compliance with this section and shall approve any submittal that meets the intent and planning standards established in section 3 of this act.

(3) Full implementation of section 3 of this act, or implementation of a system of protective measures imposed or required by the federal government that are determined by the department to be substantially equivalent to those requirements, satisfies the emergency response system required by this subsection.

(4) The director may suspend the requirement for an emergency response towing vessel created in this section if the director determines that an emergency response towing vessel satisfying the requirements of section 3 of this act is not available to provide the services required under this section.

NEW SECTION. Sec. 3. A new section is added to chapter 88.46 RCW to read as follows:
(1) An emergency response towing vessel that is a part of the emergency response system required by RCW 88.46.130 must be stationed at Neah Bay and be continuously capable and available to respond to any vessel emergency. The towing vessel must, at a minimum, be able to satisfy the following planning standards:
(a) Be underway within twenty minutes of a decision to deploy;
(b) Be able to deploy at any hour of any day to provide emergency assistance and be safely manned to remain underway for at least forty-eight hours;
(c) In severe weather conditions, be capable of making up to, stopping, holding, and towing a drifting or disabled vessel of one hundred eighty thousand metric dead weight tons;
(d) In severe weather conditions, be capable of holding position within one hundred feet of another vessel;
(e) Be equipped with and maneuverable enough to effectively employ a ship anchor chain recovery hook and line throwing gun;
(f) Be capable of a bollard pull of at least seventy short tons; and
(g) Be equipped with appropriate equipment for:
(i) Damage control patching;
(ii) Vessel dewatering;
(iii) Air safety monitoring; and
(iv) Digital photography.
(3)(a) The department must be authorized to contract with the emergency response towing vessel, at the discretion of the department, in response to a potentially emerging maritime casualty or as a precautionary measure during severe storms. All instances of use by the department must be paid for by the department.
(b) Covered vessels that are required to provide an emergency response towing vessel under RCW 88.46.130 may not restrict the emergency response towing vessel from responding to distressed vessels that are not covered vessels.
(d) Nothing in this section limits the ability of a covered vessel to contract with an emergency response towing vessel with capabilities that exceed the minimum capabilities provided for a towing vessel in this section.
(5) The covered vessel owner or operator shall submit a written report to the department as soon as practicable regarding an emergency response system deployment, including photographic documentation determined by the department to be of adequate quality. The report must provide a detailed description of the incident necessitating a response and the actions taken to render assistance under the emergency response system.

**NEW SECTION.** Sec. 4. A new section is added to chapter 88.46 RCW to read as follows:
(1) It is the intent of the legislature to provide the various components of the maritime industry with the tools necessary to satisfy the requirements of RCW 88.46.130 in the most cost-effective manner. In doing, the legislature encourages, but does not mandate, the maritime industry to unite behind their mutual interests and responsibilities and identify or form a single umbrella organization that allows all affected covered vessels to equitably share the costs inherent in the implementation of RCW 88.46.130.
(2) The legislature further finds that an equitable sharing of the costs of implementing RCW 88.46.130 may mean that not all covered vessels will be responsible for providing the same amount of funding. Any umbrella organization that is identified or formed to satisfy the requirements of this act should consider the multitude of factors that comprise the risk of oil spills and the likelihood of initiating a response from the emergency response vessel required by RCW 88.46.130, including the number of transits made by the covered vessel, the nature and quantity of its cargo, and the technical sophistication of its design, safety updates, and maintenance.
(3) The umbrella organization that is identified or formed to provide the authority for any operator of a covered vessel that feels as though an umbrella organization that is identified, formed, or proposed for formation does not equitably share the costs of compliance with RCW 88.46.130 with the covered vessel in question, or the class of vessel to which the covered vessel belongs, to either contract directly with an adequate emergency response vessel or form or join a discreet umbrella organization representing the appropriate segment of the maritime industry. However, if the operator of a covered vessel chooses not to join a proposed or existing umbrella organization, or finds that negotiations leading to the formation of an umbrella organization are not progressing in an adequate manner, the legislature requests, but does not require, that the vessel operator contact the department and provide official notice of their concern as to how the umbrella group in question failed in establishing an equitable cost-share strategy.
(4) The department shall collect and maintain all notices received under this section and shall summarize any reports received by the operators of covered vessels and report the summation to the appropriate committees of the legislature upon request by a legislative committee.

**NEW SECTION.** Sec. 5. (1) Designated representatives of the owners and operators of all classes of covered vessels shall negotiate, given the intent of section 4 of this act, a system to determine the equitable apportionment of costs of the emergency response system required by this act.
(2) Participants to the negotiations shall report the results to the appropriate committees of the legislature by December 1, 2009. This report shall provide available information relating to:
(a) The anticipated average annual cost of providing the emergency response system required by this act;
(b) The methodology for determining the annual cost for each vessel of complying with this act, including a system for crediting enhanced navigational or structural characteristics, and any caps or limitations on total cost for vessels that frequently transit the waters identified in this act; and
(c) The anticipated average annual cost of complying with this act for each of the following class of covered vessels:
(i) Oil tankers;
(ii) Tank barges;
(iii) Tug and oil barge combinations;
(iv) Nontank vessels, including cruise ships;
(v) Other covered vessels.
(3) If the representatives designated under this section to participate in negotiations fail to achieve the goals of this section or otherwise choose not to report the outcomes to the legislature, the department of ecology shall, by December 1, 2009, deliver the summation of any reports received under section 4 of this act.

**NEW SECTION.** Sec. 6. A new section is added to chapter 88.46 RCW to read as follows:
(1) In addition to reviewing contingency plans submitted under RCW 88.46.130, the department may determine the adequacy of the emergency response system required in RCW 88.46.130 through practice drills that test the adequacy of the responding entity’s capabilities and satisfaction of the requirements of section 3 of this act. Practice drills may be conducted without prior notice.
(2) Each successful response to a vessel emergency may be considered by the department to satisfy a drill covering this portion of a covered vessel’s contingency plan.
(3) Drills of the emergency response system required in RCW 88.46.130 must emphasize the system’s ability to respond to a potentially worst case vessel emergency scenario.

**Sec. 7.** RCW 88.46.010 and 2007 c 347 s 5 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Best achievable protection" means the highest level of protection that can be achieved through the use of the best achievable technology and those staffing levels, training procedures, and operational methods that provide the greatest degree of protection achievable. The director’s determination of best achievable protection shall be guided by the critical need to protect the state’s natural resources and waters, while considering (a) the additional protection provided by the measures; (b) the technological achievability of the measures; and (c) the cost of the measures.
(2) "Best achievable technology" means the technology that provides the greatest degree of protection taking into consideration (a) processes that are being developed, or could feasibly be developed, given overall reasonable expenditures on research and
development, and (b) processes that are currently in use. In determining what is best achievable technology, the director shall consider the effectiveness, engineering feasibility, and commercial availability of the technology.

(3) "Cargo vessel" means a self-propelled ship in commerce, other than a tank vessel or a passenger vessel, of three hundred or more gross tons, including but not limited to, commercial fish processing vessels and freighters.

(4) "Bulk" means material that is stored or transported in a loose, unpackaged liquid, powder, or granular form capable of being conveyed by a pipe, bucket, chute, or belt system.

(5) "Covered vessel" means a tank vessel, cargo vessel, or passenger vessel.

(6) "Department" means the department of ecology.

(7) "Director" means the director of the department of ecology.

(8) "Discharge" means any spilling, leaking, pumping, pouring, emitting, emptying, or dumping.

(9) "Dungeness rock" means the nautical landmark located northwest of Tatoosh Island in Clallam county marking the entrance to the Strait of Juan de Fuca.

(10) "Entry to the Strait of Juan de Fuca" means that portion of the Strait of Juan de Fuca seaward of a line drawn from New Dungeness light to Discovery Island light on Vancouver Island; British Columbia, Canada, and including the Washington portion of the approach area to the Strait of Juan de Fuca from Cape Flattery light in Clallam county southward to North Head light in Pacific county near the mouth of the Columbia river.

(11)(a) "Facility" means any structure, group of structures, equipment, pipeline, or device, other than a vessel, located on or near the navigable waters of the state that transfers oil in bulk to or from a tank vessel or pipeline, that is used for producing, storing, handling, transferring, processing, or transporting oil in bulk.

(b) A facility does not include any: (i) Railroad car, motor vehicle, or other rolling stock while transporting oil over the highways or rail lines of this state; (ii) retail motor vehicle motor fuel outlet; (iii) facility that is operated as part of an exempt agricultural activity as provided in RCW 82.04.330; (iv) underground storage tank regulated by the department or a local government under chapter 90.76 RCW; or (v) marine fuel outlet that does not dispense more than three thousand gallons of fuel to a ship that is not a covered vessel, in a single transaction.

(12) "Marine facility" means any facility used for tank vessel wharfage or anchorage, including any equipment used for the purpose of handling or transferring oil in bulk to or from a tank vessel.

(13) "Navigable waters of the state" means those waters of the state, and their adjoining shorelines, that are subject to the ebb and flow of the tide and/or are presently or historically included in any other public navigable watercourses within the jurisdiction of the state, or navigable by public or private vessels, adapted to carry, or adapted to be carried in a vessel of the largest size and type adapted to be carried by the waters of the state.

(14) "Oil" or "oils" means oil of any kind that is liquid at atmospheric temperature and any fractionation thereof, including, but not limited to, crude oil, petroleum, gasoline, fuel oil, diesel oil, biological oils and blends, oil sludge, oil refuse, and oil mixed with wastes other than dredged spoil. Oil does not include any substance listed in Table 302.4 of 40 C.F.R. Part 302 adopted August 14, 1989, under section 101(14) of the federal comprehensive environmental response, compensation, and liability act of 1980, as amended by P.L. 99-499.

(15) "Offshore facility" means any facility located in, on, or under any of the navigable waters of the state, but does not include a facility any part of which is located in, on, or under any land of the state, other than submerged land. "Offshore facility" does not include a marine facility.

(16) "Onshore facility" means any facility any part of which is located in, on, or under any land of the state, other than submerged land. "Onshore facility" does not include a marine facility.

(17)(a) "Owner or operator" means (i) in the case of a vessel, any person owning, operating, or chartering by demise, the vessel; (ii) in the case of an onshore or offshore facility, any person owning or operating the facility; and (iii) in the case of an abandoned vessel or onshore or offshore facility, the person who owned or operated the vessel or facility immediately before its abandonment.

(b) "Operator" does not include any person who owns the land underlying a facility if the person is not involved in the operations of the facility.

(18) "Passenger vessel" means a ship of three hundred or more gross tons with a fuel capacity of at least six thousand gallons carrying passengers for compensation.

(19) "Person" means any political subdivision, government agency, municipality, industry, public or private corporation, copartnership, association, firm, individual, or any other entity whatsoever.

(20) "Severe weather conditions" means observed nautical conditions with sustained winds measured at forty knots and wave heights measured between twelve and eighteen feet.

(21) "Ship" means any boat, ship, vessel, barge, or other floating craft of any kind.

(22) "Spill" means an unauthorized discharge of oil into the waters of the state.

(23) "Tank vessel" means a ship that is constructed or adapted to carry, or that carries, oil in bulk as cargo or cargo residue, and that:

(a) Operates on the waters of the state; or

(b) Transfers oil in a port or place subject to the jurisdiction of this state.

(24) "Vessel emergency" includes:

(a) A substantial threat of pollution originating from a covered vessel, including, but not limited to, loss or serious degradation of propulsion, steering, means of navigation, primary electrical generating capability, and seakeeping capability;

(b) Hull breach; or

(c) Oil spill.

(25) "Waters of the state" includes lakes, rivers, ponds, streams, inland waters, underground water, salt waters, estuaries, tidal flats, beaches and lands adjoining the seacoast of the state, sewers, and all other surface waters and watercourses within the jurisdiction of the state of Washington.

(26) "Worst case spill" means: (a) In the case of a vessel, a spill of the entire cargo and fuel of the vessel complicated by adverse weather conditions; and (b) in the case of an onshore or offshore facility, the largest foreseeable spill in adverse weather conditions.

Sec. 8. RCW 90.56.500 and 1991 c 200 s 805 are each amended to read as follows:

(1) The state oil spill response account is created in the state treasury. All receipts from RCW 82.23B.020(1) shall be deposited in this account. All costs reimbursed to the state by a responsible party or any other person for responding to a spill of oil shall also be deposited in the account. Moneys in the account shall be spent only after appropriation. The account is subject to allotment procedures under chapter 43.88 RCW.

(2) The account shall be used exclusively to pay for:

(a) The costs associated with the response to spills of crude oil or petroleum products into the navigable waters of the state; and

(b) The costs associated with the department's use of the emergency response towing vessel as described in section 3 of this act.

(3) Payment of response costs under subsection (2)(a) of this section shall be limited to spills which the director has determined likely to exceed fifty thousand dollars. Before expending moneys from the account, the director shall make reasonable efforts to obtain funding for response costs from the person responsible for the spill and from other sources, including the federal government.

(4) Reimbursement for response costs shall be allowed only for costs which are not covered by funds appropriated to the agencies responsible for response activities. Costs associated with the response to spills of crude oil or petroleum products shall include:

(a) Natural resource damage assessment and related activities;

(b) Spill related response, containment, wildlife rescue, cleanup, disposal, and associated costs;

(5) The costs associated with the emergency response towing vessel are as follows:

(a) The costs associated with the response to a spill of crude oil or petroleum products into the navigable waters of the state; and

(b) The costs associated with the emergency response towing vessel as described in section 3 of this act.
Interagency coordination and public information related to a response; and
Appropriate travel, goods and services, contracts, and equipment.

**NEW SECTION.** Sec. 9. (1) The director of the department of ecology, or the director's designee, shall initiate discussions with the director's equivalent position in the government for the Canadian province of British Columbia to explore options for Washington and British Columbia to share the marine response assets required under this act.

(2) Any progress or outcomes from the discussions initiated under this section must be reported to the appropriate committees of the legislature no later than January 1, 2011.

(3) This section expires July 31, 2011.

Correct the title.

Representative Short moved the adoption of amendment (125) to amendment (119):

On page 3, after line 5 of the amendment, insert the following:

"(5) If the cumulative annual contract amount for all covered vessels required to satisfy the emergency response system requirements of this section is greater than the annual amount paid by the state as part of its 2007-2009 biennium contract with the Neah Bay emergency response vessel, then the additional funding above the 2007-2009 contract rate must be provided by the state of Washington."

Representatives Short spoke in favor of the adoption of the amendment to amendment (119).

Representative Upthegrove spoke against the adoption of the amendment to amendment (119).

Amendment (125) to amendment (119) was not adopted.

The question before the House was the adoption of amendment (119).

Representative Van De Wege spoke in favor of the adoption of the amendment.

Representative Short spoke against the adoption of the amendment.

Amendment (119) was adopted. The bill was ordered engrossed.

There being no objection, the rules were suspended, the second reading considered the third and the bill was placed on final passage.

Representatives Van De Wege, Seaquist and Van De Wege (again) spoke in favor of the passage of the bill.

Representatives Short, Ericksen, Orcutt and Armstrong spoke against the passage of the bill.

The Speaker (Representative Morris presiding) stated the question before the House to be the final passage of Engrossed Substitute House Bill No. 1409.

**ROLL CALL**

The Clerk called the roll on the final passage of Engrossed Substitute House Bill No. 1409 and the bill passed the House by the following vote: Yeas, 62; Nays, 35; Absent, 0; Excused, 0. Voting yea: Representatives Appleton, Bailey, Blake, Campbell, Carlyle, Chase, Cibborn, Cody, Conway, Darnelle, Dickerson, Dunshee, Eddy, Ericks, Finn, Flannigan, Goodman, Green, Haigh, Hasegawa, Hugdins, Hunt, Hunter, Hurst, Jacks, Kagi, Kenney, Kessler, Kirby, Liias, Linville, Maxwell, McCoy, Miloscia, Moeller, Morrell, Morris, Nelson, O'Brien, Ormsby, Orwall, Pedersen, Pettigrew, Priest, Quall, Roberts, Rolfes, Santos, Seaquist, Sells, Simpson, Smith, Springer, Sullivan, Takko, Upthegrove, Van De Wege, Wallace, White, Williams, Wood and Mr. Speaker.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1409, having received the necessary constitutional majority, was declared passed.

There being no objection, the House advanced to the eighth order of business.

There being no objection, the Committee on Rules was relieved of the following bills, and the bills were placed on the second reading calendar:

There being no objection, the House advanced to the eleventh order of business.

There being no objection, the House adjourned until 9:30 a.m., March 6, 2009, the 54th Day of the Regular Session.

FRANK CHOPP, Speaker
BARBARA BAKER, Chief Clerk
The House was called to order at 9:30 a.m. by the Speaker (Representative Moeller presiding). The Clerk called the roll and a quorum was present.

The flags were escorted to the rostrum by the Navy/Marine Corps Color Guard. The Speaker (Representative Moeller presiding) led the Chamber in the Pledge of Allegiance. The prayer was offered by Commander Anthony Berchmanz, Chaplain. The National Anthem was sung by MUS Sarah Reasuer.

RESOLUTIONS

HOUSE RESOLUTION NO. 2009-4630, by Representatives Bailey, Rolles and Sells

WHEREAS, The 21st century is the Pacific century, and Washington state is uniquely positioned politically, economically, and geographically to deal with the opportunities and challenges presented by Asia and the Pacific Rim countries; and

WHEREAS, The Navy is the military service that secures sea lanes, allowing free flow of commerce to and from our state, and the service whose power projection promotes stability for our friends and deters aggression from our foes; and

WHEREAS, The Navy has explored and defended Northwest waters for more than one hundred fifty years; and

WHEREAS, Washington state naval bases consistently receive awards for the quality of life they provide to sailors and family members, are recognized as models for other military facilities, and are continuously being improved in energy efficiency and environmental responsibility; and

WHEREAS, Washington state-based sailors are serving at sea, on the ground, and in the air, on every ocean and every continent; and

WHEREAS, Puget Sound is the United States Navy’s third largest Fleet Concentration area, with two aircraft carriers, five warships, fourteen submarines, and one hundred nineteen aircraft in Washington state; and

WHEREAS, The United States Navy spends 4.3 billion dollars annually in the Northwest and provides economic stability to dozens of Washington cities and tens of thousands of Washington state citizens; and

WHEREAS, Washington state-based Navy units were the first on scene to provide relief services after the 2005 tsunami in southern Asia, the first to fire missiles against Taliban forces in Afghanistan, and continue to set the standard for naval operations around the world; and

WHEREAS, Navy personnel provide homeland security, disaster assistance, and rescue services to Washington state citizens; and

WHEREAS, Over 128,000 members of the Navy family, including active duty, retired, dependent, and civilian Navy personnel, consider Washington home; are community leaders, role models, and mentors; and invest millions of dollars and thousands of hours to the economy, local charities, and community programs.

NOW, THEREFORE, BE IT RESOLVED, That the Washington State House of Representatives recognize and express appreciation for all those who have ever served in the United States Navy, and all the family members and friends who shared their sacrifices with them; and

BE IT FURTHER RESOLVED, That the House of Representatives recognize all the many contributions the Navy and its personnel make for everyone living in the United States and the entire global community, and observe Navy Day which is celebrated on March 6, 2009.

Representative Bailey moved adoption of House Resolution No. 4630.

Representatives Bailey, Seaquist and Dammeyer spoke in favor of the adoption of the resolution.

HOUSE RESOLUTION NO. 4630 was adopted.

HOUSE RESOLUTION NO. 2009-4616, by Representatives Kagi, Kenney, Dickerson, Pedersen, Cody, Santos, Miloscia, Blake, Clibborn, White, Chase and Carlyle

WHEREAS, Childhaven (originally Seattle Day Nursery) was one of the first child care centers in the nation, beginning in 1909; and

WHEREAS, In 1909, Reverend Mark Matthews of First Presbyterian Church, planned for and opened a day nursery to meet the needs of women who had to work because they were widowed or abandoned, or their husbands were unable to work because they were injured at work and existing on the contributions of the citizens who donated goods and volunteered their time; and

WHEREAS, In 1921, Seattle Day Nursery completed a new child care building, the first structure west of the Mississippi to be constructed specifically as a child care facility, and was also selected to be a charter member of the newly formed Community Chest (later called United Way of King County); and

WHEREAS, During World War I and World War II, when industry needed women to employ, Seattle Day Nursery served as a support system for those who worked in the shipyards, for The Boeing Company, in defense plants, and for other vital businesses in this state – setting the standard for good child care, which was becoming an industry in its own right; and

WHEREAS, In 1973, Executive Director Patrick L. Gogerty, who had an extensive background working with juvenile delinquents and realized the link between early abuse and neglect - and later criminal behavior, worked with Child Protective Services to develop the Therapeutic Child Care Program model and meet an unmet need of support for the youngest and most vulnerable victims of abuse and neglect, children age one month through five years; and

WHEREAS, The Washington state legislature has passed legislation providing state funds for Seattle Day Nursery to conduct empirical research on the effectiveness of using the Therapeutic Child Care Program model to provide early intervention and treatment to abused or neglected children under the age of twenty-four months, which, based on the results, led Seattle Day Nursery to transition all of its locations to Therapeutic Child Care and receive referrals from Child Protective Services for the children it cared for; and

WHEREAS, Seattle Day Nursery changed its name to Childhaven in 1985 to adequately reflect the mission of the agency and the expansion of services to other areas in King county; and

WHEREAS, In 1989, Childhaven developed the first, and still only, crisis nursery program in King county, focusing on preventing possible abuse and neglect by offering parents a safe place for their children during times of stress and crisis – and in 1990 established the Drug-Affected Infant Program, the first of its kind in Washington state, to treat children from birth through five years of age whose parents are enrolled in chemical dependency treatment programs; and

WHEREAS, In 2009, Childhaven celebrates 100 years of services to children in King county;

NOW, THEREFORE, BE IT RESOLVED, That the House of Representatives of the state of Washington officially recognize the
invaluable work that Childhaven provides to the youngest and most vulnerable citizens of this state: Infants, toddlers, and preschoolers.

Representative Kagi moved adoption of House Resolution No. 4616.

Representatives Kagi and Walsh spoke in favor of the adoption of the resolution.

HOUSE RESOLUTION NO. 4616 was adopted.

MESSAGE FROM THE SENATE

March 5, 2009

Mr. Speaker:

The Senate has passed:

ENGROSSED SUBSTITUTE SENATE BILL NO. 5225, ENGROSSED SUBSTITUTE SENATE BILL NO. 5595, ENGROSSED SUBSTITUTE SENATE BILL NO. 5800, and the same are herewith transmitted.

Thomas Hoermann, Secretary

INTRODUCTION AND FIRST READING

SSB 5007 by Senate Committee on Higher Education & Workforce Development (originally sponsored by Senators McAuliffe, King, Oemig, Holmquist, McDermott, Kauffman, Pridemore, Kilmer, Hobbs, Tom, Brandland, Swecker, Shin, Franklin, Parlette and Roach)

"Sec. 3. RCW 79A.15.040 and 2008 c 299 s 29 are each amended to read as follows:
(1) Moneys appropriated for this chapter to the habitat conservation account shall be distributed in the following way:
(a) Not less than forty percent through June 30, 2011, at which time the amount shall become forty-five percent, for the acquisition and development of critical habitat;
(b) Not less than thirty percent for the acquisition and development of natural areas;
(c) Not less than twenty percent for the acquisition and development of urban wildlife habitat; and
(d) Not less than ten percent through June 30, 2011, at which time the amount shall become five percent, shall be used by the board to fund restoration and enhancement projects on state park lands. Only the (department of natural resources and the department of fish and wildlife) state parks and recreation commission may apply for these funds to be used on existing (habitat and natural area) state park lands.
(2) (a) In distributing these funds, the board retains discretion to meet the most pressing needs for critical habitat, natural areas, and urban wildlife habitat, and is not required to meet the percentages described in subsection (1) of this section in any one biennium.
(b) If not enough project applications are submitted in a category within the habitat conservation account to meet the percentages described in subsection (1) of this section in any biennium, the board retains discretion to distribute any remaining funds to the other categories within the account.
(3) Only the state ((agencies)) parks and recreation commission may apply for acquisition and development funds for natural areas projects under subsection (1)(b) of this section.
(4) (State and local agencies) The state parks and recreation commission may apply for acquisition and development funds for critical habitat and urban wildlife habitat projects under subsection (1)(a) and (c) of this section.
(5) (i) Any lands that have been acquired with grants under this section by the department of fish and wildlife are subject to an amount in lieu of real property taxes and an additional amount for control of noxious weeds as determined by RCW 77.12.205.

(b) Any lands that have been acquired with grants under this section by the department of natural resources are subject to payments in the amounts required under the provisions of RCW 90.44.130 and 79A.15.140.
(6)) Except as otherwise conditioned by RCW 79A.15.140 or 79A.15.150, the board in its evaluating process shall consider the following in determining distribution priority:
(a) Whether the entity applying for funding is a Puget Sound partner, as defined in RCW 90.71.010;
(b) Effective one calendar year following the development and statewide availability of model evergreen community management plans and ordinances under RCW 35.105.050, whether the entity receiving assistance has been recognized, and what gradation of recognition was received, in the evergreen community recognition program created in RCW 35.105.030; and
(e) Whether the project is referenced in the action agenda developed by the Puget Sound partnership under RCW 90.71.310. ((After January 1, 2010, any project designed to address the restoration of Puget Sound may be funded under this chapter only if the project is not in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310. Sec. 4. RCW 79A.15.050 and 2007 c 241 s 30 are each amended to read as follows:

Representative Seaquist moved the adoption of amendment (157):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that substantial progress has been made toward achieving the equally important goals set in 2007 that all children in Washington state have health care coverage by 2010 and that child health outcomes improve. The legislature also finds that continued steps are necessary to reach the goals that all children in Washington state shall have access to the health services they need to be healthy and ready to learn and that key measures of child health outcomes will show year by year improvement. The legislature further finds that reaching these goals is integral to the state's ability to weather the current economic crisis. The recent reauthorization of the federal children's health insurance program provides additional opportunities for the state to reach these goals. In view of these important objectives, the legislature intends that the apple health for kids program be managed actively across administrations in the department of social and health services, and across state and local agencies, with clear accountability for achieving the intended program outcomes.

Sec. 2. RCW 74.09.470 and 2007 c 5 s 2 are each amended to read as follows: (1) Consistent with the goals established in RCW 74.09.402, through the apple health for kids program authorized in this section, the department shall provide affordable health care coverage to children under the age of nineteen who reside in Washington state and whose family income at the time of enrollment is not greater than two hundred and fifty percent of the federal poverty level adjusted for family size and determined annually by the federal department of health and human services, and effective January 1, 2009, and only to the extent that funds are specifically appropriated therefor, to children whose family income is not greater than three hundred percent of the federal poverty level. In administering the program, the department shall take such actions as may be necessary to ensure the receipt of federal financial participation under the medical assistance program, as codified at Title XIX of the federal social security act, and the state children's health insurance program, as codified at Title XXI of the federal social security act, and any other federal funding sources that are now available or may become available in the future. The department and the caseload forecast council shall estimate the anticipated caseload and costs of the program established in this section.

(2) The department shall accept applications for enrollment for children's health care coverage; establish appropriate minimum-enrollment periods, as may be necessary; and determine eligibility based on current family income. The department shall make eligibility determinations within the time frames for establishing eligibility for children on medical assistance, as defined by RCW 74.09.510. The application and annual renewal processes shall be designed to minimize administrative barriers for applicants and enrolled clients, and to minimize gaps in eligibility for families who are eligible for coverage. If a change in family income results in a change in ((program eligibility)) the source of funding for coverage, the department shall transfer the family members to the appropriate ((program)) source of funding and notify the family with respect to any change in premium obligation, without a break in eligibility. The department shall use the same eligibility redetermination and appeals procedures as those provided for children on medical assistance programs. The department shall modify its eligibility renewal procedures to lower the percentage of children failing to annually renew. (The department shall report to the appropriate committees of the legislature on its progress in this regard by December 2007.)

The department shall manage its outreach, application, and renewal procedures with the goals of: (a) Achieving year by year improvements in enrollment, enrollment rates, renewals, and renewal rates, (b) maximizing the use of existing program databases to obtain..."
information related to earned and unearned income for purposes of eligibility determination and renewals, including, but not limited to, the basic food program, the child care subsidy program, federal social security administration programs, and the employment security department wage database; (c) streamlining renewal processes to rely primarily upon data matches, online submissions, and telephone interviews; and (d) implementing any other eligibility determination and renewal processes to allow the state to receive an enhanced federal matching rate and additional federal outreach funding available through the federal children's health insurance program reauthorization act of 2009 by January 2010. The department shall advise the governor and the legislature regarding the status of these efforts by September 30, 2009. The information provided should include the status of the department's efforts, the anticipated impact of those efforts on enrollment, and the costs associated with that enrollment. Each child enrolled in the apple health for kids program under this section will receive an eligibility card that clearly identifies the bearer, by text and logo, as a participant in the program. The card also must include a statement that the goal of the apple health for kids program is to provide health care coverage so that all children in Washington state have the opportunity to succeed in school and live healthy lives.

(3) To ensure continuity of care and ease of understanding for families and health care providers, and to maximize the efficiency of the program, the amount, scope, and duration of health care services provided to children under this section shall be the same as that provided to children under medical assistance, as defined in RCW 74.09.520.

(4) The primary mechanism for purchasing health care coverage under this section shall be through contracts with managed health care systems as defined in RCW 74.09.522 (except when utilization patterns suggest that fee for service purchasing could produce equally effective and cost-efficient care). However, the department shall make every effort within available resources to purchase health care coverage for uninsured children whose families have access to dependent coverage through an employer-sponsored health plan or another source when it is cost-effective for the state to do so, and the purchase is consistent with requirements of Title XIX and Title XXI of the federal social security act. To the extent allowable under federal law, the department shall require families to enroll in available employer-sponsored coverage, as a condition of participating in the program established under (chapter 48.43, Laws of 2002)) this section, when it is cost-effective for the state to do so. Families who enroll in available employer-sponsored coverage under (chapter 48.43, Laws of 2002)) this section shall be accounted for separately in the annual report required by RCW 74.09.053.

(5)(a) To reflect appropriate parental responsibility, the department shall develop and implement outreach and education strategies for the children's health care coverage due to the department from families with income greater than two hundred percent of the federal poverty level. For families with income greater than two hundred fifty percent of the federal poverty level, the premiums shall be established in consultation with the senate majority and minority leaders and the speaker and minority leader of the house of representatives. Premiums shall be set at a reasonable level that does not pose a barrier to enrollment. The amount of the premium shall be based upon family income and shall not exceed the premium limitations in Title XXI of the federal social security act. Premiums shall not be imposed on children in households at or below two hundred percent of the federal poverty level as articulated in RCW 74.09.055.

(b) Beginning no later than January 1, (2009) 2010, the department shall offer families whose income is greater than three hundred percent of the federal poverty level the opportunity to purchase health care coverage for their children through the programs administered under this section without (a) an explicit premium subsidy from the state. The design of the health benefit package offered to these children should provide adequate and appropriate coverage, and may differ with respect to cost-sharing, covered services, and other appropriate elements from that provided to children under subsection (3) of this section only to the extent necessary to offer an affordable benefit package for the affected families. The amount paid by the family shall be in an amount equal to the rate paid by the state to the managed health care system for coverage of the child, including any associated and administrative costs to the state of providing coverage for the child. (c) The activities and operations of the children's health care coverage program under this subsection, including those of managed health care systems to the extent of their participation in the program, are exempt from the provisions of Title 48 RCW, except:

(A) The coverage is subject to RCW 48.21.200 and is excess to the benefits payable under the terms of any insurance policy issued to or on the behalf of an enrollee that provides payments toward medical expenses without a determination of liability for the injury.

(B) Managed health care systems are subject to the provisions of RCW 48.43.022, 48.43.500 through 48.43.535, 48.43.545, and 48.43.550.

(ii) The activities and operations of the children's health care coverage program under this subsection are subject to the provisions of RCW 43.70.235, 70.02.045, 70.02.110, and 70.02.900.

(iii) Persons appointed or authorized to solicit applications for enrollment in nonsubsidized state children's health coverage, including employees of the department, must comply with chapter 48.17 RCW. For purposes of this subsection, the term "solicit" does not include distributing information and applications for nonsubsidized state children's health care and responding to questions.

(iv) Amounts paid to a managed health care system by the department for providing health care services pursuant to this subsection must comply with RCW 48.14.0201.

(6) The department shall undertake and continue a proactive, targeted outreach and education effort with the goal of enrolling children in health care coverage and improving the health literacy of youth and parents. The department shall collaborate with the department of health, local public health jurisdictions, the office of (HHS)) the superintendent of public instruction, the department of early learning, health educators, health care providers, health carriers, community- based organizations, and parents in the design and development of this effort. The outreach and education effort shall include the following components:

(a) Broad dissemination of information about the availability of coverage, including media campaigns;

(b) Assistance with completing applications, and community- based outreach efforts to help people apply for coverage. Community-based outreach efforts should be targeted to the populations least likely to be covered;

(c) Use of existing systems, such as enrollment information from the free and reduced-price lunch program, the department of early learning child care subsidy program, the department of health's women, infants, and children program, and the early childhood education program, to schedule outreach efforts to identify children who may be eligible but not enrolled in coverage;

(d) Contracting with community-based organizations and government entities to support community-based outreach efforts to help families apply for coverage. These efforts should be targeted to the populations least likely to be covered. The department shall provide informational materials for use by government entities and community- based organizations in their outreach activities, and should identify any available federal matching funds to support these efforts;

(e) Development and dissemination of materials to engage and inform parents and families statewide on issues such as: The benefits of health insurance coverage; the appropriate use of health services, including primary care provided by health care practitioners licensed under chapters 18.71, 18.57, 18.36A, and 18.79 RCW, and emergency services; the value of a medical home, well-child services and immunization, and other preventive health services with linkages to department of health child profile efforts; identifying and managing chronic conditions such as asthma and diabetes; and the value of good nutrition and health activities.

(f) An evaluation of the outreach and education efforts, based upon clear, cost-effective outcome measures that are included in contracts with entities that undertake components of the outreach and education effort;

(g) An implementation plan to develop online application capability that is integrated with the
The department shall submit a feasibility study on the implementation of the requirements in this subsection to the governor and legislature by July 2008.

(7) The department shall take action to increase the number of primary care physicians providing dental preventive services including oral health screenings, risk assessment, family education, the application of fluoride varnish, and referral to a dentist as needed.

(8) The department shall monitor the rates of substitution between private-sector health care coverage and the coverage provided under this section and shall report to appropriate committees of the legislature by December 2010.

(9) To ensure planning and coordination of all aspects of the apple health for kids program across all the involved agencies and with the various stakeholders, and to facilitate the collection, reporting, and analysis of the outcome data required by section 3 of this act, the position of apple health executive is established and will report directly to the secretary.

Sec. 3. RCW 74.09.480 and 2007 c 5 s 4 are each amended to read as follows:

(1) The department, in collaboration with the department of health, health carriers, local public health jurisdictions, children’s health care providers including pediatricians, family practitioners, and pediatric subspecialists, community and migrant health centers, parents, and other purchasers, shall establish a concise set of explicit performance measures that indicate that a child has an established and effective medical home, and shall be linked to quality improvement measures (that indicate that a child has an established and effective medical home, such as) establish a concise set of explicit performance measures that can indicate whether children enrolled in the program are receiving health care through an established and effective medical home, and whether the overall health of enrolled children is improving. Such indicators may include, but are not limited to:

(a) Childhood immunization rates;
(b) Well child care utilization rates, including the use of validated, structured developmental assessment tools that include behavioral and oral health screening;
(c) Care management for children with chronic illnesses;
(d) Emergency room utilization; 
(e) Visual acuity and eye health; and

(b) Children’s mental health status. In defining these measures the department shall be guided by the measures provided in RCW 71.36.025.

Performance measures and targets for each performance measure must be established and monitored each biennium, with a goal of achieving measurable, improved health outcomes for the children of Washington state each biennium.

(2) Beginning in calendar year 2009, targeted provider rate increases shall be linked to quality improvement measures established under this section. The department, in conjunction with those groups identified in subsection (1) of this section, shall develop parameters for determining criteria for increased payment, alternative payment methodologies, or other incentives for those practices and health plans that incorporate evidence-based practice and improve and/or sustain improvement with respect to the measures (in both fee for service and managed care).

(3) The department shall provide a report to the governor and the legislature related to provider performance on these measures, beginning in September 2010 for 2007 through 2009 and annually thereafter. The department shall advise the legislature as to its progress towards developing this biennial report system by September 30, 2009.

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Attorney general" means the Washington state office of the attorney general.

(2) "Auditor" means: (a) The Washington state auditor's office or its designee for qualifying utilities under its jurisdiction that are not investor-owned utilities; or (b) an independent auditor selected by a qualifying utility that is not under the jurisdiction of the state auditor and is not an investor-owned utility.

(3) "Commission" means the Washington state utilities and transportation commission.

(4) "Conservation" means any reduction in electric power consumption resulting from increases in the efficiency of energy use, production, or distribution.

(5) "Cost-effective" has the same meaning as defined in RCW 82.15.030.

(6) "Council" means the Washington state apprenticeship and training council within the department of labor and industries.

(7) "Customer" means a person or entity that purchases electricity for ultimate consumption and not for resale.

(8) "Department" means the department of community, trade, and economic development or its successor.

(9) "Distributed generation" means an eligible renewable resource where the generation facility or any integrated cluster of such facilities has a generating capacity of not more than five megawatts.

(10) "Eligible renewable resource" means:

(a) Electricity from a generation facility powered by a renewable resource other than fresh water that commences operation after March 31, 1999, where: (i) The facility is located in the Pacific Northwest; or (ii) the electricity from the facility is delivered into Washington state on a real-time basis without shaping, storage, or integration services; or

(b) Incremental electricity produced as a result of efficiency improvements completed after March 31, 1999, to hydroelectric generation projects owned by a qualifying utility and located in the Pacific Northwest or to hydroelectric generation in irrigation pipes and canals located in the Pacific Northwest, where the additional generation in either case does not result in new water diversions or impoundments.

(c) Electricity produced from a generation facility located at a water supply storage facility developed under chapter 90.90 RCW.

(11) "Investor-owned utility" has the same meaning as defined in RCW 19.29A.010.

(12) "Load" means the amount of kilowatt-hours of electricity delivered in the most recently completed year by a qualifying utility to its Washington retail customers.

(13) "Nonpower attributes" means all environmentally related characteristics, exclusive of energy, capacity reliability, and other electrical power service attributes, that are associated with the generation of electricity from a renewable resource, including but not limited to the facility's fuel type, geographic location, vintage, qualification as an eligible renewable resource, and avoided emissions of pollutants to the air, soil, or water, and avoided emissions of carbon dioxide and other greenhouse gases.

(14) "Pacific Northwest" has the same meaning as defined for the Bonneville power administration in section 3 of the Pacific Northwest electric power planning and conservation act (94 Stat. 2698; 16 U.S.C. Sec. 839a).

(15) "Public facility" has the same meaning as defined in RCW 39.35C.010.

(16) "Qualifying utility" means an electric utility, as the term "electric utility" is defined in RCW 19.29A.010, that serves more than twenty-five thousand customers in the state of Washington. The number of customers served may be based on data reported by a utility in form 861, "annual electric utility report," filed with the
energy information administration, United States department of energy.

(17) "Renewable energy credit" means a tradable certificate of proof of at least one megawatt-hour of an eligible renewable resource where the generation facility is not powered by fresh water, the certificate includes all of the nonpower attributes associated with that one megawatt-hour of electricity, and the certificate is verified by a renewable energy credit tracking system selected by the department.

(18) "Renewable resource" means: (a) Water; (b) wind; (c) solar energy; (d) geothermal energy; (e) landfill gas; (f) wave, ocean, or tidal power; (g) gas from sewage treatment facilities; (h) biodiesel fuel as defined in RCW 82.29A.135 that is not derived from crops raised on land cleared from old growth or first-growth forests where the clearing occurred after December 7, 2006; and (i) biomass energy based on animal waste or solid organic fuels from wood, forest, or field residues, or dedicated energy crops that do not include (i) wood pieces that have been treated with chemical preservatives such as creosote, pentachlorophenol, or copper-chrome-arsenic; (ii) black liquor byproduct from paper production; (iii) wood from old growth forests; or (iv) municipal solid waste.

(19) "Rule" means rules adopted by an agency or other entity of Washington state government to carry out the intent and purposes of this chapter.

(20) "Year" means the twelve-month period commencing January 1st and ending December 31st."

Correct the title.

POINT OF ORDER

Representative Hudgins requested a scope and object ruling on amendment (161) to House Bill No. 2289.

SPEAKER'S RULING

Mr. Speaker (Representative Morris presiding): "Substitute House Bill No. 2289 is titled "an act relating to expanding the energy freedom program". This bill amends several sections of RCW 43.325. The bill expands the Energy Freedom Program by including state efforts to promote, develop and encourage energy efficiency, renewable energy, and innovative every technology markets in Washington. The bill adds specific definitions of energy efficiency and renewable energy improvements. The bill modifies the definition of applicants eligible for the program, and specifies the criteria that the Department of Community, Trade and Economic Development must use when awarding grants.

Amendment (161) adds hydroelectric generators installed at water supply storage facilities developed under RCW 90.90 to the definition of energy projects eligible for funding in the Energy Freedom Program. The amendment also includes the electricity produced from such a facility as an eligible renewable resource under I-937 (RCW 19.285).

I-937 does the following: It sets renewable portfolio standards for utilities that serve over 25,000 customers; defines what types of electricity generation may be counted as renewable electricity, and, requires utilities that serve over 25,000 customers to obtain all cost effective and feasible conservation improvements.

Substitute House Bill No. 2289 does not amend I-937 in any way.

While including water supply storage facilities as eligible projects under the Energy Freedom Program is arguably within the scope and object of Substitute House Bill 2289, the amendment exceeds the scope and object by authorizing the electricity produced from the facility to be counted as an eligible renewable resource under I-937.

The point of order is well taken."

Representative Dunshee moved the adoption of amendment (170):

On page 8, after line 19, insert the following:

"(3) The non-state funding energy account is created in the state treasury as a subaccount of the energy freedom account. All receipts from appropriations made to the non-state energy funding account shall be deposited into the account, and may be spent only after appropriation."

HOUSE BILL NO. 1078, by Representatives Kelley, Roach, Kirby, Warnick, Bailey and Sells

Concerning exchange facilitators.

The bill was read the second time.

There being no objection, Second Substitute House Bill No. 1078 was substituted for House Bill No. 1078 and the second substitute bill was placed on the second reading calendar.

SECOND SUBSTITUTE HOUSE BILL NO. 1078 was read the second time.

Representative Kelley moved the adoption of amendment (219):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that there are no statutory requirements pertaining to persons who facilitate like-kind exchanges pursuant to section 1031 of the internal revenue code and associated treasury regulations. The purpose of this chapter is to create a statutory framework that provides some consumer protections to those who entrust money or property to persons acting as exchange facilitators.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) A person or entity "affiliated" with a specific person or entity, means a person or entity who directly, or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with, the person or entity specified.

(2) "Client" means the taxpayer with whom the exchange facilitator enters into an agreement as described in subsection (3)(a)(i) of this section.

(3)(a)(i) "Exchange facilitator" means a person who:

(A) Facilitates, for a fee, an exchange of like-kind property by entering into an agreement with a taxpayer by which the exchange facilitator acquires from the taxpayer the contractual rights to sell the taxpayer's relinquished property located in this state and transfer a replacement property to the taxpayer as a qualified intermediary, as defined under treasury regulation section 1.1031(k)-1(g)(4); (B) enters into an agreement with a taxpayer to take title to a property in this state as an exchange accommodation titleholder, as defined in internal revenue service revenue procedure 2000-37; or (C) enters into an agreement with a taxpayer to act as a qualified trustee or qualified escrow holder, as both terms are defined under treasury regulation section 1.1031(k)-1(g)(3); or

(b) "Exchange facilitator" does not include:

(i) A taxpayer or a disqualified person, as defined under treasury regulation section 1.1031(k)-1(k), seeking to qualify for the nonrecognition provisions of section 1031 of the internal revenue code of 1986, as amended;

(ii) A financial institution that is (A) acting as a depository for exchange funds and is not facilitating an exchange or (B) acting solely as a qualified escrow holder or qualified trustee, as both terms are defined under treasury regulation section 1.1031(k)-1(g)(3), and is not facilitating an exchange;

(iii) A title insurance company, underwritten title company, or escrow company that is acting solely as a qualified escrow holder or qualified trustee, as both terms are defined under treasury regulation section 1.1031(k)-1(g)(3), and is not facilitating an exchange;

(iv) A person that advertises for and teaches seminars or classes, or otherwise makes a presentation, to attorneys, accountants, real estate professionals, tax professionals, or other professionals, when the primary purpose is to teach the professionals about tax-deferred exchanges or to train them to act as exchange facilitators;

(v) A qualified intermediary, as defined under treasury regulation section 1.1031(k)-1(g)(4), who holds exchange funds from the disposition of relinquished property located outside of this state; or

(vi) An affiliated entity that is used by the exchange facilitator to facilitate exchanges or to take title to property in this state as an exchange accommodation titleholder.

