MESSAGE FROM THE SENATE
April 20, 2011

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1128 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The Washington state legislature has consistently provided national leadership on safe housing and support to foster youth transitioning out of foster care. Since 2006, the legislature has addressed the needs of foster youth aging out of care with Medicaid to twenty-one (2007), foster care to twenty-one (2006), the independent youth housing program (2007), and Washington’s alignment with the federal fostering connections act (2009). As a result of this national leadership to provide safe and basic housing to youth aging out of foster care, the programs have demonstrated the significant cost benefit to providing safe housing to our youth exiting foster care.

The United States Congress passed the fostering connections to success and increasing adoptions act of 2008 in order to give states another financial tool to continue to provide foster care services to dependent youth who turn eighteen years old while in foster care. However, substantially declining revenues have resulted in markedly decreased funds for states to use to meet the federal requirements necessary to help these youth. Current fiscal realities require that the scope of programs must be narrowed.

The Washington state legislature intends to serve, within the resources available, the maximum number of foster youth who are legally dependent on the state and who reach the age of eighteen while still in foster care. The legislature intends to provide these youth continued foster care services to support basic and healthy transition into adulthood. The legislature recognizes the extremely poor outcomes of unsupported foster youth aging out of the foster care system and is committed to ensuring that those foster youth who engage in positive, age-appropriate activities receive support. It is the intent of the legislature to fully engage in the fostering connections act by providing support, including extended court supervision to foster youth pursuing a high school diploma or GED to age twenty-one with the goal of increasing support to all children up to age twenty-one who are eligible under the federal fostering connections to success act as resources become available.

Sec. 2. RCW 13.04.011 and 2010 c 150 s 4 are each amended to read as follows:

For purposes of this title:
(1) "Adjudication" has the same meaning as "conviction" in RCW 9.94A.030, but only for the purposes of sentencing under chapter 9.94A RCW;
(2) Except as specifically provided in RCW 13.40.020 and chapters 13.24 and 13.34 RCW, "juvenile," "youth," and "child" mean any individual who is under the chronological age of eighteen years;

The description shall identify the services chosen and approved by the parent;

(c) If removal is recommended, a full description of the reasons why the child cannot be protected adequately in the home, including a description of any previous efforts to work with the parents and the child in the home; the in-home treatment programs that have been considered and rejected; the preventive services, including housing assistance, that have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home; and the parents' attitude toward placement of the child;

Sec. 6. RCW 13.34.145 and 2009 c 520 s 30, 2009 c 491 s 4, and 2009 c 477 s 4 are each reenacted and amended to read as follows:

(1) The purpose of a permanency planning hearing is to review the permanency plan for the child, inquire into the welfare of the child and progress of the case, and reach decisions regarding the permanent placement of the child.

(a) A permanency planning hearing shall be held in all cases where the child has remained in out-of-home care for at least nine months and an adoption decree, guardianship order, or permanent custody order has not previously been entered. The hearing shall take place no later than twelve months following commencement of the current placement episode.

(b) Whenever a child is removed from the home of a dependency guardian or long-term relative or foster care provider, and the child is not returned to the home of the parent, guardian, or legal custodian but is placed in out-of-home care, a permanency planning hearing shall take place no later than twelve months, as provided in this section, following the date of removal unless, prior to the hearing, the child returns to the home of the dependency guardian or long-term care provider, the child is placed in the home of the parent, guardian, or legal custodian, an adoption decree, guardianship order, or a permanent custody order is entered, or the dependency is dismissed. Every effort shall be made to provide stability in long-term placement, and to avoid disruption of placement, unless the child is being returned home or it is in the best interest of the child.

(c) Permanency planning goals should be achieved at the earliest possible date, preferably before the child has been in out-of-home care for fifteen months. In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

(2) No later than ten working days prior to the permanency planning hearing, the agency having custody of the child shall submit a written permanency plan to the court and shall mail a copy of the plan to all parties and their legal counsel, if any.

(3) At the permanency planning hearing, the court shall conduct the following inquiry:

(a) If a goal of long-term foster or relative care has been achieved prior to the permanency planning hearing, the court shall review the child's status to determine whether the placement and the plan for the child's care remain appropriate.

(b) In cases where the primary permanency planning goal has not been achieved, the court shall inquire regarding the reasons why the primary goal has not been achieved and determine what needs to be done to make it possible to achieve the primary goal. The court shall review the permanency plan prepared by the agency and make explicit findings regarding each of the following:
(i) The continuing necessity for, and the safety and appropriateness of, the placement;
(ii) The extent of compliance with the permanency plan by the department or supervising agency and any other service providers, the child's parents, the child, and the child's guardian, if any;
(iii) The extent of any efforts to involve appropriate service providers in addition to department or supervising agency staff in planning to meet the special needs of the child and the child's parents;
(iv) The progress toward eliminating the causes for the child's placement outside of his or her home and toward returning the child safely to his or her home or obtaining a permanent placement for the child;
(v) The date by which it is likely that the child will be returned to his or her home or placed for adoption, with a guardian or in some other alternative permanent placement; and
(vi) If the child has been placed outside of his or her home for fifteen of the most recent twenty-two months, not including any period during which the child was a runaway from the out-of-home placement or the first six months of any period during which the child was returned to his or her home for a trial home visit, the appropriateness of the permanency plan, whether reasonable efforts were made by the department or supervising agency to achieve the goal of the permanency plan, and the circumstances which prevent the child from any of the following:

(A) Being returned safely to his or her home;

(B) Having a petition for the involuntary termination of parental rights filed on behalf of the child;

(C) Being placed for adoption;

(D) Being placed with a guardian;

(E) Being placed in the home of a fit and willing relative of the child; or

(F) Being placed in some other alternative permanent placement, including independent living or long-term foster care.

At this hearing, the court shall order the department or supervising agency to file a petition seeking termination of parental rights if the child has been in out-of-home care for fifteen of the last twenty-two months since the date the dependency petition was filed unless the court makes a good cause exception as to why the filing of a termination of parental rights petition is not appropriate. Any good cause finding shall be reviewed at all subsequent hearings pertaining to the child. For purposes of this section, "good cause exception" includes but is not limited to the following: The child is being cared for by a relative; the department has not provided to the child's family such services as the court and the department have deemed necessary for the child's safe return home; or the department has documented in the case plan a compelling reason for determining that filing a petition to terminate parental rights would not be in the child's best interests.

(c)(i) If the permanency plan identifies independent living as a goal, the court shall make a finding that the provision of services to assist the child in making a transition from foster care to independent living will allow the child to manage his or her financial, personal, social, educational, and nonfinancial affairs prior to approving independent living as a permanency plan of care. The court will inquire whether the child has been provided information about extended foster care services.

(ii) The permanency plan shall also specifically identify the services, including extended foster care services, where appropriate, that will be provided to assist the child to make a successful transition from foster care to independent living.

(iii) The department or supervising agency shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW.

(d) If the child has resided in the home of a foster parent or relative for more than six months prior to the permanency planning hearing, the court shall:

(i) Enter a finding regarding whether the foster parent or relative was informed of the hearing as required in RCW 74.13.280, 13.34.215((4a)(6), and 13.34.096; and

(ii) If the department or supervising agency is recommending a placement other than the child's current placement with a foster parent, relative, or other suitable person, enter a finding as to the reasons for the recommendation for a change in placement.

(4) In all cases, at the permanency planning hearing, the court shall:

(a)(i) Order the permanency plan prepared by the supervising agency to be implemented; or

(ii) Modify the permanency plan, and order implementation of the modified plan; and

(b)(i) Order the child returned home only if the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists; or

(ii) Order the child to remain in out-of-home care for a limited specified time period while efforts are made to implement the permanency plan.

(5) Following the first permanency planning hearing, the court shall hold a further permanency planning hearing in accordance with this section at least once every twelve months until a permanency planning goal is achieved or the dependency is dismissed, whichever occurs first.

(6) Prior to the second permanency planning hearing, the agency that has custody of the child shall consider whether to file a petition for termination of parental rights.

(7) If the court orders the child returned home, casework supervision by the department or supervising agency shall continue for at least six months, at which time a review hearing shall be held pursuant to RCW 13.34.138, and the court shall determine the need for continued intervention.

(8) The juvenile court may hear a petition for permanent legal custody when: (a) The court has ordered implementation of a permanency plan that includes permanent legal custody; and (b) the party pursuing the permanent legal custody is the party identified in the permanency plan as the prospective legal custodian. During the pendency of such proceeding, the court shall conduct review hearings and further permanency planning hearings as provided in this chapter. At the conclusion of the legal guardianship or permanent legal custody proceeding, a juvenile court hearing shall be held for the purpose of determining whether dependency should be dismissed. If a guardianship or permanent custody order has been entered, the dependency shall be dismissed.

(9) Continued juvenile court jurisdiction under this chapter shall not be a barrier to the entry of an order establishing a legal guardianship or permanent legal custody when the requirements of subsection (8) of this section are met.

(10) Nothing in this chapter may be construed to limit the ability of the agency that has custody of the child to file a petition for termination of parental rights or a guardianship petition at any time following the establishment of dependency. Upon the filing of such a petition, a fact-finding hearing shall be scheduled and held in accordance with this chapter unless the department or supervising agency requests dismissal of the petition prior to the hearing or unless the parties enter an agreed order terminating parental rights, establishing guardianship, or otherwise resolving the matter.

(11) The approval of a permanency plan that does not contemplate return of the child to the parent does not relieve the supervising agency of its obligation to provide reasonable services, under this chapter, intended to effectuate the return of the child to the parent, including but not limited to, visitation rights. The court shall consider the child's relationships with siblings in accordance with RCW 13.34.130.

(12) Nothing in this chapter may be construed to limit the procedural due process rights of any party in a termination or guardianship proceeding filed under this chapter.

NEW SECTION. Sec. 7. A new section is added to chapter 13.34 RCW to read as follows:

(1) In order to facilitate the delivery of extended foster care services, the court shall postpone for six months the dismissal of a dependency proceeding for any child who is a dependent child in foster care at the age of eighteen years and who, at the time of his or her eighteenth birthday, is enrolled in a secondary education program or a secondary education equivalency program. The six-month postponement under this subsection is intended to allow a reasonable window of opportunity for an eligible youth who reaches the age of eighteen to request extended foster care services from the department or supervising agency. At the end of the six-month period, the court shall dismiss the dependency if the youth has not requested extended foster care services from the department. Until the youth requests to
participate in the extended foster care program, the department is relieved of supervisory responsibility for the youth.

(2) A youth receiving extended foster care services is a party to the dependency proceeding. The youth's parent or guardian shall be dismissed from the dependency proceeding when the youth reaches the age of eighteen years.

(3) The court shall order a youth participating in extended foster care services to be under the placement and care authority of the department, subject to the youth's continuing agreement to participate in extended foster care services.

(4) The court shall appoint counsel to represent a youth, as defined in RCW 13.34.030(2)(b), in dependency proceedings under this section.

(5) The case plan for and delivery of services to a youth receiving extended foster care services is subject to the review requirements set forth in RCW 13.34.138 and 13.34.145, and should be applied in a developmentally appropriate manner, as they relate to youth age eighteen to twenty-one years. Additionally, the court shall consider:

(a) Whether the youth is safe in his or her placement;
(b) Whether the youth continues to be eligible for extended foster care services;
(c) Whether the current placement is developmentally appropriate for the youth;
(d) The youth's development of independent living skills; and
(e) The youth's overall progress toward transitioning to full independence and the projected date for achieving such transition.

(6) Prior to the hearing, the youth's attorney shall indicate whether there are any contested issues and may provide additional information necessary for the court's review.

(7) Upon the request of the youth, or when the youth is no longer eligible to receive extended foster care services according to rules adopted by the department, the court shall dismiss the dependency.

NEW SECTION. Sec. 8. A new section is added to chapter 74.13 RCW to read as follows:

(1) Within amounts appropriated for this specific purpose, the department shall have authority to provide continued foster care or group care to youth ages eighteen to twenty-one years who are:

(a) Enrolled in a secondary education program or a secondary education equivalency program;
(b) Enrolled and participating in a postsecondary or vocational educational program;
(c) Participating in a program or activity designed to promote or remove barriers to employment;
(d) Engaged in employment for eighty hours or more per month; or
(e) Incapable of engaging in any of the activities described in (a) through (d) of this subsection due to a medical condition that is supported by regularly updated information.

(2) A youth who remains eligible for placement services or benefits under this section pursuant to department rules may, within amounts appropriated for this specific purpose, continue to receive placement services and benefits until the youth reaches his or her twenty-first birthday.

On page 1, line 1 of the title, after "services;" strike the remainder of the title and insert "amending RCW 13.04.011 and 74.13.020; reenacting and amending RCW 13.34.030, 74.13.031, and 13.34.145; adding a new section to chapter 13.34 RCW; adding a new section to chapter 74.13 RCW; and creating a new section."

and the same is herewith transmitted.

MESSAGE FROM THE SENATE

April 20, 2011

Mr. Speaker:

The Senate receded from its amendment to ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1546 under suspension of the rules returned ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1546 to second reading for purpose of amendment. The Senate further adopted amendment 1546-S2.E AMS MCAU S2923.1 and passed the measure as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that: (a) School district boards of directors are encouraged to support the expansion of innovative K-12 school or K-12 program models, with a priority on models focused on the arts, science, technology, engineering, and mathematics (A-STEM) that partner with business, industry, and higher education to increase A-STEM pathways that use project-based or hands-on learning for elementary, middle, and high school students; and
(b) Particularly in schools and communities that are struggling to improve student academic outcomes and close the educational opportunity gap, there is a critical need for innovative models of public education, with a priority on models that are tailored to A-STEM-related programs that implement interdisciplinary instructional delivery methods that are engaging, rigorous, and culturally relevant at each grade level.

(2) Therefore, the legislature intends to create a framework for change that includes:

(a) Leveraging community assets;
(b) Improving staff capacity and effectiveness;
(c) Developing family, school, business, industry, A-STEM professionals, and higher education partnerships in A-STEM education at all grade levels that can lead to industry certification or dual high school and college credit;
(d) Implementing evidence-based practices proven to be effective in reducing demographic disparities in student achievement; and
(e) Enabling educators and parents of selected schools and school districts to restructure school operations and develop model A-STEM programs that will improve student performance and close the educational opportunity gap.

**NEW SECTION. Sec. 2.** (1) The office of the superintendent of public instruction shall develop a process for school districts to apply to have one or more schools within the district designated as an innovation school, with a priority on schools focused on the arts, science, technology, engineering, and mathematics (A-STEM) that actively partners with the community, business, industry, and higher education, and uses project-based or hands-on learning. A group of schools that share common interests, such as geographical location, or that sequentially serve classes of students as they progress through elementary and secondary grades may be designated as an innovation zone. An innovation zone may include all schools within a school district. Consortia of multiple districts may also apply for designation as an innovation zone, to include all schools within the participating districts.

(2) Applications requesting designation of innovation schools or innovation zones must be developed by the school district in collaboration with educators, parents, businesses, industries, and the communities of participating schools. School districts must ensure that each school has substantial opportunity to participate in the development of the innovation plan under section 4 of this act.

(3) The office of the superintendent of public instruction shall develop common criteria for reviewing applications and for evaluating the need for waivers of state statutes and administrative rules as provided under section 5 of this act.

**NEW SECTION. Sec. 3.** (1) Applications to designate innovation schools and innovation zones must be submitted by school district boards of directors to their respective educational service districts by January 6, 2012, to be implemented beginning in the 2012-13 school year. Innovation plans must be able to be implemented without supplemental state funds.

(2) Each educational service district boards of directors shall review applications from within the district using the common criteria developed by the office of the superintendent of public instruction. Each educational service district shall recommend approval by the office of the superintendent of public instruction of no more than three applications from within each educational service district, no fewer than two of which must be focused on A-STEM-related innovations and no more than one of which may focus on other innovations. However, any educational service district with over three hundred fifty thousand full-time equivalent students may recommend approval of no more than ten applications from within the educational service district, no fewer than half of which must be focused on A-STEM-related innovations and no more than half of which may focus on other innovations. At least one of the recommended applications in each educational service district must propose an innovation zone, as long as the application meets the review criteria.

(3) The office of the superintendent of public instruction shall approve the innovation plans of the applicants recommended by the educational service districts. School districts that have applied shall be notified by March 1, 2012, whether they were selected.

(4) Designation of innovation schools and innovation zones under this section shall be for a six-year period, beginning in the 2012-13 school year, unless the designation is revoked in accordance with section 7 of this act.

**NEW SECTION. Sec. 4.** (1) Each application for designation of an innovation school or innovation zone must include a proposed plan that:

(a) Defines the scope of the innovation school or innovation zone and describes why designation would enhance the ability of the school or schools to improve student achievement and close the educational opportunity gap, including by implementing a program focused on the arts, science, technology, engineering, and mathematics themes that partner with the community, business, industry, and higher education and use project-based or hands-on learning;
(b) Enumerates specific, research-based activities and innovations to be carried out under the designation;
(c) Justifies each request for waiver of state statutes or administrative rules as provided under section 5 of this act;
(d) Justifies any requests for waiver of state statutes or administrative rules that are in addition to the waivers authorized under section 5 of this act that are necessary to carry out the proposed innovations;
(e) Identifies the improvements in student achievement and the educational opportunity gap that are expected to be accomplished through the innovations;
(f) Includes budget plans and anticipated sources of funding, including private grants and contributions, if any;
(g) Identifies the technical resources desired, the potential costs of those resources, and the institutions of higher education, educational service districts, businesses, industries, or consultants available to provide such services;
(h) Identifies the multiple measures for evaluation and accountability to be used to measure improvement in student achievement, closure in the educational opportunity gap, and the overall performance of the innovation school or innovation zone, including but not limited to assessment scores, graduation rates, and dropout rates;
(i) Includes a written statement that school directors and administrators are willing to exempt the designated school or schools from specifically identified local rules, as needed;
(j) Includes a written statement that school directors and local bargaining agents will modify those portions of their local agreements as applicable for the designated school or schools;
(k) Includes written statements of support from the district's board of directors, the superintendent, the principal and staff of schools seeking designation, each local employee association affected by the proposal, the local parent organization, and statements of support, willingness to participate, or concerns from any interested parent, business, institution of higher education, or community organization; and
(l) Commits all parties to work cooperatively during the term of the pilot project.

(2) A plan to designate an innovation school or innovation zone must be approved by a majority of the staff assigned to the school or schools participating in the plan.

**NEW SECTION. Sec. 5.** (1)(a) The superintendent of public instruction and the state board of education, each within the scope of their statutory authority, may grant waivers of state statutes and
administrative rules for designated innovation schools and innovation zones as follows:

(i) Waivers may be granted under RCW 28A.655.180 and 28A.305.140;

(ii) Waivers may be granted to permit the commingling of funds appropriated by the legislature on a categorical basis for such programs as, but not limited to, highly capable students, transitional bilingual instruction, and learning assistance; and

(iii) Waivers may be granted of other administrative rules that in the opinion of the superintendent of public instruction or the state board of education are necessary to be waived to implement an innovation school or innovation zone.

(b) State administrative rules dealing with public health, safety, and civil rights, including accessibility for individuals with disabilities, may not be waived.

(2) At the request of a school district, the superintendent of public instruction may petition the United States department of education or other federal agencies to waive federal regulations necessary to implement an innovation school or innovation zone.

(3) The state board of education may grant waivers for innovation schools or innovation zones of administrative rules pertaining to calculation of course credits for high school courses.

(4) Waivers may be granted under this section for a period not to exceed the duration of the designation of the innovation school or innovation zone.

(5) The superintendent of public instruction and the state board of education shall provide an expedited review of requests for waivers for designated innovation schools and innovation zones. Requests may be denied if the superintendent of public instruction or the state board of education conclude that the waiver:

(a) Is likely to result in a decrease in academic achievement in the innovation school or innovation zone;

(b) Would jeopardize the receipt of state or federal funds that a school district would otherwise be eligible to receive, unless the school district submits a written authorization for the waiver acknowledging that receipt of these funds could be jeopardized; or

(c) Would violate state or federal laws or rules that are not authorized to be waived.

NEW SECTION. Sec. 6. (1) The office of the superintendent of public instruction shall report to the education committees of the legislature on the progress of the designated innovation schools and innovation zones by January 15, 2013, and January 15th of each odd-numbered year thereafter. The report must include recommendations for waiver of state laws and administrative rules in addition to the waivers authorized under section 5 of this act, as identified in innovation plans submitted by school districts.

(2) Each innovation school and innovation zone must submit an annual report to the office of the superintendent of public instruction on their progress.

(3) The office of the superintendent of public instruction, through the center for the improvement of student learning, must collect and disseminate to all school districts and other interested parties information about the innovation schools and innovation zones.

NEW SECTION. Sec. 7. After reviewing the annual reports of each innovation school and zone, if the office of the superintendent of public instruction determines that the school or zone is not increasing progress over time as determined by the multiple measures for evaluation and accountability provided in the school or zone plan in accordance with section 4 of this act then the superintendent shall revoke the designation.

Sec. 8. RCW 28A.305.140 and 1990 c 33 s 267 are each amended to read as follows:

(1) The state board of education may grant waivers to school districts from the provisions of RCW 28A.150.200 through 28A.150.220 on the basis that such waiver or waivers are necessary to:

   (a) Implement successfully a local plan to provide for all students in the district an effective education system that is designed to enhance the educational program for each student. The local plan may include alternative ways to provide effective educational programs for students who experience difficulty with the regular education program; or

(2) The state board shall adopt criteria to evaluate the need for the waiver or waivers.

Sec. 9. RCW 28A.655.180 and 2009 c 543 s 3 are each amended to read as follows:

(1) The state board of education, where appropriate, or the superintendent of public instruction, where appropriate, may grant waivers to districts from the provisions of statutes or rules relating to:

   (a) The length of the school year; student-to-teacher ratios; and other administrative rules that in the opinion of the state board of education or the opinion of the superintendent of public instruction may need to be waived in order for a district to implement a plan for restructuring its educational program or the educational program of individual schools within the district or to implement an innovation school or innovation zone designated under section 3 of this act.

(2) School districts may use the application process in RCW 28A.305.140 to apply for the waivers under this section.

NEW SECTION. Sec. 10. Sections 2 through 7 of this act are each added to chapter 28A.630 RCW.

NEW SECTION. Sec. 11. This act expires June 30, 2019."

On page 1, line 1 of the title, after “to” strike the remainder of the title and insert “authorizing creation of innovation schools and innovation zones focused on science, technology, engineering, and mathematics in school districts; amending RCW 28A.305.140 and 28A.655.180; adding new sections to chapter 28A.630 RCW; creating a new section; and providing an expiration date.”

and the same is herewith transmitted.

CONFERENCE COMMITTEE REPORT

April 20, 2011
Substitute Senate Bill No. 5836

Includes “New Item”: YES

Mr. Speaker:

We of your Conference Committee, to whom was referred SUBSTITUTE SENATE BILL NO. 5836, allowing certain private transportation providers to use certain public transportation facilities, have had the same under consideration and we recommend that:

All previous amendments not be adopted and that the attached striking amendment be adopted.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 46.61.165 and 1999 c 206 s 1 are each amended to read as follows:

(1) The state department of transportation and the local authorities are authorized to reserve all or any portion of any highway under their respective jurisdictions, including any designated lane or ramp, for the exclusive or preferential use of one or more of the following: (a) Public transportation vehicles; (b) private motor vehicles carrying no fewer than a specified number of passengers; or (c) the following private transportation provider vehicles if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle, and if such use does not interfere with the efficiency, reliability, and safety of public transportation operations: (i) Auto transportation company vehicles regulated under chapter 81.68 RCW; (ii) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; (iii) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (iv) private employer transportation service vehicles, when such limitation will increase the efficient utilization of the highway or will aid in the conservation of energy resources.

(2) Any transit-only lanes that allow other vehicles to access abutting businesses that are authorized pursuant to subsection (1) of this section may not be authorized for the use of private transportation provider vehicles as described under subsection (1) of this section.

(3) The Department of Transportation and the local authorities authorized to reserve all or any portion of any highway under their respective jurisdictions, for exclusive or preferential use, may prohibit the use of a high occupancy vehicle lane by the following private transportation provider vehicles: (a) Auto transportation company vehicles regulated under chapter 81.68 RCW; (b) passenger charter carrier vehicles regulated under chapter 81.70 RCW, and marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; (c) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (d) private employer transportation service vehicles, when the average transit speed in the high occupancy vehicle lane fails to meet department of transportation standards and falls below forty-five miles per hour at least ninety percent of the time during the peak hours, as determined by the department of transportation or the local authority, whichever operates the facility.

(4) Regulations authorizing such exclusive or preferential use of a highway facility may be declared to be effective at all times or at specified times of day or on specified days. Violation of a restriction of highway usage prescribed by the appropriate authority under this section is a traffic infraction.

(5) Local authorities are encouraged to establish a process for private transportation providers, as described under subsections (1) and (3) of this section, to apply for the use of public transportation facilities reserved for the exclusive or preferential use of public transportation vehicles. The application and review processes should be uniform and should provide for an expeditious response by the local authority. Whenever practicable, local authorities should enter into agreements with such private transportation providers to allow for the reasonable use of these facilities.

(6) For the purposes of this section, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is similarly marked or identified to display the business name or logo on the driver and passenger sides of the vehicle, meets the annual certification requirements of the department of transportation, and is offered by an employer for the benefit of its employees.

Sec. 2. RCW 47.04.290 and 2008 c 257 s 1 are each amended to read as follows:

(1) Any local transit agency that has received state funding for a park and ride lot shall make reasonable accommodation for use of that lot by: Auto transportation companies regulated under chapter 81.68 RCW; passenger charter carriers regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; private, nonprofit transportation providers regulated under chapter 81.66 RCW; and private employer transportation service vehicles, when such limitation will increase the efficient utilization of the highway or will aid in the conservation of energy resources.
transportation service vehicles, provided that such use does not interfere with the efficiency, reliability, and safety of public transportation operations. The accommodation must be in the form of an agreement between the applicable local transit agency and the private transportation provider regulated under chapter 81.68 or 81.66 RCW. The transit agency may require that the agreement include provisions to recover actual costs and fair market value for the use of the lot and its related facilities and to provide adequate insurance and indemnification of the transit agency, and other reasonable provisions to ensure that the private transportation provider's use does not unduly burden the transit agency. The transit agency may consider benefits to its public transportation system when establishing an amount to charge for the use of the park and ride lot and its related facilities. If the agreement includes provisions to recover actual costs, the private transportation provider is responsible to remit the full actual costs of park and ride lot use to the appropriate transit agency. No accommodation is required, and any agreement may be terminated, if the park and ride lot is at or exceeds ninety percent capacity between the hours of 6:00 a.m. and 4:00 p.m. Monday through Friday for two consecutive months. Additionally, any agreement may be terminated if the private transportation provider violates any policies guiding the terms of use of the park and ride lot. The transit agency may reserve the authority to designate which pick-up and drop-off zones of the park and ride lot may be used by the private transportation provider.

(2) A local transit agency described under subsection (1) of this section may enter into a cooperative agreement with a taxicab company regulated under chapter 81.72 RCW in order to accommodate the taxicab company at the agency's park and ride lot, provided the taxicab company must agree to provide service with reasonable availability, subject to schedule coordination provisions as agreed to by the parties.

(3) For the purposes of this section, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is similarly marked or identified to display the business name or logo on the driver and passenger sides of the vehicle, meets the annual certification requirements of the department, and is offered by an employer for the benefit of its employees.

(4) For the purposes of this section, "private transportation provider" means:

(a) A company regulated under chapter 81.68 RCW; chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; and chapter 81.66 RCW; and

(b) An entity providing private employer transportation service.

(5)(a) Local authorities are encouraged to establish a process for private transportation providers, described under subsections (1) and (4) of this section, to apply for the use of park and ride facilities.

(b) The process must provide a list of facilities that the local authority determines to be unavailable for use by the private transportation provider and must provide the criteria used to reach that determination.

(c) The application and review processes must be uniform and should provide for an expedient response by the authority.

(6) The department must convene a stakeholder process that includes interested public and private transportation providers, which must develop standard permit forms, clear explanations of permit rate calculations, and standard indemnification provisions that may be used by all local authorities.

Sec. 3. RCW 47.52.025 and 1974 ex.s. c 133 s 1 are each amended to read as follows:

(1) Highway authorities of the state, counties, and incorporated cities and towns, in addition to the specific powers granted in this chapter, shall also have, and may exercise, relative to limited access facilities, any and all additional authority, now or hereafter vested in them relative to highways or streets within their respective jurisdictions, and may regulate, restrict, or prohibit the use of such limited access facilities by various classes of vehicles or traffic. Such highway authorities may reserve any limited access facility or portions thereof, including designated lanes or ramps for the exclusive or preferential use of (a) public transportation vehicles, (b) privately owned buses, (c) private motor vehicles carrying not less than a specified number of passengers, or (d) the following private transportation provider vehicles if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle, and if such use does not interfere with the efficiency, reliability, and safety of public transportation operations: (i) Auto transportation company vehicles regulated under chapter 81.68 RCW; (ii) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; (iii) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (iv) private employer transportation service vehicles, when such limitation will increase the efficient utilization of the highway facility or will aid in the conservation of energy resources. Regulations authorizing such exclusive or preferential use of a highway facility may be declared to be effective at all time or at specified times of day or on specified days.

(2) Any transit-only lanes that allow other vehicles to access abutting businesses that are reserved pursuant to subsection (1) of this section may not be authorized for the use of private transportation provider vehicles as described under subsection (1) of this section.

(3) Highway authorities of the state, counties, or incorporated cities and towns may prohibit the use of limited access facilities by the following private transportation provider vehicles: (a) Auto transportation company vehicles regulated under chapter 81.68 RCW; (b) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; (c) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (d) private employer transportation service vehicles, when the average transit speed in the high occupancy vehicle travel lane fails to meet department standards and falls below forty-five miles per hour at least ninety percent of the time during the peak hours for two consecutive months.

(4)(a) Local authorities are encouraged to establish a process for private transportation providers, described under subsections (1) and (3) of this section, to apply for the use of limited access facilities that are reserved for the exclusive or preferential use of public transportation vehicles.

(b) The process must provide a list of facilities that the local authority determines to be unavailable for use by the private transportation provider and must provide the criteria used to reach that determination.

(c) The application and review processes must be uniform and should provide for an expedient response by the authority.

(5) For the purposes of this section, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is similarly marked or identified to display the business name or logo on the driver and passenger sides of the vehicle, meets the annual certification requirements of the department, and is offered by an employer for the benefit of its employees.

NEW SECTION. Sec. 4. A new section is added to chapter 47.04 RCW to read as follows:

When designing portions of a highway that are intended to be used as portions reserved for the exclusive or preferential use of public transportation vehicles, state and local jurisdictions shall consider whether the design will safely accommodate private transportation provider vehicles that may be authorized to use the reserved portions under RCW 46.61.165 and 47.52.025 without
interfering with the efficiency, reliability, and safety of public transportation operations.

NEW SECTION. Sec. 5. If any part of this act is found to be in conflict with mitigation requirements under the state environmental policy act (chapter 43.21C RCW) or the national environmental policy act (42 U.S.C. Secs. 4321 through 4347) or in any other way conflicts with federal requirements that are a condition or part of the allocation of federal funds to the state or local facilities, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state or local authorities."

A check under (d) of this subsection need be done only once, either at the time of application for a new commercial driver's license, or upon application for a renewal of a commercial driver's license for the first time after July 1, 2005, provided a notation is made on the driver's record confirming that the driving record check has been made and noting the date it was completed.

Within ten days after issuing a commercial driver's license, the department must notify the commercial driver's license information system of (if true) the information required under 49 C.F.R. Sec. 383.73 as it existed on the effective date of this section, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section and provide all information required to ensure identification of the person.

   (i) Nonexcepted interstate;
   (ii) Excepted interstate;
   (iii) Nonexcepted intrastate; or
   (iv) Excepted intrastate.

(b) From January 30, 2012, to January 30, 2014, the department may require that any person holding a CDL prior to the effective date of this section must provide the department with the certification required under (a) of this subsection. The CDL of a person failing to submit the required certification is subject to downgrade under subsection (4) of this section.

(2) A CDL applicant or holder who certifies under subsection (1)(a)(i) of this section that he or she is or expects to be engaged in nonexcepted interstate commerce must provide a copy of a medical examiner's certificate prepared by a medical examiner, as defined in 49 C.F.R. Sec. 390.5 as it existed on the effective date of this section, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section. Upon submission, a copy of the medical examiner's certificate must be date-stamped by the department. A CDL holder who certifies under subsection (1)(a)(i) of this section must submit a copy of each subsequently issued medical examiner's certificate.

(3) For each operator of a commercial motor vehicle required to have a commercial driver's license, the department must meet the following requirements:
   (a) The driver's self-certification of type of driving under subsection (1) of this section must be maintained on the driver's record and the CDLIS driver record;
   (ii) The copy of a medical examiner's certificate, when submitted under subsection (2) of this section, must be retained for three years beyond the date the certificate was issued; and
   (iii) When a medical examiner's certificate is submitted under subsection (2) of this section, the information required under 49 C.F.R. Sec. 383.73(j)(1)(iii) as it existed on the effective date of this section, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section must be posted to the CDLIS driver record within ten calendar days from the date submitted. The indicator of medical certification status, such as "certified" or "not-certified," must be maintained on the driver's record.

(b) Within ten calendar days of the driver's medical certification status expiring or a medical variance expiring or being rescinded, the medical certification status of the driver must be updated to "not-certified."

(c) Within ten calendar days of receiving information from the federal motor carrier safety administration regarding issuance or renewal of a medical variance for a driver, the department must update the CDLIS driver record to include the medical variance information.

4. (a) If a driver's medical certification or medical variance expires, or the federal motor carrier safety administration notifies the department that a medical variance was removed or rescinded, the department must:
   (i) Notify the driver of his or her "not-certified" medical certification status and that the CDL privilege will be removed from the driver's license unless the driver submits a current medical certificate or medical variance, or changes his or her self-certification to driving only in excepted or intrastate commerce; and
   (ii) Initiate procedures for downgrading the license. The CDL downgrade must be completed and recorded within sixty days of the driver's medical certification status becoming "not-certified" to operate a commercial motor vehicle.

(b) Beginning January 30, 2014, if a driver fails to provide the department with the certification required in subsection (1) of this section, or a current medical examiner's certificate if the driver self-certifies under subsection (1)(a)(i) of this section that he or she is operating in nonexcepted interstate commerce as required in subsection (2) of this section, the department must mark the CDLIS driver record as "not-certified" and initiate a CDL downgrade in accordance with (a)(ii) of this subsection.

(c) A driver whose CDL has been downgraded under this subsection may restore the CDL privilege by providing the necessary certifications or medical variance information to the department.

(1) The provisions relating to determination of (parentage to be applied) parentage apply to (a) determinations of maternity and paternity.

(2) The provisions in this chapter apply to persons in a domestic partnership to the same extent they apply to persons in a marriage, and apply to persons of the same sex who have children together to the same extent they apply to persons of the opposite sex who have children together.

Sec. 5. RCW 26.26.101 and 2002 c 302 s 201 are each amended to read as follows:

(1) The (mother-child) parent-child relationship is established between a child and a man or woman by:

(a) The place of birth of the child; or
(b) The age of the person at the time of the donation.

(2) The past or present residence of the child.

(3) This chapter does not create, enlarge, or diminish parental rights or duties under other law of this state.

(4) If a birth results under a surrogate parentage contract that is unenforceable under the law of this state, the parent-child relationship is determined as provided in RCW 26.26.101 through 26.26.116 and applicable case law.

Sec. 6. RCW 26.26.106 and 2002 c 302 s 202 are each amended to read as follows:

A child born to parents who are not married to each other or in a domestic partnership with each other has the same rights under the law as a child born to parents who are married to each other or who are in a domestic partnership with each other.

Sec. 7. RCW 26.26.111 and 2002 c 302 s 203 are each amended to read as follows:

Unless parental rights are terminated, the parent-child relationship established under this chapter applies for all purposes, except as otherwise specifically provided by other law of this state.

Sec. 8. RCW 26.26.116 and 2002 c 302 s 204 are each amended to read as follows:

(1) In the context of a marriage or a domestic partnership, a (man) person is presumed to be the (father) parent of a child if:

(a) (If) The person and the mother or father of the child are married to each other or in a domestic partnership with each other and the child is born during the marriage or domestic partnership.

(b) (If) The person and the mother or father of the child were married to each other or in a domestic partnership with each other and the child is born within three hundred days after the marriage or domestic partnership is terminated by death, annulment, dissolution (of marriage), legal separation, or declaration of invalidity;

(c) Before the birth of the child, (If) the person and the mother or father of the child married each other or entered into a domestic partnership with each other in apparent compliance with law, even if the attempted marriage or domestic partnership is, or could be, declared invalid and the child is born during the invalid marriage or invalid domestic partnership or within three hundred days after its termination by death, annulment, dissolution (of marriage), legal separation, or declaration of invalidity; or

(d) After the birth of the child, (If) the person and the mother or father of the child have married each other or entered into a domestic partnership with each other;
partnership with each other in apparent compliance with law, whether or not the marriage or domestic partnership is, or could be declared invalid, and (iii) the person voluntarily asserted (the paternity) parentage of the child, and:

(i) The assertion is in a record filed with the state registrar of vital statistics;

(ii) The person agreed to be and is named as the child's (father) parent on the child's birth certificate; or

(iii) The person promised in a record to support the child as his or her own.

(2) A person is presumed to be the parent of a child if, for the first two years of the child's life, the person resided in the same household with the child and openly held out the child as his or her own.

(3) A presumption of (paternity) parentage established under this section may be rebutted only by an adjudication under RCW 26.26.300 through 26.26.630.

Sec. 9. RCW 26.26.130 and 2001 c 42 s 5 are each amended to read as follows:

(1) The judgment and order of the court determining the existence or nonexistence of the parent and child relationship shall be determinative for all purposes.

(2) If the judgment and order of the court is at variance with the child's birth certificate, the court shall order that an amended birth certificate be issued.

(3) The judgment and order shall contain other appropriate provisions directed to the appropriate parties to the proceeding, concerning the duty of current and future support, the extent of any liability for past support furnished to the child if that issue is before the court, the furnishing of bond or other security for the payment of the judgment, or any other matter in the best interest of the child. The judgment and order may direct (the father) one parent to pay the reasonable expenses of the mother's pregnancy and (confinement) childbirth. The judgment and order may include a continuing restraining order or injunction. In issuing the order, the court shall consider the provisions of RCW 9.41.800.

(4) The judgment and order shall contain a provision that each party must file with the court and the Washington state child support registry and update as necessary the information required in the confidential information form required by RCW 26.23.050.

(5) Support judgment and orders shall be for periodic payments which may vary in amount. The court may limit the (father's) parent's liability for the past support to the child to the proportion of the expenses already incurred as the court deems just. The court shall not limit or affect in any manner the right of nonparties including the state of Washington to seek reimbursement for support and other services previously furnished to the child.

(6) After considering all relevant factors, the court shall order either or both parents to pay an amount determined pursuant to the schedule and standards contained in chapter 26.19 RCW.

(7) On the same basis as provided in chapter 26.09 RCW, the court shall make residential provisions with regard to minor children of the parties, except that a parenting plan shall not be required unless requested by a party. If a parenting plan or residential schedule was not entered at the time the order establishing parentage was entered, a parent may move the court for entry of a parenting plan or residential schedule:

(a) By filing a motion and proposed parenting plan or residential schedule and providing notice to the other parent and other persons who have residential time with the child pursuant to a court order: PROVIDED, That at the time of filing the motion less than twenty-four months have passed since entry of the order establishing parentage and that the proposed parenting plan or residential schedule does not change the designation of the parent with whom the child spends the majority of time; or

(b) By filing a petition for modification under RCW 26.09.260 or petition to establish a parenting plan, residential schedule, or residential provisions.

(8) In any dispute between the (natural parents) persons claiming parentage of a child and a person or persons who have (a) commenced adoption proceedings or who have been granted an order of adoption, and (b) pursuant to a court order, or placement by the department of social and health services or by a licensed agency, have had actual custody of the child for a period of one year or more before court action is commenced by the (natural parent or parents) persons claiming parentage, the court shall consider the best welfare and interests of the child, including the child's need for situation stability, in determining the matter of custody, and the parent or person who is more fit shall have the superior right to custody.

(9) In entering an order under this chapter, the court may issue any necessary continuing restraining orders, including the restraint provisions of domestic violence protection orders under chapter 26.50 RCW or antiharassment protection orders under chapter 10.14 RCW.

(10) Restraining orders issued under this section restraining or enjoining the person from molesting or disturbing another party, from going onto the grounds of or entering the home, workplace, or school of the other party or the day care or school of any child, or prohibiting the person from knowingly coming within, or knowingly remaining within, a specified distance of a location, shall prominently bear on the front page of the order the legend: VIOLATION OF THIS ORDER WITH ACTUAL NOTICE OF ITS TERMS IS A CRIMINAL OFFENSE UNDER CHAPTER 26.50 RCW AND WILL SUBJECT A VIOLATOR TO ARREST.

(11) The court shall order that any restraining order bearing a criminal offense legend, any domestic violence protection order, or any antiharassment protection order granted under this section be forwarded by the clerk of the court on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the order, the law enforcement agency shall forthwith enter the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. The order is fully enforceable in any county in the state.

(12) If a restraining order issued pursuant to this section is modified or terminated, the clerk of the court shall notify the law enforcement agency specified in the order or on before the next judicial day. Upon receipt of notice that an order has been terminated, the law enforcement agency shall remove the order from any computer-based criminal intelligence system.

Sec. 10. RCW 26.26.150 and 1994 c 230 s 16 are each amended to read as follows:

(1) If existence of the (father) parent and child relationship is declared, or paternity or a duty of support has been acknowledged or adjudicated under this chapter or under prior law, the obligation of the (father) parent may be enforced in the same or other proceedings by the (mother) other parent, the child, the state of Washington, the public authority that has furnished or may furnish the reasonable expenses of pregnancy, (confinement) childbirth, education, support, or funeral, or by any other person, including a private agency, to the extent he or she has furnished or is furnishing these expenses.

(2) The court shall order support payments to be made to the Washington state support registry, or the person entitled to receive the payments under an alternate arrangement approved by the court as provided in RCW 26.23.050(2).

(3) All remedies for the enforcement of judgments apply.

Sec. 11. RCW 26.26.300 and 2002 c 302 s 301 are each amended to read as follows:

The mother of a child and a man claiming to be the genetic father of the child (conceived as the result of his sexual intercourse with the mother) may sign an acknowledgment of paternity with intent to establish the man's paternity.
Sec. 12. RCW 26.26.305 and 2002 c 302 s 302 are each amended to read as follows:

(1) An acknowledgment of paternity must:
   (a) Be in a record;
   (b) Be signed under penalty of perjury by the mother and by the
       man seeking to establish his paternity;
   (c) State that the child whose paternity is being acknowledged:
       (i) Does not have a presumed father, or has a presumed father
           whose full name is stated; and
       (ii) Does not have another acknowledged or adjudicated father;
   (d) State whether there has been genetic testing and, if so, that
       the acknowledging man's claim of paternity is consistent with the
       results of the genetic testing; and
   (e) State that the signatories understand that the acknowledgment
       is the equivalent of a judicial adjudication of paternity of the child
       and that a challenge to the acknowledgment is permitted only under
       limited circumstances and is barred after two years, except as

(2) An acknowledgment of paternity is void if it:
   (a) States that another man is a presumed father, unless a denial of
       paternity signed by the presumed father is filed with the state
       registrar of vital statistics;
   (b) States that another man is an acknowledged or adjudicated
       father; or
   (c) Falsely denies the existence of a presumed, acknowledged, or
       adjudicated father of the child.

(3) A presumed father may sign an acknowledgment of paternity.

Sec. 13. RCW 26.26.310 and 2002 c 302 s 303 are each amended to read as follows:

A presumed father of a child may sign a denial of his paternity. The denial is valid only if:

(1) An acknowledgment of paternity signed by another man is
   filed under RCW 26.26.320;
   
(2) The denial is in a record, and is signed under penalty of
   perjury; and
   
(3) The presumed father has not previously:
   (a) Acknowledged his paternity, unless the previous
       acknowledgment has been rescinded under RCW 26.26.330 or
       successfully challenged under RCW 26.26.335; or
   (b) Been adjudicated to be the father of the child.

Sec. 14. RCW 26.26.315 and 2002 c 302 s 304 are each amended to read as follows:

(1) An acknowledgment of paternity and a denial of paternity
   may be contained in a single document or may be signed in
   counterparts, and may be filed separately or simultaneously. If the
   acknowledgment and denial are both necessary, neither is valid until
   both are filed.

(2) An acknowledgment of paternity or a denial of paternity may
   be signed before the birth of the child.

(3) Subject to subsection (1) of this section, an acknowledgment
   and denial of paternity, if any, take effect on the birth of the child or
   the filing of the document with the state registrar of vital statistics,
   whichever occurs later.

(4) An acknowledgment or denial of paternity signed by a minor
   is valid if it is otherwise in compliance with this chapter. An
   acknowledgment or denial of paternity signed by a minor may be

Sec. 15. RCW 26.26.320 and 2002 c 302 s 305 are each amended to read as follows:

(1) Except as otherwise provided in RCW 26.26.330 and
   26.26.335, a valid acknowledgment of paternity filed with the state
   registrar of vital statistics is equivalent to an adjudication of
   paternity of a child and confers upon the acknowledged
   father all of the rights and duties of a parent.

(2) Except as otherwise provided in RCW 26.26.330 and
   26.26.335, a valid denial of paternity filed with the state registrar of
   vital statistics in conjunction with a valid acknowledgment of
   paternity is equivalent to an adjudication of the nonpaternity of the
   presumed father and discharges the presumed father from all of the
   rights and duties of a parent.

Sec. 16. RCW 26.26.330 and 2004 c 111 s 1 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, a signatory
   may rescind an acknowledgment or denial of paternity by
   commencing a court proceeding to rescind before the earlier of:
   
   (((4))) (a) Sixty days after the effective date of the
       acknowledgment or denial, as provided in RCW 26.26.315; or
   
   (((2))) (b) The date of the first hearing in a proceeding to which
       the signatory is a party before a court to adjudicate an issue relating to
       the child, including a proceeding that establishes support.

(2) If the signatory to an acknowledgment or denial of paternity was a
   minor when he signed the acknowledgment or denial, the signatory
   may rescind the acknowledgment or denial of paternity by
   commencing a court proceeding to rescind on or before the
   signatory's nineteenth birthday.

Sec. 17. RCW 26.26.335 and 2002 c 302 s 308 are each amended to read as follows:

(1) After the period for rescission under RCW 26.26.330 has
   elapsed, a signatory of an acknowledgment or denial of
   paternity may commence a proceeding to challenge the
   acknowledgment or denial only:

   (a) On the basis of fraud, duress, or material mistake of fact; and
   (b) Within (two) years after the acknowledgment or denial is
       filed with the state registrar of vital statistics. In actions
       commenced more than two years after the birth of the child, the child
       must be made a party to the action.

(2) A party challenging an acknowledgment or denial of paternity
   has the burden of proof.

Sec. 18. RCW 26.26.340 and 2002 c 302 s 309 are each amended to read as follows:

(1) Every signatory to an acknowledgment ((of paternity)) and
   any related denial of paternity must be made a party to a proceeding
   to rescind or challenge the acknowledgment or denial.

(2) For the purpose of rescission of, or challenge to, an
   acknowledgment or denial of paternity, a signatory submits to
   personal jurisdiction of this state by signing the acknowledgment or
   denial, effective upon the filing of the document with the state
   registrar of vital statistics.

(3) Except for good cause shown, during the pendency of a
   proceeding to rescind or challenge an acknowledgment or denial of
   paternity, the court may not suspend the legal responsibilities of a
   signatory arising from ((the acknowledgment)) the acknowledgment, including the duty
   to pay child support.

(4) A proceeding to rescind or to challenge an acknowledgment
   or denial of paternity must be conducted in the same manner as a
   proceeding to adjudicate parentage under RCW 26.26.500 through

(5) At the conclusion of a proceeding to rescind or challenge an
   acknowledgment or denial of paternity, the court shall order the state
   registrar of vital statistics to amend the birth record of the child, if
   appropriate.

Sec. 19. RCW 26.26.360 and 2002 c 302 s 313 are each amended to read as follows:

The state registrar of vital statistics may release information
relating to the acknowledgment or denial of paternity (not expressly
sealed under a court order) to: (1) A signatory of the
acknowledgment or denial (or their attorneys of record); (2) the
courts of this or any other state; (3) the agencies of this or any other
state operating a child support program under Title IV-D of the social
security act; (4) and (4) the agencies of this or any other state
involved in a dependency determination for a child named in the
acknowledgment or denial of paternity.
Sec. 20. RCW 26.26.375 and 2002 c 302 s 316 are each amended to read as follows:

(1) After the period for rescission of an acknowledgment of paternity provided in RCW 26.26.330 has passed, a parent executing an acknowledgment of paternity of the child named therein may commence a judicial proceeding for:

(a) Making residential provisions or a parenting plan with regard to the minor child on the same basis as provided in chapter 26.09 RCW; or
(b) Establishing a child support obligation under chapter 26.19 RCW and maintaining health insurance coverage under RCW 26.09.105.

(2) Pursuant to RCW 26.09.010(3), a proceeding authorized by this section shall be entitled "In re the parenting and support of...."

(3) Before the period for a challenge to the acknowledgment or denial of paternity has elapsed under RCW 26.26.335, the petitioner must specifically allege under penalty of perjury, to the best of the petitioner's knowledge, that:

(a) No man other than the man who executed the acknowledgment of paternity is the father of the child;
(b) there is not currently pending a proceeding to adjudicate the parentage of the child or that another man is adjudicated the child's father; and
(c) the petitioner has provided notice of the proceeding to any other men who have claimed parentage of the child. Should the respondent or any other person appearing in the action deny the allegations, a permanent parenting plan or residential schedule may not be entered for the child without the matter being converted to a proceeding to challenge the acknowledgment of paternity under RCW 26.26.335 and 26.26.340. A copy of the acknowledgment of paternity or the birth certificate issued by the state in which the child was born must be filed with the petition or response. The court may convert the matter to a proceeding to challenge the acknowledgment on its own motion.

Sec. 21. RCW 26.26.400 and 2002 c 302 s 401 are each amended to read as follows:

RCW 26.26.405 through 26.26.450 govern genetic testing of an individual to determine parentage, whether the individual:

1. Voluntarily submits to testing; or
2. Is served pursuant to an order of the court or a support enforcement agency.

Sec. 22. RCW 26.26.405 and 2002 c 302 s 402 are each amended to read as follows:

(1) Except as otherwise provided in this section and RCW 26.26.410 through 26.26.630, the court shall order the child and other designated individuals to submit to genetic testing if the request for testing is supported by the sworn statement of a party to the proceeding:

(a) Alleging paternity and stating facts establishing a reasonable probability of the requisite sexual contact between the individuals; or
(b) Denying paternity and stating facts establishing a possibility that sexual contact between the individuals, if any, did not result in the conception of the child.

(2) A support enforcement agency may order genetic testing only if there is no presumption of parentage or adjudication of the father and no acknowledged father.

(3) If a request for genetic testing of a child is made before birth, the court or support enforcement agency may not order in utero testing.

(4) If two or more persons are subject to court-ordered genetic testing, the testing may be ordered concurrently or sequentially.

(5) This section does not apply when the child was conceived through assisted reproduction.

Sec. 23. RCW 26.26.410 and 2002 c 302 s 403 are each amended to read as follows:

1. Genetic testing must be of a type reasonably relied upon by experts in the field of genetic testing and performed in a testing laboratory accredited by:

   a) The American association of blood banks, or a successor to its functions;
   b) The American society for histocompatibility and immunogenetics, or a successor to its functions; or
   c) An accrediting body designated by the United States secretary of health and human services.

2. A specimen used in genetic testing may consist of one or more samples or a combination of samples of blood, buccal cells, bone, hair, or other body tissue or fluid. The specimen used in the testing need not be of the same kind for each individual undergoing genetic testing.

3. Based on the ethnic or racial group of an individual, the testing laboratory shall determine the databases from which to select frequencies for use in calculating the probability of parentage. If there is disagreement as to the testing laboratory's choice, the following rules apply:

   a) The individual objecting may require testing laboratory, within thirty days after receipt of the report of the test, to recalculate the probability of paternity using an ethnic or racial group different from that used by the laboratory.

   b) The individual objecting to the testing laboratory's initial choice shall:

      i) If the frequencies are not available to the testing laboratory for the ethnic or racial group requested, provide the requested frequencies compiled in a manner recognized by accrediting bodies; or
      ii) Engage another testing laboratory to perform the calculations.

   c) The testing laboratory may use its own statistical estimate if there is a question regarding which ethnic or racial group is appropriate. If available, the testing laboratory shall calculate the frequencies using statistics for any other ethnic or racial group requested.

4. If, after recalculation using a different ethnic or racial group, genetic testing does not rebuttably identify a person as the natural father of a child under RCW 26.26.420, an individual who has been tested may be required to submit to additional genetic testing.

Sec. 24. RCW 26.26.420 and 2002 c 302 s 405 are each amended to read as follows:

(1) Under this chapter, a person is rebuttably identified as the father of a child if the genetic testing complies with this section and the results disclose that:

   a) The person has at least a ninety-nine percent probability of paternity calculated using a prior probability of 0.50, as calculated by using the combined paternity index obtained in the testing; and
   b) A combined paternity index of at least one hundred to one.

(2) A person identified under subsection (1) of this section as the parent of the child may rebut the genetic testing results only by other genetic testing satisfying the requirements of this section and RCW 26.26.400 through 26.26.415 and 26.26.425 through 26.26.450 which:

   a) Excludes the person as a genetic parent of the child; or
   b) Identifies another person as the parent of the child.

(3) Except as otherwise provided in RCW 26.26.445, if more than one man is identified by genetic testing as the possible father of the child, the court shall order them to submit to further genetic testing to identify the genetic parent.

(4) This section does not apply when the child was conceived through assisted reproduction.
Sec. 25. RCW 26.26.425 and 2002 c 302 s 406 are each amended to read as follows:

(1) Subject to assessment of costs under RCW 26.26.500 through 26.26.630, the cost of initial genetic testing must be advanced:
(a) By a support enforcement agency in a proceeding in which the support enforcement agency is providing services;
(b) By the individual who made the request;
(c) As agreed by the parties; or
(d) As ordered by the court.
(2) In cases in which the cost is advanced by the support enforcement agency, the agency may seek reimbursement from a ((man)) person who is rebuttably identified as the ((father)) parent.

Sec. 26. RCW 26.26.430 and 2002 c 302 s 407 are each amended to read as follows:

(1) The court or the support enforcement agency shall order additional genetic testing upon the request of a party who contests the result of the original testing. If the previous genetic testing identified a ((man)) person as the ((father)) parent of the child under RCW 26.26.420, the court or agency may not order additional testing unless the party provides advance payment for the testing.
(2) This section does not apply when the child was conceived through assisted reproduction.

Sec. 27. RCW 26.26.435 and 2002 c 302 s 408 are each amended to read as follows:

(1) If a genetic testing specimen is not available from a man who may be the father of a child, for good cause and under circumstances the court considers to be just, a court may order the following individuals to submit specimens for genetic testing:
(a) The parents of the man;
(b) Brothers and sisters of the man;
(c) Other children of the man and their mothers; and
(d) Other relatives of the man necessary to complete genetic testing.
(2) If a specimen from the mother of a child is not available for genetic testing, the court may order genetic testing to proceed without a specimen from the mother.
(3) Issuance of an order under this section requires a finding that a need for genetic testing outweighs the legitimate interests of the individual sought to be tested.
(4) This section does not apply when the child was conceived through assisted reproduction.

Sec. 28. RCW 26.26.445 and 2002 c 302 s 410 are each amended to read as follows:

(1) The court may order genetic testing of a brother of a man identified as the father of a child if the man is commonly believed to have an identical brother and evidence suggests that the brother may be the genetic father of the child.
(2) If ((genetic testing excludes none of the brothers as the genetic father)) each brother satisfies the requirements as the identified father of the child under RCW 26.26.420 without consideration of another identical brother being identified as the father of the child, the court may rely on nongenetic evidence to adjudicate which brother is the father of the child.

Sec. 29. RCW 26.26.505 and 2002 c 302 s 502 are each amended to read as follows:

Subject to RCW 26.26.300 through 26.26.375, 26.26.530, and 26.26.540, a proceeding to adjudicate parentage may be maintained by:
(1) The child;
(2) The ((mother (a))) person who has established a parent-child relationship with the child;
(3) A ((man)) person whose ((paternity)) parentage of the child is to be adjudicated;
(4) The division of child support;
(5) An authorized adoption agency or licensed child-placing agency;
(6) A representative authorized by law to act for an individual who would otherwise be entitled to maintain a proceeding but who is deceased, incapacitated, or a minor; or

Sec. 30. RCW 26.26.510 and 2002 c 302 s 503 are each amended to read as follows:

The following individuals must be joined as parties in a proceeding to adjudicate parentage:
(1) The ((father)) parent of the child who has established a parent-child relationship with the child;
(2) A ((man)) person whose ((paternity)) parentage of the child is to be adjudicated; ( Audi
(3) An intended parent under a surrogate parentage contract, as provided in RCW 26.26.210 through 26.26.260; and

Sec. 31. RCW 26.26.525 and 2002 c 302 s 506 are each amended to read as follows:

A proceeding to adjudicate the parentage of a child having no presumed ((acknowledged)) or adjudicated ((father)) second parent and no acknowledged father may be commenced at any time during the life of the child, even after:
(1) The child becomes an adult; or
(2) An earlier proceeding to adjudicate ((paternity)) parentage has been dismissed based on the application of a statute of limitation then in effect.

Sec. 32. RCW 26.26.530 and 2002 c 302 s 507 are each amended to read as follows:

(1) Except as otherwise provided in subsection (2) of this section, a proceeding brought by a presumed ((father)) parent, the ((mother)) person with a parent-child relationship with the child, or another individual to adjudicate the parentage of a child having a presumed ((father)) parent must be commenced no later than ((two)) four years after the birth of the child. If an action is commenced more than two years after the birth of the child, the child must be made a party to the action.
(2) A proceeding seeking to disprove the ((father-child)) parent-child relationship between a child and the child’s presumed ((father)) parent may be maintained at any time if the court determines that((ii))) the presumed ((father)) parent and the ((mother (a))) person who has a parent-child relationship with the child neither cohabited nor engaged in sexual intercourse with each other during the probable time of conception((and
(b) The presumed father never openly treated the child as his own)) and the presumed parent never held out the child as his or her own.

Sec. 33. RCW 26.26.535 and 2002 c 302 s 508 are each amended to read as follows:

(1) In a proceeding to adjudicate parentage under circumstances described in RCW 26.26.530 or in RCW 26.26.540, a court may deny a motion seeking an order for genetic testing of the mother or father, the child, and the presumed or acknowledged father if the court determines that:
(a)(i) The conduct of the mother or father or the presumed ((father)) or acknowledged parent estops that party from denying parentage; and
(ii) It would be inequitable to disprove the ((father-child)) parent-child relationship between the child and the presumed ((father)) or acknowledged parent; or
(b) The child was conceived through assisted reproduction.
(2) In determining whether to deny a motion to seek an order for genetic testing under subsection (1)(a) of this section, the court shall consider the best interest of the child, including the following factors:
(a) The length of time between the proceeding to adjudicate parentage and the time that the presumed ((father)) or acknowledged
parent was placed on notice that he or she might not be the genetic
(father) parent:
(b) The length of time during which the presumed (father) or
acknowledged parent has assumed the role of (father) parent of the
child;
(c) The facts surrounding the presumed (father) or
acknowledged parent's discovery of his or her possible
(nonpaternity) nonparentage;
(d) The nature of the (father-child) relationship between the
child and the presumed or acknowledged parent;
(e) The age of the child;
(f) The harm (to the child which) that may result to the child if
(preferred parent) parentage is successfully disproved;
(g) The nature of the relationship (of) between the child (of)
and any alleged (father) parent;
(h) The extent to which the passage of time reduces the chances
of establishing the (paternity) parentage of another (man) person
and a child support obligation in favor of the child; and
(i) Other factors that may affect the equities arising from the
disruption of the (father-child) parent-child relationship between
the child and the presumed (father) or acknowledged parent or
the chance of other harm to the child.
(3) In a proceeding involving the application of this section,
(the) a minor or incapacitated child must be represented by a
guardian ad litem.
(4) A denial of a motion seeking an order for genetic testing
under subsection (1)(a) of this section must be based on clear and
convincing evidence.
(5) If the court denies a motion seeking an order for genetic
testing under subsection (1)(a) of this section, it shall issue an order
adjudicating the presumed (father) or acknowledged parent to be the
(father) parent of the child.
Sec. 34. RCW 26.26.540 and 2002 c 302 s 509 are each amended
to read as follows:
(1) If a child has an acknowledged father, a s ignatory to the
acknowledgment or denial of paternity must commence any
proceeding seeking to rescind the acknowledgment or denial or
challenge the paternity of (that) the child only within the time
(2) If a child has an acknowledged father or an adjudicated
(father) parent, an individual, other than the child, who is neither a
signatory to the acknowledgment nor a party to the adjudication and
who seeks an adjudication of (paternity) parentage of the child must
commence a proceeding not later than (that) four years after the
effective date of the acknowledgment or adjudication. If an action is
commenced more than two years after the birth of the child, the child
must be made a party to the action.
(3) A proceeding under this section is subject to RCW 26.26.353.
Sec. 35. RCW 26.26.545 and 2002 c 302 s 510 are each amended
to read as follows:
(1) Except as otherwise provided in subsection (2) of this section,
a proceeding to adjudicate parentage may be joined with a proceeding
for: Adoption or termination of parental rights under chapter 26.33
RCW; determination of a parenting plan, child support, annulment,
dissolution of marriage, dissolution of a domestic partnership, or legal
separation under chapter 26.09 or 26.19 RCW; or probate or
administration of an estate under chapter 11.48 or 11.54 RCW, or
other appropriate proceeding.
(2) A respondent may not join (the) a proceeding(s) described
in subsection (1) of this section with a proceeding to adjudicate
parentage brought under chapter 26.21 A RCW.
Sec. 36. RCW 26.26.550 and 2002 c 302 s 511 are each amended
to read as follows:
(Although) A proceeding to (determine) adjudicate parentage
may be commenced before the birth of the child, (the proceeding)
but may not be concluded until after the birth of the child. The
following actions may be taken before the birth of the child:
(1) Service of process;
(2) Discovery;
(3) Except as prohibited by RCW 26.26.405, collection of
specimens for genetic testing; and
Sec. 37. RCW 26.26.555 and 2002 c 302 s 512 are each amended
to read as follows:
(1) Unless specifically required under other provisions of this
chapter, a minor child is a permissible party, but is not a necessary
(2) If (the) a minor or incapacitated child is a party, or if the
court finds that the interests of (minor child or incapacitated) the
child are not adequately represented, the court shall appoint a
guardian ad litem to represent the child, subject to RCW 74.20.310
(neither the child's mother or father). A parent of the child may
not represent the child as guardian or (unless necessary) any other capacity.
Sec. 38. RCW 26.26.570 and 2002 c 302 s 521 are each amended
to read as follows:
(1) Except as otherwise provided in subsection (3) of this section,
a record of a genetic testing expert is admissible as evidence of the
truth of the facts asserted in the report unless a party objects to its
admission within fourteen days after its receipt by the objecting party
and cites specific grounds for exclusion. The admissibility of the
report is not affected by whether the testing was performed:
(a) Voluntarily or under an order of the court or a support
enforcement agency; or
(b) Before or after the commencement of the proceeding.
(2) A party objecting to the results of genetic testing may call one
or more genetic testing experts to testify in person or by telephone,
videoconference, deposition, or another method approved by the
court. Unless otherwise ordered by the court, the party offering the
testimony bears the expenses for the expert testifying.
(3) If a child has a presumed (acknowledged) or adjudicated
(father) parent or an acknowledged father, the results of genetic
testing are inadmissible to adjudicate parentage unless performed:
(a) With the consent of both the (mother) person with a parent-
child relationship with the child and the presumed (acknowledged)
or adjudicated (father) parent or an acknowledged father;
(b) Under an order of the court under RCW 26.26.405.
(4) Copies of bills for genetic testing and for prenatal and
postnatal health care for the mother and child that are furnished to the
adverse party not less than ten days before the date of a hearing are
admissible to establish:
(a) The amount of the charges billed; and
(b) That the charges were reasonable, necessary, and customary.
Sec. 39. RCW 26.26.575 and 2002 c 302 s 522 are each amended
to read as follows:
(1) An order for genetic testing is enforceable by contempt.
(2) If an individual whose paternity is being determined declines
to submit to genetic testing (as) ordered by the court, the court for
that reason may (on that basis) adjudicate parentage contrary to the
position of that individual.
(3) Genetic testing of the mother of a child is not a condition
precedent to testing the child and a man whose paternity is being
determined. If the mother is unavailable or declines to submit to
genetic testing, the court may order the testing of the child and a man
whose paternity is being adjudicated.
(4) This section does not apply when the child was conceived through
assisted reproduction.
Sec. 40. RCW 26.26.585 and 2002 c 302 s 523 are each amended
to read as follows:
(1) A respondent in a proceeding to adjudicate parentage may
admit to the paternity of a child by filing a pleading to that effect or
by admitting paternity under penalty of perjury when making an appearance or during a hearing.

(2) If the court finds that the admission of paternity (was made under) satisfies the requirements of this section and finds that there is no reason to question the admission, the court shall issue an order adjudicating the child to be the child of the man admitting paternity.

Sec. 41. RCW 26.26.590 and 2002 c 302 s 524 are each amended to read as follows:

This section applies to any proceeding under RCW 26.26.500 through 26.66.630.

