(Except as provided in RCW 82.14.220.) This sales and use tax (shall) does not apply to natural or manufactured gas, except for natural gas that is used as a transportation fuel as defined in section 301 of this act and is taxable by the state under chapters 82.08 and 82.12 RCW. The rate of such tax imposed by a county (shall be) five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). The rate of such tax imposed by a city (shall) may not exceed five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). However, in the event a county imposes a sales and use tax under the authority of this subsection at a rate equal to or greater than the rate imposed under the authority of this subsection by a city within the county, the county (shall) must receive fifteen percent of the city tax. In the event that the county imposes a sales and use tax under the authority of this subsection at a rate which is less than the rate imposed under this subsection by a city within the county, the county (shall) must receive that amount of revenues from the city tax equal to fifteen percent of the rate of tax imposed by the county under the authority of this subsection. The authority to impose a tax under this subsection is intended in part to compensate local government for any losses from the phase-out of the property tax on business inventories.

Sec. 401. RCW 82.08.02565 and 2011 c 23 s 2 are each amended to read as follows:

(1)(a) The tax levied by RCW 82.08.020 does not apply to sales to a manufacturer or processor for hire of machinery and equipment used directly in a manufacturing operation or research and development operation, to sales to a person engaged in testing for a manufacturer or processor for hire of machinery and equipment used directly in a testing operation, or to sales of or charges made for labor and services rendered in respect to installing, repairing, cleaning, altering, or improving the machinery and equipment.

(b) Except as provided in (c) of this subsection, sellers making tax-exempt sales under this section must obtain from the purchaser an exemption certificate in a form and manner prescribed by the department by rule. The seller must retain a copy of the certificate for the seller's files.

(c)(i) The exemption under this section is in the form of a remittance for a gas distribution business, as defined in RCW 82.16.010, claiming the exemption for machinery and equipment used for the production of compressed natural gas or liquefied natural gas for use as a transportation fuel.

(ii) A gas distribution business claiming an exemption from state and local tax in the form of a remittance under this section must pay the tax under RCW 82.08.020 and all applicable local sales taxes. Beginning July 1, 2017, the gas distribution business may then apply to the department for remittance of state and local sales and use taxes. A gas distribution business may not apply for a remittance more frequently than once a quarter. The gas distribution business must specify the amount of remitted tax claimed and the qualifying purchases for which the exemption is claimed. The gas distribution business must retain, in adequate detail, records to enable the department to determine whether the business is entitled to an exemption under this section, including: Invoices; proof of tax paid; and documents describing the machinery and equipment.

(iii) The department must determine eligibility under this section based on the information provided by the gas distribution business, which is subject to audit verification by the department. The department must on a quarterly basis remit exempted amounts to qualifying businesses who submitted applications during the previous quarter.

(iv) Beginning July 1, 2028, a gas distribution business may not apply for a refund under this section or RCW 82.12.02565.

(5) Beginning January 1, 2013, the state treasurer must determine the amount of earnings on investments that would have been credited to the local sales and use tax account if the collections had been deposited in the account over the prior month. When distributions are made under subsection (1)(a) of this section, the state treasurer must transfer this amount from the state general fund to the local sales and use tax account and must distribute such sums to the counties, cities, transportation authorities, public facilities districts, public transportation benefit areas, regional transportation investment districts, and transportation benefit districts.

(2) In the event that any ordinance or resolution imposes a sales and use tax at a rate in excess of the applicable limits contained herein, such ordinance or resolution ((shall)) may not be considered void in toto, but only with respect to that portion of the rate which is in excess of the applicable limits contained herein.

Sec. 405. RCW 82.08.0261 and 1980 c 37 s 28 are each amended to read as follows:

However, any actual use of such property in this state (shall) is, at the time of such actual use, subject to the tax imposed by chapter 82.12 RCW.

(2) With respect to the sale of liquefied natural gas to a business operating as a private or common carrier by air, rail, or water in interstate or foreign commerce, the buyer is entitled to a partial exemption from the tax levied by RCW 82.08.020 and the associated local sales taxes. The exemption under this subsection (2) is for the state and local retail sales taxes on ninety percent of the amount of the liquefied natural gas transported and consumed outside this state by the buyer.

(b) Sellers are relieved of the obligation to collect the state and local retail sales taxes on sales eligible for the partial exemption provided in this subsection (2) to buyers who are registered with the department if the seller:

(i) Obtains a completed exemption certificate from the buyer, which must include the buyer's tax registration number with the department; or

(ii) Captures the relevant data elements as allowed under the streamlined sales and use tax agreement, including the buyer's tax registration number with the department.

(c) Buyers entitled to a partial exemption under this subsection (2) must either:

(ii) If the seller did not collect the retail sales tax from the buyer, remit to the department the state and local retail sales taxes due on all liquefied natural gas consumed in this state and on ten percent of the liquefied natural gas that is transported and consumed outside of this state.

(3) This section does not apply to the sale of liquefied natural gas on or after July 1, 2028, for use as fuel in any marine vessel.

NEW SECTION. Sec. 406. A new section is added to chapter 46.68 RCW to read as follows:

(1) The finished fuel account is created in the state treasury. Money received from revenues transferred under section 407 of this act must be deposited into the account. (2) This section expires July 1, 2028.

NEW SECTION. Sec. 407. A new section is added to chapter 82.32 RCW to read as follows:

(1) By the last workday of the second and fourth calendar quarters, the state treasurer must transfer the amount specified in subsection (2) of this section from the general fund to the finished fuel account created in section 406 of this act. The first transfer under this subsection must occur by December 31, 2017.

(2) By December 15th and by June 15th of each year, the department must estimate the increase in state general fund revenues from the taxes collected under RCW 82.08.0261(2) on the nonexempt portion of liquefied natural gas sales in the current and prior calendar quarters and notify the state treasurer of the increase.

(3) This section expires July 1, 2028.

(1) The purpose of eliminating a portion of the sales exemption under RCW 82.08.0261 for liquefied natural gas sold for use as a marine vessel transportation fuel is to fund improvements to Washington state ferries. For this reason, general state revenues transferred under section 407 of this act to the finished fuel account are excluded from the calculation of general state revenues for purposes of Article VIII, section 1 of the state Constitution and RCW 39.42.130 and 39.42.140.

(2) This section expires July 1, 2028.

(1) The legislature finds that compressed natural gas and liquefied natural gas offers significant potential to reduce vehicle and vessel emissions and to significantly decrease dependence on petroleum-based fuels. The legislature also finds that well-developed and convenient refueling systems are imperative if compressed natural gas (in) and liquefied natural gas are to be widely used by the public. The legislature declares that the development of compressed natural gas (refueling stations are in the public interest)) and liquefied natural gas motor vehicle refueling stations and vessel refueling facilities are in the public interest. Except as provided in subsection (2) of this section, nothing in this section and RCW 80.28.290 is intended to alter the regulatory practices of the commission or allow the subsidization of one ratepayer class by another.

"Sec. 1. RCW 28A.150.250 and 2009 c 548 s 105 are each amended to read as follows:

(1) From those funds made available by the legislature for the current use of the common schools, the superintendent of public instruction shall distribute annually as provided in RCW 28A.510.250 to each school district of the state operating a basic education instructional program approved by the state board of education an amount based on the formulas provided in RCW 28A.150.260, 28A.150.390, and 28A.150.392 which, when combined with an appropriate portion of such locally available revenues, other than receipts from federal forest revenues distributed to school districts pursuant to RCW 28A.520.010 and 28A.520.020, as the superintendent of public instruction may deem appropriate for consideration in computing state equalization support, excluding excess property tax levies, will constitute a basic education allocation in dollars for each annual average full-time equivalent student enrolled. However, pursuant to section 2 of this act, the superintendent may not offset basic education allocations with a district's federal forest revenues received under chapter 28A.520 RCW if the school district has a poverty level of at least 57 percent.

(2) The instructional program of basic education shall be considered to be fully funded by those amounts of dollars appropriated by the legislature pursuant to RCW 28A.150.260, 28A.150.390, and 28A.150.392 to fund those program requirements identified in RCW 28A.150.220 in accordance with the formula provided in RCW 28A.150.260 and those amounts of dollars appropriated by the legislature to fund the salary requirements of RCW 28A.150.410.

(3) If a school district's basic education program fails to meet the basic education requirements enumerated in RCW 28A.150.260 and 28A.150.220, the state board of education shall require the superintendent of public instruction to withhold state funds in whole or in part for the basic education allocation until program compliance is assured. However, the state board of education may waive this requirement in the event of substantial lack of classroom space.

Sec. 2. RCW 28A.520.020 and 2011 c 278 s 1 are each amended to read as follows:

(1) There shall be a fund known as the federal forest revolving account. The state treasurer, who shall be custodian of the revolving account, shall deposit into the revolving account the funds for each county received by the state in accordance with Title 16, section 500, United States Code. The state treasurer shall distribute these moneys to the counties according to the determined proportional area. The county legislative authority shall expend fifty percent of the money for the benefit of the public roads and other public purposes as authorized by federal statute or public schools of such county and not otherwise. Disbursements by the counties of the remaining fifty percent of the money shall be as authorized by the superintendent of public instruction, or the superintendent's designee, and shall occur in the manner provided in subsection (2) of this section.

(2) No later than thirty days following receipt of the funds from the federal government, the superintendent of public instruction shall apportion moneys distributed to counties for schools to public school districts in the respective counties in proportion to the number of resident full-time equivalent students enrolled in each public school district to the number of resident full-time equivalent students enrolled in public schools in the county. In apportioning these funds, the superintendent of public instruction shall utilize the October enrollment count.

(3) (a) Except as provided in (b) of this subsection, if the amount received by any public school district pursuant to subsection (2) of this section is less than the basic education allocation to which the district would otherwise be entitled, the superintendent of public instruction shall apportion to the district, in the manner provided by RCW 28A.510.250, an amount which shall be the difference between the amount received pursuant to subsection (2) of this section and the basic education allocation to which the district would otherwise be entitled.

(b) If a school district has a poverty level of at least 57 percent, the superintendent may not offset that district's basic education allocation by the amount of those federal forest revenues, to the extent that such revenues do not exceed $70,000. The superintendent may offset the district's basic education allocations by the portion of the federal forest revenues that exceeds $70,000. For purposes of this section, poverty is measured by the percentage of students eligible for free and reduced-price lunch in the previous school year.

(4) All federal forest funds shall be expended in accordance with the requirements of Title 16, section 500, United States Code, as now existing or hereafter amended.

(5) The definition of resident student for purposes of this section shall be based on rules adopted by the superintendent of public instruction, which shall consider and address the impact of alternative learning experience students on federal forest funds distribution."

MESSAGE FROM THE SENATE

March 4, 2014

MR. SPEAKER:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1260, with the following amendment(s): 1260-S AMS AWRD S4440.2

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 43.160.010 and 2012 c 225 s 2 are each amended to read as follows:

(1) The legislature finds that it is the ((public)) policy of the state of Washington to ((direct financial resources toward the fostering of economic development through the stimulation of investment and job opportunities and the retention of sustainable existing employment)) employ state and federal resources to foster economic development to promote private investment and to create or retain job opportunities for the general welfare of the inhabitants of the state. Reducing unemployment and reducing the time citizens remain jobless ((is)) are important for the economic welfare of the state.

(2) The legislature finds that a valuable means of fostering economic development is the construction of public facilities which contribute to the stability and growth of the state's economic base. Expenditures made for these purposes as authorized in this chapter are declared to be in the public interest, and constitute a proper use of public funds. (A community economic revitalization board is needed which shall aid the development of economic opportunities. The general objectives of the board should include:

(a) Strengthening the economies of areas of the state which have experienced or are expected to experience chronically high unemployment rates or below average growth in their economies;
(b) Encouraging the diversification of the economies of the state and regions within the state in order to provide greater seasonal and cyclical stability of income and employment;
(c) Encouraging wider access to financial resources for both large and small industrial development projects;
(d) Encouraging new economic development or expansions to maximize employment;
(e) Encouraging the retention of viable existing firms and employment;
(f) Providing incentives for expansion of employment opportunities for groups of state residents that have been less successful relative to other groups in efforts to gain permanent employment; and
(g) Enhancing job and business growth through facility development and other improvements in innovation partnership zones designated under RCW 43.330.270.

(2))) (3) The legislature also finds that the state's economic development efforts can be enhanced by, in certain instances, providing funds to improve state highways, county roads, or city..."
streets for industries considering locating or expanding in this state.

(((3))) (4) The legislature finds it desirable to provide a process whereby the need for diverse public works improvements necessitated by planned economic development can be addressed in a timely fashion and with coordination among all responsible governmental entities.

(((4))) (5) The legislature also finds that the state's economic development efforts can be enhanced by, in certain instances, providing funds to assist development of telecommunications infrastructure that supports business development, retention, and expansion in the state.

(((5))) (6) The legislature also finds that the state's economic development efforts can be enhanced by providing funds to improve markets for those recyclable materials representing a large fraction of the waste stream. The legislature finds that the construction or rehabilitation of public facilities ((which)) that result in private construction of processing or remanufacturing facilities for recyclable materials ((tare)) is eligible for consideration from the board.

(((6))) (7) The legislature finds that sharing economic growth statewide is important to the welfare of the state. The ability of communities to pursue business and job retention, expansion, and development opportunities depends on their capacity to ready necessary economic development project plans, sites, permits, and infrastructure for private investments. Project-specific planning, predevelopment, and infrastructure are critical ingredients for economic development. (It is, therefore, the intent of the legislature to increase the amount of funding available through the community economic revitalization board and to authorize flexibility for available resources in these areas to help fund planning, predevelopment, and construction costs of infrastructure and facilities and sites that foster economic vitality and diversification.)

(8) It is, therefore, the intent of the legislature to create a community economic revitalization board to aid the development of economic opportunities. The general objectives of the board should include:

(a) Strengthening the economies of areas of the state which have experienced or are expected to experience chronically high unemployment rates or below average growth in their economies;

(b) Encouraging the diversification of the economies of the state and regions within the state in order to provide greater stability of income and employment;

(c) Encouraging greater access to financial resources for both large and small industrial development projects;

(d) Encouraging new economic development or expansions to maximize employment;

(e) Encouraging the retention of viable existing firms and promoting employment within these firms;

(f) Providing incentives for expansion of employment opportunities for groups of state residents that have been less successful relative to other groups in efforts to gain permanent employment; and

(g) Enhancing job and business growth through facility development and other improvements in innovation partnership zones designated under RCW 43.330.270.

NEW SECTION. Sec. 2. A new section is added to chapter 43.160 RCW to read as follows:

The legislature finds that the community economic revitalization board has successfully acted as an economic development infrastructure financier for local governments. It is, therefore, the intent of the legislature to authorize flexibility for the community economic revitalization board to help fund planning, predevelopment, and construction costs of infrastructure and facilities and sites that foster economic vitality and diversification.
(shall) must elect one of their members to serve as vice(-)chair. The director of commerce, the director of revenue, the commissioner of employment security, and the secretary of transportation (shall) must serve as nonvoting advisory members of the board.

(3) ((Management services, including fiscal and contract services, shall be provided by the department to assist the board in implementing this chapter.)) Members of the board (shall) must be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060.

(((5))) (4) If a vacancy occurs by death, resignation, or otherwise of appointive members of the board, the director of commerce (shall) must fill the same for the unexpired term. Members of the board may be removed for malfeasance or misfeasance in office, upon specific written charges by the director of commerce, under chapter 34.05 RCW.

(((6))) (5) A member appointed by the director of commerce may not be absent from more than fifty percent of the regularly scheduled meetings in any one calendar year. Any member who exceeds this absence limitation is deemed to have withdrawn from the office and may be replaced by the director of commerce. (((7))) (6) A majority of members currently appointed constitutes a quorum.

Sec. 5. RCW 43.160.050 and 2008 c 327 s 4 are each amended to read as follows:

The board may:

(1) Adopt bylaws for the regulation of its affairs and the conduct of its business.
(2) Adopt an official seal and alter the seal at its pleasure.
(3) Utilize the services of other governmental agencies.
(4) Accept from any federal agency loans or grants for the planning or financing of any project and enter into an agreement with the agency respecting the loans or grants.
(5) Conduct examinations and investigations and take testimony at public hearings of any matter material for its information that will assist in determinations related to the exercise of the board's lawful powers.
(6) Accept any gifts, grants, or loans of funds, property, or financial or other aid in any form from any other source on any terms and conditions which are not in conflict with this chapter.
(7) Enter into agreements or other transactions with and accept grants and the cooperation of any governmental agency in furtherance of this chapter.
(8) Consistent with the guidelines issued by the office of financial management and in consultation with the department, prepare biennial operating and capital budgets and, as needed, update these budgets during the biennium.

(9) Adopt rules under chapter 34.05 RCW as necessary to carry out the purposes of this chapter.

(((10))) (10) Do all acts and things necessary or convenient to carry out the powers expressly granted or implied under this chapter.

NEW SECTION. Sec. 6. A new section is added to chapter 43.160 RCW to read as follows:

Management services, including fiscal and contract services, must be provided by the department to assist the board in implementing this chapter.

NEW SECTION. Sec. 7. A new section is added to chapter 43.160 RCW to read as follows:

(1) In order to assist political subdivisions of the state and federally recognized Indian tribes in financing the cost of public facilities, the board:

(a) Must execute contracts or otherwise financially obligate funds from the public facilities construction loan revolving account for projects approved for funding by the board under the following programs:

(1) Committed private sector partner construction;
(ii) Prospective development construction;
(iii) Planning; and
(iv) Any other program authorized by the legislature.
(b) Must provide loans to political subdivisions and federally recognized Indian tribes for the purposes of financing the cost of public facilities.
(i) The board must determine the interest rate that loans bear. The interest rate may not exceed ten percent per annum.
(ii) The board may provide reasonable terms and conditions for repayment for loans, including partial forgiveness of loan principal and interest payments on projects located in rural communities as defined by the board, or rural counties. The loans may not exceed twenty years in duration.
(c) May provide grants for purposes designated in this chapter, but only when, and to the extent that, a loan is not reasonably possible, given the limited resources of the political subdivision or the federally recognized Indian tribe and the finding by the board that financial circumstances require grant assistance to enable the project to move forward. The board must balance the need for grants with the need to sustain the public facilities construction loan revolving account.

(2) No more than twenty-five percent of all financial assistance approved by the board in any biennium may consist of grants to political subdivisions and federally recognized Indian tribes.

(3) Except as authorized to the contrary under subsection (4) of this section, from all funds available to the board for financial assistance in a biennium under this chapter, the board must approve at least seventy-five percent of the first twenty million dollars of funds available and at least fifty percent of any additional funds for financial assistance for projects in rural counties or board defined rural communities.

(4) If at any time during the last six months of a biennium the board finds that the actual and anticipated applications for qualified projects in rural counties or board defined rural communities are clearly insufficient to use up the allocations under subsection (3) of this section, the board must estimate the amount of the insufficiency and during the remainder of the biennium may use that amount of the allocation for financial assistance to projects not located in rural counties or board defined rural communities.

(5) The board may elect to reserve up to one million dollars of its biennial appropriation to use as state match for federal grant awards. The purpose and use of the federal funds must be consistent with the board's purpose of financing economic development infrastructure. Reserved board funds must be matched, at a minimum, dollar for dollar by federal funds. If the set aside funds are not fully utilized for federal grant match by the 18th month of the biennium, the board may use those funds for other eligible projects as stated in this chapter.

