The table above shows the total base salaries for certificated instructional staff for the school year 2014-15, categorized by years of education experience and levels of education from BA to Ph.D. Each row represents a different number of years of service, with corresponding base salaries for each level of education.
(b) As used in this subsection, the column headings "BA+(N)" refer to the number of credits earned since receiving the baccalaureate degree.
(c) For credits earned after the baccalaureate degree but before the masters degree, any credits in excess of forty-five credits may be counted after the masters degree. Thus, as used in this subsection, the column headings "MA+(N)" refer to the total of:
(i) Credits earned since receiving the masters degree; and
(ii) Any credits in excess of forty-five credits that were earned after the baccalaureate degree but before the masters degree.
(5) For the purposes of this section:
(a) "BA" means a baccalaureate degree.
(b) "MA" means a masters degree.
(c) "PHD" means a doctorate degree.
(d) "Years of service" shall be calculated under the same rules adopted by the superintendent of public instruction.
(e) "Credits" means college quarter hour credits and equivalent in-service credits computed in accordance with RCW 28A.415.020 and 28A.415.023.

(6) No more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in this part V, or any replacement schedules and documents, unless:
(a) The employee has a masters degree; or
(b) The credits were used in generating state salary allocations before January 1, 1992.
(7) The salary allocation schedules established in this section are for allocation purposes only except as provided in RCW 28A.400.200(2).

NEW SECTION. Sec. 504. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SCHOOL EMPLOYEE COMPENSATION ADJUSTMENTS

The appropriation in this section is subject to the following conditions and limitations:
(1)(a) Additional salary adjustments as necessary to fund the base salaries for certificated instructional staff as listed for each district in LEAP Document 2, defined in section 503(2)(b) of this act. Allocations for these salary adjustments shall be provided to all districts that are not grandfathered to receive salary allocations above the statewide salary allocation schedule, and to certain grandfathered districts to the extent necessary to ensure that salary allocations for districts that are currently grandfathered do not fall below the statewide salary allocation schedule.
(b) Additional salary adjustments to certain districts as necessary to fund the per full-time-equivalent salary allocations for certificated administrative staff as listed for each district in LEAP Document 2, defined in section 503(2)(b) of this act.
(c) Additional salary adjustments to certain districts as necessary to fund the per full-time-equivalent salary allocations for classified staff as listed for each district in LEAP Document 2, defined in section 503(2)(b) of this act.
(d) The appropriations in this subsection (1) include associated incremental fringe benefit allocations at 18.04 percent for the 2013-14 school year and 18.04 percent for the 2014-15 school year for certificated instructional and certificated administrative staff and 17.45 percent for the 2013-14 school year and 17.45 percent for the 2014-15 school year for classified staff.
(e) The appropriations in this section include the increased or decreased portion of salaries and incremental fringe benefits for all relevant state-funded school programs in part V of this act. Changes for general apportionment (basic education) are based on the salary allocation schedules and methodology in sections 502 and 503 of this act. Changes for special education result from changes in each district's basic education allocation per student. Changes for educational service districts and institutional education programs are determined by the superintendent of public instruction using the methodology for general apportionment salaries and benefits in sections 502 and 503 of this act.
(f) The appropriations in this section include no salary adjustments for substitute teachers.

(2) The maintenance rate for insurance benefit allocations is $768.00 per month for the 2013-14 and 2014-15 school years. The appropriations in this section reflect the incremental change in cost of allocating rates of $768.00 per month for the 2013-14 school year and $768.00 per month for the 2014-15 school year.
(3) The rates specified in this section are subject to revision each year by the legislature.

(2)(a) If an exclusive bargaining representative represents more than one bargaining unit, the exclusive bargaining representative shall negotiate with each employer representative as designated in subsection (1) of this section one master collective bargaining agreement on behalf of all the employees in bargaining units that the exclusive bargaining representative represents. For those exclusive bargaining representatives who represent fewer than a total of five hundred employees each, negotiation shall be by a coalition of all those exclusive bargaining representatives. The coalition shall bargain for a master collective bargaining agreement covering all of the employees represented by the coalition. The governor's designee and the exclusive bargaining representative or representatives are authorized to enter into supplemental bargaining of agency-specific issues for inclusion in or as an addendum to the master collective bargaining agreement, subject to the parties' agreement regarding the issues and procedures for supplemental bargaining. This section does not prohibit cooperation and coordination of bargaining between two or more exclusive bargaining representatives.

(b) This subsection (2) does not apply to exclusive bargaining representatives who represent employees of institutions of higher education, except when the institution of higher education has elected to exercise its option under subsection (4) of this section to have its negotiations conducted by the governor or governor's designee under the procedures provided for general government agencies in subsections (1) through (3) of this section.

(c) If five hundred or more employees of an independent state elected official listed in RCW 43.01.010 are organized in a bargaining unit or bargaining units under RCW 41.80.070, the official shall be consulted by the governor or the governor's designee before any agreement is reached under (a) of this subsection concerning supplemental bargaining of agency specific issues affecting the employees in such bargaining unit.

(3) The governor shall submit a request for funds necessary to implement the compensation and fringe benefit provisions in the master collective bargaining agreement or for legislation necessary to implement the agreement. Requests for funds necessary to implement the provisions of bargaining agreements shall not be submitted to the legislature by the governor unless such requests:

(a) Have been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the requests are to be considered; and

(b) Have been certified by the director of the office of financial management as being feasible financially for the state.

The legislature shall approve or reject the submission of the request for funds as a whole. The legislature shall not consider a request for funds to implement a collective bargaining agreement unless the request is transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060. If the legislature rejects or fails to act on the submission, either party may reopen all or part of the agreement or the exclusive bargaining representative may seek to implement the procedures provided for in RCW 41.80.090.

(4)(a)(i) For the purpose of negotiating agreements for institutions of higher education, the employer shall be the respective governing board of each of the universities, colleges, or community colleges or a designee chosen by the board to negotiate on its behalf.

(ii) A governing board of a university or college may elect to have its negotiations conducted by the governor or governor's designee under the procedures provided for general government agencies in subsections (1) through (3) of this section, except that:

(A) The governor or the governor's designee and an exclusive bargaining representative shall negotiate one master collective bargaining agreement for all of the bargaining units of employees of a university or college that the representative represents; or

(B) If the parties mutually agree, the governor or the governor's designee and an exclusive bargaining representative shall negotiate one master collective bargaining agreement for all of the bargaining units of employees of more than one university or college that the representative represents.

(iii) A governing board of a community college may elect to have its negotiations conducted by the governor or governor's designee under the procedures provided for general government agencies in subsections (1) through (3) of this section.

(b) Prior to entering into negotiations under this chapter, the institutions of higher education or their designees shall consult with the director of the office of financial management regarding financial and budgetary issues that are likely to arise in the impending negotiations.

(c)(i) In the case of bargaining agreements reached between institutions of higher education other than the University of Washington and exclusive bargaining representatives agreed to under the provisions of this chapter, if appropriations are necessary to implement the compensation and fringe benefit provisions of the bargaining agreements, the governor shall submit a request for such funds to the legislature according to the provisions of subsection (3) of this section, except as provided in (c)(iii) of this subsection.

(ii) In the case of bargaining agreements reached between the University of Washington and exclusive bargaining representatives agreed to under the provisions of this chapter, if appropriations are necessary to implement the compensation and fringe benefit provisions of a bargaining agreement, the governor shall submit a request for such funds to the legislature according to the provisions of subsection (3) of this section, except as provided in this subsection (4)(c)(ii) and as provided in (c)(iii) of this subsection.

(A) If appropriations of less than ten thousand dollars are necessary to implement the provisions of a bargaining agreement, a request for such funds shall not be submitted to the legislature by the governor unless the request has been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the request is to be considered.

(B) If appropriations of ten thousand dollars or more are necessary to implement the provisions of a bargaining agreement, a request for such funds shall not be submitted to the legislature by the governor unless the request:

(I) Has been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the request is to be considered; and
(II) Has been certified by the director of the office of financial management as being feasible financially for the state.

(C) If the director of the office of financial management does not certify a request under (c)(ii)(B) of this subsection as being feasible financially for the state, the parties shall enter into collective bargaining solely for the purpose of reaching a mutually agreed upon modification of the agreement necessary to address the absence of those requested funds. The legislature may act upon the compensation and fringe benefit provisions of the modified collective bargaining agreement if those provisions are agreed upon and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating budget by the sitting legislature.

(iii) In the case of a bargaining unit of employees of institutions of higher education in which the exclusive bargaining representative is certified during or after the conclusion of a legislative session, the legislature may act upon the compensation and fringe benefit provisions of the unit's initial collective bargaining agreement if those provisions are agreed upon and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating budget by the sitting legislature.

(5) There is hereby created a joint committee on employment relations, which consists of two members with leadership positions in the house of representatives, representing each of the two largest caucuses; the chair and ranking minority member of the house appropriations committee, or its successor, representing each of the two largest caucuses; two members with leadership positions in the senate, representing each of the two largest caucuses; and the chair and ranking minority member of the senate ways and means committee, or its successor, representing each of the two largest caucuses. The governor shall periodically consult with the committee regarding appropriations necessary to implement the compensation and fringe benefit provisions in the master collective bargaining agreements, and upon completion of negotiations, advise the committee on the elements of the agreements and on any legislation necessary to implement the agreements.

(6) If, after the compensation and fringe benefit provisions of an agreement are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

(7) After the expiration date of a collective bargaining agreement negotiated under this chapter, all of the terms and conditions specified in the collective bargaining agreement remain in effect until the effective date of a subsequently negotiated agreement, not to exceed one year from the expiration date stated in the agreement. Thereafter, the employer may unilaterally implement according to law.

(8) For the (2011-2013) 2013-2015 fiscal biennium, a collective bargaining agreement related to employee health care benefits negotiated between the employer and coalition pursuant to RCW 41.80.020(3) regarding the dollar amount expended on behalf of each employee shall be a separate agreement for which the governor may request funds necessary to implement the agreement. (If such an agreement is negotiated and funded by the legislature, this agreement will supersede any terms and conditions of an expired 2009-2011 biennial master collective bargaining agreement under this chapter regarding health care benefits.) The legislature may act upon a 2013-2015 collective bargaining agreement related to employee health care benefits if an agreement is reached and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating appropriations act by the sitting legislature.

Sec. 954. RCW 41.80.020 and 2011 1st sp.s. c 50 s 939 and 2011 1st sp.s. c 43 s 445 are each reenacted and amended to read as follows:

(3) Matters subject to bargaining include the number of names to be certified for vacancies, promotional preferences, and the dollar amount expended on behalf of each employee for health care benefits. However, except as provided otherwise in this subsection for institutions of higher education, negotiations regarding the number of names to be certified for vacancies, promotional preferences, and the dollar amount expended on behalf of each employee for health care benefits shall be conducted between the employer and one coalition of all the exclusive bargaining representatives subject to this chapter. The exclusive bargaining representatives for employees that are subject to chapter 47.64 RCW shall bargain the dollar amount expended on behalf of each employee for health care benefits with the employer as part of the coalition under this subsection. Any such provision agreed to by the employer and the coalition shall be included in all master collective bargaining agreements negotiated by the parties. For institutions of higher education, promotional preferences and the number of names to be certified for vacancies shall be bargained under the provisions of RCW 41.80.010(4). For agreements covering the (2011-2013) 2013-2015 fiscal biennium, any agreement between the employer and the coalition regarding the dollar amount expended on behalf of each employee for health care benefits is a separate agreement and shall not be included in the master collective bargaining agreements negotiated by the parties.

(4) The employer and the exclusive bargaining representative shall not agree to any proposal that would prevent the implementation of approved affirmative action plans or that would be inconsistent with the comparable worth agreement that provided the basis for the salary changes implemented beginning with the 1983-1985 biennium to achieve comparable worth.

(5) The employer and the exclusive bargaining representative shall not bargain over matters pertaining to management rights established in RCW 41.80.040.

(6) Except as otherwise provided in this chapter, a conflict exists between an executive order, administrative rule, or agency policy relating to wages, hours, and terms and conditions of employment and a collective bargaining agreement negotiated under this chapter, the collective bargaining agreement shall prevail. A provision of a collective bargaining agreement that conflicts with the terms of a statute is invalid and unenforceable.

(7) This section does not prohibit bargaining that affects contracts authorized by RCW 41.06.142.

The appropriations in this subsection are subject to the following conditions and limitations:

(a) $109,342,000 of the general fund--state appropriation for fiscal year 2012 and $109,341,000 of the general fund--state appropriation for fiscal year 2013 are provided solely for persons and services not covered by the medicaid program. This is a reduction of $4,348,000 each fiscal year from the nonmedicaid funding that was allocated for expenditure by regional support networks during fiscal year 2011 prior to supplemental budget reductions. This $4,348,000 reduction shall be distributed among regional support networks proportional to each network's share of the total state population. To the extent possible, levels of regional support network spending shall be maintained in the following priority order: (i) Crisis and commitment services; (ii) community inpatient services; and (iii) residential care services, including personal care and emergency housing assistance.

(b) $6,590,000 of the general fund--state appropriation for fiscal year 2012, $6,590,000 of the general fund--state appropriation for fiscal year 2013, and $7,620,000 of the general fund--federal appropriation are provided solely for the department and regional support networks to continue to contract for implementation of high-intensity programs for assertive community treatment (PACT) teams. In determining the proportion of medicaid and nonmedicaid funding provided to regional support networks with PACT teams, the department shall consider the differences between regional support networks in the percentages of services and other costs associated with the teams that are not reimbursable under medicaid. The department may allow regional support networks which have nonmedicaid reimbursable costs that are higher than the nonmedicaid allocation they receive under this section to supplement these funds with local dollars or funds received under section 204(1)(a) of this act. The department and regional support networks shall maintain consistency with all essential elements of the PACT evidence-based practice model in programs funded under this section.

(c) $5,850,000 of the general fund--state appropriation for fiscal year 2012, $5,850,000 of the general fund--state appropriation for fiscal year 2013, and $1,300,000 of the general fund--federal appropriation are provided solely for the western Washington regional support networks to provide either community- or hospital campus-based services for persons who require the level of care previously provided by the program for adaptive living skills (PALS) at western state hospital.

(d) The number of nonforensic beds allocated for use by regional support networks at eastern state hospital shall be 192 per day. The number of nonforensic beds allocated for use by regional support networks at western state hospital shall be 557 per day.
(e) From the general fund--state appropriations in this subsection, the secretary of social and health services shall assure that regional support networks reimburse the aging and disability services administration for the general fund--state cost of medicaid personal care services that enrolled regional support network consumers use because of their psychiatric disability.

((i)) (f) The department is authorized to continue to contract directly, rather than through contracts with regional support networks, for children's long-term inpatient facility services.

((ii)) (g) $750,000 of the general fund--state appropriation for fiscal year 2012 and $750,000 of the general fund--state appropriation for fiscal year 2013 are provided solely to continue performance-based incentive contracts to provide appropriate community support services for individuals with severe mental illness who were discharged from the state hospitals as part of the expanding community services initiative. These funds will be used to enhance community residential and support services provided by regional support networks through other state and federal funding.

((iii)) (h) $1,125,000 of the general fund--state appropriation for fiscal year 2012 and $1,125,000 of the general fund--state appropriation for fiscal year 2013 are provided solely for the Spokane regional support network to implement services to reduce utilization and the census at eastern state hospital. Such services shall include:

(i) High intensity treatment team for persons who are high utilizers of psychiatric inpatient services, including those with co-occurring disorders and other special needs;

(ii) Crisis outreach and diversion services to stabilize in the community individuals in crisis who are at risk of requiring inpatient care or jail services;

(iii) Mental health services provided in nursing facilities to individuals with dementia, and consultation to facility staff treating those individuals; and

(iv) Services at the sixteen-bed evaluation and treatment facility.

At least annually, the Spokane regional support network shall assess the effectiveness of these services in reducing utilization at eastern state hospital, identify services that are not optimally effective, and modify those services to improve their effectiveness.

((iv)) (i) $1,529,000 of the general fund--state appropriation for fiscal year 2012 and $1,529,000 of the general fund--state appropriation for fiscal year 2013 are provided solely to reimburse Pierce and Spokane counties for the cost of conducting 180-day commitment hearings at the state psychiatric hospitals.

((v)) (j) Regional support networks may use local funds to earn additional federal medicaid match, provided the locally matched rate does not exceed the upper-bound of their federally allowable rate range, and provided that the enhanced funding is used only to provide medicaid state plan or waiver services to medicaid clients. Additionally, regional support networks may use a portion of the state funds allocated in accordance with (a) of this subsection to earn additional medicaid match, but only to the extent that the application of such funds to medicaid services does not diminish the level of crisis and commitment, community inpatient, residential care, and outpatient services presently available to persons not eligible for medicaid.

((vi)) (k) Given the recent approval of federal medicaid matching funds for the disability lifeline and the alcohol and drug abuse treatment support act programs, the department shall charge regional support networks for only the state share rather than the total cost of community psychiatric hospitalization for persons enrolled in those programs.

((vii)) (l) $750,000 of the general fund--state appropriation for fiscal year 2012, $750,000 of the general fund--state appropriation for fiscal year 2013, and $1,500,000 of the general fund--federal appropriation are provided solely to adjust regional support network capitation rates to account for the per diem rates actually paid for psychiatric care provided at hospitals participating in the certified public expenditure program operated pursuant to section 213 of this act.

((viii)) (m) The appropriations in this section reflect efficiencies to be achieved through voluntary consolidation of regional support networks in accordance with Substitute House Bill No. 2139 (regional support networks). Voluntary consolidation of regional support networks is expected to result in administrative efficiencies and maximize dollars available for direct services to individuals with mental illnesses without corresponding increases in state appropriations.

(b) Amounts appropriated in this subsection reflect a reduction to funds appropriated for in-home care. The department shall reduce the number of in-home hours authorized. The reduction shall be based on the acuity level of care recipients. The largest hour reductions shall be to lower acuity patients and the smallest hour reductions shall be to higher acuity patients.

(c) Amounts appropriated in this subsection are sufficient to develop and implement the use of a consistent, statewide outcome-based vendor contract for employment and day services by July 1, 2012. The rates paid to vendors under this contract shall also be made consistent. In its description of activities the agency shall include activity listings and dollars appropriated for: Employment services, day services, child development services, and county administration of services to the developmentally disabled. However, if the governor and the service employees international union healthcare 775nw can reach agreement on repurposing funding that is currently provided in the individual provider collective bargaining agreement for new individual provider wages paid during training or other training related items, then expenditures for training trust contributions for individual providers may include the amounts provided in this subsection and the agreed upon repurposed funding. Funding in this section for purposes other than the individual provider collective bargaining agreement cannot be used for the purposes of this subsection (1)(e). It is the intent of the legislature that the funding provided in this subsection, including any repurposed funding, is sufficient to cover the costs of individual provider training and therefore tuition or other entrance fees are not necessary.

(f) $107,538,000 of the general fund--state appropriation for fiscal year 2013 and $107,535,000 of the general fund--federal appropriation are provided solely for the department to provide personal care services to waiver and nonwaiver in-home clients. The department shall operate the personal care program within the amounts specifically provided.

Clients age 21 and older who are receiving services through a home- and community-based medicaid waiver shall be offered the choice to transition to a community access program after nine months of enrollment in an employment program, and the option to transition from a community access program to an employment program at any time. The department shall inform clients and their legal representatives of all available options for employment and day services. Information provided to the client and the client's legal representative shall include the types of activities each service option provides, and the amount, scope, and duration of service for which the client would be eligible under each service option. An individual client may be authorized for only one service option, either employment services or community access services. Clients may not participate in more than one of these services at any given time.

(ii) The department shall work with counties and stakeholders to strengthen and expand the existing community access program. The program must emphasize support for the client so they are able to participate in activities that integrate them into their community and support independent living and skills.

(ii) Beginning in fiscal year 2012, a processing fee of $2,750 shall be charged to each adult family home when the home is initially licensed. This fee is nonrefundable.

(j) Clients with developmental disabilities have demonstrated a need and a desire for a day services program as verified by over 900 clients currently accessing day programs through a long-term care service model. In addition, every individual, to include those with a developmental disability, should have the opportunity for meaningful employment which allows them to contribute to their communities and to become as self-sufficient as possible. Providing choice empowers recipients of publicly funded services and their families by expanding their degree of control over the services and supports they need.

The appropriations in this section are subject to the following conditions and limitations:

(1) For purposes of implementing chapter 74.46 RCW, the weighted average nursing facility payment rate shall not exceed $170.37 for fiscal year 2012 and shall not exceed ($171.09) $171.59 for fiscal year 2013, including the rate add-ons described in (a) and (b) of this subsection. However, if the waiver requested from the federal centers for medicare and medicaid services in relation to the safety net assessment created by Engrossed Substitute Senate Bill No. 5581 (nursing home payments) is for any reason not approved and implemented, the weighted average nursing facility payment rate shall not exceed $159.87 for fiscal year 2012 and shall not exceed (($160.93)) $161.29 for fiscal year 2013. There will be no adjustments for economic trends and conditions in fiscal years 2012 and 2013. The economic trends and conditions factor or factors defined in the biennial appropriations act shall not be compounded with the economic trends and conditions factor or factors defined in any other biennial appropriations acts before applying it to the component rate allocations established in accordance with chapter 74.46 RCW. When no economic trends and conditions factor for either fiscal year is defined in a biennial appropriations act, no economic trends and conditions factor or factors defined in any earlier biennial appropriations act shall be applied solely or compounded to the component rate allocations established in accordance with chapter 74.46 RCW.

(a) Within the funds provided, the department shall continue to provide an add-on per medicaid resident day per facility not to exceed $1.57. The add-on shall be used to increase wages, benefits, and/or staffing levels for certified nurse aides; or to increase wages and/or benefits for dietary aides, housekeepers, laundry aides, or any other category of worker whose statewide average dollars-per-hour wage was less than $15 in calendar year 2008, according to cost report data. The add-on may also be used to address resulting wage compression for related job classes immediately affected by wage increases to low-wage workers. The department shall continue reporting requirements and a settlement process to ensure that the funds are spent according to this subsection.

(b) The department shall do a comparative analysis of the facility-based payment rates calculated on July 1, 2012, using the payment methodology defined in chapter 74.46 RCW and as funded in the omnibus appropriations act, excluding the comparative add-on, acuity add-on, and safety net reimbursement, to the facility-based payment rates in effect June 30, 2010. If the facility-based payment rate calculated on July 1, 2012, is smaller than the facility-based payment rate on June 30, 2010, then the difference shall be provided to the individual nursing facilities as an add-on payment per medicaid resident day.

(c) During the comparative analysis performed in subsection (b) of this section, if it is found that the direct care rate for any facility calculated using the payment methodology defined in chapter 74.46 RCW and as funded in the omnibus appropriations act, excluding the comparative add-on, acuity add-on, and safety net reimbursement, is greater than the direct care rate in effect on June 30, 2010, then the facility shall receive a ten percent direct care rate add-on to compensate that facility for taking on more acute clients than they have in the past.

(d) The department shall provide a medicaid rate add-on to reimburse the medicaid share of the skilled nursing facility safety net assessment as a medicaid allowable cost. The nursing facility safety net rate add-on may not be included in the calculation of the annual statewide weighted average nursing facility payment rate.

(13) $6,000,000 of the general fund--federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the health care authority's discretion. During either the interim cost settlement or the final cost settlement, the health care authority shall recoup from the public hospital districts the supplemental payments that
exceed the medicaid cost limit and/or the medicare upper payment limit. The health care authority shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

(14) The health care authority shall continue the inpatient hospital certified public expenditures program for the 2011-2013 fiscal biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The health care authority shall submit reports to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2012 and fiscal year 2013, hospitals in the program shall be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2011-13 biennial operating appropriations act and in effect on July 1, 2011, (b) one half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2011-13 biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of the amount the hospital must repay the excess amounts to the state when requested.

In order to achieve the twelve percent reduction in emergency room expenditures in the fiscal year 2013 appropriations provided in this section, the authority, in consultation with the Washington state hospital association, the Washington state medical association, and the Washington chapter of the American college of emergency physicians shall designate best practices and performance measures to reduce medically unnecessary emergency room visits of medicaid clients. The Washington state hospital association, the Washington state medical association, and the Washington chapter of the American college of emergency physicians will work with the authority to promote these best practices. The best practices and performance measures shall consist of the following items:

(a) Adoption of a system to exchange patient information among emergency room departments on a regional or statewide basis;

(b) Active dissemination of patient educational materials produced by the Washington state hospital association, Washington state medical association, and the Washington chapter of the American college of emergency physicians that instruct patients on appropriate facilities for nonemergency health care needs;

The authority must develop feedback reports that include timely emergency room utilization data such as visit rates, medically unnecessary visit rates (by hospital and by client), emergency department imaging utilization rates, and other measures as needed. The authority may utilize the Robert Bree collaborative for assistance related to this best practice.

The requirements for best practices for a critical access hospital should not include adoption of a system to exchange patient information if doing so would pose a financial burden, and should not include requirements related to the authority's patient review and coordination program if the volume of those patients seen at the critical access hospital are small. Hospitals participating in this medicare best practices program shall submit to the authority a declaration from executive level leadership indicating hospital adoption of and compliance with the best practices enumerated above. The authority shall submit a list of declaring hospitals to the relevant committees of the legislature by July 15, 2012.

If the authority does not receive by July 1, 2012, declarations from hospitals representing at least seventy-five percent of emergency room visits by medicaid clients in fiscal year 2010, the authority may implement a policy of nonpayment of medically unnecessary emergency room visits, with appropriate client and clinical safeguards such as exemptions and expedited prior authorization. The authority shall by January 15, 2013, perform a preliminary fiscal analysis of trends in implementing the best practices in this subsection, focusing on outlier hospitals with high rates of unnecessary visits by medicaid clients, high emergency room visit rates for patient review and coordination clients, low rates of completion of treatment plans for patient review and coordination clients assigned to the hospital, and high rates of prescribed long-acting opiates. In cooperation with the leadership of the hospital, medical, and emergency physician associations, additional efforts shall be focused on assisting those outlier hospitals and providers to achieve more substantial savings. The authority by January 15, 2013, will report to the legislature about whether assumed savings based on preliminary trend and forecasted data are on target and if additional best practices or other actions need to be implemented.

If necessary, pursuant to RCW 34.05.350(1)(c), the authority may employ emergency rulemaking to achieve the reductions assumed in the appropriations under this section.

Nothing in this subsection shall in any way impact the authority's ability to adopt and implement policies pertaining to the patient review and coordination program.

(46) The health care authority shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The health care authority may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the health care authority receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

The department of social and health services' programs responsible for administration of mental health, child welfare, and juvenile justice programs will coordinate with the health care authority on the development, implementation, and maintenance of this program. The total state match for enrollees who are dually-eligible for both medicare and medicaid and not enrolled in managed care shall be no more than the net savings to the state from the enhanced match rate for its medicaid-only managed care enrollees under section 2703.

(48) The health care authority shall participate in the work group established by the department of corrections in section 220(2) of this act to review release options for elderly and infirm offenders. The criminal justice training commission may not run a basic law enforcement academy class of fewer than 30 students.

(49) $208,000 of the general fund--state appropriation for fiscal year 2013 and $728,000 of the general fund--federal appropriation are provided solely for the rebasing of outpatient and inpatient payment methods.

NEW SECTION. Sec. 968. (1) The legislature finds that Washington families, workers, and employers continue to struggle to make ends meet. As families and employers have streamlined their budgets and services, so should state government. Government continues to increase the burden on citizens and employers through perpetual alteration and expansion of rules. During 2012, an estimated 1,129 new sections to the Washington Administrative Code were permanently adopted. 2,211 sections were permanently amended. 393 emergency rule filings were made, and 961 sections were permanently repealed. A total of 5,511 pages of permanent rule changes were made and 2,398 pages of emergency rules were adopted. The constant changing of rules provides uncertainty to citizens and employers and adds additional costs to taxpayers as agencies hold public meetings and telephone conferences, and employees spend untold hours working on drafts for rules. Furthermore, continual proposal of new rules distracts employers from being productive in their respective enterprises due to a need to comment against these proposed rules. Most agencies do not track the number of hours employees spend on rule making nor do they track the cost to the agency to do this task. One way to reduce millions of dollars in employee and administrative costs is to impose a moratorium on formal and informal rule making by state agencies except in certain specified instances. This moratorium is to last for three years or until the state is no longer facing financial deficits.

(2) For state agencies provided appropriation authority under this act, no appropriations under this act shall be used for agency rule making during the 2013-15 biennium, except in the following cases:

(a) A rule is needed to implement a federal law and the rule is not more stringent than federal law;

(b) A rule is needed to implement the terms of a governor-declared state of emergency;

(c) A rule is needed by the department of health to respond to a public health emergency;

(d) A rule is needed to set the times for the taking of wildlife, fish, or shellfish pursuant to RCW 77.12.047(1) or 77.04.055(2); or

(e) Legislation enacted after January 1, 2013, specifically directs that rulemaking be undertaken. Rules adopted under this subsection (2)(c) during the 2013-15 biennium must be approved by the legislature in the ensuing legislative session before the rule may take effect.

(3) This section does not prohibit an agency from repealing rules.

NEW SECTION. Sec. 969. RCW 34.05.328 and 2011 c 298 s 21 and 2011 c 149 s 1 are each reenacted and amended to read as follows:

(1) Before adopting a rule described in subsection (((5a))) (b) of this section, an agency must:

(a) Clearly state in detail the general goals and specific objectives of the statute that the rule implements;

(b) Determine that the rule is needed to achieve the general goals and specific objectives stated under (a) of this subsection, and analyze alternatives to rule making and the consequences of not adopting the rule;

(c) Provide notification in the notice of proposed rule making under RCW 34.05.320 that a preliminary cost-benefit analysis is available. The preliminary cost-benefit analysis must fulfill the requirements of the cost-benefit analysis under (d) of this subsection. If the agency files a supplemental notice under RCW 34.05.340, the supplemental notice must include notification that a revised preliminary cost-benefit analysis is available. A final cost-benefit analysis must be available when the rule is adopted under RCW 34.05.360;

(d) Determine that the probable benefits of the rule are greater than its probable costs, taking into account both the qualitative and quantitative benefits and costs and the specific directives of the statute being implemented;

(e) Determine, after considering alternative versions of the rule and the analysis required under (b), (c), and (d) of this subsection, that the rule being adopted is the least burdensome alternative for those required to comply with it that will achieve the general goals and specific objectives stated under (a) of this subsection;

(f) Determine that the rule does not require those to whom it applies to take an action that violates requirements of another federal or state law;

(g) Determine that the rule does not impose more stringent performance requirements on private entities than on public entities unless required to do so by federal or state law;

(h) Determine if the rule differs from any federal regulation or statute applicable to the same activity or subject matter and, if so, determine that the difference is justified by the following:

(i) A state statute that explicitly allows the agency to differ from federal standards; or
(ii) Substantial evidence that the difference is necessary to achieve the general goals and specific objectives stated under (a) of this subsection; (((4)))

(i) Coordinate the rule, to the maximum extent practicable, with other federal, state, and local laws applicable to the same activity or subject matter and

(j) For the 2013-15 biennium, receive the governor's signature on the final rule.

(2) In making its determinations pursuant to subsection (1)(a) through (h) of this section, the agency must place in the rule-making file documentation of sufficient quantity and quality so as to persuade a reasonable person that the determinations are justified.

(3) Before adopting rules described in subsection (((5))) (6) of this section, an agency must place in the rule-making file a rule implementation plan for rules filed under each adopting order. The plan must describe how the agency intends to:

(a) Implement and enforce the rule, including a description of the resources the agency intends to use;
(b) Inform and educate affected persons about the rule;
(c) Promote and assist voluntary compliance; and
(d) Evaluate whether the rule achieves the purpose for which it was adopted, including, to the maximum extent practicable, the use of interim milestones to assess progress and the use of objectively measurable outcomes.

(4) For the 2013-15 biennium, the adoption of rules described in subsection (5) of this section must be made before December 1st of any year, and the rules may not take effect before the end of the regular legislative session in the next year.

(5) After adopting a rule described in subsection (((5))) (6) of this section regulating the same activity or subject matter as another provision of federal or state law, an agency must do all of the following:

(i) Deferring to the other entity;
(ii) Designating a lead agency; or
(iii) Entering into an agreement with the other entities specifying how the agency and entities will coordinate implementation and enforcement.

If the agency is unable to comply with this subsection (((4))) (5)(a), the agency must report to the legislature pursuant to (b) of this subsection;

(b) Report to the joint administrative rules review committee:

(i) The existence of any overlap or duplication of other federal or state laws, any differences from federal law, and any known overlap, duplication, or conflict with local laws; and
(ii) Make recommendations for any legislation that may be necessary to eliminate or mitigate any adverse effects of such overlap, duplication, or difference.

(5)(a) Except as provided in (b) of this subsection, this section applies to:

(i) Significant legislative rules of the departments of ecology, labor and industries, health, revenue, social and health services, and natural resources, the employment security department, the forest practices board, the office of the insurance commissioner, and to the legislative rules of the department of fish and wildlife implementing chapter 77.55 RCW; and

(ii) Any rule of any agency, if this section is voluntarily made applicable to the rule by the agency, or is made applicable to the rule by a majority vote of the joint administrative rules review committee within forty-five days of receiving the notice of proposed rule making under RCW 34.05.320.

(b) This section does not apply to:

(i) Emergency rules adopted under RCW 34.05.350;
(ii) Rules relating only to internal governmental operations that are not subject to violation by a nongovernment party;
(iii) Rules adopting or incorporating by reference without material change federal statutes or regulations, Washington state statutes, rules of other Washington state agencies, shoreline master programs other than those programs governing shorelines of statewide significance, or, as referenced by Washington state law, national consensus codes that generally establish industry standards, if the material adopted or incorporated regulates the same subject matter and conduct as the adopting or incorporating rule;
(iv) Rules that only correct typographical errors, make address or name changes, or clarify language of a rule without changing its effect;
(v) Rules the content of which is explicitly and specifically dictated by statute;
(vi) Rules that set or adjust fees under the authority of RCW 19.02.075 or that set or adjust fees or rates pursuant to legislative standards, including fees set or adjusted under the authority of RCW 19.80.045;
(vii) Rules of the department of social and health services relating only to client medical or financial eligibility and rules concerning liability for care of dependents; or
(viii) Rules of the department of revenue that adopt a uniform expiration date for reseller permits as authorized in RCW 82.32.780 and 82.32.783.

(c) For purposes of this subsection:

(i) A "procedural rule" is a rule that adopts, amends, or repeals (A) any procedure, practice, or requirement relating to any agency hearings; (B) any filing or related process requirement for making application to an agency for a license or permit; or (C) any policy statement pertaining to the consistent internal operations of an agency.

(ii) An "interpretive rule" is a rule, the violation of which does not subject a person to a penalty or sanction, that sets forth the agency's interpretation of statutory provisions it administers.

(iii) A "significant legislative rule" is a rule other than a procedural or interpretive rule that (A) adopts substantive provisions of law pursuant to delegated legislative authority, the violation of which subjects a violator of such rule to a penalty or sanction; (B) establishes, alters, or revokes any qualification or standard for the issuance, suspension, or revocation of a license or permit; or (C) adopts a new, or makes significant amendments to, a policy or regulatory program.

(d) In the notice of proposed rule making under RCW 34.05.320, an agency must state whether this section applies to the proposed rule pursuant to (a)(i) of this subsection, or if the agency will apply this section voluntarily.

(6) By January 31, 1996, and by January 31st of each even-numbered year thereafter, the office of regulatory assistance, after consulting with state agencies, counties, and cities, and business, labor, and environmental organizations, must report to the governor and the legislature regarding the effects of this section on the regulatory system in this state. The report must document:

(a) The rules proposed to which this section applied and to the extent possible, how compliance with this section affected the substance of the rule, if any, that the agency ultimately adopted;
(b) The costs incurred by state agencies in complying with this section;
(c) Any legal action maintained based upon the alleged failure of any agency to comply with this section, the costs to the state of such action, and the result;
connection to the violation to prevent future violations.

(2) For state agencies provided appropriation authority under this act, an agency may not issue a fine or impose a penalty on a person during the 2013-15 biennium if:

(a) An inspection is approved by an official of the agency requiring the inspection and a subsequent reevaluation of the approved inspection by the regulating agency identifies a violation by the regulated party; or

(b) Documentation required under an agency’s reporting requirements is submitted to the agency by a regulated party and is accepted and approved by the regulating agency and a subsequent reevaluation of the approved documentation identifies a violation based on failure to provide required documentation or information.

(3) During the 2013-15 biennium, a rule may not authorize the imposition of a civil fine on a person based on the following circumstances if:

(a) An inspection is approved by an official of the agency requiring the inspection and a subsequent reevaluation of the approved inspection by the regulating agency identifies a violation by the regulated party; or

(b) Documentation required under an agency’s reporting requirements is submitted to the agency by a regulated party and is accepted and approved by the regulating agency and a subsequent reevaluation of the approved documentation identifies a violation based on failure to provide required documentation or information.

(4) For the 2013-15 biennium, violations identified after an inspection or documentation has been approved may be remedied through technical assistance provided to the regulated party allowing correction of the circumstances of the violation for future reporting periods or inspections.

NEW SECTION. Sec. 971. After August 1, 2013 and until June 30, 2015, rules adopted by agencies must be based upon a specific grant of legislative authority for each rule as explicitly set forth in statute. Such rules must include the citation of the specific statutory sections from which the authority is derived, and may not be based solely upon the statute’s intent or the general enabling statutes authorizing the activities of the agency.

NEW SECTION. Sec. 972. During the 2013-15 biennium, the State Parks and Recreation Commission, the Washington Department of Fish and Wildlife Commission, and the Department of Natural Resources are required to coordinate their respective agency land use plans with all applicable local government officials. The coordination of plans must occur in the plan development stage, along with the plan revision and implementation stages. At a minimum, all three agencies are required to keep apprised of all relevant local and tribal land use ordinances and plans, strive to ensure state policies and actions are consistent with local land use plans, assist in resolving inconsistencies between state and local land use policies, and provide meaningful public involvement, access to the agency director, and early notice of agency actions to local government officials. The agencies are required to report to the Legislature any instances that arise causing the agency to be incapable of compliance with local plans and ordinances because of conflicting statutory limitations or responsibilities.

NEW SECTION. Sec. 973. (1) During the 2013-15 biennium, agencies must provide to any business licensed to do business in the state of Washington a period of at least five business days to correct any violation of state law or agency rule before the agency may impose any fines, civil penalties, or administrative sanctions. If no correction is possible, this subsection does not apply.

(2) Exceptions to requirements of subsection (1) of this section may be made for any of the following reasons:

(a) The agency head determines that the effect of the violation or waiver presents a direct danger to the public health, poses a potentially significant threat to human health or safety, or causes serious harm to the public interest;

(b) The order is one to cease and desist an activity that violates a statute or rule protecting public health or safety, the environment, or would cause serious harm to the public interest;

(c) The violation involves a knowing or willful violation;

(d) The violation is of a requirement concerning the assessment, collection, or administration of any tax, tax program, debt, revenue, receipt, a regulated entity’s financial filings, or insurance rate or form filing;

(e) The requirements in this section are in conflict with federal law or program requirements, federal requirements that are a prescribed condition to the allocation of federal funds to the state, or the requirements for eligibility of employers in this state for federal unemployment tax credits, as determined by the agency head;

(f) The business committing the violation previously violated the exact or substantially similar requirement; or

(g) The owner or operator of the business committing the violation owns or operates, or owned or operated a different business that previously violated a substantially similar requirement.

(3) This section does not prohibit an agency from waiving fines, civil penalties, or administrative sanctions incurred by a business for a violation.

(4) This section may be construed to diminish the responsibility for any citizen or business to apply for and obtain a permit, license, or authorizing document that is required to engage in a regulated activity, or otherwise comply with state or federal law.

(5) This section may not be construed to apply to businesses required to provide accurate and complete information and documentation in relation to any claim for payment of state or federal funds or who are licensed or certified to provide care and services to vulnerable adults or children.

(6) This section does not affect the attorney general’s authority to impose fines, civil penalties, or administrative sanctions as otherwise authorized by law; nor does this section affect the attorney general’s authority to enforce the consumer protection act, chapter 19.86 RCW."

Representatives Taylor, Orcutt and Smith spoke in favor of the adoption of the amendment to the committee amendment.
Representative Hunter spoke against the adoption of the amendment to the committee amendment.

Amendment (388) to the committee amendment was not adopted.

Representative Pke moved the adoption of amendment (395) to the committee amendment.

On page 241, after line 18, insert the following:

"NEW SECTION. Sec. 968. A new section is added to chapter 70.94 RCW to read as follows:

(1) For the 2013-15 biennium, all decisions on applications under this chapter must be completed and the decision returned to the applicant within ninety days of submitting the application. If the ninety-day deadline is not satisfied, the applicant may file a motion in the appropriate superior court requesting court approval of the application.

(2) If the application is denied either within or after the ninety-day decision period under subsection (1) of this section, the applicant may file a motion in the appropriate superior court requesting the court to overturn the decision. This subsection applies notwithstanding, and as an alternative to, any other provision of law establishing appeal procedures. Applicants choosing to utilize this appeal authority are deemed to have satisfied all administrative remedies.

Sec. 969. RCW 70.94.181 and 1991 c 199 s 306 are each amended to read as follows:

(1) Any person who owns or is in control of any plant, building, structure, establishment, process or equipment may apply to the department ((of ecology)) or appropriate local authority board for a variance from rules or regulations governing the quality, nature, duration or extent of discharges of air contaminants. The application shall be accompanied by such information and data as the department ((of ecology)) or board may require. The department ((of ecology)) or board may grant such variance, provided that variances to state rules shall require the department ((of ecology)) or board may prescribe.

(2) Compliance with the rules or regulations from which variance is sought would produce serious hardship without equal or greater benefits to the public.

(3) Any variance or renewal thereof shall be granted within the requirements of subsection (1) of this section and under conditions consistent with the reasons therefor, and within the following limitations:

(a) If the variance is granted on the ground that there is no practicable means known or available for the adequate prevention, abatement, or control of the pollution involved, it shall be only until the necessary means for prevention, abatement, or control become known and available, and subject to the taking of any substitute or alternate measures that the department ((of ecology)) or board may prescribe.

(b) If the variance is granted on the ground that compliance with the particular requirement or requirements from which variance is sought will require the taking of measures which, because of their extent or cost, must be spread over a considerable period of time, it shall be for a period not to exceed such reasonable time as, in the view of the department ((of ecology)) or board is requisite for the taking of the necessary measures. A variance granted on the ground specified herein shall contain a timetable for the taking of action in an expeditious manner and shall be conditioned on adherence to such timetable.

(c) If the variance is granted on the ground that it is justified to relieve or prevent hardship of a kind other than that provided for in (a) and (b) of this subsection, it shall be for not more than one year.

(4) Any variance granted pursuant to this section may be renewed on terms and conditions and for periods which would be appropriate on initial granting of a variance. If complaint is made to the department ((of ecology)) or board on account of the variance, no renewal thereof shall be granted unless following a public hearing on the complaint on due notice the department or board finds that renewal is justified. No renewal shall be granted except on application therefor. Any such application shall be made at least sixty days prior to the expiration of the variance. Immediately upon receipt of an application for renewal, the department ((of ecology)) or board shall give public notice of such application in accordance with rules of the department ((of ecology)) or board.

(5) A variance or renewal shall not be a right of the applicant or holder thereof but shall be granted at the discretion of the department ((of ecology)) or board. However, any applicant adversely affected by the denial or the terms and conditions of the granting of an application for a variance or renewal of a variance by the department ((of ecology)) or board may obtain judicial review thereof under the provisions of chapter 34.05 RCW as now or hereafter amended.

(6) Nothing in this section and no variance or renewal granted pursuant hereto shall be construed to prevent or limit the application of the emergency provisions and procedures of RCW 70.94.710 through 70.94.730 to any person or his or her property.

(7) An application for a variance, or for the renewal thereof, submitted to the department ((of ecology)) or board pursuant to this section shall be approved or disapproved by the department or board within sixty-five days of receipt unless the applicant and the department ((of ecology)) or board agree to a continuance.

(8) Variances approved under this section shall not be included in orders or permits provided for in RCW 70.94.161 or 70.94.152 until such time as the variance has been accepted by the United States environmental protection agency as part of an approved state implementation plan.

(9)(a) For the 2013-15 biennium, all decisions on variances under this section must be completed and the decision returned to the applicant within ninety days of submitting the application. If the ninety-day deadline is not satisfied, the applicant may file a motion in the appropriate superior court requesting court approval of the application.

(b) If the application is denied either within or after the ninety-day decision period, the applicant may file a motion in the appropriate superior court requesting the court to overturn the decision. This subsection applies notwithstanding, and as an alternative to, any other provision of law establishing appeal procedures. Applicants choosing to utilize this appeal authority are deemed to have satisfied all administrative remedies.

Sec. 970. RCW 76.09.060 and 2012 1st sp.s. c 1 s 206 are each amended to read as follows:

(1) The department shall prescribe the form and contents of the notification and application. The forest practices rules shall specify by whom and under what conditions the
notification and application shall be signed or otherwise certified as acceptable. Activities conducted by the department or a contractor under the direction of the department under the provisions of RCW 76.04.660, shall be exempt from the landowner signature requirement on any forest practices application required to be filed. The application or notification shall be delivered in person to the department, sent by first-class mail to the department or electronically filed in a form defined by the department. The form for electronic filing shall be readily convertible to a paper copy, which shall be available to the public pursuant to chapter 42.56 RCW. The information required may include, but is not limited to:

(a) Name and address of the forest landowner, timber owner, and operator;
(b) Description of the proposed forest practice or practices to be conducted;
(c) Legal description and tax parcel identification numbers of the land on which the forest practices are to be conducted;
(d) Planimetric and topographic maps showing location and size of all lakes and streams and other public waters in and immediately adjacent to the operating area and showing all existing and proposed roads and major tractor roads;
(e) Description of the silvicultural, harvesting, or other forest practice methods to be used, including the type of equipment to be used and materials to be applied;
(f) For an application or notification submitted on or after July 10, 2012, that includes a forest practices hydraulic project, plans and specifications for the forest practices hydraulic project to ensure the proper protection of fish life;
(g) Proposed plan for reforestation and for any revegetation necessary to reduce erosion potential from roadsides and yarding roads, as required by the forest practices rules;
(h) Soil, geological, and hydrological data with respect to forest practices;
(i) The expected dates of commencement and completion of all forest practices specified in the application;
(j) Provisions for continuing maintenance of roads and other construction or other measures necessary to afford protection to public resources;
(k) An affirmation that the statements contained in the notification or application are true; and
(l) All necessary application or notification fees.
(2) Long range plans may be submitted to the department for review and consultation.
(3) The application for a forest practice or the notification of a forest practice is subject to the reforestation requirement of RCW 76.09.070.

(a) If the application states that any land will be or is intended to be converted:
(i) The reforestation requirements of this chapter and of the forest practices rules shall not apply if the land is in fact converted unless applicable alternatives or limitations are provided in forest practices rules issued under RCW 76.09.070;
(ii) Completion of such forest practice operations shall be deemed conversion of the lands to another use for purposes of chapters 84.33 and 84.34 RCW unless the conversion is to a use permitted under a current use tax agreement permitted under chapter 84.34 RCW;
(iii) The forest practices described in the application are subject to applicable county, city, town, and regional governmental authority permitted under RCW 76.09.240 as well as the forest practices rules.
(b) Except as provided elsewhere in this section, if the landowner harvests without an approved application or notification or the landowner does not state that any land covered by the application or notification will be or is intended to be converted, and the department or the county, city, town, or regional governmental entity becomes aware of conversion activities to a use other than commercial timber operations, as that term is defined in RCW 76.09.020, then the department shall send to the department of ecology and the appropriate county, city, town, and regional governmental entities the following documents:
(i) A notice of a conversion to nonforestry use;
(ii) A copy of the applicable forest practices application or notification, if any; and
(iii) Copies of any applicable outstanding final orders or decisions issued by the department related to the forest practices application or notification.
(c) Failure to comply with the reforestation requirements contained in any final order or decision shall constitute a removal of designation under the provisions of RCW 84.33.140, and a change of use under the provisions of RCW 84.34.080, and, if applicable, shall subject such lands to the payments and/or penalties resulting from such removals or changes.
(d) Conversion to a use other than commercial forest product operations within six years after approval of the forest practices application or notification without the consent of the county, city, or town shall constitute a violation of each of the county, municipal city, town, and regional authorities to which the forest practice operations would have been subject if the application had stated an intent to convert.
(e) Land that is the subject of a notice of conversion to a nonforestry use produced by the department and sent to the department of ecology and a local government under this subsection is subject to the development prohibition and conditions provided in RCW 76.09.460.
(f) Landowners who have not stated an intent to convert the land covered by an application or notification and who decide to convert the land to a nonforestry use within six years of receiving an approved application or notification must do so in a manner consistent with RCW 76.09.470.
(g) The application or notification must include a statement requiring an acknowledgment by the forest landowner of his or her intent with respect to conversion and acknowledging that he or she is familiar with the effects of this subsection.
(4) Whenever an approved application authorizes a forest practice which, because of soil condition, proximity to a water course or other unusual factor, has a potential for causing material damage to a public resource, as determined by the department, the applicant shall, when requested on the approved application, notify the department two days before the commencement of actual operations.
(5) Before the operator commences any forest practice in a manner or to an extent significantly different from that described in a previously approved application or notification, there shall be submitted to the department a new application or notification form in the manner set forth in this section.
(6)(a) Except as provided in RCW 76.09.350(4), the notification to or the approval given by the department to an application to conduct a forest practice shall be effective for a term of three years from the date of approval or notification.
(b) A notification or application may be renewed for an additional three-year term by the filing and approval of a notification or application, as applicable, prior to the expiration of the original application or notification. A renewal application or notification is subject to the forest practices rules in effect at the time the renewal application or notification is filed. Nothing in this section precludes the applicant from applying for a new application or notification after the renewal period has lapsed.
(c) At the option of the applicant, an application or notification may be submitted to cover a single forest practice or a number of forest practices within reasonable geographic or political boundaries as specified by the department. An application or notification that covers more than one forest practice may have an effective term of more than three years.

(d) The board shall adopt rules that establish standards and procedures for approving an application or notification that has an effective term of more than three years. Such rules shall include extended time periods for application or notification approval or disapproval. The department may require the applicant to provide advance notice before commencing operations on an approved application or notification.

(7) Notwithstanding any other provision of this section, no prior application or notification shall be required for any emergency forest practice necessitated by fire, flood, windstorm, earthquake, or other emergency as defined by the board, but the operator shall submit an application or notification, whichever is applicable, to the department within forty-eight hours after commencement of such practice or as required by local regulations.

(8) Forest practices applications or notifications are not required for forest practices conducted to control exotic forest insect or disease outbreaks, when conducted by or under the direction of the department of agriculture in carrying out an order of the governor or director of the department of agriculture to implement pest control measures as authorized under chapter 17.24 RCW, and are not required when conducted by or under the direction of the department in carrying out emergency measures under a forest health emergency declaration by the commissioner of public lands as provided in RCW 76.06.130.

(a) For the purposes of this subsection, exotic forest insect or disease has the same meaning as defined in RCW 76.06.020.

(b) In order to minimize adverse impacts to public resources, control measures must be based on integrated pest management, as defined in RCW 17.15.010, and must follow forest practices rules relating to road construction and maintenance, timber harvest, and forest chemicals, to the extent possible without compromising control objectives.

(c) Agencies conducting or directing control efforts must provide advance notice to the appropriate regulatory staff of the department of the operations that would be subject to exemption from forest practices application or notification requirements.

(d) When the appropriate regulatory staff of the department are notified under (c) of this subsection, they must consult with the landowner, interested agencies, and affected tribes, and assist the notifying agencies in the development of integrated pest management plans that comply with forest practices rules as required under (b) of this subsection.

(e) Nothing under this subsection relieves the permitting biologist assigned to the location in which the exotic forest insect or disease control effort is conducted of the responsibility to ensure the protection of fish life.

(f) Forest lands where trees have been cut as part of an exotic forest insect or disease control effort under this subsection are subject to reforestation requirements under RCW 76.09.070.

(g) The exemption from obtaining approved forest practices applications or notifications does not apply to forest practices conducted after the governor, the director of the department of agriculture, or the commissioner of public lands have declared that an emergency no longer exists because control objectives have been met, that there is no longer an imminent threat, or that there is no longer a good likelihood of control.

(9)(a) For the 2013-15 biennium, all decisions on applications or notifications under this section must be completed and the decision returned to the applicant within ninety days of submitting the application. If the ninety-day deadline is not satisfied, the applicant may file a motion in the appropriate superior court requesting court approval of the application.

(b) If the application is denied either within or after the ninety-day decision period, the applicant may file a motion in the appropriate superior court requesting court approval of the application.
emergency occurs, to the department's regional office in which the emergency occurs, or to the department's headquarters office.

(6) Except as provided for emergency permits in subsection (((12))) (13) of this section, the department may not proceed with permit review until all fees are paid in full as required in RCW 77.55.321.

(7)(a) Protection of fish life is the only ground upon which approval of a permit may be denied or conditioned. Approval of a permit may not be unreasonably withheld or unreasonably conditioned.

(b) Except as provided in this subsection and subsections (((12) through (14) and (16))) (13), (15), and (16) of this section, the department has forty-five calendar days upon receipt of a complete application to grant or deny approval of a permit. The forty-five day requirement is suspended if:

(i) After ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project;
(ii) The site is physically inaccessible for inspection;
(iii) The applicant requests a delay; or
(iv) The department is issuing a permit for a storm water discharge and is complying with the requirements of RCW 77.55.161(3)(b).

(c) Immediately upon determination that the forty-five day period is suspended under (b) of this subsection, the department shall notify the applicant in writing of the reasons for the delay.

(d) The period of forty-five calendar days may be extended if the permit is part of a multiagency permit streamlining effort and all participating permitting agencies and the permit applicant agree to an extended timeline longer than forty-five calendar days.

(8) If the department denies approval of a permit, the department shall provide the applicant a written statement of the specific reasons why and how the proposed project would adversely affect fish life.

