#### CONFERENCE COMMITTEE REPORT

April 26, 2019

Engrossed Substitute Senate Bill No. 5526

Includes "New Item": YES

Mr. Speaker:

We of your Conference Committee, to whom was referred ENGROSSED SUBSTITUTE SENATE BILL NO. 5526, Increasing the availability of quality, affordable health coverage in the individual market, have had the same under consideration and we recommend that:

All previous amendments not be adopted and that the attached striking amendment be adopted and that the bill do pass as recommended by the Conference Committee

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** A new section is added to chapter 43.71 RCW to read as follows:

(1) The exchange, in consultation with the commissioner, the authority, an independent actuary, and other stakeholders, must establish up to three standardized health plans for each of the bronze, silver, and gold levels.

(a) The standardized health plans must be designed to reduce deductibles, make more services available before the deductible, provide predictable cost sharing, maximize

subsidies, limit adverse premium impacts, reduce barriers to maintaining and improving health, and encourage choice based on value, while limiting increases in health plan premium rates.

(b) The exchange may update the standardized health plans annually.

(c) The exchange must provide a notice and public comment period before finalizing each year's standardized health plans.

(d) The exchange must provide written notice of the standardized health plans to licensed health carriers by January 31st before the year in which the health plans are to be offered on the exchange. The exchange may make modifications to the standardized plans after January 31st to comply with changes to state or federal law or regulations.

(2)(a) Beginning January 1, 2021, any health carrier offering a qualified health plan on the exchange must offer one silver standardized health plan and one gold standardized health plan on the exchange. If a health carrier offers a bronze health plan on the exchange, it must offer one bronze standardized health plan on the exchange.

(b)(i) A health plan offering a standardized health plan under this section may also offer nonstandardized health plans on the exchange.

(ii) The exchange, in consultation with the office of the insurance commissioner, shall analyze the impact to exchange consumers of offering only standard plans beginning in 2025 and submit a report to the appropriate committees of the legislature by December 1, 2023. The report must include an analysis of how plan choice and affordability will be impacted for exchange consumers across the state.

(iii) The actuarial value of nonstandardized silver health plans offered on the exchange may not be less than the actuarial value of the standardized silver health plan with the lowest actuarial value.

(c) A health carrier offering a standardized health plan on the exchange under this section must continue to meet all requirements for qualified health plan certification under RCW 43.71.065 including, but not limited to, requirements relating to rate review and network adequacy.

**NEW SECTION. Sec. 2.** A new section is added to chapter 42.56 RCW to read as follows:

(1) Any data submitted by health carriers to the health benefit exchange for purposes of establishing standardized health plans under section 1 of this act are exempt from disclosure under this chapter. This subsection applies to health carrier data in the custody of the insurance commissioner for purposes of consulting with the health benefit exchange under section 1(1) of this act.

(2) Any data submitted by health carriers to the health care authority for purposes of section 3 of this act are exempt from disclosure under this chapter.

**NEW SECTION. Sec. 3.** A new section is added to chapter 41.05 RCW to read as follows:

(1) The authority, in consultation with the health benefit exchange, must contract with one or more health carriers to offer qualified health plans on the Washington health benefit exchange for plan years beginning in 2021. A health carrier contracting with the authority under this section must offer at least one bronze, one silver, and one gold qualified health plan in a single county or in multiple counties. The goal of the procurement conducted under this section is to have a choice of qualified health plans under this section offered in every county in the state. The authority may not execute a contract with an apparently successful bidder under this section until after the insurance commissioner has given final approval of the health carrier's rates and forms pertaining to the health plan to be offered under this section and certification of the health plan under RCW 43.71.065.

(2) A qualified health plan offered under this section must meet the following criteria:

(a) The qualified health plan must be a standardized health plan established under section 1 of this act;

(b) The qualified health plan must meet all requirements for qualified health plan certification under RCW 43.71.065 including, but not limited to, requirements relating to rate review and network adequacy;

(c) The qualified health plan must incorporate recommendations of the Robert Bree collaborative and the health technology assessment program;

(d) The qualified health plan may use an integrated delivery system or a managed care model that includes care coordination or care management to enrollees as appropriate;

(e) The qualified health plan must meet additional participation requirements to reduce barriers to maintaining and improving health and align to state agency value-based purchasing. These requirements may include, but are not limited to, standards for population health management; high-value, proven care; health equity; primary care; care coordination and chronic disease management; wellness and prevention; prevention of wasteful and harmful care; and patient engagement;

(f) To reduce administrative burden and increase transparency, the qualified health plan's utilization review processes must:

(i) Be focused on care that has high variation, high cost, or low evidence of clinical effectiveness; and

(ii) Meet national accreditation standards;

(g)(i) The total amount the qualified health plan reimburses providers and facilities for all covered benefits in the statewide aggregate, excluding pharmacy benefits, may not exceed one hundred sixty percent of the total amount Medicare would have reimbursed providers and facilities for the same or similar services in the statewide aggregate;

(ii) Beginning in calendar year 2023, if the authority determines that selective contracting will result in actuarially sound premium rates that are no greater than the qualified health plan's previous plan year rates adjusted for inflation using the consumer price index, the director may, in

consultation with the health benefit exchange, waive (g)(i) of this subsection as a requirement of the contracting process under this section;

(h) For services provided by rural hospitals certified by the centers for Medicare and Medicaid services as critical access hospitals or sole community hospitals, the rates may not be less than one hundred one percent of allowable costs as defined by the United States centers for Medicare and Medicaid services for purposes of Medicare cost reporting;

(i) Reimbursement for primary care services, as defined by the authority, provided by a physician with a primary specialty designation of family medicine, general internal medicine, or pediatric medicine, may not be less than one hundred thirty-five percent of the amount that would have been reimbursed under the Medicare program for the same or similar services; and

(j) The qualified health plan must comply with any requirements established by the authority to address amounts expended on pharmacy benefits including, but not limited to, increasing generic utilization and use of evidence-based formularies.

(3) Nothing in this section prohibits a health carrier offering qualified health plans under this section from offering other health plans in the individual market.

**NEW SECTION. Sec. 4.** A new section is added to chapter 41.05 RCW to read as follows:

The director may, in his or her sole discretion, waive the requirements of section 3(2)(g)(i) of this act if he or she finds that:

(1) A health carrier offering a qualified health plan under section 3 of this act is unable to form a provider network that meets the network access standards adopted by the insurance commissioner due to the requirements of section 3(2)(g)(i) of this act; and

(2) The health carrier is able to achieve actuarially sound premiums that are ten percent lower than the previous plan year through other means.

**NEW SECTION. Sec. 5.** (1) The health care authority, in consultation with the insurance commissioner and the Washington health benefit exchange, must submit a report and recommendations to the legislature by December 1, 2022, regarding:

(a) The impact on qualified health plan choice, affordability, and market stability of linking offering a qualified health plan under section 3 of this act with participation in programs administered by the public employees' benefits board, the school employees' benefits board, or the health care authority;

(b) The impact on qualified health plan choice, qualified health plan provider networks, affordability, and market stability of linking provider participation in the provider networks of qualified health plans offered under section 3 of this act with provider participation in provider networks of programs administered by the public employees' benefits board, the school employees' benefits board, or the health care authority;

(c) Whether the utilization review processes employed by a health carrier offering a qualified health plan under section 3 of this act should align with clinical criteria published by the health care authority; and

(d) Other issues the health care authority deems relevant to the successful implementation of this act.

(2) This section expires January 1, 2023.

**NEW SECTION. Sec. 6.** (1) The Washington health benefit exchange, in consultation with the health care authority and the insurance commissioner, must develop a plan to implement and fund premium subsidies for individuals whose modified adjusted gross incomes are less than five hundred percent of the federal poverty level and who are purchasing individual market coverage on the exchange. The goal of the plan is to enable participating individuals to spend no more than ten percent of their modified adjusted gross incomes on premiums. The plan must also include an assessment of providing cost-sharing reductions to plan participants and must assess the impact of premium subsidies on the uninsured rate.

(2) The Washington health benefit exchange must submit the plan, along with proposed implementing legislation, to the appropriate committees of the legislature by November 15, 2020.

(3) This section expires January 1, 2021.

**NEW SECTION. Sec. 7.** A new section is added to chapter 48.43 RCW to read as follows:

The commissioner shall submit an annual report to the appropriate committees of the legislature on the number of health plans available per county in the individual market.

**NEW SECTION. Sec. 8.** A new section is added to chapter 48.43 RCW to read as follows:

A carrier may not require a provider or facility participating in a qualified health plan under section 3 of this act to, as a condition of participation in a qualified health plan under section 3 of this act, accept a reimbursement rate for other health plans offered by the carrier at the same rate as the provider or facility is reimbursed for a qualified health plan under section 3 of this act.

**NEW SECTION. Sec. 9.** A new section is added to chapter 82.04 RCW to read as follows:

This chapter does not apply to amounts received by a health care provider for services performed on patients covered by a qualified health plan offered under section 3 of this act, including reimbursement from the qualified health plan and any amounts collected from the patient as part of his or her cost-sharing obligation.

**NEW SECTION. Sec. 10.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2019, in the omnibus appropriations act, this act is null and void."

On page 1, line 2 of the title, after "market;" strike the remainder of the title and insert "adding a new section to chapter 43.71 RCW; adding a new section to chapter 42.56 RCW; adding new sections to chapter 41.05 RCW; adding

### CONFERENCE COMMITTEE REPORT

April 25, 2019

Substitute Senate Bill No. 5370

Includes "New Item": YES

Mr. Speaker:

We of your Conference Committee, to whom was referred SUBSTITUTE SENATE BILL NO. 5370, Creating a state commercial aviation coordinating commission, have had the same under consideration and we recommend that:

All previous amendments not be adopted and that the attached striking amendment be adopted

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 11. The legislature finds that with the increase in air traffic operations, combined with the projections for the rapid expansion of these operations in both the short and the long term, concerns regarding the environmental, health, social, and economic impacts of air traffic are increasing as well. The legislature also finds that advancing Washington's position as a national and international trading leader is dependent upon the development of a highly competitive, statewide passenger and cargo air transportation system. Therefore, the legislature seeks to identify a location for a new primary commercial aviation facility in Washington, taking into consideration the data and conclusions of appropriate air traffic studies, community representatives, and industry experts. Options for a new primary commercial aviation facility in Washington may include expansion of an existing airport facility. It is the intent of the legislature to establish a state commercial aviation coordinating commission to provide a location recommendation by January 1, 2022. The legislature also recognizes any preferred location will require substantial environmental, land use, governance, and funding decisions from state and local governments.

NEW SECTION. Sec. 12. (1) The state commercial aviation coordinating commission is created to carry out the functions of this chapter. The commission shall consist of fifteen voting members.

(2) The governor shall appoint thirteen voting members to represent the following interests:

Sec. 13.** (1) The state commercial aviation coordinating commission will review existing data and conduct research to determine Washington's long-range commercial aviation facility needs and the site of a new primary commercial aviation facility. Research for each potential site must include the feasibility of constructing a commercial aviation facility in that location and its potential environmental, community, and economic impacts. The work of the commission shall include the following:

(b) Identifying a preferred location for a new primary commercial aviation facility. The commission shall make recommendations and shall select a single preferred location by a sixty percent majority vote using the following process:

(i) Initiating a broad review of potential sites;

(ii) Recommending a final short list of no more than six locations by January 1, 2021;

(iii) Identifying the top two locations from the final six locations by September 1, 2021; and

(iv) Identifying a single preferred location for a new primary commercial aviation facility by January 1, 2022.

(2) This section expires July 1, 2022."

### MESSAGE FROM THE SENATE

April 26, 2019

MR. SPEAKER:

The Senate receded from its amendment(s) to ENGROSSED SUBSTITUTE HOUSE BILL NO. 1504, and under suspension of the rules returned ENGROSSED SUBSTITUTE HOUSE BILL NO. 1504 to second reading for purpose of amendment(s). The Senate further adopted amendment 1504-S.E AMS PEDE S4548.1 and passed the measure as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 16. RCW 9.94A.533 and 2018 c 7 s 8 are each amended to read as follows:

(1) The provisions of this section apply to the standard sentence ranges determined by RCW 9.94A.510 or 9.94A.517.

(2) For persons convicted of the anticipatory offenses of criminal attempt, solicitation, or conspiracy under chapter 9A.28 RCW, the standard sentence range is determined by locating the sentencing grid sentence range defined by the appropriate offender score and the seriousness level of the completed crime, and multiplying the range by seventy-five percent.

(3) The following additional times shall be added to the standard sentence range for felony crimes committed after July 23, 1995, if the offender or an accomplice was armed with a firearm as defined in RCW 9.41.010 and the offender is being sentenced for one of the crimes listed in this subsection as eligible for any firearm enhancements based on the classification of the completed felony crime. If the offender is being sentenced for more than one offense, the firearm enhancement or enhancements must be added to the total period of confinement for all offenses, regardless of which underlying offense is subject to a firearm enhancement. If the offender or an accomplice was armed with a firearm as defined in RCW 9.41.010 and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW to commit one of the crimes listed in this subsection as eligible for any firearm enhancements, the

following additional times shall be added to the standard sentence range determined under subsection (2) of this section based on the felony crime of conviction as classified under RCW 9A.28.020:

(a) Five years for any felony defined under any law as a class A felony or with a statutory maximum sentence of at least twenty years, or both, and not covered under (f) of this subsection;

(b) Three years for any felony defined under any law as a class B felony or with a statutory maximum sentence of ten years, or both, and not covered under (f) of this subsection;

(c) Eighteen months for any felony defined under any law as a class C felony or with a statutory maximum sentence of five years, or both, and not covered under (f) of this subsection;

(d) If the offender is being sentenced for any firearm enhancements under (a), (b), and/or (c) of this subsection and the offender has previously been sentenced for any deadly weapon enhancements after July 23, 1995, under (a), (b), and/or (c) of this subsection or subsection (4)(a), (b), and/or (c) of this section, or both, all firearm enhancements under this subsection shall be twice the amount of the enhancement listed;

(e) Notwithstanding any other provision of law, all firearm enhancements under this section are mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions, including other firearm or deadly weapon enhancements, for all offenses sentenced under this chapter. However, whether or not a mandatory minimum term has expired, an offender serving a sentence under this subsection may be:

(i) Granted an extraordinary medical placement when authorized under RCW 9.94A.728(1)(c); or

(ii) Released under the provisions of RCW 9.94A.730;

(f) The firearm enhancements in this section shall apply to all felony crimes except the following: Possession of a machine gun or bump-fire stock, possessing a stolen firearm, drive-by shooting, theft of a firearm, unlawful possession of a firearm in the first and second degree, and use of a machine gun or bump-fire stock in a felony;

(g) If the standard sentence range under this section exceeds the statutory maximum sentence for the offense, the statutory maximum sentence shall be the presumptive sentence unless the offender is a persistent offender. If the addition of a firearm enhancement increases the sentence so that it would exceed the statutory maximum for the offense, the portion of the sentence representing the enhancement may not be reduced.

(4) The following additional times shall be added to the standard sentence range for felony crimes committed after July 23, 1995, if the offender or an accomplice was armed with a deadly weapon other than a firearm as defined in RCW 9.41.010 and the offender is being sentenced for one of the crimes listed in this subsection as eligible for any

deadly weapon enhancements based on the classification of the completed felony crime. If the offender is being sentenced for more than one offense, the deadly weapon enhancement or enhancements must be added to the total period of confinement for all offenses, regardless of which underlying offense is subject to a deadly weapon enhancement. If the offender or an accomplice was armed with a deadly weapon other than a firearm as defined in RCW 9A.10.010 and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW to commit one of the crimes listed in this subsection as eligible for any deadly weapon enhancements, the following additional times shall be added to the standard sentence range determined under subsection (2) of this section based on the felony crime of conviction as classified under RCW 9A.28.020:

(a) Two years for any felony defined under any law as a class A felony or with a statutory maximum sentence of at least twenty years, or both, and not covered under (f) of this subsection;

(b) One year for any felony defined under any law as a class B felony or with a statutory maximum sentence of ten years, or both, and not covered under (f) of this subsection;

(c) Six months for any felony defined under any law as a class C felony or with a statutory maximum sentence of five years, or both, and not covered under (f) of this subsection;

(d) If the offender is being sentenced under (a), (b), and/or (c) of this subsection for any deadly weapon enhancements and the offender has previously been sentenced for any deadly weapon enhancements after July 23, 1995, under (a), (b), and/or (c) of this subsection or subsection (3)(a), (b), and/or (c) of this section, or both, all deadly weapon enhancements under this subsection shall be twice the amount of the enhancement listed;

(e) Notwithstanding any other provision of law, all deadly weapon enhancements under this section are mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions, including other firearm or deadly weapon enhancements, for all offenses sentenced under this chapter. However, whether or not a mandatory minimum term has expired, an offender serving a sentence under this subsection may be:

(i) Granted an extraordinary medical placement when authorized under RCW 9.94A.728(1)(c); or

(ii) Released under the provisions of RCW 9.94A.730;

(f) The deadly weapon enhancements in this section shall apply to all felony crimes except the following: Possession of a machine gun or bump-fire stock, possessing a stolen firearm, drive-by shooting, theft of a firearm, unlawful possession of a firearm in the first and second degree, and use of a machine gun or bump-fire stock in a felony;

(g) If the standard sentence range under this section exceeds the statutory maximum sentence for the offense, the

statutory maximum sentence shall be the presumptive sentence unless the offender is a persistent offender. If the addition of a deadly weapon enhancement increases the sentence so that it would exceed the statutory maximum for the offense, the portion of the sentence representing the enhancement may not be reduced.

(5) The following additional times shall be added to the standard sentence range if the offender or an accomplice committed the offense while in a county jail or state correctional facility and the offender is being sentenced for one of the crimes listed in this subsection. If the offender or an accomplice committed one of the crimes listed in this subsection while in a county jail or state correctional facility, and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW to commit one of the crimes listed in this subsection, the following additional times shall be added to the standard sentence range determined under subsection (2) of this section:

(a) Eighteen months for offenses committed under RCW 69.50.401(2) (a) or (b) or 69.50.410;

(b) Fifteen months for offenses committed under RCW 69.50.401(2) (c), (d), or (e);

(c) Twelve months for offenses committed under RCW 69.50.4013.

For the purposes of this subsection, all of the real property of a state correctional facility or county jail shall be deemed to be part of that facility or county jail.

(6) An additional twenty-four months shall be added to the standard sentence range for any ranked offense involving a violation of chapter 69.50 RCW if the offense was also a violation of RCW 69.50.435 or 9.94A.827. All enhancements under this subsection shall run consecutively to all other sentencing provisions, for all offenses sentenced under this chapter.

(7) An additional two years shall be added to the standard sentence range for vehicular homicide committed while under the influence of intoxicating liquor or any drug as defined by RCW 46.61.502 for each prior offense as defined in RCW 46.61.5055.

Notwithstanding any other provision of law, all impaired driving enhancements under this subsection are mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions, including other impaired driving enhancements, for all offenses sentenced under this chapter.

An offender serving a sentence under this subsection may be granted an extraordinary medical placement when authorized under RCW 9.94A.728(1)(c).

(8)(a) The following additional times shall be added to the standard sentence range for felony crimes committed on or after July 1, 2006, if the offense was committed with sexual motivation, as that term is defined in RCW 9.94A.030. If the offender is being sentenced for more than one offense, the sexual motivation enhancement must be added to the total period of total confinement for all offenses, regardless of which underlying offense is subject to a sexual

motivation enhancement. If the offender committed the offense with sexual motivation and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW, the following additional times shall be added to the standard sentence range determined under subsection (2) of this section based on the felony crime of conviction as classified under RCW 9A.28.020:

(i) Two years for any felony defined under the law as a class A felony or with a statutory maximum sentence of at least twenty years, or both;

(ii) Eighteen months for any felony defined under any law as a class B felony or with a statutory maximum sentence of ten years, or both;

(iii) One year for any felony defined under any law as a class C felony or with a statutory maximum sentence of five years, or both;

(iv) If the offender is being sentenced for any sexual motivation enhancements under (a)(i), (ii), and/or (iii) of this subsection and the offender has previously been sentenced for any sexual motivation enhancements on or after July 1, 2006, under (a)(i), (ii), and/or (iii) of this subsection, all sexual motivation enhancements under this subsection shall be twice the amount of the enhancement listed;

(b) Notwithstanding any other provision of law, all sexual motivation enhancements under this subsection are mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions, including other sexual motivation enhancements, for all offenses sentenced under this chapter. However, whether or not a mandatory minimum term has expired, an offender serving a sentence under this subsection may be:

(i) Granted an extraordinary medical placement when authorized under RCW 9.94A.728(1)(c); or

(ii) Released under the provisions of RCW 9.94A.730;

(c) The sexual motivation enhancements in this subsection apply to all felony crimes;

(d) If the standard sentence range under this subsection exceeds the statutory maximum sentence for the offense, the statutory maximum sentence shall be the presumptive sentence unless the offender is a persistent offender. If the addition of a sexual motivation enhancement increases the sentence so that it would exceed the statutory maximum for the offense, the portion of the sentence representing the enhancement may not be reduced;

(e) The portion of the total confinement sentence which the offender must serve under this subsection shall be calculated before any earned early release time is credited to the offender;

(f) Nothing in this subsection prevents a sentencing court from imposing a sentence outside the standard sentence range pursuant to RCW 9.94A.535.

(9) An additional one-year enhancement shall be added to the standard sentence range for the felony crimes of RCW 9A.44.073, 9A.44.076, 9A.44.079, 9A.44.083,

9A.44.086, or 9A.44.089 committed on or after July 22, 2007, if the offender engaged, agreed, or offered to engage the victim in the sexual conduct in return for a fee. If the offender is being sentenced for more than one offense, the one-year enhancement must be added to the total period of total confinement for all offenses, regardless of which underlying offense is subject to the enhancement. If the offender is being sentenced for an anticipatory offense for the felony crimes of RCW 9A.44.073, 9A.44.076, 9A.44.079, 9A.44.083, 9A.44.086, or 9A.44.089, and the offender attempted, solicited another, or conspired to engage, agree, or offer to engage the victim in the sexual conduct in return for a fee, an additional one-year enhancement shall be added to the standard sentence range determined under subsection (2) of this section. For purposes of this subsection, "sexual conduct" means sexual intercourse or sexual contact, both as defined in chapter 9A.44 RCW.

(10)(a) For a person age eighteen or older convicted of any criminal street gang-related felony offense for which the person compensated, threatened, or solicited a minor in order to involve the minor in the commission of the felony offense, the standard sentence range is determined by locating the sentencing grid sentence range defined by the appropriate offender score and the seriousness level of the completed crime, and multiplying the range by one hundred twenty-five percent. If the standard sentence range under this subsection exceeds the statutory maximum sentence for the offense, the statutory maximum sentence is the presumptive sentence unless the offender is a persistent offender.

(b) This subsection does not apply to any criminal street gang-related felony offense for which involving a minor in the commission of the felony offense is an element of the offense.

(c) The increased penalty specified in (a) of this subsection is unavailable in the event that the prosecution gives notice that it will seek an exceptional sentence based on an aggravating factor under RCW 9.94A.535.

(11) An additional twelve months and one day shall be added to the standard sentence range for a conviction of attempting to elude a police vehicle as defined by RCW 46.61.024, if the conviction included a finding by special allegation of endangering one or more persons under RCW 9.94A.834.

(12) An additional twelve months shall be added to the standard sentence range for an offense that is also a violation of RCW 9.94A.831.

These enhancements shall be mandatory, shall be served in total confinement, and shall run consecutively to all other

sentencing provisions, including other minor child enhancements, for all offenses sentenced under this chapter. If the addition of a minor child enhancement increases the sentence so that it would exceed the statutory maximum for the offense, the portion of the sentence representing the enhancement may not be reduced.

(14) An additional twelve months shall be added to the standard sentence range for an offense that is also a violation of RCW 9.94A.832.

**Sec. 17.** RCW 9.94A.729 and 2015 c 134 s 4 are each amended to read as follows:

(1)(a) The term of the sentence of an offender committed to a correctional facility operated by the department may be reduced by earned release time in accordance with procedures that shall be developed and adopted by the correctional agency having jurisdiction in which the offender is confined. The earned release time shall be for good behavior and good performance, as determined by the correctional agency having jurisdiction. The correctional agency shall not credit the offender with earned release credits in advance of the offender actually earning the credits.

(b) Any program established pursuant to this section shall allow an offender to earn early release credits for presentence incarceration. If an offender is transferred from a county jail to the department, the administrator of a county jail facility shall certify to the department the amount of time spent in custody at the facility and the number of days of early release credits lost or not earned. The department may approve a jail certification from a correctional agency that calculates early release time based on the actual amount of confinement time served by the offender before sentencing when an erroneous calculation of confinement time served by the offender before sentencing appears on the judgment and sentence. The department must adjust an offender's rate of early release listed on the jail certification to be consistent with the rate applicable to offenders in the department's facilities. However, the department is not authorized to adjust the number of presentence early release days that the jail has certified as lost or not earned.

(2)(a) An offender who has been convicted of a felony committed after July 23, 1995, that involves any applicable deadly weapon enhancements under RCW 9.94A.533 (3) or (4), or both, shall not receive any good time credits or earned release time for that portion of his or her sentence that results from any deadly weapon enhancements.

(b) An offender whose sentence includes any impaired driving enhancements under RCW 9.94A.533(7), minor child enhancements under RCW 9.94A.533(13), or both, shall not receive any good time credits or earned release time for any portion of his or her sentence that results from those enhancements.

(3) An offender may earn early release time as follows:

(a) In the case of an offender sentenced pursuant to RCW 10.95.030(3) or 10.95.035, the offender may not

receive any earned early release time during the minimum term of confinement imposed by the court; for any remaining portion of the sentence served by the offender, the aggregate earned release time may not exceed ten percent of the sentence.

(b) In the case of an offender convicted of a serious violent offense, or a sex offense that is a class A felony, committed on or after July 1, 1990, and before July 1, 2003, the aggregate earned release time may not exceed fifteen percent of the sentence.

(c) In the case of an offender convicted of a serious violent offense, or a sex offense that is a class A felony, committed on or after July 1, 2003, the aggregate earned release time may not exceed ten percent of the sentence.

(d) An offender is qualified to earn up to fifty percent of aggregate earned release time if he or she:

(i) Is not classified as an offender who is at a high risk to reoffend as provided in subsection (4) of this section;

(ii) Is not confined pursuant to a sentence for:

(A) A sex offense;

(B) A violent offense;

(C) A crime against persons as defined in RCW 9.94A.411;

(D) A felony that is domestic violence as defined in RCW 10.99.020;

(E) A violation of RCW 9A.52.025 (residential burglary);

(F) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.401 by manufacture or delivery or possession with intent to deliver methamphetamine; or

(G) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.406 (delivery of a controlled substance to a minor);

(iii) Has no prior conviction for the offenses listed in (d)(ii) of this subsection;

(iv) Participates in programming or activities as directed by the offender's individual reentry plan as provided under RCW 72.09.270 to the extent that such programming or activities are made available by the department; and

(v) Has not committed a new felony after July 22, 2007, while under community custody.

(e) In no other case shall the aggregate earned release time exceed one-third of the total sentence.

(4) The department shall perform a risk assessment of each offender who may qualify for earned early release under subsection (3)(d) of this section utilizing the risk assessment tool recommended by the Washington state institute for public policy. Subsection (3)(d) of this section does not apply to offenders convicted after July 1, 2010.

(5)(a) A person who is eligible for earned early release as provided in this section and who will be

supervised by the department pursuant to RCW 9.94A.501 or 9.94A.5011, shall be transferred to community custody in lieu of earned release time;

(b) The department shall, as a part of its program for release to the community in lieu of earned release, require the offender to propose a release plan that includes an approved residence and living arrangement. All offenders with community custody terms eligible for release to community custody in lieu of earned release shall provide an approved residence and living arrangement prior to release to the community;

(c) The department may deny transfer to community custody in lieu of earned release time if the department determines an offender's release plan, including proposed residence location and living arrangements, may violate the conditions of the sentence or conditions of supervision, place the offender at risk to violate the conditions of the sentence, place the offender at risk to reoffend, or present a risk to victim safety or community safety. The department's authority under this section is independent of any court-ordered condition of sentence or statutory provision regarding conditions for community custody;

(d) If the department is unable to approve the offender's release plan, the department may do one or more of the following:

(i) Transfer an offender to partial confinement in lieu of earned early release for a period not to exceed three months. The three months in partial confinement is in addition to that portion of the offender's term of confinement that may be served in partial confinement as provided in RCW 9.94A.728~~((5))~~ (1)(e);

(ii) Provide rental vouchers to the offender for a period not to exceed three months if rental assistance will result in an approved release plan.

A voucher must be provided in conjunction with additional transition support programming or services that enable an offender to participate in services including, but not limited to, substance abuse treatment, mental health treatment, sex offender treatment, educational programming, or employment programming;

(e) The department shall maintain a list of housing providers that meets the requirements of RCW 72.09.285. If more than two voucher recipients will be residing per dwelling unit, as defined in RCW 59.18.030, rental vouchers for those recipients may only be paid to a housing provider on the department's list;

(f) For each offender who is the recipient of a rental voucher, the department shall gather data as recommended by the Washington state institute for public policy in order to best demonstrate whether rental vouchers are effective in reducing recidivism.

(6) An offender serving a term of confinement imposed under RCW 9.94A.670(5)(a) is not eligible for earned release credits under this section.

**Sec. 18.** RCW 10.21.055 and 2016 c 203 s 16 are each amended to read as follows:

(1)(a) When any person charged with a violation of RCW 46.61.502, 46.61.504, 46.61.520, or 46.61.522, in which the person has a prior offense as defined in RCW 46.61.5055 and the current offense involves alcohol, is released from custody at arraignment or trial on bail or personal recognizance, the court authorizing the release shall require, as a condition of release that person comply with one of the following four requirements:

(i) Have a functioning ignition interlock device installed on all motor vehicles operated by the person, with proof of installation filed with the court by the person or the certified interlock provider within five business days of the date of release from custody or as soon thereafter as determined by the court based on availability within the jurisdiction; or

(ii) Comply with 24/7 sobriety program monitoring, as defined in RCW 36.28A.330; or

(iii) Have an ignition interlock device on all motor vehicles operated by the person pursuant to (a)(i) of this subsection and submit to 24/7 sobriety program monitoring pursuant to (a)(ii) of this subsection, if available, or alcohol monitoring, at the expense of the person, as provided in RCW 46.61.5055(5) (b) and (c); or

(iv) Have an ignition interlock device on all motor vehicles operated by the person and that such person agrees not to operate any motor vehicle without an ignition interlock device as required by the court. Under this subsection (1)(a)(iv), the person must file a sworn statement with the court upon release at arraignment that states the person will not operate any motor vehicle without an ignition interlock device while the ignition interlock restriction is imposed by the court. Such person must also submit to 24/7 sobriety program monitoring pursuant to (a)(ii) of this subsection, if available, or alcohol monitoring, at the expense of the person, as provided in RCW 46.61.5055(5) (b) and (c).

(b) The court shall immediately notify the department of licensing when an ignition interlock restriction is imposed~~((+ (i)))~~ as a condition of release ~~((pursuant to (a) of this subsection;))~~ or ~~((ii))~~ after conviction in instances where a person is charged with, or convicted of, a violation of RCW 46.61.502, 46.61.504, 46.61.520, or 46.61.522~~((, and the offense involves alcohol))~~. If the court imposes an ignition interlock restriction, the department of licensing shall attach or imprint a notation on the driving record of any person restricted under this section stating that the person may operate only a motor vehicle equipped with a functioning ignition interlock device.

(2)(a) Upon acquittal or dismissal of all pending or current charges relating to a violation of RCW 46.61.502, 46.61.504, 46.61.520, or 46.61.522, or equivalent local ordinance, the court shall authorize removal of the ignition interlock device and lift any requirement to comply with electronic alcohol/drug monitoring imposed under subsection (1) of this section. Nothing in this section limits

the authority of the court or department under RCW 46.20.720.

(b) If the court authorizes removal of an ignition interlock device imposed under this section, the court shall immediately notify the department of licensing regarding the lifting of the ignition interlock restriction and the department of licensing shall release any attachment, imprint, or notation on such person's driving record relating to the ignition interlock requirement imposed under this section.

(3) When an ignition interlock restriction imposed as a condition of release is canceled, the court shall provide a defendant with a written order confirming release of the restriction. The written order shall serve as proof of release of the restriction until which time the department of licensing updates the driving record.

**Sec. 19.** RCW 38.52.430 and 2012 c 183 s 6 are each amended to read as follows:

A person whose intoxication causes an incident resulting in an appropriate emergency response, and who, in connection with the incident, has been found guilty of or has had their prosecution deferred for (1) driving while under the influence of intoxicating liquor or any drug, RCW 46.61.502; (2) physical control of a motor vehicle while under the influence of intoxicating liquor or any drug, RCW 46.61.504; (3) operating an aircraft under the influence of intoxicants or drugs, RCW 47.68.220; ~~((3))~~ (4) use of a vessel while under the influence of alcohol or drugs, RCW 79A.60.040; ~~((4))~~ (5) vehicular homicide while under the influence of intoxicating liquor or any drug, RCW 46.61.520(1)(a); or ~~((5))~~ (6) vehicular assault while under the influence of intoxicating liquor or any drug, RCW 46.61.522(1)(b), is liable for the expense of an emergency response by a public agency to the incident.

The expense of an emergency response is a charge against the person liable for expenses under this section. The charge constitutes a debt of that person and is collectible by the public agency incurring those costs in the same manner as in the case of an obligation under a contract, expressed or implied. Following a conviction of an offense listed in this section, and prior to sentencing, the prosecution may present to the court information setting forth the expenses incurred by the public agency for its emergency response to the incident. Upon a finding by the court that the expenses are reasonable, the court shall order the defendant to reimburse the public agency. The cost reimbursement shall be included in the sentencing order as an additional monetary obligation of the defendant and may not be substituted for any other fine or cost required or allowed by statute. The court may establish a payment schedule for the payment of the cost reimbursement, separate from any payment schedule imposed for other fines and costs. All payments for the cost reimbursement must be remitted directly to the public agency or agencies that incurred the cost associated with the emergency response.

In no event shall a person's liability under this section for the expense of an emergency response exceed two thousand five hundred dollars for a particular incident.

If more than one public agency makes a claim for payment from an individual for an emergency response to a single incident under the provisions of this section, and the sum of the claims exceeds the amount recovered, the division of the amount recovered shall be determined by an interlocal agreement consistent with the requirements of chapter 39.34 RCW.

**Sec. 20.** RCW 46.20.245 and 2005 c 288 s 1 are each amended to read as follows:

(1) Whenever the department proposes to withhold the driving privilege of a person or disqualify a person from operating a commercial motor vehicle and this action is made mandatory by the provisions of this chapter or other law, the department must give notice to the person in writing by posting in the United States mail, appropriately addressed, postage prepaid, or by personal service. Notice by mail is given upon deposit in the United States mail. Notice given under this subsection must specify the date upon which the driving privilege is to be withheld which shall not be less than forty-five days after the original notice is given.

(2) For persons subject to suspension, revocation, or denial of a driver's license who are eligible for full credit under RCW 46.61.5055(9)(b)(ii), the notice in subsection (1) of this section must also notify the person of the obligation to complete the requirements under RCW 46.20.311 and pay the probationary license fee under RCW 46.20.355 by the date specified in the notice in order to avoid license suspension.

(3) Within fifteen days after notice has been given to a person under subsection (1) of this section, the person may request in writing an administrative review before the department. If the request is mailed, it must be postmarked within fifteen days after the date the department has given notice. If a person fails to request an administrative review within fifteen days after the date the department gives notice, the person is considered to have defaulted and loses his or her right to an administrative review unless the department finds good cause for a request after the fifteen-day period.

(a) An administrative review under this subsection shall consist solely of an internal review of documents and records submitted or available to the department, unless the person requests an interview before the department, in which case all or any part of the administrative review may, at the discretion of the department, be conducted by telephone or other electronic means.

(b) The only issues to be addressed in the administrative review are:

(i) Whether the records relied on by the department identify the correct person; and

(ii) Whether the information transmitted from the court or other reporting agency or entity regarding the person accurately describes the action taken by the court or other reporting agency or entity.

(c) For the purposes of this section, the notice received from a court or other reporting agency or entity,

regardless of form or format, is prima facie evidence that the information from the court or other reporting agency or entity regarding the person is accurate. A person requesting administrative review has the burden of showing by a preponderance of the evidence that the person is not subject to the withholding of the driving privilege.

(d) The action subject to the notification requirements of subsection (1) of this section shall be stayed during the administrative review process.

(e) Judicial review of a department order affirming the action subject to the notification requirements of subsection (1) of this section after an administrative review shall be available in the same manner as provided in RCW 46.20.308~~((9))~~ (8). The department shall certify its record to the court within thirty days after service upon the department of the petition for judicial review. The action subject to the notification requirements of subsection (1) of this section shall not automatically be stayed during the judicial review. If judicial relief is sought for a stay or other temporary remedy from the department's action, the court shall not grant relief unless the court finds that the appellant is likely to prevail in the appeal and that without a stay the appellant will suffer irreparable injury.

~~((3))~~ (4) The department may adopt rules that are considered necessary or convenient by the department for purposes of administering this section, including, but not limited to, rules regarding expedited procedures for issuing orders and expedited notice procedures.

~~((4))~~ (5) This section does not apply where an opportunity for an informal settlement, driver improvement interview, or formal hearing is otherwise provided by law or rule of the department.

**Sec. 21.** RCW 46.20.3101 and 2016 c 203 s 18 are each amended to read as follows:

Pursuant to RCW 46.20.308, the department shall suspend, revoke, or deny the arrested person's license, permit, or privilege to drive as follows:

(1) In the case of a person who has refused a test or tests:

(a) For a first refusal within seven years, where there has not been a previous incident within seven years that resulted in administrative action under this section, revocation or denial for one year;

(b) For a second or subsequent refusal within seven years, or for a first refusal where there has been one or more previous incidents within seven years that have resulted in administrative action under this section, revocation or denial for two years or until the person reaches age twenty-one, whichever is longer.

(2) In the case of an incident where a person has submitted to or been administered a test or tests indicating that the alcohol concentration of the person's breath or blood was 0.08 or more, or that the THC concentration of the person's blood was 5.00 or more:

(a) For a first incident within seven years, where there has not been a previous incident within seven years that resulted in administrative action under this section, suspension for ninety days, unless the person successfully completes or is enrolled in a pretrial 24/7 sobriety program;

(b) For a second or subsequent incident within seven years, revocation or denial for two years.

(3) In the case of an incident where a person under age twenty-one has submitted to or been administered a test or tests indicating that the alcohol concentration of the person's breath or blood was 0.02 or more, or that the THC concentration of the person's blood was above 0.00:

(a) For a first incident within seven years, suspension or denial for ninety days;

(b) For a second or subsequent incident within seven years, revocation or denial for one year or until the person reaches age twenty-one, whichever is longer.

(4) The department shall grant credit on a day-for-day basis for ~~((any portion of))~~ a suspension, revocation, or denial ~~((already served))~~ imposed under this section for any portion of a suspension, revocation, or denial ((imposed)) already served under RCW 46.61.5055 arising out of the same incident. If a person has already served a suspension, revocation, or denial under RCW 46.61.5055 for a period equal to or greater than the period imposed under this section, the department shall provide notice of full credit, shall provide for no further suspension or revocation under this section, and shall impose no additional reissue fees for this credit.

**Sec. 22.** RCW 46.20.355 and 1998 c 209 s 3 and 1998 c 41 s 5 are each reenacted and amended to read as follows:

(1) Upon receipt of an abstract indicating a deferred prosecution has been granted under RCW 10.05.060, or upon receipt of a notice of conviction of RCW 46.61.502 or 46.61.504, the department of licensing shall order the person to surrender any nonprobationary Washington state driver's license that may be in his or her possession. The department shall revoke the license, permit, or privilege to drive of any person who fails to surrender it as required by this section for one year, unless the license has been previously surrendered to the department, a law enforcement officer, or a court, or the person has completed an affidavit of lost, stolen, destroyed, or previously surrendered license, such revocation to take effect thirty days after notice is given of the requirement for license surrender.

(2) The department shall place a person's driving privilege in probationary status as required by RCW 10.05.060 or 46.61.5055 for a period of five years from the date the probationary status is required to go into effect.

(3) Following receipt of an abstract indicating a deferred prosecution has been granted under RCW 10.05.060, or upon reinstatement or reissuance of a driver's license suspended or revoked as the result of a conviction of RCW 46.61.502 or 46.61.504, the department shall require the person to obtain a probationary license in order to operate

a motor vehicle in the state of Washington, except as otherwise exempt under RCW 46.20.025. The department shall not issue the probationary license unless the person is otherwise qualified for licensing, and the person must renew the probationary license on the same cycle as the person's regular license would have been renewed until the expiration of the five-year probationary status period imposed under subsection (2) of this section.

(4) If a person is eligible for full credit under RCW 46.61.5055(9)(b)(ii) and, by the date specified in the notice issued under RCW 46.20.245, has completed the requirements under RCW 46.20.311 and paid the fee under subsection (5) of this section, the department shall issue a probationary license on the date specified in the notice with no further action required of the person.

(5) For each original issue or renewal of a probationary license under this section, the department shall charge a fee of fifty dollars in addition to any other licensing fees required. Except for when renewing a probationary license, the department shall waive the requirement to obtain an additional probationary license and the fifty dollar fee if the person has a probationary license in his or her possession at the time a new probationary license is required.

~~((5))~~ (6) A probationary license shall enable the department and law enforcement personnel to determine that the person is on probationary status. The fact that a person's driving privilege is in probationary status or that the person has been issued a probationary license shall not be a part of the person's record that is available to insurance companies.

**Sec. 23.** RCW 46.20.720 and 2017 c 336 s 5 are each amended to read as follows:

(1) **Ignition interlock restriction.** The department shall require that a person may drive only a motor vehicle equipped with a functioning ignition interlock device:

(a) **Pretrial release.** Upon receipt of notice from a court that an ignition interlock device restriction has been imposed under RCW 10.21.055;

(b) **Ignition interlock driver's license.** As required for issuance of an ignition interlock driver's license under RCW 46.20.385;

(c) **Deferred prosecution.** Upon receipt of notice from a court that the person is participating in a deferred prosecution program under RCW 10.05.020 for a violation of:

(i) RCW 46.61.502 or 46.61.504 or an equivalent local ordinance; or

(ii) RCW 46.61.5249 or 46.61.500 or an equivalent local ordinance if the person would be required under RCW 46.61.5249(4) or 46.61.500(3) (a) or (b) to install an ignition interlock device on all vehicles operated by the person in the event of a conviction;

(d) **Post conviction.** After any applicable period of mandatory suspension, revocation, or denial of driving privileges:

(i) Due to a conviction of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance; or

(ii) Due to a conviction of a violation of RCW 46.61.5249 or 46.61.500 or an equivalent local ordinance if the person is required under RCW 46.61.5249(4) or 46.61.500(3) (a) or (b) to install an ignition interlock device on all vehicles operated by the person; or

(e) **Court order.** Upon receipt of an order by a court having jurisdiction that a person charged or convicted of any offense involving the use, consumption, or possession of alcohol while operating a motor vehicle may drive only a motor vehicle equipped with a functioning ignition interlock. The court shall establish a specific calibration setting at which the ignition interlock will prevent the vehicle from being started. The court shall also establish the period of time for which ignition interlock use will be required.

(2) **Calibration.** Unless otherwise specified by the court for a restriction imposed under subsection (1)(e) of this section, the ignition interlock device shall be calibrated to prevent the motor vehicle from being started when the breath sample provided has an alcohol concentration of 0.020 or more.

(3) **Duration of restriction.** A restriction imposed under:

(a) Subsection (1)(a) of this section shall remain in effect until:

(i) The court has authorized the removal of the device under RCW 10.21.055; or

(ii) The department has imposed a restriction under subsection (1)(b), (c), or (d) of this section arising out of the same incident.

(b) Subsection (1)(b) of this section remains in effect during the validity of any ignition interlock driver's license that has been issued to the person.

(c) Subsection (1)(c)(i) or (d)(i) of this section shall be for no less than:

(i) For a person who has not previously been restricted under this subsection, a period of one year;

(ii) For a person who has previously been restricted under (c)(i) of this subsection, a period of five years;

(iii) For a person who has previously been restricted under (c)(ii) of this subsection, a period of ten years.

The restriction of a person who is convicted of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local ordinance and who committed the offense while ~~((a))~~ one or more passengers under the age of sixteen ~~((was))~~ were in the vehicle shall be extended for an additional ~~((six-month))~~ period as required by RCW 46.61.5055(6)(a).

(d) Subsection (1)(c)(ii) or (d)(ii) of this section shall be for a period of no less than six months.

(e) The period of restriction under (c) or (d) of this subsection shall be extended by one hundred eighty days whenever the department receives notice that the restricted person has been convicted under RCW 46.20.740 or 46.20.750.

(f) Subsection (1)(e) of this section shall remain in effect for the period of time specified by the court.

(g) The period of restriction under (c) and (d) of this subsection based on incidents occurring on or after June 9, 2016, must be tolled for any period in which the person does not have an ignition interlock device installed on a vehicle owned or operated by the person unless the person receives a determination from the department that the person is unable to operate an ignition interlock device due to a physical disability. The department's determination that a person is unable to operate an ignition interlock device must be reasonable and be based upon good and substantial evidence. This determination is subject to review by a court of competent jurisdiction. The department may charge a person seeking a medical exemption under this subsection a reasonable fee for the assessment.

(4) **Requirements for removal.** A restriction imposed under subsection (1)(c) or (d) of this section shall remain in effect until the department receives a declaration from the person's ignition interlock device vendor, in a form provided or approved by the department, certifying that there have been none of the following incidents in the one hundred eighty consecutive days prior to the date of release:

(a) Any attempt to start the vehicle with a breath alcohol concentration of 0.04 or more unless a subsequent test performed within ten minutes registers a breath alcohol concentration lower than 0.04 and the digital image confirms the same person provided both samples;

(b) Failure to take any random test unless a review of the digital image confirms that the vehicle was not occupied by the driver at the time of the missed test;

(c) Failure to pass any random retest with a breath alcohol concentration of ~~((0.025))~~ 0.020 or lower unless a subsequent test performed within ten minutes registers a breath alcohol concentration lower than ~~((0.025))~~ 0.020, and the digital image confirms the same person provided both samples; or

(d) Failure of the person to appear at the ignition interlock device vendor when required for maintenance, repair, calibration, monitoring, inspection, or replacement of the device.

(5) **Day-for-day credit.** (a) The time period during which a person has an ignition interlock device installed in order to meet the requirements of subsection (1)(b) of this section shall apply on a day-for-day basis toward satisfying the period of time the ignition interlock device restriction is imposed under subsection (1)(c) or (d) of this section arising out of the same incident.

(b) The department must also give the person a day-for-day credit for any time period, beginning from the date of the incident, during which the person kept an ignition interlock device installed on all vehicles the person operates,

other than those subject to the employer exemption under subsection (6) of this section.

(c) If the day-for-day credit granted under this subsection equals or exceeds the period of time the ignition interlock device restriction is imposed under subsection (1)(c) or (d) of this section arising out of the same incident, and the person has already met the requirements for removal of the device under subsection (4) of this section, the department may waive the requirement that a device be installed or that the person again meet the requirements for removal.

(6) **Employer exemption.** (a) Except as provided in (b) of this subsection, the installation of an ignition interlock device is not necessary on vehicles owned, leased, or rented by a person's employer and on those vehicles whose care and/or maintenance is the temporary responsibility of the employer, and driven at the direction of a person's employer as a requirement of employment during working hours. The person must provide the department with a declaration pursuant to RCW 9A.72.085 from his or her employer stating that the person's employment requires the person to operate a vehicle owned by the employer or other persons during working hours.

(b) The employer exemption does not apply when the employer's vehicle is assigned exclusively to the restricted driver and used solely for commuting to and from employment.

(7) **Ignition interlock device revolving account.** In addition to any other costs associated with the use of an ignition interlock device imposed on the person restricted under this section, the person shall pay an additional fee of twentyone dollars per month. Payments must be made directly to the ignition interlock company. The company shall remit the additional fee to the department to be deposited into the ignition interlock device revolving account, except that the company may retain twenty-five cents per month of the additional fee to cover the expenses associated with administering the fee. The department may waive the monthly fee if the person is indigent under RCW 10.101.010.

(8) **Foreign jurisdiction.** For a person restricted under this section who is residing outside of the state of Washington, the department may accept verification of installation of an ignition interlock device by an ignition interlock company authorized to do business in the jurisdiction in which the person resides, provided the device meets any applicable requirements of that jurisdiction. The department may waive the monthly fee required by subsection (7) of this section if collection of the fee would be impractical in the case of a person residing in another jurisdiction.

**Sec. 24.** RCW 46.20.740 and 2015 2nd sp.s. c 3 s 4 are each amended to read as follows:

(1) The department shall attach or imprint a notation on the driving record of any person restricted under RCW 46.20.720, 46.61.5055, or 10.05.140 stating that the person may operate only a motor vehicle equipped with a

functioning ignition interlock device. The department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person seeking reinstatement. If, based upon notification from the interlock provider or otherwise, the department determines that an ignition interlock required under this section is no longer installed or functioning as required, the department shall suspend the person's license or privilege to drive. Whenever the license or driving privilege of any person is suspended or revoked as a result of noncompliance with an ignition interlock requirement, the suspension shall remain in effect until the person provides notice issued by a company doing business in the state that a vehicle owned or operated by the person is equipped with a functioning ignition interlock device.

(2) It is a gross misdemeanor for a person with such a notation on his or her driving record to operate a motor vehicle that is not so equipped, unless the notation resulted from a restriction imposed as a condition of release and the restriction has been released by the court prior to driving. Any time a person is convicted under this section, the court shall immediately notify the department for purposes of RCW 46.20.720(3)(e).

(3) Any sentence imposed for a violation of subsection (2) of this section shall be served consecutively with any sentence imposed under RCW 46.20.750, 46.61.502, 46.61.504, or 46.61.5055.

**Sec. 25.** RCW 46.20.750 and 2015 2nd sp.s. c 3 s 6 are each amended to read as follows:

(1) A person who is restricted to the use of a vehicle equipped with an ignition interlock device is guilty of a gross misdemeanor if the restricted driver:

(a) Tamper with the device by modifying, detaching, disconnecting, or otherwise disabling it to allow the restricted driver to operate the vehicle;

(b) Uses or requests another person to use a filter or other device to circumvent the ignition interlock or to start or operate the vehicle to allow the restricted driver to operate the vehicle;

(c) Has, directs, authorizes, or requests another person to tamper with the device by modifying, detaching, disconnecting, or otherwise disabling it to allow the restricted driver to operate the vehicle; or

(d) Has, allows, directs, authorizes, or requests another person to blow or otherwise exhale into the device in order to circumvent the device to allow the restricted driver to operate the vehicle.

(2) A person who knowingly assists another person who is restricted to the use of a vehicle equipped with an ignition interlock device to circumvent the device or to start and operate that vehicle is guilty of a gross misdemeanor. The provisions of this subsection do not apply if the starting of a motor vehicle, or the request to start a motor vehicle, equipped with an ignition interlock device is done for the purpose of safety or mechanical repair of the device or the

vehicle and the person subject to the court order does not operate the vehicle.

(3) Any sentence imposed for a violation of subsection (1) of this section shall be served consecutively with any sentence imposed under RCW 46.20.740, 46.61.502, 46.61.504, 46.61.5055, 46.61.520(1)(a), or 46.61.522(1)(b).