(c) For the purposes of this subsection, "fee" means compensation of any nature, direct or indirect, monetary or in kind, that is received by a person or related person, as defined in section 267(b) or 707(b) of the internal revenue code, for any services relating to or incidental to the exchange of like-kind property.

(4) "Financial institution" means a bank, credit union, savings and loan association, savings bank, or trust company chartered under the laws of this state or the United States whose accounts are insured by the full faith and credit of the United States, the federal deposit insurance corporation, the national credit union share insurance fund, or other similar or successor programs.

(5) "Person" means an individual, corporation, partnership, limited liability company, joint venture, association, joint stock company, trust, or any other form of a legal entity, and includes the agents and employees of that person.

(6) "Prudent investor standard" means the standard for investment as described under RCW 11.100.020.

NEW SECTION. Sec. 3. An exchange facilitator may not bring a suit or action for the collection of compensation in connection with duties performed as an exchange facilitator unless the exchange facilitator alleges and proves that he or she was fully in compliance with this chapter at the time of the offering to perform or performing an act or service regulated under this chapter.

NEW SECTION. Sec. 4. (1) Except as provided under subsection (2) of this section, a person who engages in business as an exchange facilitator shall notify all existing exchange clients whose relinquished property is located in this state, or whose replacement property held under a qualified exchange accommodation agreement is located in this state, of any change in control of the exchange facilitator. Notification must be provided within ten business days of the effective date of the change in control by hand delivery, facsimile, electronic mail, overnight mail, or first-class mail, and must be posted on the exchange facilitator's internet web site for at least ninety days following the change in control. The notification must set forth the name, address, and other contact information of the transferees.

(2) If an exchange facilitator is a publicly traded company or wholly owned subsidiary of the publicly traded company and remains a publicly traded company or wholly owned subsidiary of the publicly traded company after a change in control, the publicly traded company or wholly owned subsidiary of the publicly traded company is not required to notify its existing clients of the change in control.

(3) For purposes of this section, "change in control" means any transfer of more than fifty percent of the assets or ownership interests, directly or indirectly, of the exchange facilitator.

NEW SECTION. Sec. 5. (1) A person who engages in business as an exchange facilitator shall:

(a) Maintain a fidelity bond or bonds in an amount of not less than one million dollars executed by an insurer authorized to do business in this state; or

(b) Deposit an amount of cash or securities or irrevocable letters of credit in an amount of not less than one million dollars into an
An exchange facilitator must provide evidence to each client that the requirements of this section are satisfied before entering into an exchange agreement.

(5) Upon request of a current or prospective client, or the attorney general under chapter 19.86 RCW, the exchange facilitator must offer evidence proving that the requirements of this section are satisfied at the time of the request.

NEW SECTION. Sec. 6. (1) A person who claims to have sustained damages by reason of the fraudulent or dishonest acts of an exchange facilitator or an exchange facilitator's employee may file a claim on the fidelity bond or approved alternative described in section 5 of this act to recover the damages.

(2) The remedies provided under this section are cumulative and nonexclusive and do not affect any other remedy available at law.

NEW SECTION. Sec. 7. (1) A person who engages in business as an exchange facilitator shall:

(a) Maintain a policy of errors and omissions insurance in an amount of not less than two hundred fifty thousand dollars executed by an insurer authorized to do business in this state; or

(b) Deposit an amount of cash or securities or irrevocable letters of credit in an amount of not less than two hundred fifty thousand dollars into an interest-bearing deposit account or a money market account with the financial institution of the exchange facilitator's choice. Interest on such funds is not subject to execution or attachment.

(2) A person who engages in business as an exchange facilitator may maintain insurance or deposit an amount of cash or securities or irrevocable letters of credit in excess of the minimum required amounts under this section.

(3) The requirements under subsection (1)(a) of this section are satisfied if the person engaging in business as an exchange facilitator is listed as a named insured on one or more fidelity bonds that have an aggregate total of at least one million dollars.

(4) An exchange facilitator must provide evidence to each client that the requirements of this section are satisfied before entering into an exchange agreement.

NEW SECTION. Sec. 8. (1) A person who claims to have sustained damages by reason of an unintentional error or omission of an exchange facilitator or an exchange facilitator's employee may file a claim on the errors and omissions insurance policy or approved alternative described in section 7 of this act to recover the damages.

(2) The remedies provided under this section are cumulative and nonexclusive and do not affect any other remedy available at law.

NEW SECTION. Sec. 9. (1) A person who engages in business as an exchange facilitator shall act as a custodian for all exchange funds, including money, property, other consideration, or instruments by the exchange facilitator or on behalf of the client, except funds received as the exchange facilitator's compensation. The exchange facilitator shall hold the exchange funds in a manner that provides liquidity and preserves principal, and if invested, shall invest those exchange funds in investments that meet a prudent investor standard and satisfy investment goals of liquidity and preservation of principal. For purposes of this section, a violation of the prudent investor standard includes, but is not limited to, a transaction in which:

(a) Exchange funds are knowingly commingled by the exchange facilitator with the operating accounts of the exchange facilitator, except that the exchange facilitator's fee may be deposited as part of the exchange transaction into the same account as that containing exchange funds, in which event the exchange facilitator must promptly withdraw the fee;

(b) Exchange funds are loaned or otherwise transferred to any person or entity, other than a financial institution, that is affiliated with or related to the exchange facilitator, except that this subsection (1)(b) does not apply to the transfer of funds from an exchange facilitator to an exchange accommodation titleholder in accordance with an exchange contract;

(c) Exchange funds are invested in a manner that does not provide sufficient liquidity to meet the exchange facilitator's contractual obligations to its clients, unless insufficient liquidity occurs as the result of: (i) Events beyond the prediction or control of the exchange facilitator including, but not limited to, failure of a financial institution; or (ii) an investment specifically requested by the client;

(d) Exchange funds are invested in a manner that does not preserve the principal of the exchange funds, unless loss of principal occurs as the result of: (i) Events beyond the prediction or control of the exchange facilitator; or (ii) an investment specifically requested by the client.

(2) Exchange funds are not subject to execution or attachment on any claim against the exchange facilitator.

NEW SECTION. Sec. 10. A person who engages in business as an exchange facilitator must administer each of his, her, or its places of business under the direct management of an officer or an employee who is either:

(1) An attorney or certified public accountant admitted to practice in any state or territory of the United States; or

(2) A person who has passed a test specific to the subject matter of exchange facilitation.

NEW SECTION. Sec. 11. A person who engages in business as an exchange facilitator shall not, with respect to a like-kind exchange transaction, knowingly or with criminal negligence:

(1) Make a false, deceptive, or misleading material representation, directly or indirectly, concerning a like-kind transaction;

(2) Make a false, deceptive, or misleading material representation, directly or indirectly, in advertising or by any other means, concerning a like-kind transaction;

(3) Engage in any unfair or deceptive practice toward any person;

(4) Obtain property by fraud or misrepresentation;

(5) Fail to account for any moneys or property belonging to others that may be in the possession or under the control of the exchange facilitator;

(6) Commingle funds held for a client in any account that holds the exchange facilitator's own funds, except as provided in section 9(1)(a) of this act;

(7) Loan or otherwise transfer exchange funds to any person or entity, other than a financial institution, that is affiliated with or related to the exchange facilitator, except for the transfer of funds from an exchange facilitator to an exchange accommodation titleholder in accordance with an exchange contract;

(8) Keep, or cause to be kept, any money in any bank, credit union, or other financial institution under a name designating the money as belonging to the client of any exchange facilitator, unless that money belongs to that client and was entrusted to the exchange facilitator by that client;

(9) Fail to fulfill its contractual duties to the client to deliver property or funds to the taxpayer in a material way unless such a failure is due to circumstances beyond the control of the exchange facilitator;

(10) Commit, including commission by its owners, officers, directors, employees, agents, or independent contractors, any crime involving fraud, misrepresentation, deceit, embezzlement, misappropriation of funds, robbery, or other theft of property;
(11) Fail to make disclosures required by any applicable state law; or
(12) Make any false statement or omission of material fact in connection with any reports filed by an exchange facilitator or in connection with any investigation conducted by the department of financial institutions.

NEW SECTION. Sec. 12. (1) An exchange facilitator must deposit all client funds in:
(a) For accounts with a value of five hundred thousand dollars or more, a separately identified account, as defined in treasury regulation section 1.468B-6(c)(ii), for the particular client or client's matter, and the client must receive all the earnings credited to the separately identified account; or
(b) For accounts with a value less than five hundred thousand dollars, (i) a pooled interest-bearing trust account if the client agrees to pooling in writing; or (ii) if the client does not agree to pooling, in a separately identified account, as defined in treasury regulation section 1.468B-6(c)(ii).
(2) An exchange facilitator must provide the client with written notification of how the exchange proceeds have been invested or deposited.

NEW SECTION. Sec. 13. A person who engages in business as an exchange facilitator and who violates section 11(1) through (8) of this act is guilty of a class B felony under chapter 9A.20 RCW.

NEW SECTION. Sec. 14. A person who engages in business as an exchange facilitator and who violates section 11(11) or (12) of this act is guilty of a misdemeanor under chapter 9A.20 RCW.

NEW SECTION. Sec. 15. (1) Exchange facilitators must provide the director of financial institutions with a report of exchange facilitator activity by December 31, 2009. The director may by rule create a format for the report, which must cover the period of January 1, 2009, through December 31, 2009. The report may only include the following information for exchange facilitation activity in Washington state:
(a) The total number of property exchanges facilitated by the exchange facilitator;
(b) The total dollar volume of property exchanges facilitated by the exchange facilitator;
(c) The primary type of business the exchange facilitator engages in if the primary type of business is not exchange facilitation, including a description of any required licenses; and
(d) The percentage of the exchange facilitator's business that is exchange facilitation, both by client and by gross income.

Any information provided by an exchange facilitator in this report that constitutes a trade secret as defined in RCW 19.108.010 is exempt from the disclosure requirements in chapters 42.17 and 42.36 RCW, unless aggregated with information supplied by other exchange facilitators in such a manner that the individual information of an exchange facilitator is not identifiable.
(2) Any information produced or obtained in examining an exchange facilitator under this section is exempt from disclosure as provided in RCW 42.56.270.

(3) The director must compile the reports from exchange facilitators and report to the financial institutions and insurance committee of the house of representatives and the financial institutions, housing and insurance committee of the senate by January 15, 2010.
(4) This section expires June 1, 2010.

NEW SECTION. Sec. 16. A person who violates this chapter is subject to civil suit in a court of competent jurisdiction.

NEW SECTION. Sec. 17. The legislature finds that the practices covered by this chapter are matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. A violation of this chapter is not reasonable in relation to the development and preservation of business and is an unfair or deceptive act in trade or commerce and an unfair method of competition for purposes of applying the consumer protection act, chapter 19.86 RCW.

NEW SECTION. Sec. 18. This chapter does not affect the application of chapter 21.20 RCW.

NEW SECTION. Sec. 19. Sections 1 through 18 of this act constitute a new chapter in Title 19 RCW."

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1131, having received the necessary constitutional majority, was declared passed.

HOUSE BILL NO. 1530, by Representatives Kirby and Bailey

Creating the guaranteed asset protection waiver model act.

The bill was read the second time.

Representative Kirby moved the adoption of amendment (190):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The purpose of this chapter is to provide a framework within which guaranteed asset protection waivers are defined and may be offered within this state.

(2) This chapter does not apply to:

(a) An insurance policy offered by an insurer under this title; or

(b) A federally regulated financial institution operating under 12 C.F.R. Part 37 of the office of the comptroller of the currency regulations or credit unions operating under 12 C.F.R. 721.3(g) of the national credit union administration regulations, or state regulated banks, credit unions, and financial institutions operating pursuant to chapter 63.14 RCW. However, an exempt federal or state chartered bank, credit union, or financial institution may elect to offer a guaranteed asset protection waiver that complies with sections 1, 2, and 4 through 7 of this act.

(3) Guaranteed asset protection waivers are governed under this chapter and are exempt from all other provisions of this title, except RCW 48.02.060 and 48.02.080, chapter 48.04 RCW, and as provided in this chapter.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Administrator" means a person, other than an insurer or creditor that performs administrative or operational functions pursuant to guaranteed asset protection waiver programs.

(2) "Borrower" means a debtor, retail buyer, or lessee, under a finance agreement, or a person who receives a loan or enters into a retail installment contract to purchase or lease a motor vehicle or vessel under chapter 63.14 RCW.

(3) "Creditor" means:

(a) The lender in a loan or credit transaction;

(b) The lessor in a lease transaction;

(c) Any retail seller of motor vehicles that provides credit to retail buyers of motor vehicles provided the seller complies with this chapter;

(d) The seller in commercial retail installment transactions; or

(e) The assignees of any creditor under this subsection to whom the credit obligation is payable.

(4) "Finance agreement" means a loan, lease, or retail installment sales contract for the purchase or lease of a motor vehicle.

(5) "Free look period" means the period of time from the effective date of the waiver until the date the borrower may cancel the waiver without penalty, fees, or costs to the borrower. This period of time must not be shorter than thirty days.

(6) "Guaranteed asset protection waiver" or "waiver" means a contractual agreement wherein a creditor agrees for a separate charge to cancel or waive all or part of amounts due that creditor on a borrower's finance agreement with that creditor in the event of a total physical damage loss or unrecovered theft of the motor vehicle, which agreement must be part of, or a separate addendum to, the finance agreement.

(7) "Insurer" means an insurance company licensed, registered, or otherwise authorized to do business under the insurance laws of this state.

(8) "Motor vehicle" means self-propelled or towed vehicles designed for personal or commercial use, including but not limited to automobiles, trucks, motorcycles, recreational vehicles, all-terrain vehicles, snowmobiles, campers, boats, personal watercraft, and motorcycle, boat, camper, and personal watercraft trailers.

(9) "Motor vehicle dealer" has the same meaning as "vehicle dealer" in RCW 46.70.011.

(10) "Person" includes an individual, company, organization, partnership, business trust, corporation, and every form of legal entity.

(11) "Retail buyer" means a person who buys or agrees to buy a motor vehicle or obtain motor vehicle services or agrees to have motor vehicle services rendered or furnished from a retail seller.

(12) "Retail seller" means a person engaged in the business of selling motor vehicles or motor vehicle services to retail buyers.

(13) "Unregistered marketers" means persons who offer for sale and sell guaranteed asset protection waivers who are not registered under this chapter and who are not otherwise exempt under this chapter.

NEW SECTION. Sec. 3. (1) This chapter applies only to guaranteed asset protection waivers for financing of motor vehicles as defined in this chapter. Any person or entity must register with the commissioner before marketing, offering for sale or selling a guaranteed asset protection waiver, and before acting as an obligor for a guaranteed asset protection waiver, in this state. However, a retail seller of motor vehicles that assigns more than eighty-five
percent of guaranteed asset protection waiver agreements within thirty days of such agreements’ effective date, or an insurer authorized to transact such insurance business in this state, are not required to register pursuant to this section. Failure of any retail seller of motor vehicles to assign one hundred percent of guaranteed asset protection waiver agreements within forty-five days of such agreements’ effective date will result in that retail seller being required to comply with the registration requirements of this chapter.

(2) No person may market, offer for sale, or sell a guaranteed asset protection waiver, or act as an obligor on a guaranteed asset protection waiver in this state without a registration as provided in this chapter, except as set forth in subsection (1) of this section.

(3) The application for registration must include the following:
(a) The applicant's name, address, and telephone number;
(b) The identities of the applicant's executive officers or other officers directly responsible for the waiver business;
(c) An application fee of two hundred fifty dollars, which shall be deposited into the guaranteed asset protection waiver account;
(d) A copy filed by the applicant with the commissioner of the waivers the applicant intends to offer in this state;
(e) A list of all unregistered marketers of guaranteed asset protection waivers on which the applicant will be the obligor;
(f) Such additional information as the commissioner may reasonably require.

(4) Once registered, the applicant shall keep the information required for registration current by reporting changes within thirty days after the end of the month in which the change occurs.

NEW SECTION. Sec. 4. (1) Waivers may be offered, sold, or provided to borrowers in this state in compliance with this chapter.

(2) Waivers may, at the option of the creditor, be sold for a single payment or may be offered with a monthly or periodic payment option.

(3) Notwithstanding any other provision of law, any cost to the borrower for a guaranteed asset protection waiver entered into in compliance with the truth in lending act (15 U.S.C. Sec. 1601 et seq.) and its implementing regulations, as amended, must be separately stated and is not to be considered a finance charge or interest.

(4) Nothing in this chapter prohibits a person who is registered, or is otherwise exempt from registration or exempt from this chapter, from insuring its waiver obligation through the purchase of a contractual liability policy or other insurance policy issued by an insurer authorized to transact such insurance in this state.

(5) The waiver remains a part of the finance agreement upon the assignment, sale, or transfer of the finance agreement by the creditor.

(6) Neither the extension of credit, the term of credit, nor the term of the related motor vehicle sale or lease may be conditioned upon the purchase of a waiver.

(7) Any creditor that offers a waiver must report the sale of, and forward funds received on, all waivers to the designated party, if any, as prescribed in any applicable administrative services agreement, contractual liability policy, other insurance policy, or other specified program documents.

(8) Funds received or held by a creditor or administrator and belonging to an insurer, creditor, or administrator, under the terms of a written agreement, must be held by that creditor or administrator in a fiduciary capacity.

(9) If the guaranteed asset protection waiver is assigned, the name and address of the assignee must be mailed to the borrower within thirty days of the assignment. If at any time the name and address provided to the borrower by the initial creditor are no longer the valid point of contact to apply for waiver benefits, written notice will be mailed to the borrower within thirty days of the change stating the new name and address of the person or entity the borrower should contact to apply for waiver benefits. No waiver may be assigned to an entity that is not registered pursuant to this chapter, unless such entity is exempt from registration or unless the commissioner specifically authorizes the guarantee asset protection waiver.

(10) No person shall knowingly make, publish, or disseminate any false, deceptive, or misleading representation or advertising in the conduct of, or relative to, waiver business. Nor shall any person make, issue, or circulate, or cause to be made, issued, or circulated any misrepresentation of the terms or benefits of any waiver.

(11) A person or entity engaged in the guaranteed asset protection waiver business in this state may not refuse to sell or issue any guaranteed asset protection waiver because of the sex, marital status, or sexual orientation as defined in RCW 49.60.040, or the presence of any sensory, mental, or physical disability of the borrower or prospective borrower. The type of benefits, or any term, rate, condition, or type of coverage may not be restricted, modified, excluded, increased, or reduced on the basis of the presence of any sensory, mental, or physical disability of the borrower or prospective borrower.

NEW SECTION. Sec. 5. (1) Contractual liability or other insurance policies insuring waivers must state the obligation of the insurer to reimburse or pay to the creditor any sums the creditor is legally obligated to waive under the waivers issued by the creditor and purchased or held by the borrower. Contractual liability insurance or other insurance policies insuring waiver must not be purchased by the creditor as part of, or a rider to, vendor single-interest or collateral protection coverages as defined in RCW 48.22.110(4).

(2) Coverage under a contractual liability or other insurance policy insuring a waiver must also cover any subsequent assignee upon the assignment, sale, or transfer of the finance agreement.

(3) Coverage under a contractual liability or other insurance policy insuring a waiver must remain in effect unless canceled or terminated in compliance with applicable insurance laws of this state.

(4) The cancellation or termination of a contractual liability or other insurance policy must not reduce the insurer's responsibility for waivers issued by the creditor prior to the date of cancellation or termination and for which a premium has been received by the insurer.

NEW SECTION. Sec. 6. Guaranteed asset protection waivers must disclose, as applicable, in writing and in clear, understandable language that is easy to read, the following:

(1) The name and address of the initial creditor and the borrower at the time of sale, and the identity of any administrator if different from the creditor;

(2) The purchase price and the terms of the waiver, including without limitation, the requirements for protection, conditions, or exclusions associated with the waiver;

(3) That the borrower may cancel the waiver within a free look period as specified in the waiver, and will be entitled to a full refund of the purchase price, so long as no benefits have been provided; or in the event benefits have been provided, the borrower may receive a full or partial refund pursuant to the terms of the waiver;

(4) The procedure the borrower must follow, if any, to obtain waiver benefits under the terms and conditions of the waiver, including a telephone number and address where the borrower may apply for waiver benefits;

(5) Whether or not the waiver is cancellable after the free look period and the conditions under which it may be canceled or terminated including the procedures for requesting any refund due;

(6) That in order to receive any refund due in the event of a borrower's cancellation of the waiver agreement or early termination of the finance agreement after the free look period of the waiver, the borrower, in accordance with terms of the waiver, must provide a written request to cancel to the creditor, administrator, or such other party, within ninety days of the occurrence of the event terminating the finance agreement;

(7) The methodology for calculating any refund of the unearned purchase price of the waiver due, in the event of cancellation of the waiver or early termination of the finance agreement;

(8) That any refund of the purchase price for a waiver that was included in the financing of the motor vehicle or vessel may be applied by the creditor as a reduction of the overall amount owed under the finance agreement, rather than applying the refund strictly to the purchase price of the waiver. This disclosure must be conspicuously presented prior to the purchase of the waiver;

(9) That neither the extension of credit, the terms of the credit, nor the terms of the related motor vehicle sale or lease, may be conditioned upon the purchase of the waiver;

(10) That the guaranteed asset protection waiver is not credit insurance, nor does it eliminate the borrower's obligation to insure the motor vehicle as provided by laws of this state. Purchasing a
guaranteed asset protection waiver does not eliminate the borrower's rights and obligations under the vendor single-interest and collateral protection coverage laws of this state.

NEW SECTION. Sec. 7. (1) Guaranteed asset protection waiver agreements may be cancellable or noncancellable after the free look period. Waivers must provide that if a borrower cancels a waiver within the free look period, the borrower will be entitled to a full refund of the purchase price, so long as no benefits have been provided; or in the event benefits have been provided, the borrower may receive a full or partial refund pursuant to the terms of the waiver.

(2) In the event of a borrower's cancellation of the waiver or early termination of the finance agreement, after the agreement has been in effect beyond the free look period, the borrower may be entitled to a refund of any unearned portion of the purchase price of the waiver unless the waiver provides otherwise. In order to receive a refund, the borrower, in accordance with any applicable terms of the waiver, must provide a written request to the creditor, administrator, or other party, within ninety days of the event terminating the finance agreement.

(3) If the cancellation of a waiver occurs as a result of a default under the finance agreement or the repossession of the motor vehicle associated with the finance agreement, any refund due may be paid directly to the creditor or administrator and applied as set forth in subsection (4) of this section.

(4) Any cancellation refund under this section may be applied by the creditor as a reduction of the overall amount owed under the finance agreement, if the cost of the guaranteed asset protection waiver was included in the financing of the motor vehicle or vessel.

(5) Disclosure of how the refund may be applied by the creditor or administrator must be made in accordance with the provisions of section 6(8) of this act.

NEW SECTION. Sec. 8. (1) The commissioner may, subject to chapter 48.04 RCW, take action that is necessary or appropriate to enforce this chapter and to protect guaranteed asset protection waiver holders in this state, which includes:

(a) Suspending, revoking, or refusing to issue the registration of a person or entity if the registrant fails to comply with any provision of this chapter or fails to comply with any proper order or rule of the commissioner; and

(b) After hearing or with the consent of the registrant, and in addition to or in lieu of the suspension, revocation, or refusal to issue any registration, imposing a penalty of not more than two thousand dollars for each violation of this chapter.

(2) The commissioner may adopt rules to implement this chapter.

NEW SECTION. Sec. 9. (1) Any person who markets, offers for sale or sells a guaranteed asset protection waiver, or acts as an obligor for a guaranteed asset protection waiver without a registration, unless otherwise exempt from registration or exempt from this chapter, is acting in violation of this section and is subject to the provisions of section 8 of this act. In addition, any person who knowingly violates this section is guilty of a class B felony punishable under chapter 9A.20 RCW.

(2) Any criminal penalty imposed under this section is in addition to, and not in lieu of, any other civil or administrative penalty or sanction otherwise authorized under state law.

(3) If the commissioner has cause to believe that any person has violated this section, the commissioner may assess a civil penalty of not more than twenty-five thousand dollars for each violation, after providing notice and an opportunity for a hearing in accordance with chapter 48.04 RCW. Upon failure to pay this civil penalty when due, the attorney general may bring a civil action on behalf of the commissioner to recover the unpaid penalty.

(4) A person or entity that should have been registered at the time of the sale of a waiver who was not so registered pursuant to this chapter shall be liable for performance of the waiver, or for any waiver sold by a person or entity that should have been registered at the time of the sale is voidable, except at the instance of the person or entity who sold the waiver.

NEW SECTION. Sec. 10. The guaranteed asset protection waiver account is created in the custody of the state treasurer. The fees and fines collected under this chapter must be deposited into the account. Expenditures from the account may be used to implement, administer, and enforce this chapter. Only the commissioner or the commissioner's designee may authorize expenditures from the account.

The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

Sec. 11. RCW 63.14.010 and 2003 c 368 s 2 are each amended to read as follows:

In this chapter, unless the context otherwise requires:

(1) "Goods" means all chattels personal when purchased primarily for personal, family, or household use and not for commercial or business use, but not including money or, except as provided in the next sentence, things in action. The term includes but is not limited to merchandise certificates or coupons, issued by a retail seller, to be used in their face amount in lieu of cash in exchange for goods or services sold by such a seller and goods which, at the time of sale or subsequently, are to be so affixed to real property as to become a part thereof, whether or not severable therefrom;

(2) "Lender credit card" means a card or device under a lender credit card agreement pursuant to which the issuer gives to a cardholder residing in this state the privilege of obtaining credit from the issuer or purchasing or leasing real property, tangible personal property, or services, obtaining loans, or otherwise, and the issuer of which is not:

(a) Principally engaged in the business of selling goods; or (b) a financial institution;

(3) "Lender credit card agreement" means an agreement entered into or performed in this state prescribing the terms of retail installment transactions pursuant to which the issuer may, with the buyer's consent, purchase or acquire one or more retail sellers' indebtedness of the buyer under a sales slip or memorandum evidencing the purchase, lease, loan, or otherwise to be paid in accordance with the agreement. The issuer of a lender credit card agreement shall not be principally engaged in the business of selling goods or be a financial institution;

(4) "Financial institution" means any bank or trust company, mutual savings bank, credit union, or savings and loan association organized pursuant to the laws of any one of the United States of America or the United States of America, or the laws of a foreign country if also qualified to conduct business in any one of the United States of America or pursuant to the laws of the United States of America;

(5) "Services" means work, labor, or services of any kind when purchased primarily for personal, family, or household use and not for commercial or business use whether or not furnished in connection with the delivery, installation, servicing, repair, or improvement of goods and includes repairs, alterations, or improvements upon or in connection with real property, but does not include services for which the price charged is required by law to be determined or approved by or to be filed, subject to approval or disapproval, with the United States or any state, or any department, division, agency, officer, or official of either as in the case of transportation services;

(6) "Retail buyer" or "buyer" means a person who buys or agrees to buy goods or obtain services or agrees to have services rendered or furnished, from a retail seller;

(7) "Retail seller" or "seller" means a person engaged in the business of selling goods or services to retail buyers;

(8) "Retail installment transaction" means any transaction in which a retail buyer purchases goods or service from a retail seller pursuant to a retail installment contract, a retail charge agreement, or a lender credit card agreement, as defined in this section, which provides for a service charge, as defined in this section, and under which the buyer agrees to pay the unpaid principal balance in one or more installments or which provides for no service charge and under which the buyer agrees to pay the unpaid balance in more than four installments;

(9) "Retail installment contract" or "contract" means a contract, other than a retail charge agreement, a lender credit card agreement, or an instrument reflecting a sale made pursuant thereto, entered into or performed in this state for a retail installment transaction. The term "retail installment contract" may include a chattel mortgage, a conditional sale contract, and a contract in the form of a bailment or...
a lease if the bailee or lessee contracts to pay as compensation for their use a sum substantially equivalent to or in excess of the value of the goods sold and if it is agreed that the bailee or lessee is bound to become, or for no other or a merely nominal consideration, has the option of becoming the owner of the goods upon full compliance with the provisions of the bailment or lease. The term "retail installment contract" does not include: (a) A "consumer lease," heretofore or hereafter entered into, as defined in RCW 63.10.020; (b) a lease which would constitute such "consumer lease" but for the fact that: (i) It was entered into before April 29, 1983; (ii) the lessee was not a natural person; (iii) the lease was not primarily for personal, family, or household purposes; or (iv) the total contractual obligations exceeded twenty-five thousand dollars; or (c) a lease-purchase agreement under chapter 63.19 RCW; (10) "Retail charge agreement," "revolving charge agreement," or "charge agreement" means an agreement between a retail buyer and a retail seller that is entered into or performed in this state and that prescribes the terms of retail installment transactions with one or more sellers which may be made thereunder from time to time and under the terms of which a service charge, as defined in this section, is to be computed in relation to the buyer's unpaid balance from time to time; (11) "Service charge" however denominated or expressed, means the amount which is paid or payable for the privilege of purchasing goods or services to be paid for by the buyer in installments over a period of time. It does not include the amount, if any, charged for insurance premiums, delinquency charges, attorneys' fees, court costs, any vehicle dealer administrative fee under RCW 46.12.042, any vehicle dealer documentary service fee under RCW 46.70.180(2), or official fees; (12) "Sale price" means the price for which the seller would have sold or furnished to the buyer, and the buyer would have bought or obtained from the seller, the goods or services which are the subject matter of a retail installment transaction. The sale price may include any taxes, registration and license fees, the cost of a guaranteed asset protection waiver, any vehicle dealer administrative fee, any vehicle dealer documentary service fee, and charges for transferring vehicle titles, delivery, installation, servicing, repairs, alterations, or improvements; (13) "Official fees" means the amount of the fees prescribed by law and payable to the state, county, or other governmental agency for filing, recording, or otherwise perfecting, and releasing or satisfying, a retained title, lien, or other security interest created by a retail installment transaction; (14) "Time balance" means the principal balance plus the service charge; (15) "Principal balance" means the sale price of the goods or services which are the subject matter of a retail installment contract less the amount of the buyer's down payment in money or goods or both, plus the amounts, if any, included therein, if a separate identified charge is made therefor and stated in the contract, for insurance, any vehicle dealer administrative fee, any vehicle dealer documentary service fee, and official fees; and the amount actually paid or to be paid by the retail seller pursuant to an agreement with the buyer to discharge a security interest or lien on like-kind goods traded in or lease interest in the circumstance of a lease for like goods being terminated in conjunction with the sale pursuant to a retail installment contract; (16) "Person" means an individual, partnership, joint venture, corporation, association, or any other group, however organized; (17) "Rate" means the percentage which, when multiplied times the outstanding balance for each month or other installment period, yields the amount of the service charge for such month or period.

NEW SECTION. Sec. 12. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 13. This act is applicable to all guaranteed asset protection waiver agreements entered into on or after January 1, 2010.

NEW SECTION. Sec. 14. Sections 1 through 10, 12, and 13 of this act constitute a new chapter in Title 48 RCW."

Correct the title.

Representative Kirby spoke in favor of the adoption of the amendment.

Amendment (190) was adopted. The bill was ordered engrossed.

There being no objection, the rules were suspended, the second reading considered the third and the bill was placed on final passage.

On page 11, beginning on line 13, strike all of sections 11 and 12 and insert the following:

"Sec. 11. RCW 28B.12.060 and 2005 c 93 s 4 are each amended to read as follows:

The higher education coordinating board shall adopt rules as may be necessary or appropriate for effecting the provisions of this chapter, and not in conflict with this chapter, in accordance with the provisions of chapter 34.05 RCW, the state higher education administrative procedure act. Such rules shall include provisions designed to make employment under the work-study program reasonably available, to the extent of available funds, to all eligible needy students in eligible post-secondary institutions (((in need therefor)).) The rules shall include:

1. Providing work under the state work-study program that will not result in the displacement of employed workers or impair existing contracts for services;
2. Furnishing work only to a student who:
   a. Is capable, in the opinion of the eligible institution, of maintaining good standing in such course of study while employed under the program covered by the agreement; and
   b. Has been accepted for enrollment as at least a half-time student at the eligible institution or, in the case of a student already enrolled in and attending the eligible institution, is in good standing and in at least half-time attendance there either as an undergraduate, graduate or professional student; and
   c. Is not pursuing a degree in theology;
3. Placing priority on providing:
   a. Work opportunities for students who are residents of the state of Washington as defined in RCW 28B.15.012 and 28B.15.013, particularly former foster youth as defined in RCW 28B.92.060, ((except resident students defined in RCW 28B.15.012(2)(g));
   b. Job placements in fields related to each student's academic or vocational pursuits, with an emphasis on off-campus job placements whenever appropriate; and
   c. Off-campus community service placements;
4. To the extent practicable, limiting the proportion of state subsidy expended upon resident students to fifteen percent, or such less amount as specified in the biennial appropriations act;
5. Provisions to assure that in the state institutions of higher education, utilization of this work-study program:
   a. Shall only supplement and not supplant classified positions under jurisdiction of chapter 41.06 RCW;
   b. That all positions established which are comparable shall be identified to a job classification under the director of personnel's classification plan and shall receive equal compensation;
   c. Shall not take place in any manner that would replace classified positions reduced due to lack of funds or work; and
   d. That work study positions shall only be established at entry level positions of the classified service unless the overall scope and responsibilities of the position indicate a higher level; and
   e. Provisions to encourage job placements in occupations that meet Washington's economic development goals, especially those in international trade and international relations. The board shall permit appropriate job placements in other states and other countries.

(2) The committee shall prepare a plan to streamline, promote, and expand access to financial aid programs. In developing the plan, the higher education coordinating board and their partners, identified in this section, shall take the following actions:

(a) Conduct an analysis of all the existing financial aid programs including the populations served, total state expenditures dedicated to each program, average award levels per student, and the number of staff dedicated to program administration;
(b) Based on the analysis outlined in section (a) of this subsection, develop recommendations on the programs that provide the greatest value to the largest number of students, the programs that best meet state access and affordability goals, and a process and timeline for implementing these recommendations;
(c) Develop an incentive system to assure that the state's investment in student financial assistance increases completion and career placement rates and rewards institutions that efficiently produce highly skilled graduates, ready for work in high-demand occupations.

(3) The higher education coordinating board shall submit the report to the appropriate committees of the legislature by December 1, 2009."

Representative Ericksen (again) spoke against the passage of the bill.

Representative Armstrong spoke against the passage of the bill.

SPEAKER’S RULING

Mr. Speaker (Representative Morris presiding): “Representative Armstrong, the Speaker would like to have you come back to the question actually on the House floor. The Speaker believes that remarks about assigning blame for other questions that were decided previously on the floor are not really germane to the question of the criteria for funding for local projects which seem to be the main issue of debate in the bill before us right now. So if you could please have your remarks either to being in support or against the criteria or of the funding itself; that would be germane to the topic. Please continue.”

Representative Armstrong (again) spoke against the passage of the bill.

Representative Simpson spoke in favor of the passage of the bill.

POINT OF ORDER

Representative Armstrong: “I rise for a point of order, Mr. Speaker. Is the present speaker speaking on the bill or other states and other governors?”

SPEAKER’S RULING

Mr. Speaker (Representative Morris presiding): “Representative Armstrong, thank you for your point of inquiry. The Speaker believes like I stated previously that the main topic of debate in Substitute House Bill No. 2010 seems to center around criteria in condition to funding for the bill. I have heard many comments from everybody in this body about whether those criteria are good or bad, and about whether the underlining assumptions about those criteria is actually valid or invalid. I believe the good gentleman from the 47th District is speaking to the validity of those criteria and are in line with the debate that has occurred here on the floor.

Your point of inquiry is not well taken.”

Representative Simpson (again) spoke in favor of the passage of the bill.

Representatives Bailey, Orcutt, Cox and Haler (again) spoke against the passage of the bill.

The Speaker (Representative Morris presiding) stated the question before the House to be the final passage of Substitute House Bill No. 2010.

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature intends to promote the development of renewable energy technologies and the application of energy efficiency measures by authorizing the issuance of revenue bonds to finance renewable energy and energy efficiency improvement costs. The legislature finds that by providing access to low-cost capital to finance renewable energy and energy efficiency projects, a key barrier is eliminated.

Sec. 2. RCW 43.180.020 and 1990 c 167 s 1 are each amended to read as follows:

(Unless the context clearly requires otherwise.) The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Bonds" means the bonds, notes, or other evidences of indebtedness of the commission, the interest paid on which may or may not qualify for tax exemption.

(2) "Certifying authority" means (a) For improvements involving solar electric systems, the Washington climate and rural energy development center at Washington State University, established under RCW 28B.30.664; or (b) for all other energy efficiency and renewable energy improvements, any utility company or other entity authorized to assess and certify the feasibility and benefit of energy efficiency and renewable energy improvements in a manner that is efficient and minimizes the amount of time or cost.

(3) "Code" means the federal internal revenue code of 1954, as now or hereafter amended, and the regulations and rulings promulgated thereunder.

(4) "Commission" means the Washington state housing finance commission or any board, body, commission, department, or officer succeeding to the principal functions thereof or to whom the powers conferred upon the commission shall be given by law.

(5) "Costs of housing" means all costs related to the development, design, acquisition, construction, reconstruction, leasing, rehabilitation, and other improvements of housing, as determined by the commission.

(6) "Eligible applicant" means, with respect to the sustainable energy trust program, an owner of a residential, agricultural, commercial, state, or municipal property.

(7) "Eligible person" means a person or family eligible in accordance with standards promulgated by the commission. Such persons shall include those persons whose income is insufficient to obtain at a reasonable cost, without financial assistance, decent, safe, and sanitary housing in the area in which the person or family resides, and may include such other persons whom the commission determines to be eligible.

(8) "Energy efficiency improvement" means an installation or modification that is designed to reduce energy consumption in residential, agricultural, commercial, state, or municipal properties. The term includes, but is not limited to: Insulation; storm windows and doors; automatic energy control systems; heating, ventilating, or air conditioning and distribution system modifications or replacements in buildings or central plants; caulking and weather stripping; energy recovery systems; geothermal heat pumps; and day lighting systems.

(9) "Housing" means specific new, existing, or improved residential dwellings within this state or dwellings to be constructed within this state. The term includes land, buildings, and manufactured dwellings, and improvements, furnishings, and equipment, and as such other nonhousing facilities, furnishings, equipment, and costs as may be incidental or appurtenant thereto if in the judgment of the commission the facilities, furnishings, equipment and costs are an integral part of the project. Housing may consist of single-family or multifamily dwellings in one or more structures located on contiguous or noncontiguous parcels or any combination thereof. Improvements may include such equipment and furnishings as are necessary or appropriate to accomplish energy efficiency within a dwelling. The term also includes a dwelling constructed by a person who occupies and owns the dwelling, and nursing homes licensed under chapter 18.51 RCW.

(10) "Mortgage" means a mortgage, mortgage deed, deed of trust, security agreement, or other instrument securing a mortgage loan and constituting a lien on or security interest in housing. The property may be held in fee simple or on a leasehold under a lease having a remaining term, at the time the mortgage is acquired, of not less than the term of repayment of the mortgage loan secured by the mortgage. The property may also be housing which is evidenced by an interest in a cooperative association or corporation if ownership of the interest entitles the owner of the interest to occupancy of a dwelling owned by the association or corporation.

(11) "Mortgage lender" means any of the following entities which customarily provide service or otherwise aid in the financing of housing and which are approved as a mortgage lender by the commission: A bank, trust company, savings bank, national banking association, savings and loan association, building and loan association, mortgage banker, mortgage company, credit union, life insurance company, or any other financial institution, governmental agency, municipal corporation, or any holding company for any of the entities specified in this subsection.

(12) "Mortgage loan" means an interest-bearing loan or a participation therein, made to a borrower, for the purpose of financing the costs of housing, evidenced by a promissory note, and which may or may not be secured (a) under a mortgage agreement, (b) under any other security agreement, regardless of whether the collateral is personal or real property, or (c) by insurance or a loan guarantee of a third party. However, an unsecured loan shall not be considered a mortgage loan under this definition unless the amount of the loan is under two thousand five hundred dollars.

NEW SECTION. Sec. 3. A new section is added to chapter 43.180 RCW to read as follows:

(1) If economically feasible, the commission shall develop and implement a sustainable energy trust program to provide financing for qualified improvement projects. In developing the sustainable energy trust program, the commission shall establish eligibility criteria for financing that will enable it to choose eligible applicants who are likely to repay loans made or acquired by the commission and funded from the proceeds of commission bonds.

(2) The commission shall, if economically feasible:

(a) Issue bonds, as defined in RCW 43.180.020, for the purpose of financing loans for qualified energy efficiency and renewable energy improvement projects in accordance with RCW 43.180.150; (b) Participate fully in federal and other governmental programs and take actions that are necessary and consistent with this chapter to secure to itself and the people of the state the benefits of programs to promote energy efficiency and renewable energy technologies; (c) Contract with a certifying authority to accept applications for energy efficiency and renewable energy improvement projects, to review applications, including binding fixed price bids for the improvements, and to approve qualified improvements for financing by the commission. For solar electric systems, the certifying authority must use an application certification process similar to the investment cost recovery incentive application process provided under RCW 82.16.120. No work by a certifying authority may commence under this section until a request has been made by the commission; and (d) Before entering into a contract with a certifying authority as defined in RCW 43.180.020(2)(b), consult with the Washington State University energy extension program to determine which potential improvement technologies are appropriate.

(3) No general fund resources may be expended to implement this section.

Correct the title.

**ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1007**, having received the necessary constitutional majority, was declared passed.

**HOUSE BILL NO. 2040, by Representatives Conway and Condotta**

Concerning the work of the joint select committee on beer and wine regulation.

The bill was read the second time.

Representative Conway moved the adoption of amendment (227):

Strike everything after the enacting clause and insert the following:

**NEW SECTION. Sec. 1.** A new section is added to chapter 66.28 RCW to read as follows:

(1) The legislature recognizes that Washington's current three-tier system, where the functions of manufacturing, distributing, and retailing are distinct and the financial relationships and business transactions between entities in these tiers are regulated, is a valuable system for the distribution of beer and wine. The legislature further recognizes that the historical total prohibition on ownership of an interest in one tier by a person with an ownership interest in another tier, as well as the historical restriction on financial incentives and business relationships between tiers, is unduly restrictive. The legislature finds the modifications contained in this act are appropriate, because the modifications do not impermissibly interfere with the goals of orderly marketing of alcohol in the state, encourage moderation in consumption of alcohol by the citizens of the state, protecting the public interest and advancing public safety by preventing the use and consumption of alcohol by minors and other abusive consumption, and promoting the efficient collection of taxes by the state.

**NEW SECTION. Sec. 2.** A new section is added to chapter 66.28 RCW to read as follows:

The definitions in this section apply throughout sections 1 through 8 of this act unless the context clearly requires otherwise.

(1) "Adverse impact on public health and safety" means that an existing or proposed practice or occurrence has resulted or is more likely than not to result in alcohol being made significantly more attractive or available to minors than would otherwise be the case or has resulted or is more likely than not to result in overconsumption, consumption by minors, or other harmful or abusive forms of consumption.

(2) "Affiliate" means any one of two or more persons if one of those persons has actual or legal control, directly or indirectly, whether by stock ownership or otherwise, of the other person or persons and any one of two or more persons subject to common control, actual or legal, directly or indirectly, whether by stock ownership or otherwise.

(3) "Industry member" means a licensed manufacturer, producer, supplier, importer, wholesaler, distributor, authorized representative, certificate of approval holder, warehouse, and any affiliates, subsidiaries, officers, directors, partners, agents, employees, and representatives of any industry member. "Industry member" does not include the board or any of the board's employees.

(4) "Person" means any individual, partnership, joint stock company, business trust, association, corporation, or other form of business enterprise, including a receiver, trustee, or liquidating agent and includes any officer or employee of a retailer or industry member.

(5) "Retailer" means the holder of a license issued by the board to allow for the sale of alcoholic beverages to consumers for consumption on or off premises and any of the retailer's agents, officers, directors, shareholders, partners, or employees. "Retailer" does not include the board or any of the board's employees.