(1) The court shall issue a temporary order for support of a child if the individual ordered to pay support:

(b) Is petitioning to have his (paternity) or her parentage adjudicated or has admitted (paternity) parentage in pleadings filed with the court;

(c) Is identified as the father through genetic testing under RCW 26.26.420;

(d) Has declined to submit to genetic testing but is shown by clear and convincing evidence to be the father of the child; or

(e) Is (the mother of) a person who has established a parent-child relationship with the child.

(2) A temporary order may, on the same basis as provided in chapter 26.09 RCW, make residential provisions with regard to minor children of the parties, except that a parenting plan is not required unless requested by a parent.

(3) Any party may request the court to issue a temporary restraining order or preliminary injunction, providing relief proper in the circumstances, and restraining or enjoining any party from:

(a) Molesting or disturbing the peace of another party;

(b) Going onto the grounds of or entering the home, workplace, or school of another party or the day care or school of any child;

(c) Knowingly coming within, or knowingly remaining within, a specified distance from a specified location; and

(d) Removing a child from the jurisdiction of the court.

(4) Either party may request a domestic violence protection order under chapter 26.50 RCW or an antiharassment protection order under chapter 10.14 RCW on a temporary basis. The court may grant any of the relief provided in RCW 26.50.040 except relief pertaining to residential provisions for the children which provisions shall be provided for under this chapter, and any of the relief provided in RCW 10.14.080. Ex parte orders issued under this subsection shall be effective for a fixed period not to exceed fourteen days, or upon court order, not to exceed twenty-four days if necessary to ensure that all temporary motions in the case can be heard at the same time.

(5) Restraining orders issued under this section restraining or enjoining the person from molesting or disturbing another party, or from going onto the grounds of or entering the home, workplace, or school of the other party or the day care or school of any child, or prohibiting the person from knowingly coming within, or knowingly remaining within, a specified distance of a location, shall prominently bear on the front page of the order the legend: VIOLATION OF THIS ORDER WITH ACTUAL NOTICE OF ITS TERMS IS A CRIMINAL OFFENSE UNDER CHAPTER 26.50 RCW AND WILL SUBJECT A VIOLATOR TO ARREST.

(6) The court shall order that any temporary restraining order bearing a criminal offense legend, any domestic violence protection order, or any antiharassment protection order granted under this section be forwarded by the clerk of the court on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the order, the law enforcement agency shall enter the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. The order is fully enforceable in any county in the state.

(7) If a restraining order issued pursuant to this section is modified or terminated, the clerk of the court shall notify the law enforcement agency specified in the order on or before the next judicial day. Upon receipt of notice that an order has been terminated, the law enforcement agency shall remove the order from any computer-based criminal intelligence system.

(8) The court may issue a temporary restraining order without requiring notice to the other party only if it finds on the basis of the moving affidavit or other evidence that irreparable injury could result if an order is not issued until the time for responding has elapsed.

(9) The court may issue a temporary restraining order or preliminary injunction and an order for temporary support in such amounts and on such terms as are just and proper in the circumstances. In issuing the order, the court shall consider the provisions of RCW 9.41.800.

(10) A temporary order, temporary restraining order, or preliminary injunction:

(a) Does not prejudice the rights of a party or any child which are to be adjudicated at subsequent hearings in the proceeding;

(b) May be revoked or modified;

(c) Terminates when the final order is entered or when the petition is dismissed; and

(d) May be entered in a proceeding for the modification of an existing order.

(11) A support debt owed to the state for public assistance expenditures which has been charged against a party pursuant to RCW 74.20A.040 and/or 74.20A.055 shall not be merged in, or otherwise extinguished by, the final decree or order, unless the office of support enforcement has been given notice of the final proceeding and an opportunity to present its claim for the support debt to the court and has failed to file an affidavit as provided in this subsection. Notice of the proceeding shall be served upon the office of support enforcement personally, or by certified mail, and shall be given no fewer than thirty days prior to the date of the final proceeding. An original copy of the notice shall be filed with the court either before service or within a reasonable time thereafter. The office of support enforcement may present its claim, and thereby preserve the support debt, by filing an affidavit setting forth the amount of the debt with the court, and by mailing a copy of the affidavit to the parties or their attorney prior to the date of the final proceeding.

Sec. 42. RCW 26.26.600 and 2002 c 302 s 531 are each amended to read as follows:

The court shall apply the following rules to adjudicate the (paternity) parentage of a child:

(1) Except as provided in subsection (5) of this section, the (paternity) parentage of a child having a presumed (acknowledged) or adjudicated (father) parent or an acknowledged father may be disproved only by admissible results of genetic testing excluding that (man) person as the (father) parent of the child or identifying another man (as) the father of the child.

(2) Unless the results of genetic testing are admitted to rebut other results of genetic testing, the man identified as the father of the child under RCW 26.26.420 must be adjudicated the father of the child.

(3) If the court finds that genetic testing under RCW 26.26.420 neither identifies nor excludes a man as the father of a child, the court may not dismiss the proceeding. In that event, the results of genetic testing, (along with) other evidence, are admissible to adjudicate the issue of paternity.

(4) Unless the results of genetic testing are admitted to rebut other results of genetic testing, a man excluded as the father of a child by genetic testing must be adjudicated not to be the father of the child.

(5) Subsections (1) through (4) of this section do not apply when the child was conceived through assisted reproduction. The parentage of a child conceived through assisted reproduction may be disproved only by admissible evidence showing the intent of the presumed, acknowledged, or adjudicated parent and the other parent.
Sec. 43. RCW 26.26.620 and 2002 c 302 s 535 are each amended to read as follows:

The court may issue an order dismissing a proceeding commenced under this chapter for want of prosecution only without prejudice. An order of dismissal for want of prosecution purportedly with prejudice is void and (may be challenged in another judicial or an administrative proceeding) has only the effect of a dismissal without prejudice.

Sec. 44. RCW 26.26.625 and 2002 c 302 s 536 are each amended to read as follows:

(1) The court shall issue an order adjudicating whether a person alleged or claiming to be the parent of the child.
(2) An order adjudicating parentage must identify the child by name and age.

(3) Except as otherwise provided in subsection (4) of this section, the court may award attorneys' fees, fees for genetic testing, other costs, and necessary travel and other reasonable expenses incurred in a proceeding under this section and RCW 26.26.500 through 26.26.630. The court may award attorneys' fees, which may be paid directly to the attorney, who may enforce the order in the attorney's own name.
(4) The court may not assess fees, costs, or expenses against the support enforcement agency of this state or another state, except as provided by other law.
(5) On request of a party and for good cause shown, the court may order that the name of the child be changed.

(6) If the order of the court is at variance with the certificate, the court shall order the state registrar of vital statistics to issue an amended birth certificate.

Sec. 45. RCW 26.26.630 and 2002 c 302 s 537 are each amended to read as follows:

(1) Except as otherwise provided in subsection (2) of this section, a determination of parentage is binding on:
(a) All signatories to an acknowledgment or denial of paternity as provided in RCW 26.26.300 through 26.26.375; and
(b) All parties to an adjudication by a court acting under circumstances that satisfy the jurisdictional requirements of RCW ((26.21.025s)) 26.21A.100.
(2) A child is not bound by a determination of parentage under this chapter unless:
(a) The determination was based on an unrescinded acknowledgment of paternity and the acknowledged paternity is consistent with the results of the genetic testing;
(b) The adjudication of parentage was based on a finding consistent with the results of genetic testing and the consistency is declared in the determination or is otherwise shown, or in the case of a child conceived through assisted reproduction, the adjudication of parentage was based on evidence showing the intent of the parents; or
(c) The child was a party or was represented in the proceeding determining parentage by a guardian ad litem.
(3) In a proceeding to dissolve a marriage or domestic partnership, the court is deemed to have made an adjudication of the parentage of a child if the court acts under circumstances that satisfy the jurisdictional requirements of RCW ((26.21.025s)) 26.21A.100, and the final order:
(a) Expressly identifies a child as a "child of the marriage," "issue of the marriage," "child of the domestic partnership," "issue of the domestic partnership," or similar words indicating that the (husband is the father) spouses in the marriage or domestic partners in the domestic partnership are the parents of the child; or
(b) Provides for support of the child by one or both of the (husband) spouses or domestic partners unless ((paternity)) parentage is specifically disclaimed in the order.
(4) Except as otherwise provided in subsection (2) of this section, a determination of parentage may be a defense in a subsequent proceeding seeking to adjudicate parentage by an individual who was not a party to the earlier proceeding.
(5) A party to an adjudication of ((paternity)) parentage may challenge the adjudication only under law of this state relating to appeal, vacation of judgments, (and) or other judicial review.

Sec. 46. RCW 26.26.705 and 2002 c 302 s 602 are each amended to read as follows:

A donor is not a parent of a child conceived by means of assisted reproduction, unless otherwise agreed in a signed record by the donor and the person or persons intending to be parents of a child conceived through assisted reproduction.

Sec. 47. RCW 26.26.710 and 2002 c 302 s 603 are each amended to read as follows:

((If a husband provides sperm for, or consents to, assisted reproduction by his wife as provided in RCW 26.26.715, he is the father of a resulting child born to his wife.)) A person who provides gametes for, or consents in a signed record to assisted reproduction with another person, with the intent to be the parent of the child born, is the parent of the resulting child.

Sec. 48. RCW 26.26.715 and 2002 c 302 s 604 are each amended to read as follows:

(1) ((A consent to assisted reproduction by a married woman must be in a record signed by the woman and her husband.)) Consent by a couple who intend to be parents of a child conceived by assisted reproduction must be in a record signed by both persons. This requirement does not apply to ((the donation of eggs for assisted reproduction by another woman)) a donor.
(2) Failure of the (husband) person to sign a consent required by subsection (1) of this section, before or after birth of the child, does not preclude a finding (that the husband is the father of a child born to his wife if the wife and husband openly treated) of parentage if the persons resided together in the same household with the child and openly held out the child as their own.

Sec. 49. RCW 26.26.720 and 2002 c 302 s 605 are each amended to read as follows:

(1) Except as otherwise provided in subsection (2) of this section, a spouse or domestic partner of a woman who gives birth to a child by means of assisted reproduction, or a spouse or domestic partner of a man who has a child by means of assisted reproduction, may not challenge his or her parentage of the child unless:
(a) Within (two) four years after learning of the birth of the child (the) person commences a proceeding to adjudicate his (paternity) or her parentage. In actions commenced more than two years after the birth of the child, the child must be made a party to the action; and
(b) The court finds that (the) the person did not consent to the assisted reproduction, before or after birth of the child.
(2) A proceeding to adjudicate ((paternity)) parentage may be maintained at any time if the court determines that:
(a) The (husband) spouse or domestic partner did not provide (sperm) or (paternity) or (the) her spouse or domestic partner;
(b) The (husband and the mother) spouse or domestic partner and the parent of the child have not cohabited since the probable time of assisted reproduction; and
(c) The (husband) spouse or domestic partner never openly ((treated) held out the child as his or her own.
(3) The limitation provided in this section applies to a marriage or domestic partnership declared invalid after assisted reproduction.

Sec. 50. RCW 26.26.725 and 2002 c 302 s 606 are each amended to read as follows:

(1) If a marriage or domestic partnership is dissolved before placement of eggs, sperm, or an embryo, the former spouse or former domestic partner is not a parent of the resulting child unless the
former spouse or former domestic partner consented in a signed record that if assisted reproduction were to occur after a (dissolution) dissolution, the former spouse or former domestic partner would be a parent of the child.

(2) The consent of the former spouse or former domestic partner to assisted reproduction may be (revoked) withdrawn by that individual in a record at any time before placement of eggs, sperm, or embryos. An individual who withdraws consent under this section is not a parent of the resulting child.

Sec. 51. RCW 26.26.730 and 2002 c 302 s 607 are each amended to read as follows:

If (a spouse) an individual who consented in a record to be a parent by assisted reproduction dies before placement of eggs, sperm, or an embryo, the deceased ((a spouse)) individual is not a parent of the resulting child unless the deceased ((a spouse)) individual consented in a signed record that if assisted reproduction were to occur after death, the deceased ((a spouse)) individual would be a parent of the child.

Sec. 52. RCW 26.26.735 and 2002 c 302 s 608 are each amended to read as follows:

The donor of ((ovum)) eggs provided to a licensed physician for use in ((the alternative reproductive medical technology process)) assisted reproduction for the purpose of attempting to achieve a pregnancy in a woman other than the donor is treated in law as if she were not the ((natural mother)) parent of a child thereafter conceived and born unless the donor and the woman who gives birth to a child as a result of the ((alternative reproductive medical technology procedures)) assisted reproduction agree in writing that the donor is to be a parent. RCW 26.26.705 does not apply in such case. A woman who gives birth to a child conceived through ((the alternative reproductive medical technology procedures)) assisted reproduction under the supervision and with the assistance of a licensed physician is treated in law as if she were the ((natural mother)) parent of the child unless an agreement in writing signed by an ((egg donor)) egg donor and the woman giving birth to the child states otherwise. An agreement pursuant to this section must be in writing and signed by the ((egg donor)) egg donor and the woman who gives birth to the child and any other intended parent of the child. The physician shall certify the parties' signatures and the date of the ((egg donor)) egg harvest, identify the subsequent medical procedures undertaken, and identify the intended parents. The agreement, including the affidavit and certification (referred to in RCW 26.26.030), must be filed with the registrar of vital statistics, where it must be kept confidential and in a sealed file.

NEW SECTION. Sec. 53. A new section is added to chapter 26.26 RCW to read as follows:

(1) A person who donates gametes to a fertility clinic in Washington to be used in assisted reproduction shall provide, at a minimum, his or her identifying information and medical history to the fertility clinic. The fertility clinic shall keep the identifying information and medical history of its donors and shall disclose the information as provided under subsection (2) of this section.

(2)(a) A child conceived through assisted reproduction who is at least eighteen years old shall be provided, upon his or her request, access to identifying information of the donor who provided gametes for the assisted reproduction that resulted in the birth of the child, unless the donor has signed an affidavit of nondisclosure with the fertility clinic that provided the gamete for assisted reproduction.

(b) Regardless of whether the donor signed an affidavit of nondisclosure, a child conceived through assisted reproduction who is at least eighteen years old shall be provided, upon his or her request, access to the nonidentifying medical history of the donor who provided gametes for the assisted reproduction that resulted in the birth of the child.

Sec. 54. RCW 26.26.903 and 2002 c 302 s 709 are each amended to read as follows:

In applying and construing this uniform act, consideration must be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it and to the intent that the act apply to persons of the same sex who have children together to the same extent the act applies to persons of the opposite sex who have children together.

Sec. 55. RCW 26.26.911 and 2002 c 302 s 101 are each amended to read as follows:

This act may be known and cited as the uniform parentage act of 2002.

NEW SECTION. Sec. 56. Any action taken by an agency to implement the provisions of this act must be accomplished within existing resources. Any costs incurred by the administrative office of the courts for modifications to the judicial information system as a result of the provisions of this act shall be paid from the judicial information system account.

NEW SECTION. Sec. 57. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 58. This act applies to causes of action filed on or after the effective date of this section."

and the same is herewith transmitted.

MESSAGE FROM THE SENATE

April 21, 2011

Mr. Speaker:

The Senate receded from its amendment to ENGROSSED SUBSTITUTE HOUSE BILL NO. 1547. Under suspension of the rules, the bill was returned to second reading for purpose of amendment. The Senate adopted the following amendment and passed the bill as amended by the Senate:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 9.94A.685 and 1993 c 419 s 1 are each amended to read as follows:

(1) Subject to the limitations of this section, any alien offender committed to the custody of the department under the sentencing reform act of 1981, chapter 9.94A RCW, who has been found by the United States attorney general to be subject to a final order of deportation or exclusion, may be placed on conditional release status and released to the immigration and customs enforcement agency for deportation at any time prior to the expiration of the offender's term of confinement. Conditional release shall continue until the expiration of the statutory maximum sentence provided by law for the crime or crimes of which the offender was convicted. If the offender has multiple current convictions, the statutory maximum sentence allowed by law for each crime shall run concurrently.

(2) No offender may be released under this section unless the secretary or the secretary's designee finds that such release is in the best interests of the state of Washington. Further, releases under this section may occur only with the approval of the sentencing court and the prosecuting attorney of the county of conviction has reached an agreement with the immigration and customs enforcement agency that the alien offender placed on conditional release status will be detained in total confinement at a facility operated by the immigration and customs enforcement agency pending the offender's return to the country of origin or other location designated in the final deportation or exclusion order.

(4) No offender may be released under this section who is serving a sentence for a violent offense or sex offense, as defined in RCW 9.94A.030 or any other offense that is a crime against a person.

(5) The unserved portion of the term of confinement of any offender released under this section shall be tolled at the time the offender is released to the immigration and customs enforcement agency for deportation. Upon the release of an offender to the immigration and customs enforcement agency, the department shall issue a warrant for the offender's arrest within the United States. This warrant shall remain in effect until the expiration of the offender's conditional release indefinitely.

(6) Upon arrest of an offender, the department may seek extradition as necessary and the offender may be returned to the department for completion of the unserved portion of the offender's term of total confinement. If returned, the offender shall also be required to fully comply with all the terms and conditions of the sentence.

(7) Alien offenders released to the immigration and customs enforcement agency for deportation under this section are not thereby relieved of their obligation to pay restitution or other legal financial obligations ordered by the sentencing court.

(8) Any offender released pursuant to this section who returns illegally to the United States may not thereafter be released again pursuant to this section.

The secretary is authorized to take all reasonable actions to implement this section and shall assist federal authorities in prosecuting alien offenders who may illegally reenter the United States and enter the state of Washington.

The provisions of this section apply to persons convicted before, on, or after the effective date of this section.

NEW SECTION. Sec. 2. A new section is added to chapter 9.94A RCW to read as follows:

(1) The department shall provide a written notice of rights in removal proceedings to all offenders in the department's custody who are subject to early release pursuant to RCW 9.94A.685. The notice shall be provided as early in the removal process as feasible.

(2) The department shall work in conjunction with a qualified nonprofit legal services organization in the state recognized by the department of justice pursuant to 8 C.F.R. 1003.61, to create the written notice required by subsection (1) of this section. A written notice containing the advisals given to an individual at the first master calendar hearing in a removal proceeding meets the requirements of this section.

Sec. 3. RCW 10.40.200 and 1983 c 199 s 1 are each amended to read as follows:

(1) The legislature finds and declares that in many instances involving an individual who is not a citizen of the United States charged with an offense punishable as a crime under state law, a plea of guilty is entered without the defendant knowing that a conviction of such offense is grounds for deportation, exclusion from admission to the United States, or denial of naturalization pursuant to the laws of the United States. Therefore, it is the intent of the legislature in enacting this section to promote fairness to such accused individuals by requiring in such cases that acceptance of a guilty plea be preceded by an appropriate warning of the special consequences for such a defendant which may result from the plea. It is further the intent of the legislature that at the time of the plea no defendant be required to disclose his or her legal status to the court.

(2) Prior to acceptance of a plea of guilty to any offense punishable as a crime under state law, except offenses designated as infractions under state law, the court shall determine that the defendant has been advised of the following potential consequences of conviction for a defendant who is not a citizen of the United States: Deportation, exclusion from admission to the United States, or denial of naturalization pursuant to the laws of the United States. A defendant signing a guilty plea statement containing the advisement required by this subsection shall be presumed to have received the required advisement. If, after September 1, 1983, the defendant has not been advised as required by this section and the defendant shows that conviction of the offense to which the defendant pleaded guilty may have the consequences for the defendant of deportation, exclusion from admission to the United States, or denial of naturalization pursuant to the laws of the United States, the court, on defendant's motion, shall vacate the judgment and permit the
defendant to withdraw the plea of guilty and enter a plea of not guilty. Absent a written acknowledgement by the defendant of the advisement required by this subsection, the defendant shall be presumed not to have received the required advisement.

(3) With respect to pleas accepted prior to September 1, 1983, it is not the intent of the legislature that a defendant’s failure to receive the advisement required by subsection (2) of this section should require the vacation of judgment and withdrawal of the plea or constitute grounds for finding a prior conviction invalid.

(4) Prior to acceptance of a plea of guilty to any offense punishable as a crime under state law, except offenses designated as infractions under state law, the court shall advise the defendant that, pursuant to RCW 9.94A.685, the defendant may be subject to early release from custody for removal from the United States as a consequence of conviction and that the defendant may be able to contest a removal order.

NEW SECTION. Sec. 4. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

On page 1, line 1 of the title, after "offenders;" strike the remainder immediately.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1547, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 21, 2011

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1599 with the following amendment:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. (1) The legislature finds that:

(a) Providing students with the opportunity to graduate from high school with the knowledge and skills to be successful in today’s world is now clearly part of Washington’s definition of a basic education. Some students will only achieve this objective with supplemental interventions, support, and counseling;

(b) Dropout prevention is a fundamental strategy for strengthening society, building the economy, reducing crime, reducing government spending, and increasing individual freedom and opportunity;

(c) There are known and proven strategies to reduce the dropout rate, including ones that are successful for high-risk and troubled students. For example, the opportunity internship program, the jobs for America’s graduates program, the building bridges program, and individualized student support services provided by the college success foundation have all had a measurable impact on helping at-risk students be successful in school. In addition, the Everett school district successfully increased its extended graduation rate from fifty-three percent in 2003 to ninety percent in 2010 by tracking the progress toward graduation of each student and assigning success coordinators to ensure students pursued all possible avenues to complete and make up credits. The Renton school district, through a combination of leadership, community partnerships and resources, and high expectations for all students, has increased its graduation rate to ninety percent, with ninety-six percent of graduating seniors in 2010 meeting proficiency on the state high school assessments. However, these types of models have never been brought to scale; and

(d) For every dropout prevented, the chances of that person committing a crime are reduced by twenty percent, and that person stands to increase his or her lifetime earnings by three hundred thousand dollars in today’s dollars. In addition, for every dropout prevented, taxpayers save an estimated ten thousand five hundred dollars per year for each year of the individual’s life between the ages of twenty and sixty-five.

(2) Therefore, the state should use a dual strategy of making front-end investments in proven programs in order to expand them into an effective dropout prevention and intervention system, while simultaneously recognizing and rewarding actual success in reducing the dropout rate by investing a portion of the savings generated from each prevented dropout in the public schools.

(3) The legislature recognizes that the current fiscal climate in the state is a likely contributing factor to an increase in dropout rates. Reductions in state funding for schools are often felt first in student support services, counseling, supplemental instruction and tutoring, and increased class size, all of which affect struggling students. A
poor economy negatively affects families through unemployment, uncertainty, and reduced public services, and students bring these stresses with them to school. If allowed to go unaddressed, these economic and fiscal circumstances are likely to slow or reverse progress on improving high school completion rates. Therefore, a concentrated effort at improvement is required at this time.

**NEW SECTION. Sec. 2.** A new section is added to chapter 28A.175 RCW to read as follows:

(1) The pay for actual student success (PASS) program is created under this section and sections 3 through 8 of this act to invest in proven dropout prevention and intervention programs as provided in section 3 of this act and provide a financial award for high schools that demonstrate improvement in the dropout prevention indicators established under section 4 of this act. The legislature finds that increased accumulation of credits and reductions in incidents of student discipline lead to improved graduation rates.

(2) The office of the superintendent of public instruction, the workforce training and education coordinating board, the building bridges working group, the higher education coordinating board, and the college scholarship organization under section 3(4) of this act shall collaborate to assure that the programs under section 3 of this act operate systematically and are expanded to include as many additional students and schools as possible.

**NEW SECTION. Sec. 3.** A new section is added to chapter 28A.175 RCW to read as follows:

Subject to funds appropriated for this purpose, funds shall be allocated as specified in the omnibus appropriations act to support the PASS program through the following programs:

(1) The opportunity internship program under RCW 28C.18.160 through 28C.18.168;

(2) The jobs for America’s graduates program administered through the office of the superintendent of public instruction;

(3) The building bridges program under RCW 28A.175.025, to be used to expand programs that have been implemented by building bridges partnerships and determined by the building bridges work group to be successful in reducing dropout rates, or to replicate such programs in new partnerships; and

(4) Individualized student support services provided by a college scholarship organization with expertise in managing scholarships for low-income, high potential students and foster care youth under contract with the higher education coordinating board, including but not limited to college and career advising, counseling, tutoring, community mentor programs, and leadership development.

**NEW SECTION. Sec. 4.** A new section is added to chapter 28A.175 RCW to read as follows:

(1) The office of the superintendent of public instruction, in consultation with the state board of education, must:

(a) Calculate the annual extended graduation rate for each high school, which is the rate at which a class of students enters high school as freshmen and graduates with a high school diploma, including students who receive a high school diploma after the year they were expected to graduate. The office may statistically adjust the rate for student demographics in the high school, including the number of students eligible for free and reduced price meals, special education and English language learner students, students of various racial and ethnic backgrounds, and student mobility;

(b) Annually calculate the proportion of students at grade level for each high school, which shall be measured by the number of credits a student has accumulated at the end of each school year compared to the total number required for graduation. For the purposes of this subsection (1)(b), the office shall adopt a standard definition of “at grade level” for each high school grade;

(c) Annually calculate the proportion of students in each high school who are suspended or expelled from school, as reported by the high school. In-school suspensions shall not be included in the calculation. Improvement on the indicator under this subsection (1)(c) shall be measured by a reduction in the number of students suspended or expelled from school; and

(d) Beginning with the 2012-13 school year, annually measure student attendance in each high school as provided under section 10 of this act.

(2) The office of the superintendent of public instruction may add dropout prevention indicators to the list of indicators under subsection (1) of this section, such as student grades, state assessment mastery, or student retention.

(3) To the maximum extent possible, the office of the superintendent of public instruction shall rely on data collected through the comprehensive education data and research system to calculate the dropout prevention indicators under this section and shall minimize additional data collection from schools and school districts unless necessary to meet the requirements of this section.

(4) The office of the superintendent of public instruction shall develop a metric for measuring the performance of each high school on the indicators under subsection (1) of this section that assigns points for each indicator and results in a single numeric dropout prevention score for each high school. The office shall weight the extended graduation rate indicator within the metric so that a high school does not qualify for an award under section 5 of this act without an increase in its extended graduation rate. The metric used through the 2012-13 school year shall include the indicators in subsection (1)(a) through (c) of this section and shall measure improvement against the 2011-12 school year as the baseline year. Beginning in the 2013-14 school year, the metric shall also include the indicator in subsection (1)(d) of this section, with improvement in this indicator measured against the 2012-13 school year as the baseline year. The office may establish a minimum level of improvement in a high school's dropout prevention score for the high school to qualify for a PASS program award under section 5 of this act.

**NEW SECTION. Sec. 5.** A new section is added to chapter 28A.175 RCW to read as follows:

(1)(a) Subject to funds appropriated for this purpose or otherwise available in the account established in section 7 of this act, beginning in the 2011-12 school year and each year thereafter, a high school that demonstrates improvement in its dropout prevention score compared to the baseline school year as calculated under section 4 of this act may receive a PASS program award as provided under this section. The legislature intends to recognize and reward continuous improvement by using a baseline year for calculating eligibility for PASS program awards so that a high school retains previously earned award funds from one year to the next unless its performance declines.

(b) The office of the superintendent of public instruction must determine the amount of PASS program awards based on appropriated funds and eligible high schools. The intent of the legislature is to provide an award to each eligible high school commensurate with the degree of improvement in the high school’s dropout prevention score and the size of the high school. The office must establish a minimum award amount. If funds available for PASS program awards are not sufficient to provide an award to each eligible high school, the office of the superintendent of public instruction shall establish objective criteria to prioritize awards based on eligible high schools with the greatest need for additional dropout prevention and intervention services. The office of the superintendent of public instruction shall encourage and may require a high school receiving a PASS program award to demonstrate an amount of community matching funds or an amount of in-kind community services to support dropout prevention and intervention.

(c) Ninety percent of an award under this section must be allocated to the eligible high school to be used for dropout prevention activities in the school as specified in subsection (2) of this section. The principal of the high school shall determine the use of funds after...
consultation with parents and certificated and classified staff of the school.

(d) Ten percent of an award under this section must be allocated to the school district in which the eligible high school is located to be used for dropout prevention activities as specified in subsection (2) of this section in the high school or in other schools in the district.

(e) The office of the superintendent of public instruction may withhold distribution of award funds under this section to an otherwise eligible high school or school district if the superintendent of public instruction, in addition to a finding that the school or school district has willfully manipulated the dropout prevention indicators under section 4 of this act, for example by expelling, suspending, transferring, or refusing to enroll students at risk of dropping out of school or at risk of low achievement.

(2) High schools and school districts may use PASS program award funds for any programs or activities that support the development of a dropout prevention, intervention, and reengagement system as described in RCW 28A.175.074, offered directly by the school or school district or under contract with education agencies or community-based organizations, including but not limited to educational service districts, workforce development councils, and boys and girls clubs. Such programs or activities may include but are not limited to the following:

(a) Strategies to close the achievement gap for disadvantaged students and minority students;
(b) Use of graduation coaches as defined in section 6 of this act;
(c) Opportunity internship activities under RCW 28C.18.164;
(d) Dropout reengagement programs provided by community-based organizations or community and technical colleges;
(e) Comprehensive guidance and planning programs as defined under RCW 28A.600.045, including but not limited to the navigation 101 program;
(f) Reduced class sizes, extended school day, extended school year, and tutoring programs for students identified as at risk of dropping out of school, including instruction to assist these students in meeting graduation requirements in mathematics and science;
(g) Outreach and counseling targeted to students identified as at risk of dropping out of school, or who have dropped out of school, to encourage them to consider learning alternatives such as preapprenticeship programs, skill centers, running start, technical high schools, and other options for completing a high school diploma;
(h) Preapprenticeship programs or running start for the trades initiatives under RCW 49.04.190;
(i) Mentoring programs for students;
(j) Development and use of dropout early warning data systems;
(k) Counseling, resource and referral services, and intervention programs to address social, behavioral, and health factors associated with dropping out of school;
(l) Implementing programs for in-school suspension or other strategies to avoid excluding middle and high school students from the school whenever possible;
(m) Parent engagement activities such as home visits and off-campus parent support group meetings related to dropout prevention and reengagement; and
(n) Early learning programs for prekindergarten students.

(3) High schools and school districts are encouraged to implement dropout prevention and reengagement strategies in a comprehensive and systematic manner, using strategic planning, school improvement plans, evaluation and feedback, and response to intervention tools.

NEW SECTION. Sec. 6. A new section is added to chapter 28A.175 RCW to read as follows:

For the purposes of section 5 of this act, a "graduation coach" means a staff person, working in consultation with counselors, who is assigned to identify and provide intervention services to students who have dropped out or are at risk of dropping out of school or of not graduating on time through the following activities:

1. Monitoring and advising on individual student progress toward graduation;
2. Providing student support services and case management;
3. Motivating students to focus on a graduation plan;
4. Encouraging parent and community involvement;
5. Connecting parents and students with appropriate school and community resources;
6. Securing supplemental academic services for students;
7. Implementing schoolwide dropout prevention programs and interventions; and
8. Analyzing data to identify at-risk students.

NEW SECTION. Sec. 7. A new section is added to chapter 28A.175 RCW to read as follows:

The high school completion account is created in the custody of the state treasurer. Revenues to the account shall consist of appropriations made by the legislature, federal funds, gifts or grants from the private sector or foundations, and other sources deposited in the account. Expenditures from the account may be used only for proven dropout prevention and intervention programs identified under section 3 of this act and to make PASS program awards under section 5 of this act. Only the superintendent of public instruction or the superintendent's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

NEW SECTION. Sec. 8. A new section is added to chapter 28A.175 RCW to read as follows:

The office of the superintendent of public instruction must regularly inform high schools and school districts about the opportunities under section 3 of this act to receive funding to implement programs that have been proven to reduce dropout rates and increase graduation rates, as well as the opportunities under section 5 of this act for high schools to receive a financial incentive for success. Within available funds, the office shall develop systemic, ongoing strategies for identifying and disseminating successful dropout prevention and reengagement programs and strategies and for incorporating dropout prevention and reengagement into high school and school district strategic planning and improvement. The office may offer support and assistance to schools and districts through regional networks. The office shall make every effort to keep dropout prevention and reduction of the dropout rate a top priority for school directors, administrators, and teachers.

Sec. 9. RCW 28A.175.035 and 2007 c 408 s 3 are each amended to read as follows:

1. The office of the superintendent of public instruction shall:
   a. Identify criteria for grants and evaluate proposals for funding in consultation with the workforce training and education coordinating board;
   b. Develop and monitor requirements for grant recipients to:
      i. Identify students who both fail the Washington assessment of student learning and drop out of school;
      ii. Identify their own strengths and gaps in services provided to youth;
   c. Set their own local goals for program outcomes;
   d. Use research-based and emerging best practices that lead to positive outcomes in implementing the building bridges program; and
   e. Coordinate an outreach campaign to bring public and private organizations together and to provide information about the building bridges program to the local community;
   f. In setting the requirements under (b) of this subsection, encourage creativity and provide for flexibility in implementing the local building bridges program;
   g. Identify and disseminate successful practices;
1528 JOURNAL OF THE HOUSE

(e) Develop requirements for grant recipients to collect and report data, including, but not limited to:
   (i) The number of and demographics of students served including, but not limited to, information regarding a student's race and ethnicity, a student's household income, a student's housing status, whether a student is a foster youth or youth involved in the juvenile justice system, whether a student is disabled, and the primary language spoken at a student's home;
   (ii) Washington assessment of student learning scores;
   (iii) Dropout rates;
   (iv) On-time graduation rates;
   (v) Extended graduation rates;
   (vi) Credentials obtained;

   (viii) Truancy rates; and
   (ix) Credit retrieval;
   (f) Contract with a third party to evaluate the infrastructure and implementation of the partnership including the leveraging of outside resources that relate to the goal of the partnership. The third-party contractor shall also evaluate the performance and effectiveness of the partnerships relative to the type of entity, as identified in RCW 28A.175.045, serving as the lead agency for the partnership; and
   (g) Report to the legislature by December 1, 2008.

(2) In performing its duties under this section, the office of the superintendent of public instruction is encouraged to consult with the work group identified in RCW 28A.175.075.

(3) In selecting recipients for grant funds appropriated under section 3 of this act, the office of the superintendent of public instruction shall use a streamlined and expedited application and review process for those programs that have already proven to be successful in dropout prevention.

NEW SECTION. Sec. 10. A new section is added to chapter 28A.300 RCW to read as follows:

(1)(a) The superintendent of public instruction shall adopt rules establishing a standard definition of student absence from school. In adopting the definition, the superintendent shall review current practices in Washington school districts, definitions used in other states, and any national standards or definitions used by the national center for education statistics or other national groups. The superintendent shall also consult with the building bridges work group established under RCW 28A.175.075.

(b) Using the definition of student absence adopted under this section, the superintendent shall establish an indicator for measuring student attendance in high schools for purposes of the PASS program under section 2 of this act.

(2)(a) The K-12 data governance group under RCW 28A.300.507 shall establish the parameters and an implementation schedule for statewide collection through the comprehensive education and data research system of: (i) Student attendance data using the definitions of student absence adopted under this section; and (ii) student discipline data with a focus on suspensions and expulsions from school.

(b) At a minimum, school districts must collect and submit student attendance data and student discipline data for high school students through the comprehensive education and data research system for purposes of the PASS program under section 2 of this act beginning in the 2012-13 school year.

NEW SECTION. Sec. 11. If specific funding for the purposes of this act, authorizing this act by bill or chapter number, is not provided by June 30, 2011, in the omnibus appropriations act, this act is null and void."

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1599, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 21, 2011

Mr. Speaker:

The Senate receded from its amendment to ENGROSSED SUBSTITUTE HOUSE BILL NO. 1725. Under suspension of the rules, the bill was returned to second reading for purpose of amendment. The Senate adopted the following amendment and passed the bill as amended by the Senate:

Strike everything after the enacting clause and insert the following:

Sec. 12. RCW 51.04.030 and 2004 c 65 s 1 are each amended to read as follows:

(1) The director shall supervise the providing of prompt and efficient care and treatment, including care provided by physician assistants governed by the provisions of chapters 18.57A and 18.71A RCW, acting under a supervising physician, including chiropractic
care, and including care provided by licensed advanced registered nurse practitioners, to workers injured during the course of their employment at the least cost consistent with promptness and efficiency, without discrimination or favoritism, and with as great uniformity as the various and diverse surrounding circumstances and locations of industries will permit and to that end shall, from time to time, establish and adopt and supervise the administration of printed forms, rules, regulations, and practices for the furnishing of such care and treatment: PROVIDED, That the medical coverage decisions of the department do not constitute a "rule" as used in RCW 34.05.010(16), nor are such decisions subject to the rule-making provisions of chapter 34.05 RCW except that criteria for establishing medical coverage decisions shall be adopted by rule after consultation with the workers' compensation advisory committee established in RCW 51.04.110: PROVIDED FURTHER, That the department may recommend to an injured worker particular health care services and providers where specialized treatment is indicated or where cost effective payment levels or rates are obtained by the department: AND PROVIDED FURTHER, That the department may enter into contracts for goods and services including, but not limited to, durable medical equipment so long as statewide access to quality service is maintained for injured workers.

(2) The director shall, in consultation with interested persons, establish and, in his or her discretion, periodically change as may be necessary, and make available a fee schedule of the maximum charges to be made by any physician, surgeon, chiropractor, hospital, druggist, licensed advanced registered nurse practitioner, physicians' assistants as defined in chapters 18.57A and 18.71A RCW, acting under a supervising physician or other agency or person rendering services to injured workers. The department shall coordinate with other state purchasers of health care services to establish as much consistency and uniformity in billing and coding practices as possible, taking into account the unique requirements and differences between programs. No service covered under this title, including services provided to injured workers, whether aliens or other injured workers, who are not residing in the United States at the time of receiving the services, shall be charged or paid at a rate or rates exceeding those specified in such fee schedule, and no contract providing for greater fees shall be valid as to the excess. The establishment of such a schedule, exclusive of conversion factors, does not constitute "agency action" as used in RCW 34.05.010(3), nor does such a fee schedule and its associated billing or payment instructions and policies constitute a "rule" as used in RCW 34.05.010(16).

(3) The director or self-insurer, as the case may be, shall make a record of the commencement of every disability and the termination thereof and, when bills are rendered for the care and treatment of injured workers, shall approve and pay those which conform to the adopted rules, regulations, established fee schedules, and practices of the director and may reject any bill or item thereof incurred in violation of the principles laid down in this section or the rules, regulations, or the established fee schedules and rules and regulations adopted under it.

Sec. 13. RCW 51.04.082 and 1986 c 9 s 2 are each amended to read as follows:

Any notice or order required by this title to be mailed to any employer may be served in the manner prescribed by law for personal service of summons and complaint in the commencement of actions in the superior courts of the state, but if the notice or order is mailed, it shall be addressed to the address of the employer as shown by the records of the department, or, if no such address is shown, to such address as the department is able to ascertain by reasonable effort. If requested by the employer, any notice or order may be sent by secure electronic means except orders communicating the closure of a claim. Correspondence and notices sent electronically are considered received on the date sent by the department. Failure of the employer to receive such notice or order whether served or mailed shall not release the employer from any tax or any increases or penalties thereon.

NEW SECTION. Sec. 3. A new section is added to chapter 51.18 RCW to read as follows:

Payment by an employer for direct primary care services as defined in RCW 48.150.010 when used for medical services on an allowed industrial injury or occupational disease claim does not disqualify: (1) the employer from participating in a retrospective rating plan; (2) any related group sponsor from promoting a retrospective rating plan; or (3) any related plan administrator from administering a retrospective rating plan, provided the employer or group sponsor or plan administrator provides any medical cost or payment information that may be required by the department. Prior to the first retrospective rating adjustment for the plan year beginning January 1, 2012, the department shall determine the information needed and any changes to the retrospective rating premium and claim cost calculations to maintain appropriate and equitable retrospective rating refunds when employers pay for direct primary care services. These changes shall apply beginning with the January 1, 2012 plan year.

The department may adopt rules to implement this section.

Sec. 4. RCW 51.24.060 and 2001 c 146 s 9 are each amended to read as follows:

(1) If the injured worker or beneficiary elects to seek damages from the third person, any recovery made shall be distributed as follows:

(a) The costs and reasonable attorneys' fees shall be paid proportionately by the injured worker or beneficiary and the department and/or self-insurer: PROVIDED, That the department and/or self-insurer may require court approval of costs and attorneys' fees or may petition a court for determination of the reasonableness of costs and attorneys' fees;

(b) The injured worker or beneficiary shall be paid twenty-five percent of the balance of the award: PROVIDED, That in the event of a compromise and settlement by the parties, the injured worker or beneficiary may agree to a sum less than twenty-five percent;

(c) The department and/or self-insurer shall be paid the balance of the recovery made, but only to the extent necessary to reimburse the department and/or self-insurer for benefits paid;

(i) The department and/or self-insurer shall bear its proportionate share of the costs and reasonable attorneys' fees incurred by the worker or beneficiary to the extent of the benefits paid under this title: PROVIDED, That the department's and/or self-insurer's proportionate share shall not exceed one hundred percent of the costs and reasonable attorneys' fees;

(ii) The department's and/or self-insurer's proportionate share of the costs and reasonable attorneys' fees shall be determined by dividing the gross recovery amount into the benefits paid amount and multiplying this percentage times the costs and reasonable attorneys' fees incurred by the worker or beneficiary;

(iii) The department's and/or self-insurer's reimbursement share shall be determined by subtracting their proportionate share of the costs and reasonable attorneys' fees from the benefits paid amount;

(d) Any remaining balance shall be paid to the injured worker or beneficiary; and

(e) Thereafter no payment shall be made to or on behalf of a worker or beneficiary by the department and/or self-insurer for such injury until the amount of any further compensation and benefits shall equal any such remaining balance minus the department's and/or self-insurer's proportionate share of the costs and reasonable attorneys' fees in regards to the remaining balance. This proportionate share shall be determined by dividing the gross recovery amount into the remaining balance amount and multiplying this percentage times the costs and reasonable attorneys' fees incurred by the worker or beneficiary. Thereafter, such benefits shall be paid by the department
and/or self-insurer to or on behalf of the worker or beneficiary as though no recovery had been made from a third person.

(2) The recovery made shall be subject to a lien by the department and/or self-insurer for its share under this section.

(3) The department or self-insurer has sole discretion to compromise the amount of its lien. In deciding whether or to what extent to compromise its lien, the department or self-insurer shall consider at least the following:

(a) The likelihood of collection of the award or settlement as may be affected by insurance coverage, solvency, or other factors relating to the third person;

(b) Factual and legal issues of liability as between the injured worker or beneficiary and the third person. Such issues include but are not limited to possible contributory negligence and novel theories of liability; and

(c) Problems of proof faced in obtaining the award or settlement.

(4) In an action under this section, the self-insurer may act on behalf and for the benefit of the department to the extent of any compensation and benefits paid or payable from state funds.

(5) It shall be the duty of the person to whom any recovery is paid before distribution under this section to advise the department or self-insurer of the fact and amount of such recovery, the costs and reasonable attorneys' fees associated with the recovery, and to distribute the recovery in compliance with this section.

(6) The distribution of any recovery made by award or settlement of the third party action shall be confirmed by department order, served by ((registered or certified mail)) a method for which receipt can be confirmed or tracked, and shall be subject to chapter 51.52 RCW. In the event the order of distribution becomes final under chapter 51.52 RCW, the director or the director's designee may file with the clerk of any county within the state a warrant in the amount of the sum representing the unpaid lien plus interest accruing from the date the order became final. The clerk of the county in which the warrant is filed shall immediately designate a superior court cause number for such warrant and the clerk shall cause to be entered in the judgment docket under the superior court cause number assigned to the warrant, the name of such worker or beneficiary mentioned in the warrant, the amount of the unpaid lien plus interest accrued and the date when the warrant was filed. The amount of such warrant as docketed shall become a lien upon the title to and interest in all real and personal property of the injured worker or beneficiary against whom the warrant is issued, the same as a judgment in a civil case docketed in the office of such clerk. The sheriff shall then proceed in the same manner and with like effect as prescribed by law with respect to execution or other process issued against rights or property upon judgment in the superior court. Such warrant so docketed shall be sufficient to support the issuance of writs of garnishment in favor of the department in the manner provided by law in the case of judgment, wholly or partially unsatisfied. The clerk of the court shall be entitled to a filing fee under RCW 36.18.012(10), which shall be added to the amount of the warrant. A copy of such warrant shall be mailed to the injured worker or beneficiary within three days of filing with the clerk.

(7) The director, or the director's designee, may issue to any person, firm, corporation, municipal corporation, political subdivision of the state, public corporation, or agency of the state, a notice and order to withhold and deliver property of any kind if he or she has reason to believe that there is in the possession of such person, firm, corporation, municipal corporation, political subdivision of the state, public corporation, or agency of the state, property which is due, owing, or belonging to any worker or beneficiary upon whom a warrant has been served by the department for payments due to the state fund. The notice and order to withhold and deliver shall be served by the sheriff of the county or by the sheriff's deputy; by ((certified mail, return receipt requested)) a method for which receipt can be confirmed or tracked; or by any authorized representatives of the director. Any person, firm, corporation, municipal corporation, political subdivision of the state, public corporation, or agency of the state upon whom service has been made shall answer the notice within twenty days exclusive of the day of service, under oath and in writing, and shall make true answers to the matters inquired of in the notice and order to withhold and deliver. In the event there is in the possession of the party named and served with such notice and order, any property which may be subject to the claim of the department, such property shall be delivered forthwith to the director or the director's authorized representative upon demand. If the party served and named in the notice and order fails to answer the notice and order within the time prescribed in this section, the court may, after the time to answer such order has expired, render judgment by default against the party named in the notice for the full amount claimed by the director in the notice together with costs. In the event that a notice to withhold and deliver is served upon an employer and the property found to be subject thereto is wages, the employer may assert in the answer to all exemptions provided for by chapter 6.27 RCW to which the wage earner may be entitled.

NEW SECTION. Sec. 5. A new section is added to Chapter 51.36 RCW to read as follows:

The department shall report to the appropriate committees of the legislature by December 1, 2011 on statutory changes needed to ensure an injured worker may receive care from a health care provider who furnishes primary care services through a direct agreement in compliance with chapter 48.150 RCW and that the injured worker is not paying directly for medical services related to their industrial injury or occupational disease. The report shall provide a timeline for rule development with a goal to have necessary changes in place by July 1, 2013, and include the data required from direct care providers necessary to establish premium rates, experience modification factors, and retrospective rating adjustments; medical cost or payment information that may be required from retrospective rating participants; any requirements specific to direct primary care providers in order for them to participate in the statewide medical provider network and to ensure the department has information to efficiently manage worker claims; and any other issues or barriers to participation of direct primary care providers in the workers’ compensation system.

Sec. 6. RCW 51.32.240 and 2008 c 280 s 2 are each amended to read as follows:

(1)(a) Whenever any payment of benefits under this title is made because of clerical error, mistake of identity, innocent misrepresentation by or on behalf of the recipient thereof mistakenly acted upon, or any other circumstance of a similar nature, all not induced by willful misrepresentation, the recipient thereof shall repay it and recoupment may be made from any future payments due to the recipient on any claim with the state fund or self-insurer, as the case may be. The department or self-insurer, as the case may be, must make claim for such repayment or recoupment within one year of the making of any such payment or it will be deemed any claim therefor has been waived.

(b) Except as provided in subsections (3), (4), and (5) of this section, the department may only assess an overpayment of benefits because of adjudicator error when the order upon which the overpayment is based is not yet final as provided in RCW 51.52.050 and 51.52.060. "Adjudicator error" includes the failure to consider information in the claim file, failure to secure adequate information, or an error in judgment.

(c) The director, pursuant to rules adopted in accordance with the procedures provided in the administrative procedure act, chapter 34.05 RCW, may exercise his or her discretion to waive, in whole or in part, the amount of any such timely claim where the recovery would be against equity and good conscience.
(2) Whenever the department or self-insurer fails to pay benefits because of clerical error, mistake of identity, or innocent misrepresentation, all not induced by recipient willful misrepresentation, the recipient may request an adjustment of benefits to be paid from the state fund or by the self-insurer, as the case may be, subject to the following:

(a) The recipient must request an adjustment in benefits within one year from the date of the incorrect payment or it will be deemed any claim therefore has been waived.

(b) The recipient may not seek an adjustment of benefits because of adjudicator error. Adjustments due to adjudicator error are addressed by the filing of a written request for reconsideration with the department of labor and industries or an appeal with the board of industrial insurance appeals within sixty days from the date the order is communicated as provided in RCW 51.52.050. "Adjudicator error" includes the failure to consider information in the claim file, failure to secure adequate information, or an error in judgment.

(3) Whenever the department issues an order rejecting a claim for benefits paid pursuant to RCW 51.32.190 or 51.32.210, after payment for temporary disability benefits has been paid by a self-insurer pursuant to RCW 51.32.190(3) or by the department pursuant to RCW 51.32.210, the recipient thereof shall repay such benefits and recoupment may be made from any future payments due to the recipient on any claim with the state fund or self-insurer, as the case may be. The director, under rules adopted in accordance with the procedures provided in the administrative procedure act, chapter 34.05 RCW, may exercise discretion to waive, in whole or in part, the amount of any such payments where the recovery would be against equity and good conscience.

(4) Whenever any payment of benefits under this title has been made pursuant to an adjudication by the department or by order of the board or any court and timely appeal therefrom has been made where the final decision is that any such payment was made pursuant to an erroneous adjudication, the recipient thereof shall repay it and recoupment may be made from any future payments due to the recipient on any claim whether state fund or self-insurer.

(a) The director, pursuant to rules adopted in accordance with the procedures provided in the administrative procedure act, chapter 34.05 RCW, may exercise discretion to waive, in whole or in part, the amount of any such payments where the recovery would be against equity and good conscience. However, if the director waives in whole or in part any such payments due a self-insurer, the self-insurer shall be reimbursed the amount waived from the self-insured employer overpayment reimbursement fund.

(b) The department shall collect information regarding self-insured claim overpayments resulting from final decisions of the board and the courts, and recoup such overpayments on behalf of the self-insurer from any open, new, or reopened state fund or self-insured claims. The department shall forward the amounts collected to the self-insurer to whom the payment is owed. The department may provide information as needed to any self-insurers from whom payments may be collected on behalf of the department or another self-insurer. Notwithstanding RCW 51.32.040, any self-insurer requested by the department to forward payments to the department pursuant to this subsection shall pay the department directly. The department shall credit the amounts recovered to the appropriate fund, or forward amounts collected to the appropriate self-insurer, as the case may be.

(c) If a self-insurer is not fully reimbursed within twenty-four months of the first attempt at recovery through the collection process pursuant to this subsection and by means of processes pursuant to subsection (6) of this section, the self-insurer shall be reimbursed for the remainder of the amount due from the self-insured employer overpayment reimbursement fund.

(d) For purposes of this subsection, "recipient" does not include health service providers whose treatment or services were authorized by the department or self-insurer.

(e) The department or self-insurer shall first attempt recovery of overpayments for health services from any entity that provided health insurance to the worker to the extent that the health insurance entity would have provided health insurance benefits but for workers' compensation coverage.

(5)(a) Whenever any payment of benefits under this title has been induced by willful misrepresentation the recipient thereof shall repay any such payment together with a penalty of fifty percent of the total of any such payments and the amount of such total sum may be recouped from any future payments due to the recipient on any claim with the state fund or self-insurer against whom the willful misrepresentation was committed, as the case may be, and the amount of such penalty shall be placed in the supplemental pension fund. Such repayment or recoupment must be demanded or ordered within three years of the discovery of the willful misrepresentation.

(b) For purposes of this subsection (5), it is willful misrepresentation for a person to obtain payments or other benefits under this title in an amount greater than that to which the person otherwise would be entitled. Willful misrepresentation includes:

(i) Willful false statement; or

(ii) Willful misrepresentation, omission, or concealment of any material fact.

(c) For purposes of this subsection (5), "willful" means a conscious or deliberate false statement, misrepresentation, omission, or concealment of a material fact with the specific intent of obtaining, continuing, or increasing benefits under this title.

(d) For purposes of this subsection (5), failure to disclose a work-type activity must be willful in order for a misrepresentation to have occurred.

(e) For purposes of this subsection (5), a material fact is one which would result in additional, increased, or continued benefits, including but not limited to facts about physical restrictions, or work-type activities which either result in wages or income or would be reasonably expected to do so. Wages or income include the receipt of any goods or services. For a work-type activity to be reasonably expected to result in wages or income, a pattern of repeated activity must exist. For those activities that would reasonably be expected to result in wages or produce income, but for which actual wage or income information cannot be reasonably determined, the department shall impute wages pursuant to RCW 51.08.178(4).

(6) The worker, beneficiary, or other person affected thereby shall have the right to contest an order assessing an overpayment pursuant to this section in the same manner and to the same extent as provided under RCW 51.52.050 and 51.52.060. In the event such an order becomes final under chapter 51.52 RCW and notwithstanding the provisions of subsections (1) through (5) of this section, the director, director's designee, or self-insurer may file with the clerk in any county within the state a warrant in the amount of the sum representing the unpaid overpayment and/or penalty plus interest accruing from the date the order became final. The clerk of the county in which the warrant is filed shall immediately designate a superior court cause number for such warrant and the clerk shall cause to be entered in the judgment docket under the superior court cause number assigned to the warrant, the name of the worker, beneficiary, or other person mentioned in the warrant, the amount of the unpaid overpayment and/or penalty plus interest accrued, and the date the warrant was filed. The amount of the warrant as docketed shall become a lien upon the title to and interest in all real and personal property of the worker, beneficiary, or other person against whom the warrant is issued, the same as a judgment in a civil case docketed in the office of such clerk. The sheriff shall then proceed in the same manner and with like effect as prescribed by law with respect to execution or other process issued against rights or property.
upon judgment in the superior court. Such warrant so docketed shall be sufficient to support the issuance of writs of garnishment in favor of the department or self-insurer in the manner provided by law in the case of judgment, wholly or partially unsatisfied. The clerk of the court shall be entitled to a filing fee under RCW 36.18.012(10), which shall be added to the amount of the warrant. A copy of such warrant shall be mailed to the worker, beneficiary, or other person within three days of filing with the clerk.

The director, director's designee, or self-insurer may issue to any person, firm, corporation, municipal corporation, political subdivision of the state, public corporation, or agency of the state, a notice to withhold and deliver property of any kind if there is reason to believe that there is in the possession of such person, firm, corporation, municipal corporation, political subdivision of the state, public corporation, or agency of the state, property that is due, owing, or belonging to any worker, beneficiary, or other person upon whom a warrant has been served for payments due the department or self-insurer. The notice and order to withhold and deliver shall be served (certified mail) a method for which receipt can be confirmed or tracked accompanied by an affidavit of service by mailing or served by the sheriff of the county, or by the sheriff's deputy, or by any authorized representative of the director, director's designee, or self-insurer. Any person, firm, corporation, municipal corporation, political subdivision of the state, public corporation, or agency of the state upon whom service has been made shall answer the notice within twenty days exclusive of the day of service, under oath and in writing, and shall make true answers to the matters inquired or in the notice and order to withhold and deliver. In the event there is in the possession of the party named and served with such notice and order, any property that may be subject to the claim of the department or self-insurer, such property shall be delivered forthwith to the director, the director's authorized representative, or self-insurer upon demand. If the party served and named in the notice and order fails to answer the notice and order within the time prescribed in this section, the court may, after the time to answer such order has expired, render judgment by default against the party named in the notice for the full amount, plus costs, claimed by the director, director's designee, or self-insurer in the notice. In the event that a notice to withhold and deliver is served upon an employer and the property found to be subject thereto is wages, the employer may assert in the answer all exemptions provided for by chapter 6.27 RCW to which the wage earner may be entitled.

This subsection shall only apply to orders assessing an overpayment which are issued on or after July 28, 1991: PROVIDED, That this subsection shall apply retroactively to all orders assessing an overpayment resulting from fraud, civil or criminal.

(7) Orders assessing an overpayment which are issued on or after July 28, 1991, shall include a conspicuous notice of the collection methods available to the department or self-insurer.

Sec. 7. RCW 51.48.120 and 1995 c 160 s 5 are each amended to read as follows:

If any employer should default in any payment due to the state fund the director or the director's designee may issue a notice of assessment certifying the amount due, which notice shall be served upon the employer by mailing such notice to the employer by (certified mail) a method for which receipt can be confirmed or tracked to the employer's last known address or served in the manner prescribed for the service of a summons in a civil action. Such notice shall contain the information that an appeal must be filed with the board of industrial insurance appeals and the director by mail or personally within thirty days of the date of service of the notice of assessment in order to appeal the assessment unless a written request for reconsideration is filed with the department of labor and industries.

Sec. 8. RCW 51.48.150 and 1995 c 160 s 6 are each amended to read as follows:

The director or the director's designee is hereby authorized to issue to any person, firm, corporation, municipal corporation, political subdivision of the state, a public corporation, or any agency of the state, a notice and order to withhold and deliver property of any kind whatsoever when he or she has reason to believe that there is in the possession of such person, firm, corporation, municipal corporation, political subdivision of the state, public corporation, or any agency of the state, property which is or shall become due, owing, or belonging to any employer upon whom a notice of assessment has been served by the department for payments due to the state fund. The effect of a notice and order to withhold and deliver shall be continuous from the date such notice and order to withhold and deliver is first made until the liability out of which such notice and order to withhold and deliver arose is satisfied or becomes unenforceable because of lapse of time. The department shall release the notice and order to withhold and deliver when the liability out of which the notice and order to withhold and deliver arose is satisfied or becomes unenforceable by reason of lapse of time and shall notify the person against whom the notice and order to withhold and deliver was made that such notice and order to withhold and deliver has been released.

The notice and order to withhold and deliver shall be served by the sheriff of the county or by the sheriff's deputy, by any duly authorized representatives of the director. Any person, firm, corporation, municipal corporation, political subdivision of the state, public corporation or any agency of the state upon whom service has been made is hereby required to answer the notice within twenty days exclusive of the day of service, under oath and in writing, and shall make true answers to the matters inquired of in the notice and order to withhold and deliver. In the event there is in the possession of the party named and served with a notice and order to withhold and deliver, any property which may be subject to the claim of the department, such property shall be delivered forthwith to the director or the director's duly authorized representative upon service of the notice to withhold and deliver which will be held in trust by the director for application on the employer's indebtedness to the department, or for return without interest, in accordance with a final determination of a petition for review, or in the alternative such party shall furnish a good and sufficient surety bond satisfactory to the director conditioned upon final determination of liability. Should any party served and named in the notice to withhold and deliver fail to make answer to such notice and order to withhold and deliver, within the time prescribed herein, it shall be lawful for the court, after the time to answer such order has expired, to render judgment by default against the party named in the notice to withhold and deliver for the full amount claimed by the director in the notice to withhold and deliver together with costs. In the event that a notice to withhold and deliver is served upon an employer and the property found to be subject thereto is wages, then the employer shall be entitled to assert in the answer to all exemptions provided for by chapter 6.27 RCW to which the wage earner may be entitled.

Sec. 9. RCW 51.52.050 and 2008 c 280 s 1 are each amended to read as follows:

(1) Whenever the department has made any order, decision, or award, it shall promptly serve the worker, beneficiary, employer, or other person affected thereby, with a copy thereof by mail, (which shall be addressed to such person at his or her last known address as shown by the records of the department) or if the worker, beneficiary, employer, or other person affected thereby chooses, the department may send correspondence and other legal notices by secure electronic means except for orders communicating the closure of a claim. Persons who choose to receive correspondence and other legal notices electronically shall be provided information to assist
them in ensuring all electronic documents and communications are received. Correspondence and notices must be addressed to such a person at his or her last known postal or electronic address as shown by the records of the department. Correspondence and notices sent electronically are considered received on the date sent by the department. The copy, in case the same is a final order, decision, or award, shall bear on the same side of the same page on which is found the amount of the award, a statement, set in black faced type of at least ten point body or size, that such final order, decision, or award shall become final within sixty days from the date the order is communicated to the parties unless a written request for reconsideration is filed with the department of labor and industries, Olympia, or an appeal is filed with the board of industrial insurance appeals, Olympia. However, a department order or decision making demand, whether with or without penalty, for repayment of sums paid to a provider of medical, dental, vocational, or other health services rendered to an industrially injured worker, shall state that such order or decision shall become final within twenty days from the date the order or decision is communicated to the parties unless a written request for reconsideration is filed with the department of labor and industries, Olympia, or an appeal is filed with the board of industrial insurance appeals, Olympia.

(2) (a) Whenever the department has taken any action or made any decision relating to any phase of the administration of this title the worker, beneficiary, employer, or other person aggrieved thereby may request reconsideration of the department, or may appeal to the board. In an appeal before the board, the appellant shall have the burden of proceeding with the evidence to establish a prima facie case for the relief sought in such appeal.

(b) An order by the department awarding benefits shall become effective and benefits due on the date issued. Subject to (b)(i) and (ii) of this subsection, if the department order is appealed the order shall not be stayed pending a final decision on the merits unless ordered by the board. Upon issuance of the order granting the appeal, the board will provide the worker with notice concerning the potential of an overpayment of benefits paid pending the outcome of the appeal and the requirements for interest on unpaid benefits pursuant to RCW 51.52.135. A worker may request that benefits cease pending appeal at any time following the employer's motion for stay or the board's order granting appeal. The request must be submitted in writing to the employer, the board, and the department. Any employer may move for a stay of the order on appeal, in whole or in part. The motion must be filed within fifteen days of the order granting appeal. The board shall conduct an expedited review of the claim file provided by the department as it existed on the date of the department order. The board shall issue a final decision within twenty-five days of the filing of the motion for stay or the order granting appeal, whichever is later. The board's final decision may be appealed to superior court in accordance with RCW 51.52.110. The board shall grant a motion to stay if the moving party demonstrates that it is more likely than not to prevail on the facts as they existed at the time of the order on appeal. The board shall not consider the likelihood of recoupment of benefits as a basis to grant or deny a motion to stay. If a self-insured employer prevails on the merits, any benefits paid may be recouped pursuant to RCW 51.52.240.

(i) If upon reconsideration requested by a worker or medical provider, the department has ordered an increase in a permanent partial disability award from the amount reflected in an earlier order, the award reflected in the earlier order shall not be stayed pending a final decision on the merits. However, the increase is stayed without further action by the board pending a final decision on the merits.

(ii) If any party appeals an order establishing a worker's wages or the compensation rate at which a worker will be paid temporary or permanent total disability or loss of earning power benefits, the worker shall receive payment pending a final decision on the merits based on the following:

(A) When the employer is self-insured, the wage calculation or compensation rate the employer most recently submitted to the department; or

(B) When the employer is insured through the state fund, the highest wage amount or compensation rate uncontested by the parties.

Payment of benefits or consideration of wages at a rate that is higher than that specified in (b)(ii)(A) or (B) of this subsection is stayed without further action by the board pending a final decision on the merits.

(c) In an appeal from an order of the department that alleges willful misrepresentation, the department or self-insured employer shall initially introduce all evidence in its case in chief. Any such person aggrieved by the decision and order of the board may thereafter appeal to the superior court, as prescribed in this chapter."

and the same is herewith transmitted.

CONFERENCE COMMITTEE REPORT

April 20, 2011
Engrossed Substitute Senate Bill No. 5457

Includes “New Item”: YES

Mr. Speaker:

We of your Conference Committee, to whom was referred ENGROSSED SUBSTITUTE SENATE BILL NO. 5457, providing a congestion reduction charge to fund the operational and capital needs of transit agencies, have had the same under consideration and we recommend that:

All previous amendments not be adopted and that the attached striking amendment be adopted.

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature recognizes that public transportation provides many benefits to the citizens of the state and the environment, including through public transportation's ability to alleviate congestion and offset the burdens placed by general vehicular traffic on the state's transportation infrastructure. In these challenging economic times, many transit agencies find themselves struggling to continue to provide a level of service that reduces congestion.

The legislature further recognizes that King county conducted a regional transit task force in 2010 that considered a policy framework for the potential future growth and, if necessary, contraction of King county's transit system. The task force members were selected to represent a broad diversity of interests and perspectives. The task force recommendations, which were unanimously accepted, addressed key elements, such as the adoption of performance measures, controlling operating costs, developing policy guidance for making service reductions, and clear and transparent guidelines for service allocation. As a result of the work done by the task force and King county's commitment to comply with the recommendations, it is the intent of the legislature that King county be provided the opportunity to impose a temporary congestion reduction charge, which is separate and distinct from the base motor vehicle license fee, that can help address its revenue shortfalls during this economic crisis and allow it to continue reducing congestion and the corresponding burdens placed on the highway system on some of the state's most crowded corridors.

The legislature recognizes that the title of Initiative Measure No. 1053 states that it applies only to tax and fee increases imposed by state government, and that the text of the initiative requires a two-thirds majority only for tax increases. The legislature further recognizes that Initiative Measure No. 1053 does not apply to local government. Despite these facts, this act requires a two-thirds majority of the metropolitan King county council in order to implement a local option fee, in the form of a congestion reduction charge, to help fund King county metro transit service. Faced with the potential loss of hundreds of thousands of hours of vital transit service, it is the intent of the legislature to provide King county with this temporary local option funding mechanism. It is further the intent of the legislature not to expand the parameters of Initiative Measure No. 1053 beyond what the voters intended and thus interfere with local control or limit the ability of local governments to provide services to the people of Washington.

NEW SECTION. Sec. 2. A new section is added to chapter 36.56 RCW to read as follows:

1. The legislature recognizes that public transportation provides many benefits to the citizens of the state and the environment, including through public transportation's ability to alleviate congestion and offset the burdens placed by general vehicular traffic on the state's transportation infrastructure. In these challenging economic times, many transit agencies find themselves struggling to continue to provide a level of service that reduces congestion.