(2) In addition, a police officer may take custody of a vehicle, at his or her discretion, and provide for its prompt removal to a place of safety under any of the following circumstances:

(a) Whenever a police officer finds a vehicle standing upon the roadway in violation of any of the provisions of RCW 46.61.560, the officer may provide for the removal of the vehicle or require the driver or other person in charge of the vehicle to move the vehicle to a position off the roadway;

(b) Whenever a police officer finds a vehicle unattended upon a highway where the vehicle constitutes an obstruction to traffic or jeopardizes public safety;

(c) Whenever a police officer finds an unattended vehicle at the scene of an accident or when the driver of a vehicle involved in an accident is physically or mentally incapable of deciding upon steps to be taken to protect his or her property;

(e) Whenever a police officer discovers a vehicle that the officer determines to be a stolen vehicle;

Signage must give notice to the public that a vehicle will be removed if illegally parked in the zone;

(i) When a vehicle with an expired registration of more than forty-five days is parked on a public street;

(j) Upon determining that a person restricted to use of only a motor vehicle equipped with a functioning ignition interlock device is operating a motor vehicle that is not equipped with such a device in violation of RCW 46.20.740(2).

(3) When an arrest is made for a violation of RCW 46.20.342, if the vehicle is a commercial vehicle or farm transport vehicle and the driver of the vehicle is not the owner of the vehicle, before the summary impoundment directed under subsection (1) of this section, the police officer shall attempt in a reasonable and timely manner to contact the owner of the vehicle and may release the vehicle to the owner if the owner is reasonably available, as long as the owner was not in the vehicle at the time of the stop and arrest and the owner has not received a prior release under this subsection or RCW 46.55.120(1)((a)) (b)(ii).

(4) Nothing in this section may derogate from the powers of police officers under the common law. For the purposes of this section, a place of safety may include the business location of a registered tow truck operator.

(1) Any person who drives any vehicle in willful or wanton disregard for the safety of persons or property is guilty of reckless driving. Violation of the provisions of this section is a gross misdemeanor punishable by imprisonment for up to three hundred sixty-four days and by a fine of not more than five thousand dollars.

(2)(a) Subject to (b) of this subsection, the license or permit to drive or any nonresident privilege of any person convicted of reckless driving shall be suspended by the department for not less than thirty days.

(b) When a reckless driving conviction is a result of a charge that was originally filed as a violation of RCW 46.61.502 or 46.61.504, or an equivalent local ordinance, the department shall grant credit on a day-for-day basis for any

portion of a suspension, revocation, or denial already served under an administrative action arising out of the same incident. In the case of a person whose day-for-day credit is for a period equal to or greater than the period of suspension required under this section, the department shall provide notice of full credit, shall provide for no further suspension under this section, and shall impose no additional reissue fees for this credit. During any period of suspension, revocation, or denial due to a conviction for reckless driving as the result of a charge originally filed as a violation of RCW 46.61.502 or 46.61.504, any person who has obtained an ignition interlock driver's license under RCW 46.20.385 may continue to drive a motor vehicle pursuant to the provision of the ignition interlock driver's license without obtaining a separate temporary restricted driver's license under RCW 46.20.391.

(b) A person convicted of reckless driving shall be required, under RCW 46.20.720, to install an ignition interlock device on all vehicles operated by the person if the conviction is the result of a charge that was originally filed as a violation of RCW 46.61.520 committed while under the influence of intoxicating liquor or any drug or RCW 46.61.522 committed while under the influence of intoxicating liquor or any drug.

**Sec. 28.** RCW 46.61.504 and 2017 c 335 s 2 are each amended to read as follows:

If so, the court may order that the person's license, permit, or nonresident privilege shall not be revoked, suspended, or denied for that offense. The court shall send notice of the finding and order to the department and to the person. Upon receipt of the notice from the court, the department shall not revoke, suspend, or deny the license, permit, or nonresident privilege of the person for that offense.

The court shall impose conditions of probation that include: (i) Not driving a motor vehicle within this state without a valid license to drive; (ii) not driving a motor vehicle within this state without proof of liability insurance or other financial responsibility for the future pursuant to RCW 46.30.020; (iii) not driving or being in physical control of a motor vehicle within this state while having an alcohol concentration of 0.08 or more or a THC concentration of 5.00 nanograms per milliliter of whole blood or higher, within two hours after driving; (iv) not refusing to submit to a test of his or her breath or blood to determine alcohol or drug concentration upon request of a law enforcement officer who has reasonable grounds to believe the person was driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drug; and (v) not driving a motor vehicle in this state without a functioning ignition interlock device as required by the department under RCW 46.20.720. The court may impose conditions of probation that include nonrepetition, installation of an ignition interlock device on the probationer's motor vehicle, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The sentence may be imposed in whole or in part upon violation of a condition of probation during the suspension period.

The court shall notify the department of any suspension, revocation, or denial or any extension of a suspension, revocation, or denial imposed under this subsection.

**(12) Waiver of electronic home monitoring.** A court may waive the electronic home monitoring requirements of this chapter when:

(a) The offender does not have a dwelling, telephone service, or any other necessity to operate an electronic home monitoring system. However, if a court determines that an alcohol monitoring device utilizing wireless reporting technology is reasonably available, the court may require the person to obtain such a device during the period of required electronic home monitoring;

(b) The offender does not reside in the state of Washington; or

(c) The court determines that there is reason to believe that the offender would violate the conditions of the electronic home monitoring penalty.

Whenever the mandatory minimum term of electronic home monitoring is waived, the court shall state in writing the reason for granting the waiver and the facts upon which the waiver is based, and shall impose an alternative sentence with similar punitive consequences. The alternative sentence may include, but is not limited to, use of an ignition interlock device, the 24/7 sobriety program monitoring, additional jail time, work crew, or work camp.

Whenever the combination of jail time and electronic home monitoring or alternative sentence would exceed three hundred sixty-four days, the offender shall serve the jail portion of the sentence first, and the electronic home monitoring or alternative portion of the sentence shall be reduced so that the combination does not exceed three hundred sixty-four days.

**(13) Extraordinary medical placement.** An offender serving a sentence under this section, whether or not a mandatory minimum term has expired, may be granted an extraordinary medical placement by the jail administrator subject to the standards and limitations set forth in RCW 9.94A.728(1)(c).

(3)(a) It is an affirmative defense to a violation of subsection (1)(a) of this section, which the defendant must prove by a preponderance of the evidence, that the defendant consumed a sufficient quantity of alcohol after the time of driving and before the administration of an analysis of the person's breath or blood to cause the defendant's alcohol concentration to be 0.08 or more within two hours after driving. (b) It is an affirmative defense to a violation of subsection (1)(b) of this section, which the defendant must prove by a preponderance of the evidence, that the defendant consumed a sufficient quantity of marijuana after the time of driving and before the administration of an analysis of the person's blood to cause the defendant's THC concentration to be 5.00 or more within two hours after driving. **Sec. 32.** RCW 9.94A.525 and 2017 c 272 s 3 are each amended to read as follows:

The offender score is measured on the horizontal axis of the sentencing grid. The offender score rules are as follows:

The offender score is the sum of points accrued under this section rounded down to the nearest whole number.

(1) A prior conviction is a conviction which exists before the date of sentencing for the offense for which the offender score is being computed. Convictions entered or sentenced on the same date as the conviction for which the offender score is being computed shall be deemed "other current offenses" within the meaning of RCW 9.94A.589.

(2)(a) Class A and sex prior felony convictions shall always be included in the offender score.

(b) Class B prior felony convictions other than sex offenses shall not be included in the offender score, if since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent ten consecutive years in the community without committing any crime that subsequently results in a conviction.

(c) Except as provided in (e) of this subsection, class C prior felony convictions other than sex offenses shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent five consecutive years in the community without committing any crime that subsequently results in a conviction.

(d) Except as provided in (e) of this subsection, serious traffic convictions shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a conviction, if any, or entry of judgment and sentence, the offender spent five years in the community without committing any crime that subsequently results in a conviction.

(e) If the present conviction is felony driving while under the influence of intoxicating liquor or any drug (RCW 46.61.502(6)) or felony physical control of a vehicle while under the influence of intoxicating liquor or any drug (RCW 46.61.504(6)), all predicate crimes for the offense as defined by RCW 46.61.5055(14) shall be included in the offender score, and prior convictions for felony driving while under the influence of intoxicating liquor or any drug (RCW 46.61.502(6)) or felony physical control of a vehicle while under the influence of intoxicating liquor or any drug (RCW 46.61.504(6)) shall always be included in the offender score. All other convictions of the defendant shall be scored according to this section.

(f) Prior convictions for a repetitive domestic violence offense, as defined in RCW 9.94A.030, shall not be included in the offender score if, since the last date of release from confinement or entry of judgment and sentence, the offender had spent ten consecutive years in the community without committing any crime that subsequently results in a conviction.

(g) This subsection applies to both adult and juvenile prior convictions.

(3) Out-of-state convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. Federal convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. If there is no clearly comparable offense under Washington law or the offense is one that is usually considered subject to exclusive federal jurisdiction, the offense shall be scored as a class C felony equivalent if it was a felony under the relevant federal statute.

(4) Score prior convictions for felony anticipatory offenses (attempts, criminal solicitations, and criminal conspiracies) the same as if they were convictions for completed offenses.

(5)(a) In the case of multiple prior convictions, for the purpose of computing the offender score, count all convictions separately, except:

(i) Prior offenses which were found, under RCW 9.94A.589(1)(a), to encompass the same criminal conduct, shall be counted as one offense, the offense that yields the highest offender score. The current sentencing court shall determine with respect to other prior adult offenses for which sentences were served concurrently or prior juvenile offenses for which sentences were served consecutively, whether those offenses shall be counted as one offense or as separate offenses using the "same criminal conduct" analysis found in RCW 9.94A.589(1)(a), and if the court finds that they shall be counted as one offense, then the offense that yields the highest offender score shall be used. The current sentencing court may presume that such other prior offenses were not the same criminal conduct from sentences imposed on separate dates, or in separate counties or jurisdictions, or in separate complaints, indictments, or informations;

(ii) In the case of multiple prior convictions for offenses committed before July 1, 1986, for the purpose of computing the offender score, count all adult convictions served concurrently as one offense, and count all juvenile convictions entered on the same date as one offense. Use the conviction for the offense that yields the highest offender score.

(b) As used in this subsection (5), "served concurrently" means that: (i) The latter sentence was imposed with specific reference to the former; (ii) the concurrent relationship of the sentences was judicially imposed; and (iii) the concurrent timing of the sentences was not the result of a probation or parole revocation on the former offense.

(6) If the present conviction is one of the anticipatory offenses of criminal attempt, solicitation, or conspiracy, count each prior conviction as if the present conviction were for a completed offense. When these convictions are used as criminal history, score them the same as a completed crime.

(7) If the present conviction is for a nonviolent offense and not covered by subsection (11), (12), or (13) of this section, count one point for each adult prior felony

conviction and one point for each juvenile prior violent felony conviction and 1/2 point for each juvenile prior nonviolent felony conviction.

(8) If the present conviction is for a violent offense and not covered in subsection (9), (10), (11), (12), or (13) of this section, count two points for each prior adult and juvenile violent felony conviction, one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(9) If the present conviction is for a serious violent offense, count three points for prior adult and juvenile convictions for crimes in this category, two points for each prior adult and juvenile violent conviction (not already counted), one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(10) If the present conviction is for Burglary 1, count prior convictions as in subsection (8) of this section; however count two points for each prior adult Burglary 2 or residential burglary conviction, and one point for each prior juvenile Burglary 2 or residential burglary conviction.

(11) If the present conviction is for a felony traffic offense count two points for each adult or juvenile prior conviction for Vehicular Homicide or Vehicular Assault; for each felony offense count one point for each adult and 1/2 point for each juvenile prior conviction; for each serious traffic offense, other than those used for an enhancement pursuant to RCW 46.61.520(2), count one point for each adult and 1/2 point for each juvenile prior conviction; count one point for each adult and 1/2 point for each juvenile prior conviction for operation of a vessel while under the influence of intoxicating liquor or any drug.

(12) If the present conviction is for homicide by watercraft or assault by watercraft count two points for each adult or juvenile prior conviction for homicide by watercraft or assault by watercraft; for each felony offense count one point for each adult and 1/2 point for each juvenile prior conviction; count one point for each adult and 1/2 point for each juvenile prior conviction for driving under the influence of intoxicating liquor or any drug, actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug, or operation of a vessel while under the influence of intoxicating liquor or any drug.

(13) If the present conviction is for manufacture of methamphetamine count three points for each adult prior manufacture of methamphetamine conviction and two points for each juvenile manufacture of methamphetamine offense. If the present conviction is for a drug offense and the offender has a criminal history that includes a sex offense or serious violent offense, count three points for each adult prior felony drug offense conviction and two points for each juvenile drug offense. All other adult and juvenile felonies are scored as in subsection (8) of this section if the current drug offense is violent, or as in subsection (7) of this section if the current drug offense is nonviolent.

(14) If the present conviction is for Escape from Community Custody, RCW 72.09.310, count only prior escape convictions in the offender score. Count adult prior

escape convictions as one point and juvenile prior escape convictions as 1/2 point.

(15) If the present conviction is for Escape 1, RCW 9A.76.110, or Escape 2, RCW 9A.76.120, count adult prior convictions as one point and juvenile prior convictions as 1/2 point.

(16) If the present conviction is for Burglary 2 or residential burglary, count priors as in subsection (7) of this section; however, count two points for each adult and juvenile prior Burglary 1 conviction, two points for each adult prior Burglary 2 or residential burglary conviction, and one point for each juvenile prior Burglary 2 or residential burglary conviction.

(17) If the present conviction is for a sex offense, count priors as in subsections (7) through (11) and (13) through (16) of this section; however count three points for each adult and juvenile prior sex offense conviction.

(18) If the present conviction is for failure to register as a sex offender under RCW (~~9A.44.130 or~~) 9A.44.132, count priors as in subsections (7) through (11) and (13) through (16) of this section; however count three points for each adult and juvenile prior sex offense conviction, excluding prior convictions for failure to register as a sex offender under RCW (~~9A.44.130 or~~) 9A.44.132, which shall count as one point.

(19) If the present conviction is for an offense committed while the offender was under community custody, add one point. For purposes of this subsection, community custody includes community placement or postrelease supervision, as defined in chapter 9.94B RCW.

(20) If the present conviction is for Theft of a Motor Vehicle, Possession of a Stolen Vehicle, Taking a Motor Vehicle Without Permission 1, or Taking a Motor Vehicle Without Permission 2, count priors as in subsections (7) through (18) of this section; however count one point for prior convictions of Vehicle Prowling 2, and three points for each adult and juvenile prior Theft 1 (of a motor vehicle), Theft 2 (of a motor vehicle), Possession of Stolen Property 1 (of a motor vehicle), Possession of Stolen Property 2 (of a motor vehicle), Theft of a Motor Vehicle, Possession of a Stolen Vehicle, Taking a Motor Vehicle Without Permission 1, or Taking a Motor Vehicle Without Permission 2 conviction.

(21) If the present conviction is for a felony domestic violence offense where domestic violence as defined in RCW 9.94A.030 was pleaded and proven, count priors as in subsections (7) through (20) of this section; however, count points as follows:

(a) Count two points for each adult prior conviction where domestic violence as defined in RCW 9.94A.030 was pleaded and proven after August 1, 2011, for any of the following offenses: A felony violation of a no-contact or protection order RCW 26.50.110, felony Harassment (RCW 9A.46.020(2)(b)), felony Stalking (RCW 9A.46.110(5)(b)), Burglary 1 (RCW 9A.52.020), Kidnapping 1 (RCW 9A.40.020), Kidnapping 2 (RCW 9A.40.030), Unlawful imprisonment (RCW 9A.40.040), Robbery 1 (RCW

9A.56.200), Robbery 2 (RCW 9A.56.210), Assault 1 (RCW 9A.36.011), Assault 2 (RCW 9A.36.021), Assault 3 (RCW 9A.36.031), Arson 1 (RCW 9A.48.020), or Arson 2 (RCW 9A.48.030);

(b) Count two points for each adult prior conviction where domestic violence as defined in RCW 9.94A.030 was pleaded and proven after July 23, 2017, for any of the following offenses: Assault of a child in the first degree, RCW 9A.36.120; Assault of a child in the second degree, RCW 9A.36.130; Assault of a child in the third degree, RCW 9A.36.140; Criminal Mistreatment in the first degree, RCW 9A.42.020; or Criminal Mistreatment in the second degree, RCW 9A.42.030;

(c) Count one point for each second and subsequent juvenile conviction where domestic violence as defined in RCW 9.94A.030 was pleaded and proven after August 1, 2011, for the offenses listed in (a) of this subsection; and

(d) Count one point for each adult prior conviction for a repetitive domestic violence offense as defined in RCW 9.94A.030, where domestic violence as defined in RCW 9.94A.030, was pleaded and proven after August 1, 2011.

(22) The fact that a prior conviction was not included in an offender's offender score or criminal history at a previous sentencing shall have no bearing on whether it is included in the criminal history or offender score for the current offense. Prior convictions that were not counted in the offender score or included in criminal history under repealed or previous versions of the sentencing reform act shall be included in criminal history and shall count in the offender score if the current version of the sentencing reform act requires including or counting those convictions. Prior convictions that were not included in criminal history or in the offender score shall be included upon any resentencing to ensure imposition of an accurate sentence.

**Sec. 33.** RCW 46.20.311 and 2016 c 203 s 12 are each amended to read as follows:

(1)(a) The department shall not suspend a driver's license or privilege to drive a motor vehicle on the public highways for a fixed period of more than one year, except as specifically permitted under RCW 46.20.267, 46.20.342, or other provision of law.

(b) Except for a suspension under RCW 46.20.267, 46.20.289, 46.20.291(5), 46.61.740, or 74.20A.320, whenever the license or driving privilege of any person is suspended by reason of a conviction, a finding that a traffic infraction has been committed, pursuant to chapter 46.29 RCW, or pursuant to RCW 46.20.291 or 46.20.308, the suspension shall remain in effect until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW.

(c) If the suspension is the result of a nonfelony violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reinstatement until enrollment and

participation in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502(6) or 46.61.504(6), the department shall determine the person's eligibility for licensing based upon the reports provided by the alcohol or drug dependency agency required under RCW 46.61.524 and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, and the person is required pursuant to RCW 46.20.720 to drive only a motor vehicle equipped with a functioning ignition interlock, the department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person seeking reinstatement. The department may waive the requirement for written verification under this subsection if it determines to its satisfaction that a device previously verified as having been installed on a vehicle owned or operated by the person is still installed and functioning or as permitted by RCW 46.20.720(8). If, based upon notification from the interlock provider or otherwise, the department determines that an interlock required under RCW 46.20.720 is no longer installed or functioning as required, the department shall suspend the person's license or privilege to drive. Whenever the license or driving privilege of any person is suspended or revoked as a result of noncompliance with an ignition interlock requirement, the suspension shall remain in effect until the person provides notice issued by a company doing business in the state that a vehicle owned or operated by the person is equipped with a functioning ignition interlock device.

(d) Whenever the license or driving privilege of any person is suspended as a result of certification of noncompliance with a child support order under chapter 74.20A RCW, the suspension shall remain in effect until the person provides a release issued by the department of social and health services stating that the person is in compliance with the order.

(e)(i) The department shall not issue to the person a new, duplicate, or renewal license until the person pays a reissue fee of seventy-five dollars.

(ii) If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, or is the result of administrative action under RCW 46.20.308, the reissue fee shall be one hundred (~~forty~~) seventy-five dollars.

(2)(a) Any person whose license or privilege to drive a motor vehicle on the public highways has been revoked, unless the revocation was for a cause which has been removed, is not entitled to have the license or privilege renewed or restored until: (i) After the expiration of one year from the date the license or privilege to drive was revoked; (ii) after the expiration of the applicable revocation period provided by RCW 46.20.3101 or 46.61.5055; (iii) after the expiration of two years for persons convicted of vehicular homicide; or (iv) after the expiration of the applicable revocation period provided by RCW 46.20.265.

(b)(i) After the expiration of the appropriate period, the person may make application for a new license as provided by law together with a reissue fee in the amount of seventy-five dollars.

(ii) If the revocation is the result of a violation of RCW 46.20.308, 46.61.502, or 46.61.504, the reissue fee shall be one hundred (~~forty~~) seventy-five dollars. If the revocation is the result of a nonfelony violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reissuance of a license, permit, or privilege to drive until enrollment and participation in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502(6) or 46.61.504(6), the department shall determine the person's eligibility for licensing based upon the reports provided by the alcohol or drug dependency agency required under RCW 46.61.524 and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified. If the revocation is the result of a violation of RCW 46.61.502 or 46.61.504, and the person is required pursuant to RCW 46.20.720 to drive only a motor vehicle equipped with a functioning ignition interlock or other biological or technical device, the department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person applying for a new license. The department may waive the requirement for written verification under this subsection if it determines to its satisfaction that a device previously verified as having been installed on a vehicle owned or operated by the person is still installed and functioning or as permitted by RCW 46.20.720(8). If, following issuance of a new license, the department determines, based upon notification from the interlock provider or otherwise, that an interlock required under RCW 46.20.720 is no longer functioning, the department shall suspend the person's license or privilege to drive until the department has received written verification from an interlock provider that a functioning interlock is installed.

(c) Except for a revocation under RCW 46.20.265, the department shall not then issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant the privilege of driving a motor vehicle on the public highways, and until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. For a revocation under RCW 46.20.265, the department shall not issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant that person the privilege of driving a motor vehicle on the public highways.

(3)(a) Whenever the driver's license of any person is suspended pursuant to Article IV of the nonresident violators compact or RCW 46.23.020 or 46.20.289 or 46.20.291(5), the department shall not issue to the person any new or

renewal license until the person pays a reissue fee of seventy-five dollars.

(b) If the suspension is the result of a violation of the laws of this or any other state, province, or other jurisdiction involving (i) the operation or physical control of a motor vehicle upon the public highways while under the influence of intoxicating liquor or drugs, or (ii) the refusal to submit to a chemical test of the driver's blood alcohol content, the reissue fee shall be one hundred (~~(fifty)~~) seventy-five dollars.

**Sec. 34.** RCW 46.20.385 and 2017 c 336 s 4 are each amended to read as follows:

(1)(a) Any person licensed under this chapter or who has a valid driver's license from another state, who is convicted of: (i) A violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance, or (ii) a violation of RCW 46.61.520(1)(a) or an equivalent local or out-of-state statute or ordinance, or (iii) a conviction for a violation of RCW 46.61.520(1) (b) or (c) if the conviction is the result of a charge that was originally filed as a violation of RCW 46.61.520(1)(a), or (iv) RCW 46.61.522(1)(b) or an equivalent local or out-of-state statute or ordinance, or (v) RCW 46.61.522(1) (a) or (c) if the conviction is the result of a charge that was originally filed as a violation of RCW 46.61.522(1)(b) committed while under the influence of intoxicating liquor or any drug, or (vi) who has had or will have his or her license suspended, revoked, or denied under RCW 46.20.3101, or who is otherwise permitted under subsection (8) of this section, may submit to the department an application for an ignition interlock driver's license. The department, upon receipt of the prescribed fee and upon determining that the petitioner is eligible to receive the license, may issue an ignition interlock driver's license.

(b) A person may apply for an ignition interlock driver's license anytime, including immediately after receiving the notices under RCW 46.20.308 or after his or her license is suspended, revoked, or denied.

(c) An applicant under this subsection shall provide proof to the satisfaction of the department that a functioning ignition interlock device has been installed on all vehicles operated by the person.

(i) The department shall require the person to maintain the device on all vehicles operated by the person and shall restrict the person to operating only vehicles equipped with the device, for the remainder of the period of suspension, revocation, or denial, unless otherwise permitted under RCW 46.20.720(6).

(ii) Subject to any periodic renewal requirements established by the department under this section and subject to any applicable compliance requirements under this chapter or other law, an ignition interlock driver's license granted upon a suspension or revocation under RCW 46.61.5055 or 46.20.3101 extends through the remaining portion of any concurrent or consecutive suspension or revocation that may be imposed as the result of

administrative action and criminal conviction arising out of the same incident.

"NEW SECTION. Sec. 1. (1) The state of Washington stands at a critical juncture in the education of students with disabilities, especially those students who are receiving special education and related services. For too long special education in Washington has languished with a piecemeal approach in both funding and practice. When compared to other states, including those with comparable funding, students with disabilities in Washington lag behind their peers. Washington ranks near the bottom nationally for inclusion of students with disabilities: Only seven states having a lower percentage of students with disabilities spending eighty percent or more of their day in the general education classroom; and only five percent of Washington students with intellectual disabilities spending a majority of their day in general education classrooms. Washington does not fare much better when it comes to other basic indicators of success: Thirty-four percent of students with disabilities dropped out of school in 2017 (only two other states reported worse dropout rates); and only fifty-eight percent of students receiving special education services earned their diploma in 2016 (this puts Washington in the bottom thirteen in the nation).

(2) The legislature intends to provide the funding necessary to support a comprehensive and responsive education system that fully addresses the needs of students with disabilities, especially those students who are receiving special education and related services. Under the current funding model, students with disabilities are funded as basic education students first, with additional funding provided through a statewide multiplier intended to meet the additional needs of each student as established in the

student's individualized education program. Additionally, a safety net administered by the office of the superintendent of public instruction is available for school districts that demonstrate significant extra need beyond what they receive from the base funding formula.

(3) The legislature notes that school districts across the state have identified the need for additional resources to create the educational environment necessary to give every student with an individualized education program the opportunity to succeed. It is the legislature's intent to maintain the current funding structure for special education with necessary resources and to collect data related to the numbers of students who fall into different cost categories of support. These additional data will inform whether an alternative system of funding may be necessary to better reflect current needs of our schools and our students. However, as these data are collected, the legislature also intends to provide immediate relief to school district special education programs by enhancing the supplemental funding school districts receive for every student in the program of special education and to provide easier access to the safety net when those base funds are not adequate.

(4) Inclusive education practices significantly improve outcomes for students with disabilities and have significant benefits for all students in the classroom. It is the legislature's intent to develop best practices for inclusion in numerous settings and to ensure that the best practices are supported statewide. It is the legislature's intent to increase the graduation rate of students receiving special education services to seventy percent by 2025.

(5) With fiscal and policy supports provided in this act, Washington will advance expectations and lay a foundation that commits to ensuring every student with a disability has an opportunity to live a full, meaningful, and productive life."

On page 7, after line 26, insert the following:

"NEW SECTION. Sec. 7. A new section is added to chapter 28A.415 RCW to read as follows:

School districts and educational service districts must embed in any professional development provided to general education teachers the best practices for differentiating instruction and learning activities to meet each student's individual needs.

NEW SECTION. Sec. 8. A new section is added to chapter 43.06B RCW to read as follows:

(d) The office of the education ombuds must develop publications, online training, videos, and other resources to supplement the training program.

(3)(a) For the purpose of delivering the training program to students, families, educational service district and school district staff, and communities across the state, the office of the education ombuds must distribute special education outreach ombuds statewide, with the goal of at least one special education outreach ombud located within the boundaries of each educational service district.

(b) The office of the education ombuds, and its special education outreach ombuds, may deliver the training program in partnership with other entities, such as Washington professional educator standards board-approved teacher preparation programs, educational service districts, school districts, and community and educator organizations that provide professional development or that support students with disabilities.

(4) The office of the education ombuds must make the training program available to other ombuds offices within Washington, as well as nationally.

(5) The office of the education ombuds may charge for the delivery of the training program, or the use of resources, developed under this section.

(iii) Attending an individualized education program meeting on behalf of the child to assist in writing an appropriate program when a parent opts out or otherwise cannot attend the meeting.

**NEW SECTION. Sec. 10.** A new section is added to chapter 28A.320 RCW to read as follows:

(1) Each school district shall convene an ongoing special education advisory committee. The purposes of the committee are to:

(a) Increase parental and family involvement by providing a forum for parents, families, and the community to ask questions, propose solutions, and otherwise give feedback on the special education program in their schools; and

(b) Be a partner with the school district in its efforts to provide effective special education programming for eligible students with disabilities.

(2) The committee shall advise the school board through the school district superintendent.

(f) Assist the school district in interpreting plans to the community for meeting the special needs of children with disabilities for educational and transition services; and

(g) Review the school district proposed policies and procedures for the provision of special education and related services prior to submission to the school district board of directors.

(5) Committee meetings must be held at least four times in a school year and must be open to the public.

(6) The school district must post on its web site: The names of the committee members; the committee meeting schedule and agendas; and information on the process for interested parties to express their views to the committee.

**Sec. 11.** RCW 28A.657.110 and 2013 c 159 s 12 are each amended to read as follows:

(1) By November 1, 2013, the state board of education shall propose rules for adoption establishing an accountability framework that creates a unified system of support for challenged schools that aligns with basic education, increases the level of support based upon the magnitude of need, and uses data for decisions. The board must seek input from the public and interested groups in developing the framework. Based on the framework, the superintendent of public instruction shall design a comprehensive system of specific strategies for recognition, provision of differentiated support and targeted assistance, and, if necessary, requiring intervention in schools and school districts. The superintendent shall submit the system design to the state board of education for review. The state board of education shall recommend approval or modification of the system design to the superintendent no later than January 1, 2014, and the system must be implemented statewide no later than the 2014-15 school year. To the extent state funds are appropriated for this purpose, the system must apply equally to Title I, Title I-eligible, and non-Title I schools in the state.

(2) The state board of education shall develop a Washington achievement index to identify schools and school districts for recognition, for continuous improvement, and for additional state support. The index shall be based on criteria that are fair, consistent, and transparent. Performance shall be measured using multiple outcomes and indicators including, but not limited to, graduation rates and results from statewide assessments. The index shall be developed in such a way as to be easily understood by both employees within the schools and school districts, as well as parents and community members. It is the legislature's intent that the index provide feedback to schools and school districts to self-assess their progress, and enable the identification of schools with exemplary performance and those that need assistance to overcome challenges in order to achieve exemplary performance.

(3) The state board of education, in cooperation with the office of the superintendent of public instruction, shall annually recognize schools for exemplary performance as measured on the Washington achievement index. The state board of education shall have ongoing collaboration with the educational opportunity gap oversight and accountability committee regarding the measures used to measure the closing of the achievement gaps and the recognition provided to the school districts for closing the achievement gaps. Schools with exemplary performance in serving students receiving special education services must be recognized.

(4) In coordination with the superintendent of public instruction, the state board of education shall seek approval from the United States department of education for use of the Washington achievement index and the state system of differentiated support, assistance, and intervention to replace the federal accountability system under P.L. 107-110, the no child left behind act of 2001.

(5) The state board of education shall work with the education data center established within the office of financial management and the technical working group established in RCW 28A.290.020 to determine the feasibility of using the prototypical funding allocation model as not only a tool for allocating resources to schools and school districts but also as a tool for schools and school districts to report to the state legislature and the state board of education on how the state resources received are being used.

**Sec. 12.** RCW 28A.155.220 and 2015 c 217 s 2 are each amended to read as follows:

(1) The office of the superintendent of public instruction must establish interagency agreements with the department of social and health services, the department of services for the blind, and any other state agency that provides high school transition services for special education students. Such interagency agreements shall not interfere with existing individualized education programs, nor override any individualized education program team's decision-making power. The purpose of the interagency agreements is to foster effective collaboration among the multiple agencies providing transition services for

individualized education program-eligible special education students from the beginning of transition planning, as soon as educationally and developmentally appropriate, through age twenty-one, or through high school graduation, whichever occurs first. Interagency agreements are also intended to streamline services and programs, promote efficiencies, and establish a uniform focus on improved outcomes related to self-sufficiency.

(2)(a) When educationally and developmentally appropriate, the interagency responsibilities and linkages with transition services under subsection (1) of this section must be addressed in a transition plan to a postsecondary setting in the individualized education program of a student with disabilities.

(e) Beginning when a student reaches the age of sixteen and continuing until the student reaches the age of twenty-one, or through high school graduation, whichever occurs first, a representative from the division of vocational rehabilitation in the department of social and health services must attend individualized education program meetings to assist students with transition planning when requested by a member of a student's individualized education program team.

(f) When educationally and developmentally appropriate, a discussion must take place with the student and parents, and others as needed, to determine the postsecondary goals or postschool vision for the student. This discussion may be included as part of an annual individualized education program review, high school and beyond plan meeting, or any other meeting that includes parents, students, and educators. The postsecondary goals included in the transition plan shall be goals that are measurable and must be based on appropriate transition assessments related to training, education, employment, and independent living skills, when necessary. The goals must also be based on the student's needs, while considering the strengths, preferences, and interests of the student. During this discussion, students and parents must be provided with information about the Washington achieving a better life experience program, defined in RCW 43.330.460, including information on eligibility, benefits, and Washington achieving a better life experience program account creation.

~~((f))~~ (g) As the student gets older, changes in the transition plan may be noted in the annual update of the student's individualized education program.

~~((g))~~ (h) A student with disabilities who has a high school and beyond plan may use the plan to comply with the transition plan required under this subsection (2).

(3) To the extent that data is available through data-sharing agreements established by the education data center under RCW 43.41.400, the education data center must monitor the following outcomes for individualized education program-eligible special education students after high school graduation:

(a) The number of students who, within one year of high school graduation:

(i) Enter integrated employment paid at the greater of minimum wage or competitive wage for the type of employment, with access to related employment and health benefits; or

(e) Indicators of improved economic status and self-sufficiency;

(f) Data on those students for whom a postsecondary or integrated employment outcome does not occur within one year of high school graduation, including:

(i) Information on the reasons that the desired outcome has not occurred;

(ii) The number of months the student has not achieved the desired outcome; and

(iii) The efforts made to ensure the student achieves the desired outcome.

(4) To the extent that the data elements in subsection (3) of this section are available to the education data center through data-sharing agreements, the office of the superintendent of public instruction must prepare an annual report using existing resources and submit the report to the legislature.

April 27, 2019

ESSB 5825 Prime Sponsor, Committee on Transportation: Addressing the tolling of

Interstate 405, state route number 167, and state route number 509. Reported by Committee on Transportation

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**NEW SECTION. Sec. 1.** (1) The legislature recognizes that the Puget Sound region is faced with growing traffic congestion and must improve mobility for people and goods by maximizing the effectiveness of the freeway system. Investments in the Interstate 405, state route number 167, and state route number 509 corridors are essential for providing benefits for the movement of vehicles and people. Further, the legislature recognizes that in 2015, the passage of the connecting Washington transportation revenue proposal assumed that tolling would be a component of projects on these corridors.

(2) The legislature recognizes that completion of state route number 167 in Pierce county and completion of state route number 509 in King county provide essential connections to the Port of Tacoma and the Port of Seattle and will help ensure people and goods move more reliably through the Puget Sound region. The completion of these corridors, known as the Gateway project, will play an essential role in enhancing the state's economic competitiveness, both nationally and globally.

(3) The legislature acknowledges that as one of the most congested freeway sections in the state, the combined Interstate 405 and state route number 167 corridor in King county serves as an ideal candidate for an express toll lanes network. The express toll lanes network provides a tool for managing the use of high occupancy vehicle lanes while generating funds to improve projects in the corridor.

(4) Therefore, it is the intent of this act to expedite the delivery of the Puget Sound Gateway facility, designate the Puget Sound Gateway project as an eligible toll facility, and authorize the imposition of tolls on the Puget Sound Gateway facility. It is further the intent of this act to direct the department of transportation to develop and operate an express toll lanes network on Interstate 405 from the city of Lynnwood on the north end to the intersection of state route number 167 and state route number 512 on the south end.

**NEW SECTION. Sec. 2.** (1) In order to provide funds necessary for the design, right-of-way, and construction of projects as allowed in sections 11 through 14 of this act, there shall be issued and sold upon the request of the department of transportation up to the following amounts of general obligation bonds of the state of Washington first payable from toll revenue and excise taxes on fuel and vehicle-related fees in accordance with section 5 of this act:

(a) One billion one hundred sixty million dollars for the Interstate 405 and state route number 167 express toll lanes; and

(b) Three hundred forty million dollars for the Puget Sound Gateway facility.

(2) For purposes of chapter . . . , Laws of 2019 (this act), "vehicle-related fees" means vehicle-related fees imposed under Title 46 RCW that constitute license fees for motor vehicles to be used for highway purposes.

**NEW SECTION. Sec. 3.** Upon the request of the department, the state finance committee shall supervise and provide for the issuance, sale, and retirement of bonds authorized by this act in accordance with chapter 39.42 RCW. Bonds authorized by this act shall be sold in the manner, at time or times, in amounts, and at the price as the state finance committee shall determine. No bonds may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

**NEW SECTION. Sec. 4.** (1) The proceeds from the sale of bonds authorized by:

(a) Section 2(1)(a) of this act shall be deposited in the Interstate 405 and state route number 167 express toll lanes account created in section 12 of this act; and

(b) Section 2(1)(b) of this act shall be deposited in the Puget Sound Gateway facility account created in section 14 of this act.

(2) The bond proceeds shall be available only for the purposes enumerated in section 2, chapter . . . , Laws of 2019 (section 2 of this act), for the payment of bond anticipation notes or other interim financing, if any, capitalizing interest on the bonds, funding a debt service reserve fund, if any, and for the payment of bond issuance costs, including the costs of underwriting.

**NEW SECTION. Sec. 5.** Bonds issued under the authority of this section and sections 2, 6, and 7 of this act shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The principal of and interest on the bonds shall be first payable in the manner provided in this section and sections 2, 6, and 7 of this act from toll revenue and then from proceeds of excise taxes on fuel and vehicle-related fees to the extent toll revenue is not available for that purpose. Toll revenue and the state excise taxes on fuel imposed by chapter 82.38 RCW and vehicle-related fees are hereby pledged to the payment of any bonds and the interest thereon issued under the authority of this section and sections 2, 6, and 7 of this act, and the legislature agrees to continue to impose these toll charges on the Interstate 405 and state route number 167 express toll lanes, and on the Puget Sound Gateway facility, and on any other eligible toll facility designated by the legislature and on which the imposition of tolls is authorized by the legislature in respect of the bonds, and excise taxes on fuel and vehicle-related fees in amounts sufficient to pay, when due, the principal and interest on all

bonds issued under the authority of this section and sections 2, 6, and 7 of this act.

**NEW SECTION. Sec. 6.** For bonds issued under the authority of this section and sections 2, 5, and 7 of this act, the state treasurer shall first withdraw toll revenue from the appropriate toll account for the facility for which the bonds are issued and sold, and, to the extent toll revenue is not available, excise taxes on fuel and vehicle-related fees and deposit in the toll facility bond retirement account, or a special subaccount in the account, such amounts, and at such times, as are required by the bond proceedings.

Any excise taxes on fuel and vehicle-related fees required for bond retirement or interest on the bonds authorized by this section and sections 2, 5, and 7 of this act shall be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on fuel and vehicle-related fees and which is, or may be, appropriated to the department for state highway purposes. Funds required shall never constitute a charge against any other allocations of fuel tax and vehicle-related fee revenues to the state, counties, cities, and towns unless the amount arising from excise taxes on fuel and vehicle-related fees distributed to the state in the motor vehicle fund proves insufficient to meet the requirements for bond retirement or interest on any such bonds.

Any payments for bond retirement or interest on the bonds taken from other revenues from the fuel taxes and vehicle-related fees that are distributable to the state, counties, cities, and towns shall be repaid from available toll revenue in the manner provided in the bond proceedings or, if toll revenue is not available for that purpose, from the first revenues from the excise taxes on fuel and vehicle-related fees distributed to the motor vehicle fund not required for bond retirement or interest on the bonds. Any excise taxes on fuel and vehicle-related fees required for bond retirement or interest on the bonds authorized by this section and sections 2, 5, and 7 of this act shall be reimbursed to the motor vehicle fund from toll revenue in the manner and with the priority specified in the bond proceedings.

**NEW SECTION. Sec. 7.** Bonds issued under the authority of sections 2, 5, and 6 of this act and this section and any other general obligation bonds of the state of Washington that have been or that may be authorized and that pledge excise taxes on fuel and vehicle-related fees for the payment of principal and interest thereon shall be an equal charge against the revenues from such excise taxes on fuel and vehicle-related fees.

**Sec. 8.** RCW 47.10.882 and 2011 c 377 s 3 are each amended to read as follows:

The toll facility bond retirement account is created in the state treasury for the purpose of payment of the principal of and interest and premium on bonds. Both principal of and interest on the bonds issued for the purposes of chapter 498, Laws of 2009 (~~and~~), chapter 377, Laws of 2011, and chapter . . . , Laws of 2019 (this act) shall be

payable from the toll facility bond retirement account. The state finance committee may provide that special subaccounts be created in the account to facilitate payment of the principal of and interest on the bonds. The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount required for principal and interest on the bonds in accordance with the bond proceedings.

**Sec. 9.** RCW 47.10.887 and 2011 c 377 s 5 are each amended to read as follows:

The state finance committee may determine and include in any resolution authorizing the issuance of any bonds under chapter 498, Laws of 2009 (~~and~~), chapter 377, Laws of 2011, and chapter . . . , Laws of 2019 (this act), such terms, provisions, covenants, and conditions as it may deem appropriate in order to assist with the marketing and sale of the bonds, confer rights upon the owners of bonds, and safeguard rights of the owners of bonds including, among other things:

(1) Provisions regarding the maintenance and operation of eligible toll facilities;

(2) The pledges, uses, and priorities of application of toll revenue;

(3) Provisions that bonds shall be payable from and secured solely by toll revenue as provided by RCW 47.10.886, or shall be payable from and secured by both toll revenue and by a pledge of excise taxes on motor vehicle and special fuels and the full faith and credit of the state as provided in RCW 47.10.879 and 47.10.883 through 47.10.885;

(4) Provisions that bonds shall be payable from and secured by both toll revenue and by a pledge of excise taxes on fuel and vehicle-related fees and the full faith and credit of the state as provided in sections 2 and 5 through 7 of this act;

(5) In consultation with the department of transportation and the tolling authority, financial covenants requiring that the eligible toll facilities must produce specified coverage ratios of toll revenue to debt service on bonds;

~~((5))~~ (6) The purposes and conditions that must be satisfied prior to the issuance of any additional bonds that are to be payable from and secured by any toll revenue on an equal basis with previously issued and outstanding bonds payable from and secured by toll revenue;

~~((6))~~ (7) Provisions that bonds for which any toll revenue are pledged, or for which a pledge of any toll revenue may be reserved, may be structured on a senior, parity, subordinate, or special lien basis in relation to any other bonds for which toll revenue is pledged, with respect to toll revenue only; and

~~((7))~~ (8) Provisions regarding reserves, credit enhancement, liquidity facilities, and payment agreements with respect to bonds.

Notwithstanding the foregoing, covenants and conditions detailing the character of management, maintenance, and operation of eligible toll facilities, insurance for eligible toll facilities, financial management of toll revenue, and disposition of eligible toll facilities must first be approved by the department of transportation.

The owner of any bond may by mandamus or other appropriate proceeding require and compel performance of any duties imposed upon the tolling authority and the department of transportation and their respective officials, including any duties imposed upon or undertaken by them or by their respective officers, agents, and employees, in connection with the construction, maintenance, and operation of eligible toll facilities and in connection with the collection, deposit, investment, application, and disbursement of the proceeds of the bonds and toll revenue.

**Sec. 10.** RCW 47.10.888 and 2011 c 377 s 6 are each amended to read as follows:

(1) For the purposes of chapter 498, Laws of 2009 ~~((and))~~, chapter 377, Laws of 2011, and chapter . . . , Laws of 2019 (this act), "toll revenue" means all toll receipts, all interest income derived from the investment of toll receipts, and any gifts, grants, or other funds received for the benefit of transportation facilities in the state, including eligible toll facilities. However, for the purpose of any pledge of toll revenue to the payment of particular bonds issued under chapter 498, Laws of 2009 ~~((and))~~, chapter 377, Laws of 2011, and chapter . . . , Laws of 2019 (this act), "toll revenue" means and includes only such toll revenue or portion thereof that is pledged to the payment of those bonds in the resolution authorizing the issuance of such bonds. Toll revenue constitutes "fees and revenues derived from the ownership or operation of any undertaking, facility, or project" as that phrase is used in Article VIII, section 1(c)(1) of the state Constitution.

(2) For the purposes of chapter 498, Laws of 2009 ~~((and))~~, chapter 377, Laws of 2011, and chapter . . . , Laws of 2019 (this act), "tolling authority" has the same meaning as in RCW 47.56.810.

**Sec. 11.** RCW 47.56.880 and 2011 c 369 s 3 are each amended to read as follows:

(1) The imposition of tolls for express toll lanes on Interstate 405 between ~~((the junctions with))~~ Interstate 5 on the north end ~~((and NE 6th Street))~~ in the city of ~~((Bellevue))~~ Lynnwood and Interstate 5 on the south end in the city of Tukwila, and for state route number 167 between Interstate 405 on the north end and state route number 512 on the south end is authorized~~(;)~~. Interstate 405 ~~((§))~~ and state route number 167 are designated an eligible toll facility, and toll revenue generated in the corridor must only be expended on the Interstate 405 and state route number 167 projects as identified in each corridor's master plan and as allowed under RCW 47.56.820.

(2) Tolls for the express toll lanes must be set as follows:

(a) The schedule of toll rates must be set by the tolling authority pursuant to RCW 47.56.850. Toll rates may vary in amount by time of day, level of traffic congestion within the highway facility, or other criteria, as the tolling authority deems appropriate.

(b) In those locations with two express toll lanes in each direction, the toll rate must be the same in both lanes.

(c) Toll charges may not be assessed on transit buses and vanpools.

(d) The department shall establish performance standards for travel time, speed, and reliability for the express toll lanes project. The department must automatically adjust the toll rate within the schedule established by the tolling authority, using dynamic tolling, to ~~((ensure))~~ maintain the goal that average vehicle speeds in the lanes remain above forty-five miles per hour at least ninety percent of the time during peak hours.

(e) The tolling authority shall periodically review the toll rates against traffic performance of all lanes to determine if the toll rates are effectively maintaining travel time, speed, and reliability on the highway facilities.

(f)(i) Toll charges may not be assessed on carpools with two or more people in the vehicle on the portion of Interstate 405 between Bellevue and state route number 167 for at least the first year following the initial imposition of tolls on that portion of the express toll lanes, contingent upon the analysis described in (f)(ii) of this subsection.

(ii) The department must analyze the effect of (f)(i) of this subsection utilizing forecasting and modeling data and present the results of the analysis to the tolling authority. If the analysis indicates that the express toll lanes on the portion of Interstate 405 between Bellevue and state route number 167 will not cover the financial obligations outlined in section 12(4) of this act, then the restriction on toll charges in (f)(i) of this subsection will not be implemented and the department must provide the transportation committees of the legislature with a report, within thirty days, that provides options for not assessing toll charges on carpools with two or more people in the vehicle, which also meet the financial obligations outlined in section 12(4) of this act.

~~(3) ((The department may construct and operate express toll lanes on Interstate 405 between the city of Bellevue on the south end and Interstate 5 on the north end. Operation of the express toll lanes may not commence until the department has completed capacity improvements necessary to provide a two-lane system from NE 6th Street in the city of Bellevue to state route number 522 and the conversion of the existing high occupancy vehicle lane to an express toll lane between state route number 522 and the city of Lynnwood. Construction of the capacity improvements described in this subsection, including items that enable implementation of express toll lanes such as conduit and other underground features, must begin as soon as practicable. However, any contract term regarding tolling equipment, such as gantries, barriers, or cameras, for Interstate 405 may not take effect unless specific appropriation authority is provided in 2012 stating that funding is provided solely for tolling equipment on Interstate~~

405.) The department shall work with local jurisdictions to minimize and monitor impacts to local streets and, after consultation with local jurisdictions, recommend mitigation measures to the legislature in those locations where it is appropriate.

(4) The department shall monitor the express toll lanes (~~(project)~~) and shall annually report to the transportation commission and the legislature on the impacts from the project on the following performance measures:

(a) Whether the express toll lanes maintain speeds of forty-five miles per hour at least ninety percent of the time during peak periods, and any alternate metric determined by the department in conjunction with the federal highway administration;

(b) Whether the average traffic speed changed in the general purpose lanes;

(c) Whether transit ridership changed;

(d) Whether the actual use of the express toll lanes is consistent with the projected use;

(e) Whether the express toll lanes generated sufficient revenue to pay for all (~~(Interstate 405)~~) express toll lane-related operating costs; and

(f) Whether travel times and volumes have increased or decreased on adjacent local streets and state highways(~~;~~ and

~~(g) Whether the actual gross revenues are consistent with projected gross revenues as identified in the fiscal note for Engrossed House Bill No. 1382 distributed by the office of financial management on March 15, 2011.~~

~~(5) If after two years of operation of the express toll lanes on Interstate 405 performance measures listed in subsection (4)(a) and (e) of this section are not being met, the express toll lanes project must be terminated as soon as practicable).~~

~~((6))~~ (5) The department, in consultation with the transportation commission, shall consider making operational changes necessary to fix any unintended consequences of implementing the express toll lanes (~~(project)~~).

~~((7))~~ (6) A violation of the lane restrictions applicable to the express toll lanes established under this section is a traffic infraction.

**Sec. 12.** RCW 47.56.884 and 2011 c 369 s 5 are each amended to read as follows:

(1) The Interstate 405 and state route number 167 express toll lanes (~~(operations)~~) account is created in the motor vehicle fund. (~~(All revenues received by the department as toll charges collected from Interstate 405 express toll lane users must be deposited into the account)~~)

(2) Deposits to the account must include:

(a) All proceeds of bonds authorized in section 2(1)(a) of this act and loans for the Interstate 405 and state route number 167 projects, including capitalized interest;

(b) All tolls and other revenues received from the operation of the Interstate 405 and state route number 167 express toll lanes facility, to be deposited at least monthly;

(c) Any interest that may be earned from the deposit or investment of those revenues;

(d) Notwithstanding RCW 47.12.063, proceeds from the sale of any surplus real property acquired for completing the Interstate 405 and state route number 167 express toll lanes facility; and

(e) All damages liquidated or otherwise, collected under any contract involving Interstate 405 or state route number 167 projects.

~~(3) Moneys in the account may be spent only after appropriation(-), consistent with RCW 47.56.820(~~(; expenditures from the account may be used for debt service, planning, administration, construction, maintenance, operation, repair, rebuilding, enforcement, and the expansion of express toll lanes on Interstate 405)~~).~~

(4) The proceeds of the general obligation bonds authorized in section 2(1)(a) of this act shall be used to make progress toward completion of the Interstate 405 and state route number 167 master plans. It is the intent of the legislature to first use the bond proceeds for the following projects:

(a) Up to six hundred million dollars to design and construct capacity improvements on Interstate 405 between state route number 522 and state route number 527. This project would widen Interstate 405 through the state route number 522 interchange, build direct access ramps to the express toll lanes at state route number 522, build one new lane in each direction to be used as a second express toll lane, and build a partial direct access ramp at state route number 527 to the east, north, and south, to provide connections to the Canyon Park park and ride;

(b) Up to two hundred fifteen million dollars toward completion of the I-405/Renton to Bellevue - Corridor Widening project (M00900R);

(c) Up to three million dollars to update the state route number 167 master plan;

(d) Up to one hundred million dollars to construct both the northbound and southbound state route number 167 stage 6 extension project. This project would extend the express toll lanes south to the state route number 410 and state route number 512 interchange to help mitigate traffic congestion; and

(e) Up to twenty million dollars to design the Interstate 405/North 8th Street Direct Access Ramp project in the city of Renton. It is the intent of the legislature to provide construction funding for this project at a later date.

NEW SECTION. **Sec. 13.** (1) The Puget Sound Gateway facility is designated an eligible toll facility, tolls

are authorized to be imposed on the Puget Sound Gateway facility, and toll revenue generated must be expended only as allowed under RCW 47.56.820.

(2)(a) In setting toll rates for the Puget Sound Gateway facility, pursuant to RCW 47.56.850, the tolling authority shall set a variable schedule of toll rates to maintain travel time, speed, and reliability on the Puget Sound Gateway facility.

(b) The tolling authority may adjust toll rates to reflect inflation as measured by the consumer price index or as necessary for those costs that are eligible under RCW 47.56.820 and to meet the obligations of the tolling authority under RCW 47.56.850.

(3) For the purposes of this section and section 14 of this act, "Puget Sound Gateway facility" means the state route number 167 roadway between north Meridian Avenue in Puyallup and Interstate 5 in Fife, the state route number 509 spur between Interstate 5 in Fife and state route number 509 in Tacoma, and the state route number 509 roadway between south 188th Street and Interstate 5 in SeaTac.

