(14) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district's financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.

(15) The superintendent may distribute funding for the following programs outside the basic education formula during fiscal years 2018 and 2019 as follows:

Funding provided must be conditioned upon the written commitment and plan of the school district board of directors to repay the grant with any insurance payments or other judgments that may be awarded, if applicable. At the close of the fiscal year the superintendent of public instruction shall report to the office of financial management and the appropriate fiscal committees of the legislature on the allocations provided to districts and the nature of the emergency.

In calculating the combined 1.2 FTE, the office of the superintendent of public instruction may average the participating student's September through June enrollment to account for differences in the start and end dates for courses provided by the high school and higher education institution. Additionally, the office of the superintendent of public instruction, in consultation with the state board for community and technical colleges, the student achievement council, and the education data center, shall annually track and report to the fiscal committees of the legislature on the combined FTE experience of students participating in the running start program, including course load analyses at both the high school and community and technical college system.

(20) (a) Indirect cost charges by a school district to approved career and technical education middle and secondary programs shall not exceed ((5 percent)) the lesser of five percent or the cap established in federal law of the combined basic education and career and technical education program enhancement allocations of state funds. Middle and secondary career and technical education programs are considered separate programs for funding and financial reporting purposes under this section.

(b) Career and technical education program full-time equivalent enrollment shall be reported on the same monthly basis as the enrollment for students eligible for basic support, and payments shall be adjusted for reported career and technical education program enrollments on the same monthly basis as those adjustments for enrollment for students eligible for basic support.

(21) Funding in this section is sufficient to provide full general apportionment payments to school districts eligible for federal forest revenues as provided in RCW 28A.520.020. (i) Beginning in fiscal year 2018, if marijuana excise tax collections deposited into the general fund in the prior fiscal year exceed twenty-five million dollars, then each fiscal year the legislature must appropriate an amount equal to thirty percent of all marijuana excise taxes deposited into the general fund the prior fiscal year to the treasurer for distribution to counties, cities, and towns as follows:

(A) Thirty percent must be distributed to counties, cities, and towns where licensed marijuana retailers are physically located. Each jurisdiction must receive a share of the revenue distribution under this subsection (2)(g)(i)(A) based on the proportional share of the total revenues generated in the individual jurisdiction from the taxes collected under RCW 69.50.535, from licensed marijuana retailers physically located in each jurisdiction. It is the intent of the legislature that the policy for the maximum distributions in the subsequent fiscal biennia will be no more than fifteen million dollars per fiscal year.

(i) Extended grant agreements entered into under (((e))) (c)(i) of this subsection;

(ii) Remedial actions, including planning for adaptive reuse of properties as provided for under (((e))) (c)(iv) of this subsection. The department must prioritize funding of remedial actions at:

411) To expedite cleanups throughout the state, the department may use the following strategies when providing grants to local governments under this subsection:

(i) Enter into an extended grant agreement with a local government conducting remedial actions at a facility where those actions extend over multiple biennia and the total eligible cost of those actions exceeds twenty million dollars. The agreement is subject to the following limitations:

(A) The initial duration of such an agreement may not exceed ten years. The department may extend the duration of such an agreement upon finding substantial progress has been made on remedial actions at the facility;

(B) Extended grant agreements may not exceed fifty percent of the total eligible remedial action costs at the facility; and

(C) The department may not allocate future funding to an extended grant agreement unless the local government has demonstrated to the department that funds awarded under the agreement during the previous biennium have been substantially expended or contracts have been entered into to substantially expend the funds;

(ii) Enter into a grant agreement with a local government conducting a remedial action that provides for periodic reimbursement of remedial action costs as they are incurred as established in the agreement;

(iii) Enter into a grant agreement with a local government prior to it acquiring a property or obtaining necessary access to conduct remedial actions, provided the agreement is conditioned upon the local government acquiring the property or obtaining the access in accordance with a schedule specified in the agreement;

(iv) Provide integrated planning grants to local governments to fund studies necessary to facilitate remedial actions at brownfield properties and adaptive reuse of properties following remediation. Eligible activities include, but are not limited to: Environmental site assessments; remedial investigations; health assessments; feasibility studies; site planning; community involvement; land use and regulatory analyses; building and infrastructure assessments; economic and fiscal analyses; and any environmental analyses under chapter 43.21C RCW;

(v) Provide grants to local governments for remedial actions related to area-wide groundwater contamination. To receive the funding, the local government does not need to be a potentially liable person or be required to seek reimbursement of grant funds from a potentially liable person;

(vi) The director may alter grant matching requirements to create incentives for local governments to expedite cleanups when one of the following conditions exists:

(A) Funding would prevent or mitigate unfair economic hardship imposed by the clean-up liability;

(B) Funding would create new substantial economic development, public recreational opportunities, or habitat restoration opportunities that would not otherwise occur; or

(C) Funding would create an opportunity for acquisition and redevelopment of brownfield property under RCW 70.105D.040(5) that would not otherwise occur;

(vii) When pending grant applications under (((e))) (c)(iv) and (v) of this subsection (4) exceed the amount of funds available, designated redevelopment opportunity zones must receive priority for distribution of available funds.

(411) (d) To expedite multiparty clean-up efforts, the department may purchase remedial action cost-cap insurance. (For the 2013-2015 fiscal biennium, moneys in the local toxics control account may be spent on projects in sections 3024, 3035, 3036, and 3059, chapter 19, Laws of 2013 2nd sp. sess.)
(5) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in the state and local toxics control accounts may be spent only after appropriation by statute.

(6) No moneys deposited into either the state or local toxics control account may be used for: Natural disasters where there is no hazardous substance contamination; high performance buildings; solid waste incinerator facility feasibility studies, construction, maintenance, or operation; or (after January 1, 2010, fee) projects designed to address the restoration of Puget Sound, funded in a competitive grant process, that are in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310. However, this subsection does not prevent an appropriation from the state toxics control account to the department of revenue to enforce compliance with the hazardous substance tax imposed in chapter 82.21 RCW.

(7) One percent of the moneys collected under RCW 82.21.030 shall be allocated only for public participation grants to persons who may be adversely affected by a release or threatened release of a hazardous substance and to not-for-profit public interest organizations. The primary purpose of these grants is to facilitate the participation by persons and organizations in the investigation and remedying of releases or threatened releases of hazardous substances and to implement the state’s solid and hazardous waste management priorities. No grant may exceed sixty thousand dollars. Grants may be renewed annually. Moneys appropriated for public participation that are not expended at the close of any biennium revert to the state toxics control account.

(8) The department shall adopt rules for grant or loan issuance and performance. To accelerate both remedial action and economic recovery, the department may expedite the adoption of rules necessary to implement chapter 1, Laws of 2013 2nd sp. sess. using the expedited procedures in RCW 34.05.353. The department shall initiate the award of financial assistance by August 1, 2013. To ensure the adoption of rules will not delay financial assistance, the department may administer the award of financial assistance through interpretive guidance pending the adoption of rules through July 1, 2014.

(9) Except as provided under subsection (3)(k) and (q) of this section, nothing in chapter 1, Laws of 2013 2nd sp. sess. affects the ability of a potentially liable person to receive public funding.

(10) During the 2015-2017 fiscal biennium the local toxics control account may also be used for the centennial clean water program and for the stormwater financial assistance program administered by the department of ecology.

(11) During the 2017-2019 biennium:

(a) The state toxics control account, the local toxics control account, and the environmental legacy stewardship account may be used for interchangeable purposes and funds may be transferred between accounts to accomplish those purposes.

(b) The legislature may direct the state treasurer to make transfers of moneys in the state toxics control account to the water pollution control revolving account.

Sec. 913. RCW 77.12.203 and 2017 3rd sp.s. c 1 s 984 are each amended to read as follows:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. It is the legislature's intent to incorporate a more explicit recognition of the fiscal impact of tax preferences on the state budget. This act reforms the tax preference expenditure process by explicitly including the fiscal impact of tax preference expenditures in the budget outlook document that is created as part of the biennial state budget process. This brings tax expenditures into the state budget process to protect the public's interest, make them more transparent and accountable, and help ensure they are producing results to meet the priorities of government.

Sec. 2. RCW 43.06.400 and 2013 c 225 s 605 are each amended to read as follows:

(1) Beginning in January ((1984)) 2019, and in January of every ((fourth)) second year thereafter, the department of revenue must submit to the legislature prior to the regular session a listing of the amount of reduction for the current and next biennium in the revenues of the state or the revenues of local government collected by the state as a result of tax ((exceptions)) preferences. The listing must include an estimate of the revenue lost from the tax ((exceptions)) preference, the purpose of the tax ((exceptions)) preference, the persons, organizations, or parts of the population which benefit from the tax ((exceptions)) preference, recommendations by the legislative auditor and citizen commission for performance measurement of tax preferences for any review of the tax preference under chapter 43.136 RCW, and whether or not the tax ((exceptions)) preference conflicts with another state program. The listing must include but not be limited to the following revenue sources:

(a) Real and personal property tax exemptions under Title 84 RCW;

(b) Business and occupation tax exemptions, deductions, and credits under chapter 82.04 RCW;

(c) Retail sales and use tax exemptions under chapters 82.08, 82.12, and 82.14 RCW;

(d) Public utility tax exemptions and deductions under chapter 82.16 RCW;

(e) Food fish and shellfish tax exemptions under chapter 82.27 RCW;

(f) Leasehold excise tax exemptions under chapter 82.29A RCW;

(g) Motor vehicle and special fuel tax exemptions and refunds under chapter 82.38 RCW;

(h) Aircraft fuel tax exemptions under chapter 82.42 RCW;

(i) Motor vehicle excise tax exclusions under chapter 82.44 RCW; and

(j) Insurance premiums tax exemptions under chapter 48.14 RCW.

(2) The department of revenue must prepare the listing required by this section with the assistance of any other agencies or departments as may be required.

(3) The department of revenue must present the listing to the ways and means committees of each house in public hearings.

(4) Beginning in January ((1984)) 2019, and every ((fourth)) two years thereafter the governor is requested to review the report from the department of revenue and may submit recommendations to
the legislature with respect to the repeal or modification of any tax preference. The ways and means committees of each house and the appropriate standing committee of each house must hold public hearings and take appropriate action on the recommendations submitted by the governor preference.

(5) As used in this section, "tax preference" means an exemption, exclusion, or deduction from the base of a tax; a credit against a tax; a deferral of a tax; or a preferential tax rate.

(6) For purposes of the listing due in January 2012, the department of revenue does not have to prepare or update the listing with respect to any tax exemption that would not be likely to increase state revenue if the exemption was repealed or otherwise eliminated.

NEW SECTION. Sec. 3. By November 1, 2018, the office of financial management must conduct discussions with the committee on finance in the house of representatives and the committee on ways and means in the senate to recommend the appropriate means to advance the transparency of discretionary tax preferences and consideration of their impact in budgeting through disclosure in the budget outlook pursuant to RCW 82.33.060 and the budget documents submitted to the Legislature pursuant to RCW 43.88.030. The recommendations may include, but are not limited to: (1) how to set minimum thresholds for inclusion based on the amount of revenue foregone by a tax preference in the biennium covered by the four year forecast; (2) whether there has been a review by the joint legislative audit and review committee or the citizen for performance measurement of tax preferences; and (3) how best to determine and publicly share the return on investment by the state for the identified tax preferences."

Correct the title.

ESSB 6329 Prime Sponsor, Committee on Local Government: Clarifying the authority and procedures for contracting by public port districts. Reported by Committee on Capital Budget

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that unit priced contracting is a decades old, proven practice used at ports for competitively bid maintenance and repair work that is common but unpredictable in its timing and scope. Unit priced contracting is an efficient mechanism to maintain essential services to port customers, often on short notice or in emergency situations.

(2) The legislature also finds that unit priced contracting ensures that necessary work is performed safely and at a competitive rate by qualified contractors, and also saves public money because of additional costs that would be incurred by bidding each work order separately.

(3) The legislature also finds that, in order to avoid litigation and audit risk, statutory clarification is needed regarding the authority for port districts to engage in unit priced contracting.

(4) The legislature also finds that flexibility for small projects produces a more efficient process.

Sec. 2. RCW 53.08.120 and 2009 c 74 s 2 are each amended to read as follows:

(1) All material and work required by a port district not meeting the definition of public work in RCW 39.04.010(4) may be procured in the open market or by contract and all work ordered may be done by contract or day labor.

(2)(a) All such contracts for work meeting the definition of "public work" in RCW 39.04.010(4), the estimated cost of which exceeds three hundred thousand dollars, shall be awarded using a competitive bid process. The contract must be awarded at public bidding upon notice published in a newspaper of general circulation in the district at least thirteen days before the last date upon which bids will be received, calling for bids upon the work, plans and specifications for which shall then be on file in the office of the commission for public inspection. The same notice may call for bids on such work or material based upon plans and specifications submitted by the bidder. The competitive bidding requirements for purchases or public works may be waived pursuant to RCW 39.04.280 if an exemption contained within that section applies to the purchase or public work.

(b) For all contracts related to work meeting the definition of "public work" in RCW 39.04.010(4) that are estimated at three hundred thousand dollars or less, a port district may let contracts using the small works roster process under RCW 39.04.155 in lieu of advertising for bids. Whenever possible, the managing official shall invite at least one proposal from a minority contractor who shall otherwise qualify under this section.

When awarding such a contract for work, when utilizing proposals from the small works roster, the managing official shall give weight to the contractor submitting the lowest and best proposal, and whenever it would not violate the public interest, such contracts shall be distributed equally among contractors, including minority contractors, on the small works roster.

(c) Any port district may construct any public work, as defined in RCW 39.04.010, by contract without calling for bids whenever the estimated cost of the work or improvement, including cost of materials, supplies, and equipment, will not exceed the sum of forty thousand dollars. A "public works project" means a complete project. The restrictions in
this subsection do not permit the division of the project into units of work or classes of work to avoid calling for bids. The port district managing official shall make his or her best effort to reach out to qualified contractors, including certified minority and woman-owned contractors.

(3)(a) A port district may procure public works with a unit priced contract under this section or RCW 39.04.010(2) for the purpose of completing anticipated types of work based on hourly rates or unit pricing for one or more categories of work or trades.

Contracts must be awarded to the lowest responsible bidder as per RCW 39.04.010. Whenever possible, the port district must invite at least one proposal from a minority or woman contractor who otherwise qualifies under this section.

(e) Unit priced contractors shall pay prevailing wages for all work that would otherwise be subject to the requirements of chapter 39.12 RCW. Prevailing wages for all work performed pursuant to each work order must be the prevailing wage rates in effect at the beginning date for each contract year. SSB 6437 Prime Sponsor, Committee on Transportation: Addressing the disposal of recreational vehicles abandoned on public property. Reported by Committee on Transportation

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:

(1) Registered tow truck operators have continuing problems involving the disposal of recreational vehicles that have been impounded and abandoned pursuant to chapter 46.55 RCW;

(2) Traditional methods of disposal are no longer adequate to meet the increasing problem of abandoned recreational vehicles in Washington state;

(3) Abandoned recreational vehicles continue to be a hazard to the health and safety of citizens, business owners, and the environment; and

(4) Adequate funding is necessary to resolve the problem of abandoned recreational vehicles in a manner that is environmentally friendly and economically sound so that registered tow truck operators may be successful in their duties of public impounding, transporting, and storing unauthorized vehicles.

NEW SECTION. Sec. 2. A new section is added to chapter 46.55 RCW to read as follows:

(1) A registered tow truck operator may transport an abandoned recreational vehicle under section 5 of this act without being licensed as a hulk hauler. The transport of an abandoned recreational vehicle by a registered tow truck operator under this chapter must be completed by utilizing a reasonable, direct, and safe route on the date of transport.

(2) A registered tow truck operator must provide a written record of the delivery to a licensed dismantler or authorized disposal site for each abandoned recreational vehicle by use of an abandoned vehicle report or junk vehicle affidavit to be sent to the department. A copy of the report must be maintained in the vehicle transaction file. Completion of the report relieves the registered tow truck operator from any civil or criminal liability for the disposal of a properly processed abandoned recreational vehicle.

Sec. 3. RCW 46.79.110 and 2001 c 64 s 12 are each amended to read as follows:

Nothing contained in this chapter shall be construed to prohibit: Any individual not engaged in business as a hulk hauler or scrap processor from towing any vehicle owned by him or her to any vehicle wrecker or scrap processor, or a registered tow truck operator from transporting an abandoned recreational vehicle under section 5 of this act in compliance with this chapter.

NEW SECTION. Sec. 4. A new section is added to chapter 46.17 RCW to read as follows:

(1) Before accepting an application for a registration for a recreational vehicle, the department, county auditor, or other agent, or subagent appointed by the director, shall require an applicant to pay a six-dollar fee in addition to any other fees and taxes required by law.

(2) The abandoned recreational disposal fee must be deposited into the abandoned recreational vehicle disposal account created in section 6 of this act.
NEW SECTION. Sec. 5. (1) A registered tow truck operator, as defined in RCW 46.55.010, vehicle wrecker, as defined in RCW 46.80.010, or scrap processor, as defined in RCW 46.79.010, and scrap metal businesses, as defined in RCW 19.290.010, may apply to the department on a form prescribed by the department for cost reimbursement for the transport, storage, dismantling, and disposal of abandoned recreational vehicles from public property.

(2) The department may only use funds under section 6 of this act for cost reimbursement for the transport, storage, dismantling, and disposal of abandoned recreational vehicles.

(3) After consulting with the 2017 stakeholder group, the department may develop rules including, but not limited to, towing, storage, dismantling, and disposal rates, application form and contents, and cost reimbursement and the reimbursement process, to implement this section.

(4) The department shall convene a stakeholder work group every two years, with the first meeting to be held within twelve months of rule adoption, to make recommendations on rule amendments.

(5) An "abandoned recreational vehicle" means a camper, motorhome, or travel trailer that has been impounded from public property, abandoned pursuant to chapter 46.55 RCW, and received no bids at auction, or declared an abandoned junk vehicle by a law enforcement officer, pursuant to chapter 46.55 RCW, while on public property.

NEW SECTION. Sec. 6. A new section is added to chapter 46.68 RCW to read as follows:

(1) The abandoned recreational vehicle disposal account is created in the state treasury. All receipts from the fee imposed in section 4 of this act must be deposited into the account. The account may receive fund transfers and appropriations from the general fund, as well as gifts, grants, and endowments from public or private sources, in trust or otherwise, for the use and benefit of the purposes of this chapter and expend any income according to the terms of the gifts, grants, or endowments, provided that those terms do not conflict with any provisions of this section or any guidelines developed to prioritize reimbursement of removal projects associated with this act.

(2) Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only by the department to reimburse registered tow truck operators and licensed dismantlers for up to one hundred percent of the total reasonable and auditable administrative costs for transport, dismantling, and disposal of abandoned recreational vehicles under section 5 of this act when the last registered owner is unknown after a reasonable search effort. The department may not authorize reimbursements that total more than ten thousand dollars per vehicle for which cost reimbursements are requested. Compliance with RCW 46.55.100 is considered a reasonable effort to locate the last registered owner of the abandoned recreational vehicle. Any funds received by the registered tow truck operators or licensed dismantlers through collection efforts from the last owner of record shall be turned over to the department for vehicles reimbursed under section 5 of this act.

(3) Funds in the account resulting from transfers from the general fund must be used to reimburse one hundred percent of eligible costs up to a limit of ten thousand dollars per vehicle for which cost reimbursements are requested.

(4) In each fiscal biennium, beginning in the 2019-2021 fiscal biennium, up to fifteen percent of the expenditures from the account may be used for administrative expenses of the department in implementing this chapter.

SSB 5683  Prime Sponsor, Committee on Ways & Means: Concerning health care for Pacific Islanders residing in Washington under a compact of free association. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Appropriations and without amendment by Committee on Health Care & Wellness.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that:

(a) The compact of free association (COFA) islands, which consists of the Republic of Palau, the Republic of the Marshall Islands, and the Federated
States of Micronesia, has had a long-standing relationship with the United States;

(b) The relationship between the COFA islands and the United States includes economic development and a military presence in the islands;

(c) The region served as a testing ground for atmospheric nuclear weapons between 1946 and 1957, which resulted in past and current inhabitants being exposed to nuclear fallout;

(d) Residents of the COFA islands are allowed to enter the United States without work permits or visas where they live, study, work, serve in the military, and pay state and federal taxes, but are ineligible for federal health programs like medicaid and medicare; and

(e) This ineligibility for federal health programs has exacerbated barriers to health care access for this population, which has led to poorer health outcomes and increased, long-term costs on the health care system as a whole.

(2) The legislature therefore intends to increase access to health care services for COFA islanders residing in Washington by providing premium and cost-sharing assistance for health coverage purchased through the health benefit exchange.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Advance premium tax credit" means the premium assistance amount determined in accordance with the affordable care act.

(2) "Affordable care act" means the federal patient protection and affordable care act, P.L. 111-148, as amended by the federal health care and education reconciliation act of 2010, P.L. 111-152, or federal regulations or guidance issued under the affordable care act.

(3) "Authority" means the Washington state health care authority.

(4) "COFA citizen" means a person who is a citizen of:

(7) "In-network provider" means a health care provider or group of providers that directly contracts with an insurer to provide health benefits covered by a health benefit plan offered by an insurer.

(8) "Open enrollment period" means the period during which a person may enroll in a qualified health plan.

(9) "Out-of-pocket costs" means copayments, coinsurance, deductibles, and other cost-sharing requirements imposed under a qualified health plan for services, pharmaceuticals, devices, and other health benefits that are covered by the plan and rendered by in-network providers.

(10) "Premium cost" means an individual's premium for a qualified health plan less the amount of the individual's advance premium tax credit.

(11) "Qualified health plan" means a health benefit plan sold through the health benefit exchange.

(12) "Resident" means a person who is domiciled in this state.

(13) "Special enrollment period" means a period during which a person who has not done so during the open enrollment period may enroll in a qualified health plan through the exchange if the person meets specified requirements.

NEW SECTION. Sec. 3. (1) An individual is eligible for the COFA premium assistance program if the individual:

(a) Is a resident;

(b) Is a COFA citizen;

(c) Enrolls in a silver qualified health plan;
(d) Has income that is less than one hundred thirty-three percent of the federal poverty level; and

(e) Is ineligible for a federal or state medical assistance program administered by the authority under chapter 74.09 RCW.

(2) Subject to the availability of amounts appropriated for this specific purpose, the authority shall pay the premium cost for a qualified health plan and the out-of-pocket costs for the coverage provided by the plan for an individual who is eligible for the premium assistance program under subsection (1) of this section.

(3) The authority may disqualify a participant from the program if the participant:

(a) No longer meets the eligibility criteria in subsection (1) of this section;

(b) Fails, without good cause, to comply with procedural or documentation requirements established by the authority in accordance with subsection (4) of this section;

(c) Fails, without good cause, to notify the authority of a change of address in a timely manner;

(d) Withdraws the participant's application or requests termination of coverage; or

(e) Performs an act, practice, or omission that constitutes fraud, and, as a result, an insurer rescinds the participant's policy for the qualified health plan.

(4) The authority shall establish:

(a) Application, enrollment, and renewal processes for the COFA premium assistance program;

(b) The qualified health plans that are eligible for reimbursement under the program;

(c) Procedural requirements for continued participation in the program, including participant documentation requirements that are necessary for the authority to administer the program;

(d) Open enrollment periods and special enrollment periods consistent with the enrollment periods for the health insurance exchange; and

(e) A comprehensive community education and outreach campaign, working with stakeholder and community organizations, to facilitate applications for, and enrollment in, the program. Subject to the availability of amounts appropriated for this specific purpose, the education and outreach program shall provide culturally and linguistically accessible information to facilitate participation in the program, including but not limited to enrollment procedures, benefit utilization, and patient responsibilities.

(5) The community education and outreach campaign conducted by the authority must begin no later than September 1, 2018.

(6) The first open enrollment period for the COFA premium assistance program must begin no later than November 1, 2018.

The advisory committee must exist until at least December 31, 2019. Subject to the availability of amounts appropriated for this specific purpose, advisory committee members may be reimbursed for transportation and travel expenses related to serving on the committee, as needed.

(1) The number of individuals participating in the program;

(2) The actual costs of the program compared to predicted costs;

(3) The results of the community education and outreach campaign; and

(4) Funding needed to continue the program through the end of the biennium.

NEW SECTION. Sec. 6. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and
its existing public institutions, and takes effect immediately.

NEW SECTION. Sec. 7. Sections 1 through 6 of this act constitute a new chapter in Title 43 RCW."

For purposes of this chapter, services and activities fees do not include fees charged for the payment of bonds heretofore or hereafter issued for, or other indebtedness incurred to pay, all or part of the cost of acquiring, constructing, or installing any lands, buildings, or facilities.

(22) "Tuition unit contract" means a contract between an eligible purchaser and the governing body, or a successor agency appointed for administration of this chapter, for the purchase of tuition units in the advanced college tuition payment program for a specified beneficiary that may be redeemed at a later date for an equal number of tuition units, except as provided in subsections (7) and (8) of this section.

(23) "Unit cash value price" means the total value of assets under management in the advanced college tuition payment program on a date to be determined by the committee, divided by the total number of outstanding credits purchased by eligible purchasers before July 1, 2015, and any outstanding credits accrued by eligible purchasers as a result of the July 2017 unit rebase.

(24) "Unit purchase price" means the minimum cost to purchase one tuition unit in the advanced college tuition payment program for an eligible beneficiary. Generally, the minimum purchase price is one percent of the undergraduate tuition and fees for the current year, rounded to the nearest whole dollar, adjusted for the costs of administration and adjusted to ensure the actuarial soundness of the account. The analysis for price setting shall also include, but not be limited to consideration of past and projected patterns of tuition increases, program liability, past and projected investment returns, and the need for a prudent stabilization reserve.

Sec. 2. RCW 28B.95.030 and 2016 c 69 s 4 are each amended to read as follows:

(1) The Washington advanced college tuition payment program shall be administered by the committee on advanced tuition payment which shall be chaired by the director of the office. The committee shall be supported by staff of the office.

(2)(a) The Washington advanced college tuition payment program shall consist of the sale of tuition units, which may be redeemed by the beneficiary at a future date for an equal number of tuition units regardless of any increase in the price of tuition, that may have occurred in the interval, except as provided in subsections (7) and (8) of this section.

(b) Each purchase shall be worth a specific number of or fraction of tuition units at each state institution of higher education as determined by the governing body, except as provided in subsections (7) and (8) of this section.

(c) The number of tuition units necessary to pay for a full year's, full-time undergraduate tuition and fee charges at a state institution of higher education shall be set by the governing body at the time a purchaser enters into a tuition unit contract, except as provided in subsections (7) and (8) of this section.

(d) The governing body may limit the number of tuition units purchased by any one purchaser or on behalf of any one beneficiary, however, no limit may be imposed that is less than that necessary to achieve four years of full-time, undergraduate tuition charges at a state institution of higher education. The governing body also may, at its discretion, limit the number of participants, if needed, to ensure the actuarial soundness and integrity of the program.

(e) While the Washington advanced college tuition payment program is designed to help all citizens of the
state of Washington, the governing body may determine residency requirements for eligible purchasers and eligible beneficiaries to ensure the actuarial soundness and integrity of the program.

(3)(a) No tuition unit may be redeemed until two years after the purchase of the unit.

(b) Units may be redeemed for enrollment at any institution of higher education that is recognized by the internal revenue service under chapter 529 of the internal revenue code. Units may also be redeemed to pay for dual credit fees.

(c) Units redeemed at a nonstate institution of higher education or for graduate enrollment shall be redeemed at the rate for state public institutions in effect at the time of redemption.

(4) The governing body shall determine the conditions under which the tuition benefit may be transferred to another family member. In permitting such transfers, the governing body may not allow the tuition benefit to be bought, sold, bartered, or otherwise exchanged for goods and services by either the beneficiary or the purchaser.

(5) The governing body shall administer the Washington advanced college tuition payment program in a manner reasonably designed to be actuarially sound, such that the assets of the trust will be sufficient to defray the obligations of the trust including the costs of administration. The governing body may, at its discretion, discount the minimum purchase price for certain kinds of purchases such as those from families with young children, as long as the actuarial soundness of the account is not jeopardized.

(6) The governing body shall annually determine current value of a tuition unit.

(7) For the 2015-16 and 2016-17 academic years only, the governing body shall set the payout value for units redeemed during that academic year only at one hundred seventeen dollars and eighty-two cents per unit. For academic years after the 2016-17 academic year, the governing body shall make program adjustments it deems necessary and appropriate to ensure that the total payout value of each account on October 9, 2015, is not decreased or diluted as a result of the initial application of any changes in tuition under section 3, chapter 36, Laws of 2015 3rd sp. sess. In the event the committee or governing body provides additional units under chapter 36, Laws of 2015 3rd sp. sess., the committee and governing body shall also adjust the maximum number of units that can be redeemed in any year to mitigate the reduction in available account value during any year as a result of chapter 36, Laws of 2015 3rd sp. sess. The governing body must notify holders of tuition units after the adjustment in this subsection is made and must include a statement concerning the adjustment.

(8) The governing body shall allow account owners who purchased units before July 1, 2015, to redeem such units at the unit cash value price provided that all the redeemed funds are deposited immediately into an eligible Washington college savings program account established by the governing body. Within ninety days of the effective date of this section, the committee, in consultation with the state actuary and state investment board, shall:

(a) Establish a period that is not less than ninety days during which eligible purchasers may redeem units at the unit cash value price for the purposes of this subsection and provide at least thirty days' notice prior to the ninety-day window to all eligible account holders about the redemption option; and

(b) Establish the unit cash value price. The committee, in consultation with the state actuary and the state investment board, may revalue the unit cash value price established in this subsection (8)(b) up to three times during the ninety-day period in which eligible purchasers may redeem units for the unit cash value price.

(9)(a) After the governing body completes the requirements of subsection (8) of this section, the governing body shall adjust, by June 30, 2019, all unredeemed units purchased before July 1, 2015, as follows:

(i) First, the governing body shall take the difference between the average unit purchase price in each individual's account and the 2016-17 unit payout value and increase the number of units in each individual’s account by a number of units of equivalent total value at the 2017-18 unit purchase price, if the average unit purchase price is more than the 2016-17 unit payout value; and
(ii) Second, after (a)(i) of this subsection is completed, if the funded status of the Washington advanced college tuition payment program is above one hundred twenty-five percent as of the June 30, 2018, guaranteed education tuition annual valuation report as determined by the state actuary, the governing body shall determine the difference between the funded status of the program as a whole and a funded status of one hundred twenty-five percent, calculate the cash equivalent value above one hundred twenty-five percent funded status, and add additional units, at the 2016-17 unit payout value, in a proportion equal to each account holder's total unredeemed units purchased before July 1, 2015.

(b) For the purpose of this subsection (9), the governing body shall only include purchased and unredeemed units in a custom monthly contract.

(10) In any year that the funded status of the program, as determined by the guaranteed education tuition annual valuation report prepared by the state actuary, or its successor, falls below one hundred fifteen percent, the governing body shall impose an amortization fee of at least one dollar per every new unit purchased for every five percent below one hundred fifteen percent funded.

(11) The governing body shall promote, advertise, and publicize the Washington advanced college tuition payment program. Materials and online publications advertising the Washington advanced college tuition payment program shall include a disclaimer that the Washington advanced college tuition payment program's guarantee is that one hundred tuition units will equal one year of full-time, resident, undergraduate tuition at the most expensive state institution of higher education, and that if resident, undergraduate tuition is reduced, a tuition unit may lose monetary value.

((44)) (12) In addition to any other powers conferred by this chapter, the governing body may:

(a) Impose reasonable limits on the number of tuition units or units that may be used in any one year;

(b) Determine and set any time limits, if necessary, for the use of benefits under this chapter;

(c) Impose and collect administrative fees and charges in connection with any transaction under this chapter;

(d) Appoint and use advisory committees and the state actuary as needed to provide program direction and guidance;

(e) Formulate and adopt all other policies and rules necessary for the efficient administration of the program;

(f) Consider the addition of an advanced payment program for room and board contracts and also consider a college savings program;

(g) Purchase insurance from insurers licensed to do business in the state, to provide for coverage against any loss in connection with the account's property, assets, or activities or to further insure the value of the tuition units;

(h) Make, execute, and deliver contracts, conveyances, and other instruments necessary to the exercise and discharge of its powers and duties under this chapter;

(i) Contract for the provision for all or part of the services necessary for the management and operation of the program with other state or nonstate entities authorized to do business in the state;

(j) Contract for other services or for goods needed by the governing body in the conduct of its business under this chapter;

(k) Contract with financial consultants, actuaries, auditors, and other consultants as necessary to carry out its responsibilities under this chapter;

(l) Solicit and accept cash donations and grants from any person, governmental agency, private business, or organization; and

(m) Perform all acts necessary and proper to carry out the duties and responsibilities of this program under this chapter.

Sec. 3. RCW 28B.95.045 and 2016 c 69 s 6 are each amended to read as follows:

(1) The committee shall create an expedited process by which owners can complete a direct rollover or investment change of a 529 account from a:
(a) ((a)) State-sponsored prepaid tuition plan to a state-sponsored college savings plan. (b) ((a)) State-sponsored college savings plan to a state-sponsored prepaid tuition plan. (c) ((a)) State-sponsored prepaid tuition plan or a state-sponsored college savings plan to an out-of-state eligible 529 plan.

(2) The committee shall report annually to the governor and the appropriate committees of the legislature on (a) the number of accounts that have been rolled into the Washington college savings program from out of state and (b) the number of accounts rolled out of the Washington college savings program to 529 plans into other states.

2SSB 6245 Prime Sponsor, Committee on Ways & Means: Concerning spoken language interpreter services. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Appropriations and without amendment by Committee on Labor & Workplace Standards.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. It is the intent of the legislature to centralize and consolidate the procurement of spoken language interpreter services and expand the use of language access providers, thereby reducing administrative costs while protecting consumers. The legislature further intends to exclude interpreter services for sensory-impaired persons from the provisions of this act.

Sec. 2. RCW 74.04.025 and 2011 1st sp.s. c 15 s 63 are each amended to read as follows:

(1) The department, the authority, and the office of administrative hearings shall ensure that bilingual services are provided to non-English speaking applicants and recipients. The services shall be provided to the extent necessary to assure that non-English speaking persons are not denied, or unable to obtain or maintain, services or benefits because of their inability to speak English.

(2) If the number of non-English speaking applicants or recipients sharing the same language served by any community service office client contact job classification equals or exceeds fifty percent of the average caseload of a full-time position in such classification, the department shall, through attrition, employ bilingual personnel to serve such applicants or recipients.

(3) Regardless of the applicant or recipient caseload of any community service office, each community service office shall ensure that bilingual services required to supplement the community service office staff are provided through contracts with language access providers, local agencies, or other community resources.

(4) The department shall certify, authorize, and qualify language access providers as needed to maintain an adequate pool of providers such that residents can access state services. Except as needed to certify, authorize, or qualify bilingual personnel per subsection (2) of this section, the department will only offer spoken language interpreter testing in the following manner:

(a) To individuals speaking languages for which ten percent or more of the requests for interpreter services in the prior year for department employees and the health care authority on behalf of limited English-speaking applicants and recipients of public assistance that went unfilled through the procurement process in section 3 of this act;

(b) To spoken language interpreters who were decertified or deauthorized due to noncompliance with any continuing education requirements; and

(c) To current department certified or authorized spoken language interpreters seeking to gain additional certification or authorization.

(5) The department shall require compliance with RCW 41.56.113(2) through its contracts with third parties.

(6) Initial client contact materials shall inform clients in all primary languages of the availability of interpretation services for non-English speaking persons. Basic informational pamphlets shall be translated into all primary languages.

(7) To the extent all written communications directed to applicants or recipients are not in the primary language of the applicant or recipient, the department and the office of administrative hearings shall include with the written communication a notice in all primary languages of applicants or recipients describing the significance of the communication and specifically how the applicants or recipients may receive assistance in understanding, and responding to if necessary, the written communication. The department shall assure that sufficient resources are available to assist applicants and recipients in a timely fashion with understanding, responding to, and
complying with the requirements of all such written communications.

(8) As used in this section:

(a) "Language access provider" means any independent contractor who provides spoken language interpreter services for ((department)) state agencies, injured worker, or crime victim appointments through the department of labor and industries, or medicaid enrollee appointments, or provided these services on or after January 1, 2009, and before June 10, 2010, whether paid by a broker, language access agency, or ((the department)) a state agency. "Language access provider" does not mean ((an owner,)) a manager((,)) or employee of a broker or a language access agency.

(b) "Primary languages" includes but is not limited to Spanish, Vietnamese, Cambodian, Laotian, and Chinese.

NEW SECTION. Sec. 3. A new section is added to chapter 39.26 RCW to read as follows:

(1) The department of social and health services, the department of children, youth, and families, and the health care authority are each authorized to purchase interpreter services on behalf of limited English-speaking applicants and recipients of public assistance.

(2) The department of labor and industries is authorized to purchase interpreter services for medical and vocational providers authorized to provide services to limited English-speaking injured workers or crime victims.

(3) No later than September 1, 2020, the department of social and health services, the department of children, youth, and families, the health care authority, and the department of labor and industries must purchase in-person spoken language interpreter services as defined in RCW 74.04.025, or through limited contracts with scheduling and coordinating delivery organizations, or both. Each state agency must have at least one contract with an entity that provides interpreter services through telephonic and video remote technologies. Nothing in this section precludes the department of labor and industries from purchasing in-person spoken language interpreter services directly from language access providers or from directly reimbursing language access providers.

(4) Notwithstanding subsection (3) of this section, the department of labor and industries may pay a language access provider directly for the costs of interpreter services when the services are necessary for use by a medical provider for emergency or urgent care, or where the medical provider determines that advanced notice is not feasible.

(5) Upon the expiration of any contract in effect on the effective date of this section, but no later than September 1, 2020, the department must develop and implement a model that all state agencies must use to procure spoken language interpreter services by purchasing directly from language access providers or through contracts with scheduling and coordinating entities, or both. The department must have at least one contract with an entity that provides interpreter services through telephonic and video remote technologies. If the department determines it is more cost-effective or efficient, it may jointly purchase these services with the department of social and health services, the department of children, youth, and families, the health care authority, and the department of labor and industries as provided in subsection (3) of this section. The department of social and health services, department of children, youth, and families, the health care authority, and the department of labor and industries have the authority to procure interpreters through the department if the demand for spoken language interpreters cannot be met through their respective contracts.

(6) All interpreter services procured under this section must be provided by language access providers who are certified or authorized by the state, or nationally certified by the certification commission for health care interpreters or the national board for certification of medical interpreters. When a nationally certified, state-certified, or authorized language access provider is not available, a state agency is authorized to contract with a spoken language interpreter with other certifications or qualifications deemed to meet agency needs. Nothing in this subsection precludes providing interpretive services through state employees or employees of medical or vocational providers.
(7) Nothing in this section is intended to address how state agencies procure interpreters for sensory-impaired persons.

(8) For purposes of this section, "state agency" means any state office or activity of the executive branch of state government, including state agencies, departments, offices, divisions, boards, commissions, and correctional and other types of institutions, but excludes institutions of higher education as defined in RCW 28B.10.016, the school for the blind, and the center for childhood deafness and hearing loss.

(5) Primary authority for the purchase of materials, supplies, and equipment, for resale to other than public agencies, rests with the state agency concerned.

(2) There shall be collective bargaining, as defined in RCW 41.56.030, between the governor and language access providers, except as follows:

(a) (A statewide unit of all language access providers is) The only units appropriate for purposes of collective bargaining under RCW 41.56.060 are:

(ii) A statewide unit for language access providers who provide spoken language interpreter services for injured workers or crime victims receiving benefits from the department of labor and industries; and

(iii) A statewide unit for language access providers who provide spoken language interpreter services for any state agency through the department of enterprise services, excluding language access providers included in (a)(i) and (ii) of this subsection;

(b) The exclusive bargaining representative of language access providers in the unit specified in (a) of this subsection shall be the representative chosen in an election conducted pursuant to RCW 41.56.070.

Bargaining authorization cards furnished as the showing of interest in support of any representation petition or motion for intervention filed under this section are exempt from disclosure under chapter 42.56 RCW;

(c) Notwithstanding the definition of "collective bargaining" in RCW 41.56.030(4), the scope of collective bargaining for language access providers under this section is limited solely to: (i) Economic compensation, such as the manner and rate of payments; (ii) professional development and training; (iii) labor-management committees; and (iv) grievance procedures. Retirement benefits are not subject to collective bargaining. By such obligation neither party may be compelled to agree to a proposal or be required to make a concession unless otherwise provided in this chapter;

(d) In addition to the entities listed in the mediation and interest arbitration provisions of RCW 41.56.430 through 41.56.470 and 41.56.480, the provisions apply to the governor or the governor's designee and the exclusive bargaining representative of language access providers, except that:

(i) In addition to the factors to be taken into consideration by an interest arbitration panel under RCW 41.56.465, the panel shall consider the financial ability of the state to pay for the compensation and benefit provisions of a collective bargaining agreement;

(ii) The decision of the arbitration panel is not binding on the legislature and, if the legislature does not approve the request for funds necessary to implement the compensation and benefit provisions of the arbitrated collective bargaining agreement, the decision is not binding on the state;

(e) Language access providers do not have the right to strike;

(f) If a single employee organization is the exclusive bargaining representative for two or more units, upon petition by the employee organization, the units may be consolidated into a single larger unit if the commission considers the larger unit to be appropriate. If consolidation is appropriate, the commission shall certify the employee organization as the exclusive bargaining representative of the new unit;

(g) If a single employee organization is the exclusive bargaining representative for two or more bargaining units, the governor and the employee organization may agree to negotiate a single collective bargaining agreement for all of the bargaining units that the employee organization represents.
(3) Language access providers who are public employees solely for the purposes of collective bargaining under subsection (1) of this section are not, for that reason, employees of the state for any other purpose. This section applies only to the governance of the collective bargaining relationship between the employer and language access providers as provided in subsections (1) and (2) of this section.

(4) Each party with whom the department of social and health services, the department of labor and industries, and the department of enterprise services contracts for language access services and each of their subcontractors shall provide to the respective department an accurate list of language access providers, as defined in RCW 41.56.030, including their names, addresses, and other contact information, annually by January 30th, except that initially the lists must be provided within thirty days of ((June 10, 2010)) the effective date of this section. The department shall, upon request, provide a list of all language access providers, including their names, addresses, and other contact information, to a labor union seeking to represent language access providers.

(5) This section does not create or modify:

(a) The obligation of any state agency to comply with federal statute and regulations; and

(b) The legislature's right to make programmatic modifications to the delivery of state services under chapter 74.04 or 39.26 RCW or Title 51 RCW. The governor may not enter into, extend, or renew any agreement under this chapter that does not expressly reserve the legislative rights described in this subsection.

(6) Upon meeting the requirements of subsection (7) of this section, the governor must submit, as a part of the proposed biennial or supplemental operating budget submitted to the legislature under RCW 43.88.030, a request for funds necessary to implement the compensation and benefit provisions of a collective bargaining agreement entered into under this section may not be submitted by the governor to the legislature unless the request has been:

(a) Submitted to the director of financial management by October 1st prior to the legislative session at which the requests are to be considered, except that, for initial negotiations under this section, the request may not be submitted before July 1, 2011; and

(b) Certified by the director of financial management as financially feasible for the state or reflective of a binding decision of an arbitration panel reached under subsection (2)(d) of this section.

(8) The legislature must approve or reject the submission of the request for funds as a whole. If the legislature rejects or fails to act on the submission, any collective bargaining agreement must be reopened for the sole purpose of renegotiating the funds necessary to implement the agreement.

(9) If, after the compensation and benefit provisions of an agreement are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

(10) After the expiration date of any collective bargaining agreement entered into under this section, all of the terms and conditions specified in the agreement remain in effect until the effective date of a subsequent agreement, not to exceed one year from the expiration date stated in the agreement.

(11) In enacting this section, the legislature intends to provide state action immunity under federal and state antitrust laws for the joint activities of language access providers and their exclusive bargaining representative to the extent the activities are authorized by this chapter.

Sec. 8. RCW 41.56.510 and 2017 3rd sp.s. c 6 s 809 are each amended to read as follows:

(1) In addition to the entities listed in RCW 41.56.020, this chapter applies to the governor with respect to language
access providers. Solely for the purposes of collective bargaining and as expressly limited under subsections (2) and (3) of this section, the governor is the public employer of language access providers who, solely for the purposes of collective bargaining, are public employees. The governor or the governor's designee shall represent the public employer for bargaining purposes.

(2) There shall be collective bargaining, as defined in RCW 41.56.030, between the governor and language access providers, except as follows:

(a) The only units appropriate for purposes of collective bargaining under RCW 41.56.060 are:

(i) A statewide unit for language access providers who provide spoken language interpreter services for department of social and health services appointments, department of children, youth, and families appointments, or medicaid enrollee appointments;

(ii) A statewide unit for language access providers who provide spoken language interpreter services for injured workers or crime victims receiving benefits from the department of labor and industries; and

(iii) A statewide unit for language access providers who provide spoken language interpreter services for any state agency through the department of enterprise services, excluding language access providers included in (a)(i) and (ii) of this subsection;

(b) The exclusive bargaining representative of language access providers in the unit specified in (a) of this subsection shall be the representative chosen in an election conducted pursuant to RCW 41.56.070.

Bargaining authorization cards furnished as the showing of interest in support of any representation petition or motion for intervention filed under this section are exempt from disclosure under chapter 42.56 RCW;

(c) Notwithstanding the definition of "collective bargaining" in RCW 41.56.030(4), the scope of collective bargaining for language access providers under this section is limited solely to:

(d) In addition to the entities listed in the mediation and interest arbitration provisions of RCW 41.56.430 through 41.56.470 and 41.56.480, the provisions apply to the governor or the governor's designee and the exclusive bargaining representative of language access providers, except that:

(i) In addition to the factors to be taken into consideration by an interest arbitration panel under RCW 41.56.465, the panel shall consider the financial ability of the state to pay for the compensation and benefit provisions of a collective bargaining agreement;

(ii) The decision of the arbitration panel is not binding on the legislature and, if the legislature does not approve the request for funds necessary to implement the compensation and benefit provisions of the arbitrated collective bargaining agreement, the decision is not binding on the state;

(e) Language access providers do not have the right to strike;

(f) If a single employee organization is the exclusive bargaining representative for two or more units, upon petition by the employee organization, the units may be consolidated into a single larger unit if the commission considers the larger unit to be appropriate. If consolidation is appropriate, the commission shall certify the employee organization as the exclusive bargaining representative of the new unit;

(g) If a single employee organization is the exclusive bargaining representative for two or more bargaining units, the governor and the employee organization may agree to negotiate a single collective bargaining agreement for all of the bargaining units that the employee organization represents.

(3) Language access providers who are public employees solely for the purposes of collective bargaining under subsection (1) of this section are not, for that reason, employees of the state for any other purpose. This section
applies only to the governance of the collective bargaining relationship between the employer and language access providers as provided in subsections (1) and (2) of this section.

(4) Each party with whom the department of social and health services ((or)), the department of children, youth, and families, the department of labor and industries, and the department of enterprise services contracts for language access services and each of their subcontractors shall provide to the respective department an accurate list of language access providers, as defined in RCW 41.56.030, including their names, addresses, and other contact information, annually by January 30th, except that initially the lists must be provided within thirty days of ((June 10, 2010)) the effective date of this section. The department shall, upon request, provide a list of all language access providers, including their names, addresses, and other contact information, to a labor union seeking to represent language access providers.

(5) This section does not create or modify:

(a) The ((department's)) obligation of any state agency to comply with ((the)) federal statute and regulations; and

(b) The legislature's right to make programmatic modifications to the delivery of state services under chapter 74.04 or 39.26 RCW or Title 51 RCW. (6) Upon meeting the requirements of subsection (7) of this section, the governor must submit, as a part of the proposed biennial or supplemental operating budget submitted to the legislature under RCW 43.88.030, a request for funds necessary to implement the compensation and benefit provisions of a collective bargaining agreement entered into under this section or for legislation necessary to implement the agreement.

(7) A request for funds necessary to implement the compensation and benefit provisions of a collective bargaining agreement entered into under this section may not be submitted by the governor to the legislature unless the request has been:

(a) Submitted to the director of financial management by October 1st prior to the legislative session at which the requests are to be considered, except that, for initial negotiations under this section, the request may not be submitted before July 1, 2011; and

E2SSB 6362 Prime Sponsor, Committee on Ways & Means: Modifying basic education funding provisions. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"PART I: PROGRAM FUNDING

Sec. 101. RCW 28A.150.260 and 2017 3rd sp.s. c 13 s 402 are each amended to read as follows:

The purpose of this section is to provide for the allocation of state funding that the legislature deems necessary to support school districts in offering the minimum instructional program of basic education under RCW 28A.150.220. The allocation shall be determined as follows:

(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula for the distribution of a basic education instructional allocation for each common school district.