2. The governing body of a county that has assumed the rights, powers, functions, and obligations of a metropolitan municipal corporation under chapter 36.56 RCW and is operating a public transportation system shall contract with the department of licensing to register in the boundaries of the county for each vehicle subject to the vehicle license fees under RCW 46.17.350(1) (a), (c), (d), (e), (g), (h), (j), (n), (o), (p), and (q) and for each vehicle subject to gross weight license fees under RCW 46.17.355 with an unladen weight of six thousand pounds or less.

3. The governing body of a county that has assumed the rights, powers, functions, and obligations of a metropolitan municipal corporation under chapter 36.56 RCW and is operating a public transportation system may not impose a congestion reduction charge, to help fund King county metro transit service. Faced with the potential loss of hundreds of thousands of hours of vital transit service, it is the intent of the legislature to provide King county with this temporary local option funding mechanism. It is further the intent of the legislature not to expand the parameters of Initiative Measure No. 1053 beyond what the voters intended and thus interfere with local control or limit the ability of local governments to provide services to the people of Washington.

4. A congestion reduction charge imposed under this section may not be assessed until six months after approval.
(5) A congestion reduction charge imposed under this section applies only for vehicle registration renewals and is effective upon the registration renewal date as provided by the department of licensing.

(6) The following vehicles are exempt from the congestion reduction charge imposed under this section:
   (a) Farm tractors or farm vehicles as defined in RCW 46.04.180 and 46.04.181;
   (b) Off-road vehicles as defined in RCW 46.04.365;
   (c) Nonhighway vehicles as defined in RCW 46.09.310;
   (d) Vehicles registered under chapter 46.87 RCW and the international registration plan; and
   (e) Snowmobiles as defined in RCW 46.04.546.

(7) The authority to impose a congestion reduction charge authorized in subsection (1)(a) of this section expires with vehicle registrations that expire two years after the imposition of the charge or no later than June 30, 2014, whichever comes first.

(8) A congestion reduction charge authorized under subsection (1)(a) of this section may only be imposed after June 30, 2014, if approved by a majority of the voters within a county that has assumed the rights, powers, functions, and obligations of a metropolitan municipal corporation under chapter 36.56 RCW and is operating a public transportation system.

(9) This section expires December 31, 2014.

NEW SECTION. Sec. 3. A new section is added to chapter 46.68 RCW to read as follows:

Whenever the department enters into a contract with the governing body of a county that has assumed the rights, powers, functions, and obligations of a metropolitan municipal corporation under chapter 36.56 RCW and is operating a public transportation system for the collection of congestion reduction charges authorized under section 2 of this act:

(1) The contract must require that the governing body provide any information specified by the department to identify the vehicle owners who owe the congestion reduction charges, and must specify that it is the responsibility of the governing body to ensure that the congestion reduction charges are appropriately applied;

(2) The department is not responsible for the collection of congestion reduction charges until a date agreed to by both parties as specified in the contract;

(3) The department shall deduct a percentage amount as provided in the contract, not to exceed three percent of the charges collected, necessary to reimburse the department for the costs incurred for the collection of the congestion reduction charges; and

(4) The department shall remit remaining proceeds to the custody of the state treasurer. The state treasurer shall distribute the proceeds to the governing body on a monthly basis."

these sections, the assessor ([([shali]) must recomputc and establish a consolidated levy in the following manner:

((i)) (a) The full certified rates of tax levy for state, county, county road district, and city or town purposes ([([shali]) must be extended on the tax rolls in amounts not exceeding the limitations established by law; however any state levy ([([shali]) takes precedence over all other levies and ([([shali]) may not be reduced for any purpose other than that required by RCW 84.55.010. If, as a result of the levies imposed under RCW 36.54.130, 84.34.230, 84.52.069, 84.52.105, the portion of the levy by a metropolitan park district that was protected under RCW 84.52.120, 84.52.125, 84.52.135, and 84.52.140, the combined rate of regular property tax levies that are subject to the one percent limitation exceeds one percent of the true and fair value of any property, then these levies ([([shali]) must be reduced as follows:

((i)) (iv) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the levy imposed by a county under RCW 84.52.135 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or ([([shali]) must be eliminated;

((i)) (vii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the Thirty cents per thousand dollars of assessed value of tax levy imposed under RCW 84.52.069 ([([shali]) must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or ([([shali]) must be eliminated.

CONFERENCE COMMITTEE REPORT
April 20, 2011 Substitute House Bill No. 1793

Includes “New Item”: YES

Mr. Speaker:

We of your Conference Committee, to whom was referred SUBSTITUTE HOUSE BILL NO. 1793, restricting to juvenile records, have had the same under consideration and we recommend that:

All previous amendments not be adopted and that the attached striking amendment be adopted and that the bill due pass as recommended by the conference committee.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:
(1) One of the goals of the juvenile justice system is to rehabilitate juvenile offenders and promote their successful reintegration into society. Without opportunities to reintegrate, juveniles suffer increased recidivism and decreased economic function.
(2) The public has an interest in accessing personal information relating to juvenile records for public safety and research purposes.
(3) The public's legitimate interest in accessing personal information must be balanced with the rehabilitative goals of the juvenile justice system. All benefit when former juvenile offenders, after paying their debt to society, reintegrate and contribute to their local communities as productive citizens.
(4) It is the intent of the legislature to balance the rehabilitative and reintegration needs of an effective juvenile justice system with the public's need to access personal information for public safety and research purposes."
Sec. 2. RCW 19.182.040 and 1993 c 476 s 6 are each amended to read as follows:

(1) Except as authorized under subsection (2) of this section, no consumer reporting agency may make a consumer report containing any of the following items of information:

(a) Bankruptcies that, from date of adjudication of the most recent bankruptcy, antedate the report by more than ten years;
(b) Suits and judgments that, from date of entry, antedate the report by more than seven years or until the governing statute of limitations has expired, whichever is the longer period;
(c) Paid tax liens that, from date of payment, antedate the report by more than seven years;
(d) Accounts placed for collection or charged to profit and loss that antedate the report by more than seven years;
(e) Records of arrest, indictment, or conviction of an adult for a crime that, from date of disposition, release, or parole, antedate the report by more than seven years;
(f) Juvenile records, as defined in RCW 13.50.010(1)(c), when the subject of the records is twenty-one years of age or older at the time of the report; and
(g) Any other adverse item of information that antedates the report by more than seven years.

(2) Subsection (1)(a) through (e) and (g) of this section is not applicable in the case of a consumer report to be used in connection with:

(a) A credit transaction involving, or that may reasonably be expected to involve, a principal amount of fifty thousand dollars or more;

(3) Staff support for the task force must be provided by the senate committee services and the house of representatives office of program research.

(4) The task force shall report its findings and recommendations to the governor and the appropriate committees of the legislature by December 15, 2011.

(5) This section expires January 1, 2012.

Sec. 4. RCW 13.50.050 and 2010 c 150 s 2 are each amended to read as follows:

(1) This section governs records relating to the commission of juvenile offenses, including records relating to diversions.

(2) The official juvenile court file of any alleged or proven juvenile offender shall be open to public inspection, unless sealed pursuant to subsection (12) of this section.

(3) All records other than the official juvenile court file are confidential and may be released only as provided in this section, RCW 13.50.010, 13.40.215, and 4.24.550.

(4) Except as otherwise provided in this section and RCW 13.50.010, records retained or produced by any juvenile justice or care agency may be released to other participants in the juvenile justice or care system only when an investigation or case involving the juvenile in question is being pursued by the other participant or when that other participant is assigned the responsibility for supervising the juvenile.

(5) Except as provided in RCW 4.24.550, information not in an official juvenile court file concerning a juvenile or a juvenile's family may be released to the public only when that information could not reasonably be expected to identify the juvenile or the juvenile's family.

(6) Notwithstanding any other provision of this chapter, the release, to the juvenile or his or her attorney, of law enforcement and prosecuting attorneys' records pertaining to investigation, diversion, and prosecution of juvenile offenses shall be governed by the rules of discovery and other rules of law applicable in adult criminal investigations and prosecutions.

(7) Upon the decision to arrest or the arrest, law enforcement and prosecuting attorneys may cooperate with schools in releasing information to a school pertaining to the investigation, diversion, and prosecution of a juvenile attending the school. Upon the decision to arrest or the arrest, incident reports may be released unless releasing the records would jeopardize the investigation or prosecution or endanger witnesses. If release of incident reports would jeopardize the investigation or prosecution or endanger witnesses, law enforcement and prosecuting attorneys may release information to the maximum extent possible to assist schools in protecting other students, staff, and school property.

(8) The juvenile court and the prosecutor may set up and maintain a central recordkeeping system which may receive information on all alleged juvenile offenders against whom a complaint has been filed pursuant to RCW 13.40.070 whether or not their cases are currently pending before the court. The central recordkeeping system may be computerized. If a complaint has been referred to a diversion unit, the diversion unit shall promptly report to the juvenile court or the prosecuting attorney when the juvenile has agreed to diversion. An offense shall not be reported as criminal history in any central recordkeeping system without notification by the diversion unit of the date on which the offender agreed to diversion.

(9) Upon request of the victim of a crime or the victim's immediate family, the identity of an alleged or proven juvenile offender alleged or found to have committed a crime against the victim and the identity of the alleged or proven juvenile offender's parent, guardian, or custodian and the circumstance of the alleged or proven crime shall be released to the victim of the crime or the victim's immediate family.
(10) Subject to the rules of discovery applicable in adult criminal prosecutions, the juvenile offense records of an adult criminal defendant or witness in an adult criminal proceeding shall be released upon request to prosecution and defense counsel after a charge has actually been filed. The juvenile offense records of any adult convicted of a crime and placed under the supervision of the adult corrections system shall be released upon request to the adult corrections system.

(11) In any case in which an information has been filed pursuant to RCW 13.40.100 or a complaint has been filed with the prosecutor and referred for diversion pursuant to RCW 13.40.070, the person the subject of the information or complaint may file a motion with the court to have the court vacate its order and findings, if any, and, subject to subsection (23) of this section, order the sealing of the official juvenile court file, the social file, and records of the court and of any other agency in the case.

(12)(a) The court shall not grant any motion to seal records for class A offenses made pursuant to subsection (11) of this section that is filed on or after July 1, 1997, unless:

(i) Since the last date of release from confinement, including full-time residential treatment, if any, or entry of disposition, the person has spent five consecutive years in the community without committing any offense or crime that subsequently results in an adjudication or conviction;

(ii) No proceeding is pending against the moving party seeking the conviction of a juvenile offense or a criminal offense;

(v) Full restitution has been paid.

(13) The person making a motion pursuant to subsection (11) of this section shall give reasonable notice of the motion to the prosecution and to any person or agency whose files are sought to be sealed.

(14)(a) If the court grants the motion to seal made pursuant to subsection (11) of this section, it shall, subject to subsection (23) of this section, order sealed the official juvenile court file, the social file, and other records relating to the case as are named in the order. Thereafter, the proceedings in the case shall be treated as if they never occurred, and the subject of the records may reply accordingly to any inquiry about the events, records of which are sealed. Any agency shall reply to any inquiry concerning confidential or sealed records that records are confidential, and no information can be given about the existence or nonexistence of records concerning an individual.

(b) In the event the subject of the juvenile records receives a full and unconditional pardon, the proceedings in the matter upon which the pardon has been granted shall be treated as if they never occurred, and the subject of the records may reply accordingly to any inquiry about the events upon which the pardon was received. Any agency shall reply to any inquiry concerning the records pertaining to the events for which the subject received a pardon that records are confidential, and no information can be given about the existence or nonexistence of records concerning an individual.

(15) Inspection of the files and records included in the order to seal may thereafter be permitted only by order of the court upon motion made by the person who is the subject of the information or complaint, except as otherwise provided in RCW 13.50.010(8) and subsection (23) of this section.

(16) Any adjudication of a juvenile offense or a crime subsequent to sealing has the effect of nullifying the sealing order. Any charging of an adult felony subsequent to the sealing has the effect of nullifying the sealing order for the purposes of chapter 9.94A RCW. The administrative office of the courts shall ensure that the superior court judicial information system provides prosecutors access to information on the existence of sealed juvenile records.

(17)(a) Subject to subsection (23) of this section, all records maintained by any court or law enforcement agency, including the juvenile court, local law enforcement, the Washington state patrol, and the prosecutor's office, shall be automatically destroyed within ninety days of becoming eligible for destruction. Juvenile records are eligible for destruction when:

(A) The person who is the subject of the information or complaint is at least eighteen years of age;

(B) His or her criminal history consists entirely of one diversion agreement or counsel and release entered on or after June 12, 2008;

(C) Two years have elapsed since completion of the agreement or counsel and release;

(D) No proceeding is pending against the person seeking the conviction of a criminal offense; and

(E) There is no restitution owing in the case.

(ii) No less than quarterly, the administrative office of the courts shall provide a report to the juvenile courts of those individuals whose records may be eligible for destruction. The juvenile court shall verify eligibility and notify the Washington state patrol and the appropriate local law enforcement agency and prosecutor's office of the records to be destroyed. The requirement to destroy records under this subsection is not dependent on a court hearing or the issuance of a court order to destroy records.

(iii) The state and local governments and their officers and employees are not liable for civil damages for the failure to destroy records pursuant to this section.

(b) All records maintained by any court or law enforcement agency, including the juvenile court, local law enforcement, the Washington state patrol, and the prosecutor's office, shall be automatically destroyed within thirty days of being notified by the governor's office that the subject of those records received a full and unconditional pardon by the governor.

(c) A person eighteen years of age or older whose criminal history consists entirely of one diversion agreement or counsel and release entered prior to June 12, 2008, may request that the court order the records in his or her case destroyed. The request shall be granted, subject to subsection (23) of this section, if the court finds that two years have elapsed since completion of the agreement or counsel and release.

((iia)) (d) A person twenty-three years of age or older whose criminal history consists of only referrals for diversion may request that the court order the records in those cases destroyed. The request shall be granted, subject to subsection (23) of this section, if the court finds that all diversion agreements have been successfully completed and no proceeding is pending against the person seeking the conviction of a criminal offense.

(18) If the court grants the motion to destroy records made pursuant to subsection (17) of this section, it shall, subject to subsection (23) of this section, order the official juvenile court file, the social file, and any other records named in the order to be destroyed.

For the purpose of this pilot program during the 2011-2013 fiscal biennium, a roadway construction zone includes areas where public employees or private contractors may be present or where a driving condition exists that would make it unsafe to drive at higher speeds, such as, when the department is redirecting or realigning lanes on any public roadway pursuant to ongoing construction. The department shall use the following guidelines to administer the program:

(a) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle;

(b) The department shall plainly mark the locations where the automated traffic safety cameras are used by placing signs on locations that clearly indicate to a driver that he or she is entering a roadway construction zone where traffic laws are enforced by an automated traffic safety camera;

(c) Notices of infractions must be mailed to the registered owner of a vehicle within fourteen days of the infraction occurring;

(d) The owner of the vehicle is not responsible for the violation if the owner of the vehicle, within fourteen days of receiving notification of the violation, mails to the patrol, a declaration under penalty of perjury, stating that the vehicle involved was, at the time, stolen or in the care, custody, or control of some person other than the registered owner, or any other extenuating circumstances;

(e) For purposes of the 2011-2013 fiscal biennium pilot program, infractions detected through the use of automated traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras must be processed in the same manner as parking infractions for the purposes of RCW 3.50.100, 35.20.220,
46.16A.120, and 46.20.270(3). However, the amount of the fine issued under this subsection (5) for an infraction generated through the use of an automated traffic safety camera is one hundred thirty-seven dollars. The court shall remit thirty-two dollars of the fine to the state treasurer for deposit into the state patrol highway account; and

(f) If a notice of infraction is sent to the registered owner and the registered owner is a rental car business, the infraction must be dismissed against the business if it mails to the patrol, within fourteen days of receiving the notice, a declaration under penalty of perjury of the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred. If the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred, the business must sign a declaration under penalty of perjury to this effect. The declaration must be mailed to the patrol within fourteen days of receiving the notice of traffic infraction. Timely mailing of this declaration to the issuing agency relieves a rental car business of any liability under this section for the notice of infraction. A declaration form suitable for this purpose must be included with each automated traffic infraction notice issued, along with instructions for its completion and use.

(6) The department shall track the costs associated with active traffic management systems on a corridor basis and report to the transportation committees of the legislature on the cost and benefits of the systems by December 1, 2011.

Noncompetitive grants must be distributed to the transit systems serving small cities and rural areas in a manner similar to past disparity equalization programs. If the funding provided in this subsection (2)(a) exceeds the amount required for recipient counties to reach eighty percent of the average per capita sales tax, funds in excess of that amount may be used for the competitive grant process established in (b) of this subsection.

Puget Sound Ferry Operations Account—State Appropriation ................................................................. $467,773,000

The Washington state ferries shall include a greater level of detail in its 2011-2013 supplemental and 2013-2015 omnibus transportation appropriations act requests, as determined jointly by the office of financial management, the Washington state ferries, and the transportation committees of the legislature. This level of detail must include the administrative functions in the operating as well as capital programs.

(2) When purchasing uniforms that are required by collective bargaining agreements, the department shall contract with the lowest cost provider.

(3) The legislature finds that measuring the performance of the Washington state ferries requires the measurement of quality, timeliness, and unit cost of services delivered to customers. Consequently, the department must develop a set of metrics that measure that performance and report to the transportation committees of the legislature and the office of financial management on the development of these measurements along with recommendations to the 2012 legislature on which measurements must become a part of the next omnibus transportation appropriations act. If chapter ... (Substitute House Bill No. 1516), Laws of 2011 (state ferry system management) is enacted, the report under this subsection is not required.

(4) The department shall continue to identify and implement process changes that will improve on-time performance on a route-by-route basis. The department shall report its findings to the transportation committees of the legislature by December 1, 2011.

The vessel should have the capability of carrying at least one hundred standard vehicles and approximately four hundred to five hundred passengers. Further, the department shall explore the possibilities of contracting a commercial company to operate the vessel exclusively on this route so long as the contractor's employees assigned to the vessel are represented by the same employee organizations as the Washington state ferries. The department shall report back to the transportation committees of the legislature regarding: The availability of a vessel; the cost of the vessel, including transport to the Puget Sound region; and the need for any statutory changes for the operation of the Sydney, British Columbia service by a private company.

Until September 1, 2012, the department may not enter into a lease renewal for the Seattle headquarters office.

(16) The department, office of financial management, and transportation committees of the legislature shall make recommendations regarding an appropriate budget structure for the Washington state ferries. The recommendation may include a potential restructuring of the Washington state ferries budget. The recommendation must facilitate transparency in reporting and budgeting as well as provide the opportunity to link revenue sources with expenditures. Findings and recommendations must be reported to the office of financial management and the joint transportation committee by September 1, 2011.

(17) Two Kwa-di-tabil class ferry vessels must be placed on the Port Townsend/Coupeville (Keystone) route to provide service at the same levels provided when the steel electric vessels were in service. Each quarter the department shall complete the activity of linking the asset condition of one class of vessels to the life-cycle cost model, beginning with the jumbo mark II class, followed by the Issaquah class, the jumbo mark I class, the super class, and finally the Kwa-di-tabil class. The department shall continue to regularly inspect life-cycle cost model assets and link the resulting asset condition reports with its vessel life-cycle cost model as the assessments are completed. The department shall provide the transportation committees of the legislature with progress reports of this activity as the work for each class of vessels has been completed. This activity must be completed with the results reported to the transportation committees of the legislature by June 1, 2012. The department's 2013-2015 budget request must be developed using the updated life-cycle cost model and must also provide a project scope for implementing a vessel asset management system.

NEW SECTION. Sec. 603. FUND TRANSFERS
(1) The transportation 2003 projects or improvements and the 2005 transportation partnership projects or improvements are listed in LEAP Transportation Document 2011-1 as developed April 19, 2011, which consists of a list of specific projects by fund source and amount over a sixteen-year period. Current fiscal biennium funding for each project is a line-item appropriation, while the outer year funding allocations represent a sixteen-year plan. The department is expected to use the flexibility provided in this section to assist in the delivery and completion of all transportation partnership account and transportation 2003 account (nickel account) projects on the LEAP transportation documents referenced in this act. For the 2009-2011 and 2011-2013 project appropriations, unless otherwise provided in this act, the director of financial management may authorize a transfer of appropriation authority between projects funded with transportation 2003 account (nickel account) appropriations, or transportation partnership account appropriations, in order to manage project spending and efficiently deliver all projects in the respective program under the following conditions and limitations:

(b) Transfers from a project may not be made as a result of the reduction of the scope of a project or be made to support increases in the scope of a project;

(c) Each transfer between projects may only occur if the director of financial management finds that any resulting change will not hinder the completion of the projects as approved by the legislature. Until the legislature reconvenes to consider the 2012 supplemental transportation budget, any unexpended 2009-2011 appropriation balance as approved by the office of financial management, in consultation with the legislative staff of the house of representatives and senate transportation committees, may be considered when transferring funds between projects;

(d) Transfers from a project may be made if the funds appropriated to the project are in excess of the amount needed to complete the project;

(e) Transfers may not occur for projects not identified on the applicable project list;

(f) Transfers may not be made while the legislature is in session; and

(g) Transfers between projects may be made by the department of transportation until the transfer amount by project exceeds two hundred fifty thousand dollars, or ten percent of the total project, whichever is less. These transfers must be reported quarterly to the director of financial management and the chairs of the house of representatives and senate transportation committees.

(2) At the time the department submits a request to transfer funds under this section, a copy of the request must be submitted to the transportation committees of the legislature.

(3) The office of financial management shall work with legislative staff of the house of representatives and senate transportation committees to review the requested transfers in a timely manner.

(4) The office of financial management shall document approved transfers and schedule changes in the transportation executive information system, compare changes to the legislative baseline funding and schedules identified by project identification number identified in the LEAP
transportation documents referenced in this act, and transmit revised project lists to chairs of the transportation committees of the legislature on a quarterly basis.

NEW SECTION. Sec. 604. (1) The department of transportation shall prepare a plan to improve the oversight of real estate procurement and management practices across all departmental programs and regions, including the Washington state ferries. The plan must be submitted to the governor and the joint transportation committee by September 1, 2012. The plan must include:

(c) A prioritized list of all buildings that are planned to be constructed, renovated, or remodeled in the next ten years and the funding source that is assumed for these facility improvements;

(d) A list of options for consolidating staff, equipment, and operations activities to reduce costs. This list must include an evaluation of the costs and benefits of owning properties as compared to leasing them using a life-cycle cost analysis; and

(e) A process and plan for regularly evaluating needs for office space, tunnel and bridge operations and maintenance facilities, and traffic management.

(2) Except as provided otherwise in the act, until September 1, 2012, the department of transportation may not enter into new leases, equal value exchanges, or property acquisitions for office needs without first consulting with the office of financial management and the joint transportation committee.

NEW SECTION. Sec. 605. Executive Order number 05-05, archaeological and cultural resources, was issued effective November 10, 2005. Agencies and higher education institutions that issue grants or loans for capital projects shall comply with the requirements set forth in this executive order.

NEW SECTION. Sec. 606. FOR THE DEPARTMENT OF TRANSPORTATION

As part of its annual budget submittal, the department shall provide an annual update to the legislature and the office of financial management that:

(2) Identifies highway projects that may be reduced in scope and still achieve a functional benefit;

(3) Identifies highway projects that have experienced scope increases and that can be reduced in scope;

(4) Identifies highway projects that have lost significant local or regional contributions that were essential to completing the project; and

(5) Identifies contingency amounts allocated to projects.

NEW SECTION. Sec. 607. FOR THE DEPARTMENT OF TRANSPORTATION

As part of its 2012 supplemental budget submittal, the department shall provide a report to the legislature and the office of financial management that:

(2) Identifies, for each project, the amount of cost savings or increases in funding that have been identified as compared to the 2011 enacted transportation budget.

NEW SECTION. Sec. 608. STAFFING LEVELS

(1) As the department of transportation completes delivery of the projects funded by the 2003 and 2005 transportation revenue packages, it is clear that the current staffing levels necessary to deliver these projects are not sustainable into the future. Therefore, the department is directed to quickly move forward to develop and implement new business practices so that a smaller, more nimble state workforce can effectively and efficiently deliver transportation improvement programs as they are approved in the future, in strong partnership with the private sector, while protecting the public's interests and assets.

(2) To this end, the department of transportation is directed to reduce the size of its engineering and technical workforce to a level sustained by current law revenue levels currently estimated at two thousand FTEs by the end of the 2013-2015 fiscal biennium. The department's current two thousand eight hundred FTE engineering and technical workforce levels for highway construction will be reduced in the 2011-2013 fiscal biennium, with a target of two thousand four hundred FTEs by June 30, 2013, and to a level of two thousand FTEs by June 30, 2015.

(3) In order to successfully deliver the highway construction program as funded, the department of transportation may continue to contract out engineering and technical services. In addition, the department may continue the incentive program for retirements and employee separations. The department shall report quarterly to the office of financial management and the transportation committees of the legislature on its progress and plans to reduce highway construction workforce levels to two thousand FTEs by June 2015. This report must also be posted on the department's web site.

NEW SECTION. Sec. 609. VOLUNTARY RETIREMENT, SEPARATION, AND DOWNSHIFTING INCENTIVES

As a management tool to reduce costs and make more effective use of resources, while improving employee productivity and morale, agencies may implement a voluntary retirement, separation, and/or downshifting incentive program that is cost neutral or results in cost savings over a two-year period following the commencement of the program, provided that such a program is approved by the director of financial management.

 Agencies participating in this authorization may offer voluntary retirement, separation, and/or downshifting incentives and options according to procedures and guidelines established by the office of financial management, in consultation with the department of personnel and the department of retirement systems. The options may include, but are not limited to, financial incentives for: Voluntary separation or retirement, voluntary leave-without-pay, voluntary workweek or work hour reduction, voluntary downward movement, or temporary separation for development purposes. An employee does not have a contractual right to a financial incentive offered pursuant to this section.

Offers must be reviewed and monitored jointly by the department of personnel and the department of retirement systems. Agencies are required to submit a report by June 30, 2013, to the legislature and the office of financial management on the outcome of their approved incentive program. The report must include information on the details of the program, including resulting service delivery changes, agency efficiencies,
the cost of the incentive per participant, the total cost to the state, and the projected or actual net dollar savings over the 2011-2013 fiscal biennium.

NEW SECTION. Sec. 610. (1) The department of transportation shall provide a report to the joint transportation committee by August 1, 2011, providing recommendations on the department's future business model, staffing scenarios, and methods of program and project delivery. The report must:

(a) Detail the sustainable staffing level by program to deliver core functions of the department in the context of forecasted resources as of March 2011;

(b) Analyze the effect new funding scenarios would have on the sustainable staffing levels for core functions and recommend appropriate staffing levels;

(c) Describe how the department's sustainable staffing levels would be affected by new funding scenarios and any other actions the department would need to deliver the program associated with the new funding; and

(d) Evaluate alternative program and project delivery methods to improve efficiency and effectiveness and provide recommendations on legislative changes, if necessary, for their implementation.

(2) The department shall provide stakeholder involvement opportunities in the development of the report. There must be a minimum of two such meetings: One for the purpose of providing contextual and background information; and a second for review and comment of conclusions and recommendations. Stakeholders must include labor, private engineering contractors, general business interests, representatives of various transportation modes, and others groups as appropriate.

NEW SECTION. Sec. 611. FOR THE DEPARTMENT OF TRANSPORTATION

The department is given the authority to provide up to $3,000,000 in toll credits to Kitsap Transit for its role in new passenger-only ferry service and ferry corridor-related projects. The number of toll credits provided to Kitsap Transit must be equal to, but no more than, the number sufficient to meet federal match requirements for grant funding for passenger-only ferry service, but shall not exceed the amount authorized in this section.

(a) Requiring that information regarding the potential project would be published for a period of not less than thirty days, during which time entities could express interest in submitting a proposal;

(b) Specifying that if letters of interest were received during the thirty days, then an additional sixty days for submission of the fully detailed proposal would be allowed; and

(c) Procedures for what will happen if there are insufficient proposals submitted or if there are no letters of interest submitted in the appropriate time frame.

The commission may adopt other rules as necessary to avoid conflicts with existing laws, statutes, or contractual obligations of the state. The commission may not adopt or consider any unsolicited proposals before July 1, 2011.

NEW SECTION. Sec. 702. To the extent that any appropriation authorizes expenditures of state funds from the motor vehicle account, special category C account, Tacoma Narrows toll bridge account, transportation 2003 account (nickel account), transportation partnership account, transportation improvement account, Puget Sound capital construction account, multimodal transportation account, state route number 520 corridor account, or other transportation capital project account in the state treasury for a state transportation program that is specified to be funded with proceeds from the sale of bonds authorized in chapter 47.10 RCW, the legislature declares that any such expenditures made prior to the issue date of the applicable transportation bonds for that state transportation program are intended to be reimbursed from proceeds of those transportation bonds in a maximum amount equal to the amount of such appropriation.

Sec. 703. RCW 46.18.060 and 2010 1st sp.s. c 7 s 94 and 2010 c 161 s 604 are each reenacted and amended to read as follows:

(1) The department must review and either approve or reject special license plate applications submitted by sponsoring organizations.

(2) Duties of the department include, but are not limited to, the following:

(a) Review and approve the annual financial reports submitted by sponsoring organizations with active special license plate series and present those annual financial reports to the ((senate and house transportation committees)) joint transportation committee;

(b) Report annually to the ((senate and house of representatives transportation committees)) joint transportation committee on the special license plate applications that were considered by the department;

(c) Issue approval and rejection notification letters to sponsoring organizations, the department, the ((chairs of the senate and house of representatives transportation committees)) executive committee of the joint transportation committee; and the legislative sponsors identified in each application. The letters must be issued within seven days of making a determination on the status of an application; and

(d) Review annually the number of plates sold for each special license plate series created after January 1, 2003. The department may submit a recommendation to discontinue a special plate series to the ((chairs of the senate and house of representatives transportation committees)) executive committee of the joint transportation committee.
(3) Except as provided in RCW 46.18.245, in order to assess the effects and impact of the proliferation of special license plates, the legislature declares a temporary moratorium on the issuance of any additional plates until July 1, ((2011)) 2012. During this period of time, the department is prohibited from accepting, reviewing, processing, or approving any applications. Additionally, a special license plate may not be enacted by the legislature during the moratorium, unless the proposed license plate has been approved by the former special license plate review board before February 15, 2005.

Sec. 704. RCW 46.63.170 and 2010 c 161 s 1127 are each amended to read as follows:

(1) The use of automated traffic safety cameras for issuance of notices of infraction is subject to the following requirements:

(a) The local authority must first enact an ordinance allowing for their use to detect one or more of the following: Stoplight, railroad crossing, or school speed zone violations. At a minimum, the ordinance must contain the restrictions described in this section and provisions for public notice and signage. Cities and counties using automated traffic safety cameras before July 24, 2005, are subject to the restrictions described in this section, but are not required to enact an authorizing ordinance.

(b) Use of automated traffic safety cameras is restricted to two-arterial intersections, railroad crossings, and school speed zones only.

(c) During the ((2009-2011)) 2011-2013 fiscal biennium, automated traffic safety cameras may be used to detect speed violations for the purposes of ((section 218(2), chapter 470, Laws of 2009)) section 210(2) of this act if the local legislative authority first enacts an ordinance authorizing the use of cameras to detect speed violations.

(d) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or passengers in the vehicle.

(e) A notice of infraction must be mailed to the registered owner of the vehicle within fourteen days of the violation, or to the renter of a vehicle within fourteen days of establishing the renter’s name and address under subsection (3)(a) of this section. The law enforcement officer issuing the notice of infraction shall include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, or electronic images produced by an automated traffic safety camera, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a violation under this chapter. The photographs, microphotographs, or electronic images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction. A person receiving a notice of infraction based on evidence detected by an automated traffic safety camera may respond to the notice by mail.

(f) The registered owner of a vehicle is responsible for an infraction under RCW 46.63.030(1)(e) unless the registered owner overcomes the presumption in RCW 46.63.075, or, in the case of a rental car business, satisfies the conditions under subsection (3) of this section. If appropriate under the circumstances, a renter identified under subsection (3)(a) of this section is responsible for an infraction.

(g) Notwithstanding any other provision of law, all photographs, microphotographs, or electronic images prepared under this section are for the exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this section. No photograph, microphotograph, or electronic image may be used for any purpose other than enforcement of violations under this section nor retained longer than necessary to enforce this section.

(h) All locations where an automated traffic safety camera is used must be clearly marked by placing signs in locations that clearly indicate to a driver that he or she is entering a zone where traffic laws are enforced by an automated traffic safety camera.

(i) If a county or city has established an authorized automated traffic safety camera program under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment.

(2) Infractions detected through the use of automated traffic safety cameras are not part of the registered owner’s driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras under this section shall be processed in the same manner as parking infractions, including for the purposes of RCW 3.50.100, 35.20.220, 46.16A.120, and 46.20.270(3). However, the amount of the fine issued for an infraction generated through the use of an automated traffic safety camera shall not exceed the amount of a fine issued for other parking infractions within the jurisdiction.

(3) If the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction being issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of receiving the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred;

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft;

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty.

Timely mailing of this statement to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction.

(4) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1) (a), (b), or (c).

(5) For the purposes of this section, “automated traffic safety camera” means a device that uses a vehicle sensor installed to work in conjunction with an intersection traffic control system, a railroad grade crossing control system, or a speed measuring device, and a camera synchronized to automatically record one or more sequenced photographs, microphotographs, or electronic images of the rear of a motor vehicle at the time the vehicle fails to stop when facing a steady red traffic control signal or an activated railroad grade crossing control signal, or exceeds a speed limit in a school speed zone as detected by a speed measuring device. During the ((2009-2014)) 2011-2013 fiscal biennium, an automated traffic safety camera includes a camera used to detect speed violations for the purposes of ((section 210(2), chapter 470, Laws of 2009)) section 210(2) of this act.

(6) During the ((2009-2011)) 2011-2013 fiscal biennium, this section does not apply to automated traffic safety cameras for the purposes of ((section 218(2), chapter 470, Laws of 2009)) section 216(5) of this act.

Sec. 705. RCW 46.63.160 and 2010 c 249 s 6 are each amended to read as follows:
This section applies only to civil penalties for nonpayment of tolls detected through use of photo toll systems.

Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time the violation occurs under RCW 46.63.030(1)(a), (b), or (c).

A notice of civil penalty may be issued by the department of transportation when a toll is assessed through use of a photo toll system and the toll is not paid by the toll payment due date, which is eighty days from the date the vehicle uses the toll facility and incurs the toll charge.

Any registered owner or renter of a vehicle traveling upon a toll facility operated under chapter 47.56 or 47.46 RCW is subject to a civil penalty governed by the administrative procedures set forth in this section when the vehicle incurs a toll charge and the toll is not paid by the toll payment due date, which is eighty days from the date the vehicle uses the toll facility and incurs the toll charge.

Consistent with chapter 34.05 RCW, the department of transportation shall develop an administrative adjudication process to review appeals of civil penalties issued by the department of transportation for toll nonpayment detected through the use of a photo toll system under this section.

The use of a photo toll system is subject to the following requirements:

(a) Photo toll systems may take photographs, digital photographs, microphotographs, videotapes, or other recorded images of the vehicle and vehicle license plate only.

(b) A notice of civil penalty must include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, videotape, or other recorded images produced by a photo toll system, stating the facts supporting the notice of civil penalty. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding established under subsection (5) of this section. The photographs, digital photographs, microphotographs, videotape, or other recorded images evidencing the toll nonpayment civil penalty must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the civil penalty.

(c) Notwithstanding any other provision of law, all photographs, digital photographs, microphotographs, videotape, other recorded images, or other records identifying a specific instance of travel prepared under this chapter are for the exclusive use of the tolling agency for toll collection and enforcement purposes and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a civil penalty under this chapter. No photograph, digital photograph, microphotograph, videotape, other recorded image, or other record identifying a specific instance of travel may be used for any purpose other than toll collection or enforcement of civil penalties under this section. Records identifying a specific instance of travel by a specific person or vehicle must be retained only as required to ensure payment and enforcement of tolls and to comply with state records retention policies.

(d) All locations where a photo toll system is used must be clearly marked by placing signs in locations that clearly indicate to a driver that he or she is entering a zone where tolls are assessed and enforced by a photo toll system.

(e) Within existing resources, the department of transportation shall conduct education and outreach efforts at least six months prior to activating an all-electronic photo toll system. Methods of outreach shall include a department presence at community meetings in the vicinity of a toll facility, signage, and information published in local media. Information provided shall include notice of when all electronic photo tolling shall begin and methods of payment. Additionally, the department shall provide quarterly reporting on education and outreach efforts and other data related to the issuance of civil penalties.

Civil penalties for toll nonpayment detected through the use of photo toll systems must be issued to the registered owner of the vehicle identified by the photo toll system, but are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120.

The civil penalty for toll nonpayment detected through the use of a photo toll system is forty dollars plus the photo toll and associated fees.

Except as provided otherwise in this subsection, all civil penalties, including the photo toll and associated fees, collected under this section must be deposited into the toll facility account of the facility on which the toll was assessed. However, (beginning on July 1, 2011) through June 30, 2013, civil penalties deposited into the Tacoma Narrows toll bridge account created under RCW 47.56.165 that are in excess of amounts necessary to support the toll adjudication process applicable to toll collection on the Tacoma Narrows bridge must first be allocated toward repayment of operating loans and reserve payments provided to the account from the motor vehicle account under section 1005(15), chapter 518, Laws of 2007. Additionally, all civil penalties, resulting from nonpayment of tolls on the state route number 520 corridor, shall be deposited into the state route number 520 civil penalties account created under section 4, chapter 248, Laws of 2010 but only if chapter 248, Laws of 2010 is enacted by June 30, 2010.

If the registered owner of the vehicle is a rental car business, the department of transportation shall, before a toll bill is issued, provide a written notice to the rental car business that a toll bill may be issued to the rental car business if the rental car business does not, within thirty days of the mailing of the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the toll was assessed; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the toll was assessed because the vehicle was stolen at the time the toll was assessed. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable toll and fee.

Timely mailing of this statement to the issuing agency relieves a rental car business of any liability under this section for the payment of the toll.

Consistent with chapter 34.05 RCW, the department of transportation shall develop rules to implement this section.

For the purposes of this section, “photo toll system” means the system defined in RCW 47.56.010 and 47.46.020.
(3) All state agencies using biodiesel fuel shall, beginning on July 1, 2006, file biannual reports with the department of general administration documenting the use of the fuel and a description of how any problems encountered were resolved.

(4) For the 2009-2011 fiscal biennium, all fuel purchased by the Washington state ferries at Harbor Island for the operation of the Washington state ferries diesel powered vessels must be a minimum of five percent biodiesel blend so long as the per gallon price of diesel containing a five percent biodiesel blend level does not exceed the per gallon price of diesel by more than five percent. If the per gallon price of diesel containing a five percent biodiesel blend level exceeds the per gallon price of diesel by more than five percent, the requirements of this section do not apply to vessel fuel purchases by the Washington state ferries.

(5) By December 1, 2009, the department of general administration shall:

(a) Report to the legislature on the average true price differential for biodiesel by blend and location; and

(b) Examine alternative fuel procurement methods that work to address potential market barriers for in-state biodiesel producers and report these findings to the legislature.

(6) During the 2011-2013 fiscal biennium, this section does not apply to fuel purchased by the Washington state ferries.

Sec. 707. RCW 43.19.534 and 2009 c 470 s 717 are each amended to read as follows:

(1) State agencies, the legislature, and departments shall purchase for their use all goods and services required by the legislature, agencies, or departments that are produced or provided in whole or in part from class II inmate work programs operated by the department of corrections through state contract. These goods and services shall not be purchased from any other source unless, upon application by the department or agency: (a) The department of general administration finds that the articles or products do not meet the reasonable requirements of the agency or department, (b) are not of equal or better quality, or (c) the price of the product or service is higher than that produced by the private sector. However, the criteria contained in (a), (b), and (c) of this section for purchasing goods and services from sources other than correctional industries do not apply to goods and services produced by correctional industries that primarily replace goods manufactured or services obtained from outside the state. The department of corrections and department of general administration shall adopt administrative rules that implement this section.

(2) During the 2009-2011 and 2011-2013 fiscal (biennium) biennia, and in conformance with section 223(11), chapter 470, Laws of 2009 and section 221(2) of this act, this section does not apply to the purchase of uniforms by the Washington state ferries.

Sec. 708. RCW 47.01.380 and 2009 c 470 s 705 are each amended to read as follows:

The department shall not commence construction on any part of the state route number 520 bridge replacement and HOV project until a record of decision has been reached providing reasonable assurance that project impacts will be avoided, minimized, or mitigated as much as practicable to protect against further adverse impacts on neighborhood environmental quality as a result of repairs and improvements made to the state route number 520 bridge and its connecting roadways, and that any such impacts will be addressed through engineering design choices, mitigation measures, or a combination of both. The requirements of this section shall not apply to off-site pontoon construction supporting the state route number 520 bridge replacement and HOV project. The requirements of this section shall not apply during the 2009-2011 and 2011-2013 fiscal (biennium) biennia.

Sec. 709. RCW 47.56.403 and 2005 c 312 s 3 are each amended to read as follows:

(1) The department may provide for the establishment, construction, and operation of a pilot project of high occupancy toll lanes on state route 167 high occupancy vehicle lanes within King county. The department may issue, buy, and redeem bonds, and deposit and expend them; secure and remit financial and other assistance in the construction of high occupancy toll lanes, carry insurance, and handle any other matters pertaining to the high occupancy toll lane pilot project.

(2) Tolls for high occupancy toll lanes will be established as follows:

(a) The schedule of toll charges for high occupancy toll lanes must be established by the transportation commission and collected in a manner determined by the commission.

(b) Toll charges shall not be assessed on transit buses and vanpool vehicles owned or operated by any public agency.

(c) The department shall establish performance standards for the state route 167 high occupancy toll lane pilot project. The department must automatically adjust the toll charge, using dynamic tolling, to ensure that toll-paying single-occupant vehicle users are only permitted to enter the lane to the extent that average vehicle speeds in the lane remain above forty-five miles per hour at least ninety percent of the time during peak hours. The toll charge may vary in amount by time of day, level of traffic congestion within the highway facility, vehicle occupancy, or other criteria, as the commission may deem appropriate. The commission may also vary toll charges for single-occupant inherently low-emission vehicles such as those powered by electric batteries, natural gas, propane, or other clean burning fuels.

(d) The commission shall periodically review the toll charges to determine if the toll charges are effectively maintaining travel time, speed, and reliability on the highway facilities.

(3) The department shall monitor the state route 167 high occupancy toll lane pilot project and shall annually report to the transportation commission and the legislature on operations and findings. At a minimum, the department shall provide facility use data and review the impacts on:

(a) Freeway efficiency and safety;

(b) Cost-effectiveness for transit;

(c) Person and vehicle movements by mode;

(d) Ability to finance improvements and transportation services through tolls; and

(e) The impacts on all highway users. The department shall analyze aggregate use data and conduct, as needed, separate surveys to assess usage of the facility in relation to geographic, socioeconomic, and demographic information within the corridor in order to ascertain actual and perceived questions of equitable use of the facility.

(4) The department shall modify the pilot project to address identified safety issues and mitigate negative impacts to high occupancy vehicle lane users.

(5) Authorization to impose high occupancy vehicle tolls for the state route 167 high occupancy toll pilot project expires if either of the following two conditions apply:

(a) If no contracts have been let by the department to begin construction of the toll facilities associated with this pilot project within four years of July 24, 2005; or

(b) If high occupancy vehicle tolls are being collected on June 30, 2013.
(6) The department of transportation shall adopt rules that allow automatic vehicle identification transponders used for electronic toll collection to be compatible with other electronic payment devices or transponders from the Washington state ferry system, other public transportation systems, or other toll collection systems to the extent that technology permits.

(7) The conversion of a single existing high occupancy vehicle lane to a high occupancy toll lane as proposed for SR-167 must be taken as the exception for this pilot project.

(8) A violation of the lane restrictions applicable to the high occupancy toll lanes established under this section is a traffic infraction. 

Sec. 710. RCW 47.28.030 and 2010 c 283 s 9 and 2010 c 5 s 11 are each reenacted and amended to read as follows:

(1)(a) A state highway shall be constructed, altered, repaired, or improved, and improvements located on property acquired for right-of-way purposes may be repaired or renovated pending the use of such right-of-way for highway purposes, by contract or state forces. The work or portions thereof may be done by state forces when the estimated costs thereof are less than fifty thousand dollars and effective July 1, 2005, sixty thousand dollars.

(b) When delay of performance of such work would jeopardize a state highway or constitute a danger to the traveling public, the work may be done by state forces when the estimated cost thereof is less than eighty thousand dollars and effective July 1, 2005, one hundred thousand dollars.

(c) When the department of transportation determines to do the work by state forces, it shall enter a statement upon its records to that effect, stating the reasons therefor.

(d) To enable a larger number of small businesses and veteran, minority, and women contractors to effectively compete for department of transportation contracts, the department may adopt rules providing for bids and award of contracts for the performance of work, or furnishing equipment, materials, supplies, or operating services whenever any work is to be performed and the engineer's estimate indicates the cost of the work would not exceed eighty thousand dollars and effective July 1, 2005, one hundred thousand dollars.

(2) The rules adopted under this section:

(a) Shall provide for competitive bids to the extent that competitive sources are available except when delay of performance would jeopardize life or property or inconvenience the traveling public; and

(b) Need not require the furnishing of a bid deposit nor a performance bond, but if a performance bond is not required then progress payments to the contractor may be required to be made based on submittal of paid invoices to substantiate proof that disbursements have been made to laborers, material suppliers, mechanics, and subcontractors from the previous partial payment; and

(c) May establish prequalification standards and procedures as an alternative to those set forth in RCW 47.28.070, but the prequalification standards and procedures under RCW 47.28.070 shall always be sufficient.

(3) The department of transportation shall comply with such goals and rules as may be adopted by the office of minority and women's business enterprises to implement chapter 39.19 RCW with respect to contracts entered into under this chapter. The department may adopt such rules as may be necessary to comply with the rules adopted by the office of minority and women's business enterprises under chapter 39.19 RCW.

(4)(a) For the period of March 15, 2010, through June 30, (2011) 2013, work for less than one hundred twenty thousand dollars may be performed on ferry vessels and terminals by state forces.

(b) The department shall hire a disinterested, third party to conduct an independent analysis to identify methods of reducing out-of-service times for vessel maintenance, preservation, and improvement projects. The analysis must include options that consider consolidating work while vessels are at shipyards by having state forces perform services traditionally performed at Eagle Harbor at the shipyard and decreasing the allowable time at shipyards. The analysis must also compare the out-of-service vessel times of performing services by state forces versus contracting out those services which in turn must be used to form a recommendation as to what the threshold of work performed on ferry vessels and terminals by state forces should be. This analysis must be presented to the transportation committees of the senate and house of representatives by December 1, 2010.

(c) The department shall develop a proposed ferry vessel maintenance, preservation, and improvement program and present it to the transportation committees of the senate and house of representatives by December 1, 2010. The proposed program must:

(i) Improve the basis for budgeting vessel maintenance, preservation, and improvement costs and for projecting those costs into a sixteen-year financial plan;

(ii) Limit the amount of planned out-of-service time to the greatest extent possible, including options associated with department staff as well as commercial shipyards; and

(iii) Be based on the service plan in the capital plan, recognizing that vessel preservation and improvement needs may vary by route.

(d) In developing the proposed ferry vessel maintenance, preservation, and improvement program, the department shall consider the following, related to reducing vessel out-of-service time:

(i) The costs compared to benefits of Eagle Harbor repair and maintenance facility operations options to include staffing costs and benefits in terms of reduced out-of-service time;

(ii) The maintenance requirements for on-vessel staff, including the benefits of a systemwide standard;

(iii) The costs compared to benefits of staff performing preservation or maintenance work, or both, while the vessel is underway, tied up between sailings, or not deployed;

(iv) A review of the department's vessel maintenance, preservation, and improvement program contracting process and contractual requirements;

(v) The costs compared to benefits of allowing for increased costs associated with expedited delivery;

(vi) A method for comparing the anticipated out-of-service time of proposed projects and other projects planned during the same construction period;

(vii) Coordination with required United States coast guard dry dockings;

(viii) A method for comparing how proposed projects relate to the service requirements of the route on which the vessel normally operates; and

(ix) A method for evaluating the ongoing maintenance and preservation costs associated with proposed improvement projects.

Sec. 711. RCW 43.105.330 and 2006 c 76 s 2 are each amended to read as follows:
(1) The board shall appoint a state interoperability executive committee, the membership of which must include, but not be limited to, representatives of the military department, the Washington state patrol, the department of transportation, the department of information services, the department of natural resources, city and county governments, state and local fire chiefs, police chiefs, and sheriffs, and state and local emergency management directors. The chair and legislative members of the board will serve as nonvoting ex officio members of the committee. Voting membership may not exceed fifteen members.

(2) The chair of the board shall appoint the chair of the committee from among the voting members of the committee.

(3) The state interoperability executive committee has the following responsibilities:

(a) Develop policies and make recommendations to the board for technical standards for state wireless radio communications systems, including emergency communications systems. The standards must address, among other things, the interoperability of systems, taking into account both existing and future systems and technologies;

(b) Coordinate and manage on behalf of the board the licensing and use of state-designated and state-licensed radio frequencies, including the spectrum used for public safety and emergency communications, and serve as the point of contact with the federal communications commission on matters relating to allocation, use, and licensing of radio spectrum;

(c) (i) Coordinate the purchasing of all state wireless radio communications system equipment to ensure that:

(1) After the transition from a radio over internet protocol network, any new trunked system shall be, at a minimum, project 25;

(2) Any new system that requires advanced digital features shall be, at a minimum, project 25; and

(3) Any new system or equipment purchasing shall be, at a minimum, upgradeable to project 25;

(ii) Seek support, including possible federal or other funding, for state-sponsored wireless communications systems;

(iii) Foster cooperation and coordination among public safety and emergency response organizations;

(iv) Work with wireless communications groups and associations to ensure interoperability among all public safety and emergency response wireless communications systems; and

(b) (f) Perform such other duties as may be assigned by the board to promote interoperability of state wireless communications systems;

(4) (b) (f) Develop recommendations for legislation that may be required to promote interoperability of state wireless communications systems;

(5) Ferry system employees or any employee organization shall not negotiate or attempt to negotiate directly with anyone other than the person who has been appointed or authorized a bargaining representative for the purpose of bargaining with the ferry employees or their representative.

(6)(a) Within ten working days after the first Monday in September of every odd-numbered year, the parties shall attempt to agree on an interest arbitrator to be used if the parties are not successful in negotiating a comprehensive collective bargaining agreement. If the parties cannot agree on an arbitrator within the ten-day period, either party may request a list of seven arbitrators from the federal mediation and conciliation service. The parties shall select an interest arbitrator using the coin toss/alternate strike method within thirty calendar days of receipt of the list. Immediately upon selecting an interest arbitrator, the parties shall cooperate to reserve dates with the arbitrator for potential arbitration between August 1st and September 15th of the following even-numbered year. The parties shall also prepare a schedule of at least five negotiation dates of the following year, absent an agreement to the contrary. The parties shall execute a written agreement before November 1st of each odd-numbered year setting forth the name of the arbitrator and the dates reserved for bargaining and arbitration. This subsection (6)(a) imposes minimum obligations only and is not intended to define or limit a party's full, good faith bargaining obligation under other sections of this chapter.

(b) The negotiation of a proposed collective bargaining agreement by representatives of the employer and a ferry employee organization shall commence on or about February 1st of every even-numbered year.

(c) For negotiations covering the 2009-2011 biennium and subsequent biennia, the time periods specified in this section, and in RCW 47.64.210 and 47.64.300 through 47.64.320, must ensure conclusion of all agreements on or before October 1st of the even-numbered year next preceding the biennial budget period during which the agreement would take effect. These time periods may only be altered by mutual agreement of the parties in writing. Any such agreement and any impasse procedures agreed to by the parties under RCW 47.64.200 must include an agreement regarding the new time periods that will allow final resolution by negotiations or arbitration by October 1st of each even-numbered year.

(7) It is the intent of this section that the collective bargaining agreement or arbitrator's award shall commence on July 1st of each odd-numbered year and shall terminate on June 30th of the next odd-numbered year to coincide with the ensuing biennial budget year, as defined by RCW 43.88.020(7), to the extent practical. It is further the intent of this section that all collective bargaining agreements be concluded by October 1st of the even-numbered year before the commencement of the biennial budget year during which the agreements are to be in effect. After the expiration date of a collective bargaining agreement negotiated under this chapter, except to the extent provided in subsection (11) of this section and RCW 47.64.270(4), all of the terms and conditions specified in the collective bargaining agreement remain in effect until the effective date of a subsequently negotiated agreement, not to exceed one year from the expiration date stated in the agreement. Thereafter, the employer may unilaterally implement according to law.
(8) The office of financial management shall conduct a salary survey, for use in collective bargaining and arbitration, which must be conducted through a contract with a firm nationally recognized in the field of human resources management consulting.

(9) Except as provided in subsection (11) of this section:
(a) The governor shall submit a request either for funds necessary to implement the collective bargaining agreements including, but not limited to, the compensation and fringe benefit provisions or for legislation necessary to implement the agreement, or both. Requests for funds necessary to implement the collective bargaining agreements shall not be submitted to the legislature by the governor unless such requests:
   (i) Have been submitted to the director of the office of financial management by October 1st before the legislative session at which the requests are to be considered; and
   (ii) Have been certified by the director of the office of financial management as being feasible financially for the state.
(b) The governor shall submit a request either for funds necessary to implement the arbitration awards or for legislation necessary to implement the arbitration awards, or both. Requests for funds necessary to implement the arbitration awards shall not be submitted to the legislature by the governor unless such requests:
   (i) Have been submitted to the director of the office of financial management by October 1st before the legislative session at which the requests are to be considered; and
   (ii) Have been certified by the director of the office of financial management as being feasible financially for the state.
(c) The legislature shall approve or reject the submission of the request for funds necessary to implement the collective bargaining agreements or arbitration awards as a whole for each agreement or award. The legislature shall not consider a request for funds to implement a collective bargaining agreement or arbitration award unless the request is transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060. If the legislature rejects or fails to act on the submission, either party may reopen all or part of the agreement and award or the exclusive bargaining representative may seek to implement the procedures provided for in RCW 47.64.210 and 47.64.300.

(10) If, after the compensation and fringe benefit provisions of an agreement are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

(11)(a) For the collective bargaining agreements negotiated for the 2011-2013 fiscal biennium, the legislature may consider a request for funds to implement a collective bargaining agreement even if the request for funds was not received by the office of financial management by October 1st and was not transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060. If the legislature rejects or fails to act on the submission, either party may reopen all or part of the agreement and award or the exclusive bargaining representative may seek to implement the procedures provided for in RCW 47.64.210 and 47.64.300.
(b) For the 2011-2013 fiscal biennium, a collective bargaining agreement related to employee health care benefits negotiated between the employer and coalition pursuant to RCW 41.80.020(3) regarding the dollar amount expended on behalf of each employee must be a separate agreement for which the governor request funds necessary to implement the agreement. If such an agreement is negotiated and funded by the legislature, this agreement will supersede any terms and conditions of an expired 2009-2011 biennial master collective bargaining agreement under this chapter regarding health care benefits.

Sec. 713. RCW 47.64.270 and 2010 c 283 s 13 are each amended to read as follows:
(1) The employer and one coalition of all the exclusive bargaining representatives subject to this chapter and chapter 41.80 RCW shall conduct negotiations regarding the dollar amount expended on behalf of each employee for health care benefits.
(2) Absent a collective bargaining agreement to the contrary, the department of transportation shall provide contributions to insurance and health care plans for ferry system employees and dependents, as determined by the state health care authority, under chapter 41.05 RCW.
(3) The employer and employee organizations may collectively bargain for insurance plans other than health care benefits, and employer contributions may exceed that of other state agencies as provided in RCW 41.05.050.
(4) For the 2011-2013 fiscal biennium, a collective bargaining agreement related to employee health care benefits negotiated between the employer and coalition pursuant to RCW 41.80.020(3) regarding the dollar amount expended on behalf of each employee must be a separate agreement for which the governor may request funds necessary to implement the agreement. If such an agreement is negotiated and funded by the legislature, this agreement will supersede any terms and conditions of an expired 2009-2011 biennial collective bargaining agreement under this chapter regarding health care benefits.

Sec. 714. RCW 47.64.280 and 2010 c 283 s 14 are each amended to read as follows:

The commission shall consist of three members: One member to be appointed from labor, one member from industry, and one member from the public who has significant knowledge of maritime affairs. The public member shall be chair of the commission. One of the original members shall be appointed for a term of three years, one for a term of four years, and one for a term of five years. Their successors shall be appointed for terms of five years each, except that any person chosen to fill a vacancy shall be appointed only for the unexpired term of the member whom he or she succeeds. Commission members are eligible for reappointment. Any member of the commission may be removed by the governor, upon notice and hearing, for neglect of duty or malfeasance in office, but for no other cause. However, through June 30, 2013, the commission's duties identified in this subsection are subject to the availability of amounts appropriated for these specific purposes.
(3)(a) In adjudicating all complaints, grievances, and disputes, the party claiming labor disputes shall, in writing, notify the commission, which shall make careful inquiry into the cause thereof and issue an order advising the ferry employee, or the ferry employee organization representing him or her, and the department of transportation, as to the decision of the commission.
(b) The parties are entitled to offer evidence relating to disputes at all hearings conducted by the commission. The orders and awards of the commission are final and binding upon any ferry employee or employees or their representative affected thereby and upon the department.
(c) The commission shall adopt rules of procedure under chapter 34.05 RCW.
(d) The commission has the authority to subpoena any ferry employee or employees, or their representatives, and any member or representative of the department, and any witnesses. The commission may require attendance of witnesses and the production of all pertinent records at any hearings held by the commission. The subpoenas of the commission are enforceable by order of any superior court in the state of Washington for the county within which the proceeding may be pending. The commission may hire staff as necessary, appoint consultants, enter into contracts, and conduct studies as reasonably necessary to carry out this chapter.

Sec. 801. 2010 c 247 s 205 (uncodified) is amended to read as follows:

1. Pursuant to RCW 43.135.055, during the 2009-11 fiscal biennium, the transportation commission shall periodically review and, if necessary, modify the schedule of fares for the Washington state ferry system. 7. The commission shall work with the department of transportation's economic partnerships (Program K) in conducting a best practices review of nontoll, public-private partnerships. State Patrol Highway Account--Private/Local

Appropriation ................................................................. ($(867,000))
$939,000

TOTAL APPROPRIATION ..................................................... $236,400,000

The appropriations in this section are subject to the following conditions and limitations:

1. Washington state patrol officers engaged in off-duty uniformed employment providing traffic control services to the department of transportation or other state agencies may use state patrol vehicles for the purpose of that employment, subject to guidelines adopted by the chief of the Washington state patrol. The Washington state patrol shall be reimbursed for the use of the vehicle at the prevailing state employee rate for mileage and hours of usage, subject to guidelines developed by the chief of the Washington state patrol, and Cessna pilots funded from the state
patrol highway account who are certified to fly the King Airs may pilot those aircraft for general fund purposes with the general fund reimbursing the state patrol highway account an hourly rate to cover the costs incurred during the flights since the aviation section will no longer be part of the Washington state patrol cost allocation system as of July 1, 2009.

(2) The patrol shall not account for or record locally provided DUI cost reimbursement payments as expenditure credits to the state patrol highway account. The patrol shall report the amount of expected locally provided DUI cost reimbursements to the office of financial management and transportation committees of the legislature by September 30th of each year.

(3) During the 2009-11 fiscal biennium, the Washington state patrol shall continue to perform traffic accident investigations on Thurston county roads, and shall work with the county to transition the traffic accident investigations on Thurston county roads to the county by July 1, 2011.

The Washington state patrol may not incur overtime as a result of this pilot program. The Washington state patrol shall not assign troopers to operate or deploy the pilot program equipment used in the roadway construction zones.

((50,081,000)) .......................................................... TOTAL APPROPRIATION

$45,969,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The department shall develop a plan for all current and future surplus property parcels based on the recommendations from the surplus property legislative work group that were presented to the senate transportation committee on February 26, 2009. The plan must include, at a minimum, strategies for maximizing the number of parcels sold, a schedule that optimizes proceeds, a recommended cash discount, a plan to report to the joint transportation committee, a recommendation for regional incentives, and a recommendation for equivalent value exchanges. This plan must accompany the department's 2010 supplemental budget request. If the department determines that all or a portion of real property or an interest in real property that was acquired through condemnation within the previous ten years is no longer necessary for a transportation purpose, the former owner has a right of repurchase as described in this subsection. For the purposes of this subsection, "former owner" means the person or entity from whom the department acquired title. At least ninety days prior to the date on which the property is intended to be sold by the department, the department must mail notice of the planned sale to the former owner of the property at the former owner's last known address or to a forwarding address if that owner has provided the department with a forwarding address. If the former owner of the property's last known address, or forwarding address if a forwarding address has been provided, is no longer the former owner of the property's address, the
right of repurchase is extinguished. If the former owner notifies the department within thirty days of the date of the notice that the former owner intends to repurchase the property, the department shall proceed with the sale of the property to the former owner for fair market value and shall not list the property for sale to other owners. If the former owner does not provide timely written notice to the department of the intent to exercise a repurchase right, or if the sale to the former owner is not completed within seven months of the date of notice that the former owner intends to repurchase the property, the right of repurchase is extinguished. By December 1, 2010, the department shall report to the legislative transportation committees on the individuals and entities eligible to receive surplus property provided in RCW 47.12.063 to determine the frequency with which the department transfers property to those individuals and entities and the implications to the department. It is the intent of the legislature that the list of individuals and entities eligible to receive surplus property be periodically evaluated to determine whether the list is appropriate and provides utility to the department.

(2) The legislature recognizes that the Dryden pit site (WSDOT Inventory Control (IC) No. 2-04-00103) is unused state-owned real property under the jurisdiction of the department of transportation, and that the public would benefit significantly from the complete enjoyment of the natural scenic beauty and recreational opportunities available at the site. Therefore, pursuant to RCW 47.12.080, the legislature declares that transferring the property to the department of fish and wildlife for recreational use and fish and wildlife restoration efforts is consistent with the public interest in order to preserve the area for the use of the public and the betterment of the natural environment. The department of transportation shall work with the department of fish and wildlife, and shall transfer and convey the Dryden pit site to the department of fish and wildlife as is for an adjusted fair market value reflecting site conditions, the proceeds of which must be deposited in the motor vehicle fund. The department of transportation is not responsible for any costs associated with the cleanup or transfer of this property. By July 1, 2010, and annually thereafter until the entire Dryden pit property has been transferred, the department shall submit a status report regarding the transaction to the chairs of the legislative transportation committees.

(3) $3,175,000 of the motor vehicle account--state appropriation is provided solely for the department's compliance with its national pollution discharge elimination system permit.

(4) The department shall provide updated information on six project milestones for all active projects, funded in part or in whole with 2005 transportation partnership account funds or 2003 nickel account funds, on a quarterly basis in the transportation executive information system (TEIS). The department shall also provide updated information on six project milestones for projects, funded with preexisting funds and that are agreed to by the legislature, office of financial management, and the department, on a quarterly basis in TEIS.

(3) ($25,000) $45,000 of the motor vehicle account--state appropriation is provided solely for the implementation of a pilot project allowing advertisements and sponsorships on select web pages. The pilot project must be organized under the partnership model described in the department's web site monetizing feasibility study, which was prepared under subsection (2) of this section. Once operational, the pilot project must operate for at least twelve consecutive months. After twelve months of continuous operation, the department shall provide a report with recommendations on whether to continue project operations to the office of financial management and the chairs of the transportation committees.

The department may end the pilot project after less than twelve consecutive months of operation if insufficient bids or proposals are received from potential sponsors or advertisers. For the purpose of this subsection, if a consultant contract is warranted, the consultant contract is deemed a revenue generation activity as that term is construed in section 602(2), chapter 3, Laws of 2010.

The appropriations in this section are subject to the following conditions and limitations:

(1) If portions of the appropriations in this section are required to fund maintenance work resulting from major disasters not covered by federal emergency funds such as fire, flooding, snow, and major slides, supplemental appropriations must be requested to restore state funding for ongoing maintenance activities.
(2) The department shall request an unanticipated receipt for any federal moneys received for emergency snow and ice removal and shall place an equal amount of the motor vehicle account--state into unallotted status. This exchange shall not affect the amount of funding available for snow and ice removal.

(3) The department shall request an unanticipated receipt for any private or local funds received for reimbursements of third party damages that are in excess of the motor vehicle account--private/local appropriation.

(4) $7,000,000 of the motor vehicle account--federal appropriation is for unanticipated federal funds that may be received during the 2009-11 fiscal biennium. Upon receipt of the funds, the department shall provide a report on the use of the funds to the transportation committees of the legislature and the office of financial management.

(5) The department may incur costs related to the maintenance of the decorative lights on the Tacoma Narrows bridge only if:
(a) The nonprofit corporation, narrows bridge lights organization, maintains an account balance sufficient to reimburse the department for all costs; and
(b) The department is reimbursed from the narrows bridge lights organization within three months from the date any maintenance work is performed. If the narrows bridge lights organization is unable to reimburse the department for any future costs incurred, the lights must be removed at the expense of the narrows bridge lights organization subject to the terms of the contract.

(6) The department may work with the department of corrections to utilize corrections crews for the purposes of litter pickup on state highways.

(7) $650,000 of the motor vehicle account--state appropriation is provided solely for increased asphalt costs.

(8) $16,800,000 of the motor vehicle account--state appropriation is provided solely for the high priority maintenance backlog. Addressing the maintenance backlog must result in increased levels of service.