(4) Prior to setting the schedule of toll rates on the portion of state route number 509 between South 188th Street and Interstate 5 in SeaTac, the department, in collaboration with the transportation commission, must analyze and present to the transportation commission at least one schedule of toll rates that exempts, discounts, or provides other toll relief for low-income drivers during all hours of operation on state route number 509 between South 188th Street and Interstate 5 in SeaTac. In analyzing the schedule of toll rates, the department shall consider implementing an exemption, discount, or other toll relief policy for drivers that reside in close proximity to the corridor.

**NEW SECTION. Sec. 14.** (1) A special account to be known as the Puget Sound Gateway facility account is created in the motor vehicle fund.

(2) Deposits to the account must include:

(a) All proceeds of bonds authorized in section 2(1)(b) of this act and loans for the Puget Sound Gateway project, including capitalized interest;

(b) All tolls and other revenues received from the operation of the Puget Sound Gateway facility, to be deposited at least monthly;

(c) Any interest that may be earned from the deposit or investment of those revenues;

(d) Notwithstanding RCW 47.12.063, proceeds from the sale of any surplus real property acquired for completing the Puget Sound Gateway project, including existing state route number 509 right-of-way in SeaTac and Des Moines; and

(e) All damages liquidated or otherwise, collected under any contract involving the Puget Sound Gateway project.

(3) Moneys in the account may be spent only after appropriation, consistent with RCW 47.56.820.

(4) The proceeds of the general obligation bonds authorized in section 2(1)(b) of this act shall be used to make progress toward completion of the Puget Sound Gateway facility. It is the intent of the legislature to use the bond proceeds to advance the Puget Sound Gateway facility in order to maximize net mobility benefits for both freight and the traveling public. It is the intent of the legislature for tolling to begin on stage one of the project as soon as practicable in order to leverage toll funds, use bond proceeds to advance one hundred twenty-nine million dollars of connecting Washington state appropriations by two biennia to the 2023-2025 biennium, and advance local and federal contributions. This will allow the department of transportation to deliver and open to the public stage two of the project in fiscal year 2028, three years earlier than originally planned, and to realize twenty million dollars in cost savings in connecting Washington state appropriations.

(5) It is also the intent of the legislature to use the bond proceeds for up to five million dollars to provide noise mitigation on state route number 509 between south 188th Street and Interstate 5.

(6) It is further the intent of the legislature to clarify how the tolling of state route number 167 and state route number 509 will be implemented by requiring the transportation commission and the department of transportation to consider naming the sections of each facility where all of the lanes are tolled as the state route number 167 express way and the state route number 509 express way respectively.

**Sec. 15.** RCW 43.84.092 and 2018 c 287 s 7, 2018 c 275 s 10, and 2018 c 203 s 14 are each reenacted and amended to read as follows:

**ESSB 5993** Prime Sponsor, Committee on Ways & Means: Reforming the financial structure of the model toxics control program. Reported by Committee on Finance

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** It is the intent of the legislature that during the 2019-2021 biennium no transfers to the state general fund, education legacy trust account, or opportunities pathway account must be made from the state toxics control account, local toxics control account, environmental legacy stewardship account, model toxics control operating account, model toxics control capital account, or model toxics control stormwater account.

#### Part I

**Sec. 101.** RCW 82.21.010 and 1989 c 2 s 8 are each amended to read as follows:

(1) It is the intent of this chapter to impose a tax only once for each hazardous substance possessed in this state and to tax the first possession of all hazardous substances, including substances and products that the department of ecology determines to present a threat to human health or the environment. However, it is not intended to impose a tax on the first possession of small amounts of any hazardous substance (other than petroleum and pesticide products) that is first possessed by a retailer for the purpose of sale to ultimate consumers. This chapter is not intended to exempt any person from tax liability under any other law.

(2) It is the specific purpose of the model toxics control reform act (this act) to update the model toxics control program and its primary funding mechanism. These reforms are intended to achieve the financial stability, transparency, and long-term protection of revenues. Specifically, this reform act makes the following changes:

(a) Increases funding for programs and projects related to clean air, clean water, toxic cleanup, and prevention, with specific focus on stormwater pollution;

(b) Provides distinct and transparent financial separation of capital and operating budget funding under the model toxics control program;

(c) Improves the transparency and visibility of operating and capital project expenditures under the model toxics control program; and

(d) Eliminates the year-to-year volatility of hazardous substance tax revenues by moving to a volumetric rate for petroleum products.

## Part II

**Sec. 201.** RCW 82.21.030 and 1989 c 2 s 10 are each amended to read as follows:

(1)(a) A tax is imposed on the privilege of possession of hazardous substances in this state. Except as provided in (b) of this subsection, the rate of the tax ((shall be)) is seven-tenths of one percent multiplied by the wholesale value of the substance. Moneys collected under this subsection (1)(a) must be deposited in the model toxics control capital account.

(b) Beginning July 1, 2019, the rate of the tax on petroleum products is one dollar and nine cents per barrel. The tax collected under this subsection (1)(b) on petroleum products must be deposited as follows, after first depositing the tax as provided in (c) of this subsection (1):

(i) Sixty percent to the model toxics control operating account created under section 202 of this act;

(ii) Twenty-five percent to the model toxics control capital account created under section 203 of this act; and

(iii) Fifteen percent to the model toxics control stormwater account created under section 204 of this act.

(c) Until the beginning of the ensuing biennium after the enactment of an additive transportation funding act, fifty million dollars per biennium to the motor vehicle fund to be used exclusively for transportation stormwater activities and projects. For purposes of this subsection, "additive transportation funding act" means an act in which the combined total of new revenues deposited into the motor vehicle fund and the multimodal transportation account exceed two billion dollars per biennium attributable solely to an increase in revenue from the enactment of the act.

(d) The department must compile a list of petroleum products that are not easily measured on a per barrel basis. Petroleum products identified on the list are subject to the rate under (a) of this subsection in lieu of the volumetric rate

under (b) of this subsection. The list will be made in a form and manner prescribed by the department and must be made available on the department's internet web site. In compiling the list, the department may accept technical assistance from persons that sell, market, or distribute petroleum products and consider any other resource the department finds useful in compiling the list.

~~(2) ((Moneys collected under this chapter shall be deposited in the toxics control accounts under RCW 70.105D.070.~~

~~(3)) Chapter 82.32 RCW applies to the tax imposed in this chapter. The tax due dates, reporting periods, and return requirements applicable to chapter 82.04 RCW apply equally to the tax imposed in this chapter.~~

**NEW SECTION. Sec. 202.** A new section is added to chapter 70.105D RCW to read as follows:

(1) The model toxics control operating account is hereby created in the state treasury.

(2) Moneys in the model toxics control operating account must be used only to carry out the purposes of this chapter, including but not limited to the following:

(a) The state's responsibility for hazardous waste planning, management, regulation, enforcement, technical assistance, and public education required under chapter 70.105 RCW;

(b) The state's responsibility for solid waste planning, management, regulation, enforcement, technical assistance, and public education required under chapter 70.95 RCW;

(c) The hazardous waste clean-up program required under this chapter;

(d) State matching funds required under federal cleanup law;

(e) Financial assistance for local programs and plans, including local solid waste financial assistance, in accordance with chapters 70.76, 70.95, 70.95C, 70.95I, and 70.105 RCW;

(f) State government programs for the safe reduction, recycling, or disposal of paint and hazardous wastes from households, small businesses, and agriculture;

(g) Oil and hazardous materials spill prevention, preparedness, training, and response activities;

(h) Water and environmental health protection and monitoring programs;

(i) Programs authorized under chapter 70.146 RCW;

(j) A public participation program;

(k) Development and demonstration of alternative management technologies designed to carry out the hazardous waste management priorities of RCW 70.105.150;

(l) State agriculture and health programs for the safe use, reduction, recycling, or disposal of pesticides;

(m) Funding requirements to maintain receipt of federal funds under the federal solid waste disposal act (42 U.S.C. Sec. 6901 et seq.);

(n) Air quality programs and actions for reducing public exposure to toxic air pollution; and

(o) Petroleum-based plastic or expanded polystyrene foam debris clean-up activities in fresh or marine waters.

(3) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in model toxics control operating account may be spent only after appropriation by statute.

(4) One percent of the moneys collected under RCW 82.21.030 must be allocated only for public participation grants to persons who may be adversely affected by a release or threatened release of a hazardous substance and to not-for-profit public interest organizations. The primary purpose of these grants is to facilitate the participation by persons and organizations in the investigation and remedying of releases or threatened releases of hazardous substances and to implement the state's solid and hazardous waste management priorities. No grant may exceed sixty thousand dollars. Grants may be renewed annually. Moneys appropriated for public participation that are not expended at the close of any biennium revert to the model toxics control operating account.

(5) The department must adopt rules for grant or loan issuance and performance.

**NEW SECTION. Sec. 203.** A new section is added to chapter 70.105D RCW to read as follows:

(1) The model toxics control capital account is hereby created in the state treasury.

(2) In addition to the funds deposited into the model toxics control capital account required under RCW 82.21.030, the following moneys must be deposited into the model toxics control capital account:

(a) The costs of remedial actions recovered under this chapter, except as provided under RCW 70.105D.---(7) (section 2(7), chapter . . . (SHB 1290), Laws of 2019);

(b) Penalties collected or recovered under this chapter; and

(c) Any other money appropriated or transferred to the account by the legislature.

(3) Moneys in the model toxics control capital account must be used for the improvement, rehabilitation, remediation, and cleanup of toxic sites and other capital-related expenditures for programs and activities identified in subsection (4) of this section.

(4) Moneys in the model toxics control capital account may be used only for capital projects and activities that carry out the purposes of this chapter and for financial assistance to local governments or other persons to carry out

those projects or activities, including but not limited to the following, generally in descending order of priority:

(a) Remedial actions, including the following generally in descending order of priority:

(i) Extended grant agreements entered into under subsection (5)(a) of this section;

(ii) Grants or loans to local governments for remedial actions, including planning for adaptive reuse of properties as provided for under subsection (5)(d) of this section. The department must prioritize funding of remedial actions at:

(A) Facilities on the department's hazardous sites list with a high hazard ranking for which there is an approved remedial action work plan or an equivalent document under federal cleanup law;

(B) Brownfield properties within a redevelopment opportunity zone if the local government is a prospective purchaser of the property and there is a department-approved remedial action work plan or equivalent document under the federal cleanup law;

(iii) Department-conducted remedial actions;

(iv) Grants to persons intending to remediate contaminated real property for development of affordable housing;

(v) Public funding to assist potentially liable persons to pay for the costs of remedial action in compliance with clean-up standards under RCW 70.105D.030(2)(e) if:

(A) The amount and terms of the funding are established under a settlement agreement under RCW 70.105D.040(4); and

(B) The director has found that the funding will achieve both a substantially more expeditious or enhanced cleanup than would otherwise occur, and the prevention or mitigation of unfair economic hardship;

(vi) Public funding to assist prospective purchasers to pay for the costs of remedial action in compliance with clean-up standards under RCW 70.105D.030(2)(e) if:

(A) The facility is located within a redevelopment opportunity zone designated under RCW 70.105D.150;

(B) The amount and terms of the funding are established under a settlement agreement under RCW 70.105D.040(5); and

(C) The director has found the funding will achieve a substantially more expeditious or enhanced cleanup than would otherwise occur, provide a public benefit in addition to cleanup commensurate with the scope of the public funding; and meet any additional criteria established in rule by the department; and

(vii) To expedite multiparty clean-up efforts, purchase of remedial action cost-cap insurance;

(b) Grants, or loans, or contracts to local governments for solid waste plans and programs under chapters 70.95, 70.95C, 70.95I, 70.95G, 70.95M, and 70.105

RCW. Funds must be allocated consistent with priorities and matching requirements in the respective chapters;

(c) Toxic air pollutant reduction programs, including grants or loans to local governments for woodstoves and diesel;

(d) Grants, loans, or contracts to local governments for hazardous waste plans and programs under chapters 70.76 and 70.105 RCW, including chemical action plan implementation. Funds must be allocated consistent with priorities and matching requirements in the respective chapters; and

(e) Petroleum-based plastic or expanded polystyrene foam debris clean-up activities in fresh or marine waters.

(5) The department may establish and administer a program to provide grants and loans to local governments for remedial actions, including planning for adaptive reuse of contaminated properties. The department may not award a grant or loan for a remedial action unless the local government has obtained all of the required permits for the action within one year of the effective date of the enacted budget. To expedite cleanups throughout the state, the department may use the following strategies when providing grants to local governments under this subsection:

(a) Enter into an extended grant agreement with a local government conducting remedial actions at a facility where those actions extend over multiple biennia and the total eligible cost of those actions exceeds twenty million dollars. The agreement is subject to the following limitations:

(i) The initial duration of such an agreement may not exceed ten years. The department may extend the duration of such an agreement upon finding substantial progress has been made on remedial actions at the facility;

(ii) Extended grant agreements may not exceed fifty percent of the total eligible remedial action costs at the facility; and

(iii) The department may not allocate future funding to an extended grant agreement unless the local government has demonstrated to the department that funds awarded under the agreement during the previous biennium have been substantially expended or contracts have been entered into to substantially expend the funds;

(b) Enter into a grant agreement with a local government conducting a remedial action that provides for periodic reimbursement of remedial action costs as they are incurred as established in the agreement;

(c) Enter into a grant agreement with a local government prior to it acquiring a property or obtaining necessary access to conduct remedial actions, provided the agreement is conditioned upon the local government acquiring the property or obtaining the access in accordance with a schedule specified in the agreement;

(d) Provide integrated planning grants to local governments to fund studies necessary to facilitate remedial actions at brownfield properties and adaptive reuse of properties following remediation. Eligible activities include,

but are not limited to: Environmental site assessments; remedial investigations; health assessments; feasibility studies; site planning; community involvement; land use and regulatory analyses; building and infrastructure assessments; economic and fiscal analyses; and any environmental analyses under chapter 43.21C RCW;

(e) Provide grants to local governments for remedial actions related to area-wide groundwater contamination. To receive the funding, the local government does not need to be a potentially liable person or be required to seek reimbursement of grant funds from a potentially liable person;

(f) The director may alter grant matching requirements to create incentives for local governments to expedite cleanups when one of the following conditions exists:

(i) Funding would prevent or mitigate unfair economic hardship imposed by the clean-up liability;

(ii) Funding would create new substantial economic development, public recreational opportunities, or habitat restoration opportunities that would not otherwise occur; or

(iii) Funding would create an opportunity for acquisition and redevelopment of brownfield property under RCW 70.105D.040(5) that would not otherwise occur; and

(g) When pending grant applications under subsection (4)(d) and (e) of this section exceed the amount of funds available, designated redevelopment opportunity zones must receive priority for distribution of available funds.

(6) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in model toxics control capital account may be spent only after appropriation by statute.

**NEW SECTION. Sec. 204.** A new section is added to chapter 70.105D RCW to read as follows:

(1) The model toxics control stormwater account is hereby created in the state treasury.

(2) Moneys in the model toxics control stormwater account must be used for operating and capital programs, activities, and projects identified in subsection (3) of this section directly relating to stormwater pollution control.

(3) Moneys in the model toxics control stormwater account must be used only to carry out the operating and capital programs, activities, and projects directly relating to stormwater activities under sections 202 and 203 of this act, including but not limited to the following:

(a) Stormwater pollution control projects and activities that protect or preserve existing remedial actions or prevent hazardous clean-up sites;

(b) Stormwater financial assistance to local governments that assist in compliance to the purposes of this chapter.

(4) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in the model toxics control stormwater account may be spent only after appropriation by statute.

### Part III

**NEW SECTION. Sec. 301.** (1) The office of financial management and the legislative evaluation and accountability program committee must identify changes to existing budgeting and reporting systems, including enterprise, internal, and public-facing systems, that will improve access to and understanding of relevant model toxics control act account-related budget information available at the time governor-recommended and legislative budgets are released. In carrying out this work, the office of financial management and the legislative evaluation and accountability program committee must consult with legislative fiscal staff.

(2) The office of financial management and the legislative evaluation and accountability program committee must identify proposed improvements and, as appropriate, necessary funding and legislative changes to the governor and legislature by September 1, 2020. To the extent possible, the office of financial management and the legislative evaluation and accountability program committee may implement low and no-cost changes during the 2019-2021 biennium.

(3) This section expires June 30, 2021.

### Part IV

**Sec. 401.** RCW 70.105D.030 and 2013 2nd sp.s. c 1 s 6 are each amended to read as follows:

(1) The department may exercise the following powers in addition to any other powers granted by law:

(a) Investigate, provide for investigating, or require potentially liable persons to investigate any releases or threatened releases of hazardous substances, including but not limited to inspecting, sampling, or testing to determine the nature or extent of any release or threatened release. If there is a reasonable basis to believe that a release or threatened release of a hazardous substance may exist, the department's authorized employees, agents, or contractors may enter upon any property and conduct investigations. The department shall give reasonable notice before entering property unless an emergency prevents such notice. The department may by subpoena require the attendance or testimony of witnesses and the production of documents or other information that the department deems necessary;

(b) Conduct, provide for conducting, or require potentially liable persons to conduct remedial actions (including investigations under (a) of this subsection) to remedy releases or threatened releases of hazardous substances. In carrying out such powers, the department's authorized employees, agents, or contractors may enter upon property. The department ~~((shall))~~ **must** give reasonable

notice before entering property unless an emergency prevents such notice. In conducting, providing for, or requiring remedial action, the department ~~((shall))~~ **must** give preference to permanent solutions to the maximum extent practicable and ~~((shall))~~ **must** provide for or require adequate monitoring to ensure the effectiveness of the remedial action;

(c) Indemnify contractors retained by the department for carrying out investigations and remedial actions, but not for any contractor's reckless or willful misconduct;

(d) Carry out all state programs authorized under the federal cleanup law and the federal resource, conservation, and recovery act, 42 U.S.C. Sec. 6901 et seq., as amended;

(e) Classify substances as hazardous substances for purposes of RCW 70.105D.020 and classify substances and products as hazardous substances for purposes of RCW 82.21.020(1);

(f) Issue orders or enter into consent decrees or agreed orders that include, or issue written opinions under (i) of this subsection that may be conditioned upon, environmental covenants where necessary to protect human health and the environment from a release or threatened release of a hazardous substance from a facility. Prior to establishing an environmental covenant under this subsection, the department ~~((shall))~~ **must** consult with and seek comment from a city or county department with land use planning authority for real property subject to the environmental covenant;

(g) Enforce the application of permanent and effective institutional controls that are necessary for a remedial action to be protective of human health and the environment and the notification requirements established in RCW 70.105D.110, and impose penalties for violations of that section consistent with RCW 70.105D.050;

(h) Require holders to conduct remedial actions necessary to abate an imminent or substantial endangerment pursuant to RCW 70.105D.020(22)(b)(ii)(C);

(i) Provide informal advice and assistance to persons regarding the administrative and technical requirements of this chapter. This may include site-specific advice to persons who are conducting or otherwise interested in independent remedial actions. Any such advice or assistance ~~((shall be))~~ **is** advisory only, and ~~((shall))~~ **is** not ~~((be))~~ binding on the department. As a part of providing this advice and assistance for independent remedial actions, the department may prepare written opinions regarding whether the independent remedial actions or proposals for those actions meet the substantive requirements of this chapter or whether the department believes further remedial action is necessary at the facility. Nothing in this chapter may be construed to preclude the department from issuing a written opinion on whether further remedial action is necessary at any portion of the real property located within a facility, even if further remedial action is still necessary elsewhere at the same facility. Such a written opinion on a portion of a facility must also provide an opinion on the status of the facility as a whole. The department may collect, from persons requesting advice and assistance, the costs incurred by the department

in providing such advice and assistance; however, the department ((~~shall~~)) must, where appropriate, waive collection of costs in order to provide an appropriate level of technical assistance in support of public participation. The state, the department, and officers and employees of the state are immune from all liability, and no cause of action of any nature may arise from any act or omission in providing, or failing to provide, informal advice and assistance. The department must track the number of requests for reviews of planned or completed independent remedial actions and establish performance measures to track how quickly the department is able to respond to those requests. By November 1, 2015, the department must submit to the governor and the appropriate legislative fiscal and policy committees a report on achieving the performance measures and provide recommendations for improving performance, including staffing needs;

(j) In fulfilling the objectives of this chapter, the department ((~~shall~~)) must allocate staffing and financial assistance in a manner that considers both the reduction of human and environmental risks and the land reuse potential and planning for the facilities to be cleaned up. This does not preclude the department from allocating resources to a facility based solely on human or environmental risks;

(k) Establish model remedies for common categories of facilities, types of hazardous substances, types of media, or geographic areas to streamline and accelerate the selection of remedies for routine types of cleanups at facilities;

(i) When establishing a model remedy, the department ((~~shall~~)) must:

(A) Identify the requirements for characterizing a facility to select a model remedy, the applicability of the model remedy for use at a facility, and monitoring requirements;

(B) Describe how the model remedy meets clean-up standards and the requirements for selecting a remedy established by the department under this chapter; and

(C) Provide public notice and an opportunity to comment on the proposed model remedy and the conditions under which it may be used at a facility;

(ii) When developing model remedies, the department ((~~shall~~)) must solicit and consider proposals from qualified persons. The proposals must, in addition to describing the model remedy, provide the information required under (k)(i)(A) and (B) of this subsection;

(iii) If a facility meets the requirements for use of a model remedy, an analysis of the feasibility of alternative remedies is not required under this chapter. For department-conducted and department-supervised remedial actions, the department must provide public notice and consider public comments on the proposed use of a model remedy at a facility. The department may waive collection of its costs for providing a written opinion under (i) of this subsection on a cleanup that qualifies for and appropriately uses a model remedy; and

(l) Take any other actions necessary to carry out the provisions of this chapter, including the power to adopt rules under chapter 34.05 RCW.

(2) The department ((~~shall~~)) must immediately implement all provisions of this chapter to the maximum extent practicable, including investigative and remedial actions where appropriate. The department ((~~shall~~)) must adopt, and thereafter enforce, rules under chapter 34.05 RCW to:

(a) Provide for public participation, including at least (i) public notice of the development of investigative plans or remedial plans for releases or threatened releases and (ii) concurrent public notice of all compliance orders, agreed orders, enforcement orders, or notices of violation;

(b) Establish a hazard ranking system for hazardous waste sites;

(c) Provide for requiring the reporting by an owner or operator of releases of hazardous substances to the environment that may be a threat to human health or the environment within ninety days of discovery, including such exemptions from reporting as the department deems appropriate, however this requirement ((~~shall~~)) may not modify any existing requirements provided for under other laws;

(d) Establish reasonable deadlines not to exceed ninety days for initiating an investigation of a hazardous waste site after the department receives notice or otherwise receives information that the site may pose a threat to human health or the environment and other reasonable deadlines for remedying releases or threatened releases at the site;

(e) Publish and periodically update minimum clean-up standards for remedial actions at least as stringent as the clean-up standards under section 121 of the federal cleanup law, 42 U.S.C. Sec. 9621, and at least as stringent as all applicable state and federal laws, including health-based standards under state and federal law; and

(f) Apply industrial clean-up standards at industrial properties. Rules adopted under this subsection ((~~shall~~)) must ensure that industrial properties cleaned up to industrial standards cannot be converted to nonindustrial uses without approval from the department. The department may require that a property cleaned up to industrial standards is cleaned up to a more stringent applicable standard as a condition of conversion to a nonindustrial use. Industrial clean-up standards may not be applied to industrial properties where hazardous substances remaining at the property after remedial action pose a threat to human health or the environment in adjacent nonindustrial areas.

(3) To achieve and protect the state's long-term ecological health, the department ((~~shall~~)) must plan to clean up hazardous waste sites and prevent the creation of future hazards due to improper disposal of toxic wastes at a pace that matches the estimated cash resources in the ((~~state and local toxics control accounts and the environmental legacy stewardship account created in RCW 70.105D.170~~)) model toxics control capital account. Estimated cash resources must consider the annual cash flow requirements of major

projects that receive appropriations expected to cross multiple biennia. ~~((To effectively monitor toxic accounts expenditures, the department shall develop a comprehensive ten-year financing report that identifies long-term remedial action project costs, tracks expenses, and projects future needs.~~

~~(4) By November 1, 2016, the department must submit to the governor and the appropriate legislative committees a report on the status of developing model remedies and their use under this chapter. The report must include: The number and types of model remedies identified by the department under subsection (1)(k) of this section; the number and types of model remedy proposals prepared by qualified private sector engineers, consultants, or contractors that were accepted or rejected under subsection (1)(k) of this section and the reasons for rejection; and the success of model remedies in accelerating the cleanup as measured by the number of jobs created by the cleanup, where this information is available to the department, acres of land restored, and the number and types of hazardous waste sites successfully remediated using model remedies.~~

~~(5))~~ (4) Before September 20th of each even-numbered year, the department ~~((shall))~~ must:

(a) Develop a comprehensive ten-year financing report in coordination with all local governments with clean-up responsibilities that identifies the projected biennial hazardous waste site remedial action needs that are eligible for funding from the ~~((state and local toxics control account and the environmental legacy stewardship account))~~ model toxics control capital account;

(b) Work with local governments to develop working capital reserves to be incorporated in the ten-year financing report;

(c) Identify the projected remedial action needs for orphaned, abandoned, and other clean-up sites that are eligible for funding from the ~~((state toxics control account))~~ model toxics control capital account;

(d) Project the remedial action need, cost, revenue, and any recommended working capital reserve estimate to the next biennium's long-term remedial action needs from ~~((both the local and state toxics control account and the environmental legacy stewardship account))~~ model toxics control capital account, and submit this information to the appropriate standing fiscal and environmental committees of the senate and house of representatives. This submittal must also include a ranked list of such remedial action projects for ~~((both))~~ the model toxics control capital account(s). The submittal must also identify separate budget estimates for large, multibiennia clean-up projects that exceed ten million dollars. The department ~~((shall))~~ must prepare its ten-year capital budget plan that is submitted to the office of financial management to reflect the separate budget estimates for these large clean-up projects and include information on the anticipated private and public funding obligations for completion of the relevant projects.

~~((6))~~ (5) By December 1st of each odd-numbered year, the department must provide the legislature and the public a report of the department's activities supported by

appropriations from the ~~((state and local toxics control accounts and the environmental legacy stewardship))~~ model toxics control operating, capital, and stormwater accounts. The report must be prepared and displayed in a manner that allows the legislature and the public to easily determine the statewide and local progress made in cleaning up hazardous waste sites under this chapter. The report must include, at a minimum:

(a) The name, location, hazardous waste ranking, and a short description of each site on the hazardous sites list, and the date the site was placed on the hazardous waste sites list; and

(b) For sites where there are state contracts, grants, loans, or direct investments by the state:

(i) The amount of money from the ~~((state and local toxics control accounts and the environmental legacy stewardship account))~~ model toxics control capital account used to conduct remedial actions at the site and the amount of that money recovered from potentially liable persons;

(ii) The actual or estimated start and end dates and the actual or estimated expenditures of funds authorized under this chapter for the following project phases:

(A) Emergency or interim actions, if needed;

(B) Remedial investigation;

(C) Feasibility study and selection of a remedy;

(D) Engineering design and construction of the selected remedy;

(E) Operation and maintenance or monitoring of the constructed remedy; and

(F) The final completion date.

~~((7))~~ (6) The department ~~((shall))~~ must establish a program to identify potential hazardous waste sites and to encourage persons to provide information about hazardous waste sites.

~~((8))~~ (7) For all facilities where an environmental covenant has been required under subsection (1)(f) of this section, including all facilities where the department has required an environmental covenant under an order, agreed order, or consent decree, or as a condition of a written opinion issued under the authority of subsection (1)(i) of this section, the department ~~((shall))~~ must periodically review the environmental covenant for effectiveness. ~~((Except as otherwise provided in (e) of this subsection,))~~ The department ~~((shall))~~ must conduct a review at least once every five years after an environmental covenant is recorded.

(a) The review ~~((shall))~~ must consist of, at a minimum:

(i) A review of the title of the real property subject to the environmental covenant to determine whether the environmental covenant was properly recorded and, if applicable, amended or terminated;

(ii) A physical inspection of the real property subject to the environmental covenant to determine compliance with

the environmental covenant, including whether any development or redevelopment of the real property has violated the terms of the environmental covenant; and

(iii) A review of the effectiveness of the environmental covenant in limiting or prohibiting activities that may interfere with the integrity of the remedial action or that may result in exposure to or migration of hazardous substances. This ~~((shall))~~ must include a review of available monitoring data.

(b) If an environmental covenant has been amended or terminated without proper authority, or if the terms of an environmental covenant have been violated, or if the environmental covenant is no longer effective in limiting or prohibiting activities that may interfere with the integrity of the remedial action or that may result in exposure to or migration of hazardous substances, then the department ~~((shall))~~ must take any and all appropriate actions necessary to ensure compliance with the environmental covenant and the policies and requirements of this chapter.

~~((c)) For facilities where an environmental covenant required by the department under subsection (1)(f) of this section was required before July 1, 2007, the department shall:~~

~~(i) Enter all required information about the environmental covenant into the registry established under RCW 64.70.120 by June 30, 2008;~~

~~(ii) For those facilities where more than five years has elapsed since the environmental covenant was required and the department has yet to conduct a review, conduct an initial review according to the following schedule:~~

~~(A) By December 30, 2008, fifty facilities;~~

~~(B) By June 30, 2009, fifty additional facilities; and~~

~~(C) By June 30, 2010, the remainder of the facilities;~~

~~(iii) Once this initial review has been completed, conduct subsequent reviews at least once every five years.))~~

**Sec. 402.** RCW 70.105D.050 and 2013 2nd sp.s. c 1 s 8 are each amended to read as follows:

(1) With respect to any release, or threatened release, for which the department does not conduct or contract for conducting remedial action and for which the department believes remedial action is in the public interest, the director ~~((shall))~~ must issue orders or agreed orders requiring potentially liable persons to provide the remedial action. Any liable person, or prospective purchaser who has entered into an agreed order under RCW 70.105D.040(6), who refuses, without sufficient cause, to comply with an order or agreed order of the director is liable in an action brought by the attorney general for:

(a) Up to three times the amount of any costs incurred by the state as a result of the party's refusal to comply; and

(b) A civil penalty of up to twenty-five thousand dollars for each day the party refuses to comply.

The treble damages and civil penalty under this subsection apply to all recovery actions filed on or after March 1, 1989.

(2) Any person who incurs costs complying with an order issued under subsection (1) of this section may petition the department for reimbursement of those costs. If the department refuses to grant reimbursement, the person may within thirty days thereafter file suit and recover costs by proving that he or she was not a liable person under RCW 70.105D.040 and that the costs incurred were reasonable.

(3) The attorney general ~~((shall))~~ must seek, by filing an action if necessary, to recover the amounts spent by the department for investigative and remedial actions and orders, and agreed orders, including amounts spent prior to March 1, 1989.

(4) The attorney general may bring an action to secure such relief as is necessary to protect human health and the environment under this chapter.

(5)(a) Any person may commence a civil action to compel the department to perform any nondiscretionary duty under this chapter. At least thirty days before commencing the action, the person must give notice of intent to sue, unless a substantial endangerment exists. The court may award attorneys' fees and other costs to the prevailing party in the action.

(b) Civil actions under this section and RCW 70.105D.060 may be brought in the superior court of Thurston county or of the county in which the release or threatened release exists.

(6) Any person who fails to provide notification of releases consistent with RCW 70.105D.110 or who submits false information is liable in an action brought by the attorney general for a civil penalty of up to five thousand dollars per day for each day the party refuses to comply.

(7) Any person who owns real property or lender holding a mortgage on real property that is subject to a lien filed under RCW 70.105D.055 may petition the department to have the lien removed or the amount of the lien reduced. If, after consideration of the petition and the information supporting the petition, the department decides to deny the request, the person may, within ninety days after receipt of the department's denial, file suit for removal or reduction of the lien. The person is entitled to removal of a lien filed under RCW 70.105D.055(2)(a) if they can prove by a preponderance of the evidence that the person is not a liable party under RCW 70.105D.040. The person is entitled to a reduction of the amount of the lien if they can prove by a preponderance of the evidence:

(a) For liens filed under RCW 70.105D.055(2)(a), the amount of the lien exceeds the remedial action costs the department incurred related to cleanup of the real property; and

(b) For liens filed under RCW 70.105D.055(2)(c), the amount of the lien exceeds the remedial action costs the department incurred related to cleanup of the real property or exceeds the increase of the fair market value of the real property solely attributable to the remedial action conducted by the department.

(8) The expenditure of moneys under the ~~((state and local toxics control))~~ model toxics control operating, capital, and stormwater accounts created in ~~((RCW 70.105D.170 [70.105D.070] and the environmental legacy stewardship account created in RCW 70.105D.170))~~ sections 202 through 204 of this act does not alter the liability of any person under this chapter, or the authority of the department under this chapter, including the authority to recover those moneys.

**Sec. 403.** RCW 70.75A.060 and 2018 c 286 s 7 are each amended to read as follows:

A manufacturer of class B firefighting foam in violation of RCW 70.75A.020 or 70.75A.040 or a person in violation of RCW 70.75A.010 or 70.75A.030 is subject to a civil penalty not to exceed five thousand dollars for each violation in the case of a first offense. (b) The department may request a certificate of compliance from a manufacturer. A certificate of compliance attests that a manufacturer's product or products meets the requirements of this chapter.

(c) The department may issue a warning letter to a manufacturer that produces, sells, or distributes prohibited products in violation of this chapter. The department ~~((shall))~~ must offer information or other appropriate assistance to the manufacturer in complying with this chapter. **Sec. 407.** RCW 70.240.050 and 2016 c 176 s 4 are each amended to read as follows:

(1) A manufacturer of products that are restricted under this chapter must notify persons that sell the manufacturer's products in this state about the provisions of this chapter no less than ninety days prior to the effective date of the restrictions.

**Sec. 408.** RCW 70.270.050 and 2009 c 243 s 5 are each amended to read as follows:

(1) An initial violation of RCW 70.270.030(1) is punishable by a civil penalty not to exceed five hundred dollars. Subsequent violations of RCW 70.270.030(1) are punishable by civil penalties not to exceed one thousand dollars for each violation.

(2) Penalties collected under this section must be deposited in the ((state)) model toxics control operating account created in ((RCW 70.105D.070)) section 202 of this act.

**Sec. 409.** RCW 70.285.090 and 2010 c 147 s 9 are each amended to read as follows:

(1) The department ((shall)) must enforce this chapter. The department may periodically purchase and test brake friction material sold or offered for sale in Washington state to verify that the material complies with this chapter.

(2) Enforcement of this chapter by the department must rely on notification and information exchange between the department and manufacturers, distributors, and retailers. The department ((shall)) must issue one warning letter by certified mail to a manufacturer, distributor, or retailer that sells or offers to sell brake friction material in violation of this chapter, and offer information or other appropriate assistance regarding compliance with this chapter. Once a warning letter has been issued to a distributor or retailer for violations under subsections (3) and (5) of this section, the department need not provide warning letters for subsequent violations by that distributor or retailer. For the purposes of subsection (6) of this section, a warning letter serves as notice of the violation. If compliance is not achieved, the department may assess penalties under this section.

(3) A brake friction material distributor or retailer that violates this chapter is subject to a civil penalty not to exceed ten thousand dollars for each violation. Brake friction material distributors or retailers that sell brake friction material that is packaged consistent with RCW 70.285.080(2)(b) are not in violation of this chapter. However, if the department conclusively proves that the brake friction material distributor or retailer was aware that the brake friction material being sold violates RCW 70.285.030 or 70.285.050, the brake friction material distributor or retailer is subject to civil penalties according to this section.

(4) A brake friction material manufacturer that knowingly violates this chapter ((shall)) must recall the brake friction material and reimburse the brake friction distributor, retailer, or any other purchaser for the material and any applicable shipping and handling charges for returning the material. A brake friction material

manufacturer that violates this chapter is subject to a civil penalty not to exceed ten thousand dollars for each violation.

(5) A motor vehicle distributor or retailer that violates this chapter is subject to a civil penalty not to exceed ten thousand dollars for each violation. A motor vehicle distributor or retailer is not in violation of this chapter for selling a vehicle that was previously sold at retail and that contains brake friction material failing to meet the requirements of this chapter. However, if the department conclusively proves that the motor vehicle distributor or retailer installed brake friction material that violates RCW 70.285.030, 70.285.050, or 70.285.080(2)(b) on the vehicle being sold and was aware that the brake friction material violates RCW 70.285.030, 70.285.050, or 70.285.080(2)(b), the motor vehicle distributor or retailer is subject to civil penalties under this section.

(6) A motor vehicle manufacturer that violates this chapter must notify the registered owner of the vehicle within six months of knowledge of the violation and must replace at no cost to the owner the noncompliant brake friction material with brake friction material that complies with this chapter. A motor vehicle manufacturer that fails to provide the required notification to registered owners of the affected vehicles within six months of knowledge of the violation is subject to a civil penalty not to exceed one hundred thousand dollars. A motor vehicle manufacturer that fails to provide the required notification to registered owners of the affected vehicles after twelve months of knowledge of the violation is subject to a civil penalty not to exceed ten thousand dollars per vehicle. For purposes of this section, "motor vehicle manufacturer" does not include a vehicle dealer defined under RCW 46.70.011 and required to be licensed as a vehicle dealer under chapter 46.70 RCW.

(7) Before the effective date of the prohibitions in RCW 70.285.030 or 70.285.050, the department ((shall)) must prepare and distribute information about the prohibitions to manufacturers, distributors, and retailers to the maximum extent practicable.

(8) All penalties collected under this chapter must be deposited in the ((state)) model toxics control operating account created in ((RCW 70.105D.070)) section 202 of this act.

**Sec. 410.** RCW 70.280.050 and 2010 c 140 s 5 are each amended to read as follows:

Expenses to cover the cost of administering this chapter ((shall)) must be paid from the ((state)) model toxics control operating account under ((RCW 70.105D.070)) section 202 of this act.

**Sec. 411.** RCW 70.300.040 and 2011 c 248 s 5 are each amended to read as follows:

(1) The department ((shall)) must enforce the requirements of this chapter.

(2)(a) A person or entity that violates this chapter is subject to a civil penalty. The department may assess and

collect a civil penalty of up to ten thousand dollars per day per violation.

(b) All penalties collected by the department under this chapter must be deposited in the ~~((state)) model~~ toxics control operating account created in ~~((RCW 70.105D.070))~~ section 202 of this act.

(1) The cleanup settlement account is created in the state treasury. The account is not intended to replace the ~~((state))~~ model toxics control capital account established under ~~((RCW 70.105D.070))~~ section 203 of this act. All receipts from the sources identified in subsection (2) of this section must be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only as identified in subsection (4) of this section.

(2) The following receipts must be deposited into the cleanup settlement account:

(a) Receipts from settlements or court orders that direct payment to the account and resolve a person's liability or potential liability under this chapter for either or both of the following:

(i) Conducting future remedial action at a specific facility, if it is not feasible to require the person to conduct the remedial action based on the person's financial insolvency, limited ability to pay, or insignificant contribution under RCW 70.105D.040(4)(a);

(ii) Assessing or addressing the injury to natural resources caused by the release of a hazardous substance from a specific facility; and

(b) Receipts from investment of the moneys in the account.

(3) If a settlement or court order does not direct payment of receipts described in subsection (2)(a) of this section into the cleanup settlement account, then the receipts from any payment to the state must be deposited into the ~~((state))~~ model toxics control capital account.

(4) Expenditures from the cleanup settlement account may only be used to conduct remedial actions at the specific facility or to assess or address the injury to natural resources caused by the release of hazardous substances from that facility for which the moneys were deposited in the account. Conducting remedial actions or assessing or addressing injury to natural resources includes direct expenditures and indirect expenditures such as department oversight costs. During the 2009-2011 fiscal biennium, the legislature may transfer excess fund balances in the account into the state efficiency and restructuring account. Transfers of excess fund balances made under this section ~~((shall))~~ may be made only to the extent amounts transferred with required repayments do not impair the ten-year spending plan administered by the department of ecology for environmental remedial actions dedicated for any designated clean-up site associated with the Everett smelter and Tacoma smelter, including plumes, or former Asarco mine sites. The cleanup settlement account must be repaid with interest under provisions of the state efficiency and restructuring account.

(5) The department ~~((shall))~~ must track moneys received, interest earned, and moneys expended separately for each facility.

(6) After the department determines that all remedial actions at a specific facility, and all actions assessing or addressing injury to natural resources caused by the release of hazardous substances from that facility, are completed, including payment of all related costs, any moneys remaining for the specific facility must be transferred to the ~~((state))~~ model toxics control capital account established under ~~((RCW 70.105D.070))~~ section 203 of this act.

(7) The department ~~((shall))~~ must provide the office of financial management and the fiscal committees of the legislature with a report by October 31st of each year regarding the activity within the cleanup settlement account during the previous fiscal year.

(b) Moneys voluntarily deposited in the account for a specific redevelopment opportunity zone or a specific brownfield renewal authority; and

(c) Receipts from settlements or court orders that direct payment to the account for a specific redevelopment opportunity zone to resolve a person's liability or potential liability under this chapter.

(3) If a settlement or court order does not direct payment of receipts described in subsection (2)(c) of this section into the brownfield redevelopment trust fund account, then the receipts from any payment to the state must be deposited into the ((state)) model toxics control capital account established under ((RCW 70.105D.070)) section 203 of this act.

(4) Expenditures from the brownfield redevelopment trust fund account may only be used for the purposes of remediation and cleanup at the specific redevelopment opportunity zone or specific brownfield renewal authority for which the moneys were deposited in the account.

(8) All expenditures must be used to conduct remediation and cleanup consistent with a plan for the remediation and cleanup of the properties or facilities approved by the department under this chapter. All expenditures must meet the eligibility requirements for the use by local governments under the rules for remedial action grants adopted by the department under this chapter, including requirements for the expenditure of nonstate match funding.

(9) Beginning October 31, 2015, the department must provide a biennial report to the office of financial management and the legislature regarding the activity for each specific redevelopment opportunity zone or specific brownfield renewal authority for which specific legislative appropriation was provided in the previous two fiscal years.

(10) After the department determines that all remedial actions within the redevelopment opportunity zone identified in the plan approved under subsection (8) of this section are completed, including payment of all cost

reasonably attributable to the remedial actions and cleanup, any remaining moneys must be transferred to the ((state)) model toxics control capital account established under ((RCW 70.105D.070)) section 203 of this act.

(11) If the department determines that substantial progress has not been made on the plan approved under subsection (8) of this section for a redevelopment opportunity zone or specific brownfield renewal authority for which moneys were deposited in the account within six years, or that the brownfield renewal authority is no longer a viable entity, then all remaining moneys must be transferred to the ((state)) model toxics control operating account established under ((RCW 70.105D.070)) sections 202 of this act.

ESB 6016 Prime Sponsor, Senator Lias: Concerning the taxation of international investment management companies. Reported by Committee on Finance

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** In 1995, the legislature enacted a business and occupation tax rate for persons providing international investment management services. The legislature finds that the original intent of this tax rate was to reduce a competitive disadvantage for a limited number of firms providing international investment management services. The fiscal note for the bill stated that "only a very limited taxpayer group would benefit from the reduced rate." The legislature further finds that as a result of the adoption of economic nexus; a single factor, market-based apportionment methodology; and significant ambiguity in the statute governing the qualifications for the tax rate; a much larger number of businesses are claiming the tax rate than was contemplated in 1995. Therefore, the legislature intends in sections 2 and 3 of this act to clarify the scope of activities and persons eligible for the tax rate to more closely align with the legislature's original intent.

**Sec. 2.** RCW 82.04.290 and 2014 c 97 s 404 are each amended to read as follows:

(1) Upon every person engaging within this state in the business of providing qualifying international investment management services, as to such persons, the amount of tax with respect to such business is equal to the

gross income or gross proceeds of sales of the business multiplied by a rate of 0.275 percent.

(2)(a) Upon every person engaging within this state in any business activity other than or in addition to an activity taxed explicitly under another section in this chapter or subsection (1) or (3) of this section; as to such persons the amount of tax on account of such activities is equal to the gross income of the business multiplied by the rate of 1.5 percent.

(b) This subsection (2) includes, among others, and without limiting the scope hereof (whether or not title to materials used in the performance of such business passes to another by accession, confusion or other than by outright sale), persons engaged in the business of rendering any type of service which does not constitute a "sale at retail" or a "sale at wholesale." The value of advertising, demonstration, and promotional supplies and materials furnished to an agent by his or her principal or supplier to be used for informational, educational, and promotional purposes is not considered a part of the agent's remuneration or commission and is not subject to taxation under this section.

(3)(a) Until July 1, 2040, upon every person engaging within this state in the business of performing aerospace product development for others, as to such persons, the amount of tax with respect to such business is equal to the gross income of the business multiplied by a rate of 0.9 percent.

(b) A person reporting under the tax rate provided in this subsection (3) must file a complete annual report with the department under RCW 82.32.534.

(c) "Aerospace product development" has the meaning as provided in RCW 82.04.4461.

~~((b))~~ (ii) An "investment company," as that term is used in section 3(a) of the investment company act of 1940, as well as any entity that would be an investment company for this purpose but for the exemptions contained in section 3(c) (1) or (11);

~~((e))~~ (iii) An "employee benefit plan," which includes any plan, trust, commingled employee benefit trust, or custodial arrangement that is subject to the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq., or that is described in sections 125, 401, 403, 408, 457, and 501(c)(9) and (17) through (23) of the internal revenue code of 1986, as amended, or a similar plan maintained by a state or local government, or a plan, trust, or custodial arrangement established to self-insure benefits required by federal, state, or local law;

~~((d))~~ (iv) A fund maintained by a tax-exempt organization, as defined in section 501(c)(3) of the internal revenue code of 1986, as amended, for operating, quasi-endowment, or endowment purposes;

~~((e))~~ (v) Funds that are established for the benefit of such tax-exempt organizations, such as charitable remainder trusts, charitable lead trusts, charitable annuity trusts, or other similar trusts; or

~~((f))~~ (vi) Collective investment funds similar to those described in ~~((a))~~ (c)(i) through ~~((e))~~ (v) of this subsection (3) created under the laws of a foreign jurisdiction.

(d) "Investment management services" means managing the collective assets of a collective investment fund by engaging, either directly or indirectly through such person's affiliated group, in all of the following activities: (i) Portfolio management; (ii) fund administration; (iii) fund distribution; and (iv) transfer agent services.

(4) Investments are located outside the United States if the underlying assets in which the investment constitutes a beneficial interest reside or are created, issued or held outside the United States.

(5) If a person engaged in the business of providing international investment management services no longer meets the Washington state employment eligibility requirements under subsection (1)(c) of this section, then an amount equal to the entire economic benefit accruing to the person in the current and immediately prior nine consecutive calendar years, or the consecutive years since the effective date of this act, whichever is less, as a result of the preferential tax rate under RCW 82.04.290(1) is immediately due and payable.

(6) The department must assess interest, but not penalties, on the amounts due under this section. The interest must be assessed at the rate provided for delinquent excise taxes under chapter 82.32 RCW and accrue until the taxes for which a tax preference has been used are repaid.

**NEW SECTION. Sec. 4.** (1) The legislature finds that a strong financial cluster is critical to the economic health of Washington state. The legislature further finds that anchor institutions are key to growing a strong financial

cluster, including international investment management firms. Therefore, the legislature finds that maintaining a competitive tax policy in Washington state enables the state to maintain its anchor investment management firms.

(2) The legislature finds that standard financial information has not historically been subject to sales tax. In 2007 the legislature clarified that sales tax does not apply to electronically delivered standard financial information purchased by investment management companies or financial institutions. In 2013, the legislature provided clarification by passing a sales and use tax exemption for standard financial information purchased by investment management companies.

(3) The legislature further finds that taxation of such standard financial information would be uncompetitive and inconsistent with the fundamental structure of sales tax as a tax on retail transactions. Therefore, it is the legislature's intent to conform with a previously determined policy objective of exempting certain standard financial information purchased by investment management companies from sales and use tax in order to improve industry competitiveness.

**NEW SECTION. Sec. 5.** (1) This section is the tax preference performance statement for the tax preferences contained in sections 6 and 7, chapter . . . , Laws of 2019 (sections 6 and 7 of this act). This performance statement is only intended to be used for subsequent evaluation of the tax preferences. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(2) The legislature categorizes these tax preferences as ones intended to improve industry competitiveness, as indicated in RCW 82.32.808(2)(b) and to reduce structural inefficiencies in the tax structure as indicated in RCW 82.32.808(2)(d).

(3) It is the legislature's specific public policy objective to maintain a viable financial cluster. It is the legislature's intent to exempt sales and use taxes on sales of standard financial information to qualifying international investment management companies, in order to maintain the presence of at least one international investment management services firm headquartered in Washington state with at least two hundred billion dollars of assets under management.

(4) If a review finds that there is at least one international investment management services firm with at least two hundred billion dollars of assets under management headquartered in Washington state, then the legislature intends to extend the expiration date of the tax preferences.

**Sec. 6.** RCW 82.08.207 and 2013 2nd sp.s. c 13 s 702 are each amended to read as follows:

(1) The tax imposed by RCW 82.08.020 does not apply to sales of standard financial information to qualifying international investment management companies or persons affiliated with a qualifying international investment

management company. The exemption provided in this section applies regardless of whether the standard financial information is provided to the buyer in a tangible format or on a tangible storage medium or as a digital product transferred electronically.

(2) Sellers making tax-exempt sales under this section must obtain an exemption certificate from the buyer in a form and manner prescribed by the department. The seller must retain a copy of the exemption certificate for the seller's files. In lieu of an exemption certificate, a seller may capture the relevant data elements as allowed under the streamlined sales and use tax agreement. For sellers who electronically file their taxes, the department must provide a separate tax reporting line for exemption amounts claimed under this section.

(3) A buyer may not continue to claim the exemption under this section once the buyer has purchased standard financial information during the current calendar year with an aggregate total selling price in excess of fifteen million dollars and an exemption has been claimed under this section or RCW 82.12.207 for such standard financial information. The fifteen million dollar limitation under this subsection does not apply to any other exemption under this chapter that applies to standard financial information. Sellers are not responsible for ensuring a buyer's compliance with the fifteen million dollar limitation under this subsection. Sellers may not be assessed for uncollected sales tax on a sale to a buyer claiming an exemption under this section after having exceeded the fifteen million dollar limitation under this subsection, except as provided in RCW 82.08.050 (4) and (5).

(4) The definitions in this subsection and RCW 82.04.293 apply throughout this section unless the context clearly requires otherwise.

(a)((~~+~~)) "Qualifying international investment management company" means a person(~~(~~

~~(A) Who is primarily engaged in the business of providing investment management services; and~~

~~(B) Who has gross income that is at least ten percent derived from providing investment management services to:~~

~~(I) Persons or collective investment funds residing outside the United States; or~~

~~(II) Collective investment funds with at least ten percent of their investments located outside the United States.~~

~~(ii) The definitions in RCW 82.04.293 apply to this subsection (4)(a))~~ who is eligible for the tax rate in RCW 82.04.290(1).

(b)(i) "Standard financial information" means financial data, facts, or information, or financial information services, not generated, compiled, or developed only for a single customer. Standard financial information includes, but is not limited to, financial market data, bond ratings, credit ratings, and deposit, loan, or mortgage reports.

(ii) For purposes of this subsection (4)(b), "financial market data" means market pricing information, such as for

securities, commodities, and derivatives; corporate actions for publicly and privately traded companies, such as dividend schedules and reorganizations; corporate attributes, such as domicile, currencies used, and exchanges where shares are traded; and currency information.

(5) This section expires July 1, (~~2021~~) 2031.

**Sec. 7.** RCW 82.12.207 and 2013 2nd sp.s. c 13 s 703 are each amended to read as follows:

(1) The tax imposed by RCW 82.12.020 does not apply to the use of standard financial information by qualifying international investment management companies or persons affiliated, as defined in RCW 82.04.293, with a qualifying international investment management company. The exemption provided in this section applies regardless of whether the standard financial information is in a tangible format or resides on a tangible storage medium or is a digital product transferred electronically to the qualifying international investment management company.

(2) The definitions, conditions, and requirements in RCW 82.08.207 apply to this section.