(2)(a) The distribution formula under this section shall be for allocation purposes only. Except as may be required under subsections (4)(b) and (c) and (9) of this section, chapter 28A.155, 28A.165, 28A.180, or 28A.185 RCW, or federal laws and regulations, nothing in this section requires school districts to use basic education instructional funds to implement a particular instructional approach or service. Nothing in this section requires school districts to maintain a particular classroom teacher-to-student ratio or other staff-to-student ratio or to use allocated funds to pay for particular types or classifications of staff. Nothing in this section entitles an individual teacher to a particular teacher planning period.

(b) To promote transparency in state funding allocations, the superintendent of public instruction must report state per-pupil allocations for each school district for the general apportionment, special education, learning assistance, transitional bilingual, highly capable, and career and technical education programs. The superintendent must also report state general apportionment per-pupil allocations by grade for each school district. The superintendent must report this information in a user-friendly format on the main page of the office's web site and on school district apportionment reports. School districts must include a link to the superintendent's per-pupil allocations report on the main page of the school district's web site. In addition, the budget documents published by the legislature for the enacted omnibus operating appropriations act must report statewide average per-pupil allocations for general apportionment and the
categorical programs listed in this subsection.

(3)(a) To the extent the technical details of the formula have been adopted by the legislature and except when specifically provided as a school district allocation, the distribution formula for the basic education instructional allocation shall be based on minimum staffing and nonstaff costs the legislature deems necessary to support instruction and operations in prototypical schools serving high, middle, and elementary school students as provided in this section. The use of prototypical schools for the distribution formula does not constitute legislative intent that schools should be operated or structured in a similar fashion as the prototypes. Prototypical schools illustrate the level of resources needed to operate a school of a particular size with particular types and grade levels of students using commonly understood terms and inputs, such as class size, hours of instruction, and various categories of school staff. It is the intent that the funding allocations to school districts be adjusted from the school prototypes based on the actual number of annual average full-time equivalent students in each grade level at each school in the district and not based on the grade-level configuration of the school to the extent that data is available. The allocations shall be further adjusted from the school prototypes with minimum allocations for small schools and to reflect other factors identified in the omnibus appropriations act.

(b) For the purposes of this section, prototypical schools are defined as follows:

(i) A prototypical high school has six hundred average annual full-time equivalent students in grades nine through twelve;

(ii) A prototypical middle school has four hundred thirty-two average annual full-time equivalent students in grades seven and eight; and

(iii) A prototypical elementary school has four hundred average annual full-time equivalent students in grades kindergarten through six.

(4)(a)(i) The minimum allocation for each level of prototypical school shall be based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours under RCW 28A.150.220 and provide at least one teacher planning period per school day, and based on the following general education average class size of full-time equivalent students per teacher:

- General education
  - average class size
  - Grades K-3 ..................... 17.00
  - Grade 4 .........................27.00
  - Grades 5-6 ......................27.00
  - Grades 7-8 ......................28.53
  - Grades 9-12 .....................28.74

(ii) The minimum class size allocation for each prototypical high school shall also provide for enhanced funding for class size reduction for two laboratory science classes within grades nine through twelve per full-time equivalent high school student multiplied by a laboratory science course factor of 0.0833, based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours in RCW 28A.150.220, and providing at least one teacher planning period per school day:

- Laboratory science
  - average class size
  - Grades 9-12 .....................19.98

(b)(i) Beginning September 1, 2019, funding for average K-3 class sizes in this subsection (4)(b) may be provided only to the extent of, and proportionate to, the school district's demonstrated actual class size in grades K-3, up to the funded class sizes.

(ii) The office of the superintendent of public instruction shall develop rules to implement this subsection (4)(b).

(c)(i) The minimum allocation for each prototypical middle and high school shall also provide for full-time equivalent classroom teachers based on the following number of full-time equivalent students per teacher in career and technical education:

- Career and technical education average class size
Approved career and technical education offered at
the middle school and high school level ...................... 23.00

Skill center programs meeting the standards established
by the office of the superintendent of public
instruction.................. 20.00

(ii) Funding allocated under this subsection (4)(c) is subject to RCW 28A.150.265.

(d) In addition, the omnibus appropriations act shall at a minimum specify:

(i) A high-poverty average class size in schools where more than fifty percent of the students are eligible for free and reduced-price meals; and

(ii) A specialty average class size for advanced placement and international baccalaureate courses.

(5) The minimum allocation for each level of prototypical school shall include allocations for the following types of staff in addition to classroom teachers:

(8)(a) Except as provided in (b) of this subsection, the minimum allocation for each school district shall include allocations per annual average full-time equivalent student for the following materials, supplies, and operating costs as provided in the 2017-18 school year, after which the allocations shall be adjusted annually for inflation as specified in the omnibus appropriations act:

Per annual average full-time equivalent student in grades K-12:
- Technology .................. $130.76
- Utilities and insurance ...... $355.30
- Curriculum and textbooks ..... $140.39
- Other supplies ((and library materials)) ........((($298.05))) $278.05
- Library materials .............. $20.00
- Instructional professional development for certificated and classified staff ........... $21.71
- Facilities maintenance....... $176.01
- Security and central office administration ............... $121.94

(b) In addition to the amounts provided in (a) of this subsection, beginning in the 2014-15 school year, the omnibus appropriations act shall provide the following minimum allocation for each annual average full-time equivalent student in grades nine through twelve for the following materials, supplies, and operating costs, to be adjusted annually for inflation:

Per annual average full-time equivalent student in grades 9-12:
- Technology .................. $36.35
- Curriculum and textbooks ...... $39.02
- Other supplies ((and library materials)) ........((($22.84))) $77.28
- Library materials .............. $5.56
- Instructional professional development for certificated and classified staff ........... $6.04

(9) In addition to the amounts provided in subsection (8) of this section and subject to RCW 28A.150.265, the omnibus appropriations act shall provide an amount based on full-time equivalent student enrollment in each of the following:

(a) Exploratory career and technical education courses for students in grades seven through twelve;

(b) Preparatory career and technical education courses for students in grades nine through twelve offered in a high school; and

(c) Preparatory career and technical education courses for students in grades eleven and twelve offered through a skill center.

(10) In addition to the allocations otherwise provided under this section, amounts shall be provided to support the following programs and services:

(a)(i) To provide supplemental instruction and services for students who are not meeting academic standards through the learning assistance program under RCW 28A.165.005 through 28A.165.065, allocations shall be based on the district percentage of students in grades K-12 who were eligible for free or reduced-price meals in the prior school year. The minimum allocation for the program shall provide for each level of prototypical school resources to provide, on a statewide average, 2.3975 hours per week in extra instruction with a class size of fifteen learning assistance program students per teacher.

(ii) In addition to funding allocated under (a)(i) of this subsection, to provide supplemental instruction and services for students who are not meeting academic standards in ((schools where at least fifty percent of students are eligible for free and reduced-price meals)) qualifying schools. A qualifying
school means a school in which the three-year rolling average of the prior year total annual average enrollment that qualifies for free or reduced-price meals equals or exceeds fifty percent or more of its total annual average enrollment. The minimum allocation for this additional high poverty-based allocation must provide for each level of prototypical school resources to provide, on a statewide average, 1.1 hours per week in extra instruction with a class size of fifteen learning assistance program students per teacher, under RCW 28A.165.055, school districts must distribute the high poverty-based allocation to the schools that generated the funding allocation.

(b)(i) To provide supplemental instruction and services for students whose primary language is other than English, allocations shall be based on the head count number of students in each school who are eligible for and enrolled in the transitional bilingual instruction program under RCW 28A.180.010 through 28A.180.080. The minimum allocation for each level of prototypical school shall provide resources to provide, on a statewide average, 4.7780 hours per week in extra instruction for students in grades kindergarten through six and 6.7780 hours per week in extra instruction for students in grades seven through twelve, with fifteen transitional bilingual instruction program students per teacher. Notwithstanding other provisions of this subsection (10), the actual per-student allocation may be scaled to provide a larger allocation for students needing more intensive intervention and a commensurate reduced allocation for students needing less intensive intervention, as detailed in the omnibus appropriations act.

(ii) To provide supplemental instruction and services for students who have exited the transitional bilingual program, allocations shall be based on the head count number of students in each school who have exited the transitional bilingual program within the previous two years based on their performance on the English proficiency assessment and are eligible for and enrolled in the transitional bilingual instruction program under RCW 28A.180.040(1)(g). The minimum allocation for each prototypical school shall provide resources to provide, on a statewide average, 3.0 hours per week in extra instruction with fifteen exited students per teacher.

(c) To provide additional allocations to support programs for highly capable students under RCW 28A.185.010 through 28A.185.030, allocations shall be based on 5.0 percent of each school district's full-time equivalent basic education enrollment. The minimum allocation for the programs shall provide resources to provide, on a statewide average, 2.1590 hours per week in extra instruction with fifteen highly capable program students per teacher.

(11) The allocations under subsections (4)(a), (5), (6), and (8) of this section shall be enhanced as provided under RCW 28A.150.390 on an excess cost basis to provide supplemental instructional resources for students with disabilities.

(12)(a) For the purposes of allocations for prototypical high schools and middle schools under subsections (4) and (10) of this section that are based on the percent of students in the school who are eligible for free and reduced-price meals, the actual percent of such students in a school shall be adjusted by a factor identified in the omnibus appropriations act to reflect underreporting of free and reduced-price meal eligibility among middle and high school students.

(b) Allocations or enhancements provided under subsections (4), (7), and (9) of this section for exploratory and preparatory career and technical education courses shall be provided only for courses approved by the office of the superintendent of public instruction under chapter 28A.700 RCW.

(13)(a) This formula for distribution of basic education funds shall be reviewed biennially by the superintendent and governor. The recommended formula shall be subject to approval, amendment or rejection by the legislature.

(b) In the event the legislature rejects the distribution formula recommended by the governor, without adopting a new distribution formula, the distribution formula for the previous school year shall remain in effect.

(c) The enrollment of any district shall be the annual average number of full-time equivalent students and part-time students as provided in RCW
RCW 28A.150.350, enrolled on the first school day of each month, including students who are in attendance pursuant to RCW 28A.335.160 and 28A.225.250 who do not reside within the servicing school district. The definition of full-time equivalent student shall be determined by rules of the superintendent of public instruction and shall be included as part of the superintendent's biennial budget request. The definition shall be based on the minimum instructional hour offerings required under RCW 28A.150.220. Any revision of the present definition shall not take effect until approved by the house ways and means committee and the senate ways and means committee.

(d) The office of financial management shall make a monthly review of the superintendent's reported full-time equivalent students in the common schools in conjunction with RCW 43.62.050.

Sec. 102. RCW 28A.150.390 and 2017 3rd sp.s. c 13 s 406 are each amended to read as follows:

(1) The superintendent of public instruction shall submit to each regular session of the legislature during an odd-numbered year a programmed budget request for special education programs for students with disabilities. Funding for programs operated by local school districts shall be on an excess cost basis from appropriations provided by the legislature for special education programs for students with disabilities and shall take account of state funds accruing through RCW 28A.150.260 (4) (a), (5), (6), and (8) and 28A.150.415.

(2) The excess cost allocation to school districts shall be based on the following:

(a) A district's annual average headcount enrollment of students ages birth through four and those five year olds not yet enrolled in kindergarten who are eligible for and enrolled in special education, multiplied by the district's base allocation per full-time equivalent student, multiplied by 1.15; and

(b) A district's annual average full-time equivalent basic education enrollment, multiplied by the district's funded enrollment percent, multiplied by the district's base allocation per full-time equivalent student, multiplied by 0.9609.

(3) As used in this section:

(a) "Base allocation" means the total state allocation to all schools in the district generated by the distribution formula under RCW 28A.150.260 (4) (a), (5), (6), and (8) and 28A.150.415, to be divided by the district's full-time equivalent enrollment.

(b) "Basic education enrollment" means enrollment of resident students including nonresident students enrolled under RCW 28A.225.225 and students from nonhigh districts enrolled under RCW 28A.225.210 and excluding students residing in another district enrolled as part of an interdistrict cooperative program under RCW 28A.225.250.

(c) "Enrollment percent" means the district's resident special education annual average enrollment, excluding students ages birth through four and those five year olds not yet enrolled in kindergarten, as a percent of the district's annual average full-time equivalent basic education enrollment.

(d) "Funded enrollment percent" means the lesser of the district's actual enrollment percent or thirteen and five-tenths percent.

NEW SECTION. Sec. 103. A new section is added to chapter 28A.160 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, a transportation alternate funding grant program is created.

(2) As part of the award process for the grants, the superintendent of public instruction must include a review of the school district's efficiency rating, key performance indicators, and local school district characteristics such as unique geographic constraints, low enrollment, geographic density of students, the percentage of students served under the McKinney-Vento homeless assistance act from outside the district, or whether the district is a nonhigh district.

Sec. 104. RCW 28A.165.055 and 2017 3rd sp.s. c 13 s 405 are each amended to read as follows:

(1) The funds for the learning assistance program shall be appropriated in accordance with RCW 28A.150.260 and the omnibus appropriations act. The distribution formula is for school district allocation purposes only, except as provided in RCW 28A.150.260 (10) (a) (ii), but all funds
appropriated for the learning assistance program must be expended for the purposes of RCW 28A.165.005 through 28A.165.065.

(2) A district's high poverty-based allocation is generated by its qualifying schools (buildings) as defined in RCW 28A.150.260(10) and must be expended by the district for those (buildings) schools. This funding must supplement and not supplant the district's expenditures under this chapter for those schools (buildings).

NEW SECTION. Sec. 105. A new section is added to chapter 28A.300 RCW to read as follows:

(1) The superintendent of public instruction must require school districts to have identification procedures for their highly capable programs that are clearly stated and implemented by school districts using the following criteria:

(a) Districts must use multiple objective criteria to identify students who are among the most highly capable. Multiple pathways for qualifications must be available and no single criterion may disqualify a student from identification;

(b) Highly capable selection decisions must be based on consideration of criteria benchmarked on local norms, but local norms may not be used as a more restrictive criteria than national norms at the same percentile;

(c) Subjective measures such as teacher recommendations or report card grades may not be used to screen out a student from assessment. These data points may be used alongside other criteria during selection to support identification, but may not be used to disqualify a student from being identified;

(d) To the extent practicable, screening and assessments must be given in the native language of the student. If native language screening and assessments are not available, a nonverbal screening and assessment must be used.

(2) The superintendent of public instruction must disseminate guidance on referral, screening, assessment, selection, and placement best practices for highly capable programs. The guidance must be regularly updated and aligned with evidence-based practices.

Sec. 106. RCW 28A.150.392 and 2017 3rd sp.s. c 13 s 407 are each amended to read as follows:

(1)(a) To the extent necessary, funds shall be made available for safety net awards for districts with demonstrated needs for special education funding beyond the amounts provided through the special education funding formula under RCW 28A.150.390.

(b) If the federal safety net awards based on the federal eligibility threshold exceed the federal appropriation in any fiscal year, then the superintendent shall expend all available federal discretionary funds necessary to meet this need.

(2) Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall award additional funds for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas.

(b) In the determination of need, the committee shall consider additional available revenues from federal sources.

(c) Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(d) In the determination of need, the committee shall require that districts demonstrate that they are maximizing their eligibility for all state revenues related to services for special education-eligible students and all federal revenues from federal impact aid, medicaid, and the individuals with disabilities education act-Part B and appropriate special projects. Awards associated with (e) and (f) of this subsection shall not exceed the total of a district's specific determination of need.

(e) The committee shall then consider the extraordinary high cost needs of one or more individual special education students. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.
(f) Using criteria developed by the committee, the committee shall then consider extraordinary costs associated with communities that draw a larger number of families with children in need of special education services, which may include consideration of proximity to group homes, military bases, and regional hospitals. Safety net awards under this subsection (2)(f) shall be adjusted to reflect amounts awarded under (e) of this subsection.

(g) The committee shall then consider the extraordinary high cost needs of one or more individual special education students served in residential schools as defined in RCW 28A.190.020, programs for juveniles under the department of corrections, and programs for juveniles operated by city and county jails to the extent they are providing a program of education for students enrolled in special education.

(h) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(i) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent of public instruction in accordance with chapter 318, Laws of 1999.

(j) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(3) The superintendent of public instruction shall adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. By September 1, 2019, the superintendent shall review and revise the rules to achieve full and complete implementation of the requirements of this subsection and subsection (4) of this section. Before revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature. In adopting and revising the rules, the superintendent shall ensure the application process to access safety net funding is streamlined, timelines for submission are not in conflict, feedback to school districts is timely and provides sufficient information to allow school districts to understand how to correct any deficiencies in a safety net application, and that there is consistency between awards approved by school district and by application period. The office of the superintendent of public instruction shall also provide technical assistance to school districts in preparing and submitting special education safety net applications.

(4) On an annual basis, the superintendent shall survey districts regarding their satisfaction with the safety net process and consider feedback from districts to improve the safety net process. Each year by December 1st, the superintendent shall prepare and submit a report to the office of financial management and the appropriate policy and fiscal committees of the legislature that summarizes the survey results and those changes made to the safety net process as a result of the school district feedback.

(5) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) One staff member from the office of the superintendent of public instruction;

(b) Staff of the office of the state auditor who shall be nonvoting members of the committee; and

(c) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

PART II: COMPENSATION

NEW SECTION. Sec. 201. The legislature recognizes that Initiative Measure No. 1433 was approved by the voters of the state of Washington in 2016 requiring employers to provide paid sick leave to each of its employees. The legislature acknowledges that the enactment of this initiative contributes to the costs of operations of the state's public schools and intends to provide funding in the omnibus appropriations act to support school districts with these additional costs.

Sec. 202. RCW 28A.150.410 and 2017 3rd sp.s. c 13 s 101 are each amended to read as follows:

(1) Through the 2017-18 school year, the legislature shall establish for each school year in the appropriations act a statewide salary allocation schedule, for allocation purposes only, to be used
to distribute funds for basic education certified instructional staff salaries under RCW 28A.150.260. For the purposes of this section, the staff allocations for classroom teachers, teacher-librarians, guidance counselors, and student health services staff under RCW 28A.150.260 are considered allocations for certificated instructional staff.

(2) Through the 2017-18 school year, salary allocations for state-funded basic education certificated instructional staff shall be calculated by the superintendent of public instruction by determining the district's average salary for certificated instructional staff, using the statewide salary allocation schedule and related documents, conditions, and limitations established by the omnibus appropriations act.

(3) Through the 2017-18 school year, no more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in the omnibus appropriations act, or any replacement schedules and documents, unless:

(a) The employee has a master's degree; or
(b) The credits were used in generating state salary allocations before January 1, 1992.

(4) Beginning in the 2007-08 school year and through the 2017-18 school year, the calculation of years of service for occupational therapists, physical therapists, speech-language pathologists, audiologists, nurses, social workers, counselors, and psychologists regulated under Title 18 RCW may include experience in schools and other nonschool positions as occupational therapists, physical therapists, speech-language pathologists, audiologists, nurses, social workers, counselors, or psychologists. The calculation shall be that one year of service in a nonschool position counts as one year of service for purposes of this chapter, up to a limit of two years of nonschool service. Nonschool years of service included in calculations under this subsection shall not be applied to service credit totals for purposes of any retirement benefit under chapter 41.32, 41.35, or 41.40 RCW, or any other state retirement system benefits.

(5) By the 2018-19 school year, the minimum state allocation for salaries for certificated instructional staff in the basic education program must be increased (beginning in the 2018-19 school year) to provide a statewide average allocation of sixty-four thousand dollars adjusted for inflation from the 2017-18 school year.

(6) By the 2018-19 school year, the minimum state allocation for salaries for certificated administrative staff in the basic education program must be increased (beginning in the 2018-19 school year) to provide a statewide average allocation of ninety-five thousand dollars adjusted for inflation from the 2017-18 school year.

(7) By the 2018-19 school year, the minimum state allocation for salaries for classified staff in the basic education program must be increased (beginning in the 2018-19 school year) to provide a statewide average allocation of forty-five thousand eleven dollars adjusted by inflation from the 2017-18 school year.

(8) (To implement the new minimum salary allocations in subsections (5) through (7) of this section, the legislature must fund fifty percent of the increased salary allocation in the 2018-19 school year and the entire increased salary allocation in the 2019-20 school year.) For school year 2018-19, a district's minimum state allocation for salaries is the greater of the district's 2017-18 state salary allocation, adjusted for inflation, or the district's allocation based on the state salary level specified in subsections (5) through (7) of this section, and as further specified in the omnibus appropriations act.

(9) Beginning with the 2018-19 school year, state allocations for salaries for certificated instructional staff, certificated administrative staff, and classified staff must be adjusted for regional differences in the cost of hiring staff. Adjustments for regional differences must be specified in the omnibus appropriations act for each school year through at least school year 2022-23. For school years 2018-19 through school year 2022-23, the school district regionalization factors are based on the median single-family residential value.
of each school district and proximate school district median single-family residential value as described in RCW 28A.150.412.

(10) Beginning with the 2023-24 school year and every six years thereafter, the minimum state salary allocations and school district regionalization factors for certificated instructional staff, certificated administrative staff, and classified staff must be reviewed and rebased, as provided under RCW 28A.150.412, to ensure that state salary allocations continue to align with staffing costs for the state's program of basic education.

(11) For the purposes of this section, "inflation" has the meaning provided in RCW 28A.400.205 for "inflationary adjustment index."

Sec. 203. RCW 28A.150.412 and 2017 3rd sp. s c 13 s 104 are each amended to read as follows:

(1) Beginning with the 2023 regular legislative session, and every six years thereafter, the legislature shall review and rebase state basic education compensation allocations compared to school district compensation data, regionalization factors, what inflationary measure is the most representative of actual market experience for school districts, and other economic information. The legislature shall revise the minimum allocations, regionalization factors, and inflationary measure if necessary to ensure that state basic education allocations continue to provide market-rate salaries and that regionalization adjustments reflect actual economic differences between school districts.

(2) (a) For school districts with single-family residential values above the statewide median residential value, regionalization factors for school years 2018-19 through school year 2022-23 are as follows:

(i) For school districts in tercile 1, state salary allocations for school district employees are regionalized by six percent;

(ii) For school districts in tercile 2, state salary allocations for school district employees are regionalized by twelve percent; and

(iii) For school districts in tercile 3, state salary allocations for school district employees are regionalized by eighteen percent.

(b) In addition to the regionalization factors specified in (a) of this subsection, school districts located west of the crest of the Cascade mountains and sharing a boundary with any school district with a regionalization factor more than one tercile higher, are regionalized by six additional percentage points.

(c) In addition to the regionalization factors specified in this subsection, for school districts that have certificated instructional staff median years of experience that exceed the statewide average certificated instructional staff years of experience and a ratio of certificated instructional staff advanced degrees to bachelor degrees above the statewide ratio, an experience factor of four percentage points is added to the regionalization factor.

(d) Additional school district adjustments are identified in the omnibus appropriations act, and these adjustments are partially reduced or eliminated by the 2022-23 school year as follows:

(i) Adjustments that increase the regionalization factor to a value that is greater than the tercile 3 regionalization factor must be reduced by two percentage points each school year beginning with school year 2020-21, through 2022-23.

(ii) Adjustments that increase the regionalization factor to a value that is less than or equal to the tercile 3 regionalization factor must be reduced by one percentage point each school year beginning with school year 2020-21, through 2022-23.

(3) To aid the legislature in reviewing and rebasing regionalization factors, the department of revenue shall, by November 1, 2022, and by November 1st every six years thereafter, determine the median single-family residential value of each school district as well as the median value of proximate districts within fifteen miles of the boundary of the school district for which the median residential value is being calculated.

(4) No district may receive less state funding for the minimum state salary allocation as compared to its prior
school year salary allocation as a result of adjustments that reflect updated regionalized salaries.

(5) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Median residential value of each school district" means the median value of all single-family residential parcels included within a school district and any other school district that is proximate to the school district.

(b) "Proximate to the school district" means within fifteen miles of the boundary of the school district for which the median residential value is being calculated.

(c) "School district employees" means state-funded certificated instructional staff, certificated administrative staff, and classified staff.

(d) "School districts in tercile 1" means school districts with median single-family residential values in the first tercile of districts with single-family residential values above the statewide median residential value.

(e) "School districts in tercile 2" means school districts with median single-family residential values in the second tercile of districts with single-family residential values above the statewide median residential value.

(f) "School districts in tercile 3" means school districts with median single-family residential values in the third tercile of districts with single-family residential values above the statewide median residential value.

(g) "Statewide median residential value" means the median value of single-family residential parcels located within all school districts, reduced by five percent.

Sec. 204. RCW 28A.400.006 and 2017 3rd sp.s. c 13 s 703 are each amended to read as follows:

(1) A school district may not increase average total school district expenditures for certificated administrative staff (with a percentage increase to total salary) for the 2018-19 school year (including supplemental contracts), that exceeds the previous calendar year's annual average consumer price index, using the official current base compiled by the bureau of labor statistics, United States department of labor, for the city of Seattle. However, if a district's average certificated administrative staff salary is less than the average certificated administrative staff salary allocated by the state for that year, the district may increase salaries not to exceed the point where the district's average certificated administrative staff salary equals the average certificated administrative staff salary allocated by the state in excess of the following:

(a) Annual salary inflationary adjustments based on the rate of the yearly increase of the previous calendar year's annual average consumer price index, using the official current base compiled by the bureau of labor statistics, United States department of labor, for the city of Seattle;

(b) Annual experience and education salary step increases according to what was the prior year's practice within the school district; or

(c) School districts with an average total certificated administrative staff salary less than the statewide average certificated administrative staff salary allocation used to distribute funds for basic education as estimated by the office of the superintendent of public instruction for the 2018-19 school year may provide salary increases up to the statewide average allocation.

(2) Changes to any terms of an employment contract for nonrepresented employees must comply with the same requirements established in this section.

(3) This section expires August 31, 2019.

Sec. 205. RCW 28A.400.200 and 2017 3rd sp.s. c 13 s 103 are each amended to read as follows:

(1) Every school district board of directors shall fix, alter, allow, and order paid salaries and compensation for all district employees in conformance with this section.

(2)(a) Through the 2017-18 school year, salaries for certificated instructional staff shall not be less than the salary provided in the appropriations act in the statewide salary allocation schedule for an employee with a baccalaureate degree and zero years of service;
(b) Salaries for certificated instructional staff with a master's degree shall not be less than the salary provided in the appropriations act in the statewide salary allocation schedule for an employee with a master's degree and zero years of service; and

(c) Beginning with the [(2019-20)] 2018-19 school year:

(i) Salaries for full-time certificated instructional staff must not be less than forty thousand dollars, to be adjusted for regional differences in the cost of hiring staff as specified in RCW 28A.150.410, and to be adjusted annually by the same inflationary measure as provided in RCW 28A.400.205;

(ii) Salaries for full-time certificated instructional staff with at least five years of experience must exceed by at least ten percent the value specified in (c)(i) of this subsection;

(iii) A district may not pay full-time certificated instructional staff a salary that exceeds ninety thousand dollars, subject to adjustment for regional differences in the cost of hiring staff as specified in RCW 28A.150.410. This maximum salary is adjusted annually by the inflationary measure in RCW 28A.400.205;

(iv) These minimum and maximum salaries apply to the services provided as part of the state's statutory program of basic education and exclude supplemental contracts for additional time, responsibility, or incentive pursuant to this section or for enrichment pursuant to RCW 28A.150.276;

(v) A district may pay a salary that exceeds this maximum salary by up to ten percent for full-time certificated instructional staff: Who are educational staff associates; who teach in the subjects of science, technology, engineering, or math; or who teach in the transitional bilingual instruction or special education programs.

(3)(a)(i) Through the 2017-18 school year the actual average salary paid to certificated instructional staff shall not exceed the district's average certificated instructional staff salary used for the state basic education allocations for that school year as determined pursuant to RCW 28A.150.410.

(ii) For the 2018-19 school year, salaries for certificated instructional staff are subject to the limitations in RCW 41.59.800.

(iii) Beginning with the 2019-20 school year, for purposes of subsection (4) of this section, RCW 28A.150.276, and 28A.505.100, each school district must annually identify the actual salary paid to each certificated instructional staff for services rendered as part of the state's program of basic education.

(b) Through the 2018-19 school year, fringe benefit contributions for certificated instructional staff shall be included as salary under (a)(i) of this subsection only to the extent that the district's actual average benefit contribution exceeds the amount of the insurance benefits allocation, less the amount remitted by districts to the health care authority for retiree subsidies, provided per certificated instructional staff unit in the state operating appropriations act in effect at the time the compensation is payable. For purposes of this section, fringe benefits shall not include payment for unused leave for illness or injury under RCW 28A.400.210; employer contributions for old age survivors insurance, workers' compensation, unemployment compensation, and retirement benefits under the Washington state retirement system; or employer contributions for health benefits in excess of the insurance benefits allocation provided per certificated instructional staff unit in the state operating appropriations act in effect at the time the compensation is payable. A school district may not use state funds to provide employer contributions for such excess health benefits.

(c) Salary and benefits for certificated instructional staff in programs other than basic education shall be consistent with the salary and benefits paid to certificated instructional staff in the basic education program.

(4)(a) Salaries and benefits for certificated instructional staff may exceed the limitations in subsection (3) of this section only by separate contract for additional time, for additional responsibilities, or for incentives. Supplemental contracts shall not cause the state to incur any present or future funding obligation. Supplemental contracts must be accounted for by a school district when the district is
developing its four-year budget plan under RCW 28A.505.040.

(b) Supplemental contracts shall be subject to the collective bargaining provisions of chapter 41.59 RCW and the provisions of RCW 28A.405.240, shall not exceed one year, and if not renewed shall not constitute adverse change in accordance with RCW 28A.405.300 through 28A.405.380. No district may enter into a supplemental contract under this subsection for the provision of services which are a part of the basic education program required by Article IX, section 1 of the state Constitution and RCW 28A.150.220. Beginning September 1, 2019, supplemental contracts for certificated instructional staff are subject to the following additional restrictions: School districts may enter into supplemental contracts only for enrichment activities as defined in and subject to the limitations of RCW 28A.150.276. The rate the district pays under a supplemental contract may not exceed the hourly rate provided to that same instructional staff for services under the basic education salary identified pursuant to subsection (3)(a)(iii) of this section.

(5) Employee benefit plans offered by any district shall comply with RCW 28A.400.350, 28A.400.275, and 28A.400.280.

(1) School district employees shall be provided an annual salary inflationary increase in accordance with this section.

(a) The inflationary increase shall be calculated by applying the rate of the yearly increase in the inflationary adjustment index to any state-funded salary base used in state funding formulas for teachers and other school district employees. Beginning with the (2019-20) 2019-20 school year, each school district shall be provided an inflationary adjustment allocation sufficient to grant this inflationary increase.

(b) A school district shall distribute its inflationary adjustment allocation for salaries and salary-related benefits in accordance with the district's collective bargaining agreements and compensation policies. No later than the end of the school year, each school district shall certify to the superintendent of public instruction that it has spent funds provided for inflationary increases on salaries and salary-related benefits.

(c) Any funded inflationary increase shall be included in the salary base used to determine inflationary increases for school employees in subsequent years. For teachers and other certificated instructional staff, the rate of the annual inflationary increase funded for certificated instructional staff shall be applied to the base salary used with the statewide salary allocation methodology established under RCW 28A.150.410 and to any other salary allocation methodologies used to recognize school district personnel costs.

(2) For the purposes of this section, "inflationary adjustment index" means, for any school year, the implicit price deflator for that fiscal year, using the official current base, compiled by the bureau of [labor statistics, United States department of labor for the state of Washington] economic analysis, United States department of commerce.

However, if a district's average classified staff salary is less than the average classified salary allocated by the state for that year, the district may increase salaries not to exceed the point where the district's average classified staff salary equals the average classified staff salary allocated by the state)) in excess of the following:

(a) Annual salary inflationary adjustments based on the rate of the yearly increase of the previous calendar year's annual average consumer price index, using the official current base
(b) Annual experience and education salary step increases according to the salary schedule specified in the agreement;

PART III: LEVIES

Sec. 301. RCW 28A.150.276 and 2017 3rd sp.s. c 13 s 501 are each amended to read as follows:

(1) (a) Beginning September 1, 2018, school districts may use local revenues only for documented and demonstrated enrichment of the state's statutory program of basic education as authorized in subsection (2) of this section.

(b) Nothing in this section revises the definition or the state funding of the program of basic education under RCW 28A.150.220 and 28A.150.260.
(c) For purposes of this section, "local revenues" means enrichment levies collected under RCW 84.52.053, local effort assistance funding received under chapter 28A.500 RCW, and other school district local revenues including, but not limited to, grants, donations, and state and federal payments in lieu of taxes, except that "local revenues" does not include other federal revenues, or local revenues that operate as an offset to the district's basic education allocation under RCW 28A.150.250.

(2)(a) Enrichment activities are permitted under this section if they provide supplementation beyond the state:

(i) Minimum instructional offerings of RCW 28A.150.220 or 28A.150.260;

(ii) Staffing ratios or program components of RCW 28A.150.260, including providing additional staff for class size reduction beyond class sizes allocated in the prototypical school model and additional staff beyond the staffing ratios allocated in the prototypical school formula;

(iii) Program components of RCW 28A.150.200, 28A.150.220, or 28A.150.260; or

(iv) Program of professional learning as defined by RCW 28A.415.430 beyond that allocated pursuant to RCW 28A.150.415.

(b) Permitted enrichment activities consist of:

(i) Extracurricular activities, extended school days, or an extended school year;

(ii) Additional course offerings beyond the minimum instructional program established in the state's statutory program of basic education;

(iii) Activities associated with early learning programs;

(iv) Any additional salary costs attributable to the provision or administration of the enrichment activities allowed under this subsection; and

(v) Additional activities or enhancements that the office of the superintendent of public instruction determines to be a documented and demonstrated enrichment of the state's statutory program of basic education under (a) of this subsection and for which the superintendent approves proposed expenditures during the preballot approval process required by RCW 84.52.053 and 28A.505.240.

(3) In addition to the limitations of subsections (1) and (2) of this section and of RCW 28A.400.200, permitted enrichment activities are subject to the following conditions and limitations:

(a) If a school district spends local revenues for salary costs attributable to the administration of enrichment programs, the portion of administrator salaries attributable to that purpose may not exceed twenty-five percent of the total district expenditures for administrator salaries; and

(b) Supplemental contracts under RCW 28A.400.200 are subject to the limitations of this section.

(4) The superintendent of public instruction must adopt rules to implement this section.

Sec. 302. RCW 28A.500.015 and 2017 3rd sp.s. c 13 s 206 are each amended to read as follows:

(1) Beginning in calendar year 2019 and each calendar year thereafter, the state must provide state local effort assistance funding to supplement school district enrichment levies as provided in this section.

(2) For an eligible school district, annual local effort assistance funding is equal to the school district's maximum local effort assistance multiplied by a fraction equal to the school district's actual enrichment levy divided by the school district's maximum allowable enrichment levy.

(3) The state local effort assistance funding provided under this section is not part of the state's program of basic education deemed by the legislature to comply with the requirements of Article IX, section 1 of the state Constitution.

(4) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Eligible school district" means a school district whose maximum allowable enrichment levy divided by the school district's total student enrollment in
the prior school year is less than the state local effort assistance threshold.

(b) For the purpose of this section, "inflation" means ((inflation as defined in RCW 84.55.005)), for any school year, the rate of the yearly increase of the previous calendar year's annual average consumer price index for all urban consumers, Seattle area, using the official current base compiled by the bureau of labor statistics, United States department of labor.

(c) "Maximum allowable enrichment levy" means the maximum levy permitted by RCW 84.52.0531.

(d) "Maximum local effort assistance" means ((the school district's student enrollment in the prior school year multiplied by)) the difference ((of)) between the following:

(i) The school district's actual prior school year enrollment multiplied by the state local effort assistance threshold; and ((#))

(ii) The school district's maximum allowable enrichment levy ((divided by the school district's student enrollment in the prior school year).

(e) "Prior school year" means the most recent school year completed prior to the year in which the state local effort assistance funding is to be distributed.

(f) "State local effort assistance threshold" means one thousand five hundred dollars per student, ((adjusted)) increased for inflation beginning in calendar year 2020.

(g) "Student enrollment" means the average annual ((resident)) full-time equivalent student enrollment.

(5) For districts in a high/nonhigh relationship, the enrollments of the nonhigh students attending the high school shall only be counted by the nonhigh school districts for purposes of funding under this section.

(6) For school districts participating in an innovation academy cooperative established under RCW 28A.340.080, enrollments of students attending the academy shall be adjusted so that each participant district receives its proportional share of student enrollments for purposes of funding under this section.

Sec. 303. RCW 28A.505.240 and 2017 3rd sp.s. c 13 s 204 are each amended to read as follows:

(1) As required by RCW 84.52.053(4), before a school district may submit an enrichment levy((, including a transportation vehicle enrichment levy)) under RCW 84.52.053 to the voters, it must have received approval from the office of the superintendent of public instruction of an expenditure plan for the district's enrichment levy and other local revenues as defined in RCW 28A.150.276. Within thirty days after receiving the plan the office of the superintendent of public instruction must notify the school district whether the spending plan is approved. If the office of the superintendent of public instruction rejects a district's proposed spending plan, then the district may submit a revised spending plan, and the superintendent must approve or reject the revised submission within thirty days. The office of the superintendent of public instruction may approve a spending plan only if it determines that the enrichment levy and other local revenues as defined in RCW 28A.150.276(1) will be used solely for permitted enrichment activities as provided in RCW 28A.150.276(2).

(2)(a) Except as provided in (b) of this subsection, after a school district has received voter approval for a levy for an enrichment levy under RCW 84.52.053, a school district may change its spending plan for the voter-approved levy by submitting a revised spending plan to the office of the superintendent of public instruction for review and approval. To revise a previously approved spending plan, the district must provide notice and an opportunity for review and comment at an open meeting of the school board, and the board must adopt the revised spending plan by resolution. The board must then submit the plan to the office of the superintendent of public instruction. Within thirty days after receiving the revised spending plan the office must notify the school district whether the revised spending plan is approved. The office of the superintendent of public instruction may approve a revised spending plan only if it determines that the enrichment levy and other local revenues as defined in RCW 28A.150.276(1) will be used solely for permitted enrichment activities as provided in RCW 28A.150.276(2).
If the superintendent has approved expenditures for specific purposes under (a) of this subsection, a district may change the relative amounts to be spent for those respective purposes for the same levy in subsequent years without having to first receive approval for the change from the office of the superintendent of public instruction if the district adopts the change as part of its annual budget proposal after a public hearing under RCW 28A.505.060.

(3) This section applies to taxes levied for collection beginning in calendar year 2020 and thereafter.

NEW SECTION. Sec. 304. A new section is added to chapter 84.52 RCW to read as follows:

For districts in a high/nonhigh relationship, if the high school district is subject to the maximum per pupil limit under RCW 84.52.0531, the high school district's maximum levy amount must be reduced by an amount equal to the estimated amount of the nonhigh payment due to the high school district under RCW 28A.545.030(3) and 28A.545.050 for the school year commencing the year of the levy.

Sec. 305. RCW 84.52.053 and 2017 3rd sp.s. c 13 s 201 are each amended to read as follows:

(1) The limitations imposed by RCW 84.52.050 through 84.52.056, and 84.52.043 shall not prevent the levy of taxes by school districts, when authorized so to do by the voters of such school district in the manner and for the purposes and number of years allowable under Article VII, section 2(a) and Article IX, section 1 of the Constitution of this state. Elections for such taxes shall be held in the year in which the levy is made or, in the case of propositions authorizing two-year through six-year levy to support the construction, modernization, or remodeling of school facilities, which includes the purposes of RCW 28A.320.330(2) (f) and (g), in the year in which the first annual levy is made.

(2)(a) Once additional tax levies have been authorized for enrichment funding for a school district for a two-year through four-year period as provided under subsection (1) of this section, no further additional tax levies for enrichment funding for the district for that period may be authorized, except for additional levies to provide for subsequently enacted increases affecting the district's maximum levy.

(b) Notwithstanding (a) of this subsection, any school district that is required to annex or receive territory pursuant to a dissolution of a financially insolvent school district pursuant to RCW 28A.315.225 may call either a replacement or supplemental levy election within the school district, including the territory annexed or transferred, as follows:

(i) An election for a proposition authorizing two-year through four-year levies for enrichment funding for a school district may be called and held before the effective date of dissolution to replace existing enrichment levies and to provide for increases due to the dissolution.

(ii) An election for a proposition authorizing additional tax levies may be called and held before the effective date of dissolution to provide for increases due to the dissolution.

(iii) In the event a replacement levy election under (b)(i) of this subsection is held but does not pass, the affected school district may subsequently hold a supplemental levy election pursuant to (b)(ii) of this subsection if the supplemental levy election is held before the effective date of dissolution. In the event a supplemental levy election is held under (b)(ii) of this subsection but does not pass, the affected school district may subsequently hold a replacement levy election pursuant to (b)(i) of this subsection if the replacement levy election is held before the effective date of dissolution. Failure of a replacement levy or supplemental levy election does not affect any previously approved and existing enrichment levy within the affected school district or districts.

(c) For the purpose of applying the limitation of this subsection (2), a two-year through six-year levy to support the construction, modernization, or remodeling of school facilities shall not
be deemed to be a tax levy for enrichment funding for a school district.

(3) A special election may be called and the time therefor fixed by the board of school directors, by giving notice thereof by publication in the manner provided by law for giving notices of general elections, at which special election the proposition authorizing such excess levy shall be submitted in such form as to enable the voters favoring the proposition to vote “yes” and those opposed thereto to vote “no.”

(4)(a) Beginning September 1, 2018, school districts may use enrichment levies ((and transportation vehicle enrichment levies)) solely to enrich the state's statutory program of basic education as authorized under RCW 28A.150.276.

(b) Beginning with propositions for enrichment levies ((and transportation vehicle enrichment levies)) for collection in calendar year 2020 and thereafter, a district must receive approval of an enrichment levy expenditure plan from the superintendent of public instruction under RCW 28A.505.240 before submission of the proposition to the voters.

Sec. 306. RCW 84.52.0531 and 2017 3rd sp.s. c 13 s 203 are each amended to read as follows:

(1)(a) Beginning with taxes levied for collection in 2019, the maximum dollar amount which may be levied by or for any school district for enrichment levies under RCW 84.52.053 is equal to the lesser of one dollar and fifty cents per thousand dollars of the assessed value of property in the school district or the maximum per-pupil limit, except as provided in (b) of this subsection.

(b) A school district may levy a maximum dollar amount equal to the greater of the maximum per-pupil limit or one dollar fifty cents per thousand dollars of the assessed value of property in the school district, if the sum of the school district's enrichment levy under (a) of this subsection and local effort assistance under RCW 28A.500.015 is less than half of the sum of the maintenance and operations levy and local effort assistance provided under law as it existed on January 1, 2017. For purposes of the calculation in this subsection (l)(b), the maintenance of operations levy is limited to the lesser of the voter-approved levy as of January 1, 2017, or the maximum levy under law as of January 1, 2017.

(2) The definitions in this subsection apply to this section unless the context clearly requires otherwise.

(a) For the purpose of this section, "inflation" means ((inflation as defined in RCW 84.55.005)), for any school year, the rate of the yearly increase of the previous calendar year's annual average consumer price index for all urban consumers, Seattle area, using the official current base compiled by the bureau of labor statistics, United States department of labor.

(b) "Maximum per-pupil limit" means two thousand five hundred dollars, multiplied by the number of average annual ((resident)) full-time equivalent students enrolled in the school district in the prior school year. Beginning with property taxes levied for collection in 2020, the maximum per-pupil limit shall be increased by inflation.

(c) "Prior school year" means the most recent school year completed prior to the year in which the levies are to be collected.

(3) For districts in a high/nonhigh relationship, the enrollments of the nonhigh students attending the high school shall only be counted by the nonhigh school districts for purposes of funding under this section.

(4) For school districts participating in an innovation academy cooperative established under RCW 28A.340.080, enrollments of students attending the academy shall be adjusted so that each participant district receives its proportional share of student enrollments for purposes of funding under this section.

(5) Beginning with propositions for enrichment levies for collection in calendar year 2020 and thereafter, a district must receive approval of an enrichment levy expenditure plan under RCW 28A.505.240 before submission of the proposition to the voters.

(6) The superintendent of public instruction shall develop rules and regulations and inform school districts of the pertinent data necessary to carry out the provisions of this section.

(7) Beginning with taxes levied for collection in ((2020)) 2018,
enrichment levy revenues must be deposited in a separate subfund of the school district’s general fund pursuant to RCW 28A.320.330, and are subject to the restrictions of RCW 28A.150.276 and the audit requirements of RCW 43.09.2856.

(8) Funds collected from levies for transportation vehicles, construction, modernization, or remodeling of school facilities as established in RCW 84.52.053 are not subject to the levy limitations in subsections (1) through (5) of this section.

Sec. 307. RCW 84.52.054 and 2007 c 54 s 27 are each amended to read as follows:

(1) The additional tax provided for in Article VII, section 2 of the state Constitution, and specifically authorized by RCW 84.52.052, 84.52.053, 84.52.0531, and 84.52.130, shall be set forth in terms of dollars on the ballot of the proposition to be submitted to the voters except as provided in subsection (2) of this section, together with an estimate of the dollar rate of tax levy that will be required to produce the dollar amount; and the county assessor, in spreading this tax upon the rolls, shall determine the eventual dollar rate required to produce the amount of dollars so voted upon, regardless of the estimate of dollar rate of tax levy carried in said proposition. In the case of a school district or fire protection district proposition for a particular period, the dollar amount and the corresponding estimate of the dollar rate of tax levy shall be set forth for each of the years in that period. The dollar amount for each annual levy in the particular period may be equal or in different amounts.

(2) For school districts levying the maximum enrichment funding levy rate of one dollar and fifty cents as authorized by RCW 84.52.053 and 84.52.0531, the additional tax shall be set forth in terms of the dollar rate of tax levy on the ballot of the proposition to be submitted to the voters.

PART IV: OTHER POLICIES

NEW SECTION. Sec. 401. (1) For the 2018-19 and 2019-20 school years, the office of the superintendent of public instruction shall allocate a hold-harmless payment to school districts if the sum of (b) of this subsection is greater than the sum of (a) of this subsection for either of the respective school years.

(a) The current school year is calculated as the sum of (a)(i) through (iii) of this subsection using the enrollments and values in effect for that school year for the school district’s:

(i) Formula-driven state allocations in part V of the state omnibus appropriations act for these programs: General apportionment, employee compensation adjustments, pupil transportation, special education programs, institutional education programs, transitional bilingual programs, highly capable, and learning assistance programs;

(ii) Local effort assistance funding received under chapter 28A.500 RCW; and

(iii) The lesser of the school district’s voter-approved enrichment levy collection or the maximum levy authority provided under RCW 84.52.0531 for the previous calendar year.

(b) The baseline school year is calculated as the sum of (b)(i) through (iii) of this subsection using the current school year enrollments and the values in effect during the 2017-18 school year for the school district’s:

(i) Formula-driven state allocations in part V of the state omnibus appropriations act for these programs: General apportionment, employee compensation adjustments, pupil transportation, special education programs, institutional education programs, transitional bilingual programs, highly capable, and learning assistance programs;

(iii) Maintenance and operation levy collection under RCW 84.52.0531 in the 2017 calendar year.

(2) Districts eligible for hold-harmless payments under subsection (1) of this section shall receive the difference between subsection (1)(b) and (a) of this section through the apportionment payment process in RCW 28A.510.250.

(3) The voters of the school district must approve an enrichment levy under RCW 84.52.0531 to be eligible for a hold-harmless payment under this section.

(4) This section expires December 31, 2020.

The professional learning allocation shall be equal to the proportional increase resulting from adding the professional learning days provided in subsection (1) of this section to the required minimum number of school days in RCW 28A.150.220(5)(a) applied to the school district's minimum state allocation for salaries as specified in the omnibus appropriations act. Professional learning allocations shall be included in per-pupil calculations for programs funded on a per student rate calculation.

(3) Nothing in this section entitles an individual certificated instructional staff to any particular number of professional learning days.

(4) The professional learning days must meet the definitions and standards provided in RCW 28A.415.430, 28A.415.432, and 28A.415.434.

(5) As the legislature phases in the funding for professional learning days under this section, the number of late start or early release of students resulting in partial days of instruction shall be phased down in the following manner:

Professional learning allocations shall be included in per-pupil calculations for programs funded on a per student rate calculation.

