(i) (??) Except for small group health benefit plans that qualify as insurance coverage combined with a health savings account as defined by the United States internal revenue service, adjusted community rates established under this section shall pool the medical experience of all groups purchasing coverage, including the small group participants in the health insurance partnership established in RCW 70.47A.030. However, annual rate adjustments for each small group health benefit plan may vary by up to plus or minus ((four)) eight percentage points from the overall adjustment of a carrier’s entire small group pool((i) such overall adjustment to be approved by the commissioner upon a showing by the carrier, certified by a member of the American academy of actuaries that: (i) the variation is a result of deductible leverage, benefit design, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier’s small group pool. Variations of greater than ((four)) eight percentage points are subject to review by the commissioner, and must be approved or denied within sixty days of submission)) if certified by a member of the American academy of actuaries, that: (i) The variation is a result of deductible leverage, benefit design, claims cost trend for the plan, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier’s small group pool.

Sec. 6. RCW 48.46.355, 48.46.375, 48.46.380, 48.46.440, 48.46.480, 48.46.510, 48.46.520, and 48.46.530.

(??) (i) The health maintenance organization shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:
   (i) Geographic area;
   (ii) Family size;
   (iii) Age; and

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(c) The health maintenance organization shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which Medicare is the primary payer and coverage for which Medicare is not the primary payer.    (i) Changes to the enrollment of the small employer;
   (ii) Changes to the family composition of the employee;
   (iii) Changes to the health benefit plan requested by the small employer; or
   (iv) Changes in government requirements affecting the health benefit plan.

(g) Rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. A carrier may develop its rates based on claims costs (due to network provider reimbursement schedules or type of network) for a plan. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) (??) Except for small group health benefit plans that qualify as insurance coverage combined with a health savings account as defined by the United States internal revenue service, adjusted community rates established under this section shall pool the medical experience of all groups purchasing coverage, including the small group participants in the health insurance partnership established in RCW 70.47A.030. However, annual rate adjustments for each small group health benefit plan may vary by up to plus or minus ((four)) eight percentage points from the overall adjustment of a carrier’s entire small group pool((i) such overall adjustment to be approved by the commissioner upon a showing by the carrier, certified by a member of the American academy of actuaries that: (i) the variation is a result of deductible leverage, benefit design, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier’s small group pool. (i) Any surcharge established pursuant to RCW 70.47A.300(2) shall be applied only to health benefit plans purchased through the health insurance partnership; and

(ii) Risk adjustment or reinsurance mechanisms may be used by the health insurance partnership program to redistribute funds to carriers participating in the health insurance partnership based on differences in risk attributable to individual choice of health plans or other factors unique to health insurance partnership participation. Use of such mechanisms shall be limited to the partnership program and will not affect small group health plans offered outside the partnership.

(5) Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

(a) Except as provided in this subsection, requirements used by a health maintenance organization in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

(b) A health maintenance organization shall not require a minimum participation level greater than:

(i) One hundred percent of eligible employees working for groups with three or less employees; and

(ii) Seventy-five percent of eligible employees working for groups with more than three employees.

(c) In applying minimum participation requirements with respect to a small employer, a small employer shall not consider employees or dependents who have similar existing coverage in determining whether the applicable percentage of participation is met.

(d) A health maintenance organization may not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(f) A health maintenance organization must offer coverage to all eligible employees of a small employer and their dependents. A health maintenance organization may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. A health maintenance organization may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan.

(3) Carriers may design and offer a separate health plan targeted at young adults between nineteen and thirty-four years of age. The plan may include the benefits required under subsections (1) and (2) of this section but is not required to include these benefits. The health plan designed for young adults is exempt from the requirements of RCW 48.43.045(1), 48.43.515(5), 48.44.327, 48.20.397, 48.46.277, 48.43.043, 48.20.580, 48.21.241, 48.44.341, and 48.46.291. Carriers shall allow the transfer to occur without applying a preexisting condition waiting period or other limitation or penalty including, but not limited to, satisfying a new deductible or stop-loss requirement.

Correct the title.

POINT OF ORDER

Representative Hudgins requested a scope and object ruling on amendment (607) to Second Substitute Senate Bill No. 5945.

SPEAKER'S RULING

Mr. Speaker (Representative Morris presiding): "In determining the scope and object of the bill, the Speaker looks to the bill as passed by the Senate because the House committee amendment has not been adopted. As it came from the Senate, the bill was titled an act relating to "creating the Washington health partnership plan." The bill established the Washington partnership as a working group to develop recommendations for ensuring access to affordable health care services for every resident by 2012, and required state agencies to work with the federal government to maximize the receipt of federal funds for medical services to low-income children.

Amendment (607) strikes the entire bill, and replaces it with amendatory provisions to existing individual and small group health insurance plans regulated by the Insurance Commissioner under Title 48 RCW. In addition, the amendment creates a new chapter in Title 48 RCW that would allow foreign health carriers to sell products offered in other states in the state of Washington. The amendment clearly exceeds the scope and object of the Senate bill, and the point of order is well taken."

The committee amendment as amended was adopted.

There being no objection, the rules were suspended, the second reading considered the third and the bill, as amended by the House, was placed on final passage.

Representative Cody spoke in favor of the passage of the bill.

Representatives Ericksen, Hinkle, Herrera, Alexander and Bailey spoke against the passage of the bill.

MOTION

On motion of Representative Santos, Representative Flannigan was excused

The Speaker (Representative Morris presiding) stated the question before the House to be the final passage of Second Substitute Senate Bill No. 5945, as amended by the House.

ROLL CALL

The Clerk called the roll on the final passage of Second Substitute Senate Bill No. 5945, as amended by the House, and the bill passed the House by the following vote: Yeas, 62; Nays, 35; Absent, 0; Excused, 1.

Excused: Representative Flannigan.

SECOND SUBSTITUTE SENATE BILL NO. 5945, as amended by the House, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 13, 2009

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1002 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that restoration of the right to vote and serve on a jury, for individuals who have satisfied every other obligation of their sentence, best serves to reintegrate them into society, even if a no-contact order exists. Therefore, the legislature further finds clarification of the existing statute is desirable to provide clarity to the courts that a certificate of discharge shall be issued, while the no-contact order remains in effect, once other obligations are completed.

Sec. 2. RCW 9.94A.637 and 2007 c 171 s 1 are each amended to read as follows:

1(a) When an offender has completed all requirements of the sentence, including any and all legal financial obligations, and while under the custody and supervision of the department, the secretary or the secretary's designee shall notify the sentencing court, which shall discharge the offender and provide the offender with a certificate of discharge by issuing the certificate to the offender in person or by mailing the certificate to the offender's last known address.

(b)(i) When an offender has reached the end of his or her supervision with the department and has completed all the requirements of the sentence except his or her legal financial obligations, the secretary's designee shall provide the county clerk with a notice that the offender has completed all nonfinancial requirements of the sentence.

(ii) When the department has provided the county clerk with notice that an offender has completed all the requirements of the sentence and the offender subsequently satisfies all legal financial obligations under the sentence, the county clerk shall notify the sentencing court, including the notice from the department, which shall discharge the offender and provide the offender with a certificate of discharge by issuing the certificate to the offender in person or by mailing the certificate to the offender's last known address.

(c) When an offender who is subject to requirements of the sentence in addition to the payment of legal financial obligations other than subject to supervision by the department or does not complete the requirements while under supervision of the department, it is the offender's responsibility to provide the court with verification of the completion of the sentence conditions other than the payment of legal financial obligations. When the offender satisfies all legal financial obligations under the sentence, the county clerk shall notify the sentencing court that the legal financial
obligations have been satisfied. When the court has received both notification from the clerk and adequate verification from the offender that the sentence requirements have been completed, the court shall discharge the offender and provide the offender with a certificate of discharge by issuing the certificate to the offender in person or by mailing the certificate to the offender's last known address.

(2)(a) For purposes of this subsection (2), a no-contact order is not a requirement of the offender's sentence. An offender who has completed all requirements of the sentence, including any and all legal obligations, is eligible for the separate no-contact order even if the offender has an existing no-contact order that excludes or prohibits the offender from having contact with a specified person or business or coming within a set distance of any specified location.

(b) In the case of an eligible offender who has a no-contact order as part of the judgment and sentence, the offender may petition the court to issue a certificate of discharge and a separate no-contact order by filing a petition in the sentencing court and paying the appropriate filing fee associated with the petition for the separate no-contact order. This filing fee does not apply to an offender seeking a certificate of discharge when the offender has a no-contact order separate from the judgment and sentence.

(i)(A) The court shall issue a certificate of discharge and a separate no-contact order under this subsection (2) if the court determines that the offender has completed all requirements of the sentence, including all legal financial obligations. The court shall reissue the no-contact order separately under a new civil cause number for the remaining term and under the same conditions as contained in the judgment and sentence.

(B) The clerk of the court shall send a copy of the new no-contact order to the individuals protected by the no-contact order, along with an explanation of the reason for the change, if there is an address available in the court file. If no address is available, the clerk of the court shall forward a copy of the order to the prosecutor, who shall send a copy of the no-contact order with an explanation of the reason for the change to the last known address of the protected individuals.

(ii) Whenever an order under this subsection (2) is issued, the clerk of the court shall forward a copy of the order to the appropriate law enforcement agency specified in the order on or before the next judicial day. The clerk shall also include a cover sheet that indicates the case number of the judgment and sentence that has been discharged. Upon receipt of the copy of the order and cover sheet, the law enforcement agency shall enter the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. The order shall remain in this system until it expires. The new order, and case number of the discharged judgment and sentence, shall be linked in the criminal intelligence information system for purposes of enforcing the no-contact order.

(iii) A separately issued no-contact order may be enforced under chapter 26.50 RCW.

(iv) A separate no-contact order issued under this subsection (2) is not a modification of the offender's sentence.

(3) Every signed certificate and order of discharge shall be filed with the county clerk of the sentencing county. In addition, the court shall send to the department a copy of every signed certificate and order of discharge for offender sentences under the authority of the department. The county clerk shall enter into a database maintained by the administrator for the courts the names of all felons who have been issued certificates of discharge, the date of discharge, and the date of conviction and offense.

(4) An offender who is not convicted of a violent offense or a sex offense and is sentenced to a term involving community supervision may be considered for a discharge of sentence by the sentencing court prior to the completion of community supervision, provided that the offender has completed at least one-half of the term of community supervision and has met all other sentence requirements.

(Except as provided in subsection (5) of this section)) (5) The discharge shall have the effect of restoring all civil rights lost by operation of law upon conviction, and the certificate of discharge shall so state. Nothing in this section prohibits the use of an offender's prior record for purposes of determining sentences for later offenses as provided in this chapter. Nothing in this section affects or prevents use of the offender's prior conviction in a later criminal prosecution either as an element of an offense or for impeachment purposes. A certificate of discharge is not based on a finding of rehabilitation.

(6) Unless otherwise ordered by the sentencing court, a certificate of discharge shall not terminate the offender's obligation to comply with an order (issued under chapter 10.99 RCW) that excludes or prohibits the offender from having contact with a specified person or coming within a set distance of any specified location that was contained in the judgment and sentence. An offender who violates such an order after a certificate of discharge has been issued shall be subject to prosecution according to the chapter under which the order was originally issued.

(7) Upon release from custody, the offender may apply to the department for counseling and help in adjusting to the community. This voluntary help may be provided for up to one year following the release from custody.

Sec. 3. RCW 26.50.110 and 2007 c 173 s 2 are each amended to read as follows:

(1)(a) Whenever an order is granted under this chapter, chapter 7.90, 9.94A, 10.99, 26.09, 26.10, 26.26, or 74.34 RCW, or there is a valid foreign protection order as defined in RCW 26.52.020, and the respondent or person to be restrained knows of the order, a violation of any of the following provisions of the order is a gross misdemeanor, except as provided in subsections (4) and (5) of this section:

(i) The restraint provisions prohibiting acts or threats of violence against, or stalking of, a protected party, or restraint provisions prohibiting contact with a protected party;

(ii) A provision excluding the person from a residence, workplace, school, or day care;

(iii) A provision prohibiting a person from knowingly coming within, or knowingly remaining within, a specified distance of a location; or

(iv) A provision of a foreign protection order specifically indicating that a violation will be a crime.

(b) Upon conviction, and in addition to any other penalties provided by law, the court may require that the respondent submit to electronic monitoring. The court shall specify who shall provide the electronic monitoring services, and the terms under which the monitoring shall be performed. The order also may include a requirement that the respondent pay the costs of the monitoring. The court shall consider the ability of the convicted person to pay for electronic monitoring.

(2) A peace officer shall arrest without a warrant and take into custody a person whom the peace officer has probable cause to believe has violated an order of discharge under this chapter 7.90, 9.94A, 10.99, 26.09, 26.10, 26.26, or 74.34 RCW, or a valid foreign protection order as defined in RCW 26.52.020, that restrains the person or excludes the person from a residence, workplace, school, or day care, or prohibits the person from knowingly coming within, or knowingly remaining within, a specified distance of a location, if the person restrained knows of the order. Presence of the order in the law enforcement computer-based criminal intelligence information system is not the only means of establishing knowledge of the order.

(3) A violation of an order issued under this chapter, chapter 7.90, 9.94A, 10.99, 26.09, 26.10, 26.26, or 74.34 RCW, or of a valid foreign protection order as defined in RCW 26.52.020, shall also constitute contempt of court, and is subject to the penalties prescribed by law.

(4) Any assault that is a violation of an order issued under this chapter, chapter 7.90, 9.94A, 10.99, 26.09, 26.10, 26.26, or 74.34 RCW, or of a valid foreign protection order as defined in RCW 26.52.020, and that does not amount to assault in the first or second degree under RCW 9A.36.011 or 9A.36.021 is a class C felony, and any conduct in violation of such an order that is reckless and creates a substantial risk of death or serious physical injury to another person is a class C felony.

(5) A violation of a court order issued under this chapter, chapter 7.90, 9.94A, 10.99, 26.09, 26.10, 26.26, or 74.34 RCW, or of a valid foreign protection order as defined in RCW 26.52.020, is a
class C felony if the offender has at least two previous convictions for violating the provisions of an order issued under this chapter, chapter 7.90, 9.94A, 10.99, 26.09, 26.10, 26.26, or 74.34 RCW, or a valid foreign protection order as defined in RCW 26.52.020. The previous convictions may involve the same victim or other victims specifically protected by the orders the offender violated.

(6) Upon the filing of an affidavit by the petitioner or any peace officer alleging that the respondent has violated an order granted under this chapter, chapter 7.90, 9.94A, 10.99, 26.09, 26.10, 26.26, or 74.34 RCW, or a valid foreign protection order as defined in RCW 26.52.020, the court may issue an order to the respondent, requiring the respondent to appear and show cause within fourteen days why the respondent should not be found in contempt of court and punished accordingly. The hearing may be held in the court of any county or municipality in which the petitioner or respondent temporarily or permanently resides at the time of the alleged violation.

I intended to vote YEA on ENGROSSED SUBSTITUTE HOUSE BILL NO. 1002. DAVID V. TAYLOR, 15th District

MESSAGE FROM THE SENATE

April 13, 2009

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1033 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:

(1) Environmental health hazards associated with lead wheel weights are a preventable problem. People are exposed to lead fragments and dust when lead wheel weights fall from motor vehicles onto Washington roadways and are then abraded and pulverized by traffic. Lead wheel weights on and alongside roadways can contribute to soil, surface, and groundwater contamination and pose hazards to downstream aquatic life.

(2) Lead negatively affects every bodily system. While it is injurious to people of all ages, lead is especially harmful to fetuses, children, and adults of childbearing age. Effects of lead on a child's cognitive, behavioral, and developmental abilities may necessitate large expenditures of public funds for health care and special education. Irreversible damage to children and subsequent expenditures could be avoided if exposure to lead is reduced.

(3) There are no federal regulatory controls governing use of lead wheel weights. The legislature recognizes the state's need to protect the public from exposure to lead hazards.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Department" means the department of ecology.

(2) "Environmentally preferred wheel weight" means any wheel weight used for balancing motor vehicle wheels that do not include more than 0.5 percent by weight of any chemical, group of chemicals, or metal of concern identified by rule under chapter 173-333 WAC.

(3) "Lead wheel weight" means any externally affixed or attached wheel weight used for balancing motor vehicle wheels and composed of greater than 0.1 percent lead by weight.

(4) "Person" includes any individual, firm, association, partnership, corporation, governmental entity, organization, or joint venture.

(5) "Vehicle" means any motor vehicle registered in Washington with a wheel diameter of less than 19.5 inches or a gross vehicle weight of fourteen thousand pounds or less.

NEW SECTION. Sec. 3. (1) On and after January 1, 2011, a person who replaces or balances motor vehicle tires must replace lead wheel weights with environmentally preferred wheel weights on all vehicles they replace or balance tires in Washington. However, the person may use alternatives to lead wheel weights that are determined by the department to not qualify as environmentally preferred wheel weights for up to two years following the date of that determination, but must thereafter use environmentally preferred wheel weights.

(2) A person who is subject to the requirement in subsection (1) of this section must recycle the lead wheel weights that they remove.

(3) A person who fails to comply with subsection (1) of this section is subject to penalties prescribed in section 5 of this act. A violation of subsection (1) of this section occurs with respect to each vehicle for which lead wheel weights are not replaced in compliance with subsection (1) of this section.

(4) An owner of a vehicle is not subject to any requirement in this section.

NEW SECTION. Sec. 4. (1) The department shall achieve compliance with section 3 of this act through the enforcement sequence specified in this section.

(2) To provide assistance in identifying environmentally preferred wheel weights, the department shall, by October 1, 2010, prepare and distribute information regarding this chapter to the maximum extent practicable to:
(a) Persons that replace or balance motor vehicle tires in Washington; and
(b) Persons generally in the motor vehicle tire and wheel weight manufacturing, distribution, wholesale, and retail industries.

(3) The department shall issue a warning letter to a person who fails to comply with section 3 of this act and offer information or other appropriate assistance. If the person does not comply with section 3(1) of this act within one year of the department’s issuance of the warning letter, the department may assess civil penalties under section 5 of this act.

NEW SECTION. Sec. 5. (1) An initial violation of section 3(1) of this act is punishable by a civil penalty not to exceed five hundred dollars. Subsequent violations of section 3(1) of this act are punishable by civil penalties not to exceed one thousand dollars for each violation.

(2) Penalties collected under this section must be deposited in the state toxics control account created in RCW 70.105D.070.

NEW SECTION. Sec. 6. The department may adopt rules to fully implement this chapter.

NEW SECTION. Sec. 7. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 8. Sections 1 through 7 of this act constitute a new chapter in Title 70 RCW."

On page 1, line 2 of the title, after "impacts;" strike the remainder of the title and insert "adding a new chapter to Title 70 RCW; and prescribing penalties."

and the same is herewith transmitted.

(3) It is also the intent of the legislature for the department of natural resources, along with other state and local agencies, to take those administrative actions necessary to execute the recommendations contained in the report that do not require statutory changes. When taking administrative actions regarding specialized forest products, those actions should, when appropriate, be conducted consistent with recommendations contained in the report submitted to the legislature from the specialized forest products work group.

RCW 71.05.210 and 2000 c 94 s 6 are each amended to read as follows:

Each person involuntarily detained and accepted or admitted at an evaluation and treatment facility (1) shall, within twenty-four hours of his or her admission or acceptance at the facility, be examined and evaluated by (a) a licensed physician who may be assisted by a physician assistant according to chapter 18.71A RCW ((on) and a mental health professional, (b) an advanced registered nurse practitioner according to chapter 18.79 RCW and a mental health professional, or (c) a licensed physician and a psychiatric advanced registered nurse practitioner and (2) shall receive such treatment and care as his or her condition requires including treatment on an outpatient basis for the period that he or she is detained, except, or, beginning twenty-four hours prior to a trial or hearing pursuant to RCW 71.05.215, 71.05.240, 71.05.310, 71.05.320, 71.05.340, or (71.05.370) 71.05.217, the individual may refuse psychiatric medications, but may not refuse: ((4)) (a) Any other medication previously prescribed by a person licensed under Title 18 RCW; or; ((4)) (b) emergency lifesaving treatment, and the individual shall be informed at an appropriate time of his or her right of such refusal. The person shall be detained up to seventy-two hours, if, in the opinion of the professional person in charge of the facility, or his or her professional designee, the person presents a likelihood of serious harm, or is gravely disabled. A person who has been detained for seventy-two hours shall no later than the end of such period be released, unless referred for further care on a voluntary basis, or detained pursuant to court order for further treatment as provided in this chapter.

If, after examination and evaluation, the mental health professional and licensed physician (and mental health professional)) or psychiatric advanced registered nurse practitioner determine that the initial needs of the person would be better served by placement in a chemical dependency treatment facility, then the person shall be referred to an approved treatment program defined under RCW 70.96A.020.

An evaluation and treatment center admitting or accepting any person pursuant to this chapter whose physical condition reveals the need for hospitalization shall assure that such person is transferred to an appropriate hospital for evaluation or admission for treatment. Notice of such transfer shall be given to the court, the designated attorney, and the (designated) mental health professional and the court shall order such continuance in proceedings under this chapter as may be necessary, but in no event may this continuance be more than fourteen days.

Sec. 2. RCW 71.05.230 and 2006 e 333 s 302 are each amended to read as follows:

A person detained for seventy-two hour evaluation and treatment may be detained for not more than fourteen additional days of involuntary intensive treatment or ninety additional days of a less restrictive alternative to involuntary intensive treatment. There shall be no fee for filing petitions for fourteen days of involuntary intensive treatment. A petition may only be filed if the following conditions are met:

1. The professional staff of the agency or facility providing evaluation services has analyzed the person’s condition and finds that the condition is caused by mental disorder and either results in a likelihood of serious harm, or results in the detained person being gravely disabled and are prepared to testify those conditions are met; and

2. The person has been advised of the need for voluntary treatment and the professional staff of the facility has evidence that he or she has not in good faith volunteered; and

3. The facility providing intensive treatment is certified to provide such treatment by the department; and

4. The professional staff of the agency or facility or the designated mental health professional has filed a petition for fourteen day involuntary detention or a ninety day less restrictive alternative with the court. The petition must be signed either by

   (a) Two physicians ((on));
   (b) One physician and a mental health professional((on));
   (c) Two psychiatric advanced registered nurse practitioners;
   (d) One psychiatric advanced registered nurse practitioner and a mental health professional; or
   (e) A physician and a psychiatric advanced registered nurse practitioner. The persons signing the petition must have examined the person. If involuntary detention is sought the petition shall state facts that support the finding that such person, as a result of mental disorder, presents a likelihood of serious harm, or is gravely disabled and that there are no less restrictive alternatives to detention in the best interest of such person or others. The petition shall state specifically that less restrictive alternative treatment was considered and specify why treatment less restrictive than detention is not appropriate. If an involuntary less restrictive alternative is sought, the petition shall state facts that support the finding that such person, as a result of mental disorder, presents a likelihood of serious harm, or is gravely disabled and shall set forth the less restrictive alternative proposed by the facility; and

5. A copy of the petition has been served on the detained person, his or her attorney and his or her guardian or conservator, if any, prior to the probable cause hearing; and

6. The court at the time the petition was filed and before the probable cause hearing has appointed counsel to represent such person if no other counsel has appeared; and

7. The court has ordered a fourteen day involuntary intensive treatment or a ninety day less restrictive alternative treatment after a probable cause hearing has been held pursuant to RCW 71.05.240; and

8. At the conclusion of the initial commitment period, the professional staff of the agency or facility or the designated mental health professional may petition for an additional period of either ninety days of less restrictive alternative treatment or ninety days of involuntary intensive treatment as provided in RCW 71.05.290; and

9. If the hospital or facility designated to provide outpatient treatment is other than the facility providing involuntary treatment, the outpatient facility so designated has agreed to assume such responsibility.

Sec. 3. RCW 71.05.290 and 2008 c 213 s 7 are each amended to read as follows:

1. At any time during a person’s fourteen day intensive treatment period, the professional person in charge of a treatment facility or his or her professional designee or the designated mental health professional may petition the superior court for an order requiring the person to undergo an additional period of treatment. Such petition must be based on one or more of the grounds set forth in RCW 71.05.280.

   (a) Two examining physicians((on));
   (b) One examining physician and examining mental health professional;
   (c) Two psychiatric advanced registered nurse practitioners;
   (d) One psychiatric advanced registered nurse practitioner and a mental health professional; or
   (e) An examining physician and examining psychiatric advanced registered nurse practitioner. 3. If a person has been determined to be incompetent pursuant to RCW 10.77.086(4), then the professional person in charge of the treatment facility or his or her professional designee or the designated mental health professional may directly file a petition for one hundred eighty day treatment under RCW 71.05.280(3). The regional support network administrator or designee may review the petition and may appear and testify at the full hearing on the petition.

2. At the time set for appearance the detained person shall be brought before the court, unless such appearance has been waived and the court shall advise him or her of his or her right to be represented by an attorney and of his or her right to a jury trial. The release of records under this subsection shall be limited to the treatment records required by law, a record or summary of all somatic treatments, and a discharge summary. The discharge summary may include a statement of the patient's problem, the treatment goals, the type of treatment which has been provided, and recommendation for future treatment, but may not include the patient's complete treatment record.

(j) Notwithstanding the provisions of RCW 71.05.390(7), to a correctional facility or a corrections officer who is responsible for the supervision of a person who is receiving inpatient or outpatient evaluation or treatment. (k) To the person's counsel or guardian ad litem, without modification, at any time in order to prepare for involuntary commitment or recommitment proceedings, reexaminations, appeals, or other actions relating to detention, admission, commitment, or patient's rights under chapter 71.05 RCW.

(l) To staff members of the protection and advocacy agency or to staff members of a private, nonprofit corporation for the purpose of protecting and advocating the rights of persons with mental disorders or developmental disabilities. Any staff member who wishes to obtain additional information shall notify the patient's resource management services in writing of the request and of the resource management services' right to object. The staff member shall send the notice by mail to the guardian's address. If the guardian does not object in writing within fifteen days after the notice is mailed, the staff member may obtain the additional information. (m) For purposes of coordinating health care, the department may release without informed written consent of the patient, information acquired for billing and collection purposes as described in (b) of this subsection to all current treating providers of the patient with prescriptive authority who have written a prescription for the patient within the last twelve months. The department shall notify the patient that billing and collection information has been released to named providers, and provide the substance of the information released and the dates of such release. The department shall not release counseling, inpatient psychiatric hospitalization, or drug and alcohol treatment information without a signed written release from the client.

Such observation shall be for a period of not to exceed ninety days. The defendant shall be detained in the county jail or other county facilities pending execution of such observation order by the department.

(c) At the time of admission to inpatient treatment, refuses to be admitted, may only be admitted into inpatient mental health treatment under subsection (2) of this section.

(2) A principal may only be admitted to inpatient mental health treatment under his or her directive if, prior to admission, a (physician) member of the treating facility's professional staff who is a physician or psychiatric advanced registered nurse practitioner:
(a) Evaluates the principal's mental condition, including a review of reasonably available psychiatric and psychological history, diagnosis, and treatment needs, and determines, in conjunction with another health care provider or mental health professional, that the principal is incapacitated;
(b) Obtains the informed consent of the agent, if any, designated in the directive;
(c) Makes a written determination that the principal needs an inpatient evaluation or is in need of inpatient treatment and that the evaluation or treatment cannot be accomplished in a less restrictive setting or community;

(3) In the event the admitting physician is not a psychiatrist, or the advanced registered nurse practitioner is not a psychiatric advanced registered nurse practitioner, the principal shall receive a complete psychological assessment by a mental health professional within twenty-four hours of admission to determine the continued need for inpatient evaluation or treatment.

(4)(a) If it is determined that the principal has capacity, then the principal may only be admitted to, or remain in, inpatient treatment if he or she consents at the time or is detained under the involuntary treatment provisions of chapter 70.96A, 71.05, or 71.34 RCW.
(b) If a principal who is determined by two health care providers or one mental health professional and one health care provider to be incapacitated continues to refuse inpatient treatment, the principal may immediately seek injunctive relief for release from the facility.
(5) If, at the end of the period of time that the principal or the principal's agent, if any, has consented to voluntary inpatient treatment, but no more than fourteen days after admission, the principal has not regained capacity or has regained capacity but refuses to consent to remain for additional treatment, the principal must be released during reasonable daylight hours, unless detained under chapter 70.96A, 71.05, or 71.34 RCW.
(6)(a) Except as provided in (b) of this subsection, any principal who is voluntarily admitted to inpatient mental health treatment under this chapter shall have all the rights provided to individuals who are voluntarily admitted to inpatient treatment under chapter 71.05, 71.34, or 72.23 RCW.
(b) Notwithstanding RCW 71.05.050 regarding consent to inpatient treatment for a specified length of time, the choices an incapacitated principal expressed in his or her directive shall control, provided, however, that a principal who takes action demonstrating a desire to be discharged, in addition to making statements requesting to be discharged, shall be discharged, and no principal shall be restrained in any way in order to prevent his or her discharge.

(7) Consent to inpatient admission in a directive is effective only while the professional person, health care provider, and health care facility are in substantial compliance with the material provisions of the directive related to inpatient treatment.

Sec. 13. RCW 71.32.250 and 2003 c 283 s 25 are each amended to read as follows:

(1) If a principal who is a resident of a long-term care facility is admitted to inpatient mental health treatment pursuant to his or her directive, the principal shall be allowed to be readmitted to the same long-term care facility as if his or her inpatient admission had been for a physical condition on the same basis that the principal would be readmitted under state or federal statute or rule when:

(a) The treating facility's professional staff determine that inpatient mental health treatment is no longer medically necessary for the resident. The determination shall be made in writing by a psychiatrist, psychiatric advanced registered nurse practitioner, or (b) a mental health professional and either (i) a physician or (ii) psychiatric advanced registered nurse practitioner;
(b) The person's consent to admission in his or her directive has expired.

(2)(a) If the long-term care facility does not have a bed available at the time of discharge, the treating facility may discharge the resident, in consultation with the resident and agent if any, and in accordance with a medically appropriate discharge plan, to another long-term care facility.
(b) This section shall apply to inpatient mental health treatment admission of long-term care facility residents, regardless of whether the admission is directly from a facility, hospital emergency room, or other location.
(3) This section does not restrict the right of the resident to an earlier release from the inpatient treatment facility. This section does not restrict the right of a long-term care facility to initiate transfer or discharge of a resident who is readmitted pursuant to this section, provided that the facility has complied with the laws governing the transfer or discharge of a resident.

(3) The joint legislative audit and review committee shall conduct an evaluation of the operation and impact of this section. The committee shall report its findings to the appropriate committees of the legislature by December 1, 2004.

Sec. 14. RCW 71.32.260 and 2003 c 283 s 26 are each amended to read as follows:

The directive shall be in substantially the following form:

**Mental Health Advance Directive**

**NOTICE TO PERSONS CREATING A MENTAL HEALTH ADVANCE DIRECTIVE**

This is an important legal document. It creates an advance directive for mental health treatment. Before signing this document you should know these important facts:

(1) This document is called an advance directive and allows you to make decisions in advance about your mental health treatment, including medications, short-term admission to inpatient treatment and electroconvulsive therapy.

**YOU DO NOT HAVE TO FILL OUT OR SIGN THIS FORM. IF YOU DO NOT SIGN THIS FORM, IT WILL NOT TAKE EFFECT.**

If you choose to complete and sign this document, you may still decide to leave some items blank.

(2) You have the right to appoint a person as your agent to make treatment decisions for you. You must notify your agent that you have appointed him or her as an agent. The person you appoint has a duty to act consistently with your wishes made known by you. If your agent does not know what your wishes are, he or she has a duty to act in your best interest. Your agent has the right to withdraw from the appointment at any time.

(3) The instructions you include with this advance directive and the authority you give your agent to act will only become effective under the conditions you select in this document. You may choose to limit this directive and your agent's authority to times when you are incapacitated or to times when you are exhibiting symptoms or behavior that you specify. You may also make this directive effective immediately. No matter when you choose to make this directive effective, your treatment providers must still seek your informed consent at all times that you have capacity to give informed consent.

(4) You have the right to revoke this document in writing at any time you have capacity.
NINETY FIFTH DAY, APRIL 16, 2009
YOU MAY NOT REVOKE THIS DIRECTIVE WHEN YOU
HAVE BEEN FOUND TO BE INCAPACITATED UNLESS
YOU HAVE SPECIFICALLY STATED IN THIS
DIRECTIVE THAT YOU WANT IT TO BE REVOCABLE
WHEN YOU ARE INCAPACITATED.
(5) This directive will stay in effect until you revoke it unless you
specify an expiration date. If you specify an expiration date
and you are incapacitated at the time it expires, it will
remain in effect until you have capacity to make treatment
decisions again unless you chose to be able to revoke it
while you are incapacitated and you revoke the directive.
(6) You cannot use your advance directive to consent to civil
commitment. The procedures that apply to your advance
directive are different than those provided for in the
Involuntary Treatment Act. Involuntary treatment is a
different process.
(7) If there is anything in this directive that you do not
understand, you should ask a lawyer to explain it to you.
(8) You should be aware that there are some circumstances where
your provider may not have to follow your directive.
(9) You should discuss any treatment decisions in your directive
with your provider.
(10) You may ask the court to rule on the validity of your
directive.
PART I.
STATEMENT OF INTENT TO CREATE A
MENTAL HEALTH ADVANCE DIRECTIVE
I, . . . . . . . . . . being a person with capacity, willfully and
voluntarily execute this mental health advance directive so that
my choices regarding my mental health care will be carried out in
circumstances when I am unable to express my instructions and
preferences regarding my mental health care. If a guardian is
appointed by a court to make mental health decisions for me, I
intend this document to take precedence over all other means of
ascertaining my intent.
The fact that I may have left blanks in this directive does not
affect its validity in any way. I intend that all completed sections
be followed. If I have not expressed a choice, my agent should
make the decision that he or she determines is in my best interest.
I intend this directive to take precedence over any other directives
I have previously executed, to the extent that they are inconsistent
with this document, or unless I expressly state otherwise in either
document.
I understand that I may revoke this directive in whole or in
part if I am a person with capacity. I understand that I cannot
revoke this directive if a court, two health care providers, or one
mental health professional and one health care provider find that
I am an incapacitated person, unless, when I executed this
directive, I chose to be able to revoke this directive while
incapacitated.
I understand that, except as otherwise provided in law,
revocation must be in writing. I understand that nothing in this
directive, or in my refusal of treatment to which I consent in this
directive, authorizes any health care provider, professional
person, health care facility, or agent appointed in this directive to
use or threaten to use abuse, neglect, financial exploitation, or
abandonment to carry out my directive.
I understand that there are some circumstances where my
provider may not have to follow my directive.
PART II.
WHEN THIS DIRECTIVE IS EFFECTIVE
YOU MUST COMPLETE THIS PART FOR YOUR DIRECTIVE
TO BE VALID.
I intend that this directive become effective (YOU MUST
CHOOSE ONLY ONE):
. . . . . . Immediately upon my signing of this directive.
. . . . . . If I become incapacitated.
. . . . . . When the following circumstances, symptoms, or
behaviors occur: . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . .

PART III.
DURATION OF THIS DIRECTIVE
YOU MUST COMPLETE THIS PART FOR YOUR DIRECTIVE
TO BE VALID.
I want this directive to (YOU MUST CHOOSE ONLY ONE):
. . . . . . Remain valid and in effect for an indefinite period of time.
. . . . . . Automatically expire . . . . . . . . . . . . . . years from the date
it was created.
PART IV.
WHEN I MAY REVOKE THIS DIRECTIVE
YOU MUST COMPLETE THIS PART FOR THIS DIRECTIVE
TO BE VALID.
I intend that I be able to revoke this directive (YOU MUST
CHOOSE ONLY ONE):
. . . . . . Only when I have capacity.
I understand that choosing this option means I may only revoke
this directive if I have capacity. I further understand that if
I choose this option and become incapacitated while this
directive is in effect, I may receive treatment that I specify
in this directive, even if I object at the time.
. . . . . . Even if I am incapacitated.
I understand that choosing this option means that I may revoke
this directive even if I am incapacitated. I further understand
that if I choose this option and revoke this directive while I
am incapacitated I may not receive treatment that I specify
in this directive, even if I want the treatment.

measures shall be taken to ensure medical treatment is
provided for any condition requiring immediate medical attention.

nurse practitioner determine that the initial needs of the minor would

program defined under RCW 70.96A.020.
(3) The admitting facility shall take reasonable steps to notify
immediately the minor's parent of the admission.
(4) During the initial seventy-two hour treatment period, the
minor has a right to associate or receive communications from
parents or others unless the professional person in charge determines

minor's condition or treatment and so indicates in the minor's clinical
record, and notifies the minor's parents of this determination. In no
event may the minor be denied the opportunity to consult an attorney.

If the evaluation and treatment facility admits the minor, it
may detain the minor for evaluation and treatment for a period not to
exceed seventy-two hours from the time of provisional acceptance.
The computation of such seventy-two hour period shall exclude
Saturdays, Sundays, and holidays. This initial treatment period shall
not exceed seventy-two hours except when an application for

advise the minor of his or her rights as set forth in this chapter.

treatment facility where a minor has been admitted involuntarily for
the initial seventy-two hour treatment period under this chapter may
petition to have a minor committed to an evaluation and treatment

If the professional person in charge of the treatment and
evaluation facility does not petition to have the minor committed, the
parent who has custody of the minor may seek review of that
decision in court. The parent shall file notice with the court and
provide a copy of the treatment and evaluation facility's report.

the criteria for fourteen-day commitment;
(3) The name of the minor alleged to meet the criteria for
fourteen-day commitment;
(4) The name, telephone number, and address if known
of every person believed by the petitioner to be legally responsible
for the minor;
(5) A statement that the petitioner has examined the
minor and finds that the minor's condition meets required criteria for
fourteen-day commitment and the supporting facts therefor;
(6) A statement that the minor has been advised of the need
for voluntary treatment but has been unwilling or unable to
consent to necessary treatment;
(7) A statement recommending the appropriate facility
or facilities to provide the necessary treatment; and
(8) A statement concerning whether a less restrictive
alternative to inpatient treatment is in the best interests of the minor.

(b) A copy of the petition shall be personally delivered to
the minor by the petitioner or petitioner's designee. A copy of the
petition shall be sent to the minor's attorney and the minor's parent.

Sec. 18. RCW 71.34.750 and 1985 c 354 s 9 are each amended
to read as follows:

commitment, the professional person in charge may petition the court
for an order requiring the minor to undergo an additional one hundred
eighty-day period of treatment. The evidence in support of the
petition shall be presented by the county prosecutor unless the
petition is filed by the professional person in charge of a state-
operated facility in which case the evidence shall be presented by the
attorney general.

(2) The petition for one hundred eighty-day commitment
shall contain the following:
(a) The name and address of the petitioner or petitioners;

(d) The date of the fourteen-day commitment order; and
(e) A summary of the facts supporting the petition.

The affidavits shall describe in detail the behavior of the detained minor which supports the petition and shall state whether a less restrictive alternative to inpatient treatment is in the best interests of the minor.
(4) The petition for one hundred eighty-day commitment shall be filed with the clerk of the court at least three days before the expiration of the fourteen-day commitment period. The petitioner or the petitioner's designee shall within twenty-four hours of filing serve a copy of the petition on the minor and notify the minor's attorney and the minor's parent. A copy of the petition shall be provided to such persons at least twenty-four hours prior to the hearing.
(5) At the time of filing, the court shall set a date within seven days for the hearing on the petition. The court may continue the hearing upon the written request of the minor or the minor’s attorney for not more than ten days. The minor or the parents shall be afforded the same rights as in a fourteen-day commitment hearing.
(6) For one hundred eighty-day commitment, the court must find by clear, cogent, and convincing evidence that the minor:
(a) Is suffering from a mental disorder;
(b) Presents a likelihood of serious harm or is gravely disabled; and
(c) Is in need of further treatment that only can be provided in a one hundred eighty-day commitment.
(7) If the court finds that the criteria for commitment are met and that less restrictive treatment in a community setting is not appropriate or available, the court shall order the minor committed for further inpatient treatment to the custody of the secretary or to a private treatment and evaluation facility if the minor's parents have assumed responsibility for payment for the treatment. If the court finds that a less restrictive alternative is in the best interest of the minor, the court shall order less restrictive alternative treatment upon such conditions as necessary.
If the court determines that the minor does not meet the criteria for one hundred eighty-day commitment, the minor shall be released.
(8) Successive one hundred eighty-day commitments are permissible on the same grounds and under the same procedures as the original one hundred eighty-day commitment. Such petitions shall be filed at least five days prior to the expiration of the previous one hundred eighty-day commitment order.

SECOND READING

ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5649, by Senate Committee on Ways & Means (originally sponsored by Senators Rockefeller, Hobbs, Pridemore, Kohl-Welles, Keiser, Fraser, Sheldon, Shin, McAuliffe, Kline and Oennig)

Regarding energy efficiency in buildings.

There being no objection, the committee amendment was not adopted. (For committee amendment, see Journal, Day 85, April 6, 2009.)

Amendment (618) to the committee amendment was ruled out of order.

Representative McCoy moved the adoption of amendment (711):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. FINDINGS. (1) The legislature finds that improving energy efficiency in structures is one of the most cost-effective means to meet energy requirements, and that while there have been significant efficiency savings achieved in the state over the past quarter century, there remains enormous potential to achieve even greater savings. Increased weatherization and more extensive efficiency improvements in residential, commercial, and public buildings achieves many benefits, including reducing energy bills, avoiding the construction of new electricity generating facilities with associated climate change impacts, and creation of family-wage jobs in performing energy audits and improvements."
(2) It is the intent of the legislature that financial and technical assistance programs be expanded to direct municipal, state, and federal funds, as well as electric and natural gas utility funding, toward greater achievement of energy efficiency improvements. To this end, the legislature establishes a policy goal of assisting in weatherizing twenty thousand homes and businesses in the state in each of the next five years. The legislature also intends to attain this goal in part through supporting programs that rely on community organizations and that there be maximum family-wage job creation in fields related to energy efficiency.

PART 1
Energy Efficiency Improvement Program

NEW SECTION. Sec. 2. DEFINITIONS. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Customers" means residents, businesses, and building owners.

(2) "Direct outreach" means:
(a) The use of door-to-door contact, community events, and other methods of direct interaction with customers to inform them of energy efficiency and weatherization opportunities; and
(b) The performance of energy audits.

(3) "Energy audit" means an assessment of building energy efficiency opportunities, from measures that require very little investment and without any disruption to building operation, normally involving general building operational measures, to low or relatively higher cost investment, such as installing timers to turn off equipment, replacing light bulbs, installing insulation, replacing equipment and appliances with higher efficiency equipment and appliances, and similar measures. The term includes an assessment of alternatives for generation of heat and power from renewable energy resources, including installation of solar water heating and equipment for photovoltaic electricity generation.

(4) "Energy efficiency and conservation block grant program" means the federal program created under the energy independence and security act of 2007 (P.L. 110-140).

(5) "Energy efficiency services" means energy audits, weatherization, energy efficiency retrofits, energy management systems as defined in RCW 39.35.030, and other activities to reduce a customer’s energy consumption, and includes assistance with paperwork, arranging for financing program design and development, and other postenergy audit assistance and education to help customers meet their energy savings goals.

(6) "Low-income individual" means an individual whose annual household income does not exceed eighty percent of the area median income for the metropolitan, micropolitan, or combined statistical area in which that individual resides as determined by the United States department of housing and urban development.

(7) "Sponsor" means any entity or group of entities that submits a proposal under section 102 of this act, including but not limited to any nongovernmental nonprofit organization, local community action agency, tribal nation, community service agency, public service company, county, municipality, publicly owned electric, or natural gas utility.

(8) "Sponsor match" means the share, if any, of the cost of efficiency improvements to be paid by the sponsor.

(9) "Weatherization" means making energy and resource conservation and energy efficiency improvements.

NEW SECTION. Sec. 3. The Washington State University extension energy program is authorized to implement grants for pilot programs providing community-wide urban residential and commercial energy efficiency upgrades. The Washington State University extension energy program must coordinate and collaborate with the department of community, trade, and economic development on the design, administration, and implementation elements of the pilot program.

(1) There must be at least three grants for pilot programs, awarded on a competitive basis to sponsors for conducting direct outreach and delivering energy efficiency services that, to the extent feasible, ensure a balance of participation for:
(a) Geographic regions in the state;
(b) Types of fuel used for heating;
(c) Owner-occupied and rental residences; (d) Small commercial buildings; and
(e) Single-family and multifamily dwellings.

(2) The pilot programs must:
(a) Provide assistance for energy audits and energy efficiency-related improvements to structures owned by or used for residential, commercial, or nonprofit purposes in specified urban neighborhoods where the objective is to achieve a high rate of participation among building owners within the pilot area;
(b) Utilize volunteer support to reach out to potential customers through the use of community-based institutions;
(c) Employ qualified energy auditors and energy efficiency service providers to perform the energy audits using recognized energy efficiency and weatherization services that are cost-effective;
(d) Select and provide oversight of contractors to perform energy efficiency services. Sponsors shall give preference to contractors that participate in quality control and efficiency training, use workers trained from workforce training and apprentice programs established under chapter . . . Laws of 2009 (Engrossed Second Substitute House Bill No. 2227) if these workers are available, pay prevailing wages, hire from the community in which the program is located, and create employment opportunities for veterans, members of the national guard, and low-income and disadvantaged populations; and
(e) Work with customers to secure financing for their portion of the project and apply for and administer utility, public, and charitable funding provided for energy audits and retrofits.

(3) The Washington State University extension energy program must give priority to sponsors that can secure a sponsor match of at least one dollar for each dollar awarded.

(a) A sponsor may use its own moneys, including corporate or ratepayer moneys, or moneys provided by landlords, charitable groups, government programs, the Bonneville power administration, or other sources to pay the sponsor match.

(b) A sponsor may meet its match requirement in whole or in part through providing labor, materials, or other in-kind expenditures.

(4)(a) Pilot programs receiving funding must report compliance with performance metrics for each sponsor receiving a grant award.

The performance metrics include:
(i) Monetary and energy savings achieved;
(ii) Savings-to-investment ratio achieved for customers;
(iii) Wage levels of jobs created;
(iv) Utilization of preapprentice and apprenticeship programs; and
(v) Efficiency and speed of delivery of services.

(b) Pilot programs receiving funding under this section are required to report to the Washington State University energy extension program on compliance with the performance metrics every six months following the receipt of grants, with the last report submitted six months after program completion.

(c) The Washington State University extension energy program shall review the accuracy of these reports and provide a progress report on all grant pilot programs to the appropriate committees of the legislature by December 1st of each year.

(5)(a) By December 1, 2009, the Washington State University extension energy program shall provide a report to the governor and appropriate legislative committees on the: Number of grants awarded; number of jobs created or maintained; number and type of individuals trained through workforce training and apprentice programs; number of veterans, members of the national guard, and individuals of low-income and disadvantaged populations employed by pilot programs; and amount of funding provided through the grants as established in subsection (1) of this section and the performance metrics established in subsection (4) of this section.

(b) By December 1, 2010, the Washington State University extension energy program shall provide a final report to the governor and appropriate legislative committees on the: Number of grants awarded; number of jobs created or maintained; number and type of individuals trained through workforce training and apprentice programs; number of veterans, members of the national guard, and individuals of low-income and disadvantaged populations employed by pilot programs; and amount of funding provided through the grants as established in subsection (1) of this section and the performance metrics established in subsection (4) of this section.
NEW SECTION, Sec. 4. FARM ENERGY ASSESSMENTS.

(1) The legislature finds that increasing energy costs put farm viability and competitiveness at risk and that energy efficiency improvements on the farm are the most cost-effective way to manage these costs. The legislature further finds that current on-farm energy efficiency programs often miss opportunities to evaluate and conserve all types of energy, including fuels and fertilizers.

(2) The Washington State University extension energy program, in consultation with the department of agriculture, shall form an interdisciplinary team of agricultural and energy extension agencies to develop and offer new methods to help agricultural producers assess their opportunities to increase energy efficiency in all aspects of their operations. The interdisciplinary team must develop and deploy:

(a) Online energy self-assessment software tools to allow agricultural producers to assess whole-farm energy use and to identify the most cost-effective efficiency opportunities;

(b) Energy auditor training curricula specific to the agricultural sector and designed for use by agricultural producers, conservation districts, agricultural extensions, and commodity groups;

(c) An effective infrastructure of trained energy auditors available to assist agricultural producers with on-farm energy audits and identify cost-share assistance for efficiency improvements; and

(d) Measurement systems for cost savings, energy savings, and carbon emission reduction benefits resulting from efficiency improvements identified by the interdisciplinary team.

(3) The Washington State University extension energy program shall seek to obtain additional resources for this section from federal and state agricultural assistance programs and from other sources.

(4) The Washington State University extension energy program shall provide technical assistance for farm energy assessment activities as specified in this section.

(d) The department may allocate funds to a nonutility sponsor without requiring a sponsor match if the department determines that such an allocation is necessary to provide the greatest benefits to low-income residents of the state.  

(e) The department shall give preference to sponsors that employ individuals trained from workforce training and apprentice programs established under chapter . . ., Laws of 2009 (Engrossed Second Substitute House Bill No. 2227) if these workers are available, and create employment opportunities for veterans, members of the national guard, and low-income and disadvantaged populations.  

(f) A sponsor may elect to: (i) Pay a sponsor match as a lump sum at the time of weatherization, or (ii) make yearly payments to the low-income weatherization assistance account over a period not to exceed ten years. If a sponsor elects to make yearly payments, the value of the payments shall not be less than the value of the lump sum payment that would have been made under (a)(i) of this subsection.  

(g) The department may permit a sponsor to meet its match requirement in whole or in part through providing labor, materials, or other in-kind expenditures.  

(5) Programs receiving funding under this section must report to the department every six months following the receipt of a grant regarding the number of dwelling units weatherized, the number of jobs created or maintained, and the number of individuals trained through workforce training and apprentice programs, with the last report submitted six months after program completion. Sec. 8. RCW 70.164.060 and 1987 c 36 s 6 are each amended to read as follows:  

Before a leased or rented residence is weatherized, written permission shall be obtained from the owner of the residence for the weatherization. The department shall adopt rules to ensure that: (1) The benefits of weatherization assistance ((in connection with a leased or rented residence)), including utility bill reduction and preservation of affordable housing stock, accrue primarily to low-income tenants occupying a leased or rented residence; (2) as a result of weatherization provided under this chapter, the rent on the residence is not increased and the tenant is not evicted; and (3) as a result of weatherization provided under this chapter, no undue or excessive enhancement occurs in the value of the residence. This section is in the public interest and any violation by a landlord of the rules adopted under this section shall be an act in trade or commerce violating chapter 19.86 RCW, the consumer protection act.  

New section. Sec. 9. A new section is added to chapter 70.164 RCW to read as follows:  

(1) The department must: (a) Establish a process to award grants on a competitive basis to provide grants to financial institutions for the purpose of creating credit enhancements, such as loan loss reserve funds as specified in sections 206 and 208 of this act, and consumer financial products and services that will be used to obtain energy efficiency services; and (b) develop criteria, in consultation with the department of financial institutions, regarding the extent to which funds will be provided for the purposes of credit enhancements and set forth principles for accountability for financial institutions receiving funding for credit enhancements.  

(2) The department must:  

(a) Give priority to financial institutions that provide both consumer financial products or services and direct outreach;  

(b) Approve any financing mechanisms offered by local municipalities under section 208 of this act; and  

(c) Require any financial institution or other entity receiving funding for credit enhancements to:  

(i) Provide books, accounts, and other records in such a form and manner as the department may require;  

(ii) Provide an estimate of projected loan losses; and  

(iii) Provide the financial institution's plan to manage loan loss risks, including the rationale for sizing a loan loss reserve and the use of other credit enhancements, as applicable.  

New section. Sec. 10. A new section is added to chapter 70.164 RCW to read as follows:  

Promoting the involvement of financial institutions in financing energy efficiency projects--findings and intent. (1) The legislature finds that the creation and use of risk reduction mechanisms will promote greater involvement of local financial institutions and other financing mechanisms in funding energy efficiency improvements and will achieve greater leverage of state and federal dollars. Risk reduction mechanisms will allow financial institutions to lend to a broader pool of applicants on more attractive terms, such as potentially lower rates and longer loan terms. Placing a portion of funds in long-term risk reduction mechanisms will support a sustained level of energy efficiency investment by financial institutions while providing funding to projects quickly.  

(2) It is the intent of the legislature to leverage new federal funding aimed at promoting energy efficiency projects, improving energy efficiency, and increasing family-wage jobs. To this end, the legislature intends to invest a portion of all federal funding, subject to federal requirements, for energy efficiency projects in financial mechanisms that will provide for maximum leverage of financing.  

New section. Sec. 11. A new section is added to chapter 70.164 RCW to read as follows:  

The department may create an appliance efficiency rebate program with available funds from the energy efficient appliances rebate program authorized under the federal energy policy act of 2005 (P.L. 109-58).  

New section. Sec. 12. A new section is added to chapter 70.164 RCW to read as follows:  

Promoting the involvement of financial institutions in financing energy efficiency projects. (1) Local municipalities receiving federal stimulus moneys through the federal energy efficiency and conservation block grant program or state energy program are authorized to use those funds, subject to federal requirements, to establish loan loss reserves or toward risk reduction mechanisms, such as loan loss reserves, to leverage financing for energy efficiency projects.  

(2) Interest rate subsidies, financing transaction cost subsidies, capital grants to energy users, and other forms of grants and incentives that support financing energy efficiency projects are authorized uses of federal energy efficiency funding.  

(3) Financing mechanisms offered by local municipalities under this section must conform to all applicable state and federal rules and regulations.  

New section. Sec. 13. A new section is added to chapter 70.164 RCW to read as follows:  

Promoting the involvement of state-chartered bond authorities in financing energy efficiency projects. (1) The legislature finds that the state bond authorities have capacities that can be applied to financing energy efficiency projects for their respective eligible borrowers: Washington economic development finance authority for industry; Washington state housing finance commission for single-family and multifamily housing, commercial properties, agricultural properties,
and nonprofit facilities; Washington higher education facilities authority for private, nonprofit higher education; and Washington health care facilities authority for hospitals and all types of health clinics.

(2)(a) Subject to federal requirements, the state bond authorities may accept and administer an allocation of the state's share of the federal energy efficiency funding for designing energy efficiency finance loan products and for developing and operating energy efficiency finance programs. The state bond authorities shall coordinate with the department on the design of the bond authorities' programs.

(b) The department may make allocations of the federal funding to the state bond authorities and may direct and administer funding for outreach, marketing, and delivery of energy services to support the programs by the state bond authorities.

(c) The legislature authorizes a portion of the federal energy efficiency funds to be used by the state bond authorities for credit enhancements and reserves for such programs.

(3) The Washington state housing finance commission may:
(a) Issue revenue bonds as the term "bond" is defined in RCW 43.180.020 for the purpose of financing loans for energy efficiency and renewable energy improvement projects in accordance with RCW 43.180.150; and
(b) Establish eligibility criteria for financing that will enable it to choose applicants who are likely to repay loans made or acquired by the commission and funded from the proceeds of federal or commission bonds; and
(c) Participate fully in federal and other governmental programs and take such actions as are necessary and consistent with chapter 43.180 RCW to secure to itself and the people of the state the benefits of programs to promote energy efficiency and renewable energy technologies.

PART 3
Energy Efficiency in Publicly Funded Housing

NEW SECTION. Sec. 14. A new section is added to chapter 43.185 RCW to read as follows:
ENERGY AUDITS AND RETROPTS IN PUBLICLY FUNDED HOUSING. (1) The legislature finds that growing preservation and rehabilitation needs in the housing trust fund property portfolio provide opportunities to advance energy efficiency and weatherization efforts for low-income individuals in Washington state while protecting the state's six hundred million dollars in affordable housing investments. Preservation of existing affordable housing, when done in conjunction with weatherization activities, is a cost-effective, prudent, and environmentally friendly strategy to ensure that low-income housing remains durable, safe, and affordable. Therefore, the legislature intends that where federal funds are available for increasing and improving energy efficiency of low-income housing that these funds must be utilized, subject to federal requirements, for energy audits and implementing energy efficiency measures in the state housing trust fund real estate portfolio.

(2) The department shall review all housing properties in the housing trust fund real estate portfolio and identify those in need of major renovation or rehabilitation. In its review, the department shall survey property owners for information including, but not limited to, the age of the building and the type of heating, cooling, plumbing, and electrical systems contained in the property. The department shall prioritize all renovation or rehabilitation projects identified in the review by the department's ability to:
(a) Achieve the greatest possible expected monetary and energy savings by low-income households and other energy consumers over the greatest period of time;
(b) Promote the greatest possible health and safety improvements for residents of low-income households; and
(c) Leverage, to the extent feasible, technologically advanced and environmentally friendly sustainable technologies, practices, and designs.

(3) Subject to the availability of amounts appropriated for this specific purpose, the department shall use the prioritization of potential energy efficiency needs and opportunities in subsection (2) of this section to make offers of energy audit services to project owners and operators. The department shall use all practicable means to achieve the completion of energy audits in at least twenty-five percent of the properties in its portfolio that exceed twenty-five years in age, by June 30, 2011. Where the energy audits identify cost-effective weatherization and other energy efficiency measures, the department shall accord a priority within appropriated funding levels to include funding for energy efficiency improvements when the department allocates funding for renovation or rehabilitation of the property.

SUBSTITUTE SENATE BILL NO. 5921, by Senate Committee on Economic Development, Trade & Innovation (originally sponsored by Senators Rockefeller, Pridemore, Ranker, Kline and Kohl-Welles)

Creating a clean energy collaborative. Revised for 1st Substitute: Creating a clean energy leadership initiative.

The bill was read the second time.

There being no objection, the committee amendment by the Committee on Technology, Energy & Communications was adopted. (For committee amendment, see Journal, Day 75, March 27, 2009.)

Representative McCoy moved the adoption of amendment (710):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that Washington is recognized as a leader in sustainability and climate change and has the foundation to become a leader in the clean energy technologies, products, and services that will be required throughout the world to provide reliable and reduced-emission energy. However, to become a leader, Washington will need policies and strategies to develop new clean energy technologies, attract federal and private investments, attract and grow clean energy companies, and create green jobs.

The legislature further finds that positioning Washington to be competitive for federal and private sector clean energy investments will require collaboration between Washington's state agencies, clean energy technology companies, research institutions, national laboratory, and workforce development system to identify our strengths and develop the requisite policies and strategies.

It is the intent of the legislature to create a clean energy leadership initiative that will set the path to leverage Washington's energy infrastructure and make Washington a hub for clean energy technology and a leader in the creation of green jobs and the development, deployment, and export of clean energy technologies and services.

NEW SECTION. Sec. (1) The office of the governor, in collaboration with a statewide, public-private alliance, shall convene a clean energy leadership council to prepare a strategy for growing the clean energy technology sector in Washington state. The clean energy leadership council shall be supported by public and private resources including, to the extent available, the resources of the energy policy division of the department of community, trade, and economic development and Washington State University's energy program. The governor, in consultation with the public-private alliance, shall appoint and convene the council by July 31, 2009.

(2) The clean energy leadership council must develop strategies and recommendations for growing Washington's clean energy sector. The clean energy leadership council must consist of the following clean energy leaders:

(6) The clean energy leadership council may appoint such advisory groups as it deems necessary to carry out its work.

(7) The clean energy leadership council shall:

(a) Conduct a strategic analysis to identify the clean energy industry segments where Washington can either provide national leadership or become one of the top ten states in that segment. The council shall contract with national experts with detailed knowledge of energy markets and other states' operations to conduct the strategic analysis. The strategic analysis must:

(i) Identify where Washington has a competitive advantage or emerging strength in research, development, or deployment of clean energy solutions;

(ii) Evaluate Washington's competitiveness in its business environment, including regulatory requirements, as it relates to supporting clean energy projects and companies, compared to other states and regions; and

(iii) Evaluate Washington's ability to provide national leadership in reducing carbon emissions, developing and deploying utility-scale
clean energy applications, and creating exportable products and applications;

(b) Develop a set of strategic recommendations, including implementation steps and responsible parties for carrying them out. The strategic recommendations must provide direction for positioning each clean energy segment identified to provide national leadership and must include a delineation of clear, specific outcomes for each segment to achieve. The strategic recommendations must include recommendations on:

(i) Consistent policy frameworks that provide stability to encourage investment through a combination of incentives, regulation, taxation, and use of government purchasing power to build viable markets;

(ii) The steps necessary for increasing Washington's ability to obtain available competitive federal funds;

(iii) The development of public-private partnerships that can help each sector grow, including partnerships to facilitate development and deployment of new technologies at scale;

(2) The energy policy division of the department of community, trade, and economic development, or its successor agency, must consult the clean energy leadership council prior to awarding federal energy stimulus funding for clean energy projects.

NEW SECTION. Sec. (1) The governor shall designate an existing full-time equivalent position within state government as the single point of accountability for all energy and climate change initiatives within state agencies. All agencies, councils, or work groups with energy or climate change initiatives must coordinate with the person in this designated position.

(1) A county legislative authority may submit an authorizing proposition to the county voters at a primary or general election and, if the proposition is approved by a majority of persons voting, impose a sales and use tax in accordance with the terms of this chapter. The title of each ballot measure must clearly state the purposes for which the proposed sales and use tax will be used. Funds raised under this tax shall not supplant existing funds used for these purposes, except as follows: Up to sixty percent may be used to supplant existing funding in calendar year 2010; up to eighty percent may be used to supplant existing funding in calendar year 2011; up to sixty percent may be used to supplant existing funding in calendar year 2012; up to forty percent may be used to supplant existing funding in calendar year 2013; and up to twenty percent may be used to supplant existing funding in calendar year 2014. For purposes of this subsection, existing funds means the actual operating expenditures for the calendar year in which the ballot measure is approved by voters. Actual operating expenditures excludes lost federal funds, lost or expired state grants or loans, extraordinary events not likely to recur, changes in crime prevention beyond the control of the county or city receiving the services, and major nonrecurring capital expenditures. The rate of tax under this section ((shall)) may not exceed three-tenths of one percent of the selling price in the case of a sales tax, or value of the article used, in the case of a use tax.
(2) The tax authorized in this section is in addition to any other taxes authorized by law and ((shall)) must be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the county.
(3) The retail sale or use of motor vehicles, and the lease of motor vehicles for up to the first thirty-six months of the lease, are exempt from tax imposed under this section.
(4) One-third of all money received under this subsection ((shall)) must be used solely for criminal justice purposes, fire protection purposes, or both. For the purposes of this subsection, "criminal justice purposes" ((means additional police protection, mitigation of congested court systems, or relief of overcrowded jails or other local correctional facilities)) has the same meaning as provided in RCW 82.14.340.
(5) Money received under this section ((shall)) must be shared between the county and the cities as follows: Sixty percent ((shall)) must be retained by the county and forty percent ((shall)) must be distributed on a per capita basis to cities in the county.

Sec. 2. RCW 82.14.460 and 2008 c 157 s 2 are each amended to read as follows:
(1) A county legislative authority may authorize, fix, and impose a sales and use tax in accordance with the terms of this chapter.
(2) The tax authorized in this section shall be in addition to any other taxes authorized by law and shall be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the county. The rate of tax shall equal one-tenth of one percent of the selling price in the case of a sales tax, or value of the article used, in the case of a use tax.
(3) Moneys collected under this section shall be used solely for the purpose of providing for the operation or delivery of ((new or expanded)) chemical dependency or mental health treatment programs and services and for the operation or delivery of ((new or expanded)) therapeutic court programs and services. For the purposes of this section, "programs and services" includes, but is not limited to, treatment services, case management, and housing that are a component of a coordinated chemical dependency or mental health treatment program or service.
(4) All moneys collected under this section must be used solely for the purpose of providing new or expanded programs and services as provided in this section, except a portion of moneys collected under this section ((shall not)) may be used to supplant existing funding for these purposes ((provided that)) in any county as follows: Up to fifty percent may be used to supplant existing funding in calendar year 2010; up to forty percent may be used to supplant
existing funding in calendar year 2011; up to thirty percent may be used to supplant existing funding in calendar year 2012; up to twenty percent may be used to supplant existing funding in calendar year 2013; and up to ten percent may be used to supplant existing funding in calendar year 2014.