(a) Except as provided in (b) of this subsection, issuance, denial, conditioning, or modification of a permit shall be appealable to the board within thirty days from the date of receipt of the decision as provided in RCW 43.21B.230.

(b) Issuance, denial, conditioning, or modification of a permit may be informally appealed to the department within thirty days from the date of receipt of the decision. Requests for informal appeals must be filed in the form and manner prescribed by the department by rule. A permit decision that has been informally appealed to the department is appealable to the board within thirty days from the date of receipt of the department's decision on the informal appeal.

(9)(a) Notwithstanding the forty-five day decision timeline required in this section, for the 2013-15 biennium, all decisions on applications under this section must be completed and the decision returned to the applicant no longer than ninety days of submitting the application. If the ninety-day deadline is not satisfied, the applicant may file a motion in the appropriate superior court requesting court approval of the application.

(b) If the application is denied either within or after the ninety-day decision period, the applicant may file a motion in the appropriate superior court requesting the court to overturn the decision. This subsection applies notwithstanding, and as an alternative to, any other provision of law establishing appeal procedures. Applicants choosing to utilize this appeal authority are deemed to have satisfied all administrative remedies.

(10)(a) The permittee must demonstrate substantial progress on construction of that portion of the project relating to the permit within two years of the date of issuance.

(b) Approval of a permit is valid for up to five years from the date of issuance, except as provided in (c) of this subsection and in RCW 77.55.151.

(c) A permit remains in effect without need for periodic renewal for hydraulic projects that divert water for agricultural irrigation or stock watering purposes that involve seasonal construction or other work. A permit for streambank stabilization projects to protect farm and agricultural land as defined in RCW 84.34.020 remains in effect without need for periodic renewal if the problem causing the need for the streambank stabilization occurs on an annual or more frequent basis. The permittee must notify the appropriate agency before commencing the construction or other work within the area covered by the permit.

(((10))) (11) The department may, after consultation with the permittee, modify a permit due to changed conditions. A modification under this subsection is not subject to the fees provided under RCW 77.55.321. The modification is appealable as provided in subsection (8) of this section. For a hydraulic project that diverts water for agricultural irrigation or stock watering purposes, when the hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020, the burden is on the department to show that changed conditions warrant the modification in order to protect fish life.

(((11))) (12) A permittee may request modification of a permit due to changed conditions. The request must be processed within forty-five calendar days of receipt of the written request and payment of applicable fees under RCW 77.55.321. A decision by the department is appealable as provided in subsection (8) of this section. For a hydraulic project that diverts water for agricultural irrigation or stock watering purposes when the hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020, the burden is on the permittee to show that changed conditions warrant the requested modification and that such a modification will not impair fish life.

(((12))) (13)(a) The department, the county legislative authority, or the governor may declare and continue an emergency. If the county legislative authority declares an emergency under this subsection, it shall immediately notify the department. A declared state of emergency by the governor under RCW 43.06.010 shall constitute a declaration under this subsection.

(b) The department, through its authorized representatives, shall issue immediately, upon request, verbal approval for a stream crossing, or work to remove any obstructions, repair existing structures, restore streambanks, protect fish life, or protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written permit prior to commencing work. Conditions of the emergency verbal permit must be reduced to writing within thirty days and complied with as provided for in this chapter.

(c) The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

(d) The department may not charge a person requesting an emergency permit any of the fees authorized by RCW 77.55.321 until after the emergency permit is issued and reduced to writing.

(((13))) (14) All state and local agencies with authority under this chapter to issue permits or other authorizations in connection with emergency water withdrawals and facilities authorized under RCW 43.83B.410 shall expedite the processing of such permits or authorizations in keeping with the emergency
nature of such requests and shall provide a decision to the applicant within fifteen calendar days of the date of application. The county legislative authority may determine an imminent danger exists. In cases of, it determines that an imminent danger exists. In cases of, the department shall issue an expedited written permit, upon request, for work to remove any obstructions, repair existing structures, restore banks, protect fish resources, or protect property. Expedited permit requests require a complete written application as provided in subsection (2) of this section and must be issued within fifteen calendar days of the receipt of a complete written application. Approval of an expedited permit is valid for up to sixty days from the date of issuance. The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

For any property, except for property located on a marine shoreline, that has experienced at least two consecutive years of flooding or erosion that has damaged or has threatened to damage a major structure, water supply system, septic system, or access to any road or highway, the county legislative authority may determine that a chronic danger exists. The county legislative authority shall notify the department, in writing, when it determines that a chronic danger exists. In cases of chronic danger, the department shall issue a permit, upon request, for work necessary to abate the chronic danger by removing any obstructions, repairing existing structures, restoring banks, restoring road or highway access, protecting fish resources, or protecting property. Permit requests must be made and processed in accordance with subsections (2) and (7) of this section.

However, the project is subject to the review process established in RCW 77.55.181(3) as if it were a fish habitat improvement project.

The department may issue an expedited written permit in those instances where normal permit processing would result in significant hardship for the applicant or unacceptable damage to the environment. Expedited permit requests require a complete written application as provided in subsection (2) of this section and must be issued within fifteen calendar days of the receipt of a complete written application. Approval of an expedited permit is valid for up to sixty days from the date of issuance. The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

(3)(a) Following its review of the application, its supporting material, and any information received by the department in its investigation of the application, the department shall issue or deny the operating permit. Sec. 989. RCW 90.03.370 and 2003 c 329 s 1 are each amended to read as follows:

(1) (a) All applications for reservoir permits are subject to the provisions of RCW 90.03.250 through 90.03.320. But the party or parties proposing to apply to a beneficial use the water stored in any such reservoir shall also file an application for a permit, to be known as the secondary permit, which shall be in compliance with the provisions of RCW 90.03.250 through 90.03.320. Such secondary application shall refer to such reservoir as its source of supply and shall show documentary evidence that an agreement has been entered into with the owners of the reservoir for a permanent and sufficient interest in said reservoir to impound enough water for the purposes set forth in said application. When the beneficial use has been completed and perfected under the secondary permit, the department shall take the proof of the water users under such permit and the final certificate of appropriation shall refer to both the ditch and works described in the secondary permit and the reservoir described in the primary permit. The department may accept for processing a single application form covering both a proposed reservoir and a proposed secondary permit or permits for use of water from that reservoir.

(b) The department shall expedite processing applications for the following types of storage proposals:

(i) Development of storage facilities that will not require a new water right for diversion or withdrawal of the water to be stored;

(ii) Adding or changing one or more purposes of use of stored water;

(iii) Adding to the storage capacity of an existing storage facility; and

(iv) Applications for secondary permits to secure use from existing storage facilities.

(c) A secondary permit for the beneficial use of water shall not be required for use of water stored in a reservoir where the water right for the source of the stored water authorizes the beneficial use.

(2) (a) For the 2013-15 biennium, all decisions on applications under this section must be completed and the decision returned to the applicant within ninety days of submitting the application. If the ninety-day deadline is not satisfied, the applicant may file a motion in the appropriate superior court requesting court approval of the application.

(b) If the application is denied either within or after the ninety-day decision period, the applicant may file a motion in the appropriate superior court requesting the court to overturn the
decision. This subsection applies notwithstanding, and as an alternative to, any other provision of law establishing appeal procedures. Applicants choosing to utilize this appeal authority are deemed to have satisfied all administrative remedies.

(3)(a) For the purposes of this section, "reservoir" includes, in addition to any surface reservoir, any naturally occurring underground geological formation where water is collected and stored for subsequent use as part of an underground artificial storage and recovery project. To qualify for issuance of a reservoir permit an underground geological formation must meet standards for review and mitigation of adverse impacts identified, for the following issues:

(i) Aquifer vulnerability and hydraulic continuity;
(ii) Potential impairment of existing water rights;
(iii) Geotechnical impacts and aquifer boundaries and characteristics;
(iv) Chemical compatibility of surface waters and groundwater;
(v) Recharge and recovery treatment requirements;
(vi) System operation;
(vii) Water rights and ownership of water stored for recovery; and
(viii) Environmental impacts.

(b) Standards for review and standards for mitigation of adverse impacts for an underground artificial storage and recovery project shall be established by the department by rule. Notwithstanding the provisions of RCW 90.03.250 through 90.03.320, analysis of each underground artificial storage and recovery project and each underground geological formation for which an applicant seeks the status of a reservoir shall be through applicant-initiated studies reviewed by the department.

(((3))) (4) For the purposes of this section, "underground artificial storage and recovery project" means any project in which it is intended to artificially store water in the ground through injection, surface spreading and infiltration, or other department-approved method, and to make subsequent use of the stored water. However, (a) this subsection does not apply to irrigation return flow, or to operational and seepage losses that occur during the irrigation of land, or to water that is artificially stored due to the construction, operation, or maintenance of an irrigation district project, or to projects involving water reclaimed in accordance with chapter 90.46 RCW; and (b) RCW 90.44.130 applies to those instances of claimed artificial recharge occurring due to the construction, operation, or maintenance of an irrigation district project or operational and seepage losses that occur during the irrigation of land, as well as other forms of claimed artificial recharge already existing at the time a groundwater subarea is established.

(((4))) (5) Nothing in chapter 98, Laws of 2000 changes the requirements of existing law governing issuance of permits to appropriate or withdraw the waters of the state.

(((5))) (6) The department shall report to the legislature by December 31, 2001, on the standards for review and standards for mitigation developed under subsection (((3))) (4) of this section and on the status of any applications that have been filed with the department for underground artificial storage and recovery projects by that date.

(((6))) (7) Where needed to ensure that existing storage capacity is effectively and efficiently used to meet multiple purposes, the department may authorize reservoirs to be filled more than once per year or more than once per season of use.

(((7))) (8) This section does not apply to facilities to recapture and reuse return flow from irrigation operations serving a single farm under an existing water right as long as the acreage irrigated is not increased beyond the acreage allowed to be irrigated under the water right.

(((8))) (9) In addition to the facilities exempted under subsection (((7))) (8) of this section, this section does not apply to small irrigation impoundments. For purposes of this section, "small irrigation impoundments" means lined surface storage ponds less than ten acre feet in volume used to impound irrigation water under an existing water right where use of the impoundment: (a)(i) Facilitates efficient use of water; or (ii) promotes compliance with an approved recovery plan for endangered or threatened species; and (b) does not expand the number of acres irrigated or the annual consumptive quantity of water used. Such ponds must be lined unless a licensed engineer determines that a liner is not needed to retain water in the pond and to prevent groundwater contamination. Although it may also be composed of other materials, a properly maintained liner may be composed of bentonite. Water remaining in a small irrigation impoundment at the end of an irrigation season may be carried over for use in the next season. However, the limitations of this subsection (((8))) (9) apply. Development and use of a small irrigation impoundment does not constitute a change or amendment for purposes of RCW 90.03.380 or 90.44.055.

Sec. 990. RCW 90.58.140 and 2012 c 84 § 2 are each amended to read as follows:

(1) A development shall not be undertaken on the shorelines of the state unless it is consistent with the policy of this chapter and, after adoption or approval, as appropriate, the applicable guidelines, rules, or master program.

(2) A substantial development shall not be undertaken on shorelines of the state without first obtaining a permit from the government entity having administrative jurisdiction under this chapter.

A permit shall be granted:

(a) From June 1, 1971, until such time as an applicable master program has become effective, only when the development proposed is consistent with: (i) The policy of RCW 90.58.020; and (ii) after their adoption, the guidelines and rules of the department; and (iii) so far as can be ascertained, the master program being developed for the area;

(b) After adoption or approval, as appropriate, by the department of an applicable master program, only when the development proposed is consistent with the applicable master program and this chapter.

(3) The local government shall establish a program, consistent with rules adopted by the department, for the administration and enforcement of the permit system provided in this section. The administration of the system so established shall be performed exclusively by the local government.

(4) Except as otherwise specifically provided in subsection (11) of this section, the local government shall require notification of the public of all applications for permits governed by any permit system established pursuant to subsection (3) of this section by ensuring that notice of the application is given by at least one of the following methods:

(a) Mailing of the notice to the latest recorded real property owners as shown by the records of the county assessor within at least three hundred feet of the boundary of the property upon which the substantial development is proposed;

(b) Posting of the notice in a conspicuous manner on the property upon which the project is to be constructed; or

(c) Any other manner deemed appropriate by local authorities to accomplish the objectives of reasonable notice to adjacent landowners and the public.

The notices shall include a statement that any person desiring to submit written comments concerning an application, or desiring to receive notification of the final decision...
concerning an application as expeditiously as possible after the issuance of the decision, may submit the comments or requests for decisions to the local government within thirty days of the last date the notice is to be published pursuant to this subsection. The local government shall forward, in a timely manner following the issuance of a decision, a copy of the decision to each person who submits a request for the decision.

If a hearing is to be held on an application, notices of such a hearing shall include a statement that any person may submit oral or written comments on an application at the hearing.

(5) The system shall include provisions to assure that construction pursuant to a permit will not begin or be authorized until twenty-one days from the date the permit decision was filed as provided in subsection (6) of this section; or until all review proceedings are terminated if the proceedings were initiated within twenty-one days from the date of filing as defined in subsection (6) of this section except as follows:

(a) In the case of any permit issued to the state of Washington, department of transportation, for the construction and modification of SR 90 (I-90) on or adjacent to Lake Washington, the construction may begin after thirty days from the date of filing, and the permits are valid until December 31, 1995;

(b)(i) In the case of any permit or decision to issue any permit to the state of Washington, department of transportation, for the replacement of the floating bridge and landings of the state route number 520 Evergreen Point bridge on or adjacent to Lake Washington, the construction may begin twenty-one days from the date of filing. Any substantial development permit granted for the floating bridge and landings is deemed to have been granted on the date that the local government's decision to grant the permit is issued. This authorization to construct is limited to only those elements of the floating bridge and landings that do not preclude the department of transportation's selection of a four-lane alternative for state route number 520 between Interstate 5 and Medina. Additionally, the Washington state department of transportation shall not engage in or contract for any construction on any portion of state route number 520 between Interstate 5 and the western landing of the floating bridge until the legislature has authorized the imposition of tolls on the Interstate 90 floating bridge and/or other funding sufficient to complete construction of the state route number 520 bridge replacement and HOV program. For the purposes of this subsection (5)(b), the "western landing of the floating bridge" means the least amount of new construction necessary to connect the new floating bridge to the existing state route number 520 and anchor the west end of the new floating bridge;

(ii) Nothing in this subsection (5)(b) precludes the shorelines hearings board from concluding that the project or any element of the project is inconsistent with the goals and policies of the shoreline management act or the local shoreline master plan program;

(iii) This subsection (5)(b) applies retroactively to any appeals filed after January 1, 2012, and to any appeals filed on or after March 23, 2012, and expires June 30, 2014.

(c) Except as authorized in (b) of this subsection, construction may be commenced no sooner than thirty days after the date of the appeal of the board's decision is filed if a permit is granted by the local government and (i) the granting of the permit is appealed to the shorelines hearings board within twenty-one days of the date of filing, (ii) the hearings board approves the granting of the permit by the local government or approves a portion of the substantial development for which the local government issued the permit, and (iii) an appeal for judicial review of the hearings board decision is filed pursuant to chapter 34.05 RCW. The appellant may request, within ten days of the filing of the appeal with the court, a hearing before the court to determine whether construction pursuant to the permit approved by the hearings board or to a revised permit issued pursuant to the order of the hearings board should not commence. If, at the conclusion of the hearing, the court finds that construction pursuant to such a permit would involve a significant, irreversible damaging of the environment, the court shall prohibit the permittee from commencing the construction pursuant to the approved or revised permit until all review proceedings are final. Construction pursuant to a permit revised at the direction of the hearings board may begin only on that portion of the substantial development for which the local government had originally issued the permit, and construction pursuant to such a revised permit on other portions of the substantial development may not begin until after all review proceedings are terminated. In such a hearing before the court, the burden of proving whether the construction may involve significant irreversible damage to the environment and demonstrating whether such construction would or would not be appropriate is on the appellant.

(d) Except as authorized in (b) of this subsection, if the permit is for a substantial development meeting the requirements of subsection (11) of this section, construction pursuant to that permit may not begin or be authorized until twenty-one days from the date the permit decision was filed as provided in subsection (6) of this section.

If a permittee begins construction pursuant to (a), (b), (c), or (d) of this subsection, the construction is begun at the permittee's own risk. If, as a result of judicial review, the courts order the removal of any portion of the construction or the restoration of any portion of the environment involved or require the alteration of any portion of a substantial development constructed pursuant to a permit, the permittee is barred from recovering damages or costs involved in adhering to such requirements from the local government that granted the permit, the hearings board, or any appellant or intervener.

(6) Any decision on an application for a permit under the authority of this section, whether it is an approval or a denial, shall, concurrently with the transmittal of the ruling to the applicant, be filed with the department and the attorney general. This shall be accomplished by return receipt requested mail. A petition for review of such a decision must be commenced within twenty-one days from the date of filing of the decision.

(a) With regard to a permit other than a permit governed by subsection (10) of this section, "date of filing" as used in this section refers to the date of actual receipt by the department of the local government's decision.

(b) With regard to a permit for a variance or a conditional use governed by subsection (10) of this section, "date of filing" means the date the decision of the department is transmitted by the department to the local government.

(c) When a local government simultaneously transmits to the department its decision on a shoreline substantial development with its approval of either a shoreline conditional use permit or variance, or both, "date of filing" has the same meaning as defined in (b) of this subsection.

(d) The department shall notify in writing the local government and the applicant of the date of filing by telephone or electronic means, followed by written communication as necessary, to ensure that the applicant has received the full written decision.

(7) Applicants for permits under this section have the burden of proving that a proposed substantial development is consistent with the criteria that must be met before a permit is granted. In any review of the granting or denial of an application for a permit as provided in RCW 90.58.180 (1) and (2), the person requesting the review has the burden of proof.
(8) Any permit may, after a hearing with adequate notice to the permittee and the public, be rescinded by the issuing authority upon the finding that a permittee has not complied with conditions of a permit. If the department is of the opinion that noncompliance exists, the department shall provide written notice to the local government and the permittee. If the department is of the opinion that the noncompliance continues to exist thirty days after the date of the notice, and the local government has taken no action to rescind the permit, the department may petition the hearings board for a rescission of the permit upon written notice of the petition to the local government and the permittee if the request by the department is made to the hearings board within fifteen days of the termination of the thirty-day notice to the local government.

(9) The holder of a certification from the governor pursuant to chapter 80.50 RCW shall not be required to obtain a permit under this section.

(10) Any permit for a variance or a conditional use issued with approval by a local government under their approved master program must be submitted to the department for its approval or disapproval.

(11)(a) An application for a substantial development permit for a limited utility extension or for the construction of a bulkhead or other measures to protect a single-family residence and its appurtenant structures from shoreline erosion shall be subject to the following procedures:

(i) The public comment period under subsection (4) of this section shall be twenty days. The notice provided under subsection (4) of this section shall state the manner in which the public may obtain a copy of the local government decision on the application no later than two days following its issuance;

(ii) The local government shall issue its decision to grant or deny the permit within twenty-one days of the last day of the comment period specified in (a)(i) of this subsection; and

(iii) If there is an appeal of the decision to grant or deny the permit to the local government legislative authority, the appeal shall be finally determined by the legislative authority within thirty days.

(b) For purposes of this section, a limited utility extension means the extension of a utility service that:

(i) Is categorically exempt under chapter 43.21C RCW for one or more of the following: Natural gas, electricity, telephone, water, or sewer;

(ii) Will serve an existing use in compliance with this chapter; and

(iii) Will not extend more than twenty-five hundred linear feet within the shorelines of the state.

(12)(a) For the 2013-15 biennium, all decisions on permits under this section must be completed and the decision returned to the applicant within ninety days of submitting the application. If the ninety-day deadline is not satisfied, the applicant may file a motion in the appropriate superior court requesting court approval of the permit.

(b) If the permit is denied either within or after the ninety-day decision period, the applicant may file a motion in the appropriate superior court requesting the court to overturn the decision. This subsection applies notwithstanding, and as an alternative to, any other provision of law establishing appeal procedures. Applicants choosing to utilize this appeal authority are deemed to have satisfied all administrative remedies.

Sec. 991. RCW 70.118B.030 and 2007 c 343 s 4 are each amended to read as follows:

(1) A person may not install or operate a large on-site sewage system without an operating permit as provided in this chapter after July 1, 2009. The owner of the system is responsible for obtaining a permit.

(2) The department shall issue operating permits in accordance with the rules adopted under RCW 70.118B.040.

(3) The department shall ensure the system meets all applicable siting, design, construction, and installation requirements prior to issuing an initial operating permit. Prior to renewing an operating permit, the department may review the performance of the system to determine compliance with rules and any permit conditions.

(4) At the time of initial permit application or at the time of permit renewal the department shall impose those permit conditions, requirements for system improvements, and compliance schedules as it determines are reasonable and necessary to ensure that the system will be operated and maintained properly. Each application must be accompanied by a fee as established in rules adopted by the department.

(5) Operating permits shall be issued for a term of one year, and shall be renewed annually, unless the operator fails to apply for a new permit or the department finds good cause to deny the application for renewal.

(6) Each permit may be issued only for the site and owner named in the application. Permits are not transferable or assignable except with the written approval of the department.

(7) The department may deny an application for a permit or modify, suspend, or revoke a permit in any case in which it finds that the permit was obtained by fraud or there is or has been a failure, refusal, or inability to comply with the requirements of this chapter or the standards or rules adopted under this chapter. RCW 43.70.115 governs notice of denial, revocation, suspension, or modification and provides the right to an adjudicative proceeding to the permit applicant or permittee.

(8) For systems with design flows of more than fourteen thousand five hundred gallons per day, the department shall adopt rules to ensure adequate public notice and opportunity for review and comment on initial large on-site sewage system permit applications and subsequent permit applications to increase the volume of waste disposal or change effluent characteristics. The rules must include provisions for notice of final decisions. Methods for providing notice may include electronic mail, posting on the department's internet site, publication in a local newspaper, press releases, mailings, or other means of notification the department determines appropriate.

(9) A person aggrieved by the issuance of an initial permit, or by the issuance of a subsequent permit to increase the volume of waste disposal or to change effluent characteristics, for systems with design flows of more than fourteen thousand five hundred gallons per day, has the right to an adjudicative proceeding. The application for an adjudicative proceeding must be in writing, state the basis for contesting the action, include a copy of the decision, be served on and received by the department within twenty-eight days of receipt of notice of the final decision, and be served in a manner that shows proof of receipt. An adjudicative proceeding conducted under this subsection is governed by chapter 34.05 RCW.

(10) Any permit issued by the department of ecology for a large on-site sewage system under chapter 90.48 RCW is valid until it first expires after July 22, 2007. The system owner shall apply for an operating permit at least one hundred twenty days prior to expiration of the department of ecology permit.

(11) Systems required to meet operator certification requirements under chapter 70.95B RCW must continue to meet those requirements as a condition of the department operating permit.

(12)(a) For the 2013-15 biennium, all decisions on permits under this section must be completed and the decision returned to the applicant within ninety days of submitting the
application. If the ninety-day deadline is not satisfied, the applicant may file a motion in the appropriate superior court requesting court approval of the permit.

(b) If the permit is denied either within or after the ninety-day decision period, the applicant may file a motion in the appropriate superior court requesting the court to overturn the decision. This subsection applies notwithstanding, and as an alternative to, any other provision of law establishing appeal procedures. Applicants choosing to utilize this appeal authority are deemed to have satisfied all administrative remedies.

NEW SECTION. Sec. 992. A new section is added to chapter 90.66 RCW to read as follows:

(1) For the 2013-15 biennium, all decisions on permits or transfers under this section must be completed and the decision returned to the applicant within ninety days of submitting the application. If the ninety-day deadline is not satisfied, the applicant may file a motion in the appropriate superior court requesting court approval of the permit.

(2) If the permit is denied either within or after the ninety-day decision period, the applicant may file a motion in the appropriate superior court requesting the court to overturn the decision. This subsection applies notwithstanding, and as an alternative to, any other provision of law establishing appeal procedures. Applicants choosing to utilize this appeal authority are deemed to have satisfied all administrative remedies."

ENGROSSED SENATE BILL NO. 5607, by Senators Harper, Hewitt, Kohl-Welles and Kline

Concerning beer, wine, and spirits theater licenses.

The bill was read the second time.

There being no objection, the committee amendment by the Committee on Government Oversight and Accountability was not adopted. (For Committee amendment, see Journal, Day 72, March 26, 2013).

Representative Hurst moved the adoption of amendment (409).

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. A new section is added to chapter 66.24 RCW to read as follows:

(1) There is a theater license to sell spirits, beer, including strong beer, or wine, or all, at retail, for consumption on theater premises. A spirits, beer, and wine theater license may be issued only to theaters that have no more than one hundred twenty seats per screen and that are maintained in a substantial manner as a place for preparing, cooking, and serving complete meals and providing tabletop accommodations for in-theater dining. Requirements for complete meals are the same as those adopted by the board in rules pursuant to chapter 34.05 RCW for a spirits, beer, and wine restaurant license authorized by RCW 66.24.400. The annual fee for a spirits, beer, and wine theater license is two thousand dollars.

(2) If the theater premises is to be frequented by minors, an alcohol control plan must be submitted to the board at the time of application. The alcohol control plan must be approved by the board and be prominently posted on the premises, prior to minors being allowed.

(3) For the purposes of this section:

(a) "Alcohol control plan" means a written, dated, and signed plan submitted to the board by an applicant or licensee for the entire theater premises, or rooms or areas therein, that shows where and
when alcohol is permitted, where and when minors are permitted, and the control measures used to ensure that minors are not able to obtain alcohol or be exposed to environments where drinking alcohol predominates.

(b) "Theater" means a place of business where motion pictures or other primarily nonparticipatory entertainment are shown.

(4) The board must adopt rules regarding alcohol control plans and necessary control measures to ensure that minors are not able to obtain alcohol or be exposed to areas where drinking alcohol predominates. All alcohol control plans must include a requirement that any person involved in the serving of spirits, beer, and/or wine must have completed a mandatory alcohol server training program.

(5)(a) A licensee that is an entity that is exempt from taxation under Title 26 U.S.C. Sec. 501(c)(3) of the federal internal revenue code of 1986, as amended as of January 1, 2013, may enter into arrangements with a spirits, beer, or wine manufacturer, importer, or distributor for brand advertising at the theater or promotion of events held at the theater. The financial arrangements providing for the brand advertising or promotion of events may not be used as an inducement to purchase the products of the manufacturer, importer, or distributor entering into the arrangement and such arrangements may not result in the exclusion of brands or products of other companies.

(b) The arrangements allowed under this subsection (5) are an exception to arrangements prohibited under RCW 66.28.305. The board must monitor the impacts of these arrangements. The board may conduct audits of a licensee and the affiliated business to determine compliance with this subsection (5). Audits may include, but are not limited to: Product selection at the facility; purchase patterns of the licensee; contracts with the spirits, beer, or wine manufacturer, importer, or distributor; and the amount allocated or used for spirits, beer, or wine advertising by the licensee, affiliated business, manufacturer, importer, or distributor under the arrangements.

(6) The maximum penalties prescribed by the board in WAC 314-29-020 relating to fines and suspensions are double for violations involving minors or the failure to follow the alcohol control plan with respect to theaters licensed under this section.

Sec. 2. RCW 66.20.300 and 2011 c 325 s 5 are each amended to read as follows:

(1) "Alcohol" has the same meaning as "liquor" in RCW 66.04.010.

(2) "Alcohol server" means any person who as part of his or her employment participates in the sale or service of alcoholic beverages for on-premise consumption at a retail licensed premise as a regular requirement of his or her employment, and includes those persons eighteen years of age or older permitted by the liquor laws of this state to serve alcoholic beverages with meals.

(3) "Board" means the Washington state liquor control board.

(4) "Training entity" means any liquor licensee associations, independent contractors, private persons, and private or public schools, that have been certified by the board.

(5) "Retail licensed premises" means any:

(a) Premises licensed to sell alcohol by the glass or by the drink, or in original containers primarily for consumption on the premises as authorized by this section and RCW 66.20.310, 66.24.320, 66.24.330, 66.24.350, 66.24.400, 66.24.425, 66.24.450, 66.24.570, 66.24.610, and section 1 of this act;

(b) Distillery licensed pursuant to RCW 66.24.140 that is authorized to serve samples of its own production;

(c) Facility established by a domestic winery for serving and selling wine pursuant to RCW 66.24.170(4); and

Sec. 3. RCW 66.20.310 and 2011 c 325 s 4 are each amended to read as follows:

(1)(a) There ((shall)) is an alcohol server permit, known as a class 12 permit, for a manager or bartender selling or mixing alcohol, spirits, wines, or beer for consumption at an on-premises licensed facility.

(b) There ((shall)) is an alcohol server permit, known as a class 13 permit, for a person who only serves alcohol, spirits, wines, or beer for consumption at an on-premises licensed facility.

(c) As provided by rule by the board, a class 13 permit holder may be allowed to act as a bartender without holding a class 12 permit.

(2)(a) Effective January 1, 1997, except as provided in (d) of this subsection, every alcohol server employed, under contract or otherwise, at a retail licensed premise ((shall)) must be issued a class 12 or class 13 permit.

(b) Every class 12 and class 13 permit issued ((shall)) must be issued in the name of the applicant and no other person may use the permit of another permit holder. The holder ((shall)) must present the permit upon request to inspection by a representative of the board or a peace officer. The class 12 or class 13 permit ((shall)) is valid for employment at any retail licensed premises described in (a) of this subsection.

(c) Except as provided in (d) of this subsection, no licensee holding a license as authorized by this section and RCW 66.20.300, 66.24.320, 66.24.330, 66.24.350, 66.24.400, 66.24.425, 66.24.450, 66.24.570, 66.24.600, 66.24.610, and section 1 of this act may employ or accept the services of any person without the person first having a valid class 12 or class 13 permit.

(b) The permittee has performed or permitted any act that constitutes a violation of this title or of any rule of the board.

(5) The suspension or revocation of a permit under this section does not relieve a licensee from responsibility for any act of the employee or agent while employed upon the retail licensed premises. The board may, as appropriate, revoke or suspend either the permit of the employee who committed the violation or the license of the licensee upon whose premises the violation occurred, or both the permit and the license.

(6)(a) After January 1, 1997, it is a violation of this title for any retail licensee or agent of a retail licensee as described in subsection (2)(a) of this section to employ in the sale or service of alcoholic beverages, any person who does not have a valid alcohol server permit or whose permit has been revoked, suspended, or denied.

(b) It is a violation of this title for a person whose alcohol server permit has been denied, suspended, or revoked to accept employment in the sale or service of alcoholic beverages.

(7) Grocery stores licensed under RCW 66.24.360, the primary commercial activity of which is the sale of grocery products and for
which the sale and service of beer and wine for on-premises consumption with food is incidental to the primary business, and employees of such establishments, are exempt from RCW 66.20.300 through 66.20.350, except for employees whose duties include serving during tasting activities under RCW 66.24.363."

The board may authorize one or more extensions for up to ninety days each, subject to the requirements of this section.

(3) In the final order, the board shall either:

(2) If a comprehensive plan, development regulation, or amendment thereto adopted by a county, city, or town has been appealed to the growth management hearings board under RCW 36.70A.280, the county, city, or town may not be determined to be ineligible or otherwise penalized in the acceptance of applications or the awarding of state agency grants or loans during the pendency of the appeal before the board or subsequent judicial appeals. This subsection (2) applies only to counties, cities, and towns that have: (a) Delayed the initial effective date of the action subject to the petition before the board until after the board issues a final determination; or (b) within thirty days of receiving notice of a petition for review by the board, delayed or suspended the effective date of the action subject to the petition before the board until after the board issues a final determination.

(3) When reviewing competing requests from counties, cities, or towns planning under RCW 36.70A.040, a state agency considering awarding grants or loans for public facilities shall accord additional preference to those counties, cities, or towns that have adopted a comprehensive plan and development regulations as required by RCW 36.70A.040. For the purposes of the preference accorded in this section, a county, city, or town planning under RCW 36.70A.040 is deemed to have satisfied the requirements for adopting a comprehensive plan and development regulations specified in RCW 36.70A.040 if the county, city, or town:

(a) Adopts or has adopted a comprehensive plan and development regulations within the time periods specified in RCW 36.70A.040; or

(b) Adopts or has adopted a comprehensive plan and development regulations before ((as defined in)) the state agency makes a decision regarding award recipients of the grants or loans if the county, city, or town failed to adopt a comprehensive plan and/or development regulations within the time periods specified in RCW 36.70A.040; or

(c) Demonstrates substantial progress toward adopting a comprehensive plan or development regulations within the time
To qualify for financial assistance under this chapter, the board must determine that a local government meets all of the following conditions:

(b) The local government must have developed a capital facility plan; and

(c) The local government must be using all local revenue sources which are reasonably available for funding public works, taking into consideration local employment and economic factors.

(2) Except where necessary to address a public health need or substantial environmental degradation, a county, city, or town planning under RCW 36.70A.040 ((may not receive financial assistance under this chapter unless it has adopted a)) may not receive financial assistance under this chapter unless it has adopted a comprehensive plan, including a capital facilities plan element, and development regulations as required by RCW 36.70A.040. This subsection does not require any county, city, or town planning under RCW 36.70A.040 to adopt a comprehensive plan or development regulations before requesting or receiving (a loan or loan guarantee) financial assistance under this chapter if such request is made before the expiration of the time periods specified in RCW 36.70A.040. A county, city, or town planning under RCW 36.70A.040 (which) that has not adopted a comprehensive plan and development regulations within the time periods specified in RCW 36.70A.040 (is not prohibited from receiving a loan or loan guarantee) may apply for and receive financial assistance under this chapter if the comprehensive plan and development regulations are adopted as required by RCW 36.70A.040 before (submitting a request for a loan or loan guarantee) executing a contractual agreement for financial assistance with the board.

(3) In considering awarding (loans) financial assistance for public facilities to special districts requesting funding for a proposed facility located in a county, city, or town planning under RCW 36.70A.040, the board must consider whether the county, city, or town planning under RCW 36.70A.040 in whose planning jurisdiction the proposed facility is located has adopted a comprehensive plan and development regulations as required by RCW 36.70A.040.

(4) The board must develop a priority process for public works projects as provided in this section. The intent of the priority process is to maximize the value of public works projects accomplished with assistance under this chapter. The board must attempt to assure a geographical balance in assigning priorities to projects. The board must consider at least the following factors in assigning a priority to a project:

(a) Whether the local government receiving assistance has experienced severe fiscal distress resulting from natural disaster or emergency public works needs;

(b) Except as otherwise conditioned by RCW 43.155.110, whether the entity receiving assistance is a Puget Sound partner, as defined in RCW 90.71.010;

(c) Whether the project is referenced in the action agenda developed by the Puget Sound partnership under RCW 90.71.310;

(d) Whether the project is critical in nature and would affect the health and safety of a great number of citizens;

(e) Whether the applicant's permitting process has been certified as streamlined by the office of regulatory assistance;

(f) Whether the applicant has developed and adhered to guidelines regarding its permitting process for those applying for development permits consistent with section 1(2), chapter 231, Laws of 2007;

(g) The cost of the project compared to the size of the local government and amount of loan money available;

(h) The number of communities served by or funding the project;

(i) Whether the project is located in an area of high unemployment, compared to the average state unemployment;

(j) Whether the project is the acquisition, expansion, improvement, or renovation by a local government of a public water system that is in violation of health and safety standards, including the cost of extending existing service to such a system;

(k) Except as otherwise conditioned by RCW 43.155.120, and effective one calendar year following the development of model evergreen community management plans and ordinances under RCW 35.105.050, whether the entity receiving assistance has been recognized, and what gradation of recognition was received, in the evergreen community recognition program created in RCW 35.105.030;

(l) The relative benefit of the project to the community, considering the present level of economic activity in the community and the existing local capacity to increase local economic activity in communities that have low economic growth; and

(m) Other criteria that the board considers advisable.

(5) Existing debt or financial obligations of local governments may not be refinanced under this chapter. Each local government applicant must provide documentation of attempts to secure additional local or other sources of funding for each public works project for which financial assistance is sought under this chapter.

(6) Before November 1st of each even-numbered year, the board must develop and submit to the appropriate fiscal committees of the senate and house of representatives a description of the loans made under RCW 43.155.065, 43.155.068, and subsection (9) of this section during the preceding fiscal year and a prioritized list of projects which are recommended for funding by the legislature, including one copy to the staff of each of the committees. The list must include, but not be limited to, a description of each project and recommended financing, the terms and conditions of the loan or financial guarantee, the local government jurisdiction and unemployment rate, demonstration of the jurisdiction's critical need for the project and documentation of local funds being used to finance the public works project. The list must also include measures of fiscal capacity for each jurisdiction recommended for financial assistance, compared to authorized limits and state averages, including local government sales taxes; real estate excise taxes; property taxes; and charges for or taxes on sewerage, water, garbage, and other utilities.

(7) The board may not sign contracts or otherwise financially obligate funds from the public works assistance account before the legislature has appropriated funds for a specific list of public works projects. The legislature may remove projects from the list...
recommended by the board. The legislature may not change the order of the priorities recommended for funding by the board.

(8) Subsection (7) of this section does not apply to loans made under RCW 43.155.065, 43.155.068, and subsection (9) of this section.

(9) Loans made for the purpose of capital facilities plans are exempted from subsection (7) of this section.

(10) To qualify for loans or pledges for solid waste or recycling facilities under this chapter, a city or county must demonstrate that the solid waste or recycling facility is consistent with and necessary to implement the comprehensive solid waste management plan adopted by the city or county under chapter 70A RCW.

(11) After January 1, 2010, any project designed to address the effects of storm water or wastewater on Puget Sound may be funded under this section only if the project is not in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310.

**Sec. 4.** RCW 70.146.070 and 2008 c 299 s 26 are each amended to read as follows:

   - Whether the project is sponsored by an entity that has been recognized, and what gradation of recognition was received, in the evergreen community recognition program created in RCW 35.105.030;
   - Any condition that would disqualify the county or city for grants, loans or pledges made under this chapter if the comprehensive plan and development regulations are adopted as required by RCW 36.70A.040 before the department executes a contractual agreement for the grant or loan.

2. Each county and city planning under RCW 36.70A.040 shall, not later than September 1, 2002, establish a process for identifying and siting essential public facilities. The Speaker (Representative Orwall presiding) called upon Representative Moeller to preside.

RESOLUTION

HOUSE RESOLUTION NO. 2013-4650, by Representatives Hunt, Dunshee, Morris, Appleton, Seaquist, Fey, Walsh, Haler, Hargrove, Stonier, Goodman, Clibborn, and Springer

WHEREAS, During May 2013, many Washingtonians will celebrate the 50th Anniversary of the nationally and globally acclaimed successes of the 1963 American Mt. Everest Expedition, because Washington climbers achieved its most notable successes, and Washingtonians enthusiastically supported this historic achievement in many ways; and

WHEREAS, Members of this Expedition are famed for four unprecedented mountaineering achievements:

1. On May 1, Jim Whittaker, a Washington State native, climbing with Sherpa Nawang Gombu by the South Col route, became the first American to reach Everest's 29,028 foot summit, the highest point on Earth;

2. On May 22, Willi Unsoeld, who would become a faculty member at The Evergreen State College, and Tom Hornbein, who returned from Everest to the faculty at the University of Washington School of Medicine, pioneered the unprecedented and exceptionally difficult West Ridge route to the summit and descended by the South Col route to complete the first traverse of a major Himalayan peak;

3. A few hours earlier that same day, Lute Jerstad, a former Washington resident, and Barry Bishop of Washington D.C. reached the summit by the South Col route; and

4. Both teams were benighted during the descent, Unsoeld and Hornbein catching up with Jerstad and Bishop. All four survived an unplanned and unprecedented all-night bivouac above 28,000 feet without oxygen, tents, or food, and Unsoeld and Bishop suffered severe frostbite; and

WHEREAS, These mountaineering achievements are successes of the human spirit, involving supreme human effort, extraordinary physical capability and endurance, clear vision and goals, intense determination and focus, superior teamwork, high tolerance for discomfort and danger, and exceptional organizational and logistical preparation; and

WHEREAS, These mountaineering achievements are also the successes of the highly appreciated, dedicated, expert Sherpa climbers who accompanied and supported the members of the Expedition; and

WHEREAS, Human survival at the upper elevations of Mt. Everest is possible only for brief periods of time because the air contains roughly one-third of the oxygen density of sea level, temperatures are generally around negative 20 degrees Fahrenheit, and hurricane force winds are frequent; and

WHEREAS, Throughout the 109 days of the Expedition, the team steadily engaged in scientific research relating to physiology, psychology, sociology, geology, and glaciology; and

WHEREAS, The Expedition's worldwide acclaim included recognition by President Kennedy at a White House ceremony, by the National Geographic Society, by King Mahendra of Nepal, by the United States Ambassador to Nepal Henry Stebbins, by India Prime Minister Nehru, by the United States Ambassador to India John Kenneth Galbraith, by the Indian Mountaineering Foundation, by mountaineering organizations throughout the world, and major news media around the world; and more; and

WHEREAS, The people of Washington State played a very significant role in the historic successes of the Expedition, through team members with deep Washington ties, including Barry Prather of Ellensburg and John Breitenbach who attended the University of Washington and tragically died when a massive wall of ice in the Khumbu icefall shifted and buried him in tons of ice blocks; through many contributions of cash and in-kind donations from Washington businesses, organizations, and individuals; through Washington State's United States Senator Warren G. Magnuson serving on the Expedition's Advisory Committee; through the Expedition's training and equipment testing taking place at Mount Rainier; and more; and

WHEREAS, Washingtonians' outdoor recreation heritage of hiking, climbing, and camping in the State's extensive mountain ranges, and the widespread appreciation by Washingtonians of the State's beautiful mountains and stately snowy peaks, served as the inspiration for and enthusiastic support of the Expedition in 1963; and

NOW, THEREFORE, BE IT RESOLVED, That the Washington State House of Representatives, on the occasion of the 50th Anniversary of the historic first American ascent of Mt. Everest:

1. Congratulate members of this historic Expedition Jim Whittaker, Nawang Gombu, Willi Unsoeld, Tom Hornbein, Lute Jerstad, Barry Bishop, and all those who supported them;

2. Express appreciation to all Washingtonians, to the hundreds of others from around the country who assisted its achievements, and to Norman G. Dyhrenfurth who, with his determination and genius, organized and led the Expedition; and

3. Encourage Washingtonians to continue to engage in outdoor recreation in Washington's welcoming mountain ranges and to continue to appreciate their splendor and be inspired to greatness by them; and

BE IT FURTHER RESOLVED, That copies of this resolution be immediately transmitted by the Chief Clerk of the House of
Representatives to Jim Whittaker, Jolene Unsoeld, Tom Hornbein, Norman G. Dyhrenfurth, to the other four surviving members of the team, and to the surviving widows or nearest of kin of the team members now deceased.

The Speaker (Representative Orwall presiding) stated the question before the House to be adoption of House Resolution No. 4650.

HOUSE RESOLUTION NO. 4650 was adopted.

The Speaker assumed the chair.

The appropriation in this subsection must be funded from the portion of the automated traffic safety camera infraction fines deposited into the state patrol highway account; however, if the fines deposited into the state patrol highway account from automated traffic safety camera infractions do not reach three hundred seventy thousand dollars, the department of transportation shall remit funds necessary to the Washington state patrol to ensure the completion of the pilot program. On page 19, after line 30, insert the following:

"(5) The department, in consultation with the Washington state patrol, may not continue a pilot program for the state patrol to issue infractions based on information from automated traffic safety cameras in roadway construction zones on state highways. For the purpose of this pilot program, during the 2013-2015 fiscal biennium, a roadway construction zone includes areas where public employees or private contractors may be present or where a driving condition exists that would make it unsafe to drive at higher speeds, such as, when the department is redirecting or realigning lanes on any public roadway pursuant to ongoing construction. The department shall use the following guidelines to administer the program:

(a) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle;

(b) The department shall plainly mark the locations where the automated traffic safety cameras are used by placing signs on locations that clearly indicate to a driver that he or she is entering a roadway construction zone where traffic laws are enforced by an automated traffic safety camera;

(c) Notices of infractions must be mailed to the registered owner of a vehicle within fourteen days of the infraction occurring;

(d) The owner of the vehicle is not responsible for the violation if the owner of the vehicle, within fourteen days of receiving
notification of the violation, mails to the patrol, a declaration under penalty of perjury, stating that the vehicle involved was, at the time, stolen or in the care, custody, or control of some person other than the registered owner, or any other extenuating circumstances;

(e) For purposes of the 2013-2015 fiscal biennium pilot program, infractions detected through the use of automated traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras must be processed in the same manner as parking infractions for the purposes of RCW 3.50.100, 35.20.220, 46.16A.120, and 46.20.270(3). However, the amount of the fine issued under this subsection (3) for an infraction generated through the use of an automated traffic safety camera is one hundred thirty-seven dollars. The court shall remit thirty-two dollars of the fine to the state treasurer for deposit into the state patrol highway account; and

(f) If a notice of infraction is sent to the registered owner and the registered owner is a rental car business, the infraction must be dismissed against the business if it mails to the patrol, within fourteen days of receiving the notice, a declaration under penalty of perjury of the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred. If the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred, the business must sign a declaration under penalty of perjury to this effect. The declaration must be mailed to the patrol within fourteen days of receiving the notice of traffic infraction. Timely mailing of this declaration to the issuing agency relieves a rental car business of any liability under this section for the notice of infraction. A declaration form suitable for this purpose must be included with each automated traffic safety camera infraction notice issued, along with instructions for its completion and use."

Renumember the subsections consecutively and correct any internal references accordingly.

On page 82, after line 13, insert the following:

"NEW SECTION. Sec. 711. RCW 46.63.170 and 2012 c 85 s 3 and 2012 c 85 s 7 are each reenacted and amended to read as follows:

(1) The use of automated traffic safety cameras for issuance of notices of infraction is subject to the following requirements:

(a) The appropriate local legislative authority must prepare an analysis of the locations within the jurisdiction where automated traffic safety cameras are proposed to be located: (i) Before enacting an ordinance allowing for the initial use of automated traffic safety cameras; and (ii) before adding additional cameras or relocating any existing camera to a new location within the jurisdiction. Automated traffic safety cameras may be used to detect one or more of the following: Stoplight, railroad crossing, or school speed zone violations. At a minimum, the local ordinance must contain the restrictions described in this section and provisions for public notice and signage. Cities and counties using automated traffic safety cameras before July 24, 2005, are subject to the restrictions described in this section, but are not required to enact an authorizing ordinance. Beginning one year after June 7, 2012, cities and counties using automated traffic safety cameras must post an annual report of the number of traffic accidents that occurred at each location where an automated traffic safety camera is located as well as the number of notices of infraction issued for each camera and any other relevant information about the automated traffic safety cameras that the city or county deems appropriate on the city's or county's web site.

(b) Use of automated traffic safety cameras is restricted to the following locations only: (i) Intersections of two arterials with traffic control signals that have yellow change interval durations in accordance with RCW 47.36.022, which interval durations may not be reduced after placement of the camera; (ii) railroad crossings; and (iii) school speed zones.

(c) During the 2011-2013 fiscal biennium, automated traffic safety cameras may be used to detect speed violations for the purposes of section 201(2), chapter 367, Laws of 2011 if the local legislative authority first enacts an ordinance authorizing the use of cameras to detect speed violations.

(d) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle. The primary purpose of camera placement is to take pictures of the vehicle and vehicle license plate when an infraction is occurring. Cities and counties shall consider installing cameras in a manner that minimizes the impact of camera flash on drivers.

(e) A notice of infraction must be mailed to the registered owner of the vehicle within fourteen days of the violation, or to the renter of a vehicle within fourteen days of establishing the renter's name and address under subsection (3)(a) of this section. The law enforcement officer issuing the notice of infraction shall include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, or electronic images produced by an automated traffic safety camera, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a violation under this chapter. The photographs, microphotographs, or electronic images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction. A person receiving a notice of infraction based on evidence detected by an automated traffic safety camera may respond to the notice by mail.

(f) The registered owner of a vehicle is responsible for an infraction under RCW 46.63.030(1)(d) unless the registered owner overcomes the presumption in RCW 46.63.075, or, in the case of a rental car business, satisfies the conditions under subsection (3) of this section. If appropriate under the circumstances, a renter identified under subsection (3)(a) of this section is responsible for an infraction.

(g) Notwithstanding any other provision of law, all photographs, microphotographs, or electronic images prepared under this section are for the exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this section. No photograph, microphotograph, or electronic image may be used for any purpose other than enforcement of violations under this section nor retained longer than necessary to enforce this section.

(h) All locations where an automated traffic safety camera is used must be clearly marked at least thirty days prior to activation of the camera by placing signs in locations that clearly indicate to a driver that he or she is entering a zone where traffic laws are enforced by an automated traffic safety camera. Signs placed in automated traffic safety camera locations after June 7, 2012, must follow the specifications and guidelines under the manual of uniform traffic control devices for streets and highways as adopted by the department of transportation under chapter 47.36 RCW.

(i) If a county or city has established an authorized automated traffic safety camera program under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment.

(2) Infractions detected through the use of automated traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras under this section shall be processed in the same manner as parking infractions, including for the purposes of RCW 3.50.100, 35.20.220, 46.16A.120, 46.20.270(3).
and 46.20.270(3). The amount of the fine issued for an infraction generated through the use of an automated traffic safety camera shall not exceed the amount of a fine issued for other parking infractions within the jurisdiction. However, the amount of the fine issued for a traffic control signal violation detected through the use of an automated traffic safety camera shall not exceed the monetary penalty for a violation of RCW 46.61.050 as provided under RCW 46.63.110, including all applicable statutory assessments.

(3) If the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction being issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of receiving the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty.

Timely mailing of this statement to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction.

(4) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1) (a), (b), or (c).

(5) For the purposes of this section, "automated traffic safety camera" means a device that uses a vehicle sensor installed to work in conjunction with an intersection traffic control system, a railroad grade crossing control system, or a speed measuring device, and a camera synchronized to automatically record one or more sequenced photographs, microphotographs, or electronic images of the rear of a motor vehicle at the time the vehicle fails to stop when facing a steady red traffic control signal or an activated railroad grade crossing control signal, or exceeds a speed limit in a school speed zone as detected by a speed measuring device. During the 2011-2013 fiscal biennium, an automated traffic safety camera includes a camera used to detect speed violations for the purposes of section 201(2), chapter 367, Laws of 2011.

(6) During the 2011-2013 and 2013-2015 fiscal ((biennium)) biennia, this section does not apply to automated traffic safety cameras for the purposes of ((section 216(5), chapter 367, Laws of 2014)) section 216(5) of this act.”

On page 90, line 2, increase the State Patrol Highway Account--State Appropriation by $370,000.

On page 90, line 11, correct the total.

On page 90, beginning on line 31, after "(3)" strike all material through "(4)" on page 32, line 10 and insert the following:

"$370,000 of the state patrol highway account--state appropriation is provided solely for costs associated with the pilot program described under section 216(5) ((of this act)), chapter 86, Laws of 2012. The Wenatchee administrative building and the Leavenworth and Blewett section maintenance facility projects are to be included in a pilot demonstration project funded by this appropriation. Revenue offsetting this appropriation is anticipated to come from the sale of properties owned by the department but no longer needed for transportation purposes. A portion of the appropriation in this section may be used to prepare, market, and sell the properties providing the offsetting revenue for this appropriation. Proceeds from the sale of these properties must be deposited in the motor vehicle account. The department shall report to the office of financial management and the transportation committees of the legislature the results of the pilot demonstration project, as well as suggestions to improve the process as a part of the department's annual facilities oversight report update.”

On page 31, line 38, after "(400506A).” insert "The funding provided may only be spent on preparing a supplemental environmental impact statement.”

On page 32, beginning on line 1, after "(b)” strike all material through “July 1, 2014” on page 33, line 20, and insert “The legislature finds that the design alternative selected by the state department of transportation, the federal highway administration, and the federal transit administration for a new Interstate 5 bridge that connects Vancouver, Washington to Portland, Oregon is not acceptable as currently designed. As stated by an independent review panel of the Columbia river crossing project, "Complexities in design and construction produce great uncertainties in ultimate costs required and, even under full available funding, the time to construct will be lengthy, further increasing risk of affordability.” The legislature further finds that:
(i) The United States coast guard has not approved the design alternative due to a lack of clearance between the Columbia river and the bridge deck, which will adversely affect the free movement of maritime freight and future economic development;

(ii) The inclusion of light rail in the design alternative results in a cost increase to the project of over ninety-two hundred fifty million dollars for taxpayers, while imposing a commute time penalty of one hundred twenty-five percent for Vancouver transit riders;

(iii) The citizens of Clark county voted in November 2012 not to fund the costs of operating and maintaining light rail;

(iv) The current design alternative will not reduce congestion as it only offers three full span vehicular lanes in each direction, which is the same as the current Interstate 5 bridge; and

(v) The current contractor responsible for the environmental impact statement has repeatedly exceeded the deadlines and budgetary constraints.

c) Therefore, it is the intent of the legislature that no funds be spent to further the selected design alternative as described in the December 7, 2011, record of decision. Within the amounts provided for the Columbia river crossing project, the department must prepare a new design alternative and a supplemental environmental impact statement, that should be completed in not more than twelve months, that includes the following:

(i) A clearance height between the bridge deck and the Columbia river that accommodates all existing and future river users and accommodates those river users' reasonable and foreseeable future needs;

(ii) A third bridge in addition to the Interstate 5 and Interstate 205 bridges to accommodate additional lanes of traffic. The design alternative must not include light rail. Any new design must either expand general lane capacity or create a measurable improvement of congestion and commute times; and

(iii) Consider the inclusion of a reversible span that will help move traffic during peak commute hours.

d) The department is prohibited from utilizing the current contractor on the Columbia river crossing project to complete or assist with preparation of the supplemental environmental impact statement.

e) The department shall maximize federal funds available for the design, construction, or other costs relating to the bridge structure, general purpose lanes, and bridge landings.

f) It is the intent of the legislature that Washington and Oregon have equal funding commitments and equal total expenditures to date on the shared components of the Columbia river crossing project. The department shall provide quarterly reports on this project, beginning June 31, 2013. The report shall include:

(i) The status of the supplemental environmental impact statement, which must include updated expenditures and project timeframes;

(ii) Identification of shared and non-shared portions of the project; and

(iii) Amounts expended to date by the state of Washington and the state of Oregon on each respective states' non-shared obligations.

g) It is also the intent of the legislature that Washington and Oregon have equal funding commitments and equal total expenditures on any the portions of the Columbia river crossing project which have not already been designated as shared project responsibilities. It is further the intent of the legislature that Washington state shall in no way be obligated to pay, either directly or indirectly, for improvements or construction to any interchange, roads, or any other part of the project within the state of Oregon, other than those portions including the bridge and approaches which have to date been designated as shared project responsibilities. "Sec. 711. RCW 90.58.140 and 2012 c 84 s 2 are each amended to read as follows:

(3) The local government shall establish a program, consistent with rules adopted by the department, for the administration and enforcement of the permit system provided in this section. The administration of the system so established shall be performed exclusively by the local government.