"Sec. 1. RCW 13.34.025 and 2009 c 520 § 20 are each amended to read as follows:

(1) The department and ((supervising)) agencies shall develop methods for coordination of services to parents and children in child dependency cases. To the maximum extent possible under current funding levels, the department and ((supervising)) agencies must:

(a) Coordinate and integrate services to children and families, using service plans and activities that address the children's and families' multiple needs, including ensuring that siblings have regular visits with each other, as appropriate. Assessment criteria should screen for multiple needs;

(b) Develop treatment plans for the individual needs of the client in a manner that minimizes the number of contacts the client is required to make; and

(c) Access training for department and ((supervising)) agency staff to increase skills across disciplines to assess needs for mental health, substance abuse, developmental disabilities, and other areas.

(2) The department shall coordinate within the administrations of the department, and with contracted service providers ((including supervising agencies)), to ensure that parents in dependency proceedings under this chapter receive priority access to remedial services recommended by the department ((or supervising agency)) in its social study or ordered by the court for the purpose of correcting any parental deficiencies identified in the dependency proceeding that are capable of being corrected in the foreseeable future. Services may also be provided to caregivers other than the parents as identified in RCW 13.34.138.

(a) For purposes of this chapter, remedial services are those services
defined in the federal adoption and safe families act as time-limited family reunification services. Remedial services include individual, group, and family counseling; substance abuse treatment services; mental health services; assistance to address domestic violence; services designed to provide temporary child care and therapeutic services for families; and transportation to or from any of the above services and activities.

(b) The department shall provide funds for remedial services if the parent is unable to pay to the extent funding is appropriated in the operating budget or otherwise available to the department for such specific services. As a condition for receiving funded remedial services, the court may inquire into the parent's ability to pay for all or part of such services or may require that the parent make appropriate applications for funding to alternative funding sources for such services.

(c) If court-ordered remedial services are unavailable for any reason, including lack of funding, lack of services, or language barriers, the department (as supervising court) shall promptly notify the court that the parent is unable to engage in the treatment due to the inability to access such services.

(d) This section does not create an entitlement to services and does not create judicial authority to order the provision of services except for the specific purpose of making reasonable efforts to remedy parental deficiencies identified in a dependency proceeding under this chapter.

(12) "Guardian ad litem program" means a court-authorized volunteer program, which is or may be established by the superior court of the county in which such proceeding is filed, to manage all aspects of volunteer guardian ad litem representation for children alleged or found to be dependent. (13) "Housing assistance" means appropriate referrals by the department or other agencies to federal, state, local, or private agencies or organizations, assistance

(14) "Indigent" means a person who, at any stage of a court proceeding, is:

(a) Receiving one of the following types of public assistance: Temporary assistance for needy families, aged, blind, or disabled assistance benefits, medical care services under RCW 74.09.035, pregnant women assistance benefits, poverty-related veterans' benefits, food stamps or food stamp benefits transferred electronically, refugee resettlement benefits, medicaid, or supplemental security income; or

(17) "Parent" means the biological or adoptive parents of a child, or an individual who has established a parent-child relationship under RCW 26.26.101, unless the legal rights of that person have been terminated by a judicial proceeding pursuant to this chapter, chapter 26.33 RCW, or the equivalent laws of another state or a federally recognized Indian tribe.

(18) "Preventive services" means preservation services, as defined in chapter 74.14C RCW, and other reasonably available services, including housing assistance, capable of preventing the need for out-of-home placement while protecting the child.

(19) "Shelter care" means temporary physical care in a facility licensed pursuant to RCW 74.15.030 or in a home not required to be licensed pursuant to RCW 74.15.030.

(20) "Sibling" means a child's birth brother, birth sister, adoptive brother, adoptive sister, half-brother, or half-sister, or as defined by the law or custom of the Indian child's tribe for an Indian child as defined in RCW 13.38.040.

(b) A description of the specific services and activities, for both the parents and child, that are needed in order to prevent serious harm to the child; the reasons why such services and activities are likely to be useful; the availability of any proposed services; and the agency's overall plan for ensuring that the services will be delivered. The description shall identify the services chosen and approved by the parent;

(c) If removal is recommended, a full description of the reasons why the child cannot be protected adequately in the home, including a description of any previous efforts to work with the parents and the child in the home; the in-home treatment programs that have been considered and rejected; the preventive services, including housing assistance, that have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home; and the parents' attitude toward placement of the child;

(d) A statement of the likely harms the child will suffer as a result of removal;

(e) A description of the steps that will be taken to minimize the harm to the child that may result if separation occurs including an assessment of the child's relationship and emotional bond with any siblings, and the agency's plan.

(f) Behavior that will be expected before determination that supervision of the family or placement is no longer necessary.

(22) "Supervised independent living" includes, but is not limited to, apartment living, room and board arrangements, college or university dormitories, and shared roommate settings. Supervised independent living settings must be approved by the children's administration or the court.

(23) (("Supervising agency" means an agency licensed by the state under RCW 74.15.090, or licensed by a federally recognized Indian tribe located in this state under RCW 74.15.190, that has entered into a performance-based contract with the department to provide case management for the delivery and documentation of child welfare services as defined in RCW 74.13.020.))

("Voluntary placement agreement" means, for the purposes of extended foster care services, a written voluntary agreement between a nonminor dependent who agrees to submit to the care and authority of the department for the purposes of participating in the extended foster care program.

Sec. 4. RCW 13.34.065 and 2013 c 162 s 6 are each amended to read as follows:

(1)(a) When a child is taken into custody, the court shall hold a shelter care hearing within seventy-two hours, excluding Saturdays, Sundays, and holidays. The primary purpose of the shelter care hearing is to determine whether the child can be immediately and safely returned home while the adjudication of the dependency is pending.

(b) Any parent, guardian, or legal custodian who for good cause is unable to attend the shelter care hearing may request that a subsequent shelter care hearing be scheduled. The request shall be made to the clerk of the court where the petition is filed prior to the initial shelter care hearing. Upon the request of the parent, the court shall schedule the hearing within seventy-two hours of the request, excluding Saturdays, Sundays, and holidays. The clerk shall notify all other parties of the hearing by any reasonable means.

(2)(a) If it is likely that the child will remain in shelter care longer than seventy-two hours, ((in those areas in which child welfare services are being provided by a supervising agency, the supervising agency shall assume case management responsibilities of the case.)) the department ((or supervising agency)) shall submit a recommendation to the court as to the further need for shelter care in all cases in which the child will remain in shelter care longer than the seventy-two hour period. In all other cases, the recommendation shall be submitted by the juvenile court probation counselor.

(b) All parties have the right to present testimony to the court regarding the need or lack of need for shelter care.

(c) Hearsay evidence before the court regarding the need or lack of need for shelter care must be supported by sworn testimony, affidavit, or declaration of the person offering such evidence.

(3)(a) At the commencement of the hearing, the court shall notify the parent, guardian, or custodian of the following:

(i) The parent, guardian, or custodian has the right to a shelter care hearing;

(ii) The nature of the shelter care hearing, the rights of the parents, and the proceedings that will follow; and

(iii) If the parent, guardian, or custodian is not represented by counsel, the right to be represented. If the parent, guardian, or custodian is indigent, the court shall appoint counsel as provided in RCW 13.34.090; and

(b) If a parent, guardian, or legal custodian desires to waive the shelter care hearing, the court shall determine, on the record and with the parties present, whether such waiver is known and voluntary. A parent may not waive his or her right to the shelter care hearing unless he or she appears in court and the court determines that the waiver is knowing and voluntary. Regardless of whether the court accepts the parental waiver of the shelter care hearing, the court must provide notice to the parents of their rights required under (a) of this subsection and make the finding required under subsection (4) of this section.
At the shelter care hearing the court shall examine the need for shelter care and inquire into the status of the case. The paramount consideration for the court shall be the health, welfare, and safety of the child. At a minimum, the court shall inquire into the following:

(a) Whether the notice required under RCW 13.34.062 was given to all known parents, guardians, or legal custodians of the child. The court shall make an express finding as to whether the notice required under RCW 13.34.062 was given to the parent, guardian, or legal custodian. If actual notice was not given to the parent, guardian, or legal custodian and the whereabouts of such person is known or can be ascertained, the court shall order the department to make reasonable efforts to advise the parent, guardian, or legal custodian of the status of the case, including the date and time of any subsequent hearings, and their rights under RCW 13.34.090;

(b) Whether the child can be safely returned home while the adjudication of the dependency is pending;

(c) What efforts have been made to place the child with a relative. The court shall ask the parents whether the department discussed with them the placement of the child with a relative or other suitable person described in RCW 13.34.130(1)(b) and shall determine what efforts have been made toward such a placement;

(d) What services were provided to the family to prevent or eliminate the need for removal of the child from the child's home. If the dependency petition or other information before the court alleges that homelessness or the lack of suitable housing was a significant factor contributing to the removal of the child, the court shall inquire as to whether housing assistance was provided to the family to prevent or eliminate the need for removal of the child or children;

(e) Is the placement proposed by the department ((or supervising agency)) the least disruptive and most family-like setting that meets the needs of the child;

(f) Whether it is in the best interest of the child to remain enrolled in the same school, program, or child care;

(g) Appointment of a guardian ad litem or attorney;

(h) Whether the child is or may be an Indian child as defined in RCW 13.38.040, whether the provisions of the federal Indian child welfare act or chapter 13.38 RCW apply, and whether there is compliance with the federal Indian child welfare act and chapter 13.38 RCW, including notice to the child's tribe;

(i) Whether, as provided in RCW 26.44.063, restraining orders, or orders expelling an allegedly abusive household member from the home of a nonabusive parent, guardian, or legal custodian, will allow the child to safely remain in the home;

(j) Whether any orders for examinations, evaluations, or immediate services are needed. The court may not order a parent to undergo examinations, evaluation, or services at the shelter care hearing unless the parent agrees to the examination, evaluation, or service;

(k) The terms and conditions for parental, sibling, and family visitation.

The court shall release a child alleged to be dependent to the care, custody, and control of the child's parent, guardian, or legal custodian unless the court finds there is reasonable cause to believe that:

(i) After consideration of the specific services that have been provided, reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home; and

(ii) (A) The child has no parent, guardian, or legal custodian to provide supervision and care for such child; or

(B) The release of such child would present a serious threat of substantial harm to such child, notwithstanding an order entered pursuant to RCW 26.44.063; or

(C) The parent, guardian, or custodian to whom the child could be released has been charged with violating RCW 9A.40.060 or 9A.40.070.

(b) If the court does not release the child to his or her parent, guardian, or
legal custodian, the court shall order placement with a relative or other suitable person as described in RCW 13.34.130(1)(b), unless there is reasonable cause to believe the health, safety, or welfare of the child would be jeopardized or that the efforts to reunite the parent and child will be hindered. If such relative or other suitable person appears otherwise suitable and competent to provide care and treatment, the fingerprint-based background check need not be completed before placement, but as soon as possible after placement. The court must also determine whether placement with the relative or other suitable person is in the child's best interests. The relative or other suitable person must be willing and available to:

(i) Care for the child and be able to meet any special needs of the child;

(ii) Facilitate the child's visitation with siblings, if such visitation is part of the department's plan or is ordered by the court; and

(iii) Cooperate with the department in providing necessary background checks and home studies.

(c) If the child was not initially placed with a relative or other suitable person, and the court does not release the child to his or her parent, guardian, or legal custodian, the department shall make reasonable efforts to locate a relative or other suitable person pursuant to RCW 13.34.060(1). In determining placement, the court shall weigh the child's length of stay and attachment to the current provider in determining what is in the best interest of the child.

(d) If a relative or other suitable person is not available, the court shall order continued shelter care and shall set forth its reasons for the order. If the court orders placement of the child with a person not related to the child and not licensed to provide foster care, the placement is subject to all terms and conditions of this section that apply to relative placements.

(e) Any placement with a relative, or other suitable person approved by the court pursuant to this section, shall be contingent upon cooperation with the department's or agency's case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts, sibling contacts, and any other conditions imposed by the court. Noncompliance with the case plan or court order is grounds for removal of the child from the home of the relative or other suitable person, subject to review by the court.

(f) Uncertainty by a parent, guardian, legal custodian, relative, or other suitable person that the alleged abuser has in fact abused the child shall not, alone, be the basis upon which a child is removed from the care of a parent, guardian, or legal custodian under (a) of this subsection, nor shall it be a basis, alone, to preclude placement with a relative or other suitable person under (b) of this subsection.

(6)(a) A shelter care order issued pursuant to this section shall include the requirement for a case conference as provided in RCW 13.34.067. However, if the parent is not present at the shelter care hearing, or does not agree to the case conference, the court shall not include the requirement for the case conference in the shelter care order.

(b) If the court orders a case conference, the shelter care order shall include notice to all parties and establish the date, time, and location of the case conference which shall be no later than thirty days before the fact-finding hearing.

(c) The court may order another conference, case staffing, or hearing as an alternative to the case conference required under RCW 13.34.067 so long as the conference, case staffing, or hearing ordered by the court meets all requirements under RCW 13.34.067, including the requirement of a written agreement specifying the services to be provided to the parent.

(7)(a) A shelter care order issued pursuant to this section may be amended at any time with notice and hearing thereon. The shelter care decision of placement shall be modified only upon a showing of change in circumstances. No child may be placed in shelter care for longer than thirty days without an order, signed by the judge, authorizing continued shelter care.

(b)(i) An order releasing the child on any conditions specified in this section may at any time be amended, with notice
and hearing thereon, so as to return the child to shelter care for failure of the parties to conform to the conditions originally imposed.

(ii) The court shall consider whether nonconformance with any conditions resulted from circumstances beyond the control of the parent, guardian, or legal custodian and give weight to that fact before ordering return of the child to shelter care.

(8)(a) If a child is returned home from shelter care a second time in the case, or if the supervisor of the caseworker deems it necessary, the multidisciplinary team may be reconvened.

(b) If a child is returned home from shelter care a second time in the case a law enforcement officer must be present and file a report to the department.

Sec. 5. RCW 13.34.067 and 2013 c 173 s 1 are each amended to read as follows:

(1)(a) Following shelter care and no later than thirty days prior to fact-finding, the department ((or supervising agency)) shall convene a case conference as required in the shelter care order to develop and specify in a written service agreement the expectations of both the department ((or supervising agency)) and the parent regarding voluntary services for the parent.

(b) The case conference shall include the parent, counsel for the parent, caseworker, counsel for the state, guardian ad litem, counsel for the child, and any other person agreed upon by the parties. Once the shelter care order is entered, the department ((or supervising agency)) is not required to provide additional notice of the case conference to any participants in the case conference.

(c) The written service agreement expectations must correlate with the court's findings at the shelter care hearing. The written service agreement must set forth specific services to be provided to the parent.

(d) The case conference agreement must be agreed to and signed by the parties. The court shall not consider the content of the discussions at the case conference at the time of the fact-finding hearing for the purposes of establishing that the child is a dependent child, and the court shall not consider any documents or written materials presented at the case conference but not incorporated into the case conference agreement, unless the documents or written materials were prepared for purposes other than or as a result of the case conference and are otherwise admissible under the rules of evidence.

(2) At any other stage in a dependency proceeding, the department ((or supervising agency)), upon the parent's request, shall convene a case conference.

(3) If a case conference is convened pursuant to subsection (1) or (2) of this section and the parent is unable to participate in person due to incarceration, the parent must have the option to participate through the use of a teleconference or videoconference.

Sec. 6. RCW 13.34.094 and 2009 c 520 s 24 are each amended to read as follows:

The department((, or supervising agency after the shelter care hearing,)) shall, within existing resources, provide to parents requesting or participating in a multidisciplinary team, family group conference, case conference, or prognostic staffing information that describes these processes prior to the processes being undertaken.

Sec. 7. RCW 13.34.096 and 2016 c 180 s 1 are each amended to read as follows:

(1) The department ((or supervising agency)) shall provide the child's foster parents, preadoptive parents, or other caregivers with timely and adequate notice of their right to be heard prior to each proceeding held with respect to the child in juvenile court under this chapter. For purposes of this section, "timely and adequate notice" means notice at the time the department would be required to give notice to parties to the case and by any means reasonably certain of notifying the foster parents, preadoptive parents, or other caregivers, including but not limited to written, telephone, or in person oral notification. For emergency hearings, the department shall give notice to foster parents, preadoptive parents, or other caregivers as soon as is practicable. For six-month review and annual permanency hearings, the department shall give notice to foster parents upon placement or as soon as practicable.
(2) The court shall establish and include in the court record after every hearing for which the department (or supervising agency) is required to provide notice to the child's foster parents, preadoptive parents, and caregivers whether the department provided adequate and timely notice, whether a caregiver's report was received by the court, and whether the court provided the child's foster parents, preadoptive parents, or caregivers with an opportunity to be heard in court. For purposes of this section, "caregiver's report" means a form provided by the department of social and health services to a child's foster parents, preadoptive parents, or caregivers that provides an opportunity for those individuals to share information about the child with the court before a court hearing. A caregiver's report shall not include information related to a child's biological parent that is not directly related to the child's well-being.

(3) Absent exigent circumstances, the department shall provide the child's foster family home notice of expected placement changes as required by RCW 74.13.300.

(4) The rights to notice and to be heard apply only to persons with whom a child has been placed by the department or (supervising) agency and who are providing care to the child at the time of the proceeding. This section shall not be construed to grant party status to any person solely on the basis of such notice and right to be heard.

Sec. 8. RCW 13.34.096 and 2017 3rd sp.s. c 6 s 304 are each amended to read as follows:

(1) The department (or supervising agency) shall provide the child's foster parents, preadoptive parents, or other caregivers with timely and adequate notice of their right to be heard prior to each proceeding held with respect to the child in juvenile court under this chapter. For purposes of this section, "timely and adequate notice" means notice at the time the department would be required to give notice to parties to the case and by any means reasonably certain of notifying the foster parents, preadoptive parents, or other caregivers, including but not limited to written, telephone, or in person oral notification. For emergency hearings, the department shall give notice to foster parents, preadoptive parents, or other caregivers as soon as is practicable. For six-month review and annual permanency hearings, the department shall give notice to foster parents upon placement or as soon as practicable.

(2) The court shall establish and include in the court record after every hearing for which the department (or supervising agency) is required to provide notice to the child's foster parents, preadoptive parents, and caregivers whether the department provided adequate and timely notice, whether a caregiver's report was received by the court, and whether the court provided the child's foster parents, preadoptive parents, or caregivers with an opportunity to be heard in court. For purposes of this section, "caregiver's report" means a form provided by the department to a child's foster parents, preadoptive parents, or caregivers that provides an opportunity for those individuals to share information about the child with the court before a court hearing. A caregiver's report shall not include information related to a child's biological parent that is not directly related to the child's well-being.

(3) Absent exigent circumstances, the department shall provide the child's foster family home notice of expected placement changes as required by RCW 74.13.300.

(4) The rights to notice and to be heard apply only to persons with whom a child has been placed by the department or (supervising) agency and who are providing care to the child at the time of the proceeding. This section shall not be construed to grant party status to any person solely on the basis of such notice and right to be heard.

Sec. 9. RCW 13.34.125 and 2009 c 520 s 26 are each amended to read as follows:

In those cases where an alleged father, birth parent, or parent has indicated his or her intention to make a voluntary adoption plan for the child and has agreed to the termination of his or her parental rights, the department (or supervising agency) shall follow the wishes of the alleged father, birth parent, or parent regarding the proposed adoptive placement of the child, if the court determines that the adoption is in the best interest of the child, and the prospective adoptive parents chosen by the alleged father, birth parent, or
parent are properly qualified to adopt in compliance with the standards in this chapter and chapter 26.33 RCW. If the department (or supervising agency) has filed a termination petition, an alleged father's, birth parent's, or parent's preferences regarding the proposed adoptive placement of the child shall be given consideration.

Sec. 10. RCW 13.34.130 and 2013 c 254 ss 1 are each amended to read as follows:

If, after a fact-finding hearing pursuant to RCW 13.34.110, it has been proven by a preponderance of the evidence that the child is dependent within the meaning of RCW 13.34.030 after consideration of the social study prepared pursuant to RCW 13.34.110 and after a disposition hearing has been held pursuant to RCW 13.34.110, the court shall enter an order of disposition pursuant to this section.

(1) The court shall order one of the following dispositions of the case:

(a) Order a disposition that maintains the child in his or her home, which shall provide a program designed to alleviate the immediate danger to the child, to mitigate or cure any damage the child has already suffered, and to aid the parents so that the child will not be endangered in the future. In determining the disposition, the court should choose services to assist the parents in maintaining the child in the home, including housing assistance, if appropriate, that least interfere with family autonomy and are adequate to protect the child.

(b)(i) Order the child to be removed from his or her home and into the custody, control, and care of a relative or other suitable person, the department, or (a supervising) agency responsible for supervision of the child's placement. If the court orders that the child be placed with a caregiver over the objections of the parent or the department, the court shall articulate, on the record, his or her reasons for ordering the placement. The court may not order an Indian child, as defined in RCW 13.38.040, to be removed from his or her home unless the court finds, by clear and convincing evidence including testimony of qualified expert witnesses, that the continued custody of the child by the parent or Indian custodian is likely to result in serious emotional or physical damage to the child.

(ii) The department (or supervising agency) has the authority to place the child, subject to review and approval by the court (A) with a relative as defined in RCW 74.15.020(2)(a), (B) in the home of another suitable person if the child or family has a preexisting relationship with that person, and the person has completed all required criminal history background checks and otherwise appears to the department (or supervising agency) to be suitable and competent to provide care for the child, or (C) in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW.

(iii) The department may also consider placing the child, subject to review and approval by the court, with a person with whom the child's sibling or half-sibling is residing or a person who has adopted the sibling or half-sibling of the child being placed as long as the person has completed all required criminal history background checks and otherwise appears to the department (or supervising agency) to be competent to provide care for the child.

(2) Absent good cause, the department (or supervising agency) shall follow the wishes of the natural parent regarding the placement of the child in accordance with RCW 13.34.260.

(3) The department (or supervising agency) may only place a child with a person not related to the child as defined in RCW 74.15.020(2)(a), including a placement provided for in subsection (1)(b)(iii) of this section, when the court finds that such placement is in the best interest of the child. Unless there is reasonable cause to believe that the health, safety, or welfare of the child would be jeopardized or that efforts to reunite the parent and child will be hindered, the child shall be placed with a person who is willing, appropriate, and available to care for the child, and who is: (I) Related to the child as defined in RCW 74.15.020(2)(a) with whom the child has a relationship and is comfortable; or (II) a suitable person as described in subsection (1)(b) of this section. The court shall consider the child's existing relationships and attachments when determining placement.

(4) When placing an Indian child in out-of-home care, the department (or supervising agency) shall follow the placement preference characteristics in RCW 13.38.180.
(5) Placement of the child with a relative or other suitable person as described in subsection (1)(b) of this section shall be given preference by the court. An order for out-of-home placement may be made only if the court finds that reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home, specifying the services, including housing assistance, that have been provided to the child and the child's parent, guardian, or legal custodian, and that preventive services have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home, and that:

(a) There is no parent or guardian available to care for such child;

(b) The parent, guardian, or legal custodian is not willing to take custody of the child; or

(c) The court finds, by clear, cogent, and convincing evidence, a manifest danger exists that the child will suffer serious abuse or neglect if the child is not removed from the home and an order under RCW 26.44.063 would not protect the child from danger.

(6) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court shall consider whether it is in a child's best interest to be placed with, have contact with, or have visits with siblings.

(a) There shall be a presumption that such placement, contact, or visits are in the best interests of the child provided that:

(i) The court has jurisdiction over all siblings subject to the order of placement, contact, or visitation pursuant to petitions filed under this chapter or the parents of a child for whom there is no jurisdiction are willing to agree; and

(ii) There is no reasonable cause to believe that the health, safety, or welfare of any child subject to the order of placement, contact, or visitation would be jeopardized or that efforts to reunite the parent and child would be hindered by such placement, contact, or visitation. In no event shall parental visitation time be reduced in order to provide sibling visitation.

(b) The court may also order placement, contact, or visitation of a child with a stepbrother or stepsister provided that in addition to the factors in (a) of this subsection, the child has a relationship and is comfortable with the stepsibling.

(7) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section and placed into nonparental or nonrelative care, the court shall order a placement that allows the child to remain in the same school he or she attended prior to the initiation of the dependency proceeding when such a placement is practical and in the child's best interest.

(8) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court may order that a petition seeking termination of the parent and child relationship be filed if the requirements of RCW 13.34.132 are met.

(9) If there is insufficient information at the time of the disposition hearing upon which to base a determination regarding the suitability of a proposed placement with a relative or other suitable person, the child shall remain in foster care and the court shall direct the department ((or supervising agency)) to conduct necessary background investigations as provided in chapter 74.15 RCW and report the results of such investigation to the court within thirty days. However, if such relative or other person appears otherwise suitable and competent to provide care and treatment, the criminal history background check need not be completed before placement, but as soon as possible after placement. Any placements with relatives or other suitable persons, pursuant to this section, shall be contingent upon cooperation by the relative or other suitable person with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts, sibling contacts, and any other conditions imposed by the court. Noncompliance with the case plan or court order shall be grounds for removal of the child from the relative's or other suitable person's home, subject to review by the court.
Sec. 11. RCW 13.34.132 and 2013 c 302 s 11 are each amended to read as follows:

A court may order that a petition seeking termination of the parent and child relationship be filed if the following requirements are met:

(1) The court has removed the child from his or her home pursuant to RCW 13.34.130;

(2) Termination is recommended by the department ((or the supervising agency));

(3) Termination is in the best interests of the child; and

(4) Because of the existence of aggravated circumstances, reasonable efforts to unify the family are not required. Notwithstanding the existence of aggravated circumstances, reasonable efforts may be required if the court or department determines it is in the best interests of the child. In determining whether aggravated circumstances exist by clear, cogent, and convincing evidence, the court shall consider one or more of the following:

(a) Conviction of the parent of rape of the child in the first, second, or third degree as defined in RCW 9A.44.073, 9A.44.076, and 9A.44.079;

(b) Conviction of the parent of criminal mistreatment of the child in the first or second degree as defined in RCW 9A.42.020 and 9A.42.030;

(c) Conviction of the parent of one of the following assault crimes, when the child is the victim: Assault in the first or second degree as defined in RCW 9A.36.011 and 9A.36.021 or assault of a child in the first or second degree as defined in RCW 9A.36.120 or 9A.36.130;

(d) Conviction of the parent of murder, manslaughter, or homicide by abuse of the child's other parent, sibling, or another child;

(e) Conviction of the parent of trafficking, or promoting commercial sexual abuse of a minor when the victim of the crime is the child, the child's other parent, a sibling of the child, or another child;

(f) Conviction of the parent of attempting, soliciting, or conspiring to commit a crime listed in (a), (b), (c), or (d) of this subsection;

(g) A finding by a court that a parent is a sexually violent predator as defined in RCW 71.09.020;

(h) Failure of the parent to complete available treatment ordered under this chapter or the equivalent laws of another state, where such failure has resulted in a prior termination of parental rights to another child and the parent has failed to effect significant change in the interim. In the case of a parent of an Indian child, as defined in RCW 13.38.040, the court shall also consider tribal efforts to assist the parent in completing treatment and make it possible for the child to return home;

(i) An infant under three years of age has been abandoned;

(j) Conviction of the parent, when a child has been born of the offense, of: (A) A sex offense under chapter 9A.44 RCW; or (B) incest under RCW 9A.64.020.

Sec. 12. RCW 13.34.136 and 2015 c 270 s 1 are each amended to read as follows:

(1) Whenever a child is ordered removed from the home, a permanency plan shall be developed no later than sixty days from the time the ((supervising agency)) department assumes responsibility for providing services, including placing the child, or at the time of a hearing under RCW 13.34.130, whichever occurs first. The permanency planning process continues until a permanency planning goal is achieved or dependency is dismissed. The planning process shall include reasonable efforts to return the child to the parent's home.

(2) The ((agency supervising the dependency)) department shall submit a written permanency plan to all parties and the court not less than fourteen days prior to the scheduled hearing. Responsive reports of parties not in agreement with the department's ((or supervising agency's)) proposed permanency plan must be provided to the department ((or supervising agency)), all other parties, and the court at least seven days prior to the hearing.

The permanency plan shall include:

(a) A permanency plan of care that shall identify one of the following outcomes as a primary goal and may identify additional outcomes as alternative goals: Return of the child to the home of the child's parent, guardian, or legal custodian; adoption, including
a tribal customary adoption as defined in RCW 13.38.040; guardianship; permanent legal custody; long-term relative or foster care, if the child is between ages sixteen and eighteen, with a written agreement between the parties and the care provider; successful completion of a responsible living skills program; or independent living, if appropriate and if the child is age sixteen or older. Although a permanency plan of care may only identify long-term relative or foster care for children between ages sixteen and eighteen, children under sixteen may remain placed with relatives or in foster care. The department ((or supervising agency)) shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW;

(b) Unless the court has ordered, pursuant to RCW 13.34.130(8), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to return the child home, what steps ((the supervising agency or)) the department will take to promote existing appropriate sibling relationships and/or facilitate placement together or contact in accordance with the best interests of each child, and what actions the department ((or supervising agency)) will take to maintain parent-child ties. All aspects of the plan shall include the goal of achieving permanence for the child.

(i) The department's ((or supervising agency's)) plan shall specify what services the parents will be offered to enable them to resume custody, what requirements the parents must meet to resume custody, and a time limit for each service plan and parental requirement.

(A) If the parent is incarcerated, the plan must address how the parent will participate in the case conference and permanency planning meetings and, where possible, must include treatment that reflects the resources available at the facility where the parent is confined. The plan must provide for visitation opportunities, unless visitation is not in the best interests of the child.

(B) If a parent has a developmental disability according to the definition provided in RCW 71A.10.020, and that individual is eligible for services provided by the developmental disabilities administration, the department shall make reasonable efforts to consult with the developmental disabilities administration to create an appropriate plan for services. For individuals who meet the definition of developmental disability provided in RCW 71A.10.020 and who are eligible for services through the developmental disabilities administration, the plan for services must be tailored to correct the parental deficiency taking into consideration the parent's disability and the department shall also determine an appropriate method to offer those services based on the parent's disability.

(ii)(A) Visitation is the right of the family, including the child and the parent, in cases in which visitation is in the best interest of the child. Early, consistent, and frequent visitation is crucial for maintaining parent-child relationships and making it possible for parents and children to safely reunify. The ((supervising agency or)) department shall encourage the maximum parent and child and sibling contact possible, when it is in the best interest of the child, including regular visitation and participation by the parents in the care of the child while the child is in placement.

(B) Visitation shall not be limited as a sanction for a parent's failure to comply with court orders or services where the health, safety, or welfare of the child is not at risk as a result of the visitation.

(C) Visitation may be limited or denied only if the court determines that such limitation or denial is necessary to protect the child's health, safety, or welfare. When a parent or sibling has been identified as a suspect in an active criminal investigation for a violent crime that, if the allegations are true, would impact the safety of the child, the department shall make a concerted effort to consult with the assigned law enforcement officer in the criminal case before recommending any changes in parent/child or child/sibling contact. In the event that the law enforcement officer has information pertaining to the criminal case that may have serious implications for child safety or well-being, the law enforcement officer shall provide this information to the department during the consultation. The department may only use the information
provided by law enforcement during the consultation to inform family visitation plans and may not share or otherwise distribute the information to any person or entity. Any information provided to the department by law enforcement during the consultation is considered investigative information and is exempt from public inspection pursuant to RCW 42.56.240. The results of the consultation shall be communicated to the court.

(D) The court and the department ((or supervising agency)) should rely upon community resources, relatives, foster parents, and other appropriate persons to provide transportation and supervision for visitation to the extent that such resources are available, and appropriate, and the child's safety would not be compromised.

(iii) (A) The department, court, or caregiver in the out-of-home placement may not limit visitation or contact between a child and sibling as a sanction for a child’s behavior or as an incentive to the child to change his or her behavior.

(B) Any exceptions, limitation, or denial of contacts or visitation must be approved by the supervisor of the department caseworker and documented. The child, parent, department, guardian ad litem, or court-appointed special advocate may challenge the denial of visits in court.

(iv) A child shall be placed as close to the child's home as possible, preferably in the child’s own neighborhood, unless the court finds that placement at a greater distance is necessary to promote the child's or parents' well-being.

(v) The plan shall state whether both in-state and, where appropriate, out-of-state placement options have been considered by the department ((or supervising agency)).

(vi) Unless it is not in the best interests of the child, whenever practical, the plan should ensure the child remains enrolled in the school the child was attending at the time the child entered foster care.

(vii) The ((supervising agency or)) department shall provide all reasonable services that are available within the department ((or supervising agency)), or within the community, or those services which the department has existing contracts to purchase. It shall report to the court if it is unable to provide such services; and

(c) If the court has ordered, pursuant to RCW 13.34.130(8), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to achieve permanency for the child, services to be offered or provided to the child, and, if visitation would be in the best interests of the child, a recommendation to the court regarding visitation between parent and child pending a fact-finding hearing on the termination petition. The department ((or supervising agency)) shall not be required to develop a plan of services for the parents or provide services to the parents if the court orders a termination petition be filed. However, reasonable efforts to ensure visitation and contact between siblings shall be made unless there is reasonable cause to believe the best interests of the child or siblings would be jeopardized.

(3) Permanency planning goals should be achieved at the earliest possible date. If the child has been in out-of-home care for fifteen of the most recent twenty-two months, and the court has not made a good cause exception, the court shall require the department ((or supervising agency)) to file a petition seeking termination of parental rights in accordance with RCW 13.34.145(4)(b)(vi). In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

(4) If the court determines that the continuation of reasonable efforts to prevent or eliminate the need to remove the child from his or her home or to safely return the child home should not be part of the permanency plan of care for the child, reasonable efforts shall be made to place the child in a timely manner and to complete whatever steps are necessary to finalize the permanent placement of the child.

(5) The identified outcomes and goals of the permanency plan may change over time based upon the circumstances of the particular case.

(6) The court shall consider the child's relationships with the child's
siblings in accordance with RCW 13.34.130(6). Whenever the permanency plan for a child is adoption, the court shall encourage the prospective adoptive parents, birth parents, foster parents, kinship caregivers, and the department or other ((supervising) agency) to seriously consider the long-term benefits to the child adoptee and his or her siblings of providing for and facilitating continuing postadoption contact between the siblings. To the extent that it is feasible, and when it is in the best interests of the child adoptee and his or her siblings, contact between the siblings should be frequent and of a similar nature as that which existed prior to the adoption. If the child adoptee or his or her siblings are represented by an attorney or guardian ad litem in a proceeding under this chapter or in any other child custody proceeding, the court shall inquire of each attorney and guardian ad litem regarding the potential benefits of continuing contact between the siblings and the potential detriments of severing contact. This section does not require the department of social and health services or other ((supervising) agency) to agree to any specific provisions in an open adoption agreement and does not create a new obligation for the department to provide supervision or transportation for visits between siblings separated by adoption from foster care.

(7) For purposes related to permanency planning:

(a) "Guardianship" means a dependency guardianship or a legal guardianship pursuant to chapter 11.88 RCW or equivalent laws of another state or a federally recognized Indian tribe.

(b) "Permanent custody order" means a custody order entered pursuant to chapter 26.10 RCW.

(c) "Permanent legal custody" means legal custody pursuant to chapter 26.10 RCW or equivalent laws of another state or a federally recognized Indian tribe.

Sec. 13. RCW 13.34.116 and 2017 3rd sp.s. c 6 s 306 are each amended to read as follows:

(1) Whenever a child is ordered removed from the home, a permanency plan shall be developed no later than sixty days from the time the ((supervising agency)) department assumes responsibility for providing services, including placing the child, or at the time of a hearing under RCW 13.34.130, whichever occurs first. The permanency planning process continues until a permanency planning goal is achieved or dependency is dismissed. The planning process shall include reasonable efforts to return the child to the parent's home.

(2) The ((agency supervising the dependency)) department shall submit a written permanency plan to all parties and the court not less than fourteen days prior to the scheduled hearing. Responsive reports of parties not in agreement with the department's ((supervising agency's)) proposed permanency plan must be provided to the department ((or supervising agency)), all other parties, and the court at least seven days prior to the hearing.

The permanency plan shall include:

department ((or supervising agency)) will take to maintain parent-child ties. All aspects of the plan shall include the goal of achieving permanence for the child.

(i) The department’s ((or supervising agency’s)) plan shall specify what services the parents will be offered to enable them to resume custody, what requirements the parents must meet to resume custody, and a time limit for each service plan and parental requirement.

(A) If the parent is incarcerated, the plan must address how the parent will participate in the case conference and permanency planning meetings and, where possible, must include treatment that reflects the resources available at the facility where the parent is confined. The plan must provide for visitation opportunities, unless visitation is not in the best interests of the child.

(B) If a parent has a developmental disability according to the definition provided in RCW 71A.10.020, and that individual is eligible for services provided by the department of social and health services developmental disabilities administration, the department shall make reasonable efforts to consult with the department of social and health services developmental disabilities administration to create an appropriate plan for services. For individuals who meet the definition of developmental disability provided in RCW 71A.10.020 and who are eligible for services through the developmental disabilities administration, the plan for services must be tailored to correct the parental deficiency taking into consideration the parent's disability and the department shall also determine an appropriate method to offer those services based on the parent's disability.

In the event that the law enforcement officer has information pertaining to the criminal case that may have serious implications for child safety or well-being, the law enforcement officer shall provide this information to the department during the consultation. The department may only use the information provided by law enforcement during the consultation to inform family visitation plans and may not share or otherwise distribute the information to any person or entity. Any information provided to the department by law enforcement during the consultation is considered investigative information and is exempt from public inspection pursuant to RCW 42.56.240. The results of the consultation shall be communicated to the court.

(D) The court and the department ((or supervising agency)) should rely upon community resources, relatives, foster parents, and other appropriate persons to provide transportation and supervision for visitation to the extent that such resources are available, and appropriate, and the child's safety would not be compromised.

(iii) (A) The department, court, or caregiver in the out-of-home placement may not limit visitation or contact between a child and sibling as a sanction for a child's behavior or as an incentive to the child to change his or her behavior.

(B) Any exceptions, limitation, or denial of contacts or visitation must be
approved by the supervisor of the department caseworker and documented. The child, parent, department, guardian ad litem, or court-appointed special advocate may challenge the denial of visits in court.

(iv) A child shall be placed as close to the child’s home as possible, preferably in the child’s own neighborhood, unless the court finds that placement at a greater distance is necessary to promote the child’s or parents’ well-being.

(v) The plan shall state whether both in-state and, where appropriate, out-of-state placement options have been considered by the department ((or supervising agency)).

(vi) Unless it is not in the best interests of the child, whenever practical, the plan should ensure the child remains enrolled in the school the child was attending at the time the child entered foster care.

Sec. 14. RCW 13.34.138 and 2009 c 520 s 29, 2009 c 491 s 3, 2009 c 397 s 4, and 2009 c 152 s 1 are each reenacted and amended to read as follows:

(1) The status of all children found to be dependent shall be reviewed by the court at least every six months from the beginning date of the placement episode or the date dependency is established, whichever is first. The purpose of the hearing shall be to review the progress of the parties and determine whether court supervision should continue.

(a) The initial review hearing shall be an in-court review and shall be set six months from the beginning date of the placement episode or no more than ninety days from the entry of the disposition order, whichever comes first. The requirements for the initial review hearing, including the in-court review requirement, shall be accomplished within existing resources.

(b) The initial review hearing may be a permanency planning hearing when necessary to meet the time frames set forth in RCW 13.34.145(1)(a) or 13.34.134.

(2) (a) A child shall not be returned home at the review hearing unless the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists. The parents, guardian, or legal custodian shall report to the court the efforts they have made to correct the conditions which led to removal. If a child is returned, casework supervision by the ((supervising agency or)) department shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.

(b) Prior to the child returning home, the department ((or supervising agency)) must complete the following:

(i) Identify all adults residing in the home and conduct background checks on those persons;

(ii) Identify any persons who may act as a caregiver for the child in addition to the parent with whom the child is being placed and determine whether such persons are in need of any services in order to ensure the safety of the child, regardless of whether such persons are a party to the dependency. The department ((or supervising agency)) may recommend to the court and the court may order that placement of the child in the parent's home be contingent on or delayed based on the need for such persons to engage in or complete services to ensure the safety of the child prior to placement. If services are recommended for the caregiver, and the caregiver fails to engage in or follow through with the recommended services, the department ((or supervising agency)) must promptly notify the court; and

(iii) Notify the parent with whom the child is being placed that he or she has an ongoing duty to notify the department ((or supervising agency)) of all persons who reside in the home or who may act as a caregiver for the child both prior to the placement of the child in the home and subsequent to the placement of the child in the home as long as the court retains jurisdiction of the dependency proceeding or the department is providing or monitoring either remedial services to the parent or services to ensure the safety of the child to any caregivers.

Caregivers may be required to engage in services under this subsection solely for the purpose of ensuring the present and future safety of a child who is a ward of the court. This subsection does not grant party status to any individual not already a party to the dependency proceeding, create an entitlement to services or a duty on the part of the department ((or supervising agency)) to provide services, or create judicial authority to order the provision of services to any person other than for the express purposes of this section or RCW 13.34.025 or if the services are unavailable or unsuitable or the person is not eligible for such services.
(c) If the child is not returned home, the court shall establish in writing:

(i) Whether the department is making reasonable efforts to provide services to the family and eliminate the need for placement of the child. If additional services, including housing assistance, are needed to facilitate the return of the child to the child's parents, the court shall order that reasonable services be offered specifying such services;

(ii) Whether there has been compliance with the case plan by the child, the child's parents, and the agency supervising the placement;

(iii) Whether progress has been made toward correcting the problems that necessitated the child's placement in out-of-home care;

(iv) Whether the services set forth in the case plan and the responsibilities of the parties need to be clarified or modified due to the availability of additional information or changed circumstances;

(v) Whether there is a continuing need for placement;

(vi) Whether a parent's homelessness or lack of suitable housing is a significant factor delaying permanency for the child by preventing the return of the child to the home of the child's parent and whether housing assistance should be provided by the department;

(vii) Whether the child is in an appropriate placement which adequately meets all physical, emotional, and educational needs;

(viii) Whether preference has been given to placement with the child's relatives if such placement is in the child's best interests;

(ix) Whether both in-state and, where appropriate, out-of-state placements have been considered;

(x) Whether the parents have visited the child and any reasons why visitation has not occurred or has been infrequent;

(xi) Whether terms of visitation need to be modified;

(xii) Whether the court-approved long-term permanent plan for the child remains the best plan for the child;

(xiii) Whether any additional court orders need to be made to move the case toward permanency; and

(xiv) The projected date by which the child will be returned home or other permanent plan of care will be implemented.

(d) The court at the review hearing may order that a petition seeking termination of the parent and child relationship be filed.

(3)(a) In any case in which the court orders that a dependent child may be returned to or remain in the child's home, the in-home placement shall be contingent upon the following:

(i) The compliance of the parents with the department's ((or supervising agency's)) case plan; and

(ii) The continued participation of the parents, if applicable, in available substance abuse or mental health treatment if substance abuse or mental illness was a contributing factor to the removal of the child.

(b) The following may be grounds for removal of the child from the home, subject to review by the court:

(i) Noncompliance by the parents with the department's case plan or court order;

(ii) The parent's inability, unwillingness, or failure to participate in available services or treatment for themselves or the child, including substance abuse treatment if a parent's substance abuse was a contributing factor to the abuse or neglect; or

(iii) The failure of the parents to successfully and substantially complete available services or treatment for themselves or the child, including substance abuse treatment if a parent's substance abuse was a contributing factor to the abuse or neglect.

(c) In a pending dependency case in which the court orders that a dependent child may be returned home and that child is later removed from the home, the court shall hold a review hearing within thirty days from the date of removal to determine whether the permanency plan should be changed, a termination petition should be filed, or other action is warranted. The best interests of the
child shall be the court's primary consideration in the review hearing.

(4) The court's authority to order housing assistance under this chapter is:
(a) Limited to cases in which a parent's homelessness or lack of suitable housing is a significant factor delaying permanency for the child and housing assistance would aid the parent in providing an appropriate home for the child; and
(b) subject to the availability of funds appropriated for this specific purpose. Nothing in this chapter shall be construed to create an entitlement to housing assistance nor to create judicial authority to order the provision of such assistance to any person or family if the assistance or funding are unavailable or the child or family are not eligible for such assistance.

Sec. 15.  

(1) The purpose of a permanency planning hearing is to review the permanency plan for the child, inquire into the welfare of the child and progress of the case, and reach decisions regarding the permanent placement of the child.

(a) A permanency planning hearing shall be held in all cases where the child has remained in out-of-home care for at least nine months and an adoption decree, guardianship order, or a permanent custody order is entered, or the dependency is dismissed. Every effort shall be made to provide stability in long-term placement, and to avoid disruption of placement, unless the child is being returned home or it is in the best interest of the child.

(c) Permanency planning goals should be achieved at the earliest possible date, preferably before the child has been in out-of-home care for fifteen months. In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

Sec. 15.  

(2) No later than ten working days prior to the permanency planning hearing, the agency having custody of the child shall submit a written permanency plan to the court and shall mail a copy of the plan to all parties and their legal counsel, if any.

(3) When the youth is at least age seventeen years but not older than seventeen years and six months, the department shall provide the youth with written documentation which explains the availability of extended foster care services and detailed instructions regarding how the youth may access such services after he or she reaches age eighteen years.

(4) At the permanency planning hearing, the court shall conduct the following inquiry:

(a) If a goal of long-term foster or relative care has been achieved prior to the permanency planning hearing, the court shall review the child's status to determine whether the placement and the plan for the child's care remain appropriate. The court shall find, as of the date of the hearing, that the child's placement and plan of care is the best permanency plan for the child and provide compelling reasons why it continues to not be in the child's best interest to (i) return home; (ii) be placed for adoption; (iii) be placed with a legal guardian; or (iv) be placed with a fit and willing relative. If the child is present at the hearing, the court should ask the child about his or her desired permanency outcome.
(b) In cases where the primary permanency planning goal has not been achieved, the court shall inquire regarding the reasons why the primary goal has not been achieved and determine what needs to be done to make it possible to achieve the primary goal. The court shall review the permanency plan prepared by the agency and make explicit findings regarding each of the following:

(i) The continuing necessity for, and the safety and appropriateness of, the placement;

(ii) The extent of compliance with the permanency plan by the department ((as supervising agency)) and any other service providers, the child's parents, the child, and the child's guardian, if any;

(iii) The extent of any efforts to involve appropriate service providers in addition to department ((as supervising agency)) staff in planning to meet the special needs of the child and the child's parents;

(iv) The progress toward eliminating the causes for the child's placement outside of his or her home and toward returning the child safely to his or her home or obtaining a permanent placement for the child;

(v) The date by which it is likely that the child will be returned to his or her home or placed for adoption, with a guardian or in some other alternative permanent placement; and

(vi) If the child has been placed outside of his or her home for fifteen of the most recent twenty-two months, not including any period during which the child was a runaway from the out-of-home placement or the first six months of any period during which the child was returned to his or her home for a trial home visit, the appropriateness of the permanency plan, whether reasonable efforts were made by the department ((as supervising agency)) to achieve the goal of the permanency plan, and the circumstances which prevent the child from any of the following:

(A) Being returned safely to his or her home;

(B) Having a petition for the involuntary termination of parental rights filed on behalf of the child;

(C) Being placed for adoption;

(D) Being placed with a guardian;

(E) Being placed in the home of a fit and willing relative of the child; or

(F) Being placed in some other alternative permanent placement, including independent living or long-term foster care.

(5) Following this inquiry, at the permanency planning hearing, the court shall order the department ((as supervising agency)) to file a petition seeking termination of parental rights if the child has been in out-of-home care for fifteen of the last twenty-two months since the date the dependency petition was filed unless the court makes a good cause exception as to why the filing of a termination of parental rights petition is not appropriate. Any good cause finding shall be reviewed at all subsequent hearings pertaining to the child.

(a) For purposes of this subsection, "good cause exception" includes but is not limited to the following:

(i) The child is being cared for by a relative;

(ii) The department has not provided to the child's family such services as the court and the department have deemed necessary for the child's safe return home;

(iii) The department has documented in the case plan a compelling reason for determining that filing a petition to terminate parental rights would not be in the child's best interests;

(iv) The child's parent has been accepted into a dependency treatment court program or long-term substance abuse or dual diagnoses treatment program and is demonstrating compliance with treatment goals; or

(v) Where a parent has been accepted into a dependency treatment court program or long-term substance abuse or dual diagnoses treatment program and is demonstrating compliance with treatment goals; or

(vi) Where a parent who has been court ordered to complete services necessary for the child's safe return home files a declaration under penalty of perjury...
stating the parent's financial inability to pay for the same court-ordered services, and also declares the department was unwilling or unable to pay for the same services necessary for the child's safe return home.