(5) Nothing in this section (shall) may be interpreted to prohibit the use of moneys collected under this section for the replacement of lapsed federal funding previously provided for the operation or delivery of services and programs as provided in this section.

Sec. 3. RCW 84.55.050 and 2008 c 319 s 1 are each amended to read as follows:

(1) Subject to any otherwise applicable statutory dollar rate limitations, regular property taxes may be levied by or for a taxing district in an amount exceeding the limitations provided for in this chapter if such levy is authorized by a proposition approved by a majority of the voters of the taxing district voting on the proposition at a general election held within the district or at a special election within the taxing district called by the district for the purpose of submitting such proposition to the voters. Any election held pursuant to this section shall be held not more than twelve months prior to the date on which the proposed levy is to be made, except as provided in subsection (2) of this section. The ballot of the proposition shall state the dollar rate proposed and shall clearly state the conditions, if any, which are applicable under subsection (4) of this section.

(2)(a) Subject to statutory dollar limitations, a proposition placed before the voters under this section may authorize annual increases in levies for multiple consecutive years, up to six consecutive years, during which period each year’s authorized maximum legal levy shall be used as the base upon which an increased levy limit for the succeeding year is computed, but the ballot proposition must state the dollar rate proposed only for the first year of the consecutive years and must state the limit factor, or a specified index to be used for determining a limit factor, such as the consumer price index, which need not be the same for all years, by which the regular tax levy for the district may be increased in each of the subsequent consecutive years. Elections for this purpose must be held at a primary or general election. The title of each ballot measure must state the limited purpose for which the proposed annual increases during the specified period of up to six consecutive years shall be used, and funds raised under the levy shall not supplant existing funds used for these purposes.

(b)(i) Except as otherwise provided in this subsection (2)(b), funds raised by a levy under this subsection may not supplant existing funds used for the limited purpose specified in the ballot title. For purposes of this subsection, existing funds means the actual operating expenditures for the calendar year in which the ballot measure is approved by voters. Actual operating expenditures exclude start-up costs, development costs, redemption of bonds, tax anticipation notes, extraordinary events not likely to reoccur, changes in contract provisions beyond the control of the taxing district receiving the services, and major nonrecurring capital expenditures.

(ii) The supplanting limitations in (b)(i) of this subsection do not apply to levies approved by the voters in calendar years 2009, 2010, and 2011, in any county with a population of more than one million.

(iii) This subsection (2)(b)(ii) only applies to levies approved by the voters after the effective date of this act.

(3) After a levy authorized pursuant to this section is made, the dollar amount of such levy may not be used for the purpose of computing the limitations for subsequent levies provided for in this chapter, unless the ballot proposition expressly states that the levy may be used for this purpose.

(4) If expressly stated, a proposition placed before the voters under subsection (1) or (2) of this section may:

(a) Use the dollar amount of a levy under subsection (1) of this section, or the dollar amount of the final levy under subsection (2) of this section, for the purpose of computing the limitations for subsequent levies provided for in this chapter;

(b) Limit the period for which the increased levy is to be made under (a) of this subsection;

(c) Limit the purpose for which the increased levy is to be made under (a) of this subsection, but if the limited purpose includes making redemption payments on bonds, the period for which the increased levies are made shall not exceed nine years;

(d) Set the levy or levies at a rate less than the maximum rate allowed for the district; or

(e) Include any combination of the conditions in this subsection.

(5) Except as otherwise expressly stated in an approved ballot measure under this section, subsequent levies shall be computed as if:

(a) The proposition under this section had not been approved; and

(b) The taxing district had made levies at the maximum rates which would otherwise have been allowed under this chapter during the years levies were made under the proposition.

Sec. 4. RCW 36.54.130 and 2007 c 223 s 6 are each amended to read as follows:

(1) To carry out the purposes for which ferry districts are created, the governing body of a ferry district may levy each year an ad valorem tax on all taxable property located in the district not to exceed seventy-five cents per thousand dollars of assessed value, except a ferry district in a county with a population of one million or over which may levy at a rate that exceeds seven and one-half cents per thousand dollars of assessed value. The levy must be sufficient for the provision of ferry services as shown to be required by the budget prepared by the governing body of the ferry district.

(2) A tax imposed under this section may be used only for:

(a) Providing ferry services, including the purchase, lease, or rental of ferry vessels and dock facilities;

(b) The operation, maintenance, and improvement of ferry vessels and dock facilities;

(c) Providing shuttle services between the ferry terminal and passenger parking facilities, and other landside improvements directly related to the provision of passenger-only ferry service; and

(2) Any tax imposed under this section shall be used as follows:

(a) The first one cent for expanding transit capacity along state route number 520 by adding core and other supporting bus routes;

(b) The remainder for transit-related expenditures.

(3) The limitations in RCW 84.52.043 do not apply to the tax authorized in this section.

(4) The limitation in RCW 84.55.010 does not apply to the first tax levy imposed under this section.

Sec. 6. RCW 84.52.043 and 2005 c 122 s 3 are each amended to read as follows:

Within and subject to the limitations imposed by RCW 84.52.050 as amended, the regular ad valorem tax levies upon real and personal property by the taxing districts hereafter named shall be as follows:

(b) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the portion of the levy by a fire protection district that is protected under RCW 84.52.125 shall be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or shall be eliminated;

(c) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the levy imposed by a county under RCW 84.52.135 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(d) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the levy imposed by a ferry district under RCW 36.54.130 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(f) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the levies imposed under RCW 84.34.230, 84.52.105, and any portion of the levy imposed under RCW 84.52.069 that is in excess of thirty cents per thousand dollars of assessed value, shall be reduced on a pro rata basis until the combined rate no longer exceeds one percent of the true and fair value of any property or shall be eliminated; and

(g) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the thirty cents per thousand dollars of assessed value of tax levy imposed under RCW 84.52.069 shall be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or eliminated.

(2) The certified rates of tax levy subject to these limitations by all junior taxing districts imposing taxes on such property shall be reduced or eliminated as follows to bring the consolidated levy of taxes on such property within the provisions of these limitations:

For all projects in the state route number 520 corridor program, the legislature intends that the total cost will be no more than four billion six hundred fifty million dollars.

It is further the intent of the legislature that if the tolls on the state route number 520 corridor significantly alter the performance of nearby facilities, the legislature will reconsider the tolling policy for the corridor.

(b) The tolling authority shall initially set the variable schedule of toll rates, which the tolling authority may adjust annually to reflect inflation as measured by the consumer price index or as necessary to meet the redemption of bonds and interest payments on the bonds, to generate revenue sufficient to provide for:

(b) Create an eastside subgroup, consisting of the legislators from the forty-eighth legislative district, to consider design options on the east side of the corridor, which extends from the east end of the floating bridge to state route number 202, and a westside subgroup, consisting of the legislators from the forty-third legislative district, to consider design options on the west side of the corridor, which extends from the west end of the floating bridge to Interstate 5. Each subgroup must work with the department to review and evaluate the design options in its respective portion of the corridor. Each subgroup must also solicit input on design issues from a variety of neighborhood and community groups in the area impacted by the projects that the subgroup is reviewing and evaluating.

(3) All design options considered or recommended by either subgroup or the state route number 520 work group must adhere to RCW 47.01.408.

Sec. 2. RCW 19.285.040 and 2007 c 1 s 4 are each amended to read as follows:

(a) By January 1, 2010, using methodologies consistent with those used by the Pacific Northwest electric power and conservation planning council in its most recently published regional power plan, each qualifying utility shall identify its achievable cost-effective conservation potential through 2019. At least every two years thereafter the qualifying utility shall review and update this assessment for the subsequent ten-year period.

(b) (Beginning) By January 1, 2010, each qualifying utility shall establish and make publicly available a biennial acquisition target for cost-effective conservation consistent with its identification of achievable opportunities in (a) of this subsection, and meet that target during the subsequent two-year period. At a minimum, each biennial acquisition target must be no lower than the qualifying utility's pro rata share for that two-year period of its cost-effective conservation potential for the subsequent ten-year period. A qualifying utility may not use incremental electricity produced as a result of efficiency improvements to hydroelectric generation facilities to meet its biennial conservation acquisition target if the improvements were used to meet its targets under subsection (2)(a) of this section.

(c) In meeting its conservation targets, a qualifying utility may count high-efficiency cogeneration owned and used by a retail electric customer to meet its own needs. High-efficiency cogeneration is the sequential production of electricity and useful thermal energy from a common fuel source, where, under normal operating conditions, the facility (has a useful thermal energy output of no less than thirty-three percent of the total energy output) is designed to have a projected overall thermal conversion efficiency of at least seventy percent. For the purposes of this section, "overall thermal conversion efficiency" means the output of electricity plus usable heat divided by fuel input. The reduction in load due to high-efficiency cogeneration shall be ((1) Calculated as the ratio of the fuel chargeable to power heat rate of the cogeneration facility compared to the heat rate on a new and clean basis of a baseline, currently available, technology--combined cycle natural gas-fired combustion turbine, and (iii)) counted towards meeting the biennial conservation target in the same manner as other production conservation savings.

(d) The commission may determine if a conservation program implemented by an investor-owned utility is cost-effective based on the commission's policies and practices.

(e) The commission may rely on its standard practice for review and approval of investor-owned utility conservation targets.

(2)(a) Each qualifying utility shall use eligible renewable resources or acquire equivalent renewable energy credits, or a combination of both, to meet the following annual targets:

(1) At least three percent of its load by January 1, 2012, and each year thereafter through December 31, 2015;

(ii) At least ((nine)) ten and twenty-five one-hundredths of one percent of its load by January 1, 2016, and each year thereafter through December 31, 2019; and

(iii) At least ((fifteen)) sixteen and twenty-five one-hundredths of one percent of its load by January 1, 2020, and each year thereafter.

(b) It must be the goal of the state for each qualifying utility to use eligible renewable resources or acquire equivalent renewable energy credits or a combination of both to meet an annual renewable resource goal of at least twenty percent of its load by January 1, 2025, and each year thereafter.

(c) Except as provided in (k) of this subsection, a qualifying utility may count distributed generation at double the facility's electrical output if the utility: (i) Owns or has contracted for the distributed generation and the associated renewable energy credits; or (ii) has contracted to purchase the associated renewable energy credits.

(2)(e) (A) A qualifying utility with annual sales of less than two million megawatt hours is considered in compliance with an annual target in (a) of this subsection if: (i) In any given target year its load growth, measured as load served in the target year compared to the utility's annual average load served in 2010 and 2011, is less than the target in (a) of this subsection for that year; and (ii) the utility meets one hundred percent of any increase in load for that target year with eligible renewable resources or renewable energy credits.

((+++)) (e) (A) A qualifying utility shall be considered in compliance with an annual target in (a) of this subsection if: (i) The utility's weather-theory load for the previous three years on average did not increase over that time period; (ii) after December 7, 2006, the utility did not commence or renew ownership or incremental purchases of electricity from resources other than renewable resources other than on a daily spot price basis and the electricity is not offset by equivalent renewable energy credits; and (iii) the utility is required to invest at least one percent of its total annual retail revenue requirement that year on eligible renewable resources, renewable energy credits, or a combination of both.

(2)(g) The requirements of this section may be met for any given target year with renewable energy credits produced during that year, the preceding two years, or the subsequent year. Each renewable energy credit may be used only once to meet the requirements of this section.

(2)(h) (B) In complying with the targets established in (a) of this subsection, a qualifying utility may not count:

(i) Eligible renewable resources or distributed generation where the associated renewable energy credits are owned by a separate entity;

(ii) Eligible renewable resources or renewable energy credits obtained for and used in an optional pricing program such as the program established in RCW 19.29A.090; or

(iii) Efficiency improvements to hydroelectric generation facilities whose energy output is marketed by the Bonneville power administration in section 3 of the Pacific Northwest electric power planning and conservation act (RCW 2698; 16 U.S.C. Sec. 839a).
administration that is attributable to any other utility other than the qualifying utility.

((section)(i)) (i) Where fossil and combustible renewable resources are cofired in one generating unit located in the Pacific Northwest where the cofiring commenced after March 31, 1999, the unit shall be considered to produce eligible renewable resources in direct proportion to the percentage of the total heat value represented by the heat value of the renewable resources.

((section)(ii)) (ii) A qualifying utility that acquires an eligible renewable resource or renewable energy credit may count that acquired renewable resource or renewable energy credit toward the utility's target as it applies to the utility's load after March 31, 1999.

(A) Where the eligible renewable resource comes from a facility that commenced operation after December 31, 2005; and

(B) Where the developer of the facility used apprenticeship programs approved by the council during facility construction.

(ii) The council shall establish minimum levels of labor hours to be met through apprenticeship programs to qualify for this extra credit.

((section)(iii)) (iii) A qualifying utility that acquires solar energy located in Washington or meeting the definition of distributed generation may count that acquisition at four times its base value, or six times its base value where the energy is produced using solar inverters and modules manufactured in Washington state, provided the qualifying utility:

(i) Owns or has contracted for the solar energy generation and the associated renewable energy credits; or
(ii) Has contracted to purchase the associated renewable energy credits.

(1) A qualifying utility shall be considered in compliance with an annual target in (a) of this subsection if events beyond the reasonable control of the utility that could not have been reasonably anticipated or ameliorated prevented it from meeting the renewable energy target. Such events include weather-related damage, mechanical failure, strikes, lockouts, and actions of a governmental authority that adversely affect the generation, transmission, or distribution of an eligible renewable resource under contract to a qualifying utility.

(3) Utilities that become qualifying utilities after December 31, 2006, shall meet the requirements in this section on a time frame comparable in length to that provided for qualifying utilities as of December 7, 2006.

Sec. 3. RCW 19.285.070 and 2007 c 1 s 7 are each amended to read as follows:

(1) On or before June 1, 2012, and annually thereafter, each qualifying utility shall report to the department on its progress in the preceding year in meeting the targets established in RCW 19.285.040, including expected electricity savings from the biennial conservation target, expenditures on conservation, actual electricity savings results, the utility's annual load for the prior two years, the amount of megawatt-hours needed to meet the annual renewable energy target, the amount of megawatt-hours of each type of eligible renewable resource acquired, the type and amount of renewable energy credits acquired, and the percent of its total annual retail revenue requirement invested in the incremental cost of eligible renewable resources and the cost of renewable energy credits. ((For each year that a qualifying utility elects to demonstrate alternative compliance under RCW 19.285.040(2), it may include in its annual report relevant data to demonstrate that it met the criteria in this section.) A qualifying utility may submit its report to the department in conjunction with its annual obligations in chapter 19.29A RCW.

(2) A qualifying utility that is an investor-owned utility shall also report all information required in subsection (1) of this section to the commission, and on or before June 1, 2014, and annually thereafter, report to the commission its compliance in meeting the targets established in RCW 19.285.040. All other qualifying utilities shall also make all information required in subsection (1) of this section available to the auditor, and on or before June 1, 2014, and annually thereafter, make available to the auditor its determination of compliance in meeting the targets established in RCW 19.285.040.

For each year that a qualifying utility elects to demonstrate alternative compliance under RCW 19.285.040(2) or 19.285.050(1), it must include in its annual report relevant data to demonstrate that it met the criteria in that section.

(3) A qualifying utility shall also make reports required in this section available to its customers.

Sec. 4. RCW 19.285.080 and 2007 c 1 s 8 are each amended to read as follows:

(1) The commission may adopt rules to ensure the proper implementation and enforcement of this chapter as it applies to investor-owned utilities.

(2) The department shall adopt rules concerning only process, timelines, and documentation to ensure the proper implementation of this chapter as it applies to qualifying utilities that are not investor-owned utilities. Those rules include, but are not limited to, rules associated with a qualifying utility's development of conservation targets under RCW 19.285.040(1); a qualifying utility's decision to pursue alternative compliance in RCW 19.285.040(2) ((((section)(i)) (i) or (((section)(i)) (i) or 19.285.050(1); and the format and content of reports required in RCW 19.285.070. Nothing in this subsection may be construed to restrict the rate-making authority of the commission or a qualifying utility as otherwise provided by law.

(3) The commission and department may coordinate in developing rules related to process, timelines, and documentation that are necessary for implementation of this chapter.

(4)(a) Pursuant to the administrative procedure act, chapter 19.82 RCW, rules needed for the implementation of this chapter must be adopted by ((December 31, 2007)) June 30, 2010. These rules may be revised as needed to carry out the intent and purposes of this chapter.

(b) Within six months of the adoption by the Pacific Northwest electric power and conservation planning council of each of its regional power plans, the department shall initiate rule making to consider adopting any changes in methodologies used by the Pacific Northwest electric power and conservation planning council that would impact a qualifying utility's conservation potential assessment in accordance with RCW 19.285.040(1).

(c) Within six months of the adoption by the Pacific Northwest electric power and conservation planning council of each of its regional power plans, the commission shall conduct a study of the impacts of electricity programs and rules adopted under (b) of this subsection.

(d) Rules adopted under (b) and (c) of this subsection must be applied to the next biennial target that begins at least six months after the adoption date of the rules.

NEW SECTION. Sec. 5. (1) Within existing resources, the department of community, trade, and economic development shall report to the legislature by December 1, 2009, its recommendations on how low-cost hydroelectric generation may be used to firm, shape, and integrate renewable energy resources into the non-CASCADE electric grid for delivery to Washington residents. The report must make recommendations on the economic and environmental benefits of using hydroelectric generation in place of fossil-fueled generation for integration services. The report must include results from existing studies and analyses from the Pacific Northwest electric power and conservation planning council, the Bonneville power administration, and other relevant organizations. The department of community, trade, and economic development shall also consider information and recommendations from integration service providers and users.

(2) The department of community, trade, and economic development shall conduct a study of the impacts of electricity costs on low-income families. The department shall select two cities, one east of the crest of the Cascade mountains and one west of the crest of the Cascade mountains, and through analysis and case studies determine the impacts of electricity costs on low-income families. Sec. 5. RCW 28A.655.061 and 2008 c 321 s 2 are each amended to read as follows:

1. The high school assessment system shall include but need not be limited to the Washington assessment of student learning, opportunities for a student to retake the content areas of the assessment in which the student was not successful, and if approved by the legislature pursuant to subsection (10) of this section, one or more alternative assessments for a student to demonstrate achievement of state academic standards. The objective alternative assessments for each content area shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning for each content area.

2. Subject to the conditions in this section, a certificate of academic achievement shall be obtained by most students at about the age of sixteen, and is evidence that the students have successfully met the state standard in the content areas included in the certificate.

With the exception of students satisfying the provisions of RCW 28A.155.045 or 28A.655.061, acquisition of the certificate is required for graduation from a public high school but is not the only requirement for graduation.

3. Beginning with the graduating class of 2008, with the exception of students satisfying the provisions of RCW 28A.155.045, a student who meets the state standards on the reading, writing, and
mathematics content areas of the high school Washington assessment of student learning shall earn a certificate of academic achievement. If a student does not successfully meet the state standards in one or more content areas required for the certificate of academic achievement, then the student may retake the assessment in the content area up to four times at no cost to the student. If the student successfully meets the state standards on a retake of the assessment then the student shall earn a certificate of academic achievement. Once objective alternative assessments are authorized pursuant to subsection (10) of this section, a student may use the objective alternative assessments to demonstrate that the student successfully meets the state standards for that content area if the student has taken the Washington assessment of student learning at least once. If the student successfully meets the state standards on the objective alternative assessments then the student shall earn a certificate of academic achievement.

(4) Beginning no later than with the graduating class of 2013, a student must meet the state standards in science in addition to the other content areas required under subsection (3) of this section on the Washington assessment of student learning or the objective alternative assessments in order to earn a certificate of academic achievement. The state board of education may adopt a rule that implements the requirements of this subsection (4) beginning with a graduating class before the graduating class of 2013, if the state board of education adopts the rule by September 1st of the freshman school year of the graduating class to which the requirements of this subsection (4) apply. The state board of education’s authority under this subsection (4) does not alter the requirement that any change in performance standards for the tenth grade assessment must comply with RCW 28A.305.130.

(5) The state board of education may not require the acquisition of the certificate of academic achievement for students in home-based instruction under chapter 28A.200 RCW, for students enrolled in private schools under chapter 28A.195 RCW, or for students satisfying the provisions of RCW 28A.155.045.

(6) A student may use the highest result from each successfully completed content area of the high school assessment.

(7) School districts must make available to students the following options:

The superintendent of public instruction and the state board for community and technical colleges shall jointly identify means by which students in these programs can obtain the state standards.

(8) Students who achieve the standard in a content area of the high school assessment but who wish to improve their results shall pay for retaking the assessment, using a uniform cost determined by the superintendent of public instruction.

(9) Opportunities to retake the assessment at least twice a year shall be available to each school district.

(10)(a) The office of the superintendent of public instruction shall develop options for implementing objective alternative assessments, which may include an appeals process for students’ scores, for students to demonstrate achievement of the state academic standards. The objective alternative assessments shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning and be objective in its determination of student achievement of the state standards. Before any objective alternative assessments in addition to those authorized in RCW 28A.655.065 or (b) of this subsection are used by a student to demonstrate that the student has met the state standards in a content area required to obtain a certificate, the legislature shall formally approve the use of any objective alternative assessments through the omnibus appropriations act or by statute or concurrent resolution.

(b)(i) A student’s score on the mathematics, reading or English, or writing portion of the ((preliminary scholastic assessment test (P)PSAT(9)) or the ((American college test (ACT))(9)) may be used as an objective alternative assessment under this section for demonstrating that a student has met or exceeded the state standards for the certificate of academic achievement. The state board of education shall identify the scores students must achieve on the relevant portion of the SAT or ACT to meet or exceed the state standard in the relevant content area on the Washington assessment of student learning. The state board of education shall identify the first scores by December 1, 2007. After the first scores are established, the state board may increase but not decrease the scores required for students to meet or exceed the state standards.

(ii) Until August 31, 2008, a student’s score on the mathematics portion of the ((preliminary scholastic assessment test (P)PSAT(9)) may be used as an objective alternative assessment under this section for demonstrating that a student has met or exceeded the state standard for the certificate of academic achievement. The state board of education shall identify the score students must achieve on the mathematics portion of the PSAT to meet or exceed the state standard in that content area on the Washington assessment of student learning.

(iii) A student who scores at least a three on the grading scale of one to five for selected AP examinations may use the score as an objective alternative assessment under this section for demonstrating that a student has met or exceeded state standards for the certificate of academic achievement. A score of three on the AP examinations in calculus or statistics may be used as an alternative assessment for the mathematics portion of the Washington assessment of student learning. A score of three on the AP examinations in English language and composition may be used as an alternative assessment for the writing portion of the Washington assessment of student learning. A score of three on the AP examinations in English literature and composition, macroeconomics, microeconomics, psychology, United States history, world history, United States government and politics, or comparative government and politics may be used as an alternative assessment for the reading portion of the Washington assessment of student learning.

(iv) By December 15, 2004, the house of representatives and senate education committees shall obtain information and conclusions from recognized, independent, national assessment experts regarding the validity and reliability of the high school Washington assessment of student learning for making individual student high school graduation determinations.

(11) To help assure continued progress in academic achievement as a foundation for high school graduation and to assure that students are on track for high school graduation, each school district shall prepare plans for and notify students and their parents or legal guardians as provided in this subsection (12).

(a) Student learning plans are required for eighth through twelfth grade students who were not successful on any or all of the content areas of the Washington assessment of student learning during the previous school year or who may not be on track to graduate due to credit deficiencies or absences. The parent or legal guardian shall be notified about the information in the student learning plan, preferably through a parent conference and at least annually. To the extent feasible, schools serving English language learner students and their parents shall translate the plan into the primary language of the family. The plan shall include the following information as applicable:

(i) The parent or guardian of the student shall be notified, preferably through a parent conference, of the student's results on the Washington assessment of student learning, actions the school intends to take to improve the student's skills in any content area in which the student was unsuccessful, and provide strategies to help them improve their student's skills.

(ii) The parties reach a written agreement that is approved by the court that provides for an alternate arrangement;

(c) A statement that the receiving parent might be required to submit an accounting of how the support, including any cash medical support, is being spent to benefit the child;

The parent entitled to receive the transfer payment is responsible for serving the employer with the order and its enforcement as set forth in chapter 26.18 RCW.

(a) One of the parties demonstrates, and the presiding officer finds, that there is good cause not to require immediate income withholding; or

(b) The parties reach a written agreement that is approved by the presiding officer that provides for an alternate agreement.

(4) If the support order does not include the provision ordering and directing that all payments be made to the Washington state support registry and a statement that withholding action may be taken against wages, earnings, assets, or benefits if a support payment is past due or at any time after the entry of the order, or that a parent's licensing privileges may not be renewed, or may be suspended, the division of child support may serve a notice on the responsible parent stating such requirements and authorizations. Service may be by personal service or any form of mail requiring a return receipt.

(5) Every support order shall state:

(i) The obligated parent provides accessible coverage for the child through private insurance; or

(ii) Coverage that can be extended to cover the child is or becomes available to the parent through employment or is union-related; or

(iii) In the absence of such coverage, through an additional sum certain amount, as a cash medical support obligation as provided under RCW 26.09.105;

(i) That a parent providing health insurance coverage must notify both the division of child support and the other parent when coverage terminates; and

(b) After the responsible parent has been ordered or notified to make payments to the Washington state support registry under this section, the responsible parent shall be fully responsible for making all payments to the Washington state support registry and shall be subject to payroll deduction or other income-withholding action. The responsible parent shall not be entitled to credit against a support obligation for any payments made to a person or agency other than to the Washington state support registry except as provided under RCW 74.20.101. A civil action may be brought by the payor to recover payments made to persons or agencies who have received and retained support moneys paid contrary to the provisions of this section.

(4) The notice of support owed shall facilitate enforcement of the support order and implement and effectuate the terms of the support order, rather than modify those terms. When the office of support enforcement issues a notice of support owed, the office shall inform the payee under the support order.

((ttt)) (5) The notice of support owed shall be served on a responsible parent by personal service or any form of mailing requiring a return receipt. The notice shall be served on the applicant or recipient of services by first-class mail to the last known address. The notice of support owed shall contain an initial finding of the fixed dollar amount of current and future support obligation that should be paid or the fixed dollar amount of the support debt owed under the support order, or both;

((ttt)) (6) A parent who objects to the fixed dollar amounts stated in the notice of support owed has twenty days from the date of the service of the notice of support owed to file an application for an adjudicative proceeding or initiate an action in superior court.

((ttt)) (7) The notice of support owed shall state that the parent may:

(a) File an application for an adjudicative proceeding governed by chapter 34.05 RCW, the administrative procedure act, in which the parent will be required to appear and show cause why the fixed dollar amount of support debt or current and future support obligation, or both, stated in the notice of support owed is incorrect and should not be ordered; or
(b) Initiate an action in superior court.

(1) If either parent does not file an application for an adjudicative proceeding or initiate an action in superior court, the fixed dollar amount of current and future support obligation or support debt, or both, stated in the notice of support owed shall become final and subject to collection action.

(2) If an adjudicative proceeding is requested, the department shall mail a copy of the notice of adjudicative proceeding to the parties.

(10) If either parent does not initiate an action in superior court and serve notice of the action on the department and the other party to the support order within the twenty-day period, the parent shall be deemed to have made an election of remedies and shall be required to exhaust administrative remedies under this chapter with judicial review available as provided for in RCW 34.05.510 through 34.05.598.

(11) An adjudicative order entered in accordance with this section shall state the basis, rationale, or formula upon which the fixed dollar amount established in the adjudicative order was based. The fixed dollar amount of current and future support obligation or the amount of the support debt, or both, determined under this section shall be subject to collection under this chapter and other applicable state statutes.

(12) The department shall also provide for:

(a) An annual review of the support order if either the office of support enforcement or the parent requests such a review; and

(b) A late adjudicative proceeding if the parent fails to file an application for an adjudicative proceeding in a timely manner under this section.

(13) If an annual review or late adjudicative proceeding is requested under subsection (((a))) (12) of this section, the department shall mail a copy of the notice of adjudicative proceeding to the parties' last known address.

(14) The department has rule-making authority to enact rules consistent with 42 U.S.C. Sec. 652(f) and 42 U.S.C. Sec. 666(a)(19) as amended by section 7307 of the deficit reduction act of 2005. Additionally, the department has rule-making authority to implement regulations required under (part 5) 45 C.F.R. Parts 302, 303, 304, 305, and 308.

Sec. 6. RCW 74.20A.300 and 1994 c 230 s 22 are each amended to read as follows:

(1) Whenever a support order is entered or modified under this chapter, the department shall require (the responsible) either or both parents to ((maintain or provide health insurance coverage)) provide medical support for any dependent child, in the nature of health insurance coverage or cash medical support, as provided under RCW 26.09.105.

(2) "Health insurance coverage" as used in this section does not include medical assistance provided under chapter 74.09 RCW.

(3) A parent ordered to provide health insurance coverage shall provide proof of such coverage or proof that such coverage is unavailable to the department within twenty days of the entry of the order.

(4) A parent ordered to provide health insurance coverage must notify the department and the other parent when coverage terminates.

Every order requiring a parent to provide health insurance coverage shall be entered in compliance with RCW 26.23.050 and be subject to direct enforcement as provided under chapter 26.18 RCW.

Sec. 7. RCW 74.20A.055 and 2007 c 143 s 8 are each amended to read as follows:

(1) The secretary may, if there is no order that establishes the responsible parent's support obligation or specifically relieves the responsible parent of a support obligation or pursuant to an establishment of paternity under chapter 26.26 RCW, serve on the responsible parent or parents and custodial parent a notice and finding of financial responsibility requiring the parents to appear and show cause why an adjudicative proceeding why the finding of financial responsibility and/or the amount thereof is incorrect, should not be finally ordered, but should be rescinded or modified. This notice and finding shall relate to the support debt accrued and/or accruing under this chapter and/or RCW 26.16.205, including periodic payments to be made in the future. The hearing shall be held pursuant to this section, chapter 34.05 RCW, the Administrative Procedure Act, and the rules of the department. A custodian who has physical custody of a child has the same rights that a custodial parent has under this section.

(2) The notice and finding of financial responsibility shall be served in the same manner prescribed for the service of a summons in a civil action or may be served on the responsible parent by certified mail, return receipt requested. The receipt shall be prima facie evidence of service. The notice shall be served upon the debtor within sixty days from the date the state assumes responsibility for the support of the dependent child or children on whose behalf support is sought. If the notice is not served within sixty days from such date, the department shall lose the right to reimbursement of payments made after the sixty-day period and before the date of notification: PROVIDED, That if the department exercises reasonable efforts to locate the debtor and is unable to do so the entire sixty-day period is tolled until such time as the debtor can be located. The notice may be served upon the custodial parent who is the nonassistance applicant or public assistance recipient by first-class mail to the last known address. If the custodial parent is not the nonassistance applicant or public assistance recipient, service shall be in the same manner as for the responsible parent.

(3) The notice and finding of financial responsibility shall set forth the amount of the debt accrued and/or accruing, and periodic payments to be made in the future. The notice and finding shall also include:

(a) A statement of the custodial parent and the name of the child or children for whom support is sought;

(b) A statement of the amount of periodic future support payments as to which financial responsibility is alleged;

(c) A statement that the responsible parent or custodial parent may object to all or any part of the notice and finding, and file an application for an adjudicative proceeding to show cause why the terms set forth in the notice should not be ordered;

(d) A statement that, if neither the responsible parent nor the custodial parent files in a timely fashion an application for an adjudicative proceeding, the support debt and payments stated in the notice and finding, including periodic support payments in the future, shall be assessed and determined and ordered by the department and that this debt and amounts due under the notice shall be subject to collection action;

(e) A statement that the property of the debtor, without further advance notice or hearing, will be subject to lien and foreclosure, distraint, seizure and sale, order to withhold and deliver, notice of payroll deduction or other collection action to satisfy the debt and enforce the support obligation established under the notice;

(f) A statement that either or both parents are responsible for providing health insurance for his or her child if coverage that can be extended to cover the child exists through private health insurance which is accessible to the child or through coverage that is or becomes available to the parent through employment or is union-related, or for paying a cash medical support obligation if no such coverage is available, as provided under RCW 26.09.105.

(4) A responsible parent or custodial parent who objects to the notice and finding of financial responsibility may file an application for an adjudicative proceeding within twenty days of the date of service of the notice or thereafter as provided under this subsection.

(a) If the responsible parent or custodial parent files the application within twenty days, the office of administrative hearings shall schedule an adjudicative proceeding to hear the parent's or parents' objection and determine the support obligation for the entire period covered by the notice and finding of financial responsibility. The filing of the application stays collection action pending the entry of a final administrative order.

(b) If both the responsible parent and the custodial parent fail to file an application within twenty days, the notice and finding shall become final. The current and future support and the support debt stated in the notice are final and subject to collection, except as provided under (c) and (d) of this subsection;

(c) If the responsible parent or custodial parent files the application more than twenty days after, but within one year of the date of service, the office of administrative hearings shall schedule
an adjudicative proceeding to hear the parent's or parents' objection and determine the support obligation for the entire period covered by the notice and finding of financial responsibility. The filing of the application does not stay further collection action, pending the entry of a final administrative order, and does not affect any prior collection action;

(d) If the responsible parent or custodial parent files the application more than one year after the date of service, the office of administrative hearings shall schedule an adjudicative proceeding at which the parent who requested the late hearing must show good cause for failing to file a timely application. The filing of the application does not stay future collection action and does not affect prior collection action:

(i) If the presiding officer finds that good cause exists, the presiding officer shall proceed to hear the parent's objection to the notice and determine the support obligation;

(ii) If the presiding officer finds that good cause does not exist, the presiding officer shall treat the application as a petition for prospective modification of the amount for current and future support established under the notice and finding. In the modification proceeding, the presiding officer shall set current and future support under chapter 26.19 RCW. The petitioning parent need show neither good cause nor substantial change of circumstances to justify modification of current and future support;

(e) If the responsible parent's support obligation was based upon imputed median net income, the grant standard, or the family need standard, the division of child support may file an application for adjudicative proceeding more than twenty days after the date of service of the notice. The office of administrative hearings shall schedule an adjudicative proceeding and provide notice of the hearing to the responsible parent and the custodial parent. The presiding officer shall determine the support obligation for the entire period covered by the notice, based upon credible evidence presented by the division of child support, the responsible parent, or the custodial parent, or may determine that the support obligation set forth in the notice is correct. The division of child support demonstrates good cause by showing that the responsible parent's support obligation was based upon imputed median net income, the grant standard, or the family need standard. The filing of the application by the division of child support does not stay further collection action, pending the entry of a final administrative order, and does not affect any prior collection action;

(f) The department shall retain and/or shall not refund support money collected more than twenty days after the date of service of the notice. Money withheld as the result of collection action shall be delivered to the department. The department shall distribute such money, as provided in published rules.

(5) If an application for an adjudicative proceeding is filed, the presiding or reviewing officer shall determine the past liability and responsibility, if any, of the alleged responsible parent and shall also determine the amount of periodic payments to be made in the future, which amount is not limited by the amount of any public assistance payment made to or for the benefit of the child. If deviating from the child support schedule in making these determinations, the presiding or reviewing officer shall apply the standards contained in the child support schedule and enter written findings of fact supporting the deviation.

(6) If either the responsible parent or the custodial parent fails to attend or participate in the hearing or other stage of an adjudicative proceeding, upon a showing of valid service, the presiding officer shall enter an order of default against each party who did not appear and may enter an administrative order declaring the support debt and payment provisions stated in the notice and finding of financial responsibility to be assessed and determined and subject to collection action. The parties who appear may enter an agreed settlement or consent order, which may be different than the terms of the department's application. Any party who appears may choose to appeal the hearing, after the conclusion of which the presiding officer or reviewing officer may enter an order that is different than the terms stated in the notice, if the obligation is supported by credible evidence presented by any party at the hearing.

(7) The final administrative order establishing liability and/or future periodic support payments shall be superseded upon entry of a superior court order for support to the extent the superior court order is inconsistent with the administrative order.

(8) Debts determined pursuant to this section, accrued and not paid, are subject to collection action under this chapter without further necessity of action by a presiding or reviewing officer.

(9) The department has rule-making authority to enact rules consistent with 42 U.S.C. Sec. 652(f) and 42 U.S.C. Sec. 666(a)(19) as amended by section 7307 of the deficit reduction act of 2005. Additionally, the department has rule-making authority to implement regulations required under ( revises ) 45 C.F.R. Parts 302, 303, 304, 305, 306, and 308.

**Sec. 8.** RCW 74.20A.056 and 2007 c 143 s 9 are each amended to read as follows:

(1) If an alleged father has signed an affidavit acknowledging paternity which has been filed with the state registrar of vital statistics before July 1, 1997, the division of child support may serve a notice and finding of parental responsibility on him and the custodial parent. Procedures for and responsibility resulting from acknowledgments filed after July 1, 1997, are in subsections (8) and (9) of this section. Service of the notice shall be in the same manner as a summons in a civil action or by certified mail, return receipt requested, on the alleged father. The custodial parent shall be served by first-class mail to the last known address. If the custodial parent is not the nonresidential applicant or public assistance recipient, service shall be in the same manner as for the responsible parent. The notice shall have attached to it a copy of the affidavit or certification of birth record information advising of the existence of a filed affidavit, provided by the state registrar of vital statistics, and shall state that:

(a) Either or both parents are responsible for providing health insurance for their child either through private health insurance which is accessible to the child or through coverage that can be extended to cover the child or becomes available to the parent through employment or is union-related, or for paying a cash medical support obligation if no such coverage is available, as provided under RCW 26.09.105;

(b) The alleged father or custodial parent may file an application for an adjudicative proceeding at which they both will be required to appear and show cause why the amount stated in the notice as support is incorrect and should not be ordered;

(c) An alleged father or mother, if she is also the custodial parent, may request that a blood or genetic test be administered or files an application for an adjudicative proceeding, the amount of support stated in the notice and finding of parental responsibility shall become final, subject only to a subsequent determination under RCW 26.26.630 that the parent-child relationship does not exist.

(2) An alleged father or custodial parent who objects to the amount of support requested in the notice may file an application for an adjudicative proceeding up to twenty days after the date the notice was served. An application for an adjudicative proceeding may be filed within one year of service of the notice and finding of parental responsibility without the necessity for a showing of good cause or upon a showing of good cause thereafter. An adjudicative proceeding under this section shall be pursuant to RCW 74.20A.055. The only issues shall be the amount of the accrued debt, the amount of the current and future support obligation, and the reimbursement of the costs of blood or genetic tests if advanced by the department. A custodian who is not the parent of a child and who has physical custody of a child has the same notice and hearing rights that a custodial parent has under this section.

(3) If the application for an adjudicative proceeding is filed within twenty days of service of the notice, collection action shall be stayed pending a final decision by the department. If no application is filed within twenty days:

(a) The amounts in the notice shall become final and the debt created therein shall be subject to collection action; and
(b) Any amounts so collected shall neither be refunded nor returned if the alleged father is later found not to be a responsible parent.

(4) An alleged father or the mother, if she is also the custodial parent, may request that a blood or genetic test be administered at any time. The request for testing shall be in writing, or as the department may specify by rule, and served on the division of child support. If a request for testing is made, the department shall arrange for the test and, pursuant to rules adopted by the department, may advance the cost of such testing. The department shall mail a copy of the results by certified mail, return receipt requested, to the alleged father's and mother's, if she is also the custodial parent, last known address.

(5) If the test excludes the alleged father from being a natural parent, the division of child support shall file a copy of the results with the state registrar of vital statistics and shall dismiss any pending administrative collection proceedings based upon the affidavit in issue. The state registrar of vital statistics shall remove the alleged father's name from the birth certificate and change the child's surname to be the same as the mother's maiden name as stated on the birth certificate, or any other name which the mother may select.

(6) The alleged father or mother, if she is also the custodial parent, may, within twenty days after the date of receipt of the test results, request the division of child support to initiate an action under RCW 26.26.500 through 26.26.630 to determine the existence of the parent-child relationship. If the division of child support initiates a superior court action at the request of the alleged father or mother and the decision of the court is that the alleged father is a natural parent, the parent who requested the test shall be liable for court costs incurred.

(7) If the alleged father or mother, if she is also the custodial parent, does not request the division of child support to initiate a superior court action, or fails to appear and cooperate with blood or genetic testing, the notice of parental responsibility shall become final for all intents and purposes and may be overturned only by a subsequent superior court order entered under RCW 26.26.500 through 26.26.630.

(8)(a) Subsections (1) through (7) of this section do not apply to acknowledgments of paternity filed with the state registrar of vital statistics after July 1, 1997.

(b) If an acknowledged father has signed an acknowledgment of paternity that has been filed with the state registrar of vital statistics after July 1, 1997:

(ii) The division of child support may serve a notice and finding of financial responsibility under RCW 74.20A.055 based on the acknowledgment. The division of child support shall attach a copy of the acknowledgment or certification of the birth record information and a notice of the existence of a filed acknowledgment of paternity to the notice;

(iii) A statement that either or both parents are responsible for providing health insurance for his or her child if coverage that can be extended to cover the child is or becomes available to the parent through employment or is union-related as provided under RCW 26.09.105; and

(iv) The party commencing the action to rescind or challenge the acknowledgment or denial must serve notice on the division of child support and the office of the prosecuting attorney in the county in which the proceeding is commenced. Commencement of a proceeding to rescind or challenge the acknowledgment or denial stays the establishment of the notice and finding of financial responsibility, if the notice has not yet become a final order.

(b) If neither the acknowledged father nor other party to the notice who objects to the amount of support requested in the notice may file an application for an adjudicative proceeding up to twenty days after the date the notice was served. An application for an adjudicative proceeding may be filed within one year of service of the notice and finding of parental responsibility without the necessity for a showing of good cause therefor. An adjudicative proceeding under this section shall be pursuant to RCW 74.20A.055. The only issues shall be the amount of the accrued debt and the amount of the current and future support obligation.

(i) If the application for an adjudicative proceeding is filed within twenty days of service of the notice, collection action shall be stayed pending a final decision by the department.

(ii) If the application for an adjudicative proceeding is not filed within twenty days of the service of the notice, any amounts collected under the notice shall be neither refunded nor returned if the alleged father is later found not to be a responsible parent.

(c) If neither the acknowledged father nor the custodial parent requests an adjudicative proceeding, or if no timely action is brought to rescind or challenge the acknowledgment or denial after service of the notice, the notice of financial responsibility becomes final for all intents and purposes and may be overturned only by a subsequent superior court order entered under RCW 26.26.500 through 26.26.630.

(9) Acknowledgments of paternity that are filed after July 1, 1997, are subject to requirements of chapters 26.26, the uniform parentage act, and 70.58 RCW.

(10) The department and the department of health may adopt rules to implement the requirements under this section.

(11) The department has rule-making authority to enact rules consistent with 42 U.S.C. Sec. 632(f) and 42 U.S.C. Sec. 666(a)(19) as amended by section 7307 of the deficit reduction act of 2005. Additionally, the department has rule-making authority to implement regulations required under ((parts)) 45 C.F.R. Parts 302, 303, 304, 305, and 308.

Sec. 9. RCW 74.20A.059 and 1991 c 367 s 47 are each amended to read as follows:

(1) The department, the physical custodian, or the responsible parent may petition for a prospective modification of a final administrative order if:

(a) The administrative order has not been superseded by a superior court order; and

(b) There has been a substantial change of circumstances, except as provided under RCW 74.20A.055(4).

(2) An order of child support may be modified one year or more after it has been entered without showing a substantial change of circumstances:

(a) If the order in practice works a severe economic hardship on either party or the child;

(b) If a party requests an adjustment in an order for child support that was based on guidelines which determined the amount of support according to the child's age, and the child is no longer in the age category on which the current support amount was based; or

(c) If a child is a full-time student and reasonably expected to complete secondary school or the equivalent level of vocational or technical training before the child becomes nineteen years of age upon a finding that there is a need to extend support beyond the eighteenth birthday.

(3) An order may be modified without showing a substantial change of circumstances if the requested modification is to:

(a) Require ((health insurance coverage)) medical support under RCW 26.09.105 for a child covered by the order; or

(b) Support orders may be adjusted once every twenty-four months based upon changes in the income of the parents without a showing of substantially changed circumstances.

(5)(a) All administrative orders entered on, before, or after September 1, 1991, may be modified based upon changes in the child support schedule established in chapter 26.19 RCW without a
substantial change of circumstances. The petition may be filed based on changes in the child support schedule after twelve months has expired from the entry of the administrative order or the most recent modification order setting child support, whichever is later. However, if a party is granted relief under this provision, twenty-four months must pass before another petition for modification may be filed pursuant to subsection (4) of this section.

(b) If, pursuant to subsection (4) of this section or (a) of this subsection, the order modifies a child support obligation by more than thirty percent and the change would cause significant hardship, the change may be implemented in two equal increments, one at the time of the entry of the order and the second six months from the entry of the order. Twenty-four months must pass following the second change before a petition for modification under subsection (4) of this section may be filed.

(6) An increase in the wage or salary of the parent or custodian who is receiving the support transfer payments (as defined in section 24 of this act) is not a substantial change in circumstances for purposes of modification under subsection (1)(b) of this section. An obligor's voluntary unemployment or voluntary underemployment, by itself, is not a substantial change of circumstances.

(7) The department shall file the petition and a supporting affidavit with the secretary or the secretary's designee when the department petitions for modification.

(8) The responsible parent or the physical custodian shall follow the procedures in this chapter for filing an application for an adjudicative proceeding to petition for modification.

(9) Upon the filing of a proper petition or application, the secretary or the secretary's designee shall issue an order directing each party to appear and show cause why the order should not be modified.

(10) If the presiding or reviewing officer finds a modification is appropriate, the officer shall modify the order and set current and future support under chapter 26.19 RCW.

NEW SECTION. Sec. 10. This act takes effect October 1, 2009.

On page 1, line 1 of the title, after "obligations;" strike the remainder of the title and insert "amending RCW 26.09.105, 26.18.170, 26.18.180, 26.23.050, 26.23.110, 74.20A.300, 74.20A.055, 74.20A.065, and 74.20A.059; and providing an effective date."

SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House did not concur in the Senate amendment to SUBSTITUTE HOUSE BILL NO. 1845 and asked the Senate to recede therefrom.

MESSAGE FROM THE SENATE

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1379 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that the state, counties, and cities have moratoria authority granted through constitutional and statutory provisions and that this authority, when properly exercised, is an important aspect of complying with environmental stewardship and protection requirements. Recognizing the fundamental role and value of properly exercised moratoria, the legislature intends to establish new moratoria procedures and to affirm moratoria authority that local governments have and may exercise and when implementing the shoreline management act, while recognizing the legitimate interests of existing shoreline related developments during the period of interim moratoria.

NEW SECTION. Sec. 2. A new section is added to chapter 70.41 RCW to read as follows:

(1) Providers and facilities listed in subsection (1) of this section may, after disclosing estimated charges and fees to a patient, refer the patient to the patient's insurer, if applicable, for specific information on the insurer's charges and fees, any cost-sharing responsibilities required of the patient, and the network status of ancillary providers who may or may not share the same network status as the provider or facility.

(3) Except for hospitals licensed under chapter 70.41 RCW, providers and facilities listed in subsection (1) of this section must post a notice in a location visible to all patients that says, "You have the right to know the estimated cost of your health services before you consent to the services. Please do not hesitate to ask for information."

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1869, and asked the Senate to recede therefrom.

MESSAGE FROM THE SENATE

April 14, 2009

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1379 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that the state, counties, and cities have moratoria authority granted through constitutional and statutory provisions and that this authority, when properly exercised, is an important aspect of complying with environmental stewardship and protection requirements. Recognizing the fundamental role and value of properly exercised moratoria, the legislature intends to establish new moratoria procedures and to affirm moratoria authority that local governments have and may exercise and when implementing the shoreline management act, while recognizing the legitimate interests of existing shoreline related developments during the period of interim moratoria.

NEW SECTION. Sec. 2. A new section is added to chapter 70.41 RCW to read as follows:

(1) Local governments may adopt moratoria or other interim official controls as necessary and appropriate to implement this chapter.

(2)(a) A local government adopting a moratorium or control under this section must:

(i) Hold a public hearing on the moratorium or control;

(ii) Adopt detailed findings of fact that include, but are not limited to justifications for the proposed or adopted actions and explanations of the desired and likely outcomes;

(iii) Notify the department of the moratorium or control immediately after its adoption. The notification must specify the time, place, and date of any public hearing required by this subsection;

(iv) Provide that all lawfully existing uses, structures, or other development shall continue to be deemed lawful conforming uses and may continue to be maintained, repaired, and redeveloped, so long as
the use is not expanded, under the terms of the land use and shoreline rules and regulations in place at the time of the moratorium.

(b) The public hearing required by this section must be held within sixty days of the adoption of the moratorium or control.

(3) A moratorium or control adopted under this section may be effective for up to six months if a detailed work plan forremedying the issues and circumstances necessitating the moratorium or control is developed and made available for public review. A moratorium or control may be renewed for two six-month periods if the local government complies with subsection (2)(a) of this section before each renewal. If a moratorium or control is in effect on the date a proposed master program or amendment is submitted to the department, the moratorium or control must remain in effect until the department’s final action under RCW 90.58.090; however, the moratorium expires six months after the date of submittal if the department has not taken final action.

(4) Nothing in this section may be construed to modify county and city moratoria powers conferred outside this chapter.

NEW SECTION. Sec. 3. (1) The legislature finds that a special height moratorium is necessary along the shoreline known as the "Olympia Isthmus" located in the city of Olympia between Capitol Lake and Budd Inlet, which should hereinafter be designated a "shoreline of statewide significance." 

(2) The legislature further finds that:

(a) The shoreline along Capitol Lake is part of the Heritage park area of the state capitol campus, in which the state of Washington has invested millions of dollars to improve and make available for statewide public use, education, and appreciation. It is also an important element of the scenic, historic vista northward from the capitol campus, in which the state of Washington and nonprofit organizations have invested millions of dollars to construct excellent public viewing opportunities of the north capitol campus and other sights of both statewide and national significance;

(b) The state of Washington is continuing to invest millions of dollars in water quality improvements along both Capitol Lake and Budd Inlet shorelines;

(c) The Olympia Isthmus as a whole is historically significant, fragile, and a major contributor to significant changes to the natural estuary area of the area. The Olympia Isthmus was constructed by fill in early 1911, with the reflecting lake created in the 1950s when the dam was constructed at what is now called the Deschutes spillway;

(d) The vista is an integral part of the design of the state capitol campus. The state's founders sited the capitol campus in its location principally to take advantage of this expansive vista. The vista: Is representative of much of the physical characteristics of very large areas of the state; provides a visual and physical connection between the capitol and the Puget Sound; is inspirational; and promotes an appreciation of the scenic grandeur and rich natural resources of our state; and

(e) The Washington state capitol, together with its spectacular location, is a state and national treasure that has been passed down from one generation to another.

(3) The legislature intends that the Olympia Isthmus be declared to be a shoreline of statewide significance through the shoreline management act to advance the public interest and to protect public investments.

(4) This state and national treasure has been passed down from one generation to another. It includes public vistas of Budd Inlet, south Puget Sound, the Olympic mountains, and a broad range of forested hills.

(5) Therefore, it is the intent of the legislature to take steps to protect this state and national scenic and historic asset.

Sec. 4. RCW 90.58.030 and 2007 c 328 s 1 are each amended to read as follows:

POINT OF ORDER

Representative Ericksen requested a scope and object ruling on the Senate amendment to Engrossed Substitute House Bill No. 1379.

SPEAKER'S RULING

Mr. Speaker: (Representative Morris presiding): "Engrossed Substitute House Bill No. 1379, as passed by the House, authorized local governments to adopt moratoria and temporary controls necessary to implement the shoreline management act, specified procedural requirements for their adoption, and limited their duration.

The Senate amendment designates a specific area of shoreline as a shoreline of statewide significance and imposes a permanent height restriction on the construction of new buildings and structures on the property.

The Senate amendment is unrelated to the purpose of the bill as it passed the House – to authorize and regulate the adoption of temporary controls under the shoreline management act – and clearly exceeds the bill’s scope and object.

Representative Ericksen, your point of order is well taken."

SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House did not concur in the Senate amendment to ENGROSSED SUBSTITUTE HOUSE BILL NO. 1379 and asked the Senate to recede therefrom.

MESSAGE FROM THE SENATE

April 13, 2009

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1329 with the following amendment:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that, as of 2009, the challenges posed by low wages and lack of training that the legislature identified in enacting the child care career and wage ladder persist, and the availability of quality child care in the state continues to suffer. The legislature intends to address these problems by creating the possibility for a new relationship between child care center directors and workers and the state. Child care center directors and workers are to be given the opportunity to work collectively to improve standards in their profession and to expand opportunities for educational advancement to ensure continuous quality improvement in the delivery of early learning services. Family child care providers in the state have recently been given a similar opportunity, and the results of their efforts have improved standards and quality for that segment of the child care industry.

The legislature intends to create a new type of collective bargaining for these directors and workers whereby they can come together and bargain with the state over matters within the state's purview to improve the quality of child care for the state's families. Unlike traditional collective bargaining, this new approach will afford these directors and workers the opportunity to bargain with the state only over the state's support for child care centers, a matter of common concern to both directors and workers. Specific terms and conditions of employment at individual centers, which are the subjects of traditional collective bargaining between employers and their employees, fall outside the limited scope of bargaining defined by this act. Accordingly, traditional policy concerns over supervisors and employees being organized into a common bargaining unit are inapplicable. Sharing a community of interest in the subjects of bargaining enables directors and workers to work side by side in the same bargaining unit for common goals.

All child care center directors and workers will equally be able to maintain full membership in the organization that represents them in their efforts to improve the quality of child care they provide to the state's children. This new bargaining relationship does not intrude in any manner upon those relationships governed by the national labor relations act (29 U.S.C. Sec. 151 et seq.). Child care center directors and workers do not forfeit their rights under the national labor relations act by becoming members of an organization that represents them in their dealings with the state. Under the national labor relations act, an organization that represents child care center directors and workers in bargaining with the state under this act is precluded from representing workers seeking to engage in traditional collective bargaining with their employer over specific terms and conditions of employment at individual child care centers.

Nothing in this act is intended to create any unfunded mandates or financial obligations on child care centers covered by this act.

Sec. 2. RCW 41.56.028 and 2007 c 278 s 2 are each amended to read as follows:

(1) In addition to the entities listed in RCW 41.56.020, this chapter applies to the governor with respect to family child care providers and to child care center directors and workers. Solely for the purposes of collective bargaining and as expressly limited under subsections (2) and (3) of this section, the governor is the public employer of family child care providers and of child care center directors and workers who, solely for the purposes of collective bargaining, are public employees. The public employer shall be represented for bargaining purposes by the governor or the governor's designee appointed under chapter 41.80 RCW.

(2) This chapter governs the collective bargaining relationship between the governor and family child care providers and between the governor and child care center directors and workers, except as follows:
((A state-wide unit of all family child care providers in))) The only units appropriate for purposes of collective bargaining under RCW 41.56.060 are:

((i)) A state-wide unit for family child care providers; and

((ii)) The units for child care center directors and workers determined by the commission which shall conform to the unit requested in the application for certification as the bargaining representative if consistent with the terms of this act. In determining the units, the commission shall include in the same unit all child care center directors and workers employed at child care centers located in the same county or health services regions existing on the effective date of this section, and may group together regions to minimize the number of units.

((b)) The exclusive bargaining representative of family child care providers or of child care center directors and workers in the units specified in (a) of this subsection shall be the representative chosen in an election conducted pursuant to RCW 41.56.070, except that:

((i)) In the initial election conducted under chapter 54, Laws of 2006, or this act, if more than one labor organization is on the ballot and none of the choices receives a majority of the votes cast, a run-off election shall be held;

((ii)) To show at least thirty percent representation within a unit to request for an initial election under this subsection otherwise provided in this chapter, a written proof of representation is valid only if collected not more than two years prior to the date the request is filed with the commission; and

((iii)) The initial election may not occur before July 1, 2010.

(((c)) For the exclusive bargaining representatives certified by the commission to represent units of child care center directors and workers, negotiations of a collective bargaining agreement shall be conducted jointly by all certified representatives. The representatives shall bargain for one collective bargaining agreement covering all of the represented child care center directors and workers.

(d) Notwithstanding the definition of "collective bargaining" in RCW 41.56.030(4), the scope of collective bargaining for family child care providers under this section shall be limited solely to:

(((i))) ((A)) Economic compensation, such as manner and rate of subsidy and reimbursement, including tiered reimbursements; (((ii))) (B) health and welfare benefits; (((iii))) (C) professional development and training; (((iv))) (D) labor-management committees; (((v))) (E) grievance procedures; and (((vi))) (F) other economic matters.

Retirement benefits shall not be subject to collective bargaining. By such obligation neither party shall be compelled to agree to a proposal or be required to make a concession unless otherwise provided in this chapter.

(((d))) (ii) Notwithstanding the definition of "collective bargaining" in RCW 41.56.030(4), the matters subject to bargaining under this section shall be within the purview of the state and within the community of interest of child care center directors and workers.

The public employer is: (A) Required to bargain over the manner and rate of subsidy and reimbursement, so long as any agreement is consistent with the provisions of any quality rating and improvement system; (B) permitted, but not required, to bargain over: (I) Funding for professional development and training; (II) mechanisms and funding to improve the access of child care centers to health care insurance and other benefit programs; (III) other economic support for child care centers; and (IV) grievance procedures to resolve disputes arising out of the interpretation or application of the collective bargaining agreement; and (C) prohibited from bargaining over retirement benefits. By such obligation neither party shall be compelled to agree to a proposal or be required to make a concession unless otherwise provided in this chapter.

The mediation and interest arbitration provisions of RCW 41.56.430 through 41.56.470 and 41.56.480 apply, except that:

((i)) With respect to commencement of negotiations between the governor and the exclusive bargaining representative of family child care providers or the exclusive bargaining representative or representatives of child care center directors and workers, negotiations shall be commenced initially upon certification of an exclusive bargaining representative under (a) of this subsection and, thereafter, by February 1st of any even-numbered year; and

((ii)) The decision of the arbitration panel is not binding on the legislature and, if the legislature does not approve the request for funds necessary to implement the compensation and benefit provisions of((the)) an arbitrated collective bargaining agreement for family child care providers or the subsidy and reimbursement provisions of an arbitrated collective bargaining agreement for child care center directors and workers, is not binding on the state.

(((e))) (i) Nothing in chapter 54, Laws of 2006, or this act grants family child care providers ((do not have)) and child care center directors and workers the right to strike.

((f)) (3) Family child care providers and child care center directors and workers who are public employees solely for the purposes of collective bargaining under subsection (1) of this section are not, for that reason, employees of the state for any purpose. This section applies only to the governance of the collective bargaining relationship between the employer and family child care providers and between the employer and child care center directors and workers as provided in subsections (1) and (2) of this section.

((g)) This section does not create or modify:

((a)) The parents' or legal guardians' right to choose and terminate the services of any family child care provider or any child care center that provides care for their child or children;

((b)) The child care centers' right to choose, direct, and terminate the services of any child care worker who provides care in the center, and (((c))) (and) the legislature's right to determine standards for professional development and training, quality criteria, quality rating systems, and incentives for improving quality.

The governor shall not enter into, extend, or renew any agreement under this section that does not expressly reserve the legislative rights described in this subsection (4)(((e))) ((f)).

((h))) (5) Upon meeting the requirements of subsection (6) of this section, the governor must submit, as a part of the proposed biennial or supplemental operating budget, a request to the legislature under chapter 43.215 RCW, except for requests related to grievance procedures and collective negotiations on personnel matters as specified in subsection (2)(((e))) ((d)) of this section; and

(((i))) (e) Chapter 26.44 or 43.215 RCW or RCW 43.43.832(((j))) or 43.20A.205, (and 43.15.230), and

(((j))) (f) The legislature's right to make programmatic modifications to the delivery of state services through child care subsidy programs, including standards of eligibility of parents, legal guardians, ((and)) family child care providers and child care centers participating in child care subsidy programs, (and) the nature of services provided, and the legislature's right to determine standards for professional development and training, quality criteria, ratings through programs such as a quality rating system, and incentives for improving quality. The governor shall not enter into, extend, or renew any agreement under this section that does not expressly reserve the legislative rights described in this subsection (4)(((e))) ((f)).

((k))) (6) Requests for funds necessary to implement the compensation and benefit provisions of a collective bargaining agreement for family child care providers and a collective bargaining agreement for child care center directors and workers entered into under this section or for legislation necessary to implement such agreements

((l))) (f) For family child care providers, certified by the director of financial management as being financially feasible for the state or reflects the binding decision of an arbitration panel reached under this section; and

((m))) (c) For child care center directors and workers, certified by the director of financial management as being financially feasible for the
state. If the director of financial management does not certify those provisions of the decision as feasible financially for the state, those provisions of the decision are not binding on the governor. To the extent that the decision is not binding on the governor, RCW 41.56.480 does not apply.

(7) The legislature must approve or reject the submission of the requests for funds as a whole. If the legislature rejects or fails to act on the submissions, any such agreements will be reopened solely for the purpose of renegotiating the funds necessary to implement the agreements.

(8) The governor shall periodically consult with the joint committee on employment relations established by RCW 41.80.010 regarding appropriations necessary to implement the compensation and benefit provisions of ((any)) a collective bargaining agreement for family child care providers and a collective bargaining agreement for child care center directors and workers and, upon completion of negotiations, advise the committee on the elements of the agreements and on any legislation necessary to implement such agreements.

(9) After the expiration date of any collective bargaining agreement entered into under this section, all of the terms and conditions specified in any such agreement remain in effect until the effective date of a subsequent agreement, not to exceed one year from the expiration date stated in the agreement, except as provided in subsection (4)(iii) of this section.

(10) If, after the compensation and benefit provisions of ((any)) a collective bargaining agreement for family child care providers or for a collective bargaining agreement for child care center directors and workers are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

(11) In enacting this section, the legislature intends to provide state action immunity under federal and state antitrust laws for the joint activities of family child care providers and their exclusive bargaining representative and of child care center directors and workers and their exclusive bargaining representatives to the extent such activities are authorized by this chapter.

(1) Upon the written authorization of an individual provider, a family child care provider, or an adult family home provider within the bargaining unit and after the certification or recognition of the bargaining unit's exclusive bargaining representative, the state as payor, but not as the employer, shall, subject to subsection (((4))) (((5))) of this section, deduct from the payments to an individual provider, a family child care provider, or an adult family home provider the monthly amount of dues as certified by the secretary of the exclusive bargaining representative and shall transmit the same to the treasurer of the exclusive bargaining representative.

(2) If the governor and the exclusive bargaining representative of a bargaining unit of individual providers, family child care providers, or adult family home providers enter into a collective bargaining agreement that:

NEW SECTION. Sec. 1. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 14. If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state.

On page 1, line 3 of the title, after "workers," strike the remainder of the title and insert "amending RCW 41.56.028, 41.56.030, 41.56.113, 41.56.465, 41.04.810, 43.01.047, 43.215.350, and 74.15.020; reenacting and amending RCW 43.215.010; adding a new section to chapter 41.56 RCW; adding a new section to chapter 43.215 RCW; and creating new sections."

