The appropriations in this section are subject to the following conditions and limitations:

1. (($1,143,094,000)) $1,900,484,000 of the general fund--federal appropriation is provided solely to implement the medicaid expansion as defined in the social security act, section 1902(a)(10)(A)(i)(VIII), subject to the conditions and limitations in this subsection. If the federal medical assistance percentage for the medicaid expansion falls below the percentages in section 1905(y) of the social security act as of July 1, 2013, the authority shall ensure that the state does not incur any additional state costs above what would have been incurred had the federal medical assistance percentages remained at the percentages in section 1905(y) as of July 1, 2013. The director is authorized to make any necessary program adjustments to comply with this requirement, including adding or adjusting premiums, modifying benefits, or reducing optional programs. To the extent a waiver is needed to accomplish this, the director shall promptly apply for such waiver. If a necessary waiver is not approved, the medicaid expansion program shall be terminated upon appropriate notification to the legislature and enrollees.
(2) The requirements of this subsection apply to the basic health plan. This subsection is null and void and has no further effect upon implementation of the medicare expansion under subsection (1) of this section.

(a) Within amounts appropriated in this section and sections 205 and 206 of this act, the health care authority shall continue to provide an enhanced basic health plan subsidy for foster parents licensed under chapter 74.15 RCW and workers in state-funded home care programs. Under this enhanced subsidy option, foster parents eligible to participate in the basic health plan as subsidized enrollees and home care workers with family incomes below 200 percent of the federal poverty level shall be allowed to enroll in the basic health plan at the minimum premium amount charged to enrollees with incomes below sixty-five percent of the federal poverty level.

(b) The health care authority shall require organizations and individuals that are paid to deliver basic health plan services and that choose to sponsor enrollment in the subsidized basic health plan to pay 133 percent of the premium amount which would otherwise be due from the sponsored enrollees.

(c) The administrator shall take at least the following actions to assure that persons participating in the basic health plan are eligible for the level of assistance they receive: (a) Require submission of (i) income tax returns, and recent pay history, from all applicants, or (ii) other verifiable evidence of earned and unearned income from those persons not required to file income tax returns; (b) check employment security payroll records at least once every twelve months on all enrollees; (c) require enrollees whose income as indicated by payroll records exceeds that upon which their subsidy is based to document their current income as a condition of continued eligibility; (d) require enrollees for whom employment security payroll records cannot be obtained to document their current income at least once every six months; (e) not reduce gross family income for self-employed persons by noncash-flow expenses such as, but not limited to, depreciation, amortization, and home office deductions, as defined by the United States internal revenue service; and (f) pursue repayment and civil penalties from persons who have received excessive subsidies, as provided in RCW 70.47.060(9).

(d) Enrollment in the subsidized basic health plan shall be limited to only include persons who qualify as subsidized enrollees as defined in RCW 70.47.020 and who (a) qualify for services under 1115 medicaid demonstration project number 11-W-00254/10; or (b) are foster parents licensed under chapter 74.15 RCW.

(3) The legislature finds that medicaid payment rates, as calculated by the health care authority pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that the cost reports, payment amounts, reports from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(4) Based on quarterly expenditure reports and caseload forecasts, if the health care authority estimates that expenditures for the medical assistance program will exceed the appropriations, the health care authority shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(5) In determining financial eligibility for medicaid-funded services, the health care authority is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(6) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(7) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the health care authority shall provide the person with the same benefits as he or she would receive if eligible for medicare, using state-only funds to the extent necessary.

(8) $4,261,000 of the general fund--state appropriation for fiscal year 2014, $4,261,000 of the general fund--state appropriation for fiscal year 2015, and $8,522,000 of the general fund--federal appropriation are provided solely for low-income disproportionate share hospital payments.

The authority shall discontinue these payments on January 1, 2015.

(10) $6,000,000 of the general fund--federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the health care authority's discretion. During either the interim cost settlement or the final cost settlement, the health care authority shall recoup from the public hospital districts the supplemental payments that exceed the medicare cost limit and/or the medicare upper payment limit. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the health care authority's discretion. During either the interim cost settlement or the final cost settlement, the health care authority shall recoup from the public hospital districts the supplemental payments that exceed the medicare cost limit and/or the medicare upper payment limit. The health care authority shall apply federal rules for identifying the eligible incurred medicare costs and the medicare upper payment limit.

(13) The health care authority shall continue the inpatient hospital certified public expenditures program for the 2013-2015 fiscal biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. offenders, standardizing inconsistencies in the drug sentencing grid, and authorizing the department to rent local jail beds. These steps will also assist the department's implementation of additional operational efficiencies by reducing costs related to offender intake, processing, and transportation.

The department shall pay a rate greater than $65 per day per offender for all costs associated with the offender while in the local correctional facility to include programming and health care costs, or the equivalent of $65 per day per bed including programming and health care costs for full units. The capacity provided at local correctional facilities must be for offenders whom the department of corrections defines as medium or lower security offenders. If extraordinary medical conditions develop for an inmate while at a jail facility the jail may transfer the offender back to the department, subject to terms of the negotiated agreement. Health care costs incurred prior to transfer will be the responsibility of the jail. The department will report to legislative fiscal committees and the office of financial management by November 1, 2013, to provide a status update on implementation.

A significant resource to students who need additional education assistance. The legislature further recognizes that there is significant variability in paraeducator standards, training, and opportunity for professional development. A carefully constructed paraeducator development program would place the highest qualified paraeducators working with the highest need students. Such a program when combined with a career ladder could offer paraeducators real opportunities for upward mobility. Since paraeducators more closely reflect the cultural diversity of the student population, a development program and career ladder would be likely to encourage more paraeducators to become teachers. Training teachers how to work with a paraeducator in their classrooms could increase paraeducators' ability to teach students who need additional assistance."

POINT OF PARLIAMENTARY INQUIRY

Representative Reykdal: “I own property on Lake Nahwatzel in Mason County which potentially could be affected by the provisions of the bill. Do I have a private interest in the proposed legislation which requires my recusal from voting?”

SPEAKER’S RULING

Mr. Speaker: “Thank you Representative Reykdal for bringing this question to the body. House Rule 19(D), which is based on article 2, section 30 of our state constitution, states that ‘no member shall vote on any question which affects that member privately and particularly.’ The question as to whether recusal is required turns on whether a legislator is affected privately and particularly, or as a member of a class. Engrossed Senate Bill 6031, as amended by the House, authorizes the creation of lake and beach management districts for the purpose of financing the acquisition of real property. The bill is drafted to apply only to Mason County. The Speaker notes that the bill merely creates a process that could lead to the acquisition of property. Whether or not that occurs depends on action by the affected landowners, not this legislation. Moreover, the bill applies equally to other lakes where you do not own property.

Representative Reykdal, given that the question of whether you will be affected is merely theoretical, and given the size of the class of persons potentially affected, the Speaker finds that the interest you have is neither private nor particular, and does not warrant your recusal under House Rules or the State Constitution.”

The Speaker (Representative Moeller presiding) stated the question before the House to be the final passage of Engrossed Senate Bill No. 6031, as amended by the House.

MESSAGE FROM THE SENATE

March 7, 2014

Mr. Speaker:

The Senate has passed SHB 2613 with the following amendment:

'Sec. 1. RCW 28B.15.102 and 2013 c 23 s 53 are each amended to read as follows:

(1) Beginning with the 2011-12 academic year, any four-year institution of higher education that increases tuition beyond levels assumed in the omnibus appropriations act is subject to the financial aid requirements included in this section and shall remain subject to these requirements through the 2018-19 academic year.'
(2) Beginning July 1, 2011, each four-year institution of higher education that raises tuition beyond levels assumed in the omnibus appropriations act shall, in a manner consistent with the goal of enhancing the quality of and access to their institutions, provide financial aid to offset full-time tuition fees for resident undergraduate students as follows:

(a) Subtract from the full-time tuition fees an amount that is equal to the maximum amount of a state need grant award that would be given to an eligible student with a family income at or below fifty percent of the state's median family income as determined by the student achievement council; and

(b) Offset the remainder as follows:

(i) Students with demonstrated need whose family incomes are at or below fifty percent of the state's median family income shall receive financial aid equal to one hundred percent of the remainder if an institution's full-time tuition fees for resident undergraduate students is five percent or greater of the state's median family income for a family of four as provided by the student achievement council;

(ii) Students with demonstrated need whose family incomes are greater than fifty percent and no more than seventy percent of the state's median family income shall receive financial aid equal to seventy-five percent of the remainder if an institution's full-time tuition fees for resident undergraduate students is ten percent or greater of the state's median family income for a family of four as provided by the student achievement council;

(iii) Students with demonstrated need whose family incomes exceed seventy percent and are less than one hundred percent of the state's median family income shall receive financial aid equal to fifty percent of the remainder if an institution's full-time tuition fees for resident undergraduate students is fifteen percent or greater of the state's median family income for a family of four as provided by the student achievement council; and

(iv) Students with demonstrated need whose family incomes are at or exceed one hundred percent and are no more than one hundred twenty-five percent of the state's median family income shall receive financial aid equal to twenty-five percent of the remainder if an institution's full-time tuition fees for resident undergraduate students is twenty percent or greater of the state's median family income for a family of four as provided by the student achievement council.

(3) The financial aid required in subsection (2) of this section shall:

(a) Be reduced by the amount of other financial aid awards, not including the state need grant;

(b) Be prorated based on credit load; and

(c) Only be provided to students up to demonstrated need.

(4) Financial aid sources and methods may be:

(a) Tuition revenue or locally held funds;

(b) Tuition waivers created by a four-year institution of higher education for the specific purpose of serving low and middle-income students; or

(c) Local financial aid programs.

(5) Use of tuition waivers as specified in subsection (4)(b) of this section shall not be included in determining total state tuition waiver authority as defined in RCW 28B.15.910.

(6) By (August 15, 2012, and August 15th) December 31st every year (thereafter), four-year institutions of higher education that increase tuition beyond levels assumed in the omnibus appropriations act after January 1, 2011, shall report to the governor and relevant committees of the legislature on the effectiveness of the various sources and methods of financial aid in mitigating tuition increases. A key purpose of these reports is to provide information regarding the results of the decision to grant tuition-setting authority to the four-year institutions of higher education and whether tuition setting authority should continue to be granted to the institutions or revert back to the legislature after consideration of the impacts on students, including educational access, affordability, and quality. These reports shall include:

(a) The amount of (additional) financial aid provided to middle- and low-income resident students with demonstrated need in the aggregate and per student;

(b) An itemization of the sources and methods of financial aid provided by the four-year institution of higher education in the aggregate and per student for resident undergraduate students;

(c) An analysis of the combined impact of federal tuition tax credits and financial aid provided by the institution of higher education on the net cost to students and their families resulting from tuition increases;

(d) In cases where tuition increases are greater than those assumed in the omnibus appropriations act at any four-year institution of higher education, the institution must include an explanation in its report of why this increase was necessary and how the institution will mitigate the effects of the increase. The institution must include in this section of its report a plan and specific timelines; and

(e) An analysis of changes in resident student enrollment patterns, participation rates, graduation rates, and debt load, by race and ethnicity, gender, state and county of origin, age, and socioeconomic status, and a plan to mitigate effects of reduced diversity due to tuition increases. This analysis shall include disaggregated data for resident students in the following income brackets:

(i) Up to seventy percent of the median family income;

(ii) Between seventy-one percent and one hundred twenty-five percent of the median family income; and

(iii) Above one hundred twenty-five percent of the median family income.

(7) Beginning in the 2012-13 academic year, the University of Washington shall enroll during each academic year at least the same number of resident first-year undergraduate students at the Seattle campus, as defined in RCW 28B.15.012, as enrolled during the 2009-10 academic year. This requirement shall not apply to nonresident undergraduate and graduate professional students.
The office of financial management shall develop the necessary policies and operating procedures to assure that all remuneration for services rendered including basic salary, shift differential, standby pay, overtime, penalty pay, salary due based on contractual agreements, and special pay provisions, as provided for by law, agency policy or rule, or contract, shall be available to the employee on the designated paydate. Overtime, penalty pay, and special pay provisions may be paid by the next following paydate if the postponement of payment is attributable to: The employee's not making a timely or accurate report of the facts which are the basis for the payment, or the employer's lack of reasonable opportunity to verify the claim.

Compensable benefits payable because of separation from state service shall be paid with the earnings for the final period worked unless the employee separating has not provided the agency with the proper notification of intent to terminate.

One-half of the employee's basic monthly salary shall be paid in each pay period. Employees paid on an hourly basis or employees who work less than a full pay period shall be paid for actual salary earned.

(2) Subsection (1) of this section shall not apply in instances where it would conflict with contractual rights or, with the approval of the office of financial management, to short-term, intermittent, noncareer state employees, to student employees of institutions of higher education, to national or state guard members participating in state active duty, and to liquor control agency managers who are paid a percentage of monthly liquor sales.

(3) When a national or state guard member is called to participate in state active duty, the paydate shall be no more than seven days following completion of duty or the end of the pay period, whichever is first. When the seventh day falls on Sunday, the paydate shall not be later than the following Monday. This subsection shall apply only to the pay a national or state guard member receives from the military department for state active duty.

(4) Notwithstanding subsections (1) and (2) of this section, a bargained contract at an institution of higher education may include a provision for paying part-time academic employees on a pay schedule that coincides with all the paydays used for full-time academic employees.

(5) (a) Notwithstanding subsections (1), (2), and (4) of this section, an institution of higher education as defined in RCW 28B.10.016 may pay its employees for services rendered biweekly, in pay periods consisting of two consecutive seven calendar-day weeks. The paydate for each pay period shall be seven calendar days after the end of the pay period. Under no circumstance may the paydate be established more than seven days after the pay period in which the wages are earned except that when the designated paydate falls on a holiday, the paydate shall not be later than the following Monday.

(b) Employees on a biweekly payroll cycle under this subsection (5) who are paid a salary may receive a prorated amount of their annualized salary each pay period. The prorated amount must be proportional to the number of pay periods worked in the calendar year. Employees on a biweekly payroll cycle under this subsection (5) who are paid hourly, or who work less than a full pay period may be paid the actual salary amount earned during the pay period.

(c) Each institution that adopts a biweekly pay schedule under this subsection (5) must establish, publish, and notify the director of the office of financial management of the official paydates six months before the beginning of each subsequent calendar year.

(6) Notwithstanding subsections (1), (2), and (4) of this section, academic employees at institutions of higher education as defined in RCW 28B.10.016 whose employment appointments are less than twelve months may have their salaries prorated in such a way that coincides with the paydays used for full-time employees.

Sec. 3. RCW 44.28.816 and 2011 1st sp.s c 10 s 31 are each amended to read as follows:

(1) During calendar year 2018, the joint committee shall complete a systemic performance audit of the tuition-setting authority in RCW 28B.15.067 granted to the governing boards of the state universities, regional universities, and The Evergreen State College. The audit must include a separate analysis of both the authority granted in RCW 28B.15.067(3) and the authority in RCW 28B.15.067(4). The purpose of the audit is to evaluate the impact of institutional tuition-setting authority on student access, affordability, and institutional quality completion.

(2) The audit must include an evaluation of the following outcomes for each four-year institution of higher education:

(a) Changes in undergraduate enrollment, retention, and graduation by race and ethnicity, gender, state and county of origin, age, and socioeconomic status;

(b) The impact on student transferability, particularly from Washington community and technical colleges;

(c) Changes in time and credits to degree;

(d) Changes in the number and availability of online programs and undergraduate enrollments in the programs;

(e) Changes in enrollments in the running start and other dual enrollment programs;

(f) Impacts on funding levels for state student financial aid programs;

(g) Any changes in the percent of students who apply for student financial aid using the free application for federal student aid (FAFSA);

(h) Any changes in the percent of students who apply for available tax credits;

(i) Information on the use of building fee revenue by fiscal or academic year; and

(j) Undergraduate tuition and fee rates compared to undergraduate tuition and fee rates at similar institutions in the global challenge states.

(3) The audit must include recommendations on whether to continue tuition-setting authority beyond the 2018-19 academic year.

(4) In conducting the audit, the auditor shall solicit input from key higher education stakeholders, including but not limited to students and their families, faculty, and staff. To the maximum extent possible, data for the University of Washington and Washington State University shall be disaggregated by branch campus.

(5) The auditor shall report findings and recommendations to the appropriate committees of the legislature by December 15, 2018.

(6) This section expires December 31, 2018.
omnibus biennial appropriations act, whichever is later, all agencies shall submit to the governor a statement of proposed expenditures at such times and in such form as may be required by the governor.

(4) The office of financial management shall develop a method for monitoring capital appropriations and expenditures that will capture at least the following elements:
(a) Appropriations made for capital projects including transportation projects;
(b) Estimates of total project costs including past, current, ensuing, and future biennial costs;
(c) Comparisons of actual costs to estimated costs;
(d) Comparisons of estimated construction start and completion dates with actual dates;
(e) Documentation of fund shifts between projects. This data may be incorporated into the existing accounting system or into a separate project management system, as deemed appropriate by the office of financial management.

(5) The office of financial management, prior to approving allotments for major capital construction projects valued over five million dollars, with the exception of projects at institutions of higher education as defined in RCW 28B.10.016, which may be valued up to ten million dollars, shall institute procedures for reviewing such projects at the predesign stage that will reduce long-term costs and increase facility efficiency. The procedures shall include, but not be limited to, the following elements:
(a) Evaluation of facility program requirements and consistency with long-range plans;
(b) Utilization of a system of cost, quality, and performance standards to compare major capital construction projects; and
(c) A requirement to incorporate value-engineering analysis and constructability review into the project schedule.

(6) No expenditure may be incurred or obligation entered into for such major capital construction projects including, without exception, land acquisition, site development, predesign, design, construction, and equipment acquisition and installation, until the allotment of the funds to be expended has been approved by the office of financial management. This limitation does not prohibit the continuation of expenditures and obligations into the succeeding biennium for projects for which allotments have been approved in the immediate prior biennium.

(7) If at any time during the fiscal period the governor projects a cash deficit in a particular fund or account as defined by RCW 43.88.050, the governor shall make across-the-board reductions in allotments for that particular fund or account so as to prevent a cash deficit, unless the legislature has directed the liquidation of the cash deficit over one or more fiscal periods. Except for the legislative and judicial branches and other agencies headed by elective officials, the governor shall review the statement of proposed operating expenditures for reasonableness and conformance with legislative intent. The governor may request corrections of proposed allotments submitted by the legislative and judicial branches and agencies headed by elective officials if those proposed allotments contain significant technical errors. Once the governor approves the proposed allotments, further revisions may at the request of the office of financial management or upon the agency's initiative be made on a quarterly basis and must be accompanied by an explanation of the reasons for significant changes. However, changes in appropriation level authorized by the legislature, changes required by across-the-board reductions mandated by the governor, changes caused by executive increases to spending authority, and changes caused by executive decreases to spending authority for failure to comply with the provisions of chapter 36.70A RCW may require additional revisions. Revisions shall not be made retroactively. However, the governor may assign to a reserve status any portion of an agency appropriation withheld as part of across-the-board reductions made by the governor and any portion of an agency appropriation conditioned on a contingent event by the appropriations act. The governor may remove these amounts from reserve status if the across-the-board reductions are subsequently modified or if the contingent event occurs. The director of financial management shall enter approved statements of proposed expenditures into the state budgeting, accounting, and reporting system within forty-five days after receipt of the proposed statements from the agencies. If an agency or the director of financial management is unable to meet these requirements, the director of financial management shall provide a timely explanation in writing to the legislative fiscal committees.

(8) It is expressly provided that all agencies shall be required to maintain accounting records and to report thereon in the manner prescribed in this chapter and under the regulations issued pursuant to this chapter. Within ninety days of the end of the fiscal year, all agencies shall submit to the director of financial management their final adjustments to close their books for the fiscal year. Prior to submitting fiscal data, written or oral, to committees of the legislature, it is the responsibility of the agency submitting the data to reconcile it with the budget and accounting data reported by the agency to the director of financial management.

(9) The director of financial management may exempt certain public funds from the allotment controls established under this chapter if it is not practical or necessary to allot the funds. Allotment control exemptions expire at the end of the fiscal biennium for which they are granted. The director of financial management shall report any exemptions granted under this subsection to the legislative fiscal committees.

Sec. 5. RCW 28B.07.050 and 2003 c 84 s 1 are each amended to read as follows:

(1) The authority may, from time to time, issue its special obligation bonds in order to carry out the purposes of this chapter and to enable the authority to exercise any of the powers granted to it in this chapter. The bonds shall be issued pursuant to a bond resolution or trust indenture and shall be payable solely out of the special fund or funds created by the authority in the bond resolution or trust indenture. The special fund or funds shall be funded in whole or in part from moneys paid by one or more participants for whose benefit such bonds were issued and from the sources, if any, described in RCW 28B.07.040(9) or from the proceeds of bonds issued by the authority for the purpose of refunding any outstanding bonds of the authority.

(a) A first lien against any unexpended proceeds of the bonds;

(e) Any other real or personal property, tangible or intangible; or
(f) Any combination of (a) through (e) of this subsection. Any security interest created against the unexpended bond proceeds and against the special funds created by the authority shall be immediately valid and binding against the moneys and any securities in which the moneys may be invested.
without authority or trustee possession, and the security interest shall be prior to any party having any competing claim against the moneys or securities, without filing or recording under Article 9A of the Uniform Commercial Code, Title 62A RCW, and regardless of whether the party has notice of the security interest.

(3) The bonds may be issued as serial bonds or as term bonds or any such combination. The bonds shall bear such date or dates; mature at such time or times; bear interest at such rate or rates, either fixed or variable; be payable at such time or times; be in such denominations; be in such form, either coupon or registered, or both; carry such registration privileges; be made transferable, exchangeable, and interchangeable; be payable in lawful money of the United States of America at such place or places; be subject to such terms of redemption; and be sold at public or private sale, in such manner, at such time, and at such price as the authority shall determine. The bonds shall be executed by the manual or facsimile signatures of the chairperson and the authority's duly-elected secretary or its executive director, and by the trustee if the authority determines to use a trustee. At least one signature shall be manually subscribed. Coupon bonds shall have attached interest coupons bearing the facsimile signatures of the chairperson and the secretary or the executive director.

SENATE AMENDMENT TO HOUSE BILL

POINT OF ORDER

Representative Bergquist requested a scope and object ruling on amendment (2613-S AMS HIE S4836.1) to Substitute House Bill No. 2613.

SPEAKER'S RULING

Mr. Speaker (Representative Moeller presiding): “Substitute House Bill 2613 is titled an act relating to ‘creating efficiencies for institutions of higher education.’ The bill modifies several statutory requirements for public higher education institutions. The Senate amendment adds the text of Senate Bill 6236, which authorizes a $500 million increase in the bonded indebtedness available for private institutions of higher education.

This increase does not ‘create efficiencies’ and also relates to private institutions, whereas the underlying bill is limited to public institutions.

The Speaker therefore finds that the Senate amendment is beyond the scope and object of the bill as passed the House. The point of order is well taken.”

There being no objection, the House refused to concur in the Senate amendment to SHB 2613 and asked the Senate to recede therefrom.

MESSAGE FROM THE SENATE

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1292 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 9.96.060 and 2012 c 183 s 5 and 2012 c 142 s 2 are each reenacted and amended to read as follows:
(1) Every person convicted of a misdemeanor or gross misdemeanor offense who has completed all of the terms of the sentence for the misdemeanor or gross misdemeanor offense may apply to the sentencing court for a vacation of the applicant's record of
conviction for the offense. If the court finds the applicant meets the tests prescribed in subsection (2) of this section, the court may in its discretion vacate the record of conviction by: (a)(i) Permitting the applicant to withdraw the applicant's plea of guilty and to enter a plea of not guilty; or (ii) if the applicant has been convicted after a plea of not guilty, the court setting aside the verdict of guilty; and (b) the court dismissing the information, indictment, complaint, or citation against the applicant and vacating the judgment and sentence.

(2) An applicant may not have the record of conviction for a misdemeanor or gross misdemeanor offense vacated if any one of the following is present:

(a) There are any criminal charges against the applicant pending in any court of this state or another state, or in any federal court;
(b) The offense was a violent offense as defined in RCW 9.94A.030 or an attempt to commit a violent offense;

(d) The offense was any misdemeanor or gross misdemeanor violation, including attempt, of chapter 9.68 RCW (obscenity and pornography), chapter 9.68A RCW (sexual exploitation of children), or chapter 9A.44 RCW (sex offenses);
(e) The applicant was convicted of a misdemeanor or gross misdemeanor offense as defined in RCW 10.99.020, or the court determines after a review of the court file that the offense was committed by one family member or household member against another, or the court, after considering the damage to person or property that resulted in the conviction, any prior convictions for crimes defined in RCW 10.99.020, or for comparable offenses in another state or in federal court, and the totality of the records under review by the court in RCW 10.99.020, or for comparable offenses in another state or in federal court; in persons under the trafficking victims protection act of 2000, 22 U.S.C. Sec. 7101 et seq. may apply to the sentencing court for vacation of the applicant's record of conviction for the prostitution offense. An applicant may not have the record of conviction for prostitution vacated if any one of the following is present:

(a) There are any criminal charges against the applicant pending in any court of this state or another state, or in any federal court, for any crime other than prostitution; or
(b) The offender has been convicted of another crime, except prostitution, in this state, another state, or federal court since the date of conviction;
(c) The applicant has ever had the record of another conviction for prostitution vacated.

(3) Subject to section 2 of this act, every person convicted of prostitution under RCW 9A.88.030 who committed the offense as a result of being a victim of trafficking, RCW 9A.40.100, promoting prostitution in the first degree, RCW 9A.88.070, promoting commercial sexual abuse of a minor, RCW 9.68A.101, or trafficking in persons under the trafficking victims protection act of 2000, 22 U.S.C. (b) The offender has been convicted of another crime, except prostitution, in this state, another state, or federal court since the date of conviction;
(c) The applicant has ever had the record of another conviction for prostitution vacated.

(4) Once the court vacates a record of conviction under subsection (1) of this section, the person shall be released from all penalties and disabilities resulting from the offense and the fact that the person has been convicted of the offense shall not be included in the person's criminal history for purposes of determining a sentence in any subsequent conviction. For all purposes, including responding to questions on employment or housing applications, a person whose conviction has been vacated under subsection (1) of this section may state that he or she has never been convicted of that crime. Nothing in this section affects or prevents the use of an offender's prior conviction in a later criminal prosecution.

(5) All costs incurred by the court and probation services shall be paid by the person making the motion to vacate the record unless a determination is made pursuant to chapter 10.101 RCW that the person making the motion is indigent, at the time the motion is brought.

(6) The clerk of the court in which the vacation order is entered shall immediately transmit the order vacating the conviction to the Washington state patrol identification section and to the local police agency, if any, which holds criminal history information for the person who is the subject of the conviction. The Washington state patrol and any such local police agency shall immediately update their records to reflect the vacating of the conviction, and shall transmit the order vacating the conviction to the federal bureau of investigation. A conviction that has been vacated under this section may not be disseminated or disclosed by the state patrol or local law enforcement agency to any person, except other criminal justice enforcement agencies.

Representatives Sawyer and Nealey spoke in favor of the passage of the bill. House Bill No. 2102, as amended by the Senate.

FINAL PASSAGE OF HOUSE BILL
AS SENATE AMENDED

Representatives Condotta and Sells spoke in favor of the passage of the bill.

The Speaker (Representative Moeller presiding) stated the question before the House to be the final passage of Substitute House Bill No. 2146, as amended by the Senate.

ROLL CALL

The Clerk called the roll on the final passage of Substitute House Bill No. 2146, as amended by the Senate, and the bill passed the House by the following vote: Yeas, 95; Nays, 0; Absent, 0; Excused, 3.

Excused: Representatives Green, Hope and Rodne.
additional time shall be imposed regardless of the offense’s juvenile
class B felony, four months; and for a class C felony, two months. The
must be added to the sentence: For a class A felony, six months; for a
unlawful possession of a firearm in the first and second degree, or use
of a stolen firearm, drive-by shooting, theft of a firearm,
disposition shal l be comprised of confinement or community
and imposes a disposition of confinement less than thirty days, the
court shall require a juvenile granted a deferral of disposition for
firearm in violation of RCW 9.41.040, the disposition must include a
requirement that the respondent participate in a qualifying program as
described in (b) of this subsection, when available, unless the court
makes a written finding based on the outcome of the juvenile court risk
assessment that participation in a qualifying program would not be
appropriate.
(b) For purposes of this section, “qualifying program” means an
aggression replacement training program, a functional family therapy
program, or another program applicable to the juvenile firearm
offender population that has been identified as evidence-based or
research-based and cost-beneficial in the current list prepared at the
direction of the legislature by the Washington state institute for public
policy.
(3) If the court finds that the respondent or an accomplice was
armed with a firearm, the court shall determine the standard range
disposition for the offense pursuant to RCW 13.40.160. If the offender
or an accomplice was armed with a firearm when the offender committed any felony other than possession of a machine gun,
possession of a stolen firearm, drive-by shooting, theft of a firearm,
unlawful possession of a firearm in the first and second degree, or use
of a machine gun in a felony, the following periods of total confinement
must be added to the sentence: For a class A felony, six months; for a
class B felony, four months; and for a class C felony, two months. The
additional time shall be imposed regardless of the offense's juvenile
disposition offense category as designated in RCW 13.40.0357.

(4) When a disposition under this section would effectuate a
manifest injustice, the court may impose another disposition. When
a judge finds a manifest injustice and imposes a disposition of
confinement exceeding thirty days, the court shall commit the juvenile
to a maximum term, and the provisions of RCW 13.40.030(2) shall be
used to determine the range. When a judge finds a manifest injustice
and imposes a disposition of confinement less than thirty days, the
disposition shall be comprised of confinement or community
supervision or both.

(5) Any term of confinement ordered pursuant to this section
shall run consecutively to any term of confinement imposed in the same
disposition for other offenses.

Sec. 2. RCW 13.40.127 and 2013 c 179 s 5 are each amended
to read as follows:
(1) A juvenile is eligible for deferred disposition unless he or she:
(a) Is charged with a sex or violent offense;
(b) Has a criminal history which includes any felony;
(c) Has a prior deferred disposition or deferred adjudication; or
(d) Has two or more adjudications.

(2) The juvenile court may, upon motion at least fourteen days
before commencement of trial and, after consulting the juvenile's
custodial parent or parents or guardian and with the consent of the
juvenile, continue the case for disposition for a period not to exceed
one year from the date the juvenile is found guilty. The court shall
consider whether the offender and the community will benefit from a
deferred disposition before deferring the disposition. The court may
waive the fourteen-day period anytime before the commencement of
trial for good cause.

(3) Any juvenile who agrees to a deferral of disposition shall:
(a) Stipulate to the admissibility of the facts contained in the
written police report;
(b) Acknowledge that the report will be entered and used to support
a finding of guilt and to impose a disposition if the juvenile fails to
comply with terms of supervision;
(c) Waive the following rights to: (i) A speedy disposition; and (ii)
call and confront witnesses; and
(d) Acknowledge the direct consequences of being found guilty
and the direct consequences that will happen if an order of disposition
is entered.

The adjudicatory hearing shall be limited to a reading of the court's
record.

(4) Following the stipulation, acknowledgment, waiver, and entry
of a finding or plea of guilt, the court shall defer entry of an order of
disposition of the juvenile.

(5) Any juvenile granted a deferral of disposition under this section
shall be placed under community supervision. The court may impose
any conditions of supervision that it deems appropriate including
posting a probation bond. Payment of restitution under RCW
13.40.190 shall be a condition of community supervision under this
section.

The court may require a juvenile offender convicted of animal
cruelty in the first degree to submit to a mental health evaluation
to determine if the offender would benefit from treatment and such
intervention would promote the safety of the community. After
consideration of the results of the evaluation, as a condition of
community supervision, the court may order the offender to attend
treatment to address issues pertinent to the offense.

The court may require the juvenile to undergo a mental health or
substance abuse assessment, or both. If the assessment identifies a
need for treatment, conditions of supervision may include treatment for the
assessed need that has been demonstrated to improve behavioral health
and reduce recidivism.

The court shall require a juvenile granted a deferral of disposition for
unlawful possession of a firearm in violation of RCW 9.41.040 to
participate in a qualifying program as described in RCW
13.40.193(2)(b), when available, unless the court makes a written
finding based on the outcome of the juvenile court risk assessment that
participation in a qualifying program would not be appropriate.

(6) A parent who signed for a probation bond has the right to notify
the counselor if the juvenile fails to comply with the bond or conditions
of supervision. The counselor shall notify the court and surety of any
failure to comply. A surety shall notify the court of the juvenile's failure
to comply with the probation bond. The state shall bear the
burden to prove, by a preponderance of the evidence, that the juvenile
has failed to comply with the terms of community supervision.

(7) (a) Anytime prior to the conclusion of the period of supervision,
the prosecutor or the juvenile's court community supervision
counselor may file a motion with the court requesting the court revoke
the deferred disposition based on the juvenile's lack of compliance or
treat the juvenile's lack of compliance as a violation pursuant to RCW
13.40.200.

(b) If the court finds the juvenile failed to comply with the terms of
the deferred disposition, the court may:
(i) Revoke the deferred disposition and enter an order of
disposition; or
(ii) Require the juvenile to

(ii) Impose sanctions for the violation pursuant to RCW 13.40.200.

(8) At any time following deferral of disposition the court may, following a hearing, continue supervision for an additional one-year period for good cause.

(9)(a) At the conclusion of the period of supervision, the court shall determine whether the juvenile is entitled to dismissal of the deferred disposition only when the court finds:

(i) The deferred disposition has not been previously revoked;

(ii) The juvenile has completed the terms of supervision;

(iii) There are no pending motions concerning lack of compliance pursuant to subsection (7) of this section; and

(iv) The juvenile has either paid the full amount of restitution, or, made a good faith effort to pay the full amount of restitution during the period of supervision.

(b) If the court finds the juvenile is entitled to dismissal of the deferred disposition pursuant to (a) of this subsection, the juvenile’s conviction shall be vacated and the court shall dismiss the case with prejudice, except that a conviction under RCW 16.52.205 shall not be vacated. Whenever a case is dismissed with restitution still owing, the court shall enter a restitution order pursuant to RCW 13.40.190 for any unpaid restitution. Jurisdiction to enforce payment and modify terms of the restitution order shall be the same as those set forth in RCW 13.40.190.

(c) If the court finds the juvenile is not entitled to dismissal of the deferred disposition pursuant to (a) of this subsection, the court shall revoke the deferred disposition and enter an order of disposition. A deferred disposition shall remain a conviction unless the case is dismissed and the conviction is vacated pursuant to (b) of this subsection or sealed pursuant to RCW 13.50.050.

(10)(a)(i) Any time the court vacates a conviction pursuant to subsection (9) of this section, if the juvenile is eighteen years of age or older and the full amount of restitution ordered has been paid, the court shall enter a written order sealing the case.

(ii) Any time the court vacates a conviction pursuant to subsection (9) of this section, if the juvenile is not eighteen years of age or older and full restitution ordered has been paid, the court shall schedule an administrative hearing to take place no later than thirty days after the respondent's eighteenth birthday, at which time the court shall enter a written order sealing the case. The respondent's presence at the administrative hearing is not required.

(iii) Any deferred disposition vacated prior to June 7, 2012, is not subject to sealing under this subsection.

(b) Nothing in this subsection shall preclude a juvenile from petitioning the court to have the records of his or her deferred dispositions sealed under RCW 13.50.050 (11) and (12).

(c) Records sealed under this provision shall have the same legal status as records sealed under RCW 13.50.050.

Sec. 3. RCW 13.40.210 and 2009 c 187 s 1 are each amended to read as follows:

(1) The secretary shall set a release date for each juvenile committed to its custody. The release date shall be within the prescribed range to which a juvenile has been committed under RCW 13.40.0357 or 13.40.030 except as provided in RCW 13.40.320 concerning offenders the department determines are eligible for the juvenile offender basic training camp program. Such dates shall be determined prior to the expiration of sixty percent of a juvenile’s minimum term of confinement included within the prescribed range to which the juvenile has been committed. The secretary shall release any juvenile committed to the custody of the department within four calendar days prior to the juvenile’s release date or on the release date set under this chapter. Days spent in the custody of the department shall be tolled by any period of time during which a juvenile has absented himself or herself from the department's supervision without the prior approval of the secretary or the secretary's designee.

(2) The secretary shall monitor the average daily population of the state's juvenile residential facilities. When the secretary concludes that in-residence population of residential facilities exceeds one hundred five percent of the rated bed capacity specified in statute, or in absence of such specification, as specified by the department in rule, the secretary may recommend reductions to the governor. On certification by the governor that the recommended reductions are necessary, the secretary has authority to administratively release a sufficient number of offenders to reduce in-residence population to one hundred percent of rated bed capacity. The secretary shall release those offenders who have served the greatest proportion of their sentence. However, the secretary may deny release in a particular case at the request of an offender, or if the secretary finds that there is no responsible custodian, as determined by the department, to whom to release the offender, or if the release of the offender would pose a clear danger to society. The department shall notify the committing court of the release at the time of release if any such early releases have occurred as a result of excessive in-residence population. In no event shall an offender adjudicated of a violent offense be granted release under the provisions of this subsection.

(3)(a) Following the release of any juvenile under subsection (1) of this section, the secretary may require the juvenile to comply with a program of parole to be administered by the department in his or her community which shall last no longer than eighteen months, except that in the case of a juvenile sentenced for rape in the first or second degree, rape of a child in the first or second degree, child molestation in the first degree, or indecent liberties with forcible compulsion, the period of parole shall be twenty-four months and, in the discretion of the secretary, may be up to thirty-six months when the secretary finds that an additional period of parole is necessary and appropriate in the interests of public safety or to meet the ongoing needs of the juvenile. A parole program is mandatory for offenders released under subsection (2) of this section and for offenders who receive a juvenile residential commitment sentence (11(iii)) for theft of a motor vehicle, possession of a stolen motor vehicle, or taking a motor vehicle without permission 1. A juvenile adjudicated for unlawful possession of a firearm, possession of a stolen firearm, theft of a firearm, or drive-by shooting may participate in aggression replacement training, functional family therapy, or functional family parole aftercare if the juvenile meets eligibility requirements for these services. The decision to place an offender (11(ii)) in an evidence-based parole program shall be based on an assessment by the department of the offender's risk for reoffending upon release and an assessment of the ongoing treatment needs of the juvenile. The department shall prioritize available parole resources to provide supervision and services to offenders at moderate to high risk for reoffending.

(b) The secretary shall, for the period of parole, facilitate the juvenile's reintegration into his or her community and to further this goal shall require the juvenile to refrain from possessing a firearm or using a deadly weapon and refrain from committing new offenses and may require the juvenile to: (i) Undergo available medical, psychiatric, drug and alcohol, sex offender, mental health, and other offense-related treatment services; (ii) report as directed to a parole officer and/or designee; (iii) pursue a course of study, vocational training, or employment; (iv) notify the parole officer of the current address where he or she resides; (v) be present at a particular address during specified hours; (vi) remain within prescribed geographical boundaries; (vii) submit to electronic monitoring; (viii) refrain from using illegal drugs and alcohol, and submit to random urinalysis when requested by the assigned parole officer; (ix) refrain from contact with specific individuals or a specified class of individuals; (x) meet other conditions determined by the parole officer to further enhance the juvenile's reintegration into the community; (xi) pay any court-ordered fines or restitution; and (xii) perform community restitution. Community restitution for the purpose of this section means compulsory service, without compensation, performed for the benefit of the community by the offender. Community restitution may be performed through public or private organizations or through work crews.
(c) The secretary may further require up to twenty-five percent of the highest risk juvenile offenders who are placed on parole to participate in an intensive supervision program. Offenders participating in an intensive supervision program shall be required to comply with all terms and conditions listed in (b) of this subsection and shall also be required to comply with the following additional terms and conditions: (i) Obey all laws and refrain from any conduct that threatens public safety; (ii) report at least once a week to an assigned community case manager; and (iii) meet all other requirements imposed by the community case manager related to participating in the intensive supervision program. As a part of the intensive supervision program, the secretary may require day reporting.

(d) After termination of the parole period, the juvenile shall be discharged from the department's supervision.

(4)(a) The department may also modify parole for violation thereof. If, after affording a juvenile all of the due process rights to which he or she would be entitled if the juvenile were an adult, the secretary finds that a juvenile has violated a condition of his or her parole, the secretary shall order one of the following which is reasonably likely to effectuate the purpose of the parole and to protect the public: (i) Continued supervision under the same conditions previously imposed; (ii) intensified supervision with increased reporting requirements; (iii) additional conditions of supervision authorized by this chapter; (iv) except as provided in (a)(v) and (vi) of this subsection, imposition of a period of confinement not to exceed thirty days in a facility operated by or pursuant to a contract with the state of Washington or any city or county for a portion of each day or for a certain number of days each week with the balance of the days or weeks spent under supervision; (v) the secretary may order any of the conditions or may return the offender to confinement for the remainder of the sentence range if the offense for which the offender was sentenced is rape in the first or second degree, rape of a child in the first or second degree, child molestation in the first degree, indecent liberties with forcible compulsion, or a sex offense that is also a serious violent offense as defined by RCW 9.94A.030; and (vi) the secretary may order any of the conditions or may return the offender to confinement for the remainder of the sentence range if the youth has completed the basic training camp program as described in RCW 13.40.320.

(b) The secretary may modify parole and order any of the conditions or may return the offender to confinement for up to twenty-four weeks if the offender was sentenced for a sex offense as defined under RCW 9A.44.130 and is known to have violated the terms of parole. Confinement beyond thirty days is intended to only be used for a small and limited number of sex offenders. It shall only be used when other graduated sanctions or interventions have not been effective or the behavior is so egregious it warrants the use of the higher level intervention and the violation: (i) Is a known pattern of behavior consistent with a previous sex offense that puts the youth at high risk for reoffending sexually; (ii) consists of sexual behavior that is determined to be predatory as defined in RCW 71.09.020; or (iii) requires a review under chapter 71.09 RCW, due to a recent overt act.

The total number of days of confinement for violations of parole conditions during the parole period shall not exceed the number of days provided by the maximum sentence imposed by the disposition for the underlying offense pursuant to RCW 13.40.0357. The department shall not aggregate multiple parole violations that occur prior to the parole revocation hearing and impose consecutive twenty-four week periods of confinement for each parole violation. The department is authorized to engage in rule making pursuant to chapter 34.05 RCW, to implement this subsection, including narrowly defining the behaviors that could lead to this higher level intervention.

(c) If the department finds that any juvenile in a program of parole has possessed a firearm or used a deadly weapon during the program of parole, the department shall modify the parole under (a) of this subsection and confine the juvenile for at least thirty days. Confinement shall be in a facility operated by or pursuant to a contract with the state or any county.

(5) A parole officer of the department of social and health services shall have the power to arrest a juvenile under his or her supervision on the same grounds as a law enforcement officer would be authorized to arrest the person.

(6) If so requested and approved under chapter 13.06 RCW, the secretary shall permit a county or group of counties to perform functions under subsections (3) through (5) of this section.

NEW SECTION. Sec. 4. A new section is added to chapter 13.40 RCW to read as follows:

(1)(a) The juvenile rehabilitation administration of the department of social and health services must compile and analyze data regarding juvenile offenders who have been found to have committed the offense of unlawful possession of a firearm under RCW 9.41.040 and made their initial contact with the criminal justice system between January 1, 2005, and December 31, 2013. Information compiled and analyzed must include:

(i) Previous and subsequent criminal offenses committed by the offenders as juveniles or adults;

(ii) Where applicable, treatment interventions provided to the offenders as juveniles, including the nature of provided interventions and whether the offenders completed the interventions, if known; and

(iii) Gang association of the offenders, if known.

(b) The department of corrections and the caseload forecast council must provide any information necessary to assist the juvenile rehabilitation administration in compiling the data required for this purpose. Information provided may include individual identifier level data, however such data must remain confidential and must not be disseminated for purposes other than as identified in this section or otherwise permitted by law.

(2) The juvenile rehabilitation administration shall report its findings to the appropriate committees of the legislature no later than October 1, 2014.

(a) The agency may never knowingly record inaccurate information. (6) A juvenile, or his or her parents, or any person who has reasonable cause to believe information concerning that person is included in the records of a juvenile justice or care agency may make a motion to the court challenging the accuracy of any information concerning the moving party in the record or challenging the continued possession of the record by the agency. (d) Numbered lines for signatures with space provided beside each signature for the name and address of the signer and the date of signing;

(e) The warning statement prescribed in subsection (2) of this section.

(2) Petitions shall be printed or typed on single sheets of white paper of good quality and each sheet of petition paper having a space thereon for signatures shall contain the text or prayer of the petition and the following warning:

**WARNING**

Every person who signs this petition with any other than his or her true name, or who knowingly signs more than one of these petitions, or signs a petition seeking an election when he or she is not a legal voter, or signs a petition when he or she is otherwise not qualified to sign, or who makes herein any false statement, shall be guilty of a misdemeanor.

Each signature shall be executed in ink or indelible pencil and shall be followed by the name and address of the signer and the date of signing.

(3) The term "signer" means any person who signs his or her own name to the petition.

(4) To be sufficient a petition must contain valid signatures of qualified registered voters or property owners, as the case may be, in the number required by the applicable statute or ordinance. Within three working days after the filing of a petition, the officer with whom the petition is filed shall transmit the petition to the county auditor for petitions signed by registered voters, or to the county assessor for petitions signed by property owners for determination of sufficiency. The officer or officers whose duty it is to determine the sufficiency of the petition shall proceed to make such a determination with reasonable promptness and shall file with the officer receiving the petition for filing a certificate stating the date upon which such determination was begun, which date shall be referred to as the terminal date. Additional pages of one or more signatures may be added to the petition by filing the same with the appropriate filing officer prior to such terminal date. Any signer of a filed petition may withdraw his or her signature by a written request for withdrawal filed with the receiving officer prior to such terminal date. Such written request shall so sufficiently describe the petition as to make identification of the person and the petition certain. The name of any person seeking to withdraw shall be signed exactly the same as contained on the petition and, after the filing of such request for withdrawal, prior to the terminal date, the signature of any person seeking such withdrawal shall be deemed withdrawn.

(5) Petitions containing the required number of signatures shall be accepted as prima facie valid until their invalidity has been proved.

(6) A variation on petitions between the signatures on the petition and that on the voter's permanent registration caused by the substitution of initials instead of the first or middle names, or both, shall not invalidate the signature on the petition if the surname and handwriting are the same.

(7) (((Signatures, including the original, of any person who has signed a petition two or more times shall be stricken)) If a person signs a petition more than once, all but the first valid signature must be rejected.)

(8) Signatures followed by a date of signing which is more than six months prior to the date of filing of the petition shall be stricken.

(9) When petitions are required to be signed by the owners of property, the determination shall be made by the county assessor. Where validation of signatures to the petition is required, the following shall apply:

(a) The signature of a record owner, as determined by the records of the county auditor, shall be sufficient without the signature of his or her spouse;

(b) In the case of mortgaged property, the signature of the mortgagor shall be sufficient, without the signature of his or her spouse;

(c) In the case of property purchased on contract, the signature of the contract purchaser, as shown by the records of the county auditor, shall be deemed sufficient, without the signature of his or her spouse;

(d) Any officer of a corporation owning land within the area involved who is duly authorized to execute deeds or encumbrances on behalf of the corporation, may sign on behalf of such corporation, and shall attach to the petition a certified excerpt from the bylaws of such corporation showing such authority;

(e) When the petition seeks annexation, any officer of a corporation owning land within the area involved, who is duly authorized to execute deeds or encumbrances on behalf of the corporation, may sign
under oath on behalf of such corporation. If an officer signs the petition, he or she must attach an affidavit stating that he or she is duly authorized to sign the petition on behalf of such corporation;

(f) When property stands in the name of a deceased person or any person for whom a guardian has been appointed, the signature of the executor, administrator, or guardian, as the case may be, shall be equivalent to the signature of the owner of the property; and

(g) When a parcel of property is owned by multiple owners, the signature of an owner designated by the multiple owners is sufficient.

(10) The officer or officers responsible for determining the sufficiency of the petition shall do so in writing and transmit the written certificate to the officer with whom the petition was originally filed."

MESSAGE FROM THE SENATE

February 26, 2014

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 2555 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 39.10.330 and 2013 c 222 s 11 are each amended to read as follows:

(1) Contracts for design-build services shall be awarded through a competitive process using public solicitation of proposals for design-build services. The public body shall publish at least once in a legal newspaper of general circulation published in, or as near as possible to, that part of the county in which the public work will be done, a notice of its request for qualifications from proposers for design-build services, and the availability and location of the request for proposal documents. The request for qualifications documents shall include:

(a) A general description of the project that provides sufficient information for proposers to submit qualifications;
(b) The reasons for using the design-build procedure;
(c) A description of the qualifications to be required of the proposer including, but not limited to, submission of the proposer's accident prevention program;
(d) A description of the process the public body will use to evaluate qualifications and finalists' proposals, including evaluation factors and the relative weight of factors and any specific forms to be used by the proposers;
(i) Evaluation factors for request for qualifications shall include, but not be limited to, technical qualifications, such as specialized experience and technical competence; capability to perform; past performance of the proposers' team, including the architect-engineer and construction members; and other appropriate factors. Evaluation factors may also include: (A) The proposer's past performance in utilization of small business entities; and (B) disadvantaged business enterprises. Cost or price-related factors are not permitted in the request for qualifications phase;
(ii) Evaluation factors for finalists' proposals shall include, but not be limited to, the factors listed in (d)(i) of this subsection, as well as technical approach design concept; ability of professional personnel; past performance on similar projects; ability to meet time and budget requirements; ability to provide a performance and payment bond for the project; recent, current, and projected workloads of the firm; location; and cost or price-related factors that may include operating costs. The public body may also consider a proposer's outreach plan to include small business entities and disadvantaged business enterprises as subcontractor and suppliers for the project. Alternatively, if the public body determines that all finalists will be capable of producing a design that adequately meets project requirements, the public body may award the contract to the firm that submits the responsive proposal with the lowest price;
(e) Protest procedures including time limits for filing a protest, which in no event may limit the time to file a protest to fewer than four business days from the date the proposer was notified of the selection decision;
(f) The form of the contract to be awarded;
(g) The honorarium to be paid to finalists submitting responsive proposals and who are not awarded a design-build contract;
(h) The schedule for the procurement process and the project; and
(i) Other information relevant to the project.
(2) The public body shall establish an evaluation committee to evaluate the responses to the request for qualifications based solely on the factors, weighting, and process identified in the request for qualifications and any addenda issued by the public body. Based on the evaluation committee's findings, the public body shall select not more than five responsive and responsible finalists to submit proposals. The public body may, in its sole discretion, reject all proposals and shall provide its reasons for rejection in writing to all proposers.
(3) The public body must notify all proposers of the finalists selected to move to the next phase of the selection process. The process may not proceed to the next phase until two business days after all proposers are notified of the committee's selection decision. At the request of a proposer not selected as a finalist, the public body must provide the requesting proposer with a scoring summary of the evaluation factors for its proposal. Proposers filing a protest on the selection of the finalists must file the protest in accordance with the published protest procedures. The selection process may not advance to the next phase of selection until two business days after the final protest decision is transmitted to the protestor.
(4) Upon selection of the finalists, the public body shall issue a request for proposals to the finalists, which shall provide the following information:
(a) A detailed description of the project including programmatic, performance, and technical requirements and specifications; functional and operational elements; building performance goals and validation requirements; minimum and maximum net and gross areas of any..."
building; and, at the discretion of the public body, preliminary engineering and architectural drawings; and

(b) The target budget for the design-build portion of the project.

(5) The public body shall establish an evaluation committee to evaluate the proposals submitted by the finalists. Design-build contracts shall be awarded using the procedures in (a) or (b) of this subsection. The public body must identify in the request for qualifications which procedure will be used.

(a) The finalists’ proposals shall be evaluated and scored based solely on the factors, weighting, and process identified in the initial request for qualifications and in any addenda published by the public body. Public bodies may request best and final proposals from finalists. The public body may initiate negotiations with the firm submitting the highest scored proposal. If the public body is unable to execute a contract with the firm submitting the highest scored proposal, negotiations with that firm may be suspended or terminated and the public body may proceed to negotiate with the next highest scored firm. Public bodies shall continue in accordance with this procedure until a contract agreement is reached or the selection process is terminated.

(b) If the public body determines that all finalists are capable of producing a design that adequately meets project requirements, the public body may award the contract to the firm that submits the responsive proposal with the lowest price.

(6) The public body shall notify all finalists of the selection decision and make a selection summary of the final proposals available to all proposers within two business days of such notification. If the public body receives a timely written protest from a finalist firm, the public body may not execute a contract until two business days after the final protest decision is transmitted to the protestor. The protestor must submit its protest in accordance with the published protest procedures.

(7) The firm awarded the contract shall provide a performance and payment bond for the contracted amount.