(4) Except as otherwise specifically provided in subsection (11) of this section, the local government shall require notification of the public of all applications for permits governed by any permit system established pursuant to subsection (3) of this section by ensuring that notice of the application is given by at least one of the following methods:

(a) Mailing of the notice to the latest recorded real property owners as shown by the records of the county assessor within at least three hundred feet of the boundary of the property upon which the substantial development is proposed;

(b) Posting of the notice in a conspicuous manner on the property upon which the project is to be constructed; or

(c) Any other manner deemed appropriate by local authorities to accomplish the objectives of reasonable notice to adjacent landowners and the public.

The notices shall include a statement that any person desiring to submit written comments concerning an application, or desiring to receive notification of the final decision concerning an application as expeditiously as possible after the issuance of the decision, may submit the comments or requests for decisions to the local government within thirty days of the last date the notice is to be published pursuant to this subsection. The local government shall forward, in a timely manner following the issuance of a decision, a copy of the decision to each person who submits a request for the decision.

If a hearing is to be held on an application, notices of such a hearing shall include a statement that any person may submit oral or written comments on an application at the hearing.

(5) The system shall include provisions to assure that construction pursuant to a permit will not begin or be authorized until twenty-one days from the date the permit decision was filed as provided in subsection (6) of this section; or until all review proceedings are terminated if the proceedings were initiated within twenty-one days from the date of filing as defined in subsection (6) of this section except as follows:

(a) In the case of any permit issued to the state of Washington, department of transportation, for the construction and modification of SR 90 (I-90) on or adjacent to Lake Washington, the construction may begin after thirty days from the date of filing, and the permits are valid until December 31, 1995;

(b)(i) In the case of any permit or decision to issue any permit to the state of Washington, department of transportation, for the replacement of the floating bridge and landings of the state route number 520 Evergreen Point bridge on or adjacent to Lake Washington, the construction may begin twenty-one days from the date of filing. Any substantial development permit granted for the floating bridge and landings is deemed to have been granted on the date that the local government's decision to grant the permit is issued. This authorization to construct is limited to only those elements of the floating bridge and landings that do not preclude the department of transportation's selection of a four-lane alternative for state route number 520 between Interstate 5 and Medina. Additionally, the Washington state department of transportation shall not engage in or contract for any construction on any portion of state route number 520 between Interstate 5 and the western landing of the floating bridge until the legislature has authorized the imposition of tolls on the Interstate 90 floating bridge and/or other funding sufficient to complete construction of the state route number 520 bridge replacement and HOV program. For the purposes of this subsection (5)(b), the "western landing of the floating bridge" means the least amount of new construction necessary to connect the new floating bridge to the existing state route number 520 and anchor the west end of the new floating bridge;

(ii) Nothing in this subsection (5)(b) precludes the shorelines hearings board from concluding that the project or any element of the project is inconsistent with the goals and policies of the shorelines management act or the local shoreline master program;

(c) Except as authorized in (b) of this subsection, construction may be commenced no sooner than thirty days after the date of the appeal of the board's decision is filed if a permit is granted by the local government and (i) the granting of the permit is appealed to the shorelines hearings board within twenty-one days of the date of filing, (ii) the hearings board approves the granting of the permit by the local government or approves a portion of the substantial development for which the local government issued the permit, and (iii) an appeal for judicial review of the hearings board decision is filed pursuant to chapter 34.05 RCW. The appellant may request, within ten days of the filing of the appeal with the court, a hearing before the court to determine whether construction pursuant to the permit approved by the hearings board or to a revised permit issued pursuant to the order of the hearings board should not commence. If, at the conclusion of the hearing, the court finds that construction pursuant to such a permit would involve a significant, irreversible damaging of the environment, the court shall prohibit the permittee from commencing the construction pursuant to the approved or revised permit until all review proceedings are final. Construction pursuant to a permit
revised at the direction of the hearings board may begin only on that portion of the substantial development for which the local government had originally issued the permit, and construction pursuant to such a revised permit on other portions of the substantial development may not begin until after all review proceedings are terminated. In such a hearing before the court, the burden of proving whether the construction may involve significant irreversible damage to the environment and demonstrating whether such construction would or would not be appropriate is on the appellant;

(d) Except as authorized in (b) of this subsection, if the permit is for a substantial development meeting the requirements of subsection (11) of this section, construction pursuant to that permit may not begin or be authorized until twenty-one days from the date the permit decision was filed as provided in subsection (6) of this section.

If a permittee begins construction pursuant to (a), (b), (c), or (d) of this subsection, the construction is begun at the permittee's own risk. If, as a result of judicial review, the courts order the removal of any portion of the construction or the restoration of any portion of the environment involved or require the alteration of any portion of a substantial development constructed pursuant to a permit, the permittee is barred from recovering damages or costs involved in adhering to such requirements from the local government that granted the permit, the hearings board, or any appellant or intervenor.

(6) Any decision on an application for a permit under the authority of this section, whether it is an approval or a denial, shall, concurrently with the transmittal of the ruling to the applicant, be filed with the department and the attorney general. This shall be accomplished by return receipt requested mail. A petition for review of such a decision must be commenced within twenty-one days from the date of filing of the decision.

(a) With regard to a permit other than a permit governed by subsection (10) of this section, "date of filing" as used in this section refers to the date of actual receipt by the department of the local government's decision.

(b) With regard to a permit for a variance or a conditional use governed by subsection (10) of this section, "date of filing" means the date the decision of the department is transmitted by the department to the local government.

(c) When a local government simultaneously transmits to the department its decision on a shoreline substantial development with its approval of either a shoreline conditional use permit or variance, or both, "date of filing" has the same meaning as defined in (b) of this subsection.

(d) The department shall notify in writing the local government and the applicant of the date of filing by telephone or electronic means, followed by written communication as necessary, to ensure that the applicant has received the full written decision.

(7) Applicants for permits under this section have the burden of proving that a proposed substantial development is consistent with the criteria that must be met before a permit is granted. In any review of the granting or denial of an application for a permit as provided in RCW 90.58.180 (1) and (2), the person requesting the review has the burden of proof.

(8) Any permit may, after a hearing with adequate notice to the permittee and the public, be rescinded by the issuing authority upon the finding that a permittee has not complied with conditions of a permit. If the department is of the opinion that noncompliance exists, the department shall provide written notice to the local government and the permittee. If the department is of the opinion that the noncompliance continues to exist thirty days after the date of the notice, and the local government has taken no action to rescind the permit, the department may petition the hearings board for a rescission of the permit upon written notice of the petition to the local government and the permittee if the request by the department is made to the hearings board within fifteen days of the termination of the thirty-day notice to the local government.

POINT OF PARLIAMENTARY INQUIRY

Representative Fey: “I serve as director of the Washington State University Extension Energy Program, a position I have held for the past eleven years. The program provides energy efficiency and renewable energy services to state and local governments and the private sector, and also implements programs at the direction of the legislature. Engrossed Substitute Senate Bill 5709 directs the WSU energy program to develop and initiate a pilot program to use densified biomass to heat two public schools. The development of this program is subject to receipt of federal and private funds. The bill also authorizes the WSU energy program to contract with other entities for implementation of the pilot program. I have had no involvement in this legislation, either as a member of the House or as Director of the WSU energy program. My compensation as Director will not be affected by the legislation. Any contract related to implementation would be handled by the contract office at WSU Pullman and not by the energy program office. Under these circumstances, do I have a
Speaker's Ruling

Mr. Speaker: “Rule 19(D), which is based on article 2, section 30 of the Washington Constitution, provides that no member shall vote on any question which affects that member privately and particularly. The Speaker notes that the Washington Legislature is, by constitutional design, a citizen legislature. This design is based on the premise that the people of Washington are best represented by members who are concurrently engaged in outside employment and activities, and can bring this real world experience and expertise to bear on the issues before this body. Members of a citizen legislature will often encounter circumstances where the subject matter of legislation has some impact on outside employment. Whether that impact rises to the level where recusal is warranted depends on whether the benefit to the member is direct or indirect, as well as whether it is unique to the member or flows from membership in a class. In this instance, you had no involvement in development of the proposed legislation, and will receive no personal benefit from its enactment. The Speaker finds that you do not have a private or particular interest requiring you to abstain from voting.”

The Speaker (Representative Moeller presiding) stated the question before the House to be the final passage of Engrossed Substitute Senate Bill No. 5709, as amended by the House.

'Sen. 6, CRW 43.215.215 and 2011 c 295 s 2 are each amended to read as follows:

(1) In determining whether an individual is of appropriate character, suitability, and competence to provide child care and early learning services to children, the department may consider the history of past involvement of child protective services or law enforcement agencies with the individual for the purpose of establishing a pattern of conduct, behavior, or inaction with regard to the health, safety, or welfare of a child. No report of child abuse or neglect that has been destroyed or expunged under RCW 26.44.031 may be used for such purposes. No unfounded or inconclusive allegation of child abuse or neglect as defined in RCW 26.44.020 may be disclosed to a provider licensed under this chapter.

(2) In order to determine the suitability of individuals newly applying for an agency license, new licensees, their new employees, and other persons who newly have unsupervised access to children in care, shall be fingerprinted.

(a) The fingerprints shall be forwarded to the Washington state patrol and federal bureau of investigation for a criminal history record check.

(b)(i) Effective July 1, 2012, all individuals applying for first-time agency licenses, all new employees, and other persons who have not been previously qualified by the department to have unsupervised access to children in care must be fingerprinted and obtain a criminal history record check pursuant to this section.

(ii) Persons required to be fingerprinted and obtain a criminal [history] record check pursuant to this section must pay for the cost of this check as follows: The fee established by the Washington state patrol for the criminal background history check, including the cost of obtaining the fingerprints; and a fee paid to the department for the cost of administering the individual-based/portable background check clearance registry. The fee paid to the department must be deposited into the individual-based/portable background check clearance account established in RCW 43.215.218. The licensee may, but need not, pay these costs on behalf of a prospective employee or reimburse the prospective employee for these costs. The licensee and the prospective employee may share these costs.

(c) The director shall use the fingerprint criminal history record check information solely for the purpose of determining eligibility for a license and for determining the character, suitability, and competence of those persons or agencies, excluding parents, not required to be licensed who are authorized to care for children.

(d) Criminal justice agencies shall provide the director such information as they may have and that the director may require for such purpose.

(e) No later than July 1, 2013, all agency licensees holding licenses prior to July 1, 2012, persons who were employees before
July 1, 2012, and persons who have been qualified by the department before July 1, 2012, to have unsupervised access to children in care, must submit a new background application to the department. The department must require persons submitting a new background application pursuant to this subsection (2)(e) to pay a fee to the department for the cost of administering the individual-based/portable background check clearance registry. This fee must be paid into the individual-based/portable background check clearance account established in RCW 43.215.218. The licensee may, but need not, pay these costs on behalf of a prospective employee or reimburse the prospective employee for these costs. The licensee and the prospective employee may share these costs.

(f) In determining the character, suitability, and competence of an individual the department may not:

(i) Deny or delay a license or approval of unsupervised access to children to an individual solely because of a crime or civil infraction involving the individual or entity revealed in the background check process that is not on the director's list of crimes and negative actions and is not related directly to child safety; or

(ii) Delay the issuance of a license or approval of unsupervised access to children by requiring the individual to obtain records relating to a crime or civil infraction revealed in the background check process that is not on the director's list of crimes and negative actions and is not related directly to child safety and is not a permanent disqualifier pursuant to department rule.

(g) The department shall issue a background check clearance card or certificate to the applicant if after the completion of a background check the department concludes the applicant is qualified for unsupervised access to children in care. The background check clearance card or certificate is valid for three years from the date of issuance. A valid card or certificate must be accepted by a potential employer as proof that the applicant has successfully completed a background check as required under this chapter.

(h) If the department determines that an individual does not possess the character, suitability, or competence to provide care or have unsupervised access to a child, it must provide the reasons for its decision in writing with copies of the records or documents related to its decision to the individual within ten days of making the decision.

(i) The original applicant for an agency license, licensees, their employees, and other persons who have unsupervised access to children in care shall submit a new background check application to the department, on a form and by a date as determined by the department.

(j) The applicant and agency shall maintain on-site for inspection a copy of the background check clearance card or certificate.

(k) Individuals who have been issued a background check clearance card or certificate shall report nonconviction and conviction information to the department within twenty-four hours of the event constituting the nonconviction or conviction information.

(l) The department shall investigate and conduct a redetermination of an applicant's or licensee's background clearance if the department receives a complaint or information from individuals, a law enforcement agency, or other federal, state, or local government agency. Subject to the requirements contained in RCW 43.215.300 and 43.215.305 and based on a determination that an individual lacks the appropriate character, suitability, or competence to provide child care or early learning services to children, the department may:

(i) Invalidate the background card or certificate; or

(ii) Suspend, modify, or revoke any license authorized by this chapter.

(3) To satisfy the shared background check requirements of the department of early learning and the department of social and health services, each department shall share federal fingerprint-based background check results as permitted under the law. The purpose of this provision is to allow both departments to fulfill their joint background check responsibility of checking any individual who may have unsupervised access to vulnerable adults, children, or juveniles. Neither department may share the federal background check results with any other state agency or person.

Renumber the remaining sections consecutively and correct and internal references accordingly.

(5) Therefore, the legislature finds that it is necessary to reinstate the legislature's intended meaning when it enacted the estate tax, restore parity between married couples and unmarried individuals, restore parity between QTIP property and other property eligible for the marital deduction, and prevent the adverse fiscal impacts of the Bracken decision by reaffirming its intent that the term "transfer" as used in the Washington estate and transfer tax is to be given its broadest possible meaning consistent with established United States supreme court precedents, subject only to the limits and exceptions expressly provided by the legislature.

(b) Beginning in calendar year 2014 and through calendar year 2016, the amount specified in (a)(ii) of this subsection must be increased by an additional one million dollars each year.

Beginning on page 4, line 1, strike all of sections 3 through 9 and insert the following:

"Sec. 3. RCW 83.100.040 and 2010 c 106 s 234 are each amended to read as follows:

(1) Until January 1, 2017, a tax in an amount computed as provided in this section is imposed on every transfer of property located in Washington. For the purposes of this section, any intangible property owned by a resident is located in Washington. The tax authorized under this subsection (1) may not be imposed on or after January 1, 2017.

(2)(a) Except as provided in (b) of this subsection, the amount of tax is the amount provided in the following table:

(b) If any property in the decedent's estate is located outside of Washington, the amount of tax is the amount determined in (a) of this subsection multiplied by a fraction. The numerator of the fraction is the value of the property located in Washington. The denominator of the fraction is the value of the decedent's gross estate. Property qualifying for a deduction under RCW 83.100.046 must be excluded from the numerator and denominator of the fraction.

(3) The tax imposed under this section is a stand-alone estate tax that incorporates only those provisions of the internal revenue code as amended or renumbered as of January 1, 2005, that do not conflict with the provisions of this chapter. The tax imposed under this chapter is independent of any federal estate tax obligation and is not affected by termination of the federal estate tax."

Correct the title.

POINT OF ORDER

Representative Carlyle requested a scope and object ruling on amendment (449) to House Bill No. 1920.

SPEAKER'S RULING

Mr. Speaker (Representative Moeller presiding): "The title of House Bill 1920 is "an act relating to preserving funding deposited into the education legacy trust account used to support common schools and access to higher education by restoring the application of the Washington estate and transfer tax to certain property transfers." The bill requires certain marital trust property to be included in the estate for purposes of the Washington estate tax. The amendment phases out and terminates the Washington estate tax for all persons, married and single. The amendment applies to all estate taxes under Washington law, not just the marital trust tax for all persons, married and single. The amendment applies to all estate taxes under Washington law, not just the marital trust property addressed in the underlying bill. The Speaker therefore finds that the amendment would change the scope and object of the bill. The point of order is well taken."

Representative Taylor moved the adoption of amendment (450).

On page 5, after line 35, insert the following:

"Sec. 5. RCW 83.100.230 and 2012 1st sp.s. c 10 s 7 are each amended to read as follows:

The education legacy trust account is created in the state treasury. Money in the account may be spent only after appropriation. Expenditures from the account may be used only for support of the common schools, and for expanding access to higher education through funding for new enrollments and financial aid, and other educational improvement efforts. Money may not be transferred from the account to the general fund without a favorable vote of at least sixty percent of the members elected to each house of the legislature."

Renumber the remaining sections consecutively, correct any internal references accordingly, and correct the title.
Representative Carlyle requested a scope and object ruling on amendment (450) to House Bill No. 1920.

SPEAKER'S RULING

Mr. Speaker (Representative Moeller presiding): “The title of House Bill 1920 is “an act relating to preserving funding deposited into the education legacy trust account used to support common schools and access to higher education by restoring the application of the Washington estate and transfer tax to certain property transfers.” The bill requires certain marital trust property to be included in the estate for purposes of the Washington estate tax. The amendment concerns voting requirements for transfers from the education legacy trust account to the general fund, a subject wholly unrelated to the question of what kinds of property are subject to the estate tax. The Speaker therefore finds that the amendment would change the scope and object of the bill. The point of order is well taken.”

The bill was ordered engrossed.

There being no objection, the rules were suspended, the second reading considered the third and the bill was placed on final passage.

Representatives Ormsby and Carlyle spoke in favor of the passage of the bill.

Representatives Nealey, Orcutt, Condotta, Pike and Shea spoke against the passage of the bill.

Excused: Representatives DeBolt and Freeman.

SUBSTITUTE HOUSE BILL NO. 2018, having received the necessary constitutional majority, was declared passed.

There being no objection, the Committee amendment by the Committee on Appropriations was not adopted. (For Committee amendment, see Journal, Day 86, April 9, 2013)

Representative Roberts moved the adoption of amendment (451)

Strike everything after the enacting clause and insert the following:
"NEW SECTION. Sec. 1. (1) The legislature finds that the federal fostering connections to success and increasing adoptions act of 2008 provides important new opportunities to increase the impact of state funding through maximizing the amount of federal funding available to promote permanency and positive outcomes for dependent youth.

(2) The legislature also finds that children and adolescents who are legal dependents of Washington state have experienced significant trauma and loss, putting them at increased risk for poor life outcomes. Longitudinal research on the adult functioning of foster youth indicates a disproportionate likelihood that youth aging out of foster care and those who spent several years in care will experience poor outcomes in a variety of areas, including limited human capital upon which to build economic security and inability to fully take advantage of secondary and postsecondary educational opportunities, untreated mental or behavioral health problems, involvement in the criminal justice and corrections systems, and early parenthood combined with second-generation child welfare involvement.

(3) The legislature further finds that research also demonstrates that access to adequate and appropriate supports during the period of transition from foster care to independence can have significant positive impacts on adult functioning and can improve outcomes relating to educational attainment and postsecondary enrollment, employment and earnings, and reduced rates of teen pregnancies.

Sec. 2. RCW 13.34.030 and 2011 1st sp.s. c 36 s 13 are each reenacted and amended to read as follows:

For purposes of this chapter:

(1) "Abandoned" means when the child's parent, guardian, or other custodian has expressed, either by statement or conduct, an intent to forego, for an extended period, parental rights or responsibilities despite an ability to exercise such rights and responsibilities. If the court finds that the petitioner has exercised due diligence in attempting to locate the parent, no contact between the child and the child's parent, guardian, or other custodian for a period of three months creates a rebuttable presumption of abandonment, even if there is no expressed intent to abandon.

(2) "Child," "juvenile," and "youth" means:

(a) Any individual under the age of eighteen years; or
(b) Any individual age eighteen to twenty-one years who is eligible to receive and who elects to receive the extended foster care services authorized under RCW 74.13.031. A youth who remains dependent and who receives extended foster care services under RCW 74.13.031 shall not be considered a "child" under any other statute or for any other purpose.

(3) "Current placement episode" means the period of time that begins with the most recent date that the child was removed from the home of the parent, guardian, or legal custodian for purposes of placement in out-of-home care and continues until: (a) The child returns home; (b) an adoption decree, a permanent custody order, or guardianship order is entered; or (c) the dependency is dismissed, whichever occurs first.

(4) "Department" means the department of social and health services.

(5) "Dependency guardian" means the person, nonprofit corporation, or Indian tribe appointed by the court pursuant to this chapter for the limited purpose of assisting the court in the supervision of the dependency.

(6) "Dependent child" means any child who:

(a) Has been abandoned;
(b) Is abused or neglected as defined in chapter 26.44 RCW by a person legally responsible for the care of the child;
(c) Has no parent, guardian, or custodian capable of adequately caring for the child, such that the child is in circumstances which constitute a danger of substantial damage to the child's psychological or physical development; or
(d) Is receiving extended foster care services, as authorized by RCW 74.13.031.

(7) "Developmental disability" means a disability attributable to intellectual disability, cerebral palsy, epilepsy, autism, or another neurological or other condition of an individual found by the secretary to be closely related to an intellectual disability or to require treatment similar to that required for individuals with intellectual disabilities, which disability originates before the individual attains age eighteen, which has continued or can be expected to continue indefinitely, and which constitutes a substantial limitation to the individual.

(8) "Extended foster care services" means residential and other support services the department is authorized to provide under RCW 74.13.031. These services may include placement in licensed, relative, or otherwise approved care, or supervised independent living settings; assistance in meeting basic needs; independent living services; medical assistance; and counseling or treatment.

(9) "Guardian" means the person or agency that: (a) Has been appointed as the guardian of a child in a legal proceeding, including a guardian appointed pursuant to chapter 13.36 RCW; and (b) has the legal right to custody of the child pursuant to such appointment. The term "guardian" does not include a "dependency guardian" appointed pursuant to a proceeding under this chapter.

(10) "Guardian ad litem" means a person, appointed by the court to represent the best interests of a child in a proceeding under this chapter, or in any matter which may be consolidated with a proceeding under this chapter. A "court-appointed special advocate" appointed by the court to be the guardian ad litem for the child, or to perform substantially the same duties and functions as a guardian ad litem, shall be deemed to be guardian ad litem for all purposes and uses of this chapter.

(11) "Guardian ad litem program" means a court-authorized volunteer program, which is or may be established by the superior court of the county in which such proceeding is filed, to manage all aspects of volunteer guardian ad litem representation for children alleged or found to be dependent. Such management shall include but is not limited to: Recruitment, screening, training, supervision, assignment, and discharge of volunteers.

(12) "Housing assistance" means appropriate referrals by the department or other supervising agencies to federal, state, local, or private agencies or organizations, assistance with forms, applications, or financial subsidies or other monetary assistance for housing. For purposes of this chapter, "housing assistance" is not a remedial service or time-limited family reunification service as described in RCW 13.34.025(2).

Sec. 3. RCW 13.34.145 and 2011 c 330 s 6 are each amended to read as follows:
(1) The purpose of a permanency planning hearing is to review the permanency plan for the child, inquire into the welfare of the child and progress of the case, and reach decisions regarding the permanent placement of the child.

(a) A permanency planning hearing shall be held in all cases where the child has remained in out-of-home care for at least nine months and an adoption decree, guardianship order, or permanent custody order has not previously been entered. The hearing shall take place no later than twelve months following commencement of the current placement episode.

(b) Whenever a child is removed from the home of a dependency guardian or long-term relative or foster care provider, and the child is not returned to the home of the parent, guardian, or legal custodian but is placed in out-of-home care, a permanency planning hearing shall take place no later than twelve months, as provided in this section, following the date of removal unless, prior to the hearing, the child returns to the home of the dependency guardian or long-term care provider, the child is placed in the home of the parent, guardian, or legal custodian, an adoption decree, guardianship order, or a permanent custody order is entered, or the dependency is dismissed. Every effort shall be made to provide stability in long-term placement, and to avoid disruption of placement, unless the child is being returned home or it is in the best interest of the child.

(c) Permanency planning goals should be achieved at the earliest possible date, preferably before the child has been in out-of-home care for fifteen months. In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

(d) No later than ten working days prior to the permanency planning hearing, the agency having custody of the child shall submit a written permanency plan to the court and shall mail a copy of the plan to all parties and their legal counsel, if any.

(e) If removal is recommended, a full description of the reasons why the child cannot be protected adequately in the home, including a description of any previous efforts to work with the parents and the child in the home; the in-home treatment programs that have been considered and rejected; the preventive services, including housing assistance, that have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home; and the parents' attitude toward placement of the child;

(f) A statement of the likely harms the child will suffer as a result of removal;

(g) A description of the steps that will be taken to minimize the harm to the child that may result if separation occurs including an assessment of the child's relationship and emotional bond with any siblings, and the agency's plan to provide ongoing contact between the child and the child’s siblings if appropriate; and

(h) Behavior that will be expected before determination that supervision of the family or placement is no longer necessary.

(i) “Supervising agency” means an agency licensed by the state under RCW 74.15.090, or licensed by a federally recognized Indian tribe located in this state under RCW 74.15.190, that has entered into a performance-based contract with the department to provide case management for the delivery and documentation of child welfare services as defined in RCW 74.13.020.

(j) “Nonminor dependent” means any individual age eighteen to twenty-one years who is participating in extended foster care services, a written voluntary agreement between the law or custom of the Indian child's tribe for an Indian child as defined in RCW 74.13.031.

(k) “Supervised independent living” includes, but is not limited to, apartment living, room and board arrangements, college or university dormitories, and shared roommate settings. Supervised independent living settings must be approved by the children's administration or the court.

(l) “Voluntary placement agreement” means, for the purposes of extended foster care services, a written voluntary agreement between a nonminor dependent who agrees to submit to the care and authority of the department for the purposes of participating in the extended foster care program.
court shall:

(A) Being returned safely to his or her home;
(B) Having a petition for the involuntary termination of parental rights filed on behalf of the child;
(C) Being placed for adoption;
(D) Being placed with a guardian;
(E) Being placed in the home of a fit and willing relative of the child; or
(F) Being placed in some other alternative permanent placement, including independent living or long-term foster care.

At this hearing, the court shall order the department or supervising agency to file a petition seeking termination of parental rights if the child has been in out-of-home care for fifteen of the last twenty-two months since the date the dependency petition was filed unless the court makes a good cause exception as to why the filing of a termination of parental rights petition is not appropriate. Any good cause finding shall be reviewed at all subsequent hearings pertaining to the child. For purposes of this section, “good cause exception” includes but is not limited to the following: The child is being cared for by a relative; the department has not provided to the child’s family such services as the court and the department have deemed necessary for the child’s safe return home; or the department has documented in the case plan a compelling reason for determining that filing a petition to terminate parental rights would not be in the child’s best interests.

(c)(i) If the permanency plan identifies independent living as a goal, the court shall make a finding that the provision of services to assist the child in making a transition from foster care to independent living will allow the child to manage his or her financial, personal, social, educational, and nonfinancial affairs prior to approving independent living as a permanency plan of care. The court will inquire whether the child has been provided information about extended foster care services.

(ii) The permanency plan shall also specifically identify the services, including extended foster care services, where appropriate, that will be provided to assist the child to make a successful transition from foster care to independent living.

(iii) The department or supervising agency shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW.

(d) If the child has resided in the home of a foster parent or relative for more than six months prior to the permanency planning hearing, the court shall:

(i) Enter a finding regarding whether the foster parent or relative was informed of the hearing as required in RCW 74.13.280, 13.34.096, and 13.34.060, and;
(ii) If the department or supervising agency is recommending a placement other than the child’s current placement with a foster parent, relative, or other suitable person, enter a finding as to the reasons for the recommendation for a change in placement.

((44)) (2) In all cases, at the permanency planning hearing, the court shall:

(a)(i) Order the permanency plan prepared by the supervising agency to be implemented; or
(b)(i) Order the child returned home only if the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists; or
(ii) Order the child to remain in out-of-home care for a limited specified time period while efforts are made to implement the permanency plan.

((45)) (6) Following the first permanency planning hearing, the court shall hold a further permanency planning hearing in accordance with this section at least once every twelve months until a permanency planning goal is achieved or the dependency is dismissed, whichever occurs first.

((46)) (2) Prior to the second permanency planning hearing, the agency that has custody of the child shall consider whether to file a petition for termination of parental rights.

((47)) (8) If the court orders the child returned home, casework supervision by the department or supervising agency shall continue for at least six months, at which time a review hearing shall be held pursuant to RCW 13.34.138, and the court shall determine the need for continued intervention.

((48)) (9) The juvenile court may hear a petition for permanent legal custody when: (a) The court has ordered implementation of a permanency plan that includes permanent legal custody; and (b) the party pursuing the permanent legal custody is the party identified in the permanency plan as the prospective legal custodian. During the pendency of such proceeding, the court shall conduct review hearings and further permanency planning hearings as provided in this chapter. At the conclusion of the legal guardianship or permanent legal custody proceeding, a juvenile court hearing shall be held for the purpose of determining whether dependency should be dismissed. If a guardianship or permanent custody order has been entered, the dependency shall be dismissed.

((49)) (10) Continued juvenile court jurisdiction under this chapter shall not be a barrier to the entry of an order establishing a legal guardianship or permanent legal custody when the requirements of subsection ((49)) (2) of this section are met.

((50)) (11) Nothing in this chapter may be construed to limit the ability of the agency that has custody of the child to file a petition for termination of parental rights or a guardianship petition at any time following the establishment of dependency. Upon the filing of such a petition, a fact-finding hearing shall be scheduled and held in accordance with this chapter unless the department or supervising agency requests dismissal of the petition prior to the hearing or unless the parties enter an agreed order terminating parental rights, establishing guardianship, or otherwise resolving the matter.

((51)) (12) The approval of a permanency plan that does not contemplate return of the child to the parent does not relieve the supervising agency of its obligation to provide reasonable services, under this chapter, intended to effectuate the return of the child to the parent, including but not limited to, visitation rights. The court shall consider the child’s relationships with siblings in accordance with RCW 13.34.130.

((52)) (13) Nothing in this chapter may be construed to limit the procedural due process rights of any party in a termination or guardianship proceeding filed under this chapter.

Sec. 4. RCW 13.34.267 and 2012 c 52 s 4 are each amended to read as follows:

(1) In order to facilitate the delivery of extended foster care services, the court, upon the agreement of the youth to participate in the extended foster care program, shall ((postpone for six months the dismissal of a)) maintain the dependency proceeding for any ((child)) youth who is ((a)) dependent ((child)) in foster care at the age of eighteen years and who, at the time of his or her eighteenth birthday, is:

(a) Enrolled in a secondary education program or a secondary education equivalency program; ((#))
(b) Enrolled and participating in a postsecondary academic or postsecondary vocational program, or has applied for and can demonstrate that he or she intends to timely enroll in a postsecondary academic or postsecondary vocational program; or
(c) Participating in a program or activity designed to promote employment or remove barriers to employment.

(2) If the court determines it is in the best interest of a youth (a)
pursuant to subsection (1) of this section, the youth is eligible to receive extended foster care services pursuant to RCW 74.13.031, subject to the youth’s continuing agreement to participate.

(3) A dependent youth receiving extended foster care services is a party to the dependency proceeding. The youth’s parent or guardian must be dismissed from the dependency proceeding when the youth reaches the age of eighteen.

(4) The court shall dismiss the dependency proceeding for any youth who is a dependent in foster care and who, at the age of eighteen years, does not meet any of the criteria described in subsection (1)(a) through (c) of this section or does not agree to participate in the program.

(((2)(a) The six-month postponement under this subsection is intended to allow a reasonable window of opportunity for an eligible youth who reaches the age of eighteen to request extended foster care services from the department or supervising agency. The court shall dismiss the dependency if the youth:
   (i) Has not requested extended foster care services from the department by the end of the six-month period; or
   (ii) Is no longer eligible for extended foster care services under RCW 74.13.031(10) at any point during the six-month period.

(3) A youth who participates in extended foster care while completing a secondary education or equivalency program may continue to receive extended foster care services for the purpose of participating in a postsecondary academic or postsecondary vocational education program if, at the time the secondary education or equivalency program is completed, the youth has applied to and can demonstrate that he or she intends to timely enroll in a postsecondary academic or vocational education program. The dependency shall be dismissed if the youth fails to timely enroll or continue in the postsecondary program, or reaches age twenty-one, whichever is earlier.

The department may establish foster care rates appropriate to the needs of the youth participating in extended foster care services. The department’s placement and care authority over a youth receiving extended foster care services is solely for the purpose of providing services and does not create a legal responsibility for the actions of the youth receiving extended foster care services.

(6) The court shall appoint counsel to represent a youth, as defined in RCW 13.34.030(2)(b), in dependency proceedings under this section.

(7) The case plan for and delivery of services to a youth receiving extended foster care services is subject to the review requirements set forth in RCW 13.34.138 and 13.34.145, and should be applied in a developmentally appropriate manner, as they relate to youth age eighteen to twenty-one years. Additionally, the court shall consider:
   (a) Whether the youth is safe in his or her placement;
   (b) Whether the youth continues to be eligible for extended foster care services;
   (c) Whether the current placement is developmentally appropriate for the youth;
   (d) The youth’s development of independent living skills; and
   (e) The youth’s overall progress toward transitioning to full independence and the projected date for achieving such transition.

(8) Prior to the review hearing, the youth’s attorney shall indicate whether there are any contested issues and may provide additional information necessary for the court’s review.

   (iii) Information regarding the youth’s right to ask the court to establish a dependency for the purpose of providing extended foster care services and his or her right to counsel to assist in making that request.

(b) The written documentation pursuant to (a) of this subsection must be provided to the youth within ten days of the department’s decision not to enter into a voluntary placement agreement with the youth.

(2)(a) A youth seeking to participate in extended foster care after being declined by the department under subsection (1) of this section may file a notice of intent to file a petition for dependency, asking the court to determine his or her eligibility for extended foster care services, and to enter an order of dependency. If the youth chooses to
file such notice, it must be filed within thirty days of the date of the department's decision.

The report shall include a section entitled "Foster Home Turn-Over, Causes and Recommendations."

(3) The department shall investigate complaints of any recent act or failure to act on the part of a parent or caretaker that results in death, serious physical or emotional harm, or sexual abuse or exploitation, or that presents an imminent risk of serious harm, and on the basis of the findings of such investigation, offer child welfare services in relation to the problem to such parents, legal custodians, or persons serving in loco parentis, and/or bring the situation to the attention of an appropriate court, or another community agency. An investigation is not required of nonaccidental injuries which are clearly not the result of a lack of care or supervision by the child's parents, legal custodians, or persons serving in loco parentis. If the investigation reveals that a crime against a child may have been committed, the department shall notify the appropriate law enforcement agency.

(4) The department or supervising agencies shall offer, on a voluntary basis, family reconciliation services to families who are in conflict.

(b) The document must be prepared in conjunction with a community-based organization and must be updated as needed.

POINT OF PERSONAL PRIVILEGE

Representative DeBolt: “Ladies and Gentleman of the House, it is kind of neat to be up here. I’ve had two firsts; I also got to go to caucus. I just wanted to let you know, you know as you sit here in life and you think about things, as a lot of you know I haven’t been feeling very well lately. I was in the hospital and I kind of looked at my life and I thought about my son’s sixteenth birthday, which is tomorrow. Happy Birthday Austin. I thought about where I fit in the world and one of the things I do know is that two years ago I had some severe health challenges and now I am going to face some new challenges and I know I’m going to be fine but it is time for me to step aside as the leader of the House Republican Caucus. I just really want you guys to know how much it has meant to me to serve in that area and in that part of my life. This has been a wonderful experience for me. We are going to see how the summer goes and then we will go from there. Each and every one of you holds a special place in the State of Washington. You represent a district and you represent a philosophy and an ideal that you have to hold on to because you represent those people that elected you and sent you here. Each and every one of you has a special gift and a talent and have been lucky enough to be elected to this body and I don’t want you to look past that. I’m not leaving, I’m just changing roles for a while, stepping away, going to focus on my family and my health and my other worlds. There is a lot of stresses that come in this building, you guys know them probably better than anybody. The reason I choose to go now is because as I’ve been home, every time someone makes a decision I get ten texts telling me they made this decision. It is important that we know who is responsible. Joel is going to be stepping in and helping me out. Thank you. Our caucus is in good shape and very strong and I just want you guys to know how much I really appreciate everything and Mr. Speaker, you have been very concerned and very helpful to me as I went through this and you have been a great leader for us and I appreciate you and your compassion. Thank you guys very much as I move forward in a new chapter in my life and I appreciate it. Thanks.”

Mr. Speaker: “I am at a loss for words Richard. You and I have been through a lot together, a lot of floor battles, in fact I always was very worried whenever Richard would stand and speak on the floor because I was very jealous frankly, because you can get up and give a great speech and I’m always nervous. In fact, I’m so pleased I haven’t given a floor speech in about ten years but I just really have great admiration for you. We have been through a lot, maybe we should write a book together because there are lots of stories we could tell about how great this institution is and how great all the legislators are, but in particular, how great you have been to work with. It is more than just a working relationship, you’ve been a great friend. Anything we can do, just let us know, I appreciate all the years of service you’ve given to the State of Washington, to your district, and to all of us. I wish you all the best. Everybody up.” (The members of the House rose in honor of Representative DeBolt.)

The Speaker called upon Representative Orwall to preside.

On page 2, after line 3, insert the following:

“NEW SECTION. Sec. 2. The legislature finds that it is difficult for many property owners to pay property taxes under the current system where past due property tax payments must be paid in full, including penalties and interest. The legislature further finds that providing counties and property owners some flexibility in structuring past due property tax payments may provide some relief for property owners with delinquent tax payments.

Sec. 3. RCW 84.56.020 and 2010 c 200 s 1 are each amended to read as follows:

(1) The county treasurer must be the receiver and collector of all taxes extended upon the tax rolls of the county, whether levied for state, county, school, bridge, road, municipal or other purposes, and also of all fines, forfeitures or penalties received by any person or officer for the use of his or her county. No treasurer may accept tax payments or issue receipts for the same until the treasurer has completed the tax roll for the current year’s collection and provided notification of the completion of the roll. Notification may be accomplished electronically, by posting a notice in the office, or through other written communication as determined by the treasurer. All taxes upon real and personal property made payable by the provisions of this title are due and payable to the treasurer on or before the thirtieth day of April and, except as provided in this section, shall be delinquent after that date.

(2) Each tax statement must include a notice that checks for payment of taxes may be made payable to “Treasurer of . . . . . . County” or other appropriate office, but tax statements may not include any suggestion that checks may be made payable to the name of the individual holding the office of treasurer nor any other individual.
(3) When the total amount of tax or special assessments on personal property or on any lot, block or tract of real property payable by one person is fifty dollars or more, and if one-half of such tax be paid on or before the thirtieth day of April, the remainder of such tax is due and payable on or before the thirty-first day of October following and shall be delinquent after that date.

(4) When the total amount of tax or special assessments on any lot, block or tract of real property or on any mobile home payable by one person is fifty dollars or more, and if one-half of such tax be paid after the thirtieth day of April but before the thirty-first day of October, together with the applicable interest and penalty on the full amount of tax payable for that year, the remainder of such tax is due and payable on or before the thirty-first day of October following and is delinquent after that date.

(5) Except as provided in (c) of this subsection, delinquent taxes under this section are subject to interest at the rate of twelve percent per annum computed on a monthly basis on the full year amount of tax unpaid from the date of delinquency until paid. Interest must be calculated at the rate in effect at the time of payment of the tax, regardless of when the taxes were first delinquent. In addition, delinquent taxes under this section are subject to penalties as follows:

(a) A penalty of three percent of the full year amount of tax unpaid is assessed on the tax delinquent on June 1st of the year in which the tax is due.

(b) An additional penalty of eight percent is assessed on the amount of tax delinquent on December 1st of the year in which the tax is due.

(c) If a taxpayer is successfully participating in a payment agreement under subsection (11)(b) of this section, the county treasurer may not assess additional penalties on delinquent taxes that are included within the payment agreement. Interest and penalties that have been assessed prior to the payment agreement remain due and payable as provided in the payment agreement.

(6)(a) When real property taxes become delinquent and prior to the filing of the certificate of delinquency, the treasurer is authorized to assess and collect tax foreclosure avoidance costs.

(b) For the purposes of this section, "tax foreclosure avoidance costs" means those costs that can be identified specifically with the administration of properties subject to and prior to foreclosure. Tax foreclosure avoidance costs include:

(i) Compensation of employees for the time devoted and identified specifically to administering the avoidance of property foreclosure; and

(ii) The cost of materials, services, or equipment acquired, consumed, or expended specifically for the purpose of administering tax foreclosure avoidance prior to the filing of a certificate of delinquency.

(c) When tax foreclosure avoidance costs are collected, the tax foreclosure avoidance costs must be credited to the county treasurer service fund account, except as otherwise directed.

(d) For purposes of chapter 84.64 RCW, any taxes, interest, or penalties deemed delinquent under this section remain delinquent until such time as all taxes, interest, and penalties for the tax year in which the taxes were first due and payable have been paid in full.

(7) Subsection (5) of this section notwithstanding, no interest or penalties may be assessed during any period of armed conflict on delinquent taxes imposed on the personal residences owned by active duty military personnel who are participating as part of one of the branches of the military involved in the conflict and assigned to a duty station outside the territorial boundaries of the United States.

(8) During a state of emergency declared under RCW 43.06.010(12), the county treasurer, on his or her own motion or at the request of any taxpayer affected by the emergency, may grant extensions of the due date of any taxes payable under this section as the treasurer deems proper.

(9) For purposes of this chapter, "interest" means both interest and penalties.

(10) All collections of interest on delinquent taxes must be credited to the county current expense fund; but the cost of foreclosure and sale of real property, and the fees and costs of distraint and sale of personal property, for delinquent taxes, must, when collected, be credited to the operation and maintenance fund of the county treasurer prosecuting the foreclosure or distraint or sale; and must be used by the county treasurer as a revolving fund to defray the cost of further foreclosure, distraint and sale for delinquent taxes without regard to budget limitations.

(11) For purposes of this chapter, and in accordance with this section and RCW 36.29.190, the treasurer may collect taxes, assessments, fees, rates, interest, and charges by electronic bill presentment and payment. Electronic bill presentment and payment may be utilized as an option by the taxpayer, but the treasurer may not require the use of electronic bill presentment and payment. Electronic bill presentment and payment may be on a monthly or other periodic basis as the treasurer deems proper for delinquent tax year payments only or for prepayments of current tax. All prepayments must be paid in full by the due date specified in (c) of this subsection. Payments on past due taxes must include collection of the oldest delinquent year, which includes interest and taxes within a twelve-month period, prior to the filing of a certificate of delinquency under chapter 84.64 RCW or distraint pursuant to RCW 84.56.070.

(b) The treasurer must provide, by electronic means or otherwise, a payment agreement that ((may include prepayment collection charges. The payment agreement must be signed by the taxpayer and treasurer prior to the sending of an electronic bill)) provides for payment of current year taxes, inclusive of prepayment collection charges. The treasurer may provide, by electronic means or otherwise, a payment agreement for payment of past due delinquencies, which must also require current year taxes to be paid timely. The payment agreement must be signed by the taxpayer and treasurer prior to the sending of an electronic or alternative bill, which includes a payment plan for current year taxes.

(c) All taxes upon real and personal property made payable by the provisions of this title are due and payable to the treasurer on or before the thirty-first day of April and are delinquent after that date. The remainder of the tax is due and payable on or before the thirty-first day of October following and is delinquent after that date. All other assessments, fees, rates, and charges are delinquent after the due date.

(d) A county treasurer may authorize payment of past due property taxes, penalties, and interest under this chapter by electronic funds transfer payments on a monthly basis. Monthly payments must first be applied to penalties and interest. Delinquent taxes are subject to interest and penalties, as provided in subsection (5) of this section.

(e) The treasurer must pay any collection costs, investment earnings, or both on past due payments or prepayments to the credit of a county treasurer service fund account to be created and used only for the payment of expenses incurred by the treasurer, without limitation, in administering the system for collecting prepayments.

(12) For purposes of this section unless the context clearly requires otherwise, the following definitions apply:

(a) "Electronic bill presentment and payment" means statements, invoices, or bills that are created, delivered, and paid using the internet. The term includes an automatic electronic payment from a person's checking account, debit account, or credit card.

(b) "Internet" has the same meaning as provided in RCW 19.270.010.

Different cut-off times may apply to payment orders, cancellations, or amendments, or to different categories of payment orders, cancellations, or amendments. amended to read as follows:

(((2))) (b) If a bank and its customer have agreed that the authenticity of payment orders issued to the bank in the name of the customer as sender will be verified pursuant to a security procedure, a payment order received by the receiving bank is effective as the order of the customer, whether or not authorized, if (((a))) (i) the security procedure is a commercially reasonable method of providing security against unauthorized payment orders, and (((b))) (ii) the bank proves that it accepted the payment order in good faith and in compliance with the security procedure and any written agreement or instruction of the customer restricting acceptance of payment orders issued in the name of the customer. The bank is not required to follow an instruction that violates a written agreement with the customer or notice of which is not received at a time and in a manner affording the bank a reasonable opportunity to act on it before the payment order is accepted.

(((2))) (c) Commercial reasonableness of a security procedure is a question of law to be determined by considering the wishes of the customer expressed to the bank, the circumstances of the customer known to the bank, including the size, type, and frequency of payment orders normally issued by the customer to the bank, alternative security procedures offered to the customer, and security procedures in general use by customers and receiving banks similarly situated. A security procedure is deemed to be commercially reasonable if (((a))) (i) the security procedure was chosen (((b))) by the customer after the bank offered, and the customer refused, a security procedure that was commercially reasonable for that customer, and (((a))) (ii) the customer expressly agreed in writing to be bound by any payment order, whether or not authorized, issued in its name, and accepted by the bank in compliance with the security procedure chosen by the customer.

(((4))) (d) The term "sender" in this Article includes the customer in whose name a payment order is issued if the order is the authorized order of the customer under subsection (((4))) (a) of this section, or it is effective as the order of the customer under subsection (((2))) (b) of this section.

(((4))) (e) This section applies to amendments and cancellations of payment orders to the same extent it applies to payment orders.

(((4))) (f) Except as provided in this section and RCW 62A.4A-203(((4))) (a)(1), rights and obligations arising under this section or RCW 62A.4A-203 may not be varied by agreement.

Sec. 7. RCW 62A.4A-203 and 1991 sp.s.c 21 s 4A-203 are each amended to read as follows:

(((4))) (a) If an accepted payment order is not, under RCW 62A.4A-203(((4))) (a)(1), an authorized order of a customer identified as sender, but is effective as an order of the customer pursuant to RCW 62A.4A-202(((4))) (b), the following rules apply.

(((4))) (b) By express written agreement, the receiving bank may limit the extent to which it is entitled to enforce or retain payment of the payment order.

(((4))) (c) The receiving bank is not entitled to enforce or retain payment of the payment order if the customer proves that the order was not caused, directly or indirectly, by a person (i) entrusted at any time with duties to act for the customer with respect to payment orders or the security procedure, or (ii) who obtained access to transmitting facilities of the customer or who obtained, from a source controlled by the customer and without authority of the receiving bank, information facilitating breach of the security procedure, regardless of how the information was obtained or whether the customer was at fault. Information includes any access device, computer software, or the like.

(((4))) (d) This section applies to amendments of payment orders to the same extent it applies to payment orders.

Sec. 8. RCW 62A.4A-204 and 2012 c 214 s 1203 are each amended to read as follows:

(((4))) (a) If a receiving bank accepts a payment order issued in the name of its customer as sender which is (((4))) (i) not authorized and not effective as the order of the customer under RCW 62A.4A-202, or (((4))) (ii) not enforceable, in whole or in part, against the customer under RCW 62A.4A-203, the bank shall refund any payment of the payment order received from the customer to the extent the bank is not entitled to enforce payment and shall pay interest on the refundable amount calculated from the date the bank received payment to the date of the refund. However, the customer is not entitled to interest from the bank on the amount to be refunded if the customer fails to exercise ordinary care to determine that the order was not authorized by the customer and to notify the bank of the relevant facts within a reasonable time not exceeding ninety days after the date the customer received notification from the bank that the order was accepted or that the customer’s account was debited with respect to the order. The bank is not entitled to any recovery from the customer on account of a failure by the customer to give notification as stated in this section.

(((4))) (b) Reasonable time under subsection (((4))) (a) of this section may be fixed by agreement as stated in RCW 62A.1-302(b), but the obligation of a receiving bank to refund payment as stated in subsection (((4))) (a) of this section may not otherwise be varied by agreement.

Sec. 9. RCW 62A.4A-205 and 1991 sp.s.c 21 s 4A-205 are each amended to read as follows:

(((4))) (a) If an accepted payment order was transmitted pursuant to a security procedure for the detection of error and the payment order (((4))) (i) erroneously instructed payment to a beneficiary not intended by the sender, (((4))) (ii) erroneously instructed payment in an amount greater than the amount intended by the sender, or (((4))) (iii) was an erroneously transmitted duplicate of a payment order previously sent by the sender, the following rules apply:

(((4))) (1) If the sender proves that the sender or a person acting on behalf of the sender pursuant to RCW 62A.4A-206 complied with the security procedure and that the error would have been detected if the receiving bank had also complied, the sender is not obliged to pay the order to the extent stated in (((4))) paragraphs (2) and (((4))) (3) of this subsection.

(((4))) (2) If the funds transfer is completed on the basis of an erroneous payment order described in (((4))) clause (i) or (((4))) (iii) of this subsection (a), the sender is not obliged to pay the order and the receiving bank is entitled to recover from the beneficiary any amount paid to the beneficiary to the extent allowed by the law governing mistake and restitution.

(((4))) (3) If the funds transfer is completed on the basis of a payment order described in (((4))) clause (ii) of this subsection (a), the sender is not obliged to pay the order to the extent the amount received by the beneficiary is greater than the amount intended by the sender. In that case, the receiving bank is entitled to recover from the beneficiary the excess amount received to the extent allowed by the law governing mistake and restitution.

(((4))) (b) If (((4))) (i) the sender of an erroneous payment order described in subsection (((4))) (a) of this section is not obliged to pay all or part of the order, and (((4))) (ii) the sender receives notification from the receiving bank that the order was accepted by the bank or that the sender's account was debited with respect to the order, the sender has a duty to exercise ordinary care, on the basis of information available to the sender, to discover the error with respect to the order and to advise the bank of the relevant facts within a reasonable time, not exceeding ninety days, after the bank's notification was received by the sender. If the bank proves that the sender failed to perform that duty, the sender is liable to the bank for the loss the bank proves it incurred as a result of the failure, but the
liability of the sender may not exceed the amount of the sender's order.

RCW 62A.4A-209 and 1991 sp.s. c 21 s 4A-209 are each amended to read as follows:

Sec. 10. RCW 62A.4A-206 and 1991 sp.s. c 21 s 4A-206 are each amended to read as follows:

Sec. 11. RCW 62A.4A-207 and 1991 sp.s. c 21 s 4A-207 are each amended to read as follows:

Sec. 12. RCW 62A.4A-208 and 1991 sp.s. c 21 s 4A-208 are each amended to read as follows:

Sec. 13. RCW 62A.4A-209 and 1991 sp.s. c 21 s 4A-209 are each amended to read as follows:

Sec. 14. RCW 62A.4A-405 (((1) or (2))) (a) or (b) or ((2)) or (((4))) (d) in a case governed by subsection (((4))) (d) of this section, if the beneficiary's bank rightfully pays the person identified by number and that person was not entitled to receive payment from the originator, the amount paid may be recovered from that person to the extent allowed by the law governing mistake and restitution as follows:

Sec. 15. RCW 62A.4A-302 (((1)(a))) (a)(1) When the bank (i) pays the beneficiary as stated in subsection (((3))) (c) of this section, the originator has the right to recover.

Sec. 16. RCW 62A.4A-302 (((1)(a))) (a)(1) The receiving bank may rely on the number as the proper identification of the intermediary or beneficiary's bank and need not determine whether the number identifies a bank.

Sec. 17. RCW 62A.4A-302 (((1)(a))) (a) This subsection applies to a payment order identifying an intermediary bank or the beneficiary's bank both by name and an identifying number if the name and number identify different persons.

Sec. 18. RCW 62A.4A-302 (((1)(a))) (a) If the originator is a bank, the receiving bank may rely on the number as the proper identification of the intermediary or beneficiary's bank if the receiving bank, when it executes the sender's order, does not know that the name and number identify different persons. The receiving bank need not determine whether the name and number refer to the same person or whether the number refers to a bank. The sender is obliged to compensate the receiving bank for any loss and expenses incurred by the receiving bank as a result of its reliance on the number in executing or attempting to execute the order.

Sec. 19. RCW 62A.4A-302 (((1)(a))) (a) If the originator is not a bank and the receiving bank proves that the sender, before the payment order was accepted, had notice that the receiving bank might rely on the number as the proper identification of the intermediary or beneficiary's bank even if it identifies a person different from the bank identified by name, the rights and obligations of the sender and the receiving bank are governed by subsection (((2))) (b)(1) of this section, as though the sender were a bank. Proof of notice may be made by any admissible evidence. The receiving bank satisfies the burden of proof if it proves that the sender, before the payment order was accepted, signed a writing stating the information to which the notice relates.

Sec. 20. RCW 62A.4A-302 (((1)(a))) (a) Regardless of whether the sender is a bank, the receiving bank may rely on the name as the proper identification of the intermediary or beneficiary's bank if the receiving bank, at the time it executes the sender's order, does not know that the name and number identify different persons. The receiving bank need not determine whether the name and number refer to the same person.