(9) $750,000 of the motor vehicle account--state appropriation is provided solely for the department's compliance with its national pollution discharge elimination system permit.

(10) $317,000 of the motor vehicle account--state appropriation is provided solely for maintaining a new active traffic management system on Interstate 5, Interstate 90, and SR 520. The department shall track the costs associated with these systems on a corridor basis and report to the legislative transportation committees on the cost and benefits of the system.

(11) $286,000 of the motor vehicle account--state appropriation is provided solely for storm water assessment fees charged by local governments.

(12) $835,000 of the motor vehicle account--state appropriation is provided solely for disaster-related maintenance expenditures that the department has incurred since the 2010 supplemental transportation budget on state route number 97A and state route number 401.

Sec. 812. 2010 c 247 s 218 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION--TRAFFIC OPERATIONS--PROGRAM Q--OPERATING
Motor Vehicle Account--State Appropriation .......................................................... (($51,128,000))
$49,764,000
Motor Vehicle Account--Federal Appropriation .................................................. $2,050,000
Motor Vehicle Account--Private/Local Appropriation ......................................... $127,000
.......................................................... TOTAL APPROPRIATION
($53,305,000)
$51,941,000

The appropriations in this section are subject to the following conditions and limitations:

(1) $2,400,000 of the motor vehicle account--state appropriation is provided solely for low-cost enhancements. The department shall give priority to low-cost enhancement projects that improve safety or provide congestion relief. The department shall prioritize low-cost enhancement projects on a statewide rather than regional basis. By September 1st of each even-numbered year, the department shall provide a report to the legislature listing all low-cost enhancement projects prioritized on a statewide rather than regional basis completed in the prior year.

(2) The department, in consultation with the Washington state patrol, may continue a pilot program for the patrol to issue infractions based on information from automated traffic safety cameras in roadway construction zones on state highways. For the purpose of this pilot program, during the 2009-11 fiscal biennium, a roadway construction zone includes areas where public employees or private contractors are not present but where a driving condition exists that would make it unsafe to drive at higher speeds, such as, when the department is redirecting or realigning lanes on any public roadway pursuant to ongoing construction. The department shall use the following guidelines to administer the program:
(a) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle;
(b) The department shall plainly mark the locations where the automated traffic safety cameras are used by placing signs on locations that clearly indicate to a driver that he or she is entering a roadway construction zone where traffic laws are enforced by an automated traffic safety camera;
(c) Notices of infractions must be mailed to the registered owner of a vehicle within fourteen days of the infraction occurring;
(d) The owner of the vehicle is not responsible for the violation if the owner of the vehicle, within fourteen days of receiving notification of the violation, mails to the patrol, a declaration under penalty of perjury, stating that the vehicle involved was, at the time, stolen or in the care, custody, or control of some person other than the registered owner, or any other extenuating circumstances;
(e) For purposes of the 2009-11 fiscal biennium pilot program, infractions detected through the use of automated traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras must be processed in the same manner as parking infractions for the purposes of RCW 3.50.100, 35.20.220, 46.16.216, and 46.20.270(3). However, the amount of the fine issued under this subsection (2) for an infraction generated through the use of an automated traffic safety camera is one hundred thirty-seven dollars. The court shall remit thirty-two dollars of the fine to the state treasurer for deposit into the state patrol highway account; and
(f) If a notice of infraction is sent to the registered owner and the registered owner is a rental car business, the infraction must be dismissed against the business if it mails to the patrol, within fourteen days of receiving the notice, a declaration under penalty of perjury of the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred. If the business is unable to determine who
was driving or renting the vehicle at the time the infraction occurred, the business must sign a declaration under penalty of perjury to this effect. The declaration must be mailed to the patrol within fourteen days of receiving the notice of traffic infraction. Timely mailing of this declaration to the issuing agency relieves a rental car business of any liability under this section for the notice of infraction. A declaration form suitable for this purpose must be included with each automated traffic infraction notice issued, along with instructions for its completion and use.

(3) The department shall implement a pilot project to evaluate the benefits of using electronic traffic flagging devices. Electronic traffic flagging devices must be tested by the department at multiple sites and reviewed for efficiency and safety. The department shall report to the transportation committees of the legislature on the best use and practices involving electronic traffic flagging devices, including recommendations for future use, by June 30, 2010.

(4) $173,000 of the motor vehicle account--state appropriation is provided solely for the department to continue a pilot tow truck incentive program and to expand the program to other areas of the state. The department may provide incentive payments to towing companies that meet clearance goals on accidents that involve heavy trucks. The department shall report to the office of financial management and the transportation committees of the legislature on the effectiveness of the clearance goals and submit recommendations to improve the pilot program with the department's 2010 supplemental omnibus transportation appropriations act submittal. The tow truck incentive program may continue to provide incentives for quick clearance of traffic incidents involving large vehicles. The department shall make recommendations as part of its biennial budget proposal for expanding the use of the incentive program.

(5) $92,000 of the motor vehicle account--state appropriation is provided solely for operating a new active traffic management system on Interstate 5, Interstate 90, and SR 520. The department shall track the costs associated with these systems on a corridor basis and report to the legislative transportation committees on the cost and benefits of the system.

(6) To the extent practicable, the department shall synchronize traffic lights on state route number 161 in the vicinity of Puyallup.

(7) During the 2009-11 biennium, the department shall implement a pilot program that expands private transportation providers’ access to high occupancy vehicle lanes. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, the following vehicles must be authorized to use the reserved portion of the highway if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle: (a) Auto transportation company vehicles regulated under chapter 81.68 RCW; (b) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department rules; (c) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (d) private employer transportation service vehicles. For purposes of this subsection, “private employer transportation service” means regularly scheduled, fixed-route transportation service that is offered by an employer for the benefit of its employees. By June 30, 2011, the department shall report to the transportation committees of the legislature on whether private transportation provider use of high occupancy vehicle lanes under the pilot program reduces the speeds of high occupancy vehicle lanes. Nothing in this subsection is intended to authorize the conversion of public infrastructure to private, for-profit purposes or to otherwise create an entitlement or other claim by private users to public infrastructure.

Multimodal Transportation Account--Federal
Appropriation ........................................................................................................ $2,573,000
Multimodal Transportation Account--Private/Local
Appropriation ........................................................................................................ $1,025,000
TOTAL APPROPRIATION ......................................................................................... $125,477,000

The appropriations in this section are subject to the following conditions and limitations:

(1) $25,000,000 of the multimodal transportation account--state appropriation is provided solely for a grant program for special needs transportation provided by transit agencies and nonprofit providers of transportation.

(a) $5,500,000 of the amount provided in this subsection is provided solely for grants to nonprofit providers of special needs transportation. Grants for nonprofit providers shall be based on need, including the availability of other providers of service in the area, efforts to coordinate trips among providers and riders, and the cost effectiveness of trips provided.

(b) $19,500,000 of the amount provided in this subsection is provided solely for grants to transit agencies to transport persons with special transportation needs. To receive a grant, the transit agency must have a maintenance of effort for special needs transportation that is no less than the previous year’s maintenance of effort for special needs transportation. Grants for transit agencies shall be prorated based on the amount expended for demand response service and route deviated service in calendar year 2007 as reported in the “Summary of Public Transportation - 2007” published by the department of transportation. No transit agency may receive more than thirty percent of these distributions.

(2) Funds are provided for the rural mobility grant program as follows:

(a) $8,500,000 of the multimodal transportation account--state appropriation is provided solely for grants for those transit systems serving small cities and rural areas as identified in the “Summary of Public Transportation - 2007” published by the department of transportation. Noncompetitive grants must be distributed to the transit systems serving small cities and rural areas in a manner similar to past disparity equalization programs.

(b) $8,500,000 of the multimodal transportation account--state appropriation is provided solely to providers of rural mobility service in areas not served or underserved by transit agencies through a competitive grant process.
(3) $7,000,000 of the multimodal transportation account--state appropriation is provided solely for a vanpool grant program for: (a) Public transit agencies to add vanpools or replace vans; and (b) incentives for employers to increase employee vanpool use. The grant program for public transit agencies will cover capital costs only; operating costs for public transit agencies are not eligible for funding under this grant program. Additional employees may not be hired from the funds provided in this section for the vanpool grant program, and supplanting of transit funds currently funding vanpools is not allowed. The department shall encourage grant applicants and recipients to leverage funds other than state funds. At least $1,600,000 of this amount must be used for vanpool grants in congested corridors.

(4) $(440,000) $280,000 of the multimodal transportation account--state appropriation is provided solely for a grant for a flexible carpooling pilot project to be administered and monitored by the department. Funds are appropriated for one time only. The pilot project program must: Test and implement at least one flexible carpooling system in a high-volume commuter area that enables carpooling without prearrangement; utilize technologies that, among other things, allow for transfer of ride credits between participants; and be a membership system that involves prescreening to ensure safety of the participants. The program must include a pilot project that targets commuter traffic on the state route number 520 bridge. The department shall submit to the legislature by December 2010 a report on the program results and any recommendations for additional flexible carpooling programs.

(5) $3,318,000 of the multimodal transportation account--state appropriation and $(21,248,000) $17,778,000 of the regional mobility grant program account--state appropriation are reappropriated and provided solely for the regional mobility grant projects identified on the LEAP Transportation Document 2007-B, as developed April 20, 2007, or the LEAP Transportation Document 2006-D, as developed March 8, 2006. The department shall continue to review all projects receiving grant awards under this program at least semiannually to determine whether the projects are making satisfactory progress. The department shall promptly close out grants when projects have been completed, and any remaining funds available to the office of transit mobility must be used only to fund projects on the LEAP Transportation Document 2006-D, as developed March 8, 2006; the LEAP Transportation Document 2007-B, as developed April 20, 2007; or the LEAP Transportation Document 2009-B, as developed April 24, 2009. It is the intent of the legislature to appropriate funds through the regional mobility grant program only for projects that will be completed on schedule. However, the Chuckanut park and ride project (101100G) is recognized as a crucial investment in the transportation system. For this reason, the department shall not close out the grant for the Chuckanut park and ride project until Skagit transit has exhausted all other pending opportunities for federal and local funds. If additional funds cannot be secured, the department shall consider this project a priority in the 2011-13 grant process. The department shall make every effort to advance the Chuckanut park and ride project within existing resources.

(6) $(231,420,000) $32,882,000 of the regional mobility grant program account--state appropriation is provided solely for the regional mobility grant projects identified in LEAP Transportation Document 2009-B, as developed April 24, 2009. The department shall review all projects receiving grant awards under this program at least semiannually to determine whether the projects are making satisfactory progress. Any project that has been awarded funds, but does not report activity on the project within one year of the grant award, must be reviewed by the department to determine whether the grant should be terminated. The department shall promptly close out grants when projects have been completed, and any remaining funds available to the office of transit mobility must be used only to fund projects identified in LEAP Transportation Document 2009-B, as developed April 24, 2009. The department shall provide annual status reports on December 15, 2009, and December 15, 2010, to the office of financial management and the transportation committees of the legislature regarding the projects receiving the grants. It is the intent of the legislature to appropriate funds through the regional mobility grant program only for projects that will be completed on schedule.

(7) $(10,596,768) $5,671,768 of the regional mobility grant program account--state appropriation must be obligated no later than December 31, 2010, and is provided solely for the following recommended contingency regional mobility grant projects identified in the 2009-11 omnibus transportation appropriations act, LEAP Transportation Document 2009-B, as developed April 24, 2009, as follows:

(a) $(34,000,000) $975,000 is provided solely for the Rainier/Jackson transit priority corridor improvements;
(b) $(2,100,000) $200,000 is provided solely for the state route number 522 west city limits to Northeast 180th stage 2A (91st Ave NE to west of 96th Ave NE) project; and

Sec. 816. 2010 c 247 s 222 (uncodified) is amended to read as follows:

**FOR THE DEPARTMENT OF TRANSPORTATION--MARINE--PROGRAM X**

Puget Sound Ferry Operations Account--State

Appropriation .............................................................................................................................................. ($625,022,000)

$446,961,000

The appropriation in this section is subject to the following conditions and limitations:

(1) ([$28,754,952]) $97,053,000 of the Puget Sound ferry operations account--state appropriation is provided solely for auto ferry vessel operating fuel in the 2009-11 fiscal biennium. This appropriation is contingent upon the enactment of sections 716 and 701 of this act. All fuel purchased by the Washington state ferries at Harbor Island truck terminal for the operation of the Washington state ferries diesel powered vessels must be a minimum of five percent biodiesel blend so long as the per gallon price of diesel containing a five percent biodiesel blend level does not exceed the per gallon price of diesel by more than five percent.

(2) To protect the waters of Puget Sound, the department shall investigate nontoxic alternatives to fuel additives and other commercial products that are used to operate, maintain, and preserve vessels.

(3) If, after the department's review of fares and pricing policies, the department proposes a fuel surcharge, the department must evaluate other cost savings and fuel price stabilization strategies that would be implemented before the imposition of a fuel surcharge. The department shall report to the legislature and transportation commission on its progress of implementing new fuel forecasting and budgeting practices, price hedging contracts for fuel purchases, and fuel conservation strategies by November 30, 2010...

(4) The department shall strive to significantly reduce the number of injuries suffered by Washington state ferries employees. By December 15, 2009, the department shall submit to the office of financial management and the transportation committees of the legislature its implementation plan to reduce such injuries.

(5) The department shall continue to provide service to Sidney, British Columbia. The department may place a Sidney terminal departure surcharge on fares for out of state residents riding the Washington state ferry route that runs between Anacortes, Washington and Sidney, British Columbia, if the cost for landing/license fee, taxes, and additional amounts charged for docking in excess of $280,000 CDN. The surcharge must be limited to recovering amounts above $280,000 CDN.

(6) The department shall analyze operational solutions to enhance service on the Bremerton to Seattle ferry run. The Washington state ferries shall report its analysis to the transportation committees of the legislature by December 1, 2009.

(7) The office of financial management budget instructions require agencies to recast enacted budgets into activities. The Washington state ferries shall include a greater level of detail in its 2011-13 omnibus transportation appropriations act request, as determined jointly by the office of financial management, the Washington state ferries, and the legislative transportation committees.

(8) ([$4,794,000]) $6,116,000 of the Puget Sound ferry operations account--state appropriation is provided solely for commercial insurance for ferry assets. The office of financial management, after consultation with the transportation committees of the legislature, must present a business plan for the Washington state ferry system's insurance coverage to the 2010 legislature. The business plan must include a cost-benefit analysis of Washington state ferries' current commercial insurance purchased for ferry assets and a review of self-insurance for noncatastrophic events.

(9) $1,100,000 of the Puget Sound ferry operations account--state appropriation is provided solely for a marketing program. The department shall present a marketing program proposal to the transportation committees of the legislature during the 2010 legislative session before implementing this program. Of this amount, $10,000 is for the city of Port Townsend and $10,000 is for the town of Coupeville for mitigation expenses related to only one vessel operating on the Port Townsend/Keystone ferry route. The moneys provided to the city of Port Townsend and town of Coupeville are not contingent upon the required marketing proposal.

(10) $350,000 of the Puget Sound ferry operations account--state appropriation is provided solely for two extra trips per day during the summer of 2009 season, beyond the current schedule, on the Port Townsend/Keystone route.

(11) When purchasing uniforms that are required by collective bargaining agreements, the department shall contract with the lowest cost provider.

(12) The legislature finds that measuring the performance of Washington state ferries requires the measurement of quality, timeliness, and unit cost of services delivered to customers. Consequently, the department must develop a set of metrics that measure that performance and report to the transportation committees of the legislature and to the office of financial management on the development of these measurements along with recommendations to the 2010 legislature on which measurements must become a part of the next omnibus transportation appropriations act.

(13) As a priority task, the department is directed to propose a comprehensive incident and accident investigation policy and appropriate procedures, and to provide the proposal to the legislature by November 1, 2009, using existing resources and staff expertise. In addition to consulting with ferry system unions and the United States coast guard, the Washington state ferries is encouraged to solicit independent outside expertise on incident and accident investigation best practices as they may be found in other organizations with a similar concern for marine safety. It is the intent of the legislature to enact the policies into law and to publish that law and procedures as a manual for Washington state ferries' incident/accident investigations. Until that time, the Washington state ferry system must exercise particular diligence to assure that any incident or accident investigations are conducted within the spirit of the guidelines of this act. The proposed policy must contain, at a minimum:

(a) The definition of an incident and an accident and the type of investigation that is required by both types of events;

(b) The process for appointing an investigating officer or officers and a description of the authorities and responsibilities of the investigating officer or officers. The investigating officer or officers must:

(i) Have the appropriate training and experience as determined by the policy;

(ii) Not have been involved in the incident or accident so as to avoid any conflict of interest;

(iii) Have full access to all persons, records, and relevant organizations that may have information about or may have contributed to, directly or indirectly, the incident or accident under investigation, in compliance with any affected employee's or employees' respective collective bargaining agreement and state laws and rules regarding public disclosure under chapter 42.56 RCW;
(iv) Be provided, with, if requested by the investigating officer or officers, appropriate outside technical expertise; and
(v) Be provided with staff and legal support by the Washington state ferries as may be appropriate to the type of investigation;
(c) The process of working with the affected employee or employees in accordance with the employee's or employees' respective collective bargaining agreement and the appropriate union officials, within protocols afforded to all public employees;
(d) The process by which the United States coast guard is kept informed of, interacts with, and reviews the investigation;
(e) The process for review, approval, and implementation of any approved recommendations within the department; and
(f) The process for keeping the public informed of the investigation and its outcomes, in compliance with any affected employee's or employees' respective collective bargaining agreement and state laws and rules regarding public disclosure under chapter 42.56 RCW.

14) $7,300,000 of the Puget Sound ferry operations account—state appropriation is provided solely for the purposes of travel time associated with Washington state ferries employees. However, if Engrossed Substitute House Bill No. 3209 (managing costs of ferry system) is enacted by June 30, 2010, containing an appropriation for purposes of travel time associated with Washington state ferries employees, the amount provided in this subsection lapses.

15) $50,000 of the Puget Sound ferry operations account—state appropriation is provided solely to implement a mechanism to report on-time performance statistics.

(a) The department shall conduct a study to identify process changes that would improve on-time performance on a route-by-route basis. The study must include looking into the slowing down of vessels for fuel economy purposes and touch-and-go sailings on peak runs. The department shall report its findings to the transportation committees of the senate and house of representatives by December 1, 2010.

(b) The department shall, by November 1, 2010, report to the transportation committees of the legislature statistics regarding its on-time arrival and departure status on a route-by-route and month-by-month basis, as well as an annual route-by-route and systemwide basis, weighted by the number of customers on each sailing and distinguishing peak period on-time performance. The statistics must include reasons for any delays over ten minutes from the scheduled time. The statistics must be prominently displayed on the Washington state ferries' web site. Each Washington state ferries vessel and terminal must prominently display the statistics as they relate to their specific route.

16) The department shall investigate outsourcing the call center functions planned for the ferry reservation system and report its findings to the transportation committees of the senate and house of representatives by December 15, 2010.

17) By July 1, 2010, the department shall provide to the governor and the transportation committees of the senate and house of representatives a listing of all benefits that Washington state ferries union employees receive that other state employees do not traditionally receive. The listing must include any costs associated with these benefits.

(b) Evaluate the most advanced tolling technology to maintain travel time speed and reliability for users of the Interstate 5 bridge;

(c) Confer with the project sponsor's council, as well as local and regional governing bodies adjacent to the Interstate 5 Columbia river crossing corridor and the Interstate 205 corridor regarding the implementation of tolls, the impacts that the implementation of tolls might have on the operation of the corridors, the diversion of traffic to local streets, and potential mitigation measures;

(24) Project number 330215A in the LEAP transportation document described in subsection (1) of this section is expanded to include safety and congestion improvements from the Key Peninsula Highway to the vicinity of Purdy. The department shall consult with the Washington traffic safety commission to ensure that this project includes improvements at intersections and along the roadway to reduce the frequency and severity of collisions related to roadway conditions and traffic congestion.

FOR THE DEPARTMENT OF TRANSPORTATION--RAIL--PROGRAM Y--CAPITAL

The appropriations in this section are subject to the following conditions and limitations:

(1)(a) Except as provided otherwise in this section, the entire appropriations in this section are provided solely for the projects and activities as listed by project and amount in LEAP Transportation Document 2011-2 ALL PROJECTS ((2010-2)) as developed ((March 9, 2010)) April 19, 2011. Program - Rail Capital Program (Y).

(b)(i) Within the amounts provided in this section, $116,000 of the transportation infrastructure account--state appropriation is for a low-interest loan through the freight rail investment bank program to the Port of Ephrata (BIN 722710A) for rehabilitation of a rail spur.

(ii) Within the amounts provided in this section, ($1,200,000) $400,000 of the transportation infrastructure account--state appropriation is for a low-interest loan through the freight rail investment bank program to the Port of Everett (BIN 722810A) for a new rail track to connect a cement loading facility to the mainline.

(iii) The department shall issue the loans referenced in this subsection (1)(b) with a repayment period of no more than ten years, and only so much interest as is necessary to recoup the department's costs to administer the loans.

(c)(i) Within the amounts provided in this section, $1,713,000 of the multimodal transportation account--state appropriation and $333,000 of the essential rail assistance account--state appropriation are for statewide - emergent freight rail assistance projects as follows: Port of Ephrata/Ephrata - additional spur rehabilitation (BIN 722710A) $363,000; Tacoma Rail/Tacoma - new refinery spur tracks (BIN 711010A) $420,000; CW Line/Lincoln County - grade crossing rehabilitation (BIN 700610A) $371,000; Chelatchie Prairie owned railroad/Vancouver - track rehabilitation (BIN 710110A) $367,000; Tacoma Rail/Tacoma - improved locomotive facility (BIN 711010B) $525,000.

(ii) Within the amounts provided in this section, ($338,000) $346,000 of the multimodal transportation account--state appropriation is for a statewide - emergent freight rail assistance project grant for the Lincoln County PDA/Creston - new rail spur (BIN (210510A) F01001E) project, provided that the grantee first documents to the satisfaction of the department sufficient commitments from the new shipper or shippers to locate in the publicly owned industrial park west of Creston to ensure that the net present value of the public benefits of the project is greater than the grant amount.
(d) Within the amounts provided in this section, ($8,115,000) $8,079,000 of the transportation infrastructure account—state appropriation is for grants to any intergovernmental entity or local rail district to which the department of transportation assigns the management and oversight responsibility for the business and economic development elements of existing operating leases on the Palouse River and Coulee City (PCC) rail lines. $300,000 of the transportation infrastructure account—state appropriation is provided solely for the fence line replacement project on the CW line. The PCC rail line system is made up of the CW, P&L, and PV Hooper rail lines. Business and economic development elements include such items as levels of service and business operating plans, but must not include the state's oversight of railroad regulatory compliance, rail infrastructure condition, or real property management issues. The PCC rail system must be managed in a self-sustaining manner and best efforts must be used to ensure that it does not require state capital or operating subsidy beyond the level of state funding expended on it to date. The assignment of the stated responsibilities to an intergovernmental entity or rail district must be on terms and conditions as the department of transportation and the intergovernmental entity or rail district mutually agree. The grant funds may be used only to refurbish the rail lines. It is the intent of the legislature to make the funds appropriated in this section available as grants to an intergovernmental entity or local rail district for the purposes stated in this section at least until June 30, 2012, and to reappropriate as necessary any portion of the appropriation in this section that is not used by June 30, 2011.

(2)(a) The department shall issue a call for projects for the freight rail investment bank program and the emergent freight rail assistance program, and shall evaluate the applications according to the cost benefit methodology developed during the 2008 interim using the legislative priorities specified in (c) of this subsection. By November 1, 2010, the department shall submit a prioritized list of recommended projects to the office of financial management and the transportation committees of the legislature.

(b) When the department identifies a prospective rail project that may have strategic significance for the state, or at the request of a proponent of a prospective rail project or a member of the legislature, the department shall evaluate the prospective project according to the cost benefit methodology developed during the 2008 interim using the legislative priorities specified in (c) of this subsection. The department shall report its cost benefit evaluation of the prospective rail project, as well as the department's best estimate of an appropriate construction schedule and total project costs, to the office of financial management and the transportation committees of the legislature.

(c) The legislative priorities to be used in the cost benefit methodology are, in order of relative importance:

(i) Economic, safety, or environmental advantages of freight movement by rail compared to alternative modes;

(ii) Self-sustaining economic development that creates family-wage jobs;

(iii) Preservation of transportation corridors that would otherwise be lost;

(iv) Increased access to efficient and cost-effective transport to market for Washington's agricultural and industrial products;

(v) Better integration and cooperation within the regional, national, and international systems of freight distribution; and

(vi) Mitigation of impacts of increased rail traffic on communities.

(3) The department is directed to seek the use of unprogrammed federal rail crossing funds to be expended in lieu of or in addition to state funds for eligible costs of projects in program Y.

(4) At the earliest possible date, the department shall apply, and assist ports and local jurisdictions in applying, for any federal funding that may be available for any projects that may qualify for such federal funding. State projects must be (a) currently identified on the project list referenced in subsection (1)(a) of this section or (b) projects for which no state match is required to complete the project. Local or port projects must not require additional state funding in order to complete the project, with the exception of (c) state funds currently appropriated for such project if currently identified on the project list referenced in subsection (1)(a) of this section or (d) potential grants awarded in the competitive grant process for the essential rail assistance program. If the department receives any federal funding, the department is authorized to obligate and spend the federal funds in accordance with federal law. To the extent permissible by federal law, federal funds may be used (e) in addition to state funds appropriated for projects currently identified on the project list referenced in subsection (1)(a) of this section or (d) potential grants awarded in the competitive grant process for the essential rail assistance program. The department may be redirected only upon consultation with the transportation committees of the legislature and the office of financial management, and approval by the director of the office of financial management. The department shall spend the federal funds before the state funds, and shall consult the office of financial management and the transportation committees of the legislature regarding project scope changes.

(5) The department shall provide quarterly reports to the office of financial management and the transportation committees of the legislature regarding applications that the department submits for federal funds and the status of such applications.

(6) The department shall, on a quarterly basis, provide to the office of financial management and the legislature reports providing the status on active projects identified in the LEAP transportation document described in subsection (1)(a) of this section. Report formatting and elements must be consistent with the October 2009 quarterly project report.

(7) The multimodal transportation account—state appropriation includes up to $48,000,000 in proceeds from the sale of bonds authorized in RCW 47.10.867.

(8) When the balance of that portion of the miscellaneous program account apportioned to the department for the grain train program reaches $1,180,000, the department shall acquire twenty-nine additional grain train railcars.

(9) ($550,000,000) $22,354,000 of the multimodal transportation account—federal appropriation is provided solely for high-speed rail projects awarded to Washington state from the high-speed intercity passenger rail program under the American recovery and reinvestment act. Funding will allow for two additional round trips between Seattle and Portland, and other rail improvements.

(10) $2,200,000 of the multimodal transportation account—state appropriation is provided solely for expenditures related to the capital high-speed passenger rail grant that are not federally reimbursable.

(11) The Burlington Northern Santa Fe Skagit river bridge is an integral part of the rail system. Constructed in 1916, the bridge does not meet current design standards and is at risk during flood events that occur on the Skagit river. The department shall work with Burlington Northern Santa Fe and local jurisdictions to secure federal funding for the Skagit river bridge and to develop an appropriate replacement plan and schedule.

(12) $1,000,000 of the multimodal transportation account—state appropriation is provided solely for additional expenditures along the Chelatchie Prairie railroad (LN2000025) (710110A).

CONFERENCE COMMITTEE REPORT

April 20, 2011

Engrossed Substitute House Bill No. 1478

Includes “New Item”: YES

Mr. Speaker:

We of your Conference Committee, to whom was referred ENGROSSED SUBSTITUTE HOUSE BILL NO. 1478, delaying or modifying certain regulatory and statutory requirements affecting cities and counties, have had the same under consideration and we recommend that:

All previous amendments not be adopted and that the attached striking amendment be adopted

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. It is the legislature's intent to provide local governments with more time to meet certain statutory requirements. Many cities and counties in Washington are facing revenue shortfalls, higher expenses, and more difficulty with borrowing money as a result of the economic downturn. The effects of the economic downturn on the budgets of local governments will be felt most deeply from 2010 to 2012. Local governments are facing the combined impact of decreased tax revenues, a falloff in state and federal aid, and increased demand for social services. With the loss of tax revenue and state and federal aid, local governments are being forced to make significant cuts that will eliminate jobs, curtail essential services, and increase the number of people in need. Additionally, local governments are struggling to comply with certain statutory requirements. Local governments want to comply with these statutory requirements, but with budget constraints, they need more time to do so. The legislature does not intend to remove any existing statutory requirement, but rather modify the time under which a local government must meet certain statutory requirements. Sec. 2. RCW 36.70A.130 and 2010 c 216 s 1 and 2010 c 211 s 2 are each reenacted and amended to read as follows:

(1)(a) Each comprehensive land use plan and development regulations shall be subject to continuing review and evaluation by the county or city that adopted them. Except as otherwise provided, a county or city shall take legislative action to review and, if needed, revise its comprehensive land use plan and development regulations to ensure the plan and regulations comply with the requirements of
this chapter according to the deadlines in subsections (4) and (5) of this section.

(b) Except as otherwise provided, a county or city not planning under RCW 36.70A.040 shall take action to review and, if needed, revise its policies and development regulations regarding critical areas and natural resource lands adopted according to this chapter to ensure these policies and regulations comply with the requirements of this chapter according to the deadlines in subsections (4) and (5) of this section. Legislative action means the adoption of a resolution or ordinance following notice and a public hearing indicating at a minimum, a finding that a review and evaluation has occurred and identifying the revisions made, or that a revision was not needed and the reasons therefor.

(c) (The review and evaluation required by this subsection may be combined with the review required by subsection (3) of this section.) The review and evaluation required by this subsection shall include, but is not limited to, consideration of critical area ordinances and, if planning under RCW 36.70A.040, an analysis of the population allocated to a county or city from the most recent ten-year population forecast by the office of financial management.

(d) Any amendment of or revision to a comprehensive land use plan shall conform to this chapter. Any amendment of or revision to development regulations shall be consistent with and implement the comprehensive plan.

(2)(a) Each county and city shall establish and broadly disseminate to the public a public participation program consistent with RCW 36.70A.035 and 36.70A.140 that identifies procedures and schedules whereby updates, proposed amendments, or revisions of the comprehensive plan are considered by the governing body of the county or city no more frequently than once every other year. "Updates" means to review and revise, if needed, according to subsection (1) of this section, and the deadlines in subsections (4) and (5) of this section or in accordance with the provisions of subsection (6) of this section. Amendments may be considered more frequently than once per year under the following circumstances:

(i) The initial adoption of a subarea plan. Subarea plans adopted under this subsection (2)(a)(i) must clarify, supplement, or implement jurisdiction-wide comprehensive plan policies, and may only be adopted if the cumulative impacts of the proposed plan are addressed by appropriate environmental review under chapter 43.21C RCW;

(ii) The development of an initial subarea plan for economic development located outside of the one hundred year floodplain in a county that has completed a state-funded pilot project that is based on watershed characterization and local habitat assessment;

(iii) The adoption or amendment of a shoreline master program under the procedures set forth in chapter 90.38 RCW;

(iv) The amendment of the capital facilities element of a comprehensive plan that occurs concurrently with the adoption or amendment of a county or city budget; or

(v) The adoption of comprehensive plan amendments necessary to enact a planned action under RCW 43.21C.031(2), provided that amendments are considered in accordance with the public participation program established by the county or city under this subsection (2)(a) and all persons who have requested notice of a comprehensive plan update are given notice of the amendments and an opportunity to comment.

(b) Except as otherwise provided in (a) of this subsection, all proposals shall be considered by the governing body concurrently so the cumulative effect of the various proposals can be ascertained. However, after appropriate public participation a county or city may adopt amendments or revisions to its comprehensive plan that conform with this chapter whenever an emergency exists or to resolve an appeal of a comprehensive plan filed with the growth management hearings board or with the court.

(3)(a) Each county that designates urban growth areas under RCW 36.70A.110 shall review, (at least every ten years) according to the schedules established in subsection (5) of this section, its designated urban growth area or areas, and the densities permitted within both the incorporated and unincorporated portions of each urban growth area. In conjunction with this review by the county, each city located within an urban growth area shall review the densities permitted within its boundaries, and the extent to which the urban growth occurring within the county has located within each city and the unincorporated portions of the urban growth areas.

(b) The county comprehensive plan designating urban growth areas, and the densities permitted in the urban growth areas by the comprehensive plans of the county and each city located within the urban growth areas, shall be revised to accommodate the urban growth projected to occur in the county for the succeeding twenty-year period. The review required by this subsection may be combined with the review and evaluation required by RCW 36.70A.215.

(4) Except as provided in subsection (6) of this section, counties and cities shall take action to review and, if needed, revise their comprehensive plans and development regulations to ensure the plan and regulations comply with the requirements of this chapter as follows:

(a) On or before December 1, 2004, for Clallam, Clark, Jefferson, King, Kitsap, Pierce, Snohomish, Thurston, and Whatcom counties and the cities within those counties;

(b) On or before December 1, 2005, for Cowlitz, Island, Lewis, Mason, San Juan, Skagit, and Skamania counties and the cities within those counties;

(c) On or before December 1, 2006, for Benton, Chelan, Douglas, Grant, Kittitas, Spokane, and Yakima counties and the cities within those counties;

(d) On or before December 1, 2007, for Adams, Asotin, Columbia, Ferry, Franklin, Garfield, Grays Harbor, Klickitat, Lincoln, Okanogan, Pacific, Pend Oreille, Stevens, Wahkiakum, Walla Walla, and Whitman counties and the cities within those counties.

(5) Except as otherwise provided in subsection (6) of this section, following the review of comprehensive plans and development regulations required by subsection (4) of this section, counties and cities shall take action to review and, if needed, revise their comprehensive plans and development regulations to ensure the plan and regulations comply with the requirements of this chapter as follows:

(a) On or before (December 1, 2014)) June 30, 2015, and every (seven) years thereafter, for (Clallam, Clark, Jefferson, King, Kitsap, Pierce, Snohomish, Thurston, and Whatcom) counties and the cities within those counties;

(b) On or before (December 1, 2015)) June 30, 2016, and every (seven) years thereafter, for (Cowlitz, Chelan, Clark, Island, Lewis, Jefferson, Kitsap, Mason, San Juan, Skagit, Thurston, and Skamania) Whatcom counties and the cities within those counties;

(c) On or before (December 1, 2016)) June 30, 2017, and every (seven) years thereafter, for Benton, Chelan, Cowlitz, Douglas, Grant, Kittitas, Lewis, Skamania, Spokane, and Yakima counties and the cities within those counties; and

(6) (a) Nothing in this section precludes a county or city from conducting the review and evaluation required by this section before the deadlines established in subsections (4) and (5) of this section. Counties and cities may begin this process early and may be eligible for grants from the department, subject to available funding, if they elect to do so.
(b) A county that is subject to a deadline established in subsection (4)(b) through (d) of this section and meets the following criteria may comply with the requirements of this section at any time within the thirty-six months following the deadline established in subsection (4) of this section: The county has a population of less than fifty thousand and has had its population increase by no more than seventeen percent in the ten years preceding the deadline established in subsection (4) of this section as of that date.

(c) A city that is subject to a deadline established in subsection (4)(b) through (d) of this section and meets the following criteria may comply with the requirements of this section at any time within the thirty-six months following the deadline established in subsection (4) of this section: The city has a population of no more than five thousand and has had its population increase by the greater of either no more than one hundred persons or no more than seventeen percent in the ten years preceding the deadline established in subsection (4) of this section as of that date.

(d) A county or city that is subject to a deadline established in subsection (4)(d) of this section and that meets the criteria established in subsection (6)(b) or (c) of this section may comply with the requirements of subsection (4)(d) of this section at any time within the thirty-six months after the extension provided in subsection (6)(b) or (c) of this section.

(g) State agencies are encouraged to provide technical assistance to the counties and cities in the review of critical area ordinances, comprehensive plans, and development regulations.

(7)(a) The requirements imposed on counties and cities under this section shall be considered "requirements of this chapter" under the terms of RCW 36.70A.040(1). Only those counties and cities that meet the following criteria may receive grants, loans, pledges, or financial guarantees under chapter 43.155 or 70.146 RCW:

(i) Complying with the deadlines in this section;

(ii) Demonstrating substantial progress towards compliance with the schedules in this section for development regulations that protect critical areas; or

(iii) Complying with the extension provisions of subsection (6)(b), (c), or (d) of this section.

Only those counties and cities in compliance with the schedules in this section may receive preference for grants or loans subject to the provisions of RCW 43.17.250.

Sec. 3. RCW 36.70A.215 and 1997 c 429 s 25 are each amended to read as follows:

(1) Subject to the limitations in subsection (7) of this section, a county shall adopt, in consultation with its cities, countywide planning policies to establish a review and evaluation program. This program shall be in addition to the requirements of RCW 36.70A.110, 36.70A.130, and 36.70A.210. In developing and implementing the review and evaluation program required by this section, the county and its cities shall consider information from other appropriate jurisdictions and sources. The purpose of the review and evaluation program shall be to:

(a) Determine whether a county and its cities are achieving urban densities within urban growth areas by comparing growth and development assumptions, targets, and objectives contained in the countywide planning policies and the county and city comprehensive plans with actual growth and development that has occurred in the county and its cities; and

(b) Identify reasonable measures, other than adjusting urban growth areas, that will be taken to comply with the requirements of this chapter.

(2) The review and evaluation program shall:

(a) Encompass land uses and activities both within and outside of urban growth areas and provide for annual collection of data on urban and rural land uses, development, critical areas, and capital facilities to the extent necessary to determine the quantity and type of land suitable for development, both for residential and employment-based activities;

(b) Provide for evaluation of the data collected under (a) of this subsection (every five years) as provided in subsection (3) of this section. (The first evaluation shall be completed not later than September 1, 2002.) The evaluation shall be completed no later than one year prior to the deadline for review and, if necessary, update of comprehensive plans and development regulations as required by RCW 36.70A.130. The county and its cities may establish in the countywide planning policies indicators, benchmarks, and other similar criteria to use in conducting the evaluation;

(c) Provide for methods to resolve disputes among jurisdictions relating to the countywide planning policies required by this section and procedures to resolve inconsistencies in collection and analysis of data; and

(d) Provide for the amendment of the countywide policies and county and city comprehensive plans as needed to remedy an inconsistency identified through the evaluation required by this section, or to bring these policies into compliance with the requirements of this chapter.

(3) At a minimum, the evaluation component of the program required by subsection (1) of this section shall:

(a) Determine whether there is sufficient suitable land to accommodate the countywide population projection established for the county pursuant to RCW 43.62.035 and the subsequent population allocations within the county and between the county and its cities and the requirements of RCW 36.70A.110;

(b) Determine the actual density of housing that has been constructed and the actual amount of land developed for commercial and industrial uses within the urban growth area since the adoption of a comprehensive plan under this chapter or since the last periodic evaluation as required by subsection (1) of this section; and

(c) Based on the actual density of development as determined under (b) of this subsection, review commercial, industrial, and housing needs by type and density range to determine the amount of land needed for commercial, industrial, and housing for the remaining portion of the twenty-year planning period used in the most recently adopted comprehensive plan.

(4) If the evaluation required by subsection (3) of this section demonstrates an inconsistency between what has occurred since the adoption of the countywide planning policies and the county and city comprehensive plans and development regulations and what was envisioned in those policies and plans and the planning goals and the requirements of this chapter, as the inconsistency relates to the evaluation factors specified in subsection (3) of this section, the county and its cities shall adopt and implement measures that are reasonably likely to increase consistency during the subsequent five-
year period. If necessary, a county, in consultation with its cities as required by RCW 36.70A.210, shall adopt amendments to countywide planning policies to increase consistency. The county and its cities shall annually monitor the measures adopted under this subsection to determine their effect and may revise or rescind them as appropriate.

(5)(a) Not later than July 1, 1998, the department shall prepare a list of methods used by counties and cities in carrying out the types of activities required by this section. The department shall provide this information and appropriate technical assistance to counties and cities required to or choosing to comply with the provisions of this section.

(b) By December 31, 2007, the department shall submit to the appropriate committees of the legislature a report analyzing the effectiveness of the activities described in this section in achieving the goals envisioned by the countywide planning policies and the comprehensive plans and development regulations of the counties and cities.

(6) From funds appropriated by the legislature for this purpose, the department shall provide grants to counties, cities, and regional planning organizations required under subsection (7) of this section to conduct the review and perform the evaluation required by this section.

(7) The provisions of this section shall apply to counties, and the cities within those counties, that were greater than one hundred fifty thousand in population in 1995 as determined by office of financial management population estimates and that are located west of the crest of the Cascade mountain range. Any other county planning under RCW 36.70A.040 may carry out the review, evaluation, and amendment programs and procedures as provided in this section.

(4) Data on all program participants must be entered into and tracked through the Washington homeless client management information system as described in RCW 43.185C.180. For eligible organizations serving victims of domestic violence or sexual assault, compliance with this subsection must be accomplished in accordance with 42 U.S.C. Sec. 11383(a)(8).

Thereafter, the preservation rating information requirement shall increase in five percent increments in subsequent biennia, but in no case shall it exceed eighty percent. The rating system used by cities and towns must be based upon the Washington state pavement rating method or an equivalent standard approved by the department of transportation. Beginning January 1, 2007, the preservation rating information shall be submitted to the department.

Sec. 8. RCW 82.02.070 and 2009 c 263 s 1 are each amended to read as follows:

(1) Impact fee receipts shall be earmarked specifically and retained in special interest-bearing accounts. Separate accounts shall be established for each type of public facility for which impact fees are collected. All interest shall be retained in the account and expended for the purpose or purposes for which the impact fees were imposed. Annually, each county, city, or town imposing impact fees shall provide a report on each impact fee account showing the source and amount of all moneys collected, earned, or received and system improvements that were financed in whole or in part by impact fees.

(2) Impact fees for system improvements shall be expended only in conformance with the capital facilities plan element of the comprehensive plan.

(3)(a) Except as provided otherwise by (b) of this subsection, impact fees shall be expended or encumbered for a permissible use within ((six)) ten years of receipt, unless there exists an extraordinary and compelling reason for fees to be held longer than ((six)) ten years. Such extraordinary or compelling reasons shall be identified in written findings by the governing body of the county, city, or town.

(b) School impact fees must be expended or encumbered for a permissible use within ten years of receipt, unless there exists an extraordinary and compelling reason for fees to be held longer than ten years. Such extraordinary or compelling reasons shall be identified in written findings by the governing body of the county, city, or town.

(4) Impact fees may be paid under protest in order to obtain a permit or other approval of development activity.

(5) Each county, city, or town that imposes impact fees shall provide for an administrative appeals process for the appeal of an impact fee; the process may follow the appeal process for the underlying development approval or the county, city, or town may establish a separate appeals process. The impact fee may be modified upon a determination that it is proper to do so based on principles of fairness. The county, city, or town may provide for the resolution of disputes regarding impact fees by arbitration.

Sec. 9. RCW 82.02.080 and 1990 1st ex.s. c 17 s 47 are each amended to read as follows:

(1) The current owner of property on which an impact fee has been paid may receive a refund of such fees if the county, city, or town fails to expend or encumber the impact fees within ((six)) ten years of when the fees were paid or other such period of time established pursuant to RCW 82.02.070(3) on public facilities intended to benefit the development activity for which the impact fees were paid. In determining whether impact fees have been encumbered, impact fees shall be considered encumbered on a first in, first out basis. The county, city, or town shall notify potential
claimants by first-class mail deposited with the United States postal service at the last known address of claimants.

The request for a refund must be submitted to the county, city, or town governing body in writing within one year of the date the right to claim the refund arises or the date that notice is given, whichever is later. Refunds of impact fees under this subsection shall include interest earned on the impact fees.

(2) When a county, city, or town seeks to terminate any or all impact fee requirements, all unexpended or unencumbered funds, including interest earned, shall be refunded pursuant to this section. Upon the finding that any or all fee requirements are to be terminated, the county, city, or town shall place notice of such termination and the availability of refunds in a newspaper of general circulation at least two times and shall notify all potential claimants by first-class mail to the last known address of claimants. All funds available for refund shall be retained for a period of one year. At the end of one year, any remaining funds shall be retained by the local government, but must be expended for the indicated public facilities. This notice requirement shall not apply if there are no unexpended or unencumbered balances within an account or accounts being terminated.

(3) A developer may request and shall receive a refund, including interest earned on the impact fees, when the developer does not proceed with the development activity and no impact has resulted.

Sec. 10. RCW 82.14.415 and 2009 c 550 s 1 are each amended to read as follows:

(1) The legislative authority of any city that is located in a county with a population greater than six hundred thousand that annexes an area consistent with its comprehensive plan required by chapter 36.70A RCW((c)) may impose a sales and use tax in accordance with the terms of this chapter. The tax is in addition to other taxes authorized by law and ((shall)) is collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the city. The tax may only be imposed by a city if:

(a) The city has commenced annexation of an area having a population of at least ten thousand people, or four thousand in the case of a city described under subsection (3)(a)(i) of this section, prior to January 1, 2015; and

(b) The city legislative authority determines by resolution or ordinance that the projected cost to provide municipal services to the annexation area exceeds the projected general revenue that the city would otherwise receive from the annexation area on an annual basis.

(2) The tax authorized under this section is a credit against the state tax under chapter 82.08 or 82.12 RCW. The department of revenue ((shall)) must perform the collection of such taxes on behalf of the city at no cost to the city and ((shall)) must remit the tax to the city as provided in RCW 82.14.080.

(3)(a) Except as provided in (b) of this subsection, the maximum rate of tax any city may impose under this section is:

(i) 0.1 percent for each annexed area in which the population is greater than ten thousand and less than twenty thousand. The ten thousand population threshold in this subsection (3)(a)(i) is four thousand for a city with a population between one hundred fifteen thousand and one hundred forty thousand and located within a county with a population over one million five hundred thousand; and

(ii) 0.2 percent for an annexed area in which the population is greater than twenty thousand.

(b) Beginning July 1, 2011, the maximum rate of tax imposed under this section is 0.85 percent for an annexed area in which the population is greater than ((eighteen)) sixteen thousand if the annexed area was, prior to November 1, 2008, officially designated as a potential annexation area by more than one city, one of which has a population greater than four hundred thousand.

(4)(a) Except as provided in (b) of this subsection, the maximum cumulative rate of tax a city may impose under subsection (3)(a) of this section is 0.2 percent for the total number of annexed areas the city may annex.

(b) The maximum cumulative rate of tax a city may impose under subsection (3)(a) of this section is 0.3 percent, beginning July 1, 2011, if the city commenced annexation of an area, prior to January 1, 2010, that would have otherwise allowed the city to increase the rate of tax imposed under this section absent the rate limit imposed in (a) of this subsection.

(c) The maximum cumulative rate of tax a city may impose under subsection (3)(b) of this section is 0.85 percent for the single annexed area the city may annex and the amount of tax distributed to a city under subsection (3)(b) of this section ((shall)) may not exceed five million dollars per fiscal year.

(5) The tax imposed by this section ((shall)) may only be imposed at the beginning of a fiscal year and ((shall)) may continue for no more than ten years from the date that each increment of the tax is first imposed. Tax rate increases due to additional annexed areas ((shall)) are effective on July 1st of the fiscal year following the fiscal year in which the annexation occurred, provided that notice is given to the department as set forth in subsection (9) of this section.

(6) All revenue collected under this section ((shall)) may be used solely to provide, maintain, and operate municipal services for the annexation area.

(7) The revenues from the tax authorized in this section may not exceed that which the city deems necessary to generate revenue equal to the difference between the city's cost to provide, maintain, and operate municipal services for the annexation area and the general revenues that the cities would otherwise expect to receive from the annexation during a year. If the revenues from the tax authorized in this section and the revenues from the annexation area exceed the costs to the city to provide, maintain, and operate municipal services for the annexation area during a given year, the city ((shall)) must notify the department and the tax distributions authorized in this section ((shall)) must be suspended for the remainder of the year.

(8) No tax may be imposed under this section before July 1, 2007. Before imposing a tax under this section, the legislative authority of a city ((shall)) must adopt an ordinance that includes the following:

(a) A certification that the amount needed to provide municipal services to the annexed area reflects the city's true and actual costs; and

(b) The rate of tax under this section that ((shall)) is imposed within the city; and

(c) The threshold amount for the first fiscal year following the annexation and passage of the ordinance.

(9) The tax ((shall)) must cease to be distributed to the city for the remainder of the fiscal year once the threshold amount has been reached. No later than March 1st of each year, the city ((shall)) must provide the department with a certification of the city's true and actual costs to provide municipal services to the annexed area, a new threshold amount for the next fiscal year, and notice of any applicable tax rate changes. Distributions of tax under this section ((shall)) must begin again on July 1st of the next fiscal year and continue until the new threshold amount has been reached or June 30th, whichever is sooner. Any revenue generated by the tax in excess of the threshold amount ((shall)) belongs to the state of Washington. Any amount resulting from the threshold amount less the total fiscal year distributions, as of June 30th, ((shall)) may not be carried forward to the next fiscal year.

(10) The tax ((shall)) must cease to be distributed to a city imposing the tax under subsection (3)(b) of this section for the remainder of the fiscal year, if the total distributions to the city imposing the tax exceed five million dollars for the fiscal year.
(11) The resident population of the annexation area must be determined in accordance with chapter 35.13 or 35A.14 RCW.

(12) The following definitions apply throughout this section unless the context clearly requires otherwise:

(a) "Annexation area" means an area that has been annexed to a city under chapter 35.13 or 35A.14 RCW. "Annexation area" includes all territory described in the city resolution.

(b) "Commenced annexation" means the initiation of annexation proceedings has taken place under the direct petition method or the election method under chapter 35.13 or 35A.14 RCW.

(c) "Department" means the department of revenue.

(d) "Municipal services" means those services customarily provided to the public by city government.

(e) "Fiscal year" means the year beginning July 1st and ending the following June 30th.

(f) "Potential annexation area" means one or more geographic areas that a city has officially designated for potential future annexation, as part of its comprehensive plan adoption process under the state growth management act, chapter 36.70A RCW.

Sec. 11. RCW 90.46.015 and 2009 c 456 s 2 are each amended to read as follows:

(1) The department of ecology shall, in coordination with the department of health, adopt rules for reclaimed water use consistent with this chapter. The rules must address all aspects of reclaimed water use, including commercial and industrial uses, land applications, direct groundwater recharge, wetland discharge, surface percolation, constructed wetlands, and streamflow or surface water augmentation. On page 50, beginning on line 22, after "(1)" strike all material through "section" on page 52, line 17 and insert "The following persons have the right to an adjudicative proceeding:

(a) Any applicant or recipient who is aggrieved by a decision of the authority or an authorized agency of the authority; or
(b) A current or former recipient who is aggrieved by the authority's claim that he or she owes a debt for overpayment of assistance.

(2) For purposes of this section:
(a) "Applicant" means any person who has made a request, or on behalf of whom a request as been made to the authority for any medical services program established under chapter 74.09 RCW.
(b) "Recipient" means a person who is receiving benefits from the authority for any medical services program established in this chapter.

(3) An applicant or recipient has no right to an adjudicative proceeding when the sole basis for the authority's decision is a federal or state law requiring an assistance adjustment for a class of applicants or recipients.

(4) An applicant or recipient may file an application for an adjudicative proceeding with either the authority or the department and must do so within ninety calendar days after receiving notice of the aggrieving decision. The authority shall determine which agency is responsible for representing the state of Washington in the hearing, in accordance with agreements entered pursuant to RCW 41.05.021.

(5)(a) The adjudicative proceeding is governed by the administrative procedure act, chapter 34.05 RCW, and this subsection. The following requirements shall apply to adjudicative proceedings in which an appellant seeks review of decisions made by more than one agency. When an appellant files a single application for an adjudicative proceeding seeking review of decisions by more than one agency, this review shall be conducted initially in one adjudicative proceeding. The presiding officer may sever the proceeding into multiple proceedings on the motion of any of the parties, when:
(i) All parties consent to the severance; or
(ii) Either party requests severance without another party's consent, and the presiding officer finds there is good cause for severing the matter and that the proposed severance is not likely to prejudice the rights of an appellant who is a party to any of the severed proceedings.

(b) If there are multiple adjudicative proceedings involving common issues or parties where there is one appellant and both the authority and the department are parties, upon motion of any party or upon his or her own motion, the presiding officer may consolidate the proceedings if he or she finds that the consolidation is not likely to prejudice the rights of the appellant who is a party to any of the consolidated proceedings.
(c) The adjudicative proceeding shall be conducted at the local community services office or other location in Washington convenient to the applicant or recipient and, upon agreement by the applicant or recipient, may be conducted telephonically.
(d) The applicant or recipient, or his or her representative, has the right to inspect his or her file from the authority and, upon request, to receive copies of authority documents relevant to the proceedings free of charge.
(e) The applicant or recipient has the right to a copy of the audio recording of the adjudicative proceeding free of charge.
(f) If a final adjudicative order is issued in favor of an applicant, medical services benefits must be provided from the date of earliest eligibility, the date of denial of the application for assistance, or forty-five days following the date of application, whichever is soonest. If a final adjudicative order is issued in favor of a recipient, medical services benefits must be provided from the effective date of the authority's decision.
(g) The authority is limited to recovering an overpayment arising from assistance being continued pending the adjudicative proceeding to the amount recoverable up to the sixtieth day after the director's receipt of the application for an adjudicative proceeding.

(6) If the director requires that a party seek administrative review of an initial order to an adjudicative proceeding governed by this section, in order for the party to exhaust administrative remedies pursuant to RCW 34.05.534, the director shall adopt and implement rules in accordance with this subsection.

(a) The director, in consultation with the secretary, shall adopt rules to create a process for parties to seek administrative review of initial orders issued pursuant to RCW 34.05.461 in adjudicative proceedings governed by this subsection when multiple agencies are parties.

(b) This process shall seek to minimize any procedural complexities imposed on appellants that result from multiple agencies being parties to the matter, without prejudicing the rights of parties who are public assistance applicants or recipients.

(c) Nothing in this subsection shall impose or modify any legal requirement that a party seek administrative review of initial orders in order to exhaust administrative remedies pursuant to RCW 34.05.534.

(7) This subsection only applies to an adjudicative proceeding in which the appellant is an applicant for or recipient of medical services programs established under this chapter and the issue is his or her eligibility or ineligibility due to the assignment or transfer of a resource. The burden is on the authority or its authorized agency to prove by a preponderance of the evidence that the person knowingly and willingly assigned or transferred the resource at less than market value for the purpose of qualifying or continuing to qualify for medical services programs established under this chapter. If the prevailing party in the adjudicative proceeding is the applicant or recipient, he or she is entitled to reasonable attorneys' fees.

(8) When an applicant or recipient files a petition for judicial review as provided in RCW 34.05.514 of an adjudicative order entered with respect to the medical services program, no filing fee may be collected from the person and no bond may be required on any appeal. In the event that the superior court, the court of appeals, or the supreme court renders a decision in favor of the applicant or recipient, the person is entitled to reasonable attorneys' fees and costs. If a decision of the court is made in favor of an applicant, assistance shall be paid from the date of earliest eligibility, the date of denial of the application for assistance, or forty-five days following the date of application, whichever is soonest. If a decision of the court is made in favor of a recipient, assistance shall be paid from the effective date of the authority's decision.

If the resident then dies, is hospitalized, or is transferred or discharged from the adult family home, and is entitled to any refund of funds under this section or RCW 70.129.150, the adult family home shall refund the funds to the resident or the resident's representative within thirty days of the resident leaving the adult family home, and may not require the resident to obtain the refund from the placement agency or person.

(8) If, during the stay of the resident, the status of the adult family home licensee or ownership is changed or transferred to another, any funds in the resident's accounts affected by the change or transfer shall simultaneously be deposited in an equivalent account or accounts by the successor or new licensee or owner, who shall promptly notify the resident or the resident's representative in writing of the name, address, and location of the new depository.

(9) Because it is a matter of great public importance to protect residents who need long-term care from deceptive disclosures and unfair retention of deposits, fees, or prepaid charges by adult family homes, a violation of this section shall be construed for purposes of the consumer protection act, chapter 19.86 RCW, to constitute an unfair or deceptive act or practice or an unfair method of competition in the conduct of trade or commerce. The resident's claim to any funds paid under this section shall be prior to that of any creditor of the adult family home, its owner, or licensee, even if such funds are commingled.

ESSB 5927 Prime Sponsor, Committee on Ways & Means: Limiting payments for health care services provided to low-income enrollees in state purchased health care programs. Reported by Committee on Ways & Means
MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that:
(a) There is an increasing level of dispute and uncertainty regarding the amount of payment nonparticipating providers may receive for health care services provided to enrollees of state purchased health care programs designed to serve low-income individuals and families, such as basic health and the medicaid managed care programs;
(b) The dispute has resulted in litigation, including a recent Washington superior court ruling that determined nonparticipating providers were entitled to receive billed charges from a managed health care system for services provided to medicaid and basic health plan enrollees. The decision would allow a nonparticipating provider to demand and receive payment in an amount exceeding the payment managed health care system network providers receive for the same services. Similar provider lawsuits have now been filed in other jurisdictions in the state;
(c) In the biennial operating budget, the legislature has previously indicated its intent that payment to nonparticipating providers for services provided to medicaid managed care enrollees should be limited to amounts paid to medicaid fee-for-service providers. The duration of these provisions is limited to the period during which the operating budget is in effect. A more permanent resolution of these issues is needed; and
(d) Continued failure to resolve this dispute will have adverse impacts on state purchased health care programs serving low-income enrollees, including: (i) Diminished ability for the state to negotiate cost-effective contracts with managed health care systems; (ii) a potential for significant reduction in the willingness of providers to participate in managed health care system network provider policies; (iii) a reduction in providers participating in the managed health care systems; and (iv) increased exposure for program enrollees to balance billing practices by nonparticipating providers. Ultimately, fewer eligible people will get the care they need as state purchased health care programs will operate with less efficiency and reduced access to cost-effective and quality health care coverage for program enrollees.

(2) It is the intent of the legislature to create a legislative solution that reduces the cost borne by the state to provide public health care coverage to low-income enrollees in managed health care systems, protects enrollees and state purchased health care programs from balance billing by nonparticipating providers, provides appropriate payment to health care providers for services provided to enrollees of state purchased health care programs, and limits the risk for managed health care systems that contract with the state programs.

Sec. 2. RCW 74.09.522 and 1997 c 59 s 15 and 1997 c 34 s 1 are each reenacted and amended to read as follows:

(a) "Managed health care system" means any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, health insurance organizations, or any combination thereof, that provides directly or by contract health care services covered under (RCW 74.09.520) this chapter and rendered by licensed providers, on a prepaid capitated basis and that meets the requirements of section 1903(m)(1)(A) of Title XIX of the federal social security act or federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act;

(b) "Nonparticipating provider" means a person, health care provider, practitioner, facility, or entity, acting within their scope of practice, that does not have a written contract to participate in a managed health care system's provider network, but provides health care services to enrollees of programs authorized under this chapter whose health care services are provided by the managed health care system;

(2) The department of social and health services shall enter into agreements with managed health care systems to provide health care services to recipients of temporary assistance for needy families under the following conditions:
(a) Agreements shall be made for at least thirty thousand recipients statewide;
(b) Agreements in at least one county shall include enrollment of all recipients of temporary assistance for needy families;
(c) To the extent that this provision is consistent with section 1903(m) of Title XIX of the federal social security act or federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act, recipients shall have a choice of systems in which to enroll and shall have the right to terminate their enrollment in a system: PROVIDED, That the department may limit recipient termination of enrollment without cause to the first month of a period of enrollment, which period shall not exceed twelve months: AND PROVIDED FURTHER, That the department shall not restrict a recipient's right to terminate enrollment in a system for good cause as established by the department by rule;
(d) To the extent that this provision is consistent with section 1903(m) of Title XIX of the federal social security act, participating managed health care systems shall not enroll a disproportionate number of medical assistance recipients within the total numbers of persons served by the managed health care systems, except as authorized by the department under federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act;
(e) In negotiating with managed health care systems the department shall adopt a uniform procedure to negotiate and enter into contractual arrangements, including standards regarding the quality of services to be provided; and financial integrity of the responding system;
(f) The department shall seek waivers from federal requirements as necessary to implement this chapter;
(g) The department shall, wherever possible, enter into prepaid capitation contracts that include inpatient care. However, if this is not possible or feasible, the department may enter into prepaid capitation contracts that do not include inpatient care;
(h) The department shall define those circumstances under which a managed health care system is responsible for out-of-plan services and assure that recipients shall not be charged for such services; and
(i) Nothing in this section prevents the department from entering into similar agreements for other groups of people eligible to receive services under this chapter.

(3) The department shall ensure that publicly supported community health centers and providers in rural areas, who show serious intent and apparent capability to participate as managed health care systems are seriously considered as contractors. The department shall coordinate its managed care activities with activities under chapter 70.47 RCW.

(4) The department shall work jointly with the state of Oregon and other states in this geographical region in order to develop recommendations to be presented to the appropriate federal agencies and the United States congress for improving health care of the poor, while controlling related costs.

(5) The legislature finds that competition in the managed health care marketplace is enhanced, in the long term, by the existence of a large number of managed health care system options for medicaid clients. In a managed care delivery system, whose goal is to focus on prevention, primary care, and improved enrollee health status, continuity in care relationships is of substantial importance, and disruption to clients and health care providers should be minimized. To help ensure these goals are met, the following principles shall
guide the department in its healthy options managed health care purchasing efforts:

(a) All managed health care systems should have an opportunity to contract with the department to the extent that minimum contracting requirements defined by the department are met, at payment rates that enable the department to operate as far below appropriated spending levels as possible, consistent with the principles established in this section.

(b) Managed health care systems should compete for the award of contracts and assignment of Medicaid beneficiaries who do not voluntarily select a contracting system, based upon:

(i) Demonstrated commitment to or experience in serving low-income populations;
(ii) Quality of services provided to enrollees;
(iii) Accessibility, including appropriate utilization, of services offered to enrollees;
(iv) Demonstrated capability to perform contracted services, including ability to supply an adequate provider network;
(v) Payment rates; and
(vi) The ability to meet other specifically defined contract requirements established by the department, including consideration of past and current performance and participation in other state or federal health programs as a contractor.

(c) Consideration should be given to using multiple year contracting periods.

(d) Quality, accessibility, and demonstrated commitment to serving low-income populations shall be given significant weight in the contracting, evaluation, and assignment process.

(e) All contractors that are regulated health carriers must meet state minimum net worth requirements as defined in applicable state laws. The department shall adopt rules establishing the minimum net worth requirements for contractors that are not regulated health carriers. This subsection does not limit the authority of the department to take action under a contract upon finding that a contractor’s financial status seriously jeopardizes the contractor’s ability to meet its contract obligations.

(f) Procedures for resolution of disputes between the department and contract bidders or the department and contracting carriers related to the award of, or failure to award, a managed care contract must be clearly set out in the procurement document. In designing such procedures, the department shall give strong consideration to the negotiation and dispute resolution processes used by the Washington state health care authority in its managed health care contracting activities.

(6) The department may apply the principles set forth in subsection (5) of this section to its managed health care purchasing efforts on behalf of clients receiving supplemental security income benefits to the extent appropriate.

(7) A managed health care system shall pay a nonparticipating provider that provides a service covered under this chapter to the system’s enrollee no more than the lowest amount paid for that service under the managed health care system’s contracts with similar providers in the state.

(8) For services covered under this chapter to medical assistance or medical care services enrollees and provided on or after the effective date of this section, nonparticipating providers must accept as payment in full the amount paid by the managed health care system under subsection (7) of this section in addition to any deductible, coinsurance, or copayment that is due from the enrollee for the service provided. An enrollee is not liable to any nonparticipating provider for covered services, except for amounts due for any deductible, coinsurance, or copayment under the terms and conditions set forth in the managed health care system contract to provide services under this section.

(9) Pursuant to federal managed care access standards, 42 C.F.R. Sec. 438, managed health care systems must maintain a network of appropriate providers that is supported by written agreements sufficient to provide adequate access to all services covered under the contract with the department, including hospital-based physician services. The department will monitor and periodically report on the proportion of services provided by contracted providers and nonparticipating providers, by county, for each managed health care system to ensure that managed health care systems are meeting network adequacy requirements. No later than January 1st of each year, the department will review and report its findings to the appropriate policy and fiscal committees of the legislature for the preceding state fiscal year.

(10) Subsections (7) through (9) of this section expire July 1, 2016.

Sec. 3. RCW 70.47.020 and 2011 c 205 s 1 are each reenacted and amended to read as follows:

As used in this chapter:

(1) "Administrator" means the Washington basic health plan administrator, who also holds the position of administrator of the Washington state health care authority.

(2) "Health coverage tax credit eligible enrollee" means individual workers and their qualified family members who lose their jobs due to the effects of international trade and are eligible for certain trade adjustment assistance benefits; or are eligible for benefits under the alternative trade adjustment assistance program; or are people who receive benefits from the pension benefit guaranty corporation and are at least fifty-five years old.

(3) "Health coverage tax credit program" means the program created by the Trade Act of 2002 (P.L. 107-210) that provides a federal tax credit that subsidizes private health insurance coverage for displaced workers certified to receive certain trade adjustment assistance benefits and for individuals receiving benefits from the pension benefit guaranty corporation.

(4) "Managed health care system" means: (a) Any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, or any combination thereof, that provides directly or by contract basic health care services, as defined by the administrator and rendered by duly licensed providers, to a defined patient population enrolled in the plan and in the managed health care system; or (b) a self-funded or self-insured method of providing insurance coverage to subsidized enrollees provided under RCW 41.05.140 and subject to the limitations under RCW 70.47.100((7)) (2).