(8) The public body shall provide appropriate honorarium payments to finalists submitting responsive proposals that are not awarded a design-build contract. Honorarium payments shall be sufficient to generate meaningful competition among potential proposers on design-build projects. In determining the amount of the honorarium, the public body shall consider the level of effort required to meet the selection criteria.

Sec. 2. RCW 39.10.470 and 2005 c 274 s 275 are each amended to read as follows:

(1) Except as provided in subsections (2) and (3) of this section, all proceedings, records, contracts, and other public records relating to alternative public works transactions under this chapter shall be open to the inspection of any interested person, firm, or corporation in accordance with chapter 42.56 RCW.

(2) Trade secrets, as defined in RCW 19.108.010, or other proprietary information submitted by a bidder, offeror, or contractor in connection with an alternative public works transaction under this chapter shall not be subject to chapter 42.56 RCW if the bidder, offeror, or contractor specifically states in writing the reasons why protection is necessary, and identifies the data or materials to be protected.

(3) Proposals submitted by design-build finalists are exempt from disclosure until the notification of the highest scoring finalist is made in accordance with RCW 39.10.330(5) or the selection process is terminated.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2164, on reconsideration, having received the necessary constitutional majority, was declared passed.

**MESSAGE FROM THE SENATE**

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1791 with the following amendment:

On page 6, after line 13, insert the following:

*Sec. 3. RCW 9.68A.120 and 2009 c 479 s 12 are each amended to read as follows:*

(a) No conveyance used by any person as a common carrier in the transaction of business as a common carrier is subject to forfeiture under this section unless it appears that the owner or other person in charge of the conveyance is a consenting party or privy to a violation of this chapter;

(b) No property is subject to forfeiture under this section by reason of any act or omission established by the owner of the property to have been committed or omitted without the owner's knowledge or consent;

(c) A forfeiture of property encumbered by a bona fide security interest is subject to the interest of the secured party if the secured party neither had knowledge of nor consented to the act or omission; and

(d) When the owner of a conveyance has been arrested under this chapter the conveyance may not be subject to forfeiture unless it is seized or process is issued for its seizure within ten days of the owner's arrest.

(3) All personal property, moneys, negotiable instruments, securities, or other tangible or intangible property furnished or intended to be furnished by any person in exchange for visual or printed matter depicting a minor engaged in sexually explicit conduct, or constituting proceeds traceable to any violation of this chapter.

(4) Property subject to forfeiture under this chapter may be seized by any law enforcement officer of this state upon process issued by any superior court having jurisdiction over the property. Seizure without process may be made if:

(a) The seizure is incident to an arrest or a search made under warrant or an inspection under an administrative inspection warrant;

(b) The property subject to seizure has been the subject of a prior judgment in favor of the state in a criminal injunction or forfeiture proceeding based upon this chapter;

(c) A law enforcement officer has probable cause to believe that the property is directly or indirectly dangerous to health or safety; or
(d) The law enforcement officer has probable cause to believe that the property was used or is intended to be used in violation of this chapter.

(5) In the event of seizure under subsection (4) of this section, proceedings for forfeiture shall be deemed commenced by the seizure. The law enforcement agency under whose authority the seizure was made shall cause notice to be served within fifteen days following the seizure on the owner of the property seized and the person in charge thereof and any person having any known right or interest therein, of the seizure and intended forfeiture of the seized property. The notice may be served by any method authorized by law or court rule including but not limited to service by certified mail with return receipt requested. Service by mail shall be deemed complete upon mailing within the fifteen day period following the seizure.

(6) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of seized items within forty-five days of the seizure, the item seized shall be deemed forfeited.

(7) If any person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of seized items within forty-five days of the seizure, the person or persons shall be afforded a reasonable opportunity to be heard as to the claim or right. The hearing shall be before an administrative law judge appointed under chapter 34.12 RCW, except that any person asserting a claim or right may remove the matter to a court of competent jurisdiction if the aggregate value of the article or articles involved is more than five hundred dollars. The hearing before an administrative law judge and any appeal therefrom shall be under Title 34 RCW. In a court hearing between two or more claimants to the article or articles involved, the prevailing party shall be entitled to a judgment for costs and reasonable attorney's fees. The burden of producing evidence shall be upon the person claiming to be the lawful owner or the person claiming to have the lawful right to possession of the seized items. The seizing law enforcement agency shall promptly return the article or articles to the claimant upon a determination by the administrative law judge or court that the claimant is lawfully entitled to possession thereof of the seized items.

(8) If property is sought to be forfeited on the ground that it constitutes proceeds traceable to a violation of this chapter, the seizing law enforcement agency must prove by a preponderance of the evidence that the property constitutes proceeds traceable to a violation of this chapter.

(9) When property is forfeited under this chapter the seizing law enforcement agency may:

(a) Retain it for official use or upon application by any law enforcement agency of this state release the property to that agency for the exclusive use of enforcing this chapter or chapter 9A.88 RCW;

(b) Sell that which is not required to be destroyed by law and which is not harmful to the public. The proceeds and all moneys appraised are used, or intended for use, in any manner to facilitate a violation of RCW 9.68A.100, 9.68A.101, or 9A.88.070;

(c) Request the appropriate sheriff or director of public safety to take custody of the property and remove it for disposition in accordance with law.

(10) (a) By January 31st of each year, each seizing agency shall remit to the state treasurer an amount equal to ten percent of the net proceeds of any property forfeited during the preceding calendar year. Money remitted shall be deposited in the intervention account under RCW 43.63A.740.

(b) The net proceeds of forfeited property is the value of the forfeitable interest in the property after deducting the cost of satisfying any bona fide security interest to which the property is subject at the time of seizure; and in the case of sold property, after deducting the cost of sale, including reasonable fees or commissions paid to an independent selling agency.

(c) The value of sold forfeited property is the sale price. The value of retained forfeited property is the fair market value of the property at the time of seizure determined when possible by reference to an applicable commonly used index. A seizing agency may use, but need not use, an independent qualified appraiser to determine the value of retained property. If an appraiser is used, the value of the property appraised is net of the cost of the appraisal. The value of destroyed property and retained firearms or illegal property is zero.

(11) Forfeited property and net proceeds not required to be paid to the state treasurer under this chapter shall be used for payment of all proper expenses of the investigation leading to the seizure, including any money delivered to the subject of the investigation by the law enforcement agency, and of the proceedings for forfeiture and sale, including expenses of seizure, maintenance of custody, advertising, actual costs of the prosecuting or city attorney, and court costs. Money remaining after payment of these expenses shall be retained by the seizing law enforcement agency for the exclusive use of enforcing the provisions of this chapter or chapter 9A.88 RCW.

Sec. 4. RCW 9A.88.150 and 2012 c 140 s 1 are each amended to read as follows:

(1) The following are subject to seizure and forfeiture and no property right exists in them:

(3) In the event of seizure pursuant to subsection (2) of this section, proceedings for forfeiture shall be deemed commenced by the seizure. The law enforcement agency under whose authority the seizure was made shall cause notice to be served within fifteen days following the seizure on the owner of the property seized and the person in charge thereof and any person having any known right or interest therein, including any community property interest, of the seizure and intended forfeiture of the seized property. Service of notice of seizure of real property shall be made according to the rules of civil procedure. However, the state may not obtain a default judgment with respect to real property against a party who is served by substituted service absent an affidavit stating that a good faith effort has been made to ascertain if the defaulted party is incarcerated within the state, and that there is no present basis to believe that the party is incarcerated within the state. Notice of seizure in the case of property subject to a security interest that has been perfected by filing a financing statement, or a certificate of title, shall be made by service upon the secured party or the secured party's assignee at the address shown on the financing statement or the certificate of title. The notice of seizure in other cases may be served by any method authorized by law or court rule including, but not limited to, service by certified mail with return receipt requested. Service by mail shall be deemed complete upon mailing within the fifteen day period following the seizure.

(4) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of items specified in subsection (1) of this section within forty-five days of the service of notice from the seizing agency in the case of personal property and ninety days in the case of real property, the item seized shall be deemed forfeited. The community property interest in real property of a person whose spouse or domestic partner committed a violation giving rise to seizure of the real property may not be forfeited if the person did not participate in the violation.

(5) If any person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of items specified in subsection (1) of this section within forty-five days of the service of notice from the seizing agency in the case of personal property and ninety days in the case of real property, the person or persons shall be afforded a reasonable opportunity to be heard as to the claim or right. The notice of claim may be served by any method authorized by law or court rule including, but not limited to, service by first-class mail. Service by mail shall be deemed complete upon mailing within the forty-five day period following service of the notice of seizure in the case of personal property and within the ninety day period following service of the notice of seizure in the case of real property. The hearing shall be before the chief law enforcement officer of the seizing agency or the chief law enforcement officer's designee, except where the seizing agency is a state agency as defined in RCW 34.12.020(4), the hearing shall be before the chief law enforcement officer of the seizing agency or an administrative law judge appointed under chapter 34.12 RCW, except that any person asserting a claim or right may remove the matter to a court of competent jurisdiction. Removal of any matter involving personal property may only be accomplished according to the rules of civil procedure. The person seeking removal of the matter must serve process against the state, county, political subdivision, or municipality that operates the seizing agency, and any other party of interest, in accordance with RCW 4.28.080 or 4.92.020, within forty-five days after the person seeking removal has notified the seizing law enforcement agency of the person's claim of ownership or right to possession. The court to which the matter is to be removed shall be the district court when the aggregate value of personal property is within the jurisdictional limit set forth in RCW 3.66.020. A hearing before the seizing agency and any appeal therefrom shall be under Title 34 RCW. In all cases, the burden of proof is upon the law enforcement agency to establish, by a preponderance of the evidence, that the property is subject to forfeiture.

The seizing law enforcement agency shall promptly return the article or articles to the claimant upon a determination by the administrative law judge or court that the claimant is the present lawful owner or is lawfully entitled to possession thereof of items specified in subsection (1) of this section.

(6) In any proceeding to forfeit property under this title, where the claimant substantially prevails, the claimant is entitled to reasonable attorneys' fees reasonably incurred by the claimant. In addition, in a court hearing between two or more claimants to the article or articles
(7) When property is forfeited under this chapter, the seizing law enforcement agency (shall sell the property that is not required to be destroyed by law and that is not harmful to the public) may:

   (b) Sell that which is not required to be destroyed by law and which is not harmful to the public; or
   (c) Request the appropriate sheriff or director of public safety to take custody of the property and remove it for disposition in accordance with law.

(8)(a) When property is forfeited, the seizing agency shall keep a record indicating the identity of the prior owner, if known, a description of the property, the disposition of the property, the value of the property at the time of seizure, and the amount of proceeds realized from disposition of the property.
   (b) Each seizing agency shall retain records of forfeited property for at least seven years.
   (c) Each seizing agency shall file a report including a copy of the records of forfeited property with the state treasurer each calendar quarter.
   (d) The quarterly report need not include a record of forfeited property that is still being held for use as evidence during the investigation or prosecution of a case or during the appeal from a conviction.

(9)(a) By January 31st of each year, each seizing agency shall remit to the state treasurer an amount equal to ten percent of the net proceeds of any property forfeited during the preceding calendar year. Money remitted shall be deposited in the prostitution prevention and intervention account under RCW 43.63A.740.
   (b) The net proceeds of forfeited property is the value of the forfeitable interest in the property after deducting the cost of satisfying any bona fide security interest to which the property is subject at the time of seizure; and in the case of sold property, after deducting the cost of sale, including reasonable fees or commissions paid to independent selling agents, and the cost of any valid landlord's claim for damages under subsection (((11))) (12) of this section.
   (c) The value of sold forfeited property is the sale price. The value of destroyed property and retained firearms or illegal property is zero.

(10) Net proceeds not required to be paid to the state treasurer shall be used for payment of all proper expenses of the investigation leading to the seizure, including any money delivered to the subject of the investigation by the law enforcement agency, and of the proceedings for forfeiture and sale, including expenses of seizure, maintenance of custody, advertising, actual costs of the prosecuting or city attorney, and court costs. Money remaining after payment of these expenses shall be retained by the seizing law enforcement agency for the exclusive use of enforcing the provisions of this chapter or chapter 9.68A RCW.

(11) Upon the entry of an order of forfeiture of real property, the court shall forward a copy of the order to the assessor of the county in which the property is located. Orders for the forfeiture of real property shall be entered by the superior court, subject to court rules. Such an order shall be filed by the seizing agency in the county auditor's records in the county in which the real property is located.

((12)) A landlord may assert a claim against proceeds from the sale of assets seized and forfeited under subsection (9) of this section, only if:
   (a) A law enforcement officer, while acting in his or her official capacity, directly caused damage to the complaining landlord's property while executing a search of a tenant's residence;
   (b) The landlord has applied any funds remaining in the tenant's deposit, to which the landlord has a right under chapter 59.18 RCW, to cover the damage directly caused by a law enforcement officer prior to asserting a claim under the provisions of this section:
      (i) Only if the funds applied under (b) of this subsection are insufficient to satisfy the damage directly caused by a law enforcement officer, may the landlord seek compensation for the damage by filing a claim against the governmental entity under whose authority the law enforcement agency operates within thirty days after the search;
      (ii) Only if the governmental entity denies or fails to respond to the landlord's claim within sixty days of the date of filing, may the landlord collect damages under this subsection by filing within thirty days of denial or the expiration of the sixty day period, whichever occurs first, a claim with the seizing law enforcement agency. The seizing law enforcement agency must notify the landlord of the status of the claim by the end of the thirty day period. Nothing in this section requires the claim to be paid by the end of the sixty day or thirty day period; and
      (c) For any claim filed under (b) of this subsection, the law enforcement agency shall pay the claim unless the agency provides substantial proof that the landlord either:
         (i) Knew or consented to actions of the tenant in violation of RCW 9.68A.100, 9.68A.101, or 9A.88.070; or
         (ii) Failed to respond to a notification of the illegal activity, provided by a law enforcement agency under RCW 59.18.075, within seven days of receipt of notification of the illegal activity.

((13)) The landlord's claim for damages under subsection (((14))) (12) of this section may not include a claim for loss of business and is limited to:
   (a) Damage to tangible property and clean-up costs;
   (b) The lesser of the cost of repair or fair market value of the damage directly caused by a law enforcement officer;
   (c) The proceeds from the sale of the specific tenant's property seized and forfeited under subsection (9) of this section; and
   (d) The proceeds available after the seizing law enforcement agency satisfies any bona fide security interest in the tenant's property and costs related to sale of the tenant's property as provided by subsection (((14))) (12) of this section.

((14)) Subsections (((14))) (12) and (((12))) (13) of this section do not limit any other rights a landlord may have against a tenant to collect for damages. However, if a law enforcement agency satisfies a landlord's claim under subsection (((14))) (12) of this section, the rights the landlord has against the tenant for damages directly caused by a law enforcement officer under the terms of the landlord and tenant's contract are subrogated to the law enforcement agency."

(1) A hearing ((instrument fitting/dispenser)) aid specialist licensed under this chapter and not actively practicing may be placed on inactive status by the department at the written request of the licensee. The board shall define by rule the conditions for inactive status licensure. In addition to the requirements of RCW 43.24.086, the licensing fee for a licensee on inactive status shall be directly related to the costs of administering an inactive license by the department. A hearing ((instrument fitting/dispensing)) aid specialist on inactive status may be voluntarily placed on active status by notifying the department in writing, paying the remainder of the licensing fee for the licensing year, and complying with subsection (2) of this section.

(2) Hearing ((instrument fitting/dispensing)) aid specialist inactive licensees applying for active licensure shall comply with the following: A licensee who has not fitted or dispensed hearing instruments for more than five years from the expiration of the licensee's full fee license shall retake the practical or the written, or both, hearing ((instrument fitting/dispensing)) aid specialist examinations required under this chapter and other requirements as determined by the board. Persons who have inactive status in this state but who are actively licensed and in good standing in any other state shall not be required to take the hearing ((instrument fitting/dispenser)) aid specialist practical examination, but must submit an affidavit attesting to their knowledge of the current Washington Administrative Code rules and Revised Code of Washington statutes pertaining to the fitting and dispensing of hearing instruments.

(3) A speech-language pathologist or audiologist licensed under this chapter, or a speech-language pathology assistant certified under this chapter, and not actively practicing either speech-language pathology or audiology may be placed on inactive status by the department at the written request of the license or certification holder. The board shall define by rule the conditions for inactive status licensure or certification. In addition to the requirements of RCW 43.24.086, the fee for a license or certification on inactive status shall be directly related to the cost of administering an inactive license or certification by the department. A person on inactive status may be voluntarily placed on active status by notifying the department in writing, paying the remainder of the fee for the year, and complying with subsection (4) of this section.

(4) Speech-language pathologist, speech-language pathology assistant, or audiologist inactive license or certification holders applying for active licensure or certification shall comply with requirements set forth by the board, which may include completion of continuing competency requirements and taking an examination.

(1) Every hearing ((instrument fitting/dispenser)) aid specialist, audiologist, speech-language pathologist, or interim permit holder, who is regulated under this chapter, shall notify the department in writing of the regular address of the place or places in the state of Washington where the person practices or intends to practice more than twenty consecutive business days and of any change thereof within ten days of such change. Failure to notify the department in writing shall be grounds for suspension or revocation of the license or interim permit.
(2) The department shall keep a record of the places of business of persons who hold licenses or interim permits.

(3) Any notice required to be given by the department to a person who holds a license or interim permit may be given by mailing it to the address of the last establishment or facility of which the person has notified the department, except that notice to a licensee or interim permit holder of proceedings to deny, suspend, or revoke the license or interim permit shall be by certified or registered mail or by means authorized for service of process.

Sec. 9. RCW 18.35.105 and 2002 c 310 s 11 are each amended to read as follows:

Each licensee and interim permit holder under this chapter shall keep records of all services rendered for a minimum of three years. These records shall contain the names and addresses of all persons to whom services were provided. Hearing ((instrument fitter/dispenser)) aid specialists, audiologists, and interim permit holders shall also record the date the hearing instrument warranty expires, a description of the services and the dates the services were provided, and copies of any contracts and receipts. All records, as required pursuant to this chapter or by rule, shall be owned by the establishment or facility and shall remain with the establishment or facility in the event the licensee changes employment. If a contract between the establishment or facility and the licensee provides that the records are to remain with the licensee, copies of such records shall be provided to the establishment or facility.

Sec. 10. RCW 18.35.110 and 2002 c 310 s 12 are each amended to read as follows:

In addition to causes specified under RCW 18.130.170 and 18.130.180, any person licensed or holding an interim permit under this chapter may be subject to disciplinary action by the board for any of the following causes:

(1) For unethical conduct in dispensing hearing instruments. Unethical conduct shall include, but not be limited to:

(a) Using or causing or promoting the use of, in any advertising matter, promotional literature, testimonial, guarantee, warranty, label, brand, insignia, or any other representation, however disseminated or published, which is false, misleading or deceptive;

(b) Failing or refusing to honor or to perform as represented any representation, promise, agreement, or warranty in connection with the promotion, sale, dispensing, or fitting of the hearing instrument;

(c) Advertising a particular model, type, or kind of hearing instrument for sale which purchasers or prospective purchasers responding to the advertisement cannot purchase or are dissuaded from purchasing and where it is established that the purpose of the advertisement is to obtain prospects for the sale of a different model, type, or kind than that advertised;

(d) Falsifying hearing test or evaluation results;

(e)(i) Whenever any of the following conditions are found or should have been found to exist either from observations by the licensee or interim permit holder or on the basis of information furnished by a prospective hearing instrument user prior to fitting and dispensing a hearing instrument to any such prospective hearing instrument user, failing to advise that prospective hearing instrument user in writing that the user should first consult a licensed physician specializing in diseases of the ear or if no such licensed physician is available in the community then to any duly licensed physician:

(A) Visible congenital or traumatic deformity of the ear, including perforation of the eardrum;

(B) History of, or active drainage from the ear within the previous ninety days;

(C) History of sudden or rapidly progressive hearing loss within the previous ninety days;

(D) Acute or chronic dizziness;

(E) Any unilateral hearing loss;

(F) Significant air-bone gap when generally acceptable standards have been established as defined by the food and drug administration;

(G) Visible evidence of significant cerumen accumulation or a foreign body in the ear canal;

(H) Pain or discomfort in the ear; or

(I) Any other conditions that the board may by rule establish. It is a violation of this subsection for any licensee or that licensee's employees and putative agents upon making such required referral for medical opinion to in any manner whatsoever disparage or discourage a prospective hearing instrument user from seeking such medical opinion prior to the fitting and dispensing of a hearing instrument. No such referral for medical opinion need be made by any licensed hearing ((instrument fitter/dispenser)) aid specialist, licensed audiologist, or interim permit holder in the instance of replacement only of a hearing instrument which has been lost or damaged beyond repair within twelve months of the date of purchase. The licensed hearing ((instrument fitter/dispenser)) aid specialist, licensed audiologist, or interim permit holder or their employees or putative agents shall obtain a signed statement from the hearing instrument user documenting the waiver of medical clearance and the waiver shall inform the prospective user that signing the waiver is not in the consumer's best health interest: PROVIDED, That the licensed hearing ((instrument fitter/dispenser)) aid specialist, licensed audiologist, or interim permit holder shall maintain a copy of either the physician's statement showing that the prospective hearing instrument user has had a medical evaluation within the previous six months or the statement waiving medical evaluation, for a period of three years after the purchaser's receipt of a hearing instrument. Nothing in this section required to be performed by a licensee or interim permit holder shall mean that the licensee or interim permit holder is engaged in the diagnosis of illness or the practice of medicine or any other activity prohibited under the laws of this state;

(ii) Fitting and dispensing a hearing instrument to any person under eighteen years of age who has not been examined and cleared for hearing instrument use within the previous six months by a physician specializing in otolaryngology except in the case of replacement instruments or except in the case of the parents or guardian of such person refusing, for good cause, to seek medical opinion: PROVIDED, That should the parents or guardian of such person refuse, for good cause, to seek medical opinion, the licensed hearing ((instrument fitter/dispenser)) aid specialist or licensed audiologist shall obtain from such parents or guardian a certificate to that effect in a form as prescribed by the department;

(iii) Fitting and dispensing a hearing instrument to any person under eighteen years of age who has not been examined by an audiologist who holds at least a master's degree in audiology for recommendations during the previous six months, without first advising such person or his or her parents or guardian in writing that he or she should first consult an audiologist who holds at least a master's degree in audiology, except in cases of hearing instruments replaced within twelve months of their purchase;

(f) Representing that the services or advice of a person licensed to practice medicine and surgery under chapter 18.71 RCW or osteopathic medicine and surgery under chapter 18.57 RCW or of a clinical audiologist will be used or made available in the selection, fitting, adjustment, maintenance, or repair of hearing instruments when that is not true, or using the word "doctor," "clinic," or other like words, abbreviations, or symbols which tend to connote a medical or osteopathic medicine and surgery profession when such use is not accurate;

(g) Permitting another to use his or her license or interim permit;

(h) Stating or implying that the use of any hearing instrument will restore normal hearing, preserve hearing, prevent or retard progression of a hearing impairment, or any other false, misleading, or medically or audiollogically unsupported claim regarding the efficiency of a hearing instrument;

   Sec. 13. RCW 18.35.161 and 2010 c 65 s 4 are each amended to read as follows:

   The board shall have the following powers and duties:

   (1) To establish by rule such minimum standards and procedures in the fitting and dispensing of hearing instruments as deemed appropriate and in the public interest;

   (2) To adopt any other rules necessary to implement this chapter and which are not inconsistent with it;

   (3) To develop, approve, and administer or supervise the administration of examinations to applicants for licensure under this chapter;

   (4) To require a licensee or interim permit holder to make restitution to any individual injured by a violation of this chapter or chapter 18.130 RCW, the uniform disciplinary act. The authority to require restitution does not limit the board's authority to take other action deemed appropriate and provided for in this chapter or chapter 18.130 RCW;

   (5) To pass upon the qualifications of applicants for licensure or interim permits and to certify to the secretary;

   (6) To recommend requirements for continuing education and continuing competency requirements as a prerequisite to renewing a license or certification under this chapter;

   (7) To keep an official record of all its proceedings. The record is evidence of all proceedings of the board that are set forth in this record;

   (9) To adopt rules relating to standards of care relating to hearing ((instrument fitter/dispensers)) aid specialists or audiologists, including the dispensing of hearing instruments, and relating to speech-language pathologists, including dispensing of communication devices.
Sec. 14. RCW 18.35.185 and 2002 c 310 s 19 are each amended to read as follows:

(1) In addition to any other rights and remedies a purchaser may have, the purchaser of a hearing instrument shall have the right to rescind the transaction for other than the licensed hearing ((instrument fitter/dispenser)) aid specialist, licensed audiologist, or interim permit holder's breach if:

(a) The purchaser, for reasonable cause, returns the hearing instrument or holds it at the licensed hearing ((instrument fitter/dispenser)) aid specialist, licensed audiologist, or interim permit holder's disposal, if the hearing instrument is in its original condition less normal wear and tear. "Reasonable cause" shall be defined by the board but shall not include a mere change of mind on the part of the purchaser or a change of mind related to cosmetic concerns of the purchaser about wearing a hearing instrument; and

(b) The purchaser sends notice of the cancellation by certified mail, return receipt requested, to the establishment employing the licensed hearing ((instrument fitter/dispenser)) aid specialist, licensed audiologist, or interim permit holder of the problem during the thirty days following the date of delivery and documents such notification, the deadline for posting the notice of rescission shall be extended by an equal number of days as those between the date of the notification of the problem to the date of notification of availability for redelivery. Where the hearing instrument is returned to the licensed hearing ((instrument fitter/dispenser)) aid specialist, licensed audiologist, or interim permit holder for any inspection for modification or repair, and the licensed hearing ((instrument fitter/dispenser)) aid specialist, licensed audiologist, or interim permit holder has notified the purchaser that the hearing instrument is available for redelivery, and where the purchaser has not responded by either taking possession of the hearing instrument or instructing the licensed hearing ((instrument fitter/dispenser)) aid specialist, licensed audiologist, or interim permit holder to forward it to the purchaser, then the deadline for giving notice of the rescission shall extend no more than seven working days after this notice of availability.

(2) If the transaction is rescinded under this section or as otherwise provided by law and the hearing instrument is returned to the licensed hearing ((instrument fitter/dispenser)) aid specialist, licensed audiologist, or interim permit holder, the licensed hearing ((instrument fitter/dispenser)) aid specialist, licensed audiologist, or interim permit holder shall refund to the purchaser any payments or deposits for that hearing instrument. However, the licensed hearing ((instrument fitter/dispenser)) aid specialist, licensed audiologist, or interim permit holder shall also return any goods traded in contemplation of the sale, less any costs incurred by the licensed hearing ((instrument fitter/dispenser)) aid specialist, licensed audiologist, or interim permit holder in making those goods ready for resale. The refund shall be made within ten business days after the rescission. The buyer shall incur no additional liability for such rescission.

(3) For the purposes of this section, the purchaser shall have recourse against the bond held by the establishment entering into a purchase agreement with the buyer, as provided by RCW 18.35.240.

Sec. 15. RCW 18.35.195 and 2006 c 263 s 802 are each amended to read as follows:

(1) This chapter shall not apply to military or federal government employees.

(2) This chapter does not prohibit or regulate:

(a) Fitting or dispensing by students enrolled in a board-approved program who are directly supervised by a licensed hearing ((instrument fitter/dispenser)) aid specialist, a licensed audiologist under the provisions of this chapter, or an instructor at a two-year hearing ((instrument fitter/dispenser)) aid specialist degree program that is approved by the board;

(b) Hearing ((instrument fitter/dispensers)) aid specialists, speech-language pathologists, or audiologists of other states, territories, or countries, or the District of Columbia while appearing as clinicians of bona fide educational seminars sponsored by speech-language pathology, audiology, hearing ((instrument fitter/dispensers)) aid specialists, other professional organizations or other hearing art professional associations so long as such activities do not go beyond the scope of practice defined by this chapter; and

(c) The practice of audiology or speech-language pathology by persons certified by the Washington professional educator standards board as educational staff associates, except for those persons electing to be licensed under this chapter. However, a person certified by the board as an educational staff associate who practices outside the school setting must be a licensed audiologist or licensed speech-language pathologist.

Sec. 16. RCW 18.35.205 and 2009 c 301 s 6 are each amended to read as follows:

The legislature finds that the public health, safety, and welfare would best be protected by uniform regulation of hearing ((instrument fitter/dispensers)) aid specialists, speech-language pathologists, speech-language pathology assistants, audiologists, and interim permit holders throughout the state. Therefore, the provisions of this chapter relating to the licensing of hearing ((instrument fitter/dispensers)) aid specialists, speech-language pathologists, and audiologists, the certification of speech-language pathology assistants, and regulation of interim permit holders and their respective establishments or facilities is exclusive. No political subdivision of the state of Washington within whose jurisdiction a hearing ((instrument fitter/dispenser)) aid specialist, audiologist, or speech-language pathologist establishment or facility is located may require any registrations, bonds, licenses, certificates, or interim permits of the establishment or facility or its employees or charge any fee for the same or similar purposes: PROVIDED, HOWEVER, That nothing herein shall limit or abridge the authority of any political subdivision to levy and collect a general and nondiscriminatory license fee levied on all businesses, or to levy a tax based upon the gross business conducted by any firm within the political subdivision.

Sec. 17. RCW 18.35.240 and 2002 c 310 s 24 are each amended to read as follows:

(1) Every individual engaged in the fitting and dispensing of hearing instruments shall be covered by a surety bond of ten thousand dollars or more, for the benefit of any person injured or damaged as a result of any violation by the licensee or permit holder, or their employees or agents, of any of the provisions of this chapter or rules adopted by the secretary.

(2) In lieu of the surety bond required by this section, the licensee or permit holder may deposit cash or other negotiable security in a banking institution as defined in chapter 30.04 RCW or a credit union as defined in chapter 31.12 RCW. All obligations and remedies relating to surety bonds shall apply to deposits and security filed in lieu of surety bonds.
(3) If a cash deposit or other negotiable security is filed, the licensee or permit holder shall maintain such cash or other negotiable security for one year after discontinuing the fitting and dispensing of hearing instruments.

(4) Each invoice for the purchase of a hearing instrument provided to a customer must clearly display on the first page the bond number covering the licensee or interim permit holder responsible for fitting/dispensing the hearing instrument.

(5) All licensed hearing ((instrument fitter/dispensers)) aid specialists, licensed audiologists, and permit holders must verify compliance with the requirement to hold a surety bond or cash or other negotiable security by submitting a signed declaration of compliance upon annual renewal of their license or permit. Up to twenty-five percent of the credential holders may be randomly audited for surety bond compliance after the credential is renewed. It is the credential holder’s responsibility to submit a copy of the original surety bond or bonds, or documentation that cash or other negotiable security is held in a banking institution during the time period being audited. Failure to comply with the audit documentation request or failure to supply acceptable documentation within thirty days may result in disciplinary action.

Sec. 18. RCW 18.35.260 and 2009 c 301 s 7 are each amended to read as follows:

(1) A person who is not a licensed hearing ((instrument fitter/dispenser)) aid specialist may not represent himself or herself as being so licensed and may not use in connection with his or her name the words "licensed hearing instrument fitter/dispenser," "hearing instrument specialist," or "hearing aid fitter/dispenser," or a variation, synonym, word, sign, number, insignia, coinage, or whatever expresses, employs, or implies these terms, names, or functions of a licensed hearing ((instrument fitter/dispenser)) aid specialist.

(2) A person who is not a licensed speech-language pathologist may not represent himself or herself as being so licensed and may not use in connection with his or her name the words including "licensed speech-language pathologist" or a variation, synonym, word, sign, number, insignia, coinage, or whatever expresses, employs, or implies these terms, names, or functions as a licensed speech-language pathologist.

(3) A person who is not a certified speech-language pathology assistant may not represent himself or herself as being so certified and may not use in connection with his or her name the words including "certified speech-language pathology assistant" or a variation, synonym, word, sign, number, insignia, coinage, or whatever expresses, employs, or implies these terms, names, or functions as a certified speech-language pathology assistant.

(4) A person who is not a licensed audiologist may not represent himself or herself as being so licensed and may not use in connection with his or her name the words including "licensed audiologist" or a variation, synonym, letter, word, sign, number, insignia, coinage, or whatever expresses, employs, or implies these terms, names, or functions as a licensed audiologist.

(5) Nothing in this chapter prohibits a person credentialed in this state under another act from engaging in the practice for which he or she is credentialed.

MESSAGE FROM THE SENATE

March 6, 2014

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2315 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. 2012 c 181 s 1 (uncodified) is amended to read as follows:
(1) The legislature finds that:
(a) According to the centers for disease control and prevention:
(i) In 2008, more than thirty-six thousand people died by suicide in the United States, making it the tenth leading cause of death nationally.
(ii) During 2007-2008, an estimated five hundred sixty-nine thousand people visited hospital emergency departments with self-inflicted injuries in the United States, seventy percent of whom had attempted suicide.
(iii) During 2008-2009, the average percentages of adults who thought, planned, or attempted suicide in Washington were higher than the national average.
(b) According to a national study, veterans face an elevated risk of suicide as compared to the general population, more than twice the risk among male veterans. Another study has indicated a positive correlation between posttraumatic stress disorder and suicide.
(i) Washington state is home to more than sixty thousand men and women who have deployed in support of the wars in Iraq and Afghanistan.
(ii) Research continues on how the effects of wartime service and injuries, such as traumatic brain injury, posttraumatic stress disorder, or other service-related conditions, may increase the number of veterans who attempt suicide.
(iii) As more men and women separate from the military and transition back into civilian life, community mental health providers will become a vital resource to help these veterans and their families deal with issues that may arise.
(c) Suicide has an enormous impact on the family and friends of the victim as well as the community as a whole.
(d) Approximately ninety percent of people who die by suicide had a diagnosable psychiatric disorder at the time of death, such as depression. Most suicide victims exhibit warning signs or behaviors prior to an attempt.
(e) Improved training and education in suicide assessment, treatment, and management has been recommended by a variety of organizations, including the United States department of health and human services and the institute of medicine.
(2) It is therefore the intent of the legislature to help lower the suicide rate in Washington by requiring certain health professionals to complete training in suicide assessment, treatment, and management as part of their continuing education, continuing competency, or recertification requirements.

March 6, 2014

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2569 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that investments in diesel engine idling reduction projects cost-effectively improve public health by reducing harmful diesel emissions. The legislature further finds that these investments also result in long-term savings in fuel and maintenance costs. It is therefore the intent of the legislature to establish a stable, wholly self-sustaining account for the department of ecology to use for investments in diesel engine idling reduction projects.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Account" means the diesel idle reduction account created in section 4 of this act.
(2) "Department" means the department of ecology.
(3) "Loan recipient" means a state, local, or other governmental entity that owns diesel vehicles or equipment.

NEW SECTION. Sec. 3. (1) The department shall use the moneys in the account to provide loans with low or no interest to loan recipients for the purpose of reducing exposure to diesel emissions and improving public health by investing in diesel idle emission reduction technologies and infrastructure. The department shall, to the extent practical, integrate communications, outreach, and other aspects of the administration of loans from the account with the administration of existing grant programs to reduce diesel emissions from vehicles and equipment. In selecting loan recipients, the department shall consider anticipated human health, environmental, and greenhouse gas benefits from reduced exposure to harmful air emissions associated with diesel idling.

(2) The department shall make loans in such a manner that the remittances from loan recipients are of equal value over a long-term planning horizon to the disbursements from the fund.

(3) Loan moneys may not be spent on vehicles or equipment that spend less than one-half of their operating time in Washington.

Permissible diesel idle reduction expenditures include, but are not limited to:

(a) Electrified parking spaces and truck stops;
(b) Shore connection systems and alternative maritime power;
(c) Shore connection systems for locomotives;
(d) Auxiliary power units and generator sets;
(e) Fuel-operated heaters or direct-fired heaters, including engine fluid preheaters and cab air heaters;
(f) Battery powered systems, including battery powered heating and air conditioning systems;
(g) Thermal storage systems;
(h) Automatic engine start-up and shutdown systems;
(i) Projects to augment or replace diesel engines or power systems with engines or power systems that use liquefied or compressed natural gas; and
(j) Other operation or maintenance efficiencies that achieve emission reduction benefits for the public.

NEW SECTION. Sec. 4. The diesel idle reduction account is created in the state treasury. All receipts from remittances made by loan recipients pursuant to section 3 of this act and any moneys appropriated to the account by law must be deposited in the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for the purposes of this chapter, including the costs of program administration.

"Sec. 1. RCW 28B.145.010 and 2013 c 39 s 13 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Board" means the (higher education coordinating board or its successor) opportunity scholarship board.

(2) "Council" means the student achievement council.

(ii) Will attend a two-year institution of higher education and intends to transfer to an eligible education program at a four-year institution of higher education;

(b) Declares an intention to obtain a baccalaureate degree; and

(c) Has a family income at or below one hundred twenty-five percent of the state median family income at the time the student applies for an opportunity scholarship.

Sec. 2. RCW 28B.145.020 and 2011 1st sp.s. c 13 s 3 are each amended to read as follows:

(1) The opportunity scholarship board is created. The (opportunity scholarship) board consists of (seven) eleven members:

(b) (Four) Five foundation or business and industry representatives appointed by the governor from among the state's most productive industries such as aerospace, manufacturing, health sciences, care, information technology, engineering, agriculture, and others, as well as philanthropy. The foundation or business and industry representatives shall be selected from among nominations provided by the private sector donors to the opportunity scholarship and opportunity expansion programs. However, the governor may request, and the private sector donors shall provide, an additional list or lists from which the governor shall select these representatives.

(2) Board members shall hold their offices for a term of four years from the first day of September and until their successors are appointed. No more than the terms of two members may expire simultaneously on the last day of August in any one year.

(3) The members of the (opportunity scholarship) board shall elect one of the business and industry representatives to serve as chair. (Seven) Seven members of the board constitute a quorum for the transaction of business. In case of a vacancy, or when an appointment is made after the date of expiration of the term, the governor or the president of the senate or the speaker of the house of representatives, depending upon which made the initial appointment to that position, shall fill the vacancy for the remainder of the term of the board member whose office has become vacant or expired.

(5) The (opportunity scholarship) board shall be staffed by the program administrator.

(6) The purpose of the (opportunity scholarship) board is to provide oversight and guidance for the opportunity expansion and the opportunity scholarship programs in light of established legislative priorities and to fulfill the duties and responsibilities under this chapter, including but not limited to determining eligible education programs for purposes of the opportunity scholarship program. Duties, exercised jointly with the program administrator, include soliciting funds and setting annual fund-raising goals.

FIFTY SEVENTH DAY, MARCH 10, 2014 969
(7) The ((opportunity scholarship)) board may report to the governor and the appropriate committees of the legislature with recommendations as to:

(a) Whether some or all of the scholarships should be changed to conditional scholarships that must be repaid in the event the participant does not complete the eligible education program; and

(b) A source or sources of funds for the opportunity expansion program in addition to the voluntary contributions of the high technology research and development tax credit under RCW 82.32.800.

Sec. 3. RCW 28B.145.030 and 2011 1st sp.s. c 13 s 4 are each amended to read as follows:

(1) The program administrator, under contract with the ((board)) council, shall staff the ((opportunity scholarship)) board and shall have the duties and responsibilities provided in this chapter, including but not limited to publicizing the program, selecting participants for the opportunity scholarship award, distributing opportunity scholarship awards, and achieving the maximum possible rate of return on investment of the accounts in subsection (2) of this section, while ensuring transparency in the investment decisions and processes. Duties, exercised jointly with the ((opportunity scholarship)) board, include soliciting funds and setting annual fund-raising goals. The program administrator shall be paid an administrative fee as determined by the ((opportunity scholarship)) board.

(2) With respect to the opportunity scholarship program, the program administrator shall:

(a) Establish and manage two separate accounts into which to receive grants and contributions from private sources as well as state matching funds, and from which to disburse scholarship funds to participants;

(b) Solicit and accept grants and contributions from private sources, via direct payment, pledge agreement, or escrow account, of private sources for deposit into one or both of the two accounts created in this subsection (2)(b) in accordance with this subsection (2)(b):

(i) The "scholarship account," whose principal may be invaded, and from which scholarships must be disbursed beginning no later than December 1, 2011, if, by that date, state matching funds in the amount of five million dollars or more have been received. Thereafter, scholarships shall be disbursed on an annual basis beginning no later than May 1, 2012, and every ((May)) October 1st thereafter;

(ii) The "endowment account," from which scholarship moneys may be disbursed from earnings only in years when:

(A) The state match has been made into both the scholarship and the endowment account;

(B) The state appropriations for the state need grant under RCW 28B.92.010 meet or exceed state appropriations for the state need grant made in the 2011-2013 biennium, adjusted for inflation, and eligibility for state need grant recipients is at least seventy percent of state median family income; and

(C) The state has demonstrated progress toward the goal of total per-student funding levels, from state appropriations plus tuition and fees, of at least the sixtieth percentile of total per-student funding at similar public institutions of higher education in the global challenge states, as defined, measured, and reported in RCW 28B.15.0668. In any year in which the office of financial management reports that the state has not made progress toward this goal, no new scholarships may be awarded. In any year in which the office of financial management reports that the percentile of total per-student funding is less than the sixtieth percentile and at least five percent less than the prior year, pledges of future grants and contributions may, at the request of the donor, be released and grants and contributions already received refunded to the extent that opportunity scholarship awards already made can be fulfilled from the funds remaining in the endowment account.

In fulfilling the requirements of this subsection, the office of financial management shall use resources that facilitate measurement and comparisons of the most recently completed academic year. These resources may include, but are not limited to, the data provided in a uniform dashboard format under RCW 28B.77.090 as the statewide public four-year dashboard and academic year reports prepared by the state board for community and technical colleges; (and)

(iii) An amount equal to at least fifty percent of all grants and contributions must be deposited into the scholarship account until such time as twenty million dollars have been deposited into the account, after which time the private donors may designate whether their contributions must be deposited to the scholarship or the endowment account. The ((opportunity scholarship)) board and the program administrator must work to maximize private sector contributions to both the scholarship account and the endowment account, to maintain a robust scholarship program while simultaneously building the endowment, and to determine the division between the two accounts in the case of undesignated grants and contributions, taking into account the need for a long-term funding mechanism and the short-term needs of families and students in Washington.

The first five million dollars in state match, as provided in RCW 28B.145.040, shall be deposited into the scholarship account and thereafter the state match shall be deposited into the two accounts in equal proportion to the private funds deposited in each account; and

(iv) Once moneys in the opportunity scholarship match transfer account are subject to an agreement under RCW 28B.145.050(5) and are deposited in the scholarship account or endowment account under this section, the state acts in a fiduciary rather than ownership capacity with regard to those assets. Assets in the scholarship account and endowment account are not considered state money, common cash, or revenue to the state;

(c) Provide proof of receipt of grants and contributions from private sources to the ((board)) council, identifying the amounts received by name of private source and date, and whether the amounts received were deposited into the scholarship or the endowment account;

(d) In consultation with the ((higher education coordinating board)) council and the state board for community and technical colleges, make an assessment of the reasonable annual eligible expenses associated with eligible education programs identified by the ((opportunity scholarship)) board;

(e) Determine the dollar difference between tuition fees charged by institutions of higher education in the 2008-09 academic year and the academic year for which an opportunity scholarship is being distributed;

(f) Develop and implement an application, selection, and notification process for awarding opportunity scholarships;

(g) Determine the annual amount of the opportunity scholarship for each selected participant. The annual amount shall be at least one thousand dollars or the amount determined under (e) of this subsection, but may be increased on an income-based, sliding scale basis up to the amount necessary to cover all reasonable annual eligible expenses as assessed pursuant to (d) of this subsection, or to encourage participation in baccalaureate degree programs identified by the ((opportunity scholarship)) board;

(b) Distribute scholarship funds to selected participants. Once awarded, and to the extent funds are available for distribution, an opportunity scholarship shall be automatically renewed until the participant withdraws from or is no longer attending the program, completes the program, or has taken the credit or clock hour equivalent of one hundred twenty-five percent of the published length of time of the participant's program, whichever occurs first, and as long as the participant annually submits documentation of filing both a free application for federal student aid and for available federal education tax credits, including but not limited to the American opportunity tax credit; and

(i) Notify institutions of scholarship recipients who will attend their institutions and inform them of the terms of the students' eligibility.
(3) With respect to the opportunity expansion program, the program administrator shall:

(a) Assist the ((opportunity scholarship)) board in developing and implementing an application, selection, and notification process for making opportunity expansion awards; and

(b) Solicit and accept grants and contributions from private sources for opportunity expansion awards.

NEW SECTION. Sec. 4. A new section is added to chapter 28B.145 RCW to read as follows:

(1) The board may elect to have the state investment board invest the funds in the scholarship account and endowment account described under RCW 28B.145.030(2)(b). If the board so elects, the state investment board has the full power to invest, reinvest, manage, contract, sell, or exchange investment money in the two accounts. All investment and operating costs associated with the investment of money shall be paid under RCW 43.33A.160 and 43.84.160. With the exception of these expenses, the earnings from the investment of the money shall be retained by the accounts.

(2) All investments made by the state investment board shall be made with the exercise of that degree of judgment and care under RCW 43.33A.140 and the investment policy established by the state investment board.

(3) As deemed appropriate by the state investment board, money in the scholarship and endowment accounts may be commingled for investment with other funds subject to investment by the state investment board.

(4) Members of the state investment board shall not be considered an insurer of the funds or assets and are not liable for any action or inaction.

(5) Members of the state investment board are not liable to the state, to the fund, or to any other person as a result of their activities as members, whether ministerial or discretionary, except for willful dishonesty or intentional violations of law. The state investment board in its discretion may purchase liability insurance for members.

(6) The authority to establish all policies relating to the scholarship account and the endowment account, other than the investment policies as provided in subsections (1) through (3) of this section, resides with the board and program administrator acting in accordance with the principles set forth in this chapter. With the exception of expenses of the state investment board in subsection (1) of this section, disbursements from the scholarship account and endowment account shall be made only on the authorization of the opportunity scholarship board or its designee, and moneys in the accounts may be spent only for the purposes specified in this chapter.

(7) The state investment board shall routinely consult and communicate with the board on the investment policy, earnings of the accounts, and related needs of the program.

Sec. 5. RCW 28B.145.050 and 2011 1st sp.s. c 13 s 6 are each amended to read as follows:

(1) The opportunity scholarship match transfer account is created in the custody of the state treasurer as a nonappropriated account to be used solely and exclusively for the opportunity scholarship program created in RCW 28B.145.040. The purpose of the account is to provide matching funds for the opportunity scholarship program.

(2) Revenues to the account shall consist of appropriations by the legislature into the account and any gifts, grants, or donations received by the executive director of the ((board)) council for this purpose.

(3) No expenditures from the account may be made except upon receipt of proof, by the executive director of the ((board)) council from the program administrator, of private contributions to the opportunity scholarship program. Expenditures, in the form of matching funds, may not exceed the total amount of private contributions.

(4) Only the executive director of the ((board)) council or the executive director's designee may authorize expenditures from the opportunity scholarship match transfer account. Such authorization must be made as soon as practicable following receipt of proof as required under subsection (3) of this section.

(5) The council shall enter into an appropriate agreement with the program administrator to demonstrate exchange of consideration for the matching funds.

Sec. 6. RCW 28B.145.060 and 2013 c 39 s 14 are each amended to read as follows:

(1) The opportunity expansion program is established.

(2) The ((opportunity scholarship)) board shall select institutions of higher education to receive opportunity expansion awards. In so doing, the ((opportunity scholarship)) board must:

(a) Solicit, receive, and evaluate proposals from institutions of higher education that are designed to directly increase the number of baccalaureate degrees produced in high employer demand and other programs of study, and that include annual numerical targets for the number of such degrees, with a strong emphasis on serving students who received their high school diploma or high school equivalency certificate as provided in RCW 28B.50.536 in Washington or are adult Washington residents who are returning to school to gain a baccalaureate degree;

(b) Develop criteria for evaluating proposals and awarding funds to the proposals deemed most likely to increase the number of baccalaureate degrees and degrees produced in high employer demand and other programs of study;

(c) Give priority to proposals that include a partnership between public and private partnership entities that leverage additional private funds;

(d) Give priority to proposals that are innovative, efficient, and cost-effective, given the nature and cost of the particular program of study;

(e) Consult and operate in consultation with existing higher education stakeholders, including but not limited to: Faculty, labor, student organizations, and relevant higher education agencies; and

(f) Determine which proposals to improve and accelerate the production of baccalaureate degrees in high employer demand and other programs of study will receive opportunity expansion awards for the following state fiscal year, notify the state treasurer, and announce the awards.

(3) The state treasurer, at the direction of the ((opportunity scholarship)) board, must distribute the funds that have been awarded to the institutions of higher education from the opportunity expansion account.

(4) Institutions of higher education receiving awards under this section may not supplant existing general fund state revenues with opportunity expansion awards.

(5) Annually, the office of financial management shall report to the ((opportunity scholarship)) board, the governor, and the relevant committees of the legislature regarding the percentage of Washington households with incomes in the middle-income bracket or higher. For purposes of this section, "middle-income bracket" means household incomes between two hundred and five hundred percent of the 2010 federal poverty level, as determined by the United States department of health and human services for a family of four, adjusted annually for inflation.

(6) Annually, the ((student achievement)) council must report to the ((opportunity scholarship)) board, the governor, and the relevant committees of the legislature regarding the increase in the number of degrees in high employer demand and other programs of study awarded by institutions of higher education over the average of the preceding ten academic years.

(7) In its comprehensive plan, the workforce training and education coordinating board shall include specific strategies to reach the goal of increasing the percentage of Washington households living in the middle-income bracket or higher, as calculated by the office of financial management and developed by the agency or education institution that will lead the strategy.
Sec. 7. RCW 28B.145.070 and 2011 1st sp.s. c 13 s 8 are each amended to read as follows:

(1) ((By December 1, 2012, and)) Annually each December 1st ((thereafter)), the ((opportunity scholarship)) board, together with the program administrator, shall report to the (board) council, the governor, and the appropriate committees of the legislature regarding the opportunity scholarship and opportunity expansion programs, including but not limited to:

(a) Which education programs the ((opportunity scholarship)) board determined were eligible for purposes of the opportunity scholarship;

(b) The number of applicants for the opportunity scholarship, disaggregated, to the extent possible, by race, ethnicity, gender, county of origin, age, and median family income;

(c) The number of participants in the opportunity scholarship program, disaggregated, to the extent possible, by race, ethnicity, gender, county of origin, age, and median family income;

(d) The number and amount of the scholarships actually awarded, and whether the scholarships were paid from the scholarship account or the endowment account;

(e) The institutions and eligible education programs in which opportunity scholarship participants enrolled, together with data regarding participants’ completion and graduation;

(f) The total amount of private contributions and state match moneys received for the opportunity scholarship program, how the funds were distributed between the scholarship and endowment accounts, the interest or other earnings on the accounts, and the amount of any administrative fee paid to the program administrator; and

(g) Identification of the programs the ((opportunity scholarship)) board selected to receive opportunity expansion awards and the amount of such awards.

(2) In the next succeeding legislative session following receipt of a report required under subsection (1) of this section, the appropriate committees of the legislature shall review the report and consider whether any legislative action is necessary with respect to either the opportunity scholarship or the opportunity expansion program, including but not limited to consideration of whether any legislative action is necessary with respect to the nature and level of focus on high employer demand fields and the number and amount of scholarships.”

On page 1, line 1 of the title, after "program;" strike the remainder of the title and insert "amending RCW 28B.145.010, 28B.145.020, 28B.145.030, 28B.145.050, 28B.145.060, and 28B.145.070, and adding a new section to chapter 28B.145 RCW.”

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1129, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 7, 2014

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 2457 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that section 45, chapter 291, Laws of 2013 required the department of natural resources, in consultation with the department of ecology, to evaluate potential changes to laws and rules related to derelict and abandoned vessels that increase vessel owner responsibility and address challenges associated with the economics of removing vessels from the water.

(2) The legislature further finds that, during the 2013 legislative interim, the two responsible agencies engaged in a thorough process to satisfy their legislative charge. This process involved exhausting in-state expertise on various topics and reaching out to experts in vessel deconstruction, surety bonding, letters of credit, marine insurance, taxation, federal regulation, similar programs in other states, and more. The process also involved two open invitation public meetings.

(3) The legislature further finds that a significant number of various and competing options were discussed, analyzed, and ultimately dismissed during the process undertaken by the two agencies. It is the intent of the legislature to capture the recommendations for meeting the goals of increased vessel owner responsibility and addressing the challenges associated with the economics of removing vessels from the water that rose to the top from the process undertaken by the agencies.

(4) It is the further intent of the legislature that this act serve as the final report due by the department of natural resources under section 45, chapter 291, Laws of 2013.