(6) "Undue influence" means one retailer or industry member directly or indirectly influencing the purchasing, marketing, or sales decisions of another retailer or industry member by any agreement written or unwritten or any other business practices or arrangements such as but not limited to the following:

(a) Any form of coercion between industry members and retailers or between retailers and industry members through acts or threats of physical or economic harm, including threat of loss of supply or threat of curtailment of purchase;

(b) A retailer on an involuntary basis purchasing less than it would have of another industry member's product;

(c) Purchases made by a retailer or industry member as a prerequisite for purchase of other items;

(d) A retailer purchasing a specific or minimum quantity or type of a product or products from an industry member;

(e) An industry member requiring a retailer to take and dispose of a certain product type or quota of the industry member's products;

(f) An industry member having a continuing obligation to sell a product to a retailer;

(h) A retailer having a continuing obligation to sell a product to another retailer;

(i) An industry member being involved in the day-to-day operations of a retailer or a retailer being involved in the day-to-day operations of an industry member in a manner that violates the provisions of this section;

(j) Discriminatory pricing practices as prohibited by law or other practices that are discriminatory in that product is not offered to all retailers in the local market on the same terms.

**NEW SECTION. Sec. 3.** A new section is added to chapter 66.28 RCW to read as follows:

(1) Notwithstanding the prohibitions and restrictions contained in this title, it shall be lawful for an industry member or affiliate to have a direct or indirect financial interest in another industry member or a retailer, and for a retailer or affiliate to have a direct or indirect financial interest in an industry member unless such interest has resulted or is more likely than not to result in undue influence over the retailer or the industry member or has resulted or is more likely than not to result in an adverse impact on public health and safety. The structure of any such financial interest must be consistent with subsection (2) of this section.

(2) Subject to subsection (1) of this section and except as provided in section 4 of this act:

(a) An industry member in whose name a license or certificate of approval has been issued pursuant to this title may wholly own or
hold a financial interest in a separate legal entity licensed pursuant to RCW 66.24.320 through 66.24.570, but may not have such a license issued in its name; and

(c) A supplier in whose name a license or certificate of approval has been issued pursuant to this title may wholly own or hold a financial interest in a separate legal entity licensed or holding a certificate of approval pursuant to RCW 66.24.170, 66.24.206, 66.24.240, 66.24.244, 66.24.270(2), 66.24.200, or 66.24.250, but may not have such a license or certificate of approval issued in its name; and

(d) A distributor or importer in whose name a license has been issued pursuant to this title may wholly own or hold a financial interest in a separate legal entity licensed or holding a certificate of approval as a supplier under this title, but such distributor or importer may not have a license or certificate of approval as a supplier issued in its own name.

NEW SECTION. Sec. 4. A new section is added to chapter 66.28 RCW to read as follows:

Nothing in the section 3 of this act shall prohibit:

(1) A licensed domestic brewery or microbrewery from being licensed as a retailer pursuant to chapter 66.24 RCW for the purpose of selling beer or wine at retail on the brewery premises and at one additional off-site retail only location.

(9) An organization qualifying under RCW 66.24.375 formed for the purpose of constructing and operating a facility to promote Washington wines from holding retail licenses on the facility premises or a lease for any portion of such facility property to a retail licensee on the facility property if the members of the board of directors or officers of the board for the organization include officers, directors, owners, or employees of a licensed domestic winery. Financing for the construction of the facility must include both public and private money.

(10) A bona fide charitable nonprofit society or association registered under Title 26 U.S.C. Sec. 501(c)(3) of the federal internal revenue code, or a local wine industry association registered under Title 26 U.S.C. Sec. 501(c)(6) of the federal internal revenue code as it existed on July 22, 2007, and having an officer, director, owner, or employee of a licensed domestic winery or a wine certificate of approval holder on its board of directors from holding a special occasion license under RCW 66.24.380.

(11) A person licensed pursuant to RCW 66.24.170, 66.24.240, or 66.24.244 from exercising the privileges of distributing and selling at retail such person's own production or from exercising any other right or privilege that attaches to such license.

(12) A person holding a certificate of approval pursuant to RCW 66.24.206 from obtaining an endorsement to act as a distributor of their own product or from shipping their own product directly to consumers as authorized by RCW 66.20.360.

(13) A person holding a wine shipper's permit pursuant to RCW 66.20.375 from shipping their own product directly to consumers.

(14) A person holding a certificate of approval pursuant to RCW 66.24.270(2) from obtaining an endorsement to act as a distributor of their own product.

NEW SECTION. Sec. 5. A new section is added to chapter 66.28 RCW to read as follows:

Any industry member or retailer or any other person seeking a determination by the board as to whether a proposed or existing financial interest has resulted or is more likely than not to result in undue influence or has resulted or is more likely than not to result in an adverse impact on public health and safety may file a complaint or request for determination with the board. Upon receipt of a request or complaint the board may conduct such investigation as it deems appropriate in the circumstances. If the investigation reveals the financial interest has resulted or is more likely than not to result in undue influence or has resulted or is more likely than not to result in an adverse impact on public health and safety the board may issue an administrative violation notice or a notice of intent to deny the license to the industry member, to the retailer, or both. If the financial interest was acquired through a transaction that has already been consummated when the board issues its administrative violation notice, the board shall have the authority to require that the transaction be rescinded or otherwise undone. The recipient of the administrative notice of violation or notice of intent to deny the license may request a hearing under chapter 34.05 RCW.

NEW SECTION. Sec. 6. A new section is added to chapter 66.28 RCW to read as follows:

Except as provided in section 7 of this act, no industry member shall advance and no retailer shall receive moneys or moneys' worth under an agreement written or unwritten or by means of any other business practice or arrangement.

NEW SECTION. Sec. 7. A new section is added to chapter 66.28 RCW to read as follows:

(1)(a) Nothing in section 6 of this act prohibits an industry member from providing retailers branded promotional items which are of nominal value, singly or in the aggregate. Such items include but are not limited to: Trays, lighters, blotters, postcards, pencils, coasters, menu cards, meal checks, napkins, clocks, mugs, glasses, bottles or can openers, corkscrews, matches, printed recipes, shirts, hats, visors, and other similar items. Branded promotional items:

(i) Must be used exclusively by the retailer or its employees in a manner consistent with its license;

(ii) Must bear imprinted advertising matter of the industry member only;

(iii) May be provided by industry members only to retailers and their employees and may not be provided by or through retailers or their employees to retail customers; and

(iv) May not be targeted to or appeal principally to youth.

(b) An industry member is not obligated to provide any such branded promotional items, and retailers may not require an industry member to provide such branded promotional items as a condition for selling any alcohol to the retailer.

(c) Any industry member or retailer or any other person asserting that the provision of branded promotional items as allowed in (a) of this subsection has resulted or is more likely than not to result in undue influence or an adverse impact on public health and
safety, or is otherwise inconsistent with the criteria in (a) of this subsection may file a complaint with the board. Upon receipt of a complaint the board may conduct such investigation as it deems appropriate in the circumstances. If the investigation reveals the provision of branded promotional items has resulted in or is more likely than not to result in undue influence or has resulted or is more likely than not to result in an adverse impact on public health and safety or is otherwise inconsistent with (a) of this subsection the board may issue an administrative violation notice to the industry member, to the retailer, or both. The recipient of the administrative violation notice may request a hearing under chapter 34.05 RCW.

(2) Nothing in section 6 of this act prohibits an industry member from providing to a special occasion licensee and a special occasion licensee from receiving services for:

(a) Installation of draft beer dispensing equipment or advertising;

(b) Advertising, pouring, or dispensing of beer or wine at a beer or wine tasting exhibition or judging event.

(3) Nothing in section 6 of this act prohibits industry members from performing, and retailers from accepting the service of building, rotating, and restocking displays and stockroom inventories; rotating and rearranging can and bottle displays of their own products; providing a shelf, a sales terminal, and brand signs; pricing case goods of their own brands; and performing such similar business services consistent with board rules, or personal services as described in subsection (5) of this section.

(4) Nothing in section 6 of this act prohibits:

(a) Industry members from listing on their internet web site information related to retailers who sell or promote their products, including direct links to the retailers’ internet web sites; and

(b) Retailers from listing on their internet web site information related to industry members whose products those retailers sell or promote, including direct links to the industry members' web sites; or

(c) Industry members and retailers from producing, jointly or together with regional, state, or local industry associations, brochures and materials promoting tourism in Washington state which contain information regarding retail licensees, industry members, and their products.

(5) Nothing in section 6 of this act prohibits the performance of personal services offered from time to time by a domestic winery or certificate of approval holder to retailers when the personal services are (a) conducted at a licensed premises, and (b) intended to inform, educate, or enhance customers' knowledge or experience of the manufacturer's products. The performance of personal services may include participation and pouring, bottle signing events, and other similar informational or educational activities at the premises of a retail licensee, the premises of a domestic winery, a local market, or a bar. Nothing in this section prohibits wineries, certificate of approval holders, and retail licensees from identifying the producers on private labels authorized under RCW 66.24.400, 66.24.425, and 66.24.450.

(6) Nothing in section 6 of this act prohibits an industry member from entering into an arrangement with any holder of a sports entertainment facility license or an affiliated business for brand advertising at the licensed facility or promoting events held at the sports entertainment facility as authorized under RCW 66.24.570.

NEW SECTION. Sec. 8. A new section is added to chapter 66.28 RCW to read as follows:

All industry members and retailers shall keep and maintain the following records on their premises for a three-year period:

(1) Records of all items, services, and moneys’ worth furnished to and received by a retailer and of all items, services, and moneys’ worth provided to a retailer and purchased by a retailer at fair market value; and

(2) Records of all industry member financial ownership or interests in a retailer and of all retailer financial ownership interests in an industry member.

NEW SECTION. Sec. 9. A new section is added to chapter 66.28 RCW to read as follows:

The board shall adopt rules as are deemed necessary to carry out the purposes and provisions of this chapter in accordance with the administrative procedure act, chapter 34.05 RCW.

Sec. 10. RCW 66.28.180 and 2006 c 320 s 10 are each amended to read as follows:

((It is unlawful for a person, firm, or corporation holding a certificate of approval issued under RCW 66.24.270 or 66.24.206, a beer distributor’s license, a domestic brewery license, a microbrewery license, a beer importer’s license, a beer distributor’s license, a domestic winery license, a wine importer’s license, or a wine distributor’s license within the state of Washington to modify any prices without prior notification to and approval of the board.))

(1) Intent. This section is enacted, pursuant to the authority of this state under the twenty-first amendment to the United States Constitution, to promote the public’s interest in fostering the orderly and responsible distribution of malt beverages and wine towards effective control of consumption; to promote the fair and efficient system of distribution of such beverages and to confirm existing board rules as the clear expression of state policy to regulate the manner of selling and pricing of wine and malt beverages by licensed suppliers and distributors.

(a) Every beer or wine distributor shall ((jails the board at its office in Olympia)) maintain at its liquor licensed location a price ((posting)) list showing the wholesale prices at which any and all brands of beer and wine sold by such beer and/or wine distributor shall be sold to retailers within the state.

(b) Each price ((posting shall be made on a form prepared and furnished by the board, or a reasonable facsimile thereof, and)) list shall set forth:

(i) All brands, types, packages, and containers of beer or wine offered for sale by such beer and/or wine distributor; and

(ii) The wholesale prices thereof to retail licensees, including allowances, if any, for returned empty containers.

(c) No beer and/or wine distributor may sell or offer to sell any package or container of beer or wine to any retail licensee at a price differing from the price for such package or container as shown in the price ((posting)) list which is unlawful for a person, firm, or corporation holding a certificate of approval issued under RCW 66.24.270 or 66.24.206, a beer distributor’s license, a domestic brewery license, a microbrewery license, a beer importer’s license, a beer distributor’s license, a domestic winery license, a wine importer’s license, or a wine distributor’s license within the state of Washington to modify any prices without prior notification to and approval of the board.

(d) Quantity discounts are prohibited. No price may be ((posted)) below acquisition cost ((plus ten percent of acquisition cost)). However, the board is empowered to review periodically, as it may retain upon the proper showing of such percentage difference ((a minimum markup over cost and to modify such percentage by the rule of the board, except such percentage shall be not less than ten percent)).

(e) Distributor prices on a "close-out" item shall be ((accepted)) allowed if the item to be discontinued has been listed ((on the state market)) for a period of at least six months, and upon the further condition that the distributor who ((posts)) offers such a close-out price shall not restock the item for a period of one year following the first effective date of such close-out price.

(f) ((The board shall adopt rules as are deemed necessary to carry out the purposes and provisions of this chapter in accordance with the administrative procedure act, chapter 34.05 RCW.)) The board may reject any price posting that it deems to be in violation of this section or any rule, or portion thereof, or that would tend to disrupt the orderly sale and distribution of beer and wine. Whenever the board rejects any posting, the licensee submitting the posting may be heard by the board and shall have the burden of showing that the posting is not in violation of this section or a rule or does not tend to disrupt the orderly sale and distribution of beer and wine. If the posting is rejected, it shall become effective at the time fixed by the board. If the posting is rejected, the last effective posting shall remain in effect until such time as an amended posting is filed and approved, in accordance with the provisions of this section.

(g) Prior to the effective date of the posted prices, all price postings filed or required by this section constitute investigatory information and shall not be subject to disclosure, pursuant to RCW 42.56.240(1).
Any beer and/or wine distributor or employee authorized by the distributor-employer may sell beer and/or wine at the distributor's listed prices to any annual or special occasion retail licensee upon presentation to the distributor or employee at the time of purchase of a special permit issued by the board to such licensee.

Every annual or special occasion retail licensee, upon purchasing any beer and/or wine from a distributor, shall immediately cause such beer or wine to be delivered to the licensed premises, and the licensee shall not thereafter permit such beer to be disposed of in any manner except as authorized by the license.

Beer and wine sold as provided in this section shall be delivered by the distributor or an authorized employee either to the retailer's licensed premises or directly to the retailer at the distributor's licensed premises. When a domestic winery, brewery, microbrewery, or certificate of approval holder with a direct shipping endorsement is acting as a distributor of its own production, a licensed retailer may contract with a common carrier to obtain the product directly from the domestic winery, brewery, microbrewery, or certificate of approval holder with a direct shipping endorsement. A distributor's prices to retail licensees shall be the same at both such places of delivery.

(a) Every domestic winery, microbrewery, and/or wine importer offering beer and/or wine for sale within the state and any beer and/or wine distributor who sells to other beer and/or wine distributors shall maintain at its liquor licensed location a price list and a copy of every written contract and a memorandum of every oral agreement which such winery or winery may have with any beer or wine distributor, which contracts or memoranda shall contain (a schedule of prices charged to distributors for all items and all terms of sale, including all regular and tier discounts):

(i) All advertising, sales and trade allowances, and incentive programs; and
(ii) All commissions, bonuses or gifts, and any and all other discounts or allowances.

Whenever changed or modified, such revised contracts or memoranda shall also be (filed with the board as provided for by law. The provisions of this section also apply to certificate of approval holders, beer and/or wine importers, and beer and/or wine distributors who sell to other beer and/or wine distributors) maintained at its liquor licensed location.

Each price (schedule shall be made on a form prepared and furnished by the board, or a reasonable facsimile thereof, and list shall be uniform for all brands, types, packages, and containers of beer and/or wine offered for sale by such licensed brewery or winery (all additional information required may be filed as a supplement to the price schedule forms).

(d) Prices (filed by) of a domestic brewery, microbrewery, domestic winery, or certificate of approval holder shall be uniform prices to all distributors or retailers on a statewide basis less bona fide allowances for freight differentials. Quantity discounts are prohibited. No price shall be (filed that is) below acquisition/production cost (plus ten percent of such cost, except that acquisition cost plus ten percent of acquisition cost does not apply to sales of beer or wine between a beer or wine importer who sells beer or wine to another beer or wine distributor, or to a beer or wine distributor who sells beer or wine to another beer or wine distributor. However, the board is empowered to review periodically, as it may deem appropriate, the amount of the percentage of acquisition/production cost as a minimum mark-up over cost and to modify such percentage by rule of the board, except such percentage shall be not less than ten percent).

(2) A domestic brewery, domestic winery, certificate of approval holder, beer or wine importer, or beer or wine distributor (may sell or offer to sell any beer or wine to any person whatsoever in this state until copies of written contracts or memoranda of such oral agreements are on file with the board) acting as a supplier to another distributor must file a distributor appointment with the board.

((d)) (f) No domestic brewery, microbrewery, domestic winery, or certificate of approval holder may sell or offer to sell any package or container of beer or wine to any distributor at a price differing from the price list for such package or container as shown in the (schedule of prices filed by) price list of the domestic brewery, microbrewery, domestic winery, or certificate of approval holder and then in effect, according to rules adopted by the board.

The board may reject any supplier's price filing, contract, or memorandum of oral agreement, or portion thereof that it deems to be a violation of this section or any rule or that would tend to disrupt the orderly sale and distribution of beer or wine. Whenever the board rejects any such price filing, contract, or memorandum, the licensee submitting the price filing, contract, or memorandum may be heard by the board and shall have the burden of showing that the price filing, contract, or memorandum is not in violation of this section or a rule or does not tend to disrupt the orderly sale and distribution of beer or wine. If the price filing, contract, or memorandum is accepted, it shall become effective at a time fixed by the board. If the price filing, contract, or memorandum, or portion thereof, is rejected, the last effective price filing, contract, or memorandum shall remain in effect until such time as an amended price filing, contract, or memorandum is filed and approved.

Prior to the effective date of the posted prices, all price contracts, and memoranda filed as required by this section constitute investigatory information and shall not be subject to disclosure pursuant to RCW 42.56.240.2

NEW SECTION. Sec. 11. RCW 66.28.010 (Manufacturers, importers, distributors, and authorized representatives barred from interest in retail business or location--Advances prohibited--"Financial interest" defined--Exceptions) and 2008 c 94 s 5 are each repealed.

NEW SECTION. Sec. 12. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act and the application of the provision to other persons or circumstances is not affected.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the 2009 American recovery and reinvestment act includes new investments in research and development for green industries, renewable energy production, and incentives for installation and use of renewable energy and energy efficiency retrofits. The legislature further finds that state level initiatives include additional incentives for installation of renewable energy and energy efficiency retrofits. These initiatives also include new incentives for production of renewable energy, so that the state is not only using renewable energy, but also becoming a major supplier of renewable energy to the world.

The legislature believes that these inputs will significantly increase demand for installation and production of renewable energy and energy efficiency retrofits.  The legislature recognizes that this demand will cultivate job opportunities for Washington state residents during economic downturns when such opportunities are particularly valuable. However, the state's residents and economy may be unable to take full advantage of these opportunities if there is a shortage of workers with the skills needed for production and installation jobs in renewable energy and energy efficiency.

The legislature intends that Washington state excel in the green economy by creating a highly skilled green jobs workforce. Furthermore, the legislature intends to establish an even stronger focus on skills for green jobs within existing education and training funds, and to direct any funds received from the 2009 American recovery and reinvestment act to an evergreen jobs initiative.

Therefore, the legislature intends that Washington state excel in the green economy by creating a highly skilled green jobs workforce. Furthermore, the legislature intends to establish an even stronger focus on skills for green jobs within existing education and training funds, and to direct any funds received from the 2009 American recovery and reinvestment act to an evergreen jobs initiative to ensure: The state's workforce is prepared for the new green economy; that the state attracts investment and job creation in the green economy; that the state is a net exporter of green industry products and services, with special attention to renewable energy and energy efficiency; and that Washington is a national and world leader in the green economy.

Sec. 2. RCW 43.330.310 and 2008 c 14 s 9 are each amended to read as follows:

(1) The legislature establishes a comprehensive green economy jobs growth initiative based on the goal of by 2020: increasing the number of green economy jobs to twenty-five thousand; and four hundred green economy jobs the state had in 2004.

(2) The Washington state evergreen jobs initiative is established with the following primary goals:

(a) To create fifteen thousand new green economy jobs by 2020;

(b) To target thirty percent of these new jobs to veterans, members of the national guard, and low-income and disadvantaged populations;

(c) To create a coordinated effort across state agencies to draw down federal funds and deploy them in a focused, effective, and coordinated manner;

(d) To prepare the state's workforce to take full advantage of green economy job opportunities;

(e) To attract private sector investment that will result in job creation and expansion;

(f) To make the state a net exporter of green industry products and services, with special attention to renewable energy technology and components;

(g) To empower green job recruitment and training by local workforce development councils and associate development organizations by providing rapidly accessible funding and strong support from state agencies and the governor's Washington works plan and the Washington workforce compact;

(h) To capitalize upon partnership agreements already established in the governor's Washington works plan and the Washington workforce development councils statewide.  The evaluation criteria must include, but not be limited to, whether the project will:

(A) Create short-term jobs;

(B) Create long-term jobs;

(C) Position the state to become a major exporter of renewable energy technology and components;

(D) Strengthen the state's competitiveness in a targeted niche within the green economy; and

(E) Create lasting environmental benefits;

(ii) Projects that demonstrate the following characteristics shall be awarded additional points in the evaluation process:

(A) Compliance with the prevailing wage provisions of chapter 39.12 RCW or with area standard wages for public works as determined by the department of labor and industries;

(B) Employment opportunities for veterans, members of the national guard, and low-income and disadvantaged populations; and

(C) Quality and training standards that ensure that fifteen percent of the labor hours will be performed by apprentices;

(b) Accelerate and coordinate efforts to identify and secure any and all potential sources of funding, with a particular emphasis on funding available from the federal government under the 2009 American recovery and reinvestment act, to support green jobs act priority projects and accomplish the additional goals of this initiative;

(c) Use the list of evergreen jobs act priority projects to inform and coordinate applications for federal funding, and to coordinate funding and implementation for local projects from multiple state agencies. This requirement for consultation and coordination among state agencies shall not be construed as a requirement for any agency to gain approval from another before allocating funding to the local level;

(d) Coordinate, streamline, and accelerate project support so that local associate development organizations and workforce development councils will be empowered to comprehensively and rapidly respond to job creation and workforce training opportunities. Each associate development organization and workforce development council shall report to the legislature annually regarding the effectiveness and timeliness of support provided by state agencies under this section and sections 3 through 5 of this act;

(e) Ensure that public utility district and community action agency weatherization projects similarly receive coordinated, streamlined, and accelerated state support, including a steady supply of appropriately skilled workers;

(f) Consult with the Washington State University energy extension program, when necessary, to determine which energy..."
efficiency and renewable energy improvement technologies are appropriate;

(ii) Develop, track, and report performance metrics, including but not limited to:

(i) The number of new green jobs created each year;

(ii) The number of new green jobs created for veterans, members of the national guard, and low-income and disadvantaged populations;

(iii) Wage levels of jobs created;

(iv) The total amount of new federal funding secured and the respective amounts allocated to the state and local levels; and

(v) The timeliness of deployment of funding by state agencies to the local level;

(h) Focus on additional local projects or additional high employer-demand fields as necessary and report performance in these fields in the same manner described in (g) of this subsection;

(i) Provide a progress report to appropriate committees of the legislature on December 1, 2009, that includes:

(i) Methods to encourage the creation and expansion of businesses and jobs in the state's green economy;

(ii) Actions and accomplishments in securing funds from the federal government and other external sources;

(iii) Recommended performance metrics;

(iv) Actual performance outcomes to date; and

(v) A list of evergreen jobs act priority projects and actions taken to date on each;

(j) Provide quarterly performance reports thereafter to appropriate committees of the legislature that include, at a minimum, the following information:

(i) Performance metrics and actual performance outcomes to date;

(ii) The updated list of evergreen jobs act priority projects and actions taken to date on each;

(iii) A summary of actions taken to empower local organizations as required in (d) and (e) of this subsection; and

(iv) Reports from local associate development organizations and workforce development councils on the effectiveness and timeliness of state support for their efforts.

(3) The workforce training and education coordinating board, in consultation with the department, shall develop a plan or a series of plans to prioritize existing and new funding streams to workforce development councils and associate development organizations in a coordinated and efficient manner, to reduce local staff time needed to draw down funds, and to increase local capacity to respond rapidly and comprehensively to opportunities to attract green jobs to local communities.

(4) The department and workforce training and education coordinating board shall identify strategies to allocate and direct existing funding streams to workforce development councils and associate development organizations in a coordinated and efficient manner, to reduce local staff time needed to draw down funds, and to increase local capacity to respond rapidly and comprehensively to opportunities to attract green jobs to local communities.

(5) The state workforce training and education coordinating board, the state board for community and technical colleges, and the higher education coordinating board, in consultation with the department, shall develop a defined list of terms, consistent with current workforce and economic development terms, associated with green economy industries and jobs.

(6) The employment security department, in consultation with the state workforce training and education coordinating board, the state board for community and technical colleges, and the higher education coordinating board, shall develop a defined list of terms, consistent with current workforce and economic development terms, associated with green economy industries and jobs.

(b) The University of Washington business and economic development center shall: Analyze the current opportunities for and participation in the green economy by minority and women-owned businesses; where necessary, develop strategies to ensure successful participation in the green economy; and develop strategies with specific policy recommendations to improve their successful participation in the green economy. The research may be informed by the research of the Puget Sound regional council prosperity partnership, as well as other entities. The University of Washington business and economic development center shall report to the appropriate committees of the house of representatives and the senate on their research, analysis, and recommendations by December 1, 2008.

(4) Based on the findings from subsection ((5)) (6) of this section, the employment security department, in consultation with the department and taking into account the requirements and goals of chapter 14, Laws of 2008 and other state clean energy and energy efficiency policies, shall propose which industries will be considered high-demand green industries, based on current and projected job creation and their strategic importance to the development of the state's green economy. The employment security department and the department shall take into account which jobs within green economy industries will be considered middle or high-wage occupations and which occupations that are part of career pathways to the same, based on family-sustaining wage and benefits ranges. These designations, and the results of the employment security department's broader labor market research, shall inform the planning and strategic direction of the department, the state workforce training and education coordinating board, the state board for community and technical colleges, and the higher education coordinating board.

(5) The department, consistent with the priorities established by the state economic development commission, shall:

(a) Develop targeting criteria for existing investments, and make recommendations for new or expanded financial incentives and comprehensive strategies, to recruit, retain, and expand green economy industries and small businesses; and

(b) Make recommendations for new or expanded financial incentives and comprehensive strategies to stimulate research and development of green technology and innovation, including designating innovation partnership zones linked to the green economy.

(6) For the purposes of this section, "target populations" means (a) entry-level or incumbent workers ((in high-demand green industries) (b) high-wage workers in declining industries who may be retrained for middle or high-wage occupations in ((high-demand green industries)) the green economy; (b) dislocated workers in declining industries who may be retrained for middle or high-wage occupations in ((high-demand green industries)) the green economy; (c) (dislocated agriculture, timber, or energy sector workers who may be retrained for high-wage occupations in high-demand green industries); (d) eligible veterans; and (e) anyone eligible to participate in the state opportunity grant program under RCW 28B.30.271.

(7) The legislature directs the state workforce training and education coordinating board to create and pilot green industry walks. These panels shall consist of business representatives from industry sectors related to clean energy, labor unions representing workers in those industries or labor affiliates administering state-approved, joint apprenticeship programs or labor-management partnership programs that train workers for those industries, state and local veterans agencies, employer associations, educational institutions, and local workforce development councils in the region that the panels propose to operate, and other key stakeholders as determined by the applicant. Any of these stakeholder organizations are eligible to receive grants under this section and serve as the intermediary that convenes and leads the panel. Panel applicants must provide labor market and industry analysis that demonstrates high demand, or demand of strategic importance to the development of the state's clean energy economy.
as identified in this section, for middle or high-wage occupations, or occupations that are part of career pathways to the same, within the relevant industry sector. The panel shall:

(a) Conduct labor market and industry analyses, in consultation with the employment security department, and drawing on the findings of its research when available;

(b) Plan strategies to meet the recruitment and training needs of the industry and small businesses; and

(c) Leverage and align other public and private funding sources.

(4)(b)(i) The (green Industries) evergreen jobs (green Industries) account is created in the state treasury. Funds deposited to the account may include gifts, grants, or endowments from public or private sources, in trust or otherwise. Moneys from the account must be utilized to supplement the state opportunity grant program established under RCW 28B.50.271. All receipts from appropriations directed to the account must be deposited into the account. Expenditures from the account may be used only for the activities identified in this subsection. The state board for community and technical colleges, in consultation with the state workforce training and education coordinating board, informed by the research of the employment security department and the strategies developed in this section, may authorize expenditures from the account. The state board for community and technical colleges must distribute grants from the account on a competitive basis.

(a)(i) Allowable uses of these grant funds, which should be used when other public or private funds are insufficient or unavailable, may include:

(A) Curriculum development;

(B) Transitional jobs strategies for dislocated workers in declining industries who may be retrained for middle or high-wage occupations in green industries;

(C) Workforce education to target populations; (and)

(D) Adult basic and remedial education as necessary linked to occupation skills training; and

(E) Coordinated outreach efforts by institutions of higher education and workforce development councils.

(ii) Allowable uses of these grant funds do not include student assistance and support services available through the state opportunity grant program under RCW 28B.50.271.

(b) Applicants eligible to receive these grants may be any organization or a partnership of organizations that has demonstrated expertise in:

(i) Implementing effective education and training programs that meet industry demand; and

(ii) Recruiting and supporting, to successful completion of those training programs carried out under these grants, the target populations of workers.

(c) In awarding grants from the (green Industries) evergreen jobs (green Industries) account, the state board for community and technical colleges shall give priority to applicants that demonstrate the ability to:

(i) Use labor market and industry analysis developed by the employment security department and green industry skill panels in the design and delivery of the relevant education and training programs, and otherwise utilize strategies developed by green industry skill panels;

(ii) Leverage and align existing public programs and resources and private resources toward the goal of recruiting, supporting, educating, and training target populations of workers;

(iii) Collaboratively with other relevant stakeholders in the regional economy;

(iv) Link adult basic and remedial education, where necessary, with occupation skills training;

(v) Involve employers and, where applicable, labor unions in the determination of relevant skills and competencies and, where relevant, the validation of career pathways; and

(vi) Ensure that supportive services, where necessary, are integrated with education and training and are delivered by organizations with direct access to and experience with the targeted population of workers.

(13) The definitions in this subsection apply throughout this section and sections 3 through 5 of this act unless the context clearly requires otherwise.

(a) "Apprentice" means an apprentice enrolled in an apprenticeship training program approved by the Washington state apprenticeship council.

(b) "High-demand occupation" means an occupation with a substantial number of current or projected employment opportunities.

(c) "Labor hours" means the total hours of workers receiving an hourly wage who are directly employed on the site of the project. "Labor hours" includes hours performed by workers employed by the contractor and all subcontractors working on the project. Labor hours does not include hours worked by foremen, superintendents, and owners.

NEW SECTION. Sec. 3. A new section is added to chapter 28B.50 RCW to read as follows:

(1) The college board shall prioritize workforce training programs that lead to a credential, certificate, or degree in green economy jobs as established in chapter 14, Laws of 2008. For purposes of this section, green economy jobs include those in the primary industries of a green economy including clean energy, high-efficiency building, green transportation, and environmental protection. Prioritization efforts shall include but not be limited to:

(a) Prioritization of the use of high employer-demand funding for workforce training programs in green economy jobs. Any additional community and technical college high-demand funding authorized for the 2009-2011 fiscal biennium and thereafter is subject to prioritization;

(b) Increased outreach efforts to public utilities, education, labor and government, and private industry to develop tailored, green-job training programs; and

(c) Increased outreach efforts to target populations. Outreach efforts shall be conducted in partnership with local workforce development councils.

(2) For purposes of this section, "target populations" means veterans, members of the national guard, and low-income and disadvantaged populations.

(3) The definitions in RCW 43.330.310(13) apply to this section.

NEW SECTION. Sec. 4. A new section is added to chapter 28B.18 RCW to read as follows:

(1) The board shall prioritize workforce training programs that lead to a credential, certificate, or degree in green economy jobs as established in chapter 14, Laws of 2008. For purposes of this section, green economy jobs include those in the primary industries of a green economy, including clean energy, high-efficiency building, green transportation, and environmental protection. Prioritization efforts shall include but not be limited to:

(a) Prioritization of the use of high employer-demand funding for workforce training programs in green economy jobs;

(b) Increased outreach efforts to public utilities, education, labor and government, and private industry to develop tailored, green-job training programs; and

(c) Increased outreach efforts to target populations. Outreach efforts shall be conducted in partnership with local workforce development councils.

(2) For purposes of this section, "target populations" means veterans, members of the national guard, and low-income and disadvantaged populations.

(3) The definitions in RCW 43.330.310(13) apply to this section.

NEW SECTION. Sec. 5. A new section is added to chapter 49.04 RCW to read as follows:

(1) The council shall prioritize workforce training programs that lead to apprenticeship programs in green economy jobs as established in chapter 14, Laws of 2008. For purposes of this section, green economy jobs include those in the primary industries of a green economy, including clean energy, high-efficiency building, green transportation, and environmental protection. Prioritization efforts shall include but not be limited to:

(a) Prioritization of the use of high employer-demand funding for workforce training programs in green economy jobs;

(b) Increased outreach efforts to public utilities, education, labor and government, and private industry to develop tailored, green-job training programs; and

(c) Increased outreach efforts to target populations. Outreach efforts shall be conducted in partnership with local workforce development councils.

(2) For purposes of this section, "target populations" means veterans, members of the national guard, and low-income and disadvantaged populations.
(3) The definitions in RCW 43.330.310(13) apply to this section.

NEW SECTION. Sec. 6. This act may be known and cited as the evergreen jobs act.

Representative Hudgins moved the adoption of amendment (220):
Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. It is the intent of the legislature to pursue deployment and adoption of high-speed internet services in the state to promote economic development and the creation of green jobs, with the ultimate goal of making high-speed internet more readily available throughout the state.

NEW SECTION. Sec. 2. A new section is added to chapter 43.105 RCW to read as follows:

(1) The department is designated as an eligible entity for purposes of the broadband data improvement act, P.L. 110-385.

(2) The department is authorized to receive federal funds made available for broadband or high-speed internet purposes according to the provisions of the acts of congress making the funds available. Funds must be expended in accordance with federal and state law and any conditions contingent in the grant of those funds.

NEW SECTION. Sec. 3. A new section is added to chapter 43.105 RCW to read as follows:

(1) Subject to the availability of federal or state funding appropriated for this specific purpose, the department shall implement a high-speed internet deployment and adoption strategy on behalf of the state, beginning in areas with an uptake rate for high-speed internet below the state median. Implementation of the strategy may include:

(a) Developing an interactive web site to allow residents to self-report whether high-speed internet is available at their home or residence and at what speed;

(b) Soliciting and receiving gifts, grants, and bequests for high-speed internet deployment and adoption efforts; and

(c) Conducting a detailed survey of all high-speed internet infrastructure owned or leased by state agencies and creating a geographic information system map of all high-speed internet infrastructure owned or leased by the state.

(2) State agencies responding to a survey request from the department under subsection (1)(c) of this section shall respond in a reasonable and timely manner, not to exceed one hundred twenty days. State agencies, if surveyed, shall disclose to the department, at a minimum:

(a) The total bandwidth of high-speed internet infrastructure owned or leased;

(b) The cost of maintaining that high-speed internet infrastructure, if owned, or the price paid for the high-speed internet infrastructure, if leased; and

(c) The leasing entity, if applicable.

(3) The department may adopt rules as necessary to carry out the provisions of this section.

(4) For purposes of this section, "state agency" includes every state office, department, division, bureau, board, commission, or other state agency.

NEW SECTION. Sec. 4. A new section is added to chapter 43.105 RCW to read as follows:

(1) The department is authorized, through a competitive bidding process, to procure on behalf of the state a geographic information system map detailing high-speed internet infrastructure, service availability, and adoption. This geographic information system map may include adoption information, availability information, type of high-speed internet deployment technology, and available speed tiers for high-speed internet based on publicly available form 477 aggregated data collected by the federal communications commission.

(2) The department may procure this map either by:

(a) Contracting for and purchasing a completed map from a third party; or

(b) Working directly with the federal communications commission to accept publicly available data based on form 477 data.

Sec. 5. RCW 43.105.350 and 2008 c 262 s 3 are each amended to read as follows:

(1) For purposes of (((compliance with section 2, chapter 262, Laws of 2008, or))) any (((subsequent))) state high-speed internet deployment and adoption initiative, the department of information services, the department of community, trade, and economic development, the utilities and transportation commission, and any other government agent or agency shall not (((require or request any information related to high-speed internet infrastructure or service from))) require providers of telecommunications or high-speed internet services (((that))) to provide information related to high-speed internet infrastructure or service that may be classified by the provider as proprietary or competitively sensitive, but may accept, store, and use such information if voluntarily offered by the provider or if provided by the federal government to facilitate implementation of a high-speed internet deployment and adoption initiative.

(2) Nothing in this section may be construed as limiting the authority of a state agency or local government to gather or request information from providers of telecommunications or high-speed internet services for other purposes pursuant to its statutory authority.

Representative Rolfs moved the adoption of amendment (246):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that energy efficiency is the cheapest, quickest, and cleanest way to meet rising energy needs, confront climate change, and boost our economy. More than thirty percent of Washington's greenhouse gas emissions come from energy use in buildings. Making homes, businesses, and public institutions more energy efficient will save money, create good local jobs, enhance energy security, reduce pollution that causes global warming, and speed economic recovery while reducing the need to invest in costly new generation. Washington can spur its economy and assert its regional and national clean energy leadership by putting efficiency first. Washington can accomplish this by: Promoting super efficient, low-energy use building codes; requiring disclosure of buildings' energy use to prospective buyers; making public buildings models of energy efficiency; financing energy saving upgrades to existing buildings; and reducing utility bills for low-income households.

NEW SECTION. Sec. 2. The definitions in this section apply to sections 1 through 3 and 5 through 8 of this act and RCW 19.27A.020 unless the context clearly requires otherwise.

(1) "Benchmark" means the energy used by a facility as recorded monthly for at least one year and the facility characteristics information inputs required for a portfolio manager.

(2) "Conditioned space" means conditioned space, as defined in the Washington state energy code.

(3) "Consumer-owned utility" includes a municipal electric utility formed under Title 35 RCW, a public utility district formed under Title 54 RCW, an irrigation district formed under chapter 87.03 RCW, a cooperative formed under chapter 23.86 RCW, a mutual corporation or association formed under chapter 24.06 RCW, a port district formed under Title 53 RCW, or a water-sewer district formed under Title 57 RCW, that is engaged in the business of distributing electricity to one or more retail electric customers in the state.

(4) "Cost-effectiveness" means that a project or resource is foreseen:

(a) To be reliable and available within the time it is needed; and

(b) To meet or reduce the power demand of the intended consumers at an estimated incremental system cost no greater than that of the least- cost similarly reliable and available alternative project or resource, or any combination thereof.

(5) "Council" means the state building code council.

(6) "Department" means the department of community, trade, and economic development.

(7) "Embodied energy" means the total amount of fossil fuel energy consumed to extract raw materials and to manufacture, assemble, transport, and install the materials in a building and the life-cycle cost benefits including the recyclability and energy efficiency with respect to building materials, taking into account the total sum of current values for the costs of investment, capital, installation, operating, maintenance, and replacement as estimated for the lifetime of the product or project.

(8) "Energy consumption data" means the monthly amount of energy consumed by a customer as recorded by the applicable energy meter for the most recent twelve-month period.

(9) "Energy service company" has the same meaning as in RCW 43.19.670.

(10) "General administration" means the department of general administration.

(11) "Greenhouse gas" and "greenhouse gases" includes carbon dioxide, methane, nitrous oxide, hydrofluorocarbons, perfluorocarbons, and sulfur hexafluoride.

(12) "Investment grade energy audit" means an intensive engineering analysis of energy efficiency and management measures for the facility, net energy savings, and a cost-effectiveness determination.

(13) "Investor-owned utility" means a corporation owned by investors that meets the definition of "corporation" as defined in RCW 80.04.010 and is engaged in distributing either electricity or natural gas, or both, to more than one retail electric customer in the state.

(14) "Major facility" means any publicly owned or leased building, or a group of such buildings at a single site, having ten thousand square feet or more of conditioned floor space.
"National energy performance rating" means the score provided by the energy star program, to indicate the energy efficiency performance of the building compared to similar buildings in that climate as defined in the United States environmental protection agency "ENERGY STAR® Performance Ratings Technical Methodology."

"Net zero energy use" means a building with net energy consumption of zero over a typical year.

"Portfolio manager" means the United States environmental protection agency's energy star portfolio manager or an equivalent tool adopted by the department.

"Preliminary energy audit" means a quick evaluation by an energy service company of the energy savings potential of a building.

"Qualifying public agency" includes all state agencies, colleges, and universities.

"Qualifying utility" means a consumer-owned or investor-owned gas or electric utility that serves more than twenty-five thousand customers in the state of Washington.

"Reporting public facility" means any of the following:
(a) A building or structure, or a group of buildings or structures at a single site, owned by a qualifying public agency, that exceed ten thousand square feet of conditioned space;
(b) Buildings, structures, or spaces leased by a qualifying public agency that exceed ten thousand square feet of conditioned space, where the qualifying public agency purchases energy directly from the investor-owned or consumer-owned utility;
(c) A wastewater treatment facility owned by a qualifying public agency; or
(d) Other facilities selected by the qualifying public agency.

"State portfolio manager master account" means a portfolio manager account established to provide a single shared portfolio that includes reports for all the reporting public facilities.

NEW SECTION. Sec. 3. (1) The department shall develop and implement a strategic plan for enhancing energy efficiency and reducing greenhouse gas emissions from homes, buildings, districts, and neighborhoods. The strategic plan must be used to help direct the future code increases in RCW 19.27A.020, with targets for new buildings consistent with section 5 of this act. The strategic plan will identify barriers to achieving net zero energy use in homes and buildings and identify how to overcome those barriers in future energy code updates and through complementary policies.

(2) The department must complete and release the strategic plan to the legislature and the council by December 31, 2010, and update the plan every three years.

(3) The strategic plan must include recommendations to the council on energy code upgrades. At a minimum, the strategic plan must:
(a) Consider development of aspirational codes separate from the state energy code that contain economically and technically feasible optional standards that could achieve higher energy efficiency for those builders that elected to follow the aspirational codes in lieu of or in addition to complying with the standards set forth in the state energy code;
(b) Determine the appropriate methodology to measure achievement of state energy code targets using the United States environmental protection agency's target finder program or equivalent methodology;
(c) Address the need for enhanced code training and enforcement;
(d) Include state strategies to support research, demonstration, and education programs designed to achieve a seventy percent reduction in annual net energy consumption as specified in section 5 of this act and enhance energy efficiency and on-site renewable energy production in buildings;
(e) Recommend incentives, education, training programs and certifications, particularly state-approved training or certification programs, joint apprenticeship programs, or labor-management partnership programs that train workers for energy-efficiency projects to ensure proposed programs are designed to increase building professionals' ability to design, construct, and operate buildings that will meet the seventy percent reduction in annual net energy consumption as specified in section 5 of this act;
(f) Address barriers for utilities to serve net zero energy homes and buildings and policies to overcome those barriers;
(g) Address the limits of a prescriptive code in achieving net zero energy use homes and buildings and propose a transition to performance-based codes;
(h) Identify financial mechanisms such as tax incentives, rebates, and innovative financing to motivate energy consumers to take action to increase energy efficiency and their use of on-site renewable energy. Such incentives, rebates, or financing options may consider the role of government programs as well as utility-sponsored programs;
(i) Address the adequacy of education and technical assistance, including school curricula, technical training, and peer-to-peer exchanges for professional and trade audiences;
(j) Develop strategies to develop and install district and neighborhood-wide energy systems that help meet net zero energy use in homes and buildings;
(k) Identify costs and benefits of energy efficiency measures on residential and nonresidential construction; and
(l) Investigate methodologies and standards for the measurement of the amount of embodied energy used in building materials.

(4) The department and the council shall convene a work group to inform the initial development of the strategic plan. Membership of the work group may include, but is not limited to, representatives from:
(a) A municipal code enforcement officer employed by a municipality;
(b) A residential builder, recommended by a statewide association representing residential contractors;
(c) A commercial builder, recommended by a statewide association representing commercial general contractors;
(d) An architect licensed in the state who is knowledgeable of environmentally sound building practices and standards, recommended by the American institute of architects Washington chapter;
(e) A professional engineer licensed in Washington state, recommended by a statewide association of structural engineers;
(f) A historic preservation representative, recommended by the Washington historic preservation commission, with experience implementing the state's standards for the treatment of historic properties;
(g) A conservation group working in energy efficiency;
(h) The Northwest power planning and conservation council;
(i) An investor-owned utility providing electricity service;
(j) An investor-owned utility providing natural gas service;
(k) A public utility district;
(l) A municipal electric utility;
(m) An electric cooperative;
(n) A representative of the energy services companies industry;
(o) A representative from the legal profession;
(p) A representative from a financial institution or entity familiar with municipal bonds;
(q) An electrical engineer licensed in Washington state, recommended by a statewide association of electrical engineers;
(r) A consulting design firm working on building renewable energy solutions;
(s) A representative from a labor union representing workers in energy or building and construction industries or labor affiliates administering state-approved, joint apprenticeship programs or labor-management partnership programs that train workers for these industries;
(t) A representative of an equipment manufacturer;
(u) A mechanical HVAC engineer licensed in Washington state, recommended by a statewide association of mechanical HVAC engineers;
(v) A commercial or industrial developer, recommended by the national association of industrial office properties;
(w) A realtor, recommended by a statewide association of realtors;
(x) A construction materials supplier, recommended by a statewide aggregate and concrete association; and
(y) A rental housing property owner, recommended by a statewide multifamily housing association.
Sec. 4. RCW 19.27A.020 and 1998 c 245 s 8 are each amended to read as follows:

(1) (No later than January 1, 1993) The state building code council may establish rules to be known as the Washington state energy code as part of the state building code.