(b) The court's assessment of whether a parent who is incarcerated maintains a meaningful role in the child's life may include consideration of the following:

(i) The parent's expressions or acts of manifesting concern for the child, such as letters, telephone calls, visits, and other forms of communication with the child;

(ii) The parent's efforts to communicate and work with the department (or supervising agency) or other individuals for the purpose of complying with the service plan and repairing, maintaining, or building the parent-child relationship;

(iii) A positive response by the parent to the reasonable efforts of the department (or the supervising agency);

(iv) Information provided by individuals or agencies in a reasonable position to assist the court in making this assessment, including but not limited to the parent's attorney, correctional and mental health personnel, or other individuals providing services to the parent;

(v) Limitations in the parent's access to family support programs, therapeutic services, and visiting opportunities, restrictions to telephone and mail services, inability to participate in foster care planning meetings, and difficulty accessing lawyers and participating meaningfully in court proceedings; and

(vi) Whether the continued involvement of the parent in the child's life is in the child's best interest.

(c) The constraints of a parent's current or prior incarceration and associated delays or barriers to accessing court-mandated services may be considered in rebuttal to a claim of aggravated circumstances under RCW 13.34.132(4)(h) for a parent's failure to complete available treatment.

6(a) If the permanency plan identifies independent living as a goal, the court at the permanency planning hearing shall make a finding that the provision of services to assist the child in making a transition from foster care to independent living will allow the child to manage his or her financial, personal, social, educational, and nonfinancial affairs prior to approving independent living as a permanency plan of care. The court will inquire whether the child has been provided information about extended foster care services.

(b) The permanency plan shall also specifically identify the services, including extended foster care services, where appropriate, that will be provided to assist the child to make a successful transition from foster care to independent living.

(c) The department (or supervising agency) shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW.

7 If the child has resided in the home of a foster parent or relative for more than six months prior to the permanency planning hearing, the court shall:

(a) Enter a finding regarding whether the foster parent or relative was informed of the hearing as required in RCW 74.13.280, 13.34.215(6), and 13.34.096; and

(b) If the department (or supervising agency) is recommending a placement other than the child's current placement with a foster parent, relative, or other suitable person, enter a finding as to the reasons for the recommendation for a change in placement.

8 In all cases, at the permanency planning hearing, the court shall:

(a)(i) Order the permanency plan prepared by the (supervising agency) department to be implemented; or

(ii) Modify the permanency plan, and order implementation of the modified plan; and

(b)(i) Order the child returned home only if the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists; or

(ii) Order the child to remain in out-of-home care for a limited specified time period while efforts are made to implement the permanency plan.
(9) Following the first permanency planning hearing, the court shall hold a further permanency planning hearing in accordance with this section at least once every twelve months until a permanency planning goal is achieved or the dependency is dismissed, whichever occurs first.

(10) Prior to the second permanency planning hearing, the agency that has custody of the child shall consider whether to file a petition for termination of parental rights.

(11) If the court orders the child returned home, casework supervision by the department (or supervising agency) shall continue for at least six months, at which time a review hearing shall be held pursuant to RCW 13.34.138, and the court shall determine the need for continued intervention.

(12) The juvenile court may hear a petition for permanent legal custody when: (a) The court has ordered implementation of a permanency plan that includes permanent legal custody; and (b) the party pursuing the permanent legal custody is the party identified in the permanency plan as the prospective legal custodian. During the pendency of such proceeding, the court shall conduct review hearings and further permanency planning hearings as provided in this chapter. At the conclusion of the legal guardianship or permanent legal custody proceeding, a juvenile court hearing shall be held for the purpose of determining whether dependency should be dismissed. If a guardianship or permanent custody order has been entered, the dependency shall be dismissed.

(13) Continued juvenile court jurisdiction under this chapter shall not be a barrier to the entry of an order establishing a legal guardianship or permanent legal custody when the requirements of subsection (12) of this section are met.

(14) Nothing in this chapter may be construed to limit the ability of the agency that has custody of the child to file a petition for termination of parental rights or a guardianship petition at any time following the establishment of dependency. Upon the filing of such a petition, a fact-finding hearing shall be scheduled and held in accordance with this chapter unless the department (or supervising agency) requests dismissal of the petition prior to the hearing or unless the parties enter an agreed order terminating parental rights, establishing guardianship, or otherwise resolving the matter.

(15) The approval of a permanency plan that does not contemplate return of the child to the parent does not relieve the (supervising agency) department of its obligation to provide reasonable services, under this chapter, intended to effectuate the return of the child to the parent, including but not limited to, visitation rights. The court shall consider the child’s relationships with siblings in accordance with RCW 13.34.130.

(16) Nothing in this chapter may be construed to limit the procedural due process rights of any party in a termination or guardianship proceeding filed under this chapter.

Sec. 16. RCW 13.34.155 and 2009 c 526 s 2 and 2009 c 520 s 31 are each reenacted and amended to read as follows:

(1) The court hearing the dependency petition may hear and determine issues related to chapter 26.10 RCW in a dependency proceeding as necessary to facilitate a permanency plan for the child or children as part of the dependency disposition order or a dependency review order or as otherwise necessary to implement a permanency plan of care for a child. The parents, guardians, or legal custodian of the child must agree, subject to court approval, to establish a permanent custody order. This agreed order may have the concurrence of the other parties to the dependency (including the supervising agency), the guardian ad litem of the child, and the child if age twelve or older, and must also be in the best interests of the child. If the petitioner for a custody order under chapter 26.10 RCW is not a party to the dependency proceeding, he or she must agree on the record or by the filing of a declaration to the entry of a custody order. Once an order is entered under chapter 26.10 RCW, and the dependency petition dismissed, the department (or supervising agency) shall not continue to supervise the placement.

(2)(a) The court hearing the dependency petition may establish or modify a parenting plan under chapter 26.09 or 26.26 RCW as part of a disposition order or at a review hearing.
when doing so will implement a permanent plan of care for the child and result in dismissal of the dependency.

(b) The dependency court shall adhere to procedural requirements under chapter 26.09 RCW and must make a written finding that the parenting plan established or modified by the dependency court under this section is in the child's best interests.

(c) Unless the whereabouts of one of the parents is unknown to either the department or the court, the parents must agree, subject to court approval, to establish the parenting plan or modify an existing parenting plan.

(d) Whenever the court is asked to establish or modify a parenting plan, the child’s residential schedule, the allocation of decision-making authority, and dispute resolution under this section, the dependency court may:

(i) Appoint a guardian ad litem to represent the interests of the child when the court believes the appointment is necessary to protect the best interests of the child; and

(ii) Appoint an attorney to represent the interests of the child with respect to provisions for the parenting plan.

(e) The dependency court must make a written finding that the parenting plan established or modified by the dependency court under this section is in the child’s best interests.

(f) The dependency court may interview the child in chambers to ascertain the child's wishes as to the child’s residential schedule in a proceeding for the entry or modification of a parenting plan under this section. The court may permit counsel to be present at the interview. The court shall cause a record of the interview to be made and to become part of the court record of the dependency case and the case under chapters 26.09 or 26.26 RCW.

(g) In the absence of agreement by a parent, guardian, or legal custodian of the child to allow the juvenile court to hear and determine issues related to the establishment or modification of a parenting plan under chapters 26.09 or 26.26 RCW, a party may move the court to transfer such issues to the family law department of the superior court for further resolution. The court may only grant the motion upon entry of a written finding that it is in the best interests of the child.

(h) In any parenting plan agreed to by the parents and entered or modified in juvenile court under this section, all issues pertaining to child support and the division of marital property shall be referred to or retained by the family law department of the superior court.

(3) Any court order determining issues under chapter 26.10 RCW is subject to modification upon the same showing and standards as a court order determining Title 26 RCW issues.

(4) Any order entered in the dependency court establishing or modifying a permanent legal custody order or, parenting plan, or residential schedule under chapters 26.09, 26.10, and 26.26 RCW shall also be filed in the chapters 26.09, 26.10, and 26.26 RCW action by the moving or prevailing party. If the petitioning or moving party has been found indigent and appointed counsel at public expense in the dependency proceeding, no filing fees shall be imposed by the clerk. Once filed, any order, parenting plan, or residential schedule establishing or modifying permanent legal custody of a child shall survive dismissal of the dependency proceeding.

Sec. 17. RCW 13.34.174 and 2009 c 520 s 32 are each amended to read as follows:

(1) The provisions of this section shall apply when a court orders a party to undergo an alcohol or substance abuse diagnostic investigation and evaluation.

(2) The facility conducting the investigation and evaluation shall make a written report to the court stating its findings and recommendations including family-based services or treatment when appropriate. If its findings and recommendations support treatment, it shall also recommend a treatment plan setting out:

(a) Type of treatment;

(b) Nature of treatment;

(c) Length of treatment;

(d) A treatment time schedule; and

(e) Approximate cost of the treatment.

The affected person shall be included in developing the appropriate treatment plan. The treatment plan must be signed by the treatment provider and the
affected person. The initial written progress report based on the treatment plan shall be sent to the appropriate persons six weeks after initiation of treatment. Subsequent progress reports shall be provided after three months, six months, twelve months, and thereafter every six months if treatment exceeds twelve months. Reports are to be filed with the court in a timely manner. Close-out of the treatment record must include summary of pretreatment and posttreatment, with final outcome and disposition. The report shall also include recommendations for ongoing stability and decrease in destructive behavior.

Each report shall also be filed with the court and a copy given to the person evaluated and the person's counsel. A copy of the treatment plan shall also be given to the department's (or supervising agency's) caseworker and to the guardian ad litem. Any program for chemical dependency shall meet the program requirements contained in chapter 70.96A RCW.

(3) If the court has ordered treatment pursuant to a dependency proceeding it shall also require the treatment program to provide, in the reports required by subsection (2) of this section, status reports to the court, the department, (or supervising agency), and the person or person's counsel regarding the person's cooperation with the treatment plan proposed and the person's progress in treatment.

(4) If a person subject to this section fails or neglects to carry out and fulfill any term or condition of the treatment plan, the program or agency administering the treatment shall report such breach to the court, the department, the guardian ad litem, (or supervising agency), and the person or person's counsel, within twenty-four hours, together with its recommendation. These reports shall be made as a declaration by the person who is personally responsible for providing the treatment.

(5) Nothing in this chapter may be construed as allowing the court to require the department to pay for the cost of any alcohol or substance abuse evaluation or treatment program.

Sec. 18. RCW 13.34.176 and 2009 c 520 s 33 are each amended to read as follows:

(1) The court, upon receiving a report under RCW 13.34.174(4) or at the department's (or supervising agency's) request, may schedule a show cause hearing to determine whether the person is in violation of the treatment conditions. All parties shall be given notice of the hearing. The court shall hold the hearing within ten days of the request for a hearing. At the hearing, testimony, declarations, reports, or other relevant information may be presented on the person's alleged failure to comply with the treatment plan and the person shall have the right to present similar information on his or her own behalf.

(2) If the court finds that there has been a violation of the treatment conditions it shall modify the dependency order, as necessary, to ensure the safety of the child. The modified order shall remain in effect until the party is in full compliance with the treatment requirements.

Sec. 19. RCW 13.34.180 and 2013 c 173 s 4 are each amended to read as follows:

(1) A petition seeking termination of a parent and child relationship may be filed in juvenile court by any party (including the supervising agency) to the dependency proceedings concerning that child. Such petition shall conform to the requirements of RCW 13.34.040, shall be served upon the parties as provided in RCW 13.34.070(8), and shall allege all of the following unless subsection (3) or (4) of this section applies:

(a) That the child has been found to be a dependent child;

(b) That the court has entered a dispositional order pursuant to RCW 13.34.130;

(c) That the child has been removed or will, at the time of the hearing, have been removed from the custody of the parent for a period of at least six months pursuant to a finding of dependency;

(d) That the services ordered under RCW 13.34.136 have been expressly and understandably offered or provided and all necessary services, reasonably available, capable of correcting the parental deficiencies within the foreseeable future have been expressly and understandably offered or provided;
(e) That there is little likelihood that conditions will be remedied so that the child can be returned to the parent in the near future. A parent's failure to substantially improve parental deficiencies within twelve months following entry of the dispositional order shall give rise to a rebuttable presumption that there is little likelihood that conditions will be remedied so that the child can be returned to the parent in the near future. The presumption shall not arise unless the petitioner makes a showing that all necessary services reasonably capable of correcting the parental deficiencies within the foreseeable future have been clearly offered or provided. In determining whether the conditions will be remedied the court may consider, but is not limited to, the following factors:

(i) Use of intoxicating or controlled substances so as to render the parent incapable of providing proper care for the child for extended periods of time or for periods of time that present a risk of imminent harm to the child, and documented unwillingness of the parent to receive and complete treatment or documented multiple failed treatment attempts;

(ii) Psychological incapacity or mental deficiency of the parent that is so severe and chronic as to render the parent incapable of providing proper care for the child for extended periods of time or for periods of time that present a risk of imminent harm to the child, and documented unwillingness of the parent to receive and complete treatment or documentation that there is no treatment that can render the parent capable of providing proper care for the child in the near future; or

(iii) Failure of the parent to have contact with the child for an extended period of time after the filing of the dependency petition if the parent was provided an opportunity to have a relationship with the child by the department or the court and received documented notice of the potential consequences of this failure, except that the actual inability of a parent to have visitation with the child including, but not limited to, mitigating circumstances such as a parent's current or prior incarceration or service in the military does not in and of itself constitute failure to have contact with the child; and

(f) That continuation of the parent and child relationship clearly diminishes the child's prospects for early integration into a stable and permanent home. If the parent is incarcerated, the court shall consider whether a parent maintains a meaningful role in his or her child's life based on factors identified in RCW 13.34.145(5)(b); whether the department ((or supervising agency)) made reasonable efforts as defined in this chapter; and whether particular barriers existed as described in RCW 13.34.145(5)(b) including, but not limited to, delays or barriers a parent may experience in keeping the agency apprised of his or her location and in accessing visitation or other meaningful contact with the child.

(2) As evidence of rebuttal to any presumption established pursuant to subsection (1)(e) of this section, the court may consider the particular constraints of a parent's current or prior incarceration. Such evidence may include, but is not limited to, delays or barriers a parent may experience in keeping the agency apprised of his or her location and in accessing visitation or other meaningful contact with the child.

(3) In lieu of the allegations in subsection (1) of this section, the petition may allege that the child was found under such circumstances that the whereabouts of the child's parent are unknown and no person has acknowledged paternity or maternity and requested custody of the child within two months after the child was found.

(4) In lieu of the allegations in subsection (1)(b) through (f) of this section, the petition may allege that the parent has been convicted of:

(a) Murder in the first degree, murder in the second degree, or homicide by abuse as defined in chapter 9A.32 RCW against another child of the parent;

(b) Manslaughter in the first degree or manslaughter in the second degree, as defined in chapter 9A.32 RCW against another child of the parent;

(c) Attempting, conspiring, or soliciting another to commit one or more of the crimes listed in (a) or (b) of this subsection; or
(d) Assault in the first or second degree, as defined in chapter 9A.36 RCW, against the surviving child or another child of the parent.

(5) When a parent has been sentenced to a long-term incarceration and has maintained a meaningful role in the child's life considering the factors provided in RCW 13.34.145(5)(b), and it is in the best interest of the child, the department should consider a permanent placement that allows the parent to maintain a relationship with his or her child, such as, but not limited to, a guardianship pursuant to chapter 13.36 RCW.

(6) Notice of rights shall be served upon the parent, guardian, or legal custodian with the petition and shall be in substantially the following form:

"NOTICE

A petition for termination of parental rights has been filed against you. You have important legal rights and you must take steps to protect your interests. This petition could result in permanent loss of your parental rights.

1. You have the right to a fact-finding hearing before a judge.

2. You have the right to have a lawyer represent you at the hearing. A lawyer can look at the files in your case, talk to the department of social and health services or ((the supervising agency and)) other agencies, tell you about the law, help you understand your rights, and help you at hearings. If you cannot afford a lawyer, the court will appoint one to represent you. To get a court-appointed lawyer you must contact: (explain local procedure).

3. At the hearing, you have the right to speak on your own behalf, to introduce evidence, to examine witnesses, and to receive a decision based solely on the evidence presented to the judge.

You should be present at this hearing.

You may call (insert agency) for more information about your child. The agency's name and telephone number are (insert name and telephone number)."

Sec. 20. RCW 13.34.180 and 2017 3rd sp.s. c 6 s 308 are each amended to read as follows:

(1) A petition seeking termination of a parent and child relationship may be filed in juvenile court by any party((including the supervising agency.)) to the dependency proceedings concerning that child. Such petition shall conform to the requirements of RCW 13.34.040 shall be served upon the parties as provided in RCW 13.34.070(8), and shall allege all of the following unless subsection (3) or (4) of this section applies:

(a) That the child has been found to be a dependent child;

(b) That the court has entered a dispositional order pursuant to RCW 13.34.130;

(c) That the child has been removed or will, at the time of the hearing, have been removed from the custody of the parent for a period of at least six months pursuant to a finding of dependency;

(d) That the services ordered under RCW 13.34.136 have been expressly and understandably offered or provided and all necessary services, reasonably available, capable of correcting the parental deficiencies within the foreseeable future have been expressly and understandably offered or provided;

(e) That there is little likelihood that conditions will be remedied so that the child can be returned to the parent in the near future. A parent's failure to substantially improve parental deficiencies within twelve months following entry of the dispositional order shall give rise to a rebuttable presumption that there is little likelihood that conditions will be remedied so that the child can be returned to the parent in the near future. The presumption shall not arise unless the petitioner makes a showing that all necessary services reasonably capable of correcting the parental deficiencies within the foreseeable future have been clearly offered or provided. In determining whether the conditions will be remedied the court may consider, but is not limited to, the following factors:

(i) Use of intoxicating or controlled substances so as to render the parent incapable of providing proper care for the child for extended periods of time or for periods of time that present a risk of imminent harm to the child, and documented unwillingness of the parent to
receive and complete treatment or documented multiple failed treatment attempts;

(ii) Psychological incapacity or mental deficiency of the parent that is so severe and chronic as to render the parent incapable of providing proper care for the child for extended periods of time or for periods of time that present a risk of imminent harm to the child, and documented unwillingness of the parent to receive and complete treatment or documentation that there is no treatment that can render the parent capable of providing proper care for the child in the near future; or

(iii) Failure of the parent to have contact with the child for an extended period of time after the filing of the dependency petition if the parent was provided an opportunity to have a relationship with the child by the department or the court and received documented notice of the potential consequences of this failure, except that the actual inability of a parent to have visitation with the child including, but not limited to, mitigating circumstances such as a parent's current or prior incarceration or service in the military does not in and of itself constitute failure to have contact with the child; and

(f) That continuation of the parent and child relationship clearly diminishes the child's prospects for early integration into a stable and permanent home. If the parent is incarcerated, the court shall consider whether a parent maintains a meaningful role in the child's life based on factors identified in RCW 13.34.145(5)(b); whether the department ((or supervising agency)) made reasonable efforts as defined in this chapter; and whether particular barriers existed as described in RCW 13.34.145(5)(b) including, but not limited to, delays or barriers experienced in keeping the agency apprised of his or her location and in accessing visitation or other meaningful contact with the child.

(2) As evidence of rebuttal to any presumption established pursuant to subsection (1)(e) of this section, the court may consider the particular constraints of a parent's current or prior incarceration. Such evidence may include, but is not limited to, delays or barriers a parent may experience in keeping the agency apprised of his or her location and in accessing visitation or other meaningful contact with the child.

(3) In lieu of the allegations in subsection (1) of this section, the petition may allege that the child was found under such circumstances that the whereabouts of the child's parent are unknown and no person has acknowledged paternity or maternity and requested custody of the child within two months after the child was found.

(4) In lieu of the allegations in subsection (1)(b) through (f) of this section, the petition may allege that the parent has been convicted of:

(a) Murder in the first degree, murder in the second degree, or homicide by abuse as defined in chapter 9A.32 RCW against another child of the parent;

(b) Manslaughter in the first degree or manslaughter in the second degree, as defined in chapter 9A.32 RCW against another child of the parent;

(c) Attempting, conspiring, or soliciting another to commit one or more of the crimes listed in (a) or (b) of this subsection; or

(d) Assault in the first or second degree, as defined in chapter 9A.36 RCW, against the surviving child or another child of the parent.

(5) When a parent has been sentenced to a long-term incarceration and has maintained a meaningful role in the child's life considering the factors provided in RCW 13.34.145(5)(b), and it is in the best interest of the child, the department should consider a permanent placement that allows the parent to maintain a relationship with his or her child, such as, but not limited to, a guardianship pursuant to chapter 13.36 RCW.

(6) Notice of rights shall be served upon the parent, guardian, or legal custodian with the petition and shall be in substantially the following form:

"NOTICE
A petition for termination of parental rights has been filed against you. You have important legal rights and you must take steps to protect your interests. This petition could result in permanent loss of your parental rights.

1. You have the right to a fact-finding hearing before a judge.
2. You have the right to have a lawyer represent you at the hearing. A lawyer can look at the files in your case, talk to the department of children, youth, and families or (the supervising agency) other agencies, tell you about the law, help you understand your rights, and help you at hearings. If you cannot afford a lawyer, the court will appoint one to represent you. To get a court-appointed lawyer you must contact: (explain local procedure).

3. At the hearing, you have the right to speak on your own behalf, to introduce evidence, to examine witnesses, and to receive a decision based solely on the evidence presented to the judge. You should be present at this hearing.

You may call (insert agency) for more information about your child. The agency's name and telephone number are (insert name and telephone number)."

Sec. 21. RCW 13.34.210 and 2010 c 272 s 13 are each amended to read as follows:

If, upon entering an order terminating the parental rights of a parent, there remains no parent having parental rights, the court shall commit the child to the custody of the department (the supervising agency) willing to accept custody for the purpose of placing the child for adoption. If an adoptive home has not been identified, the department (the supervising agency) shall place the child in a licensed foster home, or take other suitable measures for the care and welfare of the child. The custodian shall have authority to consent to the adoption of the child consistent with chapter 26.33 RCW, the marriage of the child, the enlistment of the child in the armed forces of the United States, necessary surgical and other medical treatment for the child, and to consent to such other matters as might normally be required of the parent of the child.

If a child has not been adopted within six months after the date of the order and a guardianship of the child under chapter 13.36 RCW or chapter 11.88 RCW, or a permanent custody order under chapter 26.10 RCW, has not been entered by the court, the court shall review the case every six months until a decree of adoption is entered. The (supervising agency) department shall take reasonable steps to ensure that the child maintains relationships with siblings as provided in RCW 13.34.130((6)) and shall report to the court the status and extent of such relationships.

Sec. 22. RCW 13.34.215 and 2011 c 292 s 2 are each amended to read as follows:

(1) A child may petition the juvenile court to reinstate the previously terminated parental rights of his or her parent under the following circumstances:

(a) The child was previously found to be a dependent child under this chapter;

(b) The child's parent's rights were terminated in a proceeding under this chapter;

(c)(i) The child has not achieved his or her permanency plan; or

(ii) While the child achieved a permanency plan, it has not since been sustained;

(d) Three years have passed since the final order of termination was entered; and

(e) The child must be at least twelve years old at the time the petition is filed. Upon the child's motion for good cause shown, or on its own motion, the court may hear a petition filed by a child younger than twelve years old.

(2) If the child is eligible to petition the juvenile court under subsection (1) of this section and a parent whose rights have been previously terminated contacts the department (the supervising agency) or the child's guardian ad litem regarding reinstatement, the department (the supervising agency) or the guardian ad litem must notify the eligible child about his or her right to petition for reinstatement of parental rights.

(3) A child seeking to petition under this section shall be provided counsel at no cost to the child.

(4) The petition must be signed by the child in the absence of a showing of good cause as to why the child could not do so.

(5) If, after a threshold hearing to consider the parent's apparent fitness and interest in reinstatement of parental rights, the court finds by a preponderance of the evidence that the best interests of the child may be served by reinstatement of parental rights, the
juvenile court shall order that a hearing on the merits of the petition be held.

(6) The court shall give prior notice for any proceeding under this section, or cause prior notice to be given, to the department ((or the supervising agency)), the child's attorney, and the child. The court shall also order the department ((or supervising agency)) to give prior notice of any hearing to the child's former parent whose parental rights are the subject of the petition, any parent whose rights have not been terminated, the child's current foster parent, relative caregiver, guardian or custodian, and the child's tribe, if applicable.

(7) The juvenile court shall conditionally grant the petition if it finds by clear and convincing evidence that the child has not achieved his or her permanency plan and is not likely to imminently achieve his or her permanency plan and that reinstatement of parental rights is in the child's best interest. In determining whether reinstatement is in the child's best interest the court shall consider, but is not limited to, the following:

(a) Whether the parent whose rights are to be reinstated is a fit parent and has remedied his or her deficits as provided in the record of the prior termination proceedings and prior termination order;

(b) The age and maturity of the child, and the ability of the child to express his or her preference;

(c) Whether the reinstatement of parental rights will present a risk to the child’s health, welfare, or safety; and

(d) Other material changes in circumstances, if any, that may have occurred which warrant the granting of the petition.

(8) In determining whether the child has or has not achieved his or her permanency plan or whether the child is likely to achieve his or her permanency plan, the department ((or supervising agency)) shall provide the court, and the court shall review, information related to any efforts to achieve the permanency plan including efforts to achieve adoption or a permanent guardianship.

(9) (a) If the court conditionally grants the petition under subsection (7) of this section, the case will be continued for six months and a temporary order of reinstatement entered. During this period, the child shall be placed in the custody of the parent. The department ((or supervising agency)) shall develop a permanency plan for the child reflecting the plan to be reunification and shall provide transition services to the family as appropriate.

(b) If the child must be removed from the parent due to abuse or neglect allegations prior to the expiration of the conditional six-month period, the court shall dismiss the petition for reinstatement of parental rights if the court finds the allegations have been proven by a preponderance of the evidence.

(c) If the child has been successfully placed with the parent for six months, the court order reinstating parental rights remains in effect and the court shall dismiss the dependency.

(10) After the child has been placed with the parent for six months, the court shall hold a hearing. If the placement with the parent has been successful, the court shall enter a final order of reinstatement of parental rights, which shall restore all rights, powers, privileges, immunities, duties, and obligations of the parent as to the child, including those relating to custody, control, and support of the child. The court shall dismiss the dependency and direct the clerk's office to provide a certified copy of the final order of reinstatement of parental rights to the parent at no cost.

(11) The granting of the petition under this section does not vacate or otherwise affect the validity of the original termination order.

(12) Any parent whose rights are reinstated under this section shall not be liable for any child support owed to the department pursuant to RCW 13.34.160 or Title 26 RCW or costs of other services provided to a child for the time period from the date of termination of parental rights to the date parental rights are reinstated.

(13) A proceeding to reinstate parental rights is a separate action from the termination of parental rights proceeding and does not vacate the original termination of parental rights. An order granted under this section reinstates the parental rights to the
child. This reinstatement is a recognition that the situation of the parent and child have changed since the time of the termination of parental rights and reunification is now appropriate.

(14) This section is retroactive and applies to any child who is under the jurisdiction of the juvenile court at the time of the hearing regardless of the date parental rights were terminated.

(15) The state, the department, ((the supervising agency,)) and its employees are not liable for civil damages resulting from any act or omission in the provision of services under this section, unless the act or omission constitutes gross negligence. This section does not create any duty and shall not be construed to create a duty where none exists. This section does not create a cause of action against the state, the department, ((the supervising agency,)) or its employees concerning the original termination.

Sec. 23. RCW 13.34.233 and 2009 c 520 s 38 are each amended to read as follows:

(1) Any party may request the court under RCW 13.34.150 to modify or terminate a dependency guardianship order. Notice of any motion to modify or terminate the guardianship shall be served on all other parties, including any agency that was responsible for supervising the child's placement at the time the guardianship petition was filed. Notice in all cases shall be served upon the department. If the department ((or supervising agency)) was not previously a party to the guardianship proceeding, the department ((or supervising agency)) shall nevertheless have the right to: (a) Initiate a proceeding to modify or terminate a guardianship; and (b) intervene at any stage of such a proceeding.

(2) The guardianship may be modified or terminated upon the motion of any party, or the department, ((or the supervising agency)) if the court finds by a preponderance of the evidence that there has been a substantial change of circumstances subsequent to the establishment of the guardianship and that it is in the child's best interest to modify or terminate the guardianship. The court shall hold a hearing on the motion before modifying or terminating a guardianship.

(3) Upon entry of an order terminating the guardianship, the dependency guardian shall not have any rights or responsibilities with respect to the child and shall not have legal standing to participate as a party in further dependency proceedings pertaining to the child. The court may allow the child's dependency guardian to attend dependency review proceedings pertaining to the child for the sole purpose of providing information about the child to the court.

(4) Upon entry of an order terminating the guardianship, the child shall remain dependent and the court shall either return the child to the child's parent or order the child into the custody, control, and care of the department ((or supervising agency)) for placement in a foster home or group care facility licensed pursuant to chapter 74.15 RCW or in a home not required to be licensed pursuant to such chapter. The court shall not place a child in the custody of the child's parent unless the court finds that reasons for removal as set forth in RCW 13.34.130 no longer exist and that such placement is in the child's best interest. The court shall thereafter conduct reviews as provided in RCW 13.34.138 and, where applicable, shall hold a permanency planning hearing in accordance with RCW 13.34.145.

Sec. 24. RCW 13.34.245 and 2009 c 520 s 39 are each amended to read as follows:

(1) Where any parent or Indian custodian voluntarily consents to foster care placement of an Indian child and a petition for dependency has not been filed regarding the child, such consent shall not be valid unless executed in writing before the court and filed with the court. The consent shall be accompanied by the written certification of the court that the terms and consequences of the consent were fully explained in detail to the parent or Indian custodian during the court proceeding and were fully understood by the parent or Indian custodian. The court shall also certify in writing either that the parent or Indian custodian fully understood the explanation in English or that it was interpreted into a language that the parent or Indian custodian understood. Any consent given prior to, or within ten days after, the birth of the Indian child shall not be valid.

(2) To obtain court validation of a voluntary consent to foster care placement, any person may file a petition
for validation alleging that there is
located or residing within the county an
Indian child whose parent or Indian
custodian wishes to voluntarily consent
to foster care placement of the child and
requesting that the court validate the
consent as provided in this section. The
petition shall contain the name, date of
birth, and residence of the child, the
names and residences of the consenting
parent or Indian custodian, and the name
and location of the Indian tribe in which
the child is a member or eligible for
membership. The petition shall state
whether the placement preferences of 25
U.S.C. Sec. 1915 (b) or (c) will be
followed. Reasonable attempts shall be
made by the petitioner to ascertain and
set forth in the petition the identity,
location, and custodial status of any
parent or Indian custodian who has not
consented to foster care placement and
why that parent or Indian custodian
cannot assume custody of the child.

(3) Upon filing of the petition for
validation, the clerk of the court shall
schedule the petition for a hearing on
the court validation of the voluntary
consent no later than forty-eight hours
after the petition has been filed,
excluding Saturdays, Sundays, and
holidays. Notification of time, date,
location, and purpose of the validation
hearing shall be provided as soon as
possible to the consenting parent or
Indian custodian, the department ((or
supervising agency)) which is to assume
responsibility for the child's placement
and care pursuant to the consent to
foster care placement, and the Indian
tribe in which the child is enrolled or
eligible for enrollment as a member. If
the identity and location of any
nonconsenting parent or Indian custodian
is known, reasonable attempts shall be
made to notify the parent or Indian
custodian of the consent to placement and
the validation hearing. Notification
under this subsection may be given by the
most expedient means, including, but not
limited to, mail, personal service,
telephone, and telegraph.

(4) Any parent or Indian custodian may
withdraw consent to a voluntary foster
care placement, made under this section,
at any time. Unless the Indian child has
been taken in custody pursuant to RCW
13.34.050 or 26.44.050, placed in shelter
care pursuant to RCW 13.34.060, or placed
in foster care pursuant to RCW 13.34.130,
the Indian child shall be returned to the
parent or Indian custodian upon
withdrawal of consent to foster care
placement of the child.

(5) Upon termination of the voluntary
foster care placement and return of the
child to the parent or Indian custodian,
the department ((or supervising agency))
which had assumed responsibility for the
child's placement and care pursuant to
the consent to foster care placement
shall file with the court written
notification of the child's return and
shall also send such notification to the
Indian tribe in which the child is
enrolled or eligible for enrollment as a
member and to any other party to the
validation proceeding including any
noncustodial parent.

Sec. 25. RCW 13.34.320 and 2009 c 520
s 40 are each amended to read as follows:

The department ((or supervising
agency)) shall obtain the prior consent
of a child's parent, legal guardian, or
legal custodian before a dependent child
is admitted into an inpatient mental
health treatment facility. If the child's
parent, legal guardian, or legal
custodian is unavailable or does not
agree with the proposed admission, the
department ((or supervising agency))
shall request a hearing and provide
notice to all interested parties to seek
prior approval of the juvenile court
before such admission. In the event that
an emergent situation creating a risk of
substantial harm to the health and
welfare of a child in the custody of the
department ((or supervising agency))
does not allow time for the department
((or supervising agency)) to obtain prior
approval or to request a court hearing
before consenting to the admission of the
child into an inpatient mental health
hospital, the department ((or
supervising agency)) shall seek court
approval by requesting that a hearing be
set on the first available court date.

Sec. 26. RCW 13.34.330 and 2009 c 520
s 41 are each amended to read as follows:

A dependent child who is admitted to
an inpatient mental health facility shall
be placed in a facility, with available
treatment space, that is closest to the
family home, unless the department ((or
supervising agency)), in consultation
with the admitting authority finds that
admission in the facility closest to the
child's home would jeopardize the health
or safety of the child.

Sec. 27. RCW 13.34.340 and 2009 c 520
s 42 are each amended to read as follows:
For minors who cannot consent to the release of their records with the department (or supervising agency) because they are not old enough to consent to treatment, or, if old enough, lack the capacity to consent, or if the minor is receiving treatment involuntarily with a provider the department (or supervising agency) has authorized to provide mental health treatment under RCW 13.34.320, the department (or supervising agency) shall disclose, upon the treating physician's request, all relevant records, including the minor's passport as established under RCW 74.13.285, in the department's (or supervising agency's) possession that the treating physician determines contain information required for treatment of the minor. The treating physician shall maintain all records received from the department (or supervising agency) in a manner that distinguishes the records from any other records in the minor's file with the treating physician and the department (or supervising agency) records may not be disclosed by the treating physician to any other person or entity absent a court order except that, for medical purposes only, a treating physician may disclose the department (or supervising agency) records to another treating physician.

Sec. 28. RCW 13.34.370 and 2009 c 520 s 44 are each amended to read as follows:

The court may order expert evaluations of parties to obtain information regarding visitation issues or other issues in a case. These evaluations shall be performed by appointed evaluators who are mutually agreed upon by the court, the department, and the parents' counsel, and, if the child is to be evaluated, by the representative for the child. If no agreement can be reached, the court shall select the expert evaluator.

Sec. 29. RCW 13.34.380 and 2013 c 254 s 3 are each amended to read as follows:

The department shall develop consistent policies and protocols, based on current relevant research, concerning visitation for dependent children to be implemented consistently throughout the state. The department shall develop the policies and protocols in consultation with researchers in the field, community-based agencies, court-appointed special advocates, parents' representatives, and court representatives. The policies and protocols shall include, but not be limited to: The structure and quality of visitations; consultation with the assigned law enforcement officer in the event the parent or sibling of the child is identified as a suspect in an active criminal investigation for a violent crime that, if the allegations are true, would impact the safety of the child; and training for department (or supervising agency) caseworkers, visitation supervisors, and foster parents related to visitation.

The policies and protocols shall be consistent with the provisions of this chapter and implementation of the policies and protocols shall be consistent with relevant orders of the court.

Sec. 30. RCW 13.34.385 and 2009 c 520 s 46 are each amended to read as follows:

(1) A relative of a dependent child may petition the juvenile court for reasonable visitation with the child if:

(a) The child has been found to be a dependent child under this chapter;

(b) The parental rights of both of the child's parents have been terminated;

(c) The child is in the custody of the department (or) or another public agency (or a supervising agency);

(d) The child has not been adopted and is not in a preadoptive home or other permanent placement at the time the petition for visitation is filed.

(2) The court shall give prior notice for any proceeding under this section, or cause prior notice to be given, to the department, other public agency, or (or supervising agency) having custody of the child, the child's attorney or guardian ad litem if applicable, and the child. The court shall also order the custodial agency to give prior notice of any hearing to the child's current foster parent, relative caregiver, guardian or custodian, and the child's tribe, if applicable.

(3) The juvenile court may grant the petition for visitation if it finds that the requirements of subsection (1) of this section have been met, and that unsupervised visitation between the child and the relative does not present a risk to the child's safety or well-being and that the visitation is in the best interests of the child. In determining the best interests of the
child the court shall consider, but is not limited to, the following:

(a) The love, affection, and strength of the relationship between the child and the relative;

(b) The length and quality of the prior relationship between the child and the relative;

(c) Any criminal convictions for or founded history of abuse or neglect of a child by the relative;

(d) Whether the visitation will present a risk to the child's health, welfare, or safety;

(e) The child's reasonable preference, if the court considers the child to be of sufficient age to express a preference;

(f) Any other factor relevant to the child's best interest.

(4) The visitation order may be modified at any time upon a showing that the visitation poses a risk to the child's safety or well-being. The visitation order shall state that visitation will automatically terminate upon the child's placement in a preadoptive home, if the child is adopted, or if there is a subsequent founded abuse or neglect allegation against the relative.

(5) The granting of the petition under this section does not grant the relative the right to participate in the dependency action and does not grant any rights to the relative not otherwise specified in the visitation order.

(6) This section is retroactive and applies to any eligible dependent child at the time of the filing of the petition for visitation, regardless of the date parental rights were terminated.

(7) For the purpose of this section, "relative" means a relative as defined in RCW 74.15.020(2)(a), except parents.

(8) This section is intended to provide an additional procedure by which a relative may request visitation with a dependent child. It is not intended to impair or alter the ability a court currently has to order visitation with a relative under the dependency statutes.

Sec. 31. RCW 13.34.400 and 2009 c 520 s 48 are each amended to read as follows:

In any proceeding under this chapter, if the department ((or supervising agency)) submits a report to the court in which the department is recommending a new placement or a change in placement, the department ((or supervising agency)) shall include the documents relevant to persons in the home in which a child will be placed and listed in subsections (1) through (5) of this section to the report. The department ((or supervising agency)) shall include only these relevant documents and shall not attach the entire history of the subject of the report.

(1) If the report contains a recommendation, opinion, or assertion by the department ((or supervising agency)) relating to substance abuse treatment, mental health (treatment), anger management classes, or domestic violence classes, the department ((or supervising agency)) shall attach the document upon which the recommendation, opinion, or assertion was based. The documentation may include the progress report or evaluation submitted by the provider, but may not include the entire history with the provider.

(2) If the report contains a recommendation, opinion, or assertion by the department or ((supervising agency)) relating to visitation with a child, the department ((or supervising agency)) shall attach the document upon which the recommendation, opinion, or assertion was based. The documentation may include the most recent visitation report, a visitation report referencing a specific incident alleged in the report, or summary of the visitation prepared by the person who supervised the visitation. The documentation attached to the report shall not include the entire visitation history.

(3) If the report contains a recommendation, opinion, or assertion by the department ((or supervising agency)) relating to the psychological status of a person, the department ((or supervising agency)) shall attach the document upon which the recommendation, opinion, or assertion was based. The documentation may include the most recent visitation report, a visitation report referencing a specific incident alleged in the report, or summary of the visitation prepared by the person who supervised the visitation. The documentation attached to the report shall not include the entire visitation history.

(4) If the report contains a recommendation, opinion, or assertion by the department ((or supervising agency)) relating to injuries to a child, the department ((or supervising agency)) shall attach a summary of the physician's
report, prepared by the physician or the physician's designee, relating to the recommendation, opinion, or assertion by the department.

(5) If the report contains a recommendation, opinion, or assertion by the department ((or supervising agency)) relating to a home study, licensing action, or background check information, the department ((or supervising agency)) shall attach the document or documents upon which that recommendation, opinion, or assertion is based.

(1) "Abuse or neglect" means sexual abuse, sexual exploitation, or injury of a child by any person under circumstances which cause harm to the child's health, welfare, or safety, excluding conduct permitted under RCW 9A.16.100; or the negligent treatment or maltreatment of a child by a person responsible for or providing care to the child. An abused child is a child who has been subjected to child abuse or neglect as defined in this section.

(2) "Child" or "children" means any person under the age of eighteen years of age.

(3) "Child protective services" means those services provided by the department designed to protect children from child abuse and neglect and safeguard such children from future abuse and neglect, and conduct investigations of child abuse and neglect reports. Investigations may be conducted regardless of the location of the alleged abuse or neglect. Child protective services includes referral to services to ameliorate conditions that endanger the welfare of children, the coordination of necessary programs and services relevant to the prevention, intervention, and treatment of child abuse and neglect, and services to children to ensure that each child has a permanent home. In determining whether protective services should be provided, the department shall not decline to provide such services solely because of the child's or family's unwillingness or developmental inability to describe the nature and severity of the abuse or neglect.

(4) "Child protective services section" means the child protective services section of the department.

(5) "Children's advocacy center" means a child-focused facility in good standing with the state chapter for children's advocacy centers and that coordinates a multidisciplinary process for the investigation, prosecution, and treatment of sexual and other types of child abuse. Children's advocacy centers provide a location for forensic interviews and coordinate access to services such as, but not limited to, medical evaluations, advocacy, therapy, and case review by multidisciplinary teams within the context of county protocols as defined in RCW 26.44.180 and 26.44.185.

(6) "Clergy" means any regularly licensed or ordained minister, priest, or rabbi of any church or religious denomination, whether acting in an individual capacity or as an employee or agent of any public or private organization or institution.

(7) "Court" means the superior court of the state of Washington, juvenile department.

(8) "Department" means the state department of social and health services.

(9) "Family assessment" means a comprehensive assessment of child safety, risk of subsequent child abuse or neglect, and family strengths and needs that is applied to a child abuse or neglect report. Family assessment does not include a determination as to whether child abuse or neglect occurred, but does determine the need for services to address the safety of the child and the risk of subsequent maltreatment.

(10) "Family assessment response" means a way of responding to certain reports of child abuse or neglect made under this chapter using a differential response approach to child protective services. The family assessment response shall focus on the safety of the child, the integrity and preservation of the family, and shall assess the status of the child and the family in terms of risk of abuse and neglect including the parent's or guardian's or other caretaker's capacity and willingness to protect the child and, if necessary, plan and arrange the provision of services to reduce the risk and otherwise support the family. No one is named as a perpetrator, and no investigative finding is entered.
in the record as a result of a family assessment.

(11) "Founded" means the determination following an investigation by the department that, based on available information, it is more likely than not that child abuse or neglect did occur.

(12) "Inconclusive" means the determination following an investigation by the department, prior to October 1, 2008, that based on available information a decision cannot be made that more likely than not, child abuse or neglect did or did not occur.

(14) "Law enforcement agency" means the police department, the prosecuting attorney, the state patrol, the director of public safety, or the office of the sheriff.

(15) "Malice" or "maliciously" means an intent, wish, or design to intimidate, annoy, or injure another person. Such malice may be inferred from an act done in willful disregard of the rights of another, or an act wrongfully done without just cause or excuse, or an act or omission of duty betraying a willful disregard of social duty.

(16) "Negligent treatment or maltreatment" means an act or a failure to act, or the cumulative effects of a pattern of conduct, behavior, or inaction, that evidences a serious disregard of consequences of such magnitude as to constitute a clear and present danger to a child's health, welfare, or safety, including but not limited to conduct prohibited under RCW 9A.42.100. When considering whether a clear and present danger exists, evidence of a parent's substance abuse as a contributing factor to negligent treatment or maltreatment shall be given great weight. The fact that siblings share a bedroom is not, in and of itself, negligent treatment or maltreatment. Poverty, homelessness, or exposure to domestic violence as defined in RCW 26.50.010 that is perpetrated against someone other than the child does not constitute negligent treatment or maltreatment in and of itself.

(17) "Pharmacist" means any registered pharmacist under chapter 18.64 RCW, whether acting in an individual capacity or as an employee or agent of any public or private organization or institution.

(18) "Practitioner of the healing arts" or "practitioner" means a person licensed by this state to practice podiatric medicine and surgery, optometry, chiropractic, nursing, dentistry, osteopathic medicine and surgery, or medicine and surgery or to provide other health services. The term "practitioner" includes a duly accredited Christian Science practitioner. A person who is being furnished Christian Science treatment by a duly accredited Christian Science practitioner will not be considered, for that reason alone, a neglected person for the purposes of this chapter.

(19) "Professional school personnel" include, but are not limited to, teachers, counselors, administrators, child care facility personnel, and school nurses.

(20) "Psychologist" means any person licensed to practice psychology under chapter 18.83 RCW, whether acting in an individual capacity or as an employee or agent of any public or private organization or institution.

(22) "Sexual exploitation" includes: (a) Allowing, permitting, or encouraging a child to engage in prostitution by any person; or (b) allowing, permitting, encouraging, or engaging in the obscene or pornographic photographing, filming, or depicting of a child by any person.

(23) "Sexually aggressive youth" means a child who is defined in RCW 74.13.075(1)(b) as being a sexually aggressive youth.

(24) "Social service counselor" means anyone engaged in a professional capacity during the regular course of employment in encouraging or promoting the health, welfare, support, or education of children, or providing social services to adults or families, including mental health, drug and alcohol treatment, and domestic violence programs, whether in an individual capacity, or as an employee or agent of any public or private organization or institution.
("Supervising agency" means an agency licensed by the state under RCW 74.15.090 or an Indian tribe under RCW 74.15.190 that has entered into a performance-based contract with the department to provide child welfare services.)

"Unfounded" means the determination following an investigation by the department that available information indicates that, more likely than not, child abuse or neglect did not occur, or that there is insufficient evidence for the department to determine whether the alleged child abuse did or did not occur.

Sec. 33. RCW 26.44.020 and 2017 3rd sp.s. c 6 s 321 are each amended to read as follows:

Sec. 63. RCW 74.13.650 and 2009 c 520 s 92 are each amended to read as follows:

A foster parent critical support and retention program is established to retain foster parents who care for sexually reactive children, physically assaultive children, or children with other high-risk behaviors, as defined in RCW 74.13.280. Services shall consist of short-term therapeutic and educational interventions to support the stability of the placement. Sec. 64. RCW 74.13B.020 and 2013 c 205 s 3 are each amended to read as follows:

(1) ((No later than July 1, 2014,)) The department shall enter into performance-based contracts for the provision of family support and related services. The department may enter into performance-based contracts for additional services, other than case management.

(2) It is the goal of the legislature to expand the coverage area of network administrators to encompass the entire state. Recognizing that phased implementation may be necessary, the department shall conduct ((a)) one or more procurement ((process)) processes to ((enter into performance-based contracts with one or more)) expand the geographic coverage of network administrators for family support and related services. ((As part of the procurement process, the department shall consult with department caseworkers, the exclusive bargaining representative for employees of the department, tribal representatives, parents who were formerly involved in the child welfare system, youth currently or previously in foster care, child welfare services researchers, and the Washington state institute for public policy to assist in identifying the categories of family support and related services that will be included in the procurement. In identifying services, the department must review current data and research related to the effectiveness of family support and related services that mitigate child safety concerns and promote permanency, including reunification, and child well-being.)) Expenditures for family support and related services purchased under this
section must remain within the levels appropriated in the operating budget.

(3)(a) Network administrators shall, directly or through subcontracts with service providers:

(i) Assist caseworkers in meeting their responsibility for implementation of case plans and individual service and safety plans; ((and))

(ii) Provide the family support and related services within the categories of contracted services that are included in a child or family's case plan or individual service and safety plan within funds available under contract;

(iii) Manage the entire family support and related service array within the geographic boundaries of a given network; and

(iv) Have the authority to redistribute funding within the network based on provider performance and the need to address service gaps if approval is provided by the department.

(b) While the department caseworker retains responsibility for case management, nothing in chapter 205, Laws of 2012 limits the ability of the department to continue to contract for the provision of case management services by child-placing agencies, behavioral rehabilitation services agencies, or other entities that provided case management under contract with the department prior to July 1, 2005.

(4) ((In conducting the procurement, the department shall actively consult with other state agencies with relevant expertise, such as the health care authority, and with philanthropic entities with expertise in performance-based contracting for child welfare services. The director of the office of financial management must approve the request for proposal prior to its issuance.

(5)) The procurement process must be developed and implemented in a manner that complies with applicable provisions of intergovernmental agreements between the state of Washington and tribal governments and must provide an opportunity for tribal governments to contract for service delivery through network administrators.

((444)) (5) The procurement and resulting contracts must include, but are not limited to, the following standards and requirements:

(a) The use of family engagement approaches to successfully motivate families to engage in services and training of the network's contracted providers to apply such approaches;

(b) The use of parents and youth who are successful veterans of the child welfare system to act as mentors through activities that include, but are not limited to, helping families navigate the system, facilitating parent engagement, and minimizing distrust of the child welfare system;

(c) The establishment of qualifications for service providers participating in provider networks, such as appropriate licensure or certification, education, and accreditation by professional accrediting entities;

(d) Adequate provider capacity to meet the anticipated service needs in the network administrator's contracted service area. The network administrator must be able to demonstrate that its provider network is culturally competent and has adequate capacity to address disproportionality, including utilization of tribal and other ethnic providers capable of serving children and families of color or who need language-appropriate services;

(e) Fiscal solvency of network administrators and providers participating in the network;

(f) The use of evidence-based, research-based, and promising practices, where appropriate, including fidelity and quality assurance provisions;

(g) Network administrator quality assurance activities, including monitoring of the performance of providers in their provider network, with respect to meeting measurable service outcomes;

(h) Network administrator data reporting, including data on contracted provider performance and service outcomes; and

(i) Network administrator compliance with applicable provisions of intergovernmental agreements between the state of Washington and tribal governments and the federal and Washington state Indian child welfare act.
As part of the procurement process under this section to expand the coverage of network administrators, the department shall issue the request for proposals or request for information no later than September 30, 2018, to expand the coverage area of the existing network administrator or expand the number of network administrators so that there is expanded network administrator coverage on the east side of the crest of the Cascade mountain range. Expanded implementation of performance-based contracting must begin no later than January 30, 2019, if a qualified organization responds to the procurement process. Based on the costs and benefits of the network administrator expansion in this subsection, the department shall submit a recommendation to the oversight board for children, youth, and families established pursuant to RCW 43.216.015 and the appropriate committees of the legislature by September 1, 2020, regarding the timeframe for expansion of network administrator coverage to additional regions of the state.

Performance-based payment methodologies must be used in network administrator contracting. Performance measures should relate to successful engagement by a child or parent in services included in their case plan, and resulting improvement in identified problem behaviors and interactions. For the initial three-year period of implementation of performance-based contracting, the department may transfer financial risk for the provision of services to network administrators only to the limited extent necessary to implement a performance-based payment methodology, such as phased payment for services. However, the department may develop a shared savings methodology through which the network administrator will receive a defined share of any savings that result from improved performance. If the department receives a Title IV-E waiver, the shared savings methodology must be consistent with the terms of the waiver. If a shared savings methodology is adopted, the network administrator shall reinvest the savings in enhanced services to better meet the needs of the families and children they serve.

The department must actively monitor network administrator compliance with the terms of contracts executed under this section.

The use of performance-based contracts under this section must be done in a manner that does not adversely affect the state's ability to continue to obtain federal funding for child welfare-related functions currently performed by the state and with consideration of options to further maximize federal funding opportunities and increase flexibility in the use of such funds, including use for preventive and in-home child welfare services.

The department shall, consistent with state and federal confidentiality requirements:

(a) Share all relevant data with the network administrators in order for the network administrators to track the performance and effectiveness of the services in the network; and

(b) Make all performance data available to the public.

The department must not require existing network administrators to reapply to provide network administrator services in the coverage area of the existing network administrator on the effective date of this section.

Beginning January 1, 2019, and in compliance with RCW 43.01.036, the department shall annually submit to the oversight board for children, youth, and families established pursuant to RCW 43.216.015 and the appropriate committees of the legislature a report detailing the status of the network administrator procurement and implementation process.

In determining the cost estimate for expanded network administrator implementation, the department shall consider the value of the existing data platform for child welfare services.

Each agency (or supervising agency) shall make application for a license or renewal of license to the department on forms prescribed by the department. The licensee, however, shall advise the secretary of any material change in circumstances which might constitute grounds for reclassification of license as to category. The license issued under this chapter is not transferable and applies only to the licensee. The license shall be limited to a particular location which shall be stated on the license. For licensed foster-family homes having an acceptable history of child care, the license may remain in effect for thirty days after a move, except that this will apply only if the family remains intact. Licensees must notify their licensor before moving to a new location and may request a continuation of the license at the new location. At the request of the licensee, the department shall, within thirty days following a foster-family home licensee's move to a new location, amend the license to reflect the new location, provided the new location and the licensee meet minimum licensing standards.

"NEW SECTION. Sec. 1. (1) The health care authority shall convene the University of Washington, Seattle children's hospital, medicaid managed care organizations, organizations connecting families to children's mental health services and providers, health insurance carriers as defined in RCW 48.44.010, and the office of the insurance commissioner to recommend:

(a) An alternative funding model for the partnership access line; and

(b) A strategy to ensure that expanded services for the partnership access line identified in subsection (2) of this section do not duplicate existing requirements for medicaid managed care organizations as required by RCW 74.09.492.

(2) The funding model must identify potential sources to support:

(a) Current partnership access line services for primary care providers;

(b) An expansion of partnership access line services to include consultation services for primary care providers treating depression in pregnant women and new mothers; and

(c) An expansion of partnership access line services to include referrals to children's mental health services and other resources for parents and guardians with concerns related to their child's mental health.

(5) This section expires December 30, 2018.

Sec. 2. RCW 71.24.061 and 2014 c 225 s 35 are each amended to read as follows:

(1) The department shall provide flexibility in provider contracting to behavioral health organizations for children's mental health services. Beginning with 2007-2009 biennium contracts, behavioral organization contracts shall authorize behavioral health organizations to allow and encourage licensed community mental health centers to subcontract with individual licensed mental health professionals when necessary to meet the need for an adequate, culturally competent, and qualified children's mental health provider network.

(2) To the extent that funds are specifically appropriated for this purpose or that nonstate funds are available, a children's mental health evidence-based practice institute shall be established at the University of Washington division of public behavioral health and justice policy. The institute shall closely collaborate with entities currently engaged in evaluating and promoting the use of evidence-based, research-based, promising, or consensus-based practices in children's mental health treatment, including but not limited to the University of Washington department of psychiatry and behavioral sciences, ((children's hospital and regional medical center)) Seattle children's hospital, the University of Washington school of nursing, the University of Washington school of social work, and the Washington state institute for public policy. To ensure that funds appropriated are used to the greatest extent possible for their intended purpose, the University of Washington's indirect costs of administration shall not exceed ten percent of appropriated funding. The institute shall:

(a) Improve the implementation of evidence-based and research-based practices by providing sustained and effective training and consultation to licensed children's mental health providers and child-serving agencies who are implementing evidence-based or researched-based practices for treatment of children's emotional or behavioral disorders, or who are interested in adapting these practices to better serve ethnically or culturally diverse children. Efforts under this subsection should include a focus on appropriate oversight of implementation of evidence-based practices to ensure fidelity to these practices and thereby achieve positive outcomes;

(b) Continue the successful implementation of the "partnerships for success" model by consulting with communities so they may select, implement, and continually evaluate the success of evidence-based practices that are relevant to the needs of children, youth, and families in their community;

(c) Partner with youth, family members, family advocacy, and culturally competent provider organizations to develop a series of information sessions, literature, and online resources for families to become informed and engaged in evidence-based and research-based practices;

(d) Participate in the identification of outcome-based performance measures under RCW 71.36.025(2) and partner in a statewide effort to implement statewide outcomes monitoring and quality improvement processes; and

(e) Serve as a statewide resource to the department and other entities on child and adolescent evidence-based, research-based, promising, or consensus-based practices for children's mental health treatment, maintaining a working knowledge through ongoing review of academic and professional literature, and knowledge of other evidence-based practice implementation efforts in Washington and other states.

(3) To the extent that funds are specifically appropriated for this purpose, the ((department)) health care authority in collaboration with the ((evidence-based practice institute)) University of Washington department of psychiatry and behavioral sciences and Seattle children's hospital shall:
(a) Implement a (pilot) program to support primary care providers in the assessment and provision of appropriate diagnosis and treatment of children with mental and behavioral health disorders and track outcomes of this program;

(b) Beginning January 1, 2019, implement a two-year pilot program called the partnership access line for moms and kids to:

(i) Support obstetricians, pediatricians, primary care providers, mental health professionals, and other health care professionals providing care to pregnant women and new mothers through same-day telephone consultations in the assessment and provision of appropriate diagnosis and treatment of depression in pregnant women and new mothers; and

(ii) Facilitate referrals to children's mental health services and other resources for parents and guardians with concerns related to the mental health of the parent or guardian's child. Facilitation activities include assessing the level of services needed by the child; within seven days of receiving a call from a parent or guardian, identifying mental health professionals who are in-network with the child's health care coverage who are accepting new patients and taking appointments; coordinating contact between the parent or guardian and the mental health professional; and providing post-referral reviews to determine if the child has outstanding needs. In conducting its referral activities, the program shall collaborate with existing databases and resources to identify in-network mental health professionals.

(c) The program activities described in (a) and (b)(i) of this subsection shall be designed to promote more accurate diagnoses and treatment through timely case consultation between primary care providers and child psychiatric specialists, and focused educational learning collaboratives with primary care providers.

(4) The health care authority, in collaboration with the University of Washington department of psychiatry and behavioral sciences and Seattle children's hospital, shall report on the following:

(a) The number of individuals who have accessed the resources described in subsection (3) of this section;

(b) The number of providers, by type, who have accessed the resources described in subsection (3) of this section;

(c) Demographic information, as available, for the individuals described in (a) of this subsection. Demographic information may not include any personally identifiable information and must be limited to the individual's age, gender, and city and county of residence;

(d) A description of resources provided;

(e) Average time frames from receipt of call to referral for services or resources provided; and

(f) Systemic barriers to services, as determined and defined by the health care authority, the University of Washington department of psychiatry and behavioral sciences, and Seattle children's hospital.

(5) Beginning December 30, 2019, and annually thereafter, the health care authority must submit, in compliance with RCW 43.01.036, a report to the governor and appropriate committees of the legislature with findings and recommendations for improving services and service delivery from subsection (4) of this section.

(6) The health care authority shall enforce requirements in managed care contracts to ensure care coordination and network adequacy issues are addressed in order to remove barriers to access to mental health services identified in the report described in subsection (4) of this section."

Through this program the student achievement council may award on a competitive basis incentive grants to state public or private nonprofit institutions of higher education or consortia of institutions to encourage programs designed to address specific
system problems. Each institution or consortia of institutions receiving the award shall contribute some financial support, either by covering part of the costs for the program during its implementation, or by assuming continuing support at the end of the grant period. Strong priority will be given to proposals that involve more than one sector of education or workforce development. Institutions are encouraged to solicit nonstate funds to support these cooperative programs.

Sec. 5. RCW 28B.120.030 and 2012 c 229 s 574 are each amended to read as follows:

Within existing resources, the student achievement council and the (state board for community and technical colleges) office of the lieutenant governor may solicit and receive such gifts, grants, and endowments from public or private sources as may be made from time to time, in trust or otherwise, for the use and benefit of the purposes of the program and may expend the same or any income therefrom according to the terms of the gifts, grants, or endowments.

By January 1, 2019, the board of any existing regional transit authority must create an election system for the board, in accordance with the authority provided in this act. The election system may provide for district-based elections, as provided in this act.

(2) Elected board members have terms of office for four years, commencing January 1st after the election. The initial terms of board member positions may be designated into two or four-year terms, as determined by the secretary of the Washington state department of transportation, in order to provide for staggered terms.

(3) The membership and authority of any existing board is effective through December 31, 2019, after which time the board is dissolved. The board membership elected in the 2019 general election shall take over all functions of the existing board beginning January 1, 2020.

Two or more contiguous counties each having a population of four hundred thousand persons or more may establish a regional transit authority to develop and operate a high capacity transportation system as defined in chapter 81.104 RCW.

The authority shall be formed in the following manner:

(1) The joint regional policy committee created pursuant to RCW 81.104.040 shall adopt a system and financing plan, including the definition of the service area. This action shall be completed by September 1, 1992, contingent upon satisfactory completion of the planning process defined in RCW 81.104.100. (3) ((Each county that chooses to participate in the authority shall appoint its board members as set forth in RCW 81.112.040 and shall submit its list of members to the secretary of the Washington state department of transportation. These actions must be completed within thirty days following each county's decision to participate in the authority.))

(4) The secretary shall call the first meeting of the authority, to be held within thirty days following receipt of the names of the elected board members. At its first meeting, the authority shall elect officers and provide for the adoption of rules and other operating procedures.

(4A) (4) The authority is formally constituted at its first meeting and the board shall begin taking steps toward implementation of the system and financing plan adopted by the joint regional policy committee. If the joint regional policy committee fails to adopt a plan by June 30, 1993, the authority shall proceed to do so based on the work completed by that date by the joint regional policy committee. Upon formation of the authority, the joint regional policy committee shall cease to exist. The authority may make minor modifications to the plan as deemed necessary and shall at a minimum review local transit agencies' plans to ensure feeder service/high capacity transit service integration, ensure fare integration, and ensure avoidance of parallel competitive services. The authority shall also conduct a minimum thirty-day public comment period.

(4B) (5) If the authority determines that major modifications to the plan are necessary before the initial ballot proposition is submitted to the voters, the authority may make those modifications with a favorable vote of two-thirds of the entire membership. Any such modification shall be subject to the review process set forth in RCW 81.104.110. The modified plan shall be transmitted to the legislative authorities of the participating counties. The legislative authorities shall have forty-five days following receipt to act by motion or ordinance to confirm or rescind their continued participation in the authority.

(4C) (6) If any county opts to not participate in the authority, but two or more contiguous counties do choose to continue to participate, the authority's board shall be revised accordingly. The authority shall, within forty-five days, redefine the system and financing plan to reflect elimination of one or more counties, and submit the redefined plan to the legislative authorities of the remaining counties for their decision as to whether to continue to participate. This action shall be completed within forty-five days following receipt of the redefined plan.

(4D) (7) The authority shall place on the ballot within two years of the authority's formation, a single ballot proposition to authorize the imposition of taxes to support the implementation of an appropriate phase of the plan within its service area. In addition to the system plan requirements contained in RCW 81.104.100(2)(d), the system plan approved by the authority's board before the submittal of a proposition to the voters shall contain an equity element which:

(a) Identifies revenues anticipated to be generated by corridor and by county within the authority's boundaries;

(b) Identifies the phasing of construction and operation of high capacity system facilities, services, and benefits in each corridor. Phasing decisions should give priority to jurisdictions which have adopted transit-supportive land use plans; and

(c) Identifies the degree to which revenues generated within each county will benefit the residents of that county, and identifies when such benefits will accrue.

A simple majority of those voting within the boundaries of the authority is required for approval. If the vote is affirmative, the authority shall begin implementation of the projects identified in the proposition. However, the authority may not submit any authorizing proposition for voter-approved taxes prior to July 1, 1993; nor may the authority issue bonds or form any local improvement district prior to July 1, 1993.
If the vote on a proposition fails, the board may redefine the proposition, make changes to the authority boundaries, and make corresponding changes to the composition of the board, subject to section 211 of this act. If the composition of the board is changed, the participating counties shall revise the membership of the board (accordingly) subject to section 211 of this act. The board may then submit the revised proposition or a different proposition to the voters. No single proposition may be submitted to the voters more than twice. Beginning no sooner than the 2007 general election, the authority may place additional propositions on the ballot to impose taxes to support additional phases of plan implementation.

At the 2007 general election, the authority shall submit a proposition to support a system and financing plan or additional implementation phases of the authority's system and financing plan as part of a single ballot proposition that includes a plan to support a regional transportation investment plan developed under chapter 36.120 RCW. The authority's plan shall not be considered approved unless both a majority of the persons voting on the proposition residing within the authority vote in favor of the proposition and a majority of the persons voting on the proposition residing within the proposed regional transportation investment district vote in favor of the proposition.

Additional phases of plan implementation may include a transportation subarea equity element which (a) identifies the combined authority and regional transportation investment district revenues anticipated to be generated by corridor and county within the authority's boundaries, and (b) identifies the degree to which the combined authority and regional transportation investment district revenues generated within each county will benefit the residents of that county, and identifies when such benefits will accrue. For purposes of the transportation subarea equity principle established under this subsection, the authority may use the five subareas identified in the authority's system plan adopted in May 1996.

If the authority is unable to achieve a positive vote on a proposition within two years from the date of the first election on a proposition, the board may, by resolution, reconstitute the authority as a single-county body. With a two-thirds vote of the entire membership of the voting members, the board may also dissolve the authority.

Sec. 213. RCW 81.112.040 and 1994 c 109 s 1 are each amended to read as follows:

(1) The regional transit authority shall be governed by a board consisting of representatives appointed by the county executive and confirmed by the council or other legislative authority of each member county. Membership shall be based on population from that portion of each county which lies within the service area. Board members shall be appointed initially on the basis of one for each one hundred forty-five thousand population within the county. Such appointments shall be made following consultation with city and town jurisdictions within the service area. In addition, the secretary of transportation or the secretary's designee shall serve as a member of the board and may have voting status with approval of a majority of the other members of the board. Only board members, not including alternates or designees, may cast votes.

Each member of the board, except the secretary of transportation or the secretary's designee, shall be:

(a) An elected official who serves on the legislative authority of a city or an official who serves on the legislative authority of a city or as mayor of a city within the boundaries of the authority;

(b) On the legislative authority of the county, if fifty percent of the population of the legislative official's district is within the authority boundaries; or

(c) A county executive from a member county within the authority boundaries.

When making appointments, each county executive shall ensure that representation on the board includes an elected city official representing the largest city in each county and assures proportional representation from other cities, and representation from unincorporated areas of each county
within the service area. At least one-half of all appointees from each county shall serve on the governing authority of a public transportation system.

Members appointed from each county shall serve staggered four-year terms. Vacancies shall be filled by appointment for the remainder of the unexpired term of the position being vacated.

The governing board shall be reconstituted, with regard to the number of representatives from each county, on a population basis, using the official estimate of financial management population estimates, five years after its initial formation and, at minimum, in the year following each official federal census. The board membership may be reduced, maintained, or expanded to reflect population changes but under no circumstances may the board membership exceed twenty-five.

(2)) Major decisions of the authority shall require a favorable vote of two-thirds of the entire membership of the voting members. "Major decisions" include at least the following: System plan adoption and amendment; system phasing decisions; annual budget adoption; authorization of annexations; modification of board composition; and executive director employment.

((22)) (2) Each member of the board is eligible to be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060 and to receive compensation as provided in RCW 43.03.250."

POINT OF ORDER

Representative Tarleton requested a scope and object ruling on amendment (1160) to Engrossed Substitute Senate Bill No. 6002.

SPEAKER'S RULING

Mr. Speaker (Representative Lovick presiding): "The bill before us creates a state voting rights act to protect the equal opportunity of minority groups to participate in local elections and elect candidates of choice; creates a cause of action authorizing courts to order appropriate remedies for violation of the act; and authorizes local governments to change voting districts to remedy potential violations of the act.

Amendment 1160 changes the governing structure of regional transit authorities from an appointed board to an elected board. The appropriate type of governing structure for such an entity presents a policy choice unrelated to addressing inequities faced by minority groups in existing election systems.

The Speaker therefore finds and rules that the amendment is beyond the scope and object of the bill. The point of order is well taken."

Representative Pike moved the adoption of amendment (1190) to the committee amendment:

On page 3, after line 16 of the striking amendment, insert the following:

On page 6, after line 29 of the amendment, insert the following:

"Sec. 210. RCW 53.12.010 and 2002 c 51 s 1 are each amended to read as follows:

(1) The powers of the port district shall be exercised through a port commission consisting of three or five members, (when) or as otherwise permitted by this title,(five members).

(a) Every port district that is not coextensive with a county having a population of five hundred thousand or more shall be divided into the same number of commissioner districts as there are commissioner positions, each having approximately equal population, unless provided otherwise under subsection (2) of this section.

(b) Where a port district with three commissioner positions is coextensive with the boundaries of a county that has a population of less than five hundred thousand and the county has three county legislative authority districts, the port commissioner districts shall be the county legislative authority districts.

(c) In other instances where a port district is divided into commissioner districts, the port commission shall divide the port district into commissioner districts unless the commissioner districts have been described pursuant to RCW 53.04.031. The commissioner districts shall be altered as provided in chapter 53.16 RCW.

(d) Commissioner districts shall be used as follows: ((a)) (i) Only a registered voter who resides in a commissioner district may be a candidate for, or hold office as, a commissioner of the commissioner district; and ((b)) (ii) only the voters of a commissioner district may vote at a primary to nominate candidates for a commissioner of the commissioner district. Except as provided in subsection (3) of this section, voters of the entire port district may vote at a general election to elect a person as a commissioner of the commissioner district.

(2)(a) In port districts with five commissioners, two of the commissioner districts may include the entire port district if approved by the voters of the district either at the time of formation or at a subsequent port district election at which the issue is proposed pursuant to a resolution adopted by the board of commissioners and delivered to the county auditor.

(b) In a port district with five commissioners, where two of the commissioner districts include the entire port district, the port district may be divided into five commissioner districts if proposed pursuant to a resolution adopted by the board of commissioners or pursuant to a petition by the voters and approved by the voters of the district at the next general or special election occurring sixty or more days after the adoption of the resolution. A petition proposing such an increase must be submitted to the county auditor of the county in which the port district is located and signed by voters of the port district at least equal in number to ten percent of the number of voters in the port district who voted at the last general election.

Upon approval by the voters, the commissioner district boundaries shall be redrawn into five districts within one hundred twenty days and submitted to the county auditor pursuant to RCW 53.16.015. The new commissioner districts shall be numbered one through five and the three incumbent commissioners representing the three former districts shall represent
commissioner districts one through three. The two at large incumbent commissioners shall represent commissioner districts four and five. If, as a result of redrawing the district boundaries, more than one of the incumbent commissioners resides in one of the new commissioner districts, the commissioners who reside in the same commissioner district shall determine by lot which of the numbered commissioner districts they shall represent for the remainder of their respective terms.

(3)(a) Beginning in 2019, any port district with five members that is coextensive with a county having a population of over one and one-half million, and with a legislative authority of nine members, must be divided into the same commissioner districts as the county legislative authority districts and include the same number of commissioner positions as the county legislative authority.

(b) Each commissioner must reside in the district from which he or she is elected, and only voters from each district may elect the commissioner to fill that district's commissioner position. No commissioner position may be elected at large.

(c) Each commissioner elected prior to 2019 with at least two years remaining in his or her term may complete his or her term for the new commissioner district in which he or she resides. If, as a result of redrawing the district boundaries, more than one of the incumbent commissioners, with at least two years remaining on each of their terms, reside in one of the new commissioner districts, the commissioners who reside in the same commissioner district shall determine by lot which commissioner will represent the district for the remainder of the term.

(d) The initial election under this subsection (3) will include the election of positions in each of the remaining district positions as follows:

(i) A certain number of positions elected to serve an initial two-year term, which in addition to any incumbent commissioner's position, as established in (c) of this subsection (3), provide a total number of four positions that will expire at the end of 2021; and

(ii) Five positions elected to serve four-year terms.

(e) The county auditor must select which district positions will be two-year or four-year terms for the initial election, pursuant to (d) of this subsection. All subsequent terms for all positions must be for four-year terms.

(f) Each commissioner must receive the same salary as a member of the state legislature, as set under RCW 43.03.013.

POINT OF ORDER

Representative Tarleton requested a scope and object ruling on amendment (1173) to Engrossed Substitute Senate Bill No. 6002.

SPEAKER’S RULING

Mr. Speaker (Representative Lovick presiding): “The bill before us creates a state voting rights act to protect the equal opportunity of minority groups to participate in local elections and elect candidates of choice; creates a cause of action authorizing courts to order appropriate remedies for violation of the act; and authorizes local governments to change voting districts to remedy potential violations of the act.

Amendment 1173 changes the election system for certain port districts without regard to whether those changes relate to protecting the equal opportunity of minority groups to participate in local elections and elect candidates of choice.

The Speaker therefore finds and rules that the amendment is beyond the scope and object of the bill. The point of order is well taken.”

Beginning on page 9, line 5 of the amendment, strike all of section 302 and insert the following:

"NEW SECTION. Sec. 302. (1) A political subdivision is in violation of this act when:

(a) It is established by prima facie evidence that:

(i) The protected class is sufficiently large and geographically compact enough to constitute a majority in a single member voting district;

(ii) The protected class is politically cohesive; and

(iii) The majority votes sufficiently as a bloc to enable it to defeat the protected class' preferred candidate; and

(b) It is established that, by the totality of circumstances, the voters of the protected class have less opportunity than members of the majority group to participate in the political process and to elect representatives of their choice.

(2) In determining whether there is a violation of this act, the court shall analyze elections of the governing body of the political subdivision, ballot measure elections, elections in which at least one candidate is a member of a protected class, and other electoral choices that affect the rights and privileges of members of a protected class. Only elections conducted prior to the filing of an action pursuant to this chapter shall be used to establish or rebut the existence of a violation. In determining whether, by the totality of the circumstances, the voters of the protected class have less opportunity than members of the majority group to participate in the political process and to elect representatives of their choice, the court shall consider, at a minimum, the following factors:

(a) The history of voter-related discrimination in the political subdivision;

(b) The extent to which voting in elections of the political subdivision is racially polarized;

(c) The extent to which the political subdivision has used voting practices or procedures that tend to enhance the opportunity for discrimination against the minority group, such as unusually large election districts, majority voting requirements, and prohibitions against bullet voting;

(d) The exclusion of members of the protected class from the candidate slating process;

(e) The extent to which protected class members bear the effects of past discrimination in areas such as education, employment, and health, which hinder their ability to participate effectively in the political process;

(f) The use of overt or subtle racial appeals in political campaigns;

(g) The extent to which members of the protected class have been elected to public office in the political subdivision; and

(h) Whether there is a significant lack of responsiveness on the part of elected officials to the particularized needs of the members of the protected class.

(3) In determining whether there is a violation of this act, the court shall analyze elections of the governing body of the political subdivision, ballot measure elections, elections in which at least one candidate is a member of a protected class, and other electoral choices that affect the rights and privileges of members of a protected class. The court shall also consider whether the proportion of elected officials serving on the political subdivision's legislative body who are members of the protected class is equivalent to the proportion of the population who are members of the protected class. Only elections conducted prior to the filing of an action pursuant to this chapter shall be used to establish or rebut the existence of a violation.

(4) The election of candidates who are members of a protected class and who were elected prior to the filing of an action pursuant to this chapter shall not preclude a finding of a violation of this act."

"NEW SECTION. Sec. 1. A new section is added to chapter 82.14 RCW to read as follows:

(1)(a) A county legislative authority may authorize, fix, and impose a sales and use tax in accordance with the terms of this chapter. The rate of the tax under this section may not exceed 0.03 percent of the selling price in the case of a sales tax, or value of the article used, in the case of a use tax.

(b)(i) If a county with a population of one million five hundred thousand or less has not imposed the full tax rate authorized under (a) of this subsection by July 1, 2020, any city legislative authority in that county may authorize, fix, and impose the sales and use tax in accordance with the terms of this chapter. The rate of the tax under this section may not exceed 0.03 percent of the selling price in the case of a sales tax, or value of the article used, in the case of a use tax.

(ii) If a county with a population of greater than one million five hundred thousand has not imposed the full tax rate authorized under (a) of this subsection by July 1, 2021, any city legislative authority in that county may authorize, fix, and impose the sales and use tax in accordance with the terms of this chapter. The rate of the tax under this section may not exceed 0.03 percent of the selling price in the case of a sales tax, or value of the article used, in the case of a use tax.

(c) The effective date of a tax imposed under this section must be the first day of a state fiscal year.
(d) If a county imposes a tax authorized under (a) of this subsection after a city located in that county has imposed the tax authorized under (b) of this subsection, the county must provide a credit against its tax for the full amount of tax imposed by the city.

(e) If a county or city has not imposed the tax under this subsection by July 1, 2023, the county or city may not authorize, fix, and impose the tax.

(2) The tax imposed under subsection (1) of this section must be deducted from the amount of tax otherwise required to be collected or paid to the department of revenue under chapter 82.08 or 82.12 RCW. The department must perform the collection of such taxes on behalf of the county or city at no cost to the county or city.

(3) A county or city imposing a tax under subsection (1) of this section must provide annual matching funds for the purposes in subsection (6) of this section. The matching funds must not be derived from the state-subsidized portion of any state loan or grant, any local tax that is credited against state retail sales and use taxes, or any other state funds. The amount of the matching funds is determined by the rate imposed as follows:

(a) If the rate imposed is 0.0125 percent or less, the matching funds must equal at least ten percent of the annual maximum amount of tax distributions as calculated in subsection (4) of this section;

(b) If the rate imposed is greater than 0.0125 percent but no more than 0.025 percent, the matching funds must equal at least fifteen percent of the annual maximum amount of tax distributions as calculated in subsection (4) of this section; and

(4) By December 31, 2018, or within thirty days of a county or city authorizing the tax under subsection (1) of this section, whichever is later, the department must calculate the maximum amount of tax distributions for each county and city authorizing the tax under subsection (1) of this section as follows:

(a) The maximum amount for a county equals the taxable retail sales within the county in state fiscal year 2018 multiplied by the tax rate imposed under subsection (1) of this section. If a county imposes a tax authorized under subsection (1) of this section after a city located in that county has imposed the tax, the taxable retail sales within the city in state fiscal year 2018 must be subtracted from the taxable retail sales within the county for the calculation of the maximum amount.

(b) The maximum amount for a city equals the taxable retail sales within the city in state fiscal year 2018 multiplied by the tax rate imposed under subsection (1) of this section.

(5) The tax must cease to be distributed to a county or city for the remainder of any fiscal year in which the amount of tax exceeds the maximum amount in subsection (4) of this section. The department must remit any annual tax revenues above the maximum to the state treasurer for deposit in the general fund. Distributions to a county or city meeting the maximum amount must resume at the beginning of the next fiscal year.

(6) The moneys collected or bonds issued under this section may only be used for the following purposes:

(a) Acquiring, rehabilitating, or constructing affordable housing, which may include new units of affordable housing within an existing structure or facilities providing supportive housing services;

(b) Funding the operations and maintenance costs of new units of affordable or supportive housing; or

(c) Providing rental assistance to tenants.

(7) The housing and services provided pursuant to subsection (6) of this section may only be provided to persons whose income is at or below sixty percent of the median income of the county imposing the tax.

(8) In determining the use of funds under subsection (6) of this section, a county or city must consider the income of the individuals and families to be served, the leveraging of the resources made available under this section, and
the housing needs within the jurisdiction of the taxing authority.

(9) To carry out the purposes of this section including, but not limited to, financing loans or grants to nonprofit organizations or public housing authorities, the legislative authority of the county or city imposing the tax has the authority to issue general obligation or revenue bonds within the limitations now or hereafter prescribed by the laws of this state, and may use, and is authorized to pledge, the moneys collected under this section for repayment of such bonds.

(10) A county with a population of greater than one million five hundred thousand imposing a tax under this section must distribute funds in an equitable manner throughout the county in furtherance of a regional implementation plan. The county legislative authority must refer the plan to a regional committee for review and recommendation pursuant to, and consistent with, county charter regional committee provisions. The county must produce an annual report on the geographic distribution of funds across the county, including the location of affordable or supportive housing by jurisdiction, and identify barriers, if any, to distributing funds in certain communities.

(11) A county or city may enter into an interlocal agreement with one or more counties, cities, or public housing authorities in accordance with chapter 39.34 RCW. The agreement may include, but is not limited to, pooling the tax receipts received under this section, pledging those taxes to bonds issued by one or more parties to the agreement, and allocating the proceeds of the taxes levied or the bonds issued in accordance with such interlocal agreement and this section.

(12) Counties and cities imposing the tax under this section must report annually to the housing finance commission on the collection and use of the revenue. The commission must adopt rules prescribing content of such reports. By December 1, 2019, and annually thereafter, and in compliance with RCW 43.01.036, the housing finance commission must submit a report annually to the appropriate legislative committees with regard to such uses.

(5) $3,000,000 is provided solely for the Evergreen treatment services building purchase, contingent on matching funds.

(6) (a) $3,000,000 is provided solely for a grant to a joint venture between MultiCare-Franciscan to provide community based behavioral health services. Funding provided in this subsection is subject to the criteria in subsection (1) of this section. The department of commerce may not release funding for this project unless MultiCare-Franciscan enters into a memorandum of understanding with the department of social and health services by October 31, 2018, to collaborate on development and implementation of strategies to expand the behavioral health workforce in the region. At a minimum, the agreement must include strategies for increasing recruitment of health professionals required to staff psychiatric inpatient facilities, including psychiatrists, psychologists, nurses and other health care professionals. The agreement must also identify opportunities for coordination between the parties to expand access to clinical skill development and training opportunities in the region and strategies for collaborative service delivery between the parties when possible. To objectively evaluate the efficacy of the strategies implemented to achieve the desired outcomes of the agreement, performance measures and targets must be established to include:

- MultiCare-Franciscan and the department of social and health services must work collaboratively to decrease vacancy rates for hard-to-recruit health care professionals employed by each facility. The parties must develop strategies to attract more qualified health care professionals to the area and ensure comparable exposure to the benefits of working for each organization. The parties must measure the success of these strategies by the decrease in vacancy rate for health care professionals necessary to provide safe, quality inpatient psychiatric care in MultiCare-Franciscan and department facilities following the first year as the baseline of the partnership/consortium and with updated goals for each subsequent year. MultiCare-Franciscan and the department of social and health services must work to increase the competency and skills of health care professionals across both facilities by establishing organized joint- and cross-training programs. The parties must measure the success of this strategy by the number of health care professionals in total and by discipline complete cross-training activities and the number and hours of cross-training opportunities offered under the agreement.

(7) The department of commerce shall notify all applicants that they may
be required to have a construction review performed by the department of health.

(4(4)) (8) To accommodate the emergent need for behavioral health services, the department of health and the department of commerce, in collaboration with the health care authority and the department of social and health services, shall establish a concurrent and expedited process to assist grant applicants in meeting any applicable regulatory requirements necessary to operate inpatient psychiatric beds, free-standing evaluation and treatment facilities, enhanced services facilities, triage facilities, crisis stabilization facilities, detox, or secure detox.

FOR THE DEPARTMENT OF COMMERCE

CERB Administered Broadband Infrastructure (91000943)

The appropriation in this section is subject to the following conditions and limitations: During the 2017-2019 fiscal biennium, the community economic revitalization board may make grants and loans to local governments and federally recognized tribes to build infrastructure to provide high-speed, open-access broadband service, with a minimum of 25 megabits per second download speed, to rural and underserved communities, for the purpose of economic development or community development. Grants may also be authorized for purposes designated in this chapter, but only when, and to the extent that, a loan is not reasonably possible, given the limited resources of the local government or the federally recognized Indian tribe, and subject to a finding by the board that financial circumstances require grant assistance to enable the project to move forward. However, no more than 25 percent of all financial assistance approved by the board in any biennium may consist of grants to local governments and federally recognized Indian tribes.

(4) Application for funding must be made in the form and manner as the board may prescribe. In making grants or loans the board must conform to the following requirements:

(a) The board may not provide financial assistance:

(i) For a project the primary purpose of which is to facilitate or promote a retail shopping development or expansion.

(ii) For any project that evidence exists would result in a development or expansion that would displace existing jobs in any other community in the state.

(iii) For a project the primary purpose of which is to facilitate or promote gambling.

(iv) For a project located outside the jurisdiction of the applicant local government or federally recognized Indian tribe.

(v) For equipment or facilities which would enable a public entity to provide retail telecommunications services or services that the entity is not authorized by statute to provide.

(vi) For the deployment of publicly-owned telecommunications network infrastructure ("backbone") solely for the sake of creating competitive,
publicly-owned telecommunication network infrastructure.

(b) The board may provide financial assistance only:

(i) For projects demonstrating convincing evidence that a specific private development or expansion is ready to occur and will occur only if the public facility improvement is made that:

(A) Results in the creation of significant private sector jobs or significant private sector capital investment as determined by the board;

(B) Will improve the opportunities for the successful maintenance, establishment, or expansion of industrial or commercial plants or will otherwise assist in the creation or retention of long-term economic opportunities; and

(C) Is located in a rural community as defined by the board, or a rural county;

(ii) For a project that does not meet the requirements of (b)(i) of this subsection but is a project that:

(A) Results in the creation of significant private sector jobs or significant private sector capital investment as determined by the board;

(B) Is part of a local economic development plan consistent with applicable state planning requirements;

(C) Can demonstrate project feasibility using standard economic principles; and

(D) Is located in a rural community as defined by the board, or a rural county;

(c) The board must develop guidelines for local participation and allowable match and activities.

(d) An application must demonstrate local match and local participation, in accordance with guidelines developed by the board.

(e) For projects located in a rural community as defined by the board, or located in a rural county, that encourage, foster, develop, and improve broadband within the state in order to:

(i) Drive job creation, promote innovation, and expand markets for local businesses; or

(ii) Serve the ongoing and growing needs of local education systems, health care systems, public safety systems, industries and businesses, governmental operations, and citizens; and

(iii) Improve accessibility for underserved communities and populations.

(c) An application must be approved by the local government and supported by the local associate development organization or local workforce development council or approved by the governing body of the federally recognized Indian tribe.

(d) The board may allow de minimis general system improvements to be funded if they are critically linked to the viability of the project.

(e) An application must demonstrate convincing evidence that the median hourly wage of the private sector jobs created after the project is completed will exceed the countywide median hourly wage.

(h) The board must prioritize each proposed project according to:

(i) The relative benefits provided to the community by the jobs the project would create, not just the total number of jobs it would create after the project is completed, but also giving consideration to the unemployment rate in the area in which the jobs would be located;

(ii) The rate of return of the state’s investment, including, but not limited to, the leveraging of private sector investment, anticipated job creation and retention, and expected increases in state and local tax revenues associated with the project;

(iii) Whether the proposed project offers a health insurance plan for employees that includes an option for dependents of employees;

(iv) Whether the public facility investment will increase existing capacity necessary to accommodate projected population and employment growth in a manner that supports infill and redevelopment of existing urban or industrial areas that are served by adequate public facilities. Projects should maximize the use of existing infrastructure and provide for adequate funding of necessary transportation improvements;
(v) Whether the applicant’s permitting process has been certified as streamlined by the office of regulatory assistance; and

(vi) Whether the applicant has developed and adhered to guidelines regarding its permitting process for those applying for development permits consistent with section 1(2), chapter 231, Laws of 2007.

((5))) (e) When evaluating and prioritizing projects, the board must give consideration, at a minimum, to the following factors:

(i) The project’s value to the community, including evidence of support from affected local businesses and government;

(ii) The project’s feasibility, using standard economic principles;

(iii) Commitment of local matching resources and local participation;

(iv) The project’s inclusion in a capital facilities plan, comprehensive plan, or local economic development plan consistent with applicable state planning requirements; and

(v) The project’s readiness to proceed.

(5) A responsible official of the local government or the federally recognized Indian tribe must be present during board deliberations and provide information that the board requests.

((5))) (6) Before any financial assistance application is approved, the local government or the federally recognized Indian tribe seeking the assistance must demonstrate to the community economic revitalization board that no other timely source of funding is available to it at costs reasonably similar to financing available from the community economic revitalization board.

Sec. 3007. 2018 c 2 s 3025 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF ECOLOGY

VW Settlement Funded Projects (40000018)

((The appropriation in this section is subject to the following conditions and limitations:)

(1) The legislature finds that it is appropriate to provide a framework for the administration of mitigation funds provided to the state as a beneficiary under the terms of the consent decrees entered into by the United States, Volkswagen AG, and other participating parties that settle emissions-related claims for 2.0 and 3.0 liter diesel vehicles of certain models and years. The legislature deems the department of ecology the responsible agency for the administration and expenditure of funds provided by the trustee under the terms of the consent decrees, including the development of a mitigation plan to guide the use of the funds, whether or not the department receives funds directly for projects included in the plan.

(2)(a) The department of ecology shall develop the mitigation plan through an open, transparent public process consistent with direction in the consent decrees. The department shall provide ample opportunity using a variety of engagement options, as appropriate, for stakeholders and the public to shape, review, and comment throughout the development of the mitigation plan, including at least two meetings of the legislative advisory group as described in (e) of this subsection.

(b) The department of ecology shall work collaboratively with other agencies to develop and implement the elements of the mitigation plan that address categories of projects for which other agencies have already developed programs or expertise. In doing so, the department of ecology must consider and utilize, where appropriate and to the extent possible, the following existing programs for alternative fuels and zero emission vehicles:

(i) The department of transportation's electric vehicle infrastructure bank program;

(ii) The state alternative fuel commercial vehicle tax credit;

(iii) The state sales and use tax exemption for clean vehicles; and

(iv) Public transportation grant programs administered by the department of transportation.

(e)(1) For the purposes of providing legislative input and gathering public feedback on the development of the mitigation plan, a legislative advisory group is established. The advisory group is comprised of eight legislators, including the chairs and ranking members, or designees of the chairs and ranking members, of the transportation and capital budget committees in the House and in the Senate; the director of the department of ecology; and the secretary of the department of transportation.

(2) The advisory group must select a chair from among its membership. Meetings of the advisory group must be open to the public and allow for public comment.

(iii) The advisory group must meet at least twice, once immediately prior to the date that the draft mitigation plan is released publicly, and again after public comment has been incorporated but
before the department submits the plan to
the trustee.

(iv) The office of program research
and the senate committee services must
provide staff support to the advisory
group. The department of ecology staff
must provide technical support, as
needed. Legislative members of the
advisory group are reimbursed for travel
expenses in accordance with RCW
44.04.120. Nonlegislative members are
not entitled to be reimbursed for travel
expenses if they are elected officials or
are participating on behalf of an
employer, government entity, or other
organization. Any reimbursement for
other nonlegislative members is subject
to chapter 43.03 RCW. Advisory group
expenditures are subject to approval by
the senate facilities and operations
committee and the house of
representatives executive rules
committee, or their successor
committees.

(3) The mitigation plan and the
stewardship of project implementation
must adhere to the following principles:

(a) Maximize air quality and public
health benefits relating to the reduction
of nitrogen oxides emissions;

(b) Give priority to projects that
improve air quality relating to the
reduction of nitrogen oxides emissions in
areas that bear a disproportionate share
of the burden from nitrogen oxides
emissions;

(c) Achieve substantial additional air
quality benefits relating to the
reduction of nitrogen oxides emissions
beyond that which would already occur,
absent trust funding;

(d) Investments in clean vehicles or
investments in clean engine replacements
must be shown to be cost-effective. For
the purposes of leveraging funding,
investments in clean vehicles may not
exceed the incremental cost of the clean
car, relative to the cost of a
conventionally fueled vehicle. To
incentivize the replacement of
standard engines, investments may be made
up to the full cost of the clean engine
replacement;

(e) Consideration must be given to
investments across a range of fueling
technologies and emissions reduction
technologies; and

(f) Priority must be given to projects
that have the highest benefit-cost
ratio, in terms of the amount of
nitrogen oxides emissions reduced per
dollar invested.

(4) Funding must be allocated to
eligible projects under the terms of the
consent decrees in the following manner:

(a)(i) No more than thirty percent of
funding provided during the 2017-2019
biennium for commercial vehicle class
eight transit buses, shuttle
buses, and school buses;

(ii) No more than thirty percent of
funding provided during the 2017-2019
biennium for commercial vehicle class
eight local freight trucks and port
drayage trucks;

(iii) No more than twenty percent of
funding provided during the 2017-2019
biennium for commercial vehicle class
four through seven local freight trucks;

(iv) No more than twenty percent of
funding provided during the 2017-2019
biennium for airport ground support
equipment;

(v) No more than twenty percent of
funding provided during the 2017-2019
biennium for ocean-going vessels’ shore
power;

(vi) No more than fifteen percent of
funding provided during the 2017-2019
biennium for light duty, zero emission
car

(vii) No more than twenty percent of
funding provided during the 2017-2019
biennium for nonfederal matching funds
for projects eligible under the diesel
emission reduction act option; and

(viii) For each of the other
categories of mitigation actions that are
eligible under the consent decrees but
not otherwise specified under this
subsection (4)(a), no more than ten
percent of funding provided during the
2017-2019 biennium.

(b) Projects that receive funding
under subsection (4)(a)(i) and (ii) of
this section and ocean-going vessel
shorepower projects that receive funding
under subsection (4)(a)(viii) of this
section must include electric
technologies, if practicable.

(5) To the extent this section
conflicts with the consent decrees, the
consent decrees supersede it.
(6) The department of ecology may modify the mitigation plan as needed to comply with trustee requirements, including to the extent these modifications conflict with this section. In making any adjustments, the department of ecology shall consult with the department of transportation and the office of the superintendent of public instruction and provide notice to the steering committee of any significant changes to the plan submitted.

(7) The department of ecology shall provide a report to the governor and the appropriate committees of the legislature by January 1, 2018, and each year thereafter, on any plans or efforts to change the mitigation plan, its progress in implementing the mitigation plan, and the specific projects funded through these mitigation funds for the previous fiscal year.

(8) For the purposes of this section:

(a) "Project" means an eligible mitigation action under the terms of the consent decrees entered into by the United States, Volkswagen AG, and other participating parties that settle emissions-related claims for 2.0 and 3.0 liter diesel vehicles of certain models and years.

(b) "Trustee" means the entity selected under the terms of the consent decrees to administer the disbursement of funds to eligible projects for the purposes of mitigating nitrogen oxide emission pollution.

The appropriation in this section is subject to the following conditions and limitations:

(1)(a) The legislature finds that it is appropriate to provide a framework for the administration of mitigation funds provided to the state as a beneficiary under the terms of the consent decrees entered into by the United States, Volkswagen AG, and other participating parties that settle emissions-related claims for 2.0 and 3.0 liter diesel vehicles of certain models and years.

(b) The department of ecology shall work collaboratively with other agencies to implement the elements of the mitigation plan that address categories of projects for which other agencies have already developed programs or expertise. In doing so, the department of ecology must consider and utilize, where appropriate and to the extent practical, the following existing programs for alternative fuels and zero-emission vehicles:

(i) The department of transportation's electric vehicle infrastructure bank program;

(ii) The state alternative fuel commercial vehicle tax credit;

(iii) The state sales and use tax exemption for clean vehicles; and

(iv) Public transportation grant programs administered by the department of transportation.

(c) For the purposes of providing legislative input and gathering public feedback on the mitigation plan, a steering committee is established. The steering committee is comprised of the following members: Four legislators, one from each major caucus, and one alternate for each of the four legislators; the director of the department of ecology, or his or her designee; the director of enterprise services, or his or her designee; the director of the office of financial management, or his or her designee; the governor, or his or her designee; and the secretary of the department of transportation, or his or her designee.

(ii) As the responsible agency for administration of funds provided by the trustee under the terms of the consent decree, the department of ecology shall chair the steering committee. Meetings of the steering committee must be open to the public.

(iii) The steering committee shall meet as needed to review the mitigation plan and review project category selection principles and priorities, and project proposals.

(iv) The department of ecology staff shall provide support to the steering committee as needed. Legislative members and alternates of the advisory group are reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members are not entitled
to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, government entity, or other organization.

(2) The stewardship of project implementation must adhere to the following principles:

(a) Maximize air quality and public health benefits relating to the reduction of nitrogen oxides emissions, other toxic air pollutant emissions and carbon emissions;

(b) Encouraging projects that improve air quality in areas that bear a disproportionate share of the burden from nitrogen oxides emissions and reduce carbon emissions.

(c) In making project selections, consider distribution of projects across many areas of the state;

(d) Achieve substantial additional air quality benefits relating to the reduction of nitrogen oxides emissions beyond that which would already occur, absent trust funding;

(e) Investments in clean vehicles and vessels or investments in clean engine replacements are encouraged to be cost-effective. For the purposes of leveraging funding, investments in clean vehicles may not exceed the incremental cost of the clean vehicle, relative to the cost of a similar conventionally fueled vehicle. To incentivize the replacement while maximizing achievement of complimentary state goals of standard engines, investments may be made up to the full cost of the clean engine replacement;

(f) Investments must be across a range of low and zero emission fueling technologies including, but not limited to, electric, hybrid, zero emission, and compressed natural gas and other emission reduction fuels and technologies; and

(g) Encouragement of projects that have high benefit-cost ratios for reductions of nitrogen oxides emissions and carbon emissions.

(3) Funding must be allocated to eligible projects under the terms of the consent decrees in the following manner:

(a)(i) No more than sixty percent of funding may be provided for on-road heavy duty vehicles; class four through eight school buses, shuttle buses, or transit buses; commercial vehicle class four through eight transit buses, shuttle buses, and school buses; and commercial vehicle class eight local freight trucks and port drayage trucks;

(ii) No more than twenty percent of funding may be provided for commercial vehicle class four through seven local freight trucks;

(iii) No more than five percent of funding may be provided for freight switchers;

(iv) No more than five percent of funding may be provided for airport ground support equipment;

(v) No more than forty-five percent of funding may be provided for marine vessels including ferries and tugs, and for ocean-going vessels' shore power;

(vi) No more than fifteen percent of funding may be provided for light duty, zero emission vehicle supply equipment. Priority must be given to those projects for which grants were sought under the department of transportation's grant opportunity for DC fast chargers for Washington's interregional corridors program in 2017, that ranked high in the grant evaluation but did not receive funding; and

(vii) No more than five percent of funding may be provided for nonfederal matching funds for projects eligible under the diesel emission reduction act option.

(4) To the extent this section conflicts with the consent decrees, the consent decrees supersede it.

(5) The department of ecology may modify the mitigation plan as needed to comply with trustee requirements, including to the extent these modifications conflict with this section. In making any adjustments, the department of ecology shall provide notice to the steering committee of any significant changes to the plan submitted.

(6) The department of ecology shall provide a report to the governor and the appropriate committees of the legislature by January 1, 2019, and each year thereafter, on any plans or efforts to change the mitigation plan, its progress in implementing the mitigation plan, and the specific projects funded
through these mitigation funds for the previous fiscal year.

(7) For the purposes of this section:

(a) "Project" means an eligible mitigation action under the terms of the consent decrees entered into by the United States, Volkswagen AG, and other participating parties that settle emissions-related claims for 2.0 and 3.0 liter diesel vehicles of certain models and years.

(b) "Trustee" means the entity selected under the terms of the consent decrees to administer the disbursement of funds to eligible projects for the purposes of mitigating nitrogen oxides emission pollution.

(1) The appropriation is provided solely to the department of natural resources to transfer from trust status certain trust lands of statewide significance deemed appropriate for state parks, fish and wildlife habitats, natural area preserves, natural resources conservation areas, department of natural resources community forest open spaces, or recreation purposes. The approved property for transfer is identified in the LEAP capital document no. 2017-2H, developed June 30, 2017.

(2) Property transferred under this section must be appraised and transferred at fair market value. By ((September 30, 2018)) June 30, 2019, the department must deposit in the common school construction account the portion of the appropriation in this section that represents the estimated value of the timber on the transferred properties. This transfer must be made in the same manner as timber revenues from other common school trust lands. No deduction may be made for the resource management cost account under RCW 79.64.040. The portion of the appropriation in this section that represents the value of the land transferred must be deposited in the natural resources real property replacement account.

(3) All reasonable costs incurred by the department to implement this section are authorized to be paid out of the appropriations. Authorized costs include the actual cost of appraisals, staff time, environmental reviews, surveys, and other similar costs, and may not exceed one and nine-tenths percent of the appropriation.

(4) By June 30, ((2018)) 2019, land within the common school trust shall be exchanged for land of equal value held for other trust beneficiaries of the property identified in subsection (1) of this section.

(5) Prior to or concurrent with conveyance of these properties, the department shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section. Fee transfer agreements for properties identified in subsection (1) of this section must include terms that perpetually restrict the use of the property to the intended purpose. (1) $60,000 of the appropriation is provided solely for the department to assess options to replace timber trust revenues for counties with populations of twenty-five thousand or fewer that are subject to timber harvest deferrals greater than thirty years due to the presence of wildlife species listed as endangered or threatened under the federal endangered species act. The department must consult with the qualifying counties and other stakeholders in conducting the assessment. The department shall report the findings of its assessment, including recommendations for addressing decreased revenues from state forestlands and improving the forest products economy in the qualifying counties, by December 15, 2018.

(2)(a) The remaining portion of the appropriation is provided solely to the department to transfer from state forestland status to natural resources conservation area status certain state forestlands in counties:

(b) This appropriation must be used equally for the transfer of qualifying state forestlands in the qualifying counties.

(3) Property transferred under this section must be appraised and transferred at fair market value, without consideration of management or regulatory encumbrances associated with wildlife species listed under the federal endangered species act. The value of the timber and other valuable materials transferred must be distributed as provided in RCW 79.64.110. The value of the land transferred must be deposited in the park land trust revolving account and be used solely to buy replacement state forestland, consistent with RCW 79.22.060.

(4) Prior to or concurrent with conveyance of these properties, the department shall execute and record a real property instrument that dedicatess the transferred properties to the purposes identified in subsection (2) of this section. Transfer agreements for properties identified in subsection (2) of this section must include terms that restrict the use of the property to the intended purpose.

The joint transportation committee must review current department of licensing practices and state laws and regulations, evaluating potential opportunities to expand eligibility criteria for commercial driver's license medical certifications and variances, and make recommendations regarding how department of licensing practices and state laws and regulations can be modified to increase the availability of commercial driver's licenses to address the current shortage of individuals who are authorized to drive commercial motor vehicles in the state.

(b) This review must include an assessment of possible approaches for developing a system within the department of licensing, such as through the use of a new state medical advisory board or panel, for setting state (i) medical certification requirements for excepted interstate commercial driver's license holders and applicants; and (ii) medical waiver requirements for physicians to use in evaluating whether to grant medical variances to intrastate nonexcepted commercial driver's license holders and applicants. Methods in use by other states to set state medical certification and medical waiver requirements must be considered. Under this approach, medical standards, when not governed by federal law, would be determined by the state rather than set by default to exceed or match federal medical standards for requiring medical certifications from excepted interstate commercial driver's license holders and applicants. In the case of medical variances, the medical standards adopted would be required to be based on sound medical judgment combined with appropriate performance standards ensuring no adverse effect on safety, as specified in 49 C.F.R. Sec. 350.341(h)(2).

(c) In conducting this review, in addition to consulting with the
department of licensing, the joint transportation committee must consult with stakeholders who currently rely on the state's commercial driver's license medical certification process, the Washington state patrol, the traffic safety commission, and the state department of health.

(d) An overview of the work conducted and the recommendations developed, including specific changes to state law and regulations, are due to the transportation committees of the legislature and the governor by November 1, 2018. Recommendations should include methods for expediting implementation of the recommendations made, without compromising safety considerations, to address the current shortage of individuals who are authorized to drive commercial motor vehicles in the state as quickly as possible.

(a) $12,000,000 of the multimodal transportation account—state appropriation is provided solely for grants to nonprofit providers of special needs transportation. Grants for nonprofit providers must be based on need, including the availability of other providers of service in the area, efforts to coordinate trips among providers and riders, and the cost effectiveness of trips provided. Of the amount provided in this subsection (1)(a), $25,000 of the multimodal transportation account—state appropriation is provided solely for the ecumenical christian helping hands organization for special needs transportation services.

(b) $40,679,000 of the multimodal transportation account—state appropriation is provided solely for grants to transit agencies to transport persons with special transportation needs. To receive a grant, the transit agency must, to the greatest extent practicable, have a maintenance of effort for special needs transportation that is no less than the previous year's maintenance of effort for special needs transportation. Grants for transit agencies must be prorated based on the amount expended for demand response service and route deviated service in calendar year 2015 as reported in the "Summary of Public Transportation - 2015" published by the department of transportation. No transit agency may receive more than thirty percent of these distributions.

(2) $32,223,000 of the rural mobility grant program account—state appropriation is provided solely for grants to aid small cities in rural areas as prescribed in RCW 47.66.100.

(3)(a) (($10,290,000)) $10,702,000 of the multimodal transportation account—state appropriation is provided solely for a vanpool grant program for: (i) Public transit agencies to add vanpools or replace vans; and (ii) incentives for employers to increase employee vanpool use. The grant program for public transit agencies will cover capital costs only; operating costs for public transit agencies are not eligible for funding under this grant program. Additional employees may not be hired from the funds provided in this section for the vanpool grant program, and supplanting of transit funds currently funding vanpools is not allowed. The department shall encourage grant applicants and recipients to leverage funds other than state funds.

(b) At least $1,600,000 of the amount provided in this subsection must be used for vanpool grants in congested corridors.

(4) (($16,241,000)) $24,171,000 of the regional mobility grant program account—state appropriation is reappropriated and provided solely for the regional mobility grant projects identified in LEAP Transportation Document ((2017-2 ALL PROJECTS)) 2018-1 as developed ((April 20, 2017)) February 18, 2018, Program - Public Transportation Program (V).

(5)(a) $77,679,000 of the regional mobility grant program account—state appropriation is provided solely for the regional mobility grant projects identified in LEAP Transportation Document ((2017-2 ALL PROJECTS)) 2018-1 as developed ((April 20, 2017)) February 18, 2018, Program - Public Transportation Program (V). The department shall review all projects receiving grant awards under this program at least semiannually to determine whether the projects are making
satisfactory progress. Any project that has been awarded funds, but does not report activity on the project within one year of the grant award, must be reviewed by the department to determine whether the grant should be terminated. The department shall promptly close out grants when projects have been completed, and any remaining funds must be used only to fund projects identified in the LEAP transportation document referenced in this subsection. The department shall provide annual status reports on December 15, 2017, and December 15, 2018, to the office of financial management and the transportation committees of the legislature regarding the projects receiving the grants. It is the intent of the legislature to appropriate funds through the regional mobility grant program only for projects that will be completed on schedule. A grantee may not receive more than twenty-five percent of the amount appropriated in this subsection. The department shall not approve any increases or changes to the scope of a project for the purpose of a grantee expending remaining funds on an awarded grant.

(b) In order to be eligible to receive a grant under (a) of this subsection during the 2017-2019 fiscal biennium, a transit agency must establish a process for private transportation providers to apply for the use of park and ride facilities. For purposes of this subsection, (i) "private transportation provider" means: An auto transportation company regulated under chapter 81.68 RCW; a passenger charter carrier regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; a private nonprofit transportation provider regulated under chapter 81.66 RCW; or a private employer transportation service provider; and (ii) "private employer transportation service" means regularly scheduled, fixed-route transportation service that is offered by an employer for the benefit of its employees.

(6) Funds provided for the commute trip reduction (CTR) program may also be used for the growth and transportation efficiency center program.

(7) $5,920,000 of the multimodal transportation account–state appropriation and $754,000 of the state vehicle parking account–state appropriation are provided solely for CTR grants and activities. Of this amount, $250,000 of the multimodal transportation account–state appropriation is provided solely for a voluntary pilot program to expand public-private partnership CTR incentives to make measurable reductions in off-peak, weekend, and nonwork trips. Ridesharing may be integrated into grant proposals. The department shall prioritize grant proposals that focus on the Interstate 90, Interstate 5, or Interstate 405 corridor. The department shall offer competitive trip-reduction grants. The department shall report to the transportation committees of the legislature by December 1, 2018, on the pilot program's impacts to the transportation system and potential improvements to the CTR grant program.

(8) $20,891,000 of the multimodal transportation account–state appropriation is provided solely for connecting Washington transit projects identified in LEAP Transportation Document ((2017-2 ALL PROJECTS)) 2018-1 as developed ((April 20, 2017)) February 18, 2018. It is the intent of the legislature that entities identified to receive funding in the LEAP document referenced in this subsection receive the amounts specified in the time frame specified in that LEAP document. If an entity has already completed a project in the LEAP document referenced in this subsection before the time frame identified, the entity may substitute another transit project or projects that cost a similar or lesser amount.

(9) $2,000,000 of the multimodal transportation account–state appropriation is provided solely for transit coordination grants.

(10) $250,000 of the multimodal transportation account–state appropriation is provided solely for King county for a pilot program to provide certain students in the Highline and Lake Washington school districts with an ORCA card during the summer. To be eligible for an ORCA card under this program, a student must also be in high school, be eligible for free and reduced-price lunches, and have a job or other responsibility during the summer. King county must provide a report to the department and the transportation committees of legislature by December 15, 2018, regarding: The annual student usage of the pilot program, available ridership
data, the cost to expand the program to other King county school districts, the cost to expand the program to student populations other than high school or eligible for free and reduced-price lunches, opportunities for subsidized ORCA cards or local grant or matching funds, and any additional information that would help determine if the pilot program should be extended or expanded.

(11) The department shall not require more than a ten percent match from nonprofit transportation providers for state grants.

(12)(a) For projects funded as part of the 2015 connecting Washington transportation package listed on the LEAP transportation document identified in subsection (4) of this section, if the department expects to have substantial reappropriations for the 2019-2021 fiscal biennium, the department may, on a pilot basis, apply funding from a project with an appropriation that cannot be used for the current fiscal biennium to advance one or more of the following projects:

(i) King County Metro - RapidRide Expansion, Burien-Delridge (G2000031);

(b) At least ten business days before advancing a project pursuant to this subsection, the department must notify the office of financial management and the transportation committees of the legislature. The advancement of a project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2019-2021 fiscal biennium.

(13) $300,000 of the multimodal transportation account-state appropriation is provided solely for Pierce Transit to procure and install digital transit information technology at various transit centers, in order to provide transit riders with real-time arrival and departure information.

The department must continue to consult with the city of Mercer Island and the other signatories to the 1976 memorandum of agreement to preserve access provided to Mercer Island by the Island Crest Way on-ramp, and thus grandfather in the current use of the on-ramp for both high occupancy vehicles as well as vehicles seeking to access the general purpose lanes of Interstate 90. Of the connecting Washington account—state appropriation is provided solely for the SR 167/SR 509 Puget Sound Gateway project (M00600R). Any savings on the project must stay on the Puget Sound gateway corridor until the project is complete.

In making budget allocations to the Puget Sound Gateway project, the department shall implement the project's construction as a single corridor investment. The department shall develop a coordinated corridor construction and implementation plan for state route number 167 and state route number 509 in collaboration with affected stakeholders. Specific funding allocations must be based on where and when specific project segments are ready for construction to move forward and investments can be best optimized for timely project completion. Emphasis must be placed on avoiding gaps in fund expenditures for either project.

The secretary of transportation must develop a memorandum of understanding with local project stakeholders that identifies a schedule for stakeholders to provide local matching funds for the Puget Sound Gateway project. Criteria for eligibility of local match includes matching funds and equivalent in-kind contributions including, but not limited to, land donations. The memorandum of understanding must be finalized by July 1, 2018. The department must submit a copy of the memorandum of understanding to the governor and the transportation committees of the legislature by July 1, 2018.

The legislature recognizes that the city of Mercer Island has unique access issues that require the use of Interstate 90 to leave the island and that this access may be affected by the I-90/Two-Way Transit and HOV Improvements project. One of the most heavily traveled on-ramps from Mercer Island to the westbound Interstate 90 general purpose lanes is from Island Crest Way. The department must continue to consult with the city of Mercer Island and the other signatories to the 1976 memorandum of agreement to preserve access provided to Mercer Island by the Island Crest Way on-ramp, and thus grandfather in the current use of the on-ramp for both high occupancy vehicles as well as vehicles seeking to access the general purpose lanes of Interstate 90. The department must consider all
reasonable access solutions, including allowing all vehicles to use the Island Crest Way on-ramp to access the new high occupancy vehicle lane with a reasonable and safe distance provided for single-occupancy vehicles to merge into the general purpose lanes.

(b) A final access solution for Mercer Island must consider the following criteria: Safety; operational effects on all users, including maintaining historic access to Interstate 90 provided from Mercer Island by Island Crest Way; enforcement requirements; and compliance with state and federal law.

(c) The department may not restrict by occupancy the westbound on-ramp from Island Crest Way until a final access solution that meets the criteria in (b) of this subsection has been reached.

((24) (25) $3,258,000 of the Interstate 405 express toll lanes operations account—state appropriation is provided solely for the I-405 NB Hard Shoulder Running – SR 527 to I-5 project (L1000163).

((25) (26) The legislature finds that there are sixteen companies involved in wood preserving in the state that employ four hundred workers and have an annual payroll of fifteen million dollars. Before the department’s switch to steel guardrails, ninety percent of the twenty-five hundred mile guardrail system was constructed of preserved wood and one hundred ten thousand wood guardrail posts were produced annually for state use. Moreover, the policy of using steel posts requires the state to use imported steel. Given these findings, where practicable, and until June 30, 2019, the department shall include the design option to use wood guardrail posts, in addition to steel posts, in new guardrail installations. The selection of posts must be consistent with the agency design manual policy that existed before December 2009.

((26) (27) For the SR 526 Corridor Improvements Project (N52600R), the department shall look holistically at the state route number 526 corridor from the state route number 526/Interstate 5 interchange at the east end to the southwest Everett industrial area and Boeing’s west access road on the west end. The department, working with affected jurisdictions and stakeholders, shall select project elements that best maximize mobility and congestion relief in the corridor and draw from project elements identified in a practical solutions process.

((27) It is the intent of the legislature that for the I-5/Slater Road Interchange - Improvements project (L1000099), $2,000,000 of connecting Washington account state funds be added in the 2021-2023 fiscal biennium and $10,100,000 of connecting Washington account state funds be added in the 2023-2025 fiscal biennium, and that the LEAP transportation document referenced in subsection (1) of this section be updated accordingly.))

(28)(a) For projects funded as part of the 2015 connecting Washington transportation package listed on the LEAP transportation document identified in subsection (1) of this section, if the department expects to have substantial reappropriations for the 2019-2021 fiscal biennium, the department may, on a pilot basis, apply funding from a project with an appropriation that cannot be used for the current fiscal biennium to advance one or more of the following projects:

(i) SR 20/Sharpe’s Corner Vicinity

(ii) I-5/Marvin Road/SR 510

(iii) I-5/Northbound On-ramp at Bakerview

(iv) US 395/Ridgeline Intersection

(v) I-90/Eastside Restripe Shoulders

(vi) SR 240/Restripe Shoulders

(vii) SR 14/Bingen Overpass

(viii) US Hwy 2 Safety

(ix) SR 520/148th Ave NE Overlake

(x) SR 28/SR 285 North Wenatchee Area

(xi) I-5/Rebuild Chambers Way

(xii) SR 28 East Wenatchee Corridor

(xiii) SR 3/Belfair Bypass – New Alignment

or
(xiv) SR 510/Yelm Loop Phase 2 (T32700R).

(b) At least ten business days before advancing a project pursuant to this subsection, the department must notify the office of financial management and the transportation committees of the legislature. The advancement of a project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2019-2021 fiscal biennium.

(29) Within existing resources and in consultation with local communities, the department shall begin planning efforts, including traffic data collection, analysis and evaluation, scoping, and environmental review, for roundabouts at the intersection of state route number 900 and SE May Valley Road and at the intersection of state route number 169 and Cedar Grove Road SE.

(30) Among the options studied as part of the SR 410 Corridor Study project (L1000174), the department shall examine the mobility and safety benefits of replacing or expanding the White River bridge between Enumclaw and Buckley to four lanes and removing the trestle.

(31)(a) Projects funded as part of the 2015 connecting Washington transportation package listed on the LEAP transportation document identified in subsection (1) of this section, and delivered utilizing the design-build method, may be advanced by the department subject to the following conditions:

(i) The department has provided notification of the request to advance the project as provided in (c) of this subsection;

(ii) The design-build project will be delivered in a more efficient or cost effective manner by advancing the timeline identified in the LEAP transportation document identified in subsection (1) of this section; and

(iii) The department has consulted with the office of financial management and the transportation committees of the legislature, and the director of the office of financial management has provided written authorization for the advancement.

(b) For the purpose of advancing projects eligible under (a) of this subsection, the department may apply amounts available from connecting Washington projects with an appropriation that would not otherwise be used for the current fiscal biennium. The advancement of a project may not hinder or delay the delivery of the projects for which reappropriations are necessary for the 2019-2021 fiscal biennium.

(c) At least thirty calendar days before advancing a project, the department must notify the office of financial management and the transportation committees of the legislature of the proposed project advancement. The notification must include the projects being advanced and the projects with unused appropriation authority applied to advance projects pursuant to (b) of this subsection. The notification must also provide the rationale for timing changes for each advanced project and for each project with an appropriation that would not otherwise be used for the current fiscal biennium.

(32) Proceeds from the sale of any surplus real property acquired for the purpose of building the SR 167/SR 509 Puget Sound Gateway (M00600R) project must be deposited into the motor vehicle account for the purpose of constructing the project.

IMPLEMENTING PROVISIONS

Sec. 601. 2017 c 313 s 601 (uncodified) is amended to read as follows:

FUND TRANSFERS

(1) The 2005 transportation partnership projects or improvements and 2015 connecting Washington projects or improvements are listed in the LEAP Transportation Document ((2017-1)) 2018-1 as developed (April 20, 2017) February 18, 2018, which consists of a list of specific projects by fund source and amount over a sixteen-year period. Current fiscal biennium funding for each project is a line-item appropriation, while the outer year funding allocations represent a sixteen-year plan. The department of transportation is expected to use the flexibility provided in this section to assist in the delivery and completion of all transportation partnership account and connecting Washington account projects on the LEAP transportation document referenced in this subsection. For the 2017-2019 project appropriations, unless otherwise provided in this act, the director of the office of financial management may provide written authorization for a transfer of appropriation authority between projects funded with transportation partnership account appropriations or connecting Washington account appropriations to manage project spending and efficiently deliver all projects in the respective program under the following conditions and limitations:

(a) Transfers may only be made within each specific fund source referenced on the respective project list;

(b) Transfers from a project may not be made as a result of the reduction of the scope of a project or be made to support increases in the scope of a project;

(c) Transfers from a project may be made if the funds appropriated to the project are in excess of the amount needed in the current fiscal biennium;

(d) Transfers may not occur for projects not identified on the applicable project list;

(e) Transfers may not be made while the legislature is in session;

(f) Transfers to a project may not be made with funds designated as attributable to practical design savings as described in RCW 47.01.480;

(g) Each transfer between projects may only occur if the director of the office of financial management finds that any resulting change will not hinder the completion of the projects as approved by the legislature. Until the legislature reconvenes to consider the 2018 supplemental omnibus transportation appropriations act, any unexpended 2015-2017 appropriation balance as approved by the office of financial management, in consultation with the legislative staff of the house of representatives and senate transportation committees, may be considered when transferring funds between projects; and

(h) Transfers between projects may be made by the department of transportation without the formal written approval provided under this subsection (1), provided that the transfer amount does not exceed two hundred fifty thousand dollars or ten percent of the total project, whichever is less. These transfers must be reported quarterly to the director of the office of financial management and the chairs of the house of representatives and senate transportation committees.
(2) The department of transportation must submit quarterly all transfers authorized under this section in the transportation executive information system. The office of financial management must maintain a legislative baseline project list identified in the LEAP transportation documents referenced in this act, and update that project list with all authorized transfers under this section.

(3) At the time the department submits a request to transfer funds under this section, a copy of the request must be submitted to the transportation committees of the legislature.

(4) Before approval, the office of financial management shall work with legislative staff of the house of representatives and senate transportation committees to review the requested transfers in a timely manner.

(5) No fewer than ten days after the receipt of a project transfer request, the director of the office of financial management must provide written notification to the department of any decision regarding project transfers, with copies submitted to the transportation committees of the legislature.

(6) The department must submit annually as part of its budget submittal a report detailing all transfers made pursuant to this section.

Sec. 602. 2017 c 313 s 606
(uncodified) is amended to read as follows:

(1) By November 15, 2017, and annually thereafter, the department of transportation must report on amounts expended to benefit transit, bicycle, or pedestrian elements within all connecting Washington projects in programs I, P, and Z identified in LEAP Transportation Document ((2017-2 ALL PROJECTS)) 2018-1 as developed ((April 20, 2017)) February 18, 2018. The report must address each modal category separately and identify if eighteenth amendment protected funds have been used and, if not, the source of funding.

(2) To facilitate the report in subsection (1) of this section, the department of transportation must require that all bids on connecting Washington projects include an estimate on the cost to implement any transit, bicycle, or pedestrian project elements.

MISCELLANEOUS 2017-2019 FISCAL BIENNium

The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

"(9) In 2021, toll equipment on the Tacoma Narrows Bridge will have reached the end of its operational life. During the 2017-2019 fiscal biennium, the department plans to issue a request for proposals as the first stage of a competitive procurement process that will replace the toll equipment and select a new tolling operator for the Tacoma Narrows Bridge. The request for proposals and subsequent competitive procurement must incorporate elements that prioritize the overall goal of lowering costs per transaction for the facility, such as incentives for innovative approaches which result in lower transactional costs, requests for efficiencies on the part of the bidder that lower operational costs, and incorporation of technologies such as self-serve credit card machines or other point-of-payment technologies that lower costs or improve operational efficiencies."

POINT OF ORDER

Representative Tarleton requested a scope and object ruling on amendment (1213) to Engrossed Substitute Senate Bill No. 6106.

SPEAKER’S RULING

Mr. Speaker (Representative Orwall presiding): “Engrossed Substitute Senate Bill 6106 is the supplemental transportation budget for the remainder of the 2017-19 biennium. It appropriates funds to state agencies for state transportation purposes.

Amendment 1213 relates to the regional transit authority known as Sound Transit. Sound Transit is not a state agency and does not operate a state transportation program.

The Speaker therefore finds and rules that the amendment is beyond the scope and object of the bill. The point of order is well taken.”

Representative Harmsworth moved the adoption of amendment (1214) to the striking amendment (1196):

On page 94, after line 22 of the amendment, insert the following:

“Sec. 702. RCW 81.104.160 and 2015 3rd sp.s. c 44 s 319 are each amended to read as follows:

(1) Regional transit authorities that include a county with a population of more than one million five hundred thousand may submit an authorizing proposition to the voters, and if approved, may levy and collect an excise tax, at a rate approved by the voters of, but not exceeding eight-tenths of one percent on the value, under chapter 82.44 RCW, of every motor vehicle owned by a resident of the taxing district, solely for the purpose of providing high capacity transportation service. The maximum tax rate under this subsection does not include a motor vehicle excise tax approved before July 15, 2015, if the tax will terminate on the date bond debt to which the tax is pledged is repaid.

This tax does not apply to vehicles licensed under RCW 46.16A.455 except vehicles with an unladen weight of six thousand pounds or less, RCW 46.16A.425 or 46.17.335(2). Except as provided below during the 2017-2019 fiscal biennium, and notwithstanding any other provision of this subsection or chapter 82.44 RCW, a motor vehicle excise tax imposed by a regional transit authority before or after July 15, 2015, must comply with chapter 82.44 RCW as it existed on January 1, 1996, until December 31st of the year in which the regional transit authority repays bond debt to which a motor vehicle excise tax was pledged before July 15, 2015. Motor vehicle taxes collected by regional transit authorities after December 31st of the year in which a regional transit authority repays bond debt to which a motor vehicle excise tax was pledged before July 15, 2015, must comply with chapter 82.44 RCW as it existed on the date the tax was approved by voters. With respect to bond debt incurred during the 2017-2019 fiscal biennium, and to which the motor vehicle excise tax is pledged, the tax must be based on base model Kelley blue book values during the 2017-2019 fiscal biennium.

(2) An agency and high capacity transportation corridor area may impose a sales and use tax solely for the purpose of providing high capacity transportation service, in addition to the tax authorized by RCW 82.14.030, upon retail car rentals within the applicable jurisdiction that are taxable by the state under chapters 82.08 and 82.12 RCW. The rate of tax may not exceed 2.172 percent. The rate of tax imposed under this subsection must bear the same ratio of the 2.172 percent authorized that the
rate imposed under subsection (1) of this section bears to the rate authorized under subsection (1) of this section. The base of the tax is the selling price in the case of a sales tax or the rental value of the vehicle used in the case of a use tax.

(3) Any motor vehicle excise tax previously imposed under the provisions of RCW 81.104.160(1) shall be repealed, terminated, and expire on December 5, 2002, except for a motor vehicle excise tax for which revenues have been contractually pledged to repay a bonded debt issued before December 5, 2002, as determined by Pierce County et al. v. State, 159 Wn.2d 16, 148 P.3d 1002 (2006). In the case of bonds that were previously issued, the motor vehicle excise tax must comply with chapter 82.44 RCW as it existed on January 1, 1996.

(4) If a regional transit authority imposes the tax authorized under subsection (1) of this section, the authority may not receive any state grant funds provided in an omnibus transportation appropriations act except transit coordination grants created in chapter 11, Laws of 2015 3rd sp. sess.

Sec. 703. RCW 82.44.035 and 2010 c 161 s 910 are each amended to read as follows:

(1) For the purpose of determining any locally imposed motor vehicle excise tax, except as provided in RCW 81.104.160 during the 2017-2019 fiscal biennium, the value of a truck or trailer shall be the latest purchase price of the vehicle, excluding applicable federal excise taxes, state and local sales or use taxes, transportation or shipping costs, or preparatory or delivery costs, multiplied by the following percentage based on year of service of the vehicle since last sale. The latest purchase year shall be considered the first year of service.

(2) The reissuance of a certificate of title and registration certificate for a truck or trailer because of the installation of body or special equipment shall be treated as a sale, and the value of the truck or trailer at that time, as determined by the department from such information as may be available, shall be considered the latest purchase price.

(3) For the purpose of determining any locally imposed motor vehicle excise tax, except as provided in RCW 81.104.160 during the 2017-2019 fiscal biennium, the value of a vehicle other than a truck or trailer shall be eighty-five percent of the manufacturer's base suggested retail price of the vehicle when first offered for sale as a new vehicle, excluding any optional equipment, applicable federal excise taxes, state and local sales or use taxes, transportation or shipping costs, or preparatory or delivery costs, multiplied by the applicable percentage listed in this subsection (3) based on year of service of the vehicle.

If the manufacturer's base suggested retail price is unavailable or otherwise unascertainable at the time of initial registration in this state, the department shall determine a value equivalent to a manufacturer's base suggested retail price as follows:

(a) The department shall determine a value using any information that may be available, including any guidebook, report, or compendium of recognized standing in the automotive industry or the selling price and year of sale of the vehicle. The department may use an appraisal by the county assessor. In valuing a vehicle for which the current value or selling price is not indicative of the value of similar vehicles of the same year and model, the department shall establish a value that more closely
represents the average value of similar vehicles of the same year and model. The value determined in this subsection (3)(a) shall be divided by the applicable percentage listed in (b) of this subsection (3) to establish a value equivalent to a manufacturer's base suggested retail price and this value shall be multiplied by eighty-five percent.

(b) The year the vehicle is offered for sale as a new vehicle shall be considered the first year of service.

ROLL CALL
NEW SECTION. Sec. 2. (1) To determine whether safer alternatives exist for class B firefighting foam to which PFAS chemicals have been intentionally added, the department must conduct an alternatives assessment as part of the PFAS chemical action plan that:

(a) Evaluates less toxic chemicals and nonchemical alternatives that can be used as replacements;

(b) Follows the guidelines for alternatives assessments issued by the interstate chemicals clearinghouse; and

(c) Includes, at a minimum, an evaluation of chemical hazards, exposure, performance, cost, and availability.

(2) The alternatives assessment required in subsection (1) of this section and any safer alternative determinations must be externally peer-reviewed.

(3) By December 1, 2019, the department must publish its findings in the Washington State Register on whether safer alternatives exist and are available to class B firefighting foam to which PFAS chemicals have been intentionally added. By that date, the department must also submit a report with the findings and the feedback from the peer review of the department's alternatives assessment to the appropriate committees of the legislature.

(4) The department should bring forward agency request legislation suggesting a ban when the department has identified multiple, readily available, economical, safer alternatives to class B firefighting foam to which PFAS chemicals have been intentionally added.

(5) The restrictions recommended in subsection (4) of this section may not apply to any manufacture, sale, or distribution of class B firefighting foam where the inclusion of PFAS chemicals are required by federal law, including but not limited to the requirements of 14 C.F.R. 139.317, as that section existed as of January 1, 2018. In the event that applicable federal regulations change after January 1, 2018, to allow the use of alternative firefighting agents that do not contain PFAS chemicals, then the department may adopt rules that restrict PFAS chemicals for the manufacture, sale, and distribution of firefighting foam for
uses that are addressed by the federal regulation.

(6) The restrictions recommended in subsection (4) of this section may not apply to any manufacture, sale, or distribution of class B firefighting foam to a person for use at a terminal, as defined in RCW 82.23A.010, operated by the person or an oil refinery operated by the person.

NEW SECTION. Sec. 3. (1) The state fire marshal must coordinate with local governments and federal agencies that provide firefighting services to identify current uses of class B firefighting foam, including current uses of class B firefighting foam containing intentionally added PFAS chemicals. Furthermore, in consultation with local governments, federal and state agencies that provide firefighting services, and manufacturers of class B firefighting foam, the state fire marshal must identify a list of class B firefighting foams that are safe, readily available, cost competitive, and achieve comparable performance specifications to class B firefighting foam that contains intentionally added PFAS chemicals.

(2) The state fire marshal must prepare recommendations, based on peer-reviewed science, that balance the need to use class B firefighting foam in order to protect community health and safety from fires against concerns about the impacts to community health and safety that may be associated with the use of certain class B firefighting foams. These recommendations must be prepared with assistance from the department, the department of health, a local fire chief, preferably from a jurisdiction that uses class B firefighting foam, and a representative of a statewide organization representing firefighters who has knowledge of and experience using class B firefighting foam. The recommendations may consider the results of the alternatives assessment completed in section 2 of this act.

(3) The state fire marshal must submit a report to the legislature consistent with RCW 43.01.036 by January 1, 2020. The report must include a summary of:

(a) The current uses of class B firefighting foam and alternative products identified in subsection (1) of this section;

(b) The recommendations in subsection (2) of this section;

(c) The steps taken by state agencies, local governments, and federal agencies that provide firefighting services to identify safer alternatives to class B firefighting foam that contains PFAS chemicals, and to reduce the use of firefighting foam containing PFAS chemicals and to reduce environmental and firefighter exposure to PFAS chemicals; and

(d) Recommendations for additional legislative or policy changes to be implemented by the state.

NEW SECTION. Sec. 4. (1) The state fire marshal, in consultation with the department, department of health, and manufacturers of class B firefighting foam, must provide assistance to local governments and other entities that perform firefighting functions with the goal to:

(a) Reduce the use of class B firefighting foams that contain intentionally added PFAS chemicals and for which safer, readily available, and cost competitive alternatives exist that achieve comparable performance specifications; and

(b) Adopt practices that reduce the exposure of firefighters and releases into the environment of class B firefighting foams.

(2) When planning for organizational fire response capabilities or responding to a fire, the local government, federal or state agency, or other entity providing firefighting services retains the discretion to determine, based on organizational plans or emergent circumstances, whether the use of class B firefighting foam is appropriate, and what type of class B firefighting foam will be most effective or practical to use.

(3) Nothing in this chapter provides the authority for the state fire marshal or any other state agency to restrict the use of particular types of class B firefighting foam.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 28A.320 RCW to read as follows:

For the purposes of sections 2 through 6 of this act, "dyslexia" means a specific learning disorder that is neurological in origin and that is characterized by unexpected difficulties with accurate or fluent word recognition and by poor spelling and decoding abilities that are not consistent with the person's intelligence, motivation, and sensory capabilities. These difficulties typically result from a deficit in the phonological components of language that is often unexpected in relation to other cognitive abilities. In addition, the difficulties are not typically a result of ineffective classroom instruction. Secondary consequences may include problems in reading comprehension and reduced reading experience that can impede growth of vocabulary and background knowledge.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.320 RCW to read as follows:

(1) Beginning in the 2021-22 school year, and as provided in this section, each school district must use multitiered systems of support to provide interventions to students in kindergarten through second grade who display indications of, or areas of weakness associated with, dyslexia. In order to provide school districts with the opportunity to intervene before a student's performance falls significantly below grade level, school districts must screen students in kindergarten through second grade for indications of, or areas associated with, dyslexia as provided in this section.

(2)(a) School districts must use screening tools and resources that exemplify best practices, as described under section 3 of this act.

(b) School districts may use the screening tools and resources identified by the superintendent of public instruction in accordance with section 3 of this act.

(3)(a) If a student shows indications of below grade level literacy development or indications of, or areas of weakness associated with, dyslexia, the school district must provide interventions using evidence-based multitiered systems of support, consistent with the recommendations of the dyslexia advisory council under section 4 of this act and as required under this subsection (3).

(b) The interventions must be evidence-based multisensory structured literacy interventions and must be provided by an educator trained in instructional methods specifically targeting students' areas of weakness.

(c) Whenever possible, a school district must begin by providing student supports in the general education classroom. If screening tools and resources indicate that, after receiving the initial tier of student support, a student requires interventions, the school district may provide the interventions in either the general education classroom or a learning assistance program setting. If after receiving interventions, further screening tools and resources indicate that a student continues to have indications of, or areas of weakness associated with, dyslexia, the school district must recommend to the student's parents and family that the student be evaluated for dyslexia or a specific learning disability.

(4) For a student who shows indications of, or areas of weakness associated with, dyslexia, each school district must notify the student's parents and family of the identified
indicators and areas of weakness, as well as the plan for using multitiered systems of support to provide supports and interventions. The initial notice must also include information relating to dyslexia and resources for parental support developed by the superintendent of public instruction. The school district must regularly update the student's parents and family of the student's progress.

(5) School districts may use state funds provided under chapter 28A.165 RCW to meet the requirements of this section.

NEW SECTION. Sec. 3. A new section is added to chapter 28A.300 RCW to read as follows:

(1) By September 1, 2019, the superintendent of public instruction, after considering recommendations from the dyslexia advisory council convened under section 4 of this act, must identify screening tools and resources that, at a minimum, meet the following best practices:

(a) Satisfy developmental and academic criteria, including considerations of validity and reliability, that indicate typical literacy development or dyslexia, taking into account typical child neurological development; and

(b) Identify indicators and areas of weakness that are highly predictive of future reading difficulty, including phonological awareness, phonemic awareness, rapid naming skills, letter sound knowledge, and family history of difficulty with reading and language acquisition.

(2) Beginning September 1, 2019, the superintendent of public instruction must maintain on the agency's web site the list of screening tools and resources identified under this section and must include links to the tools and resources, when available.

(3) The superintendent of public instruction must review and update the list of screening tools and resources identified under this section as appropriate.

NEW SECTION. Sec. 4. A new section is added to chapter 28A.300 RCW to read as follows:

(1) The superintendent of public instruction shall convene a dyslexia advisory council to advise the superintendent on matters relating to dyslexia in an academic setting. The council must include interested stakeholders including, but not limited to, literacy and dyslexia experts, special education experts, primary school teachers, school administrators, school psychologists, representatives of school boards, and representatives of nonprofit organizations with expertise in dyslexia. Members of the council must serve without compensation.

(2) By June 1, 2019, the council must identify and describe screening tools and resources that satisfy developmental and academic criteria, including considerations of validity and reliability, that indicate typical literacy development or dyslexia, taking into account typical child neurological development, and report this information to the superintendent of public instruction.

(3) By June 1, 2020, the council must develop recommendations and report to the superintendent of public instruction regarding:

(a) Best practices for school district implementation of screenings as required under section 2 of this act, including trainings for school district staff conducting the screenings;

(c) Sample educational information for parents and families related to dyslexia that includes a list of resources for parental support; and

(d) Best practices to address the needs of students above grade two who show indications of, or areas of weakness associated with, dyslexia.

(4) By January 15, 2022, the council must review school district implementation of screenings and their use of multitiered systems of support to provide interventions as required under section 2 of this act, and report to the superintendent of public instruction with updates on its recommendations for the best practices and sample educational
information required under subsection (3) of this section.

(5) This section expires August 1, 2023.

NEW SECTION. Sec. 5. A new section is added to chapter 28A.300 RCW to read as follows:

(1) By June 1, 2021, the superintendent of public instruction must review the dyslexia advisory council's recommendations required under section 4 of this act and make available to school districts:

(a) Best practices for school district implementation of screenings as required under section 2 of this act, including trainings for school district staff conducting the screenings;

(b) Best practices for using multitiered systems of support to provide interventions as required under section 2 of this act, including trainings for school district staff in instructional methods specifically targeting students' areas of weakness;

(c) Sample educational information for parents and families related to dyslexia that includes a list of resources for parental support; and

(d) Best practices to address the needs of students above grade two who show indications of, or areas of weakness associated with, dyslexia.

(2) By February 15, 2022, the superintendent of public instruction must review the dyslexia advisory council's updated report required under section 4 of this act and revise the best practices and sample educational information made available to school districts required under subsection (1) of this section.

(3) By November 1, 2022, and in compliance with RCW 43.01.036, the superintendent of public instruction must report to the house of representatives and senate education committees with the following information from the 2021-22 school year:

(a) The number of students: (i) Screened pursuant to section 2 of this act; (ii) with indications of, or areas of weakness associated with, dyslexia identified under section 3 of this act; and (iii) provided interventions pursuant to section 2 of this act;

(b) Descriptions from school districts of the types of interventions used in accordance with section 2 of this act and rates of student progress, when available; and

(c) Descriptions from school districts of the issues districts had related to implementing the provisions of section 2 of this act.

NEW SECTION. Sec. 6. A new section is added to chapter 28A.320 RCW to read as follows:

Beginning with the 2018-19 school year, as part of the annual student assessment inventory, school districts that screen students for indicators of, or areas of weakness associated with, dyslexia must report the number of students and grade levels of the students screened, disaggregated by student subgroups. Each school district must aggregate the school reports and submit the aggregated report to the office of the superintendent of public instruction. The office of the superintendent of public instruction and the dyslexia advisory council convened under section 4 of this act must use this data when developing best practice recommendations in accordance with sections 4 and 5 of this act.

The school board must approve in an open meeting any community-based organization or local agency before learning assistance funds may be expended.

(2) In addition to the state menu developed under RCW 28A.655.235, the office of the superintendent of public instruction shall convene a panel of experts, including the Washington state institute for public policy, to develop additional state menus of best practices and strategies for use in the learning assistance program to assist struggling students at all grade levels in English language arts and mathematics and reduce disruptive behaviors in the classroom. Subsequent annual approval by the superintendent of public instruction to use the alternative practice or strategy is dependent on the district continuing to demonstrate increased improved outcomes for participating students.

(c) Beginning in the 2016-17 school year, school districts may enter cooperative agreements with state agencies, local governments, or school districts for administrative or operational costs needed to provide services in accordance with the state menus developed under this section and RCW 28A.655.235.

(4) School districts are encouraged to implement best practices and strategies from the state menus developed under this section and RCW 28A.655.235 before the use is required.

(5) School districts may use learning assistance program allocations to meet the screening and intervention requirements of section 2 of this act, even if the student being screened or provided with supports is not eligible to participate in the learning assistance program. The learning assistance program allocations may also be used for school district staff trainings necessary to implement the provisions of section 2 of this act.

NEW SECTION. Sec. 8. A new section is added to chapter 28A.300 RCW to read as follows:

(10) The contributions allowed by subsection (3) of this section are in addition to those allowed by subsection
(2) of this section, and the contributions allowed by subsection (5) of this section are in addition to those allowed by subsection (4) of this section.

However, the contributions made to a candidate or received by a candidate for a primary or special election conducted to fill such a vacancy shall not be counted toward any of the limitations that apply to the candidate or to contributions made to the candidate for any other primary or election.

(12) Notwithstanding the other subsections of this section, no corporation or business entity not doing business in Washington state, no labor union with fewer than ten members who reside in Washington state, and no political committee that has not received contributions of ten dollars or more from at least ten persons registered to vote in Washington state during the preceding one hundred eighty days may make contributions reportable under this chapter to a state office candidate, to a state official against whom recall charges have been filed, or to a political committee having the expectation of making expenditures in support of the recall of the official. This subsection does not apply to loans made in the ordinary course of business.

(13) Notwithstanding the other subsections of this section, no county central committee or legislative district committee may make contributions reportable under this chapter to a candidate specified in subsection (1) of this section, or an official specified in subsection (1) of this section against whom recall charges have been filed, or political committee having the expectation of making expenditures in support of the recall of an official specified in subsection (1) of this section if the county central committee or legislative district committee is outside of the jurisdiction entitled to elect the candidate or recall the official.

(15) No person may accept contributions that exceed the contribution limitations provided in this section.

(16) The following contributions are exempt from the contribution limits of this section:

(1) Reasons for deviation from the standard calculation include but are not limited to the following:
(a) Sources of income and tax planning. The court may deviate from the standard calculation after consideration of the following:
(i) Income of a new spouse or new domestic partner if the parent who is married to the new spouse or is in a partnership with a new domestic partner is asking for a deviation based on any other reason. Income of a new spouse or new domestic partner is not, by itself, a sufficient reason for deviation;
(ii) Income of other adults in the household if the parent who is living with the other adult is asking for a deviation based on any other reason. Income of the other adults in the household is not, by itself, a sufficient reason for deviation;
(iii) Child support actually received from other relationships;
(iv) Gifts;
(v) Prizes;
(vi) Possession of wealth, including but not limited to savings, investments, real estate holdings and business interests, vehicles, boats, pensions, bank accounts, insurance plans, or other assets;"
(vii) Extraordinary income of a child;

(viii) Tax planning considerations. A deviation for tax planning may be granted only if the child would not receive a lesser economic benefit due to the tax planning; or

(ix) Income that has been excluded under *RCW 26.19.071(4)(h) if the person earning that income asks for a deviation for any other reason.

(b) Nonrecurring income. The court may deviate from the standard calculation based on a finding that a particular source of income included in the calculation of the basic support obligation is not a recurring source of income. Depending on the circumstances, nonrecurring income may include overtime, contract-related benefits, bonuses, or income from second jobs. Deviations for nonrecurring income shall be based on a review of the nonrecurring income received in the previous two calendar years.

(c) Debt and high expenses. The court may deviate from the standard calculation after consideration of the following expenses:

(i) Extraordinary debt not voluntarily incurred;

(ii) A significant disparity in the living costs of the parents due to conditions beyond their control;

(iii) Special needs of disabled children;

(iv) Special medical, educational, or psychological needs of the children; or

(v) Costs incurred or anticipated to be incurred by the parents in compliance with court-ordered reunification efforts under chapter 13.34 RCW or under a voluntary placement agreement with an agency supervising the child.

(d) (Residential schedule. The court may deviate from the standard calculation if the child spends a significant amount of time with the parent who is obligated to make a support transfer payment. The court may not deviate on that basis if the deviation will result in insufficient funds in the household receiving the support to meet the basic needs of the child or if the child is receiving temporary assistance for needy families. When determining the amount of the deviation, the court shall consider evidence concerning the increased expenses to a parent making support transfer payments resulting from the significant amount of time spent with that parent and shall consider the decreased expenses, if any, to the party receiving the support resulting from the significant amount of time the child spends with the parent making the support transfer payment.

(e)) Children from other relationships. The court may deviate from the standard calculation when either or both of the parents before the court have children from other relationships to whom the parent owes a duty of support.

(i) The child support schedule shall be applied to the mother, father, and children of the family before the court to determine the presumptive amount of support.

(ii) Children from other relationships shall not be counted in the number of children for purposes of determining the basic support obligation and the standard calculation.

(iii) When considering a deviation from the standard calculation for children from other relationships, the court may consider only other children to whom the parent owes a duty of support. The court may consider court-ordered payments of child support for children from other relationships only to the extent that the support is actually paid.

(iv) When the court has determined that either or both parents have children from other relationships, deviations under this section shall be based on consideration of the total circumstances of both households. All child support obligations paid, received, and owed for all children shall be disclosed and considered.

(2) All income and resources of the parties before the court, new spouses or new domestic partners, and other adults in the households shall be disclosed and considered as provided in this section. The presumptive amount of support shall be determined according to the child support schedule. Unless specific reasons for deviation are set forth in the written findings of fact and are supported by the evidence, the court shall order each parent to pay the amount of support determined by using the standard calculation.

(3) The court shall enter findings that specify reasons for any deviation or
any denial of a party’s request for any deviation from the standard calculation made by the court. The court shall not consider reasons for deviation until the court determines the standard calculation for each parent.

(4) When reasons exist for deviation, the court shall exercise discretion in considering the extent to which the factors would affect the support obligation.

(5) Agreement of the parties is not by itself adequate reason for any deviations from the standard calculation.

NEW SECTION. Sec. 303. A new section is added to chapter 26.19 RCW to read as follows:

(1) The court shall make an adjustment to the standard calculation for a shared residential schedule subject to the provisions in this section.

(2) An adjustment to the standard calculation based on the residential schedule may be made if there is a court order or findings made by an administrative law judge regarding the number of overnights the child or children spend with the obligor parent, and the number of overnights allocated to the obligor is equivalent to at least fourteen percent of annual overnights. The number of overnights in the court order or administrative law judge’s findings must be used to calculate the residential adjustment. The findings made by an administrative law judge may be based upon a written agreement between the parents or upon sworn testimony provided by a party at the administrative hearing for child support.

(3) The adjustment must be based on the table in section 304 of this act and the formula set forth in the worksheet for calculating residential credit.

(4) An adjustment may not be made to the standard calculation based on the shared residential schedule if:

(a) The adjustment would result in insufficient funds in the household receiving the support transfer payment to meet the basic needs of the child;

(b) The obligee’s net income before receiving the support transfer payment is at or below one hundred twenty-five percent of the federal poverty level guidelines for one person; or

(c) The child is receiving temporary assistance for needy families.

(5) To help parties estimate residential credit, the division of child support shall, if feasible and within available resources, create a residential credit calculator available online.

NEW SECTION. Sec. 304. A new section is added to chapter 26.19 RCW to read as follows:

Residential time table. The TOTAL column represents the anticipated total out-of-pocket expenses expressed as a percentage of the basic child support obligation that will be incurred by the parent who will pay child support. The total expenses are the sum of transferred and duplicated expenses. The DUPLICATED column represents the duplicated expenses and reflects the assumption that when there is an equal sharing of residential time, fifty percent of the basic child support obligation will be duplicated. The number of annual overnights column will determine the particular fractions of TOTAL and DUPLICATED to be used in the residential time credit worksheet.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 36.57A.050 and 2010 c 278 s 3 are each amended to read as follows:

(Within sixty days of the establishment of the boundaries of the public transportation benefit area the members of the county legislative authority and the elected representative of each city within the area shall provide for the selection of the governing body of such area, the public transportation benefit area authority, which shall consist of elected officials selected by and serving at the pleasure of the governing bodies of component
cities within the area and the county legislative authority of each county within the area. If at the time a public transportation benefit area authority assumes the public transportation functions previously provided under the Interlocal Cooperation Act (chapter 39.34 RCW) there are citizen positions on the governing board of the transit system, those positions may be retained as positions on the governing board of the public transportation benefit area authority.) (1) A public transportation benefit area is governed by a board consisting of nine directly elected nonpartisan members, or fifteen directly elected nonpartisan members in the case of a multicounty area. One nonpartisan member must be elected from each of the nine numbered electoral districts or fifteen numbered electoral districts in the case of a multicounty area, in primary and general elections commencing with the elections held in 2018. Commencing with such elections, a person seeking election or serving on the board may not hold other public office and must be a registered voter residing in the relevant electoral district during the term in office and for a period from at least thirty days before filing a petition for candidacy.

(2) A five-member districting commission appointed by the governor must define the districts as soon as possible after the effective date of this section. The districting commission has all reasonably necessary powers and must determine a reasonable budget, which must be funded upon its request by a public transportation benefit area. The districting commission must promptly approve a plan for the requisite number of numbered electoral districts in a public transportation benefit area, and publicize and file the plan with the county clerk of the county or counties within a public transportation benefit area. The plan must be drawn to ensure that the electoral districts: Have nearly equal populations in accordance with the one person, one vote principle; do not divide a precinct; are compact, convenient, and contiguous; and minimize the number of districts that consist of portions of different counties if there are multiple counties in the public transportation benefit area. An objection to the plan must commence within thirty days, and be heard within sixty days, of filing the plan.

(3) Upon certification of the 2018 general election, terms of office of the public transportation benefit area board members expire, if any are existing on the effective date of this section, and the elected nonpartisan members must take office. Each elected member must serve the remainder of 2018 plus an additional period of two or four years. Lots must be drawn to determine which five of the nine elected members or eight of the fifteen elected members must serve an additional four years, and which four of the nine elected members or seven of the fifteen elected members must serve an additional two years. All successors elected in subsequent elections in odd-numbered years must have terms of office for four years, commencing January 1st after the election.

(4) An authority's board positions become vacant upon failure to maintain residence or other qualification, recall, death, resignation, or adjudication of permanent disability. The nonpartisan vacancy must be filled as provided in chapter 42.12 RCW. The appointed temporary member must serve until a successor for the remainder of the vacated term is chosen in the next primary and general election.

(5) Local jurisdiction expenditures incurred through administering the election of the public transportation benefit area's board members must be reimbursed by the authority.

(6) Every decade, after the release of federal census information, the governor must appoint a new districting commission in accordance with subsection (2) of this section. The commission must operate in accordance with the standards provided in subsection (2) of this section and prepare a timetable for transition to any new districts.

(7) To allow staggered terms after a redistricting, a board member who has an uncompleted four-year term and no longer resides in his or her prior district solely due to redistricting must serve the remainder of the four-year term.

(8) Within sixty days of the establishment of the public transportation benefit area, any city may by resolution of its legislative body withdraw from participation in the public transportation benefit area. (The county legislative authority and each city remaining in the public transportation benefit area may
FIFTY THIRD DAY, MARCH 1, 2018

disapprove and prevent the establishment of any governing body of a public transportation benefit area if the composition thereof does not meet its approval.

In no case shall the governing body of a single county public transportation benefit area be greater than nine voting members and in the case of a multicounty area, fifteen voting members. Those cities within the public transportation benefit area and excluded from direct membership on the authority are hereby authorized to designate a member of the authority who shall be entitled to represent the interests of such city which is excluded from direct membership on the authority. The legislative body of such city shall notify the authority as to the determination of its authorized representative on the authority.)

(9) There is one nonvoting member of the public transportation benefit area authority. The nonvoting member is recommended by the labor organization representing the public transportation employees within the local public transportation system. If the public transportation employees are represented by more than one labor organization, all such labor organizations shall select the nonvoting member by majority vote. The nonvoting member shall comply with all governing bylaws and policies of the authority. The chair or cochairs of the authority shall exclude the nonvoting member from attending any executive session held for the purpose of discussing negotiations with labor organizations. The chair or cochairs may exclude the nonvoting member from attending any other executive session. The requirement that a nonvoting member be appointed to the governing body of a public transportation benefit area authority does not apply to an authority that has no employees represented by a labor union.

(10) Each member of the authority is eligible to be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060 and to receive compensation, as set by the authority, in an amount not to exceed forty-four dollars per day or portion of a day for actual attendance at board meetings or for performance of other official services or duties on behalf of the authority. In no event may a member be compensated in any year for more than seventy-five days, except the chair who may be paid compensation for not more than one hundred days: PROVIDED, That compensation shall not be paid to an elected official or employee of federal, state, or local government who is receiving regular full-time compensation from such government for attending meetings and performing prescribed duties of the authority.

(11) The dollar thresholds established in this section must be adjusted for inflation by the office of financial management every five years, beginning July 1, 2008, based upon changes in the consumer price index during that time period. "Consumer price index" means, for any calendar year, that year's annual average consumer price index, for Washington state, for wage earners and clerical workers, all items, compiled by the bureau of labor and statistics, United States department of labor. If the bureau of labor and statistics develops more than one consumer price index for areas within the state, the index covering the greatest number of people, covering areas exclusively within the boundaries of the state, and including all items shall be used for the adjustments for inflation in this section. The office of financial management must calculate the new dollar threshold and transmit it to the office of the code reviser for publication in the Washington State Register at least one month before the new dollar threshold is to take effect.

(12) A person holding office as commissioner for two or more special purpose districts shall receive only that per diem compensation authorized for one of his or her commissioner positions as compensation for attending an official meeting or conducting official services or duties while representing more than one of his or her districts. However, such commissioner may receive additional per diem compensation if approved by resolution of all boards of the affected commissions.

RCW 80.36.135 and 2008 c 181 s 414 are each amended to read as follows:

(1) The legislature declares that:

(a) Changes in technology and the structure of the telecommunications industry may produce conditions under which traditional rate of return, rate base regulation of telecommunications companies may not in all cases provide the most efficient and effective means of achieving the public policy goals of this
state as declared in RCW 80.36.300, this section, and RCW 80.36.145. The commission should be authorized to employ an alternative form of regulation if that alternative is better suited to achieving those policy goals.

(b) Because of the great diversity in the scope and type of services provided by telecommunications companies, alternative regulatory arrangements that meet the varying circumstances of different companies and their ratepayers may be desirable.

(c) Increasing competition from private and public telecommunications providers may require the modification of obligations arising under RCW 80.36.090 in certain markets.

(2) Subject to the conditions set forth in this chapter and RCW 80.04.130, the commission may regulate telecommunications companies subject to traditional rate of return, rate base regulation by authorizing an alternative form of regulation. The commission may determine the manner and extent of any alternative forms of regulation as may in the public interest be appropriate. In addition to the public policy goals declared in RCW 80.36.300, the commission shall consider, in determining the appropriateness of any proposed alternative form of regulation, whether it will:

(a) Facilitate the broad deployment of technological improvements and advanced telecommunications services to underserved areas or underserved customer classes;

(b) Improve the efficiency of the regulatory process;

(c) Preserve or enhance the development of effective competition and protect against the exercise of market power during its development;

(d) Preserve or enhance service quality and protect against the degradation of the quality or availability of efficient telecommunications services;

(e) Provide for rates and charges that are fair, just, reasonable, sufficient, and not unduly discriminatory or preferential; and

(f) Not unduly or unreasonably prejudice or disadvantage any particular customer class.

(3) A telecommunications company or companies subject to traditional rate of return, rate base regulation may petition the commission to establish an alternative form of regulation. The company or companies shall submit with the petition a plan for an alternative form of regulation. The plan shall contain a proposal for transition to the alternative form of regulation and the proposed duration of the plan. The plan must also contain a proposal for ensuring adequate carrier-to-carrier service quality, including service quality standards or performance measures for interconnection, and appropriate enforcement or remedial provisions in the event the company fails to meet service quality standards or performance measures. The commission also may initiate consideration of alternative forms of regulation for a company or companies on its own motion. The commission, after notice and hearing, shall issue an order accepting, modifying, or rejecting the plan within nine months after the petition or motion is filed, unless extended by the commission for good cause. The commission shall order implementation of the alternative plan of regulation unless it finds that, on balance, an alternative plan as proposed or modified fails to meet the considerations stated in subsection (2) of this section.

(4) Not later than sixty days from the entry of the commission's order, the company or companies affected by the order may file with the commission an election not to proceed with the alternative form of regulation as authorized by the commission.

(5) The commission may waive such regulatory requirements under Title 80 RCW for a telecommunications company subject to an alternative form of regulation as may be appropriate to facilitate the implementation of this section. However, the commission may not waive any grant of legal rights to any person contained in this chapter and chapter 80.04 RCW. The commission may waive different regulatory requirements for different companies or services if such different treatment is in the public interest.

(6) Upon petition by the company, and after notice and hearing, the commission may rescind or modify an alternative form of regulation in the manner requested by the company.
(7) The commission or any person may file a complaint under RCW 80.04.110 alleging that a telecommunications company under an alternative form of regulation has not complied with the terms and conditions set forth in the alternative form of regulation. The complainant shall bear the burden of proving the allegations in the complaint.

(8) During a state of emergency declared under RCW 43.06.010(12), the governor may waive or suspend the operation or enforcement of this section or any portion of this section or under any administrative rule, and issue any orders to facilitate the operation of state or local government or to promote and secure the safety and protection of the civilian population.

(2) This section expires July 1, (2020) 2026.

Sec. 11. RCW 80.36.650 and 2016 c 145 s 1 are each amended to read as follows:

(1) A state universal communications services program is established. The program is established to protect public safety and welfare under the authority of
the state to regulate telecommunications under Article XII, section 19 of the state Constitution. The purpose of the program is to support continued provision of basic telecommunications services under rates, terms, and conditions established by the commission (during the time over which incumbent communications providers in the state are adapting to changes in federal universal service fund and intercarrier compensation support) and the provision, enhancement, and maintenance of broadband services, recognizing that the incumbent public network functions to provide all communications services including, but not limited to, voice and broadband services.

(2) Under the program, eligible communications providers may receive distributions from the universal communications services account created in RCW 80.36.690 in exchange for the affirmative agreement to provide continued telecommunications services under the rates, terms, and conditions established by the commission under this chapter and broadband services for the period covered by the distribution. The commission must implement and administer the program under terms and conditions established in RCW 80.36.630 through 80.36.690. Expenditures for the program may not exceed five million dollars per fiscal year; provided, however, that if less than five million dollars is expended in any fiscal year, the unexpended portion must be carried over to subsequent fiscal years and, unless fully expended, must be available for program expenditures in such subsequent fiscal years in addition to the five million dollars allotted for each of those subsequent fiscal years.

(3) Before July 1, 2022, a communications provider is eligible to receive distributions from the account if:

(a) The communications provider is:
   (i) An incumbent local exchange carrier serving fewer than forty thousand access lines in the state; or (ii) a radio communications service company providing wireless two-way voice communications service and broadband services to less than the equivalent of forty thousand access lines in the state. For purposes of determining the access line threshold in this subsection, the access lines or equivalents of all wireline affiliates must be counted as a single threshold, if the lines or equivalents are located in Washington;

(b) The customers of the communications provider are at risk of rate instability or service interruptions or cessations absent a distribution to the provider that will allow the provider to maintain rates reasonably close to the benchmark)

(c) The communications provider meets any other requirements established by the commission pertaining to the provision of communications services, including basic telecommunications services.

(4) Beginning July 1, 2022, the commission must determine eligibility for distributions from the account using a competitive, market-based assessment of a communications provider's ability to provide voice and broadband services to the greatest number of consumers within a defined service area. The assessment must be technology-neutral in considering the level of service provided.

(5)(a) Distributions to eligible communications providers are based on ((a benchmark established by the commission. The benchmark is the rate the commission determines to be a reasonable amount customers should pay for basic residential service provided over the incumbent public network. However, if an incumbent local exchange carrier is charging rates above the benchmark for the basic residential service, that provider may not seek distributions from the fund for the purpose of reducing those rates to the benchmark)) criteria established by the commission.

(b) If the program does not have sufficient funds to fully fund the distribution formula set out in (a) of this subsection, distributions must be reduced on a pro rata basis using the amounts calculated for that year's program support as the basis of the pro rata calculations.

(c) To receive a distribution under the program, an eligible communications provider must affirmatively consent to continue providing telecommunications services to its customers under rates, terms, and conditions established by the commission pursuant to this chapter for the period covered by the distribution.
The program is funded from amounts deposited by the legislature in the universal communications services account established in RCW 80.36.690. The commission must operate the program within amounts appropriated for this purpose and deposited in the account.

The commission must periodically review the accounts and records of any communications provider that receives distributions under the program to ensure compliance with the program and monitor the providers’ use of the funds.

The commission must establish an advisory board, consisting of a reasonable balance of representatives from different types of communications providers and consumers, to advise the commission on any rules and policies governing the operation of the program.

The program terminates on June 30, 2025, and no distributions may be made after that date.

This section expires July 1, 2026.

Sec. 12. RCW 80.36.690 and 2013 2nd sp&s. c 8 s 208 are each amended to read as follows:

1. The universal communications services account is created in the custody of the state treasurer. Revenues to the account consist of moneys deposited in the account by the legislature and any penalties or other recoveries received pursuant to RCW 80.36.670. Expenditures from the account may be used only for the purposes of the universal communications services program established in RCW 80.36.650 and commission expenses related to implementation and administration of the provisions of RCW 80.36.620 through 80.36.690, section 212, chapter 8, Laws of 2013 2nd sp&s. sess., and section 13, chapter . . ., Laws of 2018 (section 13 of this act). By December 1, 2021, and in compliance with RCW 43.01.036, the Washington utilities and transportation commission must report to the appropriate committees of the legislature, on the following: (1) Whether funding levels for each small telecommunications company have been adequate to maintain reliable universal service; (2) the future impacts on small telecommunications companies from the elimination of funding under this act; (3) the impacts on customer rates from the current level of funding and the future impacts when the funding terminates under this act; and (4) the impacts on line and service delivery investments when the funding is terminated under this act. The report must also include an analysis of the need for future program funding and recommendations on potential funding mechanisms to improve availability of communications services, including broadband service, in unserved and underserved areas. Utilities and transportation commission expenses related to conducting all analysis in preparation of this report must be expended from the universal communications services account.

Sec. 14. RCW 80.36.660 and 2013 2nd sp&s. c 8 s 204 are each amended to read as follows:

1. To implement the program, the commission must adopt rules for the following purposes:

(a) Operation of the program, including criteria for: Eligibility for distributions; use of the funds; identification of any reports or data that must be filed with the commission, including, but not limited to, how a communication provider used the distributed funds; and the communications provider’s infrastructure;

(1) In addition to any other penalties prescribed by law, the commission may impose penalties for failure to make or delays in making or filing any reports required by the commission for administration of the program. In addition, the commission may recover amounts determined to have been improperly distributed under RCW 80.36.650. For the purposes of this section, the provisions of RCW 80.04.380 through 80.04.405, inclusive, apply to all companies that receive support from the universal communications services account created in RCW 80.36.690.

(2) Any action taken under this section must be taken only after providing the affected communications provider with notice and an opportunity for a hearing, unless otherwise provided by law.

(3) Any amounts recovered under this section must be deposited in the universal communications services account created in RCW 80.36.690.

ESSB 6187  Prime Sponsor, Committee on Energy, Environment & Technology: Concerning the electrification of transportation. Reported by Committee on Technology & Economic Development

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION.  Sec. 1. The legislature finds that:

(1) Programs for electrification of transportation have the potential to allow electric utilities to optimize the use of electric distribution infrastructure, improve the management of electric loads, and better manage the integration of variable renewable energy resources. The legislature finds that, depending upon each utility's unique circumstances, electrification of transportation programs may provide cost-effective energy efficiency or defer capital investment needed to accommodate unmanaged variable electricity supply and demand. Electrification of transportation may result in cost savings and system benefits for all ratepayers.

(2) State policy can achieve the greatest return on investment in reducing greenhouse gas emissions and improving air quality by expediting the transition to alternative fuel vehicles, including electric vehicles. Potential benefits associated with electrification of transportation include the monetization of environmental attributes associated with carbon reduction in the transportation sector.

NEW SECTION.  Sec. 2. A new section is added to chapter 35.92 RCW to read as follows:

(1) The governing authority of an electric utility formed under this chapter may adopt a transportation electrification plan that, at a minimum, establishes a finding that: (a) If the electric utility is acquiring new resources as indicated in its most recent plan developed pursuant to chapter 19.280 RCW, utility outreach and investment in the electrification of transportation infrastructure is cost-effective, as determined using a methodology that assesses both the expected system benefits and expected costs to ratepayers served by the utility on the distribution system; or (b) if the electric utility is not acquiring new resources as indicated in its most recent plan developed pursuant to chapter 19.280 RCW, utility outreach and investment in the electrification of transportation infrastructure is cost-effective, as determined using a methodology that assesses both the expected system benefits and expected costs to ratepayers served by the utility on the distribution system and long-term contracted wholesale electricity supply that will result in a greater ratepayer benefit than the individual benefit from the program cost.

(2) In adopting a transportation electrification plan under subsection (1) of this section, the governing authority may consider some or all of the following: (a) The applicability of multiple options for electrification of transportation across all customer classes; (b) the impact of electrification on the utility's distribution load, and whether demand response or other load management opportunities, including direct load control and dynamic pricing, are operationally appropriate; (c) system reliability and distribution system efficiencies; (d) interoperability concerns, including the interoperability of hardware and software systems in electrification of transportation proposals; and (e) overall customer experience.

(3) The governing authority of an electric utility formed under this chapter may, upon making a cost-effectiveness determination in accordance with subsection (1) of this section, offer programs in the electrification of transportation for its customers, including advertising programs to promote the utility's or third-party services, incentives, or rebates.

(4) For the purposes of this section, "system benefit" means a situation where financial, reliability, and quality benefits of the electrification of transportation are conferred equally among all ratepayers on the distribution
(5) For the purposes of this section, "distribution system" means all of the distribution lines, substations, switches, and other distribution hardware contiguously connected at voltages below ninety kilovolts that are owned and operated by a single utility.

NEW SECTION. Sec. 3. A new section is added to chapter 54.16 RCW to read as follows:

(1) The commission of a public utility district may adopt a transportation electrification plan that, at a minimum, establishes a finding that: (a) If the district is acquiring new resources as indicated in its most recent plan developed pursuant to chapter 19.280 RCW, district outreach and investment in the electrification of transportation infrastructure is cost-effective, as determined using a methodology that assesses both the expected system benefits and expected costs to ratepayers served by the district on the distribution system; or (b) if the district is not acquiring new resources as indicated in its most recent plan developed pursuant to chapter 19.280 RCW, district outreach and investment in the electrification of transportation infrastructure is cost-effective, as determined using a methodology that assesses both the expected system benefits and expected costs to ratepayers served by the utility on the distribution system and long-term contracted wholesale electricity supply that will result in a greater ratepayer benefit than the individual benefit from the program cost.

(2) In adopting a transportation electrification plan under subsection (1) of this section, the commission may consider some or all of the following: (a) The applicability of multiple options for electrification of transportation across all customer classes; (b) the impact of electrification on the district's distribution load, and whether demand response or other load management opportunities, including direct load control and dynamic pricing, are operationally appropriate; (c) system reliability and distribution system efficiencies; (d) interoperability concerns, including the interoperability of hardware and software systems in electrification of transportation proposals; and (e) overall customer experience.

(3) The commission of a public utility district may, upon making a cost-effectiveness determination in accordance with subsection (1) of this section, offer programs in the electrification of transportation for its customers, including advertising programs to promote the district's or third-party services, incentives, or rebates.

(4) For the purposes of this section, "system benefit" means a situation where financial, reliability, and quality benefits of the electrification of transportation are conferred equally among all ratepayers on the distribution system or among the utility's resource generation portfolio.

(5) For the purposes of this section, "distribution system" means all of the distribution lines, substations, switches, and other distribution hardware contiguously connected at voltages below ninety kilovolts that are owned and operated by a single utility.

NEW SECTION. Sec. 4. (1) The department of commerce, subject to availability of amounts appropriated for this specific purpose, shall arrange for a study of utility capital expenditures projected to be driven by growth in distributed resources, including photovoltaic systems, electric vehicles, and any other customer-owned technologies identified as likely to cause a shift in capital expenditures. The study must survey each of the state's utilities and must include a low and high adoption scenario for each resource.

(2) If specific funding for the purposes of this section, referencing this section by bill or chapter number and section number, is not provided by June 30, 2018, in the omnibus appropriations act, this section is null and void."

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:

(1) Registered tow truck operators have continuing problems involving the disposal of recreational vehicles that have been impounded and abandoned pursuant to chapter 46.55 RCW;

(2) Traditional methods of disposal are no longer adequate to meet the increasing problem of abandoned recreational vehicles in Washington state;

(3) Abandoned recreational vehicles continue to be a hazard to the health and safety of citizens, business owners, and the environment; and

(4) Adequate funding is necessary to resolve the problem of abandoned recreational vehicles in a manner that is environmentally friendly and economically sound so that registered tow truck operators may be successful in their duties of public impounding, transporting, and storing unauthorized vehicles.

NEW SECTION. Sec. 2. A new section is added to chapter 46.55 RCW to read as follows:

(1) A registered tow truck operator may transport an abandoned recreational vehicle under section 5 of this act without being licensed as a hulk hauler. The transport of an abandoned recreational vehicle by a registered tow truck operator under this chapter must be completed by utilizing a reasonable, direct, and safe route on the date of transport.

(2) A registered tow truck operator must provide a written record of the delivery to a licensed dismantler or authorized disposal site for each abandoned recreational vehicle by use of an abandoned vehicle report or junk vehicle affidavit to be sent to the
department. A copy of the report must be maintained in the vehicle transaction file. Completion of the report relieves the registered tow truck operator from any civil or criminal liability for the disposal of a properly processed abandoned recreational vehicle.

Sec. 3. RCW 46.79.110 and 2001 c 64 s 12 are each amended to read as follows:

Nothing contained in this chapter shall be construed to prohibit: Any individual not engaged in business as a hulk hauler or scrap processor from towing any vehicle owned by him or her to any vehicle wrecker or scrap processor, or a registered tow truck operator from transporting an abandoned recreational vehicle under section 5 of this act in compliance with this chapter.

NEW SECTION. Sec. 4. A new section is added to chapter 46.17 RCW to read as follows:

(1) Before accepting an application for a registration for a recreational vehicle, the department, county auditor, or other agent, or subagent appointed by the director, shall require an applicant to pay a six-dollar fee in addition to any other fees and taxes required by law.

(2) The abandoned recreational vehicle disposal fee must be deposited into the abandoned recreational vehicle disposal account created in section 6 of this act.

(3) For the purposes of this section, "recreational vehicle" means a camper, motor home, or travel trailer.

NEW SECTION. Sec. 5. (1) A registered tow truck operator, as defined in RCW 46.55.010, vehicle wrecker, as defined in RCW 46.80.010, or scrap processor, as defined in RCW 46.79.010, and scrap metal businesses, as defined in RCW 19.290.010, may apply to the department on a form prescribed by the department for cost reimbursement for the towing, transport, storage, dismantling, and disposal of abandoned recreational vehicles from public property.

(2) The department may only use funds under section 6 of this act for cost reimbursement for the towing, transport, storage, dismantling, and disposal of abandoned recreational vehicles. The department may not authorize reimbursements that total more than ten thousand dollars per vehicle for which cost reimbursements are requested.

(3) After consulting with the 2017 stakeholder group, the department may develop rules including, but not limited to, towing, transport, storage, dismantling, and disposal rates, application form and contents, and cost reimbursement and the reimbursement process, to implement this section.

(4) The department shall convene a stakeholder work group every two years, with the first meeting to be held within twelve months of rule adoption, to make recommendations on rule amendments.

(5) For the purposes of this section, an "abandoned recreational vehicle" means a camper, motorhome, or travel trailer that has been impounded from public property, abandoned pursuant to chapter 46.55 RCW, and received no bids at auction, or declared an abandoned junk vehicle by a law enforcement officer, pursuant to chapter 46.55 RCW, while on public property.

NEW SECTION. Sec. 6. A new section is added to chapter 46.68 RCW to read as follows:

(1) The abandoned recreational vehicle disposal account is created in the state treasury. All receipts from the fee imposed in section 4 of this act must be deposited into the account. On page 1, beginning on line 3 of the striking amendment, strike all of sections 1 and 2 and insert the following:

"NEW SECTION. Sec. 1. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Grandparent" means:

(a) A person who is the parent of a child's father or mother, and who is
related to the child by blood, adoption, or marriage including preceding generations as denoted by prefixes of grand, great, or great-great; and

(b) Spouses of any persons named in (a) of this subsection, even after the marriage is terminated.

(2) "Parent" means a legal parent whose rights have not been terminated, relinquished, or declared not to exist.

NEW SECTION. Sec. 2. (1) A grandparent may petition for visitation with the child if:

(a) The petitioner has an ongoing and substantial relationship with the child;

(b) The petitioner is the child’s grandparent; and

(c) The child is likely to suffer harm or a substantial risk of harm if visitation is denied.

(2) A person has established an ongoing and substantial relationship with a child if the person and the child have had a relationship formed and sustained through interaction, companionship, and mutuality of interest and affection, without expectation of financial compensation, with substantial continuity for at least two years unless the child is under the age of two years, in which case there must be substantial continuity for at least half of the child’s life, and with a shared expectation of and desire for an ongoing relationship.

POINT OF ORDER

Representative Tarleton requested a scope and object ruling on amendment (1346) to Senate Bill 5598.

SPEAKER’S RULING

Mr. Speaker (Representative Lovick presiding): “The title of SB 5598 is an act relating to granting relatives, including but not limited to grandparents, the right to seek visitation with a child through the courts.

The striking amendment limits the right to grandparents, in effect making the purpose of the bill the exact opposite of that expressed in the title.

The Speaker therefore finds and rules that the amendment changes the scope and object of the bill. The point of order is well taken.”

Representative Rodne moved the adoption of amendment (1347):

On page 2, beginning on line 31 of the striking amendment, after “visitation” strike “more than once” and insert “with a child if a prior petition for visitation with the child has been filed by the petitioner or any other person.”

Representatives Rodne and Shea spoke in favor of the adoption of the amendment.

Representative Kilduff spoke against the adoption of the amendment.

Amendment (1347) was not adopted.

Representative Shea moved the adoption of amendment (1348):

On page 2, beginning on line 1 of the striking amendment, strike all of sections 2 through 5 and insert the following:

"NEW SECTION. Sec. 2. (1) A person who is not the parent of the child may file a motion to intervene in a pending child custody proceeding under chapter 26.10 RCW to seek visitation with the child if:

(a) The person has an ongoing and substantial relationship with the child;

(b) The person is a relative of the child or a parent of the child; and

(c) The child is likely to suffer harm or a substantial risk of harm if visitation is denied.

(2) A person has established an ongoing and substantial relationship with a child if the person and the child have had a relationship formed and sustained through interaction, companionship, and mutuality of interest and affection, without expectation of financial compensation, with substantial continuity for at least two years unless the child is under the age of two years, in which case there must be substantial continuity for at least half of the child’s life, and with a shared expectation of and desire for an ongoing relationship.

NEW SECTION. Sec. 3. (1) A person may not file a motion to intervene in a pending child custody proceeding to seek visitation with a child more than once.

(2) The person must file with the motion to intervene an affidavit alleging that:

(a) A relationship with the child that satisfies the requirements of section 2
of this act exists or existed before action by the parent or parents or other person having legal custody of the child; and

(b) The child would likely suffer harm or the substantial risk of harm if visitation between the person and child was not granted.

(3) The person shall set forth facts in the affidavit supporting the requested order for visitation.

(4) The person shall serve notice of the motion to intervene to each person having legal custody of, or court-ordered residential time with, the child. A person having legal custody or residential time with the child may file an opposing affidavit.

(5) If, based on the motion and affidavits, the court finds that it is more likely than not that visitation will be granted, the court shall grant the motion to intervene.

(6) The court may not enter any temporary orders to establish, enforce, or modify visitation under this section.

NEW SECTION. Sec. 4. (1)(a) The court shall enter an order granting visitation if it finds that the child would likely suffer harm or the substantial risk of harm if visitation between the petitioner and the child is not granted and that granting visitation between the child and the petitioner is in the best interest of the child.

(b) An order granting visitation does not confer upon the petitioner the rights and duties of a parent.

(2) In making its determination, the court shall consider the reasons the parent or other person having legal custody denied visitation to the petitioner. It is presumed that a fit parent's decision to deny visitation is in the best interest of the child and does not create a likelihood of harm or a substantial risk of harm to the child.

(3) To rebut the presumption in subsection (2) of this section, the petitioner must prove by clear and convincing evidence that the child would likely suffer harm or the substantial risk of harm if visitation between the petitioner and the child were not granted.

(4) If the court finds that the petitioner has met the standard for rebutting the presumption in subsection (2) of this section, or if there is no presumption because no parent has custody of the child, the court shall consider whether it is in the best interest of the child to enter an order granting visitation. The petitioner must prove by clear and convincing evidence that visitation is in the child's best interest. In determining whether it is in the best interest of the child, the court shall consider the following, nonexclusive factors:

(a) The love, affection, and strength of the current relationship between the child and the petitioner and how the relationship is beneficial to the child;

(b) The length and quality of the prior relationship between the child and the petitioner before the parent or other person having legal custody denied visitation, including the role performed by the petitioner and the emotional ties that existed between the child and the petitioner;

(c) The relationship between the petitioner and the child's parent or other person having legal custody;

(d) The love, affection, and strength of the current relationship between the child and the parent or other person having legal custody;

(e) The nature and reason for the objection by the parent or other person having legal custody to granting the petitioner visitation;

(f) The effect that granting visitation will have on the relationship between the child and the parent or other person having legal custody;

(g) The residential time-sharing arrangements between the parties having residential time with the child;

(h) The good faith of the petitioner and parent or other person having legal custody;

(i) Any history of physical, emotional, or sexual abuse or neglect by the petitioner, or any history of physical, emotional, or sexual abuse or neglect by a person residing with the petitioner if visitation would involve contact between the child and the person with such history;

(j) The child's reasonable preference, if the court considers the child to be of sufficient age to express a preference;
(k) Any other factor relevant to the child's best interest; and

(l) The fact that the parent has not lost his or her parental rights by being adjudicated as an unfit parent.

NEW SECTION. Sec. 5. (1)(a) For the purposes of sections 2 through 4 of this act, the court shall, on motion of a party to the proceeding, order the petitioner to pay a reasonable amount for costs and reasonable attorneys' fees to the party in advance and prior to any hearing, unless the court finds, considering the financial resources of all parties, that it would be unjust to do so.

(b) Regardless of the financial resources of the parties, if the court finds that a motion to intervene to seek visitation was brought in bad faith or without reasonable basis in light of the requirements of sections 2 through 4 of this act, the court shall order the petitioner to pay a reasonable amount for costs and reasonable attorneys' fees to the other party.

(2) If visitation is granted, the court shall order the petitioner to pay all transportation costs associated with visitation."

Contributions, paid by the county, the municipality, other political subdivision, or a tribal government for their employees, shall include an amount determined by the authority to pay such administrative expenses of the authority as are necessary to administer the plans for employees of those groups, except as provided in subsection (4) of this section.

(2) To account for increased cost of benefits for the state and for state employees, the authority may develop a rate surcharge applicable to participating counties, municipalities, other political subdivisions, and tribal governments.

(3) The contributions of any: (a) Department, division, or separate agency of the state government; (b) county, municipal, or other political subdivisions; (c) any tribal government as are covered by this chapter; and (d) school districts ((and)), educational service districts, and charter schools, shall be set by the authority, subject to the approval of the governor for availability of funds as specifically appropriated by the legislature for that purpose. Insurance and health care contributions for ferry employees shall be governed by RCW 47.64.270.

(4)(a) Until January 1, 2020, the authority shall collect from each participating school district and educational service district an amount equal to the composite rate charged to state agencies, plus an amount equal to the employee premiums by plan and family size as would be charged to ((state)) employees, for groups of school district and educational service district employees enrolled in authority plans. The authority may collect these amounts in accordance with the school district or educational service district fiscal year, as described in RCW 28A.505.030.

(b) For all groups of school district or educational service district employees enrolling in authority plans for the first time after September 1, 2003, and until January 1, 2020, the
authority shall collect from each participating school district or educational service district an amount equal to the composite rate charged to state agencies, plus an amount equal to the employee premiums by plan and by family size as would be charged to (state) employees, only if the authority determines that this method of billing the school districts and educational service districts will not result in a material difference between revenues from school districts and educational service districts and expenditures made by the authority on behalf of school districts and educational service districts and their employees. The authority may collect these amounts in accordance with the school district or educational service district fiscal year, as described in RCW 28A.505.030.

(c) Until January 1, 2020, if the authority determines at any time that the conditions in (b) of this subsection cannot be met, the authority shall offer enrollment to additional groups of (school and educational service district) school and educational service district employees on a tiered rate structure until such time as the authority determines there would be no material difference between revenues and expenditures under a composite rate structure for all (school and educational service district) employees enrolled in authority plans.

health benefit management and cost
containment, one of whom shall be a
nonvoting member; and

with RCW 43.03.250 and shall be
reimbursed for their travel expenses
while on official business in accordance
with RCW 43.03.050 and 43.03.060. The
public employees' benefits board shall
prescribe rules for the conduct of its
business. The director shall serve as
chair of the public employees' benefits
board. Meetings of the public employees'
benefits board shall be at the call of
the chair.

Sec. 12. RCW 41.05.065 and 2015 c 116

board shall study all matters connected
with the provision of health care
coverage, life insurance, liability
insurance, accidental death and
dismemberment insurance, and disability
income insurance or any of, or a
combination of, the enumerated types of
insurance for employees and their
dependents on the best basis possible
with relation both to the welfare of the
employees and to the state. However,
liability insurance shall not be made
available to dependents.

arrangements that encourage cost
containment and ensure access to quality
health care, including but not limited to
prepaid delivery systems and prospective
payment methods;

(c) Wellness incentives that focus on

(3) To maintain the comprehensive
nature of employee health care benefits,
benefits provided to employees shall be
substantially equivalent to the state

effect on January 1, 1993. Nothing in
this subsection shall prohibit changes or
increases in employee point-of-service
payments or employee premium payments for
benefits or the administration of a high
deductible health plan in conjunction
with a health savings account. The public
employees' benefits board may establish
employee eligibility criteria which are
not substantially equivalent to employee

1, 1993.

(4) Except if bargained for under
chapter 41.80 RCW, the public employees'
benefits board shall design benefits and
determine the terms and conditions of
employee and retired or disabled school
employee participation and coverage,
including establishment of eligibility
criteria subject to the requirements of
this chapter. Employer groups obtaining
benefits through contractual agreement
with the authority for employees defined
in RCW 41.05.011(6)(a) (i) through
((441)) (vi) may contractually agree with
the authority to benefits eligibility
criteria which differs from that
determined by the public employees'
benefits board. The eligibility criteria
established by the public employees'
benefits board shall be no more
restrictive than the following:

(a) Except as provided in (b) through
(e) of this subsection, an employee is
eligible for benefits from the date of employment if the employing agency anticipates he or she will work an average of at least eighty hours per month and for at least eight hours in each month for more than six consecutive months. An employee determined ineligible for benefits at the beginning of his or her employment shall become eligible in the following circumstances:

(i) An employee who works an average of at least eighty hours per month and for at least eight hours in each month and whose anticipated duration of employment is revised from less than or equal to six consecutive months to more than six consecutive months becomes eligible when the revision is made.

(ii) An employee who works an average of at least eighty hours per month over a period of six consecutive months and for at least eight hours in each of those six consecutive months becomes eligible at the first of the month following the six-month averaging period.

(b) A seasonal employee is eligible for benefits from the date of employment if the employing agency anticipates that he or she will work an average of at least eighty hours per month and for at least eight hours in each month of the season. A seasonal employee determined ineligible at the beginning of his or her employment who works an average of at least eighty hours per month over a period of six consecutive months and at least eight hours in each of those six consecutive months becomes eligible at the first of the month following the six-month averaging period.

(b) A seasonal employee is eligible for benefits from the date of employment if the employing agency anticipates that he or she will work an average of at least eighty hours per month and for at least eight hours in each month of the season. A seasonal employee determined ineligible at the beginning of his or her employment who works an average of at least eighty hours per month over a period of six consecutive months and at least eight hours in each of those six consecutive months becomes eligible at the first of the month following the six-month averaging period. A benefits-eligible seasonal employee who works a season of less than nine months shall not be eligible for the employer contribution during the off season, but may continue enrollment in benefits during the off season by self-paying for the benefits. A benefits-eligible seasonal employee who works a season of nine months or more is eligible for the employer contribution through the off season following each season worked.

(c) Faculty are eligible as follows:

(i) Faculty who the employing agency anticipates will work half-time or more for the entire instructional year or equivalent nine-month period are eligible for benefits from the date of employment. Eligibility shall continue until the beginning of the first full month of the next instructional year, unless the employment relationship is terminated, in which case eligibility shall cease the first month following the notice of termination or the effective date of the termination, whichever is later.

(ii) Faculty who the employing agency anticipates will not work for the entire instructional year or equivalent nine-month period are eligible for benefits at the beginning of the second consecutive quarter or semester of employment in which he or she is anticipated to work, or has actually worked, half-time or more. Such an employee shall continue to receive uninterrupted employer contributions for benefits if the employee works at least half-time in a quarter or semester. Faculty who the employing agency anticipates will not work for the entire instructional year or equivalent nine-month period, but who actually work half-time or more throughout the entire instructional year, are eligible for summer or off-quarter or off-semester coverage. Faculty who have met the criteria of this subsection (4)(c)(ii), who work at least two quarters or two semesters of the academic year with an average academic year workload of half-time or more for three quarters or two semesters of the academic year, and who have worked an average of half-time or more in each of the two preceding academic years shall continue to receive uninterrupted employer contributions for benefits if he or she works at least half-time in a quarter or semester or works two quarters or two semesters of the academic year with an average academic workload each academic year of half-time or more for three quarters or two semesters. Eligibility under this section ceases immediately if this criteria is not met.

(iii) Faculty may establish or maintain eligibility for benefits by working for more than one institution of higher education. When faculty work for more than one institution of higher education, those institutions shall prorate the employer contribution costs, or if eligibility is reached through one institution, that institution will pay the full employer contribution. Faculty working for more than one institution must alert his or her employers to his or her potential eligibility in order to establish eligibility.

(iv) The employing agency must provide written notice to faculty who are
potentially eligible for benefits under this subsection (4)(c) of their potential eligibility.

(v) To be eligible for maintenance of benefits through averaging under (c)(ii) of this subsection, faculty must provide written notification to his or her employing agency or agencies of his or her potential eligibility.

(vi) For the purposes of this subsection (4)(c):

(A) "Academic year" means summer, fall, winter, and spring quarters or summer, fall, and spring semesters;

(B) "Half-time" means one-half of the full-time academic workload as determined by each institution; except that for community and technical college faculty, half-time academic workload is calculated according to RCW 28B.50.489.

(d) A legislator is eligible for benefits on the date his or her term begins. All other elected and full-time appointed officials of the legislative and executive branches of state government are eligible for benefits on the date his or her term begins or they take the oath of office, whichever occurs first.

(e) A justice of the supreme court and judges of the court of appeals and the superior courts become eligible for benefits on the date he or she takes the oath of office.

(f) Except as provided in (c)(i) and (ii) of this subsection, eligibility ceases for any employee the first of the month following termination of the employment relationship.

(g) In determining eligibility under this section, the employing agency may disregard training hours, standby hours, or temporary changes in work hours as determined by the authority under this section.

(h) Insurance coverage for all eligible employees begins on the first day of the month following the date when eligibility for benefits is established. If the date eligibility is established is the first working day of a month, insurance coverage begins on that date.

(i) Eligibility for an employee whose work circumstances are described by more than one of the eligibility categories in (a) through (e) of this subsection shall be determined solely by the criteria of the category that most closely describes the employee's work circumstances.

(j) Except for an employee eligible for benefits under (b) or (c)(ii) of this subsection, an employee who has established eligibility for benefits under this section shall remain eligible for benefits each month in which he or she is in pay status for eight or more hours, if (i) he or she remains in a benefits-eligible position and (ii) leave from the benefits-eligible position is approved by the employing agency. A benefits-eligible seasonal employee is eligible for the employer contribution in any month of his or her season in which he or she is in pay status eight or more hours during that month. Eligibility ends if these conditions are not met, the employment relationship is terminated, or the employee voluntarily transfers to a noneligible position.

(k) For the purposes of this subsection, the public employees' benefits board shall define "benefits-eligible position."

(5) The public employees' benefits board may authorize premium contributions for an employee and the employee's dependents in a manner that encourages the use of cost-efficient managed health care systems.

(6)(a) For any open enrollment period following August 24, 2011, the public employees' benefits board shall offer a health savings account option for employees that conforms to section 223, Part VII of subchapter B of chapter 1 of the internal revenue code of 1986. The public employees' benefits board shall comply with all applicable federal standards related to the establishment of health savings accounts.

(b) By November 30, 2015, and each year thereafter, the authority shall submit a report to the relevant legislative policy and fiscal committees that includes the following:

(i) Public employees' benefits board health plan cost and service utilization trends for the previous three years, in total and for each health plan offered to employees;

(ii) For each health plan offered to employees, the number and percentage of employees and dependents enrolled in the plan, and the age and gender demographics of enrollees in each plan;
(iii) Any impact of enrollment in alternatives to the most comprehensive plan, including the high deductible health plan with a health savings account, upon the cost of health benefits for those employees who have chosen to remain enrolled in the most comprehensive plan.

(7) Notwithstanding any other provision of this chapter, for any open enrollment period following August 24, 2011, the public employees' benefits board shall offer a high deductible health plan in conjunction with a health savings account developed under subsection (6) of this section.

(8) Employees shall choose participation in one of the health care benefit plans developed by the public employees' benefits board and may be permitted to waive coverage under terms and conditions established by the public employees' benefits board.

(9) The public employees' benefits board shall review plans proposed by insuring entities that desire to offer property insurance and/or accident and casualty insurance to state employees through payroll deduction. The public employees' benefits board may approve any such plan for payroll deduction by insuring entities holding a valid certificate of authority in the state of Washington and which the public employees' benefits board determines to be in the best interests of employees and the state. The public employees' benefits board shall adopt rules setting forth criteria by which it shall evaluate the plans.

Such programs shall be made available to eligible employees, retired employees, and retired school employees as well as eligible dependents which, for the purpose of this section, includes the parents of the employee or retiree and the parents of the spouse of the employee or retiree. Employees of local governments, political subdivisions, and tribal governments not otherwise enrolled in the public employees' benefits board sponsored medical programs may enroll under terms and conditions established by the ((administrator)) director, if it does not jeopardize the financial viability of the public employees' benefits board's long-term care offering.

(a) Participation of eligible employees or retired employees and retired school employees in any long-term care insurance plan made available by the public employees' benefits board is voluntary and shall not be subject to binding arbitration under chapter 41.56 RCW. Participation is subject to reasonable underwriting guidelines and eligibility rules established by the public employees' benefits board and the health care authority.

(b) The employee, retired employee, and retired school employee are solely responsible for the payment of the premium rates developed by the health care authority. The health care authority is authorized to charge a reasonable administrative fee in addition to the premium charged by the long-term care insurer, which shall include the health care authority's cost of administration, marketing, and consumer education materials prepared by the health care authority and the office of the insurance commissioner.

(c) To the extent administratively possible, the state shall establish an automatic payroll or pension deduction system for the payment of the long-term care insurance premiums.

(d) The public employees' benefits board and the health care authority shall establish a technical advisory committee to provide advice in the development of the benefit design and establishment of underwriting guidelines and eligibility rules. The committee shall also advise the public employees' benefits board and authority on effective and cost-effective ways to market and distribute the long-term care product. The technical advisory committee shall be comprised, at a minimum, of representatives of the office of the insurance commissioner, providers of long-term care services, licensed insurance agents with expertise in long-term care insurance, employees, retired employees, retired school employees, and other interested parties determined to be appropriate by the public employees' benefits board.

(e) The health care authority shall offer employees, retired employees, and retired school employees the option of purchasing long-term care insurance through licensed agents or brokers appointed by the long-term care insurer.
The authority, in consultation with the public employees' benefits board, shall establish marketing procedures and may consider all premium components as a part of the contract negotiations with the long-term care insurer.

(f) In developing the long-term care insurance benefit designs, the public employees' benefits board shall include an alternative plan of care benefit, including adult day services, as approved by the office of the insurance commissioner.

(g) The health care authority, with the cooperation of the office of the insurance commissioner, shall develop a consumer education program for the eligible employees, retired employees, and retired school employees designed to provide education on the potential need for long-term care, methods of financing long-term care, and the availability of long-term care insurance products including the products offered by the public employees' benefits board.

(11) The public employees' benefits board may establish penalties to be imposed by the authority when the eligibility determinations of an employing agency fail to comply with the criteria under this chapter.

A certificate of domestic partnership qualified under the provisions of RCW 26.60.030 shall be recognized as evidence of a qualified domestic partnership fulfilling all necessary eligibility criteria for the partner of the employee or school employee to receive benefits. On page 4, after line 20 of the striking amendment, insert the following:

"NEW SECTION. Sec. 3. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Constitutional time, place, and manner restrictions" means restrictions on the time, place, and manner of free speech that do not violate the federal or state constitutions, are reasonable, content-neutral, and viewpoint-neutral, are narrowly tailored to satisfy a significant institutional interest, and leave open ample alternative channels for the communication of the information or message to its intended audience.

(2) "Faculty" or "faculty member" means any person, whether or not the person is compensated by a public institution of higher education, and regardless of political affiliation, who is tasked with providing scholarship, academic research, or teaching. "Faculty" includes tenured and nontenured professors, adjunct professors, visiting professors, lecturers, graduate student instructors, and those in comparable positions, however titled. "Faculty" does not include persons whose primary responsibilities are administrative or managerial."
(3) "Free speech" means speech, expression, or assemblies, verbal or written, protected by the federal or state constitutions, including, but not limited to, all forms of peaceful assembly, protests, demonstrations, rallies, vigils, marches, public speaking, distribution of printed materials, carrying signs, displays, or circulating petitions. "Free speech" does not include the promotion, sale, or distribution of any product or service.

(4) "Institution of higher education" or "institution" has the definition in RCW 28B.10.016.

(5) "Student" means:

(a) An individual currently enrolled in a course of study at an institution of higher education; and

(b) An organization that comprises entirely individuals currently enrolled in a course of study at an institution of higher education and the organization is registered as a student organization with the institution pursuant to institutional rules.

NEW SECTION. Sec. 4. (1) The governing boards of every institution of higher education shall each adopt a policy that affirms the following principles of free speech, which are the public policy of this state:

(a) Students have a fundamental constitutional right to free speech;

(b) An institution of higher education must be committed to giving students the broadest possible latitude to speak, write, listen, challenge, learn, and discuss any issue, subject to section 6 of this act;

(c) An institution of higher education must be committed to maintaining its campus as a marketplace of ideas for all students and all faculty in which the free exchange of ideas is not suppressed because some or most members of the institution's community think those ideas are offensive, unwise, immoral, indecent, disagreeable, conservative, liberal, traditional, radical, or emotionally disturbing;

(d) Students and faculty members must be allowed to make judgments about ideas for themselves and to act on those judgments by openly and vigorously debating the ideas they either agree to and/or oppose, rather than by seeking to suppress free speech;

(e) It is not the proper role of an institution of higher education to attempt to shield individuals from free speech, including ideas and opinions they find offensive, unwise, immoral, indecent, disagreeable, conservative, liberal, traditional, radical, or emotionally disturbing;

(f) Although an institution of higher education should greatly value civility and mutual respect, concerns about civility and mutual respect must not be used by an institution of higher education as a justification for closing off the discussion of ideas, however offensive, unwise, immoral, indecent, disagreeable, conservative, liberal, traditional, radical, or emotionally disturbing those ideas may be to some students or faculty;

(g) All students and all faculty must be free to state their own views about and contest the views expressed on campus and to state their own views about and contest speakers who are invited to express their views on campus. Students and faculty may not substantially obstruct or otherwise substantially interfere with the freedom of others to express views they reject or even loathe. Therefore, an institution of higher education has a responsibility to promote a lively and fearless freedom of debate and deliberation and protect that freedom;

(h) An institution of higher education must be committed to providing an atmosphere that is most conducive to speculation, experimentation, and creation by all students and all faculty, who shall always remain free to inquire, to study, and to evaluate, and to gain new understanding;

(i) The primary responsibility of faculty is to engage an honest, courageous, and persistent effort to search out and communicate the truth that lies in the areas of their competencies;

(j) Although faculty are free in the classroom to discuss subjects within areas of their competencies, faculty shall be cautious in expressing personal views in the classroom and shall be careful not to introduce controversial matters that have no relationship to the subject taught, especially regarding matters they have no special competence or training in and which, therefore,
faculties' views cannot claim the authority accorded other statements they make that are within their areas of competence. However, no faculty should face adverse employment action for classroom speech, unless it is not reasonably germane to the subject matter of the class as broadly construed and comprises a substantial portion of classroom instruction;

(k) An institution of higher education must maintain the generally accessible, open, outdoor areas of its campus as traditional public forums for free speech by students;

(l) An institution of higher education must not restrict students' free speech only to particular areas of the campus, sometimes known as "free speech zones";

(m) An institution of higher education must not deny student activity fee funding to a student organization based on the viewpoints that the student organization advocates;

(n) An institution of higher education must not establish permitting requirements that prohibit spontaneous outdoor assemblies or outdoor distribution of literature. However, an institution of higher education may maintain a policy that grants members of the institution's community the right to reserve certain outdoor spaces in advance;

(o) An institution of higher education must not charge students security fees based on the content of their speech, the content of the speech of guest speakers invited by students, or the anticipated reaction or opposition to speech;

(p) An institution of higher education must allow all students and all faculty to invite guest speakers to campus to engage in free speech regardless of the views of the guest speakers; and

(q) An institution of higher education must not disinvite a speaker invited by a student, student organization, or faculty member solely because the speaker's anticipated speech may be considered offensive, unwise, immoral, indecent, disagreeable, conservative, liberal, traditional, radical, or emotionally disturbing by students, faculty, administrators, government officials, or members of the public.

(2) The policy adopted pursuant to this section must be made available to students and faculty annually through one or more of the following methods:

(a) By publication annually in the institution of higher education's student handbook and faculty handbook, whether paper or electronic;

(b) By way of a prominent notice on the institution of higher education's website other than through the electronic publication of the policy in the student handbook and faculty handbook;

(c) Sent annually to students and employees to their institutionally provided email address; or

(d) Addressed by the institution of higher education in orientation programs for new students and new faculty.

(3) Nothing in this section may be construed to grant students the right to disrupt previously scheduled or reserved activities occurring in a traditional public forum.

NEW SECTION. Sec. 5. (1) With respect to disciplining students for their speech, expression, or assemblies, each institution of higher education must adopt a policy on "student-on-student harassment" defining the term consistent with and no more expansively than the language contained in subsection (2) of this section.

(2) As used in this section, "student-on-student harassment" means unwelcome conduct directed toward a person that is discriminatory on a basis prohibited by federal, state, or local law, and that is so severe, pervasive, and objectively offensive that it effectively bars the victim's access to an educational opportunity or benefit.

NEW SECTION. Sec. 6. Nothing in this chapter requires an institution of higher education to fund costs associated with student speech or expression. An institution of higher education shall not impose costs on students or student organizations on the basis of the anticipated reaction or opposition to a person's speech by listeners.

NEW SECTION. Sec. 7. Nothing in this chapter prohibits an institution of higher education from imposing measures that do not violate the federal and state constitutions, such as:
(1) Constitutional time, place, and manner restrictions;
(2) Reasonable and viewpoint-neutral restrictions in nonpublic forums;
(3) Restricting the use of the institution of higher education's property to protect the free speech rights of students and faculty and preserve the use of the property for the advancement of the institution's mission;
(4) Prohibiting or limiting speech, expression, or assemblies that are not protected by the federal or state constitution; and
(5) Content restrictions on speech that are reasonably related to a legitimate pedagogical purpose, such as classroom rules enacted by faculty.

NEW SECTION. Sec. 8. The governing body of each institution of higher education may adopt rules to effectuate the purposes of this chapter.

NEW SECTION. Sec. 9. Sections 3 through 8 of this act constitute a new chapter in Title 28B RCW.

THIRD READING

MESSAGE FROM THE SENATE

March 1, 2018

MR. SPEAKER:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1506, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that despite existing equal pay laws, there continues to be a gap in wages and advancement opportunities among workers in Washington, especially women. Income disparities limit the ability of women to provide for their families, leading to higher rates of poverty among women and children. The legislature finds that in order to promote fairness among workers, employees must be compensated equitably. Further, policies that encourage retaliation or discipline towards workers who discuss or inquire about compensation prevent workers from moving forward.

The legislature intends to update the existing Washington state equal pay act, not modified since 1943, to address income disparities, employer discrimination, and retaliation practices, and to reflect the equal status of all workers in Washington state.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Compensation" means discretionary and nondiscretionary wages and benefits provided by an employer to an employee as a result of the employment relationship.

(2) "Department" means the department of labor and industries.

(3) "Director" means the director of the department of labor and industries, or the director's designated representative.

(4) "Employee" means an employee who is employed in the business of the employee's employer whether by way of manual labor or otherwise.

(5) "Employer" means any person, firm, corporation, partnership, business trust, legal representative, or other business entity which engages in any business, industry, profession, or activity in this state and employs one or more employees, and includes the state, any state institution, state agency, political subdivisions of the state, and any municipal corporation or quasi-municipal corporation.

Sec. 3. RCW 49.12.175 and 1943 c 254 s 1 are each amended to read as follows:

(1) Any employer in this state((, employing both males and females, who shall discriminate in any way in the payment of wages as between sexes or who shall pay any female a less wage, be it time or piece work, or salary, than is being paid to males)) who discriminates in any way in providing compensation based on gender between similarly employed((, or in any employment formerly performed by males, shall be)) employees of the employer is guilty of a misdemeanor. If any ((female)) employee ((shall)) receives less compensation because of ((being discriminated against)) discrimination on account of ((her sex, and)) gender in violation of this section, ((she shall be)) that employee is entitled to ((recover in a civil action the full amount of compensation that she would have received had she not been discriminated against)) the remedies in sections 7 and 8 of this act. In such action, however, the employer shall be credited with any compensation which has been paid to ((her)) the employee upon account. ((A differential in wages between employees based on good faith on a factor or factors other than sex shall not constitute discrimination within the meaning of RCW 49.12.010 through 49.12.180.))

(2) For purposes of this section, employees are similarly employed if the individuals work for the same employer, the performance of the job requires similar skill, effort, and responsibility, and the jobs are performed under similar working conditions. Job titles alone are not determinative of whether employees are similarly employed.
(3)(a) Discrimination within the meaning of this section does not include a differential in compensation based in good faith on a bona fide job-related factor or factors that:

(i) Are consistent with business necessity;
(ii) Are not based on or derived from a gender-based differential; and
(iii) Account for the entire differential. More than one factor may account for the differential.

(b) Such bona fide factors include, but are not limited to:

(i) Education, training, or experience;
(ii) A seniority system;
(iii) A merit system;
(iv) A system that measures earnings by quantity or quality of production; or
(v) A bona fide regional difference in compensation levels.

(c) A differential in compensation based in good faith on a local government ordinance providing for a minimum wage different from state law does not constitute discrimination under this section.

(d) An individual's previous wage or salary history is not a defense under this section.

(e) The employer carries the burden of proof on these defenses.

NEW SECTION. Sec. 4. (1) The legislature finds that equality of opportunity for advancement is key to reducing income disparities based on gender. The legislature further finds that using gender as a factor in advancement contributes to pay inequity.

(2) An employer may not, on the basis of gender, limit or deprive an employee of career advancement opportunities that would otherwise be available.

(3) A differential in career advancement based on a bona fide job-related factor or factors that meet the criteria in RCW 49.12.175(3)(b) (i) through (iv) (as recodified by this act).

(4)(a) If it is determined that an employer committed a pattern of violations of this section as to an employee or committed a violation of this section through application of a formal or informal employer policy or practice, the employee is entitled to the remedies in this section and in section 8 of this act.

(b) Upon complaint by an employee, the director must investigate to determine if there has been compliance with this section and the rules adopted to implement this section. The director, upon complaint, may also initiate an investigation on behalf of one or more employees for a violation of this section and the rules adopted to implement this section. The director may require the testimony of witnesses and production of documents as part of an investigation.

(c) If the director determines that a violation occurred, the director shall attempt to resolve the violation by conference and conciliation.

(d) If no agreement is reached to resolve the violation and the director determines that the employer committed a pattern of violations of this section as to an employee or committed a violation of this section through application of a formal or informal employer policy or practice, the director may issue a citation and notice of assessment and order:

(i) The employer to pay to the employee actual damages, statutory damages equal to the actual damages or five thousand dollars, whichever is greater, and interest of one percent per month on all compensation owed;
(ii) The employer to pay to the department the costs of investigation and enforcement; and
(iii) Any other appropriate relief.

(e) In addition to the citation and notice of assessment, if the director determines that the employer committed a pattern of violations of this section as to an employee or committed a violation of this section through application of a formal or informal employer policy or practice, the director may order payment to the department of a civil penalty. The violation as to each affected employee constitutes a separate violation.
(i) For a first violation, the civil penalty may not exceed five hundred dollars.

(ii) For a repeat violation, the civil penalty may not exceed one thousand dollars or ten percent of the damages, whichever is greater.

(f) Section 7 (3), (4), and (5) of this act applies to this section.

NEW SECTION.  Sec. 5.  (1) An employer may not:

(a) Require nondisclosure by an employee of his or her wages as a condition of employment; or

(b) Require an employee to sign a waiver or other document that prevents the employee from disclosing the amount of the employee's wages.

(2) An employer may not discharge or in any other manner retaliate against an employee for:

(a) Inquiring about, disclosing, comparing, or otherwise discussing the employee's wages or the wages of any other employee;

(b) Asking the employer to provide a reason for the employee's wages or lack of opportunity for advancement; or

(c) Aiding or encouraging an employee to exercise his or her rights under this section.

(3) An employer may prohibit an employee who has access to compensation information of other employees or applicants as part of such employee's essential job functions from disclosing the wages of the other employees or applicants to individuals who do not otherwise have access to such information, unless the disclosure is in response to a complaint or charge, in furtherance of an investigation, or consistent with the employer's legal duty to provide the information and the disclosure is part of the employee's essential job functions. An employee described in this subsection otherwise has the protections of this section, including to disclose the employee's wages without retaliation.

(4) This section does not require an employee to disclose the employee's compensation.

(5) This section does not permit an employee to violate the requirements in chapter 49.17 RCW and rules adopted under that chapter.

NEW SECTION.  Sec. 6.  An employer may not retaliate, discharge, or otherwise discriminate against an employee because the employee has filed any complaint, or instituted or caused to be instituted any proceeding under this chapter, or has testified or is about to testify in any such proceeding, or because of the exercise by such employee on behalf of himself or herself or others of any right afforded by this chapter.

NEW SECTION.  Sec. 7.  (1) Upon complaint by an employee, the director must investigate to determine if there has been compliance with RCW 49.12.175 (as recodified by this act), sections 5 and 6 of this act, and the rules adopted under this chapter. The director, upon complaint, may also initiate an investigation on behalf of one or more employees for a violation of RCW 49.12.175 (as recodified by this act), sections 5 and 6 of this act, and the rules adopted under this chapter. The director may require the testimony of witnesses and production of documents as part of an investigation.

(2) If the director determines that a violation occurred, the director shall attempt to resolve the violation by conference and conciliation.

(a) If no agreement is reached to resolve the violation, the director may issue a citation and notice of assessment and order the employer to pay to the complainant actual damages; statutory damages equal to the actual damages or five thousand dollars, whichever is greater; interest of one percent per month on all compensation owed; payment to the department of the costs of investigation and enforcement; and any other appropriate relief.

(b) In addition to the citation and notice of assessment, the director may order payment to the department of a civil penalty. For purposes of a civil penalty for violation of RCW 49.12.175 (as recodified by this act) and section 6 of this act, the violation as to each affected employee constitutes a separate violation.

(i) For a first violation, the civil penalty may not exceed five hundred dollars.
(ii) For a repeat violation, the civil penalty may not exceed one thousand dollars or ten percent of the damages, whichever is greater.

(3) An appeal from the director's determination may be taken in accordance with chapter 34.05 RCW. An employee who prevails is entitled to costs and reasonable attorneys' fees.

(4) The department must deposit civil penalties paid under this section in the supplemental pension fund established under RCW 51.44.033.

(5) Any wages and interest owed must be calculated from ten years before the complaint.

NEW SECTION. Sec. 8. (1) Subject to subsection (2) of this section, an employee may bring a civil action against an employer for violation of RCW 49.12.175 (as recodified by this act) and sections 4 through 6 of this act for actual damages; statutory damages equal to the actual damages or five thousand dollars, whichever is greater; interest of one percent per month on all compensation owed; and costs and reasonable attorneys' fees. The court may also order reinstatement and injunctive relief. The employee must bring a civil action within three years of the date of the alleged violation of this chapter regardless of whether the employee pursued an administrative complaint. Recovery of any wages and interest owed must be calculated from ten years prior to the date of filing the civil action.

(2) An employee alleging a violation of section 4 of this act is entitled to relief only if the court determines that the employer committed a pattern of violations as to the employee or committed a violation through application of a formal or informal employer policy or practice.

(3) A city, code city, town, county, or political subdivision may not enact a charter, ordinance, regulation, rule, or resolution:

(a) Creating a gender pay equity program that alters or amends the requirements of this chapter for any private employer;

(b) Providing for local enforcement of the provisions of this chapter; or

(c) Requiring private employers to supplement the requirements or benefits provided under this chapter.

NEW SECTION. Sec. 9. A violation of this chapter occurs when a discriminatory compensation decision or other practice is adopted, when an individual becomes subject to a discriminatory compensation decision or other practice, or when an individual is affected by application of a discriminatory compensation decision or other practice, including each time wages, benefits, or other compensation is paid, resulting in whole or in part from such a decision or other practice.

NEW SECTION. Sec. 10. The department shall include notice of the provisions of this chapter in the next reprinting of employment posters.

NEW SECTION. Sec. 11. The department may adopt rules to implement sections 1 and 4 through 7 of this act and RCW 49.12.175 (as recodified by this act).

NEW SECTION. Sec. 12. RCW 49.12.175 is recodified as a section in chapter 49.--- RCW (the new chapter created in section 13 of this act).

NEW SECTION. Sec. 13. Sections 1, 2, and 4 through 11 of this act constitute a new chapter in Title 49 RCW.

On page 1, line 2 of the title, after "equity;" strike the remainder of the title and insert "amending RCW 49.12.175; adding a new chapter to Title 49 RCW; recodifying RCW 49.12.175; and prescribing penalties."

and the same is herewith transmitted.

MESSAGE FROM THE SENATE

February 28, 2018
MR. SPEAKER:

The Senate has passed ENGROSSED HOUSE BILL NO. 2008, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that effective planning for and implementation of core state services for children requires predictability and stability in the budgeting process for these services. For these reasons, the legislature intends that costs for behavioral rehabilitation services be included in the state budgeting process at maintenance level. By implementing consistent statewide assessments, forecasting program caseloads, and incorporating forecast-based program costs into the maintenance level budget, the state can ensure predictable funding levels for this program.

NEW SECTION. Sec. 2. (1) The children and families services program of the department of social and health services through June 30, 2018, and of the department of children, youth, and families effective July 1, 2018, shall facilitate a stakeholder work group in a collaborative effort to design a behavioral rehabilitation services rate payment methodology that is based on actual provider costs of care. The work group may consider the findings of a contracted rate analysis in designing the methodology. By November 30, 2018, and in compliance with RCW 43.01.036, the department of children, youth, and families must submit a report with the final work group findings to the appropriate legislative committees.

(2) This section expires December 31, 2018.

NEW SECTION. Sec. 3. A new section is added to chapter 74.13 RCW to read as follows:

The office of innovation, alignment, and accountability must develop a single validated tool to assess the care needs of foster children. Once the validated tool is available for use on a statewide basis, the department of children, youth, and families must use the tool for assessing the care needs of foster children, including but not limited to whether the department should provide foster children with behavioral rehabilitation services. The department must notify the caseload forecast council, the office of financial management, and the appropriate fiscal committees of the legislature when it begins statewide use of the validated tool.

Sec. 4. RCW 43.88C.010 and 2015 c 128 s 2 are each amended to read as follows:

(1) The caseload forecast council is hereby created. The council shall consist of two individuals appointed by the governor and four individuals, one of whom is appointed by the chairperson of each of the two largest political caucuses in the senate and house of representatives. The chair of the council shall be selected from among the four caucus appointees. The council may select such other officers as the members deem necessary.

(2) The council shall employ a caseload forecast supervisor to supervise the preparation of all caseload forecasts. As used in this chapter, "supervisor" means the caseload forecast supervisor.

(3) Approval by an affirmative vote of at least five members of the council is required for any decisions regarding employment of the supervisor. Employment of the supervisor shall terminate after each term of three years. At the end of the first year of each three-year term the council shall consider extension of the supervisor’s term by one year. The council may fix the compensation of the supervisor. The supervisor shall employ staff sufficient to accomplish the purposes of this section.

(4) The caseload forecast council shall oversee the preparation of and approve, by an affirmative vote of at least four members, the official state caseload forecasts prepared under RCW 43.88C.020. If the council is unable to approve a forecast before a date required in RCW 43.88C.020, the supervisor shall submit the forecast without approval and the forecast shall have the same effect as if approved by the council.

(5) A councilmember who does not cast an affirmative vote for approval of the official caseload forecast may request, and the supervisor shall provide, an
alternative forecast based on assumptions specified by the member.

(6) Members of the caseload forecast council shall serve without additional compensation but shall be reimbursed for travel expenses in accordance with RCW 44.04.120 while attending sessions of the council or on official business authorized by the council. Nonlegislative members of the council shall be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060.

(7) "Caseload," as used in this chapter, means:

(a) The number of persons expected to meet entitlement requirements and require the services of public assistance programs, state correctional institutions, state correctional noninstitutional supervision, state institutions for juvenile offenders, the common school system, long-term care, medical assistance, foster care, and adoption support;

(b) The number of students who are eligible for the Washington college bound scholarship program and are expected to attend an institution of higher education as defined in RCW 28B.92.030;

(c) The number of children who are eligible, as defined in RCW 43.215.405, to participate in, and the number of children actually served by, the early childhood education and assistance program.

(8) The caseload forecast council shall forecast the temporary assistance for needy families and the working connections child care programs as a courtesy.

(9) The caseload forecast council shall forecast youth participating in the extended foster care program pursuant to RCW 74.13.031 separately from other children who are residing in foster care and who are under eighteen years of age.

(10) The caseload forecast council shall forecast the number of youth expected to receive behavioral rehabilitation services while involved in the foster care system and the number of screened in reports of child abuse or neglect.

(11) Unless the context clearly requires otherwise, the definitions provided in RCW 43.88.020 apply to this chapter.

NEW SECTION. Sec. 5. A new section is added to chapter 43.88 RCW to read as follows:

For the purposes of this chapter, expenditures for behavioral rehabilitation services placements must be forecasted and budgeted as maintenance level costs.

NEW SECTION. Sec. 6. (1) The department of children, youth, and families shall, as part of its budget request submittal for the 2019-2021 biennial operating budget, conduct of a review of the most recent caseload forecast of children in foster care and the availability and capacity of licensed foster homes. The review shall include:

(a) An analysis of the need for licensed foster homes;

(b) A listing of support resources available for parents in licensed foster homes; and

(c) A review of department policies that affect the recruitment and retention of licensed foster homes.

A report containing the results of the review shall be submitted to the office of financial management and appropriated committees of the legislature no later than October 1, 2018.

(2) This section expires October 1, 2018.

On page 1, line 2 of the title, after "children;" strike the remainder of the title and insert "amending RCW 43.88C.010; adding a new section to chapter 74.13 RCW; adding a new section to chapter 43.88 RCW; creating new sections; and providing expiration dates."

and the same is herewith transmitted.

SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House refused to concur in the Senate amendment to ENGROSSED HOUSE BILL NO. 2008 and asked the Senate to recede therefrom.

MESSAGE FROM THE SENATE
MR. SPEAKER:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2595, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. This act may be known and cited as the automatic voter registration act of 2018.

NEW SECTION. Sec. 2. (1) The legislature finds that:

(a) The right to vote is enshrined as one of the greatest virtues of our democracy and that an engaged citizenry is essential at each level of government to ensure that all voices are heard; and

(b) State and local governments should take every step possible to make it easier to vote in Washington state and ensure that fundamental values of a true democracy with full participation remains one of our most important functions. Providing additional opportunities for people to register to vote and helping them make their own choices about who represents them in this democracy and about important issues that are central to their lives and communities are essential to upholding these values.

(2) Therefore, the legislature intends to increase the opportunity to register to vote for persons qualified under Article VI of the Washington state Constitution by expanding the streamlined voter registration process that will increase opportunities for voter registration without placing new undue burdens on government agencies.

PART I

AUTOMATIC VOTER REGISTRATION FOR ENHANCED DRIVER'S LICENSE

NEW SECTION. Sec. 101. A new section is added to chapter 29A.08 RCW to read as follows:

A person age eighteen years or older who is a citizen of the United States applying for or renewing an enhanced driver's license or identicard issued under RCW 46.20.202 or changing the address for an existing enhanced driver's license or identicard pursuant to RCW 46.20.205 may be registered to vote or update voter registration information at the time of registration or renewal by automated process if the department of licensing record associated with the applicant verifies United States citizenship, contains the data required for voter registration under RCW 29A.08.010, and includes a signature image. The person must be informed that his or her record will be used for voter registration, and offered an opportunity to decline to register.

NEW SECTION. Sec. 102. A new section is added to chapter 29A.08 RCW to read as follows:

(1) If the applicant in section 101 of this act does not decline registration, the application is submitted pursuant to RCW 29A.08.350.

(2) For each such application, the secretary of state must obtain a digital copy of the applicant's signature image from the department of licensing.

NEW SECTION. Sec. 103. A new section is added to chapter 29A.08 RCW to read as follows:

(1)(a) For persons age eighteen years and older registering under section 101 of this act, an application is considered complete only if it contains the information required by RCW 29A.08.010 and verification of citizenship. The applicant is considered to be registered to vote as of the original date of application or renewal of an enhanced driver's license or identicard issued under RCW 46.20.202 or application for change of address for an existing enhanced driver's license or identicard pursuant to RCW 46.20.205. The auditor shall record the appropriate precinct identification, taxing district identification, and date of registration on the voter's record in the state voter registration list. Any mailing address provided shall be used only for mail delivery purposes, and not for precinct assignment or residency purposes. Within sixty days after the receipt of an application or transfer, the auditor shall send to the applicant, by first-
class nonforwardable mail, an acknowledgment notice identifying the registrant's precinct and containing such other information as may be required by the secretary of state. The United States postal service shall be instructed not to forward a voter registration card to any other address and to return to the auditor any card which is not deliverable.

(b) An auditor may use other means to communicate with potential and registered voters such as, but not limited to, email, phone, or text messaging. The alternate form of communication must not be in lieu of the first-class mail requirements. The auditor shall act in compliance with all voter notification processes established in federal law.

(2) If an application is not complete, the auditor shall promptly mail a verification notice to the applicant. The verification notice must require the applicant to provide the missing information. If the applicant provides the required information within forty-five days, the applicant must be registered to vote. The applicant must not be placed on the official list of registered voters until the application is complete under this subsection.

(3) If the prospective registration applicant declines to register to vote or the information provided by the department of licensing does not indicate citizenship, the information must not be included on the list of registered voters.

(4) The department of licensing is prohibited from sharing data files used by the secretary of state to certify voters registered through the automated process outlined in section 101 of this act with any federal agency, or state agency other than the secretary of state. Personal information supplied for the purposes of obtaining a driver's license or identicard is exempt from public inspection pursuant to RCW 42.56.230.

NEW SECTION. Sec. 104. A new section is added to chapter 46.20 RCW to read as follows:

For persons eighteen years of age or older who the department has verified United States citizenship, who are applying for or renewing an enhanced driver's license or identicard under RCW 46.20.202 or applying for a change of address for an existing enhanced driver's license or identicard pursuant to RCW 46.20.205, and who have not declined to register to vote, the department shall produce and transmit to the secretary of state the following information from the records of each individual: The name, address, date of birth, gender of the applicant, the driver's license number, signature image, and the date on which the application was submitted. The department and the secretary of state shall process information as an automated application on a daily basis.

Sec. 105. RCW 29A.08.350 and 2013 c 11 s 18 are each amended to read as follows:

The department of licensing shall produce and transmit to the secretary of state the following information from the records of each individual who requested a voter registration or update at a driver's license facility: The name, address, date of birth, gender of the applicant, the driver's license number, signature image, and the date on which the application for voter registration or update was submitted. The secretary of state shall process the registrations and updates as an electronic application.

Sec. 106. RCW 46.20.207 and 1993 c 501 s 3 are each amended to read as follows:

(1) The department is authorized to cancel any driver's license upon determining that the licensee was not entitled to the issuance of the license, or that the licensee failed to give the required or correct information in his or her application, or that the licensee is incompetent to drive a motor vehicle for any of the reasons under RCW 46.20.031 (4) and (7).

(2) Upon such cancellation, the licensee must surrender the license so canceled to the department.

(3) Upon the cancellation of an enhanced driver's license or identicard for failure of the licensee to give correct information, if such information had been transferred to the secretary of state for purposes of voter registration, the department must immediately notify the office of the secretary of state, and the county auditor of the county of the licensee's address of record, of the
cancellation of the license or identicard
and the identification of the incorrect
information.

licensing and establish other criteria
and procedures.

(3) If applicable, the health benefit
exchange shall report any known barriers
or impediments to implementation of this
section to the appropriate committees of
the legislature and the governor no later
than December 1, 2019.

NEW SECTION. Sec. 202. A new section
is added to chapter 29A.04 RCW to read as

follows:

(1) "Qualified voter registration
agency" means the department of
agriculture, the department of veterans
affairs, the military department, and the
business professions division of the
department of licensing, or a state
agency providing public assistance or
services to persons with disabilities,
designated pursuant to RCW
29A.08.310(1), that collects, processes,

agency transactions. If a qualified voter
registration agency chooses to provide
automatic voter registration services,
the agency:

(a) Must consult with the secretary of
state's office to establish automatic
voter registration criteria and
procedures; and
(b) May adopt rules to enable the
agency to provide automatic voter
registration services.

(3) Qualified voter registration
agencies that do not intend to seek to
provide automatic voter registration
services shall submit a report to the
governor and appropriate legislative
committees no later than December 1,
2019, detailing the reasons that make
providing automatic voter registration
services not feasible.

(4) For agencies submitting a report
under subsection (3) of this section, the
governor shall consult with the secretary
of state's office to make a decision as
to whether the agency should implement
automatic voter registration. The
governor shall make the final decision at
the governor's sole discretion.

(5) Once an agency has implemented
automatic voter registration, it shall
continue to provide automatic voter
registration unless legislation is
enacted that directs the agency to do
otherwise.

NEW SECTION. Sec. 302. A new section
is added to chapter 29A.08 RCW to read as
follows:

(1) With each application for
assistance or services listing the
information described in section 301 of
this act, and with each related
recertification, renewal, or change of
address, each qualified voter
registration agency that chooses to or is
required to provide automatic voter
registration services, as provided in
section 301 of this act shall inform the
person of the following:

(a) Unless the person declines to
register to vote or update an existing
voter registration, or is found to be
ineligible to vote, the person will be
registered to vote or, if applicable, the
person's voter registration will be
updated;

(b)(i) The qualifications to be
registered to vote;

(ii) The penalties under chapter
29A.84 RCW for registering to vote when
ineligible or providing false
registration information; and

(iii) That the person should not
register to vote if the person does not
meet the qualifications to register;

(c) That voter registration is
voluntary, and the person's choice to
register or decline to register to vote
will not affect the availability of
agency services or benefits, and that the
person's choice to register or decline to
register to vote will not be used for any
other purposes or retained by the agency;
and

(d) Information about the address
confidentiality program established
under chapter 40.24 RCW, including how to
register for the address confidentiality
program and how voter registration may
impact participation in the program.

(2) Each qualified voter registration
agency shall:

(a) Ensure that each application for
service or assistance, and each related
recertification, renewal, or change of
address, cannot be completed until the
person is given the opportunity to
decline being registered to vote;

(b) Promptly provide to the secretary
of state, in a format to be determined by
the secretary in consultation with the
agency, the following information for
each person who does not decline to
register to vote:

nontraditional residential address;

(iii) The person's mailing address, if
different from the person's traditional
or nontraditional residential address;

(iv) The person's date of birth;

(v) Confirmation that the person is a
citizen of the United States;

(vi) A digital copy of the person's
signature; and

(vii) An affirmation of the person's
eligibility to register to vote; and

(c) Offer each person an opportunity
to decline to register to vote or to
update an existing registration at each
application for service or assistance,
and each related recertification,
renewal, or change of address, regardless
of whether the person previously declined
to register to vote or update an existing
registration.

(3) The department of social and
health services is not required to follow
subsections (1) and (2) of this section
where the department has verified that
the person has already been offered the
opportunity to be automatically
registered to vote pursuant to this
section at another state agency providing
public assistance or services to persons
with disabilities, designated pursuant
to RCW 29A.08.310(1).

(4) A qualified voter registration
agency shall not use a person's
decision to register to vote to affect
the person's eligibility for services or
benefits provided by a qualified voter
registration agency.

(5) The secretary of state shall
consult with each qualified voter
registration agency to establish a
procedure for transmitting digital
copies of signatures of persons who do not decline to register to vote.

(6) Each qualified voter registration agency is prohibited from sharing information used to verify identity with any federal agency unless required by law. The agency may not retain any records or documentation used to certify eligibility to vote under this section once the certification process has been completed and recorded unless required by law. Personal information in files maintained for patients or clients of agencies providing public assistance or services to persons with disabilities is exempt from public inspection pursuant to RCW 42.56.230, 74.04.060, and 74.18.127.

NEW SECTION. Sec. 303. A new section is added to chapter 29A.08 RCW to read as follows:

(1)(a) Except as provided in (b) of this subsection, upon receiving the data for, and a digital copy of the signature of, a person as provided in section 302(2)(b) of this act, the secretary of state shall determine whether the person is already registered to vote. If the person is not already registered to vote, the secretary of state shall provide the information to the county auditor of the county in which the person may be registered as a voter, and the auditor shall register the person to vote.

(b) If the secretary of state receives information about a person pursuant to section 302 of this act within eight days of an election in which that person would otherwise be eligible to vote, the secretary of state shall wait until after the election to provide the information to the county auditor of the county in which that person may be registered as a voter.

(2) If the person is already registered to vote, but the residential address transmitted by the qualified voter registration agency is different from the residential address on the person's current registration, the secretary of state shall direct the auditor of the county in which the person may be registered as a voter to update the person's voter registration.

(3) The county auditor shall promptly send a notification to each person who is registered to vote or whose existing voter registration is updated under this section.

(4) A voter registration submitted under this section is otherwise considered an electronic voter registration.

NEW SECTION. Sec. 304. A new section is added to chapter 29A.08 RCW to read as follows:

(1) If a person who is ineligible to vote becomes automatically registered to vote under section 101 or 302 of this act in the absence of a knowing violation by that person of RCW 29A.84.140, that person's registration is presumed to not be the fault of that person.

(2) If a person who is ineligible to vote becomes automatically registered to vote under section 102 or 302 of this act and votes or attempts to vote in the absence of a knowing violation by that person of RCW 29A.84.130, that person's vote is presumed not to be the fault of that person.

(3) An ineligible voter who successfully completes the voter registration process must have their voter registration invalidated.

(4) Should an ineligible individual become registered to vote, the office of the secretary of state and the relevant agency shall jointly determine the cause.

Sec. 305. RCW 29A.08.410 and 2009 c 369 s 22 are each amended to read as follows:

A registered voter who changes his or her residence from one address to another within the same county may transfer his or her registration to the new address in one of the following ways:

(1) Sending the county auditor a request stating both the voter's present address and the address from which the voter was last registered;

(2) Appearing in person before the county auditor and making such a request;

(3) Telephoning or emailing the county auditor to transfer the registration;

(4) Submitting a voter registration application;

(5) Submitting information to the department of licensing;

Sec. 306. RCW 29A.08.420 and 2009 c 369 s 23 are each amended to read as follows:

A registered voter who changes his or her residence from one county to another county must do so by submitting a voter registration form or by submitting information to the department of licensing, the health benefit exchange, or a qualified voter registration agency. The county auditor of the voter's new county shall transfer the voter's registration from the county of the previous registration.

Sec. 307. RCW 29A.08.720 and 2011 c 10 s 18 are each amended to read as follows:

(1) In the case of voter registration records received through the department of licensing, the health benefit exchange, or an agency designated under RCW 29A.08.310, the identity of the office or agency at which any particular individual registered to vote must be used only for voter registration purposes, is not available for public inspection, and shall not be disclosed to the public. Any record of a particular individual's choice not to register to vote at an office of the department of licensing or a state agency designated under RCW 29A.08.310 is not available for public inspection and any information regarding such a choice by a particular individual shall not be disclosed to the public.

(2) Subject to the restrictions of RCW 29A.08.710 and 40.24.060, precinct lists and current lists of registered voters are public records and must be made available for public inspection and copying under such reasonable rules and regulations as the county auditor or secretary of state may prescribe. The county auditor or secretary of state shall promptly furnish current lists of registered voters in his or her possession, at actual reproduction cost, to any person requesting such information. The lists shall not be used for the purpose of mailing or delivering any advertisement or offer for any property, establishment, organization, product, or service or for the purpose of mailing or delivering any solicitation for money, services, or anything of value. However, the lists and labels may be used for any political purpose. The county auditor or secretary of state must provide a copy of RCW 29A.08.740 to the person requesting the material that is released under this section.

"Political purpose" includes, but is not limited to, such activities as the advertising for or against any candidate or ballot measure or the solicitation of financial support.

SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House refused to concur in the Senate amendment to ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2595 and asked the Senate to recede therefrom.

MESSAGE FROM THE SENATE

March 1, 2018

MR. SPEAKER:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2748, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature acknowledges that the learning assistance program was developed to provide supplemental services for public school students who are not meeting academic standards. Initially, school districts were allowed to use learning assistance program funds in a flexible manner to support participating students. Over time, the legislature restricted and established priorities for the use of learning assistance program funds. The legislature finds that it is time to restore the flexibility of learning assistance program funds; however, local control must be balanced with local accountability for improvement in student academic achievement.

Sec. 2. RCW 28A.165.055 and 2017 3rd sp.s. c 13 s 405 are each amended to read as follows:

(1) While the state allocations for the learning assistance program under this chapter are intended to be flexible dollars within the control of the public school and school district, this local control must be balanced with local accountability for improvement in student achievement.

(2) The funds for the learning assistance program shall be appropriated in accordance with RCW 28A.150.260 and the omnibus appropriations act. The distribution formula is for school district allocation purposes only, except as provided in RCW
28A.150.260(10)(a)(ii), but all funds appropriated for the learning assistance program must be expended for the purposes of RCW 28A.165.005 through 28A.165.065.

(21) (3) A district's high poverty-based allocation is generated by its qualifying schools (buildings) and must be expended by the district for those schools. This funding must supplement and not supplant the district's expenditures under this chapter for those schools.

Sec. 3. RCW 28A.165.005 and 2017 3rd sp.s. c 13 s 403 are each amended to read as follows:

(1) This chapter is designed to: (a) Promote the use of data when developing programs to assist students who are not meeting academic standards; and (b) guide school districts in providing the most effective and efficient practices when implementing supplemental instruction and services to assist students who are not meeting academic standards.

(2) School districts implementing a learning assistance program shall emphasize addressing the needs of students in grades kindergarten through four who are deficient in reading or reading readiness skills to improve reading literacy.

Sec. 4. RCW 28A.165.035 and 2016 c 72 s 803 are each amended to read as follows:

(1) Use of best practices that have been demonstrated through research to be associated with increased student achievement magnifies the opportunities for student success. (To the extent they are included as a best practice or strategy in one of the state menus or an approved alternative under this section or RCW 28A.655.235)

The office of the superintendent of public instruction shall publish the best practices and strategies by July 1, 2018, and update this publication by each July 1st thereafter.

(2) The following are services and activities that may be supported by the learning assistance program:

(a) Extended learning time opportunities occurring:
   (i) Before or after the regular school day;
   (ii) On Saturday; and
   (iii) Beyond the regular school year;
(b) Services under RCW 28A.320.190;
(c) Intensive reading and literacy improvement strategies under RCW 28A.655.235;
(d) Professional development for certificated and classified staff that focuses on:
   (i) The needs of a diverse student population;
   (ii) Specific literacy and mathematics content and instructional strategies; and
   (iii) The use of student work to guide effective instruction and appropriate assistance;
(e) Consultant teachers to assist in implementing effective instructional practices by teachers serving participating students;
(f) Tutoring support for participating students;
(g) Outreach activities and support for parents of participating students, including employing parent and family engagement coordinators; and
(h) Up to five percent of a district's learning assistance program allocation may be used for development of partnerships with community-based organizations, educational service districts, and other local agencies to deliver academic and nonacademic supports to participating students who are significantly at risk of not being successful in school to reduce barriers to learning, increase student engagement, and enhance students' readiness to learn. The school board must approve in an open meeting any community-based organization or local agency before learning assistance funds may be expended for partnerships.

(2) In addition to the state menu developed under RCW 28A.655.235, the office of the superintendent of public instruction shall convene a panel of experts (including the Washington state institute for public policy) to develop additional state menus of
best practices and strategies for use in the learning assistance program to assist struggling students at all grade levels in English language arts and mathematics (and reduce disruptive behaviors in the classroom).

The panel may consider ways to integrate student supports to promote students' academic success.

The office of the superintendent of public instruction shall publish the (state menus) best practices by July 1, 2015, and update the (state menus) best practices by each July 1st thereafter.

(a) Beginning in the 2016-17 school year, except as provided in (b) of this subsection, school districts must use a practice or strategy that is on a state menu developed under subsection (2) of this section or RCW 28A.655.225.

(b) Beginning in the 2016-17 school year, school districts may use a practice or strategy that is not on a state menu developed under subsection (2) of this section for two school years initially. If the district is able to demonstrate improved outcomes for participating students over the previous two school years at a level commensurate with the best practices and strategies on the state menu, the office of the superintendent of public instruction shall approve use of the alternative practice or strategy by the district for one additional school year. Subsequent annual approval by the superintendent of public instruction to use the alternative practice or strategy is dependent on the district continuing to demonstrate increased improved outcomes for participating students.

(c) Beginning in the 2016-17 school year, school districts may enter cooperative agreements with state agencies, local governments, or school districts for administrative or operational costs needed to provide services in accordance with the state menus developed under this section and RCW 28A.655.225.

(d) Beginning in the 2018-19 and 2019-20 school years only, school districts may expend a portion of the district's learning assistance program allocation on interventions for students identified as at risk of not graduating using the dropout early warning and intervention data system defined in RCW 28A.175.074.

Sec. 5. RCW 28A.165.100 and 2013 2nd sp.s. c 18 s 204 are each amended to read as follows:

(1) Beginning with the 2014-15 school year, school districts shall record in the statewide individual student data system annual entrance and exit performance data for each student participating in the learning assistance program according to specifications established by the office of the superintendent of public instruction.

(2) By August 1, 2014, and each August 1st thereafter, school districts shall report to the office of the superintendent of public instruction, using a common format prepared by the office:

(a) The amount of academic growth gained by students participating in the learning assistance program;

(b) The number of students who gain at least one year of academic growth;

(c) The specific practices, activities, and programs used by each school building that received learning assistance program funding;

(d) Other data required by the office of the superintendent of public instruction to demonstrate the efficacy of the learning assistance program expenditures to show student academic growth gains.
(3) Beginning November 1, 2018, and each November 1st thereafter, the office of the superintendent of public instruction shall compile the school district data reported as required by subsection (2) of this section, and report, in compliance with RCW 43.01.036, to the appropriate committees of the legislature with the annual and longitudinal gains for the specific practices, activities, and programs used by the school districts to show which are the most effective. The data must be disaggregated by student subgroups.

Sec. 6. RCW 28A.710.280 and 2016 c 241 s 128 are each amended to read as follows:

(1) The legislature intends that state funding for charter schools be distributed equitably with state funding provided for other public schools.

(2) For eligible students enrolled in a charter school established and operating in accordance with this chapter, the superintendent of public instruction shall transmit to each charter school an amount calculated as provided in this section and based on the statewide average staff mix factor for certificated instructional staff, including any enrichment to those statutory formulae that is specified in the omnibus appropriations act. The amount must be the sum of (a) and (b) of this subsection, as applicable.

(a) The superintendent shall, for purposes of making distributions under this section, separately calculate and distribute to charter schools moneys appropriated for general apportionment under the same ratios as in RCW 28A.150.260.

(b) The superintendent also shall, for purposes of making distributions under this section, and in accordance with the applicable formulae for categorical programs specified in (b)(i) through (v) of this subsection (2) and any enrichment to those statutory formulae that is specified in the omnibus appropriations act, separately calculate and distribute moneys appropriated by the legislature to charter schools for:

(i) Supplemental instruction and services for ((underachieving)) students who are not meeting academic standards under RCW 28A.165.005 through 28A.165.065;

(ii) Supplemental instruction and services for eligible and enrolled students and exited students whose primary language is other than English through the transitional bilingual instruction program under RCW 28A.180.010 through 28A.180.080;

(iii) The opportunity for an appropriate education at public expense as defined by RCW 28A.155.020 for all eligible students with disabilities as defined in RCW 28A.155.020;

(iv) Programs for highly capable students under RCW 28A.185.010 through 28A.185.030; and

(v) Pupil transportation services to and from school in accordance with RCW 28A.160.150 through 28A.160.180. Distributions for pupil transportation must be calculated on a per eligible student basis based on the allocation for the previous school year to the school district in which the charter school is located.

(3) The superintendent of public instruction must adopt rules necessary for the distribution of funding required by this section and to comply with federal reporting requirements.

Sec. 7. RCW 28A.300.139 and 2016 c 72 s 801 are each amended to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the Washington integrated student supports protocol is established. The protocol shall be developed by the center for the improvement of student learning, established in RCW 28A.300.130, based on the framework described in this section. The purposes of the protocol include:

(a) Supporting a school-based approach to promoting the success of all students by coordinating academic and nonacademic supports to reduce barriers to academic achievement and educational attainment;

(b) Fulfilling a vision of public education where educators focus on education, students focus on learning, and auxiliary supports enable teaching and learning to occur unimpeded;

(c) Encouraging the creation, expansion, and quality improvement of
community-based supports that can be integrated into the academic environment of schools and school districts;

(d) Increasing public awareness of the evidence showing that academic outcomes are a result of both academic and nonacademic factors; and

(e) Supporting statewide and local organizations in their efforts to provide leadership, coordination, technical assistance, professional development, and advocacy to implement high-quality, evidence-based, student-centered, coordinated approaches throughout the state.

(2) (a) The Washington integrated student supports protocol must be sufficiently flexible to adapt to the unique needs of schools and districts across the state, yet sufficiently structured to provide all students with the individual support they need for academic success.

(b) The essential framework of the Washington integrated student supports protocol includes:

(i) Needs assessments: A system-level needs assessment with resource mapping must be conducted in order to identify academic and nonacademic supports that are currently available or lacking in schools, school districts, and the community. A needs assessment must be conducted for all at-risk students in order to develop or identify the needed academic and nonacademic supports within the students' school and community. These supports must be coordinated to provide students with a package of mutually reinforcing supports designed to meet the individual needs of each student.

(ii) Integration and coordination: The school and district leadership and staff must develop close relationships with providers of academic and nonacademic supports to enhance the effectiveness of the protocol.

(iii) Community partnerships: Community partners must be engaged to provide nonacademic supports to reduce barriers to students' academic success, including supports to students' families.

(iv) Data driven: Students' needs and outcomes must be tracked over time to determine student progress and evolving needs.

(c) The framework must facilitate the ability of any academic or nonacademic provider to support the needs of at-risk students, including, but not limited to: Out-of-school providers, social workers, mental health counselors, physicians, dentists, speech therapists, and audiologists.

Sec. 8. RCW 28A.320.190 and 2009 c 578 s 2 are each amended to read as follows:

(1) The extended learning opportunities program is created for eligible ((eleventh and)) ninth through twelfth grade students who are not on track to meet local or state graduation requirements as well as eighth grade students who need additional assistance in order to have the opportunity for a successful entry into high school. The program shall provide early notification of graduation status and information on education opportunities including preapprenticeship programs that are available.

(2) Under the extended learning opportunities program and to the extent funds are available for that purpose, districts shall make available to students in grade twelve who have failed to meet one or more local or state graduation requirements the option of continuing enrollment in the school district in accordance with RCW 28A.225.160. Districts are authorized to use basic education program funding to provide instruction to eligible students under RCW 28A.150.220((3))) (5).

(3) Under the extended learning opportunities program, instructional services for eligible students can occur during the regular school day, evenings, on weekends, or at a time and location deemed appropriate by the school district, including the educational service district, in order to meet the needs of these students. Instructional services provided under this section do not include services offered at private schools. Instructional services can include, but are not limited to, the following:

SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House refused to concur in the Senate amendment to SUBSTITUTE HOUSE BILL NO. 2748, and asked the Senate to recede therefrom.

MESSAGE FROM THE SENATE

February 27, 2018

Mr. Speaker: The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1047 with the following amendment:

"NEW SECTION. Sec. 1. LEGISLATIVE FINDINGS. (1) Abuse, fatal overdoses, and poisonings from prescription and over-the-counter medicines used in the home have emerged as an epidemic in recent years. Poisoning is the leading cause of unintentional injury-related death in Washington, and more than ninety percent of poisoning deaths are due to drug overdoses. Poisoning by prescription and over-the-counter medicines is also one of the most common means of suicide and suicide attempts, with poisonings involved in more than twenty-eight thousand suicide attempts between 2004 and 2013.

(2) Home medicine cabinets are the most common source of prescription drugs that are diverted and misused. Studies find about seventy percent of those who abuse prescription medicines obtain the drugs from family members or friends, usually for free. People who are addicted to heroin often first abused prescription opiate medicines. Unused, unwanted, and expired medicines that accumulate in homes increase risks of drug abuse, overdoses, and preventable poisonings.

(3) A safe system for the collection and disposal of unused, unwanted, and expired medicines is a key element of a comprehensive strategy to prevent prescription drug abuse, but disposing of medicines by flushing them down the toilet or placing them in the garbage can contaminate groundwater and other bodies of water, contributing to long-term harm to the environment and animal life.

(4) The legislature therefore finds that it is in the interest of public health to establish a single, uniform, statewide system of regulation for safe and secure collection and disposal of medicines through a uniform drug "take-back" program operated and funded by drug manufacturers.
