To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 4, Engrossed Substitute House Bill 1002 entitled:

"AN ACT Relating to allowing a certificate of discharge to be issued when an existing order excludes or prohibits an offender from having contact with a specified person or business, or coming within a set distance of any specified location."

Section 4 contains an emergency clause. An emergency clause is to be used where it is necessary for the immediate preservation of the public peace, health or safety or whenever it is essential for the support of state government. I do not believe an emergency clause is needed to implement this legislation."

For this reason, I have vetoed Section 4 of Engrossed Substitute House Bill 1002.

With the exception of Section 4, Engrossed Substitute House Bill 1002 is approved.

Respectfully submitted,
Christine Gregoire

April 13, 2009

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 3, Substitute House Bill No. 1011 entitled:

"AN ACT Relating to regulating the use of identification devices."

Section 3 places a requirement on the Attorney General to make annual recommendations to the Legislature with respect to potentially invasive technologies which may warrant further action by the Legislature. This requirement is unfunded and will require the Attorney General's Office to divert its scarce financial resources away from other higher priority activities. Additionally, a presumptive label as "personally invasive" may stifle emerging technologies with high potential in the research and commercial fields.

For these reasons, I have vetoed Section 3 of Substitute House Bill No. 1011.

With the exception of Section 3, Substitute House Bill No. 1011 is approved.

Respectfully submitted,
Christine Gregoire

May 6, 2009

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I have approved, except for Sections 1 and 3, Engrossed House Bill 1087 entitled:

"AN ACT Relating to improving the effectiveness of the office of minority and women's business enterprises."

Engrossed House Bill 1087 requires the Office of Financial Management (OFM), in consultation with the Office of Minority and Women's Business Enterprises (OMWBE), to develop a strategic plan to improve the effectiveness of all state agencies in carrying out the purposes of Chapter 39.19 RCW.

I agree with the intended purpose of this bill, which is to provide for increased participation by minority and women-owned and controlled businesses in public works projects and in providing goods and services to state government. However, OFM was not provided the financial resources necessary to carry-out requirements of Section 1 of this bill. Therefore, I am vetoing Section 1.

Section 3 prescribes the structure of advisory committees that may be established by OMWBE. The proposed language is unnecessarily prescriptive. In fact OMWBE has established an advisory committee that meets the criteria outlined in Section 3. The committee has been meeting since September 2008. As a result, I am also vetoing Section 3.
While I am vetoing Sections 1 and 3 of this bill, I am signing Section 2 because it supports my efforts to achieve supplier diversity. I am also directing OFM to assist OMWBE in identifying ways of increasing participating of minority and women-owned and controlled business in providing services to the state.

For these reasons, I have vetoed Sections 1 and 3 of Engrossed House Bill 1087. With the exception of Sections 1 and 3, Engrossed House Bill 1087 is approved.

Respectfully submitted,
Christine Gregoire

May 7, 2009

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I have approved, except for Sections 1 and 2, Engrossed House Bill 1167 entitled:

"AN ACT Relating to the linked deposit program."

Sections 1 and 2 would have created a new obligation to produce a report by the Office of Minority and Women's Business Enterprises. While I support the aim of identifying ways the linked deposit program can be improved and how small businesses can access capital more readily, this bill places a large, unfunded financial burden on a small agency during very tough budget times. For this reason, I have vetoed Sections 1 and 2 of Engrossed House Bill 1167.

With the exception of Sections 1 and 2, Engrossed House Bill 1167 is approved.

Respectfully submitted,
Christine Gregoire

May 15, 2009

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I have approved, except for Sections 2063, page 70, lines 12 through 15; 6028; 6029; 6030; and 6049 of Substitute House Bill 1216 entitled:

"AN ACT Relating to the capital budget."

Section 2063, page 70, lines 12 through 15, Department of Corrections
This proviso requires the Office of Financial Management to undertake a budget evaluation study of the project to expand the reception center at the Washington Corrections Center. Because no funding was provided to continue this project, the study is unnecessary at this time. Therefore, I am vetoing this section.

Section 6028, pages 239-240, Superintendent of Public Instruction
Section 6029, pages 240-241, Universities and Colleges
Section 6030, page 241, State Agencies
These sections direct the Washington State Arts Commission to restrict the purchase of artwork to artists residing in Washington State for projects involving state-assisted K-12 school construction, state colleges and universities, and all state agencies. This restriction could have negative impacts on Washington artists who may be performing work on public works projects in other states. Therefore, I have vetoed these sections.

Section 6049, page 257, Puget Sound Partnership
I am vetoing this section because it is duplicative of Section 6010 on page 225.

For these reasons, I have vetoed Sections 2063, page 70, lines 12 through 15; 6028; 6029; 6030; and 6049. With the exception of Sections 2063, page 70, lines 12 through 15; 6028; 6029; 6030; and 6049, Substitute House Bill 1216 is approved.