NEW SECTION. Sec. 8. A new section is added to chapter 43.160 RCW to read as follows:

The board must:

(1) Establish and maintain collaborative relations with governmental, private, and other financing organizations, advocate groups, and other stakeholders associated with state economic development activities and policies;
(2) Provide information and advice to the governor and legislature on matters related to economic development; and
(3) At the direction of the governor, provide information and advocacy at the national level on matters related to economic development financing.

NEW SECTION. Sec. 9. A new section is added to chapter 43.160 RCW to read as follows:

(1) The board must prioritize awards for committed private sector partner construction and prospective development
construction projects by considering at a minimum the following criteria:

(a) The number of jobs created by the expected business creation or expansion and the average wage of those expected jobs. In evaluating proposals for their job creation potential, the board may adjust the job estimates in applications based on the board's judgment of the credibility of the job estimates;

(b) The need for job creation based on the unemployment rate of the county or counties in which the project is located. In evaluating the average wages of the jobs created, the board must compare those wages to median wages of private sector jobs in the county or counties surrounding the project location. When evaluating the jobs created by the project, the board may consider the area labor supply and readily available skill sets of the labor pool in the county or counties surrounding the project location;

(c) How the expected business creation or expansion fits within the region's preferred economic growth strategy as indicated by the efforts of nearby innovation partnership zones, industry clusters, future export prospects, or local government equivalent if available;

(d) The speed with which the project can begin construction; and

(e) The extent that the project leverages nonstate funds, and achieves overall the greatest benefit in job creation at good wages for the amount of money provided.

(2) The board may not provide financial assistance:

(a) For a project the primary purpose of which is to facilitate or promote a retail shopping development or expansion;

(b) For any project for which evidence exists that would result in a development or expansion that would displace jobs in any other community in the state;

(c) For a project the primary purpose of which is to facilitate or promote gambling; or

(d) For a project located outside the jurisdiction of the applicant political subdivision or federally recognized Indian tribe.

Sec. 10. RCW 43.160.076 and 2011 c 180 s 301 are each amended to read as follows:

(((1)) Except as authorized to the contrary under subsection (2) of this section, from all funds available to the board for financial assistance in a biennium under this chapter, the board shall approve at least seventy-five percent of the first twenty million dollars of funds available and at least fifty percent of any additional funds for financial assistance for projects in rural counties.

(2) If at any time during the last six months of a biennium the board finds that the actual and anticipated applications for qualified projects in rural counties are clearly insufficient to use up the allocations under subsection (1) of this section, then the board shall estimate the amount of the insufficiency and during the remainder of the biennium may use that amount of the allocation for financial assistance to projects not located in rural counties.

(3)) The board (shall) must solicit qualifying projects to plan, design, and construct public facilities needed to attract new industrial and commercial activities in areas impacted by the closure or potential closure of large coal-fired electric generation facilities, which for the purposes of this section means a facility that emitted more than one million tons of greenhouse gases in any calendar year prior to 2008. The projects should be consistent with any applicable plans for major industrial activity on lands formerly used or designated for surface coal mining and supporting uses under RCW 36.70A.368. When the board receives timely and eligible project applications from a political subdivision of the state for financial assistance for such projects, the board from available funds (shall) must give priority consideration to such projects.

Sec. 11. RCW 43.160.080 and 2010 1st sp.s c 36 s 6011 are each amended to read as follows:

(1) There (shall) must be a fund in the state treasury known as the public facilities construction loan revolving account, which (shall) consists of all moneys collected under this chapter and any moneys appropriated to it by law. Disbursements from the revolving account (shall) must be on authorization of the board. In order to maintain an effective expenditure and revenue control, the public facilities construction loan revolving account (shall) is subject in all respects to chapter 43.88 RCW. During the 2009-2011 biennium, sums in the public facilities construction loan revolving account may be used for community economic revitalization board export assistance grants and loans in section 1018, chapter 36, Laws of 2010 1st sp. sess., and for matching funds for the federal energy regional innovation cluster in section 1017, chapter 36, Laws of 2010 1st sp. sess.

(2) The moneys in the public facilities construction loan revolving account must be used solely to fulfill commitments arising from financial assistance authorized in this chapter. The total outstanding amount, which the board must dispense at any time pursuant to this section, may not exceed the moneys available from the account.

(3) Repayments of loans made from the public facilities construction loan revolving account under the contracts for public facilities construction loans must be paid into the public facilities construction loan revolving account.

Sec. 12. RCW 43.160.900 and 2008 c 327 s 9 are each amended to read as follows:

(1) The community economic revitalization board (shall) must conduct biennial outcome-based evaluations of the financial assistance provided under this chapter. The evaluations (shall) must include information on the number of applications for community economic revitalization board assistance; the number and types of projects approved; the grant or loan amount awarded each project; the projected number of jobs created or retained by each project; the actual number and cost of jobs created or retained by each project; the wages and health benefits associated with the jobs; the amount of state funds and total capital invested in projects; the number and types of businesses assisted by funded projects; the location of funded projects; the transportation infrastructure available for completed projects; the local match and local participation obtained; the number of delinquent loans; and the number of project terminations. The evaluations may also include additional performance measures and recommendations for programmatic changes.

(2) (a) By September 1st of each even-numbered year, the board (shall) must forward its draft evaluation to the Washington state economic development commission for review and comment (as required in section 10 of this act). The board (shall) must provide any additional information as may be requested by the commission for the purpose of its review.

(b) Any written comments or recommendations provided by the commission as a result of its review (shall) must be included in the board's completed evaluation. The evaluation must be presented to the governor and appropriate committees of the legislature by December 31st of each even-numbered year. ((The initial evaluation must be submitted by December 31, 2010.))

NEW SECTION. Sec. 13. The following acts or parts of acts are each repealed:

(1) RCW 43.160.060 (Loans and grants to political subdivisions and federally recognized Indian tribes for public facilities authorized-- Application--Requirements for financial assistance) and 2012 c 196 s 10, 2008 c 327 s 5, 2007 c 231 s 3, & 2004 c 252 s 3; and

ECONOMIC DEVELOPMENT COMMISSION

Sec. 101. RCW 28B.30.530 and 2012 c 229 s 808 are each amended to read as follows:

(1) The board of regents of Washington State University shall establish the Washington State University small business development center.

(2) The center shall provide management and technical assistance including but not limited to training, counseling, and research services to small businesses throughout the state. The center shall work with the department of commerce, the state board for community and technical colleges, the workforce training and education coordinating board, the employment security department, the Washington state economic development commission, and workforce development councils to:

(a) Integrate small business development centers with other state and local economic development and workforce development programs;

(b) Target the centers’ services to small businesses;

(c) Tailor outreach and services at each center to the needs and demographics of entrepreneurs and small businesses located within the service area;

(d) Establish and expand small business development center satellite offices when financially feasible; and

(e) Coordinate delivery of services to avoid duplication.

(3) The administrator of the center may contract with other public or private entities for the provision of specialized services.

(4) The small business development center may accept and disburse federal grants or federal matching funds or other funds or donations from any source when made, granted, or donated to carry out the center’s purposes. When drawing on funds from the business assistance account created in RCW 28B.30.531, the center must first use the funds to make increased management and technical assistance available to existing small businesses and start-up businesses at satellite offices. The funds may also be used to develop and expand assistance programs such as small business planning workshops and small business counseling.

(5) By December 1, 2010, the center shall provide a progress report and a final report to the appropriate committees of the legislature with respect to the requirements in subsection (2) of this section and the amount and use of funding received through the business assistance account. The reports must also include data on the number, location, staffing, and budget levels of satellite offices; affiliations with community colleges, associate development organizations or other local organizations; the number, size, and type of small businesses assisted; and the types of services provided. The reports must also include information on the outcomes achieved, such as jobs created or retained, private capital invested, and return on the investment of state and federal dollars.

6(a) Subject to the availability of amounts appropriated for this specific purpose, by December 1, 2010, the center, in conjunction with the department of commerce, must prepare and present to the governor and appropriate legislative committees a specific, actionable plan to increase access to capital and technical assistance to small businesses and entrepreneurs beginning with the 2011-2013 biennium. In developing the plan, the center and the department may consult with the Washington state microenterprise association, and with other government, nonprofit, and private organizations as necessary. The plan must identify:

(i) Existing sources of capital and technical assistance for small businesses and entrepreneurs;

(ii) Critical gaps and barriers to availability of capital and delivery of technical assistance to small businesses and entrepreneurs;

(iii) Workable solutions to filling the gaps and removing barriers identified in (a)(ii) of this subsection; and

(iv) The financial resources and statutory changes necessary to put the plan into effect beginning with the 2011-2013 biennium.

(b) With respect to increasing access to capital, the plan must identify specific, feasible sources of capital and practical mechanisms for expanding access to it.

(c) The center and the department must include, within the analysis and recommendations in (a) of this subsection, any specific gaps, barriers, and solutions related to rural and low-income communities and small manufacturers interested in exporting.

Sec. 102. RCW 28B.155.010 and 2012 c 242 s 1 are each amended to read as follows:

However, no more than twenty-five percent of all financial assistance approved by the board in any biennium may consist of grants to political subdivisions and federally recognized Indian tribes.

(2) Application for funds must be made in the form and manner as the board may prescribe. In making grants or loans the board must conform to the following requirements:

(a) The board may not provide financial assistance:

(iv) For a project located outside the jurisdiction of the applicant political subdivision or federally recognized Indian tribe.

(b) The board may only provide financial assistance:

(i) For a project demonstrating convincing evidence that a specific private development or expansion is ready to occur and will occur only if the public facility improvement is made that:

(B) Will improve the opportunities for the successful maintenance, establishment, or expansion of industrial or commercial plants or will otherwise assist in the creation or retention of long-term economic opportunities;

(ii) For a project that cannot meet the requirement of (b)(i) of this subsection but is a project that:

(g) An application must demonstrate convincing evidence that the median hourly wage of the private sector jobs created after the project is completed will exceed the countywide median hourly wage.

(h) The board must prioritize each proposed project according to:

(i) The relative benefits provided to the community by the jobs the project would create, not just the total number of jobs it would create after the project is completed, but also giving consideration to the unemployment rate in the area in which the jobs would be located;

(ii) The rate of return of the state's investment, including, but not limited to, the leveraging of private sector investment, anticipated job creation and retention, and expected increases in state and local tax revenues associated with the project;

If the parties are unable to agree on the amount of the charge, the service provider may submit the amount of the charge to binding arbitration by serving notice on the city or town. Within thirty days of receipt of the initial notice, each party shall furnish a list of acceptable arbitrators. The parties shall select an arbitrator; failing to agree on an arbitrator, each party shall select one arbitrator and the two arbitrators shall select a third arbitrator for an arbitration panel. The arbitrator or arbitrators shall determine the charge based on comparable siting agreements involving public land and rights-of-way. The arbitrator or arbitrators shall not decide any other disputed issues, including but not limited to size, location, and zoning requirements. Costs of the arbitration, including compensation for the arbitrator’s services, must be borne equally by the parties participating in the arbitration and each party shall bear its own costs and expenses, including legal fees and witness expenses, in connection with the arbitration proceeding.

(2) Subsection (1) of this section does not prohibit franchise fees imposed on an electrical energy, natural gas, or telephone business, by contract existing on April 20, 1982, with a city or town, for the duration of the contract, but the franchise fees shall be considered taxes for the purposes of the limitations established in RCW 35.21.865 and 35.21.870 to the extent the fees exceed the costs allowable under subsection (1) of this section.”

Representatives Moscoso and Wilcox spoke in favor of the passage of the bill.

POINT OF PARLIAMENTARY INQUIRY

Representative Green: “Mr. Speaker, how many votes are needed for the passage of Engrossed Substitute House Bill No. 2304?”

SPEAKER’S RULING

Mr. Speaker: “Initiative 502, passed by the voters in November 2012, established a system for the lawful production, manufacture, distribution and possession of recreational marijuana by persons over the age of 21.

The constitution requires a 2/3 vote to amend an initiative within the first two years of passage.

The initiative authorizes marijuana producers to sell marijuana and marijuana-infused products to retailers and authorizes retailers to sell marijuana and marijuana-infused products to consumers. House Bill 2304 expands the authority of producers and retailers to include the sale of marijuana extracts.

Because the bill changes the products that producers and retailers are authorized to sell, the Speaker finds that the bill amends the initiative with the meaning of Article 2, section 31, and that a 2/3 vote is required for passage.”

The Speaker (Representative Moeller presiding) stated the question before the House to be the final passage of Engrossed Substitute House Bill No. 2304.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Substitute House Bill No. 2304, and the bill passed the House by the following vote: Yeas, 91; Nays, 0; Absent, 0; Excused, 0.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2304, having received the necessary constitutional majority, was declared passed.

### PART II

**HUMAN SERVICES**

**Sec. 201. 2013 2nd sp.s. c 4 s 201 (uncodified) is amended to read as follows:**

**FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

1. The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

2. The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

3. (a) The health care authority and the department are authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage Medicaid expenditures for the aged and disabled population. Under the Washington Medicaid Integration Partnership (WMIP) and the Medicare Integrated Care Project (MICP), the health care authority and the department may combine and transfer such Medicaid funds appropriated under sections 204, 206, 208, and 213 of this act, as may be necessary to finance a unified health care plan for the WMIP and the MICP program enrollment. The WMIP pilot projects shall not exceed a daily enrollment of 6,000 persons, nor expand beyond one county during the 2013-2015 fiscal biennium. The amount of funding assigned from each program may not exceed the average per capita cost assumed in this act for individuals covered by that program, actuarially adjusted for the health condition of persons enrolled, times the number of clients enrolled. In implementing the WMIP and the MICP, the health care authority and the department may: (i) Withhold from calculations of "available resources" as set forth in RCW 71.24.025 a sum equal to the capitated rate for enrolled individuals; and (ii) employ capitation financing and risk-sharing arrangements in collaboration with health care service contractors licensed by the office of the insurance commissioner and qualified to participate in both the Medicaid and Medicare programs.

(b) If Washington has been selected to participate in phase two of the federal demonstration project for persons dually-eligible for both Medicare and Medicaid, the department and the authority may initiate the MICP. Participation in the project shall be limited to persons who are eligible for both Medicare and Medicaid and to counties in which the county legislative authority has agreed to the terms and conditions under which it will operate. The purpose of the project shall be to demonstrate and evaluate ways to improve care while reducing state expenditures for persons enrolled both in Medicare and Medicaid. To that end, prior to initiating the project, the department and the authority shall assure that state expenditures shall be no greater on either a per person or total basis than the state would otherwise incur. Individuals who are solely eligible for Medicaid may also participate if their participation is agreed to by the health care authority, the department, and the county legislative authority.

4. The legislature finds that Medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

5. The department shall to the maximum extent practicable use the same system for delivery of spoken-language interpreter services for social services appointments as the one established for medical appointments in section 213 of this act. When contracting directly with an individual to deliver spoken language interpreter services, the department shall only contract with language access providers who are working at a location in the state and who are state-certified or state-authorized, except that when such a provider is not available, the department may use a language access provider who meets other certifications or standards deemed to meet state standards, including interpreters in other states.

6. The department shall facilitate enrollment under the Medicaid expansion for clients applying for or receiving state funded services from the department and its contractors. Prior to open enrollment, the department shall coordinate with the health care authority to
provide referrals to the Washington health benefit exchange for clients that will be ineligible for the medicaid expansion but are enrolled in coverage that will be eliminated in the transition to the medicaid expansion.

(7)(a) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, 2014, unless specifically prohibited by this act, the department may transfer general fund–state appropriations for fiscal year 2014 among programs after approval by the director of financial management. However, the department shall not transfer state moneys that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year 2014 caseload forecasts and utilization assumptions in the long-term care, foster care, adoptions support, medicaid personal care, and child support programs, the department may transfer state moneys that are provided solely for a specified purpose. The department shall not transfer funds, and the director of financial management shall not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

| General Fund--Federal Appropriation | $561,394,000 | $666,113,000 |
| General Fund--Private/Local Appropriation | $17,864,000 | $26,748,000 |
| TOTAL APPROPRIATION | $1,215,448,000 | $1,341,712,000 |

The appropriations in this subsection are subject to the following conditions and limitations:

(a) $104,999,000 of the general fund--state appropriation for fiscal year 2014 and $88,895,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for persons and services not covered by the medicaid program. To the extent possible, levels of regional support network spending shall be maintained in the following priority order: Crisis and commitment services; community inpatient services; and residential care services, including personal care and emergency housing assistance. This is a reduction in flexible nonmedicaid funding of $4,343,000 for fiscal year 2014 and $20,446,000 for fiscal year 2015. This reduction reflects offsets in state funding related to services that will now be funded with federal dollars through the affordable care act medicaid expansion. This reduction shall be distributed as follows:

(i) The $4,343,000 reduction in fiscal year 2014 and ($11,723,000) $10,223,000 of the reduction in fiscal year 2015 must be distributed among regional support networks based on a formula that equally weights each regional support networks proportion of...
individuals who become newly eligible and enroll in medicaid under the expansion provisions of the affordable care act in fiscal year 2014 and each regional support network's spending of flexible nonmedicaid funding on services that would be reimbursable for federal medicaid matching funds if provided to medicaid enrollees in the 2011-2013 fiscal biennium.

(ii) The remaining ($11,723,000) $10,223,000 reduction in fiscal year 2015 must be distributed among regional support networks based on each regional support network's proportion of individuals who become newly eligible and enroll in medicaid under the expansion provisions of the affordable care act through fiscal year 2015.

(b) $6,590,000 of the general fund--state appropriation for fiscal year 2014, $6,590,000 of the general fund--federal appropriation for fiscal year 2015, and $7,620,000 of the general fund--federal appropriation are provided solely for the department and regional support networks to continue to contract for implementation of high-intensity programs for assertive community treatment (PACT) teams. In determining the proportion of medicaid and nonmedicaid funding provided to regional support networks with PACT teams, the department shall consider the differences between regional support networks in the percentages of services and other costs associated with the teams that are not reimbursable under medicaid. The department may allow regional support networks which have nonmedicaid reimbursable costs that are higher than the nonmedicaid allocation they receive under this section to supplement these funds with local dollars or funds received under section 204(1)(a) of this act. The department and regional support networks shall maintain consistency with all essential elements of the PACT evidence-based practice model in programs funded under this section.

(c) $5,850,000 of the general fund--state appropriation for fiscal year 2014, $5,850,000 of the general fund--state appropriation for fiscal year 2015, and $1,300,000 of the general fund--federal appropriation are provided solely for the western Washington regional support networks to provide either community- or hospital campus-based services for persons who require the level of care previously provided by the program for adaptive living skills (PALS) at western state hospital. The number of nonforensic beds allocated for use by regional support networks at eastern state hospital shall be 192 per day. The number of nonforensic beds allocated for use by regional support networks at western state hospital shall be 557 per day.

(f) The department is authorized to continue to contract directly, rather than through contracts with regional support networks, for children's long-term inpatient facility services.

(g) $750,000 of the general fund--state appropriation for fiscal year 2014 and $750,000 of the general fund--state appropriation for fiscal year 2015 are provided solely to continue performance-based incentive contracts to provide appropriate community support services for individuals with severe mental illness who were discharged from the state hospitals as part of the expanding community services initiative. These funds will be used to enhance community residential and support services provided by regional support networks through other state and federal funding.

