(4) Each county auditor who acts as agent of the department of revenue shall at the time of remitting vehicle license fee receipts on vehicles subject to the provisions of this section pay over and account to the state treasurer for all use tax revenue collected under this section, after first deducting as a collection fee the sum of two dollars for each motor vehicle upon which the tax has been collected. All revenue received by the state treasurer under this section shall be credited to the general fund. The auditor's collection fee shall be deposited in the county current expense fund. A duplicate of the county auditor's transmittal report to the state treasurer shall be forwarded forthwith to the department of revenue.

(3) (For each permit issued, there shall be collected a filing fee of one dollar, an administrative fee of fifteen dollars, and an excise tax of nine dollars. Such fees and tax shall be in lieu of the special fuel tax otherwise assessable against the permit holder for importing and using special fuel in a motor vehicle on the public highways of this state, and no report of mileage shall be required with respect to such vehicle. Trip permits will not be issued if the applicant has outstanding fuel taxes, penalties, or interest owing to the state or has had a special fuel license revoked for cause and the cause has not been removed. County auditors or businesses so appointed may retain the filing fee collected for each trip permit to defray expenses incurred in handling and selling the permits.)

(5) A surcharge of five dollars is imposed on the issuance of trip permits. The portion of the surcharge paid by motor carriers must be deposited in the motor vehicle fund for the purpose of supporting weight stations, weigh-in-motion programs, and the commercial vehicle information systems and networks program. The remaining portion of the surcharge must be deposited in the motor vehicle fund for the purpose of supporting congestion relief programs.

(1)(a) In addition to all other penalties provided by law, and except as provided otherwise in (a)(i), (ii), or (iii) of this subsection, a commercial motor vehicle that is subject to compliance reviews under this chapter and an officer, agent, or employee of a company operating a commercial motor vehicle who violates or who procures, aids, or abets in the violation of this title or any order or rule of the
state patrol is liable for a penalty of one hundred dollars for each
violation.

(i) It is a violation of this chapter for a person operating a
commercial motor vehicle to fail to comply with the requirements of
49 C.F.R. Pt. 382, controlled substances and alcohol use and testing,
49 C.F.R. Sec. 391.15, disqualification of drivers, and 49 C.F.R. Sec.
396.9(c)(2), moving a vehicle placed out of service before the out of
service defects have been satisfactorily repaired. For each violation
the person is liable for a penalty of five hundred dollars.

(ii) The driver of a commercial motor vehicle who violates an
out-of-service order is liable for a penalty of at least one thousand one
hundred dollars but not more than two thousand seven hundred fifty
dollars for each violation.

motor vehicle when there is an out-of-service order is liable for a
penalty of at least two thousand seven hundred fifty dollars but not
more than eleven thousand dollars for each violation.

(iv) Each violation under this subsection (1)(a) is a separate and
distinct offense, and in case of a continuing violation every day's
continuance is a separate and distinct violation.

(b) In addition to all other penalties provided by law, any motor
carrier, company, or any officer or agent of a motor carrier or
company operating a commercial motor vehicle subject to
compliance reviews under this chapter who refuses entry or to make
the required records, documents, and vehicles available to a duly
authorized agent of the state patrol is liable for a penalty of at least
five thousand dollars as well as an out-of-service order being placed
on the department of transportation number, as defined in RCW
46.16.004 (as recodified by this act), and vehicle registration to
operate. Each violation is a separate and distinct offense, and in case of
a continuing violation every day's continuance is a separate and
distinct violation.

(c) A motor carrier operating a commercial motor vehicle after
receiving a final unsatisfactory rating or being placed out of service is
liable for a penalty of not more than eleven thousand dollars for each
violation. Each violation is a separate and distinct offense, and in
case of a continuing violation every day's continuance is a separate and
distinct violation.

(d) A high-risk carrier is liable for double the amount of the
penalty of a prior violation if the high-risk carrier repeats the same
violation during a follow-up compliance review. Each repeat
violation is a separate and distinct offense, and in case of a repeat
continuing violation every day's continuance is a separate and distinct
violation.

(2) The Washington state patrol may place an out-of-service order
on a department of transportation number, as defined in RCW
46.16.004 (as recodified by this act), for violations of this chapter or
for nonpayment of any monetary penalties assessed by the state patrol
or the utilities and transportation commission, as a result of
compliance reviews, or for violations of cease and desist orders issued
by the utilities and transportation commission. The state patrol shall
notify the department of licensing when an out-of-service order has
been placed on a motor carrier's department of transportation number.
The state patrol shall notify the motor carrier when there has been an
out-of-service order placed on the motor carrier's department of
transportation number and the vehicle registrations have been revoked
by sending a notice by first-class mail using the last known address
for the registered or legal owner or owners, and recording the
transmittal on an affidavit of first-class mail. Notices under this
section fulfill the requirements of RCW 46.12.160 (as recodified by
this act). Motor carriers may not be eligible for a new department of
transportation number, vehicle registration, or temporary permits to
operate unless the violations that resulted in the out-of-service order
have been corrected.

(3) Any penalty provided in this section is due and payable when
the person incurring it receives a notice in writing from the state
patrol describing the violation and advising the person that the penalty
is due.

(a)(i) Any motor carrier who incurs a penalty as provided in this
section, except for a high-risk carrier that incurs a penalty for a repeat
violation during a follow-up compliance review, may, upon written
application, request that the state patrol mitigate the penalty. An
application for mitigation must be received by the state patrol within
twenty days of the receipt of notice.

(ii) The state patrol may decline to consider any application for
mitigation.

(b) Any motor carrier who incurs a penalty as provided in this
section has a right to an administrative hearing under chapter 34.05
RCW to contest the violation or the penalty imposed, or both. In all
such hearings, the procedure and rules of evidence are as specified in
chapter 34.05 RCW except as otherwise provided in this chapter.
Any request for an administrative hearing must be made in writing
and must be received by the state patrol within twenty days after the
later of (i) receipt of the notice imposing the penalty, or (ii)
disposition of a request for mitigation, or the right to a hearing is
waived.

(c) All penalties recovered under this section shall be paid into the
state treasury and credited to the state patrol highway account of the
motor vehicle fund.

Further, any mobile home or park model trailer required to have a special movement permit under this section shall display an easily recognizable decal. However, endorsement or certification by the county treasurer and the display of the decal is not required:

(2) If an unauthorized vehicle is found abandoned under subsection (1) of this section and removed at the direction of law enforcement, the last registered owner of record is guilty of the traffic infraction of "littering--abandoned vehicle," unless the vehicle is redeemed as provided in RCW 46.55.120. In addition to any other monetary penalty payable under chapter 46.63 RCW, the court shall not consider all monetary penalties as having been paid until the court is satisfied that the person found to have committed the infraction has made restitution in the amount of the deficiency remaining after disposal of the vehicle under RCW 46.55.140.

(3) A vehicle theft report filed with a law enforcement agency relieves the last registered owner of liability under subsection (2) of this section for failure to redeem the vehicle. However, the last registered owner remains liable for the costs incurred in removing, storing, and disposing of the abandoned vehicle, less amounts realized at auction. If the date of sale as indicated on the report of sale is on or before the date of impoundment, the buyer identified on the latest properly filed report of sale with the department is assumed liable for the costs incurred in removing, storing, and disposing of the abandoned vehicle, less amounts realized at auction. If the date of sale is after the date of impoundment, the previous registered owner is assumed to be liable for such costs. A licensed vehicle dealer is not liable under subsections (1) and (2) of this section if the dealer, as transferee or assignee of the last registered owner of the vehicle involved, has complied with the requirements of RCW 46.70.122 upon selling or otherwise disposing of the vehicle, or if the dealer has timely filed a transitional ownership record or report of sale under RCW 46.12.103 (as recodified by this act). In that case the person to whom the licensed vehicle dealer has sold or transferred the vehicle is assumed liable for the costs incurred in removing, storing, and disposing of the abandoned vehicle, less amounts realized at auction.

(4) Properly filing a report of sale or transfer regarding the vehicle involved in accordance with RCW 46.12.101 (1) through (3) (as recodified by this act) relieves the last registered owner of liability under subsections (1) and (2) of this section. If the date of sale as indicated on the report of sale is on or before the date of impoundment, the buyer identified on the latest properly filed report of sale with the department is assumed liable for the costs incurred in removing, storing, and disposing of the abandoned vehicle, less amounts realized at auction. If the date of sale is after the date of impoundment, the previous registered owner is assumed to be liable for such costs. A licensed vehicle dealer is not liable under subsections (1) and (2) of this section if the dealer, as transferee or assignee of the last registered owner of the vehicle involved, has complied with the requirements of RCW 46.70.122 upon selling or otherwise disposing of the vehicle, or if the dealer has timely filed a transitional ownership record or report of sale under RCW 46.12.103 (as recodified by this act). In that case the person to whom the licensed vehicle dealer has sold or transferred the vehicle is assumed liable for the costs incurred in removing, storing, and disposing of the abandoned vehicle, less amounts realized at auction.

(5) For the purposes of reporting notices of traffic infraction to the department under RCW 46.20.270 and 46.52.101, and for purposes of reporting notices of failure to appear, respond, or comply regarding a notice of traffic infraction to the department under RCW 46.63.070(6), a traffic infraction under subsection (2) of this section is not considered to be a standing, stopping, or parking violation.

(6) A notice of infraction for a violation of this section may be filed with a court of limited jurisdiction organized under Title 3, 35, or 35A RCW, or with a violations bureau subject to the court's jurisdiction.

Sec. 1120. RCW 46.55.113 and 2007 c 242 s 1 and 2007 c 86 s 1 are each reenacted and amended to read as follows:

(1) Whenever the driver of a vehicle is arrested for a violation of RCW 46.61.502, 46.61.504, 46.20.342, or 46.20.345, the vehicle is subject to summary impoundment, pursuant to the terms and conditions of an applicable local ordinance or state agency rule at the direction of a law enforcement officer.

(2) In addition, a police officer may take custody of a vehicle, at his or her discretion, and provide for its prompt removal to a place of safety under any of the following circumstances:

(a) Whenever a police officer finds a vehicle standing upon the roadway in violation of any of the provisions of RCW 46.61.560, the officer may provide for the removal of the vehicle or require the
driver or other person in charge of the vehicle to move the vehicle to a position off the roadway;

(b) Whenever a police officer finds a vehicle unattended upon a highway where the vehicle constitutes an obstruction to traffic or jeopardizes public safety;

(c) Whenever a police officer discovers an unattended vehicle at the scene of an accident or when the driver of a vehicle involved in an accident is physically or mentally incapable of deciding upon steps to be taken to protect his or her property;

(d) Whenever the driver of a vehicle is arrested and taken into custody by a police officer;

(e) Whenever a police officer discovers a vehicle that the officer determines to be a stolen vehicle;

(f) Whenever a vehicle without a special license plate, placard, or decal indicating that the vehicle is being used to transport a person with disabilities under ((RCW 46.16.384)) section 701 of this act is parked in a stall or space clearly and conspicuously marked under RCW 46.61.581 which space is provided on private property without charge or on public property;

(g) Upon determining that a person is operating a motor vehicle without a valid and, if required, a specially endorsed driver's license or with a license that has been expired for ninety days or more;

(h) When a vehicle is illegally occupying a truck, commercial loading zone, restricted parking zone, bus, loading, hooded-meter, taxi, street construction or maintenance, or other similar zone where, by order of the director of transportation or chiefs of police or fire or their designees, parking is limited to designated classes of vehicles or is prohibited during certain hours, on designated days or at all times, if the zone has been established with signage for at least twenty-four hours and where the vehicle is interfering with the proper and intended use of the zone. Signage must give notice to the public that a vehicle will be removed if illegally parked in the zone;

(i) When a vehicle with an expired registration of more than forty-five days is parked on a public street.

(3) When an arrest is made for a violation of RCW 46.20.342, if the vehicle is a commercial vehicle and the driver of the vehicle is not the owner of the vehicle, before the summary impoundment directed under subsection (1) of this section, the police officer shall attempt in a reasonable and timely manner to contact the owner of the vehicle and may release the vehicle to the owner if the owner is reasonably available, as long as the owner was not in the vehicle at the time of the stop and arrest and the owner has not received a prior release under this subsection or RCW 46.55.120(1)(a)(ii).

(4) Nothing in this section may derogate from the powers of police officers under the common law. For the purposes of this section, a place of safety may include the business location of a registered tow truck operator.

Sec. 1121. RCW 46.55.140 and 1995 c 360 s 8 are each amended to read as follows:

(1) A registered tow truck operator who has a valid and signed impoundment authorization has a lien upon the impounded vehicle for services provided in the towing and storage of the vehicle, unless the impoundment is determined to have been invalid. The lien does not apply to personal property in or upon the vehicle that is not permanently attached to or is not an integral part of the vehicle except for items of personal property registered or titled with the department. The registered tow truck operator also has a deficiency claim against the registered owner of the vehicle for services provided in the towing and storage of the vehicle not to exceed the sum of five hundred dollars after deduction of the amount bid at auction, and for vehicles of over ten thousand pounds gross vehicle weight, the operator has a deficiency claim of one thousand dollars after deduction of the amount bid at auction, unless the impound is determined to be invalid. The limitation on towing and storage deficiency claims does not apply to an impound directed by a law enforcement officer. In no case may the cost of the auction or a buyer's fee be added to the amount charged for the vehicle at the auction, the vehicle's lien, or the overage due. A registered owner who has completed and filed with the department the ((seller's)) report of sale as provided for ((by)) in RCW 46.12.101 (as recodified by this act) and has timely and properly filed the ((seller's)) report of sale is relieved of liability under this section. The person named as the new owner of the vehicle on the timely and properly filed ((seller's)) report of sale shall assume liability under this section.

(2) Any person who tows, removes, or otherwise disturbs any vehicle parked, stalled, or otherwise left on privately owned or controlled property, and any person owning or controlling the private property, or either of them, are liable to the owner or operator of a vehicle, or each of them, for consequential and incidental damages arising from any interference with the ownership or use of the vehicle which does not comply with the requirements of this chapter.

Sec. 1122. RCW 46.55.240 and 1994 c 176 s 2 are each amended to read as follows:

(1) A city, town, or county that adopts an ordinance or resolution concerning unauthorized, abandoned, or impounded vehicles shall include the applicable provisions of this chapter.

(a) A city, town, or county may, by ordinance, authorize other impound situations that may arise locally upon the public right-of-way or other publicly owned or controlled property.

(b) A city, town, or county ordinance shall contain language that establishes a written form of authorization to impound, which may include a law enforcement notice of infraction or citation, clearly denoting the agency's authorization to impound.

(c) A city, town, or county may, by ordinance, provide for release of an impounded vehicle by means of a promissory note in lieu of immediate payment, if at the time of redemption the legal or registered owner requests a hearing on the validity of the impoundment. If the municipal ordinance directs the release of an impounded vehicle before the payment of the impoundment charges, the municipality is responsible for the payment of those charges to the registered tow truck operator within thirty days of the hearing date.

(d) The hearing specified in RCW 46.55.120(2) and in this section may be conducted by an administrative hearings officer instead of in the district court. A decision made by an administrative hearing officer may be appealed to the district court for final judgment.

(2) A city, town, or county may adopt an ordinance establishing procedures for the abatement and removal as public nuisances of junk vehicles or parts thereof from private property. Costs of removal may be assessed against the registered owner of the vehicle if the identity of the owner can be determined, unless the owner in the transfer of ownership of the vehicle has complied with RCW 46.12.101 (as recodified by this act), or the costs may be assessed against the owner of the property on which the vehicle is stored. A city, town, or county may also provide for the payment to the tow truck operator or wrecker as a part of a neighborhood revitalization program.

(3) Ordinances pertaining to public nuisances shall contain:

(a) A provision requiring notice to the last registered owner of record and the property owner of record that a hearing may be requested and that if no hearing is requested, the vehicle will be removed;

(b) A provision requiring that if a request for a hearing is received, a notice giving the time, location, and date of the hearing on the question of abatement and removal of the vehicle or part thereof as a public nuisance shall be mailed, by certified mail, with a five-day return receipt requested, to the owner of the land as shown on the last equalized assessment roll and to the last registered and legal owner of record unless the vehicle is in such condition that identification numbers are not available to determine ownership;

(c) A provision that the ordinance shall not apply to (i) a vehicle or part thereof that is completely enclosed within a building in a lawful manner where it is not visible from the street or other public or private property, or (ii) a vehicle that is registered or titled with the department.
private property or (ii) a vehicle or part thereof that is stored or parked in a lawful manner on private property in connection with the business of a licensed dismantler or licensed vehicle dealer and is fenced according to RCW 46.80.130;

(d) A provision that the owner of the land on which the vehicle is located may appear in person at the hearing or present a written statement in time for consideration at the hearing, and deny responsibility for the presence of the vehicle on the land, with his reasons for the denial. If it is determined at the hearing that the vehicle was placed on the land without the consent of the landowner and that he has not subsequently acquiesced in its presence, then the local agency shall not assess costs of administration or removal of the vehicle against the property upon which the vehicle is located or otherwise attempt to collect the cost from the owner;

(e) A provision that after notice has been given of the intent of the city, town, or county to dispose of the vehicle and after a hearing, if requested, has been held, the vehicle or part thereof shall be removed at the request of a law enforcement officer with notice to the Washington state patrol and the department of licensing that the vehicle has been wrecked. The city, town, or county may operate such a disposal site when its governing body determines that commercial channels of disposition are not available or are inadequate, and it may make final disposition of such vehicles or parts, or may transfer such vehicle or parts to another governmental body provided such disposal shall be only as scrap.

(4) A registered disposer under contract to a city or county for the impounding of vehicles shall comply with any administrative regulations adopted by the city or county on the handling and disposing of vehicles.

Sec. 1123. RCW 46.61.581 and 2005 c 390 s 1 are each amended to read as follows:

A parking space or stall for a person with a disability shall be indicated by a vertical sign with the international symbol of access, whose colors are white on a blue background, described under RCW 70.92.120. The sign may include additional language such as, but not limited to, an indication of the amount of the monetary penalty defined in (RCW 46.16.381) section 706 of this act for parking in the space without a valid permit.

Failure of the person owning or controlling the property where required parking spaces are located to erect and maintain the sign is a class 2 civil infraction under chapter 7.80 RCW for each parking space that should be so designated. The person owning or controlling the property where the required parking spaces are located shall ensure that the parking spaces are not blocked or made inaccessible, and failure to do so is a class 2 civil infraction.

Sec. 1124. RCW 46.61.582 and 1991 c 339 s 25 are each amended to read as follows:

Any person who meets the criteria for special parking privileges under (RCW 46.16.381) section 701 of this act shall be allowed free of charge to park a vehicle being used to transport that person for unlimited periods of time in parking zones or areas including zones or areas with parking meters which are otherwise restricted as to the length of time parking is permitted. This section does not apply to those zones or areas in which the stopping, parking, or standing of all vehicles is prohibited or which are reserved for special types of vehicles. The person shall obtain and display a special placard or license plate under (RCW 46.16.381) section 701 of this act to be eligible for the privileges under this section.

This section applies only to infractions issued under RCW

46.61.690 for toll collection evasion.

Nothing in this section prohibits a law enforcement officer

from issuing a notice of traffic infraction to a person in control of a

vehicle at the time a violation occurs under RCW 46.63.030(1) (a),

(b), or (c).

Toll collection systems include manual cash collection,

electronic toll collection, and photo enforcement systems.

"Electronic toll collection system" means a system of

collecting tolls or charges that is capable of charging the account of

the toll patron the appropriate toll or charge by electronic transmission

from the motor vehicle to the toll collection system, which

information is used to charge the appropriate toll or charge to the

patron's account.

"Photo enforcement system" means a vehicle sensor installed

in work in conjunction with an electronic toll collection system that

automatically produces one or more photographs, one or more

microphotographs, a videotape, or other recorded images of a vehicle

operated in violation of an infraction under this chapter.

The use of a toll collection system is subject to the following

requirements:

(a) The department of transportation shall adopt rules that allow

an open standard for automatic vehicle identification transponders

used for electronic toll collection to be compatible with other

electronic payment devices or transponders from the Washington

state ferry system, other public transportation systems, or other toll

collection systems to the extent that technology permits. The rules

must also allow for multiple vendors providing electronic payment

deVICES or transponders as technology permits.

(b) The department of transportation may not sell, distribute, or

make available in any way, the names and addresses of electronic toll

collection system account holders.

The use of a photo enforcement system for issuance of notices

of infraction is subject to the following requirements:

(a) Photo enforcement systems may take photographs, digital

photographs, microphotographs, videotapes, or other recorded images

of the vehicle and vehicle license plate only.

(b) A notice of infraction must be mailed to the registered owner

of the vehicle or to the renter of a vehicle within sixty days of the

violation. The law enforcement officer issuing the notice of infraction

shall include with it a certificate or facsimile thereof, based upon

inspection of photographs, microphotographs, videotape, or other

recorded images produced by a photo enforcement system, stating the

facts supporting the notice of infraction. This certificate or facsimile

is prima facie evidence of the facts contained in it and is admissible in

a proceeding charging a violation under this chapter. The

photographs, digital photographs, microphotographs, videotape, or

other recorded images evidencing the violation must be available for

inspection and admission into evidence in a proceeding to adjudicate

the liability for the infraction.

(c) Notwithstanding any other provision of law, all photographs,

digital photographs, microphotographs, videotape, or other recorded images

prepared under this chapter are for the exclusive use of the

tolling agency and law enforcement in the discharge of duties under

this section and are not open to the public and may not be used in a

court in a pending action or proceeding unless the action or

proceeding relates to a violation under this chapter. No photograph,

digital photograph, microphotograph, videotape, or other recorded

image may be used for any purpose other than enforcement of

violations under this chapter nor retained longer than necessary to

enforce this chapter or verify that tolls are paid.

(d) All locations where a photo enforcement system is used must

be clearly marked by placing signs in locations that clearly indicate to

a driver that he or she is entering a zone where traffic laws are

enforced by a photo enforcement system.
(8) Infractions detected through the use of photo enforcement systems are not part of the registered owner’s driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of photo enforcement systems under this section shall be processed in the same manner as parking infractions, including for the purposes of RCW 3.50.100, 35.20.220, 46.16.216 (as recodified by this act), and 46.20.270(3).

(9) The penalty for an infraction detected through the use of a photo enforcement system shall be forty dollars plus an additional toll penalty. The toll penalty is equal to three times the cash toll for a standard passenger car during peak hours. The toll penalty may not be reduced. The court shall remit the toll penalty to the department of transportation or a law enforcement agency under contract with the department of transportation for deposit in the statewide account in which tolls are deposited for the tolling facility at which the violation occurred. If the driver is found not to have committed an infraction under this section, the driver shall pay the toll due at the time the photograph was taken, unless the toll has already been paid.

(10) If the registered owner of the vehicle is a rental car business, the department of transportation or a law enforcement agency shall, before a notice of infraction being issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of the mailing of the written notice, provide to the issuing agency a written statement:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable toll and fee.

Timely mailing of this statement to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction.

Sec. 1127. RCW 46.63.170 and 2009 c 470 s 714 are each amended to read as follows:

(1) The use of automated traffic safety cameras for issuance of notices of infraction is subject to the following requirements:

(a) The appropriate local legislative authority must first enact an ordinance allowing for their use to detect one or more of the following: Stopping, railroad crossing, or school speed zone violations. At a minimum, the local ordinance must contain the restrictions described in this section and provisions for public notice and signage. Cities and counties using automated traffic safety cameras before July 24, 2005, are subject to the restrictions described in this section, but are not required to enact an authorizing ordinance.

(b) Use of automated traffic safety cameras is restricted to two-arterial intersections, railroad crossings, and school speed zones only.

(c) During the 2009-2011 fiscal biennium, automated traffic safety cameras may be used to detect speed violations for the purposes of section 201(2), chapter 470, Laws of 2009 if the local legislative authority first enacts an ordinance authorizing the use of cameras to detect speed violations.

(d) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle.

(e) A notice of infraction must be mailed to the registered owner of the vehicle within fourteen days of the violation, or to the renter of a vehicle within fourteen days of establishing the renter’s name and address under subsection (3)(a) of this section. The law enforcement officer issuing the notice of infraction shall include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, or electronic images produced by an automated traffic safety camera, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a violation under this chapter. The photographs, microphotographs, or electronic images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction. A person receiving a notice of infraction based on evidence detected by an automated traffic safety camera may respond to the notice by mail.

(f) The registered owner of a vehicle is responsible for an infraction under RCW 46.63.030(1)(e) unless the registered owner overcomes the presumption in RCW 46.63.075, or, in the case of a rental car business, satisfies the conditions under subsection (3) of this section. If a notice under subsection (3)(a) of this section is responsible for an infraction.

(g) Notwithstanding any other provision of law, all photographs, microphotographs, or electronic images prepared under this section are for the exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this section. No photograph, microphotograph, or electronic image may be used for any purpose other than enforcement of violations under this section nor retained longer than necessary to enforce this section.

(h) All locations where an automated traffic safety camera is used must be clearly marked by placing signs in locations that clearly indicate to a driver that he or she is entering a zone where traffic laws are enforced by an automated traffic safety camera.

(i) If a county or city has established an authorized automated traffic safety camera program under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment.

(2) Infractions detected through the use of automated traffic safety cameras are not part of the registered owner’s driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras under this section shall be processed in the same manner as parking infractions, including for the purposes of RCW 3.50.100, 35.20.220, 46.16.216 (as recodified by this act), and 46.20.270(3). However, the amount of the fine issued for an infraction generated through the use of an automated traffic safety camera shall not exceed the amount of a fine issued for other parking infractions within the jurisdiction.

(3) If the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction being issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of receiving the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable toll and fee.
Timely mailing of this statement to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction.

(4) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1) (a), (b), or (c).

(5) For the purposes of this section, "automated traffic safety camera" means a device that uses a vehicle sensor installed to work in conjunction with an intersection traffic control system, a railroad grade crossing control system, or a speed measuring device, and a camera synchronized to automatically record one or more sequenced photographs, microphotographs, or electronic images of the rear of a motor vehicle at the time a vehicle fails to stop when facing a steady red traffic control signal or an activated railroad grade crossing control signal, or exceeds a speed limit in a school speed zone as detected by a speed measuring device. During the 2009-2011 fiscal biennium, an automated traffic safety camera includes a camera used to detect speed violations for the purposes of section 201(2), chapter 470, Laws of 2009.

(6) During the 2009-2011 fiscal biennium, this section does not apply to automated traffic safety cameras for the purposes of section 218(2), chapter 470, Laws of 2009.

(1) To cause or permit to be advertised, printed, displayed, published, distributed, broadcasted, televised, or disseminated in any manner whatsoever, any statement or representation with regard to the sale, lease, or financing of a vehicle which is false, deceptive, or misleading, including but not limited to the following:

(a) That no down payment is required in connection with the sale of a vehicle when a down payment is in fact required, or that a vehicle may be purchased for a smaller down payment than is actually required;

(b) That a certain percentage of the sale price of a vehicle may be financed when such financing is not offered in a single document evidencing the entire security transaction;

(c) That a certain percentage is the amount of the service charge to be charged for financing, without stating whether this percentage charge is a monthly amount or an amount to be charged per year;

(d) That a new vehicle will be sold for a certain amount above or below cost without computing cost as the exact amount of the factory invoice on the specific vehicle to be sold;

(e) That a vehicle will be sold upon a monthly payment of a certain amount, without including in the statement the number of payments of that same amount which are required to liquidate the unpaid purchase price.

(2) (a) (i) To incorporate within the terms of any purchase and sale or lease agreement any statement or representation with regard to the sale, lease, or financing of a vehicle which is false, deceptive, or misleading, including but not limited to terms that include as an added cost to the selling price or capitalized cost of a vehicle an amount for licensing or transfer of title of that vehicle which is not actually due to the state, unless such amount has in fact been paid by the dealer prior to such sale.

(ii) However, an amount not to exceed the applicable amount provided in (ii)(A) and (B) of this subsection (2)(a) per vehicle sale or lease may be charged by a dealer to recover administrative costs for collecting motor vehicle excise taxes, licensing and registration fees and other agency fees, verifying and clearing titles, transferring titles, perfecting, releasing, or satisfying liens or other security interests, and other administrative and documentary services rendered by a dealer in connection with the sale or lease of a vehicle and in carrying out the requirements of this chapter or any other provisions of state law.

(iii) A dealer may charge under (a)(ii) of this subsection:

(A) As of July 26, 2009, through June 30, 2014, an amount not to exceed one hundred fifty dollars; and

(B) As of July 1, 2014, an amount not to exceed fifty dollars.

(b) A dealer may charge the documentary service fee in (a) of this subsection under the following conditions:

(i) The documentary service fee is disclosed in writing to a prospective purchaser or lessee before the execution of a purchase and sale or lease agreement;

(ii) The dealer discloses to the purchaser or lessee in writing that the documentary service fee is a negotiable fee. The disclosure must be written in a typeface that is at least as large as the typeface used in the standard text of the document that contains the disclosure and that is bold faced, capitalized, underlined, or otherwise set out from the surrounding material so as to be conspicuous. The dealer shall not represent to the purchaser or lessee that the fee or charge is required by the state to be paid by either the dealer or prospective purchaser or lessee;

(iii) The documentary service fee is separately designated from the selling price or capitalized cost of the vehicle and from any other taxes, fees, or charges; and

(iv) Dealers disclose in any advertisement that a documentary service fee in an amount provided in (iv)(A) and (B) of this subsection (2)(b) may be added to the sale price or the capitalized cost:

(A) As of July 26, 2009, through June 30, 2014, an amount up to one hundred fifty dollars; and

(B) As of July 1, 2014, an amount up to fifty dollars.

For the purposes of this subsection (2), the term "documentary service fee" means the optional amount charged by a dealer to provide the services specified in (a) of this subsection.

(3) To set up, promote, or aid in the promotion of a plan by which vehicles are to be sold or leased to a person for a consideration and upon further consideration that the purchaser or lessee agrees to secure one or more persons to participate in the plan by respectively making a similar purchase and in turn agreeing to secure one or more persons likewise to join in said plan, each purchaser or lessee being given the right to secure money, credits, goods, or something of value, depending upon the number of persons joining the plan.

(4) To commit, allow, or ratify any act of "bushing" which is defined as follows: Entering into a written contract, written purchase order or agreement, retail installment sales agreement, note and security agreement, or written lease agreement, hereinafter collectively referred to as contract or lease, signed by the prospective buyer or lessee of a vehicle, which:

(a) Is subject to any conditions or the dealer's or his or her authorized representative's future acceptance, and the dealer fails or refuses within four calendar days, exclusive of Saturday, Sunday, or legal holiday, and prior to any further negotiations with said buyer or lessee to inform the buyer or lessee either: (i) That the dealer unconditionally accepts the contract or lease, having satisfied,
removed, or waived all conditions to acceptance or performance, including, but not limited to, financing, assignment, or lease approval; or (ii) that the dealer rejects the contract or lease, thereby automatically voiding the contract or lease, as long as such voiding does not negate commercially reasonable contract or lease provisions pertaining to the return of the subject vehicle and any physical damage, excessive mileage after the demand for return of the vehicle, and attorneys' fees authorized by law, and tenders the refund of any initial payment or security made or given by the buyer or lessee, including, but not limited to, any down payment, and tenders return of the trade-in vehicle, key, other trade-in, or certificate of title to a trade-in. Tender may be conditioned on return of the subject vehicle if previously delivered to the buyer or lessee.

The provisions of this subsection (4)(a) do not impair, prejudice, or abrogate the rights of a dealer to assert a claim against the buyer or lessee for misrepresentation or breach of contract and to exercise all remedies available at law or in equity, including those under chapter 62A.9A RCW, if the dealer, bank, or other lender or leasing company discovers that approval of the contract or financing or approval of the lease was based upon material misrepresentations made by the buyer or lessee, including, but not limited to, misrepresentations regarding income, employment, or debt of the buyer or lessee, as long as the dealer, or his or her staff, has not, with knowledge of the material misrepresentation, aided, assisted, encouraged, or participated, directly or indirectly, in the misrepresentation. A dealer shall not be in violation of this subsection (4)(a) if the buyer or lessee made a material misrepresentation to the dealer, as long as the dealer, or his or her staff, has not, with knowledge of the material misrepresentation, aided, assisted, encouraged, or participated, directly or indirectly, in the misrepresentation. When a dealer informs a buyer or lessee under this subsection (4)(a) regarding the unconditional acceptance or rejection of the contract, lease, or financing by an electronic mail message, the dealer must also transmit the communication by any additional means;

(b) Permits the dealer to renegotiate a dollar amount specified as trade-in allowance on a vehicle delivered or to be delivered by the buyer or lessee as part of the purchase price or lease, for any reason except:

(i) Failure to disclose that the vehicle's certificate of ownership has been branded for any reason, including, but not limited to, status as a rebuilt vehicle as provided in RCW 46.12.050 (as recodified by this act) and (46.12.075) section 303 of this act; or

(ii) Substantial physical damage or latent mechanical defect occurring before the dealer took possession of the vehicle and which could not have been reasonably discoverable at the time of the taking of the order, offer, or contract; or

(iii) Excessive additional miles or a discrepancy in the mileage. "Excessive additional miles" means the addition of five hundred miles or more, as reflected on the vehicle's odometer, between the time the vehicle was first valued by the dealer for purposes of determining its trade-in value and the time of actual delivery of the vehicle to the dealer. "A discrepancy in the mileage" means (A) a discrepancy between the mileage reflected on the vehicle's odometer and the stated mileage on the signed odometer statement; or (B) a discrepancy between the mileage stated on the signed odometer statement and the actual mileage on the vehicle; or

(c) Fails to comply with the obligation of any written warranty or guarantee given by the dealer requiring the furnishing of services or repairs within a reasonable time.

(5) To commit any offense relating to odometers, as such offenses are defined in RCW 46.37.540, 46.37.550, 46.37.560, and 46.37.570. A violation of this subsection is a class C felony punishable under chapter 9A.20 RCW.

(6) For any vehicle dealer or vehicle salesperson to refuse to furnish, upon request of a prospective purchaser or lessee, for vehicles previously registered to a business or governmental entity, the name and address of the business or governmental entity.

(7) To commit any other offense under RCW 46.37.423, 46.37.424, or 46.37.425.

(8) To commit any offense relating to a dealer's temporary license permit, including but not limited to failure to properly complete each such permit, or the issuance of more than one such permit on any one vehicle. However, a dealer may issue a second temporary permit on a vehicle if the following conditions are met:

(a) The lienholder fails to deliver the vehicle title to the dealer within the required time period;

(b) The dealer has satisfied the lien; and

(c) The dealer has proof that payment of the lien was made within two calendar days, exclusive of Saturday, Sunday, or a legal holiday, after the sales contract has been executed by all parties and all conditions and contingencies in the sales contract have been met or otherwise satisfied.

(9) For a dealer, salesperson, or mobile home manufacturer, having taken an instrument or cash "on deposit" from a purchaser or lessee prior to the delivery of the bargained-for vehicle, to commingle the "on deposit" funds with assets of the dealer, salesperson, or mobile home manufacturer instead of holding the "on deposit" funds as trustee in a separate trust account until the purchaser or lessee has taken delivery of the bargain-for vehicle. Delivery of a manufactured home shall be deemed to occur in accordance with RCW 46.70.135(5). Failure, immediately upon receipt, to endorse "on deposit" instruments to such a trust account, or to set aside "on deposit" cash for deposit in such trust account, and failure to deposit such instruments or cash in such trust account by the close of banking hours on the day following receipt thereof, shall be evidence of intent to commit this unlawful practice: PROVIDED, HOWEVER, That a motor vehicle dealer may keep a separate trust account which equals his or her customary total customer deposits for vehicles for future delivery. For purposes of this section, "on deposit" funds received from a purchaser of a manufactured home means those funds that a seller requires a purchaser to advance before ordering the manufactured home, but does not include any loan proceeds or moneys that might have been paid on an installment contract.

(10) For a dealer or manufacturer to fail to comply with the obligations of any written warranty or guarantee given by the dealer or manufacturer requiring the furnishing of goods and services or repairs within a reasonable period of time, or to fail to furnish to a purchaser or lessee, all parts which attach to the manufactured unit including but not limited to the undercarriage, and all items specified in the terms of a sales or lease agreement signed by the seller and buyer or lessee.

(11) For a vehicle dealer to pay to or receive from any person, firm, partnership, association, or corporation acting, either directly or through a subsidiary, as a buyer's agent for consumers, any compensation, fee, purchase moneys or funds that have been deposited into or withdrawn out of any account controlled or used by any buyer's agent, gratuity, or reward in connection with the purchase, sale, or lease of a new motor vehicle.

(12) For a buyer's agent, acting directly or through a subsidiary, to pay to or receive from any motor vehicle dealer any compensation, fee, gratuity, or reward in connection with the purchase, sale, or lease of a new motor vehicle. In addition, it is unlawful for any buyer's agent to engage in any of the following acts on behalf of or in the name of the consumer:

(a) Receiving or paying any purchase moneys or funds into or out of any account controlled or used by any buyer's agent;

(b) Signing any vehicle purchase orders, sales contracts, leases, odometer statements, or title documents, or having the name of the buyer's agent appear on the vehicle purchase order, sales contract, lease, or title; or
(c) Signing any other documentation relating to the purchase, sale, lease, or transfer of any new motor vehicle.

It is unlawful for a buyer's agent to use a power of attorney obtained from the consumer to accomplish or effect the purchase, sale, lease, or transfer of ownership documents of any new motor vehicle by any means which would otherwise be prohibited under (a) through (c) of this subsection. However, the buyer's agent may use a power of attorney for physical delivery of motor vehicle license plates to the consumer.

Further, it is unlawful for a buyer's agent to engage in any false, deceptive, or misleading advertising, disseminated in any manner whatsoever, including but not limited to making any claim or statement that the buyer's agent offers, obtains, or guarantees the lowest price on any motor vehicle or words to similar effect.

(13) For a buyer's agent to arrange for or to negotiate the purchase, or both, of a new motor vehicle through an out-of-state dealer without disclosing in writing to the customer that the new vehicle would not be subject to chapter 19.118 RCW. This subsection also applies to leased vehicles. In addition, it is unlawful for any buyer's agent to fail to have a written agreement with the customer that: (a) Sets forth the terms of the parties' agreement; (b) discloses to the customer the total amount of any fees or other compensation being paid by the customer to the buyer's agent for the agent's services; and (c) further discloses whether the fee or any portion of the fee is refundable.

(14) Being a manufacturer, other than a motorcycle manufacturer governed by chapter 46.93 RCW, to:

(a) Coerce or attempt to coerce any vehicle dealer to order or accept delivery of any vehicle or vehicles, parts or accessories, or any other commodities which have not been voluntarily ordered by the vehicle dealer: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute coercion;

(b) Cancel or fail to renew the franchise or selling agreement of any vehicle dealer doing business in this state without fairly compensating the dealer at a fair going business value for his or her capital investment which shall include but not be limited to tools, equipment, and parts inventory possessed by the dealer on the day he or she is notified of such cancellation or termination and which are still within the dealer's possession on the day the cancellation or termination is effective, if: (i) The capital investment has been entered into with reasonable and prudent business judgment for the purpose of fulfilling the franchise; and (ii) the cancellation or nonrenewal was not done in good faith. Good faith is defined as the duty of each party to any franchise to act in a fair and equitable manner towards each other, so as to guarantee one party freedom from coercion, intimidation, or threats of coercion or intimidation from the other party: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute a lack of good faith;

(c) Encourage, aid, abet, or teach a vehicle dealer to sell or lease vehicles through any false, deceptive, or misleading sales or financing practices including but not limited to those practices declared unlawful in this section;

(d) Coerce or attempt to coerce a vehicle dealer to engage in any practice forbidden in this section by either threats of actual cancellation or failure to renew the dealer's franchise agreement;

(e) Refuse to deliver any vehicle publicly advertised for immediate delivery to any duly licensed vehicle dealer having a franchise or contractual agreement for the retail sale or lease of new and unused vehicles sold or distributed by such manufacturer within sixty days after such dealer's order has been received in writing unless caused by inability to deliver because of shortage or curtailment of material, labor, transportation, or utility services, or by any labor or production difficulty, or by any cause beyond the reasonable control of the manufacturer;

(f) To provide under the terms of any warranty that a purchaser or lessee of any new or unused vehicle that has been sold or leased, distributed for sale or lease, or transferred into this state for resale or lease by the vehicle manufacturer may only make any warranty claim on any item included as an integral part of the vehicle against the manufacturer of that item.

Nothing in this section may be construed to impair the obligations of a contract or to prevent a manufacturer, distributor, representative, or any other person, whether or not licensed under this chapter, from requiring performance of a written contract entered into with any licensee hereunder, nor does the requirement of such performance constitute a violation of any of the provisions of this section if any such contract or the terms thereof requiring performance, have been freely entered into and executed between the contracting parties. This paragraph and subsection (14)(b) of this section do not apply to new motor vehicle manufacturers governed by chapter 46.96 RCW.

(15) Unlawful transfer of an ownership interest in a motor vehicle as defined in RCW 19.116.050.

(16) To knowingly and intentionally engage in collusion with a registered owner of a vehicle to repossess and return or resell the vehicle to the registered owner in an attempt to avoid a suspended license impound under chapter 46.55 RCW. However, compliance with chapter 62A.9A RCW in repossession, selling, leasing, or otherwise disposing of the vehicle, including providing redemption rights to the debtor, is not a violation of this section.

(17)(a) For a dealer to enter into a new motor vehicle sales contract without disclosing in writing to a buyer of the new motor vehicle, or to a dealer in the case of an unregistered motor vehicle, any known damage and repair to the new motor vehicle if the damage exceeds five percent of the manufacturer's suggested retail price as calculated at the dealer's authorized warranty rate for labor and parts, or one thousand dollars, whichever amount is greater. A manufacturer or new motor vehicle dealer is not required to disclose to a dealer or buyer that glass, tires, bumpers, or cosmetic parts of a new motor vehicle were damaged at any time if the damaged item has been replaced with original or comparable equipment. A replaced part is not part of the cumulative damage required to be disclosed under this subsection.

(b) A manufacturer is required to provide the same disclosure to a dealer of any known damage or repair as required in (a) of this subsection.

(c) If disclosure of any known damage or repair is not required under this section, a buyer may not revoke or rescind a sales contract due to the fact that the new motor vehicle was damaged and repaired before completion of the sale.

(d) As used in this section:

(i) "Cosmetic parts" means parts that are attached by and can be replaced in total through the use of screws, bolts, or other fasteners without the use of welding or thermal cutting, and includes windshields, bumpers, hoods, or trim panels.

(ii) "Manufacturer's suggested retail price" means the retail price of the new motor vehicle suggested by the manufacturer, and includes the retail delivered price suggested by the manufacturer for each accessory or item of optional equipment physically attached to the new motor vehicle at the time of delivery to the new motor vehicle dealer that is not included within the retail price suggested by the manufacturer for the new motor vehicle.

Sec. 1137. RCW 46.72.060 and 1961 c 12 s 46.72.060 are each amended to read as follows:

Every person having a cause of action for damages against any person, firm, or corporation receiving a permit under the provisions of this chapter, for injury, damages or wrongful death caused by any careless, negligent or unlawful act of any such person, firm, or corporation or his, their, or its agents or employees in conducting or carrying on said business or in operating any motor propelled vehicle for the carrying and transporting of passengers ((over and above)) on
any public street, road or highway shall have a cause of action against the principal and surety upon the bond or the insurance company and the insured for all damages sustained, and in any such action the full amount of damages sustained may be recovered against the principal, but the recovery against the surety shall be limited to the amount of the bond.

Sec. 1138. RCW 46.80.010 and 1999 c 278 s 1 are each amended to read as follows:

The definitions set forth in this section apply throughout this chapter.

(1) "Vehicle wrecker" means every person, firm, partnership, association, or corporation engaged in the business of buying, selling, or dealing in vehicles of a type required to be ((licensed)) registered under the laws of this state, for the purpose of wrecking, dismantling, disassembling, or substantially changing the form of a vehicle, or who buys or sells integral secondhand parts of component material thereof, in whole or in part, or who deals in secondhand vehicle parts.

(2) "Core" means a major component part received by a vehicle wrecker in exchange for a like part sold by the vehicle wrecker, is not resold as a major component part except for scrap metal value or for remanufacture, and the vehicle wrecker maintains records for three years from the date of acquisition to identify the name of the person from whom the core was received.

(3) "Established place of business" means a building or enclosure which the vehicle wrecker occupies either continuously or at regular periods and where his books and records are kept and business is transacted and which must conform with zoning regulations.

(4) "Interim owner" means the owner of a vehicle who has the original certificate of ((ownership)) title for the vehicle, which certificate has been released by the person named on the certificate and assigned to the person offering to sell the vehicle to the wrecker.

(5) "Major component part" includes at least each of the following vehicle parts: (a) Engines and short blocks; (b) frame; (c) transmission and/or transfer case; (d) cab; (e) door; (f) front or rear differential; (g) front or rear clip; (h) quarter panel; (i) truck bed or box; (j) seat; (k) hood; (l) bumper; (m) fender; and (n) airbag. The director may supplement this list by rule.

(6) "Wrecked vehicle" means a vehicle which is disassembled or dismantled or a vehicle which is acquired with the intent to dismantle or disassemble and never again to operate as a vehicle, or a vehicle which has sustained such damage that its cost to repair exceeds the fair market value of a like vehicle which has not sustained such damage, or a damaged vehicle whose salvage value plus cost to repair equals or exceeds its fair market value, if repaired, or a vehicle which has sustained such damage or deterioration that it may not lawfully operate upon the highways of this state for which the salvage value plus cost to repair exceeds its fair market value, if repaired; further, it is presumed that a vehicle is a wreck if it has sustained such damage or deterioration that it may not lawfully operate upon the highways of this state.

Sec. 1139. RCW 46.80.090 and 1999 c 278 s 3 are each amended to read as follows:

Within thirty days after acquiring a vehicle, the vehicle wrecker shall furnish a written report to the department. This report shall be in such form as the department shall prescribe and shall be accompanied by evidence of ownership as determined by the department. No vehicle wrecker may acquire a vehicle, including a vehicle from an interim owner, without first obtaining evidence of ownership as determined by the department. For a vehicle from an interim owner, the evidence of ownership may not require that a title be issued in the name of the interim owner as required by RCW 46.12.101 (as reenacted by section 530 of this act). The vehicle wrecker shall furnish a monthly report of all acquired vehicles. This report shall be made on forms prescribed by the department and contain such information as the department may require. This statement shall be signed by the vehicle wrecker or an authorized representative and the facts therein sworn to before a notary public, or before an officer or employee of the department designated by the director to administer oaths or acknowledge signatures, pursuant to RCW 46.01.180.

Sec. 1140. RCW 46.87.010 and 2005 c 194 s 1 are each amended to read as follows:

This chapter applies to proportional registration and reciprocity granted under the provisions of the International Registration Plan (IRP). This chapter shall become effective and be implemented beginning with the 1988 registration year.

(1) Provisions and terms of the IRP prevail unless given a different meaning in chapter 46.04 RCW, this chapter, or in rules adopted under the authority of this chapter.

(2) The director may adopt and enforce rules deemed necessary to implement and administer this chapter.

(3) Owners having a fleet of apportionable vehicles operating in two or more IRP member jurisdictions may elect to proportionally register the vehicles of the fleet under the provisions of the IRP and this chapter in lieu of full or temporary registration as provided for in chapter(s)) 46.16 ((etc.)) RCW.

(4) If a due date or an expiration date established under authority of this chapter falls on a Saturday, Sunday, or a state legal holiday, such period is automatically extended through the end of the next business day.

Sec. 1141. RCW 46.87.020 and 2005 c 194 s 2 are each amended to read as follows:

Terms used in this chapter have the meaning given to them in the International Registration Plan (IRP), in chapter 46.04 RCW, or as otherwise defined in this section. Definitions given to terms by the IRP prevail unless given a different meaning in this chapter or in rules adopted under authority of this chapter.

(1) "Apportionable vehicle" has the meaning given by the IRP, except that it does not include vehicles with a declared gross weight of twelve thousand pounds or less. Apportionable vehicles include trucks, tractors, truck tractors, road tractors, and buses, each as separate and licensable vehicles.

(2) "Cab card" is a certificate of registration issued for a vehicle upon which is disclosed the jurisdictions and registered gross weights in such jurisdictions for which the vehicle is registered.

(3) "Credentials" means cab cards, apportioned plates (for Washington-based fleets), and validation tabs issued for proportionally registered vehicles.

(4) "Declared combined gross weight" means the total unladen weight of any combination of vehicles plus the weight of the maximum load to be carried on the combination of vehicles as set by the registrant in the application pursuant to chapter 46.44 RCW and for which registration fees have been or are to be paid.

(5) "Declared gross weight" means the total unladen weight of any vehicle plus the weight of the maximum load to be carried on the vehicle as set by the registrant in the application pursuant to chapter 46.44 RCW and for which registration fees have been or are to be paid.

FORTY NINTH DAY, FEBRUARY 28, 2010
Commonwealth of Puerto Rico, a foreign country, and a state or province of a foreign country.

(11) "Motor carrier" means an entity engaged in the transportation of goods or persons. The term includes a for-hire motor carrier, private motor carrier, contract motor carrier, or exempt motor carrier. The term includes a registrant licensed under this chapter, a motor vehicle lessor, and a motor vehicle lessee.

(12) "Owner" means a person or business firm who holds the legal title to a vehicle, or if a vehicle is the subject of an agreement for its conditional sale with the right of purchase upon performance of the conditions stated in the agreement and with an immediate right of possession vested in the conditional vendee, or if a vehicle is subject to a lease, contract, or other legal arrangement vesting right of possession or control, for security or otherwise, or if a mortgagor of a vehicle is entitled to possession, then the owner is deemed to be the person or business firm in whom is vested right of possession or control.

(13) "Preceding year" means the period of twelve consecutive months immediately before July 1st of the year immediately before the commencement of the registration or license year for which an apportioned registration is sought.

(14) "Prorate percentage" is the factor that is applied to the total proratable fees and taxes to determine the apportionable or prorate fees required for registration in a particular jurisdiction. It is determined by dividing the in-jurisdiction miles for a particular jurisdiction by the total miles. This term is synonymous with the term "mileage percentage."

(15) "Registrant" means a person, business firm, or corporation in whose name or names a vehicle or fleet of vehicles is registered.

(16) "Registration year" means the twelve-month period during which the registration plates issued by the base jurisdiction are valid according to the laws of the base jurisdiction.

(17) "Total miles" means the total number of miles accumulated in all jurisdictions during the preceding year by all vehicles of the fleet while they were a part of the fleet. Mileage accumulated by vehicles of the fleet that did not engage in interstate operations is not included in the fleet miles.

Sec. 1142. RCW 46.87.030 and 2005 c 194 s 3 are each amended to read as follows:

(1) When application to register an apportionable vehicle is made, the Washington prorated fees may be reduced by one-twelfth for each full registration month that has elapsed at the time a temporary authorization permit (TAP) was issued or if no TAP was issued, at such time as an application for registration is received in the department. If a vehicle is being added to a currently registered fleet, the prorate percentage previously established for the fleet for such registration year shall be used in the computation of the proportional fees and taxes due.

(2) If any vehicle is withdrawn from a proportionally registered fleet during the period for which it is registered under this chapter, the registrant of the fleet shall notify the department on appropriate forms prescribed by the department. The department may require the registrant to surrender credentials that were issued to the vehicle. If a motor vehicle is permanently withdrawn from a proportionally registered fleet because it has been destroyed, sold, or otherwise completely removed from the service of the fleet registrant, the unused portion of the license fee paid under (RCW 46.16.070) section 530 of this act with respect to the vehicle reduced by one-twelfth for each calendar month and fraction thereof elapsing between the first day of the month of the current registration year in which the vehicle was registered and the date the notice of withdrawal, accompanied by such credentials as may be required, is received in the department, shall be credited to the fleet proportional registration account of the registrant. Credit shall be applied against the ((licensing)) license fee liability for subsequent additions of motor vehicles to be proportionally registered in the fleet during such registration year or for additional ((licensing)) license fees due under (RCW 46.16.070) section 530 of this act or to be due upon audit under RCW 46.87.310. If any credit is less than fifteen dollars, no credit will be entered. In lieu of credit, the registrant may choose to transfer the unused portion of the ((licensing)) license fee for the motor vehicle to the new owner, in which case it shall remain with the motor vehicle for which it was originally paid. In no event may any amount be credited against fees other than those for the registration year from which the credit was obtained nor is any amount subject to refund.

Sec. 1143. RCW 46.87.140 and 2005 c 194 s 9 are each amended to read as follows:

(1) Any owner engaged in interstate operations of one or more fleets of apportionable vehicles may, in lieu of registration of the vehicles under chapter 46.16 RCW, register and license the vehicles of each fleet under this chapter by filing a proportional registration application for each fleet with the department. The application shall contain the following information and such other information pertinent to vehicle registration as the department may require:

(a) A description and identification of each vehicle of the fleet.

(b) The member jurisdictions in which registration is desired and such other information as member jurisdictions require.

(c) An original or renewal application shall also be accompanied by a mileage schedule for each fleet.

(d) The US DOT number issued to the registrant and the USDOT number of the motor carrier responsible for the safety of the vehicle, if different.

(e) A completed Motor Carrier Identification Report (MCS-150) at the time of fleet renewal or at the time of vehicle registration, if required by the department.

(f) The Taxpayer Identification Number of the registrant and the motor carrier responsible for the safety of the vehicle, if different.

(2) Each application shall, at the time and in the manner required by the department, be supported by payment of a fee computed as follows:

(a) Divide the in-jurisdiction miles by the total miles and carry the answer to the nearest thousandth of a percent (three places beyond the decimal, e.g. 10.543%). This factor is known as the prorate percentage.

(b) Determine the total proratable fees and taxes required for each vehicle in the fleet for which registration is requested, based on the regular annual fees and taxes or applicable fees and taxes for the unexpired portion of the registration year under the laws of each jurisdiction for which fees or taxes are to be calculated.

Applicable fees and taxes for vehicles of Washington-based fleets are those prescribed under (RCW 46.16.085) section 530 of this act, (46.16.070) section 531(1)(c) of this act, and RCW 82.38.075, as applicable. If, during the registration period, the lessor of an apportioned vehicle changes and the vehicle remains in the fleet of the registrant, the department shall only charge those fees prescribed for the issuance of new apportioned license plates, validation tabs, and cab card.

(c) Multiply the total, proratable fees or taxes for each motor vehicle by the prorate percentage applicable to the desired jurisdiction and round the results to the nearest cent.

(d) Add the total fees and taxes determined in (c) of this subsection for each vehicle to the nonproratable fees required under the laws of the jurisdiction for which fees are being calculated.

Nonproratable fees required for vehicles of Washington-based fleets are the administrative fee required by RCW 82.38.075, if applicable, and the vehicle transaction fee pursuant to the provisions of RCW 46.87.130.

(e) The amount due and payable for the application is the sum of the fees and taxes calculated for each member jurisdiction in which registration of the fleet is desired.

Expenditures from the account may be used only for the support of the wildlife rehabilitation program created under RCW 77.12.467.

Sec. 1161. RCW 79.100.100 and 2007 c 342 s 4 are each amended to read as follows:

(1) The derelict vessel removal account is created in the state treasury. All receipts from RCW 79.100.050 and 79.100.060 and those moneys specified in (RCW 88.02.030 and 88.02.050) section 1028 of this act must be deposited into the account. The account is authorized to receive fund transfers and appropriations from the general fund, deposits from the derelict vessel removal surcharge under (RCW 88.02.270) section 1028(4) of this act, as well as gifts, grants, and endowments from public or private sources as may be made from time to time, in trust or otherwise, for the use and benefit of the purposes of this chapter and expend the same or any income according to the terms of the gifts, grants, or endowments provided those terms do not conflict with any provisions of this section or any guidelines developed to prioritize reimbursement of removal projects associated with this chapter. Moneys in the account may only be spent after appropriation. Expenditures from the account (((shall))) must be used by the department to reimburse authorized public entities for up to ninety percent of the total reasonable and attributable administrative, removal, disposal, and environmental damage costs of abandoned or derelict vessels when the previous owner is either unknown after a reasonable search effort or insolvent. Reimbursement (((shall))) may not be made unless the department determines that the public entity has made reasonable efforts to identify and locate the party responsible for the vessel, regardless of the title of owner of the vessel. Funds in the account resulting from transfers from the general fund or from the deposit of funds from the watercraft excise tax as provided for under RCW 82.49.030 (((shall))) must be used to reimburse one hundred percent of these costs and should be prioritized for the removal of large vessels. Costs associated with removal and disposal of an abandoned or derelict vessel under the authority granted in RCW 53.08.320 also qualify for reimbursement from the derelict vessel removal account. In each biennium, up to twenty percent of the expenditures from the account may be used for administrative expenses of the department of licensing and department of natural resources in implementing this chapter.

(2) If the balance of the account reaches one million dollars as of March 1st of any year, exclusive of any transfer or appropriation of funds into the account or funds deposited into the account collected under (RCW 88.02.270) section 1028(5) of this act, the department must notify the department of licensing and the collection of any fees associated with this account must be suspended for the following fiscal year.

(3) Priority for use of this account is for the removal of derelict and abandoned vessels that are in danger of sinking, breaking up, or blocking navigation channels, or that present environmental risks such as leaking fuel or other hazardous substances. The department must develop criteria, in the form of informal guidelines, to prioritize removal projects associated with this chapter, but may not consider whether the applicant is a state or local entity when prioritizing. The guidelines must also include guidance to the authorized public entities as to what removal activities and associated costs are reasonable and eligible for reimbursement.

(4) The department must keep all authorized public entities apprized of the balance of the derelict vessel removal account and the funds available for reimbursement. The guidelines developed by the department must also be made available to the other authorized public entities. This subsection (4) must be satisfied by utilizing the least costly method, including maintaining the information on the department's internet web site, or any other cost-effective method.

(5) An authorized public entity may contribute its ten percent of costs that are not eligible for reimbursement by using in-kind services, including the use of existing staff, equipment, and volunteers.

(6) This chapter does not guarantee reimbursement for an authorized public entity. Authorized public entities seeking certainty in reimbursement prior to taking action under this chapter may first notify the department of their proposed action and the estimated total costs. Upon notification by an authorized public entity, the department must make the authorized public entity aware of the status of the fund and the likelihood of reimbursement being available. The department may offer technical assistance and assure reimbursement for up to two years following the removal action if an assurance is appropriate given the balance of the fund and the details of the proposed action.

ESSB 6392 Prime Sponsor, Committee on Transportation: Clarifying the use of revenue generated from tolling the state route number 520 corridor. Reported by Committee on Transportation

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that during the 2009 legislative session tolling was authorized on the state route number 520 corridor. As such, it is the intent of the legislature that tolling commences in the spring of 2011 on the existing state route number 520 bridge.

The legislature further recognizes that tolling of the state route number 520 corridor is integrally related to the issuance of a final project design resulting from the supplemental draft environmental impact statement for the state route number 520 bridge replacement and HOV program released in January 2010. It is the intent of the legislature that the department of transportation work with affected neighborhoods and local governments, including the mayor of the city of Seattle and the Seattle city council, to refine the preferred alternative design in the supplemental draft environmental impact statement so that the final design of the state route number 520 bridge replacement and HOV program will, to the extent required by state and federal law, include reasonable assurance that project impacts will be mitigated as much as practicable to protect against further adverse impacts on neighborhood environmental quality. Within the cost constraints identified in section 1, chapter 472, Laws of 2009, and consistent with an opening date to vehicular traffic of 2014, it is further the intent of the legislature that any final design of the state route number 520 bridge replacement and HOV program accommodate effective connections for transit, including high capacity transit, including, but not limited to, effective connections for transit to the university link light rail line, consistent with the requirements of RCW 47.01.408, and ensure the effective, efficient, and feasible coordination of bus services and light rail services throughout the state route number 520 corridor, consistent with the requirements of RCW 47.01.410. The legislature further intends that any cost savings applicable to the state route number 520 bridge replacement and HOV program stay within the program.

Sec. 2. RCW 47.56.870 and 2009 c 472 s 2 are each amended to read as follows:

(1) The initial imposition of tolls on the state route number 520 corridor is authorized, the state route number 520 corridor is designated an eligible toll facility, and toll revenue generated in the corridor must only be expended as allowed under RCW 47.56.820.

(2) The state route number 520 corridor consists of that portion of state route number 520 between the junctions of Interstate 5 and state route number 202. The toll imposed by this section shall be charged only for travel on the floating bridge portion of the state route number 520 corridor.

(3)(a) In setting the toll rates for the corridor pursuant to RCW 47.56.850, the tolling authority shall set a variable schedule of toll rates to maintain travel time, speed, and reliability on the corridor and generate the necessary revenue as required under (b) of this subsection.

(b) The tolling authority shall initially set the variable schedule of toll rates, which the tolling authority may adjust at least annually to reflect inflation as measured by the consumer price index or on a necessity to meet the redemption of bonds and interest payments on the bonds, to generate revenue sufficient to provide for:

(i) The issuance of general obligation bonds, authorized in RCW 47.10.879, first payable from toll revenue and then excise taxes on motor vehicle and special fuels pledged for the payment of those bonds in the amount necessary to fund the ([replacement state route number 520 floating bridge and necessary landings]) state route number 520 bridge replacement and HOV program, subject to subsection (4) of this section; and

(ii) Costs associated with the project designated in subsection (4) of this section that are eligible under RCW 47.56.820.

(4)(a) The proceeds of the bonds designated in subsection (3)(b)(i) of this section, which together with other appropriated and identified state and federal funds is sufficient to pay for the replacement of the floating bridge segment and necessary landings of state route number 520, must be used only to fund the ([construction of the replacement state route number 520 floating bridge and necessary landings]) state route number 520 bridge replacement and HOV program; however, two hundred million dollars of bond proceeds, in excess of the proceeds necessary to complete the floating bridge segment and necessary landings, must be used only to fund the state route number 520. Interstate 5 to Medina bridge replacement and HOV project segment of the program, as identified in applicable environmental impact statements, and may be used to fund effective connections for high occupancy vehicles and transit for state route number 520, but only to the extent those connections benefit or improve the operation of state route number 520.

(b) The program must include the following elements within the cost constraints identified in section 1, chapter 472, Laws of 2009, consistent with the legislature's intent that cost savings applicable to the program stay within the program and that the bridge open to vehicular traffic in 2014:

(i) A project design, consistent with RCW 47.01.408, that includes high occupancy vehicle lanes with a minimum carpool
occupancy requirement of three-plus persons on state route number 520;  

(ii) High occupancy vehicle lane performance standards for the state route number 520 corridor established by the department. The department shall report to the transportation committees of the legislature when average transit speeds in the two lanes that are for high occupancy vehicle travel fall below forty-five miles per hour at least ten percent of the time during peak hours;  

(iii) A work group convened by the mayor and city council of the city of Seattle to include sound transit, King county metro, the Seattle department of transportation, and other persons or organizations as designated by the mayor or city council to study and make recommendations of alternative connections for transit, including bus routes and high capacity transit, to the university link light rail line. The work group must consider such techniques as grade separation, additional stations, and pedestrian lids to effect these connections. The recommendations must be alternatives to the transit connections identified in the supplemental draft environmental impact statement for the state route number 520 bridge replacement and HOV program released in January 2010, and must meet the requirements under RCW 47.01.408, including accommodating effective connections for transit. The recommendations must be within the scope of the supplemental draft environmental impact statement. For the purposes of this section, "effective connections for transit" means a connection that connects transit stops, including high capacity transit stops, that serve the state route number 520/Montlake interchange vicinity to the university link light rail line, with a connection distance of less than one thousand two hundred feet between the stops and the light rail station. The city of Seattle shall submit the recommendations by October 1, 2010, to the governor and the transportation committees of the legislature. However, if the city of Seattle does not convene the work group required under this subsection before July 1, 2010, or does not submit recommendations to the governor and the transportation committees of the legislature by October 1, 2010, the department must convene the work group required under this subsection and meet all the requirements of this subsection that are described as requirements of the city of Seattle by November 30, 2010;  

(iv) A work group convened by the department to include sound transit and King county metro to study and make recommendations regarding options for planning and financing high capacity transit through the state route number 520 corridor. The department shall submit the recommendations by January 1, 2011, to the governor and the transportation committees of the legislature;  

(v) A plan to address mitigation as a result of the state route number 520 bridge replacement and HOV program at the Washington park arboretum. As part of its process, the department shall consult with the governing board of the Washington park arboretum, the Seattle city council and mayor, and the University of Washington to identify all mitigation required by state and federal law resulting from the state route number 520 bridge replacement and HOV program’s impact on the arboretum, and to develop a project mitigation plan to address these impacts. The department shall submit the mitigation plan by December 31, 2010, to the governor and the transportation committees of the legislature. 

Wetland mitigation required by state and federal law as a result of the state route number 520 bridge replacement and HOV program;  

(vi) A work group convened by the department to include the mayor of the city of Seattle, the Seattle city council, the Seattle department of transportation, and other persons or organizations as designated by the Seattle city council and mayor to study and make recommendations regarding design refinements to the preferred alternative selected by the department in the supplemental draft environmental impact statement process for the state route number 520 bridge replacement and HOV program. To accommodate a timely progression of the state route number 520 bridge replacement and HOV program, the design refinements recommended by the work group must be consistent with the current environmental documents prepared by the department for the supplemental draft environmental impact statement. The department shall submit the recommendations to the legislature and governor by December 31, 2010, and the recommendations must inform the final environmental impact statement prepared by the department; and  

(vii) An account, created in section 5 of this act, into which civil penalties generated from the nonpayment of tolls on the state route number 520 corridor are deposited to be used to fund any project within the program, including mitigation. However, this subsection (4)(b)(vii) is contingent on the enactment by June 30, 2010, of either chapter _______ (Engrossed Substitute Senate Bill No. 6490), Laws of 2010 or chapter _______ (Substitute House Bill No. 2897), Laws of 2010, but if the enacted bill does not designate the department as the toll penalty adjudicating agency, this subsection (4)(b)(vii) is null and void.

(5) The department may carry out the ((construction and)) improvements designated in subsection (4) of this section and administer the tolling program on the state route number 520 corridor.

Sec. 3. RCW 47.01.408 and 2009 c 472 s 2 are each amended to read as follows:

(1) The state route number 520 bridge replacement and HOV project shall be designed to provide six total lanes, with two lanes that are for transit and high occupancy vehicle travel, and four general purpose lanes.

(2) The state route number 520 bridge replacement and HOV project shall be designed to accommodate effective connections for transit, including high capacity transit, to the light rail station at the University of Washington.

(3) The state route number 520 bridge replacement and HOV project shall be designed to provide a total height from the water to the top of the bridge rail on the floating bridge portion of the project of no more than twenty feet if any portion of the project is funded by revenue generated from tolling the state route number 520 corridor.

Sec. 4. RCW 47.56.875 and 2009 c 472 s 4 are each amended to read as follows:

A special account to be known as the state route number 520 corridor account is created in the state treasury.

(1) Deposits to the account must include:

(a) All proceeds of bonds issued for ((construction of the replacement state route number 520 floating bridge and necessary landings)) the state route number 520 bridge replacement and HOV program, including any capitalized interest;

(b) Except as provided in RCW 47.56.870(4)(b)(vii), all of the tolls and other revenues received from the operation of the state route number 520 corridor as a toll facility, to be deposited at least monthly;

(c) Any interest that may be earned from the deposit or investment of those revenues;

(d) Notwithstanding RCW 47.12.063, proceeds from the sale of any surplus real property acquired for the ((purpose of building the replacement state route number 520 floating bridge and necessary landings)) state route number 520 bridge replacement and HOV program; and  

(e) All damages, liquidated or otherwise, collected under any contract involving the ((construction of the replacement state route number 520 floating bridge and necessary landings)) state route number 520 bridge replacement and HOV program.
(2) Subject to the covenants made by the state in the bond proceedings authorizing the issuance and sale of bonds for the (replacement state route number 520 floating bridge and necessary landings)) state route number 520 bridge replacement and HOV program, toll charges, other revenues, and interest received from the operation of the state route number 520 corridor as a toll facility may be used to:

(a) Pay any required costs allowed under RCW 47.56.820; and

(b) Repay amounts to the motor vehicle fund as required.

(3) When repaying the motor vehicle fund, the state treasurer shall transfer funds from the state route number 520 corridor account to the motor vehicle fund on or before each debt service date for bonds issued for the (replacement state route number 520 floating bridge project and necessary landings)) state route number 520 bridge replacement and HOV program in an amount sufficient to repay the motor vehicle fund for amounts transferred from that fund to the highway bond retirement fund to provide for any bond principal and interest due on that date. The state treasurer may establish subaccounts for the purpose of segregating toll charges, bond sale proceeds, and other revenues.

NEW SECTION. Sec. 5. A new section is added to chapter 47.56 RCW to read as follows:

(1) A special account to be known as the state route number 520 civil penalties account is created in the state treasury. All state route number 520 bridge replacement and HOV program civil penalties generated from the nonpayment of tolls on the state route number 520 corridor must be deposited into the account, as provided under RCW 47.56.870(4)(b)(vii). Moneys in the account may be spent only after appropriation. Expenditures from the account may be used to fund any project within the state route number 520 bridge replacement and HOV program, including mitigation.

(2) This section is contingent on the enactment by June 30, 2010, of either chapter . . . (Engrossed Substitute Senate Bill No. 6499). Laws of 2010 or chapter . . . (Substitute House Bill No. 2897), Laws of 2010, but if the enacted bill does not designate the department as the toll penalty adjudicating agency, this section is null and void."

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 9.94A.030 and 2009 c 375 s 4 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Board" means the indeterminate sentence review board created under chapter 9.95 RCW.

(2) "Collect," or any derivative thereof, "collect and remit," or "collect and deliver," when used with reference to the department, means that the department, either directly or through a collection agreement authorized by RCW 9.94A.760, is responsible for monitoring and enforcing the offender's sentence with regard to the legal financial obligation, receiving payment thereof from the offender, and, consistent with current law, delivering daily the entire payment to the superior court clerk without depositing it in a departmental account.

(3) "Commission" means the sentencing guidelines commission.

(4) "Community corrections officer" means an employee of the department who is responsible for carrying out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.

(5) "Community custody" means that portion of an offender's sentence of confinement in lieu of earned release time or imposed as part of a sentence under this chapter and served in the community subject to controls placed on the offender's movement and activities by the department."

February 27, 2010
(6) "Community protection zone" means the area within eight
hundred eighty feet of the facilities and grounds of a public or private
school.

compensation, performed for the benefit of the community by the
offender.

(8) "Confinement" means total or partial confinement.

compliance with the order of a court may be required by the
department.

(a) "Criminal history" means the list of a defendant's prior
convictions and juvenile adjudications, whether in this state, in federal
court, or elsewhere.

(i) The history shall include, where known, for each conviction
whether the defendant has been placed on probation and the length
and terms thereof; and (ii) whether the defendant has been
incarcerated and the length of incarceration.

(b) A conviction may be removed from a defendant's criminal
history only if it is vacated pursuant to RCW 9.96.060, 9.94A.640,
9.95.240, or a similar out-of-state statute, or if the conviction has been
vacated pursuant to a governor's pardon.

(c) The determination of a defendant's criminal history is distinct
from the determination of an offender score. A prior conviction that
was not included in an offender score calculated pursuant to a former
version of the sentencing reform act remains part of the defendant's
criminal history.

(12) "Criminal street gang" means any ongoing organization,
association, or group of three or more persons, whether formal or
informal, having a common name or common identifying sign or
symbol, having as one of its primary activities the commission of
criminal acts, and whose members or associates individually or

any criminal street gang, or is committed with the intent to promote,
subsidize, or assist in any criminal conduct by the gang, or is committed
for one or more of the following reasons:

(a) To gain admission, prestige, or promotion within the gang;

dominance, or control in any geographical area;

(c) To exact revenge or retribution for the gang or any member of
the gang;

against the gang or any member of the gang;

gain, profit, or other advantage for the gang, its reputation, influence,
or membership; or

exactitude the number of actual years, months, or days of total
confinement, of partial confinement, of community custody, the

determinate sentence.

offender remaining after the deduction from those earnings of any
amount required by law to be withheld. For the purposes of this
definition, "earnings" means compensation paid or payable for

 provision of law making the payments exempt from garnishment,
attachment, or other process to satisfy a court-ordered legal financial
obligation, specifically includes periodic payments pursuant to
pension or retirement programs, or insurance policies of any type, but

(2) To assist the court in making its determination, the court may order the department to complete either a risk assessment report or a chemical dependency screening report as provided in RCW 9.94A.500, or both reports prior to sentencing.

(3) If the court is considering this alternative, the court shall request that the department contact the children's administration of the Washington state department of social and health services to determine if the agency has an open child welfare case or prior substantiated referral of abuse or neglect involving the offender or if the agency is aware of any substantiated case of abuse or neglect with a tribal child welfare agency involving the offender.

(a) If the offender has an open child welfare case, the department will provide the release of information waiver and request that the children's administration or the tribal child welfare agency provide a report to the court. (c) If the offender does not have an open child welfare case with the children's administration or with a tribal child welfare agency but has prior involvement, the department will obtain information from the children's administration on the number and type of past substantiated referrals of abuse or neglect and report that information to the court. If the children's administration has never had any substantiated referrals or an open case with the offender, the department will inform the court.

(4) If the sentencing court determines that the offender is eligible for a sentencing alternative under this section and that the sentencing alternative is appropriate and should be imposed, the court shall waive imposition of a sentence within the standard sentence range and impose a sentence consisting of twelve months of community
custody. The court shall consider the offender's criminal history when determining if the alternative is appropriate.

(E) A violation of RCW 9A.52.025 (residential burglary);

(F) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.401 by manufacture or delivery or possession with intent to deliver methamphetamine; or

(G) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.406 (delivery of a controlled substance to a minor);

(iii) Has no prior conviction for the offenses listed in (c)(ii) of this subsection;

(iv) Participates in programming or activities as directed by the offender's individual reentry plan as provided under RCW 72.09.270 to the extent that such programming or activities are made available by the department; and

(v) Has not committed a new felony after July 22, 2007, while under community custody.

(d) In no other case shall the aggregate earned release time exceed one-third of the total sentence.

(4) The department shall perform a risk assessment of each offender who may qualify for earned early release under subsection (3)(c) of this section utilizing the risk assessment tool recommended by the Washington state institute for public policy. Subsection (3)(c) of this section does not apply to offenders convicted after July 1, 2010.

(5)(a) A person who is eligible for earned early release as provided in this section and who is convicted of a sex offense, a violent offense, any crime against persons under RCW 9.94A.411(2), or a felony offense under chapter 69.50 or 69.52 RCW, shall be transferred to community custody in lieu of earned release time;

(b) The department shall, as a part of its program for release to the community in lieu of earned release, require the offender to propose a release plan that includes an approved residence and living arrangement. All offenders with community custody terms eligible for release to community custody in lieu of earned release shall provide an approved residence and living arrangement prior to release to the community;

(c) The department may deny transfer to community custody in lieu of earned release time if the department determines an offender's release plan, including proposed residence location and living arrangements, may violate the conditions of the sentence or conditions of supervision, place the offender at risk to violate the conditions of the sentence, place the offender at risk to reoffend, or present a risk to victim safety or community safety. The department's authority under this section is independent of any court-ordered condition of sentence or statutory provision regarding conditions for community custody;

(d) If the department is unable to approve the offender's release plan, the department may do one or more of the following:

(i) Transfer an offender to partial confinement in lieu of earned early release for a period not to exceed three months. The three months in partial confinement is in addition to that portion of the offender's term of confinement that may be served in partial confinement as provided in RCW 9.94A.728(5);

(ii) Provide rental vouchers to the offender for a period not to exceed three months if rental assistance will result in an approved release plan. The voucher must be provided in conjunction with additional transition support programming or services that enable an offender to participate in services including, but not limited to, substance abuse treatment, mental health treatment, sex offender treatment, educational programming, or employment programming;

(e) For each offender who is the recipient of a rental voucher, the department shall include, concurrent with the data that the department otherwise obtains and records, the housing status of the offender for the duration of the offender's supervision.

(6) An offender serving a term of confinement imposed under RCW 9.94A.670(5)(a) is not eligible for earned release credits under this section.

NEW SECTION. Sec. 8. A new section is added to chapter 9.94A RCW to read as follows:

For offenders not sentenced under section 2 of this act, but otherwise eligible under this section, no more than the final twelve months of the offender's term of confinement may be served in partial confinement as home detention as part of the parenting program developed by the department.

(1) The secretary may transfer an offender from a correctional facility to home detention in the community if it is determined that the parenting program is an appropriate placement and when all of the following conditions exist:

(a) The offender is serving a sentence in which the high end of the range is greater than one year;

(b) The offender has no current conviction for a felony that is a sex offense or a violent offense;

(c) The offender has not been found by the United States attorney general to be subject to a deportation detainer or order and does not become subject to a deportation order during the period of the sentence;

(d) The offender signs any release of information waivers required to allow information regarding current or prior child welfare cases to be shared with the department and the court;

(e) The offender:

(i) Has physical or legal custody of a minor child;
(ii) Has a proven, established, ongoing, and substantial relationship with his or her minor child that existed prior to the commission of the current offense; or
(iii) Is a legal guardian of a child that was under the age of eighteen at the time of the current offense; and
(f) The department determines that such a placement is in the best interests of the child.

(2) When the department is considering partial confinement as part of the parenting program for an offender, the department shall inquire of the individual and the children's administration with the Washington state department of social and health services whether the agency has an open child welfare case or prior substantiated referral for abuse or neglect involving the offender. If the children's administration or a tribal jurisdiction has an open child welfare case, the department will seek input from the children's administration or the involved tribal jurisdiction as to: (a) The status of the child welfare case; and (b) recommendations regarding placement of the offender and services required of the department and the court governing the individual's child welfare case. The department and its officers, agents, and employees are not liable for the acts of offenders participating in the parenting program unless the department or its officers, agents, and employees acted with willful and wanton disregard.

(3) All offenders placed on home detention as part of the parenting program shall provide an approved residence and living arrangement prior to transfer to home detention.

(4) While in the community on home detention as part of the parenting program, the department shall:
(a) Require the offender to be placed on electronic home monitoring;
(b) Require the offender to participate in programming and treatment that the department determines is needed;
(c) Assign a community corrections officer who will monitor the offender's compliance with conditions of partial confinement and programming requirements; and
(d) If the offender has an open child welfare case with the children's administration, collaborate and communicate with the identified social worker in the provision of services.

(5) The department has the authority to return any offender serving partial confinement in the parenting program to total confinement if the offender is not complying with sentence requirements.

Sec. 9. RCW 9.94A.734 and 2007 c 199 s 9 are each amended to read as follows: (1) Home detention may not be imposed for offenders convicted of the following offenses, unless imposed as partial confinement in the department's parenting program under section 8 of this act:
(a) A violent offense;
(b) Any sex offense;
(c) A drug offense;
(d) Reckless burning in the first or second degree as defined in RCW 9A.48.040 or 9A.48.050;
(e) Assault in the third degree as defined in RCW 9A.36.031;
(f) Assault of a child in the third degree;
(g) Unlawful imprisonment as defined in RCW 9A.40.040; or
(h) Harassment as defined in RCW 9A.46.020.

Home detention may be imposed for offenders convicted of possession of a controlled substance under RCW 69.50.4013 or forgery prescription for a controlled substance under RCW 69.50.403 if the offender fulfills the participation conditions set forth in this section and is monitored for drug use by a treatment alternatives to street crime program or a comparable court or agency-referred program.

(2) Home detention may be imposed for offenders convicted of burglary in the second degree as defined in RCW 9A.52.030 or residential burglary conditioned upon the offender: (a) Successfully completing twenty-one days in a work release program;
(b) Having no convictions for burglary in the second degree or residential burglary during the preceding two years and not more than two prior convictions for burglary or residential burglary;
(c) Having no convictions for a violent felony offense during the preceding two years and not more than two prior convictions for a violent felony offense;
(d) Having no prior charges of escape; and
(e) Fulfiling the other conditions of the home detention program.

(3) Home detention may be imposed for offenders convicted of taking a motor vehicle without permission in the second degree as defined in RCW 9A.56.075, theft of a motor vehicle as defined under RCW 9A.56.065, or possession of a stolen motor vehicle as defined under RCW 9A.56.068 conditioned upon the offender:
(a) Having no convictions for taking a motor vehicle without permission, theft of a motor vehicle or possession of a stolen motor vehicle during the preceding five years and not more than two prior convictions for taking a motor vehicle without permission, theft of a motor vehicle or possession of a stolen motor vehicle;
(b) Having no convictions for a violent felony offense during the preceding two years and not more than two prior convictions for a violent felony offense;
(c) Having no prior charges of escape; and
(d) Fulfiling the other conditions of the home detention program.

(4) Participation in a home detention program shall be conditioned upon:
(a) The offender obtaining or maintaining current employment or attending a regular course of school study at regularly defined hours, or the offender performing parental duties to offspring or minors normally in the custody of the offender;
(b) Abiding by the rules of the home detention program; and
(c) Compliance with court-ordered legal financial obligations.

The home detention program may also be made available to offenders whose charges and convictions do not otherwise disqualify them if medical or health-related conditions, concerns or treatment would be better addressed under the home detention program, or where the health and welfare of the offender, other inmates, or staff would be jeopardized by the offender's incarceration. Participation in the home detention program for medical or health-related reasons is conditioned on the offender abiding by the rules of the home detention program and complying with court-ordered restitution.

Sec. 10. RCW 9.94A.190 and 2009 c 28 s 5 are each amended to read as follows: (1) A sentence that includes a term or terms of confinement totaling more than one year shall be served in a facility or institution operated, or utilized under contract, by the state, or in home detention pursuant to section 8 of this act. Except as provided in subsection (3) or (5) of this section, a sentence of not more than one year of confinement shall be served in a facility operated, licensed, or utilized under contract, by the county, or if home detention or work crew has been ordered by the court, in the residence of either the offender or a member of the offender's immediate family.

(2) If a county uses a state partial confinement facility for the partial confinement of a person sentenced to confinement for not more than one year, the county shall reimburse the state for the use of the facility as provided in this subsection. The office of financial management shall set the rate of reimbursement based upon the average per diem cost per offender in the facility. The office of financial management shall determine to what extent, if any, reimbursement shall be reduced or eliminated because of funds provided by the legislature to the department for the purpose of covering the cost of county use of state partial confinement facilities. The office of financial management shall reestablish reimbursement rates each even-numbered year.
(3) A person who is sentenced for a felony to a term of not more than one year, and who is committed or returned to incarceration in a state facility on another felony conviction, either under the indeterminate sentencing laws, chapter 9.95 RCW, or under this chapter shall serve all terms of confinement, including a sentence of not more than one year, in a facility or institution operated, or utilized under contract, by the state, consistent with the provisions of RCW 9.94A.589.

(4) Notwithstanding any other provision of this section, a sentence imposed pursuant to RCW 9.94A.660 which has a standard sentence range of over one year, regardless of length, shall be served in a facility or institution operated, or utilized under contract, by the state.

(5) Sentences imposed pursuant to RCW 9.94A.507 shall be served in a facility or institution operated, or utilized under contract, by the state.

Sec. 11. RCW 9.94A.6332 and 2009 c 375 s 14 are each amended to read as follows:

The procedure for imposing sanctions for violations of sentence conditions or requirements is as follows:

(1) If the offender was sentenced under the drug offender sentencing alternative, any sanctions shall be imposed by the department or the court pursuant to RCW 9.94A.660.

(2) If the offender was sentenced under the special (sexual) sex offender sentencing alternative, any sanctions shall be imposed by the department or the court pursuant to RCW 9.94A.670.

(3) If the offender was sentenced under the parenting sentencing alternative, any sanctions shall be imposed by the department or by the court pursuant to section 2 of this act.

(4) If a sex offender was sentenced pursuant to RCW 9.94A.507, any sanctions shall be imposed by the board pursuant to RCW 9.95.435.

(5) In any other case, if the offender is being supervised by the department, any sanctions shall be imposed by the department pursuant to RCW 9.94A.737. If a probationer is being supervised by the department pursuant to RCW 9.92.060, 9.95.204, or 9.95.210, upon receipt of a violation hearing report from the department, the court retains any authority that those statutes provide to respond to a probationer's violation of conditions.

(6) If the offender is not being supervised by the department, any sanctions shall be imposed by the court pursuant to RCW 9.94A.633.

Sec. 12. RCW 9.94A.633 and 2009 c 375 s 12 are each amended to read as follows:

(1)(a) An offender who violates any condition or requirement of a sentence may be sanctioned with up to sixty days' confinement for each violation.

(b) In lieu of confinement, an offender may be sanctioned with work release, home detention with electronic monitoring, work crew, community restitution, inpatient treatment, daily reporting, curfew, educational or counseling sessions, supervision enhanced through electronic monitoring, or any other sanctions available in the community.

(2) If an offender was under community custody pursuant to one of the following statutes, the offender may be sanctioned as follows:

(a) If the offender was transferred to community custody in lieu of earned early release in accordance with RCW 9.94A.728(2), the offender may be transferred to a more restrictive confinement status to serve up to the remaining portion of the sentence, less credit for any period actually spent in community custody or in detention awaiting disposition of an alleged violation.

(b) If the offender was sentenced under the drug offender sentencing alternative set out in RCW 9.94A.660, the offender may be sanctioned in accordance with that section.

**SSB 6350**

Prime Sponsor, Committee on Natural Resources, Ocean & Recreation: Concerning marine waters management that includes marine spatial planning. Reported by Committee on Ways & Means

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

*NEW SECTION. Sec. 14. (1) The legislature finds that:

(a) Native American tribes have depended on the state's marine waters and its resources for countless generations and continue to do so for cultural, spiritual, economic, and subsistence purposes.

(b) The state has long demonstrated a strong commitment to protecting the state's marine waters, which are abundant in natural resources, contain a treasure of biological diversity, and are a source of multiple uses by the public supporting the economies of nearby communities as well as the entire state. These multiple uses include, but are not limited to: Marine-based industries and activities such as cargo, fuel, and passenger transportation; commercial, recreational, and tribal fishing; shellfish aquaculture; telecommunications and energy infrastructure; seafood processing; tourism; scientific research; and many related goods and services. These multiple uses as well as new emerging uses, such as renewable ocean energy, constitute a management challenge for sustaining resources and coordinating state decision making in a proactive, comprehensive and ecosystem-based manner.

(c) Washington's marine waters are part of a west coast-wide large marine ecosystem known as the California current, and the Puget Sound and Columbia river estuaries constitute two of the three largest estuaries that are part of this large marine ecosystem. Puget Sound and the Columbia river are estuaries of national significance under the national estuary program, and the outer coast includes the Olympic national marine sanctuary.

(d) Washington is working in cooperation with the states of Oregon and California and federal agencies on ocean and ocean health management issues through the west coast governors' agreement on ocean health, and with the government of British Columbia on shared waters management issues through the British Columbia-Washington coastal and ocean task force.

(e) Washington has initiated comprehensive management programs to protect and promote compatible uses of these waters. These include: The development of a comprehensive ecosystem-based management plan known as the Puget Sound action agenda; shoreline plans for shorelines around the state; management plans for state-owned aquatic lands and their associated waters statewide; and watershed and salmon recovery management plans in the upland areas of Puget Sound, the coast, and the Columbia river. Data and
data management tools have also been developed to support these management and planning activities, such as the coastal atlas managed by the department of ecology and the shore zone database managed by the department of natural resources.

(f) For marine waters specifically, Washington has formed several mechanisms to improve coordination and management. A legislatively authorized task force formed by the governor identified priority recommendations for improving state management of ocean resources through Washington's ocean action plan in 2006. The governor further formed an ongoing interagency team that assists the department of ecology in implementing these recommendations. There is an extensive network of marine resources committees within Puget Sound and on the outer coast and the Columbia river to promote and support local involvement identifying and conducting local priority marine projects and some have been involved in local planning and management. Through the Olympic coast intergovernmental policy council, the state has also formalized its working relationship with coastal tribes and the federal government in the management of the Olympic coast national marine sanctuary.

(g) Reports by the United States commission on oceans policy, the Pew oceans commission, and the joint oceans commission initiative recommend the adoption of a national ocean policy under which states and coastal communities would have a principal role in developing and implementing ecosystem-based management of marine waters. Acting on these recommendations, the president of the United States recently formed an interagency ocean policy task force charged with developing a national ocean policy and a framework for marine spatial planning that involves all governmental levels, including state, tribal, and local governments. To further develop and implement such a planning framework, it is anticipated that federal cooperation and support will be available to coastal states that are engaged in marine and coastal resource management and planning, including marine spatial planning.

(2) The purpose of this chapter is to build upon existing statewide Puget Sound, coastal, and Columbia river efforts. When resources become available, the state intends to augment the marine spatial component of existing plans and to improve the coordination among state agencies in the development and implementation of marine management plans.

(3) It is also the purpose of this chapter to establish policies to guide state agencies and local governments when exercising jurisdiction over proposed uses and activities in these waters. Specifically, in conducting marine spatial planning, and in augmenting existing marine management plans with marine spatial planning components, the state must:

(a) Continue to recognize the rights of native American tribes regarding marine natural resources;
(b) Base all planning on best available science. This includes identifying gaps in existing information, recommend a strategy for acquiring science needed to strengthen marine spatial plans, and create a process to adjust plans once additional scientific information is available;
(c) Coordinate with all stakeholders, including marine resources committees and nongovernmental organizations, that are significantly involved in the collection of scientific information, ecosystem protection and restoration, or other activities related to marine spatial planning;
(d) Recognize that marine ecosystems span tribal, state, and international boundaries and that planning has to be coordinated with all entities with jurisdiction or authority in order to be effective;
(e) Establish or further promote an ecosystem-based management approach including linking marine spatial plans to adjacent nearshore and upland spatial or ecosystem-based plans;
(f) Ensure that all marine spatial plans are linked to measurable environmental outcomes;

(g) Establish a performance management system to monitor implementation of any new marine spatial plan;
(h) Establish an ocean stewardship policy that takes into account the existing natural, social, cultural, historic, and economic uses;
(i) Recognize that commercial, tribal, and recreational fisheries, and shellfish aquaculture are an integral part of our state's culture and contribute substantial economic benefits;
(j) Value biodiversity and ecosystem health, and protect special, sensitive, or unique estuarine and marine life and habitats, including important spawning, rearing, and migration areas for finfish, marine mammals, and productive shellfish habitats;
(k) Integrate this planning with existing plans and ongoing planning in the same marine waters and provide additional mechanisms for improving coordination and aligning management;
(l) Promote recovery of listed species under state and federal endangered species acts plans pursuant to those plans; and
(m) Fulfill the state's public trust and tribal treaty trust responsibilities in managing the state's ocean waters in a sustainable manner for current and future generations.

NEW SECTION. Sec. 15. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.
(1) "Aquatic lands" includes all tidelands, shorelands, harbor areas, and the beds of navigable waters, and must be construed to be coextensive with the term "aquatic lands" as defined in RCW 79.105.060.
(2) "Exclusive economic zone waters" means marine waters from the offshore state boundary to the boundary of the exclusive economic zone, over which the United States government has primary jurisdiction.
(3) "Marine counties" includes Clallam, Jefferson, Grays Harbor, Wahkiakum, San Juan, Whatcom, Skagit, Island, Snohomish, King, Pierce, Thurston, Mason, Kitsap, and Pacific counties.
(4) "Marine ecosystem" means the physical, biological, and chemical components and processes and their interactions in marine waters and aquatic lands, including humans.
(5) "Marine interagency team" or "team" means the marine interagency team created under section 3 of this act.
(6) "Marine management plan" and "marine waters management plan" means any plan guiding activities on and uses of the state's marine waters, and may include a marine spatial plan or element.
(7) "Marine resources committees" means those committees organized under RCW 36.125.020 or by counties within the Northwest straits marine conservation initiative.
(8) "Marine spatial planning" means a public process of analyzing and allocating the spatial and temporal distribution of human activities in marine areas to achieve ecological, economic, and social objectives. Often this type of planning is done to reduce conflicts among uses, to reduce environmental impacts, to facilitate compatible uses, to align management decisions, and to meet other objectives determined by the planning process.
(9) "Marine waters" means aquatic lands and waters under tidal influence, including saltwaters and estuaries to the ordinary high water mark lying within the boundaries of the state. This definition also includes the portion of the Columbia river bordering Pacific and Wahkiakum counties, Willapa Bay, Grays Harbor, the Strait of Juan de Fuca, and the entire Puget Sound.

NEW SECTION. Sec. 16. (1) The office of the governor shall chair a marine interagency team that is composed of representatives of each of the agencies in the governor's natural resources cabinet with management responsibilities for marine waters, including the independent agencies. A representative from a federal agency with lead responsibility for marine spatial planning must be invited to serve as a liaison to the team to help ensure consistency with federal actions and policy. The team must conduct the assessment authorized in section 4 of this act, assist state agencies under section 5 of this act with the review and coordination of such planning with their existing
and ongoing planning, and conduct the marine management planning authorized in section 6 of this act.

(2) The team may not commence any activities authorized under sections 5 and 6 of this act until federal, private, or other nonstate funding is secured specifically for these activities.

NEW SECTION. Sec. 17. (1) The marine interagency team created in section 3 of this act must assess and recommend a framework for conducting marine spatial planning and integrating the planning into existing management plans. The assessment must include, but not be limited to, recommendations for:

(a) Including a marine spatial component into the Puget Sound action agenda;
(b) Integrating marine spatial planning into management efforts for the Columbia river estuary, working with the state of Oregon; and
(c) Developing a marine management plan containing a marine spatial component for the outer coast, to be incorporated within the comprehensive marine management plan authorized under section 6 of this act.

(2) The assessment authorized under subsection (1) of this section must also:

(a) Summarize existing goals and objectives for: Plans in Puget Sound, the Columbia river estuary, and the outer coast, including the Puget Sound action agenda; shoreline plans for shorelines around the state; management plans for state-owned aquatic lands and their associated waters statewide; and watershed and salmon recovery management plans;
(b) Develop recommended goals and objectives for marine spatial planning that integrate with existing policies and regulations, and recommend a schedule to develop marine ecosystem health indicators, considering the views and recommendations of affected stakeholders and governmental agencies;
(c) Summarize how the existing goals and objectives as well as recommended goals and objectives are consistent or inconsistent with those adopted by other states for the west coast large marine ecosystem, and with those goals and objectives articulated in relevant national oceans policies and the national framework for marine spatial planning;
(d) Identify the existing management activities and spatial data related to these priorities and objectives and the key needs for incorporating marine spatial planning into existing statewide plans; and
(e) Provide recommendations on achieving a unified approach to database management and delivery that would support marine spatial planning throughout the state.

(3) The results of this assessment must be provided to the appropriate legislative committees by December 15, 2010.

(4) This section expires June 30, 2011.

NEW SECTION. Sec. 18. (1) Concurrently or prior to the assessment and planning activities provided in sections 4 and 6 of this act, and subject to available federal, private, or other nonstate funding for this purpose, all state agencies with marine waters planning and management responsibilities are authorized to include marine spatial data and marine spatial planning elements into their existing plans and ongoing planning.

(2) The director of the Puget Sound partnership under the direction of the leadership council created in RCW 90.71.220 must integrate marine spatial information and planning provisions into the action agenda. The information should be used to address gaps or improve the effectiveness of the spatial planning component of the action agenda, such as in addressing potential new uses such as renewable energy projects.

(3) The governor and the commissioner of public lands, working with appropriate marine management and planning agencies, should work cooperatively with the applicable west coast states, Canadian provinces, and with federal agencies, through existing cooperative entities such as the west coast governor's agreement on ocean health, the coastal and oceans task force, the Pacific coast collaborative, the Puget Sound federal caucus, and the United States and Canada cooperative agreement working group, to explore the benefits of developing joint marine spatial plans or planning frameworks in the shared waters of the Salish Sea, the Columbia river estuary, and in the exclusive economic zone waters. The governor and commissioner may approve the adoption of shared marine spatial plans or planning frameworks where they determine it would further policies of this chapter and chapter 43.143 RCW.

(4) On an ongoing basis, the director of the department of ecology shall work with other state agencies with marine management responsibilities, tribal governments, marine resources committees, local and federal agencies, and marine waters stakeholders to compile marine spatial information and to incorporate this information into ongoing plans. This work may be integrated with the comprehensive marine management plan authorized under section 6 of this act when that planning process is initiated.

(5) All actions taken to implement this section must be consistent with section 8 of this act.

NEW SECTION. Sec. 19. (1) Upon the receipt of federal, private, or other nonstate funding for this purpose, together with any required match of state funding that may be specifically provided for this purpose, the marine interagency team shall coordinate the development of a comprehensive marine management plan for the state's marine waters. The marine management plan must include marine spatial planning, as well as recommendations to the appropriate federal agencies regarding the exclusive economic zone waters. The plan may be developed in geographic segments, and may incorporate or be developed as an element of existing marine plans, such as the Puget Sound action agenda. The chair of the team may designate a state agency with marine management responsibilities to take the lead in developing and recommending to the team particular segments or elements of the comprehensive marine management plan.

(2) The marine management plan must be developed and implemented in a manner that:

(a) Recognizes and respects existing uses and tribal treaty rights;
(b) Promotes protection and restoration of ecosystem processes to a level that will enable long-term sustainable production of ecosystem goods and services;
(c) Addresses potential impacts of climate change and sea level rise upon current and projected marine waters uses and shoreline and coastal impacts;
(d) Fosters and encourages sustainable uses that provide economic opportunity without significant adverse environmental impacts;
(e) Preserves and enhances public access;
(f) Protects and encourages working waterfronts and supports the infrastructure necessary to sustain marine industry, commercial shipping, shellfish aquaculture, and other water-dependent uses;
(g) Fosters public participation in decision making and significant involvement of communities adjacent to the state's marine waters; and
(h) Integrates existing management plans and authorities and makes recommendations for aligning plans to the extent practicable.

(3) To ensure the effective stewardship of the state's marine waters held in trust for the benefit of the people, the marine management plan must rely upon existing data and resources, but also identify data gaps and, as possible, procure missing data necessary for planning.

(4) The marine management plan must include but not be limited to:

(a) An ecosystem assessment that analyzes the health and status of Washington marine waters including key social, economic, and ecological characteristics and incorporates the best available scientific information, including relevant marine data. This assessment should seek to identify key threats to plan goals, analyze risk and management scenarios, and develop key ecosystem indicators. In
addition, the plan should incorporate existing adaptive management strategies underway by local, state, or federal entities and provide an adaptive management element to incorporate new information and consider revisions to the plan based upon research, monitoring, and evaluation;

(b) Using and relying upon existing plans and processes and additional management measures to guide decisions among uses proposed for specific geographic areas of the state’s marine and estuarine waters consistent with applicable state laws and programs that control or address developments in the state’s marine waters;

(c) A series of maps that, at a minimum, summarize available data on: The key ecological aspects of the marine ecosystem, including physical and biological characteristics, as well as areas that are environmentally sensitive or contain unique or sensitive species or biological communities that must be conserved and warrant protective measures; human uses of marine waters, particularly areas with high value for fishing, shellfish aquaculture, recreation, and maritime commerce; and appropriate locations with high potential for renewable energy production with minimal potential for conflicts with other existing uses or sensitive environments;

(d) An element that sets forth the state’s recommendations to the federal government for use priorities and limitations, siting criteria, and protection of unique and sensitive biota and ocean floor features within the exclusive economic zone waters consistent with the policies and management criteria contained in this chapter and chapter 43.143 RCW;

(e) An implementation strategy describing how the plan’s management measures and other provisions will be considered and implemented through existing state and local authorities; and

(f) A framework for coordinating state agency and local government review of proposed renewable energy development uses requiring multiple permits and other approvals that provide for the timely review and action upon renewable energy development proposals while ensuring protection of sensitive resources and minimizing impacts to other existing or projected uses in the area.

(5) If the director of the department of fish and wildlife determines that a fisheries management element is appropriate for inclusion in the marine management plan, this element may include the incorporation of existing management plans and procedures and standards for consideration in adopting and revising fisheries management plans in cooperation with the appropriate federal agencies and tribal governments.

(6) Any provision of the marine management plan that does not have as its primary purpose the management of commercial or recreational fishing but that has an impact on this fishing must minimize the negative impacts on the fishing. The team must accord substantial weight to recommendations from the director of the department of fish and wildlife for plan revisions to minimize the negative impacts.

(7) The marine management plan must recognize and value existing uses. All actions taken to implement this section must be consistent with section 8 of this act.

(8) The marine management plan must identify any provisions of existing management plans that are substantially inconsistent with the plan.

(9)(a) In developing the marine management plan, the team shall implement a strong public participation strategy that seeks input from throughout the state and particularly from communities adjacent to marine waters. Public review and comment must be sought and incorporated with regard to planning the scope of work as well as in regard to significant drafts of the plan and plan elements.

(b) The team must engage tribes and marine resources committees in its activities throughout the planning process. In particular, prior to finalizing the plan, the team must provide each tribe and marine resources committee with a draft of the plan and invite them to review and comment on the plan.

(10) The team must complete the plan within twenty-four months of the initiation of planning under this section.

(11) The director of the department of ecology shall submit the completed marine management plan to the appropriate federal agency for its review and approval for incorporation into the state’s federally approved coastal zone management program.

(12) Subsequent to the adoption of the marine management plan, the team may periodically review and adopt revisions to the plan to incorporate new information and to recognize and incorporate provisions in other marine management plans. The team must afford the public an opportunity to review and comment upon significant proposed revisions to the marine management plan.

NEW SECTION. Sec. 20. (1) Upon the adoption of the marine management plan under section 6 of this act, each state agency and local government must make decisions in a manner that ensures consistency with applicable legal authorities and conformance with the applicable provisions of the marine management plan to the greatest extent possible.

(2) The director of the department of ecology, in coordination with the team, shall periodically review existing management plans maintained by state agencies and local governments that cover the same marine waters as the marine management plan under section 6 of this act, and for any substantial inconsistency with the marine management plan the director shall make recommendations to the agency or to the local government for revisions to eliminate the inconsistency.

(3) Not later than four years following adoption of the marine management plan under section 6 of this act, the department of ecology, in coordination with the team, shall report to the appropriate marine waters committees in the senate and house of representatives describing provisions of existing management plans that are substantially inconsistent with the marine management plan under section 6 of this act, and making recommendations for eliminating the inconsistency.

(4) All actions taken to implement this section must be consistent with section 8 of this act. In the event of a conflict between the marine management plan and local ordinances and regulations, local ordinances and regulations shall control.

NEW SECTION. Sec. 21. No authority is created under this chapter to affect in any way any project, use, or activity in the state’s marine waters existing prior to or during the development and review of the marine management plan. No authority is created under this chapter to supersede the current authority of any state agency or local government.

NEW SECTION. Sec. 22. A new section is added to chapter 43.21F RCW to read as follows:

(1) In addition to the duties prescribed in RCW 43.21F.045, the department must develop guidance applicable to all state agencies for achieving a unified state position upon matters involving the siting and operation of renewable energy facilities in the state’s coastal and estuarine marine waters. The guidance must provide procedures for coordinating the views and responsibilities of any state agency with jurisdiction or expertise over the matter under consideration, which may include federal policy proposals, activities, permits, licenses, or the extension of funding for activities in or affecting the state’s marine waters. In developing the guidance, the director must consult with agencies with primary responsibilities for permitting and management of marine waters and bedlands, including the departments of natural resources, ecology, transportation, and fish and wildlife, and the state parks and recreation commission, the Puget Sound partnership, and the energy facility site evaluation council. The director must also consult and incorporate relevant information from the regional activities related to renewable energy siting in marine waters, including those under the west coast governors’ agreement on ocean health.
(2) The director may not commence development of the guidance until federal, private, or other nonstate funding is secured for this activity. The director must adopt the guidance within one year of securing such funds.

(3) This section is intended to promote consistency and multiple agency coordination in developing positions and exercising jurisdiction in matters involving the siting and operation of renewable energy facilities and does not diminish or abrogate the authority or jurisdiction of any state agency over such matters established under any other law.

NEW SECTION. Sec. 23. (1) The marine resources stewardship trust account is created in the state treasury. All receipts from income derived from the investment of amounts credited to the account, any grants, gifts, or donations to the state for the purposes of marine management planning, marine spatial planning, data compilation, research, or monitoring, and any appropriations made to the account must be deposited in the account. Moneys in the account may be spent only after appropriation.

(2) Expenditures from the account may only be used for the purposes of marine management planning, marine spatial planning, research, monitoring, implementation of the marine management plan, and for the restoration or enhancement of marine habitat or resources.

an isolated wing of a facility. A reasonable renovation project should cost between sixty to eighty percent of current replacement value and restore the renovated area to at least twenty-five years of useful life. New space may be programmed for the same or a different use than the space being renovated and may include additions to improve access and enhance the relationship of program or support space; (d) Major stand-alone campus infrastructure projects; (e) Projects that promote economic growth and innovation through expanded research activity. The acquisition and installation of specialized equipment is authorized under this category; and (f) Other project categories as determined by the office of financial management in consultation with the legislative fiscal committees.

(2) The office of financial management, in consultation with the legislative fiscal committees (and the joint legislative audit and review committee), shall establish a scoring system and process for each four-year project category that is based on the framework used in the community and technical college system of prioritization. Staff from the state board for community and technical colleges, the higher education coordinating board, and the four-year institutions shall provide technical assistance on the development of a scoring system and process.

(3) The office of financial management shall consult with the legislative fiscal committees in the scoring of four-year institution project proposals, and may also solicit participation by the joint legislative audit and review committee and independent experts.

(a) For each four-year project category, the scoring system must, at a minimum, include an evaluation of enrollment trends, reasonableness of cost, the ability of the project to enhance specific strategic master plan goals, age and condition of the facility if applicable, and impact on space utilization.

(b) Each four-year project category may include projects at the predesign, design, or construction funding phase.

(c) To the extent possible, the objective analysis and scoring system of all capital budget projects shall occur within the context of any and all performance agreements between the office of financial management and the governing board of a public, four-year institution of higher education that aligns goals, priorities, desired outcomes, flexibility, institutional mission, accountability, and levels of resources.

(4) In evaluating and scoring four-year institution projects, the office of financial management shall take into consideration project schedules that result in realistic, balanced, and predictable expenditure patterns over the ensuing three biennia.

(5) The office of financial management shall distribute common definitions, the scoring system, and other information required for the project proposal and scoring process as part of its biennial budget instructions (except that, for the 2009-2011 budget development cycle, this information must be distributed by July 1, 2008). The office of financial management, in consultation with the legislative fiscal committees (and the joint legislative audit and review committee), shall develop common definitions that four-year institutions must use in developing their project proposals and lists under this section.

(6) In developing any scoring system for capital projects proposed by the four-year institutions, the office of financial management:

(a) Shall be provided with all required information by the four-year institutions as deemed necessary by the office of financial management;

(b) May utilize independent services to verify, sample, or evaluate information provided to the office of financial management by the four-year institutions; and

(c) Shall have full access to all data maintained by the higher education coordinating board and the joint legislative audit and review committee concerning the condition of higher education facilities.

(7) By August 15th of each even-numbered year (beginning in 2008), each public four-year higher education institution shall prepare and submit prioritized lists of the individual projects proposed by the institution for the ensuing six-year period in each category. (On a pilot basis, the office of financial management shall require one research university to prepare two separate prioritized lists for each category, one for the main campus, and one covering all of the institution’s branch campuses. The office of financial management shall report to the legislative fiscal committee by December 1, 2009, on the effect of this pilot project on capital project financing for all branch campuses.) The lists must be submitted to the office of financial management and the legislative fiscal committees. The four-year institutions may aggregate minor works project proposals by primary purpose for ranking purposes. Proposed minor works projects must be prioritized within the aggregated proposal, and supporting documentation, including project descriptions and cost estimates, must be provided to the office of financial management and the legislative fiscal committees.

(8) The office of financial management shall convene a group by August 15th of each even-numbered year to rank projects in priority order in a single list to be submitted to the legislature for the ensuing biennium. The group shall consist of one representative of the higher education coordinating board, two representatives of the council of presidents, two representatives of the office of financial management, and one representative of the Washington state economic development commission. The council of presidents’ representatives must rotate every two years, with each four-year public baccalaureate research institution representing the council of presidents once every two biennia and each four-year public baccalaureate nonresearch institution representing the council of presidents once every four biennia. The Washington state economic development representative shall be appointed by the governor and will change every two years. The governor or a designee may participate in determining the prioritized list.

(9) The priorities set by the group shall consider policies for the state’s higher education system to achieve growth and manage existing assets in a responsible manner, biennial budget projections for capital expenditures, and biennial budget projections for student full-time equivalent growth.

"NEW SECTION. Sec. 9. A new section is added to chapter 28B.20 RCW to read as follows:

(1) This section provides an alternative process for awarding contracts for construction, building, renovation, remodeling, alteration, repair, or improvement of university buildings and facilities in which critical patient care or highly specialized medical research is located. These provisions may be used, in lieu of other procedures to award contracts for such work, when the estimated cost of the work is equal to or less than five million dollars and the project involves construction, renovation, remodeling, or alteration of improvements within a building that is used directly for critical patient care or highly specialized medical research.

(2) The university may create a single critical patient care or specialized medical research facilities roster or may create multiple
critical patient care or specialized medical research facilities rosters for different trade specialties or categories of anticipated work. At least once a year, the university shall publish in a newspaper of general circulation a notice of the existence of the roster or rosters and solicit a statement of qualifications from contractors who wish to be on the roster or rosters of prime contractors. In addition, qualified contractors shall be added to the roster or rosters at any time they submit a written request, necessary records, and meet the qualifications established by the university. The university may require eligible contractors desiring to be placed on a roster to keep current records of any applicable licenses, certifications, registrations, bonding, insurance, or other appropriate matters on file with the university as a condition of being placed on a roster or rosters. Placement on a roster shall be on the basis of qualifications.

(3) The public solicitation of qualifications shall include but not be limited to:

(a) A description of the types of projects to be completed and where possible may include programmatic, performance, and technical requirements and specifications;

(b) The reasons for using the critical patient care and specialized medical research roster process;

(c) A description of the qualifications to be required of a contractor, including submission of an accident prevention program;

(d) A description of the process the university will use to evaluate qualifications, including evaluation factors and the relative weight of factors;

(e) The form of the contract to be awarded;

(f) A description of the administrative process by which the required qualifications, evaluation process, and project types may be appealed; and

(g) A description of the administrative process by which decisions of the university may be appealed.

(4) The university shall establish a committee to evaluate the contractors submitting qualifications. Evaluation criteria for selection of the contractor or contractors to be included on a roster shall include, but not be limited to:

(a) Ability of a contractor's professional personnel;

(b) A contractor's past performance on similar projects, including but not limited to medical facilities, and involving either negotiated work or other public works contracts;

(c) The contractor's ability to meet time and budget requirements;

(d) The contractor's ability to provide preconstruction services, as appropriate;

(e) The contractor's capacity to successfully complete the project;

(f) The contractor's approach to executing projects;

(g) The contractor's approach to safety and the contractor's safety history; and

(h) The contractor's record of performance, integrity, judgment, and skills.

(5) Contractors meeting the evaluation committee's criteria for selection must be placed on the applicable roster or rosters.

(6) When a project is selected for delivery through this roster process, the university must establish a procedure for securing written quotations from all contractors on a roster to assure that a competitive price is established. Invitations for quotations shall include an estimate of the scope and nature of the work to be performed as well as materials and equipment to be furnished. Plans and specifications must be included in the invitation but may not be detailed. Award of a project must be made to the responsible bidder submitting the lowest responsive bid.

(7) The university shall make an effort to solicit proposals from certified minority or certified woman-owned contractors to the extent permitted by the Washington state civil rights act, RCW 49.60.400.

(8) Beginning in September 2010 and every other year thereafter, the university shall provide a report to the capital projects advisory review board which must, at a minimum, include a list of rosters used, contracts awarded, and a description of outreach to and participation by women and minority-owned businesses.

NEW SECTION. Sec. 10. A new section is added to chapter 43.131 RCW to read as follows:

The alternative process for awarding contracts established in section 9 of this act terminates June 30, 2015, as provided in section 3 of this act.

NEW SECTION. Sec. 11. A new section is added to chapter 43.131 RCW to read as follows:

There being no objection, the rules were suspended, the second reading considered the third and the bill, as amended by the House, was placed on final passage.

Representatives Wallace and Anderson spoke in favor of the passage of the bill.

The Speaker (Representative Morris presiding) stated the question before the House to be the final passage of Substitute Senate Bill No. 6355, as amended by the House.

MOTIONS

On motion of Representative Santos, Representative Flannigan was excused. On motion of Representative Hinkle, Representative Alexander was excused.

ROLL CALL

The Clerk called the roll on the final passage of Substitute Senate Bill No. 6355, as amended by the House, and the bill passed the House by the following vote: Yeas, 96; Nays, 0; Absent, 0; Excused, 2.

Excused: Representatives Alexander and Flannigan.

SUBSTITUTE SENATE BILL NO. 6355, as amended by the House, having received the necessary constitutional majority, was declared passed.

ENGROSSED SUBSTITUTE SENATE BILL NO. 6392, by Senate Committee on Transportation (originally sponsored by Senators Tom, Swecker, Oemig, Holmquist, Jacobsen, Haugen and Marr)
Clarifying the use of revenue generated from tolling the state route number 520 corridor.

The bill was read the second time.

There being no objection, the committee amendment by the Committee on Transportation was before the House for purpose of amendment. (For Committee amendment, see Journal, Day 46, February 25, 2010).

Representative Roach moved the adoption of amendment (1357) to the committee amendment:

On page 1 of the striking amendment, strike all material after line 2 and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that the 2009 state route number 520 legislative workgroup recommended a design and finance plan to move forward with final design and construction of the state route number 520 corridor. The design option for the westside, known as Option A+, is declared consistent with the design requirements outlined in RCW 47.01.408, which calls for six total lanes, with two lanes that are for transit and high-occupancy vehicle travel, and four general purpose lanes for the state route number 520 bridge replacement and HOV project.

The legislature further recognizes that time is of the essence and further study or refinement of the design of the state route number 520 bridge replacement and HOV project will only delay the project. Construction must move forward once the supplemental draft environmental impact statement process is complete, consistent with the department of transportation's plan to open the new state route number 520 bridge to vehicular traffic in 2014.

The legislature further intends that any cost savings attributable to the state route number 520 bridge replacement and HOV program stay within the program.

Sec. 2. RCW 47.56.870 and 2009 c 472 s 2 are each amended to read as follows:

(1) The initial imposition of tolls on the state route number 520 corridor is authorized, the state route number 520 corridor is designated an eligible toll facility, and toll revenue generated in the corridor must only be expended as allowed under RCW 47.56.820.

(2) The state route number 520 corridor consists of that portion of state route number 520 between the junctions of Interstate 5 and state route number 202. The toll imposed by this section shall be charged only for travel on the floating bridge portion of the state route number 520 corridor.

(3)(a) In setting the toll rates for the corridor pursuant to RCW 47.56.850, the tolling authority shall set a variable schedule of toll rates to maintain travel time, speed, and reliability on the corridor and generate the necessary revenue as required under (b) of this subsection.

(b) The tolling authority shall initially set the variable schedule of toll rates, which the tolling authority may adjust at least annually to reflect inflation as measured by the consumer price index or as necessary to meet the redemption of bonds and interest payments on the bonds, to generate revenue sufficient to provide for:

(i) The issuance of general obligation bonds, authorized in RCW 47.10.879, first payable from toll revenue and then excise taxes on motor vehicle and special fuels pledged for the payment of those bonds in the amount necessary to fund the (replacement state route number 520 floating bridge and necessary landings) state route number 520 bridge replacement and HOV program, subject to subsection (4) of this section; and

(ii) Costs associated with the project designated in subsection (4) of this section that are eligible under RCW 47.56.820.

(4) The proceeds of the bonds designated in subsection (3)(b)(i) of this section, which together with other appropriated and identified state and federal funds is sufficient to pay for the replacement of the floating bridge segment and necessary landings of state route number 520, must be used only to fund the (construction of the replacement state route number 520 floating bridge and necessary landings) state route number 520 bridge replacement and HOV program in the following order of priority:

(a) To pay for the replacement of the floating bridge segment and necessary landings of state route number 520;

(b) Bond proceeds in excess of the proceeds necessary to complete the floating bridge segment and necessary landings must be used first to construct the state route number 520, Medina to state route number 202 eastside transit and HOV project; and

(c) Bond proceeds in excess of the proceeds necessary to complete the projects specified in (4)(a) and (4)(b) of this subsection must be used to fund the state route number 520, Interstate 5 to Medina bridge replacement and HOV project segment of the program and may be used to fund effective connections for high occupancy vehicles and transit for state route number 520, but only to the extent those connections benefit or improve the operation of state route number 520.

(5) The department may carry out the (construction and) improvements designated in subsection (4) of this section and administer the tolling program on the state route number 520 corridor.

Sec. 3. RCW 47.56.875 and 2009 c 472 s 4 are each amended to read as follows:

A special account to be known as the state route number 520 corridor account is created in the state treasury.

(1) Deposits to the account must include:

Representative Ross moved the adoption of amendment (1265) to the committee amendment.

On page 6, line 9 of the striking amendment, after "necessary")" insert the following:

"Sec. 2. RCW 28A.225.015 and 1999 c 319 s 6 are each amended to read as follows:
(1) If a parent enrolls a child who is six or seven years of age in a public school, the child is required to attend and that parent has the responsibility to ensure the child attends for the full time that school is in session. An exception shall be made to this requirement for children whose parents formally remove them from enrollment if the child is less than eight years old and a petition has not been filed against the parent under subsection (3) of this section. The requirement to attend school under this subsection does not apply to a child enrolled in a public school part-time for the purpose of receiving ancillary services. A child required to attend school under this subsection may be temporarily excused upon the request of his or her parent for purposes agreed upon by the school district and parent.
(2) If a six or seven year-old child is required to attend public school under subsection (1) of this section and that child has unexcused absences, the public school in which the child is enrolled (shall) may:
(a) Inform the child's custodial parent, parents, or guardian by a notice in writing, by e-mail, or by telephone whenever the child has failed to attend school after one unexcused absence within any month during the current school year;
(b) Request a conference or conferences to be conducted by telephone or in person with the custodial parent, parents, or guardian and child at a time reasonably convenient for all persons included for the purpose of analyzing the causes of the child's absences after two unexcused absences within any month during the current school year. If a regularly scheduled parent-teacher conference day is to take place within thirty days of the second unexcused absence, then the school district may schedule this conference on that day; and
(c) Take steps to eliminate or reduce the child's absences. These steps (shall) may include, where appropriate, adjusting the child's school program or school or course assignment, providing more individualized or remedial instruction, offering assistance in enrolling the child in available alternative schools or programs, or assisting the parent or child to obtain supplementary services that may help
eliminate or ameliorate the cause or causes for the absence from school.

(3) If a child required to attend public school under subsection (1) of this section has seven unexcused absences in a month or ten unexcused absences in a school year, the school district (shall) may file a petition for civil action as provided in RCW 28A.225.035 against the parent of the child.

(4) This section does not require a six or seven year old child to enroll in a public or private school or to receive home-based instruction. This section only applies to six or seven year old children whose parents enroll them full time in public school and do not formally remove them from enrollment as provided in subsection (1) of this section.

Sec. 3. RCW 28A.225.020 and 2009 c 266 s 1 are each amended to read as follows:

(1) If a child required to attend school under RCW 28A.225.010 fails to attend school without valid justification, the public school in which the child is enrolled shall take the following actions if the child is enrolled in the sixth grade or above, and may take the following actions if the child is enrolled in the fifth grade or below:

(a) Inform the child's custodial parent, parents, or guardian by notice in writing, by e-mail, or by telephone whenever the child has failed to attend school after one unexcused absence within any month during the current school year. School officials shall inform the parent of the potential consequences of additional unexcused absences. If the custodial parent, parents, or guardian is not fluent in English, the preferred practice is to provide this information in a language in which the custodial parent, parents, or guardian is fluent; and

(b) Schedule a conference or conferences to be conducted by telephone or in person with the custodial parent, parents, or guardian and child at a time reasonably convenient for all persons included for the purpose of analyzing the causes of the child's absences after two unexcused absences within any month during the current school year. If a regularly scheduled parent-teacher conference day is to take place within thirty days of the second unexcused absence, then the school district may schedule this conference on that day.

(2) The school may also take steps to eliminate or reduce the child's absences. These steps (shall) may include, where appropriate, adjusting the child's school program or school or course assignment, providing more individualized or remedial instruction, providing appropriate vocational courses or work experience, referring the child to a community truancy board, if available, requiring the child to attend an alternative school or program, or assisting the parent or the child to obtain supplementary services that might eliminate or ameliorate the cause or causes for the absence from school. If the child's parent does not attend the scheduled conference, the conference may be conducted with the student and school official. However, the parent shall be notified of the steps to be taken to eliminate or reduce the child's absence.

Sec. 4. RCW 28A.225.025 and 2009 c 266 s 2 are each amended to read as follows:

(1) For purposes of this chapter, "community truancy board" means a board composed of members of the local community in which the child attends school. Juvenile courts may establish and operate community truancy boards. If the juvenile court and the school district agree, a school district may establish and operate a community truancy board under the jurisdiction of the juvenile court. Juvenile courts may create a community truancy board or may use other entities that exist or are created, such as diversion units. However, a diversion unit or other existing entity must agree before it is used as a truancy board. Duties of a community truancy board shall include, but not be limited to, recommending methods for improving school attendance such as assisting the parent or the child to obtain supplementary services that might eliminate or ameliorate the causes for the absences or suggesting to the school district that the child enroll in another school, an alternative education program, an education center, a skill center, a dropout prevention program, or another public or private educational program.

(2) The legislature finds that utilization of community truancy boards, or other diversion units that fulfill a similar function, is the preferred means of intervention when preliminary methods of notice and parent conferences and taking appropriate steps to eliminate or reduce unexcused absences have not been effective in securing the child's attendance at school. The legislature intends to encourage and support the development and expansion of community truancy boards and other diversion programs which are effective in promoting school attendance and preventing the need for more intrusive intervention by the court. (Operation of a school truancy board does not excuse a district from the obligation of filing a petition within the requirements of RCW 28A.225.015(3).)

Sec. 5. RCW 28A.225.030 and 1999 c 319 s 2 are each amended to read as follows:

(1) If a child is required to attend school under RCW 28A.225.010 and (if the actions taken by a) the school district takes actions under RCW 28A.225.020 that are not successful in substantially reducing an enrolled student's absences from public school, not later than the seventh unexcused absence by a child within any month during the current school year or not later than the tenth unexcused absence during the current school year, the school district (shall) may file a petition and supporting affidavit for a civil action with the juvenile court alleging a violation of RCW 28A.225.010: (a) By the parent; (b) by the child; or (c) by the parent and the child. Except as provided in this subsection, no additional documents need be filed with the petition.

(2) The district (shall not later than) may, after the fifth unexcused absence in a month:

(a) Enter into an agreement with a student and parent that establishes school attendance requirements;

(b) Refer a student to a community truancy board, if available, as defined in RCW 28A.225.025. The community truancy board shall enter into an agreement with the student and parent that establishes school attendance requirements and take other appropriate actions to reduce the child's absences; or

(c) File a petition under subsection (1) of this section.

(3) The petition may be filed by a school district employee who is not an attorney.

(4) If the school district (fails to) does not file a petition under this section, the parent of a child with five or more unexcused absences in any month during the current school year or upon the tenth unexcused absence during the current school year may file a petition with the juvenile court alleging a violation of RCW 28A.225.010.

(5) Petitions filed under this section may be served by certified mail, return receipt requested. If such service is unsuccessful, or the return receipt is not signed by the addressee, personal service is required.

Sec. 6. RCW 28A.225.151 and 1996 c 134 s 5 are each amended to read as follows:

each subsection of RCW 28A.225.020 at the request of the
superintendent of public instruction. Each year, by May 1st, the
superintendent of public instruction shall select ten school districts to

require any district that fails to keep appropriate records to submit a
full report to the superintendent of public instruction under this
subsection. All school districts shall document steps taken under
RCW 28A.225.020 in each student's record, and make those records
available upon request consistent with the laws governing student
records;
   (c) The number of enrolled students with ten or more unexcused
       absences in a school year or five or more unexcused absences in a
month during a school year;
   (d) A description of any programs or schools developed to serve
students who have had five or more unexcused absences in a month
or ten in a year including information about the number of students in
the program or school and the number of unexcused absences of

district shall also describe any placements in an approved private
nonsectarian school or program or certified program under a court
order under RCW 28A.225.090; and

15th of each year.

When a conditionally released person is required by the terms of his or her conditional release to report to a physician, department of corrections community corrections officer, or medical or mental health practitioner on a regular or periodic basis, the physician, department of corrections community corrections officer, medical or mental health practitioner, or other such person shall monthly, for the first six months after release and semiannually thereafter, or as otherwise directed by the court, submit to the court, the secretary, the institution from which released, and to the prosecuting attorney of the county in which the person was committed, a report stating whether the person is adhering to the terms and conditions of his or her conditional release, and detailing any arrests or criminal charges filed and any significant change in the person's mental health condition or other circumstances.

Sec. 5. RCW 10.77.190 and 1998 c 297 s 43 are each amended to read as follows:

(1) Any person submitting reports pursuant to RCW 10.77.160, the secretary, or the prosecuting attorney may petition the court to, or the court on its own motion may schedule an immediate hearing for the purpose of modifying the terms of conditional release if the petitioner or the court believes the released person is failing to adhere to the terms and conditions of his or her conditional release or is in need of additional care and treatment.

(2) If the prosecuting attorney, the secretary of social and health services, the secretary of corrections, or the court, after examining the report filed with them pursuant to RCW 10.77.160, or based on other information received by them, reasonably believes that a conditionally released person is failing to adhere to the terms and conditions of his or her conditional release the court or secretary of social and health services or the secretary of corrections may order that the conditionally released person be apprehended and taken into custody (''until such time as a hearing can be scheduled to determine the facts and whether or not the person's conditional release should be revoked or modified''). The court shall be notified of the apprehension before the close of the next judicial day (of the apprehension). The court shall schedule a hearing within thirty days to determine whether or not the person's conditional release should be modified or revoked. Both the prosecuting attorney and the conditionally released person shall have the right to request an immediate mental examination of the conditionally released person. If the conditionally released person is indigent, the court or secretary of social and health services or the secretary of corrections or their designees shall, upon request, assist him or her in obtaining a qualified expert or professional person to conduct the examination.

(3) If the hospital or facility designated to provide outpatient care determines that a conditionally released person presents a threat to public safety, the hospital or facility shall immediately notify the secretary of social and health services or the secretary of corrections or their designees. The secretary shall order that the conditionally released person be apprehended and taken into custody.

(4) The court, upon receiving notification of the apprehension, shall promptly schedule a hearing. The issue to be determined is whether the conditionally released person did or did not adhere to the terms and conditions of his or her release, or whether the person presents a threat to public safety. Pursuant to the determination of the court upon such hearing, the conditionally released person shall either continue to be conditionally released on the same or modified conditions or his or her conditional release shall be revoked and he or she shall be committed subject to release only in accordance with provisions of this chapter.

Sec. 6. RCW 10.77.200 and 2000 c 94 s 16 are each amended to read as follows:

(1) Upon application by the committed or conditionally released person, the secretary shall determine whether or not reasonable grounds exist for release. In making this determination, the secretary may consider the reports filed under RCW 10.77.060, 10.77.110, 10.77.140, and 10.77.160, and other reports and evaluations provided by professionals familiar with the case. If the secretary approves the release he or she then shall authorize the person to petition the court.

(2) In instances in which persons have not made application for release, but the secretary believes, after consideration of the reports filed under RCW 10.77.060, 10.77.110, 10.77.140, and 10.77.160, and other reports and evaluations provided by professionals familiar with the case, that reasonable grounds exist for release, the secretary may petition the court. If the secretary petitions the court for release under this subsection, notice of the petition must be provided to the person who is the subject of the petition and to his or her attorney.

(3) The petition shall be served upon the court and the prosecuting attorney. The court, upon receipt of the petition for release, shall within forty-five days order a hearing. Continuance of the hearing date shall only be allowed for good cause shown. The prosecuting attorney shall represent the state, and shall have the right to have the petitioner examined by an expert or professional person of the prosecuting attorney's choice. If the petitioner is indigent, and the person so requests, the court shall appoint a qualified expert or professional person to examine him or her. If the petitioner (is developmentally disabled) has a developmental disability, the examination shall be performed by a developmental disabilities professional. The hearing shall be before a jury if demanded by either the petitioner or the prosecuting attorney. The burden of proof shall be upon the petitioner to show by a preponderance of the evidence that the petitioner no longer presents, as a result of a mental disease or defect, a substantial danger to other persons, or a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions.

(4) For purposes of this section, a person affected by a mental disease or defect in a state of remission is considered to have a mental disease or defect requiring supervision when the disease may, with reasonable medical probability, occasionally become active and, when active, render the person a danger to others. Within a finding that the petitioner has a mental disease or defect in a state of remission under this subsection, the court may deny release, or place or continue such a person on conditional release.

(5) Nothing contained in this chapter shall prohibit the patient from petitioning the court for release or conditional release from the institution in which he or she is committed. The issue to be determined on such proceeding is whether the petitioner, as a result of a mental disease or defect, is a substantial danger to other persons, or presents a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions.

(6) Nothing contained in this chapter shall prohibit the committed person from petitioning for release by writ of habeas corpus.

NEW SECTION. Sec. 7. A new section is added to chapter 10.77 RCW to read as follows:

FIFTY FIRST DAY, MARCH 2, 2010 901
(1) The department shall review the costs of the operation of each of the following boards and the rates of recidivism and treatment outcomes for the populations under their jurisdiction as follows:
   (a) The Oregon psychiatric security review board's administration of cases involving: (i) Persons judged to be guilty except for insanity; (ii) persons who would have been guilty of a felony or misdemeanor that caused or risked physical injury to another except for insanity; and (iii) persons affected by mental illness and determined to be a substantial danger to others; and
   (b) The Virginia community services boards' administration of cases involving persons found not guilty by reason of insanity.
   (2) The department shall report the results of its review to the appropriate committees of the legislature by December 15, 2010.

NEW SECTION. Sec. 8. A new section is added to chapter 10.77 RCW to read as follows:

   For persons who have received court approval for conditional release, the secretary or the secretary's designee shall supervise the person's compliance with the court-ordered conditions of release. The level of supervision provided by the secretary shall correspond to the level of the person's public safety risk. In undertaking supervision of persons under this section, the secretary shall coordinate with any treatment providers designated pursuant to RCW 10.77.150(3), any department of corrections staff designated pursuant to RCW 10.77.150(2), and local law enforcement, if appropriate. The secretary shall adopt rules to implement this section."

Expanding provisions relating to vulnerable adults.

The bill was read the second time.

With the consent of the House, amendment (1258) was withdrawn.
(c) "Mental abuse" means any willful action or inaction of mental or verbal abuse. Mental abuse includes, but is not limited to, coercion, harassment, inappropriately isolating a vulnerable adult from family, friends, or regular activity, and verbal assault that includes ridiculing, intimidating, yelling, or swearing.

(d) "Exploitation" means an act of forcing, compelling, or exerting undue influence over a vulnerable adult causing the vulnerable adult to act in a way that is inconsistent with relevant past behavior, or causing the vulnerable adult to perform services for the benefit of another.

(3) "Consent" means express written consent granted after the vulnerable adult or his or her legal representative has been fully informed of the nature of the services to be offered and that the receipt of services is voluntary.

(4) "Department" means the department of social and health services.

(5) "Facility" means a residence licensed or required to be licensed under chapter 18.20 RCW, boarding homes; chapter 18.51 RCW, nursing homes; chapter 70.128 RCW, adult family homes; chapter 72.36 RCW, soldiers' homes; or chapter 71A.02 RCW, residential habilitation centers; or any other facility licensed by the department.

(6) "Financial exploitation" means the illegal or improper use of the property, income, resources, or trust funds of the vulnerable adult by any person for any person's profit or advantage other than for the vulnerable adult's profit or advantage.

(7) "Financial institution" has the same meaning as in RCW 30.22.040 and 30.22.041. For purposes of this chapter only, "financial institution" also means a "broker-dealer" or "investment adviser" as defined in RCW 21.20.005.

(8) "Incapacitated person" means a person who is at a significant risk of personal or financial harm under RCW 11.88.010(1) (a), (b), (c), or (d).

(9) "Individual provider" means a person under contract with the department to provide services in the home under chapter 74.09 or 74.39A RCW.

(10) "Interested person" means a person who demonstrates to the court's satisfaction that the person is interested in the welfare of the vulnerable adult, that the person has a good faith belief that the court's intervention is necessary, and that the vulnerable adult is unable, due to incapacity, undue influence, or duress at the time the petition is filed, to protect his or her own interests.

(11) "Mandated reporter" is an employee of the department; law enforcement officer; social worker; professional school personnel; individual provider; an employee of a facility; an operator of a facility; an employee of a social service, welfare, mental health, adult day health, adult day care, home health, home care, or hospice agency; county coroner or medical examiner; Christian Science practitioner; or health care provider subject to chapter 18.130 RCW.

(12) "Neglect" means (a) a pattern of conduct or inaction by a person or entity with a duty of care that fails to provide the goods and services that maintain physical or mental health of a vulnerable adult, or that fails to avoid or prevent physical or mental harm or pain to a vulnerable adult; or (b) an act or omission that demonstrates a serious disregard of consequences of such a magnitude as to constitute a clear and present danger to the vulnerable adult's health, welfare, or safety, including but not limited to conduct prohibited under RCW 9A.42.100.

(13) "Permissive reporter" means any person, including, but not limited to, an employee of a financial institution, attorney, or volunteer in a facility or program providing services for vulnerable adults.

(14) "Protective services" means any services provided by the department to a vulnerable adult with the consent of the vulnerable adult, or the legal representative of the vulnerable adult, who has been abandoned, abused, financially exploited, neglected, or in a state of self-neglect. These services may include, but are not limited to case management, social casework, home care, placement, arranging for medical evaluations, psychological evaluations, day care, or referral for legal assistance.

(15) "Self-neglect" means the failure of a vulnerable adult, not living in a facility, to provide for himself or herself the goods and services necessary for the vulnerable adult's physical or mental health, and the absence of which impairs or threatens the vulnerable adult's well-being. This definition may include a vulnerable adult who is receiving services through home health, hospice, or a home care agency, or an individual provider when the neglect is not a result of inaction by that agency or individual provider.

(16) "Vulnerable adult" includes a person:

(a) Sixty years of age or older who has the functional, mental, or physical inability to care for himself or herself; or
(b) Found incapacitated under chapter 11.88 RCW; or

(f) Receiving services from an individual provider.

NEW SECTION. Sec. 3. A new section is added to chapter 74.34 RCW to read as follows:

(1) Pending an investigation by the financial institution, the department, or law enforcement, if a financial institution reasonably believes that financial exploitation of a vulnerable adult may have occurred, may have been attempted, or is being attempted, the financial institution may, but is not required to, refuse a transaction requiring disbursement of funds contained in the account:

(a) Of the vulnerable adult;
(b) On which the vulnerable adult is a beneficiary, including a trust or guardianship account;
(c) Of a person suspected of perpetrating financial exploitation of a vulnerable adult.

(2) A financial institution may also refuse to disburse funds under this section if the department, law enforcement, or the prosecuting attorney's office provides information to the financial institution demonstrating that it is reasonable to believe that financial exploitation of a vulnerable adult may have occurred, may have been attempted, or is being attempted.

(3) A financial institution is not required to refuse to disburse funds when provided with information alleging that financial exploitation may have occurred, may have been attempted, or is being attempted, but may use its discretion to determine whether or not to refuse to disburse funds based on the information available to the financial institution.

(4) A financial institution that refuses to disburse funds based on a reasonable belief that financial exploitation of a vulnerable adult may have occurred, may have been attempted, or is being attempted shall:

(a) Make a reasonable effort to notify all parties authorized to transact business on the account orally or in writing; and
(b) Report the incident to the adult protective services division of the department and local law enforcement.

(5) Any refusal to disburse funds as authorized by this section based on the reasonable belief of a financial institution that financial exploitation of a vulnerable adult may have occurred, may have been attempted, or is being attempted will expire upon the sooner of:

(a) Ten business days after the date on which the financial institution first refused to disburse the funds if the transaction involved the sale of a security or offer to sell a security, as defined in
RCW 21.20.005, unless sooner terminated by an order of a court of competent jurisdiction;

(b) Five business days after the date on which the financial institution first refused to disburse the funds if the transaction did not involve the sale of a security or offer to sell a security, as defined in RCW 21.20.005, unless sooner terminated by an order of a court of competent jurisdiction; or

(c) The time when the financial institution is satisfied that the disbursement will not result in financial exploitation of a vulnerable adult.

(6) A court of competent jurisdiction may enter an order extending the refusal by the financial institution to disburse funds based on a reasonable belief that financial exploitation of a vulnerable adult may have occurred, may have been attempted, or is being attempted. A court of competent jurisdiction may also order other protective relief as authorized by RCW 7.40.010 and 74.34.130.

(7) A financial institution or an employee of a financial institution is immune from criminal, civil, and administrative liability for refusing to disburse funds or disbursing funds under this section and for actions taken in furtherance of that determination if the determination of whether or not to disburse funds was made in good faith.

Sec. 4. RCW 74.34.035 and 2003 c 230 s 2 are each amended to read as follows:

(1) When there is reasonable cause to believe that abandonment, abuse, financial exploitation, or neglect of a vulnerable adult has occurred, mandated reporters shall immediately report to the department.

(2) When there is reason to suspect that sexual assault has occurred, mandated reporters shall immediately report to the appropriate law enforcement agency and to the department.

(3) When there is reason to suspect that physical assault has occurred or there is reasonable cause to believe that an act has caused fear of imminent harm:

(a) Mandated reporters shall immediately report to the department; and

(b) Mandated reporters shall immediately report to the appropriate law enforcement agency, except as provided in subsection (4) of this section.

(4) A mandated reporter is not required to report to a law enforcement agency, unless requested by the injured vulnerable adult or his or her legal representative or family member, an incident of physical assault between vulnerable adults that causes minor bodily injury and does not require more than basic first aid, unless:

(a) The injury appears on the back, face, head, neck, chest, breasts, groin, inner thigh, buttock, genital, or anal area;

(b) There is a fracture;

(c) There is a pattern of physical assault between the same vulnerable adults or involving the same vulnerable adults; or

(d) There is an attempt to choke a vulnerable adult.

(5) When there is reason to suspect that the death of a vulnerable adult was caused by abuse, neglect, or abandonment by another person, mandated reporters shall, pursuant to RCW 68.50.020, report the death to the medical examiner or coroner having jurisdiction, as well as the department and local law enforcement, in the most expeditious manner possible. A mandated reporter is not relieved from the reporting requirement provisions of this subsection by the existence of a previously signed death certificate. If abuse, neglect, or abandonment caused or contributed to the death of a vulnerable adult, the death is a death caused by unnatural or unlawful means, and the body shall be the jurisdiction of the coroner or medical examiner pursuant to RCW 68.50.010.

(6) Permissive reporters may report to the department or a law enforcement agency when there is reasonable cause to believe that a vulnerable adult is being or has been abandoned, abused, financially exploited, or neglected.

(44) (7) No facility, as defined by this chapter, agency licensed or required to be licensed under chapter 70.127 RCW, or facility or agency under contract with the department to provide care for vulnerable adults may develop policies or procedures that interfere with the reporting requirements of this chapter.

(45) (8) Each report, oral or written, must contain as much as possible of the following information:

(a) The name and address of the person making the report;

(b) The name and address of the vulnerable adult and the name of the facility or agency providing care for the vulnerable adult;

(c) The name and address of the legal guardian or alternate decision maker;

(d) The nature and extent of the abandonment, abuse, financial exploitation, neglect, or self-neglect;

(e) Any history of previous abandonment, abuse, financial exploitation, neglect, or self-neglect;

(f) The identity of the alleged perpetrator, if known; and

(g) Other information that may be helpful in establishing the extent of abandonment, abuse, financial exploitation, neglect, or the cause of death of the deceased vulnerable adult.

(46) (9) Unless there is a judicial proceeding or the person consents, the identity of the person making the report under this section is confidential.

NEW SECTION. Sec. 5. A new section is added to chapter 74.34 RCW to read as follows:

(1) A financial institution shall provide training concerning the financial exploitation of vulnerable adults to the employees specified in subsection (2) of this section within one year of the effective date of this act and shall thereafter provide such training to the new employees specified in subsection (2) of this section within the first three months of their employment.

(2) A financial institution that is a broker-dealer or investment adviser as defined in RCW 21.20.005 shall provide training concerning the financial exploitation of vulnerable adults to employees who are required to be registered in the state of Washington as salespersons or investment adviser representatives under RCW 21.20.040 and who have contact with customers and access to account information on a regular basis and as part of their job. All other financial institutions shall provide training concerning the financial exploitation of vulnerable adults to employees who have contact with customers and access to account information on a regular basis and as part of their job.

(3) The training must include recognition of indicators of financial exploitation of a vulnerable adult, the manner in which employees may report suspected financial exploitation to the department and law enforcement as permissive reporters, and steps employees may take to prevent suspected financial exploitation of a vulnerable adult as authorized by law or agreements between the financial institution and customers of the financial institution. The office of the attorney general and the department shall develop a standardized training that financial institutions may offer, or the financial institution may develop its own training.

(4) A financial institution may provide access to or copies of records that are relevant to suspected financial exploitation or attempted financial exploitation of a vulnerable adult to the department, law enforcement, or the prosecuting attorney's office, either as part of a referral to the department, law enforcement, or the prosecuting attorney's office, or upon request of the department, law enforcement, or the prosecuting attorney's office pursuant to an investigation. The records may include historical records as well as records relating to the most recent transaction or transactions that may comprise financial exploitation.

(5) A financial institution or employee of a financial institution participating in good faith in making a report or providing documentation or access to information to the department, law enforcement, or the prosecuting attorney's office pursuant to RCW 68.50.010.

SUBSTITUTE HOUSE BILL NO. 3178 was read the second time.
Representative Carlyle moved the adoption of amendment (1297).

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. A new section is added to chapter 43.105 RCW to read as follows:

(1) The legislature finds that the provision of information technology in state government lacks strategic coordination, transparency, and meaningful enterprise-wide direction and oversight. It is no longer economically sustainable or technically feasible for state agencies to obtain and provide large-scale, commonly utilized information technology products and services on an individual, agency-by-agency basis without coordination. Instead, the state needs a strong, enterprise-based information technology strategy to ensure the public's needs are being met and the state is receiving the highest quality information technology products and services at the best price from public or private providers. Developing a strong enterprise-wide strategy also includes establishing clear lines of authority and accountability within state agencies so that those services unique to individual agencies receive the support required to effectively and efficiently provide services to citizens. To accomplish these objectives, the state needs to develop an open, transparent process for determining the total cost of ownership for the information technology products and services it provides, and to provide such information in an easily accessible, public fashion. It is in the state's interest to ensure that the wide range of disparate networks, systems, services, and structures across state government become more closely coordinated, organized, and structured. This type of coordinating effort is already underway in the area of higher education through the efforts of the higher education technology transformation task force and informally within other areas. When more transparent technical and financial information is readily available, the state can make sound policy decisions about what information technology services should be provided centrally on a shared services basis, and what products and services may be best suited for either contracting with private providers or for maintenance at the agency level. Furthermore, if attractive pricing models and service level agreements are developed for enterprise-based information technology services, the legislative and judicial branches will have an incentive to participate in those services as well.

(2) It is the intent of the legislature to organize, consolidate, and, where appropriate, contract with private providers for technology systems and resources in a strategic fashion that is based upon sound, objective, nonpolitical, and independent technical and financial criteria. The state needs to develop a clear, enterprise-based statewide strategy for information technology to ensure that there is transparency and accountability regarding how information technology resources are being allocated, how decisions are being made, and who is accountable for on-time, on-budget delivery.

NEW SECTION. Sec. 2. A new section is added to chapter 43.105 RCW to read as follows:

(1) State agencies that are purchasing wireless devices or services must make such purchases through the state master contract, unless the state agency provides to the office of financial management evidence that the state agency is securing its wireless devices or services from another source for a lower cost than through participation in the state master contract.

(2) For the purposes of this section, "state agency" means any office, department, board, commission, or other unit of state government, but does not include a unit of state government headed by a statewide elected official, an institution of higher education as defined in RCW 28B.10.016, or agencies of the legislative or judicial branches of state government.

Sec. 3. RCW 43.105.190 and 2005 c 319 s 111 are each amended to read as follows:

(1) The department, with the approval of the board, shall establish standards and policies governing the planning, implementation, and evaluation of major information technology projects, including those proposed by the superintendent of public instruction, in conjunction with educational service districts, or statewide or regional providers of K-12 education information technology services. The standards and policies shall:

(a) Establish criteria to identify projects which are subject to this section. Such criteria shall include, but not be limited to, significant anticipated cost, complexity, or statewide significance of the project; and

(b) Establish a model process and procedures which agencies shall follow in developing and implementing projects within their information technology portfolios. Agencies may propose, for approval by the department, a process and procedures unique to the agency. The department may accept or require modification of such agency proposals or the department may reject such agency proposals and require use of the model process and procedures established under this subsection. Any process and procedures developed under this subsection shall require (i) distinct and identifiable phases upon which funding may be based, (ii) user validation of products through system demonstrations and testing of prototypes and deliverables, and (iii) other elements identified by the board.

The director may terminate a major project if the director determines that the project is not meeting or is not expected to meet anticipated performance standards.

(2) The office of financial management shall establish policies and standards consistent with portfolio-based information technology management to govern the funding of projects developed under this section. The policies and standards shall provide for:

(a) Funding of a project under terms and conditions mutually agreed to by the director, the director of financial management, and the head of the agency proposing the project. However, the office of financial management may require incremental funding of a project on a phase-by-phase basis whereby funds for a given phase of a project may be released only when the office of financial management determines, with the advice of the department, that the previous phase is satisfactorily completed;

(b) Acceptance testing of products to assure that products perform satisfactorily before they are accepted and final payment is made; and

(c) Other elements deemed necessary by the office of financial management.

(3)(a) The department shall evaluate projects based on the demonstrated business needs and benefits; cost; technology scope and feasibility; impact on the agency's information technology portfolio and on the statewide infrastructure; and final project implementation plan based upon available funding.

(b) Copies of project evaluations conducted under this subsection shall be submitted to the office of financial management and the chairs, ranking minority members, and staff coordinators of the appropriations committees of the senate and house of representatives.

(c) If there are projects that receive funding from a transportation fund or account, copies of those projects' evaluations conducted under this subsection must be submitted to the chairs and ranking minority members of the transportation committees of the senate and the house of representatives.

(4) For the 2009-2011 biennium, the following limitations are established upon information technology procurement:

(a) Except as provided in (c) of this subsection, state agencies are not permitted to purchase or implement new information technology projects without securing prior authorization from the office of financial management. The office of financial management may only approve information technology projects that contribute towards an
enterprise strategy or meet a critical, localized need of the requesting agency.

(b) Except as provided in (c) of this subsection, state agencies are not permitted to purchase servers, virtualization software, data storage, or related software through their operational funds or through a separate information technology budget item without securing prior authorization from the office of financial management. The office of financial management shall grant approval only if the purchase is consistent with the state's overall migration strategy to the state data center and critical to the operation of the agency.

(c) State agencies may purchase new information technology projects or servers without securing prior authorization from the office of financial management if the purchase by the agency is needed to address an immediate and compelling threat to public safety.

(d) For the purposes of this subsection (4), "state agency" means any office, department, board, commission, or other unit of state government, but does not include a unit of state government headed by a statewide elected official, an institution of higher education as defined in RCW 28B.10.016, or agencies of the legislative or judicial branches of state government.

**NEW SECTION. Sec. 4.** A new section is added to chapter 43.88 RCW to read as follows:

(1) As part of the biennial budget process, the office of financial management shall collect from agencies, and agencies shall provide, information to produce reports, summaries, and budget detail sufficient to allow review, analysis, and documentation of all current and proposed expenditures for information technology by state agencies. Information technology budget detail must be included as part of the budget submittal documentation required pursuant to RCW 43.88.030.

(2) The office of financial management must collect, and present as part of the biennial budget documentation, information for all existing information technology projects as defined by information services board policy. The office of financial management must work with the department of information services to maximize the ability to draw this information from the information technology portfolio management data collected by the department of information services pursuant to RCW 43.105.170. Connecting project information collected through the portfolio management process with financial data developed under subsection (1) of this section provides transparency regarding expenditure data for existing technology projects.

(3) The biennial budget documentation submitted by the office of financial management pursuant to RCW 43.88.030 must include an information technology plan identifying proposed large information technology projects. This plan must be presented using a method similar to the capital budget, identifying project costs through stages of the project and across fiscal periods and biennia from project initiation to implementation. This information must be submitted electronically, in a format to be determined by the office of financial management and the legislative evaluation and accountability program committee.

(4) The office of financial management shall also institute a method of accounting for information technology-related expenditures, including creating common definitions for what constitutes an information technology investment.

**Sec. 5.** RCW 43.88.560 and 1992 c 20 s 7 are each amended to read as follows:

The director of financial management shall establish policies and standards governing the funding of major information technology projects as required under RCW 43.105.190(2). The director of financial management shall also direct the collection of additional information on information technology projects and submit an information technology plan as required under section 4 of this act.

**Sec. 6.** RCW 43.105.041 and 2009 c 486 s 13 are each amended to read as follows:

(1) The board shall have the following powers and duties related to information services:

(a) To develop standards and procedures governing the acquisition and disposition of equipment, proprietary software and purchased services, licensing of the radio spectrum by or on behalf of state agencies, and confidentiality of computerized data. The board shall coordinate with the office of financial management to develop contracting standards for information technology acquisition and purchased services and must work with state agencies to ensure deployment of standardized contracts;

(b) To purchase, lease, rent, or otherwise acquire, dispose of, and maintain equipment, proprietary software, and purchased services, or to delegate to other agencies and institutions of state government, under appropriate standards, the authority to purchase, lease, rent, or otherwise acquire, dispose of, and maintain equipment, proprietary software, and purchased services: PROVIDED, That, agencies and institutions of state government are expressly prohibited from acquiring or disposing of equipment, proprietary software, and purchased services without such delegation of authority. The acquisition and disposition of equipment, proprietary software, and purchased services is exempt from RCW 43.19.1919 and, as provided in RCW 43.19.1901, from the provisions of RCW 43.19.190 through 43.19.200, except that the board, the department, and state agencies, as delegated, must post notices of technology procurement bids on the state's common vendor registration and bid notification system. This subsection (1)(b) does not apply to the legislative branch;

(c) To develop statewide or interagency technical policies, standards, and procedures;

(d) To review and approve standards and common specifications for new or expanded telecommunications networks proposed by agencies, public postsecondary education institutions, educational service districts, or statewide or regional providers of K-12 information technology services, and to assure the cost-effective development and incremental implementation of a statewide video telecommunications system to serve: Public schools; educational service districts; vocational-technical institutes; community colleges; colleges and universities; state and local government; and the general public through public affairs programming;

(e) To provide direction concerning strategic planning goals and objectives for the state. The board shall seek input from the legislature and the judiciary;

(f) To develop and implement a process for the resolution of appeals by:

(i) Vendors concerning the conduct of an acquisition process by an agency or the department; or

(ii) A customer agency concerning the provision of services by the department or by other state agency providers;

(g) To establish policies for the periodic review by the department of agency performance which may include but are not limited to analysis of:

(i) Planning, management, control, and use of information services;

(ii) Training and education; and

(iii) Project management;

(h) To set its meeting schedules and convene at scheduled times, or meet at the request of a majority of its members, the chair, or the director;

(i) To review and approve that portion of the ("department's") budget ("requests") that ("provides for") may provide independent, technical staff support to the board; and

(j) To develop procurement policies and procedures, such as unbundled contracting and subcontracting, that encourage and facilitate the purchase of products and services by state agencies and institutions from Washington small businesses to the maximum extent
practicable and consistent with international trade agreement commitments.

(2) Statewide technical standards to promote and facilitate electronic information sharing and access are an essential component of acceptable and reliable public access service and complement content-related standards designed to meet those goals. The board shall:

(a) Establish technical standards to facilitate electronic access to government information and interoperability of information systems, including wireless communications systems. Local governments are strongly encouraged to follow the standards established by the board; and

(b) Require agencies to consider electronic public access needs when planning new information systems or major upgrades of systems.

In developing these standards, the board is encouraged to include the state library, state archives, and appropriate representatives of state and local government.

(3)(a) The board, in consultation with the K-20 board, has the duty to govern, operate, and oversee the technical design, implementation, and operation of the K-20 network including, but not limited to, the following duties: Establishment and implementation of K-20 network technical policy, including technical standards and conditions of use; review and approval of network design; procurement of shared network services and equipment; and resolving user/provider disputes concerning technical matters. The board shall delegate general operational and technical oversight to the K-20 network technical steering committee as appropriate.

(b) The board has the authority to adopt rules under chapter 34.05 RCW to implement the provisions regarding the technical operations and conditions of use of the K-20 network.

(4) The board shall review all information technology efforts under its purview based on independent technical and financial information, regardless of whether the projects or services are being provided by public or private providers. This review must be conducted by independent, technical staff support, subject to funds appropriated for this specific purpose.

(5) In reviewing these efforts, the board, in consultation with the office of financial management, shall review state agency information technology budgets. The board may acquire project management assistance to assist in its efforts under this act.

Sec. 7. RCW 43.105.180 and 1999 c 80 s 11 are each amended to read as follows:

((Upon request of the office of financial management,)) (1) The department, in coordination with the information services board and the office of financial management, shall evaluate agency budget requests for major information technology projects identified under RCW 43.105.190, including those proposed by the superintendent of public instruction, in conjunction with educational service districts, or statewide or regional providers of K-12 education information technology services. (2) The department, with the advice and approval of the office of financial management and the information services board, shall establish criteria, consistent with portfolio-based information technology management, for the evaluation of agency budget requests under this section. These budget requests shall be made in the context of an agency’s information technology portfolio; technology initiatives underlying budget requests are subject to board review. Criteria shall include, but not be limited to: Feasibility of the proposed projects, consistency with the state strategic information technology plan, consistency with information technology portfolios, appropriate provision for public electronic access to information, evidence of business process streamlining and gathering of business and technical requirements, and services, costs, and benefits.

(3) For the purposes of this section, "state agency" includes every state office, department, division, bureau, board, commission, or other state agency, including offices headed by a statewide elected official, and offices in the legislative and judicial branches of state government, notwithstanding the provisions of RCW 44.68.105.

Sec. 8. RCW 43.105.160 and 2005 c 319 s 110 are each amended to read as follows:

(1) The department shall prepare a state strategic information technology plan which shall establish a statewide mission, goals, and objectives for the use of information technology, including goals for electronic access to government records, information, and services. The plan shall be developed in accordance with the standards and policies established by the board and shall be submitted to the board for review, modification as necessary, and approval. The department shall seek the advice of the board in the development of this plan.

The plan approved under this section shall be updated as necessary and submitted to the governor and the chairs and ranking minority members of the appropriations committees of the senate and the house of representatives.

(2) The department shall prepare a biennial state performance report on information technology based on agency performance reports required under RCW 43.105.170 and other information deemed appropriate by the department. The report shall include, but not be limited to:

(a) An analysis, based upon agency portfolios, of the state's information technology infrastructure, including its value, condition, and capacity;

(b) An evaluation of performance relating to information technology;

(c) An assessment of progress made toward implementing the state strategic information technology plan, including progress toward electronic access to public information and enabling citizens to have two-way access to public records, information, and services;

(d) An analysis of the success or failure, feasibility, progress, costs, and timeliness of implementation of major information technology projects under RCW 43.105.190. At a minimum, the portion of the report regarding major technology projects must include:

((i)) Final total cost of ownership budget data for the entire life-cycle of the project, including capital and operational costs, broken down by staffing costs, contracted service, hardware purchase or lease, software purchase or lease, travel, and training. The original budget must also be shown for comparison;

(ii) The original proposed project schedule and the final actual project schedule;

(iii) Data regarding progress towards meeting the original goals and performance measures of the project, particularly as it relates to operating budget savings;

(iv) Discussion of lessons learned on the project, performance of any contractors used, and reasons for project delays or cost increases; and

((v)) Identification of benefits, cost avoidance, and cost savings generated by major information technology projects developed under RCW 43.105.190; and

((vi)) An inventory of state information services, equipment, and proprietary software.

Copies of the report shall be distributed biennially to the governor and the chairs and ranking minority members of the appropriations committees of the senate and the house of representatives. The major technology section of the report must examine major information technology projects completed in the previous biennium to determine the performance of the implementing agency, cost and value
effectiveness, and timeliness and other performance metrics necessary to assess the quality and value of the investment. The report must also examine projects two years after completion for progress toward meeting performance goals and operating budget savings. The first report is due December 15, 2011, and every two years thereafter.

(3) The legislative and judicial branches are encouraged to develop information technology portfolios consistent with the provisions of RCW 43.105.172 and to prepare and submit to the department a biennial performance report consistent with the provisions of RCW 43.105.170.

NEW SECTION. Sec. 9. A new section is added to chapter 43.105 RCW to read as follows: (1) The board, in consultation with the department and the office of financial management, shall develop an enterprise-based strategy for information technology in state government informed by information technology expenditure information collected from state agencies pursuant to section 4 of this act.

(2) In developing an enterprise-based strategy for the state, the board is encouraged to consider the following strategies as possible opportunities for achieving greater efficiency:

(a) Developing personal computer replacement policies for the state, with consideration given to alternative models of personal computer usage for state government use, such as thin client, software as a service, browser-based functionality, mobile computing, and other models that are less dependent upon traditional computing;

(b) Pursuing shared services initiatives across functional areas, which may include services such as e-mail, telephony, and data storage;

(c) Pursuing pilot programs, such as a pilot to demonstrate the value of application management services, to identify opportunities to achieve operational efficiencies;

(d) Developing data storage policies and record retention requirements and schedules for state agencies, in consultation with the office of the secretary of state, the state archivist, and the state records committee, where appropriate;

(e) Reviewing existing software maintenance contracts to identify opportunities to renegotiate the price of those contracts or the level of service; and

(f) Partnering with private providers for commonly utilized information technology products and services.

(3) The legislative and judicial branches are encouraged to coordinate with, and participate in, shared services initiatives, pilot programs, and development of the enterprise-based strategy, where appropriate.

NEW SECTION. Sec. 10. (1) The office of financial management, with the assistance of the department of information services, must identify areas of potential savings that will achieve the savings identified in the omnibus appropriations act. These areas shall include, but not be limited to, wireless service, telephony, desktop computers, electronic mail services, and data storage.

(2) The office of financial management shall work with the appropriate state agencies, including the department of information services, to generate savings that arise pursuant to this act from the improved acquisition and delivery of information technology products and services. To accomplish this objective, state agencies must provide timely, accurate total cost of ownership data to the office of financial management upon request regarding information technology products and services. The savings must be at least equal to those specified in the omnibus appropriations act. The office of financial management shall reduce agency allotments by the amounts specified in the omnibus appropriations act to reflect these savings. The allotment reductions shall be placed in unallotted status and remain unexpended.

(3) For the purposes of this section, "state agency" means any office, department, board, commission, or other unit of state government, but does not include a unit of state government headed by a statewide elected official, an institution of higher education as defined in RCW 28B.10.016, or agencies of the legislative or judicial branches of state government.

(4) This section expires June 30, 2011.

NEW SECTION. Sec. 11. A new section is added to chapter 43.105 RCW to read as follows: (1) The department, in collaboration with state agencies, shall conduct an inventory from existing data sets of information technology assets owned or leased by state agencies. This inventory must be used to inform the development of a state information technology asset management process. Prior to implementation of any state information technology asset management process, the department must submit its recommended approach, including an estimate of the associated implementation costs, to the board for approval.

(2) For the purposes of this section, "state agency" includes every state office, department, division, bureau, board, commission, or other state agency, including offices headed by a statewide elected official, and offices in the legislative and judicial branches of state government, notwithstanding the provisions of RCW 44.68.105.

NEW SECTION. Sec. 12. (1) The office of financial management, in consultation with the department of information services and the information services board, shall develop and execute a pilot program to contract with one or more private providers for the delivery, support, maintenance, and operation of information technology through application managed services or other similar programs across one or more functional areas of information technology, or for the information technology needs of one or more state agencies. In selecting a private provider for the pilot program, the office of financial management must engage in a competitive bid process or request for proposals process.

(2) The objective of the pilot program will be to assess: (a) Each agency's information technology application portfolio; (b) opportunities to use best practices and tools; and (c) whether the agency should proceed with application managed services or other similar programs based on the results of the assessment.

(3) The department of information services and the office of financial management shall prepare a report of the findings of the pilot assessments by September 1, 2010, and a final report of the pilot results by June 30, 2011. The final report must include the following: Identification of short and long-term costs, risks, benefits, and other organizational impacts of implementing application managed services or other similar programs within the pilot agencies. The final report must also identify opportunities for other state agencies to benefit from application managed services or other similar programs. The results of the pilot program must be provided to the information services board, the governor, the senate committee on ways and means, and the house of representatives committee on ways and means.

NEW SECTION. Sec. 13. The department of information services shall, by November 1, 2010, report on the efforts to develop a centralized information project management office pursuant to section 142, chapter 522, Laws of 2007. The report shall address the current status of the effort, lessons learned, and recommended changes to the program.

Sec. 2. RCW 70.94.151 and 2008 c 14 s 5 are each amended to read as follows:

(1) The board of any activated authority or the department, may classify air contaminant sources, by ordinance, resolution, rule or regulation, which in its judgment may cause or contribute to air pollution, according to levels and types of emissions and other characteristics which cause or contribute to air pollution, and may require registration or reporting or both for any such class or classes. Classifications made pursuant to this section may be for application to the area of jurisdiction of such authority, or the state as a whole or to any designated area within the jurisdiction, and shall be made with special reference to effects on health, economic and social factors, and physical effects on property.

(2) Except as provided in subsection (3) of this section, any person operating or responsible for the operation of air contaminant sources of any class for which the ordinances, resolutions, rules or regulations of the department or board of the authority, require registration or reporting shall register therewith and make reports containing information as may be required by such department or board concerning location, size and height of contaminant outlets, processes employed, nature of the contaminant emission and such other information as is relevant to air pollution and available or reasonably capable of being assembled. In the case of emissions of greenhouse gases as defined in RCW 70.235.010 the department shall adopt rules requiring reporting of those emissions. The department or board may require that such registration or reporting be accompanied by a fee, and may determine the amount of such fee for such class or classes: PROVIDED, That the amount of the fee shall only be to compensate for the costs of administering such registration or reporting program which shall be defined as initial registration and annual or other periodic reports from the source owner providing information directly related to air pollution registration, on-site inspections necessary to verify compliance with registration requirements, data storage and retrieval systems necessary for support of the registration program, emission inventory reports and emission reduction credits computed from information provided by sources pursuant to registration program requirements, staff review, including engineering or other reliable analysis for accuracy and currentness, of information provided by sources pursuant to registration program requirements, clerical and other office support provided in direct furtherance of the registration program, and administrative support provided in directly carrying out the registration program: PROVIDED FURTHER, That any such registration made with either the board or the department shall preclude a further registration and reporting with any other board or the department, except that emissions of greenhouse gases as defined in RCW 70.235.010 must be reported as required under subsection (5) of this section.

All registration program and reporting fees collected by the department shall be deposited in the air pollution control account. All registration program fees collected by the local air authorities shall be deposited in their respective treasuries.

(3) If a registration or report has been filed for a grain warehouse or grain elevator as required under this section, registration, reporting, or a registration program fee shall not, after January 1, 1997, again be required under this section for the warehouse or elevator unless the capacity of the warehouse or elevator as listed as part of the license issued for the facility has been increased since the date the registration or reporting was last made. If the capacity of the warehouse or elevator listed as part of the license is increased, any registration or reporting required for the warehouse or elevator under this section must be made by the date the warehouse or elevator receives grain from the first harvest season that occurs after the increase in its capacity is listed in the license.

This subsection does not apply to a grain warehouse or grain elevator if the warehouse or elevator handles more than ten million bushels of grain annually.

(4) For the purposes of subsection (3) of this section:

(a) A "grain warehouse" or "grain elevator" is an establishment classified in standard industrial classification (SIC) code 5153 for wholesale trade for which a license is required and includes, but is not limited to, such a licensed facility that also conducts cleaning operations for grain;

(b) A "license" is a license issued by the department of agriculture licensing a facility as a grain warehouse or grain elevator under chapter 22.09 RCW or a license issued by the federal government licensing a facility as a grain warehouse or grain elevator for purposes similar to those of licensure for the facility under chapter 22.09 RCW;

(c) "Grain" means a grain or a pulse.

(5)(a) The department shall adopt rules requiring (the reporting of) persons to report emissions of greenhouse gases as defined in RCW 70.235.010(....). The rules must include a de minimis amount of emissions below which reporting will be required for both indirect and direct emissions. The rules must require that emissions of greenhouse gases resulting from the burning of fossil fuels be reported separately from emissions of greenhouse gases resulting from the burning of biomass. Except as provided in (b) of this subsection, the department shall, under the authority granted in subsection (1) of this section, adopt rules requiring any owner or operator: (1) Of a fleet of on-road motor vehicles that as a fleet emit at least twenty-five hundred metric tons of greenhouse gas annually in
the state to report the emissions of greenhouse gases generated from or emitted by that fleet; or (ii) of a source or combination of sources that emit at least ten thousand metric tons of greenhouse gas annually in the state to report their total annual emissions of greenhouse gases. In calculating emissions of greenhouse gases for purposes of determining whether or not reporting is required, only direct emissions shall be included. For purposes of reporting emissions of greenhouse gases in chapter 14, Laws of 2008, "source" means any stationary source as defined in RCW 70.94.030, or mobile source used for transportation of people or cargo. The emissions of greenhouse gases must be reported in carbon dioxide equivalent. The rules must require that persons report 2009 emissions starting in 2010. The rules must establish an annual reporting schedule that takes into account the time needed to allow the owner or operator reporting emissions of greenhouse gases to gather the information needed and to verify the emissions being reported. However, in no event may reports be submitted later than October 31st of the year in which the report is due. The department may phase in the reporting requirements for sources or combinations of sources under (a)(ii) of this subsection until the reporting threshold is met, which must be met by January 1, 2012. The department may from time to time amend the rules to include other persons that emit less than the annual greenhouse gas emissions levels set out in this subsection if necessary to comply with any federal reporting requirements for emissions of greenhouse gases.

(b) In its rules, the department may defer the reporting requirement under (a) of this subsection for emissions associated with interstate and international commercial aircraft, rail, truck, or marine vessels until (i) there is a federal requirement to report these emissions; or (ii) the department finds that there is a generally accepted reporting protocol for determining interstate emissions from these sources.) where those emissions from a single facility, source, or site, or from fossil fuels sold in Washington by a single supplier meet or exceed ten thousand metric tons of carbon dioxide equivalent annually. The department may phase in the requirement to report greenhouse gas emissions until the reporting threshold in this subsection is met, which must occur by January 1, 2012. In addition, the rules must require that:

(i) Emissions of greenhouse gases resulting from the combustion of fossil fuels be reported separately from emissions of greenhouse gases resulting from the combustion of biomass;

(ii) Reporting will start in 2010 for 2009 emissions. Each annual report must include emissions data for the preceding calendar year and must be submitted to the department by October 31st of the year in which the report is due. However, starting in 2011, a person who is required to report greenhouse gas emissions to the United States environmental protection agency under 40 C.F.R. Part 98, as adopted on September 22, 2009, must submit the report required under this section to the department concurrent with the submission to the United States environmental protection agency. Except as otherwise provided in this section, the data for emissions in Washington and any corrections thereto that are reported to the United States environmental protection agency must be the emissions data reported to the department; and

(iii) Emissions of carbon dioxide associated with the complete combustion or oxidation of liquid motor vehicle fuel, special fuel, or aircraft fuel that is sold in Washington where the annual emissions associated with that combustion or oxidation equal or exceed ten thousand metric tons be reported to the department. Each person who is required to file periodic tax reports of motor vehicle fuel sales under RCW 82.36.031 or special fuel sales under RCW 82.38.150, or each distributor of aircraft fuel required to file periodic tax reports under RCW 82.42.040 must report to the department the annual emissions of carbon dioxide from the complete combustion or oxidation of the fuels listed in those reports as sold in the state of Washington. The department shall not require suppliers to use additional data to calculate greenhouse gas emissions other than the data the suppliers report to the department of licensing. The rules may allow this information to be aggregated when reported to the department. The department and the department of licensing shall enter into an interagency agreement to ensure proprietary and confidential information is protected if the departments share reported information. Any proprietary or confidential information exempt from disclosure when reported to the department of licensing is exempt from disclosure when shared by the department of licensing with the department under this provision.

(ii) Except as otherwise provided in this subsection, the rules adopted by the department under (a) of this subsection must be consistent with the regulations adopted by the United States environmental protection agency in 40 C.F.R. Part 98 on September 22, 2009.

(ii) The department may by rule include additional gases to the definition of "greenhouse gas" in RCW 70.235.010 only if the gas has been designated as a greenhouse gas by the United States congress or by the United States environmental protection agency. Prior to including additional gases to the definition of "greenhouse gas" in RCW 70.235.010, the department shall notify the appropriate committees of the legislature. Decisions to amend the rule to include additional gases must be made prior to December 1st of any year and the amended rule may not take effect before the end of the regular legislative session in the next year.

(iii) The department may by rule exempt persons who are required to report greenhouse gas emissions to the United States environmental protection agency and who emit less than ten thousand metric tons carbon dioxide equivalent annually.

(iv) The department must establish a methodology for persons who are not required to report under this section to voluntarily report their greenhouse gas emissions.

(c) The department shall review and if necessary update its rules whenever the United States environmental protection agency adopts final amendments to 40 C.F.R. Part 98 to ensure consistency with federal reporting requirements for emissions of greenhouse gases. However, the department shall not amend its rules in a manner that conflicts with (a) of this subsection.

(d) The department shall share any reporting information reported to it with the local air authority in which the (owner or operator) person reporting under the rules adopted by the department operates.

(4)(ii)(a) The fee provisions in subsection (2) of this section apply to reporting of emissions of greenhouse gases. ((Owner and operators)) Persons required to report under (a) of this subsection who fail to report or pay the fee required in subsection (2) of this section are subject to enforcement penalties under this chapter. The department shall enforce the reporting rule requirements unless it approves a local air authority’s request to enforce the requirements for ((sources)) persons operating within the authority’s jurisdiction. However, neither the department nor a local air authority approved under this section are authorized to assess enforcement penalties on persons required to report under (a) of this subsection until six months after the department adopts its reporting rule in 2010.

(g) The inclusion or failure to include any person, source, classes of persons or sources, or types of emissions of greenhouse gases into the department's rules for reporting under this section does not indicate whether such a person, source, or category is appropriate for inclusion in the multisector market-based system designed under RCW 70.235.020.

(h) Should the federal government adopt rules sufficient to track progress toward the emissions reductions required by chapter 14, Laws of 2008 governing the reporting of greenhouse gases, the department shall amend its rules, as necessary, to seek consistency with the federal rules to ensure duplicate reporting is not required. Nothing in this section requires the department to increase the reporting threshold established in (a) of this subsection or otherwise require the department's rules be identical to the federal rules in scope.\) (i) The definitions in RCW 70.235.010 apply throughout this subsection (5) unless the context clearly requires otherwise.

(ii) For the purpose of this subsection (5), the term "supplier" includes: (A) A motor vehicle fuel supplier or a motor vehicle fuel importer, as those terms are defined in RCW 82.36.010; (B) a special fuel supplier or a special fuel importer, as those terms are defined in RCW 82.38.020; and (C) a distributor of aircraft fuel, as those terms are defined in RCW 82.42.010.

SECOND SUBSTITUTE SENATE BILL NO. 6702, by Senate Committee on Ways & Means (originally sponsored by Senators Kline, McAuliffe, Gordon, McDermott, Fraser, Shin and Kohl-Welles)

Providing education programs for juveniles in adult jails.

The bill was read the second time.

Representative Dammeier moved the adoption of amendment (1437).

Strike everything after the enacting clause and insert the following:
NEW SECTION. Sec. 1. INTENT. The legislature intends to provide for the operation of education programs for juvenile inmates incarcerated in adult jails.

The legislature finds that this chapter fully satisfies any constitutional duty to provide education programs for juvenile inmates in adult jails. The legislature further finds that biennial appropriations for education programs under this chapter amply provide for any constitutional duty to educate juvenile inmates in adult jails.

NEW SECTION. Sec. 2. EDUCATION PROGRAMS FOR JUVENILES IN ADULT JAILS. A program of education shall be made available for juvenile inmates by adult jail facilities and the several school districts of the state for persons under the age of eighteen years who have been incarcerated in any adult jail facilities operated under the authority of chapter 70.48 RCW. Each school district within which there is located an adult jail facility shall, singly or in concert with another school district pursuant to RCW 28A.335.160 and 28A.225.250 or chapter 39.34 RCW, conduct a program of education, including related student activities for inmates in adult jail facilities. School districts are not precluded from contracting with educational service districts, community and technical colleges, four-year institutions of higher education, or other qualified entities to provide all or part of these education programs. The division of duties, authority, and responsibilities of the adult jail facilities and the several school districts of the state respecting the educational programs shall be as provided for in this chapter with regard to programs for juveniles in adult jail facilities.

NEW SECTION. Sec. 3. "ADULT JAIL FACILITY"--DEFINED. As used in this chapter, "adult jail facility" means an adult jail operated under the authority of chapter 70.48 RCW.

NEW SECTION. Sec. 4. DUTIES, AUTHORITY, AND RESPONSIBILITIES OF EDUCATION PROVIDER. (1) Except as otherwise provided for by contract under section 7 of this act, the duties and authority of a school district, educational service district, institution of higher education, or private contractor to provide for education programs under this chapter include:

(a) Employing, supervising, and controlling administrators, teachers, specialized personnel, and other persons necessary to conduct education programs, subject to security clearance by the adult jail facilities;

(b) Purchasing, leasing, renting, or providing textbooks, maps, audiovisual equipment paper, writing instruments, physical education equipment, and other instructional equipment, materials, and supplies deemed necessary by the provider of the education programs;

(c) Conducting education programs for inmates under the age of eighteen in accordance with program standards established by the superintendent of public instruction;

(d) Expendi ng funds for the direct and indirect costs of maintaining and operating the program of education that are appropriated by the legislature and allocated by the superintendent of public instruction for the exclusive purpose of maintaining and operating education programs for juvenile inmates incarcerated in adult jail facilities, in addition to funds from federal and private grants, and bequests, and gifts made for that purpose. School districts may not expend excess tax levy proceeds authorized for school district purposes to pay costs incurred under this chapter;

(e) Providing educational services to juvenile inmates within five school days of receiving notification from an adult jail facility within the district's boundaries that an individual under the age of eighteen has been incarcerated.

(2) The school district, educational service district, institution of higher education, or private contractor shall develop the curricula, instruction methods, and educational objectives of the education programs, subject to applicable requirements of state and federal law. For inmates who are under the age of eighteen when they commence the program and who have not met high school graduation requirements, such courses of instruction and school-related student activities as are provided by the school district for students outside of adult jail facilities shall be provided by the school district for students in adult jail facilities, to the extent that it is practical and judged appropriate by the school district and the administrator of the adult jail facility.

NEW SECTION. Sec. 5. SCHOOL DISTRICTS--ADDITIONAL AUTHORITY AND LIMITATION. School districts providing an education program to juvenile inmates in an adult jail facility, may:

(1) Award appropriate diplomas or certificates to juvenile inmates who successfully complete graduation requirements;

(2) Allow students eighteen years of age who have participated in an education program under this chapter to continue in the program, under rules adopted by the superintendent of public instruction; and

(3) Spend only funds appropriated by the legislature and allocated by the superintendent of public instruction for the exclusive purpose of maintaining and operating education programs under this chapter, including direct and indirect costs of maintaining and operating the education programs, and funds from federal and private grants, bequests, and gifts made for that purpose. School districts may not expend excess tax levy proceeds authorized for school district purposes to pay costs incurred under this chapter.

NEW SECTION. Sec. 6. SUPPORT OF EDUCATION PROGRAMS. To support each education program under this chapter, the adult jail facility and each superintendent or chief administrator of an adult jail facility shall:

(1) Provide necessary access to existing instructional and exercise spaces for the education program that are safe and secure;

(2) Provide equipment deemed necessary by the adult jail facility to conduct the education program;

(3) Maintain a clean and appropriate classroom environment that is sufficient to meet the program requirements and consistent with security conditions;

(4) Provide appropriate supervision of juvenile inmates consistent with security conditions to safeguard agents of the education providers and juvenile inmates while engaged in educational and related activities conducted under this chapter;

(5) Provide such other support services and facilities deemed necessary by the adult jail facilities to conduct the education program;

(6) Provide the available medical and mental health records necessary to a determination by the school district of the educational needs of the juvenile inmate; and

(7) Notify the school district within which the adult jail facility resides within five school days that an eligible juvenile inmate has been incarcerated in the adult jail facility.

NEW SECTION. Sec. 7. CONTRACT BETWEEN SCHOOL DISTRICTS AND ADULT JAIL FACILITIES. Each education provider under this chapter and the adult jail facility shall negotiate and execute a written contract for each school year, or such longer period as may be agreed to, that delineates the manner in which their respective duties and authority will be cooperatively performed and exercised, and any disputes and grievances resolved through mediation, and if necessary, arbitration. Any such contract may provide for the performance of duties by an education provider in addition to those in this chapter, including duties imposed upon the adult jail facility and its agents under section 6 of this act, if supplemental funding is available to fully pay the direct and indirect costs of these additional duties.

NEW SECTION. Sec. 8. EDUCATION SITE CLOSURES OR REDUCTION IN SERVICES--NOTICE. (1) By September 30, 2010, districts must, in coordination with adult jail facilities residing within their boundaries, submit an instructional service plan to the office of the superintendent of public instruction. Service plans must meet requirements stipulated in the rules developed in accordance with section 9 of this act, provided that (a) the rules shall not govern requirements regarding security within the jail facility nor the
physical facility of the adult jail, including but not limited to, the classroom space chosen for instruction, and (b) any excess costs to the jails associated with implementing rules shall be negotiated pursuant to the contractual agreements between the education provider and adult jail facility.

(2) Once districts have submitted a plan to the office of the superintendent of public instruction, districts are not required to resubmit their plans unless either districts or adult jail facilities initiate a significant change to their plans.

(3) An adult jail facility shall notify the office of the superintendent of public instruction as soon as practicable upon the closure of any adult jail facility or upon the adoption of a policy that no juvenile shall be held in the adult jail facility.

NEW SECTION. Sec. 9. ALLOCATION OF MONEY--ACCOUNTABILITY REQUIREMENTS--RULES. The superintendent of public instruction shall:

(1) Allocate money appropriated by the legislature to administer and provide education programs under this chapter to school districts that have assumed the primary responsibility to administer and provide education programs under this chapter or to the educational service district operating the program under contract; and

(2) Adopt rules that apply to school districts and educational providers in accordance with chapter 34.05 RCW that establish reporting, program compliance, audit, and such other accountability requirements as are reasonably necessary to implement this chapter and related provisions of the omnibus appropriations act effectively. In adopting the rules pursuant to this subsection, the superintendent of public instruction shall collaborate with representatives from the Washington association of sheriffs and police chiefs and shall attempt to negotiate rules that deliver the educational program in the most cost-effective manner while, to the extent practicable, not imposing additional costs on local jail facilities.

NEW SECTION. Sec. 10. Sections 1 through 9 of this act constitute a new chapter in Title 28A RCW.

NEW SECTION. Sec. 11. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

To qualify as an early settlement offer, the offer must include a good faith offer to compensate the claimant for the claimant's current and future economic damages suffered as a result of the allegedly responsible party's act or omission, less collateral source benefits available to the claimant, and for reasonable hourly attorneys' fees for the claimant. The early settlement offer must be in writing and communicated to the claimant by certified mail. The offer must remain open for acceptance for a minimum of thirty days from the date the offer is received by the claimant.

(2) An allegedly responsible party may amend or issue an additional early settlement offer prior to one hundred twenty days after the action is commenced. The claimant may extend the time for receiving the offer beyond this period.

(3) An attorney who receives an early settlement offer shall provide a true and complete copy of the offer to his or her client.

(4) A claimant who agrees in writing to an early settlement offer may not bring or continue a civil action, based on the same alleged involvement in a child's life, an allegedly responsible party may make an early settlement offer at any time prior to one hundred twenty days after the claim is filed with a court. To qualify as an early settlement offer, the offer must include a good faith offer to compensate the claimant for the claimant's current and future economic damages suffered as a result of the allegedly responsible party's act or omission, less collateral source benefits available to the claimant, and for reasonable hourly attorneys' fees for the claimant. The offer must remain open for acceptance for a minimum of thirty days from the date the offer is received by the claimant.

(5) An allegedly responsible party may amend or issue an additional early settlement offer prior to one hundred twenty days after the action is commenced. The claimant may extend the time for receiving the offer beyond this period.

In the event that multiple allegedly responsible parties are known to the attorney, a demand must be sent on the same date to each party. The demand must specify the amount of compensation sought and must set forth the material facts, documentary evidence, and other information relevant to the demand, including:

(2) The attorney shall mail copies of each demand to the claimant and to each allegedly responsible party.

(3) A claimant's attorney who learns of an additional allegedly responsible party after making a demand for compensation under subsection (1) of this section shall send a demand for compensation to the newly discovered allegedly responsible party and simultaneously mail a copy of the demand to each of the other allegedly responsible parties and to the claimant.

(4) In the event that a claimant's attorney learns of an additional allegedly responsible party more than ninety days after making a demand for compensation under subsection (1) of this section, the attorney shall not be required to send a demand to that party nor do the fee limitations imposed under section 510 (1) and (2) of this act apply with regard to an amount recovered from that party, except as provided by this subsection. settlement offer plus the percentage of the amount recovered in excess of the early settlement offer as was agreed to by the claimant and the attorney.

(3) A claimant's attorney who has failed to make a demand for compensation under section 7 of this act, or who has omitted from the demand any information required under section 7 of this act of a material nature which the attorney had in his or her possession, or which was readily available to him or her, or of which the attorney had knowledge, shall not collect a contingent fee greater than twenty percent of the amount recovered.

(4) A claimant's attorney who has failed to provide his or her client a true and complete copy of an early settlement offer received by the attorney, as required under section 6 of this act, shall not collect a contingent fee greater than twenty percent of the amount recovered.

On page 5, line 32 of the striking amendment, after “models.” insert “School districts are encouraged to implement an innovation school as provided in sections 402 through 409 of this act in a persistently lowest-achieving school, as long as the innovation school plan under section 404 of this act also meets requirements of a federal intervention model.”

On page 34, after line 5 of the striking amendment, insert the following:

“NEW SECTION. Sec. 402. (1) The legislature finds that:

(a) To further the goals of high quality public education throughout the state, each school district board of directors should have the authority to grant public schools of the district the maximum degree of flexibility possible to meet the needs of individual students and the communities in which they live; and
(b) Particularly in schools and communities that are struggling to improve student academic outcomes and close the achievement gap among groups of students, there is a critical need for innovative models of public education that are tailored to the unique circumstances and needs of the students in those schools and communities and implement evidence-based practices proven to be effective in reducing demographic disparities in student achievement.

(2) Therefore, the legislature intends to:
(a) Grant school districts and public schools greater ability to meet the educational needs of a diverse student population;
(b) Improve educational performance through greater individual school autonomy and managerial flexibility;
(c) Encourage innovation in education by providing local school communities and principals with greater control over levels of staffing, personnel selection and evaluation, scheduling, and educational programming with the goal of improving student achievement and closing the achievement gap; and
(d) Hold public schools that receive greater autonomy under this chapter accountable for student academic achievement as measured by the statewide assessments of student learning and other accountability measures.

(3) The legislature encourages school districts identified for required action under section 103 of this act to establish innovation schools as an intervention model under section 105 of this act in any persistently lowest-performing schools identified in the District

NEW SECTION.  Sec. 403. Any school district board of directors may establish one or more innovation schools or innovation school zones within the district as provided in this section.

(1)(a) Any public school within a school district may submit to the board of directors of the district an innovation school plan as described under section 404 of this act. A group of public schools within a school district that share common interests, such as geographical location or educational focus, or that sequentially serve classes of students as they progress through elementary and secondary education may jointly submit to the board of directors of the district a plan to create an innovation school zone as described under section 404 of this act. An innovation school zone may include all public schools within a school District
(b) A school district board of directors that receives an innovation school plan or innovation school zone plan shall either approve or disapprove the plan within sixty days of receiving the plan. If the board of directors rejects the plan, the board must provide a written explanation of the reasons for the rejection. The public school or group of public schools may resubmit an amended plan any time after a plan is rejected.

(2) Any school district board of directors may initiate and collaborate with one or more public schools in the district to create one or more innovation schools through an innovation school plan or one or more innovation school zones through an innovation school zone plan. In creating an innovation school plan or an innovation school zone plan, the board of directors must ensure that each public school affected by the plan has substantial opportunity to participate in development of the plan.

(3) If a school district board of directors approves or creates an innovation school or an innovation school zone within the district, the board of directors may seek designation of the district as an innovation school district under section 406 of this act.

NEW SECTION.  Sec. 404. (1) An innovation school plan shall include the following information:
(a) A statement of the mission of the public school and why designation as an innovation school would enhance the ability of the school to achieve its mission;
(b) A description of the innovations to be implemented by the public school, which may include but are not limited to innovations in school staffing, curriculum and assessment, class scheduling, use of financial and other resources, and recruitment, employment, evaluation, and compensation of school employees;
(c) A listing of the programs, policies, or other operational aspects of the public school that would be affected by the innovations identified in the plan and the manner in which they would be affected, including but not limited to:
(i) The research-based educational program to be implemented by the school;
(ii) Unique learning opportunities for students to be implemented by the school;
(iii) The student promotion and graduation policies to be implemented at the school;
(iv) The student assessment plan at the school;
(v) The length of school day and school year at the school;
(vi) The proposed budget for the school; and
(vii) The proposed staffing plan for the school;
(d) Identification of the improvements in academic performance that the public school expects to achieve in implementing the innovations;
(e) A statement of the level of support for designation as an innovation school demonstrated by the personnel employed at the school, the students and parents of students enrolled in the school, and the community surrounding the school;
(f) An estimate of the cost savings and increased efficiencies, if any, the public school expects to achieve in implementing the identified innovations;
(g) A listing and description of any waivers of state rules or laws and state or school district policies that are necessary for the public school to implement the identified innovations and why the waivers are necessary; and
(h) Any additional information required by the school district board of directors to be included in an innovation school plan.

(2) An innovation school zone plan must include all of the information under subsection (1) of this section, plus the following additional information:
(a) A description of how innovations in the public schools within the innovation school zone would be integrated to achieve results that would be less likely to be accomplished by each school working alone;
(b) An estimate of any economies of scale that would be achieved by innovations implemented jointly by the public schools within the innovation school zone; and
(c) A statement of the level of support for creating an innovation school zone demonstrated by the personnel employed at each public school that would be included in the zone, the students and parents of students enrolled in each of the schools, and the community surrounding the innovation school zone. In determining the level of support, each public school shall specifically solicit input concerning the selection of schools included in the innovation school zone and the strategies and procedures that would be used in implementing and integrating the innovations within the schools in the zone.

(3) In considering or creating an innovation school plan or an innovation school zone plan, each public school involved in the plan and each school district board of directors is strongly encouraged to consider innovations in the following areas:
(a) Curriculum and assessments;
(b) Expanded accountability measures, including the use of a variety of accountability measures to more accurately present a complete measure of student learning and accomplishment, such as:

Within sixty days after receiving such a plan, the state board of education and the superintendent of public instruction shall respond to the school district board of directors with any suggested changes or additions to the plan, including suggestions for further innovations or measures to increase the likelihood that the innovations will result in greater academic achievement within the innovation schools or innovation school zones. Based on the comments of the state board of education and the superintendent of public instruction, a school district board of directors may withdraw and resubmit the innovation school plan or innovation school zone plan.

(2) Within ten days of providing comment on an innovation school plan or innovation school zone plan under subsection (1) of this section, unless the school district board of directors withdraws the plan for purposes of revision, the state board of education shall designate the school district as an innovation school district unless the state board concludes that the plan:

The superintendent of public instruction and the state board of education shall not waive rules, policies, and procedures that jeopardize the receipt of state or federal funds that the innovation school district would otherwise be eligible to receive unless the innovation school district submits a written authorization for the waiver acknowledging that receipt of these funds could be jeopardized. With the consent of the House, amendments (1513) and (1519) were withdrawn.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that there have been ongoing, egregious examples of certain residents of the special commitment center having illegal child pornography, other prohibited pornography, and other banned materials on their computers. The legislature also finds that activities at the special commitment center must be designed and implemented to meet the treatment goals of the special commitment center, and proper and appropriate computer usage is one such activity. The legislature also finds that by linking computer usage to treatment plans, residents are less likely to have prohibited materials on their computers and are more likely to successfully complete their treatment plans. Therefore, the legislature finds that residents' computer usage in compliance with conditions placed on computer usage is essential to achieving their therapeutic goals. If residents' usage of computers is not in compliance or is not related to meeting their treatment goals, computer usage will be limited in order to prevent or reduce residents' access to prohibited materials.

Sec. 2. RCW 71.09.080 and 2009 c 409 s 7 are each amended to read as follows:

(1) Any person subjected to restricted liberty as a sexually violent predator pursuant to this chapter shall not forfeit any legal right or suffer any legal disability as a consequence of any actions taken or orders made, other than as specifically provided in this chapter, or as otherwise authorized by law.

(2) (a) Any person committed or detained pursuant to this chapter shall be prohibited from possessing or accessing a personal computer if the resident's individualized treatment plan states that access to a computer is harmful to bringing about a positive response to a specific and certain phase or course of treatment.

(b) A person who is prohibited from possessing or accessing a personal computer under (a) of this subsection (2) shall be permitted to access a limited functioning personal computer capable of word processing and limited data storage on the computer only that does not have: (i) Internet access capability; (ii) an optical drive, external drive, universal serial bus port, or similar drive capability; or (iii) the capability to display photographs, images, videos, or motion pictures, or similar display capability from any drive or port capability listed under (ii) of this subsection (2)(b).

(3) Any person committed pursuant to this chapter has the right to adequate care and individualized treatment. The department of social and health services shall keep records detailing all medical, expert, and professional care and treatment received by a committed person, and shall keep copies of all reports of periodic examinations made pursuant to this chapter. All such records and reports shall be made available upon request only to: The committed person, his or her attorney, the prosecuting attorney, the court, the protection and advocacy agency, or another expert or professional person who, upon proper showing, demonstrates a need for access to such records.

At the time a person is taken into custody or transferred into a facility pursuant to a petition under this chapter, the professional person in charge of such facility or his or her designee shall take reasonable precautions to inventory and safeguard the personal property of the persons detained or transferred. A copy of the inventory, signed by the staff member making it, shall be given to the person detained and shall, in addition, be open to inspection by any responsible relative, subject to limitations, if any, specifically imposed by the detained person. For purposes of this subsection, "responsible relative" includes the guardian, conservator, attorney, spouse, parent, adult child, or adult brother or sister of the person. The facility shall not disclose the contents of the inventory to any other person without consent of the patient or order of the court."
Nothing in this chapter prohibits a person presently committed from exercising a right presently available to him or her for the purpose of obtaining release from confinement, including the right to petition for a writ of habeas corpus.

2 No indigent person may be conditionally released or unconditionally discharged under this chapter without suitable clothing, and the secretary shall furnish the person with such sum of money as is required by RCW 72.02.100 for persons without ample funds who are released from correctional institutions. As funds are available, the secretary may provide payment to the indigent persons conditionally released pursuant to this chapter consistent with the optional provisions of RCW 72.02.100 and 72.02.110, and may adopt rules to do so.

If a civil commitment petition is dismissed, or a trier of fact determines that a person does not meet civil commitment criteria, the person shall be released within twenty-four hours of service of the release order on the superintendent of the special commitment center, or later by agreement of the person who is the subject of the petition.

Sec. 6. RCW 18.27.020 and 2007 c 436 s 2 are each amended to read as follows:

(3) It is not unlawful for a registered contractor to employ an unregistered contractor who was registered at the time he or she entered into a contract with the registered contractor, unless the registered contractor or his or her representative has been notified in writing by the department of labor and industries that the contractor has become unregistered.

(4) All gross misdemeanor actions under this chapter shall be prosecuted in the county where the infraction occurs.

(5) A person is guilty of a separate gross misdemeanor for each day worked if, after the person receives a (notice of infraction) notice of infraction from the department, the person works while unregistered, or while his or her registration is suspended or revoked, or works under a registration issued to another contractor. A person is guilty of a separate gross misdemeanor for each worksite on which he or she violates subsection (2) of this section. Nothing in this subsection applies to a registered contractor.

(6) A person is guilty of a class C felony if, after receiving a third or subsequent final infraction for working as a contractor while unregistered, while his or her registration is suspended or revoked, or under a registration issued to another contractor, he or she works as a contractor while unregistered, while his or her registration is suspended or revoked, or under a registration issued to another contractor.

The director shall notify the departments of revenue and employment security of the infractions or convictions and shall cooperate with these departments to determine whether any taxes or registration, license, or other fees or penalties are owed the state.

NEW SECTION. Sec. 7. The legislature finds that the state loses over one hundred million dollars a year in taxes due to underground economy construction activity, causing great inequity to law-abiding businesses and taxpayers. The legislature further finds that an employer in construction is required to pay industrial insurance and unemployment taxes for a worker unless a seven-part independent contractor test is met, which test includes that the worker is free from direction and control and has his or her own books and records. The legislature finds that some contractors avoid taxes by engaging multiple contractors to work together on the same task and treating the contractors as independent contractors rather than hiring and paying taxes on these persons as covered workers. The legislature finds, however, that if multiple contractors are working together on the same task on a job site, the contractors must be working under direction and control such that they are not independent contractors but are, in fact, covered workers.

The legislature finds that the seven-part test is and should continue to be applied in investigations of underground economy
activity. However, the legislature also finds that prohibiting up front certain contracting which by its nature creates a situation in which taxes due are not paid will provide clarity to contractors and provide an additional cost-effective means to reduce the underground economy. By enacting section 8 of this act, the legislature intends to define the prohibited contracting narrowly to assure no legitimate contracting is prohibited. The legislature further intends to exempt work on single-family residences. The legislature intends that nothing in section 8 of this act prohibits a contractor from engaging other contractors to assist with tasks so long as those contractors are treated as covered workers.

NEW SECTION. Sec. 8. A new section is added to chapter 18.27 RCW to read as follows:

(1) A contractor commits a violation under this chapter and is subject to an infraction if on a single job site, work is performed together on the same task by more than two contractors who bring no workers to that job site who are subject to the mandatory coverage of Title 51 RCW.

(2) If contractors are working in the same trade or craft on a single job site, the contractors have the burden of proof to show that they are not working together on the same task.

(3) The violation under subsection (1) of this section is committed by all parties to the contract.

(4) A contractor found to have committed an infraction under this section shall be assessed a fine of not less than one thousand dollars, nor more than five thousand dollars. For a first offense, the director may reduce the penalty to no less than five hundred dollars if the contractor registers for a department-approved training class under section 2 of this act within ten days of receiving a notice of infraction, completes the class within one hundred twenty days of receiving the notice of infraction, and pays any required class fees upon class registration. For a second or subsequent offense under this section, the director may suspend the registration of the contractor.

(5) For purposes of this section, a “job site” is a single physical address.

(6) This section does not apply to work performed on a single-family residence.

Sec. 9. 2009 c 432 s 13 (uncodified) is amended to read as follows:

The department of labor and industries, the employment security department, and the department of revenue shall coordinate and report to the appropriate committees of the legislature by December 1st of each year on the effectiveness of efforts implemented since July 1, 2008, to address the underground economy. The agencies shall use benchmarks and measures established by the institute for public policy and other measures it determines appropriate. The department of labor and industries must include in its report measures of the effectiveness of section 8 of this act.

NEW SECTION. Sec. 10. Section 9 of this act is codified as a new section in chapter 43.22 RCW.

NEW SECTION. Sec. 11. Sections 3 and 4 of this act take effect July 1, 2011.

Sec. 201. 2009 c 564 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES. (1) Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys
between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapping of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, “unrestricted federal moneys” includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act.

(4) The department is authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. Under this Washington medicaid integration partnership (WMIP), the department may combine and transfer such medicaid funds appropriated under sections 204, 206, 208, and 209 of this act as may be necessary to finance a unified health care plan for the WMIP program enrollment. The WMIP pilot projects shall not exceed a daily enrollment of 6,000 persons, nor expand beyond one county, during the 2009-2011 biennium. The amount of funding assigned to the pilot projects from each program may not exceed the average per capita cost assumed in this act for individuals covered by that program, actuarially adjusted for the health condition of persons enrolled in the pilot project, times the number of clients enrolled in the pilot project. In implementing the WMIP pilot projects, the department may: (a) Withhold from calculations of “available resources” as set forth in RCW 71.24.025 a sum equal to the capitiated rate for individuals enrolled in the pilots; and (b) employ capitation financing and risk-sharing arrangements in collaboration with health care service contractors licensed by the office of the insurance commissioner and qualified to participate in both the medicaid and medicare programs. The department shall conduct an evaluation of the WMIP, measuring changes in participant health outcomes, changes in patterns of service utilization, participant satisfaction, participant access to services, and the state fiscal impact.

(5) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, 2010, unless specifically prohibited by this act, the department may transfer general fund—state appropriations for fiscal year 2010 among programs after approval by the director of financial management. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

(6) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

The appropriations in this subsection are subject to the following conditions and limitations:

(a) $113,689,000 of the general fund–state appropriation for fiscal year 2010 and $(114,158,000) of the general fund–state appropriation for fiscal year 2011 are provided solely for persons and services not covered by the medicaid program. This is a reduction of $11,606,000 each fiscal year from the nonmedicaid funding that was allocated for expenditure by regional support networks during fiscal year 2009 prior to supplemental budget reductions. This $11,606,000 reduction shall be distributed among regional support networks proportional to each network's share of the total state population. To the extent possible, levels of regional support network spending shall be maintained in the following priority order: (i) Crisis and commitment services; (ii) community inpatient services; and (iii) residential care services, including personal care and emergency housing assistance.

(b) $16,900,000 of the general fund–state appropriation for fiscal year 2010 and $16,900,000 of the general fund–state appropriation for fiscal year 2011 are provided solely for the department and regional support networks to contract for implementation of high-intensity program for active community treatment (PACT) teams, and other proven program approaches that the department concurs will enable the regional support network to achieve significant reductions in the number of beds the regional support network would otherwise need to use at the state hospitals.

(c) The number of nonforensic beds allocated for use by regional support networks at eastern state hospital shall be 192 per day. The number of nonforensic beds allocated for use by regional support networks at western state hospital shall be 617 per day during the first quarter of fiscal year 2010, and 587 per day thereafter. Beds in the program for adaptive living skills (PALS) are not included in the preceding bed allocations. The department shall separately charge regional support networks for persons served in the PALS program.

(d) From the general fund–state appropriations in this subsection, the secretary of social and health services shall assure that regional support networks reimburse the aging and disability services administration for the general fund–state cost of medicaid personal care services that enrolled regional support network consumers use because of their psychiatric disability.

(e) $4,582,000 of the general fund–state appropriation for fiscal year 2010 and $4,582,000 of the general fund–state appropriation for fiscal year 2011 are provided solely for mental health services for mentally ill offenders while confined in a county or city jail and for facilitating access to programs that offer mental health services upon release from confinement.

(f) The department is authorized to continue to contract directly, rather than through contracts with regional support networks, for children's long-term inpatient facility services.

(g) $750,000 of the general fund–state appropriation for fiscal year 2010 and $750,000 of the general fund–state appropriation for fiscal year 2011 are provided solely to continue performance-based incentive contracts to provide appropriate community support services for individuals with severe mental illness who were discharged from the state hospitals as part of the expanding community services initiative. These funds will be used to enhance community residential and support services provided by regional support networks through other state and federal funding.

(h) $(1,500,000 of the general fund–state appropriation for fiscal year 2010 and $1,500,000 of the general fund–state appropriation for fiscal year 2011 are provided solely for the Spokane regional support network to implement services to reduce utilization and the census at eastern state hospital. Such services shall include:

(i) High intensity treatment team for persons who are high utilizers of psychiatric inpatient services, including those with co-occurring disorders and other special needs;

(ii) Crisis outreach and diversion services to stabilize in the community individuals in crisis who are at risk of requiring inpatient care or jail services;

(iii) Mental health services provided in nursing facilities to individuals with dementia, and consultation to facility staff treating those individuals; and
(iv) Services at the sixteen-bed evaluation and treatment facility.
At least annually, the Spokane regional support network shall assess the effectiveness of these services in reducing utilization at eastern state hospital, identify services that are not optimally effective, and modify those services to improve their effectiveness.

(ii) The department shall return to the Spokane regional support network fifty percent of the amounts assessed against the network during the last six months of calendar year 2009 for state hospital utilization in excess of its contractual limit. The regional support network shall use these funds for operation during its initial months of a new sixteen-bed evaluation and treatment facility that will enable the network to reduce its use of the state hospital, and for diversion and community support services for persons with dementia who would likely otherwise require care at the state hospital.

The department is directed to identify and implement program efficiencies and benefit changes in its delivery of medicaid managed-care services that are sufficient to operate within the state and federal appropriations in this section. Such actions may include but are not limited to methods such as adjusting the care access standards; improved utilization management of ongoing, recurring, and high-intensity services; and increased uniformity in provider payment rates. The department shall ensure that the capitation rate adjustments necessary to accomplish these efficiencies and changes are distributed uniformly and equitably across all regional support networks statewide. The department is directed to report to the relevant legislative fiscal and policy committees at least thirty days prior to implementing rate adjustments reflecting these changes.

(j) In developing the new medicaid managed care rates under which the public mental health managed care system will operate during the five years beginning in fiscal year 2011, the department should seek to estimate the reasonable and necessary cost of efficiently and effectively providing a comparable set of medically necessary mental health benefits to persons of different acuity levels regardless of where in the state they live. Actual prior period spending in a regional administrative area shall not be a key determinant of future payment rates. The department shall report to the office of financial management and to the relevant fiscal and policy committees of the legislature on its proposed new waiver and mental health managed care rate-setting approach by October 1, 2009, and again at least sixty days prior to implementation of new capitation rates.

(k) Of the general fund--state appropriation for fiscal year 2010 and of the general fund--state appropriation for fiscal year 2011 are provided solely to reimburse Pierce and Spokane counties for the cost of conducting 180-day commitment hearings at the state psychiatric hospitals.

Such efforts shall include, but not be limited to, identifying local funding that can preserve client services and staff compensation, achieving administrative reductions at the regional support network level, and engaging stakeholders on cost-savings ideas that maintain client services and staff compensation. For purposes of this section, “direct care staff” means persons employed by community mental health agencies whose primary responsibility is providing direct treatment and support to people with mental illness, or whose primary responsibility is providing direct support to such staff in areas such as client scheduling, client intake, client reception, client records-keeping, and facilities maintenance.

(m) Of the general fund--state appropriation for fiscal year 2011 is provided solely for the north central regional support network (NCRSN) to improve the utilization of medicaid services in that region. During the actuarial rate rebase, the actuaries determined that north central's productivity was too low for funding to be certified at the fiscal year 2010 rate ranges. The department shall enter into a performance-based contract with NCRSN and shall contract with an expert in the delivery of mental health services in a frontier setting to provide technical assistance to NCRSN. Improvements in utilization and cost effectiveness must be demonstrated by NCRSN on or before June 30, 2011, or contracts for state medicaid and nonmedicaid services may be subject to termination. The department shall submit the following reports to the legislature:

(i) On or before June 30, 2010, a written plan of improvement for NCRSN shall be submitted to the legislature. In the plan, the department shall identify the contracting source for technical assistance and shall include the implementation strategy and schedule for providing technical assistance to the RSN. The plan must also include a strategy for restructuring services, a process for improving community outreach, and an outline on the methods for collecting data and monitoring outcomes.

(ii) On or before August 15, 2010, the department shall submit to the legislature a progress report. The report shall identify best practices and areas of recommended changes to service delivery with a detailed strategy for implementation. A timeline shall be included. The report shall provide a progress update on tracking and monitoring outcomes.

During the actuarial rate rebase, the actuaries determined that the Chelan Douglas regional support network's productivity was too low for funding to be certified at the fiscal year 2010 rate ranges. Funding provided in this subsection is sufficient to hold the RSN at the fiscal year 2010 rate.

(o) Of the general fund--private/local appropriation and the general fund--federal appropriation are provided for services to medicaid eligible clients. Local funding that is authorized to serve medicaid clients is matched with federal funding and becomes part of the overall medicaid expenditures. When medicaid rates are rebased, the increased level of medicaid expenditures due to local match becomes the state's responsibility. An individual regional support network will be allowed to leverage local funding into the medicaid rates on a one-time basis only.

(p) Of the general fund--state appropriation for fiscal year 2011 is provided solely for either Second Substitute House Bill No. 3076 (involuntary treatment act evaluations), or Second Substitute House Bill No. 2882 (detaining persons with mental illness), or both. The department shall begin reporting to the office of financial management on these activities beginning in fiscal year 2010.

(d) $4,002,000 of the general fund--state appropriation for fiscal year 2010, ($14,400,000) $4,297,000 of the general fund--state appropriation for fiscal year 2011, and ($14,200,000) $16,159,000 of the general fund--federal appropriation are provided solely for community residential and support services. Funding in this subsection shall be prioritized for (i) residents of residential habilitation centers who are able to be adequately cared for in community settings and who choose to live in those community settings; (ii) clients without residential services who are at immediate risk of institutionalization or in crisis; (iii) children who are at risk of institutionalization or who are aging out of other state services; and (iv) current home and community-based waiver program clients who have been assessed as having an immediate need for increased services. First priority shall be given to children who are at risk of institutionalization. The department shall ensure that the average cost per day for all program services other than start-up costs shall not exceed $300. In order to maximize the number of clients served and ensure the cost-effectiveness of the waiver programs, the department will strive to limit new client placement expenditures to 90 percent of the budgeted daily rate. If this can be accomplished, additional clients may be served with excess funds, provided the total projected carry-forward expenditures do not exceed the amounts estimated. The department shall electronically report to the appropriate committees of the legislature, within 45 days following each fiscal year quarter, the number of persons served with these additional community services, where they were residing, what kinds of services they were receiving prior to placement, and the actual expenditures for all community services to support these clients.

(i) $493,000 of the general fund--state appropriation for fiscal year 2010, ($1,463,000) $2,146,000 of the general fund--state appropriation for fiscal year 2011, and ($2,741,000) $4,057,000 of the general fund--federal appropriation are provided solely for community services for persons with developmental disabilities who also have community protection issues. Funding in this subsection shall be prioritized for (A) clients being diverted or discharged from the state psychiatric hospitals; (B) clients participating in the dangerous mentally ill offender program; (C) clients participating in the community protection program; and (D) mental health crisis diversion outplacements. The department shall ensure that the average cost per day for all program services other than start-up costs shall not exceed $349 per day in fiscal year 2010 and $356 per day in fiscal year 2011. In order to maximize the number of clients served and ensure the cost-effectiveness of the waiver programs, the department will strive to limit new client placement expenditures to 90 percent of the budgeted daily rate. If this can be accomplished, additional clients may be served with excess funds if the total projected carry-forward expenditures do not exceed the amounts estimated.

(ii) The department shall electronically report to the appropriate committees of the legislature, within 45 days following each fiscal year quarter, the number of persons served with these additional community services, where they were residing, what kinds of services they were receiving prior to placement, and the actual expenditures for all community services to support these clients.

(f) $302,000 of the general fund--state appropriation for fiscal year 2010, $831,000 of the general fund--state appropriation for fiscal year 2011, and $1,592,000 of the general fund--federal appropriation are provided solely for health care benefits pursuant to a collective bargaining agreement negotiated with the exclusive bargaining representative of individual providers established under RCW 74.39A.270.

(g) $682,000 of the general fund--state appropriation for fiscal year 2010, $1,651,000 of the general fund--state appropriation for fiscal year 2011, and $1,678,000 of the general fund--federal appropriation are provided solely for the state's contribution to the training partnership, as provided in RCW 74.39A.360, pursuant to a collective bargaining agreement negotiated with the exclusive bargaining representative of individual providers established under RCW 74.39A.270.

(ii) The federal portion of the amounts in this subsection (g) is contingent upon federal approval of participation in contributions to the trust and shall remain unallotted and placed in reserve status until the office of financial management and the department of social and health services receive federal approval.

(iii) Expenditures for the purposes specified in this subsection (g) shall not exceed the amounts provided in this subsection.

(h) Within the amounts appropriated in this subsection (1), the department shall implement all necessary rules to facilitate the transfer to a department home and community-based services (HCBS) waiver of all eligible individuals who (i) currently receive services under the existing state-only employment and day program or the existing state-only residential program, and (ii) otherwise meet the waiver eligibility requirements. The amounts appropriated are sufficient to ensure that all individuals currently receiving services under the state-only employment and day and state-only residential programs who are not transferred to a department HCBS waiver will continue to receive services.

(i) (Adult day health services shall only be authorized for in-home clients.

(1)) In addition to other reductions, the appropriations in this subsection reflect reductions targeted specifically to state government administrative costs. These administrative reductions shall be achieved, to the greatest extent possible, by reducing those administrative costs that do not affect direct client services or direct service delivery or programs.

(ii) Persons with Alzheimer's disease and related dementia who might otherwise require nursing home care; and
(iii) Persons with co-occurring mental illness and long-term care needs who are eligible for expanded community services and who might otherwise require state and local psychiatric hospital care.

Within amounts appropriated, exceptional add-on rates for AIDS/HIV, dementia specialty care, and expanded community services may be standardized within each program.

((4am)) (l) The amounts appropriated in this subsection reflect a reduction in funds available for employment and day services. In administering this reduction the department shall negotiate with counties and their vendors so that this reduction, to the greatest extent possible, is achieved by reducing vendor rates and allowable contract administrative charges (overhead) and not through reductions to direct client services or direct service delivery or programs.

((n)) Within the amounts allotted for employment and day services in this section, the department shall prioritize the funding of employment services for students graduating from high school during fiscal years 2010 and 2011. However, nothing in this subsection is intended to displace services for other recipients of employment services.

((n)) As part of the needs assessment instrument, the department may collect data on family income for minor children with developmental disabilities and all individuals who are receiving state-only funded services. The department may ensure that this information is collected as part of the client assessment process.

Services shall be provided for both waiver and nonwaiver clients. Fifty percent of the general fund appropriation shall be utilized for graduates who are on a waiver and fifty percent of the general fund appropriation shall be used for nonwaiver clients.

(o) Upon the effective date of this section, the department shall no longer hold funded residential vacancies to achieve savings.

The report shall provide an analysis of the savings and/or costs to the agency associated with the implementation of the bill. Additionally, the report shall provide a full accounting of the relative hourly costs of agency providers and individual providers.

(r) Pursuant to RCW 43.135.055 and Substitute House Bill No. 2954, the department is authorized to establish the following fees for fiscal year 2011:

The working group shall hold its first meeting no later than May 1, 2010, and shall meet at least monthly or as needed until the group has accomplished its goals. The work group shall provide a report on its findings to the legislative fiscal committees by January 1, 2011.

The appropriations in this section reflect reductions in the appropriations for the economic services administration's administrative expenses. It is the intent of the legislature that these reductions shall be achieved, to the greatest extent possible, by reducing those administrative costs that do not affect direct client services or direct service delivery or program.

(8) $855,000 of the general fund--state appropriation for fiscal year 2011, $719,000 of the general fund--federal appropriation, and $2,907,000 of the general fund--private/local appropriation are provided solely for the implementation of the opportunity portal, the food stamp employment and training program, and the disability lifeline program under Second Substitute House Bill No. 2782 (security lifeline act). If the bill is not enacted by June 30, 2010, the amounts provided in this subsection shall lapse.

(9) $200,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for the department to award grants to small mutual assistance or small community-based organizations that contract with the department for immigrant and refugee assistance services. The funds shall be awarded to provide funding for community groups to provide transitional assistance, language skills, and other resources to improve refugees' economic self-sufficiency through the effective use of social services, financial services, and medical assistance.

(10) $60,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for the department to contract with the city of Tukwila to provide funding for basic human services programs that include food, shelter, and clothing.

$4,094,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Within the amounts appropriated in this section, the department may contract with the University of Washington and community-based providers for the provision of the parent-child assistance program. For all contractors, indirect charges for administering the program shall not exceed ten percent of the total contract amount.

(2) Within the amounts appropriated in this section, the department shall continue to provide for chemical dependency treatment services for adult medicaid eligible and general assistance-unemployable patients.

(3) In addition to other reductions, the appropriations in this section reflect reductions targeted specifically to state government administrative costs. These administrative reductions shall be achieved, to the greatest extent possible, by reducing those administrative costs that do not affect direct client services or direct service delivery or programs.

(4) $3,786,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for the implementation of the disability lifeline program under Second Substitute House Bill No. 2782 (security lifeline act). If the bill is not enacted by June 30, 2010, the amount provided in this subsection shall lapse.
The appropriations in this section are subject to the following conditions and limitations:

(1) Based on quarterly expenditure reports and caseload forecasts, if the department estimates that expenditures for the medical assistance program will exceed the appropriations, the department shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(2) In determining financial eligibility for medicaid-funded services, the department is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(3) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(4) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the department shall provide the person with the same benefits as he or she would receive if eligible for medicaid, using state-only funds to the extent necessary.

(5) In accordance with RCW 74.46.625, $6,000,000 of the general fund--federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the department's discretion. During either the interim cost settlement or the final cost settlement, the department shall recoup from the public hospital districts the supplemental payments that exceed the medicare cost limit and/or the medicare upper payment limit. The department shall apply federal rules for identifying the eligible incurred medicare costs and the medicare upper payment limit.

(6) (($1,110,000 of the general fund--federal appropriation and $1,105,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for grants to rural hospitals. The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income and medically indigent patients, and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.

(7) $9,818,000 of the general fund--state appropriation for fiscal year 2011, and $9,865,000 of the general fund--federal appropriation are provided solely for grants to nonnurial hospitals. The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income and medically indigent patients, and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.

(8) The department shall continue the inpatient hospital certified public expenditures program for the 2009-11 biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The department shall submit reports to the governor and legislature by November 1, 2009, and by November 1, 2010, that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the department shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2010 and fiscal year 2011, hospitals in the program shall be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicare inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicare payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program, (b) one half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2009-11 biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. The extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested.

(9) The department is authorized to use funds appropriated in this section to purchase goods and supplies through direct contracting with vendors when the department determines it is cost-effective to do so.

(10) The department shall require managed health care systems that have contracts with the department to serve medical assistance clients to limit any reimbursements or payments the systems make to providers not employed by or under contract with the systems to no more
than the medical assistance rates paid by the department to providers for comparable services rendered to clients in the fee-for-service delivery system.

(11) A maximum of $(166,575,000) - $(179,643,000) - $(38,389,000) - $(59,758,000) of the general fund - state appropriation and $(203,321,000) of the general fund - federal appropriation may be expended in the fiscal biennium for the (general assistance-unemployed) disability lifetime medical program, and these amounts are provided solely for this program. Of these amounts, $(10,749,000) - $(10,882,000) - $5,233,000 of the general fund - state appropriation for fiscal year 2010 - $(10,882,000) of the general fund - federal appropriation are provided solely for payments to hospitals for providing outpatient services to low income patients who are recipients of (general assistance-unemployed) disability lifetime benefits. Pursuant to RCW 74.09.035, the department shall not expend for the general assistance medical care services program any amounts in excess of the amounts provided in this subsection.

(12) If the department determines that it is feasible within the amounts provided in subsection (11) of this section, and without the loss of federal disproportionate share hospital funds, the department shall contract with the carrier currently operating a managed care pilot project for the provision of medical care services to (general assistance-unemployed) disability lifetime clients. Mental health services shall be included in the services provided through the managed care system. If the department determines that it is feasible, effective October 1, 2009, in addition to serving clients in the pilot counties, the carrier shall expand managed care services to clients residing in at least the following counties: Spokane, Yakima, Chelan, Kitsap, and Cowlitz. If the department determines that it is feasible, the carrier shall complete implementation into the remaining counties.

(13) The department shall report to the governor and the legislative fiscal committees of the legislature by November 15, 2010, regarding the feasibility of expanding managed care services to the remaining counties.

(14) The department shall report to the governor and the fiscal committees of the legislature by June 1, 2010, on its progress toward achieving a twenty percentage point increase in the generic prescription drug utilization rate.

(15) State funds shall not be used by hospitals for advertising purposes.

(16) $24,293,000 of the general fund - private/local appropriation and $35,707,000 of the general fund - federal appropriation are provided solely for the implementation of professional services supplemental payment programs. The department shall seek a Medicaid state plan amendment to create a professional services supplemental payment program for University of Washington Medicine professional providers no later than July 1, 2009. The department shall apply federal rules for identifying the shortfall between current fee-for-service Medicaid payments to participating providers and the applicable federal upper payment limit. Participating providers shall be solely responsible for providing the local funds required to obtain federal matching funds. Any incremental costs incurred by the department in the development, implementation, and maintenance of this program will be the responsibility of the participating providers. Participating providers will retain the full amount of supplemental payments provided under this program, net of any potential costs for any related audits or litigation brought against the state. The department shall report to the governor and the legislative fiscal committees on the prospects for expansion of the program to other qualifying providers as soon as feasibility is determined but no later than December 31, 2009. The report will outline estimated impacts on the participating providers.

(17) Total per person costs to the state, including outpatient and inpatient services and any additional costs due to stop loss agreements, shall not exceed the per capita payments projected for the general assistance-unemployed eligibility category, by fiscal year, in the February 2009 medical assistance expenditures forecast. The department, in collaboration with the carrier, shall seek to improve the transition rate of (general assistance) disability lifetime clients to the federal supplemental security income program.

(18) The department shall provide a report on these outcomes to the relevant policy and fiscal committees of the legislature by December 30, 2009.

(19) Pursuant to 42 U.S.C. Sec. 1396(a)(25), the department shall pursue insurance claims on behalf of Medicaid children served through its in-home medically intensive child program under WAC 388-551-3000. The department shall report to the Legislature by December 31, 2009, on the results of its efforts to recover such claims.

(20) The department may, on a case-by-case basis and in the best interests of the child, set payment rates for medically intensive home care services to promote access to home care as an alternative to hospitalization. Expenditures related to these increased payments shall not exceed the amount the department would otherwise pay for hospitalization for the child receiving medically intensive home care services.

(21) $425,000 of the general fund - state appropriation for fiscal year 2010 - $(203,321,000) of the general fund - federal appropriation are provided solely to continue children's health coverage outreach and education efforts under RCW 74.09.470. These efforts shall rely on existing relationships and systems developed with local public health agencies, health care providers, public schools, the women, infants, and children program, the early childhood education and assistance program, child care providers, newborn visiting nurses, and other community-based organizations. The department shall seek public-private partnerships and federal funds that are or may become available to provide on-going support for outreach and education efforts under the federal children's health insurance program reauthorization act of 2009.

(22) The department, in conjunction with the office of financial management, shall reduce outpatient and inpatient hospital rates and implement a prorated inpatient payment policy. In determining the level of reductions needed, the department shall include in its calculations services paid under fee-for-service, managed care, and certified public expenditure payment methods; but reductions shall not apply to payments for psychiatric inpatient services or payments to critical access hospitals.

(23) The department will pursue a competitive procurement process for antihemophilic products, emphasizing evidence-based medicine and protection of patient access without significant disruption in treatment.
The department will pursue several strategies towards reducing pharmacy expenditures including but not limited to increasing generic prescription drug utilization by 20 percentage points and promoting increased utilization of the existing mail-order pharmacy program.

The department shall reduce reimbursement for over-the-counter medications while maintaining reimbursement for those over-the-counter medications that can replace more costly prescription medications.

The department shall seek public-private partnerships and federal funds that are or may become available to implement health information technology projects under the federal American recovery and reinvestment act of 2009.

The department shall target funding for maternity support services towards pregnant women with factors that lead to higher rates of poor birth outcomes, including hypertension, a preterm or low birth weight birth in the most recent previous birth, a cognitive deficit or developmental disability, substance abuse, severe mental illness, unhealthy weight or failure to gain weight, tobacco use, or African American or Native American race.

The department shall initiate a provider outreach and education program to include communication materials that clearly identify expectations of the department and the provider being audited. The department must develop and publish an orientation to medicaid audits publication by October 1, 2010, that includes audit requirements, expectations of providers and the department, and associated timelines.
The department shall report to the governor and relevant policy and fiscal committees of the legislature by December 1, 2010, on the status of these activities.

(37) $528,000 of the general fund--state appropriation and $5,910,000 of the general fund--federal appropriation are provided solely for the implementation of the disability lifeline program under Second Substitute House Bill No. 2782 (security lifeline act). If the bill is not enacted by June 30, 2010, the amounts provided in this subsection shall lapse.

(38) If the cost of a brand name drug, after receiving discounted prices and rebates, is less than the cost of the generic version of the drug for the medical assistance program, the brand name drug shall be purchased.

The appropriations in this section are subject to the following conditions and limitations: In addition to other reductions, the appropriations in this section reflect reductions targeted specifically to state government administrative costs. These administrative reductions shall be achieved, to the greatest extent possible, by reducing those administrative costs that do not affect direct client services or direct service delivery or programs.

(1) ($150,000) of the general fund--state appropriation for fiscal year 2010 and ($150,000) of the general fund--state appropriation for fiscal year 2011 are provided solely for the Washington state mentors program to continue its public-private partnerships to provide technical assistance and training to mentoring programs that serve at-risk youth.

(2) $445,000 of the general fund--state appropriation for fiscal year 2010 and $445,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for funding of the teambuild project through the governor's juvenile justice advisory committee.

(3) $178,000 of the general fund--state appropriation for fiscal year 2010 and $178,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the juvenile detention alternatives initiative.

(4) Amounts appropriated in this section reflect a reduction to the family policy council. The family policy council shall reevaluate staffing levels and administrative costs to ensure to the extent possible a maximum ratio of grant moneys provided and administrative costs.

(5) Amounts appropriated in this section reflect a reduction to the council on children and families. The council on children and families shall reevaluate staffing levels and administrative costs to ensure to the extent possible a maximum ratio of grant moneys provided and administrative costs.

(6) The department shall not reduce funding to the governor's juvenile justice advisory committee from the amounts appropriated for this purpose in chapter 564, Laws of 2009.

Sec. 213. **2009 c 564 s 213 (uncodified) is amended to read as follows:**

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--PAYMENTS TO OTHER AGENCIES PROGRAM
Each pilot project site shall develop a set of health services that includes a benefit package and payment mechanism for the implementation of the disability lifeline program under Second Substitute House Bill No. 2782 (Security Lifeline Act). If the bill is not enacted by June 30, 2010, the amounts provided in this section shall lapse.

The health care authority shall require organizations and individuals that are paid to deliver basic health plan services and that choose to sponsor enrollment in the subsidized basic health plan to pay 133 percent of the premium amount which would otherwise be due from the sponsored enrollees.

(3) The administrator shall take at least the following actions to assure that persons participating in the basic health plan are eligible for the level of assistance they receive: (a) Require submission of (i) income tax returns, and recent pay history, from all applicants, or (ii) other verifiable evidence of earned and unearned income from those persons not required to file income tax returns; (b) check employment security payroll records at least once every twelve months on all enrollees; (c) require enrollees whose income as indicated by payroll records exceeds that upon which their subsidy is based to document their current income as a condition of continued eligibility; (d) require enrollees for whom employment security payroll records cannot be obtained to document their current income at least once every six months; (e) not reduce gross family income for self-employed persons by noncash-flow expenses such as, but not limited to, depreciation, amortization, and home office deductions, as defined by the United States internal revenue service; and (f) pursue repayment and civil penalties from persons who have received excessive subsidies, as provided in RCW 70.47.060(9).

(4) In order to maximize the funding appropriated for the basic health plan, the health care authority is directed to make modifications that will reduce the total number of subsidized enrollees to approximately 65,000 by January 1, 2010. In addition to the reduced enrollment, other modifications may include changes in enrollee premium obligations, changes in benefits, enrollee cost-sharing, and termination of the enrollment of individuals concurrently enrolled in a medical assistance program as provided in Substitute House Bill No. 2341. The health care authority shall seek federal matching funds for enrollees. If federal matching funds are not available for enrollees below one hundred thirty-three percent of the federal poverty level by January 1, 2011, then the basic health plan program shall be discontinued as of April 1, 2011.

(5) $250,000 of the general fund—state appropriation for fiscal year 2010 and $250,000 of the general fund—state appropriation for fiscal year 2011 are provided solely for the implementation of Substitute Senate Bill No. 5360 (Community Collaboratives). If the bill is not enacted by June 30, 2009, the amounts provided in this section shall lapse.

(6) The (Department) authority shall seek public-private partnerships and federal funds that are or may become available to implement health information technology projects under the federal American Recovery and Reinvestment act of 2009.

(7) $92,000 of the general fund—state appropriation for fiscal year 2011 and $8,000 of the general fund—federal appropriation are provided solely for the implementation of the disability lifeline program under Second Substitute House Bill No. 2782 (Security Lifeline Act). If the bill is not enacted by June 30, 2010, the amounts provided in this subsection shall lapse.

(8) All health care authority contracts with managed health care systems to serve basic health plan enrollees shall require that the managed health care systems limit any reimbursements or payments by the systems to health care providers who are not employed or under contract with the systems, but are delivering services at or in affiliation with a facility contracted with the systems to no more than the medical assistance rates paid by the department of social and health services for comparable services rendered to medical assistance clients in the fee-for-service delivery program.

(9)(a) $50,000 of the general fund—state appropriation for fiscal year 2010 and $5,814,000 of the general fund—state appropriation for fiscal year 2011 are provided solely for the health care authority to conduct three pilot projects to determine the feasibility of providing low-income adults at or below two hundred percent of the federal poverty level, who are neither enrolled in the basic health plan, nor eligible for medical assistance programs or federal medicare programs, with a set of health services that includes a primary care component provided through a community delivery system combined with select specialty care services and catastrophic insurance coverage provided through the health care authority. Each pilot project site shall develop a set of health services that includes a benefit package and payment mechanism that allows it to
enroll one thousand individuals in the primary care and limited specialty services components. The health care authority shall be responsible for enrolling the individuals covered by the primary care component in a catastrophic insurance plan. Enrollees shall be required to pay a premium toward the cost of the plan. The pilot projects shall be based in Spokane, Thurston, and Whatcom counties. The pilot project shall be in operation from July 1, 2010, through July 1, 2012.

(b) The health care authority shall submit a study to the legislature by December 1, 2011 that:

(i) Considers the impact of offering the set of health services as:

(A) A basic health coverage option in addition to the current benefit package and payment mechanism; and

(B) A replacement of the current basic health plan benefit package and payment mechanism; and

(ii) Identifies the most effective strategy for providing such a set of health services that would provide meaningful coverage to low-income individuals, the number of enrollees that would be required to attain a stable risk pool to realize a cost-effective program, the estimated cost per individual for providing such a set of health services, the extent to which such a set could be offered statewide, and recommendations on implementation of such a set of health services.

Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. (7) The allocations for substitute costs of classroom teachers shall be distributed at a maintenance rate of $607.44 for the 2009-10 and 2010-11 school years per allocated classroom teachers exclusive of salary increase amounts provided in section 504 of this Act. Solely for the purposes of this subsection, allocated classroom teachers shall be equal to the number of certificated instructional staff units allocated under subsection (2) of this section, multiplied by the ratio between the number of actual basic education certificated teachers and the number of actual basic education certificated instructional staff reported statewide for the prior school year.

(8) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district’s financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall not have any impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.

(9) Funding in this section is sufficient to provide additional service year credits to educational staff associates pursuant to chapter 403, Laws of 2007.

(10)(a) The superintendent may distribute a maximum of $576,000 outside the basic education formula during fiscal years 2010 and 2011 as follows:

(i) For fire protection for school districts located in a fire protection district as now or hereafter established pursuant to chapter 52.04 RCW, a maximum of $567,000 may be expended in fiscal year 2010 and a maximum of $577,000 may be expended in fiscal year 2011;

(ii) For all other enrollments in grades K-12 but no more than thirty-five average annual full-time equivalent students in grades K-12, one-half of a certificated instructional staff unit and one-quarter of a certificated administrative staff unit; and a maximum of $2,385,000 for the 2010 fiscal year and a maximum of $2,385,000 for the 2011 fiscal year. 20 percent of each fiscal year amount may carry over from one year to the next;

(iii) A maximum of $485,000 each fiscal year may be expended for programs providing skills training for secondary students who are enrolled in extended day school-to-work programs, as approved by the superintendent of public instruction. The funds shall be allocated at a rate not to exceed $500 per full-time equivalent student enrolled in those programs.
(b) Funding in this section is sufficient to fund a maximum of 1.6 FTE enrollment for skills center students pursuant to chapter 463, Laws of 2007.

(c) $250,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for implementation of Substitute House Bill No. 2852 (college-level learning). If the bill is not enacted by June 30, 2010, the amount provided in this subsection shall lapse.

(11) For purposes of RCW 84.52.0531, the increase per full-time equivalent student is 4.0 percent from the 2008-09 school year to the 2009-10 school year and 4.0 percent from the 2009-10 school year to the 2010-11 school year.

(12) If two or more school districts consolidate and each district was receiving additional basic education formula staff units pursuant to subsection (2)(b) through (g) of this section, the following shall apply:

(a) For three school years following consolidation, the number of basic education formula staff units shall not be less than the number of basic education formula staff units received by the districts in the school year prior to the consolidation; and

(b) For the fourth through eighth school years following consolidation, the difference between the basic education formula staff units received by the districts for the school year prior to consolidation and the basic education formula staff units after consolidation pursuant to subsection (2)(a) through (h) of this section shall be reduced in increments of twenty percent per year.

Sec. 503. 2009 c 564 s 503 (unified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--BASIC EDUCATION EMPLOYEE COMPENSATION.  (1) The following calculations determine the salaries used in the general fund allocations for certificated instructional, certificated administrative, and classified staff units under section 502 of this act:

(a) Salary allocations for certificated instructional staff units shall be determined for each district by multiplying the district's certificated instructional total base salary shown on LEAP Document 2 by the district's average staff mix factor for certificated instructional staff in that school year, computed using LEAP Document 1; and

(b) Salary allocations for certificated administrative staff units and classified staff units for each district shall be based on the district's certificated administrative and classified salary allocation amounts shown on LEAP Document 2.

(2) For the purposes of this section:

(a) "LEAP Document 1" means the staff mix factors for certificated instructional staff according to education and years of experience, as developed by the legislative evaluation and accountability program committee on April 22, 2009, at 08:22 hours; and

(b) "LEAP Document 2" means the school year salary allocations for certificated administrative staff and classified staff and derived and total base salaries for certificated instructional staff as developed by the legislative evaluation and accountability program committee on April 22, 2009, at 08:22 hours.

(3) Incremental fringe benefit factors shall be applied to salary adjustments at a rate of 14.43 percent for school year 2009-10 and 14.43 percent for school year 2010-11 for certificated staff and for classified staff 16.58 percent for school year 2009-10 and 16.58 percent for the 2010-11 school year.

(4)(a) Pursuant to RCW 28A.150.410, the following state-wide salary allocation schedules for certificated instructional staff are established for basic education salary allocations:

(b) As used in this subsection, the column headings "BA+(N)" refer to the number of credits earned since receiving the baccalaureate degree.
(c) For credits earned after the baccalaureate degree but before the masters degree, any credits in excess of forty-five credits may be counted after the masters degree. Thus, as used in this subsection, the column headings "MA+(N)" refer to the total of:
(i) Credits earned since receiving the masters degree; and
(ii) Any credits in excess of forty-five credits that were earned after the baccalaureate degree but before the masters degree.
(5) For the purposes of this section:
(a) "BA" means a baccalaureate degree.
(b) "MA" means a masters degree.
(c) "PHD" means a doctorate degree.
(d) "Years of service" shall be calculated under the same rules adopted by the superintendent of public instruction.
(e) "Credits" means college quarter hour credits and equivalent in-service credits computed in accordance with RCW 28A.415.020 and 28A.415.023.
(6) No more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in this act, or any replacement schedules and documents, unless:
(a) The employee has a masters degree; or
(b) The credits were used in generating state salary allocations before January 1, 1992.
(7) The certificated instructional staff base salary specified for each district in LEAP Document 2 and the salary schedules in subsection (4)(a) of this section include one learning improvement day for the 2009-10 school year and zero learning improvement days for the 2010-11 school year. A school district is eligible for the learning improvement day funds only if the learning improvement day has been added to the 180-day contract year. If fewer days are added, the additional learning improvement allocation shall be adjusted accordingly. The additional day shall be limited to specific activities identified in the state required school improvement plan related to improving student learning that are consistent with education reform implementation, and shall not be considered part of basic education. The principal in each school shall assure that the days are used to provide the necessary school-wide, all staff professional development that is tied directly to the school improvement plan. The school principal and the district superintendent shall maintain documentation as to their approval of these activities. The length of a learning improvement day shall not be less than the length of a full day under the base contract. The superintendent of public instruction shall ensure that school districts adhere to the intent and purposes of this subsection.
(8) The salary allocation schedules established in this section are for allocation purposes only except as provided in RCW 28A.400.200(2).
Sec. 504. 2009 c 564 s 504 (uncodified) is amended to read as follows:
FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SCHOOL EMPLOYEE COMPENSATION ADJUSTMENTS
General Fund--State Appropriation (FY 2010)    ($4,215,000)
($4,414,000)
General Fund--State Appropriation (FY 2011)    ($14,172,000)
$1,862,000)
General Fund--Federal Appropriation    ($1,000)
 TOTAL APPROPRIATION    ($6,277,000)

The appropriations in this section are subject to the following conditions and limitations:
(1)(a) Additional salary adjustments as necessary to fund the base salaries for certificated instructional staff as listed for each district in LEAP Document 2, defined in section 503(2)(b) of this act. Allocations for these salary adjustments shall be provided to all districts that are not grandfathered to receive salary allocations above the statewide salary allocation schedule, and to certain grandfathered districts to the extent necessary to ensure that salary allocations for districts that are currently grandfathered do not fall below the statewide salary allocation schedule.

(b) Additional salary adjustments to certain districts as necessary to fund the per full-time-equivalent salary allocations for certificated administrative staff as listed in LEAP Document 2, defined in section 503(2)(b) of this act. These adjustments shall ensure a minimum salary allocation for certificated administrative staff of $57,986 in the 2009-10 school year and $57,986 in the 2010-11 school year.

(c) Additional salary adjustments to certain districts as necessary to fund the per full-time-equivalent salary allocations for classified staff as listed for each district in LEAP Document 2, defined in section 503(2)(b) of this act. These salary adjustments ensure a minimum salary allocation for classified staff of $31,865 in the 2009-10 school year and $31,865 in the 2010-11 school year.

(d) The appropriations in this subsection (1) include associated incremental fringe benefit allocations at rates 13.79 percent for the 2009-10 school year and 13.79 percent for the 2010-11 school year.

(e) The appropriations in this section include the increased or decreased portion of salaries and incremental fringe benefits for all relevant state-funded school programs in part V of this act. Changes for general apportionment (basic education) are based on the salary allocation schedules and methodology in sections 502 and 503 of this act. Changes for special education result from changes in each district’s basic education allocation per student. Changes for educational service districts and institutional education programs are determined by the superintendent of public instruction using the methodology for general apportionment salaries and benefits in sections 502 and 503 of this act. The appropriations in this section provide incremental fringe benefit alterations based on formula adjustments as follows:

General Fund–State Appropriation (FY 2011) ($307,070,000)
$296,741,000

TOTAL APPROPRIATION ($614,427,000)
$613,846,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Each general fund fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.
(2) A maximum of $878,000 of this fiscal year 2010 appropriation and a maximum of $(892,000) of the fiscal year 2011 appropriation may be expended for regional transportation coordinators and related activities. The transportation coordinators shall ensure that data submitted by school districts for state transportation funding shall, to the greatest extent practical, reflect the actual transportation activity of each District.

(3) Allocations for transportation of students shall be based on reimbursement rates of $48.15 per weighted mile in the 2009-10 school year and $(48.37) per weighted mile in the 2010-11 school year exclusive of salary and benefit adjustments provided in section 504 of this act. Allocations for transportation of students transported more than one radius mile shall be based on weighted miles as determined by the superintendent of public instruction multiplied by the per mile reimbursement rates for the school year pursuant to the formulas adopted by the superintendent of public instruction. Allocations for transportation of students living within one radius mile shall be based on the number of enrolled students in grades kindergarten through five living within one radius mile of their assigned school multiplied by the per mile reimbursement rate for the school year multiplied by 1.29.

(4) The office of the superintendent of public instruction shall provide reimbursement funding to a school district only after the superintendent of public instruction determines that the school bus was purchased from the list established pursuant to RCW 28A.160.195(2) or a comparable competitive bid process based on the lowest price quote based on similar bus categories to those used to establish the list pursuant to RCW 28A.160.195.

(5) The superintendent of public instruction shall base depreciation payments for school district buses on the pre-sales tax five-year average of lowest bids in the appropriate category of bus. In the final year on the depreciation schedule, the depreciation payment shall be based on the lowest bid in the appropriate bus category for that school year.

(6) Funding levels in this section reflect reductions from the implementation of Substitute House Bill No. 1292 (authorizing waivers from the one hundred eighty-day school year requirement in order to allow four-day school weeks).

Sec. 506. 2009 c 564 s 506 (uncodified) is amended to read as follows:

$632,131,000
General Fund–State Appropriation (FY 2011) $(652,388,000)

Education Legacy Trust Account–State Appropriation $756,000
TOTAL APPROPRIATION $(1,950,155,000)
$1,948,742,000

The appropriations in this section are subject to the following conditions and limitations:
(1) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.155.360. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education excess cost allocation funded in this section.
(2)(a) The superintendent of public instruction shall ensure that:
(i) Special education students are basic education students first;
(ii) As a class, special education students are entitled to the full basic education allocation; and
(iii) Special education students are basic education students for the entire school day.
(b) The superintendent of public instruction shall continue to implement the full cost method of excess cost accounting, as designed by the committee and recommended by the superintendent, pursuant to section 501(1)(k), chapter 372, Laws of 2006.
Each fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

The superintendent of public instruction shall distribute state funds to school districts based on two categories: (a) The first category includes (i) children birth through age two who are eligible for the mandatory program for special education eligible developmentally delayed infants and toddlers, and (ii) students eligible for the mandatory special education program and who are age three or four, five and five not yet enrolled in kindergarten; and (b) the second category includes students who are eligible for the mandatory special education program and who are age five and enrolled in kindergarten and students age six through 21.

For the 2009-10 and 2010-11 school years, the superintendent shall make allocations to each district based on the sum of:

- A district's annual average headcount enrollment of students age birth through four and those five year olds not yet enrolled in kindergarten, as defined in subsection (4) of this section, multiplied by the district's average basic education allocation per full-time equivalent student, multiplied by 1.15; and
- A district's annual average full-time equivalent basic education enrollment multiplied by the funded enrollment percent determined pursuant to subsection (6)(b) of this section, multiplied by the district's average basic education allocation per full-time equivalent student multiplied by 0.9309.

(b) For purposes of this subsection, "average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 and shall not include enhancements, secondary vocational education, or small schools.

(6) The definitions in this subsection apply throughout this section.

(a) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district as part of an interdistrict cooperative program (RCW 28A.225.250).

(b) "Enrollment percent" means the district's resident special education annual average enrollment, excluding the birth through age four enrollment and those five year olds not yet enrolled in kindergarten, as a percent of the district's annual average full-time equivalent basic education enrollment.

Each district's general fund--state funded special education enrollment shall be the lesser of the district's actual enrollment percent or 12.7 percent.

(7) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be calculated in accordance with subsection (6)(b) of this section, and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(8) To the extent necessary, $73,668,000 of the general fund--state appropriation and $29,574,000 of the general fund--federal appropriation are provided for safety net awards for districts with demonstrated needs for special education funding beyond the amounts provided in subsection (5) of this section. If the federal safety net awards based on the federal eligibility threshold exceed the federal appropriation in this subsection (8) in any fiscal year, the superintendent shall expend all available federal discretionary funds necessary to meet this need. Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall consider unmet needs for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas. In the determination of need, the committee shall also consider additional available revenues from federal sources. Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards. In the determination of need, the committee shall require that districts demonstrate that they are maximizing their eligibility for all state and federal revenues related to services for special education-eligible students. Awards associated with (b) and (c) of this subsection shall not exceed the total of a district's specific determination of need.

(b) The committee shall then consider the extraordinary high cost needs of one or more individual special education students. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(c) Using criteria developed by the committee, the committee shall then consider extraordinary costs associated with communities that draw a larger number of families with children in need of special education services. The safety net awards to school districts shall be adjusted to reflect amounts awarded under (b) of this subsection.

(d) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(e) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(f) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent in accordance with chapter 318, Laws of 1999. The state safety net oversight committee shall ensure that safety net documentation and awards are based on current medicaid revenue amounts.

(9) The superintendent of public instruction may adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. Prior to revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature.

(10) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) One staff from the office of superintendent of public instruction;

(b) Staff of the office of the state auditor who shall be nonvoting members of the committee; and

(c) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

(12) A maximum of $678,000 may be expended from the general fund--state appropriations to fund 5.43 full-time equivalent aides at children's orthopedic hospital and medical center. This amount is in lieu of money provided through the home and hospital allocation and the special education program.
(13) The superintendent shall maintain the percentage of federal flow-through to school districts at 85 percent. In addition to other purposes, school districts may use increased federal funds for high-cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.

(14) A school district may carry over from one year to the next year up to 10 percent of the general fund--state funds allocated under this program; however, carryover funds shall be expended in the special education program.

(15) $262,000 of the general fund--state appropriation for fiscal year 2010 and $251,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for two additional full-time equivalent staff to support the work of the safety net committee and to provide training and support to districts applying for safety net awards.

(2) The department, through the sole authority of the office or its successor organization, shall maintain a program where telecommunications relay services of a human or electronic nature will be provided to connect hearing impaired, deaf-blind, or speech impaired persons with persons who do not have a hearing or speech impairment. Such telecommunications relay services shall provide the ability for an individual who has a hearing or speech impairment to engage in voice, tactile, or visual communication by wire or radio with a hearing individual in a manner that is functionally equivalent to the ability of an individual who does not have a hearing or speech impairment to communicate using voice or visual communication services by wire or radio subject to subsection (4)(b) of this section.

(3) The telecommunications relay service and equipment distribution program may operate in such a manner as to provide communications transmission opportunities that are capable of incorporating new technologies that have demonstrated benefits consistent with the intent of this chapter and are in the best interests of the citizens of this state.

(4) The office shall administer and control the award of money to all parties incurring costs in implementing and maintaining telecommunications services, programs, equipment, and technical support services according to this section. The relay system providers and telecommunications equipment vendors shall be selected on the basis of cost-effectiveness and utility to the greatest extent possible under the program and technical specifications established by the office.

(a) To the extent funds are available under the then-current rate and not otherwise held in reserve or required for other purposes authorized by this chapter, the office may award contracts for communications and related services and equipment for hearing impaired or speech impaired individuals accessing or receiving services provided by, or contracted for, the department to meet access obligations under Title 2 of the federal Americans with disabilities act or related federal regulations.

(b) The office shall perform its duties under this section with the goal of achieving functional equivalency of access to and use of telecommunications services similar to the enjoyment of access to and use of such services experienced by an individual who does not have a hearing or speech impairment only to the extent that funds are available under the then-current rate and not otherwise held in reserve or required for other purposes authorized by this chapter.

(5) The program shall be funded by a telecommunications relay service (TRS) excise tax applied to each switched access line provided by the local exchange companies. The office shall determine, in consultation with the office's program advisory committee, the budget needed to fund the program on an annual basis, including both operational costs and a reasonable amount for capital improvements such as equipment upgrade and replacement. The budget proposed by the office, together with documentation and supporting materials, shall be submitted to the office of financial management for review and approval. The approved budget shall be given by the department in an annual budget to the department of revenue no later than March 1st prior to the beginning of the fiscal year. The department of revenue shall then determine the amount of telecommunications relay service excise tax to be placed on each switched access line and shall inform local exchange companies and the utilities and transportation commission of this amount no later than May 1st. The department of revenue shall determine the amount of telecommunications relay service excise tax to be collected in the following fiscal year by dividing the total of the program budget, as submitted by the office, by the total number of switched access lines in the prior calendar year, as reported to the department of revenue under chapter 82.14B RCW, and shall not exercise any further oversight of the program under this subsection other than administering the collection of the telecommunications relay service excise tax as provided in RCW 82.72.010 through 82.72.090. "Switched access line" has the meaning provided in RCW 82.14B.020.

(6) The telecommunications relay service program and equipment vendors shall provide services and equipment consistent with the requirements of federal law for the operation of both interstate and intrastate telecommunications services for the hearing impaired or speech

(1) From time to time, but at least once each year, the state treasurer shall refund from the motor vehicle fund one percent of the motor vehicle fuel tax revenues collected under chapter 82.36 RCW, based on a tax rate of: (a) Nineteen cents per gallon of motor vehicle fuel from July 1, 2003, through June 30, 2005; (b) twenty cents per gallon of motor vehicle fuel from July 1, 2005, through June 30, 2007; (c) twenty-one cents per gallon of motor vehicle fuel from July 1, 2007, through June 30, 2009; (d) twenty-two cents per gallon of motor vehicle fuel from July 1, 2009, through June 30, 2011; and (e) twenty-three cents per gallon of motor vehicle fuel beginning July 1, 2011, and thereafter, less proper deductions for refunds and costs of collection as provided in RCW 46.68.090.

(2) The treasurer shall place these funds in the general fund as follows:

(a) Thirty-six percent shall be credited to the ORV and nonhighway vehicle account and administered by the department of natural resources solely for acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities, and information programs and maintenance of nonhighway roads;

(b) Three and one-half percent shall be credited to the ORV and nonhighway vehicle account and administered by the department of fish and wildlife solely for the acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities and the maintenance of nonhighway roads;

(c) Two percent shall be credited to the ORV and nonhighway vehicle account and administered by the parks and recreation commission solely for the acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities; and

(d) Fifty-eight and one-half percent shall be credited to the nonhighway and off-road vehicle activities program account to be administered by the board for planning, acquisition, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities and for education, information, and law enforcement programs. The funds under this subsection shall be expended in accordance with the following limitations:

(i) Not more than thirty percent may be expended for education, information, and law enforcement programs under this chapter;

(ii) Not less than seventy percent may be expended for ORV, nonmotorized, and nonhighway road recreation facilities. Except as provided in (d)(iii) of this subsection, of this amount:

(iii) Not less than thirty percent may be expended for ORV, nonmotorized, and nonhighway road recreation facilities; and

(B) Not less than thirty percent may be expended for nonmotorized recreation facilities. Funds expended under this subsection (2)(d)(ii)(B) shall be known as Ira Spring outdoor recreation facilities funds; and

(3) On a yearly basis an agency may not, except as provided in RCW 46.09.110, expend more than ten percent of the funds it receives under this chapter for general administration expenses incurred in carrying out this chapter.

(4) During the 2009-2011 fiscal biennium, the legislature may appropriate such amounts as reflect the excess fund balance in the NOVA account to the department of natural resources to install consistent off-road vehicle signage at department-managed recreation sites, and to implement the recreation opportunities on department-managed lands in the Reiter block and Ahtanum state forest, and to the state parks and recreation commission. The legislature funds that the appropriation of funds from the NOVA account during the 2009-2011 fiscal biennium for maintenance and operation of state parks (§ § 921) or to improve accessibility for boaters and off-road vehicle users (§ § 921) at state parks will benefit boaters and off-road vehicle users and others who use nonhighway and nonmotorized recreational facilities. The appropriations (§ § 921) under this subsection are not required to follow the specific distribution specified in subsection (2) of this section.

Sec. 921. RCW 66.08.170 and 2009 c 564 s 947 are each amended to read as follows:

There shall be a fund, known as the "liquor revolving fund", which shall consist of all license fees, permit fees, penalties, forfeitures, and all other moneys, income, or revenue received by the board. The state treasurer shall be custodian of the fund. All moneys received by the board or any employee thereof, except for change funds and an amount of petty cash as fixed by the board within the authority of law shall be deposited each day in a depository approved by the state treasurer and transferred to the state treasurer to be credited to the liquor revolving fund. During the 2009-2011 fiscal biennium, the legislature may transfer funds from the liquor revolving fund to the state general fund and may direct an additional amount of liquor profits to be distributed to local governments. Neither the transfer of funds nor the additional distribution of liquor profits to local governments during the 2009-2011 fiscal biennium may reduce the excess fund distributions that otherwise would occur under RCW 66.08.190. Licensee sales are exempt from any increases to the price of liquor made by the board during the 2009-2011 fiscal biennium for the purpose of implementing any transfers to the state general fund or additional distribution of liquor profits. This exemption includes price increases implemented for such purposes during the 2009-2011 fiscal biennium prior to the effective date of this section but applies only to sales made on or after July 1, 2010. Disbursements from the revolving fund shall be on authorization of the board or a duly authorized representative thereof. In order to maintain an effective expenditure and revenue control the liquor revolving fund shall be subject in all respects to chapter 43.88 RCW but no appropriation shall be required to permit expenditures and payment of obligations from such fund.

Sec. 922. RCW 67.70.044 and 2009 c 576 s 1 are each amended to read as follows:

(1) Pursuant to RCW 67.70.040(1)(a), the commission may enter into the multistate agreement establishing a shared game lottery known as "The Big Game," that was entered into by party state lotteries in August 1996 and subsequently amended and a shared game lottery known as "Powerball."

(2) The shared game lottery account is created as a separate account outside the state treasury. The account is managed, maintained, and controlled by the commission and consists of all revenues received from the sale of shared game lottery tickets or shares, and all other moneys credited or transferred to it from any other fund or source under law. The account is alloted according to chapter 43.88 RCW. During the 2009-2011 fiscal biennium, the legislature may transfer funds from the shared game lottery account to the education legacy trust account such amounts as reflect the excess fund balance of the account.

Sec. 923. RCW 67.70.230 and 1985 c 375 s 4 are each amended to read as follows:

There is hereby created and established a separate account, to be known as the state lottery account. Such account shall be managed, maintained, and controlled by the commission and shall consist of all revenues received from the sale of shared game lottery tickets or shares, and all other moneys credited or transferred thereto from any other fund or source pursuant to law. The account shall be a separate account outside the state treasury. No appropriation is required to permit expenditures and payment of obligations from the account. During the 2009-2011 fiscal biennium, the legislature may transfer from the state lottery account to the department of natural resources to install consistent off-road vehicle signage at department managed lands in the Reiter block and Ahtanum state forest, and to the state parks and recreation commission. The legislature funds that the appropriation of funds from the state lottery account during the 2009-2011 fiscal biennium for maintenance and operation of state parks (§ § 921) or to improve accessibility for boaters and off-road vehicle users (§ § 921) at state parks will benefit boaters and off-road vehicle users and others who use nonhighway and nonmotorized recreational facilities. The appropriations (§ § 921) under this subsection are not required to follow the specific distribution specified in subsection (2) of this section.

Sec. 924. RCW 70.93.180 and 2009 c 564 s 950 are each amended to read as follows:

(1) There is hereby created an account within the state treasury to be known as the "waste reduction, recycling, and litter control account". Moneys in the account may be spent only after appropriation. Expenditures from the waste reduction, recycling, and litter control account shall be used as follows:

(a) Fifty percent to the department of ecology, for use by the departments of ecology, natural resources, revenue, transportation, and corrections, and the parks and recreation commission, for use in litter collection programs, to be distributed under RCW 70.93.220. The amount to the department of ecology shall also be used for a central coordination function for litter control efforts statewide, for the biennial litter survey under RCW 70.93.200(8), and for statewide public awareness programs under RCW 70.93.200(7). The amount to the department shall also be used to defray the costs of administering the funding, coordination, and oversight of local government programs for waste reduction, litter control, and recycling, so that local governments can apply one hundred percent of their funding to achieving program goals. The amount to the department of revenue shall be used to enforce compliance with the litter tax imposed in chapter 82.19 RCW; and

(b) Twenty percent to the department for local government funding programs for waste reduction, litter control, and recycling activities by cities and counties under RCW 70.93.250, to be administered by the department of ecology; and

(c) Thirty percent to the department of ecology for waste reduction and recycling efforts.

(2) All taxes imposed in RCW 82.19.010 and fines and bail forfeitures collected or received pursuant to this chapter shall be deposited in the waste reduction, recycling, and litter control account and used for the programs under subsection (1) of this section.

(3) Not less than five percent and no more than ten percent of the amount appropriated into the waste reduction, recycling, and litter control account every biennium shall be reserved for capital needs, including the purchase of vehicles for transporting crews and for collecting litter and solid waste. Capital funds shall be distributed among state agencies and local governments according to the same criteria provided in RCW 70.93.220 for the remainder of the funds, so that the most effective waste reduction, litter control, and recycling programs receive the most
funding. The intent of this subsection is to provide funds for the purchase of equipment that will enable the department to account for the greatest return on investment in terms of reaching a zero litter goal.

(4) During the 2009-2011 fiscal biennium, the legislature may transfer from the waste reduction, recycling, and litter control account to the state general fund such amounts as reflect the excess fund balance of the account. (For purposes of subsection (1) of this section, this transfer shall be treated as an expenditure for litter collection.) Additionally, during the 2009-2011 fiscal biennium, subsection (1) of this section is suspended.

The primary purpose of these grants is to facilitate the participation by persons and organizations in the investigation and remedying of releases or threatened releases of hazardous substances and to implement the state's solid and hazardous waste management priorities. Special Account Salary/Insurance Increase Account--State Revolving Account Appropriation $111,554,000

To facilitate the transfer of moneys from dedicated funds and accounts, the state treasurer is directed to transfer sufficient moneys in an amount not to exceed $68,554,000 from each dedicated fund or account to the special salary/insurance increase account in accordance with schedules provided by the office of financial management. During the 2009-11 fiscal biennium, the board may only authorize benefit plans and premium contributions for an employee and the employee's dependents that are the same, regardless of an employee's status as represented or nonrepresented under the personnel system reform act of 2002.

(c) The health care authority shall deposit any moneys received on behalf of the uniform medical plan as a result of rebates on prescription drugs, audits of hospitals, subrogation payments, or any other moneys recovered as a result of prior uniform medical plan claims payments, into the public employees' and retirees' insurance account to be used for insurance benefits. Such receipts shall not be used for administrative expenditures.

(d) The conditions in this section apply to benefits for nonrepresented employees, employees represented by the super coalition, and represented employees outside of the super coalition, including employees represented under chapter 47.64 RCW.

(4) The health care authority, subject to the approval of the public employees' benefits board, shall provide subsidies for health benefit premiums to eligible retired or disabled public employees and school district employees who are eligible for medicare, pursuant to RCW 41.05.085. MESSAGE FROM THE SENATE

March 6, 2010

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2420 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that:
(a) Washington's forest products industry plays a critical economic and environmental role in the state. The industry provides a wide range of services and goods both to Washingtonians and people around the world and is vital to the well-being and lifestyle of the people of the state of Washington; and
(b) It is in the best interest of the state to support and enhance the forest products industry.
(2) The legislature further finds that the state's forest practices are sustainably managed according to some of the most stringent riparian growing and harvest rules of any state in the nation or in the world, and that the state of Washington has received fifty-year assurances from the federal government that the state's forest practices satisfy the requirements of the federal endangered species act for aquatic species. As part of their environmental stewardship, forestlandowners in Washington have repaired or removed nearly three thousand fish passage barriers, returned nearly twenty-five hundred miles of forest roads to their natural condition, and opened up nearly fifteen hundred miles of riparian salmonid habitat.

(3) The legislature further finds that Washington's forests naturally create habitat for fish and wildlife, clean water, and carbon storage; all environmental benefits that are lost when land is converted out of working forestry into another use. In recognition of forestry's benefits, the international panel on climate change has reported that a sustainable forest management strategy aimed at maintaining or increasing forest carbon stocks, while producing an annual sustained yield of timber, fiber, wood products, or energy from the forest, will generate the largest sustained carbon mitigation benefit.

(4) The legislature further finds that the forest products industry is a seventeen billion dollar industry, making it Washington's second largest manufacturing industry. The forest products industry alone provides nearly forty-five thousand direct jobs and one hundred sixty-two thousand indirect jobs, many located in rural areas.

(5) The legislature further finds that working forests help generate wealth through recreation and tourism, the retention and creation of green jobs, and through the production of wood products and energy, a finding supported by the United States Secretary of Agriculture.

Sec. 2. RCW 43.330.310 and 2008 c 14 s 9 are each amended to read as follows:

(1) The legislature establishes a comprehensive green economy jobs growth initiative based on the goal of, by 2020, increasing the number of green economy jobs to twenty-five thousand from the eight thousand four hundred green economy jobs the state had in 2004.

(2) The department, in consultation with the employment security department, the state workforce training and education coordinating board, the state board (or boards) for community and technical colleges, and the higher education coordinating board, shall develop a defined list of terms, consistent with current workforce and economic development terms, associated with green economy industries and jobs.

(3)(a) The employment security department, in consultation with the department, the state workforce training and education coordinating board, the state board for community and technical colleges, and the higher education coordinating board, shall develop a defined list of terms, consistent with current workforce and economic development terms, associated with green economy industries and jobs.

(b) The University of Washington business and economic development center shall: Analyze the current opportunities for and participation in the green economy by minority and women-owned business enterprises in Washington; identify existing barriers to their successful participation in the green economy; and develop strategies with specific policy recommendations to improve their successful participation in the green economy. The research may be informed by the research of the Puget Sound regional council prosperity partnership, as well as other entities. The University of Washington business and economic development center shall report to the appropriate committees of the house of representatives and the senate on their research, analysis, and recommendations by December 1, 2008.

(4) Based on the findings from subsection (3) of this section, the employment security department, in consultation with the department and taking into account the requirements and goals of chapter 14, Laws of 2008 and other state clean energy and energy efficiency policies, shall propose which industries will be considered high-demand green industries, based on current and projected job creation and their strategic importance to the development of the state's green economy. The employment security department and the department shall take into account what jobs within green economy industries will be considered high-wage occupations and occupations that are part of career pathways to the same, based on family-sustaining wage and benefits ranges. These designations, and the results of the employment security department's broader labor market research, shall inform the planning and strategic direction of the department, the state workforce training and education coordinating board, the state board for community and technical colleges, and the higher education coordinating board.

(5) The department shall identify emerging technologies and innovations that are likely to contribute to advancements in the green economy, including the activities in designated innovation partnership zones established in RCW 43.330.270.

(6) The department, consistent with the priorities established by the state economic development commission, shall:

(a) Develop targeting criteria for existing investments, and make recommendations for new or expanded financial incentives and comprehensive strategies, to recruit, retain, and expand green economy industries and small businesses; and

(b) Make recommendations for new or expanded financial incentives and comprehensive strategies to stimulate research and development of green technology and innovation, including designating innovation partnership zones linked to the green economy.

(7) For the purposes of this section, "target populations" means (a) entry-level or incumbent workers in high-demand green industries who are in, or are preparing for, high-wage occupations; (b) dislocated workers in declining industries who may be retrained for high-wage occupations in high-demand green industries; (c) dislocated agriculture, timber, or energy sector workers who may be retrained for high-wage occupations in high-demand green industries; (d) eligible veterans or national guard members; (e) disadvantaged populations; or (f) anyone eligible to participate in the state opportunity grant program under RCW 28B.50.271.

(8) The legislature directs the state workforce training and education coordinating board to create and pilot green industry skill panels. These panels shall consist of business representatives from: Green industry sectors (including, but not limited to, forest product companies, companies engaged in energy efficiency and renewable energy production, companies engaged in pollution prevention, reduction, and mitigation, and companies engaged in green building work and green transportation); labor unions representing workers in those industries or labor affiliates administering state-approved, joint apprenticeship programs or labor-management partnership programs that train workers for these industries; state and local veterans agencies; employer associations; educational institutions; and local workforce development center shall: Analyze the current opportunities for and participation in the green economy by minority and women-owned business enterprises in Washington; identify existing barriers to their successful participation in the green economy; and develop strategies with specific policy recommendations to improve their successful participation in the green economy. The research may be informed by the research of the Puget Sound regional council prosperity partnership, as well as other entities. The University of Washington business and economic development center shall report to the appropriate committees of the house of representatives and the senate on their research, analysis, and recommendations by December 1, 2008.

(4) Based on the findings from subsection (3) of this section, the employment security department, in consultation with the department and taking into account the requirements and goals of chapter 14, Laws of 2008 and other state clean energy and energy efficiency policies, shall propose which industries will be considered high-demand green industries, based on current and projected job creation and their strategic importance to the development of the state's green economy. The employment security department and the department shall take into account what jobs within green economy industries will be considered high-wage occupations and occupations that are part of career pathways to the same, based on family-sustaining wage and benefits ranges. These designations, and the results of the employment security department's broader labor market research, shall inform the planning and strategic direction of the department, the state workforce training and education coordinating board, the state board for community and technical colleges, and the higher education coordinating board.

(5) The department shall identify emerging technologies and innovations that are likely to contribute to advancements in the green economy, including the activities in designated innovation partnership zones established in RCW 43.330.270.

(6) The department, consistent with the priorities established by the state economic development commission, shall:

(a) Develop targeting criteria for existing investments, and make recommendations for new or expanded financial incentives and comprehensive strategies, to recruit, retain, and expand green economy industries and small businesses; and

(b) Make recommendations for new or expanded financial incentives and comprehensive strategies to stimulate research and development of green technology and innovation, including designating innovation partnership zones linked to the green economy.

(7) For the purposes of this section, "target populations" means (a) entry-level or incumbent workers in high-demand green industries who are in, or are preparing for, high-wage occupations; (b) dislocated workers in declining industries who may be retrained for high-wage occupations in high-demand green industries; (c) dislocated agriculture, timber, or energy sector workers who may be retrained for high-wage occupations in high-demand green industries; (d) eligible veterans or national guard members; (e) disadvantaged populations; or (f) anyone eligible to participate in the state opportunity grant program under RCW 28B.50.271.

(8) The legislature directs the state workforce training and education coordinating board to create and pilot green industry skill panels. These panels shall consist of business representatives from: Green industry sectors (including, but not limited to, forest product companies, companies engaged in energy efficiency and renewable energy production, companies engaged in pollution prevention, reduction, and mitigation, and companies engaged in green building work and green transportation); labor unions representing workers in those industries or labor affiliates administering state-approved, joint apprenticeship programs or labor-management partnership programs that train workers for these industries; state and local veterans agencies; employer associations; educational institutions; and local workforce development center shall: Analyze the current opportunities for and participation in the green economy by minority and women-owned business enterprises in Washington; identify existing barriers to their successful participation in the green economy; and develop strategies with specific policy recommendations to improve their successful participation in the green economy. (b) A person who violates this section while an order of
suspension or revocation prohibiting such operation is in effect and
while the person is not eligible to reinstate his or her driver's license

government, or any other state, of an offense substantially similar to a
violation included in this subsection.

(c) A person who violates this section when his or her driver's
license or driving privilege is, at the time of the violation, suspended

for the future as provided by chapter 46.29 RCW, (iii) the person has
failed to comply with the provisions of chapter 46.29 RCW relating to
uninsured accidents, (iv) the person has failed to respond to a notice
of traffic infraction, failed to appear at a requested hearing, violated a
written promise to appear in court, or has failed to comply with the
terms of a notice of traffic infraction or citation, as provided in RCW
46.20.289. (v) the person has committed an offense in another state
that, if committed in this state, would not be grounds for the

(2) Upon receiving a record of conviction of any person or upon receiving an order by any juvenile court or any duly authorized court officer of the conviction of any juvenile under this section, the department shall:

(a) For a conviction of driving while suspended or revoked in the first degree, as provided by subsection (1)(a) of this section, extend the period of administrative revocation imposed under chapter 46.65 RCW for an additional period of one year from and after the date the person would otherwise have been entitled to apply for a new license or have his or her driving privilege restored; or

(b) For a conviction of driving while suspended or revoked in the second degree, as provided by subsection (1)(b) of this section, not issue a new license or restore the driving privilege for an additional period of one year from and after the date the person would otherwise have been entitled to apply for a new license or have his or her driving privilege restored; or

(c) Not extend the period of suspension or revocation if the conviction was under subsection (1)(c) of this section. If the conviction was under subsection (1)(a) or (b) of this section and the court recommends against the extension and the convicted person has obtained a valid driver's license, the period of suspension or revocation shall not be extended.

Sec. 5. RCW 46.63.110 and 2009 c 479 s 39 are each amended to read as follows:

(1) A person found to have committed a traffic infraction shall be assessed a monetary penalty. No penalty may exceed two hundred and fifty dollars for each offense unless authorized by this chapter or title.

(2) The monetary penalty for a violation of (a) RCW 46.55.105(2) is two hundred fifty dollars for each offense; (b) RCW 46.61.210(1) is five hundred dollars for each offense. No penalty assessed under this subsection (2) may be reduced.

(3) The supreme court shall prescribe by rule a schedule of monetary penalties for designated traffic infractions. This rule shall also specify the conditions under which local courts may exercise discretion in assessing fines and penalties for traffic infractions. The legislature respectfully requests the supreme court to adjust this schedule every two years for inflation.

(4) There shall be a penalty of twenty-five dollars for failure to respond to a notice of traffic infraction except where the infraction relates to parking as defined by local law, ordinance, regulation, or resolution or failure to restore a monetary penalty imposed pursuant to this chapter. A local legislative body may set a monetary penalty not to exceed twenty-five dollars for failure to respond to a notice of traffic infraction relating to parking as defined by local law, ordinance, regulation, or resolution. The local court, whether a municipal, police, or district court, shall impose the monetary penalty set by the local legislative body.

(5) Monetary penalties provided for in chapter 46.70 RCW which are civil in nature and penalties which may be assessed for violations of chapter 46.44 RCW relating to size, weight, and load of motor vehicles are not subject to the limitation on the amount of monetary penalties which may be imposed pursuant to this chapter.

(6) Whenever a monetary penalty, fee, cost, assessment, or other monetary obligation is imposed by a court under this chapter it is immediately payable. If the court determines, in its discretion, that a person is not able to pay a monetary obligation in full, and not more than one year has passed since the later of July 1, 2005, or the date the monetary obligation initially became due and payable, the court shall enter into a payment plan with the person, unless the person has previously been granted a payment plan with respect to the same monetary obligation, or unless the person is in noncompliance of any existing or prior payment plan, in which case the court may, at its discretion, implement a payment plan. If the court has notified the department that the person has failed to pay or comply and the person has subsequently entered into a payment plan and made an initial payment, the court shall notify the department that the infraction has been adjudicated, and the department shall rescind any suspension of the person's driver's license or driver's privilege based on failure to respond to that infraction. "Payment plan," as used in this section, means a plan that requires reasonable payments based on the financial ability of the person to pay. The person may voluntarily pay an amount at any time in addition to the payments required under the payment plan.

(a) If a payment required to be made under the payment plan is delinquent or the person fails to complete a community restitution program on or before the time established under the payment plan, unless the court determines good cause therefor and adjusts the payment plan or the community restitution plan accordingly, the court shall notify the department of the person's failure to meet the conditions of the plan, and the department shall suspend the person's driver's license or driving privilege until all monetary obligations, including those imposed under subsections (3) and (4) of this section, have been paid, and court authorized community restitution has been completed, or until the department has been notified that the court has entered into a new time payment or community restitution agreement with the person.

(b) If a person has not entered into a payment plan with the court and has not paid the monetary obligation in full on or before the time established for payment, the court shall notify the department of the delinquency. The department shall suspend the person's driver's license or driving privilege until all monetary obligations have been paid, including those imposed under subsections (3) and (4) of this section, or until the person has entered into a payment plan under this section.

(c) If the payment plan is to be administered by the court, the court may assess the person a reasonable administrative fee to be wholly retained by the city or county with jurisdiction. The administrative fee shall not exceed ten dollars per infraction or twenty-five dollars per payment plan, whichever is less.

(d) Nothing in this section precludes a court from contracting with outside entities to administer its payment plan system. When outside entities are used for the administration of a payment plan, the court may assess the person a reasonable fee for such administrative services, which fee may be calculated on a periodic, percentage, or other basis.

(e) If a court authorized community restitution program for offenders is available in the jurisdiction, the court may allow conversion of all or part of the monetary obligations due under this section to court authorized community restitution in lieu of time payments if the person is unable to make reasonable time payments.

(7) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction shall be assessed:

(a) A fee of five dollars per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the emergency medical services and trauma care system trust account under RCW 70.168.040;

(b) A fee of ten dollars per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the Washington auto theft prevention authority account; and
(c) A fee of two dollars per infraction. Revenue from this fee shall be forwarded to the state treasurer for deposit in the traumatic brain injury account established in RCW 74.31.060.

(8)(a) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction other than of RCW 46.61.527 or 46.61.212 shall be assessed an additional penalty of twenty dollars. The court may not reduce, waive, or suspend the additional penalty unless the court finds the offender to be indigent. If a court authorized community restitution program for offenders is available in the jurisdiction, the court shall allow offenders to offset all or a part of the penalty due under this subsection (8) by participation in the court authorized community restitution program.

(b) Eight dollars and fifty cents of the additional penalty under (a) of this subsection shall be remitted to the state treasurer. The remaining revenue from the additional penalty must be remitted under chapters 2.08, 3.46, 3.50, 3.62, and 35.20 RCW. Money remitted under this subsection to the state treasurer must be deposited in the state general fund. The balance of the revenue received by the county or city treasurer under this subsection must be deposited into the county or city current expense fund. Moneys retained by the city or county under this subsection shall constitute reimbursement for any liabilities under RCW 43.135.060.

(9) If a legal proceeding, such as garnishment, has commenced to collect any delinquent amount owed by the person for any penalty imposed by the court under this section, the court may, at its discretion, enter into a payment plan.

(10) The monetary penalty for violating RCW 46.37.395 is: (a) Two hundred fifty dollars for the first violation; (b) five hundred dollars for the second violation; and (c) seven hundred fifty dollars for each violation thereafter.

**MESSAGE FROM THE SENATE**

March 6, 2010

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2538 with the following amendment:

Strike everything after the enacting clause and insert the following:

`NEW SECTION. Sec. 1. It is the intent of the legislature to encourage high-density, compact, in-fill development and redevelopment within existing urban areas in order to further existing goals of chapter 36.70A RCW, the growth management act, to promote the use of public transit and encourage further investment in transit systems, and to contribute to the reduction of greenhouse gas emissions by: (1) Encouraging local governments to adopt plans and regulations that authorize high-density urban development as defined in section 2 of this act; (2) providing for the funding and preparation of environmental impact statements that comprehensively examine the impacts of such development at the time that the plans and regulations are adopted; and (3) encouraging development that is consistent with such plans and regulations by precluding appeals under chapter 43.21C RCW.

NEW SECTION. Sec. 2. A new section is added to chapter 43.21C RCW to read as follows:

(1) Cities with a population greater than five thousand, in accordance with their existing comprehensive planning and development regulation authority under chapter 36.70A RCW, and in accordance with this section, may adopt optional elements of their comprehensive plans and optional development regulations that apply within specified subareas of the cities, that are either:

(a) Areas designated as mixed-use or urban centers in a land use or transportation plan adopted by a regional transportation planning organization; or

(b) Areas within one-half mile of a major transit stop that are zoned to have an average minimum density of fifteen dwelling units or more per gross acre;

(2) Cities located on the east side of the Cascade mountains and located in a county with a population of two hundred thirty thousand or less, in accordance with their existing comprehensive planning and development regulation authority under chapter 36.70A RCW, and in accordance with this section, may adopt optional elements of their comprehensive plans and optional development regulations that apply within the mixed-use or urban centers. The optional elements of their comprehensive plans and optional development regulations must enhance pedestrian, bicycle, transit, or other nonvehicular transportation methods.

(3) A major transit stop is defined as:

(a) A stop on a high capacity transportation service funded or expanded under the provisions of chapter 81.104 RCW;

(b) Commuter rail stops;

(c) Stops on rail or fixed guideway systems, including transitways;

(d) Stops on bus rapid transit routes or routes that run on high occupancy vehicle lanes; or

(e) Stops for a bus or other transit mode providing fixed route service at intervals of at least thirty minutes during the peak hours of operation.

(4) A city that elects to adopt such an optional comprehensive plan element and optional development regulations shall prepare a nonproject environmental impact statement, pursuant to RCW 43.21C.030, assessing and disclosing the probable significant adverse environmental impacts of the optional comprehensive plan element and development regulations and of future development that is consistent with the plan and regulations.

(b) At least one community meeting must be held on the proposed subarea plan before the scoping notice for such a nonproject environmental impact statement is issued. Notice of scoping for such a nonproject environmental impact statement and notice of the community meeting required by this section must be mailed to all property owners of record within the subarea to be studied, to all property owners within one hundred fifty feet of the boundaries of such a subarea, to all affected federally recognized tribal governments whose ceded area is within one-half mile of the boundaries of the subarea, and to agencies with jurisdiction over the future development anticipated within the subarea.

(c) In cities with over five hundred thousand residents, notice of scoping for such a nonproject environmental impact statement and notice of the community meeting required by this section must be mailed to all small businesses as defined in RCW 19.85.020, and to all community preservation and development authorities established under chapter 43.167 RCW, located within the subarea to be studied or within one hundred fifty feet of the boundaries of such subarea. The process for community involvement must have the goal of fair treatment and meaningful involvement of all people with respect to the development and implementation of the subarea planning process.

(d) The notice of the community meeting must include general illustrations and descriptions of buildings generally representative of the maximum building envelope that will be allowed under the proposed plan and indicate that future appeals of proposed developments that are consistent with the plan will be limited. Notice of the community meeting must include signs located on major travel routes in the subarea. If the building envelope increases during the
process, another notice complying with the requirements of this section must be issued before the next public involvement opportunity.

(c) Any person that has standing to appeal the adoption of this subarea plan or the implementing regulations under RCW 36.70A.280 has standing to bring an appeal of the nonproject environmental impact statement required by this subsection.

(f) Cities with over five hundred thousand residents shall prepare a study that accompanies or is appended to the nonproject environmental impact statement, but must not be part of that statement, that analyzes the extent to which the proposed subarea plan may result in the displacement or fragmentation of existing businesses, existing residents, including people living with poverty, families with children, and intergenerational households, or cultural groups within the proposed subarea plan. The city shall also discuss the results of the analysis at the community meeting.

(h) As an incentive for development authorized under this section, a city shall consider establishing a transfer of development rights program in consultation with the county where the city is located, that conserves county-designated agricultural and forest land of long-term commercial significance. If the city decides not to establish a transfer of development rights program, the city must state in the record the reasons for not adopting the program. The city's decision not to establish a transfer of development rights program is not subject to appeal. Nothing in this subsection (4)(g) may be used as a basis to challenge the optional comprehensive plan or subarea plan policies authorized under this section.

(5)(a) Until July 1, 2018, a proposed development that is consistent with the optional comprehensive plan or subarea plan policies and development regulations adopted under subsection (1) or (2) of this section and that is environmentally reviewed under subsection (4) of this section may not be challenged in administrative or judicial appeals for noncompliance with this chapter as long as a complete application for such a development that vests the application or would later lead to vested status under city or state law is submitted to the city within a time frame established by the city, but not to exceed ten years from the date of issuance of the final environmental impact statement.

(b) After July 1, 2018, the immunity from appeals under this chapter of any application that vests or will vest under this subsection or the ability to vest under this subsection is still valid, provided that the final subarea environmental impact statement is issued by July 1, 2018. After July 1, 2018, a city may continue to collect reimbursement fees under subsection (6) of this section for the proportionate share of a subarea environmental impact statement issued prior to July 1, 2018.

(6) It is recognized that a city that prepares a nonproject environmental impact statement under subsection (4) of this section must endure a substantial financial burden. A city may recover its reasonable expenses of preparation of a nonproject environmental impact statement prepared under subsection (4) of this section through access to financial assistance under RCW 36.70A.490 or funding from private sources. In addition, a city is authorized to recover a portion of its reasonable expenses of preparation of such a nonproject environmental impact statement by the assessment of reasonable and proportionate fees upon subsequent development that is consistent with the plan and development regulations adopted under subsection (5) of this section, as long as the development makes use of and benefits, as described in subsection (5) of this section, from the nonproject environmental impact statement prepared by the city. Any assessment fees collected from subsequent development may be used to reimburse funding received from private sources. In order to collect such fees, the city must enact an ordinance that sets forth objective standards for determining how the fees to be imposed upon each development will be proportionate to the impacts of each development and to the benefits accruing to each development from the nonproject environmental impact statement. Any disagreement about the reasonableness or amount of the fees imposed upon a development may not be the basis for delay in issuance of a project permit for that development. The fee assessed by the city may be paid with the written stipulation "paid under protest" and if the city provides for an administratively appeal of its decision on the project for which the fees are imposed, any dispute about the amount of the fees must be resolved in the same administrative appeal process.

(7) If a proposed development is inconsistent with the optional comprehensive plan or subarea plan policies and development regulations adopted under subsection (1) of this section, the city shall require additional environmental review in accordance with this chapter.

Sec. 3. RCW 82.02.020 and 2009 c 535 s 1103 are each amended to read as follows:

Except only as expressly provided in chapters 67.28, 81.104, and 82.14 RCW, the state preempts the field of imposing retail sales and use taxes and taxes upon pari-mutuel wagering authorized pursuant to RCW 67.16.060, conveyances, and cigarettes, and no county, town, or other municipal corporation can demonstrate are reasonably necessary as a direct result of the proposed development or plat to which the dedication of land or easement is to apply.

This section does not prohibit voluntary agreements with counties, cities, towns, or other municipal corporations that allow a payment in lieu of a dedication of land or easements within the proposed development or plat which the county, city, town, or other municipal corporation can demonstrate are reasonably necessary as a direct result of the proposed development or plat to which the dedication of land or easement is to apply.

This section does not limit the existing authority of any county, city, town, or other municipal corporation to impose special...
assessments on property specifically benefitted thereby in the manner prescribed by law.

Nothing in this section prohibits counties, cities, or towns from imposing or permits counties, cities, or towns to impose water, sewer, natural gas, drainage utility, and drainage system charges. However, no such charge shall exceed the proportionate share of such utility or system's capital costs which the county, city, or town can demonstrate are attributable to the property being charged. Furthermore, these provisions may not be interpreted to expand or contract any existing authority of counties, cities, or towns to impose such charges.

Nothing in this section prohibits a transportation benefit district from imposing fees or charges authorized in RCW 36.73.120 nor prohibits the legislative authority of a county, city, or town from approving the imposition of such fees within a transportation benefit district.

Nothing in this section prohibits counties, cities, or towns from imposing transportation impact fees authorized pursuant to chapter 39.92 RCW.

Nothing in this section prohibits counties, cities, or towns from requiring property owners to provide relocation assistance to tenants under RCW 59.18.440 and 59.18.450.

Nothing in this section limits the authority of counties, cities, or towns to implement programs consistent with RCW 36.70A.540, nor to enforce agreements made pursuant to such programs.

This section does not apply to special purpose districts formed and acting pursuant to Title 54, 57, or 87 RCW, nor is the authority conferred by these titles affected."

On page 1, line 1 of the title, after "development;" strike the remainder of the title and insert "amending RCW 82.02.020; adding a new section to chapter 43.21C RCW; and creating a new section."

**NEW SECTION.** Sec. 1. (1) The Washington institute for public policy shall, in collaboration with the department of social and health services and other applicable entities, undertake a search for a validated mental health assessment tool or combination of tools to be used by designated mental health professionals when undertaking assessments of individuals for detention, commitment, and revocation under the involuntary treatment act pursuant to chapter 71.05 RCW.

(2) This section expires June 30, 2011.

**NEW SECTION.** Sec. 2. A new section is added to chapter 71.05 RCW to read as follows:

(1) In determining whether a person is gravely disabled or presents a likelihood of serious harm, the court or evaluating designated mental health professional must consider the symptoms and behavior of the respondent in light of all available evidence or information concerning the respondent's historical behavior, as disclosed by the clinical record or credible witnesses with knowledge of the respondent.

(2) Symptoms or behavior which standing alone would not justify civil commitment may support an inference of grave disability or likelihood of serious harm when: (a) Such symptoms or behavior are closely associated with symptoms or behavior which preceded and led to a past incident of involuntary hospitalization, severe deterioration, or one or more violent acts; (b) these symptoms or behavior represent a marked and concerning change in the baseline behavior of the respondent; and (c) without treatment, the continued deterioration of the respondent is highly probable.

(2) The notice and documents referred to in subsection (1) of this section shall be provided as soon as possible and no later than one business day following the discharge of the person. Notice is not required under this section if the discharge is for the purpose of transferring the person for continued detention and treatment under this chapter at another treatment facility.

(3) The department shall maintain and make available an updated list of contact information for designated mental health professional offices around the state.

**NEW SECTION.** Sec. 4. Section 2 of this act is effective January 1, 2012.

(1) Before imposing any legal financial obligations upon a defendant who suffers from a mental health condition, other than restitution or the victim penalty assessment under RCW 7.68.035, a judge must first determine that the defendant, under the terms of this section, has the means to pay such additional sums.

(2) For the purposes of this section, a defendant suffers from a mental health condition when the defendant has been diagnosed with a mental disorder that prevents the defendant from participating in gainful employment, as evidenced by a determination of mental disability as the basis for the defendant's enrollment in a public assistance program, a record of involuntary hospitalization, or by competent expert evaluation.

**NEW SECTION.** Sec. 6. If specific funding for the purposes of sections 1 through 4 of this act, referencing this act by bill or chapter number, is not provided by June 30, 2010, in the omnibus appropriations act, sections 1 through 4 of this act are null and void.

SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House refused to concur in the Senate Amendment to ENGROSSED SUBSTITUTE HOUSE BILL NO. 2876 and asked the Senate for a conference thereon. The Speaker (Representative Morris presiding) appointed Representatives Cody, Hinkle and Moeller as conferees.

MESSAGE FROM THE SENATE

March 6, 2010

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1149 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that data breaches of credit and debit card information contribute to identity theft and fraud and can be costly to consumers. The legislature also recognizes that when a breach occurs, remedial measures such as reissuance of credit or debit cards affected by the breach can help to reduce the incidence of identity theft and associated costs to consumers. Accordingly, the legislature intends to encourage financial institutions to reissue credit and debit cards to consumers when appropriate, and to permit financial institutions to recoup data breach costs associated with the reissuance from large businesses and card processors who are negligent in maintaining or transmitting card data.

NEW SECTION. Sec. 2. A new section is added to chapter 19.255 RCW to read as follows:
(1) For purposes of this section:

(a) "Account information" means: (i) The full, unencrypted magnetic stripe of a credit card or debit card; (ii) the full, unencrypted account information contained on an identification device as defined under RCW 19.300.010; or (iii) the unencrypted primary account number on a credit card or debit card or identification device, plus any of the following if not encrypted: Cardholder name, expiration date, or service code.

(b) "Breach" has the same meaning as "breach of the security of the system" in RCW 19.255.010.

(c) "Business" means an individual, partnership, corporation, association, organization, government entity, or any other legal or commercial entity that processes more than six million credit card and debit card transactions annually, and who provides, offers, or sells goods or services to persons who are residents of Washington.

(d) "Credit card" has the same meaning as in RCW 9A.56.280.

(e) "Debit card" has the same meaning as in RCW 9A.56.280 and for the purposes of this section, includes a payroll debit card.

(f) "Encrypted" means enciphered or encoded using standards reasonable for the breached business or processor taking into account the business or processor's size and the number of transactions processed annually.

(g) "Financial institution" has the same meaning as in RCW 30.22.040.

(h) "Processor" means an individual, partnership, corporation, association, organization, government entity, or any other legal or commercial entity, other than a business as defined under this section, that directly processes or transmits account information for or on behalf of another person as part of a payment processing service.

(i) "Service code" means the three or four digit number in the magnetic stripe or on a credit card or debit card that is used to specify acceptance requirements or to validate the card.

(j) "Vendor" means an individual, partnership, corporation, association, organization, government entity, or any other legal or commercial entity that manufactures and sells software or equipment that is designed to process, transmit, or store account information or that maintains account information that it does not own.

(2) Processors, businesses, and vendors are not liable under this section if (a) the account information was encrypted at the time of the breach, or (b) the processor, business, or vendor was certified compliant with the payment card industry data security standards adopted by the payment card industry security standards council, and in force at the time of the breach. A processor, business, or vendor will be considered compliant, if its payment card industry data security compliance was validated by an annual security assessment, and if this assessment took place no more than one year prior to the time of the breach. For the purposes of this subsection (2), a processor, business, or vendor's security assessment of compliance is nonreversible. The nonreversibility of a processor, business, or vendor's security assessment of compliance is only for the purpose of determining a processor, business, or vendor's liability under this subsection (2).

(3)(a) If a processor or business fails to take reasonable care to guard against unauthorized access to account information that is in the possession or under the control of the business or processor, and the failure is found to be the proximate cause of a breach, the processor or business is liable to a financial institution for reimbursement of reasonable actual costs related to the reissuance of credit cards and debit cards that are incurred by the financial institution to mitigate potential current or future damages to its credit card and debit card holders that reside in the state of Washington as a consequence of the breach, even if the financial institution has not suffered a physical injury in connection with the breach. In any legal action brought pursuant to this subsection, the prevailing party is entitled to recover its reasonable attorneys' fees and costs incurred in connection with the legal action.

(b) A vendor, instead of a processor or business, is liable to a financial institution for the damages described in (a) of this subsection to the extent that the damages were proximately caused by the vendor's negligence and if the claim is not limited or foreclosed by another provision of law or by a contract to which the financial institution is a party.

(4) Nothing in this section may be construed as preventing or foreclosing any entity responsible for handling account information on behalf of a business or processor from being made a party to an action under this section.

(5) Nothing in this section may be construed as preventing or foreclosing a processor, business, or vendor from asserting any defense otherwise available to it in an action including, but not limited to, defenses of contract, or of contributory or comparative negligence.

(6) In cases to which this section applies, the trier of fact shall determine the percentage of the total fault which is attributable to every entity which was the proximate cause of the claimant's damages.

(7) The remedies under this section are cumulative and do not restrict any other right or remedy otherwise available under law, however a trier of fact may reduce damages awarded to a financial institution by any amount the financial institution recovers from a credit card company in connection with the breach, for costs associated with access card reissuance.

NEW SECTION. Sec. 3. This act takes effect July 1, 2010.

NEW SECTION. Sec. 4. This act applies prospectively only. This act applies to any breach occurring on or after the effective date of this section."

On page 1, line 1 of the title, after "security;" strike the remainder of the title and insert "adding a new section to chapter 19.255 RCW; creating new sections; and providing an effective date."

and the same is herewith transmitted.

MESSAGE FROM THE SENATE
March 6, 2010

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1714 with the following amendment:

"NEW SECTION. Sec. 1. (1) The insurance commissioner shall prepare and submit a report to the legislature related to the performance of the small group health plan market and the association health plan market. To the extent that the data needed to complete the report are not readily available, the commissioner may require carriers to submit aggregated data for the small group health plans and association health plans underwritten or administered by the carrier, for each calendar year 2005 through 2008. Data submitted shall not identify specific small group plans or association health plans, and the report shall not identify specific small group or association health plans or present data in a manner that allows identification of specific plans. Carriers who underwrite or administer an association health plan that covers fewer than ten thousand lives in any year reported may, at their own expense, contract with a third party to aggregate and report the information required under this section with that of other carriers who qualify for this option. The data must be reported separately for the carrier's small group health plan block of business and association health plan block of business, and must include the following information:

(a) The number of persons residing in Washington state who receive health benefit coverage through each block of business, including the number of persons enrolled in the plans on the first day and last day of each year, the number of persons enrolled in the plans during each year, and the number of persons who terminated enrollment in the plans during each year;

(b) The calendar year-end enrollment of each block of business, by age group using five-year increments beginning with age twenty and ending with age sixty-five, and the average age of persons covered in each block of business;

(c) The calendar year-end enrollment of each block of business by employer size for each year, reporting by groups of two to five, six to ten, eleven to twenty-five, twenty-six to fifty, fifty-one to one hundred, and more than one hundred;

(d) The annual calendar year earned premium and incurred claims for each block of business;

(e) For the association health plan block of business, the number of association health plans that limit eligibility for health plan coverage to employer groups of a minimum size, or that limit eligibility for health plan coverage to a subset of the industries that the association sponsoring the health plan was established to serve, and the percentage of health plan enrollees for whom each of the following elements is used in setting health plan rates:

(i) Claims experience;

(ii) Employer group size; or

(iii) Health status factors.

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1714 with the following amendment:
(2) In fulfilling the requirements of subsection (1) of this section the commissioner may adopt rules necessary to implement the data submission administrative process under this section, including the format, timing of data reporting, data standards, instructions, definitions, and data sources. The commissioner is prohibited from collecting data from carriers if any rules necessary to implement the data submission administrative process have not been adopted.

(3) The commissioner must allow carriers a minimum of ninety days to submit data once carriers have received instructions.

(4) For the purposes of this subsection, the terms "association health plan" and "association plan" shall include all member-governed group health plans and multiple employer welfare arrangements and any other arrangement to which two or more public or private employers, of which at least two are small employers, contribute to provide health care for their employees.

(5) Data, information, and documents provided by a carrier pursuant to this section are exempt from public inspection and copying under RCW 48.02.120 and chapters 42.17 and 42.56 RCW.

(6) The commissioner may enter into a personal services contract with a third-party contractor to assist with the analysis of the data described in subsection (1) of this section without having to comply with the restrictions set forth in sections 602 and 605, chapter 3, Laws of 2010. The third-party experts that prepare the analysis and report for the insurance commissioner shall submit the report directly to the appropriate committees of the legislature and the insurance commissioner. The report shall be submitted to the legislature no later than October 1, 2011.

(7) This section expires September 30, 2011.

Sec. 2. RCW 42.56.400 and 2009 c 104 s 23 are each amended to read as follows:

The following information relating to insurance and financial institutions is exempt from disclosure under this chapter:

MESSAGE FROM THE SENATE

March 6, 2010

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1956 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that there are many homeless persons in our state that are in need of shelter and other services that are not being provided by the state and local governments. The legislature also finds that in many communities, religious organizations play an important role in providing needed services to the homeless, including the provision of shelter upon property owned by the religious organization. By providing such shelter, the religious institutions in our communities perform a valuable public service that, for many, offers a temporary, stop-gap solution to the larger social problem of increasing numbers of homeless persons.

This act provides guidance to cities and counties in regulating homeless encampments within the community, but still leaves those entities with broad discretion to protect the health and safety of its citizens. It is the hope of this legislature that local governments and religious organizations can work together and utilize dispute resolution processes without the need for litigation.

NEW SECTION. Sec. 2. A new section is added to chapter 36.01 RCW to read as follows:

(1) A religious organization may host temporary encampments for the homeless on property owned or controlled by the religious organization whether within buildings located on the property or elsewhere on the property outside of buildings.

(2) A county may not enact an ordinance or regulation or take any other action that:

(a) Imposes conditions other than those necessary to protect public health and safety and that do not substantially burden the decisions or actions of a religious organization regarding the location of homeless persons housed on property owned by a religious organization; or

(b) Requires a religious organization to obtain insurance pertaining to the liability of a municipality with respect to homeless persons housed on property owned by a religious organization or otherwise requires the religious organization to indemnify the municipality against such liability; or

(c) Imposes permit fees in excess of the actual costs associated with the review and approval of the required permit applications.

(3) For the purposes of this section, "religious organization" means the federally protected practice of a recognized religious assembly, school, or institution that owns or controls real property.

(4) An appointed or elected public official, public employee, or public agency as defined in RCW 4.24.470 is immune from civil liability for (a) damages arising from the permitting decisions for a temporary encampment for the homeless as provided in this section and (b) any conduct or unlawful activity that may occur as a result of the temporary encampment for the homeless as provided in this section.

NEW SECTION. Sec. 3. A new section is added to chapter 35.21 RCW to read as follows:

(1) A religious organization may host temporary encampments for the homeless on property owned or controlled by the religious organization whether within buildings located on the property or elsewhere on the property outside of buildings.

(2) A city or town may not enact an ordinance or regulation or take any other action that:

(a) Imposes conditions other than those necessary to protect public health and safety and that do not substantially burden the decisions or actions of a religious organization regarding the location of housing or shelter for homeless persons on property owned by the religious organization; or

(b) Requires a religious organization to obtain insurance pertaining to the liability of a municipality with respect to homeless persons housed on property owned by a religious organization or otherwise requires the religious organization to indemnify the municipality against such liability; or

(c) Imposes permit fees in excess of the actual costs associated with the review and approval of the required permit applications.

(3) For the purposes of this section, "religious organization" means the federally protected practice of a recognized religious assembly, school, or institution that owns or controls real property.

(4) An appointed or elected public official, public employee, or public agency as defined in RCW 4.24.470 is immune from civil liability for (a) damages arising from the permitting decisions for a temporary encampment for the homeless as provided in this section and (b) any conduct or unlawful activity that may occur as a result of the temporary encampment for the homeless as provided in this section.

NEW SECTION. Sec. 4. A new section is added to chapter 35A.21 RCW to read as follows:

(1) A religious organization may host temporary encampments for the homeless on property owned or controlled by the religious organization whether within buildings located on the property or elsewhere on the property outside of buildings.

(2) A county may not enact an ordinance or regulation or take any other action that:

(a) Imposes conditions other than those necessary to protect public health and safety and that do not substantially burden the decisions or actions of a religious organization regarding the location of housing or shelter for homeless persons on property owned by the religious organization; or

(b) Requires a religious organization to obtain insurance pertaining to the liability of a municipality with respect to homeless persons housed on property owned by a religious organization or otherwise requires the religious organization to indemnify the municipality against such liability; or

(c) Imposes permit fees in excess of the actual costs associated with the review and approval of the required permit applications.

(3) For the purposes of this section, "religious organization" means the federally protected practice of a recognized religious assembly, school, or institution that owns or controls real property.

(4) An appointed or elected public official, public employee, or public agency as defined in RCW 4.24.470 is immune from civil liability for (a) damages arising from the permitting decisions for a temporary encampment for the homeless as provided in this section and (b) any conduct or unlawful activity that may occur as a result of the temporary encampment for the homeless as provided in this section.
(4) An appointed or elected public official, public employee, or public agency as defined in RCW 42.47.010 is immune from civil liability for (a) damages arising from the permitting decisions for a temporary encampment for the homeless as provided in this section and (b) any conduct or unlawful activity that may occur as a result of the temporary encampment for the homeless as provided in this section.

NEW SECTION. Sec. 5. Nothing in this act is intended to change applicable law or be interpreted to prohibit a county, city, town, or code city from applying zoning and land use regulations allowable under established law to real property owned by a religious organization, regardless of whether the property owned by the religious organization is used to provide shelter or housing to homeless persons.

NEW SECTION. Sec. 6. Nothing in this act supersedes a court ordered consent decree or other negotiated settlement between a public agency and religious organization entered into prior to July 1, 2010, for the purposes of establishing a temporary encampment for the homeless as provided in this act.

On page 1, line 2 of the title, after “church;” strike the remainder of the title and insert “adding a new section to chapter 36.01 RCW; adding a new section to chapter 35.21 RCW; adding a new section to chapter 35A.21 RCW; and creating new sections.”

...and the same is herewith transmitted.

that literal application of this chapter works a manifestly unreasonable
hardship and if it also finds that the suspension or modification will
not frustrate the purposes of the chapter. The commission shall find
that a manifestly unreasonable hardship exists if reporting the name of
an entity required to be reported under RCW 42.17.241(1)(g)(ii)
would be likely to adversely affect the competitive position of any
entity in which the person filing the report or any member of his or
her immediate family holds any office, directorship, general
partnership interest, or an ownership interest of ten percent or more.
Any suspension or modification shall be only to the extent necessary

the standards established in this section. No initial request may be

holding an office or position of employment different from the office
or position held when the initial request was granted. The

under this section within one year from the date of the entry of the
order; and

(11) Revise, at least once every five years but no more often than
every two years, the monetary reporting thresholds and reporting code
values of this chapter. The revisions shall be only for the purpose of
recognizing economic changes as reflected by an inflationary index
recommended by the office of financial management. The revisions
shall be guided by the change in the index for the period commencing
with the month of December preceding the last revision and
concluding with the month of December preceding the month
the revision is adopted. As to each of the three general categories of
this chapter (reports of campaign finance, reports of lobbyist activity, and
reports of the financial affairs of elected and appointed officials), the
revisions shall equally affect all thresholds within each category.
Revisions shall be adopted as rules under chapter 34.05 RCW.
The first revision authorized by this subsection shall reflect economic
changes from the time of the last legislative enactment affecting the
respective code or threshold through December 1985;

(12) Develop and provide to filers a system for certification of
reports required under this chapter which are transmitted by facsimile
or electronically to the commission. Implementation of the program
is contingent on the availability of funds.

NEW SECTION. Sec. 304. SUSPENSION OR
MODIFICATION OF REPORTING REQUIREMENTS. (1) The
commission may suspend or modify any of the reporting
requirements of this chapter if it finds that literal application of
this chapter works a manifestly unreasonable hardship in a particular
case and the suspension or modification will not frustrate the purposes
of this chapter. The commission may suspend or modify reporting
requirements only after a hearing is held and the suspension or
modification receives approval from a majority of the commission.
The commission shall act to suspend or modify any reporting
requirements:

(a) Only if it determines that facts exist that are clear and
convincing proof of the findings required under this section; and
(b) Only to the extent necessary to substantially relieve the
hardship.

(2) A manifestly unreasonable hardship exists if reporting
the name of an entity required to be reported under RCW
42.17.241(1)(g)(ii) (as recodified by this act) would be likely to
adversely affect the competitive position of any entity in which the
person filing the report, or any member of his or her immediate
family, holds any office, directorship, general partnership interest, or
an ownership interest of ten percent or more.

(3) Requests for renewals of reporting modifications may be
heard in a brief adjudicative proceeding as set forth in RCW
34.05.482 through 34.05.494 and in accordance with the standards
established in this section. No initial request may be heard in a brief
adjudicative proceeding. No request for renewal may be heard in a
brief adjudicative proceeding if the initial request was granted more
than three years previously or if the applicant is holding an office
or position of employment different from the office or position held
when the initial request was granted.

county superior court to contest the propriety of any order entered under
this section within one year from the date of the entry of the order.

on changes in economic conditions as reflected in the inflationary
index (used by the commission under RCW 42.17.320) recommended
by the office of financial management. The new dollar amounts established by the commission under this section shall be
rounded off ((by the commission)) to amounts as judged most
convenient for public understanding and so as to be within ten percent
of the target amount equal to the base amount provided in this chapter
multiplied by the increase in the inflationary index since (December

(2) The commission may revise, at least once every five years but
no more often than every two years, the monetary reporting thresholds
and reporting code values of this chapter. The revisions shall be only
for the purpose of recognizing economic changes as reflected by an
inflationary index recommended by the office of financial
management. The revisions shall be guided by the change in the
index for the period commencing with the month of December
preceding the last revision and concluding with the month of December
preceding the month the revision is adopted. As to each of the three
general categories of this chapter, reports of campaign finance, reports of lobbyist activity, and reports of the financial affairs
of elected and appointed officials, the revisions shall equally affect all
thresholds within each category. The revisions shall be adopted as
rules under chapter 34.05 RCW. The first revision authorized by this
subsection shall reflect economic changes from the time of the last legislative enactment affecting the respective code or threshold through December 1985;

(3) Requests for renewals of reporting modifications may be
heard in a brief adjudicative proceeding as set forth in RCW
34.05.482 through 34.05.494 and in accordance with the standards
established in this section. No initial request may be heard in a brief
adjudicative proceeding. No request for renewal may be heard in a
brief adjudicative proceeding if the initial request was granted more
than three years previously or if the applicant is holding an office
or position of employment different from the office or position held
when the initial request was granted.

(4) Any citizen has standing to bring an action in Thurston
county superior court to contest the propriety of any order entered under
this section within one year from the date of the entry of the order.