Respectfully submitted,
Christine O. Gregoire

The Honorable Speaker and Members
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 103(6); 105(3); 105(5); 117(2); 117(4); 117(5); 124(3); 126(5); 128(7); 128(11); 128(15); 128(17); 128(24); 137(4); 148(5); 152, page 39, lines 20-26; 153, page 39, lines 34-36 and page 40, lines 1-4; 204(4)(a); 205(1)(h); 205(1)(q); 207(4); 209(10); 209(11); 209(14); 209(15); 209(33); 218(12); 218(13); 218(14); 222(3); 222(20); 223(2)(b); 223(2)(f); 302 page 104, lines
18 and 19; 302(11); 302(18); 303(2); 303(4); 307(5); 309(4); 309(5); 401, page 120, lines 7, 17 and 18; 401(3); 402(3); 614(1); 616(8); 805, page 205, lines 29-31; 805, page 206, lines 33-35; 936; 948; 955; 1104(1); 1104(2); and 1105(1) of Engrossed Substitute House Bill 1244 entitled:

"AN ACT Relating to fiscal matters."

I have vetoed the following appropriation items because of concerns with policy or technical issues relating to the legislative provisions:

Section 105(3), page 6, Office of the State Actuary, University of Washington Medical Center and Harborview Medical Center Financial Reporting

Funding is provided from the Department of Retirement Systems Expense Account for the Office of the State Actuary to assist the University of Washington Medical Center and Harborview Medical Center with the financial reporting of their postretirement benefits liabilities. Because the University of Washington will reimburse the State Actuary for its assistance, no appropriation is needed for this purpose. For this reason, I have vetoed Section 105(3).

Section 105(5), page 6, Office of the State Actuary, Health Benefits Study

The Legislature provided $735,000 for the State Actuary to conduct an actuarial study comparing the cost of providing health benefits to employees of the Washington state retirement systems and the cost paid by employees and employers for those benefits. The study cannot be completed with the funding provided, nor is it an authorized use of the Health Care Authority Administrative Account. For these reasons, I have vetoed Section 105(5).

I recognize that this approach was intended to reflect the intentions of Second Substitute Senate Bill 5491, which did not pass. This measure would have required the Health Care Authority to develop a strategy to reduce the cost of providing health benefits for K-12 employees. This is an appropriate goal and I will work with the Legislature and the Office of the Superintendent of Public Instruction on this goal.

Section 117(2), (4) and (5), pages 13-15, Office of the Governor, Coal-Fired Energy Plants

These provisos require convening of a joint legislative and executive task force on coal-fired energy plants to evaluate alternatives for how existing plants can meet the greenhouse gas emissions performance standards mandated by Engrossed Second Substitute Senate Bill 5735. While I support the goal of reducing greenhouse gas emissions and am committed to working toward that end with the owners of the state's remaining coal-fired plant, this measure did not pass and I have therefore vetoed Section 117(2),(4), and (5).

Section 124(3), page 18, State Auditor, Performance Audit Reporting

The State Auditor is required to report to the Legislature on state expenditure savings achieved from the implementation of performance audits, with legislative intent to reduce the scheduled transfer from the Performance Audits of Government Account to the General Fund when actual savings are demonstrated. Because the Auditor's Office cannot require agencies to implement performance audit recommendations, the appropriation should not be based on savings the Auditor cannot direct. Therefore, I have vetoed Section 124(3).

Section 126(5), pages 19-20, Attorney General, Human Trafficking Violations

Funding is provided for the Attorney General's Office to implement Section 4 of Engrossed Second Substitute Senate Bill 5850. On May 14, 2009, I vetoed Section 4 of this measure, thus eliminating the need for the Attorney General's Office to engage in this effort. For this reason, I have vetoed Section 126(5).

Section 128(7), page 23, Department of Community, Trade and Economic Development, Associate Development Organizations

This proviso requires associate development organizations receiving funding from the Department of Community, Trade and Economic Development to coordinate workforce and economic development activities with community and technical colleges, and to identify clusters of related industries. While I am supportive of these coordination efforts, the proviso is in conflict with Substitute House Bill 1323, which assigns responsibility for identification and alignment of industry clusters to the Workforce Training and Education Coordinating Board and local Workforce Development Councils. For this reason, I have vetoed Section 128(7).

Section 128(15), pages 24-25, Department of Community, Trade and Economic Development, County Life-Cycle Cost Analysis

This proviso requires counties receiving certain state affordable housing funds to include life-cycle cost analysis as a criterion in housing award decisions and to submit annual reports to the state on distribution of funds. Two bills with similar provisions did not pass the Legislature during the 2009 Session. While I encourage analytical tools like life-cycle cost analysis, I do not believe the budget bill is an appropriate vehicle for these policy provisions. For this reason, I have vetoed Section 128(15).