(3) This section expires July 1, (~~2021~~) 2031.

**NEW SECTION. Sec. 8.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

**NEW SECTION. Sec. 9.** The provisions of RCW 82.32.805 and 82.32.808 do not apply to sections 2 and 3 of this act.

**NEW SECTION. Sec. 10.** Sections 2 and 3 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect July 1, 2019."

Representative Orcutt moved the adoption of amendment (869):

Beginning on page 1, line 10, strike all of section 101 and insert the following:

"**Sec. 101.** RCW 82.08.0273 and 2014 c 140 s 17 are each amended to read as follows:

(1) The tax levied by RCW 82.08.020 does not apply to sales to nonresidents of this state of tangible personal property, digital goods, and digital codes (~~(-when)~~). The exemption only applies if:

(a) The property is for use outside this state;

(b) The purchaser is a bona fide resident of a province or territory of Canada or a state, territory, or possession of the United States, other than the state of Washington; and

(i) Such state, possession, territory, or province does not impose, or have imposed on its behalf, a generally applicable retail sales tax, use tax, value added tax, gross receipts tax on retailing activities, or similar generally applicable tax, of three percent or more; or

(ii) If imposing a tax described in (b)(i) of this subsection, provides an exemption for sales to Washington residents by reason of their residence; and

(c) The purchaser agrees, when requested, to grant the department of revenue access to such records and other forms of verification at his or her place of residence to assure that such purchases are not first used substantially in the state of Washington.

(2) Notwithstanding anything to the contrary in this chapter, if parts or other tangible personal property are installed by the seller during the course of repairing, cleaning, altering, or improving motor vehicles, trailers, or campers and the seller makes a separate charge for the tangible personal property, the tax levied by RCW 82.08.020 does not apply to the separately stated charge to a nonresident purchaser for the tangible personal property but only if the separately stated charge does not exceed either the seller's current publicly stated retail price for the tangible personal property or, if no publicly stated retail price is available, the seller's cost for the tangible personal property. However, the exemption provided by this section does not apply if tangible personal property is installed by the seller

during the course of repairing, cleaning, altering, or improving motor vehicles, trailers, or campers and the seller makes a single nonitemized charge for providing the tangible personal property and service. All of the requirements in subsections (1) and (3) through ~~((6))~~ (7) of this section apply to this subsection.

(3)(a) Any person claiming exemption from retail sales tax under the provisions of this section must display proof of his or her current nonresident status as provided in this section.

(b) Acceptable proof of a nonresident person's status includes one piece of identification such as a valid driver's license from the jurisdiction in which the out-of-state residency is claimed or a valid identification card which has a photograph of the holder and is issued by the out-of-state jurisdiction. Identification under this subsection (3)(b) must show the holder's residential address and have as one of its legal purposes the establishment of residency in that out-of-state jurisdiction.

(c) In lieu of furnishing proof of a person's nonresident status under (b) of this subsection (3), a person claiming exemption from retail sales tax under the provisions of this section may provide ~~((the seller with))~~ an exemption certificate in compliance with subsection ~~((4)(b))~~ (5)(c) of this section.

(4)(a) For purchases made in any of the four largest counties west of the Cascades that do not share a border with a state that does not impose a retail sales tax, any person claiming exemption from retail sales tax under the provisions of this section must pay the state and local sales tax to the seller at the time of purchase and then request a remittance from the department in accordance with this subsection and subsection (5) of this section. A request for remittance must include proof of the person's status as a nonresident at the time of the purchase for which the remittance was requested. The request for the remittance must also include any additional information and documentation as required by the department, which may include a description of the item purchases for which a remittance is requested, the sales price of the item, the amount of sales tax paid on the item, the date of purchase, the name of the seller and the physical address where the sale took place, and copies of sales receipts showing the qualified purchase.

(b)(i) Beginning January 1, 2020, through December 31, 2020, a person may request a remittance from the department for state sales taxes paid by the person on qualified retail purchases made in Washington between July 1, 2019, and December 31, 2019.

(ii) Beginning January 1, 2021, a person may request a remittance from the department during any calendar year for state sales taxes paid by the person on qualified retail purchases made in Washington during the immediately preceding calendar year only. No application may be made with respect to purchases made before the immediately preceding calendar year.

(c) The remittance request, including proof of nonresident status and any other documentation and

information required by the department, must be provided in a form and manner as prescribed by the department. Only one remittance request may be made by a person per calendar year.

(d) The total amount of a remittance request must be at least twenty-five dollars. The department must deny any request for a remittance that is less than twenty-five dollars.

(e) The department will examine the applicant's proof of nonresident status and any other documentation and information as required in the application to determine whether the applicant is entitled to a remittance under this section.

(5)(a) For purchases in any county except the four largest counties west of the Cascades that do not share a border with a state that does not impose a retail sales tax, a person claiming the exemption from retail sales under the provisions of this section must provide proof of his or her nonresident status as provided in this section at the time of purchase.

(b) Nothing in this section requires the vendor to make tax exempt retail sales to nonresidents. A vendor may choose to make sales to nonresidents, collect the sales tax, and remit the amount of sales tax collected to the state as otherwise provided by law. If the vendor chooses to make a sale to a nonresident without collecting the sales tax, the vendor must examine the purchaser's proof of nonresidence, determine whether the proof is acceptable under subsection (3)(b) of this section, and maintain records for each nontaxable sale which must show the type of proof accepted, including any identification numbers where appropriate, and the expiration date, if any.

~~((b))~~ (c) In lieu of using the method provided in ~~((a))~~ (b) of this subsection to document an exempt sale to a nonresident, a seller may accept from the purchaser a properly completed uniform exemption certificate approved by the streamlined sales and use tax agreement governing board or any other exemption certificate as may be authorized by the department and properly completed by the purchaser. A nonresident purchaser who uses an exemption certificate authorized in this subsection ~~((4)(b))~~ (5)(c) must include the purchaser's driver's license number or other state-issued identification number and the state of issuance.

~~((e))~~ (d) In lieu of using the methods provided in ~~((a) and)~~ (b) and (c) of this subsection to document an exempt sale to a nonresident, a seller may capture the relevant data elements as allowed under the streamlined sales and use tax agreement.

~~((5))~~ (6)(a) Any person making fraudulent statements, which includes the offer of fraudulent identification or fraudulently procured identification to a vendor, in order to purchase goods without paying retail sales tax is guilty of perjury under chapter 9A.72 RCW.

(b) Any person making tax exempt purchases under this section by displaying proof of identification not his or her own, or counterfeit identification, with intent to violate the provisions of this section, is guilty of a misdemeanor and, in addition, is liable for the tax and subject to a penalty equal

to the greater of one hundred dollars or the tax due on such purchases.

~~((6))~~ (7)(a) Any vendor who makes sales without collecting the tax and who fails to maintain records of sales to nonresidents as provided in this section is personally liable for the amount of tax due.

(b) Any vendor who makes sales without collecting the retail sales tax under this section and who has actual knowledge that the purchaser's proof of identification establishing out-of-state residency is fraudulent is guilty of a misdemeanor and, in addition, is liable for the tax and subject to a penalty equal to the greater of one thousand dollars or the tax due on such sales. In addition, both the purchaser and the vendor are liable for any penalties and interest assessable under chapter 82.32 RCW.

~~((7))~~ (8) The exemption in this section does not apply to sales of marijuana, useable marijuana, or marijuana-infused products."

On page 6, after line 16, insert the following:

"NEW SECTION. Sec. 102. A new section is added to chapter 82.08 RCW to read as follows:

(1) The border community mitigation account is created in the state treasury.

(2) Expenditures from the account may be used only for the support of border communities impacted by the imposition of the remittance program created in RCW 82.08.0273.

(a) Transfers pursuant to section 103 of this act must be used for grants to border community local taxing districts.

(b) Other moneys deposited into the account may be used for border community retail business compliance grants.

NEW SECTION. Sec. 103. A new section is added to chapter 82.08 RCW to read as follows:

(1) In order to mitigate the local sales tax revenue net losses as the result of the remittance program created in RCW 82.08.0273, the state treasurer must transfer, on January 1, 2020, and each January 1st thereafter, into the border county mitigation account from the general fund, the sum required to mitigate actual net losses as determined under this section.

(2) Beginning January 1, 2020, and continuing until the department determines annual losses have ceased, the department must determine the amount of local sales tax net loss each border community local taxing district experiences as a result of the change of the nonresident sales tax exemption into a remittance program each calendar quarter. The department must determine losses by analyzing and comparing data from tax return information and tax collections for each border community local taxing district before and after July 1, 2019. Beginning June 30, 2020, distributions must be made quarterly from the border community mitigation account by the state treasurer, as determined by the department, to each border community local taxing district receiving a grant in an amount representing its net losses for the previous calendar quarter. Distributions must be made on the last working day of the quarter.

(3) Beginning January 1, 2020, applications may be made quarterly to the border community mitigation account by border community taxing districts and border community businesses.

(a) A border community local taxing district may apply for a grant in an amount up to their net sales tax loss for the previous quarter as the result of the nonresident sales tax exemption remittance program. Applications must be submitted in the time and manner established by the department.

(b) The border community retail business compliance grant program is established and must be administered by the department.

(i) A border community retail business may apply for compliance cost reimbursement that results from the change of the nonresident sales tax exemption to a remittance. This includes costs associated with providing necessary documentation for a nonresident remittance application, remittance application assistance, and educational materials.

(ii) The department must develop criteria and application requirements for the border community retail business compliance grant program.

(4) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Border community local taxing district" means a local taxing district located in a county that shares a border with a state that does not impose a state retail sales and use tax.

(b) "Border community retail business" means a retail business open to the general public and located in a

county that shares a border with a state that does not impose a state sales tax.

**NEW SECTION. Sec. 104.** The sum of one million dollars, or as much thereof as may be necessary, is appropriated for the fiscal biennium ending June 30, 2021, from the general fund to the border community mitigation account created in section 102 of this act for the purposes of funding border community compliance grants."

chapter, less the county's share of the proceeds used to defray the county's costs of collection allowable in (a) of this subsection.

During this period, the county treasurer ~~((shall))~~ must remit this fee to the state treasurer at the same time the county treasurer remits funds to the state under subsection (1) of this section. The state treasurer ~~((shall))~~ must place money from this fee in the annual property revaluation grant account created in RCW 84.41.170.

(5)(a) The real estate and property tax administration assistance account is created in the custody of the state treasurer. An appropriation is not required for expenditures and the account is not subject to allotment procedures under chapter 43.88 RCW.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 84.36.381 and 2018 c 46 s 2 are each amended to read as follows:

A person is exempt from any legal obligation to pay all or a portion of the amount of excess and regular real property taxes due and payable in the year following the year in which a claim is filed, and thereafter, in accordance with the following:

(1)(a) The property taxes must have been imposed upon a residence which was occupied by the person claiming the exemption as a principal place of residence as of the time of filing. However, any person who sells, transfers, or is displaced from his or her residence may transfer his or her exemption status to a replacement residence, but no claimant may receive an exemption on more than one residence in any year. Moreover, confinement of the person to a hospital, nursing home, assisted living facility, ~~((or))~~ adult family home, or home of a relative for the purpose of long-term care does not disqualify the claim of exemption if:

~~((a))~~ (i) The residence is temporarily unoccupied;

~~((b))~~ (ii) The residence is occupied by a spouse or a domestic partner and/or a person financially dependent on the claimant for support; or

~~((c))~~ (iii) The residence is rented for the purpose of paying nursing home, hospital, assisted living facility, or adult family home costs.

(b) For the purpose of this subsection (1), "relative" means any individual related to the claimant by blood, marriage, or adoption;

(2) The person claiming the exemption must have owned, at the time of filing, in fee, as a life estate, or by contract purchase, the residence on which the property taxes have been imposed or if the person claiming the exemption lives in a cooperative housing association, corporation, or partnership, such person must own a share therein representing the unit or portion of the structure in which he or she resides. For purposes of this subsection, a residence owned by a marital community or state registered domestic partnership or owned by cotenants is deemed to be owned by each spouse or each domestic partner or each cotenant, and any lease for life is deemed a life estate;

(3)(a) The person claiming the exemption must be:

(i) Sixty-one years of age or older on December 31st of the year in which the exemption claim is filed, or must have been, at the time of filing, retired from regular gainful employment by reason of disability; or

(ii) A veteran of the armed forces of the United States entitled to and receiving compensation from the United States department of veterans affairs at ~~((a total disability rating for a service-connected disability))~~;

(A) A combined service-connected evaluation rating of eighty percent or higher; or

(B) A total disability rating for a service-connected disability without regard to evaluation percent.

(b) However, any surviving spouse or surviving domestic partner of a person who was receiving an exemption at the time of the person's death will qualify if the surviving spouse or surviving domestic partner is fifty-seven years of age or older and otherwise meets the requirements of this section;

(4) The amount that the person is exempt from an obligation to pay is calculated on the basis of combined disposable income, as defined in RCW 84.36.383. If the

person claiming the exemption was retired for two months or more of the assessment year, the combined disposable income of such person must be calculated by multiplying the average monthly combined disposable income of such person during the months such person was retired by twelve. If the income of the person claiming exemption is reduced for two or more months of the assessment year by reason of the death of the person's spouse or the person's domestic partner, or when other substantial changes occur in disposable income that are likely to continue for an indefinite period of time, the combined disposable income of such person must be calculated by multiplying the average monthly combined disposable income of such person after such occurrences by twelve. If it is necessary to estimate income to comply with this subsection, the assessor may require confirming documentation of such income prior to May 31 of the year following application;

(5)(a) A person who otherwise qualifies under this section and has a combined disposable income (~~of forty thousand dollars or less~~) equal or less than income threshold 3 is exempt from all excess property taxes, the additional state property tax imposed under RCW 84.52.065(2), and the portion of the regular property taxes authorized pursuant to RCW 84.55.050 and approved by the voters, if the legislative authority of the county or city imposing the additional regular property taxes identified this exemption in the ordinance placing the RCW 84.55.050 measure on the ballot; and

(b)(i) A person who otherwise qualifies under this section and has a combined disposable income (~~of thirty-five thousand dollars or less but greater than thirty thousand dollars~~) equal to or less than income threshold 2 but greater than income threshold 1 is exempt from all regular property taxes on the greater of fifty thousand dollars or thirty-five percent of the valuation of his or her residence, but not to exceed seventy thousand dollars of the valuation of his or her residence; or

(ii) A person who otherwise qualifies under this section and has a combined disposable income (~~of thirty thousand dollars or less~~) equal to or less than income threshold 1 is exempt from all regular property taxes on the greater of sixty thousand dollars or sixty percent of the valuation of his or her residence;

(6)(a) For a person who otherwise qualifies under this section and has a combined disposable income (~~of forty thousand dollars or less~~) equal or less than income threshold 3, the valuation of the residence is the assessed value of the residence on the later of January 1, 1995, or January 1st of the assessment year the person first qualifies under this section. If the person subsequently fails to qualify under this section only for one year because of high income, this same valuation must be used upon requalification. If the person fails to qualify for more than one year in succession because of high income or fails to qualify for any other reason, the valuation upon requalification is the assessed value on January 1st of the assessment year in which the person requalifies. If the person transfers the exemption under this section to a different residence, the valuation of the different residence is the assessed value of the different residence on

January 1st of the assessment year in which the person transfers the exemption.

(b) In no event may the valuation under this subsection be greater than the true and fair value of the residence on January 1st of the assessment year.

(c) This subsection does not apply to subsequent improvements to the property in the year in which the improvements are made. Subsequent improvements to the property must be added to the value otherwise determined under this subsection at their true and fair value in the year in which they are made.

Renewal applications must be on forms prescribed and furnished by the department of revenue.

(4) At least once every six years, the county assessor must notify those persons receiving an exemption from taxes under RCW 84.36.381 of the requirement to file a renewal application. In no case may the adjustment be greater than one percent. The adjusted threshold must be rounded to the nearest one dollar. If the income threshold adjustment is negative, the income threshold for the prior year continues to apply.

(6) "Local government" means any city, town, county, water-sewer district, public utility district, port district, irrigation district, flood control district, or any other municipal corporation, quasi-municipal corporation, or other political subdivision authorized to levy special assessments.

~~((5))~~ (7) "Real property taxes" means ad valorem property taxes levied on a residence in this state in the preceding calendar year.

~~((6))~~ (8) "Residence" has the meaning given in RCW 84.36.383.

~~((7))~~ (9) "Special assessment" means the charge or obligation imposed by a local government upon property specially benefited.

**Sec. 5.** RCW 84.38.030 and 2015 3rd sp.s. c 30 s 3 and 2015 c 86 s 313 are each reenacted and amended to read as follows:

A claimant may defer payment of special assessments and/or real property taxes on up to eighty percent of the amount of the claimant's equity value in the claimant's residence if the following conditions are met:

(1) The claimant must meet all requirements for an exemption for the residence under RCW 84.36.381, other than the age and income limits under RCW 84.36.381.

(2) The claimant must be sixty years of age or older on December 31st of the year in which the deferral claim is filed, or must have been, at the time of filing, retired from regular gainful employment by reason of disability as defined in RCW 84.36.383. However, any surviving spouse ~~((or))~~<sub>2</sub> surviving domestic partner, heir, or devisee of a person who was receiving a deferral at the time of the person's death qualifies if the surviving spouse ~~((or))~~<sub>2</sub> surviving domestic partner, heir, or devisee is fifty-seven years of age or older and otherwise meets the requirements of this section.

(3) The claimant must have a combined disposable income, as defined in RCW 84.36.383, ~~((of forty five thousand dollars or less))~~ equal to or less than the income threshold.

(4) The claimant must have owned, at the time of filing, the residence on which the special assessment and/or real property taxes have been imposed. For purposes of this subsection, a residence owned by a marital community, owned by domestic partners, or owned by cotenants is deemed to be owned by each spouse, each domestic partner, or each cotenant. A claimant who has only a share ownership in cooperative housing, a life estate, a lease for life, or a revocable trust does not satisfy the ownership requirement.

(5) The claimant must have and keep in force fire and casualty insurance in sufficient amount to protect the interest of the state in the claimant's equity value. However, if the claimant fails to keep fire and casualty insurance in force to the extent of the state's interest in the claimant's equity value, the amount deferred may not exceed one hundred percent of the claimant's equity value in the land or lot only.

(6) In the case of special assessment deferral, the claimant must have opted for payment of such special assessments on the installment method if such method was available.

**Sec. 6.** RCW 84.38.070 and 2008 c 6 s 703 are each amended to read as follows:

If the claimant declaring his or her intention to defer special assessments or real property tax obligations under this chapter ceases to reside permanently on the property for which the declaration to defer is made between the date of filing the declaration and December 15th of that year, the deferral otherwise allowable under this chapter ~~((shall))~~ is not ~~((be))~~ allowed on such tax roll. However, this section ~~((shall))~~ does not apply where the claimant dies, leaving a

spouse ~~((or))~~<sub>2</sub> domestic partner, heir, or devisee surviving, who is also eligible for deferral of special assessment and/or property taxes.

**Sec. 7.** RCW 84.38.130 and 2008 c 6 s 704 are each amended to read as follows:

Special assessments and/or real property tax obligations deferred under this chapter ~~((shall))~~ become payable together with interest as provided in RCW 84.38.100:

(1) Upon the sale of property which has a deferred special assessment and/or real property tax lien upon it.

(2) Upon the death of the claimant with an outstanding deferred special assessment and/or real property tax lien except a surviving spouse ~~((or))~~<sub>2</sub> surviving domestic partner, heir, or devisee who is qualified under this chapter may elect to incur the special assessment and/or real property tax lien, which ~~((shall))~~ is then ~~((be))~~ payable by that spouse ~~((or that))~~<sub>2</sub> domestic partner, heir, or devisee as provided in this section.

(3) Upon the condemnation of property with a deferred special assessment and/or real property tax lien upon it by a public or private body exercising eminent domain power, except as otherwise provided in RCW 84.60.070.

(4) At such time as the claimant ceases to reside permanently in the residence upon which the deferral has been granted.

(5) Upon the failure of any condition set forth in RCW 84.38.030.

**Sec. 8.** RCW 84.38.150 and 2008 c 6 s 705 are each amended to read as follows:

(1) A surviving spouse ~~((or))~~<sub>2</sub> surviving domestic partner, heir, or devisee of the claimant may elect to continue the property in its deferred tax status if the property is the residence of the spouse ~~((or))~~<sub>2</sub> domestic partner, heir, or devisee of the claimant and the spouse ~~((or))~~<sub>2</sub> domestic partner, heir, or devisee meets the requirements of this chapter.

(2) The election under this section to continue the property in its deferred status by the spouse ~~((or))~~<sub>2</sub> the domestic partner, heir, or devisee of the claimant ~~((shall))~~ must be filed in the same manner as an original claim for deferral is filed under this chapter ~~((, not later than ninety days from the date of the claimant's death))~~. Thereupon, the property with respect to which the deferral of special assessments and/or real property taxes is claimed ~~((shall))~~ must continue to be treated as deferred property. When the property has been continued in its deferred status by the filing of the spouse ~~((or))~~<sub>2</sub> the domestic partner, heir, or devisee of the claimant of an election under this section, the spouse ~~((or))~~<sub>2</sub> the domestic partner, heir, or devisee of the claimant may continue the property in its deferred status in subsequent years by filing a claim under this chapter so long

as the spouse (~~or the~~), domestic partner, heir, or devisee meets the qualifications set out in this section.

The bill was read the second time.

Representative Pellicciotti moved the adoption of the striking amendment (923):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that counties that border other states and Canada experience a significant problem of residents of Washington state who evade taxes and fees by failing to register their vehicles, aircraft, and vessels in Washington state. According to a 2007 Washington State University study, the department of revenue lost eighty million dollars over the previous five years to persons avoiding taxes and fees in this manner. It was also estimated in the study that twenty thousand vehicles

were illegally registered in Oregon to residents of Clark county, Washington. The problem has undoubtedly grown worse in the decade since the study was completed resulting in hundreds of millions of dollars in lost revenue to state and local coffers as these new residents fail to pay their fair share for public services. Moreover, a public safety risk is created when inaccurate information is provided to law enforcement or insurance companies in the event of an accident or infraction.

(2) Current statutes contain monetarily significant penalties that are appropriate given the scope of the harm. It is the intent of the legislature that law enforcement and prosecutors proceed against violators to the fullest extent of the law. In order to give them more tools and ensure compliance with the law, it is the intent of the legislature to set up a deferral program consistent with other programs in the state that allows defendants to obtain dismissal of charges if they take certain remedial steps. It is the intent of the legislature that the punishment for those who do not comply with the deferral program remain subject to current penalties.

NEW SECTION. **Sec. 2.** (1) Any county may set up a deferral program for persons who receive a citation for failing to register a vehicle, aircraft, or vessel under RCW 46.16A.030, 47.68.255, or 88.02.400. Under the deferral program:

(a) If the person has received a criminal citation for failure to register a vehicle under RCW 46.16A.030, an aircraft under RCW 47.68.255, or a vessel under RCW 88.02.400, the defendant may petition the court for a deferred prosecution conditioned upon the defendant completing the criteria in (b) of this subsection within ninety days of the court granting the deferral.

(b) To be eligible for a deferred prosecution under (a) of this subsection, the court shall dismiss the charge if the court receives satisfactory proof within ninety days that the person:

- (i) Has paid a five hundred dollar fine;
- (ii) Has a valid Washington state driver's license; and
- (iii) Has registered the vehicle, aircraft, or vessel that was the subject of the citation.

(c) Before entering an order deferring prosecution, the court shall make specific findings that: (i) The petitioner has stipulated to the admissibility and sufficiency of the facts as contained in the written police report; (ii) the petitioner has acknowledged the admissibility of the stipulated facts in any criminal hearing on the underlying offense or offenses held subsequent to revocation of the order granting deferred prosecution; (iii) the petitioner has acknowledged and waived the right to testify, the right to a speedy trial, the right to call witnesses to testify, the right to present evidence in his or her defense, and the right to a jury trial; and (iv) the petitioner's statements were made knowingly and voluntarily. Such findings shall be included in the order granting deferred prosecution.

(d) If the defendant successfully completes the conditions required under the deferred prosecution, the court shall dismiss the charges pending against the defendant.

(e) If the court finds that the defendant has not successfully completed the conditions required under the deferred prosecution, the court shall remove the defendant from deferred prosecution and enter a judgment.

(2) The deferral program described in this section does not apply to persons who have received a previous conviction or deferral for failing to register a vehicle under RCW 46.16A.030, an aircraft under RCW 47.68.255, or a vessel under RCW 88.02.400.

(3) Fines generated pursuant to the deferral program established in subsection (1) of this section shall be used by the county for the purpose of enforcement and prosecution of registration requirements under RCW 46.16A.030, 47.68.250, or 88.02.550.

(3) Vehicle license plates or registration certificates, whether original issues or duplicates, may not be issued or furnished by the department until the applicant makes satisfactory application for a certificate of title or presents satisfactory evidence that a certificate of title covering the vehicle has been previously issued.

(4) Failure to make initial registration before operating a vehicle on the public highways of this state is a traffic infraction. A person committing this infraction must pay a fine of five hundred twenty-nine dollars, which may not be suspended(~~(, deferred,)~~) or reduced. This fine is in addition to any delinquent taxes and fees that must be deposited and distributed in the same manner as if the taxes and fees were properly paid in a timely fashion. The five hundred twenty-nine dollar fine must be deposited into the vehicle licensing fraud account created in the state treasury in RCW 46.68.250.

(7) A vehicle with an expired registration of more than forty-five days parked on a public street may be impounded by a police officer under RCW 46.55.113(2).

**Sec. 4.** RCW 47.68.255 and 2010 c 161 s 1147 are each amended to read as follows:

A person who is required to register an aircraft under this chapter and who registers an aircraft in another state or foreign country evading the Washington aircraft excise tax is guilty of a gross misdemeanor. #### MESSAGE FROM THE SENATE

April 27, 2019

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1839 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) This section is the tax preference performance statement for the tax preference contained in section 2, chapter . . ., Laws of 2019 (section 2

of this act). This performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(2) The legislature categorizes this tax preference as one intended to provide tax relief for certain businesses or individuals and to accomplish a general purpose as indicated in RCW 82.32.808(2) (e) and (f).

(3) It is the legislature's specific public policy objective to increase the fiscal stability of multipurpose sports and entertainment arenas in Washington state and thereby strengthen the economic vitality of the communities in which the arenas and practice facilities are located.

(4) To measure the effectiveness of the tax preference in achieving the specific public policy objective described in this act, the joint legislative audit and review committee must evaluate this tax preference. In evaluating the tax preference, the joint legislative audit and review committee may refer to data provided to the department of revenue.

NEW SECTION. Sec. 2. A new section is added to chapter 82.32 RCW to read as follows:

(1) Until October 1, 2019, a qualifying business may apply for a deferral of taxes on an eligible project. Application must be made to the department in a form and manner prescribed by the department. The application must contain information regarding the location of the project, estimated or actual costs of the project, time schedules for completion and operation of the project, and other information required by the department. The department must rule on the application within sixty days.

(2) If the department approves an application for a deferral of taxes under this section, the department must issue a sales and use tax deferral certificate for state and local sales and use taxes due under chapters 82.08, 82.12, 82.14, and 81.104 RCW. This certificate expires on the date the eligible project becomes operationally complete. The certificate may only be used for sales and use tax liability incurred after the date the department issued the certificate.

(3) A recipient of a certificate must notify the department when its eligible project is operationally complete. The department must review the qualifying business's records after the eligible project is operationally complete to ensure the correct amount of taxes has been reported and will be repaid.

(4)(a) For local sales and use taxes, the recipient of the certificate must begin paying deferred sales and use taxes in the first calendar year after the date certified by the department as the date on which the eligible project is operationally complete. The first payment is due on January 1st of the first calendar year after such certified date, with subsequent annual payments due on January 1st of the following seven years. Each payment must equal twelve and one-half percent of the tax due plus interest.

(b) For state sales and use taxes, the recipient of the certificate must repay all deferred state sales and use taxes by June 30, 2023.

(c) The department must assess interest, but not penalties, on the deferred taxes. The interest must be assessed at the rate provided for delinquent taxes under this chapter, retroactively to the date the project was certified to be operationally complete, and will accrue until the deferred taxes are repaid.

(5) The department may authorize an accelerated repayment schedule upon request of the qualifying business.

(6) The debt for taxes due is not extinguished by insolvency or other failure of the qualifying business. Transfer of ownership does not terminate the deferral if the transferee agrees in writing to be bound by the requirements of this section and receives approval from the department. If the department approves the transfer of the deferral to a transferee, such approval not to be unreasonably withheld, conditioned, or delayed, the transferee is solely liable for repayment of the deferred taxes.

(7) If the eligible project is not operationally complete within three calendar years from the date that the department issued the certificate for the project, or if at any time the department finds that the project is not eligible for a deferral under this section, the amount of taxes outstanding for the project is immediately due and payable. If taxes must be repaid under this subsection, the department must assess interest at the rate provided for delinquent taxes under this chapter retroactively to the date of issuance of the certificate, but not penalties, on amounts due under this subsection.

(8) Applications and any other information received by the department under this section are not confidential under RCW 82.32.330. This chapter applies to the administration of this section.

(9) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

**Eliminating the use of the valid court order exception to place youth in detention for noncriminal behavior.**

Representative Senn moved the adoption of the striking amendment (921):

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The legislature finds that it is a goal of our state to divert juveniles who have committed status offenses, behaviors that are prohibited under law only because of an individual's status as a minor, away from the juvenile justice system because a stay in detention is a predictive factor for future criminal justice system involvement. The legislature finds that Washington has been using the valid court order exception of the juvenile

justice and delinquency prevention act, a loophole in federal law allowing judges to detain status offenders for disobeying court orders, more than any other state in the country. The legislature finds that use of the valid court order exception to detain youth for acts like truancy, breaking curfew, or running away from home is counterproductive and may worsen outcomes for at-risk youth.

(2) The legislature further finds that these youth should not be confined with or treated with the same interventions as criminal offenders. The legislature also finds that studies show a disproportionality in race, gender, and socioeconomic status of youth referred to courts or detained, or both. Likewise, the legislature finds that community-based interventions are more effective at addressing underlying causes of status offenses than detention and can reduce court caseloads and lower system costs. As a result, it is the intent of the legislature to strengthen and fund community-based programs that are culturally relevant and focus on addressing disproportionality of youth of color, especially at-risk youth.

(3) The legislature finds that appropriate interventions may include secure, semi-secure, and nonsecure out-of-home placement options, community-based mentoring, counseling, family reconciliation, behavioral health services, and other services designed to support youth and families in crisis and to prevent the need for out-of-home placement. The legislature recognizes that in certain circumstances, a court may find pursuant to this act that less restrictive alternatives to secure confinement are not available or appropriate and that clear, cogent, and convincing evidence requires commitment to a secure residential program with intensive wraparound services. The legislature intends to expand the availability of such interventions statewide by July 1, 2023.

**NEW SECTION. Sec. 2.** A new section is added to chapter 7.21 RCW to read as follows:

(1) It is the policy of the state of Washington to eliminate the use of juvenile detention as a remedy for contempt of a valid court order for youth under chapters 13.34 and 28A.225 RCW and child in need of services petition youth under chapter 13.32A RCW.

(a) Beginning July 1, 2020, youth may not be committed to juvenile detention as a contempt sanction under chapter 13.34 RCW, and a warrant may not be issued for such youth for failure to appear at a court hearing that requires commitment of such youth to juvenile detention.

(b) Beginning July 1, 2020, youth may not be committed to juvenile detention as a contempt sanction for child in need of services proceedings under chapter 13.32A RCW, and a warrant may not be issued for such youth for failure to appear at a court hearing that requires commitment of such youth to juvenile detention.

(c) Beginning July 1, 2021, youth may not be committed to juvenile detention as a contempt sanction for truancy proceedings under chapter 28A.225 RCW, and a warrant may not be issued for such youth for failure to

appear at a court hearing that requires commitment of such youth to juvenile detention.

(2)(a) It is also the policy of the state of Washington to entirely phase out the use of juvenile detention as a remedy for contempt of a valid court order for at-risk youth under chapter 13.32A RCW by July 1, 2023. After this date, at-risk youth may not be committed to juvenile detention as a contempt sanction under chapter 13.32A RCW, and a warrant may not be issued for failure to appear at a court hearing that requires commitment of the at-risk youth to juvenile detention.

(b) Until July 1, 2023, any at-risk youth committed to juvenile detention as a sanction for contempt under chapter 13.32A RCW, or for failure to appear at a court hearing under chapter 13.32A RCW, must be detained in such a manner so that no direct communication or physical contact may be made between the youth and any youth who is detained to juvenile detention pursuant to a violation of criminal law, unless these separation requirements would result in a youth being detained in solitary confinement.

(c) After July 1, 2023, at-risk youth may be committed to a secure residential program with intensive wraparound services, subject to the requirements under RCW 13.32A.250, as a remedial sanction for contempt under chapter 13.32A RCW or for failure to appear at a court hearing under chapter 13.32A RCW.

**Sec. 3.** RCW 7.21.030 and 2001 c 260 s 6 are each amended to read as follows:

(1) The court may initiate a proceeding to impose a remedial sanction on its own motion or on the motion of a person aggrieved by a contempt of court in the proceeding to which the contempt is related. Except as provided in RCW 7.21.050, the court, after notice and hearing, may impose a remedial sanction authorized by this chapter.

(2) If the court finds that the person has failed or refused to perform an act that is yet within the person's power to perform, the court may find the person in contempt of court and impose one or more of the following remedial sanctions:

(a) Imprisonment if the contempt of court is of a type defined in RCW 7.21.010(1) (b) through (d). The imprisonment may extend only so long as it serves a coercive purpose.

(b) A forfeiture not to exceed two thousand dollars for each day the contempt of court continues.

(c) An order designed to ensure compliance with a prior order of the court.

(d) Any other remedial sanction other than the sanctions specified in (a) through (c) of this subsection if the court expressly finds that those sanctions would be ineffectual to terminate a continuing contempt of court.

(e)(i) In cases under chapters 13.32A, 13.34, and 28A.225 RCW and subject to the requirements under RCW 13.32A.250 and 28A.225.090, commitment to juvenile

detention for a period of time not to exceed ~~((seven days))~~ seventy-two hours, excluding Saturdays, Sundays, and holidays. The seventy-two hour period shall commence upon the next nonholiday weekday following the court order and shall run to the end of the last nonholiday weekday within the seventy-two hour period. This sanction may be imposed in addition to, or as an alternative to, any other remedial sanction authorized by this chapter. This remedy is specifically determined to be a remedial sanction.

(ii) Prior to committing any youth to juvenile detention as a sanction for contempt under chapter 13.32A, 13.34, or 28A.225 RCW, or for failure to appear at a court hearing under chapter 13.32A, 13.34, or 28A.225 RCW, the court must:

(A) Consider, on the record, the mitigating and aggravating factors used to determine the appropriateness of detention for enforcement of its order;

(B) Enter written findings affirming that it considered all less restrictive options, that detention is the only appropriate alternative, including its rationale and the clear, cogent, and convincing evidence used to enforce the order;

(C) Afford the same due process considerations that it affords all youth in criminal contempt proceedings; and

(D) Seek input from all relevant parties, including the youth.

(iii) Detention periods for youth sanctioned to juvenile detention for contempt under chapter 13.32A, 13.34, or 28A.225 RCW, or for failure to appear at a court hearing under chapter 13.32A, 13.34, or 28A.225 RCW, shall be:

(A) No more than seventy-two hours, regardless of the number of violations being considered at the hearing; and

(B) Limited to no more than two sanctions, up to seventy-two hours each, in any thirty-day period.

(iv) Nothing in this subsection (2)(e) or in RCW 13.32A.250, 13.34.165, or 28A.225.090 shall be construed to limit the court's inherent contempt power or curtail its exercise.

(3) The court may, in addition to the remedial sanctions set forth in subsection (2) of this section, order a person found in contempt of court to pay a party for any losses suffered by the party as a result of the contempt and any costs incurred in connection with the contempt proceeding, including reasonable attorney's fees.

(4) If the court finds that a person under the age of eighteen years has willfully disobeyed the terms of an order issued under chapter 10.14 RCW, the court may find the person in contempt of court and may, as a sole sanction for such contempt, commit the person to juvenile detention for a period of time not to exceed seven days.

**Sec. 4.** RCW 7.21.030 and 2019 c ... s 3 (section 3 of this act) are each amended to read as follows:

(1) The court may initiate a proceeding to impose a remedial sanction on its own motion or on the motion of a person aggrieved by a contempt of court in the proceeding to which the contempt is related. (2) If the court finds that the person has failed or refused to perform an act that is yet within the person's power to perform, the court may find the person in contempt of court and impose one or more of the following remedial sanctions:

(b) A forfeiture not to exceed two thousand dollars for each day the contempt of court continues.

(c) An order designed to ensure compliance with a prior order of the court.

(d) Any other remedial sanction other than the sanctions specified in (a) through (c) of this subsection if the court expressly finds that those sanctions would be ineffectual to terminate a continuing contempt of court.

(e)(i) In at-risk youth petition cases only under chapter ~~(§) 13.32A((, 13.34,))~~ RCW and in cases under chapter 28A.225 RCW and subject to the requirements under RCW 13.32A.250 and 28A.225.090, commitment to juvenile detention for a period of time not to exceed seventy-two hours, excluding Saturdays, Sundays, and holidays. The seventy-two hour period shall commence upon the next nonholiday weekday following the court order and shall run to the end of the last nonholiday weekday within the seventy-two hour period. This sanction may be imposed in addition to, or as an alternative to, any other remedial sanction authorized by this chapter. This remedy is specifically determined to be a remedial sanction.

**Sec. 7.** RCW 13.32A.250 and 2000 c 162 s 14 are each amended to read as follows:

(1) In all child in need of services proceedings and at-risk youth proceedings, the court shall verbally notify the parents and the child of the possibility of a finding of contempt for failure to comply with the terms of a court order entered pursuant to this chapter and the possible consequences thereof, including confinement when applicable. Except as otherwise provided in this section, the court shall treat the parents and the child equally for the purposes of applying contempt of court processes and penalties under this section.

(2) Failure by a party to comply with an order entered under this chapter is a civil contempt of court as provided in RCW 7.21.030(2)(e), subject to the limitations of subsection (3) of this section.

(3)(a) If the child fails to comply with the court order, the court may impose:

(i) Community restitution;

(ii) Residential and nonresidential programs with intensive wraparound services;

(iii) A requirement that the child meet with a mentor for a specified number of times; or

(iv) Other services and interventions that the court deems appropriate.

(b)(i) The court may impose remedial sanctions including a fine of up to one hundred dollars and confinement for up to ~~((seven days))~~ seventy-two hours, or both for contempt of court under this section if (A) one of the less restrictive alternatives under (a) of this subsection has been attempted and another violation of the order has occurred, or (B) the court issues a formal finding that none of the less restrictive alternatives is available. The seventy-two hour period excludes Saturdays, Sundays, and holidays and shall commence upon the next nonholiday weekday following the court order and shall run to the end of the last nonholiday weekday within the seventy-two hour period.

~~((4))~~ (i) A child placed in confinement for contempt under this section shall be placed in confinement only in a secure juvenile detention facility operated by or pursuant to a contract with a county.

~~((5))~~ (4) A motion for contempt may be made by a parent, a child, juvenile court personnel, or by any public agency, organization, or person having custody of the child under a court order adopted pursuant to this chapter.

~~((6))~~ (5) Whenever the court finds probable cause to believe, based upon consideration of a motion for contempt and the information set forth in a supporting declaration, that a child has violated a placement order entered under this chapter, the court must direct the court clerk to command the presence of the child by the issuance of a summons or other method approved by local court rule instead of a warrant, unless the court finds probable cause to believe that the child would not appear in response to the command or finds probable cause to believe that the arrest is necessary to prevent serious bodily harm to the juvenile or another, in which case the court may issue a warrant. A warrant of arrest must be supported by an affidavit or sworn testimony, which must be recorded electronically or by stenographer, establishing the grounds for issuing the warrant. The warrant of arrest for a child under this subsection may not be served on a child inside of school during school hours in a location where other students are present if the child named in the warrant is a pupil at the school. The court must communicate the summons to the child through mail, telephone, text message, or other method of communication needed in order to ensure the child has received the information. If the child fails to appear via the summons or other method, the court may issue an order directing law enforcement to pick up and take the child to detention. ((The order may be entered ex parte without prior notice to the child or other parties. Following the child's admission to detention, a detention review hearing must be held in accordance with RCW 13.32A.065.))

(6) Nothing in this section shall be construed to limit the court's inherent contempt power or curtail its exercise.

**Sec. 8.** RCW 13.32A.250 and 2019 c ... s 7 (section 7 of this act) are each amended to read as follows:

(1) In all child in need of services proceedings and at-risk youth proceedings, the court shall verbally notify the parents and the child of the possibility of a finding of contempt for failure to comply with the terms of a court order entered pursuant to this chapter and the possible consequences thereof, including confinement when applicable. Except as otherwise provided in this section, the court shall treat the parents and the child equally for the purposes of applying contempt of court processes and penalties under this section.

(2) Failure by a party in an at-risk youth proceeding to comply with an order entered under this chapter is a civil contempt of court as provided in RCW 7.21.030(2)(e), subject to the limitations of subsection (3) of this section.

(3) For at-risk youth proceedings only:

(a) If the child fails to comply with the court order, the court may impose:

(i) Community restitution;

(ii) Residential and nonresidential programs with intensive wraparound services;

(iii) A requirement that the child meet with a mentor for a specified number of times; or

(iv) Other services and interventions that the court deems appropriate.

(b)(i) The court may impose remedial sanctions including a fine of up to one hundred dollars and confinement for up to seventy-two hours, or both for contempt of court under this section if (A) one of the less restrictive alternatives under (a) of this subsection has been attempted and another violation of the order has occurred, or (B) the court issues a formal finding that none of the less restrictive alternatives is available. The seventy-two hour period excludes Saturdays, Sundays, and holidays and shall commence upon the next nonholiday weekday following the court order and shall run to the end of the last nonholiday weekday within the seventy-two hour period.

(ii) A child placed in confinement for contempt under this section shall be placed in confinement only in a secure juvenile detention facility operated by or pursuant to a contract with a county.

(c) A child involved in a child in need of services proceeding may not be placed in confinement under this section.

(4) A motion for contempt may be made by a parent, a child, juvenile court personnel, or by any public agency, organization, or person having custody of the child under a court order adopted pursuant to this chapter.

(5) For at-risk youth proceedings only, whenever the court finds probable cause to believe, based upon consideration of a motion for contempt and the information set forth in a supporting declaration, that a child has violated a placement order entered under this chapter, the court must direct the court clerk to command the presence of the child by the issuance of a summons or other method approved by local court rule instead of a warrant, unless the court finds

probable cause to believe that the child would not appear in response to the command or finds probable cause to believe that the arrest is necessary to prevent serious bodily harm to the juvenile or another, in which case the court may issue a warrant. A warrant of arrest must be supported by an affidavit or sworn testimony, which must be recorded electronically or by stenographer, establishing the grounds for issuing the warrant. The warrant of arrest for a child under this subsection may not be served on a child inside of school during school hours in a location where other students are present if the child named in the warrant is a pupil at the school. The court must communicate the summons to the child through mail, telephone, text message, or other method of communication needed in order to ensure the child has received the information. If the child fails to appear via the summons or other method, the court may issue an order directing law enforcement to pick up and take the child to detention.

(6) Nothing in this section shall be construed to limit the court's inherent contempt power or curtail its exercise.

**Sec. 10.** RCW 13.32A.150 and 2000 c 123 s 17 are each amended to read as follows:

(1) Except as otherwise provided in this chapter, the juvenile court shall not accept the filing of a child in need of services petition by the child or the parents or the filing of

an at-risk youth petition by the parent, unless verification is provided that the department has completed a family assessment. The family assessment shall involve the multidisciplinary team if one exists. The family assessment or plan of services developed by the multidisciplinary team shall be aimed at family reconciliation, reunification, and avoidance of the out-of-home placement of the child. ~~((If the department is unable to complete an assessment within two working days following a request for assessment the child or the parents may proceed under subsection (2) of this section or the parent may proceed under RCW 13.32A.191-))~~

(2) A child or a child's parent may file with the juvenile court a child in need of services petition to approve an out-of-home placement for the child before completion of a family assessment. The department shall, when requested, assist either a parent or child in the filing of the petition. The petition must be filed in the county where the parent resides. The petition shall allege that the child is a child in need of services and shall ask only that the placement of a child outside the home of his or her parent be approved. The filing of a petition to approve the placement is not dependent upon the court's having obtained any prior jurisdiction over the child or his or her parent, and confers upon the court a special jurisdiction to approve or disapprove an out-of-home placement under this chapter.

(3) A petition may not be filed if the child is the subject of a proceeding under chapter 13.34 RCW.

**Sec. 11.** RCW 13.34.165 and 2000 c 122 s 21 are each amended to read as follows:

~~(5) Subject to (b) of this subsection, whenever the court finds probable cause to believe, based upon consideration of a motion ((for contempt)) and the information set forth in a supporting declaration, that a child ((has violated a placement order entered under this chapter)) is missing from care, the court may issue an order directing law enforcement to pick up and ((take)) return the child to ((detention)) department custody. ((The order may be entered ex parte without prior notice to the child or other parties. Following the child's admission to detention, a detention review hearing must be held in accordance with RCW 13.32A.065-))~~

(b) If the department is notified of the child's whereabouts and authorizes the child's location, the court must withdraw the order directing law enforcement to pick up and return the child to department custody.

(6) Nothing in this section shall be construed to limit the court's inherent contempt power or curtail its exercise.

**Sec. 12.** RCW 13.34.165 and 2019 c ... s 11 (section 11 of this act) are each amended to read as follows:

(1) Failure by a party to comply with an order entered under this chapter is civil contempt of court as provided in RCW 7.21.030(2).

~~(2) ((The maximum term of confinement that may be imposed as a remedial sanction for contempt of court under this section is confinement for up to seventy-two hours.~~

**Sec. 13.** RCW 28A.225.090 and 2017 c 291 s 5 are each amended to read as follows:

(1) A court may order a child subject to a petition under RCW 28A.225.035 to do one or more of the following:

(a) Attend the child's current school, and set forth minimum attendance requirements, which shall not consider a suspension day as an unexcused absence;

(b) If there is space available and the program can provide educational services appropriate for the child, order the child to attend another public school, an alternative education program, center, a skill center, dropout prevention program, or another public educational program;

(c) Attend a private nonsectarian school or program including an education center. Before ordering a child to attend an approved or certified private nonsectarian school or program, the court shall: (i) Consider the public and

private programs available; (ii) find that placement is in the best interest of the child; and (iii) find that the private school or program is willing to accept the child and will not charge any fees in addition to those established by contract with the student's school district. If the court orders the child to enroll in a private school or program, the child's school district shall contract with the school or program to provide educational services for the child. The school district shall not be required to contract for a weekly rate that exceeds the state general apportionment dollars calculated on a weekly basis generated by the child and received by the district. A school district shall not be required to enter into a contract that is longer than the remainder of the school year. A school district shall not be required to enter into or continue a contract if the child is no longer enrolled in the district;

(d) Submit to a substance abuse assessment if the court finds on the record that such assessment is appropriate to the circumstances and behavior of the child and will facilitate the child's compliance with the mandatory attendance law and, if any assessment, including a urinalysis test ordered under this subsection indicates the use of controlled substances or alcohol, order the minor to abstain from the unlawful consumption of controlled substances or alcohol and adhere to the recommendations of the substance abuse assessment at no expense to the school; or

(e) Submit to a mental health evaluation or other diagnostic evaluation and adhere to the recommendations of the drug assessment, at no expense to the school, if the court finds on the court records that such evaluation is appropriate to the circumstances and behavior of the child, and will facilitate the child's compliance with the mandatory attendance law.

(2)(a) If the child fails to comply with the court order, the court may impose:

(i) Community restitution;

(ii) Nonresidential programs with intensive wraparound services;

(iii) A requirement that the child meet with a mentor for a specified number of times; or

(iv) Other services and interventions that the court deems appropriate.

(b) If the child continues to fail to comply with the court order and the court makes a finding that other measures to secure compliance have been tried but have been unsuccessful and no less restrictive alternative is available, the court may order the child to be subject to detention, as provided in RCW 7.21.030(2)(e). Failure by a child to comply with an order issued under this subsection shall not be subject to detention for a period greater than that permitted pursuant to a civil contempt proceeding against a child under chapter 13.32A RCW. Detention ordered under this subsection may be for no longer than ~~((seven days))~~ seventy-two hours. Detention ordered under this subsection shall preferably be served at a secure crisis residential center close to the child's home rather than in a juvenile detention facility. (3) Any parent violating any of the provisions of either RCW 28A.225.010, 28A.225.015, or 28A.225.080 shall be fined not more than twenty-five dollars for each day of unexcused absence from school. The court shall remit fifty percent of the fine collected under this section to the child's school district. It shall be a defense for a parent charged with violating RCW 28A.225.010 to show that he or she exercised reasonable diligence in attempting to cause a child in his or her custody to attend school or that the child's school did not perform its duties as required in RCW 28A.225.020. The court may order the parent to provide community restitution instead of imposing a fine. Any fine imposed pursuant to this section may be suspended upon the condition that a parent charged with violating RCW 28A.225.010 shall participate with the school and the child in a supervised plan for the child's attendance at school or upon condition that the parent attend a conference or conferences scheduled by a school for the purpose of analyzing the causes of a child's absence.

(4) If a child continues to be truant after entering into a court-approved order with the truancy board under RCW 28A.225.035, the juvenile court shall find the child in contempt, and the court may order the child to be subject to detention, as provided in RCW 7.21.030(2)(e), or may impose alternatives to detention such as meaningful community restitution. Failure by a child to comply with an order issued under this subsection may not subject a child to detention for a period greater than that permitted under a civil contempt proceeding against a child under chapter 13.32A RCW.

(5) Nothing in this section shall be construed to limit the court's inherent contempt power or curtail its exercise.

(6) Subsections (1), (2), and (4) of this section shall not apply to a six or seven year old child required to attend public school under RCW 28A.225.015.

Transfer of custody is not complete unless the person, agency, or entity to whom the child is released agrees to accept custody.

(3) If a law enforcement officer takes a child into custody pursuant to either subsection (1)(a) or (b) of this section and transports the child to a crisis residential center, the officer shall, within twenty-four hours of delivering the child to the center, provide to the center a written report detailing the reasons the officer took the child into custody. The center shall provide the department of children, youth, and families with a copy of the officer's report if the youth is in the care of or receiving services from the department of children, youth, and families.

(4) If the law enforcement officer who initially takes the juvenile into custody or the staff of the crisis residential center have reasonable cause to believe that the child is absent from home because he or she is abused or neglected, a report shall be made immediately to the department of children, youth, and families.

**Sec. 18.** RCW 71.34.720 and 2018 c 201 s 5017 are each amended to read as follows:

(1) Each minor approved by the facility for inpatient admission shall be examined and evaluated by a children's mental health specialist, for minors admitted as a result of a mental disorder, or by a ~~((chemical dependency))~~ substance use disorder professional or co-occurring disorder specialist, for minors admitted as a result of a substance use disorder, as to the child's mental condition and by a physician, physician assistant, or psychiatric advanced registered nurse practitioner as to the child's physical condition within twenty-four hours of admission. Reasonable measures shall be taken to ensure medical treatment is provided for any condition requiring immediate medical attention.

(2) If, after examination and evaluation, the children's mental health specialist or substance use disorder specialist and the physician, physician assistant, or psychiatric advanced registered nurse practitioner determine

that the initial needs of the minor, if detained to an evaluation and treatment facility, would be better served by placement in a substance use disorder treatment program or, if detained to a secure detoxification facility or approved substance use disorder treatment program, would be better served in an evaluation and treatment facility, then the minor shall be referred to the more appropriate placement; however a minor may only be referred to a secure detoxification facility or approved substance use disorder treatment program if there is a secure detoxification facility or approved substance use disorder treatment program available and that has adequate space for the minor.

(3) The admitting facility shall take reasonable steps to notify immediately the minor's parent of the admission.