On page 1, line 5 of the amendment, after "persist" strike all material through "centers" on page 2, line 17 and insert ". The legislature intends to address these problems by creating the possibility for a new relationship between child care center directors and workers and the state. Child care center directors and workers are to be given the opportunity to work collectively to improve standards in their profession and to expand opportunities for educational advancement to ensure continuous quality improvement in the delivery of early learning services. Family child care providers in the state have recently been given a similar opportunity, and the results of their efforts have improved standards and quality for that segment of the child care industry.

The legislature intends to create a new type of collective bargaining for these directors and workers whereby they can come together and bargain with the state over matters within the state's purview to improve the quality of child care for the state's families. Unlike traditional collective bargaining, this new approach will afford these directors and workers the opportunity to bargain with the state only over the state's support for child care centers, a matter of common concern to both directors and workers. Specific terms and conditions of employment at individual centers, which are the subjects of traditional collective bargaining between employers and their employees, fall outside the limited scope of bargaining defined by this act. Accordingly, traditional policy concerns over supervisors and employees being organized into a common bargaining unit are inapplicable. Sharing a community of interest in the subjects of bargaining enables directors and workers to work side by side in the same bargaining unit for common goals.

This new approach to collective bargaining is available only to center directors and workers who file a notice of intent to participate in the initial opt in phase under section 4 of this act. This new bargaining relationship does not intrude in any manner upon those relationships governed by the national labor relations act (29 U.S.C. Sec. 151 et seq.). Child care center directors and workers do not forfeit their rights under the national labor relations act by becoming members of an organization that represents them in their dealings with the state. Under the national labor relations act, an organization that represents child care center directors and workers in bargaining with the state under this act is precluded from representing workers seeking to engage in traditional collective bargaining with their employer over specific terms and conditions of employment at individual child care centers.

On page 2, line 24 of the amendment, after "workers" insert "who choose to opt in under section 4 of this act"

On page 3, line 4 of the amendment, after "(ii)" strike all material through "units" on line 12 and insert "A statewide unit for child care center directors and workers"

(c) Repeal the remaining subsections consecutively and correct any internal references accordingly.

On page 4, line 10 of the amendment, after "section" insert "for child care center directors and workers"

On page 4, line 18 of the amendment, after "programs," insert "and"

On page 4, beginning on line 18 of the amendment, after "(III)" strike all material through "(IV)" on line 19

Recognizing that family child care providers have been granted the ability to collectively bargain with the state to improve standards in their profession and to expand opportunities for educational advancement to ensure continuous quality improvement in the delivery of early learning services, it has been suggested that the legislature grant similar bargaining rights to child care center directors and workers. However, because of current economic realities, it is difficult to award such rights before thoroughly studying whether this will, in fact, improve the working conditions of child care center directors and workers.

The legislature intends, therefore, to study the effects of the family child care provider system and whether providing equivalent collective bargaining opportunities to child care center directors and workers will lead to better training and opportunities for child care workers and better early learning opportunities for the children in their care. The legislature further intends that the results of this study be delivered to a joint legislative task force which will investigate methods to raise the subsidy through legislation.

NEW SECTION. Sec. 2. (1) The department of early learning must study issues relating to increasing the child care subsidy and reimbursement rates for child care centers licensed under chapter 43.125 RCW. The study must: (a) Include a review of the results of the collective bargaining provided to family child care providers. This must include whether this has resulted in increased economic compensation, health and welfare benefits, professional development and training, and other economic matters to these providers; (b) Be made in consultation with child care center directors and workers as well as other interested stakeholders. Directors and workers must be consulted in several areas of the state, including centers located in eastern Washington and western Washington; (c) Review alternative methods of raising the child care subsidy rate; (d) Review alternative methods to provide training to child care center directors and workers; (e) Review methods to retain child care center workers and otherwise reduce employee turnover; and (f) Include other items the department determines necessary to study in order to increase educational opportunities for children in child care centers. (2) The study required under this subsection must be completed by August 1, 2010, and delivered to the joint legislative task force on child care center subsidy and reimbursement rates established in section 3 of this act.

(3) This section expires December 31, 2010.

NEW SECTION. Sec. 3. (1) The joint legislative task force on child care center subsidy and reimbursement rates is established. The task force shall consist of the following members:
(a) The chair and the ranking minority member of the senate labor, commerce and consumer protection committee; (b) The chair and the ranking minority member of the house of representatives commerce and labor committee; (c) Up to eight members appointed jointly by the president of the senate and the speaker of the house of representatives that represent child care centers. These members must include representatives of businesses that own and operate ten or more child care centers; representatives of local nonprofit organizations whose primary mission is to provide social services, such as the YMCA and the YWCA; and representatives of child care centers such as the Washington federation of independent schools, child care consulting, the Washington education association, the American federation of teachers; and the service employees international union; and (d) The director of the department of early learning, or the director's designee.

(2) The task force must review the results of the study conducted under section 2 of this act and must develop proposed legislation that is intended to increase the child care subsidy and reimbursement rates. In developing proposed legislation, the task force must consider previous legislative attempts to raise the subsidy rate including SB 5506, which was proposed during the 2009 legislative session.

(3) The task force must submit its proposed legislation to the senate labor commerce and consumer protection committee, the senate early learning and K-12 education committee, the house of representatives commerce and labor committee, and the house of representatives early learning and children's services committee by December 1, 2011.

(4) This section expires December 31, 2011.

MESSAGE FROM THE SENATE

April 7, 2009

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 2165 with the following amendment:

"NEW SECTION, Sec. 1. The legislature finds that forest biomass is an abundant and renewable byproduct of Washington's forest land management. Forest biomass can be utilized to generate clean renewable energy. In some Washington forests, residual forest biomass is burned on site or left to decompose. The lack of forest products markets in some areas means that standing forest biomass removed for forest health and wildfire risk reduction treatments must occur at substantial cost. Utilizing forest biomass to generate energy can reduce the greenhouse gases emitted by burning forest biomass.

The legislature further finds that the emerging forest biomass energy economy is challenged by: Not having a reliable supply of predictably priced forest biomass feedstock; shipping and processing costs; insufficient forest biomass processing infrastructure; and feedstock demand.

The legislature finds that making use of the state's forest biomass resources for energy production may generate new revenues or increase asset values of state lands and state forest lands, protect forest land of all ownerships from severe forest health problems, stimulate Washington's economy, create green jobs, and reduce Washington's dependence on foreign oil.

It is the intent of the legislature to support forest biomass demonstration projects that employ promising processing technologies. The demonstration projects must emphasize public and private forest biomass feedstocks that are generated as byproducts of current forest practices. The project must reveal ways to overcome the current impediments to the developing forest biomass energy economy, and ways to realize ecologically sustainable outcomes from that development.

NEW SECTION, Sec. 2. (1) The department may develop and implement forest biomass energy demonstration projects, one east of the crest of the Cascade mountains and one west of the crest of the Cascade Mountains. The demonstration projects must be designed to: (a) Reveal the utility of Washington's public and private forest biomass feedstock; (b) Create green jobs and generate renewable energy; (c) Generate revenues or improve asset values for beneficiaries of state lands and state forest lands; (d) Improve forest health, reduce pollution, and restore ecological function; and
(e) Avoid interfering with the current working area for forest biomass collection surrounding an existing fixed location biomass energy production site.

(2) To develop and implement the forest biomass energy demonstration projects, the department may form forest biomass energy partnerships or cooperatives.

(3) The forest biomass energy partnerships or cooperatives are encouraged to be public-private partnerships focused on convening the entities necessary to grow, harvest, process, transport, and utilize forest biomass to generate renewable energy. Particular focus must be given to recruiting and employing emerging technologies that can locally process forest biomass feedstock to create local green jobs and reduce transportation costs.

(4) The forest biomass energy partnerships or cooperatives may include, but are not limited to: Entrepreneurs or organizations developing and operating emerging technology to process forest biomass; industrial electricity producers; contractors capable of providing the local labor needed to collect, process, and transport forest biomass feedstocks; tribes; federal land management agencies; county, city, and other local governments; the department of community, trade, and economic development; state trust land managers; an organization dedicated to protecting and strengthening the job rights and working conditions of Washington's working families; accredited research institution representatives; an industrial timber land manager; a small forest landowner; and a not-for-profit conservation organization.

NEW SECTION. Sec. 3. By December 2010, the department shall provide a progress report to the legislature regarding its efforts to develop, implement, and evaluate forest biomass energy demonstration projects and any other department initiatives related to forest biomass. The report may include an evaluation of:

(1) The status of the department's abilities to secure funding, partners, and other resources for the forest biomass energy demonstration projects;

(2) The status of the biomass energy demonstration projects resulting from the department's efforts;

(3) The status and, if applicable, additional needs of forest landowners within the demonstration project areas for estimating sustainable forest biomass yields and availability;

(4) Forest biomass feedstock supply and forest biomass market demand barriers, and how they can best be overcome including actions by the legislature and United States congress; and

(5) Sustainability measures that may be instituted by the state to ensure that an increasing demand for forest biomass feedstocks does not impair public resources or the ecological conditions of forests.

NEW SECTION. Sec. 4. For the purposes of implementing this act, the department may seek grants or financing from the federal government, industry, or philanthropists.

Sec. 5. RCW 76.06.150 and 2004 c 218 s 2 are each amended to read as follows:

(1) The commissioner of public lands is designated as the state of Washington's lead for all forest health issues.

(2) The commissioner of public lands shall strive to promote communications between the state and the federal government regarding forest land management decisions that potentially affect the health of forests in Washington and will allow the state to have an influence on the management of federally owned land in Washington. Such government-to-government cooperation is vital if the condition of the state's public and private forest lands are to be protected. These activities may include, when deemed by the commissioner to be in the best interest of the state:

(a) Representing the state's interest before all appropriate local, state, and federal agencies;

(b) Assuming the lead state role for developing formal comments on federal forest management plans that may have an impact on the health of forests in Washington; (amend)

(c) Pursuing in an expedited manner any available and appropriate cooperative agreements, including cooperating agency status designation, with the United States forest service and the United States bureau of land management that allow for meaningful participation in any federal land management plans that could affect the department's strategic plan for healthy forests and effective fire prevention and suppression, including the pursuit of any options available for giving effect to the cooperative philosophy contained within the national environmental policy act of 1969 (42 U.S.C. Sec. 4331), and

(pursuing agreements with federal agencies in the service of forest biomass energy partnerships and cooperatives authorized under sections 2 through 4 of this act.

(3) The commissioner of public lands shall report to the chairs of the appropriate standing committees of the legislature every year on progress under this section, including the identification, if deemed appropriate by the commissioner, of any needed statutory changes, policy issues, or funding needs.

Sec. 6. RCW 43.30.020 and 1965 c 8 s 43.30.020 are each amended to read as follows:

((For the purposes of this chapter, except where a different interpretation is required by the context)) The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Department" means the department of natural resources((defined);

(2) "Board" means the board of natural resources((defined);

"Forest biomass" does not include wood pieces that have been treated with chemical preservatives such as: Creosote, pentachlorophenol, or copper-chrome-arsenic; wood from old growth forests, except wood removed for forest health treatments under chapter 76.06 RCW and RCW 79.15.540; wood required by chapter 76.09 RCW for large woody debris recruitment; or municipal solid waste.

NEW SECTION. Sec. 7. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 8. Sections 2 through 4 of this act are each added to chapter 43.30 RCW under the subchapter heading "duties and powers--forested lands."""

On page 1, line 2 of the title, after "project;" strike the remainder of the title and insert "amending RCW 76.06.150 and 43.30.020; adding new sections to chapter 43.30 RCW; and creating a new section."

(5) "Superior commissioned officer" means a commissioned officer superior in rank or command.

(6) "Enlisted member" means a person in an enlisted grade.

(7) "Grade" means a step or degree, in a graduated scale of office or military rank, that is established and designated as a grade by law or regulation.

(8) "Rank" means the order of precedence among members of the organized militia.

(9) The term "active state service" or "active training duty" shall be construed to be any service on behalf of the state, or at encampments whether ordered by state or federal authority or any other duty requiring the entire time of any organization of person except when called or drafted into the federal service by the president of the United States.

(10) Military court means a court-martial or a court of inquiry.

NEW SECTION. Sec. 6. A new section is added to chapter 38.38 RCW to read as follows:

A military judge must be a judge advocate. The adjutant general shall prescribe procedures for certifying, appointing, detailing, and removing military judges.

Sec. 7. RCW 38.38.080 and 1989 c 48 s 11 are each amended to read as follows:

Persons confined other than in a guard house, whether before, during, or after trial by a military court, shall be confined in civil jails, penitentiaries, or prisons designated by the governor or (by
such person as the governor may authorize to act) the adjutant general.

Sec. 8. RCW 38.38.092 and 1989 c 48 s 14 are each amended to read as follows:

(1) Under such regulations as may be prescribed ((under this code)) by the adjutant general, a person subject to this code ((who is on active state service or inactive duty)) who is accused of an offense against civil authority may be delivered, upon request, to the civil authority for trial.

(2) When delivery under this section is made to any civil authority of a person undergoing sentence of a court-martial, the delivery, if followed by conviction in a civil tribunal, interrupts the execution of the sentence of the court-martial, and the offender after having answered to the civil authorities for the offense shall, upon the request of competent military authority, be returned to military custody for the completion of the sentence.

Sec. 9. RCW 38.38.132 and 1991 c 43 s 5 are each amended to read as follows:

(1) Under such regulations as the governor may prescribe, limitations may be placed on the powers granted by this section with respect to the kind and amount of punishment authorized, the categories of commanding officers and warrant officers exercising command authorized to exercise those powers, the applicability of this section to an accused who demands trial by court-martial, and the kinds of courts-martial to which the case may be referred upon such a demand. However, except in the case of a member attached to or embarked in a vessel, punishment may not be imposed upon any member of the organized militia under this section if the member has, before the imposition of such punishment, demanded trial by court-martial in lieu of such punishment. Under similar regulations, rules may be prescribed with respect to the suspension of punishments authorized hereunder. If authorized by regulations of the governor, a commanding officer exercising general court-martial jurisdiction or an officer of general rank in command may delegate powers under this section to a principal assistant.

(2) Subject to subsection (1) of this section, any commanding officer may, in addition to or in lieu of admonition or reprimand, impose one or more of the following disciplinary punishments for minor offenses without the intervention of a court-martial:

(a) Upon officers of his or her command:
   (i) Restriction to certain specified limits, with or without suspension from duty, for not more than fourteen consecutive duty or drill days;
   (ii) If imposed by an officer exercising general court-martial jurisdiction or an officer of general rank in command:
      (A) Forfeiture of up to thirty days' pay, but not more than fifteen days' pay per month;
      (B) Restriction to certain specified limits, with or without suspension from duty, for not more than fourteen consecutive drill or duty days;
      (C) Detention of up to forty-five days' pay, but not more than fifteen days' pay per month;
   (b) Upon other personnel of his or her command:
      (i) If imposed upon a person attached to or embarked in a vessel, confinement for not more than three consecutive days;
      (ii) Forfeiture of not more than seven days' pay;
      (iii) Reduction to the next inferior pay grade, if the grade from which demoted is within the promotion authority of the officer imposing the reduction or any officer subordinate to the one who imposes the reduction;
      (iv) Extra duties, including fatigue or other duties for not more than fourteen duty or drill days, which need not be consecutive, and for not more than two hours per day, holidays included;
      (v) Restriction to certain specified limits, with or without suspension from duty, for not more than fourteen consecutive days;
      (vi) Detention of not more than fourteen days' pay;
      (vii) If imposed by (iii) a commanding officer of the grade of major or above:
         (A) The punishment authorized in subsection (2)(b)(i) of this section;
         (B) Forfeiture of up to thirty days' pay, but not more than fifteen days' pay per month;
      (C) Reduction to the lowest or any intermediate pay grade, if the grade from which demoted is within the promotion authority of the officer imposing the reduction or any officer subordinate to the one who imposes the reduction, but an enlisted member in a pay grade above E-4 may not be reduced more than two pay grades;
      (D) Extra duties, including fatigue or other duties, for not more than fourteen drill or duty days, which need not be consecutive, and for not more than two hours per day, holidays included;
      (E) Restriction to certain specified limits, with or without suspension from duty, for not more than fourteen consecutive days;
      (F) Detention of up to forty-five days' pay, but not more than fifteen days' pay per month.

Detention of pay shall be for a stated period of not more than one year but if the offender's term of service expires earlier, the detention shall terminate upon that expiration. Extra duties and restriction may not be combined to run consecutively in the maximum amount imposing for each. Whenever any such punishments are combined to run consecutively, there must be an apportionment. In addition, forfeiture of pay may not be combined with detention of pay without an apportionment.

(3) An officer in charge may impose upon enlisted members assigned to the unit of which the officer is in charge such of the punishments authorized under subsection (2)(b) of this section as the governor may specifically prescribe by regulation.

(4) The officer who imposes the punishment authorized in subsection (2) of this section, or a successor in command, may, at any time, suspend probationally any part or amount of the unexecuted punishment imposed and may suspend probationally a reduction in grade or a forfeiture imposed under subsection (2) of this section, whether or not executed. In addition, the officer may, at any time, remit or mitigate any part or amount of the unexecuted punishment imposed and may set aside in whole or in part the punishment, whether executed or unexecuted, and restore all rights, privileges, and property affected. The officer may also mitigate reduction in grade to forfeiture or detention of pay. When mitigating extra duties to restriction, the restriction shall not be longer than the number of hours of extra duty that may have been imposed. When mitigating reduction in grade to forfeiture or detention of pay, the amount of the forfeiture or detention shall not be greater than the amount that could have been imposed initially under this section by the officer who imposed the punishment mitigated.

(5) A person punished under this section who considers the punishment unjust or disproportionate to the offense may, through the proper channel, appeal to the next superior authority. The appeal shall be promptly forwarded and decided, but the person punished may in the meantime be required to undergo the punishment adjudged. The superior authority may exercise the same powers with respect to the punishment imposed as may be exercised under subsection (4) of this section by the officer who imposed the punishment. Before acting on an appeal from a punishment of:

(a) Forfeiture of more than seven days' pay;
(b) Reduction of one or more pay grades from the fourth or a higher pay grade;
(c) Extra duties for more than ten days;
(d) Restriction for more than ten days;
(e) Detention of more than fourteen days' pay;
the authority who is to act on the appeal shall refer the case to a judge advocate for consideration and advice, and may so refer the case upon appeal from any punishment imposed under subsection (2) of this section.

(6) The imposition and enforcement of disciplinary punishment under this section for any act or omission is not a bar to trial by court-martial for a serious crime or offense growing out of the same act or omission, and not properly punishable under this section; but the fact that a disciplinary punishment has been enforced may be shown by the accused upon trial, and when so shown shall be considered in determining the measure of punishment to be adjudged in the event of a finding of guilty.

(7) The governor may by regulation prescribe the form of records to be kept of proceedings under this section and may also prescribe that certain categories of those proceedings shall be in writing.
Section 10. RCW 38.38.180 and 1963 c 220 s 18 are each amended to read as follows:

Subject to RCW 38.38.176, general courts-martial have jurisdiction to try persons subject to this code for any offense made punishable by this code and may, under such limitations as the governor may prescribe, adjudge any of the following punishments:
1. A fine of not more than three hundred dollars;
2. Forfeiture of pay and allowances;
3. A reprimand;
4. Dismissal or dishonorable discharge;
5. Reduction of a noncommissioned officer to the ranks; or
6. Any combination of these punishments.

Section 11. RCW 38.38.188 and 1989 c 48 s 19 are each amended to read as follows:

1. Subject to RCW 38.38.176, summary courts-martial have jurisdiction to try persons subject to this code, except officers for any offense made punishable by this code.
2. No person with respect to whom summary courts-martial have jurisdiction may be brought to trial before a summary court-martial if the person objects thereto, unless under RCW 38.38.132 the person has been permitted and has elected to refuse punishment under that section. If objection to trial by summary court-martial is made by an accused who has been permitted to refuse punishment under RCW 38.132, trial shall be ordered by special or general court-martial, as may be appropriate.
3. A summary court-martial may sentence to a fine of not more than twenty-five dollars for a single offense, to forfeiture of pay and allowances, to reduction in rank of enlisted soldiers, and to reduction of a noncommissioned officer to the ranks.

Section 12. RCW 38.38.240 and 1989 c 48 s 22 are each amended to read as follows:

In the organized militia not in federal service pursuant to Title 10 U.S.C., general courts-martial may be convened by the president or by the governor, or by the commanding general of the national guard of the state (hereafter in this section referred to as the governor) or by a regiment of which the commanding officer is an accused, the court-martial shall be convened by superior competent authority.

Section 13. RCW 38.38.244 and 1989 c 48 s 23 are each amended to read as follows:

1. In the organized militia not in federal service pursuant to Title 10 U.S.C., anyone authorized to convene a general court-martial, the commanding officer of a garrison, fort, post, camp, air base, auxiliary air base, or other place where troops are on duty, or of a group, detached battalion, separate squadron, or other detached command((s)) may convene special courts-martial. Special courts-martial may also be convened by superior authority. When any such officer is an accused, the court shall be convened by superior competent authority.
2. A special court-martial may not try a commissioned officer.

Section 14. RCW 38.38.248 and 1989 c 48 s 24 are each amended to read as follows:

1. In the organized militia not in federal service pursuant to Title 10 U.S.C., anyone authorized to convene a special court-martial, the commanding officer of a garrison, fort, post, camp, air base, auxiliary air base, or other place where troops are on duty, or of a regiment, wing, group, detached battalion, detached squadron, detached company, or other detachment((s)) may convene a summary court-martial consisting of one commissioned officer. The proceedings shall be informal.
2. When only one commissioned officer is present with a command or detachment the commissioned officer shall be the summary court-martial of that command or detachment and shall hear and determine all summary court-martial cases brought before him or her. Summary courts-martial may, however, be convened in any case by superior competent authority when considered desirable.

Section 15. RCW 38.38.312 and 1989 c 48 s 30 are each amended to read as follows:

1. No person subject to this code may compel a person(s) to incriminate (themselves) himself or herself or to answer any question the answer to which may tend to incriminate (them) himself or herself.
2. No person subject to this code may interrogate, or request any statement from, an accused or a person suspected of an offense without first informing the person of the nature of the accusation and advising the person that he does not have to make any statement regarding the offense of which he or she is accused or suspected and that any statement made by the person may be used as evidence against him or her in a trial by court-martial.
3. No person subject to this code may compel any person to make a statement or produce evidence before any military tribunal if the statement or evidence is not material to the issue and may tend to degrade the person.
4. No statement obtained from any person in violation of this section, or through the use of coercion, unlawful influence, or unlawful inducement may be received in evidence against the person in a trial by court-martial.

Section 16. RCW 38.38.316 and 1989 c 48 s 31 are each amended to read as follows:

1. No charge or specification may be referred to a general court-martial for trial until a thorough and impartial investigation of all the matters set forth therein has been made. This investigation shall include inquiry as to the truth of the matter set forth in the charges, consideration of the form of charges, and a recommendation as to the disposition which should be made of the case in the interest of justice and discipline.
2. The accused shall be advised of the charges against him or her and of the right to be represented at that investigation by counsel. The accused has a right to be represented at that investigation as provided in RCW 38.38.376 and in regulations prescribed under that section.

At that investigation full opportunity shall be given to the accused to cross-examine witnesses against him or her if they are available and to present anything the person may desire in his or her own behalf, either in defense or mitigation, and the investigating officer shall examine available witnesses requested by the accused. If the charges are forwarded after the investigation, they shall be accompanied by a statement of the substance of the testimony taken on both sides and a copy thereof shall be given to the accused.
3. If an investigation of the subject matter of an offense has been conducted before the accused is charged with the offense, and if the accused was present at the investigation and afforded the opportunities for representation, cross-examination, and presentation prescribed in subsection (2) of this section, no further investigation of that charge is necessary under this section unless it is demanded by the accused after being informed of the charge. A demand for further investigation entitles the accused to recall witnesses for further cross-examination and to offer any new evidence in his or her own behalf.
4. If evidence adduced in an investigation under this chapter indicates that the accused committed an uncharged offense, the investigating officer may investigate the subject matter of that offense without the accused having first been charged with the offense if the accused:
   a. Is present at the investigation;
   b. Is informed of the nature of each uncharged offense investigated; and
   c. Is afforded the opportunities for representation, cross-examination, and presentation prescribed in subsection (2) of this section.

The requirements of this section are binding on all persons administering this code but failure to follow them does not divest a military court of jurisdiction.

Section 17. RCW 38.38.376 and 1989 c 48 s 37 are each amended to read as follows:

The trial counsel of a general or special court-martial shall prosecute in the name of the state, and shall, under the direction of the court, prepare the record of the proceedings.

2. (The accused has the right to be represented in his or her defense before a general or special court-martial by civilian counsel if provided by the accused, or by military counsel of his or her own selection, if reasonably available as defined in regulations of the governor, or by the defense counsel detailed under RCW 38.38.260. Should the accused have civilian counsel of his or her own selection, the defense counsel, and assistant defense counsel, if any, who were detailed, shall, if the accused so desires, act as associate counsel; otherwise they shall be excused by the military judge or president of a special court-martial.)
(2) In every court-martial proceeding, the defense counsel may, in the event of conviction, forward for attachment to the record of proceedings a brief of such matters as he or she determines should be considered in behalf of the accused on review, including any objections to the contents of the record which he or she considers appropriate and assist the accused in the submission of any matter under RCW 38.38.536.

(3) The accused has the right to be represented in his or her defense before a general or special court-martial or at an investigation under RCW 38.38.316 as provided in this subsection.

(b) The accused may be represented by civilian counsel if provided at his or her own expense.

(c) If the accused is represented by civilian counsel, military counsel detailed under RCW 38.38.260; or

(i) Military counsel of his or her own selection if that counsel is reasonably available, as determined under regulations prescribed under subsection (3) of this section.

(d) Except as provided under (c) of this subsection, if the accused is represented by military counsel of his or her own selection under (b)(ii) of this subsection, any military counsel detailed under (b)(i) of this subsection shall act as associate defense counsel.

(e) The accused is not entitled to be represented by more than one military counsel. However, the person authorized under regulations prescribed under RCW 38.38.260 to detail counsel in his or her sole discretion:

(i) May detail additional military counsel as assistant defense counsel; and

(ii) If the accused is represented by military counsel of his or her own selection under (b)(ii) of this subsection, may approve a request from the accused that military counsel detailed under (b)(i) of this subsection act as associate defense counsel.

(f) The state judge advocate shall, by regulation, define "reasonable availability" for the purpose of subsection (2) of this section and establish procedures for determining whether the military counsel selected by an accused under subsection (2) of this section is reasonably available.

(g) In any court-martial proceeding resulting in a conviction, the defense counsel:

(a) May forward for attachment to the record of proceedings a brief of such matters as he or she determines should be considered in behalf of the accused on review, including any objection to the contents of the record which he or she considers appropriate;

(b) Shall assist the accused in the submission of any matter under RCW 38.38.536; and

(c) May accept action authorized by this chapter.

(h) An assistant trial counsel of a general court-martial may, under the direction of the trial counsel or when qualified to be a trial counsel as required by RCW 38.38.260, perform any duty imposed by law, regulation, or the custom of the service upon the trial counsel of the court. An assistant trial counsel of a special court-martial may perform any duty of the trial counsel.

(i) An assistant defense counsel of a general or special court-martial may, under the direction of the defense counsel or when qualified to be the defense counsel as required by RCW 38.38.260, perform any duty imposed by law, regulation, or the custom of the service upon counsel for the accused.

Sec. 18. RCW 38.38.388 and 1989 c 48 s 40 are each amended to read as follows:

(a) The military judge and members of a general or special court-martial may be challenged by the accused or the trial counsel for cause stated to the court. The military judge or, if none, the court shall determine the relevance and validity of challenges for cause and may not receive a challenge to more than one person at a time. Challenges by the trial counsel shall ordinarily be presented and decided before those by the accused are offered.

(b) If exercise of a challenge for cause reduces the court below the minimum number of members required by RCW 38.38.172, all parties, notwithstanding RCW 38.38.268, either exercise or waive any challenge for cause then apparent against the remaining members of the court before additional members are detailed to the court. However, peremptory challenges shall not be exercised at that time.

(c) Each accused and the trial counsel is entitled to one peremptory challenge, but the military judge may not be challenged except for cause.

(d) If exercise of a peremptory challenge reduces the court below the minimum number of members required by RCW 38.38.172, the parties shall, notwithstanding RCW 38.38.268, either exercise or waive any remaining peremptory challenge, that has not been previously waived, against the remaining members of the court before additional members are detailed to the court.

(e) Whenever additional members are detailed to the court, and after any challenges for cause against such additional members are presented and decided, each accused and the trial counsel are entitled to one peremptory challenge against members not previously subject to peremptory challenge.

Sec. 19. RCW 38.38.396 and 1989 c 48 s 42 are each amended to read as follows:

(a) A person charged with desertion or absence without leave in time of war, or with aiding the enemy or with mutiny may be tried and punished at any time without limitation.

(b) Except as otherwise provided in this section, a person charged with desertion in time of peace or with the offense punishable under RCW 38.38.784 is not liable to be tried by court-martial if the offense was committed more than three years before the receipt of sworn charges and specifications by an officer exercising summary court-martial jurisdiction over the command.

(c) Except as otherwise provided in this section, a person charged with any offense is not liable to be tried by court-martial or punished under RCW 38.38.132 if the offense was committed more than two years before the receipt of sworn charges and specifications by an officer exercising summary court-martial jurisdiction over the command or before the imposition of punishment under RCW 38.38.132.

(d) Periods in which the accused was absent from territory in which the state has the authority to apprehend the accused, or in the custody of civil authorities, or in the hands of the enemy, shall be excluded in computing the period of limitation prescribed in this section.

(e) If charges or specifications are dismissed as defective or insufficient for any cause and the period prescribed by the applicable statute of limitations:

(a) Has expired; or

(b) Will expire within one hundred eighty days after the date of dismissal of the charges and specifications.

Sec. 20. RCW 38.38.408 and 1989 c 48 s 45 are each amended to read as follows:

(1) The trial counsel, the defense counsel, and the court-martial shall have equal opportunity to obtain witnesses and other evidence in accordance with such regulations as the governor may prescribe.

(2) The president of a special court-martial, military judge, military magistrate, or a summary court officer may:

(a) Issue a warrant for the arrest of any accused person who, having been served with a warrant and a copy of the charges, disobeys a written order by the convening authority to appear before the court;

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. A new section is added to chapter 43.48 RCW to read as follows:

"If the office shall, in consultation with the office of minority and women's business enterprises and any advisory committee, develop a strategic plan to improve the effectiveness of all state agencies in carrying out the purposes of chapter 39.19 RCW, including assisting small minority and women's business enterprises in competing for and receiving state contracts and otherwise succeeding in this state. The plan must be updated at least annually and must include timelines and, at a minimum, strategies to:

(a) Facilitate communication with and among minority and women's business enterprises on contracting with the state, including providing for a central depository of information accessible to small businesses and to individual contracting agencies and officers;

(b) Increase the effectiveness of existing outreach from the office of minority and women's business enterprises to small businesses, including publicizing the value of certification under chapter 39.19 RCW, and increase outreach by individual agencies;

(c) Streamline the statewide certification process under chapter 39.19 RCW;

MESSAGE FROM THE SENATE

April 13, 2009

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1123 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 70.41 RCW to read as follows:

(1) Each hospital licensed under this chapter shall, by January 1, 2010, adopt a policy regarding methicillin-resistant staphylococcus aureus. The policy shall, at a minimum, contain the following elements:

(a) A requirement to test any patient for methicillin-resistant staphylococcus aureus who is a member of a patient population identified as appropriate to test based on the hospital's risk assessment for methicillin-resistant staphylococcus aureus;

(b) A requirement that a patient in the hospital's adult or pediatric, but not neonatal, intensive care unit be tested for methicillin-resistant staphylococcus aureus within twenty-four hours of admission unless the patient has been previously tested during that hospital stay or has a known history of methicillin-resistant staphylococcus aureus;

(c) Appropriate procedures to help prevent patients who test positive for methicillin-resistant staphylococcus aureus from transmitting to other patients. For purposes of this subsection, "appropriate procedures" include, but are not limited to, isolation or cohorting of patients colonized or infected with methicillin-resistant staphylococcus aureus. In a hospital where patients, whose methicillin-resistant staphylococcus aureus status is either unknown or uncolonized, may be roomed with colonized or infected patients, patients must be notified they may be roomed with patients who have tested positive for methicillin-resistant staphylococcus aureus; and

(d) A requirement that every patient who has a methicillin-resistant staphylococcus aureus infection receive oral and written instructions regarding aftercare and precautions to prevent the spread of the infection to others.

(2) A hospital that has identified a hospitalized patient who has a diagnosis of methicillin-resistant staphylococcus aureus shall report the infection to the department using the department's comprehensive hospital abstract reporting system. When making its report, the hospital shall use codes used by the United States centers for medicare and medicaid services, when available."
**Sec. 2.** RCW 43.70.056 and 2007 c 261 s 2 are each amended to read as follows:

1. The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.
   a. "Health care-associated infection" means a localized or systemic condition that results from adverse reaction to the presence of an infectious agent or its toxins and that was not present or incubating at the time of admission to the hospital.
   b. "Hospital" means a health care facility licensed under chapter 70.41 RCW.

2. A hospital shall collect data related to health care-associated infections as required under this subsection (2) on the following:
   i. Beginning July 1, 2008, central line-associated bloodstream infection in the intensive care unit;
   ii. Beginning January 1, 2009, ventilator-associated pneumonia; and
   iii. Beginning January 1, 2010, surgical site infection for the following procedures:
      1. Deep sternal wound for cardiac surgery, including coronary artery bypass graft;
      2. Total hip and knee replacement surgery; and
      3. Hysterectomy, abdominal and vaginal.
   2. By December 1, 2009, and by each December 1st thereafter, prepare and publish a report on the department's website that compares the health care-associated infection rates at individual hospitals in the state using the data reported in the previous calendar year pursuant to subsection (2) of this section. The department may update the reports quarterly. In developing a methodology for the report and determining its contents, the department shall consider the recommendations of the advisory committee established in subsection (5) of this section. The report is subject to the following:
      i. The report must disclose data in a format that does not release health information about any individual patient; and
      ii. The report must not include data if the department determines that a data set is too small or possesses other characteristics that make it otherwise unrepresentative of a hospital's particular ability to achieve a specific outcome; and
      iii. Evaluate, on a regular basis, the quality and accuracy of health care-associated infection reporting required under subsection (2) of this section and the data collection, analysis, and reporting methodologies.

3. The department may request requests for data and other information from the data required to be reported under subsection (2) of this section, at the requestor's expense, for special studies and analysis consistent with requirements for confidentiality of patient records.

4. By January 1, 2011, submit a report to the appropriate committees of the legislature based on the recommendations of the advisory committee established in subsection (5) of this section for additional reporting requirements related to health care-associated infections, considering the methodologies and practices of the United States centers for disease control and prevention, the centers for medicare and medicaid services, the joint commission, the national quality forum, the institute for healthcare improvement, and other relevant organizations;

5. A. The department shall establish an advisory committee which may include members representing infection control professionals and epidemiologists, licensed health care providers, nursing staff, organizations that represent health care providers and facilities, health maintenance organizations, health care payers and consumers, and the department. The advisory committee shall make recommendations to assist the department in carrying out its responsibilities under this section, including making recommendations on allowing a hospital to review and verify data to be released in the report and on excluding from the report selected data from certified critical access hospitals. Annually, beginning January 1, 2011, the advisory committee shall also make a recommendation to the department as to whether current science supports expanding presurgical screening for methicillin-resistant staphylococcus aureus prior to open chest cardiac, total hip, and total knee elective surgeries.

   B. In developing its recommendations, the advisory committee shall consider methodologies and practices related to health care-associated infections of the United States centers for disease control and prevention, the centers for medicare and medicaid services, the joint commission, the national quality forum, the institute for healthcare improvement, and other relevant organizations.

   C. The department shall adopt rules as necessary to carry out its responsibilities under this section.

**NEW SECTION.** Sec. 3. A new section is added to chapter 70.58 RCW to read as follows:

In completing a certificate of death in compliance with this chapter, a physician, physician assistant, or advanced registered nurse practitioner must note the presence of methicillin-resistant staphylococcus aureus, if it is a cause or contributing factor in the patient's death."

On page 1, line 2 of the title, after "aureus;" strike the remainder of the title and insert "amending RCW 43.70.056; adding a new section to chapter 70.41 RCW; and adding a new section to chapter 70.58 RCW;"

MESSAGE FROM THE SENATE

April 15, 2009

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 1167 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the linked deposit program is not accessible to many certified small businesses that the program was created to serve. The legislature further finds that the increased involvement of community development financial institutions in the linked deposit program could increase the participation of these small businesses. The legislature intends that the office of minority and women's business enterprises report to the legislature with an analysis of barriers faced by certified small businesses to participate in the linked deposit program and make recommendations on how to overcome those barriers.

NEW SECTION. Sec. 2. By December 1, 2009, the office of minority and women's business enterprises shall, in consultation with the state treasurer and within existing resources, submit a report with recommendations to the legislature that addresses the following issues:

1. The availability of sources of capital for certified borrowers, including the amounts and interest rates for that capital;
2. The loans that are not being funded for certified borrowers under the current program and why those loans are not being funded;
3. The availability of other sources of capital in the marketplace for those nonfunded loans of certified borrowers, including the amounts and interest rates for that capital;
4. Whether there are other institutions that may be willing to make those loans that are currently not being made to certified borrowers under the program;
5. Whether the program could be modified to encourage lenders to make those loans that are not currently being made to certified borrowers and whether the cost of those loans would be a barrier;
6. A review of how other states seek to increase access to capital for borrowers that traditionally lack access to capital; and
7. The role community development financial institutions could play in mitigating the cost of lending to certified borrowers who are not currently being served by the program.

Sec. 3. RCW 43.86A.060 and 2008 c 187 s 3 are each amended to read as follows:

1. The state treasurer shall establish a linked deposit program for investment of deposits in qualified public depositaries. As a condition of participating in the program, qualified public depositaries must make qualifying loans as provided in this section. The state treasurer may purchase a certificate of deposit that is equal to the amount of the qualifying loan made by the qualified public depositary or may purchase a certificate of deposit that is equal to the aggregate amount of two or more qualifying loans made by one or more qualified public depositaries.

2. Qualifying loans made under this section are those:
   (a) Having terms that do not exceed ten years;
   (b) Where an individual loan does not exceed one million dollars;
   (c)(i) That are made to a minority or women's business enterprise that has received state certification under chapter 39.19 RCW; or
   (ii) That are made to a veteran-owned business that has received state certification under RCW 43.60A.190;
   (d) Where the interest rate on the loan to the minority or women's business enterprise or veteran-owned business does not exceed an interest rate that is two hundred basis points below the interest rate the qualified public depositary would charge for a loan for a similar purpose and a similar term, except that, if the preference given by the state treasurer to the qualified public depositary under subsection (3) of this section is less than two basis points below the qualified public depositary's rate, the qualified public depositary may reduce the preference given on the loan by an amount that corresponds to the reduction in preference below two basis points given to the qualified public depositary; and
   (e) Where the points or fees charged at loan closing do not exceed one percent of the loan amount.

3. In setting interest rates of time certificate of deposits, the state treasurer shall offer rates so that a two hundred basis point preference will be given to the qualified public depositary, except that the treasurer (\((\text{small})\)) may lower the amount of the preference to ensure that the effective interest rate on the (\((\text{time certificate of})\)) deposit is not less than (\((\text{two})\)) zero percent.

4. Upon notification by the state treasurer that a minority or women's business enterprise is no longer certified under chapter 39.19 RCW or that a veteran-owned business is no longer certified under RCW 43.60A.190, the qualified public depositary shall reduce the amount of qualifying loans by the outstanding balance of the loan made under this section to the minority or women's business enterprise or the veteran-owned business, as applicable.

5. The office of minority and women's business enterprises has the authority to adopt rules to:
   (a) Ensure that when making a qualified loan under the linked deposit program, businesses that have never received a loan under the linked deposit program are given first priority;
(b) Limit the total principal loan amount that any one business receives in qualified loans under the linked deposit program over the lifetime of the businesses;
(c) Limit the total principal loan amount that an owner of one or more businesses receives in qualified loans under the linked deposit program during the owner's lifetime; and
(d) Limit the total amount of any one qualified loan made under the linked deposit program.

NEW SECTION. Sec. 4. Sections 1 and 2 of this act expire July 1, 2010.

On page 1, line 1 of the title, after "program;" strike the remainder of the title and insert "amending RCW 43.86A.060; creating new sections; and providing an expiration date."

and the same is herewith transmitted.

Any financing authorized under this chapter shall only be used for conservation purposes in existing structures, and such financing shall not be used for any purpose which results in a conversion from one energy source to another. Such projects shall not be considered "a conversion from one energy source to another" which is limited to the change or substitution of one commercial energy supplier for another commercial energy supplier. Except where otherwise authorized, such assistance shall be limited to:

(((+++)(a)) Providing an inspection of the structure or equipment, either directly or through one or more inspectors under contract, to determine and inform the owner of the estimated cost of purchasing and installing conservation materials and equipment for which financial assistance will be approved and the estimated life cycle savings in energy costs that are likely to result from the installation of such materials or equipment;

(((++)) (2) Pay back shall be in the form of incremental additions to the utility bill, billed either together with use charge or separately. Loans shall not exceed ((one hundred twenty)) two hundred forty months in length.

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1208 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 84.40.042 and 2008 c 17 s 1 are each amended to read as follows:

(1) When real property is divided in accordance with chapter 58.17 RCW, the assessor shall carefully investigate and ascertain the true and fair value of each lot and assess each lot on that same basis, unless specifically provided otherwise by law. For purposes of this section, "lot" has the same definition as in RCW 58.17.020.

(a) For each lot on which an advance tax deposit has been paid in accordance with RCW 58.08.040, the assessor shall establish the true and fair value by October 30th of the year following the recording of the plat, replat, or altered plat. The value established shall be the value of the lot as of January 1st of the year the original plat of real property was last revalued. An additional property tax shall not be due on the land until the calendar year following the year for which the advance tax deposit was paid if the deposit was sufficient to pay the full amount of the taxes due on the property.

(b) For each lot on which an advance tax deposit has not been paid, the assessor shall establish the true and fair value not later than the calendar year following the recording of the plat, map, subdivision, or replat. For purposes of this section, "subdivision" means a division of land into two or more lots.

(c) For each subdivision, all current year and delinquent taxes and assessments on the entire tract must be paid in full in accordance with RCW 58.17.160 and 58.08.030 except when property is being acquired by a government for public use. For purposes of this section, "current year taxes" means taxes that are collectible under RCW 84.56.010 subsequent to ((February 14th)) completing the tax roll for current year collection.

(2) When the assessor is required by law to segregate any part or parts of real property, assessed before or after July 27, 1997, as one parcel or when the assessor is required by law to combine parcels of real property assessed before or after July 27, 1997, as two or more parcels, the assessor shall carefully investigate and ascertain the true and fair value of each part or parts of the real property and each combined parcel and assess each part or parts or each combined parcel on that same basis.

Sec. 2. RCW 84.56.070 and 2007 c 295 s 5 are each amended to read as follows:

"Sec. 2. NINETY SEVENTH DAY, APRIL 18, 2009 1525

The value established shall be the value of the lot as of January 1st of the year the original plat of real property was last revalued. An additional property tax shall not be due on the land until the calendar year following the year for which the advance tax deposit was paid if the deposit was sufficient to pay the full amount of the taxes due on the property.

(b) For each lot on which an advance tax deposit has not been paid, the assessor shall establish the true and fair value not later than the calendar year following the recording of the plat, map, subdivision, or replat. For purposes of this section, "subdivision" means a division of land into two or more lots.

(c) For each subdivision, all current year and delinquent taxes and assessments on the entire tract must be paid in full in accordance with RCW 58.17.160 and 58.08.030 except when property is being acquired by a government for public use. For purposes of this section, "current year taxes" means taxes that are collectible under RCW 84.56.010 subsequent to ((February 14th)) completing the tax roll for current year collection.

(2) When the assessor is required by law to segregate any part or parts of real property, assessed before or after July 27, 1997, as one parcel or when the assessor is required by law to combine parcels of real property assessed before or after July 27, 1997, as two or more parcels, the assessor shall carefully investigate and ascertain the true and fair value of each part or parts of the real property and each combined parcel and assess each part or parts or each combined parcel on that same basis.

Sec. 2. RCW 84.56.070 and 2007 c 295 s 5 are each amended to read as follows:

"(On the fifteenth day of February succeeding the levy of taxes) The county treasurer shall proceed to collect all personal property taxes after first completing the tax roll for the current year's collection. The treasurer shall give notice by mail to all persons charged with personal property taxes, and if such taxes are not paid before they become delinquent, the treasurer shall forthwith proceed to collect the same. In the event that he or she is unable to collect the same when due, the treasurer shall prepare papers in distraint, which shall contain a description of the personal property, the amount of taxes, the amount of the accrued interest at the rate provided by law from the date of delinquency, and the name of the owner or reputed owner. The treasurer shall without demand or notice distraint sufficient goods and chattels belonging to him in view of such taxes to pay the same, with interest at the rate provided by law from the date of delinquency, together with all accruing costs, and shall proceed to advertise the same by posting written notices in three public places in the county in which such property has been distrained, one of which places shall be at the county court house, such notice to state the time when and place where such property will be sold. The county treasurer, or the treasurer's deputy, shall tax the same fees for making the distraint and sale of goods and chattels for the payment of taxes as are allowed by law to sheriffs for making levy and sale of property on execution; traveling fees to be computed from the county seat of the county to the place of making distraint. If the taxes for which such property is distrained, and the interest and costs accruing thereon, are not paid before the date appointed for such sale, which shall be not less than ten days after the taking of such property, such treasurer or treasurer's designee shall proceed to sell such property at public auction, or so much thereof as shall be sufficient to pay such taxes, with interest and costs, and if there be any excess of money arising from the sale of any personal property, the treasurer shall pay such excess less any cost of the auction to the owner of the property so sold or to his or her legal representative: PROVIDED, That whenever it shall become necessary to distraint any standing timber owned separately from the ownership of the land upon which the same may stand, or any fish trap, pound net, reef net, set net or drag seine fishing location, or any other personal property
as the treasurer shall determine to be incapable or reasonably impracticable of manual delivery, it shall be deemed to have been distrainted and taken into possession when the treasurer shall have, at least thirty days before the date fixed for the sale thereof, filed with the auditor of the county wherein such property is located, a copy of the notice writing reciting that the treasurer has distrainted such property, describing it, giving the name of the owner or reputed owner, the amount of the tax due, with interest, and the time and place of sale; a copy of the notice shall also be sent to the owner or reputed owner at his last known address, by registered letter at least thirty days prior to the date of such sale; and if the county treasurer has reasonable grounds to believe that any personal property, including mobile homes, manufactured homes, or park model trailers, upon which taxes have been levied, but not paid, is about to be removed from the county where the same has been assessed, or is about to be destroyed, sold or disposed of, the county treasurer may demand such taxes, without the notice provided for in this section, and if necessary may forthwith restrain sufficient goods and chattels to pay the same.

Sec. 3. RCW 86.09.490 and 1937 c 72 s 164 are each amended to read as follows:

The assessment upon real property shall be a lien against the property assessed, from and after the first day of January in the year in which the assessment becomes due and payable, but as between grantor and grantee such lien shall not attach until the ((fifteenth day of February of such year, which)) county treasurer has completed the property tax roll for the current year's collection and provided the notification required by RCW 84.56.020. The lien shall be paramount and superior to any other lien theretofore or thereafter created, whether by mortgage or otherwise, except a lien for undelinquent flood control district assessments, diking or drainage, or diking or drainage improvement, district assessments and for unpaid and outstanding general ad valorem taxes, and such lien shall not be removed until the assessments are paid or the property sold for the payment thereof as provided by law.

Sec. 4. RCW 84.60.050 and 1994 c 301 s 54 are each amended to read as follows:

(2) The lien for taxes applicable to the real property being acquired or placed under immediate possession and use for the year in which said property is so acquired or placed under immediate possession and use shall be for only the pro rata portion of taxes allocable to that portion of the year prior to the date of execution of the instrument vesting title, date of recording such agreement of immediate possession and use, date of such order of immediate possession and use, or date of judgment. No taxes levied or tax lien on such property allocable to a period subsequent to the dates identified in this subsection shall be valid and any such taxes levied shall be canceled as provided in RCW 84.48.065. In the event the owner has paid taxes allocable to that portion of the year subsequent to the dates identified in this subsection he or she shall be entitled to a pro rata refund of the amount paid on the property so acquired or placed under a recorded agreement or an order of immediate possession and use. If the dates identified in this subsection preceed the ((fifteenth day of February of of))) the completion of the property tax rolls for the current year's collection in the year in which such taxes become payable, no lien for such taxes shall be valid and any such taxes levied but not payable shall be canceled as provided in RCW 84.48.065.

Sec. 5. RCW 87.03.265 and 1939 c 171 s 2 are each amended to read as follows:

And the lien for the bonds of any issue shall be a preferred lien to that of any subsequent issue. Also the lien for all payments due or to become due under any contract with the United States, or the state of Washington, accomplished. That if the bonds of the district have not been deposited with the United States or the state of Washington, as in RCW 87.03.140 provided, shall be a preferred lien to any issue of bonds subsequent to the date of such contract.

Sec. 6. RCW 87.03.270 and 1988 c 134 s 13 are each amended to read as follows:

The assessment roll, before its equalization and adoption, shall be checked and compared as to descriptions and ownerships, with the county treasurer's land rolls. On or before the fifteenth day of January in each year the secretary must deliver the assessment roll or the respective segregation thereof to the county treasurer of each respective county in which the lands therein described are located, and said assessments shall become due and payable (on the fifteenth day of February following) after the county treasurer has completed the property tax roll for the current year's collection and provided the notification required by RCW 84.56.020.

All assessments on said roll shall become delinquent on the first day of May following the filing of the roll unless the assessments are paid on or before the thirtieth day of April of said year; PROVIDED, That if an assessment is ten dollars or more for said year and if one-half of the assessment is paid on or before the thirtieth day of April, the remainder shall be due and payable on or before the thirty-first day of October following and shall be delinquent after that date. All delinquent assessments shall bear interest at the rate of twelve percent per annum, computed on a monthly basis and without compounding, from the date of delinquency until paid.

Upon receiving the assessment roll the county treasurer shall prepare therefrom an assessment book in which shall be written the description of the land as it appears in the assessment roll, the name of the owner or owners where known, and if assessed to the unknown owners, then the word "unknown", and the total assessment levied against each tract of land. Proper space shall be left in said book for the entry therein of all subsequent proceedings relating to the payment and collection of said assessments.

On or before April 1st of each year, the treasurer of the district shall send a statement of assessments due. County treasurers who collect irrigation district assessments may send the statement of irrigation district assessments together with the statement of general taxes.

Upon payment of any assessment the county treasurer must enter the date of said payment in said assessment book opposite the description of the land and the name of the person paying and give a receipt to such person specifying the amount of the assessment and the amount paid with the description of the property assessed.

It shall be the duty of the treasurer of the district to furnish upon request of the owner, or any person interested, a statement showing any and all assessments levied as shown by the assessment roll in his office upon land described in such request. All statements of irrigation district assessments covering any land in the district shall show the amount of the irrigation district assessment, the dates on which the assessment is due, the place of payment, and, if the property was sold for delinquent assessments in a prior year, the amount of the delinquent assessment and the notation "certificate issued": PROVIDED, That the failure of the treasurer to render any statement herein required of him shall not render invalid any assessments made by any irrigation district.

It shall be the duty of the county treasurer of any county, other than the county in which the office of the board of directors is located, to make monthly remittances to the county treasurer of the county in which the office of the board of directors is located covering all amounts collected by him for the irrigation district during the preceding month.
When the treasurer collects a delinquent assessment, the treasurer shall collect any other amounts due by reason of the delinquency, including accrued costs, which shall be deposited to the treasurer's operation and maintenance fund.

Sec. 7. RCW 85.08.480 and 1933 c 125 s 2 are each amended to read as follows:

The respective installments of assessments for construction or maintenance of improvements made under the provisions of this chapter, shall be collected in the same manner and shall become delinquent at the same time as general taxes, certificates of delinquency shall be issued, and the lien of the assessment shall be enforced by foreclosure and sale of the property assessed, as in the case of general taxes, all according to the laws in force on January 1, 1923, except as hereinafter specifically provided.

The annual assessments or installments of assessments, both for construction and for maintenance and repairs of the diking and/or drainage system shall become due in two equal installments, one-half being payable on or before (March) April 30th, and the other half on or before (November 30th) October 31st; and delinquency interest thereon shall run from said dates on said respective halves of said assessments.

The rate of interest thereon after delinquency, also the rate of interest on delinquent certificates of delinquency, shall be (10%) ten percent per annum. Certificates of delinquency for any assessments or installment thereof shall be issued upon demand and payment of such delinquent assessment and the fee for the same at any time after the expiration of twelve months after the date of delinquency thereof. In case no certificate of delinquency be issued after the expiration of four years from date of delinquency of assessments for construction costs, or after the expiration of two years from date of delinquency of assessments for maintenance or repairs, certificates of delinquency shall be issued to the county, and foreclosure thereof shall forthwith be effected in the manner provided in (sections 11292 to 11317 inclusive) chapter 84.64 RCW.

The holder of a certificate of delinquency for any drainage, diking or drainage improvement district or consolidated district assessment or installment thereof may pay any delinquent general taxes upon the property described therein, and may redeem any certificate of delinquency for general taxes against said property and the amount so paid together with interest thereon at the rate provided by law shall be included in the lien of said certificate of delinquency.

The expense of foreclosure proceedings by the county shall be paid by the districts whose liens are foreclosed: Costs of foreclosure by the county or private persons as provided by law, shall be included in the judgment of foreclosure.

Sec. 8. RCW 82.45.090 and 2003 c 53 s 404 are each amended to read as follows:

(1) Except for a sale of a beneficial interest in real property where no instrument evidencing the sale is recorded in the official real property records of the county in which the property is located, the tax imposed by this chapter shall be paid to and collected by the treasurer of the county within which is located the real property which was sold. In collecting the tax the treasurer shall act as agent for the state. The county treasurer shall cause a ((temp)) verification of payment evidencing satisfaction of the lien to be affixed to the instrument of sale or conveyance prior to its recording or to the real estate excise tax affidavit in the case of used mobile home sales and used floating home sales. A receipt issued by the county treasurer for the payment of the tax imposed under this chapter shall be evidence of the satisfaction of the lien imposed hereunder and may be recorded in the manner prescribed for recording satisfactions of mortgages. No instrument of sale or conveyance evidencing a sale subject to the tax shall be accepted by the county auditor for filing or recording until the tax shall have been paid and the ((temp)) verification of payment affixed thereto; in case the tax is not due on the transfer, the instrument shall not be so accepted until suitable notation of such fact has been made on the instrument by the treasurer. Any time there is a sale of a used mobile home, used manufactured home, park model, or used floating home that has not been title eliminated, property taxes must be current in order to complete the processing of the real estate excise tax affidavit or other documents transferring title. Verification that the property taxes are current must be noted on the mobile home real estate excise tax affidavit or on a form approved by the county treasurer. For the purposes of this subsection, "mobile home," "manufactured home," and "park model" have the same meaning as provided in RCW 59.20.030.

(2) For a sale of a beneficial interest in real property where a tax is due under this chapter and where no instrument is recorded in the official real property records of the county in which the property is located, the sale shall be reported to the department of revenue within five days from the date of the sale on such returns or forms and according to such procedures as the department may prescribe. Such forms or returns shall be signed by both the transferor and the transferee and shall be accompanied by payment of the tax due.

(3) Any person who intentionally makes a false statement on any return or form required to be filed with the department under this chapter is guilty of perjury under chapter 9A.72 RCW.

Sec. 9. RCW 84.69.030 and 1991 c 245 s 2 are each amended to read as follows:

(Except in cases wherein the county legislative authority acts upon a petition)) No orders for a refund under this chapter shall be made except on a claim:

(1) Verified by the person who paid the tax, the person's guardian, executor or administrator; and

(2) Filed with the county treasurer within three years after (meaning) the due date of the payment sought to be refunded; and

(3) Stating the statutory ground upon which the refund is claimed.

NEW SECTION. Sec. 10. A new section is added to chapter 84.69 RCW to read as follows:

Taxing districts other than the state may levy a tax upon all the taxable property within the district for the purpose of:

(1) Funding refunds paid or to be paid under this chapter, except for refunds under RCW 84.69.020(1), including interest, as ordered by the county treasurer or county legislative authority within the preceding twelve months; and

(2) Reimbursing the taxing district for taxes abated under RCW 84.70.010 within the preceding twelve months. This subsection (2) only applies to abatements that do not require a refund under this chapter. Abatements that require a refund are included within the scope of subsection (1) of this section.

Sec. 11. RCW 84.55.070 and 1982 1st ex.s.s. c 28 s 2 are each amended to read as follows:

The provisions of this chapter ((shall)) do not apply to a levy, including the state levy, or that portion of a levy, made by or for a taxing district:

(1) For the purpose of funding a property tax refund paid ((for tax be paid pursuant to)) under the provisions of chapter 84.68 RCW (or attributable to a property tax refund paid or to be paid pursuant to the provisions of chapter 84.69 RCW);

(2) Under section 10 or

(3) Attributable to amounts of state taxes withheld under RCW 84.56.290 or the provisions of chapter 84.69 RCW, or otherwise attributable to state taxes lawfully owing by reason of adjustments made under RCW 84.48.080.

NEW SECTION. Sec. 12. Sections 10 and 11 of this act apply retroactively to January 1, 2009, and apply to taxes levied under section 10 of this act for collection in 2010 and thereafter.

Sec. 13. RCW 84.34.037 and 1992 c 69 s 6 are each amended to read as follows:

(1) Applications for classification or reclassification under RCW 84.34.020(1) shall be made to the county legislative authority. An application made for classification or reclassification of land under RCW 84.34.020(1) (b) and (c) which is in an area subject to a comprehensive plan shall be acted upon in the same manner in which an amendment to the comprehensive plan is processed. Application made for classification of land which is in an area not subject to a comprehensive plan shall be acted upon after a public hearing and after notice of the hearing shall have been given by one publication in a newspaper of general circulation in the area at least ten days before the hearing: PROVIDED, That applications for classification of land in an incorporated area shall be acted upon by: (a) A granting authority composed of three members of the county legislative body and three members of the city legislative body in which the land is located in a meeting where members may be physically absent but participating through telephonic connection, or (b) separate
affirmative acts by both the county and city legislative bodies where both bodies affirm the entirety of an application without modification or both bodies affirm an application with identical modifications. 

(2) In determining whether an application made for classification or reclassification under RCW 84.34.020(1) (b) and (c) should be approved or disapproved, the granting authority may take
cognizance of the benefits to the general welfare of preserving the
current use of the property which is the subject of application, and shall consider:

(a) The resulting revenue loss or tax shift;
(b) Whether granting the application for land applying under
RCW 84.34.020(1)(b) will (i) conserve or enhance natural, cultural,
or scenic resources, (ii) protect streams, stream corridors, wetlands,
natural shorelines and aquifers, (iii) protect soil resources and unique
or critical wildlife and native plant habitat, (iv) promote conservation
principles by example or by offering educational opportunities, (v)
emphasize the value of abutting or neighboring parks, forests, wildlife
preserves, nature reservations, sanctuaries, or other open spaces, (vi)
honor recreation opportunities, (vii) preserve historic and
archaeological sites, (viii) preserve visual quality along highway,
road, and street corridors or scenic vistas, (ix) affect any other factors
relevant in weighing benefits to the general welfare of preserving the
current use of the property; and
(c) Whether granting the application for land applying under
RCW 84.34.020(1)(c) will (i) either preserve land previously
classified under RCW 84.34.020(2) or preserve land that is traditional
farmland and not classified under chapter 84.33 or 84.34 RCW, (ii)
preserve land with a potential for returning to commercial agriculture,
and (iii) affect any other factors relevant in weighing
benefits to the general welfare of preserving the current use of
property.

(3) If a public benefit rating system is adopted under RCW 84.34.055, the county legislative authority shall rate property for
which application for classification has been made under RCW 84.34.020(1) (b) and (c) according to the public benefit rating system in
determination on appeal. (a) An application should be approved or
disapproved, but when such a system is adopted, open space
properties then classified under this chapter which do not qualify
under the system shall not be removed from classification but may be
rated according to the public benefit rating system.

(4) The granting authority may approve the application with
respect to only part of the land which is the subject of the application. If any part of the application is denied, the applicant may withdraw
the entire application. The granting authority in approving in part or
whole an application for land classified or reclassified pursuant to
RCW 84.34.020(1) may also require that certain conditions be met,
including but not limited to the granting of easements. As a
condition of granting open space classification, the legislative body
may require public access on land classified under RCW 84.34.020(1)(b)(iii) for the purpose of preserving conservation
of wetlands.

(5) The granting or denial of the application for current use
classification or reclassification is a legislative determination and
shall be reviewable only for arbitrary and capricious actions.

Sec. 14. RCW 84.34.041 and 2002 c 315 s 2 are each amended
to read as follows:

An application for current use classification or reclassification
under RCW 84.34.020(3) shall be made to the county legislative
authority.

(1) The application shall be made upon forms prepared by the
department of revenue and supplied by the granting authority and
shall include the following elements that constitute a timber
management plan:
(a) A legal description of, or assessor's parcel numbers for,
land the applicant desires to be classified as timber land;
(b) The date or dates of acquisition of the land;
(c) A brief description of the timber on the land, or if the timber
has been harvested, the owner's plan for restocking;

applicant in growing and harvesting timber;
(l) A summary of current and continuing activity of the
applicant in growing and harvesting timber;
(m) A statement that the applicant is aware of the potential tax
liability involved when the land ceases to be classified as timber land.

(2) An application made for classification of land under RCW 84.34.020(3) shall be acted upon by a public hearing and after
notice of the hearing is given by one publication in a newspaper of
general circulation in the area at least ten days before the hearing.
Application for classification of land in an incorporated area shall be
acted upon by: (a) A granting authority composed of three members
of the county legislative body and three members of the city legislative
body in which the land is located; (b) where city legislative body
members may be physically absent but participating through
telephonic connection; or (c) separate affirmative acts by both the
county and city legislative bodies where both bodies affirm the
entirety of an application without modification or both bodies affirm
an application with identical modifications.

(3) The granting authority shall act upon the application with
due regard to all relevant evidence and without any one or more
items of evidence necessarily being determinative, except that the
application may be denied for one of the following reasons, without
regard to other items:

(a) The land does not contain a stand of timber as defined in
chapter 76.09 RCW and applicable rules, except this reason shall not
alone be sufficient to deny the application (i) if the land has been
recently harvested or supports a growth of brush or noncommercial
type timber, and the application includes a plan for restocking within
three years or the longer period necessitated by unavailability of seed
or seedlings, or (ii) if only isolated areas within the land do not meet
minimum standards due to rock outcroppings, swamps, unproductive
soil, or other natural conditions;
(b) The applicant, with respect to the land, has failed to comply
with a final administrative or judicial order with respect to a violation
of the restocking, forest management, fire protection, insect and
disease control, weed control, and forest debris provisions of Title 76
RCW or applicable rules under Title 76 RCW;
(c) The land abuts a body of salt water and lies between the line
of ordinary high tide and the line parallel to the ordinary high tide
line and two hundred feet horizontally landward from the high tide line.

(4) The timber management plan must be filed with the county
legislative authority; either: (a) When an application for classification
under this chapter is submitted; (b) when a sale or transfer of timber
land occurs and a notice of continuance is signed; or (c) within sixty
days of the date the application for reclassification under this chapter
or from designated forest land is received. The application for
reclassification shall be accepted, but shall not be processed until the
timber management plan is received. If the timber management plan
is not received within sixty days of the date the application for
reclassification is received, the application for reclassification shall be
denied.