(h) $1,125,000 of the general fund--state appropriation for fiscal year 2014 and $1,125,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for the Spokane regional support network to implement services to reduce utilization and the census at eastern state hospital. Such services shall include:

At least annually, the Spokane regional support network shall assess the effectiveness of these services in reducing utilization at eastern state hospital, identify services that are not optimally effective, and modify those services to improve their effectiveness.

(i) $1,529,000 of the general fund--state appropriation for fiscal year 2014 and $1,529,000 of the general fund--state appropriation for fiscal year 2015 are provided solely to reimburse Pierce and Spokane counties for the cost of conducting 180-day commitment hearings at the state psychiatric hospitals.

(j) Regional support networks may use local funds to earn additional federal medicaid match, provided the locally matched rate does not exceed the upper-bound of their federally allowable rate range, and provided that the enhanced funding is used only to provide medicaid state plan or waiver services to medicaid clients. Additionally, regional support networks may use a portion of the state funds allocated in accordance with (a) of this subsection to earn additional medicaid match, but only to the extent that the application of such funds to medicaid services does not diminish the level of crisis and commitment, community inpatient, residential care, and outpatient services presently available to persons not eligible for medicaid.

(k) $3,436,000 of the general fund--state appropriation for fiscal year 2014 and $2,291,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for mental health services for mentally ill offenders while confined in a county or city jail and for facilitating access to programs that offer mental health services upon release from confinement.

(l) $523,000 of the general fund--state appropriation for fiscal year 2014, $775,000 of the general fund--state appropriation for fiscal year 2015, and $854,000 of the general fund--federal appropriation are provided solely for implementation of sections 3 through 5 of chapter 289, Laws of 2013 (E2SHB 1114). Regional support networks must use this funding for the development of intensive community programs that allow individuals to be diverted or transitioned from the state hospitals in accordance with plans approved by the department.

(n) Due to recent approval of federal medicaid matching funds for the disability lifeline and the alcohol and drug abuse treatment support act programs, the department shall charge regional support networks for only the state share rather than the total cost of community psychiatric hospitalization for persons enrolled in those programs.
(o) The legislature finds that the circumstances of the Chelan-Douglas regional support network (CD-RSN) make it necessary for CD-RSN to undergo restructuring in order to provide mental health services essential to the health and wellness of the citizens within its service area. The legislature intends to provide additional temporary financial relief to the CD-RSN while it undergoes internal restructuring or negotiates a merger with another regional support network.

The department shall negotiate relief for outstanding fiscal year 2013 reimbursements owed by CD-RSN to the state provided that the CD-RSN has a plan in place that is approved by the department by August 1, 2013, that demonstrates how CD-RSN will maintain financial viability and stability or will merge with another regional support network.

For the period of July 1, 2013, through December 31, 2013, the department may alter collection of reimbursement from CD-RSN for overuse of state hospital beds. To receive a reduction to the required reimbursement for overuse of state hospital beds, CD-RSN must continue to prioritize services that reduce its utilization and census at eastern state hospital and be actively implementing an approved plan to maintain financial viability or pursuing a future merger with another regional support network. Up to $298,000 of the general fund--state appropriation for fiscal year 2014 is for the department to provide payments to regional support networks in eastern Washington which have used less than their allocated or contracted patient days of care at the state hospital to replace the share of the reimbursements from CD-RSN that the regional support networks would have received under RCW 71.24.320.

(p) $266,000 of the general fund--state appropriation for fiscal year 2014 ((i)) and $1,500,000 of the general fund--state appropriation for fiscal year 2015 are provided solely to maintain services for the King county regional support network as it works to transition services to settings that are eligible for federal participation for individuals covered under the medicaid program.

(q) Within the amounts appropriated in this section, funding is provided for the department to develop and phase in intensive mental health services for high needs youth consistent with the settlement agreement in T.R. v. Dreyfus and Porter.

(r) $7,281,000 of the general fund--state appropriation for fiscal year 2015 and $4,589,000 of the general fund--federal appropriation are provided solely for enhancement of community mental health services. The department must contract these funds for the operation of community programs in which the department determines there is a need for capacity that allows individuals to be diverted or transitioned from the state hospitals including but not limited to: (i) Community hospital or free standing evaluation and treatment services providing short-term detention and commitment services under the involuntary treatment act to be located in the geographic areas of the King regional support network, the Spokane regional support network outside of Spokane county, and the Thurston Mason regional support network; (ii) one new full program of an assertive community treatment team in the King regional support network and two new half programs of assertive community treatment teams in the Spokane regional support network and the Pierce regional support network; and (iii) three new recovery support services programs in the Grays Harbor regional support network, the greater Columbia regional support network, and the north sound regional support network. In contracting for community evaluation and treatment services, the department may not use these resources in facilities that meet the criteria to be classified under federal law as institutions for mental diseases. If the department is unable to come to a contract agreement with a designated regional support network for any of the services identified above, it may consider contracting for that service in another regional support network that has the need for such service.

When no economic trends and conditions factor for either fiscal year is defined in a biennial appropriations act, no economic trends and conditions factor or factors defined in any earlier biennial appropriations act shall be applied solely or compounded to the component rate allocations established in accordance with chapter 74.46 RCW.

(a) For fiscal year 2014 and 2015 within the funds provided, the department shall continue to provide an add-on per medicaid resident day for acute clients than they have in the past. The add-on shall be used to increase wages, benefits, and/or staffing levels for certified nurse aides; or to increase wages and/or benefits for dietary aides, housekeepers, laundry aides, or any other category of worker whose statewide average dollars-per-hour wage was less than $15 in calendar year 2008, according to cost report data. The department shall continue reporting requirements and a settlement process to ensure that the funds are spent according to this subsection.

(b) The department shall do a comparative analysis of the facility-based payment rates calculated on July 1, ((2013)) 2014, using the payment methodology defined in chapter 74.46 RCW and as funded in the omnibus appropriations act, excluding the low wage worker add-on found in (a) of this subsection, the rate add-ons for direct care, support services, and therapy care found in (g) of this subsection, the comparative add-on, acuity add-on, and safety net reimbursement, to the facility-based payment rates in effect June 30, 2010. If the facility-based payment rate calculated on July 1, ((2013)) 2014, is smaller than the facility-based payment rate on June 30, 2010, then the difference shall be provided to the individual nursing facilities as an add-on payment per medicaid resident day.

(c) During the comparative analysis performed in subsection (b) of this section, if it is found that the direct care rate for any facility calculated using the payment methodology defined in chapter 74.46 RCW and as funded in the omnibus appropriations act, excluding the low wage worker add-on found in (a) of this subsection, the rate add-ons for direct care, support services, and therapy care found in (g) of this subsection, the comparative add-on, acuity add-on, and safety net reimbursement, is greater than the direct care rate in effect on June 30, 2010, then the facility shall receive a ten percent direct care rate add-on to compensate that facility for taking on more acute clients than they have in the past.

(d) The department shall provide a medicaid rate add-on to reimburse the medicaid share of the skilled nursing facility safety net assessment as a medicaid allowable cost. The nursing facility safety net rate add-on may not be included in the calculation of the annual statewide weighted average nursing facility payment rate.

(f) If the waiver requested from the federal centers for medicare and medicaid services in relation to the safety net assessment is for any reason disapproved, (b), (c), ((and)) (d), (g), and the fiscal year 2015 additional add-on in (a) of this subsection do not apply.

(3) In accordance with RCW 18.51.050, 18.20.050, 70.128.060, and 43.135.055, the department is authorized to increase nursing facility, assisted living facility, and adult family home fees as necessary to fully support the actual costs of conducting the licensure, inspection, and regulatory programs. The license fees may not exceed the department's annual licensing and oversight activity costs and shall not be compounded with the economic trends and conditions factor or factors defined in any other biennial appropriations acts before applying it to the component rate allocations established in accordance with chapter 74.46 RCW. When no economic trends and conditions factor for either fiscal year is defined in a biennial appropriations act, no economic trends and conditions factor or factors defined in any earlier biennial appropriations act shall be applied solely or compounded to the component rate allocations established in accordance with chapter 74.46 RCW.

(b) The health care authority shall require organizations and individuals that are paid to deliver basic health plan services and that choose to sponsor enrollment in the subsidized basic health plan to pay 133 percent of the premium amount which would otherwise be due from the sponsored enrollees.

(c) The administrator shall take at least the following actions to assure that persons participating in the basic health plan are eligible for the level of assistance they receive: (a) Require submission of (i) income tax returns, and recent pay history, from all applicants, or (ii) other verifiable evidence of earned and unearned income from those persons not required to file income tax returns; (b) check employment security payroll records at least once every twelve months on all enrollees; (c) require enrollees whose income as indicated by payroll records exceeds that upon which their subsidy is based to document their current income as a condition of continued eligibility; (d) require enrollees for whom employment security payroll records cannot be obtained to document their current income at least once every six months; (e) not reduce gross family income for self-employed persons by noncash-flow expenses such as, but not limited to, depreciation, amortization, and home office deductions, as defined by the United States internal revenue service; and (f) pursue repayment and civil penalties from persons who have received excessive subsidies, as provided in RCW 70.47.060(9).

(5) In determining financial eligibility for medicaid-funded services, the health care authority is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(6) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(7) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the health care authority shall provide the person with the same benefits as he or she would receive if eligible for medicaid, using state-only funds to the extent necessary.

The authority shall discontinue these payments on January 1, 2015.

(10) $100,000 of the general fund--state appropriation for fiscal year 2014 and $50,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for grants to rural hospitals in Clallam county that were certified by the centers for medicare and medicaid services as sole community hospitals as of January 1, 2013, with less than one hundred fifty acute care licensed beds in fiscal year 2011. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the health care authority's discretion. The health care authority shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

(15) The health care authority shall continue the inpatient hospital certified public expenditures program for the 2013-2015 fiscal biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The health care authority shall submit reports to the governor and legislature by November 1, 2013, and by November 1, 2014, that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the health care authority shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2014 and fiscal year 2015, hospitals in the program shall be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medicaid assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2013-2015 biennial operating appropriations act and in effect on July 1, 2013, (b) one-half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2013-2015 fiscal biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested. $11,928,000 of the general fund--state appropriation for fiscal year 2014 and $14,821,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for state grants for the participating hospitals.

The health care authority shall target funding for maternity support services towards pregnant women with factors that lead to higher rates of poor birth outcomes, including hypertension, a preterm or low birth weight birth in the most recent previous birth, a cognitive deficit or developmental disability, substance abuse, severe mental illness, unhealthy weight or failure to gain weight, tobacco use, or African American or Native American race. The health care authority shall prioritize evidence-based practices for delivery of maternity support services. To the extent practicable, the health care authority shall develop a mechanism to increase federal funding for maternity support services by leveraging local public funding for those services.

The options must include the possibility of applying premiums for individuals and cost-sharing that may exceed the five percent of family income cap under federal law, and the options must include recommendations to make the targeted premium assistance program cost neutral. The authority shall submit a report on the options to the legislature and the governor by January 1, 2014. (1) $237,454,000 of the general fund--state appropriation for fiscal year 2014, $237,455,000 of the general fund--state appropriation for fiscal year 2015, $6,000,000 of the education legacy trust account--state appropriation, and (($147,000,000)) $141,000,000 of the Washington opportunity pathways account--state appropriation are provided solely for student financial aid payments under the state need grant and state work study programs including up to four percent administrative allowance for the state work study program. Of the amounts provided in this subsection, $100,000 of the general fund--state appropriation for fiscal year 2015 is provided solely for the council to develop an alternative financial aid application system to implement Senate Bill No. 6523 (higher education opportunities).

(2) Changes made to the state need grant program in the 2011-2013 fiscal biennium are continued in the 2013-2015 fiscal biennium including aligning increases in awards given to private institutions with the annual tuition increases for public research institutions or the private institution's average annual tuition increase experience of 3.5 percent per year, whichever is less, and reducing the awards for students who first enrolled as a new student in for profit institutions as of the 2011-2012 academic year or thereafter by fifty percent, except that one-half of the fifty percent reduction shall be restored on July 1, 2013, for students attending regionally accredited for-profit institutions). For the 2015-2017 fiscal biennium, it is the intent of the legislature to reconsider grant awards for students at private four-year institutions.

(3) Changes made to the state work study program in the 2009-2011 and 2011-2013 fiscal biennia are continued in the 2013-2015 fiscal biennium including maintaining the increased required employer share of wages; adjusted employer match rates; discontinuation of nonresident student eligibility for the program; and revising distribution methods to institutions by taking into consideration other factors such as off-campus job development, historical utilization trends, and student need.

(4) Within the funds appropriated in this section, eligibility for the state need grant shall include students with family incomes at or below 70 percent of the state median family income (MFI), adjusted for family size, and shall include students enrolled in three to five credit-bearing quarter credits, or the equivalent semester credits. Awards for all students shall be adjusted by the estimated amount by which Pell grant increases exceed projected increases in the noninstructional costs of attendance. Awards for students with incomes between 51 and 70 percent of the state median shall be prorated at the following percentages of the award amount granted to those with incomes below 51 percent of the MFI: 70 percent for students with family incomes between 51 and 55 percent MFI; 65 percent for students with family incomes between 56 and 60 percent MFI; 60 percent for students with family incomes between 61 and 65 percent MFI; and 50 percent for students with family incomes between 66 and 70 percent MFI.

(5)(a) Students who are eligible for the college bound scholarship shall be given priority for the state need grant program if the students have applied by the institution's priority financial aid deadline and have completed their financial aid file in a timely manner. These eligible college bound students whose family incomes are in the 0-65 median family income ranges shall be awarded the maximum state need grant for which they are eligible under state policies and may not be denied maximum state need grant funding due to institutional policies or delayed awarding of college bound scholarship students.

(b) In calculating the college bound award, public institutions of higher education shall be subject to the conditions and limitations in RCW 28B.15.102 and shall not utilize college bound funds to offset tuition costs from rate increases in excess of levels authorized in section 603, chapter 50, Laws of 2011 and those assumed in section 602 or 603 of this act.

(6) (($26,036,000)) $48,297,000 of the education legacy trust account--state appropriation is provided solely for the college bound scholarship program and may support scholarships for summer session. This amount assumes that college bound scholarship recipients will receive priority for state need grant awards in fiscal year 2014 and fiscal year 2015. If this policy of prioritization is not fully achieved, it is the intent of this legislation to provide supplemental appropriations in the 2014 supplemental operating budget.

(7) $2,236,000 of the general fund--state appropriation for fiscal year 2014 and $2,236,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for the passport to college program. The maximum scholarship award shall be $5,000. The board shall contract with a nonprofit organization to provide support services to increase student completion in their postsecondary program and shall, under this contract, provide a minimum of $500,000 in fiscal years 2014 and 2015 for this purpose.

(8) $25,354,000 of the education legacy trust account--state appropriation is provided solely to meet state match requirements associated with the opportunity scholarship program.

(9) In developing the skilled and educated workforce report pursuant to RCW 28B.77.080(3), the council shall use the bureau of labor statistics analysis of the education and training requirements of occupations, in addition to any other method the council may choose to use, to assess the number and type of higher education and training credentials required to match employer demand for a skilled and educated workforce.
shall lapse. Substitute Senate Bill No. 5595 (child care reform). If the bill is not enacted by June 30, 2013, the amounts provided in this subsection for fiscal year 2015, and $80,000,000 of the opportunity pathways account appropriation are provided solely for the early childhood education assistance program services. Of these amounts, $10,284,000 is a portion of the biennial amount of state maintenance of effort dollars required to receive federal child care and development fund grant dollars.

(2) $638,000 of the general fund--state appropriation for fiscal year 2014, and $638,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for child care resource and referral network services.

(3) $200,000 of the general fund--state appropriation for fiscal year 2014 and $200,000 of the general fund--state appropriation for fiscal year 2015 are provided solely to develop and provide culturally relevant supports for parents, family, and other caregivers.

(4) The department is the lead agency for and recipient of the federal child care and development fund grant. Amounts within this grant shall be used to fund child care licensing, quality initiatives, agency administration, and other costs associated with child care subsidies. The department shall transfer a portion of this grant to the department of social and health services to fund the child care subsidies paid by the department of social and health services on behalf of the department of early learning.

(5) $1,434,000 of the general fund--state appropriation for fiscal year 2014, $1,434,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for expenditure into the home visiting services account. This funding is intended to meet federal maintenance of effort requirements and to secure private matching funds.

(6)(a) $153,717,000 of the general fund--federal appropriation is provided solely for the working connections child care program under RCW 43.215.135.

(b) In addition to groups that were given prioritized access to the working connections child care program effective March 1, 2011, the department shall also give prioritized access into the program to families in which a parent of a child in care is a minor who is not living with a parent or guardian and who is a full-time student in a high school that has a school-sponsored on-site child care center.

(c) Within the amounts provided in (a) of this subsection, the department is authorized to serve up to 20 percent of the working connections households through contracted slots. The department may achieve this by contracting with the working connections child care providers and with early childhood education assistance program providers to braid funding between working connection child care program and the education assistance program to support a full-day preschool experience for eligible children.

(7) Within available amounts, the department in consultation with the office of financial management and the department of social and health services shall report quarterly enrollments and active caseload for the working connections child care program to the legislative fiscal committees and the legislative-executive WorkFirst oversight task force. The report shall also identify the number of cases participating in both temporary assistance for needy families and working connections child care care. The department must also report on the number of children served through contracted slots.

(8) (($1,025,000)) $1,738,000 of the general fund--state appropriation for fiscal year 2014, (($1,025,000)) $1,738,000 of the general fund--state appropriation for fiscal year 2015, and $13,424,000 of the general fund--federal appropriation are provided solely for the seasonal child care program. If federal sequestration cuts are realized, cuts to the seasonal child care program must be proportional to other federal reductions made within the department.

(9) (($3,572,000)) $4,438,000 of the general fund--state appropriation for fiscal year 2014, (($2,522,000)) $4,674,000 of the general fund--state appropriation for fiscal year 2015, and (($2,504,000)) $236,000 of the general fund--federal appropriation are provided solely for the Medicaid Treatment Child Care (MTCC) program. The department shall contract for MTCC services to provide therapeutic child care and other specialized treatment services to abused, neglected, at-risk, and/or drug-affected children. Priority for services shall be given to children referred from the department of social and health services children's administration. In addition to referrals made by children's administration, the department shall authorize services for children referred to the MTCC program, as long as the children meet the eligibility requirements as outlined in the Washington state plan for the MTCC program.

(a) Of the amounts appropriated in this subsection, $60,000 per fiscal year may be used by the department for administering the MTCC program, if needed.

(b) Of the amounts provided in this subsection, (($1,050,000)) $1,916,000 of the general fund--state appropriation for fiscal year 2014 is provided solely to continue providing services in the event of losing federal funding for the MTCC program. To the extent that the monies provided in this subsection (9)(b) are not necessary for this purpose, the amounts provided shall lapse.

(10) $150,000 of the general fund--state appropriation for fiscal year 2014 and (($150,000)) $200,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for a contract with a nonprofit entity experienced in the provision of early literacy for children through pediatric office visits.

(11) $721,000 of the general fund--state appropriation for fiscal year 2014 is provided solely for the department to complete development work of the electronic benefits transfer system.