(5) "Nonparticipating provider" means a person, health care provider, practitioner, facility, or entity, acting within their authorized scope of practice or licensure, that does not have a written contract to participate in a managed health care system’s provider network, but provides services to plan enrollees who receive coverage through the managed health care system.

(6) "Nonsubsidized enrollee" means an individual, or an individual plus the individual’s spouse or dependent children: (a) Who is not eligible for Medicare; (b) who is not confined or residing in a government-operated institution, unless he or she meets eligibility criteria adopted by the administrator; (c) who is accepted for enrollment by the administrator as provided in RCW 48.43.018, either because the potential enrollee cannot be required to complete the standard health questionnaire under RCW 48.43.018, or, based upon the results of the standard health questionnaire, the potential enrollee would not qualify for coverage under the Washington state health insurance pool; (d) who resides in an area of the state served by a managed health care system participating in the plan; (e) who chooses to obtain basic health care coverage from a particular managed health care system; and (f) who pays or on whose behalf is paid the full costs for participation in the plan, without any subsidy from the plan.

"Premium" means a periodic payment, which an individual, their employer or another financial sponsor makes to the plan as consideration for enrollment in the plan as a subsidized
enrollee, a nonsubsidized enrollee, or a health coverage tax credit eligible enrollee.

Sec. 4. RCW 70.47.100 and 2009 c 568 s 5 are each amended to read as follows:

(1) A managed health care system participating in the plan shall do so by contract with the administrator and shall provide, directly or by contract with other health care providers, covered basic health care services to each enrollee covered by its contract with the administrator as long as payments from the administrator on behalf of the enrollee are current. A participating managed health care system may offer, without additional cost, health care benefits or services not included in the schedule of covered services under the plan. A participating managed health care system shall not give preference in enrollment to enrollees who accept such additional health care benefits or services. Managed health care systems participating in the plan shall not discriminate against any potential or current enrollee based upon health status, sex, race, ethnicity, or religion. The administrator may receive and act upon complaints from enrollees regarding failure to provide covered services or efforts to obtain payment, other than authorized copayments, for covered services directly from enrollees, but nothing in this chapter empowers the administrator to impose any sanctions under Title 18 RCW or any other professional or facility licensing statute.

(2) A managed health care system shall pay a nonparticipating provider that provides a service covered under this chapter to the system's enrollee no more than the lowest amount paid for that service under the managed health care system's contracts with similar providers in the state.

(3) Pursuant to federal managed care access standards, 42 C.F.R. Sec. 438, managed health care systems must maintain a network of appropriate providers that is supported by written agreements sufficient to provide adequate access to all services covered under the contract with the authority, including hospital-based physician services. The authority will monitor and periodically report on the proportion of services provided by contracted providers and nonparticipating providers, by county, for each managed health care system to ensure that managed health care systems are meeting network adequacy requirements. No later than January 1st of each year, the authority will review and report its findings to the appropriate policy and fiscal committees of the legislature for the preceding state fiscal year.

(4) The plan shall allow, at least annually, an opportunity for enrollees to transfer their enrollments among participating managed health care systems serving their respective areas. The administrator shall establish a period of at least twenty days in a given year when this opportunity is afforded enrollees, and in those areas served by more than one participating managed health care system the administrator shall endeavor to establish a uniform period for such opportunity. The plan shall allow enrollees to transfer their enrollment to another participating managed health care system at any time upon a showing of good cause for the transfer.

(5) Prior to negotiating with any managed health care system, the administrator shall determine, on an actuarially sound basis, the reasonable cost of providing the schedule of basic health care services, expressed in terms of upper and lower limits, and recognizing variations in the cost of providing the services through the various systems and in different areas of the state.

(6) In negotiating with managed health care systems for participation in the plan, the administrator shall adopt a uniform procedure that includes at least the following:

(a) The administrator shall issue a request for proposals, including standards regarding the quality of services to be provided, financial integrity of the responding systems, and responsiveness to the unmet health care needs of the local communities or populations that may be served.

(b) The administrator shall then review responsive proposals and may negotiate with respondents to the extent necessary to refine any proposals.

(c) The administrator may then select one or more systems to provide the covered services within a local area; and

(d) The administrator may adopt a policy that gives preference to respondents, such as nonprofit community health clinics, that have a history of providing quality health care services to low-income persons.

(7) The administrator may contract with a managed health care system to provide covered basic health care services to subsidized enrollees, nonsubsidized enrollees, health coverage tax credit eligible enrollees, or any combination thereof.

(8) The administrator may establish procedures and policies to further negotiate and contract with managed health care systems, administered by the plan administrator through participating managed health care systems, created by this chapter.
systems following completion of the request for proposal process in subsection (((22))) (6) of this section, upon a determination by the administrator that it is necessary to provide access, as defined in the request for proposal documents, to covered basic health care services for enrollees.

((22)) (9) The administrator may implement a self-funded or self-insured method of providing insurance coverage to subsidized enrollees, as provided under RCW 41.05.140. Prior to implementing a self-funded or self-insured method, the administrator shall ensure that funding available in the basic health plan self-insurance reserve account is sufficient for the self-funded or self-insured risk assumed, or expected to be assumed, by the administrator. If implementing a self-funded or self-insured method, the administrator may request funds to be moved from the basic health plan trust account or the basic health plan subscription account to the basic health plan self-insurance reserve account established in RCW 41.05.140.

(10) Subsections (2) and (3) of this section expire July 1, 2016.

NEW SECTION. Sec. 5. A new section is added to chapter 70.47 RCW to read as follows:

(1) For services provided to plan enrollees on or after the effective date of this section, nonparticipating providers must accept as payment in full the amount paid by the managed health care system under RCW 70.47.100(2) in addition to any deductible, coinsurance, or copayment that is due from the enrollee under the terms and conditions set forth in the managed health care system contract with the administrator. A plan enrollee is not liable to any nonparticipating provider for covered services, except for amounts due for any deductible, coinsurance, or copayment under the terms and conditions set forth in the managed health care system contract with the administrator.

(2) This section expires July 1, 2016.

NEW SECTION. Sec. 6. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.”

FRANK CHOPP, Speaker

BARBARA BAKER, Chief Clerk
there is insufficient visibility into the use of locally retained tuition dollars. There is little transparency regarding whether increasing tuition dollars gives students, their families, and Washington taxpayers a high-value return on investment. Responding to those concerns, and recognizing that tuition-setting authority is interrelated to a wide variety of factors including state funding, student aid, admissions, dual credit, educational effectiveness, regulatory and reporting requirements, and other policies and practices, this higher education opportunity act directs a number of higher education system reforms.

(2) It is the intent of the legislature to:

(a) Ensure that tuition dollars are spent to improve student access, affordability, and the quality of education;

(b) Establish a clear nexus between tuition dollars and improved productivity and greater accountability of public institutions of higher education;

(c) Create a modern and robust higher education financial system that funds outcomes and results rather than input and process; and

(d) Continue a commitment to public funding of higher education through state appropriations that are essential for providing access, affordability, and quality in higher education for all students across the state.

(3)(a) It is the intent of the legislature to set goals for four-year institutions of higher education to increase the number of students who earn baccalaureate degrees, while maintaining quality, and achieve the following initial degree completion targets by 2018:

(i) Increasing the number of bachelor’s degrees earned by Washington’s resident students from the 2009-10 academic year levels by at least six thousand degrees completed or by twenty-seven percent;

(ii) Consistent with the priority for expanding the number of enrollments and degrees in the fields of engineering, technology, biotechnology, sciences, computer sciences, and mathematics, at least two thousand of the additional degrees under this subsection (3)(a) would be awarded in the areas of science, which includes the health sciences, technology, engineering, and mathematics, natural resources, environment, conservation, biology, life sciences, and other applied and interdisciplinary sciences; and

(iii) Attaining parity in degree attainment for students from underrepresented groups, which would mean that at least nineteen percent of the degrees awarded would include students who are low-income or are the first in their families to attend college.

(b) It is the intent of the legislature that the bachelor degree completion targets in (a) of this subsection be updated every two years based upon the state’s changing population and economic needs and that targets be set for five-year periods following the 2018 target.

(c) It is the intent of the legislature to urge four-year institutions of higher education to place the highest priority on achieving the degree completion targets under (a) of this subsection. The legislature intends to examine the strategies used and progress made by institutions of higher education to meet the targets in addition to evidence of increased cost-effectiveness and efficiency. The legislature recognizes that individual institutions develop their campus goals recognizing the role of their campus as part of the system of public higher education and may implement a variety of innovative methods to achieve these goals.
Sec. 8. RCW 28B.15.031 and 2003 c 232 s 2 are each amended to read as follows:

The term "operating fees" as used in this chapter shall include the fees, other than building fees, charged all students registering at the state's colleges and universities but shall not include fees for short courses, self-supporting degree credit programs and courses, marine station work, experimental station work, correspondence or extension courses, and individual instruction and student deposits or rentals, disciplinary and library fines, which colleges and universities shall have the right to impose, laboratory, gymnasium, health, technology and student activity fees, or fees, charges, rentals, and other income derived from any or all revenue producing lands, buildings and facilities of the colleges or universities heretofore or hereafter acquired, constructed or installed, including but not limited to income from rooms, dormitories, dining rooms, hospitals, infirmaries, housing or student activity buildings, vehicular parking facilities, land, or the appurtenances thereon, or such other special fees as may be established by any college or university board of trustees or regents from time to time. All moneys received as operating fees at any institution of higher education shall be deposited in a local account containing only operating fees revenue and related interest:

Provided, That a minimum of (three and one-half) five percent of operating fees shall be retained by the four-year institutions of higher education that increase tuition for resident undergraduate students above assumed tuition increases in the omnibus appropriations act, a minimum of four percent of operating fees shall be retained by four-year institutions of higher education that do not increase tuition for resident undergraduates above assumed increases in the omnibus appropriations act, and a minimum of three and one-half percent of operating fees shall be retained by the community and technical colleges for the purposes of RCW 28B.15.820. At least thirty percent of operating fees required to be retained by the four-year institutions for purposes of RCW 28B.15.820 shall be used only for the purposes of RCW 28B.15.820(10). Local operating fee accounts shall not be subject to appropriation by the legislature or allotment procedures under chapter 43.88 RCW.

Sec. 9. RCW 28B.15.067 and 2010 c 20 s 7 are each amended to read as follows:

(1) Tuition fees shall be established under the provisions of this chapter.

(2) (Beginning with the 2003-04 academic year and ending with the 2012-13 academic year, reductions or increases in full-time tuition fees for resident undergraduates shall be as provided in the omnibus appropriations act)) Beginning in the 2011-12 academic year, reductions or increases in full-time tuition fees shall be as provided in the omnibus appropriations act for resident undergraduate students at community and technical colleges. The governing boards of the state universities, regional universities, and The Evergreen State College and the state board for community and technical colleges may reduce or increase full-time tuition fees for all students other than resident undergraduates, including nonresident students, summer school students, and students in other self-supporting degree programs. Percentage increases in full-time tuition may exceed the fiscal growth factor. The state board for community and technical colleges may pilot or institute differential tuition models. The board may define scale, scope, and rationale for the models.

(3)(a) Beginning with the ((2003-04)) 2011-12 academic year and ((ending with the 2012-13)) through the end of the 2014-15 academic year, the governing boards of the state universities, the regional universities, and The Evergreen State College (and the state board for community and technical colleges) may reduce or increase full-time tuition fees for all students (other than resident undergraduates), including summer school students and students in other self-supporting degree programs. Percentage increases in full-time tuition fees may exceed the fiscal growth factor. Reductions or increases may be made for all or portions of an institution's programs, campuses, courses, or students.

(b) Prior to reducing or increasing tuition for each academic year, the governing boards of the state universities, the regional universities, and The Evergreen State College shall consult with existing student associations or organizations with student undergraduate and graduate representatives regarding the impacts of potential tuition increases. Governing boards shall be required to provide data regarding the percentage of students receiving financial aid, the sources of aid, and the percentage of total costs of attendance paid for by aid.

(c) Prior to reducing or increasing tuition for each academic year, (each college in)) the state board for community and technical college system shall consult with existing student associations or organizations with undergraduate student representation regarding the impacts of potential tuition increases. The state board for community and technical colleges shall provide data regarding the percentage of students receiving financial aid, the sources of aid, and the percentage of total costs of attendance paid for by aid.

(4) ((Academic year 2002-03)) The tuition fees established under this chapter shall not apply to high school students enrolling in participating institutions of higher education under RCW 28A.600.300 through 28A.600.400.

(5) The tuition fees established under this chapter shall not apply to eligible students enrolling in a dropout reengagement program through an interlocal agreement between a school district and a community or technical college under RCW 28A.175.100 through 28A.175.110.

(8) ((For the academic years 2003-04 through 2008-09, the University of Washington shall use an amount equivalent to ten percent of all revenues received as a result of law school tuition increases beginning in academic year 2000-01 through academic year 2008-09 to assist needy low and middle-income resident law students.))

(9) For the academic years 2003-04 through 2008-09, institutions
of higher education shall use an amount equivalent to ten percent of all revenues received as a result of graduate academic school tuition increases beginning in academic year 2003-04 through academic year 2008-09 to assist needy low and middle-income resident graduate academic students.

(10) Any tuition increases above seven percent shall fund costs of instruction, library and student services, utilities and maintenance, other costs related to instruction as well as institutional financial aid. Through 2010-11, any funding reductions to instruction, library and student services, utilities and maintenance and other costs related to instruction shall be proportionally less than other program areas (including administration)) Beginning in the 2019-20 academic year, reductions or increases in full-time tuition fees for resident undergraduates at four-year institutions of higher education shall be as provided in the omnibus appropriations act.

Sec. 10. RCW 28B.15.0681 and 2009 c 215 s 6 are each amended to read as follows:

(1) In addition to the requirement in RCW 28B.76.300(4), institutions of higher education shall disclose to their undergraduate resident students on the tuition billing statement, in dollar figures for a full-time equivalent student:

(b) The amount collected from student tuition and fees; and
(c) The difference between the amounts for the full cost of instruction and the student tuition and fees.

(2) The tuition billing statement shall note that the difference between the cost and tuition under subsection (1)(c) of this section shall be labeled an "opportunity pathway" on the tuition billing statement.

(3) Beginning in the 2010-11 academic year, the amount determined in subsection (1)(c) of this section shall be labeled an "opportunity pathway" on the tuition billing statement.

(4) Beginning in the 2010-11 academic year, institutions of higher education shall label financial aid awarded to resident undergraduate students as an "opportunity pathway" on the tuition billing statement or financial aid award notification. Aid granted to students outside of the financial aid package provided through the institution of higher education and loans provided by the federal government are not subject to the labeling provisions in this subsection. All other aid from all sources including federal, state, and local governments, local communities, nonprofit and for-profit organizations, and institutions of higher education must be included. The disclosure requirements specified in this section do not change the source, award amount, student eligibility, or student obligations associated with each award. Institutions of higher education retain the ability to customize their tuition billing statements to inform students of the assistance source, amount, and type so long as provisions of this section are also fulfilled.

(5) Institutions of higher education shall provide the following information to all undergraduate resident students either on the tuition billing statement or via a link to a web site detailing the following information:

(a) The sources of all institutional revenue received during the prior academic or fiscal year, including but not limited to state, federal, local, and private sources;
(b) The uses of undergraduate tuition revenue collected during the prior academic or fiscal year by program category as determined by the office of financial management; and
(c) The accountability and performance data under RCW 28B.76.270.

(6) The tuition billing statement disclosures shall be in twelve-point type and boldface type where appropriate.

(6)(a) (7) All tuition billing statements or financial aid award notifications at institutions of higher education must notify resident undergraduate students of federal tax credits related to higher education for which they may be eligible.

NEW SECTION. Sec. 11. A new section is added to chapter 28B.15 RCW to read as follows:

(1) To ensure institutional quality, promote access, and advance the public mission of the state universities, the regional universities, and The Evergreen State College, the authority to increase or decrease tuition rates shall be considered within the context of performance-based measures and goals for each state university, regional university, and The Evergreen State College. By September 1, 2012, and September 1st every two years thereafter, the state universities, the regional universities, and The Evergreen State College shall each negotiate an institutional performance plan with the office of financial management that includes expected outcomes that must be achieved by each institution in the subsequent biennium based on the performance data required in RCW 28B.76.270.

(2) If performance plans are not completed as specified in subsection (1) of this section or if, at the conclusion of a biennium, a state university, regional university, or The Evergreen State College does not achieve the expected outcomes established in the performance plans, in the subsequent biennium that university's or college's resident undergraduate tuition may not, without prior legislative approval, be increased beyond levels assumed in the omnibus appropriations act.

NEW SECTION. Sec. 12. A new section is added to chapter 28B.15 RCW to read as follows:

(1) Beginning July 1, 2011, each four-year institution of higher education that raises tuition beyond levels assumed in the omnibus appropriations act shall, in a manner consistent with the goal of enhancing the quality of access and to their institutions, provide financial aid to offset full-time tuition fees for resident undergraduate students as follows:

(a) Subtract from the full-time tuition fees an amount that is equal to the maximum amount of a state need grant award that would be given to an eligible student with a family income at or below fifty percent of the state's median family income as determined by the higher education coordinating board; and

(b) Offset the remainder as follows:

(i) Students whose family incomes are at or below fifty percent of the state's median family income shall receive financial aid equal to one hundred percent of the remainder if an institution's full-time tuition fees for resident undergraduate students is five percent or greater of the state's median family income.

(ii) Students whose family incomes are greater than fifty percent and no more than seventy percent of the state's median family income shall receive financial aid equal to seventy-five percent of the remainder if an institution's full-time tuition fees for resident undergraduate students is five percent or greater of the state's median family income for a family of four as provided by the higher education coordinating board;

(iii) Students whose family incomes exceed seventy percent and are less than one hundred percent of the state's median family income shall receive financial aid equal to fifty percent of the remainder if an institution's full-time tuition fees for resident undergraduate students is fifteen percent or greater of the state's median family income for a family of four as provided by the higher education coordinating board;

(iv) Students whose family incomes are at or exceed one hundred percent and are no more than one hundred twenty-five percent of the state's median family income shall receive financial aid equal to twenty-five percent of the remainder if an institution's full-time tuition fees for resident undergraduate students is twenty percent or greater of the state's median family income for a family of four as provided by the higher education coordinating board; and

(2) The financial aid required in subsection (1) of this section shall:
(a) Be reduced by the amount of other financial aid awards, not including the state need grant;
(b) Be prorated based on credit load; and
(c) Only be provided to students with demonstrated need.
(3) Financial aid sources and methods may be:
(a) Tuition revenue or locally held funds;
(b) Tuition waivers created by a four-year institution of higher education for the specific purpose of serving middle class students; or
(c) Local financial aid programs.
(4) Use of tuition waivers as specified in subsection (3)(b) of this section shall not be included in determining total state tuition waiver authority as defined in RCW 28B.15.910.
(5) By August 15, 2012, and August 15th every year thereafter, four-year institutions of higher education shall report to the governor and relevant committees of the legislature on the effectiveness of the various sources and methods of financial aid in mitigating tuition increases. A key purpose of these reports is to provide information regarding the results of the decision to grant tuition-setting authority to the four-year institutions of higher education and whether tuition setting authority should continue to be granted to the institutions or revert back to the legislature after consideration of the impacts on students, including educational access, affordability, and quality. These reports shall include:
(a) The amount of additional financial aid provided to middle-income and low-income students with demonstrated need in the aggregate and per student;
(b) An itemization of the sources and methods of financial aid provided by the four-year institution of higher education in the aggregate and per student;
(c) An analysis of the combined impact of federal tuition tax credits and financial aid provided by the institution of higher education on the net cost to students and their families resulting from tuition increases;
(d) In cases where tuition increases are greater than those assumed in the omnibus appropriations act at any four-year institution of higher education, the institution must include an explanation in its report of why this increase was necessary and how the institution will mitigate the effects of the increase. The institution must include in this section of its report a plan and specific timelines; and
(e) An analysis of changes in resident student enrollment patterns, participation rates, graduation rates, and debt load, by race and ethnicity, gender, state and county of origin, age, and socioeconomic status, and a plan to mitigate effects of reduced diversity due to tuition increases. This analysis shall include disaggregated data for resident students in the following income brackets:
(i) Up to seventy percent of the median family income;
(ii) Between seventy-one percent and one hundred twenty-five percent of the median family income; and
(iii) Above one hundred twenty-five percent of the median family income.
(6) Beginning in the 2012-13 academic year, the University of Washington shall enroll during each term at least the same number of resident freshman undergraduate students at the Seattle campus, as defined in RCW 28B.15.012, as enrolled during the same term in the 2009-10 academic year. This requirement shall not apply to nonresident undergraduate and graduate and professional students.
Sec. 13. RCW 28B.15.068 and 2009 c 540 s 1 are each amended to read as follows:
(1) (Beginning with the 2007-08 academic year and ending with the 2016-17 academic year, tuition fees charged to full-time resident undergraduate students, except in academic years 2009-10 and 2010-11, may increase no greater than seven percent over the previous academic year in any institution of higher education. Annual reductions or increases in full-time tuition fees for resident undergraduate students shall be as provided in the omnibus appropriations act, within the seven percent increase limit established in this section. For academic years 2009-10 and 2010-11 the omnibus appropriations act may provide tuition increases greater than seven percent. To the extent that state appropriations combined with tuition and fee revenues are insufficient to achieve the total per-student funding goals established in subsection (2) of this section, the legislature may revisit state appropriations, authorized enrollment levels, and changes in tuition fees for any given fiscal year.
(2) The state shall adopt as its goal total per-student funding levels, from state appropriations plus tuition and fees, of at least the sixtieth percentile of total per-student funding at similar public institutions of higher education in the global challenge states. In defining comparable per-student funding levels, the office of financial management shall adjust for regional cost-of-living differences; for differences in program offerings and in the relative mix of lower division, upper division, and graduate students; and for accounting and reporting differences among the comparison institutions. The office of financial management shall develop a funding trajectory for each four-year institution of higher education and for the community and technical college system as a whole that when combined with tuition and fees revenue allows the state to achieve its funding goal for each four-year institution and the community and technical college system as a whole no later than fiscal year 2017. The state shall not reduce enrollment levels below fiscal year 2007 budgeted levels in order to improve or alter the per-student funding amount at any four-year institution of higher education or the community and technical college system as a whole. The state recognizes that each four-year institution of higher education and the community and technical college system as a whole have different funding requirements to achieve desired performance levels, and that increases to the total per-student funding amount may need to exceed the minimum funding goal.
(3) By September 1st of each year beginning in ((2008)) 2011, the office of financial management shall report to the governor, the higher education coordinating board, and appropriate committees of the legislature with updated estimates of:
(a) The total per-student funding level that represents the sixtieth percentile of funding for (comparable) similar institutions of higher education in the global challenge states((, and the progress toward that goal that was made for each of the public institutions of higher education)); and
(b) The tuition that represents the sixtieth percentile of tuition for similar institutions of higher education in the global challenge states. ((4)(a))
(2) As used in this section, “global challenge states” are the top performing states on the new economy index published by the progressive policy institute as of July 22, 2007. The new economy index ranks states on indicators of their potential to compete in the new economy. At least once every five years, the office of financial management shall determine if changes to the list of global challenge states are appropriate. The office of financial management shall report its findings to the governor and the legislature.
(5) During the 2009-10 and the 2010-11 academic years, institutions of higher education shall include information on their billing statements notifying students of tax credits available through the American opportunity tax credit provided in the American recovery and reinvestment act of 2009. (2) Institutions of higher education, in collaboration with relevant student associations, shall aim to have one hundred percent of students that can benefit from available tax credits that mitigate the costs of higher education take advantage of these opportunities. These tax credits include the American opportunity tax credit provided in the American recovery and reinvestment act of 2009, the lifetime learning credit, and other relevant tax credits for as long as they are available.
(4)(a) Institutions shall make every effort to communicate to students and their families the benefits of such tax credits and provide assistance to students and their families on how to apply.
(b) Information about relevant tax credits shall, to the greatest
extent possible, be incorporated into financial aid counseling, admission information, and individual billing statements.

(c) Institutions shall, to the greatest extent possible, use all means of communication, including but not limited to web sites, online catalogues, admission and registration forms, mass email messaging, social media, and outside marketing to ensure information about relevant tax credits is visible and compelling, and reaches the maximum amount of student and families that can benefit.

(5) In the event that the economic value of the American opportunity tax credit is reduced or expires at any time before December 31, 2012, institutions of higher education shall:

(a) Develop an updated tuition mitigation plan established under section 6 of this act for the purpose of minimizing, to the greatest extent possible, the increase in net cost of tuition or total cost of attendance for students resulting from any such change. This plan shall include the methods specified by the four-year institution of higher education to avoid adding additional loan debt burdens to students regardless of the source of such loans;

(b) Report to the governor and the relevant committees of the legislature on their plans to adjust their tuition mitigation plans no later than ninety days after any such change to the American opportunity tax credit.

Sec. 14. RCW 28B.76.270 and 2004 c 275 s 11 are each amended to read as follows:

(1) The board shall establish an accountability monitoring and reporting system as part of a continuing effort to make meaningful and substantial progress towards the achievement of long-term performance goals in higher education.

(2) To provide consistent, easily understood data among the public four-year institutions of higher education within Washington and in other states, the following data must be reported annually by December 1st, must include projected outcomes for the following year, and at a minimum include data recommended by a national organization representing state chief executives. The board may change the data requirements to be consistent with best practices across the country. This data must, to the maximum extent possible, be disaggregated by race and ethnicity, gender, state and county of origin, age, and socioeconomic status, and include the following for the four-year institutions of higher education:

(ii) Between seventy-one percent and one hundred twenty-five percent of the median family income; and

(iii) Above one hundred twenty-five percent of the median family income; and

(r) Yearly percentage increases in the average cost of undergraduate instruction.

(3) Four-year institutions of higher education must count all students when collecting data, not only first-time, full-time freshmen.

(4) Based on guidelines prepared by the board, each four-year institution and the state board for community and technical colleges shall submit a biennial plan to achieve measurable and specific improvements each academic year on statewide and institution-specific performance measures. Plans shall be submitted to the board along with the biennial budget requests from the institutions and the state board for community and technical colleges. Performance measures established for the community and technical colleges shall reflect the role and mission of the colleges.

(5) The board shall approve biennial performance targets for each four-year institution and for the community and technical college system and shall review actual achievements annually. The state board for community and technical colleges shall set biennial performance targets for each college or district, where appropriate.

(6) The board shall submit a report on progress towards the statewide goals, with recommendations for the ensuing biennium, to the fiscal and higher education committees of the legislature along with the board's biennial budget recommendations.

(7) The board, in collaboration with the four-year institutions and the state board for community and technical colleges, shall periodically review and update the accountability monitoring and reporting system.

(8) The board shall develop measurable indicators and benchmarks for its own performance regarding cost, quantity, quality, and timeliness and including the performance of committees and advisory groups convened under this chapter to accomplish such tasks as improving transfer and articulation, improving articulation with the K-12 education system, measuring educational costs, or developing data protocols. The board shall submit its accountability plan to the legislature concurrently with the biennial report on institution progress.

(9) In conjunction with the office of financial management, all four-year institutions of higher education must display the data described
in subsection (2) of this section in a uniform dashboard format on the office of financial management’s web site no later than December 1, 2011, and updated thereafter annually by December 1st. To the maximum extent possible, the information must be viewable by race and ethnicity, gender, state and county of origin, age, and socioeconomic status. The information may be tailored to meet the needs of various target audiences such as students, researchers, and the general public.

Sec. 15. RCW 28B.92.060 and 2009 c 215 s 4 are each amended to read as follows:

In awarding need grants, the board shall proceed substantially as follows: PROVIDED, That nothing contained herein shall be construed to prevent the board, in the exercise of its sound discretion, from following another procedure when the best interest of the program so dictates:

(1) The board shall annually select the financial aid award recipients from among Washington residents applying for student financial aid who have been ranked according to:

(a) Financial need as determined by the amount of the family contribution; and

(b) Other considerations, such as whether the student is a former foster youth, or is a placebound student who has completed an associate of arts or associate of science degree or its equivalent.

(2) The financial need of the highest ranked students shall be met by grants depending upon the evaluation of financial need until the total allocation has been disbursed. Funds from grants which are declined, forfeited or otherwise unused shall be reawarded until disbursed, except that eligible former foster youth shall be assured receipt of a grant. The board, in consultation with four-year institutions of higher education, and the state board for community and technical colleges, shall develop award criteria and methods of disbursement based on level of need, and not solely rely on a first-come, first-served basis.

(3) A student shall be eligible to receive a state need grant for up to five years, or the credit or clock hour equivalent of five years, or up to one hundred twenty-five percent of the published length of time of the student's program. A student may not start a new associate degree program as a state need grant recipient until at least five years have elapsed since earning an associate degree as a need grant recipient, except that a student may earn two associate degrees concurrently. Qualifications for renewal will include maintaining satisfactory academic progress toward completion of an eligible program as determined by the board. Should the recipient terminate his or her enrollment for any reason during the academic year, the unused portion of the grant shall be returned to the state educational grant fund by the institution according to the institution's own policy for issuing refunds, except as provided in RCW 28B.92.070.

(4) In computing financial need, the board shall determine a maximum student expense budget allowance, not to exceed an amount equal to the total maximum student expense budget at the public institutions plus the current average state appropriation per student for operating expense in the public institutions. Any child support payments received by students who are parents attending less than half-time shall not be used in computing financial need.

(5)(a) A student who is enrolled in three to six credit-bearing quarter credits, or the equivalent semester credits, may receive a grant for up to one academic year before beginning a program that leads to a degree or certificate.

(b) An eligible student enrolled on a less-than-full-time basis shall receive a prorated portion of his or her state need grant for any academic period in which he or she is enrolled on a less-than-full-time basis, as long as funds are available.

(c) An institution of higher education may award a state need grant to an eligible student enrolled in three to six credit-bearing quarter credits, or the semester equivalent, on a provisional basis if:

(i) The student has not previously received a state need grant from that institution;

(ii) The student completes the required free application for federal student aid;

(iii) The institution has reviewed the student's financial condition, and the financial condition of the student's family if the student is a dependent student, and has determined that the student is likely eligible for a state need grant; and

(iv) The student has signed a document attesting to the fact that the financial information provided on the free application for federal student aid and any additional financial information provided directly to the institution is accurate and complete, and that the student agrees to repay the institution for the grant amount if the student submitted false or incomplete information.

Sec. 16. RCW 28A.600.310 and 2009 c 450 s 8 are each amended to read as follows:

(1) Eleventh and twelfth grade students or students who have not received the credits required for the award of a high school diploma and are eligible to be in the eleventh or twelfth grades may apply to a participating institution of higher education to enroll in courses or programs offered by the institution of higher education. A student receiving home-based instruction enrolling in a public high school for the sole purpose of participating in courses or programs offered by institutions of higher education shall not be counted by the school district in any required state or federal accountability reporting if the student's parents or guardians filed a declaration of intent to provide home-based instruction and the student received home-based instruction during the school year before the school year in which the student intends to participate in courses or programs offered by the institution of higher education. Students receiving home-based instruction under chapter 28A.200 RCW and students attending private schools approved under chapter 28A.195 RCW shall not be required to meet the student learning goals, obtain a certificate of academic achievement or a certificate of individual achievement to graduate from high school, or to master the essential academic learning requirements. However, students are eligible to enroll in courses or programs in participating universities only if the board of directors of the student's school district has decided to participate in the program. Participating institutions of higher education, in consultation with school districts, may establish admission standards for these students. If the institution of higher education accepts a secondary school pupil for enrollment under this section, the institution of higher education shall send written notice to the pupil and the pupil's school district within ten days of acceptance. The notice shall indicate the course and hours of enrollment for that pupil.

(2)(a) In lieu of tuition and fees, as defined in RCW 28B.15.020 and 28B.15.041(c):

(i) Running start students shall pay the community or technical college all other mandatory fees as established by each community or technical college and, in addition, the state board for community and technical colleges may authorize a fee of up to ten percent of tuition and fees as defined in RCW 28B.15.020 and 28B.15.041; and

(ii) All other institutions of higher education operating a running start program may charge running start students a fee of up to ten percent of tuition and fees as defined in RCW 28B.15.020 and 28B.15.041 in addition to technology fees.

(b) The fees charged under this subsection (2) shall be prorated based on credit load.

(3)(a) The institutions of higher education must make available fee waivers for low-income running start students. Each institution must establish a written policy for the determination of low-income students before offering the fee waiver. A student shall be considered
low income and eligible for a fee waiver upon proof that the student is currently qualified to receive free or reduced-price lunch. Acceptable documentation of low-income status may also include, but is not limited to, documentation that a student has been deemed eligible for free or reduced-price lunches in the last five years, or other criteria established in the institution's policy.

(b) Institutions of higher education, in collaboration with relevant student associations, shall aim to have one hundred percent of students that can benefit from fee waivers take advantage of these waivers. Institutions shall make every effort to communicate to students and their families the benefits of the waivers and provide assistance to students and their families on how to apply. Information about waivers shall, to the greatest extent possible, be incorporated into financial aid counseling, admission information, and individual billing statements. Institutions also shall, to the greatest extent possible, use all means of communication, including but not limited to web sites, online catalogues, admission and registration forms, mass e-mail messaging, social media, and outside marketing to ensure that information about waivers is visible, compelling, and reaches the maximum number of students and families that can benefit.

(4) The pupil's school district shall transmit to the institution of higher education an amount per each full-time equivalent college student at statewide uniform rates for vocational and nonvocational students. The superintendent of public instruction shall separately calculate and allocate moneys appropriated for basic education under RCW 28A.150.260 to school districts for purposes of making such payments and for granting school districts seven percent thereof to offset program related costs. The calculations and allocations shall be based upon the estimated statewide annual average per full-time equivalent high school student allocations under RCW 28A.150.260, excluding small high school enhancements, and applicable rules adopted under chapter 34.05 RCW. The superintendent of public instruction, the higher education coordinating board, and the state board for community and technical colleges shall consult on the calculation and distribution of the funds. The funds received by the institution of higher education from the school district shall not be deemed tuition or operating fees and may be retained by the institution of higher education. A student enrolled under this subsection shall be counted for the purpose of meeting enrollment targets in accordance with terms and conditions specified in the omnibus appropriations act.

(5) The state board for community and technical colleges, in collaboration with other institutions of higher education that participate in the running start program and the office of the superintendent of public instruction, shall identify, assess, and report on alternatives for providing ongoing and adequate financial support for the program. Such alternatives shall include but are not limited to student tuition, increased support from local school districts, and reallocation of existing state financial support among the community and technical college system to account for differential running start enrollment levels and impacts. The state board for community and technical colleges shall report the assessment of alternatives to the governor and to the appropriate fiscal and policy committees of the legislature by September 1, 2010.

NEW SECTION. Sec. 17. A new section is added to chapter 28B.10 RCW to read as follows:

(1) A graduate of a community or technical college in this state who has earned a transferable associate of arts or sciences degree when admitted to a four-year institution of higher education shall have junior standing. A graduate who has earned the direct transfer associate of arts degree will be deemed to have met the lower division general education requirements of the receiving four-year institution of higher education. A graduate who has earned the associate of science transfer degree will be deemed to have met most requirements that prepare the graduate for baccalaureate degree majors in science, technology, engineering, and math and will be required to complete only such additional lower division, general education courses at the receiving four-year institutions of higher education as would have been required to complete the direct transfer associate of arts degree.

(2) A student who has earned the equivalent of ninety quarter credit hours and has completed the general education requirements at that four-year institution of higher education in Washington when admitted to another four-year institution of higher education shall have junior standing and shall be deemed to have met the lower division general education requirements of the institution to which the student transfers.

(3) The community and technical colleges, jointly with the four-year institutions of higher education, must develop a list of academic courses that are equivalent to one-year's worth of general education credit and that would transfer for that purpose to any other two or four-year institution of higher education. If a student completes one-year's worth of general education credits, the student may be issued a one-year academic completion certificate. This certificate shall be accepted at any transferring two or four-year institution of higher education.

(4) Each institution of higher education must develop a minimum of one degree within the arts and sciences disciplines that can be completed within the equivalent of ninety quarter upper division credits by any student who enters an institution of higher education with junior status and lower division general education requirements completed.

(5) Each four-year institution of higher education must publish a list of recommended courses for each academic major designed to help students who are planning to transfer design their course of study. Publication of the list of courses must be easily identified and accessible on the institution's web site.

(6) The requirements to publish a list of recommended courses for each academic major under this section does not apply if an institution does not require courses or majors to meet specific requirements but generally applies credits earned towards degree requirements.

NEW SECTION. Sec. 18. A new section is added to chapter 28B.50 RCW to read as follows:

(1)(a) Community and technical colleges must identify and publish in their admissions materials the college level courses that are recognized by all four-year institutions of higher education as transferable to the four-year institutions of higher education.

(4) Community and technical colleges must create a list of courses that satisfy the basic requirements, distribution requirements, and approved electives for:

(a) A one-year academic completion certificate as provided for under section 11 of this act; and

(b) A transferrable associate of arts or science degree as provided for under section 11 of this act.

(3) To the extent possible, each community and technical college must develop links between the lists in subsections (1) and (2) of this section and its list of courses, and develop methods to encourage students to check the lists in subsections (1) and (2) of this section when the students are registering for courses.

Sec. 19. RCW 39.29.011 and 2009 c 486 s 7 are each amended to read as follows:

All personal service contracts shall be entered into pursuant to competitive solicitation, except for:

(1) Emergency contracts;

(2) Sole source contracts;
(3) Contract amendments;
(4) Contracts between a consultant and an agency of less than twenty thousand dollars. However, contracts of five thousand dollars or greater but less than twenty thousand dollars shall have documented evidence of competition, which must include agency posting of the contract opportunity on the state’s common vendor registration and bid notification system. Agencies shall not structure contracts to evade these requirements; (ended)

(5) Contracts between a consultant and an institution of higher education of less than one hundred thousand dollars. However, contracts of ten thousand dollars or greater but less than one hundred thousand dollars shall have documented evidence of competition, which must include an institution of higher education’s posting of the contract opportunity on the state’s common vendor registration and bid notification system. Institutions of higher education may not structure contracts to evade these requirements; and

(6) Other specific contracts or classes or groups of contracts exempted from the competitive solicitation process by the director of the office of financial management when it has been determined that a competitive solicitation process is not appropriate or cost-effective.

Sec. 20. RCW 43.19.1906 and 2008 c 215 s 5 are each amended to read as follows:

Insofar as practicable, all purchases and sales shall be based on competitive bids, and a formal sealed, electronic, or web-based bid procedure, subject to RCW 43.19.1911, shall be used as standard procedure for all purchases and contracts for purchases and sales executed by the state purchasing and material control director and under the powers granted by RCW 43.19.190 through 43.19.1939. This requirement also applies to purchases and contracts for purchases and sales executed by agencies, including educational institutions, under delegated authority granted in accordance with provisions of RCW 43.19.190 or under RCW 28B.10.029. However, formal sealed, electronic, or web-based competitive bidding is not necessary for:

(1) Emergency purchases made pursuant to RCW 43.19.200 if the sealed bidding procedure would prevent or hinder the emergency from being met appropriately;

(2) Purchases not exceeding thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management: PROVIDED, that the state director of general administration shall establish procedures to assure that purchases made by or on behalf of the various state agencies shall not be made so as to avoid the thirty-five thousand dollar bid limitation, or subsequent bid limitations as calculated by the office of financial management: PROVIDED FURTHER, that the state purchasing and material control director is authorized to reduce the formal sealed bid limits of thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management, to a lower dollar amount for purchases by individual state agencies if considered necessary to maintain full disclosure of competitive procurement or otherwise to achieve overall state efficiency and economy in purchasing and material control. Quotations from three thousand dollars to thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management, shall be secured from at least three vendors to assure establishment of a competitive price and may be obtained by telephone or written quotations, or both. The agency shall invite at least one quotation each from a certified minority and a certified women-owned vendor who shall otherwise qualify to perform such work. Immediately after the award is made, the bid quotations obtained shall be recorded and open to public inspection and shall be available by telephone inquiry. A record of competition for all such purchases from three thousand dollars to thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management, shall be documented for audit purposes. Purchases up to three thousand dollars may be made without competitive bids based on user experience and knowledge of the market in achieving maximum quality at minimum cost;

(3) Purchases which are clearly and legitimately limited to a single source of supply and purchases involving special facilities, services, or market conditions, in which instances the purchase price may be best established by direct negotiation;

(4) Purchases of insurance and bonds by the risk management division under RCW 43.41.310;

(5) Purchases and contracts for vocational rehabilitation clients of the department of social and health services: PROVIDED, That this exemption is effective only when the state purchasing and material control director, after consultation with the director of the division of vocational rehabilitation and appropriate department of social and health services procurement personnel, declares that such purchases may be best executed through direct negotiation with one or more suppliers in order to expediently meet the special needs of the state's vocational rehabilitation clients;

(6) Purchases by universities for hospital operation or biomedical teaching or research purposes and by the state purchasing and material control director, as the agent for state hospitals as defined in RCW 72.23.010, and for health care programs provided in state correctional institutions as defined in RCW 72.65.010(3) and veterans’ institutions as defined in RCW 72.36.010 and 72.36.070, made by participating in contracts for materials, supplies, and equipment entered into by nonprofit cooperative hospital group purchasing organizations;

(7) Purchases for resale by institutions of higher education to other than public agencies when such purchases are for the express purpose of supporting instructional programs and may best be executed through direct negotiation with one or more suppliers in order to meet the special needs of the institution;

(8) Purchases by institutions of higher education not exceeding (thirty-five) one hundred thousand dollars: PROVIDED, That for purchases between (thirty) ten thousand dollars and (thirty-five) one hundred thousand dollars quotations shall be secured from at least three vendors to assure establishment of a competitive price and may be obtained by telephone or written quotations, or both. For purchases between (thirty) ten thousand dollars and (thirty-five) one hundred thousand dollars, each institution of higher education shall invite at least one quotation each from a certified minority and a certified women-owned vendor who shall otherwise qualify to perform such work. A record of competition for all such purchases made from (thirty) ten thousand to (thirty-five) one hundred thousand dollars shall be documented for audit purposes;

(9) Off-contract purchases of Washington grown food when such food is not available from Washington sources through an existing contract. However, Washington grown food purchased under this subsection must be of an equivalent or better quality than similar food available through the contract and be able to be paid from the agency's existing budget. This requirement also applies to purchases and contracts for purchases executed by state agencies, including institutions of higher education, under delegated authority granted in accordance with RCW 43.19.190 or under RCW 28B.10.029; and

(10) Negotiation of a contract by the department of transportation, valid until June 30, 2001, with registered tow truck operators to provide roving service patrols in one or more Washington state patrol tow zones whereby those registered tow truck operators wishing to participate would cooperatively, with the department of transportation, develop a demonstration project upon terms and conditions negotiated by the parties.

Beginning on July 1, 1995, and on July 1 of each succeeding odd-numbered year, the dollar limits specified in this section shall be adjusted as follows: The office of financial management shall calculate such limits by adjusting the previous biennium’s limits by the appropriate federal inflationary index reflecting the rate of inflation for the previous biennium. Such amounts shall be rounded.
to the nearest one hundred dollars. However, the three thousand
dollar figure in subsection (a) (2) ((and (8))) of this section may not
be adjusted to exceed five thousand dollars.

As used in this section, “Washington grown” has the definition in
RCW 15.64.060.

Sec. 21. RCW 43.88.160 and 2006 c 1 s 6 are each amended to
read as follows:

This section sets forth the major fiscal duties and responsibilities
of officers and agencies of the executive branch. The regulations
issued by the governor pursuant to this chapter shall provide for a
comprehensive, orderly basis for fiscal management and control,
including efficient accounting and reporting therefor, for the
executive branch of the state government and may include, in
addition, such requirements as will generally promote more efficient
public management in the state.

(1) Governor; director of financial management. The governor,
through the director of financial management, shall devise and
supervise a modern and complete accounting system for each agency
to the end that all revenues, expenditures, receipts, disbursements,
resources, and obligations of the state shall be properly and
systematically accounted for. The accounting system shall include
the development of accurate, timely records and reports of all
financial affairs of the state. The system shall also provide for central
accounts in the office of financial management at the level of detail
deemed necessary by the director to perform central financial
management. The director of financial management shall adopt and
periodically update an accounting procedures manual. Any agency
maintaining its own accounting and reporting system shall comply
with the updated accounting procedures manual and the rules of the
director adopted under this chapter. An agency may receive a waiver
from complying with this requirement if the waiver is approved by
the director. Waivers expire at the end of the fiscal biennium for
which they are granted. The director shall forward notice of waivers
granted to the appropriate legislative fiscal committees. The director
of financial management may require such financial, statistical, and
other reports as the director deems necessary from all agencies
covering any period.

(2) Except as provided in chapter 43.88C RCW, the director of
financial management is responsible for quarterly reporting of
primary operating budget drivers such as applicable workloads,
caseload estimates, and appropriate unit cost data. These reports shall
be transmitted to the legislative fiscal committees or by electronic
means to the legislative evaluation and accountability program
committee. Quarterly reports shall include actual monthly data and
the variance between actual and estimated data to date. The reports
shall also include estimates of these items for the remainder of the
budget period.

(3) The director of financial management shall report at least
annually to the appropriate legislative committees regarding the status
of all appropriated capital projects, including transportation projects,
showing significant cost overruns or underruns. If funds are shifted
from one project to another, the office of financial management shall
also reflect this in the annual variance report. Once a project is
complete, the report shall provide a final summary showing estimated
start and completion dates of each project phase compared to actual
dates, estimated costs of each project phase compared to actual costs,
and whether or not there are any outstanding liabilities or unsettled
claims at the time of completion.

(4) In addition, the director of financial management, as agent of
the governor, shall:

(a) Develop and maintain a system of internal controls and
internal audits comprising methods and procedures to be adopted by
each agency that will safeguard its assets, check the accuracy and
reliability of its accounting data, promote operational efficiency, and
encourage adherence to prescribed managerial policies for accounting
and financial controls. The system developed by the director shall
include criteria for determining the scope and comprehensiveness of
internal controls required by classes of agencies, depending on the
level of resources at risk.

Each agency head or authorized designee shall be assigned the
responsibility and authority for establishing and maintaining internal
audits following the standards of internal auditing of the institute of
internal auditors;

(b) Make surveys and analyses of agencies with the object of
determining better methods and increased effectiveness in the use of
manpower and materials; and the director shall authorize expenditures
for employee training to the end that the state may benefit from
training facilities made available to state employees;

(c) Establish policies for allowing the contracting of child care
services;

(d) Report to the governor with regard to duplication of effort or
lack of coordination among agencies;

(e) Review any pay and classification plans, and changes
thereunder, developed by any agency for their fiscal impact:

PROVIDED, That none of the provisions of this subsection shall
alter the plans, e

other payment methods, if the agencies have received authorization
from the director; and the treasurer shall

(f) Perform such other duties as may be required by law or by
regulations issued pursuant to this law.

It shall be unlawful for the treasurer to disburse public funds in
the treasury except upon forms or by alternative means duly
prescribed by the director of financial management. These forms or
alternative means shall provide for authentication and certification by
the agency head or the agency head's designee that the services have
been rendered or the materials have been furnished; or, in the case of
loans or grants, that the loans or grants are authorized by law; or, in
the case of payments for periodic maintenance services to be
performed on state owned equipment, that a written contract for such
periodic maintenance services is currently in effect; and the treasurer
shall not be liable under the treasurer's surety bond for erroneous or
improper payments so made. When services are lawfully paid for in
advance of full performance by any private individual or business
entity other than equipment maintenance providers or as provided for
by RCW 42.24.035, such individual or entity other than central stores
rendering such services shall make a cash deposit or furnish surety bond coverage to the state as shall be fixed in an amount by law, or if not fixed by law, then in such amounts as shall be fixed by the director of the department of general administration but in no case shall such required cash deposit or surety bond be less than an amount which will fully indemnify the state against any and all losses on account of breach of promise to fully perform such services. Except for institutions of higher education, no payments shall be made in advance for any equipment maintenance services to be performed more than twelve months after such payment. Any such bond so furnished shall be conditioned that the person, firm or corporation receiving the advance payment will apply it toward performance of the contract. The responsibility for recovery of erroneous or improper payments made under this section shall lie with the agency head or the agency head's designee in accordance with regulations issued pursuant to this chapter. Nothing in this section shall be construed to permit a public body to advance funds to a private service provider pursuant to a grant or loan before services have been rendered or material furnished.

(6) The state auditor shall:
(a) Report to the legislature the results of current post audits that have been made of the financial transactions of each agency; to this end the auditor may, in the auditor's discretion, examine the books and accounts of any agency, official, or employee charged with the receipt, custody, or safekeeping of public funds. Where feasible in conducting examinations, the auditor shall utilize data and findings from the internal control system prescribed by the office of financial management. The current post audit of each agency may include a section on recommendations to the legislature as provided in (c) of this subsection.

(b) Give information to the legislature, whenever required, upon any subject relating to the financial affairs of the state.

(c) Make the auditor's official report on or before the thirty-first day of December which precedes the meeting of the legislature. The report shall be for the last complete fiscal period and shall include determinations as to whether agencies, in making expenditures, complied with the laws of this state. The state auditor is authorized to perform or participate in performance verifications and performance audits as expressly authorized by the legislature in the omnibus biennial appropriations acts or in the performance audit work plan approved by the joint legislative audit and review committee. The state auditor, upon completing an audit for legal and financial compliance under chapter 43.09 RCW or a performance verification, may report to the joint legislative audit and review committee or other appropriate committees of the legislature, in a manner prescribed by the joint legislative audit and review committee, on facts relating to the management or performance of governmental programs where such facts are discovered incidental to the legal and financial audit or performance verification. The auditor may make such a report to a legislative committee only if the auditor has determined that the agency has been given an opportunity and has failed to resolve the management or performance issues raised by the auditor. If the auditor makes a report to a legislative committee, the agency may submit to the committee a response to the report. This subsection (6) shall not be construed to authorize the auditor to allocate other than de minimis resources to performance audits except as expressly authorized in the appropriations acts or in the performance audit work plan. The results of a performance audit conducted by the state auditor that has been requested by the joint legislative audit and review committee must only be transmitted to the joint legislative audit and review committee.

(d) Be empowered to take exception to specific expenditures that have been incurred by any agency or to take exception to other practices related in any way to the agency's financial transactions and to cause such exceptions to be made a matter of public record, including disclosure to the agency concerned and to the director of financial management. It shall be the duty of the director of financial management to cause corrective action to be taken within six months, such action to include, as appropriate, the withholding of funds as provided in RCW 43.88.110. The director of financial management shall annually report by December 31st the status of audit resolution to the appropriate committees of the legislature, the state auditor, and the attorney general. The director of financial management shall include in the audit resolution report actions taken as a result of an audit including, but not limited to, types of personnel actions, costs and types of litigation, and value of recouped goods or services.

(e) Promptly report any irregularities to the attorney general.

(f) Investigate improper governmental activity under chapter 42.40 RCW.

ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5586, by Senate Committee on Ways & Means (originally sponsored by Senators Parlette, Zarelli, Becker and Hewitt)
Requiring the department of social and health services to submit a demonstration waiver request to revise the federal medicaid program.

The bill was read the second time.

Representative Cody moved the adoption of amendment (733).

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that mounting budget pressures combined with growth in enrollment and constraints in the medicaid program have forced open discussion throughout the country and in our state concerning complete withdrawal from the medicaid program. The legislature recognizes that a better and more sustainable way forward would involve new state flexibility for managing its medicaid program built on the success of the basic health plan and Washington's transitional bridge waiver, where elements of consumer participation and choice, benefit design flexibility, and payment flexibility have helped keep costs low. The legislature further finds that either a centers for medicare and medicaid services' innovation center project or a section 1115 demonstration project, or both, with capped eligibility group per capita payments would allow the state to operate as a laboratory of innovation for bending the cost curve, preserving the safety net, and improving the management of care for low-income populations.

NEW SECTION. Sec. 2. A new section is added to chapter 74.09 RCW to read as follows:

(1) By October 1, 2011, the department shall submit a request to the centers for medicare and medicaid services' innovation center and, if necessary, a request under section 1115 of the social security act, to implement a medicaid and state children's health insurance program demonstration project. The demonstration project shall be designed to achieve the broadest federal financial participation and, to the extent permitted under federal law, shall authorize:

(a) Establishment of base-year, eligibility group per capita payments, with maximum flexibility provided to the state for managing the health care trend and provisions for shared savings if per capita expenditures are below the negotiated rates. The capped eligibility group per capita payments shall: (i) Be based on targeted per capita costs for the full duration of the demonstration period; (ii) include due consideration and flexibility for unforeseen events, changes in the delivery of health care, and changes in federal or state law; and (iii) take into account the effect of the federal patient protection and affordable care act on federal resources devoted to medicaid and state children's health insurance programs. Federal payments for each eligibility group shall be based on the product of the negotiated per capita payments for the eligibility group multiplied by the actual caseload for the eligibility group;

(b) Coverage of benefits determined to be essential health benefits under section 1302(b) of the federal patient protection and affordable care act, 42 U.S.C. 18022(b), with coverage of benefits in addition to the essential health benefits as appropriate for distinct categories of enrollees such as children, pregnant women, individuals with disabilities, and elderly adults.

(c) Limited, reasonable, and enforceable cost sharing and premiums to encourage informed consumer behavior and appropriate utilization of health services, while ensuring that access to evidence-based, preventative and primary care is not hindered;

(d) Streamlined eligibility determinations;

(e) Innovative reimbursement methods such as bundled, global, and risk-bearing payment arrangements, that promote effective purchasing, efficient use of health services, and support health homes, accountable care organizations, and other innovations intended to contain costs, improve health, and incent smart consumer decision making;

(f) Clients to voluntarily enroll in the insurance exchange, and broadened enrollment in employer-sponsored insurance when available and deemed cost-effective for the state, with authority to require clients to remain enrolled in their chosen plan for the calendar year;

(g) An expedited process of forty-five days or less in which the centers for medicare and medicaid services must respond to any state request for changes to the demonstration project once it is implemented to ensure that the state has the necessary flexibility to manage within its eligibility group per capita payment caps; and

(h) The development of an alternative payment methodology for federally qualified health centers and rural health clinics that enables capitated or global payment of enhanced payments.

(2) The department shall provide status reports to the joint legislative select committee on health reform implementation as requested by the committee.

(3) The department shall provide multiple opportunities for stakeholders and the general public to review and comment on the request as it developed.

(4) The department shall identify changes to state law necessary to ensure successful and timely implementation of the demonstration project. Correct the title.

"NEW SECTION. Sec. 1. The legislature finds that stable and sustainable employment is the key goal of the WorkFirst and temporary assistance for needy families programs. Achieving stable and sustainable employment is a developmental process that takes time, effort, and engagement. In times of fiscal challenge, temporary assistance for needy families and WorkFirst resources must be invested in program elements that produce the best results for low-income families and the state of Washington.

The legislature further finds that the core tenets that are the foundation of Washington state’s WorkFirst program are: (1) Achieving stable and successful employment; (2) recognizing the critical role that participants play in their children’s development, healthy growth, and promotion of family stability; (3) developing strategies founded on the principle that WorkFirst is a transitional, not long-term, program to assist families on the pathway to self-sufficiency while holding them accountable; and (4) leveraging resources outside the funding for temporary assistance for needy families is crucial to achieving WorkFirst goals. It is the intent of the legislature, using evidence-based and research-based practices, to develop a road map to self-sufficiency for WorkFirst participants and temporary assistance for needy families recipients.

The legislature further finds that parents are responsible for the support of their children and that they have up to sixty months of receipt of temporary assistance for needy families benefits, absent any applicable hardship extension, to achieve stable and sustainable employment or find other means to support their family. It is the intent of the legislature to apply a sixty-month time limit to the temporary assistance for needy families program, including households in which a parent is in the home and ineligible for temporary assistance for needy families. The legislature intends that hardship extensions be applied to families subject to time limits.

Sec. 2. RCW 74.08A.260 and 2009 c 85 s 2 are each amended to read as follows:

(1) Each recipient shall be assessed after determination of program eligibility and before referral to job search. Assessments shall be based upon factors that are critical to obtaining employment, including but not limited to education, availability of child care, history of family violence, history of substance abuse, and other factors that affect the ability to obtain employment. Assessments may be performed by the department or by a contracted entity. The assessment shall be based on a uniform, consistent, transferable format that will be accepted by all agencies and organizations serving the recipient.

(2) Based on the assessment, an individual responsibility plan shall be prepared that: (a) Sets forth an employment goal and a plan for maximizing the recipient’s success at meeting the employment goal; (b) considers WorkFirst educational and training programs from which the recipient could benefit; (c) contains the obligation of the recipient to participate in the program by complying with the plan; (d) moves the recipient into full-time WorkFirst activities as quickly as possible; and (e) describes the services available to the recipient either during or after WorkFirst to enable the recipient to obtain and keep employment and to advance in the workplace and increase the recipient’s wage earning potential over time.

(3) Recipients who are not engaged in work and work activities, and do not qualify for a good cause exemption under RCW 74.08A.270, shall engage in self-directed service as provided in RCW 74.08A.330.

(4) If a recipient refuses to engage in work and work activities required by the department, the family’s grant shall be reduced by the recipient’s share, and may, if the department determines it appropriate, be terminated.

(5) The department may waive the penalties required under subsection ((3)) (4) of this section, subject to a finding that the recipient refused to engage in work for good cause provided in RCW 74.08A.270.

(6) In consultation with the recipient, the department or contractor shall place the recipient into a work activity that is available in the local area where the recipient resides.

(7) Assessments conducted under this section shall include a consideration of the potential benefit to the recipient of engaging in financial literacy activities. The department shall consider the options for financial literacy activities available in the community, including information and resources available through the financial literacy education public-private partnership created under RCW 28A.300.450. The department may authorize up to ten hours of financial literacy activities as a core activity or an optional activity under WorkFirst.

(8) (a) From July 1, 2011, through June 30, 2012, subsections (2) through (6) of this section are suspended for a recipient who is a parent or other relative personally providing care for one child under the age of two years, or two or more children under the age of six years. This suspension applies to both one and two parent families. However, both parents in a two-parent family cannot use the suspension during the same month. Beginning July 1, 2012, the department shall phase in the work activity requirements that were suspended, beginning with those recipients closest to reaching the sixty-month limit of receiving temporary assistance for needy families under RCW 74.08A.010(1). The phase in shall be accomplished so that a fairly equal number of recipients required to participate in work activities are returned to those activities each month until the total number required to participate is participating by June 30, 2013. Nothing in this subsection shall prevent a recipient from participating in the WorkFirst program on a voluntary basis. Recipients who participate in the WorkFirst program on a voluntary basis shall be provided an option to participate in the program on a part-time basis, consisting of sixteen or fewer hours of activities per week. Recipients also may participate voluntarily on a full-time basis.

(b)(i) The period of suspension of work activities under this subsection provides an opportunity for the legislative and executive branches to oversee redesign of the WorkFirst program. To realize this opportunity, both during the period of suspension and following reinstatement of work activity requirements as redesign is being implemented, a legislative-executive WorkFirst oversight task force is established, with members as provided in this subsection (8)(b).

(ii) The president of the senate shall appoint two members from each of the two largest caucuses of the senate.

(iii) The speaker of the house of representatives shall appoint two members from each of the two largest caucuses of the house of representatives.

(iv) The governor shall appoint members representing the
department of social and health services, the department of early
learning, the department of commerce, the employment security

the legislative members and one from among the executive branch
members. The legislative members shall convene the initial meeting
of the task force.

(c) The task force shall:

of the WorkFirst program and operation of the temporary assistance
for needy families program to ensure that the programs are achieving
desired outcomes for their clients;

WorkFirst program, including measures related to equitably serving
the needs of historically underrepresented populations, such as

(iii) Develop accountability measures for WorkFirst recipients
and the state agencies responsible for their progress toward self-
sufficiency;

(iv) Make recommendations to the governor and the legislature
regarding:

(A) Policies to improve the effectiveness of the WorkFirst

experience long stays on the program and strategies to improve their
ability to achieve progress toward self-sufficiency; and

(C) Necessary changes to the program, including taking into
account federal changes to the temporary assistance for needy
families program.

(d) The partner agencies must provide the task force with regular
reports on:

(i) The partner agencies' progress toward meeting the outcome
and performance measures established under (c) of this subsection;

(ii) Caseload trends and program expenditures, and the impact of
those trends and expenditures on client services, including services to
historically underrepresented populations; and

(iii) The characteristics of families who have been unsuccessful
on the program and have lost their benefits either through sanction or
the sixty-month time limit.

(e) Staff support for the task force must be provided by senate
committee services, the house of representatives office of program
research, and the state agency members of the task force.

(f) The task force shall meet on a quarterly basis beginning
September 2011, or as determined necessary by the task force
cochairs.

(g) During its tenure, the state agency members of the task force

Strike everything after the enacting clause and insert the following:

**NEW SECTION. Sec. 30.** The legislature finds that stable and sustainable employment is the key goal of the WorkFirst and temporary assistance for needy families programs. Achieving stable and sustainable employment is a developmental process that takes time, effort, and engagement. In times of fiscal challenge, temporary assistance for needy families and WorkFirst resources must be invested in program elements that produce the best results for low-income families and the state of Washington.

The legislature further finds that the core tenets that are the foundation of Washington state’s WorkFirst program are: (1) Achieving stable and successful employment; (2) recognizing the critical role that participants play in their children’s development, healthy growth, and promotion of family stability; (3) developing strategies founded on the principle that WorkFirst is a transitional, not long-term, program to assist families on the pathway to self-sufficiency while holding them accountable; and (4) leveraging resources outside the funding for temporary assistance for needy families is crucial to achieving WorkFirst goals. It is the intent of the legislature, using evidence-based and research-based practices, to develop a road map to self-sufficiency for WorkFirst participants and temporary assistance for needy families recipients.

The legislature further finds that parents are responsible for the support of their children and that they have up to sixty months of receipt of temporary assistance for needy families benefits, absent any applicable hardship extension, to achieve stable and sustainable employment or find other means to support their family. It is the intent of the legislature to apply a sixty-month time limit to the temporary assistance for needy families program, including households in which a parent is in the home and ineligible for temporary assistance for needy families. The legislature intends that hardship extensions be applied to families subject to time limits.

**Sec. 31.** RCW 74.08A.260 and 2009 c 85 s 2 are each amended to read as follows:

(1) Each recipient shall be assessed after determination of program eligibility and before referral to job search. Assessments shall be based upon factors that are critical to obtaining employment, including but not limited to education, availability of child care, history of family violence, history of substance abuse, and other factors that affect the ability to obtain employment. Assessments may be performed by the department or by a contracted entity. The assessment shall be based on a uniform, consistent, transferable format that will be accepted by all agencies and organizations serving the recipient.

(2) Based on the assessment, an individual responsibility plan shall be prepared that: (a) Sets forth an employment goal and a plan for maximizing the recipient’s success at meeting the employment goal; (b) considers WorkFirst educational and training programs from which the recipient could benefit; (c) contains the obligation of the recipient to participate in the program by complying with the plan; (d) moves the recipient into full-time WorkFirst activities as quickly as possible; and (e) describes the services available to the recipient either during or after WorkFirst to enable the recipient to obtain and keep employment and to advance in the workplace and increase the recipient’s wage earning potential over time.

(((2))) (3) Recipients who are not engaged in work and work activities, and do not qualify for a good cause exemption under RCW 74.08A.270, shall engage in self-directed service as provided in RCW 74.08A.330.

(((4))) (4) If a recipient refuses to engage in work and work activities required by the department, the family’s grant shall be reduced by the recipient’s share, and may, if the department determines it appropriate, be terminated.

(((4))) (5) The department may waive the penalties required under subsection (((4))) (4) of this section, subject to a finding that the recipient refused to engage in work for good cause provided in RCW 74.08A.270.

(((5))) (5) In implementing this section, the department shall assign the highest priority to the most employable clients, including adults in two-parent families and parents in single-parent families that include older preschool or school-age children to be engaged in work activities.)

(6) In consultation with the recipient, the department or contractor shall place the recipient into a work activity that is available in the local area where the recipient resides.

(7) Assessments conducted under this section shall include a consideration of the potential benefit to the recipient of engaging in financial literacy activities. The department shall consider the options for financial literacy activities available in the community, including information and resources available through the financial literacy education public-private partnership created under RCW 28A.300.450. The department may authorize up to ten hours of financial literacy activities as a core activity or an optional activity under WorkFirst.

(8)(a) From July 1, 2011, through June 30, 2012, subsections (2) through (6) of this section are suspended for a recipient who is a parent or other relative personally providing care for one child under the age of two years, or two or more children under the age of six years. This suspension applies to both one and two parent families. However, both parents in a two-parent family cannot use the suspension during the same month. Beginning July 1, 2012, the department shall phase in the work activity requirements that were suspended, beginning with those recipients closest to reaching the sixty-month limit of receiving temporary assistance for needy families under RCW 74.08A.010(1). The phase in shall be accomplished so that a fairly equal number of recipients required to participate in work activities are returned to those activities each month until the total number required to participate is participating by June 30, 2013.

Nothing in this subsection shall prevent a recipient from participating in the WorkFirst program on a voluntary basis. Recipients who participate in the WorkFirst program on a voluntary basis shall be provided an option to participate in the program on a part-time basis, consisting of sixteen or fewer hours of activities per week. Recipients also may participate voluntarily on a full-time basis.

(b)(i) The period of suspension of work activities under this subsection provides an opportunity for the legislative and executive branch to work cooperatively on redesign of the WorkFirst program.

To realize this opportunity, both during the period of suspension and following reinstatement of work activity requirements as redesign is being implemented, a legislative task force overseeing the WorkFirst program is established, with members as provided in this subsection.

(ii) The president of the senate shall appoint two members from each of the two largest caucuses of the senate.

(iii) The speaker of the house of representatives shall appoint two members from each of the two largest caucuses of the house of representatives.