(2) The council shall follow the legislature's standards set forth in this section to adopt rules to be known as the Washington state energy code. The Washington state energy code shall be designed to:

(a) Construct increasingly energy efficient homes and buildings that help achieve the broader goal of building zero fossil-fuel greenhouse gas emission homes and buildings by the year 2031.

(b) Require new buildings to meet a certain level of energy efficiency, but allow flexibility in building design, construction, and heating equipment efficiencies within that framework. (The Washington state energy code shall be designed to); and

(c) Allow space heating equipment efficiency to offset or substitute for building envelope thermal performance.

(3) The Washington state energy code shall take into account regional climatic conditions. Climate zone 1 shall include all counties not included in climate zone 2. Climate zone 2 includes: Adams, Chelan, Douglas, Ferry, Grant, Kittitas, Lincoln, Okanogan, Pend Oreille, Spokane, Stevens, and Whitman counties.

(4) The Washington state energy code for residential buildings shall (require):

(a) New residential buildings that are space heated with electric resistance heating systems to achieve energy use equivalent to that used in typical buildings constructed with:

(i) Ceilings insulated to a level of R-30. The code shall contain an exception which permits single rafter or joist vaulted ceilings insulated to a level of R-30 (R value includes insulation only).

(ii) In zone 1, walls insulated to a level of R-19 (R value includes insulation only), or constructed with two by four members, R-13 insulation batts, R-3.2 insulated sheathing, and other normal assembly components; in zone 2 walls insulated to a level of R-24 (R value includes insulation only), or constructed with two by six members, R-22 insulation batts, R-3.2 insulated sheathing, and other normal construction assembly components; for the purpose of determining equivalent thermal performance, the wall U-value shall be 0.085 in zone 1 and 0.044 in zone 2;

(iii) Below grade walls, insulated on the interior side, to a level of R-19 or, if insulated on the exterior side, to a level of R-10 in zone 1 and R-12 in zone 2 (R value includes insulation only);

(iv) Floors over unheated spaces insulated to a level of R-30 (R value includes insulation only);

(v) Slab on grade floors insulated to a level of R-10 at the perimeter;

(vi) Double glazed windows with values not more than U-0.60 in zone 1 and U-0.65 in zone 2; the state building code council, in consultation with the department of community, trade, and economic development, shall review these U-values, and, if economically justified for consumers, shall amend the Washington state energy code to improve the U-values by December 1, 1993. The amendment shall not take effect until July 1, 1994;

(vii) In zone 1, the maximum glazing area shall be twenty-one percent of the floor area. In zone 2 the maximum glazing area shall be seventeen percent of the floor area. Throughout the state for the purposes of determining equivalent thermal performance, the maximum glazing area shall be fifteen percent of the floor area.

(b) Heat pumps with a minimum heating season performance factor (HSPF) of 6.0 for heat pumps with all other energy sources with a minimum annual fuel utilization efficiency (AFUE) of seventy-eight percent;

(ii) Double glazed windows with values not more than U-0.65 in zone 1 and U-0.60 in zone 2. The state building code council, in consultation with the department of community, trade, and economic development, shall review these U-values, and, if economically justified for consumers, shall amend the Washington state energy code to improve the U-values by December 1, 1993. The amendment shall not take effect until July 1, 1994.

(c) Exterior doors insulated to a level of R-5; or an exterior door with a thermal resistance value of less than R-5 and values for other components determined in accordance with the equivalent thermal performance criteria (a) of this subsection: and

(b) New residential buildings which are space heated with all other forms of space heating to achieve energy use equivalent to that used in typical buildings constructed with:

(i) Ceilings insulated to a level of R-30 in zone 1 and R-38 in zone 2, or constructed with an exception which permits single rafter or joist vaulted ceilings insulated to a level of R-30 (R value includes insulation only);

(ii) Walls insulated to a level of R-19 (R value includes insulation only), or constructed with two by four members, R-13 insulation batts, R-3.2 insulated sheathing, and other normal assembly components;

(ii) Wall assemblies, under frames insulated to a level of R-19 in zone 1 and R-30 in zone 2 (R value includes insulation only);

(vii) Unheated (R value includes insulation only);

(viii) Below grade walls, insulated on the interior side, to a level of R-19 or, if insulated on the exterior side, to a level of R-10 in zone 1 and R-12 in zone 2 (R value includes insulation only);

(vi) Slab on grade floors insulated to a level of R-10 at the perimeter;

(vii) Heat pumps with a minimum heating season performance factor (HSPF) of 6.0 for heat pumps with all other energy sources with a minimum annual fuel utilization efficiency (AFUE) of seventy-eight percent;

(viii) Double glazed windows with values not more than U-0.65 in zone 1 and U-0.60 in zone 2. The state building code council, in consultation with the department of community, trade, and economic development, shall review these U-values, and, if economically justified for consumers, shall amend the Washington state energy code to improve the U-values by December 1, 1993. The amendment shall not take effect until July 1, 1994.

(c) The state building code council may approve an energy code for pilot projects of residential construction that use innovative energy efficiency technologies intended to result in savings that are greater than those realized in the levels specified in this section.

(5) U-values for glazing shall be determined using the area weighted average of all glazing in the building. U-values for vertical glazing shall be determined, certified, and labeled in accordance with the appropriate national fenestration rating council (NFRC) standard, as determined and certified by the state building code council. Certification of U-values shall be conducted by a certified, independent agency licensed by the NFRC. The state building code council may develop and adopt alternative methods for determining, certifying, and labeling U-values for vertical glazing that may be used by fenestration manufacturers if determined to be appropriate by the council. The state building code council shall review and consider the adoption of the NFRC standards for determining, certifying, and labeling U-values for doors and skylights when developed and published by the NFRC. The state building code council may develop and adopt appropriate alternative methods for determining, certifying, and labeling U-values for doors and skylights. U-values for doors and skylights determined, certified, and labeled in accordance with the appropriate NFRC standard shall be acceptable for compliance with the state energy code. Sealed insulation glass, where used, shall conform to, or be in the process of being tested for, ASTM E 774-84 class A or better (as defined by the 2006 edition of the Washington state energy code, or as amended by rule by the council).

(6) (a) Except as provided in (b) of this subsection, the Washington state energy code for residential structures shall preempt the residential energy code of each city, town, and county in the state of Washington.

(b) The state energy code for residential structures does not preempt a city, town, or county's energy code for residential structures which otherwise complies with the requirements of the state energy code unless it is adopted by a city, town, or county on or before March 1, 1990.

(c) RCW 19.27A.020 is cross-referenced in RCW 34.05.310.
determine an energy performance score for residential buildings and an implementation strategy to use such information to improve the energy efficiency of the state's existing housing supply. In developing its strategy, the department shall seek input from providers of residential energy audits, utilities, building contractors, mixed use developers, the residential real estate industry, and real estate listing and form providers.

NEW SECTION. Sec. 8. (1) By July 1, 2010, each qualifying public agency shall:
(a) Create an energy benchmark for each reporting public facility using a portfolio manager;
(b) Report to general administration, the environmental protection agency national energy performance rating for each reporting public facility included in the technical requirements for this rating; and
(c) Link all portfolio manager accounts to the state portfolio manager master account to facilitate public reporting.
(2) By January 1, 2010, general administration shall establish a state portfolio manager master account. The account must be designed to provide shared reporting for all reporting public facilities.
(3) By July 1, 2010, general administration shall select a standardized portfolio manager report for reporting public facilities.
(4) General administration, in collaboration with the United States environmental protection agency, shall make the standard report of each reporting public facility available to the public through the portfolio manager web site.
(5) General administration shall develop a technical assistance program to facilitate the implementation of a preliminary audit and the investment grade energy audit. General administration shall design the technical assistance program to utilize audit services provided by utilities or energy services contracting companies when possible.
(6) For each reporting public facility with a national energy performance rating score below fifty, the qualifying public agency, in consultation with general administration, shall undertake a preliminary energy audit by July 1, 2011. If potential cost-effective energy savings are identified, an investment grade energy audit must be completed by July 1, 2013. Implementation of cost-effective energy conservation measures are required by July 1, 2016. For a major facility that is leased by a state agency, college, or university, energy audits and implementation of cost-effective energy conservation measures are required only for that portion of the facility that is leased by the state agency, college, or university.
(7) Schools are strongly encouraged to follow the provisions in subsections (1) through (6) of this section.
(8) The director of the department of general administration, in consultation with the affected state agencies and the office of financial management, shall review the cost and delivery of agency programs to determine the viability of relocation when a facility leased by the state has a national energy performance rating score below fifty. The department of general administration shall establish a process to determine viability.
(9) By July 1, 2011, general administration shall conduct a review of facilities not covered by the national energy performance rating. Based on this review, general administration shall develop a portfolio of additional facilities that require preliminary energy audits. For these facilities, the qualifying public agency, in consultation with general administration, shall undertake a preliminary energy audit by July 1, 2012. If potential cost-effective energy savings are identified, an investment grade energy audit must be completed by July 1, 2013.

NEW SECTION. Sec. 9. Sections 2, 3, and 5 through 8 of this act are each added to chapter 19.27A RCW."

HOUSE BILL NO. 2278, by Representatives Pettigrew, Chandler, Blake, Johnson, Bailey and Schmick

Concerning the sales and use tax exemption for livestock nutrient management equipment and facilities.

The bill was read the second time.

There being no objection, Substitute House Bill No. 2278 was substituted for House Bill No. 2278 and the substitute bill was placed on the second reading calendar.

SUBSTITUTE HOUSE BILL NO. 2278 was read the second time.

Representative Pettigrew moved the adoption of amendment (265):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 82.08.890 and 2006 c 151 s 2 are each amended to read as follows:

(1) The tax levied by RCW 82.08.020 does not apply to sales to eligible persons of:

(a) Qualifying livestock nutrient management equipment;

(b) Labor and services rendered in respect to installing, repairing, cleaning, altering or improving qualifying livestock nutrient management equipment; and

(c)(i) Labor and services rendered in respect to ((operating)) repairing, cleaning, altering, or improving of qualifying livestock nutrient management ((equipment and)) facilities, or to ((sales of)) tangible personal property that becomes an ingredient or component of ((the equipment and)) qualifying livestock nutrient management facilities in the course of repairing, cleaning, altering, or improving of such facilities.

(ii) The exemption provided in this subsection (1)(c) does not apply to the sale of or charge made for: (A) Labor and services rendered in respect to the constructing of new, or replacing previously existing, qualifying livestock nutrient management facilities; or (B) tangible personal property that becomes an ingredient or component of qualifying livestock nutrient management facilities during the course of constructing new, or replacing previously existing, qualifying livestock nutrient management facilities.

(2)(a) To be eligible, the equipment and facilities must be used exclusively for activities necessary to maintain a livestock nutrient management plan.

(b)) The exemption provided in subsection (1) of this section applies to sales made after the livestock nutrient management plan is: ((I)) (a) Certified under chapter 90.64 RCW; ((II)) (b) approved as part of the permit issued under chapter 90.48 RCW; or ((III)) (c) approved as required under subsection (4)(c)(iiii) of this section."
(a) (b) The department of revenue must provide an exemption certificate to an eligible person upon application by that person. The department of agriculture must provide a list of eligible persons, as defined in subsection (4)(c)(ii) of this section, to the department of revenue. Conservation districts must maintain lists of eligible persons as defined in subsection (4)(c)(iii) of this section to allow the department of revenue to verify eligibility. The application must be in a form and manner prescribed by the department and must contain information regarding the location of the dairy or animal feeding operation and other information the department may require.

(b) A person claiming an exemption under this section must keep records necessary for the department to verify eligibility under this section. The exemption is available only when the buyer provides the seller with an exemption certificate in a form and manner prescribed by the department. The seller must retain a copy of the certificate for the seller's files.

(4) The definitions in this subsection apply to this section and RCW 82.12.890 unless the context clearly requires otherwise: (a) "Animal feeding operation" means a lot or facility, other than an aquatic animal production facility, where the following conditions are met: (i) Animals, other than aquatic animals, have been, are, or will be stabled or confined and fed or maintained for a total of forty-five days or more in any twelve-month period; and (ii) Crop residue, vegetation, forage growth, or postharvest residues are not sustained in the normal growing season over any portion of the lot or facility.

(b) "Conservation district" means a subdivision of state government organized under chapter 89.08 RCW.

(c) "Eligible person" means a person; (i) Licensed to produce milk under chapter 15.36 RCW who has a certified dairy nutrient management plan, as required by chapter 90.64 RCW; (ii) who owns an animal feeding operation and has a permit issued under chapter 90.48 RCW; or (iii) who owns an animal feeding operation and has a nutrient management plan approved by a conservation district as meeting national resource conservation service field office technical guide standards and who possesses an exemption certificate under RCW 82.08.855.

(d) (L) Nutrient management equipment and facilities means machinery, equipment, and structures used in the handling and treatment of livestock manure, such as aerators, agitators, alley scrapers, augers, dams, gutter cleaners, loaders, lagoons, pipes, pumps, separators, and tanks. The term also includes tangible personal property that becomes an ingredient or component of the equipment and facilities, including repair and replacement parts.

(e) (i) "Handling and treatment of livestock manure" means the activities of collecting, storing, moving, or transporting livestock manure, separating livestock manure solids from liquids, or applying livestock manure to the agricultural lands of an eligible person other than through the use of pivot or linear type traveling irrigation systems.

(f) "Permit" means either a state waste discharge permit or a national pollutant discharge elimination system permit, or both.

(1) The provisions of this chapter do not apply with respect to the use by an eligible person of (i) livestock nutrient management equipment, (ii) equipment and facilities, as defined in RCW 82.08.890, or to labor and services rendered in respect to repairing, cleaning, altering, or improving eligible tangible personal property; (iii) Qualifying livestock nutrient management equipment; (iv) Labor and services rendered in respect to installing, repairing, cleaning, altering, or improving qualifying livestock nutrient management facilities; and (v) Tangible personal property that becomes an ingredient or component of qualifying livestock nutrient management facilities during the course of constructing new, or replacing previously existing, qualifying livestock nutrient management facilities.

(ii) The exemption provided in this subsection (1)(c) does not apply to the use of tangible personal property that becomes an ingredient or component of qualifying livestock nutrient management facilities during the course of constructing new, or replacing previously existing, qualifying livestock nutrient management facilities.

(2)(a) To be eligible, the equipment and facilities must be used exclusively for activities necessary to maintain a livestock nutrient management plan.

((b)) The exemption applies to the use of tangible personal property (1) and labor and services made after the livestock nutrient management plan is: ((i)) Certified under chapter 90.64 RCW; or (((ii))) approved as part of the permit issued under chapter 90.48 RCW, or (((iii))) approved as required under RCW 82.08.890.(4)(c)(iii).

(3) The exemption certificate and recordkeeping requirements of RCW 82.08.890 apply to this section. The definitions in RCW 82.08.890 apply to this section."

ROLL CALL

The Clerk called the roll on the final passage of Second Substitute House Bill No. 1481 and the bill passed the House by the following vote: Yeas, 71; Nays, 23; Absent, 0; Excused, 3.

Excused: Representatives Flannigan, Hunter and Shea.

SECOND SUBSTITUTE HOUSE BILL NO. 1481, having received the necessary constitutional majority, was declared passed.

HOUSE BILL NO. 1709, by Representatives Nelson, White, Cody, Carlyle, Orrall, McCoy, Darneille and Ormsby

Providing fee and installment plan assistance for borrowers at risk of default on small loans.

The bill was read the second time.

There being no objection, Substitute House Bill No. 1709 was substituted for House Bill No. 1709 and the substitute bill was placed on the second reading calendar.

SUBSTITUTE HOUSE BILL NO. 1709 was read the second time.

Representative Nelson moved the adoption of amendment (257):

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that some small loan borrowers are unable to pay the entire loaned amount when it is due. Many of these borrowers take out multiple loans to pay off the original borrowed sum.

It is the legislature's intent to reduce or limit the number of borrowers taking out multiple loans by providing for installment plans that give a borrower a better opportunity to pay off their original small loan without having to resort to taking out a subsequent loan or loans.

This act shall be liberally construed to effectuate the legislature's intent to protect borrowers.

Sec. 2. RCW 31.45.010 and 2003 c 86 s 1 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Applicant" means a person that files an application for a license under this chapter, including the applicant's sole proprietor, owners, directors, officers, partners, members, and controlling persons.

(2) "Borrower" means a natural person who receives a small loan.

(3) "Business day" means any day that the licensee is open for business in at least one physical location.

(4) "Check" means the same as defined in RCW 62A.3-104(f) and, for purposes of conducting the business of making small loans, includes other electronic forms of payment, including stored value cards, internet transfers, and automated clearing house transactions.

(5) "Check casher" means an individual, partnership, unincorporated association, or corporation that, for compensation, engages, in whole or in part, in the business of cashing checks, drafts, money orders, or other commercial paper serving the same purpose.

(6) "Check seller" means an individual, partnership, unincorporated association, or corporation that, for compensation, engages, in whole or in part, in the business of selling checks, drafts, money orders, or other commercial paper serving the same purpose.

(7) "Collateral" means the same as defined in chapter 62A.9A RCW.

(8) "Controlling person" means a person owning or controlling ten percent or more of the total outstanding shares of the applicant or licensee, if the applicant or licensee is a corporation, and a member who owns ten percent or more of a limited liability company or limited liability partnership.

(9) "Default" means the borrower's failure to repay the small loan in compliance with the terms contained in the small loan agreement or note or failure to ((make payments in compliance with an installment plan plan)) pay any installment plan payment on an installment plan within ten days after the date upon which the installment was scheduled to be paid.

(10) "Director" means the director of financial institutions.

(11) "Financial institution" means a commercial bank, savings bank, savings and loan association, or credit union.

(12) "Installment plan" is a contract between a licensee and borrower that provides that the loaned amount will be repaid in substantially equal installments scheduled on or after a borrower's pay dates and no less than fourteen days apart.

(13) "Licensee" means a check cashier or seller licensed by the director to engage in business in accordance with this chapter. For purposes of the enforcement powers of this chapter, including the power to issue cease and desist orders under RCW 31.45.110, "licensee" also means a check cashier or seller who fails to obtain the license required by this chapter.

(14) "Loaned amount" means the outstanding principal balance and any fees authorized under RCW 31.45.073 that have not been paid by the borrower.
"Origination date" means the date upon which the borrower and the licensee initiate a small loan transaction.

"Outstanding principal balance" of a small loan means the sum of the principal amount that has not been paid by the borrower.

"Paid" means that moment in time when the licensee deposits the borrower's check or accepts cash for the full amount owing on a valid small loan. If the borrower's check is returned by the borrower's bank for insufficient funds, the licensee shall not consider the loan paid after the borrower's second pay date.

"Person" means an individual, partnership, association, limited liability company, limited liability partnership, trust, corporation, and any other legal entity.

"Principal" means the loan proceeds advanced for the benefit of the borrower in a small loan, excluding any fee or interest charge.

"Rescission" means annulling the loan contract and, with respect to the small loan contract, returning the borrower and the licensee to their respective condition prior to the origination date of the loan.

"Small loan" means a loan of up to the maximum amount and for a period of time up to the maximum term specified in RCW 31.45.073.

"Successive loans" means a series of loans made by the same licensee to the same borrower in such a manner that no more than three business days separate the termination date of any one loan and the origination date of any other loan in the series.

"Termination date" means the date upon which payment for the small loan transaction is due or paid to the licensee, whichever occurs first.

"Total of payments" means the principal amount of the small loan plus all fees or interest charged on the loan.

"Trade secret" means the same as defined in RCW 19.108.010.

Sec. 3. RCW 31.45.073 and 2003 c 86 s 8 are each amended to read as follows:

1. No licensee may engage in the business of making small loans without first obtaining a small loan endorsement to its license from the director in accordance with this chapter. An endorsement will be required for each location where a licensee engages in the business of making small loans, but a small loan endorsement may authorize a licensee to make small loans at a location different than the licensed locations where it cashes or sells checks. A licensee may have more than one endorsement.

2. A licensee must set the due date of a small loan on or after the date of the borrower's next pay date. If a borrower's next pay date is within seven days of taking out the loan, a licensee must set the due date of a small loan on or after the borrower's second pay date after the date the small loan is made. The termination date of a small loan may not exceed the origination date of that same small loan by more than forty-five days, including weekends and holidays, unless the term of the loan is extended by agreement of both the borrower and the licensee and no additional fee or interest is charged. The maximum principal amount of any small loan, or the outstanding principal balances of all small loans made by (it) all licensees to a single borrower at any one time, may not exceed seven hundred dollars or thirty percent of the gross monthly income of the borrower, whichever is lower. A licensee is prohibited from making a small loan to a borrower who is in default on another small loan until thirty days after that loan is paid in full or two years have passed from the origination date of the small loan, whichever occurs first.

3. A licensee is prohibited from making a small loan to a borrower in an installment plan with any licensee until thirty days after the plan is paid in full or two years have passed from the origination date of the installment plan, whichever occurs first.

4. A licensee is prohibited from receiving more than eight small loans from all licensees in any twelve-month period. A licensee is prohibited from making a small loan to a borrower if making that small loan would result in a borrower receiving more than eight small loans from all licensees in any twelve-month period.

5. A licensee that has obtained the required small loan endorsement may charge interest or fees for small loans not to exceed in the aggregate fifteen percent of the first five hundred dollars of principal. If the principal exceeds five hundred dollars, a licensee may charge interest or fees not to exceed in the aggregate ten percent of that portion of the principal in excess of five hundred dollars. If a licensee makes more than one loan to the same borrower, and the aggregated principal of all loans made to that borrower exceeds five hundred dollars at any one time, the licensee may charge interest or fees not to exceed in the aggregate ten percent on that portion of the aggregated principal of all loans at any one time that is in excess of five hundred dollars. The director may determine by rule which fees, if any, are not subject to the interest or fee limitations described in this section. It is a violation of this chapter for any licensee to knowingly loan to a single borrower at any one time, in a single loan or in the aggregate, more than the maximum principal amount described in this section.

6. In connection with making a small loan, a licensee may advance moneys on the security of a postdated check. The licensee may not accept any other property, title to property, or other evidence of ownership of property as collateral for a small loan. The licensee may accept only one postdated check per loan as security for the loan. A licensee may permit a borrower to redeem a postdated check with a payment of cash or the equivalent of cash. The licensee may disburse the proceeds of a small loan in cash, in the form of a check, in the form of cash or a check, or in the form of check cashing service.

7. No person may at any time cash or advance any moneys on a postdated check or draft in excess of the amount of goods or services purchased without first obtaining a small loan endorsement to a check cashier or check seller license.

Sec. 4. RCW 31.45.084 and 2003 c 86 s 12 are each amended to read as follows:

1. (A) (Licensee and borrower may agree to a payment plan for a small loan at any time. After four successive loans and prior to default upon the loan, each) If a borrower notifies a licensee that the borrower will be or is unable to repay a loan when it is due, the licensee must inform the borrower that the borrower may convert their small loan to an installment plan. The licensee must convert the small loan to an installment plan at the borrower's request. Each agreement for a loan (payment) installment plan must be in writing and acknowledged by both the borrower and the licensee. (The licensee may charge the borrower, at the time both parties enter into the payment plan, a one-time fee for the payment plan in an amount up to the fee or interest on the outstanding principal of the loan as allowed under RCW 31.45.073(5)) The licensee may not assess any other fee, interest charge, or other charge on the borrower as a result of converting the small loan into (payment) an installment plan. This (payment) installment plan must provide for the payment of the total of payments due on the small loan over a period not less than (sixty) ninety days (three months). The payments must be made in equal installments every (payment period) for a loan amount of up to and including four hundred dollars. For a loaned amount over four hundred dollars, the installment plan must be a period not less than one hundred eighty days. The borrower may pay the total of (payments) installments at any time. The licensee may not charge any penalty, fee, or charge to the borrower for prepayment of the loan (payment) installment plan by the borrower. Each licensee shall conspicuously disclose to each borrower in the small loan agreement or small loan note that the borrower has access to such (payment) an installment plan (after four successive loans). A licensee's violation of such (payment) an installment plan constitutes a violation of this chapter.

2. (The licensee (payment) must return any postdated checks that the borrower has given to the licensee for the original small loan at the initiation of the (payment) installment plan (for the payments agreed to under the plan. If any check accepted by the licensee as payment under the payment plan is dishonored, the licensee may not charge the borrower any fee for the dishonored check)).

3. (If the borrower defaults on the payment plan, the licensee may take postdated checks for installment plan payments at the time the installment plan is originated. If any check accepted as payment under the installment plan is dishonored, the licensee may not charge the borrower any fee for the dishonored check. If a borrower defaults on the installment plan, the licensee...
may charge the borrower a one-time ((payment)) installment plan default fee of twenty-five dollars.

(4) If the licensee enters into ((payment)) an installment plan with the borrower through an accredited third party, with certified credit counselors, that is representing the borrower, the licensee's failure to comply with the terms of that ((payment)) installment plan constitutes a violation of this chapter.

NEW SECTION. Sec. 5. A new section is added to chapter 31.45 RCW to read as follows:

(1)(a) In addition to other disclosures required by this chapter, the application for a small loan must include a statement that is substantially similar to the following: "At the time you repay this loan, you should have sufficient funds to meet your other financial obligations. If you cannot pay other bills because you are paying off this debt, you should go into the installment plan offered in connection with this loan."

(b) The statement in (a) of this subsection must be on the front page of the loan application and must be in at least twelve point type.

(2) The director may adopt rules to implement this section.

NEW SECTION. Sec. 6. A new section is added to chapter 31.45 RCW to read as follows:

(1) The director must, by contract with a vendor or service provider, or otherwise, develop and implement a system by means of which a licensee may determine:

(a) Whether a consumer has an outstanding small loan;

(b) The number of small loans the consumer has outstanding;

(c) Whether the borrower is eligible for a loan under RCW 31.45.073;

(d) Whether the borrower is in an installment plan; and

(e) Any other information necessary to comply with chapter 31.45 RCW.

(2) The director may specify the form and contents of the system by rule. Any system must provide that the information entered into or stored by the system is:

(a) Accessible to and usable by licensees and the director from any location in this state; and

(b) Secured against public disclosure, tampering, theft, or unauthorized acquisition or use.

(3) If the system described in subsection (1) of this section is developed and implemented, a licensee making small loans under chapter 31.45 RCW must enter or update the required information in subsection (1) of this section at the time that the small loan transaction is conducted by the licensee.

(4) A licensee must continue to enter and update all required information for any loans subject to chapter 31.45 RCW that are outstanding or have not yet expired after the date on which the licensee no longer has the license or small loan endorsement required by this chapter. Within ten business days after ceasing to make loans subject to chapter 31.45 RCW, the licensee must submit a plan for continuing compliance with this subsection to the director for approval. The director must promptly approve or disapprove the plan and may require the licensee to submit a new or modified plan that ensures compliance with this subsection.

(5) If the system described in subsection (1) of this section is developed and implemented, the director shall adopt rules to set the fees licensees shall pay to the vendor or service provider for the operation and administration of the system and the administration of this chapter by the department.

(6) The director shall adopt rules establishing standards for the retention, archiving, and deletion of information entered into or stored by the system described in subsection (1) of this section.

(7) The information in the system described in subsection (1) of this section is not subject to public inspection or disclosure under chapter 42.56 RCW.

NEW SECTION. Sec. 7. A new section is added to chapter 31.45 RCW to read as follows:

(1) The director must collect and submit the following information in a report to the financial services committees of the senate and house of representatives:

(a) The number of borrowers entered into an installment plan since the effective date of this section;

(b) How the number of borrowers in installment plans compares to the number of borrowers in installment plans in years previous to the effective date of this section;

(c) The number of borrowers who have defaulted since the effective date of this section;

(d) If known on the effective date of this section, how the number of borrowers who have defaulted compares to the number of borrowers who defaulted in years previous to the effective date of this section; and

(e) Any other information that the director believes is relevant or useful.

(2) Failure to provide the director information required by this section is a violation of this chapter.

Sec. 8. RCW 42.56.230 and 2008 c 200 s 5 are each amended to read as follows:

The following personal information is exempt from public inspection and copying under this chapter:

(1) Personal information in any files maintained for students in public schools, patients or clients of public institutions or public health agencies, or welfare recipients;

(2) Personal information in files maintained for employees, appointees, or elected officials of any public agency to the extent that disclosure would violate their right to privacy;

(3) Information required of any taxpayer in connection with the assessment or collection of any tax if the disclosure of the information to other persons would (a) be prohibited to such persons by RCW 82.32.330, 82.32.340, 84.60.020, or 84.60.340 or (b) violate the taxpayer's right to privacy or result in unfair competitive disadvantage to the taxpayer;

(4) Credit card numbers, debit card numbers, electronic check numbers, card expiration dates, or bank or other financial account numbers, except when disclosure is expressly required by or governed by other law; (mmd)

(5) Personal and financial information related to a small loan or any system of authorizing a small loan in section 6 of this act; and

(6) Documents and related materials and scanned images of documents and related materials used to prove identity, age, residential address, social security number, or other personal information required to apply for a driver's license or identification.

NEW SECTION. Sec. 9. The director or the director's designee may take the actions necessary to ensure this act is implemented on its effective date.

NEW SECTION. Sec. 10. This act takes effect January 1, 2010.

Correct the title.

The Speaker (Representative Moeller presiding) divided the House. The result was 62 – YEA; 34 – NAY.

Amendment (248) was adopted.

POINT OF ORDER

Representative DeBolt: "Mr. Speaker, I rise to a point of order. As we go through this process it is very important to me that this process work cleanly. We just had an amendment that where the House was clearly not divide, the question was clearly the amendment failed. If ever in the history since I've been here when the amendment failed it was just then. I understand that you do have the right and the ability to divide the question anytime you like, Mr. Speaker and I don't doubt your authority to do so, but Mr. Speaker, does this really just send a signal never, never ever will an amendment or the will of the minority ever have any say this body. So I really am in question of the process as a whole. I would just like your response."

SPEAKER'S RULING

Mr. Speaker (Representative Moeller presiding): "The Speaker was in doubt of the result of the amendment."

Representative Chandler moved the adoption of amendment (239):

On page 2, line 7, after "sales tax" insert", except a one hundred percent refund for state sales tax is provided for machinery, equipment, and labor and services used in the generation of electricity using wind as the principal source of power"

"Sec. 1. RCW 70.47A.010 and 2007 c 260 s 1 are each amended to read as follows:
(1) The legislature finds that many small employers struggle with the cost of providing employer-sponsored health insurance coverage to their employees, while others are unable to offer employer-sponsored health insurance due to its high cost. Low-wage workers also struggle with the burden of paying their share of the costs of employer-sponsored health insurance, while others turn down their employer’s offer of coverage due to its costs.
(2) The legislature intends, through establishment of a health insurance partnership program, to remove economic barriers to health insurance coverage for smaller employers and their low-wage employees ((of small employers)) by (building on):
(a) Enacting reforms to the private sector ((health benefit plan system)) small group health insurance market to provide affordable health insurance options for employers and employees; and
(b) Encouraging employer and employee participation in employer-sponsored health benefit plan coverage by offering subsidies to low-wage employees of smaller employers.

Sec. 2. RCW 70.47A.020 and 2008 c 143 s 1 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.
(1) "Administrator" means the administrator of the Washington state health care authority, established under chapter 41.05 RCW.
(2) "Board" means the health insurance partnership board established in RCW 70.47A.110.
(3) "Eligible partnership participant" means a partnership participant who:
(a) Is a resident of the state of Washington; ((and))
(b) Has family income that does not exceed two hundred percent of the federal poverty level, as determined annually by the federal department of health and human services; and
(c) Is employed by a small employer.
(4) "Health benefit plan" has the same meaning as defined in RCW 48.43.005.
(5) "Participating small employer" means a small employer that has entered into an agreement with the partnership to participate in the partnership; to participate in the partnership, an employer must attest to the fact that the employer does not currently offer health insurance to its employees; and that at least fifty percent of the employer's employees are low-wage workers.
(6) "Partnership" means the health insurance partnership established in RCW 70.47A.030.
(7) "Partnership participant" means a participating small employer and employees of a participating small employer, and, except to the extent provided otherwise in RCW 70.47A.110(1)(c), a former employee of a participating small employer who chooses to continue receiving coverage through the partnership following separation from employment.
(8) "Premium subsidy" means a payment or reimbursement to an eligible partnership participant toward the purchase of a health benefit plan, and may include a net billing arrangement with insurance carriers or a prospective or retrospective payment for health benefit plan premiums.

Sec. 3. RCW 70.47A.030 and 2008 c 143 s 2 are each amended to read as follows:

(1) "Healthy partnership" means a partnership, by contract (((the healthy partnership is established)) providing premium subsidies to eligible partnership participants, the administrator shall be responsible for (((the implementation and operation of the health insurance partnership))) determining eligibility for premium subsidies and administering subsidies directly or by contract (((The administrator shall offer premium subsidies to eligible partnership participants))) under RCW 70.47A.040. ((The partnership shall begin to offer coverage no later than March 1, 2009.

employee's premium obligation for his or her health benefit plan, so that employees benefit financially from any employer contribution to the cost of their coverage through the partnership.

(4) The commissioner may enter into interdepartmental agreements with the office of the insurance commissioner, the department of social and health services, and any other state agencies necessary to implement this chapter.)

Sec. 4. RCW 70.47A.040 and 2008 c 143 s 3 are each amended to read as follows:

(1) Nothing in this section, a health benefit plan that is adjusted more frequently than annually except as provided in the product offered under this subsection. An insurer must offer the small employer the option of permitting every category of health care provider to provide services or care for conditions covered by the plan pursuant to RCW 48.43.045(1).

(2) An insurer offering the plan under subsection (1) of this section must also offer and actively market to the small employer at least one additional health benefit plan.

(3) Nothing in this section shall prohibit an insurer from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

Sec. 5. RCW 70.47A.070 and 2008 c 143 s 4 are each amended to read as follows:

(1) An eligible partnership participant must agree to provide verification of continued enrollment in his or her small employer's health benefit plan on a semiannual basis or to notify the administrator whenever his or her enrollment status changes, whichever is earlier. Verification or notification may be made directly by the participant, or through his or her employer or the carrier providing the small employer health benefit plan. When necessary, the administrator has the authority to perform retrospective audits on premium subsidy accounts. The administrator may suspend or terminate a participant's participation in the partnership and seek repayment of any subsidy amounts paid due to the omission or misrepresentation of an applicant or enrolled employee. The administrator shall adopt rules to define the appropriate application of these sanctions and the processes to implement the sanctions provided in this subsection, within available resources.

Sec. 6. RCW 48.21.045 and 2008 c 143 s 6 are each amended to read as follows:

(1) An insurer offering any health benefit plan to a small employer, either directly or through an association or member-governed group formed specifically for the purpose of purchasing health care, may offer and actively market to the small employer a health benefit plan featuring a limited schedule of covered health care services. (Nothing in this subsection shall preclude an insurer from offering, or a small employer from purchasing, other health benefit plans that may have more comprehensive benefits than those included in the product offered under this subsection. An insurer offering a health benefit plan featuring a limited schedule of covered health care services shall clearly disclose all covered benefits to the small employer in a brochure filed with the commissioner.

(b) The plan of benefits may be offered in any one of the following forms:

(i) As defined in this section shall be the insurer from which the small employer or the carrier designated by the eligible partnership shall issue subsidies for dependent children with federal funds available for the employer-sponsored insurance program, to the extent that the premium may be changed to reflect:

(ii) The plan offered under this subsection shall

(2) Nothing in this subsection shall preclude an insurer from offering, or a small employer from purchasing, other health benefit plans that differ only by the amounts attributable to plan design, with the exception of discounts for health improvement programs.

(3) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. A carrier may adopt its rates based on claims costs (direct reimbursement schedules or type of network) for a plan. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(4) Except for small group health benefit plans that qualify as insurance coverage combined with a health savings account as defined by the United States internal revenue service, adjusted...
community rates established under this section shall pool the medical experience of all small groups purchasing coverage, including the small group participants in the health insurance partnership established in RCW 70.47A.030. However, annual rate adjustments for each small group health benefit plan may vary by up to plus or minus four percentage points from the overall adjustment of a carrier's entire small group pool. (such overall adjustment to be approved by the commissioner, upon a showing by the carrier certified by a member of the American Academy of Actuaries that: (i) the variation is a result of deductible leverage, benefit design, claims cost trend for the plan, or provider network characteristics; and (ii) for one rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier's small group pool. Variations of greater than four percentage points are subject to review by the commissioner, and must be approved or denied within sixty days of submittal.) If certified by a member of the American Academy of Actuaries, that: (i) the variation is a result of deductible leverage, benefit design, claims cost trend for the plan, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier's small group pool. Variations of greater than eight percentage points are subject to review by the commissioner and must be approved or denied within sixty days of submittal. A variation that is not denied within (sixty) thirty days shall be deemed approved. The commissioner must provide to the carrier a detailed actuarial justification for any denial ((within thirty days)) at the time of the denial.

(j) For health benefit plans purchased through the health insurance partnership established in chapter 70.47A RCW(((70.47A.030))):

(i) Any exchange established pursuant to RCW 70.47A.030(2)(e) shall be applied only to health benefit plans purchased through the health insurance partnership and

(((4))) risk adjustment or reinsurance mechanisms may be used by the health insurance partnership program to redistribute funds to carriers participating in the health insurance partnership based on differences in risk attributable to individual choice of health plans or other factors unique to health insurance partnership participation. Use of such mechanisms shall be limited to the partnership program and will not affect small group health plans offered outside the partnership.

(6) An insurer may not increase any rate and may only vary any rate for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(7) An insurer must offer coverage to all eligible employees of a small employer and their dependents. An insurer may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. An insurer may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan.

(8) As used in this section, "health benefit plan," "small employer," "adjusted community rate," and "wellness activities" mean the same as defined in RCW 48.43.005.

Sec. 7. RCW 48.44.023 and 2008 c 143 s 7 are each amended to read as follows:

(1) A health care services contractor or offering any health benefit plan to a small employer, either directly or through an association or member-governed group formed specifically for the purpose of purchasing health care, may offer and actively market to the small employer (a) no more than one health benefit plan featuring a limited schedule of covered health care services. (Nothing in this subsection shall preclude a contractor from offering: or a small employer from purchasing other health benefit plans that may have more comprehensive benefits than those included in the product offered under this subsection. A contractor offering a health benefit plan under this subsection shall clearly disclose all covered benefits to the small employer in a brochure filed with the commissioner.

(b) A health benefit plan offered under this subsection shall provide coverage for hospital, surgical, and professional services rendered by a physician licensed under chapter 18.75 or 18.71 RCW but is not subject to the requirements of RCW 48.44.225, 48.44.240, 48.44.245, 48.44.290, 48.44.300, 48.44.310, 48.44.320, 48.44.325, 48.44.330, 48.44.335, 48.44.340, 48.44.360, 48.44.400, 48.44.410, 48.44.420, and 48.44.460.

(2) The plan offered under this subsection may be offered with a choice of cost-sharing arrangements, and may, but is not required to, comply with: RCW 48.44.210, 48.44.212, 48.44.225, 48.44.240 through 48.44.245, 48.44.290 through 48.44.341, 48.44.344, 48.44.360 through 48.44.380, 48.44.400, 48.44.420, 48.44.440 through 48.44.460, 48.44.500, 48.44.045(1) except as required in (b) of this subsection, 48.43.093, 48.43.115 through 48.43.185, 48.43.515, or 48.42.100.

(b) In offering the plan under this subsection, the health care service contractor must offer the small employer the option of permitting every category of health care provider to provide health services or care for conditions covered by the plan pursuant to RCW 48.43.045.

(2) A health care service contractor offering the plan under subsection (1) of this section must also offer and actively market to the small employer at least one additional health benefit plan.

(3) Nothing in this section shall prohibit a health care service contractor from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(4) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(a) The contractor shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

(i) Geographic area;

(ii) Family size;

(iii) Age; and

(iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(c) The contractor shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which Medicare is the primary payer and coverage for which Medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (4).

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and
A discount for wellness activities shall be permitted to reflect
actually justified differences in utilization or cost attributed to such
programs.

(f) The rate charged for a health benefit plan offered under this
section may not be adjusted more frequently than annually except
that the premium may be changed to reflect:

(i) Changes to the enrollment of the small employer;
(ii) Changes to the family composition of the employee;
(iii) Changes to the health benefit plan requested by the small
employer; or
(iv) Changes in government requirements affecting the health
benefit plan.

(g) Rating factors shall produce premiums for identical groups
that differ only by the amounts attributable to plan design, with the
exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan
that contains a restricted network provision shall not be considered
similar coverage to a health benefit plan that does not contain such
a provision, provided that the restrictions of benefits to network
providers result in substantial differences in claims costs. A carrier
may develop its rates based on claims costs (the network provider
(reimbursement schedules or type of network)) for a plan. This
subsection does not restrict or enhance the portability of benefits as
provided in RCW 48.43.015.

(i) Except for small group health benefit plans that qualify as
insurance coverage combined with a health savings account as
defined by the United States internal revenue service, adjusted
community rates established under this section shall pool the medical
experience of all groups purchasing coverage, including the small
group participants in the health insurance partnership established in
RCW 70.47A.030. However, annual rate adjustments for each small
group health benefit plan may vary by up to plus or minus ((four))
eight percentage points from the overall adjustment of a carrier's
expenses: (ii) each overall adjustment to be approved by the
commissioner, upon a showing by the carrier, certified by a
member of the American academy of actuaries that:

(1) The variation is a result of deductible leverage, benefit design, or provider network
characteristics; and
(2) For a rate renewal period, the projected
weighted average of all small group benefit plans will have a revenue
neutral effect on the carrier's small group pool. Variations of greater
than four percentage points are subject to review by the
commissioner, and must be approved or denied within sixty days of
submittal) if certified by a member of the American academy of
actuaries, that:

(i) The variation is a result of deductible leverage, benefit design, claims cost trend for the plan, or provider network
characteristics; and
(ii) For a rate renewal period, the projected
weighted average of all small group benefit plans will have a revenue
neutral effect on the carrier's small group pool. Variations of greater
than eight percentage points are subject to review by the
commissioner, and must be approved or denied within thirty days of
submittal. A variation that is not denied within ((thirty)) thirty days shall be deemed approved. The commissioner must provide to the
carrier a detailed actuarial justification for any denial ((within thirty
days)) at the time of the denial.

(j) For health benefit plans purchased through the health
insurance partnership established in chapter 70.47A RCW(t):

(i) Any insurance established pursuant to RCW
70.47A.030 for the small group health benefit plans purchased through the health insurance partnership
and (ii) risk adjustment or reinsurance mechanisms may be used by
the health insurance partnership program to redistribute funds to
participants carrying in the health insurance partnership based on
differences in risk attributable to individual choice of health plans or
other factors unique to health insurance partnership participation.
Use of such mechanisms shall be limited to the partnership program
and will not affect small group health plans offered outside the
partnership.

(5) Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in
excess of those provided herein.
benefit plans with benefits in excess of the health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan filed under this section shall be reasonable in relation to the benefits thereto.

((2)(d)) (4) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(a) The health maintenance organization shall develop its rates based on the average community rate and may only vary the adjusted community rate for:

(i) Geographic area;
(ii) Family size;
(iii) Age; and
(iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(c) The health maintenance organization shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which Medicare is the primary payer and coverage for which the primary payer is the primary payer. Both rates shall be subject to the requirements of this subsection ((2)(d)) (4).

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

(i) Changes to the enrollment of the small employer;
(ii) Changes to the family composition of the employee;
(iii) Changes to the health benefit plan requested by the small employer, or
(iv) Changes in government requirements affecting the health benefit plan.