(12) (($202,000)) $221,000 of the general fund--state appropriation for fiscal year 2014 and (($202,000)) $1,234,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for implementation of an electronic benefits transfer system. To the maximum extent possible, the department shall work to integrate this system with the department of social and health services payment system. The amounts provided in this subsection are conditioned on the department satisfying the requirements of the project management oversight standards and policies established by the office of the chief information officer.

(13) $32,000 of the general fund--state appropriation for fiscal year 2014 is provided solely for implementation of Second Substitute Senate Bill No. 5595 (child care reform). If the bill is not enacted by June 30, 2013, the amounts provided in this subsection shall lapse.
(14)(a)(i) The department of early learning is required to provide to the education research and data center, housed at the office of financial management, data on all state-funded early childhood programs. These programs include the early support for infants and toddlers, early childhood education and assistance program (ECEAP), and the working connections and seasonal subsidized childcare programs including license exempt facilities or family, friend, and neighbor care. The data provided by the department to the education research data center must include information on children who participate in these programs, including their name and date of birth, and dates the child received services at a particular facility.

(ii) The ECEAP early learning professionals must enter qualifications into the department's professional development registry during the 2013-14 school year. By October 2015, the department must provide ECEAP early learning professional data to the education research data center.

(iii) The department must request federally funded head start programs to voluntarily provide data to the department and the education research data center that is equivalent to what is being provided for state-funded programs.

(iv) The education research and data center must provide a report on early childhood program participation and K-12 outcomes to the house of representatives appropriations committee and the senate ways and means committee using available data by November 2013 for the school year ending in 2012 and again in March 2014 for the school year ending in 2013.

(b) The department, in consultation with the department of social and health services, must withhold payment for services to early childhood programs that do not report on the name, date of birth, and the dates a child received services at a particular facility.

(15) $2,369,000 of the general fund--state appropriation for fiscal year 2015 is provided solely for the department to implement early achievers tiered reimbursement for child care center providers. The department shall establish tiered reimbursement pilot projects for providers in levels III, IV, and V of early achievers. The tiered reimbursement rates shall be implemented equitably across provider types. The department shall base the rates for tiered reimbursement on the child care cost model study completed in 2013 and factor in any increases in the base subsidy rate in establishing the tier reimbursement rates.

   (c) Supporting regional collaboratives for communities and populations, improve health care quality, and lower costs.

NEW SECTION. Sec. 2. (1) The health care authority is responsible for coordination, implementation, and administration of interagency efforts and local collaborations of public and private organizations to implement the state health care innovation plan.

(2) Prior to the authority submitting a grant application for innovation fund funding, the authority must consult a neutral actuarial firm not currently contracted with the agency to review the estimated savings with the innovation plan prior to application submission. The plan and the actuarial information must be presented to the joint select committee on health care oversight, including the scope and details of the grant application and any request for proposal, prior to an application submission. The joint committee must review the application in a timely fashion that enables the grant application, if approved, to be submitted within the required time frame.

(3) The grant application cannot commit the state to any financial obligations beyond the actual grant award amount.

(4) All required federal reporting related to a grant award must be shared with the joint committee at the same time it is submitted to the federal government.

(5) By January 1, 2015, and January 1st of each year through January 1, 2019, the health care authority shall coordinate and submit a status report to the appropriate committees of the legislature regarding implementation of the innovation plan. The report must summarize any actions taken to implement the innovation plan, progress toward achieving the aims of the innovation plan, and anticipated future implementation efforts. In addition, the health care authority shall submit any recommendations for legislation necessary to implement the innovation plan.

NEW SECTION. Sec. 3. (1) The joint select committee on health care oversight is established in statute, continuing the committee created in Engrossed Substitute Senate Concurrent Resolution No. 8401 passed in 2013.

(2) The membership of the joint select committee on health care oversight must consist of the following: (a) The chairs of the health care committees of the senate and the house of representatives, who must serve as cochairs; (b) four additional members of the senate, two each appointed by the leadership of the two largest political parties in the senate; and (c) four additional members of the house of representatives, two each appointed by the leadership of the two largest political parties in the house of representatives. The governor must be invited to appoint, as a liaison to the joint select committee, a person who must be a nonvoting member.

(3) The joint select committee on health care oversight must provide oversight between the health care authority, health benefit exchange, the office of the insurance commissioner, the department of health, and the department of social and health services. The goal must be to ensure that these entities are not duplicating their efforts and are working toward a goal of increased quality of services which will lead to reduced costs to the health care consumer.

(4) The joint select committee on health care oversight must, as necessary, propose legislation to the health care committees and budget recommendations to the ways and means committees of the legislature that aids in their coordination of activities and that leads to better quality and cost savings.

(5) The joint select committee on health care oversight expires on December 31, 2022.

NEW SECTION. Sec. 4. A new section is added to chapter 41.05 RCW to read as follows:

(1) The authority shall, subject to the availability of amounts appropriated or grants received for this specific purpose, award grants to support the development of two pilot projects for a community of health. A community of health is a regionally based, voluntary collaborative. The purpose of the collaborative is to align actions to achieve healthy communities and populations, improve health care quality, and lower costs. Grants may only be used for start-up costs.

(2) The authority shall develop a process for designating an entity as a community of health. An entity seeking designation is eligible if:
   (a) It is a nonprofit or public-private partnership, including those led by local public health agencies;
   (b) Its membership is broad and incorporates key stakeholders, such as the long-term care system, the health care delivery system, behavioral health, social supports and services, primary care and specialty providers, hospitals, consumers, small and large employers, health plans, and public health, with no single entity or organizational cohort serving in a majority capacity; and
   (c) It demonstrates an ongoing capacity to:
      (i) Lead health improvement activities within the region with other local systems to improve health outcomes and the overall health of the community, improve health care quality, and lower costs; and
      (ii) Distribute tools and resources from the health extension program created in section 5 of this act.

(3) In awarding grants under this section, the authority shall consider the extent to which the applicant will:
   (a) Base decisions on public input and an active collaboration among key community partners, which can include, but are not limited to, local governments, housing providers, school districts, early learning regional coalitions, large and small businesses, labor organizations, health and human service organizations, tribal governments, health carriers, providers, hospitals, public health agencies, and consumers;
   (b) Match the grant funding with funds from other sources; and
   (c) Demonstrate capability for sustainability without reliance on state general fund appropriations.

(4) The authority may prioritize applications that commit to providing at least one dollar in matching funds for each grant dollar awarded.

(5) Before grant funds are disbursed, the authority and the applicant must agree on performance requirements.

(6) The authority may adopt rules necessary to implement this section, but may not adopt rules, policies, or procedures beyond the scope of the authority granted in this section.

NEW SECTION. Sec. 5. A new section is added to chapter 43.70 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the department shall establish a health extension program to provide training, tools, and technical assistance to primary care, behavioral health, and other providers. The program must emphasize high quality preventive, chronic disease, and behavioral health care that is comprehensive and evidence-based.

(2) The health extension program must coordinate dissemination of evidence-based tools and resources that promote:
   (a) Integration of physical and behavioral health;
   (b) Clinical decision support to promote evidence-based care;
   (c) Reports of the Robert Bree collaborative created by RCW 70.250.050 and findings of health technology assessments under RCW 70.14.080 through 70.14.130;
   (d) Methods of formal assessment;
(e) Support for patients managing their own conditions;

(f) Identification and use of resources that are available in the community for patients and their families, including community health workers; and

(g) Identification of evidence-based models to effectively treat depression and other conditions in primary care settings, such as the program advancing integrated mental health solutions, and others.

(3) The department may adopt rules necessary to implement this section, but may not adopt rules, policies, or procedures beyond the scope of authority granted in this section.

NEW SECTION. Sec. 6. A new section is added to chapter 41.05 RCW to read as follows:

(1) There is created a performance measures committee, the purpose of which is to identify and recommend standard statewide measures of health performance to inform public and private health care purchasers and to propose benchmarks to track costs and improvements in health outcomes.

(2) Members of the committee must include representation from state agencies, small and large employers, health plans, patient groups, federally recognized tribes, consumers, academic experts on health care purchasers and to propose benchmarks to track costs and improvements in health outcomes. The chief executive officer of the lead organization must also serve on the committee. The committee must be chaired by the director of the authority.

(3) The committee shall develop a transparent process for selecting performance measures, and the process must include opportunities for public comment.

(4) By January 1, 2015, the committee shall submit the performance measures to the authority. The measures must include dimensions of:

(a) Prevention and screening;

(b) Effective management of chronic conditions;

(c) Key health outcomes;

(d) Care coordination and patient safety; and

(e) Use of the lowest cost, highest quality care for preventive care and acute and chronic conditions.

(5) The committee shall develop a measure set that:

(a) Is of manageable size;

(b) Is based on readily available claims and clinical data;

(c) Gives preference to nationally reported measures and, where nationally reported measures may not be appropriate, measures used by state agencies that purchase health care or commercial health plans;

(d) Focuses on the overall performance of the system, including outcomes and total cost;

(e) Is aligned with the governor’s performance management system measures and, common measure requirements specific to medicaid delivery systems under RCW 70.320.020 and 43.20A.895;

(f) Considers the needs of different stakeholders and the populations served; and

(g) Is usable by multiple payers, providers, hospitals, purchasers, public health, and communities as part of health improvement, care improvement, provider payment systems, benefit design, and administrative simplification for providers and hospitals.

(6) State agencies shall use the measure set developed under this section to inform and set benchmarks for purchasing decisions.

(7) The committee shall establish a public process to periodically evaluate the measure set and make additions or changes to the measure set as needed.

NEW SECTION. Sec. 7. A new section is added to chapter 74.09 RCW to read as follows:

(1) The authority and the department may restructure medicaid procurement of health care services and agreements with managed care systems on a phased basis to better support integrated physical health, mental health, and chemical dependency treatment, consistent with assumptions in Second Substitute Senate Bill No. 6312, Laws of 2014, and recommendations provided by the behavioral health task force. The authority and the department may develop and utilize innovative mechanisms to promote and sustain integrated clinical models of physical and behavioral health care.

(2) The authority and the department may incorporate the following principles into future medicaid procurement efforts aimed at integrating the delivery of physical and behavioral health services:

(a) Medicaid purchasing must support delivery of integrated, person-centered care that addresses the spectrum of individuals’ health needs in the context of the communities in which they live and with the availability of care continuity as their health needs change;

(b) Accountability for the client outcomes established in RCW 43.20A.895 and 71.36.025 and performance measures linked to those outcomes;

(c) Medicaid benefit design must recognize that adequate preventive care, crisis intervention, and support services promote a recovery-focused approach;

(d) Evidence-based care interventions and continuous quality improvement must be enforced through contract specifications and performance measures that provide meaningful integration at the patient care level with broadly distributed accountability for results;

(e) Active purchasing and oversight of medicaid managed care contracts is a state responsibility;

(f) A deliberate and flexible system change plan with identified benchmarks to promote system stability, provide continuity of treatment for patients, and protect essential existing behavioral health system infrastructure and capacity; and

(g) Community and organizational readiness are key determinants of implementation timing; a phased approach is therefore desirable.

(3) The principles identified in subsection (2) of this section are not intended to create an individual entitlement to services.

(4) The authority shall increase the use of value based contracting, alternative quality contracting, and other payment incentives that promote quality, efficiency, cost savings, and health improvement, for medicaid and public employee purchasing. The authority shall also implement additional chronic disease management techniques that reduce the subsequent need for hospitalization or readmissions. It is the intent of the legislature that the reforms the authority implements under this subsection are anticipated to reduce extraneous medical costs, across all medical programs, when fully phased in by fiscal year 2017 to generate budget savings identified in the omnibus appropriations act.

NEW SECTION. Sec. 8. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Authority" means the health care authority.

(2) "Carrier" and "health carrier" have the same meaning as in RCW 48.43.005.

(3) "Claims data" means the data required by section 11 of this act to be submitted to the database, as defined by the director in rule. "Claims data" includes: (a) Claims data related to health care coverage and services funded, in whole or in part, in the omnibus appropriations act, including coverage and services funded by appropriated and nonappropriated state and federal moneys, for medicaid programs and the public employees benefits board program; and (b) claims data voluntarily provided by other data suppliers, including carriers and self-funded employers.

(4) "Database" means the statewide all-payer health care claims database established in section 10 of this act.

(5) "Director" means the director of financial management.

(6) "Lead organization" means the organization selected under section 10 of this act.
(7) "Office" means the office of financial management.

NEW SECTION. Sec. 9. The legislature finds that:

(1) The activities authorized by this chapter will require collaboration among state agencies and local governments that purchase health care, private health carriers, third-party purchasers, health care providers, and hospitals. These activities will identify strategies to increase the quality and effectiveness of health care delivered in Washington state and are therefore in the best interest of the public.

(2) The benefits of collaboration, together with active state supervision, outweigh potential adverse impacts. Therefore, the legislature intends to exempt from state antitrust laws, and provide immunity through the state action doctrine from federal antitrust laws, activities that are undertaken, reviewed, and approved by the office pursuant to this chapter that might otherwise be constrained by such laws. The legislature does not intend and does not authorize any person or entity to engage in activities not provided for by this chapter, and the legislature neither exempts nor provides immunity for such activities including, but not limited to, agreements among competing providers or carriers to set prices or specific levels of reimbursement for health care services.

NEW SECTION. Sec. 10. (1) The office shall establish a statewide all-payer health care claims database to support transparent public reporting of health care information. The database must improve transparency to: Assist patients, providers, and hospitals to make informed choices about care; enable providers, hospitals, and communities to improve by benchmarking their performance against that of others by focusing on best practices; enable purchasers to identify value, build expectations into their purchasing strategy, and reward improvements over time; and promote competition based on quality and cost.

(2) The director shall select a lead organization to coordinate and manage the database. The lead organization is responsible for internal governance, management, funding, and operations of the database. At the direction of the office, the lead organization shall:

(a) Collect claims data from data suppliers as provided in section 11 of this act;

(b) Design data collection mechanisms with consideration for the time and cost involved in collection and the benefits that measurement would achieve;

(c) Ensure protection of collected data and store and use any data with patient-specific information in a manner that protects patient privacy;

(d) Consistent with the requirements of this chapter, make information from the database available as a resource for public and private entities, including carriers, employers, providers, hospitals, and purchasers of health care;

(e) Report performance on cost and quality pursuant to section 14 of this act using, but not limited to, the performance measures developed under section 6 of this act;

(f) Develop protocols and policies to ensure the quality of data releases;

(g) Develop a plan for the financial sustainability of the database and charge fees not to exceed five thousand dollars unless otherwise negotiated for reports and data files as needed to fund the database. Any fees must be approved by the office and must be comparable across data requesters and users; and

(h) Convene advisory committees with the approval and participation of the office, including: (i) A committee on data policy development; and (ii) a committee to establish a data release process consistent with the requirements of this chapter and to provide advice regarding formal data release requests. The advisory committees must include representation from key provider, hospital, payer, public health, health maintenance organization, purchaser, and consumer organizations.

(3) The lead organization governance structure and advisory committees must include representation of the third-party administrator of the uniform medical plan. A payer, health maintenance organization, or third-party administrator must be a data supplier to the all-payer health care claims database to be represented on the lead organization governance structure or advisory committees.

NEW SECTION. Sec. 11. (1) Data suppliers must submit claims data to the database within the time frames established by the director in rule and in accordance with procedures established by the lead organization.

(2) An entity that is not a data supplier but that chooses to participate in the database shall require any third-party administrator utilized by the entity's plan to release any claims data related to persons receiving health coverage from the plan.

(3) Each data supplier shall submit an annual status report to the office regarding its compliance with this section. The report to the legislature required by section 2 of this act must include a summary of these status reports.

NEW SECTION. Sec. 12. (1) The claims data provided to the database, the database itself, including the data compilation, and any raw data received from the database are not public records and are exempt from public disclosure under chapter 42.56 RCW.

(2) Claims data obtained in the course of activities undertaken pursuant to or supported under this chapter are not subject to subpoena or similar compulsory process in any civil or criminal, judicial, or administrative proceeding, nor may any individual or organization with lawful access to data under this chapter be compelled to testify with regard to such data, except that data pertaining to a party in litigation may be subject to subpoena or similar compulsory process in an action brought by or on behalf of such individual to enforce any liability arising under this chapter.

NEW SECTION. Sec. 13. (1) Except as otherwise required by law, claims or other data from the database shall only be available for retrieval in original or processed form to public and private requesters pursuant to this section and shall be made available within a reasonable time after the request.

(2) Except as otherwise required by law, the office shall direct the lead organization to maintain the confidentiality of claims or other data it collects for the database that include direct and indirect patient identifiers. Any agency, researcher, or other person that receives claims or other data under this section containing direct or indirect patient identifiers must also maintain confidentiality and may not release such claims or other data except as consistent with this section. The office shall oversee the lead organization's release of data as follows:

(a) Claims or other data that include direct or indirect patient identifiers, as specifically defined in rule, may be released to:

(i) Federal, state, and local government agencies upon receipt of a signed data use agreement with the office and the lead organization; and

(ii) Researchers with approval of an institutional review board upon receipt of a signed confidentiality agreement with the office and the lead organization.

(b) Claims or other data that do not contain direct patient identifiers but that may contain indirect patient identifiers may be released to agencies, researchers, and other persons upon receipt of a signed data use agreement with the lead organization.

(c) Claims or other data that do not contain direct or indirect patient identifiers may be released upon request.

(3) Recipients of claims or other data under subsection (2)(a) or (b) of this section must agree in a data use agreement or a confidentiality agreement to, at a minimum:

(a) Take steps to protect direct and indirect patient identifying information as described in the agreement; and
(b) Not redisclose the data except as authorized in the agreement consistent with the purpose of the agreement or as otherwise required by law.

(4) Recipients of the claims or other data under subsection (2)(b) of this section must not attempt to determine the identity of persons whose information is included in the data set or use the claims or other data in any manner that identifies the individuals or their families.

(5) For purposes of this section, the following definitions apply unless the context clearly requires otherwise:

(a) "Direct patient identifier" means information that identifies a patient.

(b) "Indirect patient identifier" means information that may identify a patient when combined with other information.

NEW SECTION. Sec. 14. (1) Under the supervision of the office, the lead organization shall prepare health care data reports using the database and the statewide health performance and quality measure set, including only those measures that can be completed with readily available claims data. Prior to releasing any health care data reports that use claims data, the lead organization must submit the reports to the office for review and approval.

(2)(a) Health care data reports prepared by the lead organization that use claims data must assist the legislature and the public with awareness and promotion of transparency in the health care market by reporting on:

(i) Whether providers and health systems deliver efficient, high quality care; and

(ii) Geographical and other variations in medical care and costs as demonstrated by data available to the lead organization.

(b) Measures in the health care data reports should be stratified by demography, income, language, health status, and geography when feasible with available data to identify disparities in care and successful efforts to reduce disparities.

(c) Comparisons of costs among providers and health care systems must account for differences in acuity of patients, as appropriate and feasible, and must take into consideration the cost impact of subsidization for uninsured and governmental patients, as well as teaching expenses, when feasible with available data.

(3) The lead organization may not publish any data or health care data reports that:

(a) Directly or indirectly identify patients;

(b) Disclose specific terms of contracts, discounts, or fixed reimbursement arrangements or other specific reimbursement arrangements between an individual provider and a specific payer; or

(c) Compares performance in a report generated for the general public that includes any provider in a practice with fewer than five providers.