Sec. 21. RCW 62A.4A-302 (((1)(a))) (a) If the receiving bank knows that the name and number identify different persons, reliance on either the name or the number in executing the sender's payment order is a breach of the obligation stated in RCW 62A.4A-302 (((1)(a))) (a)(1).

Sec. 22. RCW 62A.4A-405 (((1) or (2))) (a) or (b) or (ii) notifies the beneficiary of receipt of the order or that the account of the beneficiary has been credited with respect to the order unless the notice indicates that the bank is rejecting the order or that funds with
respect to the order may not be withdrawn or used until receipt of payment from the sender of the order;

((44)) (2) When the bank receives payment of the entire amount of the sender's order pursuant to RCW 62A.4A-403((44) (a) or (b)) (a) (1) or (2); or

((44)) (3) The opening of the next funds-transfer business day of the bank following the payment date of the order if, at that time, the amount of the sender's order is fully covered by a withdrawable credit balance in an authorized account of the sender or the bank has otherwise received full payment from the sender, unless the order was rejected before that time or is rejected within (i) one hour after that time, or (ii) one hour after the opening of the next business day of the sender following the payment date if that time is later. If notice of rejection is received by the sender after the payment date and the authorized account of the sender does not bear interest, the bank is obligated to pay interest to the sender on the amount of the order for the number of days elapsing after the payment date to the day the sender receives notice or learns that the order was not accepted, counting that day as an elapsed day. If the withdrawable credit balance during that period falls below the amount of the order, the amount of interest payable is reduced accordingly.

((44)) (c) Acceptance of a payment order cannot occur before the order is received by the receiving bank. Acceptance does not occur under subsection ((2)(b) or (a)) (b) (2) or (3) of this section if the beneficiary of the payment order does not have an account with the receiving bank, the account has been closed, or the receiving bank is not permitted by law to receive credits for the beneficiary's account.

((44)) (d) A payment order issued to the originator's bank cannot be accepted until the payment date if the bank is the beneficiary's bank, or the execution date if the bank is not the beneficiary's bank. If the originator's bank executes the originator's payment order before the execution date or pays the beneficiary of the originator's payment order before the payment date and the payment order is subsequently canceled pursuant to RCW 62A.4A-211(((44)) (b)) the bank may recover from the beneficiary any payment received to the extent allowed by the law governing mistake and restitution.

Sec. 14. RCW 62A.4A-210 and 1991 sp.s. c 21 s 4A-210 are each amended to read as follows:

((44)) (a) A payment order is rejected by the receiving bank by a notice of rejection transmitted to the sender orally, electronically, or in writing. A notice of rejection need not use any particular words and is sufficient if it indicates that the receiving bank is rejecting the order or will not execute or pay the order. Rejection is effective when the notice is given if transmission is by a means that is reasonable in the circumstances. If notice of rejection is given by a means that is not reasonable, rejection is effective when the notice is received. If an agreement of the sender and receiving bank establishes the means to be used to reject a payment order, ((44)) (b) any means complying with the agreement is reasonable and ((44)) (b) any means not complying is not reasonable unless no significant delay in receipt of the notice resulted from the use of the noncomplying means.

((44)) (b) This subsection applies if a receiving bank other than the beneficiary's bank fails to execute a payment order despite the existence on the execution date of a withdrawable credit balance in an authorized account of the sender sufficient to cover the order. If the sender does not receive notice of rejection of the order on the execution date and the authorized account of the sender does not bear interest, the bank is obligated to pay interest to the sender on the amount of the order for the number of days elapsing after the execution date to the earlier of the day the order is canceled pursuant to RCW 62A.4A-211(((44)) (d) or the day the sender receives notice or learns that the order was not executed, counting the final day of the period as an elapsed day. If the withdrawable credit balance during that period falls below the amount of the order, the amount of interest is reduced accordingly.

((44)) (c) If a receiving bank suspends payments, all unaccepted payment orders issued to it are deemed rejected at the time the bank suspends payments.

((44)) (d) Acceptance of a payment order precludes a later rejection of the order. Rejection of a payment order precludes a later acceptance of the order.

Sec. 15. RCW 62A.4A-211 and 1991 sp.s. c 21 s 4A-211 are each amended to read as follows:

((44)) (a) A communication of the sender of a payment order canceling or amending the order may be transmitted to the receiving bank orally, electronically, or in writing. If a security procedure is in effect between the sender and the receiving bank, the communication is not effective to cancel or amend the order unless the communication is verified pursuant to the security procedure or the bank agrees to the cancellation or amendment.

((44)) (b) Subject to subsection ((44)) (a) of this section, a communication by the sender canceling or amending a payment order is effective to cancel or amend the order if notice of the communication is received at a time and in a manner affording the receiving bank a reasonable opportunity to act on the communication before the bank accepts the payment order.

((44)) (c) After a payment order has been accepted, cancellation or amendment of the order is not effective unless the receiving bank agrees or a funds-transfer system rule allows cancellation or amendment without agreement of the bank.

((44)) (1) With respect to a payment order accepted by a receiving bank other than the beneficiary's bank, cancellation or amendment is not effective unless a conforming cancellation or amendment of the payment order issued by the receiving bank is also made.

((44)) (2) With respect to a payment order accepted by the beneficiary's bank, cancellation or amendment is not effective unless the order was issued in execution of an unauthorized payment order, or because of a mistake by a sender in the funds transfer which resulted in the issuance of a payment order (i) that is a duplicate of a payment order previously issued by the sender, (ii) that orders payment to a beneficiary not entitled to receive payment from the originator, or (iii) that orders payment in an amount greater than the amount the beneficiary was entitled to receive from the originator. If the payment order is canceled or amended, the beneficiary's bank is entitled to recover from the beneficiary any amount paid to the beneficiary to the extent allowed by the law governing mistake and restitution.

((44)) (d) An unaccepted payment order is canceled by operation of law at the close of the fifth funds-transfer business day of the receiving bank after the execution date or payment date of the order.

((44)) (e) A canceled payment order cannot be accepted. If an accepted payment order is canceled, the acceptance is nullified and no person has any right or obligation based on the acceptance. Amendment of a payment order is deemed to be cancellation of the original order at the time of amendment and issue of a new payment order in the amended form at the same time.

((44)) (f) Unless otherwise provided in an agreement of the parties or in a funds-transfer system rule, if the receiving bank, after accepting a payment order, agrees to cancellation or amendment of the order by the sender or is bound by a funds-transfer system rule allowing cancellation or amendment without the bank's agreement, the sender, whether or not cancellation or amendment is effective, is liable to the bank for any loss and expenses, including reasonable attorneys' fees, incurred by the bank as a result of the cancellation or amendment or attempted cancellation or amendment.

((44)) (g) A payment order is not revoked by the death or legal incapacity of the sender unless the receiving bank knows of the death or of an adjudication of incapacity by a court of competent jurisdiction and has reasonable opportunity to act before acceptance of the order.
If a receiving bank fails to accept a payment order that it is obliged by express agreement to accept, the bank is liable for breach of the agreement to the extent provided in the agreement or in this Article, but does not otherwise have any duty to accept a payment order or, before acceptance, to take any action, or refrain from taking action, with respect to the order except as provided in this Article or by express agreement. Liability based on acceptance arises only when acceptance occurs as stated in RCW 62A.4A-209, and liability is limited to that provided in this Article. A receiving bank is not the agent of the sender or beneficiary of the payment order it accepts, or of any other party to the funds transfer, and the bank owes no duty to any party to the funds transfer except as provided in this Article or by express agreement.

Sec. 17. RCW 62A.4A-301 and 1991 sp.s c 21 s 4A-301 are each amended to read as follows:

"A payment order is "executed" by the receiving bank when it issues a payment order intended to carry out the payment order received by the bank. A payment order received by the beneficiary's bank can be accepted but cannot be executed.

"(a)" "Execution date" of a payment order means the day on which the receiving bank may properly issue a payment order in execution of the sender's order. The execution date may be determined by instruction of the sender but cannot be earlier than the day the order is received and, unless otherwise determined, is the day the order is received. If the sender's instruction states a payment date, the execution date is the payment date or an earlier date on which execution is reasonably necessary to allow payment to the beneficiary on the payment date.

Sec. 18. RCW 62A.4A-302 and 1991 sp.s c 21 s 4A-302 are each amended to read as follows:

"(a)" Except as provided in subsections (b) through (d) of this section, if the receiving bank accepts a payment order pursuant to RCW 62A.4A-209(((2))) (a), the bank has the following obligations in executing the order.

"(1)" The receiving bank is obliged to issue, on the execution date, a payment order complying with the sender's order and to follow the sender's instructions concerning (i) any intermediary bank or funds-transfer system to be used in carrying out the funds transfer, or (ii) the means by which payment orders are to be transmitted in the funds transfer. If the originator's bank issues a payment order to an intermediary bank, the originator's bank is obliged to instruct the intermediary bank according to the instruction of the originator. An intermediary bank in the funds transfer is similarly bound by an instruction given to it by the sender of the payment order it accepts.

"(2)" If the sender's instruction states that the funds transfer is to be carried out telephonically or by wire transfer or otherwise indicates that the funds transfer is to be carried out by the most expeditious means, the receiving bank is obliged to transmit its payment order by the most expeditious available means, and to instruct any intermediary bank accordingly. If a sender's instruction states a payment date, the receiving bank is obliged to transmit its payment order at a time and by means reasonably necessary to allow payment to the beneficiary on the payment date or as soon thereafter as is feasible.

"(b)" Unless otherwise instructed, a receiving bank executing a payment order may (i) use any funds-transfer system if use of that system is reasonable in the circumstances, and (ii) issue a payment order to the beneficiary's bank or to an intermediary bank through which a payment order conforming to the sender's order can expeditiously be issued to the beneficiary's bank if the receiving bank exercises ordinary care in the selection of the intermediary bank. A receiving bank is not required to follow an instruction of the sender designating a funds-transfer system to be used in carrying out the funds transfer if the receiving bank, in good faith, determines that it is not feasible to follow the instruction or that following the instruction would unduly delay completion of the funds transfer.

"(c)" Unless subsection (a) of this section applies or the receiving bank is otherwise instructed, the bank may execute a payment order by transmitting its payment order by first class mail or by any means reasonable in the circumstances. If the receiving bank is instructed to execute the sender's order by transmitting its payment order by a particular means, the receiving bank may issue its payment order by the means stated or by any means as expeditious as the means stated.

"(i)" The receiving bank may not obtain payment of its charges for services and expenses in connection with the execution of the sender's order by issuing a payment order in an amount equal to the amount of the sender's order less the amount of the charges, and (ii) may not instruct a subsequent receiving bank to obtain payment of its charges in the same manner.

Sec. 19. RCW 62A.4A-303 and 1991 sp.s c 21 s 4A-303 are each amended to read as follows:

"(a)" A receiving bank that executes the payment order of the sender by issuing a payment order in an amount greater than the amount of the sender's order, or (b) issues a payment order in execution of the sender's order and then issues a duplicate order, is entitled to payment of the amount of the sender's order under RCW 62A.4A-402(((3))) (c) if that subsection is otherwise satisfied. The bank is entitled to recover from the beneficiary of the erroneous order the excess payment received to the extent allowed by the law governing mistake and restitution.

"(b)" A receiving bank that executes the payment order of the sender by issuing a payment order in an amount less than the amount of the sender's order is entitled to payment of the amount of the sender's order under RCW 62A.4A-402(((3))) (c) if subsection is otherwise satisfied and (b) the bank corrects its mistake by issuing an additional payment order for the benefit of the beneficiary of the sender's order. If the error is not corrected, the issuer of the erroneous order is entitled to receive or retain payment from the sender of the order it accepted only to the extent of the amount of the erroneous order. This subsection does not apply if the receiving bank executes the sender's payment order by issuing a payment order in an amount less than the amount of the sender's order for the purpose of obtaining payment of its charges for services and expenses pursuant to instruction of the sender.

"(c)" If a receiving bank executes the payment order of the sender by issuing a payment order to a beneficiary different from the beneficiary of the sender's order and the funds transfer is completed on the basis of that error, the sender of the payment order that was erroneously executed and all previous senders in the funds transfer are not obliged to pay the payment orders they issued. The issuer of the erroneous order is entitled to recover from the beneficiary of the order the payment received to the extent allowed by the law governing mistake and restitution.

Sec. 20. RCW 62A.4A-304 and 1991 sp.s c 21 s 4A-304 are each amended to read as follows:

If the sender of a payment order that is erroneously executed as stated in RCW 62A.4A-303 receives notification from the receiving bank that the order was executed or that the sender's account was debited with respect to the order, the sender has a duty to exercise ordinary care to determine, on the basis of information available to the sender, that the order was erroneously executed and to notify the bank of the relevant facts within a reasonable time not exceeding ninety days after the notification from the bank was received by the sender. If the sender fails to perform that duty, the bank is not obliged to pay interest on any amount refundable to the sender under RCW 62A.4A-402(((4))) (d) for the period before the bank learns of the
executor. The bank is not entitled to any recovery from the
sender on account of a failure by the sender to perform the duty stated
in this section.

Sec. 21. RCW 62A.4A-305 and 1991 sp.s c 21 s 4A-305 are
each amended to read as follows:

((44)) (a) If a funds transfer is completed but execution of a
payment order by the receiving bank in breach of RCW 62A.4A-302
results in delay in payment to the beneficiary, the bank is obliged to
pay interest to either the originator or the beneficiary of the funds
transfer for the period of delay caused by the improper execution.
Except as provided in subsection (((4))) (c) of this section, additional
damages are not recoverable.

((42)) (b) If execution of a payment order by a receiving bank in
breach of RCW 62A.4A-302 results in (((44))) (i) noncompletion of the
funds transfer, (((44))) (ii) failure to use an intermediary bank
designated by the originator, or (((44))) (iii) issuance of a payment
order that does not comply with the terms of the payment order of the
originator, the bank is liable to the originator for its expenses in the
funds transfer and for incidental expenses and interest losses, to the
extent not covered by subsection (((4))) (a) of this section, resulting
from the improper execution. Except as provided in subsection (((44)))
(c) of this section, additional damages are not recoverable.

((45)) (c) In addition to the amounts payable under subsections
(((4) and (2))) (a) and (b) of this section, damages, including
consequential damages, are recoverable to the extent provided in an
express written agreement of the receiving bank.

((44)) (d) If a receiving bank fails to execute a payment order it
was obliged by express agreement to execute, the receiving bank is
liable to the sender for its expenses in the transaction and for
incidental expenses and interest losses resulting from the failure to
eexecute. Additional damages, including consequential damages, are
recoverable to the extent provided in an express written agreement of
the receiving bank, but are not otherwise recoverable.

((45)) (e) Reasonable attorneys' fees are recoverable if demand
for compensation under subsection (((4) or (2))) (a) or (b) of this
section is made and refused before an action is brought on the claim.
If a claim is made for breach of an agreement under subsection (((44)))
(d) of this section and the agreement does not provide for damages,
reasonable attorneys' fees are recoverable if demand for compensation
under subsection (((44))) (d) of this section is made and refused before
an action is brought on the claim.

((46)) (f) Except as stated in this section, the liability of a
receiving bank under subsections (((4) and (2))) (a) and (b) of this
section may not be varied by agreement.

Sec. 22. RCW 62A.4A-402 and 1991 sp.s c 21 s 4A-402 are
each amended to read as follows:

((44)) (a) This section is subject to RCW 62A.4A-205 and
62A.4A-207.

((22)) (b) With respect to a payment order issued to the
beneficiary's bank, acceptance of the order by the bank obliges the
sender to pay the bank the amount of the order, but payment is not
due until the payment date of the order.

((44)) (c) This subsection is subject to subsection (((45))) (c)
of this section and to RCW 62A.4A-303. With respect to a payment
order issued to a receiving bank other than the beneficiary's bank,
acceptance of the order by the receiving bank obliges the sender to
pay the bank the amount of the sender's order. Payment by the sender
is not due until the execution date of the sender's order. The
obligation of that sender to pay its payment order is excused if the
funds transfer is not completed by acceptance by the beneficiary's
bank of a payment order instructing payment to the beneficiary of that
sender's payment order.

((44)) (d) If the sender of a payment order pays the order and was
not obliged to pay all or part of the amount paid, the bank receiving
payment is obliged to refund payment to the extent the sender was not
obliged to pay. Except as provided in RCW 62A.4A-204 and
62A.4A-304, interest is payable on the refundable amount from the
date of payment.

((44)) (e) If a funds transfer is not completed as stated in (((this
subsection)) (c) of this section and an intermediary bank is obliged to
refund payment as stated in subsection (((44))) (d) of this section but is
unable to do so because not permitted by applicable law or because
the bank suspends payments, a sender in the funds transfer that
executed a payment order in compliance with an instruction, as stated in
RCW 62A.4A-302(((44))) (a)(1), to route the funds transfer through that
intermediary bank is entitled to receive or retain payment from the
sender of the payment order that it accepted. The first
sender in the funds transfer that issued an instruction requiring routing
through that intermediary bank is subrogated to the right of the bank
that paid the intermediary bank to refund as stated in subsection
(((44))) (d) of this section.

((44)) (f) The right of the sender of a payment order to be
excused from the obligation to pay the order as stated in subsection
(((4))) (c) of this section or to receive refund under subsection (((44)))
d of this section may not be varied by agreement.

Sec. 23. RCW 62A.4A-403 and 1991 sp.s c 21 s 4A-403 are
each amended to read as follows:

((44)) (a) Payment of the sender's obligation under RCW
62A.4A-402 to pay the receiving bank occurs as follows:

((44)) (1) If the sender is a bank, payment occurs when the
receiving bank receives final settlement of the obligation through a
federal reserve bank or through a funds-transfer system.

((44)) (2) If the sender is a bank and the sender (i) credited an
account of the receiving bank with the sender, or (ii) caused an
account of the receiving bank in another bank to be credited, payment
occurs when the credit is withdrawn or, if not withdrawn, at midnight of
the day on which the credit is withdrawable and the receiving bank
learns of that fact.

((44)) (3) If the receiving bank debits an account of the sender
with the receiving bank, payment occurs when the debit is made to
the extent the debit is covered by a withdrawable credit balance in the
account.

((44)) (b) If the sender and receiving bank are members of a
funds-transfer system that nets obligations multilaterally among
participants, the receiving bank receives final settlement when
settlement is complete in accordance with the rules of the system.
The obligation of the sender to pay the amount of a payment order
transmitted through the funds-transfer system may be satisfied, to the
extent permitted by the rules of the system, by setting off and
applying against the sender's obligation the right of the sender to
receive payment from the receiving bank of the amount of any other
payment order transmitted to the sender by the receiving bank
through the funds-transfer system. The aggregate balance of
obligations owed by each sender to each receiving bank in the
funds-transfer system may be satisfied, to the extent permitted by the
rules of the system, by setting off and applying against that balance
the aggregate balance of obligations owed to the sender by other
members of the system. The aggregate balance is determined after
the right of setoff stated in the second sentence of this subsection has
been exercised.

((44)) (c) If two banks transmit payment orders to each other
under an agreement that settlement of the obligations of each bank to
the other under RCW 62A.4A-402 will be made at the end of the day
or other period, the total amount owed with respect to all orders
transmitted by one bank shall be set off against the total amount owed
with respect to all orders transmitted by the other bank. To the extent
of the setoff, each bank has made payment to the other.

((44)) (d) In a case not covered by subsection (((44))) (a) of this
section, the time when payment of the sender's obligation under RCW
62A.4A-402 (((2) or (44))) (b) or (c) occurs is governed by applicable
principles of law that determine when an obligation is satisfied.
agreed to be bound by the rule, and (ii) the beneficiary's bank did not receive payment of the payment order that it accepted. If the beneficiary is obliged to refund payment to the beneficiary's bank, acceptance of the payment order by the beneficiary's bank is nullified and no payment by the originator of the funds transfer to the beneficiary occurs under RCW 62A.4A-406.

Sec. 24. RCW 62A.4A-404 and 1991 sp.s. c 21 s 4A-404 are each amended to read as follows:

(((4))) (a) Subject to RCW 62A.4A-211((4))) (e), 62A.4A-405((4))) (d), and 62A.4A-405((5))) (e), if a beneficiary's bank accepts a payment order, the bank is obliged to pay the amount of the order to the beneficiary of the order. Payment is due on the payment date of the order, but if acceptance occurs on the payment date after the close of the funds-transfer business day of the bank, payment is due on the next funds-transfer business day. If the bank refuses to pay after demand by the beneficiary and receipt of notice of particular circumstances that will give rise to consequential damages as a result of nonpayment, the beneficiary may recover damages resulting from the refusal to pay to the extent the bank had notice of the damages, unless the bank proves that it did not pay because of a reasonable doubt concerning the right of the beneficiary to payment.

(((5))) (b) If a payment order accepted by the beneficiary's bank instructs payment to an account of the beneficiary, the bank is obliged to notify the beneficiary of receipt of the order before midnight of the next funds-transfer business day following the payment date. If the payment order does not instruct payment to an account of the beneficiary, the bank is required to notify the beneficiary only if notice is required by the order. Notice may be given by first-class mail or any other means reasonable in the circumstances. If the bank fails to give the required notice, the bank is obliged to pay interest to the beneficiary on the amount of the payment order from the day notice should have been given until the day the beneficiary learned of receipt of the payment order by the bank. No other damages are recoverable. Reasonable attorneys' fees are also recoverable if demand for interest is made and refused before an action is brought on the claim.

(((6))) (c) The right of a beneficiary to receive payment and damages as stated in subsection (a) (subsection (1) of this section)) of this section may not be varied by agreement or a funds-transfer system rule. (1) A trade name or other name of the debtor; or

(2) Unless required under subsection (((4))) (a)(6)(B) of this section, names of partners, members, associates, or other persons comprising the debtor.

(c) **Debtor's trade name insufficient.** A financing statement that provides only the debtor's trade name does not sufficiently provide the name of the debtor.

(d) **Representative capacity.** Failure to indicate the representative capacity of a secured party or representative of a secured party does not affect the sufficiency of a financing statement.

(e) **Multiple debtors and secured parties.** A financing statement may provide the name of more than one debtor and the name of more than one secured party.
(f) **Name of decedent.** The name of the decedent indicated on the order appointing the personal representative of the decedent issued by the court having jurisdiction over the collateral is sufficient as the "name of the decedent" under subsection (a)(2) of this section.

(g) **Multiple driver's licenses.** If this state has issued to an individual more than one driver's license or identification card of a kind described in subsection (a)(4) of this section, the one that was issued most recently is the one to which subsection (a)(4) of this section refers.

(h) **Definition.** In this section, the "name of the settlor or testator" means:

(2) A tribunal may not order a party to participate in a collaborative law process over that party's objection.
(3) A collaborative law process is concluded by:

NEW SECTION. Sec. 6. PROCEEDINGS PENDING BEFORE TRIBUNAL; STATUS REPORT. (1) Persons in a proceeding pending before a tribunal may sign a collaborative law participation agreement to seek to resolve a collaborative matter related to the proceeding. subsection (3) of this section, a collaborative lawyer is disqualified from appearing before a tribunal to represent a party in a proceeding related to the collaborative matter.

(2) Except as otherwise provided in subsection (3) of this section and section 10 of this act, a lawyer in a law firm with which the collaborative lawyer is associated is disqualified from appearing before a tribunal to represent a party in a proceeding related to the collaborative matter if the collaborative lawyer is disqualified from doing so under subsection (1) of this section.

(3) A collaborative lawyer or a lawyer in a law firm with which the collaborative lawyer is associated may represent a party:

(a) To ask a tribunal to approve an agreement resulting from the collaborative law process; or

(b) To seek or defend an emergency order to protect the health, safety, welfare, or interest of a party, or family or household member, as defined in RCW 26.50.010, if a successor lawyer is not immediately available to represent that person.

(4) If subsection (3)(b) of this section applies, a collaborative lawyer, or lawyer in a law firm with which the collaborative lawyer is associated, may represent a party or family or household member only until the person is represented by a successor lawyer or reasonable measures are taken to protect the health, safety, welfare, or interest of the person.

NEW SECTION. Sec. 11. DISCLOSURE OF INFORMATION. Except as provided by law other than this chapter, during the collaborative law process, on the request of another party, a party shall make timely, full, candid, and informal disclosure of information related to the collaborative matter without formal discovery. A party also shall update promptly previously disclosed information that has materially changed. The parties may define the scope of disclosure during the collaborative law process.

NEW SECTION. Sec. 12. STANDARDS OF PROFESSIONAL RESPONSIBILITY AND MANDATORY REPORTING NOT AFFECTED. (1) This chapter does not affect the professional responsibility obligations and standards applicable to a lawyer or other licensed professional or relieve a lawyer or other licensed professional from the duty to comply with all applicable professional responsibility obligations and standards.

(2) This chapter does not affect the obligation of a person to report abuse or neglect, abandonment, or exploitation of a child or adult under the law of this state.

(3) Noncompliance with an obligation or prohibition imposed by this chapter does not in itself establish grounds for professional discipline.

NEW SECTION. Sec. 13. APPROPRIATENESS OF COLLABORATIVE LAW PROCESS. Before a prospective party signs a collaborative law participation agreement, the prospective party must:

(1) Be advised as to whether a collaborative law process is appropriate for the prospective party's matter;

(2) Be provided with sufficient information to make an informed decision about the material benefits and risks of a collaborative law process as compared to the material benefits and risks of other reasonably available alternatives for resolving the proposed collaborative matter, such as litigation, mediation, arbitration, or expert evaluation;

(3) Be informed that after signing an agreement if a party initiates a proceeding or seeks tribunal intervention in a pending proceeding related to the collaborative matter, the collaborative law process terminates;

(4) Be informed that participation in a collaborative law process is voluntary and any party has the right to terminate unilaterally a collaborative law process with or without cause; and

(5) Be informed that the collaborative lawyer and any lawyer in a law firm with which the collaborative lawyer is associated may not appear before a tribunal to represent a party in a proceeding related to the collaborative matter, except as authorized by law or court rule.

NEW SECTION. Sec. 14. COERCIVE OR VIOLENT RELATIONSHIP. (1) Before a prospective party signs a collaborative law participation agreement, a prospective collaborative lawyer shall make reasonable inquiry whether the prospective party has a history of a coercive or violent relationship with another prospective party.

(2) Throughout a collaborative law process, a collaborative lawyer reasonably and continuously shall assess whether the party the collaborative lawyer represents has a history of a coercive or violent relationship with another party.

(3) If a collaborative lawyer reasonably believes that the party the lawyer represents or the prospective party who consults the lawyer has a history of a coercive or violent relationship with another party or prospective party, the lawyer may not begin or continue a collaborative law process unless:

(a) The party or the prospective party requests beginning or continuing a process; and

(b) The collaborative lawyer reasonably believes that the safety of the party or prospective party can be protected adequately during a process.

NEW SECTION. Sec. 15. CONFIDENTIALITY OF COLLABORATIVE LAW COMMUNICATION. Subject to section 12 of this act, a collaborative law communication is confidential to the extent agreed by the parties in a signed record or as provided by law of this state other than this chapter.

NEW SECTION. Sec. 16. PRIVILEGE AGAINST DISCLOSURE FOR COLLABORATIVE LAW COMMUNICATION; ADMISSIBILITY; DISCOVERY. (1) Subject to sections 17 and 18 of this act, a collaborative law communication is privileged under subsection (2) of this section, is not subject to discovery, and is not admissible in evidence.

(2) In a proceeding, the following privileges apply:

(a) A party may refuse to disclose, and may prevent any other person from disclosing, a collaborative law communication:

(b) A nonparty participant may refuse to disclose, and may prevent any other person from disclosing, a collaborative law communication of the nonparty participant.

(3) Evidence or information that is otherwise admissible or subject to discovery does not become inadmissible or protected from discovery solely because of its disclosure or use in a collaborative law process.

NEW SECTION. Sec. 17. WAIVER AND PRECLUSION OF PRIVILEGE. (1) A privilege under section 16 of this act may be waived in a record or orally during a proceeding if it is expressly waived by all parties and, in the case of the privilege of a nonparty participant, it is also expressly waived by the nonparty participant.

(2) A person that makes a disclosure or representation about a collaborative law communication which prejudices another person in a proceeding may not assert a privilege under section 16 of this act,
but this preclusion applies only to the extent necessary for the person prejudiced to respond to the disclosure or representation.

NEW SECTION. Sec. 18. LIMITS OF PRIVILEGE. (1) There is no privilege under section 16 of this act for a collaborative law communication that is:

(a) Available to the public under chapter 42.56 RCW or made during a session of a collaborative law process that is open, or is required by law to be open, to the public;

(b) A threat or statement of a plan to inflict bodily injury or commit a crime of violence;

(c) Intentionally used to plan a crime, commit or attempt to commit a crime, or conceal an ongoing crime or ongoing criminal activity; or

(d) In an agreement resulting from the collaborative law process, evidenced by a record signed by all parties to the agreement.

(2) The privileges under section 16 of this act for a collaborative law communication do not apply to the extent that a communication is:

(a) Sought or offered to prove or disprove a claim or complaint of professional misconduct or malpractice arising from or related to a collaborative law process;

(b) Sought or offered to prove or disprove abuse, neglect, abandonment, or exploitation of a child or adult, unless the child protective services agency or adult protective services agency is a party to or otherwise participates in the process; or

(c) Sought or offered to prove or disprove stalking or cyber stalking of a party or child.

(3) There is no privilege under section 16 of this act if a tribunal finds, after a hearing in camera, that the party seeking discovery or the proponent of the evidence has shown the evidence is not otherwise available, the need for the evidence substantially outweighs the interest in protecting confidentiality, and the collaborative law communication is sought or offered in:

(a) A court proceeding involving a felony or misdemeanor; or

(b) A proceeding seeking rescission or reformation of a contract arising out of the collaborative law process or in which a defense to avoid liability on the contract is asserted.

(4) If a collaborative law communication is subject to an exception under subsection (2) or (3) of this section, only the part of the communication necessary for the application of the exception may be disclosed or admitted.

(5) Disclosure or admission of evidence excepted from the privilege under subsection (2) or (3) of this section does not make the evidence or any other collaborative law communication discoverable or admissible for any other purpose.

(6) The privileges under section 16 of this act do not apply if the parties agree in advance in a signed record, or if a record of a proceeding reflects agreement by the parties, that all or part of a collaborative law process is not privileged. This subsection does not apply to a collaborative law communication made by a person that did not receive actual notice of the agreement before the communication was made.

NEW SECTION. Sec. 19. AUTHORITY OF TRIBUNAL IN CASE OF NONCOMPLIANCE. (1) If an agreement fails to meet the requirements of section 4 of this act, or a lawyer fails to comply with section 13 or 14 of this act, a tribunal may nonetheless find that the parties intended to enter into a collaborative law participation agreement if they:

(a) Signed a record indicating an intention to enter into a collaborative law participation agreement; and

(b) Reasonably believed they were participating in a collaborative law process.

(2) If a tribunal makes the findings specified in subsection (1) of this section, and the interests of justice require, the tribunal may:

(a) Enforce an agreement evidenced by a record resulting from the process in which the parties participated;
SUBSTITUTE HOUSE BILL NO. 1116, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE
April 16, 2013

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1134 with the following amendment:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. (1) The legislature finds that:
(a) American Indian and Alaska Native students make up 2.5 percent of the total student population in the state and twenty-five percent or more of the student population in fifty-seven schools across the state.
(b) American Indian students in Washington have the highest annual drop-out rate at 9.5 percent, compared to 4.6 percent of all students in each of grades nine through twelve. Of the students expected to graduate in 2010 because they entered the ninth grade in 2006, the American Indian on-time graduation rate was only fifty-eight percent, compared to 76.5 percent of all students.
(c) The teaching of American Indian language, culture, and history are important to American Indian people and critical to the educational attainment and achievement of American Indian children.
(d) The state-tribal education compacts authorized under this chapter reaffirm the state's important commitment to government-to-government relationships with the tribes that has been recognized by proclamation, and in the centennial accord and the millennium agreement. These state-tribal education compacts build upon the efforts highlighted by the office of the superintendent of public instruction in its 2012 Centennial Accord Agency Highlights, including: The Since Time Immemorial (STI): Tribal Sovereignty in Washington State Curriculum Project that imbeds the history surrounding sovereignty and intergovernmental responsibilities into this state's classrooms; the agency's regular meetings with the superintendents of the seven current tribal schools, as well as the federal bureau of Indian education representatives at the regional and national level on issues relating to student academic achievement, accessing of funding for tribal schools, and connecting tribal schools to the K-20 network; and the recent establishment, in statute, of the office of native education within the office of the superintendent of public instruction.
(e) School funding should honor tribal sovereignty and reflect the government-to-government relationship between the state and the tribes, however the current structure that requires negotiation of an interlocal agreement between a school district and a tribal school ignores tribal sovereignty and results in a siphoning of funds for administration that could be better used for teaching and learning.
(2) The legislature further finds that:
(a) There is a preparation gap among entering kindergartners with many children, especially those from low-income homes, arriving at kindergarten without the knowledge, skills, and good health necessary to succeed in school;
(b) Upon entry into the K-12 school system, the educational opportunity gap becomes more evident, with children of color and from low-income homes having lower scores on math, reading, and writing standardized tests, as well as lower graduation rates and higher rates of dropping out of school; and
(c) Comprehensive, culturally competent early learning and greater collaboration between the early learning and K-12 school systems will ensure appropriate connections and smoother transitions for children, and help eliminate or bridge gaps that might otherwise develop.
(3) In light of these findings, it is the intent and purpose of the legislature to authorize the superintendent of public instruction to enter into state-tribal education compacts.

NEW SECTION. Sec. 2. (1) The superintendent of public instruction is authorized to enter into state-tribal education compacts.
(2) No later than six months after the effective date of this section, the superintendent of public instruction shall establish an application and approval process, procedures, and timelines for the negotiation, approval or disapproval, and execution of state-tribal education compacts.
(3) The process may be initiated by submission, to the superintendent of public instruction, of a resolution by:
(a) The governing body of a tribe in the state of Washington; or
(b) The governing body of any of the schools in Washington that are currently funded by the federal bureau of Indian affairs, whether directly or through a contract or compact with an Indian tribe or a tribal consortium.
(4) The resolution must be accompanied by an application that indicates the grade or grades from kindergarten through twelve that will be offered and that demonstrates that the school will be operated in compliance with all applicable laws, the rules adopted thereunder, and the terms and conditions set forth in the application.
(5) Within ninety days of receipt of a resolution and application under this section, the superintendent must convene a government-to-government meeting for the purpose of considering the resolution and application and initiating negotiations.
(6) State-tribal education compacts must include provisions regarding:
(a) Compliance;
(b) Notices of violation;
(c) Dispute resolution, which may include nonjudicial processes such as mediation;
(d) Recordkeeping and auditing;
(e) The delineation of the respective roles and responsibilities;
(f) The term or length of the contract, and whether or not it is renewable; and
(g) Provisions for compact termination.
(7) The superintendent of public instruction shall adopt such rules as are necessary to implement this chapter.

NEW SECTION. Sec. 3. (1) A school that is the subject of a state-tribal education compact must operate according to the terms of its compact executed in accordance with section 2 of this act.
(2) Schools that are the subjects of state-tribal education compacts are exempt from all state statutes and rules applicable to school districts and school district boards of directors, except those statutes and rules made applicable under this chapter and in the state-tribal education compact executed under section 2 of this act.
(3) Each school that is the subject of a state-tribal education compact must:
(a) Provide a curriculum and conduct an educational program that satisfies the requirements of RCW 28A.150.200 through 28A.150.240 and 28A.230.010 through 28A.230.195;
(b) Employ certificated instructional staff as required in RCW 28A.410.010, however such schools may hire noncertificated instructional staff of unusual competence and in exceptional cases as specified in RCW 28A.150.203(7);
(c) Comply with the employee record check requirements in RCW 28A.400.303 and the mandatory termination and notification provisions of RCW 28A.400.320, 28A.400.330, 28A.405.470, and 28A.405.475;
(d) Comply with nondiscrimination laws;
(e) Adhere to generally accepted accounting principles and be subject to financial examinations and audits as determined by the state auditor, including annual audits for legal and fiscal compliance; and
(f) Be subject to and comply with legislation enacted after the effective date of this section governing the operation and management of schools that are the subject of a state-tribal education compact.

(4) No such school may engage in any sectarian practices in its educational program, admissions or employment policies, or operations.

(5) Nothing in this chapter may limit or restrict any enrollment or school choice options otherwise available under Title 28A RCW.

NEW SECTION. Sec. 4. (1) A school that is the subject of a state-tribal education compact may not charge tuition except to the same extent as school districts may be permitted to do so with respect to out-of-state and adult students pursuant to chapter 28A.225 RCW, but may charge fees for participation in optional extracurricular events and activities.

(2) Such schools may not limit admission on any basis other than age group, grade level, or capacity and must otherwise enroll all students who apply.

(3) If capacity is insufficient to enroll all students who apply, a school that is the subject of a state-tribal education compact may prioritize the enrollment of tribal members and siblings of already enrolled students.

NEW SECTION. Sec. 5. (1) A school that is the subject of a state-tribal education compact must report student enrollment. Reporting must be done in the same manner and use the same definitions of enrolled students and annual average full-time equivalent enrollment as is required of school districts. The reporting requirements in this subsection are required for a school to receive state or federal funding that is allocated based on student characteristics.

(2) Funding for a school that is the subject of a state-tribal education compact shall be apportioned by the superintendent of public instruction according to the schedule established under RCW 28A.510.250, including general apportionment, special education, categorical, and other nonbasic education moneys. Allocations for certificated instructional staff must be based on the average staff mix ratio of the school, as calculated by the superintendent of public instruction using the statewide salary allocation schedule and related documents, conditions, and limitations established by the omnibus appropriations act. Allocations for classified staff and certificated administrative staff must be based on the salary allocations of the school district in which the school is located, subject to conditions and limitations established by the omnibus appropriations act. Nothing in this section requires a school that is the subject of a state-tribal education compact to use the statewide salary allocation schedule. Such a school is eligible to apply for state grants on the same basis as a school district.

(3) Any moneys received by a school that is the subject of a state-tribal education compact from any source that remain in the school's accounts at the end of any budget year must remain in the school's accounts for use by the school during subsequent budget years.

NEW SECTION. Sec. 6. A new section is added to chapter 28A.642 RCW to read as follows:

Nothing in this chapter prohibits schools established under chapter 28A.--- RCW (the new chapter created in section 9 of this act) from:

(1) Implementing a policy of Indian preference in employment; or

(2) Prioritizing the admission of tribal members where capacity of the school's programs or facilities is not as large as demand.

Sec. 7. RCW 49.60.400 and 1999 c 3 s 1 are each amended to read as follows:

(1) The state shall not discriminate against, or grant preferential treatment to, any individual or group on the basis of race, sex, color, ethnicity, or national origin in the operation of public employment, public education, or public contracting.

(2) This section applies only to action taken after December 3, 1998.

(3) This section does not affect any law or governmental action that does not discriminate against, or grant preferential treatment to, any individual or group on the basis of race, sex, color, ethnicity, or national origin.

(4) This section does not affect any otherwise lawful classification that:

(a) Is based on sex and is necessary for sexual privacy or medical or psychological treatment; or

(b) Is necessary for undercover law enforcement or for film, video, audio, or theatrical casting; or

(c) Provides for separate athletic teams for each sex.

(5) This section does not invalidate any court order or consent decree that is in force as of December 3, 1998.

(6) This section does not prohibit action that must be taken to establish or maintain eligibility for any federal program, if ineligibility would result in a loss of federal funds to the state.

(7) Nothing in this section prohibits schools established under chapter 28A.--- RCW (the new chapter created in section 9 of this act) from:

(a) Implementing a policy of Indian preference in employment; or

(b) Prioritizing the admission of tribal members where capacity of the school's programs or facilities is not as large as demand.

(8) For the purposes of this section, "state" includes, but is not necessarily limited to, the state itself, any city, county, public college or university, community college, school district, special district, or other political subdivision or governmental instrumentality of or within the state.

((6))) (9) The remedies available for violations of this section shall be the same, regardless of the injured party's race, sex, color, ethnicity, or national origin, as are otherwise available for violations of Washington antidiscrimination law.

((6))) (10) This section shall be self-executing. If any part or parts of this section are found to be in conflict with federal law, the United States Constitution, or the Washington state Constitution, the section shall be implemented to the maximum extent that federal law, the United States Constitution, and the Washington state Constitution permit. Any provision held invalid shall be severable from the remaining portions of this section.

Sec. 8. RCW 84.52.0531 and 2012 1st sp.s. c 10 s 8 are each amended to read as follows:

The maximum dollar amount which may be levied by or for any school district for maintenance and operation support under the provisions of RCW 84.52.053 shall be determined as follows:

(1) For excess levies for collection in calendar year 1997, the maximum dollar amount shall be calculated pursuant to the laws and rules in effect in November 1996.

(2) For excess levies for collection in calendar year 1998 and thereafter, the maximum dollar amount shall be the sum of (a) plus or minus (b), (c), and (d) of this subsection minus (e) of this subsection:

(a) The district's levy base as defined in subsections (3) and (4) of this section multiplied by the district's maximum levy percentage as defined in subsection ((6))) (7) of this section;

(b) For districts in a high/nonhigh relationship, the high school district's maximum levy amount shall be reduced and the nonhigh school district's maximum levy amount shall be increased by an amount equal to the estimated amount of the nonhigh payment due to the high school district under RCW 28A.545.030(3) and 28A.545.050 for the school year commencing the year of the levy;

(c) Except for nonhigh districts under (d) of this subsection, for districts in an interdistrict cooperative agreement, the nonresident school district's maximum levy amount shall be reduced and the resident school district's maximum levy amount shall be increased by an amount equal to the per pupil basic education allocation included in the nonresident district's levy base under subsection (3) of this section multiplied by:
(i) The number of full-time equivalent students served from the resident district in the prior school year; multiplied by:

(ii) The serving district's maximum levy percentage determined under subsection (((6))) (7) of this section; increased by:

(iii) The percent increase per full-time equivalent student as stated in the state basic education appropriation section of the biennial budget between the prior school year and the current school year divided by fifty-five percent;

(d) The levy bases of nonhigh districts participating in an innovation academy cooperative established under RCW 28A.340.080 shall be adjusted by the office of the superintendent of public instruction to reflect each district's proportional share of student enrollment in the cooperative;

(e) The district's maximum levy amount shall be reduced by the maximum amount of state matching funds for which the district is eligible under RCW 28A.500.010.

(3) For excess levies for collection in calendar year 2005 and thereafter, a district's levy base shall be the sum of allocations in (a) through (c) of this subsection received by the district for the prior school year and the amounts determined under subsection (4) of this section, including allocations for compensation increases, plus the sum of such allocations multiplied by the percent increase per full time equivalent student as stated in the state basic education appropriation section of the biennial budget between the prior school year and the current school year and divided by fifty-five percent. A district's levy base shall not include local school district property tax levies or other local revenues, or state and federal allocations not identified in (a) through (c) of this subsection.

(a) The district's basic education allocation as determined pursuant to RCW 28A.150.250, 28A.150.260, and 28A.150.350;

(4) For levy collections in calendar years 2005 through 2017, in addition to the allocations included under subsection (3)(a) through (c) of this section, a district's levy base shall also include the following:

(a)(i) For levy collections in calendar year 2010, the difference between the allocation the district would have received in the current school year had RCW 84.52.068 not been amended by chapter 19, Laws of 2003 1st sp. sess. and the allocation the district received in the current school year pursuant to RCW 28A.505.220;

(ii) For levy collections in calendar years 2011 through 2017, the allocation rate the district would have received in the prior school year using the Initiative 728 rate multiplied by the full-time equivalent student enrollment used to calculate the Initiative 728 allocation for the prior school year; and

(b) The difference between the allocations the district would have received in the prior school year using the Initiative 732 base and the allocations the district actually received pursuant to RCW 28A.400.205.

(5) For levy collections in calendar years 2011 through 2017, in addition to the allocations included under subsections (3)(a) through (c) and (4)(a) and (b) of this section, a district's levy base shall also include the difference between an allocation of fifty-three and two-tenths certificated instructional staff units per thousand full-time equivalent students in grades kindergarten through four enrolled in the prior school year and the allocation of certificated instructional staff units per thousand full-time equivalent students in grades kindergarten through four that the district actually received in the prior school year, except that the levy base for a school district whose allocation in the 2009-10 school year was less than fifty-three and two-tenths certificated instructional staff units per thousand full-time equivalent students in grades kindergarten through four shall include the difference between the allocation the district actually received in the 2009-10 school year and the allocation the district actually received in the prior school year.

(7)(a) A district's maximum levy percentage shall be twenty-four percent in 2010 and twenty-eight percent in 2011 through 2017 and twenty-four percent every year thereafter;

(b) For qualifying districts, in addition to the percentage in (a) of this subsection the grandfathered percentage determined as follows:

(i) For 1997, the difference between the district's 1993 maximum levy percentage and twenty percent; and

(ii) For 2011 through 2017, the percentage calculated as follows:

(A) Multiply the grandfathered percentage for the prior year times the district's levy base determined under subsection (3) of this section;

(B) Reduce the result of (b)(ii)(A) of this subsection by any levy reduction funds as defined in subsection (((7))) (8) of this section that are to be allocated to the district for the current school year;

(C) Divide the result of (b)(ii)(B) of this subsection by the district's levy base; and

(8) "Levy reduction funds" shall mean increases in state funds from the prior school year for programs included under subsections (3) and (4) of this section: (a) That are not attributable to enrollment changes, compensation increases, or inflationary adjustments; and (b) that are or were specifically identified as levy reduction funds in the appropriations act. If levy reduction funds are dependent on formula factors which would not be finalized until after the start of the current school year, the superintendent of public instruction shall estimate the total amount of levy reduction funds by using prior school year data in place of current school year data. Levy reduction funds shall not include moneys received by school districts from cities or counties.

(9) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Prior school year" means the most recent school year completed prior to the year in which the levies are to be collected.

(b) "Current school year" means the year immediately following the prior school year.

(c) "Initiative 728 rate" means the allocation rate at which the student achievement program would have been funded under chapter 3, Laws of 2001, if all annual adjustments to the initial 2001 allocation rate had been made in previous years and in each subsequent year as provided for under chapter 3, Laws of 2001.

(d) "Initiative 732 base" means the prior year's state allocation for annual salary cost-of-living increases for district employees in the state-funded salary base as it would have been calculated under chapter 4, Laws of 2001, if each annual cost-of-living increase allocation had been provided in previous years and in each subsequent year.

MESSAGE FROM THE SENATE

April 15, 2013

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1291 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes there are many state agencies and private organizations that might be called on to provide services to victims of sex trafficking. Victims of human trafficking are often in need of services such as emergency medical attention, food and shelter, vocational and English language training, mental health counseling, and legal support. The state intends to improve the response of state, local, and private entities to incidents of trafficking of humans. Victims would be better served if there is an established, coordinated system of identifying the needs of sex trafficking victims, training of service delivery agencies and staff, timely and appropriate delivery of services, and better investigations and prosecutions of trafficking.

Leadership in providing services to victims of sex trafficking also extends beyond government efforts and is grounded in the work of highly dedicated individuals and community-based groups. Without these efforts the struggle against human trafficking will be very difficult to win. The legislature, therefore, finds that such efforts merit regular public recognition and appreciation. Such recognition and appreciation will encourage the efforts of all persons to end sex trafficking, and provide the public with information and education about the necessity of its involvement in this struggle.

NEW SECTION. Sec. 2. A new section is added to chapter 43.280 RCW to read as follows:

(1) The statewide coordinating committee on sex trafficking is established to address the issues of sex trafficking, to examine the practices of local and regional entities involved in addressing sex trafficking, and to develop a statewide plan to address sex trafficking.

(2) The committee is administered by the department of commerce and consists of the following members:

department of commerce’s office of crime victims advocacy;
(k) A representative of the Washington association of prosecuting
attorneys appointed by the association;

trafficking legislation passed in recent years by the legislature,
including reports submitted to the department of commerce pursuant
to RCW 9.68A.105, 9A.88.120, and 9A.88.140, and assessing the
efficacy of such legislation in addressing sex trafficking, as well as
any obstacles to the impact of legislation on the commercial sex trade;
(c) Receiving and reviewing reports, recommendations, and
statewide protocols as implemented in the pilot sites selected by the

Sec. 7. RCW 84.37.070 and 2010 c 161 s 1167 are each amended to read as follows:

Whenever a person's special assessment or real property tax obligation, or both, is deferred under this chapter, the amount deferred and required to be paid pursuant to RCW 84.38.120 (shall) becomes a lien in favor of the state upon his or her property and (shall have) has priority as provided in chapters 35.49, 35.50, 36.35, and 84.60 RCW(Provided, That). However, the interest of a mortgage or purchase contract holder who requires an accumulation of reserves out of which real estate taxes are paid (shall have) has priority to said deferred lien. This lien may accumulate up to forty percent of the amount of the claimant's equity value in (said) the property and the rate of interest (shall) must be an average of the federal short-term rate as defined in 26 U.S.C. Sec. 1274(d) plus two percentage points. The rate set for each new year (shall) is computed by taking an arithmetical average to the nearest percentage point of the federal short-term rate, compounded annually. That average (shall) must be calculated using the rates from four months: January, April, and July of the calendar year immediately preceding the new year, and October of the previous preceding year. The interest (shall) is calculated from the time it could have been paid before delinquency until (said) such obligation is paid or the date that the obligation is charged off as finally uncollectible. Whenever a person's special assessment and/or real property tax obligation is deferred under the provisions of this chapter, the amount deferred and required to be paid pursuant to RCW 84.38.120 (shall) becomes a lien in favor of the state upon his or her property and (shall have) has priority as provided in chapters 35.49, 35.50, 36.35, and 84.60 RCW(Provided, That). However, the interest of a mortgage or purchase contract holder who is required to cosign a declaration of deferral under RCW 84.38.090. (shall have) has priority to (said) such deferred lien. This lien may accumulate up to eighty percent of the amount of the claimant's equity value in (said) the property and (shall) must bear interest at the rate of five percent per year from the time it could have been paid before delinquency until said obligation is paid(Provided, That). However, when taxes are deferred as provided in RCW 84.64.050, the amount (shall) must bear interest at the rate of five percent per year from the date the declaration is filed until the obligation is paid or the date that the obligation is charged off as finally uncollectible. In the case of a mobile home, the department of licensing (shall) must show the state's lien on the certificate of title for the mobile home. In the case of all other property, the department of revenue (shall) must file a notice of the deferral with the county recorder or auditor.

For purposes of collection of deferred taxes, the provisions of chapters 84.56, 84.60, and 84.64 RCW (shall be) are applicable.

(2) When any deferred special assessment and/or real property taxes together with interest are collected the moneys (shall) must be deposited in the state general fund.

(3) The department may charge off as finally uncollectible any amount deferred under this chapter or chapter 84.37 RCW, including accrued interest, if the department is satisfied that there are no cost-effective means of collecting the amount due.

Sec. 10. RCW 84.60.010 and 1969 ex.s. c 251 s 1 are each amended to read as follows:

All taxes and levies which may hereafter be lawfully imposed or assessed (shall be) are hereby declared to be a lien respectively upon the real and personal property upon which they may hereafter be imposed or assessed, which liens (shall) include all charges and expenses of and concerning the (said) taxes which, by the provisions of this title, are directed to be made. The (said) lien (shall have) has priority to and (shall) must be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation, or responsibility to or with which (said) the real and personal property may become charged or liable, except that the lien is of equal rank with liens for amounts deferred under chapter 84.37 or 84.38 RCW.

NEW SECTION. Sec. 11. A new section is added to chapter 84.64 RCW to read as follows:

However, the county treasurer, with the consent of the county legislative authority, may elect to issue a certificate for fewer than all years' taxes, interest, and costs to a minimum of the taxes, interest, and costs for the earliest year.

(2) Certificates of delinquency (shall be) are prima facie evidence that:

((4))) (a) The property described was subject to taxation at the time the same was assessed;

((4))) (b) The property was assessed as required by law;

((4))) (c) The taxes or assessments were not paid at any time before the issuance of the certificate;

((4))) (d) Such certificate (shall have) has the same force and effect as a lis pendens required under chapter 4.28 RCW.

(3) The county treasurer may include in the certificate of delinquency any assessments which are due on the property and are the responsibility of the county treasurer to collect. (For purposes of this chapter, "taxes, interest, and costs" include any assessments which are so included by the county treasurer, and "interest" means interest and penalties unless the context requires otherwise.) However, if the

If such notice is returned as unclaimed, the treasurer (shall) must send notice by regular first-class mail. The notice (shall) must include the legal description on the tax rolls, the year or years for which assessed, the amount of tax and interest due, and the name of owner, or reputed owner, if known, and the notice must include the local street address, if any, for informational purposes only. The certificates of delinquency issued to the county may be issued in one general certificate in book form including all property, and the proceedings to foreclose the liens against the property may be brought in one action and all persons interested in any of the property involved in the proceedings may be made codefendants in the action, and if unknown may be therein named as unknown owners, and the publication of such notice (shall) is sufficient service thereof on all persons interested in the property described therein, except as provided above. THIRD READING

MESSAGE FROM THE SENATE

April 15, 2013

Mr. Speaker:

The Senate has passed SHB 1130 with the following amendment:

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 46.55.120 and 2009 c 387 s 3 are each amended to read as follows:

(1)(a) Vehiciles or other items of personal property registered or titled with the department that are impounded by registered tow truck operators pursuant to RCW 46.55.080, 46.55.085, 46.55.113, or 9A.88.140 may be redeemed only (under the following circumstances) by the following persons or entities:

(((a) Only))) (i) The legal owner(s);

(ii) The registered owner(s);

(iii) A person authorized in writing by the registered owner ((for the vehicle’s insurer));

(iv) The vehicle’s insurer or a vendor working on behalf of the vehicle’s insurer;

(v) A third-party insurer that has a duty to repair or replace the vehicle, has obtained consent from the registered owner or the owner’s agent to move the vehicle, and has documented that consent in the insurer’s claim file, or a vendor working on behalf of a third-party insurer that has received such consent, provided, however, that at all times the registered owner must be granted access to the vehicle;

For the purposes of this subsection, “owner’s agent” means the legal owner of the vehicle, a driver in possession of the vehicle with the registered owner’s permission, or an adult member of the registered owner’s family;

(vi) A person who is determined and verified by the operator to have the permission of the registered owner of the vehicle or other item of personal property registered or titled with the department ((or one)); or

(vii) A person who has purchased a vehicle or item of personal property registered or titled with the department from the registered owner who produces proof of ownership or written authorization and signs a receipt therefor ((may redeem an impounded vehicle or items of personal property registered or titled with the department)).