If circumstances require it, the county assessor may allow in
writing an extension of time for submitting a timber management plan
when an application for classification or reclassification or notice of
continuance is filed. When the assessor approves an extension of time
for filing the timber management plan, the county legislative authority
can determine processing an application until the
timber management plan is received. If the timber management plan
is not received by the date set by the assessor, the application or the
notice of continuance shall be denied.

The granting authority may approve the application with respect
to only part of the land that is described in the application, and if any
part of the application is denied, the applicant may withdraw the
entire application. The granting authority, in approving in part or whole an application for land classified pursuant to RCW 84.34.020(3), may also require that certain conditions be met.

Grantee or denial of an application for current use classification is a legislative determination and shall be reviewable only for arbitrary and capricious actions. The granting authority may not require the granting of easements for land classified pursuant to RCW 84.34.020(3).

The granting authority shall approve or disapprove an application made under this section within six months following the date the application is received."

MESSAGE FROM THE SENATE

April 7, 2009

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1215 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 19.118.021 and 2007 c 425 s 1 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

1) "Board" means new motor vehicle arbitration board.

2) "Collateral charges" means any sales or lease related charges including but not limited to sales tax, use tax, arbitration service fees, unused license fees, unused registration fees, unused title fees, finance charges, prepayment penalties, credit disability and credit life insurance costs not otherwise refundable, any other insurance costs prorated for time out of service, transportation charges, dealer preparation charges, or any other charges for service contracts, undercoating, rustproofing, or factory or dealer installed options.

3) "Condition" means a general problem that results from a defect or malfunction of one or more parts, or their improper installation by the manufacturer, its agents, or the new motor vehicle dealer.

4) "Consumer" means any person who has entered into an agreement or contract for the transfer, lease, or purchase of a new motor vehicle, other than for purposes of resale or sublease, during the duration of the "warranty" eligibility period defined under this section.

5) "Court" means the superior court in the county where the consumer resides, except if the consumer does not reside in this state, then the superior court in the county where an arbitration hearing or determination was conducted or made pursuant to this chapter.

6) "Eligibility period" means the period ending two years after the date of the original delivery to the consumer of a new motor vehicle, or the first twenty-four thousand miles of operation, whichever occurs first.

7) "Incidental costs" means any reasonable expenses incurred by the consumer in connection with the repair of the new motor vehicle, including any towing charges and the costs of obtaining alternative transportation.

8) "Manufacturer" means any person engaged in the business of constructing or assembling new motor vehicles or engaged in the business of importing new motor vehicles into the United States for the purpose of selling or distributing new motor vehicles to new motor vehicle dealers. "Manufacturer" includes to the extent the modification affects the use, value, or safety of a new motor vehicle, a postmanufacturing modifier of a new motor vehicle that modifies or has a modification done to a new motor vehicle before the initial retail sale or lease of a new motor vehicle, except as provided in this chapter. "Manufacturer" does not include any person engaged in the business of set-up of motorcycles as an agent of a new motor vehicle dealer if the person does not otherwise construct or assemble motorcycles.

9) "Motorcycle" means any motorcycle as defined in RCW 46.04.330 which has an engine displacement of at least seven hundred fifty cubic centimeters.

10) "Motor home" means a vehicular unit designed to provide temporary living quarters for recreational, camping, or travel use, built on or permanently attached to a self-propelled motor vehicle chassis or on a chassis cab or van that is an integral part of the completed vehicle.

11) "Motor home manufacturer" means the first stage manufacturer, the component manufacturer, and the final stage manufacturer.

(a) "First stage manufacturer" means a person who manufactures incomplete new motor vehicles such as chassis, chassis cabs, or vans, that are directly warranted by the first stage manufacturer to the consumer, and are completed by a final stage manufacturer into a motor home.

(b) "Component manufacturer" means a person who manufactures components used in the manufacture or assembly of a chassis, chassis cab, or van that is completed into a motor home and whose components are directly warranted by the component manufacturer to the consumer.

c) "Final stage manufacturer" means a person who assembles, installs, or permanently affixes a body, cab, or equipment to an incomplete new motor vehicle such as a chassis, chassis cab, or van provided by a first stage manufacturer, to complete the vehicle into a motor home.

12) "New motor vehicle" means any new self-propelled vehicle, including a new motorcycle, primarily designed for the transportation of persons or property over the public highways that was originally purchased or leased at retail from a new motor vehicle dealer or leasing company in this state, but does not include vehicles purchased or leased by a business as part of a fleet of ten or more vehicles at one time or under a single purchase or lease agreement.

This chapter shall apply to a motor vehicle purchased or leased with a manufacturer written warranty by a member of the armed forces regardless of in which state the vehicle was purchased or leased, if the vehicle otherwise meets the definition of a new motor vehicle and the consumer is a member of the armed forces stationed or residing in this state at the time the consumer submits a request for arbitration to the attorney general. If the motor vehicle is a motor home, this chapter shall apply to the self-propelled vehicle and chassis, but does not include those portions of the vehicle designated, used, or maintained primarily as a mobile dwelling, office, or commercial space. The term "new motor vehicle" does not include trucks with nineteen thousand pounds or more gross vehicle weight rating. The term "new motor vehicle" includes a demonstrator or lease-purchase vehicle as long as a manufacturer's warranty was issued as a condition of sale.

13) "New motor vehicle dealer" means a person who holds a dealer agreement with a manufacturer for the sale of new motor vehicles, who is engaged in the business of purchasing, selling, servicing, exchanging, or dealing in new motor vehicles, and who is...
licenced or required to be licenced as a vehicle dealer by the state of Washington.

(14) "Nonconformity" means a defect, serious safety defect, or condition that substantially impairs the use, value, or safety of a new motor vehicle, but does not include a defect or condition that is the result of abuse, neglect, or unauthorized modification or alteration of the new motor vehicle.

(15) "Purchase price" means the cash price of the new motor vehicle appearing in the sales agreement or contract.

(a) "Purchase price" in the instance of a lease means the actual written lease price disclosed to the consumer in the lease agreement. If there is no disclosed capitalized cost in the lease agreement the "purchase price" is the manufacturer's suggested retail price including manufacturer installed accessories or items of optional equipment displayed on the manufacturer label, required by 15 U.S.C. Sec. 1232.

(b) "Purchase price" in the instance of both a vehicle purchase or lease agreement includes any allowance for a trade-in vehicle but does not include any manufacturer-to-consumer rebate appearing in the agreement or contract that the consumer received or that was applied to reduce the purchase or lease cost.

Where the consumer is a subsequent transferee and the consumer selects repurchase of the motor vehicle, "purchase price" means the consumer's subsequent purchase price. Where the consumer is a subsequent transferee and the consumer selects replacement of the motor vehicle, "purchase price" means the consumer's subsequent purchase price.

(16) "Reasonable offset for use" means the definition provided in RCW 19.118.041(1)(c) (for a new motor vehicle other than a new motorcycle. The reasonable offset for use for a new motorcycle shall be computed by the number of miles that the vehicle traveled before the manufacturer's acceptance of the vehicle upon repurchase or replacement multiplied by the purchase price, and divided by twenty-five thousand).

(17) "Reasonable number of attempts" means the definition provided in RCW 19.118.041.

(18) "Replacement motor vehicle" means a new motor vehicle that is identical or reasonably equivalent to the motor vehicle to be replaced, as the motor vehicle to be replaced existed at the time of original purchase or lease, including any service contract, undercoating, rustproofing, and factory or dealer installed options.

(19) "Serious safety defect" means a life-threatening malfunction or nonconformity that impedes the consumer's ability to control or operate the new motor vehicle for ordinary use or reasonable intended purposes or creates a risk of fire or explosion.

(20) "Subsequent transferee" means a consumer who acquires a motor vehicle, within the ((warranty)) eligibility period, as defined in this section, with an applicable manufacturer's written warranty, with the vehicle otherwise meeting the definition of a new motor vehicle at the time of original retail sale or lease.

(21) "Substantially impair" means to render the new motor vehicle unreliable, or unsafe for ordinary use, or to diminish the resale value of the new motor vehicle below the average resale value for comparable motor vehicles.

(22) "Warranty" means any implied warranty, any written warranty of the manufacturer, or any affirmation of fact or promise made by the manufacturer in connection with the sale of a new motor vehicle that becomes part of the basis of the bargain. The term "warranty" pertains to the obligations of the manufacturer in relation to materials, workmanship, a modification by a new motor vehicle dealer installing the new motor vehicle manufacturer's authorized parts or their equivalent for the specific new motor vehicle pursuant to the manufacturer approved specifications, and fitness of a new motor vehicle for ordinary use or reasonably intended purposes throughout the duration of the ((warranty)) eligibility period as defined under this section.

(23) "Used vehicle" means the period ending two years after the date of the original delivery to the consumer of a new motor vehicle, or the first twenty-four thousand miles of operation, whichever occurs first.

Sec. 2. RCW 19.118.031 and 1998 c 298 s 3 are each amended to read as follows:

(1) The manufacturer shall publish an owner's manual and provide it to the new motor vehicle dealer or leasing company. The owner's manual shall include a list of the addresses and phone numbers for the manufacturer's customer assistance division, or zone or regional offices. A manufacturer shall provide to the new motor vehicle dealer or leasing company all applicable manufacturer's written warranties. The dealer or leasing company shall transfer to the consumer, at the time of original retail sale or lease, the owner's manual and applicable written warranties as provided by a manufacturer.

(2) At the time of purchase, the new motor vehicle dealer shall provide the consumer with a written statement that explains the consumer's rights under this chapter. The written statement shall be prepared and supplied by the attorney general and shall contain a toll-free number that the consumer can contact for information regarding the procedures and remedies under this chapter. In the event a consumer requests modification of the new motor vehicle in a manner which may partially or completely void the manufacturer's implied or express warranty, and which becomes part of the basis of the bargain of the initial retail sale or lease of the vehicle, a new motor vehicle dealer shall provide a clear and conspicuous written disclosure, independently signed and dated by the consumer, stating "Your requested modification may void all or part of a manufacturer warranty and a resulting defect or condition may not be subject to remedies afforded by the motor vehicle warranties act, chapter 19.118 RCW." A dealer who obtains a signed written disclosure under circumstances where the warranty may be void is not subject to this chapter as a manufacturer to the extent the modification affects the use, value, or safety of a new motor vehicle. Failure to provide the disclosure specified in this subsection does not constitute a violation of chapter 19.86 RCW.

(3) For the purposes of this chapter, if a new motor vehicle does not conform to the warranty and the consumer reports the nonconformity during the term of the ((warranty)) eligibility period or the period of coverage of the applicable manufacturer's written warranty, whichever is less, to the manufacturer, its agent, or the new motor vehicle dealer who sold the new motor vehicle, the manufacturer, its agent, or the new motor vehicle dealer shall make repairs as are necessary to conform the vehicle to the warranty, regardless of whether such repairs are made after the expiration of the ((warranty)) eligibility period. Any corrections or attempted repairs undertaken by a new motor vehicle dealer under this chapter shall be treated as warranty work and billed by the dealer to the manufacturer in the same manner as other work under the manufacturer's written warranty is billed. For purposes of this subsection, the manufacturer's written warranty shall be at least one year after the date of the original delivery to the consumer of the vehicle or the first twelve thousand miles of operation, whichever occurs first.

(4) Upon request from the consumer, the manufacturer or new motor vehicle dealer shall provide a copy of any report or computer reading compiled by the manufacturer's field or zone representative regarding inspection, diagnosis, or test-drive of the manufacturer's new motor vehicle, or shall provide a copy of any technical service bulletin issued by the manufacturer regarding the year and model of the consumer's new motor vehicle as it pertains to any material, feature, component, or the performance thereof.

(5) The new motor vehicle dealer shall provide to the consumer each time the consumer's vehicle is returned from being diagnosed or repaired under the warranty, a fully itemized, legible statement or repair order indicating any diagnosis made, and all work performed on the vehicle including but not limited to, a general description of the problem reported by the consumer or an identification of the defect or condition, parts and labor, the date and the odometer reading when the vehicle was submitted for repair, and the date when the vehicle was made available to the consumer.

(6) No manufacturer, its agent, or the new motor vehicle dealer may refuse to diagnose or repair any nonconformity covered by the warranty for the purpose of avoiding liability under this chapter.

(7) For purposes of this chapter, consumers shall have the rights and remedies, including a cause of action, against manufacturers as provided in this chapter.
(8) The ((warranty)) eligibility period and thirty-day out-of-service period, and sixty-day out-of-service period in the case of a motor home, shall be extended by any time that repair services are not available to the consumer as a direct result of a strike, war, invasion, fire, flood, or other natural disaster.

Sec. 3. RCW 19.118.041 and 2007 c 426 s 1 are each amended to read as follows:

(1) If the manufacturer, its agent, or the new motor vehicle dealer is unable to conform the new motor vehicle to the warranty by repairing or correcting any nonconformity after a reasonable number of attempts by the manufacturer, with or without repair of nonconformities, and with or without the consumer's written request to the manufacturer's corporate, dispute resolution, zone, or regional office address shall, at the option of the consumer, replace or repurchase the new motor vehicle.

(a) The replacement motor vehicle shall be identical or reasonably equivalent to the motor vehicle to be replaced as the motor vehicle to be replaced existed at the time of original purchase or lease, including any service contract, undercoating, rustproofing, and factory or dealer installed options. Where the manufacturer supplies a replacement motor vehicle, the manufacturer shall be responsible for sales tax, license, registration fees, and refund of any incidental costs. Compensation for a reasonable offset for use shall be paid by the consumer to the manufacturer in the event that the consumer accepts a replacement motor vehicle.

(b) When repurchasing the new motor vehicle, the manufacturer shall refund to the consumer the purchase price, all collateral charges, and incidental costs, less a reasonable offset for use. When repurchasing the new motor vehicle, in the instance of a lease, the manufacturer shall refund to the consumer all payments made by the consumer under the lease including but not limited to all lease payments, trade-in value or inception payment, security deposit, all collateral charges and incidental costs less a reasonable offset for use. The manufacturer shall make such payment to the lessor and/or lienholder of record as necessary to obtain clear title to the motor vehicle and upon the lessor's and/or lienholder's receipt of that payment by the consumer by the consumer of any late payment charges, the consumer shall be relieved of any future obligation to the lessor and/or lienholder.

(c) The reasonable offset for use shall be computed by multiplying the number of miles that the vehicle traveled directly attributable to use by the consumer during the time between the original purchase, lease, or in-service date and the date beginning the first attempt to diagnose or repair a nonconformity which ultimately results in the repurchase or replacement of the vehicle multiplied times the purchase price, and dividing the product by one hundred twenty thousand, except in the case of a motor home, in which event it shall be divided by ninety thousand or in the case of a motorcycle, if it was driven over the first twelve thousand miles of operation, whichever is later. However, the reasonable offset for use calculation total for a motorcycle is deemed modified by the board by decreasing or increasing the offset total up to a maximum of one-third of the offset total. The board may modify the offset total in those circumstances where the board determines that the wear and tear on those portions of the motor home designated, used, or maintained primarily as a mobile dwelling, office, or commercial space are significantly greater or significantly less than that which could be reasonably expected based on the mileage attributable to the consumer's use of the motor home. Except in the case of a motor home, where a manufacturer repurchases or replaces a vehicle solely due to accumulated days out of service by reason of diagnosis or repair of one or more nonconformities, "the number of miles that the vehicle traveled directly attributable to use by the consumer" shall be limited to the period between the original purchase, lease, or in-service date and the date of the fifteenth cumulative calendar day out of service. Where the consumer is a second or subsequent purchaser, lessee, or transferee of the motor vehicle and the consumer selects replacement of the motor vehicle, "the number of miles that the vehicle traveled" directly attributable to use by the consumer shall be limited to the period between the date of purchase, lease by, or transfer to the consumer and the date of the consumer's initial attempt to obtain diagnosis or repair of a nonconformity which ultimately results in the repurchase or replacement of the vehicle or which adds to thirty or more cumulative calendar days out of service. Where the consumer

is a second or subsequent purchaser, lessee, or transferee of the motor vehicle and the consumer selects replacement of the motor vehicle, "the number of miles that the vehicle traveled" directly attributable to use by the consumer shall be calculated from the date of the original purchase, lease, or in-service date and the first attempt to diagnose or repair a nonconformity which ultimately results in the replacement of the vehicle. Except in the case of a motor home, where the consumer is a second or subsequent purchaser, lessee, or transferee of the motor vehicle and the manufacturer replaces the vehicle solely due to accumulated days out of service by reason of diagnosis or repair of one or more nonconformities, "the number of miles that the vehicle traveled" directly attributable to use by the consumer shall be calculated from the date of the original purchase, lease, or in-service date and the date of the fifteenth cumulative calendar day out of service.

(d) In the case of a motor vehicle that is a motor home, where a manufacturer repurchases or replaces a motor home from the first purchaser, lessee, or transferee or from the second or subsequent purchaser, lessee, or transferee solely due to accumulated days out of service by reason of diagnosis or repair of one or more nonconformities, "the number of miles that a motor home traveled directly attributable to use by the consumer" shall be limited to the period between the original purchase, lease, or in-service date and the date of the thirtieth cumulative calendar day out of service.

(2) Reasonable number of attempts, except in the case of a new motor vehicle that is a motor home ((acquired after June 30, 1998)), shall be deemed to have been undertaken by the manufacturer, its agent, or the new motor vehicle dealer to conform the new motor vehicle to the warranty within the ((warranty)) eligibility period, if: (a) The same serious safety defect has been subject to diagnosis or repair two or more times, at least one of which is during the period of coverage of the applicable manufacturer's written warranty, and the serious safety defect continues to exist; (b) the same nonconformity has been subject to diagnosis or repair four or more times, at least one of which is during the period of coverage of the applicable manufacturer's written warranty, and the nonconformity continues to exist; or (c) the vehicle is out of service by reason of diagnosis or repair of one or more nonconformities for a cumulative total of thirty calendar days, at least fifteen of them during the period of the applicable manufacturer's written warranty; or (d) within a twelve-month period, two or more different serious safety defects, each of which have been subject to diagnosis or repair one or more times, where at least one attempt for each serious safety defect occurs during the period of coverage of the applicable manufacturer's written warranty and within the eligibility period. For purposes of this subsection, the manufacturer's written warranty shall be at least one year after the date of the original delivery to the consumer of the vehicle or the first twelve thousand miles of operation, whichever occurs first. A new motor vehicle is deemed "subject to diagnosis or repair" when a consumer presents the new motor vehicle for warranty service at a service and repair facility authorized, designated, or maintained by a manufacturer to provide warranty services or a facility to which the manufacturer or an authorized facility has directed the consumer to obtain warranty service. A new motor vehicle has not been "subject to diagnose or repair" if the consumer refuses to allow the facility to attempt or complete a recommended warranty repair, or demands return of the vehicle to the consumer before an attempt to diagnose or repair can be completed.

(3)(a) In the case of a new motor vehicle that is a motor home ((acquired after June 30, 1998)), a reasonable number of attempts shall be deemed to have been undertaken by the manufacturer, its agents, or their respective new motor vehicle dealers to conform the new motor vehicle to the warranty within the ((warranty)) eligibility period, if: (i) The same serious safety defect has been subject to diagnosis or repair one or more times during the period of the vehicle's applicable manufacturer's written warranty, plus a final attempt to repair the vehicle as provided for in (b) of this subsection, and the serious safety defect continues to exist; or (ii) the same nonconformity has been subject to repair three or more times, at least one of which is during the period of coverage of the applicable motor home manufacturer's written warranty, plus a final attempt to repair the vehicle as provided
for in (b) of this subsection, and the nonconformity continues to exist; (iv) the vehicle is out of service by reason of diagnosis or repair of one or more nonconformities, including a safety evaluation, for a cumulative total of sixty calendar days aggregating all motor home manufacturer days out of service, and the motor home manufacturers have had at least one opportunity to coordinate and complete an inspection and any repairs of the vehicle's nonconformities after receipt of notification from the consumer as provided for in (c) of this subsection; or (v) within a twelve-month period, two or more different serious safety defects covered by the same warranty have been manifest to a buyer on at least one or more times, where at least one attempt for each serious safety defect occurs during the period of coverage of the applicable manufacturer's written warranty and within the eligibility period.

Notice of manifestation of one or more serious safety defects to a manufacturer must be provided in writing by the consumer to the motor home manufacturer whose warranty covers the defect or all manufacturers of the motor home. The consumer shall send notices to the manufacturers in writing at their respective corporate, zone, or regional office addresses to allow the motor home manufacturers, their respective agents, or their respective new motor vehicle dealers an opportunity to coordinate and complete a comprehensive safety evaluation of the motor home. Notice of a manifest safety defect must be at least one year after the date of the original delivery to the consumer of the vehicle or the first twelve thousand miles of operation, whichever occurs first.

In the case of a new motor vehicle that is a motor home, after one attempt has been made to repair a serious safety defect, or after three attempts have been made to repair the same nonconformity, the consumer shall give written notification of the need to repair the nonconformity to each of the motor home manufacturers at their respective corporate, zone, or regional office addresses to allow the motor home manufacturers to coordinate and complete a final attempt to cure the nonconformity. The motor home manufacturers each have fifteen days, commencing upon receipt of (i) the written notice under this subsection, (ii) to respond to the consumer, or (iii) to perform a safety evaluation of the motor home by the motor home manufacturer's designated repair facility by the consumer, or (iv) by the motor home manufacturer or their respective new motor vehicle dealers a cumulative total of thirty or more days aggregating all motor home manufacturer days out of service, the consumer shall so notify each motor home manufacturer in writing at their respective corporate, zone, or regional office addresses to allow the motor home manufacturers, their respective agents, or their respective new motor vehicle dealers an opportunity to coordinate and complete an inspection and any repairs of the vehicle's nonconformities. The motor home manufacturers have fifteen days, commencing upon receipt of the notification, to respond and inform the consumer of the location of the facility where the vehicle will be repaired or evaluated. The motor home manufacturers have had at least one opportunity to coordinate and complete an inspection and any repairs of the vehicle's nonconformities after receipt of notification from the consumer as provided for in (c) of this subsection; or (iv) within a twelve-month period, two or more different serious safety defects covered by the same warranty have been manifest to a buyer on at least one or more times, where at least one attempt for each serious safety defect occurs during the period of coverage of the applicable manufacturer's written warranty and within the eligibility period.

Notice of manifestation of one or more serious safety defects to a manufacturer must be provided in writing by the consumer to the motor home manufacturer whose warranty covers the defect or all manufacturers of the motor home. The consumer shall send notices to the manufacturers in writing at their respective corporate, zone, or regional office addresses to allow the motor home manufacturers, their respective agents, or their respective new motor vehicle dealers an opportunity to coordinate and complete a comprehensive safety evaluation of the motor home. If the vehicle is unsafe to drive due to a serious safety defect, or to the extent the repair facility is more than one hundred miles from the motor home location, the motor home manufacturers are responsible for the cost of transporting the vehicle to and from the repair facility. The motor home manufacturers have had at least one opportunity to coordinate and complete an inspection and any repairs of the vehicle's nonconformities after receipt of notification from the consumer as provided for in (c) of this subsection; or (iv) within a twelve-month period, two or more different serious safety defects covered by the same warranty have been manifest to a buyer on at least one or more times, where at least one attempt for each serious safety defect occurs during the period of coverage of the applicable manufacturer's written warranty and within the eligibility period.

Notice of manifestation of one or more serious safety defects to a manufacturer must be provided in writing by the consumer to the motor home manufacturer whose warranty covers the defect or all manufacturers of the motor home. The consumer shall send notices to the manufacturers in writing at their respective corporate, zone, or regional office addresses to allow the motor home manufacturers, their respective agents, or their respective new motor vehicle dealers an opportunity to coordinate and complete a comprehensive safety evaluation of the motor home. If the vehicle is unsafe to drive due to a serious safety defect, or to the extent the repair facility is more than one hundred miles from the motor home location, the motor home manufacturers are responsible for the cost of transporting the vehicle to and from the repair facility. Once the buyer delivers the vehicle to the designated repair facility, the inspection and repairs must be completed by the motor home manufacturers either (i) within ten days or (ii) before the vehicle is out of service by reason of diagnosis or repair of one or more nonconformities for sixty days, whichever time period is longer. This time period may be extended if the consumer agrees in writing. If a motor home manufacturer fails to respond to the consumer or perform the repairs within the time period prescribed, that motor home manufacturer is not entitled to at least one opportunity to inspect and repair the vehicle's nonconformities after receipt of notification from the buyer as provided for in this subsection (3)(c).

No new motor vehicle dealer may be held liable by the manufacturer for any collateral charges, incidental costs, purchase price refunds, or vehicle replacements. Manufacturers shall not have a cause of action against dealers under this chapter. (Consumers shall not have a cause of action against dealers under this chapter, but a violation of any responsibilities imposed upon dealers under this chapter is a per se violation of chapter 19.86 RCW.) A violation of any responsibilities expressly imposed upon dealers under this chapter is a per se violation of chapter 19.86 RCW. Except in the limited circumstances of a dealer becoming a manufacturer due to a postmanufacturing modification of a new motor vehicle as defined in RCW 19.118.021(8), consumers shall not have a cause of action against dealers under this chapter. Consumers may pursue rights and remedies against dealers under any other law, including chapters 46.70 and 46.71 RCW. Manufacturers and consumers may not make dealers parties to arbitration board proceedings under this chapter.

Sec. 4. RCW 19.118.061 and 1998 c 298 s 5 are each amended to read as follows:

(1) A manufacturer shall be prohibited from reselling any motor vehicle determined or adjudicated as having a serious safety defect unless the serious safety defect has been corrected and the manufacturer warrants upon the first subsequent resale that the defect has been corrected.

(2) Before any sale or transfer of a vehicle that has been replaced or repurchased by the manufacturer (that was determined or adjudicated as having a nonconformity or to have been out of service for thirty or more calendar days, or sixty or more calendar days in the case of a motor home) after a determination, adjudication, or settlement of a claim under this chapter, the manufacturer shall:

(a) Notify the attorney general ((and the department of licensing; by certified mail or personal service)) upon receipt of the motor vehicle and submit a title application to the department of licensing in this state for title to the motor vehicle in the name of the manufacturer within sixty days

(b) Attach a resale disclosure notice to the vehicle in a manner and form to be specified by the attorney general. Only the retail purchaser may remove the resale disclosure notice after execution of the disclosure form required under subsection (3) of this section; and

(c) Notify the attorney general and the department of licensing if the nonconformity in the motor vehicle is corrected.

(3) Upon the first subsequent resale, either at wholesale or retail, or transfer of title of a motor vehicle and which was previously returned after a final determination, adjudication, or settlement under this chapter or under a similar statute of any other state, the manufacturer, its agent, or the new motor vehicle dealer who has actual knowledge of such return, recall, repurchase, or settlement, shall execute and deliver to the buyer before sale an instrument in writing setting forth information identifying the nonconformity in a manner to be specified by the attorney general, and the department of licensing shall place on the certificate of title information indicating the vehicle was returned under this chapter.
(4) Upon receipt of the manufacturer's notification under subsection (2) of this section that the nonconformity has been corrected and [(open)] the manufacturer's [(request and payment of any fees)] application for title in the name of the manufacturer under this section, the department of licensing shall issue a new title with [(information)] a title brand indicating the vehicle was returned under this chapter and information that the nonconformity has been corrected. Upon the first subsequent resale, either at wholesale or retail, or transfer of title of a motor vehicle, as provided under [(subsection (2)(c))] this section, the manufacturer shall warrant upon request for title in the name of the manufacturer, its agent, or the new motor vehicle dealer who has actual knowledge of the corrected nonconformity, shall execute and deliver to the buyer before sale an instrument in writing setting forth information identifying the nonconformity and indicating that it has been corrected in a manner to be specified by the attorney general.

(5) After repurchase or replacement and following a manufacturer's receipt of a vehicle under this section and prior to a vehicle's first subsequent retail transfer by resale or lease, any intervening transferee of a vehicle subject to the requirements of this section who has received the disclosure, correction and warranty documents, as specified by the attorney general and required under this chapter, shall deliver the documents to the transferee, transferor, purchaser or lessee to ensure proper and timely notice and disclosure. Any intervening transferee who fails to comply with this subsection shall, at the option of the subsequent transferee or first subsequent retail purchaser or lessee: (a) Indemnify any subsequent transferee or first subsequent retail purchaser for all damages caused by such violation; or (b) repurchase the vehicle at the full purchase price including all fees, taxes and costs incurred for goods and services which were included in the subsequent transaction.

Sec. 5. RCW 19.118.080 and 1998 c 245 s 7 are each amended to read as follows:

(1) Except as provided in RCW 19.118.160, the attorney general shall adopt rules to implement this chapter. A single arbitrator may be designated to preside at such proceedings.

(3) A consumer shall exhaust the new motor vehicle arbitration board remedy or informal dispute resolution settlement procedure under RCW 19.118.150 before filing any superior court action.

(4) The attorney general shall maintain records of each dispute submitted to the new motor vehicle arbitration board by including any index of new motor vehicles by make, year, and model.

(5) The attorney general shall compile aggregate annual statistics for all disputes submitted to, and decided by, the new motor vehicle arbitration board, as well as annual statistics for each manufacturer that include, but shall not be limited to, the number and percent of: (a) Replacement motor vehicle requests; (b) purchase price refund requests; (c) replacement motor vehicles obtained in prehearing settlements; (d) purchase price refunds obtained in prehearing settlements; (e) replacement motor vehicles awarded in arbitration; (f) purchase price refunds awarded in arbitration; (g) board decisions neither complied with during the forty calendar day period nor petitioned for appeal within the thirty calendar day period; (h) board decisions appealed categorized by consumer or manufacturer; (i) the nature of the court decisions and who the prevailing party was; (j) appeals that were held by the court to be brought without good cause; and (k) appeals that were held by the court to be brought solely for the purpose of harassment. The statistical compilations shall be public information.

(6) The attorney general shall adopt rules to implement this chapter. Such rules shall include uniform standards by which the boards shall make determinations under this chapter, including but not limited to rules which provide:

(a) A board shall find that a nonconformity exists if it determines that the consumer's new motor vehicle has a defect, serious safety defect, or condition that substantially impairs the value, utility, or use of the vehicle, or poses a serious safety risk to the consumer and to others, regardless of the safety of the vehicle, the conduct of the owner, or the manufacturer.

(b) A board shall find that a reasonable number of attempts to repair a nonconformity have been undertaken if: (1) The same serious safety defect has been subject to diagnosis or repair one or more times, at least one of which is during the period of coverage of the applicable manufacturer's written warranty, and the serious safety defect continues to exist; (ii) the same nonconformity has been subject to diagnosis or repair four or more times, at least one of which is during the period of coverage of the applicable manufacturer's written warranty, and the nonconformity continues to exist; or (iii) the vehicle is out of service by reason of diagnosis or repair of one or more nonconformities for a cumulative total of thirty calendar days, at least fifteen of them during the period of the applicable manufacturer's written warranty. For purposes of this subsection, the manufacturer's written warranty shall be at least one year after the date of the original delivery to the consumer of the vehicle or the first twelve thousand miles of operation, whichever occurs first; and (f) the history of attempts to diagnose or repair defects or complaints in the new motor vehicle meets or exceeds those identified in RCW 19.118.041.

(c) A board shall find that a manufacturer has failed to comply with RCW 19.118.041 if it finds that the manufacturer, its agent, or the new motor vehicle dealer has failed to correct a nonconformity after a reasonable number of attempts and the manufacturer has failed, within forty days of the consumer's written request, to
The attorney general shall provide consumers with information regarding the procedures and remedies under this chapter.

Sec. 6. RCW 19.118.090 and 1998 c 298 s 6 are each amended to read as follows:

(1) A consumer may request arbitration under this chapter by submitting the request to the attorney general. Within ten days after receipt of an arbitration request, the attorney general shall make a reasonable determination of the cause of the request for arbitration and provide necessary information to the consumer regarding the consumer's rights and remedies under this chapter. The attorney general shall accept a request for arbitration, except where it clearly appears from the materials submitted by the consumer that the dispute is not eligible for arbitration, the attorney general may refuse to accept the dispute and shall explain any required procedures to the consumer. The attorney general shall accept a request for arbitration, except where it clearly appears from the materials submitted by the consumer that the dispute is not eligible because it is lacking a statement of a claim, incomplete, untimely, frivolous, fraudulent, filed in bad faith, res judicata, or beyond the authority established in this chapter. A dispute found to be ineligible for arbitration because it lacks a statement of a claim or is incomplete may be reconsidered by the attorney general upon the submission of other information or documents regarding the dispute.

(2) After a dispute is accepted, the attorney general shall assign the dispute to a board. From the date the consumer's request for arbitration is assigned by the attorney general, the board shall have forty-five calendar days to have an arbitrator hear the dispute and sixty days for the board to submit a decision to the attorney general. If the board determines that additional information is necessary to make a fair and reasoned decision, the arbitrator may continue the arbitration proceeding on a subsequent date within ten calendar days of the initial hearing. The board may require a party to submit additional information or request that the attorney general issue a subpoena to a nonparty for documents or records for a continued hearing.

(3) Manufacturers shall submit to arbitration if such arbitration is requested by the consumer within thirty months from the date of the original delivery of the new motor vehicle to a consumer at retail and if the consumer's dispute is deemed eligible) accepted for arbitration by the (board) attorney general. In the case of a motor home, the thirty-month period will be extended by the amount of time it takes the motor home manufacturers to complete the final repair attempt at the designated repair facility as provided for in RCW 19.118.041((3)(b).

(4) The new motor vehicle arbitration board may reject for arbitration a request for a board determination that it determines to be frivolous, fraudulent, filed in bad faith, res judicata or beyond its authority. Any dispute deemed by the board to be ineligible for arbitration due to insufficient evidence may be reconsidered by the board upon the submission of other information or documents regarding the dispute that would allegedly qualify for relief under this chapter. Following a second review, the request may reject the dispute for arbitration if evidence is still clearly insufficient to qualify the dispute for relief under this chapter. A rejection by the board is subject to review by the attorney general or may be appealed under RCW 19.118.100.

(5) A decision to reject any dispute for arbitration shall be sent by certified mail to the consumer and the manufacturer, and shall contain a brief explanation of the reason for rejection.

(6) The manufacturer shall complete a written manufacturer response to the consumer's request for arbitration. The manufacturer shall provide a response to the consumer and the (board) attorney general within ten calendar days from the date of the manufacturer's receipt notice of (the board's) notice of (acceptance) the attorney general's assignment of a dispute for arbitration. The manufacturer response shall include all issues and affirmative defenses related to the nonconformities identified in the consumer's request for arbitration that the manufacturer intends to raise at the arbitration hearing.

(7) The arbitration board shall award the remedies under RCW 19.118.041 if it finds a nonconformity and that a reasonable number of attempts have been undertaken to correct the nonconformity. The board shall award reasonable costs and attorneys' fees incurred by the consumer where the manufacturer has been directly represented by counsel: (a) in dealings with the consumer in response to a request for repair, repurchase or replace under RCW 19.118.041; (b) in settlement negotiations; (c) in preparation of the manufacturer's statement, or (d) at an arbitration board hearing or other board proceeding.

(8) In the case of an arbitration involving a motor home, the board may allocate liability among the motor home manufacturers.

(9) It is an affirmative defense to any claim under this chapter that the alleged nonconformity does not substantially impair the use, value, or safety of the new motor vehicle; or (b) the alleged nonconformity is the result of abuse, neglect, or unauthorized modifications or alterations of the new motor vehicle.

(10) The board shall have forty-five calendar days from the date the consumer makes a request for arbitration to hear the dispute. If the board determines that additional information is necessary, the board may continue the arbitration proceeding on a subsequent date within ten calendar days of the initial hearing. The board shall decide the dispute within sixty calendar days from the date the board receives the consumer's request for arbitration.

(11) The arbitration decision (if the board shall be delivered by certified mail or personal service to the consumer and the manufacturer, and shall) contain a written finding of whether the new motor vehicle (or parts) should be repaired or replaced pursuant to the standards set forth under this chapter.

(12) The decision of the board shall be submitted to the attorney general, who shall deliver it to the certified mail, electronic mail confirmed by an electronic notice of delivery status or similar confirmation, or personal service to the consumer and the manufacturer.

(13) The consumer may accept or reject the arbitration board decision (or appeal to superior court, pursuant to RCW 19.118.100)). Upon acceptance by the consumer, the arbitration board decision shall become final. The consumer shall send written notification of acceptance or rejection to the (board) attorney general within sixty days of receiving the decision and the (arbitration board) attorney general shall immediately deliver a copy of the consumer's acceptance to the manufacturer by certified mail, return receipt requested, electronic mail confirmed by an electronic notice of delivery status or similar confirmation, or personal service. Failure of the consumer to respond to the (arbitration board) attorney general within sixty calendar days of receiving the decision shall be considered a rejection of the decision by the consumer.

(14) Where a consumer rejects an arbitration decision, the consumer may appeal to superior court pursuant to RCW 19.118.100. The consumer shall have one hundred twenty calendar days from the date of rejection to file a petition of appeal in superior court. At the time the petition of appeal is filed, the consumer shall deliver, by certified mail or personal service, a conformed copy of such petition to the attorney general.

(15) Where the consumer's acceptance, the manufacturer shall have forty calendar days to comply with the arbitration board
decision or thirty calendar days to file a petition of appeal in superior court. At the time the petition of appeal is filed, the manufacturer shall deliver, by certified mail or personal service, a conforming copy of such petition to the attorney general. If the attorney general receives no notice of petition of appeal after forty calendar days, the attorney general shall contact the consumer to verify compliance.

Sec. 7. RCW 19.118.095 and 1995 c 254 s 8 are each amended to read as follows:

1. Compliance with an arbitration board decision under this chapter must be accomplished at a time, place, and in a manner to be determined by the mutual agreement of the consumer and manufacturer.

(a) The consumer shall make the motor vehicle available to the manufacturer free of damage other than that related to any nonconformity, defect, or condition to which a warranty applied, or that can reasonably be expected in the use of the vehicle for ordinary or reasonably intended purposes and in consideration of the (miles traveled by the vehicle).

Any insurance claims or settlement proceeds for repair of damage to the vehicle due to fire, theft, vandalism, or collision must be assigned to the manufacturer or, at the consumer's option, the repair must be completed before return of the vehicle to the manufacturer.

The consumer may not remove any equipment or option that was included in the original purchase or lease of the vehicle or that is otherwise included in the repair or replacement award. In removing any equipment not included in the original purchase or lease, the consumer shall exercise reasonable care to avoid further damage to the vehicle but is not required to return the vehicle to original condition.

(b) At the time of compliance with an arbitration board decision that awards repurchase, the manufacturer shall make full payment to the consumers and either the lessor or lienholder, or both, or provide verification to the consumer of prior payment to the lessor or lienholder, or both.

At the time of compliance with an arbitration board decision that awards replacement, the manufacturer shall provide the replacement vehicle together with any refund of incidental costs.

(c) At any time before compliance a party may request the (board) attorney general to resolve disputes regarding compliance with the arbitration board decision including but not limited to time and place for compliance, condition of the vehicle to be returned, clarification or recalculation of refund amounts under the award, or a determination if an offered vehicle is reasonably equivalent to the vehicle being replaced. The attorney general may resolve the dispute or refer compliance-related disputes to the board pursuant to RCW 19.118.160 for a compliance dispute hearing and decision. In resolving compliance disputes the attorney general or board may not review, alter, or otherwise change the findings of a decision or extend the time for compliance beyond the time necessary (for the board) to resolve the dispute.

(d) Failure of the consumer to make the vehicle available within sixty calendar days in response to a manufacturer's unconditional tender of compliance is considered a rejection of the arbitration decision by the consumer, except as provided in (c) of this subsection or subsection (2) of this section.

2. If, at the end of the forty calendar day period, neither compliance with nor a petition to appeal the board's decision has occurred, the attorney general may impose a fine of up to one thousand dollars per day until compliance occurs or a maximum penalty of one hundred thousand dollars accrues unless the manufacturer can provide clear and convincing evidence that any delay or failure was beyond its control or was acceptable to the consumer as evidenced by a written statement signed by the consumer. If the manufacturer fails to provide the evidence or fails to pay the fine, the attorney general may initiate proceedings against the manufacturer for failure to pay any fine that accrues until compliance with the board's decision occurs or the maximum penalty of one hundred thousand dollars results. If the attorney general prevails in an enforcement action regarding any fine imposed under this subsection, the attorney general is entitled to reasonable costs and attorneys' fees. Fines and recovered costs and fees shall be returned to the new motor vehicle arbitration account.

Sec. 8. RCW 19.118.120 and 1987 c 344 s 10 are each amended to read as follows:

The legislature finds that the practices covered by this chapter are matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. A violation of this chapter (shall constitute) is not reasonable in relation to the development and preservation of business and is an unfair or deceptive (trade practice affecting the public interest under) act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW. (All public and private remedies provided under that chapter shall be available to enforce this chapter.)

Sec. 9. RCW 19.118.160 and 1989 c 347 s 9 are each amended to read as follows:

If the attorney general is unable ((at any time)) to contract with (private) one or more entities to conduct arbitrations ((under the procedures and standards in this chapter)), the attorney general shall establish ((one or more new motor vehicle)) an arbitration ((board)). Each such board shall consist of three members appointed by the attorney general, only one of whom may be directly involved in the manufacture, distribution, sale, or service of any motor vehicle.

Board members shall be reimbursed for travel expenses in accordance with (RCW 42.03.050 and 42.03.060 and shall be compensated pursuant to RCW 42.03.240) program and conduct arbitrations under the procedures and standards established in this chapter.

NEW SECTION. Sec. 10. This act is remedial in nature and applies retroactively to the effective date of this act.

NEW SECTION. Sec. 11. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

SUBSTITUTE HOUSE BILL NO. 1225, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE
April 2, 2009

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1295 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION, Sec. 1. The legislature recognizes that agricultural fairs serve valuable educational, vocational, and recreational purposes that promote the public good and as showcases for an important sector of Washington's economy. The legislature also recognizes that counties provide territory for such fairgrounds and surrounding lands.

In recognition of the many benefits of agricultural fairs and the importance of promoting effective annexation laws, the legislature intends to establish clear and logical procedures for the annexation of county-owned fairgrounds that are consistent with the longstanding requirement that these grounds may only be annexed with the consent of a majority of the county legislative authority.

Sec. 2. RCW 35.13.010 and 1965 c 7 s 35.13.010 are each amended to read as follows:

Any portion of a county not incorporated as part of a city or town but lying contiguous thereto may become a part of the charter code city or noncharter code city by annexation if the property owned by a county, and used for the purpose of an agricultural fair as provided in chapter 15.76 RCW or chapter 36.37 RCW shall not be subject to annexation without the consent of the majority of the board of county commissioners."

An area proposed to be annexed to a city or town shall be deemed contiguous thereto even though separated by water or tide or shore lands on which no bona fide residence is maintained by any person.

NEW SECTION, Sec. 3. A new section is added to chapter 35.13 RCW to read as follows:

(1) Territory owned by a county and used for an agricultural fair as provided in chapter 15.76 RCW or chapter 36.37 RCW may only be annexed to a city or town through the method prescribed in this section.

(a) The legislative body of the city or town proposing the annexation must submit a request for annexation and a legal description of the subject territory to the legislative authority of the county within which the territory is located.

(b) Upon receipt of the request and description, the county legislative authority has thirty days to review the proposal and determine if the annexation proceedings will continue. As a condition precedent to further proceedings upon the request and there is no appeal of the county legislative authority's decision.

(c) If the county legislative authority determines that the annexation proceedings may continue, it must, within thirty days of the determination, fix a date for a public hearing on the proposal, and cause notice of the hearing to be published at least once a week for two weeks prior to the hearing in one or more newspapers of general circulation in the county within which the proposed annexation shall occur. The notice must also be posted in three public places within the subject territory, specify the time and place of the hearing, and invite interested persons to appear and voice approval or disapproval of the annexation. If the annexation proposal provides for assumption of indebtedness or adoption of a proposed zoning regulation, the notice must include a statement of these requirements.

(d) If, following the conclusion of the hearing, a majority of the county legislative authority deems the annexation proposal to be in the best interest of the county, it may adopt a resolution approving the annexation.

(e) If, following the county legislative authority's adoption of the annexation approval resolution, the legislative body of the city or town proposing annexation determines to effect the annexation, it must do so by ordinance. The ordinance: (i) May only include territory approved for annexation in the resolution adopted under (d) of this subsection; and (ii) must not exclude territory approved for annexation in the resolution adopted under (d) of this subsection.

Upon passage of the annexation ordinance, a certified copy must be filed with the applicable county legislative authority.

(2) Any territory annexed through an ordinance adopted under this section is annexed and becomes a part of the city or town upon the date fixed in the ordinance.

Sec. 4. RCW 35A.14.010 and 1967 ex.s.s. c 119 s 35A.14.010 are each amended to read as follows:

Any portion of a county not incorporated as part of a city or town but lying contiguous to a code city may become a part of the code city or noncharter code city by annexation if the property owned by a county, and used for the purpose of an agricultural fair as provided in chapter 15.76 RCW or chapter 36.37 RCW shall not be subject to annexation without the consent of the majority of the board of county commissioners."

An area proposed to be annexed to a charter code city or noncharter code city shall be deemed contiguous thereto even though separated by water or tide or shore lands and, upon annexation of such area, any such intervening water and/or tide or shore lands shall become a part of such annexing city.

NEW SECTION, Sec. 5. A new section is added to chapter 35A.14 RCW to read as follows:

(1) Territory owned by a county and used for an agricultural fair as provided in chapter 15.76 RCW or chapter 36.37 RCW may only be annexed to a code city through the method prescribed in this section.

(a) The legislative body of the city proposing the annexation must submit a request for annexation and a legal description of the subject territory to the legislative authority of the county within which the territory is located.

(b) Upon receipt of the request and description, the county legislative authority has thirty days to review the proposal and determine if the annexation proceedings will continue. As a
condition of approval, the county legislative authority may modify the proposal, but it may not add territory that was not included in the request and description. Approval of the county legislative authority is a condition precedent to further proceedings upon the request and there is no appeal of the county legislative authority's decision.

(c) If the county legislative authority determines that the proceedings may continue, it must, within thirty days of the determination, fix a date for a public hearing on the proposal, and cause notice of the hearing to be published at least once a week for two weeks prior to the hearing in one or more newspapers of general circulation in the territory proposed for annexation. The notice must also be posted in three public places within the subject territory, specify the time and place of the hearing, and invite interested persons to appear and voice approval or disapproval of the annexation. If the annexation proposal provides for assumption of indebtedness or adoption of a proposed zoning regulation, the notice must include a statement of these requirements.

(d) If, following the conclusion of the hearing, a majority of the county legislative authority deems the annexation proposal to be in the best interest of the county, it may adopt a resolution approving of the annexation.

(e) If, following the county legislative authority's adoption of the annexation approval resolution, the legislative body of the city proposing annexation determines to effect the annexation, it must do so by ordinance. The ordinance: (i) May only include territory approved for annexation in the resolution adopted under (d) of this subsection; and (ii) must not exclude territory approved for annexation in the resolution adopted under (d) of this subsection. Upon passage of the annexation ordinance, a certified copy must be filed with the applicable county legislative authority.

(2) Any territory annexed through an ordinance adopted under this section is annexed and becomes a part of the code city upon the date fixed in the ordinance."

On page 1, line 1 of the title, after "fairs;" strike the remainder of the title and insert "amending RCW 35.13.010 and 35A.14.010; adding a new section to chapter 35.13 RCW; adding a new section to chapter 35A.14 RCW; and creating a new section."

and the same is herewith transmitted.

(i) Enter into a written practice arrangement plan, approved by the department, with a dentist licensed in this state, under which the dentist will provide off-site supervision of the dental services provided. This agreement does not create an obligation for the dentist to accept referrals of patients receiving services under the program;

(ii) Collect data on the patients treated by dental hygienists under the program, including age, treatments rendered, insurance coverage, if any, and patient referral to dentists. This data must be submitted to the department of health at the end of each annual quarter, (commencing) during the period of time between October 1, 2007, and October 1, 2013; and

(iii) Obtain information from the patient's primary health care provider about any health conditions of the patient that would be relevant to the provision of preventive dental care. The information may be obtained by the dental hygienist's direct contact with the provider or through a written document from the provider that the patient presents to the dental hygienist.

((e))) ((f)) For dental planning and dental treatment, dental hygienists shall refer patients to licensed dentists.

(2) For the purposes of this section:

"Health care facilities" are limited to hospitals; nursing homes; home health agencies; group homes serving the elderly, individuals with disabilities, and juveniles; state-operated institutions under the jurisdiction of the department of social and health services or the department of corrections; and federal, state, and local public health facilities, state or federally funded community and migrant

(1) Without attending the department's school sealant endorsement program if the dental hygienist was licensed as of April 19, 2001; or

(2) If the dental hygienist is school sealant endorsed under RCW 43.70.650.

A hygienist providing services under this section must collect data on patients treated, including age, treatment rendered, methods of reimbursement for treatment, evidence of coordination with local public health jurisdictions and local oral health coalitions, and patient referrals to dentists. (These (These))) This data must be submitted to the department of health at the end of each annual quarter, (commence) during the period of time between October 1, 2007, and October 1, 2013.

NEW SECTION. Sec. 3. MESSAGE FROM THE SENATE

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1326 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 77.70 RCW to read as follows:

The definitions in this section apply throughout this chapter and related rules adopted by the department unless the context clearly requires otherwise.

(1) "Deliver" or "delivery" means arrival at a place or port, and includes arrivals from offshore waters to waters within the state and arrivals ashore from offshore waters.

(2) "Pacific sardine" and "pilchard" means the species Sardinops sagax.

NEW SECTION. Sec. 2. A new section is added to chapter 77.70 RCW to read as follows:

(1) A Washington sardine purse seine fishery license or temporary annual fishery permit is required to use purse seine gear to fish for or possess Pacific sardines in offshore waters. This requirement does not affect persons authorized to fish for or possess sardines in offshore waters under a valid Oregon or California license or permit.

(2) A Washington sardine purse seine fishery license or temporary annual fishery permit is required to deliver Pacific sardines into the state.

(3) Washington sardine purse seine fishery licenses and temporary annual fishery permits require vessel designation under RCW 77.65.100.

(4) Pacific sardines may not be taken or retained in state waters except for incidental harvest authorized by rule of the department.

NEW SECTION. Sec. 3. A new section is added to chapter 77.70 RCW to read as follows:

(1) A Washington Pacific sardine purse seine fishery license:

(a) May only be issued to a person that held a coastal pilchard experimental fishery permit in 2008, except as otherwise provided in this section;

(b) Must be renewed annually to remain active; and

(c) Subject to the restrictions of subsections (6) and (7) of this section and RCW 77.65.040, is transferable.

(2) A Washington Pacific sardine purse seine fishery license may be issued to any person that held a coastal pilchard experimental fishery permit in 2005, 2006, or 2007 and is precluded from
qualifying under subsection (1) of this section because the vessel designated on the permit sank prior to 2008.

(3) Beginning in 2010, after taking into consideration the status of the Pacific sardine population, the impact of removal of sardines and other forage fish to the marine ecosystem, including the effect on endangered marine species, and the market for Pacific sardines in the state, the director may issue:

(a) A Washington Pacific sardine purse seine fishery license to any person provided that the issuance would not raise the number of licenses beyond the number initially issued in 2009;

(b) A Washington Pacific sardine purse seine temporary annual fishery permit to any person if the combined number of active Washington Pacific sardine purse seine fishery licenses and annual temporary permits already issued during the year is less than twenty-five.

(4) The annual fee for a Washington Pacific sardine purse seine fishery license is one hundred eighty-five dollars for residents and two hundred ninety-five dollars for nonresidents.

(5) The fee for a Washington Pacific sardine purse seine temporary annual fishery permit is one hundred eighty-five dollars for residents and two hundred ninety-five dollars for nonresidents. A temporary annual fishery permit expires at the end of the calendar year in which the permit is issued.

(6) Only a person who owns or operates the vessel designated on the license or permit may hold a Washington Pacific sardine purse seine fishery license or temporary annual fishery permit.

(7) A person may not own or hold an ownership interest in more than two Washington Pacific sardine purse seine fishery licenses.

(8) The director shall adopt rules that require a person fishing under a Washington Pacific sardine purse seine fishery license or a temporary annual permit to minimize by-catch, and to the extent by-catch cannot be avoided, to minimize the mortality of such by-catch.

Sec. 4. RCW 77.65.200 and 2000 c 107 s 41 are each amended to read as follows:

(1) This section establishes commercial fishery licenses required for food fish fisheries and the annual fees for those licenses. As used in this section, "food fish" does not include salmon. The director may issue a limited-entry commercial fishery license only to a person who meets the qualifications established in applicable governing sections of this title.

MESSAGE FROM THE SENATE

April 8, 2009

Mr. Speaker:

The Senate has passed ENGRADED SUBSTITUTE HOUSE BILL NO. 1362 with the following amendment:

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 9A.88.140 and 2007 c 368 s 8 are each amended to read as follows:

(1)(a) Upon an arrest for a suspected violation of patronizing a prostitute ((i)) promoting prostitution in the first degree, promoting prostitution in the second degree, promoting travel for prostitution, commercial sexual abuse of a minor, promoting commercial sexual abuse of a minor, or promoting travel for commercial sexual abuse of a minor, the arresting law enforcement officer may impound the person's vehicle if ((i)) the motor vehicle was used in the commission of the crime; ((ii)) the person arrested is the owner of the vehicle or the vehicle is a rental car as defined in RCW 46.64.465; and ((iii)) either (A) the person arrested has previously been convicted of (i) promoting prostitution, under RCW 9A.88.110, or commercial sexual abuse of a minor, under RCW 9.68A.100) one of the offenses listed in this subsection or (B) the offense was committed within an area designated under (b) of this subsection.

(b) A local governing authority may designate areas within which vehicles are subject to impoundment under this section regardless of whether the person arrested has previously been convicted of any of the offenses listed in (a) of this subsection.

(i) The designation must be based on evidence indicating that the area has a disproportionately higher number of arrests for the offenses listed in (a) of this subsection as compared to other areas within the same jurisdiction.

(ii) The local governing authority shall post signs at the boundaries of the designated area to indicate that the area has been designated under this subsection.

(2) Impoundments performed under this section shall be in accordance with chapter 46.55 RCW and the impoundment order must clearly state "prostitution hold.

(3)(a) Prior to redeeming the impounded vehicle, and in addition to all applicable impoundment, towing, and storage fees paid to the towing company under chapter 46.55 RCW, the owner of the impounded vehicle must pay a fine of five hundred dollars to the impounding agency. The fine shall be deposited in the prostitution prevention and intervention account established under RCW 43.63A.740.

(b) Upon receipt of the fine paid under (a) of this subsection, the impounding agency shall issue a written receipt to the owner of the impounded vehicle.

(4)(a) In order to redeem a vehicle impounded under this section, the owner must provide the towing company with the written receipt issued under subsection (3)(b) of this section.

(b) The written receipt issued under subsection (3)(b) of this section authorizes the towing company to release the impounded vehicle upon payment of all impoundment, towing, and storage fees.

(c) A towing company that relies on a forged receipt to release a vehicle impounded under this section is not liable to the impounding agency for any unpaid fine under subsection (3)(a) of this section.

(5)(a) In any proceeding under chapter 46.55 RCW to contest the validity of an impoundment under this section where the claimant substantially prevails, the claimant is entitled to a full refund of the impoundment, towing, and storage fees paid under chapter 46.55 RCW and the five hundred dollar fine paid under subsection (3) of this section.

(b) If the person is found not guilty at trial for a crime listed under subsection (1) of this section, the person is entitled to a full refund of the impoundment, towing, and storage fees paid under chapter 46.55 RCW and the five hundred dollar fine paid under subsection (3) of this section.

(c) All refunds made under this section shall be paid by the impounding agency.

(d) Prior to receiving any refund under this section, the claimant must provide proof of payment.

Sec. 2. RCW 43.63A.740 and 1995 c 353 s 11 are each amended to read as follows:

The prostitution prevention and intervention account is created in the state treasury. All designated receipts from fees under RCW 9.68A.105 and 9A.88.120 and fines collected under RCW 9A.88.140 shall be deposited into the account. Expenditures from the account may be used only for funding the grant program to enhance prostitution prevention and intervention services under RCW 43.63A.720.

Sec. 3. RCW 46.55.120 and 2004 c 250 s 1 are each amended to read as follows:

(1) Vehicles or other items of personal property registered or titled with the department that are impounded by registered tow truck operators pursuant to RCW 46.55.080, 46.55.085, 46.55.113, or 9A.88.140 may be redeemed only under the following circumstances:
(a) Only the legal owner, the registered owner, a person authorized in writing by the registered owner or the vehicle's insurer, a person who is determined and verified by the operator to have the permission of the registered owner of the vehicle or other item of personal property registered or titled with the department from the registered owner who produces proof of ownership or written authorization and signs a receipt therefor, may redeem an impounded vehicle or items of personal property registered or titled with the department from the registered owner who produces proof of ownership or written authorization and signs a receipt therefor, may redeem an impounded vehicle or items of personal property registered or titled with the department. If one who has purchased a vehicle or item of personal property registered or titled with the department from the registered owner who produces proof of ownership or written authorization and signs a receipt therefor, may redeem an impounded vehicle or items of personal property registered or titled with the department. In addition, a vehicle owned by an individual or a legal entity because the operator is in violation of RCW 46.20.342(1)(c) shall not be released until a person eligible to redeem it under this subsection (1)(a) satisfies the requirements of (e) of this subsection, including paying all towing, removal, and storage fees, notwithstanding the fact that the hold was ordered by a government agency. If the department's records show that the operator has been convicted of a violation of RCW 46.20.342 or a similar local ordinance within the past five years, the vehicle may be held for up to thirty days at the written direction of the agency ordering the vehicle impounded. A vehicle impounded because the operator is arrested for a violation of RCW 46.20.342 may be released only pursuant to a written order from the agency that the vehicle impounded or from the court having jurisdiction. An agency ((emmm)) shall issue a written order to release pursuant to a release under this subsection, or applicable state agency rule or local ordinance authorizing release on the basis of the following:

(i) Economic or personal hardship to the spouse of the operator, taking into consideration public safety factors, including the operator's criminal history and driving record; or

(ii) The owner of the vehicle was not the driver, the owner did not know that the driver's license was suspended or revoked, and the owner has not received a prior release under this subsection or RCW 46.55.113(3).

In order to avoid discriminatory application, other than for the reasons for release set forth in (a)(i) and (ii) of this subsection, an agency shall, under a provision of an applicable state agency rule or local ordinance, deny release in all other circumstances without discretion.

If a vehicle is impounded because the operator is in violation of RCW 46.20.342(1) (a) or (b), the vehicle may be held for up to thirty days at the written direction of the agency ordering the vehicle impounded. However, if the department's records show that the operator has been convicted of a violation of RCW 46.20.342(1) (a) or (b) or a similar local ordinance within the past five years, the vehicle may be held at the written direction of the agency ordering the vehicle impounded for up to sixty days, and for up to ninety days if the operator has two or more such prior offenses. If a vehicle is impounded because the operator is arrested for a violation of RCW 46.20.342, the vehicle may not be released until a person eligible to redeem it under this subsection (1)(a) satisfies the requirements of (e) of this subsection, including paying all towing, removal, and storage fees, notwithstanding the fact that the hold was ordered by a government agency.

(b) If the vehicle is directed to be held for a suspended license impound, a person who desires to redeem the vehicle at the end of the period of impound shall within five days of the impound at the request of the tow truck operator pay a security deposit to the tow truck operator of not more than one-half of the applicable impound storage rate for each day of the proposed suspended license impound. The tow truck operator shall credit this amount against the final bill for removal, towing, and storage upon redemption. The tow truck operator may accept other sufficient security in lieu of the security deposit. If the person desiring to redeem the vehicle does not pay the security deposit or provide other security acceptable to the tow truck operator, the tow truck operator may process and sell at auction the vehicle as an abandoned vehicle within the normal time limits set out in RCW 46.55.130(1). The security deposit required by this section may be paid and must be accepted at any time up to twenty-four hours before the beginning of the auction to sell the vehicle as abandoned. The registered owner is not eligible to purchase the vehicle at the auction, and the tow truck operator shall sell the vehicle to the highest bidder who is not the registered owner.

(c) Notwithstanding (b) of this subsection, a rental car business may immediately redeem a rental vehicle it owns by payment of the costs of removal, towing, and storage, whereupon the vehicle will not be held for a suspended license impound. Notwithstanding (b) of this subsection, a motor vehicle dealer or lender with a perfected security interest in the vehicle may redeem or lawfully repossess a vehicle immediately by payment of the costs of removal, towing, and storage, whereupon the vehicle will not be held for a suspended license impound. A motor vehicle dealer or lender with a perfected security interest in the vehicle may not lawfully repossess in collusion with a registered owner to repossess and then return or resell a vehicle to the registered owner in an attempt to avoid a suspended license impound. However, this provision does not preclude a vehicle dealer or a lender with a perfected security interest in the vehicle from repossessing the vehicle and then selling, leasing, or otherwise disposing of it in accordance with chapter 62A.9A RCW, including providing redemption rights to the debtor under RCW 62A.9A.623. If the debtor is the registered owner of the vehicle, the debtor's right to redeem the vehicle under chapter 62A.9A RCW is conditioned upon the debtor obtaining and providing proof from the impounding authority or court having jurisdiction that any fines, penalties, and forfeitures owed by the registered owner, as determined by the impounding authority, have been paid, and proof of the payment must be tendered to the vehicle dealer or lender at the time the debtor tenders all other obligations required to redeem the vehicle. Vehicle dealers or lenders are not liable for damages if they rely in good faith on an order from the impounding agency or a court in releasing a vehicle held under a suspended license impound.

(2) A(a) The registered tow truck operator shall give to each person who seeks to redeem an impounded vehicle, or item of personal property registered or titled with the department, written notice of the right of redemption and opportunity for a hearing, which notice shall be accompanied by a bond to be held in trust for requesting a hearing, the name of the person or agency authorizing the impound, and a copy of the towing and storage invoice. The registered tow truck operator shall maintain a record evidenced by the redeeming person's signature that such notification was provided.

(b) Any person seeking to redeem an impounded vehicle under this section has a right to a hearing in the district or municipal court
for the jurisdiction in which the vehicle was impounded to contest the validity of the impoundment or the amount of towing and storage charges. The district court has jurisdiction to determine the issues involving all impoundments including those authorized by the state or its agents. The municipal court has jurisdiction to determine the issues involving impoundments authorized by agents of the municipality. Any request for a hearing shall be made in writing on the form provided for that purpose and must be received by the appropriate court within ten days of the date the opportunity was provided for in subsection (2)(a) of this section and more than five days before the date of the auction. At the time of the filing of the hearing request, the petitioner shall pay to the court clerk a filing fee in the same amount required for the filing of a suit in district court. If the hearing request is not received by the court within the ten-day period, the right to a hearing is waived and the registered owner is liable for any towing, storage, or other impoundment charges permitted under this chapter. Upon receipt of a timely hearing request, the court shall proceed to hear and determine the validity of the impoundment.

(3)(a) The court, within five days after the request for a hearing, shall notify the registered tow truck operator, the person requesting the hearing if not the owner, the registered and legal owners of the vehicle or other item of personal property registered or titled with the department, and the person or agency authorizing the impound in writing of the hearing date and time.

(b) At the hearing, the person or persons requesting the hearing may produce any relevant evidence to show that the impoundment, towing, or storage fees charged were not proper. The court may consider a written report made under oath by the officer who authorized the impoundment in lieu of the officer's personal appearance at the hearing.

(c) At the conclusion of the hearing, the court shall determine whether the impoundment was proper, whether the towing or storage fees charged were in compliance with the posted rates, and who is responsible for payment of the fees. The court may not adjust fees or charges that are in compliance with the posted or contracted rates.