(g) Rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision or that the restrictions of benefits to network providers result in substantial differences in claims costs. A carrier may develop its rates based on claims costs (due to network provider reimbursement schedules or type of network) for a plan. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Except for small group health benefit plans that qualify as insurance coverage combined with a health savings account as defined by the United States internal revenue service, adjusted community rates established under this section shall pool the medical experience of all groups purchasing coverage, including the small group participants in the health insurance partnership established in RCW 70.47A.030. However, annual rate adjustments for each small group health benefit plan may vary by up to plus or minus ((four)) eight percentage points from the overall adjustment of a carrier's entire small group pool ((such overall adjustment to be approved by the commissioner upon a showing by the carrier, certified by a member of the American academy of actuaries, that (i) The variation is a result of deductible leverage, benefit design, claims cost trend for the plan, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the health maintenance organization's small group pool. Variations of greater than eight percentage points are subject to review by the commissioner, and must be approved or denied within thirty days of submission. A variation that is not denied within (sixty) thirty days shall be deemed approved. The commissioner must provide to the carrier a detailed actuarial justification for any denial ((within thirty days)) at the time of the denial.

(j) For health benefit plans purchased through the health insurance partnership established in chapter 70.47A RCW((2)(e))

(1) Any surcharge established pursuant to RCW 70.47A.030(2)(e) shall be applied only to health benefit plans purchased through the health insurance partnership; and

(2) Any risk adjustment or reinsurance mechanisms may be used by the health insurance partnership program to redistribute funds to carriers participating in the health insurance partnership based on differences in risk attributable to individual choice of health plans or other factors unique to health insurance partnership participation. Use of such mechanisms shall be limited to the partnership program and will not affect small group health plans offered outside the partnership.

((3)) (5) Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

((5)(f)(4)) (6)(4) Except as provided in this subsection, requirements used by a health maintenance organization in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

(b) A health maintenance organization shall not require a minimum participation level greater than:

(i) One hundred percent of eligible employees working for a group with three or less employees; and
(ii) Seventy-five percent of eligible employees working for groups with more than three employees.

(c) In applying minimum participation requirements with respect to a small employer, a small employer shall not consider employees or dependents who have similar existing coverage in determining whether the applicable percentage of participation is met.

(d) A health maintenance organization may not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(6)(e) Minimum participation requirements and employer premium contribution requirements adopted by the health insurance partnership board under RCW 70.47A.110 shall apply only to the employers and employees who purchase health benefit plans through the health insurance partnership.

(7) A health maintenance organization must offer coverage to all eligible employees of a small employer and their dependents. A health maintenance organization may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. A health maintenance organization may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan.

NEW SECTION. Sec. 9. The following acts or parts of acts are each repealed:

(1) RCW 70.47A.100 (Health insurance partnership board) and 2007 c 260 s 4;
(2) RCW 70.47A.110 (Health insurance partnership board--Duties) and 2008 c 143 s 5 & 2007 c 260 s 5; and
(3) 2007 c 260 s 11 (uncodified)."

Correct the title.

POINT OF ORDER

Representative Green requested a scope and object ruling on amendment (278) to Substitute House Bill No. 2052.
SPEAKER’S RULING

Mr. Speaker (Representative Moeller presiding): "Substitute House Bill 2052 is titled an act relating to "delaying the implementation of the health insurance partnership." It amends 3 sections of RCW 70.47A, the small employer health insurance partnership program, to delay its implementation until January 1, 2011, subject to sufficient funds.

Amendment (278) changes the structure of the health insurance partnership and modifies small group health benefit plans governed by Title 48 RCW.

The bill has a narrow scope and object – delaying implementation of the health insurance partnership. The amendment, which changes the structure of the partnership and the private small group health insurance market, clearly exceeds this narrow scope and object.

The point of order is well taken."

There being no objection, the rules were suspended, the second reading considered the third and the bill was placed on final passage.

Representative Cody spoke in favor of the passage of the bill.

SPEAKER’S RULING

Mr. Speaker (Representative Moeller presiding): "Representative Ericksen, would you please confine your remarks to the bill before us which is delaying the implementation of the health insurance partnership."

Representative Ericksen (again) spoke against the passage of the bill.

POINT OF ORDER

Representative Hudgins: "I rise for a point of order. The discussion before us is around delaying or not delaying the implementation of the health insurance premium. It doesn’t have to do with any other questions that may have been before the House or are not presently before the House. It seems that the current speaker on the floor is not speaking to the delay or current implementation of the bill in front of us."

SPEAKER’S RULING

The Speaker (Representative Moeller presiding): "The Speaker would ask the good representative from the 42nd District to remember to discuss the bill and not attack persons. Your point is well taken."

POINT OF ORDER

Representative Anderson: "In terms of clarifying your ruling – what would you determine as a person? In hearing the argument, I am unclear as to the reference you were making to the good gentleman of the 42nd – the ruling was that he was attacking a person. I did not hear a person referenced in the debate so I am unsure. Could you clarify for me?"

SPEAKER’S RULING

Mr. Speaker (Representative Moeller presiding): "The argument is for persons, my correction."

Representative Ericksen (again) spoke against the passage of the bill.

The Speaker (Representative Moeller presiding) stated the question before the House to be the final passage of Substitute House Bill No. 2052.

ROLL CALL

The Clerk called the roll on the final passage of Substitute House Bill No. 2052 and the bill passed the House by the following vote: Yeas, 62; Nays, 34; Absent, 0; Excused, 1.

Excused: Representative Quall.

SUBSTITUTE HOUSE BILL NO. 2052, having received the necessary constitutional majority, was declared passed.

HOUSE BILL NO. 2254, by Representatives White, Dunsehee and Kenney

Concerning construction financing for colleges and universities.

The bill was read the second time.

There being no objection, Substitute House Bill No. 2254 was substituted for House Bill No. 2254 and the substitute bill was placed on the second reading calendar.

SUBSTITUTE HOUSE BILL NO. 2254 was read the second time.

Representative White moved the adoption of amendment (200):

On page 2, line 24, after "university" insert "for paying debt service on bonds including university bonds under chapter 28B.140 RCW, chapter 28B.142 RCW, or RCW 28B.10.300 through 28B.10.335 issued for such purpose as authorized by the legislature."

Representative White spoke in favor of the adoption of the amendment.

Amendment (200) was adopted. The bill was ordered engrossed.

There being no objection, the rules were suspended, the second reading considered the third and the bill was placed on final passage.

Representatives White and Dunsehee spoke in favor of the passage of the bill.

Representatives Cox and Armstrong spoke against the passage of the bill.

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Advanced diagnostic imaging services" means magnetic resonance imaging services, computed tomography services, positron emission tomography services, cardiac nuclear medicine services, and similar new imaging services.

(2) "Authority" means the Washington state health care authority.

(3) "Payor" means public purchasers and carriers licensed under chapters 48.21, 48.41, 48.44, 48.46, and 48.62 RCW.

(4) "Public purchaser" means the department of social and health services, the department of health, the department of labor and industries, the authority, and the Washington state health insurance pool.

(5) "State purchased health care" has the same meaning as in RCW 41.05.011.

NEW SECTION. Sec. 2. (1) Consistent with the authority granted in RCW 41.05.013, the authority shall convene a work group to analyze and identify evidence-based best practice guidelines or protocols applicable to advanced diagnostic imaging services and any decision support tools available to implement the guidelines or protocols.
NEW SECTION. Sec. 3. No later than September 1, 2009, all state purchased health care programs shall, except for state purchased health care services that are purchased from or through health carriers as defined in RCW 48.43.005, implement evidence-based best practice guidelines or protocols applicable to advanced diagnostic imaging services to be implemented by all state purchased health care programs, except for state purchased health care services that are purchased from or through health carriers as defined in RCW 48.43.005. When identifying the guidelines or protocols, the work group may consult with organizations such as the Minnesota institute for clinical systems improvement; and

(b) Explore the feasibility of using the guidelines or protocols for state purchased health care services that are purchased from or through health carriers and all payors in the state by January 1, 2011, for the reimbursement of advanced diagnostic imaging services.

(4) The work group may solicit such federal or private funds and in-kind contributions as may be necessary to complete its work in a timely fashion. However, no member of the work group shall be compensated for his or her service.

(5) The work group shall report its findings and recommendations to the governor and the appropriate committees of the legislature no later than July 1, 2009.

(6) The work group shall cease to exist on July 1, 2010.

NEW SECTION. Sec. 4. Any current or future time frames, procedures, rules, regulations, or guidance regarding accreditation requirements for advanced diagnostic imaging services established in, or promulgated pursuant to, section 135(a) of the medicare improvements for patients and providers act of 2008, shall also be applicable to any person or entity in this state not already subject to its provisions that receives payment for the furnishing of the technical component of advanced diagnostic imaging services as defined under that act.

NEW SECTION. Sec. 5. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

NEW SECTION. Sec. 6. Sections 1 through 4 of this act constitute a new chapter in Title 70 RCW.

"NEW SECTION. Sec. 1. The legislature finds and declares the following:

(1) The deployment and adoption of high-speed internet services and technology advancements enhances economic development and
public safety for the state's communities, as well as offering improved health care and access to consumer and legal services, increased educational and civic participation opportunities, and a better quality of life for the state's residents.

(2) Improvements in the deployment and adoption of high-speed internet services and the strategic inclusion of technology advancements and technology education are critical to ensuring that Washington remains competitive and continues to provide a skilled workforce, attract businesses, and stimulate job growth.

(3) The state must encourage and support strategic partnerships of public, private, nonprofit, and community-based sectors in the continued growth and development of high-speed internet services and information technology for state residents and businesses. This includes ensuring digital inclusion in internet access, technology literacy, digital media literacy, and that all Washingtonians are able to obtain and utilize broadband fully, regardless of location, economic status, literacy level, age, disability, or the size of the business or nonprofit organization.

(4) In light of the importance of broadband deployment and adoption to the economy, health, safety, and welfare of the people of Washington, it is essential the legislature create a broadband programs management structure to ensure development and implementation of statewide broadband strategies, with the ultimate goal of making high-speed internet service more readily available throughout the state, especially in areas with an uptake rate for high-speed internet below the state median.

NEW SECTION. Sec. 2. A new section is added to chapter 43.105 RCW to read as follows:

The department may continue the work of the high-speed internet strategy work group convened in 2008 by continuing to consult with representatives of telecommunications providers, technology companies, telecommunications unions, health care providers, community technology organizations, higher education, K-12 educators, and other relevant entities to implement high-speed internet deployment and adoption strategies, subject to available funding, that may include, but is not limited to:

(1) Developing programs to provide low-income families with reduced cost internet access or programs to provide low-cost internet access to nonprofit entities as suggested in the K-20 program;
(2) Securing additional funding for technology literacy, digital media literacy, and digital inclusion programs;
(3) Developing last-mile technology loan programs targeting small businesses or businesses located in underserved areas; and
(4) Establishing low-cost hardware, software, and internet purchasing programs such as including community technology organizations in state hardware and software purchasing programs.

NEW SECTION. Sec. 3. A new section is added to chapter 43.105 RCW to read as follows:

(1) The department may apply for and receive federal funding for the purposes of creating or supporting broadband adoption and deployment opportunities consistent with section 2 of this act.
(2) The department is designated as the single eligible entity in the state to receive federal funding for purposes of the broadband data improvement act, P.L. 110-385.

NEW SECTION. Sec. 4. A new section is added to chapter 43.105 RCW to read as follows:

(1) The availability of federal or state funding appropriated for this specific purpose, the department must track residual, nonprofit organization, and business adoption of high-speed internet, computers, and related information technology through publicly available sources and must work with communities to identify barriers to the adoption of broadband services and related information technology services by individuals, nonprofit organizations, and businesses.

Each city that is located in such a county shall be included within an urban growth area. An urban growth area may include more than a single city. An urban growth area may include territory that is located outside of a city only if such territory already is characterized by urban growth whether or not the urban growth area includes a city, or is adjacent to territory already characterized by urban growth, or is a designated new fully contained community as defined by RCW 36.70A.350.

(2) Based upon the growth management population projection made for the county by the office of financial management, the county and each city within the county shall include areas and densities sufficient to permit the urban growth that is projected to occur in the county or city for the succeeding twenty-year period, except for those urban growth areas contained totally within a national historical reserve.

Each urban growth area shall permit urban densities and shall include greenbelt and open space areas. In the case of urban growth areas contained totally within a national historical reserve, the city may restrict densities, intensities, and forms of urban growth as determined to be necessary and appropriate to protect the physical, cultural, or historic integrity of the reserve. An urban growth area determination may include a reasonable land market supply factor and shall permit a range of urban densities and uses. In determining this market factor, cities and counties may consider local circumstances. Cities and counties have discretion in their comprehensive plans to make many choices about accommodating growth."
Within one year of July 1, 1990, each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040, shall begin consulting with each city located within its boundaries and each city shall propose the location of an urban growth area. Within sixty days of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall begin this consultation with each city located within its boundaries. The county shall attempt to reach an agreement with each city on the location of an urban growth area within which the city is located. If such an agreement is not reached with each city located within the urban growth area, the county shall justify in writing why it so designated the area an urban growth area. A city may object formally with the department over the designation of the urban growth area within which it is located. Where appropriate, the department shall attempt to resolve the conflicts, including the use of mediation services.

(3) Urban growth should be located first in areas already characterized by urban growth that have adequate existing public facility and service capacities to serve such development, second in areas already characterized by urban growth that will be served adequately by a combination of both existing public facilities and services and additional needed public facilities and services that are provided by either public or private sources, and third in the remaining portions of the urban growth areas. Urban growth may also be located in designated new fully contained communities as defined by RCW 36.70A.350.

(4) In general, cities are the units of local government most appropriate to provide urban governmental services. In general, it is not appropriate that urban governmental services be extended to or expanded in rural areas except in those limited circumstances shown to be necessary to protect basic public health and safety and the environment and when such services are financially supportable at rural densities and do not permit urban development.

(5) On or before October 1, 1993, each county that was initially required to plan under RCW 36.70A.040(1) shall adopt development regulations designating interim urban growth areas under this chapter. Within three years and three months of the date the county legislative authority of a county adopts its resolution of intention of or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall adopt development regulations designating interim urban growth areas under this chapter. Adoption of the interim urban growth areas may only occur after public notice; public hearing; and compliance with the state environmental policy act, chapter 43.21C RCW, and (RCW 36.70A.110) under this section. Such action may be appealed to the appropriate growth management hearings board under RCW 36.70A.280. Final urban growth areas shall be adopted at the time of comprehensive plan adoption under this chapter.

(6) Each county shall include designations of urban growth areas in its comprehensive plan.

(7) An urban growth area designated in accordance with this section may include within its boundaries urban service areas or potential annexation areas designated for specific cities or towns within the county.

(8)(a) Except as provided in (b) of this subsection, the expansion of an urban growth area is prohibited into the one hundred year floodplain of any river or river segment that: (i) Is located west of the crest of the Cascade mountains; and (ii) has a mean annual flow of one thousand cubic feet per second as determined by the department of ecology.

(b) Subsection (8)(a) of this section does not apply to:

(i) Urban growth areas that are fully contained within a floodplain and lack adjacent buildable areas outside the floodplain;

(ii) Urban growth areas where expansions are precluded outside floodplains because:

(A) Urban governmental services cannot be physically provided to serve areas outside the floodplain; or

(B) Expansions outside the floodplain would require a river or estuary crossing to access the expansion; or

(iii) Urban growth areas expansions where:

(A) Public facilities already exist within the floodplain and the expansion of an existing public facility is only possible on the land to be included in the urban growth area and located within the floodplain;

(B) Urban development already exists within a floodplain as of the effective date of this section and is adjacent to, but outside of, the urban growth area, and the expansion of the urban growth area is necessary to include such urban development within the urban growth area;

(C) The land is owned by a jurisdiction planning under this chapter or the rights to the development of the land have been permanently extinguished, and the following criteria are met:

(I) The permissible use of the land is limited to one of the following: Outdoor recreation; environmentally beneficial projects, including but not limited to habitat enhancement or environmental restoration; storm water facilities; flood control facilities; or underground conveyances; and

(II) The development and use of such facilities or projects will not decrease flood storage, increase storm water runoff, discharge pollutants to fresh or salt waters during normal operations or floods, or increase hazards to people and property.

(c) For the purposes of this subsection (8), "one hundred year floodplain" means the same as "special flood hazard area" as set forth in WAC 173-158-040 as it exists on the effective date of this section. "Correct the title."

**SPEAKER'S RULING**

Mr. Speaker (Representative Morris presiding): "Representative Herrera, the Speaker would like to remind you that the question before the House is reducing the business and occupation tax burden on the newspaper industry. A statement should be for that against it. The Speaker would remind that a reason for voting against it would be that it doesn't do enough for tax breaks and it should be extended to a large group of folks. Arguing that you should be for it and then arguing that you should do more is not necessarily germane to the discussion."

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. Under law it is clear that persons convicted of a felony who have not met all of their conditions of custody, including paying restitution to their victims, are not allowed to legally vote in our state. When these persons vote, it calls into question the integrity of our system and oftentimes results in an illegal voter cancelling out the vote of law-abiding citizens. It is the intent of this legislation to make certain that the voter rolls in our state are maintained and updated so as to ensure that our election system is preserved.

The office of the secretary of state shall review current practices for purging illegal voters from the statewide voter registration database and make any necessary changes to follow current law and further enhance the integrity of our election system."

SECOND READING

HOUSE BILL NO. 1782, by Representatives Goodman, Roberts, Walsh, Dickerson, Darnelle, Kagi and Nelson

Concerning parent participation in dependency matters.

The bill was read the second time.

There being no objection, Substitute House Bill No. 1782 was substituted for House Bill No. 1782 and the substitute bill was placed on the second reading calendar.

SUBSTITUTE HOUSE BILL NO. 1782 was read the second time.

Representative Goodman moved the adoption of amendment (260):

On page 6, line 11, after "not" strike "had" and insert "been maintaining consistent".

On page 6, beginning on line 11, after "care" strike "for six months or longer"

Beginning on page 16, line 24, strike all of section 6 and insert the following:

"Sec. 6. RCW 13.34.180 and 2001 c 332 s 4 are each amended to read as follows:

(1) A petition seeking termination of a parent and child relationship may be filed in juvenile court by any party to the dependency proceedings concerning that child. Such petition shall conform to the requirements of RCW 13.34.040, shall be served upon the parties as provided in RCW 13.34.070(8), and shall allege all of the following unless subsection (2) or (3) of this section applies:

(a) That the child has been found to be a dependent child;
(b) That the court has entered a dispositional order pursuant to RCW 13.34.130;
(c) That the child has been removed or will, at the time of the hearing, have been removed from the custody of the parent for a period of at least six months pursuant to a finding of dependency;
(d) That the services ordered under RCW 13.34.136 have been expressly and understandably offered or provided and all necessary services, reasonably available, capable of correcting the parental deficiencies within the foreseeable future have been expressly and understandably offered or provided;
(e) That there is little likelihood that conditions will be remedied so that the child can be returned to the parent in the near future. A parent's failure to substantially improve parental deficiencies within twelve months following entry of the dispositional order shall give rise to a rebuttable presumption that there is little likelihood that conditions will be remedied so that the child can be returned to the parent in the near future. The presumption shall not arise unless the petitioner makes a showing that all necessary services reasonably capable of correcting the parental deficiencies within the foreseeable future have been clearly offered or provided. In determining whether the conditions will be remedied the court may consider, but is not limited to, the following factors:

(i) Use of intoxicating or controlled substances so as to render the parent incapable of providing proper care for the child for extended periods of time or for periods of time that present a risk of imminent harm to the child, and documented unwillingness of the parent to receive and complete treatment or documented multiple failed treatment attempts; ((or))
(ii) Psychological incapacity or mental disability of the parent that is so severe and chronic as to render the parent incapable of providing proper care for the child for extended periods of time or for periods of time that present a risk of imminent harm to the child, and documented unwillingness of the parent to receive and complete treatment or documentation that there is no treatment that can render the parent capable of providing proper care for the child in the near future; or
(iii) Failure of the parent to have contact with the child for an extended period of time after the filing of the dependency petition if the parent was provided an opportunity to have a relationship with the child by the department or the court and received documented notice of the potential consequences of this failure, except that the actual inability of a parent to have visitation with the child incurring, but not limited to, mitigating circumstances such as a parent's
involuntary or in the military does not in and of itself constitute failure to have contact with the child; and

(f) That continuation of the parent and child relationship clearly diminishes the child's prospects for early integration into a stable and permanent home.

(2) In lieu of the allegations in subsection (1) of this section, the petition may allege that the child was found under such circumstances that the whereabouts of the child's parent are unknown and no person has acknowledged paternity or maternity and requested custody of the child within two months after the child was found.

(3) In lieu of the allegations in subsection (1)(b) through (f) of this section, the petition may allege that the parent has been convicted of:

(a) Murder in the first degree, murder in the second degree, or homicide by abuse as defined in chapter 9A.32 RCW against another child of the parent;
(b) Manslaughter in the first degree or manslaughter in the second degree, as defined in chapter 9A.32 RCW against another child of the parent;
(c) Attempting, conspiring, or soliciting another to commit one or more of the crimes listed in (a) or (b) of this subsection; or
(d) Assault in the first or second degree, as defined in chapter 9A.36 RCW, against the surviving child or another child of the parent.

(4) Notice of rights shall be served upon the parent, guardian, or legal custodian with the petition and shall be in substantially the following form:

"NOTICE
A petition for termination of parental rights has been filed against you. You have important legal rights and you must take steps to protect your interests. This petition could result in permanent loss of your parental rights.
1. You have the right to a fact-finding hearing before a judge.
2. You have the right to have a lawyer represent you at the hearing. A lawyer can look at the files in your case, talk to the department of social and health services and other agencies, tell you about the law, help you understand your rights, and help you at hearings. If you cannot afford a lawyer, the court will appoint one to represent you. To get a court-appointed lawyer you must contact (explain local procedure)." "

ROLL CALL
(a) Numeric effluent limitations established in federally adopted, industry-specific effluent guidelines;
(b) State developed, industry-specific performance-based numeric effluent limitations;
(c) Numeric effluent limitations based on a completed total maximum daily load analysis or other pollution control measures; or
(d) A determination by the department that:
   (i) The discharges covered under either the construction or industrial storm water general permits have a reasonable potential to cause or contribute to violation of state water quality standards; and
   (ii) Effluent limitations based on nonnumeric best management practices are not effective in achieving compliance with state water quality standards.

(4) In making a determination under subsection (3)(d) of this section, the department shall use procedures that account for:
   (a) Existing controls on point and nonpoint sources of pollution;
   (b) The variability of the pollutant or pollutant parameter in the storm water discharge; and
   (c) As appropriate, the dilution of the storm water in the receiving waters.

(5) Narrative effluent limitations requiring both the implementation of best management practices, when designed to satisfy the technology and water quality-based requirements of the federal clean water act, 33 U.S.C. Sec. 1251 et seq., and compliance with water quality standards, shall be used for construction and industrial storm water general permits, unless the provisions of subsection (3) of this section apply.

(6) Compliance with water quality standards shall be presumed, unless discharge monitoring data or other site specific information demonstrates that a discharge causes or contributes to violation of water quality standards, when the permittee is:
   (a) In full compliance with all permit conditions, including planning, sampling, monitoring, reporting, and recordkeeping conditions; and
   (b) Fully implementing storm water best management practices contained in storm water technical manuals approved by the department, or practices that are demonstrably equivalent to practices contained in storm water technical manuals approved by the department, including the proper selection, implementation, and maintenance of all applicable and appropriate best management practices for on-site pollution control.

(ii) For the purposes of this section, "demonstrably equivalent" means that the technical basis for the selection of all storm water best management practices are documented within a storm water pollution prevention plan. The storm water pollution prevention plan must document:
   (A) The method and reasons for choosing the storm water best management practices selected;
   (B) The pollutant removal performance expected from the practices selected;
   (C) The technical basis supporting the performance claims for the practices selected, including any available existing data concerning field performance of the practices selected;
   (D) An assessment of how the selected practices will comply with state water quality standards; and
   (E) An assessment of how the selected practices will satisfy both applicable federal technology-based treatment requirements and state requirements to use all known, available, and reasonable methods of prevention, control, and treatment.

(7)(a) By November 1, 2009, the department shall modify or reissue the industrial storm water general permit to require compliance ((by May 1, 2009.)) with appropriately derived numeric water quality-based effluent limitations for existing discharges to water bodies listed as impaired according to 33 U.S.C. Sec. 1313(d) (Sec. 303(d) of the federal clean water act, 33 U.S.C. Sec. 1251 et seq.).

(b) ((No later than September 1, 2008.)) The industrial storm water general permit must require permittees to comply with appropriately derived numeric water quality-based effluent limitations in the permit, as described in (a) of this subsection, by no later than six months after the effective date of the industrial storm water general permit.

(c) For permittees that the department determines are unable to comply with numeric water quality-based effluent limitations required by (a) of this subsection, within the timeline established in (b) of this subsection, the department shall establish a compliance schedule.

   (i) A compliance schedule provided by the department must require compliance as soon as possible, but no later than eighteen months after the effective date of the industrial storm water general permit.
   (ii) The department shall post the compliance schedule on the department’s web site prior to issuing the compliance schedule.

(d) The department shall report to the appropriate committees of the legislature specifying how the numeric effluent limitation in (a) of this subsection would be implemented. The report shall identify the number of dischargers to impaired water bodies and provide an assessment of anticipated compliance with the numeric effluent limitation established by (a) of this subsection.

(8)(a) Construction and industrial storm water general permits issued by the department shall include an enforceable adaptive management mechanism that includes appropriate monitoring, evaluation, and reporting. The adaptive management mechanism shall include elements designed to result in permit compliance and shall include, at a minimum, the following elements:
   (i) An adaptive management indicator, such as monitoring benchmarks;
   (ii) Monitoring;
   (iii) Review and revisions to the storm water pollution prevention plan;
   (iv) Documentation of remedial actions taken; and
   (v) Reporting to the department.

(b) Construction and industrial storm water general permits issued by the department also shall include the timing and mechanisms for implementation of treatment best management practices.

(9) Construction and industrial storm water discharges authorized under general permits must not cause or have the reasonable potential to cause or contribute to a violation of an applicable water quality standard. Where a discharge has already been authorized under a national pollutant discharge elimination system storm water permit and it is later determined to cause or have the reasonable potential to cause or contribute to the violation of an applicable water quality standard, the department may notify the permittee of such a violation.

(10) Once notified by the department of a determination of reasonable potential to cause or contribute to the violation of an applicable water quality standard, the permittee must take all necessary actions to ensure future discharges do not cause or contribute to the violation of a water quality standard and document those actions in the storm water pollution prevention plan and a report timely submitted to the department. If violations remain or recur, coverage under the construction or industrial storm water general permits may be terminated by the department, and an alternative general permit or individual permit may be issued. Compliance with the requirements of this subsection does not preclude any enforcement activity provided by the federal clean water act, 33 U.S.C. Sec. 1251 et seq., for the underlying violation.

(11) Receiving water sampling shall not be a requirement of an industrial or construction storm water general permit except to the extent that it can be conducted without endangering the health and safety of persons conducting the sampling.

(12) The department may authorize mixing zones only in compliance with and after making determinations mandated by the procedural and substantive requirements of applicable laws and regulations.

(13) The industrial storm water general permit must include a provision to allow an entity subject to coverage by the permit to apply for an individual storm water permit or coverage under another alternative permit as provided in the industrial storm water general permit.

NEW SECTION.  Sec. 2. A new section is added to chapter 90.48 RCW to read as follows:

The provisions of this section apply to the construction and industrial storm water general permits issued by the department.
pursuant to the federal clean water act, 33 U.S.C. Sec. 1251 et seq., and this chapter.

By July 1, 2010, the department shall implement a technical assistance program as provided by RCW 43.05.030, 43.05.040, 43.05.050, 43.05.060, and 43.05.070. The department shall seek input from stakeholders prior to establishing the technical assistance program and periodically thereafter in an effort to maximize the effectiveness of the technical assistance program. The department shall also seek input from stakeholders to help identify resources needed to implement the department's technical assistance program.

NEW SECTION. Sec. 3. A new section is added to chapter 90.48 RCW to read as follows:

(1) The provisions of this section apply to the construction and industrial storm water general permits issued by the department pursuant to the federal clean water act, 33 U.S.C. Sec. 1251 et seq., and this chapter.

(2) By June 30, 2010, the department shall develop a long-term compliance assessment and enforcement plan for the construction and industrial storm water general permits in accordance with RCW 90.48.560. The plan must:

(a) Be developed with the assistance of a stakeholder advisory committee with representatives of at least industrial and construction permittees, nongovernmental organizations, affected agencies, tribes, and local governments. The department may establish separate stakeholder committees for the industrial storm water general permit and the construction storm water general permit.

(b) Contain provisions to identify entities required to be covered by the permits that are not covered and maximize the number of facilities covered by the permit that are required to be covered by the permit by June 30, 2011.

NEW SECTION. Sec. 4. A new section is added to chapter 90.48 RCW to read as follows:

(1) The department shall create a storm water technical resource center in partnership with a university, nonprofit organization, or other public or private entity to provide tools for storm water management. The center shall use its authority to support the duties listed in this subsection through research, development, technology demonstration, technology transfer, education, outreach, recognition, and training programs. The center may:

(a) Review and evaluate emerging storm water technologies;

(b) Research and develop innovative and cost-effective technical solutions to remove pollutants from runoff and to reduce or eliminate storm water discharges;

(c) Conduct pilot projects to test technical solutions;

(d) Serve as a clearinghouse and outreach center for information on storm water technology;

(e) Assist in the development of storm water control methods to better protect water quality, including source control, product substitution, pollution prevention, and storm water treatment;

(f) Coordinate with federal, state, and local agencies and private organizations in administering programs related to storm water control measures; and

(g) Collaborate with existing storm water outreach programs.

(2) The department shall consult with an advisory committee in the development of the storm water technical resource center. The advisory committee must include representatives from relevant state agencies, local governments, the business community, the environmental community, tribes, and the building and development industry.

(3) The department, in consultation with the storm water technical resource center advisory committee, shall identify a funding strategy for funding the storm water technical resource center.

(4) The department shall encourage all interested parties to help and support the technical resource center with in-kind services.

(5) The department shall prepare and submit a biennial progress report to the legislature.

NEW SECTION. Sec. 5. Section 1 of this act expires January 1, 2015.

SECOND READING

HOUSE BILL NO. 1393, by Representatives Springer, Kessler, Eddy, Ormsby, Van De Wege, Liias, Morrell, Roberts, Upthegrove and Sullivan

Addressing residential real property construction improvements through consumer education, warranty protections, contractor registration requirements, and worker certification standards.

The bill was read the second time.

There being no objection, Second Substitute House Bill No. 1393 was substituted for House Bill No. 1393 and the second substitute bill was placed on the second reading calendar.

SECOND SUBSTITUTE HOUSE BILL NO. 1393 was read the second time.

With the consent of the House, amendment (290) was withdrawn and therefore amendment (341) was out of order; and amendments (373) and (355) were withdrawn.

Representative Springer moved the adoption of amendment (347):

Strike everything after the enacting clause and insert the following:

"PART I.
OFFICE OF CONSUMER EDUCATION FOR HOME CONSTRUCTION"

NEW SECTION. Sec. 1. A new section is added to chapter 43.10 RCW to read as follows:

(1) The office of consumer education for home construction is created in the office of the attorney general to be the primary point of contact for consumers in matters related to residential purchases and construction.

(2) The office of consumer education for home construction shall:

(a) Educate consumers about residential purchase and sale agreements and contracting for residential construction services, including the requirements of chapter 18.27 RCW and methods available to protect themselves against loss;

(b) Produce written and electronic consumer education materials about purchasing homes, contracting for residential construction services, and legal resources available to consumers;

(c) Create a pamphlet explaining a homeowner's legal rights and remedies and provide contractors and other construction professionals with a downloadable version of the pamphlet to attach to contracts for purchase and sale of new residential real property or the substantial remodel of existing residential real property. The office shall periodically update this pamphlet;

(d) Identify and work collaboratively with agencies and organizations who are already engaged in consumer education efforts regarding residential purchases and construction, such as the department of labor and industries, the department of licensing, local governments, the construction industry, financial institutions, and other interested organizations and individuals, to increase outreach to consumers;

(e) Share consumer education materials with and serve as a resource for agencies and organizations who are already engaged in consumer education;

(f) Develop a uniform manner of receiving, cataloging, analyzing, and responding to consumer complaints about residential
construction, and develop a system of tracking resolutions of complaints and of claims received under section 8 of this act;

(g) Identify which agencies and organizations are already receiving complaints in residential construction, increase assistance to consumers and enforcement of construction-related laws;

(i) Report to the legislature on an annual basis the total number of complaints about residential construction received and the total number of claims filed under section 8 of this act. For complaints, the office of consumer education for home construction shall summarize the nature of the complaints. For claims, the office of consumer education for home construction shall summarize the nature of the claims, the monetary value of the claims, whether claims have been resolved, and any other information that the office deems relevant. The first report is due on January 1, 2010, and subsequent reports are due on November 1st of each year thereafter; and

(j) Examine issues involved in establishing a recovery fund to provide compensation to residential property homeowners through a claim filing process. The office of consumer education for home construction shall consult with appropriate agencies and representatives from organizations involved in the area of residential construction. The office of consumer education for home construction shall make recommendations to the legislature on the creation of a recovery fund by December 1, 2010.

Sec. 2. RCW 18.27.075 and 2001 c 159 s 14 are each amended to read as follows:

(1) The department shall charge a fee of one hundred dollars for issuing or renewing a certificate of registration during the 2001-2003 biennium. The department shall revise this amount at least once every two years for the purpose of recognizing economic changes as reflected by the fiscal growth factor under chapter 43.135 RCW.

(2) The department shall also charge a consumer education fee of one hundred dollars per year for issuing or renewing a certificate of registration. The department shall deposit the fee in the consumer education for home construction account created in section 3 of this act.

NEW SECTION. Sec. 3. A new section is added to chapter 43.10 RCW to read as follows:

The consumer education for home construction account is created in the custody of the state treasurer for the purpose of funding the office of consumer education for home construction. All fees charged under section 2 of this act and filing fees charged under section 8 of this act must be deposited into the account. Expenditures from the account may be used only to fund the office of consumer education for home construction. Only the home construction board created under section 6 of this act or the board's designee may authorize expenditure from the account. The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

Sec. 4. RCW 43.79A.040 and 2008 c 208 s 9 are each amended to read as follows:

(1) Money in the treasurer's trust fund may be deposited, invested, and reinvested by the state treasurer in accordance with RCW 43.84.080 in the same manner and to the same extent as if the money were in the state treasury.

(2) All income received from investment of the treasurer's trust fund shall be set aside in an account in the treasury trust fund to be known as the investment income account.

(3) The investment income account may be utilized for the payment of purchased banking services on behalf of treasurer's trust fund.

(4)(a) Monthly, the state treasurer shall distribute the earnings credited to the investment income account to the state general fund except under (b) and (c) of this subsection.

(b) The following accounts and funds shall receive their proportionate share of earnings based upon each account's or fund's average daily balance for the period: The Washington promise scholarship account, the college savings program account, the Washington advanced college tuition payment program account, the agricultural local fund, the American Indian scholarship endowment fund, the foster care scholarship endowment fund, the foster care endowed scholarship trust fund, the students with dependents grant account, the basic health plan self-insurance reserve account, the contract harvesting revolving account, the Washington state combined fund drive account, the commemorative works account, the Washington international exchange scholarship endowment fund, the toll collection account, the developmental disabilities endowment trust fund, the energy account, the fair fund, the family leave insurance account, the food animal veterinarian conditional scholarship account, the fruit and vegetable inspection account, the future teachers conditional scholarship account, the game farm alternative account, the GET ready for math and science scholarship account, the grain inspection revolving fund, the juvenile accountability incentive account, the law enforcement and fire fighters' plan 2 expense fund, the local tourism promotion account, the produce railcar pool account, the rural transportation investment district account, the rural rehabilitation account, the stadium and exhibition center account, the youth athletic facility account, the self-insurance revolving fund, the sulfur dioxide abatement account, the children's trust fund, the Washington horse racing commission operating account (earnings from the Washington horse racing commission operating account must be credited to the Washington horse racing commission class C purse fund account), the life sciences discovery fund, the Washington state heritage center account, the consumer education for home construction account, and the reading achievement account. However, the earnings to be distributed shall first be reduced by the allocation to the state treasurer's service fund pursuant to RCW 43.08.190.

(c) The following accounts and funds shall receive eighty percent of their proportionate share of earnings based upon each account's or fund's average daily balance for the period: The advanced right of way revolving fund, the advanced environmental mitigation revolving account, the city and county advance right-of-way revolving fund, the federal narcotics asset forfeitures account, the general fund, the improvement fund account, the login account, the miscellaneous transportation programs account.

(5) In conformance with Article II, section 37 of the state Constitution, no trust accounts or funds shall be allocated earnings without the specific affirmative directive of this section.

NEW SECTION. Sec. 5. A new section is added to chapter 43.10 RCW to read as follows:

For the purposes of sections 6 through 10 of this act, the following definitions apply:

(1) "Board" means the home construction board created in section 6 of this act.

(2) "Claim" means a claim filed with the board against a construction professional subsequent to section 8 of this act and does not mean a complaint as that term is used in section 1 of this act.

(3) "Construction professional" means a builder, builder-vendor, contractor, subcontractor, or inspector, performing or furnishing the design, supervision, inspection, construction, or observation of the construction, of any improvement to residential real property, whether operating as a sole proprietor, partnership, corporation, or other business entity. "Construction professional" also includes the mayor of a city, a member of the city council or any other city council member, a school district superintendent, a building official, a permit agent, a developer, a lender, a realtor, and any other person or entity who has knowledge of such construction.

(4)(a) Monthly, the state treasurer shall distribute the earnings credited to the investment income account to the state general fund except under (b) and (c) of this subsection.
NEW SECTION. Sec. 6. A new section is added to chapter 43.10 RCW to read as follows:
(1) When a claim is filed under chapter 18.27 RCW, there shall be a right to early resolution mediation program.
(2) The purpose of the board is to provide homeowners and construction professionals with a cost-effective and time-efficient process to resolve disputes arising from alleged construction defects to residential real property.
(3) The board shall consist of the following seven members:
(a) Three members possessing a minimum of ten years of experience in the construction industry or as a construction professional, registered under chapter 18.27 RCW;
(b) One member possessing a minimum of five years of experience in the field of law, insurance, or mediation, registered under chapter 18.27 RCW;
(c) One architect licensed under chapter 18.08 RCW or professional engineer registered under chapter 18.43 RCW;
(d) One building inspector employed by a city or county; and
(e) One member of the general public.
(4) Members of the board shall be appointed by the governor with the advice and consent of the Senate. The governor shall appoint initial members of the board to staggered terms of from two to four years. Thereafter, all members shall be appointed to full four-year terms. Members of the board shall hold office until their successors are appointed. A vacancy shall be filled by appointment by the governor for the unexpired portion of the term in which the vacancy occurs.
(5) The board shall, based on the inspection, offer to remedy the defect, compromise by payment, or dispute the claim; and may not dismiss a claim if the board determines that the work performed was substantially completed or the project was terminated;
(6) The board provides written notice of completion of mediation.

NEW SECTION. Sec. 7. A new section is added to chapter 43.10 RCW to read as follows:
(1) The board shall investigate and mediate claims filed by a homeowner against a construction professional for alleged construction defects to residential real property.
(2) The board may use the services of neutral third party experts to assist the board in investigating, assessing, and mediating claims. The board may rely on the national building standards and other recognized standards or codes that the board finds appropriate in investigating and assessing the claim.
(3) The board shall issue a statement that the claim is against a contractor who is not registered under chapter 18.27 RCW.

NEW SECTION. Sec. 8. A new section is added to chapter 43.10 RCW to read as follows:
(1) A homeowner of residential real property alleging that a construction professional has performed defective work must, prior to commencing an action against the construction professional, file a claim against the construction professional with the board.
(2) The board shall be in the form required by the board, and shall include, at a minimum:
(a) The name and mailing address of the homeowner or the homeowner's legal representative, if any;
(b) The address and location of the residential real property;
(c) The names and addresses of the construction professionals, to the extent known to the homeowner, who performed the work;
(d) Whether the work performed involved construction of new residential real property or a substantial remodel of residential real property and the date that the homeowner took possession of the new residential real property or, for a substantial remodel, the date the work was substantially completed or the project was terminated;
(e) A description of the defective work performed and the actual or estimated costs of repair;
(f) Any report, estimates, and other documents evidencing the defect and the costs of repair;
(g) Whether there is a written contract between the construction professional and the homeowner and whether the contract contains warranties related to the work performed or the materials used.
(3) The board may not process a claim against a construction professional unless the claim is filed with the board within the applicable statute of limitations.
(4) When a claim is filed with the board within the applicable statute of limitations, the filing of the claim tolls any applicable statute of limitations and any applicable statute of repose for construction-related claims for the period of time until fifteen days after the board provides written notice of completion of mediation.
(5) Any action commenced in court by a homeowner prior to compliance with the requirements of this section shall be subject to dismissal without prejudice, and may not be recommenced until the homeowner has complied with the requirements of this section.
(6) The board by rule may impose a processing fee for claims filed under this section not to exceed one hundred dollars. The fee shall be deposited into the consumer education for home construction account created under section 3 of this act.

NEW SECTION. Sec. 9. A new section is added to chapter 43.10 RCW to read as follows:
(1) Upon receipt of a claim, the board shall give written notice to the construction professional against whom the claim is made. The notice of the claim shall describe the claim in reasonable detail sufficient to determine the nature of the defect.
(2) Within twenty-one days after service of the notice of claim, the construction professional shall serve written response on the homeowner by registered mail or personal service. The written response shall:
(a) Propose to inspect the residence that is the subject of the claim and to complete the inspection within a specified time frame. The proposal shall include the statement that the construction professional shall, based on the inspection, offer to remedy the defect, compromise by payment, or dispute the claim;
(b) Offer to compromise and settle the claim by monetary payment without inspection. A construction professional's offer under this subsection (2)(b) to compromise and settle a homeowner's claim may include, but is not limited to, an express offer to purchase the homeowner's residence that is the subject of the claim, and to pay the homeowner's reasonable relocation costs; or
(c) State that the construction professional disputes the claim and will neither remedy the defect nor compromise and settle the claim.
(3)(a) If the construction professional disputes the claim or does not respond to the notice of claim within the time stated in subsection (2) of this section, the board shall commence an investigation and mediation of the claim. The board shall make a statement that the construction professional shall, based on the inspection, offer to remedy the defect, compromise by payment, or dispute the claim; and the construction professional's offer under this subsection (2)(b) to compromise and settle a homeowner's claim may include, but is not limited to, an express offer to purchase the homeowner's residence that is the subject of the claim, and to pay the homeowner's reasonable relocation costs; or
(b) If the homeowner rejects the inspection proposal or the settlement offer made by the construction professional pursuant to subsection (2) of this section, the homeowner shall serve written notice of the rejection on the construction professional and the board. After service of the rejection, the board shall commence an investigation and mediation of the claim.
(c) If the construction professional has not received from the homeowner, within thirty days after the homeowner's receipt of the construction professional's response, either an acceptance or rejection.
of the inspection proposal or settlement offer, then at anytime thereafter the construction professional may terminate the proposal or offer by serving written notice to the homeowner, and the board shall commence an investigation pursuant to subsection (4)(a) if the homeowner elects to allow the construction professional to inspect in accordance with the construction professional's proposal pursuant to this section, the homeowner shall provide the construction professional and its contractors or other agents reasonable access to the homeowner's residence during normal working hours to inspect the premises and the claimed defect. A written offer to remedy the defect at no cost to the homeowner, including a report of the scope of the inspection, findings and results of the inspection, a description of the additional construction necessary to remedy the defect, and a timetable for the completion of such construction; (i) A written offer to remedy the defect at no cost to the homeowner, including a report of the scope of the inspection, findings and results of the inspection, a description of the additional construction necessary to remedy the defect, and a timetable for the completion of such construction; (ii) A written offer to compromise and settle the claim by monetary payment pursuant to subsection (2)(b) of this section; or (iii) A written statement that the construction professional will not proceed further to remedy the defect. (c) If the construction professional does not proceed further to remedy the defect within the agreed timetable, or if the construction professional fails to comply with the provisions of (b) of this subsection, the homeowner shall provide written notification to the board. The board shall commence an investigation and mediation of the claim. (d) If the homeowner rejects the offer made by the construction professional pursuant to (b)(i) or (ii) of this subsection (4) to either remedy the defect or to compromise and settle the claim by monetary payment, the homeowner shall serve written notice of the rejection on the construction professional and the board. After service of the rejection notice, the board shall commence an investigation and mediation of the claim. (e) If the construction professional has not received from the homeowner, within thirty days after the homeowner's receipt of the construction professional's response, either an acceptance or rejection of the offer made pursuant to (b)(i) or (ii) of this subsection (4), then at anytime thereafter the construction professional may terminate the offer by serving written notice to the homeowner. (5)(a) Any homeowner accepting the offer of a construction professional to remedy the defect pursuant to subsection (4)(b)(i) of this section shall do so by serving the construction professional with a written notice of acceptance within a reasonable time period after receipt of the offer, and no later than thirty days after receipt of the offer. The homeowner shall also send a copy of the written notice of acceptance to the board. The homeowner shall provide the construction professional and its contractors or other agents reasonable access to the homeowner's residence during normal working hours to perform and complete the construction by the timetable stated in the offer. (b) The homeowner and construction professional may, by written mutual agreement, alter the extent of construction or the timetable for completion of construction stated in the offer, including, but not limited to, repair of additional defects. (c) Compliance with this section satisfies the requirements of RCW 64.50.020. NEW SECTION. Sec. 10. A new section is added to chapter 43.10 RCW to read as follows: (1) If, after compliance with the procedures established in section 9 of this act, a resolution has not been reached between the homeowner and construction professional, the board shall investigate the claim. (2) The board may use the services of neutral third party experts to conduct on-site investigations, make recommendations to the board, and assist the board in investigating and mediating claims. (3) If the investigation is complete, the board shall provide the parties with notification of the findings of the investigation. If the parties do not provide the board with written notification within fourteen days after receipt of the findings that the parties have resolved the claim, the board shall mediate the claim. (4) The mediation shall be conducted by a panel of three members of the board in accordance with rules adopted by the board.