(iv) The governor shall appoint members representing the department of social and health services, the department of early learning, the department of commerce, the employment security department, the office of financial management, and the state board for community and technical colleges.

(iii) Develop accountability measures for the WorkFirst recipients and the state agencies responsible for their progress toward self-sufficiency;

(iv) As part of the WorkFirst redesign, oversee the implementation of a comprehensive family assessment to be used at program entry; the use of an evaluation after completion of the family assessment which is designed to identify the appropriate work preparation activities and service levels for the recipient; and the use of a predictive modeling tool to be used to identify risk factors relating to a recipient’s participation in the temporary assistance for needy families program and his or her employability, and especially identifying those recipients most likely to experience long stays on the program as well as those recipients likely to experience short stays on the program; and

(v) Improve the responsiveness of the WorkFirst program in meeting the employment needs of Washington businesses.

(d) Staff support for the task force must be provided by senate committee services, the house of representatives office of program research, and the state agency members of the task force.

(e) The task force shall meet on a quarterly basis beginning September 2011, or as determined necessary by the task force cochairs. During state fiscal year 2012, it shall focus its efforts on the redesign of the WorkFirst program. The task force shall report its initial findings and recommendations to the governor and the legislature no later than July 30, 2012.

(f) The responsibilities of the task force shall be to:

(i) Provide ongoing review of the implementation of the WorkFirst redesign process to ensure that it is achieving results for its clients;

(ii) Jointly decide how temporary assistance for needy families state and federal dollars will be spent;

(iii) Make recommendations to the governor and the legislature regarding necessary changes to the program;

(iv) Receive regular reports from the partner agencies on the impact of program reductions;

(v) Receive regular reports on the characteristics of the families who have been unsuccessful on the program and have lost their benefits either through sanction or the sixty-month time limit;

(vi) Review and make recommendations on the implementation of federal changes to the temporary assistance for needy families program; and

(vii) Issue annual reports regarding its work.

(g) During its tenure, the state agency members of the task force shall respond in a timely manner to data requests from the cochairs. In addition, the task force will receive regular reports on the partner agencies’ progress toward the outcome goals and it will advise the governor and the legislature on child care and temporary assistance for needy families policies to improve the effectiveness of the WorkFirst program over time.

Sec. 32. RCW 74.08A.290 and 1997 c 58 s 316 are each amended to read as follows:

Contracts shall be made without regard to whether the contractor is a public or private entity.

Assistance may include but is not limited to development of contract language, design of requests for proposal, developing full cost information on government services, evaluation of bids, and providing for equal competition between private and public entities.

A caregiver with an income above three hundred percent of the federal poverty level shall not be eligible for temporary assistance for needy families benefits for a child, not a foster child, who is residing with that caregiver.

NEW SECTION. Sec. 34. A new section is added to chapter 74.08A RCW to read as follows:

(3) The department shall adopt regulations to apply the sixty-month time limit to households in which a parent is in the home and ineligible for temporary assistance for needy families. Any regulations shall be consistent with federal funding requirements.

(1) Washington state government must be organized to be efficient, cost-effective, and responsive to its residents;

(2) The cost of state-purchased health care continues to grow at an unsustainable rate, now representing nearly one-third of the state's budget and hindering our ability to invest in other essential services such as education and public safety;

(3) Responsibility for state health care purchasing is currently spread over multiple agencies, but successful interagency collaboration on quality and cost initiatives has helped demonstrate the benefits to the state of centralized health care purchasing;

(4) Consolidating the majority of state health care purchasing into a single state agency will best position the state to work with others, including private sector purchasers, health insurance carriers, health care providers, and consumers to increase the quality and affordability of health care for all state residents;

(5) The development and implementation of uniform state policies for all state-purchased health care is among the purposes for which the health care authority was originally created; and

(6) The state will be best able to take advantage of the opportunities and meet its obligations under the federal affordable care act, including establishment of a health benefit exchange and medicaid expansion, if primary responsibility for doing so rests with a single state agency.

The legislature therefore intends, where appropriate, to consolidate state health care purchasing within the health care authority, positioning the state to use its full purchasing power to get the greatest value for its money, and allowing other agencies to focus even more intently on their core missions.

(2) Approve or deny applications to participate as a provider of services furnished pursuant to this chapter;

(3) Terminate or suspend eligibility to participate as a provider of services furnished pursuant to this chapter; and

Sec. 20. RCW 74.09.300 and 1979 ex.s. c 152 s 11 are each amended to read as follows:

Whenever the secretary ((of the department of social and health services)) or director imposes a civil penalty under RCW 74.09.210, or terminates or suspends a provider's eligibility under RCW 74.09.290, he or she shall, if the provider is licensed pursuant to Titles 18, 70, or 71 RCW, give written notice of such imposition, termination, or suspension to the appropriate licensing agency or disciplinary board.

Sec. 21. RCW 74.09.470 and 2009 c 463 s 2 are each amended to read as follows:

(1) Consistent with the goals established in RCW 74.09.402, through the apple health for kids program authorized in this section, the ((department)) authority shall provide affordable health care coverage to children under the age of nineteen who reside in Washington state and whose family income at the time of enrollment is not greater than two hundred fifty percent of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services, and effective January 1, 2009, and only to the extent that funds are specifically appropriated therefor, to children whose family income is not greater than three hundred percent of the federal poverty level. In administering the program, the ((department)) authority shall take such actions as may be necessary to ensure the receipt of federal financial participation under the medical assistance program, as codified at Title XIX of the federal social security act, the state children's health insurance program, as codified at Title XXI of the federal social security act, and any other federal funding sources that are now available or may become available in the future. The ((department)) authority and the caseload forecast council shall estimate the anticipated caseload and costs of the program established in this section.

(2) The ((department)) authority shall accept applications for enrollment for children's health care coverage; establish appropriate minimum-enrollment periods, as may be necessary; and determine eligibility based on current family income. The ((department)) authority shall make eligibility determinations within the time frames for establishing eligibility for children on medical assistance, as defined by RCW 74.09.510. The application and annual renewal processes shall be designed to minimize administrative barriers for applicants and enrolled clients, and to minimize gaps in eligibility for families who are eligible for coverage. If a change in family income results in a change in the source of funding for coverage, the ((department)) authority shall transfer the family members to the appropriate source of funding and notify the family with respect to any change in premium obligation, without a break in eligibility. The ((department)) authority shall use the same eligibility redetermination and appeals procedures as those provided for children on medical assistance programs. The ((department)) authority shall modify its eligibility renewal procedures to lower the percentage of children failing to annually renew. The ((department)) authority shall manage its outreach, application, and renewal procedures with the goals of: (a) Achieving year by year improvements in enrollment, enrollment rates, renewals, and renewal rates; (b) maximizing the use of existing program databases to obtain information related to earned and unearned income for purposes of eligibility determination and renewals, including, but not limited to, the basic food program, the child care subsidy program, federal social security administration programs, and the employment security department wage database; (c) streamlining renewal processes to rely primarily upon data matches, online submissions, and telephone interviews; and (d) implementing any other eligibility determination and renewal processes to allow the state to receive an enhanced federal matching rate and additional federal outreach funding available through the federal children's health insurance program reauthorization act of 2009 by January 2010. The department shall advise the governor and the legislature regarding the status of these efforts by September 30, 2009. The information provided should include the status of the department's efforts, the anticipated impact of those efforts on enrollment, and the costs associated with that enrollment.

(3) To ensure continuity of care and ease of understanding for families and health care providers, and to maximize the efficiency of the program, the amount, scope, and duration of health care services provided to children under this section shall be the same as that provided to children under medical assistance, as defined in RCW 74.09.520.

(4) The primary mechanism for purchasing health care coverage under this section shall be through contracts with managed health care systems as defined in RCW 74.09.522, subject to conditions, limitations, and appropriations provided in the biennial appropriations act. However, the ((department)) authority shall make every effort within available resources to purchase health care coverage for uninsured children whose families have access to dependent coverage through an employer-sponsored health plan or another source when it is cost-effective for the state to do so, and the purchase is consistent with requirements of Title XIX and Title XXI of the federal social security act. To the extent allowable under federal law, the ((department)) authority shall require families to enroll in available employer-sponsored coverage, as a condition of participating in the program established under this section, when it is cost-effective for
the state to do so. Families who enroll in available employer-sponsored coverage under this section shall be accounted for separately in the annual report required by RCW 74.09.053.

(5)(a) To reflect appropriate parental responsibility, the ((department)) authority shall develop and implement a schedule of premiums for children's health care coverage due to the ((department)) authority from families with income greater than two hundred percent of the federal poverty level. For families with income greater than two hundred fifty percent of the federal poverty level, the premiums shall be established in consultation with the senate majority and minority leaders and the speaker and minority leader of the house of representatives. Premiums shall be set at a reasonable level that does not pose a barrier to enrollment. The amount of the premium shall be based upon family income and shall not exceed the premium limitations in Title XXI of the federal social security act. Premiums shall not be imposed on children in households at or below two hundred percent of the federal poverty level as articulated in RCW 74.09.055.

(b) Beginning no later than January 1, 2010, the ((department)) authority shall offer families whose income is greater than three hundred percent of the federal poverty level the opportunity to purchase health care coverage for their children through the programs administered under this section without an explicit premium subsidy from the state. The design of the health benefit package offered to these children should provide a benefit package substantially similar to that offered in the apple health for kids program, and may differ with respect to cost-sharing, and other appropriate elements from that provided to children under subsection (3) of this section including, but not limited to, application of preexisting conditions, waiting periods, and other design changes needed to offer affordable coverage. The amount paid by the family shall be in an amount equal to the rate paid by the state to the managed health care system for coverage of the child, including any associated and administrative costs to the state of providing coverage for the child. Such indicators may include, but are not limited to:

(a) Childhood immunization rates;

(b) Well child care utilization rates, including the use of behavioral and oral health screening, and validated, structured developmental screens using tools, that are consistent with nationally accepted pediatric guidelines and recommended administration schedule, once funding is specifically appropriated for this purpose;

Sec. 29. RCW 74.09.522 and 1997 c 59 s 15 and 1997 c 34 s 1 are each reenacted and amended to read as follows:
(1) For the purposes of this section, "managed health care system" means any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, health insuring organizations, or any combination thereof, that provides directly or by contract health care services covered under RCW 74.09.520 and rendered by licensed providers, on a prepaid capitated basis and that meets the requirements of section 1903(m)(1)(A) of Title XIX of the federal social security act or federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act.

(2) The (department of social and health services) authority shall enter into agreements with managed health care systems to provide health care services to recipients of temporary assistance for needy families under the following conditions:
   (a) Agreements shall be made for at least thirty thousand recipients statewide;
   (b) Agreements in at least one county shall include enrollment of all recipients of temporary assistance for needy families;
   (c) The extent that this provision is consistent with section 1903(m) of Title XIX of the federal social security act, participating managed health care systems shall not enroll a disproportionate number of medical assistance recipients within the total numbers of persons served by the managed health care systems, except as authorized by the (department of social and health services) authority under federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act; and
   (d) To the extent that this provision is consistent with section 1903(m) of Title XIX of the federal social security act, participating managed health care systems shall not enroll a disproportionate number of medical assistance recipients within the total numbers of persons served by the managed health care systems, except as authorized by the (department of social and health services) authority under federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act; and
   (e) In negotiating with managed health care systems the (department of social and health services) authority shall adopt a uniform procedure to negotiate and enter into contractual arrangements, including standards regarding the quality of services to be provided; and financial integrity of the responding system;
   (f) The (department of social and health services) authority shall seek waivers from federal requirements as necessary to implement this chapter;
   (g) The (department of social and health services) authority shall, wherever possible, enter into prepaid capitation contracts that include inpatient care. However, if this is not possible or feasible, the (department of social and health services) authority may enter into prepaid capitation contracts that do not include inpatient care;
   (h) The (department of social and health services) authority shall define those circumstances under which a managed health care system is responsible for out-of-plan services and assure that recipients shall not be charged for such services; and
   (i) Nothing in this section prevents the (department of social and health services) authority from entering into similar agreements for other groups of people eligible to receive services under this chapter.

(3) The (department of social and health services) authority shall ensure that publicly supported community health centers and providers in rural areas, who show serious intent and apparent capability to participate as managed health care systems are seriously considered as contractors. The (department of social and health services) authority shall coordinate its managed care activities with activities under chapter 70.47 RCW.

(4) The (department of social and health services) authority shall work jointly with the state of Oregon and other states in this geographical region in order to develop recommendations to be presented to the appropriate federal agencies and the United States congress for improving health care of the poor, while controlling related costs.

(5) The legislature finds that competition in the managed health care marketplace is enhanced, in the long term, by the existence of a large number of managed health care system options for medicaid clients. In a managed care delivery system, whose goal is to focus on prevention, primary care, and improved enrollee health status, continuity in care relationships is of substantial importance, and disruption to clients and health care providers should be minimized. To help ensure these goals are met, the following principles shall guide the (department of social and health services) authority in its healthy options managed health care purchasing efforts:

(a) All managed health care systems should have an opportunity to contract with the (department of social and health services) authority to the extent that minimum contracting requirements defined by the (department of social and health services) authority are met, at payment rates that enable the (department of social and health services) authority to operate as far below appropriated spending levels as possible, consistent with the principles established in this section.

(b) Managed health care systems should compete for the award of contracts and assignment of medicaid beneficiaries, who do not voluntarily select a contracting system, based upon:

(i) Demonstrated commitment to or experience in serving low-income populations;

(ii) Quality of services provided to enrollees;

(iii) Accessibility, including appropriate utilization, of services offered to enrollees;

(iv) Demonstrated capability to perform contracted services, including ability to supply an adequate provider network;

(v) Payment rates; and

(vi) The ability to meet other specifically defined contract requirements established by the (department of social and health services) authority, including consideration of past and current performance and participation in other state or federal health programs as a contractor.

(c) Consideration should be given to using multiple year contracting periods.

(d) Quality, accessibility, and demonstrated commitment to serving low-income populations shall be given significant weight in the contracting, evaluation, and assignment process.

(e) All contractors that are regulated health carriers must meet state minimum net worth requirements as defined in applicable state laws. The (department of social and health services) authority shall adopt rules establishing the minimum net worth requirements for contractors that are not regulated health carriers. This subsection does not limit the authority of the (department of social and health services) Washington state health care authority to take action under a contract upon finding that a contractor's financial status seriously jeopardizes the contractor's ability to meet its contract obligations.

(f) Procedures for resolution of disputes between the (department of social and health services) authority and contractors related to the award of, or failure to award, a managed care contract must be clearly set out in the procurement document. (In designing such procedures, the department shall give strong consideration to the negotiation and dispute resolution processes used by the Washington state health care authority in its managed health care contracting activities.)

(6) The (department of social and health services) authority may apply the principles set forth in subsection (5) of this section to its managed health care purchasing efforts on behalf of clients receiving supplemental security income benefits to the extent appropriate.

Sec. 30. RCW 74.09.5222 and 2009 c 545 s 4 are each amended to read as follows:

(1) The (department of social and health services) authority shall submit a section 1115 demonstration waiver request to the federal department of health and human services to expand and revise the medical assistance program as codified in Title XIX of the federal social security act. The waiver request should be designed to ensure the broadest federal financial
participation under Title XIX and XXI of the federal social security act. To the extent permitted under federal law, the waiver request should include the following components:

(a) Establishment of a single eligibility standard for low-income persons, including expansion of categorical eligibility to include childless adults. The (department) authority shall request that the single eligibility standard be phased in such that incremental steps are taken to cover additional low-income parents and individuals over time, with the goal of offering coverage to persons with household income at or below two hundred percent of the federal poverty level;

(b) Establishment of a single seamless application and eligibility determination system for all state low-income medical programs included in the waiver. Applications may be electronic and may include an electronic signature for verification and authentication. Eligibility determinations should maximize federal financing where possible;

(c) The delivery of all low-income coverage programs as a single program, with a common core benefit package that may be similar to the basic health benefit package or an alternative benefit package approved by the secretary of the federal department of health and human services, including the option of supplemental coverage for select categorical groups, such as children, and individuals who are aged, blind, and disabled;

(d) A program design to include creative and innovative approaches such as: Coverage for preventive services with incentives to use appropriate preventive care; enhanced medical home reimbursement and bundled payment methodologies; cost-sharing options; use of care management and care coordination programs to improve coordination of medical and behavioral health services; application of an innovative predictive risk model to better target care management services; and mandatory enrollment in managed care, as may be necessary;

(e) The ability to impose enrollment limits or benefit design changes for eligibility groups that were not eligible under the Title XIX state plan in effect on the date of submission of the waiver application;

(f) A premium assistance program whereby employers can participate in coverage options for employees and dependents of employees otherwise eligible under the waiver. The waiver should make every effort to maximize enrollment in employer-sponsored health insurance when it is cost-effective for the state to do so, and the purchase is consistent with the requirements of Titles XIX and XXI of the federal social security act. To the extent allowable under federal law, the (department) authority shall require enrollment in available employer-sponsored coverage as a condition of eligibility for coverage under the waiver; and

(g) The ability to share savings that might accrue to the federal medicare program, Title XVIII of the federal social security act, from improved care management for persons who are eligible for both medicare and medicaid. Through the waiver application process, the (department) authority shall determine whether the state could serve, directly or by contract, as a medicare special needs plan for persons eligible for both medicare and medicaid.

(2) The (department) authority shall hold ongoing stakeholder discussions as it is developing the waiver request, and provide opportunities for public review and comment as the request is being developed.

(3) The (department and the health care) authority shall identify statutory changes that may be necessary to ensure successful and timely implementation of the waiver request as submitted to the federal department of health and human services as the apple health program for adults.

(4) The legislature must authorize implementation of any waiver approved by the federal department of health and human services under this section.

Sec. 31. RCW 74.09.5225 and 2005 c 383 s 1 are each amended to read as follows:

(1) Payments for recipients eligible for medical assistance programs under this chapter for services provided by hospitals, regardless of the beneficiary’s managed care enrollment status, shall be made based on allowable costs incurred during the year, when services are provided by a rural hospital certified by the centers for medicare and medicaid services as a critical access hospital. Any additional payments made by the (medical assistance administration) authority for the healthy options program shall be no more than the additional amounts per service paid under this section for other medical assistance programs.

(2) Beginning on July 24, 2005, a moratorium shall be placed on additional hospital participation in critical access hospital payments under this section. However, rural hospitals that applied for certification to the centers for medicare and medicaid services prior to January 1, 2005, but have not yet completed the process or have not yet been approved for certification, remain eligible for medical assistance payments under this section.

Sec. 32. RCW 74.09.530 and 2007 c 315 s 2 are each amended to read as follows:

(1)(a) The authority is designated as the single state agency for purposes of Title XIX of the federal social security act;

(b) The amount and nature of medical assistance and the determination of eligibility of recipients for medical assistance shall be the responsibility of the (department of social and health services) authority;

(c) The (department) authority shall establish reasonable standards of assistance and resource and income exemptions which shall be consistent with the provisions of the social security act and (with the) federal regulations (of the secretary of health, education and welfare) for determining eligibility of individuals for medical assistance and the extent of such assistance to the extent that funds are available from the state and federal government. The (department) authority shall not consider resources in determining continuing eligibility for recipients eligible under section 1931 of the social security act.

(d) The authority is authorized to collaborate with other state or local agencies and nonprofit organizations in carrying out its duties under this chapter and, to the extent appropriate, may enter into agreements with such other entities.

(2) Individuals eligible for medical assistance under RCW 74.09.510(3) shall be transitioned into coverage under that subsection immediately upon their termination from coverage under RCW 74.09.510(2)(a). The (department) authority shall use income eligibility standards and eligibility determinations applicable to children placed in foster care. The (department, in consultation with the health care) authority shall provide information regarding basic health plan enrollment and shall offer assistance with the application and enrollment process to individuals covered under RCW 74.09.510(3) who are approaching their twenty-first birthday.

Sec. 33. RCW 74.09.540 and 2001 2nd sp.s. c 15 s 2 are each amended to read as follows:

(1) It is the intent of the legislature to remove barriers to employment for individuals with disabilities by providing medical assistance to (title) working (disabled) individuals with disabilities through a buy-in program in accordance with section 1902(a)(10)(A)(ii) of the social security act and eligibility and cost-sharing requirements established by the (department) authority.

(2) The (department) authority shall establish income, resource, and cost-sharing requirements for the buy-in program in accordance with federal law and any conditions or limitations specified in the omnibus appropriations act. The (department) authority shall establish and modify eligibility and cost-sharing requirements in order to administer the program within available funds. The (department) authority shall make every effort to coordinate benefits with
employer-sponsored coverage available to the working (disabled) individuals with disabilities receiving benefits under this chapter.

Sec. 34. RCW 74.09.555 and 2010 1st sp.s. c 8 s 30 are each amended to read as follows:

(1) The (department) authority shall adopt rules and policies providing that when persons with a mental disorder, who were enrolled in medical assistance immediately prior to confinement, are released from confinement, their medical assistance coverage will be fully reinstated on the day of their release, subject to any expedited review of their continued eligibility for medical assistance coverage that is required under federal or state law.

(2) The (department) authority, in collaboration with the Washington association of sheriffs and police chiefs, the department of corrections, and the regional support networks, shall establish procedures for coordination between the department and field offices, institutions for mental disease, and correctional institutions, as defined in RCW 9.94.049, that result in prompt reinstatement of eligibility and speedy eligibility determinations for persons who are likely to be eligible for medical assistance services upon release from confinement. Procedures developed under this subsection must address:

(a) Mechanisms for receiving medical assistance services applications on behalf of confined persons in anticipation of their release from confinement;

(b) Expedient review of applications filed by or on behalf of confined persons and, to the extent practicable, completion of the review before the person is released;

(c) Mechanisms for providing medical assistance services identity cards to persons eligible for medical assistance services immediately upon their release from confinement; and

(d) Coordination with the federal social security administration, through interagency agreements or otherwise, to expedite processing of applications for federal supplemental security income or social security disability benefits, including federal acceptance of applications on behalf of confined persons.

(3) Where medical or psychiatric examinations during a person's confinement indicate that the person is disabled, the correctional institution or institution for mental diseases shall provide the (department) authority with that information for purposes of making medical assistance eligibility and enrollment determinations prior to the person's release from confinement. The (department) authority shall, to the maximum extent permitted by federal law, use the examination in making its determination whether the person is disabled and eligible for medical assistance.

Sec. 48. RCW 74.09.770 and 1989 1st ex.s. c 10 s 2 are each amended to read as follows:

(1) The legislature finds that Washington state and the nation as a whole have a high rate of infant illness and death compared with other industrialized nations. This is especially true for minority and low-income populations. Premature and low birth weights have been directly linked to infant illness and death. The availability of adequate maternity care throughout the course of pregnancy has been identified as a major factor in reducing infant illness and death. Further, the investment in preventive health care programs, such as maternity care, contributes to the growth of a healthy and productive society and is a sound approach to health care cost containment. The legislature further finds that access to maternity care for low-income women in the state of Washington has declined significantly in recent years and has reached a crisis level.

(2) It is the purpose of this ((chapter (subchapter))) subchapter to provide, consistent with appropriated funds, maternity care necessary to ensure healthy birth outcomes for low-income families. To this end, a maternity care access system is established based on the following principles:

(a) The family is the fundamental unit in our society and should be supported through public policy.

(b) Access to maternity care for eligible persons to ensure healthy birth outcomes should be made readily available in an expeditious manner through a single service entry point.

(c) Unnecessary barriers to maternity care for eligible persons should be removed.

(d) Access to preventive and other health care services should be available for low-income children.

(e) Each woman should be encouraged to and assisted in making her own informed decisions about her maternity care.
(f) Unnecessary barriers to the provision of maternity care by qualified health professionals should be removed.

(g) The system should be sensitive to cultural differences among eligible persons.

(h) To the extent possible, decisions about the scope, content, and delivery of services should be made at the local level involving a broad representation of community interests.

(i) The maternity care access system should be evaluated at appropriate intervals to determine effectiveness and need for modification.

(j) Maternity care services should be delivered in a cost-effective manner.

Sec. 49. RCW 74.09.790 and 1993 c 407 s 9 are each amended to read as follows:

(2) Provide maternity care services to low-income women who are not eligible to receive such services under the medical assistance program, Title XIX of the federal social security act;

Sec. 51. RCW 74.09.810 and 1989 1st ex.s. c 10 s 6 are each amended to read as follows:

(1) The ((department)) authority shall establish an alternative maternity care service delivery system, if it determines that a county or a group of counties is a maternity care distressed area. A maternity care distressed area shall be defined by the ((department)) authority, in rule, as a county or a group of counties where eligible women are unable to obtain adequate maternity care. The ((department)) authority shall include the following factors in its determination:

(a) Higher than average percentage of eligible persons in the distressed area who receive late or no prenatal care;

A county authority may contract with a local nonprofit entity to develop the report. If the county authority is unwilling or unable to develop the report, it shall notify the ((department)) authority within thirty days, and the ((department)) authority shall develop the report for the distressed area.
(3) The ((department)) authority shall review the report and use it, to the extent possible, in developing strategies to improve maternity care access in the distressed area. The ((department)) authority may contract with or directly employ qualified maternity care health providers to provide maternity care services, if access to such providers in the distressed area is not possible by other means. In such cases, the ((department)) authority is authorized to pay that portion of the health care providers’ malpractice liability insurance that represents the percentage of maternity care provided to eligible persons by that provider through increased medical assistance payments.

Sec. 52. RCW 74.09.820 and 1989 1st ex.s. c 10 s 7 are each amended to read as follows:

To the extent that federal matching funds are available, the ((department)) authority or the department of health ((if one is created)) shall establish, in consultation with the health science programs of the state’s colleges and universities, and community health clinics, a loan repayment program that will encourage maternity care providers to practice in medically underserved areas in exchange for repayment of part or all of their health education loans.

The legislature finds that diabetes imposes a significant health risk and tremendous financial burden on the citizens and government of the state of Washington, and that access to the medically accepted standards of care for diabetes, its treatment and supplies, and self-
management training and education is crucial to prevent or delay the short and long-term complications of diabetes and its attendant costs.

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Person with diabetes" means a person diagnosed by a health care provider as having insulin using diabetes, noninsulin using diabetes, or elevated blood glucose levels induced by pregnancy; and

(b) "Health care provider" means a health care provider as defined in RCW 48.43.005.

(b) For all state-purchased health care, outpatient self-management training and education, including medical nutrition therapy, as ordered by the health care provider. Diabetes outpatient self-management training and education may be provided only by health care providers with expertise in diabetes. Nothing in this section prevents any state agency purchasing health care according to this section from restricting patients to seeing only health care providers who have signed participating provider agreements with that state agency or an insuring entity under contract with that state agency.

(3) Coverage required under this section may be subject to customary cost-sharing provisions established for all other similar services or supplies within a policy.

(4) Health care coverage may not be reduced or eliminated due to this section.

Sec. 62. RCW 74.04.005 and 2010 1st sp.s. c 8 s 4 are each amended to read as follows:

For the purposes of this title, unless the context indicates otherwise, the following definitions shall apply:

1. "Public assistance" or "assistance"--Public aid to persons in need thereof for any cause, including services, medical care, assistance grants, disbursing orders, work relief, disability lifeline benefits and federal aid assistance.

2. "Department"--The department of social and health services.

3. "County or local office"--The administrative office for one or more counties or designated service areas.

4. "Director" or "Secretary" means the secretary of social and health services.

5. "Disability lifeline program" means a program that provides aid and support in accordance with the conditions set out in this subsection.

(a) Aid and assistance shall be provided to persons who are not eligible to receive federal aid assistance, other than basic food benefits transferred electronically and medical assistance and meet one of the following conditions:

(i) Are pregnant and in need, based upon the current income and resource requirements of the federal temporary assistance for needy families program; or

(ii) Are incapacitated from gainful employment by reason of bodily or mental infirmity that will likely continue for a minimum of ninety days as determined by the department. The standard for incapacity in this subsection, as evidenced by the ninety-day duration standard, is not intended to be as stringent as federal supplemental security income disability standards; and

(A) Are citizens or aliens lawfully admitted for permanent residence or otherwise residing in the United States under color of law;

(B) Have furnished the department their social security number.

If the social security number cannot be furnished because it has not been issued or is not known, an application for a number shall be made prior to authorization of benefits, and the social security number shall be provided to the department upon receipt.

(C) Have not refused or failed without good cause to participate in drug or alcohol treatment if an assessment by a certified chemical dependency counselor indicates a need for such treatment. Good cause must be found to exist when a person's physical or mental condition, as determined by the department, prevents the person from participating in drug or alcohol dependency treatment, when needed outpatient drug or alcohol treatment is not available to the person in the county of his or her residence or when needed inpatient treatment is not available in a location that is reasonably accessible for the person and

(D) Have not refused or failed without good cause to participate in vocational rehabilitation services, if an assessment conducted under RCW 74.04.655 indicates that the person might benefit from such services. Good cause must be found to exist when a person's physical or mental condition, as determined by the department, prevents the person from participating in vocational rehabilitation services, or when vocational rehabilitation services are not available to the person in the county of his or her residence.

(b)(i) Persons who initially apply and are found eligible for disability lifeline benefits based upon incapacity from gainful employment under (a) of this subsection on or after September 2, 2010, who are homeless and have been assessed as needing chemical dependency or mental health treatment or both, must agree, as a condition of eligibility for the disability lifeline program, to accept a housing voucher in lieu of a cash grant if a voucher is available. The department shall establish the dollar value of the housing voucher. The dollar value of the housing voucher may differ from the value of the cash grant. Persons receiving a housing voucher under this subsection also shall receive a cash stipend of fifty dollars per month.

(ii) If the department of commerce has determined under RCW 43.330.175 that sufficient housing is not available, persons described in this subsection who apply for disability lifeline benefits during the time period that housing is not available shall receive a cash grant in lieu of a cash stipend and housing voucher.

(iii) Persons who refuse to accept a housing voucher under this subsection but otherwise meet the eligibility requirements of (a) of this subsection are eligible for medical care services benefits under RCW 74.09.035, subject to the time limits in (h) of this subsection.

(c) The following persons are not eligible for the disability lifeline program:

(i) Persons who are unemployable due primarily to alcohol or drug addiction. These persons shall be referred to appropriate assessment, treatment, shelter, or supplemental security income referral services as authorized under chapter 74.50 RCW. Referrals shall be made at the time of application or at the time of eligibility review. This subsection shall not be construed to prohibit the department from granting disability lifeline benefits to alcoholics and
drug addicts who are incapacitated due to other physical or mental conditions that meet the eligibility criteria for the disability lifeline program;

(ii) Persons who refuse or fail to cooperate in obtaining federal aid assistance, without good cause.

(d) Disability lifeline benefits shall be provided only to persons who are not members of assistance units receiving federal aid assistance, except as provided in (a) of this subsection, and who will accept available services that can reasonably be expected to enable the person to work or reduce the need for assistance unless there is good cause to refuse. Failure to accept such services shall result in termination until the person agrees to cooperate in accepting such services and subject to the following maximum periods of ineligibility after reapplication:

(i) First failure: One week;
(ii) Second failure within six months: One month;
(iii) Third and subsequent failure within one year: Two months.

(e) Persons who are likely eligible for federal supplemental security income benefits shall be moved into the disability lifeline expedited component of the disability lifeline program. Persons placed in the expedited component of the program may, if otherwise eligible, receive disability lifeline benefits pending application for federal supplemental security income benefits. The monetary value of any disability lifeline benefit that is subsequently duplicated by the person's receipt of supplemental security income for the same period shall be considered a debt due the state and shall by operation of law be subject to recovery through all available legal remedies.

(f) For purposes of determining whether a person is incapacitated from gainful employment under (a) of this subsection:

(i) The department shall adopt by rule medical criteria for disability lifeline incapacity determinations to ensure that eligibility decisions are consistent with statutory requirements and are based on clear, objective medical information; and

(ii) The process implementing the medical criteria shall involve consideration of opinions of the treating or consulting physicians or health care professionals regarding incapacity, and any eligibility decision which rejects uncontroverted medical opinion must set forth clear and convincing reasons for doing so.

(g) Persons receiving disability lifeline benefits based upon a finding of incapacity from gainful employment who remain otherwise eligible shall have their benefits discontinued unless the recipient demonstrates no material improvement in their medical or mental health condition. The department may discontinue benefits when there was specific error in the prior determination that found the person eligible by reason of incapacitation.

(h)(i) Beginning September 1, 2010, no person who is currently receiving or becomes eligible for disability lifeline program benefits shall be eligible to receive benefits under the program for more than twenty-four months in a sixty-month period. For purposes of this subsection, months of receipt of general assistance-unemployable benefits count toward the twenty-four month limit. Months during which a person received benefits under the expedited component of the disability lifeline or general assistance program or under the aged, blind, or disabled component of the disability lifeline or general assistance program shall not be included when determining whether a person has been receiving benefits for more than twenty-four months. On or before July 1, 2010, the department must review the cases of all persons who have received disability lifeline benefits or general assistance unemployable benefits for at least twenty months as of that date. On or before September 1, 2010, the department must review the cases of all remaining persons who have received disability lifeline benefits for at least twelve months as of that date. The review should determine whether the person meets the federal supplemental security income disability standard and, if the person does not meet that standard, whether the receipt of additional services could lead to employability. If a need for additional services is identified, the department shall provide case management services, such as assistance with arranging transportation or locating stable housing, that will facilitate the person's access to needed services. A person may not be determined ineligible due to exceeding the time limit unless he or she has received a case review under this subsection finding that the person does not meet the federal supplemental security income disability standard.

(ii) The time limits established under this subsection expire June 30, 2013.

(i) No person may be considered an eligible individual for disability lifeline benefits with respect to any month if during that month the person:

(i) Is fleeing to avoid prosecution of, or to avoid custody or confinement for conviction of, a felony, or an attempt to commit a felony, under the laws of the state of Washington or the place from which the person flees; or

(ii) Is violating a condition of probation, community supervision, or parole imposed under federal or state law for a felony or gross misdemeanor conviction.

(6) "Disability lifeline expedited" means a component of the disability lifeline program under which persons receiving disability lifeline benefits have been determined, after examination by an appropriate health care provider, to be likely to be eligible for federal supplemental security income benefits based on medical and behavioral health evidence that meets the disability standards used for the federal supplemental security income program.

(7) "Federal aid assistance"--The specific categories of assistance for which provision is made in any federal law existing or hereafter passed by which payments are made from the federal government to the state in aid or in respect to payment by the state for public assistance rendered to any category of needy persons for which provision for federal funds or aid may from time to time be made, or a federally administered needs-based program.

(8) "Applicant"--Any person who has made a request, or on behalf of whom a request has been made, to any county or local office for assistance.

(9) "Recipient"--Any person receiving assistance and in addition those dependents whose needs are included in the recipient's assistance.

(10) "Standards of assistance"--The level of income required by an applicant or recipient to maintain a level of living specified by the department.

(11) "Resource"--Any asset, tangible or intangible, owned by or available to the applicant at the time of application, which can be applied toward meeting the applicant's need, either directly or by conversion into money or its equivalent. The department may by rule designate resources that an applicant may retain and not be ineligible for public assistance because of such resources. Exempt resources shall include, but are not limited to:

(a) A home that an applicant, recipient, or their dependents is living in, including the surrounding property;

(b) Household furnishings and personal effects;

(c) A motor vehicle, other than a motor home, used and useful having an equity value not to exceed five thousand dollars;

(d) A motor vehicle necessary to transport a household member with a physical disability. This exclusion is limited to one vehicle per person with a physical disability;

(e) All other resources, including any excess of values exempted, not to exceed one thousand dollars or other limit as set by the department, to be consistent with limitations on resources and exemptions necessary for federal aid assistance. The department shall also allow recipients of temporary assistance for needy families to exempt savings accounts with combined balances of up to an additional three thousand dollars;

(f) Applicants for or recipients of disability lifeline benefits shall have their eligibility based on resource limitations consistent with the
temporary assistance for needy families program rules adopted by the
department; and

(g) If an applicant for or recipient of public assistance possesses
property and belongings in excess of the ceiling value, such value
shall be used in determining the need of the applicant or recipient,
except that: (i) The department may exempt resources or income
when the income and resources are determined necessary to the
applicant's or recipient's restoration to independence, to decrease the
need for public assistance, or to aid in rehabilitating the applicant or
recipient or a dependent of the applicant or recipient; and (ii) the
department may provide grant assistance for a period not to exceed
nine months from the date the agreement is signed pursuant to this
section to persons who are otherwise ineligible because of excess real
property owned by such persons when they are making a good faith
effort to dispose of that property. PROVIDED, That:

(A) The applicant or recipient signs an agreement to repay the
lesser of the amount of aid received or the net proceeds of such sale;
(B) If the owner of the excess property ceases to make good faith
efforts to sell the property, the entire amount of assistance may
become an overpayment and a debt due the state and may be
recovered pursuant to RCW 43.20B.630;
(C) Applicants and recipients are advised of their right to a fair
hearing and afforded the opportunity to challenge a decision that good
faith efforts to sell have ceased, prior to assessment of an
overpayment under this section; and
(D) At the time assistance is authorized, the department files a
lien without a sum certain on the specific property.

(12) "Income"—(a) All appreciable gains in real or personal
property (cash or kind) or other assets, which are received by or
become available for use and enjoyment by an applicant or recipient
during the month of application or after applying for or receiving
public assistance. The department may by rule and regulation exempt
income received by an applicant for or recipient of public assistance
which can be used by him or her to decrease his or her need for public
assistance or to aid in rehabilitating him or her or his or her
dependents, but such exemption shall not, unless otherwise provided
in this title, exceed the exemptions of resources granted under this
chapter to an applicant for public assistance. In addition, for cash
assistance the department may disregard income pursuant to RCW
74.08A.230 and 74.12.350.

(b) If, under applicable federal requirements, the state has the
option of considering property in the form of lump sum compensatory
awards or related settlements received by an applicant or recipient as
income or as a resource, the department shall consider such property
to be a resource.

(13) "Need"—The difference between the applicant's or recipient's
standards of assistance for himself or herself and the dependent
members of his or her family, as measured by the standards of the
department, and value of all nonexempt resources and nonexempt
income received by or available to the applicant or recipient and the
dependent members of his or her family.

(14) "Authority" means the health care authority.
(15) "Director" means the director of the health care authority.

(16) For purposes of determining eligibility for public assistance
and participation levels in the cost of medical care, the department
shall exempt restitution payments made to people of Japanese and
Aleut ancestry pursuant to the Civil Liberties Act of 1988 and the
Aleutian and Pribilof Island Restitution Act passed by congress, P.L.
100-383, including all income and resources derived therefrom.

(17) In the construction of words and phrases used in this
title, the singular number shall include the plural, the masculine
gender shall include both the feminine and neuter genders and the
present tense shall include the past and future tenses, unless the
context thereof shall clearly indicate to the contrary.

A particular goal of the study was to explore opportunities to enhance coordination of special needs transportation programs to ensure that they are delivered efficiently and result in improved access and increased mobility options for their clients. It is the intent of the legislature to further consider some of the recommendations, and to implement many of these recommendations in the form of two pilot projects that will test the potential for applying these recommendations statewide in the future.

(2) The legislature is aware that the department of social and health services submitted an application in December of 2008 to the federal centers for medicare and medicaid services, seeking approval to use the medical match system, a federal funding system that has different requirements from the federal administrative match system currently used by the department. It is the intent of the legislature to advance the goals of chapter 515, Laws of 2009 and the recommendations of the study identified in subsection (1) of this section without jeopardizing the application made by the department.

(3) By August 15, 2009, the agency council on coordinated transportation shall appoint a work group for the purpose of identifying relevant federal requirements related to special needs transportation, and identifying solutions to streamline the requirements and increase efficiencies in transportation services provided for persons with special transportation needs. (6) The work group shall immediately contact representatives of the federal congressional delegation for Washington state and the relevant federal agencies and coordinating authorities including, but not limited to, the federal transit administration, the United States department of health and human services, and the interagency transportation coordinating council on access and mobility, and invite the federal representatives to work collaboratively to:

(a) Identify transportation definitions and terminology used in the various relevant state and federal programs, and establish consistent transportation definitions and terminology. For purposes of this subsection, relevant state definitions exclude terminology that requires a medical determination, including whether a trip or service is medically necessary;

(b) Identify restrictions or barriers that preclude federal, state, and local agencies from sharing client lists or other client information, and make progress towards removing any restrictions or barriers;

(c) Identify relevant state and federal performance and cost reporting systems and requirements, and work towards establishing consistent and uniform performance and cost reporting systems and requirements; and

(d) Explore, subject to federal approval, opportunities to test cost allocation models, including the pilot projects established in RCW 47.06B.080, that:

(i) Allow for cost sharing among public paratransit and medicaid nonemergency medical trips; and

(ii) Capture the value of medicaid trips provided by public transit agencies for which they are not currently reimbursed with a funding match by federal medicaid dollars.

(7) By December 1, 2009, the work group shall submit a report to the joint transportation committee that explains the progress made towards the goals of this section and identifies any necessary legislative action that must be taken to implement all the provisions of this section. A second progress report must be submitted to the joint transportation committee by June 1, 2010, and a final report must be submitted to the joint transportation committee by December 1, 2010.

   (a) A single county that has a population of more than seven hundred fifty thousand but less than one million; and
   (b) Five counties, and is comprised of at least one county that has a population of more than four hundred thousand.

(2) The purpose of a local coordinating coalition is to advance local efforts to coordinate and maximize efficiencies in special needs transportation programs and services, contributing to the overall objectives and goals of the agency council on coordinated transportation. The local coordinating coalition shall serve in an advisory capacity to the agency council on coordinated transportation by providing the council with a focused and ongoing assessment of the special transportation needs and services provided within its region.

(3) The composition and size of each local coordinating coalition may vary by region. Local coordinating coalition members, appointed by the chair of the agency council on coordinated transportation to two-year terms, must reflect a balanced representation of the region's providers of special needs transportation services and must include:

(5) Regular meetings of the local coordinating coalition may be convened at the call of the chair or by a majority of the members. Meetings must be open to the public, and held in locations that are readily accessible to public transportation.

(6) The regional transportation planning organization, as described in chapter 47.80 RCW, serving the region in which the local coordinating coalition is created shall provide necessary staff support for the local coordinating coalition. In regions served by more than one regional transportation planning organization, unless otherwise agreed to by the relevant planning organizations, the regional transportation planning organization serving the largest population within the region shall provide the necessary staff support.

Where the issuer offers broader coverage, whether by policy or reciprocal agreement, the issuer shall provide such coverage to any child otherwise covered that does not reside in the issuer's service area.

(4) Where a parent is required by a court order to provide health coverage for a child, and the parent is eligible for family health coverage, the issuer, or insured or self funded employee welfare benefit plan, shall:

(i) There is a less expensive, equally effective on-label product available to treat the condition;

(ii) The drug use review board established under WAC 388-530-4000 reviews and provides recommendations as to the appropriateness of the limitation; and

(iii) Notwithstanding the limitation set forth in (e)(ii) of this subsection (2), the endorsing practitioner shall have an opportunity to request as medically necessary, that the drug be prescribed for a covered off-label purpose.

(f) The provisions of this subsection related to the definition of medically necessary, prior authorization procedures and patient appeal rights shall be implemented in a manner consistent with applicable federal and state law.

(3) Notwithstanding the limitations in subsection (2) of this section, for refills for an antipsychotic, antidepressant, antiepileptic, chemotherapy, antiretroviral, or immunosuppressive drug, or for the refill of an immunomodulator antiviral treatment for hepatitis C for which an established, fixed duration of therapy is prescribed for at least twenty-four weeks by no more than forty-eight weeks, the pharmacist shall dispense the prescribed nonpreferred drug.

Sec. 82. RCW 70.01.010 and 1985 c 213 s 14 are each amended to read as follows:

In furtherance of the policy of this state to cooperate with the federal government in the public health programs, the department of social and health services and the health care authority, as appropriate, shall adopt such rules and regulations as may become necessary to entitle this state to participate in federal funds unless the same be expressly prohibited by law. Any section or provision of the public health laws of this state which may be susceptible to more than one construction shall be interpreted in favor of the construction most likely to satisfy federal laws entitling this state to receive federal funds for the various programs of public health.

Sec. 83. RCW 70.47.010 and 2009 c 568 s 1 are each amended to read as follows:

(1)(a) The legislature finds that limitations on access to health care services for enrollees in the state, such as in rural and underserved areas, are particularly challenging for the basic health plan. Statutory restrictions have reduced the options available to the (director) to address the access needs of basic health plan enrollees. It is the intent of the legislature to authorize the (director) to develop alternative purchasing strategies to ensure access to basic health plan enrollees in all areas of the state, including: (i) The use of differential rating for managed health care systems based on geographic differences in costs; and (ii) limited use of self-insurance in areas where adequate access cannot be assured through other options.

(b) In developing alternative purchasing strategies to address health care access needs, the (director) shall consult with interested persons including health carriers, health care providers, and health facilities, and with other appropriate state agencies including the office of the insurance commissioner and the office of community and rural health. In pursuing such alternatives, the (director) shall continue to give priority to prepaid managed care as the preferred method of assuring access to basic health plan enrollees followed, in priority order, by preferred providers, fee for service, and self-funding.

(2) The legislature further finds that:

(a) A significant percentage of the population of this state does not have reasonably available insurance or other coverage of the costs of necessary basic health care services;

(b) This lack of basic health care coverage is detrimental to the health of the individuals lacking coverage and to the public welfare, and results in substantial expenditures for emergency and remedial health care, often at the expense of health care providers, health care facilities, and all purchasers of health care, including the state; and

(c) The use of managed health care systems has significant potential to reduce the growth of health care costs incurred by the people of this state generally, and by low-income pregnant women, and at-risk children and adolescents who need greater access to managed health care.

(3) The purpose of this chapter is to provide or make more readily available necessary basic health care services in an appropriate setting to working persons and others who lack coverage, at a cost to these persons that does not make barriers to the utilization of necessary health care services. To that end, this chapter establishes a program to be made available to those residents not eligible for Medicare who share in a portion of the cost or who pay the full cost of receiving basic health care services from a managed health care system.

(4) It is not the intent of this chapter to provide health care services for those persons who are presently covered through private employer-based health plans, nor to replace employer-based health plans. However, the legislature recognizes that cost-effective and affordable health plans may not always be available to small business employers. Further, it is the intent of the legislature to expand, wherever possible, the availability of private health care coverage and to discourage the decline of employer-based coverage.

(5)(a) It is the purpose of this chapter to acknowledge the initial success of this program that has (i) assisted thousands of families in their search for affordable health care; (ii) demonstrated that low-income, uninsured families are willing to pay for their own health care coverage to the extent of their ability to pay; and (iii) proved that local health care providers are willing to enter into a public-private partnership as a managed care system.

(b) As a consequence, the legislature intends to extend an option to enroll to certain citizens above two hundred percent of the federal poverty guidelines within the state who reside in communities where the plan is operational and who collectively or individually wish to exercise the opportunity to purchase health care coverage through the basic health plan if the purchase is done at no cost to the state. It is also the intent of the legislature to allow employers and other financial sponsors to financially assist such individuals to purchase health care through the program so long as such purchase does not result in a lower standard of coverage for employees.

(c) The legislature intends that, to the extent of available funds, the program be available throughout Washington state to subsidized and nonsubsidized enrollees. It is also the intent of the legislature to enroll subsidized enrollees first, to the maximum extent feasible.

(d) The legislature directs that the basic health plan (director) identify enrollees who are likely to be eligible for medical assistance and assist these individuals in applying for and receiving medical assistance. (The administrator) shall implement a seamless system to coordinate eligibility determinations and benefit coverage for enrollees of the basic health plan and medical assistance recipients. Enrollees receiving medical assistance are not eligible for the Washington basic health plan.

Sec. 84. RCW 70.47.020 and 2009 c 568 s 2 are each reenacted and amended to read as follows:

As used in this chapter:

1. ("Administrator" means the Washington basic health plan administrator, who also holds the position of administrator) "Director" means the director of the Washington state health care authority.

2. "Health coverage tax credit eligible enrollee" means individual workers and their qualified family members who lose their jobs due to the effects of international trade and are eligible for certain trade adjustment assistance benefits; or are eligible for benefits under the alternative trade adjustment assistance program; or are people who receive benefits from the pension benefit guaranty corporation and are at least fifty-five years old.
(3) "Health coverage tax credit program" means the program created by the Trade Act of 2002 (P.L. 107-210) that provides a federal tax credit that subsidizes private health insurance coverage for displaced workers certified to receive certain trade adjustment assistance benefits and for individuals receiving benefits from the pension benefit guaranty corporation.

(4) "Managed health care system" means: (a) Any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, or any combination thereof, that provides directly or by contract basic health care services, as defined by the (administrator) director and rendered by duly licensed providers, to a defined patient population enrolled in the plan and in the managed health care system; or (b) a self-funded or self-insured method of providing insurance coverage to subsidized enrollees provided under RCW 41.05.140 and subject to the limitations under RCW 70.47.100(7).

(5) "Nonsubsidized enrollee" means an individual, or an individual plus the individual's spouse or dependent children: (a) Who is not eligible for medicare; (b) who is not confined or residing in a government-operated institution, unless he or she meets eligibility criteria adopted by the (administrator) director; (c) who is accepted for enrollment by the (administrator) director as provided in RCW 48.43.018, either because the potential enrollee cannot be required to complete the standard health questionnaire under RCW 48.43.018, or, based upon the results of the standard health questionnaire, the potential enrollee would not qualify for coverage under the Washington state health insurance pool; (d) who resides in an area of the state served by a managed health care system participating in the plan; (e) who chooses to obtain basic health care coverage from a particular managed health care system; and (f) who pays or on whose behalf is paid the full costs for participation in the plan, without any subsidy from the plan.

(6) "Premium" means a periodic payment, which an individual, their employer or another financial sponsor makes to the plan as consideration for enrollment in the plan as a subsidized enrollee, a nonsubsidized enrollee, or a health coverage tax credit eligible enrollee.

(7) "Rate" means the amount, negotiated by the (administrator) director with and paid to a participating managed health care system, that is based upon the enrollment of subsidized, nonsubsidized, and health coverage tax credit eligible enrollees in the plan and in that system.

(8) "Subsidy" means the difference between the amount of periodic payment the (administrator) director makes to a managed health care system on behalf of a subsidized enrollee plus the administrative cost to the plan of providing the plan to that subsidized enrollee, and the amount determined to be the subsidized enrollee's responsibility under RCW 70.47.060(2).

(9) "Subsidized enrollee" means: (a) An individual, or an individual plus the individual's spouse or dependent children: (i) Who is not eligible for medicare; (ii) Who is not confined or residing in a government-operated institution, unless he or she meets eligibility criteria adopted by the (administrator) director; (iii) Who is not a full-time student who has received a temporary visa to study in the United States; (iv) Who resides in an area of the state served by a managed health care system participating in the plan; (v) Whose gross family income at the time of enrollment does not exceed two hundred percent of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services; (vi) Who chooses to obtain basic health care coverage from a particular managed health care system in return for periodic payments to the plan; and

(vii) Who is not receiving medical assistance administered by the (department of social and health services) authority.

(b) An individual who meets the requirements in (vii) of this subsection and who is a foster parent licensed under chapter 74.15 RCW and whose gross family income at the time of enrollment does not exceed three hundred percent of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services; and

(c) To the extent that state funds are specifically appropriated for this purpose, with a corresponding federal match, an individual, or an individual's spouse or dependent children, who meets the requirements in (a)(i) through (iv), (vi), and (vii) of this subsection and whose gross family income at the time of enrollment is more than two hundred percent, but less than two hundred fifty-one percent, of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services.

(10) "Washington basic health plan" or "plan" means the system of enrollment and payment for basic health care services, administered by the plan (administrator) director through one or more participating managed health care systems, created by this chapter.

Sec. 85. RCW 70.47.110 and 1991 sp.c. c 4 s 3 are each amended to read as follows:

The (department of social and health services) health care authority may make payments to the (department of social and health services) participating managed health care systems on behalf of any enrollee who is a recipient of medical care under chapter 74.09 RCW, at the maximum rate allowable for federal matching purposes under Title XIX of the social security act. Any enrollee on whose behalf the health care authority makes such payments may continue as an enrollee, making premium payments based on the enrollee's own income as determined under the sliding scale, after eligibility for coverage under chapter 74.09 RCW has ended, as long as the enrollee remains eligible under this chapter. Nothing in this section affects the right of any person eligible for coverage under chapter 74.09 RCW to receive the services offered to other persons under that chapter but not included in the schedule of basic health care services covered by the plan. The (administrator) director shall seek to determine which enrollees or prospective enrollees may be eligible for medical care under chapter 74.09 RCW and may require these individuals to complete the eligibility determination process under chapter 74.09 RCW prior to enrollment or continued participation in the plan. The (administrator and department of social and health services) director shall (cooperatively) adopt procedures to facilitate the transition of plan enrollees and payments on their behalf between the plan and the programs established under chapter 74.09 RCW.

Sec. 86. RCW 70.48.130 and 1993 c 409 s 1 are each amended to read as follows:

(1) It is the intent of the legislature that all jail inmates receive appropriate and cost-effective emergency and necessary medical care. Governing units, the (department of social and health services) health care authority, and medical care providers shall cooperate to achieve the best rates consistent with adequate care.

(2) Payment for emergency or necessary medical care shall be by the governing unit, except that the (department of social and health services) health care authority shall directly reimburse the provider pursuant to chapter 74.09 RCW, in accordance with the rates and benefits established by the (department) authority, if the confined person is eligible under the (department's) authority's medical care programs as authorized under chapter 74.09 RCW. After payment by the (department) authority, the financial responsibility for any remaining balance, including unpaid client liabilities that are a condition of eligibility or participation under chapter 74.09 RCW, shall be borne by the medical care provider and the governing unit as may be mutually agreed upon between the medical care provider and the governing unit. In the absence of mutual agreement between the
medical care provider and the governing unit, the financial responsibility for any remaining balance shall be borne equally between the medical care provider and the governing unit. Total payments from all sources to providers for care rendered to confined persons eligible under chapter 74.09 RCW shall not exceed the amounts that would be paid by the ((department)) authority for similar services provided under Title XIX medicaid, unless additional resources are obtained from the confined person.

(3) As part of the screening process upon booking or preparation of an inmate into jail, general information concerning the inmate's ability to pay for medical care shall be identified, including insurance or other medical benefits or resources to which an inmate is entitled. This information shall be made available to the ((department)) authority, the governing unit, and any provider of health care services.

(4) The governing unit or provider may obtain reimbursement from the confined person for the cost of health care services not provided under chapter 74.09 RCW, including reimbursement from any insurance program or from other medical benefit programs available to the confined person. Nothing in this chapter precludes civil or criminal remedies to recover the costs of medical care provided jail inmates or paid for on behalf of inmates by the governing unit. As part of a judgment and sentence, the courts are authorized to order defendants to repay all or part of the medical costs incurred by the governing unit or provider during confinement.

(5) To the extent that a confined person is unable to be financially responsible for medical care and is ineligible for the ((department)) authority's medical care programs under chapter 74.09 RCW, or for coverage from private sources, and in the absence of an interlocal agreement or other contracts to the contrary, the governing unit may obtain reimbursement for the cost of such medical services from the unit of government whose law enforcement officers initiated the charges on which the person is being held in the jail: PROVIDED, That reimbursement for the cost of such services shall be by the state for state prisoners being held in a jail who are accused of either escaping from a state facility or of committing an offense in a state facility.

(6) There shall be no right of reimbursement to the governing unit from units of government whose law enforcement officers initiated the charges for which a person is being held in the jail for care provided after the charges are disposed of by sentencing or otherwise, unless by intergovernmental agreement pursuant to chapter 39.34 RCW.

(7) Under no circumstance shall necessary medical services be denied or delayed because of disputes over the cost of medical care or a determination of financial responsibility for payment of the costs of medical care provided to confined persons.

(8) Nothing in this section shall limit any existing right of any party, governing unit, or unit of government against the person receiving the care for the cost of the care provided.

Sec. 87. RCW 70.168.040 and 2010 c 161 s 1158 are each amended to read as follows:

The emergency medical services and trauma care system trust account is hereby created in the state treasury. Moneys shall be transferred to the emergency medical services and trauma care system trust account from the public safety education account or other sources as appropriated, and as collected under RCW 46.63.110(7) and 46.68.440. Disbursements shall be made by the department subject to legislative appropriation. Expenditures may be made only for the purposes of the state trauma care system under this chapter, including emergency medical services, trauma care services, rehabilitative services, and the planning and development of related services under this chapter and for reimbursement by the ((department of social and health services)) health care authority for trauma care services provided by designated trauma centers.

Sec. 88. RCW 70.225.040 and 2007 c 259 s 45 are each amended to read as follows:

(1) Prescription information submitted to the department shall be confidential, in compliance with chapter 70.02 RCW and federal health care information privacy requirements and not subject to disclosure, except as provided in subsections (3) and (4) of this section.

(2) The department shall maintain procedures to ensure that the privacy and confidentiality of patients and patient information collected, recorded, transmitted, and maintained is not disclosed to persons except as in subsections (3) and (4) of this section.

(3) The department may provide data in the prescription monitoring program to the following persons:

(a) Persons authorized to prescribe or dispense controlled substances, for the purpose of providing medical or pharmaceutical care for their patients;

(b) An individual who requests the individual's own prescription monitoring information;

(c) Health professional licensing, certification, or regulatory agency or entity;

(d) Appropriate local, state, and federal law enforcement or prosecutorial officials who are engaged in a bona fide specific investigation involving a designated person;

(e) Authorized practitioners of the department of social and health services and the health care authority regarding medicaid program recipients;

(f) The director or director's designee within the department of labor and industries regarding workers' compensation claimants;

(g) The director or the director's designee within the department of corrections regarding offenders committed to the department of corrections;

(h) Other entities under grand jury subpoena or court order; and

(i) Personnel of the department for purposes of administration and enforcement of this chapter or chapter 69.50 RCW.

(4) The department may provide data to public or private entities for statistical, research, or educational purposes after removing information that could be used to identify individual patients, dispensers, prescribers, and persons who received prescriptions from dispensers.

(5) A dispenser or practitioner acting in good faith is immune from any civil, criminal, or administrative liability that might otherwise be incurred or imposed for requesting, receiving, or using information from the program.

NEW SECTION. Sec. 89. The purpose of this chapter is to provide the health care authority with the powers, duties, and authority with respect to the collection of overpayments and the coordination of benefits that are currently provided to the department of social and health services in chapter 43.20B RCW. Providing the health care authority with these powers is necessary for the authority to administer medical services programs established under chapter 74.09 RCW currently administered by the department of social and health services programs but transferred to the authority under this act. The authority is authorized to collaborate with other state agencies in carrying out its duties under this chapter and, to the extent appropriate, may enter into agreements with such other agencies. Nothing in this chapter may be construed as diminishing the powers, duties, and authority granted to the department of social and health services in chapter 43.20B RCW with respect to the programs that will remain under its jurisdiction following enactment of this act.

NEW SECTION. Sec. 90. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise:

(1) “Assistance” means all programs administered by the authority. ................................................................. (2) “Authority” means the Washington state health care authority.

(3) “Director” means the director of the Washington state health care authority.

(4) “Overpayment” means any payment or benefit to a recipient or to a vendor in excess of that to which is entitled by law, rule, or contract, including amounts in dispute.
NEW SECTION. Sec. 91. The authority is authorized to charge fees for services provided unless otherwise prohibited by law. The fees may be sufficient to cover the full cost of the service provided if practical or may be charged on an ability-to-pay basis if practical. This section does not supersede other statutory authority enabling the assessment of fees by the authority. Whenever the authority is authorized by law to collect total or partial reimbursement for the cost of its providing care of or exercising custody over any person, the authority shall collect the reimbursement to the extent practical.

NEW SECTION. Sec. 92. (1) Except as otherwise provided by law, including subsection (2) of this section, there may be no collection of overpayments and other debts due the authority after the expiration of six years from the date of notice of such overpayment or other debt unless the authority has commenced recovery action in a court of law or unless an administrative remedy authorized by statute is in place. However, any amount due in a case thus extended ceases to be a debt due the authority at the expiration of ten years from the date of the notice of the overpayment or other debt unless a court-ordered remedy would be in effect for a longer period.

(2) There may be no collection of debts due the authority after the expiration of twenty years from the date a lien is recorded pursuant to section 97 of this act.

(3) The authority, at any time, may accept offers of compromise of disputed claims or may grant partial or total write-off of any debt due the authority if it is no longer cost-effective to pursue. The authority shall adopt rules establishing the considerations to be made in granting or denial of a partial or total write-off of debts.

NEW SECTION. Sec. 93. The form of the lien in section 95 of this act must be substantially as follows:

NEW SECTION. Sec. 94. (1) No settlement made by and between a recipient and either the tort feasor or insurer, or both, discharges otherwise compromises the lien created in section 95 of this act without the express written consent of the director or the director's designee.

(2) No settlement or judgment may be entered purporting to compromise the lien created by section 95 of this act without the express written consent of the director or the director's designee.

NEW SECTION. Sec. 95. (1) To secure reimbursement of any assistance paid as a result of injuries to or illness of a recipient caused by the negligence or wrong of another, the authority is subrogated to the recipient's rights against a tort feasor or the tort feasor's insurer, or both.

(2) The authority has the right to file a lien upon any recovery by or on behalf of the recipient from such tort feasor or the tort feasor's insurer, or both, to the extent of the value of the assistance paid by the authority: PROVIDED, That such lien is not effective against recoveries subject to wrongful death when there are surviving dependents of the deceased. The lien becomes effective upon filing with the county auditor in the county where the assistance was authorized or where any action is brought against the tort feasor or insurer. The lien may also be filed in any other county or served upon the recipient in the same manner as a civil summons if, in the authority's discretion, such alternate filing or service is necessary to secure the authority's interest. The additional lien is effective upon filing or service.

(3) The lien of the authority may be against any claim, right of action, settlement proceeds, money, or benefits arising from an insurance program to which the recipient might be entitled (a) against the tort feasor or insurer of the tort feasor, or both, and (b) under any contract of insurance purchased by the recipient or by any other person providing coverage for the illness or injuries for which the assistance is paid or provided by the authority.

(4) If recovery is made by the authority under this section and the subrogation is fully or partially satisfied through an action brought by or on behalf of the recipient, the amount paid to the authority must bear its proportionate share of attorneys' fees and costs.

(a) The determination of the proportionate share to be borne by the authority must be based upon:

(i) The fees and costs approved by the court in which the action was initiated; or

(ii) The written agreement between the attorney and client which establishes fees and costs when fees and costs are not addressed by the court.

(b) When fees and costs have been approved by a court, after notice to the authority, the authority has the right to be heard on the matter of attorneys' fees and costs or its proportionate share.

(c) When fees and costs have not been addressed by the court, the authority shall receive at the time of settlement a copy of the written
agreement between the attorney and client which establishes fees and costs and may request and examine documentation of fees and costs associated with the case. The authority may bring an action in superior court to void a settlement if it believes the attorneys' calculation of its proportionate share of fees and costs is inconsistent with the written agreement between the attorney and client which establishes fees and costs or if the fees and costs associated with the case are exorbitant in relation to cases of a similar nature.

(5) The rights and remedies provided to the authority in this section to secure reimbursement for assistance, including the authority's lien and subrogation rights, may be delegated to a managed health care system by contract entered into pursuant to RCW 74.09.522. A managed health care system may enforce all rights and remedies delegated to it by the authority to secure and recover assistance provided under a managed health care system consistent with its agreement with the authority.

NEW SECTION. Sec. 96. (1) An attorney representing a person who, as a result of injuries or illness sustained through the negligence or wrong of another, has received, is receiving, or has applied to receive shall:

(a) Notify the authority at the time of filing any claim against a third party, commencing an action at law, negotiating a settlement, or accepting a settlement offer from the tort feasor or the tort feasor's insurer, or both; and

(b) Give the authority thirty days' notice before any judgment, award, or settlement may be satisfied in any action or any claim by the applicant or recipient to recover damages for such injuries or illness.

(2) The proceeds from any recovery made pursuant to any action or claim described in section 95 of this act that is necessary to fully satisfy the authority's lien against recovery must be placed in a trust account or in the registry of the court until the authority's lien is satisfied.

NEW SECTION. Sec. 97. (1) The authority shall file liens, seek adjustment, or otherwise effect recovery for assistance correctly paid on behalf of an individual consistent with 42 U.S.C. Sec. 1396p. The authority shall adopt a rule providing for prior notice and hearing rights to the record title holder or purchaser under a land sale contract.

(2) Liens may be adjusted by foreclosure in accordance with chapter 61.12 RCW.

(3) In the case of an individual who was fifty years of age or older when the individual received assistance, the authority shall seek adjustment or recovery from the individual's estate, and from nonprobate assets of the individual as defined by RCW 11.02.005, but only for assistance consisting of services that the authority determines to be appropriate, and related hospital and prescription drug services. Recovery from the individual's estate, including foreclosure of liens imposed under this section, must be undertaken as soon as practicable, consistent with 42 U.S.C. Sec. 1396p.

(4) The authority shall apply the assistance estate recovery law as it existed on the date that benefits were received when calculating an estate's liability to reimburse the authority for those benefits.

(5)(a) The authority shall establish procedures consistent with standards established by the federal department of health and human services and pursuant to 42 U.S.C. Sec. 1396p to waive recovery when such recovery would work an undue hardship. The authority shall recognize an undue hardship for a surviving domestic partner whenever recovery would not have been permitted if he or she had been a surviving spouse. The authority is not authorized to pursue recovery under such circumstances.

(b) Recovery of assistance from a recipient's estate may not include property made exempt from claims by federal law or treaty, including exemption for tribal artifacts that may be held by individual Native Americans.

(6) A lien authorized under this section relates back to attach to any real property that the decedent had an ownership interest in immediately before death and is effective as of that date or date of recording, whichever is earlier.