(b) In addition, a vehicle impounded because the operator is in violation of RCW 46.20.342(1)(c) shall not be released until a person eligible to redeem it under (a) of this subsection ((may redeem an impounded vehicle or items of personal property registered or titled with the department)) satisfies the requirements of (i) (f) of this subsection, including paying all towing, removal, and storage fees, notwithstanding the fact that the hold was ordered by a government agency. If the department’s records show that the operator has been convicted of a violation of RCW 46.20.342 or a similar local ordinance within the past five years, the vehicle may be held for up to thirty days at the written direction of the agency ordering the vehicle impounded. A vehicle impounded because the operator is arrested for a violation of RCW 46.20.342 may be released only pursuant to a written order from the agency that ordered the vehicle impounded or from the court having jurisdiction. An agency shall issue a written order to release pursuant to a provision of an applicable state agency rule or local ordinance authorizing release on the basis of the following:

(i) Economic or personal hardship to the spouse of the operator, taking into consideration public safety factors, including the operator’s criminal history and driving record; or

(ii) The owner of the vehicle was not the driver, the owner did not know that the driver’s license was suspended or revoked, and the owner has not received a prior release under this subsection or RCW 46.55.113(3).

In order to avoid discriminatory application, other than for the reasons for release set forth in (((i))) ((b)) (i) and (ii) of this subsection, an agency shall, under a provision of an applicable state agency rule or local ordinance, deny release in all other circumstances without discretion.

If a vehicle is impounded because the operator is in violation of RCW 46.20.342(1) (a) or (b), the vehicle may be held for up to thirty days at the written direction of the agency ordering the vehicle impounded. However, if the department’s records show that the operator has been convicted of a violation of RCW 46.20.342(1) (a) or (b) or a similar local ordinance within the past five years, the
vehicle may be held at the written direction of the agency ordering the vehicle impounded for up to sixty days, and for up to ninety days if the operator has two or more such prior offenses. If a vehicle is impounded because the operator is arrested for a violation of RCW 46.20.342, the vehicle may not be released until a person eligible to redeem it under (a) of this subsection and more than appropriate court within ten days of the date the opportunity was provided for that purpose and must be received by the municipality. Any request for a hearing shall be made in writing on the form provided for that purpose and must be received by the appropriate court within ten days of the date the opportunity was provided for in (subsection (2))(a) of this subsection and more than five days before the date of the auction. At the time of the filing of the hearing request, the petitioner shall pay to the court clerk a filing fee in the same amount required for the filing of a suit in district court. If the hearing request is not received by the court within the ten-day period, the right to a hearing is waived and the registered owner is liable for any towing, storage, or other impoundment charges permitted under this chapter. Upon receipt of a timely hearing request, the court shall proceed to hear and determine the validity of the impoundment.

(3)(a) The court, within five days after the request for a hearing, shall notify the registered tow truck operator, the person requesting the hearing if not the owner, the registered and legal owners of the vehicle or other item of personal property registered or titled with the department, and the person or agency authorizing the impound in writing of the hearing date and time.

(b) At the hearing, the person or persons requesting the hearing may produce any relevant evidence to show that the impoundment, towing, or storage fees charged were not proper. The court may consider a written report made under oath by the officer who authorized the impoundment in lieu of the officer's personal appearance at the hearing.
(c) At the conclusion of the hearing, the court shall determine whether the impoundment was proper, whether the towing or storage fees charged were in compliance with the posted rates, and who is responsible for payment of the fees. The court may not adjust fees or charges that are in compliance with the posted or contracted rates.

(d) If the impoundment is found proper, the impoundment, towing, and storage fees as permitted under this chapter together with court costs shall be assessed against the person or persons requesting the hearing, unless the operator did not have a signed and valid impoundment authorization from a private property owner or an authorized agent.

(e) If the impoundment is determined to be in violation of this chapter, then the registered and legal owners of the vehicle or other item of personal property registered or titled with the department shall bear no impoundment, towing, or storage fees, and any security shall be returned or discharged as appropriate, and the person or agency who authorized the impoundment shall be liable for any towing, storage, or other impoundment fees permitted under this chapter. The court shall enter judgment in favor of the registered tow truck operator against the person or agency authorizing the impound for the impoundment, towing, and storage fees paid. In addition, the court shall enter judgment in favor of the registered and legal owners of the vehicle, or other item of personal property registered or titled with the department, for the amount of the filing fee required by law for the impound hearing petition as well as reasonable damages for loss of the use of the vehicle during the time the same was impounded against the person or agency authorizing the impound. However, if an impoundment arising from an alleged violation of RCW 46.20.342 or 46.20.345 is determined to be in violation of this chapter, then the law enforcement officer directing the impoundment and the government employing the officer are not liable for damages if the officer relied in good faith and without gross negligence on the records of the department in ascertaining that the operator of the vehicle had a suspended or revoked driver's license. If any judgment entered is not paid within fifteen days of notice in writing of its entry, the court shall award reasonable attorneys' fees and costs against the defendant in any action to enforce the judgment. Notice of entry of judgment may be made by registered or certified mail, and proof of mailing may be made by affidavit of the party mailing the notice. Notice of the entry of the judgment shall read essentially as follows:

TO: ... 

YOU ARE HEREBY NOTIFIED JUDGMENT was entered against you in the ... Court located at ... in the sum of $... in an action entitled ... Case No. ... YOU ARE FURTHER NOTIFIED that attorneys fees and costs will be awarded against you under RCW ... if the judgment is not paid within 15 days of the date of this notice.

DATED this ... day of ..., (year)...

Signature ............... Typed name

and address

(4) Any impounded abandoned vehicle or item of personal property registered or titled with the department that is not redeemed within fifteen days of mailing of the notice of custody and sale as required by RCW 46.55.110(3) shall be sold at public auction in accordance with all the provisions and subject to all the conditions of RCW 46.55.130. A vehicle or item of personal property registered or titled with the department may be redeemed at any time before the start of the auction upon payment of the applicable towing and storage fees."

On page 1, line 1 of the title, after "vehicles;" strike the remainder of the title and insert "and amending RCW 46.55.120."

SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House refused to concur in the Senate amendment to Substitute House Bill No. 1130 and asked the Senate to recede therefrom.

MESSAGE FROM THE SENATE

April 12, 2013

Mr. Speaker:

The Senate has passed House Bill No. 1471 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 2. RCW 43.70.056 and 2010 c 113 s 1 are each amended to read as follows:

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Health care-associated infection" means a localized or systemic condition that results from adverse reaction to the presence of an infectious agent or its toxins and that was not present or incubating at the time of admission to the hospital.

(b) "Hospital" means a health care facility licensed under chapter 70.41 RCW.

(2)(a) A hospital shall collect data related to health care-associated infections as required under this subsection (2) on the following:

(i) ((Beginning July 1, 2008, central line-associated bloodstream infection in the intensive care unit;))

(ii) Beginning January 1, 2009, ventilator-associated pneumonia; and

(iii) Beginning January 1, 2010,)) Central line-associated bloodstream infection in all hospital inpatient areas where patients normally reside at least twenty-four hours;

(ii) Surgical site infection for the following procedures:

(A) Deep sternal wound for cardiac surgery, including coronary artery bypass graft;

(B) Total hip and knee replacement surgery; and

(C) ((Hysterectomy, abdominal and vaginal.))

(b)(i) Except as required under (b)(ii) and (c) of this subsection,))

Colon and abdominal hysterectomy procedures.

(b) The department shall, by rule, delete, add, or modify categories of reporting when the department determines that doing so is necessary to align state reporting with the reporting categories of the centers for medicare and medicaid services. The department shall begin rule making forty-five calendar days, or as soon as practicable,
after the centers for medicare and medicaid services adopts changes to reporting requirements.

(c) A hospital must routinely collect and submit the data required to be collected under (a) and (b) of this subsection to the national healthcare safety network of the United States centers for disease control and prevention in accordance with national healthcare safety network definitions, methods, requirements, and procedures.

(iii) Until the national health care safety network releases a revised module that successfully interfaces with a majority of computer systems of Washington hospitals required to report data under (iv)(i) of this subsection, hospitals are required to report to the centers for medicare and medicaid services under subsection (3)(c) of this section. The data the hospital submits to the centers for medicare and medicaid services must include the number of infections and the total number of surgeries performed for each type of surgery.

(B) Must be the basis for a report developed by the Washington state hospital association and published on its web site that compares the health care-associated infection rates for surgical site infections at individual hospitals in the state using the data reported in the previous calendar year pursuant to this subsection. The report must be published on December 1, 2010, and every year thereafter until data is again reported to the national health care safety network.

(c)(i) With respect to any of the health care-associated infection measures for which reporting is required under (a) of this subsection, the department must, by rule, require hospitals to collect and submit the data to the centers for medicare and medicaid services according to the definitions, methods, requirements, and procedures of the hospital compare program, or its successor, instead of to the national healthcare safety network, if the department determines that:

(A) The measure is available for reporting under the hospital compare program, or its successor, under substantially the same definition; and

(B) Reporting under this subsection (2)(c) will provide substantially the same information to the public.

(ii) If the department determines that reporting of a measure must be conducted under this subsection (2)(c), the department must adopt rules to implement such reporting. The department's rules must require reporting to the centers for medicare and medicaid services as soon as practicable, but not more than one hundred twenty days, after the centers for medicare and medicaid services allow hospitals to report the respective measure to the hospital compare program, or its successor. However, if the centers for medicare and medicaid services do not allow hospitals to report the respective measure to the hospital compare program, or its successor, the department's rules must require reporting that reduces the burden of data reporting and minimizes changes that hospitals must make to accommodate requirements for reporting. If the centers for medicare and medicaid services change reporting from the national healthcare safety network to another database or through another process, the department shall review the new reporting database or process and consider whether it aligns with the purposes of this section.

(d) Data collection and submission required under this subsection (2) must be overseen by a qualified individual with the appropriate level of skill and knowledge to oversee data collection and submission.

(e)(i) A hospital must release to the department, or grant the department access to, its hospital-specific information contained in the reports submitted under this subsection (2), as requested by the department consistent with RCW 70.02.050.

(ii) The hospital reports obtained by the department under this subsection (2), and any of the information contained in them, are not subject to discovery by subpoena or admissible as evidence in a civil proceeding, and are not subject to public disclosure as provided in RCW 42.56.360.

(3) The department shall:

(a) Provide oversight of the health care-associated infection reporting program established in this section;

(b) By January 1, (2011) 2014, and biennially thereafter, submit a report to the appropriate committees of the legislature (based on the recommendations of the advisory committee established in subsection (5) of this section for additional reporting requirements related to health care-associated infections, considering the methodologies and practices of the United States centers for disease control and prevention, the centers for medicare and medicaid services, the joint commission, the national quality forum, the institute for healthcare improvement, and other relevant organizations) that contains: (i) Categories of reporting currently required of hospitals under subsection (2)(a) of this section; (ii) categories of reporting the department plans to add, delete, or modify by rule; and (iii) a description of the evaluation process used under (f) of this subsection;

(c) (Delete, by rule, the reporting of categories that the department determines are no longer necessary to protect public health and safety;)

(d) By December 1, 2016, report to the appropriate committees of the legislature with an update on the categories of reporting required under subsection (2)(a) of this section, any plans for federal reporting requirements on the categories, and recommendations for an expiration of the reporting requirements;

(e) (Delete, by rule, categories of reporting when the department determines it is necessary to align state reporting with the reporting categories of the centers for medicare and medicaid services. The department shall begin rule making forty-five calendar days, or as soon as practicable, after the centers for medicare and medicaid services adopts changes to reporting requirements;)

(f) By December 1, 2009, and by each December 1st thereafter, prepare and publish a report on the department's web site that compares the health care-associated infection rates at individual hospitals in the state using the data reported in the previous calendar year pursuant to subsection (2) of this section. The department may update the reports quarterly. In developing a methodology for the report and determining its contents, the department shall consider the recommendations of the advisory committee established in subsection (5) of this section. The report is subject to the following:

(i) The report must disclose data in a format that does not release health information about any individual patient; and

(ii) The report must not include data if the department determines that a data set is too small or possesses other characteristics that make it otherwise unrepresentative of a hospital's particular ability to achieve a specific outcome; (and)

(g) Evaluate, on a regular basis, the quality and accuracy of health care-associated infection reporting required under subsection (2) of this section and the data collection, analysis, and reporting methodologies; and

(g) Provide assistance to hospitals with the reporting requirements of this chapter including definitions of required reporting elements.

(4) The department may respond to requests for data and other information from the data required to be reported under subsection (2) of this section, at the requestor's expense, for special studies and analysis consistent with requirements for confidentiality of patient records.

(5)(a) The department shall establish an advisory committee which may include members representing infection control professionals and epidemiologists, licensed health care providers, nursing staff, organizations that represent health care providers and facilities, health maintenance organizations, health care payers and consumers, and the department. The advisory committee shall make recommendations to assist the department in carrying out its
responsibilities under this section, including making recommendations on allowing a hospital to review and verify data to be released in the report and on excluding from the report selected data from certified critical access hospitals. ((Annually, beginning January 1, 2011, the advisory committee shall also make a recommendation to the department as to whether current science supports expanding presurgical screening for methicillin-resistant staphylococcus aureus prior to open chest cardiac, total hip, and total knee elective surgeries.))

(b) In developing its recommendations, the advisory committee shall consider methodologies and practices related to health care-associated infections of the United States centers for disease control and prevention, the centers for medicare and medicaid services, the joint commission, the national quality forum, the institute for healthcare improvement, and other relevant organizations.

(6) The department shall adopt rules as necessary to carry out its responsibilities under this section.

Nothing in this chapter is intended to interfere with the authority of any political subdivision to impose generally applicable zoning, land use, permitting, general business licensing, environmental, and health and safety requirements or authorized business taxes upon scrap metal processors, recyclers, or suppliers within their jurisdictions. Local ordinances pertaining specifically to scrap metal processors, recyclers, or suppliers shall have the same or lesser penalty as provided for by state law. Local scrap metal laws and ordinances that are inconsistent with, more restrictive than, or exceed the requirements of state law shall not be enacted and are hereby preempted and repealed, regardless of the code, charter, or home rule status of such political subdivision.

NEW SECTION. Sec. 25. A new section is added to chapter 19.290 RCW to read as follows:

1. In addition to the powers granted in chapter 18.235 RCW, the department of licensing or its authorized agent may examine or subpoena any persons, books, papers, records, data, vehicles, or metal property bearing upon the investigation or proceeding under this chapter.

2. The persons subpoenaed may be required to testify and produce any books, papers, records, data, vehicles, or metal property that the director of licensing deems relevant or material to the inquiry.

3. The director of the department of licensing or an authorized agent may administer an oath to the person required to testify, and a person giving false testimony after the administration of the oath is guilty of perjury in the first degree under RCW 9A.72.020.

4. Any authorized representative of the director of the department of licensing may apply for and obtain a superior court order approving and authorizing a subpoena in advance of its issuance. (i) State that an order is sought pursuant to this subsection;

(ii) Adequately specify the records, documents, or testimony; and

(iii) Declare under oath that an investigation is being conducted for a lawfully authorized purpose related to an investigation within the department's authority and that the subpoenaed documents or testimony are reasonably related to an investigation within the department's authority.

(b) Where the application under this subsection is made to the satisfaction of the court, the court must issue an order approving the subpoena. An order under this subsection constitutes authority of law for the agency to subpoena the records or testimony.

(c) Any authorized representative of the director of the department of licensing may seek approval and a court may issue an order under this subsection without prior notice to any person, including the person to whom the subpoena is directed and the person who is the subject of an investigation.

(5) Any records created or produced under this section are exempt from disclosure under chapter 42.56 RCW.

When funded, the Washington association of sheriffs and police chiefs shall establish a grant program to assist local law enforcement agencies in the support of special enforcement emphasis targeting metal theft. Grant applications shall be reviewed and awarded through peer review panels. Grant applicants are encouraged to utilize multi-jurisdictional efforts.

2. Each grant applicant shall:

(a) Show a significant metal theft problem in the jurisdiction or jurisdictions receiving the grant;

(b) Verify that grant awards are sufficient to cover increased investigation, prosecution, and jail costs;

(c) Design an enforcement program that best suits the specific metal theft problem in the jurisdiction or jurisdictions receiving the grant;

(d) Demonstrate community coordination focusing on prevention, intervention, and suppression; and

(e) Collect data on performance.

3. The cost of administering the grants shall not exceed sixty thousand dollars, or three percent of appropriated funding, whichever is greater.

NEW SECTION. Sec. 29. A new section is added to chapter 19.290 RCW to read as follows:
(1) The following personal property is subject to seizure and forfeiture and no property right exists in them: All personal property including, but not limited to, any item, object, tool, substance, device, weapon, machine, vehicle of any kind, money, security, or negotiable instrument, which the seizing agency proves by a preponderance of the evidence was used or intended to be used by its owner or the person in charge to knowingly or intentionally facilitate the commission of, or to knowingly or intentionally aid and abet the commission of, a crime involving theft, trafficking, or unlawful possession of commercial metal property, or which the seizing agency proves by a preponderance of the evidence was knowingly or intentionally furnished or was intended to be furnished by any person in the commission of, as a result of, or as compensation for the commission of, a crime involving theft, trafficking, or the unlawful possession of commercial metal property, or which the property owner acquired in whole or in part with proceeds traceable to a knowing or intentional commission of a crime involving theft, trafficking, or unlawful possession of commercial metal property provided that such activity is not less than a class C felony; except that:
(a) No vehicle used by any person as a common carrier in the transaction of business as a common carrier is subject to forfeiture under this section unless the seizing agency proves by a preponderance of the evidence that the owner or other person in charge of the vehicle is a consenting party or is privy to any crime involving theft, trafficking, or unlawful possession of commercial metal property;
(b) A forfeiture of property encumbered by a bona fide security interest is subject to interest of the secured party if the secured party, neither had actual or constructive knowledge, nor consented to the act or omission.
(3) Property subject to forfeiture under this chapter may be seized by any law enforcement officer of this state upon process issued by any superior court having jurisdiction over the property. Seizure of real property shall include the filing of a lis pendens by the seizing agency. Real property seized under this section shall not be transferred or otherwise conveyed until ninety days after seizure or until a judgment of forfeiture is entered, whichever is later: PROVIDED, That real property seized under this section may be transferred or conveyed to any person or entity who acquires title by foreclosure or deed in lieu of foreclosure of a security interest. Seizure of personal property without process may be made if:
(a) The seizure is incident to an arrest or a search under a search warrant; or
(b) The property subject to seizure has been the subject of a prior judgment in favor of the state in a criminal injunction or forfeiture proceeding.
(4) In the event of seizure pursuant to this section, proceedings for forfeiture shall be deemed commenced by the seizure. The law enforcement agency under whose authority the seizure was made shall cause notice to be served within fifteen days following the seizure on the owner of the property seized and the person in charge thereof and any person having any known right or interest therein, including any community property interest, of the seizure and intended forfeiture of the seized property. Service of notice of seizure of real property shall be made according to the rules of civil procedure. However, the state may not obtain a default judgment with respect to real property against a party who is served by substituted service absent an affidavit stating that a good faith effort has been made to ascertain if the defaulted party is incarcerated within the state, and that there is no present basis to believe that the party is incarcerated within the state. The notice of seizure of personal property may be served by any method authorized by law or court rule including but not limited to service by certified mail with return receipt requested. Service by mail shall be deemed complete upon mailing within the fifteen day period following the seizure. Notice of seizure in the case of property subject to a security interest that has been perfected by filing a financing statement in accordance with chapter 62A.9A RCW, or a certificate of title shall be made by service upon the secured party or the secured party's assignee at the address shown on the financing statement or the certificate of title.
If no person notifies the seizing law enforcement agency in writing of the person’s claim of ownership or right to possession of items specified in subsection (1) of this section within forty-five days of the seizure in the case of personal property and ninety days in the case of real property, the item seized shall be deemed forfeited. The community property interest in real property of a person whose spouse or domestic partner committed a violation giving rise to seizure of the real property may not be forfeited if the person did not participate in the violation.

If a person notifies the seizing law enforcement agency in writing of the person’s claim of ownership or right to possession of the seized property within forty-five days of the seizure in the case of personal property and ninety days in the case of real property, the law enforcement agency shall give the person or persons a reasonable opportunity to be heard as to the claim or right. The hearing shall be before the chief law enforcement officer of the seizing agency or the chief law enforcement officer’s designee, except where the seizing agency is a state agency as defined in RCW 34.12.020(4), the hearing shall be before the chief law enforcement officer of the seizing agency or an administrative law judge appointed under chapter 34.12 RCW, except that any person asserting a claim or right may remove the matter to a court of competent jurisdiction. Removal may only be accomplished according to the rules of civil procedure. The person seeking removal of the matter must serve process against the state, county, political subdivision, or municipality that operates the seizing agency, and any other party of interest, in accordance with RCW 4.28.080 or 4.92.020, within forty-five days after the person seeking removal has notified the seizing law enforcement agency of the person’s claim of ownership or right to possession. The court to which the matter is to be removed shall be the district court when the aggregate value of the property is within the jurisdictional limit set forth in RCW 3.66.020. A hearing before the seizing agency and any appeal therefrom shall be under Title 34 RCW. In a court hearing between two or more claimants to the property involved, the prevailing party shall be entitled to a judgment for costs and reasonable attorneys’ fees. The burden of producing evidence shall be upon the person claiming to be the lawful owner or the person claiming to have the lawful right to possession of the property.

At the hearing, the seizing agency has the burden of proof to establish by a preponderance of the evidence that seized property is subject to forfeiture, and that the use or intended use of the seized property in connection with a crime pursuant to this section occurred with the owner’s actual or constructive knowledge or consent. The person claiming to be the lawful owner or the person claiming to have the lawful right to possession of the property has the burden of proof to establish by a preponderance of the evidence that the person owns or has a right to possess the seized property. The possession of bare legal title is not sufficient to establish ownership of seized property if the seizing agency proves by a preponderance of the evidence that the person claiming ownership or right to possession is a nominal owner and did not actually own or exert a controlling interest in the property.

The seizing law enforcement agency shall promptly return the property to the claimant upon a determination by the administrative law judge or court that the claimant is the present lawful owner or is lawfully entitled to possession of the property.

When property is forfeited under this chapter, after satisfying any court-ordered victim restitution, the seizing law enforcement agency may:

(a) Retain it for official use or, upon application by any law enforcement agency of this state, release such property to such agency; or

(b) Sell that which is not required to be destroyed by law and which is not harmful to the public.

(a) Within one hundred twenty days after the entry of an order of forfeiture, each seizing agency shall remit to, if known, the victim of the crime involving the seized property, an amount equal to fifty percent of the net proceeds of any property forfeited.

(b) Retained property and net proceeds not required to be paid to victims shall be retained by the seizing law enforcement agency exclusively for the expansion and improvement of law enforcement activity. Money retained under this section may not be used to supplant preexisting funding sources.

(c) The net proceeds of forfeited property is the value of the forfeitable interest in the property after deducting the cost of satisfying any bona fide security interest to which the property is subject at the time of seizure; and in the case of sold property, after deducting the cost of sale, including reasonable fees or commissions paid to independent selling agents, and the cost of any valid landlord’s claim for damages.

(d) The value of sold forfeited property is the sale price. The value of retained forfeited property is the fair market value of the property at the time of seizure, determined when possible by reference to an applicable commonly used index, such as the index used by the department of licensing for valuation of motor vehicles. A seizing agency may use, but need not use, an independent qualified appraiser to determine the value of retained property. If an appraiser is used, the value of the property appraised is net of the cost of the appraisal. The value of destroyed property and retained firearms or illegal property is zero.

Upon the entry of an order of forfeiture of real property, the court shall forward a copy of the order to the assessor of the county in which the property is located. Orders for the forfeiture of real property shall be entered by the superior court, subject to court rules. Such an order shall be filed by the seizing agency in the county auditor’s records in the county in which the real property is located.

The provisions of this chapter shall be liberally construed to the end that traffic in stolen private metal property or nonferrous metal property may be prevented, and irresponsible, unreliable, or dishonest persons may be prevented from engaging in the business of processing, recycling, or supplying scrap metal in this state and reliable persons may be encouraged to engage in businesses of processing, recycling, or supplying scrap metal in this state.

MESSAGE FROM THE SENATE

April 17, 2013

Mr. Speaker:

The Senate has passed Engrossed House Bill No. 1733 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 39. The intent of the legislature is to make state capital budget and transportation budget appropriation and expenditure data as transparent and easy to use by the public as is feasible. It is important to provide information to the public on state capital and transportation investments by legislative district and county in a format that is easy to navigate and comprehend. Providing such information contributes to governmental accountability, public participation, agency efficiency, and open government.

Sec. 40. RCW 44.48.150 and 2008 c 326 s 2 are each amended to read as follows:

(1) By January 1, 2009, in collaboration with the office of financial management, using existing databases and structures currently shared, the office of the legislative evaluation and accountability program committee shall establish and make available to the public a searchable state expenditure information web site. The state expenditure information web site shall provide access to current budget data, access to current accounting data for budgeted expenditures and staff, and access to historical data. At a minimum, the web site will provide access or links to the following information as data are available:

(a) State expenditures by fund or account;
(b) State expenditures by agency, program, and subprogram;
(c) State revenues by major source;
(d) State expenditures by object and subobject;
(e) State agency workloads, caseloads, and performance measures, and recent performance audits; and
(f) State agency budget data by activity.

(2) "State agency," as used in this section, includes every state agency, office, board, commission, or institution of the executive, legislative, or judicial branches, including institutions of higher education:

(3) The state expenditure information web site shall be updated periodically as subsequent fiscal year data become available, and the prior year expenditure data shall be maintained by the legislative evaluation and accountability program committee as part of its ten-year historical budget data.

(4) For each capital appropriation bill considered by the full body or fiscal committees of either chamber of the legislature it must be accompanied by a summary of capital appropriations by legislative district. The summary of capital appropriations by legislative district must include the following categories for each legislative district:

(a) The total level of all appropriations;
(i) The level of appropriations attributable to competitive grant and loan programs;
(ii) The level of appropriations to state institutions of higher education;

(b) The summary of capital appropriations required by this section must include the percent of total capital appropriations each legislative district would receive.

(c) For the purposes of this section, a capital appropriation bill includes the original capital appropriations bill filed by a member of the house or the senate, any substitute bill, and any striking amendment.

(5) By January 1, 2014, current and future capital project and transportation project investments must be coded with the geographic information sufficient to permit the public to search and identify appropriation and expenditure data at the parent and subproject level to the extent available by:

(a) State legislative district;
(b) County; and
(c) Agency project identifier.

(6) The office of the legislative evaluation and accountability program committee must, within existing resources, update the state expenditure information web site to allow the public to search for capital budget and transportation projects by selecting from an online geographical map. The map must allow an in-depth examination of financial and other data associated with such projects. Data elements must include:

(a) Project title;
(b) Total appropriation;
(c) Project description;
(d) Expenditure data; and
(e) Administering agency.

(7) The web site must be easy to use, contain current and readily available data, and allow for review and analysis by the public. The legislative evaluation and accountability program committee must test the web site with potential users to ensure that it is easy to navigate and comprehend."

SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House refused to concur in the Senate amendment to Engrossed House Bill No. 1733 and asked the Senate to recede therefrom.

MESSAGE FROM THE SENATE

April 17, 2013

Mr. Speaker:

The Senate has passed House Bill No. 1768 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 41. RCW 39.10.420 and 2012 c 102 s 1 are each amended to read as follows:

(1) The following public bodies are authorized to use the job order contracting procedure:

(a) The department of enterprise services;
(b) The state universities, regional universities, and The Evergreen State College;
(c) Sound transit (central Puget Sound regional transit authority);
(d) Every city with a population greater than seventy thousand and any public authority chartered by such city under RCW 35.21.730 through 35.21.755;
(e) Every county with a population greater than four hundred fifty thousand;
(f) Every port district with total revenues greater than fifteen million dollars per year;
(g) Every public utility district with revenues from energy sales greater than twenty-three million dollars per year;
(h) Every school district, ((and))
(i) The state ferry system; and
(j) The Washington state department of transportation, for the administration of building improvement, replacement, and renovation projects only.
(2)(a) The department of enterprise services may issue job order contract work orders for Washington state parks department projects.
(b) The department of enterprise services, the University of Washington, and Washington State University may issue job order contract work orders for the state regional universities and The Evergreen State College.
(3) Public bodies may use a job order contract for public works projects when a determination is made that the use of job order contracts will benefit the public by providing an effective means of reducing the total lead-time and cost for the construction of public works projects for repair and renovation required at public facilities through the use of unit price books and work orders by eliminating time-consuming, costly aspects of the traditional public works process, which require separate contracting actions for each small project.
Sec. 42. RCW 39.10.440 and 2007 c 494 s 403 are each amended to read as follows:
(1) The maximum total dollar amount that may be awarded under a job order contract is four million dollars per year for a maximum of three years.
(2) Job order contracts may be executed for an initial contract term of not to exceed two years, with the option of extending or renewing the job order contract for one year. All extensions or renewals must be priced as provided in the request for proposals. The extension or renewal must be mutually agreed to by the public body and the job order contractor.
(3) A public body may have no more than two job order contracts in effect at any one time, with the exception of the department of ((general administration)) enterprise services, which may have four job order contracts in effect at any one time.
(4) At least ninety percent of work contained in a job order contract must be subcontracted to entities other than the job order contractor. The job order contractor must distribute contracts as equitably as possible among qualified and available subcontractors including minority and woman-owned subcontractors to the extent permitted by law.
(5) The job order contractor shall publish notification of intent to perform public works projects at the beginning of each contract year in a statewide publication and in a legal newspaper of general circulation in every county in which the public works projects are anticipated.
(6) Job order contractors shall pay prevailing wages for all work that would otherwise be subject to the requirements of chapter 39.12 RCW. Prevailing wages for all work performed pursuant to each work order must be the rates in effect at the time the individual work order is issued.
(7) If, in the initial contract term, the public body, at no fault of the job order contractor, fails to issue the minimum amount of work orders stated in the public request for proposals, the public body shall pay the contractor an amount equal to the difference between the minimum work order amount and the actual total of the work orders issued multiplied by an appropriate percentage for overhead and profit contained in the contract award coefficient for services as specified in the request for proposals. This is the contractor's sole remedy.
(8) All job order contracts awarded under this section must be signed before July 1, (2013) 2021; however the job order contract may be extended or renewed as provided for in this section.
(9) Public bodies may amend job order contracts awarded prior to July 1, 2007, in accordance with this chapter.
Sec. 43. RCW 39.10.490 and 2007 c 494 s 501 are each amended to read as follows:
The alternative public works contracting procedures authorized under this chapter are limited to public works contracts signed before July 1, (2013) 2021. Methods of public works contracting authorized under this chapter shall remain in full force and effect until completion of contracts signed before July 1, (2013) 2021.
Sec. 44. RCW 43.131.407 and 2007 c 494 s 506 are each amended to read as follows:
The alternative (public) public works contracting procedures under chapter 39.10 RCW shall be terminated June 30, (2014) 2021, as provided in RCW 43.131.408.
Sec. 45. RCW 43.131.408 and 2012 c 102 s 4 are each amended to read as follows:

(3) If the court finds by a preponderance of the evidence that a defendant charged with a felony is incompetent, the court shall have the option of extending the order of commitment or alternative treatment for an additional period of ninety days, but the court must at the time of extension set a date for a prompt hearing to determine the defendant's competency before the expiration of the second restoration period. The defendant, the defendant's attorney, or the prosecutor has the right to demand that the hearing be before a jury. No extension shall be ordered for a second or third restoration period as provided in subsection (4) of this section if the defendant's incompetence has been determined by the secretary to be solely the result of a developmental disability which is such that competence is not reasonably likely to be regained during an extension.

(4) For persons charged with a felony, at the hearing upon the expiration of the second restoration period or at the end of the first restoration period, in the case of a defendant with a developmental disability, if the jury or court finds that the defendant is incompetent, the charges shall be dismissed without prejudice, and the court shall order the defendant to be committed to a state hospital (or secure mental health facility) as defined in RCW 72.23.010 for up to seventy-two hours starting from admission to the facility, excluding Saturdays, Sundays, and holidays, for evaluation for the purpose of filing a civil commitment petition under chapter 71.05 RCW. The criminal charges shall not be dismissed if the court or jury finds that: (a) The defendant (i) is a substantial danger to other persons; or (ii) presents a substantial likelihood of committing criminal acts jeopardizing public safety or security; and (b) there is a substantial probability that the defendant will regain competency within a reasonable period of time. In the event that the court or jury makes such a finding, the court may extend the period of commitment for up to an additional six months.

Sec. 3. RCW 10.77.270 and 2010 c 263 s 1 are each amended to read as follows:

"(1) The secretary shall establish an independent public safety review panel for the purpose of advising the secretary and the courts with respect to persons who have been found not guilty by reason of insanity, or persons committed under the involuntary treatment act where the court has made a special finding under RCW 71.05.280(3)(b). The panel shall provide advice regarding all recommendations to the secretary, decisions by the secretary, or actions pending in court: (a) For a change in commitment status; (b) to allow furloughs or temporary leaves accompanied by staff; (c) not to seek further commitment terms under RCW 71.05.320; or ((e)) (d) to permit movement about the grounds of the treatment facility, with or without the accompaniment of staff.

(2) The members of the public safety review panel shall be appointed by the governor for a renewable term of three years and shall include the following:

(a) A psychiatrist;
(b) A licensed clinical psychologist;
(c) A representative of the department of corrections;
(d) A prosecutor or a representative of a prosecutor's association;
(e) A representative of law enforcement or a law enforcement association;
(f) A consumer and family advocate representative; and
(g) A public defender or a representative of a defendant's association.

(3) Thirty days prior to issuing a recommendation for conditional release under RCW 10.77.150 or forty-five days prior to issuing a recommendation for release under RCW 10.77.200, the secretary shall submit its recommendation with the committed person's application and the department's risk assessment to the public safety review panel. The public safety review panel shall complete an independent assessment of the public safety risk entailed by the secretary's proposed conditional release recommendation or release recommendation and provide this assessment in writing to the secretary. The public safety review panel may, within funds appropriated for this purpose, request additional evaluations of the committed person. The public safety review panel may indicate whether it is in agreement with the secretary's recommendation, or whether it would issue a different recommendation. The secretary shall provide the panel's assessment when it is received along with any supporting documentation, including all previous reports of evaluations of the committed person in the person's hospital record, to the court, prosecutor in the county that ordered the person's commitment, and counsel for the committed person.

(4) The secretary shall notify the public safety review panel at appropriate intervals concerning any changes in the commitment or custody status of persons found not guilty by reason of insanity, or persons committed under the involuntary treatment act where the court has made a special finding under RCW 71.05.280(3)(b). The panel shall have access, upon request, to a committed person's complete hospital record, and any other records deemed necessary by the public safety review panel.

(5) The department shall provide administrative and financial support to the public safety review panel. The department, in consultation with the public safety review panel, may adopt rules to implement this section.

(6) By December 1, 2014, the public safety review panel shall report to the appropriate legislative committees the following:

(a) Whether the public safety review panel has observed a change in statewide consistency of evaluations and decisions concerning changes in the commitment status of persons found not guilty by reason of insanity;
(b) Whether the public safety review panel should be given the authority to make release decisions and monitor release conditions; and
(c) Whether further changes in the law are necessary to enhance public safety when incompetency prevents operation of the criminal justice system and long-term commitment of the criminally insane; and
(d) Any other issues the public safety review panel deems relevant.

Sec. 4. RCW 71.05.280 and 2008 c 213 s 6 are each amended to read as follows:

"At the expiration of the fourteen-day period of intensive treatment, a person may be confined for further treatment pursuant to RCW 71.05.320 if:

(1) Such person after having been taken into custody for evaluation and treatment has threatened, attempted, or inflicted: (a) Physical harm upon the person of another or himself or herself, or substantial damage upon the property of another, and (b) as a result of mental disorder presents a likelihood of serious harm; or
(2) Such person was taken into custody as a result of conduct in which he or she attempted or inflicted physical harm upon the person of another or himself or herself, or substantial damage upon the property of others, and continues to present, as a result of mental disorder, a likelihood of serious harm; or
(3) Such person has been determined to be incompetent and criminal charges have been dismissed pursuant to RCW 10.77.086(4), and has committed acts constituting a felony, and as a result of a mental disorder, presents a substantial likelihood of repeating similar acts.

(a) In any proceeding pursuant to this subsection it shall not be necessary to show intent, willfulness, or state of mind as an element of the crime;
(b) For any person subject to commitment under this subsection where the charge underlying the finding of incompetence is for a felony classified as violent under RCW 9.94A.030, the court shall determine whether the acts the person committed constitute a violent offense under RCW 9.94A.030; or
(4) Such person is gravely disabled."
Sec. 5. RCW 71.05.320 and 2009 c 323 s 2 are each amended to read as follows:

(1) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven and that the best interests of the person or others will not be served by a less restrictive treatment which is an alternative to detention, the court shall remand him or her to the custody of the department or to a facility certified for ninety day treatment by the department for a further period of intensive treatment not to exceed ninety days from the date of judgment. If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment in a facility certified for one hundred eighty day treatment by the department.

(2) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven, but finds that treatment less restrictive than detention will be in the best interest of the person or others, then the court shall remand him or her to the custody of the department or to a facility certified for ninety day treatment by the department or to a less restrictive alternative for a further period of less restrictive treatment not to exceed ninety days from the date of judgment. If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment.

(3) The person shall be released from involuntary treatment at the expiration of the period of commitment imposed under subsection (1) or (2) of this section unless the superintendent or professional person in charge of the facility in which he or she is confined, or in the event of a less restrictive alternative, the designated mental health professional, files a new petition for involuntary treatment on the grounds that the committed person:

(a) During the current period of court ordered treatment: (i) Has threatened, attempted, or inflicted physical harm upon the person of another, or substantial damage upon the property of another, and (ii) as a result of mental disorder or developmental disability presents a likelihood of serious harm; or

(b) Was taken into custody as a result of conduct in which he or she attempted or inflicted serious physical harm upon the person of another, and continues to present, as a result of mental disorder or developmental disability a likelihood of serious harm; or

(c) Is in custody pursuant to RCW 71.05.280(3) and as a result of mental disorder or developmental disability continues to present a substantial likelihood of reoccurring similar acts similar to the charged criminal behavior, when considering the person's life history, progress in treatment, and the public safety. (ii) In cases under this subsection where the court has made an affirmative special finding under RCW 71.05.280(3), the commitment shall continue for up to an additional one hundred eighty day period whenever the petition presents prima facie evidence that the person continues to suffer from a mental disorder or developmental disability that results in a substantial likelihood of committing acts similar to the charged criminal behavior, unless the person presents proof through an admissible expert opinion that the person's condition has so changed such that the mental disorder or developmental disability no longer presents a substantial likelihood of the person committing acts similar to the charged criminal behavior. The initial or additional commitment period may include transfer to a specialized program of intensive support and treatment, which may be initiated prior to or after discharge from the state hospital;

(d) Continues to be gravely disabled.

If the conduct required to be proven in (b) and (c) of this subsection was found by a judge or jury in a prior trial under this chapter, it shall not be necessary to prove such conduct again.

(4) For a person committed under subsection (2) of this section who has been remanded to a period of less restrictive treatment, in addition to the grounds specified in subsection (3) of this section, the designated mental health professional may file a new petition for continued less restrictive treatment if:

(a) The person was previously committed by a court to detention for involuntary mental health treatment during the thirty-six months that preceded the person's initial detention date during the current involuntary commitment cycle, excluding any time spent in a mental health facility or in confinement as a result of a criminal conviction;

(b) In view of the person's treatment history or current behavior, the person is unlikely to voluntarily participate in outpatient treatment without an order for less restrictive treatment; and

(c) Outpatient treatment that would be provided under a less restrictive treatment order is necessary to prevent a relapse, decompensation, or deterioration that is likely to result in the person presenting a likelihood of serious harm or the person becoming gravely disabled within a reasonably short period of time.

(5) A new petition for involuntary treatment filed under subsection (3) or (4) of this section shall be filed and heard in the superior court of the county of the facility which is filing the new petition for involuntary treatment unless good cause is shown for a change of venue. The cost of the proceedings shall be borne by the state.

(6) The hearing shall be held as provided in RCW 71.05.310, and if the court or jury finds that the grounds for additional confinement as set forth in this section are present, the court may order the committed person returned for an additional period of treatment not to exceed one hundred eighty days from the date of judgment. At the end of the one hundred eighty day period of commitment, the committed person shall be released unless a petition for another one hundred eighty day period of continued treatment is filed and heard in the same manner as provided in this section. Successive one hundred eighty day commitments are permissible on the same grounds and pursuant to the same procedures as the original one hundred eighty day commitment. However, a commitment is not permissible under subsection (4) of this section if thirty-six months have passed since the last date of discharge from detention for inpatient treatment that preceded the current less restrictive alternative order, nor shall a commitment under subsection (4) of this section be permissible if the likelihood of serious harm in subsection (4)(c) of this section is based solely on harm to the property of others.

(7) No person committed as provided in this section may be detained unless a valid order of commitment is in effect. No order of commitment can exceed one hundred eighty days in length.

Sec. 6. RCW 71.05.425 and 2011 c 305 s 5 are each amended to read as follows:

(1)(a) Except as provided in subsection (2) of this section, at the earliest possible date, and in no event later than thirty days before conditional release, final release, authorized leave under RCW 71.05.325(2), or transfer to a facility other than a state mental hospital, the superintendent shall send written notice of conditional release, release, authorized leave, or transfer of a person committed under RCW 71.05.280(3) or 71.05.320(3) following dismissal of a sex, violent, or felony harassment offense pursuant to RCW 10.77.086(4) to the following:

(i) The chief of police of the city, if any, in which the person will reside; ((and))

(ii) The sheriff of the county in which the person will reside; and

(iii) The prosecuting attorney of the county in which the criminal charges against the committed person were dismissed.

(b) The same notice as required by (a) of this subsection shall be sent to the following, if such notice has been requested in writing about a specific person committed under RCW 71.05.280(3) or 71.05.320(3) following dismissal of a sex, violent, or felony harassment offense pursuant to RCW 10.77.086(4):

(i) The victim of the sex, violent, or felony harassment offense that was dismissed pursuant to RCW 10.77.086(4) preceding
commitment under RCW 71.05.280(3) or 71.05.320(3)(c) or the victim's next of kin if the crime was a homicide;

(ii) Any witnesses who testified against the person in any court proceedings;

(iii) Any person specified in writing by the prosecuting attorney. Information regarding victims, next of kin, or witnesses requesting the notice, information regarding any other person specified in writing by the prosecuting attorney to receive the notice, and the notice are confidential and shall not be available to the person committed under this chapter; and

(iv) The chief of police of the city, if any, and the sheriff of the county, if any, which had jurisdiction of the person on the date of the applicable offense.

(c) The thirty-day notice requirements contained in this subsection shall not apply to emergency medical transfers.

(d) The existence of the notice requirements in this subsection will not require any extension of the release date in the event the release plan changes after notification.

(2) If a person committed under RCW 71.05.280(3) or 71.05.320(3)(c) or the dismissal of a sex, violent, or felony harassment offense pursuant to RCW 10.77.086(4) escapes, the superintendent shall immediately notify, by the most reasonable and expedient means available, the chief of police of the city and the sheriff of the county in which the person escaped and in which the person resided immediately before the person's arrest and the prosecuting attorney of the county in which the criminal charges against the committed person were dismissed. If previously requested, the superintendent shall also notify the witnesses and the victim of the sex, violent, or felony harassment offense that was dismissed pursuant to RCW 10.77.086(4) preceding commitment under RCW 71.05.280(3) or 71.05.320(3) or the victim's next of kin if the crime was a homicide. In addition, the secretary shall also notify appropriate parties pursuant to RCW 71.05.390(18). If the person is recaptured, the superintendent shall send notice to the persons designated in this subsection as soon as possible but in no event later than two working days after the department learns of such recapture.

(3) If the victim, the victim's next of kin, or any witness is under the age of sixteen, the notice required by this section shall be sent to the parent or legal guardian of the child.

(4) The superintendent shall send the notices required by this chapter to the last address provided to the department by the requesting party. The requesting party shall furnish the department with a current address.

(5) For purposes of this section the following terms have the following meanings:

(a) "Violent offense" means a violent offense under RCW 9.94A.030;
(b) "Sex offense" means a sex offense under RCW 9.94A.030;
(c) "Next of kin" means a person's spouse, state registered domestic partner, parents, siblings, and children;
(d) "Felony harassment offense" means a crime of harassment as defined in RCW 9A.46.060 that is a felony.

Sec. 7. RCW 10.77.200 and 2010 c 263 s 8 are each amended to read as follows:

(1) Upon application by the committed or conditionally released person, the secretary shall determine whether or not reasonable grounds exist for release. In making this determination, the secretary may consider the reports filed under RCW 10.77.060, 10.77.110, 10.77.140, and 10.77.160, and other reports and evaluations provided by professionals familiar with the case. If the secretary approves the release he or she then shall authorize the person to petition the court.

(2) In instances in which persons have not made application for release, but the secretary believes, after consideration of the reports filed under RCW 10.77.060, 10.77.110, 10.77.140, and 10.77.160, and other reports and evaluations provided by professionals familiar with the case, that reasonable grounds exist for release, the secretary may petition the court. If the secretary petitions the court for release under this subsection, notice of the petition must be provided to the person who is the subject of the petition and to his or her attorney.

(3) The petition shall be served upon the court and the prosecuting attorney. The court, upon receipt of the petition for release, shall within forty-five days order a hearing. Continuance of the hearing date shall only be allowed for good cause shown. The prosecuting attorney shall represent the state, and shall have the right to have the ((petitioner)) person who is the subject of the petition examined by an expert or professional person of the prosecuting attorney's choice. If the secretary is the petitioner, the attorney general shall represent the secretary. If the ((petitioner)) person who is the subject of the petition is indigent, and the person so requests, the court shall appoint a qualified expert or professional person to examine him or her. If the ((petitioner)) person who is the subject of the petition has a developmental disability, the examination shall be performed by a developmental disabilities professional. The hearing shall be before a jury if demanded by either the petitioner or the prosecuting attorney. The burden of proof shall be upon the petitioner to show by a preponderance of the evidence that the ((petitioner)) person who is the subject of the petition no longer presents, as a result of a mental disease or defect, a substantial danger to other persons, or a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions. If the person who is the subject of the petition will be transferred to a state correctional institution or facility upon release to serve a sentence for any class A felony, the petitioner must show that the person's mental disease or defect is manageable within a state correctional institution or facility, but must not be required to prove that the person does not present either a substantial danger to other persons, or a substantial likelihood of committing criminal acts jeopardizing public safety or security, if released.

(4) For purposes of this section, a person affected by a mental disease or defect in a state of remission is considered to have a mental disease or defect requiring supervision when the disease may, with reasonable medical probability, occasionally become active and, when active, render the person a danger to others. Upon a finding that the ((petitioner)) person who is the subject of the petition has a mental disease or defect in a state of remission under this subsection, the court may deny release, or place or continue such a person on conditional release.

(5) Nothing contained in this chapter shall prohibit the patient from petitioning the court for release or conditional release from the institution in which he or she is committed. The petition shall be served upon the court, the prosecuting attorney, and the secretary. Upon receipt of such petition, the secretary shall develop a recommendation as provided in subsection (1) of this section and provide the secretary's recommendation to all parties and the court. The issue to be determined on such proceeding is whether the ((petitioner)) patient, as a result of a mental disease or defect, is a substantial danger to other persons, or presents a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions.

(6) Nothing contained in this chapter shall prohibit the committed person from petitioning for release by writ of habeas corpus.

MESSAGE FROM THE SENATE

April 12, 2013

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1178 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the use of a basic skills test as an entrance requirement to teacher certification programs has unintentionally created a barrier to the effective recruitment of candidates from underrepresented populations who are otherwise qualified for the program. Therefore, the legislature intends to expand the pool of potential teacher candidates by expanding the types of testing instruments and assessments that may be used to measure basic skills. The legislature intends to review any alternative
assessments to ensure that candidates must continue to meet the established standards for admission to a teacher certification program.

Sec. 2. RCW 28A.410.220 and 2008 c 176 s 2 are each amended to read as follows:

(1)(a) Beginning not later than September 1, 2001, the Washington professional educator standards board shall make available and pilot a means of assessing an applicant's knowledge in the basic skills. For the purposes of this section, "basic skills" means the subjects of at least reading, writing, and mathematics. Beginning September 1, 2002, except as provided in (c) and (d) of this subsection and subsection (4) of this section, passing this assessment shall be required for admission to approved teacher preparation programs and for persons from out-of-state applying for a Washington state residency teaching certificate.

(b) On an individual student basis, approved teacher preparation programs may admit into their programs a candidate who has not achieved the minimum basic skills assessment score established by the Washington professional educator standards board. Individuals so admitted may not receive residency certification without passing the basic skills assessment under this section.

(c) The Washington professional educator standards board may establish criteria to ensure that persons from out-of-state who are applying for residency certification and persons applying to master's degree level teacher preparation programs can demonstrate to the board's satisfaction that they have the requisite basic skills based upon having completed another basic skills assessment acceptable to the Washington professional educator standards board or by some other alternative approved by the Washington professional educator standards board.

(d) The Washington professional educator standards board may identify and accept other tests and test scores as long as the tests are comparable in rigor to the basic skills assessment and candidates meet or exceed the basic skills requirements established by the board. The board must set the acceptable score for admission to teacher certification programs at no lower than the average national scores for the SAT or ACT.

(2) The Washington professional educator standards board shall set performance standards and develop, pilot, and implement a uniform and externally administered professional-level certification assessment based on demonstrated teaching skill. In the development of this assessment, consideration shall be given to changes in professional certification program components such as the culminating seminar.

(3) Beginning not later than September 1, 2002, the Washington professional educator standards board shall provide for the initial piloting and implementation of a means of assessing an applicant's knowledge in the subjects for which the applicant has applied for an endorsement to his or her residency or professional teaching certificate. The assessment of subject knowledge shall not include instructional methodology. Beginning September 1, 2005, passing this assessment shall be required to receive an endorsement for certification purposes.

(4) The Washington professional educator standards board may permit exceptions from the assessment requirements under subsections (1), (2), and (3) of this section on a case-by-case basis.

(5) The Washington professional educator standards board shall provide for reasonable accommodations for individuals who are required to take the assessments in subsection (1), (2), or (3) of this section if the individuals have learning or other disabilities.

(6) With the exception of applicants exempt from the requirements of subsections (1), (2), and (3) of this section, an applicant must achieve a minimum assessment score or scores established by the Washington professional educator standards board on each of the assessments under subsections (1), (2), and (3) of this section.

Excused: Representatives DeBolt, Manweller and McCoy.

HOUSE BILL NO. 1178, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

The Speaker (Representative Orwall presiding) called upon Representative Moeller to preside.

MESSAGE FROM THE SENATE
April 17, 2013

Mr. Speaker:

The Senate has passed Substitute House Bill No. 1183 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 3. RCW 43.21C.0384 and 1996 c 323 s 2 are each amended to read as follows:

(1) Decisions pertaining to applications to site personal wireless service facilities are not subject to the requirements of RCW 43.21C.030(2)(c), if those facilities meet the following requirements:

(a)(i) The ([facility to be sited is a microcell and is to be attached to an existing structure that is not a residence or school and does not contain a residence or a school]) collocation of new transmission equipment, removal of transmission equipment, or replacement of existing transmission equipment on existing or replacement structures that do not substantially change the physical dimensions of such structures; or (ii) ([the facility includes personal wireless service antennas, other than a microcell, and is to be attached to an existing structure that may be an existing tower that is not a residence or school and does not contain a residence or a school, and the existing structure to which it is to be attached is located in a commercial, industrial, manufacturing, forest, or agricultural zone; or (iii)) the siting project involves constructing a personal wireless service tower less than sixty feet in height that is located in a commercial, industrial, manufacturing, forest, or agricultural zone. This exemption does not apply to projects within a designated environmentally sensitive area; and

(b) ([The project is not in a designated environmentally sensitive area; and

(c)) The project does not consist of a series of actions: (i) Some of which are not categorically exempt; or (ii) that together may have a probable significant adverse environmental impact.

(2) The department of ecology shall adopt rules to create a categorical exemption for ([microcells and other]) personal wireless service facilities that meet the conditions set forth in subsection (1) of this section.

(3) ([For the purposes of this section:)) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Collocation" means the mounting or installation of equipment on an existing tower, building, or structure for the purpose of either transmitting or receiving, or both, radio frequency signals for communications purposes.

A new section is added to chapter 43.215 RCW to read as follows:

"NEW SECTION. Sec. 4. A new section is added to chapter 43.215 RCW to read as follows:

The legislature finds that the first five years of a child's life establish the foundation for educational success. The legislature also finds that children who have high quality early learning opportunities from birth through age five are more likely to succeed throughout their K-12 education and beyond. The legislature further finds that the benefits of high quality early learning experiences are particularly significant for low-income parents and children, and provide an opportunity to narrow the opportunity gap in Washington's K-12 educational system. The legislature understands that early supports for high-risk parents of young children through home visiting services show a high return on investment due to significantly improved chances of better education, health, and life outcomes for children.

The legislature further recognizes that, when parents work or go to school, high quality and full-day early learning opportunities should be available and accessible for their children. In order to improve education outcomes, particularly for low-income children, the legislature is committed to expanding high quality early learning opportunities and integrating currently disparate funding streams for all birth-to-five early learning services including, working connections child care and the early childhood education and assistance program, into a single high quality continuum of learning that provides essential services to low-income families and prepares all enrolled children for success in school. The legislature therefore
intends to establish the early start program to provide a continuum of high quality and accountable early learning opportunities for Washington's parents and children.