(d) If the impoundment is found proper, the impoundment, towing, and storage fees as permitted under this chapter together with court costs shall be assessed against the person or persons requesting the hearing, unless the operator did not have a signed and valid impoundment authorization from a private property owner or an authorized agent.

(e) If the impoundment is determined to be in violation of this chapter, then the registered and legal owners of the vehicle or other item of personal property registered or titled with the department shall bear no impoundment, towing, or storage fees.

(4) Any impounded abandoned vehicle or item of personal property registered or titled with the department that is not redeemed within fifteen days of mailing of the notice of custody and sale as required by RCW 46.55.110(3) shall be sold at public auction in accordance with all the provisions and subject to all the conditions of RCW 46.55.130. A vehicle or item of personal property registered or titled with the department may be redeemed at any time before the start of the auction upon payment of the applicable towing and storage fees.

SUBSTITUTE HOUSE BILL NO. 1529, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 8, 2009

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 1530 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The purpose of this chapter is to provide a framework within which guaranteed asset protection waivers are defined and may be offered within this state.

(2) This chapter does not apply to:

(a) An insurance policy offered by an insurer under this title; or

(b) A federally regulated financial institution operating under 12 C.F.R. Part 37 of the Office of the Comptroller of the Currency, or credit unions operating under 12 C.F.R. 721.3(g) of the national credit union administration regulations, or state regulated banks, credit unions, financial institutions operating pursuant to chapter 63.14 RCW, and consumer loan companies operating pursuant to chapter 31.04 RCW. However, an exempt federal or state chartered bank, credit union, or financial institution may elect to offer a guaranteed asset protection waiver that complies with sections 1, 2, and 4 through 7 of this act.

(3) Guaranteed asset protection waivers are governed under this chapter and are exempt from all other provisions of this title, except RCW 48.02.060 and 48.02.080, chapter 48.04 RCW, and as provided in this chapter.

"
NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Administrator" means a person, other than an insurer or creditor that performs administrative or operational functions pursuant to guaranteed asset protection waiver programs.

(2) "Borrower" means a debtor, retail buyer, or lessee, under a finance agreement, or a person who receives a loan or enters into a retail installment contract to purchase or lease a motor vehicle or vessel under chapter 63.14 RCW.

(3) "Creditor" means:
(a) The lender in a loan or credit transaction;
(b) The lessor in a lease transaction;
(c) Any retail seller of motor vehicles that provides credit to retail buyers of motor vehicles provided the seller complies with this chapter;
(d) The seller in commercial retail installment transactions; or
(e) The assignee of any creditor under this subsection to whom the credit obligation is payable.

(4) "Finance agreement" means a loan, lease, or retail installment sales contract for the purchase or lease of a motor vehicle.

(5) "Free look period" means the period of time from the effective date of the waiver until the date the borrower may cancel the waiver without penalty, fees, or costs to the borrower. This period of time must not be shorter than thirty days.

(6) "Guaranteed asset protection waiver" or "waiver" means a contractual agreement wherein a creditor agrees for a separate charge to cancel or waive all or part of amounts due to creditor on a borrower's finance agreement with that creditor in the event of a total physical damage loss or unrecovered theft of the motor vehicle, which agreement must be part of, or a separate addendum to, the finance agreement.

(7) "Insurer" means an insurance company licensed, registered, or otherwise authorized to do business under the insurance laws of this state.

(8) "Motor vehicle" means self-propelled or towed vehicles designed for personal or commercial use, including but not limited to automobiles, trucks, motorcycles, recreational vehicles, all-terrain vehicles, snowmobiles, campers, boats, personal watercraft, and motorcycle, boat, camper, and personal watercraft trailers.

(9) "Motor vehicle dealer" has the same meaning as "vehicle dealer" in RCW 46.70.011.

(10) "Person" includes an individual, company, association, organization, partnership, business trust, corporation, and every form of legal entity.

(11) "Retail buyer" means a person who buys or agrees to buy a motor vehicle or obtain motor vehicle services or agrees to have motor vehicle services rendered or furnished from a retail seller.

(12) "Retail seller" means a person engaged in the business of selling or leasing or providing motor vehicles or motor vehicle services.

(13) "Unregistered marketers" means persons who offer for sale and sell guaranteed asset protection waivers who are not registered under this chapter and who are not otherwise exempt under this chapter.

NEW SECTION. Sec. 3. (1) This chapter applies only to guaranteed asset protection waivers for financing of motor vehicles as defined in this chapter. Any person or entity must register with the commissioner before marketing, offering for sale or selling a guaranteed asset protection waiver, and before acting as an obligor for a guaranteed asset protection waiver, in this state. However, a retail seller of motor vehicles that assigns more than eighty-five percent of guaranteed asset protection waiver agreements within thirty days of such agreements' effective date, or an insurer authorized to transact such insurance business in this state, are not required to register pursuant to this section. Failure of any retail seller of motor vehicles to assign one hundred percent of guaranteed asset protection waiver agreements within forty-five days of such agreements' effective date will result in that retail seller being required to comply with the registration requirements of this chapter.

(2) No person may market, offer for sale, or sell a guaranteed asset protection waiver, or act as an obligor on a guaranteed asset protection waiver in this state without a registration as provided in this chapter, except as set forth in subsection (1) of this section.

(3) The application for registration must include the following:
(a) The applicant's name, address, and telephone number;
(b) The identities of the applicant's executive officers or other officers directly responsible for the waiver business;
(c) An application fee of two hundred fifty dollars, which shall be deposited into the guaranteed asset protection waiver account;
(d) A copy filed by the applicant with the commissioner of the waivers the applicant intends to offer in this state;
(e) A list of all unregistered marketers of guaranteed asset protection waivers on which the applicant will be the obligor;
(f) Such additional information as the commissioner may reasonably require.

(4) Once registered, the applicant shall keep the information required for registration current by reporting changes within thirty days after the end of the month in which the change occurs.

NEW SECTION. Sec. 4. (1) Waivers may be offered, sold, or provided to borrowers in this state in compliance with this chapter.

(2) Waivers may, at the option of the creditor, be sold for a single payment or may be offered with a monthly or periodic payment option.

(3) Notwithstanding any other provision of law, any cost to the borrower for a guaranteed asset protection waiver entered into in compliance with the truth in lending act (15 U.S.C. Sec. 1601 et seq.) and its implementing regulations, as amended, must be separately stated and is not to be considered a finance charge or interest.

(4) Nothing in this chapter prohibits a person who is registered, or is otherwise exempt from registration or exempt from this chapter, from insuring its waiver obligation through the purchase of a contractual liability policy or other insurance policy issued by an insurer authorized to transact such insurance in this state.

(5) The waiver remains a part of the finance agreement upon the assignment, sale, or transfer of the finance agreement by the creditor.

(6) Neither the extension of credit, the term of credit, nor the term of the related motor vehicle sale or lease may be conditioned upon the purchase of a waiver.

(7) Any creditor that offers a waiver must report the sale of, and forward funds received on, all waivers to the designated party, if any, as prescribed in any applicable administrative services agreement, contractual liability policy, other insurance policy, or other specified program documents.

(8) Funds received or held by a creditor or administrator and belonging to an insurer, creditor, or administrator, under the terms of a written agreement, must be held by that creditor or administrator in a fiduciary capacity.

(9) If the guaranteed asset protection waiver is assigned, the name and address of the assignee must be mailed to the borrower within thirty days of the assignment. If at any time the name and address provided to the borrower by the initial creditor are no longer valid the point of contact to apply for waiver benefits, written notice will be mailed to the borrower or motor vehicle waiver owner stating the new name and address of the person or entity the borrower should contact to apply for waiver benefits. No waiver may be assigned to an entity that is not registered pursuant to this chapter, unless such entity is exempt from registration or unless the commissioner specifically authorizes such assignment.

(10) No person shall knowingly make, publish, or disseminate any false, deceptive, or misleading representation or advertising in the conduct of, or relative to, waiver business. Nor shall any person make, issue, or circulate, or cause to be made, issued, or circulated any misrepresentation of the terms or benefits of any waiver.

NEW SECTION. Sec. 5. (1) Contractual liability or other insurance policies insuring waivers must state the obligation of the insurer to reimburse or pay to the creditor any sums the creditor is legally obligated to waive under the waivers issued by the creditor.
and purchased or held by the borrower. Contractual liability insurance or other insurance policies insuring waivers must not be purchased by the creditor as part of, or a rider to, vendor single-interest or collateral protection coverages as defined in RCW 48.22.110(4).

(2) Coverage under a contractual liability or other insurance policy insuring a waiver must also cover any subsequent assignee upon the assignment, sale, or transfer of the finance agreement.

(3) Coverage under a contractual liability or other insurance policy insuring a waiver must remain in effect unless canceled or terminated in compliance with applicable insurance laws of this state.

(4) The cancellation or termination of a contractual liability or other insurance policy must not reduce the insurer’s responsibility for waivers issued by the creditor prior to the date of cancellation or termination and for which a premium has been received by the insurer.

NEW SECTION. Sec. 6. Guaranteed asset protection waivers must disclose, as applicable, in writing and in clear, understandable language that is easy to read, the following:

(1) The name and address of the initial creditor and the borrower at the time of sale, and the identity of any administrator if different from the creditor;

(2) The purchase price and the terms of the waiver, including without limitation, the requirements for protection, conditions, or exclusions associated with the waiver;

(3) That the borrower may cancel the waiver within a free look period as specified in the waiver, and will be entitled to a full refund of the purchase price, so long as no benefits have been provided; or in the event benefits have been provided, the borrower may receive a full or partial refund pursuant to the terms of the waiver;

(4) The procedure the borrower must follow, if any, to obtain waiver benefits under the terms and conditions of the waiver, including a telephone number and address where the borrower may apply for waiver benefits;

(5) Whether or not the waiver is cancellable after the free look period and the conditions under which it may be canceled or terminated including the procedures for requesting any refund due;

(6) That in order to receive any refund due in the event of a borrower’s cancellation of the waiver agreement or early termination of the finance agreement after the free look period of the waiver, the borrower, in accordance with terms of the waiver, must provide a written request to the creditor, administrator, or such other party, within ninety days of the occurrence of the event terminating the finance agreement;

(7) The methodology for calculating any refund of the unearned purchase price of the waiver due, in the event of cancellation of the waiver or early termination of the finance agreement;

(8) That any refund of the purchase price for a waiver that was included in the financing of the motor vehicle or vessel may be applied by the creditor as a reduction of the overall amount owed under the finance agreement, rather than applying the refund strictly to the purchase price of the waiver. This disclosure must be conspicuously presented prior to the purchase of the waiver;

(9) That neither the extension of credit, the terms of the credit, nor the terms of the related motor vehicle sale or lease, may be conditioned upon the purchase of the waiver;

(10) That the guaranteed asset protection waiver is not credit insurance, nor does it eliminate the borrower’s obligation to insure the motor vehicle as provided by laws of this state. Purchasing a guaranteed asset protection waiver does not eliminate the borrower’s rights and obligations under the vendor single-interest and collateral protection coverage laws of this state.

NEW SECTION. Sec. 7. (1) Guaranteed asset protection waiver agreements may be cancellable or noncancellable after the free look period. Waivers must provide that if a borrower cancels a waiver within the free look period, the borrower will be entitled to a full refund of the purchase price, so long as no benefits have been provided; or in the event benefits have been provided, the borrower may receive a full or partial refund pursuant to the terms of the waiver.

(2) In the event of a borrower’s cancellation of the waiver or early termination of the finance agreement, after the agreement has been in effect beyond the free look period, the borrower may be entitled to a refund of any unearned portion of the purchase price of the waiver unless the waiver provides otherwise. In order to receive a refund, the borrower, in accordance with any applicable terms of the waiver, must provide a written request to the administrator, or other party, within ninety days of the event terminating the finance agreement.

(3) If the cancellation of a waiver occurs as a result of a default under the finance agreement or the repossession of the motor vehicle associated with the finance agreement, any refund due may be paid directly to the creditor or administrator and applied as set forth in subsection (4) of this section.

(4) Any cancellation refund under this section may be applied by the creditor as a reduction of the overall amount owed under the finance agreement, if the cost of the guaranteed asset protection waiver was included in the financing of the motor vehicle or vessel.

(5) Disclosure of how the refund may be applied by the creditor or administrator must be made in accordance with the provisions of section 6(8) of this act.

NEW SECTION. Sec. 8. (1) The commissioner may, subject to chapter 48.04 RCW, take action that is necessary or appropriate to enforce this chapter and to protect guaranteed asset protection waiver holders in this state, which includes:

(a) Suspending, revoking, or refusing to issue the registration of a person or entity if the registrant fails to comply with any provision of this chapter or fails to comply with any proper order or rule of the commissioner; and

(b) After hearing or with the consent of the registrant, and in addition to or in lieu of the suspension, revocation, or refusal to issue any registration, imposing a penalty of not more than two thousand dollars for each violation of this chapter.

(2) The commissioner may adopt rules to implement this chapter.

NEW SECTION. Sec. 9. (1) Any person who markets, offers for sale or sells a guaranteed asset protection waiver, or acts as an obligor for a guaranteed asset protection waiver without a registration, unless otherwise exempt from registration or exempt from this chapter, is acting in violation of this section and is subject to the provisions of section 8 of this act. In addition, any person who knowingly violates this section is guilty of a class B felony punishable under chapter 9A.20 RCW.

(2) Any criminal penalty imposed under this section is in addition to, and not in lieu of, any other civil or administrative penalty or sanction otherwise authorized under state law.

(3) If the commissioner has cause to believe that any person has violated this section, the commissioner may assess a civil penalty of not more than twenty-five thousand dollars for each violation, after providing notice and an opportunity for a hearing in accordance with chapter 48.04 RCW. Upon failure to pay this civil penalty when due, the attorney general may bring a civil action on behalf of the commissioner to recover the unpaid penalty.

(4) A person or entity that should have been registered at the time of the sale of a waiver who was not so registered pursuant to this chapter is personally liable for performance of the waiver. Any waiver sold by a person or entity that should have been registered at the time of the sale is voidable, except at the instance of the person or entity who sold the waiver.

NEW SECTION. Sec. 10. The guaranteed asset protection waiver account is created in the custody of the state treasurer. The fees and fines collected under this chapter must be deposited into the account. Expenditures from the account may be used to implement, administer, and enforce this chapter. Only the commissioner or the commissioner’s designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

Sec. 11. RCW 63.14.010 and 2003 c 368 s 2 are each amended to read as follows:

This subsection (14)(c) shall not require a real estate broker or salesperson licensed under chapter 18.85 RCW who also acts as a mortgage broker to maintain a physical separation within the office facility for the conduct of its real estate and mortgage broker activities where the director determines that maintaining such physical separation would constitute an undue financial hardship upon the mortgage broker and is unnecessary for the protection of the public; or

(1) Application for a mortgage broker license under this chapter (shall) must be (in writing) made to the nationwide mortgage licensing system and registry and in the form prescribed by the director. The application shall contain at least the following information:

(b) If the applicant is a partnership or association, the name, address, date of birth, and social security number of each general partner or principal of the association, and any other names, dates of birth, or social security numbers previously used by the members, unless waived by the director;

(c) If the applicant is a corporation, the name, address, date of birth, and social security number of each officer, director, registered agent, and each principal stockholder, and any other names, dates of birth, or social security numbers previously used by the officers, directors, registered agents, and principal stockholders unless waived by the director;

(d) The street address, county, and municipality where the principal business office is to be located;

(e) The name, address, date of birth, and social security number of the applicant's designated broker, and any other names, dates of birth, or social security numbers previously used by the designated broker and a complete set of the designated broker's fingerprints taken by an authorized law enforcement officer; and

(f) Such other information regarding the applicant's or designated broker's background, financial responsibility, experience, character, and general fitness as the director may require by rule.

(2) As a part of or in connection with an application for any license under this section, or periodically upon license renewal, the applicant shall furnish information concerning his or her identity, including fingerprints for submission to the Washington state patrol, the federal bureau of investigation, (shall) the nationwide mortgage licensing system and registry, or any governmental agency or entity authorized to receive this information for a state and national criminal history background check; personal history; experience; business record; purposes; and other pertinent facts, as the director may reasonably require. As part of or in connection with an application for a license under this chapter, the director is authorized to receive criminal history record information that includes nonconviction data as defined in RCW 10.97.030. The department may only disseminate nonconviction data obtained under this section to criminal justice agencies. This section does not apply to financial institutions regulated under chapters 31.12 and 31.13 RCW and Titles 30, 32, and 33 RCW.

(3) In order to reduce the points of contact which the federal bureau of investigation may have to maintain, the director may use the nationwide mortgage licensing system and registry as a channeling agent for requesting information from and distributing information to the department of justice or any governmental agency.

(4) In order to reduce the points of contact which the director may have to maintain, the director may use the nationwide mortgage licensing system and registry as a channeling agent for requesting and distributing information to and from any source so directed by the director.

(5) At the time of filing an application for a license under this chapter, each applicant shall pay to the director through the nationwide mortgage licensing system and registry the appropriate
application fee in an amount determined by rule of the director in accordance with RCW 43.24.086 to cover, but not exceed, the cost of processing and reviewing the application. The director shall deposit the moneys in the financial services regulation fund, unless the consumer services account is created as a dedicated, nonappropriated account, in which case the director shall deposit the moneys in the consumer services account.

(4)(a) Except as provided in (b) of this subsection, each applicant for a mortgage broker’s license shall file and maintain a surety bond, in an amount of not greater than sixty thousand dollars, as prescribed by rule, with the director, which is sufficient to cover, but not exceed, the amount each of the operations of any mortgage broker or loan originator as may be necessary in order to protect the public interest, executed by the applicant as obligor and by a surety company authorized to do a surety business in this state as surety. The bonding requirement as established by the director (may) shall take the form of a (uniform bond amount for all licensees or the director may establish by rule a schedule establishing) range of bond amounts which shall vary according to the annual (average number of loan originators of a) loan origination volume of the licensee. The bond shall run to the state of Washington as obligee, and shall run first to the benefit of the borrower and then to the benefit of the state and any person or persons who suffer loss by reason of the applicant’s or its loan originator’s violation of any provisions of this chapter or rules adopted under this chapter. The bond shall be conditioned that the obligor as licensee will faithfully conform to and abide by this chapter and all rules adopted under this chapter, and shall reimburse all persons who suffer loss by reason of a violation of this chapter or rules adopted under this chapter. Borrowers shall be given priority over the state and other persons. The state and other third parties shall be allowed to receive distribution pursuant to a valid claim against the remainder of the bond. In the case of claims made by any person or entity who is not a borrower, no final judgment may be entered prior to one hundred eighty days following the date the claim is filed. The bond shall be continuous and may be canceled by the surety upon the surety giving written notice to the director of its intent to cancel the bond. The cancellation shall be effective thirty days after the notice is received by the director. Whether or not the bond is renewed, continued, reinstated, reissued, or otherwise extended, replaced, or modified, including increases or decreases in the penal sum, it shall be considered one continuous obligation, and the surety upon the bond shall not be liable in an aggregate or cumulative amount exceeding the penal sum set forth on the face of the bond. In no event shall the penal sum, or any portion thereof, at two or more points in time be added together in determining the surety’s liability. The bond shall not be liable for any penalties imposed on the licensee, including, but not limited to, any increased damages or attorneys’ fees, or both, awarded under RCW 19.86.090. The applicant may obtain the bond directly from the surety or through a group underwriting arrangement involving one organization comprised of mortgage brokers if the arrangement provides at least as much coverage as is required under this subsection.

(b) (Subsection (4)(b) and (c) of this section applies only to applications received on or before January 1, 2007. Before January 1, 2007, in lieu of a surety bond, the applicant may, upon approval by the director, file with the director a certificate of deposit, an irrevocable letter of credit, or such other instrument as approved by the director by rule, drawn in favor of the director for an amount equal to the required bond.

(c) Before January 1, 2007, in lieu of the surety bond or compliance with (b) of this subsection, an applicant may obtain insurance or coverage from an association comprised of mortgage brokers that is organized as a mutual corporation for the sole purpose of insuring or self-insuring claims that may arise from a violation of this chapter. An applicant may only substitute coverage under this subsection for the requirements of (a) or (b) of this subsection if the director, with the consent of the insurance commissioner, has authorized the association to operate a program to provide insurance or coverage under this subsection.

(5) Any person engaged in the business of mortgage brokering, whether such a person acts or claims to act under, or without the authority of, this chapter, shall be subject to investigation and examination by the director or by a designee of the director.

Sec. 5, RCW 19.146.228 and 2006 c 19 s 15 are each amended to read as follows:

The director shall establish fees (by rule in accordance with the policy established in RCW 43.24.086 and fees shall be) sufficient to cover, but not exceed, the costs of administering this chapter. These fees may include:

(1) An annual assessment paid by each licensee on or before a date specified by rule;

(2) An investigation fee to cover the costs of any investigation of the books and records of a licensee or other person subject to this chapter;

(3) An application fee to cover the costs of processing applications made to the director under this chapter.

Mortgage brokers and loan originators shall not be charged investigation fees for the processing of complaints when the investigation determines that no violation of this chapter occurred or when the mortgage broker or loan originator provides a remedy satisfactory to the complainant and the director and no order of the director is issued. All moneys, fees, and penalties collected under this chapter shall be deposited into the financial services regulation fund, unless the consumer services account is created as a dedicated, nonappropriated account, in which case all moneys, fees, and penalties collected under this chapter shall be deposited in the consumer services account.

Sec. 6, RCW 19.146.235 and 2006 c 19 s 16 are each amended to read as follows:

(2) Every mortgage broker shall make available to the director or a designee its books and records relating to its operations.

(a) For the purpose of examinations, the director or his or her designee may have access to such books and records during normal business hours and interview the officers, principals, loan originators, employees, independent contractors, and agents of the licensee concerning their business.

(b) For the purposes of investigating violations or complaints arising under this chapter, the director may at any time, either personally or by a designee, investigate the business, including but not limited to the books, accounts, records, and files used therein, of every licensee and of every person engaged in the business of mortgage brokering, whether such a person acts or claims to act under, or without the authority of, this chapter.

(c) The director or designated person may direct, subpoena, or order the attendance of and examine under oath all persons whose presence he or she deems relevant to the inquiry.

(c) Interviews for the purpose of understanding business and solicitation practices, transactional events, disclosure compliance, complaint resolution, or determining specific compliance with this chapter and the attendant rules; and
(d) A review of general business books and records, including employee records, for the purpose of determining specific compliance with this chapter and the attendant rules.

(4) The purpose of an examination is to make certain that licensees are conducting business in compliance with the law. Therefore, protocols for examination findings and corrective action directed from an examination must be established by rule of the director. To accomplish this purpose, these protocols must include the following:

(a) A reporting mechanism from the director to the licensee;
(b) A process for clear notification of violations and an opportunity for response by the licensee; and
(c) The criteria by which the frequency of examinations will be determined.

(5) If the examination findings clearly identify the need to expand the scope of the examination, the director or a designee, upon five days' written notification to the licensee with an explanation of the need, may:

(a) Expand the examination review to locations other than the examined location regardless of the number of years a location has held a license; or
(b) Expand the time period of the examination beyond the five-year period of licensing, provided the expansion of time does not exceed a date certain identified in the written notification in this subsection.

(6) The director or a designee may consider reports made by independent certified professionals for the mortgage broker covering the same general subject matter as the examination. The director or a designee may incorporate all or part of the report in the report of the examination.

(7) The director may retain attorneys, accountants, or other professionals and specialists as examiners, auditors, or investigators to conduct or assist in the conduct of examinations or investigations. The cost of these services for investigations only must be billed in accordance with RCW 19.146.228.

(8) The director shall establish by rule travel costs for examination of out-of-state entities.

(9)(a) No person subject to examination or investigation under this chapter may knowingly withhold, abstract, remove, mutilate, destroy, or secrete any books, records, computer records, or other information.

(b) A person who commits an act under (a) of this subsection is guilty of a class B felony punishable under RCW 9A.04.021(1)(b) or punishable by a fine of not more than twenty thousand dollars, or both.

NEW SECTION. Sec. 7. A new section is added to chapter 19.146 RCW to read as follows:

(1) Each loan originator applicant shall complete at least twenty hours of prelicensing education approved by the nationwide mortgage licensing system and registry. The prelicensing education shall include at least three hours of federal law and regulations; three hours of ethics, which shall include instruction on fraud, consumer protection, and fair lending issues; two hours of training related to lending standards for the nontraditional mortgage product marketplace; and at least two hours of training specifically related to Washington law.

(2) A loan originator applicant having successfully completed the prelicensing education requirements approved by the nationwide mortgage licensing system and registry for any state shall be accepted as credit towards completion of prelicensing education requirements in this state.

(3) This chapter does not preclude any prelicensing education course, as approved by the nationwide mortgage licensing system and registry, that is provided by the employer of the loan originator applicant or an entity which is affiliated with the applicant by an agency contract, or any subsidiary or affiliate of such an employer or entity. Prelicensing education may be offered either in a classroom, online, or by any other means approved by the nationwide mortgage licensing system and registry.

(2) An individual is not considered to have passed a test unless the individual achieves a test score of not less than seventy-five percent correct answers to questions.

(a) An individual may retake a test three consecutive times with each consecutive taking occurring at least thirty days after the preceding test.

(b) After failing three consecutive tests, an individual must wait at least six months before taking the test again.

(c) A licensed mortgage loan originator who fails to maintain a valid license for a period of five years or longer must retake the test, not taking into account any time during which that individual is a registered mortgage loan originator.

(3) This section does not prohibit a test provider approved by the nationwide mortgage licensing system and registry from providing a test at the location of the employer of the loan originator applicant or any subsidiary or affiliate of the employer of the applicant, or any entity with which the applicant holds an exclusive arrangement to conduct the business of a mortgage loan originator.

Sec. 9. RCW 19.146.300 and 2006 c 19 s 19 are each amended to read as follows:

This section does not apply to financial institutions regulated under chapters 31.12 and 31.13 RCW and Titles 30, 32, and 33 RCW.

(b) In order to reduce the points of contact which the federal bureau of investigation may have to maintain, the director may use the nationwide mortgage licensing system and registry as a channeling agent for requesting information from and distributing information to the department of justice or any governmental entity.

(c) In order to reduce the points of contact which the director may have to maintain, the director may use the nationwide mortgage licensing system and registry as a channeling agent for requesting
and distributing information to and from any source so directed by the director.

(d) As part of or in connection with an application for a license under this chapter, the loan originator applicant must furnish to the nationwide mortgage licensing system and registry personal history and experience in a form prescribed by the nationwide mortgage licensing system and registry, including the submission of authorization for the nationwide mortgage licensing system and registry and the director to obtain:

(ii) Information related to any administrative, civil, or criminal findings by any governmental jurisdiction.

(3) At the time of filing an application for a license under this chapter, each loan originator applicant shall pay to the director the appropriate application fee in an amount determined by rule of the director in accordance with RCW 19.146.228 to cover the cost of processing and reviewing the application. The director shall deposit the moneys in the financial services regulation fund.

(4) The director must establish by rule procedures for accepting and processing incomplete applications.

9. Sec. 10. RCW 19.146.310 and 2006 c 19 s 20 are each amended to read as follows:

The director shall notify the loan originator applicant of the denial and return to the loan originator applicant any remaining portion of the license fee that exceeds the department's actual cost to investigate the license.

(3) The director shall issue a new loan originator license under this chapter to any licensee that has a valid license and is otherwise in compliance with this chapter.

(4) A loan originator license issued under this section expires on the date one year from the date of issuance which, for license renewal purposes, is also the renewal date. The director shall establish rules regarding the loan originator license renewal process created under this chapter.

(5) A loan originator licensee may surrender a license by delivering to the director a written notice of surrender, but the surrender does not affect the loan originator licensee's civil or criminal liability or any administrative actions arising from acts or omissions occurring before such surrender.

(6) To prevent undue delay in the issuance of a loan originator license and to facilitate the business of a loan originator, an interim loan originator license with a fixed date of expiration may be issued when the director determines that the loan originator has substantially fulfilled the requirements for loan originator licensing as defined by rule.

(5) A person having successfully completed the education requirements approved by the nationwide mortgage licensing system and registry for any state must have their credits accepted as credit towards completion of continuing education requirements in this state.

(6) This section does not preclude any education course, as approved by the nationwide mortgage licensing system and registry, that is provided by the employer of the mortgage loan originator or an entity which is affiliated with the mortgage loan originator by an agency contract, or any subsidiary or affiliate of such employer or entity. Continuing education may be offered either in a classroom, online, or by any other means approved by the nationwide mortgage licensing system and registry.

**MESSAGE FROM THE SENATE**

April 9, 2009

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1769 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 13.34.030 and 2003 c 227 s 2 are each amended to read as follows:
For purposes of this chapter:

(1) "Abandoned" means when the child's parent, guardian, or other custodian has expressed, either by statement or conduct, an intent to forego, for an extended period, parental rights or responsibilities despite an ability to exercise such rights and responsibilities. If the court finds that the petitioner has exercised due diligence in attempting to locate the parent, no contact between the child and the child's parent, guardian, or other custodian for a period of three months creates a rebuttable presumption of abandonment, even if there is no expressed intent to abandon.

(2) "Child" and "juvenile" means any individual under the age of eighteen years.

(3) "Current placement episode" means the period of time that begins with the most recent date that the child was removed from the home of the parent, guardian, or legal custodian for purposes of placement in out-of-home care and continues until: (a) The child returns home; (b) an adoption decree, a permanent custody order, or guardianship order is entered; or (c) the dependency is dismissed, whichever occurs first.

(4) "Dependency guardian" means the person, nonprofit corporation, or Indian tribe appointed by the court pursuant to this chapter for the limited purpose of assisting the court in the supervision of the dependency.

(5) "Dependent child" means any child who:

(a) Has been abandoned;

(b) Is abused or neglected as defined in chapter 26.44 RCW by a person legally responsible for the care of the child;

(c) Has no parent, guardian, or custodian capable of adequately caring for the child, such that the child is in circumstances which constitute a danger of substantial damage to the child's psychological or physical development.

(6) "Developmental disability" means a disability attributable to mental retardation, cerebral palsy, epilepsy, autism, or another neurological or other condition of an individual found by the secretary to be closely related to mental retardation or to require treatment similar to that required for individuals with mental retardation, which disability originates before the individual attains age eighteen, which has continued or can be expected to continue indefinitely, and which constitutes a substantial handicap to the individual.

(7) "Guardian" means the person or agency that: (a) Has been appointed as the guardian of a child in a legal proceeding other than a proceeding under this chapter; and (b) has the legal right to custody of the child pursuant to such appointment. The term "guardian" shall not include a "dependency guardian" appointed pursuant to a proceeding under this chapter.

(8) "Guardian ad litem" means a person, appointed by the court to represent the best interests of a child in a proceeding under this chapter, who is not the child's parent, guardian, or any other person legally responsible for the care of the child, and who is not an officer, employee, or agent of the Department of Social and Health Services or the child's custodian or family. Such appointment shall be made by the court, in the exercise of its discretion, after noticing the child's parents, guardians, or custodians of the child or agents of the Department of Social and Health Services.

(9) "Guardian ad litem program" means a court-authorized volunteer program, which is or may be established by the superior court of the county in which such proceeding is filed, to manage all aspects of volunteer guardian ad litem representation for children alleged or found to be dependent. Such management shall include, but is not limited to: Recruitment, screening, training, supervision, assignment, and discharge of volunteers.

(10) "Housing assistance" means appropriate referrals by the department or other supervising agencies to federal, state, local, or private agencies or organizations, assistance with forms, applications, or financial subsidies or other monetary assistance for housing. For purposes of this chapter, "housing assistance" is not a remedial service or temporary foster family reunification service as described in RCW 13.34.025(2).

(11) "Indigent" means a person who, at any stage of a court proceeding, is:

(a) Receiving one of the following types of public assistance: Temporary assistance for needy families, general assistance, poverty-related veterans' benefits, food stamps or food stamp benefits transferred electronically, refugee resettlement benefits, medicare, or supplemental security income; or

(b) Involuntarily committed to a public mental health facility; or

(c) Receiving an annual income, after taxes, of one hundred twenty-five percent or less of the federally established poverty level; or

(d) Unable to pay the anticipated cost of counsel for the matter before the court because his or her available funds are insufficient to pay any amount for the retention of counsel.

Sec. 2. RCW 13.34.065 and 2009 c 287 s 2 are each amended to read as follows:

(1)(a) When a child is taken into custody, the court shall hold a shelter care hearing within seventy-two hours, excluding Saturdays, Sundays, and holidays. The primary purpose of the shelter care hearing is to determine whether the child can be immediately and safely returned home while the adjudication of the dependency is pending.

(b) Any parent, guardian, or legal custodian who for good cause is unable to attend the shelter care hearing may request that a subsequent shelter care hearing be scheduled. The request shall be made to the clerk of the court where the petition is filed prior to the initial shelter care hearing. Upon the request of the parent, the court...
shall schedule the hearing within seventy-two hours of the request, excluding Saturdays, Sundays, and holidays. The clerk shall notify all other parties of the hearing by any reasonable means.

2(a) The department of social and health services shall submit a recommendation to the court as to the further need for shelter care in all cases in which it is the petitioner. In all other cases, the recommendation shall be submitted by the juvenile court probation counselor.

(b) All parties have the right to present testimony to the court regarding the need or lack of need for shelter care.

(c) Hearings before the court regarding the need or lack of need for shelter care must be supported by sworn testimony, affidavit, or declaration of the person offering such evidence.

3(a) At the commencement of the hearing, the court shall notify the parent, guardian, or custodian of the following:

(i) The parent, guardian, or custodian has the right to a shelter care hearing;

(ii) The nature of the shelter care hearing, the rights of the parents, and the proceedings that will follow; and

(iii) If the parent, guardian, or custodian is not represented by counsel, the right to be represented. If the parent, guardian, or custodian is indigent, the court shall appoint counsel as provided in RCW 13.34.090; and

(b) If a parent, guardian, or legal custodian desires to waive the shelter care hearing, the court shall determine, on the record and with the parties present, whether such waiver is knowing and voluntary. A parent may not waive his or her right to the shelter care hearing unless he or she appears in court and the court determines that the waiver is knowing and voluntary. Regardless of whether the court accepts the parental waiver of the shelter care hearing, the court must provide notice to the parents of their rights required under (a) of this subsection and make the finding required under subsection (4) of this section.

4 At the shelter care hearing the court shall examine the need for shelter care and inquire into the status of the case. The paramount consideration for the court shall be the health, welfare, and safety of the child. At a minimum, the court shall inquire into the following:

(a) Whether the notice required under RCW 13.34.062 was given to all known parents, guardians, or legal custodians of the child. The court shall make an express finding as to whether the notice required under RCW 13.34.062 was given to the parent, guardian, or legal custodian if actual notice was not given to the parent, guardian, or legal custodian and the whereabouts of such person is known or can be ascertained, the court shall order the supervising agency or the department of social and health services to make reasonable efforts to advise the parent, guardian, or legal custodian of the status of the case, including the date and time of any subsequent hearings, and their rights under RCW 13.34.090;

(b) Whether the child can be safely returned home while the adjudication of the dependency is pending;

(c) What efforts have been made to place the child with a relative;

(d) What services were provided to the family to prevent or eliminate the need for removal of the child from the child's home. If the dependency petition or other information before the court alleges that homelessness or the lack of suitable housing was a significant factor contributing to the removal of the child, the court shall inquire as to whether housing assistance was provided to the family to prevent or eliminate the need for removal of the child or children;

(e) The placement proposed by the agency the least disruptive and most family-like setting that meets the needs of the child;

(f) Whether it is in the best interest of the child to remain enrolled in the school, developmental program, or child care the child was in prior to placement and what efforts have been made to maintain the child in the school, program, or child care if it would be in the best interest of the child to remain in the same school, program, or child care;

(g) Appointment of a guardian ad litem or attorney;

(h) Whether the child is or may be an Indian child as defined in 25 U.S.C. Sec. 1903, whether the provisions of the Indian child welfare act apply, and whether there is compliance with the Indian child welfare act, including notice to the child's tribe;

(i) Whether, as provided in RCW 26.44.063, restraining orders, or orders expelling an allegedly abusive household member from the home of a nonabusive parent, guardian, or legal custodian, will allow the child to safely remain in the home;

(j) Whether any orders for examinations, evaluations, or immediate services are needed. The court may not order a parent to undergo examinations, evaluation, or services at the shelter care hearing unless the parent agrees to the examination, evaluation, or service;

(k) The terms and conditions for parental, sibling, and family visitation.

5(a) The court shall release a child alleged to be dependent to the care, custody, and control of the child's parent, guardian, or legal custodian unless the court finds there is reasonable cause to believe that:

(i) After consideration of the specific services that have been provided, reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home; and

(ii)(A) The child has no parent, guardian, or legal custodian to provide supervision and care for such child; or

(B) The release of such child would present a serious threat of substantial harm to such child, notwithstanding an order entered pursuant to RCW 26.44.063; or

(C) The parent, guardian, or custodian to whom the child could be released has been charged with violating RCW 9A.40.060 or 9A.40.070.

(b) If the court does not release the child to his or her parent, guardian, or legal custodian, the court shall order placement with a relative, unless there is reasonable cause to believe the health, safety, or welfare of the child would be jeopardized or that the efforts to reunite the parent and child will be hindered. The relative must be willing and available to:

(i) Care for the child and be able to meet any special needs of the child;

(ii) Facilitate the child's visitation with siblings, if such visitation is part of the supervising agency's plan or is ordered by the court; and

(iii) Cooperate with the department in providing necessary background checks and home studies.

(c) If the child was not initially placed with a relative, and the court does not release the child to his or her parent, guardian, or legal custodian, the supervising agency shall make reasonable efforts to locate a relative pursuant to RCW 13.34.060(1).

(d) If a relative is not available, the court shall order continued shelter care or order placement with another suitable person, and the court shall set forth its reasons for the order. If the court orders placement of the child with a person not related to the child and not licensed to provide foster care, the placement is subject to all terms and conditions of this section that apply to relative placements.

(e) Any placement with a relative, or other person approved by the court pursuant to this section, shall be contingent upon cooperation with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts, sibling contacts, and any other conditions imposed by the court. Noncompliance with the case plan or court order is grounds for removal of the child from the home of the relative or other person, subject to review by the court.

(f) Uncertainty by a parent, guardian, legal custodian, relative, or other suitable person that the alleged abuser has in fact abused the child shall not, alone, be the basis upon which a child is removed from the care of a parent, guardian, or legal custodian under (a) of this subsection, nor shall it be a basis, alone, to preclude placement with a relative under (b) of this subsection or with another suitable person under (d) of this subsection.

(g) A shelter care order issued pursuant to this section shall include the requirement for a case conference as provided in RCW 13.34.067. However, if the parent is not present at the shelter care hearing, or does not agree to the case conference, the court shall not include the requirement for the case conference in the shelter care order.
(b) If the court orders a case conference, the shelter care order shall include notice to all parties and establish the date, time, and location of the case conference which shall be no later than thirty days before the fact-finding hearing.

(c) The court may order another conference, case staffing, or hearing as an alternative to the case conference required under RCW 13.34.067 so long as the conference, case staffing, or hearing ordered by the court meets all requirements under RCW 13.34.067, including the requirement of a written agreement specifying the services to be provided to the parent.

(5) The order issued pursuant to this section may be amended at any time with notice and hearing thereon. The shelter care decision of placement shall be modified only upon a showing of change in circumstances. No child may be placed in shelter care for longer than thirty days without an order, signed by the judge, authorizing continued shelter care.

(b)(i) An order releasing the child on any conditions specified in this section may at any time be amended, with notice and hearing thereon, so as to return the child to shelter care for failure of the parties to conform to the conditions originally imposed.

(ii) The court shall consider whether nonconformance with any conditions resulted from circumstances beyond the control of the parent, guardian, or legal custodian and give weight to that fact before ordering the return of the child to shelter care.

(b)(a) If a child is returned home from shelter care a second time in the case, or if the supervisor of the caseworker deems it necessary, the multidisciplinary team may be reconvened.

(b)(i) If a child is returned home from shelter care a second time in the case a law enforcement officer must be present and file a report to the department.

Sec. 3. RCW 13.34.130 and 2007 c 413 s 6 and 2007 c 412 s 2 are each reenacted and amended to read as follows:

If, after a fact-finding pursuant to RCW 13.34.110, it has been proven by a preponderance of the evidence that the child is dependent within the meaning of RCW 13.34.030 after consideration of the social study prepared pursuant to RCW 13.34.110 and after a disposition hearing has been held pursuant to RCW 13.34.110, the court shall enter an order of disposition pursuant to this section.

(1) The court shall order one of the following dispositions of the case:

(a) Order a disposition other than removal of the child from his or her home, which shall provide a program designed to alleviate the immediate danger to the child, to mitigate or cure any damage the child has already suffered, and to aid the parents so that the child will not be endangered in the future. In determining the disposition, the court should choose ((these)) services to assist the parents in maintaining the child in the home, including housing assistance, if appropriate, that least interfere with family autonomy and are adequate to protect the child.

(b) Order the child to be removed from his or her home and into the custody, control, and care of a relative or the department or a licensed child placing agency for supervision of the child's placement. The department or agency supervising the child's placement has the authority to place the child, subject to review and approval by the court (i) with a relative as defined in RCW 74.15.020(2)(a), (ii) in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW, or (iii) in the home of another suitable person if the child or family has a preexisting relationship with that person, and the person has completed all required criminal history background checks and otherwise appears to the department or supervising agency to be suitable and competent to provide care for the child. Absent good cause, the department or supervising agency shall follow the wishes of the natural parent regarding the placement of the child in accordance with RCW 13.34.260. The department or supervising agency may only place a child with a person not related to the child as defined in RCW 74.15.020(2)(a) when the court finds that such placement is in the best interest of the child. Unless there is reasonable cause to believe that the health, safety, or welfare of the child would be jeopardized or that efforts to reunite the parent and child will be hindered, such child shall be placed with a person who is: (A) Related to the child as defined in RCW 74.15.020(2)(a) with whom the child has a relationship and is comfortable; and (B) willing and available to care for the child.

(2) Placement of the child with a relative under this subsection shall be given preference by the court. An order for out-of-home placement may be made only if the court finds that reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home, specifying the services, including housing assistance, that have been provided to the child and the child's parent, guardian, or legal custodian, and that preventive services have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home, and that:

(a) There is no parent or guardian available to care for such child;

(b) The parent, guardian, or legal custodian is not willing to take custody of the child;

(c) The court finds, by clear, cogent, and convincing evidence, a manifest danger exists that the child will suffer serious abuse or neglect if the child is not removed from the home and an order under RCW 26.44.063 would not protect the child from danger.

(3) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court shall consider whether it is in a child's best interest to be placed with, have contact with, or have visits with siblings.

(a) There shall be a presumption that such placement, contact, or visits are in the best interests of the child provided that:

(i) The court has jurisdiction over all siblings subject to the order of placement, contact, or visitation pursuant to petitions filed under this chapter or the parents of a child for whom there is no jurisdiction are willing to agree; and

(ii) There is no reasonable cause to believe that the health, safety, or welfare of any child subject to the order of placement, contact, or visitation would be jeopardized or that efforts to reunite the parent and child would be hindered by such placement, contact, or visitation. In no event shall parental visitation time be reduced in order to provide sibling visitation.

(b) The court may also order placement, contact, or visitation of a child with a step-brother or step-sister provided that in addition to the factors in (a) of this subsection, the child has a relationship and is comfortable with the step-sibling.

(4) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section and placed into nonparental or nonrelative care, the court shall order a placement that allows the child to remain in the same school he or she attended prior to the initiation of the dependency proceeding when such a placement is practical and in the child's best interest.

(5) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court may order that a petition seeking termination of the parent and child relationship be filed if the requirements of RCW 13.34.132 are met.

(6) If there is insufficient information at the time of the disposition hearing upon which to base a determination regarding the suitability of a proposed placement with a relative, the child shall remain in foster care and the court shall direct the supervising agency to conduct necessary background investigations as provided in chapter 74.15 RCW and report the results of such investigation to the court within thirty days. However, if such relative appears otherwise suitable and competent to provide care and treatment, the criminal history background check need not be completed before placement, but as soon as possible after placement. Any placements with relatives, pursuant to this section, shall be contingent upon cooperation by the relative with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts, sibling contacts, and any other conditions imposed by the court. Noncompliance with the case plan or court order shall be grounds for removal of the child from the relative's home, subject to review by the court.

Sec. 4. RCW 13.34.138 and 2007 c 413 s 8 and 2007 c 410 s 1 are each reenacted and amended to read as follows:

(1) Except for children whose cases are reviewed by a citizen review board under chapter 13.70 RCW, the status of all children
found to be dependent shall be reviewed by the court at least every six months from the beginning date of the placement episode or the date dependency is established, whichever is first. The purpose of the hearing shall be to review the progress of the parties and determine whether court supervision should continue:

(a) The initial review hearing shall be an in-court review and shall be set six months from the beginning date of the placement episode or no more than ninety days from the entry of the disposition order, whichever comes first. The requirements for the initial review hearing, including the in-court review requirement, shall be accomplished with the existing resources;

(b) The initial review hearing may be a permanency planning hearing when necessary to meet the time frames set forth in RCW 13.34.145 (1)(a) or 13.34.134.

(2)(a) A child shall not be returned home at the review hearing unless the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists. The parents, guardian, or legal custodian shall report to the court the efforts they have made to correct the conditions which led to removal. If a child is returned, casework supervision shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.

(b) Prior to the child returning home, the department must complete the following:

(i) Identify all adults residing in the home and conduct background checks on those persons;

(ii) Identify any persons who may act as a caregiver for the child in addition to the parent with whom the child is being placed and determine whether such persons are in need of any services in order to ensure the safety of the child, regardless of whether such persons are a party to the dependency. The department or supervising agency may recommend to the court and the court may order that placement of the child in the parent's home be contingent on or delayed based on the need for such persons to engage in or complete services to ensure the safety of the child prior to placement. If services are recommended for the caregiver, and the caregiver fails to engage in or follow through with the recommended services, the department or supervising agency must promptly notify the court; and

(iii) Notify the parent with whom the child is being placed that he or she has an ongoing duty to notify the department or supervising agency of all persons who reside in the home or who may act as a caregiver for the child both prior to the placement of the child in the home and subsequent to the placement of the child in the home as long as the court retains jurisdiction of the dependency proceeding or the department is providing or monitoring either remedial services to the parent or services to ensure the safety of the child to any caregivers.

Caregivers may be required to engage in services under this subsection solely for the purpose of ensuring the present and future safety and well-being of a child who is a ward of the court. This subsection does not grant party status to any individual not already a party to the dependency proceeding, create an entitlement to services or a duty on the part of the department or supervising agency to provide services, or create judicial authority to order the provision of services to any person other than for the express purposes of this section or RCW 13.34.025 or if the services are unavailable or unsuitable or the person is not eligible for such services.

(c) If the child is not returned home, the court shall establish in writing:

(i) Whether the agency is making reasonable efforts to provide services to the family and eliminate the need for placement of the child. If additional services, including housing assistance, are needed to facilitate the return of the child to the child's parents, the court shall order that reasonable services be offered specifying such services;

(ii) Whether there has been compliance with the case plan by the child, the child's parents, and the agency supervising the placement; and

(iii) Whether progress has been made toward correcting the problems that necessitated the child's placement in out-of-home care;

(iv) Whether the services set forth in the case plan and the responsibilities of the parties need to be clarified or modified due to the availability of additional information or changed circumstances;

(v) Whether there is a continuing need for placement;

(vi) Whether a parent's homelessness or lack of suitable housing is a significant factor delaying permanency for the child by preventing the return of the child to the home of the child's parent and whether housing assistance should be provided by the department or supervising agency;

(vii) Whether the child is in an appropriate placement which adequately meets all physical, emotional, and educational needs;

(viii) Whether preference has been given to placement with the child's relatives;

(ix) Whether both in-state and, where appropriate, out-of-state placements have been considered;

(x) Whether the parents have visited the child and any reasons why visitation has not occurred or has been infrequent;

(xi) Whether terms of visitation need to be modified;

(xii) Whether the court-approved long-term permanent plan for the child remains the best plan for the child;

(xiii) Whether any additional court orders need to be made to move the case toward permanency; and

(xiv) The projected date by which the child will be returned home or other permanent plan of care will be implemented.

(d) The court at the review hearing may order that a petition seeking termination of the parent and child relationship be filed.

(3)(a) In any case in which the court orders that a dependent child may be returned to or remain in the child's home, the in-home placement shall be contingent upon the following:

(i) The compliance of the parents with court orders related to the care and supervision of the child, including compliance with an agency case plan; and

(ii) The continued participation of the parents, if applicable, in available substance abuse or mental health treatment if substance abuse or mental illness was a contributing factor to the removal of the child.

(b) The following may be grounds for removal of the child from the home, subject to review by the court:

(i) Noncompliance by the parents with the agency case plan or court order;

(ii) The parent's inability, unwillingness, or failure to participate in available services or treatment for themselves or the child, including substance abuse treatment if a parent's substance abuse was a contributing factor to the abuse or neglect; or

(iii) The failure of the parents to successfully and substantially complete available services or treatment for themselves or the child, including substance abuse treatment if a parent's substance abuse was a contributing factor to the abuse or neglect.

(c) In a pending dependency case in which the court orders that a dependent child may be returned home and that child is later removed from the home, the court shall hold a review hearing within thirty days from the date of removal to determine whether the permanency plan should be changed, a termination petition should be filed, or other action is warranted. The best interests of the child shall be the court's primary consideration in the review hearing.

(4) The court's ((ability)) authority to order housing assistance under (((RCW 13.34.130 and this section)) this chapter) is: (a) Limited to cases in which ((homelessness or the lack of adequate and safe housing to the primary reason for an out-of-home placement)) a parent's homelessness or lack of suitable housing is a significant factor delaying permanency for the child and housing assistance would aid the parent in providing an appropriate home for the child; and (b) subject to the availability of funds appropriated for this specific purpose. Nothing in this chapter shall be construed to create an entitlement to housing assistance nor to create judicial authority to order the provision of such assistance to any person or family if the assistance or funding are unavailable or the child or family are not eligible for such assistance.

(5) The court shall consider the child's relationship with siblings in accordance with RCW 13.34.130(3).

"Sec. 1. RCW 9.94A.728 and 2008 c 231 s 34 are each amended to read as follows:

No person serving a sentence imposed pursuant to this chapter and committed to the custody of the department shall leave the confines of the correctional facility or be released prior to the expiration of the sentence except as follows:

(1) Except as otherwise provided for in subsection (2) of this section, the term of the sentence of an offender committed to a correctional facility operated by the department may be reduced by earned release time in accordance with procedures that shall be developed and promulgated by the correctional agency having jurisdiction in which the offender is confined. The earned release time shall be for good behavior and good performance, as determined by the correctional agency having jurisdiction. The correctional agency shall not credit the offender with earned release credits in advance of the offender actually earning the credits. Any program established pursuant to this section shall allow an offender to earn early release credits for presentence incarceration. If an offender is transferred from a county jail to the department, the administrator of a county jail facility shall certify to the department the amount of time spent in custody at the facility and the amount of earned release time. The department may approve a jail certification from a correctional agency that calculates earned release time based on the actual amount of confinement time served by the offender before sentencing when an erroneous calculation of confinement time served by the offender before sentencing appears on the judgment and sentence. An offender who has been convicted of a felony committed after July 23, 1995, that involves any applicable deadly weapon enhancements under RCW 9.94A.533 (3) or (4), or both, shall not receive any good time credits or earned release time for that portion of his or her sentence that results from any deadly weapon enhancements.

(a) In the case of an offender convicted of a serious violent offense, or a sex offense that is a class A felony, committed on or after July 1, 1990, and before July 1, 2003, the aggregate earned release time may not exceed fifteen percent of the sentence. In the case of an offender convicted of a serious violent offense, or a sex offense that is a class A felony, committed on or after July 1, 2003, the aggregate earned release time may not exceed ten percent of the sentence.

(b)(i) In the case of an offender who qualifies under (b)(ii) of this subsection, the aggregate earned release time may not exceed fifty percent of the sentence.

(ii) An offender is qualified to earn up to fifty percent of aggregate earned release time under this subsection (1)(b) if he or she:

(A) Is classified in one of the two lowest risk categories under (b)(iii) of this subsection;

(B) Is not confined pursuant to a sentence for:

(I) A sex offense;

(II) A violent offense;

(III) A crime against persons as defined in RCW 9.94A.411;

(V) A violation of RCW 9A.52.025 (residential burglary);

(VI) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.401 by manufacture or delivery or possession with intent to deliver methamphetamine;

(VII) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.406 (delivery of a controlled substance to a minor);

(C) Has no prior conviction for:

(I) A sex offense;

(II) A violent offense;

(III) A crime against persons as defined in RCW 9.94A.411;

(IV) A felony that is domestic violence as defined in RCW 10.99.020;

(V) A violation of RCW 9A.52.025 (residential burglary);

(VI) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.401 by manufacture or delivery or possession with intent to deliver methamphetamine;

(VII) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.406 (delivery of a controlled substance to a minor);

(D) Participates in programming or activities as directed by the offender's individual reentry plan as provided under RCW 72.09.270 to the extent that such programming or activities are made available by the department; and

(E) Has not committed a new felony after July 22, 2007, while under community custody.

(iii) For purposes of determining an offender's eligibility under this subsection (1)(b), the department shall perform a risk assessment of every offender committed to a correctional facility operated by the department who has no current or prior conviction for a sex offense, a violent offense, a crime against persons as defined in RCW 9.94A.411, a felony that is domestic violence as defined in RCW 10.99.020, a violation of RCW 9A.52.025 (residential burglary), a violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.401 by manufacture or delivery or possession with intent to deliver methamphetamine, or a violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.406 (delivery of a controlled substance to a minor). (v) This subsection (1)(b) applies retroactively to eligible offenders serving terms of total confinement in a state correctional facility as of July 1, 2003.

(vi) This subsection (1)(b) does not apply to offenders convicted after July 1, 2010.

(c) In no other case shall the aggregate earned release time exceed one-third of the total sentence;

(2)(a) A person convicted of a sex offense, a violent offense, any crime against persons under RCW 9.94A.411(2), or a felony offense under chapter 69.50 or 69.52 RCW, may become eligible, in accordance with a program developed by the department, for transfer to community custody in lieu of earned release time pursuant to subsection (1) of this section;

(b) The department shall, as a part of its program for release to the community in lieu of earned release, require the offender to propose a release plan that includes an approved residence and living arrangement. All offenders with community custody terms eligible for release to community custody in lieu of earned release shall provide an approved residence and living arrangement prior to release to the community;

(c) The department may deny transfer to community custody in lieu of earned release time pursuant to subsection (1) of this section if the department determines an offender's release plan, including proposed residence location and living arrangements, may violate the conditions of the sentence or conditions of supervision, place the offender at risk to violate the conditions of the sentence, place the offender at risk to reoffend, or present a risk to victim safety or community safety. The department's authority under this section is independent of any court-ordered condition of sentence or statutory provision regarding conditions for community custody;

(d) If the department denies transfer to community custody in lieu of earned early release pursuant to (c) of this subsection, the department may transfer an offender to partial confinement in lieu of earned early release up to three months. The three months in partial confinement is in addition to that portion of the offender's term of confinement that may be served in partial confinement as provided in this section;

(e) An offender serving a term of confinement imposed under RCW 9.94A.670(5)(a) is not eligible for earned release credits under this section;

(3) An offender may leave a correctional facility pursuant to an authorized furlough or leave of absence. In addition, offenders may leave a correctional facility when in the custody of a corrections officer or officers;

(i) The offender has a medical condition that is serious enough to require costly care or treatment;

(ii) The offender poses a low risk to the community because he or she is physically incapacitated due to age or the medical condition; and

(iii) Granting the extraordinary medical placement will result in a cost savings to the state.

(b) An offender sentenced to death or to life imprisonment without the possibility of release or parole is not eligible for an extraordinary medical placement.

(c) The secretary shall require electronic monitoring for all offenders in extraordinary medical placement unless the electronic monitoring equipment interferes with the function of the offender's medical equipment or results in the loss of funding for the offender's medical care. The secretary shall specify who shall provide the monitoring services and the terms under which the monitoring shall be performed.

(d) The secretary may revoke an extraordinary medical placement under this subsection at any time;

(5) The governor, upon recommendation from the Clemency and Parole Board, may grant an extraordinary release for reasons of serious health problems, senility, advanced age, extraordinary meritorious acts, or other extraordinary circumstances;

(6) No more than the final six months of the offender's term of confinement may be served in partial confinement designed to aid the offender in finding work and reestablishing himself or herself in the community. This is in addition to that period of earned early release time that may be exchanged for partial confinement pursuant to subsection (2)(d) of this section;

(7) The governor may pardon any offender;

(8) The department may release an offender from confinement any time within ten days before a release date calculated under this section;

(9) An offender may leave a correctional facility prior to completion of his or her sentence if the sentence has been reduced as provided in RCW 9.94A.870; and

(10) Notwithstanding any other provisions of this section, an offender sentenced for a felony crime listed in RCW 9.94A.540 as subject to a mandatory minimum sentence of total confinement shall not be released from total confinement before the completion of the listed mandatory minimum sentence for that felony crime of conviction unless allowed under RCW 9.94A.540, however persistent offenders are not eligible for extraordinary medical placement.

NEW SECTION. Sec. 2. This act takes effect August 1, 2009.

MESSAGE FROM THE SENATE  

April 14, 2009  

Mr. Speaker:  

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1791 with the following amendment:  

"Sec. 1. RCW 9.94A.505 and 2009 c 28 s 6 are each amended to read as follows:  

(1) When a person is convicted of a felony, the court shall impose punishment as provided in this chapter.  

(2) (a) The court shall impose a sentence as provided in the following sections and as applicable in the case:  

(i) Unless another term of confinement applies, a sentence within the standard sentence range established in RCW 9.94A.510 or 9.94A.517;  

(ii) If the sentence under (i) is greater than one year, RCW 9.94A.701 and 9.94A.702, relating to community custody;  

(iii) RCW 9.94A.570, relating to persistent offenders;  

(iv) RCW 9.94A.540, relating to mandatory minimum terms;  

(v) RCW 9.94A.650, relating to the first-time offender waiver;  

(vi) RCW 9.94A.660, relating to the drug offender sentencing alternative;  

(vii) RCW 9.94A.670, relating to the special sex offender sentencing alternative;  

(viii) RCW 9.94A.507, relating to certain sex offenses;  

(ix) RCW 9.94A.535, relating to exceptional sentences;  

(x) RCW 9.94A.589, relating to consecutive and concurrent sentences;  

(xi) RCW 9.94A.603, relating to felony driving while under the influence or intoxicating liquor or any drug and felony physical control of a vehicle while under the influence of intoxicating liquor or any drug.  

(b) If a standard sentence range has not been established for the offender's crime, the court shall impose a determinate sentence which may include not more than one year of confinement; community restitution work; a term of community custody under RCW 9.94A.702 not to exceed one year; and/or other legal financial obligations. The court may impose a sentence which provides more than one year of confinement and a community custody term under RCW 9.94A.701 if the court finds reasons justifying an exceptional sentence as provided in RCW 9.94A.535.  

(c) If the court imposes a sentence requiring confinement of thirty days or less, the court may, in its discretion, specify that the sentence be served on consecutive or intermittent days. A sentence requiring more than thirty days of confinement shall be served on consecutive days. Local jail administrators may schedule court-ordered intermittent sentences as space permits.  

(d) If a sentence imposed includes payment of a legal financial obligation, it shall be imposed as provided in RCW 9.94A.750, 9.94A.753, 9.94A.760, and 43.43.7541.  

(5) Except as provided under RCW 9.94A.750(4) and 9.94A.753(4), a court may not impose a sentence providing for a term of confinement or community custody that exceeds the statutory maximum for the crime as provided in chapter 9A.20 RCW.  

(6) The sentencing court shall give the offender credit for all confinement time served before the sentencing if that confinement was solely in regard to the offense for which the offender is being sentenced.  

(7) The court shall order restitution as provided in RCW 9.94A.750 and 9.94A.753.  

(8) As a part of any sentence, the court may impose and enforce crime-related prohibitions and affirmative conditions as provided in this chapter.  

(9) In any sentence of partial confinement, the court may require the offender to serve the partial confinement in work release, in a program of home detention, on work crew, or in a combined program of work crew and home detention.

MESSAGE FROM THE SENATE  
April 13, 2008

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1212 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION.  Sec. 1. (1) The legislature finds that the current system of stopping payment of industrial insurance death benefits to surviving spouses upon the remarriage of the surviving spouse may be based on archaic notions that are not in-line with modern society. Many pension programs, including the law enforcement officers' and firefighters' retirement system, have removed the remarriage prohibition and allow surviving spouses to continue to receive benefits after remarriage. The legislature further finds that some surviving spouses of law enforcement officers' and firefighters' retirement system members have expressed concerns that terminating benefits upon remarriage penalizes the spouse for moving on with his or her life. The legislature declares that it is time to study the policy of terminating industrial insurance death benefits upon remarriage of the surviving spouse and determine whether changes need to be made to the workers' compensation system.

(2) The workers' compensation advisory committee must study the current practice of terminating industrial insurance death benefits upon remarriage of the surviving spouse of a law enforcement officers' and firefighters' retirement system member. The study must address the following:

(a) The reasons behind the policy of terminating death benefits upon remarriage of the surviving spouse;

(b) Potential costs to the workers' compensation system if industrial insurance death benefits are continued after remarriage of the surviving spouse of a law enforcement officers' and firefighters' retirement system member, and potential costs if this policy were applied to all workers;

(c) Methods to offset potential costs, including providing a reduced benefit if the surviving spouse chooses to receive benefits for life;

(d) How workers' compensation death benefits are administered in other states and whether any state continues these benefits after remarriage; and

(e) Such other items the workers' compensation advisory committee deems necessary.

(3) The workers' compensation advisory committee must report its findings to the appropriate committees of the legislature by December 1, 2010.

(4) This section expires January 1, 2011."

On page 1, line 3 of the title, after "system," strike the remainder of the title and insert "creating a new section; and providing an expiration date."

MESSAGE FROM THE SENATE  
April 9, 2009
The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1935 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 70.128.040 and 2007 c 184 s 8 are each amended to read as follows:

(1) The department shall adopt rules and standards with respect to adult family homes and the operators thereof to be licensed under this chapter to carry out the purposes and requirements of this chapter. The rules and standards relating to applicants and operators shall address the differences between individual providers and providers that are partnerships, corporations, associations, or companies. The rules and standards shall also recognize and be appropriate to the different needs and capacities of the various populations served by adult family homes such as but not limited to persons who are developmentally disabled or elderly. In developing rules and standards the department shall recognize the residential family-like nature of adult family homes and not develop rules and standards which by their complexity serve as an overly restrictive barrier to the development of the adult family homes in the state. Procedures and forms established by the department shall be developed so they are easy to understand and comply with. Paper work requirements shall be minimal. Easy to understand materials shall be developed for applicants and providers explaining licensure requirements and procedures.

(2)(a) In developing the rules and standards, the department shall consult with all divisions and administrations within the department serving the various populations living in adult family homes, including the division of developmental disabilities and the aging and adult services administration. Involvement by the divisions and administration shall be for the purposes of assisting the department to develop rules and standards appropriate to the different needs and capacities of the various populations served by adult family homes. During the initial stages of development of proposed rules, the department shall provide notice of development of the rules to organizations representing adult family homes and their residents, and other groups that the department finds appropriate. The notice shall state the subject of the rules under consideration and solicit written recommendations regarding their form and content.

(b) In addition, the department shall engage in negotiated rule making pursuant to RCW 34.05.310(2)(a) with the exclusive representative of the adult family home licensees selected in accordance with RCW 70.128.043 and with other affected interests before adopting requirements that affect adult family home licensees.

(3) Except where provided otherwise, chapter 34.05 RCW shall govern all department rule-making and adjudicative activities under this chapter.

(d) The department shall establish a specialty license to include geriatric specialty certification for providers who have successfully completed the University of Washington school of nursing certified geriatric certification program and testing.

Sec. 2. RCW 70.128.005 and 2001 c 319 s 1 are each amended to read as follows:

(1) The legislature finds that:

(a) Adult family homes are an important part of the state's long-term care system. Adult family homes provide an alternative to institutional care and promote a high degree of independent living for residents.

(b) Persons with functional limitations have broadly varying service needs. Adult family homes that can meet those needs are an essential component of a long-term system. (The legislature further finds that) Different populations living in adult family homes, such as (the developmentally disabled) persons with developmental disabilities and (the elderly persons) elderly persons, often have significantly different needs and capacities from one another.

(c) There is a need to update certain restrictive covenants to take into consideration the legislative findings cited in (a) and (b) of this subsection; the need to prevent or reduce institutionalization; and the legislative and judicial mandates to provide care and services in the least restrictive setting appropriate to the needs of the individual.

Restrictive covenants which directly or indirectly restrict or prohibit the use of property for adult family homes (i) are contrary to the public interest served by establishing adult family homes and (ii) discriminate against individuals with disabilities in violation of RCW 49.60.224.

(2) It is the legislature's intent that department rules and policies relating to the licensing and operation of adult family homes recognize and accommodate the different needs and capacities of the various populations served by the homes. Furthermore, the development and operation of adult family homes that can provide quality personal care and respite care services should be encouraged.

(3) The legislature finds that many residents of community-based long-term care facilities are vulnerable and their health and well-being are dependent on their caregivers. The quality, skills, and knowledge of their caregivers are the key to good care. The legislature finds that the need for well-trained caregivers is growing as the state's population ages and residents' needs increase. The legislature intends that current training standards be enhanced.

(4) The legislature finds that the state of Washington has a compelling interest in protecting and promoting the health, welfare, and safety of vulnerable adults residing in adult family homes. The health, safety, and well-being of vulnerable adults must be the paramount concern in determining whether to issue a license to an applicant, whether to suspend or revoke a license, or whether to take other licensing actions.

NEW SECTION. Sec. 3. A new section is added to chapter 70.128 RCW to read as follows:

(1) To effectuate the public policies of this chapter, restrictive covenants may not limit, directly or indirectly:

(a) Persons with disabilities from living in an adult family home licensed under this chapter; or

(b) Persons and legal entities from operating adult family homes licensed under this chapter, whether for-profit or nonprofit, to provide services covered under this chapter. Section 3. RCW 9.94A.030 and 2008 c 276 s 309 and 2008 c 7 s 1 are each reenacted and amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

1. "Board" means the indeterminate sentence review board created under chapter 9.95 RCW.

2. "Collect," or any derivative thereof, "collect and remit," or "collect and deliver," when used with reference to the department, means that the department, either directly or through a collection agreement authorized by RCW 9.94A.760, is responsible for monitoring and enforcing the offender's sentence with regard to the legal financial obligation, receiving payment thereof from the offender, and, consistent with current law, delivering daily the entire payment to the superior court clerk without depositing it in a departmental account.

4. "Community corrections officer" means an employee of the department who is responsible for carrying out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.

5. "Community custody" means that portion of an offender's sentence of confinement in lieu of earned release time or imposed (pursuant to RCW 9.94A.550 through 9.94A.760; 9.94A.660 to 9.94A.780 through 9.94A.715, or 9.94A.545) as part of a sentence under this chapter and served in the community subject to controls placed on the offender's movement and activities by the department. For offenders placed on community custody for crimes committed on or after July 1, 2000, the department shall assess the offender's risk of reoffense and may establish and modify conditions of community custody, in addition to those imposed by the court, based upon the risk to community safety.

6. "Community custody range" means the minimum and maximum period of community custody included as part of a sentence under RCW 9.94A.715, as established by the commission or the legislature under RCW 9.94A.850, for crimes committed on or after July 1, 2000.

7. "Community placement" means that period during which the offender is subject to the conditions of community custody and/or postrelease supervision, which begins either upon completion of the term of confinement (postrelease supervision) or at such time as the offender is transferred to community custody in lieu of earned release. Community placement may consist of entirely community custody, entirely postrelease supervision, or a combination of the two.

8. "Community protection zone" means the area within eight hundred eighty feet of the facilities and grounds of a public or private school.

9. "Community restitution" means compulsory service, without compensation, performed for the benefit of the community by the offender.

10. "Community supervision" means a period of time during which a convicted offender is subject to crime-related prohibitions and other sentence conditions imposed by a court pursuant to this chapter or RCW 16.52.200(6) or 46.61.524. Where the court finds that any offender has a chemical dependency that has contributed to his or her offense, the conditions of supervision may, subject to available resources, include treatment. For purposes of the interstate compact for out-of-state supervision of parolees and probationers, RCW 9.95.270, community supervision is the functional equivalent of probation and should be considered the same as probation by other states.

11. "Confinement" means total or partial confinement.

12. "Conviction" means an adjudication of guilt pursuant to Title (6) 10 or 13 RCW and includes a verdict of guilty, a finding of guilty, and acceptance of a plea of guilty.

13. "Crime-related prohibition" means an order of a court prohibiting conduct that directly relates to the circumstances of the crime for which the offender has been convicted, and shall not be construed to mean orders directing an offender affirmatively to participate in rehabilitative programs or to otherwise perform affirmative conduct. However, affirmative acts necessary to monitor compliance with the order of a court may be required by the department.

14. "Criminal history" means the list of a defendant's prior convictions and juvenile adjudications, whether in this state, in federal court, or elsewhere.

   a. The history shall include, where known, for each conviction (i) whether the defendant has been placed on probation and the length and terms thereof; and (ii) whether the defendant has been incarcerated and the length of incarceration.

   b. A conviction may be removed from a defendant's criminal history only if it is vacated pursuant to RCW 9.96.060, 9.94A.640, 9.95.240, or a similar out-of-state statute, or if the conviction has been vacated pursuant to a governor's pardon.

   c. The determination of a defendant's criminal history is distinct from the determination of an offender score. A prior conviction that was not included in an offender score calculated pursuant to a former version of the sentencing reform act remains part of the defendant's criminal history.

15. NEW SECTION. Sec. 9. The department of corrections shall recalculate the term of community custody and reset the date that community custody will end for each offender currently in confinement or serving a term of community custody for a crime specified in RCW 9.94A.701. The recalculation shall not extend a term of community custody beyond that to which an offender is currently subject.

Sec. 10. 2008 c 231 s 6 (uncodified) is amended to read as follows:

The existing sentencing reform act contains numerous provisions for supervision of different types of offenders. This duplication has caused great confusion for judges, lawyers, offenders, and the department of corrections, and often results in inaccurate sentences. The clarifications in this act are intended to support continued discussions by the sentencing guidelines commission with the courts and the criminal justice community to identify and propose policy changes that will further simplify and improve the sentencing reform act relating to the supervision of offenders. The sentencing guidelines commission shall submit policy change proposals to the legislature on or before December 1, 2008.
Sections 7 through 58 of this act are intended to simplify the supervision provisions of the sentencing reform act and increase the uniformity of its application. These sections are not intended to either increase or decrease the authority of sentencing courts or the department relating to supervision, except for those provisions instructing the court to apply the provisions of the current community custody law to offenders sentenced after July 1, 2009, but who committed their crime prior to August 1, 2009, to the extent that such application is constitutionally permissible.

This will effect a change for offenders who committed their crimes prior to the offender accountability act, chapter 196, Laws of 1999. These offenders will be ordered to a term of community custody rather than community placement or community supervision.

To the extent constitutionally permissible, the terms of the offender's supervision will be as provided in current law. With the exception of this change, the legislature does not intend to make, and no provision of sections 7 through 58 of this act may be construed as making, a substantive change to the supervision provisions of the sentencing reform act.

(If it is the intent of the legislature to reaffirm that section 3: chapter 379, Laws of 2001, expires July 1, 2010.)

Sec. 11. RCW 9.95.220 and 1957 c 227 s 5 are each amended to read as follows:

1. Except as provided in subsection (2) of this section, whenever the state parole officer or other officer under whose supervision the probationer has been placed shall have reason to believe such probationer is violating the terms of his or her probation, or engaging in criminal practices, or is abandoned to improper associates, or living a vicious life, he or she shall cause the probationer to be brought before the court wherein the probation was granted. For this purpose any peace officer or state parole officer may arrest any such person without warrant or other process. The court may thereupon in its discretion without notice revoke and terminate such probation. In the event the judgment has been pronounced by the court and the execution thereof suspended, the court may revoke such suspension, whereupon the judgment shall be in full force and effect, and the defendant shall be delivered to the sheriff to be transported to the penitentiary or reformatory as the case may be. If the judgment has not been pronounced, the court shall pronounce judgment after such revocation of probation and the defendant shall be delivered to the sheriff to be transported to the penitentiary or reformatory, in accordance with the sentence imposed.

2. If a probationer is being supervised by the department of corrections pursuant to RCW 9.95.204, the department shall have authority to issue a warrant for the arrest of an offender who violates a condition of community custody, as provided in RCW 9.94A.716. At any time prior to the date the department shall have authority to issue a warrant for the arrest of an offender who violates a condition of community custody, as provided in RCW 9.94A.737. The department shall provide a copy of the violation hearing report to the sentencing court in a timely manner. Nothing in this subsection is intended to limit the power of the sentencing court to respond to a probationer's violation of conditions.

Sec. 12. RCW 9.94A.633 and 2009 c 28 s 7 are each amended to read as follows:

(a) An offender who violates any condition or requirement of a sentence may be sanctioned with up to sixty days' confinement for each violation.

(b) In lieu of confinement, an offender may be sanctioned with work release, home detention with electronic monitoring, work crew, community restitution, inpatient treatment, daily reporting, curfew, educational or counseling sessions, supervision enhanced through electronic monitoring, or any other sanctions available in the community.

2. If an offender was under community custody pursuant to one of the following statutes, the offender may be sanctioned as follows:

(a) If the offender was transferred to community custody in lieu of earned early release in accordance with RCW 9.94A.728(2), the offender may be transferred to a more restrictive confinement status to serve up to the remaining portion of the sentence, less credit for any period actually spent in community custody or in detention awaiting disposition of an alleged violation.

(b) If the offender was sentenced under the drug offender sentencing alternative set out in RCW 9.94A.660, the offender may be sanctioned in accordance with that section.

(c) If the offender was sentenced under the special sexual offender sentencing alternative set out in RCW 9.94A.670, the suspended sentence may be revoked and the offender committed to serve the original sentence of confinement.

(d) If the offender was sentenced to a work ethic camp pursuant to RCW 9.94A.690, the offender may be classified to serve the unexpired term of his or her sentence in total confinement.

3. If a sex offender was sentenced pursuant to RCW 9.94A.507, the offender may be transferred to a more restrictive confinement status to serve up to the remaining portion of the sentence, less credit for any period actually spent in community custody or in detention awaiting disposition of an alleged violation.

4. If a probationer is being supervised by the department pursuant to RCW 9.92.000, 9.95.304, or 9.95.210, the probationer may be sanctioned pursuant to subsection (1) of this section. The department shall have authority to issue a warrant for the arrest of an offender who violates a condition of community custody, as provided in RCW 9.94A.716. Any sanctions shall be imposed by the department pursuant to RCW 9.94A.737. The department shall provide a copy of the violation hearing report to the sentencing court in a timely manner. Nothing in this subsection is intended to limit the power of the sentencing court to respond to a probationer's violation of conditions.

Sec. 13. RCW 9.94A.737 and 2007 c 483 s 305 are each amended to read as follows:

1. If an offender violates any condition or requirement of community custody, the department may transfer the offender to a more restrictive confinement status to serve up to the remaining portion of the sentence, less credit for any period actually spent in community custody or in detention awaiting disposition of an alleged violation and subject to the limitations of subsection (3) of this section.

2. If an offender has not completed his or her maximum term of total confinement and is subject to a third violation hearing for any violation of community custody and is found to have committed the violation, the department shall return the offender to total confinement in a state correctional facility to serve up to the remaining portion of his or her sentence, unless it is determined that returning the offender to a state correctional facility would substantially interfere with the offender's ability to maintain necessary community supports or to participate in necessary treatment or programming and would substantially increase the offender's likelihood of reoffending.

3. (a) For a sex offender sentenced to a term of community custody under RCW 9.94A.670 who violates any condition of community custody, the department may impose a sanction of up to sixty days' confinement in a local correctional facility for each violation. If the department imposes a sanction, the department shall submit within seventy-two hours a report to the court and the prosecuting attorney outlining the violation or violations and the sanctions imposed.

(b) For a sex offender sentenced to a term of community custody under RCW 9.94A.710 who violates any condition of community custody after having completed his or her maximum term of total confinement, including time served on community custody in lieu of earned release, the department may impose a sanction of up to sixty days in a local correctional facility for each violation.

(c) For an offender sentenced to a term of community custody under RCW 9.94A.505(2)(b), 9.94A.650, or 9.94A.715, or under RCW 9.94A.545, for a crime committed on or after July 1, 2000, who violates any condition of community custody after having completed his or her maximum term of total confinement, including time served on community custody in lieu of earned release, the department may impose a sanction of up to sixty days in total confinement for each violation. The department may impose sanctions such as work release, home detention with electronic monitoring, work crew, community restitution, inpatient treatment, daily reporting, curfew, educational or counseling sessions, supervision enhanced through electronic monitoring, or any other sanctions available in the community.
For an offender sentenced to a term of community placement under RCW 9.94A.705 who violates any condition of community placement after having completed his or her maximum term of total confinement, including time served on community custody in lieu of earned release, the department may impose a sanction of up to sixty days in total confinement for each violation. The department may impose sanctions such as work release, home detention with electronic monitoring, work crew, community restitution, inpatient treatment, daily reporting, curfew, educational or counseling sessions, supervision enhanced through electronic monitoring, or any other sanctions available in the community to qualify for the electronic monitoring program.

If a probationer is being supervised by the department pursuant to RCW 9.92.060, 9.95.204, or 9.95.210, the probationer may be sanctioned by the department pursuant to (c) of this subsection. The department shall have authority to issue a warrant for the arrest of an offender who violates a condition of community custody, as provided in RCW 9.94A.740. The department shall provide a copy of the violation hearing report to the sentencing court in a timely manner. Nothing in this subsection is intended to limit the power of the sentencing court to respond to a probationer's violation of conditions.

If an offender has been arrested for a new felony offense while in community supervision, community custody, or community placement, the department shall hold the offender in total confinement until a hearing before the department as provided in this section or until the offender has been formally charged for the new felony offense, whichever is earlier. Nothing in this subsection shall be construed as to permit the department to hold an offender past his or her maximum term of total confinement if the offender has not completed the maximum term of total confinement or to permit the department to hold an offender past the offender's term of community supervision, community custody, or community placement.

The department shall be financially responsible for any portion of the sanctions authorized by this section that are served in a local correctional facility as the result of action by the department.

For an offender who is accused of violating any condition or requirement of community custody, he or she is entitled to a hearing before the department prior to the imposition of sanctions. The hearing shall be considered as offender disciplinary proceedings and shall not be subject to chapter 34.05 RCW. The department shall develop hearing procedures and a structure of graduated sanctions.

Sanctions shall be imposed by the department or the court pursuant to RCW 9.94A.660. If a probationer is being supervised by the department, any sanctions shall be imposed by the department pursuant to RCW 9.94A.670.

If an offender is being supervised by the department, any sanctions shall be imposed by the department pursuant to RCW 9.94A.737. If a probationer is being supervised by the department pursuant to RCW 9.92.060, 9.95.204, or 9.95.210, upon receipt of a violation hearing report from the department, the court retains any authority that those statutes provide to respond to a probationer's violation of conditions.

If the offender is not being supervised by the department, any sanctions shall be imposed by the court pursuant to RCW 9.94A.633.

SENATE AMENDMENT TO HOUSE BILL

POINT OF ORDER

Representative Ericksen requested a scope and object ruling on the Senate amendments to Engrossed Substitute House Bill No. 1959.

SPEAKER’S RULING

Mr. Speaker (Representative Morris presiding): "Engrossed Substitute House Bill 1959 is titled an act relating to "land use and transportation planning for marine container ports." The bill as passed the House required cities with certain ports and port districts to include a planning element for such facilities in Growth Management Act comprehensive plans. The bill also declared certain key transportation corridors serving such facilities to be transportation facilities and services of statewide significance.

The Senate amendment includes provisions adding regional transit authorities to the list of essential public facilities for which jurisdictions planning under the Growth Management Act must satisfy prescribed planning requirements.

While both the bill and the amendment relate to planning under the Growth Management Act, they relate to different types of planning for different purposes.

The Speaker therefore finds and rules that the Senate amendment exceeds the scope and object of the House bill.

Representative Ericksen, your point of order is well taken." There being no objection, the House reverted to the seventh order of business.

There being no objection, the House did not concur in the Senate amendment to ENGROSSED SUBSTITUTE HOUSE BILL NO. 1959 and asked the Senate to recede therefrom.

MESSAGE FROM THE SENATE

On page 1, line 2 of the title, after “regulation;” strike the remainder of the title and insert “amending RCW 66.28.180; adding new sections to chapter 66.28 RCW; repealing RCW 66.28.010; and providing an effective date.”

MESSAGE FROM THE SENATE
April 11, 2009
The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1349 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that many persons who are released from involuntary mental health treatment in an inpatient setting would benefit from an order for less restrictive treatment in order to provide the structure and support necessary to facilitate long-term stability and success in the community.

(2) The legislature intends to make it easier to renew orders for less restrictive treatment following a period of inpatient commitment in cases in which a person has been involuntarily committed more than once and is likely to benefit from a renewed order for less restrictive treatment.

(3) The legislature finds that public safety is enhanced when a designated mental health professional is able to file a petition to revoke an order for less restrictive treatment under RCW 71.05.340 before a person who is the subject of the petition becomes ill enough to present a likelihood of serious harm.

Sec. 2. RCW 71.05.340 and 2008 c 213 s 9 are each amended to read as follows:

(1) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven and that the best interests of the person or others will not be served by a less restrictive treatment which is an alternative to detention, the court shall remand him or her to the custody of the department or to a facility certified for ninety day treatment by the department for a further period of intensive treatment not to exceed ninety days from the date of judgment ((providing that (a)));

If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment in a facility certified for one hundred eighty day treatment by the department.

(4) For a person committed under subsection (2) of this section who has been remanded to a period of less restrictive treatment, in addition to the grounds specified in subsection (3) of this section, the designated mental health professional may file a new petition for continued less restrictive treatment if:

(a) The person was previously committed by a court to detention for involuntary mental health treatment during the thirty-six months that preceded the person's initial detention date during the current involuntary commitment cycle, excluding any time spent in a mental health facility or in confinement as a result of a criminal conviction;

(b) In view of the person's treatment history or current behavior, the person is unlikely to voluntarily participate in outpatient treatment without an order for less restrictive treatment; and

(c) Outpatient treatment that would be provided under a less restrictive treatment order is necessary to prevent a relapse, decompensation, or deterioration that is likely to result in the person presenting a likelihood of serious harm or the person becoming gravely disabled within a reasonably short period of time.

(5) A new petition for involuntary treatment filed under subsection (3) or (4) of this section shall be filed and heard in the superior court of the county of the facility which is filing the new petition for involuntary treatment unless good cause is shown for a change of venue. The cost of the proceedings shall be borne by the state.

(6) The hearing shall be held as provided in RCW 71.05.310, and if the court or jury finds that the grounds for additional confinement as set forth in this (subsection) section are present, the court may order the committed person returned for an additional period of treatment not to exceed one hundred eighty days from the date of judgment. At the end of the one hundred eighty day period of commitment, the committed person shall be released unless a petition for another one hundred eighty day period of continued treatment is filed and heard in the same manner as provided in this (subsection) section. Successive one hundred eighty day commitments are permissible on the same grounds and pursuant to the same procedures as the original one hundred eighty day commitment. However, a commitment is not permissible under subsection (4) of this section if thirty-six months have passed since the last date of discharge from detention for involuntary treatment that preceded the current less restrictive alternative order, nor shall a petition be filed under subsection (4) of this section be permissible if the likelihood of serious harm in subsection (4)(c) of this section is based solely on harm to the property of others.

(7) No person committed as provided in this section may be detained unless a valid order of commitment is in effect. No order of commitment can exceed one hundred eighty days in length.
NEW SECTION. Sec. 3. A new section is added to chapter 71.05 RCW to read as follows:

When appropriate and subject to available funds, the treatment and training of a person with a developmental disability who is committed to the custody of the department or to a facility certified for ninety day treatment by the department for a further period of intensive treatment under RCW 71.05.320 must be provided in a program specifically reserved for the treatment and training of persons with developmental disabilities. A person so committed shall receive habilitation services pursuant to an individualized service plan specifically developed to treat the behavior which was the subject of the criminal proceedings. The treatment program shall be administered by developmental disabilities professionals and others trained specifically in the needs of persons with developmental disabilities. The department may limit admissions to this specialized program in order to ensure that expenditures for services do not exceed amounts appropriated by the legislature and allocated by the department for such services. The department may establish admission priorities in the event that the number of eligible persons exceeds the limits set by the department."

On page 1, line 2 of the title, after "treatment," strike the remainder of the title and insert "amending RCW 71.05.320; adding a new section to chapter 71.05 RCW; and creating a new section." and the same is herewith transmitted. Thomas Hoemann, Secretary

(1)(a) The legislature intends to create improved vocational outcomes for Washington state injured workers and employers through legislative and regulatory change under a pilot program for the period of January 1, 2008, through June 30, 2013. This pilot vocational system is intended to allow opportunities for eligible workers to participate in meaningful retraining in high-demand occupations, improve successful return to work and achieve positive outcomes for workers, reduce the incidence of repeat vocational services, increase accountability and responsibility, and improve cost predictability. To facilitate the study and evaluation of the results of the proposed changes, the department shall establish the temporary funding of certain state fund vocational costs through the medical aid account to ensure the appropriate assessments to employers for the costs of their claims for vocational services in accordance with RCW 51.32.0991.

(b) An independent review and study of the effects of the pilot program shall be conducted to determine whether it has achieved the appropriate outcomes at reasonable cost to the system. The review shall include, at a minimum, a report on the department's performance with regard to the provision of vocational services, the skills acquired by workers who receive retraining services, the types of training programs approved, whether the workers are employed, at what jobs and wages after completion of the training program and at various times subsequent to their claim closure, the number and demographics of workers who choose the option provided in subsection (4)(b) of this section, and their employment and earnings status at various times subsequent to claim closure. The department may adopt rules, in collaboration with the subcommittee created under (c)(iii) of this subsection, to further define the scope and elements of the required study. Reports of the independent researcher are due on December 1, 2010, December 1, 2011, and December 1, 2012.

(c) In implementing the pilot program, the department shall:

(i) Establish a vocational initiative project that includes participating with the subcommittee created under (c)(iii) of this subsection, to further define the scope and elements of the required study.

(ii) As a partner in the program, the department shall place vocational professional full-time employees at pilot WorkSource locations; refer some workers for vocational services to these vocational professionals; and work with employers in work source pilot areas to market the benefits of on-the-job training programs and with community colleges to reserve slots in high employer demand programs of study as defined in RCW 28B.50.030. These on-the-job training programs and community college slots may be considered by both department and private sector vocational professionals for vocational plan development. The department will also assist stakeholders in developing additional vocational training programs in various industries, including but not limited to agriculture and construction. These programs will expand the choices available to injured workers in developing their vocational training plans with the assistance of vocational professionals.

(iii) Develop and maintain a register of state fund and self-insured workers who have been retrained or have selected any of the vocational options described in this section for at least the duration of the pilot program.

(iv) By July 1, 2001, each local workforce development council, in cooperation with the department and its labor market information division, must identify high-demand occupations and occupations in declining employer demand. For the purposes of RCW 50.22.130 through 50.22.150 and section 9, chapter 2, Laws of 2000, "high-demand occupation" means (demand for employment that exceeds the supply of qualified workers or shall be provided to a labor market area) an occupation with a substantial number of current or projected employment opportunities.

Sec. 6. By July 1, 2001, each local workforce development council, in cooperation with the department and its labor market information division, must identify high-demand occupations and occupations in declining employer demand. For the purposes of RCW 50.22.130 through 50.22.150 and section 9, chapter 2, Laws of 2000, "high-demand occupation" means (demand for employment that exceeds the supply of qualified workers or shall be provided to a labor market area) an occupation with a substantial number of current or projected employment opportunities.
participation in the plan. Failure to abide by the agreed expectations shall result in suspension of vocational benefits pursuant to RCW 51.32.110.

(6) Any formal education included as part of the vocational plan must be for an accredited or licensed program or other program approved by the department. The department shall develop rules that provide criteria for the approval of nonaccredited or unlicensed programs.

(c) The vocational plan for an individual worker must be completed and submitted to the department within ninety days of the date the worker declares vocational plan development. The department may extend the ninety days for good cause. Criteria for good cause shall be provided in rule. The frequency and reasons for good cause extensions shall be reported to the subcommittee created under subsection (1)(c)(iii) of this section.

(d) Costs for the vocational plan may include books, tuition, fees, supplies, equipment, child or dependent care, training fees for on-the-job training, the cost of furnishing tools and other equipment necessary for self-employment or reemployment, and other necessary expenses in an amount not to exceed twelve thousand dollars. This amount shall be adjusted effective July 1 of each year for vocational plans or retraining benefits available under subsection (4)(b) of this section after this date. Following the cost shall be provided for any vocational plan developed in accordance with RCW 51.32.160, and vocational rehabilitation is found both necessary and likely to enable the injured worker to become employable at gainful employment under RCW 51.32.095(1), the duration of any vocational plan under subsection (3)(c) of this section shall not exceed eighteen months.

(ii) If the available vocational costs are utilized by the worker, any subsequent assessment of whether vocational rehabilitation is both necessary and likely to enable the injured worker to become employable at gainful employment under RCW 51.32.095(1) shall include consideration of the transferable skills obtained.

(iii) If the available vocational costs are utilized by the worker and the claim is thereafter reopened as provided in RCW 51.32.160, the available for any vocational plan is limited to that in subsection (3)(d) of this section less that previously expended.

(iv) Option 2 may only be elected once per worker.

(c) The director, in his or her sole discretion, may provide the worker vocational assistance not to exceed that in subsection (3) of this section, without regard to the worker's prior option selection or benefits expended, where vocational assistance would prevent permanent total disability under RCW 51.32.060.

5(a)(a) As used in this section, "vocational plan interruption" means a occurrence which disrupts the plan to the extent the employability goal is no longer attainable. "Vocational plan interruption" does not include institutionally scheduled breaks in educational programs, occasional absence due to illness, or modifications to the plan which will allow it to be completed within the cost and time provisions of subsection (3)(d) and (e) of this section.

(b) When a vocational plan interruption is beyond the control of the worker, the department or self-insurer shall recommence plan development. If necessary to complete vocational services, the cost and duration of the plan may include credit for a deferred prior to the interruption. A vocational plan interruption is considered outside the control of the worker when it is due to the closure of the accredited institution, when it is due to a death in the worker's immediate family, or when documented changes in the worker's accepted medical conditions prevent further participation in the vocational plan.

(d) When a vocational plan interruption is the result of the worker's actions when it is due to the failure to meet attendance expectations set by the training or educational institution, failure to achieve passing grades or acceptable performance review, unaccepted or postinjury conditions that prevent further participation in the vocational plan, or the worker's failure to abide by the accountability agreement per subsection (3)(a) of this section.

Sec. 6. RCW 74.08A.250 and 2006 c 107 s 2 are each amended to read as follows:

(b) The code reviser is directed to replace terms referenced in (a) of this subsection as appropriate with the following revised terminology: "Individuals with disabilities," "individuals with developmental disabilities," "individuals with mental illness," and "individuals with mental retardation) intellectual disabilities."

(3) No statute, memorial, or resolution is invalid because it does not comply with this section.

(2) A tenant who terminates a rental agreement under this section is discharged from the payment of rent for any period following the last day of the month of the quitting date. The tenant shall remain liable for the rent for the month in which he or she terminated the rental agreement unless the termination is in accordance with RCW 59.18.200(1). Notwithstanding lease provisions that allow for forfeiture of a deposit for early termination, a tenant who terminates under this section is entitled to the return of the full deposit, subject to RCW 59.18.020 and 59.18.280. Other tenants who are parties to the rental agreement, except household members who are the victims of sexual assault, stalking, unlawful harassment, or domestic violence, are not released from their obligations under the rental agreement or other obligations under this chapter.

(3)(a) Notwithstanding any other provision under this section, if a tenant or a household member is a victim of sexual assault, stalking, or unlawful harassment by a landlord, the tenant may terminate the rental agreement and quit the premises without further obligation under the rental agreement or under this chapter prior to making a copy of a valid order for protection or a written record of a report signed by a qualified third party available to the landlord, provided that:

(i) The tenant must deliver a copy of a valid order for protection or written record of a report signed by a qualified third party to the landlord by mail, fax, or personal delivery by a third party within seven days of quitting the tenant's dwelling unit; and

The record of the report provided to the landlord must not include the name of the alleged perpetrator of the act. On written request by the landlord, the qualified third party shall, within seven days, provide the name of the alleged perpetrator of the act to the landlord only if the alleged perpetrator was a person meeting the definition of the term "landlord" under RCW 59.18.570.

(b) A tenant who terminates his or her rental agreement under this subsection is discharged from the payment of rent for any period following the latter of: (i) The date the tenant vacates the unit; or (ii) the date the record of the report of the qualified third party and the written notice that the tenant has vacated are delivered to the landlord by mail, fax, or personal delivery by a third party. The tenant is entitled to a pro rata refund of any prepaid rent and must receive a full and specific statement of the basis for retaining any of the deposit together with any refund due in accordance with RCW 59.18.280.

(4) If a tenant or a household member is a victim of sexual assault, stalking, or unlawful harassment by a landlord, the tenant may change or add locks to the tenant's dwelling unit at the tenant's expense. If a tenant exercises his or her rights to change or add locks, the following rules apply:

(a) Within seven days of changing or adding locks, the tenant must deliver to the landlord by mail, fax, or personal delivery by a third party:

(i) Written notice that the tenant has changed or added locks; and

(ii) A copy of a valid order for protection or a written record of a report signed by a qualified third party. A written record of a report signed by a qualified third party must be substantially in the form specified under subsection (1)(b) of this section. The record of the report provided to the landlord must not include the name of the alleged perpetrator of the act. On written request by the landlord, the qualified third party shall, within seven days, provide the name of the alleged perpetrator to the landlord only if the alleged perpetrator was a person meeting the definition of the term "landlord" under RCW 59.18.570.

(b) After the tenant provides notice to the landlord that the tenant has changed or added locks, the tenant's rental agreement shall terminate on the ninetieth day after providing such notice, unless:

(i) Within sixty days of providing notice that the tenant has changed or added locks, the tenant notifies the landlord in writing that the tenant does not wish to terminate his or her rental agreement. If the perpetrator has been identified by the qualified third party and is no longer an employee or agent of the landlord or owner and does not reside at the property, the landlord shall provide the owner or owner's designated agent with a copy of the key to the new locks at the same time as providing notice that the tenant does not wish to terminate his or her rental agreement. A tenant who has a valid protection, anti-harassment, or other protective order against the owner of the premises or against an employee or agent of the landlord or owner is not required to provide a key to the new locks until the protective order expires or the tenant vacates; or

(ii) The tenant exercises his or her rights to terminate the rental agreement under subsection (3) of this section within sixty days of providing notice that the tenant has changed or added locks.

(c) After a landlord receives notice that a tenant has changed or added locks to his or her dwelling unit under (a) of this subsection, the landlord may not enter the tenant's dwelling unit except as follows:

(i) In the case of an emergency, the landlord may enter the unit if accompanied by a law enforcement or fire official acting in his or her official capacity. If the landlord reasonably concludes that the circumstances require immediate entry into the unit, the landlord may, after notifying emergency services, use such force as necessary to enter the unit if the tenant is not present; or

(ii) The landlord complies with the requirements of RCW 59.18.150 and clearly specifies in writing the time and date that the landlord intends to enter the unit and the purpose for entering the unit. The tenant must make arrangements to permit access by the landlord.

(d) The exercise of rights to change or add locks under this subsection does not discharge the tenant from the payment of rent until the rental agreement is terminated and the tenant vacates the unit.

(e) The tenant may not change any locks to common areas and must make keys for new locks available to other household members.

(f) Upon vacating the dwelling unit, the tenant must deliver the key and all copies of the key to the landlord by mail or personal delivery by a third party.

(5) A tenant's remedies under this section do not preempt any other legal remedy available to the tenant.

(6) The provision of verification of a report under subsection (1)(b) of this section does not waive the confidential or privileged nature of the communication between a victim of domestic violence, sexual assault, or stalking with a qualified third party pursuant to RCW 5.60.060, 70.123.075, or 70.125.065. No record or evidence obtained from such disclosure may be used in any civil, administrative, or criminal proceeding against the victim unless a written waiver of applicable evidentiary privilege is obtained, except that the verification itself, and no other privileged information, under subsection (1)(b) of this section may be used in civil proceedings brought under this section.

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1951 with the following amendment:

"NEW SECTION. Sec. 1. "NEW SECTION. Sec. 1. The legislature finds: (1) The full utilization of state salmonid hatcheries is vital to the recreational and commercial fisheries and related economic development and employment; and (2) effective measures are necessary to maintain all hatchery operations that are consistent with conservation of wild salmon populations and support sustainable fisheries."
NEW SECTION. Sec. 2. A new section is added to chapter 77.95 RCW to read as follows:

(1) The department shall establish a program that utilizes department-partner agreements for the resumption or continued operation and management of state-owned salmonid hatcheries now closed or scheduled for closure during the 2009-2011 biennium. To implement the program, the department shall accept and review applications to determine the appropriateness of the partner to manage and operate selected salmonid hatcheries. The department shall accelerate the application process relating to any hatchery currently in operation to avoid cessation of ongoing salmon production.

(2)(a) To select a partner, the department shall develop and apply criteria identifying the appropriateness of a potential partner. The criteria must seek to ensure that the partner has a long-range business plan, which may include the sale of hatchery surplus salmon, including eggs and carcasses, to ensure the long-range future solvency of the partnership.

(b) Partners under this section must be:

(i) Qualified under section 501(c)(3) of the internal revenue code;

(ii) A for-profit private entity; or

(iii) A federally recognized tribe.

(3) The department shall place a higher priority on applications from partners that provide for the maximum resumption or continuation of existing hatchery production in a manner consistent with the mandate contained in RCW 77.04.012 to maintain the economic well-being and stability of the fishing industry.

(4) Agreements entered into with partners under this section must be consistent with existing state laws, agency rules, collective bargaining agreements, hatchery management policy involving species listed under the federal endangered species act, or, in the case of a tribal partner, any applicable tribal hatchery management policy or recreational and commercial harvest policy. Agreements under this section must also require that partners conducting hatchery operations maintain staff with comparable qualifications to those identified in the class specifications for the department's fish hatchery personnel.

(5) All partnership agreements entered into under this section must contain a provision that requires the partner to hold harmless the department and the state for any civil liability arising from the partner's participation in the agreement or activities at the subject hatchery or hatcheries.

(6) All partnership agreements entered into under this section must identify any maintenance or improvements to be made to the hatchery facility, and the source of funding for such maintenance or improvements. If funding for the maintenance or improvements is to come from state funds or revenue sources previously received by the department, the work must be performed either by employees in the classified service or in compliance with the contracting procedures set forth in RCW 41.06.142.

NEW SECTION. Sec. 3. A new section is added to chapter 77.95 RCW to read as follows:

The powers and authority conferred by this chapter must be construed as in addition and supplemental to powers or authority conferred by any other law and nothing contained in this chapter may be construed as limiting any other powers or authority of the department.

Sec. 4. RCW 77.95.090 and 2000 c 107 s 106 are each amended to read as follows:

The dedicated regional fisheries enhancement group account is created in the custody of the state treasurer. Only the commission or the commission's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.

A portion of each recreational fishing license fee shall be used as provided in RCW 77.32.440. A surcharge of one hundred dollars shall be collected on each commercial salmon fishery license, each salmon delivery license, and each salmon charter license sold in the state. All receipts shall be placed in the regional fisheries enhancement group account and shall be used exclusively for regional fisheries enhancement group projects for the purposes of RCW 77.95.110. Except as provided in section 2 of this act, funds from the regional fisheries enhancement group account shall not serve as replacement funding for department operated salmon projects that exist on January 1, 1991.

All revenue from the department's sale of salmon carcasses and eggs that return to group facilities shall be deposited in the regional fisheries enhancement group account for use by the regional fisheries enhancement group that produced the surplus. The commission shall adopt rules to implement this section pursuant to chapter 34.05 RCW.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 79A.15.010 and 2007 c 241 s 26 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

but are not limited to, options, rights of first refusal, conservation easements, leases, and mineral rights.

(2) "Board" means the recreation and conservation funding board.

(3) "Critical habitat" means lands important for the protection, management, or public enjoyment of certain wildlife species or groups of species, including, but not limited to, wintering range for deer, elk, and other species, waterfowl and upland bird habitat, fish habitat, and habitat for endangered, threatened, or sensitive species.

(4) "Farmlands" means any land defined as "farm and agricultural land" in RCW 84.34.020(2).

(5) "Local agencies" means a city, county, town, federally recognized Indian tribe, special purpose district, port district, or other political subdivision of the state providing services to less than the entire state.

For the purposes of this section, a mitigation bank means a site or sites where riparian habitat is restored, created, enhanced, or in exceptional circumstances, preserved expressly for the purpose of providing compensatory mitigation in advance of authorized project impacts to similar resources.))) The board may not approve a local project where the local agency or nonprofit nature conservancy organization or association share is less than the amount to be awarded from the riparian protection account. In-kind contributions, including contributions of a real property interest in land may be used to satisfy the local agency's or nonprofit nature conservancy organization's or association's share.

(((5))) (8) State agencies receiving grants for acquisition of land under this section must pay an amount in lieu of real property taxes equal to the amount of tax that would be due if the land were taxable as open space land under chapter 84.34 RCW except taxes levied for any state purpose, plus an additional amount for control of noxious weeds equal to that which would be paid if such lands were privately owned. The county assessor and county legislative authority shall assist in determining the appropriate calculation of the amount of tax that would be due.

(((6))) (9) In determining acquisition priorities with respect to the riparian protection account, the board must consider, at a minimum, the following criteria:

Applications that extend the duration of leases of riparian areas that are currently enrolled in the conservation reserve enhancement program shall be eligible. Such applications are eligible for a conservation lease extension of at least twenty-five years of duration;

(b) Whether the projects are identified or recommended in a watershed planning process under chapter 247, Laws of 1998, salmon recovery planning under chapter 77.85 RCW, or other local plans, such as habitat conservation plans, and these must be highly considered in the process;

(h) Whether the site has educational or scientific value; and

(i) Whether the site has passive recreational values for walking trails, wildlife viewing, or the observation of natural settings.

((6))) (10) Before November 1st of each even-numbered year, the board will recommend to the governor a prioritized list of projects to be funded under this section. The governor may remove projects from the list recommended by the board and will submit this amended list in the capital budget request to the legislature. The list must include, but not be limited to, a description of each project and any particular match requirement.

Sec. 5. RCW 79A.15.130 and 2007 c 241 s 38 are each amended to read as follows:

The board will administer the account in accordance with chapter 79A.25 RCW and this chapter, and hold it separate and apart from all other money, funds, and accounts of the board. Moneys appropriated for this chapter to the farmlands preservation account must be distributed for the acquisition and preservation of farmlands in order to maintain the opportunity for agricultural activity upon these lands.

(2)(a) Moneys appropriated for this chapter to the farmlands preservation account may be distributed for (i) the fee simple or less than fee simple acquisition of farmlands; (ii) the enhancement or restoration of ecological functions on those properties; or (iii) both. property through placing a conservation easement, or other form of deed restriction, on the property which dedicates the land to agricultural use and retains one or more property rights in perpetuity. Once an easement or other form of deed restriction is placed on the property, the city (\textit{amend}), county, nonprofit nature conservancy organization or association, or the conservation commission shall seek to sell the property, at fair market value, to a person or persons who will maintain the property in agricultural production. Any moneys from the sale of the property shall either be used to purchase interests in additional properties which meet the criteria in subsection (9) of this section, or to repay the grant from the state which was originally used to purchase the property.

(3) Cities (\textit{amend}), counties, nonprofit nature conservancy organizations or associations, and the conservation commission may apply for acquisition and enhancement or restoration funds for farmland preservation projects within their jurisdictions under subsection (1) of this section.

(4) The board may adopt rules establishing acquisition and enhancement or restoration policies and priorities for distributions from the farmlands preservation account.

(5) The acquisition of a property right in a project under this section by a county (\textit{amend}), city, nonprofit nature conservancy organization or association, or the conservation commission does not provide a right of access to the property by the public unless explicitly provided for in a conservation easement or other form of deed restriction.

(6) Except as provided in RCW 79A.15.030(7), moneys appropriated for this section may not be used by the board to fund staff positions or other overhead expenses, or by a city (\textit{amend}), county, nonprofit nature conservancy organization or association, or the conservation commission to fund operation or maintenance of areas acquired under this chapter.

(7) Moneys appropriated for this section may be used by grant recipients for costs incidental to restoration and acquisition, including, but not limited to, surveying expenses, fencing, and signage.

(8) The board may not approve a local project where the local agency's or nonprofit nature conservancy organization's or association's share is less than the amount to be awarded from the farmlands preservation account. In-kind contributions, including contributions of a real property interest in land, may be used to satisfy the local agency's or nonprofit nature conservancy organization's or association's share.

(9) In determining the acquisition priorities, the board must consider, at a minimum, the following criteria:

(a) Community support for the project;
(b) A recommendation as part of a limiting factors or critical pathways analysis, a watershed plan or habitat conservation plan, or a coordinated regional or statewide plan;
(c) The likelihood of the conversion of the site to nonagricultural or more highly developed usage;
(d) Consistency with a local land use plan, or a regional or statewide recreational or resource plan. The projects that assist in the implementation of local shoreline master plans updated according to RCW 90.58.080 or local comprehensive plans updated according to RCW 36.70A.130 must be highly considered in the process;
(e) Benefits to salmonids;

   (iii) Occasional or periodic collector for storm water runoff;
   (iv) Agricultural sector job creation;
   (v) Migratory bird habitat and forage area; and
   (vi) Educational and curriculum potential.

(10) In allotting funds for environmental enhancement or restoration projects, the board will require the projects to meet the following criteria:

(a) Enhancement or restoration projects must further the ecological functions of the farmlands;
(b) The projects, such as fencing, bridging watercourses, replanting native vegetation, replacing culverts, clearing of waterways, etc., must be less than fifty percent of the acquisition cost of the project including any in-kind contribution by any party;
(c) The projects should be based on accepted methods of achieving beneficial enhancement or restoration results; and
(d) The projects should enhance the viability of the preserved farmland to provide agricultural production while conforming to any legal requirements for habitat protection.

(11) Before November 1st of each even-numbered year, the board will recommend to the governor a prioritized list of all projects to be funded under this section. The governor may remove projects from the list recommended by the board and must submit this amended list in the capital budget request to the legislature. The recreation and conservation office must report its findings and recommendations to the appropriate committees of the legislature by January 1, 2010.

MESSAGE FROM THE SENATE

April 10, 2009

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 1967 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 36.70A.110 and 2004 c 206 s 1 are each amended to read as follows:

(1) Each county that is required or chooses to plan under RCW 36.70A.040 shall designate an urban growth area or areas within which urban growth shall be encouraged and outside of which growth can occur only if it is not urban in nature. Each city that is located in such a county shall be included within an urban growth area. An urban growth area may include more than a single city. An urban growth area may include territory that is located outside of a city only if such territory already is characterized by urban growth whether or not the urban growth area includes a city, or is adjacent to territory already characterized by urban growth, or is a designated new fully contained community as defined by RCW 36.70A.350.

(2) Based upon the growth management population projection made for the county by the office of financial management, the county and each city within the county shall include areas and densities sufficient to permit the urban growth that is projected to occur in the county or city for the succeeding twenty-year period, except for those urban growth areas contained totally within a national historical reserve.

Each urban growth area shall permit urban densities and shall include greenbelt and open space areas. In the case of urban growth areas contained totally within a national historical reserve, the city may restrict densities, intensities, and forms of urban growth as determined to be necessary and appropriate to protect the physical, cultural, or historic integrity of the reserve. An urban growth area determination may include a reasonable land market supply factor and shall permit a range of urban densities and uses. In determining this market factor, cities and counties may consider local circumstances. Cities and counties have discretion in their comprehensive plans to make many choices about accommodating growth.

Within one year of July 1, 1990, each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040, shall begin consulting with each city located within its boundaries and each city shall propose the location of an urban growth area. Within sixty days of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall begin this consultation with each city located within its boundaries. The county shall attempt to reach agreement with each city on the location of an urban growth area or areas within which the city is located. If such an agreement is not reached with each city located within the urban growth area, the county shall justify in writing why it so designated the area an urban growth area. A city may object formally with the department over the designation of the urban growth area within which it is located. Where appropriate, the department shall attempt to resolve the conflicts, including the use of mediation services.

(3) Urban growth should be located first in areas already characterized by urban growth that have adequate existing public facility and service capacities to serve such development, second in areas already characterized by urban growth that will be served adequately by a combination of both existing public facilities and services and any additions to such facilities and services that are provided by either public or private sources, and third in the remaining portions of the urban growth areas. Urban growth may also be located in designated new fully contained communities as defined by RCW 36.70A.350.

(4) In general, cities are the units of local government most appropriate to provide urban governmental services. In general, it is not appropriate that urban governmental services be extended to or expanded in rural areas except in those limited circumstances shown to be necessary to protect basic public health and safety and the environment and when such services are financially supportable at rural densities and do not permit urban development.

(5) On or before October 1, 1993, each county that was initially required to plan under RCW 36.70A.040 shall adopt development regulations designating interim urban growth areas under this chapter. Within three years and three months of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall adopt development regulations designating interim urban growth areas under this chapter. Adoption of the interim urban growth areas may only occur after public notice; public hearing; and compliance with the state environmental policy act, chapter 43.21C RCW, and ((RCW 36.70A.110) under this section. Such action may be appealed to the appropriate growth management hearings board under RCW 36.70A.280. Final urban growth areas shall be adopted at the time of comprehensive plan adoption under this chapter.

(6) Each county shall include designations of urban growth areas in its comprehensive plan.

(7) An urban growth area designated in accordance with this section may include within its boundaries urban service areas or potential annexation areas designated for specific cities or towns within the county.

(8)(a) Except as provided in (b) of this subsection, the expansion of an urban growth area is prohibited into the one hundred year floodplain of any river or river segment that: (i) Is located west of the crest of the Cascade mountains; and (ii) has a mean annual flow of one thousand or more cubic feet per second as determined by the department of ecology.

(b) Subsection (8)(a) of this section does not apply to:

(i) Urban growth areas that are fully contained within a floodplain and lack adjacent buildable areas outside the floodplain;

(ii) Urban growth areas where expansions are precluded outside floodplains because:

(A) Urban governmental services cannot be physically provided to serve areas outside the floodplain; or

(B) Expansions outside the floodplain would require a river or estuary crossing to access the expansion; or

(iii) Urban growth areas where:

(A) Public facilities already exist within the floodplain and the expansion of an existing public facility is only possible on the land"
to be included in the urban growth area and located within the floodplain; or (B) Urban development already exists within a floodplain as of the effective date of this section and is adjacent to, but outside of, the urban growth area, and the expansion of the urban growth area is necessary to include such urban development within the urban growth area; or (C) The land is owned by a jurisdiction planning under this chapter or the rights to the development of the land have been permanently extinguished, and the following criteria are met: (i) The permissible use of the land is limited to one of the following: Outdoor recreation, environmentally beneficial projects, including but not limited to habitat enhancement or environmental restoration; storm water facilities; flood control facilities; or underground conveyances; and (ii) The development and use of such facilities or projects will not decrease flood storage, increase storm water runoff, discharge pollutants to fresh or salt waters during normal operations or floods, or increase hazards to people and property. (c) For the purposes of this subsection (8), "one hundred year floodplain" means the same as "special flood hazard area" as set forth in WAC 173-158-040 as it exists on the effective date of this section.

On page 1, line 2 of the title, after "floodplains," strike the remainder of the title and insert "and amending RCW 36.70A.110." and the same is herewith transmitted.

MESSAGE FROM THE SENATE

April 15, 2009

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2049 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION.  Sec. 1. The legislature finds that information technologies have substantially altered the roles and responsibilities of employees in many state agencies since the creation of the Washington management service. With the understanding that the current economic crisis dictates finding every possible efficiency, the legislature intends to review the state's senior management and exempt services and understands that possible refinements in the service are needed. A review, in consultation with the various stakeholders and in light of current best practices, is warranted. Sec. 2. RCW 41.06.133 and 2002 c 354 s 204 are each amended to read as follows:

(1) The director shall adopt rules, consistent with the purposes and provisions of this chapter and with the best standards of personnel administration, regarding the basis and procedures to be followed for:

(++) (a) The reduction, dismissal, suspension, or demotion of an employee;

(++) (b) Training and career development;

(++) (c) Probationary periods of six to twelve months and rejections of probationary employees, depending on the job requirements of the class, except that entry level state park rangers shall serve a probationary period of twelve months;

(++) (d) Transfers;

(++) (e) Promotional preferences;

(++) (f) Sick leaves and vacations;

(++) (g) Hours of work;

(++) (h) Layoffs when necessary and subsequent reemployment, except for the financial basis for layoffs;

(++) (i) The number of names to be certified for vacancies;

(++) (j) Adoption and revision of a state salary schedule to reflect the prevailing rates in Washington state private industries and other governmental units. The rates in the salary schedules or plans shall be increased if necessary to attain comparable worth under an implementation plan under RCW 41.06.155 and, for institutions of higher education and related boards, shall be competitive for positions of a similar nature in the state or the locality in which an institution of higher education or related board is located. Such adoption and revision is subject to approval by the director of financial management in accordance with chapter 43.88 RCW;

(++) (k) Increment increases within the series of steps for each pay grade based on length of service for all employees whose standards of performance are such as to permit them to retain job status in the classified service;

(++) (l) Optional lump sum relocation compensation approved by the agency director, whenever it is reasonably necessary that a person make a domiciliary move in accepting a transfer or other employment with the state. An agency must provide lump sum compensation within existing resources. If the person receiving the relocation payment terminates or causes termination with the state, for reasons other than layoff, disability separation, or other good cause as determined by an agency director, within one year of the date of the employment, the state is entitled to reimbursement of the lump sum compensation from the person;

(++) (m) Providing for veteran's preference as required by existing statutes, with recognition of preference in regard to layoffs and subsequent reemployment for veterans and their surviving spouses by giving such eligible veterans and their surviving spouses additional credit in computing their seniority by adding to their unbroken state service, as defined by the director, the veteran's service in the military not to exceed five years. For the purposes of this section, "veteran" means any person who has one or more years of active military service in any branch of the armed forces of the United States or who has less than one year's service and is discharged with a disability incurred in the line of duty or is discharged at the convenience of the government and who, upon termination of such service, has received an honorable discharge, a discharge for physical reasons with an honorable record, or a release from active military service with evidence of service other than that for which an undesirable, bad conduct, or dishonorable discharge is given. However, the surviving spouse of a veteran is entitled to the benefits of this section regardless of the veteran's length of active military service. For the purposes of this section, "veteran" does not include any person who has voluntarily retired with twenty or more years of active military service and whose military retirement pay is in excess of five hundred dollars per month."
(2) Rules adopted under this section by the director shall provide for local administration and management by the institutions of higher education and related boards, subject to periodic audit and review by the director.

(3) Rules adopted by the director under this section may be superseded by the provisions of a collective bargaining agreement negotiated under RCW 41.80.001 and 41.80.010 through 41.80.130. The supersession of such rules shall only affect employees in the respective collective bargaining units.

(4)(a) The director shall require that each state agency report annually the following data:

(i) The number of classified, Washington management service, and exempt employees in the agency and the change compared to the previous report;

(ii) The number of bonuses and performance-based incentives awarded to agency staff and the base wages of such employees; and

(iii) The cost of each bonus or incentive awarded.

(b) A report that compiles the data in (a) of this subsection for all agencies will be provided annually to the governor and the appropriate committees of the legislature and must be posted for the public on the department of personnel’s agency web site.

Sec. 3. RCW 41.06.170 and 2002 c 354 s 213 are each amended to read as follows:

(1) The director, in the adoption of rules governing suspensions for cause, shall not authorize an appointing authority to suspend an employee for more than fifteen calendar days as a single penalty or more than thirty calendar days in any one calendar year as an accumulation of several penalties. The director shall require that the appointing authority give written notice to the employee not later than one day after the suspension takes effect, stating the reasons for and the duration thereof.

(2) Any employee who is reduced, dismissed, suspended, or demoted, after completing his or her probationary period of service as provided by the rules of the director, or any employee who is adversely affected by a violation of the state civil service law, chapter 41.06 RCW, or rules adopted under it, shall have the right to appeal, either individually or through his or her authorized representative, not later than thirty days after the effective date of such action to the personnel appeals board through June 30, 2005, and to the Washington personnel resources board after June 30, 2005. The employee shall be furnished with specified charges in writing when a reduction, dismissal, suspension, or demotion action is taken. Such appeal shall be in writing. Decisions of the Washington personnel resources board on appeals filed after June 30, 2005, shall be final and not subject to further appeal.

(3) Any employee whose position has been exempted after July 1, 1993, shall have the right to appeal, either individually or through his or her authorized representative, not later than thirty days after the effective date of such action to the personnel appeals board through June 30, 2005, and to the Washington personnel resources board after June 30, 2005. If the position being exempted is vacant, the exclusive bargaining unit representative may act in lieu of an employee for the purposes of appeal.

(4) An employee incumbent in a position at the time of its allocation or reallocation, or the agency utilizing the position, may appeal the allocation or reallocation to the personnel appeals board through December 31, 2005, and to the Washington personnel resources board after December 31, 2005. Notice of such appeal must be filed in writing within thirty days of the action from which appeal is taken.

(5) Subsections (1) and (2) of this section do not apply to any employee who is subject to the provisions of a collective bargaining agreement negotiated under RCW 41.80.001 and 41.80.010 through 41.80.130."

On page 1, line 1 of the title, after “employment;” strike the remainder of the title and insert “amending RCW 41.06.133 and 41.06.170; and creating a new section.”

There being no objection, the House concurred in the Senate amendment to ENGROSSED SUBSTITUTE HOUSE BILL NO. 2049 and advanced the bill as amended by the Senate to final passage.

MESSAGE FROM THE SENATE

April 10, 2009

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2072 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 47.06B RCW to read as follows:

(1) In 2007, the legislature directed the joint transportation committee to conduct a study of special needs transportation to examine and evaluate the effectiveness of special needs transportation in the state. A particular goal of the study was to explore opportunities to enhance coordination of special needs transportation programs to ensure that they are delivered efficiently and result in improved access and increased mobility options for their clients. It is the intent of the legislature to further consider some of the recommendations, and to implement many of these recommendations in the form of two pilot projects that will test the potential for applying these recommendations statewide in the future.

(2) The legislature is aware that the department of social and health services submitted an application in December of 2008 to the federal centers for medicare and medicaid services, seeking approval to use the medical match system, a federal funding system that has different requirements from the federal administrative match system currently used by the department. It is the intent of the legislature to advance the goals of this act and the recommendations of the study identified in subsection (1) of this section without jeopardizing the application made by the department."
(3) By August 15, 2009, the agency council on coordinated transportation shall appoint a work group for the purpose of identifying relevant federal requirements related to special needs transportation, and identifying solutions to streamline the requirements and increase efficiencies in transportation services provided for persons with special transportation needs. To advance its purpose, the work group shall work with relevant federal representatives and agencies to identify and address various challenges and barriers.

(4) Membership of the work group must include, but not be limited to, one or more representatives from:
(a) The departments of transportation, veterans affairs, health, and social and health services;
(b) Medicaid nonemergency medical transportation brokers;
(c) Public transit agencies;
(d) Regional and metropolitan transportation planning organizations, including a representative of the regional transportation planning organization or organizations that provide staff support to the local coordinating coalition established under section 9 of this act;
(e) Indian tribes;
(f) The agency council on coordinated transportation;
(g) The local coordinating coalitions established under section 9 of this act; and
(h) The office of the superintendent of public instruction.

(5) The work group shall elect one or more of its members to serve as chair or cochairs.

(6) The work group shall immediately contact representatives of the federal congressional delegation for Washington state and the relevant federal agencies and coordinating authorities including, but not limited to, the federal transit administration, the United States department of health and human services, and the interagency transportation coordinating council on access and mobility.

(2) The work group must be chaired by a representative of the agency council on coordinated transportation, and members must include one or more representatives of:
(a) Regional and metropolitan planning organizations;
(b) Transit agencies;
(c) Brokerages providing nonemergency medical transportation services; and
(d) The department of social and health services.

(7) The work group may consider any recommendation resulting from the study identified in section 1(1) of this act, and shall specifically consider the study's recommendations regarding the procurement and designation of community access managers, including:
(a) The most appropriate agency to make those designations;
(b) The preferred geographic regions in which to establish community access managers;
(c) The duties and responsibilities of community access managers; and
(d) Any study recommendations that may interfere with the department's application as described in section 1(2) of this act, and potential solutions to those issues.

(4) The work group may also develop an alternative to the community access manager model proposed in the 2009 special needs transportation study recommendations, as described in section 1(1) of this act, as a recommendation to be considered by the joint transportation committee. Any proposed alternative model must build upon the work conducted in the pilot projects under section 11 of this act and the work completed in the 2009 study, and must be consistent with the goals of the 2009 study.

(5) Subject to available funds, the work group may consult with other agencies and organizations as needed.

(6) By December 1, 2009, the agency council on coordinated transportation shall submit a report to the joint transportation committee describing the work group's findings and recommendations for implementing the study recommendations. If the work group finds that additional time is needed to complete its analysis, a second progress report must be submitted to the joint transportation committee by June 1, 2010.

Sec. 3. RCW 47.06B.010 and 2007 c 421 s 1 are each amended to read as follows:

The legislature finds that transportation systems for persons with special needs are not operated as efficiently as possible. In too many cases, programs established by the legislature to assist persons with special needs can not be accessed due to these inefficiencies and coordination barriers.

The legislature further finds that the transportation needs of each community are unique, and that transportation services may be improved by establishing a system of statewide oversight that seeks input, collaboration, and cooperation from and among all local service providers, including public agencies, private organizations, and community-based groups.

It is the intent of the legislature that public transportation agencies, pupil transportation programs, private nonprofit transportation providers, and other public agencies sponsoring programs that require transportation services coordinate those transportation services. Through coordination of transportation services, programs will achieve increased efficiencies and will be able to provide more rides to a greater number of persons with special needs.

Sec. 4. RCW 47.06B.020 and 2007 c 421 s 2 are each amended to read as follows:

(2) By December 1, 2009, the agency council on coordinated transportation shall submit a report to the joint transportation committee that, at a minimum, describes the progress made towards the goals of this section. If necessary, a second progress report must be submitted to the joint transportation committee by June 1, 2010, and a final report must be submitted to the joint transportation committee by December 1, 2010.

NEW SECTION. Sec. 7. A new section is added to chapter 47.06B RCW to read as follows:
(1) In cooperation with the department of social and health services and the Washington state patrol, the agency council on coordinated transportation shall make progress toward the goal of establishing a single clearinghouse for driver background checks within the most cost-effective agency. The report must also include the required performance measure evaluations established in RCW 47.06B.030(4). The information will be reported in a form established by the council.

NEW SECTION. Sec. 9. A new section is added to chapter 47.06B RCW to read as follows:

(b) Persons with developmental disabilities are often confused with persons with mental illness. These populations are different and must be understood as distinct groups, with different reasonable accommodation needs; and

(2) The legislature intends to improve the ability of corrections institutions to better identify and provide safe, appropriate accommodations for persons with developmental disabilities.

NEW SECTION. Sec. 2. (1) Within state and federal funds appropriated or otherwise available for this purpose, a work group is established, to be cochaired by representatives of the developmental disabilities council and the Washington association of sheriffs and police chiefs, to address issues relating to persons with developmental disabilities who are confined in correctional facilities.

(d) The establishment of new options under the sentencing reform act to divert persons with developmental disabilities from the criminal justice system while maintaining public safety;
(e) The feasibility of developing and adopting law enforcement training for responding to persons with developmental disabilities that is analogous to the crisis intervention training currently provided to law enforcement officers for responding to alleged criminal behavior by persons with mental illness;
(f) The feasibility of adopting standardized statewide screening and application practices and forms designed to facilitate the application of a confined person who is likely to be eligible for medical assistance services by the division of developmental disabilities;
(g) The need for and feasibility of developing a screening tool and training for corrections staff to be used to identify persons with developmental disabilities who are confined in prison with the department of corrections similar to the tool to be developed for jails under subsection (4) of this section; and
(h) The feasibility of developing a screening tool for traumatic brain injuries, and information on best practices and training regarding appropriate accommodations for persons with traumatic brain injuries.

(4) By July 1, 2010, the work group shall develop:

SUBSTITUTE HOUSE BILL NO. 2079, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 13, 2009

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 2119 with the following amendment:

"NEW SECTION. Sec. 1. (1) The legislature finds that the economy of the state of Washington requires a well-prepared workforce. To meet the need, more Washington students need to be prepared for postsecondary education and training. Further, the personal enrichment and success of Washington citizens increasingly relies on their ability to use the state's postsecondary education and training system. To accomplish those ends, the legislature desires to increase the number of students who begin earning college credits while still in high school.

(2) The legislature further finds that dual credit programs introduce students to college-level work, provide a jump start on getting a college degree, and, perhaps most importantly, show students that they can succeed in college. Dual credit programs also provide another avenue of student financial aid, since many programs are offered for little or no cost to students.

(3) The legislature also finds that students must be provided a choice when selecting a dual credit program that is right for them. Options should be available for the student who wants to learn on a college campus and the student who wants to stay at the high school and take college-level courses. Options must also be available for the hands-on learner who seeks to complete an apprenticeship program.

(4) The legislature intends to blur the line between high school and college by articulating a vision to dramatically increase participation in dual credit programs. It is for this reason that the legislature should call on all education stakeholders to come together to coordinate resources, track outcomes, and improve program availability.

(5) The legislature further intends to provide high schools, colleges, and universities with a set of tools for growing and coordinating dual credit programs. Institutions should be given some flexibility in determining the best methods to secure long-term, ample financial support for these programs, while students should be given some help in offsetting instructional costs.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.600 RCW to read as follows:

(1) The office of the superintendent of public instruction, in collaboration with the state board for community and technical colleges, the Washington state apprenticeship and training council, the workforce training and education coordinating board, the higher education coordinating board, and the public baccalaureate institutions, shall report by September 1, 2010, and annually thereafter to the education and higher education committees of the legislature regarding participation in dual credit programs. The report shall include:

(a) Data about student participation rates and academic performance including but not limited to running start, college in the high school, tech prep, international baccalaureate, advanced placement, and running start for the trades;

(b) Data on the total unduplicated head count of students enrolled in at least one dual credit program course; and

(c) The percentage of students who enrolled in at least one dual credit program as percent of all students enrolled in grades nine through twelve.

(2) Data on student participation shall be disaggregated by race, ethnicity, gender, and receipt of free or reduced-price lunch.