(5) All proceedings of the mediation conference, including any statement made by any party, attorney or other participant, shall be privileged and not reported, recorded, placed in evidence, used for impeachment, made known to a court or jury, or construed for any purpose as an admission. No party shall be bound by anything done or said at the mediation conference unless a settlement is reached, in which event the agreement upon a settlement shall be reduced to writing and shall be binding upon all parties to that agreement.

(6) At the conclusion of the mediation the board shall provide a written notice of the completion of mediation to the parties. The notice shall include a statement of the results of the mediation and a copy of any written settlement agreement between the parties. If the parties did not reach an agreement, the notice shall include a statement that the parties may pursue any other right or remedy provided under statutory or common law. However, a homeowner who files an action under the common law implied warranty of habitability waives any available claim under express contract warranties. A homeowner who files a claim under express contract warranties waives any claim under the common law implied warranty of habitability.

NEW SECTION. Sec. 11. A new section is added to chapter 43.10 RCW to read as follows: (1) The board shall maintain and make available to the office of consumer education for home construction a record of all claims filed with the board against construction professionals under this chapter and the outcomes of those claims.

(2) The office of consumer education for home construction shall compile a summary of the claims into a report for the legislature as required under section 1 of this act.

NEW SECTION. Sec. 12. A new section is added to chapter 64.50 RCW to read as follows: The provisions of RCW 64.50.020 do not apply to a claim filed with the home construction board under sections 8 through 10 of this act.

PART II. RESIDENTIAL REAL PROPERTY WARRANTIES

NEW SECTION. Sec. 13. A new section is added to chapter 64.50 RCW to read as follows: (1) The common law implied warranty of habitability may not be disclaimed, waived, modified, or limited by contractual agreement. A provision of any contract for the purchase or sale of newly constructed residential property that purports to disclaim, waive, modify, or limit the implied warranty of habitability is void and unenforceable.

(2) The common law implied warranty of habitability for newly constructed residential real property extends to any homeowner who purchases the property within six years of its construction, and is not limited to the initial owner-occupant of the property. A homeowner who purchases the property subsequent to the initial owner-occupant, and within six years of the construction of the property, receives the same protections of the common law implied warranty of habitability as possessed by the person from whom the property was purchased.

(3) Damages awarded for a breach of the implied warranty of habitability are the cost of repairs. However, if it is established that the cost of repairs is clearly disproportionate to the loss in market value caused by the breach, damages are limited to the loss in market value.

NEW SECTION. Sec. 14. A new section is added to chapter 64.50 RCW to read as follows: (1) Every contract for the sale or construction of new residential real property shall provide for written express warranties to the purchaser or owner of the residential real property.

(2) The express warranties shall meet the following requirements:

(a) The express warranties must assure timely resolution of homeowners' complaints or claims covered under subsection (j) of this section.

(b) The entire cost to the homeowner for the express warranties coverage must be prepaid by the entity providing the express warranties, or the express warranties issuer must give irrevocable coverage, at the time of settlement.
FIFTY NINTH DAY, MARCH 11, 2009

747

(c) Unexpired express warranties coverage must be automatically transferred, without additional cost, to subsequent homeowners.

(i) Issued express warranties coverage must be noncancellable by the express warranties issuer or by its insurance backers.

(e) Exclusions from express warranties coverage must not defeat coverage objectives stated in subsection (j) of this section and must permit normal homeowner use of the covered property, including normal maintenance and emergency property protection measures.

(f) Unless prohibited by applicable law, express warranties must, at a minimum, stipulate that all homeowner complaints covered by express warranties, including those regarding construction deficiencies and structural defects claims, will be settled in the amount of their actual cost to correct or for the original sales price of the property, whichever is the lesser, subject to a deductible not to exceed a total of two hundred fifty dollars for all claims filed by a homeowner during the first two years of coverage and not to exceed a maximum of two hundred fifty dollars per claim during the third through the tenth year of coverage.

(ii) A homeowner shall be liable for a deductible only if the entity providing the express warranties defaults on warranty performance and the express warranties issuer has to make the corrections. When the entity providing the express warranties performs corrections under the warranties, no deductible that may be included in the express warranties is applicable.

(g) In the event of any dispute regarding a homeowner complaint or structural defect claim, express warranties must, unless prohibited by applicable law, provide for binding arbitration proceedings arranged through a nationally recognized dispute settlement organization. The sharing of arbitration charges shall be as determined by the express warranties. Express warranties must contain pre-arbitration conciliation provisions at no cost to the homeowner, and provision for judicial resolution of disputes, but arbitration, which must be available to a homeowner during the entire term of the coverage contract, must be an assured recourse for a dissatisfied homeowner.

(h) An express warranties issuer must provide homeowners an executed coverage contract clearly describing:

(i) The identity of the property covered;

(ii) The time at which coverage begins;

(iii) The maximum amount of express warranties liability;

(iv) Noncancellable of the coverage contract by the express warranties or its insurance backers;

(v) No-cost transferability of unexpired coverage to successors in title;

(vi) The property coverage provided;

(vii) Any exclusions from coverage;

(viii) Performance standards for resolving homeowner complaints and claims, if standards for complaint and claim adjustment are promulgated as part of the express warranties;

(ix) Dispute settlement procedures;

(x) The names, addresses, and telephone numbers of the express warranties issuer and its insurance backers; and

(xi) When, to whom, under what conditions, and to what address homeowners should submit any construction deficiency complaints or structural defects claims.

(j) Express warranties will not be required to warrant a covered property complies with:

(i) Original dwelling plans and specifications;

(ii) Applicable building codes; or

(iii) Specific terms of a homeowner's contract to purchase a property.

(k) Express warranties coverage must take effect at closing or settlement following the initial sale of the property to the homeowner and must include the following minimum level of coverage:

(i) During the first year of coverage, the express warranties must provide a warranty against defects in workmanship and materials resulting from the failure of the covered property to comply with standards of quality as measured by acceptable trade practices, as well as correct the problems with, or restore the reliable function of, appliances and equipment damaged during installation or improperly installed. The express warranties must also cover structural defects as defined in subsection (4) of this section.

(ii) During the first and second year of coverage, the express warranties must provide a warranty against defects in the wiring, piping and ductwork in the electrical, plumbing, heating, cooling, ventilating, and mechanical systems.

(iii) Basement slabs in designated areas must be covered by a warranty against damage from the first through the fourth year.

(iv) From the first through the tenth year, structural defect, as defined in subsection (4) of this section, except as provided in (iii) of this subsection (j), must be covered by a warranty in the express warranties.

(l) The express warranties must provide insurance coverage for default on any warranty obligation.

(3) This section does not apply to condominiums subject to chapter 64.34 RCW.

(4) For the purposes of this section:

(a) "Construction deficiencies" are defects, not of a structural nature, in residential real property covered by express warranties that are attributable to poor workmanship or to the use of inferior materials which result in the impaired functioning of the residential real property or some part thereof. Defects resulting from homeowner abuse or from normal wear and tear are not considered construction deficiencies.

(b) "Residential real property" means a single-family home, a duplex, a triplex, or a quadruplex.

(c) "Structural defect" is actual physical damage to the designated load-bearing portions of residential real property caused by failure of such load-bearing portions that affects their load-bearing functions to the extent that the structure becomes unsafe, unsanitary, or otherwise unlivable. "Load-bearing components" for the purpose of defining structural defects are defined as follows: footing and foundation systems; beams; girders; lintels; columns; load-bearing walls and partitions; roof framing systems; and floor systems. "Structural defect" does not include damage to the following nonload-bearing portions of the structure: roofing; drywall and plaster; exterior siding; brick, stone, or stucco veneer; floor covering material; wall tile and other wall coverings; nonload-bearing walls and partitions; concrete floors in attached garages; electrical; plumbing, heating, cooling and ventilation systems; appliances; fixtures and items of equipment; paint; doors and windows; trim, cabinets, hardware, and insulation.

PART III. CONTRACTOR REGISTRATION

Sec. 15. RCW 18.27.030 and 2008 c 120 s 1 are each amended to read as follows:

(1) An applicant for registration as a contractor shall submit an application under oath upon a form to be prescribed by the director and which shall include the following information pertaining to the applicant:

(a) Employer social security number.

(b) Unified business identifier number.

(c) Evidence of workers’ compensation coverage for the applicant’s employees working in Washington, as follows:

(i) The applicant’s industrial insurance account number issued by the department;

(ii) The applicant’s self-insurer number issued by the department; or

(iii) For applicants domiciled in a state or province of Canada subject to an agreement entered into under RCW 51.12.120(7), as permitted by the agreement, filing a certificate of coverage issued by the agency that administers the workers’ compensation law in the applicant’s state or province of domicile certifying that the applicant has secured the payment of compensation under the other state’s or province’s workers’ compensation law.

(d) Employment security department number.

(e) Unified business identifier (UBI) account number may be substituted for the information required by (c) and (d) of this subsection if the applicant will not employ employees in Washington.

(f) Type of contracting activity, whether a general or a specialty contractor and if the latter, the type of specialty.

(g) Type of work performed, whether residential, commercial, or both.
(h) The name ((§ 106)), address, social security number, date of birth, and driver's license number of each partner if the applicant is a firm or partnership; or the name ((§ 106)), address, social security number, date of birth, and driver's license number of the owner if the applicant is an individual proprietorship, or the name ((§ 106)), address, social security number, date of birth, and driver's license number of the corporate officers and statutory agent, if any, if the applicant is a corporation, or the name ((§ 106)), address, social security number, date of birth, and driver's license number of all members of any other business entities. The information contained in such application is a matter of public record and open to public inspection.

(i) The registration numbers and unified business identifier account numbers of previously or currently registered businesses involving the same owner, principal, or officer as the applicant.

(j) Disclosure of any bankruptcy proceedings filed by or against the applicant.

(k) Information about any construction licenses, certifications, or registrations that have been issued to the applicant by other states. The applicant shall also provide details about any denials, suspensions, revocations, or any enforcement actions related to construction against the applicant by other states.

(2) The department may verify the workers' compensation information provided by the applicant under subsection (1)(c) of this section, including but not limited to information regarding the coverage of an individual employee of the applicant. If coverage is provided under the laws of another state, the department may notify the other state that the applicant is employing employees in Washington.

(3)(a) The department shall deny an application for registration if: (i) The applicant has been previously performing work subject to this chapter as a sole proprietor, partnership, corporation, or other entity and the department has notice that the applicant has an unsatisfied final judgment against him or her in an action based on work performed subject to this chapter or the applicant owes the department money for penalties assessed or fees due under this chapter as a result of a final judgment; (ii) the applicant was an owner, principal, or officer of a partnership, corporation, or other entity that either has an unsatisfied final judgment against it in an action that was incurred for work performed subject to this chapter or owes the department money for penalties assessed or fees due under this chapter as a result of a final judgment; (iii) the applicant does not have a valid unified business identifier number; (iv) the department determines that the applicant has falsified information on the application, unless the error was inadvertent; (v) the applicant does not have an active and valid certificate of registration with the department of revenue; or (vi) the department has determined that a different state has taken enforcement actions against the applicant for activities that would be a violation of this chapter if they had occurred in Washington state.

(b) The department shall suspend an active registration if: (i) The department has determined that the registrant is an unsatisfied final judgment against it for work within the scope of this chapter; (ii) the department has determined that the registrant is a sole proprietor or an owner, principal, or officer of a registered contractor that has an unsatisfied final judgment against it for work within the scope of this chapter; (iii) the registrant does not maintain a valid unified business identifier number; (iv) the department has determined that the registrant falsified information on the application, unless the error was inadvertent; (v) the registrant does not have an active and valid certificate of registration with the department of revenue; or (vi) the department has determined that a different state has taken enforcement action against the registrant for activities that would be a violation of this chapter if they had occurred in Washington state.

(c) The department may suspend an active registration if the department has determined that an owner, principal, partner, or officer of the registrant was an owner, principal, or officer of a previous partnership, corporation, or other entity that has an unsatisfied final judgment against it.

(4) The department shall not deny an application or suspend a registration because of an unsatisfied final judgment if the applicant's or registrant's unsatisfied final judgment was determined by the director to be the result of the fraud or negligence of another party.

NEW SECTION. Sec. 16. A new section is added to chapter 18.27 RCW to read as follows:

A registered contractor, by or against whom a petition in bankruptcy has been filed, shall notify the department of the proceedings in bankruptcy, including the identity and location of the court in which the proceedings are pending, within ten days of the filing.

On page 1 of the striking amendment, strike all material after line 2 and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that homeowners have experienced problems in residential construction, resulting in great economic loss, only to discover that there are limited remedies available at law, if any. However, it is unclear if construction defects are an industry-wide problem or limited to a small segment of builders and other construction professionals. The scope and nature of the problem must be determined in order for the legislature to develop a comprehensive solution that may necessitate several pieces of legislation covering a wide range of issues from contractor licensing, permit processes and sign-offs, requirements of the state building code and of building officials, as well as homeowner warranties.

NEW SECTION. Sec. 2. (1) A committee on residential construction is created. The committee consists of the following members who have experience and expertise in residential construction law or residential construction:
(a) One member from each caucus of the house of representatives, appointed by the president of the senate;
(b) One member from each caucus of the house of representatives, appointed by the speaker of the house of representatives;
(c) The director of the department of labor and industries or the director's designee;
(d) The president of the state building code council or the president's designee;
(e) The following six members, jointly appointed by the speaker of the house of representatives and the president of the senate:
(i) Two builders;
(ii) A residential construction defect plaintiff's attorney;
(iii) A residential construction defect defense attorney;
(iv) A representative of the insurance industry; and
(v) A representative of a statewide building industry association.
(2) The committee shall choose two co-chairs from among its membership.
(3) The committee shall:
(a) Examine whether enhanced regulation of construction professionals is needed, including whether contractors should be licensed or subject to enhanced registration requirements, whether construction workers should be certified, and what education and training requirements should exist for contractors and construction workers;
(b) Evaluate whether current surety bond requirements are sufficient or if increased or additional bonding requirements are necessary to protect both construction professionals and homeowners;
(c) Examine the state building code and determine whether the code should be strengthened to protect homeowners;
(d) Determine whether there should be increased standards for city and county building inspectors;
(e) Study current remedies at law for residential construction defects;
(f) Evaluate what impact a statutory warranty for new home construction would have on the industry and homeowners including, but not limited to, any concerns regarding increased insurance costs for construction professionals and home costs for homeowners. Within this evaluation, the committee shall examine other states that have implemented statutory home warranties including, at a minimum, Maryland and California; and
(g) Examine alternative models for addressing residential property construction defects, including an examination of Oregon's construction contractors board model for resolving construction defect claims.

(4) By December 31, 2009, the committee shall deliver to the appropriate committees of the legislature a report of the findings and conclusions of the committee and any proposed legislation.

NEW SECTION. Sec. 3. This act expires January 31, 2010.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 51.52 RCW to read as follows:

(i) Except as provided in (b), (c) and (d) of this subsection, after the filing of a notice of appeal under RCW 51.52.060(2) and confirmation of witnesses pursuant to the rules of the board, the department and its representatives and the employer and its representatives shall not have contact to discuss the facts or issues in question in the appeal with any medical provider who has examined or treated the worker at the request of the worker or treating medical provider and has been confirmed as a witness by the worker or the worker’s representative, unless written authorization for contact is given by the worker or the worker's representative. Written authorization is only valid if given after the date of the worker’s witness confirmation and expires ninety days after it is signed.

(ii) Contact is permitted as necessary for the ongoing management of the claim, including but not limited to communication regarding the worker's treatment needs and the provider's treatment plan, vocational and return-to-work issues and assistance, and certification of the worker's inability to work, unless these issues are in question in the appeal.

(iii) Pursuant to a properly scheduled and noted deposition.

Written authorization is not required if the employer fails to confirm the examining or treating medical provider as a witness as required by the board.

(ii) Pursuant to a properly scheduled and noted deposition.

Written authorization is not required if the employer fails to confirm the examining or treating medical provider as a witness as required by the board.

(iii) Pursuant to a properly scheduled and noted deposition.

Written authorization is not required if the employer fails to confirm the examining or treating medical provider as a witness as required by the board.

(d) Written authorization is not required if the worker fails to confirm the examining or treating medical provider as a witness as required by the board.

2. If the worker or the worker's representative wishes to communicate with a medical provider who has examined the worker at the request of the employer or the employer's representative and has been confirmed as a witness by the worker or the employer's representative, unless written authorization for contact is given by the worker or the employer's representative, written authorization is only valid if given after the date of the employer's witness confirmation and expires ninety days after it is signed.

(b) If the worker or the worker's representative wishes to communicate with a medical provider who has examined the worker at the request of the employer or the employer's representative and has been confirmed as a witness by the worker or the employer's representative, unless written authorization for contact is given by the worker or the employer's representative, written authorization is only valid if given after the date of the employer's witness confirmation and expires ninety days after it is signed.

Written authorization is not required if the employer fails to confirm the examining medical provider as a witness as required by the board.

(c) Written authorization is not required if the employer fails to confirm the examining medical provider as a witness as required by the board.
(4) The board may determine whether the parties have made themselves reasonably available to participate in telephone or videoconference communications as provided in subsections (1)(c)(ii), (2)(b)(ii) and (3)(b)(ii) of this section.

(5) This section only applies to issues set forth in a notice of appeal under RCW 51.52.060(2).

(6) This section does not limit the reporting requirements under RCW 51.04.050 and 51.36.060 for issues not set forth in a notice of appeal.

(7) The department and the board may adopt rules as necessary to implement the provisions of this section.

ESSB 5671 Prime Sponsor, Committee on Financial Institutions, Housing & Insurance: Determining the suitability of annuities sold in Washington. Reported by Committee on Financial Institutions & Insurance

MAJORITY recommendation: Do pass as amended:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The purpose of this act is to permit and set standards for producers and insurers selling annuity products issued after the effective date of this section that ensure consumers purchase annuities suitable to their financial and insurance needs and life circumstances.

NEW SECTION. Sec. 2. A new section is added to chapter 48.23 RCW to read as follows:

(1) For the purposes of this section:
(a) "Annuity" means a fixed annuity or variable annuity that is individually solicited, whether the product is classified as an individual or group annuity.
(b) "Recommendation" means advice provided by an insurance producer, or an insurer when no producer is involved, to an individual consumer that results in a purchase or exchange of an annuity in accordance with that advice.
(2) Insurers and insurance producers must comply with the following requirements in recommending and executing a purchase or exchange of an annuity:
(a) In recommending the purchase of an annuity or the exchange of an annuity that results in another insurance transaction or series of insurance transactions to a consumer, the insurance producer, or the insurer when no producer is involved, must have reasonable grounds for believing that the recommendation is suitable for the consumer on the basis of the facts disclosed by the consumer about their investments and other insurance products and as to their financial situation and needs.
(b) Prior to the execution of a purchase or exchange of an annuity resulting from a recommendation, an insurance producer, or an insurer when no producer is involved, shall make reasonable efforts to obtain information concerning:
(i) The consumer's financial status;
(ii) The consumer's tax status;
(iii) The consumer's investment objectives; and
(iv) Other information used or considered to be reasonable by the insurance producer, or the insurer when no producer is involved, in making recommendations to the consumer.
(3) An insurer or insurance producer's recommendation must be reasonable under all circumstances actually known to the insurer or insurance producer at the time of the recommendation. Neither an insurance producer nor an insurer when no producer is involved, has any obligation to a consumer under subsection (2) of this section related to any recommendation if a consumer:
(a) Refuses to provide relevant information requested by the insurer or insurance producer;
(b) Decides to enter into an insurance transaction that is not based on a recommendation of the insurer or insurance producer; or
(c) Fails to provide complete or accurate information.
(4) An insurer must assure that a system to supervise recommendations, reasonably designed to achieve compliance with this section, is established and maintained. The system must include, but is not limited to, written procedures and conducting periodic review of its records that are reasonably designed to assist in detecting and preventing violations of this section.
(a) An insurer may contract with a third party, including insurance producers, a general agent, or independent agency, to establish and maintain a system of supervision as required in this subsection with respect to insurance producers under contract with or employed by the third party. An insurer must make reasonable inquiry to assure that the third party is performing the functions required in this subsection and must take action as is reasonable under the circumstances to enforce the contractual obligation to
perform the functions. An insurer may comply with its obligation to make reasonable inquiry by doing all of the following:  
(i) Annually obtaining a certification from a third party senior manager with responsibility for the delegated functions that the manager has a reasonable basis to represent, and does represent, that the third party is performing the required functions; and  
(ii) Based on reasonable selection criteria, periodically selecting third parties contracting under this subsection for a review to determine whether the third parties are performing the required functions. The insurer shall perform those procedures to conduct the review that are reasonable under the circumstances.  
(b) An insurer, or the contracted third party if a general agent or independent agency, is not required to:  
(i) Review, or provide for review of, all insurance producer solicited transactions; or  
(ii) Include in its system of supervision an insurance producer’s recommendations to consumers of products other than the annuities offered by the insurer, general agent, or independent agency.  
(c) A general agent or independent agency contracting with an insurer to supervise compliance with this section shall promptly, when requested by the insurer, give a certification of compliance or give a clear statement that it is unable to meet the certification criteria. A person may not provide a certification unless the person:  
(i) Is a senior manager with responsibility for the delegated functions; and  
(ii) Has a reasonable basis for making the certification.  
(5) Compliance with the financial industry regulatory authority conduct rules pertaining to suitability satisfies the requirements under this section for the recommendation of annuities registered under the securities act of 1933 (15 U.S.C. Sec. 77(a) et seq. or as hereafter amended). The insurance commissioner must notify the appropriate committees of the house of representatives and senate if there are changes regarding the registration of annuities under the securities act of 1933 that affect the application of this subsection. This subsection does not limit the insurance commissioner’s ability to enforce this section.  
(6) The commissioner may order an insurer, an insurance producer, or both, to take reasonably appropriate corrective action for any consumer harmed by the insurer’s or insurance producer’s violation of this section.  
(a) Any applicable penalty under this or other sections of Title 48 RCW may be reduced or eliminated by the commissioner if corrective action for the consumer was taken promptly after a violation was discovered.  
(b) This subsection does not limit the commissioner’s ability to enforce this section or other applicable sections of Title 48 RCW.  
(7) Insurers and insurance producers must maintain or be able to make available to the commissioner records of the information collected from the consumer and other information used in making the recommendations that were the basis for the insurance transaction for five years after the insurance transaction is completed by the insurer, or for five years after the annuity begins paying benefits, whichever is longer. An insurer is permitted, but is not required, to maintain documentation on behalf of an insurance producer. This section does not relieve an insurance producer of the obligation to maintain records of insurance transactions as required by RCW 48.17.470.  
(8) The commissioner may adopt rules to implement and administer this section.  
(a) Unless otherwise specifically included, this section does not apply to recommendations involving:  
(1) Direct response solicitations when there is no recommendation based on information collected from the consumer under this section; or  
(2) Contracts used to fund:  
(i) An employee pension or welfare benefit plan that is covered by the employment and income security act;  
(ii) A plan described by sections 401(a), 401(k), 403(b), 408(k), or 408(p) of the internal revenue code, as amended, if established or maintained by an employer;  
(iii) A government or church plan defined in section 414 of the internal revenue code, a government or church welfare benefit plan or a deferred compensation plan of a state or local government or tax exempt organization under section 457 of the internal revenue code;  
(iv) A nonqualified deferred compensation arrangement established or maintained by an employer or plan sponsor;  
(v) Settlements of or assumptions of liabilities associated with personal injury litigation or any dispute or claim resolution process; or  
(vi) Formal prepaid funeral contracts.  
(10) This section does not affect the application of chapter 21.20 RCW.  
Correct the title.  
Signed by Representatives Kirby, Chair; Kelley, Vice Chair; Bailey, Ranking Minority Member; Parker, Assistant Ranking Minority Member; Hurst; McCoy; Nelson; Rodne; Santos and Simpson.  
Passed to Committee on Rules for second reading.  
There being no objection, the bills listed on the day’s committee reports under the fifth order of business were referred to the committees so designated.  
SECOND READING  
HOUSE BILL NO. 1571, by Representatives Blake and Chandler  
Regarding the adjudication of water rights.  
The bill was read the second time.  
There being no objection, Substitute House Bill No. 1571 was substituted for House Bill No. 1571 and the substitute bill was placed on the second reading calendar.  
SUBSTITUTE HOUSE BILL NO. 1571 was read the second time.  
Representative Blake moved the adoption of amendment (387):  
Strike everything after the enacting clause and insert the following:  
"Sec. 1. RCW 90.03.110 and 1987 c 109 § 72 are each amended to read as follows:  
(1) Upon the filing of a petition with the department by a planning unit or by one or more persons claiming the right to divert any waters within the state or when, after investigation, in the judgment of the department, the (interest of the public will be served by a determination of the rights thereto, it shall be the duty of the department to) public interest will be served by a determination of the rights thereto, the department shall prepare a statement of the facts, together with a plan or map of the locality under investigation, and file such statement and plan or map in the superior court of the county in which said water is situated, or, in case such water flows or is situated in more than one county, in the county which the department shall determine to be the most convenient to the parties interested therein. Such a statement shall (contain substantially the following matter, to wit:  
(1) The names of all known persons claiming the right to divert said water, the right to the diversion of which is sought to be determined; and  
(2) A brief statement of the facts in relation to such water, and the necessity for a determination of the rights thereto);  
(a) For an adjudication, either (i) identify each person or entity owning real property situated within the area to be adjudicated but outside the boundaries of a city, town, or special purpose district that provides water to property within its service area; (ii) identify all known persons claiming a right to the water sought to be determined; or (iii) identify both; and  
(b) Include a brief statement of the facts in relation to such water, and the necessity for a determination of the rights thereto.}"
(2) Prior to filing an adjudication under this chapter, the department shall:
   (a) For an adjudication, consult with the administrative office of the courts to determine whether sufficient judicial resources are available to commence and to prosecute the adjudication in a timely manner; and
   (b) For an adjudication, report to the appropriate committees of the legislature on the estimated budget needs for the court and the department to conduct the adjudication.

Sec. 5. RCW 90.03.120 and 1987 c 109 s 74 are each amended to read as follows:

(1) Upon the filing of the statement and map as provided in RCW 90.03.110 the judge of such superior court shall make an order directing summons to be issued, and fixing the return day thereof, which shall be not less than 60 nor more than 120 days, after the making of such order: PROVIDED, That for good cause, the court, at the request of the department, may modify said time period.

(2) A summons issued under this section shall be issued out of said superior court, signed and attested by the clerk thereof, in the name of the state of Washington, as plaintiff, against all known persons (claiming the right to divert the water involved and joinable as a party to the proceeding, which said) identified by the department under RCW 90.03.110. The summons shall contain a brief statement of the objects and purpose of the proceedings and shall require the defendants to appear on the return day thereof, and make and file (a statement of) an adjudication claim to, or interest in, the water involved and a statement that unless they appear at the time and place fixed and assert such right, judgment will be entered determining their rights according to the evidence: PROVIDED, HOWEVER, That any persons claiming the right to (the use of) water by virtue of a contract with a claimant to the right to divert the same, shall not be necessary parties to the proceeding.

(3) To the extent consistent with court rules and subject to the availability of funds provided either by direct appropriation or funded through the administrative office of the courts for this specific adjudicative proceeding, the court is encouraged to conduct the water rights adjudication employing innovative practices and technologies appropriate to large scale and complex cases, such as: (a) Electronic filing of documents, including notice and claims; (b) appearance via teleconferencing; (c) prefilings of testimony, and (d) other practices and technologies consistent with court rules and emerging technologies.

NEW SECTION. Sec. 3. A new section is added to chapter 90.03 RCW to read as follows:

(1) A judge in a water right adjudication filed under this chapter may only file a motion for disqualification from hearing the adjudication.

(a) Partial disqualification means disqualification from hearing specified claims. Full disqualification means disqualification from hearing any aspect of the adjudication.

(b) A judge is partially disqualified when the judge's impartiality might reasonably be questioned and the apparent or actual partiality is limited to specified claims.

(c) A judge is fully disqualified when the judge's impartiality might reasonably be questioned and the apparent or actual partiality extends beyond limited claims such that the judge should not hear any part of the adjudication.

(2) A judge may recuse himself or herself under this section or a party may file a motion for disqualification. A motion for disqualification must state whether the remedy being sought is full or partial disqualification.

(a) For parties who are named in the original pleadings, a motion for disqualification is timely if it is filed before the judge issues a discretionary order or ruling in the adjudication.

(b) For a party who is joined in the adjudication after the original pleadings have been filed, a motion for disqualification is timely if it is filed within the earliest of either (i) 30 days of being joined in the adjudication; or (ii) after the joiner of the party, before the judge issues a discretionary order or ruling relating to the joined party.

(c) When a motion for disqualification is untimely filed under this subsection (3), the motion will be granted only when necessary to correct a substantial injustice.

(3) For purposes of this section, "discretionary order or ruling" has the same meaning as "order or ruling involving discretion" in RCW 4.12.050.

(4) A party filing a motion for disqualification under this section has the burden of proving by a preponderance of the evidence that the judge should be disqualified under the standards of subsection (1) of this section.

(5) The motion for disqualification may not be heard by the judge against whom the motion is filed. Subject to this limitation, the court may assign the disqualification motion to any superior court judge of the judicial district in which the adjudication was filed or to a visiting superior court judge under RCW 2.56.040.

(6) Except as stated in subsection (3)(d) of this section, RCW 4.12.040 and 4.12.050, which otherwise govern the disqualification of superior court judges, do not apply to water right adjudications filed under this chapter. The standards set forth in RCW 2.28.030, which govern the disqualification of judicial officers generally, may be grounds for disqualification under this section.

NEW SECTION. Sec. 4. A new section is added to chapter 90.03 RCW to read as follows:

Upon expiration of the filing period established under RCW 90.03.120(2), the department shall file a motion for default against defendants who have been served but who have failed to file an adjudication claim under RCW 90.03.140. A party in default may file a late claim under the same circumstances the party could respond or defend under court rules on default judgments.

NEW SECTION. Sec. 5. A new section is added to chapter 90.03 RCW to read as follows:

If an adjudication claim is for a use for which a statement of claim was required to be filed under chapter 90.14 RCW and no such claim was filed, the department may move that the adjudication claim be denied. The court shall grant the department's motion unless the claimant shows good cause why the motion should not be granted.

Sec. 6. RCW 90.03.130 and 1987 c 109 s 74 are each amended to read as follows:

Service of said summons shall be made in the same manner and with the same force and effect as service of summons in civil actions commenced in the superior courts of the state: PROVIDED, That (for good cause, the court, at the request of the department, as an alternative to personal service, may authorize service of summons to) as an alternative to personal service, service may be made by certified mail, with return receipt signed and dated by defendant, a spouse of a defendant, or another person authorized to accept service. If the defendants, or either of them, cannot be found within the state of Washington, of which the return of the sheriff of the county in which the proceeding is pending or the failure to sign a receipt for certified mail shall be prima facie evidence, upon the filing of an affidavit by the department, or its attorney, in conformity with the statute relative to the service of summons by publication in civil actions, such service may be made by publication in a newspaper of general circulation in the county in which such proceeding is pending, and also publication of said summons in a newspaper of general circulation in each county in which any portion of the water is situated, once a week for six consecutive weeks (six publications). ((In cases where personal service can be had, such summons shall be served at least twenty days before the return day thereof.)) The summons by publication shall state that (with the proceedings) adjudication claim must be filed within 60 days after the last publication or before the return date, whichever is later. In cases where personal service or service by certified mail is had, summons must be served at least sixty days before the return day thereof. For summons by certified mail, completion of service occurs upon the date of receipt by the defendant.

Personal service of summons may be made by department of ecology employees for actions pertaining to water rights.

Sec. 7. RCW 90.03.140 and 1987 c 109 s 75 are each amended to read as follows:

(1) On or before the (return day of such summons, each defendant shall file in the office of the clerk of said court a statement,
and therein a copy thereof for the department, containing substantially the following:

(1) The name and post office address of defendant:
(2) The full nature of the right, or use, on which the claim is based;
(3) The time of initiation of such right and commencement of such use;
(4) The date of beginning and completion of construction:
(5) The dimensions and capacity of all ditches existing at the time in which such ditch was first used;
(6) The amount of land under irrigation and the maximum quantity of water used thereon prior to the date of said statement and if for power, or other purposes, the maximum quantity of water used prior to date of said statement:
(7) The legal description of the land upon which said water has been, or may be, put to beneficial use, and the legal description of the subdivision of land on which the point of diversion is located:

Such statement) date specified in the summons, each defendant shall file with the clerk of the superior court an adjudication claim on a form and in a manner provided by the department, and mail or electronically mail a copy to the department. The department shall provide information that will assist claimants of small uses of water in evaluating their adjudication claims. The adjudication claim must contain substantially the following, except that when the legal basis for the claimed right is a federally reserved right, the information must be filed only as applicable:

(a) The name, mailing address, and telephone contact number of each defendant on the claim, and e-mail address, if available;
(b) The purpose or purposes of use of the water and the annual and instantaneous quantities of water put to beneficial use;
(c) For each use, the date the first steps were taken under the law to put the water to beneficial use;
(d) The date of beginning and completion of the construction of wells, ditches, or other works to put the water to use;
(e) The maximum amount of land ever under irrigation and the maximum annual and instantaneous quantities of water ever used thereon prior to the date of the statement and if for power, or other purposes, the maximum annual and instantaneous quantities of water ever used prior to the date of the adjudication claim:
(f) The dates between which water is used annually:
(g) If located outside the boundaries of a city, town, or special purpose district that provides water to property within its service area, the legal description and county tax parcel number of the land upon which the water as presently claimed has been, or may be, put to beneficial use;
(h) The legal description and county tax parcel number of the subdivision of land on which the point of diversion or withdrawal is located as well as any plans and geographic positioning coordinates of the subdivision if available;
(i) Whether a right to surface or groundwater, or both, is claimed and the source of the surface water and the location and depth of all wells;
(j) The legal basis for the claimed right;
(k) Whether a statement of claim relating to the water right was filed under chapter 90.14 RCW or whether a declaration relating to the water right was filed under chapter 90.44 RCW and, if so, the claim or declaration number, and whether the right is documented by a permit or certificate and, if so, the permit number or certificate number. When the source is a well, the well log number must be provided, if available:
(l) The amount of land and the annual and instantaneous quantities of water used thereon, or used for power or other purposes, that the defendant claims as a present right.
(2) The adjudication claim shall be verified on oath by the defendant(3) and in the discretion of the court may be amended).

The department shall furnish the form of the adjudication claim. A claimant may file an adjudication claim electronically if authorized under state and local court rules. The department may assist claimants in their effort by making the department's pertinent records and information accessible electronically or by other means and through conferencing with claimants.

NEW SECTION. Sec. 8. A new section is added to chapter 90.03 RCW to read as follows:

Within the date set by the court for filing evidence, each claimant shall file with the court evidence to support the claimant’s adjudication claims. The court is encouraged to set a date for filing evidence that is reasonable and fair for the timely processing of the adjudication. The evidence may include, without limitation, permits or certificates of water right, statements of claim made under chapter 90.14 RCW, deeds, documents related to issuance of a land patent, aerial photographs, decrees of previous water rights adjudications, crop records, records of livestock purchases and sales, records of power use, metering records, declarations containing testimonial evidence, records of diversion, withdrawal or storage and delivery by irrigation districts or ditch companies, and any other evidence to support that a water right was obtained and was not thereafter abandoned or relinquished. The evidence filed may include matters that are outside the original adjudication claim filed, and within the date set by the court for filing evidence, the claimant may amend the adjudication claim to conform to the evidence filed. Thereafter, except for good cause shown, a claimant may not file additional evidence to support the claim.

NEW SECTION. Sec. 9. A new section is added to chapter 90.03 RCW to read as follows:

(1) Upon the receipt of adjudication claims and the filing of claims and appropriate department shall conduct a preliminary investigation for the purpose of examining:
(a) The uses of the subject waters by and any physical works in connection with the persons to whom the adjudication applies; and
(b) The uses for which a statement of claim has been filed under chapter 90.14 RCW or for which the department has a permit or certificate of water right on record:

(2)(a) The examination may include, as the department deems appropriate:
(i) An estimation of the amount of water that is reasonably necessary to accomplish various beneficial uses within the area;
(ii) The measurement of stream flows;
(iii) The measurement of any diversion or withdrawal rates;
(iv) An estimation of storage capacity and the amount of water stored;
(v) The types and numbers of stock watered;
(vi) The number of residences served;
(vii) The location and size of any irrigated land areas; and
(viii) Any other information pertinent to the determination of water rights in an adjudication under this chapter.
(b) The department may also take other necessary steps and gather other data and information as may be essential to the proper understanding of the water uses and associated rights of the affected water users, including review of each claimant’s adjudication claim and evidence the claimant filed to support the claim. The claimants and the department are encouraged to confer as may be beneficial to clarify the factual and legal basis for the claim. To the extent consistent with court rules, the court may deem it appropriate to encourage claimants and the department to work closely together to reach agreement on a claimed water right that may result in timely settlement of water rights, reduced costs for the parties, greater equity and general public service and better information that may be used for overall water management.

(3) The department shall file with the court the department's report of findings as to each adjudication claim filed timely under RCW 90.03.140. The department may divide its report of findings into two or more segments, covering particular drainages, uses, or other appropriate bases for dividing the report on adjudication claims. Based on the evidence filed by claimants and the department's report of findings, the department shall file with the superior court either or both of the following motions:
(a) A motion for a partial decree in favor of all stated claims under RCW 90.03.140 that the department finds to be substantiated with factual evidence; or
(b) A motion seeking determination of contested claims before the court.

Sec. 10. RCW 90.03.160 and 1989 c 80 s 1 are each amended to read as follows:

(1) Upon (the completion of the service of summons as herebefore provided, the superior court in which said proceeding to pending shall make an order referring said proceeding to the
At the time of filing the ([statement]) adjudication claim as provided in RCW 90.05.140, each defendant, except the United States or an Indian tribe under 43 U.S.C. Sec. 666, shall pay to the clerk of the superior court a fee as set under RCW (90.05.020) 36.18.016.

Sec. 13. RCW 90.03.210 and 2001 c 220 s 5 are each amended to read as follows:

(1) During the pendency of such adjudication proceedings prior to judgment or upon review by an appellate court, the stream or other water involved shall be regulated or partially regulated according to the schedule of rights specified in the department's report upon an order of the court authorizing such regulation: PROVIDED, Any interested party may file a bond and obtain an order staying the regulation of said stream as to him, in which case the court shall make such order regarding the regulation of the stream or other water as it may deem just. The bond shall be filed within five days following the service of notice of appeal in an amount to be fixed by the court and with sureties satisfactory to the court, conditioned to perform the judgment of the court.

(2) Any appeal of a decision of the department on an application to change or transfer a water right subject to ((as a general rule)) an adjudication that is being litigated actively (and was commenced before October 13, 1977) shall be conducted as follows:

(a) The appeal shall be filed with the court conducting the adjudication and served under RCW 34.05.542(3). The content of the notice of appeal shall conform to RCW 34.05.546. Standing to appeal shall be based on the requirements of RCW 34.05.530 and is not limited to parties to the adjudication.

(b) If the appeal includes a challenge to any portion of the department's decision that pertains to tentative determinations of the validity and extent of the water right, review of those tentative determinations shall be conducted by the court consistent with the provisions of RCW 34.05.510 through 34.05.598, except that the review shall be de novo.

(c) Appeals shall be scheduled to afford all parties full opportunity to participate before the superior court and the pollution control hearings board.

(d) Appeals shall be scheduled to afford all parties full opportunity to participate before the superior court and the pollution control hearings board.

(e) Any person wishing to appeal the decision of the board made under (c) of this subsection shall seek review of the decision in accordance with chapter 34.05 RCW, except that the petition for review must be filed with the superior court conducting the adjudication.

(3) Nothing in this section shall be construed to affect or modify any treaty or other federal rights of an Indian tribe, or the rights of any federal agency or other person or entity arising under federal law. Nothing in this section is intended or shall be construed as affecting or modifying any existing right of a federally recognized Indian tribe to protect from impairment its federally reserved water rights in federal court.

Sec. 14. RCW 90.03.240 and 1987 c 109 s 82 are each amended to read as follows:

Upon the court's final determination of the rights to ((the diversion of)) water ([it shall be the duty of]), the department ((for)) shall issue to each person entitled to ((the diversion of)) a water right by such determination, a certificate ([under his official seal]) of adjudicated water right, setting forth the name and ([post office, mailing address of record with the court of such person; the priority and purpose of the right; the period during which said right may be exercised, the point of diversion or withdrawal, and the place of use; the land to which said water right is appurtenant when applicable]); the maximum ([(quantity)] annual and instantaneous
quantities of water allowed; and specific provisions or limitations or both under which the water right has been confirmed.

The department shall provide notice to the water right holder that the permit has been prepared for issuance and that fees for the issuance of the certificate are due in accordance with RCW 90.03.470 and any other applicable fee schedule. If the water right holder fails to submit the required fees within one year from the date the notice was issued by the department, the department may move the court for sanctions for violation of the court's order in the final decree requiring payment.

Section 15. RCW 90.03.243 and 1982 c 15 s 1 are each amended to read as follows:

The expenses incurred by the state in a proceeding to determine rights to water initiated under RCW 90.03.110 or 90.44.220 or upon appeal of such a determination shall be borne by the state. Subject to the availability of state funding provided either by direct appropriation or funded through the administrative office of the courts for this specific purpose, the county in which an adjudication or a suit to administer an adjudication is being held must be provided the extraordinary costs imposed on the superior court of that county due to the adjudication.

Section 16. RCW 90.44.220 and 1987 c 109 s 119 are each amended to read as follows:

(1) In its discretion or upon the application of any party claiming right to the withdrawal and use of public groundwater, the department may file a petition. Upon the filing of a petition with the department by a planning unit or by one or more persons claiming a right to any waters within the state or when, after investigation, in the judgment of the department, the public interest will be served by a determination of the rights thereto, the department shall file a petition to conduct an adjudication with the superior court of the county for the determination of the rights of appropriators of any particular groundwater body and all the provisions of RCW 90.03.110 through 90.03.240 (as heretofore amended) and sections 3 through 5, 8, 9, and 11 of this act, shall govern and apply to the adjudication and determination of such groundwater body and to the ownership thereof. Hereafter, in any proceedings for the adjudication and determination of water rights—either rights to the use of surface water or to the use of groundwater, or both—pursuant to chapter 90.03 RCW (as heretofore amended), all or part of the appropriators of groundwater or of surface water in the particular basin or area may be included as parties to such adjudication, as (hereinafter so set forth in chapter 90.03 RCW.

Section 17. RCW 43.21B.110 and 2003 c 393 s 19 are each amended to read as follows:

(1) The hearings board shall only have jurisdiction to hear and decide appeals from the following decisions of the department, the director, the local conservation districts, and the air pollution control boards or authorities as established pursuant to chapter 70.94 RCW, or local health departments:

(a) Civil penalties imposed pursuant to RCW 18.104.155, 70.94.431, 70.105.080, 70.107.050, 88.46.090, 90.03.600, 90.48.144, 90.56.310, and 90.56.330.

(b) Orders issued pursuant to RCW 18.104.043, 18.104.060, 43.27A.190, 70.94.211, 70.94.332, 70.105.095, 86.16.020, 88.46.070, 90.14.130, 90.48.120, and 90.56.330.