Sec. 5. RCW 28A.150.220 and 2011 1st sp.s. c 27 s 1 are each amended to read as follows:

(1) In order for students to have the opportunity to develop the basic education knowledge and skills under RCW 28A.150.210, school districts must provide instruction of sufficient quantity and quality and give students the opportunity to complete graduation requirements that are intended to prepare them for postsecondary education, gainful employment, and citizenship. The program established under this section shall be the minimum instructional program of basic education offered by school districts.

(2) Each school district shall make available to students the following minimum instructional offering each school year:

(a) For students enrolled in grades one through twelve, at least a district-wide average of one thousand hours, which shall be increased to at least one thousand eighty instructional hours for students enrolled in each of grades seven through twelve and at least one thousand one hundred and twenty instructional hours for students in each of grades one through six according to an implementation schedule adopted by the legislature, but not before the 2014-15 school year; and

(b) For students enrolled in kindergarten, at least four hundred fifty instructional hours, which shall be increased to at least one thousand one hundred and twenty instructional hours according to the implementation schedule under RCW 28A.150.315.

(3) The instructional program of basic education provided by each school district shall include:

(a) Instruction in the essential academic learning requirements under RCW 28A.655.070;

(b) Instruction that provides students the opportunity to complete twenty-four credits for high school graduation, subject to a phased-in implementation of the twenty-four credits as established by the legislature. Course distribution requirements may be established by the state board of education under RCW 28A.230.090;

(c) If the essential academic learning requirements include a requirement of languages other than English, the requirement may be met by students receiving instruction in one or more American Indian languages;

(d) Supplemental instruction and services for underachieving students through the learning assistance program under RCW 28A.165.005 through 28A.165.065;

(e) Supplemental instruction and services for eligible and enrolled students whose primary language is other than English through the transitional bilingual instruction program under RCW 28A.180.010 through 28A.180.080;

(f) The opportunity for an appropriate education at public expense as defined by RCW 28A.155.020 for all eligible students with disabilities as defined in RCW 28A.155.020; and

(g) Programs for highly capable students under RCW 28A.185.010 through 28A.185.030.

(4) Nothing contained in this section shall be construed to require individual students to attend school for any particular number of hours per day or to take any particular courses.

(5) Each school district's kindergarten through twelfth grade basic educational program shall be accessible to all students who are five years of age, as provided by RCW 28A.225.160, and less than twenty-one years of age and shall consist of a minimum of one hundred eighty school days per school year in such grades as are conducted by a school district, and one hundred eighty half-days of instruction, or equivalent, in kindergarten, to be increased to a minimum of one hundred eighty school days per school year according to the implementation schedule under RCW 28A.150.315. However, schools administering the Washington kindergarten inventory of developing skills may use up to three school days at the beginning of the school year to meet with parents and families as required in the parent involvement component of the inventory. In addition, effective May 1, 1979, a school district may schedule the last five school days of the one hundred and eighty day school year for noninstructional purposes in the case of students who are graduating from high school, including, but not limited to, the observance of graduation and early release from school upon the request of a student, and all such students may be claimed as a full-time equivalent student to the extent they could otherwise have been so claimed for the purposes of RCW 28A.150.250 and 28A.150.260.

(6) Nothing in this section precludes a school district from enriching the instructional program of basic education, such as offering additional instruction or providing additional services, programs, or activities that the school district determines to be appropriate for the education of the school district's students.

(7) The state board of education shall adopt rules to implement and ensure compliance with the program requirements imposed by this section, RCW 28A.150.250 and 28A.150.260, and such related supplemental program approval requirements as the state board may establish.

Sec. 4. RCW 68.52.130 and 1947 c 6 s 5 are each amended to read as follows:

At the time and place fixed for the hearing on the petition or at any adjournment thereof, the (board of county commissioners shall hear said)) county legislative authority must hear the petition and receive such evidence as it may deem material in favor of or opposed to the formation of the proposed cemetery district or to the inclusion ((thereof)) or exclusion ((thereof)) of any lands in the proposed district, but no lands not within the boundaries of the proposed district as described in the petition ((shall)) may be included without a written waiver describing the land, executed by all persons having any interest of record therein, having been filed in the proceedings. The proposed cemetery district will be conducive to the public welfare and convenience.

(2) The petition must be signed by at least ten percent of the registered voters in the proposed district. However, in counties with only one municipality the petition must be signed by at least ten percent of the registered voters in the proposed district, based on the total vote cast in the most recent county general election.

(3) The county auditor ((shall)) must, within thirty days from the date of filing of the petition, examine the signatures and certify ((to)) the sufficiency or insufficiency ((thereof)) of the petition.

(4) Notwithstanding subsection (3) of this section, in counties with only one municipality the county auditor must examine the signatures and certify the sufficiency or insufficiency of the petition within fifteen days from the date of filing of the petition. If the county auditor certifies that the petition is insufficient, the county auditor must afford the person who filed the petition ten days from that certification to add additional signatures to the petition. The petition must be refiled by the end of that period. Within fifteen days from the date of refileing, the county auditor must examine the signatures and certify the sufficiency or insufficiency of the petition.

(5) The name of any person who signed a petition ((shall)) may not be withdrawn from the petition after it has been filed with the county auditor.

(6) If the petition is found to contain a sufficient number of valid signatures, the county auditor ((shall)) must transmit it, with a certificate of sufficiency attached, to the county legislative authority, which ((shall)) must thereupon, by resolution entered upon its minutes, receive the (same) petition and fix a day and hour when it will publicly hear the petition.

(7) For the purposes of this section, "municipality" means a city or town.

Sec. 5. RCW 68.52.140 and 1996 c 324 s 3 are each amended to read as follows:

(The county legislative authority shall have full authority to hear and determine the petition, and if it finds that the formation of the proposed district will be conducive to the public welfare and convenience, it shall by resolution declare, otherwise it shall deny the petition. If the county legislative authority finds in favor of the formation of the district, it shall designate the name and number of the district, fix the boundaries thereof, and cause an election to be held therein for the purpose of determining whether or not the district shall be organized under the provisions of this chapter, and for the purpose of electing its first cemetery district commissioners. At the same election three cemetery district commissioners shall be elected, but the election of the commissioners shall be null and void if the district is not created. No primary shall be held for the office of cemetery district commissioner. A special filing period shall be opened as provided in RCW 29.15.170 and 29.15.180. Candidates shall run for specific commissioner positions. The person receiving the greatest number of votes for each commissioner position shall be elected to that commissioner.) (1) After conducting the hearing on the petition, if the county legislative authority determines that the formation of the proposed cemetery district will be conducive to the public welfare and convenience, the county legislative authority must by resolution so declare, otherwise the county legislative authority must deny the petition.

(2) If the county legislative authority finds in favor of the formation of the proposed district, the county legislative authority must designate the name and number of the proposed district, fix the boundaries of the proposed district, and cause an election to be held in the proposed district to determine whether the proposed district will be formed under the provisions of this chapter, and to elect the first cemetery district commissioners.

(3) Three cemetery district commissioners must be elected at the election to determine whether the proposed district will be formed, but the election of the commissioners is null and void if the district is not formed. No primary will be held for the office of cemetery district commissioner. A special filing period must be opened as provided in RCW 29A.24.171 and 29A.24.181. Candidates must run for specific commissioner positions. The person receiving the greatest number of votes for each commissioner position is elected to that position. The terms of office of the initial commissioners ((shall)) are as provided in RCW 68.52.220.

Sec. 6. RCW 68.52.150 and 1947 c 6 s 7 are each amended to read as follows:

Except as otherwise provided in this chapter, the election ((shall)) must insofar as possible be called, noticed, held, conducted, and canvassed in the same manner and by the same officials as provided by law for special elections in the county. ((For the purpose of such election county voting precincts may be combined or divided and redefined, and the territory in the district shall be included in one or more precincts and the same election voting precincts may be used for the election of the county legislative authority.))
more election precincts as may be deemed convenient, a polling place being designated for each such precinct. The notice of election shall state generally and briefly the purposes thereof, shall give the boundaries of the proposed district, define the election precincts or precincts, designate the polling place for each, mention the names of the candidates for first cemetery district commissioners, and name the day of the election and the hours during which the polls will be open.)

The notice of election must: State generally and briefly the purpose of the election; describe the boundaries of the proposed cemetery district; list the names of the candidates for first cemetery district commissioners; and specify the election date.

Sec. 7. RCW 68.52.170 and 1947 c 6 s 9 are each amended to read as follows:

((The returns of such election shall be canvassed at the court house on the Monday next following the day of the election, but the canvass may be adjourned from time to time if necessary to await the receipt of election returns which may be unavoidably delayed. The canvassing officials, upon conclusion of the canvass, shall forthwith certify the results thereof in writing to the board of county commissioners. If upon examination of the certificate of the canvassing officials it is found that two-thirds of all the votes cast at said election were in favor of the formation of the cemetery district, the board of county commissioners shall, by resolution entered upon its minutes, declare such territory duly organized as a cemetery district under the name theretofore designated and shall declare the three candidates receiving the highest number of votes for cemetery district commissioners, the duly elected first cemetery commissioners of the district. The clerk of the board of county commissioners shall certify a copy of the resolution and cause it to be filed for record in the offices of the county auditor and the county assessor of the county. The certified copy shall be entitled to record without payment of a recording fee. If the certificate of the canvassing officials shows that the proposition to organize the proposed cemetery district failed to receive two-thirds of the votes cast at said election, the board of county commissioners shall enter a minute to that effect and all proceedings theretofore had shall become))

((1) The returns of the election must be canvassed following the election, but the canvass may be adjourned from time to time to await the receipt of election returns. Upon conclusion of the canvass, the canvassing officials must certify the results to the county legislative authority.))

((2) The cemetery district is formed if two-thirds of all votes cast at the election were in favor of the formation of the proposed district. However, in counties with only one municipality the district is formed if a majority of all votes cast at the election were in favor of the formation of the proposed district.))

((3) If the proposition to form the proposed district received the voter approval required under this section, the county legislative authority must by resolution recorded in the county legislative authority's minutes: Declare the district formed under the name theretofore designated and shall declare the three candidates receiving the highest number of votes for cemetery district commissioners, the duly elected first cemetery commissioners of the district. The clerk of the county legislative authority must certify a copy of the resolution and cause it to be filed for record in the offices of the county auditor and the county assessor of the county. The certified copy may be recorded without payment of a recording fee.))

((4) If the proposition to form the proposed district failed to receive the voter approval required under this section, the county legislative authority must record in the county legislative authority's minutes the failed vote, and all proceedings relating to the proposed district are null and void.))

(5) For the purposes of this section, "municipality" means a city or town.

Sec. 8. RCW 68.52.180 and 1947 c 6 s 10 are each amended to read as follows:

(1) Any person, firm, or corporation having a substantial interest involved, and feeling aggrieved by any finding, determination, or resolution of the ((board of county commissioners)) county legislative authority under the provisions of this chapter, may appeal within five days after ((such)) the finding, determination, or resolution was made to the superior court of the county in the same manner as provided by law for appeals from orders of ((said board)) the county legislative authority.

(2) After the expiration of five days from the date of the resolution declaring the district ((organized)) formed, and upon filing of certified copies ((thereof)) of the resolution in the offices of the county auditor and county assessor, the formation of the cemetery district ((shall be)) is complete and its legal existence ((shall)) may not thereafter be questioned by any person by reason of any defect in the proceedings ((had for the creation thereof)) for the formation of the cemetery district.

Sec. 9. RCW 68.52.220 and 2011 c 60 s 47 are each amended to read as follows:

(1) The affairs of the cemetery district ((shall)) must be managed by a board of cemetery district commissioners composed of three members. The board may provide, by resolution passed by the commissioners, for the payment of compensation to each of its commissioners at a rate of up to ninety dollars for each day or portion of a day spent in actual attendance at official meetings of the district commission, or in performance of other official services or duties on behalf of the district. However, the compensation for each commissioner must not exceed eight thousand six hundred forty dollars per year.

(2) Any commissioner may waive all or any portion of his or her compensation payable under this section as to any month or months during his or her term of office, by a written waiver filed with the clerk of the board. The waiver, to be effective, must be filed any time after the commissioner's election and prior to the date on which the compensation would otherwise be paid. The waiver ((shall)) must specify the month or period of months for which it is made. The board ((shall)) must fix the compensation to be paid the secretary and other employees of the district. Cemetery district commissioners and candidates for cemetery district commissioner are exempt from the requirements of chapter 42.17A RCW.

(3) The initial cemetery district commissioners ((shall)) must assume office immediately upon their election and qualification. Staggering terms of office ((shall)) must be accomplished as follows: ((44))

(a) The person elected receiving the greatest number of votes ((shall be)) is elected to a six-year term of office if the election is held in an even-numbered year; and ((42)) (b) the person who is elected receiving the next greatest number of votes ((shall be)) is elected to a four-year term of office if the election is held in an odd-numbered year or a three-year term of office if the election is held in an even-numbered year; and ((42)) (c) the other person who is elected ((shall be)) is elected to a two-year term of office if the election is held in an odd-numbered year or a one-year term of office if the election is held in an even-numbered year. The initial commissioners ((shall)) must assume office immediately after they are elected and qualified but their terms of office ((shall)) must be calculated from the first day of January after the election.

(4) Thereafter, commissioners ((shall be)) are elected to six-year terms of office. Commissioners ((shall)) must serve until their successors are elected and qualified and assume office as provided in RCW 29A.20.040.

((The polling places for a cemetery district election may be located inside or outside the boundaries of the district, as determined by the auditor of the county in which the cemetery district is located, and no such election shall be held irregular or void on that account.))

(5) The dollar thresholds established in this section must be adjusted for inflation by the office of financial management every five years,
beginning July 1, 2008, based upon changes in the consumer price index during that time period. "Consumer price index" means, for any calendar year, that year's annual average consumer price index, for Washington state, for wage earners and clerical workers, all items, compiled by the bureau of labor and statistics, United States department of labor. If the bureau of labor and statistics develops more than one consumer price index for areas within the state, the index covering the greatest number of people, covering areas exclusively within the boundaries of the state, and including all items (shall) must be used for the adjustments for inflation in this section. The office of financial management must calculate the new dollar threshold and transmit it to the office of the code reviser for publication in the Washington State Register at least one month before the new dollar threshold is to take effect.

(6) A person holding office as commissioner for two or more special purpose districts (shall) may receive only that per diem compensation authorized for one of his or her commissioner positions as compensation for attending an official meeting or conducting official services or duties while representing more than one of his or her districts. However, such commissioner may receive additional per diem compensation if approved by resolution of all boards of the affected commissions."

Excused: Representatives DeBolt, Manweller and McCoy.

SUBSTITUTE HOUSE BILL NO. 1265, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

SEC. 2. RCW 13.34.136 and 2011 c 309 s 29 are each amended to read as follows:

(1) Whenever a child is ordered removed from the home, a permanency plan shall be developed no later than sixty days from the time the supervising agency assumes responsibility for providing services, including placing the child, or at the time of a hearing under RCW 13.34.130, whichever occurs first. The permanency planning process continues until a permanency planning goal is achieved or dependency is dismissed. The planning process shall include reasonable efforts to return the child to the parent's home.

(2) The agency supervising the dependency shall submit a written permanency plan to all parties and the court not less than fourteen days prior to the scheduled hearing. Responsive reports of parties not in agreement with the department's or supervising agency's proposed permanency plan must be provided to the department or supervising agency, all other parties, and the court at least seven days prior to the hearing.

The permanency plan shall include:

(a) A permanency plan of care that shall identify one of the following outcomes as a primary goal and may identify additional outcomes as alternative goals: Return of the child to the home of the child's parent, guardian, or legal custodian; adoption, including a tribal customary adoption as defined in RCW 13.38.040; guardianship; permanent legal custody; long-term relative or foster care, until the child is age eighteen, with a written agreement between the parties and the care provider; successful completion of a responsible living skills program; or independent living, if appropriate and if the child is age sixteen or older. The department or supervising agency shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW;

(b) Unless the court has ordered, pursuant to RCW 13.34.130(14)(a)(8), that a termination petition be filed, a specified plan as to where the child will be placed, what steps will be taken to return the child home, what steps the supervising agency or the department will take to promote existing appropriate sibling relationships and/or facilitate placement together or contact in
accordance with the best interests of each child, and what actions the department or supervising agency will take to maintain parent-child ties. All aspects of the plan shall include the goal of achieving permanence for the child.

(i) The department's or supervising agency's plan shall specify what services the parents will be offered to enable them to resume custody, what requirements the parents must meet to resume custody, and a time limit for each service plan and parental requirement. If the parent is incarcerated, the plan must address how the parent will participate in the case conference and permanency planning meetings and, where possible, must include treatment that reflects the resources available at the facility where the parent is confined. The plan must provide for visitation opportunities, unless visitation is not in the best interests of the child.

(ii) Visitation is the right of the family, including the child and the parent, in cases in which visitation is in the best interest of the child. Early, consistent, and frequent visitation is crucial for maintaining parent-child relationships and making it possible for parents and children to safely reunify. The supervising agency or department shall encourage the maximum parent and child and sibling contact possible, when it is in the best interest of the child, including regular visitation and participation by the parents in the care of the child while the child is in placement. Visitation shall not be limited as a sanction for a parent's failure to comply with court orders or services where the health, safety, or welfare of the child is not at risk as a result of the visitation. Visitation may be limited or denied only if the court determines that such limitation or denial is necessary to protect the child's health, safety, or welfare. The court and the department or supervising agency should rely upon community resources, relatives, foster parents, and other appropriate persons to provide transportation and supervision for visitation to the extent that such resources are available, and appropriate, and the child's safety would not be compromised.

(iii) A child shall be placed as close to the child's home as possible, preferably in the child's own neighborhood, unless the court finds that placement at a greater distance is necessary to promote the child's or parents' well-being.

(iv) The plan shall state whether both in-state and, where appropriate, out-of-state placement options have been considered by the department or supervising agency.

(v) Unless it is not in the best interests of the child, whenever practical, the plan should ensure the child remains enrolled in the school the child was attending at the time the child entered foster care.

(vi) The supervising agency or department shall provide all reasonable services that are available within the department or supervising agency, within the community, or those services which the department has existing contracts to purchase. It shall report to the court if it is unable to provide such services; and

(c) If the court has ordered, pursuant to RCW 13.34.130((6)(4))) (8), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to achieve permanency for the child, services to be offered or provided to the child, and, if visitation would be in the best interests of the child, a recommendation to the court regarding visitation between parent and child pending a fact-finding hearing on the termination petition. The department or supervising agency shall not be required to develop a plan of services for the parents or provide services to the parents if the court orders a termination petition be filed. However, reasonable efforts to ensure visitation and contact between siblings shall be made unless there is reasonable cause to believe the best interests of the child or siblings would be jeopardized.

(3) Permanency planning goals should be achieved at the earliest possible date. If the child has been in out-of-home care for fifteen of the most recent twenty-two months, and the court has not made a good cause exception, the court shall require the department or supervising agency to file a petition seeking termination of parental rights in accordance with RCW 13.34.145(3)(b)(vi). In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

(4) If the court determines that the continuation of reasonable efforts to prevent or eliminate the need to remove the child from his or her home or to safely return the child home should not be part of the permanency plan of care for the child, reasonable efforts shall be made to place the child in a timely manner and to complete whatever steps are necessary to finalize the permanent placement of the child.

(5) The identified outcomes and goals of the permanency plan may change over time based upon the circumstances of the particular case.

(6) The court shall consider the child's relationships with the child's siblings in accordance with RCW 13.34.130((5)(4))) (6). Whenever the permanency plan for a child is adoption, the court shall encourage the prospective adoptive parents, birth parents, foster parents, kinship caregivers, and the department or other supervising agency to seriously consider the long-term benefits to the child adoptee and his or her siblings of providing for and facilitating continuing postadoption contact between the siblings. To the extent that it is feasible, and when it is in the best interests of the child adoptee and his or her siblings, contact between the siblings should be frequent and of a similar nature as that which existed prior to the adoption. If the child adoptee or his or her siblings are represented by an attorney or guardian ad litem in a proceeding under this chapter or in any other child custody proceeding, the court shall inquire of each attorney and guardian ad litem regarding the potential benefits of continuing contact between the siblings and the potential detriments of severing contact. This section does not require the department of social and health services or other supervising agency to agree to any specific provisions in an open adoption agreement and does not create a new obligation for the department to provide supervision or transportation for visits between siblings separated by adoption from foster care.

(7) For purposes related to permanency planning:

(a) "Guardianship" means a dependency guardianship or a legal guardianship pursuant to chapter 11.88 RCW or equivalent laws of another state or a federally recognized Indian tribe.

(b) "Permanent custody order" means a custody order entered pursuant to chapter 26.10 RCW.

(c) "Permanent legal custody" means legal custody pursuant to chapter 26.10 RCW or equivalent laws of another state or a federally recognized Indian tribe.

Sec. 3. RCW 13.34.145 and 2011 c 330 s 6 are each amended to read as follows:

(1) The purpose of a permanency planning hearing is to review the permanency plan for the child, inquire into the welfare of the child and progress of the case, and reach decisions regarding the permanent placement of the child.

(a) A permanency planning hearing shall be held in all cases where the child has remained in out-of-home care for at least nine months and an adoption decree, guardianship order, or permanent custody order has not previously been entered. The hearing shall take place no later than twelve months following commencement of the current placement episode.

(b) Whenever a child is removed from the home of a dependency guardian or long-term relative or foster care provider, and the child is not returned to the home of the parent, guardian, or legal custodian but is placed in out-of-home care, a permanency planning hearing shall take place no later than twelve months, as provided in this section, following the date of removal unless, prior to the hearing, the child returns to the home of the dependency guardian or long-term care provider, the child is placed in the home of the parent, guardian, or legal custodian, an adoption decree, guardianship order, or a
permanent custody order is entered, or the dependency is dismissed. Every effort shall be made to provide stability in long-term placement, and to avoid disruption of placement, unless the child is being returned home or it is in the best interest of the child.

(c) Permanency planning goals should be achieved at the earliest possible date, preferably before the child has been in out-of-home care for fifteen months. In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

(2) No later than ten working days prior to the permanency planning hearing, the agency having custody of the child shall submit a written permanency plan to the court and shall mail a copy of the plan to all parties and their legal counsel, if any.

(3) At the permanency planning hearing, the court shall conduct the following inquiry:
(a) If a goal of long-term foster or relative care has been achieved prior to the permanency planning hearing, the court shall review the child's status to determine whether the placement and the plan for the child's care remain appropriate.
(b) In cases where the primary permanency planning goal has not been achieved, the court shall inquire regarding the reasons why the primary goal has not been achieved and determine what needs to be done to make it possible to achieve the primary goal. The court shall review the permanency plan prepared by the agency and make explicit findings regarding each of the following:
(i) The continuing necessity for, and the safety and appropriateness of, the placement;
(ii) The extent of compliance with the permanency plan by the department or supervising agency and any other service providers, the child's parents, the child, and the child's guardian, if any;
(iii) The extent of any efforts to involve appropriate service providers in addition to department or supervising agency staff in planning to meet the special needs of the child and the child's parents;
(iv) The progress toward eliminating the causes for the child's placement outside of his or her home and toward returning the child safely to his or her home or obtaining a permanent placement for the child;
(v) The date by which it is likely that the child will be returned to his or her home or placed for adoption, with a guardian or in some other alternative permanent placement; and
(vi) If the child has been placed outside of his or her home for fifteen of the most recent twenty-two months, not including any period during which the child was a runaway from the out-of-home placement or the first six months of any period during which the child was returned to his or her home for a trial home visit, the appropriateness of the permanency plan, whether reasonable efforts were made by the department or supervising agency to achieve the goal of the permanency plan, and the circumstances which prevent the child from any of the following:
(A) Being returned safely to his or her home;
(B) Having a petition for the involuntary termination of parental rights filed on behalf of the child;
(C) Being placed for adoption;
(D) Being placed with a guardian;
(E) Being placed in the home of a fit and willing relative of the child; or
(F) Being placed in some other alternative permanent placement, including independent living or long-term foster care.

(At this time) (d) Following this inquiry, at the permanency planning hearing, the court shall order the department or supervising agency to file a petition seeking termination of parental rights if the child has been in out-of-home care for fifteen of the last twenty-two months since the date the dependency petition was filed unless the court makes a good cause exception as to why the filing of a termination of parental rights petition is not appropriate. Any good cause finding shall be reviewed at all subsequent hearings pertaining to the child.

(a) For purposes of this ((section)) subsection, "good cause exception" includes but is not limited to the following:
(i) The child is being cared for by a relative;
(ii) The department has not provided to the child's family such services as the court and the department have deemed necessary for the child's safe return home; ((iii))
(iii) The department has documented in the case plan a compelling reason for determining that filing a petition to terminate parental rights would not be in the child's best interests; or
(iv) The parent is incarcerated, or the parent's prior incarceration is a significant factor in why the child has been in foster care for fifteen of the last twenty-two months, the parent maintains a meaningful role in the child's life, and the department has not documented another reason why it would be otherwise appropriate to file a petition pursuant to this section.
(b) The court's assessment of whether a parent who is incarcerated maintains a meaningful role in the child's life may include consideration of the following:
(i) The parent's expressions or acts of manifesting concern for the child, such as letters, telephone calls, visits, and other forms of communication with the child;
(ii) The parent's efforts to communicate and work with the department or supervising agency and other individuals for the purpose of complying with the service plan and repairing, maintaining, or building the parent-child relationship;
(iii) A positive response by the parent to the reasonable efforts of the department or the supervising agency;
(iv) Information provided by individuals or agencies in a reasonable position to assist the court in making this assessment, including but not limited to the parent's attorney, correctional and mental health personnel, or other individuals providing services to the parent;
(v) Limitations in the parent's access to family support programs, therapeutic services, and visiting opportunities, restrictions to telephone and mail services, inability to participate in foster care planning meetings, and difficulty accessing lawyers and participating meaningfully in court proceedings; and
(vi) Whether the continued involvement of the parent in the child's life is in the child's best interest.

(c) The constraints of a parent's current or prior incarceration and associated delays or barriers to accessing court-mandated services may be considered in rebuttal to a claim of aggravated circumstances under RCW 13.34.123(4)(g) for a parent's failure to complete available treatment.

(((iii))) (5)(a) If the permanency plan identifies independent living as a goal, the court at the permanency planning hearing shall make a finding that the provision of services to assist the child in making a transition from foster care to independent living will allow the child to manage his or her financial, personal, social, educational, and nonfinancial affairs prior to approving independent living as a permanency plan of care. The court will inquire whether the child has been provided information about extended foster care services.

(((iii))) (b) The permanency plan shall also specifically identify the services, including extended foster care services, where appropriate, that will be provided to assist the child to make a successful transition from foster care to independent living.

(((iii))) (c) The department or supervising agency shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW.

(((iii))) (6) If the child has resided in the home of a foster parent or relative for more than six months prior to the permanency planning hearing, the court shall:
Continued juvenile court jurisdiction under this subsection of this section are met.

If the department or supervising agency is recommending a placement other than the child's current placement with a foster parent, relative, or other suitable person, enter a finding as to the reasons for the recommendation for a change in placement.

In all cases, at the permanency planning hearing, the court shall:

(a) Order the permanency plan prepared by the supervising agency to be implemented; or

(ii) Modify the permanency plan, and order implementation of the modified plan; and

(b) Order the child returned home only if the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists; or

(ii) Order the child to remain in out-of-home care for a limited specified time period while efforts are made to implement the permanency plan.

Following the first permanency planning hearing, the court shall hold a further permanency planning hearing in accordance with this section at least once every twelve months until a permanency planning goal is achieved or the dependency is dismissed, whichever occurs first.

Prior to the second permanency planning hearing, the agency that has custody of the child shall consider whether to file a petition for termination of parental rights.

If the court orders the child returned home, casework supervision by the department or supervising agency shall continue for at least six months, at which time a review hearing shall be held pursuant to RCW 13.34.138, and the court shall determine the need for continued intervention.

The juvenile court may hear a petition for permanent legal custody when: (a) The court has ordered implementation of a permanency plan that includes permanent legal custody; and (b) the party pursuing the permanent legal custody is the party identified in the permanency plan as the prospective legal custodian. During the pendency of such proceeding, the court shall conduct review hearings and further permanency planning hearings as provided in this chapter.

At the conclusion of the legal guardianship or permanent legal custody proceeding, a juvenile court hearing shall be held for the purpose of determining whether dependency should be dismissed. If a guardianship or permanent custody order has been entered, the dependency shall be dismissed.

Continued juvenile court jurisdiction under this chapter shall not be a barrier to the entry of an order establishing a legal guardianship or permanent legal custody when the requirements of subsection (11) of this section are met.

Nothing in this chapter may be construed to limit the ability of the agency that has custody of the child to file a petition for termination of parental rights or a guardianship petition at any time following the establishment of dependency. Upon the filing of such a petition, a fact-finding hearing shall be scheduled and held in accordance with this chapter unless the department or supervising agency requests dismissal of the petition prior to the hearing or unless the parties enter an agreed order terminating parental rights, establishing guardianship, or otherwise resolving the matter.

The approval of a permanency plan that does not contemplate return of the child to the parent does not relieve the supervising agency of its obligation to provide reasonable services, under this chapter, intended to effectuate the return of the child to the parent, including but not limited to, visitation rights. The court shall consider the child's relationships with siblings in accordance with RCW 13.34.130.

Nothing in this chapter may be construed to limit the procedural due process rights of any party in a termination or guardianship proceeding filed under this chapter.

Sec. 4. RCW 13.34.180 and 2009 c 520 s 34 and 2009 c 477 s 5 are each reenacted and amended to read as follows:

(1) A petition seeking termination of a parent and child relationship may be filed in juvenile court by any party, including the supervising agency, to the dependency proceedings concerning that child. Such petition shall conform to the requirements of RCW 13.34.040, shall be served upon the parties as provided in RCW 13.34.070(8), and shall allege all of the following unless subsection (3) or (4) of this section applies:

(a) That the child has been found to be a dependent child;

(b) That the court has entered a dispositional order pursuant to RCW 13.34.130;

(c) That the child has been removed or will, at the time of the hearing, have been removed from the custody of the parent for a period of at least six months pursuant to a finding of dependency;

(d) That the services ordered under RCW 13.34.136 have been expressly and understandably offered or provided and all necessary services, reasonably available, capable of correcting the parental deficiencies within the foreseeable future have been expressly and understandably offered or provided.

(e) That there is little likelihood that conditions will be remedied so that the child can be returned to the parent in the near future. A parent's failure to substantially improve parental deficiencies within twelve months following entry of the dispositional order shall give rise to a rebuttable presumption that there is little likelihood that conditions will be remedied so that the child can be returned to the parent in the near future. The presumption shall not arise unless the petitioner makes a showing that all necessary services reasonably capable of correcting the parental deficiencies within the foreseeable future have been clearly offered or provided. In determining whether the conditions will be remedied the court may consider, but is not limited to, the following factors:

(i) Use of intoxicating or controlled substances so as to render the parent incapable of providing proper care for the child for the child extended periods of time or for periods of time that present a risk of imminent harm to the child, and documented unwillingness of the parent to receive and complete treatment or documented multiple failed treatment attempts;

(ii) Psychological incapacity or mental deficiency of the parent that is so severe and chronic as to render the parent incapable of providing proper care for the child for extended periods of time or for periods of time that present a risk of imminent harm to the child, and documented unwillingness of the parent to receive and complete treatment or documentation that there is no treatment that can render the parent capable of providing proper care for the child in the near future; or

(iii) Failure of the parent to have contact with the child for an extended period of time after the filing of the dependency petition if the parent was provided an opportunity to have a relationship with the child by the department or the court and received documented notice of the potential consequences of this failure, except that the actual inability of a parent to have visitation with the child including, but not limited to, mitigating circumstances such as a parent's current or prior incarceration or service in the military does not in and of itself constitute failure to have contact with the child; and

(f) That continuation of the parent and child relationship clearly diminishes the child's prospects for early integration into a stable and permanent home. If the parent is incarcerated, the court shall consider whether a parent maintains a meaningful role in his or her child's life based on factors identified in RCW 13.34.145(4)(b): whether the department or supervising agency made reasonable efforts as defined in this chapter; and whether particular barriers existed as described in RCW 13.34.145(4)(b) including, but not limited to, delays or barriers experienced in keeping the agency apprised of his or her location and in accessing visitation or other meaningful contact with the child.

As evidence of rebuttal to any presumption established.
pursuant to subsection (1)(e) of this section, the court may consider
the particular constraints of a parent's current or prior incarceration.
Such evidence may include, but is not limited to, delays or barriers a
parent may experience in keeping the agency apprised of his or her
location and in accessing visitation or other meaningful contact with
the child.

(3) In lieu of the allegations in subsection (1) of this section, the
petition may allege that the child was found under such circumstances
that the whereabouts of the child's parent are unknown and no person
has acknowledged paternity or maternity and requested custody of the
child within two months after the child was found.

((4))) (4) In lieu of the allegations in subsection (1)(b) through (f)
of this section, the petition may allege that the parent has been
convicted of:
(a) Murder in the first degree, murder in the second degree, or
homicide by abuse as defined in chapter 9A.32 RCW against another
child of the parent;
(b) Manslaughter in the first degree or manslaughter in the second
degree, as defined in chapter 9A.32 RCW against another child of the
parent;
(c) Attempting, conspiring, or soliciting another to commit one or
more of the crimes listed in (a) or (b) of this subsection; or
(d) Assault in the first or second degree, as defined in chapter
9A.36 RCW, against the surviving child or another child of the
parent.

((4))) (5) When a parent has been sentenced to a long-term
incarceration and has maintained a meaningful role in the child's life
considering the factors provided in RCW 13.34.145(4)(b), and it is in
the best interest of the child, the department should consider a
permanent placement that allows the parent to maintain a relationship
with his or her child, such as, but not limited to, a guardianship
pursuant to chapter 13.36 RCW.

(6) Notice of rights shall be served upon the parent, guardian, or
legal custodian with the petition and shall be in substantially the
following form:

"NOTICE

filed against you. You have important legal rights
and you must take steps to protect your interests.

Mr. Speaker:
The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1336 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that:
(a) According to the state department of health, suicide is the second leading cause of death for Washington youth between the ages of ten and twenty-four. Suicide rates among Washington youth remain higher than that national average;
(b) An increasing body of research shows an association between adverse childhood experiences such as trauma, violence, or abuse, and school performance. Children and teens spend a significant amount of time in school. Teachers and other school staff who interact with students daily are in a prime position to recognize the signs of emotional or behavioral distress and make appropriate referrals. School personnel need effective training to help build the skills and confidence to assist youth in seeking help;
(c) Educators are not necessarily trained to address significant social, emotional, or behavioral issues exhibited by youth. Rather, best practices guidelines suggest that school districts should form partnerships with qualified health, mental health, and social services agencies to provide support; and
(d) Current safe school plans prepared by school districts tend to focus more on natural disasters and external threats and less on how to recognize and respond to potential crises among the students inside the school.

(2) Therefore, the legislature intends to increase the capacity for school districts to recognize and respond to youth in need through additional training, more comprehensive planning, and emphasis on partnerships between schools and communities.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.410 RCW to read as follows:
(1) As provided under subsections (2) and (3) of this section, individuals certified by the professional educator standards board as a school nurse, school social worker, school psychologist, or school counselor must complete a training program on youth suicide screening and referral as a condition of certification. The training program must be at least three hours in length. The professional educator standards board must adopt standards for the minimum content of the training in consultation with the office of the superintendent of public instruction and the department of health. In developing the standards, the board must consider training programs listed on the best practices registry of the American foundation for suicide prevention and the suicide prevention resource center.

(2) This section applies to the following certificates if the certificate is first issued or is renewed on or after July 1, 2015:
(a) Continuing certificates for school nurses;
(b) Continuing certificates for school social workers;
(c) Continuing and professional certificates for school psychologists; and
(d) Continuing and professional certificates for school counselors.

(3) A school counselor who holds or submits a school counseling certificate from the national board for professional teaching standards or a school psychologist who holds or submits a school psychologist certificate from the national association of school psychologists in lieu of a professional certificate must complete the training program under subsection (1) of this section by July 1, 2015, or within the five-year period before the certificate is first submitted to the professional educator standards board, whichever is later, and at least once every five years thereafter in order to be considered certified by the professional educator standards board.

(4) The professional educator standards board shall consider the training program under subsection (1) of this section as approved continuing education under RCW 28A.415.020 and shall count the training program toward meeting continuing education requirements for certification as a school nurse, school social worker, school psychologist, or school counselor.

Sec. 3. RCW 28A.410.035 and 1990 c 90 s 1 are each amended to read as follows:
(1) To receive initial certification as a teacher in this state after August 31, 1991, an applicant shall have successfully completed a course on issues of abuse. The content of the course shall discuss the identification of physical, emotional, sexual, and substance abuse, information on the impact of abuse on the behavior and learning abilities of students, discussion of the responsibilities of a teacher to report abuse or provide assistance to students who are the victims of abuse, and methods for teaching students about abuse of all types and their prevention.
(2) The professional educator standards board shall incorporate into the content required for the course under this section, knowledge and skill standards pertaining to recognition, initial screening, and response to emotional or behavioral distress in students, including but not limited to indicators of possible substance abuse, violence, and youth suicide. To receive initial certification after August 31, 2014, an applicant must have successfully completed a course that includes the content of this subsection. The board shall consult with the office of the superintendent of public instruction and the department of health in developing the standards.

NEW SECTION. Sec. 4. A new section is added to chapter 28A.320 RCW to read as follows:
(1) Beginning in the 2014-15 school year, each school district must adopt a plan for recognition, initial screening, and response to emotional or behavioral distress in students, including but not limited to indicators of possible substance abuse, violence, and youth suicide. The school district must annually provide the plan to all district staff.

(2) At a minimum the plan must address:
(a) Identification of training opportunities in recognition, screening, and referral that may be available for staff;
(b) How to use the expertise of district staff who have been trained in recognition, screening, and referral;
(c) How staff should respond to suspicions, concerns, or warning signs of emotional or behavioral distress in students;
(d) Identification and development of partnerships with community organizations and agencies for referral of students to health, mental health, substance abuse, and social support services, including development of at least one memorandum of understanding between the district and such an entity in the community or region;
(e) Protocols and procedures for communication with parents;
(f) How staff should respond to a crisis situation where a student is in imminent danger to himself or herself or others; and
(g) How the district will provide support to students and staff after an incident of violence or youth suicide.

(3) The plan under this section may be a separate plan or a component of another district plan or policy, such as the harassment, intimidation, and bullying prevention policy under RCW 28A.300.285 or the comprehensive safe school plan required under RCW 28A.320.125.

NEW SECTION. Sec. 5. A new section is added to chapter 28A.320 RCW to read as follows:
The office of the superintendent of public instruction and the school safety advisory committee shall develop a model school safety advisory committee shall develop a model school district plan for recognition, initial screening, and response to emotional or behavioral distress in students, including but not limited to indicators of possible substance abuse, violence, and youth suicide. The model plan must incorporate research-based best practices, including practices and protocols used in schools and school districts in other states. The model plan must be posted by February 1, 2014, on the school safety center web site, along with relevant resources and information to support school districts in developing and implementing the plan required under section 4 of this act.
NEW SECTION. Sec. 6. A new section is added to chapter 28A.310 RCW to read as follows:

Each educational service district shall develop and maintain the capacity to offer training for educators and other school district staff on youth suicide screening and referral, on recognition, initial screening, and response to emotional or behavioral distress in students, including but not limited to indicators of possible substance abuse, violence, and youth suicide. An educational service district may demonstrate capacity by employing staff with sufficient expertise to offer the training or by contracting with individuals or organizations to offer the training. Training may be offered on a fee-for-service basis, or at no cost to school districts or educators if funds are appropriated specifically for this purpose or made available through grants or other sources.

NEW SECTION. Sec. 7. The office of the superintendent of public instruction shall convene a temporary task force to identify best practices, model programs, and successful strategies for school districts to form partnerships with qualified health, mental health, and social services agencies in the community to coordinate and improve support for youth in need. The task force shall identify and develop resource documents to be posted on the school safety center website, and submit a report with recommendations to the education committees of the legislature by December 1, 2013. The task force shall also explore the potential use of advance online youth emotional health and crisis response systems that have been developed for use in other countries. The task force must include the results of the review in its December 1st report.

NEW SECTION. Sec. 8. (1) The legislature finds that a lack of information about mental health problems among the general public leads to stigmatizing attitudes and prevents people from seeking help early and seeking the best sort of help. It also prevents people from providing support to family members, friends, and colleagues because they might not know what to do. This lack of knowledge about mental health problems limits the initial accessibility of evidence-based treatments and leads to a lack of support for people with a mental disorder from family, friends, and other members of the community.

(2) The focus on training for teachers and educational staff is intended to provide opportunities for early intervention when the first signs of developing mental illness may be recognized in children, teens, and young adults, so that appropriate referrals may be made to evidence-based behavioral health services.

NEW SECTION. Sec. 9. A new section is added to chapter 71.24 RCW to read as follows:

Subject to appropriation for this specific purpose, the department shall provide funds for mental health first-aid training targeted at teachers and educational staff. The training will follow the model developed by the department of psychology in Melbourne, Australia. Instruction provided will describe common mental disorders that arise developed by the department of psychology in Melbourne, Australia. Instruction provided will describe common mental disorders that arise.

NEW SECTION. Sec. 10. This act does not create any civil liability on the part of the state or any state agency, officer, employee, agent, political subdivision, or school district."

On page 1, line 2 of the title, after "youth;" strike the remainder of the title and insert "amending RCW 28A.410.035; adding a new section to chapter 28A.410 RCW; adding new sections to chapter 28A.320 RCW; adding a new section to chapter 28A.310 RCW; adding a new section to chapter 71.24 RCW; and creating new sections."

and the same is herewith transmitted.

MESSAGE FROM THE SENATE

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1341 with the following amendment:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature recognizes that persons convicted and imprisoned for crimes they did not commit have been uniquely victimized. Having suffered tremendous injustice by being stripped of their lives and liberty, they are forced to endure imprisonment and are later stigmatized as felons. A majority of those wrongly convicted in Washington state have no remedy available under the law for the destruction of their personal lives resulting from
errors in our criminal justice system. The legislature intends to provide an avenue for those who have been wrongly convicted in Washington state to redress the lost years of their lives, and help to address the unique challenges faced by the wrongly convicted after exoneration.

NEW SECTION. Sec. 2. (1) Any person convicted in superior court and subsequently imprisoned for one or more felonies of which he or she is actually innocent may file a claim for compensation against the state.

(2) For purposes of this chapter, a person is:
(a) "Actually innocent" of a felony if he or she did not engage in any illegal conduct alleged in the charging documents; and
(b) "Wrongly convicted" if he or she was charged, convicted, and imprisoned for one or more felonies of which he or she is actually innocent.

(3)(a) If the person entitled to file a claim under subsection (1) of this section is incapacitated and incapable of filing the claim, or if he or she is a minor, or is a nonresident of the state, the claim may be filed on behalf of the claimant by an authorized agent.
(b) A claim filed under this chapter survives to the personal representative of the claimant as provided in RCW 4.20.046.

NEW SECTION. Sec. 3. (1) All claims under this chapter must be filed in superior court. The venue for such actions is governed by RCW 4.12.020.

(2) Service of the summons and complaint is governed by RCW 4.28.080.

NEW SECTION. Sec. 4. (1) In order to file an actionable claim for compensation under this chapter, the claimant must establish by documentary evidence that:
(a) The claimant has been convicted of one or more felonies in superior court and subsequently sentenced to a term of imprisonment, and has served all or part of the sentence;
(b)(i) The claimant is not currently incarcerated for any offense; and
(ii) During the period of confinement for which the claimant is seeking compensation, the claimant was not serving a term of imprisonment or a concurrent sentence for any crime other than the felony or felonies that are the basis for the claim;
(c)(i) The claimant has been pardoned on grounds consistent with innocence for the felony or felonies that are the basis for the claim; or
(ii) The claimant’s judgment of conviction was reversed or vacated and the charging document dismissed on the basis of significant new exculpatory information or, if a new trial was ordered pursuant to the presentation of significant new exculpatory information, either the claimant was found not guilty at the new trial or the claimant was not retried and the charging document dismissed;
and
(d) The claim is not time barred by section 9 of this act.

(2) In addition to the requirements in subsection (1) of this section, the claimant must state facts in sufficient detail for the finder of fact to determine that:
(a) The claimant did not commit or suborn perjury, or fabricate evidence to cause or bring about the conviction. A guilty plea to a crime the claimant did not commit, or a confession that is later determined by a court to be false, does not automatically constitute perjury or fabricated evidence under this subsection.
(b) Convictions vacated, overturned, or subject to resentencing pursuant to In re: Personal Detention of Andress, 147 Wn.2d 602 (2002) may not serve as the basis for a claim under this chapter unless the claimant otherwise satisfies the qualifying criteria set forth in section 2 of this act and this section.

(4) The claimant must verify the claim unless he or she is incapacitated, in which case the personal representative or agent filing on behalf of the claimant must verify the claim.

(5) If the attorney general concedes that the claimant was wrongly convicted, the court must award compensation as provided in section 6 of this act.

(6)(a) If the attorney general does not concede that the claimant was wrongly convicted and the court finds after reading the claim that the claimant does not meet the filing criteria set forth in this section, it may dismiss the claim, either on its own motion or on the motion of the attorney general.
(b) If the court dismisses the claim, the court must set forth the reasons for its decision in written findings of fact and conclusions of law.

NEW SECTION. Sec. 5. Any party is entitled to the rights of appeal afforded parties in a civil action following a decision on such motions. In the case of dismissal of a claim, review of the superior court action is de novo.

NEW SECTION. Sec. 6. (1) In order to obtain a judgment in his or her favor, the claimant must show by clear and convincing evidence that:
(a) The claimant was convicted of one or more felonies in superior court and subsequently sentenced to a term of imprisonment, and has served all or any part of the sentence;
(b)(i) The claimant is not currently incarcerated for any offense; and
(ii) During the period of confinement for which the claimant is seeking compensation, the claimant was not serving a term of imprisonment or a concurrent sentence for any conviction other than those that are the basis for the claim;
(c)(i) The claimant has been pardoned on grounds consistent with innocence for the felony or felonies that are the basis for the claim; or
(ii) The claimant’s judgment of conviction was reversed or vacated and the charging document dismissed on the basis of significant new exculpatory information or, if a new trial was ordered pursuant to the presentation of significant new exculpatory information, either the claimant was found not guilty at the new trial or the claimant was not retried and the charging document dismissed;
(d) The claimant did not engage in any illegal conduct alleged in the charging documents; and
(e) The claimant did not commit or suborn perjury, or fabricate evidence to cause or bring about his or her conviction. A guilty plea to a crime the claimant did not commit, or a confession that is later determined by a court to be false, does not automatically constitute perjury or fabricated evidence under this subsection.

(2) Any pardon or proclamation issued to the claimant must be certified by the officer having lawful custody of the pardon or proclamation, and be affixed with the seal of the office of the governor, or with the official certificate of such officer before it may be offered as evidence.

(3) In exercising its discretion regarding the weight and admissibility of evidence, the court must give due consideration to difficulties of proof caused by the passage of time or by release of evidence pursuant to a plea, the death or unavailability of witnesses, the destruction of evidence, or other factors not caused by the parties.

(4) The claimant may not be compensated for any period of time in which he or she was serving a term of imprisonment or a concurrent sentence for any conviction other than the felony or felonies that are the basis for the claim.

(5) If the jury or, in the case where the right to a jury is waived, the court finds by clear and convincing evidence that the claimant was wrongly convicted, the court must order the state to pay the actually innocent claimant the following compensation award, as adjusted for partial years served and to account for inflation from the effective date of this section:
(a) Fifty thousand dollars for each year of actual confinement including time spent awaiting trial and an additional fifty thousand dollars for each year served under a sentence of death pursuant to chapter 10.95 RCW;
(b) Twenty-five thousand dollars for each year served on parole, community custody, or as a registered sex offender pursuant only to the felony or felonies which are grounds for the claim;

(c) Compensation for child support payments owed by the claimant that became due and interest on child support arrearages that accrued while the claimant was in custody on the felony or felonies that are grounds for the compensation claim. The funds must be paid on the claimant's behalf in a lump sum payment to the department of social and health services for disbursement under Title 26 RCW;

(d) Reimbursement for all restitution, assessments, fees, court costs, and all other sums paid by the claimant as required by pretrial orders and the judgment and sentence; and

(e) Attorneys' fees for successfully bringing the wrongful conviction claim calculated at ten percent of the monetary damages awarded under subsection (5)(a) and (b) of this section, plus expenses. However, attorneys' fees and expenses may not exceed seventy-five thousand dollars. These fees may not be deducted from the compensation award due to the claimant and counsel is not entitled to receive additional fees from the client related to the claim. The court may not award any attorneys' fees to the claimant if the claimant fails to prove he or she was wrongly convicted.

(6) The compensation award may not include any punitive damages.

(7) The court may not offset the compensation award by any expenses incurred by the state, the county, or any political subdivision of the state including, but not limited to, expenses incurred to secure the claimant's custody, or to feed, clothe, or provide medical services for the claimant. The court may not offset against the compensation award the value of any services or reduction in fees for services to be provided to the claimant as part of the award under this section.

(8) The compensation award is not income for tax purposes, except attorneys' fees awarded under subsection (5)(e) of this section.

(9) (a) Upon finding that the claimant was wrongly convicted, the court must seal the claimant's record of conviction. (b) Upon request of the claimant, the court may order the claimant's record of conviction vacated if the record has not already been vacated, expunged, or destroyed under court rules. The requirements for vacating records under RCW 9.94A.640 do not apply.

(10) Upon request of the claimant, the court must refer the claimant to the department of corrections or the department of social and health services for access to reentry services, if available, including but not limited to counseling on the ability to enter into a structured settlement agreement and where to obtain free or low-cost legal and financial advice if the claimant is not already represented, the community-based transition programs and long-term support programs for education, mentoring, life skills training, assessment, job skills development, mental health and substance abuse treatment.

(11) The claimant or the attorney general may initiate and agree to a claim with a structured settlement for the compensation awarded under subsection (5) of this section. During negotiation of the structured settlement agreement, the claimant must be given adequate time to consult with the legal and financial advisor of his or her choice. Any structured settlement agreement binds the parties with regard to all compensation awarded. A structured settlement agreement entered into under this section must be in writing and signed by the parties or their representatives and must clearly state that the parties understand and agree to the terms of the agreement.

(12) Before approving any structured settlement agreement, the court must ensure that the claimant has an adequate understanding of the agreement. The court may approve the agreement only if the judge finds that the agreement is in the best interest of the claimant and actuarially equivalent to the lump sum compensation award under subsection (5) of this section before taxation. When determining whether the agreement is in the best interest of the claimant, the court must consider the following factors:

(a) The age and life expectancy of the claimant;
(b) The marital or domestic partnership status of the claimant; and
(c) The number and age of the claimant's dependants.

NEW SECTION. Sec. 7. (1) On or after the effective date of this section, when a court grants judicial relief, such as reversal and vacation of a person's conviction, consistent with the criteria established in section 4 of this act, the court must provide to the claimant a copy of sections 2 through 12 of this act at the time the relief is granted.

(2) The clemency and pardons board or the indeterminate sentence review board, whichever is applicable, upon issuance of a pardon by the governor on grounds consistent with innocence on or after the effective date of this section, must provide a copy of sections 2 through 12 of this act to the individual pardoned.

(3) If an individual entitled to receive the information required under this section shows that he or she was not provided with the information, he or she has an additional twelve months, beyond the statute of limitations under section 9 of this act, to bring a claim under this chapter.

NEW SECTION. Sec. 8. (1) It is the intent of the legislature that the remedies and compensation provided under this chapter shall be exclusive to all other remedies at law and in equity against the state or any political subdivision of the state. As a requirement to making a request for relief under this chapter, the claimant waives any and all other remedies, causes of action, and other forms of relief or compensation against the state, any political subdivision of the state, and their officers, employees, agents, and volunteers related to the claimant's wrongful conviction and imprisonment. This waiver shall also include all state, common law, and federal claims for relief, including claims pursuant to 42 U.S.C. Sec. 1983. A wrongfully convicted person who elects not to pursue a claim for compensation pursuant to this chapter shall not be precluded from seeking relief through any other existing remedy. The claimant must execute a legal release prior to the payment of any compensation under this chapter. If the release is held invalid for any reason and the claimant is awarded compensation under this chapter and receives a tort award related to his or her wrongful conviction and incarceration, the claimant must reimburse the state for the lesser of:

(a) The amount of the compensation award, excluding the portion awarded pursuant to section 6(5) (c) through (e) of this act; or
(b) The amount received by the claimant under the tort award.

(2) A release dismissal agreement, plea agreement, or any similar agreement whereby a prosecutor's office or an agent acting on its behalf agrees to take or refrain from certain action if the accused individual agrees to forgo legal action against the county, the state of Washington, or any political subdivision, is admissible and should be evaluated in light of all the evidence. However, any such agreement is not dispositive of the question of whether the claimant was wrongly convicted or entitled to compensation under this chapter.

NEW SECTION. Sec. 9. Except as provided in section 7 of this act, an action for compensation under this chapter must be commenced within three years after the grant of a pardon, the grant of judicial relief and satisfaction of other conditions described in section 2 of this act, or release from custody, whichever is later. However, any action by the state challenging or appealing the grant of judicial relief or release from custody tolls the three-year period. Any persons meeting the criteria set forth in section 2 of this act who was wrongly convicted before the effective date of this section may commence an action under this chapter within three years after the effective date of this section.

NEW SECTION. Sec. 10. All payments by the state under this chapter shall be paid from the liability account established under RCW 4.92.130.

NEW SECTION. Sec. 11. A new section is added to chapter 28B.15 RCW to read as follows:
(1) Subject to the conditions in subsection (2) of this section and the limitations in RCW 28B.15.910, the governing boards of the state universities, the regional universities, The Evergreen State College, and the community colleges, must waive all tuition and fees for the following persons:

(a) A wrongly convicted person; and
(b) Any child or stepchild of a wrongly convicted person who was born or became the stepchild of, or was adopted by, the wrongly convicted person before compensation is awarded under section 6 of this act.