Section 128(17), page 25, Department of Community, Trade and Economic Development, Economic Development Commission Study

This proviso requires the Economic Development Commission to conduct a review of state infrastructure programs and deliver a report on policy and funding options to the Legislature and the . No funding was provided to the Economic Development Commission for this work. Additionally, I would expect that such a review would occur within the Department of Community, Trade and Economic Development's work to develop recommendations for its core mission and programs as the Department of Commerce. For these reasons, I have vetoed Section 128(17).

Section 148(5), page 37, Liquor Control Board, Increasing Appropriations
This proviso would increase funding to the Liquor Control Board in the event that Senate Bill 6065 was not passed by the Legislature. That bill did not pass. I remain committed to reorganizing the agency so that it is administered by a single director, with a voluntary board providing policy oversight. Therefore, I do not believe it is appropriate to increase its funding at this time. For this reason, I have vetoed Section 148(5).

Section 204(4)(a), pages 57-58, Department of Social and Health Services, Report on Competency Evaluations

The Department of Social and Health Services is required to report on the waiting periods experienced for competency evaluations and competency restoration treatment. No funding was provided for these activities. For this reason, I have vetoed Section 204(4)(a).

Section 205(1)(h), page 61, Department of Social and Health Services, New Freedom Waiver Program

This proviso allows the Department of Social and Health Services to expand the New Freedom Waiver Program. However, the program is administered in the Long Term Care Program, and identical language is included in that program's section of the budget. For this reason, I have vetoed Section 205(1)(h).

Section 205(1)(q), page 63, Department of Social and Health Services, Developmental Disabilities Employment and Day Services

This proviso declares that sufficient funds exist within Medical Assistance appropriations for the delivery of podiatry services as a part of the state's medical program. While there currently are sufficient funds, we need to allow the Department of Social and Health Services the widest range of fiscal flexibility to administer its programs should revenues continue to decline. For this reason, I have vetoed Section 205(1)(q).

Section 207(4), page 72, Department of Social and Health Services, Refugee and Immigrant Assistance Reorganization Report

This proviso requires the Department of Social and Health Services to provide detailed reports on outcomes of reorganizing the Office of Refugee and Immigrant Assistance. No funding was provided for these reports. For this reason, I have vetoed Section 207(4). The Department will keep the Legislature fully apprised of the progress of the reorganization.

Section 209(10), page 77, Department of Social and Health Services, Funds for Podiatry Services

This proviso declares that sufficient funds exist within Medical Assistance appropriations for the delivery of podiatry services as a part of the state's medical program. While there currently are sufficient funds, we need to allow the Department of Social and Health Services the widest range of fiscal flexibility to administer its programs should revenues continue to decline. For this reason, I have vetoed Section 209(10).

Section 209(11), page 77, Department of Social and Health Services, Funds for Adult Dental Services

This proviso declares that sufficient funds exist within Medical Assistance appropriations for the delivery of adult dental services as a part of the state's medical program. While there currently are sufficient funds, we need to allow the Department of Social and Health Services the widest range of fiscal flexibility to administer its programs should revenues continue to decline. For this reason, I have vetoed Section 209(11).

Section 209(14), page 77, Department of Social and Health Services, Funds for Family Planning Nurses

This proviso declares that sufficient funds exist within Medical Assistance appropriations for the staffing of family planning nurses in the state's community service offices as a part of the state's medical program. While there currently are sufficient funds, we need to allow the Department of Social and Health Services the widest range of fiscal flexibility to administer its programs should revenues continue to decline. For this reason, I have vetoed Section 209(14).

Section 209(15), page 77, Department of Social and Health Services, Analysis of Home Dialysis

The Department of Social and Health Services is directed to conduct an analysis of potential savings that may be generated by using home-based kidney dialysis. The state already provides this service when appropriate. Additionally, no funding was provided for this analysis. For these reasons, I have vetoed Section 209(15).

Section 209(33), page 81, Department of Social and Health Services, Graduate Medical Education payments

This proviso requires the Department of Social and Health Services to direct payments for the federal Graduate Medical Education Program (GME) to graduate programs that focus on primary care training. While I commend the effort to increase the level of primary care training, the method proposed by the proviso is not feasible. The University of Washington Medical Center and Harborview Medical Center are the only two participating GME programs. GME program payments are included as a part of their reimbursement for inpatient hospital services provided to state clients. There is no way for the Department to direct the payments exclusively to primary care training. For this reason, I have vetoed Section 209(33).

Section 222(3), page 94, Department of Health, Pesticide Incident Report and Review Panel

The Department of Health is required to continue the operations of the Pesticide Incident Report and Review Panel. The budget includes a 50 percent reduction in funding for this activity and for human pesticide exposure and poisoning programs. It is inappropriate to prioritize the activity of the panel over other activities and programs administered by the Department. For this reason, I have vetoed Section 222(3).