(c) Except as provided in RCW 90.03.210(2), the issuance, modification, or termination of any permit, certificate, or license by the department or any air authority in the exercise of its jurisdiction, including the issuance or termination of a waste disposal permit, the denial of an application for a waste disposal permit, the modification of the conditions or the terms of a waste disposal permit, or a decision to approve or deny an application for a solid waste permit exemption under RCW 70.95.300.

(d) Decisions of local health departments regarding the grant or denial of solid waste permits pursuant to chapter 70.95 RCW.

(e) Decisions of local health departments regarding the issuance and enforcement of permits to use or dispose of biosolids under RCW 70.95.080.

(f) Decisions of the department regarding waste-derived fertilizer or micronutrient fertilizer under RCW 15.54.820, and decisions of the department regarding waste-derived soil amendments under RCW 70.95.205.

(g) Decisions of local conservation districts related to the denial of approval or denial of certification of a dairy nutrient management plan; conditions contained in a plan; application of any dairy nutrient management practices, standards, methods, and technologies to a particular dairy farm; and failure to adhere to the plan review and approval timelines in RCW 90.64.026.

(h) Any other decision by the department or an air authority which pursuant to law must be decided as an adjudicative proceeding under chapter 34.05 RCW.

The following hearings shall not be conducted by the hearings board:

(1) Hearings required by law to be conducted by the shoreline hearings board pursuant to chapter 90.58 RCW.

(2) Hearings conducted by the department pursuant to RCW 70.94.332, 70.94.390, 70.94.395, 70.94.400, 70.94.405, 70.94.410, and 90.44.180.

(3) Proceedings conducted by the department or the department's designee under RCW 90.03.160 through 90.03.240 or 90.44.220. Appeals of decisions by the department under RCW 90.03.110 and 90.44.220.

(4) Hearings conducted by the department to adopt, modify, or repeal rules.

(5) Appeals of decisions by the department as provided in chapter 43.21L RCW.

(6) Review of rules and regulations adopted by the hearings board shall be subject to review in accordance with the provisions of the Administrative Procedure Act, chapter 34.05 RCW.

NEW SECTION. Sec. 18. This act applies only to adjudications initiated after the effective date of this section.

NEW SECTION. Sec. 19. The following acts or parts of acts are each repealed:

(1) RCW 90.03.170 (Determination of water rights--Hearing--Notice--Prior rights preserved) and 1987 c 109 s 77 & 1917 c 117 s 20; and

(2) RCW 90.03.190 (Determination of water rights--Transcript of testimony--Filing--Notice of hearing) and 1987 c 109 s 78 & 1917 c 117 s 22. *

HOUSE BILL NO. 1836, by Representatives Ormsby, Wood, Dunshee, Campbell, Moeller, Van De Wege, Simpson, Driscoll, Chase and Conway

Regarding public works involving off-site prefabrication.

The bill was read the second time.

Representative Ormsby moved the adoption of amendment (254):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 39.12 RCW to read as follows:

(1) (a) The specifications for every contract to perform public work estimated to cost over one million dollars must contain a provision requiring the prime contractor, all subcontractors and their employers who are not required to register as contractors under chapter 18.27 RCW to submit a certified list of any off-site, prefabricated, nonstandard, project-specific items produced under the terms of each respective contract and produced outside Washington. The list must be submitted to the awarding agency and to the department of labor and industries within ten days of delivery of the item under the respective contract. The list must provide:

(i) A general description of the item;

(ii) The name and address of the contractor, subcontractor, or employer;

(iii) The name and address of the contractor, subcontractor, or employer that produced the item if other than the contractor, subcontractor, or employer; and

(iv) The federal employer identification number of the contractor, subcontractor, or employer that produced the item.

(b) If the awarding agency is aware of incidences of noncompliance with the requirement to submit a list under (a) of this subsection, the awarding agency must report such incidences to the department of labor and industries. The failure to file a certified list required under (a) of this subsection constitutes the failure to file a record required to be filed under this chapter and subjects the contractor, subcontractor, or employer to the penalties in RCW 39.12.050.

(2) (a) The specifications for every contract to perform public work estimated to cost over one million dollars must contain a provision requiring that all contracts entered into by the prime contractor, all subcontractors and their employers who are not required to register as contractors under chapter 18.27 RCW for the production of off-site, prefabricated, nonstandard, project-specific items which are produced outside Washington contain a requirement for the production of certified copies of payroll
records as provided in subsection (3) of this section. The contract must also state that the contractor or employer producing the items consents to the jurisdiction of Washington for the enforcement of subsection (3) of this section.

(b) If the director of the department of labor and industries determines after a hearing under chapter 34.05 RCW that a prime contractor, subcontractor, or employer has failed to comply with this subsection, the prime contractor, subcontractor, or employer is subject to a civil penalty of one thousand dollars for each failure to comply. Civil penalties shall be deposited into the public works administration account. The civil penalty does not apply to a violation determined by the director to be an inadvertent error.

(3) Within ten days of receipt of a request by an interested party, contractors, subcontractors, and employers producing the items identified in subsection (2)(a) of this section outside Washington must file with the awarding agency and the department of labor and industries certified copies of payroll records. The payroll records must contain the number of labor hours expended producing the items and the hourly rate of wages paid to the workers in each trade or occupation used in producing the items. If the awarding agency is aware of incidences of noncompliance with the requirement to submit payroll records under this subsection, the awarding agency must report such incidences to the department of labor and industries. The failure to produce the certified copies constitutes the failure to file a record required to be filed under this chapter and subjects the contractor, subcontractor, or employer to the penalties in RCW 39.12.050.

(4) This section does not apply to entities responsible for supplying the materials to the manufacturers, fabricators, or employers that will be used to complete, construct, or assemble the items prior to their delivery to the public works site.

(5) (a) The required lists, payroll records, and certifications under this section must be submitted on forms made available by the department of labor and industries.

(b) The department of general administration shall develop standard contract language to meet the requirements of subsections (1)(a) and (2)(a) of this section and make the language available on its website.

(6) For purposes of this section, "off-site, prefabricated, nonstandard, project-specific items" means products or items that are:

(a) Made primarily of architectural or structural precast concrete, fabricated steel, pipe and pipe systems, or sheet metal and sheet metal duct work;

(b) produced specifically for the public work and not considered to be regularly available shelf items;

(c) produced or manufactured by labor expended to assemble or modify standard items; and

(d) produced at an off-site location.

On page 1, beginning on line 4, after "Sec. 1." strike all material through "act," on page 3, line 29 and insert "A new section is added to chapter 39.04 RCW to read as follows:"

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Off-site nonstandard item" means any item that is prefabricated off-site and which is nonstandard and project-specific under the terms of the respective contract and which is:

(i) Made primarily of architectural or structural precast concrete, fabricated steel, pipe and pipe systems, or sheet metal and sheet metal duct work;

(ii) produced specifically for the public work and not considered to be a regularly available shelf item;

(iii) produced or manufactured by labor expended to assemble or modify a standard item; and

(iv) produced at an off-site location. "Off-site nonstandard item" does not include the materials supplied to manufacturers, fabricators, or employers that will be used to complete, construct, or assemble the final product, products, or items prior to their delivery to the public works site.

(b) "Off-site fabricator" means a company or entity that manufactures or fabricates an off-site nonstandard item.

(2)(a) Except as provided in (b) of this subsection, every contract to perform public work as defined in RCW 39.04.010 which is estimated to cost over five million dollars and every contract arising thereunder between the prime contractor, subcontractors, and their subcontractors must contain the following provision:

"By entering into this contract you hereby acknowledge and agree to provide a list to the awarding agency which shall describe off-site nonstandard items you procure. An "off-site nonstandard item" is any item that is prefabricated off-site and which is nonstandard and project-specific under the terms of the respective contract and which is:

(i) Made primarily of architectural or structural precast concrete, fabricated steel, pipe and pipe systems, or sheet metal and sheet metal duct work;

(ii) produced specifically for the public work and not considered to be a regularly available shelf item;

(iii) produced or manufactured by labor expended to assemble or modify a standard item; and

(iv) produced at an off-site location. "Off-site nonstandard item" does not include the materials supplied to manufacturers, fabricators, or employers that will be used to complete, construct, or assemble the final product, products, or items prior to their delivery to the public works site."

(b) The list shall not be required for any off-site nonstandard items that are produced within Washington.

(c) The list must identify:

(i) The name and address of the contractor or subcontractor supplying the list;

(ii) The name and address of each off-site fabricator;

(iii) A general description of the off-site nonstandard items that will be procured from each off-site fabricator; and

(iv) The total sum cost of the off-site nonstandard items which will be procured from each off-site fabricator.

(3) The list required under this section must be submitted on forms made available by the awarding agency.

(4) The failure of a contractor or subcontractor to provide the list required by subsection (2) of this section shall not be a condition
precedent to nor affect the release of retained funds by the awarding agency to the prime contractor.

(5) This section expires December 31, 2011."

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1 INTENT. (1) In enacting this legislation, the legislature intends to fulfill its obligation under Article IX of the Washington state Constitution to define and fund a program of basic education for children residing in the state and attending public schools. This act defines the educational opportunities that school districts shall provide and for which the state shall allocate funding. (2) The legislature also intends that the policies and allocation formulas in this act fulfill the legislature's obligation under Article IX to establish a general and uniform system of public schools. The legislature finds that in some instances providing general and uniform educational opportunity requires tailoring basic education allocations to reflect certain needs and circumstances of each school district, including district size, certain student characteristics, and regional labor market differences. It is the intent of the legislature that these allocation formulas address these differences in order to promote equity and uniformity of educational opportunity. (3) Public education in Washington State has evolved since the enactment of the Washington basic education act of 1977. Student demographics, educational technology, data, and standards-based learning and assessment are only a few examples of factors affecting education that have changed in the last thirty years. Decisions by the courts have played a part in this evolution, as have studies and research about education practices and education funding. The legislature finds ample evidence of a need to redefine the program of basic education that is funded by the state and delivered by school districts to better align with the stated goals of a basic education and to improve the transparency and accountability of how the state meets its constitutional obligation under Article IX. (4) For practical and educational reasons, wholesale change of the program of basic education and the funding formulas to support it cannot occur instantaneously. Financial experts must develop the
details of the funding formulas. New systems of educator certification, evaluation, mentoring, and compensation must be developed and implemented. Data and accountability systems must be created. Significant increases in resources for staffing and class size reduction will have detrimental impact on student learning if school districts hire unprepared teachers and lack facilities to house them. The legislature intends to adopt a schedule for the concurrent implementation of the redefined program of basic education and the resources necessary to support it, beginning in the 2011-12 school year and phased in over a six-year time period.

NEW SECTION. Sec. 2. INTENT TO MAKE NECESSARY CORRECTIONS. It is the intent of the legislature that the policies and allocation formulas adopted under this act, including the implementation schedule for these formulas, constitute the legislature's definition of basic education under Article IX of the state Constitution. It is the further intent of the legislature that these policies, formulas, and schedules should not be revised or delayed other than for educational reasons. The legislature intends, however, to continue to review and revise the formulas and schedules and may make revisions for technical purposes and consistency in the event of mathematical or other technical errors.

NEW SECTION. Sec. 3. STEERING COMMITTEE TO OVERSEE IMPLEMENTATION. (1) The basic education steering committee is established to monitor and oversee implementation of the new definition of basic education. The steering committee shall be composed of the following members:
   (a) Four members of the house of representatives, with two members representing each of the major caucuses and appointed by the speaker of the house of representatives;
   (b) Four members of the senate, with two members representing each of the major caucuses and appointed by the president of the senate;
   (c) One representative each from the office of the governor, office of the superintendent of public instruction, state board of education, professional educator standards board, and department of early learning.
   (2) The chair or co-chairs of the steering committee shall be selected by the members of the committee.
   (3) The steering committee shall monitor and oversee the following technical working groups:
      (a) The finance and compensation working group under section 111 of this act;
      (b) The early learning working group under section 112 of this act; and
      (c) The achievement gap working group under section 4 of this act.
   (4) Each of the working groups shall submit a preliminary report to the steering committee by November 15, 2009, and a final report by September 1, 2010. The steering committee may also request updates and progress reports from the office of the superintendent of public instruction, the state board of education, the professional educator standards board, and the department of early learning on the implementation of this act. The steering committee shall also monitor and request updates and progress reports from groups or agencies developing comprehensive education data systems.
   (5) The steering committee shall submit an initial report to the governor and the legislature by January 1, 2010, detailing its recommendations based on analysis of reports from the working groups and state agencies, including recommendations for resolving issues or decisions requiring legislative action during the 2010 legislative session, and recommendations for any funding necessary to continue development and implementation of this act. The initial report from the steering committee shall also contain a recommended schedule for the concurrent phase-in of any changes in the instructional program of basic education and the implementation of the funding formulas and allocations to support the instructional programs of the school districts. The objective of the schedule is to assure that increases in funding allocations occur concurrently with increases in program and instructional requirements.
   (6) The steering committee shall submit subsequent reports to the governor and the legislature by November 15, 2010, and annually thereafter, ending November 15, 2016.

(7) Staff support for the basic education steering committee shall be provided by the state agencies with representatives on the committee, the senate committee services, and the office of program research of the house of representatives. Legislative members of the steering committee shall be reimbursed for travel expenses in accordance with RCW 44.04.120.

(8) This section expires June 30, 2017.

NEW SECTION. Sec. 4. ACHIEVEMENT GAP WORKING GROUP. (1) The legislature finds compelling evidence from five commissioned studies that additional progress must be made to address the achievement gap. Many students are in demographic groups that are overrepresented in measures such as school disciplinary sanctions; failure to meet state academic standards; failure to graduate; enrollment in special education and underperforming schools; enrollment in advanced placement courses, honors programs, and college preparatory classes; and enrollment in and completion of college. The studies contain specific recommendations that are data-driven and drawn from education research, as well as the personal, professional, and cultural experience of those who contributed to the studies. The legislature finds there is no better opportunity to make a strong commitment to closing the achievement gap than in legislation affirming the state's constitutional obligation to provide opportunities to learn for all students without distinction or preference on account of race, ethnicity, socioeconomic status, or gender.

(2) An achievement gap working group is created to synthesize the findings and recommendations from the 2008 achievement gap studies into a single implementation plan that recommends specific policies and strategies to address the academic achievement gap in at least the following areas:
   (a) Supporting and facilitating parent and community involvement and outreach;
   (b) Enhancing the cultural competency of current and future educators and the cultural relevance of curriculum and instruction;
   (c) Expanding pathways and strategies to prepare and recruit diverse teachers and administrators;
   (d) Identifying data elements and systems needed to monitor progress in closing the gap;
   (e) Making closing the achievement gap part of the school and school district improvement process; and
   (f) Exploring innovative school models that have shown success in closing the achievement gap.

(3) The achievement gap working group shall be composed of ten members appointed by the governor, with two members to represent each of the following groups: African-Americans, Asian-Americans, Pacific Islander Americans, Hispanic Americans, and Native Americans. The chair or co-chairs of the working group shall be selected by the members of the working group. The working group shall be provided within available funds by the office of the superintendent of public instruction through the center for the improvement of student learning.

(4) The achievement gap working group shall be monitored and overseen by the basic education steering committee under section 3 of this act.

PART I

PROGRAM AND FUNDING OF BASIC EDUCATION

Sec. 101. RCW 28A.150.200 and 1990 c 33 s 104 are each amended to read as follows:

PROGRAM OF EDUCATION. (This 1977 amendatory act shall be known and may be cited as "The Washington Basic Education Act of 1977." The program evolving from the Basic Education Act shall include (1) the goal of the school system as defined in RCW 28A.150.210; (2) those program requirements enumerated in RCW 28A.150.220; and (3) the determination and distribution of state resources as defined in RCW 28A.150.230 and 28A.150.240.

The requirements of the Basic Education Act are): (1) The program of basic education established under this chapter is deemed by the legislature to comply with the requirements of Article IX, section 1 of the state Constitution, which states that "It is the paramount duty of the state to make ample provision for the
education of all children residing within its borders, without distinction or preference on account of race, color, caste, or sex," and (emphasis added) is adopted pursuant to Article IX, section 2 of the state Constitution, which states that "The legislature shall provide for a general and uniform system of public schools."

(2) The legislature defines the program of basic education under this chapter as:

(a) The instructional program of basic education the minimum components of which are described in RCW 28A.150.210.

(b) The program of education provided by chapter 28A.190 RCW for students in residential schools as defined by RCW 28A.190.020 and for juveniles in detention facilities as identified by RCW 28A.190.010;

(c) The program of education provided by chapter 28A.193 RCW for individuals under the age of eighteen who are incarcerated in adult correctional facilities; and

(d) Transportation and transportation services to and from school for eligible students as provided under RCW 28A.160.150 through 28A.160.180.

NEW SECTION. Sec. 102. DEFINITIONS. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Basic education goal" means the student learning goals and the student knowledge and skills described under RCW 28A.150.210.

(2) "Certificated administrative staff" means all those persons who are chief executive officers, chief administrative officers, confidential employees, supervisors, principals, or assistant principals within the meaning of RCW 41.59.020(4).

(3) "Certificated employee" as used in this chapter and RCW 28A.195.010, 28A.405.100, 28A.405.210, 28A.405.240, 28A.405.250, 28A.405.300 through 28A.405.380, and chapter 41.59 RCW, means those persons who hold certificates as authorized by rule of the Washington professional educator standards board.

(4) "Certificated instructional staff" means those persons employed by a school district who are nonsupervisory certificated employees within the meaning of RCW 41.59.020(8).

(5) "Class size" means an instructional grouping of students where, on average, the ratio of students to teacher is the number specified.

(6) "Classified employee" means a person who does not hold a certificate authorized by rule of the Washington professional educator standards board or is employed in a position that does not require such a certificate.

(7) "Classroom teacher" means a certificated instructional staff person who is employed in a position that requires certification and whose primary duty is the daily educational instruction of students. In exceptional cases, people of unusual competence but without certification such as teachers so long as a certificate holder exercises general supervision, but the hiring of such classified people shall not occur during a labor dispute, and such classified people shall not be hired to replace certificated employees during a labor dispute.

(8) "Instructional hours" means those hours students are provided the opportunity to engage in educational activity planned by and under the direction of school district staff, as directed by the administration and board of directors of the district, inclusive of intermissions for class changes, recess, and teacher/parent-guardian conferences that are planned and scheduled by the district for the purpose of discussing students’ educational needs or progress, and exclusive of time actually spent for meals.

(9) "Instructional program of basic education" means the minimum program required to be provided by school districts and includes instructional hour requirements and other components under RCW 28A.150.220.

(10) "Program of basic education" means the overall program under RCW 28A.150.200 and deemed by the legislature to comply with the requirements of Article IX, section 1 of the state Constitution.

(11) "School day" means each day of the school year on which pupils enrolled in the common schools of a school district are engaged in academic and career and technical instruction planned by and under the direction of the school.

(12) "School year" includes the minimum number of school days required under RCW 28A.150.220 and begins on the first day of September and ends with the last day of August, except that any school district may elect to commence the annual school term in the month of August of any calendar year and in such case the operation of a school district for such period in August shall be credited by the superintendent of public instruction to the succeeding school year for the purpose of the allocation and distribution of state funds for the support of such school district.

School year means the time period established under the law of the school district to provide an education, which means each day of the school year on which students are enrolled in the common schools of a school district.

The program of education under RCW 28A.150.100 to 28A.150.220, inclusive, through the transitional bilingual instruction program under RCW 28A.165.005 through 28A.165.065, may be supplemented by supplemental instruction and services for underachieving students through the Washington professional educator standards board, unless otherwise provided by the superintendent of public instruction.

Sec. 103. RCW 28A.150.220 and 1993 c 371 s 2 are each amended to read as follows:

INSTRUCTIONAL PROGRAM. (1) Satisfaction of the basic education goal (program requirements) goal identified in RCW 28A.150.210 shall be considered to be implemented by the following instructional program:

(a) Each school district shall make available to students enrolled in kindergarten at least a total instructional offering of four hundred fifty hours, which shall be increased to a minimum of one thousand hours according to the implementation schedule under RCW 28A.150.315. The program shall include instruction in the essential academic learning requirements under RCW 28A.150.350 through 28A.150.380.

(b) Each school district shall make available to students enrolled in grades one through twelve, at least a district-wide average total instructional hour offering of one thousand hours. The state board of education may define alternatives to classroom instructional time for students in grades nine through twelve enrolled in alternative learning experiences. The state board of education shall establish rules to determine annual average instructional hours for districts including fewer than twelve grades. The program shall include the essential academic learning requirements under RCW 28A.150.350 through 28A.150.380 and such other subjects and such activities as the school district shall determine to be appropriate for the education of the school district’s students enrolled in such program.

(c) If the essential academic learning requirements include a requirement of languages other than English, the requirement may be met by students receiving instruction in one or more American Indian languages.

(d) Supplemental instruction and services for underachieving students through the learning assistance program under RCW 28A.165.005 through 28A.165.065:

(e) Supplemental instruction and services for eligible and enrolled students whose primary language is other than English through the transitional bilingual instruction program under RCW 28A.180.010 through 28A.180.080; and

(f) The opportunity for an appropriate education at public expense as defined by RCW 28A.155.020 for all eligible students with disabilities as defined in RCW 28A.155.020.

(2) Nothing contained in subsection (1) of this section shall be construed to require individual students to attend school for any particular number of hours per day or to take any particular courses.

(3) Each school district’s kindergarten through twelfth grade basic educational program shall be accessible to all students who are five years of age, as provided by RCW 28A.225.160, and less than twenty-one years of age and shall consist of a minimum of one hundred eighty school days per school year in such grades as are conducted by a school district, and one hundred eighty half-days of instruction, or equivalent, in kindergarten(( PROVIDED: That CO)) to be increased to a minimum of one hundred eighty school days per school year according to the implementation schedule under RCW 28A.150.315. However, effective May 1, 1979, a school district may schedule the last five school days of the one hundred and eighty day school year for noninstructional purposes in the case of students who
are graduating from high school, including, but not limited to, the observance of graduation and early release from school upon the request of a student, and all such students may be claimed as a full time equivalent student to the extent they could otherwise have been so claimed for the purposes of RCW 28A.150.250 and 28A.150.260.

(4) The state board of education shall adopt rules to implement and ensure compliance with the program requirements imposed by this section, RCW 28A.150.250 and 28A.150.260, and such related supplemental program approval requirements as the state board may establish.

Sec. 104. RCW 28A.150.250 and 1990 c 33 s 107 are each amended to read as follows:

**FUNDING OF BASIC EDUCATION INSTRUCTIONAL ALLOCATION.** (1) From those funds made available by the legislature for the current use of the common schools, the superintendent of public instruction shall distribute annually as provided in RCW 28A.510.250 to each school district of the state operating a basic education instructional program approved by the state board of education (an (amount which, when combined with an appropriate portion of such locally available revenues, other than) allocation based on the formulas provided in RCW 28A.150.260, 28A.150.390, and section 107 of this act. The basic education instructional allocation shall be net of receipts from federal forest revenues distributed to school districts pursuant to RCW 28A.520.010 and 28A.520.020((, as the superintendent of public instruction may deem appropriate for consideration in computing state equalization support, excluding excess property tax levies, will constitute a basic education allocation in dollars for each annual average full-time equivalent student enrolled; based upon one full school year of one hundred eighty days, except that for kindergartens one full school year shall be one hundred eighty half days of instruction, or the equivalent as provided in RCW 28A.150.220)).

(2) The instructional program of basic education shall be considered to be fully funded by those amounts of dollars appropriated by the legislature pursuant to RCW 28A.150.250, 28A.150.390, and section 107 of this act to fund those program requirements identified in RCW 28A.150.220 in accordance with the formula and ratios provided in RCW 28A.150.260 and those amounts of dollars appropriated by the legislature to fund the salary requirements of RCW (28A.150.100 and) 28A.150.410.

((Operation of a program approved by the state board of education, for the purposes of this section, shall include a finding that the ratio of students per classroom teacher in grades kindergarten through three is not greater than the ratio of students per classroom teacher in grades four and above for such district: PROVIDED, That for the purposes of this section, "classroom teacher" shall be defined as an instructional employee possessing at least a provisional certification of the type applicable to the employee's grade level whose primary duty is the daily educational instruction of students: PROVIDED FURTHER, That the state board of education shall adopt rules and regulations to insure compliance with the student-teacher ratio provisions of this section, and such rules and regulations shall allow for exemptions for those special programs and/or school districts which may be deemed unable to practically meet the student-teacher ratio requirements of this section by virtue of a small number of students.))

(3) If a school district's basic education program fails to meet the basic education requirements enumerated in RCW (28A.150.260(i)) 28A.150.250 and) 28A.150.260 and 28A.150.220, the state board of education shall require the superintendent of public instruction to withhold state funds in whole or in part for the basic education allocation until program compliance is assured((, PROVIDED, That)): However, the state board of education may waive this requirement in the event of substantial lack of classroom space.

Sec. 105. RCW 28A.150.260 and 2006 c 263 s 322 are each amended to read as follows:

**FUNDING FOR INSTRUCTIONAL PROGRAM OF BASIC EDUCATION.** (1) The basic education allocation for each average annual full-time equivalent student shall be determined in accordance with the following procedures)) The purpose of this section is to provide for the allocation of state funding that the legislature deems necessary to support school districts in offering the minimum instructional program of basic education under RCW 28A.150.220. The allocation shall be determined as follows:

1. The governor shall and the superintendent of public instruction may recommend to the legislature a formula (for determining a ratio of students to staff) for the distribution of a basic education instructional allocation for each annual average full-time equivalent student enrolled in a) common school district. (The distribution formula shall have the primary objective of equalizing educational opportunities and shall provide appropriate recognition of the following cost among the various districts within the state:
   a. Certified instructional staff and their related costs;
   b. Certified administrative staff and their related costs;
   c. Classified staff and their related costs;
   d. Nonsalary costs;
   e. Extraordinary costs, including school facilities and property tax levies, will constitute a basic education allocation in dollars for each annual average full-time equivalent student enrolled; based upon one full school year of one hundred eighty days.

2. If a school district deems unable to practically meet the student-teacher ratio requirements of this section by virtue of a small number of students:
   a. Basic average class size;
   b. Basic average class size in schools where more than fifty percent of the students are eligible for free and reduced-price meals;
(iii) Average class size for exploratory and preparatory career and technical education, laboratory science, advanced placement, and international baccalaureate courses; and

(iv) Class size in grades kindergarten through three.

(d) The minimum allocation for each level of prototypical school shall include allocations for the following types of staff in addition to classroom teachers:

(i) Principals, including assistant principals and other certificated building-level administrators;

(ii) Teacher librarians, a function that includes information literacy, technology, and media to support school library media programs;

(iii) Student health services, a function that includes school nurses and social workers;

(iv) Guidance counselors, a function that includes parent outreach and graduation advisor;

(v) Professional development coaches;

(vi) Office support and other staff providing noninstructional support services;

(vii) Custodians and other maintenance; and

(viii) Classified staff providing student and staff safety.

(4)(a) The minimum allocation for each school district shall include allocations per annual average full-time equivalent student for the following materials, supplies, and operating costs: Student technology; utilities; curriculum, textbooks, library materials, and instructional supplies; instructional professional development; other building-level costs including maintenance, custodial, and security; and central office administration.

(b) The annual average full-time equivalent student amounts in (a) of this subsection shall be enhanced based on full-time equivalent student enrollment in exploratory career and technical education courses for students in grades seven through twelve; laboratory science courses for students in grades nine through twelve; preparatory career and technical education courses for students in grades nine through twelve offered in a high school; and preparatory career and technical education courses for students in grades eleven and twelve offered through a skill center.

(5) The allocations provided under subsections (3) and (4) of this section shall be enhanced as follows to provide additional allocations for classroom teachers and maintenance, supplies, and operating costs:

(a) To provide supplemental instruction and services for underachieving students through the learning assistance program under RCW 28A.165.005 through 28A.165.065, allocations shall be based on the percent of students in each school who are eligible for free and reduced-price meals. The minimum allocation for the learning assistance program shall provide an extended school day and extended learning time for each level of prototypical school and a per student allocation for maintenance, supplies, and operating costs.

(b) To provide supplemental instruction and services for students whose primary language is other than English, allocations shall be based on the number of students in each school who are eligible for and enrolled in the transitional bilingual instruction program under RCW 28A.150.010 through 28A.150.080. The minimum allocation for each level of prototypical school shall provide for supplemental instruction based on percent of the school day a student is assumed to receive supplemental instruction and a per student allocation for maintenance, supplies, and operating costs.

(6) The allocations under subsections (3) through (5) of this section shall be enhanced as provided under RCW 28A.150.390 on an excess cost basis to provide supplemental instructional resources for students with disabilities.

(7) The distribution formula shall include allocations to school districts to support certificated and classified staffing of central office administration. The minimum allocation shall be calculated as a percentage, identified in the omnibus appropriations act, of the total allocations for staff under subsection (3) of this section for all schools in the district.

(8)(a) For the purposes of allocations for prototypical high schools and middle schools under subsections (3) and (5) of this section that are based on the percent of students in the school who are eligible for free and reduced-price meals, the actual percent of such students in a school shall be adjusted by a factor identified in the omnibus appropriations act to reflect underreporting of free and reduced-price meal eligibility among middle and high school students.

(b) Allocations or enhancements provided under subsections (3) and (4) of this section for exploratory and preparatory career and technical education courses shall be provided only for courses approved by the office of the superintendent of public instruction under chapter 28A.700 RCW.

(9)(a) This formula for distribution of basic education funds shall be reviewed biennially by the superintendent and governor. The recommended formula shall be subject to approval, amendment or rejection by the legislature. ((The formula shall be for allocation purposes only. While the legislature intends that the allocations for additional instructional staff be used to increase the ratio of such staff to students, nothing in this section shall require districts to reduce the number of administrative staff below that level.)

(b) The formula adopted by the legislature shall reflect the following ratios at a minimum: (i) Forty-nine certificated instructional staff to one thousand annual average full-time equivalent students enrolled in grades kindergarten through three; (ii) forty-six certificated instructional staff to one thousand annual average full-time equivalent students in grades four through twelve; (iii) four certificated administrative staff to one thousand annual average full-time equivalent students in grades kindergarten through twelve; and (iv) sixteen and sixty-seven one-hundredths classified personnel to one thousand annual average full-time equivalent students enrolled in grades kindergarten through twelve.

(c) In the event the legislature rejects the distribution formula recommended by the governor, without adopting a new distribution formula, the distribution formula for the previous school year shall remain in effect。（PROVIDED. That the distribution formula developed pursuant to this section shall be for state apportionment and equalization purposes only and shall not be construed as mandating specific operational functions of local school districts other than those program requirements identified in RCW 28A.150.220 and 28A.150.100.）

(d) The office of financial management shall make a monthly review of the superintendent's reported full-time equivalent students in the common schools in conjunction with RCW 43.62.050.

(10)(a) The certification of instructional staff shall include those persons employed by a school district who are nonsupervisory employees within the meaning of RCW 41.59.0240. (PROVIDED. That in exceptional cases, people of unusual competence but without certification may teach temporarily and as a certificated personnel exercises general supervision. PROVIDED. FURTHER. That the hiring of such certificated persons shall not occur during a labor dispute and such certificated persons shall not be hired to replace certificated employees during a labor dispute.）

(b) Certified administrative staff shall include all those persons who are certificated instructional staff, confidential employees, principals, district superintendents, assistant superintendents, and assistant principals within the meaning of RCW 41.59.0240(3)).

Sec. 106. RCW 28A.150.390 and 1995 c 77 s 6 are each amended to read as follows:

SPECIAL EDUCATION EXCESS COST ALLOCATION. (1) The superintendent of public instruction shall submit to each regular
session of the legislature during an odd-numbered year a
programmed budget request for special education programs for
students with disabilities. Funding for programs operated by local
school districts shall be on an excess cost basis from special
funds provided by the legislature for special education programs for
students with disabilities and shall take account of state funds
accruing through RCW (28A.150.250) 28A.150.260(c)(3)
through (5) and federal medical assistance and private funds accruing
under RCW 74.09.5249 through 74.09.5253 and 74.09.5254 through
74.09.5256 and (other state and local funds, excluding special
excess levies)).

(2) The excess cost allocation to school districts shall be based on the
following:

(a) A district's annual average headcount enrollment of students
ages birth through four and those five year olds not yet enrolled in
kindergarten who are eligible for and enrolled in special education,
multiplied by the district's base allocation per full-time equivalent
student, multiplied by 1.15; and

(b) A district's annual average full-time equivalent basic
education enrollment, multiplied by the district's funded enrollment
percent, multiplied by the district's base allocation per full-time
equivalent student, multiplied by 0.9309.

(3) As shall be in this section:

(a) "Base allocation" means the total state allocation to all
schools in the district generated by the distribution formula under
RCW 28A.150.260 (3) through (5), to be divided by the district's full-
time equivalent enrollment.

(b) "Basic education enrollment" means enrollment of resident
students, including nonresident students, enrolled under RCW
28A.225.225 and students from nonhigh districts enrolled under
RCW 28A.225.210 and excluding students residing in another district
enrolled as part of an interdistrict cooperative program under RCW
28A.225.250.

(c) "Enrollment percent" means the district's resident special
education annual average enrollment, excluding students ages birth
through four and those five year olds not yet enrolled in kindergarten,
as a percent of the district's annual average full-time equivalent basic
education enrollment.

(d) "Funded enrollment percent" means the lesser of the district's
actual enrollment percent or twelve and seven-tenths percent.

NEW SECTION.  Sec. 107.  SPECIAL EDUCATION
SAFETY NET.  (1) To the extent necessary, funds shall be made
available for safety net awards for districts with demonstrated needs
for special education funding beyond the amounts provided through
the special education funding formula under RCW 28A.150.390. If
the federal safety net awards based on the federal eligibility threshold
exceed the federal appropriation in any fiscal year, then the superintendent
shall: (a) assign amounts to districts with the highest
federal awards above the federal distribution formula; (b) reduce the district
funds to ensure the district avoids deficits; and (c) ensure that the district
shall divide safety net funds that exceed the federal distribution
formula, provided in this chapter, RCW 28A.150.390, through RCW
28A.150.250, and (other state and local funds, excluding special
excess levies)) for the current year and any audit findings or
differences related to special education funding.

(2) The superintendent shall survey districts regarding their satisfaction with the safety net process and consider
feedback from districts to improve the safety net process. Each year
by December 1st, the superintendent shall prepare and submit a
report to the office of financial management and the appropriate
policy and fiscal committees of the legislature that summarizes the
survey results and those changes made to the safety net process as a
result of the school district feedback.

(3) The superintendent of public instruction shall also provide technical
assistance to school districts in preparing and submitting special
education safety net applications.

(4) The safety net oversight committee appointed by the
 superintendent of public instruction shall consist of:

(a) One staff member from the office of the superintendent
of public instruction;

(b) Staff of the office of the state auditor who shall be nonvoting
members of the committee; and

(c) One or more representatives from school districts or
educational service districts knowledgeable of special education
programs and funding.

Sec. 108.  RCW 28A.150.380 and 2001 c 3 s 10 are each
amended to read as follows:

LEGISLATURE TO APPROPRIATE FUNDS.  (1) The state
legislature shall, at each regular session in an odd-numbered year,
appropriate funds (from the general fund) for the current year of the
common schools such amounts as needed for state support to
((the common schools)) school districts during the ensuing biennium
(as provided in this chapter, RCW 28A.150.150 through RCW 28A.160.210,
28A.300.170, and 28A.505.010)) for the program of basic education
under RCW 28A.150.200.

(2) In addition to the state funds provided to school districts for
basic education, the legislature may appropriate funds to be
appropriated to school districts for other factors and for other special
programs to enhance or enrich the program of basic education.

(3) The state legislature shall also, at each regular session in an
odd-numbered year, appropriate from the student achievement fund
an education construction fund solely for the purposes of and in
accordance with the provisions of the student achievement act during
the ensuing biennium.

Sec. 109.  RCW 28A.150.315 and 2007 c 400 s 2 are each
amended to read as follows:

PHASE-IN ALL-DAY KINDERGARTEN.  (1) Beginning with
the 2007-08 school year, funding for voluntary all-day kindergarten
programs shall be phased-in beginning with schools with the highest
poverty levels, defined as those schools with the highest percentages
of students qualifying for free and reduced-price lunch support in the
prior school year. Once a school receives funding for the all-day
kindergarten program, that school shall remain eligible for funding
in subsequent school years regardless of changes in the school's
percentage of students eligible for free and reduced-price lunches as
long as other program requirements are fulfilled. Additionally, schools receiving all-day kindergarten program support shall agree to the following conditions:
(a) Continue to operate a one thousand-hour instructional program;
(b) Provide a curriculum that offers a rich, varied set of experiences that assist students in:
(i) Developing initial skills in the academic areas of reading, mathematics, and writing;
(ii) Developing a variety of communication skills;
(iii) Providing experiences in science, social studies, arts, health and physical education, and a world language other than English;
(iv) Acquiring large and small motor skills;
(v) Acquiring social and emotional skills including successful participation in learning activities as an individual and as part of a group; and
(vi) Learning through hands-on experiences;
(c) Establish learning environments that are developmentally appropriate and promote creativity;
(d) Demonstrate strong connections and communication with early learning community providers; and
(e) Participate in kindergarten program readiness activities with early learning providers and parents.
(2) Subject to funds appropriated for this purpose, the superintendent of public instruction shall designate one or more school districts to serve as resources and examples of best practices in designing and operating a high-quality all-day kindergarten program. Designated school districts shall serve as lighthouse programs and provide technical assistance to other school districts in the initial stages of implementing an all-day kindergarten program. Examples of topics addressed by the technical assistance include strategic planning, developing the instructional program and curriculum, working with early learning providers to identify students and communicate with parents, and developing kindergarten program readiness activities.

REQUIREMENTS. (1) The state board of education shall establish high school graduation requirements or equivalencies for students, except those equivalencies established by local high schools or school districts under RCW 28A.230.097.

(a) Any course in Washington state history and government used to fulfill high school graduation requirements shall consider including information on the culture, history, and government of the American Indian peoples who were the first inhabitants of the state.

(b) The academic level of the course exceeds the requirements for high school graduation if:
(iii) Learning through hands-on experiences;

(c) The state board shall forward any proposed changes to the high school graduation requirements to the education committees of the legislature for review, and the legislature shall have the opportunity to act during a regular legislative session before the changes are adopted through administrative rule by the state board. Changes that have a fiscal impact on school districts, as identified by a fiscal analysis prepared by the office of the superintendent of public instruction, shall take effect only if formally authorized by the legislature through the omnibus appropriations act or other enacted legislation.

(3) Pursuant to any requirement for instruction in languages other than English established by the state board of education or a local school district, or both, for purposes of high school graduation, students who receive instruction in American sign language or one or more American Indian languages shall be considered to have satisfied the state or local school district graduation requirement for instruction in one or more languages other than English.

(4) If requested by the student and his or her family, a student who has completed high school courses before attending high school shall be given high school credit which shall be applied to fulfilling high school graduation requirements if:
(a) The course was taken with high school students, if the academic level of the course exceeds the requirements for seventh and eighth grade classes, and the student has successfully passed by completing the same course requirements and examinations as the high school students enrolled in the class; or
(b) The academic level of the course exceeds the requirements for seventh and eighth grade classes and the course would qualify for high school credit, because the course is similar or equivalent to a course offered at a high school in the district as determined by the school district board of directors.

(5) Students who have taken and successfully completed high school courses under the circumstances in subsection (4) of this section shall not be required to take an additional competency examination or perform any other assignment to receive credit.

(6) At the college or university level, five quarter or three semester hours equals one high school credit.

NEW SECTION. Sec. 111. FINANCE AND COMPENSATION WORKING GROUP. (1) The funding formulas under RCW 28A.150.260 to support the instructional program shall be implemented beginning in the 2011-12 school year and are intended to be phased in over a six-year period according to an implementation schedule to be adopted by the legislature. The object of the schedule is to assure that increases in funding allocations are timely, predictable, and occur concurrently with any increases in program or instructional requirements.

(2) The office of financial management and the office of the superintendent of public instruction shall convene a technical working group to:
(a) Develop the details of the funding formulas under RCW 28A.150.260;
(b) Recommend an implementation schedule for phasing-in any increased program or instructional requirements concurrently with increases in funding for adoption by the legislature;
(c) Examine possible sources of revenue to support increases in funding allocations and present options to the steering committee for consideration;
(d) Recommend options for a compensation system that provides support for effective teaching and recruitment and retention of high quality staff, including:
(i) Developing the total package and cost estimates for a salary allocation schedule for new certificated instructional staff into which current staff have the option to transfer. At a minimum, the schedules shall align with the educator certification system developed by the professional educator standards board;
(ii) Updating the comparable wage and regional wage analysis conducted by the Washington state institute for public policy in 2008 and developing options and cost estimates for a regional wage adjustment schedule that could be applied to state salary allocations for certificated instructional, administrative, and classified staff;
(iii) Developing options and cost estimates for allocations for administrative and classified staff through the funding formulas in RCW 28A.150.260; and
(iv) Collecting and analyzing detailed data on supplemental contracts for time, responsibilities, or incentives; and

(c) Develop options for a new system of supplemental school funding through local school levies and local effort assistance. The working group shall take into consideration the impact on overall school district revenues of the new funding formulas established under RCW 28A.150.260 and recommend a phase-in plan that reduces reliance on local school levies concurrently with increased state funding and assures that no district suffers a decrease in overall funding from the current school year to the next due to implementation of the new systems.

(3) The working group shall include representatives of the state board of education, the professional educator standards board, the legislative evaluation and accountability program committee, school district and educational service district financial managers, the Washington association of school business officers, the Washington education association, the Washington association of school administrators, the association of Washington school principals, the Washington state school directors’ association, classified school employees, parents, higher education, and other interested persons with expertise in education finance. The working group may convene advisory subgroups on specific topics as necessary to assure participation and input from a broad array of diverse stakeholders. The office of financial management and the office of the superintendent of public instruction may divide the working group into subgroups to focus on the funding formulas, compensation, revenue, and supplemental school funding.

(4) The working group shall be monitored and overseen by the basic education steering committee under section 3 of this act.

NEW SECTION. Sec. 112. BASIC EDUCATION PROGRAM OF EARLY LEARNING. (1) The legislature finds that a critical factor in the eventual successful outcome of a K-12 education is for students to begin school ready, both intellectually and socially, to learn. The legislature also finds that, due to a variety of factors, disadvantaged young children need supplemental instruction in preschool to assure that they have the opportunity to meaningfully participate and reach the necessary levels of achievement in the regular program of basic education. Therefore the legislature intends to establish a program of early learning for at-risk children and intends to include this program within the overall program of basic education.

(2) The department of early learning and the office of the superintendent of public instruction shall convene a working group to develop the basic education program of early learning. The early learning working group shall be composed of representatives from head start and early childhood education and assistance program providers, school districts, thrive by five of Washington, and other stakeholders with expertise in early learning. The working group may convene advisory subgroups on specific topics as necessary to assure participation and input from a broad array of diverse stakeholders.

(3) The early learning working group shall continue the preliminary work of the department of early learning under RCW 43.215.125 to develop a proposal for a statewide Washington head start program. The working group shall:

(a) Recommend student eligibility criteria that focus on children aged three and four considered most at-risk;

(b) Develop options for a service delivery system that includes school districts, educational service districts, community and technical colleges, and public and private nonsectarian organizations;

(c) Develop options for shared governance that include the superintendent of public instruction and the department of early learning each with appropriate supervisory and administrative responsibilities;

(d) Develop recommended parameters and minimum standards for the program; and

(e) Continue development of a statewide kindergarten assessment process.

(4) The early learning working group shall be monitored and overseen by the basic education steering committee under section 3 of this act.

PART II

EFFECTIVE TEACHING

NEW SECTION. Sec. 201. INTENT. The legislature finds that in order to offer all students the opportunity to achieve the basic education goal, school districts must provide effective teaching and instruction. Teachers should be provided opportunities to gain the knowledge and skills that will enable them to be effective. Designing a system that clearly defines, supports, measures, and recognizes effective teaching is one of the most important investments to be made in improving student learning.

NEW SECTION. Sec. 202. A new section is added to chapter 28A.410 RCW to read as follows:

CERTIFICATION. (1) By January 1, 2010, the professional educator standards board shall adopt a set of teacher knowledge, skill, and performance standards for effective teaching that are documented in high-quality research as being associated with improved student learning and articulated on a career continuum.