(4) During the initial seventy-two hour treatment period, the minor has a right to associate or receive communications from parents or others unless the professional person in charge determines that such communication would be seriously detrimental to the minor's condition or treatment and so indicates in the minor's clinical record, and notifies the minor's parents of this determination. In no event may the minor be denied the opportunity to consult an attorney.

(5) If the evaluation and treatment facility, secure detoxification facility, or approved substance use disorder treatment program admits the minor, it may detain the minor for evaluation and treatment for a period not to exceed seventy-two hours from the time of provisional acceptance. The computation of such seventy-two hour period shall exclude Saturdays, Sundays, and holidays. This initial treatment period shall not exceed seventy-two hours except when an application for voluntary inpatient treatment is received or a petition for fourteen-day commitment is filed.

(6) Within twelve hours of the admission, the facility shall advise the minor of his or her rights as set forth in this chapter.

**Sec. 19.** RCW 71.34.720 and 2018 c 201 s 5018 are each amended to read as follows:

(1) Each minor approved by the facility for inpatient admission shall be examined and evaluated by a children's mental health specialist, for minors admitted as a result of a mental disorder, or by a ~~((chemical dependency))~~ substance use disorder professional or co-occurring disorder specialist, for minors admitted as a result of a substance use disorder, as to the child's mental condition and by a physician, physician assistant, or psychiatric advanced registered nurse practitioner as to the child's physical condition within twenty-four hours of admission. Reasonable measures shall be taken to ensure medical treatment is provided for any condition requiring immediate medical attention.

(2) If, after examination and evaluation, the children's mental health specialist or substance use disorder specialist and the physician, physician assistant, or psychiatric advanced registered nurse practitioner determine that the initial needs of the minor, if detained to an evaluation and treatment facility, would be better served by placement in a substance use disorder treatment program or, if detained to a secure detoxification facility or approved substance use

disorder treatment program, would be better served in an evaluation and treatment facility, then the minor shall be referred to the more appropriate placement.

(3) The admitting facility shall take reasonable steps to notify immediately the minor's parent of the admission.

(4) During the initial seventy-two hour treatment period, the minor has a right to associate or receive communications from parents or others unless the professional person in charge determines that such communication would be seriously detrimental to the minor's condition or treatment and so indicates in the minor's clinical record, and notifies the minor's parents of this determination. In no event may the minor be denied the opportunity to consult an attorney.

(5) If the evaluation and treatment facility, secure detoxification facility, or approved substance use disorder treatment program admits the minor, it may detain the minor for evaluation and treatment for a period not to exceed seventy-two hours from the time of provisional acceptance. The computation of such seventy-two hour period shall exclude Saturdays, Sundays, and holidays. This initial treatment period shall not exceed seventy-two hours except when an application for voluntary inpatient treatment is received or a petition for fourteen-day commitment is filed.

(6) Within twelve hours of the admission, the facility shall advise the minor of his or her rights as set forth in this chapter.

**Sec. 20.** RCW 71.34.760 and 2018 c 201 s 5019 are each amended to read as follows:

(1) If a minor is committed for one hundred eighty-day inpatient treatment and is to be placed in a state-supported program, the director shall accept immediately and place the minor in a state-funded long-term evaluation and treatment facility or state-funded approved substance use disorder treatment program.

(2) The director's placement authority shall be exercised through a designated placement committee appointed by the director and composed of children's mental health specialists and ~~((chemical dependency))~~ substance use disorder professionals, including at least one child psychiatrist who represents the state-funded, long-term, evaluation and treatment facility for minors and one ~~((chemical dependency))~~ substance use disorder professional who represents the state-funded approved substance use disorder treatment program. The responsibility of the placement committee will be to:

(a) Make the long-term placement of the minor in the most appropriate, available state-funded evaluation and treatment facility or approved substance use disorder treatment program, having carefully considered factors including the treatment needs of the minor, the most appropriate facility able to respond to the minor's identified treatment needs, the geographic proximity of the facility to the minor's family, the immediate availability of bed space, and the probable impact of the placement on other residents of the facility;

(b) Approve or deny requests from treatment facilities for transfer of a minor to another facility;

(c) Receive and monitor reports required under this section;

(d) Receive and monitor reports of all discharges.

(3) The director may authorize transfer of minors among treatment facilities if the transfer is in the best interests of the minor or due to treatment priorities.

(4) The responsible state-funded evaluation and treatment facility or approved substance use disorder treatment program shall submit a report to the authority's designated placement committee within ninety days of admission and no less than every one hundred eighty days thereafter, setting forth such facts as the authority requires, including the minor's individual treatment plan and progress, recommendations for future treatment, and possible less restrictive treatment.

**Sec. 21.** RCW 18.130.175 and 2006 c 99 s 7 are each amended to read as follows:

(1) In lieu of disciplinary action under RCW 18.130.160 and if the disciplining authority determines that the unprofessional conduct may be the result of substance abuse, the disciplining authority may refer the license holder to a voluntary substance abuse monitoring program approved by the disciplining authority.

The cost of the treatment shall be the responsibility of the license holder, but the responsibility does not preclude payment by an employer, existing insurance coverage, or other sources. Primary alcoholism or other drug addiction treatment shall be provided by approved treatment programs under RCW 70.96A.020 or by any other provider approved by the entity or the commission. However, nothing shall prohibit the disciplining authority from approving additional services and programs as an adjunct to primary alcoholism or other drug addiction treatment. The disciplining authority may also approve the use of out-of-state programs. Referral of the license holder to the program shall be done only with the consent of the license holder. Referral to the program may also include probationary conditions for a designated period of time. If the license holder does not consent to be referred to the program or does not successfully complete the program, the disciplining authority may take appropriate action under RCW 18.130.160 which includes suspension of the license unless or until the disciplining authority, in consultation with the director of the voluntary substance abuse monitoring program, determines the license holder is able to practice safely. The secretary shall adopt uniform rules for the evaluation by the ~~((disciplinary [disciplining]))~~ disciplining authority of a relapse or program violation on the part of a license holder in the substance abuse monitoring program. The evaluation shall encourage program participation with additional conditions, in lieu of disciplinary action, when the ~~((disciplinary [disciplining]))~~ disciplining authority determines that the license holder is able to continue to practice with reasonable skill and safety.

(2) In addition to approving substance abuse monitoring programs that may receive referrals from the

disciplining authority, the disciplining authority may establish by rule requirements for participation of license holders who are not being investigated or monitored by the disciplining authority for substance abuse. License holders voluntarily participating in the approved programs without being referred by the disciplining authority shall not be subject to disciplinary action under RCW 18.130.160 for their substance abuse, and shall not have their participation made known to the disciplining authority, if they meet the requirements of this section and the program in which they are participating.

(3) The license holder shall sign a waiver allowing the program to release information to the disciplining authority if the licensee does not comply with the requirements of this section or is unable to practice with reasonable skill or safety. The substance abuse program shall report to the disciplining authority any license holder who fails to comply with the requirements of this section or the program or who, in the opinion of the program, is unable to practice with reasonable skill or safety. License holders shall report to the disciplining authority if they fail to comply with this section or do not complete the program's requirements. License holders may, upon the agreement of the program and disciplining authority, reenter the program if they have previously failed to comply with this section.

(4) The treatment and pretreatment records of license holders referred to or voluntarily participating in approved programs shall be confidential, shall be exempt from chapter 42.56 RCW, and shall not be subject to discovery by subpoena or admissible as evidence except for monitoring records reported to the disciplining authority for cause as defined in subsection (3) of this section. Monitoring records relating to license holders referred to the program by the disciplining authority or relating to license holders reported to the disciplining authority by the program for cause, shall be released to the disciplining authority at the request of the disciplining authority. Records held by the disciplining authority under this section shall be exempt from chapter 42.56 RCW and shall not be subject to discovery by subpoena except by the license holder.

(5) "Substance abuse," as used in this section, means the impairment, as determined by the disciplining authority, of a license holder's professional services by an addiction to, a dependency on, or the use of alcohol, legend drugs, or controlled substances.

(6) This section does not affect an employer's right or ability to make employment-related decisions regarding a license holder. This section does not restrict the authority of the disciplining authority to take disciplinary action for any other unprofessional conduct.

(7) A person who, in good faith, reports information or takes action in connection with this section is immune from civil liability for reporting information or taking the action.

(a) The immunity from civil liability provided by this section shall be liberally construed to accomplish the purposes of this section and the persons entitled to immunity shall include:

- (i) An approved monitoring treatment program;
- (ii) The professional association operating the program;
- (iii) Members, employees, or agents of the program or association;
- (iv) Persons reporting a license holder as being possibly impaired or providing information about the license holder's impairment; and
- (v) Professionals supervising or monitoring the course of the impaired license holder's treatment or rehabilitation.

(b) The courts are strongly encouraged to impose sanctions on clients and their attorneys whose allegations under this subsection are not made in good faith and are without either reasonable objective, substantive grounds, or both.

(c) The immunity provided in this section is in addition to any other immunity provided by law.

(8) In the case of a person who is applying to be a substance use disorder professional or substance use disorder professional trainee certified under chapter 18.205 RCW, if the person is:

(a) Less than one year in recovery from a substance use disorder, the duration of time that the person may be required to participate in the voluntary substance abuse monitoring program may not exceed the amount of time necessary for the person to achieve one year in recovery; or

(b) At least one year in recovery from a substance use disorder, the person may not be required to participate in the substance abuse monitoring program.

**Sec. 22.** RCW 43.43.842 and 2014 c 88 s 1 are each amended to read as follows:

(1)(a) The secretary of social and health services and the secretary of health shall adopt additional requirements for the licensure or relicensure of agencies, facilities, and licensed individuals who provide care and treatment to vulnerable adults, including nursing pools registered under chapter 18.52C RCW. These additional requirements shall ensure that any person associated with a licensed agency or facility having unsupervised access with a vulnerable adult shall not be the respondent in an active protective order under RCW 74.34.130, nor have been: (i) Convicted of a crime against persons as defined in RCW 43.43.830, except as provided in this section; (ii) convicted of crimes relating to financial exploitation as defined in RCW 43.43.830, except as provided in this section; or (iii) found in any disciplinary board final decision to have abused a vulnerable adult under RCW 43.43.830.

(b) A person associated with a licensed agency or facility who has unsupervised access with a vulnerable adult shall make the disclosures specified in RCW 43.43.834(2). The person shall make the disclosures in writing, sign, and swear to the contents under penalty of perjury. The person shall, in the disclosures, specify all crimes against children or other persons, all crimes relating to financial exploitation,

and all crimes relating to drugs as defined in RCW 43.43.830, committed by the person.

(2) The rules adopted under this section shall permit the licensee to consider the criminal history of an applicant for employment in a licensed facility when the applicant has one or more convictions for a past offense and:

(a) The offense was simple assault, assault in the fourth degree, or the same offense as it may be renamed, and three or more years have passed between the most recent conviction and the date of application for employment;

(b) The offense was prostitution, or the same offense as it may be renamed, and three or more years have passed between the most recent conviction and the date of application for employment;

(f) The department of social and health services reviewed the employee's otherwise disqualifying criminal history through the department of social and health services' background assessment review team process conducted in 2002, and determined that such employee could remain in a position covered by this section; or

(g) The otherwise disqualifying conviction or disposition has been the subject of a pardon, annulment, or other equivalent procedure.

The offenses set forth in (a) through (g) of this subsection do not automatically disqualify an applicant from employment by a licensee. Nothing in this section may be construed to require the employment of any person against a licensee's judgment.

(3) The rules adopted pursuant to subsection (2) of this section may not allow a licensee to automatically deny an applicant with a conviction for an offense set forth in subsection (2) of this section for a position as a substance use disorder professional or substance use disorder professional trainee certified under chapter 18.205 RCW if:

(a) At least one year has passed between the applicant's most recent conviction for an offense set forth in subsection (2) of this section and the date of application for employment;

(b) The offense was committed as a result of the applicant's substance use or untreated mental health symptoms; and

(c) The applicant is at least one year in recovery from a substance use disorder, whether through abstinence

or stability on medication-assisted therapy, or in recovery from a mental health disorder.

(4) In consultation with law enforcement personnel, the secretary of social and health services and the secretary of health shall investigate, or cause to be investigated, the conviction record and the protection proceeding record information under this chapter of the staff of each agency or facility under their respective jurisdictions seeking licensure or relicensure. An individual responding to a criminal background inquiry request from his or her employer or potential employer shall disclose the information about his or her criminal history under penalty of perjury. The secretaries shall use the information solely for the purpose of determining eligibility for licensure or relicensure. Criminal justice agencies shall provide the secretaries such information as they may have and that the secretaries may require for such purpose.

**NEW SECTION. Sec. 23.** A new section is added to chapter 18.205 RCW to read as follows:

(1) At least one year has passed between the applicant's most recent conviction for an offense set forth in this section and the date of application for employment;

(2) The offense was committed as a result of the person's substance use or untreated mental health symptoms; and

(3) The applicant is at least one year in recovery from a substance use disorder, whether through abstinence or stability on medication-assisted therapy, or in recovery from mental health challenges.

For purposes of this section, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for the

conviction and all proceedings in which the prosecution or sentence has been deferred or suspended. At the request of an applicant for an original license whose conviction is under appeal, the disciplining authority may defer decision upon the application during the pendency of such a prosecution or appeal;

(d) Fails to prove that he or she is qualified in accordance with the provisions of this chapter, the chapters identified in RCW 18.130.040(2), or the rules adopted by the disciplining authority; or

(e) Is not able to practice with reasonable skill and safety to consumers by reason of any mental or physical condition.

(i) The disciplining authority may require the applicant, at his or her own expense, to submit to a mental, physical, or psychological examination by one or more licensed health professionals designated by the disciplining authority. The disciplining authority shall provide written notice of its requirement for a mental or physical examination that includes a statement of the specific conduct, event, or circumstances justifying an examination and a statement of the nature, purpose, scope, and content of the intended examination. If the applicant fails to submit to the examination or provide the results of the examination or any required waivers, the disciplining authority may deny the application.

(ii) An applicant governed by this chapter is deemed to have given consent to submit to a mental, physical, or psychological examination when directed in writing by the disciplining authority and further to have waived all objections to the admissibility or use of the examining health professional's testimony or examination reports by the disciplining authority on the grounds that the testimony or reports constitute privileged communications.

(2) The provisions of RCW 9.95.240 and chapter 9.96A RCW do not apply to a decision to deny a license under this section.

(3) The disciplining authority shall give written notice to the applicant of the decision to deny a license or grant a license with conditions in response to an application for a license. The notice must state the grounds and factual basis for the action and be served upon the applicant.

The application for adjudicative proceeding must be in writing, state the basis for contesting the adverse action, include a copy of the adverse notice, and be served on and received by the department within twenty-eight days of the decision. The license applicant has the burden to establish, by a preponderance of evidence, that the license applicant is qualified in accordance with the provisions of this chapter, the chapters identified in RCW 18.130.040(2), and the rules adopted by the disciplining authority.

**NEW SECTION. Sec. 25.** A new section is added to chapter 18.205 RCW to read as follows:

(9) To carry out the purposes of this section including, but not limited to, financing loans or grants to nonprofit organizations or public housing authorities, the legislative authority of the county or city imposing the tax has the authority to issue general obligation or revenue bonds within the limitations now or hereafter prescribed by the laws of this state, and may use, and is authorized to pledge, the moneys collected under this section for repayment of such bonds.

Bonds authorized in this section may be sold at such price as the state finance committee shall determine. No bonds authorized in this section may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

**NEW SECTION. Sec. 2.** (1) The proceeds from the sale of bonds authorized in section 1 of this act shall be deposited in the state building construction account created by RCW 43.83.020. The proceeds shall be transferred as follows:

If the state finance committee determines that a portion of the amount specified in this subsection (1)(b) as taxable bonds may be issued as nontaxable bonds in compliance with federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds, then such bond proceeds shall be transferred to the state building construction account in lieu of the transfer to the state taxable building construction account otherwise provided by this subsection (1)(b). The state treasurer shall submit written notice to the director of financial management if it is determined that any such additional transfer to the state taxable building construction account is necessary or that a transfer from the state taxable building construction account to the state building construction account may be made. (b) The treasurer shall transfer bond proceeds deposited in the state taxable building construction account into the early learning facilities revolving account created by RCW 43.31.569, at various times and in various amounts necessary to support authorized expenditures from that account.

**NEW SECTION. Sec. 3.** (1) The debt-limit general fund bond retirement account shall be used for the payment of the principal of and interest on the bonds authorized in section 1 of this act.

(2) The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount needed in the ensuing twelve months to meet the bond retirement and interest requirements on the bonds authorized in section 1 of this act.

(3) On each date on which any interest or principal and interest payment is due on bonds issued for the purposes of section 2 (1) and (2) of this act the state treasurer shall withdraw from any general state revenues received in the state treasury and deposit in the debt-limit general fund bond retirement account an amount equal to the amount certified by the state finance committee to be due on the payment date.

**NEW SECTION. Sec. 4.** (1) Bonds issued under section 1 of this act shall state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay the principal and interest as the same shall become due.

**MESSAGE FROM THE SENATE**

April 27, 2019

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1102 with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) A capital budget is hereby adopted and, subject to the provisions set forth in this act, the several dollar amounts hereinafter specified, or so much thereof as shall be sufficient to accomplish the purposes designated, are hereby appropriated and authorized to be incurred for capital projects during the period beginning with the effective date of this section and ending June 30, 2021, out of the several funds specified in this act.

(2) The definitions in this subsection apply throughout this act unless the context clearly requires otherwise.

(a) "Fiscal year 2020" or "FY 2020" means the period beginning July 1, 2019, and ending June 30, 2020.

(b) "Fiscal year 2021" or "FY 2021" means the period beginning July 1, 2020, and ending June 30, 2021.

(c) "Lapse" or "revert" means the amount shall return to an unappropriated status.

(d) "Provided solely" means the specified amount may be spent only for the specified purpose.

(3) Unless otherwise specifically authorized in this act, any portion of an amount provided solely for a specified purpose that is not expended subject to the specified conditions and limitations to fulfill the specified purpose shall lapse.

(4) The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts. "Prior biennia" typically refers to the immediate prior biennium for reappropriations, but may refer to multiple biennia in the case of specific projects. A "future biennia" amount is an estimate of what may be appropriated for the project or program in the 2021-2023 biennium and the following three biennia; an amount of zero does not necessarily constitute legislative intent to not provide funding for the project or program in the future.

(5) "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining on June 30, 2019, from the 2017-2019 biennial appropriations for each project.

(i) Evidence that the application was developed in collaboration with one or more health care entities that provide behavioral health care services to individuals eligible for the housing provided under this subsection;

(ii) A commitment by the applicant to provide, directly or through a formal partnership, necessary treatment

and supportive services to the tenants and maintain the beds or housing units for at least a forty-year period;

(b) \$10,000,000 of the appropriation in this section is provided solely for competitive grant awards for modular housing which includes high quality affordable housing projects that will quickly move people from homelessness into secure housing and are significantly less expensive to construct than traditional housing. These funds must be awarded to projects with a total project development cost per housing unit of less than \$125,000, excluding the value of land, off-site infrastructure costs, and any capitalized reserves, compliant with the Americans with disabilities act, and with a commitment by the applicant to maintain the housing units for at least a fifty year period.

(c) \$10,000,000 of the appropriation in this section is provided solely for a state match or state matches on private contributions that fund the production and preservation of affordable housing. Awards must be made using a competitive process. (B) The population served, with priority given to projects with at least 50 percent of the housing units being

occupied by families and individuals at or below 50 percent area median income;

(C) The degree to which the applicant demonstrates that the improvements will result in a reduction of operating or utilities costs, or both;

(D) The potential for additional years added to the affordability period of the property; and

(E) Other criteria that the department considers necessary to achieve the purpose of this program.

(e)(i) \$7,000,000 of the appropriation in this section is provided solely for loans or grants to design and construct ultra-high energy efficient affordable housing projects.

(ii) To receive funding, a project must provide a life-cycle cost analysis report to the department and must demonstrate energy-saving and renewable energy systems either designed to reach net-zero energy use after housing is fully occupied or designed to achieve the most recent building standard of the passive house institute US as of the effective date of this section.

(iii) The department must consider, at a minimum and in any order, the following factors in assigning a numerical ranking to a project:

(A) Whether the proposed design has demonstrated that the project will achieve either net-zero energy use when fully occupied or will achieve the most recent building standard of the passive house institute US as of the effective date of this section;

(B) The life-cycle cost of the project;

(C) That the project demonstrates a design, use of materials, and construction process that can be replicated by the Washington building industry;

(H) Reduction of housing and utilities carbon footprint; and

(I) Other criteria that the department considers necessary to achieve the purpose of this program.

(g) \$57,050,000 of the appropriation in this section is provided solely for affordable housing projects that serve and benefit low-income and special needs populations in need of housing. Of the amounts appropriated in this subsection, the department must allocate the funds as follows:

(i) \$5,000,000 of the appropriation in this section is provided solely for housing for veterans;

(ii) \$5,000,000 of the appropriation in this section is provided solely for housing that serves people with developmental disabilities;

(iii) \$5,000,000 of the appropriation in this section is provided solely for housing that serves people who are employed as farmworkers; and

(iv)(A) \$5,000,000 of the appropriation in this section is provided solely for housing projects that benefit homeownership.

(B) During the 2019-2021 fiscal biennium, the department must use a separate application form for applications to provide homeownership opportunities and evaluate homeownership project applications as allowed under chapter 43.185A RCW.

(C) In addition to the definition of "first-time home buyer" in RCW 43.185A.010, for the purposes of awarding homeownership projects during the 2019-2021 fiscal biennium "first time home buyer" also includes:

(I) A single parent who has only owned a home with a former spouse while married;

(II) An individual who is a displaced homemaker as defined in 24 C.F.R. Sec. 93.2 as it existed on the effective date of this section, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section, and has only owned a home with a spouse;

(III) An individual who has only owned a principal residence not permanently affixed to a permanent foundation in accordance with applicable regulations; or

(IV) An individual who has only owned a property that is discerned by a licensed building inspector as being uninhabitable.

(2) In evaluating projects in this section, the department must give preference for applications based on some or all of the criteria in RCW 43.185.070(5).

(3)(a) The department must strive to allocate all of the amounts appropriated in this section within the 2019-2021 fiscal biennium in the manner prescribed in subsection (1) of this section. However, if upon review of applications the department determines there are not adequate suitable projects in a category, the department may allocate funds to projects serving other low-income and special needs populations, provided those projects are located in an area with an identified need for the type of housing proposed.

(b) By June 30, 2021, the department must report on its web site the following for every previous funding cycle: The number of homeownership and multifamily rental projects funded by housing trust fund moneys; the percentage of housing trust fund investments made to homeownership and multifamily rental projects; and the total number of households being served at up to eighty percent of the area median income, up to fifty percent of the area median income, and up to thirty percent of the area median income, for both homeownership and multifamily rental projects.

(4)(a) The department, in cooperation with the housing finance commission, must develop and implement a process for the collection of certified final development cost data from each grant or loan recipient under this section. The department must use this data as part of its cost containment policy.

(b) Beginning December 1, 2019, and continuing annually, the department must provide the legislature with a report of its final cost data for each project under this section. Such cost data must, at a minimum, include total development cost per unit for each project completed within the past year, descriptive statistics such as average and median per unit costs, regional cost variation, and other costs that the department deems necessary to improve cost controls and enhance understanding of development costs. The department must coordinate with the housing finance commission to identify relevant development costs data and ensure that the measures are consistent across relevant agencies.

(5) The legislature recognizes projects serving households at or below 30 percent of area median income may not generate sufficient income to support long-term

operations and services. In evaluating loan terms for projects funded by the housing trust fund program, particularly projects serving at or below 30 percent area median income households, the department must prioritize loan deferment to maintain long-term viability of projects.

Clean Energy Transition 4 (40000042)

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations are provided solely for projects that provide a benefit to the public through development, demonstration, and deployment of clean energy technologies that save energy and reduce energy costs, reduce harmful air emissions, or increase energy independence for the state. Priority must be given to projects that benefit vulnerable populations, including tribes and communities with high environmental or energy burden.

(2) In soliciting and evaluating proposals, awarding contracts, and monitoring projects under this section, the department must:

(a) Ensure that competitive processes, rather than sole source contracting processes, are used to select all projects, except as otherwise noted in this section; and

(b) Conduct due diligence activities associated with the use of public funds including, but not limited to, oversight of the project selection process, project monitoring, and ensuring that all applications and contracts fully comply with all applicable laws including disclosure and conflict of interest statutes.

(3)(a) Pursuant to chapter 42.52 RCW, the ethics in public service act, the department must require a project applicant to identify in application materials any state of Washington employees or former state employees employed by the firm or on the firm's governing board during the past twenty-four months. Application materials must identify the individual by name, the agency previously or currently employing the individual, job title or position held, and separation date. If it is determined by the department that a conflict of interest exists, the applicant may be disqualified from further consideration for award of funding.

(b) If the department finds, after due notice and examination, that there is a violation of chapter 42.52 RCW, or any similar statute involving a grantee who received funding under this section, either in procuring or performing under the grant, the department in its sole discretion may terminate the funding grant by written notice. If the grant is terminated, the department must reserve its right to pursue all available remedies under law to address the violation.

(5) \$6,107,000 of the state building construction account—state appropriation is provided solely for grid modernization grants for projects that: Advance clean and renewable energy technologies and transmission and distribution control systems; support integration of renewable energy sources, deployment of distributed energy resources, and sustainable microgrids; and increase utility customer options for energy sources, energy efficiency, energy equipment, and utility services.

(a) Projects must be implemented by public and private electrical utilities that serve retail customers in the state. Priority must be given to: (i) Projects that benefit vulnerable populations, including tribes and communities with high environmental or energy burden; and (ii) projects that have a partner that is a tribe or nonprofit organization that serves community eligible entities. Utilities may partner with other public and private sector research organizations, businesses, tribes, and nonprofit organizations in applying for funding.

(b) The department shall develop a grant application process to competitively select projects for grant awards, to include scoring conducted by a group of qualified experts with application of criteria specified by the department. In development of the application criteria, the department shall, to the extent possible, allow smaller utilities or consortia of small utilities to apply for funding.

(c) Applications for grants must disclose all sources of public funds invested in a project.

Clean energy organizations who compete for grants from the program may not participate in the design of the grant program. Criteria for the grant program must include life cycle cost analysis for projects that are part of the competitive process.

(c) The program may include, but is not limited to: Solar technologies, advanced bioenergy and biofuels, development of new earth abundant materials or lightweight materials, advanced energy storage, battery components recycling, and new renewable energy and energy efficiency technologies.

(d) \$1,000,000 of the state building construction account—state appropriation is provided solely for grants that enhance the viability of dairy digester bioenergy projects, energy efficiency, and resource recovery to demonstrate advanced nutrient recovery systems that produce value added biofertilizers, reduce trucking of lagoon water, and improve soil health and air and water quality. (1) The appropriation in this section is provided solely for the department of commerce to issue grants to community hospitals or other community providers to expand and establish new capacity for behavioral health services in communities. The department of commerce must consult an advisory group consisting of representatives from the department of social and health services, the health care authority, one representative from a managed care organization, one representative from an accountable care organization, and one representative from the association of county human services. Amounts provided in this section may be used for construction and equipment costs associated with establishment of the facilities. Amounts provided in this section may not be used for operating costs associated with the treatment of patients using these services.

(2) The department must establish criteria for the issuance of the grants, which must include:

(b) Evidence that the applicant has assessed and would meet gaps in geographical behavioral health services needs in their region;

(c) Evidence that the applicant is able to meet applicable licensing and certification requirements in the facility that will be used to provide services;

(d) A commitment by applicants to serve persons who are publicly funded and persons detained under the involuntary treatment act under chapter 71.05 RCW;

(e) A commitment by the applicant to maintain and operate the beds or facility for a time period commensurate to the state investment, but for at least a fifteen-year period;

(f) The date upon which structural modifications or construction would begin and the anticipated date of completion of the project;

(g) A detailed estimate of the costs associated with opening the beds;

(h) A financial plan demonstrating the ability to maintain and operate the facility; and

(i) The applicant's commitment to work with local courts and prosecutors to ensure that prosecutors and courts in the area served by the hospital or facility will be available to conduct involuntary commitment hearings and proceedings under chapter 71.05 RCW.

(3) In awarding funding for projects in subsection (5) of this section, the department, in consultation with the advisory group established in subsection (1) of this section, must strive for geographic distribution and allocate funding based on population and service needs of an area. The department must consider current services available, anticipated services available based on projects underway, and the service delivery needs of an area.

The percentage of the public investment may not exceed eighty-five percent of the total cost of the conservation measure or irrigation efficiency.

State Forest Land Replacement (40000032)

The appropriation in this section is subject to the following conditions and limitations:

(1)(a) The appropriation is provided solely to the department to transfer from state forestland status to natural resources conservation area status certain state forestlands in counties with:

(i) A population of twenty-five thousand or fewer; and

(ii) Risks of timber harvest deferrals greater than thirty years due to the presence of wildlife species listed as endangered or threatened under the federal endangered species act.

(b) This appropriation must be used equally for the transfer of qualifying state forestlands in the qualifying counties.

(2) Property transferred under this section must be appraised and transferred at fair market value, without

consideration of management or regulatory encumbrances associated with wildlife species listed under the federal endangered species act. The value of the timber and other valuable materials transferred must be distributed as provided in RCW 79.64.110. The value of the land transferred must be deposited in the park land trust revolving account and be used solely to buy replacement state forestland, consistent with RCW 79.22.060.

(3) Prior to or concurrent with conveyance of these properties, the department shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section. Transfer agreements for properties identified in subsection (1) of this section must include terms that restrict the use of the property to the intended purpose.

(4) The department and applicable counties shall work in good faith to carry out the intent of this section. The department will identify eligible properties for transfer, consistent with subsections (1) and (2) of this section, in consultation with the applicable counties, and will not execute any property transfers that are not in the statewide interest of either the state forest trust or the natural resources conservation area program.

Trust Land Transfer Program (40000034)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is provided solely for the department of natural resources to transfer from trust status certain trust lands of statewide significance deemed appropriate for state parks, fish and wildlife habitats, natural area preserves, natural resources conservation areas, department of natural resources community forest open spaces, or recreation purposes. The approved property for

transfer is identified in the LEAP capital document No. 2019-9H, developed April 27, 2019.

(2) Property transferred under this section must be appraised and transferred at fair market value. By September 30, 2019, the department must deposit in the common school construction account the portion of the appropriation in this section that represents the estimated value of the timber on the transferred properties. This transfer must be made in the same manner as timber revenues from other common school trust lands. No deduction may be made for the resource management cost account under RCW 79.64.040. The portion of the appropriation in this section that represents the value of the land transferred must be deposited in the natural resources real property replacement account.

(3) All reasonable costs incurred by the department to implement this section are authorized to be paid out of the appropriations. Authorized costs include the actual cost of appraisals, staff time, environmental reviews, surveys, and other similar costs, and may not exceed one and nine-tenths percent of the appropriation.

(4) By June 30, 2021, land within the common school trust shall be exchanged for land of equal value held for other trust beneficiaries of the property identified in subsection (1) of this section.

(5) Prior to or concurrent with conveyance of these properties, the department shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section. Fee transfer agreements for properties identified in subsection (1) of this section must include terms that perpetually restrict the use of the property to the intended purpose. Transfer agreements may include provisions for receiving agencies to request alternative uses of the property, provided the alternative uses are compatible with the originally intended public purpose and the department and legislature approves such uses.

(6) The department shall work in good faith to carry out the intent of this section.

(7) By June 30, 2021, the state treasurer shall transfer to the common school construction account any unexpended balance of the appropriation in this section.

The appropriation in this section is subject to the following conditions and limitations:

(1) The department, in consultation with the office of emergency management, the office of the superintendent of public instruction, and the state board of education, shall develop a prioritized seismic risk assessment that includes seismic safety surveys of public facilities that are subject to high seismic risk because of high earthquake hazard and soils that amplify that hazard.

(2) The survey must be a representative sample of public facilities located in high priority areas as determined in the 2017-19 survey of public school seismic safety assessments and tsunami inundation zones as published by the department. The survey must use the results of the 2017-19 survey's findings to prioritize school buildings based on geologic and engineering results.

(3) The seismic safety surveys must be conducted for the following types of public facilities in the following order:

(a) A portion of public school facilities that are routinely used for the instruction of students in kindergarten through twelfth grade and in school districts that have held successful bond elections within the previous three years;

(b) A portion of the remaining public school facilities that are routinely used for the instruction of students in kindergarten through twelfth grade;

(c) Fire stations located within a one-mile radius of a facility described in (a) or (b) of this subsection.

(4) The department must coordinate and maximize survey efforts made under subsection (3)(a), (b), and (c) of this section whenever possible.

(5) The initial phase of the prioritized seismic needs assessment of the facilities specified in subsection (3)(a) and (b) of this section shall include, but is not limited to, the following:

(a) An on-site assessment, under the supervision of licensed geologists, of the seismic site class of the soils at the facilities;

(b) An on-site inspection of the facility buildings, including structural systems using structural plans where available, condition, maintenance, and nonstructural seismic hazards following standardized methods by licensed structural engineers;

(c) An estimate of costs to retrofit a prioritized subset of the facilities specified in subsection (3)(a) and (b) of this section to life safety standards as defined by the American society of civil engineers; and

(d) An estimate of costs to retrofit a prioritized subset of facilities specified in subsection (3)(c) of this section to immediate occupancy standards as defined by the American society of civil engineers.

(6) The department must collect and submit survey data to the superintendent of public instruction in a format compatible with the inventory and condition of schools database. The department must enter into an agreement with the superintendent of public instruction to make any

necessary modifications to the inventory and condition of schools database to receive and report the survey data.

(7) The department must share that data with the school districts where the surveys were conducted, the schools where the surveys were conducted, the governor, and the appropriate legislative committees.

(8) The department and the office of the superintendent of public instruction must provide technical assistance to the school facilities sampled to incorporate survey information into their school safety plans.

(1) \$2,000,000 of the common school construction account—state appropriation is provided solely for emergency repair grants to address unexpected and imminent health and safety hazards at K-12 public schools, including skill centers, that will impact the day-to-day operations of the school facility, and this is the maximum amount that may be spent for this purpose. For emergency repair grants only, an emergency declaration must be signed by the school district board of directors and submitted to the superintendent of public instruction for consideration. The emergency declaration must include a description of the imminent health and safety hazard, the possible cause, the proposed scope of emergency repair work and related cost estimate, and identification of local funding to be applied to the project. Grants of emergency repair moneys must be conditioned upon the written commitment and plan of the school district board of directors to repay the grant with any insurance payments or other judgments that may be awarded, if applicable.

(2) \$3,000,000 of the state building construction account—state appropriation is provided solely for urgent repair grants to address nonrecurring urgent small repair projects at K-12 public schools, excluding skill centers, that could impact the health and safety of students and staff if not completed, and this is the maximum amount that may be spent for this purpose. The office of the superintendent of public instruction, after consulting with maintenance and operations administrators of school districts, shall develop criteria and assurances for providing funding for specific projects through a competitive grant program. The criteria and assurances must include, but are not limited to, the following: (a) Limiting school districts to one grant, not to exceed \$200,000, per three-year period; (b) prioritizing applications based on limited school district financial resources for the project; and (c) requiring any district receiving funding provided in this section to demonstrate a consistent commitment to addressing school facility needs. The grant applications must include a comprehensive description of the health and safety issues to be addressed, a detailed description of the remedy, including a detailed cost estimate of the repair or replacement work to be performed, and identification of local funding, if any, which will be applied to the project. Grants may be used for, but are not limited to: Repair or replacement of failing building systems; abatement of potentially hazardous materials; and safety-related structural improvements.

(3) \$1,000,000 of the state building construction account—state appropriation is provided solely for equal access grants for facility repairs and alterations at K-12 public schools, including skills centers, to improve

compliance with the Americans with disabilities act and individuals with disabilities education act, and this is the maximum amount that may be spent for this purpose. The superintendent of public instruction shall develop criteria and assurances for providing funding for specific projects through a competitive grant program. The criteria and assurances must include, but are not limited to, the following: (a) Limiting districts to one grant, not to exceed \$100,000, per three-year period; (b) prioritizing applications based on limited school district financial resources for the project; and (c) requiring recipient districts to demonstrate a consistent commitment to addressing school facility needs. The grant applications must include a description of the Americans with disabilities act or individuals with disabilities education act compliance deficiency, a comprehensive description of the facility accessibility issues to be addressed, a detailed description of the remedy including a detailed cost estimate of the repair or replacement work to be performed, and identification of local funding, if any, which will be applied to the project. Priority for grant funding must be given to school districts that demonstrate a lack of capital resources to address the compliance deficiencies outlined in the grant application.

(4) The superintendent of public instruction must notify the office of financial management, the legislative evaluation and accountability program committee, the house capital budget committee, and the senate ways and means committee as projects described in subsection (1) of this section are approved for funding.

2019-21 Small District Modernization Grants (92000139)

The appropriation in this section is subject to the following conditions and limitations:

(1) The legislature finds that small school districts with total enrollments of one thousand students or less may have school facilities with significant building systems deficiencies and low property values, and that raising enough funds to participate in the school construction

assistance program to replace or modernize their school facilities would present an extraordinary tax burden on property owners or would exceed allowable debt.

(2) \$200,000 of the appropriation is provided solely for the office of the superintendent of public instruction to administer the grant program and provide technical assistance to small school districts seeking grants funded in this section.

(3) \$1,000,000 of the appropriation is provided solely for planning grants for small school districts interested in seeking modernization grants in subsection (4) of this section. The superintendent may prioritize planning grants for school districts with the most serious building deficiencies and the most limited financial capacity. Planning grants may not exceed \$50,000 per district.

(4) The remaining portion of the appropriation is provided solely for modernization grants for small school districts with significant building system deficiencies and limited financial capacity with the following conditions:

(a) The superintendent of public instruction must appoint an advisory committee whose members have experience in financing and managing school facilities in small school districts to assist the office in designing the grant application process, developing the prioritization criteria, and evaluating the grant applications. Advisory committee members may not be involved in developing projects or applying for grants funded in this section.

(b) In addition to prioritization criteria developed by the office of the superintendent of public instruction and the advisory committee pursuant to (4)(a) of this section, the office and the advisory committee must also prioritize projects that: (i) Improve student health, safety, and academic performance for the largest number of students; (ii) provide the most available school district resources, including in-kind resources; and (iii) make use of mass-timber products, including cross-laminated timber, or aggregates and concretes materials.

(c) The superintendent must submit a list of small school district modernization projects, as prioritized by the advisory committee, to the legislature by January 15, 2020. The list must include: (i) A description of the project; (ii) the proposed state funding level, not to exceed \$5,000,000; (iii) estimated total project costs; and (iv) local funding resources. The appropriated funds in this subsection may be awarded only after the legislature approves the list.

(5) For projects in this section that are also eligible for funding through the school construction assistance program, the office of the superintendent of public instruction must expedite and streamline the administrative requirements, timelines, and matching requirements for the funds provided in this section to be used promptly. Funds provided in this section plus state funds provided in the school construction assistance program grant must not exceed total project costs minus available local resources.

(3) \$3,100,000 of the appropriation in this section is provided solely for heating and ventilation upgrades at North Beach elementary school in Seattle public schools.

(4) The remaining portion of the appropriation is provided solely for competitive grants for modular classrooms made with mass timber products, including cross-laminated timber, for the purpose of replacing portables in school districts with space challenges due to unavailable land for new school facilities to accommodate enrollment growth or with an overdependent use of portables to provide classroom space. The grants are subject to the following conditions and limitations:

(a) School districts are responsible for the costs of site preparation; required permits; delivery and installation of the modular classrooms; furnishings, fixtures, and equipment; utility connections; and any other infrastructure costs related to the modular classrooms;

(b) The office of the superintendent of public instruction must prioritize projects based on the following criteria in the following order:

(i) School districts with high ratios of portable classrooms to permanent classrooms;

**FOR THE DEPARTMENT OF COMMERCE**

2018 Local and Community Projects (40000005)

The appropriations in this section are subject to the following conditions and limitations:

(1) The department shall not expend the appropriations in this section unless and until the nonstate share of project costs have been either expended or firmly

committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is for design costs only.

(2) Prior to receiving funds, project recipients must demonstrate that the project site is under control for a minimum of ten years, either through ownership or a long-term lease. This requirement does not apply to appropriations for preconstruction activities or appropriations in which the sole purpose is to purchase real property that does not include a construction or renovation component.

(3) Projects funded in this section may be required to comply with Washington's high performance building standards as required by chapter 39.35D RCW.

(4) Project funds are available on a reimbursement basis only, and shall not be advanced under any circumstances.

(5) In contracts for grants authorized under this section the department shall include provisions which require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

At a minimum, the agreement must include strategies for increasing recruitment of health professionals required to staff psychiatric inpatient facilities, including psychiatrists, psychologists, nurses and other health care professionals. The agreement must also identify opportunities for coordination between the parties to expand access to clinical skill development and training opportunities in the region and strategies for collaborative service delivery between the parties when possible. To objectively evaluate the efficacy of the strategies implemented to achieve the desired outcomes of the agreement, performance measures and targets must be established to include:

(b) MultiCare-Franciscan and the department of social and health services must work collaboratively to decrease vacancy rates for hard-to-recruit health care professionals employed by each facility. The parties must develop strategies to attract more qualified health care professionals to the area and ensure comparable exposure to the benefits of working for each organization. The parties must measure the success of these strategies by the decrease in vacancy rate for health care professionals necessary to provide safe, quality inpatient psychiatric care in MultiCare-Franciscan and department facilities following the first year as the baseline of the partnership/consortium and with updated goals for each subsequent year. MultiCare-Franciscan and the department of social and health services must work to increase the competency and skills of health care professionals across both facilities by establishing organized joint- and cross-training programs. The parties must measure the success of this strategy by the number of health care professionals in total and by discipline complete cross-training activities and by the number and hours of cross-training opportunities offered under the agreement.

(7) The department of commerce shall notify all applicants that they may be required to have a construction review performed by the department of health.

(8) To accommodate the emergent need for behavioral health services, the department of health and the department of commerce, in collaboration with the health care authority and the department of social and health services, shall establish a concurrent and expedited process to assist grant applicants in meeting any applicable regulatory requirements necessary to operate inpatient psychiatric beds, free-standing evaluation and treatment facilities, enhanced services facilities, triage facilities, crisis stabilization facilities, detox, or secure detox.

(9) The department must strive to allocate all of the amounts appropriated within subsection (3) of this section in the manner prescribed. However, if upon review of applications, the department determines that there are not adequate suitable projects in a category, the department may allocate funds to other behavioral health capacity project categories within subsection (3) of this section, prioritizing projects in unserved areas of the state.

The appropriation in this section is subject to the following conditions and limitations:

(1) Except as directed otherwise prior to the effective date of this section, the department may not expend the appropriation in this section unless and until the nonstate share of project costs have been either expended, or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is released for design costs only.

(2) Prior to receiving funds, project recipients must demonstrate that the project site is under control for a minimum of ten years, either through ownership or a long-term lease. This requirement does not apply to appropriations for preconstruction activities or appropriations whose sole purpose is to purchase real property that does not include a construction or renovation component.

(3) Projects funded in this section may be required to comply with Washington's high performance building standards as required by chapter 39.35D RCW.

(4) Project funds are available on a reimbursement basis only, and shall not be advanced under any circumstances.

(5) Projects funded in this section must be held by the recipient for a minimum of ten years and used for the same purpose or purposes intended by the legislature as required in RCW 43.63A.125(6).

(6) Projects funded in this section, including those that are owned and operated by nonprofit organizations, are generally required to pay state prevailing wages.

(7) \$2,209,000 of the appropriation in this section is provided solely for the Fairchild air force base protection and community empowerment project, including the purchase of twenty acres of land by Spokane county or the city of Airway Heights for development of affordable housing and the purchase of mobile home parks by Spokane county or the city of Airway Heights in order to reduce the use of the accident potential zone for residential purposes. There shall be no limitations on the sequence of the purchase of mobile home parks. If Spokane county or the city of

Airway Heights subsequently rezones, develops, and leases the mobile home park property for commercial or industrial uses contrary to the allowed uses in the accident potential zone, Spokane county or the city of Airway Heights must repay to the state the amount spent on the purchase of mobile home parks in its entirety within ten years. Mobile home parks purchased under the provisions of this subsection may be sold by Spokane county or the city of Airway Heights, provided that the uses of the mobile home park property are not contrary to the allowed uses in the accident potential zone. Any moneys from this sale must be used to purchase other mobile home parks in the Fairchild air force base protection and community empowerment project. The twenty acres of land purchased under this subsection for development as affordable housing may be sold, in whole or in part, by the recipient, provided the property sold is used for affordable housing as required in the Fairchild air force base protection and community empowerment project. Recipients of funds provided under this subsection are not required to demonstrate that the project site is under their control for a minimum of ten years but they must demonstrate that the project site is under their control through ownership or long-term lease. Projects funded under this subsection are not required to meet the provisions of RCW 43.63A.125(6) and subsection (5) of this section.

Project designs and plans must also identify lands for acquisition needed for floodplain reconnection where pending or existing development eliminates the potential for riparian and aquatic habitat restoration. The city shall work cooperatively with the Muckleshoot Indian Tribe and the Puyallup Tribe of Indians, and develop a plan collaboratively to achieve both flood reduction and habitat restoration.

(9) Up to \$300,000 of the appropriation in this section for the veterans helping veterans: Emergency transition shelter project may be spent on preconstruction or preacquisition activities, including, but not limited to, building inspections, design of necessary renovations, cost estimation, and other activities necessary to identify and select a facility appropriate for the program. **FOR THE DEPARTMENT OF TRANSPORTATION**

Aviation Revitalization Loans (92000003)

The appropriation in this section is subject to the following conditions and limitations:

~~((1) This appropriation is provided solely for deposit into the public use general aviation airport loan revolving account created in section 7028 of this act for direct loans to political subdivisions of the state and privately owned airports for the purpose of improvements at public use airports that primarily support general aviation activities.~~

~~(2) The department must convene a community aviation revitalization board to develop criteria for selecting loan recipients, to develop a process for evaluating applications, and to make decisions. The board must consist of the capital budget chair and ranking minority member of the capital budget committee of the house of representatives and the senate ways and means committee, and a representative from both the department of transportation's aviation division and the department of commerce. The board must also consist of the following members appointed by the secretary of transportation: One port district official, one county official, one city official, one representative of airport managers, and one representative of pilots. The chair of the board must be selected by the secretary of transportation. The members of the board must elect one of their members to serve as vice chair. The director of commerce and the secretary of transportation must serve as nonvoting advisory members of the board.~~

~~(3) The board may provide loans to privately owned airports for the purpose of airport improvements only if the state is receiving commensurate public benefit, such as guaranteed long term public access to the airport as a condition of the loan. For purposes of this subsection, "public use airports that primarily support general aviation activities" means all public use airports not listed as having more than fifty thousand annual commercial air service passenger enplanements as published by the federal aviation administration.~~

~~(4) An application for loan funds under this section must be made in the form and manner as the board may prescribe. When evaluating loan applications, the board must prioritize applications that provide conclusive justification that completion of the loan application project will create revenue generating opportunities. The board is not limited to, but must also use, the following expected outcome conditions when evaluating loan applications:~~

~~(a) A specific private development or expansion is ready to occur and will occur only if the aviation facility improvement is made;~~

~~(b) The loan application project results in the creation of jobs or private sector capital investment as determined by the board;~~

~~(c) The loan application project improves opportunities for the successful maintenance, operation, or expansion of an airport or adjacent airport business park;~~

~~(d) The loan application project results in the creation or retention of long term economic opportunities; and~~

~~(e) The loan application project results in leveraging additional federal funding for an airport.~~

~~(5) The repayment of any loan made from the public use general aviation airport loan revolving account under the contracts for aviation loans must be paid into the public use general aviation airport loan revolving account.)) (1)(a) The department of transportation must convene a community aviation revitalization board to exercise the powers granted under this section.~~

~~(b) The board must consist of a representative from the department of transportation's aviation division, the public works board, and a nonlegislative member of the community economic revitalization board. The board must also consist of the following members appointed by the secretary of transportation: One port district official, one county official, one city official, one representative of airport managers, and one representative of a general aviation pilots organization within Washington that has an active membership and established location, chapter, or appointed representative within Washington. The appointive members must initially be appointed to terms as follows: Two members for two-year terms, and three members for three-year terms which must include the chair. Thereafter, each succeeding term must be for three years. The chair of the board must be selected by the secretary of transportation. The members of the board must elect one of their members to serve as vice chair.~~

~~(c) Management services, including fiscal and contract services, must be provided by the department of transportation to assist the board in implementing this section.~~

~~(d) If a vacancy occurs by death, resignation, or otherwise of appointive members of the board, the secretary of transportation must fill the vacancy for the unexpired term. Members of the board may be removed for malfeasance or misfeasance in office, upon specific written charges by the secretary of transportation, under chapter 34.05 RCW.~~

~~(e) A member appointed by the secretary of transportation may not be absent from more than fifty percent of the regularly scheduled meetings in any one calendar year. Any member who exceeds this absence limitation is deemed to have withdrawn from the office and may be replaced by the secretary of transportation.~~

(f) A majority of members currently appointed constitutes a quorum.

(g) The board must meet three times a year or as deemed necessary by the department of transportation.

(h) Staff support to the board must be provided by the department of transportation as needed.

(2) In addition to other applicable provisions of law pertaining to conflicts of interest of public officials, any community aviation revitalization board member, appointive or otherwise, may not participate in any decision on any board contract in which the board member has any interests, direct or indirect, with any firm, partnership, corporation, or association that would be the recipient of any aid under this section. If such participation occurs, the board must void the transaction and the involved member is subject to further sanctions as provided by law. The board must adopt a code of ethics for its members, which must be designed to protect the state and its citizens from any unethical conduct by the board.

(3) The community aviation revitalization board may:

(a) Adopt bylaws for the regulation of its affairs and the conduct of its business;

(b) Adopt an official seal and alter the seal at its pleasure;

(c) Utilize the services of other governmental agencies;

(d) Accept from any federal agency loans or grants for the planning or financing of any project and enter into an agreement with the agency respecting the loans or grants;

(e) Conduct examinations and investigations and take testimony at public hearings of any matter material for its information that will assist in determinations related to the exercise of the board's lawful powers;

(f) Accept any gifts, grants, loans of funds, property, or financial or other aid in any form from any other source on any terms and conditions that are not in conflict with this section;

(g) Enter into agreements or other transactions with and accept grants and the cooperation of any governmental agency in furtherance of this section;

(h) Adopt rules under chapter 34.05 RCW as necessary to carry out the purposes of this section; and

(i) Perform all acts and things necessary or convenient to carry out the powers expressly granted or implied under this section.

(4)(a) The community aviation revitalization board may make direct loans to airport sponsors of public use airports in the state for the purpose of airport improvements that primarily support general aviation activities. The board may provide loans for the purpose of airport improvements only if the state is receiving commensurate public benefit, which must include, as a condition of the loan, a commitment to provide public access to the airport for a

period of time equivalent to one and one-half times the term of the loan. For purposes of this subsection, "public use airports" means all public use airports not listed as having more than seventy-five thousand annual commercial air service passenger enplanements as published by the federal aviation administration.

(b) An application for loan funds under this section must be made in the form and manner as the board may prescribe. When evaluating loan applications, the board must prioritize applications that provide conclusive justification that completion of the loan application project will create revenue generating opportunities. The board is not limited to, but must also use, the following expected outcome conditions when evaluating loan applications:

(i) A specific private development or expansion is ready to occur and will occur only if the aviation facility improvement is made;

(ii) The loan application project results in the creation of jobs or private sector capital investment as determined by the board;

(iii) The loan application project improves opportunities for the successful maintenance, operation, or expansion of an airport or adjacent airport business park;

(iv) The loan application project results in the creation or retention of long-term economic opportunities; and

(v) The loan application project results in leveraging additional federal funding for an airport.

(c)(i) If the board chooses to require a local match, the board must develop guidelines for local participation and allowable match and activities.

(ii) An application must:

(A) Be supported by the port district, city, or county in which the project is located; or

(B) Clearly identify the source of funds intended to repay the loan.