Section 222(20), page 96, Department of Health, Health Care Workforce Survey

This proviso declares that sufficient funds are provided for the continuation of the Health Care Workforce survey. Like all state agencies, the Department of Health is being asked to make significant service reductions. We need to allow the agency the widest range of fiscal flexibility to administer its programs should revenues continue to decline. For this reason, I have vetoed Section 222(20).
Section 223(2)(b), page 97, Department of Corrections, Pet Partnership Program at Women's Corrections Center

While this program has demonstrated benefits, the agency should have flexibility to prioritize its expenditures to accommodate the significant reductions reflected in this budget. For this reason, I have vetoed Section 223(2)(b).

Section 223(2)(f), page 98, Department of Corrections, Correction Savings Bills

This statement on bills that generated budget savings includes two bills that did not pass, Engrossed Senate Bill 6183 (Illegal Immigrant Offenders) and Substitute Senate Bill 6160 (Criminal Justice Sentencing). Therefore, I have vetoed Section 223(2)(f).

Section 302, page 104, lines 18-19, Department of Ecology, Emissions Reduction Assistance Account Appropriation

This section includes an appropriation from the Emissions Reduction Assistance Account, a new account created in Engrossed Second Substitute Senate Bill 5735 (Reducing Greenhouse Gas Emissions), a bill that did not pass. For this reason, I have vetoed this appropriation.

Section 303(4), page 110, State Parks and Recreation Commission, Actively Pursue Transfers of State Parks

This proviso would require the State Parks and Recreation Commission to actively pursue transferring ownership of state parks to local governments, tribes, or other entities. It also would require biennial updates of this effort to the Office of Financial Management and the appropriate fiscal committees of the Legislature. The Commission is already pursuing the transfer of certain state parks that are inconsistent with its long-range strategic Centennial plan. For this reason, I have vetoed section 303(4). However, I encourage the Commission to pursue the transfer of parks to other operators when it is appropriate and mutually beneficial and to provide updates to OFM and the appropriate fiscal committees of the Legislature no later than September 1, 2009.

Section 309(4), page 118, Department of Agriculture, Milk Price Stabilization Work Group and Report

This proviso requires the Department of Agriculture, within existing funds, to convene a meeting of dairy industry members to consider methods to stabilize milk prices, and to report findings to the Legislature. No funding was provided for these activities. For this reason, I have vetoed Section 309(4). I encourage the Department to work with the dairy industry to develop strategies to pursue with our congressional delegation.

Section 401, page 120, lines 7, 17 and 18, Cemetery Account and Funeral Directors and Embalmers Account

Funds from the Cemetery Account and the Funeral Directors and Embalmers Account are appropriated to the Department of Licensing. These accounts were repealed on April 15, 2009, when I signed Engrossed Substitute House Bill 2126, the Cemetery and Funeral Directors Boards bill. For this reason, I have vetoed Section 401, lines 7, 17, and 18.

Section 402(3), page 122, Washington State Patrol, King Air Cost Recovery

The State Patrol will continue to charge other agencies for the use of its planes, but State Patrol security responsibilities have historically been funded in the agency's aviation budget. For this reason, I have vetoed Section 402(3).

Section 614(1), pages 186-187, Workforce Training and Education Coordinating Board

This proviso attempts to direct the 's discretionary Workforce Investment Act (WIA) funds to the Workforce Training and Education Coordinating Board to begin work on the Opportunity Internship Program. While I am committed to the success of this new effort, the Board does not control the federal WIA funds, and it is inappropriate to direct the 's flexible pool in this manner. I will work with the Board to find a solution that will enable this important work to begin, but have vetoed Section 614(1).

Section 805, page 205, lines 29-31, Transfers from the State Convention and Trade Center Account to the State General Fund

This appropriation implements the transfer from the State Convention and Trade Center Account to the State General Fund authorized in Section 948. Since I have vetoed that authorization, I have also vetoed Section 805, lines 29-31.

Section 805, page 206, lines 33-35, Transfer from the Performance Audits of Government Account to the State General Fund

Although the Performance Audits of Government Account has accumulated a surplus fund balance during initiation of the State Auditor's program, a transfer of $29.24 million would significantly detract from the state's ability to conduct performance audits in the future. However, because all of state government must make reductions in these tough economic times, the Auditor has committed to a $15 million transfer that can be accomplished in the next legislative session. For these reasons, I have vetoed Section 805, lines 33-35.

Section 936, pages 231-232, Savings Incentive Program Report

This section amends RCW 43.79.460 and Section 902, Chapter 4, Laws of 2009, delaying the requirement for the annual Savings Incentive Report until December 2010. Engrossed Substitute House Bill 2327 amends the same statute, but eliminates the report permanently, causing conflicting language. To eliminate conflicting amendments, I have vetoed Section 936.