NEW SECTION. Sec. 3. A new section is added to chapter 28A.600 RCW to read as follows:

(1) The superintendent of public instruction, the state board for community and technical colleges, the higher education coordinating board, and the public baccalaureate institutions shall jointly develop and each adopt rules governing the college in the high school program. The association of Washington school principals shall be consulted during the rules development. The rules shall be written to encourage the maximum use of the program and may not narrow or limit the enrollment options.

(2) College in the high school programs shall each be governed by a local contract between the district and the institution of higher education, in compliance with the guidelines adopted by the superintendent of public instruction, the state board for community and technical colleges, and the public baccalaureate institutions.

(3) The college in the high school program must include the provisions in this subsection.

(a) The high school and institution of higher education together shall define the criteria for student eligibility. The institution of higher education may charge tuition fees to participating students.

(b) School districts shall report no student for more than one full-time equivalent including college in the high school courses.

(c) The funds received by the institution of higher education may not be deemed tuition or operating fees and may be retained by the institution of higher education.

(d) Enrollment information on persons registered under this section must be maintained by the institution of higher education separately from other enrollment information and may not be included in official enrollment reports, nor may such persons be considered in any enrollment statistics that would affect higher education budgetary determinations.

(e) A school district must grant high school credit to a student enrolled in a program course if the student successfully completes the course. If no comparable course is offered by the school district, the school district superintendent shall determine how many credits to award for the course. The determination shall be made in writing before the student enrolls in the course. The credits shall be applied toward graduation requirements and subject area requirements.
Evidence of successful completion of each program course shall be included in the student's secondary school records and transcript.

(f) An institution of higher education must grant college credit to a student enrolled in a program course if the student successfully completes the course. The college credit shall be applied toward general education requirements or major requirements. If no comparable course is offered by the college, the institution of higher education at which the teacher of the program course is employed shall determine how many credits to award for the course and whether the course fulfills general education or major requirements. Evidence of successful completion of each program course must be included in the student's college transcript.

(g) Eleventh and twelfth grade students or students who have not yet received a high school diploma or its equivalent and are eligible to be in the eleventh or twelfth grades may participate in the college in the high school program.

(h) Participating school districts must provide general information about the college in the high school program to all students in grades ten, eleven, and twelve and to the parents and guardians of those students.

(i) Full-time and part-time faculty at institutions of higher education, including adjunct faculty, are eligible to teach program courses.

(j) The definitions in this subsection apply throughout this section.

(a) "Institution of higher education" has the meaning in RCW 28B.10.016 and also includes a public tribal college located in Washington and accredited by the Northwest Commission on colleges and universities or another accrediting association recognized by the United States department of education.

(b) "Program course" means a college course offered in a high school under the college in the high school program.

NEW SECTION. Sec. 4. A new section is added to chapter 28A.600 RCW to read as follows:

The superintendent of public instruction and the higher education coordinating board shall develop advising guidelines to assure that students and parents understand that college credits earned in high school dual credit programs may impact eligibility for financial aid.

Sec. 5. RCW 28A.225.290 and 1990 1st ex.s.s. c 9 s 207 are each amended to read as follows:

(1) The superintendent of public instruction shall prepare and annually distribute an information booklet outlining parents' and guardians' enrollment options for their children.

(2) Before the 1991-92 school year, the booklet shall be distributed to all school districts by the office of the superintendent of public instruction. School districts shall have a copy of the information booklet available for public inspection at each school in the district, school office, and in public libraries.

(3) The booklet shall include:

(a) Information about enrollment options and program opportunities, including but not limited to programs in RCW 28A.225.220, 28A.185.040, 28A.225.200 through 28A.225.215, 28A.225.230 through 28A.225.250, and 28A.340.010 through 28A.340.070 (small high school cooperative projects), and 28A.335.160.

(b) Information about the running start ("community college or vocational-technical institute") choice program under RCW 28A.230.090.

(c) Information about the seventh and eighth grade choice program under RCW 28A.600.300 through (28A.600.395) 28A.600.400.

Sec. 6. RCW 28A.600.160 and 1998 c 225 s 2 are each amended to read as follows:

Any middle school, junior high school, or high school using educational pathways shall ensure that all participating students will continue to have access to the courses and instruction necessary to meet admission requirements at baccalaureate institutions. Students shall be allowed to enter the educational pathway of their choice. Before accepting a student into an educational pathway, the school shall inform the student's parent or the pathway chosen, the opportunities available to the student through the pathway, and the career objectives the student will have exposure to while pursuing the pathway. Parents and students dissatisfied with the opportunities available through the selected educational pathway shall be provided with the opportunity to transfer the student to any other pathway provided in the school. Schools may not develop educational pathways that retain students in high school beyond the date they are eligible to graduate, and may not require students who transfer between pathways to complete pathway requirements beyond the date the student is eligible to graduate. Educational pathways may include, but are not limited to, programs such as (work-based) on-the-job training, (work-based) internships, (work-based) career and technical education, running start, community college, or university education.

Sec. 7. RCW 28A.600.300 and 2005 c 207 s 5 are each amended to read as follows:

(1) The program established in this section through RCW 28A.600.400 shall be known as the running start program.

(2) For the purposes of RCW 28A.600.310 through 28A.600.400, "participating institution of higher education" or "institution of higher education" means:

(a) A community or technical college as defined in RCW 28B.50.030;

(b) A public tribal college located in Washington and accredited by the Northwest Commission on colleges and universities or another accrediting association recognized by the United States department of education;

(c) Central Washington University, Eastern Washington University, Washington State University, and The Evergreen State College, if the institution's governing board decides to participate in the program in RCW 28A.600.310 through 28A.600.400.

Sec. 8. RCW 28A.600.310 and 2005 c 125 s 1 are each amended to read as follows:

(1) Eleventh and twelfth grade students or students who have not yet received the credits required for the award of a high school diploma and are eligible to be in the eleventh or twelfth grades may apply to a participating institution of higher education to enroll in courses or programs offered by the institution of higher education. A student receiving home-based instruction enrolling in a public high school for the sole purpose of participating in courses or programs offered by institutions of higher education shall not be counted by the school district in any required state or federal accountability reporting if the student's parents or guardians filed a declaration of intent to provide home-based instruction and the student received home-based instruction during the school year before the school year in which the student intends to participate in courses or programs offered by the institution of higher education. Students receiving home-based instruction under chapter 28A.200 RCW and attending private schools approved under chapter 28A.195 RCW shall be required to be in attendance at school with a certificate of academic achievement or a certificate of individual achievement to graduate from high school, or to master the essential academic learning requirements. However, students are eligible to enroll in courses or programs in participating universities only if the board of directors of the student's school district has decided to participate in the program. Participating institutions of higher education, in consultation with school districts, may establish admission standards for these students. If the institution of higher education accepts a secondary school pupil for enrollment under this section, the institution of higher education shall send written notice to the pupil and the pupil's school district within ten days of acceptance. The notice shall indicate the course and hours of enrollment for that pupil.

(2) In lieu of tuition and fees, as defined in RCW 28B.15.020 and 28B.15.041, running start students shall pay to the community or technical college all other mandatory fees as established by each community or technical college, and all other institutions of higher education operating a running start program, any charge for technology fees. The fees charged shall be prorated based on credit load.

(3) The institutions of higher education must make available fee waivers for low-income running start students. Each institution must establish a written policy for the determination of low-income students before offering the fee waiver. A student shall be considered low income and eligible for a fee waiver upon proof that
the student is currently qualified to receive free or reduced-price lunch. Acceptable documentation of low-income status may also include, but is not limited to, documentation that a student has been deemed eligible for free or reduced-price lunches in the last five years, or other criteria established in the institution’s policy.

(4) The pupil's school district shall transmit to the institution of higher education an amount per each full-time equivalent college student at statewide uniform rates for vocational and nonvocational students. The superintendent of public instruction shall separately calculate and allocate moneys appropriated for basic education under RCW 28A.150.260 to school districts for purposes of making such payments and for granting school districts seven percent thereof to offset program related costs. The calculations and allocations shall be based upon the estimated statewide annual average per full-time equivalent high school student allocations under RCW 28A.150.260, excluding small high school enhancements, and applicable rules adopted under chapter 34.05 RCW. The superintendent of public instruction, the higher education coordinating board, and the state board for community and technical colleges shall consult on the calculation and distribution of the funds. ((The institution of higher education shall not require the pupil to pay any other fees.) The funds received by the institution of higher education from the school district shall not be deemed tuition or operating fees and may be retained by the institution of higher education. A student enrolled under this subsection shall ((not)) be counted for the purpose of ((determining any)) meeting enrollment ((restrictions imposed by the state on the institution of higher education)) targets in accordance with terms and conditions specified in the omnibus appropriations act.

(5) The state board for community and technical colleges, in collaboration with the other institutions of higher education that participate in the running start program and the office of the superintendent of public instruction, shall identify, assess, and report on alternatives for providing ongoing and adequate financial support for the program. Such alternatives shall include but are not limited to student tuition, increased support from local school districts, and reallocation of existing state financial support among the community and technical college system to account for differential running start enrollment levels and impacts. The state board for community and technical colleges shall report the assessment of alternatives to the governor and to the appropriate fiscal and policy committees of the legislature by September 1, 2010."

On page 1, line 1 of the title, after "opportunities:" strike the remainder of the line and add "amending RCW 28A.225.290, 28A.600.160, 28A.600.300, and 28A.600.310; adding new sections to chapter 28A.600 RCW; and creating a new section."

and the same is herewith transmitted.

Sec. 2. RCW 80.80.040 and 2007 c 307 s 5 are each amended to read as follows:

(1) Beginning July 1, 2008, the greenhouse (\( \mathrm{gases} \)) gas emissions performance standard for all baseload electric generation for which electric utilities enter into long-term financial commitments on or after such date is the lower of:
   (a) One thousand one hundred pounds of greenhouse gases per megawatt-hour; or
   (b) The average available greenhouse (\( \mathrm{gases} \)) gas emissions output as determined under RCW 80.80.050.

(2) This chapter does not apply to long-term financial commitments with the Bonneville power administration.

(3) All baseload electric generation facilities in operation as of June 30, 2008, are deemed to be in compliance with the greenhouse (\( \mathrm{gases} \)) gas emissions performance standard established under this section until the facilities are the subject of long-term financial commitments. All baseload electric generation that commences operation after June 30, 2008, and is located in Washington, must comply with the greenhouse (\( \mathrm{gases} \)) gas emissions performance standard established in subsection (1) of this section.

(4) All electric generation facilities or power plants powered exclusively by renewable resources, as defined in RCW 19.280.020, are deemed to be in compliance with the greenhouse (\( \mathrm{gases} \)) gas emissions performance standard established under this section.

(5) All cogeneration facilities in the state that are fueled by natural gas or waste gas or a combination of the two fuels, and that are in operation as of June 30, 2008, are deemed to be in compliance with the greenhouse (\( \mathrm{gases} \)) gas emissions performance standard established under this section until the facilities are the subject of a new ownership interest or are upgraded.

(6) In determining the rate of emissions of greenhouse gases for baseload electric generation, the total emissions associated with producing electricity shall be included.

(7) In no case shall a long-term financial commitment be determined to be in compliance with the greenhouse gas emissions performance standard if the commitment includes more than twelve percent of electricity from unspecified sources.

(8) For a long-term financial commitment with multiple power plants, each specified power plant must be treated individually for the purpose of determining the annualized plant capacity factor and net emissions, and each power plant must comply with subsection (1) of this section, except as provided in subsections (3) through (5) of this section.

(9) The department shall establish an output-based methodology to ensure that the calculation of emissions of greenhouse gases for a cogeneration facility recognizes the total useful energy output of the process, and includes all greenhouse gases emitted by the facility in the production of both electrical and thermal energy. In developing and implementing the greenhouse (\( \mathrm{gases} \)) gas emissions performance standard, the department shall consider and act in a manner consistent with any rules adopted pursuant to the public utilities regulatory policy act of 1978 (16 U.S.C. Sec. 824a-3), as amended.

(10) The following greenhouse (\( \mathrm{gases} \)) gas emissions produced by baseload electric generation owned or contracted through a long-term financial commitment shall not be counted as emissions of the power plant in determining compliance with the greenhouse (\( \mathrm{gases} \)) gas emissions performance standard:
   (a) Those emissions that are injected permanently in geological formations;
   (b) Those emissions that are permanently sequestered by other means approved by the department; and
   (c) Those emissions sequestered or mitigated as approved under subsection (10) of this section.

(11) In adopting and implementing the greenhouse (\( \mathrm{gases} \)) gas emissions performance standard, the department shall, with assistance of the commission, the department of community, trade, and economic development energy policy division, in consultation with the commission, the department, the Bonneville power administration, the western electricity coordination council, the energy facility site evaluation council, electric utilities, public interest representatives, and consumer representatives, consider the effects of the greenhouse (\( \mathrm{gases} \)) gas emissions performance standard on system reliability and overall costs to electricity customers.

(12) In developing and implementing the greenhouse (\( \mathrm{gases} \)) gas emissions performance standard, the department shall, with assistance of the commission, the department of community, trade, and economic development energy policy division, and electric utilities, and to the extent practicable, address long-term purchases of electricity from unspecified sources in a manner consistent with this chapter.

(13) The directors of the energy facility site evaluation council and the department shall each adopt rules under chapter 19.280 RCW in coordination with each other to implement and enforce the greenhouse (\( \mathrm{gases} \)) gas emissions performance standard. The rules necessary to implement this section shall be adopted by June 30, 2008.

(14) In adopting the rules for implementing this section, the energy facility site evaluation council and the department shall include criteria to be applied in evaluating the carbon sequestration
plan, for baseload electric generation that will rely on subsection (((III))) (10) of this section to demonstrate compliance, but that will commence sequestration after the date that electricity is first produced. The rules shall include but not be limited to:

(a) Provisions for financial assurances, as a condition of plant operation, sufficient to ensure successful implementation of the carbon sequestration plan, including construction and operation of necessary equipment, and any other significant costs;

(b) Provisions for geological or other approved sequestration commencing within five years of plant operation, including full and sufficient geological documentation to support the planned sequestration;

(c) Provisions for monitoring the effectiveness of the implementation of the sequestration plan;

(d) Penalties for failure to achieve implementation of the plan on schedule;

(e) Provisions for an owner to purchase emissions reductions in the event of the failure of a sequestration plan under subsection (((IV))) (16) of this section; and

(f) Provisions for public notice and comment on the carbon sequestration plan.

(((III))) (15) (a) Except as provided in (b) of this subsection, as part of its role enforcing the greenhouse gases emissions performance standard, the department shall determine whether sequestration or a plan for sequestration will provide safe, reliable, and permanent protection against the greenhouse gases entering the atmosphere from the power plant and all ancillary facilities.

(b) For facilities under its jurisdiction, the energy facility site evaluation council shall contract for review of sequestration or the carbon sequestration plan with the department consistent with the conditions under (a) of this subsection, consider the adequacy of sequestration or the plan in its adjudicative proceedings conducted under RCW 80.50.090(3), and incorporate specific findings regarding adequacy in its recommendation to the governor under RCW 80.50.100.

(((IV))) (16) A project under consideration by the energy facility site evaluation council by July 22, 2007, is required to include all of the requirements of subsection (((IV))) (14) of this section in its carbon sequestration plan submitted as part of the energy facility site evaluation council process. A project under consideration by the energy facility site evaluation council by July 22, 2007, that receives final site certification agreement approval under chapter 80.50 RCW shall make a good faith effort to implement the sequestration plan. If the project owner determines that implementation is not feasible, the project owner shall submit documentation of that determination to the energy facility site evaluation council. The documentation shall demonstrate the steps taken to implement the sequestration plan and evidence of the technological and economic barriers to success. The project owner shall then provide to the energy facility site evaluation council notification that they shall implement the plan that requires the project owner to meet the greenhouse gases emissions performance standard by purchasing verifiable greenhouse gases emissions reductions from an electric generating facility located within the western interconnection, where the reduction would not have occurred otherwise or absent this contractual agreement, such that the sum of the emissions reductions purchased and the facility's emissions meets the standard for the life of the facility.

Sec. 3. RCW 80.80.060 and 2007 c 307 s 8 are each amended to read as follows:

(1) No electrical company may enter into a long-term financial commitment unless the baseload electric generation supplied under such a long-term financial commitment complies with the greenhouse gases emissions performance standard established under RCW 80.80.040.

(2) In order to enforce the requirements of this chapter, the commission shall review in a general rate case or as provided in subsection (5) of this section any long-term financial commitment entered into by an electrical company after June 30, 2008, to determine whether the baseload electric generation to be supplied under that long-term financial commitment complies with the greenhouse gases emissions performance standard established under RCW 80.80.040.

(3) In determining whether a long-term financial commitment is for baseload electric generation, the commission shall consider the design of the power plant and its intended use, based upon the electricity purchase contract, if any, permits necessary for the operation of the power plant, and any other matter the commission determines is relevant under the circumstances.

(4) Upon application by an electric utility, the commission may provide a case-by-case exemption from the greenhouse gases emissions performance standard to address: (a) Unanticipated electric system reliability needs; (b) extraordinary cost impacts on utility ratepayers; or (c) catastrophic events or threat of significant financial harm that may arise from unforeseen circumstances.

(5) Upon application by an electrical company, the commission shall determine whether the company's proposed decision to acquire electric generation or enter into a power purchase agreement for electricity complies with the greenhouse gases emissions performance standard established under RCW 80.80.040(( whether the company has a need for the resource, and whether the specific resource selected is appropriate. The commission shall take into consideration factors such as the company's forecasted loads, need for energy, power plant technology, expected costs, and other associated investment decisions)). The commission shall not decide in a proceeding under this subsection (5) issues involving the actual costs to construct and operate the selected resource, costs of recovery, or other issues reserved by the commission for decision in a general rate case or other proceeding for recovery of the resource or contract costs. (A proceeding under this subsection (5) shall be conducted pursuant to chapter 34.05 RCW (part IV). The commission shall adopt rules to provide that the schedule for a proceeding under this subsection takes into account both (a) the needs of the parties to the proposed resource acquisition or power purchase agreement for timely decisions that allow transactions to be completed; and (b) the procedural rights to be provided to parties in chapter 34.05 RCW (part IV), including intervention, discovery, briefing, and hearing).

(6) An electrical company may account for and defer for later consideration by the commission costs incurred in connection with (((the))) a long-term financial commitment, including operating and maintenance costs, depreciation, taxes, and cost of invested capital. The deferral begins with the date on which the power plant begins commercial operation or the effective date of the power purchase agreement and continues for a period not to exceed twenty-four months; provided that if during such period the company files a general rate case or other proceeding for the recovery of such costs, deferral ends on the effective date of the final decision by the commission in such proceeding. Creation of such a deferral account does not by itself determine the actual costs of the long-term financial commitment, whether recovery of any or all of these costs is appropriate, or other issues to be decided by the commission in a general rate case or other proceeding. For the purpose of this subsection (6) only, the term "long-term financial commitment" also includes an electric company's ownership or power purchase agreement with a term of five or more years associated with an eligible renewable resource as defined in RCW 19.285.010.

(7) The commission shall consult with the department to apply the procedures adopted by the department to verify the emissions of greenhouse gases from baseload electric generation under RCW 80.80.040. The department shall report to the commission whether baseload electric generation will comply with the greenhouse gases emissions performance standard for the duration of the period the baseload electric generation is supplied to the electrical company.

(8) The commission shall adopt rules for the enforcement of this section with respect to electrical companies and adopt procedural rules for approving costs incurred by an electrical company under subsection (4) of this section.

(9) The commission shall adopt rules necessary to implement this section by December 31, 2007.

Sec. 4. RCW 80.80.070 and 2007 c 307 s 9 are each amended to read as follows:

(1) No consumer-owned utility may enter into a long-term financial commitment unless the baseload electric generation supplied under such a long-term financial commitment complies with
the greenhouse \((\text{green})\) gas emissions performance standard established under RCW 80.80.040.

(2) The governing board shall review and make a determination on any long-term financial commitment by the utility, pursuant to this chapter and after consultation with the department, to determine whether the baseload electric generation to be supplied under that long-term financial commitment complies with the greenhouse \((\text{green})\) gas emissions performance standard established under RCW 80.80.040.

(3) In confirming that a long-term financial commitment is for baseload electric generation, the governing board shall consider the design of the power plant and the intended use of the power plant based upon the electricity purchase contract, if any, permits necessary for the operation of the power plant, and any other matter the governing board determines is relevant under the circumstances.

(4) The governing board may provide a case-by-case exemption from the greenhouse \((\text{green})\) gas emissions performance standard to address: (a) Unanticipated electric system reliability needs; (b) extraordinary cost impacts on utility ratepayers; or (c) catastrophic events or threat of significant financial harm that may arise from unforeseen circumstances.

(5) The governing board shall apply the procedures adopted by the department to verify the emissions of greenhouse gases from baseload electric generation under RCW 80.80.040, and may request assistance from the department in doing so.

(6) For consumer-owned utilities, the auditor is responsible for auditing compliance with this chapter and rules adopted under this chapter that apply to those utilities and the attorney general is responsible for enforcing that compliance.

MESSAGE FROM THE SENATE

April 10, 2009

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2157 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:

(1) Washington has made significant investments in watershed-based activities, including the establishment of water resource inventory area (WRIA) planning units and lead agencies, lead entities, and regional salmon recovery organizations across the state.

Washington watersheds have developed subbasin plans under the Northest power and conservation council and national oceanic and atmospheric administration-approved regional salmon recovery plans that include locally prioritized salmon recovery projects;

(2) The governor's salmon recovery office was established to support the development and implementation of regional salmon recovery plans, to assist local governments in obtaining federal assurances, and to issue a biennial state of the salmon report;

(3) The salmon recovery funding board provides grants for salmon recovery and the forum on monitoring salmon recovery and watershed health works to provide greater coordination on monitoring. Administrative support for the board and the forum are provided by the recreation and conservation office;

(4) Lead entity funding to support infrastructure and capacity needs is provided through the recreation and conservation office, which contracts with the department of fish and wildlife to implement the program. Funding for WRIA planning units and lead agencies to develop and implement watershed-based plans under RCW 90.82.040 is provided by the department of ecology; and

(5) Currently, state watershed and salmon recovery-based programs are split among several state agencies or offices. Efficient implementation of these efforts will be enhanced by promoting consolidation and integration of their activities and programs. In addition, consolidation of reporting benefits the public and decision makers regarding watershed health, which includes salmon recovery.

It is also the intent of the legislature, in cooperation with local and regional officials, and respecting the ability of local citizens and officials to organize in ways best suited to address local needs, to encourage the development of incentives that consolidate existing processes and promote more effective implementation of salmon recovery plans and watershed planning and implementation.

Sec. 2. RCW 77.85.030 and 2007 c 444 s 3 are each amended to read as follows:

(1) The governor's salmon recovery office ("created within the office of the governor") shall coordinate state strategy to allow for salmon recovery to healthy sustainable population levels with productive commercial and recreational fisheries. ((The primary purpose of the office is to coordinate and assist in the development, implementation, and revision of regional salmon recovery plans as an integral part of a statewide strategy developed consistent with the guiding principles and procedures under RCW 77.85.150.))

(2) The governor's salmon recovery office is also responsible for maintaining the statewide salmon recovery strategy to reflect applicable provisions of regional recovery plans, habitat protection and restoration plans, water quality plans, and other private, local, regional, state agency and federal plans, projects, and activities that contribute to salmon recovery.

(3) (The governor's salmon recovery office shall also gather regional recovery plans from regional recovery organizations and submit the plans to the federal fish services for adoption as federal recovery plans.)) The governor's salmon recovery office shall also work with regional salmon recovery organizations on salmon
recovery issues in order to ensure a coordinated and consistent statewide approach to salmon recovery (the governor’s salmon recovery office) and shall work with federal agencies to accomplish implementation of federal commitments in the recovery plans.

(4) The governor’s salmon recovery office may also:
(a) Assist state agencies, local governments, landowners, and other interested parties in obtaining federal assurances that plans, programs, or activities are consistent with fish recovery under the federal endangered species act;
(b) Act as liaison to local governments, the state congressional delegation, the United States congress, federally recognized tribes, and the federal executive branch agencies for issues related to the state’s salmon recovery plans;
(c) Provide periodic reports pursuant to RCW 77.85.020;
(d) Provide, as appropriate, technical and administrative support to the independent science panels (or other science-related panels) on issues pertaining to salmon recovery;
(e) In cooperation with the regional recovery organizations, prepare a timeline and implementation plan that, together with a schedule and recommended budget, identifies specific actions in regional recovery plans for state agency actions and assistance necessary to implement local and regional recovery plans; and
(f) As necessary, provide recommendations to the legislature that would further the success of salmon recovery, including recommendations for state agency actions in the succeeding biennium and state financial and technical assistance for projects and activities to be undertaken in local and regional salmon recovery plans. The recommendations may include:
(i) The need to expand or improve nonregulatory programs and activities; and
(ii) The need for state funding assistance to recovery activities and projects.

(5) (This section expires June 30, 2015)) For administrative purposes, the governor’s salmon recovery office is located within the recreation and conservation office.

Sec. 3. RCW 77.85.030 and 2005 c 309 s 6 are each amended to read as follows:

(1) (a) Counties, cities, and tribal governments must jointly designate, by resolution or by letters of support, the area for which a habitat project list is to be developed and the lead entity that is to be responsible for submitting the habitat project list. No project included on a habitat project list shall be considered mandatory in nature and no private landowner may be forced or coerced into participation in any respect. The lead entity may be a county, city, conservation district, special district, tribal government, regional recovery organization, or other entity.

(b) The lead entity shall establish a committee that consists of representative interests of counties, cities, conservation districts, tribes, the United groups, business interests, landowners, citizens, volunteer groups, regional fish enhancement groups, and other habitat interests. The purpose of the committee is to provide a citizen-based evaluation of the projects proposed to promote salmon habitat.

(c) The committee shall compile a list of habitat projects, establish priorities for individual projects, define the sequence for project implementation, and submit these activities as the habitat project list. The committee shall also identify potential federal, state, local, and private funding sources.

(2) The area covered by the habitat project list must be based, at a minimum, on a WRIA, combination of WRIs, or any other area as agreed to by the counties, cities, and tribes in resolutions or in letters of support meeting the requirements of this subsection. Preference will be given to projects in an area that contain a salmon species that is listed or proposed for listing under the federal endangered species act.

(3) The lead entity shall submit the habitat project list to the (previously described) salmon recovery funding board in accordance with procedures adopted by the board.

(4) The recreation and conservation office shall administer funding to support the functions of lead entities.

Sec. 4. RCW 77.85.020 and 2007 c 444 s 2 are each amended to read as follows:

(1) (No later than January 31, 2009, and every odd-numbered year until and including 2015, the governor’s salmon recovery office shall submit a biennial state of the salmon report to the legislature and the governor regarding the implementation of the state’s salmon recovery strategy. The report may include the following:

(a) A summary of habitat projects including but not limited to:
(i) A summary of accomplishments in removing barriers to salmon passage and an identification of existing barriers;
(ii) A summary of salmon restoration efforts undertaken in the past two years;

(b) A summary of the role which private volunteer initiatives contribute in salmon habitat restoration efforts; and

(c) A summary of the number and type of violations of existing laws pertaining to salmon. The summary may include information about the types of sanctions imposed for these violations.

(2) The report may include the following:

(a) A description of the amount of in-kind financial contributions, including volunteer, private, state, federal, tribal, as available, and local government funds directly spent on salmon recovery in response to endangered species act listings; and

(b) An assessment of the estimated carrying capacity of new habitat created pursuant to chapter 246, Laws of 1996.

(3) The report shall summarize the monitoring data coordinated by the forum on monitoring salmon recovery and watershed health. The summary may include but is not limited to data and analysis related to:

(a) Measures of progress in fish recovery;

(b) Measures of factors limiting recovery as well as trends in such factors; and

(c) The status of implementation of projects and activities.

(4)) Beginning December 2010, the recreation and conservation office shall produce a biennial report on the statewide status of salmon recovery and watershed health, summarize projects and programs funded by the salmon recovery funding board, and summarize progress as measured by high-level indicators and state agency compliance with applicable protocols established by the forum for monitoring salmon recovery and watershed health. The report must be a consolidation of the current reporting activities, including the salmon recovery funding board and the forum on monitoring salmon recovery and watershed health. The report shall also include a high-level status report on watershed planning efforts under chapter 90.82 RCW as summarized by the department of ecology and on salmon recovery and watershed planning as summarized by the state’s independent science panel. The report’s introduction must include a list of high-level questions related to the status of watershed health and salmon recovery to help decision makers and the public respond to salmon recovery and watershed health management needs.

(2) The department, the department of ecology, the department of natural resources, and the state conservation commission (and the forum on monitoring salmon recovery and watershed health) shall provide to the (governor’s salmon recovery) recreation and conservation office information requested by the office necessary to prepare the consolidated report on salmon recovery and watershed health.

Sec. 5. RCW 77.85.250 and 2007 c 444 s 8 are each amended to read as follows:

(1) (The legislature finds that pursuant to chapter 298, Laws of 2001, and acting upon recommendations of the state’s independent science panel, the monitoring oversight committee developed recommendations for a comprehensive statewide strategy for monitoring salmon recovery, an action plan entitled the Washington Comprehensive Monitoring Strategy and Action Plan for Watershed Health and Salmon Recovery. The legislature further finds that funding to begin implementing the strategy and action plan was provided in the 2003-2005 biennial budget, and that executive order 04-02 was issued to coordinate state agency implementation activities. It is therefore the purpose of this

section to adopt the strategy and action plan and to provide guidance to ensure that the coordination activities directed by executive order 04-02 are effectively carried out.

(5) The forum on monitoring salmon recovery and watershed health is created to implement the Washington Comprehensive Monitoring Strategy and Action Plan for Watershed Health and Salmon Recovery. For administrative purposes, the forum is located within the recreation and conservation office. The governor shall appoint a person with experience and expertise in natural resources and environmental quality monitoring to chair the forum. The chair shall serve for one year and may serve successive terms. The forum shall include representatives of the following state agencies and regional entities that have responsibilities related to monitoring of salmon recovery and watershed health:

(a) Department of ecology;
(b) Salmon recovery funding board;
(c) Governor’s salmon recovery office;
(d) Department of fish and wildlife;
(e) Department of natural resources;
(f) Puget Sound action team (or a successor state agency)

(6) The forum on monitoring salmon recovery and watershed health shall recommend a set of (measures) high-level indicators for use (by the governor’s salmon recovery office) in the consolidated report on salmon recovery and watershed health required by RCW 77.85.020.

(b) High-level indicators shall inform a nontechnical summary of key metrics that indicate the state of salmon recovery and provide an index of watershed health in Washington.

NEW SECTION. Sec. 6. (1) By December 1, 2009, the recreation and conservation office, in consultation with the department of ecology, the department of fish and wildlife, regional fisheries enhancement groups, lead entities, planning units and lead agencies, and regional salmon recovery organizations shall provide an assessment to the governor on additional coordination and incentive opportunities with lead entities, regional salmon recovery organizations, lead agencies, and WRIA planning units, and shall include any additional coordination and incentive opportunities for those organizations that exist and operate within a shared watershed boundary or portions of a shared watershed boundary.

(2) By December 1, 2009, the recreation and conservation office and the office of regulatory assistance, working in coordination with the departments of ecology and fish and wildlife, must identify and recommend one pilot project outside of Puget Sound that will effectively integrate salmon recovery and watershed planning missions and objectives. The pilot project’s purpose is to demonstrate ways to achieve efficient permitting processes to implement projects identified in local or regional salmon recovery or WRIA-based watershed planning.

NEW SECTION. Sec. 7. (1) By December 1, 2009, the department of ecology must provide recommendations to the legislature on grant programs related to restoration and protection of water quality and for increases, augmentation, or conservation of water quantity supplies that may be more effectively and efficiently funded through the salmon recovery funding board. The recommendations should include ways to integrate salmon recovery data into reporting of watershed health.

(2) This section expires December 31, 2009.

Sec. 8. RCW 77.85.140 and 2007 c 241 s 22 are each amended to read as follows:

(1) Habitat project lists shall be submitted to the salmon recovery funding board for funding at least once a year on a schedule established by the board. The board shall provide the legislature with a list of the proposed projects and a list of the projects funded by October 1st of each year for informational purposes. Project sponsors who complete salmon habitat projects approved for funding from project lists and have met grant application deadlines will be paid by the salmon recovery funding board within thirty days of project completion.

(2) The recreation and conservation office shall track all funds allocated for salmon habitat projects and salmon recovery activities on behalf of the board, including both funds allocated by the board and funds allocated by other state or federal agencies for salmon recovery or water quality improvement.

(3) Beginning in December 2009, the board shall provide a biennial report to the governor and the legislature on salmon recovery expenditures. This report shall be coordinated with the state of the salmon report required under RCW 77.85.020.

Sec. 9. RCW 77.85.005 and 2005 c 309 s 1 are each amended to read as follows:

The legislature finds that repeated attempts to improve salmonid fish runs throughout the state of Washington have failed to avert listings of salmon and steelhead runs as threatened or endangered under the federal endangered species act (16 U.S.C. Sec. 1531 et seq.). These listings threaten the sport, commercial, and tribal fishing industries as well as the economic well-being and vitality of vast areas of the state. It is the intent of the legislature to begin activities required for the recovery of salmon stocks as soon as possible, although the legislature understands that successful recovery efforts may not be realized for many years because of the life cycle of salmon and the complex array of natural and human-caused problems that face them.

The legislature finds that it is in the interest of the citizens of the state of Washington for the state to retain primary responsibility for managing the natural resources of the state, rather than abdicate those responsibilities to the federal government, and that the state may best accomplish this objective by integrating local and regional recovery
activities into a statewide strategy that can make the most effective use of provisions of federal laws allowing for a state lead in salmon recovery, delivered through implementation activities consistent with regional and watershed recovery plans. The legislature also finds that a statewide salmon recovery strategy must be developed and implemented through an active public involvement process in order to ensure public participation in, and support for, salmon recovery. The legislature also finds that there is a substantial link between the provisions of the federal endangered species act and the federal clean water act (33 U.S.C. Sec. 1251 et seq.). The legislature further finds that healthy salmon is a vital component of salmon recovery efforts. Therefore, it is the intent of the legislature to specifically address salmon habitat restoration in a coordinated manner and to develop a structure that allows for the coordinated delivery of federal, state, and local assistance to communities for habitat projects that will assist in the recovery and enhancement of salmon stocks. A strong watershed-based locally implemented plan is essential for local, regional, and statewide salmon recovery.

The legislature also finds that credible scientific review and oversight is essential for any salmon recovery effort to be successful. The legislature further finds that it is important to monitor the overall health of the salmon resource to determine if recovery efforts are providing expected returns. It is important to monitor salmon habitat projects and salmon recovery activities to determine their effectiveness in order to secure federal acceptance of the state's approach to salmon recovery. Adaptive management cannot exist without monitoring. For these reasons, the legislature believes that a coordinated and integrated monitoring system should be developed and implemented.

The legislature therefore finds that a coordinated framework for responding to the salmon crisis is needed immediately. To that end, the governor's salmon recovery office should be created to provide overall coordination of the state's response; an independent science panel is needed to provide scientific review and oversight; a coordinated state funding process should be established through a salmon recovery funding board; the appropriate local or tribal government should provide local leadership in identifying and sequencing habitat projects to be funded by state agencies; habitat projects should be implemented without delay; and a strong locally based effort to restore salmon habitat should be established by providing a framework to allow citizen volunteers to work effectively.

Sec. 10. RCW 77.85.090 and 2007 c 444 s 5 and 2007 c 341 s 49 are each reenacted and amended to read as follows:

(1) The southwest Washington salmon recovery region, whose boundaries are provided in chapter 60, Laws of 1998, is created.

(2) Lead entities within a salmon recovery region that agree to form a regional salmon recovery organization may be recognized by the governor's salmon recovery office created in RCW 77.85.030(c) during the time it is constituted) as a regional salmon recovery organization. The regional recovery organization may plan, coordinate, and monitor the implementation of a regional recovery plan in accordance with RCW 77.85.150. Regional recovery organizations existing as of July 24, 2005, that have developed draft recovery plans approved by the governor's salmon recovery office by July 1, 2005, may continue to plan, coordinate, and monitor the implementation of regional recovery plans.

(3) Beginning January 1, 2008, the leadership council, created under chapter 90.71 RCW, shall serve as the regional salmon recovery organization for Puget Sound salmon species, except for the program known as the Hood Canal summer chinook evolutionarily significant unit area, which the Hood Canal coordinating council shall continue to administer under chapter 90.88 RCW.

Sec. 11. RCW 77.85.150 and 2007 c 444 s 6 are each amended to read as follows:

(1) The governor shall, with the assistance of the governor's salmon recovery office, maintain and revise, as appropriate, a statewide salmon recovery strategy.

(2) The governor and the governor's salmon recovery office shall be guided by the following considerations in maintaining and revising the strategy:

(a) The strategy should identify statewide initiatives and responsibilities with regional recovery plans and local watershed initiatives as the principal means for implementing the strategy;

(b) The strategy should emphasize collaborative, incentive-based approaches;

(c) The strategy should address all factors limiting the recovery of Washington's listed salmon stocks, including habitat and water quality degradation, harvest and hatchery management, inadequate streamflows, and other barriers to fish passage. Where other limiting factors are beyond the state's jurisdictional authorities to respond to, such as some natural predators and high seas fishing, the strategy shall include the state's requests for federal action to effectively address these factors;

(d) The strategy should identify immediate actions necessary to prevent extinction of a listed salmon stock, establish performance measures to determine if restoration efforts are working, recommend effective monitoring and data management, and recommend to the legislature clear and certain measures to be implemented if performance goals are not met;

(e) The strategy shall rely on the best scientific information available and provide for incorporation of new information as it is obtained;

(f) The strategy should seek a fair allocation of the burdens and costs upon economic and social sectors of the state whose activities may contribute to limiting the recovery of salmon; and

(g) The strategy should seek clear measures and procedures from the appropriate federal agencies for removing Washington's salmon stocks from listing under the federal act.

(3) If the strategy is updated, an active and thorough public involvement process, including early and meaningful opportunity for public comment, must be utilized. In obtaining public comment, the governor's salmon recovery office shall work with regional salmon recovery organizations throughout the state and shall encourage regional and local recovery planning efforts to ensure an active public involvement process.

(4) This section shall apply prospectively only and not retroactively. Nothing in this section shall be construed to invalidate actions taken in recovery planning at the local, regional, or state level prior to July 1, 1999.

Sec. 12. RCW 43.41.270 and 2007 c 444 s 7 and 2007 c 241 s 5 are each reenacted and amended to read as follows:

(1) The office of financial management shall assist natural resource-related agencies in developing outcome-focused performance measures for administering natural resource-related and environmentally based grant and loan programs. These performance measures are to be used in determining grant eligibility, for program management and performance assessment.

(2) The office of financial management and the (governor's salmon recovery office) (during the time it is constituted) shall assist natural resource-related agencies in developing recommendations for a monitoring program to measure outcome-focused performance measures required by this section. The recommendations must be consistent with the framework and coordinated monitoring strategy developed by the monitoring oversight committee established in RCW 77.85.210.

(3) Natural resource agencies shall consult with grant or loan recipients including local governments, tribes, nongovernmental organizations, and other interested parties, and report to the office of financial management on the implementation of this section.

(4) For purposes of this section, "natural resource-related agencies" include the department of ecology, the department of natural resources, the department of fish and wildlife, the state conservation commission, the recreation and conservation funding board, the salmon recovery funding board, and the public works board within the department of community, trade, and economic development.

(5) For purposes of this section, "natural resource-related environmentally based grant and loan programs" includes the conservation reserve enhancement program; dairy nutrient management grants under chapter 90.64 RCW; state conservation commission water quality grants under chapter 89.08 RCW; coordinated prevention grants, public participation grants, and remedial action grants under RCW 70.165D.070; water pollution...
control facilities financing under chapter 70.146 RCW; aquatic lands enhancement grants under RCW 79.105.150; habitat grants under the Washington wildlife and recreation program under RCW 79A.15.040; salmon recovery grants under chapter 77.85 RCW; and the public works trust fund program under chapter 43.155 RCW. The term also includes programs administered by the department of fish and wildlife related to protection or recovery of fish stocks which are funded with moneys from the capital budget.

**Sec. 13.** RCW 79A.25.240 and 2007 c 241 s 57 are each amended to read as follows:

The recreation and conservation office shall provide necessary grants and loan administration support to the salmon recovery funding board as provided in RCW 77.85.120. The office shall also be responsible for tracking salmon recovery expenditures under RCW 77.85.140. The office shall provide all necessary administrative support to the salmon recovery funding board, and the salmon recovery funding board shall be located with the office.

(NEW SECTION, Sec. 14. Nothing in this act is intended to amend chapter 90.71 RCW.)

**NEW SECTION, Sec. 15.** RCW 77.85.100 (Work group--Evaluation of mitigation alternatives) and 2000 c 107 s 100 & 1998 c 25 s 16 are each repealed. 6

On page 1, line 2 of the title, after "office," strike the remainder of the title and insert "amending RCW 77.85.030, 77.85.050, 77.85.020, 77.85.250, 77.85.140, 77.85.005, 77.85.150, and 79A.25.240; reenacting and amending RCW 77.85.090 and 43.41.270; creating new sections; repealing RCW 77.85.100; and providing expiration dates."

MESSAGE FROM THE SENATE

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 2199 with the following amendment:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that restoration of degraded shoreline conditions is important to the ecological function of our waters. However, restoration projects that shift the location of the shoreline can inadvertently create hardships for property owners, particularly in urban areas. Hardship may occur when a shoreline restoration project shifts shoreline management act regulations into areas that had not previously been regulated under the act or shifts the location of required shoreline buffers. The legislature intends to provide relief to property owners in such cases, while protecting the viability of shoreline restoration projects.

NEW SECTION. Sec. 2. A new section is added to chapter 90.58 RCW to read as follows:

(1) The local government may grant relief from shoreline master program development standards and use regulations within urban growth areas when the following apply:

(a) A shoreline restoration project causes or would cause a landward shift in the ordinary high water mark, resulting in the following:

(i) A land that had not been regulated under this chapter prior to construction of the restoration project is brought under shoreline jurisdiction;

(ii) Additional regulatory requirements apply due to a landward shift in required shoreline buffers or other regulations of the applicable shoreline master program; and

(b) Application of shoreline master program regulations would preclude or interfere with use of the property permitted by local development regulations, thus presenting a hardship to the project proponent;

(b) The proposed relief meets the following criteria:

(i) The proposed relief is the minimum necessary to relieve the hardship;

(ii) After granting the proposed relief, there is net environmental benefit from the restoration project;

(iii) Granting the proposed relief is consistent with the objectives of the shoreline restoration project and consistent with the shoreline master program; and

(iv) Where a shoreline restoration project is created as mitigation to obtain a development permit, the project proponent required to perform the mitigation is not eligible for relief under this section; and

(c) The application for relief must be submitted to the department for written approval or disapproval. This review must occur during the department's normal review of a shoreline substantial development permit, conditional use permit, or variance. If no such permit is required, then the department shall conduct its review when the local government provides a copy of a complete application and all supporting information necessary to conduct the review.

(i) Except as otherwise provided in subsection (2) of this section, the department shall provide at least twenty-days notice to parties that have indicated interest to the department in reviewing applications for relief under this section, and post the notice on their web site.

(ii) The department shall act within thirty calendar days of close of the public notice period, or within thirty days of receipt of the proposal from the local government if additional public notice is not required.

(2) The public notice requirements of subsection (1)(c) of this section do not apply if the relevant shoreline restoration project was included in a shoreline master program or shoreline restoration plan as defined in WAC 173-26-201, as follows:

(a) The restoration plan has been approved by the department under applicable shoreline master program guidelines; and

(b) The shoreline restoration project is specifically identified in the shoreline master program or restoration plan or is located along

April 10, 2009
a shoreline reach identified in the shoreline master program or
restoration plan as appropriate for granting relief from shoreline
regulations; and
(c) The shoreline master program or restoration plan includes
policies addressing the nature of the relief and why, when, and how
it would be applied.

(3) A substantial development permit is not required on land
within urban growth areas as defined in RCW 36.70A.030 that is
brought under shoreline jurisdiction due to a shoreline restoration
project creating a landward shift in the ordinary high water mark.

(4) The definitions in this subsection apply throughout this
section unless the context clearly requires otherwise.
(a) "Shoreline restoration project" means a project designed to
restore impaired ecological function of a shoreline.
(b) "Urban growth areas" has the same meaning as defined in
RCW 36.70A.030."

On page 1, line 2 of the title, after "projects;" strike the
remainder of the title and insert "adding a new section to chapter
90.58 RCW; and creating a new section." and the same is herewith transmitted.

MESSAGE FROM THE SENATE

April 14, 2009
Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE
BILL NO. 2222 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 90.48.555 and 2004 c 225 s 2 are each amended to read as follows:

The provisions of this section apply to the construction and
industrial storm water general permits issued by the department
pursuant to the federal clean water act, 33 U.S.C. Sec. 1251 et seq.,
and this chapter.

(1) Effluent limitations shall be included in construction and
industrial storm water general permits as required under the federal
clean water act, 33 U.S.C. Sec. 1251 et seq., and its implementing
regulations. In accordance with federal clean water act requirements,
pollutant-specific, water quality-based effluent limitations shall be
included in construction and industrial storm water general permits
if there is a reasonable potential to cause or contribute to an
excursion of a state water quality standard.

(2) Subject to the provisions of this section, both technology and
water quality-based effluent limitations may be expressed as:
(a) Numeric effluent limitations;
(b) Narrative effluent limitations; or
(c) A combination of numeric and narrative effluent discharge
limitations.

(3) The department must condition storm water general permits
for industrial and construction activities issued under the national
pollutant discharge elimination system of the federal clean water act
to require compliance with numeric effluent discharge limits when
such discharges are subject to:
(a) Numeric effluent limitations established in federally adopted,
industry-specific effluent guidelines;
(b) State developed, industry-specific performance-based
numeric effluent limitations;
(c) Numeric effluent limitations based on a completed total
maximum daily load analysis or other pollution control measures; or
(d) A determination by the department that:
(i) The discharges covered under either the construction or
industrial storm water general permits have a reasonable potential to
cause or contribute to violation of state water quality standards; and
(ii) Effluent limitations based on nonnumeric best management
practices are not effective in achieving compliance with state water
quality standards.

(4) In making a determination under subsection (3)(d) of this
section, the department shall use procedures that account for:
(a) Existing controls on point and nonpoint sources of pollution;
(b) The variability of the pollutant or pollutant parameter in the
storm water discharge; and
(c) As appropriate, the dilution of the storm water in the
receiving waters.

(5) Narrative effluent limitations requiring both the
implementation of best management practices, when designed to
satisfy the technology and water quality-based requirements of the
federal clean water act, 33 U.S.C. Sec. 1251 et seq., and compliance
with water quality standards, shall be used for construction and
industrial storm water general permits, unless the provisions of
subsection (3) of this section apply.

(6) Compliance with water quality standards shall be presumed,
unless discharge monitoring data or other site specific information
demonstrates that a discharge causes or contributes to violation of
water quality standards, when the permittee is:
(a) In full compliance with all permit conditions, including
planning, sampling, monitoring, reporting, and recordkeeping
conditions; and
(b)(i) Fully implementing storm water best management
practices contained in storm water technical manuals approved by the
department, or practices that are demonstrably equivalent to practices
contained in storm water technical manuals approved by the
department, including the proper selection, implementation, and
maintenance of all applicable and appropriate best management
practices for on-site pollution control;
(ii) For the purposes of this section, "demonstrably equivalent"
means that the technical basis for the selection of all storm water best
management practices are documented within a storm water pollution
prevention plan. The storm water pollution prevention plan must
document:
(A) The method and reasons for choosing the storm water best
management practices selected;
(B) The pollutant removal performance expected from the practices selected;

(C) The technical basis supporting the performance claims for the practices selected, including any available existing data concerning the field performance of the practices selected;

(D) An assessment of how the selected practices will comply with state water quality standards; and

(E) An assessment of how the selected practices will satisfy both applicable federal technology-based treatment requirements and state requirements to use all known, available, and reasonable methods of prevention, control, and treatment.

(7)(a) By November 1, 2009, the department shall modify or reissue the industrial storm water general permit to require compliance with appropriately derived numeric water quality-based effluent limitations for existing discharges to water bodies listed as impaired according to 33 U.S.C. Sec. 1313(d) (Sec. 303(d) of the federal clean water act, 33 U.S.C. Sec. 1251 et seq.).

(b) (No later than September 1, 2008) The industrial storm water general permit must require permittees to comply with appropriately derived numeric water quality-based effluent limitations in the permit, as described in (a) of this subsection, by no later than three months after the effective date of the modified or reissued industrial storm water general permit.

(c) For permittees that the department determines are unable to comply with the numeric water quality-based effluent limitations required by (a) of this subsection, within the timeline established in (b) of this subsection, the department shall establish a compliance schedule as follows:

(1) Any compliance schedule provided by the department must require compliance as soon as possible, and must require compliance by no later than twenty-four months, or two complete wet seasons, after the effective date of the industrial storm water general permit. For purposes of this subsection (7)(c)(ii), "wet seasons" means October 1st through June 30th.

(ii) The department shall post on its web site the name, location, industrial storm water permit number, and the reason for requesting a compliance schedule for each permittee who requests a compliance schedule according to this subsection (7)(c). The department shall post this information no later than thirty days after receiving a permittee's request for a compliance schedule under this subsection (7)(c). The department shall also prepare a list of organizations and individuals seeking to be notified when such requests for compliance schedules are made, and notify them within thirty days after receiving a permittee's request for a compliance schedule. Notification under this subsection may be accomplished electronically.

(iii) The department shall report to the appropriate committees of the legislature specifying how the numeric effluent limitation in (a) of this subsection would be implemented. The report shall identify the number of dischargers to impaired water bodies and provide an assessment of anticipated compliance with the numeric effluent limitation established by (a) of this subsection.

(5)(a) Construction and industrial storm water general permits issued by the department shall include an enforceable adaptive management mechanism that includes appropriate monitoring, evaluation, and reporting. The adaptive management mechanism shall include elements designed to result in permit compliance and shall include, at a minimum, the following elements:

(i) An adaptive management indicator, such as monitoring benchmarks;

(ii) Monitoring;

(iii) Review and revisions to the storm water pollution prevention plan;

(iv) Documentation of remedial actions taken; and

(v) Reporting to the department.

(b) Construction and industrial storm water general permits issued by the department also shall include the timing and mechanisms for implementation of treatment best management practices.

(9) Construction and industrial storm water discharges authorized under general permits must not cause or have the reasonable potential to cause or contribute to a violation of an applicable water quality standard. Where a discharge has already been authorized under a national pollutant discharge elimination system storm water permit and it is later determined to cause or have the reasonable potential to cause or contribute to the violation of an applicable water quality standard, the department may notify the permittee of such a violation.

(10) Once notified by the department of a determination of reasonable potential to cause or contribute to the violation of an applicable water quality standard, the permittee must take all necessary actions to ensure future discharges do not cause or contribute to the violation of a water quality standard and document those actions in the storm water pollution prevention plan and a report timely submitted to the department. If violations remain or recur, coverage under the construction or industrial storm water general permits may be terminated by the department, and an alternative general permit or individual permit may be issued. Compliance with the requirements of this subsection does not preclude any enforcement activity provided by the federal clean water act, 33 U.S.C. Sec. 1251 et seq., for the underlying violation.

(11) Receiving water sampling shall not be a requirement of an industrial or construction storm water general permit except to the extent that it can be conducted without endangering the health and safety of persons conducting the sampling.

(12) The department may authorize mixing zones only in compliance with and after making determinations mandated by the procedural and substantive requirements of applicable laws and regulations.

NEW SECTION. Sec. 2. A new section is added to chapter 90.48 RCW to read as follows:

(1) As funding to do so becomes available, the department shall create a storm water technical resource center in partnership with a university, nonprofit organization, or other public or private entity to provide tools for storm water management. The center shall use its authority to support the duties listed in this subsection through research, development, technology demonstration, technology transfer, education, outreach, recognition, and training programs.

The center may:

(a) Review and evaluate emerging storm water technologies;

(b) Research and develop innovative and cost-effective technical solutions to remove pollutants from runoff and to reduce or eliminate storm water discharges;

(c) Conduct pilot projects to test technical solutions;

(d) Serve as a clearinghouse and outreach center for information on storm water technology;

(e) Assist in the development of storm water control methods to better protect water quality, including source control, product substitution, pollution prevention, and storm water treatment;

(f) Coordinate with federal, state, and local agencies and private organizations in administering programs related to storm water control measures; and

(g) Collaborate with existing storm water outreach programs.

(2) The department shall consult with an advisory committee in the development of the storm water technical resource center. The advisory committee must include representatives from relevant state agencies, local governments, the business community, the environmental community, tribes, and the building and development industry.

(3) The department, in consultation with the storm water technical resource center advisory committee, shall identify a funding strategy for funding the storm water technical resource center.

(4) The department shall encourage all interested parties to help and support the technical resource center with in-kind services.

(5) The department shall prepare and submit a biennial progress report to the legislature.

NEW SECTION. Sec. 3. Section 1 of this act expires January 1, 2013.

"On page 1, line 2 of the title, after "permits" strike the remainder of the title and insert "amending RCW 90.48.555; adding a new section to chapter 90.48 RCW; and providing an expiration date." and the same is herewith transmitted.

MESSAGE FROM THE SENATE

April 10, 2009

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2223 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 46.25.060 and 2007 c 418 s 1 are each amended to read as follows:

(1)(a) No person may be issued a commercial driver's license unless that person is a resident of this state, has successfully completed a course of instruction under the operation of a commercial motor vehicle that has been approved by the director or has been certified by an employer as having the skills and training necessary to operate a commercial motor vehicle safely, and has passed a knowledge and skills test for driving a commercial motor vehicle that complies with minimum federal standards established by federal regulation enumerated in 49 C.F.R. part 383, subparts G and H, and has satisfied all other requirements of the CMVSA in addition to other requirements imposed by state law or federal regulation. The tests must be prescribed and conducted by the department. In addition to the fee charged for issuance or renewal of any license, the applicant shall pay a fee of no more than ten dollars for each classified knowledge examination, classified endorsement knowledge examination, or any combination of classified license and endorsement knowledge examinations. The applicant shall pay a fee of no more than one hundred dollars for each classified skill examination or combination of classified skill examinations conducted by the department.

(b) The department may authorize a person, including an agency of this or another state, an employer, a private driver training facility, or other private institution, or a department, agency, or instrumentality of local government, to administer the skills test specified by this section under the following conditions:

(i) The test is the same which would otherwise be administered by the state;

(ii) The third party has entered into an agreement with the state that complies with the requirements of 49 C.F.R. part 383.75; and

(iii) The director has adopted rules as to the third party testing program and the development and justification for fees charged by any third party.

(c) If the applicant's primary use of a commercial driver's license is for any of the following, then the applicant shall pay a fee of no more than seventy-five dollars for each classified skill examination or combination of classified skill examinations whether conducted by the department or a third-party tester:

(i) Public benefit not-for-profit corporations that are federally supported head start programs; or

(ii) Public benefit not-for-profit corporations that support early childhood education and assistance programs as described in RCW 43.215.405(4).

(2) The department shall work with the office of the superintendent of public instruction to develop modified P1 and P2 skill examinations that also include the skill examination components required to obtain an "S" endorsement. In no event may a new applicant for an "S" endorsement be required to take two separate examinations to obtain an "S" endorsement and either a P1 or P2 endorsement, unless that applicant is upgrading his or her existing commercial driver's license to include an "S" endorsement. The combined P1/S or P2/S skill examination must be offered to the applicant at the same cost as a regular P1 or P2 skill examination.

(3)(a) The department may waive the skills test and the requirement for completion of a course of instruction in the operation of a commercial motor vehicle specified in this section for a commercial driver's license applicant who meets the requirements of 49 C.F.R. part 383.77.

(b) An applicant who operates a commercial motor vehicle for agribusiness purposes is exempt from the course of instruction completion and employer skills and training certification requirements under this section. By January 1, 2010, the department shall submit recommendations regarding the continuance of this exemption to the transportation committees of the legislature. For purposes of this subsection (3)(b), "agribusiness" means a private carrier who in the normal course of business primarily transports:

(i) Farm machinery, farm equipment, implements of husbandry, farm supplies, and materials used in farming;

(ii) Agricultural inputs, such as seed, feed, fertilizer, and crop protection products;

(iii) Unprocessed agricultural commodities, as defined in RCW 17.21.020, where such commodities are produced by farmers, ranchers, vineyardists, or orchardists; or

(iv) Any combination of (b)(i) through (iii) of this subsection.

This subsection (3)(b) expires July 1, 2011.

(4) A commercial driver's license or commercial driver's instruction permit may not be issued to a person while the person is subject to a disqualification from driving a commercial motor vehicle, or while the person's driver's license is suspended, revoked, or canceled in any state, nor may a commercial driver's license be issued to a person who has a commercial driver's license issued by any other state unless the person first surrenders all such licenses, which must be returned to the issuing state for cancellation.

(5)(a) The department may issue a commercial driver's instruction permit to an applicant who is at least eighteen years of age and holds a valid Washington state driver's license and who has submitted a proper application, passed the general knowledge examination required for issuance of a commercial driver's license under subsection (1) of this section, and paid the appropriate fee for the knowledge examination and an application fee of ten dollars.

(b) A commercial driver's instruction permit may not be issued for a period to exceed six months. Only one renewal or reissuance may be granted within a two-year period.
(c) The holder of a commercial driver's instruction permit may drive a commercial motor vehicle on a highway only when accompanied by the holder of a commercial driver's license valid for the type of vehicle driven who occupies a seat beside the individual for the purpose of giving instruction in driving the commercial motor vehicle. The holder of a commercial driver's instruction permit is not authorized to operate a commercial motor vehicle transporting hazardous materials.

(d) The department shall transmit the fees collected for commercial driver's instruction permits to the state treasurer.

On page 1, line 2 of the title, after “purposes;” strike the remainder of the title and insert "amending RCW 46.25.060; and providing an expiration date."

No amendment shall be required, however, if the seller takes whatever corrective action is necessary so that the accuracy of the disclosure is restored, or the adverse change is corrected, at least three business days prior to the closing date. Unless the corrective action is completed by the seller prior to the closing date, the buyer shall have the right to exercise one of the following two options: (a) Approving and accepting the amendment, or (b) rescinding the agreement of purchase and sale of the property within three business days after receiving the amended real property transfer disclosure statement. SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House did not concur in the Senate amendment to SUBSTITUTE HOUSE BILL NO. 1420 and asked the Senate to receive therefrom.

MESSAGE FROM THE SENATE

April 16, 2009

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1553 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 4.96.020 and 2006 c 82 s 3 are each amended to read as follows:

(1) The provisions of this section apply to claims for damages against all local governmental entities and their officers, employees, or volunteers, acting in such capacity, except that claims involving injuries from health care are governed solely by the procedures set forth in chapter 7.70 RCW and are exempt from this chapter.

(2) The governing body of each local governmental entity shall appoint an agent to receive any claim for damages made under this chapter. The identity of the agent and the address where he or she may be reached during the normal business hours of the local governmental entity are public records and shall be recorded with the auditor of the county in which the entity is located. All claims for damages against a local governmental entity, or against any local governmental entity's officers, employees, or volunteers, acting in such capacity, shall be presented to the agent within the applicable period of limitations within which an action must be commenced. A claim is deemed presented when the claim form is delivered in person or is received by the agent by regular mail, registered mail, or certified mail, with return receipt requested, to the agent or other person designated to accept delivery at the agent's office. The failure of a local governmental entity to comply with the requirements of this section precludes that local governmental entity from raising a defense under this chapter.

(iii) By an attorney admitted to practice in Washington state on behalf of the claimant; or

(iv) By a court-approved guardian or guardian ad litem on behalf of the claimant;

(c) Local governmental entities shall make available the standard tort claim form described in this section with instructions on how the form is to be presented and the name, address, and business hours of the agent of the local governmental entity appointed to receive the claim.

(d) If any claim form provided by the local governmental entity fails to require the information specified in this section, or incorrectly lists the agent with whom the claim is to be filed, the local governmental entity is deemed to have waived any defense related to the failure to provide that specific information or to present the claim to the proper designated agent.

(e) Presenting either the standard tort claim form or the local government tort claim form satisfies the requirements of this chapter.

(f) The amount of damages stated on the claim form is not admissible at trial.

(4) A claim presented under this chapter shall be presented within the period of limitations as provided in the local governmental entity's procedures. The governing body may extend the period of limitations by order. The failure of the local governmental entity to extend the period of limitations precludes raising a defense based on the failure to present the claim within the applicable period of limitations. The period of limitations, if extended by order, is the period prescribed by the order plus an additional sixty days.

With respect to the content of claims under this section and all procedural requirements in this section, this section must be liberally construed so that substantial compliance will be deemed satisfactory.

Sec. 2. RCW 4.92.100 and 2006 c 82 s 1 are each amended to read as follows:

(1) All claims against the state, or against the state's officers, employees, or volunteers, acting in such capacity, for damages arising out of tortious conduct, except for claims involving injuries from health care, shall be presented to ((and filed with)) the risk management division. ((All such claims shall be verified and shall accurately describe the conduct and circumstances which brought about the injury or damage, describe the injury or damage, state the time and place the injury or damage occurred, state the names of all persons involved, if known, and shall contain the amount of damages claimed, together with a statement of the actual residence of the claimant at the time the claim arose.)) For claims for damages presented after the effective date of this section, all claims for damages must be presented on the standard tort claim form that is maintained by the risk management division of the office of financial management, except as allowed under (c) of this subsection. The standard tort claim form must be posted on the office of financial management's web site.

(a) The standard tort claim form must, at a minimum, require the following information:

(i) The claimant's name, date of birth, and contact information;

(ii) A description of the conduct and the circumstances which brought about the injury or damage;

(iii) A description of the injury or damage;

(iv) A statement of the time and place that the injury or damage occurred;

(v) A listing of the names of all persons involved and contact information, if known;

(vi) A statement of the amount of damages claimed; and

(vii) A statement of the actual residence of the claimant at the time of presenting the claim and at the time the claim arose.

(b) The standard tort claim form must be signed either:

(i) By the claimant, verifying the claim;

(ii) Pursuant to a written power of attorney, by the attorney in fact for the claimant;

(iii) By an attorney admitted to practice in Washington state on the claimant's behalf; or

(iv) By a court-approved guardian or guardian ad litem on behalf of the claimant.

(viii) The standard tort claim form must be presented, or agent representing the claimant; or

(ix) By any relative, attorney, or agent representing the claimant.) Claims involving injuries from health care are governed solely by the procedures set forth in chapter 7.70 RCW and are exempt from this chapter. A claim is deemed presented when the claim form is delivered in person or by regular mail, registered mail,
or certified mail, with return receipt requested, to the risk management division. For claims for damages presented after the effective date of this section, all claims for damages must be presented on the standard tort claim form that is maintained by the risk management division. The standard tort claim form must be posted on the office of financial management’s web site.

(a) The standard tort claim form must, at a minimum, require the following information:

(i) The claimant’s name, date of birth, and contact information;
(ii) A description of the conduct and the circumstances that brought about the injury or damage;
(iii) A description of the injury or damage;
(iv) A statement of the time and place that the injury or damage occurred;
(v) A listing of the names of all persons involved and contact information, if known;
(vi) A statement of the amount of damages claimed; and
(vii) A statement of the actual residence of the claimant at the time of presenting the claim and at the time the claim arose.

(b) The standard tort claim form must be signed either:

(i) By the claimant, verifying the claim;
(ii) Pursuant to a written power of attorney, by the attorney in fact for the claimant;
(iii) By an attorney admitted to practice in Washington state on behalf of the claimant;

(c) The amount of damages stated on the claim form is not admissible at trial.