(2) The following conditions apply to waivers under subsection (1) of this section:

(a) A wrongly convicted person must be a Washington domiciliary to be eligible for the tuition waiver.
(b) A child must be a Washington domiciliary ages seventeen through twenty-six years to be eligible for the tuition waiver. A child's marital status does not affect eligibility.
(c) Each recipient's continued participation is subject to the school's satisfactory progress policy.
(d) Tuition waivers for graduate students are not required for those who qualify under subsection (1) of this section but are encouraged.
(e) Recipients who receive a waiver under subsection (1) of this section may attend full time or part time. Total credits earned using the waiver may not exceed two hundred quarter credits, or the equivalent of semester credits.

(3) Private vocational schools and private higher education institutions are encouraged to provide waivers consistent with the terms of this section.

(4) For the purposes of this section:

(a) "Child" means a biological child, stepchild, or adopted child who was born of, became the stepchild of, or was adopted by a wrongly convicted person before compensation is awarded under section 6 of this act.
(b) "Fees" includes all assessments for costs incurred as a condition to a student's full participation in coursework and related activities at an institution of higher education.
(c) "Washington domiciliary" means a person whose true, fixed, and permanent house and place of habitation is the state of Washington. In ascertaining whether a wrongly convicted person or child is domiciled in the state of Washington, public institutions of higher education must, to the fullest extent possible, rely upon the standards provided in RCW 28B.15.013.
(d) "Wrongly convicted person" means a Washington domiciliary who was awarded damages under section 6 of this act.

NEW SECTION. Sec. 12. A new section is added to chapter 72.09 RCW to read as follows:

When a court refers a person to the department under section 6 of this act as part of the person's award in a wrongful conviction claim, the department must provide reasonable access to existing reentry programs and services. Nothing in this section requires the department to establish new reentry programs or services.

Sec. 13. RCW 4.92.130 and 2011 1st sp.s. c 43 s 513 are each amended to read as follows:

A liability account in the custody of the treasurer is hereby created as a nonappropriated account to be used solely and exclusively for the payment of liability settlements and judgments against the state under 42 U.S.C. Sec. 1981 et seq. or for the tortious conduct of its officers, employees, and volunteers and all related legal defense costs.

(1) The purpose of the liability account is to: (a) Expediately pay legal liabilities and defense costs of the state resulting from tortious conduct; (b) promote risk control through a cost allocation system which recognizes agency loss experience, levels of self-retention, and levels of risk exposure, including the payment of compensation awarded by a court under section 6 of this act; and (c) establish an actuarially sound system to pay incurred losses, within defined limits.
(2) The liability account shall be used to pay claims for injury and property damages and legal defense costs exclusive of agency-retained expenses otherwise budgeted.
(3) No money shall be paid from the liability account, except for defense costs, unless all proceeds available to the claimant from any valid and collectible liability insurance shall have been exhausted and unless:

(a) The claim shall have been reduced to final judgment in a court of competent jurisdiction; or
(b) The claim has been approved for payment.
(4) The liability account shall be financed through annual premiums assessed to state agencies, based on sound actuarial principles, and shall be for liability coverage in excess of agency-budgeted self-retention levels.
(5) Annual premium levels shall be determined by the risk manager. An actuarial study shall be conducted to assist in determining the appropriate level of funding.
(6) Disbursements for claims from the liability account shall be made to the claimant, or to the clerk of the court for judgments, upon written request to the state treasurer from the risk manager.
(7) The director may direct agencies to transfer moneys from other funds and accounts to the liability account if premiums are delinquent.
(8) The liability account shall not exceed fifty percent of the actuarial value of the outstanding liability as determined annually by the office of risk management. If the account exceeds the maximum amount specified in this section, premiums may be adjusted by the office of risk management in order to maintain the account balance at the maximum limits. If, after adjustment of premiums, the account balance remains above the limits specified, the excess amount shall be prorated back to the appropriate funds.
(9) The payment of compensation for wrongful conviction awarded by a court under section 6 of this act does not constitute a finding that the wrongful conviction resulted from tortious conduct by the officers or employees of the state or the political subdivisions, municipal corporations, and quasi-municipal corporations of the state.

NEW SECTION. Sec. 14. If any provision of this act or its application to any person or circumstances is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 15. Sections 1 through 10 of this act constitute a new chapter in Title 4 RCW."

On page 1, line 2 of the title, after "imprisonment;" strike the remainder of the title and insert "amending RCW 4.92.130; adding a new section to chapter 28B.15 RCW; adding a new section to chapter 72.09 RCW; and adding a new chapter to Title 4 RCW."

and the same is herewith transmitted.

THIRD READING

MESSAGE FROM THE SENATE

April 12, 2013

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1416 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 87.03 RCW to read as follows:

Any local improvement district bonds, and interest thereon, issued against a bond redemption fund of a local improvement district pursuant to RCW 87.03.485 shall be a valid claim of the owner thereof only as against the local improvement guarantee fund, the local improvement district redemption fund, and the assessments or revenues pledged to such fund or funds and do not constitute a general indebtedness against the issuing irrigation district unless the board of directors by resolution expressly provides for a pledge of general indebtedness. Except where the board provides for a pledge of general indebtedness, each such bond must state upon its face that it is payable from the local improvement district redemption fund and the local improvement guarantee fund only.

Sec. 2. RCW 84.34.310 and 1999 c 153 s 71 are each amended to read as follows:

As used in RCW 84.34.300 through 84.34.380, unless a different meaning is required, the words defined in this section shall have the meanings indicated.

(1) "Farm and agricultural land" shall mean the same as defined in RCW 84.34.020(2).

(2) "Timber land" shall mean the same as defined in RCW 84.34.020(3).

(3) "Local government" shall mean any city, town, county, water-sewer district, public utility district, port district, ((irrigation district,)) flood control district, or any other municipal corporation, quasi-municipal corporation, or other political subdivision authorized to levy special benefit assessments for sanitary and/or storm sewerage systems, domestic water supply and/or distribution systems, or road construction or improvement purposes. "Local government" does not include an irrigation district with respect to any local improvement district created or local improvement assessment levied by that irrigation district.

(4) "Local improvement district" shall mean any local improvement district, utility local improvement district, local utility district, road improvement district, or any similar unit created by a local government for the purpose of levying special benefit assessments against property specially benefited by improvements relating to such districts.

(5) "Owner" shall mean the same as defined in RCW 84.34.020(5) or the applicable statutes relating to special benefit assessments.

(6) The term "average rate of inflation" shall mean the annual rate of inflation as determined by the department of revenue averaged over the period of time as provided in RCW 84.34.330 (1) and (2). Such determination shall be published not later than January 1 of each year for use in that assessment year.

(7) "Special benefit assessments" shall mean special assessments levied or capable of being levied in any local improvement district or otherwise levied or capable of being levied by a local government to pay for all or part of the costs of a local improvement and which may be levied only for the special benefits to be realized by property by reason of that local improvement.

Sec. 3. RCW 87.03.480 and 1959 c 75 s 9 are each amended to read as follows:

Any desired special construction, reconstruction, betterment or improvement or purchase or acquisition of improvements already constructed, for any authorized district service, including but not limited to the safeguarding of open canals or ditches for the protection of the public therefrom, which are for the special benefit of the lands tributary thereto and within an irrigation district may be constructed or acquired and provision made to meet the cost thereof as follows:

The holders of title or evidence of title to one-quarter of the acreage proposed to be assessed, may file with the district board their petition reciting the nature and general plan of the desired improvement and specifying the lands proposed to be specially assessed therefor. (((The petition shall be accompanied by a bond in the sum of one hundred dollars with surety to be approved by the board, conditioned that the petitioners will pay the cost of an investigation of the project and of the hearing thereon if it is not established. The board may at any time require a bond in an additional sum.))) A local improvement district may include adjoining, vicinal, or neighboring improvements even though the improvements and the properties benefited are not connected or continuous. Such improvements may be owned by the United States, the state of Washington, the irrigation district, or another local government. Upon approval of the board of an adjoining irrigation district, an irrigation district may form local improvement districts or..."
utility local improvement districts that are composed entirely or in part of territory within that adjoining district. Upon the filing of the petition the board, with the assistance of a competent engineer, shall make an investigation of the feasibility, cost, and need of the proposed local improvement together with the ability of the lands to pay the cost, and if it appears feasible, they (shall) may elect to have plans and an estimate of the cost prepared. If a protest against the establishment of the proposed improvement signed by a majority of the holders of title in the proposed local district is presented at or before the hearing, or if the proposed improvement should be found not feasible, too expensive, or not in the best interest of the district, or the lands to be benefited insufficient security for the costs, they shall dismiss the petition (at the expense of the petitioners). Sec. 4. RCW 87.03.485 and 1983 c 167 s 222 are each amended to read as follows:

In the event that the (said) board (shall) approve (said) the petition, the board shall fix a time and place for the hearing thereof and shall publish a notice once a week for two consecutive weeks preceding the date of such hearing and the last publication shall not be more than seven days before such date and shall mail such a notice on or before the second publication date by first-class mail, postage prepaid, to each owner or reputed owner of real property within the proposed local improvement district, as shown on the rolls of the county treasurer as of a date not more than twenty days immediately prior to the date such notice was mailed. Such notice must be published in a newspaper of general circulation in each county in which any portion of the land proposed to be included in such local improvement district lies. Such notice shall state that the lands within (said) the described boundaries are proposed to be organized as a local improvement district, stating generally the nature of the proposed improvement; that bonds for such local improvement district are proposed to be issued as the bonds of the irrigation district, or that a contract is proposed to be entered into between the district and the United States or the state of Washington, or both, that the lands within (said) the local improvement district are to be assessed for such improvement, that such bonds or contract will be (a primary the obligation of such local improvement district (and a general obligation of the irrigation district)) and stating a time and place of hearing thereon. At the time and place of hearing named in (said) the notice, all persons interested may appear before the board and show cause for or against the formation of the proposed improvement district and the issuance of bonds or the entering into of a contract as aforesaid. The board may designate a hearing officer to conduct the hearing, and the hearing officer shall report recommendations on the establishment of the local improvement district to the board for final action. Upon the hearing the board shall determine as to the establishment of the proposed local improvement district. Any landowner whose lands can be served or will be benefited by the proposed improvement, may make application to the board at the time of hearing to include such land and the board of directors in such cases shall, at its discretion, include such lands within such district. The board of directors may exclude any land specified in (said) the notice from (said) the district provided, that in the judgment of the board, the inclusion thereof will not be practicable.

As an alternative plan and subject to all of the provisions of this chapter, the board of directors may initiate the organization of a local improvement district as herein provided. To so organize a local improvement district the board shall adopt and record in its minutes a resolution specifying the lands proposed to be included in such local improvement district or by describing the exterior boundaries of such proposed district or by both. (Said) The resolution shall state generally the plan, character and extent of the proposed improvements, that the land proposed to be included in such improvement district will be assessed for such improvements; and that local improvement district bonds of the irrigation district will be issued or a contract entered into as hereinabove in this section provided to meet the cost thereof and that such bonds or contract will be (a primary the obligation of such local improvement district (and a general obligation of the irrigation district)). The resolution shall fix a time and place of hearing thereon and shall state that unless a majority of the holders of title or of evidence of title to lands within the proposed local improvement district file their written protest at or before (said) the hearing, consent to the improvement will be implied.

A notice containing a copy of (said) the resolution must be published once a week for two consecutive weeks preceding the date of such hearing and the last publication shall not be more than seven days before such date, and shall be mailed on or before the second publication date by first-class mail, postage prepaid, to each owner or reputed owner of real property within the proposed local improvement district, as shown on the rolls of the county treasurer as of a date not more than twenty days immediately prior to the date such notice was mailed, and the hearing thereon shall not be held in less than twenty days from the adoption of such resolution. Such notice must be published in one newspaper, of general circulation, in each county in which any portion of the land proposed to be included in such local improvement district lies. (Said) The hearing shall be held and all subsequent proceedings conducted in accordance with the provisions of this act relating to the organization of local improvement districts initiated upon petition.

Sec. 5. RCW 87.03.490 and 2003 c 53 s 412 are each amended to read as follows:

(1) If decision shall be rendered in favor of the improvement, the board shall enter an order establishing the boundaries of the improvement district and shall adopt plans for the proposed improvement and determine the number of annual installments not exceeding fifty in which the cost of the improvement shall be paid. The cost of the improvement shall be provided for by the issuance of local improvement district bonds of the district from time to time, therefor, either directly for the payment of the labor and material or for the securing of funds for such purpose, or by the irrigation district entering into a contract with the United States or the state of Washington, or both, to repay the cost of the improvement. The bonds shall bear interest at a rate or rates determined by the board, payable semiannually, and shall state upon their face that they are issued as bonds of the irrigation district; that all lands within the local improvement district shall be (primarily) liable to assessment for the principal and interest of the local improvement district bonds ((and the bonds are also a general obligation of the district)). The bonds may be in such denominations as the board of directors may in its discretion determine, except that bonds other than bond number one of any issue shall be in a denomination that is a multiple of one ([dollars] thousand dollars); and no bond shall be sold for less than par. Any contract entered into for the local improvement by the district with the United States or the state of Washington, or both, to repay the cost of the improvement, shall be a general obligation of the irrigation district. Such bonds may be in any form, including bearer bonds or registered bonds as provided in RCW 39.46.030.

(2) No election shall be necessary to authorize the issuance of such local improvement bonds or the entering into of such a contract. (Such bonds, when issued, shall be signed by the president and secretary of the irrigation district with the seal of the district affixed. The printed, engraved, or lithographed facsimile signatures of the president and secretary of the district's board of directors shall be sufficient signatures on the bonds or any coupons. PROVIDED, That such facsimile signatures on the bonds may be used only after the filing, by the officer whose facsimile signature is to be used, with the secretary of state of his or her manual signature certified by him or her under oath, whereupon that officer's facsimile signature has the
same legal effect as his or her manual signature. PROVIDED, FURTHER, That either the president of the board of directors or the secretary's signature on the bonds shall be manually subscribed. AND PROVIDED FURTHER, That whenever such facsimile reproduction of the signature of any officer is used in place of the manual signature of such officer, the district's board of directors shall specify in a written order or requisition to the printer, engraver, or lithographer the number of bonds or any coupons upon which such facsimile signature is to be printed, engraved, or lithographed and the manner of numbering the bonds or any coupons upon which such signature shall be placed. The receipt given for any such payment shall have the foregoing provision printed thereon. The amount so paid shall be included on the annual assessment roll for the current year, provided, such roll has not then been delivered to the treasurer, with an appropriate notation by the secretary that the amount has been paid. ENGROSSED HOUSE BILL NO. 1493, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE
April 17, 2013

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1519 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Authority" means the health care authority.

(2) "Department" means the department of social and health services.

(3) "Emerging best practice" or "promising practice" means a program or practice that, based on statistical analyses or a well-established theory of change, shows potential for meeting the evidence-based or research-based criteria, which may include the use of a program that is evidence-based for outcomes other than those listed in this section.

(4) "Evidence-based" means a program or practice that has been tested in heterogeneous or intended populations with multiple randomized, or statistically controlled evaluations, or both; or one large multiple site randomized, or statistically controlled evaluation, or both, where the weight of the evidence from a systemic review demonstrates sustained improvements in at least one outcome. "Evidence-based" also means a program or practice that can be implemented with a set of procedures to allow successful replication in Washington and, when possible, is determined to be cost-beneficial.

(5) "Research-based" means a program or practice that has been tested with a single randomized, or statistically controlled evaluation, or both, demonstrating sustained desirable outcomes; or where the
weight of the evidence from a systemic review supports sustained outcomes as described in this subsection but does not meet the full criteria for evidence-based.

(6) "Service coordination organization" or "service contracting entity" means the authority and department, or an entity that may contract with the state to provide, directly or through subcontracts, a comprehensive delivery system of medical, behavioral, long-term care, or social support services, including entities such as regional support networks as defined in RCW 71.24.025, managed care organizations that provide medical services to clients under chapter 74.09 RCW, counties providing chemical dependency services under chapters 74.50 and 70.96A RCW, and area agencies on aging providing case management services under chapter 74.39A RCW.

NEW SECTION. Sec. 2. (1) The authority and the department shall base contract performance measures developed under section 3 of this act on the following outcomes when contracting with service contracting entities: Improvements in client health status and wellness; increases in client participation in meaningful activities; reductions in client involvement with criminal justice systems; reductions in avoidable costs in hospitals, emergency rooms, crisis services, and jails and prisons; increases in stable housing in the community; improvements in client satisfaction with quality of life; and reductions in population-level health disparities.

(2) The performance measures must demonstrate the manner in which the following principles are achieved within each of the outcomes under subsection (1) of this section:

(a) Maximization of the use of evidence-based practices will be given priority over the use of research-based and promising practices, and research-based practices will be given priority over the use of promising practices. The agencies will develop strategies to identify programs that are effective with ethnically diverse clients and to consult with tribal governments, experts within ethnically diverse communities and community organizations that serve diverse communities;

(b) The maximization of the client's independence, recovery, and employment;

(c) The maximization of the client's participation in treatment decisions; and

(d) The collaboration between consumer-based support programs in providing services to the client.

(3) In developing performance measures under section 3 of this act, the authority and the department shall consider expected outcomes relevant to the general populations that each agency serves. The authority and the department may adapt the outcomes to account for the unique needs and characteristics of discrete subcategories of populations receiving services, including ethnically diverse communities.

(4) The authority and the department shall coordinate the establishment of the expected outcomes and the performance measures between each agency as well as each program to identify expected outcomes and performance measures that are common to the clients enrolled in multiple programs and to eliminate conflicting standards among the agencies and programs.

(5) The authority and the department shall establish timelines and mechanisms for service contracting entities to report data related to performance measures and outcomes, including phased implementation of public reporting of outcome and performance measures in a form that allows for comparison of performance measures and levels of improvement between geographic regions of Washington.

NEW SECTION. Sec. 3. By September 1, 2014:

(1) The authority shall adopt performance measures to determine whether service contracting entities are achieving the outcomes described in section 2 of this act for clients enrolled in medical managed care programs operated according to Title XIX or XXI of the federal social security act.

(2) The department shall adopt performance measures to determine whether service contracting entities are achieving the outcomes described in section 2 of this act for clients receiving mental health, long-term care, or chemical dependency services.

NEW SECTION. Sec. 4. By July 1, 2015, the authority and the department shall require that contracts with service coordination organizations include provisions requiring the adoption of the outcomes and performance measures developed under this chapter and mechanisms for reporting data to support each of the outcomes and performance measures.

NEW SECTION. Sec. 5. (1) By December 1, 2014, the department and the authority shall report jointly to the legislature on the expected outcomes and the performance measures. The report must identify the performance measures and the expected outcomes established for each program, the relationship between the performance measures and expected improvements in client outcomes, mechanisms for reporting outcomes and measuring performance, and options for applying the performance measures and expected outcomes development process to other health and social service programs.

(2) By December 1, 2016, the department and the authority shall report to the legislature on the incorporation of the performance measures into contracts with service coordination organizations and progress toward achieving the identified outcomes.

NEW SECTION. Sec. 6. The outcomes and performance measures established pursuant to this chapter do not establish a standard of care in any civil action brought by a recipient of services. The failure of a service coordination organization to meet the outcomes and performance measures established pursuant to this chapter does not create civil liability on the part of the service coordination organization in a claim brought by a recipient of services.

NEW SECTION. Sec. 7. A new section is added to chapter 74.09 RCW to read as follows:

The authority shall incorporate the expected outcomes and criteria to measure the performance of service coordination organizations as provided in chapter 70.-- RCW (the new chapter created in section 11 of this act) into contracts with managed care organizations that provide services to clients under this chapter.

Sec. 8. RCW 70.96A.320 and 1990 c 151 s 9 are each amended to read as follows:

(5) The department shall require that any agreement to provide financial support to a county that performs the activities of a service coordination organization for alcoholism and other drug addiction services must incorporate the expected outcomes and criteria to measure the performance of service coordination organizations as provided in chapter 70.-- RCW (the new chapter created in section 11 of this act).

(6) The county may subcontract for detoxification, residential treatment, or outpatient treatment with treatment programs that are approved treatment programs. The county may subcontract for other services with individuals or organizations approved by the department.

(2) The department shall continue to be eligible for financial support from the department for the county alcoholism and other drug addiction program, an increase in state financial support shall not be used to supplant local funds from a source that was used to support the county alcoholism and other drug addiction program before the effective date of the increase.

(b) The department shall incorporate the criteria to measure the performance of service coordination organizations into contracts with regional support networks as provided in chapter 70.-- RCW (the new chapter created in section 11 of this act).

(2) The regional support network procurement processes shall encourage the preservation of infrastructure previously purchased by the community mental health service delivery system, the maintenance of linkages between other services and delivery systems, and the maximization of the use of available funds for services versus profits. However, a regional support network selected through the procurement process is not required to contract with services with any county-owned or operated facility. The regional support network procurement process shall provide that public funds appropriated by the legislature shall not be used to promote or deter, encourage, or discourage employees from exercising their rights under Title 29, chapter 7, subchapter II, United States Code or chapter 41.56 RCW.

(3) In addition to the requirements of RCW 71.24.035, contracts shall:

(a) Define administrative costs and ensure that the regional support network does not exceed an administrative cost of ten percent of available funds;

(b) Require effective collaboration with law enforcement, criminal justice agencies, and the chemical dependency treatment system;

(c) Require substantial implementation of department adopted integrated screening and assessment process and matrix of best practices;

(d) Maintain the decision-making independence of designated mental health professionals;

(e) Except at the discretion of the secretary or as specified in the biennial budget, require regional support networks to pay the state for the costs associated with individuals who are being served on the grounds of the state hospitals and who are not receiving long-term inpatient care as defined in RCW 71.24.025;

(f) Include a negotiated alternative dispute resolution clause; and

(g) Include a provision requiring either party to provide one hundred eighty days' notice of any issue that may cause either party to voluntarily terminate, refuse to renew, or refuse to sign a mandatory amendment to the contract to act as a regional support network. If either party decides to voluntarily terminate, refuse to renew, or refuse to sign a mandatory amendment to the contract to serve as a regional support network they shall provide ninety days' advance notice in writing to the other party.

Sec. 10. RCW 74.39A.090 and 2004 c 141 s 3 are each amended to read as follows:

(1) The legislature intends that any staff reassigned by the department as a result of shifting of the reauthorization responsibilities by contract outlined in this section shall be dedicated for discharge planning and assisting with discharge planning and information on existing discharge planning cases. Discharge planning, as directed in this section, is intended for residents and patients identified for discharge to long-term care pursuant to RCW 70.41.320, 74.39A.040, and 74.42.058. The purpose of discharge planning is to protect residents and patients from the financial incentives inherent in keeping residents or patients in a more expensive higher level of care and shall focus on care options that are in the best interest of the patient or resident.

(2) The department shall contract with area agencies on aging:

(a) To provide case management services to consumers receiving home and community services in their own home; and

(b) To reassess and reauthorize home and community services in home or in other settings for consumers consistent with the intent of this section:

(i) Who have been initially authorized by the department to receive home and community services; and

(ii) Who, at the time of reassessment and reauthorization, are receiving home and community services in their own home.

(3) In the event that an area agency on aging is unwilling to enter into or satisfactorily fulfill a contract or an individual consumer's need for case management services will be met through an alternative delivery system, the department is authorized to:

(a) Obtain the services through competitive bid; and

(b) Provide the services directly until a qualified contractor can be found.

(4) The department shall include, in its oversight and monitoring of area agency on aging performance, assessment of case management roles undertaken by area agencies on aging in this section. The scope of oversight and monitoring includes, but is not limited to, assessing the degree and quality of the case management performed by area agency on aging staff for elderly and (disabled) persons with disabilities in the community.

(b) The department shall incorporate the expected outcomes and criteria to measure the performance of service coordination organizations into contracts with area agencies on aging as provided in chapter 70.-- RCW (the new chapter created in section 11 of this act).

(5) Area agencies on aging shall assess the quality of the in-home care services provided to consumers who are receiving services under the medicaid personal care, community options programs entry system or other care services program through an individual provider or home care agency. Quality indicators may include, but are not limited to, home care consumers satisfaction surveys, how quickly home care consumers are linked with home care workers, and whether the plan of care under RCW 74.39A.095 has been honored by the agency or the individual provider.

(6) The department shall develop model language for the plan of care established in RCW 74.39A.095. The plan of care shall be in clear language, and written at a reading level that will ensure the ability of consumers to understand the rights and responsibilities expressed in the plan of care.

(1) The department of social and health services, adoption agencies, and independent adoption facilitators shall release the name and location of the court where a relinquishment of parental rights or finalization of an adoption took place to an adult adoptee, a birth parent of an adult adoptee, an adoptive parent, a birth or adoptive grandparent of an adult adoptee, or an adult sibling of an adult adoptee, or the legal guardian of any of these.

(1) The department of health shall provide a noncertified copy of the original birth certificate to the adoptee after the adoptee's eighteenth birthday unless the birth parent has filed an affidavit of nondisclosure before the effective date of this section or a contact preference form that indicates he or she does not want the original birth certificate released:

(b) The contact preference form must include the following options:

(i) I would like to be contacted. I give the department of health consent to provide the adoptee with a noncertified copy of his or her original birth certificate;

(ii) I would like to be contacted only through a confidential intermediary as described in RCW 26.33.343. I give the department of health consent to provide the adoptee with a noncertified copy of his or her original birth certificate;

(iii) I prefer not to be contacted and have completed the birth parent updated medical history form. I give the department of health consent to provide the adoptee with a noncertified copy of his or her original birth certificate; and

(e) A contact preference form expires upon the death of the birth parent.

(4) (a) Regardless of whether a birth parent has filed an affidavit of nondisclosure or when the adoption was finalized, a birth parent may at any time complete a contact preference form stating his or her preference about personal contact with the adoptee, which, if available, must accompany an original birth certificate provided to an adoptee under subsection (3) of this section.

(e) A contact preference form expires upon the death of the birth parent.

(5) If a birth parent files a contact preference form, the birth parent must also file an updated medical history form with the department of health. Upon request of the adoptee, the department of health must provide the adoptee with the updated medical history form filed by the adoptee's birth parent.

(6) Both a completed contact preference form and birth parent updated medical history form are confidential and must be placed in the adoptee's sealed file.

MESSAGE FROM THE SENATE

April 12, 2013

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1556 with the following amendment:

"NEW SECTION. Sec. 1. The legislature finds that more than three hundred sixty thousand people in the United States experience cardiac arrest outside of a hospital every year, and only ten percent survive because the remainder do not receive timely cardiopulmonary resuscitation. When administered immediately, cardiopulmonary resuscitation doubles or triples survival rates from cardiac arrest. Sudden cardiac arrest can happen to anyone at any time. Many victims appear healthy and have no known heart disease or other risk factors. The legislature finds that schools are the hearts of our community, and preparing students to help with a sudden cardiac arrest emergency could save the life of a child, parent, or teacher. Washington state has a longstanding history of training members of the public in cardiopulmonary resuscitation with community-based training programs. The legislature finds that training students will continue the legacy of providing high quality emergency cardiac care to its citizens. Therefore, the legislature intends to create a generation of lifesavers by putting cardiopulmonary resuscitation skills in the hands of all high school graduates and providing schools with a flexible framework to prepare for an emergency.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.300 RCW to read as follows:

(1) An automated external defibrillator is often a critical component in the chain of survival for a cardiac arrest victim.

(2) The office of the superintendent of public instruction, in consultation with school districts and stakeholder groups, shall develop guidance for a medical emergency response and automated external defibrillator program for high schools.

(3) The medical emergency response and automated external defibrillator program must comply with current evidence-based guidelines and advice for seeking grants for the purchase of automated external defibrillators or seeking donations of automated external defibrillators. The superintendent may coordinate with local health districts or other organizations in seeking grants and donations for this purpose.

NEW SECTION. Sec. 3. A new section is added to chapter 28A.230 RCW to read as follows:

(1) Each school district that operates a high school must offer instruction in cardiopulmonary resuscitation to students as provided in this section. Beginning with the 2013-14 school year, instruction in cardiopulmonary resuscitation must be included in at least one health class necessary for graduation.

(2) Instruction in cardiopulmonary resuscitation under this section must:
(a) Be an instructional program developed by the American heart association or the American red cross or be nationally recognized and based on the most current national evidence-based emergency cardiovascular care guidelines for cardiopulmonary resuscitation;

(b) Include appropriate use of an automated external defibrillator, which may be taught by video; and

(c) Incorporate hands-on practice in addition to cognitive learning.

(3) School districts may offer the instruction in cardiopulmonary resuscitation directly or arrange for the instruction to be provided by available community-based providers. The instruction is not required to be provided by a certificated teacher. Certificated teachers providing the instruction are not required to be certificated trainers of cardiopulmonary resuscitation. A student is not required to earn certification in cardiopulmonary resuscitation to successfully complete the instruction for the purposes of this section.

On page 1, line 2 of the title, after "arrest," strike the remainder of the title and insert "adding a new section to chapter 28A.300 RCW; adding a new section to chapter 28A.230 RCW; and creating a new section."

and the same is herewith transmitted.

MESSAGE FROM THE SENATE

April 16, 2013

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1642 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that progress is being made in making dual high school and college credit courses available for students:

(a) Overall dual credit program enrollments increased by almost four percent between 2009 and 2012;

(b) The number of dual credit programs offered by Washington high schools increased by almost fifteen percent between the 2009-10 school year and the 2011-12 school year; and

(c) Dual credit program participation rates for low-income students increased more than fourteen percent between the 2009-10 school year and the 2011-12 school year.

(2) However, the legislature further finds that more can be done to promote academic acceleration for all students and eliminate barriers, real or perceived, that may prevent students from enrolling in rigorous advanced courses, including dual credit courses.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.320 RCW to read as follows:

(1) Each school district board of directors is encouraged to adopt an academic acceleration policy for high school students as provided under this section.

(2) Under an academic acceleration policy:

(a) The district automatically enrolls any student who meets the state standard on the high school statewide student assessment in the next most rigorous level of advanced courses offered by the high school. Students who successfully complete such an advanced course are then enrolled in the next most rigorous level of advanced course, with the objective that students will eventually be automatically enrolled in courses that offer the opportunity to earn dual credit for high school and college.

(b) The subject matter of the advanced courses in which the student is automatically enrolled depends on the content area or areas of the statewide student assessment where the student has met the state standard. Students who meet the state standard on both end-of-course mathematics assessments are considered to have met the state standard for high school mathematics. Students who meet the state standard in both reading and writing are eligible for enrollment in advanced courses in English, social studies, humanities, and other related subjects.

(c) The district must notify students and parents or guardians regarding the academic acceleration policy and the advanced courses available to students.

(d) The district must provide a parent or guardian with an opportunity to opt out of the academic acceleration policy and enroll a student in an alternative course.

NEW SECTION. Sec. 3. A new section is added to chapter 28A.320 RCW to read as follows:

(1) Subject to funds appropriated specifically for this purpose, the academic acceleration incentive program is established as provided in this section. The intent of the legislature is that the funds awarded under this program be used to support teacher training, curriculum, technology, examination fees, and other costs associated with offering dual credit courses to high school students.

(2) The office of the superintendent of public instruction shall allocate half of the funds appropriated for the purposes of this section on a competitive basis to provide one-time grants for high schools to expand the availability of dual credit courses. To be eligible for a grant, a school district must have adopted an academic acceleration policy as provided under section 2 of this act. In making grant awards, the office of the superintendent of public instruction must give priority to grants for high schools with a high proportion of low-income students and high schools seeking to develop new capacity for dual credit courses rather than proposing marginal expansion of current capacity.

(3) The office of the superintendent of public instruction shall allocate half of the funds appropriated for the purposes of this section to school districts as an incentive award for each student who earned..."
Students who successfully complete a course through the course; and
performance requirements to earn college credit through a tech prep running start program under RCW 28A.600.300 and are awarded
Students who satisfy the dual enrollment and class awarded credit by the partnering institution of higher education; and
international certificate of education examination;
(2) Students who achieve a score of four or higher on an AP examination;
(1) Students who achieve a score of three or higher on an AP examination of the international baccalaureate diploma programme;
(c) Students who successfully complete a Cambridge advanced examination of the international baccalaureate diploma programme;
(d) Students who successfully complete a course through the college in the high school program under RCW 28A.600.290 and are awarded credit by the partnering institution of higher education; and
(e) Students who satisfy the dual enrollment and class performance requirements to earn college credit through a tech prep course.
(5) If a high school provides access to online courses for students to earn dual high school and college credit at no cost to the student, such a course is considered to be offered by the high school. Students enrolled in the running start program under RCW 28A.600.300 do not generate an incentive award under this section.
(6) The office of the superintendent of public instruction shall report to the education policy committees and the fiscal committees of the legislature, by January 1st of each year, information about the demographics of the students earning dual credits in the schools receiving grants under this section for the prior school year. Demographic data shall be disaggregated pursuant to RCW 28A.300.042.

NEW SECTION. Sec. 4. A new section is added to chapter 28A.300 RCW to read as follows:
In addition to data on student enrollment in dual credit courses, the office of the superintendent of public instruction shall collect and post on the Washington state report card web site the rates at which students earn college credit through a dual credit course, using the following criteria:
(1) Students who achieve a score of three or higher on an AP examination;
(2) Students who achieve a score of four or higher on an examination of the international baccalaureate diploma programme;
(3) Students who successfully complete a Cambridge advanced international certificate of education examination;
(4) Students who successfully complete a course through the college in the high school program under RCW 28A.600.290 and are awarded credit by the partnering institution of higher education; and
(5) Students who satisfy the dual enrollment and class performance requirements to earn college credit through a tech prep course; and
(6) Students who successfully complete a course through the running start program under RCW 28A.600.300 and are awarded credit by the institution of higher education.

NEW SECTION. Sec. 5. If specific funding for purposes of section 3 of this act, referencing section 3 of this act by bill or chapter and section number, is not provided by June 30, 2013, in the omnibus operating appropriations act, section 3 of this act is null and void.”

On page 1, line 2 of the title, after “students;” strike the remainder of the title and insert “adding new sections to chapter 28A.320 RCW; adding a new section to chapter 28A.300 RCW; and creating new sections.” and the same is herewith transmitted.

MESSAGE FROM THE SENATE

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1645 with the following amendment:

Strike everything after the enacting clause and insert the following:
"Sec. 1. RCW 28B.07.030 and 2011 1st sp.s. c 11 s 137 are each amended to read as follows:
(1) The Washington higher education facilities authority is hereby established as a public body corporate and politic, with perpetual corporate succession, constituting an agency of the state of Washington exercising essential governmental functions. The authority is a "public body" within the meaning of RCW 39.53.010.
(2) The authority shall consist of ((six)) seven members as follows: The governor, lieutenant governor, chair of the student achievement council or the chair's designee, and four public members,
one of whom shall be the president of a higher education institution at the time of appointment. The public members shall be residents of the state and appointed by the governor, subject to confirmation by the senate, on the basis of their interest or expertise in the provision of higher education and the financing of higher education. The public members of the authority shall serve for terms of four years. The initial terms of the public members shall be staggered in a manner determined by the governor. In the event of a vacancy on the authority due to death, resignation, or removal of one of the public members, and upon the expiration of the term of any public member, the governor shall appoint a successor for a term expiring on the fourth anniversary of the successor's date of the appointment. If any of the state offices are abolished, the resulting vacancy on the authority shall be filled by the state officer who shall succeed substantially to the power and duties of the abolished office. Any public member of the authority may be removed by the governor for misfeasance, malfeasance, willful neglect of duty, or any other cause after notice and a public hearing, unless such notice and hearing shall be expressly waived in writing.

(3) The governor shall serve as chairperson of the authority. The authority shall elect annually one of its members as secretary. If the governor shall be absent from a meeting of the authority, the secretary shall preside. However, the governor may designate an employee of the governor's office to act on the governor's behalf in all other respects during the absence of the governor at any meeting of the authority. If the designation is in writing and is presented to the person presiding at the meetings of the authority who is included in the designation, the vote of the designee has the same effect as if cast by the governor.

(4) Any person designated by resolution of the authority shall keep a record of the proceedings of the authority and shall be the custodian of all books, documents, and papers filed with the authority, the minute book or a journal of the authority, and the authority's official seal, if any. The person may cause copies to be made of all minutes and other records and documents of the authority, and may give certificates to the effect that such copies are true copies. All persons dealing with the authority may rely upon the certificates.

(5) Four members of the authority constitute a quorum. Members participating in a meeting through the use of any means of communication by which all members participating can hear each other during the meeting shall be deemed to be present in person at the meeting for all purposes. The authority may act on the basis of a motion except when authorizing the issuance and sale of bonds, in which case the authority shall act by resolution. Bond resolutions and other resolutions shall be adopted upon the affirmative vote of four members of the authority, and shall be signed by those members voting yes. Motions shall be adopted upon the affirmative vote of a majority of a quorum of members present at any meeting of the authority. All actions taken by the authority shall be effective immediately without need for publication or other public notice. A vacancy in the membership of the authority does not impair the power of the authority to act under this chapter.

The Speaker (Representative Moeller presiding) stated the question before the House to be the final passage of House Bill No. 1645, as amended by the Senate.

For purposes of this section, a written notification includes notification by e-mail or facsimile, so long as the notifying mental health service provider is clearly identified.

(2) The information to be released to the department of corrections shall include all relevant records and reports, as defined by rule, necessary for the department of corrections to carry out its duties.

(5) No mental health service provider or individual employed by a mental health service provider shall be held responsible for information released to or used by the department of corrections under the provisions of this section or rules adopted under this section ((except under RCW 71.05.440)).

(6) Whenever federal law or federal regulations restrict the release of information contained in the treatment records of any patient who receives treatment for alcoholism or drug dependency, the release of the information may be restricted as necessary to comply with federal law and regulations.

(8) The department shall, subject to available resources, electronically, or by the most cost-effective means available, provide the department of corrections with the names, last dates of services, and addresses of specific regional support networks and mental health service providers that delivered mental health services to a person subject to chapter 9.94A or 9.95 RCW pursuant to an agreement between the departments.

Sec. 32. RCW 72.09.585 and 2011 1st sp.s. c 40 s 24 are each amended to read as follows:

MENTAL HEALTH SERVICES, INFORMATION--DEPARTMENT OF CORRECTIONS--REQUIRED INQUIRIES AND DISCLOSURES. (1) When the department is determining an offender's risk management level, the department shall inquire of the offender and shall be told whether the offender is subject to court-ordered treatment for mental health services or chemical dependency services. The department shall request and the offender shall provide an authorization to release information form that meets applicable state and federal requirements and shall provide the offender with written notice that the department will request the offender's mental health and substance abuse treatment information. An offender's failure to inform the department of court-ordered treatment is a violation of the conditions of supervision if the offender is in the community and an infraction if the offender is in confinement, and the violation or infraction is subject to sanctions.

(2) When an offender discloses that he or she is subject to court-ordered mental health services or chemical dependency treatment, the department shall provide the mental health services provider or chemical dependency treatment provider with a written request for information and any necessary authorization to release information forms. The written request shall comply with rules adopted by the department and the department of social and health services. A single request shall be valid for the duration of the offender's supervision in the community. Disclosures of information related to mental health services made pursuant to a department request shall not require consent of the offender.

(3) The information received by the department under RCW 71.05.445 or (71.34.345) section 9 of this act may be released to the indeterminate sentence review board as relevant to carry out its responsibility of planning and ensuring community protection with respect to persons under its jurisdiction. Further disclosure by the indeterminate sentence review board is subject to the limitations set forth in subsections (5) and (6) of this section and must be consistent with the written policy of the indeterminate sentence review board.

The decision to disclose or not shall not result in civil liability for the indeterminate sentence review board or staff assigned to perform board-related duties provided that the decision was reached in good faith and without gross negligence.

(4) The information received by the department under RCW 71.05.445 or (71.34.345) section 9 of this act may be used to meet the statutory duties of the department to provide evidence or report to the court. Disclosure to the public of information provided to the court by the department related to mental health services shall be limited in accordance with RCW 9.94A.500 or this section.

(5) The information received by the department under RCW 71.05.445 or (71.34.345) section 9 of this act may be disclosed by the department to other state and local agencies as relevant to plan for and provide offenders transition, treatment, and supervision services, or as relevant and necessary to protect the public and counteract the danger created by a particular offender, and in a manner consistent with the written policy established by the secretary. The decision to disclose or not shall not result in civil liability for the department or its employees so long as the decision was reached in good faith and without gross negligence. The information received by a state or local agency from the department shall remain confidential and subject to the limitations on disclosure set forth in chapters 70.02, 71.05, and 71.34 RCW and, subject to these limitations, may be released only as relevant and necessary to counteract the danger created by a particular offender.

(6) The information received by the department under RCW 71.05.445 or (71.34.345) section 9 of this act may be disclosed by the department to individuals only with respect to offenders who have been determined by the department to have a high risk of reoffending by a risk assessment, as defined in RCW 9.94A.030, only as relevant and necessary for those individuals to take reasonable steps for the purpose of self-protection, or as provided in RCW 72.09.370(2). The information may not be disclosed for the purpose of engaging the public in a system of supervision, monitoring, and reporting offender behavior to the department. The department must limit the disclosure of information related to mental health services to the public to descriptions of an offender's behavior, risk he or she may present to the community, and need for mental health treatment, including medications, and shall not disclose release to the public copies of treatment documents or records, except as otherwise provided by law. All disclosure of information to the public must be done in a manner consistent with the written policy established by the secretary. The decision to disclose or not shall not result in civil liability for the department or its employees so long as the decision was reached in good faith and without gross negligence. Nothing in this subsection prevents any person from reporting to law enforcement or the department behavior that he or she believes creates a public safety risk.

Sec. 33. RCW 9.94A.500 and 2008 c 231 s 2 are each amended to read as follows:

SENTENCING HEARINGS--PREVENTION OF WRONGFUL DISCLOSURE OF MENTAL HEALTH SERVICES RECORDS AND INFORMATION. (1) Before imposing a sentence upon a defendant, the court shall conduct a sentencing hearing. The sentencing hearing shall be held within forty court days following conviction. Upon the motion of either party for good cause shown, or on its own motion, the court may extend the time period for conducting the sentencing hearing.

Except in cases where the defendant shall be sentenced to a term of total confinement for life without the possibility of release or, when authorized by RCW 10.95.030 for the crime of aggravated murder in the first degree, sentenced to death, the court may order the department to complete a risk assessment report. If available before sentencing, the report shall be provided to the court.

Unless specifically waived by the court, the court shall order the department to complete a chemical dependency screening report.
before imposing a sentence upon a defendant who has been convicted of a violation of the uniform controlled substances act under chapter 69.50 RCW, a criminal solicitation to commit such a violation under chapter 9A.28 RCW, or any felony where the court finds that the offender has a chemical dependency that has contributed to his or her offense. In addition, the court shall, at the time of plea or conviction, order the department to complete a presentence report before imposing a sentence upon a defendant who has been convicted of a felony sexual offense. The department of corrections shall give priority to presentence investigations for sexual offenders. If the court determines that the defendant may be a mentally ill person as defined in RCW 71.24.025, although the defendant has not established that at the time of the crime he or she lacked the capacity to commit the crime, was incompetent to commit the crime, or was insane at the time of the crime, the court shall order the department to complete a presentence report before imposing a sentence.

The court shall consider the risk assessment report and presentence reports, if any, including any victim impact statement and criminal history, and allow arguments from the prosecutor, the defense counsel, the offender, the victim, the survivor of the victim, or a representative of the victim or survivor, and an investigative law enforcement officer as to the sentence to be imposed.

A criminal history summary relating to the defendant from the prosecuting authority or from a state, federal, or foreign governmental agency shall be prima facie evidence of the existence and validity of the convictions listed therein. If the court is satisfied by a preponderance of the evidence that the defendant has a criminal history, the court shall specify the convictions it has found to exist. All of this information shall be part of the record. Copies of all risk assessment reports and presentence reports presented to the sentencing court and all written findings of facts and conclusions of law as to sentencing entered by the court shall be sent to the department by the clerk of the court at the conclusion of the sentencing and shall accompany the defendant if the defendant is committed to the custody of the department. Court clerks shall provide, without charge, certified copies of documents relating to criminal convictions requested by prosecuting attorneys.

(2) To prevent wrongful disclosure of information and records related to mental health services, as (defined) described in RCW 71.05.445 and (71.05.345) section 9 of this act, a court may take only those steps necessary during a sentencing hearing or any hearing in which the department presents information related to mental health services to the court. The steps may be taken on motion of the defendant, the prosecuting attorney, or on the court’s own motion. The court may seal the portion of the record relating to information related to mental health services, exclude the public from the hearing during presentation or discussion of information and records relating to mental health services, or grant other relief to achieve the result intended by this subsection, but nothing in this subsection shall be construed to prevent the subsequent release of information and records related to mental health services as authorized by RCW 71.05.445, (71.05.345) section 9 of this act, or 72.09.585. Any person who otherwise is permitted to attend any hearing pursuant to chapter 7.69 or 7.69A RCW shall not be excluded from the hearing solely because the department intends to disclose or discloses information related to mental health services.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1679, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE
April 16, 2013

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1688 with the following amendment:

"NEW SECTION. Sec. 1. The legislature finds that preserving a safe and beneficial learning environment for all students requires the establishment and enforcement of appropriate student discipline policies. The legislature further finds that although physical restraint and isolation of a student should be avoided, there may be circumstances where school district boards of directors have authorized these actions to preserve the safety of other students and school staff. Nevertheless, if an incident of student restraint or isolation occurs, school personnel should be held accountable for providing a thorough explanation of the circumstances.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.600 RCW to read as follows:

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Isolation" means excluding a student from his or her regular instructional area and restricting the student alone within a room or any other form of enclosure, from which the student may not leave.

(b) "Restraint" means physical intervention or force used to control a student, including the use of a restraint device.

(c) "Restraint device" means a device used to assist in controlling a student, including but not limited to metal handcuffs, plastic ties, ankle restraints, leather cuffs, other hospital-type restraints, pepper spray, tasers, or batons.

(2) The provisions of this section apply only to any restraint of a student who has an individualized education program or plan developed under section 504 of the rehabilitation act of 1973 that results in a physical injury to a student or a staff member, any restraint of a student who has an individualized education program or plan developed under section 504 of the rehabilitation act of 1973, and any isolation of a student who has an individualized education program or plan developed under section 504 of the rehabilitation act of 1973. The provisions of this section apply only to incidents of restraint or isolation that occur while a student who has an individualized education program or plan developed under section 504 of the rehabilitation act of 1973 is participating in school-sponsored instruction or activities.

(3) Following the release of a student from the use of restraint or isolation, the school must implement follow-up procedures. These procedures must include reviewing the incident with the student and the parent or guardian to address the behavior that precipitated the restraint or isolation and reviewing the incident with the staff member who administered the restraint or isolation to discuss whether proper procedures were followed.

(4) Any school employee, resource officer, or school security officer who uses any chemical spray, mechanical restraint, or physical force on a student during school-sponsored instruction or activities must inform the building administrator or building administrator's designee as soon as possible, and within two business days submit a written report of the incident to the district office. The written report should include, at a minimum, the following information:

(a) The date and time of the incident;

(b) The name and job title of the individual who administered the restraint or isolation;

(c) A description of the activity that led to the restraint or isolation;

(d) The type of restraint or isolation used on the student, including the duration; and

(e) Whether the student or staff was physically injured during the restraint or isolation and any medical care provided.

(5) The principal or principal's designee must make a reasonable effort to verbally inform the student's parent or guardian within twenty-four hours of the incident, and must send written notification as soon as practical but postmarked no later than five business days after the restraint or isolation occurred. If the school or school district customarily provides the parent or guardian with school-related information in a language other than English, the written report under this section must be provided to the parent or guardian in that language.

NEW SECTION. Sec. 3. A new section is added to chapter 28A.155 RCW to read as follows:

A school that is required to develop an individualized education program as required by federal law must include within the plan procedures for notification of a parent or guardian regarding the use of restraint or isolation.

NEW SECTION. Sec. 4. A new section is added to chapter 28A.600 RCW to read as follows:

Parents and guardians of children who have individualized education programs or plans developed under section 504 of the rehabilitation act of 1973 must be provided a copy of the district policy on the use of isolation and restraint at the time that the program or plan is created.

On page 1, line 2 of the title, after "schools;" strike the remainder of the title and insert "adding new sections to chapter 28A.600 RCW; adding a new section to chapter 28A.155 RCW; and creating a new section."

and the same is herewith transmitted.

message from the senate

April 15, 2013

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1774 with the following amendment:

strike everything after the enacting clause and insert the following:

"new section. sec. 1. (1) The legislature recognizes that the goals of the child welfare system are to protect the safety, permanence, and well-being of the children it serves. The legislature further recognizes the importance of maintaining publicly accessible data that tracks the performance of the child welfare system, leading to transparency and public understanding of the system.

(2) The legislature believes that it is important to measure safety, permanence, and well-being such that the public and the legislature may understand how the child welfare system is performing. This information will also serve the legislature in determining priorities for investment of public dollars as well as need for substantive legislative changes to facilitate improvement.

(3) The reports to the legislature under section 2 of this act will be used to provide feedback to the department of social and health services. The agencies referenced in section 2 of this act will not disclose individually identifiable private information except as allowable under federal and state law.

new section. sec. 2. A new section is added to chapter 74.13 rcw to read as follows:

(1) A university-based child welfare research entity and the department, in collaboration with other stakeholders, shall develop measurements in the areas of safety, permanency, and well-being, using existing and available data. Measurements must be calculated from data used in the routine work of the state agencies' data and information technology departments. Any new record linkage or data-matching activities required in fulfillment of this section may be performed by the research entity pursuant to agreements developed under subsection (6) of this section.

(2) For the purposes of this section, "state agencies" means any agency or subagency providing data used in the integrated client database maintained by the research and data analysis division of the department. Any exchange of data must be in accordance with applicable federal and state law.

(3) All measurements must use a methodology accepted by the scientific community. All measurements must address any disproportionate racial and ethnic inequality. The initial measurements must be developed by December 1, 2013.

(4) The measurements may not require the state agencies to revise their data collection systems, and may not require the state agencies to provide individually identifiable information.

(5) The state agencies shall provide the research entity with all measurement data related to the measurements developed under this section at least quarterly beginning July 1, 2014. The research entity shall make any nonidentifiable data publicly available. The research entity shall report on the data to the legislature and the governor annually starting December 31, 2014.

(6) By January 1, 2014, the state agencies shall execute agreements with the research entity to enable sharing of data pursuant to rcw 42.48.020 sufficient to comply with this section.

(7) The fact that the research entity has chosen to use a specific measure, use a specific baseline, or compare any measure to a baseline is not admissible as evidence of negligence by the department in a civil action.

sec. 3. rcw 74.13b.020 and 2012 c 205 s 3 are each amended to read as follows:

(1) No later than ((december 1, 2013)) July 1, 2014, the department shall enter into performance-based contracts for the provision of family support and related services. The department may enter into performance-based contracts for additional services, other than case management.

(2) ((Beginning December 1, 2013, the department may not renew its current contracts with individuals or entities for the provision of the child welfare services included in performance-based contracts under this section for services in geographic areas served by network administrators under such contracts, except as mutually agreed upon between the department and the network administrator to allow for the successful transition of services that meet the needs of children and families.

(3) The department shall conduct a procurement process to enter into performance-based contracts with one or more network administrators for family support and related services. As part of the procurement process, the department shall consult with department caseworkers, the exclusive bargaining representative for employees of the department, tribal representatives, parents who were formerly involved in the child welfare system, youth currently or previously in foster care, child welfare services researchers, and the Washington state institute for public policy to assist in identifying the categories of family support and related services that will be included in the procurement. The categories of family support and related services shall be defined no later than July 15, 2012. In identifying services, the department shall review current data and research related to the effectiveness of family support and related services that mitigate child safety concerns and promote permanency, including reunification, and child well-being. Expenditures for family support and related services purchased under this section must remain within the levels appropriated in the operating budget.

(4) Network administrators shall, directly or through subcontracts with service providers:

(i) Assist caseworkers in meeting their responsibility for implementation of case plans and individual service and safety plans; and

(ii) Provide the family support and related services within the categories of contracted services that are included in a child or family's case plan or individual service and safety plan within funds available under contract.

(b) While the department caseworker retains responsibility for case management, nothing in chapter 205, laws of 2012 limits the ability of the department to continue to contract for the provision of case management services by child-placing agencies, behavioral rehabilitation services agencies, or other entities that provided case management under contract with the department prior to July 1, 2005.

In conducting the procurement, the department shall actively consult with other state agencies with relevant expertise, such as the health care authority, and with philanthropic entities with expertise in performance-based contracting for child welfare services. The director of the office of financial management must approve the request for proposal prior to its issuance.
((6)) (6) The procurement and resulting contracts must include, but are not limited to, the following standards and requirements:

(a) The use of family engagement approaches to successfully motivate families to engage in services and training of the network's contracted providers to apply such approaches;

(b) The use of parents and youth who are successful veterans of the child welfare system to act as mentors through activities that include, but are not limited to, helping families navigate the system, facilitating parent engagement, and minimizing distrust of the child welfare system;

(c) The establishment of qualifications for service providers participating in provider networks, such as appropriate licensure or certification, education, and accreditation by professional accrediting entities;

(d) Adequate provider capacity to meet the anticipated service needs in the network administrator's contracted service area. The network administrator must be able to demonstrate that its provider network is culturally competent and has adequate capacity to address disproportionality, including utilization of tribal and other ethnic providers capable of serving children and families of color or who need language-appropriate services;

(e) Fiscal solvency of network administrators and providers participating in the network;

(f) The use of evidence-based, research-based, and promising practices, where appropriate, including fidelity and quality assurance provisions;

(g) Network administrator quality assurance activities, including monitoring of the performance of providers in their provider network, with respect to meeting measurable service outcomes;

(h) Network administrator data reporting, including data on contracted provider performance and service outcomes; and

(i) Network administrator compliance with applicable provisions of intergovernmental agreements between the state of Washington and tribal governments and the federal and Washington state Indian child welfare act.

