(f) The name and address of each person residing in the state of Washington or corporation (such) that has a place of business in the state of Washington who has made one or more contributions in the aggregate of more than twenty-five dollars to the out-of-state committee during the current calendar year, together with the money value and date of (such) the contributions;

(g) The name, address, and employer of each person or corporation residing outside the state of Washington who has made one or more contributions in the aggregate of more than two thousand five hundred dollars to the out-of-state committee during the current calendar year, together with the money value and date of (such) the contributions. (h) The name and address of each person in the state of Washington to whom an expenditure was made by the out-of-state committee with respect to a candidate or political committee in the aggregate amount of more than fifty dollars, the amount, date, and purpose of (such) the expenditure, and the total sum of (such) the expenditures; and

(i) (Such) Any other information as the commission may prescribe by rule in keeping with the policies and purposes of this chapter.

(2) Each statement shall be filed no later than the tenth day of the month following any month in which a contribution or other expenditure reportable under subsection (1) of this section is made. An out-of-state committee incurring an obligation to file additional statements in a calendar year may satisfy the obligation by timely filing reports that supplement previously filed information.

Sec. 412. RCW 42.17.100 and 1995 c 397 s 28 are each amended to read as follows:

(1) For the purposes of this section and RCW 42.17.550 (relative) (as recodified by this act), "independent expenditure" means any expenditure that is made in support of or in opposition to any candidate or ballot proposition and is not otherwise required to be reported pursuant to RCW 42.17.060, 42.17.080, or 42.17.090 (as recodified by this act). "Independent expenditure" does not include: An internal political communication primarily limited to the contributors to a political party organization or political action
the commission, or the officers, management staff, and stockholders of a corporation or similar enterprise, or the members of a labor organization or other membership organization; or the rendering of personal services of the sort commonly performed by volunteer campaign workers, or incidental expenses personally incurred by volunteer campaign workers not in excess of fifty dollars personally paid for by the worker. 'Volunteer services,' for the purposes of this section, means services or labor for which the individual is not compensated by any person.

(2) Within five days after the date of making an independent expenditure that by itself or when added to all other (subclass) independent expenditures made during the same election campaign by the same person equals one hundred dollars or more, or within five days after the date of making an independent expenditure for which no reasonable estimate of monetary value is practicable, whichever occurs first, the person who made the independent expenditure shall file with the commission and the county elections officer of the county of residence for the candidate supported or opposed by the independent expenditure (or in the case of an expenditure made in support of or in opposition to a local ballot proposition, the county of residence for the person making the expenditure) an initial report of all independent expenditures made during the campaign (paragraph) before and including such date.

(3) At the following intervals each person who is required to file an initial report pursuant to subsection (2) of this section shall file with the commission and the county elections officer of the county of residence for the candidate supported or opposed by the independent expenditure (or in the case of an expenditure made in support of or in opposition to a local ballot proposition, the county of residence for the person making the expenditure) a further report of all independent expenditures made since the date of the last report:

(a) On the twenty-first day and the seventh day preceding the date on which the election is held; and

(b) On the tenth day of the first month after the election; and

(c) On the tenth day of each month in which no other reports are required to be filed pursuant to this section. However, the further reports required by this subsection (3) shall only be filed if the reporting person has made an independent expenditure since the date of the last previous report filed.

(4) The report filed pursuant to ((paragraph (a) of this)) subsection (3)(a) of this section shall be the final report, and upon submitting such final report the duties of the reporting person shall cease, and there shall be no obligation to make any further reports.

((44)) (5) All reports filed pursuant to this section shall be certified as correct by the reporting person.

((45)) (6) Each report required by subsections (2) and (3) of this section shall disclose for the period beginning at the end of the period for the last previous report filed or, in the case of an initial report, beginning at the time of the first independent expenditure, and ending not more than one business day before the date the report is due:

(a) The name and address of the person filing the report;

(b) The name and address of each person to whom an independent expenditure was made in the aggregate amount of more than fifty dollars, and the amount, date, and purpose of each (subclass) expenditure. If no reasonable estimate of the monetary value of a particular independent expenditure is practicable, it is sufficient to report instead a precise description of services, property, or rights furnished through the expenditure, and where appropriate, to attach a copy of the item produced or distributed by the expenditure;

(c) The total sum of all independent expenditures made during the campaign to date; and

(d) Any other information ((as shall be required by)) the commission may require by rule ((in conformance with the policies and purposes of this chapter)).

Sec. 413. RCW 42.17.103 and 2005 c 445 s 7 are each amended to read as follows:

(2) If a sponsor is required to file a special report under this section, the sponsor shall also deliver to the commission within the delivery period established in subsection (1) of this section a special report for each subsequent independent expenditure of any size supporting or opposing the same candidate who was the subject of the previous independent expenditure, supporting or opposing that candidate's opponent, or supporting or opposing the same ballot proposition that was the subject of the previous independent expenditure.

(4) All persons required to report under RCW 42.17.065, 42.17.080, 42.17.090, 42.17.100, and 42.17.565 (as recodified by this act) are subject to the requirements of this section. The commission may determine that reports filed pursuant to this section also satisfy the requirements of RCW 42.17.100 (as recodified by this act).

PART 5

POLITICAL ADVERTISING AND ELECTIONEERING COMMUNICATIONS

Sec. 501. RCW 42.17.561 and 2005 c 445 s 1 are each amended to read as follows:

(1) The legislature finds that:
(445) (a) Timely disclosure to voters of the identity and sources of funding for electioneering communications is vitally important to the integrity of state, local, and judicial elections.

(445) (b) Electioneering communications that identify political candidates for state, local, or judicial office and that are distributed sixty days before an election for those offices are intended to influence voters and the outcome of those elections.

(445) (c) The state has a compelling interest in providing voters information about electioneering communications in political campaigns concerning candidates for state, local, or judicial office so that voters can be fully informed as to the: (i) Source of support or opposition to those candidates; and (ii) identity of persons attempting to influence the outcome of state, local, and judicial candidate elections.

(445) (d) Nondisclosure of financial information about advertising that masquerades as relating only to issues and not to candidate campaigns fosters corruption or the appearance of corruption. These consequences can be substantially avoided by full disclosure of the identity and funding of those persons paying for such advertising.

(445) (e) The United States supreme court held in McConnell et al. v. Federal Elections Commission, 540 U.S. 93, 124 S.Ct. 619, 157 L.Ed.2d 491 (2003) that speakers seeking to influence elections do not possess an inviolable free speech right to engage in electioneering communications regarding elections, including when issue advocacy is the functional equivalent of express advocacy. Therefore, such election campaign communications can be regulated and the source of funding disclosed.

(445) (f) The state (also) has a sufficiently compelling interest in preventing corruption in political campaigns to justify and restore contribution limits and restrictions on the use of soft money in RCW 42.17.640 (as recodified by this act). Those interests include restoring restrictions on the use of such funds for electioneering communications, as well as the laws preventing circumvention of those limits and restrictions.

(2) Based upon the findings in this section, chapter 445, Laws of 2005 is narrowly tailored to accomplish the following and is intended to:

(a) Improve the disclosure to voters of information concerning persons and entities seeking to influence state, local, and judicial campaigns through reasonable and effective mechanisms, including improving disclosure of the source, identity, and funding of electioneering communications concerning state, local, and judicial candidate campaigns;

(b) Regulate electioneering communications that mention state, local, and judicial candidates and that are broadcast, mailed, erected, distributed, or otherwise published right before the election so that the public knows who is paying for such communications;

(c) Reenact and amend the contribution limits in RCW 42.17.640 (7) and (15) (as recodified by this act) and the restrictions on the use of soft money, including as applied to electioneering communications, as those limits and restrictions were in effect following the passage of chapter 2, Laws of 1993 (Initiative Measure No. 134) and before the state supreme court decision in Washington State Republican Party v. Washington State Public Disclosure Commission, 141 Wn.2d 245, 4 P.3d 808 (2000). The commission is authorized to fully restore the implementation of the limits and restrictions of RCW 42.17.640 (7) and (15) (as recodified by this act) in light of McConnell et al. v. Federal Elections Commission, 540 U.S. 93, 124 S.Ct. 619, 157 L.Ed.2d 491 (2003). The United States supreme court upheld the disclosure and regulation of electioneering communications in political campaigns, including but not limited to issue advocacy that is the functional equivalent of express advocacy; and

(d)Authorize the commission to adopt rules to implement chapter 445, Laws of 2005.

Sec. 502. RCW 42.17.565 and 2005 c 445 s 3 are each amended to read as follows:

(1) A payment for or promise to pay for any electioneering communication shall be reported to the commission by the sponsor on forms the commission shall develop by rule to include, at a minimum, the following information:

(a) Name and address of the sponsor;

(b) Source of funds for the communication, including:

(i) General treasury funds. The name and address of businesses, unions, groups, associations, or other organizations using general treasury funds for the communication, however, if a business, union, group, association, or other organization undertakes a special solicitation of its members or other persons for an electioneering communication, or it otherwise receives funds for an electioneering communication, that entity shall report pursuant to (b)(ii) of this subsection;

(ii) Special solicitations and other funds. The name, address, and, for individuals, occupation and employer, of a person whose funds were used to pay for the electioneering communication, along with the amount, if such funds from the person have exceeded two hundred fifty dollars in the aggregate for the electioneering communication; and

(iii) Any other source information required or exempted by the commission by rule;

(c) Name and address of the person to whom an electioneering communication related expenditure was made;

(d) A detailed description of each expenditure of more than one hundred dollars;

(e) The date the expenditure was made and the date the electioneering communication was first broadcast, transmitted, mailed, erected, distributed, or otherwise published;

(f) The amount of the expenditure;

(g) The name of each candidate clearly identified in the electioneering communication, the office being sought by each candidate, and the amount of the expenditure attributable to each candidate; and

(h) Any other information the commission may require or exempt by rule.

(2) Electioneering communications shall be reported as follows:

The sponsor of an electioneering communication shall report to the commission within twenty-four hours of, or on the first working day after, the date the electioneering communication is broadcast, transmitted, mailed, erected, distributed, or otherwise published.

(3) Electioneering communications shall be reported electronically by the sponsor using software provided or approved by the commission. The commission may make exceptions on a case-by-case basis for a sponsor who lacks the technological ability to file reports using the electronic means provided or approved by the commission.

(4) All persons required to report under RCW 42.17.065, 42.17.080, 42.17.090, and 42.17.100 (as recodified by this act) are subject to the requirements of this section, although the commission may determine by rule that persons filing according to those sections may be exempt from reporting some of the information otherwise required by this section. The commission may determine that reports filed pursuant to this section also satisfy the requirements of RCW 42.17.100 and 42.17.103 (as recodified by this act).

(5) Failure of any sponsor to report electronically under this section shall be a violation of this chapter.

Sec. 503. RCW 42.17.570 and 2005 c 445 s 4 are each amended to read as follows:

(1) An electioneering communication made by a person in cooperation, consultation, or concert with, or at the request or suggestion of, a candidate, a candidate's authorized committee, or their agents is a contribution to the candidate.
(2) An electioneering communication made by a person in cooperation, consultation, or concert with, or at the request or suggestion of, a political committee or its agents is a contribution to the political committee.

(3) If an electioneering communication is not a contribution pursuant to subsection (1) or (2) of this section, the sponsor shall file an affidavit or declaration so stating at the time the sponsor is required to report the electioneering communication expense under RCW 42.17.565 (as recodified by this act).

Sec. 504. RCW 42.17.575 and 2005 c 445 s 5 are each amended to read as follows:

(1) The sponsor of an electioneering communication shall preserve all financial records relating to the communication, including books of account, bills, receipts, contributor information, and ledgers, for not less than five calendar years following the year in which the communication was broadcast, transmitted, mailed, erected, or otherwise published.

(2) All reports filed under RCW 42.17.565 (as recodified by this act) shall be certified as correct by the sponsor. If the sponsor is an individual using his or her own funds to pay for the communication, the certification shall be signed by the individual. If the sponsor is a political committee, the certification shall be signed by the committee treasurer. If the sponsor is another entity, the certification shall be signed by the individual responsible for authorizing the expenditure on the entity's behalf.

Sec. 505. RCW 42.17.510 and 2005 c 445 s 9 are each amended to read as follows:

(1) All written political advertising, whether relating to candidates or ballot propositions, shall include the sponsor's name and address. All radio and television political advertising, whether relating to candidates or ballot propositions, shall include the sponsor's name. The use of an assumed name for the sponsor of electioneering communications, independent expenditures, or political advertising shall be unlawful. For partisan office, if a candidate has expressed a party or independent preference on the declaration of candidacy, that party or independent designation shall be clearly identified in electioneering communications, independent expenditures, or political advertising.

(2) In addition to the (materials) information required by subsection (1) of this section, except as specifically addressed in subsections (4) and (5) of this section, all political advertising undertaken as an independent expenditure or an electioneering communication by a person or entity other than a bona fide political party (organization, and all electioneering communications) must include as part of the communication:

(b) Not be subject to the half-tone or screening process; and

(c) Be set apart from any other printed matter.

(4) In an independent expenditure or electioneering communication transmitted via television or other medium that includes a visual image, the following statement must either be clearly spoken, or appear in print and be visible for at least four seconds, appear in letters greater than four percent of the visual screen height, and have a reasonable color contrast with the background: "No candidate authorized this ad. Paid for by (name, city, state)." If the advertisement or communication is undertaken by a nonindividual other than a party organization, then the following notation must also be included: "Top Five Contributors" followed by a listing of the names of the five persons or entities making the largest contributions in excess of seven hundred dollars reportable under this chapter during the twelve-month period before the date of the advertisement. Abbreviations may be used to describe contributing entities if the full name of the entity has been clearly spoken previously during the broadcast advertisement.

(5) The following statement shall be clearly spoken in an independent expenditure or electioneering communication transmitted by a method that does not include a visual image: "No candidate authorized this ad. (6) Political yard signs are exempt from the requirement of subsections (1) and (2) of this section that the name and address of the sponsor of political advertising be listed on the advertising. In addition, the public disclosure commission shall, by rule, exempt from the identification requirements of subsections (1) and (2) of this section forms of political advertising such as campaign buttons, balloons, pens, pencils, sky-writing, inscriptions, and other forms of advertising where identification is impractical.

(7) For the purposes of this section, "yard sign" means any outdoor sign with dimensions no greater than eight feet by four feet.

Sec. 506. RCW 42.17.520 and 1984 c 216 s 2 are each amended to read as follows:

PART 6
CAMPAIGN CONTRIBUTION LIMITS AND OTHER RESTRICTIONS
Sec. 601. RCW 42.17.610 and 1993 c 2 s 1 are each amended to read as follows:
(1) The people of the state of Washington find and declare that:
((42)) (a) The financial strength of certain individuals or organizations should not permit them to exercise a disproportionate or controlling influence on the election of candidates,
((42)) (b) Rapidly increasing political campaign costs have led many candidates to raise larger percentages of money from special interests with a specific financial stake in matters before state government. This has caused the public perception that decisions of elected officials are being improperly influenced by monetary contributions.
((42)) (c) Candidates are raising less money in small contributions from individuals and more money from special interests. This has created the public perception that individuals have an insignificant role to play in the political process.
(2) By limiting campaign contributions, the people intend to:
(a) Ensure that individuals and interest groups have fair and equal opportunity to influence elective and governmental processes;
(b) Reduce the influence of large organizational contributors; and
(c) Restore public trust in governmental institutions and the electoral process.

Sec. 602. RCW 42.17.640 and 2006 c 348 s 1 are each amended to read as follows:
(1) The contribution limits in this section apply to:
(a) Candidates for (state) legislative office;
(b) Candidates for state office other than (state) legislative office;
(c) Candidates for county office in a county that has over two hundred thousand registered voters;

One or more of the following civil remedies and sanctions may be imposed by court order in addition to any other remedies provided by law:

Any action to void an election shall be commenced within one year of the date of the election in question. It is intended that this remedy be imposed freely in all appropriate cases to protect the right of the electorate to an informed and knowledgeable vote.

(2) If any lobbyist or sponsor of any grass roots lobbying campaign violates any of the provisions of this chapter, his or her registration may be revoked or suspended and he or she may be enjoined from receiving compensation or making expenditures for lobbying((. PROVIDED, HOWEVER, That)). The imposition of ((such)) a sanction shall not excuse ((such)) the lobbyist from filing statements and reports required by this chapter.

(3) ((Any)) A person who violates any of the provisions of this chapter may be subject to a civil penalty of not more than ten thousand dollars for each ((such)) violation. However, a person or entity who violates RCW 42.17.640 (as recodified by this act) may be subject to a civil penalty of ten thousand dollars or three times the amount of the contribution illegally made or accepted, whichever is greater.

(4) ((Any)) A person who fails to file a properly completed statement or report within the time required by this chapter may be subject to a civil penalty of ten dollars per day for each day each ((such)) delinquency continues.

(5) (Any) A person who fails to report a contribution or expenditure as required by this chapter may be subject to a civil penalty equivalent to the amount not reported as required.

(6) The court may enjoin any person to prevent the doing of any act herein prohibited, or to compel the performance of any act required herein.

Sec. 1002. RCW 42.17.395 and 2006 c 315 s 3 are each amended to read as follows:

(1) The commission may (a) determine whether an actual violation of this chapter has occurred; and (b) issue and enforce an appropriate order following such a determination.

(2) The commission, in cases where it chooses to determine whether an actual violation has occurred, shall hold a hearing pursuant to the administrative procedure act, chapter 34.05 RCW, to make ((such)) a determination. Any order that the commission issues under this section shall be pursuant to such a hearing.

(3) In lieu of holding a hearing or issuing an order under this section, the commission may refer the matter to the attorney general or other enforcement agency as provided in RCW 42.17.360 (as recodified by this act).

(4) The person against whom an order is directed under this section shall be designated as the respondent. The order may require the respondent to cease and desist from the activity that constitutes a violation and, in addition, or alternatively, may impose one or more of the remedies provided in RCW 42.17.390 (2) through (5) (as recodified by this act). No individual penalty assessed by the commission may exceed one thousand seven hundred dollars, and in any case where multiple violations are involved in a single complaint or hearing, the maximum aggregate penalty may not exceed four thousand two hundred dollars.

(5) An order issued by the commission under this section shall be subject to judicial review under the administrative procedure act, chapter 34.05 RCW. If the commission's order is not satisfied and no petition for review is filed within thirty days ((as provided in RCW 34.05.542)), the commission may petition a court of competent jurisdiction of any county in which a petition for review could be filed under that section, for an order of enforcement. Proceedings in connection with the commission's petition shall be in accordance with RCW 42.17.397 (as recodified by this act).

Sec. 1003. RCW 42.17.397 and 1989 c 175 s 92 are each amended to read as follows:

The following procedure shall apply in all cases where the commission has petitioned a court of competent jurisdiction for enforcement of any order it has issued pursuant to this chapter:

(1) A copy of the petition shall be served by certified mail directed to the respondent at his or her last known address. The court
shall issue an order directing the respondent to appear at a time designated in the order, not less than five days from the date thereof, and show cause why the commission's order should not be enforced according to its terms.

(2) The commission's order shall be enforced by the court if the respondent does not appear, or if the respondent appears and the court finds, pursuant to a hearing held for that purpose:

(a) That the commission's order is unsatisfied; (((such)))

(b) That the order is regular on its face; and

(c) That the respondent's answer discloses no valid reason why the commission's order should not be enforced or that the respondent had an appropriate remedy by review under RCW 34.05.570(3) and failed to avail himself or herself of that remedy without valid excuse.

(3) Upon appropriate application by the respondent, the court may, after hearing and for good cause, alter, amend, revise, suspend, or postpone all or part of the commission's order. In any case where the order is not enforced by the court according to its terms, the reasons for the court's actions shall be clearly stated in writing, and (((such))) the action shall be subject to review by the appellate courts by certiorari or other appropriate proceeding.

(4) The court's order of enforcement, when entered, shall have the same force and effect as a civil judgment.

(5) Notwithstanding RCW 34.05.578 through 34.05.590, this section is the exclusive method for enforcing an order of the commission.

Sec. 1004. RCW 42.17.400 and 2007 c 455 s 1 are each amended to read as follows:

(1) The attorney general and the prosecuting authorities of political subdivisions of this state may bring civil actions in the name of the state for any appropriate civil remedy, including but not limited to the special remedies provided in RCW 42.17.390 (as recodified by this act).

(2) The attorney general and the prosecuting authorities of political subdivisions of this state may investigate or cause to be investigated the activities of any person who there is reason to believe is or has been acting in violation of this chapter, and may require any such person or any other person reasonably believed to have information concerning the activities of such person to appear at a time and place designated in the county in which such person resides or is found, to give such information under oath and to produce all accounts, bills, receipts, books, papers and documents which may be relevant or material to any investigation authorized under this chapter.

(3) When the attorney general or the prosecuting authority of any political subdivision of this state requires the attendance of any person to obtain such information or (((the production of))) produce the accounts, bills, receipts, books, papers, and documents (((such))) that may be relevant or material to any investigation authorized under this chapter, he or she shall issue an order setting forth the time when and the place where attendance is required and shall cause the same to be delivered to or sent by registered mail to the person at least fourteen days before the date fixed for attendance. (((such))) The order shall have the same force and effect as a subpoena, shall be effective statewide, and, upon application of the attorney general or (((such))) the prosecuting authority, obedience to the order may be enforced by any superior court judge in the county where the person receiving it resides or is found, in the same manner as though the order were a subpoena. The court, after hearing, for good cause, and upon application of any person aggrieved by the order, shall have the right to alter, amend, revise, suspend, or postpone all or any part of its provisions. In any case where the order is not enforced by the court according to its terms, the reasons for the court's actions shall be clearly stated in writing, and (((such))) the action shall be subject to review by the appellate courts by certiorari or other appropriate proceeding.

(4) (((There))) A person who has notified the attorney general and the prosecuting attorney in the county in which the violation occurred in writing that there is reason to believe that some provision of this chapter is being or has been violated may himself or herself bring in the name of the state any of the actions (hereinafter referred to as a citizen's action) authorized under this chapter.

(a) This citizen action may be brought only if:

(i) The attorney general and the prosecuting attorney have failed to commence an action hereunder within forty-five days after (((such))) the notice;

(ii) (((such))) The person has thereafter further notified the attorney general and prosecuting attorney that (((such))) the person will commence a citizen's action within ten days upon its failure (((such))) to do so;

(iii) The attorney general and the prosecuting attorney have in fact failed to bring such action within ten days of receipt of said second notice; and

(iv) The citizen's action is filed within two years after the date when the alleged violation occurred.

(b) If the person who brings the citizen's action prevails, the judgment awarded shall escheat to the state, but he or she shall be entitled to be reimbursed by the state of Washington for costs and (((such))) attorneys' fees he or she has incurred (((provided))) that, in the case of a citizen's action (((such))) that is dismissed and (((such))) that the court also finds was brought without reasonable cause, the court may order the person commencing the action to pay all costs of trial and reasonable (((such))) attorneys' fees incurred by the defendant.

(5) In any action brought under this section, the court may award to the state all costs of investigation and trial, including (((a))) reasonable (((such))) attorneys' fee to be fixed by the court. If the violation is found to have been intentional, the amount of the judgment, which shall for this purpose include the costs, may be trebled as punitive damages. If damages or trebled damages are awarded in such an action brought against a lobbyist, the judgment may be awarded against the lobbyist, and the lobbyist's employer or employers joined as defendants, jointly, severally, or both. If the defendant prevails, he or she shall be awarded all costs of trial, and may be awarded (((such))) reasonable (((such))) attorneys' fee to be fixed by the court to be paid by the state of Washington.

(c) By submitting an application for registration on the brand name materials list, the applicant expressly consents to jurisdiction of the state of Washington in all matters related to the registration.

(d) Applications for registration on the brand name materials list are governed by chapter 34.05 RCW.

(3)(a) By applying for registration on the brand name materials list, the registrant expressly grants to the department or other organic certifying agent or inspection agent approved by the national organic program the right to enter the registrant's premises during normal business hours or at other reasonable times to:

A registered material that complies with a specific international or additional organic standard may also be registered as approved under that standard.

(6) Registration of a material on the brand name materials list under this chapter does not guarantee acceptance for use in organic production or processing by organic certifying agents other than the department. The department is not liable for any losses or damage that occurs as a result of use of a material registered on the brand name materials list.

(7) The director may deny, suspend, or revoke a registration on the brand name materials list if the director determines that a registrant has:

(a) Failed to meet the registration criteria established in this chapter or rules adopted pursuant to this chapter; or

(1) The state patrol shall by rule provide standards for the certification, installation, repair, maintenance, monitoring, inspection, and removal of ignition interlock devices, as defined under RCW 46.04.215, and equipment as outlined under this section, and may inspect the records and equipment of manufacturers and vendors during regular business hours for compliance with statutes and rules and may suspend or revoke certification for any noncompliance. The state patrol may only inspect ignition interlock devices in the vehicles of customers for proper installation and functioning when installation is being done at the vendors' place of business.

(2)(a) When a certified service provider or individual installer of ignition interlock devices is found to be out of compliance, the installation privileges of that certified service provider or individual installer may be suspended or revoked until the certified service provider or individual installer comes into compliance. Fuel cell technology is highly specific for alcohols.

(b) To be certified, an ignition interlock device must:
(i) Meet or exceed the minimum test standards according to rules adopted by the state patrol. Only a notarized statement from a laboratory that is certified by the international organization of standardization and is capable of performing the tests specified will be accepted as proof of meeting or exceeding the standards. Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 2481 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the utilization of forest biomass materials located on state lands will assist in achieving the purposes of the forest biomass energy demonstration project under RCW 43.30.835, facilitate and support the emerging forest biomass market and clean energy economy, and enable the department to encourage biomass energy development on state trust lands for the trust land's potential long-term benefits to trust beneficiaries. The legislature finds that biomass utilization on state forest lands must be accomplished in a manner that retains organic components of the forest necessary to restore or sustain forest ecological functions.

NEW SECTION. Sec. 2. (1) The department may maintain a list of all potential sources of forest biomass on state lands for the purposes of identifying and making forest biomass, as defined in RCW 79.02.010, available for sale, exploration, collection, processing, storage, stockpiling, and conversion into energy, biofuels, for use in a biorefinery, or any other similar use. Prior to entering an agreement authorized by section 3(1) or 4 of this act, the department shall complete an inventory of the available biomass in the area that shall be subject to the agreement, except that no inventory will be required as a prerequisite for demonstration projects authorized pursuant to RCW 43.30.835. The inventory must contain, at a minimum, an estimated amount of the forest biomass available in the area that will be subject to the agreement and a determination of the ecological and operational sustainability of the volumetric limit established by the agreement under section 3(5) of this act.

(2) The data developed for each inventoried area will be compiled for the list authorized by this section. In order to utilize the list to limit or terminate any agreement authorized under this act, the department must determine that the overall supply of forest biomass in a region or watershed has been reduced to a point such that further exploration and collection of forest biomass may not be ecologically or operationally sustainable or might otherwise threaten long-term forest health.

NEW SECTION. Sec. 3. (1) The department is authorized to enter forest biomass supply contracts on terms and conditions acceptable to the department for terms of up to five years, except as provided in subsection (4) of this section, for the purpose of providing a supply of forest biomass during the term of the contract except as the term of the contract may be limited under subsection (2) of this section, provided that such a contract must terminate automatically upon the removal of the agreed volume of biomass and the completion of other conditions of the contract.

(2) The department may authorize the sale of forest biomass in a contract for the sale of valuable materials under chapter 79.15 RCW provided that the department complies with the provisions of this chapter and: (a) Requires a separate bid and selects an apparent highest bidder for the forest biomass separately from the sale of valuable materials; (b) expressly includes forest biomass as an element of the sale of the valuable materials to be sold in the sales contract; or (c) a combination of (a) and (b) of this subsection. The term of the contract for the removal of biomass, if the sale is made in conformance with this subsection, must not exceed the term of the contract for valuable materials sold under chapter 79.15 RCW.

(3) The department may: (a) Enter into direct sales contracts for forest biomass, without public auction, based upon procedures adopted by the board to ensure competitive market prices and
accountability; or (b) enter into contracts for forest biomass at public auction or by sealed bid to the highest bidder in a manner consistent with the sale procedures established for the sale of valuable materials in chapter 79.15 RCW or as may be adopted by the board.

(4) In the event a contracting entity makes a qualifying capital investment of fifty million dollars or more, the department may enter into an agreement for up to fifteen years. Such an agreement must include provisions that are periodically adjusted for market conditions. In addition, the conditions of the contract must include provisions that allow the department, when in the best interest of trust beneficiaries, to maintain the availability of biomass resources on state lands to existing pulp and paper operations or other existing biomass processing operations that are using such resources, in quantities typical for the period of five years preceding the effective date of this section. For the purposes of this section, "qualifying capital investment" means a planned and committed investment at the time the contract is set with the requirement that at least fifty million dollars be invested before the removal of any biomass under the contract.

(5) The department must specify in each contract an annual volumetric limit of the total cubic volume or tons of forest biomass to be supplied from a specific unit, geographically delineated area, or region within a watershed or watersheds on an ecologically and operationally sustainable basis. The department shall adopt general procedures for making the biomass supply availability determinations under this subsection. The procedures must be written to ensure that biomass utilization on forest lands managed by the department is accomplished in a manner that retains organic components of the forest necessary to restore or sustain forest ecological functions. The department shall develop utilization standards and operational methods in recognition of the variability of on-site conditions. The department may unilaterally amend the volume to be supplied by providing the contracting party with a minimum of six months notice prior to reducing the contract volume to be supplied if the department determines, under section 2 of this act, that the available supply has been reduced to a point such that further removal of forest biomass may not be ecologically or operationally sustainable or may adversely affect long-term forest health.

(6) At the expiration of the contract term, the department may renew the contract for up to three additional five year periods on terms and conditions acceptable to the department, if the department finds: (a) An ecologically and operationally sustainable supply of forest biomass is available for the term of the contract; (b) the payment under the contract represents the fair market value at the time of the renewal; and (c) the purchaser agrees to the estimated amount of biomass material available.

(7) Where the department sells forest biomass in a contract for sale of valuable materials under subsection (2) of this section, any valuable material conveyed as timber in such a contract must count toward the achievement of annual or decadal targets developed in the sustainable timber harvest calculation required by RCW 79.10.320, or similar targets for timber harvest volume, even where the purchaser uses that material as a biomass energy feedstock. All other biomass volume conveyed as authorized in this chapter must not be counted toward such sustainable timber harvest targets.

(8) All contractors and their operations authorized under this section shall comply with all applicable state and federal laws and regulations.

NEW SECTION. Sec. 4. The department is authorized to lease state lands for the purpose of the sale, exploration, collection, processing, storage, stockpiling, and conversion of biomass into energy or biofuels, the development of a biorefinery, or for any other resource use derived from biomass if the department is able to obtain a fair market rental return to the state or the appropriate constitutional or statutory trust and if the lease is in the best interest of the state and the affected trust, as follows:

(1) Leases authorized under this chapter may be entered into by public auction, in accordance with the provisions of RCW 79.13.140, or by negotiation.

(2) All leases must contain such terms and conditions as may be prescribed by the department in accordance with the provision of this act and to ensure that removal of forest biomass is ecologically and operationally sustainable. Leases authorized under this act may be for a term of no more than fifty years.

(3) For leases that involve the development of biomass processing, biofuel manufacturing, or biomass energy production facilities, the department may include provisions for reduced rent until an approved plan of development is completed and the facility is operational, provided that provisions are included to require: (a) Adequate assurances to protect the department's interest in a future rental income stream; (b) the demonstration of reasonable progress consistent with an approved plan of development; and (c) a lump sum payment to the department in the amount of the difference between the fair market rent and the reduced rent, if the approved plan of development is not completed in the time required in the plan.

(4) The department may require the payment of production rent or other compensation for the use of the land and biomass materials on the land. If the department is not entering a supply contract under section 3 of this act for any forest biomass to be supplied for the lease purposes from the leased land, then the department must require a royalty payment for the contribution to value of any product created by the lessee that is associated with forest biomass removed from the leased land in an amount fixed by the board.

(5) All lessees and their operations authorized under this section shall comply with all applicable state and federal laws and regulations.

NEW SECTION. Sec. 5. (1) For the purpose of improving forest health on state trust lands, and to better clarify the relationship of forest biomass with the by-products of forest health and fuel reduction treatments that have been traditionally utilized for other products, the department of natural resources shall evaluate how the supply agreements in sections 3 and 4 of this act could be utilized to sustain or create rural jobs and timber manufacturing infrastructure, and to sell state timber to traditional types of timber purchasers. The department shall report its findings to the appropriate committees of the legislature by December 15, 2010, and the evaluation must at a minimum identify how such supply agreements could:

(a) Ensure the department of natural resources meets its fiduciary responsibility to the state's trust beneficiaries;

(b) Restore or sustain a competitive market for state timber sales;

(c) Generate returns for the trust that are commensurate with fluctuating market prices; and

(d) Ensure environmental compliance with all pertinent state and federal laws, and provide for ecologically and operationally sustainable biomass removal.

(2) For the purposes of proving the concepts evaluated in this section, the department may, in addition to the authorities granted in section 3 of this act, establish a five-year forest health and fuel reduction supply agreement demonstration project. Solicitation of private industry partners for such a project must be competitive, must focus on areas where traditional forest products manufacturing infrastructure and rural jobs have been lost, and should consider prioritizing partners utilizing materials for both traditional forest products and biomass energy conversion.

Sec. 8. RCW 76.06.180 and 2007 c 480 s 7 are each amended to read as follows:

(1) Prior to issuing a forest health hazard warning or forest health hazard order, the commissioner shall consider the findings and recommendations of the forest health technical advisory committee and shall consult with county government officials, forest landowners and forest land managers, consulting foresters, and other interested parties to gather information on the threat, opportunities or constraints on treatment options, and other information they may provide. The commissioner, or a designee, shall conduct a public hearing in a county within the geographical area being considered.
(2) The commissioner of public lands may issue a forest health hazard warning when he or she deems such action is necessary to manage the development of a threat to forest health or address an existing threat to forest health. A decision to issue a forest health hazard warning may be based on existing forest stand conditions and:

(a) The presence of an uncharacteristic insect or disease outbreak that has or is likely to (i) spread to multiple forest ownerships and cause extensive damage to forests; or (ii) significantly increase forest fuel that is likely to further the spread of uncharacteristic fire;

(b) When, due to extensive physical damage from wind or ice storm or other cause, there are (i) insect populations building up to large scale levels; or (ii) significantly increased forest fuels that are likely to further the spread of uncharacteristic fire; or

(c) When otherwise determined by the commissioner to be appropriate.

(3) The commissioner of public lands may issue a forest health hazard order when he or she deems such action is necessary to address a significant threat to forest health. A decision to issue a forest health hazard order may be based on existing forest stand conditions and:

(a) The presence of an uncharacteristic insect or disease outbreak that has or is likely to (i) spread to multiple forest ownerships and has caused and is likely to continue to cause extensive damage to forests; or (ii) significantly increased forest fuels that are likely to further the spread of uncharacteristic fire;

(b) When, due to extensive physical damage from wind or ice storm or other cause (i) insect populations are causing extensive damage to forests; or (ii) significantly increased forest fuels are likely to further the spread of uncharacteristic fire;

(c) Insufficient landowner action under a forest health hazard warning; or

(d) When otherwise determined by the commissioner to be appropriate.

(4) A forest health hazard warning or forest health hazard order shall be issued by use of a commissioner's order. General notice of the commissioner's order shall be published in a newspaper of general circulation in each county within the area covered by the order and on the department's web site. The order shall specify the boundaries of the area affected, including federal and tribal lands, the forest stand conditions that would make a parcel subject to the provisions of the order, and the actions landowners or land managers should take to reduce the hazard. If the forest health hazard warning or order relates to land managed by the department, the warning or order may also
contain provisions for the department's utilization of any forest biomass pursuant to chapter 79 -- RCW (the new chapter created in section 14 of this act).

(5) Written notice of a forest health hazard warning or forest health hazard order shall be provided to forest landowners of specifically affected property.

(a) The notice shall set forth:
(i) The reasons for the action;
(ii) The boundaries of the area affected, including federal and tribal lands;
(iii) Suggested actions that should be taken by the forest landowner under a forest health hazard warning or the actions that must be taken by a forest landowner under a forest health hazard order;
(iv) The time within which such actions should or must be taken;
(v) How to obtain information or technical assistance on forest health conditions and treatment options;
(vi) The right to request mitigation under subsection (6) of this section and appeal under subsection (7) of this section;
(vii) These requirements are advisory only for federal and tribal lands.

(b) The notice shall be served by personal service or by mail to the latest recorded real property owner, as shown by the records of the county recording officer as defined in RCW 65.08.060. Service by mail is effective on the date of mailing. Proof of service shall be by affidavit or declaration under penalty of perjury.

(6) Forest landowners who have been issued a forest health hazard order under subsection (5) of this section may apply to the department for the remission or mitigation of such order. The application shall be made to the department within fifteen days after notice of the order has been served. Upon receipt of the application, the department may remit or mitigate the order upon whatever terms the department in its discretion deems proper, provided the department deems the remission or mitigation to be in the best interests of carrying out the purposes of this chapter. The department may ascertain the facts regarding all such applications in such reasonable manner and under such rule as it deems proper.

(7) Forest landowners who have been issued a forest health hazard order under subsection (5) of this section may appeal the order to the forest practices appeals board.

(a) The appeal shall be filed within thirty days after notice of the order has been served, unless application for mitigation has been made to the department. When such an application for mitigation is made, such appeal shall be filed within thirty days after notice of the disposition of the application for mitigation has been served.

(b) The appeal must set forth:
(i) The name and mailing address of the appellant;
(ii) The name and mailing address of the appellant's attorney, if any;
(iii) A duplicate copy of the forest health hazard order;
(iv) A separate and concise statement of each error alleged to have been committed;
(v) A concise statement of facts upon which the appellant relies to sustain the statement of error; and
(vi) A statement of the relief requested.

(8) A forest health hazard order issued under subsection (5) of this section is effective thirty days after date of service unless application for remission or mitigation is made or an appeal is filed. When an application for remission or mitigation is made, the order is effective thirty days after notice setting forth the disposition of the application is served unless an appeal is filed from such disposition. Whenever an appeal of the order is filed, the order shall become effective only upon completion of all administrative and judicial review proceedings and the issuance of a final decision confirming the order in whole or in part.

(9) Upon written request, the department may certify as adequate a forest health management plan developed by a forest landowner, before or in response to a forest health hazard warning or forest health hazard order, if the plan is likely to achieve the desired result and the terms of the plan are being diligently followed by the forest landowner. The certification of adequacy shall be determined by the department in its sole discretion, and be provided to the requestor in writing.

Sec. 9. RCW 79.15.100 and 2004 c 177 s 5 are each amended to read as follows:

(1) Valuable materials may be sold separately from the land as a "lump sum sale" or as a "scale sale."

(a) "Lump sum sale" means any sale offered with a single total price applying to all the material conveyed.

(b) "Scale sale" means any sale offered with per unit prices to be applied to the material conveyed.

(2) Payment for lump sum sales must be made as follows:

(a) Lump sum sales under five thousand dollars appraised value require full payment on the day of sale.

(b) Lump sum sales appraised at over five thousand dollars but under one hundred thousand dollars may require full payment on the day of sale.

(c) Lump sum sales requiring full payment on the day of sale may be paid in cash or by certified check, cashier's check, bank draft, or money order, all payable to the department.

(3) Except for sales paid in full on the day of sale or sales with adequate bids, an initial deposit not to exceed twenty-five percent of the actual or projected purchase price shall be made on the day of sale.

(a) Sales with bid bonds are subject to the day of sale payment and replacement requirements prescribed by RCW 79.15.110.

(b) The initial deposit must be maintained until all contract obligations of the purchaser are satisfied. However, all or a portion of the initial deposit may be applied as the final payment for the valuable materials in the event the department determines that adequate security exists for the performance or fulfillment of any remaining obligations of the purchaser under the sale contract.

(4) Advance payments or other adequate security acceptable to the department is required for valuable materials sold on a scale sale basis or a lump sum sale not requiring full payment on the day of sale.

(a) The purchaser must notify the department before any operation takes place on the sale site.

(b) Upon notification as provided in (a) of this subsection, the department must require advanced payment or may allow purchasers to submit adequate security.

(c) The amount of advanced payments or security must be determined by the department and must at all times equal or exceed the value of timber cut and other valuable materials processed or removed until paid for.

(d) Security may be bank letters of credit, payment bonds, assignments of savings accounts, assignments of certificates of deposit, or other methods acceptable to the department as adequate security.

(5) All valuable material must be removed from the sale area within the period specified in the contract.

(a) The specified period may not exceed five years from date of purchase except for stone, sand, gravel, fill material, or building stone.

(b) The specified period for stone, sand, gravel, fill material, or building stone may not exceed thirty years.

(c) In all cases, any valuable material not removed from the land within the period specified in the contract reverts to the state. The department may utilize any remaining forest biomass in accordance with chapter 79 -- RCW (the new chapter created in section 14 of this act).
(6) The department may extend a contract beyond the normal termination date specified in the sale contract as the time for removal of valuable materials when, in the department's judgment, the purchaser is acting in good faith and endeavoring to remove the materials. The extension is contingent upon payment of the fees specified below.

(a) The extended time for removal shall not exceed:

(i) Forty years from date of purchase for stone, sand, gravel, fill material, or building stone;

(ii) A total of ten years beyond the original termination date for all other valuable materials.

(b) An extension fee fixed by the department will be charged based on the estimated loss of income per acre to the state resulting from the granting of the extension plus interest on the unpaid portion of the contract. The board must periodically fix and adopt by rule the interest rate, which shall not be less than six percent per annum.

(c) The sale contract shall specify:

(i) The applicable rate of interest as fixed at the day of sale and the maximum extension payment; and

(ii) The method for calculating the unpaid portion of the contract upon which interest is paid.

(d) The minimum extension fee is fifty dollars per extension plus interest on the unpaid portion of the contract.

(e) Moneys received for any extension must be credited to the same fund in the state treasury as was credited the original purchase price of the valuable material sold.

(7) The department may, in addition to any other securities, require a performance security to guarantee compliance with all contract requirements. The security is limited to those types listed in subsection (4) of this section. The value of the performance security will, at all times, equal or exceed the value of work performed or to be performed by the purchaser.

(8) The department does not need to comply with the provisions of this chapter for forest biomass except as described in the provisions of chapter 79.-- RCW (the new chapter created in section 14 of this act). Forest biomass may not be included in any sales contract authorized under this chapter unless the department has complied with the provisions of chapter 79.-- RCW (the new chapter created in section 14 of this act).

(9) The provisions of this section apply unless otherwise provided by statute.

Sec. 10. RCW 79.15.220 and 2001 c 250 s 14 are each amended to read as follows:

When the department finds valuable materials on state land that are damaged by fire, wind, flood, or from any other cause, it shall determine if the salvage of the damaged valuable materials is in the best interest of the trust for which the land is held, which may include the salvage of forest biomass under chapter 79.-- RCW (the new chapter created in section 14 of this act). If salvaging the valuable materials is in the best interest of the trust, the department shall proceed to offer the valuable materials for sale. The valuable materials, when offered for sale, must be sold in the most expeditious and efficient manner as determined by the department. In determining if the sale is in the best interest of the trust the department shall consider the net value of the valuable materials and relevant elements of the physical and social environment.

Sec. 11. RCW 79.15.510 and 2009 c 418 s 2 are each amended to read as follows:

(1) The department may establish a contract harvesting program for directly contracting for the removal of timber and other valuable materials from state lands and for conducting silvicultural treatments consistent with RCW 79.15.540.

(2) The contract requirements must be compatible with the office of financial management's guide to public service contracts.

(3) The department may not use contract harvesting for more than twenty percent of the total annual volume of timber offered for sale. However, volume removed primarily to address an identified forest health issue under RCW 79.15.540 may not be included in calculating the ((ten [twenty]) percent) annual limit of contract harvesting sales. Forest biomass resulting from harvesting to address an identified forest health issue under RCW 79.15.540 may be utilized in accordance with chapter 79.-- RCW (the new chapter created in section 14 of this act).

Sec. 12. RCW 79.15.510 and 2004 c 218 s 6 are each amended to read as follows:

(1) The department may establish a contract harvesting program for directly contracting for the removal of timber and other valuable materials from state lands and for conducting silvicultural treatments consistent with RCW 79.15.540.

(2) The contract requirements must be compatible with the office of financial management's guide to public service contracts.

(3) The department may not use contract harvesting for more than ten percent of the total annual volume of timber offered for sale. However, volume removed primarily to address an identified forest health issue under RCW 79.15.540 may not be included in calculating the ((ten [twenty]) percent) annual limit of contract harvesting sales. Forest biomass resulting from harvesting to address an identified forest health issue under RCW 79.15.540 may be utilized in accordance with chapter 79.-- RCW (the new chapter created in section 14 of this act).

NEW SECTION. Sec. 13. The department of natural resources must conduct a survey of scientific literature regarding the carbon neutrality of forest biomass. The department must submit the survey results with any findings and recommendations to the appropriate committees of the legislature by December 15, 2010.

This section expires January 1, 2011.

NEW SECTION. Sec. 14. Sections 1 through 5 of this act constitute a new chapter in Title 79 RCW.

NEW SECTION. Sec. 15. Section 11 of this act expires January 1, 2014.

NEW SECTION. Sec. 16. Section 12 of this act takes effect January 1, 2014.

SECOND SUBSTITUTE HOUSE BILL NO. 2481, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE
March 6, 2010

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2541 with the following amendment:

Strike everything after the enacting clause and insert the following:

(NEW SECTION. Sec. 1. (1) The legislature finds that sustainably managed commercial forestry produces jobs and revenue while also providing clean water, clean air, renewable energy, wildlife habitat, open space, and carbon storage, among other ecological values. For these reasons, maintaining a base of forest lands that may be utilized for sustainably managed commercial forestry is of utmost importance to the state.

(2) The legislature finds that the promotion and fostering of the economic success of the forest products industry with the goal of keeping sustainably managed forestry as a priority land use, and helping to secure the timber managing, growing, harvesting, transporting, and manufacturing jobs is made possible by a vibrant working forest land base.

(3) The legislature further finds that maintaining sustainable working forests is important for the quality of life of all Washingtonians, and that sustainable forest practices can help to maintain and restore the vitality of Washington's communities while also helping to preserve Washington's natural landscapes and ecosystems.

(4) The legislature further finds that it is necessary to assist landowners in gaining access to additional sources of revenue, such as emerging ecosystem services markets, and to help landowners diversify their incomes, improve the ecological functions of their lands, and pass their lands and the lands' associated benefits to future generations.

(5) The legislature further finds that the conservation and restoration of forest ecosystems provide services to the residents of the state that help improve water and habitat quality, help avoid carbon emissions, help address impacts associated with climate change, and help natural resources adapt to these impacts.

(6) The legislature further finds that ecosystem services markets can lead to efficient, innovative, and effective conservation and restoration actions and facilitate improved integration of public and private investment.

(7) Therefore, it is the intent of the legislature to develop tools to facilitate small and industrial forest landowners' access to market capital from existing and emerging ecosystem services markets.

(8) The legislature further intends to enable forest landowners who provide ecosystem services access to financing to protect, restore, and maintain the ecological values provided by protection of public resources.

NEW SECTION. Sec. 2. A new section is added to chapter 76.44 RCW to read as follows:

The legislature finds that there are many issues facing the forest sector, such as climate change, forest health and fire, carbon accounting, habitat and diversity, timber and water supplies, economic competitiveness, and the economic health of forest dependent communities. Enhancing the capability to effectively address these forest issues is critical to the state of Washington. To meet this need, the University of Washington school of forest resources will continue to work with the various interests concerned with the state's forest resources, including the legislature, state and federal governments, environmental organizations, local communities, the timber industry, and tribes, to improve these entities' ability to competitively recruit, educate, and train a high quality workforce.

Sec. 3. RCW 76.09.010 and 1999 sp.s. c 4 s 901 are each amended to read as follows:

(1) The legislature hereby finds and declares that the forest land resources are among the most valuable of all resources in the state; that a viable forest products industry is of prime importance to the state's economy; that it is in the public interest for public and private commercial forest lands to be managed consistent with sound policies of natural resource protection; and that coincident with maintenance of a viable forest products industry, it is important to afford protection to forest soils, fisheries, wildlife, water quantity and quality, air quality, recreation, and scenic beauty.

(2) The legislature further finds and declares it to be in the public interest of this state to create and maintain through the adoption of this chapter a comprehensive statewide system of laws and forest practices rules which will achieve the following purposes and policies:

(a) Afford protection to, promote, foster and encourage timber growth, and require such minimum reforestation of commercial tree species on forest lands as will reasonably utilize the timber growing capacity of the soil following current timber harvest;

(b) Afford protection to forest soils and public resources by utilizing all reasonable methods of technology in conducting forest practices;

(c) Recognize both the public and private interest in the profitable growing and harvesting of timber;

(d) Promote efficiency by permitting maximum operating freedom consistent with the other purposes and policies stated herein;

(e) Provide for regulation of forest practices so as to avoid unnecessary duplication in such rules;

(f) Provide for interagency input and intergovernmental and tribal coordination and cooperation;

(g) Achieve compliance with all applicable requirements of federal and state law with respect to nonpoint sources of water pollution from forest practices;

(h) To consider reasonable land use planning goals and concepts contained in local comprehensive plans and zoning regulations;

(i) Foster cooperation among managers of public resources, forest landowners, Indian tribes and the citizens of the state; and

(j) Develop a watershed analysis system that addresses the cumulative effect of forest practices on, at a minimum, the public resources of fish, water, and public capital improvements of the state and its political subdivisions.
(k) Assist forest landowners in accessing market capital and financing for the ecosystem services provided to the public as a result of the protection of public resources.

(3) The legislature further finds and declares that it is also in the public interest of the state to encourage forest landowners to undertake corrective and remedial action to reduce the impact of mass earth movements and fluvial processes.

(4) The legislature further finds and declares that it is in the public interest that the applicants for state forest practices permits should assist in paying for the cost of review and permitting necessary for the environmental protection of these resources.

Sec. 4. RCW 76.09.040 and 2009 c 246 s 1 are each amended to read as follows:

(1)(a) Where necessary to accomplish the purposes and policies stated in RCW 76.09.010, and to implement the provisions of this chapter, the board shall adopt forest practices rules pursuant to chapter 34.05 RCW and in accordance with the procedures enumerated in this section that:

((i)) (i) Establish minimum standards for forest practices;

(ii) Provide procedures for the voluntary development of resource management plans which may be adopted as an alternative to the minimum standards in (a)(i) of this subsection if the plan is consistent with the purposes and policies stated in RCW 76.09.010 and the plan meets or exceeds the objectives of the minimum standards;

(iii) Set forth necessary administrative provisions;

(iv) Establish procedures for the collection and administration of forest practice fees as set forth by this chapter; and

(v) Allow for the development of watershed analyses.

(b) Forest practices rules pertaining to water quality protection shall be adopted by the board after reaching agreement with the director of the department of ecology or the director’s designee on the board with respect thereto. All other forest practices rules shall be adopted by the board.

(c) Forest practices rules shall be administered and enforced by either the department or the local governmental entity as provided in this chapter. Such rules shall be adopted and administered so as to give consideration to all purposes and policies set forth in RCW 76.09.010.

(2) (a) The board shall prepare proposed forest practices rules consistent with this section and chapter 34.05 RCW. In addition to any forest practices rules relating to water quality protection proposed by the board, the department of ecology may submit to the board proposed forest practices rules relating to water quality protection.

(b) Prior to initiating the rule-making process, the proposed rules shall be submitted for review and comments to the department of fish and wildlife and to the counties of the state. After receipt of the proposed forest practices rules, the department of fish and wildlife and the counties of the state shall have thirty days in which to review and submit comments to the board, and to the department of ecology with respect to its proposed rules relating to water quality protection.

(i) After the expiration of ((such)) the thirty day period, the board and the department of ecology shall jointly hold one or more hearings on the proposed rules pursuant to chapter 34.05 RCW. ((At such hearing(s))) Any county representative may propose specific forest practices rules relating to problems existing within ((such)) the county at the hearings.

(iii) The board may adopt and the department of ecology may approve such proposals if they find the proposals are consistent with the purposes and policies of this chapter.

(3) (a) The board shall establish by rule a program for the acquisition of riparian open space and critical habitat for threatened or endangered species as designated by the board. Acquisition must be a conservation easement. Lands eligible for acquisition are forest lands within unconfined channel migration zones or forest lands containing critical habitat for threatened or endangered species as designated by the board. Once acquired, these lands may be held and managed by the department, transferred to another state agency, transferred to an appropriate local government agency, or transferred to a private nonprofit nature conservation corporation, as defined in RCW 64.04.130, in fee or transfer of management obligation. The board shall adopt rules governing the acquisition by the state or donation to the state of such interest in lands including the right of refusal if the lands are subject to unacceptable liabilities. The rules shall include definitions of qualifying lands, priorities for acquisition, and provide for the opportunity to transfer such lands with limited warranties and with a description of boundaries that does not require full surveys where the cost of securing the surveys would be unreasonable in relation to the value of the lands conveyed. The rules shall provide for the management of the lands for ecological protection or fisheries enhancement. For the purposes of conservation easements entered into under this section, the following apply:

(((i)) (i)) For conveyances of a conservation easement in which the landowner conveys an interest in the trees only, the compensation must include the timber value component, as determined by the cruised volume of any timber located within the channel migration zone or critical habitat for threatened or endangered species as designated by the board, multiplied by the appropriate quality code stumpage value for timber of the same species shown on the appropriate table used for timber harvest excuse tax purposes under RCW 84.33.091;

(((ii)) (ii)) For conveyances of a conservation easement in which the landowner conveys interests in both land and trees, the compensation must include the timber value component in (a)(i) of this subsection plus such portion of the land value component as determined just and equitable by the department. The land value component must be the acreage of qualifying channel migration zone or critical habitat for threatened or endangered species as determined by the board, to be conveyed, multiplied by the average per acre value of all commercial forest land in western Washington or the average for eastern Washington, whichever average is applicable to the qualifying lands. The department must determine the western and eastern Washington averages based on the land value tables established by RCW 84.33.140 and revised annually by the department of revenue.

(((iii)) (b)) Subject to appropriations sufficient to cover the cost of such an acquisition program and the related costs of administering the program, the department must establish a conservation easement in land that an owner tenders for purchase; provided that such lands have been taxed as forest lands and are located within an unconfined channel migration zone or contain critical habitat for threatened or endangered species as designated by the board. Lands acquired under this section shall become riparian or habitat open space. These acquisitions shall not be deemed to trigger the compensating tax of chapters 84.33 and 84.34 RCW.

(((iv)) (c)) Instead of offering to sell interests in qualifying lands, owners may elect to donate the interests to the state.

(((v)) (d)) Any acquired interest in qualifying lands by the state under this section shall be managed as riparian open space or critical habitat.

NEW SECTION. Sec. 5. (1) The department of natural resources shall, to the degree that resources are available, develop, consistent with this section, proposals for the development of appropriate landowner conservation incentives that support forest landowners maintaining their land in forestry. These incentives may include, but are not limited to, incentives that are related to ecosystem service markets, tax incentives, easements, technical assistance, and recognition or certification.

(2) The department of natural resources shall consult with the forest practices board, representatives of federal, state, and local government, Indian tribes, small forest landowners, conservation groups, industrial foresters, and other individuals deemed beneficial by the department in implementing this section.
By December 31, 2011, the department of natural resources must present their research and any proposed incentives to the governor, the appropriate committees of the legislature, the commissioner of public lands, and the forest practices board. The department of natural resources shall also offer to present their findings and recommendations to the Washington congressional delegation, local governments, and any state or federal agency that has as a portion of their mission the support of Washington's working land base and the jobs, products, and ecological values that working lands provide.

Neither the activities nor outcome of the department of natural resources’ actions or decisions under this section shall cause, promote, or delay rule making by the forest practices board in the execution of its applicable duties.

The department of natural resources is authorized to seek federal and private funds, and in-kind contributions to complete the work in this act. At the discretion of the department of natural resources, the department must comply with this act only to the degree that existing or acquired nonstate resources permit.

This section expires July 1, 2012.

(9) Total nonfederal program cost means the estimated vaccine cost less the amount of federal revenue available to the state for the purchase and distribution of vaccines.

(10) "Vaccine" means a preparation of killed or attenuated living microorganisms, or fraction thereof, that upon administration stimulates immunity that protects against disease and is approved by the federal food and drug administration as safe and effective and recommended by the advisory committee on immunization practices of the centers for disease control and prevention for administration to children under the age of nineteen years.

NEW SECTION. Sec. 2. There is created a nonprofit corporation to be known as the Washington vaccine association. The association is formed for the purpose of collecting and remitting adequate funds from health carriers and third-party administrators for the cost of vaccines provided to certain children in Washington state.

NEW SECTION. Sec. 3. (1) The association is comprised of all health carriers issuing or renewing health benefit plans in Washington state and all third-party administrators conducting business on behalf of residents of Washington state or Washington health care providers and facilities. Third-party administrators are subject to registration under section 9 of this act.
(2) The association is a nonprofit corporation under chapter 24.03 RCW and has the powers granted under that chapter.

(3) The board of directors includes the following voting members:

(a) Four members, selected from health carriers or third-party administrators, excluding health maintenance organizations, that have the most fully insured and self-funded covered lives in Washington state. (d) One member, representing Taft Hartley plans, appointed by the secretary from a list of nominees submitted by the Northwest administrators association.

(e) One member representing Washington state employers offering self-funded health coverage, appointed by the secretary from a list of nominees submitted by the Puget Sound health alliance.

(f) Two physician members appointed by the secretary, including at least one board certified pediatrician.

(g) The secretary, or a designee of the secretary with expertise in childhood immunization purchasing and distribution.

(h) Appoint, from among its directors, committees as necessary to provide technical assistance in the operation of the association, including the hiring of independent consultants as necessary;

(i) Obtain such liability and other insurance coverage for the benefit of the association, its directors, officers, employees, and agents as may in the judgment of the board of directors be helpful or necessary for the operation of the association;

(j) By May 1, 2010, establish the estimated amount of the assessment needed for the period of May 1, 2010, through December 31, 2010, based upon the estimate provided to the association under section 4(1) of this act; and notify, in writing, each health carrier and third-party administrator of the health carrier's or third-party administrator's total assessment for this period by May 15, 2010;

(k) On an annual basis, beginning no later than November 1, 2010, and by November 1st of each year thereafter, establish the estimated amount of the assessment;

(l) Notify, in writing, each health carrier and third-party administrator of the health carrier's or third-party administrator's estimated total assessment by November 15th of each year;

(m) Submit a periodic report to the secretary listing those health carriers or third-party administrators that failed to remit their assessments and audit health carrier and third-party administrator books and records for accuracy of assessment payment submission;

(n) Allow each health carrier or third-party administrator no more than ninety days after the notification required by (l) of this subsection to remit any amounts in arrears or submit a payment plan, subject to approval by the association and initial payment under an approved payment plan;

(q) Perform any other function as may be necessary or proper to carry out the plan of operation and to affect any or all of the purposes for which the association is organized.

(6) The secretary shall convene the initial meeting of the association board of directors.

NEW SECTION. Sec. 4. (1) The secretary shall estimate the total nonfederal program cost for the upcoming calendar year by October 1, 2010, and October 1st of each year thereafter. Additionally, the secretary shall subtract any amounts needed to serve children enrolled in state purchased health care programs covering low-income children for whom federal vaccine funding is not available, and report the final amount to the association. In addition, the secretary shall perform such calculation for the period of May 1st through December 31st, 2010, as soon as feasible but in no event later than April 1, 2010. The estimates shall be timely communicated to the association.

(2) The board of directors of the association shall determine the method and timing of assessment collection in consultation with the department of health. The board shall use a formula designed by the board to ensure the total anticipated nonfederal program cost, minus costs for other children served through state-purchased health care programs covering low-income children, calculated under subsection (1) of this section, is collected and transmitted to the universal vaccine purchase account created in RCW 43.70.720 in order to ensure adequacy of state funds to order state-supplied vaccine from federal centers for disease control and prevention.

(3) Each licensed health carrier and each third-party administrator on behalf of its clients' health benefit plans must be assessed and is required to timely remit payment for its share of the total amount needed to fund nonfederal program costs calculated by the department of health. Such an assessment includes additional funds as determined necessary by the board to cover the reasonable costs for the association's administration. The board shall determine the assessment methodology, with the intent of ensuring that the nonfederal costs are based on actual usage of vaccine for a health carrier or third-party administrator's covered lives. State and local governments and school districts must pay their portion of vaccine expense for covered lives under this chapter.

(4) The board of the association shall develop a mechanism through which the number and cost of doses of vaccine purchased under this chapter that have been administered to children covered by each health carrier, and each third-party administrator's clients health benefit plans, are attributed to each such health carrier and third-party administrator. Except as otherwise permitted by the board, this mechanism must include at least the following: Date of service; patient name; vaccine received; and health benefit plan eligibility. The data must be collected and maintained in a manner consistent...
with applicable state and federal health information privacy laws. Beginning November 1, 2011, and each November 1st thereafter, the board shall factor the results of this mechanism for the previous year into the determination of the appropriate assessment amount for each health carrier and third-party administrator for the upcoming year.

(5) For any year in which the total calculated cost to be received from association members through assessments is less than the total nonfederal program cost, the association must pay the difference to the state for deposit into the universal vaccine purchase account established in RCW 43.70.720. The board may assess, and the health carrier and third-party administrators are obligated to pay, their proportionate share of such costs and appropriate reserves as determined by the board.

(6) The aggregate amount to be raised by the association in any year may be reduced by any surpluses remaining from prior years.

(7) In order to generate sufficient start-up funding, the association may accept prepayment from member health carriers and third-party administrators, subject to offset of future amounts otherwise owing or other repayment method as determined by the board. The initial deposit of start-up funding must be deposited into the universal vaccine purchase account on or before April 30, 2010.

NEW SECTION. Sec. 5. (1) The board of the association shall establish a committee for the purposes of developing recommendations to the board regarding selection of vaccines to be purchased in each upcoming year by the department. The committee must be composed of at least five voting board members, including at least three health carrier or third-party administrator members, one physician, and the secretary or the secretary's designee. The committee must also include a representative of vaccine manufacturers, who is a nonvoting member of the committee. The representative of vaccine manufacturers must be chosen by the secretary from a list of three nominees submitted collectively by vaccine manufacturers on an annual basis.

(2) In selecting vaccines to purchase, the following factors should be strongly considered by the committee: Patient safety and clinical efficacy, public health and purchaser value, compliance with RCW 70.95M.115, patient and provider choice, and stability of vaccine supply.

NEW SECTION. Sec. 6. In addition to the duties and powers enumerated elsewhere in this chapter:

(1) The association may, pursuant to either vote of its board of directors or request of the secretary, audit compliance with reporting obligations established under the association's plan of operation. Upon failure of any entity that has been audited to reimburse the costs of such audit as certified by vote of the association's board of directors within forty-five days of notice of such vote, the secretary shall assess a civil penalty of one hundred fifty percent of the amount of such costs.

(2) The association may establish an interest charge for late payment of any assessment under this chapter. The secretary shall assess a civil penalty against any health carrier or third-party administrator that fails to pay an assessment within three months of notification under section 3 of this act. The civil penalty under this subsection is one hundred fifty percent of such assessment.

(3) The secretary and the association are authorized to file liens and seek judgment to recover amounts in arrears and civil penalties, and recover reasonable collection costs, including reasonable attorneys' fees and costs. Civil penalties so levied must be deposited in the universal vaccine purchase account created in RCW 43.70.720.

(4) The secretary may adopt rules under chapter 34.05 RCW as necessary to carry out the purposes of this section.

NEW SECTION. Sec. 7. The board of directors of the association shall submit to the secretary, no later than one hundred twenty days after the close of the association's fiscal year, a financial report in a form approved by the secretary.

NEW SECTION. Sec. 8. No liability on the part of, and no cause of action of any nature, shall arise against any member of the board of the association, against an employee or agent of the association, or against any health care provider for any lawful action taken by them in the performance of their duties or required activities under this chapter.

NEW SECTION. Sec. 9. A new section is added to chapter 43.24 RCW to read as follows:

(a) Beginning September 1, 2010, a third-party administrator must register with the department of licensing and renew its registration on an annual basis thereafter prior to December 31st of each year, or within ten days after the registrant changes its name, business name, business address, or business telephone number, whichever occurs sooner.

(b) The registrant shall pay the registration or renewal fee established by the department of licensing as provided in RCW 43.24.086.

(c) Any person or entity that is acting as or holding itself out to be a third-party administrator while failing to have registered under this section shall pay an assessment of not less than one thousand dollars nor more than ten thousand dollars for each violation. The civil penalty is in addition to any other penalties that may be imposed for violations of other laws of this state.

(2) For the purposes of this section, "third-party administrator" has the same meaning as defined in section 1 of this act.

(3) The department of licensing may adopt rules under chapter 34.05 RCW as necessary to implement this section.

Sec. 10. RCW 43.70.720 and 2009 e 564 s 934 are each amended to read as follows:

The universal vaccine purchase account is created in the custody of the state treasurer. Receipts from public and private sources for the purpose of increasing access to vaccines for children may be deposited into the account. Expenditures from the account must be used exclusively for the purchase of vaccines, at no cost to health care providers in Washington, to administer to children under nineteen years old who are not eligible to receive vaccines at no cost through federal programs. Only the secretary or the secretary's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

NEW SECTION. Sec. 11. Sections 1 through 8 and 12 through 14 of this act constitute a new chapter in Title 43 RCW.

NEW SECTION. Sec. 12. (1) The association board may, on or after June 30, 2015, vote to recommend termination of the association if it finds that the original intent of its formation and operation, which is to ensure more cost-effective purchase and distribution of vaccine than if provided through uncoordinated purchase by health care providers, has not been achieved. The association board shall provide notice of the recommendation to the relevant policy and fiscal committees of the legislature within thirty days of the vote being taken by the association board. If the legislature has not acted by the last day of the next regular legislative session to reject the board's recommendation, the board may vote to permanently dissolve the association.

(2) In the event of a voluntary or involuntary dissolution of the association, funds remaining in the universal purchase vaccine account created in RCW 43.70.720 that were collected under this chapter must be returned to the member health carrier and third-party administrators in proportion to their previous year's contribution, from any balance remaining following the repayment of any prepayments for start-up funding not previously recouped by such member.

NEW SECTION. Sec. 13. Physicians and clinics ordering state supplied vaccine must ensure they have billing mechanisms and practices in place that enable the association to accurately track vaccine delivered to association members' covered lives and must submit documentation in such a form as may be prescribed by the
board in consultation with state physician organizations. Physicians and other persons providing childhood immunization are strongly encouraged to use state supplied vaccine whenever possible. Nothing in this chapter prohibits health carriers and third-party administrators from denying claims for vaccine serum costs when the serum or serums providing similar protection are provided or available via state supplied vaccine.

NEW SECTION. Sec. 14. If the requirement that any segment of health carriers, third-party administrators, or state or local governmental entities provide funding for the program established in this chapter is invalidated by a court of competent jurisdiction, the board of the association may terminate the program one hundred twenty days following a final judicial determination on the matter.

NEW SECTION. Sec. 15. A new section is added to chapter 48.43 RCW to read as follows:

Assessments paid by carriers under section 4 of this act may be considered medical expenses for purposes of rate setting and regulatory filings.

NEW SECTION. Sec. 16. A new section is added to chapter 82.04 RCW to read as follows:

This chapter does not apply to assessments described in sections 3 and 4 of this act received by a nonprofit corporation established under section 2 of this act.

NEW SECTION. Sec. 17. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

and the same is herewith transmitted.

Sec. 13. RCW 77.70.350 and 2006 c 159 s 1 are each amended to read as follows:

(1) The following restrictions apply to vessel designations and substitutions on Dungeness crab-coastal fishery licenses:

(a) The holder of the license may not:
(i) Designate on the license a vessel the hull length of which exceeds ninety-nine feet; or

(ii) Change vessel designation if the hull length of the vessel proposed to be designated exceeds the hull length designated on the license on June 7, 2006, by more than ten feet. However, if such vessel designation is the result of an emergency transfer, the applicable vessel length would be the most recent permanent vessel designation on the license prior to June 7, 2006;

(b) If the hull length of the vessel proposed to be designated is comparable to or exceeds by up to one foot the hull length of the currently designated vessel, the department may change the vessel designation no more than once in any two consecutive Washington state coastal crab seasons one-year period, measured from September 15th to September 15th of the following year, unless the currently designated vessel is lost or in disrepair such that it does not safely operate, in which case the department may allow a change in vessel designation;

(c) If the hull length of the vessel proposed to be designated exceeds by between one and ten feet the hull length of the designated vessel on June 7, 2006, the department may change the vessel designation no more than once on or after June 7, 2006, unless a request is made by the license holder during a Washington state coastal crab season for an emergency change in vessel designation. If such an emergency request is made, the director may allow a temporary change in designation to another vessel, if the hull length of the other vessel does not exceed by more than ten feet the hull length of the currently designated vessel.

(2) For the purposes of this section, "hull length" means the length overall of a vessel's hull as shown by marine survey or by manufacturer's specifications.

(3) By December 31, 2010, the department must, in cooperation with the coastal crab fishing industry, evaluate the effectiveness of this section and, if necessary, recommend any statutory changes to the appropriate committees of the senate and house of representatives.

Sec. 14. RCW 77.70.150 and 2005 c 110 s 1 are each amended to read as follows:

(1) A sea urchin dive fishery license is required to take sea urchins for commercial purposes. A sea urchin dive fishery license authorizes the use of only one diver in the water at any time during sea urchin harvest operations. If the same vessel has been designated on two sea urchin dive fishery licenses, two divers may be in the water. A natural person may not hold more than two sea urchin dive fishery licenses.

(2) Except as provided in subsection (6) of this section, the director shall issue no new sea urchin dive fishery licenses. For licenses issued for the year 2000 and thereafter, the director shall renew existing licenses only to a natural person who held the license at the end of the previous year. If a sea urchin dive fishery license is not held by a natural person as of December 31, 1999, it is not renewable. However, if the license is not held because of revocation or suspension of licensing privileges, the director shall renew the license in the name of a natural person at the end of the revocation or suspension if the license holder applies for renewal of the license before the end of the year in which the revocation or suspension ends.

(3) Where a licensee failed to obtain the license during the previous year because of a license suspension or revocation by the director or the court, the licensee may qualify for a license by establishing that the person held such a license during the last year in which the person was eligible.

(4) Surcharges as provided for in this section shall be collected and deposited into the sea urchin dive fishery account hereby created in the custody of the state treasurer. The collections and deposits must continue, as set forth in (a) and (b) of this subsection, through license year 2013, or until the number of licenses is reduced to twenty, whichever occurs first. Only the director or the director's designee may authorize expenditures from the account. The sea urchin dive fishery account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures. Expenditures from the account shall only be used to retire sea urchin licenses until the number of licenses is reduced to twenty, and thereafter shall only be used for sea urchin management and enforcement. The director or the director's designee shall notify the department of revenue within thirty days when the number of licenses is reduced to twenty.

(a) A surcharge of one hundred dollars shall be charged with each sea urchin dive fishery license renewal for licenses issued (i) for license years 2000 through (ii) 2013, or until the number of licenses is reduced to twenty, whichever occurs first.

(b) For licenses issued for (the year) license years 2000 (and thereafter) through 2013, or until the number of licenses is reduced to twenty, whichever occurs first, a surcharge shall be charged on the sea urchin dive fishery license for designating an alternate operator. The surcharge shall be as follows: Five hundred dollars for the first year or each of the first two consecutive years after 1999 that any alternate operator is designated and two thousand five hundred dollars each year thereafter that any alternate operator is designated.

(5) Sea urchin dive fishery licenses are transferable. (After December 31, 1999,) For licenses issued for license years 2000 through 2013, or whenever the number of licenses is reduced to twenty, whichever occurs first, there is a surcharge to transfer a sea urchin dive fishery license. The surcharge is five hundred dollars for the first transfer of a license valid for (calendar) license year 2000, and two thousand five hundred dollars for any subsequent transfer, (whether occurring in the (calendar) license years 2000 (or thereafter)) through 2013, or whenever the number of licenses is reduced to twenty, whichever occurs first. Notwithstanding this subsection, a one-time transfer exempt from surcharge applies for a transfer from the natural person licensed on January 1, 2000, to that person's spouse or child.

(6) If fewer than twenty natural persons are eligible for sea urchin dive fishery licenses, the director may accept applications for new licenses. The additional licenses may not cause more than twenty natural persons to be eligible for a sea urchin dive fishery license. New licenses issued under this section shall be distributed according to rules of the department that recover the value of such licensed privilege.

Sec. 15. RCW 77.70.190 and 2005 c 110 s 2 are each amended to read as follows:

(1) A sea cucumber dive fishery license is required to take sea cucumbers for commercial purposes. A sea cucumber dive fishery license authorizes the use of only one diver in the water at any time during sea cucumber harvest operations. If the same vessel has been designated on two sea cucumber dive fishery licenses, two divers may be in the water. A natural person may not hold more than two sea cucumber dive fishery licenses.

(2) Except as provided in subsection (6) of this section, the director shall issue no new sea cucumber dive fishery licenses. For licenses issued for the year 2000 and thereafter, the director shall renew existing licenses only to a natural person who held the license at the end of the previous year. If a sea cucumber dive fishery license is not held by a natural person as of December 31, 1999, it is not renewable. However, if the license is not held because of revocation or suspension of licensing privileges, the director shall renew the license in the name of a natural person at the end of the revocation or suspension if the license holder applies for renewal of the license before the end of the year in which the revocation or suspension ends.

(3) Where a licensee failed to obtain the license during the previous year because of a license suspension or revocation by the director or the court, the licensee may qualify for a license by establishing that the person held such a license during the last year in which the person was eligible.
(4) Surcharges as provided for in this section shall be collected and deposited into the sea cucumber dive fishery account hereby created in the custody of the state treasurer. The collections and deposits must continue, as set forth in (a) and (b) of this subsection, through license year 2013, or until the number of licenses is reduced to twenty, whichever occurs first. Only the director or the director's designee may authorize expenditures from the account. The sea cucumber dive fishery account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures. Expenditures from the account shall only be used to retire sea cucumber licenses until the number of licenses is reduced to twenty, and thereafter shall only be used for sea cucumber management and enforcement. The director or the director's designee shall notify the department of revenue within thirty days when the number of licenses is reduced to twenty.

(a) A surcharge of one hundred dollars shall be charged with each sea cucumber dive license renewal for licenses issued in 2000 through (2010), or until the number of licenses is reduced to twenty, whichever occurs first.

(b) For licenses issued for the license years 2000 and (2010) through 2013, or until the number of licenses is reduced to twenty, whichever occurs first, a surcharge shall be charged on the sea cucumber dive fishery license for designating an alternate operator. The surcharge shall be as follows: Five hundred dollars for the first year or each of the first two consecutive years after 1999 that any alternate operator is designated and two thousand five hundred dollars each year thereafter that any alternate operator is designated.

(5) Sea cucumber dive fishery licenses are transferable. For licenses issued for the license years 2000 and (2010) through 2013, or whenever the number of licenses is reduced to twenty, whichever occurs first, there is a surcharge to transfer a sea cucumber dive fishery license. The surcharge is five hundred dollars for the first year or each of the first two consecutive years after 1999 that any alternate operator is designated and two thousand five hundred dollars each year thereafter that any alternate operator is designated.

(6) If fewer than twenty persons are eligible for sea cucumber dive fishery licenses, the director may accept applications for new licenses. The additional licenses may not cause more than twenty natural persons to be eligible for a sea cucumber dive fishery license. New licenses issued under this section shall be distributed according to rules of the department that recover the value of such licensed privilege.

Sec. 16. RCW 82.27.020 and 2005 c 110 s 3 are each amended to read as follows:

(1) In addition to all other taxes, licenses, or fees provided by law there is established an excise tax on the commercial possession of enhanced food fish as provided in this chapter. The tax is levied upon and shall be collected from the owner of the enhanced food fish whose possession constitutes the taxable event. The taxable event is the first possession in Washington by an owner after the enhanced food fish has been landed. Processing and handling of enhanced food fish by a person who is not the owner is not a taxable event to the processor or handler.

(a) Chinook, coho, and chum salmon and anadromous game fish: Five and twenty-five one-hundredths percent;

(b) Pink and sockeye salmon: Three and fifteen one-hundredths percent;

(c) Other food fish and shellfish, except oysters, sea urchins, and sea cucumbers: Two and one-tenth percent;

(d) Oysters: Eight one-hundredths of one percent;

(e) Sea urchins: Four and six-tenths percent through December 31, (2010) 2013, or until the department of fish and wildlife notifies the department that the number of sea urchin licenses has been reduced to twenty licenses, whichever occurs first, and two and one-tenth percent thereafter; and

(f) Sea cucumbers: Four and six-tenths percent through December 31, (2010) 2013, or until the department of fish and wildlife notifies the department that the number of sea cucumber licenses has been reduced to twenty licenses, whichever occurs first, and two and one-tenth percent thereafter.

(5) An additional tax is imposed equal to the rate specified in RCW 82.02.030 multiplied by the tax payable under subsection (4) of this section.

Sec. 17. RCW 82.27.070 and 2005 c 110 s 4 are each amended to read as follows:

All taxes collected by the department of revenue under this chapter shall be deposited in the state general fund except for the excise tax on anadromous game fish, which shall be deposited in the state wildlife account. From January 1, 2000, to December 31, (2010) 2013, or until the department of fish and wildlife notifies the department that the license reduction goals of the sea urchin or sea cucumber fishery have been met, whichever occurs first, twenty-five forty-six-thousandths of the revenues derived from the excise tax on sea urchins collected under RCW 82.27.020 shall be deposited into the sea urchin dive fishery account created in RCW 77.70.150, and twenty-five forty-six-thousandths of the revenues derived from the excise tax on sea cucumbers collected under RCW 82.27.020 shall be deposited into the sea cucumber dive fishery account created in RCW 77.70.190."

MESSAGE FROM THE SENATE
March 6, 2010

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 2621 with the following amendment:

Strike everything after the enacting clause and insert the following:

“NEW SECTION. Sec. 1. (1) The legislature has made a commitment to support multiple strategies to improve teaching and learning of science, technology, engineering, and mathematics in Washington's public schools. In recent years, Washington has adopted new technology, mathematics, and science learning standards; initiated funding for middle schools to provide a career and technical program in science, technology, engineering, and mathematics at the same rate as a high school operating a similar program; provided professional development for mathematics and science teachers; created a scholarship program to encourage students to enter mathematics and science degree programs; supported career and technical education in high-demand fields; and authorized alternative ways for teachers to earn certification in the mathematics and science fields.

(2) At the local level, school districts and their communities are also finding new ways to improve teaching and learning of science, technology, engineering, and mathematics. Some districts have combined several best practices into promising learning models for students. For example, Aviation high school in the Highline school district offers a small, highly personalized learning community that is focused on interdisciplinary immersion in science, technology, engineering, and mathematics using a hands-on, project-based curriculum. Delta high school in the Tri-Cities is a collaboration among three school districts, a skill center, two institutions of higher education, a community foundation, and local business leaders. The science and math institute at Point Defiance in Tacoma offers students field-based applied learning using the natural, historical, and community resources of a large metropolitan park. These schools draw students from across regions who are seeking an exciting, rigorous, and nontraditional learning experience. Other schools and communities across the state are seeking to replicate these innovative learning models.

(3) The legislature intends to support continued expansion of the type of innovation and creativity displayed by Aviation, Delta, and the science and math institute by designating so-called "lighthouse" high schools to serve as resources and examples of best practices in science, technology, engineering, and mathematics instruction.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.630 RCW to read as follows:

1. The designated middle and high schools shall designate up to three schools and communities to work with the designated middle and high schools and shall encourage other middle and high schools and communities in the initial stages of creating an alternative learning environment focused on science, technology, engineering, and mathematics. The designated middle and high schools must have proven experience and be recognized as model programs.

2. The designated middle and high schools shall serve as lighthouse programs and provide technical assistance and advice to other middle and high schools and communities in the initial stages of creating an alternative learning environment focused on science, technology, engineering, and mathematics. The designated middle and high schools shall also provide technical assistance and advice to other middle and high schools and communities to work with the designated middle and high schools to replicate similar models.

On page 1, line 2 of the title, after “schools;” strike the remainder of the title and insert “adding a new section to chapter 28A.630 RCW; and creating a new section.”

and the same is herewith transmitted.

SUBSTITUTE HOUSE BILL NO. 2686, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE
March 6, 2010

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2752 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that youth services provide safety to youth on the streets and are a critical pathway to ensuring the youth's return home. Runaway youth are without protection, live under the threat of violence, and fall victim to predators who exploit their vulnerability. The policy of this state is to provide assistance to youth in crisis and to protect and preserve families. In order to effectively serve youth on the streets and promote their safe return home, shelters must have the time to establish and maintain an environment that facilitates open communication and trust.

The legislature also finds that parents of runaway youth have an interest in knowing their sons and daughters are safe in a shelter, rather than on the streets without protection. The legislature further finds that law enforcement and the department can notify a parent that the youth is safe, without disclosing the youth's location or compromising the ability of youth services providers to effectively assist youth in crisis.

Sec. 2. RCW 13.32A.082 and 2000 c 123 s 10 are each amended to read as follows:

(1)(a) Except as provided in (b) of this subsection, any person, including unlicensed youth shelters or runaway and homeless youth programs, who, without legal authorization, provides shelter to a minor and who knows at the time of providing the shelter that the minor is away from the parent's home without the permission of the parent, or other lawfully prescribed residence, shall promptly report the location of the child to the parent, the law enforcement agency of the jurisdiction in which the person lives, or the department. ((The request))

(b)(i) If a licensed overnight youth shelter, or another licensed organization whose stated mission is to provide services to homeless or runaway youth and their families, provides shelter to a minor and knows at the time of providing the shelter that the minor is away from a lawfully prescribed residence or home without parental permission, it shall contact the youth's parent, preferably within twenty-four hours but within no more than seventy-two hours following the time that the youth is admitted to the shelter or other licensed organization's program. The notification must include the whereabouts of the youth, a description of the youth's physical and emotional condition, and the circumstances surrounding the youth's contact with the shelter or organization. If there are compelling reasons not to notify the parent, the shelter or organization shall instead notify the department.

(ii) At least once every eight hours after learning that a youth receiving services or shelter under this section is away from home without permission, the shelter or organization staff must consult the information that the Washington state patrol makes publicly available under RCW 43.43.510(2). If the youth is publicly listed as missing, the shelter or organization shall immediately notify the department of its contact with the youth listed as missing. The notification must include a description of the youth's physical and emotional condition and the circumstances surrounding the youth's contact with the shelter or organization.

(c) Reports required under this section may be made by telephone or any other reasonable means.

(2) Unless the context clearly requires otherwise, the definitions in this subsection apply throughout this section.

(a) "Shelter" means the person's home or any structure over which the person has any control.

(b) "Promptly report" means to report within eight hours after the person has knowledge that the minor is away from a lawfully prescribed residence or home without parental permission.

(c) "Compelling reasons" include, but are not limited to, circumstances that indicate that notifying the parent or legal guardian will subject the child to abuse or neglect as defined in chapter 26.44 RCW.

(3) When the department receives a report under subsection (1) of this section, it shall make a good faith attempt to notify the parent that a report has been received and offer services designed to resolve the conflict and accomplish a reunification of the family.

(4) Nothing in this section prohibits any person from immediately reporting the identity and location of any minor who is away from a lawfully prescribed residence or home without parental permission more promptly than required under this section.

(5) This section expires on July 1, 2012.

NEW SECTION. Sec. 3. A new section is added to chapter 13.32A RCW to read as follows:

A private right of action or claim on the part of a parent is created against an unlicensed youth shelter or unlicensed runaway and homeless youth program who fails to meet the notification requirements in RCW 13.32A.082(1)(a).

Sec. 4. RCW 43.43.510 and 1998 c 67 s 2 are each amended to read as follows:

(1) As soon as is practical and feasible there shall be established, by means of data processing, files listing stolen and wanted vehicles, outstanding warrants, identifying children whose parents, custodians, or legal guardians have reported as having run away from home or the custodial residence, identifiable stolen property, files maintaining the central registry of sex offenders required to register under chapter 9A.44 RCW, and such other files as may be of general assistance to law enforcement agencies.

(a)(2) At the request of a parent, legal custodian, or guardian who has reported a child as having run away from home or the custodial residence, the Washington state patrol shall make the information about the runaway child as is filed in subsection (1) of this section publicly available.

(b) The information that can be made publicly available under (a) of this subsection is limited to the information that will facilitate the safe return of the child to his or her home or custodial residence and so long as making the information publicly available incurs no additional costs."

On page 1, line 1 of the title, after "youth:"

strike the remainder of the title and insert "amending RCW 13.32A.082 and 43.43.510; adding a new section to chapter 13.32A RCW; creating a new section; and providing an expiration date."

and the same is herewith transmitted.

**MESSAGE FROM THE SENATE**

March 6, 2010

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2777 with the following amendment:

Strike everything after the enacting clause and insert the following:

"PART ONE

NEW SECTION. Sec. 101. The legislature intends to improve the lives of persons who suffer from the adverse effects of domestic violence and to provide for the reasonable, coordinated measures to prevent domestic violence from occurring. The legislature intends to give law enforcement and the courts better tools to identify violent perpetrators of domestic violence and hold them accountable. The legislature intends to: Increase the safety afforded to individuals who seek protection of public and private agencies involved in domestic violence prevention; improve the ability of agencies to address the needs of victims and their children and the delivery of services; upgrade the quality of treatment programs; and enhance the ability of the justice system to respond quickly and fairly to domestic violence. In order to improve the lives of persons who have, or may suffer, the effects of domestic violence the legislature intends to achieve more uniformity in the decision-making processes at public and private agencies that address domestic violence by reducing inconsistencies and duplications allowing domestic violence victims to achieve safety and stability in their lives.

PART TWO

LAW ENFORCEMENT/ARREST PROVISIONS

Sec. 201. RCW 10.31.100 and 2006 c 138 s 23 are each amended to read as follows:

A police officer having probable cause to believe that a person has committed or is committing a felony shall have the authority to arrest the person without a warrant. A police officer may arrest a person without a warrant for committing a misdemeanor or gross misdemeanor only when the offense is committed in the presence of the officer, except as provided in subsections (1) through (10) of this section.

Any police officer having probable cause to believe that a person has committed or is committing a misdemeanor or gross misdemeanor, involving physical harm or threats of harm to any person or property or the unlawful taking of property or involving the use or possession of cannabis, or involving the acquisition, possession, or consumption of alcohol by a person under the age of twenty-one years under RCW 66.44.270, or involving criminal trespass under RCW 9A.52.070 or 9A.52.080, shall have the authority to arrest the person.

(2) A police officer shall arrest and take into custody, pending release on bail, personal recognizance, or court order, a person without a warrant when the officer has probable cause to believe that:

Bodily injury means physical pain, illness, or an impairment of physical condition. When the officer has probable cause to believe that family or household members have assaulted each other, the officer is not required to arrest both persons. The officer shall arrest the person whom the officer believes to be the primary physical aggressor. In making this determination, the officer shall make every reasonable effort to consider: (i) The intent to protect victims of domestic violence under RCW 10.99.010; (ii) the comparative extent of injuries inflicted or
serious threats creating fear of physical injury; and (iii) the history of domestic violence (between the) of each person(s) involved, including whether the conduct was part of an ongoing pattern of abuse.

(3) Any police officer having probable cause to believe that a person has committed or is committing a violation of any of the following traffic laws shall have the authority to arrest the person:
(a) RCW 46.52.010, relating to duty on striking an unattended car or other property;
(b) RCW 46.52.020, relating to duty in case of injury to or death of a person or damage to an attended vehicle;

(f) RCW 46.61.5249, relating to operating a motor vehicle in a negligent manner.

(4) A law enforcement officer investigating at the scene of a motor vehicle accident may arrest the driver of a motor vehicle involved in the accident if the officer has probable cause to believe that the driver has committed in connection with the accident a violation of any traffic law or regulation.

(5) Any police officer having probable cause to believe that a person has committed or is committing a violation of RCW 79A.60.040 shall have the authority to arrest the person.

(6) An officer may act upon the request of a law enforcement officer in whose presence a traffic infraction was committed, to stop, detain, arrest, or issue a notice of traffic infraction to the driver who is believed to have committed the infraction. The request by the witnessing officer shall give an officer the authority to take appropriate action under the laws of the state of Washington.

(7) Any police officer having probable cause to believe that a person has committed or is committing any act of indecent exposure, as defined in RCW 9A.88.010, may arrest the person.

(8) A police officer may arrest and take into custody, pending release on bail, personal recognizance, or court order, a person without a warrant when the officer has probable cause to believe that an order has been issued of which the person has knowledge under chapter 10.14 RCW and the person has violated the terms of that order.

(9) Any police officer having probable cause to believe that a person has, within twenty-four hours of the alleged violation, committed a violation of RCW 9A.50.020 may arrest such person.

(3) (a) At the time of the appearances provided in subsection (1) or (2) of this section, the court shall determine the necessity of imposing a no-contact order or other conditions of pretrial release according to the procedures established by court rule for a preliminary appearance or an arraignment. The court may include in the order any conditions authorized under RCW 9.41.800 and 10.99.040.

The jurisdiction of district and municipal courts under this chapter shall be limited to enforcement of RCW 26.50.110(1), or the equivalent municipal ordinance, and the issuance and enforcement of temporary orders for protection provided for in RCW 26.50.070 if: (a) A superior court has exercised or is exercising jurisdiction over a proceeding under this title or chapter 13.34 RCW involving the parties; (b) the petition for relief under this chapter presents issues of residential schedule of and contact with children of the parties; or (c) the petition for relief under this chapter requests the court to exclude a party from the dwelling which the parties share. (2) Any peace officer who serves a protection order on a respondent with the knowledge that the respondent requires special assistance due to a disability, brain injury, or impairment shall make a reasonable effort to accommodate the needs of the respondent to the extent practicable without compromise to the safety of the petitioner.

Sec. 304. RCW 26.50.060 and 2009 c 439 s 2 are each amended to read as follows:

(g) Require the respondent to pay the administrative court costs and service fees, as established by the county or municipality incurring the expense and to reimburse the petitioner for costs incurred in bringing the action, including reasonable attorneys' fees;

(h) Order the respondent to refrain from any contact with the victim of domestic violence or the victim's children or members of the victim's household;

(i) Restrain the respondent from harassing, following, keeping under physical or electronic surveillance, cyberstalking as defined in RCW 9.61.260, and using telephonic, audiovisual, or other electronic means to monitor the actions, location, or communication of a victim of domestic violence, the victim's children, or members of the victim's household. For the purposes of this subsection, "communication" includes both "wire communication" and "electronic communication" as defined in RCW 9.73.260;

(ii) Require the respondent to submit to electronic monitoring.

The order shall specify who shall provide the electronic monitoring services and the terms under which the monitoring must be performed. The order also may include a requirement that the respondent pay the costs of the monitoring. The court shall consider the ability of the respondent to pay for electronic monitoring;

(jj) Consider the provisions of RCW 9.41.800;

(kk) Order possession and use of essential personal effects.

The court shall list the essential personal effects with sufficient specificity to make it clear which property is included. Personal effects may include pets. The court may order that a petitioner be granted the exclusive custody or control of any pet owned, possessed, leased, kept, or held by the petitioner, respondent, or minor child residing with either the petitioner or respondent and may prohibit the respondent from interfering with the petitioner's efforts to remove the pet. The court may also prohibit the respondent from knowingly coming within, or knowingly remaining within, a specified distance of specified locations where the pet is regularly found; and

(ll) Order use of a vehicle.

(2) If a protection order restrains the respondent from contacting the respondent's minor children the restraint shall be for a fixed period not to exceed one year. This limitation is not applicable to orders for protection issued under chapter 26.09, 26.10, or 26.26 RCW. With regard to other relief, if the petitioner has petitioned for relief on his or her own behalf or on behalf of the petitioner's family or household members or minor children, and the court finds that the respondent is likely to resume acts of domestic violence against the petitioner or the petitioner's family or household members or minor children when the order expires, the court may either grant relief for a fixed period or enter a permanent order of protection.

If the petitioner has petitioned for relief on behalf of the respondent's minor children, the court shall advise the petitioner that if the petitioner wants to continue protection for a period beyond one year the petitioner may either petition for renewal pursuant to the provisions of this chapter or may seek relief pursuant to the provisions of chapter 26.09 or 26.26 RCW.

(3) If the court grants an order for a fixed time period, the petitioner may apply for renewal of the order by filing a petition for
The petition for renewal shall state the reasons why the petitioner seeks to renew the protection order. Upon receipt of the petition for renewal the court shall order a hearing which shall be not later than fourteen days from the date of the order. Except as provided in RCW 26.50.085, personal service shall be made on the respondent not less than five days before the hearing. If timely service cannot be made the court shall set a new hearing date and shall either require additional attempts at obtaining personal service or permit service by publication as provided in RCW 26.50.085 or by mail as provided in RCW 26.50.123. If the court permits service by publication or mail, the court shall set the new hearing date not later than twenty-four days from the date of the order. If the order expires because timely service cannot be made the court shall grant an ex parte order of protection as provided in RCW 26.50.070. The court shall grant the petition for renewal unless the respondent proves by a preponderance of the evidence that the respondent will not resume acts of domestic violence against the petitioner or the petitioner's children or family or household members when the order expires. The court may renew the protection order for another fixed time period or may enter a permanent order as provided in this section. The court may award court costs, service fees, and reasonable attorneys' fees as provided in subsection (1)(g) of this section.

(4) In providing relief under this chapter, the court may realign the designation of the parties as “petitioner” and “respondent” where the court finds that the original petitioner is the abuser and the original respondent is the victim of domestic violence and may issue an ex parte temporary order for protection in accordance with RCW 26.50.070 on behalf of the victim until the victim is able to prepare a petition for an order for protection in accordance with RCW 26.50.030.

(5) Except as provided in subsection (4) of this section, no order for protection shall grant relief to any party except upon notice to the respondent and hearing pursuant to a petition or counter-petition filed and served by the party seeking relief in accordance with RCW 26.50.050.

(6) The court order shall specify the date the order expires if any. The court order shall also state whether the court issued the protection order following personal service, service by publication, or service by mail and whether the court has approved service by publication or mail of an order issued under this section.

(7) If the court declines to issue an order for protection or declines to renew an order for protection, the court shall state in writing on the order the particular reasons for the court's denial.

Sec. 305. RCW 26.50.070 and 2000 c 119 s 16 are each amended to read as follows:

(a) Restraining any party from committing acts of domestic violence;

(3) The court shall hold an ex parte hearing in person or by telephone on the day the petition is filed or on the following judicial day.

(4) An ex parte temporary order for protection shall be effective for a fixed period not to exceed fourteen days or twenty-four days if the court has permitted service by publication under RCW 26.50.085 or by mail under RCW 26.50.123. The ex parte order may be reissued. A full hearing, as provided in this chapter, shall be set for not later than fourteen days from the issuance of the temporary order or not later than twenty-four days if service by publication or by mail is permitted. Except as provided in RCW 26.50.050, 26.50.085, and 26.50.123, the respondent shall be personally served with a copy of the ex parte order along with a copy of the petition and notice of the date set for the hearing.

(5) Any order issued under this section shall contain the date and time of issuance and the expiration date and shall be entered into a statewide judicial information system by the clerk of the court within one judicial day after issuance.

NEW SECTION. Sec. 309. RCW 10.99.040 and 2000 c 119 s 18 are each amended to read as follows:

(1) Because of the serious nature of domestic violence, the court in domestic violence actions:

(a) Shall not dismiss any charge or delay disposition because of concurrent dissolution or other civil proceedings;

(b) Shall not require proof that either party is seeking a dissolution of marriage prior to instigation of criminal proceedings;

(c) Shall waive any requirement that the victim's location be disclosed to any person, other than the attorney of a criminal defendant, upon a showing that there is a possibility of further violence: PROVIDED, That the court may order a criminal defense attorney not to disclose to his or her client the victim's location; and

(d) Shall identify by any reasonable means on docket sheets those criminal actions arising from acts of domestic violence.

(2)(a) Because of the likelihood of repeated violence directed at those who have been victims of domestic violence in the past, when any person charged with or arrested for a crime involving domestic violence is released from custody before arraignment or trial on bail or personal recognizance, the court authorizing the release may prohibit that person from having any contact with the victim. The jurisdiction authorizing the release shall determine whether that person should be prohibited from having any contact with the victim. If there is no outstanding restraining or protective order prohibiting that person from having contact with the victim, the court authorizing the release may, issue, by telephone, a no-contact order prohibiting the person charged or arrested from having contact with the victim or from knowingly coming within, or knowingly remaining within, a specified distance of a location.
(b) In issuing the order, the court shall consider the provisions of RCW 9.41.800.

(c) The no-contact order shall also be issued in writing as soon as possible. A no-contact order issued under this chapter must substantially comply with the pattern form developed by the administrative office of the courts.

(3) At the time of arraignment the court shall determine whether a no-contact order shall be issued or extended. The no-contact order shall terminate if the defendant is acquitted or the charges are dismissed. If a no-contact order is issued or extended, the court may also include in the conditions of release a requirement that the defendant submit to electronic monitoring. If electronic monitoring is ordered, the court shall specify who shall provide the monitoring services, and the terms under which the monitoring shall be performed. Upon conviction, the court may require as a condition of the sentence that the defendant reimburse the providing agency for the costs of the electronic monitoring.

(4)(a) Wilful violation of a court order issued under subsection (2) or (3) of this section is punishable under RCW 26.50.110.

(b) The written order releasing the person charged or arrested shall contain the court's directives and shall bear the legend: "Violation of this order is a criminal offense under chapter 26.50 RCW and will subject a violator to arrest; any assault, drive-by shooting, or reckless endangerment that is a violation of this order is a felony. You can be arrested even if any person protected by the order invites or allows you to violate the order's prohibitions. You have the sole responsibility to avoid or refrain from violating the order's provisions. Only the court can change the order."

(c) A certified copy of the order shall be provided to the victim.

(5) If a no-contact order has been issued prior to charging, that order shall expire at arraignment or within seventy-two hours if charges are not filed. Such orders need not be entered into the computer-based criminal intelligence information system in this state which is used by law enforcement agencies to list outstanding warrants.

(6) Whenever a no-contact order is issued, modified, or terminated under subsection (2) or (3) of this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order the law enforcement agency shall enter the order for one year or until the expiration date specified on the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. Entry into the computer-based criminal intelligence information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any jurisdiction in the state. Upon receipt of notice that an order has been terminated under subsection (3) of this section, the law enforcement agency shall remove the order from the computer-based criminal intelligence information system.

(7) All courts shall develop policies and procedures by January 1, 2011, to grant victims a process to modify or rescind a no-contact order issued under this chapter. The administrative office of the courts shall develop a model policy to assist the courts in implementing the requirements of this subsection.

NEW SECTION. Sec. 310. A new section is added to chapter 2.56 RCW to read as follows:

(1) The administrative office of the courts shall develop guidelines by December 1, 2011, for all courts to establish a process to reconcile duplicate or conflicting no-contact or protection orders issued by courts in this state.

However, affirmative acts necessary to monitor compliance with the order of a court may be required by the department.

(11) "Criminal history" means the list of a defendant's prior convictions and juvenile adjudications, whether in this state, in federal court, or elsewhere.

(a) The history shall include, where known, for each conviction (i) whether the defendant has been placed on probation and the length and terms thereof; and (ii) whether the defendant has been incarcerated and the length of incarceration.

(c) The determination of a defendant's criminal history is distinct from the determination of an offender score. A prior conviction that
was not included in an offender score calculated pursuant to a former version of the sentencing reform act remains part of the defendant's criminal history.

(12) "Criminal street gang" means any ongoing organization, association, or group of three or more persons, whether formal or informal, having a common name or common identifying sign or symbol, having as one of its primary activities the commission of criminal acts, and whose members or associates individually or collectively engage in or have engaged in a pattern of criminal street gang activity. amended to read as follows:
The offender score is measured on the horizontal axis of the
sentencing grid. The offender score rules are as follows:
The offender score is the sum of points accrued under this section
rounded down to the nearest whole number.

(1) A prior conviction is a conviction which exists before the date
of sentencing for the offense for which the offender score is being
computed. Convictions entered or sentenced on the same date as the
conviction for which the offender score is being computed shall be
deemed "other current offenses" within the meaning of RCW
9.94A.589.

(2)(a) Class A and sex prior felony convictions shall always be
included in the offender score.

(b) Class B prior felony convictions other than sex offenses shall
not be included in the offender score, if since the last date of release
from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent ten consecutive years in the community without committing any crime that subsequently results in a conviction.

(c) Except as provided in (e) of this subsection, class C prior felony convictions other than sex offenses shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent five consecutive years in the community without committing any crime that subsequently results in a conviction.

(d) Except as provided in (e) of this subsection, serious traffic convictions shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender spent five years in the community without committing any crime that subsequently results in a conviction.

(e) If the present conviction is felony driving while under the influence of intoxicating liquor or any drug (RCW 46.61.502(6)) or felony physical control of a vehicle while under the influence of intoxicating liquor or any drug (RCW 46.61.504(6)), prior convictions of felony driving while under the influence of intoxicating liquor or any drug, felony physical control of a vehicle while under the influence of intoxicating liquor or any drug, and serious traffic offenses shall be included in the offender score if:

(i) The prior convictions were committed within five years since the last date of release from confinement (including full-time residential treatment) or entry of judgment and sentence; or

(ii) The prior convictions would be considered "prior offenses within ten years" as defined in RCW 46.61.5055.

(f) This subsection applies to both adult and juvenile prior convictions.

(3) Out-of-state convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. Federal convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. If there is no clearly comparable offense under Washington law or the offense is one that is usually considered subject to exclusive federal jurisdiction, the offense shall be scored as a class C felony equivalent if it was a felony under the relevant federal statute.

(4) Score prior convictions for felony anticipatory offenses (attempts, criminal solicitations, and criminal conspiracies) the same as if they were convictions for completed offenses.

(5)(a) In the case of multiple prior convictions, for the purpose of computing the offender score, count all convictions separately, except:

(i) Prior offenses which were found, under RCW 9.94A.589(1)(a), to encompass the same criminal conduct, shall be counted as one offense, the offense that yields the highest offender score. The current sentencing court shall determine with respect to other prior adult offenses for which sentences were served concurrently or prior juvenile offenses for which sentences were served consecutively, whether those offenses shall be counted as one offense or as separate offenses using the "same criminal conduct" analysis found in RCW 9.94A.589(1)(a), and if the court finds that they shall be counted as one offense, then the offense that yields the highest offender score shall be used. The current sentencing court may presume that such other prior offenses were not the same criminal conduct from sentences imposed on separate dates, or in separate counties or jurisdictions, or in separate complaints, indictments, or informations;

(ii) In the case of multiple prior convictions for offenses committed before July 1, 1986, for the purpose of computing the offender score, count all adult convictions served concurrently as one offense, and count all juvenile convictions entered on the same date as one offense. Use the conviction for the offense that yields the highest offender score.

(b) As used in this subsection (5), "served concurrently" means that:

(i) The latter sentence was imposed with specific reference to the former;

(ii) The concurrent relationship of the sentences was judicially imposed; and

(iii) The concurrent timing of the sentences was not the result of a probation or parole revocation on the former offense.

(6) If the present conviction is one of the anticipatory offenses of criminal attempt, solicitation, or conspiracy, count each prior conviction as if the present conviction were for a completed offense. When these convictions are used as criminal history, score them the same as a completed crime.

(7) If the present conviction is for a nonviolent offense and not covered by subsection (11), (12), or (13) of this section, count one point for each adult prior felony conviction and one point for each juvenile prior violent felony conviction and 1/2 point for each juvenile prior nonviolent felony conviction.

(12) If the present conviction is for homicide by watercraft or assault by watercraft count two points for each adult or juvenile prior conviction for homicide by watercraft or assault by watercraft; for each felony offense count one point for each adult and 1/2 point for each juvenile prior conviction; for each violent offense count one point for each adult and 1/2 point for each juvenile prior conviction for driving under the influence of intoxicating liquor or any drug, actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug, or operation of a vessel while under the influence of intoxicating liquor or any drug.

(13) If the present conviction is for manufacture of methamphetamine count three points for each adult prior manufacture of methamphetamine conviction and two points for each juvenile manufacture of methamphetamine offense. If the present conviction is for a drug offense and the offender has a criminal history that includes a sex offense or serious violent offense, count three points for each adult prior felony drug offense conviction and two points for each juvenile drug offense. All other adult and juvenile felonies are scored as in subsection (8) of this section if the current drug offense is
violent, or as in subsection (7) of this section if the current drug offense is nonviolent.

(14) If the present conviction is for Escape from Community Custody, RCW 72.09.310, count only prior escape convictions in the offender score. Count adult prior escape convictions as one point and juvenile prior escape convictions as 1/2 point.

(15) If the present conviction is for Escape 1, RCW 9A.76.110, or Escape 2, RCW 9A.76.120, count adult prior convictions as one point and juvenile prior convictions as 1/2 point.

(17) If the present conviction is for a sex offense, count priors as in subsections (7) through (11) and (13) through (16) of this section; however count three points for each adult and juvenile prior sex offense conviction.

(18) If the present conviction is for failure to register as a sex offender under RCW 9A.44.130(11), count priors as in subsections (7) through (11) and (13) through (16) of this section; however count three points for each adult and juvenile prior sex offense conviction, excluding prior convictions for failure to register as a sex offender under RCW 9A.44.130(11), which shall count as one point.

(19) If the present conviction is for an offense committed while the offender was under community custody, add one point. For purposes of this subsection, community custody includes community placement or postrelease supervision, as defined in chapter 9.94B RCW.

(20) If the present conviction is for Theft of a Motor Vehicle, Possession of a Stolen Vehicle, Taking a Motor Vehicle Without Permission 1, or Taking a Motor Vehicle Without Permission 2, count priors as in subsections (7) through (18) of this section; however count one point for prior convictions of Vehicle Prowling 2, and three points for each adult and juvenile prior Theft 1 (of a motor vehicle), Theft 2 (of a motor vehicle), Possession of Stolen Property 1 (of a motor vehicle), Possession of Stolen Property 2 (of a motor vehicle), Theft of a Motor Vehicle, Possession of a Stolen Vehicle, Taking a Motor Vehicle Without Permission 1, or Taking a Motor Vehicle Without Permission 2 conviction.

A defendant who has been sentenced, or whose sentence has been deferred, and who then fails to appear for any hearing to address the defendant's compliance with the terms of probation when ordered to do so by the court, shall have the term of probation tolled until such time as the defendant makes his or her presence known to the court on the record. However, the jurisdiction period in this section does not apply to the enforcement of orders issued under RCW 46.20.720. Any time before entering an order terminating probation, the court may modify or revoke its order suspending or deferring the imposition or execution of the sentence. A defendant who has been sentenced, or whose sentence has been deferred, and who then fails to appear for any hearing to address the defendant's compliance with the terms of probation when ordered to do so by the court, shall have the term of probation tolled until such time as the defendant makes his or her presence known to the court on the record. However, the jurisdiction period in this section does not apply to the enforcement of orders issued under RCW 46.20.720. PART FIVE
TREATMENT/SERVICES FOR PERPETRATORS AND VICTIMS

Sec. 501. RCW 26.50.150 and 1999 c 147 s 1 are each amended to read as follows:

Any program that provides domestic violence treatment to perpetrators of domestic violence must be certified by the department of social and health services and meet minimum standards for domestic violence treatment purposes. The department of social and health services shall adopt rules for standards of approval of domestic violence perpetrator programs (that accept perpetrators of domestic violence into treatment to satisfy court orders that represent the programs as ones that treat domestic violence perpetrators). The treatment must meet the following minimum qualifications:

1) All treatment must be based upon a full, complete clinical intake including but not limited to: Current and past violence history; a lethality risk assessment; history of treatment from past domestic violence perpetrator treatment programs; a complete diagnostic evaluation; a substance abuse assessment; criminal history; assessment of cultural issues, learning disabilities, literacy, and special language needs; and a treatment plan that adequately and appropriately addresses the treatment needs of the individual.

2) To facilitate communication necessary for periodic safety checks and case monitoring, the program must require the perpetrator to sign the following releases:

(a) A release for the program to inform the victim and victim's community and legal advocates that the perpetrator is in treatment with the program, and to provide information, for safety purposes, to the victim and victim's community and legal advocates;
(b) A release to prior and current treatment agencies to provide information on the perpetrator to the program; and
(c) A release for the program to provide information on the perpetrator to relevant legal entities including: Lawyers, courts, parole, probation, child protective services, and child welfare services.

3) Treatment must be for a minimum treatment period defined by the secretary of the department by rule. The weekly treatment sessions must be in a group unless there is a documented, clinical reason for another modality. Any other therapies, such as individual, marital, or family therapy, substance abuse evaluations or therapy, medication reviews, or psychiatric interviews, may be concomitant with the weekly group treatment sessions described in this section but not a substitute for it.

4) The treatment must focus primarily on ending the violence, but not limited to: Changing his or her behavior. The treatment must be based on nonvictim-blaming strategies and philosophies and shall include education about the individual, family, and cultural dynamics of domestic violence. If the perpetrator or the victim has a minor child, treatment must specifically include education regarding the effects of domestic violence on children, such as the emotional impacts of domestic violence on children and the long-term consequences that exposure to incidents of domestic violence may have on children.

5) Satisfactory completion of treatment must be contingent upon the perpetrator meeting specific criteria, defined by rule by the secretary of the department, and not just upon the end of a certain period of time or a certain number of sessions.

6) The program must have policies and procedures for dealing with reoffenses and noncompliance.

7) All evaluation and treatment services must be provided by, or under the supervision of, qualified personnel.

8) The secretary of the department may adopt rules and establish fees as necessary to implement this section.

9) The department may conduct on-site monitoring visits as part of its plan for certifying domestic violence perpetrator programs and monitoring implementation of the rules adopted by the secretary of the department to determine compliance with the minimum standards for domestic violence treatment purposes.
qualifications for domestic violence perpetrator programs. The applicant or certified domestic violence perpetrator program shall cooperate fully with the department in the monitoring visit and provide all program and management records requested by the department to determine the program's compliance with the minimum certification qualifications and rules adopted by the department.

(d) The surviving siblings of the decedent.

(e) A person acting as a representative of the decedent under the signed authorization of the decedent.

The notice to the person shall state that the person is eligible for health insurance provided by the Washington state health insurance pool, and shall include information about the Washington state health insurance pool and an application for such coverage. MESSAGE FROM THE SENATE

March 6, 2010

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 3141 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 74.08A RCW to read as follows:

(1) The legislature finds that the goal of the Washington WorkFirst program is economic self-sufficiency for families through unsubsidized work. The legislature also finds that matching available resources with families' needs and developing a comprehensive plan assists families in attaining lasting self-sufficiency through work.

(2) The legislature also finds that the primary purposes of the temporary assistance for needy families program are: (a) To help job ready participants secure gainful employment; (b) to assist parents to prepare for and obtain sustainable employment that will lift the family out of poverty and lead to economic self-sufficiency; and (c) to provide basic income assistance and support to parents who are disabled or otherwise exempt from work activity requirements under federal law.

(3) The legislature further finds that parents who have adequate job skills and experiences should be referred to job search activities that will lead to employment.

(4) The legislature also finds that completion of appropriate educational and training programs is necessary for some families to achieve economic self-sufficiency through work because research demonstrates that without adequate levels of education or training, job search activities alone have no measurable impact on a family's ability to obtain and maintain paid work.

(5) The legislature further finds that while many families have been successful in permanently leaving the program of temporary assistance for needy families, statistics indicate that families continue to return to the program in the absence of adequate education and training.

(6) In order to provide work opportunities for parents with significant barriers to employment, the legislature intends to build upon the successes of the community jobs program and to provide subsidized work opportunities to parents who are unable to find employment after earnest efforts at job search or education and training activities.

(7) The legislature intends to reform components of Washington's subsidized childcare program by redesigning the eligibility determination process to promote: (a) Stability for children and (b) predictability for parents who are either working or preparing and searching for work and the childcare providers who are serving low-income families.

NEW SECTION. Sec. 2. A new section is added to chapter 43.215 RCW to read as follows:

(1) The department shall establish and implement policies in the working connections child care program to promote stability and quality of care for children from low-income households. Policies for the expenditure of funds constituting the working connections child care program must be consistent with the outcome measures defined in RCW 74.08A.410 and the standards established in this section intended to promote continuity of care for children.

(2) Beginning in fiscal year 2011, for families with children enrolled in an early childhood education and assistance program, a head start program, or an early head start program, authorizations for the working connections child care subsidy shall be effective for twelve months unless a change in circumstances necessitates reauthorization sooner than twelve months.

(3) The department, in consultation with the department of social and health services, shall report to the legislature by September 1, 2011, with:

(2) Except as provided in subsection (((2))) (4) of this section, agencies shall waive any fines, civil penalties, or administrative sanctions for first-time paperwork violations by a small business.

(e) The small business committing the violation previously violated a substantially similar ((paperwork)) requirement; or

(f) The owner or operator of the small business committing the violation owns or operates, or owned or operated a different small business which previously violated a substantially similar ((paperwork)) requirement.

(((4))) (5)(a) Nothing in this section prohibits an agency from waiving fines, civil penalties, or administrative sanctions incurred by a small business for a paperwork violation that is not a first-time offense.

(b) Any fine, civil penalty, or administrative sanction that is waived under this section may be reinstated and imposed in addition to any additional fines, penalties, or administrative sanctions associated with a subsequent violation for noncompliance with a substantially similar paperwork requirement, or failure to correct the previous violation as required by the agency under subsection (((4))) (3) of this section.

(((4))) (6) Nothing in this section may be construed to diminish the responsibility for any citizen or business to apply for and obtain a permit, license, or authorizing document that is required to engage in a regulated activity, or otherwise comply with state or federal law.

(((4))) (7) Nothing in this section shall be construed to apply to small businesses required to provide accurate and complete information and documentation in relation to any claim for payment of state or federal funds or who are licensed or certified to provide care and services to vulnerable adults or children.

(((2))) (8) Nothing in this section affects the attorney general's authority to impose fines, civil penalties, or administrative sanctions as otherwise authorized by law; nor shall this section affect the attorney general's authority to enforce the consumer protection act, chapter 19.86 RCW.

MESSAGE FROM THE SENATE
March 6, 2010

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2801 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that despite a recognized law prohibiting harassment, intimidation, and bullying of students in public schools and despite widespread adoption of antibullying policies by school districts, harassment of students continues and has not declined since the law was enacted. Furthermore, students and parents continue to seek assistance against harassment, and schools need to disseminate more widely their antibullying policies and procedures. The legislature intends to expand the tools, information, and strategies that can be used to combat harassment, intimidation, and bullying of students, and increase awareness of the need for respectful learning communities in all public schools.

Sec. 2. RCW 28A.300.285 and 2007 c 407 s 1 are each amended to read as follows:

(1) By August 1, 2011, each school district shall adopt or amend if necessary a policy (within the scope of its authority) and procedure that at a minimum incorporates the revised model policy and procedure provided under subsection (4) of this section that prohibits the harassment, intimidation, or bullying of any student. It is the responsibility of each school district to share this policy with parents or guardians, students, volunteers, and other school employees in accordance with rules adopted by the superintendent of public instruction. Each school district shall designate one person in the district as the primary contact regarding the harassment, intimidation, or bullying policy. The primary contact shall receive copies of all formal and informal complaints, have responsibility for assuring the implementation of the policy and procedure, and serve as the primary contact on the policy and procedures between the school district, the office of the education ombudsman, and the office of the superintendent of public instruction.

(2) "Harassment, intimidation, or bullying" means any intentional electronic, written, verbal, or physical act, including but not limited to one shown to be motivated by any characteristic in RCW 9A.36.080(3), or other distinguishing characteristics, when the intentional electronic, written, verbal, or physical act:

(a) Physically harms a student or damages the student's property;

(b) Has the effect of substantially interfering with a student's education;

(c) Is so severe, persistent, or pervasive that it creates an intimidating or threatening educational environment;

(d) Has the effect of substantially disrupting the orderly operation of the school.

Nothing in this section requires the affected student to actually possess a characteristic that is a basis for the harassment, intimidation, or bullying.

(3) The policy and procedure should be adopted or amended through a process that includes representation of parents or guardians, school employees, volunteers, students, administrators, and community representatives. It is recommended that each such policy emphasize positive character traits and values, including the importance of civil and respectful speech and conduct, and the responsibility of students to comply with the district's policy prohibiting harassment, intimidation, or bullying.

By August 1, (2002) 2010, the superintendent of public instruction, in consultation with representatives of parents, school personnel, the office of the education ombudsman, the Washington state school districts' association, and other interested parties, shall provide to the education committees of the legislature a revised and updated model harassment, intimidation, and bullying prevention policy and procedure. The superintendent of public instruction shall publish on its web site, with a link to the safety center web page, the revised and updated model harassment, intimidation, and bullying prevention policy and procedure, along with training and instructional materials on the components that (should) shall be included in any district policy and procedure. The superintendent shall adopt rules regarding school districts' communication of the policy and procedure to parents, students, employees, and volunteers. (Training materials shall be disseminated in a variety of ways, including workshops and other staff developmental activities, and through the office of the superintendent of public instruction's web site, with a link to the safety center web page. On the web site:

(a) The office of the superintendent of public instruction shall post its model policy, recommended training materials, and instructional materials;

(b) The office of the superintendent of public instruction has the authority to update with new technologies access to this information in the safety center, to the extent resources are made available;((and))

(c) (Individual school districts shall have direct access to the safety center web site to post a brief summary of their policies, programs, partnerships, vendors, and instructional and training materials, and to provide a link to the school district's web site for further information.) Each school district shall by August 15, 2011, provide to the superintendent of public instruction a brief summary of its policies, procedures, programs, partnerships, vendors, and instructional and training materials to be posted on the school safety center web site, and shall also provide the superintendent with a link to the school district's web site for further information. The district's primary contact for bullying and harassment issues shall annually by August 15th verify posted information and links and notify the school safety center of any updates or changes.

(5) The Washington state school directors association, with the assistance of the office of the superintendent of public instruction, shall convene an advisory committee to develop a model policy.
prohibiting acts of harassment, intimidation, or bullying that are conducted via electronic means by a student while on school grounds and during the school day. The policy shall include a requirement that materials meant to educate parents and students about the seriousness of cyberbullying be disseminated to parents or made available on the school district's web site. The school directors association and the advisory committee shall develop sample materials for school districts to disseminate, which shall also include information on responsible and safe internet use as well as what options are available if a student is being bullied via electronic means, including but not limited to, reporting threats to local police and when to involve school officials, the internet service provider, or phone service provider. The school directors association shall submit the model policy and sample materials, along with a recommendation for local adoption, to the governor and the legislature and shall post the model policy and sample materials on its web site by January 1, 2008. Each school district board of directors shall establish its own policy by August 1, 2008.

(6) As used in this section, "electronic" or "electronic means" means any communication where there is the transmission of information by wire, radio, optical cable, electromagnetic, or other similar means.

NEW SECTION. Sec. 3. A new section is added to chapter 43.06B RCW to read as follows:

In addition to duties assigned under RCW 43.06B.020, the office of the education ombudsman shall serve as the lead agency to provide resources and tools to parents and families about public school antiharassment policies and strategies.

On page 1, line 1 of the title, after "schools;" strike the remainder of the title and insert "amending RCW 28A.300.285; adding a new section to chapter 43.06B RCW; and creating a new section."

and the same is herewith transmitted.

application and upon renewal, that it maintains a detailed record of
each service request that it receives and the appraiser that performs the
appraisal for the appraisal management company. This statement

period of five years after the appraisal is completed, or two years after
final disposition of a judicial proceeding related to the assignment,

NEW SECTION. Sec. 13. ADJUDICATION OF DISPUTES
BETWEEN AN APPRAISAL MANAGEMENT COMPANY AND
AN APPRAISER. (1) Except within the first thirty days after an
apraiser is first added to the appraiser panel of an appraisal
management company, an appraisal management company may not
remove an appraiser from its appraiser panel, or otherwise refuse to
assign requests for real estate appraisal services to an appraiser without:

(a) Notifying the appraiser in writing of the reasons why the
apraiser is being removed from the appraiser panel of the appraisal
management company, including if the appraiser is being removed from
the panel for illegal conduct, a violation of state licensing standards, substandard performance, or administrative purposes. In

determination regarding the nature of the business relationship
between the appraiser and the appraisal management company which
is unrelated to the actions specified in subsection (1) of this section.

days during which time the appraiser must remain removed from the
panel.

(4) If after opportunity for hearing and review, the department
determines that an appraiser did not commit a violation of law or a
violation of state licensing standards, the department shall order that
an appraiser be restored to the appraiser panel of the appraisal
management company that was the subject of the complaint without
prejudice.

(5) Following the adjudication of a complaint to the department
by an appraiser against an appraisal management company, an
appraisal management company may not refuse to make assignments
for real estate appraisal services to an appraiser, or reduce the number
of assignments, or otherwise penalize the appraiser because of the
judicated complaint, if the department has found that the appraisal
management company acted without reasonable cause in removing
the appraiser from the appraiser panel.

(ii) Requiring the appraiser to remit a portion of the appraisal fee
back to the appraisal management company;

(iii) Withholding or threatening to withhold future business for, or
demoting or terminating or threatening to demote or terminate, an
appraiser;

(iv) Expressly or impliedly promising future business,
promotions, or increased compensation for an appraiser;

(v) Conditioning the request for an appraisal or the payment of an
appraisal fee or salary or bonus on the opinion, conclusion, or
valuation to be reached, or on a preliminary estimate or opinion
requested from an appraiser;

(vi) Requesting that an appraiser provide an estimated,
predetermined, or desired valuation in an appraisal report, or provide
estimated values or comparable sales at any time prior to the
appraiser's completion of an appraisal;

(vii) Providing to an appraiser an anticipated, estimated,
encouraged, or desired value for a subject property or a proposed or
target amount to be loaned to the borrower, except that a copy of the
sales contract for purchase transactions must be provided to the
appraiser;

(viii) Providing to an appraiser, or any entity or person related to
the appraiser, stock or other financial or nonfinancial benefits;

(ix) Obtaining, using, or paying for a second or subsequent
appraisal or ordering an automated valuation model in connection
with a mortgage financing transaction unless there is a reasonable
basis to believe that the initial appraisal was flawed or tainted and
such basis is clearly and appropriately noted in the loan file, or unless
such appraisal or automated valuation model is done pursuant to a
bona fide prefunding or postfunding appraisal review or quality
control process; or

(x) Any other act or practice that impairs or attempts to impair an
apraiser's independence, objectivity, or impartiality, or that violates
law;

(e) Altering, modifying, or otherwise changing a completed
appraisal report submitted by an appraiser;

in any other report;

(g) Extracting, copying, or using only a portion of the appraisal
report without reference to the entire report;
(h) Prohibiting or attempting to prohibit the appraiser from including or referencing the appraisal fee, the appraisal management company name or identity, or the client’s or lender’s name or identity in the appraisal report;

(i) Knowingly requiring an appraiser to prepare an appraisal report, engaging an appraiser to perform an appraisal, or accepting an appraisal from an appraiser who has informed the appraisal management company that he or she does not have either the geographic competence or necessary expertise to complete the appraisal;

(j) Knowingly requiring an appraiser to prepare an appraisal report under such a limited time frame when the appraiser, in the appraiser’s own professional judgment, has informed the appraisal management company that it does not afford the appraiser the ability to meet all relevant legal and professional obligations or provide a credible opinion of value for the property being appraised. This subsection (1)(j) allows an appraiser to decline an assignment, but is not a basis for complaints against the appraisal management company;

(k) Requiring, or attempting to require, an appraiser to modify an appraisal report except as permitted under subsection (2)(a) or (b) of this section;

(l) Prohibiting, or attempting to prohibit, or inhibiting legal or other allowable communication between the appraiser and:

(ii) A real estate licensee;

(iii) A property owner; or

(iv) Any other party or person from whom the appraiser, in the appraiser’s own professional judgment, believes information would be relevant or pertinent in completing the appraisal;

(m) Knowingly requiring or attempting to require the appraiser to do anything that violates chapter 18.140 RCW or other applicable state and federal laws or with any allowable assignment conditions or certifications required by the client;

(n) Prohibiting or refusing to allow, or attempting to prohibit or refuse to allow, the transfer of an appraisal from one lender to another lender if the lenders are allowed to transfer an appraisal under applicable federal law; or

(o) Requiring an appraiser to sign any indemnification agreement that would require the appraiser to defend and hold harmless the appraisal management company or any of its agents, employees, or independent contractors for any liability, damage, losses, or claims arising out of the services performed by the appraisal management company or its agents, employees, or independent contractors and not the services performed by the appraiser.

(2) Nothing in subsection (1) of this section may be construed as prohibiting the appraisal management company from requesting that an appraiser:

(a) Provide additional information about the basis for a valuation, including whether or not the appraiser considered other sales and reasons the other sales were either not considered relevant or included in the appraisal; or

(b) Correct objective factual errors in an appraisal report.

MESSAGE FROM THE SENATE

March 4, 2010

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2424 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 9.68A.001 and 2007 c 368 s 1 are each amended to read as follows:

The legislature finds that the prevention of sexual exploitation and abuse of children constitutes a government objective of surpassing importance. The care of children is a sacred trust and should not be abused by those who seek commercial gain or personal gratification based on the exploitation of children.

The legislature further finds that the protection of children from sexual exploitation can be accomplished without infringing on a constitutionally protected activity. The definition of "sexually explicit conduct" and other operative definitions demarcate a line between protected and prohibited conduct and should not inhibit legitimate scientific, medical, or educational activities.

The legislature further finds that children engaged in sexual conduct for financial compensation are frequently the victims of sexual abuse. Approximately eighty to ninety percent of children engaged in sexual activity for financial compensation have a history of sexual abuse victimization. It is the intent of the legislature to encourage these children to engage in prevention and intervention services and to hold those who pay to engage in the sexual abuse of children accountable for the trauma they inflict on children.

The legislature further finds that due to the changing nature of technology, offenders are now able to access child pornography in different ways and in increasing quantities. By amending current statutes governing depictions of a minor engaged in sexually explicit conduct, it is the intent of the legislature to ensure that intentional viewing of and dealing in child pornography over the internet is subject to a criminal penalty without limiting the scope of existing prohibitions on the possession of or dealing in child pornography, including the possession of electronic depictions of a minor engaged in sexually explicit conduct. It is also the intent of the legislature to clarify, in response to State v. Sutherby, 204 P.3d 916 (2009), the unit of prosecution for the statutes governing possession of and dealing in depictions of a minor engaged in sexually explicit conduct. It is the intent of the legislature to clarify that the purpose of sexual stimulation of the viewer is a sacred trust and of surpassing importance. The care of children is a sacred trust and should not be abused by those who seek commercial gain or personal gratification based on the exploitation of children.

Sec. 10. RCW 9.94A.535 and 2008 c 276 s 303 and 2008 c 233 s 9 are each reenacted and amended to read as follows:

The court may impose a sentence outside the standard sentence range for an offense if it finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence. Facts supporting aggravated sentences, other than the fact of a prior conviction, shall be determined pursuant to the provisions of RCW 9.94A.537.

Whenever a sentence outside the standard sentence range is imposed, the court shall set forth the reasons for its decision in written findings of fact and conclusions of law. A sentence outside the standard sentence range shall be a determinate sentence.

If the sentencing court finds that an exceptional sentence outside the standard sentence range should be imposed, the sentence is subject to review only as provided for in RCW 9.94A.585(4).

A departure from the standards in RCW 9.94A.589 (1) and (2) governing whether sentences are to be served consecutively or concurrently is an exceptional sentence subject to the limitations in this section, and may be appealed by the offender or the state as set forth in RCW 9.94A.585 (2) through (6).

(1) Mitigating Circumstances - Court to Consider

The court may impose an exceptional sentence below the standard range if it finds that mitigating circumstances are established by a preponderance of the evidence. The following are illustrative only and are not intended to be exclusive reasons for exceptional sentences.

(a) To a significant degree, the victim was an initiator, willing participant, aggressor, or provoker of the incident.

(b) Before detection, the defendant compensated, or made a good faith effort to compensate, the victim of the criminal conduct for any damage or injury sustained.

(c) The defendant committed the crime under duress, coercion, threat, or compulsion insufficient to constitute a complete defense but which significantly affected his or her conduct.

(d) The defendant, with no apparent predisposition to do so, was induced by others to participate in the crime.

(e) The defendant's capacity to appreciate the wrongfulness of his or her conduct, or to conform his or her conduct to the requirements of the law, was significantly impaired. Voluntary use of drugs or alcohol is excluded.
(f) The offense was principally accomplished by another person and the defendant manifested extreme caution or sincere concern for the safety or well-being of the victim.

(g) The operation of the multiple offense policy of RCW 9.94A.589 results in a presumptive sentence that is clearly excessive in light of the purpose of this chapter, as expressed in RCW 9.94A.010.

(h) The defendant or the defendant's children suffered a continuing pattern of physical or sexual abuse by the victim of the offense and the offense is a response to that abuse.

(2) Aggravating Circumstances - Considered and Imposed by the Court

The trial court may impose an aggravated exceptional sentence without a finding of fact by a jury under the following circumstances:

(a) The defendant and the state both stipulate that justice is best served by the imposition of an exceptional sentence outside the standard range, and the court finds the exceptional sentence to be consistent with and in furtherance of the interests of justice and the purposes of the sentencing reform act.

(b) The defendant's prior unscored misdemeanor or prior unscored foreign criminal history results in a presumptive sentence that is clearly too lenient in light of the purpose of this chapter, as expressed in RCW 9.94A.010.

(c) The defendant has committed multiple current offenses and the defendant's high offender score results in some of the current offenses going unpunished.

(d) The failure to consider the defendant's prior criminal history which was omitted from the offender score calculation pursuant to RCW 9.94A.525 results in a presumptive sentence that is clearly too lenient.

(3) Aggravating Circumstances - Considered by a Jury -Imposed by the Court

Except for circumstances listed in subsection (2) of this section, the following circumstances are an exclusive list of factors that can support a sentence above the standard range. Such facts should be determined by procedures specified in RCW 9.94A.537.

(a) The defendant's conduct during the commission of the current offense manifested deliberate cruelty to the victim.

(b) The defendant knew or should have known that the victim of the current offense was particularly vulnerable or incapable of resistance.

(c) The current offense was a violent offense, and the defendant knew that the victim of the current offense was pregnant.

(d) The current offense was a major economic offense or series of offenses, so identified by a consideration of any of the following factors:

(i) The current offense involved multiple victims or multiple incidents per victim;

(ii) The current offense involved attempted or actual monetary loss substantially greater than typical for the offense;

(iii) The current offense involved a high degree of sophistication or planning or occurred over a lengthy period of time;

(iv) The defendant used his or her position of trust, confidence, or fiduciary responsibility to facilitate the commission of the current offense.

(e) The current offense was a major violation of the Uniform Controlled Substances Act, chapter 69.50 RCW (VUCSA), related to trafficking in controlled substances, which was more onerous than the typical offense of its statutory definition: The presence of ANY of the following may identify a current offense as a major VUCSA:

(i) The current offense involved at least three separate transactions in which controlled substances were sold, transferred, or possessed with intent to do so;

(ii) The current offense involved an attempted or actual sale or transfer of controlled substances in quantities substantially larger than for personal use;

(iii) The current offense involved the manufacture of controlled substances for use by other parties;

(iv) The circumstances of the current offense reveal the offender to have occupied a high position in the drug distribution hierarchy;

(v) The current offense involved a high degree of sophistication or planning, occurred over a lengthy period of time, or involved a broad geographic area of disbursement;

(vi) The offender used his or her position or status to facilitate the commission of the current offense, including positions of trust, confidence or fiduciary responsibility (e.g., pharmacist, physician, or other medical professional).

(f) The current offense included a finding of sexual motivation pursuant to RCW 9.94A.835.

(g) The offense was part of an ongoing pattern of sexual abuse of the same victim under the age of eighteen years manifested by multiple incidents over a prolonged period of time.

(h) The current offense involved domestic violence, as defined in RCW 10.99.020, and one or more of the following was present:

(i) The offense was part of an ongoing pattern of psychological, physical, or sexual abuse of the victim manifested by multiple incidents over a prolonged period of time;

(ii) The offense occurred within sight or sound of the victim's or the offender's minor children under the age of eighteen years; or

(iii) The offender's conduct during the commission of the current offense manifested deliberate cruelty or intimidation of the victim.

(i) The offense resulted in the pregnancy of a child victim of rape.

(j) The defendant knew that the victim of the current offense was a youth who was not residing with a legal custodian and the defendant established or promoted the relationship for the primary purpose of victimization.

(k) The offense was committed with the intent to obstruct or impair human or animal health care or agricultural or forestry research or commercial production.

(l) The current offense is trafficking in the first degree or trafficking in the second degree and any victim was a minor at the time of the offense.

(m) The offense involved a high degree of sophistication or planning.

(n) The defendant used his or her position of trust, confidence, or fiduciary responsibility to facilitate the commission of the current offense.

(o) The defendant committed a current sex offense, has a history of sex offenses, and is not amenable to treatment.

(p) The offense involved an invasion of the victim's privacy.

(q) The defendant demonstrated or displayed an egregious lack of remorse.

(r) The offense involved a destructive and foreseeable impact on persons other than the victim.

(s) The defendant committed the offense to obtain or maintain his or her membership or to advance his or her position in the hierarchy of an organization, association, or identifiable group.

(t) The defendant committed the current offense shortly after being released from incarceration.

(u) The current offense is a burglary and the victim of the burglary was present in the building or residence when the crime was committed.

(v) The offense was committed against a law enforcement officer who was performing his or her official duties at the time of the offense, the offender knew that the victim was a law enforcement officer, and the victim's status as a law enforcement officer is not an element of the offense.

(w) The defendant committed the offense against a victim who was acting as a good samaritan.

(x) The defendant committed the offense against a public official or officer of the court in retaliation of the public official's performance of his or her duty to the criminal justice system.
(y) The victim's injuries substantially exceed the level of bodily harm necessary to satisfy the elements of the offense. This aggravator is not an exception to RCW 9.94A.530(2).

(z)(i)(A) The current offense is theft in the first degree, theft in the second degree, possession of stolen property in the first degree, or possession of stolen property in the second degree; (B) the stolen property involved is metal property; and (C) the property damage to the victim caused in the course of the theft of metal property is more than three times the value of the stolen metal property, or the theft of the metal property creates a public hazard.

(ii) For purposes of this subsection, "metal property" means commercial metal property, private metal property, or nonferrous metal property, as defined in RCW 9.290.010.

(aa) The defendant committed the offense with the intent to directly or indirectly cause any benefit, aggrandizement, gain, profit, or other advantage to or for a criminal street gang as defined in RCW 9.94A.030, its reputation, influence, or membership.

(bb) The current offense involved paying to view, over the internet in violation of section 7 of this act, depictions of a minor engaged in an act of sexually explicit conduct as defined in RCW 9.68A.011(4)(a) through (g)."

SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House refused to concur in the Senate amendment to ENGROSSED SUBSTITUTE HOUSE BILL NO. 2424 and asked the Senate to recede therefrom.

MESSAGE FROM THE SENATE

March 5, 2010

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 2731 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that children who participate in high quality preschool programs have improved educational and life outcomes and are more likely to graduate from high school and pursue higher education, experience successful employment opportunities, and have increased earnings. Therefore, the legislature intends to create an entitlement to a program of early learning to protect the current levels of funding for comprehensive preschool programs for three and four-year old children.

The legislature also finds that the state early childhood education and assistance program was established to help children from low-income families be prepared for kindergarten, and that the program has been a successful model for achieving that goal. Therefore, the legislature intends that implementing a program of early learning shall be accomplished by using the program standards and eligibility criteria in the early childhood education and assistance program.

NEW SECTION. Sec. 2. A new section is added to chapter 43.215 RCW to read as follows:"

(1) An early learning program is established, beginning September 1, 2011, to provide preschool opportunities for children three and four years of age. The program shall be implemented by using the program standards and eligibility criteria in the early childhood education and assistance program under RCW 43.215.405. Participation in the program is voluntary.

(2)(a) For an initial phase of an early learning program in school years 2011-12 and 2012-13, the number of slots for the early learning program shall not be less than the number of slots for three and four-year old children served in the early childhood education and assistance program during the 2009-2011 biennium.

(b) Funding shall continue to be phased in incrementally each year until full statewide implementation of the early learning program is achieved.

(3) Beginning December 1, 2010, the department shall report annually to the governor and the appropriate committees of the legislature. The first report shall include, but not be limited to:

(a) Recommendations for implementing an early learning program;

(b) A review of relevant early learning programs in Washington and other states; and

(c) Recommendations for renaming the early childhood education and assistance program to reflect the new early learning program.

(4) Beginning December 1, 2012, the department of early learning and the office of financial management shall annually review the caseload forecasts for the early learning program and report to the governor and the appropriate committees of the legislature with recommendations for phasing in additional funding to achieve the goal of full statewide implementation.

Sec. 3. RCW 43.215.405 and 2006 c 265 s 210 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout RCW 43.215.400 through 43.215.450 and 43.215.900 through 43.215.903.

(1) "Advisory committee" means the advisory committee under RCW 43.215.420.

(2) "Department" means the department of early learning.

(3) "Eligible child" means a child at least three years of age and not eligible for kindergarten whose family income is at or below one hundred ten percent of the federal poverty level, as published annually by the federal department of health and human services, and includes a child whose family is eligible for public assistance, and who is not a participant in a federal or state program providing comprehensive services, and (may include children who are eligible under rules adopted by the department if the number of such children equals not more than ten percent of the total enrollment in the early childhood program)) a child with disabilities who qualifies for funds in accordance with part B of the federal individuals with disabilities education act and any other federal or state laws relating to the provision of special education services. Priority for enrollment shall be given to children from families with the lowest income, children in foster care, or to eligible children from families with multiple needs.

(4) "Approved programs" means those state-supported education and special assistance programs which are recognized by the department as meeting the minimum program rules adopted by the department to qualify under RCW 43.215.400 through 43.215.450 and 43.215.900 through 43.215.903 and are designated as eligible for funding by the department under RCW 43.215.430 and 43.215.440.

(5) "Comprehensive" means an assistance program that focuses on the needs of the child and includes education, health, and family support services.

(6) "Family support services" means providing opportunities for parents to:

(a) Actively participate in their child's early childhood program;

(b) Increase their knowledge of child development and parenting skills;
The department shall adopt rules under chapter 34.05 RCW for the administration of the early childhood program. Approved early childhood programs shall conduct needs assessments of their service area, identify any targeted groups of children, to include but not be limited to children of seasonal and migrant farmworkers and native American populations living either on or off reservation, and provide to the department a service delivery plan, to the extent practicable, that addresses these targeted populations.

The department in developing rules for the early childhood program shall consult with the advisory committee, and shall consider such factors as coordination with existing head start and other early childhood programs, the preparation necessary for instructors, qualifications of instructors, adequate space and equipment, (and) special transportation needs, and technical assistance to providers. The rules shall specifically require the early childhood programs to provide for parental involvement in participation with their child's program, in local program policy decisions, in development and revision of service delivery systems, and in parent education and training.

The department of early learning is created as an executive branch agency. The department is vested with all powers and duties transferred to it under this chapter and such other powers and duties as may be authorized by law.

The primary duties of the department are to implement state early learning policy and to coordinate, consolidate, and integrate child care and early learning programs in order to administer programs and funding as efficiently as possible. The department's duties include, but are not limited to, the following:

(a) To support both public and private sectors toward a comprehensive and collaborative system of early learning that serves parents, children, and providers and to encourage best practices in child care and early learning programs;

(b) To make early learning resources available to parents and caregivers;

(c) To carry out activities, including providing clear and easily accessible information about quality and improving the quality of early learning opportunities for young children, in cooperation with the nongovernmental private-public partnership;

(d) To administer child care and early learning programs;

(e) To standardize internal financial audits, oversight visits, performance benchmarks, and licensing criteria, so that programs can function in an integrated fashion;

(f) To support the implementation of the nongovernmental private-public partnership and cooperate with that partnership in pursuing its goals including providing data and support necessary for the successful work of the partnership;

(g) To work cooperatively and in coordination with the early learning council;

(h) To collaborate with the K-12 school system at the state and local levels to ensure appropriate connections and smooth transitions between early learning, including an early learning program established in section 2 of this act, and K-12 programs; (and)

(i) To develop and implement an early learning program established in section 2 of this act; and

(j) Upon the development of an early learning information system, to make available to parents timely inspection and licensing action information through the internet and other means.

The department's programs shall be designed in a way that respects and preserves the ability of parents and legal guardians to direct the education, development, and upbringing of their children. The department shall include parents and legal guardians in the development of policies and program decisions affecting their children.

NEW SECTION. Sec. 6. A new section is added to chapter 28A.320 RCW to read as follows:

For an early learning program established in section 2 of this act, school districts:

(1) Shall work cooperatively with program providers to coordinate the transition from preschool to kindergarten so that children and their families are well-prepared and supported; and

(2) May contract with the department of early learning to deliver services under the program.

On page 1, line 1 of the title, after "for" strike the remainder of the title and insert "children; amending RCW 43.215.405, 43.215.425, and 43.215.020; adding a new section to chapter 43.215 RCW; adding a new section to chapter 28A.320 RCW; and creating a new section."

and the same is herewith transmitted.

SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House refused to concur in the Senate amendment to SECOND SUBSTITUTE HOUSE BILL NO. 2731 and asked the Senate to recede therefrom.

MESSAGE FROM THE SENATE

March 5, 2010

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2596 with the following amendment:

On page 6, after line 2, insert the following:

NEW SECTION. Sec. 4. A new section is added to chapter 9A.44 RCW to read as follows:

While Article I, section 22 of the state Constitution and the sixth amendment of the United States Constitution protect the right of a defendant to represent him or herself in a criminal trial, Article I, section 35 of the state Constitution requires that crime victims be accorded due dignity and respect. Conflicts may arise between these constitutional provisions when a pro se defendant questions a victim in court. Procedures may be employed that preserve the pro se defendant's control over his or her own trial and that limit the trauma experienced by the victim. The legislature commends consideration of these competing constitutional provisions to the supreme court of Washington.

Correct the title.

and the same is herewith transmitted.

Brad Hendrickson, Deputy Secretary

POINT OF ORDER

Representative Green requested a scope and object ruling on the Senate amendment to Substitute House Bill No. 2596.

SPEAKER'S RULING

Mr. Speaker (Representative Moeller presiding): “Substitute House Bill No. 2596, as passed by the House, added child advocacy centers to the list of entities counties must consult when developing protocols for the investigation of child abuse, neglect, fatality and sexual assault. The Senate amendment added a section
relating to pro se defendants questioning victims in court, a subject wholly unrelated to child advocacy centers and protocols for the investigation of child abuse and neglect. The Senate amendment clearly exceeds the scope and object of the bill as passed by the House. The point of order is well taken."

**SENATE AMENDMENT TO HOUSE BILL**

There being no objection, the House refused to concur in the Senate amendment to SUBSTITUTE HOUSE BILL NO. 2596 and asked the Senate to recede therefrom.

**MESSAGE FROM THE SENATE**

March 5, 2010

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1880 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 29A.40.091 and 2009 c 369 s 39 are each amended to read as follows:

The county auditor shall send each ((absentee)) voter a ballot, a security envelope in which to seal the ballot after voting, a larger envelope in which to return the security envelope, and instructions on how to mark the ballot and how to return it to the county auditor. The instructions that accompany ((absentee)) a ballot for a partisan primary must include instructions for voting the applicable ballot style, as provided in chapter 29A.36 RCW. The ((absentee)) voter's name and address must be printed on the larger return envelope, which must also contain a declaration by the ((absentee)) voter reciting his or her qualifications and stating that he or she has not voted in any other jurisdiction at this election, together with a summary of the penalties for any violation of any of the provisions of this chapter. The declaration must clearly inform the voter that it is illegal to vote if he or she is not a United States citizen; it is illegal to vote if he or she has been convicted of a felony and has not had his or her voting rights restored; and, except as otherwise provided by law, it is illegal to cast a ballot or sign ((absentee)) a return envelope on behalf of another voter. The return envelope must provide space for the voter to indicate the date on which the ballot was voted and for the voter to sign the oath. It must also contain a space so that the voter may include a telephone number. A summary of the applicable penalty provisions of this chapter must be printed on the return envelope immediately adjacent to the space for the voter's signature. The signature of the voter on the return envelope must affirm and attest to the statements regarding the qualifications of that voter and to the validity of the ballot. The return envelope ((must also have a)) may provide secrecy ((that the voter may seal that will ensure)) for the voter's signature and optional telephone number. For overseas ((out-of-state)) and service voters, the signed declaration on the return envelope constitutes the equivalent of a voter registration for the election or primary for which the ballot has been issued. The voter must be instructed to either return the ballot to the county auditor by whom it was issued or attach sufficient first-class postage, if applicable, and mail the ballot to the appropriate county auditor no later than the day of the election or primary for which the ballot was issued.

If the county auditor chooses to forward ((absentee)) ballots, he or she must include with the ballot a clear explanation of the qualifications necessary to vote in that election and must also advise a voter with questions about his or her eligibility to contact the county auditor. This explanation may be provided on the ballot envelope, on an enclosed insert, or printed directly on the ballot itself. If the information is not included, the envelope must clearly indicate that the ballot is not to be forwarded and that return postage is guaranteed.

**NEW SECTION.** Sec. 2. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

(d) The sheriff shall notify the school's principal or institution's department of public safety and shall provide that department with the same information provided to a county sheriff under subsection (3) of this section.

(e)(i) A principal receiving notice under this subsection must disclose the information received from the sheriff under (b) of this subsection as follows:

(A) If the student who is required to register as a sex offender is classified as a risk level II or III, the principal shall provide the information received to every teacher of any student required to register under (a) of this subsection and to any other personnel who, in the judgment of the principal, supervises the student or for security purposes should be aware of the student's record;

(B) If the student who is required to register as a sex offender is classified as a risk level I, the principal shall provide the information received only to personnel who, in the judgment of the principal, for security purposes should be aware of the student's record;

(2) This section may not be construed to confer any powers pursuant to RCW 4.24.550 upon the public safety department of any public or private school or institution of higher education.

(3)(a) The person shall provide the following information when registering: (i) Name; (ii) complete residential address; (iii) date and place of birth; (iv) place of employment; (v) crime for which convicted; (vi) date and place of conviction; (vii) aliases used; (viii) social security number; (ix) photograph; and (x) fingerprints.

(b) Any person who lacks a fixed residence shall provide the following information when registering: (i) Name; (ii) date and place of birth; (iii) place of employment; (iv) crime for which convicted; (v) date and place of conviction; (vi) aliases used; (vii) social security number; (viii) photograph; (ix) fingerprints; and (x) where he or she plans to stay.

(4)(a) Offenders shall register with the county sheriff within the following deadlines. For purposes of this section the term "conviction" refers to adult convictions and juvenile adjudications for sex offenses or kidnapping offenses:

(i) OFFENDERS IN CUSTODY. (A) Sex offenders who committed a sex offense on, before, or after February 28, 1990, and who, on or after July 28, 1991, are in custody, as a result of that offense, of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, and (B) kidnapping offenders who, on or after July 27, 1997, are in custody of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, must register at the time of release from custody with an official designated by the agency that has jurisdiction over the offender. The agency shall within three days forward the registration information to the county sheriff for the county of the offender's anticipated residence. The offender must also register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation.

(10) The agency that has jurisdiction over the offender shall provide notice to the offender of the duty to register. Failure to register at the time of release and within twenty-four hours of release constitutes a violation of this section and is punishable as provided in subsection ((4)(4)) (10) of this section.

When the agency with jurisdiction intends to release an offender with a duty to register under this section, and the agency has knowledge that the offender is eligible for developmental disability services from the department of social and health services, the agency shall notify the division of developmental disabilities of the release.

Notice shall occur not more than thirty days before the offender is to be released. The agency and the division shall assist the offender in meeting the initial registration requirement under this section. Failure to provide such assistance shall not constitute a defense for any violation of this section.

(ii) OFFENDERS NOT IN CUSTODY BUT UNDER STATE OR LOCAL JURISDICTION. Sex offenders who, on July 28, 1991, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of corrections' active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 28, 1991. Kidnapping offenders who, on July 27, 1997, are not in custody but are under the..."
jurisdiction of the indeterminate sentence review board or under the department of corrections’ active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for kidnapping offenses committed before, on, or after July 27, 1997, must register within ten days of July 27, 1997. A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(ii) as of July 28, 1991, or a kidnapping offender required to register as of July 27, 1997, shall not relieve the offender of the duty to register or to reregister following a change in residence. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iii) OFFENDERS UNDER FEDERAL JURISDICTION. Sex offenders who, on or after July 23, 1995, and kidnapping offenders who, on or after July 27, 1997, as a result of that offense are in the custody of the United States bureau of prisons or other federal or military correctional agency for sex offenses committed before, on, or after February 28, 1990, or kidnapping offenses committed on, before, or after July 27, 1997, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. Sex offenders who, on July 23, 1995, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 23, 1995. Kidnapping offenders who, on July 27, 1997, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for kidnapping offenses committed before, on, or after July 27, 1997, must register within ten days of July 27, 1997. A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(iii) as of July 23, 1995, or a kidnapping offender required to register as of July 27, 1997 shall not relieve the offender of the duty to register or to reregister following a change in residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iv) OFFENDERS WHO ARE CONVICTED BUT NOT CONFINED. Sex offenders who are convicted of a sex offense on or after July 28, 1991, for a sex offense that was committed on or after February 28, 1990, and kidnapping offenders who are convicted on or after July 27, 1997, for a kidnapping offense that was committed on or after July 27, 1997, but who are not sentenced to serve a term of confinement immediately upon sentencing, shall report to the county sheriff to register immediately upon completion of being sentenced.

(v) OFFENDERS WHO ARE NEW RESIDENTS OR RETURNING WASHINGTON RESIDENTS. Sex offenders and kidnapping offenders who move to Washington state from another state or a foreign country that are not under the jurisdiction of the state department of corrections, the indeterminate sentence review board, or the state department of social and health services at the time of moving to Washington, must register within three business days of establishing residence or reestablishing residence if the person is a former Washington resident. The duty to register under this subsection applies to sex offenders convicted under the laws of another state or a foreign country, federal or military statutes for offenses committed before, on, or after February 28, 1990, or Washington state for offenses committed before, on, or after February 28, 1990, and to kidnapping offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed before, on, or after July 27, 1997. Sex offenders and kidnapping offenders from other states or a foreign country who, when they move to Washington, are under the jurisdiction of the department of corrections, the indeterminate sentence review board, or the department of social and health services must register within twenty-four hours of moving to Washington. The agency that has jurisdiction over the offender shall notify the offender of the registration requirements before the offender moves to Washington.

(vi) OFFENDERS FOUND NOT GUILTY BY REASON OF INSANITY. Any adult or juvenile who has been found not guilty by reason of insanity under chapter 10.77 RCW of (A) committing a sex offense on, before, or after February 28, 1990, and who, on or after July 23, 1995, is in custody, as a result of that finding, of the state department of social and health services, or (B) committing a kidnapping offense on, before, or after July 27, 1997, and who on or after July 27, 1997, is in custody, as a result of that finding, of the state department of social and health services, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence. The state department of social and health services shall provide notice to the adult or juvenile in its custody of the duty to register. Any adult or juvenile who has been found not guilty by reason of insanity of committing a sex offense on, before, or after February 28, 1990, but who was released before July 27, 1995, or any adult or juvenile who has been found not guilty by reason of insanity of committing a kidnapping offense but who was released before July 27, 1997, shall be required to register within twenty-four hours of receiving notice of this registration requirement. The state department of social and health services shall make reasonable attempts within available resources to notify sex offenders who were released before July 23, 1995, and kidnapping offenders who were released before July 27, 1997. Failure to register within twenty-four hours of release, or of receiving notice, constitutes a violation of this section and is punishable as provided in subsection (((4))) (((10))) of this section.

(vii) OFFENDERS WHO LACK A FIXED RESIDENCE. Any person who lacks a fixed residence and leaves the county in which he or she is registered and enters and remains within a new county for twenty-four hours is required to register with the county sheriff not more than twenty-four hours after entering the county and provide the information required in subsection (3)(b) of this section.

(viii) OFFENDERS WHO LACK A FIXED RESIDENCE AND WHO ARE UNDER SUPERVISION. Offenders who lack a fixed residence and who are under the supervision of the department shall register in the county of their supervision.

(ix) OFFENDERS WHO MOVE TO, WORK, CARRY ON A Vocation, OR ATTEND SCHOOL IN ANOTHER STATE. Offenders required to register in Washington, who move to another state, or who work, carry on a vocation, or attend school in another state shall register a new address, fingerprints, and photograph with the new state within ten days after establishing residence, or after beginning to work, carry on a vocation, or attend school in the new state. The person must also send written notice within ten days of moving to the new state or to a foreign country to the county sheriff with whom the person last registered in Washington state. The county sheriff shall promptly forward this information to the Washington state patrol.

(b) Failure to register within the time required under this section constitutes a per se violation of this section and is punishable as provided in subsection (((4))) (((10))) of this section. The county sheriff shall not be required to determine whether the person is living within the county.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of this section, or arraignment on charges for a violation of this section, constitutes actual notice of the duty to register. Any person charged with the crime of failure to register under this section who asserts as a defense the lack of notice of the duty to register shall register immediately following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (4)(c) constitutes grounds for filing another charge of failing to
register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(d) The deadlines for the duty to register under this section do not relieve any sex offender of the duty to register under this section as it existed prior to July 28, 1991.

(5)(a) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must send signed written notice of the change of address to the county sheriff within seventy-two hours of moving. If any person required to register pursuant to this section moves to a new county, the person must send signed written notice of the change of address at least fourteen days before moving to the county sheriff in the new county of residence and must register with that county sheriff within twenty-four hours of moving. The person must also send signed written notice within ten days of the change of address in the new county to the county sheriff with whom the person last registered. The county sheriff with whom the person last registered shall promptly forward the information concerning the change of address to the county sheriff for the county of the person's new residence. Upon receipt of notice of change of address to a new state, the county sheriff shall promptly forward the information regarding the change of address to the agency designated by the new state as the state's offender registration agency.

(b) It is an affirmative defense to a charge that the person failed to send a notice at least fourteen days in advance of moving as required under (a) of this subsection that the person did not know the location of his or her new residence at least fourteen days before moving. The defendant must establish the defense by a preponderance of the evidence and, to prevail on the defense, must also prove by a preponderance that the defendant sent the required notice within twenty-four hours of determining the new address.

(6)(a) Any person required to register under this section who lacks a fixed residence shall provide signed written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence. The notice shall include the information required by subsection (3)(b) of this section, except the photograph and fingerprints. The county sheriff may, for reasonable cause, require the offender to provide a photograph and fingerprints. The sheriff shall forward this information to the sheriff of the county in which the person intends to reside, if the person intends to reside in another county.

(b) A person who lacks a fixed residence must report weekly, in person, to the sheriff of the county where he or she is registered. The weekly report shall be on a day specified by the county sheriff's office, and shall occur during normal business hours. The county sheriff's office may require the person to list the locations where the person has stayed during the last seven days. The person must keep an accurate accounting of where he or she stays during the week and provide it to the county sheriff upon request. The lack of a fixed residence is a factor that may be considered in determining an offender's risk level and shall make the offender subject to disclosure of information to the public at large pursuant to RCW 4.24.550.

(c) If any person required to register pursuant to this section does not have a fixed residence, it is an affirmative defense to the charge of failure to register, that he or she provided written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence and has subsequently complied with the requirements of subsections (4)(a)(vii) or (viii) and (6) of this section. To prevail, the person must prove the defense by a preponderance of the evidence.

(7) (All offenders who are required to register pursuant to this section who have a fixed residence and who are designated as a risk level II or III must report, in person, every ninety days to the sheriff of the county where he or she is registered. Reporting shall be on a day specified by the county sheriff's office, and shall occur during normal business hours. An offender who complies with the ninety-day reporting requirement with no violations for a period of at least five years in the community may petition the superior court to be relieved of the duty to report every ninety days. The petition shall be made to the superior court in the county where the offender resides or reports under this section. The prosecuting attorney of the county shall be named and served as respondent in any such petition. The court shall relieve the petitioner of the duty to report if the petitioner shows, by a preponderance of the evidence, that the petitioner has complied with the reporting requirement for a period of at least five years and that the offender has not been convicted of a criminal violation of this section for a period of at least five years, and the court determines that the reporting no longer serves a public safety purpose. Failure to report, as specified, constitutes a violation of this section and is punishable as provided in subsection (11) of this section.

(8) A sex offender subject to registration requirements under this section who applies to change his or her name under RCW 4.24.130 or any other law shall submit a copy of the application to the county sheriff of the county of the person's residence and to the state patrol not fewer than five days before the entry of an order granting the name change. No sex offender under the requirement to register under this section at the time of application shall be granted an order changing his or her name if the court finds that doing so will interfere with legitimate law enforcement interests, except that no order shall be denied when the name change is requested for religious or legitimate cultural reasons or in recognition of marriage or dissolution of marriage. A sex offender under the requirement to register under this section who receives an order changing his or her name shall submit a copy of the order to the county sheriff of the county of the person's residence and to the state patrol within five days of the entry of the order.

(9) The county sheriff shall obtain a photograph of the individual and shall obtain a copy of the individual's fingerprints. A photograph may be taken at any time to update an individual's file. For the purpose of RCW 9A.44.130, 10.01.200, 43.43.540, 70.48.470, and 72.09.330:

(i) "Sex offense" means:

(c) "Employed" or "carries on a vocation" means employment that is full-time or part-time for a period of time exceeding fourteen days, or for an aggregate period of time exceeding thirty days during any calendar year. A person is employed or carries on a vocation whether the person's employment is financially compensated, volunteered, or for the purpose of government or educational benefit.
(d) "Student" means a person who is enrolled, on a full-time or part-time basis, in any public or private educational institution. An educational institution includes any secondary school, trade or professional institution, or institution of higher education.

(((444)) (10)(a) A person who knowingly fails to comply with any of the requirements of this section is guilty of a class B felony if the crime for which the individual was convicted was a felony sex offense as defined in subsection (((444)) (9)(a) of this section or a federal or out-of-state conviction for an offense that under the laws of this state would be a felony sex offense as defined in subsection (((444)) (9)(a) of this section.

(b) If the crime for which the individual was convicted was other than a felony or a federal or out-of-state conviction for an offense that under the laws of this state would be other than a felony, violation of this section is a gross misdemeanor.

(((444)) (11)(a) A person who knowingly fails to comply with any of the requirements of this section is guilty of a class C felony if the crime for which the individual was convicted was a felony kidnapping offense as defined in subsection (((444)) (9)(b) of this section or a federal or out-of-state conviction for an offense that under the laws of this state would be a felony kidnapping offense as defined in subsection (((444)) (9)(b) of this section.

(b) If the crime for which the individual was convicted was other than a felony or a federal or out-of-state conviction for an offense that under the laws of this state would be other than a felony, violation of this section is a gross misdemeanor.

(((444)) (12) Except as may otherwise be provided by law, nothing in this section shall impose any liability upon a peace officer, including a county sheriff, or law enforcement agency, for failing to release information authorized under this section.

Sec. 2. RCW 9A.44.135 and 2000 c 91 s 1 are each amended to read as follows:

(1) When an offender registers with the county sheriff pursuant to RCW 9A.44.130, the county sheriff shall notify the police chief or town marshal of the jurisdiction in which the offender has registered to live. If the offender registers to live in an unincorporated area of the county, the sheriff shall make reasonable attempts to verify that the offender is residing at the registered address. If the offender registers to live in an incorporated city or town, the police chief or town marshal shall make reasonable attempts to verify that the offender is residing at the registered address. Reasonable attempts at verifying an address shall include at a minimum:

(a) For offenders who have not been previously designated sexually violent predators under chapter 71.09 RCW or an equivalent procedure in another jurisdiction, each year the chief law enforcement officer of the jurisdiction where the offender is registered to live shall send) include verifying an offender's address pursuant to the grant program established under section 3 of this act. If the sheriff or police chief or town marshal does not participate in the grant program established under section 3 of this act, reasonable attempts require a yearly mailing by certified mail, with return receipt requested, a nonforwardable verification form to the offender at the offender's last registered address sent by the chief law enforcement officer of the jurisdiction where the offender is registered to live. (f(b)) For offenders who have been previously designated sexually violent predators under chapter 71.09 RCW or the equivalent procedure in another jurisdiction, even if the designation has subsequently been removed, this mailing must be sent every ninety days (the county sheriff shall send by certified mail, with return receipt requested, a nonforwardable verification form to the offender at the offender's last registered address).

((g)) The offender must sign the verification form, state on the form whether he or she still resides at the last registered address, and return the form to the chief law enforcement officer of the jurisdiction where the offender is registered to live within ten days after receipt of the form.

(2) The chief law enforcement officer of the jurisdiction where the offender has registered to live shall make reasonable attempts to locate any sex offender who fails to return the verification form or who cannot be located at the registered address.

If the offender fails to return the verification form or the offender is not at the last registered address, the chiefs law enforcement officer of the jurisdiction where the offender has registered to live shall promptly forward this information to the county sheriff and to the Washington state patrol for inclusion in the central registry of sex offenders.

(3) When an offender notifies the county sheriff of a change to his or her residence address pursuant to RCW 9A.44.130, and the new address is in a different law enforcement jurisdiction, the county sheriff shall notify the police chief or town marshal of the jurisdiction from which the offender has moved.

(2) The Washington association of sheriffs and police chiefs may retain up to three percent of the amounts provided pursuant to this section for the cost of administration. Any funds not disbursed for address and residency verification or retained for administration may be allocated to local prosecutors for the prosecution costs associated with failing to register offenses.

SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House concurred in the Senate amendment to SUBSTITUTE HOUSE BILL NO. 2534 and advanced the bill, as amended by the Senate, to final passage.

FINAL PASSAGE OF HOUSE BILL
NEW SECTION. Sec. 1. The legislature intends by this bill to ensure an individualized determination by a judicial officer of conditions of release for persons in custody for felony. This requirement is consistent with constitutional requirements and court rules regarding the right of a detained person to a prompt determination of probable cause and judicial review of the conditions of release and the requirement that judicial determinations of bail or release be made no later than the preliminary appearance stage.

NEW SECTION. Sec. 2. (1) Bail for the release of a person arrested and detained for a felony offense must be determined on an individualized basis by a judicial officer.

(2) This section expires August 1, 2011.

NEW SECTION. Sec. 3. It is the intent of the legislature to enact a law for the purpose of reasonably assuring public safety in bail determination hearings and hearings pursuant to the proposed amendment to Article I, section 20 of the state Constitution set forth in House Joint Resolution No. 4220. Other provisions of law address matters relating to assuring the appearance of the defendant at trial and preventing interference with the administration of justice.
alcohol abuse, criminal history, and record concerning appearance at court proceedings;

(b) Whether, at the time of the current offense or arrest, the defendant was on community supervision, probation, parole, or on other release pending trial, sentencing, appeal, or completion of sentence for an offense under federal, state, or local law; and

(c) The nature and seriousness of the danger to any person or the community that would be posed by the defendant's release.

NEW SECTION. Sec. 8. (1) The judicial officer must hold a hearing in cases involving offenses prescribed in Article I, section 20, to determine whether any condition or combination of conditions will reasonably assure the safety of any other person and the community upon motion of the attorney for the government.

(2) The hearing must be held immediately upon the defendant's first appearance before the judicial officer unless the defendant, or the attorney for the government, seeks a continuance. Except for good cause, a continuance on motion of such person may not exceed five days (not including any intermediate Saturday, Sunday, or legal holiday), and a continuance on motion of the attorney for the government may not exceed three days (not including any intermediate Saturday, Sunday, or legal holiday). During a continuance, such person must be detained.

(3) At the hearing, such defendant has the right to be represented by counsel, and, if financially unable to obtain representation, to have counsel appointed. The defendant must be afforded an opportunity to testify, to present witnesses, to cross-examine witnesses who appear at the hearing, and to present information by proffer or otherwise. The rules concerning admissibility of evidence in criminal trials do not apply to the presentation and consideration of information at the hearing. The facts the judicial officer uses to support a finding that no condition or combination of conditions will reasonably assure the safety of any other person and the community must be supported by clear and convincing evidence of a propensity for violence that creates a substantial likelihood of danger to the community or any persons.

(4) The defendant may be detained pending completion of the hearing. The hearing may be reopened, before or after a determination by the judicial officer, at any time before trial if the judicial officer finds that information exists that was not known to the movant at the time of the hearing and that has a material bearing on the issue whether there are conditions of release that will reasonably assure the safety of any other person and the community.

NEW SECTION. Sec. 9. In a release order issued under section 5 of this act the judicial officer must:

(1) Include a written statement that sets forth all the conditions to which the release is subject, in a manner sufficiently clear and specific to serve as a guide for the defendant's conduct; and

(2) Advise the defendant of:

(a) The penalties for violating a condition of release, including the penalties for committing an offense while on pretrial release; and

(b) The consequences of violating a condition of release, including the immediate issuance of a warrant for the defendant's arrest.

NEW SECTION. Sec. 10. (1) In a detention order issued under section 6 of this act, the judicial officer must:

(a) Include written findings of fact and a written statement of the reasons for the detention;

(b) Direct that the person be committed to the custody of the appropriate correctional authorities for confinement separate, to the extent practicable, from persons awaiting or serving sentences or being held in custody pending appeal; and

(c) Direct that the person be afforded reasonable opportunity for private consultation with counsel.

(2) The judicial officer may, by subsequent order, permit the temporary release of the person, in the custody of an appropriate law enforcement officer or other appropriate person, to the extent that the judicial officer determines such release to be necessary for preparation of the person's defense or for another compelling reason.

NEW SECTION. Sec. 11. Nothing in this chapter may be construed as modifying or limiting the presumption of innocence.

NEW SECTION. Sec. 12. Sections 3 through 11 of this act constitute a new chapter in Title 10 RCW.

NEW SECTION. Sec. 13. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 14. Sections 1 and 2 take effect January 1, 2011. Sections 3 through 10 take effect January 1, 2011, only if the proposed amendment to Article I, section 20 of the state Constitution proposed in House Joint Resolution No. 4220 is validly submitted to and is approved and ratified by the voters at the next general election. If the proposed amendment is not approved and ratified, sections 3 through 11 of this act are null and void in their entirety.

On page 1, line 1 of the title, after "offenses," strike the remainder of the title and insert "adding a new chapter to Title 10 RCW; providing a contingent effective date; and providing an expiration date."

and the same is herewith transmitted.

MESSAGE FROM THE SENATE
March 5, 2010

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2680 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that a guardianship is an appropriate permanent plan for a child who has been found to be dependent under chapter 13.34 RCW and who cannot safely be reunified with his or her parents. The legislature is concerned that parents not be pressured by the department into agreeing to the entry of a guardianship when further services would increase the chances that the child could be reunified with his or her parents. The legislature intends to create a separate guardianship chapter to establish permanency for children in foster care through the appointment of a guardian and dismissal of the dependency.

NEW SECTION. Sec. 2. DEFINITIONS. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Child" means any individual under the age of eighteen years.

(2) "Dependent child" means a child who has been found by a court to be dependent in a proceeding under chapter 13.34 RCW.

(3) "Department" means the department of social and health services.

(4) "Guardian" means a person who: (a) Has been appointed by the court as the guardian of a child in a legal proceeding under this chapter; and (b) has the legal right to custody of the child pursuant to court order. The term "guardian" does not include a "dependency guardian" appointed pursuant to a proceeding under chapter 13.34 RCW for the purpose of assisting the court in supervising the dependency.

(5) "Relative" means a person related to the child in the following ways: (a) Any blood relative, including those of half-blood, and including first cousins, second cousins, nephews or nieces, and persons of preceding generations as denoted by prefixes of grand, great, or great-great; (b) stepfather, stepmother, stepbrother, and stepsister; (c) a person who legally adopts a child or the child's parent as well as the natural and other legally adopted children of such persons, and other relatives of the adoptive parents in accordance with state law; (d) spouses of any persons named in (a), (b), or (c) of this subsection, even after the marriage is terminated; (e) relatives, as named in (a), (b), (c), or (d) of this subsection, of any half sibling of the child; or (f) extended family members, as defined by the law or custom of the Indian child's tribe or, in the absence of such law or custom, a person who has reached the age of eighteen and who is the Indian child's grandparent, aunt or uncle, brother or sister, brother-in-law or sister-in-law, niece or nephew, first or second cousin, or stepparent who provides care in the family abode on a twenty-four hour basis to an Indian child as defined in 25 U.S.C. Sec. 1903(4); (g) "Suitable person" means a nonrelative with whom the child or the child's family has a preexisting relationship; who has completed all required criminal history background checks and otherwise..."
appears to be suitable and competent to provide care for the child; and with whom the child has been placed pursuant to RCW 13.34.130.

(7) "Supervising agency" means an agency licensed by the state under RCW 74.15.090, or licensed by a federally recognized Indian tribe located in this state under RCW 74.15.190, that has entered into a performance-based contract with the department to provide case management for the delivery and documentation of case welfare services as defined in RCW 74.13.020.

NEW SECTION. Sec. 3. GUARDIANSHIP PETITION. (1) Any party to a dependency proceeding under chapter 13.34 RCW may request a guardianship be established for a dependent child by filing a petition in juvenile court under this chapter. All parties to the dependency and the proposed guardian must receive adequate notice of all proceedings under this chapter. For purposes of this chapter, a dependent child age twelve years or older is a party to the proceedings. A proposed guardian has the right to intervene in proceedings under this chapter.

(2) To be designated as a proposed guardian in a petition under this chapter, a person must be age twenty-one or over and must meet the minimum requirements to care for children as established by the department under RCW 74.15.030, including but not limited to licensed foster parents, relatives, and suitable persons.

(3) Every petition filed in proceedings under this chapter shall contain: (a) A statement alleging whether the child is or may be an Indian child as defined in 25 U.S.C. Sec. 1903. If the child is an Indian child as defined under the Indian child welfare act, the provisions of that act shall apply; (b) a statement alleging whether the federal servicemembers civil relief act of 2003, 50 U.S.C. Sec. 501 et seq., applies to the proceeding; and (c) a statement alleging whether the Washington service members' civil relief act, chapter 38.42 RCW, applies to the proceeding.

(4) Every order or decree entered in any proceeding under this chapter shall contain: (a) A finding that the Indian child welfare act does or does not apply. Where there is a finding that the Indian child welfare act does apply, the decree or order must also contain a finding that all notice requirements and evidentiary requirements under the Indian child welfare act have been satisfied; (b) a finding that the federal servicemembers civil relief act of 2003 does or does not apply; and (c) a finding that the Washington service members' civil relief act, chapter 38.42 RCW, does or does not apply.

NEW SECTION. Sec. 4. GUARDIANSHIP HEARING. (1) At the hearing on a guardianship petition, all parties have the right to present evidence and cross-examine witnesses. The rules of evidence apply to the conduct of the hearing. The hearing under this section to establish a guardianship or convert an existing dependency guardianship to a guardianship under this section is a stage of the dependency proceedings for purposes of RCW 13.34.090(2).

(2) A guardianship shall be established if:

(a) The court finds by a preponderance of the evidence that it is in the child's best interests to establish a guardianship, rather than to terminate the parent-child relationship and proceed with adoption, or to continue efforts to return custody of the child to the parent; and

(b) All parties agree to entry of the guardianship order and the proposed guardian is qualified, appropriate, and capable of performing the duties of guardian under section 5 of this act; or

(c)(i) The child has been found to be a dependent child under RCW 13.34.030;

(ii) A dispositional order has been entered pursuant to RCW 13.34.130;

(iii) At the time of the hearing on the guardianship petition, the child has or will have been removed from the custody of the parent for at least six consecutive months following a finding of dependency under RCW 13.34.030;

(iv) The services ordered under RCW 13.34.130 and 13.34.136 have been offered or provided and all necessary services, reasonably available, capable of correcting the parental deficiencies within the foreseeable future have been offered or provided;

(v) There is little likelihood that conditions will be remedied so that the child can be returned to the parent in the near future; and

(vi) The proposed guardian has signed a statement acknowledging the guardian's rights and responsibilities toward the child and affirming the guardian's understanding and acceptance that the guardianship is a commitment to provide care for the child until the child reaches age eighteen.

(3) The court may not establish a guardianship for a child who has no legal parent unless the court, in addition to making the required findings set forth in subsection (2) of this section, finds one or more exceptional circumstances exist and the benefits for the child of establishing the guardianship outweigh any potential disadvantage to the child of having no legal parent. Exceptional circumstances may include but are not limited to:

(a) The child has special needs and a suitable guardian is willing to accept custody and able to meet the needs of the child to an extent unlikely to be achieved through adoption; or

(b) The proposed guardian has demonstrated a commitment to provide for the long-term care of the child and: (i) Is a relative of the child; (ii) has been a long-term caregiver for the child and has acted as a parent figure to the child and is viewed by the child as a parent figure; or (iii) the child's family has identified the proposed guardian as the preferred guardian, and, if the child is age twelve years or older, the child also has identified the proposed guardian as the preferred guardian.

(4) Upon the request of a dependency guardian appointed under chapter 13.34 RCW and the department or supervising agency, the court shall convert a dependency guardianship established under chapter 13.34 RCW to a guardianship under this chapter.

NEW SECTION. Sec. 5. GUARDIANSHIP ORDER. (1) If the court has made the findings required under section 4 of this act, the court shall issue an order establishing a guardianship for the child. If the guardian has not previously intervened, the guardian shall be made a party to the guardianship proceeding upon entry of the guardianship order. The order shall:

(a) Appoint a person to be the guardian for the child;

(b) Specify the guardian's rights and responsibilities concerning the care, custody, control, and nurturing of the child;

(c) Specify the guardian's authority, if any, to receive, invest, and expend funds, benefits, or property belonging to the child;

(d) Specify an appropriate frequency and type of contact between the parent or parents and the child, if applicable, and between the child and his or her siblings, if applicable; and

(e) Specify the need for and scope of continued oversight by the court, if any.

(2) The guardian shall maintain physical and legal custody of the child and have the following rights and duties under the guardianship:

(a) Duty to protect, nurture, discipline, and educate the child;

(b) Duty to provide food, clothing, shelter, education as required by law, and health care for the child, including but not limited to, medical, dental, mental health, psychological, and psychiatric care and treatment;

(c) Right to consent to health care for the child and sign a release authorizing the sharing of health care information with appropriate authorities, in accordance with state law;

(d) Right to consent to the child's participation in social and school activities; and

(e) Duty to notify the court of a change of address of the guardian and the child. Unless specifically ordered by the court, however, the standards and requirements for relocation in chapter 26.09 RCW do not apply to guardianships established under this chapter.

(3) If the child has independent funds or other valuable property under the control of the guardian, the guardian shall provide an annual written accounting, supported with appropriate documentation, to the
court regarding receipt and expenditure by the guardian of any such funds or benefits. This subsection shall not be construed to require a guardian to account for any routine funds or benefits received from a public social service agency on behalf of the child.

(4) The guardianship shall remain in effect until the child reaches the age of eighteen years or until the court terminates the guardianship, whichever occurs sooner.

(5) Once the dependency has been dismissed pursuant to section 7 of this act, the court shall not order the department or other supervising agency to supervise or provide case management services to the guardian or the child as part of the guardianship order.

(6) The court shall issue a letter of guardianship to the guardian upon the entry of the court order establishing the guardianship under this chapter.

NEW SECTION. Sec. 6. GUARDIANSHIP MODIFICATION. (1) A guardian or a parent of the child may petition the court to modify the visitation provisions of a guardianship order by:

(a) Filing with the court a motion for modification and an affidavit setting forth facts supporting the requested modification; and

(b) Providing notice and a copy of the motion and affidavit to all other parties. The nonmoving parties may file and serve opposing affidavits.

(2) The court shall deny the motion unless it finds that adequate cause for hearing the motion is established by the affidavits, in which case it shall set a date for hearing on an order to show cause why the requested modification should not be granted.

(3) If the court finds that a motion to modify a guardianship order has been brought in bad faith, the court may assess attorney's fees and court costs of the nonmoving party against the moving party.

NEW SECTION. Sec. 7. GUARDIANSHIP TERMINATION. (1) Any party to a guardianship proceeding may request termination of the guardianship by filing a petition and supporting affidavit alleging a substantial change has occurred in the circumstances of the child or the guardian and that the termination is necessary to serve the best interests of the child. The petition and affidavit must be served on the department or supervising agency and all parties to the guardianship.

(2) Except as provided in subsection (3) of this section, the court shall not terminate a guardianship unless it finds, upon the basis of facts that have arisen since the guardianship was established or that were unknown to the court at the time the guardianship was established, that a substantial change has occurred in the circumstances of the child or the guardian and that termination of the guardianship is necessary to serve the best interests of the child. The effect of a guardian's duties while serving in the military potentially impacting guardianship functions shall not, by itself, be a substantial change of circumstances justifying termination of a guardianship.

(3) The court may terminate a guardianship on the agreement of the guardian, the child, if the child is age twelve years or older, and a parent seeking to regain custody of the child if the court finds by a preponderance of the evidence and on the basis of facts that have arisen since the guardianship was established that:

(a) The parent has successfully corrected the parenting deficiencies identified by the court in the dependency action, and the circumstances of the parent have changed to such a degree that returning the child to the custody of the parent no longer creates a risk of harm to the child's health, welfare, and safety;

(b) The child, if age twelve years or older, agrees to termination of the guardianship and the return of custody to the parent; and

(c) Termination of the guardianship and return of custody of the child to the parent is in the child's best interests.

(4) Upon the entry of an order terminating a guardianship, the court shall enter an order:

(a) Granting the child's parent with legal and physical custody of the child;

(b) Granting a substitute guardian with legal and physical custody of the child; or

(c) Directing the child to be temporarily placed in the custody of the department for placement with a relative or other suitable person as defined in RCW 13.34.130(1)(b), if available, or in an appropriate licensed out-of-home placement, and directing that the department file a dependency petition on behalf of the child.

NEW SECTION. Sec. 8. APPOINTMENT OF GUARDIAN AD LITEM OR ATTORNEY FOR THE CHILD. In all proceedings to establish, modify, or terminate a guardianship order, the court shall appoint a guardian ad litem or attorney for the child. The court may appoint a guardian ad litem or attorney who represented the child in a prior proceeding under this chapter or under chapter 13.34 RCW, or may appoint an attorney to supersede an existing guardian ad litem.

NEW SECTION. Sec. 9. GUARDIANSHIP SUBSIDY. (1) A relative guardian who is a licensed foster parent at the time a guardianship is established under this chapter and who has been the child's foster parent for a minimum of six consecutive months preceding entry of the guardianship order is eligible for a relative guardianship subsidy on behalf of the child. The department may establish rules setting eligibility, application, and program standards consistent with applicable federal guidelines for expenditure of federal funds.

(2) Within amounts appropriated for this specific purpose, a guardian who is a licensed foster parent at the time a guardianship is established under this chapter and who has been the child's foster parent for a minimum of six consecutive months preceding entry of the guardianship order is eligible for a guardianship subsidy on behalf of the child.

Sec. 10. RCW 13.34.030 and 2009 c 520 s 21 and 2009 c 397 s 1 are each reenacted and amended to read as follows:

For purposes of this chapter:

(1) "Abandoned" means when the child's parent, guardian, or other custodian has expressed, either by statement or conduct, an intent to forego, for an extended period, parental rights or responsibilities despite an ability to exercise such rights and responsibilities. If the court finds that the petitioner has exercised due diligence in attempting to locate the parent, no contact between the child and the child's parent, guardian, or other custodian for a period of three months creates a rebuttable presumption of abandonment, even if there is no expressed intent to abandon.

(2) "Child" and "juvenile" means any individual under the age of eighteen years.

(3) "Current placement episode" means the period of time that begins with the most recent date that the child was removed from the home of the parent, guardian, or legal custodian for purposes of placement in out-of-home care and continues until: (a) The child returns home; (b) an adoption decree, a permanent custody order, or guardianship order is entered; or (c) the dependency is dismissed, whichever occurs first.

(4) "Department" means the department of social and health services.

(5) "Dependency guardian" means the person, nonprofit corporation, or Indian tribe appointed by the court pursuant to this chapter for the limited purpose of assisting the court in the supervision of the dependency.

(6) "Dependent child" means any child who:

(a) Has been abandoned;

(b) Is abused or neglected as defined in chapter 26.44 RCW by a person legally responsible for the care of the child; or

(c) Has no parent, guardian, or custodian capable of adequately caring for the child, such that the child is in circumstances which constitute a danger of substantial damage to the child's psychological or physical development.

(7) "Developmental disability" means a disability attributable to mental retardation, cerebral palsy, epilepsy, autism, or another
neurological or other condition of an individual found by the secretary to be closely related to mental retardation or to require treatment similar to that required for individuals with mental retardation, which disability originates before the individual attains age eighteen, which has continued or can be expected to continue indefinitely, and which constitutes a substantial handicap to the individual.

(8) "Guardian" means the person or agency that: (a) Has been appointed as the guardian of a child in a legal proceeding (other than a proceeding under this chapter), including a guardian appointed pursuant to chapter 13.--RCW (the new chapter created in section 17 of this act); and (b) has the legal right to custody of the child pursuant to such appointment. The term “guardian” (shall) does not include a "dependency guardian" appointed pursuant to a proceeding under this chapter.

(9) "Guardian ad litem" means a person, appointed by the court to represent the best interests of a child in a proceeding under this chapter, or in any matter which may be consolidated with a proceeding under this chapter. A "court-appointed special advocate" appointed by the court to be the guardian ad litem for the child, or to perform substantially the same duties and functions as a guardian ad litem, shall be deemed to be guardian ad litem for all purposes and uses of this chapter.

(10) "Guardian ad litem program" means a court-authorized volunteer program, which is or may be established by the superior court of the county in which such proceeding is filed, to manage all aspects of volunteer guardian ad litem representation for children alleged or found to be dependent. Such management shall include but is not limited to: Recruitment, screening, training, supervision, assignment, and discharge of volunteers.

(11) "Housing assistance" means appropriate referrals by the department or other supervising agencies to federal, state, local, or private agencies or organizations, assistance with forms, applications, or financial subsidies or other monetary assistance for housing. For purposes of this chapter, "housing assistance" is not a remedial service or time-limited family reunification service as described in RCW 13.34.025(2).

(12) "Indigent" means a person who, at any stage of a court proceeding, is:

(a) Receiving one of the following types of public assistance: Temporary assistance for needy families, general assistance, poverty-related veterans' benefits, food stamps or food stamp benefits transferred electronically, refugee resettlement benefits, Medicaid, or supplemental security income; or

(b) Involuntarily committed to a public mental health facility; or

(c) Receiving an annual income, after taxes, of one hundred twenty- five percent or less of the federally established poverty level; or

(d) Unable to pay the anticipated cost of counsel for the matter before the court because his or her available funds are insufficient to pay any amount for the retention of counsel.

(13) "Out-of-home care" means placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW or placement in a home, other than that of the child's parent, guardian, or legal custodian, not required to be licensed pursuant to chapter 74.15 RCW.

(14) "Preventive services" means preservation services, as defined in chapter 74.14C RCW, and other reasonably available services, including housing assistance, capable of preventing the need for out-of-home placement while protecting the child.

(15) "Shelter care" means temporary physical care in a facility licensed pursuant to RCW 74.15.030 or in a home not required to be licensed pursuant to RCW 74.15.030.

(16) "Sibling" means a child's birth brother, birth sister, adoptive brother, adoptive sister, half-brother, or half-sister, or as defined by the law or custom of the Indian child's tribe for an Indian child as defined in 25 U.S.C. Sec. 1903(4).

(17) "Social study" means a written evaluation of matters relevant to the disposition of the case and shall contain the following information:

(a) A statement of the specific harm or harms to the child that intervention is designed to alleviate;

(b) A description of the specific services and activities, for both the parents and child, that are needed in order to prevent serious harm to the child; the reasons why such services and activities are likely to be useful; the availability of any proposed services; and the agency's overall plan for ensuring that the services will be delivered. The description shall identify the services chosen and approved by the parent;

(c) If removal is recommended, a full description of the reasons why the child cannot be protected adequately in the home, including a description of any previous efforts to work with the parents and the child in the home; the in-home treatment programs that have been considered and rejected; the preventive services, including housing assistance, that have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home; and the parents' attitude toward placement of the child;

(d) A statement of the likely harms the child will suffer as a result of removal;

(e) A description of the steps that will be taken to minimize the harm to the child that may result if separation occurs including an assessment of the child's relationship and emotional bond with any siblings, and the agency's plan to provide ongoing contact between the child and the child's siblings if appropriate; and

(f) Behavior that will be expected before determination that supervision of the family or placement is no longer necessary.

(18) "Supervising agency" means an agency licensed by the state under RCW 74.15.090, or (16) licensed by a federally recognized Indian tribe located in this state under RCW 74.15.190 ((with whom the department)), that has entered into a performance-based contract with the department to provide case management for the delivery and documentation of child welfare services as defined in RCW 74.13.020.

NEW SECTION. Sec. 11. A new section is added to chapter 13.34 RCW to read as follows:

(1) Notwithstanding the provisions of chapter 13.--RCW (the new chapter created in section 17 of this act), a dependency guardianship established by court order under this chapter and in force on the effective date of this section shall remain subject to the provisions of this chapter unless: (a) The dependency guardianship is modified or terminated under the provisions of this chapter; or (b) the dependency guardianship is converted by court order to a guardianship pursuant to a petition filed under section 3 of this act.

(2) A dependency guardian or the department or supervising agency may request the juvenile court to convert a dependency guardianship established under this chapter to a guardianship under chapter 13.--RCW (the new chapter created in section 17 of this act) by filing a petition under section 3 of this act. If both the dependency guardian and the department or supervising agency agree that the dependency guardianship should be converted to a guardianship under this chapter, and if the court finds that such conversion is in the child's best interests, the court shall grant the petition and enter an order of guardianship in accordance with section 5 of this act.

(3) The court shall dismiss the dependency established under this chapter upon the entry of a guardianship order under chapter 13.--RCW (the new chapter created in section 17 of this act).

NEW SECTION. Sec. 12. A new section is added to chapter 74.13 RCW to read as follows:

(1) The department shall adopt rules consistent with federal regulations for the receipt and expenditure of federal funds and implement a subsidy program for eligible relatives appointed by the court as a guardian under section 5 of this act.
(2) For the purpose of licensing a relative seeking to be appointed as a guardian and eligible for a guardianship subsidy under this section, the department shall, on a case-by-case basis, and when determined to be in the best interests of the child:
   (a) Waive nonsafety licensing standards; and
   (b) Apply the list of disqualifying crimes in the adoption and safe families act, rather than the secretary's list of disqualifying crimes, unless doing so would compromise the child's safety, or would adversely affect the state's ability to continue to obtain federal funding for child welfare related functions.

(3) Relative guardianship subsidy agreements shall be designed to promote long-term permanency for the child, and may include provisions for periodic review of the subsidy amount and the needs of the child.

Sec. 13. RCW 13.34.210 and 2009 c 520 s 35 and 2009 c 152 s 2 are each reenacted and amended to read as follows:

If, upon entering an order terminating the parental rights of a parent, there remains no parent having parental rights, the court shall commit the child to the custody of the department or a supervising agency willing to accept custody for the purpose of placing the child for adoption. If an adoptive home has not been identified, the department or supervising agency shall place the child in a licensed foster home, or take other suitable measures for the care and welfare of the child. The custodian shall have authority to consent to the adoption of the child consistent with chapter 26.33 RCW, the marriage of the child, the enlistment of the child in the armed forces of the United States, necessary surgical and other medical treatment for the child, and to consent to such other matters as might normally be required of the parent of the child.

If a child has not been adopted within six months after the date of the order and a guardianship of the child under (RCW 13.34.231) chapter 13.-- RCW (the new chapter created in section 17 of this act) or chapter 11.88 RCW, or a permanent custody order under chapter 26.10 RCW, has not been entered by the court, the court shall review the case every six months until a decree of adoption is entered. The supervising agency shall take reasonable steps to ensure that the child maintains relationships with siblings as provided in RCW 13.34.130(3) and shall report to the court the status and extent of such relationships.

Sec. 14. RCW 13.34.232 and 1994 c 288 s 7 are each amended to read as follows:

(1) (If the court has made a finding under RCW 13.34.231, it shall enter) An order establishing a dependency guardianship (for the child. The order) shall:
   (a) Appoint a person or agency to serve as dependency guardian for the limited purpose of assisting the court to supervise the dependency;
   (b) Specify the dependency guardian's rights and responsibilities concerning the care, custody, and control of the child. A dependency guardian shall not have the authority to consent to the child's adoption;
   (c) Specify the dependency guardian's authority, if any, to receive, invest, and expend funds, benefits, or property belonging to the child;
   (d) Specify an appropriate frequency of visitation between the parent and the child; and
   (e) Specify the need for any continued involvement of the supervising agency and the nature of that involvement, if any.

(2) Unless the court specifies otherwise in the guardianship order, the dependency guardian shall maintain the physical custody of the child and have the following rights and duties:
   (a) Protect, discipline, and educate the child;
   (b) Provide food, clothing, shelter, education as required by law, and routine health care for the child;
   (c) Consent to necessary health and surgical care and sign a release of health care information to appropriate authorities, pursuant to law;
   (d) Consent to social and school activities of the child; and
   (e) Provide an annual written accounting to the court regarding receipt by the dependency guardian of any funds, benefits, or property belonging to the child and expenditures made therefrom.

(3) As used in this section, the term "health care" includes, but is not limited to, medical, dental, psychological, and psychiatric care and treatment.

(4) The child shall remain dependent for the duration of the guardianship. While the guardianship remains in effect, the dependency guardian shall be a party to any dependency proceedings pertaining to the child.

(5) The guardianship shall remain in effect only until the child is eighteen years of age or until the court terminates the guardianship order, whichever occurs sooner.

Sec. 15. RCW 13.34.234 and 2009 c 235 s 6 are each amended to read as follows:

A dependency guardian who is a licensed foster parent at the time the guardianship is established under (RCW 13.34.233 and 43.24.222) this chapter and who has been the child's foster parent for a minimum of six consecutive months preceding entry of the guardianship order ((of this chapter established)) may be eligible for a guardianship subsidy on behalf of the child. (The department may establish rules setting eligibility, application, and program standards consistent with applicable federal guidelines.)

NEW SECTION. Sec. 16. The following acts or parts of acts are each repealed:

(1) RCW 13.34.230 (Guardianship for dependent child--Petition for--Notice to, intervention by, department or supervising agency) and 2009 c 520 s 35, 1981 c 195 s 1, & 1979 c 155 s 51;
(2) RCW 13.34.231 (Guardianship for dependent child--Hearing--Rights of parties--Rules of evidence--Guardianship established, when) and 2000 c 122 s 29, 1994 c 288 s 5, 1981 c 195 s 2;

The transit authority may not divulge any information contained in the abstract to a third party.

(14) Any alcohol/drug assessment or treatment agency approved by the department of social and health services receiving the certified abstract shall use it exclusively for the purpose of assisting its employees in making a determination as to what level of treatment, if any, is appropriate. The agency, or any of its employees, shall not divulge any information contained in the abstract to a third party.

(15) Release of a certified abstract of the driving record of an employee, prospective employee, or prospective volunteer requires a statement signed by: (a) The employee, prospective employee, or prospective volunteer that authorizes the release of the record, and (b) the employer or volunteer organization attesting that the information is necessary: (i) To determine whether the licensees should be employed to operate a commercial vehicle or school bus, or operate a vehicle for a volunteer organization for purposes of transporting children eighteen years of age, adults over sixty-five years of age, or persons with physical or mental disabilities, upon the public highways of this state; or (ii) for employment purposes related to driving by an individual as a condition of that individual’s employment or otherwise at the direction of the employer or organization. MESSAGE FROM THE SENATE
March 5, 2010

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2179 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 35.21 RCW to read as follows:
In addition to any other power and authority conferred to a city that is located in a county having a population of more than one million five hundred thousand, a city legislative authority may provide or contract for supplemental transportation improvements to meet mobility needs within the city's boundaries. For purposes of this section, a "supplemental transportation improvement" or "supplemental improvement" means any project, work, or undertaking to provide or contract for public transportation service in addition to any existing or planned public transportation service provided by public transportation agencies and systems serving the city. The supplemental authority provided to the city legislative authority under this section is subject to the following requirements:

(1) Prior to taking any action to provide or contract for supplemental transportation improvements permitted under this section, the legislative authority of the city shall conduct a public hearing at the time and place specified in a notice published at least once, not less than ten days before the hearing, in a newspaper of general circulation within the proposed district. The notice must specify the supplemental facilities or services to be provided or contracted for by the city, and must include estimated capital, operating, and maintenance costs. The legislative authority of the city shall hear objections from any person affected by the proposed supplemental improvements.

(2) Following the hearing held pursuant to subsection (1) of this section, if the city legislative authority finds that the proposed supplemental transportation improvements are in the public interest, the legislative authority shall adopt an ordinance providing for the supplemental improvements and provide or contract for the supplemental improvements.

(3) For purposes of providing or contracting for the proposed supplemental transportation improvements, the legislative authority of the city may contract with private providers and nonprofit organizations, and may form public-private partnerships. Such contracts and partnerships must require that public transportation services be coordinated with other public transportation agencies and systems serving the area and border jurisdictions.

(4) The legislative authorities of cities that are participating jurisdictions in a transportation benefit district, as provided under chapter 36.73 RCW, may petition the transportation benefit district for partial or full funding of supplemental transportation improvements as prescribed under section 3 of this act.

(5) Supplemental transportation improvements must be consistent with the city's comprehensive plan under chapter 36.70A RCW.

Sec. 2. RCW 36.73.015 and 2006 c 311 s 24 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise."
(1) "District" means a transportation benefit district created under this chapter.

(2) "City" means a city or town.

(3) "Transportation improvement" means a project contained in the transportation plan of the state or a regional transportation planning organization. A project may include investment in new or existing highways of statewide significance, principal arterials of regional significance, high capacity transportation, public transportation, and other transportation projects and programs of regional or statewide significance including transportation demand management. Projects may also include the operation, preservation, and maintenance of these facilities or programs.

(4) "Supplemental transportation improvement" or "supplemental improvement" means any project, work, or undertaking to provide public transportation service, in addition to a district's existing or planned voter-approved transportation improvements, proposed by a participating city member of the district under section 3 of this act.

NEW SECTION. Sec. 3. A new section is added to chapter 36.73 RCW to read as follows:

(1) In districts comprised of more than one member city, the legislative authorities of any member city that is located in a county having a population of more than one million five hundred thousand may petition the district to provide supplemental transportation improvements.

(2) Upon receipt of a petition as provided in subsection (1) of this section for supplemental transportation improvements that are to be fully funded by the petitioner city, including ongoing operating and maintenance costs, the district must:

(a) Conduct a public hearing, and provide notice and opportunity for public comment consistent with the requirements of RCW 36.73.050(1); and

(b) Following the hearing, if a majority of the district's governing board determines that the proposed supplemental transportation improvements are in the public interest, the district shall adopt an ordinance providing for the incorporation of the supplemental improvements into any existing services. The supplemental transportation improvements must be in addition to existing services provided by the district. The district shall enter into agreements with the petitioner city or identified service providers to coordinate existing services with the supplemental improvements.

(3) Upon receipt of a petition as provided in subsection (1) of this section for supplemental transportation improvements proposed to be partially or fully funded by the district, the district must:

(a) Conduct a public hearing, and provide notice and opportunity for public comment consistent with the requirements of RCW 36.73.050(1); and

(b) Following the hearing, submit a proposition to the voters at the next special or general election for approval by a majority of the voters in the district. The proposition must specify the supplemental transportation improvements to be provided and must estimate the capital, maintenance, and operating costs to be funded by the district.

(4) If a proposition to incorporate supplemental transportation improvements is approved by the voters as provided under subsection (3) of this section, the district shall adopt an ordinance providing for the incorporation of the supplemental improvements into any existing services provided by the district. The supplemental improvements must be in addition to existing services. The district shall enter into agreements with the petitioner city or identified service providers to coordinate existing services with the supplemental improvements.

(5) A supplemental transportation improvement must be consistent with the petitioner city's comprehensive plan under chapter 36.70A RCW.

(6) Unless otherwise agreed to by the petitioner city or by a majority of the district's governing board, upon adoption of an ordinance under subsection (2) or (4) of this section, the district shall maintain its existing public transportation service levels in locations where supplemental transportation improvements are provided.

NEW SECTION. Sec. 4. A new section is added to chapter 35.58 RCW to read as follows:

If the legislative authority of a city provides or contracts for supplemental transportation improvements, as described in section 1 of this act or under chapter 36.73 RCW, a metropolitan municipal corporation serving the city or border jurisdictions shall coordinate its services with the supplemental transportation improvements to maximize efficiencies in public transportation services within and across service boundaries.

NEW SECTION. Sec. 5. A new section is added to chapter 35.57A RCW to read as follows:

If the legislative authority of a city provides or contracts for supplemental transportation improvements, as described in section 1 of this act or under chapter 36.73 RCW, a public transportation benefit area serving the city or border jurisdictions shall coordinate its services with the supplemental transportation improvements to maximize efficiencies in public transportation services within and across service boundaries.

Sec. 7. RCW 35.58.260 and 1965 c 7 s 35.58.260 are each amended to read as follows:

MESSAGE FROM THE SENATE

March 5, 2010

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 2867 with the following amendment:

Strike everything after the enacting clause and insert the following:

“Sec. 1. RCW 43.215.005 and 2007 c 415 s 1 are each amended to read as follows:

1. The legislature recognizes that:
   (a) Parents are their children's first and most important teachers and decision makers;
   (b) Research across disciplines now demonstrates that what happens in the earliest years makes a critical difference in children's readiness to succeed in school and life;
   (c) Washington's competitiveness in the global economy requires a world-class education system that starts early and supports lifelong learning;
   (d) Washington state currently makes substantial investments in voluntary child care and early learning services and supports, but because services are fragmented across multiple state agencies, and early learning providers lack the supports and incentives needed to improve the quality of services they provide, many parents have difficulty accessing high quality early learning services;
   (e) A more cohesive and integrated voluntary early learning system would result in greater efficiencies for the state, increased partnership between the state and the private sector, improved access to high quality early learning services, and better employment and early learning outcomes for families and all children.

2. The legislature finds that:
   (a) The early years of a child's life are critical to the child's healthy brain development and that the quality of caregiving during the early years can significantly impact the child's intellectual, social, and emotional development;
   (b) A successful outcome for every child obtaining a K-12 education depends on children being prepared from birth for academic and social success in school. For children at risk of school failure, the achievement gap often emerges as early as eighteen months of age;
   (c) There currently is a shortage of high quality services and supports for children ages birth to three and their parents and caregivers; and
   (d) Increasing the availability of high quality services for children ages birth to three and their parents and caregivers will result in improved school and life outcomes.

3. Therefore, the legislature intends to establish a robust birth-to-three continuum of services for parents and caregivers of young children in order to provide education and support regarding the importance of early childhood development.

4. The purpose of this chapter is:
   (a) To establish the department of early learning;
   (b) To coordinate and consolidate state activities relating to child care and early learning programs;
   (c) To safeguard and promote the health, safety, and well-being of children receiving child care and early learning assistance, which is paramount over the right of any person to provide care;
   (d) To provide tools to promote the hiring of suitable providers of child care by:
      (i) Providing parents with access to information regarding child care providers;
      (ii) Providing parents with child care licensing action histories regarding child care providers; and
      (iii) Requiring background checks of applicants for employment in any child care facility licensed or regulated under current law;
   (e) To promote linkages and alignment between early learning programs and elementary schools and support the transition of children and families from prekindergarten environments to kindergarten;
   (f) To promote the development of a sufficient number and variety of adequate child care and early learning facilities, both public and private; and
   (g) To license agencies and to assure the users of such agencies, their parents, the community at large and the agencies themselves that adequate minimum standards are maintained by all child care and early learning facilities.

5. This chapter does not expand the state's authority to license or regulate activities or programs beyond those licensed or regulated under existing law.

Sec. 2. RCW 43.215.020 and 2007 c 394 s 5 are each amended to read as follows:

1. The department of early learning is created as an executive branch agency. The department is vested with all powers and duties transferred to it under this chapter and such other powers and duties as may be authorized by law.

2. The primary duties of the department are to implement state early learning policy and to coordinate, consolidate, and integrate child care and early learning programs in order to administer programs and funding as efficiently as possible. The department's duties include, but are not limited to, the following:
   (a) To support both public and private sectors toward a comprehensive and collaborative system of early learning that serves parents, children, and providers and to encourage best practices in child care and early learning programs;
   (b) To make early learning resources available to parents and caregivers;
   (c) To carry out activities, including providing clear and easily accessible information about quality and improving the quality of early learning opportunities for young children, in cooperation with the nongovernmental private-public partnership;
   (d) To administer child care and early learning programs;
   (e) To standardize internal financial audits, oversight visits, performance benchmarks, and licensing criteria, so that programs can function in an integrated fashion;
   (f) To support the implementation of the nongovernmental private-public partnership and cooperate with that partnership in pursuing its goals including providing data and support necessary for the successful work of the partnership;
   (g) To work cooperatively and in coordination with the early learning council;
   (h) To collaborate with the K-12 school system at the state and local levels to ensure appropriate connections and smooth transitions between early learning and K-12 programs;

6. (i) Upon the development of an early learning information system, to make available to parents timely inspection and licensing action information through the internet and other means.
(3) The department's programs shall be designed in a way that respects and preserves the ability of parents and legal guardians to direct the education, development, and upbringing of their children, and that recognizes and honors cultural and linguistic diversity. The department shall include parents and legal guardians in the development of policies and program decisions affecting their children.

NEW SECTION. Sec. 3. The department of early learning, in collaboration with the early learning nongovernmental private-public partnership and the early learning advisory council, shall develop a birth-to-three plan, including recommended appropriation levels, and report to the appropriate committees of the legislature and the governor by December 1, 2010. The plan and recommendations required under this section shall be developed within existing resources.

On page 1, line 1 of the title, after "learning;" strike the remainder of the title and insert "amending RCW 43.215.005 and 43.215.020; and creating a new section."

and the same is herewith transmitted.

The Senate has passed SUBSTITUTE HOUSE BILL NO. 3016 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 26.09.170 and 2008 c 6 s 1017 are each amended to read as follows:

(1) Except as otherwise provided in (((subsection (7) of)) RCW 26.09.070(7)), the provisions of any decree respecting maintenance or support may be modified: (a) Only as to installments accruing subsequent to the petition for modification or motion for adjustment except motions to compel court-ordered adjustments, which shall be effective as of the first date specified in the decree for implementing the adjustment; and, (b) except as otherwise provided in (((subsections (5), (6), (8), and (10) of)) this section, only upon a showing of a substantial change of circumstances. The provisions as to property disposition may not be revoked or modified, unless the court finds the existence of conditions that justify the reopening of a judgment under the laws of this state.

(2) Unless otherwise agreed in writing or expressly provided in the decree the obligation to pay future maintenance is terminated upon the death of either party or the remarriage of the party receiving maintenance or registration of a new domestic partnership of the party receiving maintenance.

(3) Unless otherwise agreed in writing or expressly provided in the decree, provisions for the support of a child are terminated by emancipation of the child or by the death of the parent obligated to support the child.

(4) Unless expressly provided by an order of the superior court or a court of comparable jurisdiction, provisions for the support (((provisions of the order) of a child are terminated upon the marriage or registration of a domestic partnership to each other of parties to a paternity order, or upon the remarriage or registration of a domestic partnership to each other of parties to a decree of dissolution. The remaining provisions of the order, including provisions establishing paternity, remain in effect.

(5)(a) A party to an order of child support may petition for a modification based upon a showing of substantially changed circumstances at any time.

(b) An obligor's voluntary unemployment or voluntary underemployment, by itself, is not a substantial change of circumstances.

(6) An order of child support may be modified one year or more after it has been entered without a showing (((a substantial change))) of substantially changed circumstances:

(a) If the order in practice works a severe economic hardship on either party or the child;

(b) If a party requests an adjustment in an order for child support which was based on guidelines which determined the amount of support according to the child's age, and the child is no longer in the age category on which the current support amount was based;

(c) If a child is still in high school, upon a finding that there is a need to extend support beyond the eighteenth birthday to complete high school; or

(d) To add an automatic adjustment of support provision consistent with RCW 26.09.100.

(7)(a) If twenty-four months have passed from the date of the entry of the order or the last adjustment or modification, whichever is later, the order may be adjusted without a showing of substantially changed circumstances based upon:

(i) Changes in the income of the parents; or

(ii) Changes in the economic table or standards in chapter 26.19 RCW.

(b) Either party may initiate the adjustment by filing a motion and child support worksheets.

(c) If the court adjusts or modifies a child support obligation pursuant to this subsection by more than thirty percent and the change would cause significant hardship, the court may implement the change in two equal increments, one at the time of the entry of the order and the second six months from the entry of the order. Twenty-four months must pass following the second change before a motion for another adjustment under this subsection may be filed.

(8)(a) The department of social and health services may file an action to modify or adjust an order of child support if public assistance money is being paid to or for the benefit of the child and the child support order is at least twenty-five percent ((or more)) above or below the appropriate child support amount set forth in the standard calculation as defined in RCW 26.19.011 and reasons for the deviation are not set forth in the findings of fact or order. (The determination of twenty-five percent or more shall be based on the current income of the parties and the department shall not be required to show a substantial change of circumstances if the reasons for the deviations were not set forth in the findings of fact or order.

(b) A party may petition for modification in cases of substantially changed circumstances under subsection (1) of this section at any time. However, if relief is granted under subsection (1) of this section, twenty-four months must pass before a motion for an adjustment under (a) of this subsection may be filed.

(c) If, pursuant to (a) of this subsection or subsection (10) of this section, the court adjusts or modifies a child support obligation by more than thirty percent and the change would cause significant hardship, the court may implement the change in two equal increments, one at the time of the entry of the order and the second six months from the entry of the order. Twenty-four months must pass following the second change before a motion for an adjustment under (a) of this subsection may be filed.

(d) A parent who is receiving transfer payments who receives a wage or salary increase may not bring a modification action pursuant to subsection (1) of this section alleging that increase constitutes a substantial change of circumstances.

(e) The department of social and health services may file an action at any time to modify an order of child support in cases of substantially changed circumstances if public assistance money is being paid to or for the benefit of the child. The determination of the existence of substantially changed circumstances by the department that lead to the filing of an action to modify the order of child support is not binding upon the court.
(10) An order of child support may be adjusted twenty-four
months from the date of the entry of the decree or the last adjustment
or modification, whichever is later, based upon changes in the
economic table or standards in chapter 26.19 RCW."
(b) The department of social and health services may file an action to
modify or adjust an order of child support in a nonassistance case if:
(i) The child support order is at least twenty-five percent above or
below the appropriate child support amount set forth in the standard
calculus as defined in RCW 26.19.011;
(ii) The department has determined the case meets the
department's review criteria; and
(iii) A party to the order or another state or jurisdiction has
requested a review.
(c) The determination of twenty-five percent or more shall be
based on the current income of the parties and the department shall
not be required to show a substantial change of circumstances if the
reasons for the deviations were not set forth in the findings of fact or
order.
(9) The department of social and health services may file an
action to modify or adjust an order of child support under subsections
(5) through (7) of this section if:
(a) Public assistance money is being paid to or for the benefit of
the child;
(b) A party to the order in a nonassistance case has requested a
review; or
(c) Another state or jurisdiction has requested a modification of
the order.
(10) If testimony other than affidavit is required in any
proceeding under this section, a court of this state shall permit a party
or witness to be deposed or to testify under penalty of perjury by
telephone, audiovisual means, or other electronic means, unless good
cause is shown.
Sec. 2. RCW 26.09.175 and 2002 c 199 s 2 are each amended
to read as follows:

MESSAGE FROM THE SENATE

March 5,2010

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 3026 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that in 1975 legislation was adopted, codified as chapter 28A.640 RCW, recognizing the deleterious effect of discrimination on the basis of sex, specifically prohibiting such discrimination in Washington public schools, and requiring the office of the superintendent of public instruction to monitor and enforce compliance. The legislature further finds that, while numerous state and federal laws prohibit discrimination on other bases in addition to sex, the common school provisions in Title 28A RCW do not include specific acknowledgment of the right to be free from discrimination because of race, creed, color, national origin, honorably discharged veteran or military status, sexual orientation, the presence of any sensory, mental, or physical disability, or the use of a trained dog guide or service animal by a person with a disability, nor do any common school provisions specifically direct the office of the superintendent of public instruction to monitor and enforce compliance with these laws. The legislature finds that one of the recommendations made to the legislature by the achievement gap oversight and accountability committee created in chapter 468, Laws of 2009, was that the office of the superintendent of public instruction should be specifically authorized to take affirmative steps to ensure that school districts comply with all civil rights laws, similar to what has already been authorized in chapter 28A.640 RCW with respect to discrimination on the basis of sex.

NEW SECTION. Sec. 2. Discrimination in Washington public schools on the basis of race, creed, religion, color, national origin, honorably discharged veteran or military status, sexual orientation including gender expression or identity, the presence of any sensory, mental, or physical disability, or the use of a trained dog guide or service animal by a person with a disability is prohibited. The definitions given these terms in chapter 49.60 RCW apply throughout this chapter unless the context clearly requires otherwise.

NEW SECTION. Sec. 3. The superintendent of public instruction shall develop rules and guidelines to eliminate discrimination prohibited in section 2 of this act as it applies to public school employment, counseling and guidance services to students, recreational and athletic activities for students, access to course offerings, and in textbooks and instructional materials used by students.

NEW SECTION. Sec. 4. The office of the superintendent of public instruction shall monitor local school districts' compliance with this chapter, and shall establish a compliance timetable, rules, and guidelines for enforcement of this chapter.

NEW SECTION. Sec. 5. Any person aggrieved by a violation of this chapter, or aggrieved by the violation of any rule or guideline adopted under this chapter, has a right of action in superior courts for civil damages and such equitable relief as the court determines.

NEW SECTION. Sec. 6. The superintendent of public instruction has the power to enforce and obtain compliance with the provisions of this chapter and the rules and guidelines adopted under this chapter, by appropriate order made pursuant to chapter 34.05 RCW. The order may include, but is not limited to, termination of all or part of state apportionment or categorical moneys to the offending school district, termination of specified programs in which violations may be flagrant within the offending school district, institution of corrective action, and the placement of the offending school district on probation with appropriate sanctions until compliance is achieved.

NEW SECTION. Sec. 7. This chapter is supplementary to, and does not supersede, existing law and procedures and future amendments to those laws and procedures relating to unlawful discrimination.

NEW SECTION. Sec. 8. Sections 1 through 7 of this act constitute a new chapter in Title 28A RCW.

NEW SECTION. Sec. 9. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2010, in the omnibus appropriations act, this act is null and void."

On page 1, line 2 of the title, after "laws;" strike the remainder of the title and insert "adding a new chapter to Title 28A RCW; and creating a new section."

and the same is herewith transmitted.

The plan must include, at a minimum, strategies for maximizing the number of parcels sold, a schedule that optimizes proceeds, a recommended cash discount, a plan to report to the joint transportation committee, a recommendation for regional incentives, and a recommendation for equivalent value exchanges. This plan must accompany the department's 2010 supplemental budget request. By December 1, 2010, the department shall report to the legislative transportation committees on the individuals and entities eligible to receive surplus property provided in RCW 47.12.063 to determine the frequency with which the department transfers property to those individuals and entities and the implications to the department. It is the intent of the legislature that the list of individuals and entities eligible to receive surplus property be periodically determined to determine whether the list is appropriate and provides utility to the department.

(2) The legislature recognizes that the Dryden pit site (WSDOT Inventory Control (IC) No. 2009-00103) is unused state-owned real property under the jurisdiction of the department of transportation, and that the public would benefit significantly from the complete enjoyment of the natural scenic beauty and recreational opportunities available at the site. Therefore, pursuant to RCW 47.12.080, the legislature declares that transferring the property to the department of fish and wildlife for recreational use and fish and wildlife restoration efforts is consistent with the public interest in order to preserve the area for the use of the public and the betterment of the natural environment. The report must include: (a) the department's plan for continued disposal of surplus property; (b) a detail of changes from the previous report; and (c) a current list of surplus property by region that includes the acquisition date and price of the property, the status of the surplus property, and estimated value of the property. After twelve months of continuous operation, the department shall provide a report with recommendations on whether to continue project operations to the office of financial management and the chairs of the transportation committees. The department may end the pilot project after less than twelve consecutive months of operation if insufficient bids or proposals are received from potential sponsors or advertisers. The appropriations in this section are subject to the following conditions and limitations:

(1) If portions of the appropriations in this section are required to fund maintenance work resulting from major disasters not covered by federal emergency funds such as fire, flooding, snow, and major slides, supplemental appropriations must be requested to restore state funding for ongoing maintenance activities.

(2) The department shall request an unanticipated receipt for any federal moneys received for emergency snow and ice removal and shall place an equal amount of the motor vehicle account—state into unallotted status. This exchange shall not affect the amount of funding available for snow and ice removal.

(3) The department shall request an unanticipated receipt for any private or local funds received for reimbursements of third party damages that are in excess of the motor vehicle account—private/local appropriation.

(4) $(2,000,000); $(7,000,000) of the motor vehicle account—federal appropriation is for unanticipated federal funds that may be received during the 2009-11 fiscal biennium. Upon receipt of the funds, the department shall provide a report on the use of the funds to the transportation committees of the legislature and the office of financial management.

(5) The department may incur costs related to the maintenance of the decorative lights on the Tacoma Narrows bridge only if:

(a) The nonprofit corporation, narrows bridge lights organization, maintains an account balance sufficient to reimburse the department for all costs; and

(b) The department is reimbursed from the narrows bridge lights organization within three months from the date any maintenance work is performed. If the narrows bridge lights organization is unable to reimburse the department for all future costs incurred, the lights must be removed at the expense of the narrows bridge lights organization subject to the terms of the contract.

(6) The department may work with the department of corrections to utilize corrections crew for the purposes of litter pickup on state highways.

(7) $650,000 of the motor vehicle account—state appropriation is provided solely for increased asphalt costs. (If Senate Bill No. 5976 is not enacted by June 30, 2009, the amount provided in this subsection shall lapse.)

(8) $16,800,000 of the motor vehicle account—state appropriation is provided solely for the high priority maintenance backlog. Addressing the maintenance backlog must result in increased levels of service.

((40)) (9) $750,000 of the motor vehicle account—state appropriation is provided solely for the department's compliance with its national pollution discharge elimination system permit.
(10) $317,000 of the motor vehicle account--state appropriation is provided solely for maintaining a new active traffic management system on Interstate 5, Interstate 90, and SR 520. The department shall track the costs associated with these systems on a corridor basis and report to the legislative transportation committees on the cost and benefits of the system.

(11) $286,000 of the motor vehicle account--state appropriation is provided solely for storm water assessment fees charged by local governments.

Sec. 218. 2009 c 470 s 218 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION--TRAFFIC OPERATIONS--PROGRAM Q--OPERATING

Motor Vehicle Account--State Appropriation $(51,128,000)

Motor Vehicle Account--Federal Appropriation $2,050,000

Motor Vehicle Account--Private/Local Appropriation $127,000

TOTAL APPROPRIATION $(53,305,000)

The appropriations in this section are subject to the following conditions and limitations:

(1) $2,400,000 of the motor vehicle account--state appropriation is provided solely for low-cost enhancements. The department shall give priority to low-cost enhancement projects that improve safety or provide congestion relief. The department shall prioritize low-cost enhancement projects on a statewide rather than regional basis. By September 1st of each even-numbered year, the department shall provide a report to the legislature listing all low-cost enhancement projects prioritized on a statewide rather than regional basis completed in the prior year.

(2) The department, in consultation with the Washington state patrol, may continue a pilot program for the patrol to issue infractions based on information from automated traffic safety cameras in roadway construction zones on state highways. For the purpose of this pilot program, during the 2009-11 fiscal biennium, a roadway construction zone includes areas where public employees or private contractors are not present but where a driving condition exists that would make it unsafe to drive at higher speeds, such as, when the department is redirecting or realigning lanes on any public roadway pursuant to ongoing construction. The department shall use the following guidelines to administer the program:

(a) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle;

(b) The department shall plainly mark the locations where the automated traffic safety cameras are used by placing signs on locations that clearly indicate to a driver that he or she is entering a roadway construction zone where traffic laws are enforced by an automated traffic safety camera;

(c) Notices of infractions must be mailed to the registered owner of a vehicle within fourteen days of the infraction occurring;

(d) The owner of the vehicle is not responsible for the violation if the owner of the vehicle, within fourteen days of receiving notification of the violation, mails to the patrol, a declaration under penalty of perjury, stating that the vehicle involved was, at the time, stolen or in the care, custody, or control of some person other than the registered owner, or any other extenuating circumstances;

(e) For purposes of the 2009-11 fiscal biennium pilot program, infractions detected through the use of automated traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras must be processed in the same manner as parking infractions for the purposes of RCW 35.20.220, 46.16.216, and 46.20.270(3). However, the amount of the fine issued under this subsection (2) for an infraction generated through the use of an automated traffic safety camera is one hundred thirty-seven dollars. The court shall remit thirty-two dollars of the fine to the state treasurer for deposit into the state patrol highway account; and

(f) If a notice of infraction is sent to the registered owner and the registered owner is a rental car business, the infraction must be dismissed against the business if it mails to the patrol, within fourteen days of receiving the notice, a declaration under penalty of perjury of the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred. If the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred, the business must sign a declaration under penalty of perjury to this effect. The declaration must be mailed to the patrol within fourteen days of receiving the notice of traffic infraction. Timely mailing of this declaration to the issuing agency relieves a rental car business of any liability under this section for the notice of infraction. A declaration form suitable for this purpose must be included with each automated traffic infraction notice issued, along with instructions for its completion and use.

(3) The department shall implement a pilot project to evaluate the benefits of using electronic traffic flagging devices. Electronic traffic flagging devices must be tested by the department at multiple sites and reviewed for efficiency and safety. The department shall report to the transportation committees of the legislature on the best use and practices involving electronic traffic flagging devices, including recommendations for future use, by June 30, 2010.

(4) $173,000 of the motor vehicle account--state appropriation is provided solely for the department to continue a pilot tow truck incentive program and to expand the program to other areas of the state. The department may provide incentive payments to towing companies that meet clearance goals on accidents that involve heavy trucks. The department shall report to the office of financial management and the transportation committees of the legislature on the effectiveness of the clearance goals and submit recommendations to improve the pilot program with the department's 2010 supplemental omnibus transportation appropriations act submittal. The tow truck incentive program may continue to provide incentives for quick clearance of traffic incidents involving large vehicles. The department shall make recommendations as part of its biennial budget proposal for expanding the use of the incentive program.

(5) $92,000 of the motor vehicle account--state appropriation is provided solely for operating a new active traffic management system on Interstate 5, Interstate 90, and SR 520. The department shall track the costs associated with these systems on a corridor basis and report to the legislative transportation committees on the cost and benefits of the system.

(6) To the extent practicable, the department shall synchronize traffic lights on state route number 161 in the vicinity of Puyallup.

(7) During the 2009-11 biennium, the department shall implement a pilot program that expands private transportation providers' access to high occupancy vehicle lanes. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, the following vehicles must be authorized to use the reserved portion of the highway if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle: (a) Auto transportation company vehicles regulated under chapter 81.68 RCW; (b) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department rules; (c) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and
(d) private employer transportation service vehicles. For purposes of this subsection, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is offered by an employer for the benefit of its employees. By June 30, 2011, the department shall report to the transportation committees of the legislature on whether private transportation provider use of high occupancy vehicle lanes under the pilot program reduces the speeds of high occupancy vehicle lanes.

The study must evaluate the potential demand for service, the business model and capital needs for launching and running the line, and the need for improvements in switching, signaling, and tracking. The study must also consider the interconnectivity benefits of, and potential for, future Amtrak Cascades stops in south King county and north Pierce county. As part of its consideration, the department shall conduct a thorough market analysis of the potential for adding or changing stops on the Amtrak Cascades route. The department shall amend the scope, schedule, and budget of the current study process to accommodate the market analysis. A report on the study must be submitted to the legislature by (June) September 30, 2010.

(5) $150,000 of the motor vehicle account--state appropriation is provided solely for a corridor study of state route number 516 from the eastern border of Maple Valley to state route number 167 to determine whether improvements are needed and the costs of any needed improvements.

(6) $500,000 of the multimodal transportation account--federal appropriation is provided solely for continued support of the International Mobility and Trade Corridor project and for the department to work with the Whatcom council of governments to examine potential improvements to international border freight and passenger rail movement and the use of diesel multiple units.

TOTAL APPROPRIATION | ($124,081,000)

The appropriations in this section are subject to the following conditions and limitations:

(1) $25,000,000 of the multimodal transportation account--state appropriation is provided solely for a grant program for special needs transportation provided by transit agencies and nonprofit providers of transportation.

(a) $5,500,000 of the amount provided in this subsection is provided solely for grants to nonprofit providers of special needs transportation. Grants for nonprofit providers shall be based on need, including the availability of other providers of service in the area, efforts to coordinate trips among providers and riders, and the cost effectiveness of trips provided.

(b) $19,500,000 of the amount provided in this subsection is provided solely for grants to transit agencies to transport persons with special transportation needs. To receive a grant, the transit agency must have a maintenance of effort for special needs transportation that is no less than the previous year's maintenance of effort for special needs transportation. Grants for transit agencies shall be prorated based on the amount expended for demand response service and route deviated service in calendar year 2007 as reported in the "Summary of Public Transportation - 2007" published by the department of transportation. No transit agency may receive more than thirty percent of these distributions.

(2) Funds are provided for the rural mobility grant program as follows:

(a) $8,500,000 of the multimodal transportation account--state appropriation is provided solely for grants to those transit systems serving small cities and rural areas as identified in the "Summary of Public Transportation - 2007" published by the department of transportation. Noncompetitive grants must be distributed to the transit systems serving small cities and rural areas in a manner similar to past disparity equalization programs.

(b) $8,500,000 of the multimodal transportation account--state appropriation is provided solely to providers of rural mobility service in areas not served or underserved by transit agencies through a competitive grant process.

(3) $7,000,000 of the multimodal transportation account--state appropriation is provided solely for a vanpool grant program for: (a) Public transit agencies to add vanpools or replace vans; and (b) incentives for employers to increase employee vanpool use. The grant program for public transit agencies will cover capital costs only; operating costs for public transit agencies are not eligible for funding under this grant program. Additional employees may not be hired from the funds provided in this section for the vanpool grant program, and supplanting of transit funds currently funding vanpools is not allowed. The department shall encourage grant applicants and recipients to leverage funds other than state funds. At least $1,600,000 of this amount must be used for vanpool grants in congested corridors.

(4) $400,000 of the multimodal transportation account--state appropriation is provided solely for a grant for a flexible carpooling pilot project program to be administered and monitored by the department. Funds are appropriated for one time only. The pilot project program must: Test and implement at least one flexible carpooling system in a high-volume commuter area that enables carpooling without prearrangement; utilize technologies that, among other things, allow for transfer of ride credits between participants; and be a membership system that involves prescreening to ensure safety of the participants. The program must include a pilot project that targets commuter traffic on the state route number 520 bridge. The department shall submit to the legislature by December 2010 a report on the program results and any recommendations for additional flexible carpooling programs.

(5) $3,318,000 of the multimodal transportation account--state appropriation and $21,248,000 of the regional mobility grant program account--state appropriation are reappropriated and provided solely for the regional mobility grant projects identified on the LEAP Transportation Document 2007-B, as developed April 20, 2007, or the LEAP Transportation Document 2006-D, as developed March 8, 2006. The department shall continue to review all projects receiving grant awards under this program at least semiannually to determine whether the projects are making satisfactory progress. The department shall promptly close out grants when projects have been completed, and any remaining funds available to the office of transit mobility must be used only to fund projects on the LEAP Transportation Document 2006-D, as developed March 8, 2006; the LEAP Transportation Document 2007-B, as developed April 20, 2007; or the LEAP Transportation Document 2009-B, as developed April 24, 2009. It is the intent of the legislature to appropriate funds through the regional mobility grant program only for projects that will be completed on schedule. However, the Chuckanut park and ride project (101100G) is recognized as a crucial investment in the transportation
system. For this reason, the department shall not close out the grant for the Chuckanut park and ride project until Skagit transit has exhausted all other pending opportunities for federal and local funds. If additional funds cannot be secured, the department shall consider this project a priority in the 2011-13 grant process. The department shall make every effort to advance the Chuckanut park and ride project within existing resources.

(6) $33,429,000 of the regional mobility grant program account--state appropriation is provided solely for the regional mobility grant projects identified in LEAP Transportation Document 2009-B, as developed April 24, 2009. The department shall review all projects receiving grant awards under this program at least semiannually to determine whether the projects are making satisfactory progress. Any project that has been awarded funds, but does not report activity on the project within one year of the grant award, must be reviewed by the department to determine whether the grant should be terminated. The department shall promptly close out grants when projects have been completed, and any remaining funds available to the office of transit mobility must be used only to fund projects identified in LEAP Transportation Document 2009-B, as developed April 24, 2009. The department shall provide annual status reports on December 15, 2009, and December 15, 2010, to the office of financial management and the transportation committees of the legislature regarding the projects receiving the grants. It is the intent of the legislature to appropriate funds through the regional mobility grant program only for projects that will be completed on schedule.

(7) $10,596,768 of the regional mobility grant program account--state appropriation must be obligated no later than December 31, 2010, and is provided solely for the following recommended contingency regional mobility grant projects identified in the 2009-11 omnibus transportation appropriations act, LEAP Transportation Document 2009-B, as developed April 24, 2009, as follows:

(a) $4,000,000 is provided solely for the Rainier/Jackson transit priority corridor improvements;
(b) $2,100,000 is provided solely for the state route number 522 west city limits to Northeast 180th stage 2A (91st Ave NE to west of 96th Ave NE) project; and
(c) $4,946,768 is provided solely for the sound transit express bus expansion - Snohomish to King county project.

(8) $300,000 of the multimodal transportation account--state appropriation is provided solely for a transportation demand management program, developed by the Whatcom council of governments, to further reduce drive-alone trips and maximize the use of sustainable transportation choices. The community-based program must focus on all trips, not only commute trips, by providing education, assistance, and incentives to four target audiences: (a) Large work sites; (b) employees of businesses in downtown areas; (c) school children; and (d) residents of Bellingham.

(9) $130,000 of the multimodal transportation account--state appropriation is provided solely to the department to distribute to support Engrossed Substitute House Bill No. 2072 (special needs transportation).

(a) $80,000 of the amount provided in this subsection is provided solely for implementation of the work group related to federal requirements in section 1, chapter . . . (Engrossed Substitute House Bill No. 2072), Laws of 2009.

(b) $50,000 of the amount provided in this subsection is provided solely to support the pilot project to be developed or implemented by the local coordinating coalition comprised of a single county, described in sections 9, 10, and 11, chapter . . . (Engrossed Substitute House Bill No. 2072), Laws of 2009. The department shall assist the local coordinating coalition to seek funding sufficient to fully fund the pilot project from a variety of sources including, but not limited to, the regional transit authority serving the county, the regional transportation planning organization serving the county, and other appropriate state and federal agencies and grants. Development or implementation of the pilot project is contingent on securing funding sufficient to fully fund the pilot project.

(c) If Engrossed Substitute House Bill No. 2072 is not enacted by June 30, 2009, the amount provided in this subsection lapses. If Engrossed Substitute House Bill No. 2072 is enacted by June 30, 2009, but a commitment from other sources to fully fund the pilot project described in (b) of this subsection has not been obtained by September 30, 2009, the amount provided in (b) of this subsection lapses.

(10) Funds provided for the commute trip reduction program may also be used for the growth and transportation efficiency center program.

An affected urban growth area that has not previously implemented a commute trip reduction program is exempt from the requirements in RCW 70.94.527 if a solution to address the state highway deficiency that exceeds the person hours of delay threshold has been funded and is in progress during the 2009-11 fiscal biennium.

Funds provided for the multimodal transportation account--state appropriation is provided solely for the regional mobility grant projects identified in LEAP Transportation Document 2009-B, as developed April 24, 2009, as follows:

(11) $2,309,000 of the multimodal transportation account--state appropriation is provided solely for the tri-county connection service for Island, Skagit, and Whatcom transit agencies.

(12) During the 2009-11 biennium, the department shall implement a pilot project that expands opportunities for private transportation providers' use of high occupancy vehicle lanes, transit-only lanes, and certain park and ride facilities. The pilot project must establish that to receive grant funding from a program administered by the public transportation office of the department during the 2009-11 biennium, the local jurisdiction in which the applicant is located must be able to show that it has in place an application process for the reasonable use by private transportation providers of high occupancy vehicle lanes, transit-only lanes, and certain park and ride facilities that are regulated by the local jurisdiction. If a private transportation provider clearly demonstrates that the local jurisdiction failed to consider an application in good faith, the department may not award the jurisdiction any grant funding. Reasonable use exists if the private transportation provider has applied for the use of: (a) High occupancy vehicle or transit-only lanes, and such use will not interfere with the safety of public transportation operations and not reduce the speed of the lanes more than five percent during peak hours; and (b) a park and ride lot (i) during peak hours at a lot that is below ninety percent capacity during peak hours or (ii) during off-peak hours only. A transit agency may require that a private transportation provider enter into an agreement for use of the park and ride lot, and may include provisions to recover actual costs for the use of the lot and its related facilities. For purposes of this subsection: A "private transportation provider" means an auto transportation company regulated under chapter 81.68 RCW; a passenger charter carrier regulated under chapter 81.70 RCW; a private nonprofit transportation provider regulated under chapter 81.66 RCW; or a private employer transportation service provider; and "private employer transportation service" means regularly scheduled, fixed-route transportation service that is offered by an employer for the benefit of its employees.

Sec. 302. 2009 c 470 s 303 (uncodified) is amended to read as follows:

FOR THE TRANSPORTATION IMPROVEMENT BOARD
Small City Pavement and Sidewalk Account--State Appropriation  ($5,779,000)
$3,927,000
Urban Arterial Trust Account--State Appropriation  ($122,400,000)
$123,900,000
Transportation Improvement Account--State Appropriation  ($28,091,000)
The appropriations in this section are subject to the following conditions and limitations:

1. Except as provided otherwise in this section, the entire transportation 2003 account appropriation and the entire transportation partnership account appropriation are provided solely for the projects and activities as listed in LEAP Transportation Document (April 24, 2009). As developed (March 8, 2010), Program - Highway Improvement Program (I).

2. The department has received bids on construction contracts over the last several months that are favorable with respect to current economic conditions. However, limited transfers of specific line item project appropriations may occur between projects for those amounts listed subject to the conditions and limitations in section 603 of this act.

3. (As a result of economic changes since the initial development of the improvement program budget for the 2009-11 fiscal biennium, the department has received bids on construction contracts over the last several months that are favorable with respect to current estimates of project costs. National economic forecasts indicate that inflationary pressures are likely to remain lower than previously expected for the next several years. As a result, the nominal project cost totals shown in LEAP Transportation Document 2009-1 in aggregate for the 2009-11 fiscal biennium and the 2011-13 fiscal biennium are expected to exceed the likely amount necessary to deliver the projects listed within those biennia by $63,500,000 in the 2009-11 fiscal biennium and $52,700,000 in the 2011-13 fiscal biennium. The appropriations provided in this section for the projects in those biennia are therefore $63,500,000 less in the 2009-11 fiscal biennium and $52,700,000 less in the 2011-13 fiscal biennium than the aggregate total of project costs listed. It is the intent of the legislature that the department shall deliver the projects listed in LEAP Transportation Document 2009-1 within the time, scope, and budgets identified in that document, provided that the prices of commodities used in transportation projects do not differ significantly from those assumed for the 2009-11 and 2011-13 fiscal biennia in the March 2009 forecast of the economic and revenue forecast council.

(The amount provided in this subsection from the state route number 520 corridor account--state appropriation is contingent on the enactment of (a) Engrossed
Substitute House Bill No. 2211 and (b) either Engrossed Substitute House Bill No. 2326 or other legislation authorizing bonds for the state route number 520 corridor projects. If the conditions of this subsection are not satisfied, the state route number 520 corridor account—state appropriation shall lapse.

(4)(b)(i) As required under section 305(6), chapter 518, Laws of 2007, the department shall report by January 2010 to the transportation committee of the legislature on the findings of the King county noise reduction solutions pilot project.

The department shall evaluate whether a deep bore culvert will be a less costly alternative than a traditional culvert since a traditional culvert would require extensive road detours during construction.

Project number 330215A in the LEAP transportation document described in subsection (1) of this section is expanded to include safety and congestion improvements from the Key Peninsula Highway to the vicinity of Purdy. (c) The legislative priorities to be used in the cost benefit methodology are, in order of relative importance:
(i) Economic, safety, or environmental advantages of freight movement by rail compared to alternative modes;
(ii) Self-sustaining economic development that creates family-wage jobs;
(iii) Preservation of transportation corridors that would otherwise be lost;
(iv) Increased access to efficient and cost-effective transport to market for Washington's agricultural and industrial products;
(v) Better integration and cooperation within the regional, national, and international systems of freight distribution; and
(vi) Mitigation of impacts of increased rail traffic on communities.

(3) The department is directed to seek the use of unprogrammed federal rail crossing funds to be expended in lieu of or in addition to state funds for eligible costs of projects in program Y.

(4) At the earliest possible date, the department shall apply, and assist ports and local jurisdictions in applying, for any federal funding that may be available for any projects that may qualify for such federal funding. State projects must be (a) currently identified on the project list referenced in subsection (1)(a) of this section or (b) projects for which no state match is required to complete the project. Local or port projects must not require additional state funding in order to complete the project, with the exception of (c) state funds currently appropriated for such project if currently identified on the project list referenced in subsection (1)(a) of this section or (d) potential grants awarded in the competitive grant process for the essential rail assistance program. If the department receives any federal funding, the department is authorized to obligate and spend the federal funds in accordance with federal law. To the extent permissible by federal law, federal funds may be used (e) in addition to state funds appropriated for projects currently identified on the project list referenced in subsection (1)(a) of this section in order to advance funding from future biennia for such project(s) or (f) in lieu of state funds; however, the state funds must be redirected within the rail capital program to advance funding for other projects currently identified on the project list referenced in subsection (1)(a) of this section. State funds may be redirected only upon consultation with the transportation committees of the legislature and the office of financial management, and approval by the director of the office of financial management. The department shall spend the federal funds before the state funds, and shall consult the office of financial management and the transportation committees of the legislature regarding project scope changes.

(5) The department shall provide quarterly reports to the office of financial management and the transportation committees of the legislature regarding applications that the department submits for federal funds((c)) and the status of such applications((d)), and the status of projects identified on the list referenced in subsection (1)(a) of this section. The quarterly report regarding the status of projects identified on the list referenced in subsection (1)(a) of this section must be developed according to an earned value method of project monitoring).

(6) The department shall, on a quarterly basis, provide to the office of financial management and the legislature reports providing the status on active projects identified in the LEAP transportation document described in subsection (1)(a) of this section. Report formatting and elements must be consistent with the October 2009 quarterly project report.

(7) The multimodal transportation account--state appropriation includes up to $(20,000,000) $48,000,000 in proceeds from the sale of bonds authorized in RCW 47.10.867.

((424)) (8) When the balance of that portion of the miscellaneous program account apportioned to the department for the grain train program reaches $1,180,000, the department shall acquire twenty additional grain train railcars.

(9) $590,000,000 of the multimodal transportation account--federal appropriation is provided solely for high-speed rail projects awarded to Washington state from the high-speed intercity passenger rail program under the American recovery and reinvestment act. Funding will allow for two additional round trips between Seattle and Portland, and other rail improvements.

(10) $2,200,000 of the multimodal transportation account--state appropriation is provided solely for expenditures related to the capital high-speed passenger rail grant that are not federally reimbursable.

(11) The Burlington Northern Santa Fe Skagit river bridge is an integral part of the rail system. Constructed in 1916, the bridge does not meet current design standards and is at risk during flood events that occur on the Skagit river. The department shall work with Burlington Northern Santa Fe and local jurisdictions to secure federal funding for the Skagit river bridge and to develop an appropriate replacement plan and schedule.

(12) $1,000,000 of the multimodal transportation account--state appropriation is provided solely for additional expenditures along the Chelatchie Prairie railroad (LN2000025).

Any project that has been awarded funds, but does not report activity on the project within one year of the grant award must be reviewed by the department to determine whether the grant should be terminated. The department shall promptly close out grants when projects have been completed, and identify where unused grant funds remain because actual project costs were lower than estimated in the grant award.

(10) Except as provided otherwise in this section, the entire appropriations in this section are provided solely for the projects and activities as listed by ((fund)) project(s) and amount in LEAP Transportation Document ALL PROJECTS ((2009-2)) 2010-2 as developed ((April 24, 2010)) March 8, 2010 Program(6s) - Local Program (Z).

IMPLEMENTING PROVISIONS

Sec. 601. 2009 c 470 s 304 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION. As part of its budget submittal ((for the 2011-13 fiscal biennium)), the department shall provide an annual update to the report provided to the legislature and the office of financial management in 2008 that:

(1) Compares the original project cost estimates approved in the 2003 and 2005 project lists to the completed cost of the project, or the most recent legislatively approved budget and total project costs for projects not yet completed;

(2) Identifies highway projects that may be reduced in scope and still achieve a functional benefit;

(3) Identifies highway projects that have experienced scope increases and that can be reduced in scope;

(4) Identifies highway projects that have lost significant local or regional contributions that were essential to completing the project; and

(5) Identifies contingency amounts allocated to projects.

NEw SECTION. Sec. 602. Any redistributed federal funds received by the department of transportation must, to the greatest extent possible, be first applied to offset planned expenditures of state funds, and second, to offset planned expenditures of federal funds, on projects as identified in the LEAP transportation documents described in this act. If the redistributed federal funds cannot be used in this manner, the department of transportation must consult with the joint transportation committee prior to obligating any redistributed federal funds.

Sec. 603. 2009 c 470 s 603 (uncodified) is amended to read as follows:

FUND TRANSFERS. (1) The transportation 2003 projects or improvements and the 2005 transportation partnership projects or improvements are listed in LEAP Transportation Document ((2009-11)) 2010-1 as developed ((April 21, 2009)) March 8, 2010, which consists of a list of specific projects by fund source and amount over a sixteen year period. Current fiscal biennium funding for each project is a line item appropriation, while the outer year funding allocations represent a sixteen year plan. The department is expected to use the flexibility provided in this section to assist in the delivery and completion of all transportation partnership account and transportation 2003 (nickel) account projects on the LEAP lists referenced in this act. For the 2009-11 project appropriations, unless otherwise provided in this act, the director of financial management may authorize a transfer of appropriation authority between projects funded with transportation 2003 account (nickel account) appropriations((i)) or transportation partnership account appropriations, ((or multimodal transportation account appropriations, (])) in order to manage project spending and efficiently deliver all projects in the respective program under the following conditions and limitations:

(a) Transfers may only be made within each specific fund source referenced on the respective project list;

(b) Transfers from a project may not be made as a result of the reduction of the scope of a project, nor shall a transfer be made to support increases in the scope of a project;

(c) Each transfer between projects may only occur if the director of financial management finds that any resulting change will not hinder the completion of the projects as approved by the legislature. Until the legislature reconvenes to consider the 2010 supplemental budget, any unexpended 2007-09 appropriation balance as approved by the office of financial management, in consultation with the legislative staff of the house of representatives and senate transportation committees, may be considered when transferring funds between projects;

(d) Transfers from a project may be made if the funds appropriated to the project are in excess of the amount needed to complete the project;

(e) Transfers may not occur to projects not identified on the applicable project list, except for those projects that were expected to be completed in the 2007-09 fiscal biennium; (and)

(f) Transfers may not be made while the legislature is in session; and

(g) Transfers between projects may be made by the department of transportation until the transfer amount by project exceeds two hundred fifty thousand dollars, or ten percent of the project, whichever is less. These transfers must be reported quarterly to the director of financial management and the chair of the house of representatives and senate transportation committees.

(2) At the time the department submits a request to transfer funds under this section a copy of the request shall be submitted to the transportation committees of the legislature.

(3) The office of financial management shall work with legislative staff of the house of representatives and senate transportation committees to review the requested transfers.

(4) The office of financial management shall document approved transfers and/or schedule changes in the transportation executive information system (TEIS), compare changes to the legislative baseline funding and schedules identified by project identification number identified in the LEAP lists adopted in this act, and transmit revised project lists to chairs of the transportation committees of the legislature on a quarterly basis.

The pilot project must establish that to receive grant funding from a program administered by the public transportation office of the department during the 2009-11 biennium, the local jurisdiction in which the applicant is located must be able to show that it has in place an application process for the reasonable use by private transportation providers of high occupancy vehicle lanes, transit-only lanes, and certain park and ride facilities that are regulated by the local jurisdiction. If a private transportation provider clearly demonstrates that the local jurisdiction failed to consider an application in good faith, the department may not award the jurisdiction any grant funding. Reasonable use exists if the private transportation provider has applied for the use of: (a) High occupancy vehicle or transit-only lanes, and such use will not interfere with safe and efficient public transportation operations and not reduce the speed of the lanes more than five percent during peak hours; or (b) a park and ride lot (i) during peak hours at a lot that is below ninety percent capacity during peak hours or (ii) during off-peak hours only; and (c) the use described under subsections (a) and (b) is consistent with applicable federal requirements. MESSAGE FROM THE SENATE

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2776 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) It is the legislature's intent to continue implementation of chapter 548, Laws of 2009, by adopting the technical details of a new distribution formula for the instructional program of basic education. The legislature intends to continue to review and revise the formulas and may make revisions as necessary for technical purposes and consistency in the event of mathematical or other technical errors.

(2) The legislature further intends to adjust the timelines for the working groups created under chapter 548, Laws of 2009, so that their expertise and advice can be received as soon as possible and to make adjustments to the composition of the local finance working group. The legislature further intends to clarify the legislature's intent to fully fund all-day kindergarten by the 2018-19 school year.

Sec. 2. RCW 28A.150.315 and 2009 c 548 s 107 are each amended to read as follows:

(1) Beginning with the 2007-08 school year, funding for voluntary all-day kindergarten programs shall be phased-in beginning with schools with the highest poverty levels, defined as those schools with the highest percentages of students qualifying for free and reduced-price lunch support in the prior school year. The funding shall continue to be phased-in until full statewide implementation of all-day kindergarten is achieved in the 2018-19 school year. Once a school receives funding for the all-day kindergarten program, that school shall remain eligible for funding in subsequent school years regardless of changes in the school’s percentage of students eligible for free and reduced-price lunches as long as other program requirements are fulfilled. Additionally, schools receiving all-day kindergarten program support shall agree to the following conditions:

(a) Provide at least a one thousand-hour instructional program;
(b) Provide a curriculum that offers a rich, varied set of experiences that assist students in:
(i) Developing initial skills in the academic areas of reading, mathematics, and writing;
(ii) Developing a variety of communication skills;
(iii) Providing experiences in science, social studies, arts, health and physical education, and a world language other than English;
(iv) Acquiring large and small motor skills;
(v) Acquiring social and emotional skills including successful participation in learning activities as an individual and as part of a group; and
(vi) Learning through hands-on experiences;
(c) Establish learning environments that are developmentally appropriate and promote creativity;
(d) Demonstrate strong connections and communication with early learning community providers; and
(e) Participate in kindergarten program readiness activities with early learning providers and parents.
(2) Subject to funds appropriated for this purpose, the superintendent of public instruction shall designate one or more school districts to serve as resources and examples of best practices in designing and operating a high-quality all-day kindergarten program. Designated school districts shall serve as lighthouse programs and provide technical assistance to other school districts in the initial stages of implementing an all-day kindergarten program. Examples of topics addressed by the technical assistance include strategic planning, developing the instructional program and curriculum, working with early learning providers to identify students and communicate with parents, and developing kindergarten program readiness activities.

Sec. 3. 2009 c 548 s 302 (unmodified) is amended to read as follows:

(1) Beginning (April 1, 2010, the office of financial management, with assistance and support from the office of the superintendent of public instruction, shall convene a technical working group to develop options for a new system of supplemental school funding through local school levies and local effort assistance.
(2) The working group shall consider the impact on overall school district revenues of the new basic education funding system established (under this act) by the legislature based on prototypical schools and shall recommend a phase-in plan that ensures that no school district suffers a decrease in funding from one school year to the next due to implementation of the new system of supplemental funding.
(3) The working group shall also:
(a) Examine local school district capacity to address facility needs associated with phased-in full-day kindergarten across the state and reducing class size in kindergarten through third grade;
(b) Provide technical advice to the quality education council including an analysis on the potential use of local funds that may become available for redeployment and redirection as a result of increased state funding allocations for pupil transportation and maintenance, supplies, and operating costs; and
(c) Advise the quality education council and the legislature on further development and implementation of the funding formulas under RCW 28A.150.260, as appropriate.
(4) The working group shall be composed of representatives from the department of revenue, the legislative evaluation and accountability program committee, school district and educational service district financial managers, and representatives of the Washington association of school business officers, the Washington education association, the Washington association of school administrators, the association of Washington school principals, the Washington state school directors' association, the public school employees of Washington, and other interested stakeholders with expertise in education finance. When choosing the individuals to serve on the working group, the office of financial management and the office of the superintendent of public instruction are encouraged, as appropriate, to include members of the funding formula technical working group convened in accordance with section 112, chapter 548, Laws of 2009. The working group may convene advisory subgroups on specific topics as necessary to assure participation and input from a broad array of diverse stakeholders. In addition to the staff support provided by the office of financial management and the office of the superintendent of public instruction, the department of revenue shall provide technical assistance, including financial and legal analysis, to support the working group's findings and analysis under subsection (3) of this section.

(44) (5) The local funding working group shall be monitored and overseen by the legislature and by the quality education council created in (section 111 of this act) RCW 28A.290.010. The working group shall submit an initial report to the legislature (December 1) and the quality education council by November 30, 2010, and a final report by June 30, 2011.

Sec. 4. RCW 43.41.398 and 2009 c 548 s 601 are each amended to read as follows:

(1) The legislature recognizes that providing students with the opportunity to access a world-class educational system depends on our continuing ability to provide students with access to world-class educators. The legislature also understands that continuing to attract and retain the highest quality educators will require increased investments. The legislature intends to enhance the current salary allocation model and recognizes that changes to the current model cannot be imposed without great deliberation and input from teachers, administrators, and classified employees. Therefore, it is the intent of the legislature to begin the process of developing an enhanced salary allocation model that is collaboratively designed to ensure the rationality of any conclusions regarding what constitutes adequate compensation.

(2) Beginning July 1, 2011, the office of financial management in collaboration with the office of the superintendent of public instruction, shall convene a technical working group to recommend the details of an enhanced salary allocation model that aligns state expectations for educator development and certification with the compensation system and establishes recommendations for a concurrent implementation schedule. In addition to any other details the technical working group deems necessary, the technical working group shall make recommendations on the following:
(a) How to reduce the number of tiers within the existing salary allocation model;
(b) How to account for labor market adjustments;
(c) How to account for different geographic regions of the state where districts may encounter difficulty recruiting and retaining teachers;
(d) The role of and types of bonuses available;
(e) Ways to accomplish salary equalization over a set number of years; and
(f) Initial fiscal estimates for implementing the recommendations including a recognition that staff on the existing salary allocation model would have the option to grandfather in permanently to the existing schedule.
(3) As part of its work, the technical working group shall conduct or contract for a preliminary comparative labor market analysis of salaries and other compensation for school district employees to be conducted and shall include the results in any reports to the legislature. For the purposes of this subsection, "salaries and other compensation" includes average base salaries, average total salaries, average employee basic benefits, and retirement benefits.
(4) The analysis required under subsection (1) of this section must:
(a) Examine salaries and other compensation for teachers, other certificated instructional staff, principals, and other building-level certificated administrators, and the types of classified employees for whom salaries are allocated;
(b) Be calculated at a statewide level that identifies labor markets in Washington through the use of data from the United States bureau of the census and the bureau of labor statistics; and

(c) Include a comparison of salaries and other compensation to the appropriate labor market for at least the following subgroups of educators: Beginning teachers and types of educational staff associates.

(5) The working group shall include representatives of the department of personnel, the professional educator standards board, the office of the superintendent of public instruction, the Washington education association, the Washington association of school administrators, the association of Washington school principals, the Washington state school directors' association, the public school employees of Washington, and other interested stakeholders with appropriate expertise in compensation related matters. The working group may convene advisory subgroups on specific topics as necessary to assure participation and input from a broad array of diverse stakeholders.

(6) The working group shall be monitored and overseen by the legislature and the quality education council created in RCW 28A.290.010. The working group shall make an initial report to the legislature by December 1, 2012, and shall include in its report recommendations for whether additional further work of the group is necessary.

NEW SECTION. Sec. 5. A new section is added to chapter 28A.300 RCW to read as follows:

The office of the superintendent of public instruction shall implement and maintain an internet-based portal that provides ready public access to the state's prototypical school funding model for basic education under RCW 28A.150.260. The portal must provide citizens the opportunity to view, for each local school building, the staffing levels and other prototypical school funding elements that are assumed under the state funding formula. The portal must also provide a matrix displaying how individual school districts are deploying those same state resources through their allocation of staff and other resources to school buildings, so that citizens are able to compare the state assumptions to district allocation decisions for each local school building.

NEW SECTION. Sec. 6. The legislature intends to continue to refine and provide greater detail to the distribution formula for the basic education instructional allocation, which shall be based on minimum staffing and nonstaff costs that the legislature deems necessary to support instruction and operations in prototypical schools as defined by the legislature. The legislature expects that the detailed prototype school model will bring greater transparency, understanding, and public accountability to the funding system because it displays funding assumptions in understandable terms centered on the operations of school buildings.

Sec. 7. RCW 28A.150.260 and 2009 e 548 s 106 are each amended to read as follows:

The purpose of this section is to provide for the allocation of state funding that the legislature deems necessary to support school districts in offering the minimum instructional program of basic education under RCW 28A.150.220. The allocation shall be determined as follows:

(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula for the distribution of a basic education instructional allocation for each common school district.

(2) The distribution formula under this section shall be for allocation purposes only. Except as may be required under chapter 28A.155, 28A.165, 28A.180, or (28A.155) 28A.185 RCW, or federal laws and regulations, nothing in this section requires school districts to use basic education instructional funds to implement a particular instructional approach or service. Nothing in this section requires school districts to maintain a particular classroom teacher-to-student ratio or other staff-to-student ratio or to use allocated funds to pay for particular types or classifications of staff. Nothing in this section entitles an individual teacher to a particular teacher planning period.

(3)(a) To the extent the technical details of the formula have been adopted by the legislature and except when specifically provided as a school district allocation, the distribution formula for the basic education instructional allocation shall be based on minimum staffing and nonstaff costs that the legislature deems necessary to support instruction and operations in prototypical schools serving high, middle, and elementary school students as provided in this section. The use of prototypical schools for the distribution formula does not constitute legislative intent that schools should be operated or structured in a similar fashion as the prototypes. Prototypical schools illustrate the level of resources needed to operate a school of a particular size with particular types and grade levels of students using commonly understood terms and inputs, such as class size, hours of instruction, and various categories of school staff. It is the intent that the funding allocations to school districts be adjusted from the school prototypes based on the actual number of annual average full-time equivalent students in each grade level at each school in the district and not based on the grade-level configuration of the school to the extent that data is available. The allocations shall be further adjusted from the school prototypes with minimum allocations for small schools and to reflect other factors identified in the omnibus appropriations act.

(b) For the purposes of this section, prototypical schools are defined as follows:

(i) A prototypical high school has six hundred average annual full-time equivalent students in grades nine through twelve;

(ii) A prototypical middle school has four hundred thirty-two average annual full-time equivalent students in grades seven and eight; and

(iii) A prototypical elementary school has four hundred average annual full-time equivalent students in grades kindergarten through six.

((4)(4)(a) The minimum allocation for each level of prototypical school shall be based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours under RCW 28A.150.220 and provide at least one teacher planning period per school day, and based on the following general education average class size ((as specified in the omnibus appropriations act)) of full-time equivalent students per teacher:

| General education average class size | 25.23 |
| Grades K-3 | 25.23 |
| Grade 4-7,00 | 27.00 |
| Grades 7-8 | 28.53 |
| Grades 9-12, except in cases when lower average class sizes are specified for approved career and technical education programs and skill centers | 28.74 |

(b) The minimum allocation for each prototypical middle and high school shall also provide for full-time equivalent classroom teachers based on the following number of full-time equivalent students per teacher in career and technical education:

| Career and technical education average class size | 26.57 |

| Approved career and technical education offered at the middle school and high school level | 26.57 |

Skill center programs meeting the standards established by the office of the superintendent of public instruction | 22.76 |
(c) According to an implementation schedule adopted by the legislature, the omnibus appropriations act shall at a minimum specify:

(i) Basic average class size;

(ii) Basic average class size for schools where more than fifty percent of the students are eligible for free and reduced-price meals; and

(iii) A high-poverty average class size for (exploratory and preparatory career and technical education) laboratory science, advanced placement, and international baccalaureate courses;

(iv) Average class size in grades kindergarten through three).

(5)(a) The minimum allocation for each level of prototypical school shall include allocations for the following types of staff in addition to classroom teachers:

(i) Principals, including assistant principals, and other certificated building-level administrators;

(ii) Teacher librarians, performing functions including information literacy, technology, and media to support school library media programs;

(iii) Student health services, a function that includes school nurses, whether certificated instructional or classified employee, and social workers;

(iv) Guidance counselors, performing functions including parent outreach and graduation advisor;

(v) Professional development coaches;

(vi) Teaching assistance, which includes any aspect of educational instructional services provided by classified employees;

(vii) Office support, technology support, and other noninstructional aides;

(viii) Custodians, warehouse, maintenance, laborer, and professional and technical education support employees; and

(ix) Classified staff providing student and staff safety.

(a) To provide supplemental instruction and services for underachieving students through the learning assistance program under RCW 28A.165.005 through 28A.165.065, allocations shall be based on the ((percent) district percentage of students in (each school)) grades K-12 who ((are)) were eligible for free ((and)) or reduced-price meals in the prior school year. The minimum allocation for the (learning assistance) program shall provide ((an extended school day and extended school year)) for each level of prototypical school ((and a per student allocation for maintenance, supplies, and operating costs)) resources to provide, on a statewide average, 1,515.6 hours per week in extra instruction with a class size of fifteen learning assistance program students per teacher and zero hours per week of instruction during vacation periods.

(b) To provide supplemental instruction and services for students whose primary language is other than English, allocations shall be based on the head count number of students in each school who are eligible for and enrolled in the transitional bilingual instruction program under RCW 28A.180.010 through 28A.180.080. The minimum allocation for each level of prototypical school shall provide ((a supplemental instruction based on percent of the school day a student is assumed to receive supplemental instruction and a per student allocation for maintenance, supplies, and operating costs)) resources to provide, on a statewide average, 4,778.0 hours per week in extra instruction with fifteen transitional bilingual instruction program students per teacher and zero hours per week of instruction during vacation periods.

The minimum allocation for the programs shall provide ((an extended school day and extended school year for each level of prototypical school and a per student allocation for maintenance, supplies, and operating costs)) resources to provide, on a statewide average, 2,159.0 hours per week in extra instruction with fifteen highly capable program students per teacher and zero hours per week of instruction during vacation periods.

(((98)) The distribution formula shall include allocations to school districts to support certificated and classified staffing of central office administration. The minimum allocation shall be calculated as a percentage, identified in the omnibus appropriations act, of the total allocations for staff under subsections (3) and (6) of this section for all schools in the district. (99)) (10)(a) For the purposes of allocations for prototypical high schools and middle schools under subsections (3) and (98) of this section that are based on the percent of students in the school who are eligible for free and reduced-price meals, the actual percent of such students in a school shall be adjusted by a factor identified in the omnibus appropriations act to reflect underreporting of free and reduced-price meal eligibility among middle and high school students.

(b) Allocations or enhancements provided under subsections ((3) and (4), (5), and (7) of this section for exploratory and preparatory career and technical education courses shall be provided only for courses approved by the office of the superintendent of public instruction under chapter 28A.700 RCW. 

((110)) (11)(a) This formula for distribution of basic education funds shall be reviewed biennially by the superintendent and governor. The recommended formula shall be subject to approval, amendment or rejection by the legislature.

(b) In the event the legislature rejects the distribution formula recommended by the governor, without adopting a new distribution formula, the distribution formula for the previous school year shall remain in effect.

(c) The enrollment of any district shall be the annual average number of full-time equivalent students and part-time students as provided in RCW 28A.150.350, enrolled on the first school day of each month, including students who are in attendance pursuant to RCW 28A.335.160 and 28A.225.250 who do not reside within the servicing school district. The definition of full-time equivalent student shall be determined by rules of the superintendent of public instruction and shall be included as part of the superintendent's biennial budget request. The definition shall be based on the minimum instructional hour offerings required under RCW 28A.150.220. Any revision of the present definition shall not take effect until approved by the house ways and means committee and the senate ways and means committee.

(d) The office of financial management shall make a monthly review of the superintendent's reported full-time equivalent students in the common schools in conjunction with RCW 43.62.050.

Sec. 8. RCW 28A.150.390 and 2009 c 548 s 108 are each amended to read as follows:

(2) The excess cost allocation to school districts shall be based on the following:

(b) A district's annual average full-time equivalent basic education enrollment, multiplied by the district's funded enrollment percent, multiplied by the district's base allocation per full-time equivalent student, multiplied by 0.9309.

(3) As used in this section:

(a) "Base allocation" means the total state allocation to all schools in the district generated by the distribution formula under RCW 28A.150.260 (((3)(b), (c)(i), and (d), (4), and (8))) (4)(a), (5)(a), (6), and (7), to be divided by the district's full-time equivalent enrollment.

(b) "Basic education enrollment" means enrollment of resident students including nonresident students enrolled under RCW 28A.225.225 and students from nonhigh districts enrolled under RCW 28A.225.210 and excluding students residing in another district enrolled as part of an interdistrict cooperative program under RCW 28A.225.250.

(c) "Enrollment percent" means the district's resident special education annual average enrollment, excluding students ages birth through four and those five year olds not yet enrolled in kindergarten, as a percent of the district's annual average full-time equivalent basic education enrollment.

(d) "Funded enrollment percent" means the lesser of the district's actual enrollment percent or twelve and seven-tenths percent.
Sec. 9. RCW 28A.150.410 and 2007 c 403 s 1 are each amended to read as follows:
(1) The legislature shall establish for each school year in the appropriations act a statewide salary allocation schedule, for allocation purposes only, to be used to distribute funds for basic education certificated instructional staff salaries under RCW 28A.150.260. For the purposes of this section, the staff allocations for classroom teachers, teacher librarians, professional development coaches, guidance counselors, and student health services staff under RCW 28A.150.260 are considered allocations for certificated instructional staff.
(2) Salary allocations for state-funded basic education certificated instructional staff shall be calculated by the superintendent of public instruction by determining the district's average salary for certificated instructional staff, using the statewide salary allocation schedule and related documents, conditions, and limitations established by the omnibus appropriations act.

Sec. 10. RCW 28A.150.100 and 1990 c 33 s 103 are each amended to read as follows:
(1) For the purposes of this section and RCW 28A.150.410 and 28A.400.200, "basic education certificated instructional staff" means all full-time equivalent classroom teachers, teacher librarians, guidance counselors, certificated student health services staff, and other certificated instructional staff in the following programs as defined for statewide school district accounting purposes: Basic education, secondary vocational education, general instructional support, and general supportive services.
(2) Each school district shall maintain a ratio of at least forty-six basic education certificated instructional staff to one thousand annual average full time equivalent students.

Sec. 11. 2009 c 548 s 710 (uncodified) is amended to read as follows:
(1) RCW 28A.150.030 (School day) and 1971 ex.s. c 161 s 1 & 1969 ex.s. c 223 s 28A.01.010;

(3) RCW 28A.150.100 (Basic education certificated instructional staff--Definition--Ratio to students) and 1990 c 33 s 103 & 1987 1st ex.s. c 2 s 203;
There being no objection, the House reverted to the sixth order of business.

SECOND READING

ENGROSSED SUBSTITUTE SENATE BILL NO. 6143, by Senate Committee on Ways & Means (originally sponsored by Senator Prentice)

Relating to revenue and taxation. Revised for 1st Substitute: Modifying excise tax laws to preserve funding for public schools, colleges, and universities, as well as other public systems essential for the safety, health, and security of all Washingtonians.

The bill was read the second time.

Representative Hunter moved the adoption of amendment (1531).

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. In order to preserve funding for education, public safety, health care, environmental protection, and safety net services for children, elderly, disabled, and vulnerable people, it is the intent of the legislature to close obsolete tax preferences, clarify the legislature's intent regarding existing tax policy, and to ensure balanced tax policy while bolstering emerging industries.

PART I

Minimum Nexus Standards

NEW SECTION. Sec. 101. (1) The legislature finds that out-of-state businesses that do not have a physical presence in Washington earn significant income from Washington residents from providing services or collecting royalties on the use of intangible property in this state. The legislature further finds that these businesses receive significant benefits and opportunities provided by the state, such as: Laws providing protection of business interests or regulating consumer credit; access to courts and judicial process to enforce business rights, including debt collection and intellectual property rights; an orderly and regulated marketplace; and police and fire protection and a transportation system benefiting in-state agents and other representatives of out-of-state businesses. Therefore, the legislature intends to extend the state's business and occupation tax to these companies to ensure that they pay their fair share of the cost of services that this state renders and the infrastructure it provides.

(2)(a) The legislature also finds that the current cost apportionment method in RCW 82.04.460(1) for apportioning most service income has been difficult for both taxpayers and the department to apply due in large part (i) to the difficulty in assigning certain costs of doing business inside or outside of this state, and (ii) to its dissimilarity with the apportionment methods used in other states for their business activity taxes.

(b) The legislature further finds that there is a trend among states to adopt a single factor apportionment formula based on sales. The legislature recognizes that adoption of a sales factor only apportionment method has the advantages of simplifying apportionment and making Washington a more attractive place for businesses to expand their property and payroll. For these reasons, the legislature adopts single factor sales apportionment for purposes of apportioning royalty income and certain service income.

(c) Nothing in this act may be construed, however, to authorize apportionment of the gross income or value of products taxable under the following business and occupation tax classifications: Retailing, wholesaling, manufacturing, processing for hire, extracting, extracting for hire, printing, government contracting, public road construction, the classifications in RCW 82.04.280 (2), (4), (6), and (7), and any other activity not specifically included in the definition of apportionable activities in RCW 82.04.460.

Sec. 102. RCW 82.04.220 and 1961 c 15 s 82.04.220 are each amended to read as follows:

(1) There is levied and (((shall be)) collected from every person that has substantial nexus with this state a tax for the act or privilege of engaging in business activities. (((Such)) The tax (((shall be))) is measured by the application of rates against value of products, gross proceeds of sales, or gross income of the business, as the case may be. (2) A person who has substantial nexus with this state in any tax year will be deemed to have substantial nexus with this state for the following four tax years.

NEW SECTION. Sec. 103. A new section is added to chapter 82.04 RCW to read as follows:

"Engaging within this state" and "engaging within the state," when used in connection with any apportionable activity as defined in RCW 82.04.460, means that a person generates gross income of the business from sources within this state, such as customers or intangible property located in this state, regardless of whether the person is physically present in this state.

NEW SECTION. Sec. 104. A new section is added to chapter 82.04 RCW to read as follows:

(1) A person engaging in business is deemed to have substantial nexus with this state if the person is:

(a) An individual and is a resident or domiciliary of this state;
(b) A business entity and is organized or commercially domiciled in this state; or
(c) A nonresident individual or a business entity that is organized or commercially domiciled outside this state, and in any tax year the person has:

(i) More than fifty thousand dollars of property in this state;
(ii) More than fifty thousand dollars of payroll in this state;
(iii) More than five hundred thousand dollars of receipts from this state; or
(iv) At least twenty-five percent of the person's total property, total payroll, or total receipts in this state.

(2)(a) Property counting toward the thresholds in subsection (1)(c)(i) and (iv) of this section is the average value of the taxpayer's property, including intangible property, owned or rented and used in this state during the tax year.

(b)(i) Property owned by the taxpayer, other than loans and credit card receivables owned by the taxpayer, is valued at its original cost basis. Loans and credit card receivables owned by the taxpayer are valued at their outstanding principal balance, without regard to any reserve for bad debts. However, if a loan or credit card receivable is charged off in whole or in part for federal income tax purposes, the portion of the loan or credit card receivable charged off is deducted from the outstanding principal balance.

(ii) Property rented by the taxpayer is valued at eight times the net rental rate received by the taxpayer from subrentals.

(c) The average value of property must be determined by averaging the values at the beginning and ending of the tax year; but the department may require the averaging of monthly values during the tax year if reasonably required to properly reflect the average value of the taxpayer's property.

(d)(i) For purposes of this subsection (2), loans and credit card receivables are deemed owned and used in this state as follows:

(A) Loans secured by real property, personal property, or both real and personal property, are deemed owned and used in the state if the real property or personal property securing the loan is located within this state. If the property securing the loan is located both within this state and one or more other states, the loan is deemed owned and used in this state if more than fifty percent of the fair
market value of the real or personal property is located within this state. If more than fifty percent of the fair market value of the real or personal property is not located within any one state, then the loan is deemed owned and used in this state if the borrower is located in this state. The determination of whether the real or personal property securing a loan is located within this state must be made, as of the time the original agreement was made, and any and all subsequent substitutions of collateral must be disregarded.

(B) Loans not secured by real or personal property are deemed owned and used in this state if the borrower is located in this state.

(C) Credit card receivables are deemed owned and used in this state if the billing address of the cardholder is in this state.

(ii) The definitions in section 106 of this act apply to this subsection.

(e) Notwithstanding anything else to the contrary in this subsection, property counting toward the thresholds in subsection (1)(c)(i) and (iv) of this section does not include a person's ownership of, or rights in, computer software as defined in RCW 82.04.215, including computer software used in providing a digital automated service; master copies of software; and digital goods and digital codes residing on servers located in this state.

(3)(a) Payroll counting toward the thresholds in subsection (1)(c)(ii) and (iv) of this section is the total amount paid by the taxpayer for compensation in this state during the tax year plus nonemployee compensation paid to representative third parties in this state. Nonemployee compensation paid to representative third parties includes the gross amount paid to nonemployees who represent the taxpayer in interactions with the taxpayer's clients and includes sales commissions.

(b) Compensation is paid in this state if the compensation is properly reportable to this state for unemployment compensation tax purposes, regardless of whether the compensation was actually reported to this state.

(c) Nonemployee compensation is paid in this state if the service performed by the representative third party occurs entirely or primarily within this state.

(d) For purposes of this subsection, "compensation" means wages, salaries, commissions, and any other form of remuneration paid to employees or nonemployees and defined as gross income under 26 U.S.C. Sec. 61 of the federal internal revenue code of 1986, as existing on April 1, 2010.

(4) Receipts counting toward the thresholds in subsection (1)(c)(iii) and (iv) of this section are those amounts included in the numerator of the receipts factor under sections 105 and 106 of this act.

(5)(a) Each December, the department must review the cumulative percentage change in the consumer price index. The department must adjust the thresholds in subsection (1)(c)(i) through (iii) of this section if the consumer price index has changed by five percent or more since the later of July 1, 2010, or the date that the thresholds were last adjusted under this subsection. For purposes of determining the cumulative percentage change in the consumer price index, the department must compare the consumer price index available as of December 1st of the current year with the consumer price index as of the later of July 1, 2010, or the date that the thresholds were last adjusted under this subsection. The thresholds must be adjusted to reflect that cumulative percentage change in the consumer price index. The adjusted thresholds must be rounded to the nearest one thousand dollars. Any adjustment will apply to tax periods that begin after the adjustment is made.

(b) As used in this subsection, "consumer price index" means the consumer price index for all urban consumers (CPI-U) available from the bureau of labor statistics of the United States department of labor.

(6) Subsections (1) through (5) of this section only apply with respect to the taxes imposed under this chapter on apportionable activities as defined in RCW 82.04.460. For purposes of the taxes imposed under this chapter on any activity not included in the definition of apportionable activities in RCW 82.04.460, a person is deemed to have substantial nexus with this state if the person has a physical presence in this state, which need only be demonstrably more than a slightest presence. For purposes of this subsection, a person is physically present in this state if the person has property or employees in this state. A person is also physically present in this state if the person, either directly or through an agent or other representative, engages in activities in this state that are significantly associated with the person's ability to establish or maintain a market for its products in this state.

NEW SECTION. Sec. 105. A new section is added to chapter 82.04 RCW to read as follows:

(1) The apportionable income of a person within the scope of RCW 82.04.460(1) is apportioned to Washington by multiplying its apportionable income by the receipts factor. Persons who are subject to tax under more than one of the tax classifications enumerated in RCW 82.04.460(3)(a) (i) through (ix) must calculate a separate receipts factor for each tax classification that the person is taxable under.

(2) For purposes of subsection (1) of this section, the receipts factor is a fraction and is calculated as provided in subsections (3) and (4) of this section and section 106 of this act.

(3)(a) The numerator of the receipts factor is the total gross income of the business of the taxpayer attributable to this state during the tax year from engaging in an apportionable activity. The denominator of the receipts factor is the total gross income of the business of the taxpayer from engaging in an apportionable activity everywhere in the world during the tax year.

(b) Except as otherwise provided in this section, for purposes of computing the receipts factor, gross income of the business generated from each apportionable activity is attributable to the state:

(i) Where the customer received the benefit of the service or, in the case of gross income from royalties, where the customer used the taxpayer's intangible property.

(ii) If the customer received the benefit of the service or used the intangible property in more than one state, gross income of the business must be attributed to the state in which the benefit of the service was primarily received or in which the intangible property was primarily used.

(iii) If the taxpayer is unable to attribute gross income of the business under the provisions of (b)(i) or (ii) of this subsection (3), gross income of the business must be attributed to the state from which the customer ordered the service or, in the case of royalties, the office of the customer from which the royalty agreement with the taxpayer was negotiated.

(iv) If the taxpayer is unable to attribute gross income of the business under the provisions of (b)(i), (ii), or (iii) of this subsection (3), gross income of the business must be attributed to the state to which the billing statements or invoices are sent to the customer by the taxpayer.

(v) If the taxpayer is unable to attribute gross income of the business under the provisions of (b)(i), (ii), (iii), or (iv) of this subsection (3), gross income of the business must be attributed to the state from which the customer sends payment to the taxpayer.

(vi) If the taxpayer is unable to attribute gross income of the business under the provisions of (b)(i), (ii), (iii), or (iv) of this subsection (3), gross income of the business must be attributed to the state from which the customer sends payment to the taxpayer.
(vii) If the taxpayer is unable to attribute gross income of the business under the provisions of (b)(i), (ii), (iii), (iv), (v), or (vi) of this subsection (3), gross income of the business must be attributed to the commercial domicile of the taxpayer.

(viii) For purposes of this subsection (3)(b), "customer" means a person or entity to whom the taxpayer makes a sale or renders services or from whom the taxpayer otherwise receives gross income of the business. "Customer" includes anyone who pays royalties or charges in the nature of royalties for the use of the taxpayer's intangible property.

(c) Gross income of the business from engaging in an apportionable activity must be excluded from the denominator of the receipts factor if, in respect to such activity, at least some of the activity is performed in this state, and the gross income is attributable under (b) of this subsection (3) to a state in which the taxpayer is not taxable. For purposes of this subsection (3)(c), "not taxable" means that the taxpayer is not subject to a business activities tax by that state, except that a taxpayer is taxable in a state in which it would be deemed to have substantial nexus with that state under the standards in section 104(1) of this act regardless of whether that state imposes such a tax. "Business activities tax" means a tax measured by the amount of, or economic results of, business activity conducted in a state. The term includes taxes measured in whole or in part on net income or gross income or receipts. "Business activities tax" does not include a sales tax, use tax, or a similar transaction tax, imposed on the sale or acquisition of goods or services, whether or not denominated a gross receipts tax or a tax imposed on the privilege of doing business.

(d) This subsection (3) does not apply to financial institutions with respect to apportionable income taxable under RCW 82.04.290.

Financial institutions must calculate the receipts factor as provided in section 106 of this act and subsection (4) of this section with respect to apportionable income taxable under RCW 82.04.290. For purposes of this subsection, "financial institution" has the same meaning as in section 106 of this act.

(4) A taxpayer may calculate the receipts factor for the current tax year based on the most recent calendar year for which information is available for the full calendar year. If a taxpayer does not calculate the receipts factor for the current tax year based on previous calendar year information as authorized in this subsection, the business must use current year information to calculate the receipts factor for the current tax year. In either case, a taxpayer may correct the reporting for the current tax year when complete information is available to calculate the receipts factor for that year, but not later than October 31st of the following tax year. Interest will apply to any additional tax due on a corrected tax return. Interest must be assessed at the rate provided for delinquent excise taxes under chapter 82.32 RCW, retroactively to the date the original return was due, and will accrue until the additional taxes are paid. Penalties as provided in RCW 82.32.090 will apply to any such additional tax due only if the current tax year reporting is not corrected and the additional tax is not paid by October 31st of the following tax year. Interest as provided in RCW 82.32.060 will apply to any tax paid in excess of that properly due on a return as a result of a taxpayer using previous calendar year data or incomplete current-year data to calculate the receipts factor.

(5) Unless the context clearly requires otherwise, the definitions in this subsection apply throughout this section.

(a) "Apportionable activities" and "apportionable income" have the same meaning as in RCW 82.04.460.

(b) "State" has the same meaning as in section 106 of this act.

NEW SECTION. Sec. 106. A new section is added to chapter 82.04 RCW to read as follows:

(1) A financial institution must, for purposes of apportioning gross income of the business taxable under RCW 82.04.290 using the apportionment method provided in section 105(1) of this act, calculate the receipts factor as provided in this section and section 105(4) of this act. Financial institutions that are subject to tax under any other tax classification enumerated in RCW 82.04.460(3)(a)(i) through (v) and (vii) through (ix) must calculate a separate receipts factor, as provided in section 105 of this act, for each of the other tax classifications that the financial institution is taxable under.

(2)(a)(i) The numerator of the receipts factor includes gross income from interest, fees, and penalties on loans secured by real property, personal property, or both real and personal property, if the real or personal property is located within this state. If the property securing the loan is located both within this state and one or more other states, the income described in this subsection (2)(a)(i) is included in the numerator of the receipts factor if more than fifty percent of the fair market value of the real or personal property is located within this state. If more than fifty percent of the fair market value of the real or personal property is not located within any one state, then the income described in this subsection (2)(a)(i) is included in the numerator of the receipts factor if the borrower is located in this state.

(ii) The denominator of the receipts factor includes gross income from interest, fees, and penalties on loans secured by real property, personal property, or both real and personal property, wherever the property is located.

(iii) The determination of whether the real or personal property securing a loan is located within this state must be made as of the time the original agreement was made and any and all subsequent substitutions of collateral must be disregarded.

(b) The numerator of the receipts factor includes gross income from interest, fees, and penalties on loans not secured by real or personal property if the borrower is located in this state. The denominator of the receipts factor includes gross income from interest, fees, and penalties on loans that are not secured by real or personal property, regardless of where the borrower is located.

(c) The receipts factor includes gross income from net gains, which may not be less than zero, on the sale of loans. Net gains on the sale of loans includes income recorded under the coupon stripping rules of 26 U.S.C. Sec. 1286 of the federal internal revenue code of 1986, as existing on April 1, 2010.

(i) The amount of net gains, which may not be less than zero, on the sale of loans secured by real property, personal property, or both real and personal property, included in the numerator of the receipts factor is determined by multiplying such net gains by a fraction. The numerator of the fraction is the amount included in the numerator of the receipts factor under (a) of this subsection (2). The denominator of the fraction is the amount included in the denominator of the receipts factor under (a) of this subsection (2).

(ii) The amount of net gains, which may not be less than zero, from the sale of loans not secured by real or personal property included in the numerator of the receipts factor is determined by multiplying such net gains by a fraction. The numerator of the fraction is the amount included in the numerator of the receipts factor under (a) of this subsection (2). The denominator of the fraction is the amount included in the denominator of the receipts factor under (b) of this subsection (2).

(iii) The denominator of the receipts factor includes gross income from net gains, which may not be less than zero, on all sales of loans. Net gains on the sale of loans includes income recorded under the coupon stripping rules of 26 U.S.C. Sec. 1286 of the federal internal revenue code of 1986, as existing on April 1, 2010.

(iv) Loan servicing fees are included in the receipts factor as provided in (d)(i) and (ii) of this subsection (2).

(v) A(1) The numerator of the receipts factor includes gross income from loan servicing fees derived from loans secured by real property, personal property, or both real and personal property, multiplied by a fraction. The numerator of the fraction is the amount included in the numerator of the receipts factor under (a) of this subsection (2). The denominator of the fraction is the amount included in the denominator of the receipts factor under (a) of this subsection (2).
(II) The denominator of the receipts factor includes gross income from all loan servicing fees derived from loans secured by real property, personal property, or both real and personal property.

(B)(I) The numerator of the receipts factor includes gross income from loan servicing fees derived from loans not secured by real or personal property multiplied by a fraction. The numerator of the fraction is the amount included in the numerator of the receipts factor under (b) of this subsection (2). The denominator of the fraction is the amount included in the denominator of the receipts factor under (b) of this subsection (2).

(II) The denominator of the receipts factor includes gross income from all loan servicing fees derived from loans not secured by real or personal property.

(ii) If the financial institution receives loan servicing fees for servicing either the secured or the unsecured loans of another, the numerator of the receipts factor includes such fees if the borrower is located in this state. The denominator of the receipts factor includes all such fees.

(e)(i) Interest, dividends, net gains (which may not be less than zero), and other income from investment assets and activities and from trading assets and activities, as provided in this subsection (2)(e), are included in the receipts factor. Investment assets and activities and trading assets and activities include but are not limited to: Investment securities; trading account assets; federal funds; securities purchased and sold under agreements to resell or repurchase; options; futures contracts; forward contracts; notional principal contracts such as swaps; equities; and foreign currency transactions.

(ii) The numerator of the receipts factor includes gross income from interest, dividends, net gains (which may not be less than zero), and other income from investment assets and activities in the investment account to be attributed to this state and included in the numerator of the receipts factor is determined by multiplying all such income from such assets and activities by a fraction. The numerator of the fraction is the average value of all such assets. The denominator of the fraction is the average value of all such assets.

(A) The amount of interest, dividends, net gains (which may not be less than zero), and other income from investment assets and activities in the investment account to be attributed to this state and included in the numerator of the receipts factor is determined by multiplying all such income from such assets and activities by a fraction. The numerator of the fraction is the average value of all such funds and such securities. The denominator of the fraction is the gross income from such trading assets and activities that are properly assigned to a regular place of business of the financial institution within this state. The denominator of the fraction is the gross income from all such funds and such securities.

(B)(I) The amount of interest from federal funds sold and purchased and from securities purchased under resale agreements and securities sold under repurchase agreements attributable to this state and included in the numerator of the receipts factor is determined by multiplying the amount described in (e)(ii)(B)(II) of this subsection (2) from such funds and such securities by a fraction. The numerator of the fraction is the average value of all such funds and such securities. The denominator of the fraction is the average value of all such funds and such securities.

(II) The amount used for purposes of making the calculation in (e)(ii)(B)(I) of this subsection (2) is the amount by which interest from federal funds sold and purchased and securities sold under repurchase agreements exceeds interest expense on federal funds purchased and securities sold under repurchase agreements.

(C)(I) The amount of interest, dividends, gains and other income from trading assets and activities, including but not limited to assets and activities in the matched book, in the arbitrage book, and foreign currency transactions, but excluding amounts described in (e)(ii)(A) or (B) of this subsection (2), attributable to this state and included in the numerator of the receipts factor is determined by multiplying the amount described in (e)(ii)(C)(II) of this subsection (2) by a fraction.

The numerator of the fraction is the average value of such trading assets that are properly assigned to a regular place of business of the financial institution within this state. The denominator of the fraction is the average value of all such assets.

(II) The amount used for purposes of making the calculation in (e)(ii)(C)(I) of this subsection (2) is the amount by which interest, dividends, gains and other receipts from trading assets and activities, including but not limited to assets and activities in the matched book, in the arbitrage book, and foreign currency transactions, exceed amounts paid in lieu of interest, amounts paid in lieu of dividends, and losses from such assets and activities.

(D) For purposes of this subsection (2)(e)(ii), average value must be determined using the rules for determining the average value of property set forth in section 104(2) of this act.

(iii) In lieu of using the method set forth in (e)(ii) of this subsection (2), the financial institution may elect, or the department may require, in order to fairly represent the business activity of the financial institution in this state, the use of the method set forth in this subsection (2)(e)(iii).

(A) The amount of interest, dividends, net gains (which may not be less than zero), and other income from investment assets and activities in the investment account to be attributed to this state and included in the numerator of the receipts factor is determined by multiplying all such income from such assets and activities by a fraction. The numerator of the fraction is the gross income from such assets and activities that are properly assigned to a regular place of business of the financial institution within this state. The denominator of the fraction is the gross income from all such assets and activities.

(B) The amount of interest from federal funds sold and purchased and from securities purchased under resale agreements and securities sold under repurchase agreements attributable to this state and included in the numerator of the receipts factor is determined by multiplying the amount described in (e)(ii)(B)(II) of this subsection (2) from such funds and such securities by a fraction. The numerator of the fraction is the gross income from such trading assets and activities that are properly assigned to a regular place of business of the financial institution within this state. The denominator of the fraction is the gross income from all such funds and such securities.

(C) The amount of interest, dividends, gains and other receipts from trading assets and activities, including but not limited to assets and activities in the matched book, in the arbitrage book, and foreign currency transactions, but excluding amounts described in (e)(ii)(A) or (B) of this subsection (2), attributable to this state and included in the numerator of the receipts factor is determined by multiplying the amount described in (e)(ii)(C)(II) of this subsection (2) by a fraction. The numerator of the fraction is the gross income from such trading assets and activities that are properly assigned to a regular place of business of the financial institution within this state. The denominator of the fraction is the gross income from all such assets and activities.

(iv) If the financial institution elects or is required by the department to use the method set forth in (e)(iii) of this subsection (2), it must use this method for subsequent tax returns unless the financial institution receives prior permission from the department to use, or the department requires, a different method.

(v) The financial institution has the burden of proving that an investment asset or activity or trading asset or activity was properly assigned to a regular place of business outside of this state by demonstrating that the day-to-day decisions regarding the asset or activity occurred at a regular place of business outside this state. If the day-to-day decisions regarding an investment asset or activity or trading asset or activity occur at more than one regular place of business and one such regular place of business is in this state and one such regular place of business is outside this state, such asset or activity is considered to be located at the regular place of business of the financial institution where the investment or trading policies or guidelines with respect to the asset or activity are established. Such
(f) The numerator of the receipts factor includes gross income from interest, fees, and penalties on credit card receivables, and gross income from fees charged to cardholders, such as annual fees, if the billing address of the cardholder is in this state. The denominator of the receipts factor includes gross income from interest, fees, and penalties on all credit card receivables, and gross income from fees charged to all cardholders, such as annual fees.

(g)(i) The numerator of the receipts factor includes gross income from net gains, which may not be less than zero, from the sale of credit card receivables multiplied by a fraction. The numerator of the fraction is the amount included in the numerator of the receipts factor under (f) of this subsection (2). The denominator of the fraction is the amount included in the denominator of the receipts factor under (f) of this subsection (2).

(ii) The denominator of the receipts factor includes gross income from net gains, which may not be less than zero, from all sales of credit card receivables.

(h)(i) The numerator of the receipts factor includes gross income from all credit card issuer's reimbursement fees multiplied by a fraction. The numerator of the fraction is the amount included in the numerator of the receipts factor under (f) of this subsection (2). The denominator of the fraction is the amount included in the denominator of the receipts factor under (f) of this subsection (2).

(ii) The denominator of the receipts factor includes gross income from all credit card issuer's reimbursement fees.

(i) The numerator of the receipts factor includes gross income from merchant discounts if the commercial domicile of the merchant is in this state. The denominator of the receipts factor includes gross income from all merchant discounts. For purposes of this subsection (2)(i), gross income must be computed net of any cardholder charge backs but may not be reduced by any interchange transaction fees or by any issuer's reimbursement fees paid to another for charges made by its cardholders.

(j) Apportionable income that would be attributable under this subsection (2) to a state in which the financial institution is not taxable must be excluded from the denominator of the receipts factor if at least some of the activity that generated the income is performed in this state, and the gross income is attributable under this subsection (2) to a state in which the taxpayer is not taxable. For purposes of this subsection (2)(j), "not taxable" has the same meaning as in section 105 of this act.

(k)(i) The numerator of the receipts factor includes apportionable income taxable under RCW 82.04.290 and not otherwise included in the receipts factor under this subsection (2) if the activity producing the apportionable income is performed in this state. If the activity is performed both inside and outside this state, the numerator of the receipts factor includes apportionable income taxable under RCW 82.04.290 and not otherwise included in the receipts factor under this subsection (2) if a greater proportion of the activity producing the apportionable income is performed in this state based on cost of performance.

(ii) The denominator of the receipts factor includes apportionable income taxable under RCW 82.04.290 from activities performed everywhere, where the apportionable income taxable under RCW 82.04.290 is not otherwise included in the receipts factor under this subsection (2).

(3) Except as otherwise provided in subsection (4) of this section, the definitions in the multistate tax commission's recommended formula for the apportionment and allocation of net income of financial institutions, adopted November 17, 1994, as existing on the effective date of this section, apply to this section.

(4) Unless the context clearly requires otherwise, the definitions in this subsection apply throughout this section.

(a) "Apportionable income" has the same meaning as in RCW 82.04.460.

(b) "Credit card" means a card or device existing for the purpose of obtaining money, property, labor, or services on credit.

(c) "Financial institution" has the same meaning as in WAC 458-20-14601. However, the department may not make any substantive changes to the definition of "financial institution" in WAC 458-20-14601 unless the changes implement a legislative amendment to this definition of financial institution.

(d) “State” means a state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, or any foreign country or political subdivision of a foreign country.

Sec. 107. RCW 82.04.2907 and 2009 c 535 s 407 are each amended to read as follows:

(1) Upon every person engaging within this state in the business of receiving income from royalties (or charges in the nature of royalties for the granting of intangible rights, such as copyrights, licenses, patents, or franchise fees)), the amount of tax with respect to (such) the business ((shall be)) is equal to the gross income from royalties (or charges in the nature of royalties from the business)) multiplied by the rate of 0.484 percent.

(2) For the purposes of this section, "gross income from royalties" means compensation for the use of intangible property, (such) including charges in the nature of royalties, regardless of where the intangible property will be used. For purposes of this subsection, "intangible property" includes copyrights, patents, licenses, franchises, trademarks, trade names, and similar items. ((ii) "Gross income from royalties" does not include compensation for any natural resource, the licensing of prewritten computer software to the end user, or the licensing (cause) of digital goods, digital codes, or digital automated services to the end user as defined in RCW 82.04.190(11).

Sec. 108. RCW 82.04.460 and 2004 c 174 s 6 are each amended to read as follows:

(1) Except as otherwise provided in this section, any person (rendering services)) earning apportionable income taxable under ((RCW 82.04.290 or 82.04.2908)) this chapter and (maintaining places of business both within and without this state which contribute to the rendition of such services shall)) also taxable in another state, must, for the purpose of computing tax liability under (RCW 82.04.290 or 82.04.2908)) this chapter, apportion to this state, in accordance with section 105 of this act, that portion of the person's (gross) apportionable income ((which is)) derived from (services rendered)) business activities performed within this state. ((Where such apportionment cannot be accurately made by separate accounting methods, the taxpayer shall apportion to this state that proportion of the taxpayer's total income which the cost of doing business within the state bears to the total cost of doing business both within and without the state.))

(2) (Notwithstanding the provision of subsection (1) of this section, persons doing business both within and without the state who receive gross income from service charges, as defined in RCW 63.14.010 (relating to amounts charged for granting title to merchandise or for the use of such merchandise), gross income from service charges, as defined in RCW 82.14A.030, or gross income from service charges, as defined in RCW 82.14A.040, shall be apportionable income taxable under RCW 82.04.290 to this state pursuant to rules promulgated by the department consistent with uniform rules for apportionment or allocation developed by the states.)

(3) The department ((shall)) may by rule provide a method or methods of apportioning or allocating gross income derived from sales of telecommunications service and competitive telephone service((s)) taxed under this chapter, if the gross proceeds of sales subject to tax under this chapter do not fairly represent the extent
of the taxpayer's income attributable to this state. (The rules shall be, so far as feasible, consistent with the methods of apportionment contained in this section and shall require the consideration of those facts, circumstances, and apportionment factors as will result in an equitable and constitutionally permissible division of the services.) The rule must provide for an equitable and constitutionally permissible division of the tax base.

(3) For purposes of this section, the following definitions apply unless the context clearly requires otherwise:

(a) "Apportionable income" means gross income of the business generated from engaging in apportionable activities, including income received from apportionable activities performed outside this state if the income would be taxable under this chapter if received from activities in this state, less the exemptions and deductions allowable under this chapter. For purposes of this subsection, "apportionable activities" means only those activities taxed under:

(i) RCW 82.04.255;
(ii) RCW 82.04.260 (3), (4), (5), (6), (7), (8), (9), and (12);
(iii) RCW 82.04.280 (5);
(iv) RCW 82.04.285;
(v) RCW 82.04.286;
(vi) RCW 82.04.290;
(vii) RCW 82.04.2907;
(viii) RCW 82.04.2908;
(ix) RCW 82.04.260(13), 82.04.263, and 82.04.280(1), but only to the extent of any activity that would be taxable under any of the provisions enumerated under (a)(i) through (viii) of this subsection (3) or tax classifications in RCW 82.04.260(13), 82.04.263, and 82.04.280(1).

(b)(i) "Taxable in another state" means that the taxpayer is subject to a business activities tax by another state on its income received from engaging in apportionable activities; or the taxpayer is not subject to a business activities tax by another state on its income received from engaging in apportionable activities, but any other state has jurisdiction to subject the taxpayer to a business activities tax on such income under the substantial nexus standards in section 104(1) of this act.

(ii) For purposes of this subsection (3)(b):

(A) "Business activities tax" has the same meaning as in section 105 of this act; and

(B) "State" has the same meaning as in section 106 of this act.

PART II

Tax Avoidance Transactions

NEW SECTION. Sec. 201. A new section is added to chapter 82.32 RCW to read as follows:

(1)(a) Unless otherwise specifically provided in statute, the department must, as resources allow, adopt rules to assist in determining when to disregard the form of a transaction or a related series of transactions adopted for the purposes described in subsection (1)(a)(i) through (iii) of this section. In adopting rules, the department may consider the following judicial doctrines, except to the extent such doctrines are inconsistent with express provisions contained in Washington state statutes:

(i) The sham transaction doctrine;
(ii) The economic substance doctrine;
(iii) The business purpose doctrine;
(iv) The substance over form doctrine;
(v) The step transaction doctrine; and
(vi) The assignment of income doctrine.

(b) The adoption of a rule as required under this subsection is not a condition precedent for the department to use the authority provided in this section. Any rules adopted under this section must include examples of transactions that the department will disregard for tax purposes.

(3) The provisions of this section are cumulative and nonexclusive and do not affect any other remedies provided to the department under statutory or common law.

NEW SECTION. Sec. 202. A new section is added to chapter 82.32 RCW to read as follows:

(1)(a) The department may not use section 201 of this act to disregard any transaction, plan, or arrangement initiated before April 1, 2010, if, in respect to such transaction, plan, or arrangement, the taxpayer had reported its tax liability in conformance with either specific written instructions provided by the department to the taxpayer, a determination published under the authority of RCW 82.32.410, or other document published by the department.

(b) This section does not apply if the transaction, plan, or arrangement engaged in by the taxpayer differs materially from the transaction, plan, or arrangement that was addressed in the specific written instructions, published determination, or other published document.

(2) For purposes of this section, "specific written instructions" means tax reporting instructions provided to a taxpayer and which specifically identifies the taxpayer to whom the instructions apply. Specific written instructions may be provided as part of an audit, tax assessment, determination, closing agreement, or in response to a binding ruling request.

Sec. 203. RCW 82.32.090 and 2006 c 256 s 6 are each amended to read as follows:

(1) If payment of any tax due on a return to be filed by a taxpayer is not received by the department of revenue by the due date, there (( shall be )) is assessed a penalty of five percent of the amount of the tax; and if the tax is not received on or before the last day of the month following the due date, there (( shall be )) is assessed a total penalty of fifteen percent of the amount of the tax under this subsection; and if the tax is not received on or before the last day of the second month following the due date, there (( shall be )) is assessed a total penalty of twenty-five percent of the amount of the tax under this subsection. No penalty so added shall be less than five dollars.

(2) If the department of revenue determines that any tax has been substantially underpaid, there (( shall be )) is assessed a penalty of five percent of the amount of the tax determined by the department to be due. If payment of any tax determined by the department to be due is not received by the department by the due date specified in the notice, or any extension thereof, there (( shall be )) is assessed a total penalty of fifteen percent of the amount of the tax under this subsection; and if payment of any tax determined by the department to be due is not received on or before the thirtieth day following the due date specified in the notice of tax due, or any extension thereof, there (( shall be )) is assessed a total penalty of twenty-five percent of the amount of the tax under this subsection. No penalty so added (( shall be )) may be less than five dollars. As used in this section, "substantially underpaid" means that the taxpayer has paid less than eighty percent of the amount of tax determined by the department to be due for all of the types of taxes included in, and for the entire period of time covered.
by, the department's examination, and the amount of underpayment is at least one thousand dollars.

(3) If a warrant (herein) is issued by the department ((of revenue)) for the collection of taxes, increases, and penalties, there ((shall be)) is added thereto a penalty of ten percent of the amount of the tax, but not less than ten dollars.

(4) If the department finds that a person has engaged in any business or performed any act upon which a tax is imposed under this title and that person has not obtained from the department a registration certificate as required by RCW 82.32.030, the department ((shall)) must impose a penalty of five percent of the amount of tax due from that person for the period that the person was not registered as required by RCW 82.32.030. The department ((shall)) may not impose the penalty under this subsection (4) if a person who has engaged in business taxable under this title without first having registered as required by RCW 82.32.030, prior to any notification by the department of the need to register, obtains a registration certificate from the department.

(5) If the department finds that all or any part of a deficiency resulted from the disregard of specific written instructions as to reporting or tax liabilities, the department ((shall)) must add a penalty of ten percent of the amount of the additional tax found due because of the failure to follow the instructions. A taxpayer disregards specific written instructions when the department ((of revenue)) has informed the taxpayer in writing of the taxpayer's tax obligations and the taxpayer fails to act in accordance with those instructions unless the department has not issued final instructions because the matter is under appeal pursuant to this chapter or departmental regulations. The department ((shall)) may not assess the penalty under this section upon any taxpayer who has made a good faith effort to comply with the specific written instructions provided by the department to that taxpayer. Specific written instructions may be given as a part of a tax assessment, audit, determination, or closing agreement, provided that such specific written instructions ((shall)) apply only to the taxpayer addressed or referenced on such documents. Any specific written instructions by the department ((of revenue shall)) must be clearly identified as such and ((shall)) must inform the taxpayer that failure to follow the instructions may subject the taxpayer to the penalties imposed by this subsection.

(6) If the department finds that all or any part of a deficiency resulted from engaging in a disregarded transaction, as described in section 201(1)(a) (i), (ii), or (iii) of this act, the department must assess a penalty of thirty-five percent of the additional tax found to be due as a result of engaging in a transaction disregarded by the department under section 201(1)(a) (i), (ii), or (iii) of this act. The penalty provided in this subsection may be assessed together with any other applicable penalties provided in this section on the same tax found to be due, except for the evasion penalty provided in subsection (7) of this section. The department may not assess the penalty under this subsection if, before the department discovers the taxpayer's use of a transaction described under section 201(1)(a) (i), (ii), or (iii) of this act, the taxpayer discloses its participation in the transaction to the department.

(7) If the department finds that all or any part of the deficiency resulted from an intent to evade the tax payable (hereinunder), a further penalty of fifty percent of the additional tax found to be due ((shall)) must be added.

((44))) (8) The penalties imposed under subsections (1) through (4) of this section can each be imposed on the same tax found to be due. This subsection does not prohibit or restrict the application of other penalties authorized by law.

((85))) (9) The department ((of revenue)) may not impose both the evasion penalty and the penalty for disregarding specific written instructions or the penalty provided in subsection (6) of this section on the same tax found to be due.

(10) For the purposes of this section, "return" means any document a person is required by the state of Washington to file to satisfy or establish a tax or fee obligation that is administered or collected by the department ((of revenue)), and that has a statutorily defined due date.

NEW SECTION.  Sec. 204.  (1) The legislature finds that this state's tax policy with respect to the taxation of transactions between affiliated entities and the income derived from such transactions (intercompany transactions) has motivated some taxpayers to engage in transactions designed solely or primarily to minimize the tax effects of intercompany transactions. The legislature further finds that some intercompany transactions result from taxpayers that are required to establish affiliated entities to comply with regulatory mandates and that transactions between such affiliates effectively increases the tax burden in this state on the affiliated group of entities.

(2) Therefore, as existing resources allow, the department of revenue is directed to conduct a review of the state's tax policy with respect to the taxation of intercompany transactions. The review must include the impacts of such transactions under the state's business and occupation tax and state and local sales and use taxes. The department may include other taxes in the review as it deems appropriate.

(3) In conducting the review, the department must examine how this state's tax policy compares to the tax policy of other states with respect to the taxation of intercompany transactions. The department's review must include an analysis of potential alternatives to the current policy of taxing intercompany transactions, including their estimated revenue impacts if practicable.

(4) In conducting this review, the department may seek input from members of the business community and others as it deems appropriate.

(5) The department must report its findings to the fiscal committees of the house of representatives and senate by December 1, 2010. However, if the department has not completed its review by December 1, 2010, the department must provide the fiscal committees of the legislature with a brief status report by December 1, 2010, and the final report by December 1, 2011.

Sec. 205.  RCW 82.12.020 and 2009 c 535 s 305 are each amended to read as follows:

(1) There is ((beely)) levied and ((there shall be)) collected from every person in this state a tax or excise for the privilege of using within this state as a consumer any:

(a) Article of tangible personal property ((purchased at retail, or)) acquired by ((lease, gift, repossession, or bailment, or extracted or produced by or manufactured by the person so using the same, or otherwise furnished to a person engaged in any business taxable under RCW 82.04.280 (2) or (7))) the user in any manner, including tangible personal property acquired at a casual or isolated sale, and including by-products used by the manufacturer thereof, except as otherwise provided in this chapter, irrespective of whether the article or similar articles are manufactured or are available for purchase within this state;

(b) Prewritten computer software, regardless of the method of delivery, but excluding prewritten computer software that is either provided free of charge or is provided for temporary use in viewing information, or both;

(c) Services defined as a retail sale in RCW 82.04.050 (2)(a) or (g), (3)(a), or (6)(b), excluding services defined as a retail sale in RCW 82.04.050 (6)(b) that are provided free of charge;

(d) Extended warranty; or

(e) Digital good, digital code, or digital automated service, including the use of any services provided by a seller exclusively in connection with digital goods, digital codes, or digital automated services, whether or not a separate charge is made for such services.
subsubsection (1)(e) applies regardless of whether or not the consumer has a right of permanent use or is obligated to make continued payment as a condition of use.

(2) The provisions of this chapter do not apply in respect to the use of any article of tangible personal property, extended warranty, digital good, digital code, digital automated service, or other service taxable under RCW 82.08.020 (4)(a) or (g). 3(a), or (6)(b), if the sale to, or the use by, the present user or the present user’s bailor or donor has already been subjected to the tax under chapter 82.08 RCW or this chapter and the tax has been paid by the present user or by the present user’s bailor or donor.

(3)(a) Except as provided in this section, payment of the tax imposed by this chapter or chapter 82.08 RCW by one purchaser or user of tangible personal property, extended warranty, digital good, digital code, digital automated service, or other service does not have the effect of exempting any other purchaser or user of the same property, extended warranty, digital good, digital code, digital automated service, or other service from the taxes imposed by such chapters.

(b) The tax imposed by this chapter does not apply:

(i) If the sale to, or the use by, the present user or his or her bailor or donor has already been subjected to the tax under chapter 82.08 RCW or this chapter and the tax has been paid by the present user or by his or her bailor or donor;

(ii) In respect to the use of any article of tangible personal property acquired by baitlement and the tax has once been paid based on reasonable rental as determined by RCW 82.12.060 measured by the value of the article at time of first use multiplied by the tax rate imposed by chapter 82.08 RCW or this chapter as of the time of first use;

(iii) In respect to the use of any article of tangible personal property acquired by baitlement, if the property was acquired by a previous bailee from the same bailor for use in the same general activity and the original baitlement was prior to June 9, 1961; or

(iv) To the use of digital goods or digital automated services, which were obtained through the use of a digital code, if the sale of the digital code to, or the use of the digital code by, the present user or the present user’s bailor or donor has already been subjected to the tax under chapter 82.08 RCW or this chapter and the tax has been paid by the present user or by the present user’s bailor or donor.

(4)(a) Except as provided in (b) of this subsection (4), the tax is levied and must be collected in an amount equal to the value of the article used, value of the digital good or digital code used, value of the extended warranty used, or value of the service used by the taxpayer, multiplied by the applicable rates in effect for the retail sales tax under RCW 82.08.020.

(b) In the case of a seller required to collect use tax from the purchaser, the tax must be collected in an amount equal to the purchase price multiplied by the applicable rate in effect for the retail sales tax under RCW 82.08.020.

(5) For purposes of the tax imposed in this section, “person” includes anyone within the definition of “buyer,” “purchaser,” and “consumer” in RCW 82.08.010.

Sec. 206. RCW 82.45.010 and 2008 c 116 s 3 and 2008 c 6 s 701 are each reenacted and amended to read as follows:

(1) As used in this chapter, the term “sale” (shall have) has its ordinary meaning and (shall) includes any conveyance, grant, assignment, quitclaim, or transfer of the ownership of or title to real property, including standing timber, or any estate or interest therein for a valuable consideration, and any contract for such conveyance, grant, assignment, quitclaim, or transfer, and any lease with an option to purchase real property, including standing timber, or any estate or interest therein or other contract under which possession of the property is given to the purchaser, or any other person at the purchaser’s direction, and title to the property is retained by the vendor as security for the payment of the purchase price. The term also includes the grant, assignment, quitclaim, sale, or transfer of improvements constructed upon leased land.

(2)(a) The term “sale” also includes the transfer or acquisition within any twelve-month period of a controlling interest in any entity with an interest in real property located in this state for a valuable consideration.

(b) For the sole purpose of determining whether, pursuant to the exercise of an option, a controlling interest was transferred or acquired within a twelve-month period, the date that the option agreement was executed is the date on which the transfer or acquisition of the controlling interest is deemed to occur. For all other purposes under this chapter, the date upon which the option is exercised is the date of the transfer or acquisition of the controlling interest.

(c) For purposes of this subsection, all acquisitions of persons acting in concert (shall) must be aggregated for purposes of determining whether a transfer or acquisition of a controlling interest has taken place. The department (of revenue shall) must adopt standards by rule to determine when persons are acting in concert. In adopting a rule for this purpose, the department (shall) must consider the following:

(i) Persons (shall) must be treated as acting in concert when they have a relationship with each other such that one person influences or controls the actions of another through common ownership; and

(ii) When persons are not commonly owned or controlled, they (shall) must be treated as acting in concert only when the unity with which the purchasers have negotiated and will consummate the transfer of ownership interests supports a finding that they are acting as a single entity. If the acquisitions are completely independent, with each purchaser buying without regard to the identity of the other purchasers, then the acquisitions (shall) are considered separate acquisitions.

(3) The term “sale” (shall) does not include:

(a) A transfer by gift, devise, or inheritance.

(b) A transfer of any leasehold interest other than of the type mentioned above.

(h) A mortgage or other transfer of an interest in real property merely to secure a debt, or the assignment thereof.

These include transfers to a corporation or partnership which is wholly owned by the transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner ("PROVIDED, That..."). However, if thereafter such transferee corporation or partnership voluntarily transfers such real property, or such transferor, spouse or domestic partner, or children of the transferor or the transferor's spouse or domestic partner voluntarily transfer stock in the transferee corporation or interest in the transferee partnership capital, as the case may be, to other than ((++)) (i) the transferor and/or the transferor's spouse or domestic partner of the transferor or the transferor's spouse or domestic partner, ((++) (ii) a trust having the transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner as the only beneficiaries at the time of the transfer to the trust, or (iii) a corporation or partnership wholly owned by the original transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner within three years of the original transfer to which this exemption applies, and the tax on the subsequent transfer has not been paid within sixty days of becoming due, excise taxes ("shall") become due and payable on the original transfer as otherwise provided by law.

(p)(i) A transfer that for federal income tax purposes does not involve the recognition of gain or loss for entity formation, liquidation or dissolution, and reorganization, including but not limited to nonrecognition of gain or loss because of application of (section) 26 U.S.C. Sec. 332, 337, 351, 368(a)(1), 721, or 731 of the internal revenue code of 1986, as amended.

(ii) However, the transfer described in (p)(i) of this subsection cannot be preceded or followed within a twelve-month period by another transfer or series of transfers, that, when combined with the otherwise exempt transfer or transfers described in (p)(i) of this subsection, results in the transfer of a controlling interest in the entity for valuable consideration, and in which one or more persons previously holding a controlling interest in the entity receive cash or property in exchange for any interest the person or persons acting in concert hold in the entity. This subsection (3)(p)(ii) does not apply to that part of the transfer involving property received that is the real property interest that the person or persons originally contributed to the entity or when one or more persons who did not contribute real property or belong to the entity at a time when real property was purchased receive cash or personal property in exchange for that person or persons' interest in the entity. The department ((shall)) must notify the taxpayer by mail, or electronically as provided in RCW 82.32.135, of the additional amount and the same ((shall)) becomes due and ((shall)) must be paid within thirty days from the date of the notice, or within such further time as the department may provide.

(5) No assessment or refund may be made by the department more than four years after the date of sale except upon a showing of: (a) Fraud or misrepresentation of a material fact by the taxpayer; (b) A failure by the taxpayer to record documentation of a sale or otherwise report the sale to the county treasurer; or (c) A failure of the transferor or transferee to report the sale under RCW 82.45.090(2).

(6) Penalties collected on taxes due under this chapter under subsection (2) of this section and RCW 82.32.090(2) through (7) ((shall)) must be deposited in the housing trust fund as described in chapter 43.185 RCW.

(b) The disclosure requirement in this subsection only applies to entities owning an interest in real property located in this state.

(2) This information ((shall)) must be made available to the department of revenue upon request for the purposes of tracking the transfer of the controlling interest in entities owning real property and to determine when the real estate excise tax is applicable in such cases.

(3) For the purposes of this section, "controlling interest" has the same meaning as provided in RCW 82.45.033.]

PART III

Modifying and Placing a Cap on the First Mortgage Deduction

NEW SECTION. Sec. 301. In 1980, the legislature adopted a business and occupation tax deduction to financial businesses for amounts derived from interest received on investments or loans primarily secured by first mortgages or trust deeds on nontransient residential properties which was codified in RCW 82.04.4292.

However, the Washington state supreme court in *Homestreet, Inc. v. Dept of Revenue*, 166 Wn.2d 444 (2009) held that a mortgage lender was entitled to a business and occupation tax deduction under RCW 82.04.4292 for the portion of interest it retained for servicing loans and mortgage-backed securities that it sold on a service-retained basis on the secondary market. The legislature finds that inclusion of interest retained for servicing loans and mortgage-backed securities was not within the legislative intent when the deduction provided in 82.04.4292 was adopted in 1980. Therefore, by this act, the legislature declares that the deduction provided by RCW 82.04.4292 does not apply to fees that are received in exchange for services, regardless of whether the source of the fees is or may have been interest when paid by a borrower.

Sec. 302. RCW 82.04.4292 and 1980 c 37 s 12 are each amended to read as follows:

[(1) In computing tax there may be deducted from the measure of tax by those engaged in banking, loan, security or other financial businesses, amounts derived from interest received on investments or loans primarily secured by first mortgages or trust deeds on nontransient residential properties.

(2) Interest deductible under this section includes the portion of fees charged to borrowers, including points and loan origination fees, that is recognized over the life of the loan as an adjustment to yield in the taxpayer's books and records according to generally accepted accounting principles.

(3) Subsections (1) and (2) of this section notwithstanding, the following is a nonexclusive list of items that are not deductible under this section:

(a) Fees for specific services such as: Document preparation fees; finder fees; brokerage fees; title examination fees; fees for credit checks; notary fees; loan application fees; interest lock-in fees if the loan is not made; servicing fees, including servicing fees received by lenders when they sell loans or mortgage-backed or mortgage-related securities in the secondary market while retaining the right to service the loans or securities and receive a portion of the interest payments as the servicing fee; and similar fees or amounts;

(b) Fees received in consideration for an agreement to make funds available for a specific period of time at specified terms, commonly referred to as commitment fees;

(c) Any other fees, or portion of a fee, that is not recognized over the life of the loan as an adjustment to yield in the taxpayer's books and records according to generally accepted accounting principles;

(d) Gains on the sale of valuable rights such as:

(i) Service release premiums, which are amounts received when servicing rights are sold; and

(ii) Gains on the sale of loans.]
PART IV
Repealing the Nonresident Sales Tax Exemption
NEW SECTION. Sec. 401. RCW 82.08.0273 (Exemptions--Sales to nonresidents of tangible personal property, digital goods, and digital codes for use outside the state--Proof of nonresident status--Penalties) and 2009 c 535 s 512, 2007 c 135 s 2, 2003 c 53 s 399, 1993 c 444 s 1, 1988 c 96 s 1, 1982 1st ex.s. c 5 s 1, & 1980 c 37 s 39 are each repealed.

PART V
Direct Seller Business and Occupation Tax Exemption
NEW SECTION. Sec. 501. (1) A business and occupation tax exemption is provided in RCW 82.04.423 for certain out-of-state sellers that sell consumer products exclusively to or through a direct seller's representative. The intent of the legislature in enacting this exemption was to provide a narrow exemption for out-of-state businesses engaged in direct sales of consumer products, typically accomplished through in-home parties or door-to-door selling.

(2) In Dot Foods, Inc. v. Dept of Revenue, No. 10022-2 (September 10, 2009), the Washington supreme court held that the exemption in RCW 82.04.423 applied to a taxpayer: (a) That sold nonconsumer products through its representative in addition to consumer products; and (b) whose consumer products were ultimately sold at retail in permanent retail establishments.

(3) The legislature finds that most out-of-state businesses selling consumer products in this state will either be eligible for the exemption under RCW 82.04.423 or could easily restructure their business operations to qualify for the exemption. As a result, the legislature expects that the broadened interpretation of the direct sellers' exemption will lead to large and devastating revenue losses. This comes at a time when the state's existing budget is facing a two billion six hundred million dollar shortfall, which could grow, while at the same time the demand for state and state-funded services is also growing. Moreover, the legislature further finds that RCW 82.04.423 provides preferential tax treatment for out-of-state businesses over their in-state competitors and now creates a strong incentive for in-state businesses to move their operations outside Washington.

(4) Therefore, the legislature finds that it is necessary to reaffirm the legislature's intent in establishing the direct sellers' exemption and prevent the loss of revenues resulting from the expanded interpretation of the exemption by amending RCW 82.04.423 retroactively to conform the exemption to the original intent of the legislature and by prospectively ending the direct sellers' exemption as of the effective date of this section.

Sec. 502. RCW 82.04.423 and 1983 1st ex.s c 66 s 5 are each amended to read as follows:

(1) Prior to April 1, 2010, this chapter ((shall)) does not apply to any person in respect to gross income derived from the business of making sales at wholesale or retail if such person:

(a) Does not own or lease real property within this state; and
(b) Does not regularly maintain a stock of tangible personal property in this state for sale in the ordinary course of business; and
(c) Is not a corporation incorporated under the laws of this state; and
(d) Makes sales in this state exclusively to or through a direct seller's representative.

(2) For purposes of this section, the term "direct seller's representative" means a person who buys only consumer products on a buy-sell basis or a deposit-commission basis for resale, by the buyer or any other person, in the home or otherwise than in a permanent retail establishment, or who sells at retail, or solicits the sale at retail of, only consumer products in the home or otherwise than in a permanent retail establishment; and

(a) Substantially all of the remuneration paid to such person, whether or not paid in cash, for the performance of services described in this subsection is directly related to sales or other output, including the performance of services, rather than the number of hours worked; and
(b) The services performed by the person are performed pursuant to a written contract between such person and the person for whom the services are performed and such contract provides that the person will not be treated as an employee with respect to such purposes for federal tax purposes.

(3) Nothing in this section ((shall)) may be construed to imply that a person exempt from tax under this section was engaged in a business activity taxable under this chapter prior to ((the enactment of

PART VI
Business and Occupation Tax Preferences for Manufacturers of Products Derived from Certain Agricultural Products
NEW SECTION. Sec. 601. (1)(a) In 1967, the legislature amended RCW 82.04.260 in chapter 149, Laws of 1967 ex. sess. to authorize a preferential business and occupation tax rate for slaughtering, breaking, and/or processing perishable meat products and/or selling the same at wholesale. The legislature finds that RCW 82.04.260(4) was interpreted by the state supreme court on January 13, 2005, in Agrilink Foods, Inc. v. Department of Revenue, 153 Wn.2d 392 (2005). The supreme court held that the preferential business and occupation tax rate on the slaughtering, breaking, and/or processing of perishable meat products applied to the processing of perishable meat products into nonperishable finished products, such as canned food.

(b) The legislature intends to narrow the exemption provided for slaughtering, breaking, and/or processing perishable meat products and/or selling such products at wholesale by requiring that the end product be a perishable meat product; a nonperishable meat product that is comprised primarily of animal carcass by weight or volume, other than a canned meat product; or a meat by-product.

(2)(a) A business and occupation tax exemption is provided for (i) manufacturing by canning, preserving, freezing, processing, or dehydrating fresh fruits or vegetables, and (ii) selling such products at wholesale by the manufacturer to purchasers who transport the goods out of state in the ordinary course of business. This exemption expires July 1, 2012, and is replaced by a preferential business and occupation tax rate.

(b) The legislature finds that the rationale of the Agrilink decision, if applied to these tax preferences, could result in preferential tax treatment for any processed food product that contained any fresh fruit or vegetable as an ingredient, however small the amount.

(c) The legislature intends to narrow the tax preference provided to fruit and vegetable manufacturers by requiring that the end product be comprised either (i) exclusively of fruits and/or vegetables, or (ii) of any combination of fruits, vegetables, and certain other substances that, cumulatively, may not exceed the amount of fruits and vegetables contained in the product measured by weight or volume.

NEW SECTION. Sec. 602. A new section is added to chapter 82.04 RCW to read as follows:

(1) Upon every person engaging within this state in the business of manufacturing:

(a) Perishable meat products, by slaughtering, breaking, or processing, if the finished product is a perishable meat product; as to such persons the tax imposed is equal to the value of the perishable meat products manufactured, or, in the case of a processor for hire, the gross income of the business, multiplied by the rate of 0.138 percent;

(b) Meat products, by dehydration, curing, smoking, or any combination of these activities, if the finished meat products are not canned; as to such persons the tax imposed is equal to the value of the meat products manufactured, or, in the case of a processor for hire,
the gross income of the business, multiplied by the rate of 0.138 percent;

(c) Hides, tallow, meat meal, and other similar meat by-products, if such products are derived in part from animals and manufactured in a rendering plant licensed under chapter 16.68 RCW; as to such persons the tax imposed is equal to the value of the products manufactured, or, in the case of a processor for hire, the gross income of the business, multiplied by the rate of 0.138 percent.

(2) Upon every person engaging within this state in the business of selling at wholesale:

(a) Perishable meat products; as to such persons the tax imposed is equal to the gross proceeds derived from such sales multiplied by the rate of 0.138 percent;

(b) Meat products that have been manufactured by the seller by dehydration, curing, smoking, or any combination of such activities, if the finished meat products are not canned; as to such persons the tax imposed is equal to the gross proceeds derived from such sales multiplied by the rate of 0.138 percent;

(c) Hides, tallow, meat meal, and other similar meat by-products, if such products are derived in part from animals and manufactured by the seller in a rendering plant; as to such persons the tax imposed is equal to the gross proceeds derived from such sales multiplied by the rate of 0.138 percent.

(3) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Animal" means all members of the animal kingdom except humans, fish, and insects.

(b) "Carcass" means all or any parts, including viscera, of a slaughtered animal.

(c) "Fish" means any water-breathing animal, including shellfish.

(ii) Except as provided in (e)(i) of this subsection (3), "meat products" does not include products containing any cereal grains or cereal-grain products, dairy products, legumes and legume products, fruit or vegetable products as defined in RCW 82.04.260, and similar ingredients, unless the ingredient is used as a flavoring. For purposes of this subsection, "flavoring" means a substance that contains the flavoring constituents derived from a spice, fruit or fruit juice, vegetable or vegetable juice, edible yeast, herb, bark, bud, root, leaf, or any other edible substance of plant origin, whose primary function in food is flavoring or seasoning rather than nutritional, and which may legally appear as "natural flavor," "flavor," or "flavorings" in the ingredient statement on the label of the meat product.

(iii) "Meat products" includes only products that are intended for human consumption as food or animal consumption as feed.

(f) "Perishable" means having a high risk of spoilage within thirty days of manufacture without any refrigeration or freezing.

(g) "Rendering plant" means any place of business or location where dead animal products, that are comprised primarily of animal carcass by weight or volume and may also contain water, sugar, salt, seasonings, preservatives, binders, stabilizers, flavorings, yeast, and similar substances. However, the amount of all ingredients contained in the product, other than fruits, vegetables, and water, may not exceed the amount of fruits and vegetables contained in the product measured by weight or volume.

(b) "Fruit or vegetable products" includes only products that are intended for human consumption as food or animal consumption as feed.

(3) This section expires July 1, 2012.

(4) Except as otherwise provided by law, if a person claims the preferential rate provided in RCW 82.04.260(((444)) (13) but fails to submit a report by the due date or any extension under RCW 82.32.590, the department must declare the amount of the tax preference claimed for the previous calendar year to be immediately due and payable. The department must assess interest, but not penalties, on the amounts due under this subsection. The interest must be assessed at the rate provided for delinquent taxes under this chapter, retroactively to the date the tax preference was claimed, and accrues until the taxes for which the tax preference was claimed are repaid. Amounts due under this subsection are not subject to the confidentiality provisions of RCW 82.32.330 and may be disclosed to the public upon request.

(5) By November 1, 2014, and November 1, 2016, the fiscal committees of the house of representatives and the senate, in consultation with the department, must report to the legislature on the effectiveness of the preferential rate provided in RCW 82.04.260(((444)) (13). The report must measure the effect of the preferential rate provided in RCW 82.04.260(((444)) (13) on job retention, net jobs created for Washington residents, industry growth, and other factors as the committees select. The report must include a discussion of principles to apply in evaluating whether the legislature should continue the preferential rate provided in RCW 82.04.260(((444)) (13).

Sec. 617. RCW 82.45.195 and 2007 c 48 s 7 are each amended to read as follows:

A sale of standing timber is exempt from tax under this chapter if the gross income from such sale is taxable under RCW 82.04.260(((444)) (11)(d).

Sec. 618. RCW 35.102.150 and 2009 c 461 s 4 are each amended to read as follows:

Notwithstanding RCW 35.102.130, a city that imposes a business and occupation tax must allocate a person's gross income from the activities of printing, and of publishing newspapers, periodicals, or magazines, to the principal place in this state from which the taxpayer's business is directed or managed. As used in this section, the activities of printing, and of publishing newspapers, periodicals, or magazines are those activities to which the tax rates in RCW 82.04.260(((444)) (13) apply.

Sec. 619. RCW 48.14.080 and 2009 c 535 s 1102 are each amended to read as follows:

(1) As to insurers, other than title insurers and taxpayers under RCW 48.14.0201, the taxes imposed by this title (((333))) are in lieu of all other taxes, except as otherwise provided in this section.

(2) Subsection (1) of this section does not apply with respect to:
(a) Taxes on real and tangible personal property;
(b) Excise taxes on the sale, purchase, use, or possession of (i) real property; (ii) tangible personal property; (iii) extended warranties; (iv) services, including digital automated services as defined in RCW 82.04.192; and (v) digital goods and digital codes as those terms are defined in RCW 82.04.192; and
(c) The tax imposed in RCW 82.04.260(((444))) (9), regarding public and nonprofit hospitals.

(3) For the purposes of this section, the term "taxes" includes taxes imposed by the state or any county, city, town, municipal corporation, quasi-municipal corporation, or other political subdivision.

PART VII

The application must be in a form and manner prescribed by the department and must contain information regarding the location of the dairy or animal feeding operation and other information the department may require.

(4) The definitions in this subsection apply to this section and RCW 82.12.890 unless the context clearly requires otherwise:

PART VIII

Ending the Preferential Business and Occupation Tax Treatment Received by Directors of Corporations

NEW SECTION. Sec. 801. (1) In adopting the state’s business and occupation tax, the legislature intended to tax virtually all business activities carried on within the state. See Simpson Inv. Co. v. Dept’ of Revenue, 141 Wn.2d 139, 149 (2000). The legislature recognizes that the business and occupation tax applies to all activities engaged in with the object of gain, benefit, or advantage to the taxpayer or to another person or class, directly or indirectly, unless a specific exemption applies.

(2) One of the major business and occupation tax exemptions is provided in RCW 82.04.360 for income earned as an employee or servant as distinguished from income earned as an independent contractor. The legislature’s intent in providing this exemption was to exempt employee wages from the business and occupation tax but not to exempt income earned as an independent contractor.

(3) The legislature finds that corporate directors are not employees or servants of the corporation whose board they serve on and therefore are not entitled to a business and occupation tax exemption under RCW 82.04.360. The legislature further finds that there are no business and occupation tax exemptions for compensation received for serving as a member of a corporation’s board of directors.

(4) The legislature also finds that there is a widespread misunderstanding among corporate directors that the business and occupation tax does not apply to the compensation they receive for serving as a director of a corporation. It is the legislature’s expectation that the department of revenue will take appropriate measures to ensure that corporate directors understand and comply with their business and occupation tax obligations with respect to their director compensation. However, because of the widespread misunderstanding by corporate directors of their liability for business and occupation tax on director compensation, the legislature finds that it is appropriate in this unique situation to provide limited relief against the retroactive assessment of business and occupation taxes on corporate director compensation.

The legislature also reaffirms its intent that all income of all independent contractors is subject to business and occupation tax unless specifically exempt under the Constitution or laws of this state or the United States.

Sec. 802. RCW 82.04.360 and 1991 c 324 s 19 and 1991 c 275 s 2 are each reenacted and amended to read as follows:

(1) This chapter ((833)) does not apply to any person in respect to his or her employment in the capacity of an employee or servant as distinguished from that of an independent contractor. For the purposes of this section, the definition of employee ((833)) includes those persons that are defined in section 3121(d)(3)(B) of the federal internal revenue code of 1986, as amended through January 1, 1991.

(2) ((A booth renter, as defined by RCW 82.12.890, is an independent contractor for purposes of this chapter.)) Until April 1, 2010, this chapter does not apply to amounts received by an individual from a corporation as compensation for serving as a member of that corporation’s board of directors. Beginning April 1, 2010, such amounts are taxable under RCW 82.04.290(2).

NEW SECTION. Sec. 803. The sole reason for deleting the language in RCW 82.04.360(2) is because RCW 18.16.020 no longer defines the term "booth renter." This should not be construed as a substantive change in the law.

PART IX

Airplane Excise Tax

Sec. 901. RCW 82.48.010 and 1995 c 318 s 4 are each amended to read as follows:

For the purposes of this chapter, unless otherwise required by the context:

(3) "Person" includes a firm, partnership, limited liability company, or corporation.

(4) "Small multi-engine fixed wing" means any piston-driven multi-engine fixed wing aircraft with a maximum gross weight as listed by the manufacturer of less than seventy-five hundred pounds; and

(5) "Large multi-engine fixed wing" means any piston-driven multi-engine fixed wing aircraft with a maximum gross weight as listed by the manufacturer of seventy-five hundred pounds or more).

Sec. 902. RCW 82.48.020 and 2000 c 229 s 4 are each amended to read as follows:

(1) An annual excise tax is hereby imposed for the privilege of using any aircraft in the state. A current certificate of air worthiness with a current inspection date from the appropriate federal agency and/or the purchase of aviation fuel (shall) constitutes the necessary evidence of aircraft use or intended use. (The tax shall) The amount of the tax is five-tenths of one percent of the taxable value of the aircraft, as determined under section 903 of this act.

(2) The tax imposed under this section shall be collected annually or under a staggered collection schedule as required by the (secretary) department by rule. (No additional tax shall be imposed under this chapter upon any aircraft upon the transfer of ownership thereof, if the tax imposed by this chapter with respect to such aircraft has already been paid for the year in which transfer of ownership occurs. A violation of this subsection is a misdemeanor punishable as provided under chapter 9A.20 RCW.

(3) Persons who are required to register aircraft by 47.68 RCW and who register aircraft in another state or foreign country and avoid the (Washington) aircraft excise tax imposed under this section are liable for (such) the unpaid excise tax. A violation of this subsection is a gross misdemeanor.

NEW SECTION. Sec. 903. A new section is added to chapter 82.48 RCW to read as follows:

(1)(a) Except as otherwise provided in this section, taxable value is based on the most recent purchase price of the aircraft, depreciated according to the year of the most recent purchase of the aircraft. For purposes of this subsection, "purchase price" means the consideration, whether money, credit, rights, or other property expressed in terms of money paid or given or contracted to be paid or given by the purchaser to the seller for the aircraft.

(b) For aircraft for which the most recent purchase price was not indicative of the fair market value of the aircraft at the time of purchase, the department may appraise the aircraft. If the department appraises the aircraft, the taxable value is based on the department's appraisal of fair market value of the aircraft at the time of the most recent purchase, depreciated according to the year of the most recent purchase of the aircraft.

(c) For aircraft acquired other than by purchase, including aircraft manufactured, constructed, or assembled by the owner, the department must appraise the aircraft before registration. In such cases, the taxable value is the fair market value at the time of the department's appraisal. For subsequent years, taxable value is based on the department's appraisal of fair market value of the aircraft, depreciated according to the year that the owner acquired the aircraft or, in the case of aircraft manufactured, constructed, or assembled by the owner, the year that the aircraft became operational.

(2)(a) An appraisal conducted by the department:
(i) Need not include a physical inspection of the aircraft; and
(ii) May be based on any guidebook, report, or compendium of recognized standing in the aviation industry and information provided to the department by the owner of the aircraft.

(b) Any aircraft owner disputing the department's appraisal value under this section may petition for a conference with the department as provided under RCW 82.32.160 or for reduction of the tax due as provided under RCW 82.32.170.

(3)(a) The department must prepare a depreciation schedule for use in the determination of the taxable value for the purposes of this chapter. The schedule must be based upon information available to the department pertaining to the current fair market value of aircraft.

(b) The department must recommend a depreciation schedule to the fiscal committees of the senate and house of representatives by December 31, 2010, for enactment in law during the 2011 legislative session for use in the determination of taxable value for taxes due under this chapter during calendar year 2012 and subsequent calendar years.

(4) The department may adopt any rules necessary to implement this section, including any rules necessary to provide a reasonable method or methods to determine the fair market value of an aircraft.

(5) For purposes of this section, "department" means the department of revenue.

Sec. 904. RCW 82.48.030 and 1987 c 220 s 4 are each amended to read as follows:

(1)(The amount of the tax imposed by this chapter for each calendar year shall be as follows:

PART X

(1) The provisions of this chapter do not apply in respect to the use of:
(a) Any airplane used primarily in (i) conducting interstate or foreign commerce or (ii) providing intrastate air transportation by a commuter air carrier as defined in RCW 82.08.0262;

However, under circumstances determined to be justifiable by the department a second fifteen day period may be authorized consecutive with the first fifteen day period; and for the purposes of this exemption the term "nonresident" as used herein includes a user who has one or more places of business in this state as well as in one or more other states, but the exemption for nonresidents applies only to those vehicles which are most frequently dispatched, garaged, serviced, maintained, and operated from the user's place of business in another state.

(3) The provisions of this chapter do not apply in respect to the use of:

PART XI

Foreclosure Exemption

Sec. 1101. RCW 82.45.010 and 2010 c ... s 206 (section 206 of this act) are each amended to read as follows:

(1) As used in this chapter, the term "sale" has its ordinary meaning and includes any conveyance, grant, assignment, quitclaim, or transfer of the ownership of or title to real property, including standing timber, or any estate or interest therein for a valuable consideration, and any contract for such conveyance, grant, assignment, quitclaim, or transfer, and any lease with an option to purchase real property, including standing timber, or any estate or interest therein or other contract under which possession of the property is given to the purchaser, or any other person at the purchaser's direction, and title to the property is retained by the vendor as security for the payment of the purchase price. The term also includes the grant, assignment, quitclaim, sale, or transfer of improvements constructed upon leased land.

(2)(a) The term "sale" also includes the transfer or acquisition within any twelve-month period of a controlling interest in any entity with an interest in real property located in this state for a valuable consideration.

(b) For the sole purpose of determining whether, pursuant to the exercise of an option, a controlling interest was transferred or acquired within a twelve-month period, the date that the option agreement was executed is the date on which the transfer or acquisition of the controlling interest is deemed to occur. For all other purposes under this chapter, the date upon which the option is exercised is the date of the transfer or acquisition of the controlling interest.

(c) For purposes of this subsection, all acquisitions of persons acting in concert must be aggregated for purposes of determining whether a transfer or acquisition of a controlling interest has taken place. The department must adopt standards by rule to determine when persons are acting in concert. In adopting a rule for this purpose, the department must consider the following:

(i) Persons must be treated as acting in concert when they have a relationship with each other such that one person influences or controls the actions of another through common ownership; and

(ii) When persons are not commonly owned or controlled, they must be treated as acting in concert only when the unity with which the purchasers have negotiated and will consummate the transfer of ownership interests supports a finding that they are acting as a single entity. If the acquisitions are completely independent, with each purchaser buying without regard to the identity of the other purchasers, then the acquisitions are considered separate acquisitions.

(3) The term "sale" does not include:

(a) A transfer by gift, devise, or inheritance.

(b) A transfer of any leasehold interest other than of the type mentioned above.

(c) A cancellation or forfeiture of a vendor's interest in a contract for the sale of real property, whether or not such contract contains a forfeiture clause, or deed in lieu of foreclosure of a mortgage.

(d) The partition of property by tenants in common by agreement or as the result of a court decree.

(e) The assignment of property or interest in property from one spouse or one domestic partner to the other spouse or other domestic partner in accordance with the terms of a decree of dissolution of marriage or state registered domestic partnership or in fulfillment of a property settlement agreement.

(f) The assignment or other transfer of a vendor's interest in a contract for the sale of real property, even though accompanied by a conveyance of the vendor's interest in the real property involved.

(g) Transfers by appropriation or decree in condemnation proceedings brought by the United States, the state or any political subdivision thereof, or a municipal corporation.

(h) A mortgage or other transfer of an interest in real property merely to secure a debt, or the assignment thereof.

(i) A transfer or conveyance made (i) to the beneficiary of a deed of trust pursuant to a trustee's sale in the nonjudicial foreclosure of a deed of trust (i.e.); (ii) to the mortgagee, beneficiary of the deed of trust, or lienholder pursuant to an order of sale by the court in the judicial foreclosure of any mortgage, deed of trust, or lien (foreclosure proceeding or upon execution of a judgment of); (iii) to the mortgagee by the mortgagor or to the beneficiary of a deed of trust by the grantor pursuant to deed in lieu of foreclosure to satisfy a mortgage or deed of trust; or (iv) to the judgment creditor pursuant to a writ of execution to enforce a judgment.

(j) A conveyance to the federal housing administration or veterans administration by an authorized mortgagee made pursuant to a contract of insurance or guaranty with the federal housing administration or veterans administration.

(k) A transfer in compliance with the terms of any lease or contract upon which the tax as imposed by this chapter has been paid or where the lease or contract was entered into prior to the date the tax was first imposed.

(l) The sale of any grave or lot in an established cemetery.

(m) A sale by the United States, this state or any political subdivision thereof, or a municipal corporation of this state.

(n) A sale to a regional transit authority or public corporation under RCW 81.112.320 under a sale/leaseback agreement under RCW 81.112.300.

(o) A transfer of real property, however effected, if it consists of a mere change in identity or form of ownership of an entity where there is no change in the beneficial ownership. These include transfers to a corporation or partnership which is wholly owned by the transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner. However, if thereafter such transferee corporation or partnership voluntarily transfers such real property, or such transferor, spouse or domestic partner, or children of the transferor or the transferor's spouse or domestic partner voluntarily transfer stock in the transferee corporation or interest in the transferee partnership capital, as the case may be, to other than (i) the transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner, (ii) a trust having the transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner as the only beneficiaries at the time of the transfer to the trust, or (iii) a corporation or partnership wholly owned by the original transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner, within three years of the transfer to which this exemption applies, and the tax on the subsequent transfer has not been paid within sixty days of becoming due, excise taxes become due and payable on the original transfer as otherwise provided by law.

(p) A transfer that for federal income tax purposes does not involve the recognition of gain or loss for entity formation, liquidation or dissolution, and reorganization, including but not limited to nonrecognition of gain or loss because of application of 26 U.S.C.
Sec. 332, 337, 351, 368(a)(1), 721, or 731 of the internal revenue code of 1986, as amended.

(2) The provisions of this chapter do not apply in respect to the
use of any article of tangible personal property, extended warranty,
digital good, digital code, digital automated service, or service taxable
under RCW 82.04.050 (2)a or g, (3)a or h, or (6)b, if the sale

(3)(a) Except as provided in this section, payment of the tax
imposed by this chapter or chapter 82.08 RCW by one purchaser or

(b) The tax imposed by this chapter does not apply:

(i) If the sale to, or the use by, the present user or his or her bailor

under chapter 82.08 RCW or this chapter and the tax has been paid by
the present user or by the present user’s bailor or donor.

(4)(a) Except as provided in (b) of this subsection (4), the tax is
levied and must be collected in an amount equal to the value of the
article used, value of the digital good or digital code used, value of the
extended warranty used, or value of the service used by the taxpayer,
multiplied by the applicable rates in effect for the retail sales tax
under RCW 82.08.020.

(b) In the case of a seller required to collect use tax from the
purchaser, the tax must be collected in an amount equal to the
purchase price multiplied by the applicable rate in effect for the retail
sales tax under RCW 82.08.020.

Sec. 1505. RCW 82.12.010 and 2009 c 535 s 304 are each
amended to read as follows:

For the purposes of this chapter:

(1) "Purchase price" means the same as sales price as defined in
RCW 82.08.010;

(2)(a) "Value of the article used" (shall be) is the purchase price
for the article of tangible personal property, the use of which is
taxable under this chapter. The term also includes, in addition to the
purchase price, the amount of any tariff or duty paid with respect to the importation of the article used. In case the article used is acquired by lease or by gift or is extracted, produced, or manufactured by the person using the same or is sold under conditions wherein the purchase price does not represent the true value thereof, the value of the article used (shall) must be determined as nearly as possible according to the retail selling price at place of use of similar products of like quality and character under such rules as the department may prescribe.

(b) In case the articles used are acquired by bailment, the value of the use of the articles so used (shall) must be in an amount representing a reasonable rental for the use of the articles so bailed, determined as nearly as possible according to the value of such use at the places of use of similar products of like quality and character under such rules as the department of revenue may prescribe. In case any such articles of tangible personal property are used in respect to the construction, repairing, decorating, or improving of, and which become or are to become an ingredient or component of, new or existing buildings or other structures under, upon, or above real property of or for the United States, any instrumentality thereof, or a county or city housing authority created pursuant to chapter 35.82 RCW, including the installing or attaching of any such articles therein or thereto, whether or not such personal property becomes a part of the realty by virtue of installation, then the value of the use of such articles so used (shall) must be determined according to the retail selling price of such articles, or in the absence of such a selling price, as nearly as possible according to the retail selling price at place of use of similar products of like quality and character or, in the absence of either of these selling price measures, such value may be determined upon a cost basis, in any event under such rules as the department of revenue may prescribe.

(c) In the case of articles owned by a person engaged in business outside the state which are brought into the state for no more than one hundred eighty days in any period of three hundred sixty-five consecutive days and which are temporarily used for business purposes by the person in this state, the value of the article used (shall) must be an amount representing a reasonable rental for the use of the articles, unless the person has paid tax under this chapter or chapter 82.08 RCW upon the full value of the article used, as defined in (a) of this subsection.

(d) In the case of articles manufactured or produced by the user and used in the manufacture or production of products sold or to be sold to the department of defense of the United States, the value of the articles used (shall) must be determined according to the value of the ingredients of such articles.

(e) In the case of an article manufactured or produced for purposes of serving as a prototype for the development of a new or improved product, the value of the article used (shall) must be determined by: (i) The retail selling price of such new or improved product when first offered for sale; or (ii) the value of materials incorporated into the prototype in cases in which the new or improved product is not offered for sale.

(f) In the case of an article purchased with a direct pay permit under RCW 82.32.087, the value of the article used (shall) must be determined by the purchase price of such article if, but for the use of the direct pay permit, the transaction would have been subject to sales tax.

(3) "Value of the service used" means the purchase price for the digital automated service or other service, the use of which is taxable under this chapter. If the service is received by gift or under conditions wherein the purchase price does not represent the true value thereof, the value of the service used (shall) must be determined as nearly as possible according to the retail selling price at place of use of similar services of like quality and character under rules the department may prescribe;

(4) "Value of the extended warranty used" means the purchase price for the extended warranty, the use of which is taxable under this chapter. If the extended warranty is received by gift or under conditions wherein the purchase price does not represent the true value of the extended warranty, the value of the extended warranty used (shall) must be determined as nearly as possible according to the retail selling price at place of use of similar extended warranties of like quality and character under rules the department may prescribe;

(5) "Value of the digital good or digital code used" means the purchase price for the digital good or digital code, the use of which is taxable under this chapter. If the digital good or digital code is acquired other than by purchase, the value of the digital good or digital code must be determined as nearly as possible according to the retail selling price at place of use of similar digital goods or digital codes of like quality and character under rules the department may prescribe;

(6) "Use," "used," "using," or "put to use" have their ordinary meaning, and mean:

(a) With respect to tangible personal property, the first act within this state by which the taxpayer takes or assumes dominion or control over the article of tangible personal property (as a consumer), and include installation, storage, withdrawal from storage, distribution, or any other act preparatory to subsequent actual use or consumption within this state;

(b) With respect to a service defined in RCW 82.04.050(2)(a), the first act within this state after the service has been performed by which the taxpayer takes or assumes dominion or control over the article of tangible personal property upon which the service was performed (as a consumer), and includes installation, storage, withdrawal from storage, distribution, or any other act preparatory to subsequent actual use or consumption of the article within this state;

(c) With respect to an extended warranty, the first act within this state after the extended warranty has been acquired by which the taxpayer takes or assumes dominion or control over the article of tangible personal property to which the extended warranty applies, and includes installation, storage, withdrawal from storage, distribution, or any other act preparatory to subsequent actual use or consumption of the article within this state;

(d) With respect to a digital good or digital code, the first act within this state by which the taxpayer, as a consumer, views, accesses, downloads, possesses, stores, opens, manipulates, or otherwise uses or enjoys the digital good or digital code;

(g) With respect to a service defined as a retail sale in RCW 82.04.050(2)(g), the first act within this state after the service has been performed by which the taxpayer, as a consumer, views, accesses, downloads, possesses, stores, opens, manipulates, or otherwise uses or enjoys the digital good upon which the service was performed;

(h) With respect to a service described in RCW 82.04.050(3)(h), the first presence within this state by the taxpayer after the service has been performed upon that taxpayer;

(7) "Taxpayer" and "purchaser" include all persons included within the meaning of the word "buyer" and the word "consumer" as defined in chapters 82.04 and 82.08 RCW; 

(8)(a)(i) Except as provided in (a)(ii) of this subsection (8), "retailer" means every seller as defined in RCW 82.08.010 and every person engaged in the business of selling tangible personal property at retail and every person required to collect from purchasers the tax imposed under this chapter.
(ii) "Retailer" does not include a professional employer organization when a covered employee coemployed with the client under the terms of a professional employer agreement engages in activities that constitute a sale of tangible personal property, extended warranty, digital good, digital code, or a sale of any digital automated service or service defined as a retail sale in RCW 82.04.050 (2)(a) or (g), (3)(a), or (6)(b) that is subject to the tax imposed by this chapter. In such cases, the client, and not the professional employer organization, is deemed to be the retailer and is responsible for collecting and remitting the tax imposed by this chapter.

(b) For the purposes of (a) of this subsection, the terms "client," "covered employee," "professional employer agreement," and "professional employer organization" have the same meanings as in RCW 82.04.540;

(9) "Extended warranty" has the same meaning as in RCW 82.04.050(7);

(10) The meaning ascribed to words and phrases in chapters 82.04 and 82.08 RCW, insofar as applicable, shall have full force and effect with respect to taxes imposed under the provisions of this chapter. "Consumer," in addition to the meaning ascribed to it in chapters 82.04 and 82.08 RCW insofar as applicable, shall also mean any person who distributes or displays, or causes to be distributed or displayed, any article of tangible personal property, except newspapers, the primary purpose of which is to promote the sale of products or services. With respect to property distributed to persons within this state by a consumer as defined in this subsection (10), the use of the property shall be deemed to be by such consumer.

(3) "Value of the service used" means the purchase price for the digital automated service or other service, the use of which is taxable under this chapter. If the service is received by gift or under conditions wherein the purchase price does not represent the true value thereof, the value of the service used must be determined as nearly as possible according to the retail selling price at place of use of similar extended warranties of like quality and character under rules the department may prescribe;

(5) "Value of the digital good or digital code used" means the purchase price for the digital good or digital code, the use of which is taxable under this chapter. If the digital good or digital code is acquired other than by purchase, the value of the digital good or digital code must be determined as nearly as possible according to the retail selling price at place of use of similar digital goods or digital codes of like quality and character under rules the department may prescribe;

The legislature finds that there are several areas in the state that are characterized by very high levels of unemployment and poverty. The (legislative [legislatures]) legislature further finds that economic stagnation is the primary cause of this high unemployment rate and poverty; that new state policies are necessary in order to promote economic stimulation and new employment opportunities in these distressed areas; and that policies providing incentives for economic growth in these distressed areas are essential. For these reasons, the legislature (hereby) reestablishes a tax deferral program to be effective solely in distressed (areas and under circumstances where the deferred tax payments are for investments or costs that result in the creation of a specified number of jobs) counties. The legislature declares that this limited program serves the vital public purpose of creating employment opportunities and reducing poverty in the distressed (areas) counties of the state.

(1) Application for deferral of taxes under this chapter must be made before initiation of the construction of the investment project or acquisition of equipment or machinery. The application (shall) must be made to the department in a form and manner prescribed by the department. The application (shall) must contain information regarding the location of the investment project, the applicant's average employment in the state for the prior year, estimated or actual new employment related to the project, estimated or actual wages of employees related to the project, estimated or actual costs, time schedules for completion and operation, and other information required by the department. The department (shall) must rule on the application within sixty days.

(2) This section expires July 1, 2020.

Sec. 1706. RCW 82.60.040 and 2004 c 25 s 4 are each amended to read as follows:

(1) The department (shall) must issue a sales and use tax deferral certificate for state and local sales and use taxes due under chapters 82.08, 82.12, and 82.14 RCW on each eligible investment project (that is located in an eligible area as defined in RCW 82.60.020).

(2) The department (shall) must keep a running total of all deferrals granted under this chapter during each fiscal biennium.

(3) This section expires July 1, (2010) 2020.

Sec. 1707. RCW 82.60.049 and 2004 c 25 s 5 are each amended to read as follows:

(1) For the purposes of this section:

(a) "Eligible area" also means: Through June 30, 2010, a designated community empowerment zone approved under RCW 43.31C.020 or a county containing a community empowerment zone; and beginning July 1, 2010, a designated community empowerment zone approved under RCW 43.31C.020.

(b) "Eligible investment project" also means an investment project in an eligible area as defined in this section.

(2) In addition to the provisions of RCW 82.60.040, the department (shall) must issue a sales and use tax deferral certificate for state and local sales and use taxes due under chapters 82.08, 82.12, and 82.14 RCW, on each eligible investment project that is located in an eligible area, if the applicant establishes that at the time the project is operationally complete:

(a) The applicant will hire at least one qualified employment position for each seven hundred fifty thousand dollars of investment for which a deferral is requested; and

(b) The positions will be filled by persons who at the time of hire are residents of the community empowerment zone. As used in this subsection, "resident" means the person makes his or her home in the community empowerment zone. A mailing address alone is insufficient to establish that a person is a resident for the purposes of this section. The persons must be hired after the date the application is filed with the department.

(3) All other provisions and eligibility requirements of this chapter apply to applicants eligible under this section.

(4) The qualified employment position must be filled by the end of the calendar year following the year in which the project is certified as operationally complete. If a person does not meet the requirements for qualified employment positions by the end of the second calendar year following the year in which the project is certified as operationally complete, all deferred taxes are immediately due.

Sec. 1708. RCW 82.60.060 and 2000 c 106 s 5 are each amended to read as follows:

(1) The recipient (shall) must begin paying the deferred taxes in the third year after the date certified by the department as the date on which the (construction) investment project has been operationally completed. The first payment will be due on December 31st of the third calendar year after such certified date, with subsequent annual payments due on December 31st of the following four years with amounts of payment scheduled as follows:

<table>
<thead>
<tr>
<th>Repayment Year</th>
<th>% of Deferred Tax Repaid</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>10%</td>
</tr>
<tr>
<td>2</td>
<td>15%</td>
</tr>
<tr>
<td>3</td>
<td>20%</td>
</tr>
</tbody>
</table>
(2) The department may authorize an accelerated repayment schedule upon request of the recipient.

(3) Interest ((shall)) may not be charged on any taxes deferred under this chapter for the period of deferral, although all other penalties and interest applicable to delinquent excise taxes may be assessed and imposed for delinquent payments under this chapter. The debt for deferred taxes will not be extinguished by insolvency or other failure of the recipient. Transfer of ownership does not terminate the deferral. The deferral is transferred, subject to the successor meeting the eligibility requirements of this chapter, for the remaining periods of the deferral.

Sec. 1709. RCW 82.60.070 and 2004 c 25 s 7 are each amended to read as follows:

(1)(a) The legislature finds that accountability and effectiveness are important aspects of setting tax policy. In order to make policy choices regarding the best use of limited state resources the legislature needs information on how a tax incentive is used.

(b) Each recipient of a deferral granted under this chapter after June 30, 1994, ((shall)) must complete an annual survey. If the economic benefits of the deferral are passed to a lessee as provided in (RCW 82.60.020(4)) section 1704 of this act, the lessee ((shall agree to)) must complete the annual survey and the applicant is not required to complete the annual survey. The survey is due by March 31st of the year following the calendar year in which the investment project is certified by the department as having been operationally complete and the seven succeeding calendar years. The survey ((shall)) must include the amount of tax deferred, the number of new products or research projects by general classification, and the number of trademarks, patents, and copyrights associated with activities at the investment project. The survey ((shall)) must also include the following information for employment positions in Washington:

(i) The number of total employment positions;

(ii) Full-time, part-time, and temporary employment positions as a percent of total employment;

(iii) The number of employment positions according to the following wage bands: Less than thirty thousand dollars; thirty thousand dollars or greater, but less than sixty thousand dollars; and sixty thousand dollars or greater. A wage band containing fewer than three individuals may be combined with another wage band; and

(iv) The number of employment positions that have employer-provided medical, dental, and retirement benefits, by each of the wage bands.

(c) As part of the survey, the department may request additional information necessary to measure the results of, or determine eligibility for, the deferral program, to be submitted at the same time as the survey.

(d) All information collected under this subsection, except the amount of the tax deferral taken, is deemed taxpayer information under RCW 82.32.330 and is not disclosable. Information on the amount of tax deferral taken is not subject to the confidentiality provisions of RCW 82.32.330 and may be disclosed to the public upon request.

(e) The department ((shall)) must use the information from this section to prepare summary descriptive statistics by category. No fewer than three taxpayers ((shall)) may be included in any category. The department ((shall)) must report these statistics to the legislature each year by September 1st.

(f) The department ((shall)) must also use the information to study the tax deferral program authorized under this chapter. The department ((shall)) must report to the legislature by December 1, (2009) 2010. The report ((shall)) must measure the effect of the program on job creation, the number of jobs created for residents of eligible areas, company growth, the introduction of new products, the diversification of the state's economy, growth in research and development investment, the movement of firms or the consolidation of firms' operations into the state, and such other factors as the department selects.

(2)(a) If, on the basis of a survey under this section or other information, the department finds that an investment project is not eligible for tax deferral under this chapter, the amount of deferred taxes outstanding for the project ((shall be immediately due)).

(b) If a recipient of the deferral fails to complete the annual survey required under subsection (1) of this section by the date due, twelve and one-half percent of the deferred tax ((shall be)) will be immediately due. If the economic benefits of the deferral are passed to a lessee as provided in (RCW 82.60.020(4)) section 1704 of this act, the lessee ((shall be)) is responsible for payment to the extent the lessee has received the economic benefit.

(3) Notwithstanding any other subsection of this section, deferred taxes need not be repaid on machinery and equipment for lumber and wood products industries, and sales of or charges made for labor and services, of the type which qualifies for exemption under RCW 82.08.02565 or 82.12.02565 to the extent the taxes have not been repaid before July 1, 1995.

(4) Notwithstanding any other subsection of this section, deferred taxes on the following need not be repaid:

(a) Machinery and equipment, and sales of or charges made for labor and services, which at the time of purchase would have qualified for exemption under RCW 82.08.02565; and

(b) Machinery and equipment which at the time of first use would have qualified for exemption under RCW 82.12.02565.

Sec. 1710. RCW 82.32.600 and 2009 c 461 s 8 are each amended to read as follows:

(1) Persons required to file annual surveys or annual reports under RCW 82.04.4452, 82.32.5351, 82.32.545, 82.32.610, 82.32.630, 82.60.020, 82.60.020, 82.60.070, 82.60.070, or 82.74.040 must electronically file with the department all surveys, reports, returns, and any other forms or information the department requires in an electronic format as provided or approved by the department. As used in this section, "returns" has the same meaning as "return" in RCW 82.32.050.

(2) Any survey, report, return, or any other form or information required to be filed in an electronic format under subsection (1) of this section is not filed until received by the department in an electronic format.

(3) The department may waive the electronic filing requirement in subsection (1) of this section for good cause shown.

Sec. 1711. RCW 82.60.100 and 1987 c 49 s 1 are each amended to read as follows:

Applications, reports, and any other information received by the department under this chapter ((shall)), except applications not approved by the department, are not ((be)) confidential and ((shall)) are subject to disclosure.

Sec. 2003. RCW 82.16.120 and 2009 c 469 s 505 are each amended to read as follows:
(1) Any individual, business, local governmental entity, not in the light and power business or in the gas distribution business, or a participant in a community solar project may apply to the light and power business serving the situs of the system, each fiscal year beginning on July 1, 2005, for an investment cost recovery incentive for each kilowatt-hour from a customer-generated electricity renewable energy system. No incentive may be paid for kilowatt-hour generated before July 1, 2005, or after June 30, 2020.
(2)(a) Before submitting for the first time the application for the incentive allowed under subsection (4) of this section, the applicant must submit to the department of revenue and to the climate and rural energy development center at the Washington State University, established under RCW 28B.30.642, a certification in a form and manner prescribed by the department that includes, but is not limited to, the following information:
(i) The name and address of the applicant and location of the renewable energy system;
(ii) The applicant's tax registration number;
(iii) That the electricity produced by the applicant meets the definition of "customer-generated electricity" and that the renewable energy system produces electricity with:
(A) Any solar inverters and solar modules manufactured in Washington state;
(B) A wind generator powered by blades manufactured in Washington state;
(C) A solar inverter manufactured in Washington state;
(D) A solar module manufactured in Washington state; 
(E) A stirling converter manufactured in Washington state; or
(F) Solar or wind equipment manufactured outside of Washington state;
(iv) That the electricity can be transformed or transmitted for entry into or operation in parallel with electricity transmission and distribution systems;
(v) The date that the renewable energy system received its final electrical permit from the applicable local jurisdiction.
(b) Within thirty days of receipt of the certification the department of revenue must notify the applicant by mail, or electronically as provided in RCW 82.32.135, whether the renewable energy system qualifies for an incentive under this section. The department may consult with the climate and rural energy development center to determine eligibility for the incentive. System certifications and the information contained therein are subject to disclosure under RCW 82.32.330(3)(m).
(3)(a) By August 1st of each year application for the incentive ((shall)) must be made to the light and power business serving the situs of the system by certification in a form and manner prescribed by the department that includes, but is not limited to, the following information:
(i) The name and address of the applicant and location of the renewable energy system;
(ii) The applicant's tax registration number;
(iii) The date of the notification from the department of revenue stating that the renewable energy system is eligible for the incentives under this section;
(iv) A statement of the amount of kilowatt-hours generated by the renewable energy system in the prior fiscal year.
(b) Within sixty days of receipt of the incentive certification the light and power business serving the situs of the system ((shall)) must notify the applicant in writing whether the incentive payment will be authorized or denied. Such records ((shall)) must be open for examination at any time upon notice by the light and power business that made the payment or by the department. If upon examination of any records or from other information obtained by the business or department it appears that an incentive has been paid in an amount that exceeds the correct amount of incentive payable, the business may assess against the person for the amount found to have been paid in excess of the correct amount of incentive payable and ((shall)) must add thereto interest on the amount. Interest ((shall)) is assessed in the manner that the department assesses interest upon delinquent tax under RCW 82.32.050.
(ii) If it appears that the amount of incentive paid is less than the correct amount of incentive payable the business may authorize additional payment.
(4) Except for community solar projects, the investment cost recovery incentive may be paid fifteen cents per economic development kilowatt-hour unless requests exceed the amount authorized for credit to the participating light and power business. For community solar projects, the investment cost recovery incentive may be paid thirty cents per economic development kilowatt-hour unless requests exceed the amount authorized for credit to the participating light and power business. For the purposes of this
section, the rate paid for the investment cost recovery incentive may be multiplied by the following factors:

(a) For customer-generated electricity produced using solar modules manufactured in Washington state or a solar stirling converter manufactured in Washington state, two and four-tenths;

(b) For customer-generated electricity produced using a solar or a wind generator equipped with an inverter manufactured in Washington state, one and two-tenths;

(d) For all other customer-generated electricity produced by wind, eight-tenths.

(5) No individual, household, business, or local governmental entity is eligible for incentives provided under subsection (4) of this section for more than five thousand dollars per year. Each applicant in a community solar project is eligible for up to five thousand dollars per year.

(6) If requests for the investment cost recovery incentive exceed the amount of funds available for credit to the participating light and power business, the incentive payments (shall) must be reduced proportionately.

(7) The climate and rural energy development center at Washington State University energy program may establish guidelines and standards for technologies that are identified as Washington manufactured and therefore most beneficial to the state's environment.

(8) The environmental attributes of the renewable energy system belong to the applicant, and do not transfer to the state or the light and power business upon receipt of the investment cost recovery incentive.

(1) In computing the tax imposed under this chapter, a credit is allowed for all property taxes paid during the calendar year on property owned by a direct service industrial customer and reasonably necessary for the purposes of an aluminum smelter.

(2) A person taking the credit under this section is subject to all the requirements of chapter 82.32 RCW. A credit earned during one calendar year may be carried over to be credited against taxes incurred in the subsequent calendar year, but may not be carried over a second year. Credits carried over must be applied to tax liability before new credits. No refunds may be granted for credits under this section.

(3) Credits may not be claimed under this section for property taxes levied for collection in (2012) 2017 and thereafter.

Sec. 2203. RCW 82.08.805 and 2009 c 535 s 513 are each amended to read as follows:

A person claiming an exemption must pay the tax and may then take a credit equal to the state share of retail sales tax paid under RCW 82.08.020. The person (shall) must submit information, in a form and manner prescribed by the department, specifying the amount of qualifying purchases or acquisitions for which the exemption is claimed and the amount of exempted tax.

(3) Credits may not be claimed under this section for taxable events occurring on or after January 1, (2012) 2017.

Sec. 2204. RCW 82.12.805 and 2009 c 535 s 620 are each amended to read as follows:

The amount of the credit (shall) is equal to the state share of use tax computed to be due under RCW 82.12.020. The person (shall) must submit information, in a form and manner prescribed by the department, specifying the amount of qualifying purchases or acquisitions for which the exemption is claimed and the amount of exempted tax.

(2) For the purposes of this section, "aluminum smelter" has the same meaning as provided in RCW 82.04.217.

(3) Credits may not be claimed under this section for taxable events occurring on or after January 1, (2012) 2017.
(2) The tax (shall be) is levied and collected in an amount equal to the value of the article used by the taxpayer multiplied by the rate in effect for the public utility tax on gas distribution businesses under RCW 82.16.020. The “value of the article used” does not include any amounts that are paid for the hire or use of a gas distribution business as defined in RCW 82.16.010(2) in transporting the gas subject to tax under this subsection if those amounts are subject to tax under that chapter.

(3) The tax levied in this section (shall) does not apply to the use of natural or manufactured gas delivered to the consumer by other means than through a pipeline.

(4) The tax levied in this section (shall) does not apply to the use of natural or manufactured gas if the person who sold the gas to the consumer has paid a tax under RCW 82.16.020 with respect to the gas for which exemption is sought under this subsection.

(5) The tax levied in this section (shall) does not apply to the use of natural or manufactured gas by an aluminum smelter as that term is defined in RCW 82.04.217 before January 1, (2012) 2017.

(6) There (shall) is a credit against the tax levied under this section in an amount equal to any tax paid by:

(a) The person who sold the gas to the consumer when that tax is a gross receipts tax similar to that imposed pursuant to RCW 82.16.020 by another state with respect to the gas for which a credit is sought under this subsection; or

(b) The person consuming the gas upon which a use tax similar to the tax imposed by this section was paid to another state with respect to the gas for which a credit is sought under this subsection.

(7) The use tax hereby imposed (shall) must be paid by the consumer to the department.

(8) There is imposed a reporting requirement on the person who delivered the gas to the consumer to make a quarterly report to the department. Such report (shall) must contain the volume of gas delivered, name of the consumer to whom delivered, and such other information as the department (shall) requires by rule.

(9) The department may adopt rules under chapter 34.05 RCW for the administration and enforcement of sections 1 through 6, chapter 384, Laws of 1989.

Sec. 2206. RCW 82.32.570 and 2006 c 182 s 6 are each amended to read as follows:

(2) The legislature finds that accountability and effectiveness are important aspects of setting tax policy. In order to make policy choices regarding the best use of limited state resources the legislature needs information to evaluate whether the stated goals of legislation were achieved.

(3) The goals of the smelter tax incentives are to retain family-wage jobs in rural areas by:

(a) Enabling the aluminum industry to maintain production of aluminum at a level that will preserve at least 75 percent of the jobs that were on the payroll effective January 1, 2004, as adjusted for employment reductions publicly announced before November 30, 2003; and

(b) Allowing the aluminum industry to continue producing aluminum in this state through (2012) 2017 so that the industry will be positioned to preserve and create new jobs when the anticipated reduction of energy costs occurs.

(4) An aluminum smelter receiving the benefit of a smelter tax incentive (shall) must make an annual report to the department detailing employment, wages, and employer-provided health and retirement benefits per job at the manufacturing site. The report is due by March 31st following any year in which a tax incentive is claimed or used. The report (shall) may not include names of employees. The report (shall) must detail employment by the total number of full-time, part-time, and temporary positions. The report (shall) must indicate the quantity of aluminum smelted at the plant during the time period covered by the report. The first report filed under this subsection (shall) must include employment, wage, and benefit information for the twelve-month period immediately before first use of a tax incentive. Employment reports (shall) must include data for actual levels of employment and identification of the number of jobs affected by any employment reductions that have been publicly announced at the time of the report. Information in a report under this section is not subject to the confidentiality provisions of RCW 82.32.330 and may be disclosed to the public upon request.

(b) If a person fails to submit an annual report under (a) of this subsection by the due date of the report, the department (shall) must declare the amount of taxes exempted or credited, or reduced in the case of the preferential business and occupation tax rate, for that year to be immediately due and payable. Excise taxes payable under this subsection are subject to interest but not penalties, as provided under this chapter. This information is not subject to the confidentiality provisions of RCW 82.32.330 and may be disclosed to the public upon request.

((5) By December 1, 2007, December 1, 2010, and December 1, 2015, the fiscal committees of the house of representatives and the senate, in consultation with the department, shall report to the legislature on the effectiveness of the smelter tax incentives under RCW 82.04.4482 and 82.16.0498. The reports shall measure the effect of the tax incentives on job retention for Washington residents and any other factors the committees may select.))

NEW SECTION. Sec. 201. A new section is added to chapter 82.32 RCW to read as follows:

(1) It is the intent of the legislature to require all taxpayers to pay their fair share of taxes. To accomplish this purpose, it is the legislature’s intent to identify and prohibit transactions, plans, and arrangements that are designed to deceptively avoid taxes.

(2) The legislature directs the department to prepare a report that identifies transactions, plans, and arrangements that are primarily designed to deceptively avoid the payment of taxes. These include a transaction, plan, or arrangement that:

(a) Disguises income received, or otherwise avoids tax on income, from a person that is not affiliated with the taxpayer;

(b) Disguises the purchase or sale of property or services from or to a person that is not affiliated with the taxpayer;

(c) Avoids the tax imposed by RCW 82.12.020 on the use of property in the state that is owned by an entity organized outside of the state;

(d) Is a sham transaction in fact or in substance;

(e) Is intended solely for tax avoidance purposes and lacks economic substance;

(f) Elevates form over substance;

(g) Assigns or transfers a taxpayer’s earned income to another person where the intent is to avoid tax.

(3) Beginning December 1, 2010, and by December 1 of each subsequent year, the department must submit its report to the house of representatives finance committee and the senate ways and means committee, or their successors. The department may include draft legislation to address the deceptive tax avoidance transactions, plan, or arrangements identified in the report.

(4) The definitions in this subsection apply to this section.

(a) “Affiliated” means under common control;

(b) “Control” means the possession, directly or indirectly, of more than fifty percent of the power to direct or cause the direction of the management and policies of a person, whether through ownership or voting shares, by contract, or otherwise;
(c) “Lacks economic substance” means having no purpose other than to obtain a tax benefit where a participant’s risk of profit or loss is insignificant when compared to the tax benefit; and

(d) “Sham” means fictitious, deceptive, and fraudulent.

(5) The legislature specifies the following as transactions, plans, or arrangements that may be primarily designed to deceptively avoid the payment of taxes:

(a) A joint venture arrangement between a contractor required to register under RCW 18.27.020 and an owner or developer of a construction project when the arrangement: (i) provides for guaranteed payments to the contractor for construction services; and (ii) does not entitle the contractor to share in substantial profits and bear significant risk from the project.

(b) (i) A parent/subsidiary organizational structure or arrangement wherein the parent: (A) creates a subsidiary outside of Washington; (B) provides services to customers outside of Washington; (C) assigns out-of-state customer contracts to the out-of-state subsidiary; (D) requires out-of-state customers to pay for services to the out-of-state subsidiary; and (E) receives income that represents payment for these out-of-state customer contracts through a dividend or transfer from the out-of-state subsidiary.

(ii) A parent/subsidiary organizational structure or arrangement described in this subsection (5) (b) will not be considered primarily designed to deceptively avoid the payment of taxes if the services provided to the customers outside Washington are primarily performed by employees of the out-of-state subsidiary.

(6) The department may disregard any transaction, plan, or arrangement that is specified in subsection (5) of this section, except if:

(a) The taxpayer initiated the transaction, plan, or arrangement before April 1, 2010; and (b) the taxpayer had reported its tax liability in conformance with: (i) specific written instructions provided by the department to the taxpayer; or (ii) a published determination or any other document published by the department.

(7)(a) For purposes of subsection (6) of this section, "specific written instructions" means tax reporting instructions provided to a taxpayer which specifically identify the taxpayer to whom the instructions apply. Specific written instructions may be provided as part of an audit, tax assessment, determination, closing agreement, or in response to a binding ruling request.

(b) Subsection (6) of this section applies to tax periods beginning January 1, 2006, but does not apply to any tax periods ending before April 1, 2010, that were included in a completed field audit conducted by the department.

(c) Subsection (6) of this section must be construed narrowly to ensure that only transactions, plans, or arrangements where there is clear and convincing evidence of deceptive tax avoidance are subject to tax liability."

On page 23, at the beginning of line 1, after "(6)" strike all of the material through "department" on line 14 and insert the following:

"If the department finds that all or any part of a deficiency resulted from engaging in a disregarded transaction, as described in section 201(2)(a), (b), (c), (d), (e), (f), and (g) of this act, the department must assess a penalty of thirty-five percent of the additional tax found to be due as a result of engaging in a transaction disregarded by the department under section 201(2)(a), (b), (c), (d), (e), (f), and (g) of this act. The penalty provided in this subsection may be assessed together with any other applicable penalties provided in this section on the same tax found to be due, except for the evasion penalty provided in subsection (7) of this section. The department may not assess the penalty under this subsection if, before the department discovers the taxpayer's use of a transaction described under section 201(2)(a), (b), (c), (d), (e), (f), and (g) of this act, the taxpayer discloses its participation in the transaction to the department."

"Sec. 204. A new section is added to chapter 82.32 RCW to read as follow:

(1) The legislature finds that this state's tax policy with respect to the taxation of transactions between affiliated entities and the income derived from such transactions (intercompany transactions) has motivated some taxpayers to engage in transactions designed solely or primarily to minimize the tax effects of intercompany transactions. The legislature further finds that some intercompany transactions result from taxpayers that are required to establish affiliated entities to comply with regulatory mandates and that transactions between such affiliates effectively increases the tax burden in this state on the affiliated group of entities.

(2)(a) The department of revenue is directed to conduct a review of the state's tax policy with respect to the taxation of intercompany transactions. The review must:

(i) Include the impacts of such transactions under the state's business and occupation tax and state local sales and use taxes;

(ii) Examine how this state's tax policy compares to the tax policy of other states with respect to the taxation of intercompany transactions; and

(iii) Analyze potential alternatives to the current policy of taxing intercompany transactions, including their estimated revenue impacts if practicable.

(b) In conducting this review, the department must seek input from members of the business community and others as it deems appropriate.

(c) The department must report its findings to the fiscal committees of the house of representatives and senate by December 1, 2010. However, if the department has not completed its review by December 1, 2010, the department must provide the fiscal committees of the legislature with a brief status report by December 1, 2010, and the final report by December 1, 2011."

(1) A ((one hundred fifty)) two hundred fourteen thousand dollar death benefit shall be paid to the member's estate, or such person or persons, trust or organization as the member shall have nominated by written designation duly executed and filed with the department. If there be no such designated person or persons still living at the time of the member's death, such member's death benefit shall be paid to the member's surviving spouse or domestic partner as if in fact such spouse or domestic partner had been nominated by written designation, or if there be no such surviving spouse or domestic partner, then to such member's legal representatives.

(2) The benefit under this section shall be paid only when death occurs: (a) As a result of injuries sustained in the course of employment; or

(b) As a result of an occupational disease or infection that arises naturally and proximately out of employment covered under this chapter. The determination of eligibility for the benefit shall be made consistent with Title 51 RCW by the department of labor and industries. (ii) The index for the calendar year prior to the date of determination, to be known as "index B;" and

(b) The value of the ratio obtained shall be the annual adjustment to the original death benefit and shall be applied beginning every July 1st.

In no event, however, shall the annual adjustment:

(i) Produce a benefit which is lower than two hundred fourteen thousand dollars;

(ii) Exceed three percent in the initial annual adjustment; or

(iii) Differ from the previous year's annual adjustment by more than three percent.

(c) For the purposes of this section, "index" means, for any calendar year, that year's average consumer price index -- Seattle, Washington area for urban wage earners and clerical workers, all items, compiled by the bureau of labor statistics, United States department of labor.

Sec. 3. RCW 51.32.050 and 2007 c 284 s 1 are each amended to read as follows:

(1) Where death results from the injury, the expenses of burial not to exceed two hundred percent of the average monthly wage in the state as defined in RCW 51.08.018 shall be paid.

(2)(a) Where death results from the injury, a surviving spouse of a deceased worker eligible for benefits under this title shall receive monthly for life or until remarriage payments according to the following schedule:

The amount of such payments shall be five percent of the monthly benefits payable as a result of the worker’s death for each such child but such payments shall not exceed twenty-five percent. Such payments on account of such child or children shall be subtracted from the amount to which such surviving spouse would have been entitled had such surviving spouse had legal custody of all of the children and the surviving spouse shall receive the remainder after such payments on account of such child or children have been subtracted. Such payments on account of a child or children not in the legal custody of such surviving spouse shall be apportioned equally among such children.

(c) Payments to the surviving spouse of the deceased worker shall cease at the end of the month in which remarriage occurs: PROVIDED, That a monthly payment shall be made to the child or children of the deceased worker from the month following such remarriage in a sum equal to five percent of the wages of the deceased worker for one child and a sum equal to five percent for each additional child up to a maximum of five such children. Payments to such child or children shall be apportioned equally among such children. Such sum shall be in place of any payments theretofore made for the benefit of or on account of any such child or children. If the surviving spouse does not have legal custody of any child or children of the deceased worker, or if after the death of the worker, legal custody of such child or children passes from such surviving spouse to another, any payment on account of such child or children not in the legal custody of the surviving spouse shall be made to the person or persons having legal custody of such child or children.

(1)(a) Beginning January 1, 2009, any person licensed under this chapter who is convicted of (any offense involving the use, consumption, or possession of alcohol while operating a motor vehicle in) a violation of RCW 46.61.502 or 46.61.504((other than vehicular homicide or vehicular assault)) or an equivalent local or out-of-state statute or ordinance, or a violation of RCW 46.61.520(1)(a) or 46.61.522(1)(b), or who has had or will have his or her license suspended, revoked, or denied under RCW 46.20.3101, may submit to the department an application for an ignition interlock driver's license. The department, upon receipt of the prescribed fee and upon determining that the petitioner is eligible to receive the license, may issue an ignition interlock driver's license.

(b) A person may apply for an ignition interlock driver's license anytime, including immediately after receiving the notices under RCW 46.20.308 or after his or her license is suspended, revoked, or denied. A person receiving an ignition interlock driver's license waives his or her right to a hearing or appeal under RCW 46.20.308.

(c) An applicant under this subsection shall provide proof to the satisfaction of the department that a functioning ignition interlock device has been installed on all vehicles operated by the person.

(i) The department shall require the person to maintain the device on all vehicles operated by the person and shall restrict the person to operating only vehicles equipped with the device, for the remainder of the period of suspension, revocation, or denial. The installation of an ignition interlock device is not necessary on vehicles owned, leased, or rented by a person's employer and on those vehicles whose care and/or maintenance is the temporary responsibility of the employer, and driven at the direction of a person's employer as a requirement of employment during working hours. The person must provide the department with a declaration pursuant to RCW 9A.72.085 from his or her employer stating that the person's employment requires the person to operate a vehicle owned by the employer or other persons during working hours.

(ii) Subject to any periodic renewal requirements established by the department under this section and subject to any applicable compliance requirements under this chapter or other law, an ignition interlock driver's license granted upon a suspension or revocation under RCW 46.61.5055 or 46.20.3101((other than vehicular homicide or vehicular assault)) or an equivalent local or out-of-state statute or ordinance, or a violation of RCW 46.61.520(1)(a) or 46.61.522(1)(b), or who has had or will have his or her license suspended, revoked, or denied under RCW 46.20.3101, may extend through the remaining portion of any concurrent or consecutive suspension or revocation that may be imposed as the result of administrative action and criminal conviction arising out of the same incident.

The person's right to a hearing or appeal under RCW 46.20.308 or after his or her license is suspended, revoked, or denied. A person receiving an ignition interlock driver's license waives his or her right to a hearing or appeal under RCW 46.20.308.

(2) An applicant for an ignition interlock driver's license who qualifies under subsection (1) of this section is eligible to receive a license only if:

(a) Within seven years immediately preceding the date of the offense that gave rise to the present conviction or incident, the applicant has not committed vehicular homicide under RCW 46.61.502 or vehicular assault under RCW 46.61.502; and

(b) The applicant files satisfactory proof of financial responsibility under chapter 46.29 RCW.

(3) Upon receipt of evidence that a holder of an ignition interlock driver's license granted under this subsection no longer has a functioning ignition interlock device installed on all vehicles operated by the driver, the director shall give written notice by first-class mail to the driver that the ignition interlock device is not necessary. If at any time before the cancellation goes into effect the driver submits evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver, the cancellation shall be stayed. If the cancellation becomes effective, the driver may obtain, at no additional charge, a new ignition interlock driver's license upon submittal of evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver.

(4) A person aggrieved by the decision of the department on the application for an ignition interlock driver's license may request a hearing as provided by rule of the department.

(5) The director shall cancel an ignition interlock driver's license (upon receipt of) after receiving notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, no longer meets the eligibility requirements, or (if he) has been convicted of or found to have committed a separate offense or any other act or omission under this chapter would warrant suspension or revocation of a regular driver's license. The department must give notice of the cancellation (within fifteen days from the date of mailing the notice) to the driver, and the notice shall be mailed to the driver at the direction of a person's employer as a requirement of employment during working hours.

Notice of cancellation shall be mailed to the driver that the person's right to a hearing or appeal under RCW 46.20.308 or after his or her license is suspended, revoked, or denied. A person receiving an ignition interlock driver's license waives his or her right to a hearing or appeal under RCW 46.20.308.
same force and effect as any suspension or revocation under this title) as provided under RCW 46.20.245. A person whose ignition interlock driver's license has been canceled under this section may reapply for a new ignition interlock driver's license if he or she is otherwise qualified under this section and pays the fee required under RCW 46.20.380.

(6)(a) Unless costs are waived by the ignition interlock company or the person is indigent under RCW 10.101.010, the applicant shall pay the cost of installing, removing, and leasing the ignition interlock device and shall pay an additional fee of twenty dollars per month. Payments shall be made directly to the ignition interlock company. The company shall remit the additional twenty-dollar fee to the department.

(b) The department shall deposit the proceeds of the twenty-dollar fee into the ignition interlock device revolving account. Expenditures from the account may be used only to administer and operate the ignition interlock device revolving account program. The department shall adopt rules to provide monetary assistance according to greatest need and when funds are available.

(7) The department shall adopt rules to implement ignition interlock licensing. The department shall consult with the administrative office of the courts, the state patrol, the Washington association of sheriffs and police chiefs, ignition interlock companies, and any other organization or entity the department deems appropriate.

(viii) Presents evidence that he or she has applied for a position in an apprenticeship or on-the-job training program for which a driver's license is required to begin the program, provided that a license granted under this provision shall be in effect for no longer than fourteen days; and

(c) The applicant files satisfactory proof of financial responsibility under chapter 46.29 RCW; and

(d) Upon receipt of evidence that a holder of an occupational driver's license granted under this subsection is no longer enrolled in an apprenticeship or on-the-job training program, the director shall give written notice by first-class mail to the driver that the occupational driver's license shall be canceled. (The effective date of cancellation shall be fifteen days from the date of mailing the notice.) If at any time before the cancellation goes into effect the driver submits evidence of continued enrollment in the program, the cancellation shall be stayed. If the cancellation becomes effective, the driver may obtain, at no additional charge, a new occupational driver's license upon submission of evidence of enrollment in another program that meets the criteria set forth in this subsection; and

(1) The court may order that after a period of suspension, revocation, or denial of driving privileges, and for up to as long as the court has jurisdiction, any person convicted of any offense involving the use, consumption, or possession of alcohol while operating a motor vehicle may
drive only a motor vehicle equipped with a functioning ignition interlock. The court shall establish a specific calibration setting at which the interlock will prevent the vehicle from being started. The court shall also establish the period of time for which interlock use will be required.

(2) Under RCW 46.61.5055((46.10.050, or section 18 of this act)) and subject to the exceptions listed in that statute, the court shall order any person convicted of (an alcohol-related) a violation of RCW 46.61.502 or 46.61.504 or an equivalent local ordinance (or participating in a deferred prosecution program under RCW 10.05.020 or section 18 of this act for an alcohol-related violation of RCW 46.61.502 or 46.61.504 or an equivalent local ordinance)) to apply for an ignition interlock driver's license from the department under RCW 46.20.385 and to have a functioning ignition interlock device installed on all motor vehicles operated by the person.

(3) The department shall require that, after any applicable period of suspension, revocation, or denial of driving privileges, a person may drive only a motor vehicle equipped with a functioning ignition interlock device if the person is convicted of (an alcohol-related) a violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance.

The department may waive the requirement for the use of such a device if it concludes that such devices are not reasonably available in the local area. The installation of an ignition interlock device is not necessary on vehicles owned, leased, or rented by a person's employer and on those vehicles whose care and/or maintenance is the temporary responsibility of the employer, and driven at the direction of a person's employer as a requirement of employment during working hours. The person must provide the department with a declaration pursuant to RCW 9A.72.085 from his or her employer stating that the person's employment requires the person to operate a vehicle owned by the employer or other persons during working hours.

Subject to the provisions of subsection (4) of this section, the period of time of the restriction will be (as follows) no less than:

(a) An attempt to start the vehicle with a breath alcohol concentration of 0.04 or more;
(b) Failure to take or pass any required retest; or
(c) Failure of the person to appear at the ignition interlock device vendor when required for maintenance, repair, calibration, monitoring, inspection, or replacement of the device.

(ii) By a fine of not less than one thousand dollars nor more than five thousand dollars. One thousand dollars of the fine may not be suspended or deferred unless the court finds the offender to be indigent; or

4. A person who is convicted of a violation of RCW 46.61.502 or 46.61.504 shall be punished under chapter 9.94A RCW if: (a) The person has four or more prior offenses within ten years; or (b) the person has ever previously been convicted of: (i) A violation of RCW 46.61.520 committed while under the influence of intoxicating liquor or any drug; (ii) a violation of RCW 46.61.522 committed while under the influence of intoxicating liquor or any drug; or (iii) an out-of-state offense comparable to the offense specified in (b)(i) or (ii) of this subsection.

5. (a) The court shall require any person convicted of ((an alcohol-related)) a violation of RCW 46.61.502 or 46.61.504 or an equivalent local ordinance to apply for an ignition interlock driver's license from the department (((under RCW 46.20.385))) and to have a functioning ignition interlock device installed on all motor vehicles operated by the person.

(b) The installation of an ignition interlock device is not necessary on vehicles owned, leased, or rented by a person's employer and on those vehicles whose use is a condition or circumstance that makes the person ineligible to obtain an ignition interlock driver's license.

(c) An ignition interlock device imposed under this section shall be calibrated to prevent a motor vehicle from being started when the breath sample provided has an alcohol concentration of 0.025 or more.

(d) The court may waive the requirement that a person ((obtain)) apply for an ignition interlock driver's license ((and operate only vehicles equipped with a functioning ignition interlock device)) if the court makes a specific finding in writing that:

(i) The person lives out-of-state and the devices are not reasonably available in the person's local area((that));

(ii) The person does not operate a vehicle((s)); or

(iii) The person is not eligible to receive an ignition interlock driver's license under RCW 46.20.385 because the person is not a resident of Washington, is a habitual traffic offender, has already applied for or is already in possession of an ignition interlock driver's license, has never had a driver's license, has been certified under chapter 74.20A RCW as noncompliant with a child support order, or is subject to any other condition or circumstance that makes the person ineligible to obtain an ignition interlock driver's license.

(e) ((When the requirement)) If a court finds that a person is not eligible to receive an ignition interlock driver's license under this section, the court is not required to make any further subsequent inquiry or determination as to the person's eligibility.
(f) If the court orders that a person ((obtain)) refrain from consuming any alcohol and requires the person to apply for an ignition interlock device's license (and operate only vehicles equipped with a functioning ignition interlock device is waived by the court), and the person states that he or she does not operate a motor vehicle or the person is ineligible to obtain an ignition interlock driver's license, the court shall order the person to submit to alcohol monitoring through an alcohol detection breathalyzer device, transdermal sensor device, or other technology designed to detect alcohol in a person's system. The person shall pay for the cost of the monitoring. The county or municipality where the penalty is being imposed shall determine the cost.

((44)) (g) The period of time for which ignition interlock use or alcohol monitoring is required will be as follows:

(i) For a person who has not previously been restricted under this section, a period of one year;

(ii) For a person who has previously been restricted under (((44)) (g)(i)) of this subsection, a period of five years;

(iii) For a person who has previously been restricted under (((44)) (g)(ii)) of this subsection, a period of ten years.

(6) If a person who is convicted of a violation of RCW 46.61.502 or 46.61.504 committed the offense while a passenger under the age of sixteen was in the vehicle, the court shall:

(a) In any case in which the installation and use of an interlock or other device is not mandatory under RCW 46.20.720 or other law, order the use of such a device for not less than sixty days following the restoration of the person's license, permit, or nonresident driving privileges; and

(b) In any case in which the installation and use of such a device is otherwise mandatory, order the use of such a device for an additional sixty days.

(7) In exercising its discretion in setting penalties within the limits allowed by this section, the court shall particularly consider the following:

(a) Whether the person's driving at the time of the offense was responsible for injury or damage to another or another's property; and

(b) Whether at the time of the offense the person was driving or in physical control of a vehicle with one or more passengers.

(8) A court may waive the electronic home monitoring requirements of this chapter when:

(a) The offender does not reside in the state of Washington; or

(b) The offender does not have a dwelling, telephone service, or any other necessity to operate an electronic home monitoring device.

(9) The license, permit, or nonresident privilege of a person convicted of driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs must:

(a) If the person's alcohol concentration was less than 0.15, or if for reasons other than the person's refusal to take a test offered under RCW 46.20.308 there is no test result indicating the person's alcohol concentration:

(i) Where there has been no prior offense within seven years, be suspended or denied by the department for ninety days;

(ii) Where there has been one prior offense within seven years, be revoked or denied by the department for two years; or

(iii) Where there have been two or more prior offenses within seven years, be revoked or denied by the department for three years;

(b) If the person's alcohol concentration was at least 0.15:

(i) Where there has been no prior offense within seven years, be revoked or denied by the department for one year;

(ii) Where there has been one prior offense within seven years, be revoked or denied by the department for nine hundred days; or

(iii) Where there have been two or more prior offenses within seven years, be revoked or denied by the department for four years; or

(c) If by reason of the person's refusal to take a test offered under RCW 46.20.308, there is no test result indicating the person's alcohol concentration:

(i) Where there have been no prior offenses within seven years, be revoked or denied by the department for two years;

(ii) Where there has been one prior offense within seven years, be revoked or denied by the department for three years; or

(iii) Where there have been two or more previous offenses within seven years, be revoked or denied by the department for four years.

The department shall grant credit on a day-for-day basis for any portion of a suspension, revocation, or denial already served under this subsection for a suspension, revocation, or denial imposed under RCW 46.20.3101 arising out of the same incident.

For purposes of this subsection (9), the department shall refer to the driver's record maintained under RCW 46.52.120 when determining the existence of prior offenses.

(10) After expiration of any period of suspension, revocation, or denial of the offender's license, permit, or privilege to drive required by this section, the department shall place the offender's driving privilege in probationary status pursuant to RCW 46.20.355.

(11)(a) In addition to any nonsuspendable and nondeferrable jail sentence required by this section, whenever the court imposes less than one year in jail, the court shall also suspend but shall not defer a period of confinement for a period not exceeding five years. The court shall impose conditions of probation that include: (i) Not driving a motor vehicle within this state without a valid license to drive and proof of financial responsibility for the future; (ii) not driving a motor vehicle within this state while having an alcohol concentration of 0.08 or more within two hours after driving; and (iii) not refusing to submit to a test of his or her breath or blood to determine alcohol concentration upon request of a law enforcement officer who has reasonable grounds to believe the person was driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor. The court may impose conditions of probation that include nonrepetition, installation of an ignition interlock device on the probationer's motor vehicle, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The sentence may be imposed in whole or in part upon violation of a condition of probation during the suspension period.

(b) For each violation of mandatory conditions of probation under (a)(i), (ii), or (iii) of this subsection, the court shall order the convicted person to be confined for thirty days, which shall not be suspended or deferred.

(c) For each incident involving a violation of a mandatory condition of probation imposed under this subsection, the license, permit, or privilege to drive of the person shall be suspended by the court for thirty days or, if such license, permit, or privilege to drive already is suspended, revoked, or denied at the time the finding of probation violation is made, the suspension, revocation, or denial then in effect shall be extended by thirty days. The court shall notify the department of any suspension, revocation, or denial or any extension of a suspension, revocation, or denial imposed under this subsection.

(12) A court may waive the electronic home monitoring requirements of this chapter when:

(a) The offender does not have a dwelling, telephone service, or any other necessity to operate an electronic home monitoring system;

(b) The offender does not reside in the state of Washington; or

(c) The court determines that there is reason to believe that the offender would violate the conditions of the electronic home monitoring penalty.

Whenever the mandatory minimum term of electronic home monitoring is waived, the court shall state in writing the reason for granting the waiver and the facts upon which the waiver is based, and shall impose an alternative sentence with similar punitive consequences. The alternative sentence may include, but is not limited to, additional jail time, work crew, or work camp.
Whenever the combination of jail time and electronic home monitoring or alternative sentence would exceed three hundred sixty-five days, the offender shall serve the jail portion of the sentence first, and the electronic home monitoring or alternative portion of the sentence shall be reduced so that the combination does not exceed three hundred sixty-five days.

(13) An offender serving a sentence under this section, whether or not a mandatory minimum term has expired, may be granted an extraordinary medical placement by the jail administrator subject to the standards and limitations set forth in RCW 9.94A.728((a)(iii)) (3).

(14) For purposes of this section and RCW 46.61.502 and 46.61.504:

(a) A "prior offense" means any of the following:

(i) A conviction for a violation of RCW 46.61.502 or an equivalent local ordinance;

(ii) A conviction for a violation of RCW 46.61.504 or an equivalent local ordinance;

(iii) A conviction for a violation of RCW 46.61.520 committed while under the influence of intoxicating liquor or any drug;

(iv) A conviction for a violation of RCW 46.61.522 committed while under the influence of intoxicating liquor or any drug;

(v) A conviction for a violation of RCW 46.61.5249, 46.61.500, or 9A.36.050 or an equivalent local ordinance, if the conviction is the result of a charge that was originally filed as a violation of RCW 46.61.502 or 46.61.504, or an equivalent local ordinance, or of RCW 46.61.520 or 46.61.522;

(vi) An out-of-state conviction for a violation that would have been a violation of (a), (ii), (iii), (iv), or (v) of this subsection if committed in this state;

(vii) A deferred prosecution under chapter 10.05 RCW granted in a prosecution for a violation of RCW 46.61.502, 46.61.504, or an equivalent local ordinance; or

(viii) A deferred prosecution under chapter 10.05 RCW granted in a prosecution for a violation of RCW 46.61.5249, or an equivalent local ordinance, if the charge under which the deferred prosecution was granted was originally filed as a violation of RCW 46.61.502 or 46.61.504, or an equivalent local ordinance, or of RCW 46.61.520 or 46.61.522.

If a deferred prosecution is revoked based on a subsequent conviction for an offense listed in this subsection (14)(a), the subsequent conviction shall not be treated as a prior offense of the revoked deferred prosecution for the purposes of sentencing:

(b) "Within seven years' means that the arrest for a prior offense occurred within seven years ((i)) before or after the arrest for the current offense; and

(c) "Within ten years' means that the arrest for a prior offense occurred within ten years ((ii)) before or after the arrest for the current offense.

NEW SECTION. Sec. 5. A new section is added to chapter 46.61 RCW to read as follows:

If a person is required, as part of the person's judgment and sentence, to install an ignition interlock device on all motor vehicles operated by the person and the person is under the jurisdiction of the municipality or county probation or supervision department, the probation or supervision department must verify the installation of the ignition interlock device or devices. The municipality or county probation or supervision department satisfies the requirement to verify the installation or installations if the municipality or county probation or supervision department receives written verification by one or more companies doing business in the state that it has installed the required device on each vehicle owned or operated by the person. The municipality or county shall have no further obligation to supervise the use of the ignition interlock device or devices by the person and shall not be civilly liable for any injuries or damages caused by the person for failing to use an ignition interlock device or for driving under the influence of intoxicating liquor or any drug.

Sec. 6. RCW 46.20.410 and 2008 c 282 s 8 are each amended to read as follows:

(1) Any person convicted for violation of any restriction of an occupational driver's license((i)) or a temporary restricted driver's license((ii)) shall in addition to the ((immediate revocation)) cancellation of such license and any other penalties provided by law be fined not less than fifty nor more than two hundred dollars or imprisoned for not more than six months or both such fine and imprisonment.

(2) It is a gross misdemeanor for a person to violate any restriction of an ignition interlock driver's license.

Sec. 7. RCW 46.20.342 and 2008 c 282 s 4 are each amended to read as follows:

(1) It is unlawful for any person to drive a motor vehicle in this state while that person is in a suspended or revoked status or when his or her privilege to drive is suspended or revoked in this or any other state. Any person who has a valid Washington driver's license is not guilty of a violation of this section.

(a) A person found to be an habitual offender under chapter 46.65 RCW, who violates this section while an order of revocation issued under chapter 46.65 RCW prohibiting such operation is in effect, is guilty of driving while license suspended or revoked in the first degree, a gross misdemeanor. Upon the first such conviction, the person shall be punished by imprisonment for not less than ten days. Upon the second conviction, the person shall be punished by imprisonment for not less than ninety days. Upon the third or subsequent conviction, the person shall be punished by imprisonment for not less than one hundred eighty days. If the person is also convicted of the offense defined in RCW 46.61.502 or 46.61.504, when both convictions arise from the same event, the minimum sentence of confinement shall be not less than ninety days. The minimum sentence of confinement required shall not be suspended or deferred. A conviction under this subsection does not prevent a person from petitioning for reinstatement as provided by RCW 46.65.080.

(b) A person who violates this section while an order of suspension or revocation prohibiting such operation is in effect and while the person is not eligible to reinstate his or her driver's license or driving privilege, other than for a suspension for the reasons described in (c) of this subsection, is guilty of driving while license suspended or revoked in the second degree, a gross misdemeanor. For the purposes of this subsection, a person is not considered to be eligible to reinstate his or her driver's license or driving privilege if the person is eligible to obtain an ignition interlock driver's license but did not obtain such a license. This subsection applies when a person's driver's license or driving privilege has been suspended or revoked for reason of:

(i) A conviction of a felony in the commission of which a motor vehicle was used;

(ii) A previous conviction under this section;

(iii) A notice received by the department from a court or diversion unit as provided by RCW 46.20.265, relating to a minor who has committed, or who has entered a diversion unit concerning an offense relating to alcohol, legend drugs, controlled substances, or imitation controlled substances;

The court upon receiving such a report shall hold a hearing to determine whether the petitioner should be removed from the deferred prosecution program. At the hearing, evidence shall be taken of the petitioner's alleged failure to comply with the treatment plan or device installation and the petitioner shall have the right to present evidence in his or her defense, and the right to a jury trial; (c) a stipulation to the admissibility and sufficiency of the facts contained in the written police report; and (d) an acknowledgment that the petitioner's right to present evidence on his or her own behalf. The court shall either order that the petitioner continue on the treatment plan or be removed from deferred prosecution. March 5, 2010

Mr. Speaker:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 35.21.420 and 1965 c 7 s 35.21.420 are each amended to read as follows:

(1) Any city owning and operating a public utility and having facilities for the generation of electricity located in a county other than that in which the city is located, may provide for the public peace, health, safety and welfare of such county as concerns the facilities and the personnel employed in connection therewith, by contributing to the support of the county government of any such county and enter into contracts with any such county therefor.

(2)(a) Any city with a population greater than five hundred thousand people owning and operating a public utility and having facilities for the generation of electricity located in a county other than that in which the city is located, must provide for the impacts of lost revenue and the public peace, health, safety, and welfare of such county as concerns the facilities and the personnel employed in connection therewith, by contributing to the support of the county, city, or town government and school district of any such county and enter into contracts with any such county therefor as specified in RCW 35.21.425.

(b)(i) In the event a contract entered into under this section between a county and the governing body of a city with a population greater than five hundred thousand people authorized or required under this section expires prior to the adoption of a new contract between the parties, the city must continue to make compensatory payments calculated based on the payment terms set forth in the most recent expired compensation contract between the city and the county until such time as a new contract is entered into by the parties.

(ii) In the event a contract entered into under this section between a county and the governing body of a city with a population greater than five hundred thousand people expires prior to the effective date of this act, the city shall be indebted to the county for any resulting arrearage accruing from the time of the expiration of the contract until such time as a new contract is entered into by the parties. The dollar amount of such arrearage shall be calculated retroactively by reference to the payment terms set forth in the most recent expired compensation contract between the city and the county.

(c) In the event a contract entered into under this section between a county and the governing body of a city with a population greater than five hundred thousand people expires, or has expired prior to the effective date of this section and the county and the city are unable to reach agreement on a new contract within six months of such expiration, then either the county or the city may initiate the arbitration procedures set forth in RCW 35.21.426 by serving a written notice of intent to arbitrate on the other. Arbitration must commence within sixty days of service of such notice, and must follow the arbitration procedures as provided in RCW 35.21.426. The city is responsible for the costs of arbitration, including compensation for the arbitrators’ services, except that the city and the county shall bear their own costs for attorneys’ fees and their own costs of litigation.

Sec. 2. RCW 35.21.425 and 1965 c 7 s 35.21.425 are each amended to read as follows:

(2)(a) Whenever after March 17, 1955, a municipal owned utility located in a city with a population greater than five hundred thousand people constructs or operates hydroelectric generating facilities or acquires land for the purpose of constructing or operating the same in a county other than the county in which the city is located must enter into an agreement with the county affected for the annual payment of moneys to recompense such losses, as provided under subsection (1) of this section.

(b)(i) In the event an agreement entered into under this section between a county and the governing body of either a city with a population greater than five hundred thousand people or a municipal utility owned by a city with a population greater than five hundred thousand people expires prior to the adoption of a new agreement between the parties, the city or utility must continue to make compensatory payments calculated based on the payment terms set forth in the most recent expired compensation contract between the city and the county until such time as a new agreement is entered into by the parties.

MESSAGE FROM THE SENATE

March 5, 2010

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 3179 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 82.14.450 and 2009 c 551 s 1 are each amended to read as follows:

(1) A county legislative authority may submit an authorizing proposition to the county voters at a primary or general election and, if the proposition is approved by a majority of persons voting, impose a sales and use tax in accordance with the terms of this chapter. The title of each ballot measure must clearly state the purposes for which the proposed sales and use tax will be used. ((Funds raised under this tax shall not supplant existing funds used for these purposes, except as follows: Up to one hundred percent may be used to supplant existing funding in calendar year 2010; up to eighty percent may be used to supplant existing funding in calendar year 2011; up to sixty percent may be used to supplant existing funding in calendar year 2012; up to forty percent may be used to supplant existing funding in calendar year 2013; and up to twenty percent may be used to supplant existing funding in calendar year 2014. For purposes of this subsection, existing funds means the actual operating expenditures for the calendar year in which the ballot measure is approved by voters. Actual operating expenditures excludes lost federal funds, lost or expired state grants or loans, extraordinary events not likely to recur, changes in contract provisions beyond the control of the county or city receiving the services, and major nonrecurring capital expenditures.)) The rate of tax under this section may not exceed thirty-tenths of one percent of the selling price in the case of a sales tax, or value of the article used, in the case of a use tax.

(2)(a) A county legislative authority may submit an authorizing proposition to the city voters at a primary or general election and, if the proposition is approved by a majority of persons voting, impose a sales and use tax in accordance with the terms of this chapter. The title of each ballot measure must clearly state the purposes for which the proposed sales and use tax will be used. The rate of tax under this subsection may not exceed one-tenth of one percent of the selling price in the case of a sales tax, or value of the article used, in the case of a use tax. A city may not begin imposing a tax approved by the voters under this subsection prior to January 1, 2011.

(b) If a county adopts an ordinance or resolution to submit a ballot proposition to the voters to impose the sales and use tax under subsection (1) of this section prior to a city within the county adopting an ordinance or resolution to submit a ballot proposition to the voters to impose the tax under this subsection, the rate of tax by the city under this subsection may not exceed an amount that would cause the total county and city tax rate under this section to exceed three-tenths of one percent. This subsection (2)(b) also applies if the county and city adopt an ordinance or resolution to impose sales and use taxes under this section on the same date.

(c) If the city adopts an ordinance or resolution to submit a ballot proposition to the voters to impose the sales and use tax under this subsection prior to the county in which the city is located, the county must provide a credit against its tax under subsection (1) of this section for the tax imposed by the city under this subsection to the extent the total county and city tax rate under this section would exceed three-tenths of one percent. (4) The retail sale or use of motor vehicles, and the lease of motor vehicles for up to the first thirty-six months of the lease, are exempt from tax imposed under this section.

(4) One-third of all money received under this section must be used solely for criminal justice purposes, fire protection purposes, or both. For the purposes of this subsection, "criminal justice purposes" has the same meaning as provided in RCW 82.14.340.

(5) Money received by a county under subsection (1) of this section must be shared between the county and the cities as follows: Sixty percent must be retained by the county and forty percent must be distributed on a per capita basis to cities in the county.

(6) Tax proceeds received by a city imposing a tax under this section must be shared between the county and city as follows: Fifteen percent must be distributed to the county and eighty-five percent is retained by the city.

Sec. 2. RCW 82.14.460 and 2009 c 551 s 2 are each amended to read as follows:

(1) A county legislative authority may authorize, fix, and impose a sales and use tax in accordance with the terms of this chapter. (b) If a county with a population over eight hundred thousand has not imposed the tax authorized under this subsection by January 1, 2011, any city with a population over thirty thousand located in that county may authorize, fix, and impose the sales and use tax in accordance with the terms of this chapter. The county must provide a credit against its tax for the full amount of tax imposed under this subsection (1)(b) by any city located in that county if the county imposes the tax after January 1, 2011.

(2) The tax authorized in this section (shall (shall)) is in addition to any other taxes authorized by law and (shall) must be collected from those persons who are taxable by the county under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the county.

(3) Moneys collected under this section (shall) must be used solely for the purpose of providing for the operation or delivery of chemical dependency or mental health treatment programs and services and for the operation or delivery of therapeutic court programs and services. For the purposes of this section, "programs and services" includes, but is not limited to, treatment services, case management, and housing that are a component of a coordinated chemical dependency or mental health treatment program or service.

(4) All moneys collected under this section must be used solely for the purpose of providing new or expanded programs and services as provided in this section, except a portion of moneys collected under this section may be used to supplant existing funding for these purposes in any county or city as follows: Up to fifty percent may be used to supplant existing funding in calendar year 2010; up to forty percent may be
used to supplant existing funding in calendar year 2011; up to thirty percent may be used to supplant existing funding in calendar year 2012; up to twenty percent may be used to supplant existing funding in calendar year 2013; and up to ten percent may be used to supplant existing funding in calendar year 2014.

(5) Nothing in this section may be interpreted to prohibit the use of moneys collected under this section for the replacement or major nonrecurring capital expenditures.

Sec. 3.  RCW 82.14.340 and 1995 c 309 s 1 are each amended to read as follows:

(1) The legislative authority of any county may fix and impose a sales and use tax in accordance with the terms of this chapter, provided that such sales and use tax is subject to repeal by referendum, using the procedures provided in RCW 82.14.036. The referendum procedure provided in RCW 82.14.036 is the exclusive method for subjecting any county sales and use tax ordinance or resolution to a referendum vote.

(2) The tax authorized in this section ("shall") is in addition to any other taxes authorized by law and ("shall") must be collected from those persons who are taxable by the state pursuant to chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within such county. The rate of tax ("shall") equals one-tenth of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax).

(3) When distributing moneys collected under this section, the state treasurer ("shall") must distribute ten percent of the moneys to the counties in which the tax was collected. The remainder of the moneys collected under this section ("shall") must be distributed to the county and the cities within the county ratably based on population as last determined by the office of financial management. In making the distribution based on population, the county ("shall") must receive that proportion that the county population bears to the total population of the county and each city ("shall") must receive that proportion that the incorporated population bears to the total county population.

(4) Moneys received from any tax imposed under this section ("shall") must be expended ("exclusively") for criminal justice purposes ("and shall not be used to replace or supplant existing funding"). Criminal justice purposes are defined as activities that substantially assist the criminal justice system, which may include circumstances where ancillary benefit to the civil justice system occurs, and which includes domestic violence services such as those provided by domestic violence programs, community advocates, and legal advocates, as defined in RCW 70.123.020.

(Existing funding for purposes of this subsection is defined as calendar year 1989 actual operating expenditures for criminal justice purposes. Calendar year 1989 actual operating expenditures for criminal justice purposes exclude the following: Expenditures for extraordinary events not likely to recur, changes in contract provisions for criminal justice services, beyond the control of the local jurisdiction receiving the services, and major nonrecurring capital expenditures.))

(5) In the expenditure of funds for criminal justice purposes as provided in this section, cities and counties, or any combination thereof, are expressly authorized to participate in agreements, pursuant to chapter 39.34 RCW, to jointly expend funds for criminal justice purposes of mutual benefit. Such criminal justice purposes of mutual benefit include, but are not limited to, the construction, improvement, and expansion of jails, court facilities, ("and") juvenile justice facilities, and services with ancillary benefits to the civil justice system.

Sec. 4.  RCW 82.12.010 and 2009 c 535 s 304 are each amended to read as follows:

For the purposes of this chapter:

(1) "Purchase price" means the same as sales price as defined in RCW 82.08.010;

(2)(a) "Value of the article used ("shall be") is the purchase price for the article of tangible personal property, the use of which is taxable under this chapter. The term also includes, in addition to the purchase price, the amount of any tariff or duty paid with respect to the importation of the article used. In case the article used is acquired by lease or by gift or is extracted, produced, or manufactured by the person using the same or is sold under conditions wherein the purchase price does not represent the true value thereof, the value of the article used ("shall be") is determined as nearly as possible according to the value of the ingredients of which is taxable under such rules as the department may prescribe.

(b) In case the articles used are acquired by bailment, the value of the use of the articles so used ("shall be") must be in an amount representing a reasonable rental for the use of the articles so bailed, determined as nearly as possible according to the value of such use at the places of use of similar products of like quality and character under such rules as the department of revenue may prescribe. In case any such articles of tangible personal property are used in respect to the construction, repairing, decorating, or improving of, and which become or are to become an ingredient or component of, new or existing buildings or other structures under, upon, or above real property of or for the United States, any instrumentality thereof, or a county or city housing authority created pursuant to chapter 35.82 RCW, including the installing or attaching of any such articles therein or thereto, whether or not such housing personal property becomes a part of the realty by virtue of installation, then the value of the use of such articles so used ("shall be") is determined according to the retail selling price of such articles, or in the absence of such a selling price, as nearly as possible according to the retail selling price at place of use of similar products of like quality and character or, in the absence of either of these selling price measures, such value may be determined upon a cost basis, in any event under such rules as the department of revenue may prescribe.

(c) In the case of articles owned by a user engaged in business outside the state which are brought into the state for no more than one hundred eighty days in any period of three hundred sixty-five consecutive days and which are temporarily used for business purposes by the person in this state, the value of the article used ("shall be") must be an amount representing a reasonable rental for the use of the articles so bailed, determined as nearly as possible according to the value of such use at the places of use of similar products of like quality and character under such rules as the department of revenue may prescribe. In case any such articles of tangible personal property are used in respect to the construction, repairing, decorating, or improving of, and which become or are to become an ingredient or component of, new or existing buildings or other structures under, upon, or above real property of or for the United States, any instrumentality thereof, or a county or city housing authority created pursuant to chapter 35.82 RCW, including the installing or attaching of any such articles therein or thereto, whether or not such housing personal property becomes a part of the realty by virtue of installation, then the value of the use of such articles so used ("shall be") is determined according to the retail selling price of such articles, or in the absence of such a selling price, as nearly as possible according to the retail selling price at place of use of similar products of like quality and character or, in the absence of either of these selling price measures, such value may be determined upon a cost basis, in any event under such rules as the department of revenue may prescribe.

(d) In the case of articles manufactured or produced for purposes of serving as a prototype for the development of a new or improved product, the value of the article used ("shall be") is determined by: (i) The retail selling price of such new or improved product when first offered for sale; or (ii) the value of materials incorporated into the prototype in cases in which the new or improved product is not offered for sale.

(e) In the case of an article manufactured or produced for purposes of serving as a prototype for the development of a new or improved product, the value of the article used ("shall be") is determined by: (i) The retail selling price of such new or improved product when first offered for sale; or (ii) the value of materials incorporated into the prototype in cases in which the new or improved product is not offered for sale.

(f) In the case of an article purchased with a direct pay permit under RCW 82.32.087, the value of the article used ("shall be") is determined by the purchase price of such article if, but for the use of the direct pay permit, the transaction would have been subject to sales tax;

(3) "Value of the service used" means the purchase price for the digital automated service or other service, the use of which is taxable under this chapter. If the service is received by gift or under conditions wherein the purchase price does not represent the true value thereof, the value of the service used ("shall be") is determined as nearly as possible according to the retail selling price at place of use of similar services of like quality and character under rules the department may prescribe;
(4) "Value of the extended warranty used" means the purchase price for the extended warranty, the use of which is taxable under this chapter. If the extended warranty is received by gift or under conditions wherein the purchase price does not represent the true value of the extended warranty, the value of the extended warranty used (shall) is determined as nearly as possible according to the retail selling price at place of use of similar extended warranties of like quality and character under rules the department may prescribe;

(5) "Value of the digital good or digital code used" means the purchase price for the digital good or digital code, the use of which is taxable under this chapter. If the digital good or digital code is acquired other than by purchase, the value of the digital good or digital code must be determined as nearly as possible according to the retail selling price at place of use of similar digital goods or digital codes of like quality and character under rules the department may prescribe;

(6) "Use," "used," "using," or "put to use" have their ordinary meaning, and mean:

(a) With respect to tangible personal property, except for natural gas and manufactured gas, the first act within this state by which the taxpayer takes or assumes dominion or control over the article of tangible personal property (as a consumer), and includes installation, storage, withdrawal from storage, distribution, or any other act preparatory to subsequent actual use or consumption within this state;

(b) With respect to a service defined in RCW 82.04.050(2)(a), the first act within this state after the service has been performed by which the taxpayer takes or assumes dominion or control over the article of tangible personal property upon which the service was performed (as a consumer), and includes installation, storage, withdrawal from storage, distribution, or any other act preparatory to subsequent actual use or consumption of the article within this state;

(c) With respect to an extended warranty, the first act within this state after the extended warranty has been acquired by which the taxpayer takes or assumes dominion or control over the article of tangible personal property to which the extended warranty applies, and includes installation, storage, withdrawal from storage, distribution, or any other act preparatory to subsequent actual use or consumption of the article within this state;

(d) With respect to a digital good or digital code, the first act within this state by which the taxpayer, as a consumer, views, accesses, downloads, possesses, stores, opens, manipulates, or otherwise uses or enjoys the digital good or digital code;

(e) With respect to a digital automated service, the first act within this state by which the taxpayer, as a consumer, uses, enjoys, or otherwise receives the benefit of the service;

(f) With respect to a service defined as a retail sale in RCW 82.04.050(6)(b), the first act within this state by which the taxpayer, as a consumer, accesses the prewritten computer software; (shall)

(g) With respect to a service defined as a retail sale in RCW 82.04.050(2)(g), the first act within this state after the service has been performed by which the taxpayer, as a consumer, views, accesses, downloads, possesses, stores, opens, manipulates, or otherwise uses or enjoys the digital good upon which the service was performed; and

(h) With respect to natural gas or manufactured gas, the use of which is taxable under RCW 82.12.022, including gas that is also taxable under the authority of RCW 82.14.230, the first act within this state by which the taxpayer consumes the gas by burning the gas or storing the gas in the taxpayer's own facilities for later consumption by the taxpayer;

(7) "Taxpayer" and "purchaser" include all persons included within the meaning of the word "buyer" and the word "consumer" as defined in chapters 82.04 and 82.08 RCW;

(8)(a)(i) Except as provided in (a)(ii) of this subsection (8), "retailer" means every seller as defined in RCW 82.08.010 and every person engaged in the business of selling tangible personal property at retail and every person required to collect from purchasers the tax imposed under this chapter.

(ii) "Retailer" does not include a professional employer organization when a covered employee coemployed with the client under the terms of a professional employer agreement engages in activities that constitute a sale of tangible personal property, extended warranty, digital good, digital code, or a sale of any digital automated service or service defined as a retail sale in RCW 82.04.050 (2)(a) or (g), (3)(a), or (6)(b) that is subject to the tax imposed by this chapter. In such cases, the client, and not the professional employer organization, is deemed to be the retailer and is responsible for collecting and remitting the tax imposed by this chapter.

(b) For the purposes of (a) of this subsection, the terms "client," "covered employee," "professional employer agreement," and "professional employer organization" have the same meanings as in RCW 82.04.540;

(9) "Extended warranty" has the same meaning as in RCW 82.04.050(7);

(10) The meaning ascribed to words and phrases in chapters 82.04 and 82.08 RCW, insofar as applicable, (shall have) has full force and effect with respect to taxes imposed under the provisions of this chapter. "Consumer," in addition to the meaning ascribed to it in chapters 82.04 and 82.08 RCW insofar as applicable, (shall) also means any person who distributes or displays, or causes to be distributed or displayed, any article of tangible personal property, except newspapers, the primary purpose of which is to promote the sale of products or services. With respect to property distributed to persons within this state by a consumer as defined in this subsection (10), the use of the property (shall be) is deemed to be by such consumer.

Sec. 5. RCW 82.14.230 and 1989 c 384 s 2 are each amended to read as follows:

(1) The governing body of any city, while not required by legislative mandate to do so, may, by resolution or ordinance for the purposes authorized by this chapter, fix and impose on every person a use tax for the privilege of using natural gas or manufactured gas in the city as a consumer.

(2) The tax (shall) is imposed in an amount equal to the value of the article used by the taxpayer multiplied by the rate in effect for the tax on natural gas businesses under RCW 35.21.870 in the city in which the article is used. The "value of the article used," does not include any amounts that are paid for the hire or use of a natural gas business in transporting the gas subject to tax under this subsection if those amounts are subject to tax under RCW 35.21.870.

(3) The tax imposed under this section (shall) does not apply to the use of natural or manufactured gas if the person who sold the gas to the consumer has paid a tax under RCW 35.21.870 with respect to the gas for which exemption is sought under this subsection.

(4) There (shall) is a credit against the tax levied under this section in an amount equal to any tax paid by:

(a) The person who sold the gas to the consumer when that tax is a gross receipts tax similar to that imposed pursuant to RCW 35.21.870 by another municipality or other unit of local government with respect to the gas for which a credit is sought under this subsection; or

(b) The person consuming the gas upon which a use tax similar to the tax imposed by this section was paid to another municipality or other unit of local government with respect to the gas for which a credit is sought under this subsection.
(5) The use tax (hereby) imposed ((shall)) must be paid by the consumer. The administration and collection of the tax ((hereby)) imposed ((shall be)) is pursuant to RCW 82.14.050.

Sec. 6. RCW 9.46.113 and 1975 1st ex.s. c 166 s 11 are each amended to read as follows:

Any county, city or town which collects a tax on gambling activities authorized pursuant to RCW 9.46.110 ((shall)) must use the revenue from such tax primarily for the purpose of ((enforcement of the provisions of this chapter by the county, city or town law enforcement agency)) public safety.

NEW SECTION. Sec. 7. 2009 c 551 s 12 (uncodified) is hereby repealed.

On page 1, line 2 of the title, after "cities;" strike the remainder of the title and insert "amending RCW 82.14.450, 82.14.460, 82.14.340, 82.12.010, 82.14.230, and 9.46.113; and repealing 2009 c 551 s 12 (uncodified)."

and the same is herewith transmitted.

MESSAGE FROM THE SENATE
March 8, 2010

Mr. Speaker:

The Senate refuses to concur in the House amendment to ENGROSSED SUBSTITUTE SENATE BILL NO. 5902 and asks the House to recede therefrom, and the same is herewith transmitted.

Brad Hendrickson, Deputy Secretary

HOUSE AMENDMENT
TO SENATE BILL

There being no objection, the House receded from its amendment. The rules were suspended and ENGROSSED SUBSTITUTE SENATE BILL NO. 5902 was returned to second reading for the purpose of amendment.

There being no objection, the House reverted to the sixth order of business.

SECOND READING

ENGROSSED SUBSTITUTE SENATE BILL NO. 5902, by Senate Committee on Ways & Means (originally sponsored by Senators Pridemore, Fraser, McAuliffe, Kline, Kohl-Welles and McDermott)
Representative Lias moved the adoption of amendment (1578).

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that when people who have disabilities are welcomed and included as members of our communities and provided with equal access to the opportunities available to others, their participation enriches those communities, enhances the strength of those communities' diversity, and contributes toward the economic vitality of those communities. The legislature further finds that more than nine hundred thousand Washington state residents with disabilities continue to face barriers to full participation that could be easily eliminated.

NEW SECTION. Sec. 2. (1) The accessible communities account is created in the custody of the state treasurer. One hundred dollars of the assessment imposed under RCW 46.16.381 (7), (8), and (9) must be deposited into the account. Any reduction in the penalty or fine and assessment imposed under section 6 of this act shall be applied proportionally between the penalty or fine and the assessment.

(2) The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. Only the commissioner may authorize expenditures from the account.

(3) Expenditures from the account may be used for promoting greater awareness of disability issues and improved access for and inclusion and acceptance of persons with disabilities in communities in the state of Washington, including:

(a) Reimbursement travel, per diem, and reasonable accommodation for county accessible community advisory committee meetings and committee sponsored activities including, but not limited to, supporting the involvement of people with disabilities and disability organization in emergency planning and emergency preparedness activities;

(b) Establishing and maintaining an accessible communities web site;

(c) Providing training or technical assistance for county accessible community advisory committees;

(d) Establishing a grant program for funding proposals developed and submitted by county accessible community advisory committees to promote greater awareness of disability issues and acceptance, inclusion, and access for persons with disabilities within the community;

(e) Reimbursement the state agency that provides administrative support to the governor's committee on disability issues and employment for costs associated with implementing this act; and

(f) Programming changes to the judicial information system accounting module required for disbursement of funds to this account.

NEW SECTION. Sec. 3. A new section is added to chapter 50.40 RCW to read as follows:

(1) To the extent allowed by funds available from the accessible communities account created in section 2 of this act, the governor's committee on disability issues and employment shall:

(a) Determine eligibility of accessible community advisory committees for reimbursement or for grant funding according to section 4 of this act; and

(b) Solicit proposals from active accessible community advisory committees for projects to improve disability awareness and access for persons with disabilities, and shall select projects for funding from monies available in the accessible communities account.

(2) The commissioner shall adopt rules to administer this section.

(3) To the extent allowed by funds available from the accessible communities account created in section 2 of this act, the governor's committee on disability issues and employment shall establish an accessible communities web site to provide the following information:

Guidance, technical assistance, reference materials, and resource identification for local governments, accessible community advisory committees, and public accommodations; examples of best practices for local initiatives and activities to promote greater awareness of disability issues and access for persons with disabilities within the community; and a searchable listing of local public accommodations that have taken steps to be more disability friendly, including information on the specific access features provided.

NEW SECTION. Sec. 4. A new section is added to chapter 36.01 RCW to read as follows:

(1) A county has the option to expand the scope of an advisory committee established and maintained under RCW 29A.46.260 to that of an accessible community advisory committee, or to create an accessible community advisory committee.

(2) A county that has an active accessible community advisory committee may be reimbursed within available funds from the accessible communities account created in section 2 of this act for travel, per diem, and reasonable accommodation expenses for the participation of that committee's members in committee meetings and sponsored activities.

(3) A county establishes that it has an accessible community advisory committee by submitting biennial assurances to the governor's committee on disability issues and employment that:

(a) The decision to establish an accessible community advisory committee was made by the county legislative authority, or by agents or officers acting under that authority.

(b) If an accessible community advisory committee is established by expanding the advisory committee established and maintained under RCW 29A.46.260, the county auditor supports that expansion.

(c) Committee members include persons with a diverse range of disabilities who are knowledgeable in identifying and eliminating attitudinal, programmatic, communication, and physical barriers encountered by persons with disabilities.

(d) The committee is actively involved in the following activities: Advising on addressing the needs of persons with disabilities in emergency plans; advising the county and other local governments within the county on access to programs services and activities, new construction or renovation projects, sidewalks, other pedestrian routes of travel, and disability parking enforcement; and developing local initiatives and activities to promote greater awareness of disability issues, and acceptance, involvement, and access for persons with disabilities within the community.

(4) Counties may form joint accessible community advisory committees, as long as no more than one of the participating counties has a population greater than seventy thousand.

Sec. 5. RCW 29A.46.260 and 2006 c 207 s 7 are each amended to read as follows:

(1) The legislature finds that the elimination of polling places resulting from the transition to vote by mail creates barriers that restrict the ability of many voters with disabilities from achieving the independence and privacy in voting provided by the accessible voting devices required
under the help America vote act. Counties adopting a vote by mail system must take appropriate steps to mitigate these impacts and to address the obligation to provide voters with disabilities an equal opportunity to vote independently and privately, to the extent that this can be achieved without incurring undue administrative and financial burden.

(2) Each county shall establish and maintain an advisory committee that includes persons with diverse disabilities and persons with expertise in providing accommodations for persons with disabilities. The committee shall assist election officials in developing a plan to identify and implement changes to improve the accessibility of elections for voters with disabilities. The plan shall include recommendations for the following:

(a) The number of polling places that will be maintained in order to ensure that people with disabilities have reasonable access to accessible voting devices, and a written explanation for how the determination was made;
(b) The locations of polling places, drop-off facilities, voting centers, and other election-related functions necessary to maximize accessibility to persons with disabilities;
(c) Outreach to voters with disabilities on the availability of disability accommodation, including in-person disability access voting;
(d) Transportation of voting devices to locations convenient for voters with disabilities in order to ensure reasonable access for voters with disabilities; and
(e) Implementation of the provisions of the help America vote act related to persons with disabilities.

(3) Counties may form a joint advisory committee to develop the plan identified in subsection (2) of this section if ((the total population of the joining counties does not exceed thirty thousand, and the counties are geographically adjacent)) no more than one of the participating counties has a population greater than seventy thousand.

Sec. 6. RCW 46.16.381 and 2007 c 262 s 1 and 2007 c 44 s 1 are each reenacted and amended to read as follows:

(1) The director shall grant special parking privileges to any person who has a disability that limits or impairs the ability to walk or involves acute sensitivity to light and meets one of the following criteria, as determined by a licensed physician, an advanced registered nurse practitioner licensed under chapter 18.79 RCW, or a physician assistant licensed under chapter 18.71A or 18.57A RCW:

(a) Cannot walk two hundred feet without stopping to rest;
(b) Is severely limited in ability to walk due to arthritic, neurological, or orthopedic condition;
(c) Has such a severe disability, that the person cannot walk without the use of or assistance from a brace, cane, another person, prosthetic device, wheelchair, or other assistive device;
(d) Uses portable oxygen;
(e) Is restricted by lung disease to such an extent that forced expiratory respiratory volume, when measured by spirometry is less than one liter per second or the arterial oxygen tension is less than sixty mm/hg on room air at rest;
(f) Impairment by cardiovascular disease or cardiac condition to the extent that the person's functional limitations are classified as class III or IV under standards accepted by the American Heart Association;
(g) Has a disability resulting from an acute sensitivity to automobile emissions which limits or impairs the ability to walk. The personal physician, advanced registered nurse practitioner, or physician assistant of the applicant shall document that the disability is comparable in severity to the others listed in this subsection;
(h) Is legally blind and has limited mobility; or
(i) Is restricted by a form of porphyria to the extent that the applicant would significantly benefit from a decrease in exposure to light.

(2) The applications for parking permits for persons with disabilities and parking permits for persons with temporary disabilities are official state documents. Knowingly providing false information in conjunction with the application is a gross misdemeanor punishable under chapter 9A.20 RCW. The following statement must appear on each application form immediately below the physician's, advanced registered nurse practitioner's, or physician assistant's signature and immediately below the applicant's signature: "A parking permit for a person with disabilities may be issued only for a medical necessity that severely affects mobility or involves acute sensitivity to light (RCW 46.16.381). Knowingly providing false information on this application is a gross misdemeanor. The penalty is up to one year in jail and a fine of up to $5,000 or both."

(3) Persons who qualify for special parking privileges are entitled to receive from the department of licensing a removable windshield placard bearing the international symbol of access and an individual serial number, along with a special identification card bearing the name and date of birth of the person to whom the placard is issued, and the placard's serial number. The special identification card shall be issued to all persons who are issued parking placards, including those issued for temporary disabilities, and special parking license plates for persons with disabilities. The department shall design the placard to be displayed when the vehicle is parked by suspending it from the rearview mirror, or in the absence of a rearview mirror the card may be displayed on the dashboard of any vehicle used to transport the person with disabilities. Instead of regular motor vehicle license plates, persons with disabilities are entitled to receive special license plates under this section or RCW 46.16.385 bearing the international symbol of access for one vehicle registered in the name of the person with disabilities. Persons with disabilities who are not issued the special license plates are entitled to receive a second special placard upon submitting a written request to the department. Persons who have been issued the parking privileges and who are using a vehicle or are riding in a vehicle displaying the placard or special license plates issued under this section or RCW 46.16.385 may park in places reserved for persons with physical disabilities. The director shall adopt rules providing for the issuance of special placards and license plates to public transportation authorities, nursing homes licensed under chapter 18.51 RCW, boarding homes licensed under chapter 18.20 RCW, senior citizen centers, private nonprofit agencies as defined in chapter 24.03 RCW, and vehicles registered with the department as cabulances that regularly transport persons with disabilities who have been determined eligible for special parking privileges provided under this section. The director may issue special license plates for a vehicle registered in the name of the public transportation authority, nursing home, boarding home, senior citizen center, private nonprofit agency, or cabulance service if the vehicle is primarily used to transport persons with disabilities described in this section. Public transportation authorities, nursing homes, boarding homes, senior citizen centers, private nonprofit agencies, and cabulance services are responsible for insuring that the special placards and license plates are not used improperly and are responsible for all fines and penalties for improper use.

(4) Whenever the person with disabilities transfers or assigns his or her interest in the vehicle, the special license plates shall be removed from the motor vehicle. If another vehicle is acquired by the person with disabilities and the vehicle owner qualifies for a special plate, the plate
shall be attached to the vehicle, and the director shall be immediately notified of the transfer of the plate. If another vehicle is not acquired by the person with disabilities, the removed plate shall be immediately surrendered to the director.

(5) The special license plate shall be renewed in the same manner and at the time required for the renewal of regular motor vehicle license plates under this chapter. No special license plate may be issued to a person who is temporarily disabled. A person who has a condition expected to improve within six months may be issued a temporary placard for a period not to exceed six months. If the condition exists after six months a new temporary placard shall be issued upon receipt of a new certification from the person's physician. The permanent parking placard and identification card of a person with disabilities shall be renewed at least every five years, as required by the director, by satisfactory proof of the right to continued use of the privileges. In the event of the permit holder's death, the parking placard and identification card must be immediately surrendered to the department. The department shall match and purge its database of parking permits issued to persons with disabilities with available death record information at least every twelve months.

(6) Additional fees shall not be charged for the issuance of the special placards or the identification cards. No additional fee may be charged for the issuance of the special license plates except the regular motor vehicle registration fee and any other fees and taxes required to be paid upon registration of a motor vehicle.

(7) Any unauthorized use of the special placard, special license plate issued under this section or RCW 46.16.385, or identification card is a traffic violation with a monetary penalty of two hundred fifty dollars. If the request is refused, the person in charge of the vehicle may be issued a notice of infraction for the same offense.

(8) It is a parking infraction, with a monetary penalty of two hundred fifty dollars for a person to park in, block, or otherwise make inaccessible the access aisle located next to a space reserved for persons with physical disabilities. In addition to any penalty or fine imposed under this subsection, two hundred dollars shall be assessed.

(9) It is a parking infraction, with a monetary penalty of two hundred fifty dollars for any person to park a vehicle in a parking place provided on private property without charge or on public property reserved for persons with physical disabilities without a placard or special license plate issued under this section or RCW 46.16.385. In addition to any penalty or fine imposed under this subsection, two hundred dollars shall be assessed. If a person is charged with a violation, the person shall not be determined to have committed an infraction if the person produces in court or before the court appearance the placard or special license plate issued under this section or RCW 46.16.385 required under this section. A local jurisdiction providing nonmetered, on-street parking spaces reserved for persons with physical disabilities may impose by ordinance time restrictions of no less than four hours on the use of these parking places. A local jurisdiction may impose by ordinance time restrictions of no less than four hours on the use of nonreserved, on-street parking spaces by vehicles displaying the special parking placards or special license plates issued under this section or RCW 46.16.385. All time restrictions must be clearly posted.

(10) The penalties imposed under subsections (7), (8), and (9) of this section shall be allocated as follows: (a) The assessment imposed under subsections (7), (8), and (9) of this section shall be allocated as follows: (i) One hundred dollars shall be deposited in the accessible communities account created in section 2 of this act; and (ii) One hundred dollars shall be deposited in the multimodal transportation account under RCW 47.66.070 for the sole purpose of supplementing a grant program for special needs transportation provided by transit agencies and nonprofit providers of transportation that is administered by the department of transportation.

(b) Any reduction in any penalty or fine and assessment imposed under subsections (7), (8), and (9) of this section shall be applied proportionally between the penalty or fine and the assessment. When a reduced penalty is imposed under subsection (7), (8), or (9) of this section, the amount deposited in the accounts identified in (a) of this subsection shall be reduced equally and proportionally.

(c) The penalty or fine amounts shall be used by that local jurisdiction exclusively for law enforcement. The court may also impose an additional penalty sufficient to reimburse the local jurisdiction for any costs it may have incurred in removal and storage of the improperly parked vehicle.

(11) Except as provided by subsection (2) of this section, it is a traffic infraction with a monetary penalty of two hundred fifty dollars for any person willfully to obtain a special license plate issued under this section or RCW 46.16.385, placard, or identification card in a manner other than that established under this section.

(12) (a) A law enforcement agency authorized to enforce parking laws may appoint volunteers, with a limited commission, to issue notices of infractions for violations of this section or RCW 46.61.581. Volunteers must be at least twenty-one years of age. The law enforcement agency appointing volunteers may establish any other qualifications the agency deems desirable.

(b) An agency appointing volunteers under this section must provide training to the volunteers before authorizing them to issue notices of infractions.

(c) A notice of infraction issued by a volunteer appointed under this subsection has the same force and effect as a notice of infraction issued by a police officer for the same offense.

(d) A police officer or a volunteer may request a person to show the person's identification card or special parking placard when investigating the possibility of a violation of this section. If the request is refused, the person in charge of the vehicle may be issued a notice of infraction for a violation of this section.

(13) For second or subsequent violations of this section, in addition to a monetary fine, the violator must complete a minimum of forty hours of: (a) Community restitution for a nonprofit organization that serves persons having disabilities or disabling diseases; or (b) Any other community restitution that may sensitize the violator to the needs and obstacles faced by persons who have disabilities.

(14) The court may not suspend more than one-half of any fine imposed under subsection (7), (8), (9), or (11) of this section.

(15) For the purposes of this section, "legally blind" means a person who: (a) Has no vision or whose vision with corrective lenses is so limited that the individual requires alternative methods or skills to do efficiently those things that are ordinarily done with sight by individuals with normal vision; or (b) has an eye condition of a progressive nature which may lead to blindness.

Sec. 7. RCW 43.79.A.040 and 2009 c 87 s 4 are each amended to read as follows:

(1) Money in the treasurer's trust fund may be deposited, invested, and reinvested by the state treasurer in accordance with RCW 43.84.080 in the same manner and to the same extent as if the money were in the state treasury.

(2) All income received from investment of the treasurer's trust fund shall be set aside in an account in the treasury trust fund to be known as the investment income account.
(3) The investment income account may be utilized for the payment of purchased banking services on behalf of treasurer's trust funds including, but not limited to, depository, safekeeping, and disbursement functions for the state treasurer or affected state agencies. The investment income account is subject in all respects to chapter 43.88 RCW, but no appropriation is required for payments to financial institutions. Payments shall occur prior to distribution of earnings set forth in subsection (4) of this section.

(4)(a) Monthly, the state treasurer shall distribute the earnings credited to the investment income account to the state general fund except under (b) and (c) of this subsection.

Sec. 2. RCW 48.43.035 and 2004 c 244 s 4 are each amended to read as follows:

For group health benefit plans, the following shall apply:

(1) All health carriers shall accept for enrollment any state resident within the group to whom the plan is offered and within the carrier's service area and provide or assure the provision of all covered services regardless of age, sex, family structure, ethnicity, race, health condition, geographic location, employment status, socioeconomic status, other condition or situation, or the provisions of RCW 49.60.174(2). The insurance commissioner may grant a temporary exemption from this subsection, if, upon application by a health carrier the commissioner finds that the clinical, financial, or administrative capacity to serve existing enrollees will be impaired if a health carrier is required to continue enrollment of additional eligible individuals.

(2) Except as provided in subsection (5) of this section, all health plans shall contain or incorporate by endorsement a guarantee of the continuity of coverage of the plan. For the purposes of this section, a plan is "renewed" when it is continued beyond the earliest date upon which, at the carrier's sole option, the plan could have been terminated for other than nonpayment of premium. The carrier may consider the group's anniversary date as the renewal date for purposes of complying with the provisions of this section.

(3) The guarantee of continuity of coverage required in health plans shall not prevent a carrier from canceling or nonrenewing a health plan for:

(a) Nonpayment of premium;
(b) Violation of published policies of the carrier approved by the insurance commissioner;
(c) Covered persons entitled to become eligible for medicare benefits by reason of age who fail to apply for a medicare supplement plan or medicare cost, risk, or other plan offered by the carrier pursuant to federal laws and regulations;
(d) Covered persons who fail to pay any deductible or copayment amount owed to the carrier and not the provider of health care services;
(e) Covered persons committing fraudulent acts as to the carrier;
(f) Covered persons who materially breach the health plan; or
(g) Change or implementation of federal or state laws that no longer permit the continued offering of such coverage.

(4) The provisions of this section do not apply in the following cases:

(a) A carrier has zero enrollment on a product;
(b) A carrier replaces a product and the replacement product is provided to all covered persons within that class or line of business, includes all of the services covered under the replaced product, and does not significantly limit access to the kind of services covered under the replaced product. The health plan may also allow unrestricted conversion to a fully comparable product;
(c) No sooner than January 1, 2005, a carrier discontinues offering a particular type of health benefit plan offered for groups of up to two hundred if: (i) The carrier provides notice to each group of the discontinuation at least ninety days prior to the date of the discontinuation; (ii) the carrier offers to each group provided coverage of this type the option to enroll, with regard to small employer groups, in any other small employer group plan, or with regard to groups of up to two hundred, in any other applicable group plan, currently being offered by the carrier in the applicable group market; and (iii) in exercising the option to discontinue coverage of this type and in offering the option of coverage under (c)(ii) of this subsection, the carrier acts uniformly without regard to any health status-related factor of enrolled individuals or individuals who may become eligible for this coverage;
(d) A carrier discontinues offering all health coverage in the small group market or for groups of up to two hundred, or both markets, in the state and discontinues coverage under all existing group health benefit plans in the applicable market involved if: (i) The carrier provides notice to the commissioner of its intent to discontinue offering all such coverage in the state and its intent to discontinue coverage under all such existing health benefit plans at least one hundred eighty days prior to the date of the discontinuation of coverage under all such existing health benefit plans; and (ii) the carrier has provided notice to each covered group of the intent to discontinue the existing health benefit plan at least one hundred eighty days prior to the date of discontinuation. In the case of discontinuation under this subsection, the carrier may not issue any group health coverage in this state in the applicable group market involved for a five-year period beginning on the date of the discontinuation of the last health benefit plan not so renewed. This subsection (4) does not require a carrier to provide notice to the commissioner of its intent to discontinue offering a health benefit plan to new applicants when the carrier does not discontinue coverage of existing enrollees under that health benefit plan; or
(e) A carrier is withdrawing from a service area or from a segment of its service area because the carrier has demonstrated to the insurance commissioner that the carrier's clinical, financial, or administrative capacity to serve enrollees would be exceeded.

(5) The provisions of this section do not apply to health plans deemed by the insurance commissioner to be unique or limited or have a short-term purpose, after a written request for such classification by the carrier and subsequent written approval by the insurance commissioner.

((6) Notwithstanding any other provision of this section, the guarantee of continuity of coverage applies to a group of one only if: (a) The carrier continues to offer any other small employer group plan in which the group of one was eligible to enroll on the day prior to June 10, 2004; and (b) the person continues to qualify as a group of one under the criteria in place on the day prior to June 10, 2004.))

(2) "Provider" means any health professional, hospital, or other institution, organization, or person that furnishes health care services and is licensed to furnish such services.

(3) "Health care service contractor" means any corporation, cooperative group, or association, which is sponsored by or otherwise intimately connected with a provider or group of providers, who or which not otherwise being engaged in the insurance business, accepts prepayment for health care services from or for the benefit of persons or groups of persons as consideration for providing such persons with any health care services. "Health care service contractor" does not include direct patient-provider primary care practices as defined in RCW 48.150.010.
(4) "Participating provider" means a provider, who or which has contracted in writing with a health care service contractor to accept payment from and to look solely to such contractor according to the terms of the subscriber contract for any health care services rendered to a person who has previously paid, or on whose behalf prepayment has been made, to such contractor for such services.

(5) "Enrolled participant" means a person or group of persons who have entered into a contractual arrangement or on whose behalf a contractual arrangement has been entered into with a health care service contractor to receive health care services.

(6) "Commissioner" means the insurance commissioner.

(7) "Uncovered expenditures" means the costs to the health care service contractor for health care services that are the obligation of the health care service contractor for which an enrolled participant would also be liable in the event of the health care service contractor's insolvency and for which no alternative arrangements have been made as provided herein. The term does not include expenditures for covered services when a provider has agreed not to bill the enrolled participant even though the provider is not paid by the health care service contractor, or for services that are guaranteed, insured or assumed by a person or organization other than the health care service contractor.

(8) "Copayment" means an amount specified in a group or individual contract which is an obligation of an enrolled participant for a specific service which is not fully prepaid.

(9) "Deductible" means the amount an enrolled participant is responsible to pay before the health care service contractor begins to pay the costs associated with treatment.

(10) "Group contract" means a contract for health care services which by its terms limits eligibility to members of a specific group. The group contract may include coverage for dependents.

(11) "Individual contract" means a contract for health care services issued to and covering an individual. An individual contract may include dependents.

(12) "Carrier" means a health maintenance organization, an insurer, a health care service contractor, or other entity responsible for the payment of benefits or provision of services under a group or individual contract.

(13) "Replacement coverage" means the benefits provided by a succeeding carrier.

(14) "Insolvent" or "insolvency" means that the organization has been declared insolvent and is placed under an order of liquidation by a court of competent jurisdiction.

(15) "Fully subordinated debt" means those debts that meet the requirements of RCW 48.44.037(3) and are recorded as equity.

(16) "Net worth" means the excess of total admitted assets as defined in RCW 48.12.010 over total liabilities but the liabilities shall not include fully subordinated debt.

(17) "Census date" means the date upon which a health care services contractor offering coverage to a small employer must base rate calculations. For a small employer applying for a health benefit plan through a contractor other than its current contractor, the census date is the date that final group composition is received by the contractor. For a small employer that is renewing its health benefit plan through its existing contractor, the census date is ninety days prior to the effective date of the renewal.

Sec. 4. RCW 48.44.023 and 2009 c 131 s 2 are each amended to read as follows:

(1)(a) A health care services contractor offering any health benefit plan to a small employer, either directly or through an association or member-government formed group specified for the purpose of purchasing health care, may offer and actively market to the small employer a health benefit plan featuring a limited schedule of covered health care services. Nothing in this subsection shall preclude a contractor from offering, or a small employer from purchasing, other health benefit plans that may have more comprehensive benefits than those included in the product offered under this subsection. A contractor offering a health benefit plan under this subsection shall clearly disclose all covered benefits to the small employer in a brochure filed with the commissioner.

(b) A health benefit plan offered under this subsection shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.44.225, 48.44.240, 48.44.245, 48.44.290, 48.44.300, 48.44.310, 48.44.320, 48.44.325, 48.44.330, 48.44.335, 48.44.344, 48.44.360, 48.44.400, 48.44.440, and 48.44.450.

(2) Nothing in this section shall prohibit a health care service contractor from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(a) The contractor shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

(i) Geographic area;

(ii) Family size;

(iii) Age; and

(iv) Wellness activities.

(b) The adjustment for age in (a)(iiii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(c) The contractor shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (3).

(d) The permitted rates for any age group shall be no more than four hundred twenty percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs. Up to a twenty percent variance may be allowed for small employers that develop and implement a wellness program or activities that directly improve employee wellness. Employers shall document program activities with the carrier and may, after three years of implementation, request a reduction in premiums based on improved employee health and wellness. While carriers may review the employer's claim history when making a determination regarding whether the employer's wellness program has improved employee health, the carrier may not use maternity or prevention services claims to deny the employer's request. Carriers may consider issues such as improved productivity or a reduction in absenteeism due to illness if submitted by the employer for consideration. Interested employers may also work with the carrier to develop a wellness program and a means to track improved employee health.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:
FIFTY NINTH DAY, MARCH 10, 2010

(i) Changes to the enrollment of the small employer;
(ii) Changes to the family composition of the employee;
(iii) Changes to the health benefit plan requested by the small employer; or
(iv) Changes in government requirements affecting the health benefit plan.

(g) On the census date, as defined in RCW 48.44.010, rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, and differences in census date between new and renewal groups, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. A carrier may develop its rates based on claims costs due to network provider reimbursement schedules or type of network. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all groups purchasing coverage, including the small group participants in the health insurance partnership established in RCW 70.47A.030. However, annual rate adjustments for each small group health benefit plan may vary by up to plus or minus four percentage points from the overall adjustment of a carrier's entire small group pool, such overall adjustment to be approved by the commissioner, upon a showing by the carrier, certified by a member of the American academy of actuaries that: (i) The variation is a result of deductible leverage, benefit design, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier's small group pool. Variations of greater than four percentage points are subject to review by the commissioner, and must be approved or denied within sixty days of submittal. A variation that is not denied within sixty days shall be deemed approved. The commissioner must provide to the carrier a detailed actuarial justification for any denial within thirty days of the denial.

(j) For health benefit plans purchased through the health insurance partnership established in chapter 70.47A RCW:

(i) Any surcharge established pursuant to RCW 70.47A.030(2)(e) shall be applied only to health benefit plans purchased through the health insurance partnership; and

(ii) Risk adjustment or reinsurance mechanisms may be used by the health insurance partnership program to redistribute funds to carriers participating in the health insurance partnership based on differences in risk attributable to individual choice of health plans or other factors unique to health insurance partnership participation. Use of such mechanisms shall be limited to the partnership program and will not affect small group health plans offered outside the partnership.

(k) If the rate developed under this section varies the adjusted community rate for the factors listed in (a) of this subsection, the date for determining those factors must be no more than ninety days prior to the effective date of the health benefit plan.

(4) Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

(5)(a) Except as provided in this subsection and subsection (3)(g) of this section, requirements used by a contractor in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

(b) A contractor shall not require a minimum participation level greater than:

(i) One hundred percent of eligible employees working for groups with three or less employees; and

(ii) Seventy-five percent of eligible employees working for groups with more than three employees.

(c) In applying minimum participation requirements with respect to a small employer, a small employer shall not consider employees or dependents who have similar existing coverage in determining whether the applicable percentage of participation is met.

(d) A contractor may not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(e) Minimum participation requirements and employer premium contribution requirements adopted by the health insurance partnership board under RCW 70.47A.110 shall apply only to the employers and employees who purchase health benefit plans through the health insurance partnership.

(6) A contractor must offer coverage to all eligible employees of a small employer and their dependents. A contractor may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. A contractor may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan.

Sec. 6. RCW 48.46.066 and 2009 c 131 s 3 are each amended to read as follows:

(1)(a) A health maintenance organization offering any health benefit plan to a small employer, either directly or through an association or member-governed group formed specifically for the purpose of purchasing health care, may offer and actively market to the small employer a health benefit plan featuring a limited schedule of covered health care services. Nothing in this subsection shall preclude a health maintenance organization from offering, or a small employer from purchasing, other health benefit plans that may have more comprehensive benefits than those included in the product offered under this subsection. A health maintenance organization offering a health benefit plan under this subsection shall clearly disclose all the covered benefits to the small employer in a brochure filed with the commissioner.

(b) A health benefit plan offered under this subsection shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.46.275, 48.46.280, 48.46.285, 48.46.350, 48.46.355, 48.46.375, 48.46.440, 48.46.480, 48.46.510, 48.46.520, and 48.46.530.

(2) Nothing in this section shall prohibit a health maintenance organization from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(a) The health maintenance organization shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:
   (i) Geographic area;
   (ii) Family size;
   (iii) Age; and
   (iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.
The health maintenance organization shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (3).

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs. Up to a twenty percent variance may be allowed for small employers that develop and implement a wellness program or activities that directly improve employee wellness. Employers shall document program activities with the carrier and may, after three years of implementation, request a reduction in premiums based on improved employee health and wellness. While carriers may review the employer’s claim history when making a determination regarding whether the employer’s wellness program has improved employee health, the carrier may not use maternity or prevention services claims to deny the employer’s request. Carriers may consider issues such as improved productivity or a reduction in absenteeism due to illness if submitted by the employer for consideration. Interested employers may also work with the carrier to develop a wellness program and a means to track improved employee health.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

(i) Changes to the enrollment of the small employer;
(ii) Changes to the family composition of the employee;
(iii) Changes to the health benefit plan requested by the small employer; or
(iv) Changes in government requirements affecting the health benefit plan.

(g) On the census date, as defined in RCW 48.46.020, rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, and differences in census date between new and renewal groups, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. A carrier may develop its rates based on claims costs due to network provider reimbursement schedules or type of network. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all groups purchasing coverage, including the small group participants in the health insurance partnership established in RCW 70.47A.030. However, annual rate adjustments for each small group health benefit plan may vary by up to plus or minus four percentage points from the overall adjustment of a carrier's entire small group pool, such overall adjustment to be approved by the commissioner, upon a showing by the carrier, certified by a member of the American academy of actuaries that: (i) The variation is a result of deductible leverage, benefit design, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier's small group pool. Variations of greater than four percentage points are subject to review by the commissioner, and must be approved or denied within sixty days of submittal. A variation that is not denied within sixty days shall be deemed approved. The commissioner must provide to the carrier a detailed actuarial justification for any denial within thirty days of the denial.

(j) For health benefit plans purchased through the health insurance partnership established in chapter 70.47A RCW:

(i) Any surcharge established pursuant to RCW 70.47A.030(2)(e) shall be applied only to health benefit plans purchased through the health insurance partnership; and
(ii) Risk adjustment or reinsurance mechanisms may be used by the health insurance partnership program to redistribute funds to carriers participating in the health insurance partnership based on differences in risk attributable to individual choice of health plans or other factors unique to health insurance partnership participation. Use of such mechanisms shall be limited to the partnership program and will not affect small group health plans offered outside the partnership.

(k) If the rate developed under this section varies the adjusted community rate for the factors listed in (a) of this subsection, the date for determining those factors must be no more than ninety days prior to the effective date of the health benefit plan.

(4) Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

(5)(a) Except as provided in this subsection and subsection (3)(g) of this section, requirements used by a health maintenance organization in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

(b) A health maintenance organization shall not require a minimum participation level greater than:

(i) One hundred percent of eligible employees working for groups with three or less employees; and
(ii) Seventy-five percent of eligible employees working for groups with more than three employees.

(c) In applying minimum participation requirements with respect to a small employer, a small employer shall not consider employees or dependents who have similar existing coverage in determining whether the applicable percentage of participation is met.

(d) A health maintenance organization may not increase any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(e) Minimum participation requirements and employer premium contribution requirements adopted by the health insurance partnership board under RCW 70.47A.110 shall apply only to the employers and employees who purchase health benefit plans through the health insurance partnership.

(6) A health maintenance organization must offer coverage to all eligible employees of a small employer and their dependents. A health maintenance organization may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. A health maintenance organization may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan.

Sec. 7. RCW 48.21.045 and 2009 1st Ex S 1 are each amended to read as follows:
(1)(a) An insurer offering any health benefit plan to a small employer, either directly or through an association or member-governed group formed specifically for the purpose of purchasing health care, may offer and actively market to the small employer a health benefit plan featuring a limited schedule of covered health care services. Nothing in this subsection shall preclude an insurer from offering, or a small employer from purchasing, other health benefit plans that may have more comprehensive benefits than those included in the product offered under this subsection. An insurer offering a health benefit plan under this subsection shall clearly disclose all covered benefits to the small employer in a brochure filed with the commissioner.

(2) Nothing in this section shall prohibit an insurer from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(c) The insurer shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (3).

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs. Carriers may consider issues such as improved productivity or a reduction in absenteeism due to illness if submitted by the employer for consideration. Interested employers may also work with the carrier to develop a wellness program and a means to track improved employee health.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:
(i) Changes to the enrollment of the small employer;
(ii) Changes to the family composition of the employee;
(iii) Changes to the health benefit plan requested by the small employer; or
(iv) Changes in government requirements affecting the health benefit plan.

(g) On the census date, as defined in RCW 48.21.047, rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, and differences in census date between new and renewal groups, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. A carrier may develop its rates based on claims costs due to network provider reimbursement schedules or type of network. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all small groups purchasing coverage, including the small group participants in the health insurance partnership established in RCW 70.47A.030. A variation that is not denied within sixty days shall be deemed approved. The commissioner must provide the carrier a detailed actuarial justification for any denial within thirty days of the denial.

(j) For health benefit plans purchased through the health insurance partnership established in chapter 70.47A RCW:
(i) Any surcharge established pursuant to RCW 70.47A.030(2)(e) shall be applied only to health benefit plans purchased through the health insurance partnership; and

(ii) Risk adjustment or reinsurance mechanisms may be used by the health insurance partnership program to redistribute funds to carriers participating in the health insurance partnership based on differences in risk attributable to individual choice of health plans or other factors unique to health insurance partnership participation. Use of such mechanisms shall be limited to the partnership program and will not affect small group health plans offered outside the partnership.

(k) If the rate developed under this section varies the adjusted community rate for the factors listed in (a) of this subsection, the date for determining those factors must be no more than ninety days prior to the effective date of the health benefit plan.

(4) Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.
(5)(a) Except as provided in this subsection and subsection (3)(g) of this section, requirements used by an insurer in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

(b) An insurer shall not require a minimum participation level greater than:

(d) An insurer may not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(e) Minimum participation requirements and employer premium contribution requirements adopted by the health insurance partnership board under RCW 70.47A.110 shall apply only to the employers and employees who purchase health benefit plans through the health insurance partnership.

(2) Not later than July 1, 2012, the growth management hearings board consists of seven members qualified by experience or training in matters pertaining to land use law or land use planning, except that the governor may reduce the board to six members if warranted by the board's caseload. All board members must be appointed by the governor, two each residing respectively in the central Puget Sound, eastern Washington, and western Washington regions and shall continue to meet the qualifications set out in RCW 36.70A.260. The reduction from seven board members to six board members must be made through attrition, voluntary resignation, or retirement.

Sec. 16. RCW 36.70A.270 and 1997 c 429 s 11 are each amended to read as follows:

Each growth management hearings board shall be governed by the following rules on conduct and procedure:

(1) Any board member may be removed for inefficiency, malfeasance, and misfeasance in office, under specific written charges filed by the governor. The governor shall transmit such written charges to the member accused and the chief justice of the superior court. The chief justice shall thereupon designate a tribunal composed of three judges of the superior court to hear and adjudicate the charges. Removal of any member of a board by the tribunal shall disqualify such member for reappointment.

(2) Each board member shall receive reimbursement for travel expenses incurred in the discharge of his or her duties in accordance with RCW 43.03.050 and RCW 43.03.060. If it is determined that the review boards shall operate on a full-time basis, each member shall receive an annual salary to be determined by the governor pursuant to RCW 43.03.040. If it is determined that a review board shall operate on a part-time basis, each member shall receive compensation pursuant to RCW 43.03.250, provided such amount shall not exceed the amount that would be set if they were a full-time board member. The principal office of each board shall be located by the governor within the jurisdictional boundaries of each board. The boards shall operate on either a part-time or full-time basis, as determined by the governor.

(3) Each board member shall not: (a) Be a candidate for or hold any other public office or trust; (b) engage in any occupation or business interfering with or inconsistent with his or her duty as a board member; and (c) for a period of one year after the termination of his or her board membership, act in a representative capacity before the board on any matter.

(4) A majority of each board shall constitute a quorum for making orders or decisions, adopting rules necessary for the conduct of its powers and duties, or transacting other official business, and may act even though one position of the board is vacant. One or more members may hold hearings and take testimony to be reported for action by the board when authorized by rule or order of the board. The board shall perform all the powers and duties specified in this chapter or as otherwise provided by law.

(5) The board may (appoint) use one or more hearing examiners to assist the board in its hearing function, to make conclusions of law and findings of fact and, if requested by the board, to make recommendations to the board for decisions in cases before the board. Such hearing examiners must have demonstrated knowledge of land use planning and law. The boards shall specify in their joint rules of practice and procedure, as required by subsection (7) of this section, the procedure and criteria to be employed for designating hearing examiners as a presiding officer. Hearing examiners (selected) used by a board shall meet the requirements of subsection (3) of this section. The findings and conclusions of the hearing examiner shall not become final until they have been formally approved by the board. This authorization to use hearing examiners does not waive the requirement of RCW 36.70A.300 that final orders be issued within one hundred eighty days of board receipt of a petition.

(6) Each board shall make findings of fact and prepare a written decision in each case decided by it, and such findings and decision shall be effective upon being signed by two or more members of the board and upon being filed at the board's principal office, and shall be open for public inspection at all reasonable times.

(7) All proceedings before the board, any of its members, or a hearing examiner appointed by the board shall be conducted in accordance with such administrative rules of practice and procedure as the boards jointly prescribe. All three boards shall jointly meet to develop and adopt joint rules of practice and procedure, including rules regarding expeditious and summary disposition of appeals. The boards shall publish such rules and decisions they render and arrange for the reasonable distribution of the rules and decisions. Except as it conflicts with specific provisions of this chapter, the administrative procedure act, chapter 34.05 RCW, and specifically including the provisions of RCW 34.05.455 governing ex parte communications, shall govern the practice and procedure of the boards.

(8) A board member or hearing examiner is subject to disqualification under chapter 34.05 RCW. The joint rules of practice of the boards shall establish procedures by which a party to a hearing conducted before the board may file with the board a motion to disqualify, with supporting affidavit, against a board member or hearing examiner assigned to preside at the hearing.

(9) The members of the boards shall meet jointly on at least an annual basis with the objective of sharing information that promotes the goals and purposes of this chapter.

Sec. 17. RCW 70.95.094 and 1989 c 431 s 8 are each amended to read as follows:

Each county and city preparing a comprehensive solid waste management plan shall submit a preliminary draft plan to the department for technical review. The department shall review and comment on the draft plan within one hundred twenty days of receipt. The department's comments shall state specific actions or revisions that must be completed for plan approval.
(2) Each final draft solid waste management plan shall be submitted to the department for approval. The department will limit its comments on the final draft plans to those issues identified during its review of the draft plan and any other changes made between submittal of the preliminary draft and final draft plans. Disapproval of the local comprehensive solid waste management plan shall be supported by specific findings. A final draft plan shall be deemed approved if the department does not disapprove it within forty-five days of receipt.

(3) If the department disapproves a plan or any plan amendments, the submitting entity may appeal the decision (under the procedures of Part IV of chapter 34.05 RCW. An administrative law judge shall preside over the appeal) to the pollution control hearings board as provided in RCW 43.21B.230. The appeal shall be limited to review of the specific findings which supported the disapproval under subsection (2) of this section.

Sec. 18. RCW 76.06.180 and 2007 c 480 s 7 are each amended to read as follows:

(1) Prior to issuing a forest health hazard warning or forest health hazard order, the commissioner shall consider the findings and recommendations of the forest health technical advisory committee and shall consult with county government officials, forest landowners and forest land managers, consulting foresters, and other interested parties to gather information on the threat, opportunities or constraints on treatment options, and other information they may provide. The commissioner, or a designee, shall conduct a public hearing in a county within the geographical area being considered.

(2) The commissioner of public lands may issue a forest health hazard warning when he or she deems such action is necessary to manage the development of a threat to forest health or address an existing threat to forest health. A decision to issue a forest health hazard warning may be based on existing forest stand conditions and:

(a) The presence of an uncharacteristic insect or disease outbreak that has or is likely to (i) spread to multiple forest ownerships and cause extensive damage to forests; or (ii) significantly increase forest fuel that is likely to further the spread of uncharacteristic fire;

(b) When, due to extensive physical damage from wind or ice storm or other cause, there are (i) insect populations building up to large scale levels; or (ii) significantly increased forest fuels that are likely to further the spread of uncharacteristic fire; or

(c) When otherwise determined by the commissioner to be appropriate.

(3) The commissioner of public lands may issue a forest health hazard order when he or she deems such action is necessary to address a significant threat to forest health. A decision to issue a forest health hazard order may be based on existing forest stand conditions and:

(a) The presence of an uncharacteristic insect or disease outbreak that has (i) spread to multiple forest ownerships and has caused and is likely to continue to cause extensive damage to forests; or (ii) significantly increased forest fuels that are likely to further the spread of uncharacteristic fire;

(b) When, due to extensive physical damage from wind or ice storm or other cause (i) insect populations are causing extensive damage to forests; or (ii) significantly increased forest fuels are likely to further the spread of uncharacteristic fire;

(c) Insufficient landowner action under a forest health hazard warning; or

(d) When otherwise determined by the commissioner to be appropriate.

(4) A forest health hazard warning or forest health hazard order shall be issued by use of a commissioner's order. General notice of the commissioner's order shall be published in a newspaper of general circulation in each county within the area covered by the order and on the department's web site. The order shall specify the boundaries of the area affected, including federal and tribal lands, the forest stand conditions that would make a parcel subject to the provisions of the order, and the actions landowners or land managers should take to reduce the hazard.

(5) Written notice of a forest health hazard warning or forest health hazard order shall be provided to forest landowners of specifically affected property.

(a) The notice shall set forth:

(i) The reasons for the action;

(ii) The boundaries of the area affected, including federal and tribal lands;

(iii) Suggested actions that should be taken by the forest landowner under a forest health hazard warning or the actions that must be taken by a forest landowner under a forest health hazard order;

(iv) The time within which such actions should or must be taken;

(v) How to obtain information or technical assistance on forest health conditions and treatment options;

(vi) The right to request mitigation under subsection (6) of this section and appeal under subsection (7) of this section;

(vii) These requirements are advisory only for federal and tribal lands.

(b) The notice shall be served by personal service or by mail to the latest recorded real property owner, as shown by the records of the county recording officer as defined in RCW 65.08.060. Service by mail is effective on the date of mailing. Proof of service shall be by affidavit or declaration under penalty of perjury.

(6) Forest landowners who have been issued a forest health hazard order under subsection (5) of this section may apply to the department for the remission or mitigation of such order. The application shall be made to the department within fifteen days after notice of the order has been served. Upon receipt of the application, the department may remit or mitigate the order upon whatever terms the department in its discretion deems proper, provided the department deems the remission or mitigation to be in the best interests of carrying out the purposes of this chapter. The department may ascertain the facts regarding all such applications in such reasonable manner and under such rule as it deems proper.

(7) Forest landowners who have been issued a forest health hazard order under subsection (5) of this section may appeal the order to the pollution control hearings board.

((a) The appeal shall be filed within thirty days after notice of the order has been served, unless application for mitigation has been made to the department. When such an application for mitigation is made, such appeal shall be filed within thirty days after notice of the disposition of the application for mitigation has been served as provided in RCW 43.21B.230.

(b) The appeal must set forth:

(i) The name and mailing address of the appellant;

(ii) The name and mailing address of the appellant's attorney, if any;

(iii) A duplicate copy of the forest health hazard order;

(iv) A separate and concise statement of each error alleged to have been committed;

(v) A concise statement of facts upon which the appellant relies to sustain the statement of error; and

(vi) A statement of the relief requested.))
(8) A forest health hazard order issued under subsection (5) of this section is effective thirty days after date of service unless application for remission or mitigation is made or an appeal is filed. When an application for remission or mitigation is made, the order is effective thirty days after notice setting forth the disposition of the application is served unless an appeal is filed from such disposition. Whenever an appeal of the order is filed, the order shall become effective only upon completion of all administrative and judicial review proceedings and the issuance of a final decision confirming the order in whole or in part.

(9) Upon written request, the department may certify as adequate a forest health management plan developed by a forest landowner, before or in response to a forest health hazard warning or forest health hazard order, if the plan is likely to achieve the desired result and the terms of the plan are being diligently followed by the forest landowner. The certification of adequacy shall be determined by the department in its sole discretion, and be provided to the requestor in writing.

Sec. 19. RCW 76.09.020 and 2009 c 354 s 5 and 2009 c 246 s 4 are each reenacted and amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Adaptive management" means reliance on scientific methods to test the results of actions taken so that the management and related policy can be changed promptly and appropriately.

(2) "Appeals board" means the pollution control hearings board created by RCW (76.09.210) 43.21B.010.

(3) "Application" means the application required pursuant to RCW 76.09.050.

(4) "Aquatic resources" includes water quality, salmon, other species of the vertebrate classes Cephalaspidomorpha and Osteichthyes identified in the forests and fish report, the Columbia torrent salamander (Rhyacotriton kezeri), the Cascade torrent salamander (Rhyacotriton cascadae), the Olympic torrent salamander (Rhyacotriton olympian), the Dunn's salamander (Plethodon dunnii), the Van Dyke's salamander (Plethodon vandyke), the tailed frog (Ascaphus truei), and their respective habitats.

(5) "Board" means the forest practices board created in RCW 76.09.030.

(6) "Commissioner" means the commissioner of public lands.

(7) "Contiguous" means land adjoining or touching by common corner or otherwise. Land having common ownership divided by a road or other right-of-way shall be considered contiguous.

(8) "Conversion to a use other than commercial timber operation" means a bona fide conversion to an active use which is incompatible with timber growing and as may be defined by forest practices rules.

(9) "Department" means the department of natural resources.

(10) "Fish passage barrier" means any artificial instream structure that impedes the free passage of fish.

(11) "Forest land" means all land which is capable of supporting a merchantable stand of timber and is not being actively used for a use which is incompatible with timber growing. Forest land does not include agricultural land that is or was enrolled in the conservation reserve enhancement program by contract if such agricultural land was historically used for agricultural purposes and the landowner intends to continue to use the land for agricultural purposes in the future. As it applies to the operation of the road maintenance and abandonment plan element of the forest practices rules on small forest landowners, the term "forest land" excludes:

(a) Residential home sites, which may include up to five acres; and

(b) Cropfields, orchards, vineyards, pastures, feedlots, fish pens, and the land on which appurtenances necessary to the production, preparation, or sale of crops, fruit, dairy products, fish, and livestock exist.

(12) "Forest landowner" means any person in actual control of forest land, whether such control is based either on legal or equitable title, or on any other interest entitling the holder to sell or otherwise dispose of any or all of the timber on such land in any manner. However, any lessee or other person in possession of forest land without legal or equitable title to such land shall be excluded from the definition of "forest landowner" unless such lessee or other person has the right to sell or otherwise dispose of any or all of the timber located on such forest land.

(13) "Forest practice" means any activity conducted on or directly pertaining to forest land and relating to growing, harvesting, or processing timber, including but not limited to:

(a) Road and trail construction;

(b) Harvesting, final and intermediate;

(c) Precommercial thinning;

(d) Reforestation;

(e) Fertilization;

(f) Prevention and suppression of diseases and insects;

(g) Salvage of trees; and

(h) Brush control.

"Forest practice" shall not include preparatory work such as tree marking, surveying and road flagging, and removal or harvesting of incidental vegetation from forest lands such as berries, ferns, greenery, mistletoe, herbs, mushrooms, and other products which cannot normally be expected to result in damage to forest soils, timber, or public resources.

(14) "Forest practices rules" means any rules adopted pursuant to RCW 76.09.040.

(15) "Forest road," as it applies to the operation of the road maintenance and abandonment plan element of the forest practices rules on small forest landowners, means a road or road segment that crosses land that meets the definition of forest land, but excludes residential access roads.

(16) "Forest trees" does not include hardwood trees cultivated by agricultural methods in growing cycles shorter than fifteen years if the trees were planted on land that was not in forest use immediately before the trees were planted and before the land was prepared for planting the trees. "Forest trees" includes Christmas trees, but does not include Christmas trees that are cultivated by agricultural methods, as that term is defined in RCW 84.33.035.

(17) "Forests and fish report" means the forests and fish report to the board dated April 29, 1999.

(18) "Operator" means any person engaging in forest practices except an employee with wages as his or her sole compensation.

(19) "Person" means any individual, partnership, private, public, or municipal corporation, county, the department or other state or local governmental entity, or association of individuals of whatever nature.

(20) "Public resources" means water, fish and wildlife, and in addition shall mean capital improvements of the state or its political subdivisions.

(21) "Small forest landowner" has the same meaning as defined in RCW 76.09.450.
(22) "Timber" means trees, standing or down, of a commercial species, including Christmas trees. However, "timber" does not include Christmas trees that are cultivated by agricultural methods, as that term is defined in RCW 84.33.035.

(23) "Timber owner" means any person having all or any part of the legal interest in timber. Where such timber is subject to a contract of sale, "timber owner" shall mean the contract purchaser.

(24) "Unconfined channel migration zone" means the area within which the active channel of an unconfined stream is prone to move and where the movement would result in a potential near-term loss of riparian forest adjacent to the stream. Sizeable islands with productive timber may exist within the zone.

(25) "Unconfined stream" means generally fifth order or larger waters that experience abrupt shifts in channel location, creating a complex floodplain characterized by extensive gravel bars, disturbance species of vegetation of variable age, numerous side channels, wall-based channels, oxbow lakes, and wetland complexes. Many of these streams have dikes and levees that may temporarily or permanently restrict channel movement.

(26) "Date of receipt" has the same meaning as defined in RCW 43.21B.001.

Sec. 20. RCW 76.09.050 and 2005 c 146 s 1003 are each amended to read as follows:

(1) The board shall establish by rule which forest practices shall be included within each of the following classes:

Class I: Minimal or specific forest practices that have no direct potential for damaging a public resource and that may be conducted without submitting an application or a notification except that when the regulating authority is transferred to a local governmental entity, those Class I forest practices that involve timber harvesting or road construction within "urban growth areas," designated pursuant to chapter 36.70A RCW, are processed as Class IV forest practices, but are not subject to environmental review under chapter 43.21C RCW;

Class II: Forest practices which have a less than ordinary potential for damaging a public resource that may be conducted without submitting an application and may begin five calendar days, or such lesser time as the department may determine, after written notification by the operator, in the manner, content, and form as prescribed by the department, is received by the department. However, the work may not begin until all forest practice fees required under RCW 76.09.065 have been received by the department. Class II shall not include forest practices:

(a) On lands platted after January 1, 1960, as provided in chapter 58.17 RCW or on lands that have or are being converted to another use;
(b) Which require approvals under the provisions of the hydraulics act, RCW 77.55.021;
(c) Within "shorelines of the state" as defined in RCW 90.58.030;
(d) Excluded from Class II by the board; or
(e) Including timber harvesting or road construction within "urban growth areas," designated pursuant to chapter 36.70A RCW, which are Class IV;

Class III: Forest practices other than those contained in Class I, II, or IV. A Class III application must be approved or disapproved by the department within thirty calendar days from the date the department receives the application. However, the applicant may not begin work on that forest practice until all forest practice fees required under RCW 76.09.065 have been received by the department;

Class IV: Forest practices other than those contained in Class I or II: (a) On lands platted after January 1, 1960, as provided in chapter 58.17 RCW, (b) on lands that have or are being converted to another use, (c) on lands which, pursuant to RCW 76.09.070 as now or hereafter amended, are not to be reforested because of the likelihood of future conversion to urban development, (d) involving timber harvesting or road construction on lands that are contained within "urban growth areas," designated pursuant to chapter 36.70A RCW, except where the forest landowner provides: (i) A written statement of intent signed by the forest landowner not to convert to a use other than commercial forest product operations for ten years, accompanied by either a written forest management plan acceptable to the department or documentation that the land is enrolled under the provisions of chapter 84.33 RCW; or (ii) a conversion option harvest plan approved by the local governmental entity and submitted to the department as part of the application, and/or (e) which have a potential for a substantial impact on the environment and therefore require an evaluation by the department as to whether or not a detailed statement must be prepared pursuant to the state environmental policy act, chapter 43.21C RCW. Such evaluation shall be made within ten days from the date the department receives the application: PROVIDED, That nothing herein shall be construed to prevent any local or regional governmental entity from determining that a detailed statement must be prepared for an action pursuant to a Class IV forest practice taken by that governmental entity concerning the land on which forest practices will be conducted. A Class IV application must be approved or disapproved by the department within thirty calendar days from the date the department receives the application, unless the department determines that a detailed statement must be made, in which case the application must be approved or disapproved by the department within sixty calendar days from the date the department receives the application, unless the commissioner of public lands, through the promulgation of a formal order, determines that the process cannot be completed within such period. However, the applicant may not begin work on that forest practice until all forest practice fees required under RCW 76.09.065 have been received by the department.

Forest practices under Classes I, II, and III are exempt from the requirements for preparation of a detailed statement under the state environmental policy act.

(2) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, no Class II, Class III, or Class IV forest practice shall be commenced or continued after January 1, 1975, unless the department has received a notification with regard to a Class II forest practice or approved an application with regard to a Class III or Class IV forest practice containing all information required by RCW 76.09.060 as now or hereafter amended. However, in the event forest practices regulations necessary for the scheduled implementation of this chapter and RCW 90.48.420 have not been adopted in time to meet such schedules, the department shall have the authority to regulate forest practices and approve applications on such terms and conditions consistent with this chapter and RCW 90.48.420 and the purposes and policies of RCW 76.09.010 until applicable forest practices regulations are in effect.

(3) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, if a notification or application is delivered in person to the department by the operator or the operator's agent, the department shall immediately provide a dated receipt thereof. In all other cases, the department shall immediately mail a dated receipt to the operator.

(4) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, forest practices shall be conducted in accordance with the forest practices regulations, orders and directives as authorized by this chapter or the forest practices regulations, and the terms and conditions of any approved applications.

(5) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, the department of natural resources shall notify the applicant in writing of either its approval of the application or its disapproval of the application and the specific...
manner in which the application fails to comply with the provisions of this section or with the forest practices regulations. Except as provided otherwise in this section, if the department fails to either approve or disapprove an application or any portion thereof within the applicable time limit, the application shall be deemed approved and the operation may be commenced: PROVIDED, That this provision shall not apply to applications which are neither approved nor disapproved pursuant to the provisions of subsection (7) of this section: PROVIDED, FURTHER, That if seasonal field conditions prevent the department from being able to properly evaluate the application, the department may issue an approval conditional upon further review within sixty days: PROVIDED, FURTHER, That the department shall have until April 1, 1975, to approve or disapprove an application involving forest practices allowed to continue to April 1, 1975, under the provisions of subsection (2) of this section. Upon receipt of any notification or any satisfactorily completed application the department shall in any event no later than two business days after such receipt transmit a copy to the departments of ecology and fish and wildlife, and to the county, city, or town in whose jurisdiction the forest practice is to be commenced. Any comments by such agencies shall be directed to the department of natural resources.

(6) For those forest practices regulated by the board and the department, if the county, city, or town believes that an application is inconsistent with this chapter, the forest practices regulations, or any local authority consistent with RCW 76.09.240 as now or hereafter amended, it may so notify the department and the applicant, specifying its objections.

(7) For those forest practices regulated by the board and the department, the department shall not approve portions of applications to which a county, city, or town objects if:

(a) The department receives written notice from the county, city, or town of such objections within fourteen business days from the time of transmission of the application to the county, city, or town, or one day before the department acts on the application, whichever is later; and

(b) The objections relate to lands either:

(i) Platted after January 1, 1960, as provided in chapter 58.17 RCW; or

(ii) On lands that have or are being converted to another use.

The department shall either disapprove those portions of such application or appeal the county, city, or town objections to the appeals board. If the objections related to subparagraphs (b)(i) and (ii) of this subsection are based on local authority consistent with RCW 76.09.240 as now or hereafter amended, the department shall disapprove the application until such time as the county, city, or town consents to its approval or such disapproval is reversed on appeal. The applicant shall be a party to all department appeals of counties, cities, or towns. Unless the county, city, or town either consents or has waived its rights under this subsection, the department shall not approve portions of an application affecting such lands until the minimum time for county, city, or town objections has expired.

(8) For those forest practices regulated by the board and the department, in addition to any rights under the above paragraph, the county, city, or town may appeal any department approval of an application with respect to any lands within its jurisdiction. The appeals board may suspend the department's approval in whole or in part pending such appeal where there exists potential for immediate and material damage to a public resource.

(9) For those forest practices regulated by the board and the department, appeals under this section shall be made to the appeals board in the manner and time provided in (((RCW 76.09.220(8)))) section 24 of this act. In such appeals there shall be no presumption of correctness of either the county, city, or town or the department position.

(10) For those forest practices regulated by the board and the department, the department shall, within four business days notify the county, city, or town of all notifications, approvals, and disapprovals of an application affecting lands within the county, city, or town, except to the extent the county, city, or town has waived its right to such notice.

(11) For those forest practices regulated by the board and the department, a county, city, or town may waive in whole or in part its rights under this section, and may withdraw or modify any such waiver, at any time by written notice to the department.

(12) Notwithstanding subsections (2) through (5) of this section, forest practices applications or notifications are not required for exotic insect and disease control operations conducted in accordance with RCW 76.09.060(8) where eradication can reasonably be expected.

Sec. 21. RCW 76.09.080 and 1989 c 175 s 163 are each amended to read as follows:

(1) The department shall have the authority to serve upon an operator a stop work order which shall be a final order of the department if:

(a) There is any violation of the provisions of this chapter or the forest practices regulations; or

(b) There is a deviation from the approved application; or

(c) Immediate action is necessary to prevent continuation of or to avoid material damage to a public resource.

(2) The stop work order shall set forth:

(a) The specific nature, extent, and time of the violation, deviation, damage, or potential damage;

(b) An order to stop all work connected with the violation, deviation, damage, or potential damage;

(c) The specific course of action needed to correct such violation or deviation or to prevent damage and to correct and/or compensate for damage to public resources which has resulted from any violation, unauthorized deviation, or willful or negligent disregard for potential damage to a public resource; and/or those courses of action necessary to prevent continuing damage to public resources where the damage is resulting from the forest practice activities but has not resulted from any violation, unauthorized deviation, or negligence; and

(d) The right of the operator to a hearing before the appeals board.

The department shall immediately file a copy of such order with the appeals board and mail a copy thereof to the timber owner and forest land owner at the addresses shown on the application. The operator, timber owner, or forest land owner may commence an appeal to the appeals board within ((fifteen)) thirty days ((after service upon)) from the date of receipt of the order by the operator. If such appeal is commenced, a hearing shall be held not more than twenty days after copies of the notice of appeal were filed with the appeals board. Such proceeding shall be an adjudicative proceeding within the meaning of chapter 34.05 RCW, the administrative procedure act. The operator shall comply with the order of the department immediately upon being served, but the appeals board if requested shall have authority to continue or discontinue in whole or in part the order of the department under such conditions as it may impose pending the outcome of the proceeding.

Sec. 22. RCW 76.09.090 and 1975 1st ex.s c 200 s 6 are each amended to read as follows:

If a violation, a deviation, material damage or potential for material damage to a public resource has occurred and the department determines that a stop work order is unnecessary, then the department shall issue and serve upon the operator or land owner a notice, which shall clearly set forth:

(1) The specific nature, extent, and time of failure to comply with the approved application; or identifying the damage or potential damage; and/or

(2) The stop work order shall set forth:

(a) Immediate action is necessary to prevent continuation of or to avoid material damage to a public resource.

(b) An order to stop all work connected with the violation, deviation, damage, or potential damage;

(c) The specific course of action needed to correct such violation or deviation or to prevent damage and to correct and/or compensate for damage to public resources which has resulted from any violation, unauthorized deviation, or willful or negligent disregard for potential damage to a public resource; and/or those courses of action necessary to prevent continuing damage to public resources where the damage is resulting from the forest practice activities but has not resulted from any violation, unauthorized deviation, or negligence; and

(d) The right of the operator to a hearing before the appeals board.

The department shall immediately file a copy of such order with the appeals board and mail a copy thereof to the timber owner and forest land owner at the addresses shown on the application. The operator, timber owner, or forest land owner may commence an appeal to the appeals board within ((fifteen)) thirty days ((after service upon)) from the date of receipt of the order by the operator. If such appeal is commenced, a hearing shall be held not more than twenty days after copies of the notice of appeal were filed with the appeals board. Such proceeding shall be an adjudicative proceeding within the meaning of chapter 34.05 RCW, the administrative procedure act. The operator shall comply with the order of the department immediately upon being served, but the appeals board if requested shall have authority to continue or discontinue in whole or in part the order of the department under such conditions as it may impose pending the outcome of the proceeding.
(b) The relevant provisions of this chapter or of the forest practice regulations relating thereto;
(2) The right of the operator or land owner to a hearing before the department; and
(3) The specific course of action ordered by the department to be followed by the operator to correct such failure to comply and to prevent, correct and/or compensate for material damage to public resources which resulted from any violation, unauthorized deviation, or willful or negligent disregard for potential damage to a public resource; and/or those courses of action necessary to prevent continuing damage to public resources where the damage is resulting from the forest practice activities but has not resulted from any violation, unauthorized deviation, or negligence.

The department shall mail a copy thereof to the forest land owner and the timber owner at the addresses shown on the application, showing the date of service upon the operator. Such notice to comply shall become a final order of the department: PROVIDED, That no direct appeal to the appeals board will be allowed from such final order. Such operator shall undertake the course of action so ordered by the department unless, within fifteen days after the date of service of such notice to comply, the operator, forest land owner, or timber owner, shall request the department in writing to schedule a hearing. If so requested, the department shall schedule a hearing on a date not more than twenty days after receiving such request. Within ten days after such hearing, the department shall issue a final order either withdrawing its notice to comply or clearly setting forth the specific course of action to be followed by such operator. Such operator shall undertake the course of action so ordered by the department unless within thirty days after the date of receipt of such final order, the operator, forest land owner, or timber owner appeals such final order to the appeals board.

No person shall be under any obligation under this section to prevent, correct, or compensate for any damage to public resources which occurs more than one year after the date of completion of the forest practices operations involved exclusive of reforestation, unless such forest practices were not conducted in accordance with forest practices rules and regulations: PROVIDED, That this provision shall not relieve the forest land owner from any obligation to comply with forest practices rules and regulations pertaining to providing continuing road maintenance.

No action to recover damages shall be taken under this section more than two years after the date the damage occurred.

Sec. 23. RCW 76.09.170 and 1999 sps. c 4 s 803 are each amended to read as follows:
(1) Every person who violates any provision of RCW 76.09.010 through 76.09.280 or of the forest practices rules, or who converts forest land to a use other than commercial timber operation within three years after completion of the forest practice without the consent of the county, city, or town, shall be subject to a penalty in an amount of not more than ten thousand dollars for every such violation. Each and every such violation shall be a separate and distinct offense. In case of a failure to comply with a stop work order, every day's continuance shall be a separate and distinct violation. Every person who through an act of commission or omission procures, aids or abets in the violation shall be considered to have violated the provisions of this section and shall be subject to the penalty in this section. No penalty shall be imposed under this section upon any governmental official, an employee of any governmental department, agency, or entity, or a member of any board or advisory committee created by this chapter for any act or omission in his or her duties in the administration of this chapter or of any rule adopted under this chapter.

(2) The department shall develop and recommend to the board a penalty schedule to determine the amount to be imposed under this section. The board shall adopt by rule, pursuant to chapter 34.05 RCW, such penalty schedule to be effective no later than January 1, 1994. The schedule shall be developed in consideration of the following:

(a) Previous violation history;
(b) Severity of the impact on public resources;
(c) Whether the violation of this chapter or its rules was intentional;
(d) Cooperation with the department;
(e) Repairability of the adverse effect from the violation; and
(f) The extent to which a penalty to be imposed on a forest landowner for a forest practice violation committed by another should be reduced because the owner was unaware of the violation and has not received substantial economic benefits from the violation.

(3) The penalty in this section shall be imposed by a notice in writing, either by certified mail with return receipt requested or by personal service, to the person incurring the same from the department describing the violation with reasonable particularity. Within fifteen days after the notice is received, the person incurring the penalty may apply in writing to the department for the remission or mitigation of such penalty. Upon receipt of the application, that department may remit or mitigate the penalty upon whatever terms that department in its discretion deems proper, provided the department deems such remission or mitigation to be in the best interests of carrying out the purposes of this chapter. The department shall have authority to ascertain the facts regarding all such applications in such reasonable manner and under such rule as it may deem proper.

(4) Any person incurring a penalty under this section may appeal the penalty to the ((forest practices)) appeals board. Such appeals shall be filed within thirty days ((after the date of receipt of (notice imposing pen...))) the penalty unless an application for remission or mitigation is made to the department. When such an application for remission or mitigation is made, such appeals shall be filed within thirty days of receipt of notice from the department setting forth the disposition of the application for remission or mitigation.

(5) The penalty imposed under this section shall become due and payable thirty days after receipt of a notice imposing the same unless application for remission or mitigation is made or an appeal is filed. When such an application for remission or mitigation is made, any penalty incurred under this section shall become due and payable thirty days after notice of receipt setting forth the disposition of such application unless an appeal is filed from such disposition. Whenever an appeal of the penalty incurred is filed, the penalty shall become due and payable only upon completion of all administrative and judicial review proceedings and the issuance of a final decision confirming the penalty in whole or in part.

(6) If the amount of any penalty is not paid to the department within thirty days after it becomes due and payable, the attorney general, upon the request of the department, shall bring an action in the name of the state of Washington in the superior court of Thurston county or of any county in which such violator may do business, to recover such penalty, interest, costs, and attorneys' fees. In all such actions the procedure and rules of evidence shall be the same as an ordinary civil action except as otherwise provided in this chapter ((provided)). In addition to or as an alternative to seeking enforcement of penalties in superior court, the department may bring an action in district court as provided in Title 3 RCW, to collect penalties, interest, costs, and attorneys' fees.

(7) Penalties imposed under this section for violations associated with a conversion to a use other than commercial timber operation shall be a lien upon the real property of the person assessed the penalty and the department may collect such amount in the same manner provided in chapter 60.04 RCW for mechanics' liens.
(8) Any person incurring a penalty imposed under this section is also responsible for the payment of all costs and attorneys' fees incurred in connection with the penalty and interest accruing on the unpaid penalty amount.

NEW SECTION. Sec. 24. A new section is added to chapter 76.09 RCW to read as follows:

A person aggrieved by the approval or disapproval of an application to conduct a forest practice or the approval or disapproval of any landscape plan or permit or watershed analysis may seek review from the appeals board by filing a request for the same within thirty days from the date of receipt of the decision. Concurrently with the filing of any request for review with the appeals board as provided in this section, the requestor must file a copy of his or her request with the department and the attorney general. The attorney general may intervene to protect the public interest and ensure that the provisions of this chapter are complied with.

Sec. 25. RCW 76.09.310 and 1987 c 95 s 4 are each amended to read as follows:

(1) The department shall send a notice to all forest landowners, both public and private, within the geographic area selected for review, stating that the department intends to study the area as part of the hazard-reduction program.

(2) The department shall prepare a proposed plan for each geographic area studied. The department shall provide the proposed plan to affected landowners, Indian tribes, interested parties, and to the advisory committee, if established pursuant to RCW 76.09.305.

(3) Any aggrieved landowners, agencies, tribes, and other persons who object to any or all of the proposed hazard-reduction plan may, within thirty days of issuance of the plan, request the department in writing to schedule a conference. If so requested, the department shall schedule a conference on a date not more than thirty days after receiving such request.

(4) Within ten days after such a conference, the department shall either amend the proposed plan or respond in writing indicating why the objections were not incorporated into the plan.

(5) Within one hundred twenty days following the issuance of the proposed plan as provided in subsection (2) of this section, the department shall distribute a final hazard-reduction plan designating those sites for which hazard-reduction measures are recommended and those sites where no action is recommended. For each hazard-reduction measure recommended, a description of the work and cost estimate shall be provided.

(6) Any aggrieved landowners, agencies, tribes, and other persons are entitled to appeal the final hazard-reduction plan to the appeals board if, within thirty days of the issuance of the final plan, the party transmits a notice of appeal to the appeals board.

(7) A landowner's failure to object to the recommendations or to appeal the final hazard-reduction plan shall not be deemed an admission that the hazard-reduction recommendations are appropriate.

(8) The department shall provide a copy of the final hazard-reduction plan to the department of ecology and to each affected county.

Sec. 26. RCW 77.55.011 and 2009 c 549 s 1028 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Bed" means the land below the ordinary high water lines of state waters. This definition does not include irrigation ditches, canals, storm water runoff devices, or other artificial watercourses except where they exist in a natural watercourse that has been altered artificially.

(2) "Board" means the (hydraulic appeals) pollution control hearings board created in chapter 43.21B RCW ((27.55.201)).

(3) "Commission" means the state fish and wildlife commission.

(4) "Department" means the department of fish and wildlife.

(5) "Director" means the director of the department of fish and wildlife.

(6) "Emergency" means an immediate threat to life, the public, property, or of environmental degradation.

(7) "Hydraulic project" means the construction or performance of work that will use, divert, obstruct, or change the natural flow or bed of any of the salt or freshwaters of the state.

(8) "Imminent danger" means a threat by weather, water flow, or other natural conditions that is likely to occur within sixty days of a request for a permit application.

(9) "Marina" means a public or private facility providing boat moorage space, fuel, or commercial services. Commercial services include but are not limited to overnight or live-aboard boating accommodations.

(10) "Marine terminal" means a public or private commercial wharf located in the navigable water of the state and used, or intended to be used, as a port or facility for the storing, handling, transferring, or transporting of goods to and from vessels.

(11) "Ordinary high water line" means the mark on the shores of all water that will be found by examining the bed and banks and ascertaining where the presence and action of waters are so common and usual, and so long continued in ordinary years as to mark upon the soil or vegetation a character distinct from the abutting upland. Provided, that in any area where the ordinary high water line cannot be found, the ordinary high water line adjoining saltwater is the line of mean higher high water and the ordinary high water line adjoining fresh water is the elevation of the mean annual flood.

(12) "Permit" means a hydraulic project approval permit issued under this chapter.

(13) "Sandbars" includes, but is not limited to, sand, gravel, rock, silt, and sediments.

(14) "Small scale prospecting and mining" means the use of only the following methods: Pans; nonmotorized sluice boxes; concentrators; and mini-rockery boxes for the discovery and recovery of minerals.

(16) "Streambank stabilization" means those projects that prevent or limit erosion, slippage, and mass wasting. These projects include, but are not limited to, bank resloping, log and debris relocation or removal, planting of woody vegetation, bank protection using rock or woody material or placement of jetty or groins, gravel removal, or erosion control.

(17) "Tide gate" means a one-way check valve that prevents the backflow of tidal water.

(18) "Waters of the state" and "state waters" means all salt and fresh waters waterward of the ordinary high water line and within the territorial boundary of the state.

Sec. 27. RCW 77.55.021 and 2008 c 272 s 1 are each amended to read as follows:

(1) Except as provided in RCW 77.55.031, 77.55.051, and 77.55.041, in the event that any person or government agency desires to undertake a hydraulic project, the person or government agency shall, before commencing work thereon, secure the approval of the department in the form of a permit as to the adequacy of the means proposed for the protection of fish life.

(2) A complete written application for a permit may be submitted in person or by registered mail and must contain the following:
(a) General plans for the overall project;
(b) Complete plans and specifications of the proposed construction or work within the mean higher high water line in saltwater or within the ordinary high water line in freshwater;
(c) Complete plans and specifications for the proper protection of fish life; and
(d) Notice of compliance with any applicable requirements of the state environmental policy act, unless otherwise provided for in this chapter.

(3) (a) Protection of fish life is the only ground upon which approval of a permit may be denied or conditioned. Approval of a permit may not be unreasonably withheld or unreasonably conditioned. Except as provided in this subsection and subsections (8), (10), and (12) of this section, the department has forty-five calendar days upon receipt of a complete application to grant or deny approval of a permit. The forty-five day requirement is suspended if:
(i) After ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project;
(ii) The site is physically inaccessible for inspection;
(iii) The applicant requests a delay; or
(iv) The department is issuing a permit for a storm water discharge and is complying with the requirements of RCW 77.55.161(3)(b).

(b) Immediately upon determination that the forty-five day period is suspended, the department shall notify the applicant in writing of the reasons for the delay.

(c) The period of forty-five calendar days may be extended if the permit is part of a multiagency permit streamlining effort and all participating permitting agencies and the permit applicant agree to an extended timeline longer than forty-five calendar days.

(4) If the department denies approval of a permit, the department shall provide the applicant a written statement of the specific reasons why and how the proposed project would adversely affect fish life.

(a) Except as provided in (b) of this subsection, issuance, denial, conditioning, or modification of a permit shall be appealable to (the department or) the board (as specified in RCW 77.55.301) within thirty days from the date of receipt of the (notice of) decision as provided in RCW 43.21B.230.

(b) Issuance, denial, conditioning, or modification of a permit may be informally appealed to the department within thirty days from the date of receipt of the decision. Requests for informal appeals must be filed in the form and manner prescribed by the department by rule. A permit decision that has been informally appealed to the department is appealable to the board within thirty days from the date of receipt of the department's decision on the informal appeal.

(5) (a) The permittee must demonstrate substantial progress on construction of that portion of the project relating to the permit within two years of the date of issuance.

(b) Approval of a permit is valid for a period of up to five years from the date of issuance, except as provided in (c) of this subsection and in RCW 77.55.151.

(c) A permit remains in effect without need for periodic renewal for hydraulic projects that divert water for agricultural irrigation or stock watering purposes and that involve seasonal construction or other work. A permit for streambank stabilization projects to protect farm and agricultural land as defined in RCW 84.34.020 remains in effect without need for periodic renewal if the problem causing the need for the streambank stabilization occurs on an annual or more frequent basis. The permittee must notify the appropriate agency before commencing the construction or other work within the area covered by the permit.

(6) The department may, after consultation with the permittee, modify a permit due to changed conditions. The modification (becomes effective unless appealed to the department or the board as specified in RCW 77.55.301) within thirty days from the notice of the proposed modification) is appealable as provided in subsection (4) of this section. For hydraulic projects that divert water for agricultural irrigation or stock watering purposes, or when the hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020, the burden is on the department to show that changed conditions warrant the modification in order to protect fish life.

(7) A permittee may request modification of a permit due to changed conditions. The request must be processed within forty-five calendar days of receipt of the written request. A decision by the department (may be appealed to the board within thirty days of the notice of the decision) is appealable as provided in subsection (4) of this section. For hydraulic projects that divert water for agricultural irrigation or stock watering purposes, or when the hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020, the burden is on the permittee to show that changed conditions warrant the requested modification and that such a modification will not impair fish life.

(8) (a) The department, the county legislative authority, or the governor may declare and continue an emergency. If the county legislative authority declares an emergency under this subsection, it shall immediately notify the department. A declared state of emergency by the governor under RCW 43.06.010 shall constitute a declaration under this subsection.

(b) The department, through its authorized representatives, shall issue immediately, upon request, oral approval for a stream crossing, or work to remove any obstructions, repair existing structures, restore streambanks, protect fish life, or protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written permit prior to commencing work. Conditions of the emergency oral permit must be established by the department and reduced to writing within thirty days and complied with as provided for in this chapter.

(c) The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

(9) All state and local agencies with authority under this chapter to issue permits or other authorizations in connection with emergency water withdrawals and facilities authorized under RCW 43.83B.410 shall expedite the processing of such permits or authorizations in keeping with the emergency nature of such requests and shall provide a decision to the applicant within fifteen calendar days of the date of application.

(10) The department or the county legislative authority may determine an imminent danger exists. The county legislative authority shall notify the department, in writing, if it determines that an imminent danger exists. In cases of imminent danger, the department shall issue an expedited written permit, upon request, for work to remove any obstructions, repair existing structures, restore banks, protect fish resources, or protect property. Expedited permit requests require a complete written application as provided in subsection (2) of this section and must be issued within fifteen calendar days of the receipt of a complete written application. Approval of an expedited permit is valid for up to sixty days
from the date of issuance. The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

(11)(a) For any property, except for property located on a marine shoreline, that has experienced at least two consecutive years of flooding or erosion that has damaged or has threatened to damage a major structure, water supply system, septic system, or access to any road or highway, the county legislative authority may determine that a chronic danger exists. The county legislative authority shall notify the department, in writing, when it determines that a chronic danger exists. In cases of chronic danger, the department shall issue a permit, upon request, for work necessary to abate the chronic danger by removing any obstructions, repairing existing structures, restoring banks, restoring road or highway access, protecting fish resources, or protecting property. Permit requests must be made and processed in accordance with subsections (2) and (3) of this section.

(b) Any projects proposed to address a chronic danger identified under (a) of this subsection that satisfies the project description identified in RCW 77.55.181(1)(a)(ii) are not subject to the provisions of the state environmental policy act, chapter 43.21C RCW. However, the project is subject to the review process established in RCW 77.55.181(3) as if it were a fish habitat improvement project.

(12) The department may issue an expedited written permit in those instances where normal permit processing would result in significant hardship for the applicant or unacceptable damage to the environment. Expedited permit requests require a complete written application as provided in subsection (2) of this section and must be issued within fifteen calendar days of the receipt of a complete written application. Approval of an expedited permit is valid for up to sixty days from the date of issuance. The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

Sec. 28. RCW 77.55.141 and 2005 c 146 s 501 are each amended to read as follows:

(1) In order to protect the property of marine waterfront shoreline owners it is necessary to facilitate issuance of permits for bulkheads or rockwalls under certain conditions.

(2) The department shall issue a permit with or without conditions within forty-five days of receipt of a complete and accurate application which authorizes commencement of construction, replacement, or repair of a marine beach front protective bulkhead or rockwall for single-family type residences or property under the following conditions:

(a) The waterward face of a new bulkhead or rockwall shall be located only as far waterward as is necessary to excavate for footings or place base rock for the structure and under no conditions shall be located more than six feet waterward of the ordinary high water line;

(b) Any bulkhead or rockwall to replace or repair an existing bulkhead or rockwall shall be placed along the same alignment as the bulkhead or rockwall it is replacing. However, the replaced or repaired bulkhead or rockwall may be placed waterward of and directly abutting the existing structure only in cases where removal of the existing bulkhead or rockwall would result in environmental degradation or removal problems related to geological, engineering, or safety considerations; and

(c) Construction of a new bulkhead or rockwall, or replacement or repair of an existing bulkhead or rockwall waterward of the existing structure shall not result in the permanent loss of critical fish or shellfish habitats; and

(d) Timing constraints shall be applied on a case-by-case basis for the protection of critical habitats, including but not limited to migration corridors, rearing and feeding areas, and spawning habitats, for the proper protection of fish life.

(3) Any bulkhead or rockwall construction, replacement, or repair not meeting the conditions in this section shall be processed under this chapter in the same manner as any other application.

(4) Any person aggrieved by the approval, denial, conditioning, or modification of a permit under this section may (formally) appeal the decision ((to the board pursuant to this chapter)) as provided in RCW 77.55.021(4).

Sec. 29. RCW 77.55.181 and 2005 c 146 s 505 are each amended to read as follows:

(1) In order to receive the permit review and approval process created in this section, a fish habitat enhancement project must meet the criteria under (a) and (b) of this subsection:

(a) A fish habitat enhancement project must be a project to accomplish one or more of the following tasks:

(i) Elimination of human-made fish passage barriers, including culvert repair and replacement;

(ii) Restoration of an eroded or unstable streambank employing the principle of bioengineering, including limited use of rock as a stabilization only at the toe of the bank, and with primary emphasis on using native vegetation to control the erosive forces of flowing water; or

(iii) Placement of woody debris or other instream structures that benefit naturally reproducing fish stocks.

The department shall develop size or scale threshold tests to determine if projects accomplishing any of these tasks should be evaluated under the process created in this section or under other project review and approval processes. A project proposal shall not be reviewed under the process created in this section if the department determines that the scale of the project raises concerns regarding public health and safety; and

(b) A fish habitat enhancement project must be approved in one of the following ways:

(i) By the department pursuant to chapter 77.95 or 77.100 RCW;

(ii) By the sponsor of a watershed restoration plan as provided in chapter 89.08 RCW;

(iii) By the department as a department-sponsored fish habitat enhancement or restoration project;

(iv) Through the review and approval process for the jobs for the environment program;

(v) Through the review and approval process for conservation district-sponsored projects, where the project complies with design standards established by the conservation commission through interagency agreement with the United States fish and wildlife service and the natural resource conservation service;

(vi) Through a formal grant program established by the legislature or the department for fish habitat enhancement or restoration; and

(vii) Through other formal review and approval processes established by the legislature.

(2) Fish habitat enhancement projects meeting the criteria of subsection (1) of this section are expected to result in beneficial impacts to the environment. Decisions pertaining to fish habitat enhancement projects meeting the criteria of subsection (1) of this section and being reviewed and approved according to the provisions of this section are not subject to the requirements of RCW 43.21C.030(2)(c).

(3)(a) A permit is required for projects that meet the criteria of subsection (1) of this section and are being reviewed and approved under this section. An applicant shall use a joint aquatic resource permit application form developed by the office of regulatory assistance to apply for approval under this chapter. On the same day, the applicant shall provide copies of the completed application form to the department and to each appropriate local government. Local governments shall accept the application as notice of the proposed project. The department shall provide a fifteen-day comment period during which it will receive comments regarding environmental impacts. Within forty-five days, the department
shall either issue a permit, with or without conditions, deny approval, or make a determination that the review and approval process created by this section is not appropriate for the proposed project. The department shall base this determination on identification during the comment period of adverse impacts that cannot be mitigated by the conditioning of a permit. If the department determines that the review and approval process created by this section is not appropriate for the proposed project, the department shall notify the applicant and the appropriate local governments of its determination. The applicant may reapply for approval of the project under other review and approval processes.

(b) Any person aggrieved by the approval, denial, conditioning, or modification of a permit under this section may ([formally]) appeal the decision ([to the board pursuant to the provisions of this chapter]) as provided in RCW 77.55.021(4).

(4) No local government may require permits or charge fees for fish habitat enhancement projects that meet the criteria of subsection (1) of this section and that are reviewed and approved according to the provisions of this section.

Sec. 30. RCW 77.55.241 and 2005 c 146 s 602 are each amended to read as follows:

(1) The legislature finds that the construction of hydraulic projects may require mitigation for the protection of fish life, and that the mitigation may be most cost-effective and provide the most benefit to the fish resource if the mitigation is allowed to be applied in locations that are off-site of the hydraulic project location. The department may approve off-site mitigation plans that are submitted by permit applicants.

(2) If a permit applicant proposes off-site mitigation and the department does not approve the permit or conditions the permit in such a manner as to render off-site mitigation unpracticable, the project proponent ([must be given the opportunity to submit the permit application to the board for approval]) may appeal the decision as provided in RCW 77.55.021(4).

Sec. 31. RCW 77.55.291 and 2005 c 146 s 701 are each amended to read as follows:

(1) The department may levy civil penalties of up to one hundred dollars per day for violation of any provisions of RCW 77.55.021. The penalty provided shall be imposed by notice in writing, either by certified mail or personal service to the person incurring the penalty, from the director or the director's designee describing the violation.

(a) Except as provided in (b) of this subsection, any person incurring any penalty under this chapter may appeal the same under chapter 43.21B, RCW to the ([department]) board. Appeals shall be filed within thirty days from the date of receipt of ([notice imposing any]) the penalty in accordance with RCW 43.21B.230.

(b) Issuance of a civil penalty may be informally appealed to the department within thirty days from the date of receipt of the penalty. Requests for informal appeal must be filed in the form and manner prescribed by the department by rule. A civil penalty that has been informally appealed to the department is appealable to the board within thirty days from the date of receipt of the department's decision on the informal appeal.

(3) The penalty imposed shall become due and payable thirty days after receipt of a notice imposing the penalty unless an appeal is filed. Whenever an appeal of any penalty incurred under this chapter is filed, the penalty shall become due and payable only upon completion of all review proceedings and the issuance of a final order confirming the penalty in whole or in part.

(4) If the amount of any penalty is not paid within thirty days after it becomes due and payable, the attorney general, upon the request of the director, shall bring an action in the name of the state of Washington in the superior court of Thurston county or of any county in which such violator may do business, to recover such penalty. In all such actions the procedure and rules of evidence shall be the same as an ordinary civil action.

All penalties recovered under this section shall be paid into the state's general fund.

Sec. 32. RCW 78.44.270 and 1993 c 518 s 35 are each amended to read as follows:

(1) The department may issue an order to stop all surface mining to any permit holder, miner, or other person who authorizes, directs, or conducts such activities without a valid surface mine reclamation permit. This order is effective upon issuance unless otherwise stated in the order. Administrative appeal of the order to stop work does not stay the stop work requirement. The department shall notify the local jurisdiction of record when a stop work order has been issued for operating without a valid reclamation permit.

(2) The department may issue an order to stop surface mining occurring outside of any permit area to a permit holder that does not have a legal right to occupy the affected area. This order is effective upon issuance unless otherwise stated in the order. An administrative appeal of the order to stop work does not stay the stop work requirement.

(3) Where a permit holder is conducting surface mining activities outside of its permit boundary, but within land that it has the right to occupy, the department may issue an order to stop surface mining or mining-related activities occurring outside of the authorized area after the permit holder fails to comply with a notice of correction. The notice of correction must specify the corrections necessary as per the violation and provide a reasonable time to do so. This order is effective upon issuance unless otherwise stated in the order. An administrative appeal of the order to stop work does not stay the stop work requirement.

(4) Stop work orders must be in writing, delivered by United States certified mail with return receipt requested, facsimile, or by hand to the permit holder of record. The order must state the facts supporting the violation, the law being violated, and the specific activities being stopped. Stop work orders must be signed by the state geologist or an assistant state geologist. The ([department]) pollution control hearings board shall proceed as quickly as feasible to complete any requested adjudicative proceedings unless the parties stipulate to an appeal timeline or the department's stop work order states that it is not effective until after the administrative review process. If the recipient appeals the order, the recipient may file a motion for stay with the presiding officer, which will be reviewed under ([preliminary injunction standards]) RCW 43.21B.320.

Sec. 33. RCW 78.44.380 and 2007 c 192 s 3 are each amended to read as follows:

(1) The department may issue an order to stop all surface mining to any permit holder, miner, or other person who authorizes, directs, conducts such activities without a valid surface mine reclamation permit. This order is effective upon issuance unless otherwise stated in the order. Administrative appeal of the order to stop work does not stay the stop work requirement. The department shall notify the local jurisdiction of record when a stop work order has been issued for operating without a valid reclamation permit.

(2) The department may issue an order to stop surface mining occurring outside of any permit area to a permit holder that does not have a legal right to occupy the affected area. This order is effective upon issuance unless otherwise stated in the order. An administrative appeal of the order to stop work does not stay the stop work requirement.

Sec. 34. RCW 79.100.120 and 2006 c 153 s 5 are each amended to read as follows:

(1) A person seeking to contest an authorized public entity's decision to take temporary possession or custody of a vessel under this chapter, or to contest the amount of reimbursement owed to an authorized public entity under this chapter, may request a hearing in accordance with this section.

(2)a) If the contested decision or action was undertaken by a state agency, a written request for a hearing related to the decision or action must be filed with the ([aquatic resources division of the department]) pollution control hearings board and served on the state agency in accordance with RCW 43.21B.230 (2) and (3) within ([twenty]) thirty days of the date the authorized public entity acquires custody of the vessel
under RCW 79.100.040, or if the vessel is redeemed before the authorized public entity acquires custody, the date of redemption, or the right to a hearing is deemed waived and the vessel's owner is liable for any costs owed the authorized public entity. In the event of litigation, the prevailing party is entitled to reasonable attorneys' fees and costs.

(b) Upon receipt of a timely hearing request, the ((department)) pollution control hearings board shall proceed to hear and determine the validity of the decision to take the vessel into temporary possession or custody and the reasonableness of any towing, storage, or other charges permitted under this chapter. Within five business days after the request for a hearing is filed, the ((department)) pollution control hearings board shall notify the vessel owner requesting the hearing and the authorized public entity of the date, time, and location for the hearing. Unless the vessel is redeemed before the request for hearing is filed, the ((department)) pollution control hearings board shall set the hearing on a date that is within ten business days of the filing of the request for hearing. If the vessel is redeemed before the request for a hearing is filed, the ((department)) pollution control hearings board shall set the hearing on a date that is within sixty days of the filing of the request for hearing. A proceeding brought under this subsection may be heard by one member of the pollution control hearings board, whose decision is the final decision of the board.

(3)(a) If the contested decision or action was undertaken by a metropolitan park district, port district, city, town, or county, which has adopted rules or procedures for contesting decisions or actions pertaining to derelict or abandoned vessels, those rules or procedures must be followed in order to contest a decision to take temporary possession or custody of a vessel, or to contest the amount of reimbursement owed.

(b) If the metropolitan park district, port district, city, town, or county has not adopted rules or procedures for contesting decisions or actions pertaining to derelict or abandoned vessels, then a person requesting a hearing under this section must follow the procedure established in RCW 53.08.520(5) for contesting the decisions or actions of moorage facility operators.

Sec. 35. RCW 84.33.0775 and 1999 sps. c 5 s 1 are each amended to read as follows:

(1) A taxpayer is allowed a credit against the tax imposed under RCW 84.33.041 for timber harvested on and after January 1, 2000, under a forest practices notification filed or application approved under RCW 76.09.050 and subject to enhanced aquatic resources requirements.

(2) For a person other than a small harvester who elects to calculate tax under RCW 84.33.074, the credit is equal to the stumpage value of timber harvested for sale or for commercial or industrial use multiplied by eight-tenths of one percent.

(b) For a small harvester who elects to calculate tax under RCW 84.33.074, the credit is equal to sixteen percent of the tax imposed under this chapter.

(c) The amount of credit claimed by a taxpayer under this section shall be reduced by the amount of any compensation received from the federal government for reduced timber harvest due to enhanced aquatic resource requirements. If the amount of compensation from the federal government exceeds the amount of credit available to a taxpayer in any reporting period, the excess shall be carried forward and applied against credits in future reporting periods. This subsection does not apply to small harvesters as defined in RCW 84.33.073.

(d) Refunds may not be given in place of credits. Credit may not be claimed in excess of tax owed. The department of revenue shall disallow any credits, used or unused, upon written notification from the department of natural resources of a final decision that timber for which credit was claimed was not harvested under a forest practices notification filed or application approved under RCW 76.09.050 and subject to enhanced aquatic resources requirements.

(e) As used in this section, a forest ((practices[ ])) practices notification or application is subject to enhanced aquatic resource requirements if it includes, in whole or in part, riparian area, wetland, or steep or unstable slope from which the operator is limited, by rule adopted under RCW 76.09.055, 34.05.090, 43.21C.250, and 76.09.370, or any federally approved habitat conservation plan or department of natural resources approved watershed analysis, from harvesting timber, or if a road is included within or adjacent to the area covered by such notification or application and the road is covered by a road maintenance plan approved by the department of natural resources under rules adopted under chapter 76.09 CRW, the forest practices act, or a federally approved habitat conservation plan.

(4) For forest practices notification or applications submitted after January 1, 2000, the department of natural resources shall indicate whether the notification or application is subject to enhanced aquatic resource requirements and, unless notified of a contrary determination by the ((forest practices appeals board)) pollution control hearings board, the department of revenue shall use such indication in determining the credit to be allowed against the tax assessed under RCW 84.33.041. The department of natural resources shall develop revisions to the form of the forest practices notifications and applications to provide a space for the applicant to indicate and the department of natural resources to confirm or not confirm, whether the notification or application is subject to enhanced aquatic resource requirements. For forest practices notifications or applications submitted before January 1, 2000, the applicant may submit the approved notification or application to the department of natural resources for confirmation that the notification or application is subject to enhanced aquatic resource requirements. Upon any such submission, the department of natural resources will within thirty days confirm or deny that the notification or application is subject to enhanced aquatic resource requirements and will forward separate evidence of each confirmation to the department of revenue. Unless notified of a contrary ruling by the ((forest practices appeals board)) pollution control hearings board, the department of revenue shall use the separate confirmations in determining the credit to be allowed against the tax assessed under RCW 84.33.041.

(5) A refusal by the department of natural resources to confirm that a notification or application is subject to enhanced aquatic resource requirements may be appealed to the ((forest practices appeals board)) pollution control hearings board.

(6) A person receiving approval of credit must keep records necessary for the department of revenue to verify eligibility under this section.

Sec. 36. RCW 90.58.140 and 1995 c 347 s 309 are each amended to read as follows:

(1) A development shall not be undertaken on the shorelines of the state unless it is consistent with the policy of this chapter and, after adoption or approval, as appropriate, the applicable guidelines, rules, or master program.

(2) A substantial development shall not be undertaken on shorelines of the state without first obtaining a permit from the government entity having administrative jurisdiction under this chapter.

A permit shall be granted:

(a) From June 1, 1971, until such time as an applicable master program has become effective, only when the development proposed is consistent with: (i) The policy of RCW 90.58.020; and (ii) after their adoption, the guidelines and rules of the department; and (iii) so far as can be ascertained, the master program being developed for the area;

(b) After adoption or approval, as appropriate, by the department of an applicable master program, only when the development proposed is consistent with the applicable master program and this chapter.
(3) The local government shall establish a program, consistent with rules adopted by the department, for the administration and enforcement of the permit system provided in this section. The administration of the system so established shall be performed exclusively by the local government.

(4) Except as otherwise specifically provided in subsection (11) of this section, the local government shall require notification of the public of all applications for permits governed by any permit system established pursuant to subsection (3) of this section by ensuring that notice of the application is given by at least one of the following methods:

(a) Mailing of the notice to the latest recorded real property owners as shown by the records of the county assessor within at least three hundred feet of the boundary of the property upon which the substantial development is proposed;

(b) Posting of the notice in a conspicuous manner on the property upon which the project is to be constructed; or

(c) Any other manner deemed appropriate by local authorities to accomplish the objectives of reasonable notice to adjacent landowners and the public.

The notices shall include a statement that any person desiring to submit written comments concerning an application, or desiring to receive notification of the final decision concerning an application as expeditiously as possible after the issuance of the decision, may submit the comments or requests for decisions to the local government within thirty days of the last date the notice is to be published pursuant to this subsection. The local government shall forward, in a timely manner following the issuance of a decision, a copy of the decision to each person who submits a request for the decision.

If a hearing is to be held on an application, notices of such a hearing shall include a statement that any person may submit oral or written comments on an application at the hearing.

(5) The system shall include provisions to assure that construction pursuant to a permit will not begin or be authorized until twenty-one days from the date (the permit decision was filed) of receipt as provided in subsection (6) of this section; or until all review proceedings are terminated if the proceedings were initiated within twenty-one days from the date of (filing) receipt as defined in subsection (6) of this section except as follows:

(a) In the case of any permit issued to the state of Washington, department of transportation, for the construction and modification of SR 90 (I-90) on or adjacent to Lake Washington, the construction may begin after thirty days from the date of filing, and the permits are valid until December 31, 1995;

(b) Construction may be commenced no sooner than thirty days after the date of the appeal of the board's decision is filed if a permit is granted by the local government and (i) the granting of the permit is appealed to the shorelines hearings board within twenty-one days of the date of (filing) receipt, (ii) the hearings board approves the granting of the permit by the local government or approves a portion of the substantial development for which the local government issued the permit, and (iii) an appeal for judicial review of the hearings board decision is filed pursuant to chapter 34.05 RCW. The appellant may request, within ten days of the filing of the appeal with the court, a hearing before the court to determine whether construction pursuant to the permit approved by the hearings board or to a revised permit issued pursuant to the order of the hearings board should not commence. If, at the conclusion of the hearing, the court finds that construction pursuant to such a permit would involve a significant, irreversible damaging of the environment, the court shall prohibit the permittee from commencing the construction pursuant to the approved or revised permit until all review proceedings are final. Construction pursuant to a permit revised at the direction of the hearings board may begin only on that portion of the substantial development for which the local government had originally issued the permit, and construction pursuant to such a revised permit on other portions of the substantial development may not begin until after all review proceedings are terminated. In such a hearing before the court, the burden of proving whether the construction may involve significant irreversible damage to the environment and demonstrating whether such construction would or would not be appropriate is on the appellant;

(c) If the permit is for a substantial development meeting the requirements of subsection (11) of this section, construction pursuant to that permit may not begin or be authorized until twenty-one days from the date (the permit decision was filed) of receipt as provided in subsection (6) of this section.

If a permittee begins construction pursuant to subsections (a), (b), or (c) of this subsection, the construction is begun at the permittee's own risk. If, as a result of judicial review, the courts order the removal of any portion of the construction or the restoration of any portion of the environment involved or require the alteration of any portion of a substantial development constructed pursuant to a permit, the permittee is barred from recovering damages or costs involved in adhering to such requirements from the local government that granted the permit, the hearings board, or any appellant or intervener.

(6) Any decision on an application for a permit under the authority of this section, whether it is an approval or a denial, shall, concurrently with the transmittal of the ruling to the applicant, be (transmitted with) transmitted to the department and the attorney general. A petition for review of such a decision must be commenced within twenty-one days from the date of receipt of the decision. With regard to a permit other than a permit governed by subsection (10) of this section, "date of (filing) receipt" as used herein (means) refers to the date (of actual receipt by the department) that the applicant receives written notice from the department that the department has received the decision. With regard to a permit for a variance or a conditional use, "date of (filing) receipt" means the date a local government or applicant receives the written decision of the department rendered on the permit pursuant to subsection (10) of this section (is transmitted by the department to the local government). The department shall notify in writing the local government and the applicant of the date of filing. For the purposes of this subsection, the term "date of receipt" has the same meaning as provided in RCW 43.21B.001.

(7) Applicants for permits under this section have the burden of proving that a proposed substantial development is consistent with the criteria that must be met before a permit is granted. In any review of the granting or denial of an application for a permit as provided in RCW 90.58.180 (1) and (2), the person requesting the review has the burden of proof.

(8) Any permit may, after a hearing with adequate notice to the permittee and the public, be rescinded by the issuing authority upon the finding that a permittee has not complied with conditions of a permit. If the department is of the opinion that noncompliance exists, the department shall provide written notice to the local government and the permittee. If the department is of the opinion that the noncompliance continues to exist thirty days after the date of the notice, and the local government has taken no action to rescind the permit, the department may petition the hearings board for a rescission of the permit upon written notice of the petition to the local government and the permittee if the request by the department is made to the hearings board within fifteen days of the termination of the thirty-day notice to the local government.

(9) The holder of a certification from the governor pursuant to chapter 80.50 RCW shall not be required to obtain a permit under this section.
(10) Any permit for a variance or a conditional use by local government under approved master programs must be submitted to the department for its approval or disapproval.

(11)(a) An application for a substantial development permit for a limited utility extension or for the construction of a bulkhead or other measures to protect a single family residence and its appurtenant structures from shoreline erosion shall subject to the following procedures:

(i) The public comment period under subsection (4) of this section shall be twenty days. The notice provided under subsection (4) of this section shall state the manner in which the public may obtain a copy of the local government decision on the application no later than two days following its issuance;

(ii) The local government shall issue its decision to grant or deny the permit within twenty-one days of the last day of the comment period specified in (i) of this subsection; and

(iii) If there is an appeal of the decision to grant or deny the permit to the local government legislative authority, the appeal shall be finally determined by the legislative authority within thirty days.

(b) For purposes of this section, a limited utility extension means the extension of a utility service that:

(i) Is categorically exempt under chapter 43.21C RCW for one or more of the following: Natural gas, electricity, telephone, water, or sewer;

(ii) Will serve an existing use in compliance with this chapter; and

(iii) Will not extend more than twenty-five hundred linear feet within the shorelines of the state.

(c) Is arbitrary and capricious; or

(d) Was developed without fully considering and evaluating all material submitted to the department during public review and comment; or

MESSAGE FROM THE SENATE
March 4, 2010

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2658 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 43.330.007 and 2009 c 565 s 1 are each amended to read as follows:

(1)(a) In 2009, the legislature changed the name of the department of commerce, trade, and economic development to the department of commerce and directed the agency to, among other things, develop a report with recommendations on statutory changes to ensure that the department's efforts: Are organized around a concise core mission and aligned with the state's comprehensive plan for economic development; generate greater local capacity; maximize results through partnerships and the use of intermediaries; and provide transparency and increased accountability. Recommendations for creating or consolidating programs deemed important to meeting the department's core mission and recommendations for terminating or transferring specific programs if they are not consistent with the department's core mission were to be included in the report.

(b) In accordance with that legislation, chapter 565, Laws of 2009, in November 2009 the department of commerce submitted a plan that establishes a mission of growing and improving jobs in the state and recognizes the need for an innovation-driven economy. The plan also outlines agency priorities, efficiencies, and program transfers that will help to advance the new mission.

(c) The primary purpose of this act is to implement portions of the department of commerce plan by transferring certain programs from the department of commerce to other state agencies whose missions are more closely aligned with the core functions of those programs. This act also directs additional efficiencies in state government and directs development of a statewide clean energy strategy, which will better enable the department of commerce to focus on its new mission.

(2)(a) The legislature finds that the long-term economic health of the state and its citizens depends upon the strength and vitality of its communities and businesses. It is the intent of this chapter to create a department of commerce that fosters new partnerships for strong and sustainable communities. The mission of the department is to grow and improve jobs in Washington and facilitate innovation. To carry out its mission, the department will bring together focused efforts to:

Streamline access to business assistance and economic development services by providing them thorough sector-based, cluster-based, and regional partners; provide focused and flexible responses to changing economic conditions; generate greater local capacity to respond to both economic growth and environmental challenges; increase accountability to the public, the executive branch, and the legislature; manage growth and achieve sustainable development; diversify the state's economy and export goods and services; provide greater access to economic opportunity; stimulate private sector investment and entrepreneurship; provide stable family-wage jobs and meet the diverse needs of families; provide affordable housing and housing services; and construct public infrastructure.

(b) The legislature further finds that as a result of the rapid pace of global social and economic change, the state and local communities will require coordinated and creative responses by every segment of the community. The state can play a role in assisting such local efforts by reorganizing state assistance efforts to promote such partnerships. The department has a primary responsibility to provide financial and technical assistance to the communities of the state, to assist in improving the delivery of federal, state, and local programs, and to provide communities with opportunities for productive and coordinated development beneficial to the well-being of communities and their residents. It is the intent of the legislature in creating the department to maximize the use of local expertise and resources in the delivery of community and economic development services.

(3) The purpose of this chapter is to establish the broad outline of the structure of the department of commerce, leaving specific details of its internal organization and management to those charged with its administration. This chapter identifies the broad functions and responsibilities of the department and is intended to provide flexibility to the director to reorganize these functions to more closely reflect its customers, its mission, and its priorities, and to make recommendations for changes.

(4) In order to generate greater local capacity, maximize results through partnerships and the use of intermediaries, and leverage the use of state resources, the department shall, in carrying out its business assistance and economic development functions, provide business and economic development services primarily through sector-based, cluster-based, and regionally based organizations rather than providing assistance directly to individual firms.

(5) The department shall examine the functions and operations of agricultural commodity commissions in the state and collaborate with industry sector and cluster associations on legislation that would enable industries to develop self-financing systems for addressing industry-identified issues such as workforce training, international marketing, quality improvement, and technology deployment. By
December 1, 2010, the department shall report to the governor and the legislature on its findings and proposed legislation.

(6) The legislature recognizes that there are many strong community services and housing programs currently operating within the department and serving our most vulnerable individuals, families, and communities. The legislature finds that some of these programs can readily be transferred beginning on July 1, 2010, to other mission-aligned agencies in state government. However, the legislature finds that to maintain the strength and credibility of the majority of the department's community services and housing programs, it is necessary to create a separate division for them within the department and to develop a plan to establish a separate state government agency for them in the future.

(7)(a) The legislature directs the department of commerce to establish a single division to contain community services and housing programs that deliver essential services to individuals, families, and communities, and to plan for the creation of a community services and housing agency.

(b) Services provided by the division shall include, but are not limited to: (i) Homeless housing and assistance programs including transitional housing, emergency shelter grants, independent youth housing, housing assistance for persons with mental illness, and housing opportunities for people with AIDS; (ii) affordable housing development programs including the housing trust fund and low-income home energy assistance; (iii) farm worker housing; (iv) crime victims' advocacy and sexual assault services; (v) community mobilization against substance abuse and violence; (vi) asset building for working families; (vii) local and community projects including the building communities fund, building for the arts, and youth recreational facilities grants; (viii) dispute resolution centers; (ix) the Washington families fund; (x) community services block grants; (xi) community development block grants; (xii) child care facility fund; (xiii) WorkFirst community jobs; (xiv) long-term care ombudsman; (xv) state drug task forces; (xvi) justice assistance grants; (xvii) children and families of incarcerated parents; and (xviii) the Washington new Americans program.

(c) The economic development committees in the house of representatives and the senate shall, in consultation with the governor and the department: (i) Solicit information and advice from representatives of community, social services, and housing organizations at the local and state levels, including minority communities, people with disabilities, and other vulnerable populations; and (ii) develop a plan for consideration and action in the 2011 legislative session to establish a separate state government agency whose mission is focused on community services and housing.

NEW SECTION. Sec. 2. RCW 43.330.005 (Intent) and 1993 c 280 s 1 are each repealed.

The amount to be adjusted shall be equal to the amount which otherwise would have been lost to the health jurisdiction due to the annexation or incorporation as calculated using the jurisdiction's 1995 funding formula.

(c) The county treasurer shall certify the actual 1995 city contribution to the department. Funds in excess of the base shall be distributed proportionately among the health jurisdictions based on incorporated population figures as last determined by the office of financial management.

In addition to other authorities, the county or city may impose conditions on building permits requiring connection to an existing public water system where the existing system is willing and able to provide safe and reliable potable water to the applicant with reasonable economy and efficiency. An application for a water right shall not be sufficient proof of an adequate water supply.

(2) Within counties not required or not choosing to plan pursuant to RCW 36.70A.040, the county and the state may mutually determine those areas in the county in which the requirements of subsection (1) of this section shall not apply. The departments of health and ecology shall coordinate on the implementation of this section. Should the county and the state fail to mutually determine those areas to be designated pursuant to this subsection, the county may petition the department of ((community, trade, and economic development)) general administration to mediate or, if necessary, make the determination.

(3) Buildings that do not need potable water facilities are exempt from the provisions of this section. The department of ecology, after consultation with local governments, may adopt rules to implement this section, which may recognize differences between high-growth and low-growth counties.

Sec. 303. RCW 19.27.150 and 1995 c 399 s 10 are each amended to read as follows:

Every month a copy of the United States department of commerce, bureau of the census' "report of building or zoning permits issued and local public construction" or equivalent report shall be transmitted by the governing bodies of counties and cities to the department of ((community, trade, and economic development)) general administration.

Sec. 304. RCW 19.27A.020 and 2009 c 423 s 4 are each amended to read as follows:

(1) The state building code council shall adopt rules to be known as the Washington state energy code as part of the state building code.

(2) The council shall follow the legislature's standards set forth in this section to adopt rules to be known as the Washington state energy code. The Washington state energy code shall be designed to:

(a) Construct increasingly energy efficient homes and buildings that help achieve the broader goal of building zero fossil-fuel greenhouse gas emission homes and buildings by the year 2031;

(b) Require new buildings to meet a certain level of energy efficiency, but allow flexibility in building design, construction, and heating equipment efficiencies within that framework; and

(c) Allow space heating equipment efficiency to offset or substitute for building envelope thermal performance.

(3) The Washington state energy code shall take into account regional climatic conditions. Climate zone 1 shall include all counties not included in climate zone 2. Climate zone 2 includes: Adams, Chelan, Douglas, Ferry, Grant, Kittitas, Lincoln, Okanogan, Pend Oreille, Spokane, Stevens, and Whitman counties.

(4) The Washington state energy code for residential buildings shall be the 2006 edition of the Washington state energy code, or as amended by rule by the council.

(5) The minimum state energy code for new nonresidential buildings shall be the Washington state energy code, 2006 edition, or as amended by the council by rule.

(6)(a) Except as provided in (b) of this subsection, the Washington state energy code for residential structures shall preempt the residential energy code of each city, town, and county in the state of Washington.

(b) The state energy code for residential structures does not preempt a city, town, or county's energy code for residential structures which exceeds the requirements of the state energy code and which was adopted by the city, town, or county prior to March 1, 1990. Such cities, towns, or counties may not subsequently amend their energy code for residential structures to exceed the requirements adopted prior to March 1, 1990.

(7) The state building code council shall consult with the department of ((community, trade, and economic development)) general administration as provided in RCW 34.05.310 prior to publication of proposed rules. The director of the department of ((community, trade, and economic development)) general administration shall recommend to the state building code council any changes necessary to conform the proposed rules to the requirements of this section.

(8) The state building code council shall evaluate and consider adoption of the international energy conservation code in Washington state in place of the existing state energy code.
(9) The definitions in RCW 19.27A.140 apply throughout this section.

Sec. 305. RCW 19.27A.140 and 2009 c 423 s 2 are each amended to read as follows:

(4) Any city that adopts an ordinance that deviates from the nonmandatory provisions of the model ordinance shall make a description of such differences available to the public, in written and electronic form.

SECOND READING

SUBSTITUTE SENATE BILL NO. 5798, by Senate Committee on Health & Long-Term Care (originally sponsored by Senators Kohl-Welles, McCaslin, Keiser, Pflug and Kline)

Concerning medical marijuana.

Representative Cody moved the adoption of amendment (1580).

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 69.51A.005 and 2007 c 371 s 2 are each amended to read as follows:

The people of Washington state find that some patients with terminal or debilitating illnesses, under their health care professional's care, may benefit from the medical use of marijuana. Some of the illnesses for which marijuana appears to be beneficial include chemotherapy-related nausea and vomiting in cancer patients; AIDS wasting syndrome; severe muscle spasms associated with multiple sclerosis and other spasticity disorders; epilepsy; acute or chronic glaucoma; and some forms of intractable pain.

The people find that humanitarian compassion necessitates that the decision to authorize the medical use of marijuana by patients with terminal or debilitating illnesses is a personal, individual decision, based upon their health care professional's professional medical judgment and discretion.

Therefore, the people of the state of Washington intend that: Qualifying patients with terminal or debilitating illnesses who, in the judgment of their health care professionals, may benefit from the medical use of marijuana, shall not be found guilty of a crime under state law for their possession and limited use of marijuana;

Persons who act as designated providers to such patients shall also not be found guilty of a crime under state law for assisting with the medical use of marijuana; and

Health care professionals also be excepted from liability and prosecution for the authorization of marijuana use to qualifying patients for whom, in the health care professional's professional judgment, medical marijuana may prove beneficial.

Sec. 2. RCW 69.51A.010 and 2007 c 371 s 3 are each amended to read as follows:

   (a) One or more features designed to prevent copying of the paper;

(g) Any other medical condition duly approved by the Washington state medical quality assurance commission in consultation with the board of osteopathic medicine and surgery as directed in this chapter.

(65) "Valid documentation" means:

Sec. 3. RCW 69.51A.030 and 2007 c 371 s 4 are each amended to read as follows:
A health care professional shall be excepted from the state's criminal laws and shall not be penalized in any manner, or denied any right or privilege, for:
(1) Advising a qualifying patient about the risks and benefits of medical use of marijuana or that the qualifying patient may benefit from the medical use of marijuana where such use is within a professional standard of care or in the individual's health care professional's medical judgment; or
(2) Providing a qualifying patient with valid documentation, based upon the health care professional's assessment of the qualifying patient's medical history and current medical condition, that the medical use of marijuana may benefit a particular qualifying patient.

Sec. 4. RCW 69.51A.060 and 2007 c 371 s 6 are each amended to read as follows:
(1) It shall be a misdemeanor to use or display medical marijuana in a manner or place which is open to the view of the general public.
(2) Nothing in this chapter requires any health insurance provider to be liable for any claim for reimbursement for the medical use of marijuana.
(3) Nothing in this chapter requires any health care professional to authorize the use of medical marijuana for a patient.
(4) Nothing in this chapter requires any accommodation of any on-site medical use of marijuana in any place of employment, in any school bus or on any school grounds, in any youth center, in any correctional facility, or smoking medical marijuana in any public place as that term is defined in RCW 70.160.020.
(5) It is a class C felony to fraudulently produce any record purporting to be, or tamper with the content of any record for the purpose of having it accepted as, valid documentation under RCW 69.51A.010((65)).

SECOND READING

SUBSTITUTE SENATE BILL NO. 6355, by Senate Committee on Higher Education & Workforce Development
(originally sponsored by Senators Kilmer, Becker, Rockefeller and Shin)

Expanding the higher education system upon proven demand.

Representative Wallace moved the adoption of amendment (1589).

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the state institutions of higher education are providing a high quality education to the citizens of the state. The legislature further finds that to meet goals of the strategic master plan for higher education the state needs a higher education system that is capable of delivering many more degrees. The legislature also finds that expansion of the system should be based on the proven demands of the citizens and the marketplace, a concept called "expand on demand." The legislature further finds that the higher education coordinating board, in collaboration with the state board for community and technical colleges, the two-year and four-year institutions of higher education, and other stakeholders developed a system design plan that contains seven guiding principles for system expansion, focuses near-term enrollment growth at university branch campuses, comprehensive universities, and university centers where existing capacity is available without new state capital investment, establishes a process for evaluating major new capital expansion, and creates a fund for innovation to foster change and innovation in higher education delivery. The legislature finds that the strategies in the plan support the concept of expand on demand and would increase degree production by first reinvesting in higher education to use existing capacity while also providing long-term strategies to guide decisions on when and where to build new campuses, significantly expand existing sites, and change missions of existing institutions.

The legislature endorses the system design plan, approved by the higher education coordinating board in November 2009, and adopts the recommendations and strategies in the plan.

Sec. 2. RCW 28B.50.020 and 2009 c 64 s 2 are each amended to read as follows:

The purpose of this chapter is to provide for the dramatically increasing number of students requiring high standards of education either as a part of the continuing higher education program or for occupational education and training, or for adult basic skills and literacy education, by creating a new, independent system of community and technical colleges which will:

(1) Offer an open door to every citizen, regardless of his or her academic background or experience, at a cost normally within his or her economic means;

(2) Ensure that each college district shall offer thoroughly comprehensive educational, training, and service programs to meet the needs of both the communities and students served by combining high standards of excellence in academic transfer courses; realistic and practical courses in occupational education, both graded and ungraded; community services of an educational, cultural, and recreational nature; and adult education, including basic skills and general, family, and workforce literacy programs and services;

(3) Provide for basic skills and literacy education, and occupational education and technical training at technical colleges in order to prepare students for careers in a competitive workforce;

(4) Provide or coordinate related and supplemental instruction for apprentices at community and technical colleges;

(5) Provide administration by state and local boards which will avoid unnecessary duplication of facilities or programs; and which will encourage efficiency in operation and creativity and imagination in education, training, and service to meet the needs of the community and students;

(6) Allow for the growth, improvement, flexibility and modification of the community colleges and their education, training, and service programs as future needs occur; and

(7) Establish firmly that (except on a pilot basis) as provided under RCW 28B.50.810, community colleges are, for purposes of academic training, two year institutions, and are an independent, unique, and vital section of our state's higher education system, separate from both the common school system and other institutions of higher learning (and never to be considered for conversion into four-year liberal arts colleges).

Sec. 3. RCW 28B.50.810 and 2008 c 166 s 2 are each amended to read as follows:

(1) (a) (By April 2006) The college board (shall) may select (four) community or technical colleges to develop and offer programs of study leading to (associate) applied baccalaureate degrees. (b) At least one of the four pilot programs chosen must lead to a baccalaureate of applied science degree which builds on an associate of applied science degree. The college board shall convene a task force that includes representatives of both the community and technical colleges to develop objective selection criteria.

(2) By February 2008, the college board shall select up to three colleges to develop and offer programs of study leading to an applied baccalaureate degree. At least one of the colleges selected must be a technical college. The college board shall use the objective selection criteria developed under subsections (1) and (3) of this section to make the selection.

(3) (a) Colleges may submit (an) applications to (become a pilot college under this section) the college board. The college board and the higher education coordinating board shall review the applications and select the (pilot) colleges using objective criteria, including, but not limited to:

(a) The college demonstrates the capacity to make a long-term commitment of resources to build and sustain a high quality program;

(b) The college has or can readily engage faculty appropriately qualified to develop and deliver a high quality curriculum at the baccalaureate level;

(c) The college can demonstrate demand for the proposed program from a sufficient number of students within its service area to make the program cost-effective and feasible to operate;

(d) The college can demonstrate that employers demand the level of technical training proposed within the program, making it cost-effective for students to seek the degree; and

(e) The proposed program fills a gap in options available for students because it is not offered by a public four-year institution of higher education in the college's geographic area.

(2) A college selected (as a pilot college) under this section may develop the curriculum for and design and deliver courses leading to an applied baccalaureate degree. However, degree programs developed under this section are subject to approval by the college board under RCW 28B.50.090 and by the higher education coordinating board under RCW 28B.76.230 before a (pilot) college may enroll students in upper division courses. (A pilot college approved under subsection (1) of this section may not enroll students in upper division courses before the fall academic quarter of 2006.)
(3) "Major expansion" means expansion of the higher education system that requires significant new capital investment, including building new institutions, campuses, branches, or centers or conversion of existing campuses, branches, or centers that would result in a mission change.

(4) "Mission change" means a change in the level of degree awarded or institutional type not currently authorized in statute.

Sec. 5. RCW 28B.76.230 and 2005 c 258 s 11 are each amended to read as follows:

(1) The board shall develop a comprehensive and ongoing assessment process to analyze the need for additional degrees and programs, additional off-campus centers and locations for degree programs, and consolidation or elimination of programs by the four-year institutions. Board recommendations regarding proposed major expansion shall be limited to determinations of whether the major expansion is within the scope indicated in the most recent strategic master plan for higher education or most recent system design plan. Recommendations regarding existing capital prioritization processes are not within the scope of the evaluation of major expansion. Major expansion and proposed mission changes may be proposed by the board, any public institution of higher education, or by a state or local government.

(2) As part of the needs assessment process, the board shall examine:

(a) Projections of student, employer, and community demand for education and degrees, including liberal arts degrees, on a regional and statewide basis;

(b) Current and projected degree programs and enrollment at public and private institutions of higher education, by location and mode of service delivery; and

(c) Data from the workforce training and education coordinating board and the state board for community and technical colleges on the supply and demand for workforce education and certificates and associate degrees;

(d) Recommendations from the technology transformation task force created in chapter 407, Laws of 2009, and institutions of higher education relative to the strategic and operational use of technology in higher education. These and other reports, reviews, and audits shall allow for: The development of enterprise-wide digital information technology across educational sectors, systems, and delivery methods; the integration and streamlining of administrative tools including but not limited to student information management, financial management, payroll, human resources, data collection, reporting, and analysis; and a determination of the costs of multiple technology platforms, systems, and models.

(3) Every two years the board shall produce, jointly with the state board for community and technical colleges and the workforce training and education coordinating board, an assessment of the number and type of higher education and training credentials required to match employer demand for a skilled and educated workforce. The assessment shall include the number of forecasted net job openings at each level of higher education and training and the number of credentials needed to match the forecast of net job openings.

(4) The board shall determine whether certain major lines of study or types of degrees, including applied degrees or research-oriented degrees, shall be assigned uniquely to some institutions or institutional sectors in order to create centers of excellence that focus resources and expertise.

(5) The following activities are subject to approval by the board:

(a) New degree programs by a four-year institution;

(b) Creation of any off-campus program by a four-year institution;

(c) Purchase or lease of major off-campus facilities by a four-year institution or a community or technical college;

(d) Creation of higher education centers and consortia;

(e) New degree programs and creation of off-campus programs by an independent college or university in collaboration with a community or technical college; and

(f) Applied baccalaureate degree programs developed by colleges under RCW 28B.50.810.

(6) Institutions seeking board approval under this section must demonstrate that the proposal is justified by the needs assessment developed under this section. Institutions must also demonstrate how the proposals align with or implement the statewide strategic master plan for higher education under RCW 28B.76.200.

(7) The board shall develop clear guidelines and objective decision-making criteria regarding approval of proposals under this section, which must include review and consultation with the institution and other interested agencies and individuals.

(8) The board shall periodically recommend consolidation or elimination of programs at the four-year institutions, based on the needs assessment analysis.

(9) In the case of a proposed major expansion or mission change, the needs assessment process under subsection (2) of this section constitutes a threshold inquiry. If the board determines that the need for the proposed major expansion or mission change has not been justified, the inquiry is concluded. If the board determines that the need for the proposed major expansion or mission change has been sufficiently established, the board, in consultation with any directly involved institutions and other interested agencies and individuals, shall proceed to examine the viability of the proposal using criteria including, but not limited to:

(a) The specific scope of the project including the capital investment requirements, the number of full-time equivalent students anticipated, and the number of academic programs planned;

(b) The existence of an efficient and sustainable financial plan;

(c) The extent to which existing resources can be leveraged;

(d) The current and five-year projected student population, faculty, and staff to support the proposed programs, institution, or innovation;

(e) The plans to accommodate expected growth over a twenty-year time frame;

(f) The extent to which new or existing partnerships and collaborations are a part of the proposal; and

(g) The feasibility of any proposed innovations to accelerate degree production.

(10) After the board completes its evaluation of the proposed major expansion or mission change using the needs assessment under subsection (2) of this section and viability determination under subsection (9) of this section, the board shall make a recommendation to either proceed, modify, or not proceed with the proposed major expansion or mission change. The board’s recommendation shall be presented to the governor and the legislature.

Sec. 6. RCW 28B.120.005 and 1999 c 169 s 2 are each amended to read as follows:

The legislature finds that encouraging collaboration among the various educational sectors to meet statewide productivity and
educational attainment needs as described in the system design plan developed by the higher education coordinating board will strengthen the entire educational system, kindergarten through twelfth grade and higher education. The legislature also recognizes that the most effective way to develop innovative and collaborative programs is to encourage institutions to develop them voluntarily, in line with established state goals. Through a system of competitive grants, the legislature shall encourage the development of innovative and collaborative and cost-effective solutions to issues of critical statewide need, including:

1. Raising educational attainment and planning and piloting innovative initiatives to reach new locations and populations;
2. Recognizing needs of special populations of students, including access and completion efforts targeting underrepresented populations;
3. Furthering the development of learner-centered, technology-assisted course delivery, including expansion of online and hybrid coursework, open courseware, and other uses of technology in order to effectively and efficiently share costs, improve the quality of instruction and student, faculty, and administrative services, increase undergraduate and graduate student access, retention, and graduation, and to enhance transfer capability;
4. Furthering the development of competency-based measurements of student achievement to be used as the basis for awarding degrees and certificates;
5. Increasing the collaboration among both public and private sector institutions of higher education; and
6. Improving productivity through innovations such as accelerated programs and alternative scheduling.

Sec. 7. RCW 28B.120.010 and 1999 c 169 s 5 are each amended to read as follows:

The Washington fund for innovation and quality in higher education program is established. The higher education coordinating board shall administer the program (for the purpose of awarding grants in which a four-year institution of higher education is named as the lead institution. The state board for community and technical colleges shall administer the program for the purpose of awarding grants in which a community or technical college is named as the lead institution) and shall work in close collaboration with the state board for community and technical colleges and other local and regional entities. Through this program the higher education coordinating board(s) may award on a competitive basis incentive grants to state public or private nonprofit institutions of higher education or consortia of institutions to encourage (cooperative) programs designed to address specific system problems. (Grants shall not exceed a two-year period.) Each institution or consortia of institutions receiving the award shall contribute some financial support, either by covering part of the costs for the program during its implementation, or by assuming continuing support at the end of the grant period. Strong priority will be given to proposals that involve more than one sector of education (and to proposals that show substantive institutional commitment). Institutions are encouraged to solicit nonstate funds to support these cooperative programs.

Sec. 8. RCW 28B.120.020 and 1999 c 169 s 3 are each amended to read as follows:

The higher education coordinating board shall have the following powers and duties in administering the program for those proposals in which a four-year institution of higher education is named as the lead institution and fiscal agent:

1. To adopt rules necessary to carry out the program;
2. (To establish one or more review committees to assist in the evaluation of proposals for funding. The review committee shall include individuals with significant experience in higher education in areas relevant to one or more of the funding period priorities and shall include representatives from both the four-year and two-year sectors of higher education;
(b) Projects that replace failing permanent buildings ((or renovate facilities to restore building life and upgrade space to meet current program requirements)). Facilities that cannot be economically renovated are considered replacement projects. ((Renovation projects should represent a complete renovation of a total facility or an isolated wing of a facility. A reasonable renovation project should cost between sixty to eighty percent of current replacement value and restore the renovated area to at least twenty-five years of useful life.)) New space may be programmed for the same or a different use than the space being replaced ((or renovated)) and may include additions to improve access and enhance the relationship of program or support space;

(c) Projects that renovate facilities to restore building life and upgrade space to meet current program requirements. Renovation projects should represent a complete renovation of a total facility or an isolated wing of a facility. A reasonable renovation project should cost between sixty to eighty percent of current replacement value and restore the renovated area to at least twenty-five years of useful life. New space may be programmed for the same or a different use than the space being renovated and may include additions to improve access and enhance the relationship of program or support space;

(d) Major stand-alone campus infrastructure projects:

(1) Projects that promote economic growth and innovation through expanded research activity. The acquisition and installation of specialized equipment is authorized under this category; and

(2) Other project categories as determined by the office of financial management in consultation with the legislative fiscal committees.

(2) The office of financial management, in consultation with the legislative fiscal committees ((and the joint legislative audit and review committee)), shall establish a scoring system and process for each four-year project category that is based on the framework used in the community and technical college system of prioritization. Staff from the state board for community and technical colleges, the higher education coordinating board, and the four-year institutions shall provide technical assistance on the development of a scoring system and process.

(3) The office of financial management shall consult with the legislative fiscal committees in the scoring of four-year institution project proposals, and may also solicit participation by ((the joint legislative audit and review committee)) independent experts.

(a) For each four-year project category, the scoring system must, at a minimum, include an evaluation of enrollment trends, reasonableness of cost, the ability of the project to enhance specific strategic master plan goals, age and condition of the facility if applicable, and impact on space utilization.

(b) Each four-year project category may include projects at the predesign, design, or construction funding phase.

(c) To the extent possible, the objective analysis and scoring system of all capital budget projects shall occur within the context of any and all performance agreements between the office of financial management and the governing board of a public, four-year institution of higher education that aligns goals, priorities, desired outcomes, flexibility, institutional mission, accountability, and levels of resources.

(4) In evaluating and scoring four-year institution projects, the office of financial management shall take into consideration project schedules that result in realistic, balanced, and predictable expenditure patterns over the ensuing three biennia.

(5) The office of financial management shall distribute common definitions, the scoring system, and other information required for the project proposal and scoring process as part of its biennial budget instructions. (Except that, for the 2009-2011 budget development cycle, this information must be distributed by July 1, 2008) The office of financial management, in consultation with the legislative fiscal committees ((and the joint legislative audit and review committee)), shall develop common definitions that four-year institutions must use in developing their project proposals and lists under this section.

(6) In developing any scoring system for capital projects proposed by the four-year institutions, the office of financial management:

(a) Shall be provided with all required information by the four-year institutions as deemed necessary by the office of financial management;

(b) May utilize independent services to verify, sample, or evaluate information provided to the office of financial management by the four-year institutions; and

(c) Shall have full access to all data maintained by the higher education coordinating board and the joint legislative audit and review committee concerning the condition of higher education facilities.

(7) By August ((of the even-numbered year)) (beginning in 2008) each public four-year higher education institution shall prepare and submit prioritized lists of the individual projects proposed by the institution for the ensuing six-year period in each category. ((On a pilot basis, the office of financial management shall require one research university to prepare separate prioritized lists for each category, one for the main campus, and one covering all of the institution's branch campuses.)) The office of financial management shall report to the legislative fiscal committees by December 1, 2009, on the effect of this pilot project on capital project financing for all branch campuses. The lists must be submitted to the office of financial management and the legislative fiscal committees. The four-year institutions may aggregate minor works project proposals by primary purpose for ranking purposes. Proposed minor works projects must be prioritized within the aggregated proposal, and supporting documentation, including project descriptions and cost estimates, must be provided to the office of financial management and the legislative fiscal committees.

Sec. 10. RCW 28B.76.210 and 2008 c 205 s 4 are each amended to read as follows:

(1) The board shall collaborate with the four-year institutions including the council of presidents, the community and technical college system, and when appropriate the workforce training and education coordinating board, the superintendent of public instruction, and the independent higher educational institutions to identify budget priorities and levels of funding for higher education, including the two and four-year institutions of higher education and state financial aid programs. It is the intent of the legislature that recommendations from the board reflect not merely the sum of budget requests from multiple institutions, but prioritized funding needs for the overall system of higher education.

(2) By December of each odd-numbered year, the board shall distribute guidelines which outline the board's fiscal priorities to the institutions and the state board for community and technical colleges. (a) The institutions and the state board for community and technical colleges shall submit an outline of their proposed operating budgets to the board no later than July 1st of each even-numbered year. Pursuant to guidelines developed by the board, operating budget outlines submitted by the institutions and the state board for community and technical colleges after January 1, 2007, shall include all policy changes and enhancements that will be requested by the institutions and the state board for community and technical colleges in their respective biennial budget requests. Operating budget outlines shall include a description of each policy enhancement, the dollar amount requested, and the fund source being requested.

(b) Capital budget outlines for the two-year institutions shall be submitted by August 15th of each even-numbered year, and shall include the prioritized ranking of the capital projects being requested, a description of each capital project, and the amount and fund source being requested.
(c) Capital budget outlines for the four-year institutions must be submitted by August 15th of each even-numbered year, and must include: The institution's priority ranking of the project; the capital budget category within which the project will be submitted to the office of financial management in accordance with RCW 43.88D.010; a description of each capital project; and the amount and fund source being requested.

(d) The office of financial management shall reference these reporting requirements in its budget instructions.

(3) The board shall review and evaluate the operating and capital budget requests from four-year institutions and the community and technical college system based on how the requests align with the board's budget priorities, the missions of the institutions, and the statewide strategic master plan for higher education under RCW 28B.76.200.

(4) The board shall submit recommendations on the proposed operating budget and priorities to the office of financial management by October 1st of each even-numbered year, and to the legislature by January 1st of each odd-numbered year.

(5) The board's capital budget recommendations for the community and technical college system and the four-year institutions must be submitted to the office of financial management (by November 15th of each even-numbered year)) and to the legislature by (by January 1st of each odd numbered)) November 15th of each even-numbered year.

The board's recommendations for the four-year institutions must include (the relative share of the higher education capital budget that the board recommends be assigned to each project category, as defined in RCW 43.88D.010, and to minor works program and preservation) a single, prioritized list of the major projects that the board recommends be funded with state bond and building account appropriations during the forthcoming fiscal biennium. In developing this single prioritized list, the board shall:

(a) Seek to identify the combination of projects that will most cost-effectively achieve the state's goals. These goals include increasing baccalaureate and graduate degree production, particularly in high-demand fields; promoting economic development through research and innovation; providing quality, affordable educational environments; preserving existing assets; and maximizing the efficient utilization of instructional space;

(b) Be guided by the objective analysis and scoring of capital budget projects completed by the office of financial management pursuant to chapter 43.88D RCW;

(c) Anticipate (i) that state bond and building account appropriations continue at the same level during each of the two subsequent fiscal biennia as has actually been appropriated for the baccalaureate institutions during the current one; (ii) that major projects funded for design during a biennium are funded for construction during the subsequent one before state appropriations are provided for new major projects; and (iii) that minor health, safety, code, and preservation projects are funded at the same average level as in recent biennia before state appropriations are provided for new major projects.

((5)) (6) Institutions and the state board for community and technical colleges shall submit any supplemental budget requests and revisions to the board at the same time they are submitted to the office of financial management. The board shall submit recommendations on the proposed supplemental budget requests to the office of financial management by November 1st and to the legislature by January 1st.

NEW SECTION. Sec. 11. A new section is added to chapter 28B.20 RCW to read as follows:

(1) This section provides an alternative process for awarding contracts for construction, building, renovation, remodeling, alteration, repair, or improvement of university buildings and facilities in which critical patient care or highly specialized medical research is located. These provisions may be used, in lieu of other procedures to award contracts for such work, when the estimated cost of the work is equal to or less than five million dollars and the project involves construction, renovation, remodeling, or alteration of improvements within a building that is used directly for critical patient care or highly specialized medical research.

(2) The university may create a single critical patient care or specialized medical research facilities roster or may create multiple critical patient care or specialized medical research facilities rosters for different trade specialties or categories of anticipated work. At least once a year, the university shall publish in a newspaper of general circulation a notice of the existence of the roster or rosters and solicit a statement of qualifications from contractors who wish to be on the roster or rosters of prime contractors. In addition, qualified contractors shall be added to the roster or rosters at any time they submit a written request, necessary records, and meet the qualifications established by the university. The university may require eligible contractors desiring to be placed on a roster to keep current records of any applicable licenses, certifications, registrations, bonding, insurance, or other appropriate matters on file with the university as a condition of being placed on a roster or rosters. Placement on a roster shall be on the basis of qualifications.

(3) The public solicitation of qualifications shall include but not be limited to:

(a) A description of the types of projects to be completed and where possible may include programmatic, performance, and technical requirements and specifications;

(b) The reasons for using the critical patient care and specialized medical research roster process;

(c) A description of the qualifications to be required of a contractor, including submission of an accident prevention program;

(d) A description of the process the university will use to evaluate qualifications, including evaluation factors and the relative weight of factors;

(e) The form of the contract to be awarded;

(f) A description of the administrative process by which the required qualifications, evaluation process, and project types may be appealed; and

(g) A description of the administrative process by which decisions of the university may be appealed.

(4) The university shall establish a committee to evaluate the contractors submitting qualifications. Evaluation criteria for selection of the contractor or contractors to be included on a roster shall include, but not be limited to:

(a) Ability of a contractor's professional personnel;

(b) A contractor's past performance on similar projects, including but not limited to medical facilities, and involving either negotiated work or public works contracts;

(c) The contractor's ability to meet time and budget requirements;

(d) The contractor's ability to provide preconstruction services, as appropriate;

(e) The contractor's capacity to successfully complete the project;

(f) The contractor's approach to executing projects;

(g) The contractor's approach to safety and the contractor's safety history; and

(h) The contractor's record of performance, integrity, judgment, and skills.

(5) Contractors meeting the evaluation committee's criteria for selection must be placed on the applicable roster or rosters.

(6) When a project is selected for delivery through this roster process, the university must establish a procedure for securing written quotations from all contractors on a roster to assure that a competitive price is established. Invitations for quotations shall include an estimate of the scope and nature of the work to be performed as well as materials and equipment to be furnished. Plans and specifications must be included in the invitation but may not be detailed. Award of
a project must be made to the responsible bidder submitting the
lowest responsive bid.

(7) The university shall make an effort to solicit proposals from
certified minority or certified woman-owned contractors to the extent
permitted by the Washington state civil rights act, RCW 49.60.400.

(8) Beginning in September 2010 and every other year thereafter,
the university shall provide a report to the capital projects advisory
review board which must, at a minimum, include a list of rosters used,
contracts awarded, and a description of outreach to and participation
by women and minority-owned businesses.

(4) The secretary shall notify the public safety review panel at appropriate intervals concerning any changes in the commitment or custody status of persons found not guilty by reason of insanity. The panel shall have access, upon request, to a committed person’s complete hospital record.

(5) The department shall provide administrative and financial support to the public safety review panel. The department, in consultation with the public safety review panel, may adopt rules to implement this section.

(6) By December 1, 2014, the public safety review panel shall report to the appropriate legislative committees the following:

(c) Any other issues the public safety review panel deems relevant.

NEW SECTION.  Sec. 2. A new section is added to chapter 10.77 RCW to read as follows:

(1) If the secretary determines in writing that a person committed to the custody of the secretary for treatment as criminally insane presents an unreasonable safety risk which, based on behavior, clinical history, and facility security is not manageable in a state hospital setting, the secretary may place the person in any secure facility operated by the secretary or the secretary of the department of corrections. Any person affected by this provision shall receive appropriate mental health treatment governed by a formalized treatment plan targeted at mental health rehabilitation needs and shall be afforded his or her rights under RCW 10.77.140, 10.77.150, and 10.77.200. The secretary of the department of social and health services shall retain legal custody of any person placed under this section and review any placement outside of a department mental health hospital every three months, or sooner if warranted by the person’s mental health status, to determine if the placement remains appropriate.

(2) Beginning December 1, 2010, and every six months thereafter, the secretary shall report to the governor and the appropriate committees of the legislature regarding the use of the authority under this section to transfer persons to a secure facility. The report shall include information related to the number of persons who have been placed in a secure facility operated by the secretary or the secretary of the department of corrections, and the length of time that each such person has been in the secure facility.

(3) This section expires June 30, 2015.

NEW SECTION.  Sec. 3. (1) The Washington state institute for public policy shall, in collaboration with the department of social and health services and other applicable entities, undertake a search for validated mental health assessment tools in each of the following areas:

Such persons shall be under the custody and control of the secretary to the same extent as are other persons who are committed to the secretary's custody, but such provision shall be made for their control, care, and treatment as is proper in view of their condition)) of the secretary. In order that the secretary may adequately determine the nature of the mental illness or developmental disability of the person committed ((to him or her)) as criminally insane, ((and in order for the secretary to place such individuals in a proper facility)) all persons who are committed to the secretary as criminally insane shall be promptly examined by qualified personnel in ((such a manner as)) order to provide a proper evaluation and diagnosis of such individual. If the decision of the hearing remits the person to custody, the department employee shall ((forthwith)) return the person to such institution or facility designated by the secretary. If the state appeals an order of release, such appeal shall operate as a stay, and the person shall remain in custody ((shall so remain)) and be ((forthwith)) returned to the institution or facility designated by the secretary until a final decision has been rendered in the cause.

Sec. 5. RCW 10.77.150 and 1998 c 297 s 41 are each amended to read as follows:

The secretary shall, after considering the reports of experts or professional persons conducting the examination pursuant to RCW 10.77.140, forward to the court of the county which ordered the person’s commitment the person’s application for conditional release as well as the secretary’s recommendations concerning the application and any proposed terms and conditions upon which the secretary reasonably believes the person can be conditionally released. Conditional release may also contemplate partial release for work, training, or educational purposes.

(2) In instances in which persons examined pursuant to RCW 10.77.140 have not made application to the secretary for conditional release, but the secretary, after considering the reports of experts or professional persons conducting the examination pursuant to RCW 10.77.140, reasonably believes the person may be conditionally released, the secretary may submit a recommendation for release to the court of the county which ordered the person’s commitment. The secretary’s recommendation must include any proposed terms and conditions upon which the secretary reasonably believes the person may be conditionally released. Conditional release may also include partial release for work, training, or educational purposes. Notice of the secretary’s recommendation under this subsection must be
provided to the person for whom the secretary has made the recommendation for release and to his or her attorney.

(3)(a) The court of the county which ordered the person's commitment, upon receipt of an application or recommendation for conditional release with the secretary's recommendation for conditional release terms and conditions, shall within thirty days schedule a hearing. The court may schedule a hearing on applications recommended for disapproval by the secretary.

(b) The prosecuting attorney shall represent the state at such hearings and shall have the right to have the patient examined by an expert or professional person of the prosecuting attorney's choice. If the committed person is indigent, and he or she so requests, the court shall appoint a qualified expert or professional person to examine the person on his or her behalf.

c) The issue to be determined at such a hearing is whether or not the person may be released conditionally without substantial danger to other persons, or substantial likelihood of committing criminal acts jeopardizing public safety or security.

d) The court, after the hearing, shall rule on the secretary's recommendations, and if it disapproves of conditional release, may do so only on the basis of substantial evidence. The court may modify the suggested terms and conditions on which the person is to be conditionally released. Pursuant to the determination of the court after hearing, the committed person shall thereupon be released on such conditions as the court determines to be necessary, or shall be remitted to the custody of the secretary. If the order of conditional release includes a requirement for the committed person to report to a community corrections officer, the order shall also specify that the committed person shall be subject to the provision of this chapter. The court may specify that the committed person shall be under the supervision of the secretary of corrections or such person as the secretary of corrections may designate and shall follow explicitly the instructions of the secretary of corrections including reporting as directed to a community corrections officer, remaining within prescribed geographical boundaries, and notifying the community corrections officer prior to making any change in the offender's address or employment. If the order of conditional release includes a requirement for the committed person to report to a community corrections officer, the community corrections officer shall notify the secretary or the secretary's designee, if the person is not in compliance with the court-ordered conditions of release.

(4) If the court determines that receiving regular or periodic medication or other medical treatment shall be a condition of the committed person's release, then the court shall require him or her to report to a physician or other medical or mental health practitioner for the medication or treatment. In addition to submitting any report required by RCW 10.77.160, the physician or other medical or mental health practitioner shall immediately upon the released person's failure to appear for the medication or treatment or upon a change in mental health condition that renders the patient a potential risk to the public, notify the court, or the prosecuting attorney of the county in which the released person was committed, to the secretary, and to the supervising community corrections officer.

(5) Any person, whose application for conditional release has been denied, may reapply after a period of six months from the date of denial.

Sec. 6. RCW 10.77.160 and 1993 c 31 s 7 are each amended to read as follows:

When a conditionally released person is required by the terms of his or her conditional release to report to a physician, department of corrections community corrections officer, or medical or mental health practitioner on a regular or periodic basis, the physician, department of corrections community corrections officer, medical or mental health practitioner, or other such person shall monthly, for the first six months after release and semiannually thereafter, or as otherwise directed by the court, submit to the court, the secretary, the institution from which released, and to the prosecuting attorney of the county in which the person was committed, a report stating whether the person is adhering to the terms and conditions of his or her conditional release, and detailing any arrests or criminal charges filed and any significant change in the person's mental health condition or other circumstances.

Sec. 7. RCW 10.77.190 and 1998 c 297 s 43 are each amended to read as follows:

(1) Any person submitting reports pursuant to RCW 10.77.160, the secretary, or the prosecuting attorney may petition the court to, or the court on its own motion may schedule an immediate hearing for the purpose of modifying the terms of conditional release if the petitioner or the court believes the released person is failing to adhere to the terms and conditions of his or her conditional release or is in need of additional care and treatment.

(2) If the prosecuting attorney, the secretary of social and health services, the secretary of corrections, or the court, after examining the report filed with them pursuant to RCW 10.77.160, or based on other information received by them, reasonably believes that a conditionally released person is failing to adhere to the terms and conditions of his or her conditional release, the court or secretary of social and health services or the secretary of corrections may order that the conditionally released person be apprehended and taken into custody (until such time as a hearing can be scheduled to determine the facts and whether or not the person's conditional release should be revoked or modified). The court shall be notified of the apprehension before the close of the next judicial day (within the apprehension). The court shall schedule a hearing within thirty days to determine whether or not the person's conditional release should be modified or revoked. Both the prosecuting attorney and the conditionally released person shall have the right to request an immediate mental examination of the conditionally released person. If the conditionally released person is indigent, the court or secretary of social and health services or the secretary of corrections or their designees shall, upon request, assist him or her in obtaining a qualified expert or professional person to conduct the examination.

(3) If the hospital or facility designated to provide outpatient care determines that a conditionally released person presents a threat to public safety, the hospital or facility shall immediately notify the secretary of social and health services or the secretary of corrections or their designees. The secretary shall order that the conditionally released person be apprehended and taken into custody.

(4) The court, upon receiving notification of the apprehension, shall promptly schedule a hearing. The issue to be determined is whether the conditionally released person did or did not adhere to the terms and conditions of his or her release, or whether the person presents a threat to public safety. Pursuant to the determination of the court upon such hearing, the conditionally released person shall either continue to be conditionally released on the same or modified terms or his or her conditional release shall be revoked and he or she shall be committed subject to release only in accordance with provisions of this chapter.

Sec. 8. RCW 10.77.200 and 2000 c 94 s 16 are each amended to read as follows:

(1) Upon application by the committed or conditionally released person, the secretary shall determine whether or not reasonable grounds exist for release. In making this determination, the secretary may consider the reports filed under RCW 10.77.060, 10.77.110, 10.77.140, and 10.77.160, and other reports and evaluations provided by professionals familiar with the case. If the secretary approves the release he or she then shall authorize the person to petition the court.

(2) In instances in which persons have not made application for release, but the secretary believes, after consideration of the reports filed under RCW 10.77.060, 10.77.110, 10.77.140, and 10.77.160, and other reports and evaluations provided by professionals familiar with the case, that reasonable grounds exist for release, the secretary may petition the court. If the secretary petitions the court for release
under this subsection, notice of the petition must be provided to the person who is the subject of the petition and to his or her attorney.

(3) The petition shall be served upon the court and the prosecuting attorney. The court, upon receipt of the petition for release, shall within forty-five days order a hearing. Continuance of the hearing date shall only be allowed for good cause shown. The prosecuting attorney shall represent the state, and shall have the right to have the petitioner examined by an expert or professional person of the prosecuting attorney's choice. If the petitioner is indigent, and the person so requests, the court shall appoint a qualified expert or professional person to examine him or her. If the petitioner (is developmentally disabled) has a developmental disability, the examination shall be performed by a developmental disabilities professional. The hearing shall be before a jury if demanded by either the petitioner or the prosecuting attorney. The burden of proof shall be upon the petitioner to show by a preponderance of the evidence that the petitioner no longer presents, as a result of a mental disease or defect, a substantial danger to other persons, or a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions.

((4)) (4) For purposes of this section, a person affected by a mental disease or defect in a state of remission is considered to have a mental disease or defect requiring supervision when the disease may, with reasonable medical probability, occasionally become active and, when active, render the person a danger to others. Upon a finding that the petitioner has a mental disease or defect in a state of remission under this subsection, the court may deny release, or place or continue such a person on conditional release.

(5) Nothing contained in this chapter shall prohibit the patient from petitioning the court for release or conditional release from the institution in which he or she is committed. The issue to be determined on such proceeding is whether the petitioner, as a result of a mental disease or defect, is a substantial danger to other persons, or presents a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions.

(6) Nothing contained in this chapter shall prohibit the committed person from petitioning for release by writ of habeas corpus.

NEW SECTION. Sec. 9. A new section is added to chapter 10.77 RCW to read as follows:

For persons who have received court approval for conditional release, the secretary or the secretary's designee shall supervise the person's compliance with the court-ordered conditions of release. The level of supervision provided by the secretary shall correspond to the level of the person's public safety risk. In undertaking supervision of persons under this section, the secretary shall coordinate with any treatment providers designated pursuant to RCW 10.77.150(3), any department of corrections staff designated pursuant to RCW 10.77.150(2), and local law enforcement, if appropriate. The secretary shall adopt rules to implement this section.

SUBSTITUTE SENATE BILL NO. 6730, as amended by the House, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE March 10, 2010

Mr. Speaker:

The Senate reed from its amendment to ENGROSSED SUBSTITUTE HOUSE BILL NO. 2424, and under suspension of the rules returned ENGROSSED SUBSTITUTE HOUSE BILL NO. 2424 to second reading for purpose of amendment. The Senate further adopted amendment 2424-S.E AMS KLIN S5446.1 and passed the measure as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 9.68A.001 and 2007 c 368 s 1 are each amended to read as follows:

The legislature finds that the prevention of sexual exploitation and abuse of children constitutes a government objective of surpassing importance. The care of children is a sacred trust and should not be abused by those who seek commercial gain or personal gratification based on the exploitation of children.

The legislature further finds that the protection of children from sexual exploitation can be accomplished without infringing on a constitutionally protected activity. The definition of "sexually explicit conduct" and other operative definitions demarcate a line between protected and prohibited conduct and should not inhibit legitimate scientific, medical, or educational activities.

The legislature further finds that children engaged in sexual conduct for financial compensation are frequently the victims of sexual abuse. Approximately eighty to ninety percent of children engaged in sexual activity for financial compensation have a history of sexual abuse victimization. It is the intent of the legislature to encourage these children to engage in prevention and intervention services and to hold those who pay to engage in the sexual abuse of children accountable for the trauma they inflict on children.

The legislature further finds that due to the changing nature of technology, offenders are now able to access child pornography in sexually explicit conduct and should not inhibit legitimate scientific, medical, or educational activities.

The definition of "sexually explicit conduct" and other operative definitions demarcate a line between constitutionally protected activity. The definition of "sexually explicit conduct" means actual or simulated:

4. "Sexually explicit conduct" means actual or simulated:
   a. Sexual intercourse, including genital-genital, oral-genital, anal-genital, or oral-anal, whether between persons of the same or opposite sex or between humans and animals;
   b. Penetration of the vagina or rectum by any object;
   c. Masturbation;
   d. Sadomasochistic abuse (for the purpose of sexual stimulation of the viewer);
   e. Exhibition of the genitals or unclothed pubic or rectal areas of any minor, or the unclothed breast of a female minor, for the purpose of sexual stimulation of the viewer;
   f. Depiction of the genitals or unclothed pubic or rectal areas of any minor, or the unclothed breast of a female minor, for the purpose of sexual stimulation of the viewer. For the purposes of this subsection (4)(f), it is not necessary that the minor know that he or she is participating in the described conduct, or any aspect of it; and
   g. Touched of a person's clothed or unclothed genitals, pubic area, buttocks, or breast area for the purpose of sexual stimulation of the viewer.

5. "Minor" means any person under eighteen years of age.

6. "Live performance" means any play, show, skit, dance, or other exhibition performed or presented to or before an audience of one or more, with or without consideration.

Sec. 10. RCW 9.94A.535 and 2008 c 276 s 303 and 2008 c 233 s 9 are each reenacted and amended to read as follows:
The court may impose a sentence outside the standard sentence range for an offense if it finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence. Facts supporting aggravated sentences, other than the fact of a prior conviction, shall be determined pursuant to the provisions of RCW 9.94A.537.
Whenever a sentence outside the standard sentence range is imposed, the court shall set forth the reasons for its decision in written findings of fact and conclusions of law. A sentence outside the standard sentence range shall be a determinate sentence.
If the sentencing court finds that an exceptional sentence outside the standard sentence range should be imposed, the sentence is subject to review only as provided for in RCW 9.94A.585(4).
A departure from the standards in RCW 9.94A.589 (1) and (2) governing whether sentences are to be served consecutively or concurrently is an exceptional sentence subject to the limitations in
this section, and may be appealed by the offender or the state as set forth in RCW 9.94A.585 (2) through (6).

(1) Mitigating Circumstances - Court to Consider
The court may impose an exceptional sentence below the standard range if it finds that mitigating circumstances are established by a preponderance of the evidence. The following are illustrative only and are not intended to be exclusive reasons for exceptional sentences.

(a) To a significant degree, the victim was an initiator, willing participant, aggressor, or provoker of the incident.
(b) Before detection, the defendant compensated, or made a good faith effort to compensate, the victim of the criminal conduct for any damage or injury sustained.
(c) The defendant committed the crime under duress, coercion, threat, or compulsion insufficient to constitute a complete defense but which significantly affected his or her conduct.
(d) The defendant, with no apparent predisposition to do so, was induced by others to participate in the crime.
(e) The defendant's capacity to appreciate the wrongfulness of his or her conduct, or to conform his or her conduct to the requirements of the law, was significantly impaired. Voluntary use of drugs or alcohol is excluded.
(f) The offense was principally accomplished by another person and the defendant manifested extreme caution or sincere concern for the safety or well-being of the victim.
(g) The operation of the multiple offense policy of RCW 9.94A.589 results in a presumptive sentence that is clearly excessive in light of the purpose of this chapter, as expressed in RCW 9.94A.010.
(h) The defendant or the defendant's children suffered a continuing pattern of physical or sexual abuse by the victim of the offense and the offense is a response to that abuse.

(2) Aggravating Circumstances - Considered and Imposed by the Court
The trial court may impose an aggravated exceptional sentence without a finding of fact by a jury under the following circumstances:

(a) The defendant and the state both stipulate that justice is best served by the imposition of an exceptional sentence outside the standard range, and the court finds the exceptional sentence to be consistent with and in furtherance of the interests of justice and the purposes of the sentencing reform act.
(b) The defendant's prior unscored misdemeanor or prior unscored foreign criminal history results in a presumptive sentence that is clearly too lenient in light of the purpose of this chapter, as expressed in RCW 9.94A.010.
(c) The defendant has committed multiple current offenses and the defendant's high offender score results in some of the current offenses going unpunished.
(d) The failure to consider the defendant's prior criminal history which was omitted from the offender score calculation pursuant to RCW 9.94A.525 results in a presumptive sentence that is clearly too lenient.

(3) Aggravating Circumstances - Considered by a Jury - Imposed by the Court