Section 948, pages 246-248, State Convention and Trade Center Account

Section 948 amends RCW 67.40.040 and Section 917, Chapter 329, Laws of 2008 and Section 6011, Chapter 328, Laws of 2008, defining eligible uses of funds in the State Convention and Trade Center Account, and suspends for the 2009-11 Biennium the retention requirement and transfers to tourism accounts. With the 2010 Olympics being held in Vancouver, British Columbia, we have a unique opportunity to attract tourists to the state of Washington in the next fiscal year. Tourism spending in Washington directly supports nearly 150,000 jobs for our residents -- jobs that are vital to our economic recovery. In addition, while I believe the Fiscal Year 2009 transfer can be accomplished, it may
be called into question because of the language in this proviso. This would adversely affect the 2009 supplemental budget. A clean transfer of funds can be accomplished in the 2010 supplemental budget. For these reasons, I have vetoed Section 948.

Section 955, pages 258-259, Department of Fish and Wildlife, Eastern Washington Pheasant Enhancement Account

This section requires that no less than 80 percent of the funds from the Eastern Washington Pheasant Enhancement Account are to be used to purchase or produce pheasants. Substitute House Bill 1778 which I signed on May 5, 2009, removes the 80 percent requirement, which allows the Department more flexibility for habitat development and other long-term actions to improve pheasant production. For this reason, I have vetoed Section 955.

Section 1104(1), page 302, lines 14-15, Department of Social and Health Services, Mental Health Services
Section 1104(2), page 306, lines 22-23, Department of Social and Health Services, Mental Health Services
Section 1105(1), page 310, lines 3-4, Department of Social and Health Services, Developmental Disabilities Community Services

These reductions to Fiscal Year 2009 appropriation are vetoed in order to retain a total of $32,276 million to ensure that the Department of Social and Health Services has sufficient resources to cover caseload and related costs in Medical Assistance. For this reason, I have vetoed Section 1104(1), lines 14-15; Section 1104(2), lines 22-23; and Section 1105(1), lines 3 and 4.

A number of appropriations in Engrossed Substitute House Bill 1244 are contingent upon separate legislation, with legislative direction that the appropriations will lapse if the bills are not enacted. The following vetoes relate to bills that did not pass:

Section 103(6), page 4, Joint Legislative Audit and Review Committee, Engrossed Substitute House Bill 2338, (Growth Management Hearings Board)
Section 128(11), pages 23-24, Department of Community, Trade and Economic Development, Engrossed Substitute Senate Bill 5840, (Energy Independence)
Section 128(24), page 26, Department of Community, Trade and Economic Development, Second Substitute House Bill 1797, (Rural and Resource Lands Study)
Section 137(4), page 33, Department of Revenue, Substitute House Bill 1597, (Tax Administration)
Section 152, page 39, lines 20-26, Public Employment Relations Commission, Substitute House Bill 1329, (Child Care Center Collective Bargaining)
Section 153, page 39, lines 34-36, page 40, lines 1-4, Department of Archaeology and Historic Preservation, Second Substitute House Bill 1090, (Human Remains)
Section 218(12), page 90, Department of Labor and Industries, Engrossed Second Substitute Senate Bill 5895, (Residential Real Property)
Section 218(13), page 90, Department of Labor and Industries, Engrossed Substitute Senate Bill 6035, (Retrospective Rating Plans)
Section 218(14), page 90, Department of Labor and Industries, Engrossed Second Substitute House Bill 1393, (Residential Construction)
Section 302(11), page 106, Department of Ecology, Engrossed Second Substitute Senate Bill 5735, (Reducing Greenhouse Gas Emissions)
Section 302(18), page 107, Department of Ecology, Substitute Senate Bill 5282, (Bisphenol A Use)
Section 303(2), page 109, State Parks and Recreation Commission, Substitute House Bill 2109, (State Parks and Recreation Funding)
Section 307(5), page 113, Department of Fish and Wildlife, Substitute House Bill 1972, (Outdoor Recreation Information)
Section 309(5), page 118, Department of Agriculture, Substitute Senate Bill 5005, (Naturally Raised Beef Cattle)
Section 401(3), page 120, Department of Licensing, Engrossed Substitute Senate Bill 5529, (Architects)
Section 616(8), page 189, Department of Early Learning, Substitute House Bill 1329, (Child Care Center Collective Bargaining).

For these reasons, I have vetoed Sections 103(6); 105(3); 105(5); 117(2); 117(4); 117(5); 124(3); 126(5); 128(7); 128(11); 128(15); 128(17); 128(24); 137(4); 148(5); 152, page 39, lines 20-26; 153, page 39, lines 34-36 and page 40, lines 1-4; 204(4)(a); 205(1)(h); 205(1)(q); 207(4); 209(10); 209(11); 209(14); 209(15); 209(33); 218(12); 218(13); 218(14); 222(3); 222(20); 223(2)(b); 223(2)(f); 302 page 104, lines 18 and 19; 302(11); 302(18); 303(2); 303(4); 307(5); 309(4); 309(5); 401, page 120, lines 7, 17 and 18; 401(3); 402(3); 614(1); 616(8); 805, page 205, lines 29-31; 805, page 206, lines 33-35; 936; 948; 955; 1104(1); 1104(2); and 1105(1) of Engrossed Substitute House Bill 1244.