(2) By January 1, 2010, the professional educator standards board shall submit to the governor and the education and fiscal committees of the legislature:

(a) An update on the status of implementation of the professional certificate external and uniform assessment authorized in RCW 28A.410.210;

(b) A proposal for a valid and reliable classroom-based means of evaluating teacher effectiveness as a culminating measure for residency certification that involves multiple measures of teacher performance in classrooms and a role for state-trained evaluators;

(c) Estimated costs and statutory authority needed for further development and implementation of the assessments in this subsection (2); and

(d) Recommendations for other modifications to residency, professional, and ongoing professional certification that focus on demonstrated performance and professional growth rather than enrollment in certification programs or continuing education.

(3) By January 1, 2011, the professional educator standards board shall submit recommendations to the governor and the education committees of the legislature providing definitions for voluntary master-level certification for teachers and educational staff associates. Within the definition established by the board, individuals certified through the national board for professional teaching standards shall be considered to have achieved master-level certification.

NEW SECTION. Sec. 203. A new section is added to chapter 28A.410 RCW to read as follows:

MATH AND SCIENCE TEACHERS. (1) The Washington professional educator standards board shall serve as the lead agency in a coordinated approach with school districts, institutions of higher education, the office of the superintendent of public instruction, local and national nonprofit organizations, and the business community to create an adequate supply of well-qualified mathematics and science teachers for Washington’s public schools. In fulfilling this role, the board shall:

(a) Work with institutions of higher education, including community colleges, to build stronger connections and partnerships with school districts and to craft innovative teacher preparation programs, particularly in rural areas;

(b) Work with in-state and national organizations to identify barriers and craft solutions to improved recruitment, hiring, preparation, and retention of mathematics and science teachers;

(c) Expand information to students and counselors, from middle school through college, about teacher preparation options and opportunities;

(d) Seek private and federal support for innovations and initiatives; and

(e) Set goals, collect and analyze data, and monitor progress toward achieving the goals.

(2) Strategies overseen and coordinated by the board to achieve the objectives of this section include but are not limited to the following:

(a) Building pipelines to mathematics and science teaching, beginning in middle school and through college using the recruiting Washington teachers program under RCW 28A.415.370, the pipeline for paraeducators conditional scholarship program under RCW
NEW SECTION, Sec. 301. INTENT. (1) The legislature finds that comprehensive education finance reform and the increased investment of public resources necessary to implement that reform must be accompanied by an equally comprehensive and transparent system of continuous school and school district improvement.

(2) However, the legislature also finds that the state and school districts share responsibility for continuous improvement and achieving state educational standards. It is the state's responsibility to provide schools and districts with the tools necessary for continuous improvement. These tools include the necessary accounting and data reporting systems, assessment systems to monitor student achievement, and a system of general support, targeted assistance, recognition, and, if necessary, intervention. It is also the state's responsibility to take into account the capacity of the school system to implement changes and meet new requirements, and adjust expectations accordingly.

(3) The legislature intends to maintain a single system of continuous school improvement under both state and federal law. The legislature intends that a new state system be implemented only if Washington receives authorization from the United States department of education to use the state system for federal accountability purposes under P.L. 107-110, the no child left behind act of 2001.

Sec. 302. RCW 28A.305.130 and 2008 c 27 s 1 are each amended to read as follows:

STATE BOARD OF EDUCATION AUTHORITY. The purpose of the state board of education is to provide advocacy and strategic oversight of public education; implement a standards-based accountability system to improve student academic achievement; provide leadership in the creation of a system that personalizes education for each student and respects diverse cultures, abilities, and learning styles; and promote achievement of the goals of RCW 28A.150.210. In addition to any other powers and duties as provided by law, the state board of education shall:

(1) Hold regularly scheduled meetings at such time and place within the state as the board shall determine and may hold such special meetings as may be deemed necessary for the transaction of public business;

(2) Form committees as necessary to effectively and efficiently conduct the work of the board;

(3) Seek advice from the public and interested parties regarding the work of the board;

(4) For purposes of statewide accountability:

(a) Adopt and revise performance improvement goals in reading, writing, science, and mathematics, by subject and grade level, once assessments in these subjects are required statewide; academic and technical skills, as appropriate, in secondary career and technical education programs; and

(g) Measurable goals and objectives, including the estimated shift in enrollment under the institutional priority initiative under subsection (3) of this section.

(2) Each institution under this section shall begin exploring opportunities for partnerships with one or more of the alternative route programs under RCW 28A.660.040 using routes two, three, or four to offer candidates a postbaccalaureate residency teaching certificate in middle level mathematics or science or secondary mathematics or science. In the plans and updates required under subsection (1) of this section, each institution shall identify possible partner school districts, describe prospects and barriers for partnership, and provide an analysis of the opportunities and progress in developing an alternative route program.

(3) Each institution under this section shall include in its Washington teach initiative a specific plan to reduce admittance and enrollment of students seeking residency teacher certification with an endorsement in elementary education and increase enrollment capacity for students seeking residency teacher certification with an endorsement in middle level mathematics or science, or secondary mathematics or science.

PART III
CONTINUOUS SCHOOL IMPROVEMENT
set such performance standards and levels in consultation with the superintendent of public instruction and after consideration of any recommendations that may be developed by any advisory committees that may be established for this purpose. The initial performance standards and any changes recommended by the board in the performance standards for the tenth grade assessment shall be presented to the education committees of the house of representatives and the senate by November 30th of the school year in which the changes will take place to permit the legislature to take statutory action before the changes are implemented if such action is deemed warranted by the legislature. The legislature shall be advised of the initial performance standards and any changes made to the elementary level performance standards and the middle school level performance standards;  

(c) Adopt objective, systematic criteria based on multiple outcomes and indicators to identify successful schools and school districts((and recommend to the superintendent of public instruction schools and districts to be recognized for two types of accomplishments, student achievement and improvements in student achievement. Recognition for improvements in student achievement shall include consideration of one or more of the following accomplishments:  

(i) A decrease in the percent of students meeting standards;  

(ii) Positive progress on an improvement index that measures improvement in all levels of the assessment; and  

(iii) Improvements despite challenges such as high levels of mobility, poverty, English as a second language learners, and large numbers of students in special populations as measured by either the percent of students meeting the standard, or the improvement index.  

When determining the baseline year or years, the board may use the assessment results from the initial years the assessments were administered, if doing so with individual schools would be appropriate;  

(d) Adopt objective, systematic criteria to identify schools and school districts), those in need of assistance, and those in which significant numbers of students persistently fail to meet state standards((In its deliberations, the board shall consider the use of all-statewide mandated criterion-referenced and norm-referenced standardized tests));  

(d) Recommend to the superintendent of public instruction ways for exemplary schools and districts to be recognized for student achievement and improvements in student achievement;  

(e) Identify schools and school districts in which state ((intervention measures)) support and assistance will be needed and recommend to the legislature a range of appropriate intervention strategies, which may be implemented only after the legislature has authorized a set of intervention strategies. After the legislature has authorized a set of intervention strategies, at the request of the board, the superintendent shall intervene in the school or school district and take corrective actions. This chapter does not provide additional authority for the board or the superintendent of public instruction to intervene in a school or school district;  

(f) Identify performance incentive systems that have improved or have the potential to improve student achievement;  

(g) Annually review the assessment reporting system to ensure fairness, accuracy, timelines, and equity of opportunity, especially with regard to schools with special circumstances and unique populations of students, and a recommendation to the superintendent of public instruction of any improvements needed to the system; and  

(h) Include in the biennial report required under RCW 28A.305.035, information on the progress that has been made in achieving goals adopted by the board;  

(5) Accredit, subject to such accreditation standards and procedures as may be established by the state board of education, all private schools that apply for accreditation, and approve, subject to the provisions of RCW 28A.195.010, private schools carrying out a program for any or all of the grades kindergarten through twelve: PROVIDED, That no private school may be approved that operates a kindergarten program only: PROVIDED FURTHER, That no private schools shall be placed upon the list of accredited schools so long as secret societies are knowingly allowed to exist among its students by school officials;  

(6) Articulate with the institutions of higher education, workforce representatives, and early learning policymakers and providers to coordinate and unify the work of the public school system;  

(7) Hire an executive director and an administrative assistant to reside in the office of the superintendent of public instruction for administrative purposes. Any other personnel of the board shall be appointed as provided by RCW 28A.300.020. The board may delegate to the executive director by resolution such duties as deemed necessary to efficiently carry on the business of the board including, but not limited to, the authority to employ necessary personnel and the authority to enter into, amend, and terminate contracts on behalf of the board. The executive director, administrative assistant, and all but one of the other personnel of the board are exempt from civil service, together with other staff as now or hereafter designated as exempt in accordance with chapter 41.06 RCW; and  

(8) Adopt a seal that shall be kept in the office of the superintendent of public instruction.  

NEW SECTION. Sec. 303. A new section is added to chapter 28A.305 RCW to read as follows:  

SYSTEM OF SUPPORT AND ASSISTANCE. In consultation with the superintendent of public instruction, the state board of education shall:  

(1) Develop a comprehensive system of voluntary support and assistance for schools and school districts where the level of intensity of support and assistance for continuous school improvement increases based on objective, systematic criteria. The superintendent of public instruction shall implement the system to the extent funds are available;  

(2) Develop a proposal for support and assistance for schools and school districts that have not demonstrated sufficient improvement through a voluntary system. The proposal shall be implemented only if formally authorized by the legislature through enacted legislation; and  

(3) Develop a methodology for using the prototypical school funding model under RCW 28A.150.260 as an analytic tool for comparing funding allocation assumptions and the actual use and distribution of resources, as well as outcomes, at the school and district level.  

NEW SECTION. Sec. 304. PROGRESS REPORTS. (1) The state board of education and the superintendent of public instruction shall seek approval from the United States department of education for use of the objective criteria and the state system of support, assistance, and intervention to replace the federal accountability system under P.L. 107-110, the no child left behind act of 2001.  

(2) The state board of education and the superintendent of public instruction shall submit a progress report on the implementation of RCW 28A.305.130 and section 303 of this act to the education and fiscal committees of the legislature by December 1, 2009, and a final report with proposals and recommendations by December 1, 2010.  

NEW SECTION. Sec. 305. A new section is added to chapter 28A.655 RCW to read as follows:  

EDUCATION DATA SYSTEM. It is the legislature's intent to establish comprehensive K-12 education data systems for financial, student, and educator data. The objective of the systems is to monitor student progress, assure educator quality, monitor and analyze the costs of programs, provide for financial integrity and accountability, and have the capacity to link across these various data components by student, by school, by district, and statewide. Education data systems must be flexible and able to adapt to evolving needs for information, but there must be an objective and orderly process for determining when changes are needed and how to implement them. The first priority for any new data systems should be financial, budgeting, and accounting systems necessary to support the K-12 financial models and funding formulas. The benefits of significant increases in the amount of data available for analysis must be carefully weighed against the costs to school districts to enter, update, maintain, and submit the data and to implement new software and data management systems.  

PART IV
NEW SECTION. Sec. 401. A new section is added to chapter 28A.500 RCW to read as follows:

NEW LEVY/LEA SYSTEM--INTENT. (1) The legislature finds that while the state has the responsibility to provide for a general and uniform system of public schools, there is also a need for some diversity in the public school system. A successful system of public education must permit some variation among school districts outside the basic education provided for by the state to respond to and reflect the unique desires of local communities. The opportunity for local communities to invest in enriched education programs promotes support for local public schools. Further, the ability of local school districts to experiment with enriched programs can inform the legislature’s long-term evolution of the definition of basic education. Therefore, local levy authority remains an important component of the overall finance system in support of the public schools even though it is outside the state’s obligation for basic education.

(2) However, the value of permitting local levies must be balanced with the value of equity and fairness to students and to taxpayers, neither of whom should be unduly disadvantaged due to differences in the local levies used to support local levies. Equity and fairness require both an equitable basis for supplemental funding outside basic education and a mechanism for property tax-poor school districts to fairly access supplemental funding. As such, local effort assistance, while also outside the state’s obligation for basic education, is another important component of school finance.

NEW SECTION. Sec. 402. A new section is added to chapter 43.79 RCW to read as follows:

GROWTH IN REVENUE. (1) The basic education account is created in the state treasury. Moneys in the account may be spent only after appropriation and only for the purposes of RCW 28A.150.260. All receipts from subsection (2) of this section shall be deposited into the account.

(2) By September 30, 2011, and by September 30th of each odd-numbered year thereafter, if general state revenues from the prior fiscal biennium exceed the revenues from the fiscal biennium immediately preceding the prior fiscal biennium by more than five percent, the state treasurer shall transfer fifty percent of the amount over five percent to the basic education account.

(3) For the purposes of this section, “general state revenues” shall be as defined by Article VIII, section 1 of the state Constitution.

Sec. 403. RCW 28A.160.150 and 1996 c 279 s 1 are each amended to read as follows:

PUPIL TRANSPORTATION. Funds allocated for transportation costs shall be in addition to the basic education allocation established in RCW 28A.160.150. The state shall fund per mile travel for pupil transportation. The state shall not fund pupil transportation costs at a rate below the minimum set forth in this section.

Sec. 404. RCW 28A.160.160 and 1996 c 279 s 2 are each amended to read as follows:

PUPIL TRANSPORTATION. For purposes of RCW 28A.160.150 through 28A.160.190, except where the context shall clearly indicate otherwise, the following definitions apply:

(1) "Eligible student" means any student served by the transportation program of a school district or compensated for individual transportation arrangements authorized by RCW 28A.160.030 with the route stop being (one radius mile from the) outside the walk area for a student’s school, except if the student to be transported is disabled under RCW 28A.155.020 and is either not ambulatory or not capable of protecting his or her own welfare while traveling to or from the school or agency where special education services are provided, in which case no mileage distance restriction applies.

(2) "Superintendent" means the superintendent of public instruction.

(3) "To and from school" means the transportation of students for the following purposes:

(a) Transportation to and from route stops and schools;
(b) Transportation to and from schools pursuant to an interdistrict agreement pursuant to RCW 28A.335.160;
(c) Transportation of students between schools and learning centers for instruction specifically required by statute; and
(d) Transportation of students with disabilities to and from schools and agencies for special education services.

Academic extended day transportation for the instructional program of basic education under RCW 28A.150.220 shall be considered part of transportation of students "to and from school" for the purposes of (chapter 61, Laws of 1983, 1st ex. sess) this section.

Transportation for field trips may not be considered part of transportation of students "to and from school" under this section.

(4) "Transportation services" for students living within ((one radius mile from)) the school walk area means school transportation services including the use of buses, funding of crossing guards, and matching funds for local and state transportation projects intended to mitigate hazardous walking conditions. Priority for transportation services shall be given to students in grades kindergarten through five.

(5) The "walk area" means that area around a school with an adequate roadway configuration to provide students access to school with a walking distance of less than one mile. Mileage must be measured along the shortest roadway or maintained public walkway where hazardous conditions do not exist. The hazardous conditions must be documented by a process established in rule by the superintendent of public instruction and must include roadway, environmental, and social conditions. Each elementary school shall identify walk routes within the walk area.

Sec. 405. RCW 28A.160.170 and 2007 c 139 s 1 are each amended to read as follows:

PUPIL TRANSPORTATION. Each district shall submit three times each year to the superintendent of public instruction during October, February, and May of each year a report containing the following:

(1)(a) The number of eligible students transported to and from school as provided for in RCW 28A.160.150 ((for the current school year and the number of miles estimated to be driven for pupil transportation services)), along with (a map describing student route) identification of stop locations and school locations, and (b) the number of miles driven for pupil transportation services as authorized in RCW 28A.160.150 the previous school year; and

(2) Other operational data and descriptions as required by the superintendent to determine allocation requirements for each district.

The superintendent shall require that districts separate the costs of operating the program for the transportation of eligible students to and from school as defined by RCW 28A.160.160(3) from non-to-and-from-school pupil transportation costs in the annual financial statement. The cost, quantity, and type of all fuel purchased by school districts for use in to-and-from-school transportation shall be included in the annual financial statement.

Each district shall submit the information required in this section on a timely basis as a condition of the continuing receipt of school transportation moneys.

Sec. 406. RCW 28A.160.180 and 1996 c 279 s 3 are each amended to read as follows:

PUPIL TRANSPORTATION. Each district’s annual student transportation allocation shall be ((based on differential rates)) determined by the superintendent of public instruction in the following manner:

(1) The superintendent shall annually calculate ((a standard student mile allocation rate for the determining transportation allocation for those students provided for in RCW 28A.160.150. ("Standard student mile allocation rate," as used in this chapter, means the per mile allocation rate for transporting an eligible student)) The (standard student mile allocation (rate)) formula may be adjusted to include such additional differential factors as (distance, restricted) basic and special passenger (load circumstances that require use of special types of transportation assistance, time of day, and related factors)
vehicles: student with disabilities load, and small fleet maintenance)) counts as defined by the superintendent of public instruction, average distance to school, and number of locations served.

(2) For transportation services for students living within one radius mile from school) The allocation shall be based on a regression analysis of the number of basic and special students (in grades kindergarten through five living within one radius mile as specified in the biennial appropriations act) transported and as many other site characteristics that are identified as being statistically significant.

(3) (The superintendent of public instruction shall annually calculate allocation rate(s), which shall include vehicle amortization, for determining) The transportation allocation for transporting students in district-owned passenger cars, as defined in RCW 46.04.382, pursuant to RCW 28A.160.010 for services provided for in RCW 28A.160.150 if a school district deems it advisable to use such vehicles after the school district board of directors has considered the safety of the students being transported as well as the economy of utilizing a district-owned passenger car in lieu of a school bus is the private vehicle reimbursement rate in effect on September 1st of each school year. Students transported in district-owned passenger cars must be included in the corresponding basic or special passenger counts.

(4) Prior to June 1st of each year the superintendent shall submit to the office of financial management, and the education and fiscal committees (on education and ways and means of the senate and house of representatives) of the legislature, a report outlining the methodology and rationale used in determining the statistical coefficients for each site characteristic used to determine the allocation (rates to be used) for the following year.

Sec. 407. RCW 28A.160.190 and 1990 c 33 s 145 are each amended to read as follows:

PUPIL TRANSPORTATION. The superintendent shall notify districts of their student transportation allocation before January 15th. (If the number of eligible students in a school district changes ten percent or more from the October report, and the change is maintained for a period of twenty consecutive school days or more: the district may submit revised eligible student data to the superintendent of public instruction.) The superintendent shall((, to the extent funds are Available)) recalculate and prorate the district's allocation for the transportation of pupils to and from school.

The superintendent shall make the student transportation allocation in accordance with the apportionment payment schedule in RCW 28A.510.250. Such allocation payments may be based on ((estimated amounts)) the prior school year's ridership report for payments to be made in September, October, November, December, and January.

NEW SECTION. Sec. 408. A new section is added to chapter 28A.160 RCW to read as follows:

PUPIL TRANSPORTATION. The superintendent of public instruction shall ensure that the allocation formula results in adequate appropriation for low enrollment districts, nonhigh districts, districts involved in cooperative transportation agreements, and cooperative special transportation services operated by educational service districts. If necessary, the superintendent shall develop a separate process to adjust the allocation of the districts.

NEW SECTION. Sec. 409. A new section is added to chapter 28A.160 RCW to read as follows:

PUPIL TRANSPORTATION. The superintendent of public instruction shall encourage efficient use of state resources by providing a linear programming process that compares school district transportation operations. If a school district's operation is calculated to be less than ninety percent efficient, the regional transportation coordinators shall provide an individual review to determine what measures are available to the school district to improve efficiency.

The evaluation shall include such measures as:

(1) Efficient routing of buses;
(2) Efficient use of vehicle capacity; and
(3) Reasonable controls on compensation costs.

The superintendent shall submit to the fiscal and education committees of the legislature no later than December 1st of each year a report summarizing the efficiency reviews and the resulting changes implemented by school districts in response to the recommendations of the regional transportation coordinators.

NEW SECTION. Sec. 410. A new section is added to chapter 28A.160 RCW to read as follows:

PUPIL TRANSPORTATION. (1) The superintendent of public instruction shall phase-in implementation of the new distribution formula for allocating state funds to school districts for transportation of students to and from school, beginning with the 2011-12 school year.

(a) The formula must be developed and revised on an ongoing basis using the major cost factors in student transportation, including basic and special student loads, school district land area, average distance to school, roadway miles, and number of locations served. Factors will include all those site characteristics that are statistically significant after analysis of the data required by the revised reporting process.

(b) The formula must allocate funds to school districts based on the average predicted costs of transporting students to and from school, using a regression analysis.

(2) During the phase-in period, funding provided to school districts for student transportation operations shall be distributed on the following basis:

(a) Annually, each school district shall receive the lesser of the previous school year's pupil transportation operations allocation, or the total of allowable pupil transportation expenditures identified on the previous school year's final expenditure report to the state plus district indirect expenses using the state recovery rate identified by the superintendent; and

(b) Annually, any funds appropriated by the legislature in excess of the maintenance level funding amount for student transportation shall be distributed among school districts on a prorated basis using the difference between the amount identified in (a) of this subsection and the amount determined under the formula in RCW 28A.160.180.

(3) The superintendent shall develop, implement, and provide a copy of the rules specifying the student transportation reporting requirements to the legislature and school districts no later than December 1, 2009.

(4) Beginning in December 2009, and continuing until December 2014, the superintendent shall provide quarterly updates and progress reports to the fiscal committees of the legislature on the implementation and testing of the distribution formula.

PART V
GENERAL PROVISIONS--PROGRAM OF BASIC EDUCATION

Sec. 501. RCW 28A.150.410 and 2007 c 403 s 1 are each amended to read as follows:

SALARY ALLOCATION MODEL. (1) The legislature shall establish for each school year in the appropriations act a statewide salary allocation schedule, for allocation purposes only, to be used to distribute funds for basic education certificated instructional staff salaries under RCW 28A.150.260. For the purposes of this section, beginning in the 2011-12 school year, the staff allocations for classroom teachers, librarians, professional development coaches, student health services staff, and guidance counselors under RCW 28A.150.260 are allocations for certificated instructional staff.

(2) Salary allocations for state-funded (basic education) certificated instructional staff shall be calculated by the superintendent of public instruction by determining the district's average salary for all certificated instructional staff, using the statewide salary allocation schedule and related documents, conditions, and limitations established by the omnibus appropriations act.

(3) Beginning January 1, 1992, no more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in the omnibus appropriations act, or any replacement schedules and documents, unless:

(a) The employee has a masters degree; or
(b) The credits were used in generating state salary allocations before January 1, 1992.
(4) Beginning in the 2007-08 school year, the calculation of years of service for occupational therapists, physical therapists, speech-language pathologists, audiologists, nurses, social workers, counselors, and psychologists regulated under Title 18 RCW may include experience in schools and other nonschool positions as occupational therapists, physical therapists, speech-language pathologists, audiologists, nurses, social workers, counselors, or psychologists. The calculation shall be that one year of service in a nonschool position counts as one year of service for purposes of this chapter, up to a limit of two years of nonschool service. Nonschool years of service included in calculations under this subsection shall not be applied to service credit totals for purposes of any retirement benefit under chapter 41.32, 41.35, or 41.40 RCW, or any other state retirement system benefits.

Sec. 502. RCW 28A.165.005 and 2004 c 20 s 1 are each amended to read as follows:

LAP ADJUSTMENTS. ((The learning assistance program requirements in)) This chapter (hereinafter) is designed to: (1) Promote the use of assessment data when developing programs to assist underachieving students; and (2) guide school districts in providing the most effective and efficient practices when implementing (programs) supplemental instruction and services to assist underachieving students. (The legislature finds that there are large numbers of underachieving students who are eligible for and enrolled in the transitional bilingual instruction program under chapter 28A.180 RCW as provided in this chapter. The superintendency shall set some financial assistance to school districts to assist school years of bilingual instruction for any pupil who fails to demonstrate improvement in English language skills adequate to remove impairment of learning when taught only in English. The superintendent of public instruction shall set standards and approve a test for the measurement of such English language skills).) The following acts or parts of acts are each repealed:

Sec. 503. RCW 28A.165.015 and 2004 c 20 s 2 are each amended to read as follows:

LAP ADJUSTMENTS. Unless the context clearly indicates otherwise, the definitions in this section apply throughout this chapter. (a) "Approved program" means a program submitted to and approved by the office of the superintendent of public instruction and conducted pursuant to the plan that addresses the required elements as provided for in this chapter.

(b) "Basic skills areas" means reading, writing, and mathematics as well as readiness associated with these skills.

(c) "Participating student" means a student in kindergarten through grade 12 (eleven who scores below standard for his or her grade level on the statewide assessments and who is identified in the approved plan to receive services. Beginning with the 2007-08 school year, "participating student" means a student in kindergarten through grade 12) twelve who scores below standard for his or her grade level on the statewide assessments and who is identified in the approved plan to receive services.

(d) "Statewide assessments" means one or more of the several basic skills assessments administered as part of the state's student assessment system, and assessments in the basic skills areas administered by local school districts.

(e) "Underachieving students" means students with the greatest academic deficits in basic skills as identified by the statewide assessments.

Sec. 504. RCW 28A.165.055 and 2008 c 321 s 10 are each amended to read as follows:

LAP ADJUSTMENTS. (((1) Each school district with an approved program is eligible for state funds provided for the learning assistance program. The funds shall be appropriated for the learning assistance program in accordance with RCW 28A.150.260 and the (biennial) omnibus appropriations act. The distribution formula is for school district allocation purposes only, but funds appropriated for the learning assistance program must be expended for the purposes of definitions in RCW 28A.150.005 through 28A.165.065. (The) Distribution formula shall be based on one or more family income factors measuring economic need: 

(2) In addition to the funds allocated to eligible school districts on the basis of family income factors, enhanced funds shall be allocated for school districts where more than twenty percent of students are eligible for and enrolled in the transitional bilingual instruction program under chapter 28A.180 RCW. Non-Native student enrollment in grades kindergarten through twelve who are enrolled in the transitional bilingual instruction program based on an average of the program headcount taken in October and May, exceeds twenty percent, twenty percent shall be subtracted from the district's percent transitional bilingual instructional program enrollment and the resulting percent shall be multiplied by the per-funded student allocation rate specified in the omnibus appropriations act. School districts that are only eligible for the enhanced funds under this subsection, if their percentage of October headcount enrollment in grades kindergarten through twelve eligible for free or reduced-price lunch exceeded forty percent in the prior school year:))

Sec. 505. RCW 28A.180.010 and 1995 c 333 s 163 are each amended to read as follows:

TBIP ADJUSTMENTS. RCW 28A.180.010 through 28A.180.080 shall be known and cited as "the transitional bilingual instruction act." The legislature finds that there are large numbers of children who come from homes where the primary language is other than English. The legislature finds that a transitional bilingual education program can meet the needs of these children. Pursuant to the policy of this state to insure equal educational opportunity to every child in this state, RCW 28A.180.010 through 28A.180.080 to provide for the implementation of transitional bilingual education programs in the public schools and to provide supplemental financial assistance to school districts to meet the extra costs of these programs.

Sec. 506. RCW 28A.180.080 and 1995 c 335 s 601 are each amended to read as follows:

EDUCATION BY OTHER DISTRICTS. (1) A local district may be authorized by the educational service district superintendent to transport and educate its pupils in other districts for one year, either by payment of a compensation agreed upon by such school districts, or under other terms mutually satisfactory to the districts concerned when this will afford better educational facilities for the pupils and when a saving may be effected in the cost of education. (Provided, That). Notwithstanding any other provision of law, the amount to be paid by the state to the resident school district for apportionment purposes and otherwise payable pursuant to RCW (28A.150.100) 28A.150.250 through 28A.150.290, 28A.150.350 through 28A.150.410, 28A.160.150 through 28A.160.200, (28A.160.220) 28A.300.035, and 28A.300.170(28A.500.010) shall not be greater than the regular apportionment for each high school student of the receiving district. Such authorization may be extended for an additional year at the discretion of the educational service district superintendent.

(2) Subsection (1) of this section shall not apply to districts participating in a cooperative pupil transportation project established under RCW 28A.340.030 which exceeds two years in duration.

NEW SECTION. Sec. 508. The following acts or parts of acts are each repealed:

(1) RCW 28A.150.030 (School day) and 1971 ex.s. c 161 s 1 & 1969 ex.s. c 223 s 28A.01.010;
NEW SECTION. Sec. 601. Part headings and captions used in this act are not a part of the law.

NEW SECTION. Sec. 602. Sections 3, 102, and 107 of this act are each added to chapter 28A.150 RCW.

NEW SECTION. Sec. 603. Sections 101 through 109, 402 through 408, and 501 through 508 of this act take effect September 1, 2011.

NEW SECTION. Sec. 604. Section 409 of this act takes effect September 1, 2013.

NEW SECTION. Sec. 605. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

"NEW SECTION. Sec. 5. A new section is added to chapter 44.04 RCW to read as follows:
Under Article IX, section 1 of the state Constitution, it is the paramount duty of the state to make ample provision for the education of all of Washington's children. According to the state supreme court, this constitutional provision requires that the legislature define and fully fund a program of K-12 basic education before the legislature funds any other statutory programs. For these reasons, it is the intent of the legislature to require that all appropriations for K-12 basic education, together with appropriations for other K-12 education programs, be enacted into law before the legislature takes executive action on other omnibus appropriations legislation.

Sec. 6. RCW 28A.150.380 and 2001 c 3 s 10 are each amended to read as follows:
(1) The state legislature shall, at each regular session in an odd-numbered year, appropriate from the state general fund for the current use of the common schools such amounts as are needed for state support to the common schools during the ensuing biennium as provided in this chapter, RCW 28A.160.150 through 28A.160.210, 28A.300.170, and 28A.500.010.

(2) The state legislature shall also, at each regular session in an odd-numbered year, appropriate from the student achievement fund and education construction fund solely for the purposes of and in accordance with the provisions of the student achievement act during the ensuing biennium.

(3) Beginning with the 2011-2013 fiscal biennium and thereafter, appropriations for the purposes of this section and other K-12 education purposes must be made in legislation that is separate from the omnibus operating appropriations act. Such appropriations must be enacted into law before it is in order for either house of the legislature to take executive action on omnibus operating appropriations legislation.

NEW SECTION. Sec. 7. A new section is added to chapter 44.04 RCW to read as follows:
Beginning with the 2011-2013 fiscal biennium and thereafter, appropriations for the purposes of RCW 28A.150.380 and other K-12 education purposes must be enacted into law before it is in order for either house of the legislature to take executive action on omnibus operating or transportation appropriations legislation.

The house of representatives and senate, jointly or separately, may adopt rules or resolutions to implement their respective responsibilities under this section.

BASIC EDUCATION GOAL. (The goal of the basic education law for the schools of the state of Washington set forth in this chapter shall be to) A basic education is an evolving program of instruction that provides students with the opportunity to become responsible and respectful global citizens, to contribute to their economic well-being and that of their families and communities, to explore and understand different perspectives, and to enjoy productive and satisfying lives. (Additionally) The state of Washington intends to provide for a public school system that is able to evolve and adapt in order to better focus on strengthening the educational achievement of all students, which includes high expectations for all students and gives all students the opportunity to achieve personal and academic success. A basic education must also provide all students with the opportunity to graduate from high school with a meaningful high school diploma, ready for success in postsecondary education, gainful employment, and citizenship. To these ends, the goals of each school district, with the involvement of parents and community members, shall be to provide opportunities for every student to develop the knowledge and skills essential to:

1) Read with comprehension, write effectively, and communicate successfully in a variety of ways and settings and with a variety of audiences;
2) Know and apply the core concepts and principles of mathematics; social, physical, and life sciences; civics and history, including different cultures and participation in representative government; geography; arts; and health and fitness;
3) Think analytically, logically, and creatively, and to integrate different experiences and knowledge to form reasoned judgments and solve problems; and
4) Understand the importance of work and finance and how performance, effort, and decisions directly affect future career and educational opportunities.

Sec. 104. RCW 28A.150.220 and 1993 c 371 s 2 are each amended to read as follows:

INSTRUCTIONAL PROGRAM. (1) (a) Satisfaction of the basic education program requirements identified in RCW 28A.150.210 shall be considered to be implemented by the following:

(b) Each school district shall make available to students enrolled in kindergarten at least a total instructional offering of four hundred fifty hours. The program shall include instruction in the essential academic learning requirements under RCW 28A.655.010 and such other subjects and such activities as the school district shall determine to be appropriate for the education of the school district's students enrolled in such program;

(c) Each school district shall make available to students enrolled in grades one through twelve, at least a district-wide annual average instructional offering of one thousand hours. The state board of education may define alternative classroom instructional time for students in grades nine through twelve enrolled in alternative learning experiences. The state board of education shall establish rules to determine annual average instructional hours for districts including fewer than twelve grades. The program shall include the essential academic learning requirements under RCW 28A.655.010 and such other subjects and such activities as the school district shall determine to be appropriate for the education of the school district's students enrolled in such program.) In order for students to have the opportunity to develop the basic education knowledge and skills under RCW 28A.150.210, school districts must provide instruction of sufficient quantity and quality and give students the opportunity to complete graduation requirements that are intended to prepare them for postsecondary education, gainful employment, and citizenship. The program established under this section shall be the minimum instructional program of basic education offered by school districts.

(2) Each school district shall make available to students the following minimum instructional offering each school year:

(a) For students enrolled in grades one through twelve, at least a district-wide annual average of one thousand hours, which shall be increased to at least one thousand eighty instructional hours for students enrolled in each of grades seven through twelve and at least one thousand instructional hours for students in each of grades one through six according to an implementation schedule adopted by the legislature; and

(b) For students enrolled in kindergarten, at least four hundred fifty instructional hours, which shall be increased to at least one thousand instructional hours according to the implementation schedule under RCW 28A.150.315.

(3) The instructional program of basic education provided by each school district shall include:

(a) Instruction in the essential academic learning requirements under RCW 28A.655.010;

(b) Instruction that provides students the opportunity to complete twenty-four credits for high school graduation, with course distribution requirements established by the state board of education under RCW 28A.230.090 and that may be subject to a phased-in implementation of the twenty-four credits as adopted by the board.

Pursuant to rules (and regulations) adopted by the superintendent of public instruction for the administration of this chapter, the superintendent of public instruction shall carry out a program for highly capable students. Such program may include
conducting, coordinating and aiding in research (including pilot programs), disseminating information to local school districts, providing statewide staff development, and allocating to school districts supplementary funds for additional costs of district programs, as provided by RCW (28A.185.020) 28A.150.260.

Sec. 508. RCW 28A.185.020 and 1990 c 33 s 168 are each amended to read as follows:

(1) The legislature finds that, for highly capable students, access to accelerated learning and enhanced instruction is access to a basic education. There are multiple definitions of highly capable, from intellectual to academic to artistic. The research literature strongly supports using multiple criteria to identify highly capable students, and therefore, the legislature does not intend to prescribe a single method. Instead, the legislature intends to allocate funding based on two percent of each school district's population and authorize school districts to identify through the use of multiple, objective criteria those students most highly capable and eligible to receive accelerated learning and enhanced instruction in the program offered by the district. Access to accelerated learning and enhanced instruction through the program for highly capable students does not constitute an individual entitlement for any particular student.

(2) Supplementary funds (as may be) provided by the state for (throughout reference to RCW 28A.150.260), the program for highly capable students under RCW 28A.150.260 shall be categorical funding (on an excess cost basis based upon a student amount not to exceed three percent of any district's full-time equivalent enrollment) to provide services to highly capable students as determined by a school district under RCW 28A.185.030.

"Sec. 205. RCW 28A.400.205 and 2003 1st sp.c 20 s 1 are each amended to read as follows:

(1) School district employees shall be provided an annual salary cost-of-living increase in accordance with this section.

(b) The cost-of-living increase shall be calculated by applying the rate of the yearly increase in the cost-of-living index to any state-funded salary base used in state funding formulas for teachers and other school district employees. Beginning with the 2001-02 school year, and for each subsequent school year, except for the 2003-04 and 2004-05 school years, each school district shall be provided a cost-of-living allocation sufficient to grant this cost-of-living increase, except as provided in subsection (3) of this section.

(c) Any fund cost-of-living increase shall be included in the salary base used to determine cost-of-living increases for school employees in subsequent years. For teachers and other certificated instructional staff, the rate of the annual cost-of-living increase fund for certificated instructional staff shall be applied to the base salary used with the statewide salary allocation schedule established under RCW 28A.150.410 and to any other salary models used to recognize school district personnel costs.

(2) For the purposes of this section, "cost-of-living index" means, for any school year, the previous calendar year's annual average consumer price index, using the official current base, compiled by the bureau of labor statistics, United States department of labor for the state of Washington. If the bureau of labor statistics develops more than one consumer price index for areas within the state, the index covering the greatest number of people, covering areas exclusively within the boundaries of the state, and including all items shall be used for the cost-of-living index in this section.

(3) For school districts that have historically received teacher salary allocations in excess of the statewide salary schedule under RCW 28A.150.410 or whose salary allocations for certificated administrative or classified staff authorized in the omnibus appropriations act exceed the salary allocations provided to other school districts, the legislature shall provide a cost-of-living increase under this section at fifty percent of the amount that would otherwise be calculated under this section for those salary allocations that are in excess, until salary allocations have been equalized across all districts."

The overall finance structure is sound to the extent that it is driven by student enrollment and staffing ratios and attempts to address special needs. However, there is a need to correct some structural flaws that have been identified and to update the funding formulas to reflect how schools operate in terms of the costs of doing business and the types of staff that are needed. Allocations must also be adjusted to improve equity among districts and, in some cases, to create a rational basis for the amounts provided. Therefore, the legislature intends to make necessary adjustments and implement them beginning with the 2009-10 school year."

Sec. 2. RCW 28A.150.220 and 1993 c 371 s 2 are each amended to read as follows:

(1) In order for students to have the opportunity to develop the basic education knowledge and skills under RCW 28A.150.210, school districts must provide instruction of sufficient quantity and quality and give students the opportunity to complete graduation requirements that are intended to prepare them for postsecondary education, gainful employment, and citizenship. Satisfaction of the basic education ((program requirements)) goal identified in RCW 28A.150.210 shall be considered to be implemented by the following instructional program:

(a) Each school district shall make available to students enrolled in kindergarten at least a total instructional offering of four hundred
fifty hours. The program shall include instruction in the essential academic learning requirements under RCW (28A.620.885) 28A.655.070 and such other subjects and such activities as the school district shall determine to be appropriate for the education of the school district's students enrolled in such program;

(b) Each school district shall make available to students enrolled in grades one through (twelve) eight, at least a district-wide annual average total instructional hour offering of one thousand hours. Each school district shall make available to students enrolled in grades nine through twelve, at least a district-wide annual average total instructional hour offering of one thousand eighty hours. The state board of education may define alternatives to classroom instructional time for students in grades nine through twelve enrolled in alternative learning experiences. The state board of education shall establish rules to determine annual average instructional hours for districts including fewer than twelve grades. The program shall include the essential academic learning requirements under RCW (28A.620.885) 28A.655.070 and such other subjects and such activities as the school district shall determine to be appropriate for the education of the school district's students enrolled in such program;

(c) If the essential academic learning requirements include a requirement of languages other than English, the requirement may be met by districts receiving instruction in one or more American Indian languages.

2) Nothing contained in subsection (1) of this section shall be construed to require individual students to attend school for any particular number of hours per day or to take any particular courses.

3) Each school district's kindergarten through twelfth grade basic educational program shall be accessible to all students who are five years of age, as provided by RCW 28A.225.160, and less than twenty-one years of age and shall consist of a minimum of one hundred eighty school days per school year in such grades as are conducted by a school district, and one hundred eighty half-days of instruction, or equivalent, in kindergarten. However, effective May 1, 1979, a school district may schedule the last five school days of the one hundred and eighty day school year for noninstructional purposes in the case of students who are graduating from high school, including, but not limited to, the observance of graduation and early release from school upon the request of a student, and all such students may be claimed as a full time equivalent student to the extent they could otherwise have been so claimed for the purposes of RCW 28A.150.250 and 28A.150.260.

4) The state board of education shall adopt rules to implement and ensure compliance with the program requirements imposed by this section, RCW 28A.150.250 and 28A.150.260, and such related supplemental program approval requirements as the state board may establish.

Sec. 3. RCW 28A.150.260 and 2006 c 263 s 322 are each amended to read as follows:

The basic education allocation for each annual average full time equivalent student shall be determined in accordance with the following procedures:

1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula based on a ratio of students to staff for the distribution of a basic education allocation for each annual average full time equivalent student enrolled in a common school. The distribution formula shall have the primary objective of equalizing educational opportunities and shall provide appropriate recognition of the following costs among the various districts within the state:

(a) Certificated instructional staff and their related costs;
(b) Certificated administrative staff and their related costs;
(c) Classified staff and their related costs;
(d) Nonsalary costs;
(e) Extraordinary costs, including school facilities, of remote and necessary schools as judged by the superintendent of public instruction; and
(f) The attendance of students pursuant to RCW 28A.335.160 and 28A.225.250 who do not reside within the servicing school district.

2) This formula for distribution of basic education funds shall be reviewed biennially by the superintendent and governor. In addition, the superintendent of public instruction shall review and analyze various funding formulas as compared to trends in school district expenditures and staffing patterns and report biennially to the legislature on the results of the analysis. The recommended formula shall be subject to approval, amendment or rejection by the legislature. The formula shall be for allocation purposes only. While the legislature intends that the allocations for additional instructional staff be used to increase the ratio of such staff to students, nothing in this section shall require districts to reduce the number of administrative staff below existing levels.

3) The formula adopted by the legislature shall reflect the following ratios at a minimum:

(a) Forty-nine certificated instructional staff to one thousand annual average full time equivalent students enrolled in grades kindergarten through three;
(b) Forty-six certificated instructional staff to one thousand annual average full time equivalent students in grades four through twelve;
(c) Four certificated administrative staff to one thousand annual average full time equivalent students in grades kindergarten through twelve; and
(d) Fourteen and sixty-seven one hundredth classified personnel to one thousand annual average full time equivalent students enrolled in grades kindergarten through twelve.

1. Four teacher-librarians for students in grades kindergarten through twelve;

2. One and twenty-five one-hundredths school nurses for students in grades kindergarten through twelve;

3. Four certificated administrative staff units for students in grades kindergarten through twelve;

4. Seventeen and two one-hundredths classified staff units for students in grades kindergarten through twelve.

5. The formula shall include an allocation for nonemployee-related costs of at least twenty-seven percent of the allocation for salary costs for the staff allocated under subsection (3) of this section.

6. The formula shall include additional funds for twelve substitute days for each certificated instructional staff unit, which shall be calculated using the salary allocation schedule of the district under RCW 28A.150.410.

7. In the event the legislature rejects the distribution formula recommended by the governor, without adopting a new distribution formula, the distribution formula for the previous school year shall remain in effect: PROVIDED, That the distribution formula developed pursuant to this section shall be for state apportionment and equalization purposes only and shall not be construed as mandating specific operational functions of local school districts other than those program requirements identified in RCW 28A.150.220 and 28A.150.100. The enrollment of any district shall be the annual average number of full time equivalent students and part time students as provided in RCW 28A.150.350, enrolled on the first school day of each month and shall exclude full time equivalent
students with disabilities recognized for the purposes of allocation of state funds for programs under RCW 28A.155.010 through 28A.155.100. The definition of full time equivalent student shall be determined by rules of the superintendent of public instruction: PROVIDED, That the definition shall be included as part of the superintendent's biennial budget request: PROVIDED, FURTHER, That any revision of the present definition shall not take effect until approved by the house appropriations committee and the senate ways and means committee: PROVIDED, FURTHER, That the office of financial management shall make a monthly review of the superintendent's reported full time equivalent students in the common schools in conjunction with RCW 43.62.050.

(((((θ))) £)(a) Certificated instructional staff shall include those persons employed by a school district who are nonsupervisory employees within the meaning of RCW 41.59.020(8): PROVIDED, That in exceptional cases, people of unusual competence but without certification may teach students so long as a certificated person exercises general supervision: PROVIDED, FURTHER, That the hiring of such classified people shall not occur during a labor dispute and such classified people shall not be hired to replace certificated employees during a labor dispute.

(b) Certificated administrative staff shall include all those persons who are chief executive officers, chief administrative officers, confidential employees, supervisors, principals, or assistant principals within the meaning of RCW 41.59.020(4).

Sec. 4. RCW 28A.150.410 and 2007 c 403 s 1 are each amended to read as follows:

1. The legislature shall establish for each school year in the appropriations act a statewide salary allocation schedule, for allocation purposes only, to be used to distribute funds for basic education certificated instructional staff salaries under RCW 28A.150.260.

2. Salary allocations for state-funded basic education certificated instructional staff shall be calculated by the superintendent of public instruction by determining the district's average salary for certificated instructional staff, using the statewide salary allocation schedule and related documents, conditions, and limitations established by the omnibus appropriations act.

3. Beginning January 1, 1992, no more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in the omnibus appropriations act, or any replacement schedules and documents, unless:

(a) The employee has a masters degree; or

(b) The credits were used in generating state salary allocations before January 1, 1992.