Part One--Vessel Owner Responsibility

NEW SECTION. Sec. 101. A new section is added to chapter 79.100 RCW to read as follows:

(1) Any individual or company that purchases or otherwise receives a used vessel greater than sixty-five feet in length and more than forty years old must, prior to or concurrent with the transfer of ownership, secure a marine insurance policy consistent with this section. Proof of the marine insurance policy must be provided to:

(a) The transferor of the vessel upon purchase or other transfer; and

(b) If applicable, the department of licensing upon registration or the department of revenue upon the payment of any taxes.

(2) The transferor of a vessel greater than sixty-five feet in length and more than forty years old has an affirmative duty to ensure that any potential transferee has secured a marine insurance policy consistent with this section prior to or concurrent with the finalization of any sale or transfer. Nothing in this section prohibits the sale or other transfer of a vessel greater than sixty-five feet in length and more than forty years old to a transferee that fails to secure a marine insurance policy. However, a transferee that chooses to finalize a sale or other transfer with a transferee not in possession of a marine insurance policy assumes secondary liability for the vessel consistent with RCW 79.100.060 if the vessel is later abandoned by the transferee or becomes derelict prior to a subsequent ownership transfer.

(3) The marine insurance policy required under this section must be secured by the transferee prior to, or concurrent with, assuming ownership of a vessel greater than sixty-five feet in length and more than forty years old. The marine insurance policy must satisfy the following conditions:

(a) Have a term of at least twelve months following the transferee's assumption of vessel ownership;

(b) Provide coverage of an amount that is, unless otherwise provided by the department by rule, at least three hundred thousand dollars;

(c) Provide, unless otherwise provided by the department by rule, coverage for the removal of the vessel if it should sink and coverage should it cause a pollution event.

(4) The purchaser of marine insurance under this section may satisfy the requirements of this section through the purchase of multiple policies as necessary.

(5) The department may, by rule, provide for a purchaser of a vessel to also satisfy the insurance requirements of this section through the posting of adequate security with a financial institution.

(6) A person required to secure marine insurance or show proof of marine insurance under this section who either: (a) Fails to secure a marine insurance policy consistent with this section prior to or concurrent with the transfer of ownership, unless the vessel was sold consistent with RCW 79.100.150(2)(b); or (b) cancels a marine insurance policy consistent with this section prior to the end of the twelfth month of vessel ownership or to a subsequent transfer of ownership, whichever occurs first, without securing another marine insurance policy consistent with this section in its place, is guilty of a misdemeanor.

The department may contact any vessel owner required by this section to have a marine insurance policy to ensure compliance with this section.

Sec. 102. RCW 79.100.150 and 2013 c 291 s 38 are each amended to read as follows:

(1) A vessel owner must obtain a vessel inspection under this section prior to transferring a vessel that is:

(a) More than sixty-five feet in length and more than forty years old; and

(b) Either:

(i) Is registered or required to be registered under chapter 88.02 RCW; or

(ii) Is listed or required to be listed under chapter 84.40 RCW.

(2) If the vessel inspection determines the vessel is not seaworthy and the value of the vessel is less than the anticipated costs required to return the vessel to seaworthiness, then the vessel owner may not sell or transfer ownership of the vessel unless:

(a) The vessel is repaired to a seaworthy state prior to the transfer of ownership; or

(b) The vessel is sold for scrap, restoration, salvage, or another use that will remove the vessel from state waters to a person displaying a business license issued under RCW 19.02.070 that a reasonable person in the seller's position would believe has the capability and intent to do based on factors that may include the buyer's facilities, resources, documented intent, and relevant history.

(3) Where required under subsection (1) of this section, a vessel
government shall use the procedure specified under RCW
as provided under RCW 79.100.100, and any additional reasonable

The private moorage facility operator is not required to verify

independently whether a mooring vessel's insurance policy meets the

requirements of this section and is not responsible for any change in

terms are defined in RCW 79.100.010.

NEW SECTION. Sec. 203. A new section is added to chapter

53.08 RCW to read as follows:

(1) Every moorage facility operator must:

(a) Obtain and maintain insurance coverage for the moorage

facility;

(b) Require, as a condition of moorage, all vessels other than

transient vessels to provide proof of marine insurance to the moorage

facility.

require otherwise, insurance maintained by moorage facility operators

and required of moored vessels must:

(3) The purchaser of marine insurance under this section may

satisfy the requirements of this section through the purchase of multiple

policies as necessary.

(4) The requirement under this section for moorage facility

operators to require proof of marine insurance from mooring vessels

applies whenever a moorage facility operator enters an initial or

renewal moorage agreement after the effective date of this section.

The moorage facility operator is not required to verify independently

whether a mooring vessel's insurance policy meets the requirements of

this section and is not responsible for any change in insurance coverage

applicable to the vessel that occurs after the initial agreement is entered

into or in the time period between agreement renewals.

(5) Any moorage facility operator that the department has
determined has failed to satisfy the requirements of this section is not
eligible for reimbursement from the derelict vessel removal account
under RCW 79.100.100.

Sec. 204. RCW 88.26.010 and 1993 c 474 s 1 are each amended to
read as follows:

Unless the context clearly requires otherwise, the definitions in this
section apply throughout this chapter.
Part Three--Encouraging Vessel Removal and Deconstruction

NEW SECTION. Sec. 301. A new section is added to chapter 82.08 RCW to read as follows:

(1) "Charges" means charges of a private moorage facility operator for moorage and storage, all other charges owing to or that become owing under a contract between a vessel owner and the private moorage facility operator, or any costs of sale and related legal expenses for implementing RCW 88.26.020.

(2) "Vessel" means every watercraft used or capable of being used as a means of transportation on the water. "Vessel" includes any trailer used for the transportation of watercraft.

(3) "Private moorage facility" means any properties or facilities owned or operated by a private moorage facility operator that are capable of use for the moorage or storage of vessels.

(4) "Private moorage facility operator" means every natural person, firm, partnership, corporation, association, organization, or any other legal entity, employee, or their agent, that owns or operates a private moorage facility. Private moorage facility operation does not include a "moorage facility operator" as defined in RCW 53.08.310.

(5) "Owner" means every natural person, firm, partnership, corporation, association, or organization, or their agent, with actual or apparent authority, who expressly or impliedly contracts for use of a moorage facility.

(6) "Transient vessel" means a vessel using a private moorage facility and that belongs to an owner who does not have a moorage agreement with the private moorage facility operator. Transient vessels include, but are not limited to, vessels seeking a harbor or refuge, day use, or overnight use of a private moorage facility on a space-as-available basis. Transient vessels may also include vessels taken into custody under RCW 79.100.040.

Sec. 205. RCW 53.08.310 and 1986 c 260 s 1 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this section, section 203 of this act, and RCW 53.08.320.

(1) "Port charges" mean charges of a moorage facility operator for moorage and storage, and all other charges owing or to become owing under a contract between a vessel owner and the moorage facility operator, or under an officially adopted tariff including, but not limited to, costs of sale and related legal expenses.

(2) "Vessel" means every species of watercraft or other artificial contrivance capable of being used as a means of transportation on water and which does not exceed two hundred feet in length. "Vessel" includes any trailer used for the transportation of watercraft.

(3) "Moorage facility" means any properties or facilities owned or operated by a moorage facility operator which are capable of use for the moorage or storage of vessels.

(4) "Moorage facility operator" means any port district, city, town, metropolitan park district, or county which owns and/or operates a moorage facility.

(5) "Owner" means every natural person, firm, partnership, corporation, association, or organization, or their agent, with actual or apparent authority, who expressly or impliedly contracts for use of a moorage facility.

(6) "Transient vessel" means a vessel using a moorage facility and which belongs to an owner who does not have a moorage agreement with the moorage facility operator. Transient vessels include, but are not limited to: Vessels seeking a harbor of refuge, day use, or overnight use of a moorage facility on a space-as-available basis. Transient vessels may also include vessels taken into custody under RCW 79.100.040.

NEW SECTION. Sec. 302. A new section is added to chapter 82.12 RCW to read as follows:

(1) This chapter does not apply to the use of vessel deconstruction services performed at:

(a) A qualified vessel deconstruction facility; or

(b) An area over water that has been permitted under section 402 of the federal clean water act of 1972 (33 U.S.C. Sec. 1342) for vessel deconstruction.

(2) The definitions in section 301(2) of this act apply to this section.

NEW SECTION. Sec. 303. (1) This section is the tax preference performance statement for the tax preference contained in sections 301 and 302 of this act. This performance statement is only intended to be used for subsequent evaluation of this tax preference. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(2) The legislature categorizes this tax preference as intended to induce certain designated behavior by taxpayers as indicated in RCW 82.32.808(2)(a).

(3) It is the legislature's specific public policy objective to decrease the number of abandoned and derelict vessels by providing incentives to increase vessel deconstruction in Washington by lowering the cost of deconstruction. It is the legislature's intent to provide businesses engaged in vessel deconstruction a sales and use tax exemption for sales of vessel deconstruction. This incentive will lower the costs associated with vessel deconstruction and encourage businesses to make investments in vessel deconstruction facilities. Pursuant to chapter 43.136 RCW, the joint legislative audit and review committee must review the sales tax exemptions provided under sections 301 and 302 of this act by December 1, 2018.

(4) If a review finds that the increase in available capacity to deconstruct derelict vessels or a reduction in the average cost to deconstruct vessels has resulted in an increase in the number of derelict vessels removed from Washington's waters as compared to before the effective date of this section, then the legislature intends for the legislative auditor to recommend extending the expiration date of the tax preference.

(5) In order to obtain the data necessary to perform the review in subsection (3) of this section, the joint legislative audit and review committee may purchase vessel data through a streamlined sales and use tax agreement. The seller may capture the relevant data elements as allowed under the prescribed by the department. The seller must retain a copy of the certificate for the seller's files. In lieu of an exemption certificate, a seller may capture the relevant data elements as allowed under the streamlined sales and use tax agreement.
committee should refer to data kept and maintained by the department of natural resources.

(6) This section expires January 1, 2019.

NEW SECTION. Sec. 304. Sections 301 and 302 of this act take effect October 1, 2014.

Part Four—Revenue to Support the Derelict Vessel Removal Program

NEW SECTION. Sec. 401. (1) The legislature finds that:

(a) Derelict and abandoned vessels are a threat to the safety of the public waterways, an environmental hazard for humans and marine life, and an occupational danger for persons that make their living on the waters of this state;

(b) Derelict vessel removal fees are imposed when recreational vessels are registered with the department of licensing. The accumulation of these fees is sufficient for the removal and disposal of recreational vessels that become derelict or abandoned;

(c) Derelict vessel removal fees do not apply to commercial vessels. Former commercial vessels are among the most costly to remove from Washington waters and to dispose of in an environmentally responsible manner. The costs for removing and disposing of these vessels far exceeds the funding provided by the derelict vessel removal fees paid by recreational vessels;

(d) According to the department of natural resources, as of the effective date of this section, there is a significant backlog of abandoned or derelict vessels that are former commercial vessels; and

(e) The use of general fund revenue to pay for the removal and disposal of derelict or abandoned vessels places an undue burden on the nonboating public and reduces the revenue available to pay for necessary governmental services.

(2) The legislature intends for either the owners or operators, or both, of commercial vessels to pay their fair share for the removal of abandoned or derelict vessels by imposing a per foot fee on commercial vessels.

NEW SECTION. Sec. 402. A new section is added to chapter 79.100 RCW to read as follows:

(1)(a) Except as otherwise provided in (b) of this subsection, an annual derelict vessel removal fee is imposed upon all persons required by RCW 84.40.065 to list any ship or vessel with the department of revenue for state property tax purposes.

(b) The derelict vessel removal fee imposed in (a) of this subsection does not apply in any year that a person required to list a ship or vessel does not owe the state property tax levied for collection in that year with respect to that ship or vessel.

(c) The annual derelict vessel removal fee is equal to one dollar per vessel foot measured by extreme length of the vessel, rounded up to the nearest whole foot.

(2) Each year, the department of revenue must include the amount of the derelict vessel removal fee due under this section for that calendar year in the tax statement required in RCW 84.40.065.

(3) The person listing a ship or vessel and the owner of the ship or vessel, if not the same person, are jointly and severally liable for the fee imposed in this section.

(4) The department of revenue must collect the derelict vessel removal fee imposed in this section as provided in RCW 84.56.440.

(5) All delinquent vessel removal fees collected under this section must be deposited into the derelict vessel removal account created in RCW 79.100.100.

Sec. 403. RCW 84.56.440 and 2008 c 181 s 511 are each amended to read as follows:

(1) The department of revenue shall collect the derelict vessel removal fee imposed under section 402 of this act and all ad valorem taxes upon ships and vessels listed with the department in accordance with RCW 84.40.065, and all applicable interest and penalties on such taxes and fees. The taxes and derelict vessel removal fee shall be due and payable to the department on or before the thirtieth day of April and shall be delinquent after that date.

(2) If payment of the tax, derelict vessel removal fee, or both, is not received by the department by the due date, there shall be imposed a penalty of five percent of the amount of the unpaid tax and fee; and if the tax ((is)) and fee are not received within thirty days after the due date, there shall be imposed a total penalty of ten percent of the amount of the unpaid tax and fee; and if the tax ((is)) and fee are not received within sixty days after the due date, there shall be imposed a total penalty of twenty percent of the amount of the unpaid tax and fee. No penalty so added shall be less than five dollars.

(3) Delinquent taxes under this section are subject to interest at the rate set forth in RCW 82.32.050 from the date of delinquency until paid. Delinquent derelict vessel removal fees are also subject to interest at the same rate and in the same manner as provided for delinquent taxes under RCW 82.32.050. Interest or penalties collected on delinquent taxes and derelict vessel removal fees under this section shall be paid by the department into the general fund of the state treasury.

(4) If upon information obtained by the department it appears that any ship or vessel required to be listed according to the provisions of RCW 84.40.065 is not so listed, the department shall value the ship or vessel and assess against the owner of the vessel the taxes and derelict vessel removal fees found to be due and shall add thereto interest at the rate set forth in RCW 82.32.050 from the original due date of the tax and fee until the date of payment. The department shall notify the vessel owner by mail of the amount and the same shall become due and shall be paid by the vessel owner within thirty days of the date of the notice. If payment is not received by the department by the due date specified in the notice, the department shall add a penalty of ten percent of the tax and fee found due. A person who willfully gives a false listing or willfully fails to list a ship or vessel as required by RCW 84.40.065 shall be subject to the penalty imposed by RCW 84.40.130(2), which shall be assessed and collected by the department.

(5) Delinquent taxes and fees under this section, along with all penalties and interest thereon, shall be collected by the department according to the procedures set forth in chapter 82.32 RCW for the filing and execution of tax warrants, including the imposition of warrant interest. In the event a warrant is issued by the department for the collection of taxes, derelict vessel removal fees, or both, under this section, the department shall add a penalty of five percent of the amount of the delinquent tax and fee, but not less than ten dollars.

(6) (1)(a) The department shall also collect all delinquent taxes pertaining to ships and vessels appearing on the records of the county treasurers for each of the counties of this state as of December 31, 1993, including any applicable interest or penalties. The provisions of subsection (5) of this section shall apply to the collection of such delinquent taxes.

(2) During a state of emergency declared under RCW 43.06.010(12), the department, on its own motion or at the request of any taxpayer affected by the emergency, may grant extensions of the due date of any taxes and fees payable under this section as the department deems proper.

(7) The department of revenue must withhold the decals required under RCW 88.02.570(10) for failure to pay the state property tax or derelict vessel removal fee collectible under this section.

NEW SECTION. Sec. 404. Sections 401 through 403 of this act take effect January 1, 2015.

Part Five—Incentivizing the Registration of Moored Vessels
NEW SECTION.  Sec. 501. A new section is added to chapter 88.02 RCW to read as follows:

(1) A moorage provider that provides long-term moorage must obtain the following information and documentation from persons entering into long-term moorage agreements with the moorage provider:
   (a) The name of the legal owner of the vessel;
   (b) A local contact person and that person's address and telephone number, if different than the owner;
   (c) The owner's address and telephone number;
   (d) The vessel's hull identification number;
   (e) If applicable, the vessel's coast guard registration;
   (f) The vessel's home port;
   (g) The date on which the moorage began;
   (h) The vessel's country or state of registration and registration number; and
   (i) Proof of vessel registration, a written statement of the lessee's intent to register a vessel, or an affidavit in a form and manner approved by the department certifying that the vessel is exempt from state vessel registration requirements as provided by RCW 84.40.065.

(2) For moorage agreements entered into effective on or after July 1, 2014, a long-term moorage agreement for vessels not registered in this state must include, in a form and manner approved by the department and the department of revenue, notice of state vessel registration requirements as provided by this chapter and tax department and the department of revenue, notice of state vessel registration requirements as provided by RCW 84.40.570.

(3) The definitions in this subsection apply throughout this section.

Part Six—Miscellaneous and Technical

Sec. 601. RCW 79.100.060 and 2013 c 291 s 40 are each amended to read as follows:

(1) The owner of an abandoned or derelict vessel, or any person or entity that has incurred secondary liability ((under RCW 79.100.150)) for an abandoned or derelict vessel under this chapter or section 202 of this act, is responsible for reimbursing an authorized public entity for all reasonable and auditable costs associated with the removal or disposal of the owner's vessel under this chapter. These costs include, but are not limited to, costs incurred exercising the authority granted in RCW 79.100.030, all administrative costs incurred by the authorized public entity during the procedure set forth in RCW 79.100.040, removal and disposal costs, and costs associated with environmental damages directly or indirectly caused by the vessel. An authorized public entity that has taken temporary possession of a vessel may

(d) "Moorage provider" means any public or private entity that owns or operates any moorage facility, including a moorage facility operator, private moorage facility operator, the state of Washington, or any other person.

(e) "Private moorage facility operator" has the same meaning as defined in RCW 88.26.010.

(f) "Requesting agency" means the department, the department of revenue, or the department of natural resources.
require that all reasonable and auditable costs associated with the removal of the vessel be paid before the vessel is released to the owner.

(2) Reimbursement for costs may be sought from an owner, or any person or entity that has incurred secondary liability under (RCW 79.100.150) this chapter or section 202 of this act, who is identified subsequent to the vessel's removal and disposal.

(3) If the full amount of all costs due to the authorized public entity under this chapter is not paid to the authorized public entity within thirty days after first notifying the responsible parties of the amounts owed, the authorized public entity or the department may bring an action in any court of competent jurisdiction to recover the costs, plus reasonable attorneys' fees and costs incurred by the authorized public entity.

Sec. 602. RCW 79.100.120 and 2013 c 291 s 32 are each amended to read as follows:

1. ((A person)) An owner or lien holder seeking to contest an authorized public entity's decision to take temporary possession or custody of a vessel under this chapter, or to contest the amount of reimbursement owed to an authorized public entity under this chapter, may request a hearing in accordance with this section.

2. A transferor or other entity with secondary liability under this chapter or section 202 of this act may commence a lawsuit in the superior court for the county in which custody of the vessel was taken to contest the transferor's or other entity's liability or the amount of reimbursement owed the authorized public entity under this chapter.

3. If the full amount of all costs due to the authorized public entity under this chapter is not paid to the authorized public entity within thirty days after first notifying the responsible parties of the amounts owed, the authorized public entity or the department may bring an action in any court of competent jurisdiction to recover the costs, plus reasonable attorneys' fees and costs incurred by the authorized public entity.

Sec. 603. RCW 79.100.100 and 2013 c 291 s 2 are each amended to read as follows:

1(a) The derelict vessel removal account is created in the state treasury. All receipts from RCW 79.100.050 and 79.100.060 and those moneys specified in RCW 88.02.640 must be deposited into the account. The account is authorized to receive fund transfers and appropriations from the general fund, deposits from the derelict vessel removal surcharge under RCW 88.02.640(4), deposits under section 402 of this act, as well as gifts, grants, and endowments from public or private sources as may be made from time to time, in trust or otherwise, for the use and benefit of the purposes of this chapter and expend the same or any income according to the terms of the gifts, grants, or endowments provided those terms do not conflict with any provisions of this section or any guidelines developed to prioritize reimbursement of removal projects associated with this chapter.

(b) Moneys in the account may only be spent after appropriation. Expenditures from the account may only be used by the department for developing and administering the vessel turn-in program created in RCW 79.100.160 and to, except as provided in RCW 79.100.130 and section 202 of this act, reimburse authorized public entities for up to ninety percent of the total reasonable and auditable administrative, removal, disposal, and environmental damage costs of abandoned or derelict vessels when the previous owner is either unknown after a reasonable search effort or insolvent. Reimbursement may not be made unless the department determines that the public entity has made reasonable efforts to identify and locate the party responsible for the vessel, or any other person or entity that has incurred secondary liability ((under RCW 79.100.150)) for the vessel under this chapter or section 202 of this act, regardless of the title of owner of the vessel.

(c) Funds in the account resulting from transfers from the general fund or from the deposit of funds from the watercraft excise tax as provided for under RCW 82.49.030 must be used to reimburse one hundred percent of costs and should be prioritized for the removal of large vessels.

(d) Costs associated with the removal and disposal of an abandoned or derelict vessel under the authority granted in RCW 53.08.320 also qualify for reimbursement from the derelict vessel removal account.

(e) In each biennium, up to twenty percent of the expenditures from the derelict vessel removal account may be used for administrative expenses of the department of licensing and department of natural resources in implementing this chapter.

(2) Priority for use of this account is for the removal of derelict and abandoned vessels that are in danger of sinking, breaking up, or blocking navigation channels, or that present environmental risks such as leaking fuel or other hazardous substances. The department must develop criteria, in the form of informal guidelines, to prioritize removal projects associated with this chapter, but may not consider whether the applicant is a state or local entity when prioritizing. The guidelines must also include guidance to the authorized public entities as to what removal activities and associated costs are reasonable and eligible for reimbursement.

(3) The department must keep all authorized public entities apprised of the balance of the derelict vessel removal account and the funds available for reimbursement. The guidelines developed by the department must also be made available to the other authorized public entities. This subsection (3) must be satisfied by utilizing the least costly method, including maintaining the information on the department's internet web site, or any other cost-effective method.

(4) An authorized public entity may contribute its ten percent of costs that are not eligible for reimbursement by using in-kind services, including the use of existing staff, equipment, and volunteers.

(5) This chapter does not guarantee reimbursement for an authorized public entity. Authorized public entities seeking certainty in reimbursement prior to taking action under this chapter may first notify the department of their proposed action and the estimated total...
costs. Upon notification by an authorized public entity, the department must make the authorized public entity aware of the status of the fund and the likelihood of reimbursement being available. The department may offer technical assistance and assure reimbursement for up to two years following the removal action if an assurance is appropriate given the balance of the fund and the details of the proposed action.

Sec. 604. RCW 79.100.010 and 2007 c 342 s 1 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Abandoned vessel" means a vessel that has been left, moored, or anchored in the same area without the express consent, or contrary to the rules of, the owner, manager, or lessee of the aquatic lands below or on which the vessel is located for either a period of more than thirty consecutive days or for more than a total of ninety days in any three hundred sixty-five-day period, and the vessel's owner is: (a) Not known or cannot be located; or (b) known and located but is unwilling to take control of the vessel. For the purposes of this subsection (1) only, "in the same area" means within a radius of five miles of any location where the vessel was previously moored or anchored on aquatic lands.

(2) "Aquatic lands" means all tidelands, shorelands, harbor areas, and the beds of navigable waters, including lands owned by and lands owned by other public or private entities.

(4) "Department" means the department of natural resources.

(5) "Derelict vessel" means the vessel's owner is known and can be located, and exerts control of a vessel that:

(a) Has been moored, anchored, or otherwise left in the waters of the state or on public property contrary to RCW 79.02.300 or rules adopted by an authorized public entity;

(b) Has been left on private property without authorization of the owner;

(c) Has been left for a period of seven consecutive days, and:

(i) Is sunk or in danger of sinking;

(ii) Is obstructing a waterway; or

(iii) Is endangering life or property.

(6) "Owner" means any natural person, firm, partnership, corporation, association, government entity, or organization that has a lawful right to possession of a vessel by purchase, exchange, gift, lease, inheritance, or legal action whether or not the vessel is subject to a security interest.

(7) "Vessel" means every species of watercraft or other mobile artificial contrivance, powered or unpowered, intended to be used for transporting people or goods on water or for floating marine construction or repair and which does not exceed two hundred feet in length. "Vessel" includes any trailer used for the transportation of watercraft, or any attached floats or debris.

(8) "Ship" means every species of watercraft or other mobile artificial contrivance, powered or unpowered, intended to be used for transporting people or goods on water or for floating marine construction or repair and that exceeds two hundred feet in length.

Sec. 605. 2013 c 291 s 39 (uncodified) is amended to read as follows:

(1) By December 31, (2013) 2014, the department of natural resources shall adopt by rule initial procedures and standards for the vessel inspections required under (section 38 of this act) RCW 79.100.150. The procedures and standards must identify the public or private entities authorized to conduct inspections, the required elements of an inspection, and the manner in which inspection results must be documented. The vessel inspection required under this section must be designed to:

(a) Provide the transferee with current information about the condition of the vessel, including the condition of its hull and key operating systems, prior to the transfer;

(b) Provide the department of natural resources with information under (a) of this subsection for each applicable vessel and, more broadly, to improve the department's understanding of the condition of the larger, older boats in the state's waters;

(c) Discourage the future abandonment or dereliction of the vessel; and

(d) Maximize the efficiency and effectiveness of the inspection process, including with respect to the time and resources of the transferor, transferee, and the state.

(2) The department of natural resources shall work with appropriate government agencies and stakeholders in designing the inspection process and standards under this section.

(3) This section expires July 31, (2014) 2015.

NEW SECTION. Sec. 2. (1) A person making a retail sale of a finished drug product containing any quantity of dextromethorphan must require and obtain proof of age from the purchaser completing the sale, unless from the purchaser's outward appearance the person making the sale would reasonably presume the purchaser to be twenty-five years of age or older.

(2) It is unlawful for any:

(a) Commercial entity to knowingly or willfully sell or trade a finished drug product containing any quantity of dextromethorphan to a person less than eighteen years of age; or

(b) Person who is less than eighteen years of age to purchase a finished drug product containing any quantity of dextromethorphan;

MESSAGE FROM THE SENATE

March 7, 2014

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 2251 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 77.55.181 and 2010 c 210 s 29 are each amended to read as follows:

(1)(a) In order to receive the permit review and approval process created in this section, a fish habitat enhancement project must meet the criteria under (((a) and (b) of)) this (((subsection:

(a) A fish habitat enhancement project)) section and must be a project to accomplish one or more of the following tasks:

(i) Elimination of human-made or caused fish passage barriers, including culvert repair and replacement;

(ii) Restoration of an eroded or unstable streambank employing the principle of bioengineering, including limited use of rock as a stabilization only at the toe of the bank, and with primary emphasis on using native vegetation to control the erosive forces of flowing water; or

(iii) Placement of woody debris or other instream structures that benefit naturally reproducing fish stocks.

(b) The department shall develop size or scale threshold tests to determine if projects accomplishing any of these tasks should be evaluated under the process created in this section or under other project review and approval processes. A project proposal shall not be reviewed under the process created in this section if the department determines that the scale of the project raises concerns regarding public health and safety((; and)).

(((a) and))) (c) A fish habitat enhancement project must be approved in one of the following ways in order to receive the permit review and approval process created in this section:

(1) By the department pursuant to chapter 77.95 or 77.100 RCW;

(ii) By the sponsor of a watershed restoration plan as provided in chapter 89.08 RCW;

(iii) By the department as a department-sponsored fish habitat enhancement or restoration project;

(iv) Through the review and approval process for the jobs for the environment program;

(v) Through the review and approval process for conservation district-sponsored projects, where the project complies with design standards established by the conservation commission through interagency agreement with the United States fish and wildlife service and the natural resource conservation service;

(vi) Through a formal grant program established by the legislature or the department for fish habitat enhancement or restoration; (((and)))

(vii) Through the department of transportation's environmental retrofit program as a stand-alone fish passage barrier correction project;

(viii) Through a local, state, or federally approved fish barrier removal grant program designed to assist local governments in implementing stand-alone fish passage barrier corrections;

(ix) By a city or county for a stand-alone fish passage barrier correction project funded by the city or county; and

(x) Through other formal review and approval processes established by the legislature.

(2) Fish habitat enhancement projects meeting the criteria of subsection (1) of this section are expected to result in beneficial impacts to the environment. Decisions pertaining to fish habitat enhancement projects meeting the criteria of subsection (1) of this section and being reviewed and approved according to the provisions of this section are not subject to the requirements of RCW 43.21C.030(2)(c).

(3)(a) A permit is required for projects that meet the criteria of subsection (1) of this section and being reviewed and approved under this section. An applicant shall use a joint aquatic resource permit application form developed by the office of regulatory assistance to apply for approval under this chapter. On the same day, the applicant shall provide copies of the completed application form to the department and to each appropriate local government.

(b) Local governments shall accept the application as notice of the proposed project. The department shall provide a fifteen-day comment period during which it will receive comments regarding environmental impacts.

(c) Within forty-five days, the department shall either issue a permit, with or without conditions, deny approval, or make a determination that the review and approval process created by this section is not appropriate for the proposed project. The department shall base this determination on identification during the comment period of adverse impacts that cannot be mitigated by the conditioning of a permit.
Sec. 2. RCW 77.95.180 and 2010 1st sp.s. c 7 s 83 are each amended to read as follows:

(1) To maximize available state resources, the department and the department of transportation ((shall)) must work in partnership to identify and complete projects to eliminate fish passage barriers caused by state roads and highways.

(b) The partnership between the department and the department of transportation must be based on the principle of maximizing habitat recovery through a coordinated investment strategy that, to the maximum extent practical and allowable, prioritizes opportunities: To correct multiple fish barriers in whole streams rather than through individual, isolated projects; to coordinate with other entities sponsoring barrier removals, such as regional fisheries enhancement groups incorporated under this chapter, in a manner that achieves the greatest cost savings to all parties; and to correct barriers located furthest downstream in a stream system. Examples of this principle include:

(i) Coordinating with all relevant state agencies and local governments to maximize the habitat recovery value of the investments made by the state to correct fish passage barriers;

(ii) Maximizing the habitat recovery value of investments made by public and private forest landowners through the road maintenance and abandonment planning process outlined in the forest practices rules, as that term is defined in RCW 76.09.020;

(iii) Recognizing that many of the barriers owned by the state are located in the same stream systems as barriers that are owned by cities and counties with limited financial resources for correction and that state-local partnership opportunities should be sought to address these barriers;

(iv) Recognizing the need to continue investments in the family forest fish passage program created pursuant to RCW 76.13.150 and other efforts to address fish passage barriers owned by private parties that are in the same stream systems as barriers owned by public entities, that the department ((of transportation)) shall also provide engineering and other technical services to assist ((regional fisheries enhancement groups)) nonstate barrier owners with fish passage barrier removal projects, provided that the barrier removal projects have been identified as a priority by the department ((of fish and wildlife)) and the department ((of transportation)) has received an appropriation to continue (the) that component of a fish barrier removal program.

(3) Nothing in this section is intended to:

(a) Alter the process and prioritization methods used in the implementation of the forest practices rules, as that term is defined in RCW 76.09.020, or the family forest fish passage program, created pursuant to RCW 76.13.150, that provides public cost assistance to small forest landowners associated with the road maintenance and abandonment processes; or

(b) Prohibit or delay fish barrier projects undertaken by the department of transportation or another state agency that are a component of an overall transportation improvement project or that are being undertaken as a direct result of state law, federal law, or a court order. However, the department of transportation or another state agency is required to work in partnership with the fish passage barrier removal board created in RCW 77.95.160 to ensure that the scheduling, staging, and implementation of these projects are, to maximum extent practicable, consistent with the coordinated and prioritized approach adopted by the fish passage barrier removal board.

Sec. 3. RCW 77.95.170 and 1999 c 242 s 4 are each amended to read as follows:

(1) The department ((of transportation and the department of fish and wildlife)) may ((administer and)) coordinate with the recreation and conservation office in the administration of all state grant programs specifically designed to assist state agencies, ((local governments,)) private landowners, tribes, organizations, and volunteer groups in identifying and removing impediments to salmonid fish passage. The transportation improvement board may administer all grant programs specifically designed to assist cities, counties, and other units of local governments with fish passage barrier corrections associated with transportation projects. All grant programs must be administered and be consistent with the following:

(a) Salmonid-related corrective projects, inventory, assessment, and prioritization efforts;

(b) Salmonid projects subject to a competitive application process; and

(c) A minimum dollar match rate that is consistent with the funding authority's criteria. If no funding match is specified, a match amount of at least twenty-five percent per project is required. For local, private, and volunteer projects, in-kind contributions may be counted toward the match requirement.

(2) Priority shall be given to projects that ((immediately increase access to available and improved spawning and rearing habitat for depressed, threatened, and endangered stocks. Priority shall also be given to project applications that are coordinated with other efforts within a watershed)) match the principles provided in RCW 77.95.180.

(3) ((Except for projects administered by the transportation improvement board)) All projects subject to this section shall be reviewed and approved by the fish passage barrier removal ((task force)) board created in RCW 77.95.160 or an alternative oversight committee designated by the state legislature.

(4) Other agencies that administer natural resource-based grant programs ((that may include fish passage barrier removal projects)) shall use fish passage selection criteria that are consistent with this section when those programs are addressing fish passage barrier removal projects.

(5)(a) The ((departments of transportation and fish and wildlife)) department shall establish a centralized database directory of all fish passage barrier information. The database directory must include, but is not limited to, existing fish passage inventories, fish passage projects, grant program applications, and other databases. These data must be used to coordinate and assist in habitat recovery and project mitigation projects.

(b) The department must develop a barrier inventory training program that qualifies participants to perform barrier inventories and develop data that enhance the centralized database. The department may decide the qualifications for participation. However, employees and volunteers of conservation districts and regional salmon recovery groups must be given priority consideration.

Sec. 4. RCW 77.95.160 and 2000 c 107 s 110 are each amended to read as follows:

(1) The department ((and the department of transportation)) shall ((convene)) maintain a fish passage barrier removal ((task force)) board. ((The task force shall consist of one representative each from the department, the department of transportation, the department of ecology, tribes, cities, counties, a business organization, an environmental organization, regional fisheries enhancement groups,
and other interested entities as deemed appropriate by the cochairs. The persons representing the department and the department of transportation shall serve as cochairs of the task force and shall appoint members to the task force. The task force shall make recommendations to expand the program in RCW 77.95.180. The board must be composed of a representative from the department, the department of transportation, cities, counties, the governor's salmon recovery office, tribal governments, and the department of natural resources. The representative of the department must serve as chair of the board and may expand the membership of the board to representatives of other governments, stakeholders, and interested entities.

The duty of the board is to identify and expedite the removal of human-made or caused impediments to anadromous fish passage in the most efficient manner practical through the development of a coordinated approach and schedule that identifies and prioritizes the projects necessary to eliminate fish passage barriers caused by state and local roads and highways and barriers owned by private parties. The coordinated approach must address fish passage barrier removals in all areas of the state in a manner that is consistent with a recognition that scheduling and prioritization is necessary. The board must coordinate and mutually share information when appropriate, with:

(i) Other fish passage correction programs, including local salmon recovery plan implementation efforts through the governor's salmon recovery office;
(ii) The applicable conservation districts when developing schedules and priorities within set geographic areas or counties; and
(iii) The recreation and conservation office to ensure that barrier removal methodologies are consistent with, and maximizing the value of, other salmon recovery efforts and habitat improvements that are not primarily based on the removal of barriers.

Recommendations must include proposed funding mechanisms and other necessary mechanisms and methodologies to coordinate state, tribal, local, and volunteer barrier removal efforts within each water resource inventory area and satisfy the principles of RCW 77.95.180. To the degree practicable, the board must utilize the database created in RCW 77.95.170 and information on fish barriers developed by conservation districts to guide methodology development. The board may consider recommendations by interested entities from the private sector and regional fisheries enhancement groups.

When developing a prioritization methodology under this section, the board shall consider:

(i) Projects benefiting depressed, threatened, and endangered stocks;
(ii) Projects providing access to available and high quality spawning and rearing habitat;
(iii) Correcting the lowest barriers within the stream first;
(iv) Whether an existing culvert is a full or partial barrier;
(v) Projects that are coordinated with other adjacent barrier removal projects; and
(vi) Projects that address replacement of infrastructure associated with flooding, erosion, or other environmental damage.

The board may not make decisions on fish passage standards or categorize as impassible culverts or other infrastructure developments that have been deemed passable by the department.

The department must implement RCW 77.95.160 and 77.95.180 within existing funds.

A new section is added to chapter 77.95 RCW to read as follows:

The department may contract with cities and counties to assist in the identification and removal of impediments to fish passage.

NEW SECTION. Sec. 7. (1) The department of fish and wildlife must initiate contact with the United States army corps of engineers, the national oceanic and atmospheric administration, and, if necessary, the United States fish and wildlife service to explore the feasibility of bundling multiple transportation-related fish barrier removal projects under any available nationwide permits for the purpose of achieving streamlined federal permitting with a reduced processing time.

(2) The department of fish and wildlife must report back to the legislature, consistent with RCW 43.01.036, by October 31, 2016, summarizing the information gathered and any progress made towards using the bundling concept to streamline permitting for transportation-related fish barrier removal projects.

(3) This section must be implemented by the department of fish and wildlife using existing funds.

(4) This section expires June 30, 2017.

Sec. 8. RCW 19.27.490 and 2003 c 39 s 11 are each amended to read as follows:

A fish habitat enhancement project meeting the criteria of RCW ((77.95.290(1))) 77.55.181 is not subject to grading permits, inspections, or fees and shall be reviewed according to the provisions of RCW ((77.95.290)) 77.55.181.

NEW SECTION. Sec. 7. TRANSFER ON DEATH DEED NONTESTAMENTARY. A transfer on death deed is non testamentary.

   (c) A deed of community property by both spouses or by both domestic partners is revoked only if it is revoked by both of the spouses or domestic partners, provided that if only one of the spouses or domestic partners is then surviving, that spouse or domestic partner may revoke the deed.

(3) After a transfer on death deed is recorded, it may not be revoked by a revocatory act on the deed.

(4) This section does not limit the effect of an inter vivos transfer of the property.

**NEW SECTION. Sec. 12. EFFECT OF TRANSFER ON DEATH DEED DURING TRANSFEROR'S LIFE.** During a transferor's life, a transfer on death deed does not:

(a) Subject to (b) of this subsection, the interest in the property is transferred to the designated beneficiary in accordance with the deed.

(b) The interest of a designated beneficiary is contingent on the designated beneficiary surviving the transferor. The interest of a designated beneficiary that fails to survive the transferor lapses.

(c) Subject to (d) of this subsection, concurrent interests are transferred to the beneficiaries in equal and undivided shares with no right of survivorship.

(d) If the transferor has identified two or more designated beneficiaries to receive concurrent interests in the property, the share of one which lapses or fails for any reason is transferred to the other, or to the others in proportion to the interest of each in the remaining part of the property held concurrently.

(2) Subject to chapter 65.08 RCW, a beneficiary takes the property subject to all conveyances, encumbrances, assignments, contracts, mortgages, liens, and other interests to which the property is subject at the transferor's death, including liens recorded within twenty-four months after the transferor's death under RCW 41.05A.090 and 43.20B.080. For purposes of this subsection and chapter 65.08 RCW, the recording of the transfer on death deed is deemed to have occurred at the transferor's death.

   (a) Survived by one or more other joint owners, the property that is the subject of a transfer on death deed belongs to the surviving joint owner or owners with right of survivorship; or
   (b) The last surviving joint owner, the transfer on death deed is effective.

   (a) The transferor is married and is not joined in the deed by the transferor's spouse or is in a registered domestic partnership and is not joined in the deed by the transferor's domestic partner, the transferor's interest in the property is transferred to the designated beneficiary in accordance with the deed on the transferor's death; or
   (b) The transferor is married and is joined in the deed by the transferor's spouse, or is in a registered domestic partnership and is joined in the deed by the transferor's domestic partner, and:
      (i) Is survived by the transferor's spouse or domestic partner, the deed is not effective upon the transferor's death; or
      (ii) Is the surviving spouse or domestic partner, the transfer on death deed is effective on the transferor's death with respect to the transferor's interest in the property as of the time of the transferor's death.

(5) A transfer on death deed transfers property without covenant or warranty of title even if the deed contains a contrary provision.

**NEW SECTION. Sec. 14. DISCLAIMER.** A beneficiary may disclaim all or part of the beneficiary's interest as provided by chapter 11.86 RCW.

Sec. 7001(c), or authorize electronic delivery of any of the notices described in section 103(b) of that act, 15 U.S.C. Sec. 7003(b).

Sec. 19. RCW 11.07.010 and 2008 c 6 s 906 are each amended to
read as follows:

(1) This section applies to all nonprobate assets, wherever situated,
held at the time of entry of a decree of dissolution of marriage or state
registered domestic partnership or a declaration of invalidity or
certification of termination of a state registered domestic partnership.

(2)(a) If a marriage or state registered domestic partnership is
dissolved or invalidated, or a state registered domestic partnership
terminated, a provision made prior to that event that relates to the
payment or transfer at death of the decedent's interest in a nonprobate
asset in favor of or granting an interest or power to the decedent's
former spouse or state registered domestic partner, is revoked. A
provision affected by this section must be interpreted, and the
nonprobate asset affected passes, as if the former spouse or former state
registered domestic partner, failed to survive the decedent, having died
at the time of entry of the decree of dissolution or declaration of
invalidity or termination of state registered domestic partnership.

(b) This subsection does not apply if and to the extent that:

(i) The instrument governing disposition of the nonprobate asset
expressly provides otherwise;

(ii) The decree of dissolution, declaration of invalidity, or other
court order requires that the decedent maintain a nonprobate asset for
the benefit of a former spouse or former state registered domestic
partner or children of the marriage or domestic partnership, payable on
the decedent's death either outright or in trust, and other nonprobate
assets of the decedent fulfilling such a requirement for the benefit of the former spouse or former state registered domestic partner or children of the marriage or domestic partnership do not exist at the decedent's death;

(iii) A court order requires that the decedent maintain a nonprobate asset for the benefit of another, payable on the decedent's death either outright or in a trust, and other nonprobate assets of the decedent fulfilling such a requirement do not exist at the decedent's death; or

(iv) If not for this subsection, the decedent could not have effected the revocation by unilateral action because of the terms of the decree, declaration, termination of state registered domestic partnership, or for any other reason, immediately after the entry of the decree of dissolution, declaration of invalidity, or termination of state registered domestic partnership.

(3)(a) A payor or other third party in possession or control of a nonprobate asset at the time of the decedent's death is not liable for making a payment or transferring an interest in a nonprobate asset to a decedent's former spouse or state registered domestic partner, whose interest in the nonprobate asset is revoked under this section, or for taking another action in reliance on the validity of the instrument governing disposition of the nonprobate asset, before the payor or other third party has actual knowledge of the dissolution or other invalidation of marriage or termination of the state registered domestic partnership. A payor or other third party is liable for a payment or transfer made or other action taken after the payor or other third party has actual knowledge of a revocation under this section.

(b) This section does not require a payor or other third party to pay or transfer a nonprobate asset to a beneficiary designated in a governing instrument affected by the dissolution or other invalidation of marriage or termination of state registered domestic partnership, or to another person claiming an interest in the nonprobate asset, if the payor or third party has actual knowledge of the existence of a dispute between the former spouse or former state registered domestic partner, and the beneficiaries or other persons concerning rights of ownership of the nonprobate asset as a result of the application of this section among the former spouse or former state registered domestic partner, and the beneficiaries or among other persons, or if the payor or third party is otherwise uncertain as to who is entitled to the nonprobate asset under this section. In such a case, the payor or third party may, without liability, notify in writing all beneficiaries or other persons claiming an interest in the nonprobate asset of either the existence of the dispute or its uncertainty as to who is entitled to payment or transfer of the nonprobate asset. The payor or third party may also, without liability, refuse to pay or transfer a nonprobate asset in such a circumstance to a beneficiary or other person claiming an interest until the time that either:

(i) All beneficiaries and other interested persons claiming an interest have consented in writing to the payment or transfer; or

(ii) The payment or transfer is authorized or directed by a court of proper jurisdiction.

(c) Notwithstanding subsections (1) and (2) of this section and (a) and (b) of this subsection, a payor or other third party having actual knowledge of the existence of a dispute between beneficiaries or other persons concerning rights to a nonprobate asset as a result of the application of this section may condition the payment or transfer of the nonprobate asset on execution, in a form and with security acceptable to the payor or other third party, of a bond in an amount that is double the fair market value of the nonprobate asset at the time of the decedent's death or the amount of an adverse claim, whichever is the lesser, or of a similar instrument to provide security to the payor or other third party, indemnifying the payor or other third party for any liability, loss, damage, costs, and expenses for and on account of payment or transfer of the nonprobate asset.

(d) As used in this subsection, "actual knowledge" means, for a payor or other third party in possession or control of the nonprobate asset at or following the decedent's death, written notice to the payor or other third party, or to an officer of a payor or third party in the course of his or her employment, received after the decedent's death and within a time that is sufficient to afford the payor or third party a reasonable opportunity to act upon the knowledge. The notice must identify the nonprobate asset with reasonable specificity. The notice also must be sufficient to inform the payor or other third party of the revocation of the provisions in favor of the decedent's spouse or state registered domestic partner, by reason of the dissolution or invalidation of marriage or termination of state registered domestic partnership, or to inform the payor or third party of a dispute concerning rights to a nonprobate asset as a result of the application of this section. Receipt of the notice for a period of more than thirty days is presumed to be received within a time that is sufficient to afford the payor or third party a reasonable opportunity to act upon the knowledge, but receipt of the notice for a period of less than five business days is presumed not to be a sufficient time for these purposes. These presumptions may be rebutted only by clear and convincing evidence to the contrary.

(4)(a) A person who purchases a nonprobate asset from a former spouse, former state registered domestic partner, or other person, for value paid or transferred without actual knowledge, or who receives from a former spouse, former state registered domestic partner, or other person payment or transfer of a nonprobate asset without actual knowledge and in partial or full satisfaction of a legally enforceable obligation, is neither obligated under this section to return the payment, property, or benefit nor is liable under this section for the amount of the payment or the value of the nonprobate asset. However, a former spouse, former state registered domestic partner, or other person who, with actual knowledge, not for value, or not in satisfaction of a legally enforceable obligation, receives payment or transfer of a nonprobate asset to which that person is not entitled under this section is obligated to return the payment or nonprobate asset, or is personally liable for the amount of the payment or value of the nonprobate asset, to the person who is entitled to it under this section.

(b) As used in this subsection, "actual knowledge" means, for a person described in (a) of this subsection who purchases or receives a nonprobate asset from a former spouse, former state registered domestic partner, or other person, personal knowledge or possession of documents relating to the revocation upon dissolution or invalidation of marriage of provisions relating to the payment or transfer at the decedent's death of the nonprobate asset, received within a time after the decedent's death and before the purchase or receipt that is sufficient to afford the person purchasing or receiving the nonprobate asset reasonable opportunity to act upon the knowledge. Receipt of the personal knowledge or possession of the documents for a period of more than thirty days is presumed to be received within a time that is sufficient to afford the payor or third party a reasonable opportunity to act upon the knowledge, but receipt of the notice for a period of less than five business days is presumed not to be a sufficient time for these purposes. These presumptions may be rebutted only by clear and convincing evidence to the contrary.

(5)(a) As used in this section, "nonprobate asset" means those rights and interests of a person having beneficial ownership of an asset that pass on the person's death under only the following written instruments or arrangements other than the decedent's will:

((a))) (i) A payable-on-death provision of a life insurance policy, employee benefit plan, annuity or similar contract, or individual retirement account, unless provided otherwise by controlling federal law;

((a))) (ii) A payable-on-death, trust, or joint with right of survivorship bank account;

((a))) (iii) A trust of which the person is a grantor and that becomes effective or irrevocable only upon the person's death;

((a))) (iv) Transfer on death beneficiary designations of a transfer on death or pay on death security, or joint tenancy with right of survivorship designations of a security, if such designations are authorized under Washington law;
Sec. 20. RCW 11.11.010 and 2008 c 6 s 909 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1)(a) "Actual knowledge" means:

(i) For a financial institution, whether acting as personal representative or otherwise, or other third party in possession or control of a nonprobate asset, receipt of written notice that: (A) Complies with RCW 11.11.050; (B) pertains to the testamentary disposition or ownership of a nonprobate asset in its possession or control; and (C) is received by the financial institution or third party after the death of the owner in a time sufficient to afford the financial institution or third party a reasonable opportunity to act upon the knowledge; and

(ii) For a personal representative that is not a financial institution, personal knowledge or possession of documents relating to the testamentary disposition or ownership of a nonprobate asset of the owner sufficient to afford the personal representative reasonable opportunity to act upon the knowledge, including reasonable opportunity for the personal representative to provide the written notice under RCW 11.11.050.

(b) For the purposes of (a) of this subsection, notice of more than thirty days is presumed to be notice that is sufficient to afford the party a reasonable opportunity to act upon the knowledge, but notice of less than five business days is presumed not to be a sufficient notice for these purposes. These presumptions may be rebutted only by clear and convincing evidence to the contrary.

(2) "Beneficiary" means the person designated to receive a nonprobate asset upon the death of the owner by means other than the owner's will.

(3) "Broker" means a person defined as a broker or dealer under the federal securities laws.

(4) "Date of will" means, as to any nonprobate asset, the date of signature of the will or codicil that refers to the asset and disposes of it.

(6) "Financial institution" means: A bank, trust company, mutual savings bank, savings and loan association, credit union, brokerage house, or similar financial institution.

(7)(a) "Nonprobate asset" means a nonprobate asset within the meaning of RCW 11.02.005, but excluding the following:

(iii) A transfer on death deed;

(iv) A right or interest passing under a community property agreement; and

(b) For the definition of "nonprobate asset" relating to revocation of a provision for a former spouse or former domestic partner upon dissolution of marriage or state registered domestic partnership or declaration of invalidity of marriage or state registered domestic partnership, see RCW 11.07.010(5).

(8) "Owner" means a person who, during life, has beneficial ownership of the nonprobate asset.

(9) "Request" means a request by the beneficiary for transfer of a nonprobate asset after the death of the owner, if it complies with all conditions of the arrangement, including reasonable special requirements concerning necessary signatures and regulations of the financial institution or other third party, or by the personal representative of the owner's estate or the testamentary beneficiary, if it complies with the owner's will and any additional conditions of the financial institution or third party for such transfer.

(10) "Testamentary beneficiary" means a person named under the owner's will to receive a nonprobate asset under this chapter, including but not limited to the trustee of a testamentary trust.

(11) "Third party" means a person, including a financial institution, having possession of or control over a nonprobate asset at the death of the owner, including the trustee of a revocable living trust and surviving joint tenant or tenants.

Sec. 21. RCW 11.18.200 and 1999 c 42 s 605 are each amended to read as follows:

(1) Unless expressly exempted by statute, a beneficiary of a nonprobate asset that was subject to satisfaction of the decedent's general liabilities immediately before the decedent's death takes the asset subject to liabilities, claims, estate taxes, and the fair share of expenses of administration reasonably incurred by the personal representative in the transfer of or administration upon the asset. The beneficiary of such an asset is liable to account to the personal representative to the extent necessary to satisfy liabilities, claims, the asset's fair share of expenses of administration, and the asset's share of any applicable estate taxes under chapter ((83.110)) 83.110A RCW. Before making demand that a beneficiary of a nonprobate asset account to the personal representative, the personal representative ((shall)) must give notice to the beneficiary, in the manner provided in chapter 11.96A RCW, that the beneficiary is liable to account under this section.

(2) The following rules govern in applying subsection (1) of this section:

(a) A beneficiary of property passing at death under a community property agreement takes the property subject to the decedent's liabilities, claims, estate taxes, and administration expenses as described in subsection (1) of this section. However, assets existing as community or separate property immediately before the decedent's death under the community property agreement are subject to the decedent's liabilities and claims to the same extent that they would have been had they been assets of the probate estate.

(b) A beneficiary of property held in joint tenancy form with right of survivorship, including without limitation United States savings bonds or similar obligations, takes the property subject to the decedent's liabilities, claims, estate taxes, and administration expenses as described in subsection (1) of this section to the extent of the decedent's beneficial ownership interest in the property immediately before death.

(c) A beneficiary of payable-on-death or trust bank accounts, bonds, securities, or similar obligations, including without limitation United States bonds or similar obligations, takes the property subject
 Beneficiary" means the person entitled, but for the person's section apply throughout this chapter. Unless the context clearly requires otherwise, the definitions in this read as follows:

assets of the probate estate.

claims to the same extent that they would have been had they been before the decedent's death are subject to the decedent's liabilities and nonprobate assets that existed as community property immediately before death.

(e) A trust for the decedent's use of which the decedent is the grantor is subject to the decedent's liabilities, claims, estate taxes, and administration expenses as described in subsection (1) of this section, to the same extent as the trust was subject to claims of the decedent's creditors immediately before death under RCW 19.36.020.

(f) A trust not for the use of the grantor but of which the decedent is the grantor and that becomes effective or irrevocable only upon the decedent's death is subject to the decedent's liabilities, estate taxes, and expenses of administration as described in subsection (1) of this section.