With the exception of Sections 103(6); 105(3); 105(5); 117(2); 117(4); 117(5); 124(3); 126(5); 128(7); 128(11); 128(15); 128(17); 128(24); 137(4); 148(5); 152, page 39, lines 20-26; 153, page 39, lines 34-36 and page 40, lines 1-4; 204(4)(a); 205(1)(h); 205(1)(q); 207(4); 209(10); 209(14); 209(15); 209(33); 218(12); 218(13); 218(14); 222(3); 222(20); 223(2)(b); 223(2)(f); 302 page 104, lines 18 and 19; 302(11); 302(18); 303(2); 303(4); 307(5); 309(4); 309(5); 401, page 120, lines 7, 17 and 18; 401(3); 402(3); 614(1); 616(8); 805, page 205, lines 29-31; 805, page 206, lines 33-35; 936; 948; 955; 1104(1); 1104(2); and 1105(1), Engrossed Substitute House Bill 1244 is approved.

Sincerely,
Christine O. Gregoire
May 6, 2009
To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I have approved, except for Section 1, Second Substitute House Bill 1484 entitled:

"AN ACT Relating to habitat open space."

I am vetoing Section 1 of this bill, regarding the use of the riparian open space program to protect critical habitat for threatened or endangered species. The language in Section 1 of this bill is identical to language adopted into law when I signed SSB 5401 earlier this session. For this reason, I have vetoed Section 1 of Second Substitute House Bill 1484.

With the exception of Section 1, Second Substitute House Bill 1484 is approved.

Respectfully submitted,
Christine Gregoire

April 21, 2009
To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute House Bill 1518 entitled:

"AN ACT Relating to prohibited practices in accountancy."

This bill is identical to Substitute Senate Bill 5434 which I signed on April 16, 2009. Because the provisions of that identical bill are already law, I am vetoing Substitute House Bill 1518 to avoid duplication and confusion.

For this reason I have vetoed Substitute House Bill 1518 in its entirety.

Respectfully submitted,
Christine Gregoire

May 18, 2009
To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

I am returning, without my approval, House Bill 1527 entitled:

"AN ACT Relating to Medicaid payment rates for boarding homes."

This bill requires that prior to adjusting boarding home Medicaid rates, the Department of Social and Health Services (Department) must convene at least one public hearing to inform boarding home providers how the adjustments were calculated and to review all factors considered in implementing the adjustments.

With such a hearing already required under the Administrative Procedures Act, this bill would lead to confusion, unnecessary duplication, and additional costs. There are better ways for the Department to improve communication regarding the boarding home reimbursement system, and I have directed them to undertake such communication efforts in lieu of placing this requirement in statute.

For this reason, I have vetoed House Bill 1527 in its entirety.

Respectfully submitted,
Christine O. Gregoire

May 5, 2009
To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I have approved, except for Section 53, Substitute House Bill 1778 entitled:

"AN ACT Relating to modernizing certain provisions in Title 77 RCW regarding fish and wildlife."
Section 53 provides the legislative intent and findings for the wildlife interactions portion of this bill. I am concerned that this section of the bill is overly broad and may lead to unintended consequences regarding expectations of the wildlife interaction program modified by this act. I do not believe that vetoing this section will in any way hinder the implementation of this program.
For these reasons, I have vetoed Section 53 of Substitute House Bill 1778.

With the exception of Section 53, Substitute House Bill 1778 is approved.

Respectfully submitted,
Christine Gregoire

To the Honorable Speaker and Members, 
The House of Representatives of the State of Washington

Ladies and Gentlemen:
I am returning, without my approval as to Section 11, Engrossed Second Substitute House Bill 2021 entitled:

"AN ACT Relating to revitalizing student financial aid."

Section 11 duplicates changes to the State Work-Study Program made in Substitute Senate Bill 5044 which I signed on April 22, 2009. I agree with the policy, but as the other bill amends the same statute in the same way, there is no need for this section.

For this reason, I have vetoed Section 11 of Engrossed Second Substitute House Bill 2021.

With the exception of Section 11, Engrossed Second Substitute House Bill number 2021 is approved.

Respectfully submitted,
Christine Gregoire
April 13, 2009

To the Honorable Speaker and Members, 
The House of Representatives of the State of Washington

Ladies and Gentlemen:
I am returning herewith, without my approval as to Section 1, Substitute House Bill 2071 entitled:

"AN ACT Relating to increasing the earning potential of parents of needy families."

I am vetoing the intent section, Section 1 of the bill, because it is broader than the substantive language in the bill. The substantive language of the bill was changed during the legislative process and the language of Section 1 reflects the content of the original bill, rather than the substitute. The intent section could cause unintended consequences and might result in increased liability for the state. Vetoing the intent section does not impede implementation of the bill.

For these reasons, I have vetoed Section 1 of Substitute House Bill 2071.