(2) The state shall make available the standard tort claim form described in this section with instructions on how the form is to be presented and the name, address, and business hours of the risk management division. The standard tort claim form must not list the claimant’s social security number and must not require information not specified under this section.

(3) With respect to the content of ((similar)) claims under this section and all procedural requirements in this section, this section ((shall)) must be liberally construed so that substantial compliance will be deemed satisfactory.

Sec. 3. RCW 4.92.110 and 2006 c 82 s 2 are each amended to read as follows:

No action subject to the claim filing requirements of RCW 4.92.100 shall be commenced against the state, or against any state officer, employee, or volunteer, acting in such capacity, for damages arising out of tortuous conduct until sixty calendar days have elapsed after the claim is presented to ((and filed with)) the risk management division. The applicable period of limitations within which an action must be commenced shall be tolled during the sixty((60)) calendar day period. For the purposes of the applicable period of limitations, an action commenced within five court days after the sixty calendar day period has elapsed is deemed to have been presented on the first day after the sixty calendar day period elapsed.

On page 1, line 2 of the title, after "entities," strike the remainder of the tile and insert "and amending RCW 4.96.020, 4.92.100, and 4.92.110." and the same is herewith transmitted.

MESSAGE FROM THE SENATE

April 15, 2009

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2128 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that substantial progress has been made toward achieving the equally important goals set in 2007 that all children in Washington state have health care coverage by 2010 and that child health outcomes improve. The legislature also finds that continued steps are necessary to reach the goals that all children in Washington state shall have access to the health services they need to be healthy and ready to learn and that key measures of child health outcomes will show year by year improvement. The legislature further finds that reaching these goals is integral to the state's ability to weather the current economic crisis. The recent reauthorization of the federal children's health insurance program provides additional opportunities for the state to reach these goals. In view of these important objectives, the legislature intends that the apple health for kids program be managed actively across administrations in the department of social and health services, and across state and local agencies, with clear accountability for achieving the intended program outcomes. The legislature further intends that the department continue the implementation of the apple health for kids program with a commitment to fully utilizing the new program identity with appropriate materials.

Sec. 2. RCW 74.09.470 and 2007 c s s are each amended to read as follows:

(1) Consistent with the goals established in RCW 74.09.402, through the apple health for kids program authorized in this section, the department shall provide affordable health care coverage to children under the age of nineteen who reside in Washington state and whose family income at the time of enrollment is not greater than two hundred fifty percent of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services, and effective January 1, 2009, and only to the extent that funds are specifically appropriated therefor, to children whose family income is not greater than three hundred percent of the federal poverty level. In administering the program, the department shall take such actions as may be necessary to ensure the receipt of federal financial participation under the medical assistance program, as codified at Title XIX of the federal social security act, the state children's health insurance program, as codified at Title XXI of the federal social security act, and any other federal funding sources that are now available or may become available in the future. The department and the caseload forecast council shall estimate the anticipated caseload and costs of the program established in this section."
(2) The department shall accept applications for enrollment for children's health care coverage; establish appropriate minimum-enrollment periods, as may be necessary; and determine eligibility based on current family income. The department shall make eligibility determinations within the time frames for determining eligibility for children on medical assistance, as defined by RCW 74.09.510. The application and annual renewal processes shall be designed to minimize administrative barriers for applicants and enrolled clients, and to minimize gaps in eligibility for families who are eligible for coverage. If a change in family income results in a change in eligibility, the department shall transfer the family members to the appropriate source of funding and notify them with respect to any change in premium obligation, without a break in eligibility. The department shall use the same eligibility redetermination and appeals procedures as those provided for children on medical assistance programs. The department shall modify its eligibility renewal procedures to lower the percentage of children failing to annually renew. (The department shall report to the appropriate committees of the legislature on its progress in this regard by December 2007.) The department shall manage its outreach, application, and renewal procedures with the goals of: (a) Achieving year by year increases in enrollment, enrollment rates, renewals, and renewal rates; (b) maximizing the use of existing program databases to obtain information related to earned and unearned income for purposes of eligibility determination and renewals, including, but not limited to, the basic food program, the child care subsidy program, federal social security administration programs, and the employment security department wage database; (c) streamlining renewal processes to rely primarily upon data matches, online submissions, and telephone interviews; and (d) implementing any other eligibility determination and renewal processes to allow the state to receive an enhanced federal matching rate and additional federal outreach funding available through the federal children's health insurance program reauthorization act of 2009 by January 2010. The department shall advise the governor and the legislature regarding the status of these efforts by September 30, 2009. The information provided should include the status of the department's efforts, the anticipated impact of those efforts on enrollment, and the costs associated with that enrollment.

(3) To ensure continuity of care and ease of understanding for families and health care providers, and to maximize the efficiency of the program, the amount, scope, and duration of health care services provided to children under this section shall be the same as that provided to children under medical assistance, as defined in RCW 74.09.520.

(4) The primary mechanism for purchasing health care coverage under this section shall be through contracts with managed health care entities certified in RCW 74.09.544, with the specific health care plans included in the pool of health plans in the assurance pool. (Match patterns suggest that fee for service purchasing could produce equally effective and cost-efficient care), subject to conditions, limitations, and appropriations provided in the biennial appropriations act. However, the department shall make every effort within available resources to purchase health care coverage for uninsured children whose families have access to dependent coverage through an employer-sponsored health plan or another source when it is cost-effective for the state to do so, and the purchase is consistent with requirements of Title XIX and Title XXI of the federal social security act. To the extent allowable under federal law, the department shall require families to enroll in available employer-sponsored coverage, as a condition of participating in the program established under ((chapter 5, Laws of 2003)) this section, when it is cost-effective for the state to do so. Families who enroll in available employer-sponsored coverage under ((chapter 5, Laws of 2003)) this section shall be accounted for separately in the annual report required by RCW 74.09.053.

To protect appropriate parental responsibility, the department shall develop and implement a schedule of premiums for children's health care coverage due to the department from families with income greater than two hundred percent of the federal poverty level. For families with income greater than two hundred fifty percent of the federal poverty level, the premiums shall be established in consultation with the senate majority and minority leaders and the speaker and minority leader of the house of representatives. Premiums shall be set at a reasonable level that does not pose a barrier to enrollment. The amount of the premium shall be based upon family income and shall not exceed the premium limitations in Title XXI of the federal social security act. Premiums shall not be imposed on children in households at or below two hundred percent of the federal poverty level as articulated in RCW 74.09.055.

(b) Beginning no later than January 1, (2009) 2010, the department shall offer families whose income is greater than three hundred percent of the federal poverty level the opportunity to purchase health care coverage for their children through the programs administered under this section without ((an)) an explicit premium subsidy from the state. The design of the health benefit package offered to these children should provide a benefit package substantially similar to that offered in the apple health for kids program, and may differ with respect to cost-sharing, and other appropriate elements from that provided to children under subsection (3) of this section including, but not limited to, application of preexisting conditions, waiting periods, and other design changes needed to offer affordable coverage. The amount paid by the family shall be in an amount equal to the rate paid by the state to the health care program, including any associated and administrative costs to the state of providing coverage for the child. Any pooling of the premium enrollees that results in state fiscal impact must be identified and brought to the legislature for consideration.

(6) The department shall undertake and continue a proactive, targeted outreach and education effort with the goal of enrolling children in health coverage and improving the health literacy of youth and parents. The department shall collaborate with the department of health, local public health jurisdictions, the office of ((the)) the superintendent of public instruction, the department of early learning, health educators, health care providers, health carriers, community- based organizations, and parents in the design and development of this effort. The outreach and education effort shall include the following components:

(a) Broad dissemination of information about the availability of coverage, including media campaigns;

(b) Assistance with completing applications, and community- based outreach efforts to help people apply for coverage. Community-based outreach efforts should be targeted to the populations least likely to be covered;

(c) Use of existing systems, such as enrollment information from the free and reduced-price lunch program, the department of early learning child care subsidy program, the department of health's women, infants, and children program, and the early childhood education and assistance program, to identify children who may be eligible but not enrolled in coverage;

(d) Contracting with community-based organizations and government entities to support community-based outreach efforts to help families apply for coverage. These efforts should be targeted to the populations least likely to be covered. The department shall provide informational materials for use by government entities and community- based organizations in their outreach activities, and should identify any available federal matching funds to support these efforts;

(e) Development and dissemination of materials to engage and inform parents and families statewide on issues such as: The benefits of health insurance coverage; the appropriate use of health services, including primary care provided by health care practitioners licensed under chapters 18.71, 18.57, 18.36A, and 18.79 RCW, and emergency services; the value of a medical home, well-child services and immunization, and other preventive health services with linkages to department of health child profile efforts; identifying and managing chronic conditions such as asthma and diabetes; and the value of good nutrition and physical activity;

(f) An evaluation of the outreach and education efforts, based upon clear, cost-effective outcome measures that are included in contracts with entities that undertake components of the outreach and education effort;

(g) (A feasibility study and) An implementation plan to develop online application capability that is integrated with the
department’s automated client eligibility system, and to develop data linkages with the office of ((the)) the superintendent of public instruction for free and reduced-price lunch enrollment information and the department of early learning for child care subsidy program enrollment information. ((The department shall submit a feasibility study on the implementation of the requirements in this subsection to the governor and legislature by July 2008.)))

(7) The department shall take action to increase the number of primary care physicians providing dental disease preventive services including oral health screenings, risk assessment, family education, the application of fluoride varnish, and referral to a dentist as needed.

(8) The department shall monitor the rates of substitution between private-sector health care coverage and the coverage provided under this section and shall report to appropriate committees of the legislature by December 2010.

NEW SECTION. Sec. 3. The department must identify, within existing resources, a staff position as the single point of contact and coordination for the apple health for kids program. The position must ensure planning and coordination of all aspects of the apple health for kids program across all the involved agencies and with the various stakeholders, facilitate the collection, reporting, and analysis of the outcome data required in section 4 of this act, and facilitate the collection and reporting of the data required in section 2 of this act. The position must strive to provide transparency and accountability for the apple health for kids program and provide public reporting of the data required in sections 2 and 4 of this act.

Sec. 4. RCW 74.09.480 and 2007 c 5 s 4 are each amended to read as follows:

(1) The department, in collaboration with the department of health, health carriers, local public health jurisdictions, children’s health care providers including pediatricians, family practitioners, and pediatric subspecialists, community and migrant health centers, and other purchasers, shall ((identify explicit performance measures that indicate that a child has an established and effective medical home, such as))) establish a concise set of explicit performance measures that can indicate whether children enrolled in the program are receiving health care through an established and effective medical home, and whether the overall health of enrolled children is improving. Such indicators may include, but are not limited to:

(a) Childhood immunization rates;
(b) Well child care utilization rates, including the use of behavioral and oral health screenings, and validated, structured developmental ((assessment tools that include behavioral and oral health screening)) screens using tools, that are consistent with nationally accepted pediatric guidelines and recommended administration schedule, once funding is specifically appropriated for this purpose;
(c) Care management for children with chronic illnesses;
(d) Emergency room utilization; and
(e) Visual acuity and eye health;
(f) Preventive oral health service utilization; and
(g) Children’s mental health status. In defining these measures the department shall be guided by the measures provided in RCW 71.36.025.

Performance measures and targets for each performance measure must be ((reported to the appropriate committees of the senate and house of representatives by December 1, 2007)) established and monitored each biennium, with a goal of achieving measurable, improved health outcomes for the children of Washington state each biennium.

(2) Beginning in calendar year 2009, targeted provider rate increases shall be linked to quality improvement measures established under this section. The department, in conjunction with those groups identified in subsection (1) of this section, shall develop parameters for determining criteria for increased payment, alternative payment methodologies, or other incentives for those practices and health plans that incorporate evidence-based practice and improve and achieve sustained improvement with respect to the measures ((in both fee for service and managed care)).

(3) The department shall provide ((annually)) a report to the governor and the legislature related to provider performance on these measures, beginning in September 2010 for 2007 through 2009 and (annually) biennially thereafter. The department shall advise the legislature as to its progress towards developing this biennial reporting system by September 30, 2009.

NEW SECTION. Sec. 5. This act may be known and cited as the apple health for kids act.

On page 1, line 2 of the title, after "2010:" strike the remainder of the title and insert "amending RCW 74.09.470 and 74.09.480; and creating new sections."

SUBSTITUTE SENATE BILL NO. 5340,
SENATE BILL NO. 5355,
SUBSTITUTE SENATE BILL NO. 5360,
MESSAGE FROM THE SENATE
April 8, 2009

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1292 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature continues to support school districts seeking innovations to further the educational experiences of students and staff while also realizing increased efficiencies through day-to-day operations. School districts have suggested that efficiencies in heating, lighting, or maintenance expenses could be possible if districts were given the ability to create a more flexible calendar. Furthermore, the legislature finds that a flexible calendar could be beneficial to student learning by allowing for the use of the unscheduled days for professional development activities, planning, tutoring, special programs, parent conferences, and athletic events. A flexible calendar also has the potential to ease the burden of long commutes on students in rural areas and to lower absenteeism.

School districts in several western states have operated on a four-day school week and report increased efficiencies, family support, and reduced absenteeism, with no negative impact on student learning. Small rural school districts in particular could benefit due to their high per-pupil costs for transportation and utilities. Therefore, the legislature intends to provide increased flexibility to a limited number of school districts to explore the potential value of operating on a flexible calendar, so long as adequate safeguards are put in place to prevent any negative impact on student learning.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.305 RCW to read as follows:

(1) In addition to waivers authorized under RCW 28A.305.140 and 28A.655.180, the state board of education may grant waivers from the requirement for a one hundred eighty-day school year under RCW 28A.150.220 and 28A.150.250 to school districts that propose to operate one or more schools on a flexible calendar for purposes of economy and efficiency as provided in this section. The requirement under RCW 28A.150.220 that school districts offer an annual average instructional hour offering of at least one thousand hours shall not be waived.

(2) A school district seeking a waiver under this section must submit an application that includes:

(a) A proposed calendar for the school day and school year that demonstrates how the instructional hour requirement will be maintained;

(b) An explanation and estimate of the economies and efficiencies to be gained from compressing the instructional hours into fewer than one hundred eighty days;

(c) An explanation of how monetary savings from the proposal will be redirected to support student learning;

(d) A summary of comments received at one or more public hearings on the proposal and how concerns will be addressed;

(e) An explanation of the impact on students who rely upon free and reduced-price school child nutrition services and the impact of the ability of the child nutrition program to operate an economically independent program;

(f) An explanation of the impact on the ability to recruit and retain employees in education support positions;

(g) An explanation of the impact on students whose parents work during the missed school day;

(h) Other information that the state board of education may request to assure that the proposed flexible calendar will not adversely affect student learning.

(3) The state board of education shall adopt criteria to evaluate waiver requests. No more than seven districts may be granted waivers. Waivers may be granted for up to three years. After each school year, the state board of education shall analyze empirical evidence to determine whether the reduction is affecting student learning. If the state board of education determines that student learning is adversely affected, the school district shall discontinue the flexible calendar as soon as possible but not later than the beginning of the next school year after the determination has been made. All waivers expire August 31, 2014.

(4) Two of the seven waivers granted under this subsection shall be granted to school districts with student populations of less than one hundred fifty students.

(5) Three of the five waivers granted under this subsection shall be granted to school districts with student populations of between one hundred fifty-one and five hundred students.

(6) Two of the seven waivers granted under this section shall be granted to school districts with student populations greater than five hundred students and less than five thousand students.

(7) The state board of education shall examine the waivers granted under this section and make a recommendation to the education committees of the legislature by December 15, 2013, regarding whether the waiver program should be continued, modified, or allowed to terminate. This recommendation should focus on whether the program resulted in improved student learning as demonstrated by empirical evidence. Such evidence includes, but is not limited to: Improved scores on the Washington assessment of student learning, results of the dynamic indicators of basic early literacy skills, student grades, and attendance.

(8) This section expires August 31, 2014.

Sec. 3. RCW 28A.655.180 and 1995 c 208 s 1 are each amended to read as follows:

(1) The state board of education, where appropriate, or the superintendent of public instruction, where appropriate, may grant waivers to districts from the provisions of statutes or rules relating to:

(a) The length of the school year; student-to-teacher ratios; and other administrative rules that in the opinion of the state board of education or the opinion of the superintendent of public instruction may need to be waived in order for a district to implement a plan for restructuring its educational program or the educational program of individual schools within the district.

(b) School districts may use the application process in RCW 28A.305.140 ((or 28A.300.138)) to apply for the waivers under (subsection (4) of) this section.

(2) The joint select committee on education restructuring shall study whether the waivers of state laws or rules are necessary for school districts to implement education restructuring. The committee shall study whether the waivers are used to implement specific essential student learning requirements and student learning goals. The committee shall study the availability of waivers under the laws for the twenty-first century program created by chapter 525, Laws of 1987, and the use of those waivers by schools participating in that program. The committee shall also study the use of waivers authorized under RCW 28A.305.140. The committee shall report its findings to the legislature by December 1, 1992.

NEW SECTION. Sec. 4. RCW 28A.305.145 (Application process for waivers under RCW 28A.305.140) and 1993 c 336 s 302 are each repealed."

On page 1, line 2 of the title, after "year;" strike the remainder of the title and insert "amending RCW 28A.655.180; adding a new section to chapter 28A.350 RCW; creating a new section; repealing RCW 28A.305.145; and providing an expiration date;"

and the same is herewith transmitted.

(B) Require a provision with a timeline and proximity in which existing and future residences must connect to the sewer system;

(C) Prohibit inflow sources into the sewer system; and

(D) Prohibit introduction of toxic or hazardous wastes into the sewer system in an amount or concentration that endangers the public's safety or the physical integrity of the state which may cause violations of the national pollutant discharge elimination system permit or state waste discharge permit.

(b) Approval under this chapter is not required for large on-site sewage systems permitted by the department of health under chapter 70.115B RCW or for on-site sewage systems regulated by local health jurisdictions under rules of the state board of health.

The department may extend this ninety-day time limitation for new submittals by up to an additional ninety days if insufficient time exists to adequately review the general sewer plan. For rejections of plans or extensions of the timeline, the department shall provide in writing to the local government entity the reason for such action. In addition, the governing body of the local government entity and the department may mutually agree to an extension of the deadlines contained in this section.

(f) Whether the project is referenced in the action agenda developed by the Puget Sound partnership under RCW 90.71.310;

(g) Except as otherwise provided in RCW 70.146.120, and effective one calendar year following the development and statewide availability of model evergreen community management plans and ordinances under RCW 35.105.050, whether the project is sponsored by an entity that has been recognized, and what gradation of recognition was received, in the evergreen community recognition program created in RCW 35.105.030;

(h) The extent to which the applicant county or city, or if the applicant is another public body, the extent to which the county or city in which the applicant public body is located, has established programs to mitigate nonpoint pollution of the surface or subterranean water sought to be protected by the water pollution control facility named in the application for state assistance; and

(i) The recommendations of the Puget Sound partnership, created in RCW 90.71.210, and any other board, council, commission, or group established by the legislature or a state agency to study water pollution control issues in the state.

(2) Except where necessary to address a public health need or substantial environmental degradation, a county, city, or town planning under RCW 36.70A.040 may not receive a grant or loan for water pollution control facilities unless it has adopted a comprehensive plan, including a facilities plan element, and development regulations as required by RCW 36.70A.040. This subsection does not require any county, city, or town planning under RCW 36.70A.040 to adopt a comprehensive plan or development regulations before requesting or receiving a grant or loan under this chapter if such request is made before the expiration of the time periods specified in RCW 36.70A.040. A county, city, or town planning under RCW 36.70A.040 which has not adopted a comprehensive plan and development regulations within the time periods specified in RCW 36.70A.040 is not prohibited from receiving a grant or loan under this chapter if the comprehensive plan and development regulations are adopted as required by RCW 36.70A.040 before submitting a request for a grant or loan.

(3) Whenever the department is considering awarding grants or loans for public facilities to special districts requesting funding for a proposed facility located in a county, city, or town planning under RCW 36.70A.040, it shall consider whether the county, city, or town planning under RCW 36.70A.040 in whose planning jurisdiction the proposed facility is located has adopted a comprehensive plan and development regulations as required by RCW 36.70A.040.

(4) When making grants or loans for water pollution control facilities, the department may award grants or provide loans to publicly owned industrial wastewater treatment facilities that relieve a city of the burden of processing industrial wastewater.

(5) After January 1, 2010, any project designed to address the effects of water pollution on Puget Sound may be funded under this chapter only if the project is not in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310.

Sec. 8. RCW 90.48.290 and 1987 c 109 s 145 are each amended to read as follows:

The department is authorized to make and administer grants within appropriations authorized by the legislature to any municipal or public corporation, or political subdivision within the state for the purpose of aiding in the construction of water pollution control projects necessary to prevent the discharge of untreated or inadequately treated sewage or other waste into the waters of the state including, but not limited to, projects for the control of storm or surface waters which will provide for the removal of waste or polluting materials therefrom.

Grants so made by the department shall be subject to the following limitations:

(1) No grant shall be made in an amount which exceeds the recipient's contribution to the estimated cost of the project: PROVIDED, That the following shall be considered a part of the recipient's contribution:

(a) Any grant received by the recipient from the federal government pursuant to section 8(f) of the Federal Water Pollution Control Act (33 U.S.C. 466) for the project;

(b) Any expenditure which is made by any municipal or public corporation, or political subdivision within the state as a part of a joint effort with the recipient to carry out the project and which has not been used as a matching contribution for another grant made pursuant to this chapter, and

(c) Any expenditure for the project made by the recipient out of money advanced by the department from a revolving fund and repayable to said fund.

(2) No grant shall be made for any project which does not qualify for and receive a grant of federal funds under the provisions of the Federal Water Pollution Control Act as now or hereafter amended: PROVIDED, That this restriction shall not apply to state grants made in any biennium over and above the amount of such grants required to match all federal funds allocated to the state for such biennium. As such, grants may be made for the planning, design, and construction of any publicly owned wastewater treatment facilities, including publicly owned industrial wastewater treatment facilities that relieve a city of the burden of processing industrial wastewater.

(3) No grant shall be made to any municipal or public corporation, or political subdivision for any project located within a drainage basin unless the department shall have previously adopted a comprehensive water pollution control and abatement plan and unless the project is found by the department to conform with such basin comprehensive plan: PROVIDED, That the requirement for a project to conform to a comprehensive water pollution control and abatement plan may be waived by the department for any grant application filed with the department prior to July 1, 1974, in those situations where the department finds the public interest would be served better by approval of any grant application made prior to adoption of such plan than by its denial.

(4) Recipients of grants shall meet such qualifications and follow such procedures in applying for grants as shall be established by the department.

(5) Grants may be made to reimburse recipients for expenditures made after July 1, 1967, for projects which meet the requirements of this section and were commenced after the recipient had filed a grant application with the department.

NEW SECTION. Sec. 9. Except for RCW 90.50A.030(2)(d), 70.146.070, and 90.48.290, the department of ecology may adopt rules to implement this act.

NEW SECTION. Sec. 10. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

Such a statement shall contain substantially the following matter, to wit:

(b) Include a brief statement of the facts in relation to such water, and the necessity for a determination of the rights thereto.

(2) A summons issued under this section shall (thereupon) be issued out of said superior court, signed and attested by the clerk thereof, in the name of the state of Washington, as plaintiff, against all known persons (claiming the right to divert the water involved and all persons unknown claiming the right to divert the water involved, which said) identified by the department under RCW 90.03.110. The summons shall contain a brief statement of the objects and purpose of the proceedings and shall require the defendants to appear on the return day thereof, and make and file (a statement of) an adjudication claim to, or interest in, the water involved and a statement that unless they appear at the time and place fixed and assert such right, judgment will be entered determining their rights according to the evidence: PROVIDED, HOWEVER, That any persons claiming the right to (the use of) water by virtue of a contract with a claimant to the right to divert the same, shall not be necessary parties to the proceeding.

If an adjudication claim is for a use for which a statement of claim was required to be filed under chapter 90.14 RCW and no such claim was filed, the department may move that the adjudication claim be denied. The court shall grant the department's motion unless the claimant shows good cause why the motion should not be granted.

Sec. 6. RCW 90.03.130 and 1987 c 109 s 74 are each amended to read as follows:

Service of said summons shall be made in the same manner and with the same force and effect as service of summons in civil actions commenced in the superior courts of the state: PROVIDED, That ((for good cause, the court, at the request of the department, as an alternative to personal service, may authorize service of summons to be)) as an alternative to personal service, service may be made by certified mail, with return receipt signed and dated by defendant, a spouse of a defendant, or another person authorized to accept service. NEW SECTION. Sec. 8. A new section is added to chapter 90.03 RCW to read as follows:

Within the date set by the court for filing evidence, each claimant shall file with the court evidence to support the claimant's adjudication claims. The court is encouraged to set a date for filing evidence that is reasonable and fair for the timely processing of the adjudication. The evidence may include, without limitation, permits or certificates of water right, statements of claim made under chapter 90.14 RCW, deeds, documents related to issuance of a land patent,
aerial photographs, decrees of previous water rights adjudications, crop records, records of livestock purchases and sales, records of power use, metering records, declarations containing testimonial evidence, records of diversion, withdrawal or storage and delivery by irrigation districts or ditch companies, and any other evidence to support that a water right was obtained and was not thereafter abandoned or relinquished. The evidence filed may include matters that are outside the original adjudication claim filed, and within the date set by the court for filing evidence, the claimant may amend the adjudication claim to conform to the evidence filed. Thereafter, except as for good cause shown, a claimant may not file additional evidence to support the claim.

**NEW SECTION, Sec. 9.** A new section is added to chapter 90.03 RCW to read as follows:

(1) Upon the receipt of adjudication claims and the filing of claimants' evidence, the department shall conduct a preliminary investigation for the purpose of examining:

(a) The uses of the subject waters by and any physical works in connection with the persons to whom the adjudication applies; and

(b) The uses for which a statement of claim has been filed under chapter 90.14 RCW or for which the department has a permit or certificate of water right on record.

(2)(a) The examination may include, as the department deems appropriate:

(i) An estimation of the amount of water that is reasonably necessary to accomplish various beneficial uses within the area; and

(ii) The measurement of stream flows;

(iii) The measurement of any diversion or withdrawal rates; and

(iv) An estimation of storage capacity and the amount of water stored;

(v) The types and numbers of stock watered;

(vi) The number of residences served; and

(vii) Any other information pertinent to the determination of water rights in an adjudication under this chapter.

(b) The department may also take other necessary steps and gather other data and information as may be essential to the proper understanding of the water uses and associated rights of the affected water users, including review of each claimant's adjudication claim and evidence the claimant filed to support the claim. The claimants and the department are encouraged to confer as may be beneficial to clarify the factual and legal basis for the claim. To the extent consistent with court rules, the court may deem it appropriate to encourage claimants and the department to work closely together to reach agreement on a claimed water right that may result in timely settlement of water rights, reduced costs for the parties, greater equity and general public service, and better information that may be used for overall water management.

(3) The department shall file with the court the department's report of findings as to each adjudication claim filed timely under RCW 90.03.140. The department may divide its report of findings into two or more segments, covering particular drainages, uses, or other appropriate bases for dividing the report on adjudication claims. Based on the evidence filed by claimants and the department's report of findings, the department shall file with the superior court either or both of the following motions:

(a) A motion for a partial decree in favor of all stated claims under RCW 90.03.140 that the department finds to be substantiated with factual evidence; or

(b) A motion seeking determination of contested claims before the court.

**Sec. 10.** RCW 90.03.160 and 1989 c 80 s 1 are each amended to read as follows:

(1) Upon the completion of the service of summons as hereinbefore provided, the superior court in which said proceeding is pending shall make an order referring and proceeding to the department to take testimony by its duly authorized designee, as referee, and the designee shall report to and file with the superior court of the county in which such cause is pending a transcript of such testimony for adjudication thereon by such court. The superior court may, in any complex case with more than one thousand named defendants, including the United States, return for hearing and further processing such portions of the proceeding as pertain to a discrete class or classes of defendants or claims of water rights if the court determines that: (1) Resolution of claims of such classes appear to involve significant issues of law, either procedural or substantive; and (2) such a retention will both expedite the conclusion of the case and prevent the overall expenditures of the plaintiffs, defendants and the court.

(2) Any party may file objection to the filing of the department's motion or motions under section 9(3) of this act, any party with a claim filed under RCW 90.03.140 for the appropriation of water or waters of the subject adjudication may file and serve a response to the department's motion or motions within the time set by the court for such a response. Objections must include specific information in regard to the particular disposition against which the objection is being made. Objections must also state the underlying basis of the objection being made, including general information about the forms of evidence that support the objection. Any party may file testimony with the court and serve it on other parties. If a party intends to cross-examine a claimant or witness based on another party's prefilled testimony, the party intending to cross-examine shall file a notice of intent to cross-examine no later than fifteen days in advance of the hearing. If no notice of intent to cross-examine based on the prefilled testimony is given, then the claimant or witness is not required to appear at the hearing. Any party may present evidence in support of or in response to an objection.

(3) The superior court may appoint a referee or other judicial officer to assist the court.

(4) The superior court may adopt special rules of procedure for an adjudication of water rights under this chapter, including simplified procedures for claimants of small uses of water. The rules of procedure for a superior court apply to an adjudication of water rights under this chapter unless superseded by special rules of the court under this subsection. The superior court is encouraged to consider entering, after notice and hearing and at the court determines appropriate, pretrial orders from an adjudication commenced on October 12, 1977.

**NEW SECTION, Sec. 11.** A new section is added to chapter 90.03 RCW to read as follows:

(1) The legislature finds that early settlement of contested claims is needed for a fair and efficient adjudication of water rights. Therefore, the department and other parties should identify opportunities for settlement following the date set by the court for filing evidence for all parties. To the extent consistent with court rules, the court as it deems beneficial is encouraged to urge as many parties to the adjudication as possible to reach timely agreement on claimed water rights in a manner that limits costs to the public, claimants, counties, courts, and the department. Further, at appropriate times throughout the process the court as it deems beneficial is encouraged to direct parties to utilize alternative methods of dispute resolution, including informal meetings, negotiation, mediation, or other methods to reach agreement on disputed claims.

(2) Any time after the filing of all claims under RCW 90.03.140, the department or another party may move the superior court to allow parties to meet for settlement discussions for a set length of time, either before an appointed mediator or without a mediator. For good cause shown, the court may extend the length of time for settlement discussions. The costs of mediation must be equitably borne by the parties to the mediation.

(3) If the department and a claimant reach agreement on settlement, the department shall file a motion to approve the settlement pursuant to section 9(3)(a) of this act and shall disclose the terms of the settlement to other parties to the adjudication. The court shall conduct a hearing prior to approving a settlement and any party to the adjudication may object or offer modifications to the settlement.

**Sec. 12.** RCW 90.03.180 and 1995 c 292 s 21 are each amended to read as follows:

(1) At the time of filing the (statement) adjudication claim as provided in RCW 90.03.140, each defendant, except the United States or an Indian tribe under 43 U.S.C. Sec. 666, shall pay to the clerk of the superior court a fee as set under RCW 36.18.024(9) 36.18.016.

(2) Sec. 13. RCW 90.03.200 and 1988 c 202 s 91 are each amended to read as follows:

If exceptions be filed, the court shall enter a decree determining the rights of the parties according to the evidence and the report of the department, whether such parties have appeared therein or not. If exceptions are filed the action shall proceed as in case of reference of a suit in equity and the court may in such case further evidence of necessary, required, and may require further report by him. Costs, not including taxable attorneys fees, may be allowed or not. If allowed, may be apportioned among the parties in the discretion of the court!] the court's determination of all issues, the court shall issue a final decree and provide notice of the decree to all parties. The final decree must order each party whose rights have been confirmed, except the United States or an Indian tribe under 43 U.S.C. Sec. 666, to pay the department the fees required by RCW 90.03.47(10) and any other applicable fee schedule within ninety days after the department sends notice to the party under RCW 90.03.240. Appellate review of the decision, the same as in other cases in equity, except that review must be sought within sixty days from the entry thereof.]

Sec. 14. RCW 90.03.210 and 2001 c 220 s 5 are each amended to read as follows:

(b) If the appeal includes a challenge to the portion of the decision that pertains to the tentative determinations of the validity and extent of the water right, review of those tentative determinations shall be conducted by the court consistent with the provisions of RCW 34.05.510 through 34.05.598, except that the review shall be de novo.

(c) If the appeal includes a challenge to any portion of the department's decision other than the tentative determinations of the validity and extent of the rights, the court must certify to the pollution control hearings board for review and decision those portions of the department's decision. Review by the pollution control hearings board shall be conducted consistent with chapter 43.21B RCW and the board's implementing regulations, except that the requirements for filing, service, and content of the notice of appeal shall be governed by (a) of this subsection. Any party to an appeal may move the court to certify portions of the appeal to the pollution control hearings board, but the appellant must file a motion for certification no later than ninety days after the appeal is filed under this section.

(d) Appeals shall be scheduled to afford all parties full opportunity to participate before the superior court and the pollution control hearings board.

(e) Any person wishing to appeal the decision of the board made under (c) of this subsection shall seek review of the decision in accordance with chapter 34.05 RCW, except that the petition for review must be filed with the superior court conducting the adjudication.

(3) Nothing in this section shall be construed to affect or modify any treaty or other federal rights of an Indian tribe, or the rights of any federal agency or other person or entity arising under federal law. Nothing in this section is intended or shall be construed as affecting or modifying any existing right of a federally recognized Indian tribe to protect from impairment its federally reserved water rights in federal court.

If a member is married or in a domestic partnership and both the member and member's spouse or domestic partner do not give written consent to an option under this section, the department will pay the member a joint and fifty percent survivor benefit and record the member's spouse or domestic partner as the beneficiary. This benefit shall be calculated to be actuarially equivalent to the benefit options available under subsection (1) of this section unless ((spouse)) consent by the spouse or domestic partner is not required as provided in (b) of this subsection.

(b) If a copy of a dissolution order designating a survivor beneficiary under RCW 41.50.790 has been filed with the department at least thirty days prior to the member's retirement or the member's reduced retirement allowance payable to the retiree is not subject to periodic payments pursuant to a property division obligation as provided for in RCW 41.50.670.

(a) A court-approved property settlement incident to a court decree of dissolution made before retirement to provide that benefits payable to a member who has completed at least five years of service and the member's divorcing spouse or former domestic partner be divided into two separate benefits payable over the life of each spouse or domestic partner.

Any reductions of the member's benefit subsequent to the division into two separate benefits shall be made solely to the separate benefit of the member.

(ii) A member residing and still living at the time of retirement or former domestic partner shall be eligible to commence receiving their separate benefit upon reaching the age of 60 as provided in RCW 43.43.250(2) and after filing a written application with the department.

(b) A court-approved property settlement incident to a court decree of dissolution made after retirement may only divide the benefit into two separate benefits payable over the life of each spouse
or domestic partner if the nonmember ex spouse or former domestic partner was selected as a survivor beneficiary at retirement.

The retired member may later choose the survivor benefit options available in subsection (3) of this section. Any actuarial reductions subsequent to the division into two separate benefits shall be made solely to the separate benefit of the member.

MESSAGE FROM THE SENATE

April 14, 2009

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1589 with the following amendment:

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 71.05.340 and 2000 c 94 s 8 are each amended to read as follows:

(1)(a) When, in the opinion of the superintendent or the professional person in charge of the hospital or facility providing involuntary treatment, the committed person can be appropriately served by outpatient treatment prior to or at the expiration of the period of commitment, then such outpatient care may be required as a term of conditional release for a period which, when added to the inpatient treatment period, shall not exceed the period of commitment. If the hospital or facility designated to provide outpatient treatment is other than the facility providing involuntary treatment, the outpatient facility so designated must agree in writing to assume such responsibility. A copy of the terms of conditional release shall be given to the patient, the (committed) designated mental health professional in the county in which the patient is to receive outpatient treatment, and to the court of original commitment.

(b) Before a person committed under grounds set forth in RCW 71.05.280(3) or 71.05.320(3)(b) is conditionally released under (a) of this subsection, the superintendent or professional person in charge of the hospital or facility providing involuntary treatment shall in writing notify the prosecuting attorney of the county in which the criminal charges against the committed person were dismissed, of the decision to conditionally release the person. Notice and a copy of the terms of conditional release shall be provided at least thirty days before the person is released from inpatient care. Within twenty days after receiving notice, the prosecuting attorney may petition the court in the county that issued the commitment order to hold a hearing to determine whether the person may be conditionally released and the terms of the conditional release. The prosecuting attorney shall provide a copy of the petition to the superintendent or professional person in charge of the hospital or facility providing involuntary treatment, the attorney, if any, and guardian or conservator of the committed person, and the court of original commitment. If the county in which the committed person is to receive outpatient treatment is the same county in which the criminal charges against the committed person were dismissed, then the court shall, upon the motion of the prosecuting attorney, transfer the proceeding to the court in that county. The court shall conduct a hearing on the petition within ten days of the filing of the petition. The committed person shall have the same rights with respect to notice, hearing, and counsel as for an involuntary treatment proceeding, except as set forth in this subsection and except that there shall be no right to jury trial. The issue to be determined at the hearing is whether or not the person may be conditionally released without substantial danger to the public or substantial likelihood of committing criminal acts jeopardizing public safety or security. If the court disapproves of the conditional release, it may do so only on the basis of substantial evidence. Pursuant to the determination of the court upon the hearing, the conditional release of the person shall be approved by the court on the same or modified conditions or the person shall be returned for involuntary treatment on an inpatient.
basis subject to release at the end of the period for which he or she was committed, or otherwise in accordance with the provisions of this chapter.

(2) The hospital or facility designated to provide outpatient care or the secretary may modify the conditions for continued release when such modification is in the best interest of the person. Notification of such changes shall be sent to all persons receiving a copy of the original conditions.

(3)(a) If the hospital or facility designated to provide outpatient care, the (conditioned) designated mental health professional, or the secretary determines that:

(i) A conditionally released person is failing to adhere to the terms and conditions of his or her release;

(ii) Substantial deterioration in a conditionally released person's functioning has occurred;

(iii) There is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further inpatient treatment; or

(iv) The person poses a likelihood of serious harm. Upon notification by the hospital or facility designated to provide outpatient care, or on his or her own motion, the (conditioned) designated mental health professional or the secretary may order that the conditionally released person be apprehended and taken into custody and temporarily detained in an evaluation and treatment facility in or near the county in which he or she is receiving outpatient treatment.

(b) The hospital or facility designated to provide outpatient treatment shall notify the secretary or (conditioned) designated mental health professional when a conditionally released person fails to adhere to terms and conditions of his or her conditionally released or experiences substantial deterioration in his or her condition and, as a result, presents an increased likelihood of serious harm. The (conditioned) designated mental health professional or secretary shall order the person apprehended and temporarily detained in an evaluation and treatment facility in or near the county in which he or she is receiving outpatient treatment.

(c) A person detained under this subsection (3) shall be held until such time, not exceeding five days, as a hearing can be scheduled to determine whether or not the person should be returned to the hospital or facility from which he or she had been conditionally released. The (conditioned) designated mental health professional or the secretary may modify or rescind such order at any time prior to commencement of the court hearing.

(d) The court that originally ordered commitment shall be notified within two judicial days of a person's detention under the provisions of this section, and the (conditioned) designated mental health professional or the secretary shall file his or her petition and order of apprehension and detention with the court that originally ordered commitment in or with the court in the county in which the person is detained and serve them upon the person detained. His or her attorney, if any, and his or her guardian or conservator, if any, shall receive a copy of such papers as soon as possible. Such person shall have the same rights with respect to notice, hearing, and counsel as for an involuntary treatment proceeding, except as specifically set forth in this section and except that there shall be no right to jury trial. The venue for proceedings regarding a petition for modification or revocation of an order for conditional release shall be in the county in which the petition was filed. The issues to be determined shall be:

(i) Whether the conditionally released person did or did not adhere to the terms and conditions of his or her conditional release; (ii) that substantial deterioration in the person's functioning has occurred; (iii) there is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further inpatient treatment; or (iv) there is a likelihood of serious harm; and, if any of the conditions listed in this subsection (3)(d) have occurred, whether the terms of conditional release should be modified or the person should be returned to the facility.

(e) Pursuant to the determination of the court upon such hearing, the conditionally released person shall either continue to be conditionally released on the same or modified conditions or shall be returned for involuntary treatment on an inpatient basis subject to release at the end of the period for which he or she was committed for involuntary treatment, or otherwise in accordance with the constitutional majority, was declared passed.
Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 1824 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 4.24.660 and 1999 c 316 s 3 are each amended to read as follows:

(1) A school district shall not be liable for an injury to or the death of a person due to action or inaction of persons employed by, or under contract with, a youth program if:
(a) The action or inaction takes place on school property and during the delivery of services of the youth program;
(b) The private nonprofit group provides proof of being insured, under an accident and liability policy issued by an insurance company authorized to do business in this state, that covers any injury or damage arising from delivery of its services. Coverage for a policy meeting the requirements of this section must be at least fifty thousand dollars due to bodily injury or death of one person, or at least one hundred thousand dollars due to bodily injury or death of two or more persons in any incident. The private nonprofit shall also provide a statement of compliance with the policies for the management of concussion and head injury in youth sports as set forth in section 2 of this act; and
(c) The group provides proof of such insurance before the first use of the school facilities. The immunity granted shall last only as long as the insurance remains in effect.

(2) Immunity under this section does not apply to any school district before January 1, 2000.

(3) As used in this section, "youth programs" means any program or service, offered by a private nonprofit group, that is operated primarily to provide persons under the age of eighteen with opportunities to participate in services or programs.

(4) This section does not impair or change the ability of any person to recover damages for harm done by: (a) Any contractor or employee of a school district acting in his or her capacity as a contractor or employee; or (b) the existence of unsafe facilities or structures or programs of any school district.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.600 RCW to read as follows:

(1)(a) Concussions are one of the most commonly reported injuries in children and adolescents who participate in sports and recreational activities. The centers for disease control and prevention estimates that as many as three million nine hundred thousand sports-related and recreation-related concussions occur in the United States each year. A concussion is caused by a blow or motion to the head or body that causes the brain to move rapidly inside the skull. The risk of catastrophic injuries or death are significant when a concussion or head injury is not properly evaluated and managed.

(b) Concussions are a type of brain injury that can range from mild to severe and can disrupt the way the brain normally works. Concussions can occur in any organized or unorganized sport or recreational activity and can result from a fall or from players colliding with each other, the ground, or with obstacles. Concussions occur with or without loss of consciousness, but the vast majority occurs without loss of consciousness.

(c) Continuing to play with a concussion or symptoms of head injury leaves the young athlete especially vulnerable to greater injury and even death. The legislature recognizes that, despite having generally recognized return to play standards for concussion and head injury, some affected youth athletes are prematurely returned to play resulting in actual or potential physical injury or death to youth athletes in the state of Washington.

(2) Each school district's board of directors shall work in concert with the Washington inter-scholastic activities association to develop the guidelines and other pertinent information and forms to inform and educate coaches, youth athletes, and their parents and/or guardians of the nature and risk of concussion and head injury including continuing to play after concussion or head injury. On a yearly basis, a concussion and head injury information sheet shall be signed and returned by the youth athlete and the athlete's parent and/or guardian prior to the youth athlete's initiating practice or competition.

(3) A youth athlete who is suspected of sustaining a concussion or head injury in a practice or game shall be removed from competition at that time.

(4) A youth athlete who has been removed from play may not return to play until the athlete is evaluated by a licensed health care provider trained in the evaluation and management of concussion and receives written clearance to return to play from that health care provider. The health care provider may be a volunteer. A volunteer who authorizes a youth athlete to return to play is not liable for civil damages resulting from any act or omission in the rendering of such care, other than acts or omissions constituting gross negligence or willful or wanton misconduct.

(5) This section may be known and cited as the Zackery Lystedt law."

On page 1, line 2 of the title, after "sports;" strike the remainder of the title and insert "amending RCW 4.24.660; and adding a new section to chapter 28A.600 RCW.

ENGROSSED HOUSE BILL NO. 1824, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 16, 2009

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1946 with the following amendment:

Strike everything after the enacting clause and insert the following:
"NEW SECTION. Sec. 1. The legislature recognizes that the state must educate more people to higher levels to adapt to the economic and social needs of the future. While our public colleges and universities have realized great success in helping students achieve their dreams, the legislature also recognizes that much more must be done to prepare current and future students for a twenty-first century economy. To raise the levels of skills and knowledge needed to sustain the state's economic prosperity and competitive position in a global environment, the public higher education system must reach out to every prospective student and citizen in unprecedented ways, with unprecedented focus.

To reach out to these citizens, the state must dismantle the barriers of geographic isolation, cost, and competing demands of work and family life. The state must create a more nimble system of learning that is student-centric, more welcoming of nontraditional and underserved students, easier to access and use, and more tailored to today's student needs and expectations.

Technology can play a key role in helping achieve this systemic goal. While only a decade ago access to personal computers was widely viewed a luxury, today computers, digital media, electronic information, and content have changed the nature of how students learn and instructors teach. This presents a vast, borderless opportunity to reach and impact more of the state's public educational institutions and educate more people to higher levels.

Each higher education institution and workforce program serves a unique group of students and as such, has customized its own technology solutions to meet its emerging needs. While local solutions may have served institutions of higher education in the past, paying for and operating multiple technology solutions, platforms, systems, models, agreements, and operational functionality for common applications and support services no longer serves students or the state.

Today's students access education differently. Rather than enrolling in one institution of higher education, staying two to four years and graduating, today's learners prefer a cafeteria approach; they often enroll in and move among multiple institutions—sometimes simultaneously. Rather than sitting in lecture halls taking notes, they may listen to podcasts of a lecture while grocery shopping or hold a virtual study group with classmates on a video chat room. They may prefer hybrid courses where part of their time is spent in the classroom and part is spent online. They prefer online access for commodity administrative services such as financial aid, admissions, transcript services, and more.

Institutions of higher education not only must rethink teaching and learning in a digital-networked world, but also must tailor their administrative and student services technologies to serve the mobile student who requires dynamic, customized information online and in real time. Because these relationships are changing so fast and so fundamentally, the incumbent on the higher education system to transform its practices just as profoundly.

Therefore, the legislature intends to both study and implement its findings regarding how the state's public institutions of higher education can share core resources in instructional, including library, resources, student services, and administrative information technology resources, user help desk services, faculty professional development, and more. The study will examine how public institutions of higher education can pursue a strategy of implementing single, shared, statewide commonly needed standards-based software, web hosting and support service solutions that are cost-effective, easily integrated, user-friendly, flexible, and constantly improving. The full range of applications that serve students, faculty, and administration shall be included. Expensive, proprietary, nonstandards-based customized applications, databases and services, and other resources that do not allow for the transparent sharing of information across institutions, agencies, and educational levels, including K-12, are inconsistent with the state's objective of educating more people to higher levels.

NEW SECTION. Sec. 2. A new section is added to chapter 28B.10 RCW to read as follows:

All institutions of higher education are encouraged to use common online learning technologies including, but not limited to, existing learning management and web conferencing systems currently managed and governed by the state board for community and technical colleges; and share professional development materials and activities related to effective use of these tools. The state board for community and technical colleges may adjust existing vendor licenses to accommodate and provide enterprise services for any interoperable institutions of higher education. The common learning management system shall be designed in a way that allows for easy sharing of courses, learning objects, and other digital content among the institutions of higher education. Institutions of higher education may begin migration to these common systems immediately. The state board for community and technical colleges shall convene representatives from each four-year institution of higher education to develop a shared fee structure.

NEW SECTION. Sec. 3. (1) The higher education coordinating board shall convene a higher education technology transformation task force to improve the efficiency, effectiveness, and quality of education relative to the strategic and operational use of technology in public education.

(2) The task force shall be composed of one member from each public four-year institution of higher education; six members from the community and technical colleges; two faculty members from four-year institutions of higher education, at least one of whom is selected by statewide bargaining representatives; two faculty members from community or technical colleges, at least one of whom is selected by statewide bargaining representatives; and one member each from the state board for community and technical colleges; the higher education coordinating board; the workforce training and education coordinating board; the department of information services; and the council of presidents. The task force shall select a chair from its membership.

(3) The task force shall prepare a report that includes a plan to improve the efficiency, effectiveness, and quality of public higher education relative to the strategic and operational use of technology in higher education.

(4) In developing the plan, the institutions of higher education and their partners, identified in this section, shall take the following action:

(a) Investigate similar efforts, strategies, programs, and options in other states, of private providers of higher education in the state, and global consortia related to:

(i) Online learning technologies including but not limited to: Learning management, ePortfolio, web conferencing systems, and other education applications;

(ii) Personalized online student services including but not limited to: Recruitment, admissions, retention, advising, academic planning, course catalogs, transfer, and financial aid management;

(iii) Integrated online administrative tools including but not limited to: Student information management; financial management; payroll; human resources; and data collection, reporting, and analysis;

(iv) Sharing library resources including but not limited to: Copyrighted physical and e-books, and consolidated electronic journals and research database licensing and other models;

(v) Methods and open licensing options for effectively sharing digital content including but not limited to: Open courseware, open textbooks, open journals, and open learning objects;

(vi) Methods for pooling, coordinating, and otherwise more efficiently managing enrollments so colleges with extra enrollment space in online courses can easily and efficiently make those spaces available to students at other colleges, or to high school students through existing dual-credit programs, without economic, governance, or institutional penalty or disincentive from the provider or recipient institution;

(vii) Methods for ensuring online courses meet agreed upon instructional guidelines, policies, and quality, and methods for sharing these best practices to improve traditional courses' quality; and

(b) Develop a process and timeline for the implementation of a statewide approach based on the investigation in (a) of this subsection;

(c) Focus on statewide capability and standards that enable the efficient use of common applications, web hosting services, user support, staff training, and consolidated software licenses and open educational resources;

(d) Identify the metrics that can be used to gauge success;
(c) Conduct a comprehensive audit of existing resources used by public institutions of higher education or agencies including but not limited to technology-related: Employees; infrastructure; application licenses and costs; web hosting facilities and services; digital content licenses; student, faculty, and administrative applications and services; and the amounts and uses of technology fees charged to students. The failure of the individual public institution of higher education or agency to fully, accurately, and thoroughly account for these resources and fees in detail shall expressly be stated in the task force report;
(1) Recommend strategies and specific tactics to: (i) Reduce duplication of applications, web hosting, and support services; (ii) effectively and efficiently use technology to share costs, data, and faculty professional development; (iii) improve the quality of instruction; and (iv) increase student access, transfer capability, and the quality of student, faculty, and administration services; and 
(2) Recommend governance models, funding models, and accountability measures to achieve these and related objectives.
(5) Subject to funds for this specific purpose, the higher education coordinating board shall engage an independent expert to conduct an independent technical analysis of the findings of the comprehensive technology audits outlined in subsection (4)(e) of this section.
(6) The public institutions of higher education and their partners shall jointly report their findings and recommendations to the appropriate committees of the legislature by December 1, 2010. A preliminary report shall be delivered to appropriate committees of the legislature by December 1, 2009.

NEW SECTION. Sec. 4. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2009, in the omnibus appropriations act, this act is null and void."
On page one, line one of the title, after "technology;" strike the remainder of the title and insert "adding a new section to chapter 28B.10 RCW; and creating new sections."

The Speaker (Representative Morris presiding): "Thank you for your point of order, Representative Hudgins. The Speaker believes that the methods around people's perceptions on the impact of the way this fee is being collected is allowable in the debate and is relative to the bill in question. The Speaker would encourage however that members try to shy away from terms like deceptive so that they may not be confused for words that may impugn motives behind it. It is a fairly grey area here and I would encourage members to try to pick their words carefully because the subject is allowable. But I would caution that would not be put in a way that might cause members to feel impugned.

Your point is not well taken at this point but please feel cautioned by the Speaker."

The advisory committees shall make recommendations on management practices to conserve, protect, and develop oyster reserve lands. The advisory committees may make recommendations regarding the management practices on oyster reserve lands, in particular to ensure that they are managed in a manner that will: (a) Increase revenue through production of high-value shellfish; (b) not be detrimental to the market for shellfish grown on nonreserve lands; and (c) avoid negative impacts to existing shellfish populations. The advisory committees may also make recommendations on the distribution of funds in RCW 77.60.160(2)(a). The department shall attempt to structure each advisory committee to include equal representation between shellfish growers that participate in reserve sales and shellfish growers that do not.

public properties in the intertidal zone that could be enhanced for salmon, a description of how those properties could be altered to support salmon, a description of costs and sources of funds to enhance the property, and a strategy and schedule for prioritizing the enhancement of public lands for intertidal salmon habitat. This initial plan shall be submitted to the appropriate task force at least six months before the deadline established in subsection (3) of this section.

(3) The final intertidal salmon enhancement plan shall be completed within two years from the date the task force is formed under RCW 77.120.030 and funding has been secured. The lead entity may be a county, city, conservation district, special district, tribal government, regional resource organization, or other entity.

(b) The lead entity shall establish a committee that consists of representative interests of counties, cities, conservation districts, tribes, environmental groups, business interests, landowners, citizens, volunteer groups, regional fish enhancement groups, and other habitat interests. The purpose of the committee is to provide a citizen-based evaluation of the projects proposed to promote salmon habitat.

(c) The committee shall compile a list of habitat projects, establish priorities for individual projects, define the sequence for project implementation, and submit these activities as the habitat project list. The committee shall also identify potential federal, state, local, and private funding sources.

(2) The area covered by the habitat project list must be based, at a minimum, on a WRIA, combination of WRias, or any other area as agreed to by the counties, cities, and tribes in resolutions or in letters of support meeting the requirements of this subsection. Preference will be given to projects in an area that contain a salmon species that is listed or proposed for listing under the federal endangered species act.

(3) The lead entity shall submit the habitat project list to the salmon recovery funding board in accordance with procedures adopted by the board.

Sec. 26. RCW 77.120.030 and 2007 c 350 s 10 are each amended to read as follows:

(1) The owner or operator in charge of any vessel covered by this chapter is required to ensure that the vessel under their ownership or control does not discharge ballast water into the waters of the state except as authorized by this section.

(2) Discharge of ballast water into waters of the state is authorized only if there has been an open sea exchange, or if the vessel has treated its ballast water, to meet standards set by the department consistent with applicable state and federal laws.

(3) The department, in consultation with (the ballast water work group, or similar) a collaborative forum, shall adopt by rule standards for the discharge of ballast water into the waters of the state and their implementation timelines. The standards are intended to ensure that the discharge of ballast water poses minimal risk of introducing non-native species. In developing these standards, the department shall consider the extent to which the requirement is technologically and practically feasible. Where practical and appropriate, the standards must be compatible with standards set by the United States coast guard, the federal clean water act (33 U.S.C. Sec. 251-1387), or the international maritime organization.

(4) The master, operator, or person in charge of a vessel is not required to conduct an open sea exchange or treatment of ballast water if the master, operator, or person in charge of a vessel determines that the operation would threaten the safety of the vessel, its crew, or its passengers, because of adverse weather, vessel design limitations, equipment failure, or any other extraordinary conditions.

A master, operator, or person in charge of a vessel who relies on this exemption must file documentation defined by the department, subject to: (a) Payment of a fee not to exceed five thousand dollars; (b) discharging only the minimal amount of ballast water operationally necessary; (c) ensuring that ballast water records accurately reflect any reasons for not complying with the mandatory requirements; and (d) any other requirements identified by the department by rule as provided in subsections (3) and (6) of this section.

(5) For treatment technologies requiring shipyard modification, the department may enter into a compliance plan with the vessel owner. The compliance plan must include a timeline consistent with drydock and shipyard schedules for completion of the modification. The department shall adopt rules for compliance plans under this subsection.

(6) For an exemption claimed in subsection (4) of this section, the department shall adopt rules for defining exemption conditions, requirements, compliance plans, or alternative ballast water management strategies to meet the intent of this section.

(7) The department shall make every effort to align ballast water standards with adopted international and federal standards while ensuring that the goals of this chapter are met.

The requirements of this section do not apply to a vessel discharging ballast water or sediments that originated solely within the waters of Washington (state), the Columbia river system, or the internal waters of British Columbia south of latitude fifty degrees north, including the waters of the Straits of Georgia and Juan de Fuca.

(8) Open sea exchange is an exchange that occurs fifty or more nautical miles offshore. If the United States coast guard requires a vessel to conduct an exchange further offshore, then that distance is the required distance for purposes of compliance with this chapter.

Sec. 27. RCW 77.120.110 and 2007 c 350 s 14 are each amended to read as follows:

(1) The ballast water management account is created in the state treasury. All receipts from legislative appropriations, gifts, grants, donations, penalties, and fees received under this chapter must be deposited into the account.

(a) Expenditures may not be used for the salaries of permanent department employees; and

(b) Penalties deposited into the account may be used((in consultation with the ballast water work group created in section 11 of this act)) only to support basic and applied research and carry out education and outreach related to the state's ballast water management.

(Such testing and research shall be reviewed by the ballast water work group, who may make recommendations to the department)) The department may adopt rules for defining special operating authorization conditions, requirements, limitations, and fees necessary to implement this section, consistent with the intent of this chapter.

Sec. 29. RCW 77.95.200 and 1998 c 251 s 2 are each amended to read as follows:

The initial selection of sites shall be (completed by July 1, 1999, and) updated annually (((thereafter)).

(2) The department may only approve a remote site incubator project if the department deems it is consistent with the conservation
of wild salmon and trout. The department shall only utilize appropriate salmonid eggs in remote site incubators, and may acquire eggs by gift or purchase.

(3) The department shall depend chiefly upon volunteer efforts to implement the remote site incubator program through volunteer cooperative projects and the regional fisheries enhancement groups. The department may prioritize remote site incubator projects within regional enhancement areas.

Where delay will cause loss to the value of the property and a ready wholesale buying market exists, the department may sell property to a wholesale buyer at a fair market value.

(2) When seized property is forfeited to the department, the department may retain it for official use unless the property is required to be destroyed, or upon application by any law enforcement agency of the state, release the property to the agency for the use of enforcing this title, or sell such property and deposit the proceeds into the (state wildlife fund) fish and wildlife enforcement reward account established under RCW (77.12.170(5)). Any sale of fish or shellfish shall be at public auction or contract with a nonprofit wildlife conservation organization to conduct a raffle for hunting these animals. In consultation with the gambling commission, the director may adopt rules for the implementation of raffles involving hunting.

The director shall establish the procedures for the raffles, which shall require any participants to obtain any required license, permit, or tag. Representatives of the department may participate in the hunt upon the request of the commission to ensure that the animals to be killed are properly identified.

A nonprofit charitable organization receiving personal property donated under this section must use the property, or its proceeds, to benefit needy persons. NEW SECTION. Sec. 50. Sections 44 through 49 of this act constitute a new chapter in Title 77 RCW.

NEW SECTION. Sec. 51. RCW 77.12.665 (Wildlife viewing tourism) and 2003 c 183 s 1 are each repealed.

Sec. 52. RCW 77.12.820 and 1997 c 422 s 5 are each amended to read as follows:

The eastern Washington pheasant enhancement account is created in the custody of the state treasurer. All receipts under RCW 77.12.810 must be deposited in the account. Moneys in the account are subject to legislative appropriation and shall be used for the purpose of funding the eastern Washington pheasant enhancement program. The department may use moneys from the account to improve pheasant habitat or to purchase or produce pheasants. ((Not less than eighty percent of expenditures from the account must be used to purchase or produce pheasants.) The department must continue to release rooster pheasants in eastern Washington. The eastern Washington pheasant enhancement account funds must not be used for the purchase of land. The account may be used to offer grants to improve pheasant habitat on public or private lands that are open to public hunting. The department may enter partnerships with private landowners, nonprofit corporations, cooperative groups, and federal or state agencies for the purposes of pheasant habitat enhancement in areas that will be available for public hunting.

The department is responsible for preparing an annual report to the appropriate committees of the legislature by December 1st regarding the department's eastern Washington pheasant activities.

NEW SECTION. Sec. 53. (1) The legislature finds that healthy wildlife populations are a valuable and treasured public resource to the people of the state of Washington. However, the legislature also finds that as the human population increases and encroaches on wildlife habitat, interactions between humans and wildlife will become more frequent.

(2) The legislature further finds that interactions between humans and wildlife can have significant financial impacts on the affected landowner. Although the resulting wildlife damage is felt...
most closely by the landowner, the general public, as beneficiaries and stewards of healthy wildlife populations, should bear some responsibility, as outlined in and limited by this act, for providing a measure of restitution to the impacted landowner, provided that the landowner has exhausted all legal, practicable self-help methods available to prevent wildlife damage from occurring.

(3) The legislature further finds that the commercial agriculture, horticulture, and livestock industries are important components of the state economy that can be negatively impacted by interactions with wildlife. However, the legislature also finds that other landowners, both commercial and residential, may be faced with wildlife interactions that result in property damage. It is the intent of the legislature to craft a solution whereby all property owners have a potential avenue to petition the state for some mitigation of the damages caused by wildlife.

(4) The legislature further finds that it is in the best interests of the state for the department of fish and wildlife to respond quickly to wildlife damage complaints and to work with those affected to prevent and minimize negative interactions while maintaining healthy wildlife populations.

(5) The legislature further finds that negative wildlife interactions can be best reduced by encouraging landowners to contribute, through their land management practices, to healthy wildlife populations and to provide access for related recreation.

Sec. 54. RCW 77.36.010 and 1996 c 54 s 2 are each amended to read as follows:

(1) "Claim" means an application to the department for compensation under this chapter.

(2) "Commercial crop" means a ((commercially raised)) horticultural ((and/or)) or agricultural product ((and includes)), including the growing or harvested product (but does not include livestock). For the purposes of this chapter all parts of horticultural trees shall be considered a commercial crop and shall be eligible for claims.

(3) "Commercial livestock" means cattle, sheep, and horses held or raised by a person for sale.

(4) "Compensation" means a cash payment, materials, or service.

(5) "Damage" means economic losses caused by wildlife interactions.

(6) "Immediate family member" means spouse, state registered domestic partner, brother, sister, grandparent, parent, child, or grandchild of owner.

(7) "Owner" means a person who has a legal right to commercial crops, commercial livestock, or other property that was damaged during a wildlife interaction.

(8) "Wildlife interaction" means the negative interaction and the resultant damage between wildlife and commercial crops, commercial livestock, or other property.

NEW SECTION. Sec. 55. A new section is added to chapter 77.36 RCW to read as follows:

(1)(a) Except as limited by RCW 77.36.070 and 77.36.080, the department shall offer to distribute money appropriated to pay claims to the owner of commercial crops for damage caused by wild deer or elk or to the owners of commercial livestock that has been killed by bears, wolves, or cougars, or injured by bears, wolves, or cougars to such a degree that the market value of the commercial livestock has been diminished. Payments for claims for damage to commercial livestock are not subject to the limitations of RCW 77.36.070 and 77.36.080, but may not exceed the total amount specifically appropriated to pay such claims.

(b) Owners of commercial crops or commercial livestock are only eligible for a claim under this subsection if:

(i) The owner satisfies the definition of "eligible farmer" in RCW 82.08.855;

(ii) The conditions of section 56 of this act have been satisfied; and

(iii) The damage caused to the commercial crop or commercial livestock satisfies the criteria for damage established by the commission under this subsection.

(c) The commission shall adopt and maintain by rule criteria that clarify the damage to commercial crops and commercial livestock qualifying for compensation under this subsection. An owner of a commercial crop or commercial livestock must satisfy the criteria prior to receiving compensation under this subsection. The criteria for damage adopted under this subsection must include, but not be limited to, a required minimum economic loss to the owner of the commercial crop or commercial livestock, which may not be set at a value of less than five hundred dollars.

(2)(a) The department may offer to provide noncash compensation only to offset wildlife interactions to a person who applies to the department for compensation for damage to property other than commercial crops or commercial livestock that is the result of a mammalian or avian species of wildlife on a case-specific basis if the conditions of section 56 of this act have been satisfied and if the damage satisfies the criteria for damage established by the commission under this subsection.