(g) Anything in this section to the contrary notwithstanding, nonprobate assets that existed as community property immediately before the decedent's death are subject to the decedent's liabilities and claims to the same extent that they would have been had they been assets of the probate estate.

(h) The liability of a beneficiary of life insurance is governed by chapter 48.18 RCW.

(i) The liability of a beneficiary of pension or retirement employee benefits is governed by chapter 6.15 RCW.

(j) An inference may not be drawn from (a) through (i) of this subsection that a beneficiary of nonprobate assets other than those assets specifically described in (a) through (i) of this subsection does or does not take the assets subject to claims, liabilities, estate taxes, and administration expenses as described in subsection (1) of this section.

(3) Nothing in this section derogates from the rights of a person interested in the estate to recover any applicable estate tax under chapter (§§ 83.110) 83.110A RCW or from the liability of any beneficiary for estate tax under chapter (§§ 83.110) 83.110A RCW.

(4) Nonprobate assets that may be responsible for the satisfaction of the decedent's general liabilities and claims abate immediately before death deeds, or any other provisions for nonprobate transfer at death.

(p) Any other interest created by any testamentary or inter vivos instrument or by operation of law.

(3) "Creator of the interest" means a person who establishes, declares, or otherwise creates an interest.

(4) "Disclaimer" means any writing which declines, refuses, renounces, or disclaims any interest that would otherwise be taken by a beneficiary.

(5) "Disclaimant" means a beneficiary who executes a disclaimer on his or her own behalf or a person who executes a disclaimer on behalf of a beneficiary.

(6) "Person" means an individual, corporation, government, governmental subdivision or agency, business trust, estate, trust, partnership, association, or other entity.

((ii)) (ii) For an inter vivos transfer, the date of the creation of the interest; or
((ii)) (iii) For a transfer upon the death of the creator of the interest, the date of the death of the creator.

(b) A joint tenancy interest of a deceased joint tenant ((shall be)) is deemed to be transferred at the death of the joint tenant rather than at the creation of the joint tenancy.

Sec. 23. RCW 11.94.050 and 2011 c 327 s 4 are each amended to read as follows:

(1) Although a designated attorney-in-fact or agent has all powers of absolute ownership of the principal, or the document has language to indicate that the attorney-in-fact or agent ((shall have)) has all the powers the principal would have if alive and competent, the attorney-in-fact or agent ((shall)) does not have the power to make, amend, alter, or revoke the principal's wills or codicils, and ((shall)) does not have the power, unless specifically provided otherwise in the document: To make, amend, alter, or revoke any of the principal's life insurance, annuity, or similar contract beneficiary designations, employee benefit plan beneficiary designations, trust agreements, registration of the principal's securities in beneficiary form, payable on death or transfer on death beneficiary designations, designation of persons as joint tenants with right of survivorship with the principal with respect to any of the principal's property, community property agreements, transfer on death deeds, or any other provisions for nonprobate transfer at death.

Sec. 24. RCW 82.45.010 and 2010 1st sp.s. c 23 s 207 are each amended to read as follows:

(1) As used in this chapter, the term "sale" has its ordinary meaning and includes any conveyance, grant, assignment, quitclaim, or transfer of the ownership of or title to real property, including standing timber, or any estate or interest therein for a valuable consideration, and any contract for such conveyance, grant, assignment, quitclaim, or transfer, and any lease with an option to purchase real property, including
standing timber, or any estate or interest therein or other contract under which possession of the property is given to the purchaser, or any other person at the purchaser's direction, and title to the property is retained by the vendor as security for the payment of the purchase price. The term also includes the grant, assignment, quitclaim, sale, or transfer of improvements constructed upon leased land.

(2)(a) The term "sale" also includes the transfer or acquisition within any twelve-month period of a controlling interest in any entity with an interest in real property located in this state for a valuable consideration.

(b) For the sole purpose of determining whether, pursuant to the exercise of an option, a controlling interest was transferred or acquired within a twelve-month period, the date that the option agreement was executed is the date on which the transfer or acquisition of the controlling interest is deemed to occur. For all other purposes under this chapter, the date upon which the option is exercised is the date of the transfer or acquisition of the controlling interest.

(c) For purposes of this subsection, all acquisitions of persons acting in concert must be aggregated for purposes of determining whether a transfer or acquisition of a controlling interest has taken place. The department must adopt standards by rule to determine when persons are acting in concert. In adopting a rule for this purpose, the department must consider the following:

(i) Persons must be treated as acting in concert when they have a relationship with each other such that one person influences or controls the actions of another through common ownership; and

(ii) When persons are not commonly owned or controlled, they must be treated as acting in concert only when the unity with which the purchasers have negotiated and will consummate the transfer of ownership interests supports a finding that they are acting as a single entity. If the acquisitions are completely independent, with each purchaser buying without regard to the identity of the other purchasers, then the acquisitions are considered separate acquisitions.

(3) The term "sale" does not include:

(a) A transfer by gift, devise, or inheritance.

(b) A transfer by transfer on death deed, to the extent that it is not in satisfaction of a contractual obligation of the decedent owed to the recipient of the property.

(c) A transfer of any leasehold interest other than of the type mentioned above.

(((ii))) (d) A cancellation or forfeiture of a vendee's interest in a contract for the sale of real property, whether or not such contract contains a forfeiture clause, or deed in lieu of foreclosure of a mortgage.

(((i))) (e) The partition of property by tenants in common by agreement or as the result of a court decree.

(((i))) (f) The assignment of property or interest in property from one spouse or one domestic partner to the other spouse or other domestic partner in accordance with the terms of a decree of dissolution of marriage or marriage registered domestic partnership or in fulfillment of a property settlement agreement.

(((i))) (g) The assignment or other transfer of a vendor's interest in a contract for the sale of real property, even though accompanied by a conveyance of the vendor's interest in the real property.

(((i))) (h) Transfers by appropriation or decree in condemnation proceedings brought by the United States, the state or any political subdivision thereof, or a municipal corporation.

(((i))) (i) A mortgage or other transfer of an interest in real property merely to secure a debt, or the assignment thereof.

(((i))) (j) Any transfer or conveyance made pursuant to a deed of trust or an order of sale by the court in any mortgage, deed of trust, or lien foreclosure proceeding or upon execution of a judgment, or deed in lieu of foreclosure to satisfy a mortgage or deed of trust.

(((i))) (k) A conveyance to the federal housing administration or veterans administration by an authorized mortgagee made pursuant to a contract of insurance or guaranty with the federal housing administration or veterans administration.
(1) If the property is being transferred under the terms of a community property agreement, a copy of the recorded agreement and a certified copy of the death certificate;

(2) If the property is being transferred under the terms of a trust instrument, a certified copy of the death certificate and a copy of the trust instrument showing the authority of the grantor;

(3) If the property is being transferred under the terms of a probated will, a certified copy of the letters testamentary or in the case of intestate administration, a certified copy of the letters of administration showing that the grantor is the court-appointed executor, executrix, or administrator, and a certified copy of the death certificate;

(4) In the case of joint tenants with right of survivorship and remainder interests, a certified copy of the death certificate is recorded to perfect title;

(5) If the property is being transferred pursuant to a court order, a certified copy of the court order requiring the transfer, and confirming that the grantor is required to do so under the terms of the order; ((or))

(6) If the community property interest of the decedent is being transferred to a surviving spouse or surviving domestic partner absent the documentation set forth in subsections (1) through (5) of this section, a certified copy of the death certificate and a signed affidavit from the surviving spouse or surviving domestic partner affirming that he or she is the sole and rightful heir to the property; or

(7) If the property is being transferred pursuant to a transfer on death deed, a certified copy of the death certificate is recorded to perfect title.

**Sec. 26.** RCW 82.45.150 and 1996 c 149 s 6 are each amended to read as follows:

All of chapter 82.32 RCW, except RCW 82.32.030, 82.32.050, 82.32.140, 82.32.270, and 82.32.090 (1) and (((10))) (1), applies to the tax imposed by this chapter, in addition to any other provisions of law for the payment and enforcement of the tax imposed by this chapter. The department of revenue ((shall)) must by rule provide for the effective administration of this chapter. The rules ((shall)) must prescribe and furnish a real estate excise tax affidavit form verified by both the seller and the buyer, or agents of each, to be used by each county, or the department, as the case may be, in the collection of the tax imposed by this chapter, except that an affidavit given in connection with grant of an easement or right-of-way to a gas, electrical, or telecommunications company, as defined in RCW 80.04.010, or to a public utility district or cooperative that distributes electricity, need be verified only on behalf of the company, district, or cooperative and except that a transfer on death deed need be verified only on behalf of the transferor. The department of revenue ((shall)) must annually conduct audits of transactions and affidavits filed under this chapter.

**Sec. 27.** RCW 84.33.140 and 2013 2nd sp.s. c 11 s 13 are each amended to read as follows:

(1) When land has been designated as forest land under RCW 84.33.130, a notation of the designation must be made each year upon the assessment and tax rolls. A copy of the notice of approval together with the legal description or assessor’s parcel numbers for the land must, at the expense of the applicant, be filed by the assessor in the same manner as deeds are recorded.

(2) In preparing the assessment roll as of January 1, 2002, for taxes payable in 2003 and each January 1st thereafter, the assessor must list each parcel of designated forest land at a value with respect to the grade and class provided in this subsection and adjusted as provided in subsection (3) of this section. The assessor must compute the assessed value of the land using the same assessment ratio applied generally in computing the assessed value of other property in the county. Values for the several grades of bare forest land are as follows:

<table>
<thead>
<tr>
<th>LAND GRADE</th>
<th>OPERABILITY CLASS</th>
<th>VALUES PER ACRE</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>2</td>
<td>229</td>
</tr>
<tr>
<td>3</td>
<td>2</td>
<td>129</td>
</tr>
<tr>
<td>4</td>
<td>2</td>
<td>113</td>
</tr>
</tbody>
</table>

(3) On or before December 31, 2001, the department must adjust by rule under chapter 34.05 RCW, the forest land values contained in subsection (2) of this section in accordance with this subsection, and must certify the adjusted values to the assessor who will use these values in preparing the assessment roll as of January 1, 2002. For the adjustment to be made on or before December 31, 2001, for use in the 2002 assessment year, the department must:
(a) Divide the aggregate value of all timber harvested within the state between July 1, 1996, and June 30, 2001, by the aggregate harvest volume for the same period, as determined from the harvester excise tax returns filed with the department under RCW 84.33.074; and

(b) Divide the aggregate value of all timber harvested within the state between July 1, 1995, and June 30, 2000, by the aggregate harvest volume for the same period, as determined from the harvester excise tax returns filed with the department under RCW 84.33.074; and

(c) Adjust the forest land values contained in subsection (2) of this section by a percentage equal to one-half of the percentage change in the average values of harvested timber reflected by comparing the resultant values calculated under (a) and (b) of this subsection.

(4) For the adjustments to be made on or before December 31, 2002, and each succeeding year thereafter, the same procedure described in subsection (3) of this section must be followed using harvester excise tax returns filed under RCW 84.33.074. However, this adjustment must be made to the prior year's adjusted value, and the five-year periods for calculating average harvested timber values must be successively one year more recent.

(5) If land is removed from designation because of any of the following:

(a) Receipt of notice from the owner to remove the designation;

(b) Sale or transfer of all or a portion of the land to a new owner, unless the new owner has signed a notice of forest land designation continuance, except transfer to an owner who is an heir or devisee of a deceased owner or transfer by a transfer on death deed, does not, by itself, result in removal of designation. The signed notice of continuance must be attached to the real estate excise tax affidavit provided for in RCW 82.45.150. The notice of continuance must be on a form prepared by the department. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all compensating taxes calculated under subsection (11) of this section are due and payable by the seller or transferor at time of sale. The auditor may not accept an instrument of conveyance regarding designated forest land for filing or recording unless the new owner has signed the notice of continuance or the compensating tax has been paid, as evidenced by the real estate excise tax stamp affixed thereto by the treasurer. The seller, transferor, or new owner may appeal the new assessed valuation calculated under subsection (11) of this section to the county board of equalization in accordance with the provisions of RCW 84.40.038. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals;

(d) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that:

(i) The land is no longer primarily devoted to and used for growing and harvesting timber. However, land may not be removed from designation if a governmental agency, organization, or other recipient identified in subsection (13) or (14) of this section as exempt from the payment of compensating tax has manifested its intent in writing or by other official action to acquire a property interest in the designated forest land by means of a transaction that qualifies for an exemption under subsection (13) or (14) of this section. The governmental agency, organization, or recipient must annually provide the assessor of the county in which the land is located reasonable evidence in writing of the intent to acquire the designated land as long as the intent continues or within sixty days of a request by the assessor. The assessor may not request this evidence more than once in a calendar year;

(ii) The owner has failed to comply with a final administrative or judicial order with respect to a violation of the restocking, forest management, fire protection, insect and disease control, and forest debris provisions of Title 76 RCW or any applicable rules under Title 76 RCW; or

(iii) Restocking has not occurred to the extent or within the time specified in the application for designation of such land.

(6) Land may not be removed from designation if there is a governmental restriction that prohibits, in whole or in part, the owner from harvesting timber from the owner's designated forest land. If only a portion of the parcel is impacted by governmental restrictions of this nature, the restrictions cannot be used as a basis to remove the remainder of the forest land from designation under this chapter. For the purposes of this section, "governmental restrictions" includes: (a) Any law, regulation, rule, ordinance, program, or other action adopted or taken by a federal, state, county, city, or other governmental entity; or (b) the land's zoning or its presence within an urban growth area designated under RCW 36.70A.110.

(7) The assessor has the option of requiring an owner of forest land to file a timber management plan with the assessor upon the occurrence of one of the following:

(a) An application for designation as forest land is submitted; or

(b) Designated forest land is sold or transferred and a notice of continuance, described in subsection (5)(c) of this section, is signed.

(c) Forest land on which a compensating tax has manifested its intent in writing or by other official action to acquire a property interest in the designated forest land or has priority and must be removed from designation under RCW 36.70A.110.

(8) If land is removed from designation because of any of the circumstances listed in subsection (5)(a) through (c) of this section, the removal applies only to the land affected. If land is removed from designation because of subsection (5)(d) of this section, the removal applies only to the actual area of land that is no longer primarily devoted to the growing and harvesting of timber, without regard to any other land that may have been included in the application and approved for designation, as long as the remaining designated forest land meets the definition of forest land contained in RCW 84.33.035.

(9) Within thirty days after the removal of designation as forest land, the assessor must notify the owner in writing, setting forth the reasons for the removal. The seller, transferor, or owner may appeal the removal to the county board of equalization in accordance with the provisions of RCW 84.40.038.

(10) Unless the removal is reversed on appeal a copy of the notice of removal with a notation of the action, if any, upon appeal, together with the legal description or assessor's parcel numbers for the land removed from designation must, at the expense of the applicant, be filed by the assessor in the same manner as deeds are recorded and a notation of removal from designation must immediately be made upon the assessment and tax rolls. The assessor must revalue the land to be removed with reference to its true and fair value as of January 1st of the year of removal from designation. Both the assessed value before and after the removal of designation must be listed. Taxes based on the value of the land as forest land are assessed and payable up until the date of removal and taxes based on the true and fair value of the land are assessed and payable from the date of removal from designation.

(11) Except as provided in subsection (5)(c), (13), or (14) of this section, a compensating tax is imposed on land removed from designation as forest land. The compensating tax is due and payable to the treasurer thirty days after the owner is notified of the amount of this tax. As soon as possible after the land is removed from designation, the assessor must compute the amount of compensating tax and mail a notice to the owner of the amount of compensating tax owed and the date on which payment of this tax is due. The amount of compensating tax is equal to the difference between the amount of tax last levied on the land as designated forest land and an amount equal to the new assessed value of the land multiplied by the dollar rate of the last levy extended against the land, multiplied by a number, in no event greater than nine, equal to the number of years for which the land was designated as forest land, plus compensating taxes on the land at forest land values up until the date of removal of the prorated taxes on the land at true and fair value from the date of removal to the end of the current tax year.

(12) Compensating tax, together with applicable interest thereon, becomes a lien on the land, which attaches at the time the land is removed from designation as forest land and has priority and must be
fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation, or responsibility to or with which the land may become charged or liable. The lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050. Any compensating tax unpaid on its due date will thereupon become delinquent. From the date of delinquency until paid, interest is charged at the same rate applied by law to delinquent ad valorem property taxes.

(13) The compensating tax specified in subsection (11) of this section may not be imposed if the removal of designation under subsection (5) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other forest land located within the state of Washington;

(b) A taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power;

(c) A donation of fee title, development rights, or the right to harvest timber, to a government agency or organization qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections, or the sale or transfer of fee title to a governmental entity or a nonprofit nature conservancy corporation, as defined in RCW 64.04.130, exclusively for the protection and conservation of lands recommended for state natural area preserve purposes by the natural heritage council and natural heritage plan as defined in chapter 79.70 RCW or approved for state natural resources conservation area purposes as defined in chapter 79.71 RCW, or for acquisition and management as a community forest trust as defined in chapter 79.155 RCW. At such time as the land is not used for the purposes enumerated, the compensating tax specified in subsection (11) of this section is imposed upon the current owner;

(d) The sale or transfer of fee title to the parks and recreation commission for park and recreation purposes;

(e) Official action by an agency of the state of Washington or by the county or city within which the land is located that disallows the present use of the land;

(f) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120;

(g) The creation, sale, or transfer of a conservation easement of private forest lands within unconfined channel migration zones or containing critical habitat for threatened or endangered species under RCW 76.09.040;

(h) The sale or transfer of land within two years after the death of the owner of at least a fifty percent interest in the land if the land has been assessed and valued as classified forest land, designated as forest land under this chapter, or classified under chapter 84.34 RCW continuously since 1993. The date of death shown on a death certificate is the date used for the purposes of this subsection (13)(h);

(i) The discovery that the land was designated under this chapter in error through no fault of the owner. For purposes of this subsection (13)(i), "fault" means a knowingly false or misleading statement, or other act or omission not in good faith, that contributed to the approval of designation under this chapter or the failure of the assessor to remove the land from designation under this chapter.

(ii) For purposes of this subsection (13), the discovery that land was designated under this chapter in error through no fault of the owner is not the sole reason for removal of designation under subsection (5) of this section if an independent basis for removal exists. An example of an independent basis for removal includes the land no longer being devoted to and used for growing and harvesting timber.

(14) In a county with a population of more than six hundred thousand inhabitants or in a county with a population of at least two hundred forty-five thousand inhabitants that borders Puget Sound as defined in RCW 90.71.010, the compensating tax specified in subsection (11) of this section may not be imposed if the removal of designation as forest land under subsection (5) of this section resulted solely from:

(a) An action described in subsection (13) of this section; or

(b) A transfer of a property interest to a government entity, or to a nonprofit historic preservation corporation or nonprofit nature conservancy corporation, as defined in RCW 64.04.130, to protect or enhance public resources, or to preserve, maintain, improve, restore, limit the future use of, or otherwise to conserve for public use or enjoyment, the property interest being transferred. At such time as the property interest is not used for the purposes enumerated, the compensating tax is imposed upon the current owner.

Sec. 28. RCW 84.34.108 and 2009 c 513 s 2, 2009 c 354 s 3, 2009 c 255 s 2, and 2009 c 246 s 3 are each reenacted and amended to read as follows:

(1) When land has once been classified under this chapter, a notation of the classification (shall) must be made each year upon the assessment and tax rolls and the land (shall) must be valued pursuant to RCW 84.34.060 or 84.34.065 until removal of all or a portion of the classification by the assessor upon occurrence of any of the following:

(a) Receipt of notice from the owner to remove all or a portion of the classification;

(b) Sale or transfer to an ownership, except a transfer that resulted from a default in loan payments made to or secured by a governmental agency that intends to or is required by law or regulation to resell the property for the same use as before, making all or a portion of the land exempt from ad valorem taxation;

(c) Sale or transfer of all or a portion of the land to a new owner, unless the new owner has signed a notice of classification continuance, except transfer to an owner who is an heir or devisee of a deceased owner (shall) or transfer by a transfer on death deed does not, by itself, result in removal of classification. The notice of continuance (shall) must be on a form prepared by the department. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all additional taxes calculated pursuant to subsection (4) of this section (shall) become due and payable by the seller or transferee at time of sale. The auditor (shall) may not accept an instrument of conveyance regarding classified land for filing or recording unless the new owner has signed the notice of continuance or the additional tax has been paid, as evidenced by the real estate excise tax stamp affixed thereto by the treasurer. The seller, transferee, or new owner may appeal the new assessed valuation calculated under subsection (4) of this section to the county board of equalization in accordance with the provisions of RCW 84.40.038. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals;

(d) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that all or a portion of the land no longer meets the criteria for classification under this chapter. The criteria for classification pursuant to this chapter continue to apply after classification has been granted.

(ii) The granting authority, upon request of an assessor, (shall) must provide reasonable assistance to the assessor in making a determination whether the land continues to meet the qualifications of RCW 84.34.020 (1) or (3). The assistance (shall) must be provided within thirty days of receipt of the request.

(2) Land may not be removed from classification because of:

(a) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120; or

(b) The creation, sale, or transfer of a fee interest or a conservation easement for the riparian open space program under RCW 76.09.040.

(3) Within thirty days after the removal of all or a portion of the land from current use classification under subsection (1) of this section, the assessor (shall) must notify the owner in writing, setting forth the reasons for the removal. The seller, transferee, or owner may appeal the removal to the county board of equalization in accordance with the provisions of RCW 84.40.038. The removal notice must explain the
steps needed to appeal the removal decision, including when a notice of appeal must be filed, where the forms may be obtained, and how to contact the county board of equalization.

(4) Unless the removal is reversed on appeal, the assessor ((shall)) must revalue the affected land with reference to its true and fair value on January 1st of the year of removal from classification. Both the assessed valuation before and after the removal of classification ((shall)) must be listed and taxes ((shall)) must be allocated according to that part of the year to which each assessed valuation applies. Except as provided in subsection (6) of this section, an additional tax, applicable interest, and penalty ((shall)) must be imposed which ((shall)) are due and payable to the treasurer thirty days after the owner is notified of the amount of the additional tax. As soon as possible, the assessor ((shall)) must compute the amount of additional tax, applicable interest, and penalty and the treasurer ((shall)) must mail notice to the owner of the amount thereof and the date on which payment is due. The amount of the additional tax, applicable interest, and penalty ((shall)) must be determined as follows:

(a) The amount of additional tax ((shall)) is equal to the difference between the property tax paid as "open space land," "farm and agricultural land," or "timber land" and the amount of property tax otherwise due and payable for the seven years last past had the land not been so classified;

(b) The amount of applicable interest ((shall)) is equal to the interest upon the amounts of the additional tax paid at the same statutory rate charged on delinquent property taxes from the dates on which the additional tax could have been paid without penalty if the land had been assessed at a value without regard to this chapter;

(c) The amount of the penalty ((shall)) is as provided in RCW 84.34.080. The penalty ((shall)) may not be imposed if the removal satisfies the conditions of RCW 84.34.070.

(5) Additional tax, applicable interest, and penalty((shall)) become a lien on the land ((which shall attach)) that attaches at the time the land is removed from classification under this chapter and ((shall)) have priority to and ((shall)) must be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation or responsibility to or with which the land may become charged or liable. This lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050. Any additional tax unpaid on its due date ((shall)) will thereupon become delinquent. From the date of delinquency until paid, interest must be charged at the same rate applied by law to delinquent property taxes.

(6) The additional tax, applicable interest, and penalty specified in subsection (4) of this section ((shall)) may not be imposed if the removal of classification pursuant to subsection (1) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other land located within the state of Washington;

(b)(i) A taking through the exercise of the power of eminent domain, or (ii) sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power, said entity having manifested its intent in writing or by other official action;

(c) A natural disaster such as a flood, windstorm, earthquake, or other such calamity rather than by virtue of the act of the landowner changing the use of the property;

(d) Official action by an agency of the state of Washington or by the county or city within which the land is located which disallows the present use of the land;

(e) Transfer of land to a church when the land would qualify for exemption pursuant to RCW 84.36.020;

(f) Acquisition of property interests by state agencies or agencies or organizations qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections. At such time as these property interests are not used for the purposes enumerated in RCW 84.34.210 and 64.04.130 the additional tax specified in subsection (4) of this section ((shall)) must be imposed;

(g) Removal of land classified as farm and agricultural land under RCW 84.34.020(2)(f);

(h) Removal of land from classification after enactment of a statutory exemption that qualifies the land for exemption and receipt of notice from the owner to remove the land from classification;

(i) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120;

(j) The creation, sale, or transfer of a conservation easement of private forest lands within unconfined channel migration zones or containing critical habitat for threatened or endangered species under RCW 76.09.040;

(k) The sale or transfer of land within two years after the death of the owner of at least a fifty percent interest in the land if the land has been assessed and valued as classified forest land, designated as forest land under chapter 84.33 RCW, or classified under this chapter continuously since 1993. The date of death shown on a death certificate is the date used for the purposes of this subsection (6)(k);

(l)(i) The discovery that the land was classified under this chapter in error through no fault of the owner. For purposes of this subsection (6)(l), "fault" means a knowingly false or misleading statement, or other act or omission not in good faith, that contributed to the approval of classification under this chapter or the failure of the assessor to remove the land from classification under this chapter.

(ii) For purposes of this subsection (6), the discovery that land was classified under this chapter in error through no fault of the owner is not the sole reason for removal of classification pursuant to subsection (1) of this section if an independent basis for removal exists. Examples of an independent basis for removal include the owner changing the use of the land or failing to meet any applicable income criteria required for classification under this chapter.

NEW SECTION. Sec. 30. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

MESSAGE FROM THE SENATE

March 7, 2014

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1651 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:
(1) The primary goal of the Washington state juvenile justice system is the rehabilitation and reintegration of former juvenile offenders. The public has a compelling interest in the rehabilitation of former juvenile offenders and their successful reintegration into society as active, law-abiding, and contributing members of their communities. When juvenile court records are publicly available, former juvenile offenders face substantial barriers to reintegration, as they are denied housing, employment, and education opportunities on the basis of these records.

(2) The legislature declares it is the policy of the state of Washington that the interest in juvenile rehabilitation and reintegration constitutes compelling circumstances that outweigh the public interest in continued availability of juvenile court records. The legislature intends that juvenile court proceedings be openly administered but, except in limited circumstances, the records of these proceedings be closed when the juvenile has reached the age of eighteen and completed the terms of disposition.

Sec. 2. RCW 13.50.010 and 2013 c 23 s 6 are each amended to read as follows:
(1) For purposes of this chapter:
(a) "Juvenile justice or care agency" means any of the following: Police, diversion units, court, prosecuting attorney, defense attorney, detention center, attorney general, the legislative children's oversight committee, the office of the family and children's ombuds, the department of social and health services and its contracting agencies, schools; persons or public or private agencies having children committed to their custody; and any placement oversight committee created under RCW 72.05.415;
(b) "Official juvenile court file" means the legal file of the juvenile court containing the petition or information, motions, memorandums, briefs, findings of the court, and court orders;
(c) "Records" means the official juvenile court file, the social file, and records of any other juvenile justice or care agency in the case;
(d) "Social file" means the juvenile court file containing the records and reports of the probation counselor.

(2) Each petition or information filed with the court may include only one juvenile and each petition or information shall be filed under a separate docket number. The social file shall be filed separately from the official juvenile court file.

(3) It is the duty of any juvenile justice or care agency to maintain accurate records. To this end:
(a) The agency may never knowingly record inaccurate information. Any information in records maintained by the department of social and health services relating to a petition filed pursuant to chapter 13.34 RCW that is found by the court to be false or inaccurate shall be corrected or expunged from such records by the agency;
(b) An agency shall take reasonable steps to assure the security of its records and prevent tampering with them; and
(c) An agency shall make reasonable efforts to assure the completeness of its records, including action taken by other agencies with respect to matters in its files.

(4) Each juvenile justice or care agency shall implement procedures consistent with the provisions of this chapter to facilitate inquiries concerning records.

(5) Any person who has reasonable cause to believe information concerning that person is included in the records of a juvenile justice or care agency and who has been denied access to those records by the agency may make a motion to the court for an order authorizing that person to inspect the juvenile justice or care agency record concerning that person. The court shall grant the motion to examine records unless it finds that in the interests of justice or in the best interests of the juvenile the records or parts of them should remain confidential.

(6) A juvenile, or his or her parents, or any person who has reasonable cause to believe information concerning that person is included in the records of a juvenile justice or care agency may make a motion to the court challenging the accuracy of any information concerning the moving party in the record or challenging the continued possession of the record by the agency. If the court grants the motion, it shall order the record or information to be corrected or destroyed.

(7) The person making a motion under subsection (5) or (6) of this section shall give reasonable notice of the motion to all parties to the original action and to any agency whose records will be affected by the motion.

(8) The court may permit inspection of records by, or release of information to, any clinic, hospital, or agency which has the subject person under care or treatment. The court may also permit inspection by or release to individuals or agencies, including juvenile justice advisory committees of county law and justice councils, engaged in legitimate research for educational, scientific, or public purposes. (The court shall release to the lead agency in the case record file the records required for its research and data gathering functions. Access to records or information for research purposes shall be permitted only if the anonymity of all persons mentioned in the records or information will be preserved.) Each person granted permission to inspect juvenile justice or care agency records for research purposes shall present a
notarized statement to the court stating that the names of juveniles and parents will remain confidential.

(9) The court shall release to the caseload forecast council the records needed for its research and data-gathering functions. Access to caseload forecast data may be permitted by the council for research purposes only if the anonymity of all persons mentioned in the records or information will be preserved.

(10) Juvenile detention facilities shall release records to the caseload forecast council upon request. The commission shall not disclose the names of any juveniles or parents mentioned in the records without the named individual's written permission.

((11))) (11) Requirements in this chapter relating to the court's authority to compel disclosure shall not apply to the legislative children's oversight committee or the office of the family and children's ombuds.

((12))) (12) For the purpose of research only, the administrative office of the courts shall maintain an electronic research copy of all records in the judicial information system related to juveniles. Access to the research copy is restricted to the Washington state center for court research. The Washington state center for court research shall maintain the confidentiality of all confidential records and shall preserve the anonymity of all persons identified in the research copy. The research copy may not be subject to any records retention schedule or information to a school pertaining to the investigation, diversion, and prosecution of a juvenile attending the school. Upon the decision to arrest or the arrest, incident reports may be released unless releasing the records would jeopardize the investigation or prosecution or endanger witnesses. If release of incident reports would jeopardize the investigation or prosecution or endanger witnesses, law enforcement and prosecuting attorneys may release information to the maximum extent possible to assist schools in protecting other students, staff, and school property.

(8) The juvenile court and the prosecutor may set up and maintain a central recordkeeping system which may receive information on all alleged juvenile offenders against whom a complaint has been filed pursuant to RCW 13.40.070 whether or not their cases are currently pending before the court. The central recordkeeping system may be computerized. If a complaint has been referred to a diversion unit, the diversion unit shall promptly report to the juvenile court or the prosecuting attorney when the juvenile has agreed to diversion. An offense shall not be reported as criminal history in any central recordkeeping system without notification by the diversion unit of the date on which the offender agreed to diversion.

(9) Upon request of the victim of a crime or the victim's immediate family, the identity of an alleged or proven juvenile offender alleged or found to have committed a crime against the victim and the identity of the alleged or proven juvenile offender's parent, guardian, or custodian and the circumstance of the alleged or proven crime shall be released to the victim of the crime or the victim's immediate family.

(10) Subject to the rules of discovery applicable in adult criminal prosecutions, the juvenile offense records of an adult criminal defendant or witness in an adult criminal proceeding shall be released upon request to prosecution and defense counsel after a charge has actually been filed. The juvenile offense records of any adult convicted of a crime and placed under the supervision of the adult corrections system shall be released upon request to the adult corrections system.

 Sec. 3. RCW 13.50.050 and 2012 c 177 s 2 are each amended to read as follows:

(1) This section and sections 4 and 5 of this act govern((s)) records relating to the commission of juvenile offenses, including records relating to diversions.

(2) The official juvenile court file of any alleged or proven juvenile offender shall be open to public inspection, unless sealed pursuant to (((subsection (12) of this section))) section 4 of this act.

(3) All records other than the official juvenile court file are confidential and may be released only as provided in this (((section))) chapter, RCW ((13.50.014)) 13.40.215((g)) and 4.24.550.

(4) Except as otherwise provided in this (((section and RCW 13.50.016))) chapter, records retained or produced by any juvenile justice or care agency may be released to other participants in the juvenile justice or care system only when an investigation or case involving the juvenile in question is being pursued by the other participant or when that other participant is assigned the responsibility for supervising the juvenile.

(5) Except as provided in RCW 4.24.550, information not in an official juvenile court file concerning a juvenile or a juvenile's family may be released to the public only when that information could not reasonably be expected to identify the juvenile or the juvenile's family.

(6) Notwithstanding any other provision of this chapter, the release, to the juvenile or his or her attorney, of law enforcement and prosecuting attorneys’ records pertaining to investigation, diversion, and prosecution of juvenile offenses shall be governed by the rules of discovery and other rules of law applicable in adult criminal investigations and prosecutions.

(7) Upon the decision to arrest or the arrest, law enforcement and prosecuting attorneys may cooperate with schools in releasing information to a school pertaining to the investigation, diversion, and prosecution of a juvenile attending the school. Upon the decision to arrest or the arrest, incident reports may be released unless releasing the records would jeopardize the investigation or prosecution or endanger witnesses. If release of incident reports would jeopardize the investigation or prosecution or endanger witnesses, law enforcement and prosecuting attorneys may release information to the maximum extent possible to assist schools in protecting other students, staff, and school property.
conviction of a juvenile offense or a criminal offense;

(iii) No proceeding is pending seeking the formation of a diversion agreement with the person;

(iv) The person is no longer required to register as a sex offender under RCW 9A.44.130 or has been relieved of the duty to register under RCW 9A.44.113 if the person was convicted of a sex offense; and

(v) Full restitution has been paid.

(c) Notwithstanding the requirements in (a) or (b) of this subsection, the court shall grant any motion to seal records of any deferred disposition vacated under RCW 13.10.127(4) prior to June 7, 2012, if restitution has been paid and the person is eighteen years of age or older at the time of the motion.

(13) The person making a motion pursuant to subsection (11) of this section shall give reasonable notice of the motion to the prosecution and to any person or agency whose files are sought to be sealed.

(14)(a) If the court grants the motion to seal made pursuant to subsection (11) of this section, it shall, subject to subsection (23) of this section, order sealed the official juvenile court file, the social file, and other records relating to the case as are named in the order. Thereafter, the proceedings in the case shall be treated as if they never occurred, and the subject of the records may routinely destroy the juvenile records.

(b) The court may not routinely destroy the official juvenile court file, the social file, and other records relating to juvenile offenses and diversions.

(15) Inspection of the files and records included in the order to seal may thereafter be permitted only by order of the court upon motion made by the person who is the subject of the information or complaint, except as otherwise provided in RCW 13.30.010(8) and subsection (23) of this section.

(16) Any adjudication of a juvenile offense or a crime subsequent to sealing has the effect of nullifying the sealing order. Any charging of an adult felony subsequent to the sealing has the effect of nullifying the sealing order for the purposes of chapter 9.94A RCW. The administrative office of the courts shall ensure that the superior court is notified when juvenile records shall be automatically destroyed within thirty days of being notified by the governor's office that the subject of those records received a full and unconditional pardon by the governor.

(17)(a) Subject to subsection (23) of this section, all records maintained by any court or law enforcement agency, including the juvenile court, local law enforcement, the Washington state patrol, and the prosecutor's office, shall be automatically destroyed within ninety days of becoming eligible for destruction. Juvenile records are eligible for destruction when:

(A) The person who is the subject of the information or complaint is at least eighteen years of age;

(B) His or her criminal history consists entirely of one diversion agreement or counsel and release entered on or after June 12, 2008;

(C) Two years have elapsed since completion of the agreement or counsel and release;

(D) No proceeding is pending against the person seeking the conviction of a criminal offense; and

(E) There is no restitution owing in the case.

(ii) No less than quarterly, the administrative office of the courts shall provide a report to the juvenile courts of those individuals whose records may be eligible for destruction. The juvenile court shall verify eligibility and notify the Washington state patrol and the appropriate local law enforcement agency and prosecutor's office of the records to be destroyed. The requirement to destroy records under this subsection is not dependent on a court hearing or the issuance of a court order to destroy records pursuant to this section.

(b) All records maintained by any court or law enforcement agency, including the juvenile court, local law enforcement, the Washington state patrol, and the prosecutor's office, shall be automatically destroyed within thirty days of being notified by the governor's office that the subject of those records received a full and unconditional pardon by the governor.

(c) A person eighteen years of age or older whose criminal history consists entirely of one diversion agreement or counsel and release entered prior to June 12, 2008, may request that the court order the records in his or her case destroyed. The request shall be granted, subject to subsection (23) of this section, if the court finds that two years have elapsed since completion of the agreement or counsel and release.

(d) A person twenty-three years of age or older whose criminal history consists of only referrals for diversion may request that the court order the records in those cases destroyed. The request shall be granted, subject to subsection (23) of this section, if the court finds that all diversion agreements have been successfully completed and no proceeding is pending against the person seeking the conviction of a criminal offense.

(18) If the court grants the motion to destroy records made pursuant to subsection (17)(c) or (d) of this section, it shall, subject to subsection (23) of this section, order the official juvenile court file, the social file, and any other records named in the order to be destroyed.

(19) The person making the motion pursuant to subsection (17)(c) or (d) of this section shall give reasonable notice of the motion to the prosecuting attorney and to any agency whose records are sought to be destroyed.

(20) Any juvenile to whom the provisions of this section or section 4 or 5 of this act may apply shall be given written notice of his or her rights under this section at the time of his or her disposition hearing or during the diversion process.

(21) Nothing in this section or section 4 or 5 of this act may apply shall be given written notice of his or her rights under this section at the time of his or her disposition hearing or during the diversion process.

(22) Any juvenile justice or care agency may, subject to the limitations in subsection (23) of this section and (a) and (b) of this subsection, develop procedures for the routine destruction of records relating to juvenile offenses and diversions.

(a) Records may be routinely destroyed only when the person the information or complaint has attained thirty-two years of age or older or pursuant to subsection (17)(a) of this section.

(b) The court may not routinely destroy the official juvenile court file or recordings or transcripts of any proceedings.

(23) Except ((for subsection (17)(b) of this section) as provided in section 5(2) of this act, no identifying information held by the Washington state patrol in accordance with chapter 43.43 RCW is subject to destruction or sealing under this section. For the purposes of this subsection, identifying information includes photographs, fingerprints, palmprints, soleprints, toeprints and any other data that identifies a person by physical characteristics, name, birthdate or address, but does not include information regarding criminal activity, arrest, charging, diversion, conviction or other information about a person's treatment by the criminal justice system or about the person's behavior.

(24) Information identifying child victims under age eighteen who are victims of sexual assaults by juvenile offenders is
RCW to read as follows:

NEW SECTION. Sec. 4. A new section is added to chapter 13.50

(1)(a) The court shall hold regular sealing hearings. During these
regular sealing hearings, the court shall administratively seal an
individual’s juvenile court record pursuant to the requirements of this
subsection unless the court receives an objection to sealing or the court
notes a compelling reason not to seal, in which case, the court shall set a
contested hearing to be conducted on the record to address sealing.
The respondent and his or her attorney shall be given at least eighteen
days' notice of any contested sealing hearing and the opportunity to
respond to any objections, but the respondent's presence is not required
at any sealing hearing pursuant to this subsection.

(b) At the disposition hearing of a juvenile offender, the court shall
schedule an administrative sealing hearing to take place during the first
regularly scheduled sealing hearing after the latest of the following
events that apply:

(i) The respondent's eighteenth birthday;
(ii) Anticipated completion of a respondent's probation, if ordered;
(iii) Anticipated release from confinement at the juvenile
rehabilitation administration, or the completion of parole, if the
respondent is transferred to the juvenile rehabilitation administration.

(c) A court shall enter a written order sealing an individual's
juvenile court record pursuant to this subsection if:

(i) One of the offenses for which the court has entered a disposition
is not at the time of commission of the offense:
   (A) A most serious offense, as defined in RCW 9.94A.030;
   (B) A sex offense under chapter 9A.44 RCW; or
   (C) A drug offense, as defined in RCW 9.94A.030; and
(ii) The respondent has completed the terms and conditions of
disposition, including affirmative conditions and financial obligations.

(d) Following a contested sealing hearing on the record after an
objection is made pursuant to (a) of this subsection, the court shall enter
a written order sealing the juvenile court record unless the court
determines that sealing is not appropriate.

(2) The court shall enter a written order immediately sealing the
official juvenile court record upon the acquittal after a fact finding or
upon dismissal of charges.

(3) If a juvenile court record has not already been sealed pursuant
to this section, in any case in which information has been filed pursuant
to RCW 13.40.100 or a complaint has been filed with the prosecutor
and referred for diversion pursuant to RCW 13.40.070, the person who
is the subject of the information or complaint may file a motion with the
court to have the court vacate its order and findings, if any, and,
subject to RCW 13.50.050(13), order the sealing of the official juvenile
court record, the social file, and records of the court and of any other
agency in the case.

(4)(a) The court shall grant any motion to seal records for class A
offenses made pursuant to subsection (3) of this section if:

(i) Since the last date of release from confinement, including full-
time residential treatment, if any, or entry of disposition, the person has
spent five consecutive years in the community without committing any

(5) The person making a motion pursuant to subsection (3) of this

nonexistence of records concerning an individual.

(b) In the event the subject of the juvenile records receives a full
and unconditional pardon, the proceedings in the matter upon which
the pardon has been granted shall be treated as if they never occurred,

(b) Any charging of an adult felony subsequent to the sealing has

(c) The administrative office of the courts shall ensure that the
superior court judicial information system provides prosecutors access

(9) If the juvenile court record has been sealed pursuant to this
section, the record of an employee is not admissible in an action for
liability against the employer based on the former juvenile offender's conduct to show that the employer knew or should have known of the juvenile record of the employee. The record may be admissible, however, if a background check conducted or authorized by the employer contained the information in the sealed record.

**NEW SECTION.** Sec. 5. A new section is added to chapter 13.50 RCW to read as follows:

(a) Subject to RCW 13.50.050(13), all records maintained by any court or law enforcement agency, including the juvenile court, local law enforcement, the Washington state patrol, and the prosecutor's office, shall be automatically destroyed within ninety days of becoming eligible for destruction. Juvenile records are eligible for destruction when:

(i) The person who is the subject of the information or complaint is at least eighteen years of age;

(ii) The person's criminal history consists entirely of one diversion agreement or counsel and release entered on or after June 12, 2008;

(iii) Two years have elapsed since completion of the agreement or counsel and release;

(iv) No proceeding is pending against the person seeking the conviction of a criminal offense; and

(v) There is no restitution owing in the case.

(b) No less than quarterly, the administrative office of the courts shall provide a report to the juvenile courts of those individuals whose records may be eligible for destruction. The court shall verify eligibility and notify the Washington state patrol and the appropriate local law enforcement agency and prosecutor's office of the records to be destroyed. The requirement to destroy records under this subsection is not dependent on a court hearing or the issuance of a court order to destroy records.

(c) The state and local governments and their officers and employees are not liable for civil damages for the failure to destroy records pursuant to this section.

(2) All records maintained by any court or law enforcement agency, including the juvenile court, local law enforcement, the Washington state patrol, and the prosecutor's office, shall be automatically destroyed within thirty days of being notified by the governor's office that the subject of those records received a full and unconditional pardon by the governor.

(3) A person may request that the court order the records in his or her case destroyed as follows:

(a) A person eighteen years of age or older whose criminal history consists entirely of one diversion agreement or counsel and release entered prior to June 12, 2008. The request shall be granted if the court finds that two years have elapsed since completion of the agreement or counsel and release.

(b) A parent who signed for a probation bond has the right to notify the court and surety of any failure to comply. A surety shall notify the court of the juvenile's failure to comply with the bond or conditions of supervision. The counselor shall notify the court and surety of any failure to comply. A surety shall notify the court of the juvenile's failure to comply with the bond or conditions of supervision.

(c) Has a prior deferred disposition or deferred adjudication; or

(d) Has two or more adjudications.

(4) Following the stipulation, acknowledgment, waiver, and entry of a finding or plea of guilt, the court shall defer entry of an order of disposition of the juvenile.

(5) Any juvenile granted a deferral of disposition under this section shall be placed under community supervision. The court may impose any conditions of supervision that it deems appropriate including posting a probation bond. Payment of restitution under RCW 13.40.190 shall be a condition of community supervision under this section.

The court may require a juvenile offender convicted of animal cruelty in the first degree to submit to a mental health evaluation to determine if the offender would benefit from treatment and such intervention would promote the safety of the community. After consideration of the results of the evaluation, as a condition of community supervision, the court may order the offender to attend treatment to address issues pertinent to the offense.

The court may require the juvenile to undergo a mental health or substance abuse assessment, or both. If the evaluation identifies a need for treatment, conditions of supervision may include treatment for the assessed need that has been demonstrated to improve behavioral health and reduce recidivism.

(6) A parent who signed for a probation bond has the right to notify the counselor if the juvenile fails to comply with the bond or conditions of supervision. The counselor shall notify the court and surety of any failure to comply. A surety shall notify the court of the juvenile's failure to comply with the bond or conditions of supervision. The state shall bear the burden to prove, by a preponderance of the evidence, that the juvenile has failed to comply with the terms of community supervision.

(7) Anytime prior to the conclusion of the period of supervision, the prosecutor or the juvenile's court community supervision counselor may file a motion with the court requesting the court revoke the deferred disposition based on the juvenile's lack of compliance or treat the juvenile's lack of compliance as a violation pursuant to RCW 13.40.200.
(b) If the court finds the juvenile failed to comply with the terms of the deferred disposition, the court may:
   (i) Revoke the deferred disposition and enter an order of disposition; or
   (ii) Impose sanctions for the violation pursuant to RCW 13.40.200.
(8) At any time following deferral of disposition the court may, following a hearing, continue supervision for an additional one-year period for good cause.
(9)(a) At the conclusion of the period of supervision, the court shall determine whether the juvenile is entitled to dismissal of the deferred disposition only when the court finds:
   (i) The deferred disposition has not been previously revoked;
   (ii) The juvenile has completed the terms of supervision;
   (iii) There are no pending motions concerning lack of compliance pursuant to subsection (7) of this section; and
   (iv) The juvenile has either paid the full amount of restitution, or, made a good faith effort to pay the full amount of restitution during the period of supervision.
(b) If the court finds the juvenile is entitled to dismissal of the deferred disposition pursuant to (a) of this subsection, the juvenile's conviction shall be vacated and the court shall dismiss the case with prejudice, except that a conviction under RCW 16.52.205 shall not be vacated. Whenever a case is dismissed with conviction still owing, the court shall enter a restitution order pursuant to RCW 13.40.190 for any unpaid restitution. Jurisdiction to enforce payment and modify terms of the restitution order shall be the same as those set forth in RCW 13.40.190.
(c) If the court finds the juvenile is not entitled to dismissal of the deferred disposition pursuant to (a) of this subsection, the court shall revoke the deferred disposition and enter an order of disposition. A deferred disposition shall remain a conviction unless the case is dismissed and the conviction is vacated pursuant to (b) of this subsection or sealed pursuant to ((RCW 13.50.050)) section 4 of this act.
(10)(a)(i) Any time the court vacates a conviction pursuant to subsection (9) of this section, if the juvenile is eighteen years of age or older and the full amount of restitution ordered has been paid, the court shall enter a written order sealing the case.
   (ii) Any time the court vacates a conviction pursuant to subsection (9) of this section, if the juvenile is not eighteen years of age or older and full restitution ordered has been paid, the court shall determine that the respondent does not have the means to make full restitution over a shorter period. For the purposes of this section, the respondent does not have the means to make full restitution over a shorter period if the court determines that the respondent does not have the means to make full restitution over a ten-year period.
   (iii) Any deferred disposition vacated prior to June 7, 2012, is not subject to sealing under this subsection.
(b) Nothing in this subsection shall preclude a juvenile from petitioning the court to have the records of his or her deferred dispositions sealed pursuant to ((RCW 13.50.050)) section 4 of this act.
(c) Records sealed under this provision shall have the same legal status as records sealed pursuant to ((RCW 13.50.050)) section 4 of this act.
Sec. 7. RCW 13.40.190 and 2010 c 134 s 1 are each amended to read as follows:
(1)(a) In its dispositional order, the court shall require the respondent to make restitution to any persons who have suffered loss or damage as a result of the offense committed by the respondent. In addition, restitution may be ordered for loss or damage if the offender pleads guilty to a lesser offense or fewer offenses and agrees with the prosecutor's recommendation that the offender be required to pay restitution to a victim of an offense or offenses which, pursuant to a plea agreement, are not prosecuted.
   (b) Restitution may include the costs of counseling reasonably related to the offense.
court which relate to the official actions of the agency may be entered in the statewide judicial information system. However, truancy records associated with a juvenile who has no other case history, and records of a juvenile's parents who have no other case history, shall be removed from the judicial information system when the juvenile is no longer subject to the compulsory attendance laws in chapter 28A.225 RCW. A county clerk is not liable for unauthorized release of this data by persons or agencies not in his or her employ or otherwise subject to his or her control, nor is the county clerk liable for inaccurate or incomplete information collected from litigants or other persons required to provide identifying data pursuant to this section.

(4) Subject to (a) of this subsection, the department of social and health services may release information retained in the course of conducting child protective services investigations to a family or juvenile court hearing a petition for custody under chapter 26.10 RCW.

(a) Information that may be released shall be limited to information regarding investigations in which: (i) The juvenile was an alleged victim of abandonment or abuse or neglect; or (ii) the petitioner for custody of the juvenile, or any individual aged sixteen or older residing in the petitioner's household, is the subject of a founded or currently pending child protective services investigation made by the department.

(b) Additional information may only be released with the written consent of the subject of the investigation and the juvenile alleged to be the victim of abandonment or abuse and neglect, or the parent, custodian, guardian, or personal representative of the juvenile, or by court order obtained with notice to all interested parties.

(5) Any disclosure of records or information by the department of social and health services pursuant to this section shall not be deemed a waiver of any confidentiality or privilege attached to the records or information by operation of any state or federal statute or regulation, and any recipient of such records or information shall maintain it in such a manner as to comply with such state and federal statutes and regulations and to protect against unauthorized disclosure.

(6) A contracting agency or service provider of the department of social and health services that provides counseling, psychological, psychiatric, or medical services may release to the office of the family and children's ombuds information or records relating to services provided to a juvenile who is dependent under chapter 13.34 RCW without the consent of the parent or guardian of the juvenile, or of the juvenile if the juvenile is under the age of thirteen years, unless such release is otherwise specifically prohibited by law.

(7) A juvenile, his or her parents, the juvenile's attorney, and the juvenile's parent's attorney, shall, upon request, be given access to all records and information collected or retained by a juvenile justice or care agency which pertain to the juvenile except:

(a) If it is determined by the agency that release of this information is likely to cause severe psychological or physical harm to the juvenile or his or her parents the agency may withhold the information subject to the court as required by subsection (c) of this section.

(b) If the information or record has been obtained by a juvenile justice or care agency in connection with the provision of counseling, psychological, psychiatric, or medical services to the juvenile, when the services have been sought voluntarily by the juvenile, and the juvenile has a legal right to receive those services without the consent of any person or agency, then the information or record may not be disclosed to the juvenile's parents without the informed consent of the juvenile unless otherwise authorized by law;

(c) That the department of social and health services may delete the name and identifying information regarding persons or organizations who have reported alleged child abuse or neglect.

(8) A juvenile or his or her parent denied access to any records following an agency determination under subsection (7) of this section may file a motion in juvenile court requesting access to the records.

The court shall grant the motion unless it finds access may not be permitted according to the standards found in subsection (7)(a) and (b) of this section.

(9) The person making a motion under subsection (8) of this section shall give reasonable notice of the motion to all parties to the original action and to any agency whose records will be affected by the motion.

(10) Subject to the rules of discovery in civil cases, any party to a proceeding seeking a declaration of dependency or a termination of the parent-child relationship and any party's counsel and the guardian ad litem of any party, shall have access to the records of any natural or adoptive child of the parent, subject to the limitations in subsection (7) of this section. A party denied access to records may request judicial review of the denial. If the party prevails, he or she shall be awarded attorneys' fees, costs, and an amount not less than five dollars and not more than one hundred dollars for each day the records were wrongfully denied.

(11) No unfounded allegation of child abuse or neglect as defined in RCW 26.44.020(1) may be disclosed to a child-placing agency, private adoption agency, or any other licensed provider.

MESSAGE FROM THE SENATE

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2626 with the following amendment:
Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that increasing educational attainment is vital to the well-being of Washingtonians and critical to the health of the state's economy. Education opens doors to gainful employment, higher wages, increased job benefits, improved physical health, and increased civic engagement. Educated workers who are capable of competing for high-demand jobs in today's global economy sustain existing employers and attract new businesses. These individuals with competitive higher education credentials directly contribute to the state's economic growth and vitality.