(4) The lead organization may not release a report that compares and identifies providers, hospitals, or data suppliers unless it:

(a) Allows the data supplier, the hospital, or the provider to verify the accuracy of the information submitted to the lead organization and submit to the lead organization any corrections of errors with supporting evidence and comments within forty-five days of receipt of the report; and

(b) Corrects data found to be in error within a reasonable amount of time.

(5) The office and the lead organization may use claims data to identify and make available information on payers, providers, and facilities, but may not use claims data to recommend or incentivize direct contracting between providers and employers.

(6) The lead organization shall ensure that no individual data supplier comprises more than twenty-five percent of the claims data used in any report or other analysis generated from the database. For purposes of this subsection, a "data supplier" means a carrier and any self-insured employer that uses the carrier's provider contracts.

NEW SECTION. Sec. 15. (1) The director shall adopt any rules necessary to implement this chapter, including:

(a) Definitions of claim and data files that data suppliers must submit to the database, including: Files for covered medical services, pharmacy claims, and dental claims; member eligibility and enrollment data; and provider data with necessary identifiers;

(b) Deadlines for submission of claim files;

(c) Penalties for failure to submit claim files as required;

(d) Procedures for ensuring that all data received from data suppliers are securely collected and stored in compliance with state and federal law; and

(e) Procedures for ensuring compliance with state and federal privacy laws.

(2) The director may not adopt rules, policies, or procedures beyond the authority granted in this chapter.

NEW SECTION. Sec. 16. A new section is added to chapter 48.02 RCW to read as follows:

(1) The commissioner may not use data acquired from the statewide all-payer health care claims database created in section 10 of this act for purposes of reviewing rates pursuant to this title.

(2) The commissioner's authority to access data from any other source for rate review pursuant to this title is not otherwise curtailed, even if that data may have been separately submitted to the statewide all-payer health care claims database.

Sec. 17. RCW 42.56.360 and 2013 c 19 s 47 are each amended to read as follows:

(1) The following health care information is exempt from disclosure under this chapter:

(a) Information obtained by the pharmacy quality assurance commission as provided in RCW 69.45.090;

MESSAGE FROM THE SENATE

March 13, 2014

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1260 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 43.160.010 and 2012 c 225 s 2 are each amended to read as follows:

(1) The legislature finds that it is the (public) policy of the state of Washington to (direct financial resources toward the fostering of economic development through the stimulation of investment and job opportunities and the retention of sustainable existing employment) employ state and federal resources to foster economic development to promote private investment and to create or retain job opportunities for the general welfare of the inhabitants of the state. Reducing unemployment and reducing the time citizens remain jobless are important for the economic welfare of the state.

(2) The legislature finds that a valuable means of fostering economic development is the construction of public facilities which contribute to the stability and growth of the state's economic base. Expenditures made for these purposes as authorized in this chapter are declared to be in the public interest, and constitute a proper use of public funds. (A community economic revitalization board is needed which shall aid in the development of economic opportunities. The general objectives of the board shall include:

(a) Strengthening the economies of areas of the state which have experienced or are expected to experience chronically high unemployment rates or below average growth in their economies;

(b) Encouraging the diversification of the economies of the state and regions within the state in order to provide greater seasonal and cyclical stability of income and employment;

(c) Encouraging wider access to financial resources for both large and small industrial development projects;

(d) Encouraging new economic development or expansions to maximize employment;

(e) Encouraging the retention of viable existing firms and employment;

(f) Providing incentives for expansion of employment opportunities for groups of state residents that have been less successful relative to other groups in efforts to gain permanent employment; and

(g) Enhancing job and business growth through facility development and other improvements in innovation partnership zones designated under RCW 43.330.270.

(2)) (3) The legislature also finds that the state's economic development efforts can be enhanced by, in certain instances, providing funds to improve state highways, county roads, or city streets for industries considering locating or expanding in this state.

(4) The legislature finds it desirable to provide a process whereby the need for diverse public works improvements necessitated by planned economic development can be addressed in a timely fashion and with coordination among all responsible governmental entities.

(5) The legislature also finds that the state's economic development efforts can be enhanced by, in certain instances, providing funds to assist development of telecommunications infrastructure that supports business development, retention, and expansion in the state.

(6) The legislature also finds that the state's economic development efforts can be enhanced by providing funds to improve markets for those recyclable materials representing a large fraction of the waste stream. The legislature finds that the construction or rehabilitation of public facilities that result in private construction of processing or remanufacturing facilities for recyclable materials is eligible for consideration from the board.

(7) The legislature finds that sharing economic growth statewide is important to the welfare of the state. The ability of communities to pursue business and job retention, expansion, and development opportunities depends on their capacity to ready necessary economic development project plans, sites, permits, and infrastructure for private investments. Project-specific planning, predvelopment, and infrastructure are critical ingredients for economic development. (It is, therefore, the intent of the legislature to increase the amount of funding available through the community economic revitalization board and to authorize flexibility for available resources in these areas to help fund planning, predvelopment, and construction costs of infrastructure and facilities and sites that foster economic vitality and diversification.)

(8) It is, therefore, the intent of the legislature to create a community economic revitalization board to aid the development of economic opportunities. The general objectives of the board should include:

(a) Strengthening the economies of areas of the state which have experienced or are expected to experience chronically high unemployment rates or below average growth in their economies;

(b) Encouraging the diversification of the economies of the state and regions within the state in order to provide greater stability of income and employment;

(c) Encouraging greater access to financial resources for both large and small industrial development projects;

(d) Encouraging new economic development or expansions to maximize employment;

(e) Encouraging the retention of viable existing firms and promoting employment within these firms;

(f) Providing incentives for expansion of employment opportunities for groups of state residents that have been less successful relative to other groups in efforts to gain permanent employment; and

(g) Enhancing job and business growth through facility development and other improvements in innovation partnership zones designated under RCW 43.330.270.

NEW SECTION. Sec. 2. A new section is added to chapter 43.160 RCW to read as follows:

The legislature finds that the community economic revitalization board has successfully acted as an economic development..."
infrastructure financier for local governments. It is, therefore, the intent of the legislature to authorize flexibility for the community economic revitalization board to help fund planning, predevelopment, and construction costs of infrastructure and facilities and sites that foster economic vitality and diversification.

Management services, including fiscal and contract services, must be provided by the department to assist the board in implementing this chapter.

NEW SECTION. Sec. 7. A new section is added to chapter 43.160 RCW to read as follows:

(1) In order to assist political subdivisions of the state and federally recognized Indian tribes in financing the cost of public facilities, the board:

(a) Must manage the public facilities construction loan revolving account in such a way as to ensure its sustainability.

(b) Must execute contracts or otherwise financially obligate funds from the public facilities construction loan revolving account for projects approved for funding by the board under the following programs:
(i) Committed private sector partner construction;
(ii) Prospective development construction;
(iii) Planning; and
(iv) Any other program authorized by the legislature.
(c) Must provide loans to political subdivisions and federally recognized Indian tribes for the purposes of financing the cost of public facilities.
   (i) The board must determine the interest rate that loans bear. The interest rate may not exceed ten percent per annum.
   (ii) The board may provide reasonable terms and conditions for repayment for loans, including partial forgiveness of loan principal and interest payments on projects located in rural communities as defined by the board, or rural counties. The loans may not exceed twenty years in duration.
   (iii) In general, the board must require borrowers to begin repaying interest payments on projects located in rural communities as defined by the board, or rural counties. The loans may not exceed twenty years in duration.
   (iv) In general, the board must require borrowers to begin repaying interest payments on projects located in rural communities as defined by the board, or rural counties. The loans may not exceed twenty years in duration.

(d) May provide grants for purposes designated in this chapter, but only when, and to the extent that, a loan is not reasonably possible, given the limited resources of the political subdivision or the federally recognized Indian tribe and the finding by the board that financial circumstances require grant assistance to enable the project to move forward.

(2) No more than twenty-five percent of all financial assistance approved by the board in any biennium may consist of grants to political subdivisions and federally recognized Indian tribes.

(3) Except as authorized to the contrary under subsection (4) of this section, from all funds available to the board for financial assistance in a biennium under this chapter, the board must approve at least seventy-five percent of the first twenty million dollars of funds available and at least fifty percent of any additional funds for financial assistance for projects in rural counties or board defined rural communities.

(4) If at any time during the last six months of a biennium the board finds that the actual and anticipated applications for qualified projects in rural counties or board defined rural communities are clearly insufficient to use up the allocations under subsection (3) of this section, the board must estimate the amount of the insufficiency and insufficient to use up the allocations under subsection (3) of this section.

(5) The board may elect to reserve up to one million dollars of its biennial appropriation to use as state match for federal grant awards.

The purpose and use of the federal funds must be consistent with the board's purpose of financing economic development infrastructure. Reserved board funds must be matched, at a minimum, dollar for dollar by federal funds. If the set aside funds are not fully utilized for federal grant match by the 18th month of the biennium, the board may use those funds for other eligible projects as stated in this chapter.

NEW SECTION. Sec. 8. A new section is added to chapter 43.160 RCW to read as follows:
The board must:
(1) Establish and maintain collaborative relations with governmental, private, and other financing organizations, advocate groups, and other stakeholders associated with state economic development activities and policies;
(2) Provide information and advice to the governor and legislature on matters related to economic development; and
(3) At the direction of the governor, provide information and advocacy at the national level on matters related to economic development financing.

NEW SECTION. Sec. 9. A new section is added to chapter 43.160 RCW to read as follows:
(1) Under the committed private sector partner construction program, the board may only provide financial assistance to a project that demonstrates convincing evidence that a specific private sector development or expansion is ready to occur or will occur only if the public facility improvement is made.

(2) Under the prospective development construction program, the board may only provide financial assistance to a project that can demonstrate project feasibility using standard economic principles.

(3)(a) Projects applying under either the committed private sector partner construction program or the prospective development construction program must submit evidence comparing the median hourly wage of the private sector jobs to be created after the project is completed with the countywide median hourly wage for the private sector.

(b) The board must award a minimum of fifty percent of the moneys appropriated to it in the omnibus capital appropriations act to projects that are able to demonstrate convincing evidence that the median hourly wage of the private sector jobs created after the project is completed will exceed the countywide median hourly wage for private sector jobs.

NEW SECTION. Sec. 10. A new section is added to chapter 43.160 RCW to read as follows:
(1) The board must prioritize awards for committed private sector partner construction and prospective development construction projects by considering at a minimum the following criteria:
(a) The number of jobs created by the expected business creation or expansion and the average wage of those expected jobs. In evaluating proposals for their job creation potential, the board may adjust the job estimates in applications based on the board's judgment of the credibility of the job estimates;
(b) The need for job creation based on the unemployment rate of the county or counties in which the project is located. When evaluating the jobs created by the project, the board may consider the area labor supply and readily available skill sets of the labor pool in the county or counties surrounding the project location;
(c) How the expected business creation or expansion fits within the region's preferred economic growth strategy as indicated by the efforts of nearby innovation partnership zones, industry clusters, future export prospects, or local government equivalent if available;
(d) The speed with which the project can begin construction;
(e) Whether the proposed project offers a health insurance plan for employees that includes an option for dependents of employees;
(f) Whether the public facility investment will increase existing capacity necessary to accommodate projected population and employment growth in a manner that supports infill and redevelopment of existing urban or industrial areas served by adequate public facilities; and
(g) The extent that the project leverages nonstate funds, and achieves overall the greatest benefit in job creation at good wages for the amount of money provided.

(2) The board may not provide financial assistance:
(a) For a project the primary purpose of which is to facilitate or promote a retail shopping development or expansion;
(b) For any project for which evidence exists that would result in a development or expansion that would displace jobs in any other community in the state;
(c) For a project the primary purpose of which is to facilitate or promote gambling; or
(d) For a project located outside the jurisdiction of the applicant political subdivision or federally recognized Indian tribe.

Sec. 11. RCW 43.160.076 and 2011 c 180 s 301 are each amended to read as follows:

least seventy-five percent of the first twenty million dollars of funds available and at least fifty percent of any additional funds for financial assistance for projects in rural counties.

(2) If, at any time during the last six months of a biennium, the board finds that the actual and anticipated applications for qualified projects in rural counties are clearly insufficient to use up the allocations under subsection (1) of this section, then the board shall estimate the amount of the insufficiency and during the remainder of the biennium may use that amount of the allocation for financial assistance to projects not located in rural counties.

(3) The board shall solicit qualifying projects to plan, design, and construct public facilities needed to attract new industrial and commercial activities in areas impacted by the closure or potential closure of large coal-fired electric generation facilities, which for the purposes of this section means a facility that emitted more than one million tons of greenhouse gases in any calendar year prior to 2008. The projects should be consistent with any applicable plans for major industrial activity on lands formerly used or designated for surface coal mining and supporting uses under RCW 36.70A.368. When the board receives timely and eligible project applications from a political subdivision of the state for financial assistance for such projects, the board from available funds shall give priority consideration to such projects.

Sec. 12. RCW 43.160.080 and 2010 1st sp.s. c 36 s 601 amended to read as follows:

(1) There shall be a fund in the state treasury known as the public facilities construction loan revolving account, which shall consist of all moneys collected under this chapter and any moneys appropriated to it by law. Disbursements from the revolving account shall be on authorization of the board. In order to maintain an effective expenditure and revenue control, the public facilities construction loan revolving account shall be subject in all respects to chapter 43.88 RCW. During the 2009-2011 biennium, sums in the public facilities construction loan revolving account may be used for community economic revitalization board export assistance grants and loans in section 1018, chapter 36, Laws of 2010 1st sp. sess. and for matching funds for the federal energy regional innovation cluster in section 1017, chapter 36, Laws of 2010 1st sp. sess.

(2) The moneys in the public facilities construction loan revolving account shall be used solely to fulfill commitments arising from financial assistance authorized in this chapter. The total outstanding amount, which the board must disburse at any time pursuant to this section, may not exceed the moneys available from the account.

(3) Repayments of loans made from the public facilities construction loan revolving account under the contracts for public facilities construction loans must be paid into the public facilities construction loan revolving account.

Sec. 13. RCW 43.160.900 and 2008 c 327 s 9 are each amended to read as follows:

(1) The community economic revitalization board shall conduct biennial outcome-based evaluations of the financial assistance provided under this chapter. The evaluations shall include information on the number of applications for community economic revitalization board assistance; the number and types of projects approved; the grant or loan amount awarded each project; the projected number of jobs created or retained by each project; the actual number and cost of jobs created or retained by each project; the wages and health benefits associated with the jobs; the amount of state funds and total capital invested in projects; the number and types of businesses assisted by funded projects; the location of funded projects; the transportation infrastructure available for completed projects; the local match and local participation obtained; the number of delinquent loans; and the number of project terminations. The evaluations may also include additional performance measures and recommendations for programmatic changes.

(2a) By September 1st of each even-numbered year, the board must forward its draft evaluation to the Washington state economic development commission for review and comment. The board must provide any additional information as may be requested by the commission for the purpose of its review.

(b) Any written comments or recommendations provided by the commission as a result of its review must be included in the board’s completed evaluation. The evaluation must be presented to the governor and appropriate committees of the legislature by December 31st of each even-numbered year. (The initial evaluation must be submitted by December 31, 2010.)

"NEW SECTION. Sec. 1. In conjunction with recent findings from the Washington state auditor's office, the legislature finds that there are thousands of state citizens who have been determined eligible for services through the department of social and health services' developmental disability administration. For those who have asked for help but are waiting for services, families may experience financial or emotional hardships. The legislature intends to clarify and make transparent the process for accessing publicly funded services for individuals with developmental disabilities and their families. The legislature intends to significantly reduce the number of eligible individuals who are waiting for services by funding additional slots and by implementing new programs that better utilize federal funding partnerships.

Sec. 2. RCW 71A.10.020 and 2011 1st sp.s c 30 s 3 are each amended to read as follows:

As used in this title, the following terms have the meanings indicated unless the context clearly requires otherwise:

(4) "Department" means the department of social and health services.

(5) "Developmental disability" means a disability attributable to intellectual disability, cerebral palsy, epilepsy, autism, or another neurological or other condition of an individual found by the secretary to be closely related to an intellectual disability or to require treatment similar to that required for individuals with intellectual disabilities, which disability originates before the individual attains age eighteen, which has continued or can be expected to continue indefinitely, and which constitutes a substantial limitation to the individual. By January 1, 1989, the department shall promulgate rules which define neurological or other conditions in a way that is not limited to intelligence quotient scores as the sole determinant of these conditions, and notify the legislature of this action.

(6) "Eligible person" means a person who has been found by the secretary under RCW 71A.16.040 to be eligible for services.

(7) "Habilitation services" means those services provided by program personnel to assist persons in acquiring and maintaining life skills and to raise their levels of physical, mental, social, and vocational functioning. Sec. 3. RCW 71A.16.050 and 1988 c 176 s 405 are each amended to read as follows:

The determination made under this chapter is only as to whether a person is eligible for services. After the secretary has determined under this chapter that a person is eligible for services, the individual may request an assessment for eligibility for Medicaid programs and specific services administered by the developmental disabilities administration. The Secretary shall make a determination as to whether services are appropriate for the person. The Secretary shall prioritize services to Medicaid eligible clients. Services may be made available to non-Medicaid eligible clients based on funding. Services available through the state Medicaid plan must be provided to those individuals who meet the eligibility criteria. The department shall establish and maintain a service request list database for individuals who are found to be eligible and have an assessed and unmet need for services and programs offered under a home and community-based services waiver, but the provision of a specific service would exceed the biennially budgeted capacity.

NEW SECTION. Sec. 4. The department of social and health services shall develop and implement a Medicaid program to replace the individual and family services program for Medicaid-eligible clients no later than May 1, 2015. The new Medicaid program must offer services that closely resemble the services offered in fiscal year 2014 through the individual and family services program. To the extent possible, the department shall expand the client caseload on the Medicaid program replacing the individual and family services program. The department is authorized in fiscal year 2015 to use general fund–state dollars previously provided for the individual and family services program to cover the cost of increasing the number of clients served in the new Medicaid program.

NEW SECTION. Sec. 5. For both of these programs, the department of social and health services shall expend the client caseload beginning June 30, 2015.

GOVERNOR'S VETO MESSAGES
Sixty Third Legislature
2014 Legislative Session

VETO MESSAGE ON 2SHB 2251

March 28, 2014

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 5, Second Substitute House Bill No. 2251 entitled:

"AN ACT Relating to fish barrier removals."

Section 5 of Second Substitute House Bill 2251 directs the Department of Fish and Wildlife to accomplish significant portions of the bill within existing funds. The Department will likely incur additional costs in future biennium as a result of this bill that it cannot absorb without undue hardship on existing programs. For this reason I am vetoing Section 5.

For these reasons I have vetoed Section 5 of Second Substitute House Bill No. 2251. With the exception of Section 5, Second Substitute House Bill No. 2251 is approved.

Respectfully submitted,
Jay Inslee
Governor

VETO MESSAGE ON 2SHB 1709

March 31, 2014

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, Second Substitute House Bill No. 1709 entitled:

"AN ACT Relating to training for volunteer foreign language interpreters in K-12 public schools."

Section 1 is an intent section that discusses various experiences related to limited English proficient families and is not necessary to interpret or implement the substantive provisions of the bill.

For these reasons I have vetoed Section 1 of Second Substitute House Bill No. 1709. With the exception of Section 1, Second Substitute House Bill No. 1709 is approved.
Respectfully submitted,
Jay Inslee
Governor

VETO MESSAGE ON E2SHB 2207

March 31, 2014

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, Engrossed Second Substitute House Bill No. 2207 entitled:

"AN ACT Relating to eliminating the reduction in state basic education funding that occurs in counties with federal forest lands."