(5) The public use general aviation airport loan program, when authorized by the community aviation revitalization board, is subject to the following conditions:

(a) The moneys in the public use general aviation airport loan revolving account created in section 7037 of this act must be used only to fulfill commitments arising from loans authorized in this section. The total outstanding amount that the board must dispense at any time pursuant to this section must not exceed the moneys available from the account.

(b) On contracts made for public use general aviation airport loans, the board must determine the interest rate that loans must bear. The interest rate must not exceed the amount needed to cover the administrative expenses of the board and the loan program. The board may provide reasonable terms and conditions for the repayment of loans, with the repayment of a loan to begin no later than three years after the award date of the loan. The loans must not exceed twenty years in duration.

(c) The repayment of any loan made from the public use general aviation airport loan revolving account under the contracts for aviation loans must be paid into the public use general aviation airport loan revolving account.

(6) All receipts from moneys collected under this section must be deposited into the public use general aviation airport loan revolving account created in section 7037 of this act.

**NEW SECTION. Sec. 7003.** (1) To ensure that major construction projects are carried out in accordance with legislative and executive intent, agencies must complete a predesign for state construction projects with a total anticipated cost in excess of \$5,000,000, or \$10,000,000 for higher education institutions. "Total anticipated cost" means the sum of the anticipated cost of the predesign, design, and construction phases of the project.

(2) Appropriations for design may not be expended or encumbered until the office of financial management has reviewed and approved the agency's predesign.

(3) The predesign must explore at least three project alternatives. These alternatives must be both distinctly different and viable solutions to the issue being addressed. The chosen alternative should be the most reasonable and cost-effective solution. The predesign document must include, but not be limited to, program, site, and cost analysis, and an analysis of the life-cycle costs of the alternatives explored, in accordance with the predesign manual adopted by the office of financial management.

(4) The office of financial management may make an exception to the predesign requirements in this section after notifying the legislative fiscal committees and waiting ten days for comment by the legislature regarding the proposed exception.

**NEW SECTION. Sec. 7004.** (1) The legislature finds that use of life-cycle cost analysis will aid public entities, architects, engineers, and contractors in making design and construction decisions that positively impact both the initial construction cost and the ongoing operating and maintenance cost of a project. To ensure that the total cost of a project is accounted for and the most reasonable and cost efficient design is used, agencies shall develop life-cycle costs for any construction project over \$10,000,000. The life-cycle costs must represent the present value sum of capital costs, installation costs, operating costs, and maintenance costs over the life expectancy of the project. The legislature further finds the most effective approach to the life-cycle cost analysis is to integrate it into the early part of the design process.

(2) Agencies must develop a minimum of three project alternatives for use in the life-cycle cost analysis. These alternatives must be both distinctly different and viable solutions to the issue being addressed. The chosen alternative must be the most reasonable and cost-effective solution. A brief description of each project alternative and why it was chosen must be included in the life-cycle cost analysis section of the predesign.

(3) The office of financial management shall: (a) Make available a life-cycle cost model to be used for analysis; (b) in consultation with the department of enterprise services, provide assistance in using the life-cycle cost model; and (c) update the life-cycle cost model annually including assumptions for inflation rates, discount rates, and energy rates.

(4) Agencies shall consider architectural and engineering firms' and general contractors' experience using life-cycle costs, operating costs, and energy efficiency measures when selecting an architectural and engineering firm, or when selecting contractors using alternative contracting methods.

**NEW SECTION. Sec. 7005.** Agencies administering construction projects with a total anticipated cost in excess of \$5,000,000, or \$10,000,000 for higher education institutions, must submit progress reports to the office of financial management and to the fiscal committees of the house of representatives and senate. "Total anticipated cost" means the sum of the anticipated cost of the predesign, design, and construction phases of the project. Reports must be submitted on July 1st and December 31st of each year in a format determined by the office of financial management. After the project is completed, agencies must also submit a closeout report that identifies the total project cost and any unspent appropriations.

**NEW SECTION. Sec. 7006.** (1) Allotments for appropriations in this act shall be provided in accordance with the capital project review requirements adopted by the office of financial management and in compliance with RCW 43.88.110. Projects that will be employing alternative public works construction procedures under chapter 39.10 RCW are subject to the allotment procedures defined in this section and RCW 43.88.110.

(2) Each project is defined as proposed in the legislative budget notes or in the governor's budget document.

**NEW SECTION. Sec. 7007.** (1) The office of financial management may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes that govern the grants. However, the office of financial management may transfer funds from the emergency repair pool to supplement the western state hospital wards renovations for forensic services project in section 2035 of this act if bids exceed the project appropriation.

(2) The office of financial management may find that an amount is in excess of the amount required for the completion of a project only if: (a) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (b) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can

be completed within the biennium for less than the amount appropriated in this act.

(3) For the purposes of this section, the intent is that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

(4) A report of any transfer effected under this section, except emergency projects or any transfer under \$250,000, shall be filed with the legislative fiscal committees of the senate and house of representatives by the office of financial management at least thirty days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer. However, the office of financial management may effect one or more transfers to supplement the western state hospital wards renovations for forensic services project in section 2035 of this act without waiting thirty days for fiscal committee response.

**NEW SECTION. Sec. 7008.** (1) It is expected that projects be ready to proceed in a timely manner depending on the type or phase of the project or program that is the subject of the appropriation in this act. Except for major projects that customarily may take more than two biennia to complete from predesign to the end of construction, or large infrastructure grant or loan programs supporting projects that often take more than two biennia to complete, the legislature generally does not intend to reappropriate funds more than once, particularly for smaller grant programs, local/community projects, and minor works.

(2) Agencies shall expedite the expenditure of reappropriations and appropriations in this act in order to: (a) Rehabilitate infrastructure resources; (b) accelerate environmental rehabilitation and restoration projects for the improvement of the state's natural environment; (c) reduce additional costs associated with acquisition and construction inflationary pressures; and (d) provide additional employment opportunities associated with capital expenditures.

(3) To the extent feasible, agencies are directed to accelerate expenditure rates at their current level of permanent employees and shall use contracted design and construction services wherever necessary to meet the goals of this section.

**NEW SECTION. Sec. 7009.** (1) Any building project that receives over \$10,000,000 in funding from the capital budget must be built to sustainable standards. "Sustainable building" means a building that integrates and optimizes all major high-performance building attributes, including energy efficiency, durability, life-cycle performance, and occupant productivity. The following design and construction attributes must be integrated into the building project:

(a) Employ integrated design principles: Use a collaborative, integrated planning and design process that initiates and maintains an integrated project team in all stages of a project's planning and delivery. Establish

performance goals for siting, energy, water, materials, and indoor environmental quality along with other comprehensive design goals and ensures incorporation of these goals throughout the design and life-cycle of the building. Consider all stages of the building's life-cycle, including deconstruction.

(b) Commissioning: Employ commissioning practices tailored to the size and complexity of the building and its system components in order to verify performance of building components and systems and help ensure that design requirements are met. This should include an experienced commissioning provider, inclusion of commissioning requirements in construction documents, a commissioning plan, verification of the installation and performance of systems to be commissioned, and a commissioning report.

(c) Optimize energy performance: Establish a whole building performance target that takes into account the intended use, occupancy, operations, plug loads, other energy demands, and design to earn the ENERGY STAR targets for new construction and major renovation where applicable. For new construction target low energy use index. For major renovations, target reducing energy use by fifty percent below prerenovations baseline.

(d) On-site renewable energy: Meet at least thirty percent of the hot water demand through the installation of solar hot water heaters, when life-cycle cost effective. Implement renewable energy generation projects on agency property for agency use, when life-cycle cost effective.

(e) Measurement and verification: Where appropriate, install building level electricity meters in new major construction and renovation projects to track and continuously optimize performance. Include equivalent meters for natural gas and steam, where natural gas and steam are used. Where appropriate, install dashboards inside buildings to display and incentivize occupants on energy use.

(f) Benchmarking: Compare performance data from the first year of operation with the energy design target. Verify that the building performance meets or exceeds the design target. For other building and space types, use an equivalent benchmarking tool.

**NEW SECTION. Sec. 7010.** State agencies, including institutions of higher education, shall allot and report full-time equivalent staff for capital projects in a manner comparable to staff reporting for operating expenditures.

**NEW SECTION. Sec. 7011.** Executive Order No. 05-05, archaeological and cultural resources, was issued effective November 10, 2005. Agencies shall comply with the requirements set forth in this executive order.

**NEW SECTION. Sec. 7012.** FOR THE ARTS COMMISSION—ART WORK ALLOWANCE. (1) One-half of one percent of moneys appropriated in this act for original construction of school plant facilities is provided solely for the purposes of RCW 28A.335.210.

(2) One-half of one percent of moneys appropriated in this act for original construction or any major renovation or remodel work exceeding \$200,000 by colleges or universities is provided solely for the purposes of RCW 28B.10.027.

(3) One-half of one percent of moneys appropriated in this act for original construction of any public building by a state agency identified in RCW 43.17.200 is provided solely for the purposes of RCW 43.17.200.

(4) At least eighty percent of the moneys spent by the Washington state arts commission during the 2019-2021 biennium for the purposes of RCW 28A.335.210, 28B.10.027, and 43.17.200 must be expended solely for direct acquisition of works of art. Art allocations not expended within the ensuing two biennia will lapse. The commission may use up to \$200,000 of this amount to conserve or maintain existing pieces in the state art collection.

**NEW SECTION. Sec. 7013.** To carry out the provisions of this act, the governor may assign responsibility for predesign, design, construction, and other related activities to any appropriate agency.

**NEW SECTION. Sec. 7014.** If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with funds available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the senate ways and means committee and the house of representatives capital budget committee.

**NEW SECTION. Sec. 7015.** (1) Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditures of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

(2) Provision of the full amount of required matching funds is not required to permit the expenditure of capital budget appropriations for phased projects if a proportional amount of the required matching funds is provided for each distinct, identifiable phase of the project.

**NEW SECTION. Sec. 7016. NONTAXABLE AND TAXABLE BOND PROCEEDS.** Portions of the appropriation authority granted by this act from the state building construction account, or any other account receiving bond proceeds, may be transferred to the state taxable building construction account as deemed necessary by the state finance committee to comply with the federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds. Portions of the general obligation bond proceeds authorized by chapter . . . , Laws of 2019, (Substitute House Bill No. 1101, the general obligation bond bill) for deposit into the state taxable building construction account that are in excess of amounts required to comply with the federal internal revenue service rules and regulations shall be deposited into the state

building construction account. The state treasurer shall submit written notification to the director of financial management if it is determined that a shift of appropriation authority between the state building construction account, or any other account receiving bond proceeds, and the state taxable building construction account is necessary, or that a shift of appropriation authority from the state taxable building construction account to the state building construction account may be made.

**NEW SECTION. Sec. 7017.** (1) Minor works project lists are single line appropriations that include multiple projects of a similar nature and that are valued between \$25,000 and \$1,000,000 each, with the exception of higher education minor works projects that may be valued up to \$2,000,000. Funds appropriated in this act for minor works may not be initially allotted until agencies submit project lists to the office of financial management for review and approval.

(2) Revisions to the project lists, including the addition of projects and the transfer of funds between projects, are allowed but must be submitted to the office of financial management, the house of representatives capital budget committee, and the senate ways and means committee for review and comment, and must include an explanation of variances from prior lists. Any project list revisions must be approved by the office of financial management before funds may be expended from the minor works appropriation.

(3)(a) All minor works projects should be completed within two years of the appropriation with the funding provided.

(b) Agencies are prohibited from including projects on their minor works lists that are a phase of a larger project, and that if combined over a continuous period of time, would exceed \$1,000,000, or \$2,000,000 for higher education minor works projects.

(c) Minor works appropriations may not be used for the following: Studies, except for technical or engineering reviews or designs that lead directly to and support a project on the same minor works list; planning; design outside the scope of work on a minor works list; movable, temporary, and traditionally funded operating equipment not in compliance with the equipment criteria established by the office of financial management; software not dedicated to control of a specialized system; moving expenses; land or facility acquisition; rolling stock; computers; or to supplement funding for projects with funding shortfalls unless expressly authorized. The office of financial management may make an exception to the limitations described in this subsection (3)(c) for exigent circumstances after notifying the legislative fiscal committees and waiting ten days for comments by the legislature regarding the proposed exception.

(d) Minor works preservation projects may include program improvements of no more than twenty-five percent of the individual minor works preservation project cost.

(e) Improvements for accessibility in compliance with the Americans with disabilities act may be included in any of the minor works categories.

(1) The council shall identify budget priorities and levels of funding for higher education, including the two and four-year institutions of higher education and state financial aid programs. It is the intent of the legislature for the council to make budget recommendations for allocations for major policy changes in accordance with priorities set forth in the ten-year plan, but the legislature does not intend for the council to review and make recommendations on individual institutional budgets. It is the intent of the legislature that recommendations from the council prioritize funding needs

for the overall system of higher education in accordance with priorities set forth in the ten-year plan. It is also the intent of the legislature that the council's recommendations take into consideration the total per-student funding at similar public institutions of higher education in the global challenge states.

(2) By December of each odd-numbered year, the council shall outline the council's fiscal priorities under the ten-year plan that it must distribute to the institutions, the state board for community and technical colleges, the office of financial management, and the joint higher education committee.

(a) Capital budget outlines for the two-year institutions shall be submitted to the office of financial management by August 15th of each even-numbered year, and shall include the prioritized ranking of the capital projects being requested, a description of each capital project, and the amount and fund source being requested.

(c) The form of the prioritized list for capital projects requested by the four-year institutions of higher education

- (5) Institutions and the state board for community and technical colleges shall submit any supplemental capital budget requests and revisions to the office of financial management by November 1st and to the legislature by January 1st.

(6) For the 2017-2019 fiscal biennium and the 2019-2021 fiscal biennium, pursuant to subsection (4) of this section, the office of financial management may, but is not obligated to, develop one prioritized list of capital projects for the legislature to consider that includes all of the projects requested by the four-year institutions of higher education that were scored by the office of financial management pursuant to chapter 43.88D RCW, including projects that were previously scored but not funded.

**Sec. 7030.** RCW 43.63A.125 and 2011 1st sp.s. c 48 s 7027 are each amended to read as follows:

(1) The department shall establish the building communities fund program. Under the program, capital and technical assistance grants may be made to nonprofit organizations for acquiring, constructing, or rehabilitating facilities used for the delivery of nonresidential community services, including social service centers and multipurpose community centers, including those serving a distinct or ethnic population. Such facilities must be located in a distressed community or serve a substantial number of low-income or disadvantaged persons.

(2) The department shall establish a competitive process to solicit, evaluate, and rank applications for the building communities fund program as follows:

(a) The department shall conduct a statewide solicitation of project applications from nonprofit organizations.

(b) The department shall evaluate and rank applications in consultation with a citizen advisory committee using objective criteria. To be considered qualified, applicants must demonstrate that the proposed project:

- (i) Will increase the range, efficiency, or quality of the services provided to citizens;
- (ii) Will be located in a distressed community or will serve a substantial number of low-income or disadvantaged persons;
- (iii) Will offer three or more distinct activities that meet a single community service objective or offer a diverse

set of activities that meet multiple community service objectives, including but not limited to: Providing social services; expanding employment opportunities for or increasing the employability of community residents; or offering educational or recreational opportunities separate from the public school system or private schools, as long as recreation is not the sole purpose of the facility;

(iv) Reflects a long-term vision for the development of the community, shared by residents, businesses, leaders, and partners;

(v) Requires state funding to accomplish a discrete, usable phase of the project;

(vi) Is ready to proceed and will make timely use of the funds;

(vii) Is sponsored by one or more entities that have the organizational and financial capacity to fulfill the terms of the grant agreement and to maintain the project into the future;

(viii) Fills an unmet need for community services;

(ix) Will achieve its stated objectives; and

(x) Is a community priority as shown through tangible commitments of existing or future assets made to the project by community residents, leaders, businesses, and government partners.

(c) The evaluation and ranking process shall also include an examination of existing assets that applicants may apply to projects. Grant assistance under this section shall not exceed twenty-five percent of the total cost of the project, except, under exceptional circumstances, the department may reduce the amount of nonstate match required. However, during the 2019-2021 biennium, the legislature may waive the match required for the projects specified in section 1009 of this act. No more than ten percent of the total granted amount may be awarded to qualified eligible projects that meet the definition of exceptional circumstances defined in this subsection. For purposes of this subsection, exceptional circumstances include but are not limited to: Natural disasters affecting projects; emergencies beyond an applicant's control, such as a fire or an unanticipated loss of a lease where services are currently provided; or a delay that could result in a threat to public health or safety. The nonstate portion of the total project cost may include cash, the value of real property when acquired solely for the purpose of the project, and in-kind contributions.

(d) The department may not set a monetary limit to funding requests.

(3) The department shall submit biennially to the governor and the legislature in the department's capital budget request a ranked list of the qualified eligible projects for which applications were received. The list must include a description of each project, its total cost, and the amount of state funding requested. The appropriate fiscal committees of the legislature shall use this list to determine building communities fund projects that may receive funding in the capital budget. The total amount of state

capital funding available for all projects on the biennial list shall be determined by the capital budget beginning with the 2009-2011 biennium and thereafter. In addition, if cash funds have been appropriated, up to three million dollars may be used for technical assistance grants. The department shall not sign contracts or otherwise financially obligate funds under this section until the legislature has approved a specific list of projects.

(4) In addition to the list of ranked qualified eligible projects, the department shall submit to the appropriate fiscal committees of the legislature a summary report that describes the solicitation and evaluation processes, including but not limited to the number of applications received, the total amount of funding requested, issues encountered, if any, and any recommendations for process improvements.

(5) After the legislature has approved a specific list of projects in law, the department shall develop and manage appropriate contracts with the selected applicants; monitor project expenditures and grantee performance; report project and contract information; and exercise due diligence and other contract management responsibilities as required.

(6) In contracts for grants authorized under this section the department shall include provisions which require that capital improvements shall be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities shall be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

**Sec. 7031.** RCW 43.83.020 and 2015 1st sp.s. c 4 s 33 are each amended to read as follows:

(1) The state building construction account is hereby established in the state treasury and shall be used exclusively for the purposes of carrying out the provisions of the capital appropriation acts.

(2) During the ~~((2003-2005))~~ 2019-2021 fiscal biennium, the legislature may ~~((transfer))~~ direct the state treasurer to make transfers of moneys from the state building construction account to the ~~((conservation assistance))~~ advanced environmental mitigation revolving account ~~((such amounts as reflect the excess fund balance of the account)).~~

**Sec. 7032.** RCW 43.88D.010 and 2018 c 298 s 7013 are each amended to read as follows:

(1) By October 1st of each even-numbered year, the office of financial management shall complete an objective analysis and scoring of all capital budget projects proposed by the public four-year institutions of higher education and submit the results of the scoring process to the legislative fiscal committees and the four-year institutions. Each project must be reviewed and scored within one of the following categories, according to the project's principal purpose. Each project may be scored in only one category. The categories are:

(a) Access-related projects to accommodate enrollment growth at all campuses, at existing or new university centers, or through distance learning. Growth projects should provide significant additional student capacity. Proposed projects must demonstrate that they are based on solid enrollment demand projections, more cost-effectively provide enrollment access than alternatives such as university centers and distance learning, and make cost-effective use of existing and proposed new space;

(b) Projects that replace failing permanent buildings. Facilities that cannot be economically renovated are considered replacement projects. New space may be programmed for the same or a different use than the space being replaced and may include additions to improve access and enhance the relationship of program or support space;

(c) Projects that renovate facilities to restore building life and upgrade space to meet current program requirements. Renovation projects should represent a complete renovation of a total facility or an isolated wing of a facility. A reasonable renovation project should cost between sixty to eighty percent of current replacement value and restore the renovated area to at least twenty-five years of useful life. New space may be programmed for the same or a different use than the space being renovated and may include additions to improve access and enhance the relationship of program or support space;

(d) Major stand-alone campus infrastructure projects;

(e) Projects that promote economic growth and innovation through expanded research activity. The acquisition and installation of specialized equipment is authorized under this category; and

(f) Other project categories as determined by the office of financial management in consultation with the legislative fiscal committees.

(2) The office of financial management, in consultation with the legislative fiscal committees, shall establish a scoring system and process for each four-year project category that is based on the framework used in the community and technical college system of prioritization. Staff from the state board for community and technical colleges and the four-year institutions shall provide technical assistance on the development of a scoring system and process.

(3) The office of financial management shall consult with the legislative fiscal committees in the scoring of four-year institution project proposals, and may also solicit participation by independent experts.

(a) For each four-year project category, the scoring system must, at a minimum, include an evaluation of enrollment trends, reasonableness of cost, the ability of the project to enhance specific strategic master plan goals, age and condition of the facility if applicable, and impact on space utilization.

(b) Each four-year project category may include projects at the predesign, design, or construction funding phase.

(c) To the extent possible, the objective analysis and scoring system of all capital budget projects shall occur within the context of any and all performance agreements between the office of financial management and the governing board of a public, four-year institution of higher education that aligns goals, priorities, desired outcomes, flexibility, institutional mission, accountability, and levels of resources.

(4) In evaluating and scoring four-year institution projects, the office of financial management shall take into consideration project schedules that result in realistic, balanced, and predictable expenditure patterns over the ensuing three biennia.

(5) The office of financial management shall distribute common definitions, the scoring system, and other information required for the project proposal and scoring process as part of its biennial budget instructions. The office of financial management, in consultation with the legislative fiscal committees, shall develop common definitions that four-year institutions must use in developing their project proposals and lists under this section.

(6) In developing any scoring system for capital projects proposed by the four-year institutions, the office of financial management:

(a) Shall be provided with all required information by the four-year institutions as deemed necessary by the office of financial management;

(b) May utilize independent services to verify, sample, or evaluate information provided to the office of financial management by the four-year institutions; and

(c) Shall have full access to all data maintained by the joint legislative audit and review committee concerning the condition of higher education facilities.

(7) By August 1st of each even-numbered year each public four-year higher education institution shall prepare and submit prioritized lists of the individual projects proposed by the institution for the ensuing six-year period in each category. The lists must be submitted to the office of financial management and the legislative fiscal committees. The four-year institutions may aggregate minor works project proposals by primary purpose for ranking purposes. Proposed minor works projects must be prioritized within the aggregated proposal, and supporting documentation, including project descriptions and cost estimates, must be provided to the office of financial management and the legislative fiscal committees.

(8) For the 2017-2019 fiscal biennium and the 2019-2021 fiscal biennium, pursuant to subsection (1) of this section, by November 1, ~~((2018))~~ 2020, the office of financial management must score higher education capital project criteria with a rating scale that assesses how well a particular project satisfies those criteria. The office of financial management may not use a rating scale that weighs the importance of those criteria.

(9) For the 2017-2019 fiscal biennium and the 2019-2021 fiscal biennium, pursuant to subsection (6)(a) of this section and in lieu of the requirements of subsection (7) of

this section, by August 15, ~~((2018))~~ 2020, the institutions of higher education shall prepare and submit or resubmit to the office of financial management and the legislative fiscal committees:

(a) Individual project proposals developed pursuant to subsection (1) of this section;

(b) Individual project proposals scored in prior biennia pursuant to subsection (1) of this section; and

(c) A prioritized list of up to five project proposals submitted pursuant to (a) and (b) of this subsection.

(a) Avoiding impacts by: (i) Complying with mitigation required by adopted rules that set forth minimum flows, levels, or closures; or (ii) making the water diversion or withdrawal subject to the applicable minimum flows or levels; or

(b) Where avoidance of impacts is not reasonably attainable, minimizing impacts by providing permanent new or existing trust water rights or through other types of replacement water supply resulting in no net annual increase in the quantity of water diverted or withdrawn from the stream or surface water body and no net detrimental impacts to fish and related aquatic resources; or

(c) Where avoidance and minimization are not reasonably attainable, compensating for impacts by providing net ecological benefits to fish and related aquatic resources in the water resource inventory area through in-kind or out-of-kind mitigation or a combination thereof, that improves the function and productivity of affected fish populations and related aquatic habitat. Out-of-kind mitigation may include instream or out-of-stream measures that improve or enhance existing water quality, riparian habitat, or other instream functions and values for which minimum instream flows or closures were established in that watershed.

The transportation partnership account—state appropriation and transportation 2003 account (nickel account)—state appropriation are a transfer or a reappropriation of a transfer from the I-405/Kirkland Vicinity Stage 2 - Widening project (8BI1002) due to savings and will fund right-of-way and construction for an additional phase of this I-405 project.

(b) If sufficient bonding authority to complete this project is not provided within chapter . . . (Engrossed Substitute Senate Bill No. 5825), Laws of 2019 (addressing tolling) or chapter . . . (House Bill No. 2132), Laws of 2019 (addressing tolling), or within a bond authorization act referencing chapter . . . (Engrossed Substitute Senate Bill No. 5825), Laws of 2019 or chapter . . . (b) Recognizing that the department of transportation requires full possession of parcel number 1-23190 to complete the Montlake Phase of the West End project, the department is directed to:

(i) Work with the operator of the Montlake boulevard market located on parcel number 1-23190 to negotiate a lease allowing continued operations up to January 1, 2020. After that time, the department shall identify an area in the vicinity of the Montlake property for a temporary market or other food service to be provided during the period of project construction. Should the current operator elect not to participate in providing that temporary service, the department shall then develop an outreach plan with the city to solicit community input on the food services provided, and then advertise the opportunity to other

potential vendors. Further, the department shall work with the city of Seattle and existing permit processes to facilitate vendor access to and use of the area in the vicinity of the Montlake property.

(ii) Upon completion of the Montlake Phase of the West End project (current anticipated contract completion of 2023), WSDOT shall sell that portion of the property not used for permanent transportation improvements and initiate a process to convey that surplus property to a subsequent owner.

(c) \$60,000 of the motor vehicle account—state appropriation is provided solely for grants to nonprofit organizations located in a city with a population exceeding six hundred thousand persons and that empower artists through equitable access to vital expertise, opportunities, and business services. Funds may be used only for the purpose of preserving, commemorating, and sharing the history of the city of Seattle's freeway protests and making the history of activism around the promotion of more integrated transportation and land use planning accessible to current and future generations through the preservation of Bent 2 of the R. H. Thompson freeway ramp.

(14) It is the intent of the legislature that for the I-5 JBLM Corridor Improvements project (M00100R), the department shall actively pursue \$50,000,000 in federal funds to pay for this project to supplant state funds in the future. \$50,000,000 in connecting Washington account funding must be held in unallotted status during the 2021-2023 fiscal biennium. These funds may only be used after the department has provided notice to the office of financial management that it has exhausted all efforts to secure federal funds from the federal highway administration and the department of defense.

(15) \$265,100,000 of the connecting Washington account—state appropriation is provided solely for the SR 167/SR 509 Puget Sound Gateway project (M00600R).

(a) Any savings on the project must stay on the Puget Sound Gateway corridor until the project is complete.

(b) Proceeds from the sale of any surplus real property acquired for the purpose of building the SR 167/SR 509 Puget Sound Gateway (M00600R) project must be deposited into the motor vehicle account for the purpose of constructing the project.

(c) In making budget allocations to the Puget Sound Gateway project, the department shall implement the project's construction as a single corridor investment. The department shall develop a coordinated corridor construction and implementation plan for state route number 167 and state route number 509 in collaboration with affected stakeholders. Specific funding allocations must be based on where and when specific project segments are ready for construction to move forward and investments can be best optimized for timely project completion. Emphasis must be placed on avoiding gaps in fund expenditures for either project.

(d) It is the legislature's intent that the department shall construct a full single-point urban interchange at the

junction of state route number 161 (Meridian avenue) and state route number 167 and a full single-point urban interchange at the junction of state route number 509 and 188th Street. If the department receives additional funds from an outside source for this project after the base project is fully funded, the funds must first be applied toward the completion of these two full single-point urban interchanges.

(e) In designing the state route number 509/state route number 516 interchange component of the SR 167/SR 509 Puget Sound Gateway project (M00600R), the department shall make every effort to utilize the preferred "4B" design.

(f) The department shall explore the development of a multiuse trail for bicyclists, pedestrians, skateboarders, and similar users along the SR 167 right-of-way acquired for the project to connect a network of new and existing trails from Mount Rainier to Point Defiance Park.

(g) If sufficient bonding authority to complete this project is not provided within chapter . . . (Engrossed Substitute Senate Bill No. 5825), Laws of 2019 (addressing tolling) or chapter . . . (House Bill No. 2132), Laws of 2019 (addressing tolling), or within a bond authorization act referencing chapter . . . (Engrossed Substitute Senate Bill No. 5825), Laws of 2019 or chapter . . . (House Bill No. 2132), Laws of 2019, by June 30, 2019, it is the intent of the legislature to return the Puget Sound Gateway project (M00600R) to its previously identified construction schedule by moving \$128,900,000 in connecting Washington account—state appropriation back to the 2027-2029 biennium from the 2023-2025 biennium on the list referenced in subsection (2) of this section. If sufficient bonding authority is provided, it is the intent of the legislature to advance the project to allow for earlier completion and inflationary savings.

(16) It is the intent of the legislature that, for the I-5/North Lewis County Interchange project (L2000204), the department develop and design the project with the objective of significantly improving access to the industrially zoned properties in north Lewis county. The design must consider the county's process of investigating alternatives to improve such access from Interstate 5 that began in March 2015.

(17) The department shall support Pierce county's New Rhodes Lake Road project including state route 162 and 128th Street East intersection improvements following the preferred and recommended alternative of Pierce county's SEIS issued May 3, 2018. The department shall fully support, review, and approve improvements and right-of-way plans in a timely manner.

(18) \$950,000 of the transportation partnership account—state appropriation is provided solely for the U.S. 2 Trestle IJR project (L1000158).

(19) The department shall itemize all future requests for the construction of buildings on a project list and submit them through the transportation executive information system as part of the department's annual budget submittal. It is the intent of the legislature that new facility construction must be transparent and not appropriated within larger highway construction projects.

(20) Any advisory group that the department convenes during the 2019-2021 fiscal biennium must consider the interests of the entire state of Washington.

(21) The legislature finds that there are sixteen companies involved in wood preserving in the state that employ four hundred workers and have an annual payroll of fifteen million dollars. Before the department's switch to steel guardrails, ninety percent of the twenty-five hundred mile guardrail system was constructed of preserved wood and one hundred ten thousand wood guardrail posts were produced annually for state use. Moreover, the policy of using steel posts requires the state to use imported steel. Given these findings, where practicable, and until June 30, 2021, the department shall include the design option to use wood guardrail posts, in addition to steel posts, in new guardrail installations. The selection of posts must be consistent with the agency design manual policy that existed before December 2009.

(22)(a) For projects funded as part of the 2015 connecting Washington transportation package listed on the LEAP transportation document identified in subsection (1) of this section, if the department expects to have substantial reappropriations for the 2021-2023 fiscal biennium, the department may, on a pilot basis, apply funding from a project in this section with an appropriation that cannot be used for the current fiscal biennium to advance one or more of the following projects:

(i) I-82 Yakima - Union Gap Economic Development Improvements (T21100R);

(ii) I-5 Federal Way - Triangle Vicinity Improvements (T20400R); or

(b) At least ten business days before advancing a project pursuant to this subsection, the department must notify the office of financial management and the transportation committees of the legislature. The advancement of a project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2021-2023 fiscal biennium.

(c) For connecting Washington projects that have already begun and are eligible for the authority granted in section 601 of this act, the department shall prioritize advancing the following projects if expected reappropriations become available:

(d) To the extent practicable, the department shall use the flexibility and authority granted in this section and in section 601 of this act to minimize the amount of reappropriations needed each biennium.

(23) The legislature continues to prioritize the replacement of the state's aging infrastructure and recognizes the importance of reusing and recycling construction aggregate and recycled concrete materials in our transportation system. To accomplish Washington state's sustainability goals in transportation and in accordance with RCW 70.95.805, the legislature reaffirms its determination that recycled concrete aggregate and other transportation building materials are natural resource construction materials that are too valuable to be wasted and landfilled, and are a commodity as defined in WAC 173-350-100.

Further, the legislature determines construction aggregate and recycled concrete materials substantially meet widely recognized international, national, and local standards and specifications referenced in American society for testing and materials, American concrete institute, Washington state department of transportation, Seattle department of transportation, American public works association, federal aviation administration, and federal highway administration specifications, and are described as necessary and desirable products for recycling and reuse by state and federal agencies.

As these recyclable materials have well established markets, are substantially a primary or secondary product of necessary construction processes and production, and are managed as an item of commercial value, construction aggregate and recycled concrete materials are exempt from chapter 173-350 WAC.

(24)(a) \$17,500,000 of the motor vehicle account—state appropriation is provided solely for staffing of a project office to replace the Interstate 5 bridge across the Columbia river (G2000088). (b) Of the amount provided in this subsection, \$7,780,000 of the motor vehicle account—state appropriation must be placed in unallotted status by the office of financial management until the department develops a detailed plan for the work of this project office in consultation with the chairs and ranking members of the transportation committees of the legislature. The director of the office of financial management shall consult with the chairs and ranking members of the transportation committees of the legislature prior to making a decision to allot these funds.

(c) The work of this project office includes, but is not limited to, the reevaluation of the purpose and need identified for the project previously known as the Columbia river crossing, the reevaluation of permits and development of a finance plan, the reengagement of key stakeholders and the public, and the reevaluation of scope, schedule, and budget for a reinvigorated bistate effort for replacement of the Interstate 5 Columbia river bridge. When reevaluating the finance plan for the project, the department shall assume that some costs of the new facility may be covered by tolls. The project office must also study the possible different governance structures for a bridge authority that would provide for the joint administration of the bridges over the Columbia river between Oregon and Washington. As part of this study, the project office must examine the feasibility and necessity of an interstate compact in conjunction with the national center for interstate compacts.

(d) Within the amount provided in this subsection, the department must implement chapter . . . (Engrossed Substitute House Bill No. 1994), Laws of 2019 (projects of statewide significance).

(Engrossed Substitute Senate Bill No. 5993), Laws of 2019 (model toxics control program reform) by June 30, 2019, the amount provided in this subsection lapses.

(b) Of the amounts provided in this subsection, \$320,000 of the connecting Washington account—state appropriation is provided solely to remove the fish passage barrier on state route number 6 that interfaces with Boistfort Valley water utilities near milepost 46.6.

(c) The department shall coordinate with the Brian Abbott fish passage barrier removal board to use a watershed approach to maximize habitat gain by replacing both state and local culverts. The department shall deliver high habitat value fish passage barrier corrections that it has identified, guided by the following factors: Opportunity to bundle projects, ability to leverage investments by others, presence of other barriers, project readiness, other transportation projects in the area, and transportation impacts.

(d) The department must keep track of, for each barrier removed: (i) The location; (ii) the amount of fish habitat gain; and (iii) the amount spent to comply with the injunction.

(27) \$14,750,000 of the connecting Washington account—state appropriation and \$6,000,000 of the motor vehicle account—private/local appropriation are provided solely for the I-90/Barker to Harvard – Improve Interchanges & Local Roads project (L2000122). (1) The allocation of costs between the employer and members of the Washington state patrol retirement system shall be made only after the application of any minimum total contribution rate that may be in effect for the system under subsection (4) of this section. For benefit improvements effective on or after July 1, 2007, costs shall be shared equally by members and the employer, and any cap on member contributions shall be adjusted accordingly. The member contribution rate shall be based on the adjusted total contribution rate described in subsection (2) of this section. Beginning July 1, 2007, the required member contribution rate for members of the Washington state patrol retirement system shall be the lesser of the following: (a) One-half of the adjusted total contribution rate for the system; or (b) seven percent, plus fifty percent of the contribution rate increase caused by any benefit improvements effective on or after July 1, 2007.

(2) The employer shall continue to pay for all costs attributable to distributions under RCW 43.43.270(2) for survivors of members who became disabled under RCW 43.43.040(2) prior to July 1, 2006, until such costs are fully paid. In order to avoid charging members for these costs, the total required contribution rate shall be adjusted to exclude these costs. The result of the adjustment shall be the adjusted total contribution rate that is to be used to calculate the required member contribution rate.

(3) The employer rate shall be the contribution rate required to cover all total system costs that are not covered by the member contribution rate.

(4) Beginning July 1, 2009, a minimum total contribution rate is established for the Washington state patrol retirement system. The total Washington state patrol retirement system contribution rate may exceed, but may not drop below, the established minimum total contribution rate. From July 1, 2009, through June 30, 2011, the minimum total contribution rate shall equal the total contribution rate required to fund fifty percent of the Washington state patrol retirement system's normal cost as calculated under the entry age normal cost method. Beginning July 1, 2011, the minimum total contribution rate shall equal the total

contribution rate required to fund seventy percent of the Washington state patrol retirement system's normal cost as calculated under the entry age normal cost method. This minimum rate, when applicable, shall be collected in addition to any contribution rate required to amortize any unfunded costs attributable to distributions under RCW 43.43.270(2) for survivors of members who became disabled under RCW 43.43.040(2) prior to July 1, 2006.

(5) Upon completion of each biennial actuarial valuation, the state actuary shall review the appropriateness of this minimum total contribution rate and recommend to the council any adjustments as may be needed. Any changes adopted by the council shall be subject to revision by the legislature.

(6) The legislature recognizes the short-term volatility of projected employer contribution rates for the Washington state patrol retirement system and intends to phase-in the increase in contribution rates from the 2017-2019 biennium to the 2019-2021 biennium over three successive biennia. The phase-in shall be calculated by the state actuary and shall not result in an expected funding shortfall when measured over the entire phase-in period. Consistent with this intent, the legislature revises the basic employer contribution rate for the Washington state patrol retirement system from 22.13 percent to 17.5 percent during the 2019-2021 biennium. By June 30, 2020, the state actuary shall calculate and report to the council the expected change to the basic employer contribution rates for the 2021-2023 and 2023-2025 biennia that continue this phase-in.

The appropriations in this section are subject to the following conditions and limitations:

(1) \$1,300,000 of the Tacoma Narrows toll bridge account—state appropriation and \$9,048,000 of the state route number 520 corridor account—state appropriation are provided solely for the purposes of addressing unforeseen operations and maintenance costs on the Tacoma Narrows bridge and the state route number 520 bridge, respectively.

The office of financial management shall place the amounts provided in this subsection, which represent a portion of the required minimum fund balance under the policy of the state treasurer, in unallotted status. The office may release the funds only when it determines that all other funds designated for operations and maintenance purposes have been exhausted.

(2) \$3,100,000 of the Interstate 405 express toll lanes operations account—state appropriation, \$1,498,000 of the state route number 520 corridor account—state appropriation, and \$1,802,000 of the high occupancy toll lanes operations account—state appropriation are provided solely for the operation and maintenance of roadside toll collection systems.

(3) ~~(\$4,131,000)~~ \$4,129,000 of the state route number 520 civil penalties account—state appropriation, \$2,192,000 of the Tacoma Narrows toll bridge account—state appropriation, and \$1,191,000 of the Interstate 405 express toll lanes operations account—state appropriation are provided solely for expenditures related to the toll adjudication process.

(4) The department shall make detailed quarterly expenditure reports available to the Washington state transportation commission and to the public on the department's web site using current resources. The reports must include a summary of toll revenue by facility on all operating toll facilities and high occupancy toll lane systems, and an itemized depiction of the use of that revenue.

(5) As long as the facility is tolled, the department must provide quarterly reports to the transportation committees of the legislature on the Interstate 405 express toll lane project performance measures listed in RCW 47.56.880(4). These reports must include:

(a) Information on the travel times and travel time reliability (at a minimum, average and 90th percentile travel times) maintained during peak and nonpeak periods in the express toll lanes and general purpose lanes for both the entire corridor and commonly made trips in the corridor including, but not limited to, northbound from Bellevue to Rose Hill, state route number 520 at NE 148th to Interstate 405 at state route number 522, Bellevue to Bothell (both NE 8th to state route number 522 and NE 8th to state route number 527), and a trip internal to the corridor (such as NE 85th to NE 160th) and similar southbound trips;

(b) A month-to-month comparison of travel times and travel time reliability for the entire corridor and commonly made trips in the corridor as specified in (a) of this subsection since implementation of the express toll lanes and, to the extent available, a comparison to the travel times and travel time reliability prior to implementation of the express toll lanes;

(c) Total express toll lane and total general purpose lane traffic volumes, as well as per lane traffic volumes for each type of lane (i) compared to total express toll lane and total general purpose lane traffic volumes, as well as per lane traffic volumes for each type of lane, on this segment of Interstate 405 prior to implementation of the express toll lanes and (ii) compared to total express toll lane and total

general purpose lane traffic volumes, as well as per lane traffic volumes for each type of lane, from month to month since implementation of the express toll lanes; and

(d) Underlying congestion measurements, that is, speeds, that are being used to generate the summary graphs provided, to be made available in a digital file format.

(6) (~~(\$666,000)~~) \$595,000 of the high occupancy toll lanes operations account—state appropriation, (~~(\$11,527,000)~~) \$10,289,000 of the state route number 520 corridor account—state appropriation, (~~(\$4,955,000)~~) \$4,423,000 of the Tacoma Narrows toll bridge account—state appropriation, (~~(\$4,286,000)~~) \$3,826,000 of the Interstate 405 express toll lanes operations account—state appropriation, and (~~(\$6,506,000)~~) \$5,807,000 of the Alaskan Way viaduct replacement project account—state appropriation are provided solely for the department to implement a new tolling customer service toll collection system, and are subject to the conditions, limitations, and review provided in section 701, chapter 313, Laws of 2017.

(a) The office of financial management shall place \$2,000,000 of the amounts provided in this subsection in unallotted status, to be distributed between the facilities using the account proportions in this subsection. If the vendors selected as the successful bidders for the new tolling customer service toll collection system or the operator of the new system are different than the vendor as of January 1, 2017, the office of financial management may release portions of this amount as transition costs.

(b) The funds provided in this subsection from the Alaskan Way viaduct replacement project account—state appropriation are provided through a transfer from the motor vehicle account—state in section 408(26), chapter 313, Laws of 2017. These funds are a loan to the Alaskan Way viaduct replacement project account—state, and the legislature assumes that these funds will be reimbursed to the motor vehicle account—state at a later date when the portion of state route number 99 that is the deep bore tunnel is operational.

(c) The department must provide a project status report to the office of financial management and the transportation committees of the legislature on at least a calendar quarterly basis. The report must include, but is not limited to:

(i) Detailed information about the planned and actual scope, schedule, and budget;

(ii) Status of key vendor and other project deliverables; and

(iii) A description of significant changes to planned deliverables or system functions over the life of the project.

(d) The department shall continue to work with the office of financial management, office of the chief information officer, and the transportation committees of the legislature on the project management plan that includes a provision for independent verification and validation of contract deliverables from the successful bidder and a provision for quality assurance that includes reporting

independently to the office of the chief information officer on an ongoing basis during system implementation.

(7) The department shall make detailed quarterly reports to the governor and the transportation committees of the legislature on the following:

(a) The use of consultants in the tolling program, including the name of the contractor, the scope of work, the type of contract, timelines, deliverables, any new task orders, and any extensions to existing consultant contracts;

(b) The nonvendor costs of administering toll operations, including the costs of staffing the division, consultants and other personal service contracts required for technical oversight and management assistance, insurance, payments related to credit card processing, transponder purchases and inventory management, facility operations and maintenance, and other miscellaneous nonvendor costs; and

(c) The vendor-related costs of operating tolled facilities, including the costs of the customer service center, cash collections on the Tacoma Narrows bridge, electronic payment processing, and toll collection equipment maintenance, renewal, and replacement.

(d) The toll adjudication process, including a summary table for each toll facility that includes:

(i) The number of notices of civil penalty issued;

(ii) The number of recipients who pay before the notice becomes a penalty;

(iii) The number of recipients who request a hearing and the number who do not respond;

(iv) Workload costs related to hearings;

(v) The cost and effectiveness of debt collection activities; and

(vi) Revenues generated from notices of civil penalty.

(8) (~~(\$13,179,000)~~) \$13,180,000 of the Interstate 405 express toll lanes operations account—state appropriation is provided solely for operational costs related to the express toll lane facility. The office of financial management shall place \$6,808,000 of the amount provided in this subsection in unallotted status. The office of financial management may only release the funds to the department upon the passage of a 2018 supplemental transportation budget.

(9) In 2021, toll equipment on the Tacoma Narrows Bridge will have reached the end of its operational life. During the 2017-2019 fiscal biennium, the department plans to issue a request for proposals as the first stage of a competitive procurement process that will replace the toll equipment and select a new tolling operator for the Tacoma Narrows Bridge. The request for proposals and subsequent competitive procurement must incorporate elements that prioritize the overall goal of lowering costs per transaction for the facility, such as incentives for innovative approaches which result in lower transactional costs, requests for efficiencies on the part of the bidder that lower operational

costs, and incorporation of technologies such as self-serve credit card machines or other point-of-payment technologies that lower costs or improve operational efficiencies.

(10) ~~(((\$5,583,000 of the Alaskan Way viaduct replacement project account state appropriation is provided solely for the new state route number 99 tunnel toll facility's expected proportional share of collecting toll revenues, operating customer services, and maintaining toll collection systems for the last seven months of the biennium. Due to the uncertainty of the new state route number 99 tunnel toll facility timeline, the legislature is holding the other tolled facilities' administrative cost shares constant for this biennium. The legislature expects to see appropriate reductions to the other toll facility accounts once tolling on the new state route number 99 tunnel toll facility commences and any previously incurred costs for start up of the new facility are charged back to the Alaskan Way viaduct replacement project account. The office of financial management shall closely monitor the application of the cost allocation model and ensure that the new state route number 99 tunnel toll facility is adequately sharing costs and the other toll facility accounts are not being overspent or subsidizing the new state route number 99 tunnel toll facility.~~

~~((11) \$1,849,000))~~ \$849,000 of the Alaskan Way viaduct replacement project account—state appropriation is provided solely for the costs associated with the sale of transponders for the opening of the new state route number 99 tunnel toll facility in Seattle. ~~((The office of financial management shall place \$510,000 of the amount provided in this subsection in unallotted status. The office of financial management may only release the funds to the department if it determines the transponder inventory will otherwise not be sufficient for facility ramp up.))~~

It is the intent of the legislature that if any portion of the labor system replacement project is leveraged in the future for the time, leave, and labor distribution of any other agencies, the motor vehicle account will be reimbursed proportionally for the development of the system since amounts expended from the motor vehicle account must be used exclusively for highway purposes in conformance with Article II, section 40 of the state Constitution. This must be accomplished through a loan arrangement with the current interest rate under the terms set by the office of the state treasurer at the time the system is deployed to additional agencies. If the motor vehicle account is not reimbursed for future use of the system, it is further the intent of the legislature that reductions will be made to central service agency charges accordingly.

((4)) (3) Within amounts appropriated in this section, the department shall convene an electric aircraft work group to analyze the state of the electrically powered aircraft industry and assess infrastructure needs related to the deployment of electric or hybrid-electric aircraft for commercial air travel in Washington state.

(a) The work group must include, but is not limited to, representation from the electric aircraft industry, the aircraft manufacturing industry, electric utility districts, the battery industry, the department of commerce, the department of transportation aviation division, the airline pilots association, a primary airport representing an airport association, and the airline industry.

(b) The work group must consider, at a minimum, and make recommendations on the feasibility of electric or hybrid-electric flight given: Federal certification requirements; current and anticipated advancements to battery technology; infrastructure requirements and capacity impacts at primary airports; the need for and feasibility of industry incentives; the potential for public-private partnerships; impacts to revenues generated from aviation fuel sales; educational requirements for maintaining electric or hybrid-electric powered aircraft; homeland security checkpoint requirements; public acceptance of the technology; a cost comparison of fossil fuel and electric or hybrid-electric aircraft engines; emission reduction potential; and policy changes needed to facilitate electric or hybrid-electric powered aircraft use for commercial air travel in Washington state.

			\$57,163,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$300,000 of the motor vehicle account—state appropriation is provided solely for the completion of property value determinations for surplus properties to be sold. The value determinations must be completed by agency staff if available; otherwise, the agency may contract out for these services. The real estate services division of the department must recover the cost of its efforts from the sale of surplus property. Proceeds for surplus property sales must fund additional future sales, and the real estate services division shall prioritize staff resources to meet revenue assumptions for surplus property sales.

(2) The legislature recognizes that the trail known as the Rocky Reach Trail, and its extensions, serve to separate motor vehicle traffic from pedestrians and bicyclists, increasing motor vehicle safety on state route number 2 and the coincident section of state route number 97. Consistent with chapter 47.30 RCW and pursuant to RCW 47.12.080, the legislature declares that transferring portions of WSDOT Inventory Control (IC) No. 2-09-04686 containing the trail and associated buffer areas to the Washington state parks and recreation commission is consistent with the public interest. The legislature directs the department to transfer the property to the Washington state parks and recreation commission.

(a) The department must be paid fair market value for any portions of the transferred real property that is later abandoned, vacated, or ceases to be publicly maintained for trail purposes.

(b) Prior to completing the transfer in this subsection (2), the department must ensure that provisions are made to accommodate private and public utilities and any facilities that predate the department's acquisition of the property, at no cost to those entities. Prior to completing the transfer, the department shall also ensure that provisions, by fair market assessment, are made to accommodate other private and public utilities and any facilities that have been legally allowed by permit or other instrument.

(c) The department may sell any adjoining property that is not necessary to support the Rocky Reach Trail and adjacent buffer areas only after the transfer of trail-related property to the Washington state parks and recreation commission is complete. Adjoining property owners must be given the first opportunity to acquire such property that abuts their property, and applicable boundary line or other

adjustments must be made to the legal descriptions for recording purposes.

(3) With respect to Parcel 12 of the real property conveyed by the state of Washington to the city of Mercer Island under that certain quitclaim deed, dated April 19, 2000, recorded in King county under recording no. 20000425001234, the requirement in the deed that the property be used for road/street purposes only will be deemed satisfied by the department of transportation so long as commuter parking, as part of the vertical development of the property, is one of the significant uses of the property.

The appropriations in this section are subject to the following conditions and limitations:

(1) \$35,000 of the multimodal transportation account—state appropriation is provided solely for the public-private partnerships program to conduct an outreach effort to assess interest in a public-private partnership to rebuild the Anacortes ferry terminal. The public-private partnerships program shall issue a request for letters of interest, similar to the request issued in 2009, in a public-private partnership to rebuild the Anacortes ferry terminal by combining the ferry terminal functions and structure with one or more commercial ventures, including, but not limited to, ventures to provide lodging, conference and meeting facilities, food service, shopping, or other retail operations. The public-private partnerships program shall notify the transportation committees of the legislature upon release of the request for letters of interest and shall provide the transportation committees of the legislature with a summary of the information collected once the letters of interest have been received.

(2) \$1,000,000 of the electric vehicle charging infrastructure account—state appropriation is provided solely for the purpose of capitalizing the Washington electric vehicle infrastructure bank as provided in chapter 44, Laws of 2015 3rd sp. sess. (transportation revenue). The department may spend no more than one million dollars from the electric vehicle charging infrastructure account during the four-year period of the 2015-2017 and 2017-2019 fiscal biennia.

(3) The economic partnerships program must continue to explore retail partnerships at state-owned park and ride facilities, as authorized in RCW 47.04.295.

(4) \$500,000 of the multimodal transportation account—state appropriation is provided solely to study public-private partnership alternatives for the financing and construction of an entry building located at Colman Dock.

(a) As part of the study, the public-private partnerships program must work with the city of Seattle, Native American tribes, and local community groups to evaluate the efficacy of contracting with a private entity to participate in the construction of the Colman Dock entry building. The study must:

(i) Identify and discuss options to construct the facility as currently scoped;

(iii) Consider concepts and options found in the design development described in the 2013-2015 capital budget (chapter 19, Laws of 2013 2nd sp. sess.), including connections to Pier 48 as a future public park;

(iv) Consider rooftop public access for panoramic views of the Puget Sound and Olympic mountains; and

(v) Consider exhibits of the history and heritage of the vicinity.

(b) By November 15, 2017, the public-private partnerships program must provide a report to the governor and the transportation committees of the legislature on the program's findings and recommendations.