(2) The legislature finds that workforce and labor market projections estimate that by 2020 the vast majority of jobs in Washington will require at least a high school diploma or equivalent and seventy percent of those jobs will also require some postsecondary education.

(3) The legislature finds that current levels of educational attainment are inadequate to address the educational needs of the state. In 2013, eighty-nine percent of Washington adults ages twenty-five to forty-four had a high school diploma or equivalent, and less than fifty percent of Washington adults ages twenty-five to forty-four have a postsecondary credential.

(4) The legislature recognizes that one of the most important duties of the student achievement council is to propose educational attainment goals to the governor and legislature and develop a ten-year roadmap to achieve those goals, to be updated every two years.

NEW SECTION. Sec. 2. Acknowledging the recommendations in the higher education ten-year roadmap, the legislature is encouraged by the student achievement council's efforts to meet the following two goals in order to meet the societal and economic needs of the future:

(1) All adults in Washington ages twenty-five to forty-four will have a high school diploma or equivalent by 2023; and

(2) At least seventy percent of Washington adults ages twenty-five to forty-four will have a postsecondary credential by 2023.

NEW SECTION. Sec. 3. This act expires July 1, 2016."

On page 1, line 2 of the title, after "goals;" strike the remainder of the title and insert "creating new sections; and providing an expiration date."

and the same is herewith transmitted.

Brad Hendrickson, Deputy Secretary

MESSAGE FROM THE SENATE

March 6, 2014

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 2627 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the large number of individuals involved in the juvenile justice and criminal justice systems with substance abuse challenges is of significant concern. Access to effective treatment is critical to the successful treatment of individuals in the early stages of their contact with the juvenile justice and criminal justice systems. Such access may prevent further involvement in the systems. The effective use of substance abuse treatment options can result not only in significant cost savings for the juvenile justice and criminal justice systems, but can benefit the lives of individuals who face substance abuse challenges.

NEW SECTION. Sec. 2. A new section is added to chapter 10.31 RCW to read as follows:

(1) A pilot program is established in Snohomish county for the purpose of studying the effect of chemical dependency diversions as described in this section.

(2) When a police officer has reasonable cause to believe that the individual:

(a) Has committed acts constituting a nonfelony crime that is not a serious offense as identified in RCW 9.41.010;

(b) Has not committed a possible violation of laws relating to driving or being in physical control of a vehicle while under the influence of intoxicating liquor or any drug under chapter 46.20 RCW; and

(c) Is known by history or consultation with staff designated by the county to suffer from a chemical dependency, as defined in RCW 70.96A.020, the arresting officer may:

(i) Take the individual to an approved chemical dependency treatment provider for treatment. The individual must be examined by a chemical dependency treatment provider within three hours of arrival;

(ii) Take the individual to an emergency medical service customarily used for incapacitated persons, if no approved treatment

Brad Hendrickson, Deputy Secretary
program is readily available. The individual must be examined by a chemical dependency treatment provider within three hours of arrival; (iii) Refer the individual to a chemical dependency professional for initial detention and proceeding under chapter 70.96A RCW; or (iv) Release the individual upon agreement to voluntary participation in outpatient treatment.

(3) If the individual is released to the community, the chemical dependency provider shall inform the arresting officer of the release within a reasonable period of time after the release if the arresting officer has specifically requested notification and provided contact information to the provider.

(4) In deciding whether to refer the individual to treatment under this section, the police officer shall be guided by standards mutually agreed upon with the prosecuting authority, which address, at a minimum, the length, seriousness, and recency of the known criminal history of the individual, the mental health and substance abuse history of the individual, where available, and the circumstances surrounding the commission of the alleged offense.

(5) The police officer shall submit a written report to the prosecuting attorney within ten days.

(6) Any agreement to participate in treatment shall not require individuals to stipulate to any of the alleged facts regarding the criminal activity as a prerequisite to participation in a chemical dependency treatment alternative. The agreement is inadmissible in any criminal or civil proceeding. The agreement does not create immunity from prosecution for the alleged criminal activity.

(7) If an individual violates such agreement and the chemical dependency treatment alternative is no longer appropriate, the chemical dependency provider shall inform the referring law enforcement agency of the violation.

(8) Nothing in this section may be construed as barring the referral of charges to the prosecuting attorney, or the filing of criminal charges by the prosecuting attorney.

(9) The police officer, staff designated by the county, or treatment facility personnel are immune from liability for any good faith conduct under this section.

NEW SECTION. Sec. 3. Snohomish county shall evaluate the effects of the pilot program as provided in section 2 of this act. Snohomish county shall submit a report to the legislature consistent with RCW 43.01.036. The report must summarize the effectiveness of the pilot program and include: How often the chemical dependency diversion was used, the kind of treatment the person engaged in, how often treatment was completed, the number of prosecutions, any cost savings to the county or state, any cost shifting from the county or state onto other systems, and the recidivism rate of offenders involved in the pilot program. The report may include any recommendations to the legislature to improve the effectiveness of the pilot program. The report is due July 1, 2015, and every other year until July 1, 2019.

Sec. 4. RCW 13.40.042 and 2013 c 179 s 2 are each amended to read as follows:

(1) When a police officer has reasonable cause to believe that a juvenile has committed acts constituting a nonfelony crime that is not a serious offense as identified in RCW 10.77.092, and the officer believes that the juvenile suffers from a mental disorder, and the local prosecutor has entered into an agreement with law enforcement regarding the detention of juveniles who may have a mental disorder or may be suffering from chemical dependency, the arresting officer, instead of taking the juvenile to the local juvenile detention facility, may take the juvenile to:

(a) An evaluation and treatment facility as defined in RCW 71.34.020 if the juvenile suffers from a mental disorder and the facility has been identified as an alternative location by agreement of the prosecutor, law enforcement, and the mental health provider;
(b) A facility or program identified by agreement of the prosecutor and law enforcement; or
(c) A location already identified and in use by law enforcement for the purpose of (mental) a behavioral health diversion.

(2) For the purposes of this section, an "alternative location" means a facility or program that has the capacity to evaluate a youth and, if determined to be appropriate, develop a behavioral health intervention plan and initiate treatment.

(3) If a juvenile is taken to any location described in subsection (1)(a) or (b) of this section, the juvenile may be held for up to twelve hours and must be examined by a mental health or chemical dependency professional within three hours of arrival.

(4) The authority provided pursuant to this section is in addition to existing authority under RCW 10.31.110 and section 2 of this act.

Sec. 5. RCW 13.40.080 and 2013 c 179 s 4 are each amended to read as follows:

(1) A diversion agreement shall be a contract between a juvenile accused of an offense and a diversion unit whereby the juvenile agrees to fulfill certain conditions in lieu of prosecution. Such agreements may be entered into only after the prosecutor, or probation counselor pursuant to this chapter, has determined that probable cause exists to believe that a crime has been committed and that the juvenile committed it. Such agreements shall be entered into as expeditiously as possible.

(2) A diversion agreement shall be limited to one or more of the following:

(a) Community restitution not to exceed one hundred fifty hours, not to be performed during school hours if the juvenile is attending school;
(b) Restitution limited to the amount of actual loss incurred by any victim;
(c) Attendance at up to ten hours of counseling and/or up to twenty hours of educational or informational sessions at a community agency. The educational or informational sessions may include sessions relating to respect for self, others, and authority; victim awareness; accountability; self-worth; responsibility; work ethics; good citizenship; literacy; and life skills. If an assessment identifies mental health or chemical dependency needs, a youth may access up to thirty hours of counseling. The counseling sessions may include services demonstrated to improve behavioral health and reduce recidivism. For purposes of this section, "community agency" may also mean a community-based nonprofit organization, a physician, a counselor, a school, or a treatment provider, if approved by the diversion unit. The state shall not be liable for costs resulting from the diversion unit exercising the option to permit diversion agreements to mandate attendance at up to thirty hours of counseling and/or up to twenty hours of educational or informational sessions;
(d) A fine, not to exceed one hundred dollars;
(e) Requirements to remain during specified hours at home, school, or work, and restrictions on leaving or entering specified geographical areas; and
(f) Upon request of any victim or witness, requirements to refrain from any contact with victims or witnesses of offenses committed by the juvenile.

(3) Notwithstanding the provisions of subsection (2) of this section, youth courts are not limited to the conditions imposed by subsection (2) of this section in imposing sanctions on juveniles pursuant to RCW 13.40.630.

(4) In assessing periods of community restitution to be performed and restitution to be paid by a juvenile who has entered into a diversion agreement, the court officer to whom this task is assigned shall consult with the juvenile's custodial parent or parents or guardian. To the extent possible, the court officer shall advise the victims of the juvenile offender of the diversion process, offer victim impact letter forms and restitution claim forms, and involve members of the community. Such members of the community shall meet with the juvenile and advise the court officer as to the terms of the diversion agreement and shall supervise the juvenile in carrying out its terms.
(5)(a) A diversion agreement may not exceed a period of six months and may include a period extending beyond the eighteenth birthday of the divertee.

(b) If additional time is necessary for the juvenile to complete restitution to a victim, the time period limitations of this subsection may be extended by an additional six months.

(c) If the juvenile has not paid the full amount of restitution by the end of the additional six-month period, then the juvenile shall be referred to the juvenile court for entry of an order establishing the amount of restitution still owed to the victim. In this order, the court shall also determine the terms and conditions of the restitution, including a payment plan extending up to ten years if the court determines that the juvenile does not have the means to make full restitution over a shorter period. For the purposes of this subsection (5)(c), the juvenile shall remain under the court's jurisdiction for a maximum term of ten years after the juvenile's eighteenth birthday. Prior to the expiration of the initial ten-year period, the juvenile court may extend the judgment for restitution an additional ten years. The court may relieve the juvenile of the requirement to pay full or partial restitution if the juvenile reasonably satisfies the court that he or she does not have the means to make full or partial restitution and could not reasonably acquire the means to pay the restitution over a ten-year period. If the court relieves the juvenile of the requirement to pay full or partial restitution, the court may order an amount of community restitution that the court deems appropriate. The county clerk shall make disbursements to victims named in the order. The restitution to victims named in the order shall be paid prior to any payment for other penalties or monetary assessments. A juvenile under obligation to pay restitution may petition the court for modification of the restitution order.

(6) The juvenile shall retain the right to be referred to the court at any time prior to the signing of the diversion agreement.

(7) Divertees and potential divertees shall be afforded due process in all contacts with a diversion unit regardless of whether the juveniles are accepted for diversion or whether the diversion program is successfully completed. Such due process shall include, but not be limited to, the following:

(a) A written diversion agreement shall be executed stating all conditions in clearly understandable language;

(b) Violation of the terms of the agreement shall be the only grounds for termination;

(c) No divertee may be terminated from a diversion program without being given a court hearing, which hearing shall be preceded by:

(i) Written notice of alleged violations of the conditions of the diversion program; and

(ii) Disclosure of all evidence to be offered against the divertee;

(d) The hearing shall be conducted by the juvenile court and shall include:

(i) Opportunity to be heard in person and to present evidence;

(ii) The right to confront and cross-examine all adverse witnesses;

(iii) A written statement by the court as to the evidence relied on and the reasons for termination, should that be the decision; and

(iv) Demonstration by evidence that the divertee has substantially violated the terms of his or her diversion agreement;

(e) The prosecutor may file an information on the offense for which the divertee was diverted:

(i) In juvenile court if the divertee is under eighteen years of age; or

(ii) In superior court or the appropriate court of limited jurisdiction if the divertee is eighteen years of age or older.

(8) The diversion unit shall, subject to available funds, be responsible for providing interpreters when juveniles need interpreters to effectively communicate during diversion unit hearings or negotiations.

(9) The diversion unit shall be responsible for advising a divertee of his or her rights as provided in this chapter.

(10) The diversion unit may refer a juvenile to a restorative justice program, community-based counseling, or treatment programs.

(11) The right to counsel shall inure prior to the initial interview for purposes of advising the juvenile as to whether he or she desires to participate in the diversion process or to appear in the juvenile court. The juvenile may be represented by counsel at any critical stage of the diversion process, including intake interviews and termination hearings. The juvenile shall be fully advised at the intake of his or her right to an attorney and of the relevant services an attorney can provide. For the purpose of this section, intake interviews mean all interviews regarding the diversion agreement process.

The juvenile shall be advised that a diversion agreement shall constitute a part of the juvenile's criminal history as defined by RCW 13.40.020(7). A signed acknowledgment of such advisement shall be obtained from the juvenile, and the document shall be maintained by the diversion unit together with the diversion agreement, and a copy of both documents shall be delivered to the prosecutor if requested by the prosecutor. The supreme court shall promulgate rules setting forth the content of such advisement in simple language.

(12) When a juvenile enters into a diversion agreement, the juvenile court may receive only the following information for dispositional purposes:

(a) The fact that a charge or charges were made;

(b) The fact that a diversion agreement was entered into;

(c) The juvenile's obligations under such agreement;

(d) Whether the alleged offender performed his or her obligations under such agreement; and

(e) The facts of the alleged offense.

(13) A diversion unit may refuse to enter into a diversion agreement with a juvenile. When a diversion unit refuses to enter a diversion agreement with a juvenile, it shall immediately refer such juvenile to the court for action and shall forward to the court the criminal complaint and a detailed statement of its reasons for refusing to enter into a diversion agreement. The diversion unit shall also immediately refer the case to the prosecuting attorney for action if such juvenile violates the terms of the diversion agreement.

(14) A diversion unit may, in instances where it determines that the act or omission of an act for which a juvenile has been referred to it involved no victim, or where it determines that the juvenile referred to it has no prior criminal history and is alleged to have committed an illegal act involving no threat of or instance of actual physical harm and involving not more than fifty dollars in property loss or damage and that there is no loss outstanding to the person or firm suffering such damage or loss, counsel and release such a juvenile without entering into a diversion agreement. A diversion unit's authority to counsel and release a juvenile under this subsection includes the authority to refer the juvenile to community-based counseling or treatment programs or a restorative justice program. Any juvenile released under this subsection shall be advised that the act or omission of any act for which he or she had been referred shall constitute a part of the juvenile's criminal history as defined by RCW 13.40.020(7). A signed acknowledgment of such advisement shall be obtained from the juvenile, and the document shall be maintained by the unit, and a copy of the document shall be delivered to the prosecutor if requested by the prosecutor. The supreme court shall promulgate rules setting forth the content of such advisement in simple language. A juvenile determined to be eligible by a diversion unit for release as provided in this subsection shall retain the same right to counsel and right to have his or her case referred to the court for formal action as any other juvenile referred to the unit.

(15) A diversion unit may supervise the fulfillment of a diversion agreement entered into before the juvenile's eighteenth birthday and which includes a period extending beyond the divertee's eighteenth birthday.

The Clerk called the roll on the final passage of Engrossed Substitute Senate Bill No. 5045 without House amendments, and the bill passed the House by the following vote: Yeas, 86; Nays, 12; Absent, 0; Excused, 0.

Voting nay: Representative Roberts.
The number of employment positions and wages at a natural gas liquefaction plant located in Washington and operated by a gas distribution business where some or all of the liquefied natural gas is sold for use as a transportation fuel. If the average number of employment positions at the liquefaction facility once it is operationally complete equals or exceeds eighteen and average annual wages for employment positions at the facility exceed thirty-five thousand dollars, it is presumed that the public policy objective of job creation has been achieved.

(ii) The number of employment positions and wages at a liquefaction facility located in Washington and operated by a gas distribution business where some or all of the liquefied natural gas is sold for use as a transportation fuel. If the average number of employment positions at the liquefaction facility once it is operationally complete equals or exceeds eighteen and average annual wages for employment positions at the facility exceed thirty-five thousand dollars, it is presumed that the public policy objective of job creation has been achieved.

(2) This subsection is the tax performance statement for this act. The performance statement is only intended to be used for subsequent evaluation of the tax changes made in this act. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(a) The legislature categorizes the tax changes in this act as changes intended to accomplish the general purposes indicated in RCW 82.32.808(2) (c) and (d).

(b) It is the legislature's specific public policy objectives to promote job creation and positive economic development; lower carbon dioxide, sulfur dioxide, nitrogen dioxide, and particulate emissions; and secure optimal liquefied natural gas pricing for the state of Washington and other public entities.

(c) To measure the effectiveness of the exemption provided in this act in achieving the specific public policy objective described in (c) of this subsection, the joint legislative audit and review committee must evaluate the following:

(i) The number of employment positions and wages at a natural gas liquefaction facility located in Washington and operated by a gas distribution business where some or all of the liquefied natural gas is sold for use as a transportation fuel. If the average number of employment positions at the liquefaction facility once it is operationally complete equals or exceeds eighteen and average annual wages for employment positions at the facility exceed thirty-five thousand dollars, it is presumed that the public policy objective of job creation has been achieved.

(ii) The estimated total cost of construction of a liquefaction plant by a gas distribution company, including costs for machinery and equipment. If the total cost equals or exceeds two hundred fifty million dollars, it is presumed that the public policy objective of positive economic development has been achieved.

(iii) The estimated fuel savings by the Washington state ferry system and other public entities through the use of liquefied natural gas purchased from a gas distribution business.

(iv) The estimated reduction in carbon dioxide, sulfur dioxide, nitrogen dioxide, and particulate emissions, resulting from the use of liquefied natural gas and compressed natural gas as a transportation fuel where the natural gas is sold by a gas distribution business. The emissions of liquefied and compressed natural gas must be specifically compared with an equivalent amount of diesel fuel. If the estimated annual reduction in emissions exceeds the following benchmarks, it is presumed that the public policy objective of reducing emissions has been achieved:

(A) Three hundred million pounds of carbon dioxide;
(B) Two hundred thousand pounds of sulfur dioxide;
(C) Four hundred thousand pounds of nitrogen dioxide; and
(D) Four hundred fifty thousand pounds of particulate matter
(e) The following data sources are intended to provide the informational basis for the evaluation under (d) of this subsection:

(A) Employment data provided by the state employment security department;
(B) Ferry fuel purchasing data provided by the state department of transportation;
(C) Diesel and other energy pricing data found on the United States energy information administration's web site; and
(D) Information provided by a gas distribution business on the annual report required under RCW 82.32.534.

(ii) In addition to the data source described under (e)(i) of this subsection, the joint legislative audit and review committee may use any other data it deems necessary in performing the evaluation under (d) of this subsection.

(3) A gas distribution business claiming the exemption under RCW 82.08.02565 or 82.12.02565 must file the annual report under RCW 82.32.534 or any successor document. In addition to the information contained in the report, the report must also include the amount of liquefied natural gas and compressed natural gas sold by the gas distribution business as a transportation fuel.

(4) The joint legislative audit and review committee must perform the review required in this section in a manner consistent with its tax preference review process under chapter 43.136 RCW. The committee must perform the review in calendar year 2020.

(b) For purposes of determining whether a person has sold within the United States a total amount of natural or manufactured gas in a calendar year that is no more than twenty percent of the amount of natural or manufactured gas that it consumes within the United States in the same calendar year, the following transfers of gas are not considered to be the sale of natural or manufactured gas:

(i) The transfer of any natural or manufactured gas as a result of the acquisition of another business, through merger or otherwise; or

(ii) The transfer of any natural or manufactured gas accomplished solely to comply with federal regulatory requirements imposed on the pipeline transportation of such gas when it is shipped by a third-party manager of a person's pipeline transportation.

(a) "To manufacture" does not include the treatment of wastewater, the production of reclaimed water, and the production of class B biosolids; and

(b) "To manufacture" does include the production of class A or exceptional quality biosolids, but only with respect to the processing activities that occur after the biosolids have reached class B standards.

Sec. 304. RCW 82.12.022 and 2011 c 174 s 304 are each amended to read as follows:

(1) A use tax is levied on every person in this state for the privilege of using natural gas or manufactured gas, including compressed natural gas and liquefied natural gas, within this state as a consumer.

(2) The tax must be levied and collected in an amount equal to the value of the article used by the taxpayer multiplied by the rate in effect for the public utility tax on gas distribution businesses under RCW 82.16.020. The "value of the article used" does not include any amounts that are paid for the hire or use of a gas distribution business as defined in RCW 82.16.010(2) in transporting the gas subject to tax under this subsection if those amounts are subject to tax under that chapter.

(3) The tax levied in this section does not apply to the use of natural or manufactured gas delivered to the consumer by other means than through a pipeline.

(4) The tax levied in this section does not apply to the use of natural or manufactured gas if the person who sold the gas to the consumer has paid a tax under RCW 82.16.020 with respect to the gas for which exemption is sought under this subsection.

(5)(a) The tax levied in this section does not apply to the use of natural or manufactured gas by an aluminum smelter as that term is defined in RCW 82.04.217 before January 1, 2017.

(b) A person claiming the exemption provided in this subsection must file a complete annual report with the department under RCW 82.32.534.

(6) The tax imposed by this section does not apply to the use of natural gas, compressed natural gas, or liquefied natural gas, if the consumer uses the gas for transportation fuel as defined in section 301 of this act.

(7) There is a credit against the tax levied under this section in an amount equal to any tax paid by:

(a) The person who sold the gas to the consumer when that tax is a gross receipts tax similar to that imposed pursuant to RCW 82.16.020 by another state with respect to the gas for which a credit is sought under this subsection; or

(b) The person consuming the gas upon which a use tax similar to the tax imposed by this section was paid to another state with respect to the gas for which a credit is sought under this subsection.

(8) The use tax imposed in this section must be paid by the consumer to the department.
(9) There is imposed a reporting requirement on the person who delivered the gas to the consumer to make a quarterly report to the department. Such report must contain the volume of gas delivered, name of the consumer to whom delivered, and such other information as the department may require by rule.

(10) The department may adopt rules under chapter 34.05 RCW for the administration and enforcement of sections 1 through 6, chapter 384, Laws of 1989.

Sec. 305. RCW 82.14.230 and 2010 c 127 s 5 are each amended to read as follows:

(1) The governing body of any city, while not required by legislative mandate to do so, may, by resolution or ordinance for the purposes authorized by this chapter, fix and impose on every person a use tax for the privilege of using natural gas or manufactured gas in the city as a consumer.

(2) The tax is imposed in an amount equal to the value of the article used by the taxpayer multiplied by the rate in effect for the tax on natural gas businesses under RCW 35.21.870 in the city in which the article is used. The "value of the article used," does not include any amounts that are paid for the hire or use of a natural gas business in transporting the gas subject to tax under subsection (1) if those amounts are subject to tax under RCW 35.21.870.

(3) The tax imposed under this section does not apply to the use of natural or manufactured gas if the person who sold the gas to the consumer has paid a tax under RCW 35.21.870 with respect to the gas for which exemption is sought under this subsection.

(4) There is a credit against the tax levied under this section in an amount equal to any tax paid by:

(a) The person who sold the gas to the consumer when that tax is a gross receipts tax similar to that imposed pursuant to RCW 35.21.870 by another municipality or other unit of local government with respect to the gas for which a credit is sought under this subsection; or

(b) The person consuming the gas upon which a use tax similar to the tax imposed by this section was paid to another municipality or other unit of local government with respect to the gas for which a credit is sought under this subsection.

(5) The use tax imposed must be paid by the consumer. The administration and collection of the tax imposed is pursuant to RCW 82.14.050.

(6) The tax authorized by this section does not apply to the use of natural gas, compressed natural gas, or liquefied natural gas, if the consumer uses the gas for transportation fuel as defined in section 301 of this act.

Sec. 306. RCW 35.21.870 and 1984 c 225 s 6 are each amended to read as follows:

(1) No city or town may impose a tax on the privilege of conducting an electrical energy, natural gas, steam energy, or telephone business at a rate which exceeds six percent unless the rate is first approved by a majority of the voters of the city or town voting on such a proposition.

(2) If a city or town is imposing a tax at a rate higher than six percent, the city or town must decrease the rate to a rate of six percent or less by reducing the rate each year on or before November 1st by ordinances to be effective on January 1st of the succeeding year, by an amount equal to one-tenth the difference between the tax rate on April 20, 1982, and six percent.

(b) Nothing in this subsection prohibits a city or town from reducing its rates by amounts greater than the amounts required in this subsection.

(3) Voter approved rate increases under subsection (1) of this section may not be included in the computations under this subsection.

(4) No city or town may impose a tax on the privilege of conducting a natural gas business with respect to sales that are exempt from the tax imposed under chapter 82.16 RCW as provided in section 301 of this act at a rate higher than its business and occupation tax rate on the sale of tangible personal property or, if the city or town does not impose a business and occupation tax on the sale of tangible personal property, at a rate greater than .002.

Sec. 307. RCW 82.14.030 and 2008 c 86 s 101 are each amended to read as follows:

(1) The governing body of any county or city, while not required by legislative mandate to do so, may, by resolution or ordinance for the purposes authorized by this chapter, impose a sales and use tax in accordance with the terms of this chapter. Such tax (shall) must be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW, upon the occurrence of any taxable event within the county or city as the case may be. (Except as provided in RCW 82.14.230.) This sales and use tax (shall) does not apply to natural or manufactured gas, except for natural gas that is used as a transportation fuel as defined in section 301 of this act and is taxable by the state under chapters 82.08 and 82.12 RCW. The rate of such tax imposed by a county (shall be) is five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). The rate of such tax imposed by a city (shall) may not exceed five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). However, in the event a county imposes a sales and use tax under this subsection, the rate of such tax imposed under this subsection by any city therein (shall) may not exceed four hundred and twenty-five one-thousandths of one percent.

(2) In addition to the tax authorized in subsection (1) of this section, the governing body of any county or city may by resolution or ordinance impose an additional sales and use tax in accordance with the terms of this chapter. Such additional tax (shall) must be collected upon the same taxable events upon which the tax imposed under subsection (1) of this section is imposed. The rate of such additional tax imposed by a county (shall be) is up to five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). The rate of such additional tax imposed by a city (shall be) is up to five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax).

Export Exemptions and Machinery and Equipment Sales and Use Tax Exemptions

Sec. 401. RCW 82.38.180 and 2013 c 225 s 119 are each amended to read as follows:

(1) Any person who has purchased fuel on which tax has been paid may file a claim with the department for a refund of the tax for:

(a) Fuel used for purposes other than for the propulsion of motor vehicles upon the public highways in this state. However, a refund may not be made for motor vehicle fuel consumed by a motor vehicle required to be registered under chapter 46.16A RCW.

(b) Except as provided in (q) of this subsection, fuel exported for use outside of this state. Fuel carried from this state in the fuel tank
of a motor vehicle is deemed to be exported from this state. Fuel distributed to a federally recognized Indian tribal reservation located within the state of Washington is not considered exported outside this state.

(c) Tax, penalty, or interest erroneously or illegally collected or paid.

(d) Fuel which is lost or destroyed, while the licensee is the owner thereof, through fire, lightning, flood, wind storm, or explosion.

(e) Fuel of five hundred gallons or more which is lost or destroyed while the licensee is the owner thereof, through leakage or other casualty except evaporation, shrinkage, or unknown causes.

(f) Fuel used in power pumping units or other power take-off equipment of any motor vehicle which is accurately measured by metering devices that have been specifically approved by the department or by a formula determined by the department.

(g) Seventy percent of liquefied and compressed natural gas exported for use outside of this state.

(2) Any person who has purchased special fuel on which tax has been paid may file a claim with the department for a refund of tax for:

(a) Special fuel used for the operation of a motor vehicle as a part of or incidental to logging operations upon a highway under federal jurisdiction within the boundaries of a federal area if the federal government requires a fee for the privilege of operating the motor vehicle upon the highway, the proceeds of which are reserved for constructing or maintaining roads in the federal area, or requires maintenance or construction work to be performed on the highway for the privilege of operating the motor vehicle on the highway;

(b) Special fuel used by special mobile equipment as defined in RCW 46.04.552;

(c) Special fuel used in a motor vehicle for movement between two pieces of private property wherein the movement is incidental to the primary use of the vehicle; and

(d) Special fuel inadvertently mixed with dyed special fuel.

(3) Any person who has purchased motor vehicle fuel on which tax has been paid may file a claim with the department for a refund of tax for:

(a) Motor vehicle fuel used by a private, nonprofit transportation provider regulated under chapter 81.66 RCW to provide transportation services for persons with special transportation needs; and

(b) Motor vehicle fuel used by an urban passenger transportation system. For purposes of this subsection "urban passenger transportation system" means every transportation system, publicly or privately owned, having as its principal source of revenue the income from transporting persons for compensation by means of motor vehicles or trackless trolleys, each having a seating capacity of over fifteen persons, over prescribed routes in such a manner that the routes of such motor vehicles or trackless trolleys, each having a seating capacity of over fifteen persons, over prescribed routes in such a manner that the routes of such motor vehicles or trackless trolleys, each alone or in conjunction with routes of other such motor vehicles or trackless trolleys subject to the routing by the same transportation system, do not extend for a distance exceeding fifteen road miles beyond the corporate limits of the city in which the original starting points of such motor vehicles or trackless trolleys are located. No refunds are authorized for fuel used on any trip where any portion of the trip is more than fifteen road miles beyond the corporate limits of the city in which the trip originated.

(4) Recovery for such loss or destruction under subsections (1)(d) or (e) or (2)(d) of this section must be susceptible to positive proof thereby enabling the department to conduct such investigation and require such information as it may deem necessary. In the event that the department is not satisfied that the fuel was lost, destroyed, or contaminated as claimed because information or proof as required hereunder is not sufficient to substantiate the accuracy of the claim, it may deem such as sufficient cause to deny all right relating to the refund or credit for the excise tax paid on fuel alleged to be lost or destroyed.

(5) No refund or claim for credit may be approved by the department unless the gallons of fuel claimed as nontaxable satisfy the conditions specifically set forth in this section and the nontaxable event or use occurred during the period covered by the refund claim. Refunds or claims for credit are not (be [are not]) allowed for anticipated nontaxable use or events.

Sec. 402. RCW 82.08.02565 and 2011 c 23 s 2 are each amended to read as follows:

(1)(a) The tax levied by RCW 82.08.020 does not apply to sales to a manufacturer or processor for hire of machinery and equipment used directly in a manufacturing operation or research and development operation, to sales to a person engaged in testing for a manufacturer or processor for hire of machinery and equipment used directly in a testing operation, or to sales of or charges made for labor and services rendered in respect to installing, repairing, cleaning, altering, or improving the machinery and equipment.

(b) Except as provided in (c) of this subsection, sellers making tax-exempt sales under this section must obtain from the purchaser an exemption certificate in a form and manner prescribed by the department by rule. The seller must retain a copy of the certificate for the seller's files.

(c)(i) The exemption under this section is in the form of a remittance for a gas distribution business, as defined in RCW 82.16.010, claiming the exemption for machinery and equipment used for the production of compressed natural gas or liquefied natural gas for use as a transportation fuel.

(ii) A gas distribution business claiming an exemption from state and local tax in the form of a remittance under this section must pay the tax under RCW 82.08.020 and all applicable local sales taxes. Beginning July 1, 2017, the gas distribution business may then apply to the department for remittance of state and local sales and use taxes. A gas distribution business may not apply for a remittance more frequently than once a quarter. The gas distribution business must specify the amount of exempted tax claimed and the qualifying purchases for which the exemption is claimed. The gas distribution business must retain, in adequate detail, records to enable the department to determine whether the business is entitled to an exemption under this section, including: Invoices; proof of tax paid; and documents describing the machinery and equipment.

(iii) The department must determine eligibility under this section based on the information provided by the gas distribution business, which is subject to audit verification by the department. The department must on a quarterly basis remit exempted amounts to qualifying businesses who submitted applications during the previous quarter.

(2) For purposes of this section and RCW 82.12.02565:

(a) "Machinery and equipment" means industrial fixtures, devices, and support facilities, and tangible personal property that becomes an ingredient or component thereof, including repair parts and replacement parts. "Machinery and equipment" includes pollution control equipment installed and used in a manufacturing operation, testing operation, or research and development operation to prevent air pollution, water pollution, or contamination that might otherwise result from the manufacturing operation, testing operation, or research and development operation. "Machinery and equipment" also includes digital goods.

(i) Hand-powered tools;

(ii) Property with a useful life of less than one year;

(iii) Buildings, other than machinery and equipment that is permanently affixed to or becomes a physical part of a building; and

(iv) Building fixtures that are not integral to the manufacturing operation, testing operation, or research and development operation that are permanently affixed to and become a physical part of a building, such as utility systems for heating, ventilation, air conditioning, communications, plumbing, or electrical.
(c) Machinery and equipment is "used directly" in a manufacturing operation, testing operation, or research and development operation if the machinery and equipment:
(i) Acts upon or interacts with an item of tangible personal property;
(ii) Conveys, transports, handles, or temporarily stores an item of tangible personal property at the manufacturing site or testing site;
(iii) Controls, guides, measures, verifies, aligns, regulates, or tests tangible personal property at the site or away from the site;
(iv) Provides physical support for or access to tangible personal property;
(v) Produces power for, or lubricates machinery and equipment;
(vi) Produces another item of tangible personal property for use in the manufacturing operation, testing operation, or research and development operation;

(e) "Manufacturing" means only those activities that come within the definition of "to manufacture" in RCW 82.04.120 and are taxed as manufacturing or processing for hire under chapter 82.04 RCW, or would be taxed as such if such activity were conducted in this state or if not for an exemption or deduction. "Manufacturing" also includes printing newspapers or other materials. An activity is not taxed as manufacturing or processing for hire under chapter 82.04 RCW if the activity is within the purview of chapter 82.16 RCW.

(f) "Manufacturing operation" means the manufacturing of articles, substances, or commodities for sale as tangible personal property. A manufacturing operation begins at the point where the raw materials enter the manufacturing site and ends at the point where the processed material leaves the manufacturing site. With respect to the production of class A or exceptional quality biosolids by a wastewater treatment facility, the manufacturing operation begins at the point where class B biosolids undergo additional processing to achieve class A or exceptional quality standards. Notwithstanding anything to the contrary in this section, the term also includes that portion of a cogeneration project that is used to generate power for consumption within the manufacturing site of which the cogeneration project is an integral part. The term does not include the preparation of food products on the premises of a person selling food products at retail.

(g) "Cogeneration" means the simultaneous generation of electrical energy and low-grade heat from the same fuel.

(h) "Research and development operation" means engaging in research and development as defined in RCW 82.63.010 by a manufacturer or processor for hire.

(i) "Testing" means activities performed to establish or determine the properties, qualities, and limitations of tangible personal property.

(j) "Testing operation" means the testing of tangible personal property for a manufacturer or processor for hire. A testing operation begins at the point where the tangible personal property enters the testing site and ends at the point where the tangible personal property leaves the testing site. The term also includes the testing of tangible personal property for use in that portion of a cogeneration project that is used to generate power for consumption within the manufacturing site of which the cogeneration project is an integral part. The term does not include the testing of tangible personal property for use in the production of electricity by a light and power business as defined in RCW 82.16.010 or the preparation of food products on the premises of a person selling food products at retail.

Sec. 403. RCW 82.12.02565 and 2003 c 5 s 5 are each amended to read as follows:

(1) The provisions of this chapter ((shall)) do not apply in respect to the use by a manufacturer or processor for hire of machinery and equipment used directly in a manufacturing operation or research and development operation, to the use by a person engaged in testing for a manufacturer or processor for hire of machinery and equipment used directly in a testing operation, or to the use of labor and services rendered in respect to installing, repairing, cleaning, altering, or improving the machinery and equipment.

(2) The definitions, conditions, and requirements in RCW 82.08.02565 apply to this section.

Sec. 404. RCW 82.08.0255 and 2013 c 225 s 640 are each amended to read as follows:

(1) The tax levied by RCW 82.08.020 does not apply to sales of motor vehicle and special fuel if:
(a) The fuel is purchased for the purpose of public transportation and the purchaser is entitled to a refund or an exemption under RCW 82.38.080(1)(f) and (g) or 82.38.180(3)(b); or
(b) The fuel is purchased by a private, nonprofit transportation provider certified under chapter 81.66 RCW and the purchaser is entitled to a refund or an exemption under RCW 82.38.080(1)(d) or 82.38.180(3)(a); or
(c) The fuel is purchased by a public transportation benefit area created under chapter 36.57A RCW or a county-owned ferry or county ferry district created under chapter 36.54 RCW for use in passenger-only ferry vessels; or
(d) The fuel is purchased by the Washington state ferry system for use in a state-owned ferry after June 30, 2013; or
(e) The fuel is purchased by a county-owned ferry for use in ferry vessels after June 30, 2013; or
(f) The fuel is taxable under chapter 82.38 RCW.

(2) (a) Except as provided in (b) of this subsection, any person who has paid the tax imposed by RCW 82.08.020 on the sale of special fuel delivered in this state is entitled to a credit or refund of such tax with respect to fuel subsequently established to have been actually transported and used outside this state by persons engaged in interstate commerce. The tax must be claimed as a credit or refunded through the tax reports required under RCW 82.38.150.

(b) Any person who has paid the tax imposed by RCW 82.08.020 on the purchase of liquefied natural gas where the liquefied natural gas is used as a transportation fuel is entitled to a credit or refund of seventy percent of the tax with respect to fuel subsequently established to have been actually transported and used outside this state by persons engaged in interstate commerce. The department must specify the form and manner in which the credit or refund is claimed.

NEW SECTION. Sec. 405. A new section is added to chapter 82.32 RCW to read as follows:

(1) By the last workday of the second and fourth calendar quarters, the state treasurer must transfer the amount specified in subsection (2) of this section from the general fund to the finished fuel account created in section 205 of this act. The first transfer under this subsection must occur by December 31, 2017.

(2) By December 15th and by June 15th of each year, the department must estimate the increase in state general fund revenues from the changes made under RCW 82.08.0255 for the current and prior calendar quarters and notify the state treasurer of the increase.

(3) This section expires July 1, 2022.

NEW SECTION. Sec. 406. A new section is added to chapter 43.135 RCW to read as follows:

(1) RCW 43.135.034(4) does not apply to the transfers under section 405 of this act.

(2) This section expires July 1, 2022.

NEW SECTION. Sec. 407. A new section is added to chapter 39.42 RCW to read as follows:

(1) The purpose of eliminating a portion of the sales credit for exported liquefied natural gas under RCW 82.08.0255 is to fund improvements to Washington state ferries. For this reason, general
state revenues transferred under section 405 of this act to the finished fuel account are excluded from the calculation of general state revenues for purposes of Article VIII, section 1 of the state Constitution and RCW 39.42.130 and 39.42.140.

(2) This section expires July 1, 2022.

PART V
Utility Law Change

Sec. 501. RCW 80.28.280 and 1991 c 199 s 216 are each amended to read as follows:
(1) The legislature finds that compressed natural gas and liquefied natural gas offers significant potential to reduce vehicle and vessel emissions and to significantly decrease dependence on petroleum-based fuels. The legislature also finds that well-developed and convenient refueling systems are imperative if compressed natural gas (is) and liquefied natural gas are to be widely used by the public. The legislature declares that the development of compressed natural gas (refueling stations are in the public interest,)) and liquefied natural gas motor vehicle refueling stations and vessel refueling facilities are in the public interest. Except as provided in subsection (2) of this section, nothing in this section and RCW 80.28.290 is intended to alter the regulatory practices of the commission or allow the subsidization of one ratepayer class by another.

(2) When a liquefied natural gas facility owned by a natural gas company serves both a private customer operating marine vessels and the Washington state ferries or any other public entity, the rate charged by the natural gas company to the Washington state ferries may not be more than the rate charged to the private customer operating marine vessels.

The joint transportation committee must convene an advisory panel to provide study guidance and discuss potential efficiencies and recommendations. (2) The joint transportation committee shall coordinate a work group comprised of the department of licensing, the department of revenue, county auditors or other agents, and subagents to identify possible issues relating to the administration of, compliance with, and enforcement of the existing statutory requirement for a person to provide an unexpired driver's license when registering a vehicle. The work group shall provide recommendations on how administration and enforcement may be modified, as needed, to address any identified issues, including whether statutory changes may be needed. A report presenting the recommendations must be presented to the house of representatives and senate transportation committees by December 31, 2013.

(3) The joint transportation committee shall continue to convene a subcommittee for legislative oversight of the I-5/Columbia river crossing bridge replacement project. The Columbia river crossing legislative oversight subcommittee must be made up of six members: Two appointed by the cochairs of the senate transportation committee, two appointed by the chair and ranking member of the house of representatives transportation committee, one designee of the governor, and one citizen jointly appointed by the four members of the joint transportation executive committee. (6) $250,000 of the motor vehicle account--state appropriation is for the joint transportation committee to evaluate the current status of electric vehicle charging stations in Washington, and to make recommendations regarding potential business models for financially-sustainable electric vehicle charging networks and alternative roles for public and private sector participation in those business models. Public sector participation may include public financing, funding, facilitation, and other incentives to encourage installation of electric vehicle charging stations. (1) Consistent with RCW 43.135.055, 47.60.290, and 47.60.315, during the 2013-2015 fiscal biennium, the legislature authorizes the transportation commission to periodically review and, if necessary, adjust the schedule of fares for the Washington state ferry system only in amounts not greater than those sufficient to generate the amount of revenue required by the biennial transportation budget. When adjusting ferry fares, the commission must consider input from affected ferry users by public hearing and by review with the affected ferry advisory committees, in addition to the data gathered from the current ferry user survey.

(2) Consistent with RCW 43.135.055 and 47.46.100, during the 2013-2015 fiscal biennium, the legislature authorizes the transportation commission to periodically review and, if necessary, adjust the schedule of toll charges applicable to the Tacoma Narrows bridge only in amounts not greater than those sufficient to support (a) any required costs for operating and maintaining the toll bridge, including the cost of insurance, (b) any amount required by law to meet the redemption of bonds and applicable interest payments, and (c) repayment of the motor vehicle fund.

(3) Consistent with RCW 43.135.055 and 47.56.880, during the 2013-2015 fiscal biennium, the legislature authorizes the transportation commission to set, periodically review, and, if necessary, adjust the schedule of toll charges applicable to the Interstate 405 express toll lanes.

(4)(a) $400,000 of the motor vehicle account--State appropriation is provided solely for the development of the business case for the transition to a road usage charge system as the basis for funding the state transportation system, from the current motor fuel tax system. The funds are provided for fiscal year 2014 only.

(b) The legislature finds that the efforts started in the 2011-2013 fiscal biennium regarding the transition to a road usage charge system represent an important first step in the policy and conceptual development of potential alternative systems to fund transportation projects, but that the governance for the development needs clarification. The legislature also finds that significant amounts of research and public education are occurring in similar efforts in several states and that these efforts can and should be leveraged to advance the evaluation in Washington. The legislature intends, therefore, that the commission and its staff lead the policy development of the business case for a road usage charge system, with the goal of providing the business case to the governor and the legislative committees of the legislature in time for inclusion in the 2014 supplemental omnibus transportation appropriations act. The legislature intends for additional oversight in the business case development, with guidance from a steering committee as provided in chapter 86, Laws of 2012, augmented with participation by the joint transportation committee.

The legislature further intends that the department of transportation continue to address administrative, technical, and conceptual operational issues related to road usage charge systems, and that the department serve as a resource for information gleaned from other states on this topic for the commission’s efforts.

(c) For the purposes of this subsection ((4)) (4), the commission shall:

(i) Develop preliminary road usage charge policies that are necessary to develop the business case, as well as supporting research and data that will guide the potential application in Washington;

(ii) Develop the preferred operational concept or concepts that reflect the preliminary policies;

(iii) Evaluate the business case for the road usage charge system that would result from implementing the preliminary policies and preferred operational concept or concepts. The evaluation must assess likely financial outcomes if the system were to be implemented; and

(iv) Identify and document policy and other issues that are deemed important to further refine the preferred operational concept or concepts and to gain public acceptance. These identified issues should form the basis for continued work beyond this funding cycle.

(d) The commission shall convene a steering committee to guide the development of the business case. The membership must be the same as provided in chapter 86, Laws of 2012, except that the membership must also include the joint transportation committee executive members.

(e) The commission shall submit a report of the business case to the governor and the transportation committees of the legislature by December 15, 2013. The report must also include a proposed budget and work plan for fiscal year 2015. A progress report must be submitted to the governor and the joint transportation committee by November 1, 2013, including a presentation to the joint transportation committee.

((4)(i)) (5) $174,000 of the motor vehicle account--State appropriation is provided solely for the voice of Washington survey program. The funding must be utilized for continued program maintenance and two transportation surveys for the 2013-2015 fiscal biennium.

(6)(a) $450,000 of the motor vehicle account--State appropriation is provided solely for a work plan to further develop the concept of a road usage charge system. The work plan must include: Refinement of initial policy analysis and development, a concept of operations that incorporates refined policy inputs, and a financial analysis evaluating the operational concept. The refinement of initial policy analysis and development funded under this subsection must be supplemented by the products of complementary policy refinement tasks delegated to the department of transportation in section 214 of this act and the office of the state treasurer in section 703 of this act. It is the intent of the legislature that consideration for potential planning for a pilot project and any risk analysis occur in the 2015 legislative session.

(b)(i) For the purposes of the refinement of initial policy analysis and development, the work plan must consider phasing and staging of how a road usage charge would be implemented as it relates to the types of vehicles that would be subject to a road usage charge and the nature and manner of a transition period.

(ii) For the purposes of this subsection (6)(b), the legislature intends that the commission focus its analysis by assuming that the exemptions under a road usage charge would be the same as those under the motor vehicle fuel and special fuel taxes. In addition, the commission must engage the road usage charge steering committee, which was reauthorized in chapter 306, Laws of 2013 for fiscal year 2014 and is hereby reauthorized in this act with the same membership, to continue in its role and, at a minimum, to guide the work specified in (a) of this subsection, including the following: Assessing and recommending the type of vehicles that would be subject to the road usage charge, and assessing and recommending the options for the timing and duration of the transition period. The steering committee shall report its findings and guidance to the commission by December 1, 2014.

(c)(i) For the purposes of the development of the concept of operations, the development must incorporate the products of (b) of this subsection, and, to the extent practicable, the products of work conducted by the department of transportation in section 214 of this act and the office of the state treasurer in section 703 of this act.

(ii) To reduce system development and operational costs, for road user charge options that rely on in-vehicle devices to record mileage, the work plan must recommend how the state can utilize the technology and back-office platforms that are scheduled to be provided by commercial account managers under the Oregon road usage charge program.

(iii) In addition to a time permit and an odometer charge, the concept of operations recommendation must be developed to include a means for periodic payments based on mileage reporting utilizing methods other than onboard diagnostic in-vehicle devices.

(d) The work plan and recommendations, along with a proposed work plan and budget for the 2015-2017 fiscal biennium, must be submitted by the commission to the transportation committees of the

The appropriation in this subsection must be funded from the portion of the automated traffic safety camera infraction fines deposited into the state patrol highway account; however, if the fines deposited into the state patrol highway account from automated traffic safety camera infractions do not reach three hundred seventy thousand dollars, the department of transportation shall remit funds necessary to the Washington state patrol to ensure the completion of the pilot program.

The appropriations in this section are subject to the following conditions and limitations:
(1) $4,423,000 of the motor vehicle account--state appropriation is provided solely for the department's compliance with its national pollution discharge elimination system permit.
(2) The real estate services division of the department must recover the cost of its efforts from sale proceeds and fund additional future sales from those proceeds.
(3) The legislature recognizes that the Dryden pit site (WSDOT Inventory Control (IC) No. 2-04-00103) is unused state-owned real property under the jurisdiction of the department, and that the public would benefit significantly from the complete enjoyment of the natural scenic beauty and recreational opportunities available at the site. Therefore, pursuant to RCW 47.12.080, the legislature declares that transferring the property to the department of fish and wildlife for recreational use and fish and wildlife restoration efforts is consistent with the public interest in order to preserve the area for the use of the public and the betterment of the natural environment. The department shall work with the department of fish and wildlife and transfer and convey the Dryden pit site to the department of fish and wildlife as-is for an adjusted fair market value reflecting site conditions, the proceeds of which must be deposited in the motor vehicle fund. The department is not responsible for any costs associated with the cleanup or transfer of this property. This subsection expires June 30, 2014.
(4) The legislature recognizes that the trail known as the Apple Capital Loop, and its extensions, serve to separate motor vehicle traffic from pedestrians and bicyclists, increasing motor vehicle safety on existing state route number 28. Consistent with chapter 47.30 RCW and pursuant to RCW 47.12.080, the legislature declares that transferring portions of WSDOT Inventory Control (IC) Nos. 2-09-04537 and 2-09-04569 to Douglas county and the city of East Wenatchee is consistent with the public interest. The legislature directs the department to transfer the property to Douglas county and the city of East Wenatchee. The department must be paid fair market value for any portions of the transferred real property that is later abandoned, vacated, or ceases to be publicly maintained for trail purposes. Douglas county and the city of East Wenatchee must agree to accept responsibility for trail segments within their respective jurisdictions and sign an agreement with the state that the transfer of these parcels to their respective jurisdictions extinguishes any state obligations to improve, maintain, or be in any way responsible for these assets. This subsection expires June 30, 2014.
(5) The legislature recognizes that the SR 20/Cook Road realignment and extension project in the city of Sedro-Woolley will enhance the state and local highway systems by providing a more direct route from state route number 20 and state route number 9 to Interstate 5, and will reduce traffic on state route number 20 and state route number 9, improving the capacity of each route. Furthermore, the legislature declares that certain portions of the department's property held for highway purposes located primarily to the north and west of state route number 20, between state route number 20 to the south and F and S Grade Road to the north, in the incorporated limits of Sedro-Woolley in Skagit county, can help facilitate completion of the project. Therefore, consistent with RCW 47.12.063, 47.12.080, and 47.12.120, it is the intent of the legislature that the department sell, transfer, or lease, as appropriate, to the city of Sedro-Woolley only those portions of the property necessary to construct the project, including necessary staging areas. However, any staging areas should revert to the department within three years of completion of the project.
(6) Within the amounts provided in this section, the department shall create a quality assurance position. This position must provide independent project quality assurance validation and ensure that quality assurance audit functions are accountable at the highest level of the organization.
(7) To maximize available resources, the department's efforts to eliminate fish passage barriers caused by state roads and highways must be based on the principle of maximizing habitat recovery through a coordinated investment strategy that, to the maximum extent practical and allowable, prioritizes opportunities: To correct multiple fish barriers in whole streams rather than through individual, isolated projects; to coordinate with other entities sponsoring barrier removals, such as regional fisheries enhancement groups, in a manner that achieves the greatest cost savings to all parties; and to eliminate barriers located furthest downstream in a stream system. The department must also recognize that many of the barriers owned by the state are located in the same stream systems as barriers that are owned by cities and counties with limited financial resources for correction and that state/local partnership opportunities should be sought to address these barriers. This subsection takes effect if chapter . . . (Second Substitute House Bill No. 2251), Laws of 2014 is not enacted by June 30, 2014.
(8) $1,453,000 of the motor vehicle account--state appropriation is provided solely to support increased departmental efforts to dispose of surplus property as directed in subsection (2) of this section. These additional funds are expected to result in up to $5,000,000 per fiscal biennium in additional revenues through increasing the sale of surplus property. By December 1, 2014, the department shall report to the governor and the chairs and ranking members of the senate and house of representatives transportation committees on the number of surplus property parcels sold and the amount of revenue generated from those sales during 2014.
The appropriations in this section are subject to the following conditions and limitations:

For the purpose of this pilot program, during the 2013-2015 fiscal biennium, a roadway construction zone includes areas where public employees or private contractors may be present or where a driving condition exists that would make it unsafe to drive at higher speeds, such as, when the department is redirecting or realigning lanes on any public roadway pursuant to ongoing construction. The department shall use the following guidelines to administer the program:

(a) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle;

(c) Notices of infractions must be mailed to the registered owner of a vehicle within fourteen days of the infraction occurring;

(d) The owner of the vehicle is not responsible for the violation if the owner of the vehicle, within fourteen days of receiving notification of the violation, mails to the patrol, a declaration under penalty of perjury, stating that the vehicle involved was, at the time, stolen or in the care, custody, or control of some person other than the registered owner, or any other extenuating circumstances;

This project must be completed as soon as practicable as a design-build project. Any future savings on this project or other Interstate 405 corridor projects must stay on the Interstate 405 corridor and be made available to either the I-405/SR 167 Interchange - Direct Connector project (140504C) or the I-405 Renton to Bellevue project.

(b) The state route number 520 corridor account--state appropriation includes up to $668,142,000 $814,784,000 in proceeds from the sale of bonds authorized in RCW 47.10.879 and 47.10.886.

(c) The state route number 520 corridor account--federal appropriation includes up to $300,000,000 in proceeds from the sale of bonds authorized in RCW 47.10.879 and 47.10.886.

((d) $153,124,000)) $165,175,000 of the transportation partnership account--state appropriation, $300,000,000 of the state route number 520 corridor account--federal appropriation, and ((($727,205,000)) $880,111,000 of the state route number 520 corridor account--state appropriation are provided solely for the SR 520 Bridge Replacement and HOV project (((08BI1003)) (8BI1003). Of the amounts appropriated in this subsection (((13)) (12)(d), (($105,085,000)) $84,001,000 of the state route number 520 corridor account--federal appropriation and (($227,115,000)) $354,411,000 of the state route number 520 corridor account--state appropriation must be put into unallotted status and are subject to review by the office of financial management. The director of the office of financial management shall consult with the joint transportation committee prior to making a decision to allot these funds.

(e) When developing the financial plan for the project, the department shall assume that all maintenance and operation costs for the new facility are to be covered by tolls collected on the toll facility and not by the motor vehicle account.

(f) The legislature finds that the most appropriate way to pay for the cost overruns related to change orders, additional sales tax, and future risks associated with pothole design errors is for the state to issue triple pledge bonds in the 2015-2017 fiscal biennium resulting in $110,961,000 in proceeds, and use efficiencies, including the use of least cost planning or practical design, and favorable bids in the highway construction program to generate an additional $61,066,000 towards paying for the estimated project overruns. Of this additional $61,066,000, $33,866,000 should come from the transportation partnership account--state appropriation and $27,200,000 should come from federal funds. As the department identifies savings in federal funds during the 2013-2015 fiscal biennium, the department shall prioritize the use of these funds towards the anticipated $27,200,000 in federal funds needed to address cost overruns before expending state funds during this fiscal biennium. The legislature assumes that issuing bonds to complete this project as listed in LEAP Transportation Document 2014-1 as developed March 10, 2014, does not require a comprehensive financial plan for a project that completes the state route number 520 corridor to Interstate 5.

(g) The department's 2014 supplemental budget allotment submittal must include a project-specific plan detailing how the department will achieve the mandatory budget savings in (f) of this
Furthermore, the legislature finds that the concepts and principles the approach to determining project investments. This concept entails
(3) Within the amounts provided in this section, the department must continue to work with the Seattle department of transportation in their joint planning, design, outreach, and operation of the remaining west side elements including, but not limited to, the Montlake lid, the bicycle/pedestrian path, the effective network of transit connections, and the Portage Bay bridge of the SR 520 Bridge Replacement and HOV project.

(14) ($2,100,000) $1,062,000 of the motor vehicle account--federal appropriation is provided solely for the 31st Ave SW Overpass Widening and Improvement project (L1100048).

(15) ($2,602,000) $25,243,000 of the motor vehicle account--state appropriation is provided solely to advance the design, preliminary engineering, and rights-of-way acquisition for the priority projects identified in LEAP Transportation Document (2011-2013) as developed (April 23, 2013) March 10, 2014. Funds must be used to advance the emergent, initial development of these projects for the purpose of expediting delivery of the associated major investments when funding for such investments becomes available. Funding may be reallocated between projects to maximize the accomplishment of design and preliminary engineering work and rights-of-way acquisition, provided that all projects are addressed. It is the intent of the legislature that, while seeking to maximize the outcomes in this section, the department shall provide for continuity of both the state and consulting engineer workforce, while strategically utilizing private sector involvement to ensure consistency with the department's business plan for staffing in the highway construction program in the current fiscal biennium.

(16) If a planned roundabout in the vicinity of state route number 526 and 84th Street SW would divert commercial traffic onto neighborhood streets, the department may not provide with improvements at state route number 526 and 84th Street SW until the traffic impacts in the vicinity of state route number 526 and 40th Avenue West are addressed.

(17) The legislature finds that there are sixteen companies involved in wood preserving in the state that employ four hundred workers and have an annual payroll of fifteen million dollars. Prior to the department's switch to steel guardrails, ninety percent of the twenty-five hundred mile guardrail system was constructed of preserved wood and one hundred ten thousand wood guardrail posts were produced annually for state use. Moreover, the policy of using steel posts requires the state to use imported steel. Given these findings, where practicable, and until June 30, 2015, the department shall include the design option to use wood guardrail posts, in addition to steel posts, in new guardrail installations. The selection of posts must be consistent with the agency design manual policy that existed before December 2009.

(18) The legislature finds that "right-sizing" is a lean, metric-based approach to determining project investments. This concept entails compromise between project cost and design, incorporating local community needs, desired outcomes, and available funding. Furthermore, the legislature finds that the concepts and principles the department has utilized in the safety analyst program have been effective tools to prioritize projects and reduce project costs. Therefore, the department shall establish a pilot project on the SR 3/Belfair Bypass - New Alignment (300344C) to begin implementing the concept of "right-sizing" in the highway construction program.

(19) For urban corridors that are all or partially within a metropolitan planning organization boundary, for which the department has not initiated environmental review, and that require an environmental impact statement, at least one alternative must be consistent with the goals set out in RCW 47.01.440.

(20) The department shall itemize all future requests for the construction of buildings on a project list and submit them through the transportation executive information system as part of the department's 2014 budget submittal. It is the intent of the legislature that new facility construction must be transparent and not appropriated within larger highway construction projects.

(21) ($22,000,000) $19,513,000 of the motor vehicle account--state appropriation and $9,450,000 of the motor vehicle account--federal appropriation are provided solely for improvement program support activities (095001X). $18,000,000 of this amount must be held in unallotted status until the office of financial management certifies that the department's 2014 supplemental budget request conforms to the terms of subsection (20) of this section.

Any new advisory group that the department convenes during the 2013-2015 fiscal biennium must be representative of the interests of the entire state of Washington.

(22) Practical design offers targeted benefits to a state transportation system within available fiscal resources. This delivers value not just for individual projects, but for the entire system. Applying practical design standards will also preserve and enhance safety and mobility.

The department shall implement a practical design strategy for transportation design standards. By June 30, 2015, the department shall report to the governor and the house of representatives and senate transportation committees on where practical design has been applied or is intended to be applied in the department and the cost savings resulting from the use of practical design.

(23) The department of transportation shall accept transfer to the state highway system of Quarry Road (also known as the Granite Falls Alternate Route) as a partially controlled limited access facility, consistent with the right-of-way and limited access plan adopted by Snohomish county and the city of Granite Falls in 2008. The department of transportation shall defend any and all claims related to access and challenges to the limited access designation. This subsection takes effect ninety days after the date the governor signs this act if an agreement between the department of transportation and Snohomish county has not been signed by the effective date of this act.

The department must report to the transportation committees of the legislature on estimated cost and/or time savings realized as a result of using the design-build process.

(5) The department shall examine the use of electric arc furnace slag for use as an aggregate for new roads and paving projects in high traffic areas and report back to the legislature on its current use in other areas of the country and any characteristics that can provide greater wear resistance and skid resistance in new pavement construction.

TOTAL APPROPRIATION (($11,153,000)) $14,267,000

The appropriations in this section are subject to the following conditions and limitations: (($604,000)) ($195,000) of the motor vehicle account--state appropriation is provided solely for project 0000035Q as state matching funds for federally selected competitive grants or congressional earmark projects. These moneys must be placed into reserve status until such time as federal funds are secured that require a state match.
department shall ensure that multimodal access, including for passenger-only ferries and transit service providers, is not precluded by any future modifications at the terminal.

(7) ($3,800,000) of the Puget Sound capital construction account--state appropriation is provided solely for the reservation and communications system projects (L200041 & L200042).

(8) $4,210,000 of the Puget Sound capital construction account--state appropriation is provided solely for the capital program share of $7,259,000 in lease payments for the ferry division's headquarters building. Consistent with the 2012 facilities oversight plan, the department shall strive to consolidate office space in downtown Seattle by the end of 2015. The department shall consider renewing the lease for the ferry division's current headquarters building only if the lease rate is reduced at least fifty percent and analysis shows that this is the least cost and risk option for the department. Consolidation with other divisions or state agencies, or a reduction in leased space, must also be considered as part of any headquarters lease renewal analysis.

(9) ($24,930,000) $23,737,000 of the total appropriation is for preservation work on the Hyak super class vessel (project 944431D), including installation of a power management system and more efficient propulsion systems, that in combination are anticipated to save up to twenty percent in fuel and reduce maintenance costs. Upon completion of this project, the department shall provide a report to the transportation committees of the legislature on the fuel and maintenance savings achieved for this vessel and the potential to save additional funds through other vessel conversions.

(10) The transportation 2003 account (nickel account)--state appropriation includes up to $50,000,000 in proceeds from the sale of bonds authorized in RCW 47.10.861.

(11) $50,000,000 of the transportation 2003 account (nickel account)--state appropriation is provided solely for the acquisition of one 144-car vessel (project L1000063). If chapter . . . (Engrossed Second Substitute House Bill No. 1129), Laws of 2014 (ferry vessel replacement) is not enacted by June 30, 2014, the amount provided in the subsection lapses.

(12) If the department pursues a conversion of the existing diesel powered Issaquah class fleet to a different fuel source or engine technology, the department must use a design-build procurement process.

(13) $350,000 of the Puget Sound capital construction account--state appropriation is provided solely for the issuance of a request for proposals to convert the Issaquah class vessels to be powered by liquefied natural gas and to provide a one-time stipend to the entity awarded the conversion contract. Of the amounts provided in this subsection:

(a) $100,000 of the Puget Sound capital construction account--state appropriation is for the department to issue a request for proposals for a design-build contract consistent with RCW 47.20.780 to convert six Issaquah class vessels to be powered by liquefied natural gas. Consistent with RCW 47.56.030(2)(c), the legislature finds that the performance needs of the department in converting to liquefied natural gas are for engines with the lowest life-cycle costs, and the department must weigh this criteria as a priority when evaluating the proposals. To encourage cost saving ideas, the department shall limit prescribing design elements in the proposal to those approved or required by the United States coast guard in the liquefied natural gas waterways suitability assessment or those otherwise essential to provide clear direction to bidders. The request for proposals must include a process for evaluating proposals that may include alternative financing arrangements that are in compliance with state private financing law. When evaluating the financial merits of any liquefied natural gas conversion request for proposals, the department shall give consideration to the inability of the state to fund a liquefied natural gas conversion using currently available public resources. The department shall issue the request for proposals within forty-five days of rejecting the liquefied natural gas request for proposals issued under section 308(11), chapter 86, Laws of 2012 or receiving final findings from the United States coast guard on the liquefied natural gas waterways suitability assessment, whichever is later.

(b) $250,000 of the Puget Sound capital construction account--state appropriation is for the entity awarded the contract pursuant to this subsection.

(5) The department shall provide quarterly reports to the office of financial management and the transportation committees of the legislature regarding applications that the department submits for federal funds and the status of such applications.

The department shall complete an evaluation and assessment of future maintenance needs on the line to ensure appropriate levels of state investment.

(b) Expenditures from the essential rail assistance account--state appropriation in this section may not exceed the combined total of:

(i) Revenues deposited into the essential rail assistance account from leases and sale of property pursuant to RCW 47.76.290; and

(ii) Revenues transferred from the miscellaneous program account to the essential rail assistance account, pursuant to RCW 47.76.360, for the purpose of sustaining the grain train program by maintaining the Palouse river and Coulee City railroad line.

(7) ($3,500,000) of the multimodal transportation account--federal appropriation is provided solely for the purchase of two new train sets for the state-supported intercity passenger rail service. The department must apply for any federal waivers required to purchase the new train sets, as allowable under existing competitive bidding practices, and seek federal funds in addition to those available from the high-speed rail grants.

(a) When the department identifies a prospective rail project that may have strategic significance for the state, or at the request of a proponent of a prospective rail project or a member of the legislature, the department shall evaluate the prospective project according to the cost-benefit methodology developed during the 2008 interim using the legislative priorities specified in (b) of this subsection. The department shall report its cost-benefit evaluation of the prospective rail project, as well as the department's best estimate of an appropriate construction schedule and total project costs, to the office of financial management and the transportation committees of the legislature.

(b) The legislative priorities to be used in the cost-benefit methodology are, in order of relative importance:

(i) Economic, safety, or environmental advantages of freight movement by rail compared to alternative modes;

IMPLEMENTING PROVISIONS

Sec. 601. 2013 c 306 s 603 (uncodified) is amended to read as follows:

FUND TRANSFERS

(1) The transportation 2003 projects or improvements and the 2005 transportation partnership projects or improvements are listed in the LEAP list titled ((2013-2)) 2014-1 as developed ((April 23, 2013)) March 10, 2014, which consists of a list of specific projects by fund source and amount over a ten-year period. Current fiscal biennium funding for each project is a line-item appropriation, while the outer year funding allocations represent a ten-year plan. The department is expected to use the flexibility provided in this section to assist in the delivery and completion of all transportation partnership account and transportation 2003 account (nickel account) projects on the LEAP transportation documents referenced in this act. However, this section does not apply to the I-5/Columbia River Crossing project (400506A). For the 2011-2013 and 2013-2015 project appropriations, unless otherwise provided in this act, the director of financial management may authorize a transfer of appropriation authority between projects funded with transportation 2003 account (nickel account) appropriations, or transportation partnership account appropriations, in order to manage project spending and efficiently deliver all projects in the respective program under the following conditions and limitations:

(a) Transfers may only be made within each specific fund source referenced on the respective project list;

(b) Transfers from a project may not be made as a result of the reduction of the scope of a project or be made to support increases in the scope of a project;

(c) Each transfer between projects may only occur if the director of financial management finds that any resulting change will not hinder the completion of the projects as approved by the legislature. Until the legislature reconvenes to consider the 2014 supplemental omnibus transportation appropriations act, any unexpended 2011-2013 appropriation balance as approved by the office of financial management, in consultation with the legislative staff of the house of representatives and senate transportation committees, may be considered when transferring funds between projects;

(d) Transfers from a project may be made if the funds appropriated to the project are in excess of the amount needed to complete the project;

(e) Transfers may not occur for projects not identified on the applicable project list;

(f) Transfers may not be made while the legislature is in session;

(g) Transfers between projects may be made, without the approval of the director of the office of financial management, by the department of transportation until the transfer amount by project exceeds two hundred fifty thousand dollars, or ten percent of the total project, whichever is less. These transfers must be reported quarterly to the director of financial management and the chairs of the house of representatives and senate transportation committees.

(2) At the time the department submits a request to transfer funds under this section, a copy of the request must be submitted to the transportation committees of the legislature.

(3) The office of financial management shall review legislative staff of the house of representatives and senate transportation committees to review the requested transfers in a timely manner.

(4) The office of financial management shall document approved transfers and schedule changes in the transportation executive information system, compare changes to the legislative baseline funding and schedules identified by project identification number identified in the LEAP transportation documents referenced in this act, and transmit revised project lists to chairs of the transportation committees of the legislature on a quarterly basis.

NEW SECTION. Sec. 602. A new section is added to 2013 c 306 (uncodified) to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION

Except as otherwise provided in this act, the department may enter into a new agreement with King county for the purpose of public transportation mitigation for the SR 99/Alaskan Way Viaduct - Replacement project through the end of the 2013-2015 fiscal biennium. Before expending any funds, the department must inform the transportation committees of the legislature of the amount and source of the funds.

NEW SECTION. Sec. 603. A new section is added to 2013 c 306 (uncodified) to read as follows:
FOR THE DEPARTMENT OF TRANSPORTATION

(1) The department shall submit a report to the transportation committees of the legislature detailing engineering errors on highway construction projects resulting in project cost increases in excess of five hundred thousand dollars. The department must submit a full report within ninety days of the negotiated change order resulting from the engineering error.

(2) The department's full report must include an assessment and review of:
   (a) How the engineering error happened;
   (b) The department of the employee or employees responsible for the engineering error, without disclosing the name of the employee or employees;
   (c) What corrective action was taken;
   (d) The estimated total cost of the engineering error and how the department plans to mitigate that cost;
   (e) Whether the cost of the engineering error will impact the overall project financial plan; and
   (f) What action the secretary has recommended to avoid similar engineering errors in the future.

MISCELLANEOUS 2013-2015 FISCAL BIENN IUM

Sec. 701. RCW 47.28.030 and 2011 c 367 s 710 are each amended to read as follows:

(1)(a) A state highway shall be constructed, altered, repaired, or improved, and improvements located on property acquired for right-of-way purposes may be repaired or renovated pending the use of such right-of-way for highway purposes, by contract or state forces. The work or portions thereof may be done by state forces when the estimated costs thereof are less than fifty thousand dollars and effective July 1, 2005, sixty thousand dollars.

(b) When delay of performance of such work would jeopardize a state highway or constitute a danger to the traveling public, the work may be done by state forces when the estimated cost thereof is less than eighty thousand dollars and effective July 1, 2005, one hundred thousand dollars.

(c) When the department of transportation determines to do the work by state forces, it shall enter a statement upon its records to that effect, stating the reasons therefor.

(d) To enable a larger number of small businesses and veteran, minority, and women contractors to effectively compete for department of transportation contracts, the department may adopt rules providing for bids and award of contracts for the performance of work, or furnishing equipment, materials, supplies, or operating services whenever any work is to be performed and the engineer's estimate indicates the cost of the work would not exceed eighty thousand dollars and effective July 1, 2005, one hundred thousand dollars.

(2) The rules adopted under this section:
   (a) Shall provide for competitive bids to the extent that competitive sources are available except when delay of performance would jeopardize life or property or inconvenience the traveling public; and
   (b) Need not require the furnishing of a bid deposit nor a performance bond, but if a performance bond is not required then progress payments to the contractor may be required to be made based on submittal of paid invoices to substantiate that disbursements have been made to laborers, material suppliers, mechanics, and subcontractors from the previous partial payment; and
   (c) May establish prequalification standards and procedures as an alternative to those set forth in RCW 47.28.070, but the prequalification standards and procedures under RCW 47.28.070 shall always be sufficient.

(3) The department of transportation shall comply with such goals and rules as may be adopted by the office of minority and women's business enterprises to implement chapter 39.19 RCW with respect to contracts entered into under this chapter. The department may adopt such rules as may be necessary to comply with the rules adopted by the office of minority and women's business enterprises under chapter 39.19 RCW.

(4)(a) For the period of March 15, (2010) 2014, through June 30, (2014) 2015, work for less than one hundred twenty thousand dollars may be performed on ferry vessels and terminals by state forces.

(b) The department shall hire a disinterested, third party to conduct an independent analysis to identify methods of reducing out-of-service times for vessel maintenance, preservation, and improvement projects. The analysis must include options that consider consolidating work while vessels are at shipyards by having state forces perform services traditionally performed at Eagle Harbor at the shipyard and decreasing the allowable time at shipyards. The analysis must also compare the out-of-service vessel times of performing services by state forces versus contracting out those services which in turn must be used to form a recommendation as to what the threshold of work performed on ferry vessels and terminals by state forces should be. This analysis must be presented to the transportation committees of the senate and house of representatives by December 1, 2010.

(c) The department shall develop a proposed ferry vessel maintenance, preservation, and improvement program and present it to the transportation committees of the senate and house of representatives by December 1, 2010. The proposed program must:
   (i) Improve the basis for budgeting vessel maintenance, preservation, and improvement costs and for projecting those costs into a six-year financial plan;
   (ii) Limit the amount of planned out-of-service time to the greatest extent possible, including options associated with department staff as well as commercial shipyards; and
   (iii) Be based on the service plan in the capital plan, recognizing that vessel preservation and improvement needs may vary by route.

(d) In developing the proposed ferry vessel maintenance, preservation, and improvement program, the department shall consider the following, related to reducing vessel out-of-service time:
   (i) The costs compared to benefits of Eagle Harbor repair and maintenance facility operations options to include staffing costs and benefits in terms of reduced out-of-service time;
   (ii) The maintenance requirements for on-vessel staff, including the benefits of a systemwide standard;
   (iii) The costs compared to benefits of staff performing preservation or maintenance work, or both, while the vessel is underway, tied up between sailings, or not deployed;
   (iv) A review of the department's vessel maintenance, preservation, and improvement program contracting process and contractual requirements;
   (v) The costs compared to benefits of allowing for increased costs associated with expedited delivery;
   (vi) A method for comparing the anticipated out-of-service time of proposed projects and other projects planned during the same construction period;
   (vii) Coordination with required United States coast guard dry dockings;
   (viii) A method for comparing how proposed projects relate to the service requirements of the route on which the vessel normally operates; and
   (ix) A method for evaluating the ongoing maintenance and preservation costs associated with proposed improvement projects.

Sec. 702. RCW 81.53.281 and 2003 c 190 s 3 are each amended to read as follows:

There is hereby created in the state treasury a "grade crossing protective fund" to carry out the provisions of RCW 81.53.261, 81.53.271, 81.53.281, 81.53.291, and 81.53.295; for grants and/or
subsides to public, private, and nonprofit entities for rail safety projects authorized or ordered by the commission; and for personnel and associated costs related to supervising and administering rail safety grants and/or subsidies. During the 2013-2015 fiscal biennium, funds in this account may also be used to conduct the study required under section 102 of this act. The commission shall transfer from the public service revolving fund's miscellaneous fees and penalties accounts moneys appropriated for these purposes as needed. At the time the commission makes each allocation of cost to said grade crossing protective fund, it shall certify that such cost shall be payable out of said fund. When federal-aid highway funds are involved, the department of transportation shall, upon entry of an order by the commission requiring the installation or upgrading of a grade crossing protective device, submit to the commission an estimate for the cost of the proposed installation and related work. Upon receipt of the estimate the commission shall pay to the department of transportation the percentage of the estimate specified in RCW 81.53.295, as now or hereafter amended, to be used as the grade crossing protective fund portion of the cost of the installation and related work.

The commission may adopt rules for the allocation of money from the grade crossing protective fund.

NEW SECTION. Sec. 703. A new section is added to 2013 c 306 (uncodified) to read as follows:

The office of the state treasurer shall explore the fiscal implications with respect to outstanding motor vehicle fuel transportation bonds and to future transportation bond sales, relating to any reduction, refunding, crediting, or repeal of the motor vehicle fuel tax, in whole or in part, that may occur in a transition to a potential road usage charge by which transportation activities may be funded in the future. The exploration of fiscal implications must examine possible effects on the state credit rating, interest rates, and other factors that affect the cost of financing transportation projects. The draft report of this work must be shared with the transportation committees of the legislature, the transportation commission, and the office of financial management by September 1, 2014. A final report must be provided to the transportation committees of the legislature, the transportation commission, and the office of financial management by December 31, 2014.

Sec. 704. RCW 82.70.020 and 2013 c 306 s 718 are each amended to read as follows:

(1) Employers in this state who are taxable under chapter 82.04 or 82.16 RCW and provide financial incentives to their own or other employees for ride sharing, for using public transportation, for using car sharing, or for using nonmotorized commuting before July 1, 2014, are allowed a credit for using public transportation, for using car sharing, or for using nonmotorized commuting, not to exceed sixty dollars per employee per fiscal year.

(2) Property managers who are taxable under chapter 82.04 or 82.16 RCW and provide financial incentives to persons employed at a worksite in this state managed by the property manager for ride sharing, for using public transportation, for using car sharing, or for using nonmotorized commuting before July 1, 2014, are allowed a credit against taxes payable under chapters 82.04 and 82.16 RCW for amounts paid to or on behalf of employees for ride sharing in vehicles carrying two or more persons, for using public transportation, for using car sharing, or for using nonmotorized commuting, not to exceed sixty dollars per person per fiscal year.

(3) The credit under this section is equal to the amount paid to or on behalf of each employee multiplied by fifty percent, but may not exceed sixty dollars per employee per fiscal year. No refunds may be granted for credits under this section.

(4) A person may not receive credit under this section for amounts paid to or on behalf of the same employee under both chapters 82.04 and 82.16 RCW.

(5) A person may not take a credit under this section for amounts claimed for credit by other persons.

Sec. 705. RCW 82.70.040 and 2013 c 306 s 719 are each amended to read as follows:

(1)(a)(i) The department shall keep a running total of all credits allowed under RCW 82.70.020 during each fiscal year. The department shall not allow any credits that would cause the total amount allowed to exceed two million seven hundred fifty thousand dollars in any fiscal year. This limitation includes any deferred credits carried forward under subsection (2)(b)(i) of this section from prior years.

(ii) During the 2013-2015 fiscal biennium, the department shall not allow any credits that would cause the total amount allowed to exceed one million five hundred thousand dollars in any fiscal year. This limitation includes any deferred credits carried forward under subsection (2)(b)(i) of this section from prior years.

(b) If the total amount of credit applied for by all applicants in any year exceeds the limit in this subsection, the department shall ratably reduce the amount of credit allowed for all applicants so that the limit in the subsection is not exceeded. If a credit is reduced under this subsection, the amount of the reduction may not be carried forward and claimed in subsequent fiscal years.

(2)(a) Tax credits under RCW 82.70.020 may not be claimed in excess of the amount of tax otherwise due under chapter 82.04 or 82.16 RCW.

(b)(i) Through June 30, 2005, a person with taxes equal to or in excess of the credit under RCW 82.70.020, and therefore not subject to the limitation in (a) of this subsection, may elect to defer tax credits for a period of not more than three years after the year in which the credits accrue. No credits deferred under this subsection (2)(b)(i) may be used after June 30, 2008. A person deferring tax credits under this subsection (2)(b)(i) must submit an application as provided in RCW 82.70.025 in the year in which the deferred tax credits will be used. This application is subject to the provisions of subsection (1) of this section for the year in which the tax credits will be applied. If a deferred credit is reduced under subsection (1)(b) of this section, the amount of deferred credit disallowed because of the reduction may be carried forward as long as the period of deferral does not exceed three years after the year in which the credit was earned.

(ii) For credits approved by the department after June 30, 2005, the approved credit may be carried forward to subsequent years until used. Credits carried forward as authorized by this subsection are subject to the limitation in subsection (1)(a) of this section for the fiscal year for which the credits were originally approved.

(3) No person shall be approved for tax credits under RCW 82.70.020 in excess of two hundred thousand dollars in any fiscal year. This limitation does not apply to credits carried forward from prior years under subsection (2)(b) of this section.

(4) No person may claim tax credits after June 30, 2014.

(5) Credits may not be carried forward other than as authorized in subsection (2)(b) of this section.

(6) No person is eligible for tax credits under RCW 82.70.020 if the additional revenues for the multimodal transportation account created by Engrossed Substitute House Bill No. 2231 are terminated.

Sec. 706. RCW 82.70.050 and 2003 c 364 s 5 are each amended to read as follows:

(1) During the 2013-2015 fiscal biennium, the director shall on the 25th of February, May, August, and November of each year advise the state treasurer of the amount of credit taken under RCW 82.70.020 during the preceding calendar quarter ending on the last day of December, March, June, and September, respectively.

(2) On the last day of March, June, September, and December of each year, the state treasurer, based upon information provided by the department, shall deposit to the general fund a sum equal to the dollar amount of the credit provided under RCW 82.70.020 from the multimodal transportation account.
This chapter expires (July 1, 2014, except for RCW 82.70.050, which expires January 1, 2015) June 30, 2015.

Sec. 708. RCW 90.03.525 and 2005 c 319 s 140 are each amended to read as follows:

(1) The rate charged by a local government utility to the department of transportation with respect to state highway right-of-way or any section of state highway right-of-way for the construction, operation, and maintenance of storm water control facilities designed to control surface water or storm water runoff from state highway rights-of-way, shall not, however, exceed the rate charged for comparable city street or county road right-of-way within the same jurisdiction. The legislature finds that the aforesaid rates are presumptively fair and equitable because of the traditional and continuing expenditures of the legislature to the department of transportation for the construction, operation, and maintenance of storm water control facilities designed to control surface water or storm water runoff from state highway rights-of-way.

(2) Charges paid under subsection (1) of this section by the department of transportation must be used solely for storm water control facilities that directly reduce (state highway) runoff impacts or implementation of best management practices that will reduce the need for such facilities. (By January 1st of each year, beginning with calendar year 1997, the local government utility, in coordination with the department, shall develop a plan for the expenditure of the charges for that calendar year. The plan must be consistent with the objectives identified in RCW 90.78.010. In addition, beginning with the submittal for that calendar year 1997, the local government utility, in coordination with the department, shall develop a plan for the expenditure of the charges for that calendar year. The plan must be consistent with the objectives identified in RCW 90.78.010. In addition, beginning with the submittal for that calendar year, the plan must be submitted to the department.)

(3) The utility imposing the charge and the department of transportation may, however, agree to either higher or lower rates with respect to the construction, operation, or maintenance of any specific storm water control facilities ((based upon the annual plan prescribed in subsection (2) of this section)).

If, after mediation, the local government utility and the department of transportation cannot agree upon the proper rate, either may commence an action in the superior court for the county in which the state highway right-of-way is located to establish the proper rate. The court in establishing the proper rate shall take into account the extent and adequacy of storm water control facilities constructed by the department and the actual benefits to the sections of state highway rights-of-way from storm water control facilities constructed, operated, and maintained by the local government utility. Control of surface water runoff and storm water runoff from state highway rights-of-way shall be deemed an actual benefit to the state highway rights-of-way. The rate for sections of state highway right-of-way as determined by the court shall be set forth in terms of the percentage of the rate for comparable real property, but shall in no event exceed the rate charged for comparable city street or county road right-of-way within the same jurisdiction.

(4) The legislature finds that the federal clean water act (national pollutant discharge elimination system, 40 C.F.R. parts 122-124), the state water pollution control act, chapter 90.48 RCW, and the highway runoff program under chapter 90.71 RCW, mandate the treatment and control of storm water runoff from state highway rights-of-way owned by the department of transportation. Appropriations made by the legislature to the department of transportation for the construction, operation, and maintenance of storm water control facilities are intended to address applicable federal and state mandates related to storm water control and treatment. This section is not intended to limit opportunities for sharing the costs of storm water improvements between cities, counties, and the state.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. This act may be known and cited as the Washington jobs act of 2014.

NEW SECTION. Sec. 2. The legislature finds that start-up companies play a critical role in creating new jobs and revenues. Crowdfunding, or raising money through small contributions from a large number of investors, allows smaller enterprises to access the capital they need to get new businesses off the ground. The legislature further finds that the costs of state securities registration often outweigh the benefits to Washington start-ups seeking to make small securities offerings and that the use of crowdfunding for business financing in Washington is significantly restricted by state securities laws. Helping new businesses access equity crowdfunding within certain boundaries will democratize venture capital and facilitate investment by Washington residents in Washington start-ups while protecting consumers and investors. For these reasons, the legislature intends to provide Washington businesses and investors the opportunity to benefit from equity crowdfunding.

NEW SECTION. Sec. 3. A new section is added to chapter 21.20 RCW to read as follows:

(1) Any offer or sale of a security is exempt from RCW 21.20.040 through 21.20.300 and 21.20.327, except as expressly provided, if:
   (a) The offering is first declared exempt by the director after:
      (i) The issuer files the offering with the director; or
      (ii) A portal working in collaboration with the director files the offering with the director on behalf of the issuer under section 4 of this act;
   (b) The offering is conducted in accordance with the requirements of section 3(a)(11) of the securities act of 1933 and securities and exchange commission rule 147, 17 C.F.R. Sec. 230.147;
   (c) The issuer is an entity organized and doing business in the state of Washington;
   (d) Each investor provides evidence or certification of residency in the state of Washington at the time of purchase;
   (e) The issuer files with the director an escrow agreement either directly or through a portal providing that all offering proceeds will be released to the issuer only when the aggregate capital raised from all investors equals or exceeds the minimum target offering, as determined by the director;
   (f) The aggregate purchase price of all securities sold by an issuer pursuant to the exemption provided by this section does not exceed one million dollars during any twelve-month period;
   (g) The aggregate amount sold to any investor by one or more issuers during the twelve-month period preceding the date of the sale does not exceed:
      (i) The greater of two thousand dollars or five percent of the annual income or net worth of the investor, as applicable, if either the annual income or the net worth of the investor is less than one hundred thousand dollars; or
      (ii) Ten percent of the annual income or net worth of the investor, as applicable, up to one hundred thousand dollars, if either the annual income or net worth of the investor is one hundred thousand dollars or more;
   (h) The investor acknowledges by manual or electronic signature the following statement conspicuously presented at the time of sale on a page separate from other information relating to the offering: "I acknowledge that I am investing in a high-risk, speculative business venture, that I may lose all of my investment, and that I can afford the loss of my investment";
   (i) The issuer reasonably believes that all purchasers are purchasing for investment and not for sale in connection with a distribution of the security; and
   (j) The issuer and investor provide any other information reasonably requested by the director.

(2) Attempted compliance with the exemption provided by this section does not act as an exclusive election. The issuer may claim any other applicable exemption.

(3) For as long as securities issued under the exemption provided by this section are outstanding, the issuer shall provide a quarterly report to the issuer's shareholders and the director by making such report publicly accessible, free of charge, at the issuer's internet web site address within forty-five days of the end of each fiscal quarter. The report must contain the following information:
   (a) Executive officer and director compensation, including specifically the cash compensation earned by the executive officers and directors since the previous report and on an annual basis, and any bonuses or other compensation, including stock options or other rights to receive equity securities of the issuer or any affiliate of the issuer, received by them; and
   (b) A brief analysis by management of the issuer of the business operations and financial condition of the issuer.

(4) Securities issued under the exemption provided by this section may not be transferred by the purchaser during a one-year period beginning on the date of purchase, unless the securities are transferred:
   (a) To the issuer of the securities;
   (b) To an accredited investor;
   (c) As part of a registered offering; or
   (d) To a member of the family of the purchaser or the equivalent, or in connection with the death or divorce or other similar circumstances, in the discretion of the director.

(5) The director shall adopt disqualification provisions under which this exemption shall not be available to any person or its predecessors, affiliates, officers, directors, underwriters, or other related persons. The provisions shall be substantially similar to the disqualification provisions adopted by the securities and exchange commission pursuant to the requirements of section 401(b)(2) of the Jobs act of 2012 or, if none, as adopted in Rule 506 of Regulation D.    (b) The applicant's intended use of proceeds from an offering under this act;
   (c) Identities of officers, directors, managing members, and ten percent beneficial owners, as applicable;
   (d) A description of any outstanding securities; and
(e) A description of any litigation or legal proceedings involving the applicant, its officers, directors, managing members, or ten percent beneficial owners, as applicable.

(3) Upon receipt of the information described in subsection (2) of this section, the portal may offer services to the applicant that the portal deems appropriate or necessary to meet the criteria for exemption under sections 3 and 5 of this act. Such services may include assistance with development of a business plan, referral to legal services, and other technical assistance in preparation for a public securities offering.

(4) The portal shall forward the materials necessary for the applicant to qualify for exemption to the director for filing when the portal is satisfied that the applicant has assembled the necessary information and materials to meet the criteria for exemption under sections 3 and 5 of this act.

(5) The portal shall work in collaboration with the director for the purposes of executing the offering upon filing with the director.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2023, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 7, 2014

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2493 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature intends to clarify and update the description of farm and agricultural land as it is used under the property tax open space program. Modern technology and water quality and labor regulations have all caused nurseries to increasingly grow plants in containers rather than in the ground. Growing plants in containers preserves topsoil, allows more plants to be grown per acre, allows soil and nutrients to be customized for each type of plant, allows more efficient use of water and fertilizer, allows year round harvest and sales, and reduces labor cost and injuries."

Sec. 2. RCW 84.34.020 and 2011 c 101 s 1 are each amended to read as follows:

((As used in this chapter, unless a different meaning is required by the context)) The definitions in this section apply throughout this chapter unless the context clearly requires otherwise:

(1) "Open space land" means (a) any land area so designated by an official comprehensive land use plan adopted by any city or county and zoned accordingly, or (b) any land area, the preservation of which in its present use would (i) conserve and enhance natural or scenic resources, or (ii) protect streams or water supply, or (iii) promote conservation of soils, wetlands, beaches or tidal marshes, or (iv) enhance the value to the public of abutting or neighboring parks, forests, wildlife preserves, nature reservations or sanctuaries or other open space, or (v) enhance recreation opportunities, or (vi) preserve historic sites, or (vii) preserve visual quality along highway, road, and street corridors or scenic vistas, or (viii) retain in its natural state tracts of land not less than one acre situated in an urban area and open to public use on such conditions as may be reasonably required by the legislative body granting the open space classification, or (c) any land meeting the definition of farm and agricultural conservation land under subsection (8) of this section. As a condition of granting open space classification, the legislative body may not require public access on land classified under (b)(iii) of this subsection for the purpose of promoting conservation of wetlands.

(2) "Farm and agricultural land" means:

(a) Any parcel of land that is twenty or more acres or multiple parcels of land that are contiguous and total twenty or more acres:

(i) Devoted primarily to the production of livestock or agricultural commodities for commercial purposes;
(ii) Enrolled in the federal conservation reserve program or its successor administered by the United States department of agriculture; or

(iii) Other similar commercial activities as may be established by rule;

(b)(i) Any parcel of land that is five acres or more but less than twenty acres devoted primarily to agricultural uses, which has produced a gross income from agricultural uses equivalent to, as of January 1, 1993:

(A) One hundred dollars or more per acre per year for three of the five calendar years preceding the date of application for classification under this chapter for all parcels of land that are classified under this subsection or all parcels of land for which an application for classification under this subsection is made with the granting authority prior to January 1, 1993; and

(B) On or after January 1, 1993, two hundred dollars or more per acre per year for three of the five calendar years preceding the date of application for classification under this chapter;

(ii) For the purposes of (b)(i) of this subsection, "gross income from agricultural uses" includes, but is not limited to, the wholesale value of agricultural products donated to nonprofit food banks or feeding programs;

(c) Any parcel of land of less than five acres devoted primarily to agricultural uses which has produced a gross income as of January 1, 1993, of:

(i) One thousand dollars or more per year for three of the five calendar years preceding the date of application for classification under this chapter for all parcels of land that are classified under this subsection or all parcels of land for which an application for classification under this subsection is made with the granting authority prior to January 1, 1993; and

(ii) On or after January 1, 1993, fifteen hundred dollars or more per year for three of the five calendar years preceding the date of application for classification under this chapter. Parcels of land described in (b)(i)(A) and (c)(i) of this subsection will, upon any transfer of the property excluding a surviving spouse or surviving state registered domestic partner, be subject to the limits of (b)(i)(B) and (c)(ii) of this subsection;

(d) Any parcel of land that is five acres or more but less than twenty acres devoted primarily to agricultural uses, which meet one of the following criteria:

(i) Has produced a gross income from agricultural uses equivalent to two hundred dollars or more per acre per year for three of the five calendar years preceding the date of application for classification under this chapter;

(ii) Has standing crops with an expectation of harvest within seven years, except as provided in (d)(iii) of this subsection, and a demonstrable investment in the production of those crops equivalent to one hundred dollars or more per acre in the current or previous calendar year. For the purposes of this subsection (2)(d)(ii), "standing crop" means Christmas trees, vineyards, fruit trees, or other perennial crops that: (A) Are planted using agricultural methods normally used in the commercial production of that particular crop; and (B) typically do not produce harvestable quantities in the initial years after planting; or

(iii) Has a standing crop of short rotation hardwoods with an expectation of harvest within fifteen years and a demonstrable investment in the production of those crops equivalent to one hundred dollars or more per acre in the current or previous calendar year;

(e) Any lands including incidental uses as are compatible with agricultural purposes, including wetlands preservation, provided such incidental use does not exceed twenty percent of the classified land and the land on which appurtenances necessary to the production, preparation, or sale of the agricultural products exist in conjunction with the lands producing such products. Agricultural lands also include any parcel of land of one to five acres, which is not contiguous, but which otherwise constitutes an integral part of farming operations being conducted on land qualifying under this section as "farm and agricultural lands";

(f) The land on which housing for employees and the principal place of residence of the farm operator or owner of land classified pursuant to (a) of this subsection is sited if: The housing or residence is on or contiguous to the classified parcel; and the use of the housing or the residence is integral to the use of the classified land for agricultural purposes; (ii)

(g) Any land that is used primarily for equestrian related activities for which a charge is made, including, but not limited to, stable, training, riding, clinics, schooling, shows, or grazing for feed and that otherwise meet the requirements of (a), (b), or (c) of this subsection; or

(h) Any land primarily used for commercial horticultural purposes, including growing seedlings, trees, shrubs, vines, fruits, vegetables, flowers, herbs, and other plants in containers, whether under a structure or not, subject to the following:

(i) The land is not primarily used for the storage, care, or selling of plants purchased from other growers for retail sale;

(ii) If the land is less than five acres and used primarily to grow plants in containers, such land does not qualify as "farm and agricultural land" if more than twenty-five percent of the land used primarily to grow plants in containers is open to the general public for on-site retail sales;

(iii) If more than twenty percent of the land used for growing plants in containers qualifying under this subsection (2)(h) is covered by pavement, none of the paved area is eligible for classification as "farm and agricultural land" under this subsection (2)(h). The eligibility limitations described in this subsection (2)(h)(iii) do not affect the land's eligibility to qualify under (c) of this subsection; and

(iv) If the land classified under this subsection (2)(h), in addition to any contiguous land classified under this subsection, is less than twenty acres, it must meet the applicable income or investment requirements in (b), (c), or (d) of this subsection.

(3) "Timber land" means any parcel of land that is five or more acres or multiple parcels of land that are contiguous and total five or more acres which is or are devoted primarily to the growth and harvest of timber for commercial purposes. Timber land means the land only and does not include a residential homesite. The term includes land used for incidental uses that are compatible with the growing and harvesting of timber but no more than ten percent of the land may be used for such incidental uses. It also includes the land on which appurtenances necessary for the production, preparation, or sale of the timber products exist in conjunction with land producing these products.

(4) "Current" or "currently" means as of the date on which property is to be listed and valued by the assessor.

(5) "Owner" means the party or parties having the fee interest in land, except that where land is subject to real estate contract "owner" means the contract vendee.

(6)(a) "Contiguous" means land adjoining and touching other property held by the same ownership. Land divided by a public road, but otherwise an integral part of a farming operation, is considered contiguous.

(b) For purposes of this subsection (6):

(i) "Same ownership" means owned by the same person or persons, except that parcels owned by different persons are deemed held by the same ownership if the parcels are:

(A) Managed as part of a single operation; and

(B) Owned by:

(I) Members of the same family;

(II) Legal entities that are wholly owned by members of the same family; or

(III) An individual who owns at least one of the parcels and a legal entity or entities that own the other parcel or parcels if the entity or entities are wholly owned by that individual, members of his or her family, or that individual and members of his or her family.
(ii) "Family" includes only:
(A) An individual and his or her spouse or domestic partner, child, stepchild, adopted child, grandchild, parent, stepparent, grandparent, cousin, or sibling;
(B) The spouse or domestic partner of an individual's child, stepchild, adopted child, grandchild, parent, stepparent, grandparent, cousin, or sibling;
(C) A child, stepchild, adopted child, grandchild, parent, stepparent, grandparent, cousin, or sibling of the individual's spouse or the individual's domestic partner; and
(D) The spouse or domestic partner of any individual described in (b)(ii)(C) of this subsection (6).
(7) "Granting authority" means the appropriate agency or official who acts on an application for classification of land pursuant to this chapter.
(8) "Farm and agricultural conservation land" means either:
(a) Land that was previously classified under subsection (2) of this section, that no longer meets the criteria of subsection (2) of this section, and that is reclassified under subsection (1) of this section; or
(b) Land that is traditional farmland that is not classified under chapter 84.33 or 84.34 RCW, that has not been irrevocably devoted to a use inconsistent with agricultural uses, and that has a high potential for returning to commercial agriculture.

NEW SECTION. Sec. 3. The amendments to RCW 84.34.020, as provided in section 2 of this act, are intended to clarify an ambiguity in an existing tax preference, and are therefore exempt from the requirements of RCW 82.32.805 and 82.32.808."

On page 1, line 2 of the title, after "purposes;" strike the remainder of the title and insert "amending RCW 84.34.020; and creating new sections."

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2493, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 7, 2014

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 2616 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature intends to assure that for parents with developmental disabilities, the department of social and health services takes into consideration the parent's disability when offering services to correct parental deficiencies. To do so, the legislature finds that the department must contact the developmental disabilities administration.

Sec. 2. RCW 13.34.136 and 2013 c 316 s 2, 2013 c 254 s 2, and 2013 c 173 s 2 are each reenacted and amended to read as follows:

(1) Whenever a child is ordered removed from the home, a permanency plan shall be developed no later than sixty days from the time the supervising agency assumes responsibility for providing services, including placing the child, or at the time of a hearing under RCW 13.34.130, whichever occurs first. The permanency planning process continues until a permanency planning goal is achieved or dependency is dismissed. The planning process shall include reasonable efforts to return the child to the parent's home.

(2) The agency supervising the dependency shall submit a written permanency plan to all parties and the court not less than fourteen days prior to the scheduled hearing. Responsive reports of parties not in agreement with the department's or supervising agency's proposed permanency plan must be provided to the department or supervising agency, all other parties, and the court at least seven days prior to the hearing.

The permanency plan shall include:
(a) A permanency plan of care that shall identify one of the following outcomes as a primary goal and may identify additional outcomes as alternative goals: Return of the child to the home of the child's parent, guardian, or legal custodian; adoption, including a tribal customary adoption as defined in RCW 13.38.040; guardianship; permanent legal custody; long-term relative or foster care, until the child is age eighteen, with a written agreement between the parties and the care provider; successful completion of a responsible living skills program; or independent living, if appropriate and if the child is age sixteen or older. The department or supervising agency shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW;
(b) Unless the court has ordered, pursuant to RCW 13.34.130(8), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to return the child home, what steps the supervising agency or the department will take to promote existing appropriate sibling relationships and/or facilitate placement
The court and the department or supervising agency shall be communicated to the court. The results of the consultation pursuant to RCW 42.56.240. The results of the consultation shall be considered investigative information and is exempt from public disclosure. Any information provided to inform family visitation plans and may not share or otherwise distribute to any person or entity. Any information provided to inform family visitation plans and may not share or otherwise distribute to any person or entity.

(ii)(A) Visitation is the right of the family, including the child and the parent, in cases in which visitation is in the best interest of the child. Early, consistent, and frequent visitation is crucial for maintaining parent-child relationships and making it possible for parents and children to safely reunify. The supervising agency or department shall encourage the maximum parent and child and sibling contact possible, when it is in the best interest of the child, including regular visitation and participation by the parents in the care of the child while the child is in placement.

(B) Visitation shall not be limited as a sanction for a parent's failure to comply with court orders or services where the health, safety, or welfare of the child is not at risk as a result of the visitation.

(C) Visitation may be limited or denied only if the court determines that such limitation or denial is necessary to protect the child's health, safety, or welfare. When a parent or sibling has been identified as a suspect in an active criminal investigation for a violent crime that, if the allegations are true, would impact the safety of the child, the department shall make a concerted effort to consult with the assigned law enforcement officer in the criminal case before recommending any changes in parent/child or child/sibling contact. In the event that the law enforcement officer has information pertaining to the criminal case that may have serious implications for child safety or well-being, the law enforcement officer shall provide this information to the department during the consultation. The department may only use the information provided by law enforcement during the consultation to inform family visitation plans and may not share or otherwise distribute the information to any person or entity. Any information provided to the department by law enforcement during the consultation is considered investigative information and is exempt from public inspection pursuant to RCW 42.56.240. The results of the consultation shall be communicated to the court.

(D) The court and the department or supervising agency should rely upon community resources, relatives, foster parents, and other appropriate persons to provide transportation and supervision for visitation to the extent that such resources are available, and appropriate, and the child's safety would not be compromised.

(iii)(A) The department, court, or caregiver in the out-of-home placement may not limit visitation or contact between a child and sibling as a sanction for a child's behavior or as an incentive to the child to change his or her behavior.

(B) Any exceptions, limitation, or denial of contacts or visitation must be approved by the supervisor of the department caseworker and documented. The child, parent, department, guardian ad litem, or court-appointed special advocate may challenge the denial of visits in court.

(iv) A child shall be placed as close to the child's home as possible, preferably in the child's own neighborhood, unless the court finds that placement at a greater distance is necessary to promote the child's or parents' well-being.

(v) The plan shall state whether both in-state and, where appropriate, out-of-state placement options have been considered by the department or supervising agency.

(vi) Unless it is not in the best interests of the child, whenever practical, the plan should ensure the child remains enrolled in the school whether the child was attending at the time the child entered foster care.

(vii) The supervising agency or department shall provide all reasonable services that are available within the department or supervising agency, or within the community, or those services which the department has existing contracts to purchase. It shall report to the court if it is unable to provide such services; and

(c) If the court has ordered, pursuant to RCW 13.34.130(8), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to achieve permanency for the child, services to be offered or provided to the child, and, if visitation would be in the best interests of the child, a recommendation to the court regarding visitation between parent and child pending a fact-finding hearing on the termination petition. The department or supervising agency shall not be required to develop a plan of services for the parents or provide services to the parents if the court orders a termination petition be filed. However, reasonable efforts to ensure visitation and contact between siblings shall be made unless there is reasonable cause to believe the best interests of the child or siblings would be jeopardized.

(3) Permanency planning goals should be achieved at the earliest possible date. If the child has been in out-of-home care for fifteen of the most recent twenty-two months, and the court has not made a good cause exception, the court shall require the department or supervising agency to file a petition seeking termination of parental rights in accordance with RCW 13.34.145(2)(j)(2)(j) (4)(b)(vi). In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

(4) If the court determines that the continuation of reasonable efforts to prevent or eliminate the need to remove the child from his or her home or to safely return the child home should not be part of the permanency plan of care for the child, reasonable efforts shall be made to place the child in a timely manner and to complete whatever steps are necessary to finalize the permanent placement of the child.

(5) The identified outcomes and goals of the permanency plan may change over time based upon the circumstances of the particular case.

(6) The court shall consider the child's relationships with the child's siblings in accordance with RCW 13.34.130(6). Whenever the permanency plan for a child is adoption, the court shall encourage the prospective adoptive parents, birth parents, foster parents, kinship caregivers, and the department or other supervising agency to seriously consider the long-term benefits to the child adoptee and his or her siblings of providing for and facilitating continuing postadoption contact between the siblings. To the extent that it is feasible, and when it is in the best interests of the child adoptee and his or her siblings, contact between the siblings should be frequent and of a similar nature as that which existed prior to the adoption. If the child adoptee or his or her siblings are represented by an attorney or guardian ad litem in a proceeding under this chapter or in any other child custody proceeding, the court shall inquire of each attorney and guardian ad litem regarding the potential benefits of continuing contact between the siblings and the
potential detriments of severing contact. This section does not require the department of social and health services or other supervising agency to agree to any specific provisions in an open adoption agreement and does not create a new obligation for the department to provide supervision or transportation for visits between siblings separated by adoption from foster care. 

(7) For purposes related to permanency planning:
(a) "Guardianship" means a dependency guardianship or a legal guardianship pursuant to chapter 11.88 RCW or equivalent laws of another state or a federally recognized Indian tribe.
(b) "Permanent custody order" means a custody order entered pursuant to chapter 26.10 RCW.
(c) "Permanent legal custody" means legal custody pursuant to chapter 26.10 RCW or equivalent laws of another state or a federally recognized Indian tribe."

On page 1, line 2 of the title, after "with" strike "intellectual or" and after "proceedings, strike the remainder of the title and insert "reenacting and amending RCW 13.34.136; and creating a new section."

and the same is herewith transmitted. Brad Hendrickson, Deputy Secretary

MESSAGE FROM THE SENATE

March 7, 2014

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1287 with the following amendment:
Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. This section is the tax preference performance statement for the tax preference contained in section 5 of this act. This performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(1) The legislature categorizes this tax preference as one intended to create jobs and improve the economic health of tribal communities as indicated in RCW 82.32.808(2)(c) and (f).

(2) It is the legislature's specific public policy objective to create jobs and improve the economic health of tribal communities. It is the legislature's intent to exempt property used by federally recognized Indian tribes for economic development purposes, in order to achieve these policy objectives.

(3) The joint legislative audit and review committee must perform an economic impact report to the legislature as required in section 10 of this act to provide the information necessary to measure the effectiveness of this act.

Sec. 2. RCW 82.29A.010 and 2010 c 281 s 2 are each amended to read as follows:

(1)(a) The legislature hereby recognizes that properties of the state of Washington, counties, school districts, and other municipal corporations are exempted by Article 7, section 1 of the state Constitution from property tax obligations, but that private lessees of such public properties receive substantial benefits from governmental services provided by units of government.

(b) The legislature further recognizes that a uniform method of taxation should apply to such leasehold interests in publicly owned property.

(c) The legislature finds that lessees of publicly owned property or community centers are entitled to those same governmental services and does hereby provide for a leasehold excise tax to fairly compensate governmental units for services rendered to such lessees of publicly owned property or community centers. For the purposes of this subsection, "community center" has the same meaning as provided in RCW 84.36.010.

(d) The legislature also finds that eliminating the property tax on property owned exclusively by federally recognized Indian tribes within the state requires that the leasehold excise tax also be applied to leasehold interests on tribally owned property.

(2) The legislature further finds that experience gained by lessors, lessees, and the department of revenue since enactment of the leasehold excise tax under this chapter has shed light on areas in the leasehold excise statutes that need explanation and clarification. The purpose of chapter 220, Laws of 1999 is to make those changes.

Sec. 3. RCW 82.29A.020 and 2012 2nd sp.s. c 6 s 501 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context requires otherwise.

(1)(a) "Leasehold interest" means an interest in publicly owned real or personal property which exists by virtue of any lease, permit, license, or any other agreement, written or verbal, between the public owner of the property and a person who would not be exempt from property taxes if that person owned the property in fee, granting possession and use, to a degree less than fee simple ownership. However, no interest in personal property (excluding land or buildings) which is owned by the United States, whether or not as trustee, or by any foreign government may constitute a leasehold interest hereunder when the right to use such property is granted pursuant to a contract solely for the manufacture or production of articles for sale to the United States or any foreign government. The term "leasehold interest" includes the rights of use or occupancy by others of property which is owned in fee or held in trust by a public corporation, commission, or authority created under RCW 35.21.730 or 35.21.660 if the property is listed on or is within a district listed on any federal or state register of historical sites.

(b) The term "leasehold interest" does not include:

(i) Road or utility easements, rights of access, occupancy, or use granted solely for the purpose of removing materials or products purchased from a public owner or the lessee of a public owner, or rights of access, occupancy, or use granted solely for the purpose of natural resource exploration; or

(ii) The preferential use of publicly owned cargo cranes and docks and associated areas used in the loading and discharging of cargo located at a port district marine facility. "Preferential use" means that publicly owned real or personal property is used by a private party under a written agreement with the public owner, but the public owner or any third party maintains a right to use the property when not being used by the private party.

"Publicly owned real or personal property" includes real or personal property owned by a federally recognized Indian tribe in the state and exempt from tax under RCW 84.36.010.

(2)(a) "Taxable rent" means contract rent as defined in (c) of this subsection in all cases where the lease or agreement has been established or renegotiated through competitive bidding, or negotiated or renegotiated in accordance with statutory requirements regarding the rent payable, or negotiated or renegotiated under circumstances, established by public record, clearly showing that the contract rent was the maximum attainable by the lessor. However, after January 1, 1986, with respect to any lease which has been in effect for ten years or more without renegotiation, taxable rent may be established by procedures set forth in (g) of this subsection. All other leasehold interests are subject to the determination of taxable rent under the terms of (g) of this subsection.

(b) For purposes of determining leasehold excise tax on any lands on the Hanford reservation subleased to a private or public entity by the department of ecology, taxable rent includes only the annual cash rental payment made by such entity to the department of ecology as specifically referred to as rent in the sublease agreement between the parties and does not include any other fees, assessments, or charges imposed on or collected by such entity irrespective of whether the private or public entity pays or collects such other fees, assessments, or charges as specified in the sublease agreement.

(c) "Contract rent" means the amount of consideration due as payment for a leasehold interest, including: The total of cash payments made to the lessor or to another party for the benefit of the lessor according to the requirements of the lease or agreement, including any rents paid by a sublessee; expenditures for the protection of the lessor's interest when required by the terms of the lease or agreement; and expenditures for improvements to the property to the extent that such improvements become the property of the lessor. Where the consideration conveyed for the leasehold interest is made in combination with payment for concession or other rights granted by the lessor, only that portion of such payment which represents consideration for the leasehold interest is part of contract rent.

(d) "Contract rent" does not include: (i) Expenditures made by the lessee, which under the terms of the lease or agreement, are to be reimbursed by the lessor to the lessee or expenditures for improvements and protection made pursuant to a lease or an agreement which requires that the use of the improved property be open to the general public and that no profit will inure to the lessee from the lease; (ii) expenditures made by the lessee for the replacement or repair of facilities due to fire or other casualty including payments for insurance to provide reimbursement for losses or payments to a public or private entity for protection of such property from damage or loss or for alterations or additions made necessary by an action of government taken after the date of the execution of the lease or agreement; (iii) improvements added to publicly owned property by a sublessee under...
an agreement executed prior to January 1, 1976, which have been taxed as personal property of the sublessee prior to January 1, 1976, or improvements made by a sublessee of the same lessee under a similar agreement executed prior to January 1, 1976, and such improvements are taxable to the sublessee as personal property; (iv) improvements added to publicly owned property if such improvements are being taxed as personal property to any person.

(c) Any prepaid contract rent is considered to have been paid in the year due and not in the year actually paid with respect to prepayment for a period of more than one year. Expenditures for improvements with a useful life of more than one year which are included as part of contract rent must be treated as prepaid contract rent and prorated over the useful life of the improvement or the remaining term of the lease or agreement if the useful life is in excess of the remaining term of the lease or agreement. Rent prepaid prior to January 1, 1976, must be prorated from the date of prepayment.

(f) With respect to a "product lease", the value is that value determined at the time of sale under terms of the lease.

(g) If it is determined by the department of revenue, upon examination of a lessee's accounts or those of a lessor of publicly owned property, that a lessee is occupying or using publicly owned property in such a manner as to create a leasehold interest and that such leasehold interest has not been established through competitive bidding, or negotiated in accordance with statutory requirements regarding the rent payable, or negotiated under circumstances, established by public record, clearly showing that the contract rent was the maximum attainable by the lessor, the department may establish a taxable rent computation for use in determining the tax payable under authority granted in this chapter based upon the following criteria: (i) Consideration must be given to rental being paid to other lessors by lessees of similar property for similar purposes over similar periods of time; (ii) consideration must be given to what would be considered a fair rate of return on the market value of the property leased less reasonable deductions for any restrictions on use, special operating requirements or provisions for concurrent use by the lessor, another person or the general public.

(3) "Product lease" as used in this chapter means a lease of property for use in the production of agricultural or marine products to the extent that such lease provides for the contract rent to be paid by the delivery of a stated percentage of the production of such agricultural or marine products to the credit of the lessor or the payment to the lessor of a stated percentage of the proceeds from the sale of such products.

(4) "Renegotiated" means a change in the lease agreement which changes the agreed time of possession, restrictions on use, the rate of the cash rental or of any other consideration payable by the lessee to or for the benefit of the lessor, other than any such change required by the terms of the lease or agreement. In addition "renegotiated" means a continuation of possession by the lessee beyond the date when, under the terms of the lease agreement, the lessee had the right to vacate the premises without any further liability to the lessor.

(5) "City" means any city or town.

(6) "Products" includes natural resource products such as cut or picked evergreen foliage, Cascara bark, wild edible mushrooms, native ornamental trees and shrubs, ore and minerals, natural gas, geothermal water and steam, and forage removed through the grazing of livestock.

Sec. 4. RCW 82.29A.050 and 1992 c 206 s 6 are each amended to read as follows:

(1) The leasehold excise taxes provided for in RCW 82.29A.030 and 82.29A.040 (shall) must be paid by the lessee to the lessor and the lessor (shall) must collect such tax and remit the same to the department (of revenue). The tax (shall) must be payable at the same time as payments are due to the lessor for use of the property from which the leasehold interest arises, and in the case of payment of contract rent to a person other than the lessor, at the time of payment. The tax payment (shall) must be accompanied by such information as the department (of revenue) may require. In the case of prepaid contract rent the payment may be prorated in accordance with instructions of the department (of revenue) and the prorated portion of the tax (shall) is due, one-half not later than May 31st and the other half not later than November 30th each year.

(2) The lessee receiving taxes payable under the provisions of this chapter (shall) must remit the same together with a return provided by the department, to the department of revenue on or before the last day of the month following the month in which the tax is collected. The department may relieve any taxpayer or class of taxpayers from the obligation of filing monthly returns and may require the return to cover other reporting periods, but in no event (shall) may returns be filed for a period greater than one year. The lessor (shall) is fully liable for collection and remittance of the tax. The amount of tax until paid by the lessee to the lessor (shall) constitutes a debt from the lessee to the lessor. The tax required by this chapter (shall) must be stated separately from contract rent, and if not so separately stated for purposes of determining the tax due from the lessee to the lessor and from the lessor to the department, the contract rent does not include the tax imposed by this chapter. Where a lessee has failed to pay to the lessor the tax payable under this chapter and the lessor has not paid the amount of the tax to the department, the department may, in its discretion, proceed directly against the lessee for collection of the tax (provided, that). However, taxes due where contract rent has not been paid (shall) must be reported by the lessor to the department and the lessee alone (shall be) liable for payment of the tax to the department.

(3) Each person having a leasehold interest subject to the tax provided for in this chapter arising out of a lease of federally owned or federal trust lands (shall), or property owned by a federally recognized Indian tribe in the state and exempt from taxes in this section if the property was owned by the tribe prior to March 1, 2014.

Sec. 5. RCW 84.36.010 and 2010 c 281 s 1 are each amended to add definitions as follows:

(1) All property belonging exclusively to the United States, the state, or any county or municipal corporation; all property belonging exclusively to any federally recognized Indian tribe, if (a) the tribe is located in the state, and (b) the property is used exclusively for essential government services; all state route number 16 corridor transportation systems and facilities constructed under chapter 47.46 RCW; all property under a financing contract pursuant to chapter 39.94 RCW or recorded agreement granting immediate possession and use to the public bodies listed in this section or under an order of immediate possession and use pursuant to RCW 8.04.090; and, for a period of forty years from acquisition, all property of a community center; is exempt from taxation. All property belonging exclusively to a foreign national government is exempt from taxation if that property is used exclusively as an office or residence for a consul or other official representative of the foreign national government, and if the consul or other official representative is a citizen of that foreign nation.

(2) Property owned by a federally recognized Indian tribe, which is used for economic development purposes, may only qualify for the exemption from taxes in this section if the property was owned by the tribe prior to March 1, 2014.

(3) For the purposes of this section the following definitions apply unless the context clearly requires otherwise.

(a) "Community center" means property, including a building or buildings, determined to be surplus to the needs of a district by a local school board, and purchased or acquired by a nonprofit organization for the purposes of converting them into community facilities for the delivery of nonresidential coordinated services for community members. The community center may make space available to businesses, individuals, or other parties through the loan or rental of space in or on the property.
(b) "Essential government services" means services such as tribal administration, public facilities, fire, police, public health, education, sewer, water, environmental and land use, transportation, utility services, and economic development.

c) "Economic development" means commercial activities, including those that facilitate the creation or retention of businesses or jobs, or that improve the standard of living or economic health of tribal communities.

Sec. 6. RCW 84.36.451 and 2001 c 26 s 2 are each amended to read as follows:

(1) The following property ((shall be)) is exempt from taxation:
Any and all rights to occupy or use any real or personal property owned in fee or held in trust by:
(a) The United States, the state of Washington, or any political subdivision or municipal corporation of the state of Washington, or a federally recognized Indian tribe for property exempt under RCW 84.36.010; or
(b) A public corporation, commission, or authority created under RCW 35.21.730 or 35.21.660 if the property is listed on or is within a district listed on any federal or state register of historical sites; and
(c) Any leasehold interest arising from the property identified in (a) and (b) of this subsection as defined in RCW 82.29A.020.

(2) The exemption under this section ((shall)) does not apply to:
(a) Any such leasehold interests which are a part of operating properties of public utilities subject to assessment under chapter 84.12 RCW; or
(b) Any such leasehold interest consisting of three thousand or more residential and recreational lots that are or may be subleased for residential and recreational purposes.

(3) The exemption under this section ((shall)) may not be construed to modify the provisions of RCW 84.40.230.

Sec. 7. RCW 84.40.230 and 1994 c 124 s 25 are each amended to read as follows:

When any real property is sold on contract by the United States of America, the state, (aei) any county or municipality, or (any) federally recognized Indian tribe, and the contract expresses or implies that the vendee is entitled to the possession, use, benefits and profits thereof and therefrom so long as the vendee complies with the terms of the contract, it ((shall)) is deemed that the vendor retains title merely as security for the fulfillment of the contract, and the property ((shall)) must be assessed and taxed in the same manner as other similar property in private ownership is taxed, and the tax roll ((shall)) must contain, opposite the description of the property so assessed the following notation: "Subject to title remaining in the vendor" or other notation of similar significance. No foreclosure for delinquent taxes nor any deed issued pursuant thereto ((shall)) may extinguish or otherwise affect the title of the vendor. In any case under former law where the contract and not the property was taxed no deed of the property described in such contract ((shall)) may ever be executed and delivered by the state or any county or municipality until all taxes assessed against such contract and local assessments assessed against the land described thereon are fully paid.

NEW SECTION. Sec. 8. A new section is added to chapter 82.29A RCW to read as follows:

(1) Property owned exclusively by a federally recognized Indian tribe that is exempt from property tax under RCW 84.36.010 is subject to payment in lieu of leasehold excise taxes, if:
(a) The tax exempt property is used exclusively for economic development, as defined in RCW 84.36.010;
(b) There is no taxable leasehold interest in the tax exempt property;
(c) The property is located outside of the tribe’s reservation; and
(d) The property is not otherwise exempt from taxation by federal law.

(2) The amount of the payment in lieu of leasehold excise taxes must be determined jointly and in good faith negotiation between the tribe that owns the property and the county in which the property is located. However, the amount may not exceed the leasehold excise tax amount that would otherwise be owed by a taxable leasehold interest in the property. If the tribe and the county cannot agree to terms on the amount of payment in lieu of taxes, the department may determine the rate, provided that the amount may not exceed the leasehold excise tax amount that would otherwise be owed by a taxable leasehold interest in the property.

(3) Payment must be made by the tribe to the county. The county treasurer must distribute all such money collected solely to the local taxing districts, including cities, in the same proportion that each local taxing district would have shared if a leasehold excise tax had been levied.

NEW SECTION. Sec. 9. A new section is added to chapter 84.36 RCW to read as follows:

(1) To qualify in any year for exempt status for real or personal property used exclusively for essential government services under RCW 84.36.010, a federally recognized Indian tribe must file an initial application with the department of revenue on or before October 1st of the prior year. All applications must be filed on forms prescribed by the department and signed by an authorized agent of the federally recognized tribe.

(2) If the use for essential government services is based in whole or in part on economic development, the application must also include:
(a) If the economic development activities are those of a lessee, a declaration from both the federally recognized tribe and the lessee confirming a lease agreement exists for the exempt tax year.
(b) If the property is subject to the payment in lieu of leasehold excise tax as described in section 8 of this act, a declaration from both the federally recognized tribe and the county in which the property is located confirming that an agreement exists for the exempt tax year regarding the amount for the payment in lieu of leasehold excise tax.

(3) A federally recognized Indian tribe which files an application under the requirements of subsection (2) of this section, must file an annual renewal application, on forms prescribed by the department of revenue, on or before October 1st of each year. The application must contain a declaration certifying the continuing exempt status of the real or personal property, and that the lease agreement or agreement for payment in lieu of leasehold excise tax continue in good standing, or that a new lease or agreement exists.

NEW SECTION. Sec. 10. A new section is added to chapter 52.30 RCW to read as follows:

(1) When exempt tribal property is located within the boundaries of a fire protection district or a regional fire protection service authority, the fire protection district or authority is authorized to contract with the tribe for compensation for providing fire protection services in an amount and under such terms as are mutually agreed upon by the fire protection district or authority and the tribe.

(2) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Exempt tribal property" means property that is owned exclusively by a federally recognized Indian tribe and that is exempt from taxation under RCW 84.36.010.

(b) "Regional fire protection service authority" or "authority" has the same meaning as provided in RCW 52.26.020.

NEW SECTION. Sec. 11. A new section is added to chapter 43.136 RCW to read as follows:

By December 1, 2020, and in compliance with RCW 43.01.036, the joint legislative audit and review committee must provide an economic impact report to the legislature evaluating the impacts of changes made in this act regarding the leasehold tax and property tax treatment of property owned by a federally recognized Indian tribe. The economic impact report must indicate: The number of parcels and uses of land involved; the economic impacts to tribal governments;
state and local government revenue reductions, increases, and shifts from all tax sources affected; impacts on public infrastructure and public services; impacts on business investment and business competition; a description of the types of business activities affected; impacts on the number of jobs created or lost; and any other data the joint legislative audit and review committee deems necessary in determining the economic impacts of this act.

NEW SECTION. Sec. 12. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act is null and void.

NEW SECTION. Sec. 13. This act applies to taxes levied for collection in 2015 and thereafter.

NEW SECTION. Sec. 14. This act expires January 1, 2022."

On page 1, line 3 of the title, after "tribe;" strike the remainder of the title and insert "amending RCW 82.29A.010, 82.29A.020, 82.29A.050, 83.46.010, 83.46.451, and 84.40.230; adding a new section to chapter 82.29A RCW; adding a new section to chapter 84.36 RCW; adding a new section to chapter 52.30 RCW; adding a new section to chapter 43.136 RCW; creating new sections; providing an effective date; and providing an expiration date."

MESSAGE FROM THE SENATE

March 6, 2014

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 1224 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 36.70A.040 and 2000 c 36 s 1 are each amended to read as follows:

(1) Each county that has both a population of fifty thousand or more and, until May 16, 1995, has had its population increase by more than ten percent in the previous ten years or, on or after May 16, 1995, has had its population increase by more than seventeen percent in the previous ten years, and the cities located within such county, and any other county regardless of its population that has had its population increase by more than twenty percent in the previous ten years, and the cities located within such county, shall conform with all of the requirements of this chapter. However, the county legislative authority of such a county with a population of less than fifty thousand population may adopt a resolution removing the county, and the cities located within the county, from the requirements of adopting comprehensive land use plans and development regulations under this chapter if this resolution is adopted and filed with the department by December 31, 1990, for counties initially meeting this set of criteria, or following:

(B) The county has previously adopted a resolution indicating its intention to have subsection (1) of this section apply to the county; (C) At least sixty days prior to adopting a resolution for partial planning, the county provides written notification to the legislative body of each city within the county of its intent to consider adopting the resolution; and

(D) The legislative bodies of at least sixty percent of those cities having an aggregate population of at least seventy-five percent of the incorporated county population have not: Adopted resolutions opposing the action by the county; and provided written notification of the resolutions to the county.

(ii) Upon adoption of a resolution for partial planning under (b)(i) of this subsection:

(A) The county and the cities within the county are, except as provided otherwise, no longer obligated to plan under this section; and

(B) The county may not, for a minimum of ten years from the date of adoption of the resolution, adopt another resolution indicating its intention to have subsection (1) of this section apply to the county.

(c) The adoption of a resolution for partial planning under (b)(i) of this subsection does not nullify or otherwise modify the requirements for counties and cities established in RCW 36.70A.060, 36.70A.070(5) and associated development regulations, 36.70A.170, and 36.70A.172.

(3) Any county or city that is initially required to conform with all of the requirements of this chapter under subsection (1) of this section shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a countywide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall designate critical areas, agricultural lands, forest lands, and mineral resource lands, and adopt development regulations conserving these designated agricultural lands, forest lands, and mineral resource lands and protecting these designated critical areas, under RCW 36.70A.170 and 36.70A.060; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; (d) if the county has a population of fifty thousand or more, the county and each city located within the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan on or before January 1, 1994, and if the county has a population of less than fifty thousand, the county and each city located within the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan by January 1, 1995, but if the governor makes written findings that a county with a population of less than fifty thousand or a city located within such a county is not making reasonable progress toward adopting a comprehensive plan and development regulations the governor may reduce this deadline for such actions to be taken by no more than one hundred eighty days. Any county or city subject to this subsection may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department (of community, trade, and economic development) of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(4) Any county or city that is required to conform with all the requirements of this chapter, as a result of the county legislative authority adopting its resolution of intention under subsection (2) of this section, shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a countywide planning policy under RCW 36.70A.210; (b) the county and each city that is located within the county shall adopt development regulations conserving agricultural lands, forest lands, and mineral resource lands it designated under RCW 36.70A.060 within one year of the date the county legislative authority adopts its resolution of intention; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city that is located within the county shall adopt a comprehensive plan and development regulations that are consistent with and implement the comprehensive plan not later than four years from the date the county
legislative authority adopts its resolution of intention, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department ("of community, trade, and economic development") of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(5) If the office of financial management certifies that the population of a county that previously had not been required to plan under subsection (1) or (2) of this section has changed sufficiently to meet either of the sets of criteria specified under subsection (1) of this section, and where applicable, the county legislative authority has not adopted a resolution removing the county from these requirements as provided in subsection (1) of this section, the county and each city within such county shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a countywide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall adopt development regulations under RCW 36.70A.060 conserving agricultural lands, forest lands, and mineral resource lands it designated within one year of the certification by the office of financial management; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city located within the county shall adopt a comprehensive land use plan and development regulations that are consistent with and implement the comprehensive plan within four years of the certification by the office of financial management, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department ("of community, trade, and economic development") of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(6) A copy of each document that is required under this section shall be submitted to the department at the time of its adoption.

(7) Cities and counties planning under this chapter must amend the transportation element of the comprehensive plan to be in compliance with this chapter and chapter 47.80 RCW no later than December 31, 2000.

Sec. 2. RCW 36.70A.060 and 2005 c 423 s 3 are each amended to read as follows:

(1)(a) (Except as provided in RCW 36.70A.1701) Each county that is required or chooses to plan under RCW 36.70A.040, and each city within such county, shall adopt development regulations on or before September 1, 1991, to assure the conservation of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170. Regulations adopted under this subsection may not prohibit uses legally existing on any parcel prior to their adoption and shall remain in effect until the county or city adopts development regulations pursuant to RCW 36.70A.040. Such regulations shall assure that the use of lands adjacent to agricultural, forest, or mineral resource lands shall not interfere with the continued use, in the accustomed manner and in accordance with best management practices, of those designated lands for the production of food, agricultural products, or timber, or for the extraction of minerals.

(b) Counties and cities shall require that all plats, short plats, development permits, and building permits issued for development activities on, or within five hundred feet of, lands designated as agricultural lands, forest lands, or mineral resource lands, contain a notice that the subject property is within or near designated agricultural lands, forest lands, or mineral resource lands on which a variety of commercial activities may occur that are not compatible with residential development for certain periods of limited duration. The notice for mineral resource lands shall also inform that an application might be made for mining-related activities, including mining, extraction, washing, crushing, stockpiling, blasting, transporting, and recycling of minerals.

(c) Each county that adopts a resolution of partial planning under RCW 36.70A.040(2)(b), and each city within such county, shall adopt development regulations within one year after the adoption of the resolution of partial planning to assure the conservation of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170. Regulations adopted under this subsection (1)(c) must comply with the requirements governing regulations adopted under (a) of this subsection.

(2) Each county and city shall adopt development regulations that protect critical areas that are required to be designated under RCW 36.70A.170. For counties and cities that are required or choose to plan under RCW 36.70A.040, such development regulations shall be adopted on or before September 1, 1991. For the remainder of the counties and cities, such development regulations shall be adopted on or before March 1, 1992.

(3) Such counties and cities shall review these designations and development regulations when adopting their comprehensive plans under RCW 36.70A.040 and implementing development regulations under RCW 36.70A.120 and may alter such designations and development regulations to insure consistency.

(4) Forest land and agricultural land located within urban growth areas shall not be designated by a county or city as forest land or agricultural land of long-term commercial significance under RCW 36.70A.170 unless the city or county has enacted a program authorizing transfer or purchase of development rights.

Sec. 3. RCW 36.70A.280 and 2011 c 360 s 17 are each amended to read as follows:

(1) The growth management hearings board shall hear and determine only those petitions alleging either:

(a) That, except as provided otherwise by this subsection, a state agency, county, or city planning under this chapter is not in compliance with the requirements of this chapter, chapter 90.58 RCW as it relates to the adoption of shoreline master programs or amendments thereto, or chapter 43.21C RCW as it relates to plans, development regulations, or amendments, adopted under RCW 36.70A.040 or chapter 90.58.
RCW. Nothing in this subsection authorizes the board to hear petitions alleging noncompliance with RCW 36.70A.5801;

(b) That the twenty-year growth management planning population projections adopted by the office of financial management pursuant to RCW 43.62.035 should be adjusted;

(c) That the approval of a work plan adopted under RCW 36.70A.735(1)(a) is not in compliance with the requirements of the program established under RCW 36.70A.710;

(d) That regulations adopted under RCW 36.70A.735(1)(b) are not regionally applicable and cannot be adopted, wholly or partially, by another jurisdiction; (\#)

(e) That a department certification under RCW 36.70A.735(1)(c) is erroneous; or

(f) That a department determination under RCW 36.70A.060(1)(d) is erroneous.

(2) A petition may be filed only by: (a) The state, or a county or city that plans under this chapter; (b) a person who has participated orally or in writing before the county or city regarding the matter on which a review is being requested; (c) a person who is certified by the governor within sixty days of filing the request with the board; or (d) a person qualified pursuant to RCW 34.05.530.

(3) For purposes of this section "person" means any individual, partnership, corporation, association, state agency, governmental subdivision or unit thereof, or public or private organization or entity of any character.

(4) To establish participation standing under subsection (2)(b) of this section, a person must show that his or her participation before the county or city was reasonably related to the person's issue as presented to the board.

(5) When considering a possible adjustment to a growth management planning population projection prepared by the office of financial management, the board shall consider the implications of any such adjustment to the population forecast for the entire state.

The rationale for any adjustment that is adopted by the board must be documented and filed with the office of financial management within ten working days after adoption.

If adjusted by the board, a county growth management planning population projection shall only be used for the planning purposes set forth in this chapter and shall be known as the "board adjusted population projection." None of these changes shall affect the official state and county population forecasts prepared by the office of financial management, which shall continue to be used for state budget and planning purposes.

NEW SECTION. Sec. 4. Section 3 of this act expires December 31, 2020."

On page 1, line 3 of the title, after "act;" strike the remainder of the title and insert "amending RCW 36.70A.040, 36.70A.060, and 36.70A.280; and providing an expiration date."

(1) If a personal wireless service provider applies to site several microcells (under), minor facilities, or a small cell network in a single geographical area:

(a) If one or more of the microcells and/or minor facilities are not exempt from the requirements of RCW 43.21C.030(2)(c), local governmental entities are encouraged: (i) To allow the applicant, at the applicant's discretion, to file a single set of documents required by chapter 43.21C RCW that will apply to all the microcells and/or minor facilities to be sited; and (ii) to render decisions under chapter 43.21C RCW regarding all the microcells and/or minor facilities in a single administrative proceeding; (and)

(b) Local governmental entities are encouraged: (i) To allow the applicant, at the applicant's discretion, to file a single set of documents for land use permits that will apply to all the microcells and/or minor facilities to be sited; and (ii) to render decisions regarding land use permits for all the microcells and/or minor facilities in a single administrative proceeding; and

(c) For small cell networks involving multiple individual small cell facilities, local governmental entities shall allow the applicant, if the applicant so chooses, to file a consolidated application and receive a single permit for the small cell network in a single jurisdiction instead of filing separate applications for each individual small cell facility.

(2) For the purposes of this section:

(a) "Personal wireless services" means commercial mobile services, unlicensed wireless services, and common carrier wireless exchange access services, as defined by federal laws and regulations.

(b) "Microcell" means a wireless communication facility consisting of an antenna that is either: (i) Four feet in height and with an area of not more than five hundred eighty square inches; or (ii) if a tubular antenna, no more than four inches in diameter and no more than six feet in length.

(c) "Minor facility" means a wireless communication facility consisting of up to three antennas, each of which is either: (i) Four feet in height and with an area of not more than five hundred eighty square inches; or (ii) if a tubular antenna, no more than four inches in diameter and no more than six feet in length; and the associated equipment cabinet that is six feet or less in height and no more than forty-eight square feet in floor area.

(d) "Small cell facility" means a personal wireless services facility that meets both of the following qualifications:

(i) Each antenna is located inside an antenna enclosure of no more than three cubic feet in volume or, in the case of an antenna that has exposed elements, the antenna and all of its exposed elements could fit within an imaginary enclosure of no more than three cubic feet; and

(ii) Primary equipment enclosures are no larger than seventeen cubic feet in volume. The following associated equipment may be located outside the primary equipment enclosure and if so located, are not included in the calculation of equipment volume: Electric meter, concealment, telecom demarcation box, ground-based enclosures, battery back-up power systems, grounding equipment, power transfer switch, and cut-off switch.

(c) "Small cell network" means a collection of interrelated small cell facilities designed to deliver personal wireless services.

Sec. 6. RCW 35.21.860 and 2007 c 6 s 1020 are each amended to read as follows:

(1) No city or town may impose a franchise fee or any other fee or charge of whatever nature or description upon the light and power, or gas distribution businesses, as defined in RCW 82.16.010, or telephone business, as defined in RCW 82.16.010, or service provider for use of the right-of-way, except:

(a) A tax authorized by RCW 35.21.865 may be imposed;

(b) A fee may be charged to such businesses or service providers that recovers actual administrative expenses incurred by a city or town that are directly related to receiving and approving a permit, license, and franchise, to inspecting plans and construction, or to the preparation of a detailed statement pursuant to chapter 43.21C RCW;

(c) Taxes permitted by state law on service providers;

(d) Franchise requirements and fees for cable television services as allowed by federal law; and

(ii) The placement of replacement structures when the replacement is necessary for the installation or attachment of wireless facilities, the replacement structure is higher than the replaced structure, and the overall height of the replacement structure and the wireless facility is more than sixty feet; or

(iii) The placement of personal wireless facilities on structures owned by the city or town located in the right-of-way. However, a site-specific charge shall not apply to the placement of personal wireless facilities on existing structures, unless the structure is owned by the city or town.

A city or town is not required to approve the use permit for the placement of a facility for personal wireless services that meets one of the criteria in this subsection absent such an agreement. If the parties are unable to agree on the amount of the charge, the service provider may submit the amount of the charge to binding arbitration by serving notice on the city or town. Within thirty days of receipt of the initial notice, each party shall furnish a list of acceptable arbitrators. The parties shall select an arbitrator; failing to agree on an arbitrator, each party shall select one arbitrator and the two arbitrators shall select a third arbitrator for an arbitration panel. The arbitrator or arbitrators shall determine the charge based on comparable siting agreements involving public land and rights-of-way. MESSAGE FROM THE SENATE

March 7, 2014

MR. SPEAKER:

The Senate has passed ENGROSSED HOUSE BILL NO. 2582, with the following amendment(s): 2582.E AMS HARG S4925.2

Strike everything after the enacting clause and insert the following:

"Sec. 7. RCW 13.34.138 and 2009 c 520 s 29, 2009 c 491 s 3, 2009 c 397 s 4, and 2009 c 152 s 1 are each reenacted and amended to read as follows:

(1) The status of all children found to be dependent shall be reviewed by the court at least every six months from the beginning date of the placement episode or the date dependency is established, whichever is first. The purpose of the hearing shall be to review the progress of the parties and determine whether court supervision should continue.

(a) The initial review hearing shall be an in-court review and shall be set six months from the beginning date of the placement episode or no more than ninety days from the entry of the disposition order, whichever comes first. The requirements for the initial review hearing, including the in-court review requirement, shall be accomplished within existing resources.

(b) The initial review hearing may be a permanency planning hearing when necessary to meet the time frames set forth in RCW 13.34.145(1)(a) or 13.34.134.

(2)(a) A child shall not be returned home at the review hearing unless the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists. The parents, guardian, or legal custodian shall report to the court the efforts they have made to correct the conditions which led to removal. If a child is returned, casework supervision by the supervising agency or department shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.

(b) Prior to the child returning home, the department or supervising agency must complete the following:

(i) Identify all adults residing in the home and conduct background checks on those persons;

(ii) Identify any persons who may act as a caregiver for the child in addition to the parent with whom the child is being placed and determine whether such persons are in need of any services in order to ensure the safety of the child, regardless of whether such persons are a party to the dependency. The department or supervising agency may recommend to the court and the court may order that placement of the child in the parent's home be contingent on or delayed based on the need for such persons to engage in or complete services to ensure the safety of the child prior to placement. If services are recommended for the caregiver, and the caregiver fails to engage in or follow through with the recommended services, the department or supervising agency must promptly notify the court; and

(ii) Notify the parent with whom the child is being placed that he or she has an ongoing duty to notify the department or supervising agency of all persons who reside in the home or who may act as a caregiver for the child both prior to the placement of the child in the home and subsequent to the placement of the child in the home as long as the court retains jurisdiction of the dependency proceeding or the department is providing or monitoring either remedial services to the parent or services to ensure the safety of the child to any caregivers.

Caregivers may be required to engage in services under this subsection solely for the purpose of ensuring the present and future safety of a child who is a ward of the court. This subsection does not grant party status to any individual not already a party to the dependency proceeding, create an entitlement to services or a duty on the part of the department or supervising agency to provide services, or create judicial authority to order the provision of services to any person other than for the express purposes of this section or RCW 13.34.025 or if the services are unavailable or unsuitable or the person is not eligible for such services.

(c) If the child is not returned home, the court shall establish in writing:

(i) Whether the supervising agency or the department is making reasonable efforts to provide services to the family and eliminate the need for placement of the child. If additional services, including housing assistance, are needed to facilitate the return of the child to the child's parents, the court shall order that reasonable services be offered specifying such services;

(ii) Whether there has been compliance with the case plan by the child, the child's parents, and the agency supervising the placement;

(iii) Whether progress has been made toward correcting the problems that necessitated the child's placement in out-of-home care;

(iv) Whether the services set forth in the case plan and the responsibilities of the parties need to be clarified or modified due to the availability of additional information or changed circumstances;

(v) Whether there is a continuing need for placement;

(vi) Whether a parent's homelessness or lack of suitable housing is a significant factor delaying permanency for the child by preventing the return of the child to the home of the child's parent and whether housing assistance should be provided by the department or supervising agency;

(vii) Whether the child is in an appropriate placement which adequately meets all physical, emotional, and educational needs;

(viii) Whether preference has been given to placement with the child's relatives if such placement is in the child's best interests;

(ix) Whether both in-state and, where appropriate, out-of-state placements have been considered;

(x) Whether the parents have visited the child and any reasons why visitation has not occurred or has been infrequent;

(xi) Whether terms of visitation need to be modified;

(xii) Whether the court-approved long-term permanent plan for the child remains the best plan for the child;

(xiii) Whether any additional court orders need to be made to move the case toward permanency; and

(xiv) The projected date by which the child will be returned home or other permanent plan of care will be implemented.

(d) The court at the review hearing may order that a petition seeking termination of the parent and child relationship be filed.
Unless the court makes a good cause exception under RCW 13.34.145, the court shall order that a petition seeking termination of the parent and child relationship be filed if the court finds that:

(i) The child has been in out-of-home care for at least twelve consecutive months following the filing of a dependency petition;
(ii) The services ordered under RCW 13.34.136 have been expressly and understandably offered or provided and all necessary services, reasonably available, capable of correcting the parental deficiencies within the foreseeable future have been expressly and understandably offered or provided;
(iii) There is no genuine issue of material fact that the parents have been noncompliant with court-ordered services; and
(iv) There is no genuine issue of material fact that the parents have made no progress toward successfully correcting parental deficiencies identified in a dependency proceeding under this chapter.

(3)(a) In any case in which the court orders that a dependent child may be returned to or remain in the child's home, the in-home placement shall be contingent upon the following:
(i) The compliance of the parents with court orders related to the care and supervision of the child, including compliance with the supervising agency's case plan; and
(ii) The continued participation of the parents, if applicable, in available substance abuse or mental health treatment if substance abuse or mental illness was a contributing factor to the removal of the child.

(b) The following may be grounds for removal of the child from the home, subject to review by the court:
(i) Noncompliance by the parents with the department's or supervising agency's case plan or court order;
(ii) The parent's inability, unwillingness, or failure to participate in available services or treatment for themselves or the child, including substance abuse treatment if a parent's substance abuse was a contributing factor to the abuse or neglect; or
(iii) The failure of the parents to successfully and substantially complete available services or treatment for themselves or the child, including substance abuse treatment if a parent's substance abuse was a contributing factor to the abuse or neglect.

(c) In a pending dependency case in which the court orders that a dependent child may be returned home and that child is later removed from the home, the court shall hold a review hearing within thirty days from the date of removal to determine whether the permanency plan should be changed, a termination petition should be filed, or other action is warranted. The best interests of the child shall be the court's primary consideration in the review hearing.

(4) The court's authority to order housing assistance under this chapter is: (a) Limited to cases in which a parent's homelessness or lack of suitable housing is a significant factor delaying permanency for the child and housing assistance would aid the parent in providing an appropriate home for the child; and (b) subject to the availability of funds appropriated for this specific purpose. Nothing in this chapter shall be construed to create an entitlement to housing assistance nor to create judicial authority to order the provision of such assistance to any person or family if the assistance or funding are unavailable or the child or family are not eligible for such assistance.

(5) The court shall consider the child's relationship with siblings in accordance with RCW 13.34.130((3)) (6)."

On page 1, line 2 of the title, after "rights;" strike the remainder of the title and insert "and reenacting and amending RCW 13.34.138."

and the same is herewith transmitted.

Brad Hendrickson Deputy Secretary

NEW SECTION. Sec. 4. A new section is added to chapter 43.20A RCW to read as follows:

The secretary shall require that behavioral health organizations offer contracts to managed health care systems under chapter 74.09 RCW or primary care practice settings to promote access to the services of chemical dependency professionals under chapter 18.205 RCW and mental health professionals, as defined by the department in rule, for the purposes of integrating such services into primary care settings for individuals with behavioral health and medical comorbidities.
services, the standards adopted by the secretary and the health care authority under subsection (5) of this section shall provide for an incentive payment to counties which elect to move to full integration by January 1, 2016. Subject to federal approval, the incentive payment shall be targeted at ten percent of savings realized by the state within the regional service area in which the fully integrated purchasing takes place. Savings shall be calculated in alignment with the outcome and performance measures established in RCW 43.20A.895, 70.320.020, and 71.36.025, and incentive payments for early adopter counties shall be made available for up to a six-year period, or until full integration of medical and behavioral health services is accomplished statewide, whichever comes sooner, according to rules to be developed by the secretary and health care authority.

Sec. 6. RCW 71.24.015 and 2005 c 503 s 1 are each amended to read as follows:

It is the intent of the legislature to establish a community mental health program which shall help people experiencing mental illness to retain a respected and productive position in the community. This will be accomplished through programs that focus on resilience and recovery, and practices that are evidence-based, research-based, consensus-based, or, where these do not exist, promising or emerging best practices, which provide for:

1. Access to mental health services for adults ((of the state who are acutely mentally ill, chronically mentally ill, or seriously disturbed)) with mental illness and children ((of the state who are acutely mentally ill, severely emotionally disturbed, or seriously disturbed)) with mental illness or emotional disturbances who meet access to care standards which services recognize the special needs of underserved populations, including minorities, children, the elderly, ((disabled)) individuals with disabilities, and low-income persons. Access to mental health services shall not be limited by a person's history of confinement in a state, federal, or local correctional facility. It is also the purpose of this chapter to promote the early identification of ((mentally ill)) children with mental illness and to ensure that they receive the mental health care and treatment which is appropriate to their developmental level. This care should improve home, school, and community functioning, maintain children in a safe and nurturing home environment, and should enable treatment decisions to be made in response to clinical needs in accordance with sound professional judgment while also recognizing parents' rights to participate in treatment decisions for their children.

2. The involvement of persons with mental illness, their family members, and advocates in designing and implementing mental health services that reduce unnecessary hospitalization and incarceration and promote the recovery and employment of persons with mental illness. To improve the quality of services available and promote the rehabilitation, recovery, and reintegration of persons with mental illness, consumer and advocate participation in mental health services is an integral part of the community mental health system and shall be supported.

3. Accountability of efficient and effective services through state-of-the-art outcome and performance measures and statewide standards for monitoring client and system outcomes, performance, and reporting of client and system outcome information. These processes shall be designed so as to maximize the use of available resources for direct care of people with a mental illness and to assure uniform data collection across the state;

4. Minimum service delivery standards;

5. Priorities for the use of available resources for the care of ((the mentally ill)) individuals with mental illness consistent with the priorities defined in the statute;

6. Coordination of services within the department, including those divisions within the department that provide services to children, between the department and the office of the superintendent of public instruction, and among state mental hospitals, county authorities, ((regional support networks)) behavioral health organizations, community mental health services, and other support services, which shall to the maximum extent feasible also include the families of ((the mentally ill)) individuals with mental illness, and other service providers; and

7. Coordination of services aimed at reducing duplication in service delivery and promoting complementary services among all entities that provide mental health services to adults and children.

It is the policy of the state to encourage the provision of a full range of treatment and rehabilitation services in the state for mental disorders including services operated by consumers and advocates. The legislature intends to encourage the development of regional mental health services with adequate local flexibility to assure eligible people in need of care access to the least-restrictive treatment alternative appropriate to their needs, and the availability of treatment components to assure continuity of care. To this end, counties ((are encouraged to)) must enter into joint operating agreements with other counties to form regional systems of care that are consistent with the regional service areas established under section 2 of this act. Regional systems of care, whether operated by a county, group of counties, or another entity shall integrate planning, administration, and service delivery duties under chapters 71.05 and 71.24 RCW to consolidate administration, reduce administrative layering, and reduce administrative costs. The legislature hereby finds and declares that sound fiscal management requires vigilance to ensure that funds appropriated by the legislature for the provision of needed community mental health programs and services are ultimately expended solely for the purpose for which they were appropriated, and not for any other purpose.

It is further the intent of the legislature to integrate the provision of services to provide continuity of care through all phases of treatment. To this end, the legislature intends to promote active engagement with ((mentally ill)) persons with mental illness and collaboration between families and service providers.

Sec. 7. RCW 71.24.016 and 2006 c 333 s 102 are each amended to read as follows:

1. The legislature intends that eastern and western state hospitals shall operate as clinical centers for handling the most complicated long-term care needs of patients with a primary diagnosis of mental disorder. It is further the intent of the legislature that the community mental health service delivery system focus on maintaining ((mentally ill)) individuals with mental illness in the community. The program shall be evaluated and managed through a limited number of outcome and performance measures ((designed to hold each regional support network accountable for program success)), as provided in RCW 43.20A.895, 70.320.020, and 71.36.025.

2. The legislature intends to address the needs of people with mental disorders with a targeted, coordinated, and comprehensive set of evidence-based practices that are effective in serving individuals in their community and will reduce the need for placements in state mental hospitals. The legislature further intends to explicitly hold regional support networks accountable for serving people with mental disorders within the boundaries of their geographic boundaries and for not exceeding their allocation of state hospital beds. ((Within funds appropriated by the legislature for this purpose, regional support networks shall develop the means to serve the needs of people with mental disorders within their geographic boundaries. Elements of the program may include:

(a) Crisis triage;
(b) Evaluation and treatment and community hospital beds;
(c) Residential beds;
(d) Programs for community treatment teams; and
(e) Outpatient services.))

2. The regional support network shall have the flexibility, within the funds appropriated by the legislature for this purpose, to design the mix of services that will be most effective within their service area of meeting the needs of people with mental disorders and avoiding
By January 1, 2020, the community behavioral health program care services to medicaid clients. Mental health services, chemical dependency services, and medical care services to medicaid clients under a fully integrated managed care health system.

By December 1, 2018, the department and the health care agencies are encouraged to maximize the use of evidence-based practices and alternative resources with the goal of substantially reducing and potentially eliminating the use of institutions for mental diseases."

NEW SECTION. Sec. 8. A new section is added to chapter 71.24 RCW to read as follows:

(1) By December 1, 2018, the department and the health care authority shall report to the governor and the legislature regarding the preparedness of each regional service area to provide mental health services, chemical dependency services, and medical care services to medicaid clients under a fully integrated managed care health system.

(2) By January 1, 2020, the community behavioral health program must be fully integrated in a managed care health system that provides mental health services, chemical dependency services, and medical care services to medicaid clients.

NEW SECTION. Sec. 9. A new section is added to chapter 71.24 RCW to read as follows:

(1) Within funds appropriated by the legislature for this purpose, behavioral health organizations shall develop the means to serve the needs of people with mental disorders residing within the boundaries of their regional service area. Elements of the program may include:

(a) Crisis diversion services;
(b) Evaluation and treatment and community hospital beds;
(c) Residential treatment;
(d) Programs for intensive community treatment;
(e) Outpatient services;
(f) Peer support services;
(g) Community support services;
(h) Resource management services; and
(i) Supported housing and supported employment services.

(2) The behavioral health organization shall have the flexibility, within the funds appropriated by the legislature for this purpose and the terms of their contract, to design the mix of services that will be most effective within their service area of meeting the needs of people with mental disorders and avoiding placement of such individuals at the state mental hospital. Behavioral health organizations are encouraged to maximize the use of evidence-based practices and alternative resources with the goal of substantially reducing and potentially eliminating the use of institutions for mental diseases.

(172) (18) Organize and sponsor a statewide program to help court personnel, including judges, better understand the disease of alcoholism and other drug addiction and the uses of chemical dependency treatment programs.

Sec. 24. RCW 70.96A.060 and 1989 c 270 s 8 are each amended to read as follows:

1. An interdepartmental coordinating committee is established, composed of the superintendent of public instruction or his or her designee, the director of licensing or his or her designee, the executive secretary of the Washington state law enforcement training commission or his or her designee, and one or more designees (not to exceed three) of the secretary, one of whom shall be the director of the chemical dependency program. The committee shall meet at least twice annually at the call of the secretary, or his or her designee, who shall be its chair. The committee shall provide for the coordination of, and exchange of information on, all programs relating to alcoholism and other drug addiction, and shall act as a permanent liaison among the departments engaged in activities affecting ((alcoholics and other drug addicts)) persons with substance use disorders, persons incapacitated by alcohol or other psychoactive chemicals, and intoxicated persons. The committee shall assist the secretary and director in formulating a comprehensive plan for prevention of alcoholism and other drug addiction, for treatment of ((alcoholics and other drug addicts)) persons with substance use disorders, persons incapacitated by alcohol or other psychoactive chemicals, and intoxicated persons.

2. In exercising its coordinating functions, the committee shall assure that:

(a) The appropriate state agencies provide or assure all necessary medical, social, treatment, and educational services for ((alcoholics and other drug addicts)) persons with substance use disorders and their families, persons incapacitated by alcohol or other psychoactive chemicals, and intoxicated persons and for the prevention of alcoholism and other chemical dependency, without unnecessary duplication of services;

(b) The several state agencies cooperate in the use of facilities and in the treatment of ((alcoholics and other drug addicts)) persons with substance use disorders, persons incapacitated by alcohol or other psychoactive chemicals, and intoxicated persons, and for the prevention of alcoholism and other chemical dependency, without unnecessary duplication of services;

(c) All state agencies adopt approaches to the prevention of ((alcoholism and other drug addiction)) substance use disorders, the treatment of ((alcoholics and other drug addicts)) persons with substance use disorders and their families, persons incapacitated by alcohol or other psychoactive chemicals, and intoxicated persons consistent with the policy of this chapter.

Sec. 25. RCW 70.96A.080 and 1989 c 270 s 18 are each amended to read as follows:

1. In coordination with the health care authority, the department shall establish by ((all)) appropriate means, ((including contracting for services)) a comprehensive and coordinated ((discrete)) program for the treatment of ((alcoholics and other drug addicts)) persons with substance use disorders, and their families, persons incapacitated by alcohol or other psychoactive chemicals, and intoxicated persons.
2(a) The program shall include, but not necessarily be limited to, a continuum of chemical dependency treatment services that includes:

((1) Detoxification)) (i) Withdrawal management;
((2)) (ii) Residential treatment; and
((3)) (iii) Outpatient treatment.

(b) The program may include peer support, supported housing, supported employment, crisis diversion, or recovery support services.

(3) All appropriate public and private resources shall be coordinated with and used in the program when possible.

(4) The department may contract for the use of an approved treatment program or other individual or organization if the secretary considers this to be an effective and economical course to follow.

(5) By April 1, 2016, treatment provided under this chapter must be purchased primarily through managed care contracts. Consistent with RCW 70.96A.350, services and funding provided through the criminal justice treatment account are intended to be exempted from managed care contracting.

Sec. 26. RCW 70.96A.085 and 1989 c 270 s 12 are each amended to read as follows:

A city, town, or county that does not have its own facility or program for the treatment and rehabilitation of ((alcoholics and other drug addicts)) persons with substance use disorders may share in the use of a facility or program maintained by another city or county so long as it contributes no less than two percent of its share of liquor taxes and profits to the support of the facility or program.

Sec. 27. RCW 70.96A.100 and 1989 c 270 s 23 are each amended to read as follows:

The secretary shall adopt and may amend and repeal rules for acceptance of persons into the approved treatment program, considering available treatment resources and facilities, for the purpose of early and effective treatment of ((alcoholics and other drug addicts)) persons with substance use disorders who may share in the use of a facility or program maintained by another city or county so long as it contributes no less than two percent of its share of liquor taxes and profits to the support of the facility or program.

Sec. 28. RCW 70.96A.110 and 1990 c 151 s 7 are each amended to read as follows:

1. ((An alcoholic or other drug addict)) An individual with a substance use disorder may apply for voluntary treatment directly to an approved treatment program. If the proposed patient is a minor or an incompetent person, he or she, a parent, a legal guardian, or other legal representative may make the application.

2. Subject to rules adopted by the secretary, the administrator in charge of an approved treatment program may determine who shall be admitted for treatment. If a person is refused admission to an approved treatment program, the administrator, subject to rules adopted by the secretary, shall refer the person to another approved treatment program for treatment if possible and appropriate.

3. If a patient receiving inpatient care leaves an approved treatment program, he or she shall be encouraged to consent to appropriate outpatient treatment. If it appears to the administrator in charge of the treatment program that the patient is ((an alcoholic or other drug addict)) an individual with a substance use disorder who requires help, the department may arrange for assistance in obtaining supportive services and residential programs.

4. If a patient leaves an approved public treatment program, with or without the advice of the administrator in charge of the program, the department may make reasonable provisions for his or her transportation to another program or to his or her home. If the patient has no home he or she should be assisted in obtaining shelter. If the patient is less than fourteen years of age or an incompetent person requesting discharge from an inpatient program shall be made by a parent, legal guardian, or other legal representative or by the minor or incompetent if he or she was the original applicant.

Sec. 29. RCW 70.96A.140 and 2001 c 13 s 3 are each amended to read as follows:

1. When a designated chemical dependency specialist receives information alleging that a person presents a likelihood of serious harm or is gravely disabled as a result of chemical dependency, the designated chemical dependency specialist, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the information, may file a petition for commitment of such person with the superior court, district court, or in another court permitted by court rule.

If a petition for commitment is not filed in the case of a minor, the parent, guardian, or custodian who has custody of the minor may seek review of that decision made by the designated chemical dependency specialist in superior or district court. The parent, guardian, or custodian shall file notice with the court and provide a copy of the designated chemical dependency specialist's report.

If the designated chemical dependency specialist finds that the initial needs of such person would be better served by placement within the mental health system, the person shall be referred to either a ((county)) designated mental health professional or an evaluation and treatment facility as defined in RCW 71.05.020 or 71.34.020. If placement in a chemical dependency program is available and deemed appropriate, the petition shall allege that: The person is chemically dependent and presents a likelihood of serious harm or is gravely disabled by alcohol or drug addiction, or that the person has twice before in the preceding twelve months been admitted for ((detoxification)) withdrawal management, sobering services, or chemical dependency treatment pursuant to RCW 70.96A.110 or 70.96A.120, and is in need of a more sustained treatment program, or that the person is chemically dependent and has threatened, attempted, or inflicted physical harm on another and is likely to inflict physical harm on another unless committed. A refusal to undergo treatment, by itself, does not constitute evidence of lack of judgment as to the need for treatment. The petition shall be accompanied by a certificate of a licensed physician who has examined the person within five days before submission of the petition, unless the person whose commitment is sought has refused to submit to a medical examination, in which case the fact of refusal shall be alleged in the petition. The certificate shall set forth the licensed physician's findings in support of the allegations of the petition. A physician employed by the petitioning program or the department is eligible to be the certifying physician.

2. Upon filing the petition, the court shall fix a date for a hearing no less than two and no more than seven days after the date the petition was filed unless the person petitioned against is presently being detained in a program, pursuant to RCW 70.96A.120, 71.05.210, or (((21.34.050))) 71.34.710, in which case the hearing shall be held within seventy-two hours of the filing of the petition: PROVIDED, HOWEVER, That the above specified seventy-two hours shall be computed by excluding Saturdays, Sundays, and holidays: PROVIDED FURTHER, That, the court may, upon motion of the person whose commitment is sought, or upon motion of petitioner with written permission of the person whose commitment is sought, or his or her counsel and, upon good cause shown, extend the date for the hearing. A copy of the petition and of the notice of the hearing, including the date fixed by the court, shall be served by the designated
chemical dependency specialist on the person whose commitment is sought, his or her next of kin, a parent or his or her legal guardian if he or she is a minor, and any other person the court believes advisable. A copy of the petition and certificate shall be delivered to each person notified.

(3) At the hearing the court shall hear all relevant testimony, including, if possible, the testimony, which may be telephonic, of at least one licensed physician who has examined the person whose commitment is sought. Communications otherwise deemed privileged under the laws of this state are deemed to be waived in proceedings under this chapter when a court of competent jurisdiction in its discretion determines that the waiver is necessary to protect either the detained person or the public. The waiver of a privilege under this section is limited to records or testimony relevant to evaluation of the detained person for purposes of a proceeding under this chapter. Upon motion by the detained person, or on its own motion, the court shall examine a record or testimony sought by a petitioner to determine whether it is within the scope of the waiver.