This legislation will allow high poverty school districts to retain up to $70,000 of their annual federal forest funding allocation rather than current practice of the offsetting the entire amount against state apportionment funding.

Section 1 prevents any offsetting of federal forest funding from occurring for high poverty districts. This is a technical error in direct conflict with the $70,000 annual limit established in Section 2 of this act.

For these reasons I have vetoed Section 1 of Engrossed Second Substitute House Bill No. 2207. With the exception of Section 1, Engrossed Second Substitute House Bill No. 2207 is approved.

Respectfully submitted,
Jay Inslee
Governor

VETO MESSAGE ON HB 2167

April 02, 2014

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 2, House Bill No. 2167 entitled:

"AN ACT Relating to changing the date by which challenged schools are identified."

This legislation changes the date by which OSPI is required to identify challenged schools in need of improvement and schools that are persistently lowest-achieving in the state.
Section 2 is an emergency clause section that will make this act effective immediately. The due dates in this legislation have come to pass and the emergency clause is therefore not necessary to implement the substantive provisions of the bill.

For these reasons I have vetoed Section 2 of House Bill No. 2167. With the exception of Section 2, House Bill No. 2167 is approved.

Respectfully submitted,
Jay Inslee
Governor

VE TO MESSAGE ON ESHB 2626

April 03, 2014

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, Engrossed Substitute House Bill No. 2626 entitled:

"AN ACT Relating to establishing statewide educational attainment goals."

With this legislation we are taking the important step of adopting post-secondary attainment goals for all Washingtonians.
Section 1 is an intent section that discusses the labor market and attainment statistics and is not necessary to interpret or implement the substantive provisions of the bill.

For these reasons I have vetoed Section 1 of Engrossed Substitute House Bill No. 2626. With the exception of Section 1, Engrossed Substitute House Bill No. 2626 is approved.

Respectfully submitted,
Jay Inslee
Governor

VE TO MESSAGE ON SHB 1260

April 4, 2014

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute House Bill No. 1260 entitled:

"AN ACT Relating to public facilities' grants and loans."
I am vetoing HB 1260. Current law requires that 100 percent of all projects approved by the Community Economic Revitalization Board result in jobs that pay above the county's private-sector median wage. This bill, however, cuts that requirement in half.

As an ardent advocate for family-wage jobs, I believe this bill to be too aggressive a change. While I support the kind of flexibility that would take into account the intent of this bill, as just one or two large employers in an area could skew the median wage levels, we need to proceed with caution.

I intend to introduce legislation next session allowing this flexibility for 25% of CERB funds, rather than 50%. I believe such a bill would be an appropriate balance between supporting family wage jobs across the state, and supporting projects in rural communities that may not be able to meet their county's median wage threshold.

For these reasons I have vetoed Substitute House Bill No. 1260 in its entirety.

Respectfully submitted,
Jay Inslee
Governor

VETO MESSAGE ON E2SHB 2572

April 04, 2014

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 2 and 16, Engrossed Second Substitute House Bill No. 2572 entitled:

"AN ACT Relating to improving the effectiveness of health care purchasing and transforming the health care delivery system by advancing value-based purchasing, promoting community health, and providing greater integration of chronic illness care and needed social supports."

This measure, the Health Care Purchasing bill, directs the state to purchase care more effectively by integrating behavioral health with physical heal care, begins a process to bring transparency to health care costs, and supports communities as they identify and address local health problems.

However, I am vetoing the following sections:

Section 2 -The intent of the section is commendable, but I am dedicated to LEAN management and there is duplication of actuarial work required. Also, there is a question of appropriate legislative oversight. To ensure the spirit of this section is accomplished, I have instructed the Health Care Authority to comply with the elements in this section.
Section 16 - This section involves the Office of the Insurance Rate Review process. The Office of the Insurance Commissioner has worked out this process with the interested parties, so this provision in unnecessary.

For these reasons I have vetoed Sections 2 and 16 of Engrossed Second Substitute House Bill No. 2572. With the exception of Sections 2 and 16, Engrossed Second Substitute House Bill No. 2572 is approved.

Respectfully submitted,
Jay Inslee
Governor

VETO MESSAGE ON EHB 2789

April 4, 2014

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Engrossed House Bill No. 2789 entitled:

"AN ACT Relating to technology-enhanced government surveillance."

This legislation imposes restrictions on state and local agency procurement and usage of "extraordinary sensing devices" attached to unmanned aircraft systems, more popularly known as "drones." Among a number of provisions, the bill imposes a prohibition on the use of extraordinary sensing devices and the disclosure of personal information acquired through such devices, with some exceptions, and creates a new definition of personal information.

After receiving extensive input and considerable reflection, I am vetoing the bill. However, I am issuing a moratorium to executive-branch state agencies to prohibit the purchase and use of these devices during the next 15 months, and asking local law enforcement to do the same. The Legislature is rightfully concerned about the effects of new technology on our citizens' right to privacy. I share that same concern and take the right to privacy very seriously. As articulated by the lawmakers who supported this bill, some members of the public have concern that, without rules and standards dictating the acceptable uses of unmanned aircraft systems, the government might embark on suspicion-less and warrantless surveillance using this technology. As pointed out by lawmakers on both sides of the aisle, it is important we create the right framework to address these issues so Washingtonians can feel confident their privacy is protected.

While we work in the coming months to create a framework that is protective and can be effectively implemented, no state executive agency will purchase or use these devices until the Legislature has the opportunity to revisit these critical issues in the next session.

I have also heard concerns that local law enforcement agencies might use this veto as an opportunity to purchase these devices this year and conduct warrantless surveillance. I believe local government is as concerned as I am about ensuring our citizens' rights are not violated. Because of this, I am asking the
police chiefs and sheriffs across the state to also refrain from acquiring these devices for the next 15 months and to join us in evaluating the appropriate ways to use these new technologies. However, I understand there could be an extraordinary natural disaster or other need for a rare exception to this directive.

If we are going to build clear standards for procurement, use and data collection policies for new technology, it's important we do this right. Unfortunately, I do not believe this bill is the appropriate first step. Among other issues, this measure contains conflicting provisions on disclosure and destruction of personal information. This could lead to shielding government uses of this technology from public disclosure. We must ensure that government transparency and accountability are amply provided, which are not clearly guaranteed in this legislation.

The bill also includes an expansive new definition of personal information that would make it impossible to use this technology without violating the prohibitions as written in this bill, and lacks the clarity necessary to give both regulatory and law enforcement agencies -and the public- a clear understanding of how these technologies can and will be used in the future.

I commend the parties for bringing this issue to the forefront and for their determination to get a bill passed this session. While I considered exercising section vetoes to achieve this end, this was not possible.

I share the parties' concern about the privacy of our citizens, and I want members of the public to feel confident their government is protecting them while not violating their rights in the process. I have heard from many who support the passage of this bill and many who are concerned it is not yet ready to be enacted into law. I have carefully read and considered this bill, and believe it deserves more work. I believe, too, we want to get ahead of this issue and get standards in place before government agencies start to use this new technology.

My office will be creating a task force this month to better examine these complex issues and develop a fully vetted bill for the 2015 legislative session. The task force will be composed of a broad group of stakeholders to include legislators, the ACLU, state agencies, law enforcement, industry and citizens-at-large. We need to work through these concerns in a transparent and thoughtful manner to make sure what we sign into law protects the privacy of Washingtonians while also creating clear and fair standards for the use of new technology to protect the safety and well-being of our citizens.

For these reasons I have vetoed Engrossed House Bill No. 2789 in its entirety.

Respectfully submitted,
Jay Inslee
Governor
AMENDED CONDITIONAL COMMUTATION OF ALKAREEM JABBAR SHADEED

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, Alkareem Jabbar Shadeed, aka Jerry Dwayne Johnson, was convicted on November 10, 1994, of Attempted Robbery in the Second Degree, Attempting to Elude a Pursuing Police Vehicle and Taking, and Riding a Motor Vehicle Without Permission in King County Superior Court Cause Number 94-1-01095-2 and sentenced to serve Life without the Possibility of Parole under Washington's persistent offender law, otherwise known as the "Three Strikes" law.

WHEREAS, according to the court record, the crime leading to Mr. Shadeed's third strike occurred on February 9, 1994. At the age of 24, Mr. Shadeed attempted to rob Craig MacGowan of his wallet. Mr. Shadeed approached Mr. MacGowan from behind and grabbed him. Mr. MacGowan managed to drag Mr. Shadeed into the street. Mr. Shadeed was then startled by a car driving by. He let Mr. MacGowan go and ran to a parked vehicle he had taken without permission earlier in the day and drove away. When spotted later by Seattle Police, Mr. Shadeed attempted to elude capture on foot but was later apprehended. Mr. Shadeed was on probation at the time of the offense. He was convicted and sentenced in November 1994 by King County Superior Court Judge Richard Ishikawa.

WHEREAS, Mr. Shadeed's second strike was earned when he was convicted of Robbery in the Second Degree for the robbery of Jaime Guox on March 28, 1991. Mr. Shadeed approached Mr. Guox while Mr. Guox was waiting for a bus in downtown Los Angeles, California. Mr. Shadeed told Mr. Guox he didn't like him being at the bus stop. He then pinned Mr. Guox up against a wall by putting a forearm into Mr. Guox's neck and held a metal pipe against Mr. Guox, threatening him with it. Mr. Shadeed then demanded money and checked Mr. Guox's pockets while holding the pipe over his head as if he was going to strike Mr. Guox with it. Mr. Shadeed took $2 from Mr. Guox. Mr. Shadeed was sentenced to five years in prison and served time until the fall of 1993, when he was released from custody and traveled to Seattle.

WHEREAS, Mr. Shadeed's first strike was convicted of his first strike offense in June of 1989 in San Joaquin County, California, of one count of Robbery in the Second Degree for the robbery of William Lynch on April 17, 1989. Mr. Lynch was standing outside of a movie theatre in Stockton, California when Mr. Shadeed got out of a van, approached Mr. Lynch and told him to give him his money. Mr. Shadeed had his hand in his pocket and told Mr. Lynch he had a gun. Mr. Lynch gave Mr. Shadeed his money because he feared for his life. A witness was able to get the license plate of the van, which led police to Mr. Shadeed.

WHEREAS, Mr. Shadeed was also initially charged with robbing Carla Belloumini on April 16, 1989, the day before he robbed Mr. Lynch. He approached her in a Payless parking lot, demanded her purse, and then took the purse by force when she would not hand it over. He then got into the same van and left the area. Based on the court records, it appears that this charge was dropped as part of a plea bargain on the Lynch robbery.
WHEREAS, Mr. Shadeed was also convicted of Receiving Stolen Property for possessing a stolen van at the time of his arrest for the robberies of Mr. Lynch and Ms. Belloumini. He had stolen William Huddler's van the day before he robbed Ms. Belloumini. He was sentenced to four years in prison for these offenses. He was also sentenced on a charge of Furnishing a Substance in Lieu of Cocaine, a charge for which he was out on bail at the time he committed the robberies. Shortly after sentencing, Mr. Shadeed was found to be addicted to crack cocaine and was sent to the California Rehabilitation Center. He spent less than a year of his four-year prison term at the Rehabilitation Center. He was released in June of 1990.

WHEREAS, Mr. Shadeed submitted a petition to the Washington State Clemency and Pardons Board in 2009, requesting that his Life Sentence without the Possibility of Parole on Cause No. 94-1-01095-2 be commuted by Governor Christine Gregoire.

WHEREAS, at the time of his conviction, the standard range for Mr. Shadeed's offense was 33 to 43 months. The maximum sentence for Second Degree Robbery in Washington State, without the three strikes law, is 120 months.

WHEREAS, Mr. Shadeed unequivocally accepted responsibility and expressed remorse for all of his past crimes and deeply apologized for his actions to his victims, his family, and the state of Washington at his June 2009 Clemency and Pardons Board hearing.

WHEREAS, prior to that hearing, King County Prosecutor Daniel Satterberg reviewed Mr. Shadeed's clemency request in the context of other early Three Strikes cases prosecuted by the King County Prosecutor's Office in 1994 and 1995 shortly after voters approved the Three Strikes law with Initiative 593. In the course of that review, Mr. Satterberg observed that the King County Prosecutor's Office charged and prosecuted the lowest ranking strike eligible offenses differently than they do today.

WHEREAS, Mr. Shadeed showed considerable rehabilitation during his period of incarceration. Even though Mr. Shadeed had no reason to believe he would ever be released from prison, Mr. Shadeed pursued the educational and programming opportunities made available to him. He completed basic vocational education classes, obtained his GED in 1995, and took vocational courses in microcomputer skills in 1998, barbering in 1999, office technology in 1999, and food service in 1999. He also took classes in creative writing and business and volunteered with Seattle University Criminal Justice Professor Jacqueline Helfgott on victim-offender issues. Finally, he participated and was a leader in the Concerned Lifers organization and the Black Prisoners Caucus.

WHEREAS, following Mr. Shadeed's Clemency and Pardons Board hearing on June 11, 2009, the Board issued a unanimous recommendation in support of a commutation of Mr. Shadeed's Life without the Possibility of Parole sentence.

WHEREAS, on September 9, 2011, Governor Gregoire granted Mr. Shadeed a Conditional Commutation on the remainder of his sentence, subject to his successful completion of a term of Community Custody for 24 months and compliance with specific conditions during that period of supervision. He was released from prison on June 20, 2011. At the time of his release, Mr. Shadeed had served almost 17 years in prison as a result of his third strike conviction.

WHEREAS, after over 17 months of successful community supervision, Mr. Shadeed was located at the residence of a known drug user on March 19, 2013, and arrested by officers with the Department of Corrections. Immediately following his arrest,
Mr. Shadeed was given a drug test and tested negative for all controlled substances. The Department of Corrections then alleged that Mr. Shadeed committed three violations of his Conditional Commutation, including: 1) having contact with a known drug user; 2) possession of cocaine residue; and 3) failing to abide by a travel permit by being at an unapproved residence.

WHEREAS, a Community Custody Hearing was held on April 3, 2013, at the Washington Corrections Center. Hearing Officer Paul Ockerman determined, by the preponderance of the evidence, that Mr. Shadeed was guilty of committing the above violations, and sentenced him to 30 days of confinement.

WHEREAS, having reviewed the Community Custody Hearing Report, the Hearing and Decision Summary report, the Department of Corrections Report of Alleged Violation, and all of the supporting documents therein, I have determined that Mr. Shadeed has violated the Conditional Commutation granted by Governor Gregoire in September 2011.

WHEREAS, Mr. Shadeed had positive compliance with the conditions of his supervision prior to these violations. Between his release in September 2011 and his arrest in March 2013, Mr. Shadeed did not commit any violations, with the exception of a driving citation. He was in full compliance with his required reporting instructions. He has demonstrated involvement with his family and his church. He has been actively seeking and improving his education and gained employment.

WHEREAS, since his release from prison, Mr. Shadeed has lived in Moses Lake, Washington, with his wife, children, and grandchildren. He has worked steadily in demanding, low-paying jobs in order to provide for his family. Mr. Shadeed has also completed a substance abuse assessment and the recommended course of treatment. He has been subject to random and frequent drug and alcohol testing as a condition of his Conditional Commutation and has not tested positive for any controlled substances since the day of his release.

WHEREAS, King County Prosecutor Daniel Satterburg has reviewed the facts and circumstances of Mr. Shadeed's recent violations and supports his release back into the community, subject to the conditions below.

WHEREAS, Section 5 of Initiative 593 indicated that "[n]otthing in this act shall ever be interpreted or construed as to reduce or eliminate the power of the governor to grant a pardon or clemency to any offender on an individual case-by-case basis."

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of Mr. Shadeed's previous crimes and the nature of his recent violations, comments favoring release of Mr. Shadeed and the favorable recommendations of the King County Prosecutor's Office and the Department of Corrections, and have directed the Department of Corrections to develop an effective release plan for Mr. Shadeed prior to his release in the community, and in light of the foregoing, I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Jay Inslee, by virtue of the power vested in me as Governor of the state of Washington under Article III Section 9 of the Washington State Constitution, RCW 9.94A.885 and RCW 9.95.260, hereby grant to Al-Kareem J. Shadeed an Amended Conditional Commutation subject to him indicating in writing that he will complete a term of Community Custody of 18 months from the date of his release, ending no later than December 31, 2014, and compliance with the following
conditions during the term of his Community Custody, all of which will commence no later than July 8, 2013:

Mr. Shadeed shall:

1. Report regularly to a community corrections officer as directed by the Department of Corrections;
2. Pay a monthly supervision fee as directed by the community corrections officer;
3. Participate in Department of Corrections approved education, employment, and/or community service;
4. Receive prior approval from the Department of Corrections for living arrangements and residence location;
5. Allow community corrections officers to conduct such home visits as the community corrections officers deem appropriate;
6. Notify the Department of Corrections prior to any changes of address or employment;
7. Participate in electronic home monitoring for the duration of his period of supervision, as directed by the community corrections officer;
8. Remain in the geographic area as directed by the community corrections officer;
9. Have no direct contact with any of his victims or their families, unless requested by the victim and approved by his community corrections officer;
10. Not possess, receive, ship, or transport a firearm, ammunition, or explosives;
11. Not use, possess, or consume alcohol;
12. Not possess or use any controlled substances without a prescription;
13. Not associate with any drug users or dealers;
14. Submit to regular and random urinalysis and breathalyzer testing, as directed by the community corrections officer;
15. Participate in substance abuse and/or chemical dependency evaluation as directed by the community corrections officer and complete any recommendations from such evaluation;
16. Participate in chemical dependency and substance abuse support groups, as directed by the community corrections officer;
17. Participate in any mental health evaluation as recommended by the community corrections officer and complete any recommendations from such evaluation;
18. Participate in a Cognitive Behavioral Intervention program or similar program as directed by the community corrections officer;
19. Participate in the Youth At Risk or other similar community service program, as directed by the community corrections officer; and
20. Comply with all standard conditions, recommendations, and instructions of community placement as directed by the community corrections officer.

PROVIDED that Mr. Shadeed shall remain under the supervision of the Department of Corrections and explicitly follow the conditions established by that agency during the term of his Community Custody. Violation of any of the above conditions shall result in sanctions as deemed appropriate by the Department of Corrections and may result in the termination of this Amended Conditional Commutation as provided below. If Mr. Shadeed is taken into custody following any alleged violation, the Department shall hold a Community Custody Hearing. The Department may also require Mr. Shadeed to perform affirmative acts deemed appropriate to monitor compliance with the conditions and may issue warrants or detain Mr. Shadeed if he violates a condition.
ADDITIONALLY PROVIDED that in the event Mr. Shadeed violates the conditions of this Amended Conditional Commutation, as determined by the Governor, this Amended Conditional Commutation may be revoked and the sentence of the court reinstated, whereupon Mr. Shadeed will be immediately returned to the Washington Corrections Center or any such facility as the Secretary of the Department of Corrections deems appropriate. If any such violation occurs, the Department of Corrections shall provide a written report to the Governor regarding the violation. A written notice of the Governor's intent to review the alleged violations and revoke or amend the Amended Conditional Commutation will then be mailed to the most recent address Mr. Shadeed has provided to the Office of the Governor or, if Mr. Shadeed is in custody, to his place of detention. If within 14 calendar days of the mailing of the notice, Mr. Shadeed submits a sworn statement made under penalty of perjury that he has in fact complied with all conditions of this Amended Conditional Commutation, the Governor shall appoint a hearing officer. The hearing officer will provide Mr. Shadeed an opportunity to be heard and to present witnesses and documentary evidence that he has met all conditions upon which the Amended Conditional Commutation is granted. The hearing officer shall present findings of fact and a transcript of the hearing to the Governor for the Governor's final and conclusive determination on whether Mr. Shadeed has violated the conditions of this Amended Conditional Commutation.

ADDITIONALLY PROVIDED that in the event Mr. Shadeed is convicted anywhere at any time of any offense the elements of which would classify the crime as a gross misdemeanor or felony in the state of Washington, this Amended Conditional Commutation shall be revoked and the sentence of the court reinstated, whereupon Mr. Shadeed will be immediately returned to the Washington Corrections Center or any such facility that the Secretary of the Department of Corrections deems appropriate.

ADDITIONALLY PROVIDED that Mr. Shadeed may be detained pending judicial disposition of any new criminal charge or a final determination of whether a condition of this Amended Conditional Commutation has been violated, if the Governor determines there are reasonable grounds to believe he has violated the above conditions of this Amended Conditional Commutation, reason to be concerned that he would pose a risk to any person or to the community, or that there is a possibility that Mr. Shadeed may abscond if not detained. If detained, Mr. Shadeed will be provided a preliminary hearing, as promptly as convenient after arrest, to determine whether there are reasonable grounds to believe he has violated the above conditions.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the State of Washington to be affixed at Olympia on this 28th day of May, A.D., two thousand and thirteen.

AMENDED CONDITIONAL COMMUTATION OF MARY ANN LONDON

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, Mary Ann London was convicted on February 6, 1995, of Burglary in the First Degree and Robbery in the Second Degree under King County Superior Court Cause Number 94-1-05915-3 and sentenced to serve Life without the Possibility of Parole under Washington's persistent offender law, the so-called "Three Strikes" law.
WHEREAS, the crime leading to Ms. London's final strike occurred on June 8, 1994. At the age of 35, Ms. London attacked and robbed an acquaintance, 29 year-old Jeff Mattson, of six dollars and two radios. Mr. Mattson was an individual with cerebral palsy. Ms. London threatened that if he said anything, she would kill him. After she left, Mr. Mattson rode his bicycle to his grandmother's house where the police were called. Police searched Mr. Mattson's apartment and found that the telephone line was cut. Ms. London's conviction for this offense resulted in a life sentence.

WHEREAS, Ms. London's second strike arose from a crime committed on July 31, 1991. Ms. London assaulted and threatened her neighbor, an individual with cerebral palsy. Ms. London forced her way into the apartment of Cindy Hodges, hit her in the face, and took money from her. After Ms. London left, the police arrived and took a statement from Ms. Hodges. Ms. London later returned with a male companion and repeated the crime before she was caught. Ms. London was found guilty of Robbery in the Second Degree and served 15 months in prison.

WHEREAS, the crime that led to Ms. London's first strike conviction occurred on March 1, 1988. Ms. London was convicted of Robbery in the Second Degree for assaulting and stealing from 80 year-old Leslie Guerrero. Ms. London was acquainted with Ms. Guerrero. Ms. London showed up one night at Ms. Guerrero's apartment door, asking to come in. Ms. Guerrero let Ms. London inside. Once inside, Ms. London asked for money. When Ms. Guerrero refused, Ms. London shoved Ms. Guerrero down onto the bed and took her purse. Ms. London served a 12-month sentence for the crime.

WHEREAS, Ms. London showed considerable rehabilitation during her period of incarceration, took responsibility for her actions, and was truly remorseful. Ms. London sought to improve herself through a variety of programs available to her in prison, although many programs were unavailable to her. She completed stress and anger management classes. She participated in church conferences through the "Women of Faith" program. Ms. London worked in the prison as a janitor for a number of years, took pride in her work, and received high marks from her supervisors. Ms. London expressed regret for the harm inflicted on her victims and said she is deeply sorry for her actions.

WHEREAS, King County Prosecutor Daniel Satterberg, King County Superior Court Judge George Finkle (Retired), and Clinical Associate Professor Karil S. Klingbeil, University of Washington, strongly recommended clemency and the release of Ms. London from prison.

WHEREAS, Mr. Satterberg indicated that now the King County Prosecutor's Office charges and prosecutes strike-eligible offenses differently than it did in 1994 and 1995, shortly after voters approved Initiative 593. Today, to avoid a disproportionate life sentence, the King County Prosecutor's Office would charge Theft in the First Degree and a lesser assault charge instead of Robbery in the Second Degree, and would seek an agreed sentence of 10 years. Mr. Satterberg indicated that while the crimes Ms. London committed are worthy of serious punishment, the sentence that has been served has accomplished this goal. His office attempted to contact the victim of Ms. London's third strike offense so the victim could share his view on the matter of clemency, but no response was received.

WHEREAS, Mr. Satterberg wrote to the Clemency and Pardons Board that Ms. London has come to recognize and address the factors that contributed to her criminal behavior—sexual abuse as a child, domestic abuse as an adult, and severe addiction to drugs. He observed that she sought to improve herself through programs available in prison and that during her incarceration she displayed none of the anger and violence that led to her life sentence.
WHEREAS, Judge Finkle, who sentenced Ms. London to Life without the Possibility of Parole as required by law, met with Ms. London in 2009. Judge Finkle stated he believed Ms. London had served the substantial prison term that she deserved, that she had made remarkable changes in her attitude, behavior, and that she is well-motivated to succeed under release.

WHEREAS, Professor Klingbeil testified that Ms. London suffered cruelty and abuse much of her life that contributed to her behavior, that Ms. London has great remorse for the problems she has caused, and that she is now a changed person who is kind and clear-thinking, with new problem-solving skills that will make her successful in the community.

WHEREAS, Ms. London appeared to have used her 16 years in prison to rehabilitate herself, overcome her substance abuse, develop vocational skills, take pride in her work, change her behavior, build a relationship with her adult daughter, and become a responsible and rehabilitated person who can make a positive impact on her community.

WHEREAS, Ms. London continues to have the support of her church, which offered to assist her, and has the support of people in the community who have offered their support.

WHEREAS, following Ms. London's Clemency and Pardons Board hearing, the Board issued a unanimous recommendation in support of a commutation of Ms. London's Life without the Possibility of Parole sentence.

WHEREAS, on June 27, 2011, Governor Christine Gregoire granted Ms. London a Conditional Commutation on the remainder of her sentence, subject to her successful completion of a term of Community Custody for 24 months and compliance with specific conditions during that period of supervision. She was released from prison on July 14, 2011. At the time of her release, Ms. London had served 16 years in prison as a result of her third strike conviction.

WHEREAS, after 19 months of successful community supervision, Ms. London admitted to a relationship with a known drug user/seller. Three months later she was arrested for continued contact with the same individual. During a search after her arrest, a community corrections officer located a pill bottle in her purse. Prior to arrest, Ms. London had submitted to a drug test and tested negative for all controlled substances. The Department of Corrections then alleged that Ms. London committed two violations of her Conditional Commutation: 1) having contact with a known drug user; and 2) failing to comply with instructions of a community corrections officer.

WHEREAS, a Community Custody Hearing was held on June 19, 2013. Hearing Officer Jolene Agostini determined, by the preponderance of the evidence, that Ms. London was guilty of committing the above violations, and sentenced her to 20 days of confinement.

WHEREAS, having reviewed the Community Custody Hearing Report, the Hearing and Decision Summary report, the Department of Corrections Report of Alleged Violation, and all of the supporting documents therein, I have determined that Ms. London has violated the Conditional Commutation granted by Governor Gregoire in June 2011.

WHEREAS, Ms. London had generally positive compliance with the conditions of her supervision prior to these violations. Between her release in July 2011 and her arrest in June 2013, Ms. London did not commit any new law violations. Her only violations were for failure to comply with GPS requirements.
She has demonstrated involvement with her church. She has been actively seeking and improving her education, and has gained employment.

WHEREAS, since Ms. London's release from prison, she has lived in Auburn, Washington, and has support from her church and her pastor. She has been working toward her GED at Green River Community College and attends two sober support meetings per week. She also meets weekly with a case manager at St. Vincent de Paul. She has been subject to frequent drug testing and has not tested positive since her release.

WHEREAS, King County Prosecutor Daniel Satterberg has reviewed the facts and circumstances of Ms. London's recent violations and supports her release back into the community, subject to the conditions below.

WHEREAS, Section 5 of Initiative 593 indicates that "[n]othing in this act shall ever be interpreted or construed as to reduce or eliminate the power of the governor to grant a pardon or clemency to any offender on an individual case-by-case basis."

WHEREAS, I have reviewed all the pertinent facts and circumstances surrounding this matter, the circumstances of Ms. London's previous crimes and the nature of her recent violations, comments favoring release of Ms. London, and the favorable recommendations of the King County Prosecutor and the Washington State Clemency and Pardons Board and, in light of the foregoing, I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Jay Inslee, by virtue of the power vested in me as Governor of the state of Washington under Article III Section 9 of the Washington State Constitution, RCW 9.94A.885 and RCW 9.95.260, hereby grant to Mary Ann London a Conditional Commutation of the remainder of her sentence subject to her indicating in writing that she accepts an additional term of Community Custody of 24 months, ending July 19, 2016, and compliance with the following conditions during the term of her Community Custody, all of which commence as of July 19, 2013:

7. Participate in electronic home monitoring for the duration of his period of supervision, as directed by the community corrections officer;
8. Remain in the geographic area as directed by the community corrections officer;

11. Not use, possess, or consume alcohol;
12. Not possess or use any controlled substances without a prescription;
13. Not associate with any drug users or dealers;
14. Submit to regular and random urinalysis and breathalyzer testing, as directed by the community corrections officer;

18. Participate in a Cognitive Behavioral Intervention program or similar program as directed by the community corrections officer;
19. Participate in the Youth At Risk or other similar community service program, as directed by the community corrections officer; and
20. Comply with all standard conditions, recommendations, and instructions of community placement as directed by the community corrections officer.

PROVIDED that Ms. London shall remain under the supervision of the Department of Corrections and explicitly follow conditions established by that agency during the term of her Community Custody. Violation of any of the above conditions shall result in sanctions as deemed appropriate by the Department of Corrections and may result in the termination of this Conditional Commutation as provided below. The Department may require Ms. London to perform affirmative acts deemed appropriate to monitor compliance with the conditions and may issue warrants and/or detain Ms. London if she violates a condition.

ADDITIONALLY PROVIDED that in the event Ms. London is convicted anywhere at any time of any offense the elements of which would classify the crime as a gross misdemeanor or felony in the state of Washington or violates the conditions of this Conditional Commutation as determined by the Governor, this Conditional Commutation is revoked and the sentence of the court reinstated, whereupon Ms. London will be immediately returned to the Washington Corrections Center for Women or any such facility as the Secretary of the Department Of Corrections deems appropriate. The Department of Corrections shall provide a written report to the Governor regarding any violation of this Conditional Commutation. A written notice of the Governor's intent to revoke the Conditional Commutation will be mailed to the most recent address Ms. London has provided to the Office of the Governor or, if Ms. London is in custody, to her place of detention. If within 14 calendar days of the mailing of the notice Ms. London submits a sworn statement made under penalty of perjury that she has complied with all conditions of this commutation, the Governor shall appoint a hearing officer. The hearing officer will provide Ms. London an opportunity to be heard and to present witnesses and documentary evidence that she has met all conditions upon which the conditional commutation is granted. If detained, Ms. London will be provided a preliminary hearing, as promptly as convenient.

CONDITIONAL COMMUTATION OF JOSEPH SCOTT WHARTON

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, Joseph Scott Wharton was convicted on April 22, 1997, of five counts of Robbery in the Second Degree in King County Superior Court Cause Number 97-1-00657-7 and sentenced to serve Life without the Possibility of Parole under Washington's persistent offender law, otherwise known as the "Three Strikes" law.

WHEREAS, according to the court record, the crimes leading to Mr. Wharton's third strike occurred in December of 1996 and January of 1997. Over the course of a month, Mr. Wharton approached clerks in ten stores and banks in the Kent area and demanded money from the registers. He often held his hand in his pocket to suggest that he had a gun. Mr. Wharton was charged with ten total counts, including charges of Attempted Robbery Second Degree, Robbery Second Degree, and Robbery First Degree, under King County Cause Number 97-1-00657-7. At a bench trial held in early 1997, Mr. Wharton was found guilty of five counts of Robbery in the Second Degree. King County Superior Court Judge Michael J. Fox dismissed the remaining five counts, including the Robbery in the First Degree charge, with the agreement of the Prosecutor's Office.

WHEREAS, Mr. Wharton received his second strike when he was convicted of three counts of Robbery in the Second Degree for the robbery of a Costless store on September 25, 1989. Mr. Wharton entered the store and asked one of the employees in the back for some help in finding some syringes. When told that the store didn't carry those types of syringes, Mr. Wharton approached clerk Julia Zimmerman and ordered her to "give me all the money in the till." Ms. Zimmerman handed over a large amount of cash, and Mr. Wharton exited the store and sped away in a car. Police later linked the car to Mr. Wharton. Two of the three employees in the store positively identified Mr. Wharton from photo montages. Mr. Wharton was arrested and pled guilty in January of 1990. He was sentenced to 72 months in prison.

WHEREAS, Mr. Wharton was convicted of his first strike offense of one count of Robbery in the Second Degree for the robbery of William Chen on June 11, 1987. Mr. Chen was working as a store clerk at the Jack Pot grocery store in South Seattle when Mr. Wharton entered the store, approached Mr. Chen and demanded the money from the cash register. Mr. Wharton held his hand in his pocket as if he had a gun. Mr. Chen gave Mr. Wharton the money and Mr. Wharton then left. Mr. Chen gave a good description of the man and the vehicle he left in to the police, who eventually linked the car used in the robbery back to Mr. Wharton. Mr. Wharton's parents were later shown the video of the robbery and identified Mr. Wharton as the robber. Mr. Wharton pled guilty to the robbery charge and was sentenced to 15 months in prison in 1988.
WHEREAS, Mr. Wharton was also convicted of Theft in the First Degree in February 1988, and sentenced to three years of probation. He was sentenced to four months each for two counts of Taking a Motor Vehicle Without Permission, served concurrently, and a five-year suspended sentence for an additional count of Taking a Motor Vehicle Without Permission in 1985. In 1983, he received a deferred sentence for Burglary in the Second Degree.

WHEREAS, Mr. Wharton submitted a petition to the Washington State Clemency and Pardons Board in 2012, requesting that his Life Sentence without the Possibility of Parole on Cause Number 97-1-00657-7 be commuted by Governor Christine Gregoire.

WHEREAS, at the time of his conviction, the standard range for Mr. Wharton's offense was 33 to 43 months. The maximum sentence for Second Degree Robbery in the state of Washington, without the three strikes law, is 84 months.

WHEREAS, Mr. Wharton unequivocally accepted responsibility and expressed remorse for all of his past crimes and deeply apologized for his actions to his victims, his family, and the state of Washington at his December 2012 Clemency and Pardons Board hearing.

WHEREAS, prior to that hearing, King County Prosecutor Daniel Satterberg reviewed Mr. Wharton's clemency request in the context of other early Three Strikes cases prosecuted by the King County Prosecutor's Office. In the course of that review, Mr. Satterberg observed that the King County Prosecutor's Office had charged and prosecuted the lowest ranking strike-eligible offenses differently than they do today.

WHEREAS, Mr. Wharton has shown considerable rehabilitation during his period of incarceration. Even though Mr. Wharton had no reason to believe he would ever be released from prison, Mr. Wharton has proactively sought out and participated in whatever classes or programs were available to improve his life skills and enhance his education, in addition to counseling and treatment for his previous substance abuse and his ongoing recovery from addiction.

WHEREAS, Mr. Wharton has attended Alcoholics Anonymous and Narcotics Anonymous classes on a weekly basis. He has interacted positively with his counselors and sponsors. He has attended chemical dependency classes and completed "Smart Recovery" substance abuse programs. He has completed "Victim Awareness" courses and programs conducted by Walla Walla Community College. He has completed "Anger Management" courses. He has completed "Consulting for Success" programs while at the prison in Monroe. He participated in the Freedom Project's "Nonviolent Communication and Mindfulness Training" programs. He also completed educational programs in "Basic Custodial Services Operations" as well as courses in marriage and family life, medic, and first aid programs. He received good marks in all of these programs.

WHEREAS, following Mr. Wharton's Clemency and Pardons Board hearing on December 7, 2012, the Board issued a unanimous recommendation in support of a commutation of Mr. Wharton's Life without the Possibility of Parole sentence.

WHEREAS, King County Prosecutor Daniel Satterburg has reviewed the facts and circumstances of Mr. Wharton's prior convictions and supports his release back into the community, subject to the conditions below.
WHEREAS, the sentencing judge for his "third strike" offense, retired Judge Michael J. Fox, took it upon himself to seek out Mr. Wharton and encourage him to apply for a commutation in light of how unsettled Judge Fox was in having to direct such a sentence in the case of a non-violent offender.

WHEREAS, Mr. Wharton has applied and been accepted into the Seadrunar program for treatment for chemical dependency in Seattle and will participate in this residential program for nine to 12 months following his release.

WHEREAS, Section 5 of Initiative 593 indicated that "[n]othing in this act shall ever be interpreted or construed as to reduce or eliminate the power of the governor to grant a pardon or clemency to any offender on an individual case-by-case basis."

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of Mr. Wharton's previous crimes and his efforts towards rehabilitation, comments favoring release of Mr. Wharton, and the favorable recommendations of retired King County Superior Judge Michael J. Fox, and the King County Prosecutor's Office, and in light of the foregoing, I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Jay Inslee, by virtue of the power vested in me as Governor of the state of Washington under Article III Section 9 of the Washington State Constitution, RCW 9.94A.885 and RCW 9.95.260, hereby grant to Joseph Scott Wharton a Conditional Commutation subject to him indicating in writing that he will complete a term of Community Custody of 24 months from the date of his release, ending no later than August 15, 2015, and compliance with the following conditions during the term of his Community Custody, all of which will commence no later than August 15, 2013:

10. Remain employed or actively seeking employment, as directed by the community corrections officer;
11. Not possess, receive, ship, or transport a firearm, ammunition, or explosives;
12. Not use, possess, or consume alcohol;

20. Participate in the Youth At Risk or other similar community service program, as directed by the community corrections officer; and
21. Comply with all standard conditions, recommendations, and instructions of community placement as directed by the community corrections officer.

PROVIDED that Mr. Wharton shall remain under the supervision of the Department of Corrections and explicitly follow the conditions established by that agency during the term of his Community Custody. Violation of any of the above conditions shall result in sanctions as deemed appropriate by the Department of Corrections and may result in the termination of this Conditional Commutation as provided below. If Mr. Wharton is taken into custody following any alleged violation, the Department shall hold a Community Custody Hearing. The Department may also require Mr. Wharton to perform affirmative acts deemed appropriate to monitor compliance with the conditions and may issue warrants or detain Mr. Wharton if he violates a condition.

ADDITIONALLY PROVIDED that in the event Mr. Wharton violates any of the conditions of this Conditional Commutation, as determined by the Governor, this Conditional Commutation may be revoked or amended and the sentence of the court reinstated, whereupon Mr. Wharton will be immediately returned to the Washington Corrections Center or any such facility as the Secretary of the Department of Corrections deems appropriate. If any such violation occurs, the Department of Corrections shall provide a written report to the Governor regarding the violation. A written notice of the Governor's intent to review the alleged violations and revoke or amend the Conditional Commutation will then be mailed to the most recent address Mr. Wharton has provided to the Office of the Governor or, if Mr. Wharton is in custody, to his place of detention. ADDITIONALLY PROVIDED that (Mr. Wharton may be detained pending judicial disposition of any new criminal charge or a final determination of whether a condition of this Conditional Commutation has been violated, if the Governor determines there are reasonable grounds to believe he has violated the above conditions of this Conditional Commutation, reason to be concerned that he would pose a risk to any person or to the community, or that there is a possibility that Mr. Wharton may abscond if not detained. If detained, Mr. Wharton will be provided a preliminary hearing, as promptly as convenient after arrest, to determine whether there are reasonable grounds to believe he has violated the above conditions.

FULL AND UNCONDITIONAL PARDON OF MEBRAT WORKU TESHOME

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, on March 26, 2002, Mebrat Worku Teshome was arrested for assault. Her domestic partner, Habtamu Bayleyegn, called the police after Ms. Teshome left for work and asserted that she had attacked him with a knife. The responding officer noted that Mr. Bayleyegn’s shirt was ripped and he had a scratch on his stomach. Ms. Teshome was adamant that she had not assaulted him. On February 14, 2003, Ms. Teshome entered an Alford plea with the assistance of an interpreter because she was told it was the best way to make the issue "go away." She was convicted of Assault in the Third Degree - Domestic Violence, in King County Superior Court Case No. 02-1-03676-3 SEA. She was sentenced to 30 days of community service and 12 months of community custody.

WHEREAS, Ms. Teshome immediately tried to withdraw her plea once she understood the consequences attached to the conviction. The Court of Appeals subsequently determined that "The interpreter's performance was less than competent, and the trial court did not follow proper procedures to ensure that the interpreter was qualified," but denied the withdrawal of her plea. Ms. Teshome's interpreter was later dismissed for his pattern of inaccuracy.

WHEREAS, Ms. Teshome alleged that she was in an abusive relationship with her partner. Mr. Bayleyegn was arrested for Domestic Violence in 2001, but charges were dropped. In 2004, Ms. Teshome and Mr. Bayleyegn ended their domestic partnership and obtained court orders pertaining to the custody of their two daughters. Part of the order is a permanent restraining order against him, and his contact with the children is limited due to "[a] history of acts of domestic violence as defined in RCW 26.50.010(1) or an assault or sexual assault which causes grievous bodily harm or the fear of such harm." Mr. Bayleyegn was ordered to enroll in and complete Domestic Violence Batterer's Treatment. His visitation with the children was strictly controlled and ordered to be supervised until he had completed certain levels of Domestic Violence Batterer Treatment.

WHEREAS, Ms. Teshome has no other criminal record and she completed all the requirements of her sentencing.
WHEREAS, the testimony before the Clemency and Pardons Board is that Ms. Teshome is a responsible citizen and a dedicated mother. Before her conviction, she worked as a nursing assistant. Now that her daughters are older, she wants to become a good role model by returning to that work. Although she has the certification and necessary experience, her felony conviction prevents her from finding employment. Ms. Teshome would also like to continue her education and become an LPN.

WHEREAS, the Clemency and Pardons Board voted unanimously to recommend that a full pardon be granted to Ms. Teshome.

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the crimes, and the favorable recommendation of the Washington State Clemency and Pardons Board and, in light of the foregoing, I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Jay Inslee, by virtue of the power vested in me as Governor of the state of Washington, hereby grant to Mebrat Worku Teshome this FULL AND UNCONDITIONAL pardon of her conviction of Assault in the Third Degree - Domestic Violence in King County Superior Court Case No. 02-1-03676-3 SEA, so that she may find employment as a nursing assistant and fully pursue her career goals without barriers.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the state of Washington to be affixed at Olympia on this 30th day of July, A.D., two thousand and thirteen.

WHEREAS, the Clemency and Pardons Board voted unanimously to recommend that a full pardon be granted to Ms. Aguilar.

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the crimes, and the favorable recommendation of the Washington State Clemency and Pardons Board and, in light of the foregoing, I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Jay Inslee, by virtue of the power vested in me as Governor of the state of Washington, hereby grant to Marta Elena Aguilar this FULL AND UNCONDITIONAL pardon of her convictions of Assault in the Third Degree and Malicious Mischief in Lewis County Superior Court Cause Nos. 99-1-00845-1 and 99-1-00847-7, so that she may fully pursue her career goals and employment opportunities without barriers.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the state of Washington to be affixed at Olympia on this 11th day of September, A.D., two thousand and thirteen.

FULL AND UNCONDITIONAL PARDON OF DANIEL EDWARD WARREN

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, on February 21, 1999, DANIEL EDWARD WARREN was at Jimmy's Tavern in Spokane, Washington, and got into an argument and physical altercation with another patron. While the exact cause of the fight is unknown and involved many people, during the altercation Mr. Warren bit down on the ear of the other patron. Mr. Warren's actions caused severe damage to the patron's ear. Mr. Warren also suffered numerous injuries during the fight. Mr. Warren was subsequently contacted by the police and fully admitted to being in the fight, but claimed that he acted in self-defense.

WHEREAS, on April 6, 1999, Mr. Warren was charged with Second Degree Assault in Spokane County Superior Court Case No. 99-1-02335-9. Mr. Warren pled not guilty and went to trial in May of 2000. He was found guilty of the lesser included offense of Third Degree Assault and later sentenced to 29 days in the county jail, $11,289.30 in restitution, 232 days of community service, and 12 months of community supervision.
WHEREAS, Mr. Warren completed all the requirements of his sentencing, including paying the required restitution in full.

WHEREAS, the Clemency and Pardons Board held a hearing on April 26, 2013, and reviewed Mr. Warren's petition for a pardon. At the time of the offense, Mr. Warren was a student at Eastern Washington University. He went on to graduate with a double major and obtained employment at the Mowat Construction Company. He is now a foreman in the company, but is prohibited from advancing further in his career because his felony conviction prevents him from obtaining the requisite security clearances. His employers fully support Mr. Warren's request for a pardon and believe that he is a critical member of the company.

WHEREAS, the testimony before the Clemency and Pardons Board is that Mr. Warren is a responsible citizen and a dedicated husband and father. He is actively involved in his son's activities and a regular volunteer in his community.

WHEREAS, the Spokane County Prosecutor's Office wrote a letter to the Clemency and Pardons Board supporting Mr. Warren's petition. The Chief Criminal Deputy Prosecuting Attorney acknowledged that the underlying offense "was a very complicated bar room brawl, with accusations of who started what going in both directions." He further stated that Mr. Warren "has lived a crime free life for the past thirteen years. He has a solid career and bettered himself as we would want all convicted felons to do. He has paid his debt and a pardon would allow him to further advance his career."

WHEREAS, the Clemency and Pardons Board voted unanimously to recommend that a full pardon be granted to Mr. Warren.

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the crimes, and the favorable recommendation of the Washington State Clemency and Pardons Board and, in light of the foregoing, I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Jay Inslee, by virtue of the power vested in me as Governor of the state of Washington, hereby grant to Daniel Edward Warren this FULL AND UNCONDITIONAL pardon of his conviction of Assault in the Third Degree in Spokane County Superior Court Case No. 99-9-02335-9, so that he may fully pursue his career goals without barriers.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the state of Washington to be affixed at Olympia on this 30th day of October, A.D., two thousand and thirteen.

WHEREAS, Mr. Gray completed all the requirements of his sentencing, including serving three years in prison. Mr. Gray was released from prison and granted parole on November 20, 1968, and released from all further supervision on March 7, 1972.

WHEREAS, Mr. Gray has had no further criminal law violations since his release from prison in 1968.

WHEREAS, the Clemency and Pardons Board held a hearing on June 14, 2013, and reviewed Mr. Gray's petition for a pardon. The testimony before the Board was that upon his release from prison, Mr. Gray worked diligently to establish himself as a productive member of society. He pursued an education and established a successful 35-year career in the information technology field, including a 20-year career with Kaiser Permanente IT as a Senior Systems Analyst.

WHEREAS, the testimony before the Clemency and Pardons Board was that Mr. Gray is a dedicated family man. He has been married for 35 years, has one daughter and three grandsons.

WHEREAS, the King County Prosecutor's Office wrote a letter to the Clemency and Pardons Board supporting Mr. Gray's petition. The Chief Deputy in the Criminal Division noted that Mr. Gray "has lived a productive life after serving his sentence." He further stated although "Mr. Gray clearly struggled in his early 20's ... it's just as clear that after serving his time and the passing of nearly 48 years, he went on to live a responsible, productive, and fulfilling life."

WHEREAS, the Clemency and Pardons Board voted unanimously to recommend that a full pardon be granted to Mr. Gray.

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the crimes, and the favorable recommendation of the Washington State Clemency and Pardons Board and, in light of the foregoing, I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Jay Inslee, by virtue of the power vested in me as Governor of the state of Washington, hereby grant to Kerrigan Cushing Gray this FULL AND UNCONDITIONAL pardon of his convictions for Unlawful Sale of Marijuana (two counts) in King County Superior Court Case No. 42625 in 1965.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the state of Washington to be affixed at Olympia on this 30th day of October, A.D., two thousand and thirteen.

Governor of Washington
CONDITIONAL COMMUTATION OF MICHAEL RYAN PRITCHARD

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, on December 29, 1992 Michael Ryan Pritchard, age 14, was with a group of friends at a trailer park residence in Port Orchard, Washington. Mr. Pritchard and other members of the group decided to enter a neighbor's home, and, upon doing so, proceeded to harass and violently assault the woman that lived in the home. Over the course of the night and early morning, Mr. Pritchard and others repeatedly assaulted the victim, leaving and returning to the residence on multiple occasions to commit multiple offenses.

WHEREAS, on March 5, 1993, Mr. Pritchard was charged as an adult with Attempted First Degree Murder, First Degree Assault, and two counts of First Degree Burglary in Kitsap County Superior Court Case No. 93-1-60164-7. Mr. Pritchard pled guilty to all of the charges on March 23, 1993, and was sentenced by the court on April 23, 1993. His total sentence included 403.5 months in prison, the high end of the applicable range, and $4,411.25 in fees.

WHEREAS, Mr. Pritchard was a middle school student at the time of the offense and had just turned 14. The court documents filed at the time of the offense described him as the son of a single parent with little contact with his father. He often witnessed physical violence between his mother and the boyfriends that she brought into the home. The documents further described that Mr. Pritchard's mother was unwilling or unable to assume any control over her son, and that leading up to the offense Mr. Pritchard had been a runaway and living on his own.

WHEREAS, prior to being charged as an adult, the court held a declination hearing to determine whether Mr. Pritchard should remain in the juvenile system. While psychologists for both the prosecution and the defense recommended that he remain in the juvenile system, the court decided to treat Mr. Pritchard as an adult.

WHEREAS, the Clemency and Pardons Board held an original hearing on March 11, 2005, and reviewed Mr. Pritchard's petition for a commutation. The Board continued the hearing, however, in order to retrieve access to files necessary for their deliberations. The Board then held a second hearing in Mr. Pritchard's case on September 11, 2008, and took testimony from multiple witnesses. Much of the testimony during the hearing focused on the horrific nature of the offenses, as well as that Mr. Pritchard had just turned 14 prior to the offenses. During this 2008 hearing, the Kitsap County Prosecutor's Office wrote a letter to the Board opposing Mr. Pritchard's petition. At the conclusion of the hearing the Board voted unanimously to deny the petition, and Governor Christine Gregoire subsequently denied the request.

WHEREAS, on September 7, 2012, the Clemency and Pardons Board held a new hearing on a new petition filed by Mr. Pritchard. The testimony before the Board focused on the personal growth Mr. Pritchard had demonstrated between the time he was incarcerated at age 14 and the present as a 33 year-old man, the positive impact of his family, and the fact that Mr. Pritchard was barely 14 when the offenses were committed.
WHEREAS, the Kitsap County Prosecutor's Office wrote a letter to the Clemency and Pardons Board regarding Mr. Pritchard's petition. While the Prosecutor's Office had previously opposed Mr. Pritchard's petitions, they did not do so in this instance. The Prosecuting Attorney wrote to the Board and noted that Mr. Pritchard appeared to have followed the admonishments of the sentencing judge, committed no violent infractions, and taken advantage of the opportunities in the prison system. He further stated that "we recognize and encourage the positive change and growth that committed individuals may make, and support the grant of clemency to those who have made that commitment and for who the sentence once imposed no longer serves a justifiable purpose. If this board determines that a recommendation of clemency is warranted, we will not object."

WHEREAS, at the conclusion of the hearing, the Clemency and Pardons Board voted unanimously to recommend that a conditional commutation be granted to Mr. Pritchard.

WHEREAS, Mr. Pritchard is now 34 years old. To date, he has been incarcerated on Kitsap County Superior Court Cause No. 93-1-60164-7 for over 20 years.

WHEREAS, Mr. Pritchard has shown considerable commitment to change and rehabilitation during his period of incarceration. Mr. Pritchard has taken advantage of positive programming opportunities offered in prison. While in custody he has obtained his General Education Diploma, participated in Anger Management, Victims Awareness, and Chemical Dependency course, and been consistently employed.

WHEREAS, Mr. Pritchard accepted responsibility and expressed remorse for all of his past crimes and apologized for his actions to his victims and the state of Washington at his Clemency Board hearing.

WHEREAS, Section 5 of Initiative 593 indicates that "[n]othing in this act shall ever be interpreted or construed as to reduce or eliminate the power of the governor to grant a pardon or clemency to any offender on an individual case-by-case basis."

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the crimes, comments favoring release of Mr. Pritchard, and the statements of the Kitsap County Prosecutor and the Washington State Clemency and Pardons Board and, in light of the foregoing, I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Jay Inslee, by virtue of the power vested in me as Governor of the state of Washington under Article III Section 9 of the Washington State Constitution, RCW 9.94A.885 and RCW 9.95.260, hereby grant to Michael Ryan Pritchard a Conditional Commutation of his sentence, subject to him indicating in writing that he accepts the terms of this Conditional Commutation. If Mr. Pritchard accepts the terms of this Conditional Commutation, his sentence is commuted to an ending date of November 1, 2014. The Department of Corrections shall consider an appropriate re-entry planning process that could lead to confinement in lower levels of custody over the next 12 months. After the expiration of 12 months, if Mr. Pritchard has met the re-entry plan programming and behavioral expectations, the Department of Corrections is not required to maintain Mr. Pritchard in total confinement, but may transition Mr. Pritchard to an assignment to a work release facility and, upon successful completion of any assignment to a work release facility, to serve a term of community custody. If and when Mr. Pritchard is released from confinement to serve a term of community custody, he shall be required to comply with the following conditions. Mr. Pritchard shall:
1. Report regularly to a community corrections officer as directed by the Department of Corrections;
2. Pay a monthly supervision fee as directed by the community corrections officer;
3. Participate in Department of Corrections approved education, employment and/or community service;
4. Receive prior approval from the Department of Corrections for living arrangements and residence location;
5. Allow community corrections officers to conduct such home visits as the community corrections officers deem appropriate;
6. Notify the Department of Corrections prior to any changes of address or employment;
7. Remain in the geographic area as directed by the community corrections officer;
8. Have no direct contact with any of his victims or their families, unless requested by the victim and approved by his community corrections officer;
9. Remain employed or actively seeking employment, as directed by the community corrections officer;
10. Not possess, receive, ship, or transport a firearm, ammunition, or explosives;
11. Not use, possess, or consume alcohol;
12. Not possess or use any controlled substances without a prescription;
13. Not associate with any drug users or dealers;
14. Submit to regular and random urinalysis and breathalyzer testing, as directed by the community corrections officer;
15. Participate in substance abuse and/or chemical dependency evaluation as directed by the community corrections officer and complete any recommendations from such evaluation;
16. Participate in any mental health evaluation as recommended by the community corrections officer and complete any recommendations from such evaluation;
17. Participate in a Cognitive Behavioral Intervention program or similar program as directed by the community corrections officer;
18. Participate in the Youth At Risk or other similar community service program, as directed by the community corrections officer; and
19. Comply with all standard conditions, recommendations, and instructions of community placement as directed by the community corrections officer.

PROVIDED that Mr. Pritchard shall remain under the supervision of the Department of Corrections and explicitly follow the conditions established by that agency during the term of his Community Custody. Violation of any of the above conditions shall result in sanctions as deemed appropriate by the Department of Corrections and may result in the termination of this Conditional Commutation as provided below. If Mr. Pritchard is taken into custody following any alleged violation, the Department shall hold a Community Custody Hearing. The Department may also require Mr. Pritchard to perform affirmative acts deemed appropriate to monitor compliance with the conditions and may issue warrants or detain Mr. Pritchard if he violates a condition.

ADDITIONALLY PROVIDED that in the event Mr. Pritchard violates any of the conditions of this Conditional Commutation, as determined by the Governor, this Conditional Commutation may be revoked or amended and the sentence of the court reinstated, whereupon Mr. Pritchard will be immediately returned to the Washington Corrections Center or any such facility as the Secretary of the Department of Corrections deems appropriate. If any such violation occurs, the Department of Corrections shall provide a written report to the Governor regarding the violation. A written notice of the Governor's intent to review the alleged violations and revoke or amend the Conditional Commutation will then be mailed to the most recent address Mr. Pritchard has provided to the Office of
the Governor or, if Mr. Pritchard is in custody, to his place of detention. If within 14 calendar days of
the mailing of the notice, Mr. Pritchard submits a sworn statement made under penalty of perjury that
he has in fact complied with all conditions of this Conditional Commutation, the Governor shall appoint
a hearing officer. The hearing officer will provide Mr. Pritchard an opportunity to be heard and to
present witnesses and documentary evidence that he has met all conditions upon which the Conditional
Commutation is granted. The hearing officer shall present findings of fact and a transcript of the hearing
to the Governor for the Governor's final and conclusive determination on whether Mr. Pritchard has
violated the conditions of this Conditional Commutation.

ADDITIONALLY PROVIDED that in the event Mr. Pritchard is convicted anywhere at any time of any
offense the elements of which would classify the crime as a gross misdemeanor or felony in the state of
Washington, this Conditional Commutation may be revoked and the sentence of the court reinstated,
whereupon Mr. Pritchard will be immediately returned to the Washington Corrections Center or any
such facility that the Secretary of the Department of Corrections deems appropriate.

ADDITIONALLY PROVIDED that Mr. Pritchard may be detained pending judicial disposition of any
new criminal charge or a final determination of whether a condition of this Conditional Commutation
has been violated, if the Governor determines there are reasonable grounds to believe he has violated the
above conditions of this Conditional Commutation, reason to be concerned that he would pose a risk to
any person or to the community, or that there is a possibility that Mr. Pritchard may abscond if not
detained. If detained, Mr. Pritchard will be provided a preliminary hearing, as promptly as convenient
after arrest, to determine whether there are reasonable grounds to believe he has violated the above
conditions.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the state of Washington
to be affixed at Olympia on this 8th day of November, A.D., two thousand and thirteen.