With the exception of Section 1, Substitute House Bill 2071 is approved.

Respectfully submitted,
Christine Gregoire
May 15, 2009

To the Honorable Speaker and Members, 
The House of Representatives of the State of Washington

Ladies and Gentlemen:
I have approved, except for Sections 2, 5, 6, 7 and 19, Engrossed Substitute House Bill 2072 entitled:

"AN ACT Relating to advancing effective transportation for persons with special transportation needs."

Section 19 of the bill makes the provisions of the legislation null and void if sufficient funding to implement the legislation is not included in the 2009-11 Transportation Budget. The 2009-11 Transportation Budget does include sufficient funding to implement portions of the legislation, but not the entire bill. I have decided to veto Sections 2, 5, 6 and 7 of the legislation that do not have sufficient funding for implementation, as well as the null and void clause in Section 19. As a result, we will be able to move forward with providing special needs transportation services in a more coordinated and efficient manner, without imposing unfunded mandates on state agencies.

For these reasons, I have vetoed Sections 2, 5, 6, 7 and 19 of Engrossed Substitute House Bill 2072.
With the exception of Sections 2, 5, 6, 7 and 19, Engrossed Substitute House Bill 2072 is approved.

Respectfully submitted,
Christine Gregoire

May 19, 2009
To the Honorable Speaker and Members, 
The House of Representatives of the State of Washington

Ladies and Gentlemen:
I have approved, except for Sections 1, 14 and 19, Second Substitute House Bill 2106 entitled:

"AN ACT Relating to improving child welfare outcomes through the phased implementation of strategic and proven reforms."

Section 1 of the bill is an intent section and includes a sentence that says "It is the duty of the state to provide children at risk of out-of-home placement and their families with reasonable opportunities to access supportive services that enhance their safety and well-being." The bill does not define the term "children at risk of out-of-home placement," but does define "child welfare services" broadly. This section may be interpreted as creating a broad new entitlement that I do not believe was intended.

Section 14 amends RCW 74.15.030 to specify that unfounded allegations of child abuse or neglect shall be disclosed to supervising agencies. This language is in direct conflict with existing statutory language in RCW 26.44.031(4) which specifies that an unfounded, screened-out, or inconclusive report may not be disclosed to any licensed provider.

Section 19 directs the Department of Social and Health Services (Department) to, "within existing resources...develop a curriculum to train child protective services staff in forensic techniques used for investigating allegations of child abuse and neglect." The Department cannot absorb costs associated with unfunded new activities at this time. I agree with the goal of ensuring the quality of our investigations and the local investigation protocols involving the Department, law enforcement and prosecutors are an existing mechanism that can be used to further this goal.

For these reasons, I have vetoed Sections 1, 14 and 19 of Second Substitute House Bill 2106.

With the exception of sections 1, 14 and 19, Second Substitute House Bill 2106 is approved.

Respectfully submitted,
Christine O. Gregoire

May 12, 2009
To the Honorable Speaker and Members, 
The House of Representatives of the State of Washington

Ladies and Gentlemen:
I have approved, except for Section 3, Engrossed Substitute House Bill 2128 entitled:

"AN ACT Relating to meeting the goal of all children in Washington having health care coverage by 2010."

Section 3 requires the Department of Social and Health Services to identify a staff position as the single point of contact and coordination for the Apple Health for Kids program. While I appreciate the intent of this section, I believe it inappropriate to direct in statute how an agency must staff a particular program. Especially in this difficult economic time, agencies must have the flexibility to allocate limited staff resources in the way which best suits all of their activities. Nonetheless, I will direct the Department to appoint someone to oversee this program.

For this reason, I have vetoed Section 3 of Engrossed Substitute House Bill 2128.

With the exception of Section 3, Engrossed Substitute House Bill 2128 is approved.

Respectfully submitted,
Christine O. Gregoire

May 11, 2009
To the Honorable Speaker and Members, 
The House of Representatives of the State of Washington

Ladies and Gentlemen:
I have approved, except for Section 4, House Bill 2129 entitled:

"AN ACT Relating to the greenhouse gas emissions performance standard under chapter 80.80 RCW."
Section 4 allows the governing boards of public utilities to exempt themselves from performance standards if they find "extraordinary cost impacts on utility ratepayers." I am vetoing this section because there is no clear definition of what these impacts may be on ratepayers, no process by which other parties would have the opportunity to present evidence and argument opposing a proposed exemption, and no clear legal framework that assures transparency and accountability.

For these reasons, I have vetoed Section 4 of House Bill 2129.

With the exception of Section 4, House Bill No. 2129 is approved.

Respectfully submitted,
Christine Gregoire

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I have approved, except for Sections 1, 3, 5, 6, 7, 13, 14 and 16, Engrossed Second Substitute House Bill 2227 entitled:

"AN ACT Relating to green jobs."

The Evergreen Jobs Act is another important step toward Washington's leadership in the emerging green economy.