The record maker shall not be required to testify in order to introduce medical, nursing, or psychological records of detained persons so long as the requirements of RCW 5.45.020 are met, except that portions of the record that contain opinions as to whether the detained person is chemically dependent shall be deleted from the records unless the person offering the opinions is available for cross-examination. The person shall be present unless the court believes that his or her presence is likely to be injurious to him or her; in this event the court may deem it appropriate to appoint a guardian ad litem to represent him or her throughout the proceeding. If deemed advisable, the court may examine the person out of courtroom. If the person has refused to be examined by a licensed physician, he or she shall be given an opportunity to be examined by a court appointed licensed physician. If he or she refuses and there is sufficient evidence to believe that the allegations of the petition are true, or if the court believes that more medical evidence is necessary, the court may make a temporary order committing him or her to the department for a period of not more than five days for purposes of a diagnostic examination.

(4) If after hearing all relevant evidence, including the results of any diagnostic examination, the court finds that grounds for involuntary commitment have been established by clear, cogent, and convincing proof, it shall make an order of commitment to an approved treatment program. It shall not order commitment of a person unless it determines that an approved treatment program is available and able to provide adequate and appropriate treatment for him or her.

(5) A person committed under this section shall remain in the program for treatment for a period of sixty days unless sooner discharged. At the end of the sixty-day period, he or she shall be discharged automatically unless the program, before expiration of the period, files a petition for his or her recommitment upon the grounds set forth in subsection (1) of this section for a further period of ninety days unless sooner discharged.

If a petition for recommitment is not filed in the case of a minor, the parent, guardian, or custodian who has custody of the minor may seek review of that decision made by the designated chemical dependency specialist in superior or district court. The parent, guardian, or custodian shall file notice with the court and provide a copy of the treatment progress report.

If a person has been committed because he or she is chemically dependent and likely to inflict physical harm on another, the program shall apply for recommitment if after examination it is determined that the likelihood still exists.

(6) Upon the filing of a petition for recommitment under subsection (5) of this section, the court shall fix a date for hearing no less than two and no more than seven days after the date the petition was filed: PROVIDED, That, the court may, upon motion of the person whose commitment is sought and upon good cause shown, extend the date for the hearing. A copy of the petition and of the notice of hearing, including the date fixed by the court, shall be served by the treatment program on the person whose commitment is sought, his or her next of kin, the original petitioner under subsection (1) of this section if different from the petitioner for recommitment, one of his or her parents or his or her legal guardian if he or she is a minor, and his or her attorney and any other person the court believes advisable. At the hearing the court shall proceed as provided in subsection (3) of this section.

(7) The approved treatment program shall provide for adequate and appropriate treatment of a person committed to its custody. A person committed under this section may be transferred from one approved public treatment program to another if transfer is medically advisable.

(8) A person committed to the custody of a program for treatment shall be discharged at any time before the end of the period for which he or she has been committed and he or she shall be discharged by order of the court if either of the following conditions are met:

(a) In case of a chemically dependent person committed on the grounds of likelihood of infliction of physical harm upon himself, herself, or another, the likelihood no longer exists; or further treatment will not be likely to bring about significant improvement in the person’s condition, or treatment is no longer adequate or appropriate.

(b) In case of a chemically dependent person committed on the grounds of the need of treatment and incapacity, that the incapacity no longer exists.

(9) The court shall inform the person whose commitment or recommitment is sought of his or her right to contest the application, be represented by counsel at every stage of any proceedings relating to his or her commitment and recommitment, and have counsel appointed by the court or provided by the court, if he or she wants the assistance of counsel and is unable to obtain counsel. If the court believes that the person needs the assistance of counsel, the court shall require, by appointment if necessary, counsel for him or her regardless of his or her wishes. The person shall, if he or she is financially able, bear the costs of such legal service; otherwise such legal service shall be at public expense. The person whose commitment or recommitment is sought shall be informed of his or her right to be examined by a licensed physician of his or her choice. If the person is unable to obtain a licensed physician and requests examination by a physician, the court shall employ a licensed physician.

(10) A person committed under this chapter may at any time seek to be discharged from commitment by writ of habeas corpus in a court of competent jurisdiction.

(11) The venue for proceedings under this section is the county in which person to be committed resides or is present.

(12) When in the opinion of the professional person in charge of the program providing involuntary treatment under this chapter, the committed patient can be appropriately served by less restrictive treatment before expiration of the period of commitment, then the less restrictive care may be required as a condition for early release for a period which, when added to the initial treatment period, does not exceed the period of commitment. If the program designated to provide the less restrictive treatment is other than the program providing the initial involuntary treatment, the program so designated must agree in writing to assume such responsibility. A copy of the conditions for early release shall be given to the patient, the designated chemical dependency specialist of original commitment, and the court of original commitment. The program designated to provide less restrictive care may modify the conditions for continued release when the modifications are in the best interests of the patient. If the program providing less restrictive care and the designated chemical dependency specialist determine that a conditionally released patient is failing to adhere to the terms and conditions of his or her release, or that substantial deterioration in the patient's functioning has occurred, then the designated chemical dependency specialist shall notify the court of original commitment and request a hearing to be held no less than two and no more than seven days after the date of the request to determine...
whether or not the person should be returned to more restrictive care. The designated chemical dependency specialist shall file a petition with the court stating the facts substantiating the need for the hearing along with the treatment recommendations. The patient shall have the same rights with respect to notice, hearing, and counsel as for the original involuntary treatment proceedings. The issues to be determined at the hearing are whether the conditionally released patient did or did not adhere to the terms and conditions of his or her release to less restrictive care or that substantial deterioration of the patient's functioning has occurred and whether the conditions of release should be modified or the person should be returned to a more restrictive program. The hearing may be waived by the patient and his or her counsel and his or her guardian or conservator, if any, but may not be waived unless all such persons agree to the waiver. Upon waiver, the person may be returned for involuntary treatment or continued on conditional release on the same or modified conditions.

Sec. 30. RCW 70.96A.190 and 1989 c 270 s 32 are each amended to read as follows:

(1) No county, municipality, or other political subdivision may adopt or enforce a local law, ordinance, resolution, or rule having the force of law that includes drinking, being ((an alcoholic or drug addict)) an individual with a substance use disorder, or being found in an intoxicated condition as one of the elements of the offense giving rise to a criminal or civil penalty or sanction.

(2) No county, municipality, or other political subdivision may interpret or apply any law of general application to circumvent the provision of subsection (1) of this section.

Members of the board shall be representative of the community, shall include at least one-quarter recovered ((alcoholics or other recovered drug addicts)) persons with substance use disorders, and shall include minority group representation. No member may be a provider of alcoholism and other drug addiction treatment services. No more than four elected or appointed city or county officials may serve on the board at the same time. Members of the board shall serve three-year terms and hold office until their successors are appointed and qualified. (e) It shall meet other conditions that the secretary may require.

(4) The county may accept and spend gifts, grants, and fees, from public and private sources, to implement its program of alcoholism and other drug addiction.

Sec. 33. RCW 70.96A.800 and 2008 c 320 s 1 are each amended to read as follows:

(1) Subject to funds appropriated for this specific purpose, the secretary shall select and contract with counties to provide intensive case management for chemically dependent persons with histories of high utilization of crisis services at two sites. In selecting the two sites, the secretary shall endeavor to site one in an urban county, and one in a rural county; and to site them in counties other than those selected pursuant to RCW 70.96B.020, to the extent necessary to facilitate evaluation of pilot project results. Subject to funds appropriated for
this specific purpose, the secretary may contract with additional counties to provide intensive case management.

(2) The contracted sites shall implement the pilot programs by providing intensive case management to persons with a primary chemical dependency diagnosis or dual primary chemical dependency and mental health diagnoses, through the employment of chemical dependency case managers. The chemical dependency case managers shall:

(a) Be trained in and use the integrated, comprehensive screening and assessment process adopted under RCW 70.96C.010;

(b) Reduce the number of criminal justice interventions including arrests, violations of conditions of supervision, bookings, jail days, prison sanction day for violations, court appearances, and prosecutor and defense costs;

(h) Where appropriate, advocate for the client's needs to assist the person in achieving and maintaining stability and progress toward recovery;

(i) Document the numbers of persons with co-occurring mental and substance abuse disorders and the point of determination of the co-occurring disorder by quadrant of intensity of need; and

(j) Where a program participant is under supervision by the department of corrections, coordinate with the department of corrections to maximize treatment outcomes and reduce the likelihood of reoffense.

(3) The pilot programs established by this section shall begin providing services by March 1, 2006.

Sec. 34. RCW 71.24.049 and 2001 c 323 s 13 are each amended to read as follows:

By January 1st of each odd-numbered year, the ((regional support network)) behavioral health organization shall identify: (1) The number of children in each priority group, as defined by this chapter, who are receiving mental health services funded in part or in whole under this chapter, (2) the amount of funds under this chapter used for children's mental health services, (3) an estimate of the number of unserved children in each priority group, and (4) the estimated cost of serving these additional children and their families.

Sec. 35. RCW 71.24.061 and 2007 c 359 s 7 are each amended to read as follows:

(1) The department shall provide flexibility in provider contracting to ((regional support network)) behavioral health organizations for children's mental health services. Beginning with 2007-2009 biennium contracts, ((regional support network)) behavioral health organization contracts shall authorize ((regional support network)) behavioral health organizations to allow and encourage licensed community mental health centers to subcontract with individual licensed mental health professionals when necessary to meet the need for an adequate, culturally competent, and qualified children's mental health provider network.

(2) To the extent that funds are specifically appropriated for this purpose or that nonstate funds are available, a children's mental health evidence-based practice institute shall be established at the University of Washington division of public behavioral health and justice policy. The institute shall closely collaborate with entities currently engaged in evaluating and promoting the use of evidence-based, research-based, promising, or consensus-based practices in children's mental health treatment, including but not limited to the University of Washington department of psychiatry and behavioral sciences, children's hospital and regional medical center, the University of Washington school of nursing, the University of Washington school of social work, and the Washington state institute for public policy. To ensure that funds appropriated are used to the greatest extent possible for their intended purpose, the University of Washington's indirect costs of administration shall not exceed ten percent of appropriated funding.

The institute shall:

(a) Improve the implementation of evidence-based and research-based practices by providing sustained and effective training and consultation to licensed children's mental health providers and child-serving agencies who are implementing evidence-based or research-based practices for treatment of children's emotional or behavioral disorders, or who are interested in adapting these practices to better serve ethnically or culturally diverse children. Efforts under this subsection should include a focus on appropriate oversight of implementation of evidence-based practices to ensure fidelity to these practices and thereby achieve positive outcomes;

(b) Continue the successful implementation of the "partnerships for success" model by consulting with communities so they may select, implement, and continually evaluate the success of evidence-based practices that are relevant to the needs of children, youth, and families in their community;

(c) Partner with youth, family members, family advocacy, and culturally competent provider organizations to develop a series of information sessions, literature, and online resources for families to become informed and engaged in evidence-based and research-based practices;

(d) Participate in the identification of outcome-based performance measures under RCW 71.36.025(2) and partner in a statewide effort to implement statewide outcomes monitoring and quality improvement processes; and

(e) Serve as a statewide resource to the department and other entities on child and adolescent evidence-based, research-based, promising, or consensus-based practices for children's mental health treatment, maintaining a working knowledge through ongoing review of academic and professional literature, and knowledge of other evidence-based practice implementation efforts in Washington and other states.

(3) To the extent that funds are specifically appropriated for this purpose, the department in collaboration with the evidence-based practice institute shall implement a pilot program to support primary care providers in the assessment and provision of appropriate diagnosis and treatment of children with mental and behavioral health disorders and track outcomes of this program. The program shall be designed to promote more accurate diagnoses and treatment through timely case consultation between primary care providers and child psychiatric specialists, and focused educational learning collaboratives with primary care providers.

Sec. 36. RCW 71.24.155 and 2001 c 323 s 14 are each amended to read as follows:

Grants shall be made by the department to ((regional support network)) behavioral health organizations for community mental health programs totaling not less than ninety-five percent of available resources. The department may use up to forty percent of the remaining five percent to provide community demonstration projects,
including early intervention or primary prevention programs for children, and the remainder shall be for emergency needs and technical assistance under this chapter.

Sec. 37. RCW 71.24.160 and 2011 c 343 s 6 are each amended to read as follows:

The ((regional support networks)) behavioral health organizations shall make satisfactory showing to the secretary that state funds shall in no case be used to replace local funds from any source being used to finance mental health services prior to January 1, 1990. Maintenance of effort funds devoted to judicial services related to involuntary commitment reimbursed under RCW 71.05.730 must be expended for other purposes that further treatment for mental health and chemical dependency disorders.

Sec. 38. RCW 71.24.250 and 2001 c 323 s 16 are each amended to read as follows:

The ((regional support networks)) behavioral health organization may accept and expend gifts and grants received from private, county, state, and federal sources.

Sec. 39. RCW 71.24.300 and 2008 c 261 s 4 are each amended to read as follows:

(1) Upon the request of a tribal authority or authorities within a ((regional support network)) behavioral health organization the joint operating agreement or the county authority shall allow for the inclusion of the tribal authority to be represented as a party to the ((regional support network)) behavioral health organization.

(2) The roles and responsibilities of the county and tribal authorities shall be determined by the terms of that agreement including a determination of membership on the governing board and advisory committees, the number of tribal representatives to be party to the agreement, and the provisions of law and shall assure the provision of culturally competent services to the tribes served.

(3) The state mental health authority may not determine the roles and responsibilities of county authorities as to each other under ((regional support networks)) behavioral health organizations by rule, except to assure that all duties required of ((regional support networks)) behavioral health organizations are assigned and that counties and the ((regional support network)) behavioral health organization do not duplicate functions and that a single authority has final responsibility for all available resources and performance under the ((regional support networks)) behavioral health organization's contract with the secretary.

(4) If a ((regional support network)) behavioral health organization is a private entity, the department shall allow for the inclusion of the tribal authority to be represented as a party to the ((regional support network)) behavioral health organization.

(5) The roles and responsibilities of the private entity and the tribal authorities shall be determined by the department, through negotiation with the tribal authority.

(6) ((Regional support networks)) Behavioral health organizations shall submit an overall six-year operating and capital plan, timeline, and budget and submit progress reports and an updated two-year plan biennially thereafter, to assume within available resources all of the following duties:

(a) Administer and provide for the availability of all resource management services, residential services, and community support services.

(b) Administer and provide for the availability of all investigation, transportation, court-related, and other services provided by the state or counties pursuant to chapter 71.05 RCW.

(c) Provide within the boundaries of each ((regional support network)) behavioral health organization evaluation and treatment services for at least ninety percent of persons detained or committed for periods up to seventeen days according to chapter 71.05 RCW.

((Regional support networks)) Behavioral health organizations may contract to purchase evaluation and treatment services from other ((networks)) organizations if they are unable to provide for appropriate resources within their boundaries. Insofar as the original intent of serving persons in the community is maintained, the secretary is authorized to approve exceptions on a case-by-case basis to the requirement to provide evaluation and treatment services within the boundaries of each ((regional support network)) behavioral health organization. Such exceptions are limited to:

(i) Contracts with neighboring or contiguous regions; or

(ii) Individuals detained or committed for periods up to seventeen days at the state hospitals at the discretion of the secretary.

(d) Administer and provide for the availability of all other mental health services, which shall include patient counseling, day treatment, consultation, education services, employment services as ((defined)) described in RCW 71.24.035, and mental health services to children.

(7) A ((regional support network)) behavioral health organization may request that any state-owned land, building, facility, or other capital asset which was ever purchased, deeded, given, or placed in trust for the care of the persons with mental illness and which is within the boundaries of a ((regional support network)) behavioral health organization be made available to support the operations of the ((regional support network)) behavioral health organization. State agencies managing such capital assets shall give first priority to requests for their use pursuant to this chapter.

(8) Each ((regional support network)) behavioral health organization shall appoint a mental health advisory board which shall review and provide comments on plans and policies developed under this chapter, provide local oversight regarding the activities of the ((regional support network)) behavioral health organization, and work with the ((regional support network)) behavioral health organization to resolve significant concerns regarding service delivery and outcomes. The department shall establish statewide procedures for the operation of regional advisory committees including mechanisms for advisory board feedback to the department regarding ((regional support network)) behavioral health organization performance. The composition of the board shall be broadly representative of the demographic character of the region and shall include, but not be limited to, representatives of consumers and families, law enforcement, and where the county is not the ((regional support network)) behavioral health organization, county elected officials. Composition and length of terms of board members may differ between ((regional support networks)) behavioral health organizations but shall be included in each ((regional support network)) behavioral health organization's contract and approved by the secretary.

(9) ((Regional support networks)) Behavioral health organizations shall assume all duties specified in their plans and joint operating agreements through biennial contractual agreements with the secretary. ((Regional support networks)) Behavioral health organizations may receive technical assistance from the housing trust fund and may identify and submit projects for housing and support services to the housing trust fund established under chapter 43.185 RCW. Projects identified or submitted under this subsection must be fully integrated with the ((regional support network)) behavioral health organization six-year operating and capital plan, timeline, and budget required by subsection (6) of this section.

Sec. 40. RCW 71.24.310 and 2013 2nd sp.s.c 4 s 994 are each amended to read as follows:

The legislature finds that administration of chapter 71.05 RCW and this chapter can be most efficiently and effectively implemented as part of the ((regional support network)) behavioral health organization defined in RCW 71.24.025. For this reason, the legislature intends that the department and the ((regional support networks)) behavioral health organizations shall work together to implement chapter 71.05 RCW as follows:
(1) By June 1, 2006, ((regional support network)) behavioral health organizations shall recommend to the department the number of state hospital beds that should be allocated for use by each ((regional support network)) behavioral health organization. The statewide total allocation shall not exceed the number of state hospital beds offering long-term inpatient care, as defined in this chapter, for which funding is provided in the biennial appropriations act.

(2) If there is consensus among the ((regional support network)) behavioral health organizations regarding the number of state hospital beds that should be allocated for use by each ((regional support network)) behavioral health organization, the department shall contract with each ((regional support network)) behavioral health organization accordingly.

(3) If there is not consensus among the ((regional support network)) behavioral health organizations regarding the number of beds that should be allocated for use by each ((regional support network)) behavioral health organization, the department shall establish by emergency rule the number of state hospital beds that are available for use by each ((regional support network)) behavioral health organization. The emergency rule shall be effective September 1, 2006. The primary factor used in the allocation shall be the estimated number of adults with acute and chronic mental illness in each ((regional support network)) behavioral health organization area, based upon population-adjusted incidence and utilization.

(4) The allocation formula shall be updated at least every three years to reflect demographic changes, and new evidence regarding the incidence of acute and chronic mental illness and the need for long-term inpatient care. In the updates, the statewide total allocation shall include (a) all state hospital beds offering long-term inpatient care for which funding is provided in the biennial appropriations act; plus (b) the estimated equivalent number of beds or comparable diversion services contracted in accordance with subsection (5) of this section.

(5) The department is encouraged to enter performance-based contracts with ((regional support network)) behavioral health organizations to provide some or all of the ((regional support network)) behavioral health organization's allocated long-term inpatient treatment capacity in the community, rather than in the state hospital. The performance contracts shall specify the number of patient days of care available for use by the ((regional support network)) behavioral health organization in the state hospital.

(6) If a ((regional support network)) behavioral health organization uses more state hospital patient days of care than it has been allocated under subsection (3) or (4) of this section, or than it has contracted to use under subsection (5) of this section, whichever is less, it shall reimburse the department for that care, except during the first three years of operation, for which reimbursement shall be made after each three-year period.

(7) One-half of any reimbursements received pursuant to subsection (6) of this section shall be used to support the cost of operating the state hospital and, during the 2007-2009 fiscal biennium, implementing new services that will enable a ((regional support network)) behavioral health organization to reduce its utilization of the state hospital. The department shall distribute the remaining half of such reimbursements among ((regional support network)) behavioral health organizations that have used less than their allocated or contracted patient days of care at that hospital, proportional to the number of patient days of care not used.

Sec. 41. RCW 71.24.350 and 2013 c 23 s 189 are each amended to read as follows:

The department shall require each ((regional support network)) behavioral health organization to provide for a separately funded mental health ombuds office in each ((regional support network)) behavioral health organization that is independent of the ((regional support network)) behavioral health organization. The ombuds office shall maximize the use of consumer advocates.

Sec. 42. RCW 71.24.370 and 2006 c 333 s 103 are each amended to read as follows:

(1) Except for monetary damage claims which have been reduced to final judgment by a superior court, this section applies to all claims against the state, state agencies, state officials, or state employees that exist on or arise after March 29, 2006.

(2) Except as expressly provided in contracts entered into between the department and the ((regional support network)) behavioral health organizations after March 29, 2006, the entities identified in subsection (3) of this section shall have no claim for declaratory relief, injunctive relief, judicial review under chapter 34.05 RCW, or civil liability against the state or state agencies for actions or inactions performed pursuant to the administration of this chapter with regard to the following: (a) The allocation or payment of federal or state funds; (b) the use or allocation of state hospital beds; or (c) financial responsibility for the provision of inpatient mental health care.

(3) This section applies to counties, ((regional support networks)) behavioral health organizations, and entities which contract to provide ((regional support network)) behavioral health organization services and their subcontractors, agents, or employees.

Sec. 43. RCW 71.24.455 and 1997 c 342 s 2 are each amended to read as follows:

(1) The secretary shall select and contract with a ((regional support network)) behavioral health organization or private provider to provide specialized access and services to ((mentally ill)) offenders with mental illness upon release from total confinement within the department of corrections who have been identified by the department of corrections and selected by the ((regional support network)) behavioral health organization or private provider as high-priority clients for services and who meet service program entrance criteria. The program shall enroll no more than twenty-five offenders at any one time, or a number of offenders that can be accommodated within the appropriated funding level, and shall seek to fill any vacancies that occur.

(2) Criteria shall include a determination by department of corrections staff:

(a) The offender suffers from a major mental illness and needs continued mental health treatment;

(b) The offender's previous crime or crimes have been determined by either the court or department of corrections staff to have been substantially influenced by the offender's mental illness;

(c) It is believed the offender will be less likely to commit further criminal acts if provided ongoing mental health care;

(d) The offender is unable or unlikely to obtain housing and/or treatment from other sources for any reason; and

(e) The offender has at least one year remaining before his or her sentence expires but is within six months of release to community housing and is currently housed within a work release facility or any department of corrections' division of prisons facility.

(3) The ((regional support network)) behavioral health organization or private provider shall provide specialized access and services to the selected offenders. The services shall be aimed at lowering the risk of recidivism. An oversight committee composed of a representative of the department, a representative of the selected ((regional support network)) behavioral health organization or private provider, and a representative of the department of corrections shall develop policies to guide the pilot program, provide dispute resolution including making determinations as to when entrance criteria or required services may be waived in individual cases, advise the department of corrections and the ((regional support network)) behavioral health organization or private provider on the selection of eligible offenders, and set minimum requirements for service contracts. The selected ((regional support network)) behavioral health organization or private provider shall implement the policies and service contracts. The following services shall be provided:
(a) Intensive case management to include a full range of intensive community support and treatment in client-to-staff ratios of not more than ten offenders per case manager including: (i) A minimum of weekly group and weekly individual counseling; (ii) home visits by the program manager at least two times per month; and (iii) counseling focusing on relapse prevention and past, current, or future behavior of the offender.

(b) The case manager shall assist the offender in the application of classes appropriate to the clinical and living needs of the offender and as needed to maintain the psychiatric stability of the offender. The entire range of emergency, transitional, and permanent housing and involuntary hospitalization must be considered as available housing options. A housing subsidy may be provided to offenders to defray housing costs up to a maximum of six thousand six hundred dollars per offender per year and be administered by the case manager. Additional funding sources may be used to offset these costs when available.

(c) The case manager shall collaborate with the assigned prison, work release, or community corrections staff during release planning, prior to discharge, and in ongoing supervision of the offender while under the authority of the department of corrections.

(d) Medications including the full range of psychotropic medications including atypical antipsychotic medications may be required as a condition of the program. Medication prescription, medication monitoring, and counseling to support offender understanding, acceptance, and compliance with prescribed medication regimens must be included.

(e) A systematic effort to engage offenders to continuously involve themselves in current and long-term treatment and appropriate habilitative activities shall be made.

(f) Classes appropriate to the clinical and living needs of the offender and appropriate to his or her level of understanding.

(g) The case manager shall assist the offender in the application and qualification for entitlement funding, including Medicaid, state assistance, and other available government and private assistance at any point that the offender is qualified and resources are available.

(h) The offender shall be provided access to daily activities such as drop-in centers, prevocational and vocational training and jobs, and volunteer activities.

(4) Once an offender has been selected into the pilot program, the offender shall remain in the program until the end of his or her sentence or unless the offender is released from the pilot program earlier by the department of corrections.

(5) Specialized training in the management and supervision of high-crime risk offenders with mental illness shall be provided to all participating mental health providers by the department and the department of corrections prior to their participation in the program and as requested thereafter.

(6) The pilot program provided for in this section must be providing services by July 1, 1998.

Sec. 44. RCW 71.24.470 and 2009 c 319 s 2 are each amended to read as follows:

(1) The secretary shall contract, to the extent that funds are appropriated for this purpose, for case management services and such other services as the secretary deems necessary to assist offenders identified under RCW 72.09.370 for participation in the offender reentry community safety program. The contracts may be with behavioral health organizations or any other qualified and appropriate entities.

(2) The case manager has the authority to assist these offenders in obtaining the services, as set forth in the plan created under RCW 72.09.370(2), for up to five years. The services may include coordination of mental health services, assistance with unfunded medical expenses, obtaining chemical dependency treatment, housing, employment services, educational or vocational training, independent living skills, parenting education, anger management services, and such other services as the case manager deems necessary.
the policies and principles set out in RCW 71.36.005, 71.36.010, and 71.36.025, and recognize that early identification, intervention and prevention services, and brief intervention services may be provided outside of the ((regional support network)) behavioral health organization system. Revised access to care standards shall assess a child's need for mental health services based upon the child's diagnosis and its negative impact upon his or her persistent impaired functioning in family, school, or the community, and should not solely condition the receipt of services upon a determination that a child is engaged in high risk behavior or is in imminent need of hospitalization or out-of-home placement. Assessment and diagnosis for children under five years of age shall be determined using a nationally accepted assessment tool designed specifically for children of that age. The recommendations shall also address whether amendments to RCW 71.24.025 ((26) and) (27) and (28) and 71.24.035(5) are necessary to implement revised access to care standards;

(2) Development of a revised children's mental health benefit package. The department shall ensure that services included in the children's mental health benefit package reflect the policies and principles included in RCW 71.36.005 and 71.36.025, to the extent allowable under medicaid, Title XIX of the federal social security act. Strong consideration shall be given to developmentally appropriate evidence-based and research-based practices, family-based interventions, the use of natural and peer supports, and community support services. This effort shall include a review of other state's efforts to fund family-centered children's mental health services through their medicaid programs;

(3) Consistent with the timeline developed for the system transformation initiative, recommendations for revisions to the children's access to care standards and the children's mental health services benefits package shall be presented to the legislature by January 1, 2009.

Sec. 48. RCW 71.24.065 and 2007 c 359 s 10 are each amended to read as follows:

To the extent funds are specifically appropriated for this purpose, the department of social and health services shall contract for implementation of a wraparound model of integrated children's mental health services delivery in up to four ((regional support network)) behavioral health organization regions in Washington state in which wraparound programs are not currently operating, and in up to two ((regional support network)) behavioral health organization regions in which wraparound programs are currently operating. Contracts in regions with existing wraparound programs shall be for the purpose of expanding the number of children served.

(1) Funding provided may be expended for: Costs associated with a request for proposal and contracting process; administrative costs associated with successful bidders' operation of the wraparound model; the evaluation under subsection (5) of this section; and funding for services needed by children enrolled in wraparound model sites that are not otherwise covered under existing state programs. The services provided through the wraparound model sites shall include, but be not limited to, services covered under the medicaid program. The department shall maximize the use of medicaid and other existing state-funded programs as a funding source. However, state funds provided may be used to develop a broader service package to meet needs identified in a child's care plan. Amounts provided shall supplement, and not supplant, state, local, or other funding for services that a child being served through a wraparound site would otherwise be eligible to receive.

(2) The wraparound model sites shall serve children with serious emotional or behavioral disturbances who are at high risk of residential or correctional placement or psychiatric hospitalization, and who have been referred for services from the department, a county juvenile court, a tribal court, a school, or a licensed mental health provider or agency.

(3) Through a request for proposal process, the department shall contract, with ((regional support network)) behavioral health organizations, alone or in partnership with either educational service districts or entities licensed to provide mental health services to children with serious emotional or behavioral disturbances, to operate the wraparound model sites. The contractor shall provide care coordination and facilitate the delivery of services and other supports to families using a strength-based, highly individualized wraparound process. The request for proposal shall require that:

(a) The ((regional support network)) behavioral health organization agree to use its medicaid revenues to fund services included in the existing ((regional support network)) behavioral health organization's benefit package that a medicaid-eligible child participating in the wraparound model site is determined to need;

(b) The contractor provide evidence of commitments from at least the following entities to participate in wraparound care plan development and service provision when appropriate: Community mental health agencies, schools, the department of social and health services children's administration, juvenile courts, the department of social and health services juvenile rehabilitation administration, and managed health care systems contracting with the department under RCW 74.09.522 and other local mental health agencies.

(c) The contractor will operate the wraparound model site in a manner that maintains fidelity to the wraparound process as defined in RCW 71.36.010.

(4) Contracts for operation of the wraparound model sites shall be executed on or before April 1, 2008, with enrollment and service delivery beginning on or before July 1, 2008.

(5) The evidence-based practice institute established in RCW 71.24.061 shall evaluate the wraparound model sites, measuring outcomes for children served. Outcomes measured shall include, but are not limited to: Decreased out-of-home placement, including residential, group, and foster care, and increased stability of such placements, school attendance, school performance, recidivism, emergency room utilization, involvement with the juvenile justice system, decreased use of psychotropic medication, and decreased hospitalization.

(6) The evidence-based practice institute shall provide a report and recommendations to the appropriate committees of the legislature by December 1, 2010.

Sec. 49. RCW 71.24.240 and 2005 c 503 s 10 are each amended to read as follows:

In order to establish eligibility for funding under this chapter, any ((regional support network)) behavioral health organization seeking to obtain federal funds for the support of any aspect of a community mental health program as defined in this chapter shall submit program plans to the secretary for prior review and approval before such plans are submitted to any federal agency.

Sec. 50. RCW 71.24.320 and 2008 c 261 s 5 are each amended to read as follows:

(1) If an existing ((regional support network)) behavioral health organization chooses not to respond to a request for ((qualifications)) a detailed plan, or is unable to substantially meet the requirements of a request for ((qualifications)) a detailed plan, or notifies the department of social and health services it will no longer serve as a ((regional support network)) behavioral health organization, the department shall utilize a procurement process in which other entities recognized by the secretary may bid to serve as the ((regional support network)) behavioral health organization.

(a) The request for proposal shall include a scoring factor for proposals that include additional financial resources beyond that provided by state appropriation or allocation.

(b) The department shall provide detailed briefings to all bidders in accordance with department and state procurement policies.

(c) The request for proposal shall also include a scoring factor for proposals submitted by nonprofit entities that include a component to maximize the utilization of state provided resources and the leverage
of other funds for the support of mental health services to persons with mental illness.

(2) A ((regional support network)) behavioral health organization that voluntarily terminates, refuses to renew, or refuses to sign a mandatory amendment to its contract to act as a ((regional support network)) behavioral health organization is prohibited from responding to a procurement under this section or serving as a ((regional support network)) behavioral health organization for five years from the date that the department signs a contract with the entity that will serve as the ((regional support network)) behavioral health organization.

Sec. 51. RCW 71.24.330 and 2013 c 320 s 9 are each amended to read as follows:

(1) (a) Contracts between a ((regional support network)) behavioral health organization and the department shall include mechanisms for monitoring performance under the contract and remedies for failure to substantially comply with the requirements of the contract including, but not limited to, financial penalties, termination of the contract, and reprocurement of the contract.

(b) The department shall incorporate the criteria to measure the performance of service coordination organizations into contracts with ((regional support networks)) behavioral health organizations as provided in chapter 70.320 RCW.

(2) The ((regional support network)) behavioral health organization procurement processes shall encourage the preservation of infrastructure previously purchased by the community mental health service delivery system, the maintenance of linkages between other services and delivery systems, and maximization of the use of available funds for services versus profits. However, a ((regional support network)) behavioral health organization selected through the procurement process is not required to contract for services with any county-owned or operated facility. The ((regional support network)) behavioral health organization procurement process shall provide that public funds appropriated by the legislature shall not be used to promote or deter, encourage, or discourage employees from exercising their rights under Title 29, chapter 7, subchapter II, United States Code or chapter 41.56 RCW.

(3) In addition to the requirements of RCW 71.24.035, contracts shall:

(a) Define administrative costs and ensure that the ((regional support network)) behavioral health organization does not exceed an administrative cost of ten percent of available funds;

(b) Require effective collaboration with law enforcement, criminal justice agencies, and the chemical dependency treatment system;

(c) Require substantial implementation of department adopted integrated screening and assessment process and matrix of best practices;

(d) Maintain the decision-making independence of designated mental health professionals;

(e) Except at the discretion of the secretary or as specified in the biennial budget, require ((regional support networks)) behavioral health organizations to pay the state for the costs associated with individuals who are being served on the grounds of the state hospitals and who are not receiving long-term inpatient care as defined in RCW 71.24.025;

(f) Include a negotiated alternative dispute resolution clause; and

(g) Include a provision requiring either party to provide one hundred eighty days' notice of any issue that may cause either party to voluntarily terminate, refuse to renew, or refuse to sign a mandatory amendment to the contract to act as a ((regional support network)) behavioral health organization. If either party decides to voluntarily terminate, refuse to renew, or refuse to sign a mandatory amendment to the contract to serve as a ((regional support network)) behavioral health organization, they shall provide ninety days' advance notice in writing to the other party.

Sec. 52. RCW 71.24.360 and 2012 c 91 s 1 are each amended to read as follows:

(1) The department may establish new ((regional support network)) behavioral health organization boundaries in any part of the state:

(a) Where more than one ((network)) organization chooses not to respond to, or is unable to substantially meet the requirements of, the request for ((qualifications)) a detailed plan under RCW 71.24.320;

(b) Where a ((regional support network)) behavioral health organization is subject to reprocurement under RCW 71.24.330; or

(c) Where two or more ((regional support networks)) behavioral health organizations propose to reconfigure themselves to achieve consolidation, in which case the procurement process described in RCW 71.24.320 and 71.24.330(2) does not apply.

(2) The department may establish no fewer than six and no more than fourteen ((regional support networks)) behavioral health organizations under this chapter. No entity shall be responsible for more than three ((regional support networks)) behavioral health organizations.

Sec. 53. RCW 71.24.405 and 2001 c 323 s 19 are each amended to read as follows:

The department shall establish a comprehensive and collaborative effort within ((regional support networks)) behavioral health organizations and with local mental health service providers aimed at creating innovative and streamlined community mental health service delivery systems, in order to carry out the purposes set forth in RCW 71.24.400 and to capture the diversity of the community mental health service delivery system.

The department must accomplish the following:

(1) Identification, review, and cataloging of all rules, regulations, duplicative administrative and monitoring functions, and other requirements that currently lead to inefficiencies in the community mental health service delivery system and, if possible, eliminate the requirements;

(2) The systematic and incremental development of a single system of accountability for all federal, state, and local funds provided to the community mental health service delivery system. Systematic efforts should be made to include federal and local funds into the single system of accountability;

(3) The elimination of process regulations and related contract and reporting requirements. In place of the regulations and requirements, a set of outcomes for mental health adult and children clients according to chapter 71.24 RCW must be used to measure the performance of mental health service providers and ((regional support networks)) behavioral health organizations. Such outcomes shall focus on stabilizing out-of-home and hospital care, increasing stable community living, increasing age-appropriate activities, achieving family and consumer satisfaction with services, and system efficiencies;

(4) Evaluation of the feasibility of contractual agreements between the department of social and health services and ((regional support networks)) behavioral health organizations and mental health service providers that link financial incentives to the success or failure of mental health service providers and ((regional support networks)) behavioral health organizations to meet outcomes established for mental health service clients;

(5) The involvement of mental health consumers and their representatives. Mental health consumers and their representatives will be involved in the development of outcome standards for mental health clients under section 5 of this act; and

(6) An independent evaluation component to measure the success of the department in fully implementing the provisions of RCW 71.24.400 and this section.

Sec. 54. RCW 71.24.430 and 2001 c 323 s 3 are each amended to read as follows:

(1) The department shall ensure the coordination of allied services for mental health clients. The department shall implement strategies for resolving organizational, regulatory, and funding issues at all levels
of the system, including the state, the ((regional support networks)) behavioral health organizations, and local service providers.

(2) The department shall propose, in operating budget requests, transfers of funding among programs to support collaborative service delivery to persons who require services from multiple department programs. The department shall report annually to the appropriate committees of the senate and house of representatives on actions and projects it has taken to promote collaborative service delivery.

Sec. 55. RCW 74.09.522 and 2013 2nd sp.s. c 17 s 13 are each amended to read as follows:

(1) For the purposes of this section:
(a) "Managed health care system" means any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, health insuring organizations, or any combination thereof; that provides directly or by contract health care services covered under this chapter and rendered by licensed providers, on a prepaid capitated basis and that meets the requirements of section 1903(m)(1)(A) of Title XIX of the federal social security act or federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act;
(b) "Nonparticipating provider" means a person, health care provider, practitioner, facility, or entity, acting within their scope of practice, that does not have a written contract to participate in a managed health care system's provider network, but provides health care services to enrollees of programs authorized under this chapter whose health care services are provided by the managed health care system.
(2) The authority shall enter into agreements with managed health care systems to provide health care services to recipients of temporary assistance for needy families under the following conditions:
(a) Agreements shall be made for at least thirty thousand recipients statewide;
(b) Agreements in at least one county shall include enrollment of all recipients of temporary assistance for needy families;
(c) To the extent that this provision is consistent with section 1903(m) of Title XIX of the federal social security act or federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act, recipients shall have a choice of systems in which to enroll and shall have the right to terminate their enrollment in a system: PROVIDED, That the authority may limit recipient termination of enrollment without cause to the first month of a period of enrollment, which period shall not exceed twelve months: AND PROVIDED FURTHER, That the authority shall not restrict a recipient's right to terminate enrollment in a system for good cause as established by the authority by rule;
(d) To the extent that this provision is consistent with section 1903(m) of Title XIX of the federal social security act, participating managed health care systems shall not enroll a disproportionate number of medical assistance recipients within the total numbers of persons served by the managed health care systems, except as authorized by the authority under federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act;
(e)(i) In negotiating with managed health care systems the authority shall adopt a uniform procedure to enter into contractual arrangements, to be included in contracts issued or renewed on or after January 1, 2015, including:
(A) Standards regarding the quality of services to be provided;
(B) The financial integrity of the responding system;
(C) Provider reimbursement methods that incentivize chronic care management within health homes, including comprehensive medication management services for patients with multiple chronic conditions consistent with the findings and goals established in RCW 74.09.5223;
(D) Provider reimbursement methods that reward health homes that, by using chronic care management, reduce emergency department and inpatient use;
(E) Promoting provider participation in the program of training and technical assistance regarding care of people with chronic conditions described in RCW 43.70.533, including allocation of funds to support provider participation in the training, unless the managed care system is an integrated health delivery system that has programs in place for chronic care management;
(F) Provider reimbursement methods within the medical billing processes that incentivize pharmacists or other qualified providers licensed in Washington state to provide comprehensive medication management services consistent with the findings and goals established in RCW 74.09.5223; and
(H) Established consistent processes to incentivize integration of behavioral health services in the primary care setting, promoting care that is integrated, collaborative, co-located, and preventive.
(ii)(A) Health home services contracted for under this subsection may be prioritized to enrollees with complex, high cost, or multiple chronic conditions.
(B) Contracts that include the items in (e)(i)(C) through (G) of this subsection must not exceed the rates that would be paid in the absence of these provisions;
(f) The authority shall seek waivers from federal requirements as necessary to implement this chapter;
(g) The authority shall, wherever possible, enter into prepaid capitation contracts that include inpatient care. However, if this is not possible or feasible, the authority may enter into prepaid capitation contracts that do not include inpatient care;
(h) The authority shall define those circumstances under which a managed health care system is responsible for out-of-plan services and assure that recipients shall not be charged for such services;
(i) Nothing in this section prevents the authority from entering into similar agreements for other groups of people eligible to receive services under this chapter; and
(j) The authority must consult with the federal center for medicare and medicaid innovation and seek funding opportunities to support health homes.
(3) The authority shall ensure that publicly supported community health centers and providers in rural areas, who show serious intent and apparent capability to participate as managed health care systems are seriously considered as contractors. The authority shall coordinate its managed care activities with activities under chapter 70.47 RCW.
(4) The authority shall work jointly with the state of Oregon and other states in this geographical region in order to develop recommendations to be presented to the appropriate federal agencies and the United States congress for improving health care of the poor, while controlling related costs.
(5) The legislature finds that competition in the managed health care marketplace is enhanced, in the long term, by the existence of a large number of managed health care system options for medicaid clients. In a managed care delivery system, whose goal is to focus on prevention, primary care, and improved enrollee health status, continuity in care relationships is of substantial importance, and disruption to clients and health care providers should be minimized. To help ensure these goals are met, the following principles shall guide the authority in its healthy options managed health care purchasing efforts:
(a) All managed health care systems should have an opportunity to contract with the authority to the extent that minimum contracting requirements defined by the authority are met, at payment rates that enable the authority to operate as far below appropriated spending levels as possible, consistent with the principles established in this section.

(A) Standards regarding the quality of services to be provided;
(B) The financial integrity of the responding system;
(C) Provider reimbursement methods that incentivize chronic care management within health homes, including comprehensive medication management services for patients with multiple chronic conditions consistent with the findings and goals established in RCW 74.09.5223;
(D) Provider reimbursement methods that reward health homes that, by using chronic care management, reduce emergency department and inpatient use;
(b) Managed health care systems should compete for the award of contracts and assignment of Medicaid beneficiaries who do not voluntarily select a contracting system, based upon:

(i) Demonstrated commitment to or experience in serving low-income populations;

(ii) Quality of services provided to enrollees;

(iii) Accessibility, including appropriate utilization, of services offered to enrollees;

(2) The performance measures must demonstrate the manner in which the following principles are achieved within each of the outcomes under subsection (1) of this section:

(a) Maximization of the use of evidence-based practices will be given priority over the use of research-based and promising practices, and research-based practices will be given priority over the use of promising practices. The agencies will develop strategies to identify programs that are effective with ethnically diverse clients and to consult with tribal governments, experts within ethnically diverse communities and community organizations that serve diverse communities;

(b) The maximization of the client's independence, recovery, and employment;

(c) The maximization of the client's participation in treatment decisions; and

(d) The collaboration between consumer-based support programs in providing services to the client.

(3) In developing performance measures under RCW 70.320.030, the authority and the department shall consider expected outcomes relevant to the general populations that each agency serves. The authority and the department may adapt the outcomes to account for the unique needs and characteristics of discrete subcategories of populations receiving services, including ethnically diverse communities.

(4) The authority and the department shall coordinate the establishment of the expected outcomes and the performance measures between each agency as well as each program to identify expected outcomes and performance measures that are common to the clients enrolled in multiple programs and to eliminate conflicting standards among the agencies and programs.

(5)(a) The authority and the department shall establish timelines and mechanisms for service contracting entities to report data related to performance measures and outcomes, including phased implementation of public reporting of outcome and performance measures in a form that allows for comparison of performance measures and levels of improvement between geographic regions of Washington.

(b) The authority and the department may not release any public reports of client outcomes unless the data have been deidentified and aggregated in such a way that the identity of individual clients cannot be determined through directly identifiable data or the combination of multiple data elements.

Sec. 108. RCW 18.205.040 and 2008 c 135 s 17 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, nothing in this chapter shall be construed to authorize the use of the title "certified chemical dependency professional" or "certified chemical dependency professional trainee" when treating patients in settings other than programs approved under chapter 70.96A RCW.

(2) A person who holds a credential as a "certified chemical dependency professional" or a "certified chemical dependency professional trainee" may use such title when treating patients in settings other than programs approved under chapter 70.96A RCW if the person also holds a license as: An advanced registered nurse practitioner under chapter 18.79 RCW; a marriage and family therapist, mental health counselor, advanced social worker, or independent clinical social health worker under chapter 18.225 RCW; a psychologist under chapter 18.83 RCW; an osteopathic physician assistant under chapter 18.57 RCW; an osteopathic physician assistant under chapter 18.57A RCW; a physician under chapter 18.71 RCW; or a physician assistant under chapter 18.71A RCW.

Sec. 109. A new section is added to chapter 70.320 RCW to read as follows:

The authority, the department, and service contracting entities shall establish record retention schedules for maintaining data reported by service contracting entities under RCW 70.320.020. For data elements related to the identity of individual clients, the schedules may not allow the retention of data for longer than required by law unless the authority, the department, or service contracting entities require the data for purposes contemplated by RCW 70.320.020 or to meet other service requirements. Regardless of how long data reported by service contracting entities under RCW 70.320.020 is kept, it must be protected in a way that prevents improper use or disclosure of confidential client information.

NEW SECTION. Sec. 110. A new section is added to chapter 71.24 RCW to read as follows:

(1) The department and the health care authority shall develop a plan to provide integrated managed health and mental health care for foster children receiving care through the medical assistance program.
The plan shall detail the steps necessary to implement and operate a fully integrated program for foster children, including development of a service delivery system, benefit design, reimbursement mechanisms, and standards for contracting with health plans. The plan must be designed so that all of the requirements for providing mental health services to children under the T.R. v. Dreyfus and Porter settlement are met. The plan shall include an implementation timeline and funding estimate. The department and the health authority shall submit the plan to the legislature by December 1, 2014.

(2) This section expires July 1, 2015.

NEW SECTION. Sec. 111. Section 1 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

NEW SECTION. Sec. 112. Sections 7, 10, 13 through 54, 56 through 84, and 86 through 104 of this act take effect April 1, 2016.

"PART I

Tax Performance Statement

NEW SECTION. Sec. 101. (1) The legislature finds that current law taxes natural gas as a traditional home heating or electric generation fuel while not taking into account the benefits of natural gas use as a transportation fuel. The legislature further finds that the construction and operation of a natural gas liquefaction plant and compressed natural gas refueling stations as well as the ongoing use of compressed and liquefied natural gas will lead to positive job creation, economic development, environmental benefits, lower fuel costs, and increased tax revenues to the state. The legislature further finds that it is sound tax policy to provide uniform tax treatment of natural gas used as a transportation fuel, regardless of whether the taxpayer providing the natural gas is a gas distribution business or not, so as to prevent any particular entity from receiving a competitive advantage solely through a structural inefficiency in the tax code.

(2) (a) This subsection is the tax performance statement for this act. The performance statement is only intended to be used for subsequent evaluation of the tax changes made in this act. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(b) The legislature categorizes the tax changes in this act as changes intended to accomplish the general purposes indicated in RCW 82.32.808(2) (c) and (d).

(c) It is the legislature's specific public policy objectives to promote job creation and positive economic development; lower carbon dioxide, sulfur dioxide, nitrogen dioxide, and particulate emissions; and secure optimal liquefied natural gas pricing for the state of Washington and other public entities.

(d) To measure the effectiveness of the exemption provided in this act in achieving the specific public policy objective described in (c) of this subsection, the joint legislative audit and review committee must evaluate the following:

(i) The number of employment positions and wages at a natural gas liquefaction facility located in Washington and operated by a gas distribution business where some or all of the liquefied natural gas is sold for use as a transportation fuel. If the average number of employment positions at the liquefaction facility once it is operationally complete equals or exceeds eighteen and average annual wages for employment positions at the facility exceed thirty-five thousand dollars, it is presumed that the public policy objective of job creation has been achieved.

(ii) The estimated total cost of construction of a liquefaction plant by a gas distribution company, including costs for machinery and
Beginning July 1, 2005, an additional and cumulative tax rate when the bonds issued for transportation projects are retired.

The temperature is imposed on fuel licensees. This subsection expires of compressed natural gas measured at standard pressure and temperature.

Beginning July 1, 2003, an additional and cumulative tax rate of two cents per each gallon of fuel measured at standard pressure and temperature is imposed on fuel licensees.

Beginning July 1, 2008, an additional and cumulative tax rate of two cents per each gallon of fuel measured at standard pressure and temperature is imposed on fuel licensees.

Beginning July 1, 2006, an additional and cumulative tax rate of three cents per each gallon of fuel measured at standard pressure and temperature is imposed on fuel licensees.

Beginning July 1, 2007, an additional and cumulative tax rate of two cents per each gallon of fuel measured at standard pressure and temperature is imposed on fuel licensees.

Beginning July 1, 2008, an additional and cumulative tax rate of one and one-half cents per each gallon of fuel measured at standard pressure and temperature is imposed on fuel licensees.

(7) Taxes are imposed when:

(a) Fuel is removed in this state from a terminal if the fuel is removed at the rack unless the removal is by a licensed supplier or distributor for direct delivery to a destination outside of the state, or the removal is by a fuel supplier for direct delivery to an international fuel tax agreement licensee under RCW 82.38.320;

(b) Fuel is removed in this state from a refinery if either of the following applies:

(i) The removal is by bulk transfer and the refiner or the owner of the fuel immediately before the removal is not a licensed supplier; or

(ii) The removal is at the refinery rack unless the removal is to a licensed supplier or distributor for direct delivery to a destination outside of the state, or the removal is to a licensed supplier for direct delivery to an international fuel tax agreement licensee under RCW 82.38.320, if either of the following applies:

(i) The entry is by bulk transfer and the importer is not a licensed supplier; or

(ii) The entry is not by bulk transfer;

(d) Fuel enters this state for sale, consumption, use, or storage, unless the fuel enters this state for direct delivery to an international fuel tax agreement licensee under RCW 82.38.320, if either of the following applies:

(i) The entry is by bulk transfer and the importer is not a licensed supplier; or

(iii) The entry is by bulk transfer and the refiner or the owner of the fuel immediately before the removal is not a licensed supplier; or

(ii) The removal is at the refinery rack unless the removal is to a licensed supplier or distributor for direct delivery to a destination outside of the state, or the removal is to a licensed supplier for direct delivery to an international fuel tax agreement licensee under RCW 82.38.320, if either of the following applies:

(i) The entry is by bulk transfer and the importer is not a licensed supplier; or

(ii) The entry is not by bulk transfer;

(d) Fuel enters this state by means outside the bulk transfer-terminal system and is delivered directly to a licensed terminal unless the owner is a licensed distributor or supplier;

(e) Fuel is sold or removed in this state to an unlicensed entity unless there was a prior taxable removal, entry, or sale of the fuel;

(f) Blended fuel is removed or sold in this state by the blender of the fuel. The number of gallons of blended fuel subject to tax is the difference between the total number of gallons of blended fuel removed or sold and the number of gallons of previously taxed fuel used to produce the blended fuel;

(g) Dyed special fuel is used on a highway, as authorized by the internal revenue code, unless the use is exempt from the fuel tax;

(h) Dyed special fuel is held for sale, sold, used, or is intended to be used in violation of this chapter;

(i) Special fuel purchased by an international fuel tax agreement licensee under RCW 82.38.320 is used on a highway; and

(j) Fuel is sold by a licensed fuel supplier to a fuel distributor or fuel blender and the fuel is not removed from the bulk transfer-terminal system.

VEHICLE TONNAGE (GVW) FEE
To determine the annual license fee for a registration year, the appropriate dollar amount in the schedule is multiplied by the fuel tax rate per gallon effective on July 1st of the preceding calendar year and the product is divided by 12 cents.

The department, in addition to the resulting fee, must charge an additional fee of five dollars as a handling charge for each license issued.

The vehicle tonnage fee must be prorated so the annual license will correspond with the staggered vehicle licensing system.

A decal or other identifying device issued upon payment of the annual fee must be displayed as prescribed by the department as authority to purchase this fuel.

Persons selling or dispensing natural gas or propane may not sell or dispense this fuel for their own use or the use of others into tanks of vehicles powered by this fuel which do not display a valid decal or other identifying device.

(7) Commercial motor vehicles registered in a foreign jurisdiction under the provisions of the international registration plan are subject to the annual license fee.

(8) Motor vehicles registered in a foreign jurisdiction, except those registered under the international registration plan under chapter 46.87 RCW, are exempt from this section.

(9) Vehicles registered in jurisdictions outside the state of Washington are exempt from this section.

(10) Any person selling or dispensing liquefied natural gas, compressed natural gas, or propane into the tank of a motor vehicle powered by this fuel, except as prescribed in this chapter, is subject to the penalty provisions of this chapter.