(7) The authority may enforce a lien authorized under this section against a decedent's life estate or joint tenancy interest in real property held by the decedent immediately prior to his or her death. Such a lien enforced under this subsection may not end and must continue as provided in this subsection until the authority's lien has been satisfied.

(a) The value of the life estate subject to the lien is the value of the decedent's interest in the property subject to the life estate immediately prior to the decedent's death.

(b) The value of the joint tenancy interest subject to the lien is the value of the decedent's fractional interest the recipient would have owned in the jointly held interest in the property had the recipient and the surviving joint tenants held title to the property as tenants in common on the date of the recipient's death.

(c) The authority may not enforce the lien provided by this subsection against a bona fide purchaser or encumbrancer that obtains an interest in the property after the death of the recipient and before the authority records either its lien or the request for notice of transfer or encumbrance as provided by section 116 of this act.

(d) The authority may not enforce a lien provided by this subsection against any property right that vested prior to July 1, 2005.

(8)(a) Subject to the requirements of 42 U.S.C. Sec. 1396p(a) and the conditions of this subsection (8), the authority is authorized to file a lien against the property of an individual prior to his or her death, and to seek adjustment and recovery from the individual's estate or sale of the property subject to the lien, if:

(i) The individual is an inpatient in a nursing facility, intermediate care facility for persons with intellectual disabilities, or other medical institution; and

(ii) The authority has determined after notice and opportunity for a hearing that the individual cannot reasonably be expected to be discharged from the medical institution and to return home.

(b) If the individual is discharged from the medical facility and returns home, the authority shall dissolve the lien.

(9) The authority is authorized to adopt rules to effect recovery under this section. The authority may adopt by rule later enactments of the federal laws referenced in this section.

(10) It is the responsibility of the authority to fully disclose in advance verbally and in writing, in easy to understand language, the terms and conditions of estate recovery to all persons offered care subject to recovery of payments.

(11) In disclosing estate recovery costs to potential clients, and to family members at the consent of the client, the authority shall provide a written description of the community services options.

NEW SECTION. Sec. 98. (1) Overpayments of assistance become a lien against the real and personal property of the recipient from the time of filing by the authority with the county auditor of the county in which the recipient resides or owns property, and the lien claim has preference over the claims of all unsecured creditors.

(2) Debts due the state for overpayments of assistance may be recovered by the state by deduction from the subsequent assistance payments to such persons, lien and foreclosure, or order to withhold and deliver, or may be recovered by civil action.

NEW SECTION. Sec. 99. (1) Any person who owes a debt to the state for an overpayment of assistance must be notified of that debt by either personal service or certified mail, return receipt requested. Personal service, return of the requested receipt, or refusal by the debtor of such notice is proof of notice to the debtor of the debt owed. Service of the notice must be in the manner prescribed for the service of a summons in a civil action. The notice must include a statement of the debt owed; a statement that the property of the debtor will be subject to collection action after the debtor terminates from assistance; a statement that the property will be subject to lien and foreclosure, distraint, seizure and sale, or order to withhold and deliver; and a statement that the net proceeds will be applied to the
satisfaction of the overpayment debt. Action to collect the debt by lien and foreclosure, distraint, seizure and sale, or order to withhold and deliver, is lawful after ninety days from the debtor's termination from assistance or the receipt of the notice of debt, whichever is later. This does not preclude the authority from recovering overpayments by deduction from subsequent assistance payments, not exceeding deductions as authorized under federal law with regard to financial assistance programs: PROVIDED, That subject to federal legal requirement, deductions may not exceed five percent of the grant payment standard if the overpayment resulted from error on the part of the authority or error on the part of the recipient without willful or knowing intent of the recipient in obtaining or retaining the overpayment.

(2) A current or former recipient who is aggrieved by a claim that he or she owes a debt for an overpayment of assistance has the right to an adjudicative proceeding pursuant to section 53 of this act. If no application is filed, the debt is subject to collection action as authorized under this chapter. If a timely application is filed, the execution of collection action on the debt is stayed pending the final adjudicative order or termination of the debtor from assistance, whichever occurs later.

NEW SECTION. Sec. 100. (1) After service of a notice of debt for an overpayment as provided for in section 99 of this act, stating the debt accrued, the director may issue to any person, firm, corporation, association, political subdivision, or department of the state an order to withhold and deliver property of any kind including, but not restricted to, earnings which are due, owing, or belonging to the debtor, when the director has reason to believe that there is in the possession of such person, firm, corporation, association, political subdivision, or department of the state property which is due, owing, or belonging to the debtor. The order to withhold and deliver must state the amount of the debt, and must state in summary the terms of this section, RCW 6.27.150 and 6.27.160, chapters 6.13 and 6.15 RCW, 15 U.S.C. Sec. 1673, and other state or federal exemption laws applicable generally to debtors. The order to withhold and deliver must be served in the manner prescribed for the service of a summons in a civil action or by certified mail, return receipt requested. Any person, firm, corporation, association, political subdivision, or department of the state upon whom service has been made shall answer the order to withhold and deliver within twenty days, exclusive of the day of service, under oath and in writing, and shall make true answers to the matters inquired of therein. The director may require further and additional answers to be completed by the person, firm, corporation, association, political subdivision, or department of the state. If any such person, firm, corporation, association, political subdivision, or department of the state possesses any property which may be subject to the claim of the authority, such property must be withheld immediately upon receipt of the order to withhold and deliver and must, after the twenty-day period, upon demand, be delivered forthwith to the director. The director shall hold the property in trust for application on the indebtedness involved or for return, without interest, in accordance with final determination of liability or nonliability. In the alternative, there may be furnished to the director a good and sufficient bond, satisfactory to the director, conditioned upon final determination of liability. Where money is due and owing under any contract of employment, express or implied, or is held by any person, firm, corporation, association, political subdivision, or department of the state subject to withdrawal by the debtor, such money must be delivered by remittance payable to the order of the director. Delivery to the director, subject to the exemptions under RCW 6.27.150 and 6.27.160, chapters 6.13 and 6.15 RCW, 15 U.S.C. Sec. 1673, and other state or federal law applicable generally to debtors, of the money or other property held or claimed satisfies the requirement of the order to withhold and deliver. Delivery to the director serves as full acquittance, and the state warrants and represents that it shall defend and hold harmless for such actions persons delivering money or property to the director pursuant to this chapter. The state also warrants and represents that it shall defend and hold harmless for such actions persons withholding money or property pursuant to this chapter.

(2) The director shall also, on or before the date of service of the order to withhold and deliver, mail or cause to be mailed by certified mail a copy of the order to withhold and deliver to the debtor at the debtor's last known post office address or, in the alternative, a copy of the order to withhold and deliver must be served on the debtor in the same manner as a summons in a civil action on or before the date of service of the order or within two days thereafter. The copy of the order must be mailed or served together with a concise explanation of the right to petition for a hearing on any issue related to the collection. This requirement is not jurisdictional, but, if the copy is not mailed or served as provided in this section, or if any irregularity appears with respect to the mailing or service, the superior court, on its discretion on motion of the debtor promptly made and supported by affidavit showing that the debtor has suffered substantial injury due to the failure to mail the copy, may set aside the order to withhold and deliver and award to the debtor an amount equal to the damages resulting from the director's failure to serve on or mail to the debtor the copy.

NEW SECTION. Sec. 101. If any person, firm, corporation, association, political subdivision, or department of the state fails to answer an order to withhold and deliver within the time prescribed in section 100 of this act, or fails or refuses to deliver property pursuant to the order, or after actual notice of filing of a lien as provided for in this chapter, pays over, releases, sells, transfers, or conveys real or personal property subject to such lien to or for the benefit of the debtor or any other person, or fails or refuses to surrender upon demand property distrained under section 100 of this act, or fails or refuses to honor an assignment of wages presented by the director, such person, firm, corporation, association, political subdivision, or department of the state is liable to the authority in an amount equal to one hundred percent of the value of the debt which is the basis of the lien, order to withhold and deliver, distraint, or assignment of wages, together with costs, interest, and reasonable attorneys' fees.

NEW SECTION. Sec. 102. Any person, firm, corporation, association, political subdivision, or department employing a person owing a debt for overpayment of assistance received shall honor, according to its terms, a duly executed assignment of earnings presented to the employer by the director as a plan to satisfy or retire an overpayment debt. This requirement to honor the assignment of earnings is applicable whether the earnings are to be paid presently or in the future and continues in force and effect until released in writing by the director. Payment of moneys pursuant to an assignment of earnings presented to the employer by the director serves as full acquittance under any contract of employment, and the state warrants and represents it shall defend and hold harmless such action taken pursuant to the assignment of earnings. The director is released from liability for improper receipt of moneys under assignment of earnings upon return of any moneys so received.

NEW SECTION. Sec. 103. If an improper real property transfer is made as defined in RCW 74.08.331 through 74.08.338, the authority may request the attorney general to file suit to rescind the transaction except as to subsequent bona fide purchasers for value. If it is established by judicial proceedings that a fraudulent conveyance occurred, the value of any assistance which has been furnished may be recovered in any proceedings from the recipient or the recipient's estate.

NEW SECTION. Sec. 104. When the authority provides assistance to persons who possess excess real property under RCW 74.04.005(11)(g), the authority may file a lien against or otherwise perfect its interest in such real property as a condition of granting such assistance, and the authority has the status of a secured creditor.
NEW SECTION. Sec. 105. (1) When the authority determines that a vendor was overpaid by the authority for either goods or services, or both, provided to authority clients, except nursing homes under chapter 74.46 RCW, the authority shall give written notice to the vendor. The notice must include the amount of the overpayment, the basis for the claim, and the rights of the vendor under this section.

(2) The notice may be served upon the vendor in the manner prescribed for the service of a summons in civil action or be mailed to the vendor at the last known address by certified mail, return receipt requested, demanding payment within twenty days of the date of receipt.

(3) The vendor has the right to an adjudicative proceeding governed by the administrative procedure act, chapter 34.05 RCW, and the rules of the authority. The vendor’s application for an adjudicative proceeding must be in writing, state the basis for contesting the overpayment notice, and include a copy of the authority’s notice. The application must be served on and received by the authority within twenty-eight days of the vendor’s receipt of the notice of overpayment. The vendor must serve the authority in a manner providing proof of receipt.

(4) Where an adjudicative proceeding has been requested, the presiding or reviewing office shall determine the amount, if any, of the overpayment received by the vendor.

(5) If the vendor fails to attend or participate in the adjudicative proceeding, upon a showing of valid service, the presiding or reviewing officer may enter an administrative order declaring the amount claimed in the notice to be assessed against the vendor and subject to collection action by the authority.

(6) Failure to make an application for an adjudicative proceeding within twenty-eight days of the date of notice results in the establishment of a final debt against the vendor in the amount asserted by the authority and that amount is subject to collection action. The authority may also charge the vendor with any costs associated with the collection of any final overpayment or debt established against the vendor.

(7) The authority may enforce a final overpayment or debt through lien and foreclosure, distraint, seizure and sale, order to withhold and deliver, or other collection action available to the authority to satisfy the debt due.

(8) Debts determined under this chapter are subject to collection action without further necessity of action by a presiding or reviewing officer. The authority may collect the debt in accordance with sections 100, 101, and 106 of this act. In addition, a vendor lien may be subject to distraint and seizure and sale in the same manner as prescribed for support liens in RCW 74.20A.130.

(9) Chapter 66, Laws of 1998 applies to overpayments for goods or services provided on or after July 1, 1998.

(10) The authority may adopt rules consistent with this section.

NEW SECTION. Sec. 106. (1) The authority may, at the director’s discretion, secure the repayment of any outstanding overpayment, plus interest, if any, through the filing of a lien against the vendor’s real property, or by requiring the posting of a bond, assignment of deposit, or some other form of security acceptable to the authority, or by doing both.

(a) Any lien is effective from the date of filing for record with the county auditor of the county in which the property is located and the lien claim has preference over the claims of all unsecured creditors.

(b) The authority shall review and determine the acceptability of all other forms of security.

(c) Any bond must be issued by a company licensed as a surety in the state of Washington.

(d) This subsection does not apply to nursing homes licensed under chapter 18.51 RCW or portions of hospitals licensed under chapter 70.41 RCW and operating as a nursing home, if those facilities are subject to chapter 74.46 RCW.

(2) The authority may recover any overpayment, plus interest, if any, by setoff or recoupment against subsequent payments to the vendor.

NEW SECTION. Sec. 107. Liens created under section 106 of this act bind the affected property for a period of ten years after the lien has been recorded or ten years after the resolution of all good faith disputes as to the overpayment, whichever is later. Any civil action by the authority to enforce such lien must be timely commenced before the ten-year period expires or the lien is released. A civil action to enforce such lien is not timely commenced unless the summons and complaint are filed within the ten-year period in a court having jurisdiction and service of the summons and complaint is made upon all parties in the manner prescribed by appropriate civil court rules.

NEW SECTION. Sec. 108. Any action to enforce a vendor overpayment debt must be commenced within six years from the date of the authority’s notice to the vendor.

NEW SECTION. Sec. 109. The remedies under sections 106 and 107 of this act are nonexclusive and nothing contained in this chapter may be construed to impair or affect the right of the authority to maintain a civil action or to pursue any other remedies available to it under the laws of this state to recover such debt.

NEW SECTION. Sec. 110. (1) Except as provided in subsection (4) of this section, vendors shall pay interest on overpayments at the rate of one percent per month or portion thereof. Where partial repayment of an overpayment is made, interest accrues on the remaining balance. Interest must not accrue when the overpayment occurred due to authority error.

(2) If the overpayment is discovered by the vendor prior to discovery and notice by the authority, the interest begins accruing ninety days after the vendor notifies the authority of such overpayment.

(3) If the overpayment is discovered by the authority prior to discovery and notice by the vendor, the interest begins accruing thirty days after the date of notice by the authority to the vendor.

(4) This section does not apply to:

(a) Interagency or intergovernmental transactions; and

(b) Contracts for public works, goods and services procured for the exclusive use of the authority, equipment, or travel.

NEW SECTION. Sec. 111. (1) To avoid a duplicate payment of benefits, a recipient of assistance from the authority is deemed to have subrogated the authority to the recipient’s right to recover temporary total disability compensation due to the recipient and the recipient’s dependents under Title 51 RCW, to the extent of such assistance or compensation, whichever is less. However, the amount to be repaid to the authority must bear its proportionate share of attorneys’ fees and costs, if any, incurred under Title 51 RCW by the recipient or the recipient’s dependents.

(2) The authority may assert and enforce a lien and notice to withhold and deliver to secure reimbursement. The authority shall identify in the lien and notice to withhold and deliver the recipient of assistance and temporary total disability compensation and the amount claimed by the authority.

NEW SECTION. Sec. 112. The effective date of the lien and notice to withhold and deliver provided in section 111 of this act is the day that it is received by the department of labor and industries or a self-insurer as defined in chapter 51.08 RCW. Service of the lien and notice to withhold and deliver may be made personally, by regular mail with postage prepaid, or by electronic means. A statement of lien and notice to withhold and deliver must be mailed to the recipient at the recipient’s last known address by certified mail, return receipt requested, no later than two business days after the authority mails, delivers, or transmits the lien and notice to withhold and deliver to the department of labor and industries or a self-insurer.

NEW SECTION. Sec. 113. The director of labor and industries or the director’s designee, or a self-insurer as defined in chapter 51.08
RCW, following receipt of the lien and notice to withhold and deliver, shall deliver to the director of the authority or the director's designee any temporary total disability compensation payable to the recipient named in the lien and notice to withhold and deliver up to the amount claimed. The director of labor and industries or self-insurer shall withhold and deliver from funds currently in the director's or self-insurer's possession or from any funds that may at any time come into the director's or self-insurer's possession on account of temporary total disability compensation payable to the recipient named in the lien and notice to withhold and deliver.

**NEW SECTION.** Sec. 114. (1) A recipient feeling aggrieved by the action of the authority in recovering his or her temporary total disability compensation as provided in sections 111 through 115 of this act has the right to an adjudicative proceeding.

(2) A recipient seeking an adjudicative proceeding shall file an application with the director within twenty-eight days after the statement of lien and notice to withhold and deliver was mailed to the recipient. If the recipient files an application more than twenty-eight days after, but within one year of, the date the statement of lien and notice to withhold and deliver was mailed, the recipient is entitled to a hearing if the recipient shows good cause for the recipient's failure to file a timely application. The filing of a late application does not affect prior collection action pending the final adjudicative order. Until good cause for failure to file a timely application is decided, the authority may continue to collect under the lien and notice to withhold and deliver.

(3) The proceeding shall be governed by chapter 34.05 RCW, the administrative procedure act.

**NEW SECTION.** Sec. 115. Sections 111 through 114 of this act and this section do not apply to persons whose eligibility for benefits under Title 51 RCW is based upon an injury or illness occurring prior to July 1, 1972.

**NEW SECTION.** Sec. 116. (1) When an individual receives assistance subject to recovery under this chapter and the individual is the holder of record title to real property or the purchaser under a land sale contract, the authority may present to the county auditor for recording in the deed and mortgage records of a county a request for notice of transfer or encumbrance of the real property. The authority shall adopt a rule providing prior notice and hearing rights to the record title holder or purchaser under a land sale contract.

(2) The authority shall present to the county auditor for recording a termination of request for notice of transfer or encumbrance when, in the judgment of the authority, it is no longer necessary or appropriate for the authority to monitor transfers or encumbrances related to the real property.

(3) The authority shall adopt by rule a form for the request for notice of transfer or encumbrance and the termination of request for notice of transfer or encumbrance that, at a minimum:

(a) Contains the name of the assistance recipient and a case identifier or other appropriate information that links the individual who is the holder of record title to real property or the purchaser under a land sale contract to the individual's assistance records;

(b) Contains the legal description of the real property;

(c) Contains a mailing address for the authority to receive the notice of transfer or encumbrance; and

(d) Complies with the requirements for recording in RCW 36.18.010 for those forms intended to be recorded.

(4) The authority shall pay the recording fee required by the county clerk under RCW 36.18.010.

(5) The request for notice of transfer or encumbrance described in this section does not affect title to real property and is not a lien on, encumbrance of, or other interest in the real property.

**NEW SECTION.** Sec. 117. (1) By December 10, 2011, the department of social and health services and the health care authority shall provide a preliminary report, and by December 1, 2012, provide a final implementation plan, to the governor and the legislature with recommendations regarding the role of the health care authority in the state's purchasing of mental health treatment, substance abuse treatment, and long-term care services, including services for those with developmental disabilities.

(2) The reports shall:

(a) Consider options for effectively coordinating the purchase and delivery of care for people who need long-term care, developmental disabilities, mental health, or chemical dependency services. Options considered may include, but are not limited to, transitioning purchase of these services from the department of social and health services to the health care authority, and strategies for the agencies to collaborate seamlessly while purchasing services separately; and

(b) Address the following components:

(i) Incentives to improve prevention efforts;

(ii) Service delivery approaches, including models for care management and care coordination and benefit design;

(iii) Rules to assure that those requiring long-term care services and supports receive that care in the least restrictive setting appropriate to their needs;

(iv) Systems to measure cost savings;

(v) Mechanisms to measure health outcomes and consumer satisfaction;

(vi) The designation of a single point of entry for financial and functional eligibility determinations for long-term care services; and

(vii) Process for collaboration with local governments.

(3) In developing these recommendations, the agencies shall:

(a) Consult with tribal governments and with interested stakeholders, including consumers, health care and other service providers, health insurance carriers, and local governments; and

(b) Cooperate with the joint select committee on health reform implementation established in House Concurrent Resolution No. 4404 and any of its advisory committees. The agencies shall strongly consider the guidance and input received from these forums in the development of its recommendations.

(4) The agencies shall submit a progress report to the governor and the legislature by November 15, 2013, that provides details on the agencies' progress on purchasing coordination to date.
NEW SECTION. Sec. 120. A new section is added to chapter 43.20A RCW to read as follows:

The secretary shall enter into agreements with the director of the health care authority, in his or her capacity as the director of the designated single state agency to administer medical services programs under Titles XIX and XXI of the social security act, to establish the division of responsibilities between the agencies with respect to mental health, chemical dependency, and long-term care services, including services for people with developmental disabilities. The agreements shall be revised, as necessary, to comply with the final implementation plan adopted in section 117 of this act.

NEW SECTION. Sec. 121. (1) All powers, duties, and functions of the department of social and health services pertaining to the medical assistance program and the medicaid purchasing administration are transferred to the health care authority to the extent necessary to carry out the purposes of this act. All references to the director or the department of social and health services in the Revised Code of Washington shall be construed to mean the director or the health care authority when referring to the functions transferred in this section.

(2)(a) All reports, documents, surveys, books, records, files, papers, or written material in the possession of the department of social and health services pertaining to the powers, functions, and duties transferred shall be delivered to the custody of the health care authority. All cabinets, furniture, office equipment, motor vehicles, and other tangible property employed by the department of social and health services in carrying out the powers, functions, and duties transferred shall be made available to the health care authority. All funds, credits, or other assets held in connection with the powers, functions, and duties transferred shall be assigned to the health care authority.

(b) Any appropriations made to the department of social and health services for carrying out the powers, functions, and duties transferred shall, on the effective date of this section, be transferred and credited to the health care authority.

(c) Whenever any question arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

(3) All employees of the medicaid purchasing administration at the department of social and health services are transferred to the jurisdiction of the health care authority. All employees classified under chapter 41.06 RCW, the state civil service law, are assigned to the health care authority to perform their usual duties upon the same terms as formerly, without any loss of rights, subject to any action that may be appropriate thereafter in accordance with the laws and rules governing state civil service.

(4) All rules and all pending business before the department of social and health services pertaining to the powers, functions, and duties transferred shall be continued and acted upon by the health care authority. Each of these shall make the appropriate transfer and adjustments in funds and appropriation accounts and equipment records in accordance with the certification.

This process must provide for the continuation of both bargaining units by the masters, mates, and pilots bargaining unit as well as a formal recognition by the state that the terms and conditions of the current licensed deck officer collective bargaining agreement must carry forward for both bargaining units and must serve as the bases for future negotiations with these bargaining units."
The separation of these bargaining units must be completed by July 1, 2013.

(3) If a new captains-only bargaining unit is created, the employer and the exclusive bargaining representative for the captains-only bargaining unit must negotiate a collective bargaining agreement exclusive to the captains-only bargaining unit. The collective bargaining agreement for the captains must include a negotiated provision that outlines the objectives and measurable performance expectations for the captains.

(4) For negotiations covering the 2013-2015 biennium, the employer and the exclusive bargaining representative of the captains-only bargaining unit must negotiate agreements that are consistent with this section.

(5) A collective bargaining agreement may not contain any provision that extends the term of an existing collective bargaining agreement or applicability of items incompatible with this section in an existing collective bargaining agreement.

(4) If the department does not meet the performance targets, it must develop an action plan to meet the performance targets within a set time frame and submit this plan to the office of financial management within thirty days of the performance report. The action plan must identify the cause and conditions that lead to nonperformance and must include recommendations to improve performance. Recommendations may include remedies that would require additional funds or legislative action. The office of financial management must also provide the action plan to the transportation committees of the legislature."

Representatives Santos and Dammeier spoke in favor of the passage of the bill.

COLLOQUY

Representative Santos: “Will the gentleman from the 25th District yield to a question?”

Representative Dammeier: “I will.”

Representative Santos: “The adopted amendment requires the Superintendent of Public Instruction to recalculate the results from the previous 10 years of assessments whenever the State Board of Education changes performance levels or cut scores. Would this require a recalculation in the case of a newly-developed assessment? For example, we are moving to a Biology end of course assessment next year that replaces our current comprehensive high school science assessment.”

Representative Dammeier: “No. the amendment specifies that the Superintendent of Public Instruction must recalculate the results from the previous ten years of administering that assessment, and further stipulates that the recalculation occurs only to the extent that data is available. A brand new form of the test, such as the Biology EOC, would not be the old science assessment, nor would any previous data from a Biology test be available. In such a case, the State Board would be setting initial cut scores, not making changes.”

The Speaker (Representative Moeller presiding) stated the question before the House to be the final passage of Engrossed Substitute House Bill No. 2115.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Substitute House Bill No. 2115, and the bill passed the House by the following vote: Yeas, 85; Nays, 4; Absent, 0; Excused, 9.

SUBSTITUTE HOUSE BILL NO. 2082 was read the second time.

Representative Darneille moved the adoption of amendment (781).

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. Intent. (1) The legislature finds that:
(a) Persons who have a long-term disability and apply for federal supplemental security income benefits should receive assistance while their application for federal benefits is pending, with repayment from the federal government of state-funded income assistance paid through the long-term disability assistance program;
(b) Persons who are incapacitated from gainful employment for an extended period, but who may not meet the level of severity of a long-term disability, are at increased risk of homelessness; and
(c) Persons who are homeless and suffering from significant medical impairments, mental illness, or chemical dependency face substantial barriers to successful participation in, and completion of, needed medical or behavioral health treatment services. Stable housing increases the likelihood of compliance with and completion of treatment.
(2) Through this act, the legislature intends to:
(a) Terminate all components of the disability lifeline program created in 2010 and codified in RCW 74.04.005 and create new programs: (i) To provide financial grants through the long-term disability assistance program, the aged, blind, and disabled assistance program, and the pregnant women assistance program; and (ii) to provide services through the essential needs and housing support program; and
(b) Increase opportunities to utilize limited public funding, combined with private charitable and volunteer efforts to serve persons who are recipients of the benefits provided by the new programs created under this act.
NEW SECTION. Sec. 2. (1)(a) Effective November 1, 2011, the long-term disability assistance program shall provide financial grants to persons who:
(i) Are recipients of disability lifeline expedited benefits on October 31, 2011, and continue to meet the eligibility requirements of (a)(ii) of this subsection; or
(ii)(A) Are not eligible to receive federal aid assistance, other than basic food benefits transferred electronically and medical assistance;
(B) Are likely to meet the federal supplemental security income disability standard. In making this determination, the department should give full consideration to the cumulative impact of an applicant's multiple impairments, an applicant's age, and vocational and educational history but need not duplicate the full five-step sequential review process set out in federal supplemental security income regulations. To improve access to timely disability evaluations, the department may allow mid-level practitioners, such as advance registered nurse practitioners, and licensed mental health practitioners, to conduct evaluations, with review and approval by medical practitioners;
(c) Persons who are not able to engage in gainful employment due primarily to alcohol or drug addiction. These persons shall be referred to appropriate assessment, treatment, shelter, or supplemental security income referral services as authorized under chapter 74.50 RCW. Referrals shall be made at the time of application or at the time of eligibility review. This subsection may not be construed to prohibit the department from granting long-term disability assistance benefits to alcoholics and drug addicts who are incapacitated due to other physical or mental conditions that meet the eligibility criteria for the long-term disability assistance program;
(ii) Persons who refuse or fail to cooperate in obtaining federal aid assistance, without good cause; and
(iii) Persons for whom there has been a final determination of ineligibility for federal supplemental security income benefits.
(c) Persons may receive long-term disability assistance benefits pending application for federal supplemental security income benefits. The monetary value of any long-term disability assistance benefit that is subsequently duplicated by the person's receipt of supplemental security income for the same period shall be considered a debt due the state and shall by operation of law be subject to recovery through all available legal remedies.
(2) Effective November 1, 2011, the aged, blind, and disabled assistance program shall provide financial grants to persons who:
(a) Are recipients of disability lifeline aged, blind, and disabled benefits on October 31, 2011, and continue to meet the eligibility requirements of (b) of this section; or
(b)(i) Are citizens or aliens lawfully admitted for permanent residence or otherwise residing in the United States under color of law;
(ii) Are likely to meet the federal supplemental security income disability standard. In making this determination, the department should give full consideration to the cumulative impact of an applicant's multiple impairments, an applicant's age, and vocational and educational history but need not duplicate the full five-step sequential review process set out in federal supplemental security income regulations;
(iii) Meet the income and resource standards for the disability lifeline program in effect on December 31, 2010;
(iv) Have not refused or failed to cooperate in obtaining federal aid assistance without good cause; and
(v) Have not refused or failed without good cause to participate in drug or alcohol treatment if an assessment by a certified chemical dependency counselor indicates a need for such treatment. Good cause must be found to exist when a person's physical or mental
condition, as determined by the department, prevents the person from participating in drug or alcohol dependency treatment, when needed outpatient drug or alcohol treatment is not available to the person in the county of his or her residence or when needed inpatient treatment is not available in a location that is reasonably accessible for the person.

(3) Effective November 1, 2011, the pregnant women assistance program shall provide financial grants to persons who:

(a) Are recipients of disability lifeline benefits as a pregnant woman on October 31, 2011, and continue to meet the eligibility requirements of (b) of this subsection; or

(b)(i) Are citizens or aliens lawfully admitted for permanent residence or otherwise residing in the United States under color of law;

(ii) Are pregnant and in need, based upon the current income and resource standards of the federal temporary assistance for needy families program, but are ineligible for federal temporary assistance for needy families benefits for a reason other than failure to cooperate in program requirements; and

(iii) Have not refused or failed without good cause to participate in drug or alcohol treatment if an assessment by a certified chemical dependency counselor indicates a need for such treatment. Good cause must be found to exist when a person's physical or mental condition, as determined by the department, prevents the person from participating in drug or alcohol dependency treatment, when needed outpatient drug or alcohol treatment is not available to the person in the county of his or her residence or when needed inpatient treatment is not available in a location that is reasonably accessible for the person.

(4) Effective November 1, 2011, referrals for essential needs and housing support under section 4 of this act shall be provided to persons found eligible for medical care services under RCW 74.09.035 who are not recipients of alcohol and addiction services provided under chapter 74.50 RCW.

(5) No person may be considered an eligible individual for benefits under this section with respect to any month if during that month the person:

(a) Is fleeing to avoid prosecution of, or to avoid custody or confinement for conviction of, a felony, or an attempt to commit a felony, under the laws of the state of Washington or the place from which the person flees; or

(b) Is violating a condition of probation, community supervision, or parole imposed under federal or state law for a felony, misdemeanor conviction.

(6) The department must review the cases of all persons, except recipients of alcohol and addiction treatment under chapter 74.50 RCW, who have received medical care services for twelve months, and annually thereafter, to determine whether they are eligible for the long-term disability assistance program. In determining whether an applicant is likely to meet the eligibility requirements for the long-term disability assistance program, the department should give full consideration to the cumulative impact of an applicant's multiple impairments, age, and vocational and educational history but need not duplicate the full five-step sequential review process set out in federal supplemental security income regulations. To improve access to timely disability evaluations, the department may allow mid-level practitioners, such as advanced registered nurse practitioners and licensed mental health practitioners, to conduct evaluations, with review and approval by medical practitioners.

NEW SECTION. Sec. 3. Funding for the essential needs and housing support program established under section 4 of this act shall be as follows: The total funding for the program shall be based on the projected medical care services caseload, adjusted for discrepancies between the grant and medical caseloads, and the estimated monthly average of the cash assistance grant that was in effect as of July 1, 2011. In subsequent fiscal biennia, the total funding for the program shall, at a minimum, retain the average per-client support level provided in the previous fiscal biennium.

NEW SECTION. Sec. 4. A new section is added to chapter 43.185C RCW to read as follows:

Grants to local governments and community-based organizations for essential needs and housing support. (1) The department shall distribute funds for the essential needs and housing support program established under this section in a manner consistent with the requirements of this section. The first distribution of funds must be completed by September 1, 2011. Receipt of essential needs or housing support is not an entitlement for persons found eligible for such services under section 2 of this act.

(2) The department shall distribute funds appropriated for the essential needs and housing support program in the form of grants to designated essential needs support and housing support entities within each county using a formula based on the average number of clients residing in the county who received either disability lifeline-unemployable benefits or essential needs and support benefits in each of the three preceding fiscal years. The formula shall be applied beginning July 1, 2011, and updated annually. Between ten and fifteen percent of the funds distributed to a county must be used to provide essential needs support.

(3) For each county, the department shall designate an essential needs support entity and a housing support entity that will begin providing these supports to essential needs and housing support program recipients on November 1, 2011. Essential needs and housing support entities are not required to provide assistance to every essential needs and housing support recipient that is referred to the local entity or who meets the priority standards in subsection (4)(c) of this section.

(a) Each designated entity must be a local government or community-based organization, and may administer the funding for essential needs support, housing support, or both. Designated entities have the authority to subcontract with qualified entities. Upon request, and the approval of the department, two or more counties may combine resources to more effectively deliver services.

(b) The department's designation process must include a review of proficiency in managing housing or human services programs when Designated housing support entities.

(c) Within a county, if the department directly awards separate grants to the designated housing support entity and the designated essential needs support entity, the department shall determine the amount allocated for essential needs support within the range specified in subsection (2) of this section.

(4)(a) Essential needs and housing support entities must use funds distributed under this section as flexibly as is practicable to provide essential needs items and housing support to recipients of the essential needs and housing support program, subject to the requirements of this section. Essential needs and housing support shall not be provided in the form of cash assistance to recipients.

(b) Benefits provided under the essential needs and housing support program shall not be provided to recipients in the form of cash assistance.

(c) Designated housing support entities must not exceed either the: (i) Average per-client support level established in the operating budget for all clients served through their housing support program; or (ii) maximum per-client support level established in the operating budget for any individual client served through their housing support program.

(d) In awarding housing support, the designated housing support entity shall give first priority to clients who are in stable housing, and for whom support will allow housing retention and who would be at risk of homelessness without such housing support. Second priority shall be given to clients who are receiving care coordination services through the managed health care plan that has a contract with the state to serve essential needs and housing support program recipients.
Within these priorities, additional local priorities for the use of funds must be developed in the event that available resources are not sufficient to provide service to all prioritized recipients who have been referred for support.

(e) Essential needs and housing support entities must partner with other public and private organizations to maximize the beneficial impact of funds distributed under this section, and should attempt to leverage other sources of public and private funds to serve essential needs and housing support recipients. Funds appropriated in the operating budget for essential needs and housing support must be used only to serve persons eligible to receive services under that program.

(5) The department and each essential needs and housing support entity shall minimize the percentage of funds used for administration of the essential needs and housing support program to maximize funding available for supports.

(6) The department shall:
(a) Require housing support entities to enter data into the homeless client management information system;
(b) Require essential needs support entities to report on services provided under this section;
(c) In collaboration with the department of social and health services, submit a report annually to the relevant policy and fiscal committees of the legislature. A preliminary report shall be submitted by December 31, 2011, and must include (c)(i), (iii), and (v) of this subsection. Annual reports must be submitted beginning December 1, 2012, and must include:
(i) A description of the actions the department has taken to achieve the objectives of this act;
(ii) The amount of funds used by the department to administer the program;
(iii) Information on the housing status of essential needs and housing support recipients served by housing support entities, and individuals referred for housing support by the department of social and health services, but not receiving services;
(iv) Grants of expenditure data related to administration and services provided under this section; and
(v) Efforts made to partner with other entities and leverage sources or public and private funds;
(d) Review the data submitted by the designated entities, and make recommendations for program improvements and administrative efficiencies. The department has the authority to designate alternative entities as necessary due to performance or other significant issues. Such change must only be made after consultation with the department of social and health services and the impacted entity.

(7) The department, counties, and essential needs and housing support entities are not civilly or criminally liable and may not have any penalty or cause of action of any nature arise against them related to decisions regarding:
(a) The provision or lack of provision of housing or essential needs support; or
(b) the type of housing arrangement supported with funds allocated under this section, when the decision was made in good faith and in the performance of the powers and duties under this section. However, this section does not prohibit legal actions against the department, county, or essential needs or housing support entity to enforce contractual duties or obligations.

NEW SECTION. Sec. 5. A new section is added to chapter 43.185C RCW to read as follows:

The department, in collaboration with the department of social and health services, shall develop a mechanism through which the department and local governments or community-based organizations can verify a person has been determined eligible for medical care services under RCW 74.09.035 by the department of social and health services.

Sec. 6. RCW 74.09.035 and 2011 c 284 s 3 are each amended to read as follows:

   (a) Persons who:
      (i) Are incapacitated from gainful employment by reason of bodily or mental infirmity that will likely continue for a minimum of ninety days as determined by the department. The standard for incapacity in this subsection, as evidenced by the ninety-day duration standard, is not intended to be as stringent as federal supplemental security income disability standards;
      (ii) Are citizens or aliens lawfully admitted for permanent residence or otherwise residing in the United States under color of law;
      (iii) Have furnished the department their social security number. If the social security number cannot be furnished because it has not been issued or is not known, an application for a number shall be made prior to authorization of benefits, and the social security number shall be provided to the department upon receipt;
      (iv) Have countable income as described in RCW 74.04.005 at or below four hundred twenty-eight dollars for a married couple or at or below three hundred thirty-nine dollars for a single individual; and
      (v) Do not have countable resources in excess of those described in RCW 74.04.005.
   (b) Persons eligible for the aged, blind, or disabled assistance program authorized in section 2(2) of this act.
   (c) Persons eligible for alcohol and drug addiction services provided under chapter 74.50 RCW, in accordance with medical eligibility requirements established by the department.
   (d) The following persons are not eligible for medical care services:
      (i) Persons who are unemployable due primarily to alcohol or drug addiction, except as provided in (c) of this subsection. These persons shall be referred to appropriate assessment, treatment, shelter, or supplemental security income referral services as authorized under chapter 74.50 RCW. Referrals shall be made at the time of application or at the time of eligibility review. This subsection shall not be construed to prohibit the department from granting medical care services benefits to alcoholics and drug addicts who are incapacitated due to other physical or mental conditions that meet the eligibility criteria for the disability lifeline program.
      (ii) Persons who refuse or fail to cooperate in obtaining federal aid assistance, without good cause;
      (iii) Persons who refuse or fail without good cause to participate in drug or alcohol treatment, if an assessment by a certified chemical dependency counselor indicates a need for such treatment. Good cause must be found to exist when a person's physical or mental condition, as determined by the department, prevents the person from participating in drug or alcohol dependency treatment; when needed outpatient drug or alcohol treatment is not available to the person in the county of his or her residence or when needed inpatient treatment is not available in a location that is reasonably accessible for the person; and
      (iv) Persons who are fleeing to avoid prosecution of, or to avoid custody or confinement for conviction of, a felony, or an attempt to commit a felony, under the laws of the state of Washington or the place from which the person flees; or who are violating a condition of probation, community supervision, or parole imposed under federal or state law for a felony or gross misdemeanor conviction.
   (e) For purposes of determining whether a person is incapacitated from gainful employment under (a) of this subsection:
(i) The department shall adopt by rule medical criteria for incapacity determinations to ensure that eligibility decisions are consistent with statutory requirements and are based on clear, objective medical information; and

(ii) The process implementing the medical criteria shall involve consideration of opinions of the treating or consulting physicians or health care professionals regarding incapacity, and any eligibility decision which rejects uncontested medical opinion must set forth clear and convincing reasons for doing so.

(f) For purposes of reviewing a person's continuing eligibility and in order to remain eligible for the program, persons who have been found to have an incapacity from gainful employment must demonstrate that there has been no material improvement in their medical or mental health condition. The department may discontinue benefits when there was specific error in the prior determination that found the person eligible by reason of incapacity.

(2) Enrollment in medical care services may not result in expenditures that exceed the amount that has been appropriated in the operating budget. If it appears that continued enrollment will result in expenditures exceeding the appropriated level for a particular fiscal year, the department may freeze new enrollment and establish a waiting list of (eligible) persons who may receive benefits only when sufficient funds are available. (Upon implementation of a federal Medicaid 1115 waiver providing federal matching funds for medical care services, persons subject to termination of disability lifeline benefits under RCW 74.04.005(h) remain enrolled in medical care services and persons subject to denial of disability lifeline benefits under RCW 74.04.005(I)(h) remain eligible for medical care services.

(22) Determination of the amount, scope, and duration of medical care services shall be limited to coverage as defined by the department, except that adult dental, and routine foot care shall not be included unless there is a specific appropriation for these services.

(4) The department shall enter into performance-based contracts with one or more managed health care systems for the provision of medical care services (to recipients of disability lifetime benefits) under this section. The contract must provide for integrated delivery of medical and mental health services.

(5) The department shall establish standards of assistance and resource and income exemptions, which may include deductibles and co-insurance provisions. In addition, the department may include a prohibition against the voluntary assignment of property or cash for the purpose of qualifying for assistance.

(6) Residents of skilled nursing homes, intermediate care facilities, and intermediate care facilities for persons with intellectual disabilities, as that term is described by federal law, who are eligible for medical care services shall be provided medical services to the same extent as provided to those persons eligible under the medical assistance program.

(6) Eligibility for medical care services shall commence with the date of certification for disability lifetime benefits or the date of eligibility for alcohol and drug addiction services provided under chapter 74.50 RCW.

(7) Eligibility for medical care services shall commence with the date of certification for medical services, date of eligibility for the aged, blind, or disabled assistance program provider under section 2(2) of this act, or the date or eligibility for alcohol and drug addiction services provided under chapter 74.50 RCW.

(b) Applicants for or recipients of benefits under this chapter shall have their eligibility based on resource limitations consistent with the temporary assistance for needy families program rules adopted by the department.

(B) If the owner of the excess property ceases to make good faith efforts to sell the property, the entire amount of assistance may become an overpayment and a debt due the state and may be recovered pursuant to RCW 43.20B.630;

(C) Applicants and recipients are advised of their right to a fair hearing and afforded the opportunity to challenge a decision that good faith efforts to sell have ceased, prior to assessment of an overpayment under this section; and

(D) At the time assistance is authorized, the department files a lien without a sum certain on the specific property.

(15) For purposes of determining eligibility for public assistance and participation levels in the cost of medical care, the department shall exempt restitution payments made to people of Japanese and Aleut ancestry pursuant to the Civil Liberties Act of 1988 and the Aleutian and Pribilof Island Restitution Act passed by congress, P.L. 100-383, including all income and resources derived therefrom.

(ii) Are incapacitated from gainful employment by reason of bodily or mental infirmity that will likely continue for a minimum of ninety days as determined by the department. The standard for incapacity in this subsection, as evidenced by the ninety-day duration standard, is not intended to be as stringent as federal supplemental security income disability standards; and

(A) Are citizens or aliens lawfully admitted for permanent residence or otherwise residing in the United States under color of law;

(B) Have furnished the department their social security number. If the social security number cannot be furnished because it has not been issued or is not known, an application for a number shall be made prior to authorization of benefits, and the social security number shall be provided to the department upon receipt;

(C) Have not refused or failed without good cause to participate in drug or alcohol treatment if an assessment by a certified chemical dependency counselor indicates a need for such treatment. Good cause must be found to exist when a person's physical or mental condition, as determined by the department, prevents the person from participating in drug or alcohol dependency treatment, when needed outpatient drug or alcohol treatment is not available to the person in the county of his or her residence or when needed inpatient treatment is not available in a location that is reasonably accessible for the person; and

(D) Have not refused or failed without good cause to participate in vocational rehabilitation services, if an assessment conducted under RCW 74.04.655 indicates that the person might benefit from such services. (b)(i) Persons who initially apply and are found eligible for disability lifeline benefits based upon incapacity from gainful employment under (a) of this subsection or on or after September 2, 2010, who are homeless and have been assessed as needing chemical dependency or mental health treatment or both, must agree, as a condition of eligibility for the disability lifeline program, to accept a housing voucher in lieu of a cash grant if a voucher is available. The department shall establish the dollar value of the housing voucher. The dollar value of the housing voucher may differ from the value of the cash grant. Persons receiving a housing voucher under this subsection also shall receive a cash stipend of fifty dollars per month.

(ii) If the department of commerce has determined under RCW 74.09.035, subject to the time limits in (h) of this subsection.

(iii) Persons who refuse to accept a housing voucher under this subsection but otherwise meet the eligibility requirements of (a) of this subsection are eligible for medical care services benefits under RCW 74.09.035, subject to the time limits in (h) of this subsection.

(c) The following persons are not eligible for the disability lifeline program:

(i) Persons who are unemployed due primarily to alcohol or drug addiction. These persons shall be referred to appropriate
assessment, treatment, shelter, or supplemental security income referral services as authorized under chapter 74.50 RCW. Referrals shall be made at the time of application or at the time of eligibility review. This subsection shall not be construed to prohibit the department from granting disability lifeline benefits to alcoholics and drug addicts who are incapacitated due to other physical or mental conditions that meet the eligibility criteria for the disability lifeline program;

(ii) Persons who refuse or fail to cooperate in obtaining federal aid assistance, without good cause.

(d) Disability lifeline benefits shall be provided only to persons who are not members of assistance units receiving federal aid assistance, except as provided in (a) of this subsection, and who will accept available services that can reasonably be expected to enable the person to work or reduce the need for assistance unless there is good cause to refuse. Failure to accept such services shall result in termination until the person agrees to cooperate in accepting such services and subject to the following maximum periods of ineligibility after reappltication:

(i) First failure: One week;

(ii) Second failure within six months: One month;

(iii) Third and subsequent failure within one year: Two months.

(e) Persons who are likely eligible for federal supplemental security income benefits shall be moved into the disability lifeline expedited component of the disability lifeline program. Persons placed in the expedited component of the program may, if otherwise eligible, receive disability lifeline benefits pending application for federal supplemental security income benefits. The monetary value of any disability lifeline benefit that is subsequently duplicated by the person’s receipt of supplemental security income for the same period shall be considered a debt due the state and shall by operation of law be subject to recovery through all available legal remedies.

(f) For purposes of determining whether a person is incapacitated from gainful employment under (a) of this subsection:

(i) The department shall adopt by rule medical criteria for disability lifeline incapacity determinations to ensure that eligibility decisions are consistent with statutory requirements and are based on clear, objective medical information; and

Months during which a person received benefits under the expedited component of the disability lifeline or general assistance program or under the aged, blind, or disabled component of the disability lifeline or general assistance program shall not be included when determining whether a person has been receiving benefits for more than twenty-four months.

On or before July 1, 2010, the department must review the cases of all persons who have received disability lifeline benefits or general assistance unemployable benefits for at least twenty months as of that date. On or before September 1, 2010, the department must review the cases of all remaining persons who have received disability lifeline benefits for at least twelve months as of that date. The review should determine whether the person meets the federal supplemental security income disability standard and, if the person does not meet that standard, whether the receipt of additional services could lead to employability. If a need for additional services is identified, the department shall provide case management services, such as assistance with arranging transportation or locating stable housing, that will facilitate the person’s access to needed services. A person may not be determined ineligible due to exceeding the time limit unless he or she has received a case review under this subsection finding that the person does not meet the federal supplemental security income disability standard.

(ii) The time limits established under this subsection expire June 30, 2013.

(i) No person may be considered an eligible individual for disability lifeline benefits with respect to any month if during that month the person:

(7) “Aged, blind, and disabled assistance program” means the program established under section 2 of this act.

(8) “Federal aid assistance” means the specific categories of assistance for which provision is made in any federal law existing or hereafter passed by which payments are made from the federal government to the state in aid or in respect to payment by the state for public assistance rendered to any category of needy persons for which provision for federal funds or aid may from time to time be made, or a federally administered needs-based program.

(9) “Recipient” means any person who has made a request, or on behalf of whom a request has been made, to any county or local office for assistance.

Exempt resources shall include, but are not limited to:

(b) Household furnishings and personal effects;

However, first priority for receipt of treatment services must be given to pregnant women and parents of young children. This section expires June 30, 2013. Creating a nursing home safety net assessment. Revised for 1st Substitute: Creating a nursing home safety net assessment. (REVISED FOR ENGROSSED: Concerning nursing homes.)

The bill was read the second time.

Representative Kretz moved the adoption of amendment (790).

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. A new section is added to chapter 18.51 RCW to read as follows:

A nursing home that has voluntarily reduced its bed capacity for lesser acuity purposes under RCW 70.38.111(8) may assign qualified staff to perform duties concurrently in both the nursing home units of the facility as well as the units with beds converted to the alternate use. Staffing levels must comply with the department's standards for the highest care need category of patient in each unit.

Sec. 2. RCW 74.46.431 and 2010 1st sp.s.c 34 s 3 are each amended to read as follows:
(1) Nursing facility medicaid payment rate allocations shall be facility-specific and shall have seven components: Direct care, therapy care, support services, operations, property, financing allowance, and variable return. The department shall establish and adjust each of these components, as provided in this section and elsewhere in this chapter, for each medicaid nursing facility in this state.

(2) Component rate allocations in therapy care and support services for all facilities shall be based upon a minimum facility occupancy of eighty-five percent of licensed beds, regardless of how many beds are set up or in use. Component rate allocations in operations, property, and financing allowance for essential community providers shall be based upon a minimum facility occupancy of ((eighty-five)) eighty percent of licensed beds, regardless of how many beds are set up or in use. Component rate allocations in operations, property, and financing allowance for small nonessential community providers shall be based upon a minimum facility occupancy of ninety percent of licensed beds, regardless of how many beds are set up or in use. Component rate allocations in operations, property, and financing allowance for large nonessential community providers shall be based upon a minimum facility occupancy of ninety-two percent of licensed beds, regardless of how many beds are set up or in use. Component rate allocation in direct care shall be based upon actual facility occupancy. The median cost limits used to set component rate allocations shall be based on the applicable minimum occupancy percentage. In determining each facility’s therapy care component rate allocation under RCW 74.46.511, the department shall apply the applicable minimum facility occupancy adjustment before creating the array of facilities’ adjusted therapy costs per adjusted resident day. In determining each facility’s support component rate allocation under RCW 74.46.515(3), the department shall apply the applicable minimum facility occupancy adjustment before creating the array of facilities’ adjusted support services costs per adjusted resident day. In determining each facility’s operations component rate allocation under RCW 74.46.521(3), the department shall apply the minimum facility occupancy adjustment before creating the array of facilities’ adjusted general operations costs per adjusted resident day.

(3) Information and data sources used in determining medicaid payment rate allocations, including formulas, procedures, cost report periods, resident assessment instrument formats, resident assessment methodologies, and resident classification and case mix weighting methodologies, may be substituted or altered from time to time as determined by the department.

(4)(a) Direct care component rate allocations shall be established using adjusted cost report data covering at least six months. Effective July 1, 2009, the direct care component rate allocation shall be rebased, using the adjusted cost report data for the calendar year two years immediately preceding the rate rebase period, so that adjusted cost report data for calendar year 2007 is used for July 1, 2009, through June 30, 2012. Beginning July 1, 2012, the direct care component rate allocation shall be rebased biennially during every even-numbered year thereafter using adjusted cost report data from two years prior to the rebase period, so adjusted cost report data for calendar year 2010 is used for July 1, 2012, through June 30, 2014, and so forth.

(b) Direct care component rate allocations established in accordance with this chapter shall be adjusted annually for economic trends and conditions by a factor or factors defined in the biennial appropriations act. The economic trends and conditions factor or factors defined in the biennial appropriations act shall not be compounded with the economic trends and conditions factor or factors defined in any earlier biennial appropriations acts before applying it to the direct care component rate allocation established in accordance with this chapter. When no economic trends and conditions factor or factors for either fiscal year are defined in a biennial appropriations act, no economic trends and conditions factor or factors defined in any earlier biennial appropriations act shall be applied solely or compounded to the direct care component rate allocation established in accordance with this chapter.

(5)(a) Therapy care component rate allocations shall be established using adjusted cost report data covering at least six months. Effective July 1, 2009, the therapy care component rate allocation shall be rebased, so that adjusted cost report data for calendar year 2007 is used for July 1, 2009, through June 30, 2012. Beginning July 1, 2012, the therapy care component rate allocation shall be rebased biennially during every even-numbered year thereafter using adjusted cost report data from two years prior to the rebase period, so adjusted cost report data for calendar year 2010 is used for July 1, 2012, through June 30, 2014, and so forth.

(b) Therapy care component rate allocations established in accordance with this chapter shall be adjusted annually for economic trends and conditions by a factor or factors defined in the biennial appropriations act. The economic trends and conditions factor or factors defined in the biennial appropriations act shall not be compounded with the economic trends and conditions factor or factors defined in any other biennial appropriations acts before applying it to the therapy care component rate allocation established in accordance with this chapter. When no economic trends and conditions factor or factors for either fiscal year are defined in a biennial appropriations act, no economic trends and conditions factor or factors defined in any earlier biennial appropriations act shall be applied solely or compounded to the therapy care component rate allocation established in accordance with this chapter.

(6)(a) Support services component rate allocations shall be established using adjusted cost report data covering at least six months. Effective July 1, 2009, the support services component rate allocation shall be cost rebased, so that adjusted cost report data for calendar year 2007 is used for July 1, 2009, through June 30, 2012. Beginning July 1, 2012, the support services component rate allocation shall be rebased biennially during every even-numbered year thereafter using adjusted cost report data from two years prior to the rebase period, so adjusted cost report data for calendar year 2010 is used for July 1, 2012, through June 30, 2014, and so forth.

(b) Support services component rate allocations established in accordance with this chapter shall be adjusted annually for economic trends and conditions by a factor or factors defined in the biennial appropriations act. The economic trends and conditions factor or factors defined in the biennial appropriations act shall not be compounded with the economic trends and conditions factor or factors defined in any other biennial appropriations acts before applying it to the support services component rate allocation established in accordance with this chapter. When no economic trends and conditions factor or factors for either fiscal year are defined in a biennial appropriations act, no economic trends and conditions factor or factors defined in any other biennial appropriations acts before applying it to the support services component rate allocation established in accordance with this chapter.

(7)(a) Operations component rate allocations shall be established using adjusted cost report data covering at least six months. Effective July 1, 2009, the operations component rate allocation shall be cost rebased, so that adjusted cost report data for calendar year 2007 is used for July 1, 2009, through June 30, 2012. Beginning July 1, 2012, the operations component rate allocation shall be rebased biennially during every even-numbered year thereafter using adjusted cost report data from two years prior to the rebase period, so adjusted cost report data for calendar year 2010 is used for July 1, 2012, through June 30, 2014, and so forth.

(b) Operations component rate allocations established in accordance with this chapter shall be adjusted annually for economic trends and conditions by a factor or factors defined in the biennial appropriations act.
appropriations act. The economic trends and conditions factor or factors defined in the biennial appropriations act shall not be compounded with the economic trends and conditions factor or factors defined in any other biennial appropriations acts before applying it to the operations component rate allocation established in accordance with this chapter. When no economic trends and conditions factor or factors for either fiscal year are defined in a biennial appropriations act, no economic trends and conditions factor or factors defined in any earlier biennial appropriations act shall be applied solely or compounded to the operations component rate allocation established in accordance with this chapter.

(8) Total payment rates under the nursing facility medicaid payment system shall not exceed facility rates charged to the general public for comparable services.

(9) The department shall establish in rule procedures, principles, and conditions for determining component rate allocations for facilities in circumstances not directly addressed by this chapter, including but not limited to: Inflation adjustments for partial-period cost report data, newly constructed facilities, existing facilities entering the medicaid program for the first time or after a period of absence from the program, existing facilities with expanded new bed capacity, existing medicaid facilities following a change of ownership of the nursing facility business, facilities temporarily reducing the number of set-up beds during a remodel, facilities having less than six months of either resident assessment, cost report data, or both, under the current contractor prior to rate setting, and other circumstances.

(10) The department shall establish in rule procedures, principles, and conditions, including necessary threshold costs, for adjusting rates to reflect capital improvements or new requirements imposed by the department or the federal government. Any such rate adjustments are subject to the provisions of RCW 74.46.421.

(11) Effective July 1, 2010, there shall be no rate adjustment for facilities with banked beds. For purposes of calculating minimum occupancy, licensed beds include any beds banked under chapter 70.38 RCW.

(12) Facilities obtaining a certificate of need or a certificate of need exemption under chapter 70.38 RCW after June 30, 2001, must have a certificate of capital authorization in order for (a) the depreciation resulting from the capitalized addition to be included in calculation of the facility's property component rate allocation; and (b) the net invested funds associated with the capitalized addition to be included in calculation of the facility's financing allowance rate allocation.

Sec. 3. RCW 74.46.435 and 2010 1st sp.s. c 34 s 5 are each amended to read as follows:

(1) The property component rate allocation for each facility shall be determined by dividing the sum of the reported allowable prior period actual depreciation, subject to department rule, adjusted for any capitalized additions or replacements approved by the department, and the retained savings from such cost center, by the greater of a facility's total resident days in the prior period or resident days as calculated on (eighty-five) eighty percent facility occupancy for essential community providers, ninety percent occupancy for small nonessential community providers, or ninety-two percent facility occupancy for large nonessential community providers. If a capitalized addition or retirement of an asset will result in a different licensed bed capacity during the ensuing period, the prior period total resident days used in computing the property component rate shall be adjusted to anticipated resident day level.

(2) A nursing facility's property component rate allocation shall be rebased annually, effective July 1st, in accordance with this section and this chapter.

(3) When a certificate of need for a new facility is requested, the department, in reaching its decision, shall take into consideration per-bed land and building construction costs for the facility which shall not exceed a maximum to be established by the secretary.

Sec. 4. RCW 74.46.521 and 2010 1st sp.s. c 34 s 16 are each amended to read as follows:

(1) The operations component rate allocation corresponds to the general operation of a nursing facility for one resident for one day, including but not limited to management, administration, utilities, office supplies, accounting and bookkeeping, minor building maintenance, minor equipment repairs and replacements, and other supplies and services, exclusive of direct care, therapy care, support services, property, financing allowance, and variable return.

(2) The department shall determine each Medicaid nursing facility's operations component rate allocation using cost report data specified by RCW 74.46.431(7)(a). Operations component rates for essential community providers shall be based upon a minimum occupancy of ((eighty-five)) eighty percent of licensed beds. Operations component rates for small nonessential community providers shall be based upon a minimum occupancy of ninety percent of licensed beds. Operations component rates for large nonessential community providers shall be based upon a minimum occupancy of ninety-two percent of licensed beds.

(3) For all calculations and adjustments in this subsection, the department shall use the greater of the facility's actual occupancy or an imputed occupancy equal to ((eighty-five)) eighty percent for essential community providers, ninety percent for small nonessential community providers, or ninety-two percent for large nonessential community providers. To determine each facility's operations component rate the department shall:

(a) Array facilities' adjusted general operations costs per adjusted resident day, as determined by dividing each facility's total allowable operations cost by its adjusted resident days for the same report period for facilities located within urban counties and for those located within nonurban counties and determine the median adjusted cost for each peer group;

(b) Set each facility's operations component rate at the lower of:

(i) The facility's per resident day adjusted operations costs from the applicable cost report period adjusted if necessary for minimum occupancy; or

(ii) The adjusted median per resident day general operations cost for that facility's peer group, urban counties or nonurban counties; and

(c) Adjust each facility's operations component rate for economic trends and conditions as provided in RCW 74.46.431(7)(b).

(4) The operations component rate allocations calculated in accordance with this section shall be adjusted to the extent necessary to comply with RCW 74.46.421.

NEW SECTION. Sec. 5. It is the intent of the legislature to encourage maximization of financial resources eligible and available for nursing home residents by establishing a quality incentive payment system through a temporary nursing home licensing fee surcharge that will ensure better quality nursing facility care for all residents, and which may also be used to secure additional federal matching funds under federally prescribed programs available through the state medicaid plan. The legislature intends to refund any excess fee collections if funding is not sufficient to support the payments provided in this act or if federal financial participation is not received.

NEW SECTION. Sec. 6. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Department" means the department of social and health services.

(2) "Fund" means the nursing facility quality assurance trust fund created in section 7 of this act.

(3) "Hospital-based" means a nursing facility that is part of, or a related organization of, a hospital. For the purposes of this subsection, "related organization" means an entity which is under
common ownership or control with, or has control of, or is controlled by, the entity that has a contract with the department to provide nursing facility services to medicaid recipients.

(4) "Low medicaid nursing facility" means a nursing facility with less than or equal to one hundred medicaid resident days in fiscal year 2009.

(5) "Medicare patient day" means a patient day for medicare beneficiaries on a medicare part A stay, medicare hospice stay, and a patient day for persons who have opted for managed care coverage using their medicare benefit.

(6) "Nonexempt nursing facility" means a nursing facility that is not exempt from the licensing fee surcharge under section 8 of this act.

(7) "Nursing facility" has the same meaning as "nursing home" in RCW 18.51.010.

(8) "Resident day” means a calendar day of care provided to a nursing facility resident, excluding medicare patient days. Resident days include the day of admission and exclude the day of discharge. An admission and discharge on the same day count as one day of care. Resident days include nursing facility hospice days and exclude bedhall days for all residents.

NEW SECTION. Sec. 7. (1) There is hereby established in the state treasury the nursing facility quality assurance trust fund.

(2) The nursing facility quality assurance trust fund must be a separate and continuing fund, and no money in the fund reverts to the state general fund at any time. The legislature may not appropriate funds from the trust fund inconsistent with this section unless approved by an affirmative vote at least two-thirds of the members of each house of the legislature. The interest and income on the money in the fund, after deducting any applicable charges, must be credited to the fund. Disbursements from the fund must be made in the omnibus appropriations act consistent with this section.

(3) Any money received under section 8 of this act must be deposited in the state treasury for credit to the nursing facility quality assurance trust fund, and must be expended in accordance with this chapter. To the extent authorized by federal law, money in the fund may be used to obtain federal financial participation in the medicaid program to maintain and enhance nursing facility rates in a manner set forth in subsection (6) of this section.

(4) Disbursements from the nursing facility quality assurance trust fund must only be used for the following:

(a) As an immediate pass-through or rate add-on to reimburse the medicaid share of the nursing facility licensing fee surcharge as a medicaid allowable cost;

(b) To make medicaid payments for nursing facility services in an amount sufficient for maintenance and enhancement of the medicaid nursing home rates paid on June 30, 2010; for subsequent enhancement of the medicaid nursing home rate settings; and for funding new standards imposed by the federal government;

(c) For quality incentive payments to a nursing facility developed under section 12 of this act; and

(d) If federal financial participation in the medicaid program is received by the state, to lower or refund the nursing facility licensing fee surcharge.

(5) To administer the provisions of this chapter the department may expend an amount not to exceed one-half of one percent of the money received from the surcharges assessed, and must not exceed the amount authorized for expenditure by the legislature for administrative expenses in a fiscal year.

(6) Any positive balance in the fund at the end of a fiscal year must be refunded to nursing facilities in proportion to the amounts paid by such facilities.

(7) Expenditures from the nursing facility quality assurance trust fund may not be included in the calculation of the annual statewide weighted average nursing facility payment rate for the purposes of implementing the provisions of RCW 74.46.421(4).

NEW SECTION. Sec. 8. (1) Annually, at the time of the billing for the licensing fee under RCW 18.51.050, the department must collect from all nonexempt nursing facilities a nursing facility licensing fee surcharge of up to three hundred seventy-five percent of the licensing fee established in RCW 18.51.050 excluding medicare patient days. The department must provide an option for nursing facilities to pay the licensing fee surcharge on a quarterly or monthly basis.

(2) All licensing fee surcharges collected pursuant to this section by the department must be transmitted to the state treasurer who must credit all such amounts to the nursing facility quality assurance trust fund created in section 7 of this act.

(3) In accordance with the redistribution method set forth in 42 C.F.R. Sec. 433.68(e)(1) and (2), the department must seek a waiver of the broad-based and uniform provider assessment requirements of federal law to exclude certain nursing facilities from the licensing fee surcharge. The department shall exempt the following nursing facility providers from the licensing fee surcharge subject to federal approval:

(a) Nursing facilities operated by any agency of the state of Washington;

(b) Nursing facilities operated by a public hospital district or that are hospital-based; and

(c) As many nursing facilities with no or disproportionately low numbers of medicaid-funded residents, as within the judgment of the department, may be exempted from the licensing fee surcharge pursuant to federal law.

(4) To the extent necessary to obtain federal approval, the exemptions prescribed in subsection (3) of this section may be amended by the department.

NEW SECTION. Sec. 9. (1) As of the effective date of this section, the department, in cooperation with the office of financial management, may adjust the fee amounts under section 8 of this act as follows:

(a) If sufficient other funds for nursing facilities are available to support the reimbursement rates and other payments under section 7 of this act without utilizing the full surcharge authorized under section 8 of this act, the department must reduce the amount of the fee to the minimum level necessary to support those reimbursement rates and other payments.

(b) Any positive balance remaining in the fund at the end of the fiscal year must be refunded to nursing facilities in proportion to the amounts paid by such facilities.

(c) Any adjustment to the fee amounts pursuant to this subsection, and the data supporting such adjustment, including but not limited to relevant data listed in subsection (2) of this section, must be submitted to the Washington health care association, and aging services of Washington; for review and comment at least sixty calendar days prior to implementation of such adjusted fee amounts. Any review and comment provided by the Washington health care association, and aging services of Washington, may not limit the ability of either association or its members to challenge an adjustment or other action by the department that is not made in accordance with this chapter.

(2) By November 30th of each year, the department must provide the following data to the Washington health care association, and aging services of Washington:

(a) The fund balance; and

(b) The amount of fee surcharges paid by each nursing facility.

NEW SECTION. Sec. 10. (1) For fiscal years 2012 and 2013 and subject to appropriation, the department shall do a comparative analysis of the facility-based payment rates calculated on July 1, 2011, using the payment methodology defined in chapter 74.46 RCW, section 1 of this act, and RCW 74.46.431, 74.46.435, and 74.46.521, to the facility-based payment rates in effect June 30, 2010. If the facility-based payment rate calculated on July 1, 2011, is smaller than the facility-based payment rate on June 30, 2011, the
difference shall be provided to the individual nursing facilities as an add-on payment per medicaid resident day.

(2) To the extent that the revenue from the licensing fee surcharge established in section 8 of this act exceeds the revenue needed to pay the supplemental rate defined in subsection (1) of this section, funding shall be allocated to a direct care add-on rate. During the comparative analysis performed in subsection (1) of this section, if it is found that the direct care rate for any facility would be greater at the July 1, 2011, rate than the direct care rate in effect on June 30, 2010, then the facility shall receive a proportionate share of the additional revenue as a rate add-on to compensate for the facility for taking on more acute clients than they have in the past. At no time shall the rate add-on defined in this subsection exceed the revenue collected under the facility licensing fee surcharge as defined in section 8 of this act.