The bill provides for improved information about employer needs and builds on the Employment Security Department's great effort around defining and forecasting green jobs. The bill promotes the development of green job training programs and more effective utilization of apprenticeships in filling green job employment demands. Finally, the bill creates the Evergreen Jobs Training Account which lays the foundation for future investments in workers and skills in this key segment of the economy.

In addition to these important steps forward, the bill includes some administrative provisions and other requirements that were not funded in the final budget. As a result, the intent sections in Section 1; the leadership team, duties, and related definitions in Sections 3, 5 and 6; requirements around training development that are not consistent with federal timelines in Section 7; and some technical provisions in Sections 13, 14 and 16 are vetoed.

Although the reporting requirements of Section 4 are not being vetoed, they have raised concerns about data availability, duplication of effort, and staff burden. Section 4 is retained with the understanding that the sponsor, the Department, and others will work together to identify appropriate measures and reporting.

Having vetoed the specific requirements around procedures, task forces, and reports, it must be noted that the goal of a more unified strategy for green jobs and some necessary, immediate steps forward are retained from this bill. Although some of the mechanisms in the bill are removed by veto, the state commitment to developing world class curricula and promoting green jobs remains vital and the sections of the Evergreen Jobs Act that are retained are a significant contribution to that effort.

For these reasons, I have vetoed Sections 1, 3, 5, 6, 7, 13, 14 and 16 of Engrossed Second Substitute House Bill 2227.

With the exception of Sections 1, 3, 5, 6, 7, 13, 14, and 16 Engrossed Second Substitute House Bill 2227 is approved.

Respectfully submitted,
Christine O. Gregoire

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I have approved, except for Section 56, Engrossed House Bill 2242 entitled:

"AN ACT Relating to creating a department of commerce."

Section 56 inadvertently removes the State Energy Program from the Revised Code of Washington. De-codifying the Energy Office was not the intent of this executive request legislation. I, therefore, have vetoed Section 56.

For these reasons, I have vetoed Section 56 of Engrossed House Bill 2242.

With the exception of Section 56, Engrossed House Bill 2242 is approved.

Respectfully submitted,
Christine O. Gregoire

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I have approved, except for Sections 115 and 709, Engrossed Substitute House Bill 2261 entitled:

"AN ACT Relating to education."

In this legislation a number of programs and formulae are to be developed to expand our state's definition of basic education. Section 115 initiates the development of an early learning program for at-risk three- and four-year olds. The bill indicates that this program is to become part of the definition of basic education. If early childhood education is to become part of our definition of basic education it cannot be made available only to at-risk children. I am deeply and personally committed to providing quality early learning programs for all of our children and will continue to work to develop an early learning program worthy of our earliest learners. I am asking Superintendent of Public Instruction Randy Dorn and Department of Early Learning Director Betty Hyde to work together to bring a proposal forward that ensures all Washington children have the benefit of early childhood education.

One of the several tasks in Engrossed Substitute House Bill 2261 is the creation of funding formulas to support the program components of a new definition of basic education and to develop a timeline for the implementation of the funding formulas along with programmatic changes. Section 709 requires the state to provide a safety net of resources for students identified by school districts as meeting local requirements for participation in a highly capable program, but for which the allocation does not provide enough support.

Section 709 is not necessary because Section 708 of the bill makes it clear that the highly capable program is not intended to be an entitlement to individual students. This section also has two troubling features: First, local school districts make the determination as to the qualifications for their highly capable programs and the types of programs offered, and by this language locally defined costs are forwarded to the state for payment without regard to other basic education program or other funding needs. Second, the state is required to provide a highly capable program safety net.

As the basic education definition evolves in this legislation, the timeline for implementation of various programs and formulae is left to the Quality Education Council. This specific provision makes the highly capable program the first task for funding, in essence prioritizing this program over all other aspects of basic education funding under consideration. Much work is left to be done to establish standards, guidelines and definitions for what constitutes a highly capable program and what the funding level should be for such a program.

For these reasons I am vetoing Sections 115 and 709 of Engrossed Substitute House Bill 2261.

With the exception of Sections 115 and 709, Engrossed Substitute House Bill 2261 is approved.

Respectfully submitted,
Christine O. Gregoire

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I have approved, except for Section 7, Engrossed Substitute House Bill 2327 entitled:

"AN ACT Relating to eliminating or reducing the frequency of reports prepared by state agencies."

Section 7 of Engrossed Substitute House Bill 2327 conflicts with Section 13 of Substitute Senate Bill 6171 that I signed on May 14, 2009. Section 7 eliminates a report on adverse events and incidents at medical facilities because there is no funding for this task. However, Section 13 of Substitute Senate Bill 6171 clarifies that this report is contingent on available funding.

For this reason, I have vetoed Section 7 of Engrossed Substitute House Bill 2327.

With the exception of Section 7, Engrossed Substitute House Bill 2327 is approved.

Respectfully submitted,
Christine O. Gregoire