((7)) (7) As part of the procurement process under this section, the department shall issue the request for proposals or request for information no later than December 31, ((2015)) 2016:

(a) The department shall notify the apparently successful bidders no later than June 30, 2013, shall begin implementation of performance-based contracting no later than July 1, 2014, and shall fully implement performance-based contracting no later than July 1, 2015;

((8)) (8) Performance-based payment methodologies must be used in network administrator contracting. Performance measures should relate to successful engagement by a child or parent in services included in their case plan, and resulting improvement in identified problem behaviors and interactions. For the initial three-year period of implementation of performance-based contracting, the department may transfer financial risk for the provision of services to network administrators only to the limited extent necessary to implement a performance-based payment methodology, such as phased payment for services. However, the department may develop a shared savings methodology through which the network administrator will receive a defined share of any savings that result from improved performance. If the department receives a Title IV-E waiver, the shared savings methodology must be consistent with the terms of the waiver. If a shared savings methodology is adopted, the network administrator shall reinvest the savings in enhanced services to better meet the needs of the families and children they serve.

((9)) (9) The department must actively monitor network administrator compliance with the terms of contracts executed under this section.

((10)) (10) The use of performance-based contracts under this section must be done in a manner that does not adversely affect the state's ability to continue to obtain federal funding for child welfare-related functions currently performed by the state and with consideration of options to further maximize federal funding opportunities and increase flexibility in the use of such funds, including use for preventive and in-home child welfare services.

Sec. 4. RCW 74.13.360 and 2012 c 205 s 8 are each amended to read as follows:

(1) No later than December 30, ((2015)) 2016:

(a) In the demonstration sites selected under RCW 74.13.368(4)(a), child welfare services shall be provided by supervising agencies with whom the department has entered into performance-based contracts. Supervising agencies may enter into subcontracts with other licensed agencies; and

(b) Except as provided in subsection (3) of this section, and notwithstanding any law to the contrary, the department may not directly provide child welfare services to families and children provided child welfare services by supervising agencies in the demonstration sites selected under RCW 74.13.368(4)(a).

(2) No later than December 30, ((2015)) 2016, for families and children provided child welfare services by supervising agencies in the demonstration sites selected under RCW 74.13.368(4)(a), the department is responsible for only the following:

(a) Monitoring the quality of services for which the department contracts under this chapter;

(b) Ensuring that the services are provided in accordance with federal law and the laws of this state, including the Indian child welfare act;

(c) Providing child protection functions and services, including intake and investigation of allegations of child abuse or neglect, emergency shelter care functions under RCW 13.34.050, and referrals to appropriate providers; and

(d) Issuing licenses pursuant to chapter 74.15 RCW.

(3) No later than December 30, ((2015)) 2016, for families and children provided child welfare services by supervising agencies in the demonstration sites selected under RCW 74.13.368(4)(a), the department may provide child welfare services only:

(a) For the limited purpose of establishing a control or comparison group as deemed necessary by the child welfare transformation design committee, with input from the Washington state institute for public policy, to implement the demonstration sites selected and defined pursuant to RCW 74.13.368(4)(a) in which the performance in achieving measurable outcomes will be compared and evaluated pursuant to RCW 74.13.370; or

(b) In an emergency or as a provider of last resort. The department shall adopt rules describing the circumstances under which the department may provide those services. For purposes of this section, "provider of last resort" means the department is unable to contract with a private agency to provide child welfare services in a particular geographic area or, after entering into a contract with a private agency, either the contractor or the department terminates the contract.

(4) For purposes of this chapter, on and after September 1, 2010, performance-based contracts shall be structured to hold the supervising agencies accountable for achieving the following goals in order of importance: Child safety; child permanency, including reunification; and child well-being.

(5) A federally recognized tribe located in this state may enter into a performance-based contract with the department to provide child welfare services to Indian children whether or not they reside on a reservation. Nothing in this section prohibits a federally recognized Indian tribe located in this state from providing child welfare services...
to its members or other Indian children pursuant to existing tribal law, regulation, or custom, or from directly entering into agreements for the provision of such services with the department, if the department continues to otherwise provide such services, or with federal agencies.

NEW SECTION. Sec. 5. RCW 74.13.368 (Performance-based contracts--Child welfare transformation design committee) and 2012 c 205 s 10, 2010 c 291 s 2, & 2009 c 520 s 8 are each suspended as of the effective date of this section until December 1, 2015. 7

On page 1, line 1 of the title, after "Relating to" strike the remainder of the title and insert "measuring performance and performance-based contracting of the child welfare system; amending RCW 74.13B.020 and 74.13.360; adding a new section to chapter 74.13 RCW; and creating new sections."

and the same is herewith transmitted.

MESSAGE FROM THE SENATE

April 17, 2013

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 1826 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 19.280.010 and 2006 c 195 s 1 are each amended to read as follows:

It is the intent of the legislature to encourage the development of new safe, clean, and reliable energy resources to meet demand in Washington for affordable and reliable electricity. To achieve this end, the legislature finds it essential that electric utilities in Washington develop comprehensive resource plans that explain the mix of generation and demand-side resources they plan to use to meet their customers' electricity needs in both the short term and the long term. The legislature intends that information obtained from integrated resource planning under this chapter will be used to assist in identifying and developing: (1) New energy generation((,)); (2) conservation and efficiency resources((,)); (3) methods, commercially available technologies, and facilities for integrating renewable resources and, where applicable, address overgeneration events, and efficiency resources that will meet current and projected needs at the lowest reasonable cost to the utility and its ratepayers and that complies with the requirements specified in RCW 19.280.030(1).

(10) "Investor-owned utility" means a corporation owned by investors that meets the definition in RCW 80.04.010 and is engaged in distributing electricity to more than one retail electric customer in the state.

(11) "Least reasonable cost" means the lowest cost mix of generating resources and conservation and efficiency resources determined through a detailed and consistent analysis of a wide range of commercially available resources. At a minimum, this analysis must consider resource cost, market-volatility risks, demand-side resource uncertainties, resource dispatchability, resource effect on system operation, the risks imposed on the utility and its ratepayers, public policies regarding resource preference adopted by Washington state or the federal government, and the cost of risks associated with environmental effects including emissions of carbon dioxide.

(12) "Plan" means either an "integrated resource plan" or a "resource plan."

(13) "Renewable resources" means electricity generation facilities fueled by: (a) Water; (b) wind; (c) solar energy; (d) geothermal energy; (e) landfill gas; (f) biomass energy utilizing animal waste, solid organic fuels from wood, forest, or field residues or dedicated energy crops that do not include wood pieces that have been treated with chemical preservatives such as creosote, pentachlorophenol, or copper-chrome-arsenic; (g) by-products of pulping or wood manufacturing processes, including but not limited to bark, wood chips, sawdust, and lignin in spent pulping liquors; (h) ocean thermal, wave, or tidal power; or (i) gas from sewage treatment facilities.

(14) "Resource plan" means an assessment that estimates electricity loads and resources over a defined period of time and complies with the requirements in RCW 19.280.030(2). (15) "Overgeneration event" means an event within the following period of a balancing authority when the electricity supply, including generation from intermittent renewable resources, exceeds the demand for electricity for that utility's energy delivery obligations and when there is a negatively priced regional market.

Sec. 3. RCW 19.280.030 and 2011 c 180 s 305 are each amended to read as follows:

Each electric utility must develop a plan consistent with this section.

(1) Utilities with more than twenty-five thousand customers that are not full requirements customers shall develop or update an integrated resource plan by September 1, 2008. At a minimum, progress reports reflecting changing conditions and the progress of
the integrated resource plan must be produced every two years thereafter. An updated integrated resource plan must be developed at least every four years subsequent to the 2008 integrated resource plan. The integrated resource plan, at a minimum, must include:

(a) A range of forecasts, for at least the next ten years or longer, of projected customer demand which takes into account econometric data and customer usage;
(b) An assessment of commercially available conservation and efficiency resources. Such assessment may include, as appropriate, high efficiency cogeneration, demand response and load management programs, and currently employed and new policies and programs needed to obtain the conservation and efficiency resources;
(c) An assessment of commercially available, utility scale renewable and nonrenewable generating technologies including a comparison of the benefits and risks of purchasing power or building new resources;
(d) A comparative evaluation of renewable and nonrenewable generating resources, including transmission and distribution delivery costs, and conservation and efficiency resources using "lowest reasonable cost" as a criterion;
(e) An assessment of methods, commercially available technologies, or facilities for integrating renewable resources, and addressing overgeneration events, if applicable to the utility's resource portfolio;
(f) The integration of the demand forecasts and resource evaluations into a long-range assessment describing the mix of supply side generating resources and conservation and efficiency resources that will meet current and projected needs, including mitigating overgeneration events, at the lowest reasonable cost and risk to the utility and its ratepayers; and

((44)) (g) A short-term plan identifying the specific actions to be taken by the utility consistent with the long-range integrated resource plan.

(2) All other utilities may elect to develop a full integrated resource plan as set forth in subsection (1) of this section or, at a minimum, shall develop a resource plan that:
(a) Estimates loads for the next five and ten years;
(b) Enumerates the resources that will be maintained and/or acquired to serve those loads; and
(c) Explains why the resources in (b) of this subsection were chosen and, if the resources chosen are not: (i) Renewable resources; (ii) methods, commercially available technologies, or facilities for integrating renewable resources, including addressing any overgeneration event; or (iii) conservation and efficiency resources, why such a decision was made.

(3) An electric utility that is required to develop a resource plan under this section must complete its initial plan by September 1, 2008.

(4) Resource plans developed under this section must be updated on a regular basis, at a minimum on intervals of two years.

(5) Plans shall not be a basis to bring legal action against electric utilities.

(6) Each electric utility shall publish its final plan either as part of an annual report or as a separate document available to the public. The report may be in an electronic form.

Sec. 4. RCW 19.280.060 and 2006 c 195 s 6 are each amended to read as follows:

The department shall review the plans of consumer-owned utilities and investor-owned utilities, and data available from other state, regional, and national sources, and prepare an electronic report to the legislature aggregating the data and assessing the overall adequacy of Washington's electricity supply. The report shall include a statewide summary of utility load forecasts, load/resource balance, and utility plans for the development of thermal generation, renewable resources, and an examination of assessment methods used by utilities to address overgeneration events. The commission shall provide the department with data summarizing the plans of investor-owned utilities for use in the department's statewide summary. The department may submit its report within the biennial report required under RCW 43.21F.045."

On page 1, line 2 of the title, after "markets;" strike the remainder of the title and insert "and amending RCW 19.280.010, 19.280.020, 19.280.030, and 19.280.060."

and the same is herewith transmitted.

The department shall review the plans of consumer-owned utilities and investor-owned utilities, and data available from other state, regional, and national sources, and prepare an electronic report to the legislature aggregating the data and assessing the overall adequacy of Washington's electricity supply. and the same is herewith transmitted.

Brad Hendrickson, Deputy, Secretary
(1) Consistent with federal law, the commissioner, in consultation with the board and the health care authority, shall, by rule, select the largest small group plan in the state by enrollment as the benchmark plan for the individual and small group market for purposes of establishing the essential health benefits in Washington state under P.L. 111-148 of 2010, as amended.

(2) If the essential health benefits benchmark plan for the individual and small group market does not include all of the ten benefit categories specified by section 1302 of P.L. 111-148, as amended, the commissioner, in consultation with the board and the health care authority, shall, by rule, supplement the benchmark plan benefits as needed to meet the minimum requirements of section 1302.

(3) A health plan required to offer the essential health benefits, other than a health plan offered through the federal basic health program or medicaid, under P.L. 111-148 of 2010, as amended, may not be offered in the state unless the commissioner finds that it is substantially equal to the benchmark plan. When making this determination, the commissioner ((must)):

(a) Must ensure that the plan covers the ten essential health benefits categories specified in section 1302 of P.L. 111-148 of 2010, as amended;
(b) May consider whether the health plan has a benefit design that would create a risk of biased selection based on health status and whether the health plan contains meaningful scope and level of benefits in each of the ten essential health benefit categories specified by section 1302 of P.L. 111-148 of 2010, as amended;
(c) Notwithstanding the foregoing, for benefit years beginning January 1, 2015, and only to the extent permitted by federal law and guidance, must establish by rule the review and approval requirements and procedures for pediatric oral services when offered in stand-alone dental plans in the nongrandfathered individual and small group markets outside of the exchange; and
(d) Unless prohibited by federal law and guidance, must allow health carriers to also offer pediatric oral services within the health benefit plan in the nongrandfathered individual and small group markets outside of the exchange.

(4) Beginning December 15, 2012, and every year thereafter, the commissioner shall submit to the legislature a list of state-mandated health benefits, the enforcement of which will result in federally imposed costs to the state related to the plans sold through the exchange because the benefits are not included in the essential health benefits designated under federal law. The list must include the anticipated costs to the state of each state-mandated health benefit on the list and any statutory changes needed if funds are not appropriated to defray the state costs for the listed mandate. The commissioner may enforce a mandate on the list for the entire market only if funds are not appropriated by the commissioner by rule under chapter 34.05 RCW.

(5) No participating provider, or insurance producer, trustee, or assignee thereof, may maintain an action against an enrolled participant to collect sums owed by the health maintenance organization.

Sec. 3. RCW 48.14.0201 and 2011 c 47 s 8 are each amended to read as follows:

(1) As used in this section, "taxpayer" means a health maintenance organization as defined in RCW 48.46.020, a health care service contractor as defined in (RCW 48.44.010) chapter 48.44 RCW, or a self-funded multiple employer welfare arrangement as defined in RCW 48.125.010.

(2) Each taxpayer must pay a tax on or before the first day of March of each year to the state treasurer through the insurance commissioner's office. The tax must be equal to the total amount of all premiums and prepayments for health care services collected or received by the taxpayer under RCW 48.14.090 during the preceding calendar year multiplied by the rate of two percent. For tax purposes, the reporting of premiums and prepayments must be on a written basis or on a paid-for basis consistent with the basis required by the annual statement.

(3) Taxpayers must prepay their tax obligations under this section. The minimum amount of the prepayments is the percentages of the taxpayer's tax obligation for the preceding calendar year recomputed using the rate in effect for the current year. For the prepayment of taxes due during the first calendar year, the minimum amount of the prepayments is the percentages of the taxpayer's tax obligation that would have been due had the tax been in effect during the previous calendar year. The tax prepayments must be paid to the state treasurer through the commissioner's office by the due dates and in the following amounts:

(a) On or before June 15, forty-five percent;
(b) On or before September 15, twenty-five percent;
(c) On or before December 15, twenty-five percent.

(4) For good cause demonstrated in writing, the commissioner may extend the approval period an additional fifteen days of filing shall be deemed approved, except that the commissioner may extend the approval period an additional fifteen days upon giving notice before the expiration of the initial fifteen-day period. The commissioner may approve such a contract form for immediate use at any time. Approval may be subsequently withdrawn for cause.

(c) Subject to the right of the health maintenance organization to demand and receive a hearing under chapters 48.04 and 34.05 RCW, the commissioner may disapprove such a contract form if it is in any respect in violation of this chapter or if it fails to conform to minimum provisions or standards required by the commissioner by rule under chapter 34.05 RCW.

(d) In exceptional situations approved in advance by the commissioner, if the health maintenance organization is unable to negotiate reasonable and cost-effective participating provider contracts.

(3)(a) Each participating provider contract form shall be filed with the commissioner fifteen days before it is used.

(b) Any contract form not affirmatively disapproved within fifteen days of filing shall be deemed approved, except that the commissioner may extend the approval period an additional fifteen days upon giving notice before the expiration of the initial fifteen-day period. The commissioner may approve such a contract form for immediate use at any time. Approval may be subsequently withdrawn for cause.

(c) Subject to the right of the health maintenance organization to demand and receive a hearing under chapters 48.04 and 34.05 RCW, the commissioner may disapprove such a contract form if it is in any respect in violation of this chapter or if it fails to conform to minimum provisions or standards required by the commissioner by rule under chapter 34.05 RCW.

(d) No participating provider, or insurance producer, trustee, or assignee thereof, may maintain an action against an enrolled participant to collect sums owed by the health maintenance organization.
provided under Title XVIII (medicare) of the federal social security act.

(b) Amounts received by any taxpayer from the state of Washington as prepayments for health care services provided under:
   (i) The medical care services program as provided in RCW 74.09.035; or
   (ii) The Washington basic health plan on behalf of subsidized enrollees as provided in chapter 70.47 RCW.

(c) Amounts received by any health care service contractor((s)) as defined in ((RCW 48.44.010)) chapter 48.44 RCW, or any health maintenance organization as defined in chapter 48.46 RCW, as prepayments for health care services included within the definition of practice of dentistry under RCW 18.32.020, except amounts received for pediatric oral services that qualify as coverage for the minimum essential coverage requirement under P.L. 111-148 (2010), as amended.

(d) Participant contributions to self-funded multiple employer welfare arrangements that are not taxable in this state.

(7) Beginning January 1, 2000, the state preempts the field of imposing excise or privilege taxes upon taxpayers and no county, city, town, or other municipal subdivision has the right to impose any such taxes upon such taxpayers. This subsection is limited to premiums and payments for health benefit plans offered by health care service contractors under chapter 48.44 RCW, health maintenance organizations under chapter 48.46 RCW, and self-funded multiple employer welfare arrangements as defined in RCW 48.125.010. The preemption authorized by this subsection must not impair the ability of a county, city, town, or other municipal subdivision to impose excise or privilege taxes upon the health care services directly delivered by the employees of a health maintenance organization under chapter 48.46 RCW.

(8)(a) The taxes imposed by this section apply to a self-funded multiple employer welfare arrangement only in the event that they are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq. The arrangements and the commissioner must initially request an advisory opinion from the United States department of labor or obtain a declaratory ruling from a federal court on the legality of imposing state premium taxes on these arrangements. Once the legality of the taxes has been determined, the multiple employer welfare arrangement certified by the insurance commissioner must begin payment of these taxes.

(b) If there has not been a final determination of the legality of these taxes, then beginning on the earlier of (i) the date the fourth multiple employer welfare arrangement has been certified by the insurance commissioner, or (ii) April 1, 2006, the arrangement must deposit the taxes imposed by this section into an interest bearing escrow account maintained by the arrangement. Upon a final determination that the taxes are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq., all funds in the interest bearing escrow account must be transferred to the state treasurer.

(9) The effect of transferring contracts for health care services from one taxpayer to another taxpayer is to transfer the tax prepayment obligation with respect to the contracts.

(10) On or before June 1st of each year, the commissioner must notify each taxpayer required to make prepayments in that year of the amount of each prepayment and must provide remittance forms to be used by the taxpayer. However, a taxpayer's responsibility to make prepayments is not affected by failure of the commissioner to send, or the taxpayer to receive, the notice or forms.

Sec. 4. RCW 48.14.020 and 2009 c 161 s 3 are each amended to read as follows:

(1) Subject to other provisions of this chapter, each authorized insurer except title insurers shall on or before the first day of March of each year pay to the state treasurer through the commissioner's office a tax on premiums. Except as provided in subsection (((2))) (3) of this section, such tax shall be in the amount of two percent of all premiums, excluding amounts returned to or the amount of reductions in premiums allowed to holders of industrial life policies for payment of premiums directly to an office of the insurer, collected or received by the insurer under RCW 48.14.090 during the preceding calendar year other than ocean marine and foreign trade insurances, after deducting premiums paid to policyholders as returned premiums, upon risks or property resident, situated, or to be performed in this state. For tax purposes, the reporting of premiums shall be on a written basis or on a paid-for basis consistent with the basis required by the annual statement. For the purposes of this section the consideration received by an insurer for the granting of an annuity shall not be deemed to be a premium.

(2) The taxes imposed in this section do not apply to amounts received by any life and disability insurer for health care services included within the definition of practice of dentistry under RCW 18.32.020 except amounts received for pediatric oral services that qualify as coverage for the minimum essential coverage requirement under P.L. 111-148 (2010), as amended.

(3) In the case of insurers which require the payment by their policyholders at the inception of their policies of the entire premium thereon in the form of premiums or premium deposits which are the same in amount, based on the character of the risks, regardless of the length of term for which such policies are written, such tax shall be in the amount of two percent of the gross amount of such premiums and premium deposits upon policies on risks resident, located, or to be performed in this state, in force as of the thirty-first day of December next preceding, less the unused or unabsorbed portion of such premiums and premium deposits computed at the average rate thereof actually paid or credited to policyholders or applied in part payment of any renewal premiums or premium deposits on one-year policies expiring during such year.

(4) Each authorized insurer shall with respect to all ocean marine and foreign trade insurance contracts written within this state during the preceding calendar year, on or before the first day of March of each year pay to the state treasurer through the commissioner's office a tax of ninety-five one-hundredths of one percent on its gross underwriting profit. Such gross underwriting profit shall be ascertained by deducting from the net premiums (i.e., gross premiums less all return premiums and premiums for reinstate) on such ocean marine and foreign trade insurance contracts the net losses paid (i.e., gross losses paid less salvage and recoveries on reinstatement ceded) during such calendar year under such contracts. In the case of insurers issuing participating contracts, such gross underwriting profit shall not include, for computation of the tax prescribed by this subsection, the amounts refunded, or paid as participation dividends, by such insurers to the holders of such contracts.

(5) The state does hereby preempt the field of imposing excise or privilege taxes upon insurers or their appointed insurance producers, other than title insurers, and no county, city, town or other municipal subdivision shall have the right to impose any such taxes upon such insurers or these insurance producers.

(6) If an authorized insurer collects or receives any such premiums on account of policies in force in this state which were originally issued by another insurer and which other insurer is not authorized to transact insurance in this state on its own account, such collecting insurer shall be liable for and shall pay the tax on such premiums."

On page 1, line 1 of the title, after "coverage:" strike the remainder of the title and insert "and amending RCW 48.43.715, 48.46.243, 48.14.0201, and 48.14.020." and the same is herewith transmitted.

(e) A subagent appointee may name a recommended successor at any time during his or her appointment by notifying the county auditor or other agent appointed by the director in writing and filing a copy with the director. (f) If the county auditor or other agent appointed by the director does not select the recommended successor for appointment as a result of the open competitive process, the county auditor or other agent appointed by the director must contact the subagent appointee by letter and explain the decision. The subagent appointee must be provided an opportunity to respond in writing. Any response by the subagent appointee must be included in the open competitive process materials submitted to the department.

(6) Standard contracts. The standard contracts provided by the director in this section may include provisions that the director deems necessary to ensure that readily accessible and acceptable service is provided to the citizens of the state, including the full collection of fees and taxes. (7) County auditor/agent cost reimbursement. A county auditor or other agent appointed by the director who does not cover expenses for services provided by the standard contract may submit to the department a request for cost-coverage moneys. The request must be submitted on a form developed by the department. The department must develop procedures to standardize and identify allowable costs and to verify whether a request is reasonable. Payment must be made on those requests found to be allowable from the licensing services account.

(8) County auditor/agent revenue disbursement. County revenues that exceed the cost of providing services described in the standard contract, calculated in accordance with the procedures in subsection (7) of this section, must be expended as determined by the county legislative authority during the process established by law for adoption of county budgets.

(9) Appointment authority. The director has final appointment authority for county auditors or other agents or subagents.

(10) Rules. The director may adopt rules to implement this section.

(2) A vessel numbered in this state under the federal boat safety act of 1971 (85 Stat. 213, 46 U.S.C. 4301 et seq.) is not required to be registered under this chapter until the certificate of number issued for the vessel under the federal boat safety act expires. When registering under this chapter, this type of vessel is subject to the amount of excise tax due under chapter 82.49 RCW that would have been due under chapter 82.49 RCW if the vessel had been registered at the time otherwise required under this chapter.

Sec. 32. RCW 79.100.120 and 2010 c 210 s 34 are each amended to read as follows:

(1) A person seeking to contest an authorized public entity's decision to take temporary possession or custody of a vessel under this chapter, or to contest the amount of reimbursement owed to an authorized public entity under this chapter, may request a hearing in accordance with this section.

(2)(a) If the contested decision or action was undertaken by a state agency, a written request for a hearing related to the decision or action must be filed with the pollution control hearings board and served on the state agency in accordance with RCW 43.21B.230 (2) and (3) within thirty days of the date the authorized public entity acquires custody of the vessel under RCW 79.100.040, or if the vessel is redeemed before the authorized public entity acquires custody, the date of redemption, or the right to a hearing is deemed waived and the vessel's owner is liable for any costs owed the authorized public entity. In the event of litigation, the prevailing party is entitled to reasonable attorneys' fees and costs.

(b) Upon receipt of a timely hearing request, the pollution control hearings board shall proceed to hear and determine the validity of the decision to take the vessel into temporary possession or custody and the reasonableness of any towing, storage, or other charges permitted under this chapter. Within five business days after the request for a hearing is filed, the pollution control hearings board shall notify the vessel owner requesting the hearing and the authorized public entity of the date, time, and location for the hearing. Unless the vessel is redeemed before the request for hearing is filed, the pollution control hearings board shall set the hearing on a date that is within ten business days of the filing of the request for hearing. If the vessel is redeemed before the request for a hearing is filed, the pollution control hearings board shall set the hearing on a date that is within sixty days of the filing of the request for hearing.

(c) Consistent with RCW 43.21B.305, a proceeding brought under this subsection may be heard by one member of the pollution control hearings board, whose decision is the final decision of the board.

(3)(a) If the contested decision or action was undertaken by a metropolitan park district, port district, city, town, or county, which has adopted rules or procedures for contesting decisions or actions pertaining to derelict or abandoned vessels, those rules or procedures must be followed in order to contest a decision to take temporary possession or custody of a vessel, or to contest the amount of reimbursement owed.

(b) If the metropolitan park district, port district, city, town, or county has not adopted rules or procedures for contesting decisions or actions pertaining to derelict or abandoned vessels, then a person requesting a hearing under this section must follow the procedure established in ((RCW 53.08.320(5) for contesting the decisions or actions of moorage facility operators)) subsection (2) of this section.

The authority granted (herein) in this section shall not be construed to require any person to divulge trade secrets or secret processes. The director may issue subpoenas for the production of any books, records, documents, or witnesses in any hearing conducted pursuant to this chapter.

(2) The department may utilize the authority granted to it in section 35 of this act for the purposes of mitigating a potential threat to health, safety, or the environment from a vessel.

Sec. 37. RCW 79.100.040 and 2007 c 342 s 2 are each amended to read as follows:

(1) Prior to exercising the authority granted in RCW 79.100.030, the authorized public entity must first obtain custody of the vessel. To do so, the authorized public entity must:
(a) Mail notice of its intent to obtain custody, at least twenty days prior to taking custody, to the last known address of the previous owner to register the vessel in any state or with the federal government and to any lien holders or secured interests on record. A notice need not be sent to the purported owner or any other person whose interest in the vessel is not recorded with a state or federal agency;

(b) Post notice of its intent clearly on the vessel for thirty days and publish its intent at least once, more than ten days but less than twenty days prior to taking custody, in a newspaper of general circulation for the county in which the vessel is located; and

(c) Post notice of its intent on the department's internet web site on a page specifically designated for such notices. If the authorized public entity is not the department, the department must facilitate the internet posting.

(2) All notices sent, posted, or published in accordance with this section must, at a minimum, explain the intent of the authorized public entity to take custody of the vessel, the rights of the authorized public entity after taking custody of the vessel as provided in RCW 79.100.050, the procedures the owner must follow in order to avoid custody being taken by the authorized public entity, the procedures the owner must follow in order to reclaim possession after custody is taken by the authorized public entity, and the financial liabilities that the owner may incur as provided for in RCW 79.100.060.

(3) (a) ([If a]) Any authorized public entity may tow, beach, or otherwise take temporary possession of a vessel if the owner of the vessel cannot be located or is unwilling or unable to assume immediate responsibility for the vessel and if the vessel:

(i) Is in immediate danger of sinking, breaking up, or blocking navigational channels; or

(ii) Poses a reasonably imminent threat to human health or safety, including a threat of environmental contamination;

(iii) The owner of the vessel cannot be located or is unwilling or unable to assume immediate responsibility for the vessel; any authorized public entity may tow, beach, or otherwise take temporary possession of the vessel).

(b) Before taking temporary possession of the vessel, the authorized public entity must make reasonable attempts to consult with the department or the United States coast guard to ensure that other remedies are not available. The basis for taking temporary possession of the vessel must be set out in writing by the authorized public entity within seven days of taking action and be submitted to the owner, if known, as soon thereafter as is reasonable. If the authorized public entity has not already provided the required notice, immediately after taking possession of the vessel, the authorized public entity must initiate the notice provisions in subsection (1) of this section. The authorized public entity must complete the notice requirements of subsection (1) of this section before using or disposing of the vessel as authorized in RCW 79.100.050.

(4) An authorized public entity may invite the department of ecology to use the authority granted to it under RCW 90.56.410 prior to, or concurrently with, obtaining custody of a vessel under this section. However, this is not a necessary prerequisite to an authorized public entity obtaining custody.

NEW SECTION. Sec. 38. A new section is added to chapter 79.100 RCW to read as follows:

(1) A vessel owner must obtain a vessel inspection under this section prior to transferring a vessel that is:

(a) More than sixty-five feet in length and more than forty years old; and

(b) Either:

(i) Is registered or required to be registered under chapter 88.02 RCW; or

(ii) Is listed or required to be listed under chapter 84.40 RCW.

(2) Where required under subsection (1) of this section, a vessel owner must provide a copy of the vessel inspection documentation to the transferee and, if the department did not conduct the inspection, to the department prior to the transfer.

(3) Failure to comply with the requirements of subsections (1) and (2) of this section will result in the transferor having secondary liability under RCW 79.100.060 if the vessel is later abandoned by the transferee or becomes derelict prior to a subsequent ownership transfer.

NEW SECTION. Sec. 39. (1) By December 31, 2013, the department of natural resources shall adopt by rule procedures and standards for the vessel inspections required under section 38 of this act. The procedures and standards must identify the public or private entities authorized to conduct inspections, the required elements of an inspection, and the manner in which inspection results must be documented. The vessel inspection required under this section must be designed to:

(a) Provide the transferee with current information about the condition of the vessel, including the condition of its hull and key operating systems, prior to the transfer;

(b) Provide the department of natural resources with information under (a) of this subsection for each applicable vessel and, more broadly, to improve the department's understanding of the condition of the larger, older boats in the state's waters;

(c) Discourage the future abandonment or dereliction of the vessel; and

(d) Maximize the efficiency and effectiveness of the inspection process, including with respect to the time and resources of the transferor, transferee, and the state.

(2) The department of natural resources shall work with appropriate government agencies and stakeholders in designing the inspection process and standards under this section.

(3) This section expires July 31, 2014.

Sec. 40. RCW 79.100.060 and 2006 c 153 s 4 are each amended to read as follows:

(1) The owner of an abandoned or derelict vessel, or any person or entity that has incurred secondary liability under section 38 of this act, is responsible for reimbursing an authorized public entity for all reasonable and auditable costs associated with the removal or disposal of the owner's vessel under this chapter. These costs include, but are not limited to, costs incurred exercising the authority granted in RCW 79.100.030, all administrative costs incurred by the authorized public entity during the procedure set forth in RCW 79.100.040, removal and disposal costs, and costs associated with environmental damages directly or indirectly caused by the vessel. An authorized public entity that has taken temporary possession of a vessel may require that all reasonable and auditable costs associated with the removal of the vessel be paid before the vessel is released to the owner.

(2) Reimbursement for costs may be sought from an owner, or any person or entity that has incurred secondary liability under section 38 of this act, who is identified subsequent to the vessel's removal and disposal.

(3) If the full amount of all costs due to the authorized public entity under this chapter is not paid to the authorized public entity within thirty days after first notifying the responsible parties of the amounts owed, the authorized public entity or the department may bring an action in any court of competent jurisdiction to recover the costs, plus reasonable attorneys' fees and costs incurred by the authorized public entity.

Sec. 41. RCW 88.26.020 and 1993 c 474 s 2 are each amended to read as follows:

(1) Any private moorage facility operator may take reasonable measures, including the use of chains, ropes, and locks, or removal from the water, to secure vessels within the private moorage facility so that the vessels are in the possession and control of the operator and cannot be removed from the facility. These procedures may be used if an owner mooring or storing a vessel at the facility fails, after being notified that charges are owing and of the owner's right to...
authorized personnel, consistent with this section, to the highest and abandoned, the operator may authorize the public sale of the vessel by owner. The vessel is conclusively presumed to have been abandoned by the operator attempting to notify the owner under subsection (1) of this section, the operator shall attach to the vessel a readily visible notice. The notice shall be of a reasonable size and shall contain the following information:

(a) The date and time the notice was attached;

(b) A statement that if the account is not paid in full within ninety days from the time the notice is attached the vessel may be sold at public auction to satisfy the charges; and

(c) The address and telephone number where additional information may be obtained concerning release of the vessel.

After a vessel is secured, the operator shall make a reasonable effort to notify the owner and any lienholder of record by registered mail in order to give the owner the information contained in the notice.

(2) A private moorage facility operator, at his or her discretion, may move moored vessels ashore for storage within properties under the operator’s control or for storage with a private person under their control as bailees of the private moorage facility, if the vessel is, in the opinion of the operator, a nuisance, in danger of sinking or creating other damage, or is owing charges. The costs of any such procedure shall be paid by the vessel’s owner.

(3) If a vessel is secured under subsection (1) of this section or moved ashore under subsection (2) of this section, the owner who is obligated to the private operator for charges may regain possession of the vessel by:

(a) Making arrangements satisfactory with the operator for the immediate removal of the vessel from the facility or for authorized moorage; and

(b) Making payment to the operator of all charges, or by posting with the operator a sufficient cash bond or other acceptable security, to be held in trust by the operator pending written agreement of the parties with respect to payment by the vessel owner of the amount owing, or pending resolution of the matter of the charges in a civil action in a court of competent jurisdiction. After entry of judgment, including any appeals, in a court of competent jurisdiction, or after the parties reach agreement with respect to payment, the trust shall terminate and the operator shall receive so much of the bond or other security as agreed, or as is necessary, to satisfy any judgment, costs, and interest as may be awarded to the operator. The balance shall be refunded immediately to the owner at the last known address.

(4) If a vessel has been secured by the operator under subsection (1) of this section and is not released to the owner under the bonding provisions of this section within ninety days after notifying or attempting to notify the owner under subsection (1) of this section, the vessel is conclusively presumed to have been abandoned by the owner.

(5) If a vessel moored or stored at a private moorage facility is abandoned, the operator may authorize the public sale of the vessel by authorized personnel, consistent with this section, to the highest and best bidder for cash as follows:

(a) Before the vessel is sold, the vessel owner and any lienholder of record shall be given at least twenty days’ notice of the sale in the manner set forth in subsection (1) of this section if the name and address of the owner is known. The notice shall contain the time and place of the sale, a reasonable description of the vessel to be sold, and the amount of charges owed with respect to the vessel. The notice of sale shall be published at least once, more than ten but not more than twenty days before the sale, in a newspaper of general circulation in the county in which the facility is located. This notice shall include the name of the vessel, if any, the last known owner and address, and a reasonable description of the vessel to be sold. The operator may bid all or part of its charges at the sale and may become a purchaser at the sale.

(b) Before the vessel is sold, any person seeking to redeem an impounded vessel under this section may commence a lawsuit in the superior court for the county in which the vessel was impounded to contest the validity of the impoundment or the amount of charges owing. This lawsuit must be commenced within sixty days of the date the notification was provided under subsection (1) of this section, or the right to a hearing is deemed waived and the owner is liable for any charges owing the operator. In the event of litigation, the prevailing party is entitled to reasonable attorneys’ fees and costs.

(c) The proceeds of a sale under this section shall be applied first to the payment of any liens superior to the claim for charges, then to payment of the charges, then to satisfy any other liens on the vessel in the order of their priority. The balance, if any, shall be paid to the owner. If the owner cannot in the exercise of due diligence be located by the operator within one year of the date of the sale, the excess funds from the sale shall revert to the department of revenue under chapter 79.100 RCW. If the sale is for a sum less than the applicable charges, the operator is entitled to assert a claim for deficiency, however, the deficiency judgment shall not exceed the moorage fees owed for the previous six-month period.

(d) In the event no one purchases the vessel at a sale, or a vessel is not removed from the premises or other arrangements are not made within ten days of sale, title to the vessel will revert to the operator.

(e) Either a minimum bid may be established or a letter of credit may be required from the buyer, or both, to discourage the future abandonment of the vessel.

(6) The rights granted to a private moorage facility operator under this section are in addition to any other legal rights an operator may have to hold and sell a vessel and in no manner does this section alter those rights, or affect the priority of other liens on a vessel.

NEW SECTION. Sec. 42. A new section is added to chapter 79.100 RCW to read as follows:

(1) The department may develop and administer a voluntary vessel turn-in program.

(2) The purpose of the vessel turn-in program is to allow the department to dismantle and dispose of vessels that pose a high risk of becoming a derelict vessel or abandoned vessel, but that do not yet meet the definition of those terms. The department shall design the program with the goal of dismantling and disposing of as many vessels as available resources allow, particularly those vessels posing the greatest risk of becoming abandoned or derelict in the future.

(3) The department shall disseminate information about the vessel turn-in program, including information about the application process, on its internet site and through appropriate agency publications and information sources as determined by the department. The department shall disseminate this information for a reasonable time as determined by the department prior to accepting applications.

(4) The department shall accept and review vessel turn-in program applications from eligible vessel owners, including private marinas that have gained legal title to a vessel in an advanced state of disrepair, during the time period or periods identified by the department. In order to be eligible for the vessel turn-in program, an applicant must demonstrate to the department’s satisfaction that the applicant:

(a) Is a Washington resident or business;

(b) Owns a vessel that is in an advanced state of disrepair, has minimal or no value, and has a high likelihood of becoming an abandoned or derelict vessel; and

(c) Has insufficient resources to properly dispose of the vessel outside of the vessel turn-in program.

(5) Decisions regarding program eligibility and whether to accept a vessel for dismantling and disposal under the turn-in program are within the sole discretion of the department.
(6) The department may take other actions not inconsistent with this section in order to develop and administer the vessel turn-in program.

(7) The department may not spend more than two hundred thousand dollars in any one biennium on the program established in this section.

NEW SECTION. Sec. 43. (1) In compliance with RCW 43.01.036, the department of natural resources must provide a brief summary of the vessel turn-in program authorized under section 42 of this act to the legislature by September 1, 2014, including information about applications for the program, the vessels disposed of, and any recommendations for modification of the program.

(2) This section expires July 31, 2015.

Sec. 44. RCW 43.21B.305 and 2005 c 34 s 2 are each amended to read as follows:

(1) In an appeal that involves a penalty of fifteen thousand dollars or less or that involves a derelict or abandoned vessel under RCW 79.100.120, the appeal may be heard by one member of the board, whose decision shall be the final decision of the board. The board may adopt rules by rule alternative procedures to expedite appeals involving penalties of fifteen thousand dollars or less or involving a derelict or abandoned vessel. These alternatives may include: Mediation, upon agreement of all parties; submission of testimony by affidavit; or other forms that may lead to less formal and faster resolution of appeals.

(2) For appeals that involve a derelict or abandoned vessel under RCW 79.100.120 only, an administrative law judge employed by the board may be substituted for a board member under this section.

NEW SECTION. Sec. 45. (1) The department of natural resources must, in consultation with the department of ecology and appropriate stakeholders, evaluate potential changes to laws and rules related to derelict and abandoned vessels that increase vessel owner responsibility and address challenges associated with the economics of removing vessels from the water. This evaluation must include the development and analysis of:

(a) Administrative and legislative vessel owner responsibility options that seek to ensure the prevention and cleanup of derelict and abandoned vessels, including the development of mandatory processes for public and private moorage facility operators to employ in an effort to appropriately limit the transfer of high risk vessels; and

(b) The identification of challenges and roadblocks to deconstructing derelict vessels and transforming them into a viable scrap metal product.

(2) The department of natural resources may choose which appropriate stakeholders are consulted in the implementation of this section. However, persons with relevant expertise on financial responsibility mechanisms, such as insurance and surety bonds and letters of credit, must be included. The department of natural resources must also seek to ensure opportunities for interested members of the senate and house of representatives to provide input into the work group process and conclusions.

(3) The department of natural resources must provide a summary of the options developed by the work group, or a draft of proposed legislation, to the legislature consistent with RCW 43.01.036 by December 15, 2013.

(4) This section expires June 30, 2014.

NEW SECTION. Sec. 46. Section 33 of this act expires June 30, 2019.

(1) Subject to the requirements in RCW 39.10.250, 39.10.270, or 39.10.280, public bodies may utilize the design-build procedure for public works projects in which the total project cost is over ten million dollars and where:
   (a) The design-build activities, technologies, or schedule to be used are highly specialized and a design-build approach is critical in developing the construction methodology or implementing the proposed technology; construction activities are highly specialized and a design-build approach is critical in developing the construction methodology; or
   (b) The project design is repetitive in nature and is an incidental part of the installation or construction); projects selected provide opportunity for greater innovation or efficiencies between the designer and the builder; or
   (c) (Regular interaction with and feedback from facilities users and operators during design is not critical to an effective facility design). Significant savings in project delivery time would be realized.

(2) Subject to the process in RCW 39.10.270 or 39.10.280, public bodies may use the design-build procedure for parking garages, regardless of cost.

(3) The design-build procedure may be used for the construction or erection of preengineered metal buildings, or not more than ten prefabricated modular buildings per installation site, regardless of cost and is not subject to approval by the committee.

(4) Except for utility projects and approved demonstration projects, the design-build procedure may not be used to procure operations and maintenance services for a period longer than three years. State agency projects that propose to use the design-build-operate-maintain procedure shall submit cost estimates for the construction portion of the project consistent with the office of financial management's capital budget requirements. Operations and maintenance costs must be shown separately and must not be included as part of the capital budget request.

(5) Subject to the process in RCW 39.10.280, public bodies may use the design-build procedure for public works projects in which the total project cost is between two million and ten million dollars and that meet one of the criteria in subsection (1)(a), (b), or (c) of this section.

(6) Subject to the process in RCW 39.10.280, a public body may seek committee approval for a design-build demonstration project that includes procurement of operations and maintenance services for a period longer than three years.

   (e) Contract documents that require the contractor, subcontractors, and designers to submit project information required by the board.

(2) A public body utilizing the design-build contracting procedure may provide incentive payments to contractors for early completion, cost savings, or other goals if such payments are identified in the request for proposals.

Sec. 11. RCW 39.10.330 and 2009 c 75 s 5 are each amended to read as follows:

(1) Contracts for design-build services shall be awarded through a competitive process using public solicitation of proposals for design-build services. The public body shall publish at least once in a legal newspaper of general circulation published in, or as near as possible to, that part of the county in which the public work will be done, a notice of its request for qualifications from proposers for design-build services, and the availability and location of the request for proposal documents. The request for qualifications documents shall include:
   (a) A general description of the project that provides sufficient information for proposers to submit qualifications;
   (b) The reasons for using the design-build procedure;
   (c) A description of the qualifications to be required of the proposer including, but not limited to, submission of the proposer's accident prevention program;
   (d) A description of the process the public body will use to evaluate qualifications and finalists' proposals, including evaluation factors and the relative weight of factors and any specific forms to be used by the proposers;
   (i) Evaluation factors for request for qualifications shall include, but not be limited to, technical qualifications, such as specialized experience and technical competence; capability to perform; past performance of the proposers' team, including the architect-engineer and construction members; and other appropriate factors. Evaluation factors may also include: (A) The proposer's past performance in utilizing small business entities; and (B) disadvantaged business enterprises. Cost or price-related factors are not permitted in the request for qualifications phase;
   (ii) Evaluation factors for finalists' proposals shall include, but not be limited to, the factors listed in (d)(i) of this subsection, as well as technical approach design concept; (proposal price) ability of professional personnel; past performance on similar projects; ability to meet time and budget requirements; ability to provide a performance and payment bond for the project; recent, current, and projected workloads of the firm; (and) location; and cost or price-related factors that may include operating costs. The public body may also consider a proposer's outreach plan to include small business entities and disadvantaged business enterprises as subcontractor and suppliers for the project. Alternatively, if the public body determines that all finalists will be capable of producing a design that adequately meets project requirements, the public body may award the contract to the firm that submits the responsive proposal with the lowest price;
   (e) Proceed with procedures including time limits for filing a protest, which in no event may limit the time to file a protest to fewer than four business days from the date the proposer was notified of the selection decision;
   (f) The form of the contract to be awarded;

   (g) The (amount) honorarium to be paid to finalists submitting responsive proposals and who are not awarded a design-build contract;

   (h) The schedule for the procurement process and the project; and

   (i) Other information relevant to the project.

Based on the evaluation committee's findings, the public body shall select not more than five responsive and responsible finalists to submit proposals. The public body may, in its sole discretion, reject all proposals and shall provide its reasons for rejection in writing to all proposers.

(3) The public body shall notify all proposers of the finalists selected to move to the next phase of the selection process. The process may not proceed to the next phase until two business days after all proposers are notified of the committee's selection decision. At the request of a proposer not selected as a finalist, the public body
must provide the requesting proposer with a scoring summary of the
evaluation factors for its proposal. Proposers filing a protest on the
selection of the finalists must file the protest in accordance with the
published protest procedures. The selection process may not advance
to the next phase of selection until two business days after the final
protest decision is transmitted to the protector.

(4) Upon selection of the finalists, the public body shall issue a
request for proposals to the finalists, which shall provide the
following information:

(a) A detailed description of the project including programmatic,
performance, and technical requirements and specifications;
functional and operational elements; minimum and maximum net and
gross areas of any building; and, at the discretion of the public body,
preliminary engineering and architectural drawings; and

(b) The target budget for the design-build portion of the project.

The public body shall establish an evaluation
committee to evaluate the proposals submitted by the finalists.
Design-build contracts shall be awarded using the procedures in (a) or
(b) of this subsection. The public body must identify in the request
for qualifications which procedure will be used.

(a) The finalists’ proposals shall be evaluated and scored based
solely on the factors, weighting, and process identified in the initial
request for qualifications and in any addenda published by the public
body. Public bodies may request best and final proposals from
finalists. The public body shall may initiate negotiations with the
firm submitting the highest scored proposal. If the public body is
unable to execute a contract with the firm submitting the highest
scored proposal, negotiations with that firm may be suspended or
terminated and the public body may proceed to negotiate with the
next highest scored firm. Public bodies shall continue in accordance
with this procedure until a contract agreement is reached or the
selection process is terminated.

(b) If the public body determines that all finalists are capable of
producing a design that adequately meets project requirements, the
public body may award the contract to the firm that submits the
responsive proposal with the lowest price.

(5) The public body shall notify all finalists of the selection
decision and make a selection summary of the final proposals
available to all proposers within two business days of such
notification. If the public body receives a timely written protest from
a finalist firm, the public body may not execute a contract until two
business days after the final protest decision is transmitted to the
protector. The protector must submit its protest in accordance with
the published protest procedures.

(7) The firm awarded the contract shall provide a performance
and payment bond for the contracted amount.

(8) The public body shall provide appropriate honorarium payments
to finalists submitting responsive proposals that are not awarded a
design-build contract. Honorarium payments shall be sufficient to
generate meaningful competition among potential proposers on
design-build projects. In determining the amount of the honorarium,
the public body shall consider the level of effort required to meet the
selection criteria.

Sec. 12. RCW 39.10.340 and 2007 c 494 s 301 are each amended
to read as follows:

work specified in the request for proposal. At the time and place
named, these bids must be publicly opened and read and the public
body shall make all previous scoring available to the public. The
public body shall select the firm submitting the highest scored final
proposal using the evaluation factors and the relative weight of factors
published in the public solicitation of proposals. A public body shall
not evaluate or disqualify a proposal based on the terms of a
collective bargaining agreement.
(5) The public body shall notify all finalists of the selection decision and make a selection summary of the final proposals available to all proposers within two business days of such notification. If the public body receives a timely written protest from a proposer, the public body may not execute a contract until two business days after the final protest decision is transmitted to the protestor. The protestor must submit its protest in accordance with the published protest procedures.

(6) Public bodies may contract with the selected firm to provide services during the design phase that may include life-cycle cost design considerations, value engineering, scheduling, cost estimating, constructability, alternative construction options for cost savings, and sequencing of work, and to act as the construction manager and general contractor during the construction phase.

Sec. 14. RCW 39.10.380 and 2007 c 494 s 305 are each amended to read as follows:

(1) All subcontract work and equipment and materials purchases shall be competitively bid with public bid openings. Subcontract bid packages and equipment and materials purchases shall be awarded to the responsible bidder submitting the lowest responsive bid. In preparing subcontract bid packages, the general contractor/construction manager shall not be required to violate or waive terms of a collective bargaining agreement.

(2) All subcontract bid packages in which bidder eligibility was not determined in advance shall include the specific objective criteria that will be used by the general contractor/construction manager and the public body to evaluate bidder responsibility. If the lowest bidder submitting a responsive bid is determined by the general contractor/construction manager and the public body not to be responsible, the general contractor/construction manager and the public body must provide written documentation to that bidder explaining their intent to reject the bidder as not responsible and afford the bidder the opportunity to establish that it is a responsible bidder. Responsibility shall be determined in accordance with criteria listed in the bid documents. Protests concerning bidder responsibility determination by the general contractor/construction manager and the public body shall be in accordance with subsection (4) of this section.

(3) All subcontractors who bid work over three hundred thousand dollars shall post a bid bond. All subcontractors who are awarded a contract over three hundred thousand dollars shall provide a performance and payment bond for the contract amount. All other subcontractors shall provide a performance and payment bond if required by the general contractor/construction manager.

(4) If the general contractor/construction manager receives a written protest from a subcontractor bidder or an equipment or material supplier, the general contractor/construction manager shall not execute a contract for the subcontract bid package or equipment or material purchase order with anyone other than the protesting bidder without first providing at least two full business days’ written notice to all bidders of the intent to execute a contract for the subcontract bid package. The protesting bidder must submit written notice of its protest no later than two full business days following the bid opening. Intermediate Saturdays, Sundays, and legal holidays are not counted.

(5) A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project.

(6) The general contractor/construction manager may negotiate with the lowest responsible and responsive bidder to negotiate an adjustment to the lowest bid or proposal price based upon agreed changes to the contract plans and specifications under the following conditions:

(a) All responsive bids or proposal prices exceed the available funds (as certified by an appropriate fiscal officer);

(b) The apparent low responsive bid or proposal does not exceed the available funds by the greater of one hundred twenty-five thousand dollars or two percent for projects valued over ten million dollars; and

(c) The negotiated adjustment will bring the bid or proposal price within the amount of available funds.

(7) If the negotiation is unsuccessful, the subcontract work or equipment or material purchases must be rebid.

(8) The general contractor/construction manager must provide a written explanation if all bids are rejected.

Sec. 15. RCW 39.10.385 and 2010 c 163 s 1 are each amended to read as follows:

As an alternative to the subcontractor selection process outlined in RCW 39.10.380, a general contractor/construction manager may, with the approval of the public body, select ((a)) mechanical subcontractors, ((an)) electrical subcontractors, or both, using the process outlined in this section. This alternative selection process may only be used when the anticipated value of the subcontract will exceed three million dollars. When using the alternative selection process, the general contractor/construction manager should select the subcontractor early in the life of the public works project.

(1) In order to use this alternative selection process, the general contractor/construction manager and the public body must determine that it is in the best interest of the public. In making this determination the general contractor/construction manager and the public body must:

(a) Publish a notice of intent to use this alternative selection process in a legal newspaper published in or as near as possible to that part of the county where the public work will be constructed. Notice must be published at least fourteen calendar days before conducting a public hearing. The notice must include the date, time, and location of the hearing; a statement justifying the basis and need for the alternative selection process; how interested parties may, prior to the hearing, obtain the evaluation criteria and applicable weight given to each criteria that will be used for evaluation; and protest procedures including notice of the date the proposer was notified of the selection decision;

(b) Conduct a hearing and provide an opportunity for any interested party to submit written and verbal comments regarding the justification for using this selection process, the evaluation criteria, weights for each criteria, and protest procedures;

(c) After the public hearing, consider the written and verbal comments received and determine if using this alternative selection process is in the best interests of the public; and

(d) Issue a written final determination to all interested parties. All protests of the decision to use the alternative selection process must be in writing and submitted to the public body within seven calendar days of the final determination. Any modifications to the criteria weights, and protest procedures based on comments received during the public hearing process must be included in the final determination.

(2) Contracts for the services of a subcontractor under this section must be awarded through a competitive process requiring a public solicitation of proposals. Notice of the public solicitation of proposals must be provided to the office of minority and women’s business enterprises. The public solicitation of proposals must include:

(a) A description of the project, including programmatic, performance, and technical requirements and specifications when available;

(b) The reasons for using the alternative selection process;

(c) A description of the minimum qualifications required of the firm;

(d) A description of the process used to evaluate qualifications and proposals, including evaluation factors and the relative weight of factors;
(e) Protest procedures;
   (f) The form of the contract, including any contract for preconstruction services, to be awarded;
   (((4))) (g) The estimated maximum allowable subcontract cost; and
   (((4))) (h) The bid instructions to be used by the finalists.

(3) Evaluation factors for selection of the subcontractor must include, but not be limited to:
   (a) Ability of the firm's professional personnel;
   (b) The firm's past performance on similar projects;
   (c) The firm's ability to meet time and budget requirements;
   (d) The scope of work the firm proposes to perform with its own forces and its ability to perform that work;
   (e) The firm's plan for outreach to minority and women-owned businesses;
   (f) The firm's proximity to the project location;
   (g) The firm's capacity to successfully complete the project;
   (h) The firm's approach to executing the project;
   (i) The firm's approach to safety on the project;
   (j) The firm's safety history; and
   (k) If the firm is selected as one of the most qualified finalists, the firm's fee and cost proposal.

(4) The general contractor/construction manager shall establish a committee to evaluate the proposals. At least one representative from the public body shall serve on the committee. Final proposals, including sealed bids for the percent fee on the estimated maximum subcontract cost, and the fixed amount for the subcontract general conditions work specified in the request for proposal, will be requested from the most qualified firms.

(5) The general contractor/construction manager must notify all proposers of the most qualified firms that will move to the next phase of the selection process. The process may not proceed to the next phase until two business days after all proposers are notified of the committee's selection decision. At the request of a proposer, the general contractor/construction manager must provide the requesting proposer with a scoring summary of the evaluation factors for its proposal. Proposers filing a protest on the selection of the most qualified finalists must file the protest with the public body in accordance with the published protest procedures. The selection process may not advance to the next phase of selection until two business days after the final protest decision issued by the public body is transmitted to the protestor.