(5) \$75,000 of the multimodal transportation account—state appropriation is provided solely for the department to contract with the Puget Sound Clean Air Agency to conduct a study that identifies and evaluates opportunities to facilitate low-income utilization of electric vehicles. The study must include, but is not limited to, development and evaluation of an electric vehicle car-sharing program for low-income housing sites that is designed to maximize the use of electric vehicles by residents of these sites, and that must consider any infrastructure needs that will need to be met to support the use of electric vehicles at these sites. The department must provide a report detailing the findings of this study to the transportation committees of the legislature by December 1, 2018.

- (1) \$6,000,000 of the motor vehicle account—state appropriation is provided solely for low-cost enhancements. The department shall give priority to low-cost enhancement projects that improve safety or provide congestion relief. (3) From the revenues generated by the five dollar per studded tire fee under RCW 46.37.427, \$150,000 of the motor vehicle account—state appropriation is provided solely for the department, in consultation with the appropriate local jurisdictions and relevant stakeholder groups, to establish a pilot media-based public information campaign regarding the damage of studded tire use on state and local roadways in Spokane county. The reason for the geographic selection of Spokane county for the pilot is based on the high utilization of studded tires in this jurisdiction. The public information campaign must primarily focus on making the consumer aware of the road deterioration, financial impact for taxpayers, the safety implications for other drivers, and, secondarily, the alternatives to studded tires. The pilot must begin by September 1, 2018. By January 14, 2019, the department shall provide the transportation committees of the legislature an update on the pilot public information program. It is the intent of the legislature that the public information campaign will be a two-year pilot program with a report to the legislature upon completion of the pilot program.

A report on the process and outcomes is due to the transportation committees of the legislature no later than December 1, 2017.

(2) \$100,000 of the motor vehicle account—state appropriation and \$250,000 of the motor vehicle account—federal appropriation are provided solely for a study that details a cost estimate for replacing the westbound U.S. 2 trestle and recommends a series of financing options to address that cost and to satisfy debt service requirements.

The department shall quantify both the cost of replacing the westbound trestle structure and making mobility and capacity improvements to maximize the use of the structure in the years leading up to full replacement. Financing options that should be examined and quantified include public-private partnerships, public-public partnerships, a transportation benefit district tailored to the specific incorporated and unincorporated area, loans and grants, and other alternative financing measures available at the state or federal level.

The department shall also evaluate ways in which the costs of alternative financing can be debt financed.

The department shall complete the study and submit a final report and recommendations to the transportation committees of the legislature, including recommendations on statutory changes needed to implement available financing options, by January 8, 2018.

(3) \$181,000 of the motor vehicle account—state appropriation is provided solely for the department, in coordination with the University of Washington department of mechanical engineering, to study measures to reduce noise impacts from bridge expansion joints. The study must examine testing methodologies and project timelines and costs. A final report must be submitted to the transportation committees of the legislature by October 15, 2018.

(5) \$500,000 of the motor vehicle account—state appropriation is provided solely for implementation of a state route number 518 corridor study to be conducted in partnership with the Port of Seattle, Sound Transit and other regional entities. The department must study practical solutions to address high vehicle volumes and delays in the corridor including evaluation of solutions to the rapid growth of traffic in the corridor and how that growth impacts access to the Seattle-Tacoma international airport and the surrounding communities. ~~((The study must be submitted to the transportation committees of the legislature by June 30, 2019.))~~

(6) ~~(\$500,000)~~ \$370,000 of the motor vehicle account—state appropriation and \$50,000 of the motor vehicle account—local appropriation are provided solely for implementation of a corridor study to identify potential improvements between exit 116 and exit 99 of Interstate 5. The study should further develop mid- and long-term strategies from the corridor sketch, and identify potential US 101/I-5 interchange improvements, a strategic plan for the Nisqually River bridges, regional congestion relief options, and ecosystem benefits to the Nisqually River estuary for salmon productivity and flood control.

(7) Among the options studied as part of the SR 410 Corridor Study, the department shall examine the mobility and safety benefits of replacing or expanding the White River bridge between Enumclaw and Buckley to four lanes and removing the trestle.

(8) Within existing resources, the department shall meet with local stakeholders in south Pierce county and North Thurston county to discuss potential solutions to traffic congestion; emergency management concerns regarding routes away from natural disasters and around incidents similar to the train derailment that occurred on December 18, 2017; and what state transportation investments would benefit the economic development of the area. The department shall provide regular updates on its progress to the joint transportation committee.

The appropriations in this section are subject to the following conditions and limitations:

(1) \$52,679,000 of the multimodal transportation account—state appropriation is provided solely for a grant program for special needs transportation provided by transit agencies and nonprofit providers of transportation. Of this amount:

(a) \$12,000,000 of the multimodal transportation account—state appropriation is provided solely for grants to nonprofit providers of special needs transportation. Grants for nonprofit providers must be based on need, including the availability of other providers of service in the area, efforts to coordinate trips among providers and riders, and the cost effectiveness of trips provided. Of the amount provided in this subsection (1)(a), \$25,000 of the multimodal transportation account—state appropriation is provided solely for the ecumenical christian helping hands organization for special needs transportation services.

(b) \$40,679,000 of the multimodal transportation account—state appropriation is provided solely for grants to transit agencies to transport persons with special transportation needs. To receive a grant, the transit agency

must, to the greatest extent practicable, have a maintenance of effort for special needs transportation that is no less than the previous year's maintenance of effort for special needs transportation. Grants for transit agencies must be prorated based on the amount expended for demand response service and route deviated service in calendar year 2015 as reported in the "Summary of Public Transportation - 2015" published by the department of transportation. No transit agency may receive more than thirty percent of these distributions.

(2) \$32,223,000 of the rural mobility grant program account—state appropriation is provided solely for grants to aid small cities in rural areas as prescribed in RCW 47.66.100.

(3)(a) \$10,702,000 of the multimodal transportation account—state appropriation is provided solely for a vanpool grant program for: (i) Public transit agencies to add vanpools or replace vans; and (ii) incentives for employers to increase employee vanpool use. The grant program for public transit agencies will cover capital costs only; operating costs for public transit agencies are not eligible for funding under this grant program. Additional employees may not be hired from the funds provided in this section for the vanpool grant program, and supplanting of transit funds currently funding vanpools is not allowed. The department shall encourage grant applicants and recipients to leverage funds other than state funds.

(b) At least \$1,600,000 of the amount provided in this subsection must be used for vanpool grants in congested corridors.

(4) \$24,107,000 of the regional mobility grant program account—state appropriation is reappropriated and provided solely for the regional mobility grant projects identified in LEAP Transportation Document (~~(2018)~~) 2019-2 ALL PROJECTS as developed (~~(March 5)~~) April 27, ((2018)) 2019, Program - Public Transportation Program (V). Of the amounts provided in this subsection, \$757,000 of the regional mobility grant program account—state appropriation is reappropriated for the Kitsap Transit, SR 305 Interchange Improvements at Suquamish Way Park and Ride (Project 20130101).

(5)(a) (~~(\$77,679,000)~~) \$57,762,000 of the regional mobility grant program account—state appropriation is provided solely for the regional mobility grant projects identified in LEAP Transportation Document (~~(2018)~~) 2019-2 ALL PROJECTS as developed (~~(March 5)~~) April 27, ((2018)) 2019, Program - Public Transportation Program (V). The department shall review all projects receiving grant awards under this program at least semiannually to determine whether the projects are making satisfactory progress. Any project that has been awarded funds, but does not report activity on the project within one year of the grant award, must be reviewed by the department to determine whether the grant should be terminated. The department shall promptly close out grants when projects have been completed, and any remaining funds must be used only to fund projects identified in the LEAP transportation document referenced in this subsection. The department shall provide annual status reports on December 15, 2017, and December 15, 2018, to the office of financial

management and the transportation committees of the legislature regarding the projects receiving the grants. It is the intent of the legislature to appropriate funds through the regional mobility grant program only for projects that will be completed on schedule. A grantee may not receive more than twenty-five percent of the amount appropriated in this subsection. The department shall not approve any increases or changes to the scope of a project for the purpose of a grantee expending remaining funds on an awarded grant.

(b) In order to be eligible to receive a grant under (a) of this subsection during the 2017-2019 fiscal biennium, a transit agency must establish a process for private transportation providers to apply for the use of park and ride facilities. For purposes of this subsection, (i) "private transportation provider" means: An auto transportation company regulated under chapter 81.68 RCW; a passenger charter carrier regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; a private nonprofit transportation provider regulated under chapter 81.66 RCW; or a private employer transportation service provider; and (ii) "private employer transportation service" means regularly scheduled, fixed-route transportation service that is offered by an employer for the benefit of its employees.

(a) \$500,000 of the multimodal transportation account—state appropriation is provided solely for a voluntary pilot program to expand public-private partnership CTR incentives to make measurable reductions in off-peak, weekend, and nonwork trips. Ridesharing may be integrated into grant proposals. The department shall prioritize grant proposals that focus on the Interstate 90, Interstate 5, state route number 167, or Interstate 405 corridor. The department shall offer competitive trip-reduction grants. The department shall report to the transportation committees of the legislature by December 1, 2018, on the pilot program's impacts to the transportation system and potential improvements to the CTR grant program.

(b) \$1,000,000 of the multimodal transportation account—state appropriation is provided solely for the department to direct a pilot transit pass incentive program. Businesses and nonprofit organizations located in a county adjacent to Puget Sound with a population of more than seven hundred thousand that have never offered transit subsidies to employees are eligible to apply to the program for a fifty percent rebate on the cost of employee transit subsidies provided through the regional ORCA fare collection system. No single business or nonprofit organization may receive more than ten thousand dollars from the program.

(i) Businesses and nonprofit organizations may apply and be awarded funds prior to purchasing a transit

subsidy, but the department may not provide reimbursement until proof of purchase or a contract has been provided to the department.

(ii) The department shall report to the transportation committees of the legislature on the impact of the program by June 30, 2019, and may adopt rules to administer the program; and

(c) \$30,000 of the state vehicle parking account—state appropriation is provided solely for the STAR pass program for state employees residing in Mason and Grays Harbor Counties. Use of the pass is for public transportation between Mason County and Thurston County, and Grays Harbor and Thurston County. The pass may also be used within Grays Harbor County.

It is the intent of the legislature that entities identified to receive funding in the LEAP document referenced in this subsection receive the amounts specified in the time frame specified in that LEAP document. If an entity has already completed a project in the LEAP document referenced in this subsection before the time frame identified, the entity may substitute another transit project or projects that cost a similar or lesser amount.

(9) \$2,000,000 of the multimodal transportation account—state appropriation is provided solely for transit coordination grants.

(10) \$250,000 of the multimodal transportation account—state appropriation is provided solely for King county for a pilot program to provide certain students in the Highline and Lake Washington school districts with an ORCA card during the summer. To be eligible for an ORCA card under this program, a student must also be in high school, be eligible for free and reduced-price lunches, and have a job or other responsibility during the summer. King county must provide a report to the department and the transportation committees of legislature by December 15, 2018, regarding: The annual student usage of the pilot program, available ridership data, the cost to expand the program to other King county school districts, the cost to expand the program to student populations other than high school or eligible for free and reduced-price lunches, opportunities for subsidized ORCA cards or local grant or matching funds, and any additional information that would help determine if the pilot program should be extended or expanded.

(11) The department shall not require more than a ten percent match from nonprofit transportation providers for state grants.

(12)(a) For projects funded as part of the 2015 connecting Washington transportation package listed on the LEAP transportation document identified in subsection (4) of this section, if the department expects to have substantial reappropriations for the 2019-2021 fiscal biennium, the department may, on a pilot basis, apply funding from a

project with an appropriation that cannot be used for the current fiscal biennium to advance one or more of the following projects:

- (i) King County Metro - RapidRide Expansion, Burien-Delridge (G2000031);

- (v) City of Seattle - Northgate Transit Center Pedestrian Bridge (G2000041).

(b) At least ten business days before advancing a project pursuant to this subsection, the department must notify the office of financial management and the transportation committees of the legislature. The advancement of a project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2019-2021 fiscal biennium.

(13) \$300,000 of the multimodal transportation account—state appropriation is provided solely for Pierce Transit to procure and install digital transit information technology at various transit centers, in order to provide transit riders with real-time arrival and departure information.

(11) \$12,500,000 of the multimodal transportation account—state appropriation is provided solely for transit mitigation for the SR 99/Viaduct Project - Construction Mitigation project (809940B).

(12) Within existing resources, during the regular sessions of the legislature, the department of transportation shall participate in work sessions, before the transportation committees of the house of representatives and senate, on the Alaskan Way viaduct replacement project. These work sessions must include a report on current progress of the project, timelines for completion, outstanding claims, the financial status of the project, and any other information necessary for the legislature to maintain appropriate oversight of the project. The parties invited to present may include the department of transportation, the Seattle tunnel partners, and other appropriate stakeholders.

(13) \$7,769,000 of the transportation partnership account—state appropriation, \$6,744,000 of the transportation 2003 account (nickel account)—state appropriation, \$215,000 of the motor vehicle account—federal appropriation, and \$5,000,000 of the special category C account—state appropriation are provided solely for the US 395/North Spokane Corridor project (600010A). Any future savings on the project must stay on the US 395/Interstate 90 corridor and be made available to the current phase of the North Spokane corridor project or any future phase of the project in 2017-2019.

(14) ~~(\$27,415,000)~~ \$4,220,000 of the transportation partnership account—state appropriation, \$16,000 of the motor vehicle account—local appropriation, and ~~(\$13,158,000)~~ \$353,000 of the transportation 2003

account (nickel account)—state appropriation are provided solely for the I-405/Kirkland Vicinity Stage 2 - Widening project (8BI1002). This project must be completed as soon as practicable as a design-build project. Any future savings on this project or other Interstate 405 corridor projects must stay on the Interstate 405 corridor and be made available to either the I-405/SR 167 Interchange - Direct Connector project (140504C), the I-405 Renton to Bellevue project (M00900R), or the I-405/SR 522 to I-5 Capacity Improvements project (L2000234) in the 2017-2019 fiscal biennium.

(15) \$4,960,000 of the transportation partnership account—state appropriation and \$3,000,000 of the Interstate 405 express toll lanes operations account—state appropriation are provided solely for the I-405/SR 522 to I-5 Capacity Improvements project (L2000234) for activities related to adding capacity on Interstate 405 between state route number 522 and Interstate 5, with the goals of increasing vehicle throughput and aligning project completion with the implementation of bus rapid transit in the vicinity of the project. The transportation partnership account—state appropriation funding is a transfer or a reappropriation of a transfer from the I-405/Kirkland Vicinity Stage 2 - Widening project due to savings, and will start an additional phase of this I-405 project.

(16)(a) The SR 520 Bridge Replacement and HOV project (8BI1003) is supported over time from multiple sources, including a \$300,000,000 TIFIA loan, \$924,615,000 in Garvee bonds, toll revenues, state bonds, interest earnings, and other miscellaneous sources.

(b) ~~(\$78,958,000)~~ \$49,353,000 of the transportation partnership account—state appropriation, \$12,296,000 of the motor vehicle account—federal appropriation, and ~~(\$232,000)~~ \$50,000 of the motor vehicle account—local appropriation are provided solely for the SR 520 Bridge Replacement and HOV project (8BI1003).

(c) When developing the financial plan for the project, the department shall assume that all maintenance and operation costs for the new facility are to be covered by tolls collected on the toll facility and not by the motor vehicle account.

(17) The department shall itemize all future requests for the construction of buildings on a project list and submit them through the transportation executive information system as part of the department's annual budget submittal. It is the intent of the legislature that new facility construction must be transparent and not appropriated within larger highway construction projects.

(18) Any advisory group that the department convenes during the 2017-2019 fiscal biennium must consider the interests of the entire state of Washington.

(19) It is the intent of the legislature that for the I-5 JBLM Corridor Improvements project (M00100R), the department shall actively pursue \$50,000,000 in federal funds to pay for this project to supplant state funds in the future. \$50,000,000 in connecting Washington account funding must be held in unallotted status during the 2021-

2023 fiscal biennium. These funds may only be used after the department has provided notice to the office of financial management that it has exhausted all efforts to secure federal funds from the federal highway administration and the department of defense.

(20) (~~(\$93,651,000)~~) \$133,651,000 of the connecting Washington account—state appropriation is provided solely for the SR 167/SR 509 Puget Sound Gateway project (M00600R).

(a) Any savings on the project must stay on the Puget Sound Gateway corridor until the project is complete.

(b) Proceeds from the sale of any surplus real property acquired for the purpose of building the SR 167/SR 509 Puget Sound Gateway (M00600R) project must be deposited into the motor vehicle account for the purpose of constructing the project.

(21)(a) In making budget allocations to the Puget Sound Gateway project, the department shall implement the project's construction as a single corridor investment. The department shall develop a coordinated corridor construction and implementation plan for state route number 167 and state route number 509 in collaboration with affected stakeholders. Specific funding allocations must be based on where and when specific project segments are ready for construction to move forward and investments can be best optimized for timely project completion. Emphasis must be placed on avoiding gaps in fund expenditures for either project.

(b) The secretary of transportation must develop a memorandum of understanding with local project stakeholders that identifies a schedule for stakeholders to provide local matching funds for the Puget Sound Gateway project. Criteria for eligibility of local match includes matching funds and equivalent in-kind contributions including, but not limited to, land donations. The memorandum of understanding must be finalized by July 1, 2018. The department must submit a copy of the memorandum of understanding to the transportation committees of the legislature and report regularly on the status of the requirements outlined in this subsection (21)(b) and (c) of this subsection.

(c) During the course of developing the memorandum of understanding, the department must evaluate the project schedules to determine if there are any benefits to be gained by moving the project schedule forward. It is the legislature's intent that if the department identifies any savings after the funding gap on the base project is closed as part of the proposal to expedite the project, that these cost savings shall go toward construction of a full single-point urban interchange at the junction of state route number 161 (Meridian avenue) and state route number 167 and a full single-point urban interchange at the junction of state route number 509 and 188th Street. If the department receives additional funds from an outside source for this project after the funding gap on the base project is closed, the funds must be applied toward the completion of these two full single-point urban interchanges.

(d) For the SR 167/SR 509 Puget Sound Gateway project (M00600R) the department is strongly encouraged to work to relocate any significant businesses currently located within the planned path of the state route number 509/Interstate 5 under-crossing to a location within the Kent city limits. The department shall provide regular updates on its progress to the joint transportation committee and affected stakeholders.

(e) In designing the state route number 509/state route number 516 interchange component of the SR 167/SR 509 Puget Sound Gateway project (M00600R), the department shall make every effort to utilize the preferred "4B" design.

(22) It is the intent of the legislature that, for the I-5/North Lewis County Interchange project (L2000204), the department develop and design the project with the objective of significantly improving access to the industrially zoned properties in north Lewis county. The design must consider the county's process of investigating alternatives to improve such access from Interstate 5 that began in March 2015.

(23)(a) (~~(\$2,000,000)~~) \$1,050,000 of the transportation partnership account—state appropriation and \$942,000 of the motor vehicle account—state appropriation are provided solely for the U.S. 2 Trestle IJR project (L1000158).

(b) Of the amounts provided in this subsection, \$942,000 of the motor vehicle account—state appropriation is provided solely for the department to complete an interchange justification report (IJR) for the U.S. 2 trestle, covering the state route number 204 and 20th Street interchanges at the end of the westbound structure.

~~((a))~~ (c) The department shall develop the IJR in close collaboration with affected local jurisdictions, including Snohomish county and the cities of Everett, Lake Stevens, Marysville, Snohomish, and Monroe.

~~((b))~~ (d) Within the amount provided for the IJR, the department must address public outreach and the overall operational approval of the IJR.

~~((c))~~ (e) The department shall complete the IJR and submit the final report to the governor and the transportation committees of the legislature by July 1, 2018.

(24)(a) The legislature recognizes that the city of Mercer Island has unique access issues that require the use of Interstate 90 to leave the island and that this access may be affected by the I-90/Two-Way Transit and HOV Improvements project. One of the most heavily traveled on-ramps from Mercer Island to the westbound Interstate 90 general purpose lanes is from Island Crest Way. The department must continue to consult with the city of Mercer Island and the other signatories to the 1976 memorandum of agreement to preserve access provided to Mercer Island by the Island Crest Way on-ramp, and thus grandfather in the current use of the on-ramp for both high occupancy vehicles as well as vehicles seeking to access the general purpose lanes of Interstate 90. The department must consider all reasonable access solutions, including allowing all vehicles to use the Island Crest Way on-ramp to access the new high

occupancy vehicle lane with a reasonable and safe distance provided for single-occupancy vehicles to merge into the general purpose lanes.

(b) A final access solution for Mercer Island must consider the following criteria: Safety; operational effects on all users, including maintaining historic access to Interstate 90 provided from Mercer Island by Island Crest Way; enforcement requirements; and compliance with state and federal law.

(c) The department may not restrict by occupancy the westbound on-ramp from Island Crest Way until a final access solution that meets the criteria in (b) of this subsection has been reached.

(25) (~~(\$3,258,000)~~ \$3,222,000 of the Interstate 405 express toll lanes operations account—state appropriation is provided solely for the I-405 NB Hard Shoulder Running – SR 527 to I-5 project (L1000163).

(26) The legislature finds that there are sixteen companies involved in wood preserving in the state that employ four hundred workers and have an annual payroll of fifteen million dollars. Before the department's switch to steel guardrails, ninety percent of the twenty-five hundred mile guardrail system was constructed of preserved wood and one hundred ten thousand wood guardrail posts were produced annually for state use. Moreover, the policy of using steel posts requires the state to use imported steel. Given these findings, where practicable, and until June 30, 2019, the department shall include the design option to use wood guardrail posts, in addition to steel posts, in new guardrail installations. The selection of posts must be consistent with the agency design manual policy that existed before December 2009.

(27) For the SR 526 Corridor Improvements project (N52600R), the department shall look holistically at the state route number 526 corridor from the state route number 526/Interstate 5 interchange at the east end to the southwest Everett industrial area and Boeing's west access road on the west end. The department, working with affected jurisdictions and stakeholders, shall select project elements that best maximize mobility and congestion relief in the corridor and draw from project elements identified in a practical solutions process.

(28)(a) For projects funded as part of the 2015 connecting Washington transportation package listed on the LEAP transportation document identified in subsection (1) of this section, if the department expects to have substantial reappropriations for the 2019-2021 fiscal biennium, the department may, on a pilot basis, apply funding from a project with an appropriation that cannot be used for the current fiscal biennium to advance one or more of the following projects:

(i) SR 20/Sharpes Corner Vicinity Intersection (L1000112);

(ii) I-5/Marvin Road/SR 510 Interchange (L1100110);

(iii) I-5/Northbound On-ramp at Bakerview (L2000119);

(iv) US 395/Ridgeline Intersection (L2000127);

(v) I-90/Eastside Restripe Shoulders (L2000201);

(vi) SR 240/Richland Corridor Improvements (L2000202);

(vii) SR 14/Bingen (~~(Overpass)~~) Underpass (L2220062);

(viii) US Hwy 2 Safety (N00200R);

(ix) SR 520/148th Ave NE Overlake Access Ramp (L1100101);

(x) SR 28/SR 285 North Wenatchee Area Improvements (L2000061);

(xi) I-5/Rebuild Chamber Way Interchange Improvements (L2000223);

(xii) SR 28 East Wenatchee Corridor Improvements (T10300R);

(xiii) SR 3 Freight Corridor (T30400R); or

(xiv) SR 510/Yelm Loop Phase 2 (T32700R).

(b) At least ten business days before advancing a project pursuant to this subsection, the department must notify the office of financial management and the transportation committees of the legislature. The advancement of a project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2019-2021 fiscal biennium.

(29) Within existing resources and in consultation with local communities, the department shall begin planning efforts, including traffic data collection, analysis and evaluation, scoping, and environmental review, for roundabouts at the intersection of state route number 900 and SE May Valley Road and at the intersection of state route number 169 and Cedar Grove Road SE.

(30) The legislature continues to prioritize the replacement of the state's aging infrastructure and recognizes the importance of reusing and recycling construction aggregate and recycled concrete materials in our transportation system.

To accomplish Washington state's sustainability goals in transportation and in accordance with RCW 70.95.805, the legislature reaffirms its direction to the department to lead the way in advancing the reuse and recycling of construction aggregate and recycled concrete materials whenever readily available, to use these recycled products when cost competitive, and to work with industry implementation partners to remove obstacles that unnecessarily preclude or inhibit their use and implement strategies for the reuse and recycling of construction aggregate and recycled concrete materials.

Specific steps and efforts made to achieve these objectives and accomplishments shall be included in the annual report to the legislature as required by RCW 70.95.807.

(31) Within existing resources, the department shall implement a safety solution after evaluating barrier and

mitigation options on state route number 167 between the intersections with 50th Ave E and E 40th Street in Pierce county to prevent vehicles from leaving the roadway and entering private property below the grade of the highway.

(32) \$350,000 of the motor vehicle account—state appropriation is provided solely for implementation of chapter 288 (Substitute Senate Bill No. 5806), Laws of 2017 (I-5 Columbia river bridge), listed as Replacement Bridge on Interstate 5 across the Columbia River project number (L2000259).

(33) For the SR 520 Seattle Corridor Improvements – West End project (M00400R), the legislature recognizes the department must acquire the entirety of parcel number 1-23190 for construction of the project. The department shall work with its design-build contractor to ensure to the maximum extent practicable that the building housing any grocery store or market currently located on parcel number 1-23190 will be preserved. The legislature recognizes the city of Seattle has requirements in the project area that the department must address and that those requirements may affect the use of parcel number 1-23190 and may affect the ability of the department to preserve any grocery store or market currently located on the property. The department shall meet and confer regularly with residents in the vicinity of the parcel regarding the status of the project and its effects on any grocery store or market currently located on the property. The legislature strongly encourages the city to utilize maximum flexibility in how the department meets the city's requirements and to be an equal partner in efforts to preserve any grocery store or market on parcel number 1-23190.

Any federal funds gained through efficiencies, adjustments to the federal funds forecast, additional congressional action not related to a specific project or purpose, or the federal funds redistribution process must then be applied to highway and bridge preservation activities.

(4) Within the motor vehicle account—state appropriation and motor vehicle account—federal appropriation, the department may transfer funds between programs I and P, except for funds that are otherwise restricted in this act. The department shall submit a report on fiscal year funds transferred in the prior fiscal year using this subsection as part of the department's annual budget submittal.

The land mobile radio project is subject to technical oversight by the office of the chief information officer. The department, in collaboration with the office of the chief information officer, shall identify where existing or proposed mobile radio technology investments should be consolidated, identify when existing or proposed mobile radio technology investments can be reused or leveraged to meet multiagency needs, increase mobile radio interoperability between agencies, and identify how redundant investments can be reduced over time. The department shall also provide quarterly reports to the technology services board on project progress.

(8) (~~(\$3,000,000)~~) \$5,000,000 of the motor vehicle account—state appropriation is provided solely for extraordinary costs incurred from litigation awards, settlements, or dispute mitigation activities not eligible for funding from the self-insurance fund. The amount provided in this subsection must be held in unallotted status until the department submits a request to the office of financial management that includes documentation detailing litigation-related expenses. The office of financial management may release the funds only when it determines that all other funds designated for litigation awards, settlements, and dispute mitigation activities have been exhausted. No funds provided in this subsection may be expended on any legal fees related to the SR 99/Alaskan Way viaduct replacement project.

(9) \$20,755,000 of the motor vehicle account—federal appropriation and \$844,000 of the motor vehicle account—state appropriation are provided solely for the preservation of structurally deficient bridges or bridges that are at risk of becoming structurally deficient. (b) The department and the Washington state patrol shall jointly submit a prioritized list of weigh station projects to the office of financial management by October 1, 2017. Projects submitted must include estimated costs for preliminary engineering, rights-of-way, and construction and must also consider the timing of any available funding for weigh station projects.

(12) The department must consult with the Washington state patrol and the office of financial management during the design phase of any improvement or preservation project that could impact Washington state patrol weigh station operations. During the design phase of any such project, the department must estimate the cost of designing around the affected weigh station's current operations, as well as the cost of moving the affected weigh station.

At least ten business days before advancing the project pursuant to this subsection, the department must notify the office of financial management and the transportation committees of the legislature. The advancement of the project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2019-2021 fiscal biennium.

(16) Within the connecting Washington account—state appropriation, the department may transfer funds from Highway System Preservation (L1100071) to other preservation projects listed in the LEAP transportation document identified in subsection (1) of this section, if it is determined necessary for completion of these high priority preservation projects. The department's next budget submittal after using this subsection must appropriately reflect the transfer.

Except as provided in subsection (6) of this section, such coverage may be provided by contracts or agreements with private carriers, with the state health care authority, or through self-insurance or self-funding pursuant to chapter 48.62 RCW, or in any other manner authorized by law. Any direct agreement must comply with RCW 48.150.050.

(2)(a) Whenever funds are available for these purposes the board of directors of the school district or educational service district may contribute all or a part of the cost of such protection or insurance for the employees of their respective school districts or educational service districts and their dependents. The school district or educational service district may contribute all or part of the costs, including the premiums, of life, health, health care, accident or disability insurance which shall be offered to all students participating in interschool activities on the behalf of or as representative of their school, school district, or educational service district. The school district board of directors and the educational service district board may require any student participating in extracurricular interschool activities to, as a condition of participation, document evidence of insurance or purchase insurance that will provide adequate coverage, as determined by the school district board of directors or the

In establishing such a requirement, the district shall adopt regulations for waiving or reducing the premiums of such coverage as may be offered through the school district or educational service district to students participating in extracurricular activities, for those students whose families, by reason of their low income, would have difficulty paying the entire amount of such insurance premiums. (4) All contracts or agreements for insurance or protection written to take advantage of the provisions of this section shall provide that the beneficiaries of such contracts may utilize on an equal participation basis the services of those practitioners licensed pursuant to chapters 18.22, 18.25, 18.53, 18.57, and 18.71 RCW.

(iii) Offer employees at least one health benefit plan that is not a high deductible health plan offered in conjunction with a health savings account in which the employee share of the premium cost for a full-time employee, regardless of whether the employee chooses employee-only coverage or coverage that includes dependents, does not exceed the share of premium cost paid by state employees during the state employee benefits year that started immediately prior to the school year.

(b) All contracts or agreements for employee benefits must be held to responsible contracting standards, meaning a fair, prudent, and accountable competitive procedure for procuring services that includes an open competitive process, except where an open process would compromise cost-effective purchasing, with documentation justifying the approach.

(c) School districts offering medical, vision, and dental benefits shall also make progress on promoting health care innovations and cost savings and significantly reduce administrative costs.

(d) All contracts or agreements for insurance or protection described in this section shall be in compliance with chapter 3, Laws of 2012 2nd sp. sess.

(6) The authority to make available basic and optional benefits to school employees under this section expires December 31, 2019, except for nonrepresented employees of educational service districts for which the

authority expires December 31, 2023. Beginning January 1, 2020, school districts, for all school employees, and educational service districts, for represented employees, shall make available basic and optional benefits through plans offered by the health care authority and the school employees' benefits board. Beginning January 1, 2024, educational service districts, for nonrepresented employees, shall make available basic and optional benefits through plans offered by the health care authority and the school employees' benefits board.

**NEW SECTION. Sec. 7.** (1) The Washington state health care authority, in consultation with the office of the superintendent of public instruction, educational service districts, and the office of financial management, shall study employee health benefits in educational service districts and the impact of participation in the school employees' benefits board program on educational service districts and their employees. The study must include an analysis of:

(a) Health benefit plans provided to educational service district employees and their costs;

(b) Estimated costs to educational service districts to participate in the school employees' benefits board program;

(c) Comparisons of costs, benefits offered, and employees covered, between educational service district health benefits and school employees' benefits board health benefits if adopted; and

(d) Revenue from school districts, state, federal, and other sources that support educational service district services and their ability to support rates negotiated for the school employees' benefits board program.

(2) By December 31, 2020, and in compliance with RCW 43.01.036, the Washington state health care authority must report findings from the study to the fiscal committees of the legislature.

**NEW SECTION. Sec. 8. EFFECTIVE DATE FOR PROPERTY TAX DEPOSIT AND HOLD HARMLESS.** Sections 1 and 2 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect immediately.

**Sec. 9.** RCW 28C.--.-- and 2019 c ... (E2SHB 2158) s 56 are each amended to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the career connected learning grant program is established as a competitive grant program to advance the career connect Washington vision under RCW 28C.--.-- (section 55, chapter . . . (E2SHB 2158), Laws of 2019). The employment security department shall administer the program. The governor's office shall work with the employment security department to establish grant criteria and guide the process for selection with consultation from the career connected learning cross-agency work group.

(2) The purpose of the career connected learning grant program is to create career connected learning opportunities, including career awareness and exploration, career preparation, and career launch programs, that are both tailored to the local needs of students and employers and designed so that students may receive high school or college credit across industries and regions of the state to the maximum extent possible.

(3) The program funds shall be used for two overarching purposes:

(a) Support regional career connected learning and work-integrated learning networks in both rural and urban areas under subsection (5) of this section; and

(b) Support career connected learning program intermediaries working within and across regions who partner with multiple employers, labor partners, and educational institutions, work with K-12 and postsecondary career representatives to develop curricula for new and innovative programs, and scale existing career awareness and exploration, career preparation, and endorsed career launch programs.

(4) The program administrator shall consult with the governor's office and the career connected learning cross-agency work group established in RCW 28C.--.-- (section 54, chapter . . . (E2SHB 2158), Laws of 2019) to develop a formal request for proposal for both the regional career connected learning and work-integrated learning networks and the program intermediaries.

(5)(a) Proposals for regional career connected learning and work-integrated learning networks and intermediaries may be sought from applicants within the geographic areas of the nine educational service districts. Successful applicants shall convene and manage regional, cross-industry networks that will lead to the expansion of career connected learning opportunities.

(b) Regional career connected learning and work-integrated learning network applicants must demonstrate regional knowledge and status as a trusted partner of industry and education stakeholders, a track record of success with career connected learning and aligned initiatives, and a commitment to equity. Regional career connected learning networks may include, but are not limited to, regional education networks, school districts, educational service districts, higher education institutions, workforce development councils, chambers of commerce, industry associations, joint labor management councils, multiemployer training partnerships, economic development councils, and nonprofit organizations.

(6) Eligible program intermediary applicants may include, but are not limited to, new or existing industry associations, joint labor management councils, regional networks, career technical student organizations, postsecondary education and training institutions working with multiple employer partners, state agencies, and other community-based organizations and expanded learning partners.

(7) Program intermediaries must work with appropriate faculty and staff at the state universities, the regional universities, and the state college, and K-12 education representatives, to expand the number of career launch program credits that may be articulated and transferred to postsecondary degree programs.

(8) Subject to the availability of amounts appropriated for this specific purpose, the employment security department, as the administrator of the program, has the authority to utilize funds deposited in the career connected learning account for the purposes of the program.

(9) During the 2019-2021 fiscal biennium, the employment security department must provide sufficient funding from amounts appropriated for the program to the

office of the superintendent of public instruction to provide a grant to each of the nine educational service districts for costs of employing one full-time equivalent employee to support the expansion of career connected learning opportunities.

#### SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House refused to concur in the Senate amendment to ENGROSSED SUBSTITUTE HOUSE BILL NO. 2140 and asked the Senate to recede therefrom.

#### MESSAGE FROM THE SENATE

April 28, 2019

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2042 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that increasing the rate of adoption of electric vehicles and vessels and other clean alternative fuel vehicles will help to reduce harmful air pollution from exhaust emissions, including greenhouse gas emissions, in the state. The legislature also finds that an increased reliance on greener transit options will help to further reduce harmful air pollution from exhaust emissions. The legislature further finds that support for clean alternative fuel infrastructure can help to increase adoption of green transportation in the state, as noted in a 2015 joint transportation committee report. It is therefore the legislature's intent to drive green vehicle and vessel adoption and increased green transit use by: (1) Establishing and extending tax incentive programs for alternative fuel vehicles and related infrastructure, including for commercial vehicles; (2) providing funding for a capital grant program to assist transit authorities in reducing the carbon output of their fleets; (3) increasing public and private electric utilities' ability to invest in electric vehicle charging infrastructure; (4) establishing a technical assistance program for public agencies within the Washington State University's energy program; (5) funding a pilot program to test methods for facilitating access to

alternative fuel vehicles and alternative fuel vehicle infrastructure by low-income residents of the state; (6) funding a study to examine opportunities to provide financing assistance to lower-income residents of the state who would like to purchase an electric vehicle; and (7) establishing a tax incentive program for certain electric vessels.

**Sec. 2.** RCW 28B.30.903 and 2010 c 37 s 1 are each amended to read as follows:

(1) The Washington State University extension energy program shall provide information, technical assistance, and consultation on physical plant operation, maintenance, and construction issues to state and local governments, tribal governments, and nonprofit organizations through its plant operations support program. The Washington State University extension energy program may not enter into facilities design or construction contracts on behalf of state or local government agencies, tribal governments, or nonprofit organizations. The plant operations support program created in this section must be funded by voluntary subscription charges, service fees, and other funding acquired by or provided to Washington State University for such purposes.

(2) Subject to the availability of amounts appropriated for this specific purpose through the 2023-2025 biennium, the Washington State University extension energy program must establish and administer a technical assistance and education program focused on the use of alternative fuel vehicles. Education and assistance may be provided to public agencies, including local governments and other state political subdivisions.

**Sec. 3.** RCW 47.04.350 and 2015 3rd sp.s. c 44 s 403 are each amended to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose through the 2023-2025 biennium, the department's public-private partnership office must develop and maintain a ((pilot)) program to support the deployment of ((electric)) clean alternative fuel vehicle charging and refueling infrastructure that is supported by private financing.

(2) The department must define corridors in which bidders may propose to install electric vehicle charging infrastructure or hydrogen fueling stations, and may update these corridors over time as needed. Alternatively, a bidder may propose a corridor in which the bidder proposes to install electric vehicle infrastructure or hydrogen fueling stations if the department has adopted rules allowing such a proposal and establishing guidelines for how such a proposal will be considered.

(3)(a) For bid proposals under this section, the department must require the following:

(i) Bidders must have private sector partners contributing to the project who stand to gain indirect value from development of the project, such as motor vehicle manufacturers, retail stores, or tourism stakeholders;

(ii) Bidders must demonstrate that the proposed project will be valuable to ((electric)) clean alternative fuel

vehicle drivers and will address an existing gap in the state's ((electric vehicle charging station)) low carbon transportation infrastructure;

(iii) Projects must be expected to be profitable and sustainable for the owner-operator and the private partner; and

(iv) Bidders must specify how the project captures the indirect value of charging or refueling station deployment to the private partner.

(b) The department may adopt rules that require any other criteria for a successful project.

(4) In evaluating proposals under this section, the department may use the electric vehicle financial analysis tool that was developed in the joint transportation committee's study into financing electric vehicle charging station infrastructure.

(5)(a) After selecting a successful proposer under this section, the department may provide a loan or grant to the proposer.

(b) Grants and loans issued under this subsection must be funded from the electric vehicle ((charging infrastructure)) account created in RCW 82.44.200.

(c) Any project selected for support under this section is eligible for only one grant or loan as a part of the ((pilot)) program.

(6) The department may conduct preliminary workshops with potential bidders and other potential private sector partners to determine the best method of designing and maintaining the ((pilot)) program, discuss how to develop and maintain the partnerships among the private sector partners that may receive indirect value, and any other issues relating to the implementation and administration of this section. The department should consider regional workshops to engage potential business partners from across the state.

(7) The department must adopt rules to implement and administer this section.

**Sec. 4.** 2019 c ... (SHB 1512) s 1 (uncodified) is amended to read as follows:

The legislature finds that:

(1) Programs for the electrification of transportation have the potential to allow electric utilities to optimize the use of electric grid infrastructure, improve the management of electric loads, and better manage the integration of variable renewable energy resources. Depending upon each utility's unique circumstances, electrification of transportation programs may provide cost-effective energy efficiency, through more efficient use of energy resources, and more efficient use of the electric delivery system. Electrification of transportation may result in cost savings and benefits for all ratepayers.

(2) State policy can achieve the greatest return on investment in reducing greenhouse gas emissions and improving air quality by expediting the transition to alternative fuel vehicles, including electric vehicles.

Potential benefits associated with electrification of transportation include the monetization of environmental attributes associated with carbon reduction in the transportation sector.

(3) Legislative clarity is important for utilities to offer programs and services, including incentives, in the electrification of transportation for their customers. It is the intent of the legislature to allow all utilities to support transportation electrification to further the state's policy goals and achieve parity among all electric utilities, so each electric utility, depending on its unique circumstances, can determine its appropriate role in the development of electrification of transportation infrastructure.

**Sec. 5.** RCW 80.28.--- and 2019 c ... (SHB 1512) s 4 are each amended to read as follows:

(1) An electric utility regulated by the utilities and transportation commission under this chapter may submit to the commission an electrification of transportation plan that deploys electric vehicle supply equipment or provides other electric transportation programs, services, or incentives to support electrification of transportation ~~(, provided that such electric vehicle supply equipment, programs, or services may not increase costs to customers in excess of one quarter of one percent above the benefits of electric transportation to all customers over a period consistent with the utility's planning horizon under its most recent integrated resource plan)).~~ The plans should align to a period consistent with either the utility's planning horizon under its most recent integrated resource plan or the time frame of the actions contemplated in the plan, and may include:

(a) Any programs that the utility is proposing contemporaneously with the plan filing or anticipates later in the plan period;

(b) Anticipated benefits of transportation electrification, based on a forecast of electric transportation in the utilities' service territory; and

(c) Anticipated costs of programs, subject to the restrictions in RCW 80.28.360.

(2) In reviewing an electrification of transportation plan under subsection (1) of this section, the commission may consider the following: (a) The applicability of multiple options for electrification of transportation across all customer classes; (b) the impact of electrification on the utility's load, and whether demand response or other load management opportunities, including direct load control and dynamic pricing, are operationally appropriate; (c) system reliability and distribution system efficiencies; (d) interoperability concerns, including the interoperability of hardware and software systems in electrification of transportation proposals; and (e) the benefits and costs of the planned actions ~~(; and (f) the overall customer experience)).~~

(3) The commission must issue an acknowledgment of an electrification of transportation plan within six months of the submittal of the plan. The commission may establish by rule the requirements for preparation and submission of an electrification of transportation plan. An electric utility

may submit a plan under this section before or during rule-making proceedings.

**Sec. 6.** RCW 80.28.360 and 2019 c ... (SHB 1512) s 5 are each amended to read as follows:

(1) In establishing rates for each electrical company regulated under this title, the commission may allow an incentive rate of return on investment through December 31, 2030, on capital expenditures for electric vehicle supply equipment that is deployed for the benefit of ratepayers, provided that the capital expenditures of the utilities' programs or plans in section 5(1) of this act do not increase ((costs to ratepayers)) the annual retail revenue requirement of the utility, after accounting for the benefits of transportation electrification in each year of the plan, in excess of one-quarter of one percent. The commission must consider and may adopt other policies to improve access to and promote fair competition in the provision of electric vehicle supply equipment.

(2) An incentive rate of return on investment under this section may be allowed only if the company chooses to pursue capital investment in electric vehicle supply equipment on a fully regulated basis similar to other capital investments behind a customer's meter. In the case of an incentive rate of return on investment allowed under this section, an increment of up to two percent must be added to the rate of return on common equity allowed on the company's other investments.

(3) The incentive rate of return on investment authorized in subsection (2) of this section applies only to projects which have been installed after July 1, 2015.

(4) The incentive rate of return on investment increment pursuant to this section may be earned only for a period up to the depreciable life of the electric vehicle supply equipment as defined in the depreciation schedules developed by the company and submitted to the commission for review. When the capital investment has fully depreciated, an electrical company may gift the electric vehicle supply equipment to the owner of the property on which it is located.

(5) By December 31, 2017, the commission must report to the appropriate committees of the legislature with regard to the use of any incentives allowed under this section, the quantifiable impacts of the incentives on actual electric vehicle deployment, and any recommendations to the legislature about utility participation in the electric vehicle market.

**NEW SECTION. Sec. 7.** This section is the tax preference performance statement for the tax preferences contained in sections 8 through 14, chapter . . . , Laws of 2019 (sections 8 through 14 of this act). The performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(1) The legislature categorizes the tax preferences as ones intended to induce certain designated behavior by taxpayers, as indicated in RCW 82.32.808(2)(a).

(2) It is the legislature's specific public policy objective to increase the use of clean alternative fuel vehicles in Washington. It is the legislature's intent to establish and extend tax incentive programs for alternative fuel vehicles and related infrastructure by: (a) Reinstating the sales and use tax exemption on certain clean alternative fuel vehicles in order to reduce the price charged to customers for clean alternative fuel vehicles; (b) extending the business and occupation and public utility tax credit for clean alternative fuel commercial vehicles and expanding it to include clean alternative fuel infrastructure; (c) extending the sales and use tax exemption for electric vehicle batteries, fuel cells, and infrastructure and expanding it to include the electric battery and fuel cell components of electric buses and zero emissions buses; and (d) extending the leasehold excise tax exemption to tenants of public lands for battery and fuel cell electric vehicle infrastructure.

(3) To measure the effectiveness of the tax preferences in sections 8 through 14, chapter . . ., Laws of 2019 (sections 8 through 14 of this act) in achieving the public policy objectives described in subsection (2) of this section, the joint legislative audit and review committee must evaluate the number of clean alternative fuel vehicles titled in the state.

(4) In order to obtain the data necessary to perform the review in subsection (3) of this section, the department of licensing and the department of revenue must provide data needed for the joint legislative audit and review committee analysis. In addition to the data source described under this subsection, the joint legislative audit and review committee may use any other data it deems necessary.

**Sec. 8.** RCW 82.04.4496 and 2017 c 116 s 1 are each amended to read as follows:

(1)(a)(i) A person who is taxable under this chapter is allowed a credit against the tax imposed in this chapter according to the gross vehicle weight rating of the vehicle and the incremental cost of the vehicle purchased above the purchase price of a comparable conventionally fueled vehicle. The credit is limited, as set forth in the table below, to the lesser of the incremental cost amount or the maximum credit amount per vehicle purchased, and subject to a maximum annual credit amount per vehicle class.

Gross Vehicle Weight	Incremental Cost Amount	Maximum Credit Amount Per Vehicle	Maximum Annual Credit Per Vehicle Class
Up to 14,000 pounds	<del>((50%))</del> <u>75%</u> of incremental cost	\$25,000	\$2,000,000
14,001 to 26,500 pounds	<del>((50%))</del> <u>75%</u> of incremental cost	\$50,000	\$2,000,000

Above 26,500 pounds	<del>((50%))</del> <u>75%</u> of incremental cost	\$100,000	\$2,000,000
---------------------	---	-----------	-------------

(ii) A person who is taxable under this chapter is allowed a credit against the tax imposed in this chapter for up to fifty percent of the cost to purchase alternative fuel vehicle infrastructure, tangible personal property that will become a component of alternative fuel vehicle infrastructure, and installation and construction of alternative fuel vehicle infrastructure, but excluding the cost of property acquisition and site improvement related to the installation of alternative fuel vehicle infrastructure. The credit is subject to a maximum annual credit amount of two million dollars.

(b) On September 1st of each year, any unused credits from any ~~((weight class))~~ category identified in ~~((the table in))~~ (a) of this subsection must be made available to applicants applying for credits under any other ~~((weight class listed))~~ category identified in (a) of this subsection, subject to the maximum annual and total credit amounts identified in this subsection. The credit established in this section and RCW 82.16.0496 is subject to a maximum annual credit amount of six million dollars, and a maximum total credit amount of thirty-two and one-half million dollars since the credit became available on July 15, 2015.

(c) The credit provided in (a)(i) of this subsection ~~((+))~~ is available for the lease of a vehicle. The person claiming the credit for a leased vehicle must be the lessee as identified in the lease contract.

(2) A person who is taxable under this chapter is allowed, subject to the maximum annual credit per ~~((vehicle class))~~ category in subsection (1)(a) of this section, a credit against the tax imposed in this chapter for the lesser of twenty-five thousand dollars or ~~((thirty))~~ fifty percent of the costs of converting a commercial vehicle to be principally powered by a clean alternative fuel with a United States environmental protection agency certified conversion.

(3) The total credits under subsection (1)(a)(i) of this section may not exceed the lesser of two hundred fifty thousand dollars or twenty-five vehicles per person per calendar year.

(4) A person may not receive credit under this section for amounts claimed as credits under chapter 82.16 RCW.

(5) Credits are available on a first-in-time basis.

(a) The department must disallow any credits, or portion thereof, that would cause the total amount of credits claimed under this section, and RCW 82.16.0496, during any calendar year to exceed six million dollars. The department must provide notification on its web site monthly on the amount of credits that have been applied for, the amount issued, and the amount remaining before the statewide annual limit is reached. In addition, the department must provide written notice to any person who has applied to

claim tax credits in excess of the limitation in this subsection.

(b) The department must disallow any credits, or portion thereof, that would cause the total amount of credits claimed beginning July 15, 2015, under this section and RCW 82.16.0496 to exceed thirty-two and one-half million dollars. The department must provide notification on its web site monthly on the total amount of credits that have been applied for, the amount issued, and the amount remaining before the statewide limit is reached. In addition, the department must provide written notice to any person who has applied to claim tax credits in excess of the limitation in this subsection.

(6) For the purposes of the limits provided in this section, a credit must be counted against such limits for the calendar year in which the credit is earned.

(7) To claim a credit under this section a person must electronically file with the department all returns, forms, and any other information required by the department, in an electronic format as provided or approved by the department. No refunds may be granted for credits under this section.

(vi) Any other information deemed necessary by the department to support administration or reporting of the program.

(9) A person applying for credit under subsection (8) of this section may apply for multiple vehicles on the same application, but the application must include the required information for each vehicle included in the application. A separate application is required for infrastructure-related items, but all infrastructure-related items at a single location may be included in a single application provided the required information for each infrastructure-related item is included in the application.

(10) To administer the credits, the department must, at a minimum:

(a) Provide notification on its web site monthly of the amount of credits that have been applied for, claimed, and the amount remaining before the statewide annual limit ~~((is))~~ and total limit are reached;

the year in which the vehicles or infrastructure applied for are anticipated to be delivered, constructed, or installed;

(c) Within fifteen days of receipt of the notice of intent to claim the tax credit, notify the applicant of the approval, denial, or missing information in their notice; and

(d) Within fifteen days of receipt of final documentation, review the documentation and notify the person applying of the acceptance of their final documentation.

(11) If a person fails to supply the information as required in subsection (8) of this section, the department must deny the application.

(ii) Costs to modify a commercial vehicle, including sales of tangible personal property incorporated into the vehicle and labor or service expenses incurred in modifying the vehicle, to be principally powered by a clean alternative fuel; or

(iii) Sales of alternative fuel vehicle infrastructure or infrastructure components, or the cost of construction or installation of alternative fuel vehicle infrastructure.

(b) A credit is earned when the purchaser or the lessee takes receipt of the qualifying commercial vehicle or infrastructure-related item, the vehicle conversion is complete, or the construction or installation of the infrastructure is complete.

(13) A credit earned during one calendar year may be carried over to be credited against taxes incurred in the subsequent calendar year, but may not be carried over a second year.

(14)(a) Beginning November 25, 2015, and on the 25th of February, May, August, and November of each year thereafter, the department must notify the state treasurer of the amount of credits taken under this section as reported on returns filed with the department during the preceding calendar quarter ending on the last day of December, March, June, and September, respectively.

(b) On the last day of March, June, September, and December of each year, the state treasurer, based upon information provided by the department, must transfer a sum equal to the dollar amount of the credit provided under this section from the multimodal transportation account to the general fund.

(15) The department must conduct outreach to interested parties to obtain input on how best to streamline the application process required for the credit made available in this section and RCW 82.16.0496 to further adoption of alternative fuel technologies in commercial vehicle fleets, and must incorporate the findings resulting from this outreach effort into the rules and practices it adopts to

implement and administer this section and RCW 82.16.0496 to the extent permitted under law.

~~((d))~~ (e) "Gross capitalized cost" means the agreed upon value of the commercial vehicle and including any other items a person pays over the lease term that are included in such cost.