(3) The rate add-on provided in subsection (2) of this section is subject to the reconciliation and settlement process provided in RCW 74.46.023(6).

NEW SECTION. Sec. 11. (1) The imposition, collection, and disbursement of funds under this chapter become null and void if:
(a) Funding in the omnibus appropriations act does not fully support the rates and quality incentive payments established in this chapter for the upcoming fiscal year;
(b) Federal financial participation in the medicaid program is not received by the state; or
(c) The waiver request under section 8(3) of this act is not approved.

(2) This chapter does not take effect or cease to be imposed, and any moneys remaining in the fund must be refunded to nursing facilities in proportion to the amounts paid by such facilities, if and to the extent that an appellate court or the centers for medicare and medicaid services makes a final determination that any element of this chapter cannot be validly implemented.

NEW SECTION. Sec. 12. (1) The department, the department of health, the Washington state health care association, and aging services of Washington must design a system of nursing facility quality incentive payments. The system must be based upon the following principles:
(a) Evidence-based treatment and processes must be used to improve health care outcomes for all nursing facility residents;
(b) Effective purchasing strategies to improve the quality of health care services should involve the use of common quality improvement measures, while recognizing that some measures may not be appropriate for application to facilities with high bariatric, behaviorally challenged, or rehabilitation populations;
(c) Quality measures chosen for the system should be consistent with the standards that have been developed by national quality improvement organizations, such as the national quality forum, the federal centers for medicare and medicaid services, or the federal agency for healthcare research and quality. New reporting burdens to nursing facilities should be minimized by giving priority to measures that nursing facilities are currently required to report to governmental agencies, such as the nursing home compare measures collected by the federal centers for medicare and medicaid services;
(d) Benchmarks for each quality improvement measure should be set at levels that are feasible for nursing facilities to achieve, yet represent real improvements in quality and performance for a majority of nursing facilities in Washington state; and
(e) Nursing facilities performance and incentive payments should be designed in a manner such that all facilities in Washington are able to receive the incentive payments if performance is at or above the benchmark score set in the system established under this section.

(2) Upon satisfaction of the applicable conditions set forth in section 11 of this act, and for state fiscal year 2013 and each fiscal year thereafter, fees may be used to support an additional three percent increase in nursing facility reimbursement rates for facilities that meet the quality incentive benchmarks established under this section.

Sec. 13. RCW 43.84.092 and 2011 c 339 s 1, 2011 c 311 s 9, 2011 c 272 s 3, 2011 c 120 s 3, and 2011 c 83 s 7 are each reenacted and amended to read as follows:

(1) All earnings of investments of surplus balances in the state treasury shall be deposited to the treasury income account, which account is hereby established in the state treasury.

(2) The treasury income account shall be utilized to pay or receive funds associated with federal programs as required by the federal cash management improvement act of 1990. The treasury income account is subject in all respects to chapter 43.88 RCW, but no appropriation is required for refunds or allocations of interest earnings required by the cash management improvement act. Refunds of interest to the federal treasury required under the cash management improvement act fall under RCW 43.88.180 and shall not require appropriation. The office of financial management shall determine the amounts due to or from the federal government pursuant to the cash management improvement act. The office of financial management may direct transfers of funds between accounts as deemed necessary to implement the provisions of the cash management improvement act, and this subsection. Refunds or allocations shall occur prior to the distributions of earnings set forth in subsection (4) of this section.

(3) Except for the provisions of RCW 43.84.160, the treasury income account may be utilized for the payment of purchased banking services on behalf of treasury funds including, but not limited to, depository, safekeeping, and disbursement functions for the state treasury and affected state agencies. The treasury income account is subject in all respects to chapter 43.88 RCW, but no appropriation is required for payments to financial institutions. Payments shall occur prior to distribution of earnings set forth in subsection (4) of this section.

(4) Monthly, the state treasurer shall distribute the earnings credited to the treasury income account. The state treasurer shall credit the general fund with all the earnings credited to the treasury income account except:

Concerning the debt reduction act of 2011.
Reported by Committee on Capital Budget

MAJORITY recommendation: Do pass as amended.

Beginning on page 1, line 1, strike all material through "state." on page 5, line 18 and insert the following:

"BE IT RESOLVED, BY THE SENATE AND HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON, IN LEGISLATIVE SESSION ASSEMBLED:

THAT, At the next general election to be held in this state the secretary of state shall submit to the qualified voters of the state for their approval and ratification, or rejection, an amendment to Article VIII, section 1 of the Constitution of the state of Washington to read as follows:

Article VIII, section 1. (a) The state may contract debt, the principal of which shall be paid and discharged within thirty years from the time of contracting thereof, in the manner set forth herein.
(b) The aggregate debt contracted by the state, as calculated by the treasurer at the time debt is contracted, shall not exceed that amount for which payments of principal and interest in any fiscal year would require the state to expend more than ((nine percent of)) the applicable percentage limit of the arithmetic mean of its general state revenues for the ((three immediately preceding fiscal years)) applicable calculation period as certified by the treasurer. The term "applicable percentage limit" means nine percent through and including June 30, 2017; and eight and one-half percent from July 1, 2017, and thereafter. The term "applicable calculation period" means the three immediately preceding fiscal years when contracting debt prior to July 1, 2015, and the ten immediately preceding fiscal years when contracting debt on and after July 1, 2015. The term "fiscal year" means that period of time commencing July 1 of any year and ending on June 30 of the following year.
(c) The term "general state revenues" when used in this section, shall include all state money received in the treasury from each and every source (((whichever excepted)), including, beginning July 1, 2015, money received from ad valorem taxes levied by the state and deposited in the general fund in each fiscal year in the applicable calculation period, but not including: (1) Fees and other revenues derived from the ownership or operation of any undertaking, facility, or project; (2) Moneys received as gifts, grants, donations, aid, or assistance or otherwise from the United States or any department, bureau, or corporation thereof, or any person, firm, or corporation, public or private, when the terms and conditions of such gift, grant, donation, aid, or assistance require the application and disbursement of such moneys otherwise than for the general purposes of the state of Washington; (3) Moneys to be paid into and received from retirement system funds, and performance bonds and deposits; (4) Moneys to be paid into and received from trust funds including but not limited to moneys received from taxes levied for specific purposes and required to be deposited for those purposes into specified funds or accounts other than the general fund, and including the several permanent and irreducible funds of the state and the moneys derived therefrom but excluding bond redemption funds; (5) Proceeds received from the sale of bonds or other evidences of indebtedness.
(d) ((In computing)) For purposes of this section, including the computation of the amount required for payment of principal and interest on outstanding debt under this section, debt shall be construed to mean borrowed money represented by bonds, notes, or other evidences of indebtedness which are secured by the full faith and credit of the state or are required to be repaid, directly or indirectly, from general state revenues and which are incurred by the state, any department, authority, public corporation, or quasi public corporation of the state, any state university or college, or any other public agency created by the state but not by counties, cities, towns, school districts, or other municipal corporations, but shall not include obligations for the payment of current expenses of state government, nor shall it include debt hereafter incurred pursuant to section 3 of this article, obligations guaranteed as provided for in subsection (g) of this section, principal of bond anticipation notes or obligations issued to fund or refund the indebtedness of the Washington state building authority. In addition, for the purpose of computing the amount required for payment of interest on outstanding debt under subsection (b) of this section and this subsection, "interest" shall be reduced by subtracting the amount scheduled to be received by the state as payments from the federal government in each year in respect of bonds, notes, or other evidences of indebtedness subject to this section.
(e) The state may pledge the full faith, credit, and taxing power of the state to guarantee the voter approved general obligation debt of school districts in the manner authorized by the legislature. Any such guarantee does not remove the debt obligation of the school district and is not state debt.
(f) The state may, without limitation, fund or refund, at or prior to maturity, the whole or any part of any existing debt or of any debt hereafter contracted pursuant to section 1, section 2, or section 3 of this article, including any premium payable with respect thereto and interest thereon, or fund or refund, at or prior to maturity, the whole or any part of any indebtedness incurred or authorized prior to the effective date of this amendment by any entity of the type described in subsection (b) of this section, including any premium payable with respect thereto and any interest thereon. Such funding or refunding shall not be deemed to be contracting debt by the state.
(g) Notwithstanding the limitation contained in subsection (b) of this section, the state may pledge its full faith, credit, and taxing power to guarantee the payment of any obligation payable from revenues received from any of the following sources: (1) Fees collected by the state as license fees for motor vehicles; (2) Excise taxes collected by the state on the sale, distribution or use of motor vehicle fuel; and (3) Interest on the permanent common school fund: Provided, That the legislature shall, at all times, provide sufficient
revenues from such sources to pay the principal and interest due on all obligations for which said source of revenue is pledged.

(h) No money shall be paid from funds in custody of the treasurer with respect to any debt contracted after the effective date of this amendment by the Washington state building authority, the capitol committee, or any similar entity existing or operating for similar purposes pursuant to which such entity undertakes to finance or provide a facility for use or occupancy by the state or any agency, department, or instrumentality thereof.

(i) The legislature shall prescribe all matters relating to the contracting, funding or refunding of debt pursuant to this section, including: The purposes for which debt may be contracted; by a favorable vote of three-fifths of the members elected to each house, the amount of debt which may be contracted for any class of such purposes; the kinds of notes, bonds, or other evidences of debt which may be issued by the state; and the manner by which the treasurer shall determine and advise the legislature, any appropriate agency, officer, or instrumentality of the state as to the available debt capacity within the limitation set forth in this section. The legislature may delegate to any state officer, agency, or instrumentality any of its powers relating to the contracting, funding or refunding of debt pursuant to this section except its power to determine the amount and purposes for which debt may be contracted.

(j) To promote stability and predictability during times of economic change, the legislature shall establish an advisory debt limit. The advisory debt limit shall be based on a limit equal to one-half of one percentage point below the applicable percentage limit in subsection (b) of this section, but the advisory limit may be adjusted to reflect changes in economic trends and conditions.

(k) The full faith, credit, and taxing power of the state of Washington are pledged to the payment of the debt created on behalf of the state pursuant to this section and the legislature shall provide by appropriation for the payment of the interest upon and installments of principal of all such debt as the same falls due, but in any event, any court of record may compel such payment.

(l) Notwithstanding the limitations contained in subsection (b) of this section, the state may issue certificates of indebtedness in such sum or sums as may be necessary to meet temporary deficiencies of the treasury, to preserve the best interests of the state in the conduct of the various state institutions, departments, bureaus, and agencies during each fiscal year; such certificates may be issued only to provide for appropriations already made by the legislature and such certificates must be retired and the debt discharged other than by refunding within twelve months after the date of incurrence.

(\textit{(k)}) Bonds, notes, or other obligations issued and sold by the state of Washington pursuant to and in conformity with this article shall not be invalid for any irregularity or defect in the proceedings of the issuance or sale thereof and shall be incontestable in the hands of a bona fide purchaser or holder thereof.

BE IT FURTHER RESOLVED, That the statement of subject and concise description for the ballot title of this constitutional amendment shall read "The legislature has proposed a constitutional amendment on reducing one type of state debt. This amendment would lower the constitutional debt limit for "full faith and credit" bonds, increase the averaging period to ten years, and include the state property tax in the debt limit calculation."

BE IT FURTHER RESOLVED, That the secretary of state shall cause notice of this constitutional amendment to be published at least four times during the four weeks next preceding the election in every legal newspaper in the state."

MINORITY recommendation: Do not pass. Signed by Representatives Zeiger, Assistant Ranking Minority Member; Jinkins; Lytton; Smith and Tharinger.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that the state's higher education system plays a critical role in assuring Washington's continued leadership role in driving economic prosperity, innovation, and opportunity. By educating citizens for living wage jobs, producing world-class research, and helping to create vibrant communities, the state's institutions of higher education form a foundational component in assuring prosperity for our citizens.

The legislature also recognizes the significant contributions made by the higher education coordinating board in coordinating higher education policy and planning, and administering the state's financial aid programs. The board has also recently finished several significant planning efforts that will provide guidance to the legislature and to the institutions in forming priorities and deploying resources.

However, the legislature also recognizes the importance of prioritizing scarce resources for the core, front-line services that institutions provide—namely instruction, research, and robust financial aid. During times of economic downturn, policymakers must focus on those areas of public service that have the most direct and immediate impact on students. Keeping class sections open, attracting the best professors and instructors, providing comprehensive support services, and offering meaningful financial help to offset the costs of attending school must be the main concerns of policymakers.

It is for these reasons that the legislature intends to create a new office dedicated entirely to the administration of student financial aid programs. By focusing financial and governance resources on direct aid to students, the state can provide the highest level of service in this area. The legislature further intends to eliminate many of the policy and planning functions of the higher education coordinating board and redeploy those resources to the higher education institutions that provide the core, front-line services associated with instruction and research. Given the unprecedented budget crises the state is facing, the state must take the opportunity to build on the recommendations of the board and use the dollars where they can make the most direct impact.

(2) The authority shall consist of (seven) six members as follows: The governor, lieutenant governor, (executive director of the higher education coordinating board) and four public members, one of whom shall be the president of a higher education institution at the time of appointment. The public members shall be residents of
the state and appointed by the governor, subject to confirmation by the senate, on the basis of their interest or expertise in the provision of higher education and the financing of higher education. The public members of the authority shall serve for terms of four years. The initial terms of the public members shall be staggered in a manner determined by the governor. In the event of a vacancy on the authority due to death, resignation, or removal of one of the public members, and upon the expiration of the term of any public member, the governor shall appoint a successor for a term expiring on the fourth anniversary of the successor's date of the appointment. If any of the state offices are abolished, the resulting vacancy on the authority shall be filled by the state officer who shall succeed substantially to the power and duties of the abolished office. Any public member of the authority may be removed by the governor for misfeasance, malfeasance, ((willful)) willful neglect of duty, or any other cause after notice and a public hearing, unless such notice and hearing shall be expressly waived in writing.

(3) The governor shall serve as chairperson of the authority. The authority shall elect annually one of its members as secretary. If the governor shall be absent from a meeting of the authority, the secretary shall preside. The person may cause copies to be made of all minutes and other records and documents of the authority, and may give certificates to the effect that such copies are true copies. All persons dealing with the authority may rely upon the certificates.

(5) Four members of the authority constitute a quorum. Members participating in a meeting through the use of any means of communication by which all members participating can hear each other during the meeting shall be deemed to be present in person at the meeting for all purposes. The authority may act on the basis of a motion except when authorizing the issuance and sale of bonds, in which case the authority shall act by resolution. Bond resolutions and other resolutions shall be adopted upon the affirmative vote of four members of the authority, and shall be signed by those members voting yes. Motions shall be adopted upon the affirmative vote of a majority of a quorum of members present at any meeting of the authority. All actions taken by the authority shall take effect immediately without need for publication or other public notice. one year immediately prior to the time of commencement of the first day of the semester or quarter for which the student has registered at any institution, remove from this state, shall be entitled to continued classification as a resident student so long as such student's attendance (except summer sessions) at an institution in this state is continuous.

In any case involving an application for a change from nonresident to resident status, the burden of proof shall rest with the applicant. Any change in classification, either nonresident to resident, or the reverse, shall be based upon written evidence maintained in the files of the institution and, if approved, shall take effect the semester or quarter such evidence was filed with the institution: PROVIDED, That applications for a change in classification shall be accepted up to the thirtieth calendar day following the first day of instruction of the quarter or semester for which application is made.

(2) Part-time students shall be charged tuition and services and activities fees proportionate to full-time student rates established for residents and nonresidents: PROVIDED, That except for students registered at community colleges, students registered for fewer than two credit hours shall be charged tuition and services and activities fees at the rate established for two credit hours: PROVIDED FURTHER, That, subject to the limitations of RCW 28B.15.910, residents of Idaho or Oregon who are enrolled in community college district number twenty for six or fewer credits during any quarter or semester may be exempted from payment of all or a portion of the nonresident tuition fees differential upon a declaration by the (higher education coordinating board) office of student financial assistance that it finds Washington residents from the community college district are afforded substantially equivalent treatment by such other states.

(3) Full-time students registered for more than eighteen credit hours shall be charged an additional operating fee for each credit hour in excess of eighteen hours at the applicable established per credit hour tuition fee rate for part-time students: PROVIDED, That, subject to the limitations of RCW 28B.15.910, the governing boards of the state universities and the community colleges may exempt all or a portion of the additional charge, for students who are registered exclusively in first professional programs in medicine, dental medicine, veterinary medicine, doctor of pharmacy, or law, or who are registered exclusively in required courses in vocational preparatory programs.

To qualify for the waiver, recipients shall enter the college or university within three years of high school graduation and maintain a minimum grade point average at the college or university equivalent to 3.30. Students shall be eligible to receive a maximum of twelve quarters or eight semesters of waivers and may transfer among state-supported institutions of higher education during that period and continue to have the tuition and services and activities fees waived by the state-supported institution of higher education that the student attends. Should the student's cumulative grade point average fall below 3.30 during the first three quarters or two semesters, that student may petition the (higher education coordinating board) office of student financial assistance which shall have the authority to establish a probationary period until such time as the student's grade point average meets required standards.

(2) Students named by the (higher education coordinating board) office of student financial assistance after June 30, 1994, as recipients of the Washington scholars award under RCW 28A.600.100 through 28A.600.150 shall be eligible to receive a grant for undergraduate course work as authorized under RCW 28B.76.660.

Sec. 153. RCW 28B.15.732 and 1985 c 370 s 70 are each amended to read as follows:

Prior to January 1st of each odd-numbered year the (higher education coordinating board, in cooperation with the state board for community college education, and) office of student financial assistance, in consultation with appropriate agencies and officials in the state of Oregon, shall determine for the purposes of RCW 28B.15.730 the number of students for whom nonresident tuition and fees have been waived for the first academic year of the biennium and the full term of the second academic year, and make an estimate of the number of such students for the remainder of the second academic year, and the difference between the aggregate amount of tuition and fees that would have been paid to the respective states by residents of the other state had such waivers not been made, and the aggregate amount of tuition and fees paid by residents of the other state. Should the (board) office of student financial assistance determine that the state of Oregon has experienced a greater net tuition and fee revenue loss than institutions in Washington, it shall pay from funds appropriated for this purpose to the appropriate agency or institutions in Oregon an amount determined by subtracting the net tuition and fee revenue loss of Washington from the net tuition and fee revenue loss of Oregon, minus twenty-five thousand dollars for each year of the biennium: PROVIDED, That appropriate officials in the state of
Oregon agree to make similar restitution to the state of Washington should the net tuition and fee revenue loss in Washington be greater than that in Oregon.

Sec. 154. RCW 28B.15.752 and 1985 c 370 s 74 are each amended to read as follows:

Prior to January 1st of each odd-numbered year, the office of student financial assistance in consultation with appropriate agencies and officials in the state of Idaho, shall determine for the purposes of RCW 28B.15.750 the number of students for whom nonresident tuition and fees have been waived for the first academic year of the biennium and the fall term of the second academic year, and make an estimate of the number of such students for the remainder of the second academic year, and the difference between the aggregate amount of tuition and fees that would have been paid to the respective states by residents of the other state had such waivers not been made, and the aggregate amount of tuition and fees paid by residents of the other state. Should the other state had such waivers not been made, and the aggregate amount of tuition and fees that would have been paid to the respective states by residents of the other state had such waivers not been made, and the aggregate amount of tuition and fees paid by residents of the other state. Should the other state had such waivers not been made, and the aggregate amount of tuition and fees paid by residents of the other state had such waivers not been made, and the aggregate amount of tuition and fees paid by residents of the other state. Should the other state had such waivers not been made, and the aggregate amount of tuition and fees paid by residents of the other state.

Sec. 155. RCW 28B.15.760 and 2004 c 275 s 65 are each amended to read as follows:

The amount of any such loan shall not exceed the demonstrated financial need of the student or two thousand five hundred dollars for each academic year whichever is less, and the total amount of such loans to an eligible student shall not exceed ten thousand dollars. The interest rates and terms of deferral of such loans shall be consistent with the terms of the guaranteed loan program established by 20 U.S.C. Sec. 1701 et seq. The period for repaying the loan principal and interest shall be ten years with payments accruing quarterly commencing nine months from the date the borrower graduated. Sec. 157. RCW 28B.50.272 and 2007 c 277 s 102 are each amended to read as follows:

(1) To be eligible for participation in the opportunity grant program established in RCW 28B.50.271, a student must:

(a) Be a Washington resident student as defined in RCW 28B.15.012 enrolled in an opportunity grant-eligible program of study;

(b) Have a family income that is at or below two hundred percent of the federal poverty level using the most current guidelines available from the United States Department of Health and Human Services, and be determined to have financial need based on the free application for federal student aid; and

(c) Meet such additional selection criteria as the board shall establish in order to operate the program within appropriated funding levels.

(2) Upon enrolling, the student must provide evidence of commitment to complete the program. The student must make satisfactory progress and maintain a cumulative 2.0 grade point average for continued eligibility. If a student's cumulative grade point average falls below 2.0, the student may petition the institution of higher education of attendance. The qualified institution of higher education has the authority to establish a probationary period until such time as the student's grade point average reaches required standards.

(3) Subject to funds appropriated for this specific purpose, public qualified institutions of higher education shall receive an
enhancement of one thousand five hundred dollars for each full-time equivalent student enrolled in the opportunity grant program whose income is below two hundred percent of the federal poverty level. The funds shall be used for individualized support services which may include, but are not limited to, college and career advising, tutoring, emergency child care, and emergency transportation. The qualified institution of higher education is expected to help students access all financial resources and support services available to them through alternative sources.

(4) The college board shall be accountable for student retention and completion of opportunity grant-eligible programs of study. It shall set annual performance measures and targets and monitor the performance at all qualified institutions of higher education. The college board must reduce funding at institutions of higher education that do not meet targets for two consecutive years, based on criteria developed by the college board.

(5) The college board and (higher education coordinating board) office of student financial assistance shall work together to ensure that students participating in the opportunity grant program are informed of all other state and federal financial aid to which they may be entitled while receiving an opportunity grant.

(6) The college board and (higher education coordinating board) office of student financial assistance shall document the amount of opportunity grant assistance and the types and amounts of other sources of financial aid received by participating students. Annually, they shall produce a summary of the data.

(7) The college board shall:

(a) Begin developing the program no later than August 1, 2007, with student enrollment to begin no later than January 14, 2008; and

(b) Submit a progress report to the legislature by December 1, 2008.

(8) The college board may, in implementing the opportunity grant program, accept, use, and expend or disburse of contributions of money, services, and property. All such moneys received by the college board for the program must be deposited in an account at a depository approved by the state treasurer. Only the college board or a duly authorized representative thereof may authorize expenditures from this account. In order to maintain an effective expenditure and revenue control, the account is subject in all respects to chapter 43.88 RCW, but no appropriation is required to permit expenditure of moneys in the account.

Sec. 158. RCW 28B.92.020 and 2003 c 19 s 11 are each amended to read as follows:

(1) The legislature finds that the (higher education coordinating board, in consultation with the) higher education community, has completed a review of the state need grant program. It is the intent of the legislature to endorse the (higher education coordinating board) proposed changes to the state need grant program, including:

(a) Reaffirmation that the primary purpose of the state need grant program is to assist low-income, needy, and disadvantaged Washington residents attending institutions of higher education;

(b) A goal that the base state need grant amount over time be increased to be equivalent to the rate of tuition charged to resident undergraduate students attending Washington state public colleges and universities;

(c) State need grant recipients be required to contribute a portion of the total cost of their education through self-help;

(d) State need grant recipients be required to document their need for dependent care assistance after taking into account other public funds provided for like purposes; and

(e) Institutional aid administrators be allowed to determine whether a student eligible for a state need grant in a given academic year may remain eligible for the ensuing year if the student's family income increases by no more than a marginal amount except for funds provided through the educational assistance grant program for students with dependents.

(2) The legislature further finds that the (higher education coordinating board, under its authority to implement the proposed) changes in subsection (1) of this section, should do so in a timely manner.

(3) The legislature also finds that:

(a) In most circumstances, need grant eligibility should not extend beyond five years or one hundred twenty-five percent of the published length of the program in which the student is enrolled or the credit or clock-hour equivalent; and

(b) State financial aid programs should continue to adhere to the principle that funding follows resident students to their choice of institution of higher education.

Sec. 159. RCW 28B.92.030 and 2009 c 238 s 7 and 2009 c 215 s 5 are each reenacted and amended to read as follows:

As used in this chapter:

(1) (‘‘Board’’ means the higher education coordinating board. ‘‘Disadvantaged student’’ means a (post-high) postsecondary student who by reason of adverse cultural, educational, environmental, experiential, familial or other circumstances is unable to qualify for enrollment as a full-time student in an institution of higher education, who would otherwise qualify as a needy student, and who is attending an institution of higher education under an established program designed to qualify the student for enrollment as a full-time student.

(2) ‘‘Financial aid’’ means loans and/or grants to needy students enrolled or accepted for enrollment as a student at institutions of higher education.

(3) ‘‘Institution’’ or ‘‘institutions of higher education’’ means:

(a) Any public university, college, community college, or technical college operated by the state of Washington or any political subdivision thereof; or

(b) Any other university, college, school, or institute in the state of Washington offering instruction beyond the high school level which is a member institution of an accrediting association recognized by rule of the board for the purposes of this section: PROVIDED, That any institution, branch, extension or facility operating within the state of Washington which is affiliated with an institution operating in another state must be a separately accredited member institution of any such accrediting association, or a branch of a member institution of an accrediting association recognized by rule of the board for purposes of this section, that is eligible for federal student financial aid assistance and has operated as a nonprofit college or university delivering on-site classroom instruction for a minimum of twenty consecutive years within the state of Washington, and has an annual enrollment of at least seven hundred full-time equivalent students: PROVIDED FURTHER, That no institution of higher education shall be eligible to participate in a student financial aid program unless it agrees to and complies with program rules and regulations adopted pursuant to RCW 28B.92.150.

(3) ‘‘Needy student’’ means a (post-high) postsecondary student of an institution of higher education who demonstrates to the board the financial inability, either through the student’s parents, family and/or personally, to meet the total cost of board, room, books, and tuition and incidental fees for any semester or quarter. ‘‘Needy student’’ also means an opportunity internship graduate as defined by RCW 28C.18.162 who enrolls in a postsecondary program of study as defined in RCW 28C.18.162 within one year of high school graduation.

(5) ‘‘Office’’ means the office of student financial assistance.

(6) ‘‘Placebound student’’ means a student who (a) is unable to complete a college program because of family or employment commitments, health concerns, monetary inability, or other similar factors; and (b) may be influenced by the receipt of an enhanced student financial aid award to complete a baccalaureate degree at an eligible institution.
Sec. 160. RCW 28B.92.040 and 2004 c 275 s 36 are each amended to read as follows:

The (board) shall be cognizant of the following guidelines in the performance of its duties:

1. The (board) shall be research oriented, not only at its inception but continually through its existence.

2. The (board) shall coordinate all existing programs of financial aid except those specifically dedicated to a particular institution by the donor.

3. The (board) shall take the initiative and responsibility for coordinating all federal student financial aid programs to ensure that the state recognizes the maximum potential effect of these programs, and shall design state programs that complement existing federal, state, and institutional programs. The (board) shall ensure that state programs continue to follow the principle that state financial aid funding follows the student to the student's choice of institution of higher education.

4. Counseling is a paramount function of the state need grant and other state student financial aid programs, and in most cases could only be properly implemented at the institutional levels; therefore, state student financial aid programs shall be concerned with the attainment of those goals which, in the judgment of the (board), are the reasons for the existence of a student financial aid program, and not solely with administration of the program on an individual basis.

5. The "package" approach of combining loans, grants and employment for student financial aid shall be the conceptual element of the state's involvement.

6. The (board) shall ensure that allocations of state appropriations for financial aid are made to individuals and institutions in a timely manner and that closely monitor expenditures to avoid under or overexpenditure of appropriated funds.

Sec. 161. RCW 28B.92.050 and 1999 c 345 s 4 are each amended to read as follows:

The (board) shall have the following powers and duties:

1. Conduct a full analysis of student financial aid as a means of:

   a. Fulfilling educational aspirations of students of the state of Washington, and

   b. Improving the general, social, cultural, and economic character of the state.

   Such an analysis will be a continuous one and will yield current information relevant to needed improvements in the state program of student financial aid. The (board) will disseminate the information yielded by their analyses to all appropriate individuals and agents.

2. Design a state program of student financial aid based on the data of the study referred to in this section. The state programs will supplement available federal and local aid programs. The state programs of student financial aid will not exceed the difference between the budgetary costs of attending an institution of higher education and the student's total resources, including family support, personal savings, employment, and federal, state, and local aid programs.

3. Determine and establish criteria for financial need of the individual applicant based upon the consideration of that particular applicant. In making this determination the (board) shall consider the following:

   a. Assets and income of the student.

   b. Assets and income of the parents, or the individuals legally responsible for the care and maintenance of the student.

   c. The cost of attending the institution the student is attending or planning to attend.

   d. Any other criteria deemed relevant to the (board).

4. Set the amount of financial aid to be awarded to any individual needy or disadvantaged student in any school year.

5. Award financial aid to needy or disadvantaged students for a school year based upon only that amount necessary to fill the financial gap between the budgetary cost of attending an institution of higher education and the family and student contribution.

6. Review the need and eligibility of all applications on an annual basis and adjust financial aid to reflect changes in the financial need of the recipients and the cost of attending the institution of higher education.

Sec. 162. RCW 28B.92.060 and 2009 c 215 s 4 are each amended to read as follows:

In awarding need grants, the (board) shall proceed substantially as follows: PROVIDED, That nothing contained herein shall be construed to prevent the (board) office, in the exercise of its sound discretion, from following another procedure when the best interest of the program so dictates:

1. The (board) shall annually select the financial aid award recipients from among Washington residents applying for student financial aid who have been ranked according to:

   a. Financial need as determined by the amount of the family contribution; and

   b. Other considerations, such as whether the student is a former foster youth, or is a placebound student who has completed an associate of arts or associate of science degree or its equivalent.

2. The financial need of the highest ranked students shall be met by grants depending upon the evaluation of financial need until the total allocation has been disbursed. Funds from grants which are declined, forfeited or otherwise unused shall be reawarded until disbursed, except that eligible former foster youth shall be assured receipt of a grant.

3. A student shall be eligible to receive a state need grant for up to five years, or the credit or clock hour equivalent of five years, or up to one hundred twenty-five percent of the published length of time of the student's program. A student may not start a new associate degree program as a state need grant recipient until at least five years have elapsed since earning an associate degree as a need grant recipient, except that a student may earn two associate degrees concurrently.

   Qualifications for renewal will include maintaining satisfactory academic progress toward completion of an eligible program as determined by the (board). Should the recipient terminate his or her enrollment for any reason during the academic year, the unused portion of the grant shall be returned to the state educational grant fund by the institution according to the institution's own policy for issuing refunds, except as provided in RCW 28B.92.070.

4. In computing financial need, the (board) shall determine a maximum student expense budget allowance, not to exceed an amount equal to the total maximum student expense budget at the public institutions plus the current average state appropriation per student for operating expense in the public institutions. Any child support payments received by students who are parents attending less than half- time shall not be used in computing financial need.

5. A student who is enrolled in three to six credit-bearing quarter credits, or the equivalent semester credits, may receive a grant for up to one academic year before beginning a program that leads to a degree or certificate.

   b. An eligible student enrolled on a less-than-full-time basis shall receive a prorated portion of his or her state need grant for any academic period in which he or she is enrolled on a less-than-full-time basis, as long as funds are available.

   c. An institution of higher education may award a state need grant to an eligible student enrolled in three to six credit-bearing quarter credits, or the semester equivalent, on a provisional basis if:

      i. The student has not previously received a state need grant from that institution;

      ii. The student completes the required free application for federal student aid;
(iii) The institution has reviewed the student’s financial condition, and the financial condition of the student’s family if the student is a dependent student, and has determined that the student is likely eligible for a state need grant; and

(iv) The student has signed a document attesting to the fact that the financial information provided on the free application for federal student aid and any additional financial information provided directly to the institution is accurate and complete, and that the student agrees to repay the institution for the grant amount if the student submitted false or incomplete information.

(6) As used in this section, “former foster youth” means a person who is at least eighteen years of age, but not more than twenty-four years of age, who was a dependent of the department of social and health services at the time he or she attained the age of eighteen.

Sec. 163. RCW 28B.92.084 and 2009 c 238 s 8 are each amended to read as follows:

(1) The (board) office shall work with institutions of higher education to assure that the institutions are aware of the eligibility of opportunity internship graduates for an award under this chapter.

(2) If an opportunity internship graduate enrolls within one year of high school graduation in a postsecondary program of study in an institution of higher education, including in an apprenticeship program with related and supplemental instruction provided through an institution of higher education, the graduate is eligible to receive a state need grant for up to one year. The graduate shall not be required to be enrolled on at least a half-time basis. The related and supplemental instruction provided to a graduate through an apprenticeship program shall not be required to lead to a degree or certificate.

(3) Except for the eligibility criteria for an opportunity internship graduate that are provided under this section, other rules pertaining to award of a state need grant apply.

(4) Nothing in this section precludes the eligibility internship graduate from being eligible to receive additional state need grants after the one-year grant provided in this section if the graduate meets other criteria as a needy or disadvantaged student.

Sec. 164. RCW 28B.92.120 and 2004 c 275 s 41 are each amended to read as follows:

Funds appropriated for student financial assistance to be granted pursuant to this chapter shall be disbursed as determined by the (board) office.

Sec. 165. RCW 28B.92.130 and 2004 c 275 s 42 are each amended to read as follows:

The (board) office shall be authorized to accept grants, gifts, bequests, and devises of real and personal property from any source for the purpose of granting financial aid in addition to that funded by the state.

Sec. 166. RCW 28B.92.140 and 1997 c 269 s 1 are each amended to read as follows:

The state educational trust fund is hereby established in the state treasury. The primary purpose of the trust is to pledge statewide available college student assistance to needy or disadvantaged students, especially middle and high school youth, considered at-risk of dropping out of secondary education who participate in (board) approved early awareness and outreach programs and who enter any accredited Washington institution of postsecondary education within two years of high school graduation.

The (board) office shall deposit refunds and recoveries of student financial aid funds expended in prior fiscal periods in such account. The (board) office may also deposit moneys that have been contributed from other state, federal, or private sources.

Expenditures from the fund shall be for financial aid to needy or disadvantaged students. The (board) office may annually expend such sums from the fund as may be necessary to fulfill the purposes of this section, including not more than three percent for the costs to administer aid programs supported by the fund. All earnings of investments of balances in the state educational trust fund shall be credited to the trust fund. Expenditures from the fund shall not be subject to appropriation but are subject to allotment procedures under chapter 43.88 RCW.

Sec. 167. RCW 28B.92.150 and 2004 c 275 s 43 are each amended to read as follows:

The (board) office shall adopt rules as may be necessary or appropriate for effecting the provisions of this chapter, in accordance with the provisions of chapter 34.05 RCW, the administrative procedure act.

The beneficiary is that person named by the purchaser at the time that a tuition unit contract is accepted by the governing body. determined by the governing body.

(c) The number of tuition units necessary to pay for a full year's,
full-time undergraduate tuition and fee charges at a state institution of
higher education shall be set by the governing body at the time a
purchaser enters into a tuition unit contract.

(d) The governing body may limit the number of tuition units
purchased by any one purchaser or on behalf of any one beneficiary,
however, no limit may be imposed that is less than that necessary to
achieve four years of full-time, undergraduate tuition charges at a
state institution of higher education. The governing body also may, at
its discretion, limit the number of participants, if needed, to ensure the
actuarial soundness and integrity of the program.

(e) While the Washington advanced college tuition payment program

The awards shall not be paid for more than a maximum of five years per individual;

(2) Determine any scholarship awards for prospective physicians in such a manner to require the recipients declare an interest in serving in rural areas of the state of Washington. Preference for scholarships shall be given to students who reside in a rural physician shortage area or a nonshortage rural area of the state prior to admission to the eligible education and training program in medicine. Highest preference shall be given to students seeking admission who are recommended by sponsoring communities and who declare the intent of serving as a physician in a rural area. The ((board)) office may require the sponsoring community located in a nonshortage rural area to financially contribute to the eligible expenses of a medical student if the student will serve in the nonshortage rural area;

(3) Establish the required service obligation for each credentialed health care profession, which shall be no less than three years or no more than five years. The required service obligation may be based upon the amount of the scholarship or loan repayment award such that higher awards involve longer service obligations on behalf of the participant;

(4) Determine eligible education and training programs for purposes of the scholarship portion of the program;

(5) Honor loan repayment and scholarship contract terms negotiated between the ((board)) office and participants prior to May 21, 1991, concerning loan repayment and scholarship award amounts and service obligations authorized under chapter 28B.115, 28B.104, or 70.180 RCW.

(3) One portion of the funding appropriated for the program shall be used by the ((board)) office as a recruitment incentive for communities participating in the community-based recruitment and retention program as authorized by chapter 70.185 RCW; one portion of the funding shall be used by the ((board)) office as a recruitment incentive for recruitment activities in state-operated institutions, county public health departments and districts, county human service agencies, federal and state contracted community health clinics, and other health care facilities, such as rural hospitals that have been identified by the department, as providing substantial amounts of charity care or publicly subsidized health care; one portion of the funding shall be used by the ((board)) office for all other awards. Loans may not be renegotiated with lenders to accelerate repayment.

(4) Repayment of loans established pursuant to this program shall begin no later than ninety days after the individual has become a participant. Payments shall be made quarterly, or more frequently if deemed appropriate by the ((board)) office, to the participant until the loan is repaid or the participant becomes ineligible due to discontinued service in a health professional shortage area or after the required service obligation when eligibility discontinues, whichever comes first.

(5) Should the participant discontinue service in a health professional shortage area, payments against the loans of the participants shall cease to be effective on the date that the participant discontinues service.

(6) Except for circumstances beyond their control, participants who serve less than the required service obligation shall be obligated to repay to the program an amount equal to twice the total amount paid by the program on their behalf. This amount is due and payable immediately. Participants who are unable to pay the full amount due shall enter into a payment arrangement with the ((board)) office, including an arrangement for payment of interest. The maximum period for repayment is ten years. The ((board)) office shall determine the applicability of this subsection. The interest rate shall be determined by the ((board)) office and be established by rule.

(7) The ((board)) office is responsible for the collection of payments made on behalf of participants from the participants who discontinue service before completion of the required service obligation. The ((board)) office shall exercise due diligence in such collection, maintaining all necessary records to ensure that the maximum amount of payment made on behalf of the participant is recovered. they serve the required service obligation in a health professional shortage area in the state of Washington.

(2) The interest rate shall be determined by the (higher education coordinating board) office and established by rule.

(3) The period for repayment shall coincide with the required service obligation, with payments of principal and interest commencing no later than six months from the date the participant completes or discontinues the course of study or completes or discontinues the required postgraduate training. Provisions for deferral of payment shall be determined by the (higher education coordinating board) office.

(4) The entire principal and interest of each payment shall be forgiven for each payment period in which the participant serves in a health professional shortage area until the entire repayment obligation is satisfied or the borrower ceases to so serve. Should the participant cease to serve in a health professional shortage area of this state before the participant's repayment obligation is completed, payment of the unsatisfied portion of the principal and interest is due and payable immediately.

(5) In addition to the amount determined in subsection (4) of this section, except for circumstances beyond their control, participants who serve less than the required service obligation shall be obliged to pay a penalty of an amount equal to twice the unsatisfied portion of the principal.

(6) Participants who are unable to pay the full amount due shall enter into a payment arrangement with the (higher education coordinating board) office for repayment including interest. The maximum period for repayment is ten years.

The (higher education coordinating board) office shall maintain accurate records of these costs, and all receipts beyond those necessary to pay such costs shall be used to grant scholarships to eligible students.

(9) Sponsoring communities who financially contribute to the eligible financial expenses of eligible medical students may enter into agreements with the student to require repayment should the student not serve the required service obligation in the community as a primary care physician. The (higher education coordinating board) office may develop criteria for the content of such agreements with respect to reasonable provisions and obligations between communities and eligible students.

(10) The (higher education coordinating board) office may make exceptions to the conditions for participation and repayment obligations should circumstances beyond the control of individual participants warrant such exceptions. The (higher education coordinating board) office shall establish an appeal process by rule.

MESSAGE FROM THE SENATE

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1965 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that adverse childhood experiences are a powerful common determinant of a child’s ability to be successful at school and, as an adult, to be successful at work, to avoid behavioral and chronic physical health conditions, and to build healthy relationships. The purpose of this chapter is to identify the primary causes of adverse childhood experiences in communities and to mobilize broad public and private support to prevent harm to young children and reduce the accumulated harm of adverse experiences throughout childhood. A focused effort is needed to 1) identify and promote the use of innovative strategies based on evidence-based and research-based approaches and practices; and 2) align public and private policies and funding with approaches and strategies which have demonstrated effectiveness.

The legislature recognizes that many community public health and safety networks across the state have knowledge and expertise regarding the reduction of adverse childhood experiences and can provide leadership on this initiative in their communities. In addition, a broad range of community coalitions involved with early learning, child abuse prevention, and community mobilization have coalesced in many communities. The adverse childhood experiences initiative should coordinate and assemble the strongest components of these networks and coalitions to effectively respond to the challenge of reducing and preventing adverse childhood experiences while providing flexibility for communities to design responses that are appropriate for their community.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Adverse Childhood experiences" means the following indicators of severe childhood stressors and family dysfunction that, when experienced in the first eighteen years of life and taken together, are proven by public health research to be powerful determinants of physical, mental, social, and behavioral health across the lifespan: child physical abuse; child sexual abuse; child emotional abuse; child emotional or physical neglect; alcohol or other substance abuse in the home; mental illness, depression or suicidal behaviors in the home; incarceration of a family member; witnessing intimate partner violence; and parental divorce or separation. Adverse childhood experiences have been demonstrated to affect the development of the brain and other major body systems.

(2) "Community public health and safety networks" or "networks" means the organizations authorized under RCW 70.190.060.

(3) "Department" means the department of social and health services.

(4) "Director" means the director of the department of early learning.

(5) "Evidence-based" has the same meaning as in RCW 43.215.146.

(6) "Research-based" has the same meaning as in RCW 43.215.146.

(7) "Secretary" means the secretary of social and health services.

NEW SECTION. Sec. 3. (1) (a) The secretary of the department of social and health services and the director of the department of early learning shall actively participate in the development of a nongovernmental private-public initiative focused on coordinating government and philanthropic organizations’ investments in the positive development of children and preventing and mitigating the effects of adverse childhood experiences. The secretary and director shall convene a planning group to work with interested private partners to: (i) develop a process by which the goals identified in section 1 of this chapter shall be met and (ii) develop recommendations for inclusive and diverse governance to advance the adverse childhood experiences initiative.

(b) The secretary and director shall select no more than twelve to fifteen persons as members of the planning group. The members selected must represent a diversity of interests including: Early learning coalitions, community public health and safety networks, organizations that work to prevent and address child abuse and
failure, tribes, representatives of public agency agencies involved
with interventions in or prevention of adverse childhood experiences,
philanthropic organizations, and organizations focused on community
mobilization.

(c) The secretary and director shall co-chair the planning group
meetings and shall convene the first meeting.

(2) The planning group shall submit a report on its progress and
recommendations to the appropriate legislative committees no later
than December 15, 2011.

(3) In addition to other powers granted to the secretary, the
secretary may:

(a) Enter into contracts on behalf of the department to carry out
the purposes of this chapter;

(b) Provide funding to communities or any governance entity that
is created as a result of the partnership; and

(c) Accept gifts, grants, or other funds for the purposes of this
chapter.

Sec. 4. RCW 13.40.462 and 2006 c 304 s 2 are each amended to
read as follows:

(1) The department of social and health services juvenile
rehabilitation administration shall establish a reinvesting in youth
program that awards grants to counties for implementing research-
based early intervention services that target juvenile justice-involved
youth and reduce crime, subject to the availability of amounts
appropriated for this specific purpose.

(2) Effective July 1, 2007, any county or group of counties may
apply for participation in the reinvesting in youth program.

(3) Counties that participate in the reinvesting in youth program

from the reinvesting in youth account established pursuant to RCW
13.40.466.

(4) The department of social and health services juvenile
rehabilitation administration shall review county applications for
funding through the reinvesting in youth program and shall select the
counties that will be awarded grants with funds appropriated to
implement this program. The department, in consultation with the
Washington state institute for public policy, shall develop guidelines
to determine which counties will be awarded funding in accordance
with the reinvesting in youth program. At a minimum, counties must
meet the following criteria in order to participate in the reinvesting in
youth program:

(a) Counties must match state moneys awarded for research-
based early intervention services with nonstate resources that are at
least proportional to the expected local government share of state and
local government cost avoidance that would result from the
implementation of such services;

(b) Counties must demonstrate that state funds allocated pursuant
to this section are used only for the intervention service models
authorized pursuant to RCW 13.40.464;

(c) Counties must participate fully in the state quality assurance
program established in RCW 13.40.468 to ensure fidelity of program
implementation. If no state quality assurance program is in effect for
a particular selected research-based service, the county must submit a
quality assurance plan for state approval with its grant application.
Failure to demonstrate continuing compliance with quality assurance
plans shall be grounds for termination of state funding; and

(d) Counties that submit joint applications must submit for
approval by the department of social and health services juvenile
rehabilitation administration multicityount plans for efficient program
delivery.

((5) The department of social and health services juvenile
rehabilitation administration shall convene a technical advisory
committee comprised of representatives from the house of
representatives, the senate, the governor's office of financial
management, the department of social and health services juvenile
rehabilitation administration, the family policy council, the juvenile

Based on these performance measures, the contract must provide for incentive or retained payment arrangements as a means of ensuring satisfactory performance of the contract and improved performance of the ferry system over time.

Any member of the marine employees’ commission may be removed by the governor, upon notice and hearing, for neglect of duty or malfeasance in office, but for no other cause. (b) To cause or attempt to cause an employer to discriminate against an employee in violation of subsection (1)(c) of this section;

(c) To refuse to bargain collectively with an employer.

(3) The expression of any view, argument, or opinion, or the dissemination thereof to the public, whether in written, printed, graphic, or visual form, shall not constitute or be evidence of an unfair labor practice under any of the provisions of this chapter, if the expression contains no threat of reprisal or force or promise of benefit.
Sec. 20. RCW 47.64.280 and 2010 c 283 s 14 are each amended to read as follows:

(1) ((There is created the marine employees' commission. The governor shall appoint the commission with the consent of the senate. (3)(a) In adjudicating all complaints, grievances, and disputes, the party claiming labor disputes shall, in writing, notify the commission, which shall make careful inquiry into the cause thereof and issue an order advising the ferry employee, or the ferry employee organization representing him or her, and the department of transportation, as to the decision of the commission.

(b) The parties are entitled to offer evidence relating to disputes at all hearings conducted by the commission. The orders and awards of the commission are final and binding upon any ferry employee or employees or their representative affected thereby and upon the department.

(c) The commission shall adopt rules of procedure under chapter 34.05 RCW.

(d) The commission has the authority to subpoena any ferry employee or employees, or their representatives, and any member or representative of the department, and any witnesses. The subpoenas of the commission are enforceable by order of any superior court in the state of Washington for the county within which the proceeding may be pending. The commission may hire staff as necessary, appoint consultants, enter into contracts, and conduct studies as reasonably necessary to carry out this chapter).

(2) All unfair labor practice complaints, questions concerning representation, and unit clarifications must be filed with the public employment relations commission and processed in accordance with the commission's rules adopted under RCW 41.58.050, except that the marine employees' commission shall act in place of the public employment relations commission only for appeals.

(3) This section expires June 30, 2013.

Sec. 21. RCW 47.64.300 and 2007 c 160 s 4 are each amended to read as follows:

(1) If an agreement has not been reached following a reasonable period of negotiations and, when applicable, mediation, upon the recommendation of the assigned mediator that the parties remain at impasse or, with respect to biennial bargaining, in compliance with the interest arbitration agreement under RCW 47.64.170(6)(a), all impasse items shall be submitted to arbitration under this section. The issues for arbitration shall be limited to the issues certified by the (commission) executive director.

(2) The parties may agree to submit the dispute to a single arbitrator, whose authority and duties shall be the same as those of an arbitration panel. If the parties cannot agree on the arbitrator within five working days, the selection shall be made under subsection (3) of this section, except with respect to biennial bargaining described under RCW 47.64.170(6). The full costs of arbitration under this section shall be shared equally by the parties to the dispute.

(3) Within seven days following the issuance of the determination of the (commission) executive director, each party shall, absent an agreement to the contrary, name one person to serve as its arbitrator on the arbitration panel. Except with respect to biennial bargaining described under RCW 47.64.170(6), the two members so appointed shall meet within seven days following the appointment of the later appointed member to attempt to choose a third member to act as the neutral chair of the arbitration panel. Upon the failure of the arbitrators to select a neutral chair within seven days, either party may apply to the federal mediation and conciliation service, or, with the consent of the parties, the American arbitration association to provide a list of five qualified arbitrators from which the neutral chair shall be chosen. Each party shall pay the fees and expenses of its arbitrator, and the fees and expenses of the neutral chair shall be shared equally between the parties.

(4) In consultation with the parties, the arbitrator or arbitration panel shall promptly establish a date, time, and place for a hearing and shall provide reasonable notice thereof to the parties to the dispute. The parties shall exchange final positions in writing, with copies to the arbitrator or arbitration panel, with respect to every issue to be arbitrated, on a date mutually agreed upon, but in no event later than ten working days before the date set for hearing. A hearing, which shall be informal, shall be held, and each party shall have the opportunity to present evidence and make argument. No member of the arbitration panel may present the case for a party to the proceedings. The rules of evidence prevailing in judicial proceedings may be considered, but are not binding, and any oral testimony or documentary evidence or other data deemed relevant by the chair of the arbitration panel may be received in evidence. A recording of the proceedings shall be taken. The arbitration panel has the power to administer oaths, require the attendance of witnesses, and require the production of such books, papers, contracts, agreements, and documents as may be deemed by the panel to be material to a just determination of the issues in dispute. If any person refuses to obey a subpoena issued by the arbitration panel, or refuses to be sworn or to make an affirmation to testify, or any witness, party, or attorney for a party is guilty of any contempt while in attendance at any hearing held hereunder, the arbitration panel may invoke the jurisdiction of the superior court in the county where the labor dispute exists, and the court has jurisdiction to issue an appropriate order. Any failure to obey the order may be punished by the court as a contempt thereof.

(5) The neutral chair shall consult with the other members of the arbitration panel, if a panel has been created. Within thirty days following the conclusion of the hearing, or sooner as the October 1st deadline set forth in RCW 47.64.170 (6)(c) and (7) necessitates, the neutral chair shall make written findings of fact and a written determination of the issues in dispute, based on the evidence presented. A copy thereof shall be served on each of the other members of the arbitration panel, and on each of the parties to the dispute. That determination is final and binding upon both parties, subject to review by the superior court upon the application of either party solely on the question of whether the decision of the panel was arbitrary or capricious.

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1449 with the following amendment:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. A new section is added to chapter 28A.410 RCW to read as follows:

(1) The legislature finds that the current economic environment requires that the state, when appropriate, charge for some of the services provided directly to the users of those services. The office of the superintendent of public instruction is currently supported with state funds to process certification fees. In addition, the legislature finds that the processing of certifications should be moved to an online system that allows educators to manage their certifications and provides better information to policymakers. The legislature intends to assess a certification processing fee to eliminate state-funded support of the cost to issue educator certificates.

(2) In addition to the certification fee established under RCW 28A.410.060, the superintendent of public instruction shall charge an application processing fee for initial educator certificates and subsequent actions. The superintendent of public instruction shall establish the amount of the fee by rule under chapter 34.05 RCW. The superintendent shall set the fee at a sufficient level to defray the costs of administering the educator certification program under RCW 28A.300.040(9). Revenue generated through the processing fee shall be deposited in the educator certification processing account.

(3) The educator certification processing account is established in the custody of the state treasurer. The superintendent of public instruction shall deposit in the account all moneys received from the fees collected in subsection (2) of this section. Moneys in the account may be spent only for the processing of educator certificates and subsequent actions. Disbursements from the account shall be on authorization of the superintendent of public instruction or the superintendent's designee. The account is subject to the allotment procedure provided under chapter 43.88 RCW, but no appropriation is required for disbursements.

NEW SECTION. Sec. 2. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2011.

Sec. 6. RCW 74.39A.220 and 2002 c 3 s 1 are each amended to read as follows:

The people of the state of Washington find as follows:

(1) Thousands of Washington seniors and persons with disabilities live independently in their own homes, which they prefer and is less costly than institutional care such as nursing homes.

(2) Many Washington seniors and persons with disabilities currently receive long-term in-home care services from individual providers hired directly by them under the medicare personal care, community options programs entry system, or chore services program.

(3) Quality long-term in-home care services allow Washington seniors, persons with disabilities, and their families the choice of allowing seniors and persons with disabilities to remain in their homes, rather than forcing them into institutional care such as nursing homes. Long-term in-home care services are also less costly, saving Washington taxpayers significant amounts through lower reimbursement rates.

(4) The quality of long-term in-home care services in Washington would benefit from improved regulation, higher standards, better accountability, and improved access to such services. The quality of long-term in-home care services would further be improved by a well-trained, stable individual provider workforce earning reasonable wages and benefits.

(5) Washington seniors and persons with disabilities would benefit from the establishment of an authority that has the power and duty to regulate and improve the quality of long-term in-home care services.

(6) The authority should ensure that the quality of long-term in-home care services provided by individual providers is improved through better regulation, higher standards, increased accountability, and the enhanced ability to obtain services. The authority should also encourage stability in the individual provider workforce through collective bargaining and by providing training opportunities.

Sec. 7. RCW 74.39A.240 and 2002 c 3 s 3 are each amended to read as follows:

The definitions in this section apply throughout RCW 74.39A.030 and 74.39A.095 and 74.39A.220 through 74.39A.300, and 41.56.026((, 70.127.041, and 74.09.740)) unless the context clearly requires otherwise.

(1) ("Authority" means the home care quality authority.

(2) "Board" means the board created under RCW 74.39A.230.

(3) "Consumer" means a person to whom an individual provider provides any such services.

(4) "Department" means the department of social and health services.

(3) "Individual provider" means a person, including a personal aide, who has contracted with the department to provide personal care or respite care services to functionally disabled persons under the medicare personal care, community options program entry system, chore services program, or respite care program, or to provide respite care or residential services and support to persons with developmental disabilities under chapter 71A.12 RCW, or to provide respite care as defined in RCW 74.13.270.

Sec. 8. RCW 74.39A.250 and 2002 c 3 s 4 are each amended to read as follows:

(1) The authority must carry out the following duties:

(a) Establish qualifications and reasonable standards for accountability for and investigate the background of individual providers and prospective individual providers, except in cases where, after the department has sought approval of any appropriate amendments or waivers under RCW 74.09.740, federal law or regulation requires that such qualifications and standards for accountability be established by another entity in order to preserve eligibility for federal funding. Qualifications established must include compliance with the minimum requirements for training and satisfactory criminal background checks as provided in RCW 74.39A.050 and confirmation that the individual provider or prospective individual provider is not currently listed on any long-term care abuse and neglect registry used by the department at the time of the investigation;

(b) Undertake recruiting activities to identify and recruit individual providers and prospective individual providers;

(c) Provide training opportunities, either directly or through contract, for individual providers, prospective individual providers, consumers, and prospective consumers;

(d) The department shall provide assistance to consumers and prospective consumers in finding individual providers and prospective individual providers through the establishment of a referral registry of individual providers and prospective individual providers. Before placing an individual provider or prospective individual provider on the referral registry, the authority shall determine that:

(((4))) (a) The individual provider or prospective individual provider has met the minimum requirements for training set forth in RCW 74.39A.050;

(((4))) (b) The individual provider or prospective individual provider has satisfactorily undergone a criminal background check conducted within the prior twelve months; and

(((4))) (c) The individual provider or prospective individual provider is not listed on any long-term care abuse and neglect registry used by the department((

((a) Remove)));

(2) The department shall remove from the referral registry any individual provider or prospective individual provider (the authority determines) that does not (((i) of this section or to have committed misuse of or malfeasance in the performance of his or her duties as an individual provider. The individual provider or prospective individual provider, or the consumer to which the individual provider is providing services, may request a fair hearing to contest the removal from the referral registry, as provided in chapter 34.05 RCW(((

((f) (3) The department shall provide routine, emergency, and respite referrals of individual providers and prospective individual providers to consumers and prospective consumers who are authorized to receive long-term in-home care services through an individual provider((

((4)))

(4) The department shall give preference in the recruiting,
training, referral, and employment of individual providers and prospective individual providers to recipients of public assistance or other low-income persons who would qualify for public assistance in the absence of such employment.  

(b) Cooperate with the department, area agencies on aging, and other federal, state, and local agencies to provide the services described and set forth in this section.  If, in the course of carrying out its duties, the authority identifies concerns regarding the services being provided by an individual provider, the authority must notify the relevant area agency or department case manager regarding such concerns.

(2) In determining how best to carry out its duties, the authority must identify existing individual provider recruitment, training, and referral resources made available to consumers by other state and local public, private, and nonprofit agencies. The authority may coordinate with the agencies to provide a local presence for the authority and to provide consumers greater access to individual provider recruitment, training, and referral resources in a cost-effective manner. Using requests for proposals or similar processes, the authority may contract with the agencies to provide recruitment, training, and referral services if the authority determines the agencies can provide the services according to reasonable standards of performance determined by the authority. The authority must provide an opportunity for consumer participation in the determination of the standards).

Sec. 9. RCW 74.39A.260 and 2009 c 580 s 9 are each amended to read as follows:

The department must perform criminal background checks for individual providers and prospective individual providers (and ensure that the authority has ready access to any long-term care abuse and neglect registry used by the department). Individual providers who are hired after January 1, 2012, are subject to background checks under RCW 74.39A.055.

Sec. 10. RCW 74.39A.270 and 2007 c 361 s 7 and 2007 c 278 s 3 are each reenacted and amended to read as follows:

(1) Solely for the purposes of collective bargaining and as expressly limited under subsections (2) and (3) of this section, the governor is the public employer, as defined in chapter 41.56 RCW, of individual providers, who, for the purposes of collective bargaining, are public employees as defined in chapter 41.56 RCW. To accommodate the role of the state as payor for the community-based services provided under this chapter and to ensure coordination with state employee collective bargaining under chapter 41.80 RCW and the coordination necessary to implement RCW 74.39A.300, the public employer shall be represented for bargaining purposes by the governor or the governor's designee appointed under chapter 41.80 RCW. The governor or governor's designee shall periodically consult with the authority during the collective bargaining process to allow the authority to communicate issues relating to the long-term in-home care services received by consumers.  

(2) Chapter 41.56 RCW governs the collective bargaining relationship between the governor and individual providers, except as otherwise expressly provided in this chapter and except as follows:

(a) The only unit appropriate for the purpose of collective bargaining under RCW 41.56.060 is a statewide unit of all individual providers;

(b) The showing of interest required to request an election under RCW 41.56.060 is ten percent of the unit, and any intervenor seeking to appear on the ballot must make the same showing of interest;

(c) The mediation and interest arbitration provisions of RCW 41.56.430 through 41.56.470 and 41.56.480 apply, except that:

(i) With respect to commencement of negotiations between the governor and the bargaining representative of individual providers, negotiations shall be commenced by May 1st of any year prior to the year in which an existing collective bargaining agreement expires; and

(ii) The decision of the arbitration panel is not binding on the legislature and, if the legislature does not approve the request for funds necessary to implement the compensation and fringe benefit provisions of the arbitrated collective bargaining agreement, is not binding on the authority or the state;

(d) Individual providers do not have the right to strike; and

(e) Individual providers who are related to, or family members of, consumers or prospective consumers are not, for that reason, exempt from this chapter or chapter 41.56 RCW.

(3) Individual providers who are public employees solely for the purposes of collective bargaining under subsection (1) of this section are not, for that reason, employees of the state, its political subdivisions, or an area agency on aging for any purpose. Chapter 41.56 RCW applies only to the governance of the collective bargaining relationship between the employer and individual providers as provided in subsections (1) and (2) of this section.

(4) Consumers and prospective consumers retain the right to select, hire, supervise the work of, and terminate any individual provider providing services to them. Consumers may elect to receive long-term in-home care services from individual providers who are not referred to them by the authority.

(5) (In implementing and administering this chapter, neither the authority nor any of its contractors may reduce or increase the hours of service for any consumer below or above the amount determined to be necessary under any assessment prepared by the department or an area agency on aging.

(6) Except as expressly limited in this section and RCW 74.39A.300, the wages, hours, and working conditions of individual providers are determined solely through collective bargaining as provided in this chapter. No agency or department of the state may establish policies or rules governing the wages or hours of individual providers. However, this subsection does not modify:

(a) The department's authority to establish a plan of care for each consumer or its core responsibility to manage long-term in-home care services under this chapter, including determination of the level of care that each consumer is eligible to receive. However, at the request of the exclusive bargaining representative, the governor or the governor's designee appointed under chapter 41.80 RCW shall engage in collective bargaining, as defined in RCW 41.56.030(4), with the exclusive bargaining representative over the hours of work for individual providers. This subsection shall not be interpreted to require collective bargaining over an individual consumer's plan of care;

(b) The department's authority to terminate its contracts with individual providers who are not adequately meeting the needs of a particular consumer, or to deny a contract under RCW 74.39A.095(8);

(c) The consumer's right to assign hours to one or more individual providers selected by the consumer within the maximum hours determined by his or her plan of care;

(d) The consumer's right to select, hire, terminate, supervise the work of, and determine the conditions of employment for each individual provider providing services to the consumer under this chapter;

(e) The department's obligation to comply with the federal medicaid statute and regulations and the terms of any community-
based waiver granted by the federal department of health and human services and to ensure federal financial participation in the provision of the services; and

Sec. 15. RCW 77.12.670 and 2002 c 283 s 2 are each amended to read as follows:

(1) ((The)) Beginning July 1, 2011, the department, after soliciting recommendations from the public, shall select the design for the migratory bird stamp ((to be produced by the department shall use the design as provided by the migratory waterfowl art committee)).

(2) All revenue derived from the sale of migratory bird license validations or stamps by the department to any person hunting waterfowl or to any stamp collector shall be deposited in the state wildlife ((fund)) account and shall be used only for that portion of the cost of printing and production of the stamps for migratory waterfowl hunters as determined by subsection (4) of this section, and for those migratory waterfowl projects specified by the director of the department for the acquisition and development of migratory waterfowl habitat in the state and for the enhancement, protection, and propagation of migratory waterfowl in the state. Migratory bird license validation and stamp funds may not be used on lands controlled by private hunting clubs or on private lands that charge a fee for public access. Migratory bird license validation and stamp funds may be used for migratory waterfowl projects on private land where public hunting is provided by written permission or on areas established by the department as waterfowl hunting closures.

(3) All revenue derived from the sale of the license validation and stamp by the department to persons hunting solely nonwaterfowl migratory birds shall be deposited in the state wildlife ((fund)) account and shall be used only for that portion of the cost of printing and production of the stamps for nonwaterfowl migratory bird hunters as determined by subsection (4) of this section, and for those nonwaterfowl migratory bird projects specified by the director for the acquisition and development of nonwaterfowl migratory bird habitat in the state and for the enhancement, protection, and propagation of nonwaterfowl migratory birds in the state.

(4) With regard to the revenue from license validation and stamp sales that is not the result of sales to stamp collectors, the department shall determine the proportion of migratory waterfowl hunters and solely nonwaterfowl migratory bird hunters by using the yearly migratory bird hunter harvest information program survey results or, in the event that these results are not available, other similar survey results. Two-year average of the most recent survey results shall be used to determine the proportion of the revenue attributed to migratory waterfowl hunters and the proportion attributed to solely nonwaterfowl migratory bird hunters for each fiscal year. For fiscal year 1998-99 and for fiscal year 1999-2000, ninety-six percent of the stamp revenue shall be attributed to migratory waterfowl hunters and four percent of the stamp revenue shall be attributed to solely nonwaterfowl migratory game hunters.

(5) Acquisition shall include but not be limited to the acceptance of gifts of real estate or any interest therein or the rental, lease, or purchase of real estate or any interest therein. If the department acquires any fee interest, leasehold, or rental interest in real property under this section, it shall allow the general public reasonable access to that property and shall, if appropriate, ensure that the deed or other instrument creating the interest allows such access to the general public. If the department obtains a covenant in real property in its favor or an easement or any other interest in real property under this section, it shall exercise its best efforts to ensure that the deed or other instrument creating the interest grants to the general public in the
form of a covenant running with the land reasonable access to the property. The private landowner from whom the department obtains such a covenant or easement shall retain the right of granting access to the lands by written permission, but may not charge a fee for access.

(6) The department may produce migratory bird stamps in any given year in excess of those necessary for sale in that year. The excess stamps may be sold to the ((migratory waterfowl art committee for sale to the)) public.

The ((committee)) department shall create collector art prints and related artwork, utilizing the same design (as provided to the department)). The administration, sale, distribution, and other matters relating to the prints and sales of stamps with prints and related artwork shall be the responsibility of the ((migratory waterfowl art committee)) department.

The costs of producing and marketing of prints and related artwork (including administrative expenses mutually agreed upon by the committee and the director) shall be paid out of the total amount brought in from sales of those same items. Net funds derived from the sale of prints and related artwork shall be used by the director to contract with one or more appropriate individuals or nonprofit organizations for the development of waterfowl propagation projects within Washington which specifically provide waterfowl for the Pacific flyway. The department shall not contract with any individual or organization that obtains compensation for allowing waterfowl hunting except if the individual or organization does not permit hunting for compensation on the subject property.