~~((e))~~ (f) "Lease reduction factor" means the vehicle gross capitalized cost less the residual value, divided by the gross capitalized cost.

~~((f))~~ (g) "Qualifying used commercial vehicle" means vehicles that:

(i) Have an odometer reading of less than four hundred fifty thousand miles;

(ii) Are less than ten years past their original date of manufacture;

(iv) Are being sold for the first time after modification.

~~((g))~~ (h) "Residual value" means the lease-end value of the vehicle as determined by the lessor, at the end of the lease term included in the lease contract.

~~((16))~~ (17) Credits may be earned under this section from January 1, 2016, ~~((through January 1, 2021))~~ until the maximum total credit amount in subsection (1)(b) of this section is reached, except for credits for leased vehicles, which may be earned from July 1, 2016, ~~((through January 1, 2021))~~ until the maximum total credit amount in subsection (1)(b) of this section is reached.

~~((17) Credits earned under this section may not be used after January 1, 2022.~~

**NEW SECTION. Sec. 16.** A new section is added to chapter 47.04 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose through the 2023-2025 biennium, the department's public-private partnership office must develop a pilot program to support clean alternative fuel car sharing programs to provide clean alternative fuel vehicle use opportunities to underserved communities and low to moderate income members of the workforce not readily served by transit or located in transportation corridors with emissions that exceed federal or state emissions standards. Nonprofit organizations or local governments, including housing authorities, with a demonstrated history of managing or implementing low-income transportation clean alternative fuel and shared mobility pilot programs are eligible to participate in this program.

(2) The department must determine specific eligibility criteria, based on the requirements of this section, the report submitted to the legislature by the Puget Sound clean air agency entitled facilitating low-income utilization of electric vehicles, and other factors relevant to increasing clean alternative fuel vehicle use in underserved and low to moderate income communities. The department may adopt rules specifying the eligibility criteria it selects.

(3) The department may conduct preliminary workshops with potential bidders and other potential partners to determine the best method of designing the pilot program.

(4) The department must include the following elements in its proposal evaluation and scoring methodology: History of successful management of equity focused clean alternative fuel vehicle projects; substantial level of involvement from community-based, equity focused organizations in the project; plan for long-term financial sustainability of the work beyond the duration of the grant period; matching resources leveraged for the project; and geographical diversity of the projects selected.

(5) After selecting successful proposals under this section, the department may provide grant funding to them. The total grant amount available per project may range from fifty thousand to two hundred thousand dollars. The grant opportunity must include possible funding of vehicles, charging or refueling station infrastructure, staff time, and any other expenses required to implement the project. No more than ten percent of grant funds may be used for administrative expenses.

(6)(a) Any property acquired with state grant funding under this section by nongovernmental participants must be used solely for program purposes and, if sold, the proceeds of the sale must be used solely for program purposes.

(b) At the termination of a program for providing alternative fuel car sharing services, the state must be reimbursed for any property acquired with state grant funding under this section that nongovernmental participants in the program retain at the time of program termination. The amount of reimbursement may under no circumstances be less than the fair market value of the property at the time of the termination of the program.

**NEW SECTION. Sec. 17.** (1) Subject to the availability of amounts appropriated for this specific purpose, the department of commerce must conduct a study to identify opportunities to reduce barriers to battery and fuel cell electric vehicle adoption by lower income residents of the state through the use of vehicle and infrastructure financing assistance. The study must include an assessment of opportunities to work with nonprofit lenders to facilitate vehicle purchases through the use of loan-loss reserves and rate buy downs by qualified borrowers purchasing battery and fuel cell electric vehicles that are eligible for the tax exemptions under sections 9 and 10 of this act, and may address additional financing assistance opportunities identified. The study must focus on potential borrowers who are at or below eighty percent of the state median household income. The study may also address any additional opportunities identified to increase electric vehicle adoption by lower income residents of the state.

(2) The department of commerce must provide a report detailing the findings of this study to the transportation committees of the legislature by June 30, 2020, and may contract with a consultant on all or a portion of the study.

**NEW SECTION. Sec. 18.** A new section is added to chapter 47.66 RCW to read as follows:

(1)(a) Subject to the availability of amounts appropriated for this specific purpose through the 2023-2025 biennium, the department's public transportation division shall establish a green transportation capital grant program. The purpose of the grant program is to aid any transit authority in funding cost-effective capital projects to reduce the carbon intensity of the Washington transportation system, examples of which include: Electrification of vehicle fleets, including battery and fuel cell electric vehicles; modification or replacement of capital facilities in order to facilitate fleet electrification and/or hydrogen refueling; necessary upgrades to electrical transmission and

distribution systems; and construction of charging and fueling stations. The department's public transportation division shall identify projects and shall submit a prioritized list of all projects requesting funding to the legislature by December 1st of each even-numbered year.

(b) The department's public transportation division shall select projects based on a competitive process that considers the following criteria:

(i) The cost-effectiveness of the reductions in carbon emissions provided by the project; and

(ii) The benefit provided to transitioning the entire state to a transportation system with lower carbon intensity.

(2) The department's public transportation division must establish an advisory committee to assist in identifying projects under subsection (1) of this section. The advisory committee must include representatives from the department of ecology, the department of commerce, the utilities and transportation commission, and at least one transit authority.

(3) In order to receive green transportation capital grant program funding for a project, a transit authority must provide matching funding for that project that is at least equal to twenty percent of the total cost of the project.

(4) The department's public transportation division must report annually to the transportation committees of the legislature on the status of any grant projects funded by the program created under this section.

(5) For purposes of this section, "transit authority" means a city transit system under RCW 35.58.2721 or chapter 35.95A RCW, a county public transportation authority under chapter 36.57 RCW, a metropolitan municipal corporation transit system under chapter 36.56 RCW, a public transportation benefit area under chapter 36.57A RCW, an unincorporated transportation benefit area under RCW 36.57.100, a regional transit authority under chapter 81.112 RCW, or any special purpose district formed to operate a public transportation system.

**NEW SECTION. Sec. 20.** This section is the tax preference performance statement for the tax preferences contained in sections 21 and 22, chapter . . . , Laws of 2019 (sections 21 and 22 of this act). The performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(1) The legislature categorizes the tax preferences as ones intended to induce certain designated behavior by taxpayers, as indicated in RCW 82.32.808(2)(a).

(2) It is the legislature's specific public policy objective to increase the use of electric vessels in Washington. It is the legislature's intent to establish a sales and use tax exemption on certain electric vessels in order to reduce the price charged to customers for electric vessels.

(3) To measure the effectiveness of the tax preferences in sections 21 and 22, chapter . . . , Laws of 2019 (sections 21 and 22 of this act) in achieving the public policy objectives described in subsection (2) of this section, the joint legislative audit and review committee must evaluate the number of electric vessels titled in the state.

(4) In order to obtain the data necessary to perform the review in subsection (3) of this section, the department of licensing and the department of revenue must provide data needed for the joint legislative audit and review committee analysis. In addition to the data source described under this subsection, the joint legislative audit and review committee may use any other data it deems necessary.

**NEW SECTION. Sec. 21.** A new section is added to chapter 82.08 RCW to read as follows:

(1) The tax imposed by RCW 82.08.020 does not apply to:

(a) The sale of new battery-powered electric marine propulsion systems with continuous power greater than fifteen kilowatts.

(b) The sale of new vessels equipped with propulsion systems that qualify under (a) of this subsection.

(2) Sellers may make tax exempt sales under this section only if the buyer provides the seller with an exemption certificate in a form and manner prescribed by the department. The seller must retain a copy of the certificate for the seller's files.

(3) On the last day of January, April, July, and October of each year, the state treasurer, based upon information provided by the department, must transfer from the multimodal transportation account to the general fund a sum equal to the dollar amount that would otherwise have been deposited into the general fund during the prior calendar quarter but for the exemption provided in this section. Information provided by the department to the state treasurer must be based on the best available data, except that the department may provide estimates of taxes exempted under this section until such time as retailers are able to report such exempted amounts on their tax returns.

(4) For the purposes of this section:

(a) "Battery-powered electric marine propulsion system" means a fully electric outboard or inboard motor used by vessels, the sole source of propulsive power of which is the energy stored in the battery packs. The term includes required accessories, such as throttles, displays, and battery packs; and

(b) "Vessel" includes every watercraft, other than a seaplane, used or capable of being used as a means of transportation on the water.

(5) This section expires July 1, 2025.

**NEW SECTION. Sec. 22.** A new section is added to chapter 82.12 RCW to read as follows:

(1) The tax imposed by RCW 82.12.020 does not apply to the use of:

(a) New battery-powered electric marine propulsion systems with continuous power greater than fifteen kilowatts; and

(b) New vessels equipped with propulsion systems that qualify under (a) of this subsection.

(3) On the last day of January, April, July, and October of each year, the state treasurer, based upon information provided by the department, must transfer from the multimodal transportation account to the general fund a sum equal to the dollar amount that would otherwise have been deposited into the general fund during the prior calendar quarter but for the exemption provided in this section. Information provided by the department to the state treasurer must be based on the best available data, except that the department may provide estimates of taxes exempted under this section until such time as retailers are able to report such exempted amounts on their tax returns.

(4) For the purposes of this section, "battery-powered electric marine propulsion system" and "vessel" have the same meanings as provided in section 22 of this act.

(5) This section expires July 1, 2025.

**NEW SECTION. Sec. 23.** A new section is added to chapter 46.17 RCW to read as follows:

To realize the environmental benefits of electrification of the transportation system it is necessary to support the adoption of electric vehicles and other electric technology in the state by incentivizing the purchase of these vehicles, building out the charging infrastructure, developing greener transit options, and supporting clean alternative fuel infrastructure. Therefore, it is the intent of the legislature to support these activities through the imposition of new transportation electrification fees in this section.

(1) A vehicle that both (a) uses at least one method of propulsion that is capable of being reenergized by an external source of electricity and (b) is capable of traveling at least thirty miles using only battery power, is subject to an annual seventy-five dollar transportation electrification fee to be collected by the department, county auditor, or other agent or subagent appointed by the director, in addition to any other fees and taxes required by law. For administrative efficiencies, the transportation electrification fee must be collected at the same time as vehicle registration renewals and may only be collected for vehicles that are renewing an annual vehicle registration.

(2) Beginning October 1, 2019, in lieu of the fee in subsection (1) of this section for a hybrid or alternative fuel vehicle that is not required to pay the fees established in RCW 46.17.323 (1) and (4), the department, county auditor, or other agent or subagent appointed by the director must require that the applicant for the annual vehicle registration renewal of such hybrid or alternative fuel vehicle pay a seventy-five dollar hybrid vehicle transportation electrification fee, in addition to any other fees and taxes required by law.

(3) The fees required under this section must be deposited in the electric vehicle account created in RCW

82.44.200, until July 1, 2025, when the fee must be deposited in the motor vehicle account.

(4) This section only applies to a vehicle that is designed to have the capability to drive at a speed of more than thirty-five miles per hour.

**NEW SECTION. Sec. 24.** Sections 1 through 7, 12, and 14 through 23 of this act take effect August 1, 2019.

**NEW SECTION. Sec. 25.** Sections 8 and 13 of this act take effect January 1, 2020."

#### MESSAGE FROM THE SENATE

April 28, 2019

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1326 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. This act may be known and cited as Jennifer and Michella's law.

NEW SECTION. Sec. 2. The legislature finds that the state of Washington has for decades routinely required collection of DNA biological samples from certain convicted offenders and persons required to register as sex and kidnapping offenders. The resulting DNA data has proven to be an invaluable component of forensic evidence analysis. Not only have DNA matches focused law enforcement efforts and resources on productive leads, assisted in the expeditious conviction of guilty persons, and provided identification of recidivist and cold case offenders, DNA analysis has also played a crucial role in absolving wrongly suspected and convicted persons and in providing resolution to those who have tragically suffered unimaginable harm.

In an effort to solve cold cases and unsolved crimes, to provide closure to victims and their family members, and to support efforts to exonerate the wrongly accused or convicted, the legislature finds that procedural improvements and measured expansions to the collection and analysis of lawfully obtained DNA biological samples are both appropriate and necessary.

Sec. 3. RCW 43.43.754 and 2017 c 272 s 4 are each amended to read as follows:

(1) A biological sample must be collected for purposes of DNA identification analysis from:

(a) Every adult or juvenile individual convicted of a felony, or any of the following crimes (or equivalent juvenile offenses):

(i) Assault in the fourth degree where domestic violence as defined in RCW 9.94A.030 was pleaded and proven (RCW 9A.36.041, 9.94A.030);

(ii) Assault in the fourth degree with sexual motivation (RCW 9A.36.041, 9.94A.835);

(iii) Communication with a minor for immoral purposes (RCW 9.68A.090);

(iv) Custodial sexual misconduct in the second degree (RCW 9A.44.170);

(v) Failure to register (~~(((RCW 9A.44.130 for persons convicted on or before June 10, 2010, and RCW 9A.44.132 for persons convicted after June 10, 2010)) chapter 9A.44 RCW);~~

(vi) Harassment (RCW 9A.46.020);

(vii) Patronizing a prostitute (RCW 9A.88.110);

(viii) Sexual misconduct with a minor in the second degree (RCW 9A.44.096);

(ix) Stalking (RCW 9A.46.110);

(x) Indecent exposure (RCW 9A.88.010);

(xi) Violation of a sexual assault protection order granted under chapter 7.90 RCW; and

(b) Every adult or juvenile individual who is required to register under RCW 9A.44.130.

(2)(a) A municipal jurisdiction may also submit any biological sample to the laboratory services bureau of the Washington state patrol for purposes of DNA identification analysis when:

(i) The sample was collected from a defendant upon conviction for a municipal offense where the underlying ordinance does not adopt the relevant state statute by reference but the offense is otherwise equivalent to an offense in subsection (1)(a) of this section;

(ii) The equivalent offense in subsection (1)(a) of this section was an offense for which collection of a biological sample was required under this section at the time of the conviction; and

(iii) The sample was collected on or after June 12, 2008, and before January 1, 2020.

(b) When submitting a biological sample under this subsection, the municipal jurisdiction must include a signed affidavit from the municipal prosecuting authority of the jurisdiction in which the conviction occurred specifying the state crime to which the municipal offense is equivalent.

(3) Law enforcement may submit to the forensic laboratory services bureau of the Washington state patrol, for purposes of DNA identification analysis, any lawfully obtained biological sample within its control from a deceased offender who was previously convicted of an

offense under subsection (1)(a) of this section, regardless of the date of conviction.

(4) If the Washington state patrol crime laboratory already has a DNA sample from an individual for a qualifying offense, a subsequent submission is not required to be submitted.

~~((3))~~ (5) Biological samples shall be collected in the following manner:

(a) For persons convicted of any offense listed in subsection (1)(a) of this section or adjudicated guilty of an equivalent juvenile offense, who do not serve a term of confinement in a department of corrections facility or a department of children, youth, and families facility, and ~~((do serve))~~ are serving a term of confinement in a city or county jail facility, the city or county jail facility shall be responsible for obtaining the biological samples.

(b) The local police department or sheriff's office shall be responsible for obtaining the biological samples for:

(i) Persons convicted of any offense listed in subsection (1)(a) of this section or adjudicated guilty of an equivalent juvenile offense, who do not serve a term of confinement in a department of corrections facility, ~~((and do not serve a term of confinement in))~~ department of children, youth, and families facility, or a city or county jail facility; and

(ii) Persons who are required to register under RCW 9A.44.130.

If the facility did not collect the biological sample during the intake process, then the facility shall collect the biological sample as soon as is practicable. For those persons incarcerated before June 12, 2008, who have not yet had a biological sample collected, priority shall be given to those persons who will be released the soonest.

~~((4))~~ (6) For persons convicted of any offense listed in subsection (1)(a) of this section or adjudicated guilty of an equivalent juvenile offense, who will not serve a term of confinement, the court shall order the person to report to the local police department or sheriff's office as provided under subsection (5)(b)(i) of this section within a reasonable period of time established by the court in order to provide a biological sample. The court must further inform the person that refusal to provide a biological sample is a gross misdemeanor under this section.

(7) Any biological sample taken pursuant to RCW 43.43.752 through 43.43.758 may be retained by the forensic laboratory services bureau, and shall be used solely for the purpose of providing DNA or other tests for identification analysis and prosecution of a criminal offense or for the identification of human remains or missing persons. Nothing

in this section prohibits the submission of results derived from the biological samples to the federal bureau of investigation combined DNA index system.

~~((5))~~ (8) The forensic laboratory services bureau of the Washington state patrol is responsible for testing performed on all biological samples that are collected under ~~((subsection (1) of))~~ this section, to the extent allowed by funding available for this purpose. ~~((The director shall give priority to testing on samples collected from those adults or juveniles convicted of a felony or adjudicated guilty of an equivalent juvenile offense that is defined as a sex offense or a violent offense in RCW 9A.44.030.))~~ Known duplicate samples may be excluded from testing unless testing is deemed necessary or advisable by the director.

(d) All samples submitted under subsections (2) and (3) of this section.

~~((7))~~ (10) This section creates no rights in a third person. No cause of action may be brought based upon the noncollection or nonanalysis or the delayed collection or analysis of a biological sample authorized to be taken under RCW 43.43.752 through 43.43.758.

~~((8))~~ (11) The detention, arrest, or conviction of a person based upon a database match or database information is not invalidated if it is determined that the sample was obtained or placed in the database by mistake, or if the conviction or juvenile adjudication that resulted in the collection of the biological sample was subsequently vacated or otherwise altered in any future proceeding including but not limited to posttrial or postfact-finding motions, appeals, or collateral attacks. No cause of action may be brought against the state based upon the analysis of a biological sample authorized to be taken pursuant to a municipal ordinance if the conviction or adjudication that resulted in the collection of the biological sample was subsequently vacated or otherwise altered in any future proceeding including, but not limited to, posttrial or postfact-finding motions, appeals, or collateral attacks.

~~((9))~~ (12) A person commits the crime of refusal to provide DNA if the person ~~((has a duty to register under RCW 9A.44.130 and the person))~~ willfully refuses to comply with a legal request for a DNA sample as required

### REMARKS

**Representative Wilcox:** Thank you, Mr. Speaker. Mr. Speaker, would you gavel him? And maybe him. Mr. Speaker, this is an historic night. Historic in many ways, I suppose. I was fortunate enough to spend a half an hour with Speaker Chopp earlier tonight and even more fortunate to spend a session, a very eventful session, as the Minority Leader with a person who has made an immense amount of history in our state. I'm so glad that his family is here because I know that family is a critical component for Speaker Chopp. We've talked about that. He's told me about his childhood. The son of immigrants. Someone who grew up in a family that works hard. I think that one of the things that I appreciate about the Speaker is something that we have in common. We grew up around people that worked hard, still know how to work, and have an immense amount of reverence for everyone among us who value work, who value families, and also have place in their heart for those who are less fortunate. Maybe those who don't have a community and don't have a family and one thing that is, I think, very unique about Frank, if I can call you that, is that not only does he value those things, but he's spent his entire

life, whether it was here in the chamber or his life in the community, in trying to provide those things – family and community – for those who had no other way of providing those for themselves.

One of my oldest friends, former Representative and Senator Mark Doumit, served with Frank from the very beginning. I think Frank was elected to the House two years before Senator Doumit, and I called up Mark on my way here today and asked him if he could share a few stories. I'm not sure I can share any of those, but he asked me to remember what he thought was Frank's most lasting achievement and that is the idea of One Washington. It's one of those achievements that both sides offer. You hear us talking about, on this side, 'One Washington' all the time. Mark asked me to be sure to mention Representative Bill Grant who was instrumental in helping people understand that Washington is the Puget Sound area, the rest of Western Washington and all of Eastern Washington as well, and said that that was a wonderful friendship and he wanted me to be sure to remember Bill Grant and the partnership that he and Frank had.

I've mentioned to a few of you that Frank came out to my home on the farm when I first became Minority Leader. I don't think a lot of people would have done that. He just called up, asked if he could do that and spent just about a whole day with my family. They were deeply honored to have someone as accomplished, as prominent and historic as Frank. We had lunch together and that's where I found out just how much we have in common as families, and an amazing amount of moral and personal convictions in common.

I had a great experience with Frank. Oh, I also forgot to include one little piece of advice that Frank shared with me. He shared a lot of advice, actually, but he did say something about the fact that he had had a great experience at Toastmasters, and he suggested that maybe Toastmasters would be good for me, and I can see from some of his experiences out here on the floor that it was a remarkable thing for him. I had fun with Frank, probably one of the first conversations that I had with him, at the Burke Museum dedication a few years ago and he gave kind of a surprising speech. He got up there and was very eloquent, kind of a stem-winder actually, and all he talked about was the taxpayers. And I was cheering him on, and he came down, we had a little nod of other lawmakers there, and said, "That one was for you, Wilcox." So, thanks for that, Frank.

It's going to be strange having you here as a regular member and I hope that you do that for a long time. We're already thinking of some, I think, really valuable ideas that we could collaborate with you on. You know, there are some license plates that haven't been proposed yet. We thought that you might enjoy some cozy meetings with reporters and maybe even some press conferences and, you know, we don't have a state reptile yet, so now that you've kind of broken the ice with passing bills, I bet we would support you on quite a few of those. You know, this is also a state that has become fairly well known for the reintroduction of formerly native species and so we thought that if you came back and sat with Representative Kretz, maybe he could reintroduce you to the chamber here as a regular member. Now there is another suggestion and that would be that you

replace me as being the person that sits next to Richard DeBolt and he can be your mentor.

Well, I also have a little bit of advice for the next Speaker. I don't know who that's going to be. It's going to be, honestly, hard to follow Frank, and so I've got another piece of advice for that Speaker. For God sake's, don't put him next to Richard. In all seriousness, I've said it before, many times, and I'll say it again: Frank, I and every member of this caucus admire you. You're a piece of history. We have two real political epochs here in Washington and they were dominated by first, Governor Evans, and later by Speaker Frank Chopp. It will be many years before anybody can hope to match that. Your contributions to the institution and the state will be felt for generations by people in every corner of the state. Frank, on behalf of our caucus now and the caucuses from the past, thank you very much. We appreciate you.

**Representative Kirby:** Thank you, Mr. Speaker. I imagine the gentleman to your right might be a little afraid right now. You might notice I'm not wearing, you know, a lot of these people brought mustaches- I brought my own from home, thank you very much. Yesterday when Frank's Chief of Staff Orlando took me aside and said "Hey, I need you to stand up" and maybe, it looks to me like maybe he wants me to eulogize Frank, and that's kind of scary, kind of feels that way, but it's really not Frank, it's his Speakership that we're eulogizing. I thought about it, it's a lot of responsibility and, of course, we were here all day and all night, I got home this morning at 4:30 in the morning. I fell asleep and darned if I didn't have a dream about it. I dreamed that I died and went to Heaven and when I got there, I was kind of getting my orientation, but I looked over and there's Frank Chopp and he was sitting over there, he was meeting with people and he was kind of waiving his hands and doing, you know, we've all seen him at work, and so I said to the guy next to me, I said "Hey, last I checked, Frank Chopp was alive and well and living, you know, in Seattle and you know." "Oh, no problem, that's not Frank Chopp, that just God - he thinks he's Frank Chopp." So, I think that Orlando was expecting that I'd maybe say some things that are funny, but the fact is that most of my interactions with Frank have not been funny at all. The conversations that I've had have pretty much been such that I can't repeat them out loud, at least not until a few more people die.

We actually got off to kind of a rocky start. Frank, unlike a lot of people over here, Frank didn't recruit me to run for this office. I kind of came in as sort of a free agent off the street. I remember, I went to my consultant at the time and I thought yeah, after I'd won the election, I thought, huh, I better start getting ready to hold office. So I said, "By the way, who's the Speaker now?" and he said "Frank Chopp," and I looked at him and I said "Who the hell is Frank Chopp?" Nineteen years ago, that was a valid question. It really, it was, because he was still kind of new at this kind of work but over time we've learned to get to know each other. It started, you know back then, he was the Co-Speaker with Clyde Ballard and, by the way, Orlando was his Legislative Assistant - I think he was about 15 at the time, and it took me a good three weeks before I finally got on his bad side enough to where I didn't just get the tap on the shoulder - the Speaker wants to see you - no, I was in a different kind of

trouble. He wanted to take me to lunch. So, I don't know, he got it in his mind he wants to go take me to lunch and straighten me out. Orlando's car was closest so we got in his car and we started heading for downtown and Orlando was driving and all of a sudden he pulled over. "Well what's the deal?" Frank said, "I think my blinkers, I think my turn signals aren't working." said Orlando. So Frank said, "That's ok, I'll tell you what - do your turn signals and I'll get out and I'll tell you if they're working or not." So he got out and Orlando stood behind the car and put on the turn signal and Frank was back there "It's working...it's not working...it's working...it's not working." And, you know, again, we didn't know each other very well but that told me pretty much everything I needed to know about Frank Chopp.

Over the years, we've gotten to know each other pretty well. I like to think that we're friends. We support each other. We're 100%. I can walk into his office any time I want. He's got two gatekeepers there, not just one like all the rest of us. I mean, I can just walk in there anytime I want and I'm going to tell you now, everybody in this room, I'm going to tell everybody what my secret is. Probably eight or ten years ago, Frank and I were meeting in my district and, I don't know how many of you know this, but Frank kind of does things old school. A lot of people, many of the young people in this place every time you have a conversation they'll pull out their phone and they'll take notes on their phone. Frank's got a pocket full of paper. I bet he's got a pocket full of paper right now. That's right, and then he'll write down things. He'll write himself notes and go back and refer to them. Well, we were talking about something, I don't even remember what, and he said "You know if that's ever a problem again, you come and see me directly. You come talk to me directly. You just come see me." "Frank," I said "that's a whole lot easier said than done. You know that, don't you? You can't just walk in to your office and see you any time you want." He was like "Oh wh.." the hands started moving. So he pulled out one of those white pieces of paper, this white piece of paper right here that I'm holding in my hand, and he wrote on it and I'm sure he doesn't know that I still have it, okay he knows, and it simply says, Let Steve in, then it's signed, Frank Chopp. I don't think anybody else in here has one of those, so I'm pretty proud of that. Now I will say that after today, you know, one might think that this just becomes a useless piece of paper, but Mr. Speaker, I'm keeping it, and I'll tell you why. I've known a lot of Speakers of the House in my time. I've been doing this kind of work a really long time. Many of you've heard me say I've watched the Sonics on television back in that corner office win the championship in 1979. I've been roaming these halls for a lot longer than people know. Speakers come and go. Only one has gone to prison, that I know, but they do, they come and go. Sorry, that really, that wasn't part of the script, I don't know, it just came to me. Okay, just for that, I'm going to tell you. You know one other thing, some of you who have been here a long time remember the time I stood here on the floor of the house and gave a floor speech and Frank Chopp was presiding and he gavelled me down five times. Five times, and yet he still let me finish my speech. He really liked that bill that I was talking about. But let me just say this: Like I said, I've known a lot of Speakers of the House, I've known hundreds

of elected officials, hundreds. I've seen just so many people come and go, and I'm here to tell everybody in this room, and I tell everybody who will listen, and many of you have heard me say this before, but guys like Frank Chopp only come around every now and then and I am lucky to be here at the time that he happened to be the Speaker of the House. We all are, he's that good. So I'm going to keep this little piece of paper because I think it's going to come in handy someday. I think that Frank's legacy is more than he knows, more than a lot of us know, and I think I'm going to be pulling this out some day and showing it to my grandchildren and I going to tell them that I served with the legendary Speaker Frank Chopp, and I'm going to tell them a few stories, but don't worry, Frank, I'll wait until the statute of limitations has passed before I do any of that. Thank you, Mr. Speaker, it's going to be nice to have Frank back here as a mere mortal with all the rest of us.

**Representative DeBolt:** Thank you Mr. Speaker. Mr. Speaker, one of the things that I wanted to talk about tonight is, you know we had this standup comedian, so that's been done, and the heartfelt thing, so that's been done, so I'm going to drive right up the middle here, Mr. Speaker.

I've known this Frank Chopp for a while and it's been, I view it as kind of Ralphie and the Sheepdog. Do you guys remember this with the cartoon where they go beat the hell out of each other, oops sorry, that works okay Frank, doesn't it? Alright, they go beat each other up and then at the end of the day they click their cards and they go "You wanna go get a beer?" "Yea, let's go get a beer." And I will tell you what, there has been no speaker that's been stronger, and I remember I used to hatch these plans and you know these plans: I'm gonna get him on the budget this time, I'm gonna go rally up some support, I'm gonna get these people, we're gonna work all night and we're gonna draft the budget and we're gonna beat him. And I remember we were in the people's portable – you remember the people's portable? Yes. We're in the people's portable and I had you this time, right? I had like four of your members, they were going to join me in a budget switch and I was gonna, I was gonna win, right? All of a sudden, here comes Frank and he comes out, points to one of them, they disappear for like 20 minutes, he walks out and goes (makes a gesture) sits down, Frank points to the next one, they go away for about 20 minutes they come out and they go (makes a gesture) about that time I realize, Okay, next plot, we'll keep trying. Now, you know, as a young leader it was really interesting to watch, and member control has been one of those things that is always a challenge and member management. And we, back in the people's portable, we were in some close quarters, and the walls were very thin and sometimes Frank gets animated and our walls were connected and I'm not saying that I had a glass up against the wall trying to figure out what was happening that day but, because I didn't have to because he was very loud and there's this little vent that went between the two of us.

The one thing we learned when we came in to this legislature with the tie, and it was grace. We learned grace. You had two completely different leaders that were Co-Speakers. They had that silly gavel with the two sticks coming out of it – it was odd, but it worked and it taught me, watching Speaker Chopp and Clyde Ballard, what grace was,

and forgiveness, but also, what tactical maneuvering was and you guys would maneuver and maneuver and tactical and tactical to death, but it taught me a ton and so I always tried, and I always thought I'd be successful at one thing, surely one day, I will get one vote where I can go "YES! I got him!" I never did.

As one of the longest serving Speakers in history, I will tell you this: the institution as we know it today, has changed and evolved and we don't have to always have to disagree but we do know that Washington State is better for a lot of the programs you've created. It's better because Washington State has caring people that are working hard to make it a better place to live. Now I think about what's next because after being leader, I went to Capital Budget, and I can't wait to see Frank Chopp on Capital Budget – housing will be like four billion dollars. Education gets \$25, salmon gets \$25 and, you know, housing will be the thing. But I got to tell you, I was talking to Nancy and we were talking about what comes next and I know she's happy to have you back and I know what this takes out of you, sometimes. And I will tell you, you came in as a good legislator, you were a great Speaker, now you get to go be a great legislator. You've created a legacy I think of interest in politics that young people can learn from and they can watch you and see how you manage things. Now I will say, to my credit, I won a lot of seats against you cause I came from 38 to 46 – just want to throw that out there. I've waited years for that. I mean really, I feel good about myself right now.

But your compassion and kindness, and I will tell you just like Steve, you always let me in when I needed to come in. You'd always have the snack for me. You'd also come over and visit and we would get to go out and we'd get to have some cocktails and we'd get to have some food and we'd break bread together and you can never be enemies with anybody if you break bread with them – you've said that actually – and you were always going to roast a goat for me and you never have so that's something you can focus on when you have so much extra time, because I'm willing.

I will tell you, the last thing I think it's important to understand about Frank Chopp - You guys have heard my stories so I don't have to tell it again, but he went to great lengths to make sure that I'm standing here today. I will never forget what you did to help me and it was very very important to my wife and my family that you got me to a person that could take care of me who told me that they couldn't see me for six months and then they were like "This guy named Frank Chopp called and come, you have an appointment tomorrow" and I'm like "Okay," and they realized what had happened and it's because of you though, that I had my surgery, got healthy, I'm still standing here today, gave you 175 million in housing - didn't bat an eye - and that's the kind of person you are because at any point in your life you could have said "that guy's been a pain in my...side for a long time" and you never did. You were always gracious and even when I was out here trying to figure out what I was going to do with myself and I would come in and talk to you, you always offered me warm advice and you'd always tell me that I was good at what I did and you didn't have to do any of that, and that's just the kind of man you are and my hat's off to you, and I can't wait to sit with you and make their lives miserable. Thank you, Mr. Speaker.

**Representative Davis:** “Thank you Mr. Speaker. Mr. Speaker, permission to read please? When I first met Frank Chopp, it was six years ago, who he was to our state I did not know. We were at a house party, it was a political bash, someone said there’s the Speaker, the one with the mustache. I introduced myself, said behavioral health is what I do, “That’s terrific!” he replied, I have a job for you. It’s about mental health, there’s a taskforce I run, they advise us on policy, come join us it’s fun. What could I say, but an enthusiastic yes, it was an honor to learn from, nothing less than the best. A few years later, Ricky’s law passed this floor, I was at a conference for work, so happy I could soar. I received a call on my phone from a number I didn’t know, I ignored the call, waited for voicemail to show. We passed Ricky’s law, across my screen a text came, Congratulations and thank you, signed with just his first name. To Frank all people are important, each one special in his eyes, he gives generously of his time he is humble and wise. Throughout the years, we’ve partnered on many a task, when I reflect on our speaker it’s the same questions I ask. Who is this man who uses his power for good, who when others say no, he says we can and we should? How can just one person have done so much right? How can one human heart hold so much light? There are two lessons I’ve learned throughout the course of it all: Always meet the man with the mustache and always take his call. From the day we first met, he fiercely believed in me, he saw something there that I could not see. He has given me the world and though I can never repay, I will always pay it forward until my dying day. His legacy in our state crafted here under this dome, is sewn on the hearts of men who now have a place to call home. It is heard in the voices of mothers whose children are ill, but who have healthcare today and get better they will. It is written on the faces of workers who now earn a living wage, who have paid family leave and long term care when they age. It lives on in the hopes of students who have a thirst for knowledge, whether low income or a dreamer, they can now go to college. Frank, your mark on this place, nothing on earth can sever, You are truly a gift because of you we are better.”

**Representative Maycumber:** “Thank you, Mr. Speaker, Speaker. I’m truly humbled to be asked to stand up and speak. As a new member I’m unworthy to stand here and speak to you. I started in the 2009 session and you were bigger than life. We would catch glimpses of you if something went wrong. I even worked in this building and I think that when we would talk about seeing you and it was a pretty big deal. Frank is out on the floor. I became a member and I was appointed and I told my new assistant the only thing you need to do, don’t worry about getting signed into the computer or answer any phone calls, you get me an appointment with the Speaker. Now she had been the Secretary of State’s assistant and she laughed and she said “That will never happen, you newly appointed legislator.” What I had not known is that I had written a policy about housing and Thursday at 1:00 pm she said, “the Speaker wants to see you” and I went down to his office and he said “What do you want?” And I said “I’m a newly appointed legislator. I want and need nothing, I just want to introduce myself.” And then, he showed me that he could cuss which I really liked, and he said “You’ve got a little bill here we

need to work out.” And from that moment on, you have proven that you have put people above politics. You have helped me in not just policy, but guidance and help and you have not cared what name or what political party we were from, and I appreciate every moment that you have helped and offered advice and assisted and it didn’t matter if we were Republicans or Democrats and I appreciate you for that, and many of us do over here. Thank you so much for everything that you have done and I am excited to sit next to you in Capital Budget in the front row.

**Representative Cody:** Thank you, Mr. Speaker, and you might want to hand the gavel back to him and don’t worry Frank, you know me well enough to know I’m not going to get sappy about this, but you do have reason to worry. Frank, we have served together for the last 25 sessions. We’re wrapping up the, we’re almost there - midnight, the 25th session, and I have more than a few stories that I could tell about the Speaker. Some of which I probably could get in great trouble for and some that I can’t say on TVW. But in thinking about this night, I was really trying to decide what I should talk about. I thought about the time that you, we actually won the bet, I had a bet with the Republican caucus and Richard was supposed to shave his head if they lost and Frank was supposed to shave his mustache, and he did, even though we won. And then I also thought about the lamb roast, and the dance, and procession that we had to do at one of the advances that we had a Croatian lamb roast and that was probably the loosest I think I’ve ever seen Frank in 25 years, was that night. But the one that I really wanted to talk about is the showing of leadership that you did on the day of the Nisqually earthquake. I don’t know whether you’ll remember, but we were in his office, the corner office, and at that point, we were on this side, and we were in the tie and there was a group of us and 2001 was a bad fiscal year, you know as if every year isn’t a bad fiscal year. But that one was particularly bad and we were in having a discussion about the budget and it was with Bill Grant was in there and Helen Sommers. Phyllis Kenney was the chair of Higher Ed and Lynn, I believe, Kessler was in and we had just got done. Helen, of course, never cut Higher Ed, that was like the holy grail for her, and we had just finished a discussion about how we thought we were going to have to cut Higher Ed and there was this rumbling noise and then we were all just looking around at each other and we realized, and somebody yells “EARTHQUAKE!” and, you know, people dive underneath the table and we get into the doorway and Bill Grant is holding up the bookcase – that’s the other thing I remember about that – but after it stopped, we all were kind of stunned and we looked around and then Frank goes “EVERYBODY OUT!” And he tears out of the office, and we never saw him again. He was so far gone, and that was real leadership, I’m telling ya. So that’s my memory of Frank’s leadership, and it always surprises me when I hear people saying they wanted to go into your office because I always figured that you wanted to avoid that damned office ‘cause it costs you every time you go in. But with that said, I, actually it was pointed out to me that you’re not dead and you’re not leaving the legislature, so we really don’t have to get sappy about this. So, I wanted to congratulate you on passing your first bill after 25 years. I thought that was another thing that we should give you

credit for, and because you've learned this year, I'm looking forward to you actually serving on Health Care next year so I can finally tell you what to do in the committee. I'll look forward to that, Frank."

**Senator Walsh:** "I'm sitting, officially, in the Walsh seat, I want to point that out, and I also want to thank your security guys for being so nice to indulge me to do this but I would have been very remiss not to give a few comments about the best Speaker we've ever had in the history of Washington State and I'm extremely fond of this man. I've known him for 27 years. My seatmate, Bill Grant, was his caucus chair for many years, you guys had the dream team – Lyn Kessler, Eric Pettigrew, Speaker Chopp, Sharon Tomiko Santos. You guys rocked this world when I was here, and I just want to tell you, Frank, how much respect I have for you. I know your heart is huge. Any time you would speak about your family, you get a little verklempt, Mr. Speaker, and rightfully so, and I just want to tell you how much I admire you, how much I love you, and I just want to wish you all the best. Thank you, Frank."

**Representative Kretz:** "Thank you Mr. Speaker. It's nice to see all the mustaches on the floor tonight. I wish somebody would give one to Fitzgibbons because he's spent most of the session trying to get (makes a motion).

The first time I met Frank was about my first, second night in Olympia, I guess. I didn't know much, I didn't know who was who and they had an informal freshman dinner. Don't even remember where it was but they seated me with Frank and I had no idea – he said "Hey, I'm Frank" and I said "good for you, I'm Joel" and we had a really good time that night. It was really lighthearted, we shared a lot of stories, got to know each other a little bit. He wanted to compare mustaches. His is smaller, we decided that. But we had a lot of fun and at the end of the evening we were walking out and I asked somebody "Who was that guy with the little mustache?" "Well, that's Speaker Chopp." So I'm in a briefing the next day and they're telling us what you can do and what you shouldn't do over here, and part of the briefing was – never have a conversation with Speaker Chopp because he will size you up in seconds. He'll know everything about you if you reveal anything, and in two years, you'll disappear. And I'm thinking, I've only been here two days and I'm done, you know. But we really had a good time that night. I haven't had that much fun with him since, probably.

One of the other things you would hear would be people coming back from his office saying "You know, I had an agreement with Frank and I didn't get exactly what I wanted" and what I found out was, I usually did. Sometimes that was good sometimes not, but what I found you had to do was be very precise in what you asked for because if you're not, you're gonna get something. If he reaches across that table and looks you in the eye and shakes your hand, you are going to get what he says but you better be careful what you said, because if it's not quite what you thought, you can get something that looks really really different. But his word was always good. It was a bond. One of the things I have appreciated most about Frank is his 'One Washington' belief and I think a lot of that came from working with both of our good friend Bill Grant, years ago. That was somebody from

pretty different background and geographic location, but I really believe that Frank believes in that. He's worked with me on some pretty strange things. We got funding for the Omak Stampede stadium which was pretty amazing. It was a stadium where they had to stop doing the 'wave' because it would start creaking and if you were underneath, nails would be falling and that sort of thing and I don't think Frank is really a big rodeo guy but he was really helpful in getting that. He has helped on wolves, I know they're not a big problem in Seattle but I appreciate him deciding that that was something that was really important in Northeast Washington and he's been a tremendous amount of help.

I didn't really want to get up here tonight. In some ways because how do you speak of someone who has been a real institution – kind of a legend. I mean, I remember seeing him on TV when I was in grade school, I think. But I do, maybe the biggest lesson that I learned from Frank is that we can disagree on a million things. You know, we heard all of his accomplishments up there. I don't think I voted for a single one. But we did find that we had areas of disagreement and we could be honorable and decent about them and have those discussions, and when we found a mutual agreement we got some big things done - maybe the biggest lesson I've learned here. Frank, thank you for the things you've done for me and the relationships we've built. I will miss you as Speaker. I'm glad you're going to be here for a while but thank you for the honesty and integrity that you've shown me for these years."

**Representative Sullivan:** "Thank you Mr. Speaker and I got my tie kind of loose right here and if I grab it, twist my neck around a little bit, (makes motion), you know. Wish I had a comb now that I could kind of brush my mustache for you. Every time you go somewhere, he's in the back, in the bathroom, you know, brushing his mustache... it really itches a lot too, I don't know how you do it.

Frank, it's hard not to learn things from you. I tried not to, but I failed. I remember the first several times I met with you, I came in and there was something I really wanted and I started the conversation and I said I really gotta have this and by the time that I ended the meeting and walked out your door I didn't even remember what you said. I didn't remember what I asked for. You had a way of turning it around so, I left pretty confused – You were pretty good.

In our caucus, we always have this thing about taking care of freshmen. That was always a big deal. You have to make sure freshmen are taken care of. You have to make sure that they get their Capital Budget projects. You have to make sure that they get something in the budget. Well then I learned after a little while that actually it's Frank telling those freshmen to talk to the chairs of the Capital Budget and the budget committee and they're mostly your asks. As a matter of fact, I'm pretty sure half the budget now is actually Frank Chopp's stuff. The one gift I really did want to get you was a GPS system because I won't ever forget, you know, it was on a Saturday and I get a call from Frank Chopp and he says "Hey, I'm in Covington, could you meet me?" I said "Sure, Frank. Where are ya?" He said "Well I'm in Covington, I'm at the Safeway." I said "Well Frank, right around the corner there's a coffee shop. I can get there in five minutes and, let's get together and have a cup of coffee." So I really quick grabbed my stuff and it takes me just five

minutes to drive out there and I'm sitting at the coffee shop thinking where the heck is he? You know, it's right around the corner. Come to learn he was actually in Maple Valley. The guy just doesn't get around very much. You know, Frank, in all seriousness, it's been, I've had the pleasure to serve as Majority Leader with you for nine years. It's been nine great years. I really have learned a lot and it's hard not to get a little choked up talking about it and I agree with Cody, you're not dying, at least that we know of. But this institution won't be the same without you - it absolutely won't. It will be a far different place. I'm sure it will be a far better place, no, I'm sorry. But seriously, it's just hard to imagine. We've talked about it, it's just going to be a really different atmosphere here because you really did bring about a collegial relationship, working across the aisle, working together when times got really tough you had a way to get through those tough days, and I just want to say from the bottom of my heart that we will miss you greatly in your role as Speaker, but now that you're a rank and file member, we look forward to stomping on you. Thank you."

With the consent of the House, HOUSE RESOLUTION NO. 4641 was adopted.

#### SPEAKER'S PRIVILEGE

**Speaker Chopp:** "I'm truly overwhelmed but this has gone on far too long. I also want to welcome all the fans of the Gardner Minshew WSU Quarterback Fan Club and whenever we're in special session we'll pass a law that bans snow storms in the Apple Cup, if you remember that disaster. So, I really appreciate this although I'm very embarrassed and I'll try to do the best I can because I might break up at any second thinking of things. I'm very proud of the traditions that we've engendered. I appreciate the thought about 'One Washington.' Another theme that we have in our caucus is the notion of 'everybody up' and so when our caucus chair, Eric, says "Everybody up" everybody stands up and whoever walks through the door gets a thunderous applause because everybody will remember that, and everybody's focused on supporting whoever is coming in the door. So I'd like to do three tonight - one side of the aisle, the other side, and then my family, because it's extremely important, no matter what happens, we have to support each other and try to bring people together.

On this side of the aisle, JT? Where's JT? I just very much appreciate working with you. You've been a great friend. I very much appreciate visiting your family farm. They were very gracious to me, quite a few of the family, and I was a little disappointed when I was expecting eggs for lunch and they served croissants. And I'm really getting tired of hearing when I come to work each day on the radio that Wilcox Family Farms. It's really disgusting. But I really appreciate his service and all the work he's done over the years. Joel, I dearly love ya. It was great to scheme together to get about five million dollars for the Omak stampede, which I told him "Whatever you do, don't tell my folks back in the 43rd district that I did that." And by the way Joel, I was a wolf in a previous life. Richard, I really dearly love you too. We've worked together on so many things and it's been great and I thank you for the 175 million, plus there's a few other things we got in there too. But you've been great

to work with on so many things. Norma, I think we were separated at birth, cause you and I are about the most emotional people on this floor. You get up, you start crying, then I start crying and it's a mess. And I appreciate, very much, all the time you spent working on issues of mental health and the facilities we need for folks. It's just extremely important for people to have a place to be, so I say thank you for that. So if you don't mind, I'd like to have everybody up and let's hear it for these members on this side of the aisle. LOUDER!

Now, on this side of the aisle, I do want to mention Eric again. You do not want to argue with Eric. We've had quite a few arguments in the last two days. In fact I was telling him that I didn't want to do this tonight and he was arguing with me about it, but I just so much appreciate Eric, all the work you've done, particularly keeping alive the tradition of Bill Grant. I learned so much about agriculture, and wheat farming and all sorts of other things and by the way, we have invested so much over the years in Walla Walla, it's just embarrassing because he was a great leader. His family were Irish immigrants in the 1850's escaping, I assume, the potato famine and he had a heart of gold and you've carried on his traditions. That means a lot to me personally because he was my best friend here. Eileen Cody, you're not my best friend. I'm sorry, I've been waiting 10 years to say that. I feel more close to you than ever before, I can't believe it. I actually told her I loved her and she got so embarrassed and red in the face, it was just great. Oh God, she got so flustered, she said, "uh," and then somebody in that room that we met, somebody said "well, Eileen, do you like Frank, or do you love Frank?" and she says "I don't even tell my husband that!" I've never seen her so flustered, it was funny. And Pat, I dearly love you. You've done more than anybody in the state of Washington for the school kids in our state, seriously, all this talk about politics and funding and all this stuff, you're the leader for us from 10 years ago or so. Incredible amount of hours and heart and soul to try to help educate our young people. And then, I could mention every one of you but the last one I want to mention on this side is Mrs. Speaker, Cathy Maynard. I don't know if you know this but I've never read the rules, I'm an organizer, not a reader. And so I knew from the very first time I met you that I could trust her and I didn't have to worry about you speaking up because you are tenacious and I just dearly love you and you've done so much for this house and I really appreciate it. So, if you wouldn't mind, everybody up, let's hear it for the Democratic side of the aisle.

And lastly, my family. I'm so, when you started reading that thing about, whatever that resolution was, you mentioned my mom, I immediately break up. I can't (gets emotional). She was a school cafeteria worker in East Bremerton. Couldn't get a high school diploma in the Depression, she waited until age 69 and she finally got her high school diploma at age 69 from Green River Community College. Let's hear it for my mom! And this next one is for the Republican side of the aisle - My dad was a 55-year member of IBW. He was a shipyard worker who loved FDR and hated toll roads. Sorry Jake, I know we passed that bill but, my dad was yelling at me from his grave. Lastly, I just want to mention my wife Nancy and my daughter Ellie. If you ever want to meet strong women, meet the two of them, and also, don't try to argue with them, it's just impossible to

win. I knew that when I first met Nancy, yeah, it was at a public hearing of all things, and I'm like "God" and I was struck for the first time because she just reamed out the Mayor's Office but who wouldn't want to do that in Seattle, by the way. And so, family is so important to all of us and that's a great thing for this institution. We serve a big family and so if you wouldn't mind honoring my family, let's hear it for Nancy and Ellie. Thank you all."

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 28A.500.015 and 2018 c 266 s 303 are each amended to read as follows:

(1) Beginning in calendar year ~~((2019))~~ 2020 and each calendar year thereafter, the state must provide state local effort assistance funding to supplement school district enrichment levies as provided in this section.

(2)(a) For an eligible school district~~((;))~~ with an actual enrichment levy rate that is less than one dollar and fifty cents per thousand dollars of assessed value in the school district, the annual local effort assistance funding is equal to the school district's maximum local effort assistance multiplied by a fraction equal to the school district's actual enrichment levy rate divided by one dollar and fifty cents per thousand dollars of assessed value in the school district((s maximum allowable)).

(b) For an eligible school district with an actual enrichment levy rate that is equal to or greater than one dollar and fifty cents per thousand dollars of assessed value in the school district, the annual local effort assistance funding is equal to the school district's maximum local effort assistance.

(c) Beginning in calendar year 2022, for state-tribal education compact schools established under chapter 28A.715 RCW, the annual local effort assistance funding is equal to the actual enrichment levy per student as calculated by the superintendent of public instruction for the previous year for the school district in which the state-tribal education compact school is located, up to a maximum per student amount of one thousand five hundred fifty dollars as increased by inflation from the 2019 calendar year, multiplied by the student enrollment of the state-tribal education compact school in the prior school year.

(d) For a school district that meets the criteria in this subsection and is located west of the Cascades in a county that borders another state, the annual local effort assistance funding is equal to the local effort assistance funding authorized under (b) of this subsection and additional local effort assistance funding equal to the following amounts:

(i) Two hundred forty-six dollars per pupil in the 2019-20 school year for a school district with more than twenty-five thousand annual full-time equivalent students; and

(ii) Two hundred eighty-six dollars per pupil in the 2019-20 school year for a school district with more than twenty thousand annual full-time equivalent enrolled students but fewer than twenty-five thousand annual full-time equivalent enrolled students.

(3) The state local effort assistance funding provided under this section is not part of the state's program of basic education deemed by the legislature to comply with the requirements of Article IX, section 1 of the state Constitution.

(4) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Eligible school district" means a school district ~~((whose maximum allowable enrichment))~~ where the amount generated by a levy of one dollar and fifty cents per thousand dollars of assessed value in the school district, divided by the school district's total student enrollment in the prior school year, is less than the state local effort assistance threshold.

(b) For the purpose of this section, "inflation" means, for any school year, the rate of the yearly increase of the previous calendar year's annual average consumer price index for all urban consumers, Seattle area, using the official current base compiled by the bureau of labor statistics, United States department of labor.

~~(c) ("Maximum allowable enrichment levy" means the maximum levy permitted by RCW 84.52.0531.~~

~~(d))~~ "Maximum local effort assistance" means the difference between the following:

(i) The school district's actual prior school year enrollment multiplied by the state local effort assistance threshold; and

(ii) The amount generated by a levy of one dollar and fifty cents per thousand dollars of assessed value in the school district~~((s maximum allowable enrichment levy)).~~

~~((e))~~ (d) "Prior school year" means the most recent school year completed prior to the year in which the state local effort assistance funding is to be distributed.

~~((f))~~ (e) "State local effort assistance threshold" means one thousand five hundred fifty dollars per student, increased for inflation beginning in calendar year 2020.

~~((g))~~ (f) "Student enrollment" means the average annual full-time equivalent student enrollment.

(5) For districts in a high/nonhigh relationship, the enrollments of the nonhigh students attending the high school shall only be counted by the nonhigh school districts for purposes of funding under this section.

(6) For school districts participating in an innovation academy cooperative established under RCW 28A.340.080, enrollments of students attending the academy shall be adjusted so that each participant district receives its proportional share of student enrollments for purposes of funding under this section.

**Sec. 2.** RCW 84.52.0531 and 2018 c 266 s 307 are each amended to read as follows:
